U.S. Economy Action Hits 33 Military Bases

HAPPY ENDING—Frank Sinatra Jr., 19, hugged his mother, Nancy (right), and sister, Tina, as he talked to newsmen yesterday for the first time since he was released by his kidnapers. He declined to reveal any details of the ordeal, saying he couldn't discuss it until the FBI completes questioning him.

AP Photofax

Frank Jr. Faces FBI Questions

Agents Patrol Streets in Hollywood Area

HOLLYWOOD (AP) — Frank Sinatra Jr., feeling rested after his release from a kidnap gang, made himself available today for more questioning by FBI men. His father, who said he paid a $240,000 ransom, resumed work in a movie.

FBI agents, a dozen or more strong, caused a flurry of excitement in the San Fernando Valley north of here last night.

They cruised streets and questioned residents, arousing speculation they were after suspects in the crime.

Agents acknowledged there were forces in the area, but declined to elaborate.

CELEBRATE RELEASE

The Sinatra family celebrated the 19-year-old singer's release — and also his father's 46th birthday—with a festive party last night at the Bel-Air home of his mother.

Frank Sr. remains on good terms with the boy's mother, though they long have been divorced.

A family spokesman said the FBI scheduled another round of talks with young Sinatra. He has declined to discuss his abduction, but his father said it was done by a gang of seven to nine men.

No Term Extension for County Officials

By JIM DYGERT

LANSING — Oakland County's five elected officials know today they should start cranking up their campaign organizations for next fall's elections, but the county's three appointed Circuit Court judges are still unsure.

A bill giving the county officers an extra two years in office was killed yesterday when it was sent back to a House committee without objection from a single lawmaker.

The House passed a measure extending the terms of elected Circuit Court judges until 1966, after deleting a provision to do the same for appointed judges.

★ ★ ★

However, an attempt is expected to be made in the Senate to put that provision back in.

The Legislature today completed work on the first bills implementing the new State Constitution and sent them to Gov. George Romney for signing into law.

The Senate clipped through a list of routine House-approved measures. The first passed was a technical bill dealing with election of township officials.

The controversial bill to extend the county officers' terms until 1966 met its death after House Democrats caucused and decided not to back the measure.

Although opposition was ex-

Death Suspect Found in Mine

Welder Admits Killing Farmington Woman

A 32-year-old welder charged with the Tuesday slaying of a Farmington Township mother was apprehended last night in a southern Kentucky coal mine.

Shortly after being picked up, William H. Hoskins admitted the slaying of Mrs. Carroll Westerman, according to Kentucky State Police.

"I didn't want to see her suffer any more being married to him," Trooper Robert E. Combs quoted Hoskins as saying.

★ ★ ★

The woman's husband, who told state police at the Redford post he had planned to divorce his wife, found her body Tuesday night in the house trailer rented by Hoskins at 21335 Renselaer. She had been shot and stabbed.

WENT TO KENTUCKY

Hoskins told Kentucky State Police he had killed Mrs. Westerman shortly after 7 a.m. Tuesday and then headed for Kentucky with his 12-year-old daughter, Janice.

When apprehended, Hoskins was working in a Davisburg coal mine in the area where he had lived before coming to Michigan. He had left his daughter with his sister, Mrs. Ben Miracle of Colmar, Ky.

Michigan State Police are on their way to Kentucky to pick up Hoskins, who waived extradition.

★ ★ ★

He faces a first-degree murder charge on a warrant issued yesterday by Novi Township Justice of the Peace Robert K. Anderson.

★ ★ ★

Mrs. Westerman, 21312 St. Francis, was the mother of four.

2 Die in State Storm

Blame Snow in Road Crash

2 Freighters Aground in Detroit River

By The Associated Press

Michigan dug out of its biggest snowfall of the season today, a crippler that caused highway deaths and stopped shipping.

Two persons were killed in an expressway smashup near Monroe. Two freighters ran aground in the Detroit River.

★ ★ ★

The storm, hitting 10 days ahead of the official advent of winter, blew in last night, dumping 2 to 5 inches of snow across the state.

After a letup today, there is to be more snow tonight and tomorrow, the Weather Bureau said.

Temperatures were moderate, however, and the Highway Department said all highways would be clear early in the day.

DRIFTS IN U P

In the Upper Peninsula the snow piled up in drifts of 2 to 3 feet, road patrols said.

Road crews worked all night as the snowfall averaged 3 to 5 inches in the Lower Peninsula and 1 to 3 inches in the Upper Peninsula.

St. Ignace reported a fall of 10 inches and Tawas City 8 inches.

The lowest reported temperature was 17 degrees at Marquette. A range of 22 to 30 degrees was predicted for southern Michigan today, with 15 to 25 in the far north.

★ ★ ★

Two Great Lakes freighters ran aground near the mouth of the Detroit River. They were the John J. Boland and the Mancox. Neither ship was reported damaged.

Two Toledo women lost their lives in the expressway collision. Police said a car in which they were riding skidded into a guard rail while trying to pass a truck on the Detroit - Toledo expressway.

Killed were Addie B. Smith, 38, and Maggie Johnson.

Mother, 3 Children Perish in Home Fire

TRENTON, N. J. (AP) — A woman, her infant daughter and two young sons died today in a fire that destroyed their home.

The victims were Mrs. Nichael Burnat, 31, and her children Michael Jr., 7, Joseph, 3, and Darlene, 1.

SNOW FUN — Five-year-old twins Peggy and Lori Stilt, 85 Mary Day, are taking no chances and grab handfuls of snow to toss at each other. Their fears that last night's heavy snow might melt before end of classes at Crofoot School are unfounded. More snow is expected.

Pontiac Press Photo

Pontiac Not Fazed by 1st Snowfall

The first major snowfall of the year blanketed the Pontiac area with 3 - 5 inches during the evening, but relatively few problems were encountered.

Motorists were at their driving best, according to Pontiac, Waterford Township and State police, who said the accident rate was about normal and none proved serious.

Oakland County Road Commission Chairman Sol D. Lomerson said the snow had been anticipated from weather reports and crews had been alerted.

Some 100 men and 60 pieces of equipment worked in shifts during the night to clear rural roads. Two graders were hit by cars in minor accidents.

More snow coupled with a low of 22 degrees is predicted late tonight with snow continuing into Friday.

A high of 27 is expected tomorrow along with snow flurries and winds ranging from 8 to 15 miles an hour.

Twenty-two was the lowest recording in downtown Pontiac prior to 8 a.m. today. The mercury had climbed to 31 at 2 p.m.

Site of 4 Brothers' Deaths Rocked by 2nd Earth Shift

ST. JOACHIM de TOURELLE, Que. (AP) — A second earth movement today sent two houses tumbling into a sea of mud which swallowed up four brothers in a truck and three other houses last night.

The first earth movement also demolished a highway bridge and carried four homes into the St. Lawrence River.

Quebec provincial police, working throughout the night to help this stricken and alarmed Gaspe Peninsula community, ordered 10 houses evacuated.

The houses ordered evacuated today were on a hill above Tourelle Creek, now a 'muddy mass moving into the St. Lawrence.

The houses carried away earlier were in the same general area.

With the first indications of the earth movement, residents fled their homes, saying they heard "sinister noises" and explosive sounds.

There were theories that an underground lake had caused the slide or upheaval.

Several buildings were swallowed up last spring—at the time of the usual spring thaws—and surveys later indicated there was an underground lake.

The pit left by last night's slide was estimated to be 152 feet deep in places and 1,600 yards in circumference. Of the three houses that were swept into it last night, only part of one could be seen.

The bodies of the four men whose truck was carried into the pit were recovered today.

Except for the brothers, no deaths were reported in the sudden earth shift in this small community 275 miles northeast of Quebec.

Peace Corps Bill Okayed

WASHINGTON (AP)—The Senate passed today and sent to the White House a bill authorizing a major expansion of the Peace Corps.

★ ★ ★

The bill authorizes an appropriation of $102 million for the corps for the current fiscal year.

Installations to Be Closed or Cut Sharply

McNamara Predicts Further Reductions, Tells of Savings

WASHINGTON (AP) —Secretary of Defense Robert S. McNamara announced today that, in an economy action, he had ordered 26 military bases in the United States and seven bases overseas to be closed or substantially reduced.

McNamara told a news conference, "I have every reason to believe that studies now under way will lead to further reductions in the coming months."

The defense secretary said that, when the 33 bases are closed or reduced over a period of up to 3½ years, he expects annual savings of $106 million.

The move will cut off 8,500 civilian jobs and result in a reduction of about 7,800 military personnel, McNamara said.

★ ★ ★

Every civilian employe whose job is eliminated will be offered another job opportunity, McNamara promised.

HIRING FREEZE

To achieve the 8,500 reduction while offering new jobs to the dispossessed, McNamara said there will be a freeze on hiring at certain other installations, as well as normal attrition.

The 26 domestic bases to be closed or reduced are located in 14 states, and the seven overseas bases are in three foreign countries.

Included are 14 Army installations, 12 Air Force, and seven Navy.

★ ★ ★

The hardest hit state was New York, which will lose seven bases. California loses four bases, and Texas, President Johnson's home state, Louisiana and Alabama each lose two.

Arizona, Arkansas, Georgia, Illinois, Mississippi, Nevada, New Hampshire, North Carolina and Ohio also are affected, with one base each.

McNamara said the overseas installations will not be announced until a later date.

Stringed Instruments Really Hep for Yule

By REBA HEINTZELMAN

With the hootenanny craze sweeping the country, guitars, banjos and ukuleles are disappearing from musical store shelves like corn thrown to a flock of hungry chickens.

Mandolins and bongo drums, too, are boosting holiday sales and filling gaps under Christmas trees throughout the county.

One music store businessman has a line of guitars that stretches from the $17 price tag to well over $500, and every price level is having a big "play."

For the sports-minded individual, there is the new Heat Pal. Carried like a pail, it is fueled with alcohol and is safe and warm for use in fishing shanties or tents.

A new item just released to government surplus stores is the scientific mine detector "for the man who has everything."

★ ★ ★

It's fun to try and locate underground pipe lines or buried metal on an owner's property.

CLOCKS, POODLES

For milady, there are tiny boudoir clocks with gold faces outlined in sparkling rhinestones. A cute little white poodle — he can't bark, but provides an unusual night light — is available as a personal or house gift.

Cossack type boots in various lengths from the ankle to knees are popular presents, depending on the individual.

And this year's trend is for the flattie-type boot rather than last year's high heel favorite, according to one local shoe store manager.

★ ★ ★

Lounging slippers in gold, silver or white satin have rosebuds nestled in balls of real fur and make elegant gifts. The big, fury slippers in every pretty color that exists are again one of THE choice Christmas gifts.

THOMAS FURNITURE

TODAY'S WONDERLAND — This scene typical of Oakland County today was snow piled up on trees, fences and driveways. The entrance of the C. A. Loffler home on Franklin Road, Bloomfield Hills, provided such a scene. An old spit rail fence extends around the property and up a slight hill.

Gift to Zacchaeus the Publican

By JOHN J. STEWART

The loneliest man in all Jericho was Zacchaeus, the chief publican or tax collector for the Roman government.

Zacchaeus was an extremely short, pudgy man. From early youth he had suffered ridicule and a complex because of his size. He had determined to change others' contempt to envy by amassing great wealth. To this end he had devoted his whole life.

* * *

But somehow his success had failed to bring him happiness. Although others envied him, they also despised and shunned him.

In common with other publicans, he was regarded as a sinner and a traitor. He had no friends. Having accomplished his one goal in life, he now had no purpose.

His ornate palace was silent and gloomy, a vast tomb isolating him from humanity.

LONELY LIFE

How lonely and shallow was his life. How he craved friendship, to be wanted, to be needed, to be loved, to have some purpose for living, to be a part of humanity.

Sitting alone in self-pity one evening, he saw a great throng coming down the road. Upon learning that it was Jesus, the popular Nazarene prophet, he rushed out to have a look at Him, envious of His popularity, curious to know what attracted people to Him.

Jesus, like himself, was hated by the priests. It gave them something in common.

* * *

Zacchaeus tried to push his way through the crowd to get a glimpse of the Master. But always he was shoved back.

In desperation he ran ahead and with much effort climbed up a sycamore tree, trusting that he would be able to see without being seen.

But as Jesus reached the tree He suddenly stopped and looked up. "Zacchaeus," he called. "Make haste and come down, for today I must abide at thy house."

SCAMPERS DOWN

Surprised, delighted, the little man scampered down to the ground and proudly led the way to his house, while the crowd murmured critically that Jesus should eat with a sinner.

Into Zacchaeus' life came the spirit of Christmas that evening as Jesus taught him the true values of life.

* * *

In rejoicing, the repentant publican cried, "Behold, Lord, the half of my goods I give to the poor. And if I have taken anything from any man by false accusation, I will restore him fourfold."

"This day is salvation come to this house," said Jesus. "For the Son of man is come to seek and to save that which was lost."

NATIONAL WEATHER — Snow is expected tonight from the northern and central Rockies eastward through the northern and central Atlantic states. Showers are forecast for the Carolinas and Florida, while Texas will have rain and drizzle.

5 Officials Won't Get Extra Term

(Continued From Page One)

pected from most Democrats, the bill's backers had been counting on a sizable bloc of Democratic votes to pass it in a close vote.

"There just weren't enough votes," said State Reps. Lloyd L. Anderson, R-Waterford Township, and Henry M. Hogan, R-Bloomfield Hills. Hogan said he had not decided how he would vote on the bill.

SUPPORT LOST

When they learned that the Democratic votes were lost, supporters of the bill made no attempt to keep it alive or bring it to a vote.

House Minority Leader Joseph J. Kowalski, D-Detroit, said Democrats considered the bill unconstitutional and violated the intent of the voters who elected the officials for two years.

Statements by other Democrats, including Rep. Arthur J. Law of Pontiac, indicated there had been party pressure to adhere to Democratic Atty. Gen. Frank J. Kelley's opinion that the bill was unconstitutional.

Most Michigan counties have Republican officeholders who would have been given a free ride of two years.

DEMS OPPOSE

Oakland County Democrats opposed the bill.

The bill would have doubled the terms so that county officers would begin their new four-year terms under the new constitution in 1966 along with state officers.

The constitution specified a 1966 beginning for the state officers' new four-year terms, but is silent on the matter of when the new county terms were to begin.

The Circuit Court judge bill extends the terms of elected judges from Dec. 31, 1965, until Dec. 31, 1966, to implement constitutional provisions abolishing the odd-year elections and prohibiting the shortening of any incumbent's term.

In 1966, Oakland County would elect three judges for six years, two for eight years and two for ten years. All terms would thereafter be for six years.

ROMNEY JUDGES

Democrats oppose a similar extension for 15 judges appointed this year by Republican Gov. George Romney, including Arthur E. Moore, Philip Pratt and James S. Thorburn in Oakland.

The bill was to be considered today by the Senate Judiciary Committee headed by Sen. Farrell E. Roberts, R-Oakland County. Roberts' committee may amend the bill to include the appointed judges in the term extension.

If that is not approved, appointed judges will have to seek election for two years in November 1964 in order to stay in office until 1966 when the terms would be staggered.

A Senate-approved bill to give the appointed judges the right to have their office designated on the ballot under their names was to come before the House Judiciary Committee today. Hogan is a member of the committee.

Democrats also oppose this. Legislators have received letters from the county's seven Circuit Court judges urging approval of the incumbency designation for appointed judges, claiming it is constitutional because the document does not prohibit it while granting the right to elected judges.

Bolivia Rift Grows; 2 More Kidnaped

LA PAZ, Bolivia (UPI) — The tin miner's revolt spread to Cochabamba Province today where the two more technicians were reported to have been kidnaped. Miners at Catavi, in Potosi Province, already hold at least 19 hostages, including four Americans.

Government forces meanwhile grouped for a possible frontal attack on Catavi, about 150 miles from here, where rebellious miners last Friday took hostages in an effort to pressure the government into releasing three Communist labor leaders it holds on murder and fraud charges.

Miners ignored a 48-hour government ultimatum to surrender their captives which expired last night, and authorities said the matter was now a military and no longer a civilian problem.

Economy Move Hits Bases

(Continued From Page One)

so that the United States can discuss the prospective actions with the foreign governments concerned. He did not identify the countries, either.

No naval shipyards were on the list of facilities to be closed or reduced in scope.

* * *

The military installations affected by the economy announcement and the kind of cutback to be made are:

GOES TO GSA

ALABAMA, Mobile: Theodore Terminal of the Army will be declared excess in July 1964 and turned over to General Services Administration (GSA) for disposal.

Air Force reserve troop carrier operations at Bates Field will be transferred to Brookley Air Force Base, Mobile, by December 1964.

ARIZONA, Litchfield Park: Naval air facility to be declared excess and turned over to GSA for disposal in stages spread over 3½ years ending June 30, 1967.

* * *

Aircraft storage, reclamation and disposal operations at Litchfield will be combined with similar Air Force activities at Davis-Monthan AFB, Tucson, and aircraft maintenance operations transferred to West Coast naval air stations.

TRANSFERRED

ARKANSAS: The Army's Ft. Chaffee at Fort Smith will be inactivated and its current training mission transferred to other Army training camps by the end of June 1965.

CALIFORNIA: Mira Loma Air Force station at Ontario will be closed and its mission transferred to other installations in the area by December 1964.

San Francisco: Army Overseas Supply Agency will be closed by July 1964.

San Diego: The Naval repair facility will be shut down by January 1965, and its scheduled overhaul work transferred to Long Beach Naval Shipyard. The facility will be retained for other purposes, not immediately specified.

STOCKTON ANNEX

Stockton: Navy storage activity at the Stockton Annex to be inactivated by December 1965 and turned over to GSA for disposal. Communication station will be retained.

GEORGIA — Byron: Navy Forms and Publications Supply Office will be moved to Naval Supply Depot, Philadelphia, and the installation turned over to GSA for disposal by September 1964.

ILLINOIS — Chicago: 5th Army Headquarters will be relocated to Ft. Sheridan, Ill., and present facility turned over to GSA for disposal by June 1966.

* * *

LOUISIANA—New Orleans: The Army's Camp Leroy Johnson will be declared excess and the property returned to the New Orleans Levee Board. Training missions will be transferred to Ft. Eustis, Va. New Orleans Army Terminal personnel will be housed in improved facilities in the area, with completion scheduled for June 1964.

PHASE-OUT

The Army's Overseas Supply Agency, now at the Army Terminal, will be phased out by July 1964.

* * *

MISSISSIPPI — Greenville: Greenville Air Force Base will be declared excess and turned over to GSA for disposal by June 1965. Training missions will be transferred to other air bases.

The other states which have bases affected by the economy action include New York, Nevada, New Hampshire, North Carolina, Ohio and Texas.

Ex-Adman Dies at 63

W. Charles Perkins, former retail advertising manager of The Pontiac Press, died yesterday after an illness of two weeks. He was 63.

PERKINS

Service for Mr. Perkins, of 3385 Norris, Waterford Township, will be 10:30 a.m. Saturday in the Voorhees-Siple Chapel with burial in Mt. Hope Cemetery.

An Elks Lodge of Sorrow will be conducted at 8 p.m. Friday in the funeral home.

Mr. Perkins came to Pontiac from Flint in 1924 and served as head of the Fisher Body Division's shipping department before joining The Pontiac Press staff in the advertising department.

In 1951 he was appointed retail advertising manager.

Mr. Perkins left The Press in 1957 because of ill health and later became a real estate salesman. He was a member of Elks Lodge No. 810.

Surviving are his wife Delorus, a son William C. of Traverse City, a daughter Mrs. William Archambeau of Pontiac, five grandchildren, two sisters and two brothers.

Navy Widens Its Patrols

NEW DELHI, India (AP)—The U.S. Navy's 7th Fleet will extend its operations westward into the Indian Ocean to help deter Chinese Communist expansionism, reliable sources said today.

* * *

A task force including an aircraft carrier will cruise the Indian Ocean area periodically, according to the present plan, these informants said.

The 7th Fleet, under Vice Adm. Thomas D. Moorer, now patrols the South China Sea from a base at Yokosuka, Japan. One of the main tasks is to bar Chinese Communists from Formosa.

NEW PLAN

The new plan was reported communicated to the Indian government in the last few days.

Word leaked out before the American government was ready to announce it and official confirmation is lacking.

* * *

The Times of India reported the plan aims at helping safeguard all South Asian countries which are or might be threatened by Chinese Communist aggression.

The paper said the Indian Ocean plan was to have been outlined to the governments of India and Pakistan next week by Gen. Maxwell D. Taylor.

NEW KOREAN PREMIER —Dr. Choi Doo-Sun, 69, Western-educated former newspaper publisher, was named premier of South Korea today by President-elect Chung Hee Park.

Move to Better Ties With Russ

LONDON (AP)—A high-level British move for friendlier relations with the Soviet Union was disclosed by government authorities today.

* * *

It had the look of a bid by Prime Minister Sir Alec Douglas-Home's cabinet for a dialogue with Soviet leaders matching that which went on between Soviet Premier Khrushchev and the late John F. Kennedy.

* * *

Informants said the exchanges between London and Moscow had been going on at two levels:

1. Khrushchev and Douglas-Home are in direct touch with each other. The Soviet leader on Nov. 20 sent a message to Douglas-Home through Ambassador Alexander Soldatov on the subject of relaxing East-West tension generally and on the possibility of including Berlin territory in any East-West nonaggression arrangment.

* * *

2. Foreign Secretary R. A. Butler last week sent a message to Soviet Foreign Minister Andrei A. Gromyko — again through Soldatov, who now is in Moscow — suggesting an early meeting. Gromyko has not yet replied.

Before a crosstie is placed in a railroad bed, it is usually seasoned for about 12 to 18 months.

Zone Code Hearing Set for Jan. 15 at Cranbrook

BLOOMFIELD HILLS — Public hearing on the controversial zoning ordinance proposed here will be held Jan. 15.

The gymnasium at Cranbrook School has been reserved for the 8 p.m. session.

The code has been three years in preparation. One version was turned down after a hearing last October.

* * *

The new ordinance was passed to the city commission in August after being prepared by the planning commission. It has since gone through several study sessions.

BASIC CHANGE

City commissioners made one basic change after receiving the proposed code. They cut the provision for a slightly larger commercial office section.

Allocation of commercial space has been the main issue in the zoning controversy.

There are now 27 acres in the commercial zone. Through the juggling of office, business and institutional acreage, the ordinance as proposed by the planners would have put about four more acres into the zone.

* * *

The only significant changes left in the proposed code are in the provisions for multiple residence zones.

4½ FAMILIES

There, 4½ rather than 3 families would be allowed per acre and three-story structures could be built. The code now limits them to two stories.

Minimum lot sizes also have been somewhat altered.

Copies of the proposed ordinance as well as maps are now being prepared, according to City Clerk Robert J. Stadler.

The ordinances will be distributed at the Municipal Building before the hearing, Stadler said.

The City Commission plans to draft a letter to all property owners later this month.

Charles Mortensen, Birmingham Chamber of Commerce manager for 15 years, has announced his resignation.

Mortensen, 55, has been manager of the chamber since it was organized in 1948. He now plans, he said, to take "a long-overdue vacation."

The chamber's board of directors accepted "with regrets" the resignation which will become effective Dec. 24.

The board will appoint a committee to seek Mortensen's successor, according to President William E. Roberts.

Convict Killed in Prison Fight

JACKSON (AP)—A Southern Michigan Prison convict was killed in a fight with another convict in the prison laundry today.

The two men fought with their fists. Neither had a weapon, prison officials said.

Herbert DeLone, 35, of Grand Rapids serving a 2½ to 10-year term, was killed. Prison officials said he apparently died from blows on the head. An autopsy was ordered.

DeLone had fought with Samuel Lewis, 24, of Detroit. Lewis is serving one to 15 years for assault and robbery armed.

NO CHANCE

The fight ended so quickly, with DeLone lying on the floor, that other prisoners and a guard and a laundry assistant superintendent had no chance to intervene, officials said.

Earlier DeLone and Lewis had had an argument over their work. DeLone worked on the mangle and Lewis on the dryer.

3 Cardinals to Take Papal Holy Land Trip

VATICAN CITY (AP) — The Vatican announced today that Pope Paul VI would be accompanied on his trip to the Holy Land next month by three key cardinals of the Roman Catholic Church.

The cardinals are Eugene Tisserant, French-born dean of the College of Cardinals; Amleto Giovanni Cicognani, head of the Vatican Secretariat of State; and Gustavo Testa, secretary of the Congregation for the Oriental Church.

6-Hour Tribute

Senate Eulogizes JFK

WASHINGTON (UPI) — The Senate which he "loved and respected" paid its special tribute yesterday in six hours of moving eulogies to a slain colleague —John F. Kennedy.

The late president's younger brother, Sen. Edward M. Kennedy, D-Mass., closed the long day of formal commemorative speeches by urging that the nation unite behind President Johnson to solve problems through reason, "not in violence."

Democrats and Republicans, those who fought his programs and those who supported him in life, joined in lavish praise for the late chief executive, slain by an assassin's bullet Nov. 22 in Dallas, Tex.

★ ★ ★

It had special meaning to many senators who rose to speak of the boyish New Englander, who moved from the back row of the Senate where he served eight years to the front seat of the nation.

VIEWS FROM ALL

In all, 59 senators spoke through the long afternoon. Senate Democratic leader Mike Mansfield, Mont., said he believed all 100 members expressed their views either in statements for the record, or in actual remarks on the floor.

Sen. Kennedy remained at his desk throughout the six hours of eulogies. His blonde wife Joan sat in the gallery. They were the only members of the Kennedy family known to be present.

At the close, Sen. Kennedy, who occupies the Massachusetts seat once held by the late president, thanked the members of Congress and the "thousands of people" who have visited the grave for their sympathies.

★ ★ ★

"I know he loved the Senate, that he respected its traditions," the youthful senator said. "Many of you counseled and guided him."

He added that the Senate "for him and for me" was the embodiment of the power of "ultimate reasoning" to solve problems, "not in violence."

★ ★ ★

"That is why it is so important for all of us to work behind President Johnson," Kennedy declared. If all of us can unite, he said, "The sacrifice will not have been in vain."

Girl, 2, Drowns in Tub

KALAMAZOO (AP) — A 27-month-old girl drowned in the bathtub in her home Wednesday. The Kalamazoo fire department said the drowning occurred when Mrs. Charlyne Warren left her daughter, Robbin, unattended briefly in the bathtub. Resuscitation efforts failed and the girl was dead on arrival at a hospital.

Steel Exec Expires

PITTSBURGH (AP) — Avery C. Adams, 65, retired president and board chairman of Jones & Laughlin Steel Corp., died on Wednesday of a heart attack. Adams joined J. & L., the nation's fifth largest steel producer, as president in 1956 after serving as president of the Pittsburgh Steel Co. for six years. He was born in Youngstown, Ohio.

The average Frenchman in 1962 drank nearly 180 bottles of wine. The average U. S. citizen consumed only about four bottles.

LBJ Formally Backs John Kennedy Center

WASHINGTON (AP) — President Johnson gave his formal support Wednesday to naming a proposed national cultural center in Washington for the late President John F. Kennedy and financing half the cost with federal money.

Legislation has been introduced in Congress to authorize both the steps.

Nearly 5 per cent more pupils now stay in school to prepare for universities in Britain than in the last decade.

Man Dies in Collision

HOPKINS (AP) — Richard Lindley, 38, of Allegan, died Wednesday at Blodgett Hospital in Grand Rapids from injuries suffered when a car in which he was riding collided with another in this Allegan County community.

NOTICE OF PUBLIC HEARING

The Orion Township Zoning Board will hold a public hearing on Wednesday, December 18, 1963, at 8 p.m. at the Orion Township Hall, 371 S. Lapeer Rd., Lake Orion, Michigan, for the purpose of hearing complaints on the re-zoning from Residential District #2 to Special Land Use for the incubation, raising or storing of poultry, the following described land:

Part of the South half of Section 14, T3N, R10E, Orion Township, Oakland County, Michigan, described as follows: Beginning at a point in the right of way of Highway M-24 as now surveyed, said point being due North 932.67 feet and due East 100.65 feet from the South quarter corner of said Section 14; thence from this point of beginning N 89° 59' West 897.09 feet; thence N 6° 54' E 200.0 feet; thence S 89° 04' E 913.76 feet to a point within said highway right of way; thence South 11° 42' West to the point of beginning, excepting the Easterly 300 feet which is already zoned Business District.

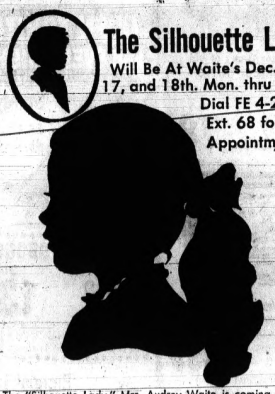

The above described property lies on the West side of State Highway M-24 and is known as 1796 South Lapeer Road, Lake Orion, Michigan.

Persons interested are requested to be present. A copy of the zoning map and the proposed change is on file in the office of the Township Clerk and may be examined by those interested.

(Signed) WALLACE C. CRANE
Chairman
Orion Township Zoning Board
MARGARET STEPHEN
Township Clerk
November 29 and December 12, 1963

Reichstag Restoration Recalls Nazi Perfidy

The restoration under way of the German Reichstag evokes memories of the fire that gutted it 30 years ago and played no small part in the world conflagration to be ignited by ADOLPH HITLER and his Nazi party six years later.

★ ★ ★

At the time, the Nazis charged Communists with setting the fire as a signal for a Red uprising.

Although the origin is still a mystery, later developments indicated that the Nazis themselves kindled the blaze in a plot to inflame the nation with the threat of communism and advance the fortunes of the then feeble brown-shirted party and its ranting leader.

★ ★ ★

Slow reconstruction work on the structure was begun in 1958, and an additional four years will be needed to completely restore the once proud seat of Germany's government.

But as burning a question as who set it afire and why is who will occupy it anyway — once restoration is completed. The Bundestag (Parliament) is unlikely to leave Bonn, the present capital of West Germany, for Berlin for fear of bringing cries of "provocation" from Russia.

★ ★ ★

Most likely, the reconstructed Reichstag will stand empty through the years, serving West Germany and West Berlin as a mute symbol of the hope of eventual reunification of the nation.

Railroad Unions Buck Arbitrators' Decision

We make no claim to omniscience in stating here on Aug. 7 that Administration action in sidetracking the critical railroad-union work-rules hassle to an arbitration board was merely to sweep the muss under the rug.

The board was the instrument of a rail arbitration law hastily passed by Congress last August in a last ditch effort to avert a nationwide railroad strike. The board expires Feb. 25, again opening the door to a strike.

Moreover, any rulings under the law that created it are not binding beyond two years.

Under these weird circumstances, there could be little doubt that the obscured issue would in due course reappear, little altered.

★ ★ ★

That is precisely what has now occurred. In essence, the arbitration board's decision supported railroad management in its purpose of eliminating some 35,000 firemen on diesel locomotives the roads say are unnecessary and constitute featherbedding. The annual saving to the carriers by such action would amount to $600 million.

But displaying the same obduracy that had marked four years of fruitless negotiation with the railroads on the issue, two of five railroad unions refuse to abide by the board's ruling and announce that they will challenge it in court.

Before the issue was referred to the board, decisions of two prior government commissions had both favored the carriers in their efforts toward realistic revision of outmoded operating procedures. The decisions, moreover, had been upheld by a unanimous decision of the U.S. Supreme Court.

But the unions had flouted the findings of both Federal panels and court and had refused to submit the dispute to binding arbitration, to which the railroads were agreeable.

The welfare of the nation is to no little extent interwoven with the vigor of its transportation system. If it is effectively to fulfill its significant role in the national economy it must be enabled to adapt operational methods to the times. Ridding itself of the featherbedding monkey now riding its back is but one of the steps in that direction.

★ ★ ★

We hope that when and if the carriers-union impasse again reaches the showdown stage, it will get the forthright and conclusive action from the White House and Capitol Hill that will resolve it once and for all.

OLDSTERS remember the pre-inflation good old days when the Government could solve almost any problem facing it by spending a mere million dollars.

What Makes Lyndon Run!

LBJ Honeymoon Just About Over

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — President Johnson will never see the likes of it again. It will probably last through Christmas, but not much longer.

The Republicans are muted. Premier Khrushchev is as quiet as a doll, and Fidel Castro must be playing a mandolin, he's so quiet.

French President Charles de Gaulle managed to get in a sour note, but that's not unusual.

He came here for President John F. Kennedy's funeral and Johnson seems to have understood the Frenchman would come back next year for a longer meeting.

MARLOW

★ ★ ★

But back in France, de Gaulle's aides let it be known he would rather have Johnson go to Paris.

This isn't the first time a man in Johnson's spot — suddenly thrust into the White House on a president's death —was given a period of grace.

It happened when Vice President Harry S. Truman took over in 1945, after Franklin D. Roosevelt's death, feeling that the "whole weight of the moon and stars and all the planets" had fallen on him.

★ ★ ★

The tasks confronting Johnson since he became president are just a mild daily routine compared with what faced the new President Truman.

TROUBLED TIMES

He had to end a war in Europe and another in Asia, help get the United Nations started, decide to drop atomic bombs on Japan, reconvert the country to peace, hold down living costs and settle strikes.

For some months after he moved into the White House, Truman practically had a honeymoon with the Republican Congress. That was in 1945. The honeymoon didn't last long, the next year was a congressional election year.

The Republicans made their attacks on Truman so convincing that in the 1946 elections the voters gave them control of Congress. From then on few presidents ever had as much raucous trouble with Congress as Truman.

★ ★ ★

Johnson, a very shrewd manipulator, may do better. But it's not a good bet.

LAYING OFF HIM

Right now the congressional Republicans are laying off him. The Republican would-be presidential candidates have declared a moratorium on speech-making until after Jan. 1.

But then they'll come back, recharged by their rest and able to make more noise than ever, particularly since Johnson, like Truman, has to encounter an election year, this time a presidential election, with himself no doubt a candidate.

Within six months after Truman became president, the Republicans began opening up on him. They seem to be getting restless already about their moratorium on Johnson.

★ ★ ★

One of them—Rep. Frank J. Becker of New York—complained Tuesday that "when Democrats call for a moratorium on politics, it's just to gag Republicans." His wasn't the only voice of complaint.

So things ought to be getting back to normal around the first of the year.

Verbal Orchids to—

David Lawrence Says:

U.N. Politics Led by Moscow

WASHINGTON — President Johnson has a significant opportunity to raise the moral tone of the United Nations when he addresses it Tuesday in New York.

LAWRENCE

For the U. N. has deteriorated into a political machine largely directed by Moscow with the aid of the so-called Afro-Asian Bloc.

Instead of functioning as an organization dedicated to the political independence and self-determination of member states, the U.N. now actually passes resolutions interfering with the internal affairs of certain non-Communist countries but refuses to apply equal treatment to governments which keep their peoples enslaved as the right of self-determination is denied them.

The latest example of the political chicanery practiced by the U.N. came at a time when the peoples of the free world were absorbed in studying the news of a change in the presidency of the United States and the after-effects.

It perhaps is not yet realized that the U.N. Security Council unanimously passed a few days ago a resolution calling on its members to impose an embargo on the Republic of South Africa just because that country's racial policies are considered improper.

★ ★ ★

Implicit in the resolution are threats of even stronger action if South Africa fails to conform its internal policies to the U.N.'s demands.

PERMITS RESOLUTIONS

The U.N. charter permits resolutions to embargo arms shipments when there is a threat to international peace, but it can hardly be persuasively contended that the internal districting of Negroes and whites in separate residential areas — objectionable as it may be to many people — is by any stretch of the imagination or by any rule of international law a threat to world peace.

The role which the United States took in this strange episode — including a vote for the resolution — is defended here in the State Department as one of desirable expediency.

It is conceded that the U.N. is acting in a one-sided manner, but the point is made that the United States did succeed in its effort to keep the arms-embargo resolution voluntary rather than mandatory and did succeed in preventing an oil embargo from being imposed also.

A rule of expediency is characteristic of political behavior, though it is often not moral.

The United States in the past has proclaimed some basic principles in giving its support to the charter of the United Nations. But, unfortunately, principles now have been swept aside, and the faction in the U.N. which has gained by such tactics is the one that is closest to Moscow.

Indeed, the whole plan for imposing an arms embargo was undoubtedly engineered by the Kremlin as a means of lining up allies for the Soviet Union among the African nations.

If the U.N. is to be operated, however, on the basis of what will please the maximum number of governments, irrespective of their fidelity to principle or their concern for international law, then the value of the organization itself in future years will steadily diminish.

In brief, the U.N. has been of no help in curbing Soviet colonialism, and it has acquiesced in the continued domination by the Moscow government over the captive peoples of East Germany, Hungary, Rumania, Poland, Bulgaria, Czechoslovakia, Estonia, Lithuania and Latvia.

Bob Considine Says:

JFK Christmas Greetings to Have Shown John Jr.

NEW YORK—President Kennedy's Christmas card this year would have been Look's photograph showing little John peeking out from under the presidential desk.

CONSIDINE

The suggestion was made by Sidney Salomon Jr., of St. Louis, one-time assistant postmaster general under the late Bob Hannegan. JFK agreed enthusiastically.

Paul VI's two-day visit to the Holy Land next month will be somewhat less arduous than the voyage his namesake took from that land to Rome 1900 years ago.

Paul went to Rome as a prisoner under guard, to plead his case to Caesar. He had narrowly escaped death at the hands of a mob in Jerusalem in year 57 A.D. The Roman commandant, Claudius Lysias, intervened when he learned that Paul was a Roman citizen, a status he inherited from his father—who may have bought the title.

★ ★ ★

Claudius Lysias ordered him taken under heavy guard to Caesarea where he spent two years under the protection of Roman Governor Felix.

REPLACED BY FESTUS

When Felix was replaced by Festus, his life again was imperiled. Festus wished to ingratiate himself with the natives and would have turned Paul over to them if Paul had not insisted on his rights as a Roman citizen and demanded to be heard by the emperor himself.

It was a rocky voyage for the prison ship that carried 276 men, including Paul's friend and physician, Luke, himself a Roman citizen. The course flowed from the port of Sidon to Malta, where the storm-tossed ship was beached and destroyed.

The guards considered killing all the prisoners then and there, but Julius, the centurion in charge of Paul, overruled them.

★ ★ ★

The company was there for three months, then sailed on in the "Castor and Pollux" to Syracuse in Sicily, stopped briefly at Rhegium on the toe of Italy, up to the port of Puteoli, and walked north to Rome, where Paul's incredible story grows fuzzy and where, after about two years, he was martyred.

★ ★ ★

Paul VI's jet will make the voyage at about 600 m.p.h., a miracle that St. Paul's fabled vision could not have comprehended.

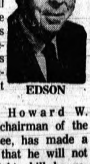

In Washington:

LBJ's First Test — Civil Rights

By PETER EDSON

WASHINGTON (NEA) — A first test on President Johnson's influence with Congress is shaping up on civil rights.

The Johnson goal is simply to get the administration's civil rights bill cleared by the House Rules Committee before Christmas for floor action early next year.

EDSON

Octogenarian Howard W. Smith, D-Va., chairman of the Rules Committee, has made a flat statement that he will not let the civil rights bill be reported out this year. He is supported in this position by southern Democrats, the House Republican leadership and a House GOP caucus.

President Johnson has approved an effort by liberal Democrats to force the bill out of the Rules Committee for a floor vote. This can be done only by a petition signed by 218 of the 435 representatives.

According to House rules this petition was not to be placed in the well of the House for signing before Dec. 9 and cannot be considered by the whole House before Dec. 23.

This makes it a battle against time. Many congressmen want to adjourn the session for the Christmas holidays on Dec. 20. Some would like to push adjournment to Dec. 17 or even Dec. 14. Congress would then reconvene on Jan. 2.

Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People and chairman of the 80-organization Leadership Conference on Civil Rights, thinks that the 218 signatures can be obtained.

NAACP and other Negro organizations have counted congressional noses on this score often enough to know. But Wilkins admits that he doesn't have absolute pledges to sign and that after 200, the going will be tough.

So the outcome will be close and it could be failure.

But Wilkins says: "We won't make a bow to anyone's Christmas vacation to get action this year." In other words, he wants Congress to work right through the Christmas holidays. Most congressmen say there isn't a chance.

But Wilkins, speaking only for himself and not for his organizations, says: "This is a crusade. It can't be guided by cold realism. You have to believe in fairies and magic will be accomplished." This is like believing there will be another Christmas miracle this year. The political question is what will happen if there isn't a miracle.

★ ★ ★

Wilkins promises retaliation at the polls in the 1964 elections. Failure to sign the petition will place a congressman under suspicion, though it won't necessarily blacklist him. But he will have to have a good alibi.

Failure to vote for civil rights legislation on final passage will subject a congressman to NAACP opposition.

Wilkins says that a moratorium on direct political action of this kind has not speeded congressional passage of civil rights legislation in the past. "This year's demonstrations have sharpened appreciation of the issue," he adds.

★ ★ ★

He refers to "the terror, the persecution, the assassination of Medgar Evers in Mississippi, the death of four little girls in a Birmingham Sunday School bombing" as an accumulation of events demanding faster action now.

"Within 24 hours after Argentina threatened to confiscate American oil properties, there were demands in Congress that foreign aid be cut off," Wilkins points out.

"If Congress can get that excited about oil," he asks, "why can't it do something about killing little girls?"

From 25 to 50 Washington representatives of the 80 organizations in the Leadership Conference on Civil Rights are being reinforced by 30 special legislative lobbyists from the United Steel Workers Union to pressure congressmen into signing the House discharge petition.

These forces will be supplemented by volunteers from other labor unions, church groups and Negro organizations in a drive to get some House action on civil rights this year. It is admitted there is no chance to get Senate action before late spring or early summer.

Voice of the People:

Distressed Lady Aided by County Policeman

With all the complaints concerning the police in Oakland County, I'd like to tell something nice about them. While racing with the stork at 5 a.m. our car broke down. Three other men stopped to help and a policeman rushed me to the hospital.

Clarkston — Mrs. James Howenstine

Officer Comments on Lee Oswald Case

Mr. Robinson said Oswald had no chance to tell his story. It is quite evident he shot Kennedy. It is a fact he killed a policeman and tried to kill another.

★ ★ ★

What chance did Oswald give them? This business of letting God judge is fine, but would He do away with police and courts and tell citizens not to be concerned about crime as God will judge?

★ ★ ★

As murder is never justified except for self-defense, Ruby too was wrong. But, still Oswald got what he had coming. These sob-sisters always defending law-breakers give me a pain.

Policeman

Offer Suggestions for Perimeter Road

We lost the founder of public health in Oakland County.

Thirty-nine years ago, the man, John D. Monroe, M.D., signed a death certificate of a very young child who had died of malnutrition. Surely, he thought, there must be a way to prevent many of the problems that plague humanity.

★ ★ ★

From then on his life was devoted to developing an organization dedicated to the ideals of service and the prevention of disease through education. His concern was for the total health of the citizens of Oakland County.

★ ★ ★

The naming of the new perimeter road for John D. Monroe, M. D., would be a lasting tribute to his memory.

Staff, Oakland County Health Department

Ruth Montgomery wrote it's time to halt Kennedy glorification and she is right. The late President would agree and strongly advise our city planners to leave perimeter road as such and not name it John F. Kennedy Drive.

★ ★ ★

The name perimeter road should express more to local citizens and forever represent our endurance while Pontiac is being beautified.

The well-meant sentimentality is appreciated, but let's be practical.

No Name

Supervisors of Six Counties Back Home Rule Enabling Act

By DICK HANSON

Supervisors of six counties in the Detroit metropolitan area yesterday approved a Wayne County proposal for a county home rule enabling act.

The officials, as members of the Supervisors Inter-County Committee, also agreed to take the proposal before their respective county boards.

Representing Wayne, Oakland, Macomb, Monroe, St. Clair and Washtenaw counties, the officials met in Farmington.

* * *

David Levinson, supervisor from Birmingham, said he doubted if the Oakland County Board of Supervisors would endorse the proposal without recommending at least some revisions.

EARLIER OBJECTIONS

He recalled that many county supervisors here objected to a similar proposal by the board's legislative committee on Tuesday, because they didn't have more to say in its preparation.

