Ike Asks Cuts in Farm, Dairy Price Supports

From 70 to 50 Pct.

Margin Requirements on Stocks Lowered

WASHINGTON (AP)—The government today lowered another anti-inflation barrier—the margin requirement on stock purchases—after breaking bad news on both production and income.

Effective today the Federal Reserve Board cut from 70 to 50 per cent the margin, or down payment, required for purchase of shares on the nation's sluggish stock exchanges. The 70 per cent requirement had been in effect for nearly three years.

The reduction was hailed by Keith Funston, president of the New York Stock Exchange, as giving the market a desirable added liquidity that he said would help industry raise new funds for working capital and expansion.

Other reaction from financial circles was mixed, with some specialists sharing Funston's optimism, others viewing the action as having only temporary effects on the market.

Still others said they thought the impact would be negligible. But most of those who commented expressed surprise.

EFFECTS FELT

First effects were felt on the Pacific Coast Stock Exchange in San Francisco. It was still open when the reserve board's action was announced, and prices spurted ahead in active trading.

Reserve board officials declined to make any forecasts that the move might help reverse the down trend of business investment in new plant and equipment.

But their action spoke for itself: If such a movement developed, high margin requirements would not be standing in the way of stock issues.

The board's decision was made public immediately after two announcements which revealed that business ended 1957 with a harder-than-expected bump. These reports were:

1. Personal income, said the Commerce Department, dropped to a $342,800,000,000 annual rate in December, down more than 2½ billion dollars from November.

This was the largest of four successive monthly declines, cutting the income of individuls four billion dollars, in annual rate, below August's all-time high.

Most of the decline resulted

Speaker

GOV. JOE FOSS

Tickets Available for 'Ike Dinner' Set for Monday

Tickets are still available for Monday's Oakland County Eisenhower Inaugural Anniversary dinner at the Elks Temple which will feature an address by South Dakota Gov. Joe J. Foss.

★ ★ ★

Merritt D. Hill and Mrs. Irma Liverance, co-chairmen of the dinner, said tickets sales to date have been "good," but that many were available at the Republican headquarters in Birmingham at 351 N. Woodward Ave. They are priced $50 for men, $25 for ladies.

The highlight of the dinner will be a talk by the President over a closed-circuit telecast which will be beamed into the Elks Temple as well as 43 similiar dinners throughout the nation.

★ ★ ★

Republicans will hold a reception for Gov. Foss at the Bloomfield Hills Country Club. The Governor's talk will preceed the telecast. He will be introduced by Thomas R. Reid, director of civil affairs for Ford Motor Co.

Cloudy Days Ahead; High Tomorrow 33

Pontiac area residents can expect cloudy days for the weekend, the U.S. Weather Bureau forecasts.

★ ★ ★

Tonight will be cloudy with little change in temperature with a low of 25 degrees.

Friday's outlook is partly cloudy to cloudy, with a few snow flurries and the high about 33.

The prediction for Saturday is considerable cloudiness with intermittent light snow and not much change in temperature.

★ ★ ★

Twenty-three was the lowest recorded temperature in downtown Pontiac preceding 8 a.m. The reading at 2 p.m. was 29.

Sign Is Most Fitting

TOKYO (INS) — Sign in a Tokyo dressmaker's shop: "Women have fits upstairs."

Mart Quick to Respond

NEW YORK (AP) — Profit-taking cut back some gains in stocks around noon today but the market remained higher than yesterday's close.

Local Men Given Citations at Annual Dinner

Pontiac Press Photo

JAYCEE AWARDS — Gov. Williams is shown with three Pontiac men selected for citation last night by the Pontiac Area Junior Chamber of Commerce. Left to right are Lynn Allen Jr., Gov. Williams, Don Weddle and William J. Dean. Allen was named "Outstanding Young Man of the Year," Weddle was honored as "Key Man" in the Jaycee organization, and Dean was picked for the "Outstanding Boss" award. Williams was the awards banquet speaker.

Bob Hope Says He Almost Fell From Bomber

HOLLYWOOD (AP) — Bob Hope disclosed today that he nearly ejected himself—minus parachute—from a B47 jet bomber flying 600 miles an hour at 18,000 feet over the Pacific.

The incident occurred on his recent 18,400-mile tour to entertain troops in the Pacific during the Christmas holidays.

"The only thing that saved me from taking the biggest dive of my career was a lack of sleep," the comic told a reporter.

"We were at Yokota air base, outside Tokyo, when a general asked me to include some lonely soldiers at Guam on our itinerary. I flew the jet in advance of our troupe to set up the show.

"They sat me in the co-pilot's seat with oxygen mask, crash helmet and parachute. We weren't in the air long before I got to feeling very uneasy, a real claustrophobia. I couldn't see anything but a panel of instruments.

"I started sweating, took off my parachute and then asked the pilot if it were possible to make my seat go up so I could see out the blister. He told me to pull a little lever, similar to the kind on power seats in your car.

"I was a little groggy from lack of sleep and pulled the wrong lever. The pilot, watching me in a mirror, screamed: 'Get your hand off that!'

"It was the automatic pilot ejection seat. We were a good 800 miles out in the Pacific. I shudder to think what would have happened if I had given the lever a strong pull and a squeeze.

"How could I ever top a finish like that?"