Levinson reportedly objected during an executive side meeting yesterday to giving the Wayne County proposal any sort of approval.

Farmington Supervisor Delos Hamlin, chairman of the board here, said he didn't see anything wrong with committee endorsement because it didn't commit the various county boards.

* * *

Edward Connor, new chairman of the Wayne County Board of Supervisors, who presented the proposal, called the committee's action "a major gain."

LENDS SUPPORT

He said it will lend support to the proposal when it is presented to the governor's study committee next week.

The state committee will consider Wayne County's proposed act and others before a final bill is brought before the legislature sometime next year.

Hamlin is a member of the committee, which will be meeting at the Sheraton Cadillac Hotel in Detroit Tuesday.

* * *

Connor explained yesterday that the proposal is not a county home rule charter, but an enabling act that would set the limits within which such a charter could be drafted for any county later on.

While the new Michigan Constitution allows for county home rule, it leaves it up to the legislature to decide how home rule might be achieved and to what degree.

Wayne County's proposal differs in many respects from that drafted here by the county board's legislative committee.

Major differences are:

- Wayne's proposal sets a 10-mill limit on the amount of property taxes a home rule county could collect without a further vote of the people, instead of 20 mills.

* * *

- It wouldn't require a two-thirds majority vote of the board of supervisors, but only a petition by 5 per cent of the voters, to hold the initial election.

COMMISSION VOTE

Voters would be asked whether a charter commission should be elected to draft a proposed home rule charter.

Another countywide election would be held then to decide whether to accept the commission's proposed charter for home rule.

The proposal contains eight pages, instead of the 19 in the draft presented to the Oakland board Tuesday.

'CREATURES OF STATE'

Another major difference is that Wayne's proposed act in itself wouldn't eliminate any county elective offices, but would leave that possibility up to the people in voting on a charter later on.

Explaining why home rule is necessary for metropolitan - developed counties, Connor said "counties originally were and still are all creatures of state government" which cannot act on local problems without constantly going through the lengthy process of first gaining state approval.

The system of government as originally formed, and as it still exists, doesn't provide the administrative authority needed today by a metropolitan, or urban, community, he said.

70-Year-Old Tops Trees 70 Feet Up

OLYMPIA, Wash. (UPI) — A seventy - year - old lumberjack, Swantee Kyllonen, who has been topping trees since the days of the highline and the donkey engine, says he isn't ready to quit yet.

But he admits he is trying to slow down a little.

Perched on a springboard 70 feet in the air, Kyllonen chops the tops off of trees, shunning the climbings spurs and belt and saw used by the more cautious youngsters of a later generation.

* * *

Kyllonen says he is the only person left in the country who knows how to use the steel-tipped springboards which are inserted into notches cut into the sides of the trees.

STILL PERFORMS

Claiming to be retired, he still performs at logging shows as often as every other month.

Each summer he demonstrates his skill at a big show in Arcata, Calif. and at an international logging show in Hayward, Wis.

Kyllonen says he no longer works more than 70 feet above the ground, not because he can't go higher, but because it throws too much of a scare into the spectators.

* * *

As for himself, Kyllonen admits he isn't as good as he was 10 years ago, but he says he isn't going to quit until he starts feeling shaky up there.

BORN IN NORTH

Born on a homestead in Puget Sound logging country north of Seattle, Kyllonen learned to cut the tops of trees in 1914, at about the time that loggers started using safety ropes.

Nowadays, after 50 years of logging in the Pacific Northwest, Kyllonen says he does just what he wants to do most of the time, such as puttering around the house and tending the garden.

Not much demand exists for tree-toppers anymore, but he still gets requests from the state parks system for little jobs.

* * *

And sometimes city officials want him to remove dead tree tops which are endangering passersby.

IN DEMAND

Also, he is often in demand by homeowners to remove trees in congested areas where they can't be allowed to fall by themselves.

In these cases, Kyllonen takes them down in sections beginning with the top.

Still as straight and springy as the trees he tops, Kyllonen says he stays young by leading a simple life.

He gets up early—never sleeping more than four or five hours—and works hard and doesn't waste his time worrying.

Don't Skip Breakfast on Christmas Morn

With the high state of excitement running through the house on Christmas Day, it takes the agility of an acrobat plus the determination of a do-gooder to persuade the family that there is a meal called breakfast.

Who wants to look at corn flakes when there are all those boxes of Christmas goodies under the tree?

Who, indeed, can think of food when there's the tricycle to try out or the fishing rod to assemble? Besides, there's a big turkey dinner coming up soon.

A seasoned parent, however, will ignore this disinterest in starting the day in appropriate fashion, and see to it that breakfast is served as usual.

Best way to lessen the competition with the gift-opening is to bring breakfast to the living room, if possible, in serve-yourself fashion.

Sausages and scrambled eggs, kept hot on a chafing dish, can be the mainstay of a hostess cart meal.

Put the toaster alongside, with piles of English muffins or corn toasties ready to be browned, stack plates (or even paper plates), plug in the coffee maker for the adults, and breakfast can be a gala occasion.

Other protein-high possibilities for a Christmas breakfast might be creamed chipped beef, which can be prepared the night before, and served on toast next morning; corned or roast beef hash, which doesn't mind waiting in a casserole; or creamed, sliced hard-boiled eggs, served with or without slivers of ham.

To insure that young children have their quota of milk, serve individual cartons with straws. And if they ask for chocolate milk, why not? This is a very special day.

Italy Premier Asks Austerity

Moro Vows Loyalty to NATO Alliance

ROME (AP) — Italian Premier Aldo Moro pledged his new center-left government today to remain loyal to the North Atlantic Alliance and to launch a program of economic austerity.

Moro, whose week-old cabinet brought Pietro Nenni's Marxist Socialists into an Italian government for the first time since 947, went before Parliament to seek a vote of confidence. The vote will come next week, with endorsement of the cabinet expected.

Moror emphasized that Italian foreign policy would remain "based on loyalty toward the Atlantic alliance, with the military and political obligations deriving from it, and on European solidarity."

★ ★ ★

He told the chamber of deputies his government was pledged to work for a more stable international situation, "with measures — even partial — for balanced and controlled disarmament and for agreements to prevent surprise attacks."

SOCIALIST LINE

But he voiced anew a policy line demanded by the Socialists. He said that his government would make no commitment on the proposed NATO multilateral nuclear force until the issue has been resolved by study.

Moro stressed Italy's worsening economic situation. He said there would be no more nationalization of industry.

He promised a planned austerity program aimed at halting inflation, providing monetary stability and improving the country's unfavorable trade balance.

★ ★ ★

"The government is starting its work in a particularly difficult moment of Italian political life," he said.

As Moro spoke major cities were in the grip of a gas workers strike. A transport workers strike was postponed yesterday but not called off. A wave of additional labor agitation loomed.

The giant Communist party has promised to fight Moro's coalition of Christian Democrats, socialists, Democratic Socialists and Republicans.

Moro promised efforts to work out uneven spots in the economy. He pledged state controls to prevent speculation and called for a program of low-cost housing.

Freed Nisei Is Taken to Japan

TACOMA, Wash. (AP) — After 16 years in prison, Tomaya (The Meatball) Kawakita, convicted war criminal, left for Japan today, a free man but stateless.

Kawakita, convicted of treasonable brutality while an interpreter for a Japanese prisoner-of-war camp in World War II, was granted freedom by the late President Kennedy in one of Kennedy's last official acts.

Kennedy granted leniency on the condition Kawakita leave the United States and never return.

Shorn of both Japanese and United States citizenship, Kawakita, 42, could not get a passport. After a month of negotiations, Japan authorized him entry as a "stateless person."

★ ★ ★

The native Californian departed nearby McNeil Island Federal Penitentiary late yesterday. Flanked by two immigration officials, Kawakita was taken to the Seattle-Tacoma International Airport and released to Japanese consular officials.

WAS GRATEFUL

He said he was very glad to get out of prison and was grateful to Kennedy. He said he had studied electronics in prison and would begin a new life in Japan with the help of cousins and friends there.

"I want to thank God and the late President Kennedy and my sisters," he said. He did not elaborate.

Had he been treated well in prison?

"I will not answer that question," he said.

★ ★ ★

Had the U.S. courts been fair to him?

"I will not answer that question," he said. "I have been locked up for 16 years, 6 months and 6 days."

Career Envoy to Aid Lodge

Will Be No. 2 Man in South Viet Nam

WASHINGTON (AP) — President Johnson is sending career diplomat David G. Nes to South Viet Nam to serve as the key No. 2 man under Ambassador Henry Cabot Lodge.

Authoritative sources who made this known today said Johnson personally approved the selection of Nes, 46, a foreign service officer who has a distinguished World War II combat record. Nes replaces William C. Trueheart, whose two-year tour of duty expired last October.

★ ★ ★

The appointment comes at a time when Lodge's name is figuring in speculation about the 1964 Republican presidential nomination. He has said he is not a candidate and does not intend to run.

Lodge, the 1960 GOP vice presidential candidate on the ticket headed by Richard M. Nixon, was named to the Saigon post last summer by the late President John F. Kennedy.

PRINCETON GRAD

The ambassador conferred with Johnson in Washington on Nov. 24, two days after Kennedy's assassination.

Nes, born in York, Pa., is a Princeton graduate and took a master's degree at Harvard. He was a company commander in the famed Merrill's Marauders, who fought a guerrilla war against the Japanese in Burma during World War II.

★ ★ ★

Nes joined the foreign service in 1936. He has served in posts from Glasgow and Paris to Tripoli and Rabat, Morocco.

Informants said Nes, who speaks French, was selected on the basis of a brilliant record and his experience in military as well as political problems.

U. N. Unit Repeats Korea Unity Plea

UNITED NATIONS, N.Y. (AP)—The U.N. Political Committee Wednesday voted a new appeal for a unified, independent Korea and called upon the Communist government of North Korea to accept U.N. objectives.

★ ★ ★

The resolution—sponsored by the United States and 13 other countries whose troops fought under the U.N. flag in Korea—was approved 64-11, with the Soviet bloc and Cuba casting the negative votes. Twenty-two countries abstained and 14 were absent.

Previous resolutions along this line have produced no results.

Closes Shop for Cruise

SOUTHAMPTON, England (AP) — Arthur Allwright, electronics manufacturer, sailed down the English Channel today in search of the sun on a Mediterranean cruise.

With him aboard the liner Stratheden went all 42 of his employes, ranging from Jim Bailey, 78, to office girl Erica Copeland, 16. The boss picks up the check.

★ ★ ★

"This," said Allwright, 49, "is their Christmas bonus—my way of saying thanks for 13 years of profit making." He said the nine-day trip will cost him $5,000, none of it deductible.

Fossilized Lilies Stolen

SYRACUSE, N.Y. (AP)—Nine fossils of sea lilies up to 450 million years old are reported stolen from Syracuse University's geology department. Police said Wednesday that the fossils probably were taken last weekend.

Bound Over in Shooting

Man to Stand Trial in Shelby Killing

SHELBY TOWNSHIP — Placido D. Workman was bound over to Macomb County Circuit Court yesterday on a manslaughter charge in the shotgun slaying of a distant relative Nov. 4.

Workman, 47, appeared before Justice of the Peace Francis A. Castellucci, Mount Clemens. On Dec. 6, he stood mute at his arraignment and was released on $5,000 bond.

A manslaughter warrant was ordered for Workman following the shotgun slaying of James R. Miller, 39, at 4351 Auburn, where the two men lived behind the Sunset Grocery Store.

★ ★ ★

Workman told police he ordered his guests to leave a beer party in the living quarters about 3 a.m. Nov. 4.

CAME AT HIM

Police quoted Workman as saying he clubbed Miller with the barrel end of a shotgun when Miller returned to the rear of the establishment and came at him with a beer bottle.

★ ★ ★

The shotgun discharged and hit Miller in the throat, according to Shelby Township police. Miller died shortly after the gun-blast. No court date has been set yet.

Romance Leads to Death Plot

BARTOW, Fla. (UPI) — A check-out counter romance between a supermarket cashier and a bag boy led to the extermination of the woman's husband, police said yesterday.

Authorities charged attractive Mrs. Shirley Ann Martin, 27, and ex-convict Joel Lawrence Wilson, 20, with first-degree murder in the rifle slaying of Earl R. Martin, 29.

Chief Sheriff's Deputy J. E. Dereus said Mrs. Martin, mother of three children, admitted after continued interrogation that she and Wilson plotted the death of Martin so "we could have had each other."

★ ★ ★

Martin, manager of a small supermarket, was shot three times in the back of the head. His body was found in a phosphate pit near his home on Dec. 1, the day after Mrs. Martin reported him missing.

HADN'T RETURNED

The woman told police her husband had gone to the pit to try out a new 22-caliber rifle he had bought and had not returned home.

Dereus said officers noted several discrepancies in Mrs. Martin's story and, under repeated questioning, she finally broke down Tuesday and admitted plotting the murder.

The deputy said Mrs. Martin said she and Wilson had planned the slaying for more than a month and she intended to meet her boyfriend in Columbia, S.C., after Christmas. Wilson was arrested in Columbia last week and returned to local police.

Wilson told officers, according to Dereus, that he and Martin had left the Martin home together the day of the slaying, and that he had shot the victim during an argument over a car Martin had loaned him.

State Motorists Drive Faster Than in 1962

LANSING (AP) — Michigan motorists are driving nearly a mile an hour faster this year than they did in 1962, reports the State Highway Department. The average speed for all vehicles on Michigan roads currently is 56.9 miles an hour compared to 56.1 an hour during 1962. The average speed has been increasing every year since 1960, when it was 48 miles an hour.

Nine of 10 lightning flashes never reach the ground and those that do usually strike high points.

Ships Run Aground in Detroit Storm

DETROIT (AP) — Two ships ran aground near the mouth of the Detroit River during a snowstorm Wednesday night.

The 640-foot freighter John Boland freed itself early today and proceeded north up the river.

The 252-foot Mancox was awaiting daylight before pushing off to deliver a cargo of steel to Detroit, a spokesman said.

Neither vessel was damaged, reports said.

Cardinal Spellman Set for Frigid Christmas

CHRISTCHURCH, NEW Zealand (AP) — Francis Cardinal Spellman, the Roman Catholic archbishop of New York, is going to the South Pole this Christmas.

Cardinal Spellman is his church's military vicar of the United States. Every Christmas he visits servicemen overseas.

A birth-control bill, to permit the sale and use of contraceptive drugs, has been introduced in the National Assembly in Turkey.

Catholics Are Urged to Ready for Christmas

VATICAN CITY (AP) — Pope Paul VI urged Roman Catholics Wednesday to prepare for Christmas with prayer.

The pontiff made the appeal at an audience granted to pilgrims from many lands.

Most Inhabitants Are Nomads

Somalia: Land of Camels and Airports

By ANDREW BOROWIEC

MOGADISHU, Somalia (AP) —Over the sun-scorched horn of Africa, tall, lithe men in long skirts known as futa patiently lead long camel caravans.

At dusk they build shacks of branches and grass mats. Crouching around fires, they chant a poetry called gabay.

★ ★ ★

Nearly 75 per cent of Somalia's inhabitants are nomads, moving from place to place in search of pastures for camels, sheep, goats and cattle. The total population is estimated at 2.3 million.

MAKE PLANS

While most of the country remains primitive, plans are being drawn to bring progress into the nation. American and Soviet technicians compete in building schools and hospitals. Both East and West invite young Somalis to study at their universities.

Small Italian cars flash along Mogadishu's dusty, heat-struck streets. Stores with giant fans turning under the ceilings advertise tape recorders and cameras.

★ ★ ★

A stone's throw from the capital's airport runway, herds of camels and cattle graze guarded by half-naked shepherds. Air traffic halts at dusk for lack of lights.

The country, covering an area of 265,000 square miles, does not have a railroad. American technicians are developing the port at Mogadishu. The Russians are building one at Berbera in the north.

PROUD TRADITIONS

It is a nation of old and proud traditions, with one of the few working democracies in Africa.

Six political parties compete for national and municipal jobs. Authorities have a hard time trying to keep men and women from voting several times in elections.

There is not one political prisoneromaliainS.C oner in Somalia. Criticism of the regime and party in power is free.

★ ★ ★

The Somali republic was born in 1960 with the merger of areas formerly administered by Italy and Britain. The most heated problem is the presence of Somali minorities in neighboring Kenya and Ethiopia.

Somalia has a parliamentary regime with Premier Abdirashchid Ali Schermarke heading the government. President Aden Abdullah Osman is the titular head of the nation.

SPENDS $38 MILLION

The United States has spent $33 million on various projects, The Soviet Union $58 million topped by a $31-million offer to build a modern Somali army.

The Somalis belong to the Hamitic race and are among the best looking Africans. They have a reputation for intelligence, candor and toughness in combat.

★ ★ ★

Agriculture and livestock offer the main occupations. Only 10 per cent of the land is under cultivation.

Somalia's annual budget is roughly $30 million while the national revenue is about $20 million. To plug up the deficit Somalia relies on foreign aid.

About 4,000 Italian settlers constitute the backbone of economic life. Italian advisors keep the government machinery oiled. Italian is still the predominant language.

Airport Growth to Wait a Year

Allen Facility Lease to Last Through '64

At least another year will pass before the county can possibly develop tiny Allen Airport in Orion Township into a major terminal.

The County Board of Supervisors has extended a lease of the airport through 1964, and dropped a 60-day cancellation clause.

The sod airfield has been leased to former owners Mr. and Mrs. Wilfred McGran ever since the county purchased it in 1962.

★ ★ ★

The 60-day cancellation clause was included in the past, so that the county would be able to act fairly promptly with further development of the airport.

ORIGINAL PLANS

Original plans were to develop the airport on Giddings Road into a commercial jet airline facility to serve the metropolitan area.

After the property was purchased, the Federal Aviation Agency rejected the plans due to a lack of air space.

Now the county is considering whether to acquire Pontiac Municipal Airport in Waterford Township and hire aviation consultants to determine which of the two airports should be further developed to meet growing needs of the county.

★ ★ ★

The city commission has urged the county to take over Pontiac Municipal Airport for further development, asking that the city get some return for its investment to date.

'TOO HEMMED IN'

Several county officials, including the county planning commission, claim the airport in Waterford Township is too hemmed in by other development and lakes for further expansion.

Allen Airport, while much smaller now, is in a mostly rural and undeveloped area, the officials point out.

The average pack-a-day American smoker now pays $47.50 a year in state, federal and local taxes on his cigarettes.

Light Halts Sub Crashes

URBANA, Ohio (AP) — Nuclear submarines now are using an anticollision beacon originally designed for aircraft.

The warning light is necessary because usually only the conning tower "sail" of unclear subs is above water when they are surfaced. Grimes Manufacturing Co., which makes many kinds of lights for aircraft, adapted the warning light.

★ ★ ★

It is not used when the sub is submerged.

Snake bites are more dangerous when they occur in early spring, because venom is greatly concentrated in the period of winter hibernation.

Won't Depend on Officer for Car Protection

AKRON, Ohio (AP) — Police officer Jack Heistman was on an off-duty job, directing traffic in the North High School parking lot for a school dance.

A student drove in with his date and asked: "Are you going to be in the lot all of the time?"

"Most of the time," Heistman replied. "I'll be in and out of the building, too."

★ ★ ★

The young man said no more. Heistman says — just walked to his car, carefully pried off all the hubcaps, put them inside, locked the car and walked away with his date.

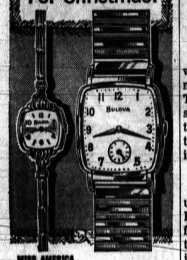

Variety for Travelers

WICHITA, Kan. (AP) — Somebody goofed in the state highway shop where highway signs are painted.

★ ★ ★

One sign on a portion of state Highway 96 running through Wichita notes that the highway is in Sasnak — Kansas spelled backward.

Ask New Data on Water Lines

Sylvan Lake Council Ponders Joint Project

Sylvan Lake councilmen last night requested more information on a proposal for a joint water system with Keego Harbor.

City Manager Leroy Trafton said that the council wanted to know if Sylvan Lake's 150,000-gallon tank would be large enough to supply for both cities.

In addition, he was asked to take a long-range look at the city's water supply.

The city of Sylvan Lake gets its water from two community wells. Keego Harbor has no municipal water system — individual homes have their own wells.

In other action, the council approved an agreement with West Bloomfield Township on collection of a rental charge in connection with the Sylvan Manor Sanitary Sewer Project.

The city agreed to collect the rental charge from homes located within the city limits. Trafton said this included about ten houses.

Ol' Jack Frost Not Responsible for Art in Fall

UNIVERSITY PARK, Pa. (AP) — Coloration of autumn leaves has nothing to do with frost, but is a combination of shorter days coupled with weather that fluctuates from cool nights to warm days.

According to botanists at Pennsylvania State University, such combinations cause the disintegration of the green pigment, chlorophyll, and unmask the yellow pigments, the carotenoids.

Red colors, caused by the pigment anthocyanin, appear in leaves because of difficulty the tree is having in transporting sugars.

* * *

Dr. William D. Bell states that frost is not necessary for autumn coloration and actually causes leaves to fall prematurely.

* * *

The first mercurial barometer to measure atmosphere pressure, as a weather indicator, was made in 1643 by the Italian physicist Torricelli.

Youth Pleads Guilty to Weapon Charge

Eighteen-year-old Val R. McCraw of 34557 Rhonswood, Farmington Township pleaded guilty yesterday in Circuit Court to a charge of carrying a concealed weapon.

McCraw entered the plea as his trial was about to begin before Circuit Court Judge Stanton G. Dondero. He will be sentenced Jan. 7.

The youth was arrested Nov. 6 by Farmington city police who said he had a sawed-off shotgun in his car.

Top Dem Leaders in Senate to Keep Posts: Humphrey

WASHINGTON (AP) — Sen. Hubert H. Humphrey predicts that top Democratic Senate leaders will retain their posts in the new session of Congress.

Humphrey, the assistant Democratic leader, adds that President Johnson has talked this over with the present Senate leaders and expects to work closely with them on his new proposals.

The Minnesota senator joined Democratic Leader Mike Mansfield of Montana in blasting rumors that Sen. Carl Hayden, D-Ariz., would resign as president pro tempore, with Mansfield taking his place and Humphrey stepping up to Democratic leader.

"There will be no changes whatsoever," Humphrey said in an interview. "Senate Democrats want Mike Mansfield as their leader. I want him, and I see no change in the future."

New York's Pennsylvania Station will be replaced by a sports center and 33-story office building. The terminal will be underground.

Mishaps Cut by Day Light

CHICAGO (AP) — An automobile running light may be one answer for checking head-on collisions.

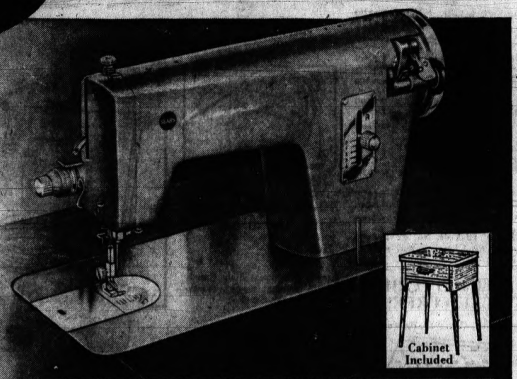

The light is installed in the front grille of an automobile and is used during daylight driving.

Cross-country buses began driving two years ago with headlights on during the day, and since then have reported a 15 per cent drop in daylight accidents.

NEW HOUSE — This is the historic Georgetown home purchased by Mrs. Jacqueline Kennedy. The three-story brick house, built in 1794, is located at 3017 N Street, across the street from the borrowed home she and her children are now occupying. Mrs. Kennedy plans to move into the 14-room house sometime in January.

Mrs. Kennedy Buys Historic D.C. Home

WASHINGTON (AP) — Mrs. John F. Kennedy has purchased a historic 169-year-old Georgetown house with 14 rooms and plans to move in with her two children by mid-January.

★ ★ ★

The three-story, fawn-colored brick home is just across the street from the residence of Undersecretary of State and Mrs. W. Averell Harriman, where Mrs. Kennedy is living temporarily.

Announcement of the purchase of the property at 3017 N St. was made Wednesday, just five days after Mrs. Kennedy moved out of the White House.

NOT REVEALED

The price Mrs. Kennedy paid to the owners, retired businessman James McMillan Gibson and his wife, was not revealed. But the house had been on the market for some time listed for sale at $225,000. Recently the asking price had been dropped to about $190,000, real estate agents in the area said.

The house, built in 1794, is one of the oldest in Georgetown, a commercial and residential area which was founded as a small Maryland town before the District of Columbia was established.

★ ★ ★

A wealthy early settler, Ninian Beall, built it for his son, Thomas. The house was the residence of the late Adm. Alan G. Kirk and onetime Secretary of War Newton D. Baker.

A long flight of stairs leads from the street to the columned entrance portico. Two huge magnolias, planted at the time the house was built, flank the entranceway.

PATIO GARDEN

There is a flagstone patio garden in the rear with a weeping willow, magnolias and flowering shrubs.

The 14 rooms include a spacious first-floor drawing room and dining room, with a master bedroom and library on the second floor, each with a fireplace.

★ ★ ★

A tiny elevator goes from the center entrance hall to the third floor where there are four large bedooms.

Before moving in — on the same street she and her husband lived in before entering the White House—Mrs. Kennedy may take her two children, Caroline, 6, and John Jr., 3, to Palm Beach for the Christmas holiday they traditionally spend with their grandparents there.

SPECIAL BILL

President Johnson signed into law Wednesday a special bill to give Mrs. Kennedy and her children Secret Service protecton for the next two years. It also provides for office space for 12 months and $50,000 for staff salaries during that period.

Mrs. Kennedy also gets free mailing privileges for life, and the bill authorized payment of $15,000 for the late president's funeral and burial expenses.

Legislators Hit on Constitution

Kelley Charges Some Are Evading Meaning

DETROIT (AP) — Atty. Gen. Frank Kelley has charged that some members of the Michigan Legislature are trying—in the special session to implement the new constitution—to "ignore evade and even subvert" the meaning of the document.

★ ★ ★

The attorney general said these legislators—whom he did not name—are attempting to "make the constitution their personal captive, kidnaping it from the people of Michigan to whom it belongs."

In the process, he told an organization of retired FBI agents here Wednesday, the "rule of law is showing some wear around the edges."

FOLLOWED CHARGE

Kelley's blast, though unexpected, followed by two days his charge that an effort was under way by some lawmakers to put the new Civil Rights Commission under legislative control.

He also criticized proposals to hold county officials in office an extra two years and to give incumbency labels to appointed judges running for election.

★ ★ ★

Both of these were beaten in the House Wednesday, and Kelley hastened to "congratulate the majority of the legislators" for these actions.

He also praised Gov. George Romney for insisting on "following the constitutional mandates of the people."

RULED FORMALLY

Kelley has ruled formally that the Civil Rights Commission powers cannot be abrogated by the Legislature, and that the county officials holdover and the incumbency designation for appointed judges would be unconstitutional.

"There are those in the Legislature, however, who though sworn to uphold the constitution, are turning their backs upon it and endeavoring to take actions which the constitution prohibits," said Kelley.

Heads Milk Producers

MIAMI BEACH, Fla. (AP) — Glenn Lake of North Branch was reelected president of the National Milk Producers Federation here Wednesday.

Legislature Debates Hot Rights Proposal

LANSING (AP) — The Civil Rights Commission bill was the hottest issue remaining today as the legislature swung into its second week of a special session on constitutional implementation.

★ ★ ★

Whether controversy over the bill would continue was, in part, the business of the House State Affairs Committee—a notorious graveyard of legislation—which received the bill passed earlier by the Senate, 33-0.

Rep. Lloyd Gibbs, R-Portland, chairman of state affairs, who said he had not yet studied the bill, was uncertain when his committee would discuss it.

"I don't know whether any changes will be proposed," said Gibbs, "or even if we could make any.

"It would be my hope that no further changes would be necessary," said House Speaker Allison Green, R-Kingston.

Lawmakers reached their deadline for passage of bills in the chamber of origin Wednesday by rushing through 49 bills, 36 in the House and 13 in the Senate.

★ ★ ★

Both chambers passed bills which will change the name of the Michigan College of Mining Science and Technology (Michigan Tech) at Marquette to Michigan Technological University.

The Senate gave its approval to a bill which abolishes the law requirement that Michigan corporations renew their franchises every 30 years.

Retail sales of prerecorded tapes in 1962 exceeded the previous year's total by more than 40 per cent.

H-H-S BUDGET BUYS

THE PROOF OF A VALUE IS MORE THAN JUST THE PRICE...

Our Budget Buys are selected because they give you more for your money than you'd normally expect —for it's what you get for your dollar that proves a value. We select each Budget Buy carefully; many are made to our exacting specifications. Take a moment to read exactly what these Budget Buys mean to you.

- **It means low prices; lower than we normally carry.**
- **It means satisfaction in fit, wear; in every respect!**
- **It means better quality than you'd expect at the price.**
- **It means fresh, new apparel in full selections.**
- **It means top value, value that just can't be surpassed.**
- **It means no charge for alterations.**

And it means you'll buy it in a store you know and trust—where you can be sure of quality, or origin, of satisfaction—not just when you buy, but after the purchase, too. It means full selections and complete size ranges. It means proper fit by trained clothing experts, and courteous attention.

LOOK AT THE BUDGET BUYS BELOW. SHOP THEM, COMPARE THEM, SEE IF YOU CAN MATCH THEM, AND REMEMBER: YOU CAN CHARGE THEM, TOO — AT ANY OF THE ELEVEN CONVENIENT HUGHES - HATCHER - SUFFRIN STORES.

ZIPCOATS & TOPCOATS IN A SELECTION OF FINE FABRICS 49.90

A big selection of topcoats and zipcoats—at a big big saving. The selection of fabrics includes all-wool velours, Saxonies and tweeds. And the size range goes from 36 to 50. Regulars, shorts, extra-shorts, longs, and extra-longs. A big group, now at one low price.

TWO-TROUSER SUITS IN LUXURIOUS SHARKSKIN

53.70

There's no question that luxurious sharkskin is the favored fabric this season . . . and there's no question that you'll probably pay a good deal more than 53.70—especially when it's as fine as this smooth lustrous, long-wearing pure wool. Beautifully tailored in trim 2- and 3-button models, with pleated or plain-front trousers. Choose from handsome solid shades of silver grey, chargrey, navy, brown, or olive; or elegant iridescent shades of blue, grey, green, or brown. In a complete size range from 36 to 52. Regulars, shorts, longs, extra-longs, portlies and portly-shorts. NO CHARGE FOR ALTERATIONS.

WOMEN'S ALL-WEATHER ZIP-LINED RAINCOATS SPECIAL

14.99

Imagine . . . all-weather raincoats for just 14.99. It's a great value, indeed, for these come complete with a snug zip-out Orlon acrylic pile lining. And they're tailored in a classic every-wearable Balmacaan style. Black and bone in sizes 8-18. (misses), 6-16 (petite).

BOYS' ALL-WEATHER ZIP-LINED RAINCOATS SPECIAL

12.99

Match this value if you can! Boys' all-weather coats with warm zip-out pile linings. In a iridescent fabric with a water- and stain-resistant finish. Smart split raglan model in neat plaids of olive and black. Sizes 8 to 20.

REVERSIBLE NYLON QUILT SKI JACKET SPECIAL

11.99

Young men will like the smart styling of this nylon quilt jacket that reverses to smooth nylon. Racing collar, zip-front closure, 2 zipper pockets and knit cuffs. And it's completely wash 'n' wearable and water-repellent. Navy/blue, taupe/-white, Pewter/green, black/red. Sizes 36-46.

PLAID RAINCOATS WITH ZIP-OUT PILE LININGS SPECIAL

24.99

A tremendous buy in a great all-weather coat. It's a Dacron-cotton blend with a zip-out Orlon acrylic pile lining for extra-warmth. And it has a water- and stain-repellent finish. Split raglan model, slant flap pockets, self attached lining. Plaids of chargrey, olive and brown in regulars, shorts and longs.

Survey Shows Teen Thoughts on Gifts

By The Gilbert Youth Service

Want to make a hit this Christmas with your favorite teenager?

Well, then, buy her some clothes, if she's a girl.

Or, if he's a boy, get him a car.

★ ★ ★

Failing on either of these No. 1 choices, you can settle for a cash present. That's equally popular with boys and girls.

JEWELRY, PHONE

What else?

For girls, jewelry, a record player, typewriter and private phone have high priority.

Not so decided, boys mention tape recorders in particular.

★ ★ ★

These are some of the things we found out in a survey across the land of 444 youths and 637 girls.

DON'T WORRY

We found also that you don't have to worry as much as you may think about the girls.

Eighty-seven per cent of the girls and 61 per cent of the boys were quite happy they said with what they got last year.

Most of them said they usually get what they want.

★ ★ ★

They weren't quite as well satisfied however by their own records in this respect.

Only 41 per cent of the boys and 67 per cent of the girls opined that they themselves had given as thoughtfully or as much as they should have.

And things may be going the same way this year too. Only a third of the group had put aside money, when we asked them a few weeks ago, against the gift buying season.

On the other hand, a fourth of the boys and a third of the girls were already laying plans for making or buying presents.

★ ★ ★

There's a general feeling among the young people that the giving of Christmas presents is carried to extremes. About half of them told us so. But that doesn't apply, in their opinion, to their own families.

Seventy-nine per cent said their families did just about right, 7 per cent thought they spent too much, and 5 per cent considered them stingy.

By no means were all the comments materialistic.

"My family means more to me than presents," said Janice Smith, 15, of Pacolet, S.C.

★ ★ ★

"Most people forget that the only important gift at Christmas is Christ," commented Jack Abell, 18, of Vermillion, S.D.

"It's the thought that counts," added Sandy Engel, 16, of Camden, N.J.

"I don't like real expensive gifts," asserted Lee Newson of Westover, Mass.

★ ★ ★

Healthy attitudes, don't you think?

For Mrs. Oswald, Too

Tippit Fund Mounts

DALLAS (UPI) — Money deluged two widows who were caught in the aftermath of the presidential assassination.

Donations to the family of hero policeman J. D. Tippit exceeded $202,000, and 12 sacks of mail remained unopened. Mrs. Tippit was amazed and grateful. Her husband was slain while trying to arrest the suspected assassin.

★ ★ ★

The widow and two babies of accused assassin Lee Harvey Oswald had been given $9,000. It was reported the Russian-born woman wept when informed of the outpouring.

Police set up a clearing house for the Tippit fund and had received more than $158,000. The Dallas Times-Herald collected $44,000, which was turned over to police yesterday. About one-half sack of mail was processed daily.

Both women were in seclusion.

UNDER GUARD

Mrs. Oswald was under guard by Secret Service agents. She requested protection and was reported in hiding at a local motel. Mrs. Shirley Williamson, a Fort Worth housewife who started a campaign to raise money for the poverty-stricken family, reported the $9,000 amount.

"We get more each day than we got the day before," she said.

After an initial meeting with newsmen, Mrs. Tippit asked to be left alone to meet the problems of rearing three children without their father. Neighbors said she was the type of person who liked to do things for others, but was amazed by the gifts to her.

Aid for Classrooms Available to State

WASHINGTON (AP) — Michigan is eligible for $10,212,864 in college construction grants under the $230 million aid to education bill awaiting President Johnson's signature.

Of this amount, nearly $7.9 million could be used to construct undergraduate facilities and more than $2.3 million would be available for public community colleges and technical institutes.

Education officials said no decision has been reached about asking Congress for money before the start of the next fiscal year, July 1.

Paper Firm Head Dies

WISCONSIN RAPIDS, Wis. (AP)—John E. Alexander, 69, chairman of the board of the Nekoosa-Edwards Paper Co., at Port Edwards, died Wednesday of cancer. Alexander spent his entire business career, dating back to 1918, with the firm, one of the nation's leading manufacturers of business, writing and printing papers. He served as president and general manager from 1934 to 1962, when he became board chairman.

Top Bid for Post Office

CHICAGO (AP)—Owosso Modernization and Parking Corp. made the apparent high bid Wednesday to the General Services Administration for the former U.S. Post Office in Owosso. The bid was $25,611.

An Invitation . . .

To All the Friends of St. Joseph Mercy Hospital

Your neighbor, St. Joseph Mercy Hospital, The Religious Sisters of Mercy (who operate the Hospital), the Medical Staff and the Lay Advisory Board would like you to share in a happy and important occasion this Sunday afternoon, when ground will be broken for a new three-and-a-half-million-dollar five-story addition.

Friends from Pontiac and the neighboring communities served by the Hospital will be there to meet you at the ceremony. It will begin at three o'clock, on the front grounds of the Hospital, 900 Woodward Avenue, Pontiac. Honored guest and featured speaker during the brief outdoor program will be United States Senator Pat McNamara of Michigan.

Following the ceremony there will be refreshments for all in the Auditorium of the Nurses' Residence. This is a family occasion—all are welcome.

Come and share our joy and enthusiasm on this most happy day.

St. Joseph Mercy Hospital
Pontiac

HOUSEHOLD TEAMWORK — Mother and children pitch in to prepare dinner on a typical afternoon in the household of Dr. and Mrs. Jay Young of Dallas, Pa. Mrs. Young (right, rear) was a widow and Young a widower when they married 16 months ago and formed a family with 16 children. AP Photofax

Pennsylvania Family of 16 Runs Up Huge Grocery Bill

By RUSSELL LANDSTROM

DALLAS, Pa. (AP)—A dozen gallons of milk, up to 75 loaves of bread, potatoes by the bushel, sugar by the hundredweight—wouldn't that jolt your family food budget for one week?

★ ★ ★

It is routine reckoning in the teeming household of Dr. and Mrs. Jay Young, who were married 16 months ago and now have 16 children.

Young, 42, head of the chemistry department at King's College in nearby Wilkes-Barre, was a widower with 12 children, and Ann Treacy, 37, was a South Bend, Ind., widow with four, when they married on Aug. 14, 1962.

1 NOT HOME

Only one of the 16 sons and daughters doesn't live at home in this hard coal country town of about 3,000. John, 21, the eldest, is in his third year of study for the priesthood at the Holy Cross Fathers' Novitiate in Bennington, Vt.

★ ★ ★

The other Young children are: Paul, 19, a part-time student at King's College; Cecilia, 17, a freshman at College Misericordia here; Michael, 16, a sophomore at West Side Central Catholic High School in neighboring Kingston; Joseph, 15, a sophomore at Dallas High; Andrea, 14, a freshman at West Side Central Catholic; Therese, 13; Gregory, 11; Thomas, 10; Lucy, 8; and Margaret, 6, who attend a parochial school in Dallas; and Antonia, 4.

★ ★ ★

The Treacy children are John, 7; Michael, 8; Cathleen, 10; and Eileen, 11, who attend the same parochial school as the others.

"What the professor and his wife need," said a neighbor affectionately, "are a school bus all their own, a built-in grocery store, and a half-dozen dairy cows."

MANAGE WELL

The Youngs say they manage very well in their 19-room, three-story house, with three bathrooms, eight bedrooms, a restaurant style refrigerator-freezer, and a U-shaped table in the dining-room.

Mrs. Young usually shops on Monday, a quiet day in the stores. She says the family grocery bill is about $300 a month. Milk, which is delivered, is extra.

★ ★ ★

The Youngs hold in storage whopping supplies of meat, fish, poultry, frozen fruits and vegetables. Fresh vegetables and bakery goods are bought on an approximation of a wholesale plan.

Breakfast at the Youngs is a meal to remember—a couple dozen eggs or more sizzling fragrantly. Pancakes are cooked by huge stacks.

HOME FOR LUNCH

Eleven children are home for lunch, but at different times. It is spread over two hours or more.

Nearly everyone has a hand in making dinner. Mother looks after the meat. The girls prepare and cook the potatoes and other vegetables. Father helps set the table.

★ ★ ★

Bedtime is 8 to 9:30 or perhaps 10, throughout the school year. The average day in the Young home starts at 5:30 a.m.

Young says he is glad to let more people know about his family "because I should like to encourage others to appreciate the benefits of large families."

He thinks the wider experience, the greater sharing, the community feeling, the give-and-take, the range of personality that characterize so large a family as his are of immeasurable value in the children's development.

Resort Hotel to Reopen as Home for Elderly

AUGUSTA, Ga. (AP) — The famed Bon Air Hotel, whose guest register since the 1880s included such famous persons as Presidents Wilson, Coolidge, Harding and Taft, will reopen next month as a residence for the elderly.

The 300-room hotel is located near the Augusta National Golf Course. It has been closed for some time, reopening briefly this year during the Masters golf tournament.

Approval Seen for Edwards

WASHINGTON (AP) — Michigan Sens. Pat McNamara and Philip Hart predicted Wednesday the Senate soon will confirm the federal judgeship nomination of Detroit Police Commissioner George Edwards.

The Senate Judiciary Committee voted Wednesday to recommend Edwards' appointment to the U. S. Court of Appeals at Cincinnati. The late President Kennedy had submitted Edwards' name to the Senate last April.

Senate Republican Leader Everett Dirksen said three or four committee members "reserved their right to object to the nomination when it comes up in the Senate."

The Tennessee Bar Association opposed the appointment. Opposition testimony centered on Edwards' one time role as a United Auto Workers Union organizer. He received a jail sentence in the 1930s for contempt of court in connection with a strike.

"There is no question of his competence," Dirksen said. "It is just a question of whether he can be impartial in view of his pro-labor record."

Continues Regular Schedule

Oswald Case Added to Warren Burdens

WASHINGTON (AP) — Chief Justice Earl Warren, keen-eyed and vigorous at 72, will shoulder his full load of Supreme Court duties while heading the presidential inquiry into President John F. Kennedy's assassination.

That is just an assumption, since Warren has uttered not a word publicly on his plans. But his associates and friends claim they know Warren's views quite well enough to predict his course.

★ ★ ★

Warren, they say, stefnly disapproves of Supreme Court justices taking outside assignments. He violated this principle, in the public interest, at the request of President Johnson.

But he is resolved to absorb his extra load as chairman of the bipartisan presidential commission by working nights and weekends, taking advantage of holidays and court recesses, and possibly giving up all or part of his usual three-week Christmas trip home to California with Mrs. Warren.

JACK RUBY CASE

There may be one case, far ahead, which Warren will avoid. If the Supreme Court ever entertains an appeal from a Texas murder case involving Jack Rubinstein, alias Jack Ruby, the court's opinion is sure to carry a notation at the bottom reading: "Mr. Chief Justice Warren took no part in the consideration or decision of this case."

Ruby, 52, is the man charged with slaying Lee Harvey Oswald on Nov. 24, two days after Dallas police had charged Oswald with assassinating Kennedy. Ruby's pistol obliterated all hope of fixing Oswald's guilt by the only sure way, Oswald's own confession.

★ ★ ★

Thus, Ruby not only is indirectly responsible for creation of the Warren commission but also figures heavily in its investigation.

PRIOR INTEREST

There is no law or court rule which says a Supreme Court justice may not participate in a case in which he has prior knowledge or interest. It is up to the conscience of each justice.

Warren's broad shoulders already support a work load that few men of his years could manage.

The chief justice takes his full share of opinions to write, perhaps more than his share. He generally winds up with the biggest and toughest cases—having spoken for them, apparently, in the periodic huddles held by the nine justices to parcel out the work load. Those conferences are supersecret; no secretary, clerk or messenger is permitted in the room. So no one ever knows why a particular justice handles a particular case.

Whatever the reason, Warren usually winds up with the hot potatoes. The present court session is loaded with them, including explosive cases in reapportionment, segregation and Negro sit-ins.

★ ★ ★

He keeps three clerks, an executive and a secretary busy, a bigger staff than that of any other justice.

And the judicial burden keeps growing. The court's current docket undoubtedly will end up as the heaviest in history. No one is optimistic that the present term can be ended June 8 as scheduled.

Invited to Kittyhawk

LANSING (AP) — The State Department of Aeronautics will fly high school students Guy Long of Jackson and Darrell Whiteman of Spring Arbor to Kittyhawk, N. C. next week for a program marking the 60th anniversary of powered flight. The two were chosen because of their scholastic ability and interest in aeronautics and space.

Dies of Crash Injuries

DETROIT (AP) — Henry Lykes, 23, of Detroit died in a hospital Wednesday of injuries suffered in a two-car collision here last Oct. 25.

World News

Viet Monk in Fiery Death

SAIGON, South Viet Nam (AP)—A Buddhist monk burned himself to death on the grounds of a religious pagoda in coastal Binh Dinh province Monday, the official Viet Nam Presse reported today.

* * *

The report said the suicide was an offering for religious or charitable purposes. It did not explain further.

Viet Nam Presse said the monk, 22, whose name was not given, poured gasoline over his robes and set them afire at the Ngoc Hoi Pagoda in his native village of Bong Son.

11TH SUICIDE

It was the 11th suicide by fire in South Viet Nam this year. Seven were in protest against the late President Ngo Dinh Diem's treatment of Buddhist opponents.

PANGIM, India (AP) — A party advocating the merger of Goa, Damao and Diu with neighboring Maharashtra State, has handed Prime Minister Nehru's Congress party a humiliating defeat in the first free elections held in the former Portuguese enclaves.

Complete returns from Monday's elections gave the Congress party only one seat in the enclave's 30-seat legislative assembly. The Maharashtrawadi Gomantak—MG—party won 14 seats and both the enclave seats in the national Parliament in New Delhi.

The United Goans party, dominated by Roman Catholics and favoring separate status to preserve religious and cultural characteristics, won 11 seats. The other seats were won by independents.

OSLO, Norway (AP) — Dr. Linus C. Pauling, America's 1962 Nobel Peace Prize winner, suggests that the United Nations share control of all nuclear weapons to decrease the possibility of war.

The controversial scientist from Pasadena, Calif. made his proposal in his Nobel lecture at the Nobel Institute Wednesday night. Pauling, who won the 1954 Nobel Prize in chemistry, received his peace prize Tuesday for his long fight against nuclear arms.

MUNICH, Germany (AP) — Thomas Krafft, a former sergeant in the Nazi SS elite guard, was sentenced Wednesday to 12 years in prison for the murder of four Austrians on V-E Day.

Krafft, 43, said he was drunk when he shot the three men and one woman. They had been held as hostages by the SS.

NEW DELHI (AP) — Pakistani and Indian forces exchanged fire at two points on the Assan-East Pakistan border this week and one Indian border policeman was injured, Parliament was told today.

Ex-Firm Head Dies

NEW YORK (AP) — Edward L. Shea, 71, former president and board chairman of Ethyl Corp., died Wednesday of a heart attack. He served as president of the firm from 1947 to 1956 and board chairman from 1956 until his retirement in 1960.

Six Hundred Enjoy Waterford Greens Market

Pontiac Press Photos

"This is our prettiest wreath," says Mrs. William Miller of Elizabeth Lake Road, "and the fruit center may be removed to decorate a table." She is a member of the Waterford Branch, Woman's National Farm and Garden Association. The annual greens market Wednesday was held in the CAI Building.

Wreathed in greens is Mrs. Alton J. Deutser of North Lake Angelus Road, member of Lake Angelus Branch, WNF&G, participants in the Waterford Greens Market.

These little pigs went to the Waterford Greens Market and intrigued little Patty Hill, held by her mother, Mrs. Norman Hill of Lansdowne Drive. Mrs. Glen R. Hickson of Tilmore Drive, made them from plastic bleach bottles. She is horticulture chairman for Lorraine Manor Branch, WNF&G.

Shoppers Surge to See, Buy at Greens Market

By MADELEINE DOEREN

Six hundred holiday shoppers attended the annual Waterford Greens Market which closed at noon today in the Community Activities Building on Williams Lake Road.

One-third of the crowd took a luncheon break Wednesday at the Smorgasbord served by the Woman's Club of the CAI Building.

★ ★ ★

Collaborating in the market were the Waterford, Lake Angelus, Sylvan Lake, Holly, and Lorraine Manor branches of Woman's National Farm and Garden Association.

★ ★ ★

Mrs. Bernard Zinn of Lake Angelus Branch won a blue ribbon for her Christmas Eve supper table laid with fringed burlap, deep green Dansk linen napkins and brown ironstone.

LITTLE SPRITE

A water-sprite statue brought from Florida centered a bed of snow-tipped greens.

★ ★ ★

A blue ribbon also accented a holiday supper-table done by Mrs. Arthur Stiller of the Holly branch. Large lemon-green snack plates contrasted with an ivory linen cloth banded with gold.

The legend of the "Twelve Days of Christmas" was told in tiny figurines on a gold tree centering the table.

★ ★ ★

Sprayed dried artichokes in a white bowl on white pine branches brought a blue ribbon to Mrs. Edmund Windeler, president of the Waterford Branch, WNF&G. Her table was covered with a purple linen cloth; white china was used.

Mrs. Arthur Arnold's coffee table arrangement of echeveria in a square container received a blue ribbon.

★ ★ ★

Sylvan Lake Branch received honorable mention for a brunch table laid with red percale. Italian tree lights and handmade felt elves were unusual touches.

★ ★ ★

Judging the display were Mrs. Parker P. Rockwell, Union Lake, Mrs. L. Clancy Nanry, Huntington Woods and Mrs. R. H. Foley of Birmingham. Mrs. William Shunck served as judges' clerk.

Tell This Drunk to Call Taxi and Leave Him to His Bottle

By ABIGAIL VAN BUREN

DEAR ABBY: I am a widow who has recently been shown a lot of attention by a doctor. (He has never been married, and is considered quite a catch.)

ABBY

I enjoy his company and am flattered with the attention he's been giving me; but here is the problem. When we are out socially, he drinks like a fish.

★ ★ ★

You can't tell a 56-year-old man that you refuse to ride with him when he's been drinking, so I just close my eyes and go. Is there a diplomatic way to handle this, Abby?

LUCKY

DEAR LUCKY: Lucky is right! If you like his company and he drinks like a fish, tell him you would be glad to swim with him, but you don't want to ride with him.

Suggest he call a taxi when he's had a few. If he refuses, let some other "lucky" lady have him.

DEAR ABBY: This may seem like a silly question, but I am 15 and would like to know if a girl is supposed to say thank you when a boy or a man opens a door for her.

Or should she just accept it as something they are supposed to do?

JUST ME

★ ★ ★

DEAR ME: Even though a courtesy is expected, it should always be acknowledged with thanks.

DEAR ABBY: My husband and I had a double-ring ceremony when we were married, only he never wears his ring. Once he said he lost it, and as soon as I told him I'd buy him another one he found it somewhere.

Another time he came home with his ring in his wallet. He is always making up some excuse for not wearing his wedding ring. I don't believe a word he says.

I got mad and told him if he wasn't going to wear his wedding ring, I wasn't wearing mine, either. I took mine off and haven't worn it in a week.

We have two children and I know it doesn't look right, but do you blame me?

NO RING

★ ★

DEAR NO: Two wrongs don't make a right. Put your wedding ring back on and find out what there is about your married life that makes your husband like to pretend he is single.

CONFIDENTIAL TO VIV: If you thought your boss was out of line, you should have either put him in his place, or given him your notice.

What did you expect your husband to do? Go to the office and knock his block off?

★ ★ ★

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, in care of The Pontiac Press.

Junior League Sets Dance at Country Club

The Junior League of Birmingham has reserved Oakland Hills Country Club this Saturday for their annual Christmas dinner dance.

★ ★ ★

The League, for the first time, has decided to honor a president at this dance, and Mrs. Sidney W. Smith Jr., who will be leaving office in June, is the honored guest.

★ ★ ★

Mrs. William E. Underdown, the dance chairman, has planned the party around "The First Day of Christmas," and Robert S. Swanson has designed gold on white invitations.

Mrs. Underdown has been assisted by Mrs. Donald Parsons, Mrs. Swanson, Mrs. Stratton S. Brown and Mrs. Robert D. DenUyl.

Members will dance to the music of Bob DuRant and his orchestra.

PARTIES

Preceding the dance members will be entertained at "No-Host" cocktail parties.

This year the parties were arranged by Mrs. Frederick C. Matthael Jr.

She has planned for League couples to meet at the homes of Mr. and Mrs. James D. Coulter, Mr. and Mrs. Robert D. Seiler, Mr. and Mrs. Robert D. MacGregor, the William T. Beresfords, Mr. and Mrs. Frederick A. Erb, Dr. and Mrs. Donald Bergerson, Mr. and Mrs. Kingsley M. Brown Jr. and Judge and Mrs. Edward B. Emery.

★ ★ ★

Mrs. Underdown said about 250 Leaguers and their husbands are expected to attend the dance.

ALICE POLONY

February vows are planned by Alice Polony, daughter of the Samuel Polonys of Dearborn and Bruce Frank Sias, son of Mr. and Mrs. Frank Sias of Dellwood Drive. He is an alumnus of Central Michigan University where his fiancee is a senior.

Same Slate Selected for New Year

Officers for the new year were selected at the Tuesday afternoon meeting of the Blue Star Mothers Chapter 4 at the YMCA.

★ ★ ★

The following officers were reelected: Mrs. Herman Dennis, president; Mrs. Charles Cowley, first vice president; Mrs. James Dando, second vice president; Mrs. George Leineriger, recording secretary; Mrs. Lettie Hancock, treasurer; and Mrs. Frank Schmidt, financial secretary.

★ ★ ★

A turkey dinner, to which the husbands were invited, and a gift exchange followed.

The club plans to give Christmas baskets to needy families and greeting cards to servicemen in hospitals.

Installation of officers will be held Jan. 14.

Women's

Mrs. William K. Baer of Winkelman Drive is thinking of her holiday guests 'having a ball' with the 'mantrap' made by Mrs. Arthur Stiller of Holly, member of the Holly Branch, WNF&G.

Honored at Party

Mrs. Robert Holms of Birmingham and Marion Ballard were cochairmen of the Christmas party for the Sisters of Mercy, the alumni and student nurses of St. Joseph Mercy Hospital.

Club Holds Noon Luncheon

A noon luncheon at the "300" Lounge started the annual Christmas party for the Fairway Golf League Wednesday.

Mrs. Robert Boles was chairman for the day, assisting her were Mrs. Maxwell Wright and Mrs. Robert Meikle. Gifts were exchanged.

This Season

Take Second for Safety

Is there a woman living who doesn't get a little bit blithering as Christmas draws closer?

Maybe we're not quite as distraught as the apartment-dwelling gal who made the newspapers last year for "mailing" over one hundred Christmas cards down the apartment incinerator and tucking the morning's coffee grounds neatly into the mail chute, but still, we're just not as alert as we usually are.

★ ★ ★

Jean Kinkead, women's consultant to The Travelers Insurance Companies, reminds us that holiday time with all of its distractions is likely to be a time of accident proneness.

★ ★ ★

She isn't referring to the more dramatic accidents that result from over-celebrating on New Year's Eve or from faulty Christmas tree wiring. (Let's heed our safety councils' and fire departments' warnings on these awesome hazards!) She is talking about home accidents, family-style.

★ ★ ★

"You know the way it goes," Miss Kinkead says. "You're cutting ribbon to tie up a package, and right in the middle, the phone rings. As you pick up the receiver, there's a blood-curdling howl from the baby who has nicked himself with your scissors."

★ ★ ★

You just can't anticipate every sort of holiday home accident—the broken ornaments that cut small fingers, the bite-size toys that get into mouths — but you can keep them at a minimum by earmarking a small amount of your attention for your main job, which is the care of your family.

★ ★ ★

How to do that, with one million jillion extra things to do? Miss Kinkead offers some suggestions that have helped in her own household which swarms with her five children, plus the neighbors' children and a large assortment of animals.

★ ★ ★

"It helps to have a plan, however flexible, for the weeks preceding Christmas," she says, and she goes about it in this way. She takes a big piece of paper and marks it into squares, each with a date on it.

★ ★ ★

All the pre-Christmas chores and events are penciled into these squares. Christmas-shopping, card-writing and mailing, the traditional cookie-baking, marketing, Christmas dinner preparations, social events for the whole family—each has its place.

★ ★ ★

The psychological benefit of knowing there's time to do all that has to be done is enormous, Miss Kinkead has found. It cuts down on the scatter-brainedness and resulting carelessness that leads to accidents.

★ ★ ★

Something else that helps is having one place for wrapping Christmas presents. The kitchen counter offers a good rugged surface, and kitchen drawers provide safe storage places for scissors, glue, ink and what have you. What else? Miss Kinkead has five suggestions.

- Don't drive the car when you're over-tired.
- Don't pile packages on the stairs.
- Do say "No, thanks" when neighborhood festivities begin to crowd you.
- Do take time out as a family to listen to Christmas music, to re-read the Christmas story, to be thankful for all your gifts, material and otherwise.
- And do make a small, quiet island in each day—perhaps at lunch-time or a half-hour before the children are due home from school in which to remember, in the light of your own understanding, what is behind all this hectic holiday activity. This can help us to go back to writing our Christmas cards in a more loving spirit, thus lightening the task immensely.

★ ★ ★

"We'll feel more at peace with ourselves," Miss Kinkead promises, "and we'll be much less accident-prone."

A late January wedding is planned by Donita Jean Leach, daughter of Mr. and Mrs. Edwin T. Leach of South Astor Street and James P. Smith, son of the George W. Smiths of West Fairmount Avenue.

Nine out of ten homicides in the United States are cleared by police through arrests, but only about one of five larcenies can be prosecuted.

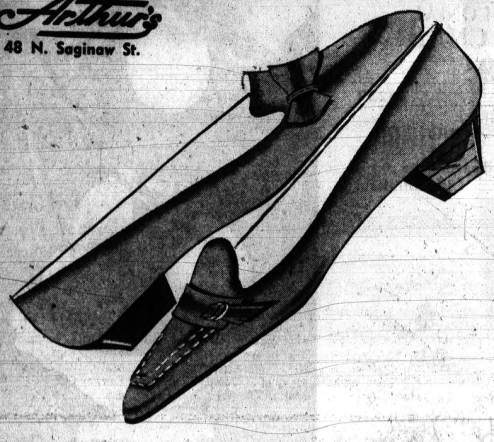

Club Donates to Boys Home

Members of the Lorraine Manor Branch, Woman's National Farm and Garden Association, brought gifts for the boys at Lapeer Home to the Christmas party Tuesday evening.

Mrs. Glen R. Hickson of Tilmore Drive was hostess.

Articles were completed for the annual Waterford Greens Market.

'Tis the Season for the Holly

Make this holiday a "holly day" with a brightly decorated eggnog set for Christmas. The punch bowl, ladle, and eight mugs are all of snow white ceramic, and a sprig of holly with red berries decorates each piece.

★ ★ ★

The charm of this set is its simplicity. Unlike many holiday items, it is modestly decorated and can be used even for formal occasions. And after holiday guests leave, these dishes are safe in hot soap or detergent suds and rinse water.

Holiday Topiary Tree Uses Plastic

Empty plastic sitting squeeze lemons and limes adapt themselves to many types of interesting decorations. At a brunch for the nation's food editors in October, these fruit-shaped containers were used to make attractive lemon-lime centerpiece trees.

★ ★ ★

To make your lemon-lime tree, you will need 15 empty plastic sitting squeeze lemons and 3 empty plastic sitting squeeze limes.

★ ★ ★

Cover a four inch styrofoam ball with green floral tape, or strips of green crepe paper. (You may purchase styrofoam at a dime store, craft or hobby shop.)

★ ★ ★

Into the ball, insert an 11 inch cardboard tube or dowel rod.

COVER BALL

Press empty plastic sitting squeeze lemons, opening side down, into covered styrofoam ball, completely covering ball. Intersperse with artificial foliage. Secure squeeze lemons, and foliage with glue.

★ ★ ★

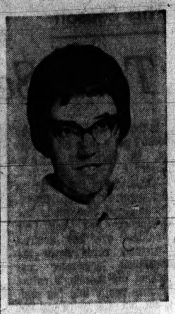

Cut another piece of styrofoam to make a false bottom for a compote dish, one pound coffee container (paint it if you like) or colored flower pot. Glue styrofoam in place.

★ ★ ★

Fill container from false bottom to top with modeling clay. Insert dowel rod, with lemon covered styrofoam ball attached, into modeling clay. Press three empty squeeze limes, opening side down, into modeling clay at base of rod, securing with glue. Intersperse with artificial foliage.

★ ★ ★

To make a festive tree for holidays, squeeze lemons or limes may be spray-painted gold or silver, and gold or silver foliage may be used.

The Claude Garners of Edgeorge Drive announce the engagement of their daughter Muriel Louisa to Terry Teachworth, son of Mrs. Joyce Clayton Heart of Lake Orion.

Plastic squeeze lemons and limes are used to make this attractive centerpiece tree. For holiday tables, spray the little plastic containers gold or silver and use gold or silver foliage.

949

by Laura Wheeler

Make an elegant gift pillow or an exquisite spread to beautify your bedroom.

Easy to quilt by hand or machine, sewing from back. Use taffeta, antique satin, sateen. Pattern 949: transfer of 12 motifs; spread directions.

Young Folks' Shop — Lower Level

An April wedding is planned by Jacqueline Sue Campbell, daughter of the Harold R. Campbells of Dover Road and John Garland Moss, son of Mr. and Mrs. Homer C. Moss of Boyd Street. The engagement was announced at a recent tea in the home of Mrs. Ora Randall on South Sharon Street. Mrs. Elmer Dunlap was co-hostess.

Help for Home Has Changed

ROCHESTER, N.Y. (AP) — Great changes have taken place in the field of domestic employment during the past three decades, notes Miss Lillian Wilson, retiring after 32 years of supplying workers for the home.

Supervisor of personal service for the New York State Employment Division, Miss Wilson's job, calls for interviewing, checking references and placing people.

"We don't use the term 'servants' anymore," she points out. "It's 'domestic help' now. In the old days we had calls for butlers, cooks, housemen, chauffeurs and upstairs maids. Now the most usual request is for girls to work an eight-hour day for $10 a day, usually one day a week."

Hold Playwright Contest

The Community Theatres of Michigan are, for the eighth consecutive year, sponsoring a contest for playwrights.

★ ★ ★

The purpose of the contest is to encourage the writing of plays, and to promote the work of talented new writers.

★ ★ ★

Three plays will be chosen. First award will be a $50 savings bond, second will be a $25 savings bond, and third will be $10 cash prize.

★ ★ ★

Rules of the 1963-64 contest are:

1. Any resident of the State of Michigan is eligible.

★ ★ ★

2. Manuscripts must be original, unpublished one-act plays, not to exceed 45 minutes playing time.

★ ★ ★

3. Manuscripts must be typewritten, and must be submitted in duplicate.

4. All entries must be submitted under a pseudonym.

★ ★ ★

5. A sealed envelope containing the writer's name and address, with the title of the play and the pseudonym on the outside, must accompany each entry.

★ ★ ★

6. More than one play may be submitted by a writer.

★ ★ ★

7. Entries must be addressed to Mrs. John N. Tiffany, 229 North Sunnybank Road, St. Joseph, Mich. and must be postmarked no later than Feb. 15, 1964.

★ ★ ★

8. Return envelope and postage should accompany all entries.

★ ★ ★

Winners will be selected by a committee of judges, composed of qualified persons, and will be announced at the annual spring conference of the Community Theatre Association of Michigan to be held at Kalamazoo Civic Auditorium on April 18, 1964.

Different Beans Get Together

NEW YORK (UPI) — Chances are that virtually every cup of coffee you have ever consumed has been brewed from a blend of several or many coffees.

★ ★ ★

The Coffee Brewing Institute reports that a coffee blend is a flavor harmony of various coffees chosen for specific qualities and combined to form a congenial whole.

The Lyon area has 99.6 per cent of France's silk manufacturers and 42 per cent of its makers of synthetic textiles.

A tobacco seed can produce a plant 20 million times its own weight in a period of five months.

Beat Dates and Nuts Into Hot Candy

By JANET ODELL
Pontiac Press Food Editor

How about some candy for Christmas? Mrs. Thurlin Cloud who loves "fussing" with Christmas preparations shares her favorite recipe.

Although Mrs. Cloud says the candy doesn't last long enough around her house, she thinks it would keep well in the refrigerator.

DATE NUT ROLL
By Mrs. Thurlin Cloud

3 cups granulated sugar
1 cup undiluted evaporated milk
2 tablespoons white corn syrup
1 tablespoon butter or margarine
1 cup dates, cut fine
1 cup pecans, cut fine
2 teaspoons vanilla

Combine sugar, milk, butter and corn syrup and boil until just past the soft ball stage. Stir constantly. This will take about 20 minutes on medium heat.

While candy is still on the stove, add dates, nuts and vanilla. Remove immediately from heat. Beat until candy is creamy and starts to stiffen.

Make into rolls one to one-and-a-half inches thick and wrap in a cloth wrung out in cold water. Chill 30-60 minutes.

Remove from cloth and roll in confectioner's sugar. Slice to serve.

Brand New! and its the Fastest most Compact most Portable most Efficient

Make Home Fireproof for Christmas

FIRE is one of the catastrophies that you always assume can't happen to you, particularly during the holiday season when the family's preoccupied with gala doings. Yet Christmas, with its trees and festive wrappings, is one time of the year when fire is an unexpected and unwelcome visitor in literally hundreds of homes annually.

So keep your guard up and abide by some of the safety rules outlined by the National Board of Fire Underwriters.

Place greens away from chairs where people may smoke, away from candles and away from the fireplace.

* * *

Place your tree where it won't block an exit or be near a fireplace, radiator, television or other heat-producing device.

The tree should be kept in water so use a stand which provides for this by means of a well.

CHECK LIGHTS

Inspect lights carefully before putting them up. Dispose of those with faulty sockets or frayed wiring. Use only glass, metal or fireproof trimmings. Cover the stand with foil or flameproof or fireproof material.

* * *

Many people use old sheets for this purpose. It can be flareproofed by dipping in a solution of 9 ounces of pure borax, 4 ounces of boric acid powder and a gallon of water. Wring by hand, hang to dry and iron if you like. Ironing will not affect flame resistance.

TREAT GREENS

There's another home-made mixture you can use for treating Christmas tree and greens to make them fire resistive. Dissolve a half-pound of baking soda and a half-pound of alum (available in drug stores) in a gallon of water and spray on trees and greens. Or, you can dip greens in the solution; it leaves them with a decorative snowy white coating.

It's wise, however, to remember that this formula is merely a fire retarder so don't be lulled into a sense of false security and ignore the basic rules of safety. Fire can still break out, although it will be a slow burn rather than a fast blaze.

* * *

Once your tree is treated and installed don't just forget about it. Inspect it periodically to see if needles near lights have started to turn brown. If so, move lights.

Check water in stand. Evaporation will dissipate much of it so be sure to replenish it often. Never leave tree lights burning when there's no one at home.

Nearly 18 million families in the United States have dogs. And nearly one family in five has two or more dogs.

To give Christmas greens used for decorative purposes a fire resistant treatment, dip into a solution of baking soda, alum and water. Why not treat all your greens this way?

Artificial Tree Looks Real

This Christmas, even deer could be fooled by a natural-looking artificial tree made of green plastic. It's six feet tall, full and rich.

* * *

Each branch comes packed in its own paper sleeve so the entire tree can be disassembled after the holidays, then repacked in the original wrappings and carton.

To keep the "foliage" clean and bright, year after year, wipe off holiday dust with a sponge squeezed out of soap or detergent suds. Then rinse and let it dry thoroughly before it is stored.

Coal produced in the U. S. in an average year would fill New York's famed Empire State building from top to bottom about 450 times.

Co-Op Dinner Held by Both Auxiliary, Post

The Jimmy Dey Post No. 12 Amvet and Auxiliary held a joint cooperative dinner meeting Monday evening at the Cook-Nelson American Legion on Auburn Road.

Following dinner was a Christmas gift exchange.

Later at the Auxiliary meeting, plans were discussed for the annual card party, to be held Jan. 18 at 8 p.m. at the Cook-Nelson post. Tickets may be obtained from the auxiliary members.

A social hour followed the meeting.

Hostesses for the evening were Mrs. Roy Williams, Mrs. Daniel T. Murphy and Mrs. John Allen.

New Pilot Flies Low

DAYTON, Ohio (AP) — Mrs. Arthur Whittaker had nobody to leave her baby with when she took the 3½-hour written examination for a private pilot's certificate, so she brought 10-week-old Renee with her.

Federal Aviation Agency personnel at Cox Municipal Airport baby-sat with the infant, born just a week before her mother took her first flying lesson. Renee's father is a jet pilot.

The Edward Clarks of Birmingham have announced the engagement of their daughter Patricia Ann to Thomas Forsythe, son of the William R. Forsythes, also of Birmingham. Both Miss Clark and her fiance attend Western Michigan University.

Better than Glass, Brittleness Gone

Glass-look Christmas balls—made of sturdy, flameproof colorfast, plastic — are a good choice for homes with children. They are shatterproof, non-toxic, and can be swished through soap or detergent to keep them safely clean for young "tasters."

Let's Knit

Men Like Sweaters

All of us have to depend on someone. We need the strength and support of people dear to us. It may be expressed in a word or a gesture. Even criticism given is constructive and invaluable. Children especially need to look up to an adult they admire.

The sweater in the photograph is modeled by Steve Terrel of NBC Television and the instructions are written for Father and Son. How proud will mother be when her efforts are valued by both dad and son, and how proud Junior will be when he will be able to wear the identical sweater to the one his dad is wearing.

The garment is not difficult to knit. It has a square sleeve and is, therefore, very comfortable. If you do not wish to make the design in the sweater, omit it and that way the sweater is quite good-looking too.

* * *

Instructions are written for Dad size 36-38, 40-42, and 44-46 and for Son size 26-28, 30-32, and 34-36.

* * *

For Father & Son Matching Sweater Set Pattern No. 28 send 50 cents in cash, check, or money order to: The Pontiac Press Pattern Dept., Box 3307, Van Nuys, Calif.

Fashionette Club Picks '64 Officers

Election of officers for 1964 took place at the Tuesday evening meeting of the Fashionette Club at Adah Shelley Library.

* * *

Mrs. Hugh Remley was elected president; Mrs. Robert Hoffman, vice president; Mrs. John Reichert, secretary; and Mrs. Frank Reichert, treasurer.

* * *

Other new officers are: Mrs. Oscar Fetter, Mrs. Edwin Bennett, Mrs. Larry Moore, and Mrs. James King.

* * *

Completing the list are Mrs. William Shirley, Mrs. Frederick Root, and Mrs. Robert Quinn.

* * *

Next week the club will hold their annual Christmas party with a cooperative dinner and gift exchange.

The John J. Coryells of Washington, Mich., announce the engagement of her daughter Janet Lynne Cohoon of West Huron Street to Edward Alfred Salter, son of the Alfred E. Salters of Davisburg. The bride-elect attended Ferris State College and her fiance was graduated from Lawrence Institute of Technology. Spring vows are being planned.

The electric power company in New York City 50 years ago provided electric car owners with a directory of battery charging stations throughout the city. Since the battery-operated cars could go only a few miles between charges, the directory was vital.

For Semester

Students Become Teachers

Some 400 students from the school of Education at Western Michigan University are being placed in southwestern Michigan classrooms.

By spending one semester of their senior year teaching in their subject fields and learning just how schools run, they find out it teaching is really their vocation before they actualy sign a contract.

They take college classes at the same time and try to evaluate their experiences and apply educational theories to practical situations.

Teaching in Kalamazoo schools are Carol Campbell, daughter of the John W. Campbells of First Avenue. She is working with second and third graders at the Milham School.

Karen Rognaldson of West Ann Arbor Avenue is working with first graders at the Indian Prairie Elementary School. Her parents are the Clarence Rognaldsons.

Working with English classes at Hillside Junior High is John Thompson, son of Mrs. Elizabeth Kennedy of State Street.

★ ★ ★

At Portage, are Frederick Staley of Glendale Avenue, student teaching sixth graders at Pershing School and Ruth Bell of Hudson Avenue, daughter of the Russell C. Bells, teaching first graders at the Waylee School. Mr. Staley's parents are the Francis W. Staleys.

Teaching first grade at the Cedar Street School in Paw Paw is Dianne Hillman, daughter of the Marvin R. Hillmans of West Huron Street.

Student teaching in speech classes at Parchment High School in Parchment, is Warren Norlund of Lincoln Avenue, son of the Henry J. Norlunds.

Charles Hawkins has been elected to "Who's Who Among Students in American Universities and Colleges" at Greenville College, Greenville, Ill.

He is the son of Mr. and Mrs. Floyd E. Hawkins of LeBaron Street.

Impersonal Gift OK for Bosses

By The Emily Post Institute

Q: I have been working as a maid for a family for five years. They have been wonderful to me and have helped me out many times when I truly needed help.

My employers will be celebrating their 25th wedding anniversary in a few weeks and I would like to give them a small gift. Would a gift be proper considering that I am a maid?

A: A small impersonal gift that you can easily afford will surely please them very much and will not be overstepping your bounds.

Q: When at a dance, when a man comes and asks a girl to dance with him, is it rude to refuse? If she does refuse, must she then sit that dance out or may she dance with someone else?

★ ★ ★

A: If she knows the man, or the dance is private where the roof of one's host or hostess is considered an introduction, it would be very rude to refuse except for a very serious reason, such as his being intoxicated.

To refuse to dance with one man and then dance immediately with another, would be very discourteous. At a public dance, she would be right to refuse to dance with a stranger.

Q: I have been dating a young man for six months. I have been invited to Christmas supper at his house.

I was never formally introduced to his mother, although I do know who she is. Would it be proper to take her a Christmas present?

★ ★ ★

A: Although no gift is necessary, it would be thoughtful and in keeping with the Christmas spirit, to take a box of candy, or cookies or a Christmas plant to his mother.

The Emily Post Institute booklet entitled, "Table Rules of Importance," describes how to eat spaghetti as well as other difficult foods.

To obtain a copy, send 10 cents in coin and a stamped, self-addressed envelope to the Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Club Honors London Guest

Mrs. Harold Harrison of London, Eng. was guest at the Tuesday meeting of the Transatlantic Brides and Parents Association.

Mrs. Robert Middler of Ashburnham Road opened her home for the meeting at which Mrs. Ira Vail acted as cohostess.

A gift exchange followed the short business meeting. A dance will be held Dec. 28.

A horse of a different color—say, Persian blue or bittersweet orange—will charm every teen-ager on a Christmas list. The gift horse is really a pair of fuzzy new knee-high socks. Stuff the socks with tissue paper, and twist them together to make the horse. The head, neck, and one front leg are one sock; the body, back legs, and other front leg, the other. Bits of felt or colored paper make the ears, eyes, and tongue; the hat, mane and tail are scraps of yarn.

Pontiac Press Photo

Mrs. Berner Hansen of Oxford, supervisor of women's occupational therapy, examines a doll made by one of the OT patients at the Pontiac State Hospital. The annual sale of patients' handiwork will be held Friday from 1 to 4 p.m. in the women's occupational therapy center.

There Really Is a Santa

By DR. GEORGE W. CRANE

CASE R-437: Tommy T., aged 6, is very much worried. "Mother," he began, "is there really a Santa Claus? "Jimmy's mother told him there isn't! I said there is. "But our teacher also told us there isn't a Santa Claus."

FACTS ABOUT SANTA

Certainly, there is a Santa Claus!

For God Almighty was the original and first Santa Claus.

And the gift which he made to us human children down here on this planet earth, was his Son.

* * *

So stop this atheistic and Communistic propaganda that there is no Santa!

Many of our clergymen, too, have become victims of this same pernicious propaganda.

They even veto the good old-fashioned Christmas parties in their churches, where Santa arrived with his bag of candy and oranges.

* * *

But that is a serious mistake.

Just remind your children that the many department store Santas are really just God's helpers.

They symbolize the one original Santa. They are just "substitute Santas."

COMMERCIALIZED SANTA

And will you clerics stop indicating even those department store Santas with your arguments that Christmas is now being commercialized too much?

Even if that were true, why disillusion children regarding one of the most inspiring, uplifting soul tonics for mankind?

* * *

You cynical adults may feel that Christmas is being commercialized unduly. And probably it is.

But you often argue that Mother's Day and Father's Day and the flowers at funerals are likewise unwarranted, yet those holidays help inspire Americans.

If you stress "pocketbooks" instead of "idealism," you are promoting erosion of the human soul.

Beware, for erosion of the soul is a far worse threat to our republic and luxurious America than is erosion of our topsoil.

If Judas Iscariot were living today, he would also veto the socalled "waste" of money spent on Christmas greetings and gifts and tributes to Mother on Mother's Day, as well as the beautiful flowers at funerals.

But Jesus soundly chided Judas for his "erosion of the soul" policy.

* * *

Christ reprimanded Judas and, instead, he praised the woman who had spent money lavishly on the funeral preparation of Christ's body!

So it is time that more "horse sense" began to appear in our religion, for erosion of the soul is preceded by rationalized arguments against spending money for things that are really a soul tonic.

* * *

For youngsters live in a world of fancy and magic and fairies versus giants, so quit spoiling their vivid imagery with cynical stress on bare facts and atheistic materialism. Have a heart!

Use Hair Dryer

Puff Up Your Furs

By POLLY CRAMER

DEAR POLLY — Use your hair dryer to puff up furs that have been stored. Place the hair dryer and fur piece in a medium-sized plastic bag, leaving just the dryer cord outside.

Fasten a rubber band around the opening where the hanger hook and the cord come out, to prevent any air from escaping.

Turn the dryer on "COOL" and hold it up into the bottom of the bag. The fur hairs raise and all odor of storage is removed. Just be sure no children can get to the bag.

* * *

● When washing fragile curtains, lay them in the bathtub and turn on cool water from the shower. After they are soaked, gently rub them with mild soap and let the shower water pour over them.

Rinse the same way and hang to dry over the plastic-covered shower curtain rod, fastening the hems evenly with clothespins. This method eliminates injury to the material.

—MRS. T.H.K.B.

* * *

DEAR POLLY—I use a stick with cotton tips on each end to polish around the edges of my little girl's saddle shoes. One end is for black and the other for white so there is no wiping off to be done.—MRS. D. W.

* * *

DEAR POLLY—I loosely wad a clean facial tissue and put it in the "dribble pocket" of a plastic bib to save spills from accumulating and overflowing when baby is learning to drink from a cup.

The tissue also holds the pocket open so that the milk runs into it instead of down baby's front.—MRS. F.R.P.

DEAR POLLY — Last year about this time I purchased several things I intended to give for Christmas gifts and when Christmas rolled around I could not find them.

I had completely forgotten where they were hidden. This year I made a note of the articles and the places where they were put and taped it on the wall in the linen closet.

* * *

If there are children in the family who can read, the names of the items might be written in a code only you would remember.—TERRY.

Share your favorite homemaking ideas . . . send them to Polly in care of The Pontiac Press. You'll receive a bright, new silver dollar if Polly uses your idea in Polly's Pointers.

Cleaning Doors Simple Matter

Cleaning the new types of polymer-surfaced folding louvered doors is no problem at all.

"Polymer is the same material used for making telephones," she points out, "Ordinary dust comes off with a soft-bristled brush or a flick of a cleaning cloth. Folding doors made of polymer can be wiped clean with any common household cleanser or detergent.

So if you've always shied away from louver doors because you thought they were dirt-catchers, that problem is a thing of the past.

Area Atmosphere for Freelancer

Hal Chadwick, freelance Christmas verse writer for a greeting card company doesn't have to go far to find the right atmosphere in which to work. He lives in "Noel," Missouri.

Jaycettes Set Plans for Holiday

The Waterford Township Junior Chamber of Commerce Auxiliary, the Jaycettes, are planning their holiday season activities.

The group will attend a Christmas party at the Pontiac State Hospital next Thursday. Members are currently sponsoring two boys at the hospital.

Monday, members will be making Christmas decorations and items for that evening's Christmas auction.

On the hostess committee for this event are Mrs. John Radenbaugh, Mrs. James Curd, Mrs. David Packard, and Mrs. James McCoy. The auction will be held in the Clarkston home of Mrs. Jack Cooper.

Next Thursday evening the Jaycettes plan to assist the Jaycees in their annual shopping and wrapping party for underprivileged children of the community. Gifts and a party for the shoppers are planned by the Jaycettes.

Dec. 22 is the date set for the Christmas party for children of the Jaycees.

The New Year's Eve party for the Jaycees and their guests will be held at the Pontiac Country Club.

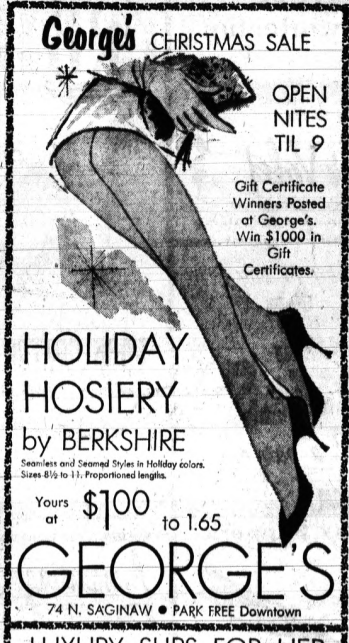

A March wedding is planned by Janet Gay Coleman, daughter of the Elmer H. Colemans of Jamestown Road and Richard Dale Hughes, son of Mr. and Mrs. Garland Hughes of West Yale Avenue.

Tub in Hot Water

Statisticians report the automatic washer makes the greatest single demand for hot water in the typical family.

ACCUTRON BY BULOVA

WORLDS ONLY ELECTRONIC TIMEPIECE

$125 No Money Down

Keeps time by the constant vibrations of a tuning fork activated electronically. Does away with the hairspring and balance wheel, the parts which limit the accuracy of all conventional watches. Has only 12 moving parts and never needs winding. Power cell lasts one full year. So remarkably dependable and accurate it has been purchased by the U.S. Air Force for all X-15 pilots.

Even on Christmas

Work Never Ceases

While most of the nation spends Christmas in a happy welter of crushed gift paper, over-excited children, new toys and a turkey dinner, it's business as usual for a corps of workers dedicated to making the holiday happier for the stay-at-homes.

They're members of a not-too-small army in the service occupations for whom Christmas is just another day.

And many of them like it that way. They're not sorry for themselves.

They have Christmas celebrations before or after work. And even at work, they're part and parcel of the holiday excitement.

★ ★ ★

Take Mary Gallagher, a long distance operator, and mother of four. She's likely to work Christmas Eve, as separated families begin their calls to extend greetings.

STARTS EARLY

She's home at midnight, then up a bit after six with the children to see what Santa has brought. A small breakfast, then the family dinner at 2 p.m.

She's back at the switchboard again at 6 o'clock Christmas night, leaving her husband to supervise further dissection of the turkey.

"I'm lucky to be in an organization where I can work split shifts," the vivacious young woman says.

"This way I can have my Christmas and work too. But I depend heavily on my husband."

★ ★ ★

Between her own and her husband's job, Skippy Gramlich can't help but be caught up in Christmas excitement.

The day before Christmas, she's helping reservation clerks at Eastern Airlines in New York find space for frantic, last-minute travelers.

FILLS ORDERS

At 5 p.m., she hurries over to her husband's floral shop, and works for hours filling a staggering number of Christmas orders.

"I never get to bed till 2 Christmas morning, but the work is exciting," she says.

"We get a lot of cables from ships at sea, from seaman who want to send flowers to their families."

★ ★ ★

The problems of television transmission grow more complicated for crews that must be extra busy at holiday time. Christmas is likely to find Morton Romanoff, ABC studio field engineer, setting up a light bridge high in the awesome dome of the Cathedral of St. John the Divine.

STAY INCONSPICUOUS

"It takes 15 or 16 hours to set up before a service," explains Romanoff.

"And of course in a church we want to be as inconspicuous as possible, so we wear clerical garb.

"Then, when we do a New Year's Eve party, like one at the Hotel Astor, we switch into tuxedos so we'll look like guests.

★ ★ ★

I love the work, and I've had an upside down schedule ever since I can remember," Romanoff adds.

FOR CHILDREN

Since Christmas is for children, hospital nurses dream up all kinds of cheer for little patients who must be confined over the holidays.

But the pediatrics supervisor at the Morristown, N.J., Memorial Hospital doesn't mind being confined with them, for she has no family home of her own.

"I'd rather be busy than lonely on Christmas Day," really enjoy working Christmas. Sometimes I even plan to keep a child here when I know he'll have no holiday at home."

★ ★ ★

The thousands of Christmas Day workers just can't help being involved in the Christmases of others.

BRIGHTENS HOME — Sent by wire, holiday flowers can bring pleasure in a hurry. They arrive quickly and are still fresh to add to decorations in the home.

Fresh Gift: Flowers by Wire

Thoughtful Santas can put Christmas into friends' homes quickly and easily, even if they live hundreds of miles away.

This special Yuletide gift—one of the most popular during the holiday season — requires almost no shopping and no worrying about size or color.

It's flowers — the gift that has been associated with Christmas since the earliest days.

★ ★ ★

Greenery, festoons, wreaths or even floral arrangements which resemble the Star of Bethlehem can be wired to friends and relatives across the country, through members of the Florists' Telegraph Delivery.

COLOR CATALOGUE

For those who want to see just what they are getting, the florists have a catalogue which pictures the selected arrangement as it will look when it's delivered.

Digest catalogues are available to take home for last minute shopping by phone.

There are some flower customs to keep in mind when ordering these home gifts. Greenery during the holiday carries a message for the hope of eternal life.

★ ★ ★

Red flowers mean happiness, white is purity and gold and silver trims supposedly stand for the radiance of the Christ Child's birthday. The poinsettia is virtually the floral symbol of the season.

Eskimo Children Lucky ---They're Close to Santa

FAIRBANKS, Alaska (AP) — Children all over the world, in some small corner of their hearts, must secretly envy the children of Barrow.

For how much closer can one get to Santa and his workshop?

Barrow children are quite familiar with reindeer, except the flying kind, and the bright red-nosed variety.

Only a few of the oldest people in the village remember the coming of the missionaries. Around 1900 these missionaries brought with them the story of Christ and Christmas. They also told of the Three Wise Men and the Christmas Star.

LONG BEFORE

But the Eskimos knew of this star long before the coming of the missionaries. The old people say that long ago it was noticed at this time of year that an exceptionally large, bright star appeared above the horizon.

It was accompanied by a smaller star. During the time of the longest darkness, in the later part of December, those stars would line up together.

Then celebrations would begin in small villages across the Arctic. Families and friends got together to hold contests, play games and share their food. It was an occasion everyone looked forward to.

★ ★ ★

Games of skill and endurance still are played in Barrow at this time of the year. They begin the day after Christmas and continue until the New Year. Men, women and children participate.

CARIBOU, MUKTUK

And what will the children be eating for Christmas dinner at Barrow? Turkey for some, but they'll also eat caribou, which is a large deer, and muktuk.

The muktuk, whale skin, has been saved from last spring's hunts especially for the Christmas feast.

The whole family will attend church services and take part in pageants, just as others will be doing the world over.

★ ★ ★

Want to know what the average boy and girl from Barrow want for Christmas? Why, the girls hope for dolls, and the boys wish for bicycles.

Ski Clothes Will Please Enthusiast

Something in ski wear—that's the guaranteed-to-please Christmas gift for any skiing enthusiast. After all, half the fun of skiing is wearing the dramatic fashions designed especially for the snowy slopes.

But up till now, stretch pants that looked so sleek when new, lost their shape after a few tumbles in the snow. Worse yet, light colors, though high in fashion, were extremely hard to keep clean.

That's all over. The latest thing in stretch pants, available just in time for Christmas giving, are made of acrylic and nylon fibers that dry in no time — no matter how many spills you take.

★ ★ ★

And best of all, they can be machine washed and dried automatically. So those light-colored pants are now as practical as they are pretty.

BEST RESULTS

For best results, wash for five minutes with regular agitation and cold water. However, if they're heavily soiled, better use warm water and gentle washing action.

The wash-and-wear setting on your dryer provides just the right temperature to relax the fibers and minimize wrinkles.

Experts recommend steam pressings every four or five launderings to rejuvenate "permanent" creases and pleats.

★ ★ ★

Stretch pants are so comfortable and smart-looking, they've been adopted by many who have never been near a skilift. And now that they can be washed, they're practical for growing youngsters, too.

New Radio Station Had Jolting Start

SHEFFIELD, Ala. (AP) — Radio Station WSHF had a "shocking" experience on its initial broadcast day.

After several weeks of impatient waiting to get legal red tape cleared, the moment had arrived for "signon" with playing of the Star Spangled Banner.

Triumphantly, the station engineer flipped on a turntable and strains of the national anthem floated out on the airways.

But before the song was finished, lightning struck the tower.

Operations were disrupted and it took 10 hours to complete repairs.

Few Cows, More Milk

COLUMBUS, Ohio (AP) — Ohio State University agriculture surveyors report the smallest cow population on record in American agriculture has produced an all-time high milk output — 125.8 billion pounds.

Need Hearty Lunch to Do Cross-Country

By DR. WILLIAM BRADY

A high school sophomore, 15 years old, I imagine, asks what is the best vitamin for someone who runs cross-country. The distance is 2½ miles. For breakfast, the boy says, he can eat all he wants, but for lunch he can have only a sandwich, because more than that would "make you sick to your stomach."

At present he takes iodin ration and multivitamins, but a friend tells him he should take wheat germ oil. And in my column today (I don't know what day, for the boy's letter is not dated), I said athletes should take vitamin D, but his mother thinks it may not be good for him to take all these vitamins.

I do not believe that athletes need vitamin D any more than others do. If anything in my column gave readers that impression, I'm sorry.

I do not believe that a more substantial lunch than a sandwich would make a boy sick to his stomach.

MORE REASON

The boy says he has to run in less than three hours after lunch. All the more reason why he should have a substantial lunch and not just a sandwich.

The suggestion of wheat germ oil is absurd.

Wheat germ oil (vitamin E) contains nothing that is not contained in wheat germ that is not over two days old. And fresh wheat germ contains nothing that is not contained in plain wheat.

★ ★ ★

The bread for the sandwiches should be made of plain wheat, freshly ground in the little old coffee mill or, if you have no coffee mill, in a hand-power or electric power grinder such as hardware stores have or should have in stock.

NAMBY PAMBY

Whether a schoolboy athlete should take vitamins or not depends on the adequacy of his everyday diet. If namby-pamby white bread, cake, pastry and the like constitutes a considerable part of his diet, he may need a good daily ration of vitamin B-complex to supplement the poor diet.

For breakfast the boy should have either a bowl of plain wheat, cracked at home and cooked as a cereal, with cream or milk and half a teaspoonful of sugar on it. Or muffins, pancakes, biscuit or waffle made of freshly ground whole wheat flour.

Then two rashers of bacon, or some ham, or bacon and eggs, or fish. Plus a glass of whole milk or skim milk, or fresh fruit juice, or a cup of tea or coffee. No chocolate, no cocoa, no colored carbonated sugar water, no beer.

★ ★ ★

Just before the race the athlete should nibble some candy or sugar, and again in 20 to 30 minutes. This prevents or moderates fatigue and exhaustion from low blood sugar.

IT'S HEARTENING

It is heartening to know that a teen-age boy is so concerned about his athletic performance. So many boys of this age seem more concerned about keeping their hair pretty!

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright, 1963)

Christmas Tale Told by Tree

There's a new pear tree that tells an old Christmas story in the home of the Aden Higginses at Hopkinsville, Ky.

The tree, made of posterboard and covered with felt, spells out the old English carol, "A Partridge in a Pear Tree."

It was designed and made by Mrs. Higgins.

★ ★ ★

There are 12 bands, like lidless round boxes, which make up the "tree." They are of graduated sizes, the largest is 39 inches in diameter and the smallest is 6 inches across.

FIGURES ATTACHED

Attached to the felt are figures celebrating the 12 days of Christmas. They are decorated in bright gold and silver braids, sequins, beads, costume pearls, and jewels.

Since the boxes are hollow, they nest one inside another for easy storage between Christmas seasons.

"A Partridge in a Pear Tree" is a carol of great antiquity.

★ ★ ★

According to the Ben Shahn edition of the song, published by the Museum of Modern Art, "the partridge in church symbolism indicates abandonment of faith.

SEES TRUE LOVE

The pear tree possibly refers to a one-time Christmas custom wherein a young girl, upon backing into a pear tree, then circling it three times, was to be rewarded by seeing the image of her true love."

★ ★ ★

The song lists a series of gifts "my true love gave to me" until "On the 12th day of Christmas my true love gave to me 12 ladies dancing, 11 lords aleaping; 10 drummers drumming, nine pipers piping, eight maids amilking, seven swans aswimming, six geese alaying, five golden rings, four collie birds, three French hens, two turtledoves and a partridge in a pear tree."

Mrs. Higgins cut the figures freehand for each band of the story-telling tree.

Stage-Struck Viewer

RICHMOND, Va. (AP)—When the Grand Theater opened here on Aug. 10, 1933, Charles B. Hall attended, and he has been going pretty regularly since. He says he has attended 1,775 movies there and paid $558.62 in admissions.

Happy Solution

Think of Leather for Man's Gift

Many a woman with men on her gift list is finding that Christmas is coming fast, but the ideas aren't.

One happy solution is to run down the long list of personal leather articles, desk and den accessories and other small leather goods that men like.

These items have at least two advantages in common. They are easy to shop for since there's no size involved, and they have the traditional masculine appeal of leather.

★ ★ ★

For the traveling man, leather luggage is personal, practical and psychologically uplifting. When he checks into a hotel, his leather bags will mark him as a traveler of distinction.

TOUGH, LIGHT

The new soft leathers are tough as ever but far lighter. You can get him a two-suiter—adequate for a weekend or a week—in a 26-ounce case. Most men prefer ginger, suntan or ivy colors in leather luggage.

Other leather luggage pieces that make ideal gifts include handy club bags that open from the top, roll bags and attache cases of many sizes and styles.

If he's like most men, his billfold is getting old and worn. You can choose from dozens of handsome new variations in the slim breast pocket wallet or the compact billfold that he can carry in a hip pocket.

★ ★ ★

Tan pigskin, black or brown grained or smooth cowhide, alligator and lizard are among the most popular leathers.

ADD WARMTH

For his home or office desk, a complete set of matched leather accessories is a gift that will add warmth and an important look to his work area.

In the play and pastime area, the number of leather gifts reflects the increasing amount of leisure time in a man's life.

Amateur photographers would welcome a capacious leather gadget bag. Golf bags or gun cases in rugged grained or smooth leather will find favor with the sportsman who golfs or hunts.

Santa's a Hard One to Reach

By JOHN GALE

LONDON (AP) — The British Post Office expects about 100,000 small problems to land in the nation's mail boxes this Christmas.

Most will defy solution.

Every year, thousands of British toddlers get off heart-breaking letters to Santa Claus.

They are apt to be long, ink stained and largely unreadable. Many don't carry stamps.

Some have neither Santa's address nor the names of the senders.

* * *

The post office reacts with official rectitude — but not apparently with much heart.

STAMP PROPERLY

"If the letters are properly stamped," said an official, "we try to send them back to the sender marked insufficient address. If they are not prepaid, we destroy them.

"After all what can you do with the vast majority addressed to such places as Chimney Corner and Fairyland?"

British kids keep trying and a few small fry have found a loophole in Santa's official defenses.

* * *

These are the ones who address their shopping lists to Denmark, Norway, Iceland, Greenland and any other place on the map where it's likely the old boy hangs out.

NO ALTERNATIVE

The post office solemnly sends these on—always provided they carry the proper stamps. "We have no alternative under the regulations," the official explained.

"It is up to the postal authorities in the various countries to handle them."

You'l think the marked lack of response would have discouraged some faith in Santa, known to British youngsters up to the age of 90 as Father Christmas. But, not so.

* * *

A 5-year-old named Nicholas weightily divulged his view of Yuletide.

GET PRESENTS

"Christmas," he said, "is when everybody gets presents and Father Christmas brings them round and puts them in the stockings.

"These are not stockings like Mummy's but real stockings. They are black."

Young Nicky was asked if Christmas had anything to do with church.

"Oh, yes," he said. "We go twice that day."

APPEARS IN STORES

Santa appears in most London department stores in mid-November and is still there long after new year resolutions have vanished with all other lost causes.

Selfridge's, the largest store in the capital, employs a willing character called "Uncle Holly" from early October.

His job is to take any messages left by the small fry until Santa arrives in the grotto.

Christmas in Britain — like most other places — is for the kids.

DISLIKE EARLY ADS

The adult fringe gets hot under the collar about advertising which starts with only 100 more shopping days to go; or decorations that spring up on the stores before the November fogs have settled down.

There is also the sobering thought of the wide open spaces in the billfold after the joyous cries of the family party have died down.

"But there is one aspect of the British Christmas holiday which makes it among the most civilized in the world," said an American with long term journalistic service in London.

* * *

"Britain does have Boxing Day."

SEASONAL TIP

Boxing Day falls on Dec. 26. It's the day the mail carrier and the paper boy call for a seasonal tip — known here as the Christmas "box." It's also a full holiday.

SANTA'S LETTERS—Despite the high mailbox, this lad will surely find a way to send his Christmas list to Santa Claus.

Racing Toys Enjoy Boom

This Year's Models Are More Elaborate

Toy auto racing sets are big again this year. Their popularity, which began less than five years ago, has increased to the point where they now surpass electric trains, according to one manufacturer of both toys.

The change is due to the fact that children today can more easily identify with cars that they see daily than with trains.

An outgrowth of the auto racing layout this year is a new harness racing set that pits two horsedrawn sulkies against each other in an electronic race on a track that's complete down to a plastic fence.

* * *

Auto layouts are increasingly elaborate, with new accessories added often.

JUMP RAMPS

A feature of one auto racing set is based on a trick performed at regular stock car events. In it, the miniature racing car jumps a gap from a ramp to the opposite lane of the roadway.

Previously the cars simply changed lanes on the straightaway.

Depending on how much is spent on them, the car layouts can vary from ovals to figure eights with crossroads, to an intricate maze of road lanes.

All electrically powered, the sets usually contain cars, roadways, speed controls and power equipment.

ENLARGED

They can be enlarged by adding accessories such as grandstands, towers, lap counters and timers, an official on his stand, a road service truck and other stock cars.

One manufacturer offers a railway-highway crossing as an accessory that enables owners to incorporate an electric train layout into the car racing setup.

These auto racing sets can be operated by children from about eight years old on.

Appeal to Imaginative Child

Christmas Toys Are Futuristic

For years, toys used to be miniatures of things used in the adult world. This Christmas, many are scaled-down versions of the world of tomorrow.

On a stroll through toyland for example, you'll see the "Wing Thing."

This bat-like flying device has a 52 inch wingspread and is 36 inches long. Children can fly it like a kite, or under power from its small gasoline engine. It climbs to about 300 feet, and when the engine runs out of fuel, it continues to swoop and soar before returning gently to earth.

* * *

The "Wing Thing" is actually the smaller version of something called a flexwing, which will help return our astronauts from outer space in Project Gemini.

Significantly, the toy version is available for children before the astronauts have the real thing.

IMAGINATIVE TOYS

If your imagination has been captured by predictions of automated highway systems, take a look at Autorama.

Little cars travel on complex highway systems with turn-offs and cloverleafs — all by remote control.

And there's even a remote control car thrill show with the "Fly-Over Chicane."

The little cars race up a ramp, hurtle off into space, change lanes in mid-air, land safely on the other side, and keep on going.

* * *

Even that old standby the erector set has turned toward the future in 1963.

Redesigned for the first time in 50 years, the perennial favorite now boasts a motor that can be preprogrammed to perform several different functions in sequence.

SPACE PROBES

The addition of streamlined girders, solid-color panels and plastic domes make it possible for boys to build working models of planetary probes, lunar vehicles and other space exploration devices still on the drawing boards of space engineering firms.

And if science fascinates you, there's a new chemistry set called "Chemistry of the Space Age."

It provides for growing plants space-ship style, without soil, using artificial plant nutrients.

It also contains atomic-irradiated bean seeds for would be Jacks-in-the-Beanstalks.

While the bean plants may never get quite that tall, they will give you a sample of what may develop into whole new varieties of plants.

With these and many more playthings, it's the Spirit of Christmas Future that's making fantasy come true in toyland this year.

Check Good as Gold With Denture ID Plate

RICHMOND, Va. (AP) — Henry F. Fall of the Bank of Virginia here tells about an unusual method of identification by a customer.

Presenting a check, he pulled out his upper false teeth and passed them over. His name and address were engraved on them. His check was cashed.

Kentucky Park Site on Boonesboro Site

RICHMOND, Ky. (AP)—Kentucky now has title to 83.4 acres of land on the Kentucky River for development of Boonesboro State Park.

The state negotiated more than 12 years for the site, where Daniel Boone and his companions established a settlement in 1775.

Dust Mop for Present?

Give a dust mop for Christmas?

Why not, when it's one now on the market, equipped with 28 accessories including a horn button for calling the children, dinner bell, air horn to warn pets out of the way, a steering wheel, siren for emergency runs down long hallways, a radio and a baby bottle warmer

If some well intentioned critics had their way, the popular figure of Santa Claus would be as dead as the Fourth of July firecracker.

★ ★ ★

By and large the firecracker, once responsible for more blinded and maimed youngsters than the safety council would like to remember, has gone unmourned—even though its disappearance has changed completely the character of the old time Fourth in much of the country.

★ ★ ★

But think what an emptiness there would be if Santa faded away!

★ ★ ★

Commercialized, caricaturized, diverted to a thousand activities that the original Saint Nicholas never could have envisioned, Santa still holds the imagination of children everywhere.

★ ★ ★

What matter if there is a Santa on every street corner and in every department store—doesn't Santa need helpers? Who cares about the logistics of gift distribution from the North Pole to chimneyless homes and apartments in ten thousand towns—there are a lot of mysterious goings on in the grownup world.

TRAUMA WON'T LAST

What child do you know who has suffered a lasting trauma from the pile of Santa-given toys that proved too lavish in one cars, or too scanty in another?

You don't have to be any great shakes at logic to downgrade Santa.

He's an anchronism in the electronic age, an aberration from the fundamental Christian theme, and the product to a considerable extent of the fancies of a versifier, cartoonist, assorted story writers and ad men.

★ ★ ★

But a generation that laughs at legends and debunks heroes still clings with its children to the image, no matter how tawdry, of a happy, all-knowing, always generous, always loving sprite whose presence once a year colors the fabric of the great religious holiday.

And the color he gives it is a happy one.

WASHINGTON (UPI) — The Man-Will-Never-Fly Memorial Society has kindly invited me to attend its annual workshop meeting at Kitty Hawk, N.C., next week.

I would like very much to go, but unfortunately I have been unable to get an airline reservation.

Nevertheless, I will be there in spirit — 100 per cent. Also 100 proof. The MWNFMS is a highly spirited group.

Its motto is: "Birds Fly; Men Drink." When translated into Latin, the motto can be loosely interpreted to mean: "Man does not fly. Or anyway, not on one wing."

This year's workshop will be particularly significant because it coincides with the 60th anniversary of what the MWNFMS calls "the Wright brothers' alleged first flight."

Last year, it only coincided with the 59th anniversary of the so-called flight.

★ ★ ★

As everyone knows, an anniversary that is divisible by 10 is always more significant than an odd-numbered anniversary. Except those that are divisible by 25.

OLD CONTROVERSY

As usual, the worship will feature a series of panel discussions revolving around the old controversy of "what really happened on Kill Devil Hill?" This much is known:

On or about Dec. 17, 1903, a couple of chaps who gave their names as Orville and Wilbur Wright climbed to the top of the hill. One climbed back down again.

Many otherwise sensible people, including a number of influential government officials, have gone on record as believing that the other one flew down.

That theory is hotly disputed by the MWNFMS, which was formed to defend the law of gravity against attacks by such radicals.

RALLYING CRY

Under the rallying cry of "We said (pause) it couldn't be done," the society has sought to convince thinking men everywhere that the thought of man flying is ridiculous, which, of course, it is.

There are, however, two minor weaknesses in the society's case. They may be summarized as follows:

1. Why would the Wright brothers, or anyone else for that matter, climb to the top of Kill Devil Hill unless they intended to fly?

2. If men cannot fly, why do they keep on building airplanes?

Although MWNFMS members regard these questions as quibbling, they have resolved to meet the issue head-on.

I wish them well, but I would have more confidence in the society if they had not sent my workshop invitation airmail.

Year-Round Fire Threat Sparks Assembly Law

FRANKFORT, Ky. (AP)—The 1964 Kentucky General Assembly will be asked for stronger laws to help combat what has become a year-round forest fire threat in the state.

The state's fire control chief, H. W. Berckman, says his 30 years in the forestry division have convinced him that changing weather patterns have spread the forest fire threat throughout the year.

Preakness Stakes pre-date the Kentucky Derby by two years.

Gifts-Giving Linked to Christmas Origins

Since the Three Wise Men brought gifts of gold, frankincense and myrrh to the Christ Child, gifts-giving has been linked with the celebration of Christmas.

Tracing the custom back to this source, the people of many nations still present gifts not on Dec. 25, but on Twelfth Night, Jan. 6, the date when legend says the Wise Men appeared to the Holy Family.

Gifts-giving at this season has, however, many origins, all of them now closely interwoven with Christmas.

In ancient times the Roman Saturnalia and the Teutonic Yule festivals in Northern Europe were both celebrated about the same time as the modern Christmas.

TREE BRANCHES

At the Saturnalia Romans exchanged gifts of branches from trees and shrubs, while gifts were tied on trees by Druid worshippers during the Yule Festivals.

From this, gifts giving became one of many pagan customs incorporated in the earliest observances of Christmas as a religious holiday.

The pagan worshippers had usually presented gifts as a means of paying tribute, often to their rulers, but through the encouragement of early church leaders, the exchange of gifts at Christmas soon began to express the ideas of generosity and doing good to others.

"Thank you" gifts to those who serve and gifts to the needy symbolize this meaning.

As the birthday of the Christ Child, Christmas has always been an important holiday for children.

Today Santa Claus is their special friend, but he is only the most recent of a long line of gifts-givers.

The first of these was St. Nicholas, a real bishop who lived in the fourth century A.D.

Since he was renowned for his generosity, many legends about him soon developed. The date of his death, Dec. 6 became Children's Day.

MAGNETIZED FLOOR—This dollhouse with a magnetized floor allows a child to move the family and pets throughout the rooms of this contemporary ranch, by running magnet-tipped pointers under the floor.

Swanky News in Dollhouses

Look Like Homes in Decorating Journals

The American dream of a swank home in the suburbs seems to have come to life in the land of little girls' dollhouses.

No more are the houses simply partitioned boxes with roofs and a scanty supply of wooden furniture.

The dollhouse of today looks just like the homes the girls' mothers drool over in decorating magazines.

★ ★ ★

There are several styles all made of steel, although some cardboard versions can be had in the lower price ranges. The traditional Colonial architecture still is included.

ADDED MODELS

But added models are modern split-level and ranch-type homes — all replicas of those stretching from Scarsdale to Holmby Hills, and just about as fancy.

The houses come with breezeways, patios, barbecue pits, garages or carports, swimming pools, and even outdoor television antennas

Furniture for the dollhouses are miniature early American or modern designs, complete right down to braid rugs, radio-phonograph combinations, kitchen utensils, nursery furniture and up-to-date bathroom fixtures.

★ ★ ★

Much of it is made of plastic. Children seem to want to play with scale models of what they see around them.

PLASTIC FAMILY

One house includes a plastic daddy, mommy, brother and sister, packed in with the furniture.

There is realism also in other toys intended for little girls.

There are, for example: hand-operated mixers, color-coded so the girls can measure and mix cold desserts; manually operated or electric sewing machines, including materials, thread and patterns; and vacuum cleaners for the pint-sized housekeeper.

★ ★ ★

Maybe the toys will brainwash the girls into thinking housework is lots of fun!

Buying Tips for Toys on Science

Some adults may come away from an array of today's science toys with eyes glazed over, feeling they'd have to be nuclear physicists or engineers, at least, to make a wise selection.

For those wandering in the complex wonderland of chemistry, biology, physics and space exploration, calm down.

There are a few guidelines to go by in helping choose a science toy.

First, give a set that is versatile. Good science toys allow a youngster to do more than one thing with them.

MANY EXPERIMENTS

The set should enable the child to perform many experiments to fit his growing knowledge and expanding interests.

Remember to buy for stages, not ages.

Key your choice to the interest and ability of the particular child, and this will vary.

Your best bet is to choose a science set that will supplement what he's studying in school.

EASY DIRECTIONS

Be sure the directions can be read and understood by the child, and that the experiments are interesting and fun.

Lastly, expect fair value for your money.

Science toys should be well made and strudy enough to serve for a reasonable amount of time.

These Clay Feet Not of Bronze; Solid Plaster

FRANKFORT, Ky. (AP) — Henry Clay's statue, which has stood in the State Capitol Rotunda since 1930, isn't cast in bronze as most people suspected.

Walker Hancock, a Boston, Mass. artist, said he discovered the statue was solid plaster recently when he was here to set up the statue of the former Vice President Alben Barkley.

Hancock, who noticed a broken finger on the statue, said "there seems to be a gold paint undercoat and then black paint over that to give the bronzed effect."

★ ★ ★

He recommended to state officials that the Clay statue be cast in bronze before it falls apart.

An electric light bulb which is claimed to be capable of burning constantly for years has been patented.

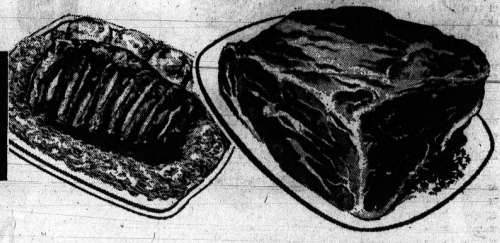

Drip Costs Cold Cash

COLUMBUS, Ohio (AP)—Fix that leak, Ohio State University extension engineers warn. They say one faucet leaking only 40 drops of water a minute wastes almost a gallon of water a day.

Eggs Become Decorations

Woman Fixes Them for Tree Ornaments

Eggs are usually thought of as an Easter tradition.

But about 200 dozen eggs have been turned into glittering Christmas tree decorations by Mrs. Isabel Baynes of Bowleys Quarters, Md.

Tools for her hobby, besides the emptied eggshells, are semi-clear glue, multicolored glitter, sequins and ribbon. Mrs. Baynes first saw Christmas eggs which had been imported from Germany and were selling at $4 a dozen.

★ ★ ★

"I decided I could make my own," she says. "It's a simple process."

BREAKS DOWN

Mrs. Baynes cracks the top of an egg, emptying it into a saucer. Then she breaks down the eggshell to fit the design she wants. Some eggs have only the top segment removed, but others are reduced to a half-shell.

Her method of adding glitter to the shells is to draw lines and circles with the tip of a glue container. Then she sprinkles a spoonful of glitter over the entire shell. When surplus glitter is shaken off, the pattern appears.

She completes some designs with figures of clowns, angels, Snowmen and Santa Clauses which peep over the shell's edge.

★ ★ ★

When Mrs. Baynes began decorating eggs, she says each egg took about half an hour to complete. But now she can decorate one shell in 10 minutes.

MADE STAR

Mrs. Baynes even made the star for the top of the family tree from six eggs glued together and decorated in red and gold. This, she says, was her most difficult project.

★ ★ ★

Christina, Mrs. Baynes' 10-year-old daughter, also has learned to decorate eggs, as have many pupils in the six area schools where Mrs. Baynes serves as substitute teacher.

Doll World Filled With New Talent

The world of dolls abounds with astonishing new talents, all keyed to making it more difficult than ever to differentiate dolls from real children.

Star performers this Yuletide are the new contingent of baby dolls whose behavior almost exactly reproduces the muscular virtuosity of infants and toddlers and most of the human babies' repertoire of sound effects as well.

The muscular activity of the baby is reproduced with fascinating realism by a new infant doll prototype. When this accomplished cherub sucks on her bottle she squirms and wriggles in a manner modelled exactly after real baby movements.

LAUGHS, CRIES

There's a doll that laughs when tickled and another that cries when spanked.

A real surprise for even experienced connoisseurs of the modern playroom phenomenon — the doll conversationalist — is a new pram, wired so that when the doll mother pulls a cord the doll in the pram starts chattering without being touched at all.

Another addition to new doll accomplishments in the vocal area is the inclusion of foreign languages in the doll conversational repertoire. One newcomer doll's accessories include records in six languages besides English.

The family concept has gained ground in the world of dolls this Yule season. There are more mama and papa dolls and teen-age male dolls are included in several family sets.

★ ★ ★

The teen dolls have highly realistic accessories including telephones, hi-fi sets, and sports outfits. The sportive look currently favored in adult fashions is echoed in the fashion doll world, too.

Edgar May Help Blind See Electronically

WASHINGTON (NEA) — Experiments in guidance systems for space capsules may some day result in "electronic eyes" for earth-bound blind persons.

A device conceived by Dr. Walton Bishop, an Air Force communications scientist, could in theory permit a blind man to avoid cars on the street, duck overhead branches, avoid open manholes, step up curbs and steps, find the door of his home without groping, keep from bumping into telephone poles light posts and people.

It would not enable him to tell one person from another unless there was an unusual difference in height or width or perhaps in the texture of their clothing.

Like people with sight, however, the blind man with such an electronic gadget could make mistakes or become confused at the data presented him by his electronic eyes.

★ ★ ★

Sometimes the electronic gadgetry itself would become confused. And the device wouldn't be as good as human eyes. It wouldn't register color or precise complicated contours.

SENSE OBSTRUCTIONS

In a sense, the blind man with such an electronic gadget would operate in much the same way as an automatically operated space vehicle, sensing obstructions and distances, veering to avoid the obstructions while moving toward a destination.

But this gadget would be hooked up to the wearer's skin so that his brain would be the "computer" that figures out the meaning of the signals and makes decisions on what to do.

Dr. Bishop says, "The idea came to me in my laboratory work with communications using reflected power back in 1947. . . The photocell and associated equipment used at that time, however, weighed about 200 pounds.

★ ★

With the advent of transistors, tunnel diodes and new photocells, today the required amplifying equipment will weigh only a few ounces."

SIZE OBSTACLE

The big hurdle, of course, is size. Dr. Bishop hopes it will be possible to design the equipment so that it will fit into the handle of an oversized cane.

Eventually, perhaps, the whole gadget could be fitted onto a pair of eye-glasses.

The electronic eye would have three essential parts:

● A highly directional optical sensor something like a miniature pinhole camera, but with a photosensitive cell, an amplifier and a source of power.

● A wide-angel directional sensor with the wider opening of a modern camera.

A "transducer" which would translate the electronic impulses picked up by the sensors into signals the blind man could use. One type of transducer might have "whiskers" which would transmit signals to his fingertips. Another type might be connected with nerve endings in the sensitive skin area around his eyes.

★ ★ ★

Dr. Bishop has worked out some of the basic problems a blind man must solve with such electronic "eyes" by imagining a mechanical man he has called Edgar. Some typical problems:

● Obstacle Avoidance — If Edgar scans the area in front of him by rotating his head, his sensors should indicate a recognizable difference between essentially free space (only distant objects present) and light reflected from a nearby object.

● Pitfall Avoidance — Edgar must nod his head in order for his sensors to detect a pitfall. Sharp edges surrounding a pitfall, such as an open manhole, should be easily distinguishable.

● Recognition of Objectives — Edgar may find it necessary to scan his environment several times in order to recognize the response his sensor gives as recognizing a particular object. A post of known height and shape, such as a public mail box, for example, could be recognized by several horizontal scannings at different levels.

★ ★

● Bearings from Three Known Points — This problem is identical to that of establishing a ship's position with respect to three known points. If Edgar is in an area he knows, he should be able to measure several angles by using his narrow-beam sensor. His wide-angle sensor will help him establish distance.

● Step Down — The problem is similar to pitfall avoidance as far as determining where the edge of the step is located. It would be convenient if the sensor could detect a difference between the texture of the surfaces at the bottom and top.

● Step Up — Edgar should experience no difficulty either in locating the position of the "step up" or measuring its height. He would only have to nod his head to find the top and bottom.

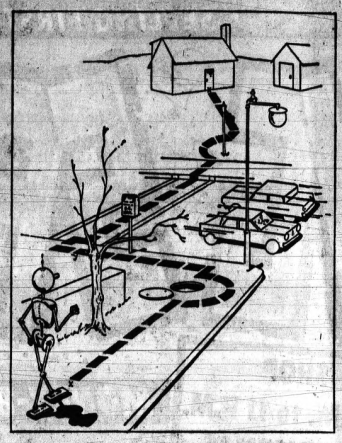

● Low Bridge (such as a tree limb) — The presence of a "low bridge" would be detected first in the same manner as the presence of any other obstacle. Its presence would be missed if Edgar kept his head tilted downward. Sighted persons sometimes bump their heads for the same reason.

● Recognition of Approaching Vehicle — The vibrating surface of a moving vehicle should cause Edgar's sensors to indicate a different "texture" from that present when the vehicle is not moving.

FOCUS ATTENTION

This texture alone will not always be recognizable as indicating motion, but it should aid Edgar in keeping his sensor focused on the object.

He need stand still for only an instant to determine how the position is changing.

MECHANICAL EYES — A person equipped with a theoretical mechanical eye should be able to complete the course laid out for the robot. Using electronic equipment, the 'eye' should be able to detect tree, manhole cover, cars, and location of houses and doors.

DOUBLE GIFT — An especially thoughtful present is this china dessert centerpiece already filled with holiday candies and chocolates.

Heart disease is costing the United States $4 billion a year, including wage, production and tax losses due to absenteeism, premature death and employe turnover.

Jeweler Has Gifts to Suit Every Man

At Christmas time, your favorite man deserves your special attention and the gift you select should tell him so. A good place to find the perfect, personal gift is your jewelry store.

This year, jewelers have the widest range of men's jewelry and accessories in many years.

If you start early and choose carefully, you'll find just the thing he has been wanting.

Consider the man's taste, take a look at what he usually wears and then select something different, but not too different.

If he's wearing a silver tie clasp, collar pin and cuff links, get him a similar set in gold, but respect the general style he likes best.

You may choose from a varied array of watches, lighters, cigarette cases, pocket knives, good luck chains and, of course, the always welcome cuff links and tie tacks or clasps. A handsome stone ring is another happy thought.

Authorities in Indonesia have killed about 6,000 savage dogs, formerly domestic pets, homeless since the devastation in March by the eruption of the Agung volcano.

THERE'S STILL TIME . . .

Picking Toys Requires Care

Who will use the toys? This question needs careful thought, if Santa's assistants are going to rate good marks for efficiency.

Most of the errors in toy buying result from inattention to this basic point.

This advice comes from Dr. Mary Moffit of the Toy Guidance Council Educator Advisory Committee who notes that most inappropriate toy selections are made by harried shoppers who leave the procurement of gifts for the children on their lists to the last minute.

* * *

Playthings are vital tools of childhood — the tools which help youngsters to learn by doing, Dr. Moffit noted.

The value of well-chosen toys as basic aids to child development is so tremendous, that the selection of playthings should merit priority on the busiest shopper's list of activities.

COLOR ENCHANTING

The color and movement of many toys is enchanting to adults, Dr. Moffit notes.

This is natural and grown-ups would be happier if they relaxed more by playing with toys.

But this yearning for amusement should not be allowed to conflict with the very real need of children to have toys which are suited to their state of development.

No assistant Santa should be reticent about asking for information about the children on the gift list, Dr. Moffit states.

Parents and even teachers can provide very helpful clues to the kind of toys which will fit special interests of individual children.

Safety is a most important rule of toy selection, Dr. Moffit notes, and here, the key is the choice of toy gifts that especially fit the age.

The hobby kit that will be fine for a school age youngster will be dangerous in the hands of a kindergartner.

Most care, of course, should be exercised in the choice of toys for the baby. Since everything is likely to go mouthward, it is important to pick playthings which are safe to suck and which have no loose parts which might be swallowed. It is important, too, to remember that toys for baby should be light weight to avoid strain on developing muscles.

* * *

Babies are endeavoring to develop their sense of touch, so toys of different textures will be helpful.

Musical toys help the cherub to develop his sense of hearing.

Doting relatives will be wise to give careful attention to labels and instructions on boxes when picking toys for babies and toddlers as a double check on safety factors.

ENVIRONMENT FACTOR

It is considerate to give thought to where a child lives too. If he has the run of a back yard play space, a garage or a basement playroom, then large scale toys and games will be appropriate gifts.

If he lives in a small apartment, space problems will have to be weighed to determine a toy's utility.

* * *

When a large family must be remembered, it may be helpful to give playthings which can be used by different age groups together.

JOYLAND — Children enjoy this carnival scene and merry-go-round, a take-apart choo-choo train and miniature versions of other popular rides. It's geared to the preschool set.

Dissatisfied at Brand

TULSA, Okla. (AP) — When the postman delivered a free sample of a new brand of toothpaste to the home of Mr. and Mrs. Gene Curtis, their 4-year-old son, Carl, ran after the postman crying: "This is not our brand."

Some Two-Way Thief Made One-Way Radio

KANSAS CITY (AP) — Cpl. Larry J. Agnew parked his patrol car in front of police headquarters while he went inside to make a report.

He returned 30 minutes later to find the microphone from the two-way radio had been ripped out.

Forest fires in the U. S. each year, 90 per cent of them man-made, destroy enough usable timber to build approximately 86,000 new homes.

Cozy Christmas Kept Intact at 'Sleepy Hollow' Mansion

Even when he was traveling, Washington Irving, the creator of Rip Van Winkle and Ichabod Crane, wanted Christmas to be kept at his country home just as if he were there.

He once wrote his nieces that he wanted to think of them enjoying the customary Christmas celebration at Sunnyside, his "little oldfashioned stone mansion, all made up of gable ends, and as full of angles and corners as an old crooked hat."

It might please him to know that Christmas is still kept at Sunnyside.

* * *

Today the cottage he bought and remodeled from 1835 to 1837 has been restored and is maintained as part of Sleepy Hollow Restorations.

NEAR SETTINGS

Sunnyside is located on the borders of Tarrytown and Irvington-on-Hudson, N. Y., near the real-life settings he immortalized in tales such as "The Legend of Sleepy Hollow."

A large wing which was added by family descendents in 1896 was removed two years ago.

It looks now as it did when Irving died there in 1859.

* * *

At Christmas Sunnyside takes on the festive air of a 19th century English country house.

Irving served as secretary of the U.S. legation in London from 1829 to 1832 and his fondness for things English was reflected as he furnished Sunnyside.

CAME HOME

From 1842 to 1846 he was in Spain as United States Minister, but he came home again to Sunnyside in 1846 where he spent the rest of his life.

Holiday decoration at Sunnyside today is carried out by members of five area garden clubs, under the supervision of Joseph T. Butler, curator, to insure their historical accuracy.

Over the steep gabled roof at the entrance, a huge garland is arranged, and a wreath is hung in the center window.

* * *

A Christmas tree, trimmed with beeswax candles, life-like birds of papier-mache and 19th century ornaments, adorns Irving's study.

COLORFUL ARRANGEMENTS

Candlestick sconces are hung with red ribbons; mantels and tables have arrangements of greens and holly; garlands of greens are draped over the doorways, and holly and pine decorations are tucked behind the portraits in the cozy parlor and dining room.

The dining table is set, as it would have been when Irving entertained the important literary and political figures of his day, with his gleaming silverware.

The china plates are made of Paris porcelain, said to have been made in the 1830s at Au Paridis factory. Above the table hangs a glistening glass chandelier.

* * *

In the parlor, which overlooks the Hudson River, the mantel over the fireplace is done up in candles, ribbons and greenery.

There stands the spinet, center of the musicales Irving enjoyed and often joined playing his flute.

HOSTESSES IN UNIFORM

Costumed hostesses greet visitors to Sunnyside.

Last year about 35,000 people, many of them schoolchildren, visited.

Sunnyside was bought by John D. Rockefeller Jr. in 1945 and the restoration was opened to the public in 1947.

Here, in Irving's "snuggery" the traditional Christmas he described in "The Sketchbook," is still to be seen.

Savings banks hold 18.5 billion in mortgage loans involving 750,000 families.

Greek Restaurants Asked to Cut Tabs

ATHENS (AP) — The Greek National Tourist Organization has appealed to restaurant owners to half the increase in the price of meals.

Constantinte Eliascos, president of the organization, said recent increases in meal prices could gravely harm the tourist trade.

He said his organization had approved a 10 per cent increase in charges for hotel rooms, but could see no justification for increases in restaurant prices.

New Breed of Car Salesman: World Rover

By CHARLES C. CAIN
Associated Press Auto Writer

DETROIT - The sun never sets on the territory of auto salesman Jack Kemp.

He is general manager of Overseas Direct Market Operations for the Ford International Group of Ford Motor Co.

* * *

In simpler terms, Kemp, of 1342 Forbes Bloomfield Township, is Ford's No. 1 salesman in 97 countries which have no Ford plants or Ford subsidiaries. His territory ranges from Japan to Morocco, from Turkey to the Philippines.

The 45-year-old Kemp is typical of a new breed of auto executives who sprang up as the U.S. auto industry sent its products into the world market.

OTHER POSITIONS

Kemp, a native of England and a major in the British Army in World War II, served with both Ford of England and Ford of Canada before he was named to his present post last March.

Restless behind a desk, Kemp is most relaxed when he is working on some sales problem.

He supervises a force of 310 Ford sub dealers around the world. In many cases, an individual sub dealer serves as the clearing house to scores of other sub dealers in his country. So for all practical purposes, Kemp has some 5,000 dealers with whom he works.

One of the principal barriers is that of language, for the dealers use a variety of 22 languages. In addition, there are some 20 currencies to deal with and 97 governments, each of which has its own ideas on tariffs, duties and taxes.

FAST DEMANDS

The demands of customers around the world keep Kemp on his toes. For example, if one country has poor roads, its auto buyers may want a car with a different type spring than that ordinarily put on a car. Others may want engine adjustments or styling adjustments.

"There is no way of stretching a car, but we can do just about anything else to meet a customer's needs," said Kemp.

* * *

Kemp, who just returned from a 66,000 mile trip in which he visited Ford dealers in 10 countries, said he was surprised at the knowledge people around the world have about the auto industry.

"When we would have a showing of our cars, it was not unusual to see a man crawling under the cars and examining them in minute details," he said, adding, "They would ask some of the most technical and knowledgeable questions you could imagine."

THE MODEL T

Asked in an interview what was the most unusual thing he had learned as a world-wide auto salesman, Kemp replied:

"I think that would be something that happened in East Africa. It was the way that quite a few people came up to me and asked why Ford still didn't build the Model T. Most of them said they had been driving the Model T for years and felt it was one of the best cars the U.S. auto industry ever turned out."

Jacoby on Bridge

By OSWALD JACOBY

JACOBY

Some partnership arguments seem funny to other bridge players. North felt that South had made a gross overbid when he jumped to four spades. North added that if South had made his proper rebid of three spades, he, North, would have gone to four spades anyway.

At this point, West broke in and remarked, "It seems to me that you are arguing about nothing. You reached a good four-spade contract.

"The cards had to lie badly in order for you to be set and besides if my partner had not made a fine defensive play you would have made the contract and all would be sweetness and light."

East's defensive play is one of those that looks easy when you see all the cards. He won the opening heart lead and shifted to a low trump. Once that play was made South could not make his contract and actually managed to go down two tricks.

South won the spade lead and tried to get a heart discard on dummy's diamonds. East ruffed the second diamond, cashed his ace of spades and two more hearts and chalked up 200 points on his side of the ledger.

It not only looked easy, but it should have been easy. The nine of hearts opening indicated either a singleton or doubleton.

South was marked with the ace of clubs as part of his bidding strength. He also was marked with good spades and it was up to East to kill dummy's ruffing power while still retaining control of the trump suit.

North	East	South	West
1 ♠	Pass	1 ♦	Pass
1 ♠	Pass	4 ♠	Pass
4 N.T.	Pass	5 ♥	Pass
5 N.T.	Pass	?	

You, South, hold:
♠ A J 4 3 ♥ A 6 5 ♦ K Q 7 4 ♣ 8 2

What do you do now?

A—Bid six diamonds to show one king. Partner has taken control and you should answer him.

TODAY'S QUESTION

Instead of bidding one spade over your one diamond your partner bids two clubs. What do you do now?

Answer Tomorrow

Astrological Forecast

By SYDNEY OMARR
For Friday

"The wise man controls his destiny. Astrology points the way."

ARIES (Mar. 21 to Apr. 19): Some of your plans for expansion may need greater consideration. Better to take time now than later. Avoid mistakes by checking details. Be competitive, but also CONSIDERATE.

TAURUS (Apr. 20 to May 20): You may have to do some "prodding" of associates. Stick to practical, down-to-earth ways to accomplish goals. This is NOT the time for sudden changes. Stress independence, creativity.

GEMINI (May 21 to June 21): Read TAURUS message. Be available when higher-ups make request. Some personal sacrifices may be required, but you work for your own ultimate good. Act realistically. Stress SINCERITY.

CANCER (June 22 to July 21): Check communications. Be sure messages are clear. Get your own meaning across by being specific. Resist tendency toward CONFUSION—applies especially to understanding loved one.

LEO (July 22 to Aug. 21): Exciting evening indicated — chance to express yourself. Keep it lively and CREATIVE. Fine for dining out, attending social affair. Chance of good time all relaxing.

VIRGO (Aug. 22 to Sept. 22): Time to display talents, abilities. Don't let opportunity opening. Step in! Exhibit self-assurance. Don't ask too many questions. Be grateful for opportunity. Act confidently, efficiently.

LIBRA (Sept. 23 to Oct. 22): Older individual may come to your aid with helpful advice. Listen, evaluate what you hear. Excellent for entertaining at home. Enjoy yourself — others follow your lead.

SCORPIO (Oct. 23 to Nov. 21): Cycle continues high. Income opportunities favored. Gain indicated through travel, correspondence, study. Put KNOW-HOW to good use. Speak up. Assert yourself. Express opinions.

SAGITTARIUS (Nov. 22 to Dec. 21): Stress on your personality, personal appearance. Sense of humor heightened, spotlight likely to be turned your way. You can be the life of the party.

CAPRICORN (Dec. 22 to Jan. 20): DIPLOMATIC APPROACH gains much — don't force issues. Display sense of humor. Partner may be in need of reassurance. Permit self to be taken. Being a good listener is extraordinarily helpful. Show TACT.

AQUARIUS (Jan. 21 to Feb. 19): Handle responsibilities to get details out of way early. Leave yourself free for meditation, relaxation. Enjoy being with friends. Also get enough rest. Stress MODERATION.

PISCES (Feb. 20 to Mar. 20): Good news forthcoming. Be ready to be in receiving end. Chance for prestige, greater recognition due. Mail, calls should improve. Day and evening both to your liking — enjoy yourself.

IF FRIDAY IS YOUR BIRTHDAY, you are a believer of truth, a lover of nature, a holder of high ideals.

GENERAL TENDENCIES: Transportation makes news. All signs urged to exercise caution while driving, traveling.

More Special Interests Than Ever

Check His Wants, Needs for Gift Ideas

Shopping for a man's Christmas gift, this year, can be less of a chore and more of a pleasure — less of a "shot in the dark" and more of a direct hit on the target of his wishes.

The key to successfully gifting a man is to pinpoint your present to his interests and activities. The fact that he has more of both today is what makes the big difference!

It greatly widens the scope of your selection, makes it vastly easier to give him something he will really use and enjoy in practically any price range your pocketbook may suggest.

The man of today engages in more sports, rides more hobbies, cultivates more avocational skills, travels more widely, and, in general, leads a much more diversified life than his counterpart of only a few years back.

QUICK LOOK

Just see how a quick look at the special interests of the man in your Christmas will simplify your gift shopping.

Does he play golf or tennis? Does he bowl, ski, hunt or fish? For good gift clues, check his needs for equipment.

Is he "handy" about the house? Does he like to work with wood, metal or leather? A new and much-wanted tool may well be the answer to your gifting problem.

Is he a "Sunday painter?" A hi-fi fan? A record collector? A "shutter bug?" A gardening enthusiast? A cook-out chef? A model builder? His particular hobby should be rich in good gifting suggestions.

TRAVEL A LOT

Does he travel a lot—by car, plane or train? Some of the new luggage and accessories may be just what he needs most.

What are his reading interests? History, politics, biography, sports, travel, adventure, science (fiction or fact)? A new book to his taste will give him many happy hours.

Of course, for whatever he does, for wherever he goes, a man must have clothes to "fit the part" that he plays. And therein lies another good source of gift ideas.

In active sportswear, there is specialized garb for golf, tennis, bowling, hunting, fishing, boating or whatever a man's favorite pastime may be.

For the home "handyman" or gardening devotee, there are knock-about togs in denim.

In the realm of general leisure - wear, gift suggestions run a wide gamut from slacks and sport coats to sport shirts, ski jackets, sweaters and stadium coats.

For all their far - ranging "outside activities," most men still spend many happy hours viewing TV, reading and just plain relaxing about the house. This is where lounge-wear enters the gift picture in the guise of robes, slippers, shirt-jackets and the like.

★ ★ ★

Shifting the focus to a man's workaday world, your gift can help him "put his best looks forward" as he sets forth, each day, to business.

CHECK WARDROBE

Check his wardrobe for current needs in such basics as shirts, ties, mufflers, gloves, handkerciefs, belts, socks, etc. Make your selections with an eye to his known tastes, and choose colors to coordinate with what he now has.

SILVER UTENSILS — Homemakers will welcome gifts of gleaming silver, such as (top, from left) the chafing dish, covered candy dish, candelabra, (botton, from left) goblets and punch bowl with ladle and pitcher.

Sterling Idea for a Gift

For Christmas and for use throughout the years, beautiful silver bowls, platters, candlesticks, ashtrays, candy dishes, compotes and vases are gifts of timeless value, while a fine silver service grows more beautiful with use and can make every meal a festive occasion.

Most popular in the silver hollow ware gift lineup are silver bowls of all sizes and designs, with the classic Revere bowl a perennial favorite, available in sizes from tiny individual ashtrays to huge centerpiece bowls for flowers or fruit.

The thoughtful giver will order such gifts well in advance to allow time for the personal touch of initialing or monogramming.

Silver trays are always in demand, and no household ever had too many of them — big, handsome trays to hold a complete coffee service or small trays to hold an individual cup or glass.

Anything from a set of silver coasters to a handsome tea or coffee service will win gratitude from any homemaker. And the silver may be sterling or plated, precious or budget-priced.

Smart Holiday Gift

Boots Are Back in Style Now

This Christmas, give her fashion and warmth in one package — with a gift of smart new leather boots designed to add a glow to her holiday costume.

There's a wide choice of flattering boot styles to satisfy any taste.

She may prefer side or front fastenings, or perhaps she likes zippers or large decorative buckles. They are all available on the prettiest leather boots she's ever seen.

★ ★ ★

For town or more dressy occasions, she'll adore new smooth or grained leather suit boots with flattering shaped heels and square, crescent or tapered toes to match.

SUEDE BOOTS

Another feminine favorite is fur-trimmed suede leather boots. She'll step high through snow and slush without getting cold or wet feet in your gift of water-resistant leather boots that cover the ankles.

Many of the new boots are wool shearling-lined and have turn-up cuffs to keep ankles warm in deep snow or wintry blasts.

Others have smooth leather linings that won't wrinkle, chafe or irritate her feet.

The new, weather-proofed leathers are softer and warmer on the foot. Their bright new colors alone would keep her toes warm.

MANY COLORS

You'll find bright reds, deep red, browned red, burnished browns, a gamut of tans, and woody greens and soft yellows as well as gleaming black to choose from.

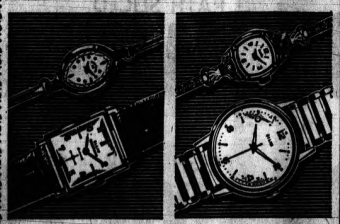

Your gift will keep on pleasing her in the months to come, as pliant leather soles give a firmer footing on icy, wet, or snowy streets. In addition to keeping their shape longer, all-leather boots resist wind and water.

★ ★ ★

Unlike impermeable footwear of rubber, plastic or woven materials, leather boot shoes allow the foot to "breathe" when she walks from the nippy outdoors into a warm bus or department store.

Girl's Best Friend Can Also Do Favor for the Gift Giver

Women have an affinity for diamond jewelry, especially at Christmas.

Of all the jewelry forms, pins are the most practical and "safe" gift choices because they are adaptable to most apparel.

The classic gold pin lavished with a diamond spark keeps company with all ages: on the wool suit of a college girl, on her mother's velvet cocktail hat, or on grandmother's silky holiday dress.

Best-liked designs for pins are nature forms — leaves, flowers, birds and even butterflies.

★ ★ ★

Gold leaf pins with engraved veins emerging from diamond-tipped stems look freshly fallen.

FLORAL SPRAYS

Half-blown buds and floral sprays come in realistic or stylized versions. Solitary sunburst pins are studies in contrast, with alternating petals of polished and Florentine-finished gold.

Free-form and abstract pin designs, dramatized with diamonds, are reminiscent of famous sculptures and paintings.

Earrings come in designs to match pins to complete the jeweled ensemble.

★ ★ ★

"Occasional" rings for right-hand wear are true high-fashion gifts. Domes of polished gold are punctuated with starry diamonds; strands of 14-karat gold are twisted into flower silhouettes and spirals which seem to soar off the finger.

LEAVES, BERRIES

What looks like a mound of silver branches is a ring design of platinum leaves embracing a bunch of diamond and creamy pearl berries.

Criss-crossing leaves at the top of a ring literally "grow" around a diamond-set vine which encircles the finger.

Pendants continue to be popular, especially the single diaeven question-mark pendants ular, especially the single diamond-droplet first made famous by television personalities.

★ ★ ★

There are three dimensional flowers, four-leaf clovers, and even question-mark pendants shimmering with good-luck diamonds, for wear on delicate necklace chains.

GOLD LOCKETS

Victorian-type lockets of glistening gold are enjoying a revival. Oval, round and heart-shaped lockets have a deep-set center diamond on the cover or are engraved with forget-me-nots.

Necklace claps are an unusual fashion jewel gift. For the woman who wears a favorite necklace, there are clusters of pearls and diamonds nestled on the topside of a clasp in several designs.

Not only is the jeweled clasp practical, it's beautiful and meant to be worn in the center front hollow of the neck.

★ ★ ★

Jeweled clasps accommodate anywhere from one to five strands of beads in a necklace.

HOW MANY STRANDS?

Before selecting a gift necklace clasp, it's imperative to know how many strands of beads there are in a woman's favorite necklace.

After the holidays, the clasp and necklace can be taken to the jeweler for the changing of the old for the new jeweled clasp.

Watches, a time-honored gift, are tailored and dressy to keep tabs on time very fashionably. Watch bracelets, of flexible gold mesh or rigid wristbands, offer variety in widths.

★ ★ ★

Oval, square, pear-shaped and round "faces" are framed with the tiniest of diamonds; numbers are set with gems.

HIDE TIME

eh edthe time of day until they

Elaborate watchface covers hide the time of day until they are flipped with the touch of a finger.

Enameled and gold lapel watches haloed with diamonds are suspended from bowknot or solid gold bar pins; this timepiece revival recalls when it was fashionable to wear watches on lapels.

Who Says Farm Work Never Taken Lightly?

NEW HOLLAND, Pa. (AP)— Traffic lights are a problem in this Pennsylvania Dutch community.

The horse - drawn buggies driven by Amish farmers who live in the surrounding areas aren't heavy enough to trip the treadles and make the lights change.

A new machine enables an amateur photographer to put a sound track on old film.

Codes ZIP Yule Mail

Uncle Sam has come to the aid of everyone, with a plan to put extra zip into the speedy delivery of Christmas cards and parcels.

The plan has been in use by the United States Postal Department since mid-year. It's the new zip code system for speeding mail, with zip code numbers assigned throughout the United States for use on all mail, following the address.

Uncle Sam thinks so highly of the system that he's preparing to zip letters to Santa's workshop. Santa himself has been assigned a zip code number denoting his address.

★ ★ ★

For fastest delivery, address him at Santa's Workshop, North Pole, 99701.

ZIP CODE

You can help to speed delivery of Christmas messages by using zip code numbers on parcels and cards, wherever possible. Here's how:

If you have not already done so, start now to collect out-of-town and out-of-state zip codes. When you receive mail with a return address which shows a zip code number, make a note of it at once in your address book or Christmas card file.

When you address your Christmas mail, use those zip code numbers. But be sure the numbers are both correct and complete.

★ ★ ★

Each number in every zip code has a particular meaning that helps in routing mail more quickly to its proper destination.

NO ZONE NUMBER

In areas where postal zone numbers have been in use, the zone number now appears as the concluding part of the zip code. If you use a zip code number, it is not necessary to write the postal zone number, too, after the name of a city.

When you address mail to a person whose postal zone you know but whose zip code you do not yet have, continue to use the zone number.

When you write others, include your zip code number as part of your address.

★ ★ ★

If you don't know zip code numbers for part of your Christmas mail, make a special effort to get it on its way extra early.

And in any case, mail early.

Suggested mailing deadlines are: December 10th for all parcels and out-of-state Christmas cards; December 16th for Christmas cards for local delivery.

AP Photofax

FOR WHOLE FAMILY—Everyone will enjoy gift of luggage and leather goods. Father enjoys a handsome attache case, while mother is delighted with a handy train case. Sister gets a glamorous hatbox, and little brother appreciates a real man's wallet.

In the last 15 years the cost of sending a student through a public college has risen by 54 per cent and through a private college by 70 per cent.

A "ground effect vehicle" is being built which will float a ton of cargo over any terrain, or over water, with a clearance of three feet.

Leather Gifts, Luggage Yule Family Firsts

The warm traditions of Christmas time, when family and home have special meaning, find appropriate expression when every member of the family receives presents from the same "family" of gifts.

The luggage and leather goods "family" abounds in ideas for gifting everyone.

For Mom and teen-age daughter the inspirations range from matched sets of luggage to accessory pieces such as hatboxes, train cases, shoe bags.

★ ★ ★

The men of the family can be successfully gifted with attache cases and other briefbags, luggage pieces and desk accessories.

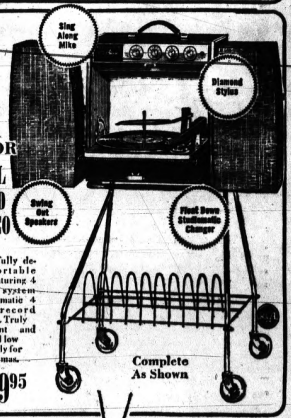

While the younger boys often shy away from carrying a briefbag, they are highly complimented by gifts of wallets just like Dad's.

Junior Editors Quiz on TEETH

QUESTION: Why do we have different sizes and shapes of teeth?

ANSWER: Our teeth are extremely important to us because, unlike many animals, we don't swallow our food whole, but must prepare it for digesting by chewing and breaking it up.

We eat many different kinds of food; think of the difference between a piece of chicken and a hard nut. Our teeth are of different kinds so they can grind the different kinds of food for us.

The picture shows the four types of teeth we use. (A), or incisors, are used to bite off pieces of food—you can think of their action as being like the cutting of shears. Four strong, pointed teeth, the canines (B), are useful in cutting food into smaller pieces and are often compared to the pointed tines of a folk.

(C), the bicuspids, are wider but have pointed chewing surfaces, grinding food roughly. A smoother shredding job is done by the molars (D), which can be compared to mill stones which grind grain into flour.

Our teeth are wonderfully arranged to process the food from front to rear, making it smaller all the time.

We need all our teeth—an excellent argument for taking good care of them.

★ ★ ★

FOR YOU TO DO: Follow what happens when you chew a nut, eat a sandwich or a dish of ice cream. You will discover that your tooth factory has a remarkably skillful foreman, your tongue, which guides everything around so that the teeth can go to work.

During the first four months of 1963 returnable beverage bottles outsold nonreturnable almost 3 to 1, while nonreturnable beer bottles outsold returnable almost 8 to 1.

'The Cardinal' an Honest Actor

By HAL BOYLE

NEW YORK (AP)—The honesty of Tom Tryon, who may be Hollywood's next big star, is as impressive as his acting ability.

A year ago, Tom, who is 6 feet 4, dark and handsome, was a good journeyman actor well-known to movie and television producers, but comparatively unknown to the public.

BOYLE

Then Otto Preminger picked him over 20 other candidates for one of the best roles on the movie horizon for some time.

The title role is in "The Cardinal."

★ ★ ★

After viewing some of the early scenes, Preminger signed Tryon, who looks much like Bishop Sheen and Sir Laurence Olivier, for five more films.

Tom is neither Irish nor Catholic. He is of Dutch-English descent, and as a youth in Hartford, Conn., attended a typical New England Congregational church — "You know, big, white steeple, white pillars, and hard seats."

NOT RELIGIOUS

Although fascinated by the ritual of the Catholic Church, Tryon said his experience in portraying "The Cardinal" had not made him any more religious.

"I'm in no sense a convert," he said frankly. "But after President Kennedy's death — I don't usually go to church too often—I felt the need of being in one, and I went into a Catholic church, and I lit a candle for him."

"I felt at home there," he said.

★ ★ ★

Tom, who studied painting at Yale University, spent three years in the Navy. He didn't decide to become an actor until after he had tried a few walk-on parts in a summer stock company and performed such other theatrical chores as holding up television cue cards.

After an apprenticeship on Broadway, Tom worked in about 10 films and more than a hundred television shows before Preminger, who has always had a canny eye for a promising newcomer, gave him the biggest break of his career.

CHANCE TO LEARN

"Television gives you the chance to learn to act in front of 10 million people," Tryon said. "But the trouble with it is that the industry has become too imitative. As soon as anyone comes up with a bright new idea, everyone else rushes in and tries to copy it.

"Now it is just rubberstamping sausages."

★ ★ ★

Tom is keeping busy with his hobbies — painting and building or refinishing furniture.

"Actors sometimes go for such long periods without working that if they don't find something to keep their hands and heart busy, they wind up buggy and start climbing the walls," he said.

Tom said that one of the funniest things about his recent fame came when a fan magazine writer asked him to name "all the disasters in your life, such as whether your mother ever fell down the stairs, and things like that."

When Tryon couldn't think of any, he said the writer finally asked him in desperation:

"Well, didn't you at least have acne when you were a kid?"

College Pair Coordinated

SAN DIEGO, Calif. (AP) — It takes split-second timing, but Linda and James Pearce don't let having four children interfere with acquiring a high education.

Attending classes at San Diego State College, the two alternate baby-sitting chores with classroom attendance.

Linda meets her husband on the campus at 10:15 a. m., following her 9 o'clock class. He heads for his 10:30 class and she takes over watching baby Kimberly; Lauren, 19 months, and David, 3.

★ ★ ★

Their oldest child, Dana, 8, spends his mornings in classes at the Campus Laboratory School.

★ ★ ★

Pearce is still working toward his master's degree, while his wife already has her master's and is studying toward a secondary credential.

Nevada is the seventh largest state in the Union in area, but it is the smallest state in population.

A new cargo terminal at the Kingsford Smith Airport in Sydney, Australia, can handle 100 tons of air cargo daily.

The Avon River in England is 75 miles long, rising in Tetbury and flowing to Severn past famous Stratford-on-Avon.

Grads Stir Up Interest in OU

Oakland University's widening reputation, sparked by graduation of its charter class last April, has generated increased interest in the four-year-old institution.

Herbert Stoutenburg, director of admissions and registrar, disclosed that applications are coming in at about three times the rate of last year.

He said that 426 applications had been received as compared with 147 at this time last year.

★ ★ ★

"And the quality is excellent," he added. "It seems the good students apply now, while later the quality drops off."

POSITIVE EFFECT

Stoutenburg said the graduation of the charter class has had a positive effect.

"There are actual alumni now."

He said the new applications were split 60 per cent male and 40 per cent female. The interest of the applicants is divided between engineering science, liberal arts and teacher education.

★ ★ ★

The OU registrar reported an upturn in applications from out-state and out-of-state areas. He anticipated no problems in housing the additional resident students.

4TH DORMITORY

Plans are already under way for a fourth dormitory. Bids are to be received next week. Construction is due to begin immediately, according to Chancellor D. B. Varner.

He said the six-story $800,000 dormitory is scheduled for completion in time for the fall semester in 1964.

The Michigan State University Board of Trustees okayed the added dormitory at their meeting last month. However, Varner said the actual details of financing were not set.

★ ★ ★

The dormitories at OU are set up on a self-liquidating basis, with student fees financing cost of the building.

RESIDENCE FEES

Chancellor Varner also predicted an increase of $4 - $6 per month in residence fees next fall. He said the hike was necessary because of rising construction costs.

Varner emphasized that any rate change would have to be okayed by the MSU Board of Trustees.

★ ★ ★

Room and board costs about $800 for two semesters, which OU officials say is in line with those of Big Ten schools.

Name Estes Trustee of Cancer Unit

E. M. Estes, Pontiac Motor Division general manager, was one of five men elected trustees of the Michigan Cancer Foundation.

Also joining the ruling body of the agency were Dr. Edwin De Jongh, 3880 W. Lincoln, Birmingham, medical director of Pontiac Motor, and Frederick B. Hunt, 365 N. Glenhurst, Bloomfield Township, president and general manager of Michigan Bell Telephone Co.

Others are Donald F. Kigar, 32786 Bingham, Beverly Hills, Detroit Edison Co. executive vice president, and William F. Randolph, general superintendent of J. L. Hudson Co.

Following the election, trustees took under consideration a proposal that the Foundation begin an educational program warning of the effects of cigaret smoking on cancer and other diseases.

Michigan Cancer Foundation is supported by the Pontiac Area United Fund.

Smells Out Trouble in Search for Animal

ASHLAND, Ore. (AP)—Steve Barnett, an Ashland high school student, lost his pet deordorized skunk several weeks ago.

This week a neighbor called him and said the animal was in her yard. Steve went to bring his pet home and discovered too late it was not his skunk.

Pontiac Press Photo

WHETHER THE WEATHER — Crossing guards in the Waterford Township school system go about their duties in all kinds of weather as evidenced here. Mrs. Bruce R. Langdon, a guard at Monteith Elementary School, guides youngsters across busy Crescent Lake Road at Universal in a driving snow storm.

School Crossing Guards

Guardian Angels for Children

By JOE MULLEN

No list of unsung heroes would be complete if it omitted those who work as school crossing guards.

Waterford Township's school system offers a fine example of dedicated people going about their tasks with little fanfare.

Dedicated? Most certainly. No one else would want the job.

★ ★ ★

The $1.25 hourly pay rate offers little appeal. Hours are irregular. And weather conditions can be punishing, especially at this time of year.

TURNOVER RATE

Yet, in Waterford the rate of turnover among the contingent of 24 guards is insignificant.

Most of the Waterford guards are mothers of youngsters attending the school at which they work. The remainder, with the exception of a 19-year-old man, are retirees.

Basically, the duty of a guard consists of stopping traffic while groups of youngsters cross the street.

★ ★ ★

The guards do not direct traffic in the manner of a traffic policeman, whose varied gestures and use of a whistle stop, start and turn cars while regulating the flow of foot traffic.

SUPERVISORS

Jointly supervising the Waterford Township crossing guard program are Ed Hills, superintendent of buildings and grounds for the school system, and Waterford Detective Arthur Holmes.

Holmes and Hills conduct an annual meeting with guards, usually in January. Fundamentals of the job are taught and various problems discussed at these sessions.

Holmes, the township's juvenile officer, observes the crossing guards daily while making regular trips to school buildings, checking for suspicious persons who sometimes frequent school premises.

Most of the time any given crossing guard is found to be performing his duty exactly as specified. Occasionally Holmes will note a flaw and stop his car to correct the problem.

NO ACCIDENT

Hills can recall no accident occurring in any crossing guard's zone.

This seems symbolic both of the guards' competence as well as the respect for authority the guards command from the youngsters they guide.

School principals play an important part in the crossing guard program as well as in the total safety program in their particular buildings.

A principal has direct authority over a guard. Principals also recommend replacements for crossing guards who leave the service of the school system.

The recommendations are referred to Hills and Holmes for their approval.

Whether a particular school employs a traffic guard or more than one guard, hinges on the school's location and resulting traffic situation.

Eight of the 24 elementary schools in the system have no guards, nine have one guard, six have two and one school has three.

Patrol boys work with guards by restraining eager groups of youngsters until the guard has stopped traffic.

Guards work an average of 12 to 12½ hours weekly. An average day calls for approximately one half hour duty both in the morning and afternoon and over an hour during the noon lunch period.

Building Permits Up in Valuation in Waterford

The valuation of building permits issued in Waterford Township during November amounted to $579,291, nearly triple the $210,363 permit valuation of November 1962.

Last month a total of 72 permits were issued compared to 58 for the same month a year ago.

Residential permits accounted for most of the difference in building activity during the comparative months.

★ ★ ★

Last month, 22 housing permits were issued at a valuation of $365,330. In November 1962, the building department issued just four residential permits valued at $78,360.

Total valuation of permits issued the first 11 months of this year is $7,535,942 compared to $6,210,363 for the same period last year.

State Hospital Gets Yule Spirit

By L. GARY THORNE

The Christmas spirit may be a state of mind, but it is much in evidence at Pontiac State Hospital.

It takes nearly 800 employes and 900 volunteers almost a month to prepare a Christmas for the hospital's 3,000 patients.

Before Dec. 25 arrives, more than 150 parties will be held in the 57 wards and eight cottages. In addition, some 30 caroling groups will visit to further feed the elusive holiday spirit.

★ ★ ★

The spirit, however, appears self-sustaining.

It begins slowly. First, Christmas decorations appear on the walls of halls. The artwork is entirely done by patients.

CHRISTMAS MURAL

In the huge dining hall, a former mail carrier has his own project. Using discarded Christmas cards, this 15-year patient fashions giant murals — Santa Claus, reindeer, a sleigh, elves, and the like — on the walls.

The entrance to the main building is decorated with brightly lighted tree and music flows continuously from a hidden record player.

In the evenings, caroling groups visit. Young and old, school children and adults, these singers will be regular features from now until Christmas.

★ ★ ★

However, inside the buildings, parties are in progress nearly every day. The hospital's 110 volunteer groups hold parties for every ward and cottage.

HELD PARTY

The Pontiac Farm & Garden Club, aided by a Sylvan Lake branch, is such a group. These women, who normally visit the hospital every Tuesday, held a Christmas party for 50 patients this week.

Carols were sung, refreshments served and small gifts were offered the patients. A nurse, watching the gaiety from the sidelines, commented: "The patients look forward to this very much."

One of the club members, Mrs. J. S. Sibley, 41 Oriole, said: "Isn't it wonderful the way they share?"

She wasn't looking for an answer to her question.

★ ★ ★

The spirit was there.

A hospital official, a veteran social worker, looked on with wonderment.

JUST "SITTERS"

"It's hard to realize that these women were 'sitters' (a patient who just sits) not too long ago."

The party was orderly, but still a party. Club members seemed to be having the same good time that the patients were.

The Pontiac Farm & Garden Club has been giving such annual parties for more than a decade. Other volunteer groups have conducted similar parties for just as long or longer, according to hospital officials.

★ ★ ★

The Christmas parties largely come from the volunteer groups, but hospital employes also feed the Christmas spirit.

SOLICIT GIFTS

Each year the community relations department solicits gifts from the community. These must be submitted unwrapped.

The gifts are pooled and employes pick out one for every patient. The employes then wrap and individualize each gift.

This is all done on their own time.

In addition, the employes "dig deep" into their own pockets to buy personal gifts for patients who work for them during the year. Birthdays are remembered the same way.

Come the big day, hospital officials estimate that nearly one-third of the 3,000 patients will go home for the holidays. Some go for only overnight, others for nearly a week.

HOSPITAL WITH HEART

Pontiac State's reputation as a "hospital with a heart" is well earned, commented Dr. Donald W. Martin, medical superintendent.

★ ★ ★

Of course, the Christmas observance at the hospital will be topped by special church services. Protestant services are slated for the Sunday before Christmas, while Christian Science services will be conducted Christmas Eve day and Catholic services will be held on Christmas Day.

Shut Camp; Trusties Not

MOUNDSVILLE, W. Va. (AP) — Camp Fairchance, West Virginia's home for trustworthy convicts, is being closed. Too many of the inmates have proved they can't be trusted.

The minimum-security facility, a branch of the West Virginia Penitentiary located about 1½ miles from the penitentiary, houses about 125 men.

★ ★ ★

Penitentiary Warden Otto C. Boles said he is discontinuing the 18-year-old camp because it needs renovation and escapes have become too frequent.

Urban League Names Aide

Assigned to Position of Youth Director

RALEIGH D. HAIRSTON

Pontiac Area Urban League today announced the appointment of Raleigh D. Hairston to the post of job development and youth incentive director.

Hairston, 29, has been active in Urban League work in Cleveland and Tampa, Fla., since completing work on his master's degree in social work in 1960 at Atlanta University.

He has also worked with community block organizations; South Fulton County Health Center, Atlanta, Ga., and as a cadet teacher and student minister in Bluefield, W. Va.

★ ★ ★

Clarance E. Barnes, Urban League executive director, said Hairston will take over the position formerly held by Charles Leonard who resigned to take a job with the State Department of Social Welfare.

Hairston received a bachelor of science degree from Bluefield State College. He is a member of several professional groups and has worked with civic and civil rights groups.

Plea Is Due in Traffic Case

Duane L. Pearson, 28, of 4148 Elizabeth Lake, Waterford Township, will be arraigned Monday in Circuit Court on a charge of leaving the scene of a personal injury accident last Oct. 17.

★ ★ ★

Pearson was bound over to the higher court by Waterford Township Justice John E. McGrath after he waived a Justice Court examination.

Pearson is free on $1,000 bond.

'THE WEASEL' CAUGHT

Roy John "The Weasel" James was popped into jail yesterday in London. He was the 21st suspect arrested in the great British mail train robbery. Police said he had $33,000 in his possession when he was caught in a rooftop chase.

Decrees Volunteer Day

LANSING (AP)—Gov. George Romney has proclaimed Monday, Dec. 16, as Michigan United Fund Volunteers Day.

Germany's Modern Jails Confine Convicts Cozily

By HANNS NEUERBOURG

FRANKFURT, Germany (AP) —Construction of ultramodern jails is brightening the penal picture in West Germany.

Millions of dollars are being spent to make them as cozy—but also as escapeproof—as possible in this nation of rising wealth and rising crime rates.

★ ★ ★

The new jails are badly needed. In some of the old German prisons, up to 12 men were crammed into 4-man cells. Many of the buildings are 100 or more years old. A bucket in the cell serves as the sole sanitary facility.

West Germany's jails of the space age are a far cry from these depressing Prussian-style lockups.

MORE THAN THEATER

A new jail at Stuttgart cost more to build than the city's theater or the modernistic concert hall.

Life for the 800 inmates of the $5.5-million building features bright rooms, mostly single, with handsome, magnetically locking clothes closets, radio reception and a two-way telephone linking the prisoner with the supervisor's glass cabin at the end of each corridor. Running water and modern plumbing in each cell go without saying.

★ ★ ★

Food is served in white plastic dishes kept hot on electrically heated trays. The nine-story main cell building gives upper-floor inmates a breathtaking view of the surrounding countryside. Daily walks for exercise are held on the roof.

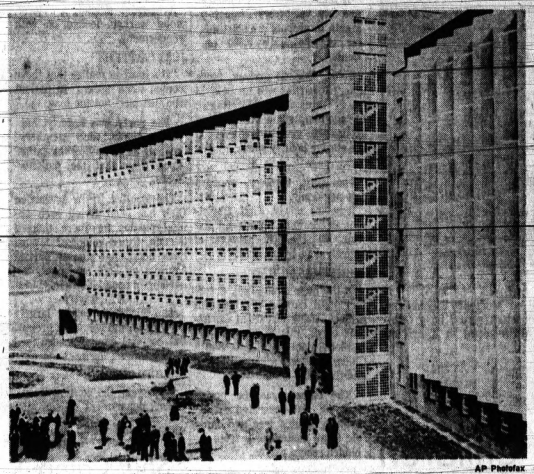

Closed circuit television covers the area between the jail and the 15-foot-high outer walls. The moment a prisoner crosses this section, an electronic eye sets off an alarm. Powerful searchlights are switched on, and the television cameras, suspended from high masts, begin operating.

With 800 inmates, including 150 women, the average construction outlay per inmate is $6,875 or about half the price of a modest German one-family house.

For the new 900-inmate jail in Hannover, the per capita cost was $5,000. Facilities are similar to those in Stuttgart. Every cell has a socket for electric razors. The recreation wing includes a theater hall and hobby rooms.

★ ★ ★

But let no prisoner believe it is easier to break out of the more comfortable jails. Prison officials say the window bars are lined with so much concrete that a convict would have to spend most of his life sawing before he could slip out.

AP Photofax

FELON HOTEL — Lucky German felons cool their heels at this resort, the new Stuttgart prison. The modern decor reminds the "visitor" of a gilded cage. The rooms offer a refreshing, though distant, view. Reservations are guaranteed and guests pay on time. Though modern, the walls are of solid, leakproof construction.

UAR Tightens Security for Chou En-lai Visit

CAIRO (AP) — The security-conscious government of the United Arab Republic said Wednesday the schedule for Red Chinese Premier Chou En-lai's visit would not be announced in advance.

The office of President Nasser also told newsmen they would be given only a few hours notice before Chou lands Saturday.

Utica Goes It Alone on City Hall

UTICA — The City Council and the municipal building authority have decided to go it alone.

They're going to quit waiting for a federal grant and get back to work on the proposed new city hall.

The first step will be a joint meeting next Wednesday of the council, building authority, architect, city attorney and the city library board.

There the building authority is expected to propose incorporating plans for a new city library into the city hall scheme.

★ ★ ★

After the library board makes a decision, the building authority will work with architects to prepare drawings and specifications. Then revenue bonds will be let and the actual construction will begin.

2 PLANS

Up to this point, the City Council had been considering two ideas, a $100,000 structure to be financed solely by revenue bonds and a $182,000 building which would be possible should the city receive a federal grant.

At Tuesday's meeting of the council, City Attorney George Roberts said the likelihood of a federal grant was slim.

He also brought out the point that as soon as actual construction begins, in the eyes of the government this means no federal grant is needed.

So now the council and building authority will concentrate on plans for the smaller facility.

All municipal offices, including the police department, will be housed in the new city hall. Should a library become part of the plans, a larger and more costly building will be required.

Early this year Utica residents voted 206 to 199 to issue general obligation bonds to pay for the municipal offices. However a three-fifths majority vote was required for approval.

A second money-raising scheme — establishment of a building authority — was recommended by city bonding consultants Miller, Canfield, Paddock and Stone of Detroit. It was accepted by the council, and a seven-member board was established.

The authority will issue revenue bonds to finance the building and then construct it. The city will pay to rent the authority for use of the building, money which in turn will be used to pay off the revenue bonds.

★ ★ ★

Clerk Mrs. Eunice Kopietz said yesterday that before making any further moves the council will see what the library board thinks of adding a new library to plans for the city Hall.

★ ★ ★

"Next Wednesday something will be decided, and then we'll start forging ahead on our own."

AP Photofax

BEST OF SHOW—Ten-year-old Doug Kutzley of Morenci doesn't have much trouble controlling his prize-winning steer even though the 1,000-pound animal weighs over ten times more than he does. Doug's Angus steer "Frank," was awarded the Grand Champion Steer ribbon yesterday at the Detroit Junior Livestock Show. The Angus, scheduled to be auctioned off today, won over 297 other entries vying for the honor.

Attorney Named to Area Board

FARMINGTON TOWNSHIP—Earl C. Opperthauser, general claims attorney for Grand Trunk Western Railroad, has been appointed to the Township Board.

He will replace Peter Olfelt, who was transferred out of the area.

Opperthauser, 38, of 32216 Baintree is past president of the Kendallwood Homeowners Association and of the Michigan Railroad Lawyers Association.

★ ★ ★

The Township Board also appointed two new policemen, increasing the full-time force to 14.

REZONING

New officers are Alvin Gula and Richard Krueger, both of whom have been auxiliary policemen for several years.

The board approved the rezoning of a seven-acre parcel of property to permit construction of an 88-unit apartment building.

The property on Independence s behind Botsford Hospital which is now under construction. Rezoning had been recommended by the township zoning board.

★ ★ ★

The zoning change was sought by Rutledge Realty Co. of Pontiac.

Huron Valley Bond Is Decided Today

MILFORD — Property owners in Huron Valley School District today are deciding the fate of a $2.2-million bond issue for a proposed building program.

Heading the list of proposed projects is a $975,000 junior high school in Milford.

★ ★ ★

Also planned are a $450,000 addition to Highland Junior High School, a $175,000 addition to the high school and about $80,000 in improvements at Milford Junior High School.

★ ★ ★

The work would be paid for by refinancing a 1955 bond issue which carried a debt retirement levy of 3.4 mills last year.

Chief Heads Law Group

Chief Glenn Smith of the Wolverine Lake Police Department has been installed as president of the Oakland County Law Enforcement Association.

Smith succeeds Chief Lee BeGole of the Novi Township department.

Lt. Walter Caukin of Redford, assistant commander of Michigan State Police District No. 1, will serve as first vice president, while Lt. Clayton Randolph of the Pontiac Police Department begins a term as second vice president.

New secretary-treasurer is Lt. Merlin Holmquist of the Birmingham department's detective bureau.

Installed as directors were BeGole, detective Harry Jones of the Oakland County Sheriff's Department, Capt. Walter Sluiter of the Bloomfield Hills Police Department, Chief Eugene King of Northville and Carl Carter of Detroit Edison Co.

In Detroit Show

Boy's 1st Steer Wins

DETROIT (AP)—A 10-year-old Morenci boy, showing a steer in the Detroit Junior Livestock Show for the first time, won top honors Wednesday over veterans of up to eight years of livestock exhibiting.

★ ★ ★

Douglas Kutzley's 1,000-pound Angus, "Frank," was named grand champion steer of the show. Reserve grand champion in the field of 298 entries was a 1,015-pound Hereford shown by Brian House, 15, of Rosebush.

Suzan Good, 16, of East Lansing exhibited both the grand champion lamb and the grand champion pen of three. The grand champion was an 87-pound Hampshire.

FIRST PERSON

Suzan's brother, George, was the first person ever to have all three grand champions—steer, lamb and pig.

Reserve champion lamb was a 90-pound Southdown shown by Fred W. Savage Jr., 12, of Hanover. Champion pen of three was shown by James Gochanour, 14, of Litchfield.

★ ★ ★

Don Mulholland, 18, of Charlotte had the grand champion pig, a 235-pound Poland China. Gene Girbach, 18, of Saline, had the reserve champion.

The grand champion pair belonged to Geraldine Fry, 12, of Kalamazoo. Girbach exhibited the reserve champion pair.

Although Oakland County 4-H'ers didn't take any top honors in yesterday's judging, three of the local competitors won ribbons.

Reserve championship in the pen of lambs competition for lightweights was won by 17-year-old Bonnie Rose of the East Orion Club. She entered a pen of Southdown Cross lambs.

★ ★ ★

Jim Smith, 17, a member of South Lyon's Nu-Ly-Wix Club, placed second in the Angus competition for heavyweight steers and 11-year-old Lyle Barger, of the Northwest Oakland Club, won third place honors in that class.

The show's ribbon winners will be auctioned today.

Reelected at Hospital

ALMONT — Dr. Glenn L. Smith of Imlay City has been reelected to the post of chief of staff at Community Hospital.

Others elected at the recent meeting of the hospital's staff were Dr. Merle B. Haney of Almont, vice chief of staff; and Dr. William L. Martin of Romeo, secretary-treasurer.

★ ★ ★

Dr. Dorothy L. Leith of Imlay City and Dr. George P. Chabator of Romeo were elected to serve with the officers on the executive-credentials committee.

2nd Romeo Hearing in Zoning Dispute

ROMEO — The controversial issue of building multiple dwellings on Main Street will be aired in a public hearing again on Jan. 6.

The Village Council agreed to hold another hearing after being informed by local builder Harold H. Fritz that he intends to contact residents of the area individually, to explain what the proposed structure would be like.

A month ago, Fritz first presented his proposal for erecting a two-story, 16-unit apartment building at 377 N. Main.

★ ★ ★

Under current zoning rules only one-family or two-family residential homes can be built in that area.

48 SIGNATURES

During the same meeting at which Fritz first presented his plan, petitions bearing 48 signatures opposing rezoning for the apartment were turned over to the council.

J. Gerald McLean, a local attorney, spoke for objecting residents who attended the session. He argued that rezoning for apartments would open the door to further changes.

After discussion, Councilman Stanley Holmes made a motion to rezone the area, despite the petitions. However his motion died for lack of a second.

★ ★ ★

Fritz is expected to attempt to draw a vote on the issue at the Jan. 6 session.

Andersonville Pair Has Golden Anniversary

SPRINGFIELD TOWNSHIP — Mr. and Mrs. Herbert J. Gador, 8140 Andersonville, recently marked their 50th wedding anniversary at a family gathering.

They have a son, Herbert W. Gador of White Lake, a daughter, Mrs. Harold Weston of Clarkston, six grandchildren and a great-grandchild.

2 Ask Exam in Burglary

Men Charged With Felonious Assault

REED CITY (AP) — Two Oakland County men demanded examination Wednesday on burglary and felonious assault charges.

Justice Norris Stafford ordered Robert G. Squiers, 23, of Royal Oak and Charles G. Poole, 25, 8887 Edgewood, Commerce Township, to appear for a hearing Dec. 17. Both are held in lieu of $15,000 bond each.

The charges stem from a forced entry into a Reed City grocery Tuesday night and the assault of officer Fay Ziegler, who was investigating a reported break-in.

★ ★ ★

Ziegler and store manager Paul Hayward identified the pair as the men who fled the store after seizing Ziegler's pistol and slugging him with a bag of tools, according to State Police Cpl. George Halverson.

Squiers and Poole were arrested by Isabella County Sheriff Ray Martin and his son, Thomas, a Mount Pleasant officer, at a roadblock on M20.

Trustee Guilty of Extortion

Royal Oak Township Official Asked Payoff

ROYAL OAK TOWNSHIP — An Oakland County Circuit Court jury yesterday found Township Trustee Ernest Wilson guilty of extortion in a $200 payoff concerning a gas station sign.

The guilty verdict was returned by a jury of nine women and three men who deliberated more than an hour at the conclusion of a week-long trial before Judge Stanton G. Dondero in Pontiac.

Witnesses connected with the Dance Oil Co. station, 8400 W. Eight Mile, testified that Wilson told the manager a sign at the station was illegally large, but later offered to overlook the violation for half the cost of taking it down.

★ ★ ★

Wilson originally was charged also with four other counts of bribery, extortion and conspiracy in alleged payoffs and attempted payoffs ranging from $25 biweekly to a lump sum of $800.

OTHER CHARGES

The other charges were dismissed or dropped during preliminary court proceedings. One of them claimed he had demanded a kickback from the township's former urban renewal director, James F. Estes.

★ ★ ★

Wilson will be sentenced by Judge Dondero Jan. 7. Extortion carries a maximum penalty of 20 years in prison.

Two Choirs to Combine in Program

The choirs of two area churches will combine voices to present a Christmas cantata at one church this Sunday night and the other Dec. 22.

This Sunday the joined choirs will sing John W. Peterson's "Love Transcending" at the Paint Creek Community Methodist Church, Goodison, beginning at 7:30 p.m.

The program will be repeated at the Howarth Methodist Church, corner of Silver Bell and Bald Mountain, Orion Township, at the same time on the following Sunday.

★ ★ ★

Philip Johnson is choir director. Soloists for both performances will be Shirley Goodison and Mrs. Robert Barkham, sopranos; Mrs. William Watson and Mrs. Jerry O'Dean, altos; William Hoyes, tenor; William Reeves, baritone; and Gary Downhour, bass.

OPEN TO PUBLIC

Jane Collins will accompany the choristers on the organ and William Watson will narrate. Both vocal presentations are open to the public.

Macomb Girl Scouts Adopt Gigantic Mascot

MOUNT CLEMENS (UPI) — The Macomb County senior Girl Scouts have adopted a mascot —a U.S. Navy destroyer serving in the Pacific with the Seventh Fleet.

The girls will send cookies in individual boxes to the 275 men aboard the USS Lofberg.

NEWS OF THE AREA

6 Beauties Compete for Clarkston Crown

CLARKSTON — Six lovely candidates will vie for the title of Clarkston Junior Miss of 1964 Saturday at 8 p.m. at Clarkston High School.

In addition to the Junior Miss competition, the program in the school's little theater also will include entertainment by the Wonderlads, a barber shop quartet.

Competing for the title will be Nancy Stanquits, Carolyn Masters, Beverly Galligan, Bonnie Black, Carole Hunt and Teresa Coleman. All are CHS seniors.

★ ★ ★

Judging the contest will be Mrs. Virginia Loveland, secretary of the Womens' Division of the Pontiac Area United Fund; Jerome K. Barry Jr., a senior assistant county prosecutor; and Mrs. Gerald Wallace, girls' counselor at Pierce Junior High School, Waterford Township."

JOYCE ANN FRITZ

JUDGING POINTS

Contestants will be judged on the basis of mental alertness, scholastic achievement, poise, appearance and talent.

Judges will interview each of the girls Saturday morning. Then the contestants will have lunch with the judges and members of the Clarkston Area Junior Chamber of Commerce at the high school.

The winner of the Jaycee-sponsored contest will be crowned by Janet Tisch, winner of last year's first annual junior miss competition in Clarkston.

★ ★ ★

The girl selected by the judges will represent Clarkston in the Michigan Junior Miss Pageant Jan. 25-26 in Pontiac.

Michigan's Junior Miss will travel to Mobile, Ala. in the spring to compete for the national honor.

Ted Jackson of the Clarkston Area Jaycees is chairman of Saturday's program.

Agree on Floor Repair At Detroit Civic Center

DETROIT (UPI) — A settlement between the Detroit Civic Center Commission and a building contractor was reached yesterday in which nearly $40,000 worth of defective floors will be repaired.

The agreement calls for the O. W. Burke Co. to replace 1,500 yard-square granolithic panels.

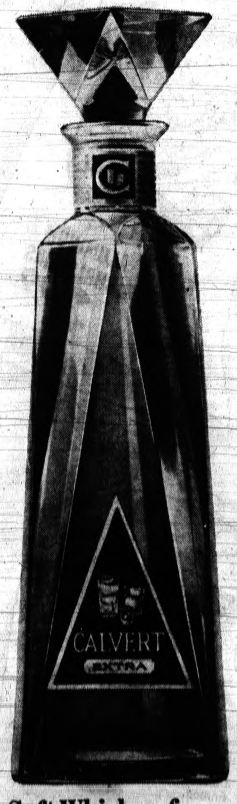

86 Proof, Blended Whiskey, 65% Grain Neutral Spirits © 1963 Calvert Dist. Co., Louisville, Ky.

$4.36 FIFTH

Soft Whiskey, plain.

If you're buying Calvert Extra for yourself, you may prefer it in the plain bottle. (It's just as soft in this one.)

Soft Whiskey, fancy.

For friends, you may prefer something a bit fancier—especially since the decanter doesn't cost you any extra.

But Problems Ahead

Kenya Is Independent

NAIROBI, Kenya (AP)—Nearly 100,000 Africans whistled, sang and cheered today as Kenya became Africa's 35th independent nation.

But even as the shouts of "Uhuru" — freedom — echoed through the streets of this former British colonial capital, monumental problems confronted the new nation. It must conquer frontier warfare, tribal rivalries and economic difficulties.

★ ★ ★

When the Union Jack was hauled down and Kenya's flag of black, red and green went up amid wild jubilation at Nairobi's freedom stadium, Britain relinquished its last colonial holding in East Africa.

The Africans roared with delight and Kenya's prime minister, Jomo Kenyatta, joyously waved his flywhisk—an African symbol of authority—at the midnight ceremony.

WHITES WEEP

The wives of white settlers wept and their husbands swallowed hard as they considered their future as a minority of 50,000 in a nation of 8.5 million Africans.

Forty-eight hours earlier, the spice island of Zanzibar, just to the south, received its independence in a similar ceremony ending 73 years of British protection. Both countries will remain in the British Commonwealth.

Britain's Prince Philip represented his wife, Queen Elizabeth II, at both celebrations.

Kenyatta, legendary "burning spear" of the Mau Mau terror a decade ago, no longer is the firebrand who headed the African nationalist movement and spent eight years in British detention. Now 73, Kenyatta has called on his nation to forgive and forget the bitterness of the past as it wrestles with its problems.

One of Kenyatta's immediate problems is a border dispute with Somalia. The two countries are at odds over control of an arid strip on Kenya's northeastern frontier inhabited by Somali nomads.

Gen. Walker Libel Suit Will Be Dismissed

FORT WORTH, Tex. (UPI)—Former Maj. Gen. Edwin Walker's $2-million libel suit against the Fort Worth Star-Telegram, WBAP radio - television and Associated Press will be dismissed tomorrow unless Walker appears in court, the judge warned yesterday.

★ ★ ★

Judge Charles J. Murray's announcement drew no comment from Walker. The suit, filed Sept. 27, charged that an Associated Press report of his activities at Oxford, Miss., last year subjected him to public ridicule, hatred and contempt. He alleged the two local media used the dispatches.

Kenya Students in U.S. Observe Independence

WILMINGTON, Ohio (AP) — This is independence day for six Wilmington College students who are celebrating the event with a luncheon.

★ ★ ★

They came to the Quaker college from Kenya, which became independent today as Africa's 35th nation.

U.N. Sets Top Safety for Johnson

(AP)—U.N. security chiefs are planning extraordinary precautions to protect President Johnson during his visit to the United Nations next Tuesday.

A reinforced guard of 250 men will keep the East River headquarters under tight surveillance during the President's visit of slightly more than an hour.

"We are calling in all auxiliary guards to beef up the force that day," said Frank M. Begley, coordinator of United Nations security.

"In view of the tragic events in Dallas, we are much more mindful of slips and mistakes."

ASK FOR FILMS

The U.N. security office has asked the FBI to lend it film clips and still pictures of President John F. Kennedy's assassination and the slaying of Lee Harvey Oswald for the U.N. guard to examine.

The super-security lid for Johnson will slam down as soon as the U.N. opens its doors Tuesday.

The President is scheduled to arrive at 11:55 a.m. to give a 20-minute address to the General Assembly reaffirming his confidence in the U.N. and giving assurances that he will carry out Kennedy's policies.

The emergency precautions will not be lifted until the President has spoken, received the heads of delegations and left the building for a 1:15 p.m. luncheon given by U.S. chief delegate Adlai E. Stevenson

Police Wagon Aids Burglar

PHILADELPHIA —While patrolmen James Curley and James Harkins were looking for a burglar in a pharmacy, the burglar was apparently outside looking for transportation.

He found it—the policemen's patrol wagon. He used a wire to work the ignition and drove away while they were inside looking for the cause of a jangling burglar alarm.

Police found the missing wagon several hours later yesterday with the wire still in the ignition.

Ruby's Judge a Homespun Texan Dealing in Common Sense

Editor's note—All the world will have its eyes on Texas when the man who killed the accused assassin of President Kennedy is tried on a murder charge. What kind of man will preside at the trial? Here is a look at the judge to whom the case has fallen.

By ROBERT H. JOHNSON JR.

DALLAS (AP) — The biggest murder case before the world today has landed in the court of a veteran judge who went to law school almost by accident.

The case is the trial of Jack Ruby, the strip-joint owner who shot down Lee Harvey Oswald, accused assassin of President Kennedy. Ruby could get the death penalty.

The court is a tiny room with seats for only 58 spectators and pine paneling so yellow it must have been painful to the eye when it was new.

Now it has been mellowed by time and tobacco smoke. It is in the County Records Building, at the intersection where President Kennedy was shot.

SOFT-SPOKEN

The judge is Joe B. Brown, a big, slow moving, soft-spoken man who likes a relaxed atmosphere in his state criminal district court. He enrolled in law school 32 years ago on a friend's casual suggestion.

Ruby's trial is scheduled for Feb. 3, and both sides have said they will be ready then.

Judge Brown is acutely aware —as, of course, any judge would be — that the eyes of the world will be focused on his little courtroom if nothing happens to change the schedule.

★ ★ ★

There has been argument whether the trial should be covered live by television. It's up to Judge Brown, and so far he won't comment.

In fact, he will say nothing in advance about the trial except this:

"I've been praying over it."

Then, an afterthought:

"But that's the way any judge ought to feel about any trial."

Judge Brown tries to stay relaxed inside and outside his courtroom — partly, he explains, because he has had four heart attacks.

★ ★ ★

When you walk into his chambers for a visit, likely as not he'll say: "Put your feet up on the desk and let's be comfortable while we talk." And he sets the example.

ERECT CARRIAGE

Many people get the idea Judge Brown is over six feet tall. Actually, he is 5 feet, 11 inches. The idea of extra height comes from his bulk, his erect carriage and his shock of iron gray hair. He is 55 years old.

Reporters and lawyers who regularly work in Judge Brown's court say he runs it more informally even than most state courts — certainly not like the austere formality of a federal court.

He permits spectators and principals to smoke. Only recently he and other district judges decided to wear judicial robes.

★ ★ ★

Jerry Biesel, a young attorney, worked for Judge Brown before receiving his law license. Biesel says the judge, lounging in his black leather chair, is inclined to allow considerable byplay between attorneys and sometimes takes part in it himself.

LIKE HIS COURT

Biesel and other attorneys seem to like working in Brown's court.

"He's always treated me right," says one veteran attorney, and "He makes a good judge," says another.

"The law is based on common sense," Brown says. "There isn't anything so technical but what the court can't explain it to the jury and witnesses. I don't want a stilted atmosphere.

★ ★ ★

"I want the jury panel to be relaxed — to feel they are among friends. There's nothing mystic about a trial."

FEET ON DESK

Feet on his desk, gazing at the ceiling, drawing on his pipe, Brown goes on.

"All the jury has to do is handle the common sense end of the law; I'll take care of the technicalities. I want them to apply their human experience to the facts.

"Well," the judge says, nodding, "maybe you could call that informality. I don't look down my nose at the people in my courtroom.

"But I do strive to maintain dignity — and I do maintain it."

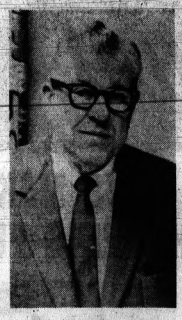

★ ★ ★

Judge Brown has lived almost all his life in Oak Cliff, a sprawling section separated from the rest of Dallas by the Trinity River. By coincidence, Oswald and Ruby lived there, too — as did J. D. Tippit, the Dallas policeman Oswald was also charged with killing.

GETS DIPLOMA

The only time Brown left Dallas was to get a high school diploma from Gulf Coast Military Academy in Gulfport. He was graduated there in 1924.

He came back, worked here and there, and in 1926 got a job in the freight accounting department of Texas & Pacific Railroad. "I was a carbon boy," he says. "All I did was straighten up the carbon paper — for $12 a week."

JUDGE JOE B. BROWN

"One evening after work in 1931, I was standing out in front of the building — it was a miserable hot evening in August — when a friend of mine came by. He said he was on his way to enroll in Jefferson University School of Law.

"'That sounds pretty good,'" I said. "'How about my going with you?'

"'Come on,' he said, and I did."

DOWNTOWN SCHOOL

Jefferson University School of Law, long since out of business, was a downtown school — strictly commercial, proud of it, and fondly remembered. Law was the only course.

In those days you didn't need college prerequisites to enter law school; a high school diploma would do — at Jefferson, anyway.

Among the instructors was a young lady named Sarah T. Hughes — now, at 67, the federal district judge who administered the presidential oath of office to Lyndon B. Johnson on Nov. 22.

"A wonderful teacher," Judge Brown recalls.

He was graduated from Jefferson in June, 1934, and held a family council with his mother, two brothers and a sister. Question: Should Joe practice law or get into politics? Compromise: Joe should run for justice of the peace of Oak Cliff Precinct U.

RELAXED PLACE

He won and took office on Jan. 1, 1935. A justice of the peace court in Texas is a relaxed place. Mostly, justice is dispensed by common sense instead of judicial precedent.

Brown served as a JP until 1944, with he was elected a county criminal judge. He was on that bench until 1957, when he ascended, again by election, to criminal district court.

Since he was first elected a justice, he has tried more than 30,000 cases.

★ ★ ★

"Well, I'm not just sure what you mean by an outstanding case," he says, chuckling deep in his throat in answer to a question. "I did try the Candy Barr case."

NARCOTICS CHARGE

Candy was a blonde, sinuous stripper who worked for Ruby's competitor. She was sent up from Judge Brown's court in 1958 for possession of narcotics. The case attracted wide attention at the time. Candy was paroled last April 1.

Since the Ruby case was assigned to Judge Brown, he says he has stayed away from his chambers and courtroom except when absolutely necessary.

"I need time for thinking," he says.

Last week he had said he was going on a four-day deer hunt in the rolling, wooded hill country of south central Texas.

Did he get a deer?

★ ★ ★

He laughs softly. "No," he says. "Those hills were full of deer. I guess I could have shot a dozen. But I didn't want to kill anything. I just wanted to get out in the woods. That's a good place to think."

Deny Gaiety at JFK Death

Cambodian Officials Refute U. S. Charge

PHNOM PENH, Cambodia (AP) — The Cambodian government denied today that it had expressed satisfaction at the death of President Kennedy.

Replying to a U.S. protest, the government press service said that, on the contrary, Cambodia observed three days of national mourning for the assassinated president, and Premier Prince Norodom Kantol had been sent to Washington to represent ruling Prince Norodom Sihanouk at Kennedy's funeral.

"It is therefore absurd to pretend that the Cambodian nation did not pay meritorious homage to the memoery of the noble president of the United States," the statement said. "President Kennedy had the unanimous respect of all Cambodians."

★ ★ ★

But the statement added a swipe at the United States, saying:

RACIAL BLAST

"Cambodia has no lesson in propriety coming from so-called evolved countries where racism breaks out periodically into violent demonstrations such as our society has never known and will never know."

The United States protested to the Cambodian government after U.S. monitors reported hearing a broadcast by the official Cambodian radio rejoicing at the death of South Viet Nam President Ngo Dinh Diem and Thai Premier Sarit Thanarat along with "the great boss of these aggressors."

The term "great boss" was taken in Washington to be a reference to President Kennedy.

★ ★ ★

As for Diem and Sarit, the press service said joy and satisfaction were expressed not for their deaths but for "the liberation from the menaces and humiliations which they symbolized during their lives and from which peaceful Cambodia would have suffered during many years."

LBJ Is Honorary Chief of American Red Cross

WASHINGTON (AP — President Johnson, like every president beginning with Woodrow Wilson in 1913, will serve as honorary chairman of the American National Red Cross.

The White House announced Johnson's acceptance of the honorary post Wednesday.

BOY MEETS GIRL — Where the boys are, and also where the girls are, during Easter week is Palm Springs. Ty Hardin and Connie Stevens join the fun-seekers in "Palm Springs Weekend," starting Friday at the Miracle Mile Drive-In. Also starring in the technicolor comedy are Stefanie Powers, Robert Conrad, Jerry Van Dyke and Troy Donahue.

Classroom Okays Past 1962 Mark

LANSING (AP) — Classroom construction approvals for the first 11 months of 1963 already have passed the 1962 total, reports the State Department of Public Instruction.

The department has approved the construction of 3,668 elementary, secondary and higher education classrooms for both public and nonpublic schools so far this year. The total for 1962 was 3,562.

* * *

Lynn Bartlett, state superintendent of public instruction, said this was the second year in a row that school construction has not only met current requirements but also cut into the backlog of needed school facilities.

Pupil of 48 Years Ago Rates an A in Honesty

CINCINNATI (AP) — The Board of Education received an anonymous letter this week from Whittier, Calif., containing $1 for "used, soft lead, art work pencils" taken from the Sherman Elementary School 48 years ago.

"I have often since thought of how wrong it was so I am sending you this dollar to be used for art supplies in replacement for them," the letter said, adding that he—or she—had taken the pencils while in the fourth grade.

For Movie Buffs

Undress Premiere Is Planned

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — It was perhaps inevitable. After decades of giving formal-dress premieres, Hollywood is sponsoring its first undress premiere.

THOMAS

This Saturday MGM is showing "The Prize" at a nudist camp at Escondido, Calif., with all participants appearing in their finest skin.

The announcement gave only the bare details, and questions remain. Will the stars of the movie appear? Will photographers be allowed, and if so how will they carry their extra plates?

At any rate the stunt indicates the degree of seriousness with which "The Prize" should be taken. It makes no pretense of being an expose of the Nobel Prizes as did the best-selling novel. Instead its makers have wisely steered a Hitchcockian course of international intrigue with laughs.

* * *

The result: Consistent entertainment for those willing to go along with the preposterousness of it all.

We are asked to believe that Paul Newman has been awarded the Nobel Prize for literature despite his youth and the fact that he has done nothing but ghost-write detective stories for six years.

SCIENCE WINNER

Now it's proposed that Edward G. Robinson, a German-turned-American scientific winner, is snatched on a Stockholm street and replaced by a look-alike who is bent on using the ceremonies for Communist propaganda.

If you can accept these and other stretchers, you may be able to relax and enjoy the many twists and turns of the plot, which is helped along by the flip dialogue given to Newman.

* * *

Writer Ernest Lehman and director Mark Robson have done a workmanlike job of creating a comedy-adventure. There is none of the gamy sex of the book. Even the nudist colony scene is played strictly for laughs.

Newman has a meaty role as the boozing author who turns reluctant hero, and he handles it with his usual skill. Elke Sommer is the Foreign Office aide assigned to keep him sober; she is a pleasure to watch.

MINOR SUBPLOTS

Robinson plays the dual role with his great authority. The other prize-winners are reduced to minor subplots in the film, which is just as well, since none of their situations is particularly convincing.

"The Prize" as a book was banned in Sweden as being defamatory of the Nobel Prize.

* * *

What will Swedes think of the film—if they are allowed to see it? Undoubtedly they would judge it less offensive than the book, although they might well object to making the prizes a setting for cold war intrigue and for backbiting among the contestants.

They might also complain about the picturing of a Swedish king handing out the prizes, though the ceremony is conducted with dignity. Then again, some Swedes might object to a corpse falling onto the statuary in front of the hall where the prizes are given.

Top-Heavy Prep Card on Tap Friday

PNH, Chiefs Take to Road in Loop Tilts

Vikings, Waterford in I-L Contests as Lapeer Visits WKHS

Pontiac Northern and Pontiac Central will don traveling uniforms for league encounters tomorrow night as the prep cage season enters its first big week of action.

Most of the teams in the area will square off for league encounters tomorrow before taking time out for a holiday break.

Central moves to Saginaw Arthur Hill in search of its second win in Saginaw Valley competition. The Chiefs own a 2-1 season mark.

Northern's Huskies, with two non-conference wins under their belt, journey to Berkley to open the Inter-Lakes League season.

The Huskies high-powered offense has poured in 171 points in two games and is favored to take the I-L crown. Berkley lost its season debut to Fordson.

In other I-L games, Waterford's Skippers will be looking for their second win in a row when they travel to Southfield to meet the Blue Jays and Walled Lake will try to end a two-game losing streat at Farmington.

TRI-COUNTY

Kettering plays host to Lapeer in a Tri-County League opener in a game billed as an early title scrap.

L'Anse Creuse entertains Oxford in another league bout, while Romeo has a home engagement against non-conference foe Chippewa Valley.

Kettering has won its only start, a 60-40 decison over North Farmington and the Captains are regarded as a favorite in the league race.

Lapeer's tall Panthers have been impressive in early season work.

EASTERN MICHIGAN

Two of the top powers in the Eastern Michigan League — Ferndale and Seaholm—take to the road for loop assignments.

Seaholm is tied with Hazel Park for the EML lead. Both have 2-0 marks.

The Maples, with Bruce Nyberg and Ron Jacobsen pacing the attack, dropped defending champ Ferndale in the season opener and came back with an easy decision over Port Huron last week.

Ferndale travesl to Roseville in search of its second win while Hazel Park entertains Port Huron.

Royal Oak Kimball faces East Detroit on the ED floor in the other EML contest.

PAROCHIALS

On the parochial front, Northwest leader is idle while second place St. Frederick has a road engagement at Waterford Our Lady of Lakes.

The Rams are 2-1 in the league race and own a season mark of 3-1. Sparkplugs in the Ram attack have been Lowry Holland and Mike Dean. Holland has scored almost 100 points in four outings.

In other games on the league schedule, Orchard Lake St. Mary entertains St. Michael, and Detroit St. Agatha travels to Farmington for a bout with Our Lady of Sorrows.

OTHER GAMES

On the non-conference slate, Emmanuel Christian will be looking for its third win of the season in a game at Lansing Vocational School.

A full schedule is on tap in the Southern Thumb loop with Capac traveling to Brown City in the top game of the evening.

Elsewhere on the schedule, Dryden travels to New Haven, Armada moves to Almont and Anchor Bay plays host to Memphis.

Birmingham Groves will open the Northwest Suburban chase with an encounter at Detroit Thurston while North Farmington journeys to Oak Park for a second loop scrap.

Livonia Franklin is idle.

In non-conference action, Royal Oak Shrine moves into Detroit to meet Servite. The Shrine quintet will be looking for its second win of the season.

SPORTS

AP Photofax

NO GUESSING — New York Giant kicking specialist Don Chandler (left) is playing a guessing game with linebacker Sam Huff as they get ready for Sunday's big Eastern Division game with Pittsburgh in the NFL. Chandler who has 97 points for the season, denotes three with his finger, indicating one field goal will give him 100 points and hoping his toe will be important in the game.

Steelers Scoff at 'Pressure'

PITTSBURGH (AP) — Ernie Stautner sat in front of his locker at the Pittsburgh Steelers training site, running his hands over the ugly-looking bruise on his mountain-sized leg.

"The pressure's on the Giants, not us," said the durable veteran of 14 years on the Steelers' defensive line.

"Certainly more rides on this game than anything I've ever been in," he said. "But how in the hell can the pressure be on us? They're the champs. We've never won it before."

Stautner was talking about Pittsburgh's pressure - packed game against New York Sunday that will decide the Eastern Division championship of the National Football League.

A minor-grade debate has popped up backscene over whether the pressure is on the defending Eastern titlist Giants or the surprising Steelers.

CRUCIAL GAMES

The Giants, of course, have been involved in many crucial games enroute to five division crowns in the last six years. But this is Pittsburgh's biggest game since it lost a divisional playoff title to Philadelphia in 1947.

If the Steelers are bothered by pressure, they're not showing it as they work out in the cold at the snow-covered practice field in suburban South Park.

They're a spirited, noisy gang —joking around constantly and sometimes throwing snowballs at each other.

"I don't think there's any pressure at all," said center and team captain Buzz Nutter, a veteran of NFL title games while playing for Baltimore in 1958 and 1959. "This is the Steelers' first big chance and that should give us an extra kick.

"You know some people have accused us of choking up at times, especially after Green Bay beat us 33-14. But if that's true, then we should have lost the other day against Dallas. And two weeks ago, too against Philadelphia.

"We were behind both times but came back. I just think we may have gotten a little too high for the Green Bay game."

★ ★ ★

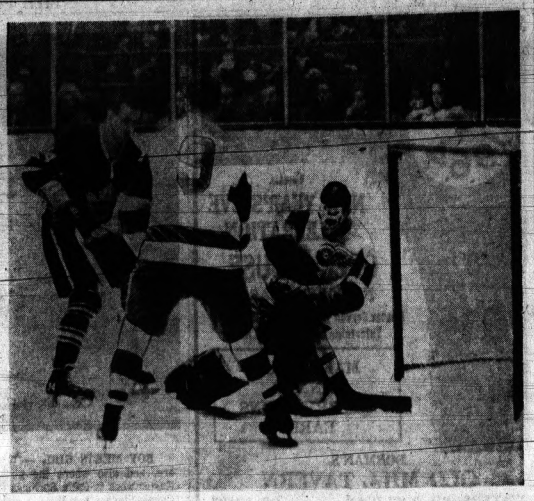

GIANTS WAITING

NEW YORK (AP)—Psychology? "Man, says New York Coach Allie Sherman, "if we get into the psychology bit at this stage of the race, we're done for. No, you can bet that our men are up for this thing without any pushing."

This thing is this Sunday's battle between the Giants and Pittsburgh Steelers for the Eastern Conference title in the National Football League. The Giants, 10-3, need a tie or victory to clinch. The Steelers, 7-3-3, must win to take the championship.

Though Sherman disclaims the use psychology, he has suspiciously kept the Giants from witnessing the films of their 31-0 walloping by Pittsburgh earlier in the season. But today's tilt day the Giants see the celluloid classic.

"Looking at that film isn't going to scare any of our personnel," said Sherman. "They don't scare easily and that was 11 weeks ago. A lot of things have happened to both clubs since then."

AP Photofax

CHECKED — Gordie Howe of the Red Wings checks Toronto Maple Leafs' Dave Keon at the net in their game in Toronto last night. Goalie Terry Sawchuk also moves in on the play. The wings won their first game on the road this season, 3-1.

Wings Win, 3-1

AP Photofax

ROYAL GRAB — Jerry Lucas (16) former All-America great from Ohio State bats the ball out of the hands of Detroit's Larry Staverman (24) and then gets possession to help the Cincinnati Royals rebounding in their game last night. The Royals won in Detroit, 127-107.

Farm Players Help Victory

Triumph at Toronto First on Road

TORONTO (AP)—The crippled Detroit Red Wings, patched up with a couple of farm hands, put together one of their best games of the season Wednesday night and spilled the Stanley Cup Champion Toronto Maple Leafs, 3-1.

It was a road victory besides the Wings' first in 12 tries.

Rookie Pit Martin, Andre Pronovost and defenseman Ron Ingram scored for Detroit. George Armstrong's goal, early in the middle period tied it briefly 1-1, but the Wings came back on a power play goal by Pronovost. Defenseman Ron Ingram's third-period score, with each team one man short, put the Wings ahead to stay.

★ ★ ★

The victory was the second in the last 11 games for the Wings, who were missing nearly a full team of regulars — defensemen Bill Gadsby and Doug Barkley and forwards Larry Jeffrey, Norm Ullman and Alex Faulkner—because of injury.

OTHER GAMES

In other NHL action, Chicago continued its runaway with the league race, romping over the New York Rangers, 6-2.

Bobby Hull fired his 200th league career goal, while Stan Mikita collected three and added an assist, running the Hawks' point total to 20 for the past 12 games.

★ ★ ★

Hull's 18th goal of the season came on a slap shot from beyond the blue line, with the disc bouncing past Ranger goalie Gil Villemure. Hull is the NHL's leading goal producer with 39 points. But Mikita is just two points behind.

Ken Wharram scored twice for Chicago while Phil Goyette and Don Marshall scored for New York.

Flatley Blossoms as Pro

Vikings' End Top Rookie

Associated Press Sports Writer

NEW YORK (AP)—Paul Flatley, rangy split end of the Minnesota Vikings, was named Rookie of the Year in the National Football League Thursday by an Associated Press panel from 14 league cities.

The 6-foot-1, 187-pound former Northwestern star, ranked eighth among the top pass receivers in the league in the latest statistics. He had caught 51 passes for 867 yards and four touchdowns and was the only newcomer among the leaders.

4TH CHOICE

The Vikings' scouting staff selected Flatley as the club's No. 4 draft a year ago at Chicago. A fullback as a sophomore, a running halfback as a junior and a flanker as a senior, Flatley was second among Big Ten receivers, topped only by Pat Richter, now of Washington.

"Paul has great hands and uses his head," said Coach Norm Van Brocklin recently. "He has everything but blazing speed."

Flatley, 22, is concentrating on learning the pass patterns from the split end position. He has called himself a 500 per cent better receiver than he was last year.

LEAN TACKLE

John Mackey, Baltimore's 6-3, 220-pound tight end from Syracuse, a No. 2 draftee, also received mention from several of the 42-man committee of sports writers and sportscasters, three from each NFL city.

Don Brumm, defensive end of the St. Louis Cardinals who made him their No. 1 draftee from Purdue, was outstanding despite injuries. Ron Goodwin, Philadelphia offensive end from Baylor, also impressed the panel after a slow start due to injuries.

Lionel Aldridge, Green Bay defensive tackle from Utah State who replaced Bill Quinlan on the front line; Lee Roy Jordan, Dallas linebacker and All America from Alabama; running back Don Lisbon of San Francisco via Bowling Green and Daryl Sanders, Detroit tackle from Ohio State, were others who drew backing.

Spartan Tackle Signs

KANSAS CITY (AP) — Ed Lothamer, a 240-pound Michigan State tackle, has been signed by the Kansas City Chiefs, the American Football League club announced Wednesday.

Packers Near 'Must' Game in NFL Race

SAN FRANCISCO (AP) — "We have got to win. This is a must game."

Green Bay Coach Vince Lombardi stressed that point today in discussing the Packers' game Saturday with the last-place San Francisco 49ers.

Lombardi and the Packers are in a unique position. First they must beat the 49ers and then they must wait 22 hours or so to see if they win the National Football League's Western Conference title.

The Packers will start the nationally televised Saturday contest at Kezar Stadium with a 10-2-1 record compared with 10-1-2 for the division leading Chicago Bears, who play Detroit Sunday.

A Green Bay victory coupled with a Chicago defeat would mean a fourth consecutive division title for the Packers. A Green Bay tie combined with a Chicago loss would force a playoff.

A Green Bay loss or a Chicago victory would give the title to the Bears.

"There is just no taking the 49ers lightly," said Lombardi. "And there is no indication any of our players do."

POOR SEASON

The 49ers, in their worst NFL season, have a 2-11 record but strangely enough one of the triumphs was a 20-14 decision over Chicago at Kezar—the only defeat suffered by the Bears this year.

Royals Win Easily From Ailing Pistons

DETROIT (UPI) — Charley Wolf summed up the problem quite well.

"It's kind of a lot to expect us to contain a club like that with all the weaknesses we have because of our injuries," Wolf remarked after the Detroit Pistons suffered a 127-107 defeat at the hands of the Cincinnati Royals last night.

With three regulars watching from the sidelines, the Pistons —who have enough trouble with the Royals when they're at full strength — were never in the game.

It wasn't even as close as the final score sounded.

BIG LEAD

The Royals built up a 33-point lead 29-56 late in the third period before the Pistons finally whittled it down to a more respectable margin.

Dave De Busschere, Bob Ferry and Don Ohl all missed the game because of injuries and the Pistons sank a little deeper in the Western Division cellar of the National Basketball Association with a 6-17 record.

Wolf coached Cincinnati last season and now he's been beaten three times in four starts by his old team.

10 SCORE

All 10 Cincinnati players broke into the scoring column and six of them hit in double figures.

★ ★ ★

Oscar Robertson pumped in 26 points and made nine assists in another of his fine shows while Wayne Embry and Jack Twyman each added 19 points.

"Look at the assist column, we had just 15 and they had 27," Wolf said, "that's just about the story of the game. We weren't working the ball at all."

"We even outrebounded them 68-64 and hit on 43 per cent of our shots while they made 49 per cent but they had us on the run from the start," Wolf added.

★ ★ ★

Cincinnati led 35-23 at the end of the first period, stretched it to 66-42 at halftime and was never in trouble the rest of the way.

Larry Staverman led Detroit with 21 points while Bailey Howell, playing with a bandaged hand, added 20.

The future isn't too encouraging for Detroit since De Busschere and Ohl won't be back before Christmas and Ferry is a doubtful starter in the next game at St. Louis Saturday night.

OTHER GAMES

In the other two games last night, Boston kept up its fantastic pace by boosting its record to 19-2 by topping St. Louis 104-95.

★ ★ ★

Philadelphia edged New York, 113-103, as Johnny Kerr and Hal Greer scored 29 and 27 points in the other game.

CINCINNATI	G	F	T	DETROIT	G	F	T

Attendance 3,902.

Bears' Halas Named NFL's Top Coach

CHICAGO (AP) — George Halas, the frisky, 68-year-old Papa Bear, has won one title, but would like another.

He's working on it.

In the midst of Halas' preparations for a likely do-or-die finale against the Detroit Lions Sunday for the Western Division title, Papa Bear was voted Coach of the Year in the National Football League by an Associated Press panel of sports writers and sportscasters from the 14 NFL cities.

★ ★ ★

If the Bears defeat the Lions, they will clinch the Western crown with an 11-1-2 record and be host to the NFL championship game at Wrigley Field against the Eastern champion—New York or Pittsburgh — Dec. 29.

FOR CHRISTMAS? — Chicago Black Hawks players aren't giving a hint that they need their two front teeth for Christmas, but they just show off their smiles are the 6-2 victory over the New York Rangers last night in which Bobby Hull (left) scored his 200th career goal and Stan Mikita tallied three times for his 100th.

Michigan Five Stops Butler

Wolverines Breeze to 80-70 Victory

INDIANAPOLIS (AP) — Seventh-ranked Michigan capitalized on a height advantage and breezed past Butler 80-70 in a basketball game Wednesday night.

★ ★ ★

Three early fouls cramped Michigan's ace center, Bill Buntin, but the Wolverines got in gear after Butler built up an early 25-21 lead. By halftime, Michigan was ahead 41-37 and its lead zoomed as high as 15 points a few times in the second half.

Cazzie Russell led Michigan's forging ahead, scoring 17 of his 25 points in the first half. That topped Buntin's 23-point total, but Buntin had a perfect 11-for-11 from the field.

MICHIGAN (80)	FG	FT	TP	BUTLER (70)	FG	FT	TP
Myers	6	1-2	13	Sanders	5	3-3	13
Darden	1	0-0	2	Iwema	1	1-1	3
Buntin	11	1-3	23	Blue	6	5-11	17

Totals	37	6-17	80	Totals	30	10-18	70
Michigan					41	39—80	
Butler					37	33—70	

Personal fouls—Michigan, Myers 2, Darden 4, Buntin 5, Cantrell 2, Pomey 2. Butler, Sanders 2, Blue 3, Ferrin 4, Chapman 3, Fiedlerjohn, Knight. Attendance—7,788.

Cotton Halts Irishman

BELLINGHAM, Wash. (AP) — Eddie Cotton, No. 1 challenger for the world light-heavyweight championship, defeated unranked Irish Don Bale by a technical knockout at 2:36 of the second round of their scheduled 10-round boxing match.

Western Takes Crack at No. 1 Team

KALAMAZOO (UPI) — Western Michigan University's basketball team makes its bid for a spot in the national limelight tonight.

The Broncos will entertain defending national champion and top-rated Loyola of Chicago before a sellout crowd at Read fieldhouse in their first home game of the 1963-64 season.

Loyola is 3-0 and heavily favored but a Western Michigan upset would put the Broncos into headlines across the nation.

It's a special occasion for Western since the fieldhouse, being renamed in honor of Herbert W. (Buck) Read, will be rededicated tonight.

Read coached the Bronco basketball team for 27 years and recorded a mark of 356 victories and 166 defeats.

The Broncos hope to make the occasion complete with a good showing against the Ramblers, who were 29-2 last season and bounced Western, 123-102 and 107-69.

But the Broncos face a tough task, Loyola is expected to be wary after it was extended to overtime before edging University of Detroit, 113-108, Tuesday night.

The Ramblers blitzed North Dakota, 92-54 and Kent State, 100-59, in their first two meetings before running into the tough game put up by the Titans.

Most of Western's hopes ride on the shooting eye of little jumpshot artist Manny Newsome, who is averaging 32 points a game this season.

Western has a 1-2 record but has a better team than that record indicates since the two losses were 80-78 and 101-100 verdicts at the hands of Big Ten teams Northwestern and Michigan State. Western edged Marquette, 83-80, for its only victory this season.

Dave Anderson teams at the guards with Newsome for Western while Ajac Triplett and Bill Street are the forwards. Street pumped in 39 points for Western in the Marquette game.

California Mentor Resigns Grid Post

BERKELEY, Calif. (AP)—Marv Levy, the young Phi Beta Kappa key holder who inherited a murderous schedule and an average set of players as California football coach, resigned suddenly Wednesday.

Levy, a surprise appointment in 1960 to succeed Pete Elliott, was brought to Cal after a 14-6 record at New Mexico. He was regarded as a good image for the state university trying to field teams made up of students bucking stringent grade and entrance requirements.

He leaves with an 8-29-3 record in four seasons—and the onus of having a 1-3 mark against arch-rival Stanford. After the 28-17 loss to the Indians Nov. 30 — his third "big game" loss in a row — Levy appeared pale and drawn.

Scores 18

Spectator Turns Star

A Waterford recreation quintet came up a man short at a league cage tilt last night but pulled a player from the crowd who turned out to be the star of the game.

★ ★ ★

Mike Reed, who showed up at the game hoping some team would claim him, found a slot on the Wardrobe Cleaner five and scored 18 points as the cleaners dropped Bill's Towing, 48-45.

Reed scored the winning point for the cleaning crew when he bagged a free throw with 30 seconds to go in the game. Stewart Cox clinched the decision moments later later with a two-pointer.

Pacing the losers in the scoring column were Ron Hetherington (15) and Joe Uniphrey (14).

In a second game on the schedule, Bob Casteel's squad downed O'Neil Realty, 74-49, with John Keller dumping in 32 points for the winners.

Two games are listed on tonight's schedule with the first slated to get under way at 7:15 p.m. at Crary Junior High School.

Lakeland Pharmacy will battle Frushour-Struble Realty in the opener and Spencer Floor Covering will tangle Zilka Heating in the nightcap.

Alma Wins With Hope

ALMA (UPI) — Alma defeated Hope, 89-81 in a MIAA basketball game last night, the first time in seven years.

Bud Acton of Troy finished the night with 26 points for Alma, 20 of them in the first half. Leading scorer for Hope was Garry Van Wieren with 25.

Black Cage Night for 3 Top Rated Quints

By The Associated Press

It was a Black Wednesday for the Duke Blue Devils, the Arizona State Sun Devils and the Ohio State Buckeyes, three of the top ranked teams in college basketball. They tumbled in defeat before the Vanderbilt Commodores, the Bradley Braves and the Davidson Wildcats.

* * *

Only the victory of the Michigan Wolverines over Butler prevented a complete rout of the top-ranked clubs scheduled to play on a busy midweek national program. The seventh-ranked Wolverines upped their record to 4-0 with an 80-70 victory.

Vandy similarly made its record 4-0 with a 97-92 triumph that shattered a 50-game home court streak for eighth-ranked Ohio State.

OTHER MAJOR GAMES

Princeton had to go two overtimes to defeat Lafayette 69-64 while in other major games Louisville beat LaSalle 70-60, Rice walloped Florida State 102-81, Fordham took Yale 69-64, Cornell downed Canisius 97-83 and Utah crushed Texas A&M 98-71.

Vanderbilt, rated a title threat in the Southeastern Conference, blew a 16-point lead at Nashville when Duke rallied to tie the regulation game at 85-85 on Jeff Mullins' jump shot with four seconds left. But John Ed Miller broke loose for 10 points in the overtime to sew it up for the Commodores after the score was knotted at 89-89. Miller scored all of Vandy's last eight points to wind up with 39 for the game.

* * *

Arizona State also lost on the road at Peoria, blowing a 44-35 halftime lead as Bradley got hot in the second half. Joe Strawder's 29 points, combined with 21 for Eddie Jackson and 20 for Levern Tart more than offset Joe Caldwell's 27 and Art Becker's 19 for the Sun Devils.

It remained for Davidson, heralded as the Southern Conference champions to be, to provide the night's biggest surprise with its one-sided triumph over Ohio State.

The Wildcats hit a sizzling 59 per cent of their shots and when their star, 6-foot-9 Fred Hetzel went out on fouls with only 16 points, Dick Snyder and Terry Holland took up the slack. Snyder finished with 25 points and Holland 22 to offset the 26 tallied by Gary Bradds for the Buckeyes.

It was the first setback at St. John Arena Columbus for Ohio State since Purdue won on March 7, 1959.

Bill Bradley saved Princeton from defeat at the hands of Lafayette. His basket with two seconds left tied the regulation game at 54-54 and he did it again in the first overtime to tie at 58-58. Then his two free throws put the Tigers ahead for good in the second extra period. Altogether Bradley scored 27 points, the same as Lafayette's Dan Kristoff.

Louisville, led by John Reuther's 23 points, came from behind a 13-point deficit to beat LaSalle after Temple had swamped Lehigh 66-38 in the opener of a twin bill at Philadelphia's Palestra.

Dick Tomlinson threw in a record 44 points for a Florida player as the Gators swamped Tampa 108-75. Bill Kusleika scored 41 for Tulsa as the Hurricanes crushed Christian Brothers 127-81.

COACH OF THE YEAR — George Halas, 68, owner coach of the Chicago Bears, has been named Coach of the Year in the National Football League by the Associated Press. The Bears hope to wrap up the western division crown Sunday against the Detroit Lions.

City League Has 2 Games

Two games were played last night in city recreation basketball with St. Luke Methodist defeating Auburn Boys Club, 37-31 and Bachelor's Club winning from Town and Country, 50-39.

St. Luke led 15-14 at halftime and pulled away with a 14 point third quarter.

Roger Reynolds led the Bachelor's victory with 12 points, as the two teams battled 17-17 at halftime. The winners pushed in 19 points in the third quarter for only six for T & C.

WEDNESDAY'S FIGHTS
By The Associated Press

NORFOLK, Va.—Bobby Foster, 182, Washington, D.C., stopped Willie Besmanoff, 204, Jacksonville, Fla., 3.
UNION CITY, N. J.—Hubert Hilton, 189, Glen Cove, N.Y. and Wendell Newton, 205, The Bahamas, drew, 8.

W-O League in Full Swing

Brighton Enters Wolves' Den Friday

Brighton will take its turn in the Wolves' den at Clarkston Friday night as the Wayne-Oakland League race moves into full swing.

Other games on the W-O slate have West Bloomfield at Bloomfield Hills, Clarenceville at Milford and Holly at Northville.

Clarkston has run three opponents through its cage grinder and should have little trouble with Brighton. The speedy squad is tied for the loop lead with Bloomfield Hills. Both sport 2-0 league marks.

The Wolves are averaging 77 points a game and their defense has given up a meager 147 markers in three outings — 49 a game.

The one-two punch of Dan Craven and Ken Miskin, a combination which carried the Wolves to a share of the W-O grid title, is carrying most of the scoring load.

Miskin, a 6-0 forward, has canned 59 points for a 19.6 average for three tilts, and Craven is rolling along with an 18.3 average. Close behind is Gary Pearson with a 16.0 mark.

Brighton has dropped three in succession, including a 47-52 loss to Milford, a team which fell before the power and speed of Clarkston, 79-42.

Bloomfield Hills, starting the season as a question mark, has chalked up a 3-0 record. The Barons looked sharp in trimming Northville and Brighton in their last two contests.

The Barons shared the loop crown last season with West Bloomfield and the squad has the height and scoring punch to be a contender this season.

The big man in the Barons' attack is forward Greg Anderson, a junior, who leads the team in scoring with 48 points, good for a 16-point-a-game average.

Coach Hal Henderson has substituted freely during the three victories and every player on the squad has hit the scoring column.

TIGHT DEFENSE

Another standout for the Barons is guard Greg Riggs, the smallest member of the team at 5-7, who has contributed 31 points in three games. The little playmaker is also one of the cogs in the Barons' tight man-to-man defense.

West Bloomfield's Lakers lost six lettermen from last year's championship quintet. Effects of this loss have been noticable.

The Lakers have dropped two of three contests and they face another rugged assignment in the Barons.

Guard Dan Greig has been the sparkplug in the Laker attack. He has pumped in 45 points in three tilts. Greig paced the team with 23 points in a 54-60 loss to Waterford Tuesday evening.

Milford will be looking for its second win in league play when the Trojans come to town.

The Redskins opened the season with a 53-47 win over Brighton but ran into losses against Clarkston and Highland Park.

Clarenceville is also 1-1 in loop play and the Trojans were a pre-season pick to battle Clarkston for the W-O title. Their lone win came in a 41-35 conquest of West Bloomfield in the season opener.

Holly looked shaky in its season debut at Clarkston, but the Broncos rebounded with decisions over Fenton and Clarenceville.

Northville has dropped two games in a row, and it looks like a rough season for the inexperienced Mustangs.

'Harmon of Michigan' Becomes Tom Harmon Enterprises, Inc.

HOLLYWOOD, Calif. (AP) — Tom Harmon has been widely-known for more than 20 years, first as an All-America football player and then as a radio and television sportscaster.

Now he is Tom Harmon Enterprises, Inc.

★ ★ ★

"Harmon of Michigan," which was all you had to say to identify him in the years 1939-40-41, has reached another level of renown.

Next thing we know they'll be selling stock in "Old 98."

Ninety-eight — that was his jersey number and he wasn't at all old—earned All-America, the Heisman and Maxwell trophies and all-Big Ten Conference honors as one of the most exciting ball carriers in football.

Harmon was one of the first name athetes to carve out a successful career in sports broadcasting.

FRAT CAREER

He began his airways career on a sort of frat house-to-house hookup on the campus when he was in school at Michigan.

Today Harmon is nation-wide and comes in a package deal—a tidy little package with a $1 million price tag.

No, Tommy doesn't make $1 million. That's what it costs to keep the Harmon show on the road—and in the air.

His is a unique operation. For years Harmon worked for individual stations and networks. Now he works for Harmon.

He conceived the package, hired his own crew, acquired his own equipment, went out and got his own sponsors and sold the works to the American Broadcasting Company.

Harmon answers to but one boss, himself. Well, possibly another, his picture-pretty wife, the former Elyse Knox of the movies.

Harmon's feats on the gridiron were fascinating.

ALL POINTS

Against a powerful Iowa team on 1939, Michigan won, 28-7, and Harmon scored all 28 points.

Against California at Berkeley in 1940 Tommy took the opening kickoff and ran it back 98 yards—yep, his jersey numeral—and scored three more touchdowns before Coach Fritz Crisler yanked him in the 41-0 rout.

Michigan lost only four games in Tommy's three years on the varsity.

Harmon, pointing for the career he adopted, majored in English and speech at Ann Arbor. In the off season he worked in a steel rolling mill in Gary.

★ ★ ★

Harmon's first real broadcasting job was in Detroit. Then came World War II.

Tom enlisted, won his wings and spent five years in the Air Corps in the North Africa and China campaigns.

Harmon emerged from service a captain and winner of the Purple Heart and Silver Star decorations—honors you have to learn from friends, not Harmon.

After two years with the Los Angeles Rams' football team, Tommy launched his broadcasting career.

★ ★ ★

Harmon was outstanding in high school in track, baseball, basketball and football. Today he plays good golf and tennis, water skis and can handle a riding horse.

Under Tommy's standards, Harmon qualifies as a good sports broadcaster.

Avondale Faces Stiff Test Against Defending O-A King

A veteran cage lineup is bolstering hopes in the Avondale camp for a successful campaign in the Oakland A League race.

★ ★ ★

The Yellow Jackets were flat in an opening loss to Richmond, but they rebounded with a pressure-packed 62-60 decision over Rochester in their loop opener last week.

The Jackets' biggest early-season test will come Friday night when they host Troy's Colts, last year's league co-champion.

The tilt is one of four on the O-A slate. Rounding out the schedule, Madison journeys to Clawson, Fitzgerald travels to Lake Orion and Rochester moves to Warren Cousino.

Avondale has five lettermen back from a squad that sagged to a 1-11 loop record, and the five turned in impressive showings against Rochester.

Roger Ratliff and Dennis Acker, both 6-2 seniors, give the team height and scoring punch. The two combined for 29 points last week.

The Jackets' scoring leader is Lynne Thorpe, a junior guard, who is firing away at a 20-point-a-game pace.

HIGH SCORER

One of Avondale's problems will be corraling 6-4 center Ted Bauer, who ripped the nets for 40 points as the Colts whipped Lake Orion last week.

Lake Orion's Dragons will be looking for their first win of the season in the contest against Fitzgerald, the team favored to win the O-A crown.

The Dragons have a lot of experience in their lineup, headed by Bill Hamilton, Bruce Fritz and Jon Cucksey. Dennis Brophy, a sophomore, is the tallest on the starting five at 6-4.

Fitzgerald has a balanced attack which is built around Tom Dobberstein, Randy Chaffin and Cliff Rolph.

Rochester's Falcons displayed a lot of scoring power in their opening loss to Avondale. Three players hit the double figure column paced by Bruce McDonald's 17 points.

And against Warren Cousino, the Falcons will be meeting a team that is better than its 1-2 record indicates.

Cousino has four juniors, and a sophomore in its starting lineup. The attack is built around Jim Fitzmaurice, 6-4 center, and Drew Pisha, the team's scoring leader.

Swatter Faces Surgery

CALDWELL, Idaho (AP)—American League home run king Harmon Killebrew of the Minnesota Twins is scheduled for surgery Thursday aimed at correcting a knee ailment that slowed him up during the first month of the 1963 season.

Killebrew entered Caldwell Memorial Hospital Wednesday night. The surgery was approved earlier by club officials.

State Ski Resorts Covered With Fluff

Falling snow has given Michigan skiers their first big lift of the new season.

A dozen ski resorts are in operation and getting the early business, while others are hoping for their first opening this weekend or next.

Around the state these are the conditions listed:

VERY GOOD

NUB'S NOB: Harbor Springs 10 to 12 inches artificial snow and four inches natural snow.

MT. HOLLY: Dixie Highway, north of Pontiac, has 6 to 12 inches with 3 inches natural snowfall

PINE KNOB: Sashabaw road, Pontiac, 8 to 10 inches artificial snow, 3 inches natural snow.

* * *

DRYDEN SKI AREA: Hough Road, off Rochester Road, has 12 inches base, with 2 inches fresh snow; all slopes are open.

GOOD

ALPINE VALLEY: M59, west of Pontiac will open Friday, with 8 inches snow, artificial and natural.

BOYNE MOUNTAIN: 15 inches artificial snow and 3 inches natural snow, all facilities open by Sunday.

CABERFAE: Cadillac, opening this weekend on limited basis, has 8 inches artificial, two inches natural.

FAIR

MT. BRIGHTON: Grampian Mt.; Irish Hills, Mt. Christie; opening this weekend with artificial and natural snow.

BELLINGHAM, Wes.—Eddie Cotton, 177, Seattle, stopped Irish Don Bale, 175, New York, 2.

HACHIJO, Japan — Rico Margarno, 110½, Philippines, outpointed Fumio Takakura, 111, Japan, 10.

WINTER SPORTS

Local Ski Areas in Full Operation

Those gleeful chuckles filling the air when the falling snow permits are not only from small children.

Last night's snowfall coupled with the freezing temperatures that have been lingering in the area recently have brought broad smiles to the county's plentiful crop of skiers.

There has been some activity already at a few areas and the conditions and activity seemed destined now to improve continually through March.

* * *

Places such as Dryden, Mt. Holly and Pine Knob had limited skiing last week. Dryden started Dec. 1st and last night officially opened its main slope.

"I'd be happy if we could keep the conditions we have now all season," manager Fred Molitor commented yesterday.

Mt. Holly has 8 - 12 inches of base on its beginners and intermediate slopes but the main slope is not expected open until this weekend. Pine Knob announced its chair lifts will be operating this weekend.

In addition to the natural snowfall, most areas are making snow, and conditions range rom fair to very good.

Several spots will be open for the first time Friday or Saturday. These include Alpine Valley, Grampian Mt., Mt. Brighton and Mt. Christie.

Mt. Summit is not planning to start operations until Dec. 20. Teeple Hill and Pontiac Lake will have skiing each weekend as long as there is sufficient natural snowfall.

CHANGES MADE

Changes in the ski schools at each area will be evident to the returning skiers. Only Eugene Hill at Brighton is at the same post as he had last year.

Gerry Monod has taken over the supervision of the Stein Erikson Ski School at Pine Knob, while Henry Walder has Monod's previous position at Mt. Holly.

Molitor at Dryden has brought "Swiss" Joe Gmuender back after an absence of a couple seasons. Ed O'Neil is the head pro at Alpine now and Stan Koska holds the reins at Mt. Christie.

Al MacDonald and Vern Pilsworth have taken control of Grampian Mt.; while Mt. Summit will feature Bob Hard and Jack Daunt in its ski school.

* * *

Two of the principle slope face liftings were accomplished at Pine Knob and Brighton. Both areas removed dividing obstacles from their main slopes, permitting more traverse area.

Mt. Christie and Grampian Mt. both are renovating their facilities inside and adding to the outside ski areas.

Skiing will begin at 10 a.m. daily and 9 a.m. Saturdays, Sundays and holidays at most areas. Mt. Brighton will open at noon daily. Closing time is 11 p.m. for all.

Pine Knob will open at 3 p.m. just on Mondays, and follow the general pattern all other days.

Pontiac Press Photo

SKI BELLS TOLL—The familiar toll of the bell at the ski instructional meeting places has started at all Pontiac area ski areas, including Mt. Holly, Mt. Christie, Dryden, Alpine Valley, Grampian Mt., Mt. Brighton and Pine Knob. The lone skier seen far atop the slope was one of the early birds at Mt. Holly.

U.S. Ski Coach Has Praise for Protege

VAL D'ISERE, France (AP) — When American ski coach Bob Beattie talks about Jean Saubert his eyes sparkle and he doesn't spare the superlatives.

Miss Saubert, 21, of Lakeview Ore., is probably the best U.S. hope for a gold medal for the Winter Olympics which open in Innsbruck, Austria, Jan. 29. Beattie calls her "the greatest women skier I've ever worked with."

After a sensational string of successes in the United States last season, Miss Saubert gets her first taste of competition this season today in the women's special slalom.

The event has drawn 62 entries from 10 nations. Annie Famose of France, Therese Obrecht of Switzerland, and Patricia du Roy de Blicquy of Belgium also are among the favorites.

* * *

The two courses on the Solaise slope at the edge of Val d'Isere have a drop of 120 meters. The first run has 45 gates and the second 41 gates.

Beattie hesitated to compare Miss Saubert with Andrea Mead Lawrence, America's great double gold medal winner in the 1952 Olympics in Oslo.

"Ski techniques have made a lot of progress in the last 10 years," he said. "Mrs. Lawrence beat everyone in her day and I think Jean can do it, too."

Yanks' Ice Squad Sharp in Tuneups

MADISON, Wis. (AP)—The U.S. Olympic hockey team, led by the three-goal hat trick of Dan Dilworth, continued its tuneup campaign by whipping the Madison All-Stars 9-2 Wednesday night.

Dilworth, a wing from International Falls, Minn., scored the first and last two goals for the Olympians. Paul Johnson of St. Paul, Minn., and Marshall Tschrida, also of St. Paul, Olympic team posted its eight scored two goals each as the victory against two defeats and a tie in its 25-game series.

Paul Coppo of Green Bay, Wis., and Gary Schmazlbauer of St. Paul scored a goal each for the winners.

Swiss Skier Races to Victory in France

VAL D'ISERE, France (AP) — Willy Favre of Switzerland snaked through the 59 gates of the giant Slalom course on Solaise Slope and won the first international competition of the ski season Wednesday, according to unofficial standings.

Favre was timed in 1:31.50 for the course, which measures 1,400 meters with a drop of 380 meters in the "Criterium of the First Snow," the name of the competition.

Jean-Claude Killy of France was second with 1:32.05 and Guy Perillat of France third with 1:33.22.

Packers Get Badger

Three Marks for PNH in Tank Victory

Three varsity records were set as Pontiac Northern won its second swim meet of the season in dunking Utica, 74-31, in a North Suburban Swim League contest.

The Huskies took the first 10 events and Utica's lone victory came in the 200 freestyle relay.

Bob Basinger went 24.5 in the 50 freestyle for the first PNH mark and Basinger added the second record by winning the 100 free in 55.2.

In the 100 yard backstroke Dick Johnson won in 1:05.7 for the third varsity record.

FRIDAY EVENTS

In swimming this weekend, Arthur Hill's powerful swim team, visits Pontiac Central Friday. A good meet should result with Thurston visiting Seaholm and another with Kimball going to Groves tomorrow.

PNH-UTICA SUMMARY

200 medley relay — PNH (D. Johnson, Hiller, Anderson, Landers) Time: 1:54.5
200 freestyle — D. Chambers (PNH), Tom Schram (PNH), Hypnar (U) Time: 2:11.2
50 freestyle — B. Basinger (PNH), Giordano (U), R. Chambers (PNH) Time: 24.5 (varsity record)
200 individual medley — R. Johnson (PNH), Gardner (U), Fisher (U) Time: 2:33.9
Diving — Cliff Mann (PNH), Seymour (U), Ray (U) Points: 141.05
100 butterfly — Rick Johnson (PNH) McGlone (PNH), Olbres (U) Time: 1:05.5
100 freestyle — Basinger (PNH), Hawkins (PNH), Kose (U) Time: 55.2 (varsity record)
400 freestyle — Ervin (PNH) Kirksey (U), Kerns (PNH) Time: 4:33.4
100 breaststroke — Lang (PNH), Penson (PNH), Kennedy (U) Time: 1:17.6
200 freestyle relay — Utica (Zasko, Koss, Uffing, Giordano) Time: 1:32.7

If there's such a thing as a skier's car, you're looking at it.

A SAAB is designed for tough Scandinavian winters where it bites through blizzards, pulls through icy rutted roads, and performs flawlessly at 40° below. An ideal car for Olympic ski champions like Egon and Penny Pitou Zimmermann. An ideal car for anyone who travels or lives in ski country.

• SAAB's unusual 3-cylinder, 2-stroke engine starts instantly.
• SAAB's front-wheel drive gives solid traction on snow and ice.
• SAAB's superlative heater and defroster keep you comfortable and the windows fog-free.
• SAAB's engine, transmission and differential are warranted for 2 years or 24,000 miles (long enough for 2 winters).

A real winter car! Real winter people like Egon and Penny Pitou Zimmermann think so. Come in for a test drive. We think you'll agree. Only

Hope Fischer Quints Home for Christmas

ABERDEEN, S.D. (AP)—The Fischer quintuplets, three months old next Saturday, probably will be home for Christmas.

Arrangements are being made for two of the four girls to go home Saturday. James Andrew, the only boy, went home Nov. 30. The other girls should go home soon.

★ ★ ★

The parents, Mr. and Mrs. Andrew Fischer, are in the process of acquiring more domestic help for their rented home in northeast Aberdeen.

James Andrew went home when he weighed 10 pounds, 5 ounces. He has been described by the family as a very good baby. Fischer said there have been no problems since the boy left St. Luke's Hospital.

OTHER CHILDREN

The Fischers have five older children.

The Fischers recently picked out $100 in toys donated by a chain store. The gifts have been wrapped and are awaiting Santa's pickup.

The four girls, still in the hospital nursery, are growing. Latest hospital reports list Mary Ann's weight at 6 pounds, 13 ounces; Mary Magdalene 8-5; Mary Catherine 7-13 and Mary Margaret 8-1.

All are reported doing fine.

The quints' father has returned to his job, at the same pay, as a shipping clerk in a wholesale grocery warehouse. He took a leave of absence of more than two months.

A financial windfall came from the sale of rights to exclusive stories and pictures.

Mary Ann Fischer, the quints' mother, is picking up the family routine. Her mother, Mrs. Elmer Brady of Hecla, S.D., is helping her.

A new home promised by the city of Aberdeen is in the planning stage.

DAILY VISIT

Mr. and Mrs. Fischer visit the four girls at the hospital daily. Their five older children go to school.

Plans are being made to release the security guard maintained at the hospital since the quintuplets were born.

Airliner Is Grounded When Fire Breaks Out

DOUGLAS, Isle of Man (UPI) —Fire broke out last night in the undercarriage of a Cambrian Airways Viscount as it was taking off on a flight to Manchester, England.

The pilot braked the craft to a halt and the 27 passengers escaped uninjured. The plane continued the flight two hours later when repairs were completed.

There are now 21 million electric ranges and ovens in use in the nation's 53 million households.

Or Vice Versa

Gets Something for Nothing

SWANSEA, Wales (UPI) — David Thomas offered to sell David Roberts a derelict railway station which he didn't own. And Roberts offered to pay for it with a worthless check.

A laughing judge called it a draw yesterday and dismissed a fraud charge against Thomas.

Thomas told the judge he really thought he owned the abandoned railway station because he paid another man $14 for it. He offered it to Roberts for $84.

★ ★ ★

Roberts paid by check and put a gang to work tearing it down for his scrap iron business.

★ ★ ★

The station was halfway down when a policeman came along and stopped the work. Roberts' check had bounced.

Judo Classes Planned at Waterford Building

Community Activities, Inc., of Waterford Township will offer 10-week courses both in beginning and advanced judo starting Monday, at the CAI Building.

Judo expert Otto Chanko will conduct both classes. Beginners will meet each Monday at 7:30 p.m., and the advanced class is scheduled for 8:30 p.m. the same day.

About 77 per cent of all fatal motor vehicle accidents occur on straight roads, most of them dry, during daylight.

Texas Candidate Gets LBJ's Vote

WASHINGTON (AP) — The Democratic candidate in next Tuesday's special election in the 10th Texas Congressional District got an early vote Wednesday from President Johnson.

★ ★ ★

Johnson signed and mailed an absentee ballot.

★ ★ ★

Press Secretary Pierre Salinger, who already knew the answer, asked the President for whom he voted. Johnson told him he voted for the Democratic candidate, Jake Pickle. Pickle's Republican opponent is Jim Dobbs.

SAC Head Planning to Retire Next Year

ESCONDIDO, Calif. (AP)—Gen. Thomas S. Power, head of the Strategic Air Command, told newsmen Wednesday that he will retire next year.

★ ★ ★

Power, 59, visiting the Escondido area on a duck-hunting trip, said he plans to live in Palm Springs, Calif., after retiring.

Flight Records Probed to Find Missile Failure

CAPE KENNEDY, Fla. (AP) —Radio flight records, especially those on the control system of the first stage, are being studied by engineers seeking the trouble that sent a Polaris A3 missile off course Wednesday night.

The missile, fired from the surface ship Observation Island, veered from the planned path and was destroyed by the range safety officer after 53 seconds of flight. Pieces of the broken rocket fell harmlessly into the Atlantic Ocean.

The failure was the second in the last 17 launchings for the A3, whose 2,875-mile range will bring all land areas of the world within reach of the Polaris submarine fleet.

The U. S. government purchased its first airplane Aug. 2, 1909, during the administration of William Howard Taft.

Tartness Plus Bit of Sweet

For holiday serving, Tart Cranberry Mold is one of the most appetizing salads you've set eyes on. It combines sweet gherkins, cranberries and oranges in a smooth creamy gelatin base. There is a fine nip to the cranberries which is counter-balanced by the sweet gherkins and orange.

Serve with cold sliced turkey or ham for really good eating.

Tart Cranberry Mold

1-½ cups raw cranberries
6 sweet gherkins or 1-3 cup chopped sweet pickles
½ medium orange, seeded, unpeeled
3 tablespoons sugar
1 package (3 ounces) lemon-flavored gelatin
1½ cups boiling water
1 cup heavy cream, whipped

Put cranberries, pickles and orange through fine blade of food chopper twice; sprinkle with sugar. Dissolve gelatin in boiling water; chill until partially set; combine with cranberry mixture. Gently fold in whipped cream.

Pour into 1-quart mold. Chill until firm. Unmold on lettuce or endive. Makes 6-8 servings.

Cheese Dip Dotted With Red, Green

Colorful Confetti Dip can be the highlight of your appetizer tray. It is right in the spirit of the holiday season with gay bits of green pickle and snowy egg scattered through the creamy pink dip. Serve with crisp crackers or potato chips.

Confetti Dip

1 package (8 ounces) cream cheese, softened
3 tablespoons milk
¼ cup hot ketchup
Dash hot pepper sauce
1 tablespoon finely chopped pimento
¼ cup finely chopped kosher dill pickles
1 hard-cooked egg, finely chopped

Beat cream cheese and milk on low speed of electric mixer until smooth. Add ketchup and next 3 ingredients; beat until well blended. Fold in chopped egg. Refrigerate several hours or overnight to blend flavors. Makes 2 cups.

Give Guests a Choice

As condiments for shrimp curry — prepared by adding shrimp to a curry sauce made according to your taste — shredded cocconut, peanuts, chutney, preserved ginger (if you can get it) and grated orange rind. Remember to rice on which to serve the provide plenty of fluffy white curry.

Puddings Retain the Old Appeal

By JANET ODELL
Pontiac Press Food Editor

Although the trend in menu making is toward lighter meals, there must still be interest in steamed puddings for holiday meals. We keep receiving new recipes for them.

Our grandmothers put dried fruit into their puddings because it was all they had. If they bought oranges, they were tucked into the toe of the children's stockings.

By contrast, this recipe for California plum pudding has oranges and lemon juice in the pudding and lemon juice in the sauce.

STEAMED PUMPKIN PUDDING

California Plum Pudding

2 cups sifted all-purpose flour
2½ teaspoons baking powder
½ teaspoon baking soda
1 teaspoon salt
1½ teaspoons cinnamon
1 teaspoon nutmeg
½ teaspoon cloves
½ cup butter or margarine
1¼ cups firmly packed brown sugar
2 tablespoons molasses
2 tablespoons fresh lemon juice
2 eggs, beaten
1 California orange, unpeeled, finely ground
1 cup cut dried prunes
1 cup golden, seedless raisins
½ cup coarsely chopped walnuts
1 California orange, unpeeled, cut into eartwheels
Green maraschino cherries
Lemon Holiday Sauce

Sift flour, baking powder, soda, salt and spices; set aside. Cream butter with brown sugar until light and smooth. Add molasses, lemon juice, and beaten eggs, mixing well. Stir in dry ingredients gradually. Fold in ground orange, prunes, raisins and nuts.

Pour into well greased 1½-quart mold. Cover tightly and steam 2½ to 3 hours. Unmold; garnish with half-orange cartwheels and green maraschino cherries. Serve with Lemon Holiday Sauce.

Lemon Holiday Sauce

1 cup confectioners' sugar
¼ cup butter
⅛ teaspoon salt
1 teaspoon fresh lemon juice
2 tablespoons heavy cream

Cream sugar and butter until smooth. Add salt and lemon juice; stir in cream. Chill. Makes 1 cup.

Another improvement over grandma's way is steaming the pudding in a pressure cooker. This method takes only half the time usually allowed.

SUGAR AND SPICE PUDDING

Steamed Pumpkin Pudding

1 cup sifted all-purpose flour
1 teaspoon baking powder
¼ teaspoon salt
¼ teaspoon cinnamon
¼ teaspoon ginger
¼ teaspoon cloves
⅓ cup shortening
⅔ cup brown sugar
2 eggs
⅔ cup canned pumpkin

Sift dry ingredients together and set aside. Cream shortening and brown sugar together. Add the eggs and beat well. Add dry ingredients and pumpkin and mix thoroughly.

Pour into well-greased and floured 3½-cup fluted mold. Cover the mold tightly with two thicknesses of greased foil. Secure ends so no moisture can get in. Place mold on a rack in a 4-quart pressure pan with 3 cups of water.

Cover pan and allow a small stream of steam to flow from vent tube for 45 minutes. Set control at 5 lbs. of pressure and pressure cook for 45 minutes. Reduce pressure instantly and remove mold.

Let it cool for a few minutes and remove steamed pudding to a serving plate. Serve with favorite hard sauce or whipped cream. 10-12 servings.

Finally, if you want a Christmas pudding and don't want to cook at all, make a refrigerator pudding, using mincemeat pie filling as your base.

Sugar and Spice Pudding

1 No. 2 can OR 1-pound 6½-ounce can Mincemeat Pie filling
2 cups miniature marshmallows
1 cup candied fruit
1 cup chopped pecans
1 13¾-ounce package graham cracker crumbs*

Combine pie filling and marshmallows; let stand while you cut up fruit and pecans. Combine all ingredients. Pack into foil-lined 4-cup mixing bowl or mold. Chill overnight or longer.

Serve with whipped cream or ice cream that has been stirred to soften. Makes 3 pounds, or 9 to 12 servings.

* Additional crumbs may be necessary if pie filling is very juicy.

Buttermilk or Cheese Salad Dressings Are Delicious

Gentlemen who consider salads as food reserved for women and children have no idea what they are missing. And, women who serve salads only as accompaniment to the main course are also missing out.

For salads can be delicate with the promise of things to come, they can be hearty with protein-packed ingredients and serve as the main dish or they can have a hint of sweetness and be dessert.

After the kind of salad is chosen, great care should be given to the choice of a dressing. For that is just what it is—a dressing that should enhance and complement the flavor and/or bind together the ingredients.

Green salads are good with robust dressings while fruit salads require more delicate seasonings. Although there are numerous salad dressings on the market, homemade ones have a flavor quality always appreciated by family and friends. An important point to remember is that salad dressing made with dairy sour cream have ⅓ the calories per tablespoon as does mayonnaise.

Here then are salad dressing recipes with serving suggestions for each. All these dressings are made even tastier and more nutritious by the use of dairy products.

Buttermilk Fruit Salad Dressing

6 tablespoons flour
1½ teaspoons salt
½ teaspoon dry mustard
Dash cayenne pepper
6 tablespoons sugar
1½ cups buttermilk
2 eggs, slightly beaten
2 tablespoons butter
¼ cup lemon juice
½ cup orange juice

Combine flour, salt, mustard, pepper and sugar in top of double boiler. Gradually stir in buttermilk and eggs. Cook over simmering water, stirring constantly until thickened.

Remove from heat and stir in butter until blended. Add fruit juices, blend thoroughly and chill. Serve on fruit, cabbage-pineapple, or molded salads. Makes 2½ cups.

Cream Celery Seed Dressing

1 cup dairy sour cream
2 tablespoons vinegar
1 tablespoon lemon juice
2 tablespoons sugar
1 teaspoon salt
Dash of pepper
Dash of paprika
½ teaspoon mustard
½ teaspoon celery seed

Add seasonings to sour cream and blend. Add celery seed; mix well. Chill until ready to use. Serve on cole slaw, cucumbers, fish or sea food salads. Makes 1¼ cups.

Blue Buttermilk Salad Dressing

1 cup buttermilk
1 cup mayonnaise
3 oz. (⅔ cup) Blue cheese, crumbled
Dash of hot pepper sauce
Salt to taste

Slowly stir buttermilk into mayonnaise. Blend in cheese and hot pepper sauce. Salt to taste. Cover and store in refrigerator until needed. Serve on tossed mixed vegetable, combination or lettuce salad.

Seafood Caribbe Dressing

1 cup dairy sour cream
¼ cup mayonnaise
¼ cup chopped watercress
1 tablespoon lemon juice
1 teaspoon anchovy paste
½ teaspoon minced tarragon
¼ teaspoon salt
Dash Tabasco sauce

Combine all ingredients and let stand 20 minutes before serving on combination, avocado, fish or seafood salad. Makes 1½ cups.

Parmesan-Blue Cheese Dressing

1 cup dairy sour cream
¼ cup tomato sauce
2 tablespoons grated Parmesan or Romano cheese
2 tablespoons crumbled Blue cheese
2 drops garlic juice
⅛ teaspoon paprika
¼ teaspoon mustard
Salt to taste
1 tablespoon cooking sherry

Combine all ingredients. For garlic juice squeeze clove of garlic in garlic press or rub bowl with cut clove of garlic. Chill. Serve on sliced tomatoes or green salad. Makes 1½ cups.

Orange Christmas Cake Is Change From Fruitcake

"Come for Christmas cake and coffee" — is a welcome invitation and a simple and hospitable way to entertain during the busy holiday season.

★ ★ ★

Serve California Christmas Tree Cake. The secret of this impressive holiday treat is California oranges. All the goodness of the fresh orange peel, "meat" and juice goes into the moist, buttermilk cake layers, along with raisins and nuts. Fresh orange juice and grated peel also flavor the creamy frosting.

★ ★ ★

For easy entertaining, make the cake layers before the holidays and freeze.

California Christmas Tree Cake

1 medium California orange
2 cups raisins
¾ cup walnuts
⅔ cup shortening
1½ cups sugar
3 eggs
3 cups sifted all-purpose flour
1½ teaspoons baking soda
½ teaspoon salt
1½ cups buttermilk fresh Orange Frosting candy decorettes

Ream juice from orange and cut orange peel in pieces. Put orange peel, raisins and nuts through food chopper using medium blade. Mix ground fruit and nuts with orange juice.

Cream shortening and sugar until light and fluffy. Add eggs one at a time, mixing well after each addition. Sift flour, baking soda and salt. Add to creamed mixture alternately with buttermilk, blending well after each addition. Stir in fruit-nut-orange juice mixture.

Spoon batter into 3 well greased 9-inch layer cake pans or 3 1-quart Christmas tree baking molds, filling each pan two-thirds full. Bake at 350 degrees, 40 to 50 minutes. Remove to racks and cool.

Spread Fresh Orange Frosting between layers and on top of cake.

Fresh Orange Frosting:

⅓ cup butter or margarine
¼ teaspoon salt
4 cups sifted confectioners' sugar
1 to 2 tablespoons fresh orange juice
1 tablespoon grated orange peel

Cream butter, salt and 1 cup confectioners' sugar until light and fluffy. Gradually add remaining sugar alternately with orange juice, beating until smooth and of spreading consistency. Stir in orange peel. Makes 2½ cups.

Cream Sherry Served Hot

It's easy to make a pleasant hot wine drink using Sherry because it has such a distinctive flavor of its own. Just add hot water, honey to sweeten it, nutmeg and cinnamon to spice it, and a twist of lemon peel, and you have an aromatic hot toddy.

The cream Sherry produced in California is sweeter, darker and more dominant in flavor than the dry or medium Sherries also produced in this state.

HONEYED SHERRY CUP

1 teaspoon honey
¼ cup cream Sherry
2-3 cup boiling water
Grated nutmeg
Cinnamon stick

For each serving, place a teaspoonful of honey in heated mug. Add Sherry and boiling water. Stir to blend. Dust top with nutmeg and serve with cinnamon stick for stirrer.

Maraschino Cherries Make a Gala Pie

Maraschino cherries make bright the holiday scene . . . shimmering like outsized emeralds and rubies . . . deeply green and red, and crisp and sweet.

In England and America the holiday drink is the traditional nog or noggin . . . a frothy compound of eggs, milk, cream and nutmeg, with or without a warming tot of rum or brandy.

An equally pleasant custom is to put the egg nog into a pie, which then becomes a noggin pie. To accompany this Cherry Noggin Pie, which has a liberal salting of chopped red and green maraschino cherries in its interior, there are Glazed Christmas Cherries.

These are whole maraschino cherries, with stems or not, dipped in a hot spiced rum and marmalade syrup. They make a fine, lustrous garnish for the Noggin Pie and for other Christmas confections in the proper holiday colors.

They can also be served as pretty sweet-meats throughout the holidays. Pile them up in a compote.

Cherry Noggin Pie

2 envelopes unflavored gelatine
⅓ cup rum
2 cups milk
¼ teaspoon nutmeg
⅔ cup sugar
4 egg yolks, well beaten
¼ teaspoon salt
1 cup heavy cream, whipped
½ cup each: chopped red and green maraschino cherries (about 40 cherries total)
1 10-inch baked pastry shell
Whole red and green maraschino cherries, for garnish

Sprinkle gelatine over rum to soften. Combine milk, nutmeg and sugar and cook over medium heat, stirring frequently, until the boiling point is reached.

Blend a small amount of milk mixture into egg yolks; return to milk mixture and cook over low heat, stirring constantly, until mixture coats a metal spoon. Stir in salt and softened gelatine, until gelatine is dissolved. Cool.

Fold is whipped cream and chopped cherries. Turn into baked pastry shell and chill until firm. Garnish with whole maraschino cherries. Makes 1 10-inch pie.

★ ★ ★

Glazed Christmas Cherries

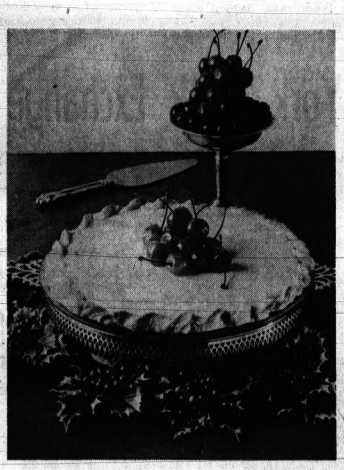

2 tablespoons light corn syrup
½ cup orange marmalade
⅛ teaspoon each: cinnamon and cloves
2 tablespoons dark rum
½ cup each: red and green maraschino cherries, well-drained (about 40 cherries total)

Combine corn syrup, marmalade and spices in small saucepan (2 cups capacity). Cook over low heat, stirring occasionally, until mixture spins a ¼-inch thread.

Add rum and continue cooking over low heat, stirring occasionally, until mixture again spins a ¼-inch thread. Remove from heat.

★ ★ ★

Dip cherries one at a time into hot rum mixture; drain on waxed paper. Makes about 40 cherries.

CHERRY NOGGIN PIE—Green and scarlet maraschino cherries make a sweet and colorful Christmas pie. They're all through the filling. Whole glazed cherries garnish the pie and are piled up on cocktail picks in the compote

Strips of Ham Top Open Sandwich

Open sandwiches fill the bill when a few of "the girls" come.

Open Ham and Egg Sandwiches

4 hard-cooked eggs
½ teaspoon salt
White pepper to taste
¼ teaspoon dry mustard
½ teaspoon finely grated onion, pulp and juice
1 tablespoon lemon juice
3 to 4 tablespoons mayonnaise
6 slices buttered bread, crusts removed and halved
2 slices (sandwich size) cooked ham, ¾-inch thick

Mash eggs fine with salt, pepper, mustard, onion, lemon juice and mayonnaise. Spread bread with egg mixture. Cut ham into long strips and arrange over egg mixture. Cover and chill until serving time. Makes 4 servings, 3 half-slices of bread per portion.

CHRISTMAS CAKE—Every Christmas cake doesn't have to be fruitcake. This orange butter cake does have raisins and walnuts in it. Filling and frosting, plus the gay trim make it a creation in tune with the season.

WHEN to SELL Securities for Income Tax Savings

Whether you hold securities through December 31, 1963, or sell before year end, can bear importantly on the income tax you will pay.

Now is the time to review your portfolio for income tax purposes.

Top Previous High Mark

Rails Force Slight Mart Gains

NEW YORK (AP)—Rails continued to bolster the stock market, which was slightly higher on balance early this afternoon. Trading was moderate.

The ability of the rails to top their previous 1963 high in the Dow Jones average yesterday was looked upon by theorists as a "confirmation" of the previous high in the industrials.

★ ★ ★

Wall Street seemed to take lightly President Johnson's budget-cutting drive and the Pentagon's reported plans to shut down a number of shipyards and military installations.

The business picture was enhanced by a Government estimate that sales by manufacturers would rise to a record in the current quarter.

HIGHER TRENDS

The stock trend was mostly higher for drugs, motors, steels, airlines, farm implements, chemicals and electrical equipments. Aerospace issues continued to sell off a bit in view of the defense budget cuts.

The Associated Press average of 60 stocks at noon was up .4 at 283.9 with industrials up .4, rails up .9 and utilities unchanged.

Pennsylvania Railroad edged to the upside while New York Central fell a fraction. Baltimore & Ohio was up nearly a point. Norfolk & Western lost about 2 points of yesterday's 3-point rise. Fractional gains were made by Illinois Central, Southern Pacific and Chesapeake & Ohio.

★ ★ ★

Prices were mixed in moderate trading on the American Stock Exchange. Syntex rose more than 3. Gains of a point or better were made by Ayrshire Collieries and Lease Plan International.

★ ★ ★

Corporate bonds were mostly unchanged, with some declines. U.S. Government bonds eased.

Deaths in Pontiac Area

VERNON A. BALL

Vernon A. Ball, 53, of Bradenton, Fla., former Pontiac resident, died last night while visiting friends and relatives in the Pontiac area. His body is at the Donelson - Johns Funeral Home.

WILFRED A. GILLIES

Service for former Pontiac resident Wilfred A. Gillies, 71, of Cass City, will be 1 p.m. Saturday at Little's Funeral Home, Cass City. Burial will follow in Novesta Township Cemetery.

Mr. Gillies died Tuesday after a prolonged illness.

He was a retired employe of General Motors Corp. and a member of the Tri-County Post No. 507, American Legion.

Surviving are three stepsons, Norbert, Joseph and James Harrington, all of Pontiac; a stepdaughter, Mrs. Francis Davis of Drayton Plains; a sister; and 17 grandchildren.

MICHAEL CALLAHAN

AVON TONSHIP — Service for Michael Callahan, 73, of 3437 Auburn will be 10 a.m. tomorrow at the Sacred Heart Catholic Church, Auburn Heights. Burial will follow in White Chapel Memorial Cemetery, Troy.

Mr Callahan died yesterday after an illness of several months.

The Rosary will be recited at 8 p.m. today in the Moore Chapel of the Sparks-Griffin Funeral Home, Auburn Heights.

Surviving are his wife, Icyolene; six sons, Edward, Raymond, Gerald and Robert, all of Avon Township, Thomas of Clarkston and Wayne of Pontiac; two daughters, Mrs. Doris Larm of Avon Township and Mrs. Elliott Reese of Ohio; two brothers; a sister; 14 grandchildren; and four great-grandchildren.

MRS. FRANK M. FORTUNE

ROCHESTER — Service for Mrs. Frank M. (Margrit W.) Fortune, 56, of 530 Pine will be 2:30 p.m. Saturday at Pixley Memorial Chapel. Burial will be in Mount Avon Cemetery.

Mrs. Fortune died of a heart attack early today.

Surviving besides her husband are four sons, Frank Jr. of Rochester, Charles and Richard, both of Pontiac, and Albert of California; a daughter, Mrs. Margaret Arnold of Rochester; a sister, Mrs. Harry Noffzinger of Drayton Plains; and 10 grandchildren.

MARY LOU HOSKINS

INDEPENDENCE TOWNSHIP — Graveside service and burial for Mary Lou Hoskins, 2-month-old daughter of Mr. and Mrs. Martin I. Hoskins of 5174 Heath, will be noon tomorrow in the Catholic section of Lakeview Cemetery, Clarkston.

The baby died yesterday. She had been ill since birth.

Her body is at the Lewis E. Wint Funeral Home, Clarkston.

Surviving besides her parents are grandparents Mr. and Mrs. H. Assmann and Mrs. Mary Hodskins, and two brothers, Gary and Teddy, both at home.

MRS. ROWLAND TILTON

OXFORD — Service for Mrs. Rowland (Carrie) Tilton, 94, of 40 Moyers will be 2 p.m. tomorrow at the Bossardet Funeral Home. Burial will follow in Lakeview Cemetery, Clarkston.

Mrs. Tilton died Tuesday after a long illness.

She was a member of the Oxford General Baptist Church.

Surviving are two sons, Harold of California and Ralph of Florida.

MRS. HENRY WESTPHAL

ROCHESTER — Service for Mrs. Henry (Florence V.) Westphal, 78, of 525 W. First will be 1 p.m. Saturday at Pixley Memorial Chapel. Burial will be in Mount Avon Cemetery.

Mrs. Westphal died yesterday after a brief illness.

Surviving are three daughters, Mrs. Mary Capistrant of Auburn Heights and Mrs. Dorothy Judd and Mrs. Clara Miller, both of Pontiac; two brothers, Pliny S. Thomas of Pontiac and William Thomas of Rochester, N. Y.; and a sister and 13 grandchildren.

ERNEST WRIGHT

OXFORD—Service for Ernest Wright, 73, of 62 Pleasant will be 2 p.m. Saturday at the Bossardet Funeral Home. Burial will follow in Ridgelawn Cemetery.

Mr. Wright died yesterday after an illness of two weeks.

He was a retired employe of Fisher Body Division, Pontiac.

Surviving are his wife, Hazel; three sons, Arthur of Auburn Heights, Gerald of Almont and Rolland of Drayton Plains; and nine grandchildren and a great-granddaughter.

★ ★ ★

Gov. Hamdy Ebeid of the Mediterranean province of Kaft El Sheikh said there were no casualties, and the four villages were only partially inundated by the heavy rains and windstorms.

Home gifts can be stocking stuffers, too! Wrap up an array of little gifts from housewares and home accessories departments — everything from ashtrays to kitchen gadgets.

Death Notices

CALLAHAN, DECEMBER 11, 1963, MICHAEL, 3437 Auburn, Avon Township; age 73; beloved husband of Icyolene Callahan; dear father of Mrs. Doris Larm, Mrs. Elliott Reese, Edward, Raymond, Gerald, Robert, Donald, Thomas and Wayne Callahan; also survived by two brothers, one sister, 14 grandchildren and four great-grandchildren. Recitation of the Rosary will be this evening at 8 p.m. at the Moore Chapel of Sparks-Griffin Funeral Home, Auburn Heights. Funeral service will be held Friday, December 13 at 12 noon at the Catholic Section of the Lakeview Cemetery with Rev. Father F. J. DeLaney officiating. Baby Hoskins will lie in state at the Lewis E. Wint Funeral Home, Clarkston.

HOSKINS, DECEMBER 11, 1963, BABY MARY LOU, 5174 Heath, Independence Township, beloved infant daughter of Martin I. and Gerda Hoskins; beloved granddaughter of Mr. and Mrs. H. Assmann and Mrs. Mary Emma Hoskins; dear sister of Gary and Teddy Hoskins. Graveside service will be held Friday, December 13 at 12 noon at the Catholic Section of the Lakeview Cemetery with Rev. Father F. J. DeLaney officiating. Baby Hoskins will lie in state at the Lewis E. Wint Funeral Home, Clarkston.

HUBBARD, DECEMBER 10, 1963, CHARLES A., 2681 Sylvan Shores Drive; age 70; beloved husband of Hazel J. Jones; dear father of Mrs. Edith (C. Norris) Priestap; dear brother of Mrs. Della Coler; also survived by one grandson, Gregory. Elks Lodge of Service will be held this evening at 7:30 p.m. at the Sparks-Griffin Funeral Home. Funeral service will be held Friday, December 13 at 1:30 p.m. at the Sparks-Griffin Chapel. Interment in Perry Mount Park Cemetery.

McDONEL, DECEMBER 11, 1963, ROBERT D., 563 Webster; age 56; beloved husband of Mary DeWitt McDonel; dear father of Mrs. Ian S. Smith and Robert Gil Berra; dear brother of Lloyd McDonel and Margaret Hall; also survived by five grandchildren and one great-grandchild. Funeral service will be held Friday, December 13 at 2 p.m. at the Voorhees-Siple Funeral Home. Interment in Mt. Hope Cemetery.

PERKINS, DECEMBER 11, 1963, W. Chester, 3385 Norris, Drayden Plains, Michigan; age 63; beloved husband of Delorus Perkins; dear brother of Mrs. R. Klenk, Mrs. Roscoe Stanley, Mrs. Stanley and Maxwell Perkins; also survived by five grandchildren. Memorial service under the auspices of the Elks Lodge of Service will be held Friday, December 13 at 8 p.m. at the Voorhees-Siple Funeral Home. Funeral service will be held Saturday, December 14 at 10:30 a.m. at the Voorhees-Siple Chapel. Interment in Mt. Hope Cemetery.

Laperer Home Seeks Gifts

Remember Patients, Citizens Are Asked

LAPEER—Interested citizens are being sought to help the staff at the Lapeer State Home and Training School to see that all patients are remembered at Christmas time.

A recent survey at the home turned up the names of 1,447 patients who would probably be "forgotten" during the holidays, were it not for the generosity of strangers.

Staff members said that each year many who they presumed would be remembered by family or friends actually receive no gifts.

★ ★ ★

The institution is responsible for over 4,200 patients.

Items that would make acceptable presents include small jars of instant coffee, powdered cream, combs, soap, shampoo, wash cloths and hair tonic.

Others are shaving lotion, dolls, billfolds, lipstick and face powder.

Any gifts left over after request for distribution on birthdays and as prizes for special occasions.

★ ★ ★

Persons interested in this charitable program should contact the institution's community relations director.

CAB Hears Suggestion to Cut Service

A Civil Aeronautics Board examiner heard a recommendation yesterday that Pontiac, Cadillac - Reed City and Port Huron be deleted from the North Central Airlines (NCA) System.

The recommendation came from the bureau of economic regulation, an arm of the CAB.

NCA has charged that the three cities involved have not met the minimum quota of five outbound passengers per day under the CAB "use-it-or-close-it" policy of determining the need for airline service.

★ ★ ★

Bureau counsel Jerry P. McKinnon said proposed eliminations would reduce NCA's subsidy by $31,000 at Pontiac, $22,000 at Cadillac - Reed City and $45,000 at Port Huron.

NCA REQUEST

North Central has asked to be relieved of the services, which it started in 1960.

The airline also seeks to discontinue service between Port Huron and Saginaw and between Traverse City and Escanaba.

Pontiac city officials have fought the proposed cut in airport service, claiming that poor scheduling was to blame for the city's failure to provide enough passengers for NCA service.

17 Japanese Fishermen Lost as Boat Capsizes

TOKYO (AP) — A Japanese fishing boat capsized in heavy seas off northern Hokkaido early today, and 17 fishermen are missing, the Japanese coast guard reported.

The coast guard said a passing fishing boat rescued one crewman.

Queries Besiege Press

How Do You Display Flag?

The official mourning period over the death of President Kennedy has been in effect almost three weeks, but public interest continues strong over appropriate display of the Flag.

The Pontiac Press, other newspapers, and information bureaus generally, have been besieged with inquiries as to recommended use of the Flag during the 30-day period ending at sundown Dec. 22.

The original proclamation directed that all government buildings and military posts, here and overseas, fly the Flag at half staff, but there has been no formal rule for civilian usage.

★ ★ ★

A frequent question deals with display of the Flag at night.

FLAG CODE

The Flag code, passed by Congress in 1942, says: "It is the universal custom to display the Flag only from sunrise to sunset on buildings and on stationary flagstaffs in the open.

"However, the Flag may be displayed at night to produce a patriotic effect."

Floyd E. Cremer, director of the Oakland County Veterans Affairs Department, said he learned that during this special mourning period the Flag can be flown continuously, regardless of weather conditions.

★ ★ ★

"The only requirement is that there be a spotlight, or sufficient background lighting to illuminate the Flag at night," Cremer said.

CALLS STATE DEPARTMENT

"I found that out when I was questioned about this. I put in a call to the State Department in Washington to get the answer.

"Since this is evidently not a formal regulation, they had to go back into the file on President Lincoln's death to find the precedent."

According to the American Legion National Americanism Commission, which sponsored the conference that drafted the code, it is not ordinarily proper usage by civilians to fly the Flag outdoors all night long.

★ ★ ★

Special occasions, when the Flag may be displayed at night, could be parades, rallies, athletic events, or public ceremonies.

MUST GO TO TOP

In setting the Flag at half staff on poles that have a raising and lowering mechanism, it should first be briskly hoisted to the peak for an instant, then lowered to the half-way mark. It should again be raised to the peak before being slowly lowered at the end of the day.

While the code does not cover the use of crepe, flag authorities say a black streamer from the top of the staff to the point where the Flag is at half staff is permissible.

When not on a staff, indoors or out, the Flag should be displayed flat, or so suspended that its folds fall free.

★ ★ ★

Displayed on a wall or in a window, either horizontally or vertically, the blue field of the union should be at the top and to the Flag's own right, which would be to the observer's left.

When displayed with flags of other nations, government units, or organizations, the Flag is placed to the observer's left.

In the "don'ts" of usage, it should be understood that the Flag is considered the symbol of the living nation, and in itself a living thing.

Its proper display may be easier if remembered that the blue and stars of the union is the honor point. The right arm is the sword arm and therefore is both the point of danger and the place of honor.

★ ★ ★

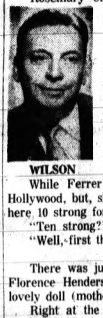

The Flag should not be displayed in inclement weather, allowed to touch the ground, used as a drapery, used in any form of advertising, stored or displayed in such a way it could be easily soiled or damaged.

Rosemary Clooney Vocal Re Jose's New Vocalizing

By EARL WILSON

NEW YORK—I went to a Sunday night Broadway opening—very rare in our town—and my, oh, my, the things we saw.

Rosemary Clooney was enormously proud of her husband Jose Ferrer's singing in "The Girl Who Came To Supper"—she spoke of it at a first-nighters' party afterward at the Hotel Plaza.

"Joe's studied hard . . . he's a true singer . . . a wonderful singer!" Miss Clooney, quite a singer herself, said.

"So which one of you sings at home?" I asked.

"Joe does!" she exclaimed. "You know I never sang a note in my life for nothing. I'm so commercial, I wouldn't even sing in the bath unless I'm paid for it."

While Ferrer's in the show, Miss Clooney's still living in Hollywood, but, she said, "I'll get the troops together and come here 10 strong for Christmas."

"Ten strong?" I said. "Who are the 10?"

"Well, first there are the five children . . ."

★ ★ ★

There was just no doubt about it, in our mind, that lovely Florence Henderson is the Mary Martin of tomorrow. What a lovely doll (mother of two!)

Right at the beginning, things didn't go off well.

The orchestra finished playing the overture—and we waited—but the curtain didn't go up. There was a dreadful pause . . . there was talking heard on stage behind the curtain. Somebody even said there was swearing heard there.

It could have been.

★ ★ ★

THE MIDNIGHT EARL . . .

Joan Collins and **Tony Newley** canceled their Paris holiday plans ('cause the Abyssinian U.N. delegation has delayed subleasing their N.Y. apt.) . . . **Eddie Fisher's** date at Jilly's two nights in a row was **Tuesday Weld.** (He also flew up to Grossinger's for a few hours to ice skate) . . . **Jane Morgan's** a virus victim. . . . **Janet Leigh's** L.A.-bound plane was held up at Idlewild for 20 minutes till **President Johnson's** jet landed.

Judy Garland asked **Meredith Wilson** to stage his parade number (from "Here's Love") on her Christmas TV'er . . . **Judy Holliday** and **Sydney Chaplin,** who were romantic onstage and off in "Bells are Ringing," were in separate parties at the Chateau Maudid.

★ ★ ★

WISH I'D SAID THAT: About the only exercise a lot of us get is pulling balky ice trays from the refrigerator.

REMEMBERED QUOTE: The men who found their way through the trackless wilderness now have great-grandsons who get lost in a supermarket.

EARL'S PEARLS: The woman who thinks she can hold her husband just by her cooking should remember he wasn't eating a sandwich when he proposed.

Bob Orben suspects a tinge of commercialism has crept into Christmas: "I got a greeting card from my building superintendent—and there was a business reply envelope in it." **That's earl, brother.**

Urges Plant in South Bend

UAW Asks Chrysler to Aid Auto Workers

DETROIT (AP) — The United Auto Workers Union urged Chrysler Corp. Wednesday to locate a proposed Illinois assembly plant at South Bend, Ind., where Studebaker Corp. is shutting down auto production.

The UAW also called on Chrysler to give laid off Studebaker workers "preferential hiring rights."

★ ★ ★

Studebaker announced Monday it would halt auto assembly operations at South Bend and henceforth make its cars at Hamilton, Ont. Some 6,000 hourly rated Studebaker workers at South Bend will be idled.

Chrysler recently disclosed plans to construct an assembly plant at Belvidere, Ill. It said some 5,000 would be employed. Chrysler also announced it would build a stamping plant in Sterling Township near Detroit.

MEET OBLIGATION

Emil Mazey, UAW secretary-treasurer, said in a letter to Chrysler president Lynn Townsend that the firm "now had an opportunity to meet its obligation to the welfare of the national economy in light of Studebaker's ceasing auto production in South Bend."

★ ★ ★

Mazey added that by making the switch from Belvidere to South Bend, Chrysler would get "a fully trained and highly skilled work force by hiring former Studebaker workers."

State Senate Approves New School Status

LANSING (AP) — The Senate Wednesday changed the name of Michigan College of Mining and Technology to Michigan Technological University.

Sen. Charles McManiman, D-Houghton, had proposed the name change. The measure was forwarded to the House.

Dear Santa, Marry Me!

NEW YORK (AP)—Santa Claus may be able to fill Susan's order for a doll, but how about this item on her list?

"I love you, marry me, please."

★ ★ ★

Hers was one of about 5,000 "Dear Santa" letters the post office peeked at this week.

Ike Parleys With Nixon

Both GOP Leaders Urge Return of Lodge

HARRISBURG, Pa. (AP) — Former Vice President Richard M. Nixon came to Pennsylvania Wednesday to talk politics with the man he tried unsuccessfully to succeed—former President Dwight D. Eisenhower.

The two also discussed other topics, including international affairs, Nixon told newsmen after meeting with Eisenhower in Gettysburg.

The former vice president said his talk with Eisenhower did not change his mind about running for president again.

In a television interview aired on CBS Wednesday night, Eisenhower said the subject of the current political boom for Henry Cabot Lodge, ambassador to South Viet Nam, came up in his talk with Nixon.

DYNAMIC LEADER

Referring to reports that he had urged Lodge to return to this country, Eisenhower said, "Now both of us agreed that we'd like to see him back here because he's a dynamic, vivacious man, a leader-type. We'd like to see him here discussing political matters. But neither of us, as far as I know, communicated with him. I haven't."

★ ★ ★

Nixon, interviewed on the same program, said: "Gen. Eisenhower said to me, emphasized to me, he has said many times, that he believes that it's important for the Republican party to put a number of good potential candidates in the field. He's for all of them and against none of them."

A spokesman for Eisenhower in Gettysburg said the meeting with Nixon was set up some time ago.

Eisenhower returned to his Gettysburg farm from Augusta, Ga., last Monday. He, his wife, Mamie, and a party of six others plan to leave Saturday by train for a visit to Palm Desert, Calif.

The Eisenhowers plan to remain in California until about May 15.

'Free Ride' Bill Killed

Pontiac Press Photo

SNOW FUN — Five-year-old twins Peggy and Lori Stilt, 85 Mary Day, are taking no chances and grab handfuls of snow to toss at each other. Their fears that last night's heavy snow might melt before end of classes at Crofoot School are unfounded. More snow is expected.

Pontiac Not Fazed by 1st Snowfall

The first major snowfall of the year blanketed the Pontiac area with 3 - 5 inches during the evening, but relatively few problems were encountered.

Motorists were at their driving best, according to Pontiac, Waterford Township and State police, who said the accident rate was about normal and none proved serious.

Oakland County Road Commission Chairman Sol D. Lomerson said the snow had been anticipated from weather reports and crews had been alerted.

★ ★ ★

Some 100 men and 60 pieces of equipment worked in shifts during the night to clear rural roads. Two graders were hit by cars in minor accidents.

DOZEN MEN

Clyde Christian, superintendent of the Pontiac Department of Public Works, had a dozen men and all available graders and scraping equipment on city streets all evening.

Salt trucks also were busy, Christian said, "but when you get this much snow it is not very effective."

More snow coupled with a low of 22 degrees is predicted late tonight with snow continuing into Friday.

★ ★ ★

A high of 27 is expected tomorrow along with snow flurries and winds ranging from 8 to 15 miles an hour.

Twenty-two was the lowest recording in downtown Pontiac prior to 8 a.m. today. The mercury had climbed to 30 at 1 p.m.

2 Die as State Is Buried by Season's Worst Snow

BY THE ASSOCIATED PRESS

Michigan dug out of its biggest snowfall of the season today, a crippler that caused highway deaths and stopped shipping.

Two persons were killed in an expressway smashup near Monroe. Two freighters ran aground in the Detroit River.

The storm, hitting 10 days ahead of the official advent of winter, blew in last night, dumping 2 to 5 inches of snow across the state.

After a letup today, there is to be more snow tonight and tomorrow, the Weather Bureau said.

Temperatures were moderate, however, and the Highway Department said all highways would be clear early in the day.

DRIFTS IN U P

In the Upper Peninsula the snow piled up in drifts of 2 to 3 feet, road patrols said.

Road crews worked all night as the snowfall averaged 3 to 5 inches in the Lower Peninsula and 1 to 3 inches in the Upper Peninsula.

St. Ignace reported a fall of 10 inches and Tawas City 8 inches.

The lowest reported temperature was 17 degrees at Marquette. A range of 22 to 30 degrees was predicted for southern Michigan today, with 15 to 25 in the far north.

Two Great Lakes freighters ran aground near the mouth of the Detroit River. They were the John J. Boland and the Mancox. Neither ship was reported damaged.

Two Toledo women lost their lives in the expressway collision. Police said a car in which they were riding skidded into a guard rail while trying to pass a truck on the Detroit - Toledo expressway.

Death Suspect Found in Mine

Welder Admits Killing Farmington Woman

A 32-year-old welder charged with the Tuesday slaying of a Farmington Township mother was apprehended last night in a southern Kentucky coal mine.

Shortly after being picked up, William H. Hoskins admitted the slaying of Mrs. Carroll Westerman, according to Kentucky State Police.

"I didn't want to see her suffer any more being married to him," Trooper Robert E. Combs quoted Hoskins as saying.

★ ★ ★

The woman's husband, who told state police at the Redford post he had planned to divorce his wife, found her body Tuesday night in the house trailer rented by Hoskins at 21335 Renselaer. She had been shot and stabbed.

WENT TO KENTUCKY

Hoskins told Kentucky State Police he had killed Mrs. Westerman shortly after 7 a.m. Tuesday and then headed for Kentucky with his 12-year-old daughter, Janice.

When apprehended, Hoskins was working in a Davisburg coal mine in the area where he had lived before coming to Michigan. He had left his daughter with his sister, Mrs. Ben Miracle of Colmar, Ky.

Michigan State Police are on their way to Kentucky to pick up Hoskins, who waived extradition.

★ ★ ★

He faces a first-degree murder charge on a warrant issued yesterday by Novi Township Justice of the Peace Robert K. Anderson.

CARRYING PISTOL

Trooper Combs said when Hoskins was arrested, he was carrying the 22-caliber automatic pistol believed to be one of the murder weapons.

★ ★ ★

"He said he had also used something he made at the shop where he worked," Combs reported. A 10-inch makeshift ice pick was found at the scene.

★ ★ ★

Mrs. Westerman, 21312 St. Francis, was the mother of four.

To Shut Bases, Cut Operation in 16 States

Angry Congressmen Beset McNamara Before Disclosure

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara, beset by furious congressmen, was expected to announce today economy-induced plans to close or reduce operations at 25 to 27 military bases in about 16 states.

Reports from congressional sources late yesterday forecast shutdown of more than 30 installations, with the loss of 75,000 jobs.

But it was learned McNamara's action will affect several bases fewer than that and result in the abolition of 9,000 to 12,000 jobs.

There were indications the bases, large and small, would be phased out over perhaps three years.

★ ★ ★

No naval shipyards were on the list of Army, Navy and Air Force bases due to be axed or reduced in scope.

NOT MICHIGAN

A check with Washington sources last night disclosed that no installation cutbacks were planned for Michigan at this time.

Rumors Wednesday said McNamara would move to close naval shipyards in Boston, Philadelphia and San Francisco. One base in Ohio also was mentioned.

House Speaker John W. McCormack, D-Mass., acting for the Massachusetts delegation, carried to President Johnson Wednesday night a bipartisan protest against rumored closing of the Boston Navy Yard.

★ ★ ★

Other protests rained on the White House from Pennsylvania, California, New York and other state congressional groups.

HOUSE, SENATE

There were demands for investigations by House and Senate Armed Services committees.

Through it all the Defense Department maintained a

(Continued on Page 2, Col. 8)

HAPPY ENDING—Frank Sinatra Jr., 19, hugged his mother, Nancy (right), and sister, Tina, as he talked to newsmen yesterday for the first time since he was released by his kidnapers. He declined to reveal any details of the ordeal, saying he couldn't discuss it until the FBI completes questioning him.

Agents on Trail of Kidnapers?

HOLLYWOOD (AP)—The FBI sent a dozen men to the San Fernando Valley north of Hollywood last night, arousing speculation that agents might be on the trail of suspects in the Frank Sinatra Jr. kidnaping case.

The FBI said it had men in the area but would not say what they were doing.

Newsmen learned through police that several residents of the area telephoned the West Valley Police Station, saying men believed to be FBI agents were checking houses on one street and stopping cars at intersections in the same neighborhood.

'STRICTLY FBI'

Officer Gene Radomski of the West Valley division of the Los Angeles Police Department said it was "strictly an FBI operation." He said police had not been told the nature of the FBI activity, but assumed it was connected with the Sinatra case.

Radomski said police observed FBI men staked out in cars on two streets.

★ ★ ★

A resident of the neighborhood, Mrs. James Dyatt, said her daughter, Mary Margaret, 19, was stopped outside their home by two men identifying themselves as FBI agents.

Four Brothers Perish in Huge Earth Shift

ST. JOACHIM de TOURELIE, Que. (AP)—A huge earth movement yesterday night swallowed up four brothers in a truck, three hillside homes, demolished a highway bridge and carried four other homes into the St. Lawrence River on a sea of mud.

Except for the brothers, no deaths were reported in the sudden earth shift in this small Gaspe Peninsula community 275 miles northeast of Quebec.

But the situation was so confused that officials said there may have been more fatalities.

A one-half-square-mile pit, 150 feet deep, was opened in the Tourelle Creek valley 500 to 1,000 feet above the Gaspe highway.

Quebec provincial police said a car also was swallowed up by the earth movement but that its occupants — a couple — were pulled out of the mud by rope.

★ ★ ★

The truck carrying the brothers vanished. They were identified as Johnny Therrien, 32, and his brothers, Raymond, 28, Benoit, 22, and Onesime, 20.

6 RESCUED

Constable Martin Gauthier said fishermen in three boats rescued at least six persons from the houses swept into the river.

The giant earth movement also tore up a portion of a secondary road on which the truck and car were traveling. The thick gray mud moved down the hillside into the bed of Tourelle Creek and into the St. Lawrence River.

On its way it knocked out the 50-foot Gaspe Highway Bridge that crosses the creek just before it feeds into the St. Lawrence.

It was a near-zero, stormy night and police had to use ski-equipped vehicles.

A provincial surveyor, Gilbert Sasseville, said the earth movement may have been caused by an underground lake.

Promoter Is Sorry for Rock 'n' Roll

LONDON (UPI) — Harold Fielding, a promoter who claims to have started the rock 'n' roll craze in Britain, has apologized.

★ ★ ★

"I regret it very much," Fielding said yesterday at a tribunal called to rule on payment rights for entertainment promoters.

★ ★ ★

Fielding said he took responsibility for the hysteria surrounding pop concerts and said he was sorry.

House Blocks Extension of Voted Terms

Measure Is Passed Giving Extra Time to Elected Judges Only

By JIM DYGERT

LANSING — Oakland County's five elected officials know today they should start cranking up their campaign organizations for next fall's elections, but the county's three appointed Circuit Court judges are still unsure.

A bill giving the county officers an extra two years in office was killed yesterday when it was sent back to a House committee without objection from a single lawmaker.

★ ★ ★

The House passed a measure extending the terms of elected Circuit Court judges until 1966, after deleting a provision to do the same for appointed judges.

MAY REPLACE

However, an attempt is expected to be made in the Senate to put that provision back in.

The controversial bill to extend the county officers' terms until 1966 met its death after House Democrats caucused and decided not to back the measure.

Although opposition was expected from most Democrats, the bill's backers had been counting on a sizable bloc of Democratic votes to pass it in a close vote.

★ ★ ★

"There just weren't enough votes," said State Reps. Lloyd L. Anderson, R-Waterford Township, and Henry M. Hogan, R-Bloomfield Hills. Hogan said he had not decided how he would vote on the bill.

SUPPORT LOST

When they learned that the Democratic votes were lost, supporters of the bill made no attempt to keep it alive or bring it to a vote.

House Minority Leader Jo-

Folk Craze Causes Run on 'Plucking' Instruments

By REBA HEINTZELMAN

With the hootenanny craze sweeping the country, guitars, banjos and ukuleles are disappearing from musical store shelves like corn thrown to a flock of hungry chickens.

Mandolins and bongo drums, too, are boosting holiday sales and filling gaps under Christmas trees throughout the county.

One music store businessman has a line of guitars that stretches from the $17 price tag to well over $500, and every price level is having a big "play."

For the sports minded individual, there is the new Heat Pal. Carried like a pail, it is fueled with alcohol and is safe and warm for use in fishing shanties or tents.

A new item just released to government surplus stores is the scientific mine detector "for the man who has everything."

★ ★ ★

It's fun to try and locate underground pipe lines or buried metal on an owners property.

CLOCKS, POODLES

For milady, there are tiny boudoir clocks with gold faces outlined in sparkling rhinestones. A cute little white poodle — he can't bark, but provides an unusual night light — is available as a personal or house gift.

Cossack type boots in various lengths from the ankle to knees are popular presents, depending on the individual.

And this year's trend is for the flattie type boot rather than last year's high heel favorite, according to one local shoe store manager.

★ ★ ★

Lounging slippers in gold, silver or white satin have rosebuds nestled in balls of real fur and make elegant gifts. The big, furry slippers in every pretty color that exists are again one of THE choice Christmas gifts.

Gift to Zacchaeus the Publican

By JOHN J. STEWART

The loneliest man in all Jericho was Zacchaeus, the chief publican or tax collector for the Roman government.

Zacchaeus was an extremely short, pudgy man. From early youth he had suffered ridicule and a complex because of his size. He had determined to change others' contempt to envy by amassing great wealth. To this end he had devoted his whole life.

* * *

But somehow his success had failed to bring him happiness. Although others envied him, they also despised and shunned him.

In common with other publicans, he was regarded as a sinner and a traitor. He had no friends. Having accomplished his one goal in life, he now had no purpose.

His ornate palace was silent and gloomy, a vast tomb isolating him from humanity.

LONELY LIFE

How lonely and shallow was his life. How he craved friendship, to be wanted, to be needed, to be loved, to have some purpose for living, to be a part of humanity.

Sitting alone in self-pity one evening, he saw a great throng coming down the road. Upon learning that it was Jesus, the popular Nazarene prophet, he rushed out to have a look at Him, envious of His popularity, curious to know what attracted people to Him.

Jesus, like himself, was hated by the priests. It gave them something in common.

* * *

Zacchaeus tried to push his way through the crowd to get a glimpse of the Master. But always he was shoved back.

In desperation he ran ahead and with much effort climbed up a sycamore tree, trusting that he would be able to see without being seen.

But as Jesus reached the tree He suddenly stopped and looked up. "Zacchaeus," he called. "Make haste and come down, for today I must abide at thy house."

SCAMPERS DOWN

Surprised, delighted, the little man scampered down to the ground and proudly led the way to his house, while the crowd murmured critically that Jesus should eat with a sinner.

Into Zacchaeus' life came the spirit of Christmas that evening as Jesus taught him the true values of life.

* * *

In rejoicing, the repentant publican cried, "Behold, Lord, the half of my goods I give to the poor. And if I have taken anything from any man by false accusation, I will restore him fourfold."

"This day is salvation come to this house," said Jesus. "For the Son of man is come to seek and to save that which was lost."

NATIONAL WEATHER — Snow is expected tonight from the northern and central Rockies eastward through the northern and central Atlantic states. Showers are forecast for the Carolinas and Florida, while Texas will have rain and drizzle.

Clergy Tries to Mediate in Bolivia

ORURO, Bolivia (AP)—Catholic Church leaders were reported today trying to secure the release of a group of hostages, including four Americans, held by Communist-led tin miners.

A standoff prevailed between government troops and armed miners in the Catavi area where the hostages were held as pawns for two Communist union leaders arrested by President Victor Paz Estenssoro's government. The government insisted it would not trade the arrested men for the hostages.

* * *

Msgr. Andrew Kennedy of St. Louis, Mo., a member of the staff of the Catholic vicar general in La Paz, arrived in Oruro en route to Catavi, 30 miles away.

Msgr. Kennedy declined to confirm reports that the church was trying to get the hostages freed and said he was going to Catavi to "see the general situation there." But he recalled a previous intervention by the vicar general, Msgr. Gennaro Prata, to end a hunger strike by wives of miners in Catavi.

CONTACTED MINERS

Informed sources said Msgr. Kennedy had been in contact with representatives of the miners' union and that the miners were willing to have him mediate the dispute.

The priest also was said to be carrying a letter to the miners from the two jailed union leaders, Irineo Pimentel and Federico Escobar. Both have been indicted on charges of sabotaging government mine operations, attempted murder and promoting anarchy.

* * *

There was no word of any direct negotiations between the government and the miners for release of the hostages. But tension in the area eased somewhat after a defense ministry statement said troops would not move against the defiant miners and Paz Estenssoro ordered army patrols withdrawn from Catavi and the neighboring mining area of Siglo Veinte.

Suspended Police Chief Gets City Traffic Position

Suspended Pontiac Police Chief Joseph Koren has been appointed assistant city traffic engineer, effective Jan. 18.

City Manager Robert A. Carter announced Koren's appointment yesterday.

Koren has accepted his new position. It carries an annual salary of about $8,900, which is a little more than a police captain's pay.

Several weeks ago, the then suspended chief had proposed that he be reinstated as a captain, his former rank before becoming chief in June, 1961.

BEST INTERESTS

He asked to be demoted "in the best interests of the community and the police department as well as my own."

Carter said that after the first of the year Koren could freeze his police pension at the chief level. He would then pay into a separate city pension fund, but would receive all the money back in six years when he gets his police pension.

The city manager said city employes can receive only one pension from the city.

* *

Carter said yesterday that he was in "no hurry" to hire a new police chief.

AWAIT NEW CHIEF

Acting Chief William K. Hanger, 38, recently promoted to police inspector, will continue to head up the department until a new chief is selected.

Koren, who will be an assistant to City Engineer Joseph E. Neipling, said yesterday he was not certain what his duties as assistant traffic engineer would entail.

Carter said that he did not know where Pontiac's new police chief would come from. He thought that "we'll be training police chiefs for other cities" some day.

* * *

He added that police training was going to be intensified, including finishing the police pistol range and requiring constant practice by policemen.

TICKETS ON INCREASE

Carter said that the daily number of tickets for traffic violations more than doubled yesterday. He said the average had been 19, but this jumped to 48 in a 24-hour period.

The city hasn't had anyone serving as assistant traffic engineer for several years. The same is true of Hanger's new post of police inspector, which is second only to the chief's position in that department.

"As I read the history," Carter commented, "this is the first time that an upheaval in the police department hasn't resulted in someone being fired."

* * *

Koren was suspended with pay Oct. 10 pending an "impartial investigation" of police departmental efficiency and leadership. Hanger was named temporary chief.

Ex-Adman Dies at 63

W. Charles Perkins, former retail advertising manager of The Pontiac Press, died yesterday after an illness of two weeks. He was 63.

PERKINS

Service for Mr. Perkins, of 3385 Norris, Waterford Township, will be 10:30 a.m. Saturday in the Voorhees - Siple Chapel with burial in Mt. Hope Cemetery.

An Elks Lodge of Sorrow will be conducted at 8 p.m. Friday in the funeral Home.

Mr. Perkins came to Pontiac from Flint in 1924 and served as head of the Fisher Body Division's shipping department before joining The Pontiac Press staff in the advertising department.

In 1951 he was appointed retail advertising manager.

Mr. Perkins left The Press in 1957 because of ill health and later became a real estate salesman. He was a member of Elks Lodge No. 810.

Surviving are his wife Delorus, a son William C. of Traverse City, a daughter Mrs. William Archambeau of Pontiac, five grandchildren, two sisters and two brothers.

Free Ride Bill Killed

(Continued From Page One)

seph J. Kowalski, D-Detroit, said Democrats considered the bill unconstitutional and violated the intent of the voters who elected the officials for two years.

Statements by other Democrats, including Rep. Arthur J. Law of Pontiac, indicated there had been party pressure to adhere to Democratic Atty. Gen. Frank J. Kelley's opinion that the bill was unconstitutional.

* *

Most Michigan counties have Republican officeholders who would have been given a free ride of two years.

DEMS OPPOSE

Oakland County Democrats opposed the bill.

The bill would have doubled the terms so that county officers would begin their new four-year terms under the new constitution in 1966 along with state officers.

The constitution specified a 1966 beginning for the state officers' new four-year terms, but is silent on the matter of when the new county terms were to begin.

The Circuit Court judge bill extends the terms of elected judges from Dec. 31, 1965, until Dec. 31, 1966, to implement constitutional provisions abolishing the odd-year elections and prohibiting the shortening of any

* * *

incumbent's term.

In 1966, Oakland County would elect three judges for six years, two for eight years and two for ten years. All terms would thereafter be for six years.

ROMNEY JUDGES

Democrats oppose a similar extension for 15 judges appointed this year by Republican Gov. George Romney, including Arthur E. Moore, Philip Pratt and James S. Thorburn in Oakland.

The bill was to be considered today by the Senate Judiciary Committee headed by Sen. Farrell E. Roberts, R-Oakland County. Roberts' committee may amend the bill to include the appointed judges in the term extension.

If that is not approved, appointed judges will have to seek election for two years in November 1964 in order to stay in office until 1966 when the terms would be staggered.

A Senate-approved bill to give the appointed judges the right to have their office designated on the ballot under their names was to come before the House Judiciary Committee today. Hogan is a member of the committee.

Democrats also oppose this.

Legislators have received letters from the county's seven Circuit Court judges urging approval of the incumbency designation for appointed judges, claiming it is constitutional because the document does not prohibit it while granting the right to elected judges.

Mother, 3 Children Perish in Home Fire

TRENTON, N. J. (AP) — A woman, her infant daughter and two young sons died today in a fire that destroyed their home. The woman's husband fell from a second-story window, apparently during a rescue attempt, and suffered burns and cuts.

* * *

The victims were Mrs. Nichael Burnat, 31, and her children Michael Jr., 7, Joseph, 3, and Darlene, 1.

3 Cardinals to Take Papal Holy Land Trip

VATICAN CITY (AP) — The Vatican announced today that Pope Paul VI would be accompanied on his trip to the Holy Land next month by three key cardinals of the Roman Catholic Church.

The cardinals are Eugene Tisserant, French-born dean of the College of Cardinals; Amleto Giovanni Cicognani, head of the Vatican Secretariat of State; and Gustavo Testa, secretary of the Congregation for the Oriental Church.

BROADWAY PROBE—Mrs. Marguerite Cullman, Broadway "Angel" who has invested in nearly 300 shows in 26 years, testified before New York state investigators yesterday of ticket-scalping and other high-priced goings on along the Great White Way.

Move to Better Ties With Russ

LONDON (AP)—A high-level British move for friendlier relations with the Soviet Union was disclosed by government authorities today.

* * *

It had the look of a bid by Prime Minister Sir Alec Douglas-Home's cabinet for a dialogue with Soviet leaders matching that which went on between Soviet Premier Khrushchev and the late John F. Kennedy.

* * *

Informants said the exchanges between London and Moscow had been going on at two levels:

1. Khrushchev and Douglas-Home are in direct touch with each other. The Soviet leader on Nov. 20 sent a message to Douglas-Home through Ambassador Alexander Soldatov on the subject of relaxing East-West tension generally and on the possibility of including Berlin territory in any East-West nonaggression arrangment.

* * *

2. Foreign Secretary R. A. Butler last week sent a message to Soviet Foreign Minister Andrei A. Gromyko — again through Soldatov, who now is in [illegible] suggesting an early meeting. Gromyko has not yet replied.

Zone Code Hearing Set for Jan. 15 at Cranbrook

BLOOMFIELD HILLS — Public hearing on the controversial zoning ordinance proposed here will be held Jan. 15.

The gymnasium at Cranbrook School has been reserved for the 8 p.m. session.

The code has been three years in preparation. One version was turned down after a hearing last February.

* * *

The new ordinance was passed to the city commission in August after being prepared by the planning commission. It has since gone through several study sessions.

BASIC CHANGE

City commissioners made one basic change after receiving the proposed code. They cut the provision for a slightly larger commercial office section.

Allocation of commercial space has been the main issue in the zoning controversy.

There are now 27 acres in the commercial zone. Through the juggling of office, business and institutional acreage, the ordinance as proposed by the planners would have put about four more acres into the zone.

* * *

The only significant changes left in the proposed code are in the provisions for multiple residence zones.

4½ FAMILIES

There, 4½ rather than 3 families would be allowed per acre and three-story structure could be built. The code now limits them to two stories.

Minimum lot sizes also have been somewhat altered.

Copies of the proposed ordinance as well as maps are now being prepared, according to City Clerk Robert J. Stadler.

* * *

The ordinances will be distributed at the Municipal Building before the hearing, Stadler said.

The City Commission plans to draft a letter to all property owners later this month.

Charles Mortensen, Birmingham Chamber of Commerce manager for 15 years, has announced his resignation.

Mortensen, 55, has been manager of the chamber since it was organized in 1948. He now plans, he said, to take "a long-overdue vacation."

The chamber's board of directors accepted "with regrets" the resignation which will become effective Dec. 24.

The board will appoint a committee to seek Mortensen's successor, according to President William E. Roberts.

U.S. Bases to Feel Cost-Cutting Effect

(Continued From Page One)

steadfast "no comment" on the reports.

One harried official, noting the anguished cries from Capitol Hill, said ruefully, "There is no painless way to do something like this."

* * *

In an apparent effort to avert the storm, Deputy Secretary of Defense Roswell L. Gilpatric went to the Capitol to explain the situation to affected congressmen. He was aided by Secretary of the Army Cyrus R. Vance and Secretary of the Air Force Eugene M. Zuckert.

But they didn't succeed, at least to the hard-hit New York delegation.

After being informed that seven bases had been tapped for the discard in New York State, Rep. Leo W. O'Brien, D-N.Y., angrily denounced the Pentagon emissaries as arrogant. O'Brien called the base-closing decision a "precipitous, unwarranted action."

He quoted Gilpatric as having said it was not the Defense Department's job to consider unemployment and other factors but only to respond to a request for economy.

Switzerland President

BERN, Switzerland (AP) —Ludwig von Moos, 53, minister of justice and police, was elected president of Switzerland today for 1964. Von Moos, a conservative, has been a member of the seven-man Collegiate Government of Switzerland, the federal council, since 1959.

This Season

Take Second for Safety

Is there a woman living who doesn't get a little bit blithering as Christmas draws closer?

Maybe we're not quite as distraught as the apartment-dwelling gal who made the newspapers last year for "mailing" over one hundred Christmas cards down the apartment incinerator and tucking the morning's coffee grounds neatly into the mail chute, but still, we're just not as alert as we usually are.

★ ★ ★

Jean Kinkead, women's consultant to The Travelers Insurance Companies, reminds us that holiday time with all of its distractions is likely to be a time of accident proneness.

★ ★ ★

She isn't referring to the more dramatic accidents that result from over-celebrating on New Year's Eve or from faulty Christmas tree wiring. (Let's heed our safety councils' and fire departments' warnings on these awesome hazards!) She is talking about home accidents, family-style.

★ ★ ★

"You know the way it goes," Miss Kinkead says. "You're cutting ribbon to tie up a package, and right in the middle, the phone rings. As you pick up the receiver, there's a blood-curdling howl from the baby who has nicked himself with your scissors."

★ ★ ★

You just can't anticipate every sort of holiday home accident—the broken ornaments that cut small fingers, the bite-size toys that get into mouths — but you can keep them at a minimum by earmarking a small amount of your attention for your main job, which is the care of your family.

★ ★ ★

How to do that, with one million jillion extra things to do? Miss Kinkead offers some suggestions that have helped in her own household which swarms with her five children, plus the neighbors' children and a large assortment of animals.

★ ★ ★

"It helps to have a plan, however flexible, for the weeks preceding Christmas," she says, and she goes about it in this way. She takes a big piece of paper and marks it into squares, each with a date on it.

★ ★ ★

All the pre-Christmas chand events are penciled into these squares. Christmas-shopping, card-writing and mailing, the traditional cookie-baking, marketing, Christmas dinner preparations, social events for the whole family—each has its place.

★ ★ ★

The psycholigical benefit of knowing there's time to do all that has to be done is enormous, Miss Kinkead has found. It cuts down on the scatter-brainedness and resulting carelessness that leads to accidents.

★ ★ ★

Something else that helps is having one place for wrapping Christmas presents. The kitchen counter offers a good rugged surface, and kitchen drawers provide safe storage places for scissors, glue, ink and what have you. What else? Miss Kinkead has five suggestions.

- Don't drive the car when you're over-tired.
- Don't pile packages on the stairs.
- Do say "No, thanks" when neighborhood festivities begin to crowd you.
- Do take time out as a family to listen to Christmas music, to re-read the Christmas story, to be thankful for all your gifts, material and otherwise.
- And do make a small, quiet island in each day—perhaps at lunch-time or a half-hour before the children are due home from school in which to remember, in the light of your own understanding, what is behind all this hectic holiday activity. This can help us to go back to writing our Christmas cards in a more loving spirit, thus lightening the task immensely.

★ ★ ★

"We'll feel more at peace with ourselves," Miss Kinkead promises, "and we'll be be much less accident-prone."

A late January wedding is planned by Donita Jean Leach, daughter of Mr. and Mrs. Edwin T. Leach of South Astor Street and James P. Smith, son of the George W. Smiths of West Fairmount Avenue.

Nine out of ten homicides in the United States are cleared by police through arrests, but only about one of five larcenies can be prosecuted.

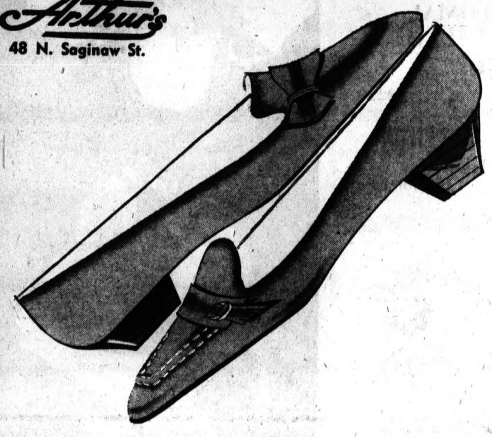

Club Honors London Guest

The John J. Coryells of Washington, Mich., announce the engagement of her daughter Janet Lynne Cohoon of West Huron Street to Edward Alfred Salter, son of the Alfred E. Salters of Davisburg. The bride-elect attended Ferris State College and her fiance was graduated from Lawrence Institute of Technology. Spring vows are being planned.

The electric power company in New York City 50 years ago provided electric car owners with a directory of battery charging stations throughout the city. Since the battery-operated cars could go only a few miles between charges, the directory was vital.

For Semester

Students Become Teachers

Some 400 students from the school of Education at Western Michigan University are being placed in southwestern Michigan classrooms.

By spending one semester of their senior year teaching in their subject fields and learning just how schools run, they find out it teaching is really their vocation before they actualy sign a contract.

They take college classes at the same time and try to evaluate their experiences and apply educational theories to practical situations.

Teaching in Kalamazoo schools are Carol Campbell, daughter of the John W. Campbells of First Avenue. She is working with second and third graders at the Millham School.

Karen Rognaldson of West Ann Arbor Avenue is working with first graders at the Indian Prairie Elementary School. Her parents are the Clarence Rognaldsons.

Working with English classes at Hillside Junior High is John Thompson, son of Mrs. Elizabeth Kennedy of State Street.

* * *

At Portage, are Frederick Staley of Glendale Avenue, student teaching sixth graders at Pershing School and Ruth Bell of Hudson Avenue, daughter of the Russell C. Bells, teaching first graders at the Waylee School. Mr. Staley's parents are the Francis W. Staleys.

Teaching first grade at the Cedar Street School in Paw Paw is Dianne Hillman, daughter of the Marvin R. Hillmans of West Huron Street.

Student teaching in speech classes at Parchment High School in Parchment, is Warren Norlund of Lincoln Avenue, son of the Henry J. Norlunds.

Charles Hawkins has been elected to "Who's Who Among Students in American Universities and Colleges" at Greenville College, Greenville, Ill.

He is the son of Mr. and Mrs. Floyd E. Hawkins of LeBaron Street.

Impersonal Gift OK for Bosses

By The Emily Post Institute

Q: I have been working as a maid for a family for five years. They have been wonderful to me and have helped me out many times when I truly needed help.

My employers will be celebrating their 25th wedding anniversary in a few weeks and I would like to give them a small gift. Would a gift be proper considering that I am a maid?

A: A small impersonal gift that you can easily afford will surely please them very much and will not be overstepping your bounds.

Q: When at a dance, when a man comes and asks a girl to dance with him, is it rude to refuse? If she does refuse, must she then sit that dance out or may she dance with someone else?

* * *

A: If she knows the man, or the dance is private where the roof of one's host or hostess is considered an introduction, it would be very rude to refuse except for a very serious reason, such as his being intoxicated.

To refuse to dance with one man and then dance immediately with another, would be very discourteous. At a public dance, she would be right to refuse to dance with a stranger.

Q: I have been dating a young man for six months. I have been invited to Christmas supper at his house.

I was never formally introduced to his mother, although I do know who she is. Would it be proper to take her a Christmas present?

* * *

A: Although no gift is necessary, it would be thoughtful and in keeping with the Christmas spirit, to take a box of candy, or cookies or a Christmas plant to his mother.

The Emily Post Institute booklet entitled, "Table Rules of Importance," describes how to eat spaghetti as well as other difficult foods.

To obtain a copy, send 10 cents in coin and a stamped, self-addressed envelope to the Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Club Donates to Boys Home

Mrs. Harold Harrison of London, Eng. was guest at the Tuesday meeting of the Transatlantic Brides and Parents Association.

Mrs. Robert Middler of Ashburnham Road opened her home for the meeting at which Mrs. Ira Vail acted as cohostess.

A gift exchange followed the short business meeting. A dance will be held Dec. 28.

A horse of a different color—say, Persian blue or bittersweet orange—will charm every teen-ager on a Christmas list. The gift horse is really a pair of fuzzy new knee-high socks. Stuff the socks with tissue paper, and twist them together to make the horse. The head, neck, and one front leg are one sock; the body, back legs, and other front leg, the other. Bits of felt or colored paper make the ears, eyes, and tongue; the hat, mane and tail are scraps of yarn.

Michigan Five Stops Butler

Wolverines Breeze to 80-70 Victory

INDIANAPOLIS (AP) — Seventh - ranked Michigan capitalized on a height advantage and breezed past Butler 80-70 in a basketball game Wednesday night.

★ ★ ★

Three early fouls cramped Michigan's ace center, Bill Buntin, but the Wolverines got in gear after Butler built up an early 25-21 lead. By halftime, Michigan was ahead 41-37 and its lead zoomed as high as 15 points a few times in the second half.

Cazzie Russell led Michigan's forging ahead, scoring 17 of his 25 points in the first half. That topped Buntin's 23-point total, but Buntin had a perfect 11-for-11 from the field.

MICHIGAN (80)	FG	FT	TP	BUTLER (70)	FG	FT	TP
Myers	3	1-2	7	Sanders	8	3-3	19
Darden	3	1-3	7	Iverna	3	1-1	7
Buntin	11	1-3	23	Blue	5	1-1	11
Russell	11	3-5	25	Shade	2	1-2	5
Cantrell	3	0-0	6	Ferrin	3	1-2	7
Porney	2	0-2	4	Chapman	7	1-3	15
Herner	0	0-0	0	Fiederlohn	0	0-0	0
Thom'sn	1	0-0	2	Knight	0	0-0	0
Clewson	0	0-0	0				
Ludwig	0	0-0	0				
Totals	37	6-17	80	Totals	30	10-16	70

Michigan	37—80
Butler	37—70

Personal fouls—Michigan, Myers 2, Darden 4, Buntin 5, Cantrell 2, Porney, Butler, Sanders 2, Blue 2, Ferrin 4, Chapman 3, Fiederlohn, Knight.
Attendance—7,788.

Cotton Halts Irishman

BELLINGHAM, Wash. (AP) — Eddie Cotton, No. 1 challenger for the world light-heavyweight championship, defeated unranked Irish Don Bale by a technical knockout at 2:36 of the second round of their scheduled 10-round boxing match.

Western Takes Crack at No. 1 Team

KALAMAZOO (UPI) — Western Michigan University's basketball team makes its bid for a spot in the national limelight tonight.

The Broncos will entertain defending national champion and top-rated Loyola of Chicago before a sellout crowd at Read fieldhouse in their first home game of the 1963-64 season.

Loyola is 3-0 and heavily favored but a Western Michigan upset would put the Broncos into headlines across the nation.

It's a special occasion for Western since the fieldhouse, being renamed in honor of Herbert W. (Buck) Read, will be rededicated tonight.

Read coached the Bronco basketball team for 27 years and recorded a mark of 355 victories and 166 defeats.

The Broncos hope to make the occasion complete with a good showing against the Ramblers, who were 29-2 last season and bounced Western, 123-102 and 107-69.

But the Broncos face a tough task. Loyola is expected to be wary after it was extended to overtime before edging University of Detroit, 113-108, Tuesday night.

The Ramblers blitzed North Dakota, 92-54 and Kent State, 100-59, in their first two meetings before running into the tough game put up by the Titans.

Most of Western's hopes ride on the shooting eye of little jumpshot artist Manny Newsome, who is averaging 32 points a game this season.

Western has a 1 - 2 record but has a better team than that record indicates since the two losses were 80-78 and 101-100 verdicts at the hands of Big Ten teams Northwestern and Michigan State. Western edged Marquette, 83-80, for its only victory this season.

Dave Anderson teams at the guards with Newsome for Western while Ajac Triplett and Bill Street are the forwards. Street pumped in 39 points for Western in the Marquette game.

California Mentor Resigns Grid Post

BERKELEY, Calif. (AP)—Marv Levy, the young Phi Beta Kappa key holder who inherited a murderous schedule and an average set of players as California football coach, resigned suddenly Wednesday.

Levy, a surprise appointment in 1960 to succeed Pete Elliott, was brought to Cal after a 14-0 record at New Mexico. He was regarded as a good image for the state university trying to field teams made up of students bucking stringent grade and entrance requirements.

He leaves with an 8-29-3 record in four seasons—and the onus of having a 1-3 mark against arch-rival Stanford. After the 28-17 loss to the Indians Nov. 30 — his third "big game" loss in a row — Levy appeared pale and drawn.

Scores 18

Spectator Turns Star

A Waterford recreation quintet came up a man short at a league cage tilt last night but pulled a player from the crowd who turned out to be the star of the game.

★ ★ ★

Mike Reed, who showed up at the game hoping some team would claim him, found a slot on the Wardrobe Cleaner five and scored 18 points as the cleaners dropped Bill's Towing, 48-45.

Reed scored the winning point for the cleaning crew when he bagged a free throw with 30 seconds to go in the game. Stewart Cox clinched the decision moments later later with a two-pointer.

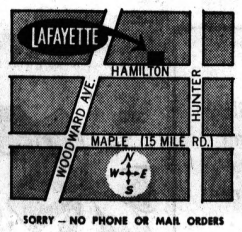

Pacing the Josers in the scoring column were Ron Hetherington (15) and Joe Umphrey (14).

In a second game on the schedule, Bob Casteel's squad downed O'Neil Realty, 74 - 49, with John Keller dumping in 32 points for the winners.

Two games are listed on tonight's schedule with the first slated to get under way at 7:15 p.m. at Crary Junior High School.

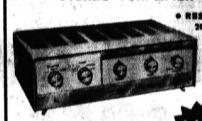

Lakeland Pharmacy will battle Frushour-Struble Realty in the opener and Spencer Floor Covering will tangle Zilka Heating in the nightcap.

Stock Market Irregular

Rails Continue Slight Gain

NEW YORK (AP)—Rails continued to gain slightly on average early today in an irregular stock market.

Having topped their previous 1963 peak in the rail average Wednesday, the carrier stocks had provided good technical support for the market.

★ ★ ★

The rails' strong upward drive of the previous session, however, had slackened. Atlantic Coast Line was up nearly a point. Fractional gains were posted for Nickel Plate, Seaboard, Illinois Central and Southern Pacific.

Sperry Rand made a new high for the year, nudging ahead fractionally in a continuation of Wednesday's heavy trading.

SLIPS 2 POINTS

Fairchild Camera slipped more than 2. Xerox (ex-dividend) gained more than 6. IBM was up more than a point.

Chrysler gained a fraction while most other leading motors showed little change. Major steelmakers were unchanged to easy.

★ ★ ★

Wednesday The Associated Press average of 60 stocks rose 1 to 283.5.

★ ★ ★

Prices were narrowly mixed on the American Stock Exchange. Gainers included Mead Johnson, New Jersey Zinc and Aerojet-General. Among losers were Falcon Seaboard Drilling, Kratter and Paddington "A."

★ ★ ★

Corporate bonds were irregular.