Name Lynn Allen Jr. as Outstanding Man

For his "exceptional civic, church and service club contributions," Lynn Allen Jr. was named outstanding Young Man of the Year by the Pontiac Junior Chamber of Commerce last night and won its Distinguished Service Award.

Allen, a Pontiac optometrist, was presented a plaque by the award chairman, W. B. Neal.

Other plaques went to Don Weddle, selected as "Key Man" of the Jaycee organization and William J. Dean, named "Outstanding Boss" of the year.

The awards climaxed the annual "Bosses Night" banquet attended by 150 at the Pontiac Elks Temple. Gov. Williams was the principal speaker.

Allen, 33, is an Air Force veteran and a member of both the junior and senior chambers of commerce.

Neal cited his efforts in behalf of an eye clinic at the Oakland County Children's Home and his active membership at the First Presbyterian Church.

President of the West Side Kiwanis Club, Allen is a member of the American Legion, DAV, Amvets and the Elks club. Married with one daughter, Allen lives at 934 Argyle St.

Weddle, Jaycee second vice-president, was presented his plaque by Les Langford, president, for his service to the organization last year.

Dean runs a wholesale distributing company, Dean Brothers, at 474 S. Saginaw St.

Pontiac Motor Division, the Pontiac Area Chamber of Commerce, The Pontiac Press and several other organizations were cited for aid to the Jaycee program last year.

New Year's Resolution?

DETROIT (INS)—Mayor Louis C. Miriani said today he is opposed to any plan to allow Detroit bars to remain open until 4 a.m. The mayor commented: "Any serious drinker should be able to get stiff by 2 a.m."

Williams Paints Gloomy Picture

Defends His Proposals to Hike Intangibles Tax at Jaycee Banquet

Gov. Williams last night painted a gloomy financial picture for Michigan and gave reasons why a new tax source should be found.

Speaking in Elks Temple at the Pontiac Junior Chamber of Commerce "Bosses Night" banquet, Williams defended his proposal for a new intangibles tax.

"We want to keep our services at the present level and at the same time are faced with the second-fastest growing population in the nation," he said.

This growth, Williams said, is one reason his recommended budget will be "proportionately higher" than this year's budget. The recommendation may come next week, he said.

★ ★ ★

The state faces a $35 million deficit in its general fund from now until the end of the fiscal year in July, Williams said.

BANKRUPT BY MAY

"In May, we may be temporarily bankrupt. But the really serious situation will exist next year, if more tax funds are not found," he said.

Williams gave two reasons for the state's being short of cash:

First, the legislature appropriated more funds last year than

(Continued on Page 2, Col. 1)

Ford Merges 5 of Its Lines

New M-E-L Division Under Nance Includes U.S. English Vehicles

DETROIT (AP) — Ford Motor Co. is merging its medium-price, luxury and imported cars into a single division.

The division, announced yesterday, will have charge of Ford's Continental, Lincoln, Mercury and Edsel lines and the English Ford line in the United States.

Anglia, Perfect, Counsul, Zephyr and Zodiac passenger cars and the Thames van trucks will be imported and marketed by the division.

James J. Nance, who has been general manager of the former Lincoln and Mercury Division, will head the new M-E-L Division.

Ford President Henry Ford II said the change was made because of the "new emphasis on the importance of both the medium-price and the imported car markets."

★ ★ ★

He said each line will be marketed and advertised separately.

Late last summer Ford combined the Lincoln and Mercury Divisions.

Ford said "unified direction of the organizations responsible for the five M-E-L Division product lines will strengthen the profit potential of our dealers and assist in increasing the company's efficiency."

Ford said each car line will be merchandized and advertised individually, and the dealer franchise for each car line will continue to be handled on an individual basis.

★ ★ ★

Ford Motor Co. flatly denied today a report that its Highland Park plant is being sold for $17 million and the firm is moving out of the historic birthplace of the assembly line.

Some Gas Stations Drop Gas 2.2 Cents

Motorists buying gas in the Pontiac area will find gasoline prices reduced 2.2 cents today as many stations were expected to follow major companies in the price cut announced yesterday.

At the same time, a bill introduced to the Legislature would put the control of retail gas prices with the Michigan Public Service Commission.

Eugene G. McEnery, president of the North Oakland Chapter of the Retail Gasoline Dealers Assn., said most stations in the Pontiac area would, or already have, cut the price of regular gas to approximately 31.5 cents per gallon, and 35.5 cents per gallon for premium.

The companies which have cut the prices of gas to their dealers by 2.2 cents are Standard, Socony Mobil, Speedway, Shell, Gulf, Pure and Sun Oil.

He'll Wait for Moon

PROVIDENCE, R.I. (AP) — A reservation has been made for the 1,000th trip to the moon by Prof. Charles H. Smiley, head of the Brown University Astronomy Department. "I want 999 successful returns before I take the trip," he said. "That just shows that I'm conservative."

May Face Real Battle in Congress Politics

Growth in Productivity of U. S. Agriculture Calls for Readjustments

WASHINGTON (AP)—President Eisenhower today called for lower government price supports for major farm crops and dairy products, and an easing of production restrictions.

In a special message to Congress, Eisenhower laid out in 14 points what he termed a progress program and said it would let farmers benefit more from their own unparalleled ability to produce.

The program held out the prospect too of eventual lower food costs for consumers.

Eisenhower told Congress that agriculture in recent years has been experiencing a veritable revolution in productivity.

"Farm production per man-hour has doubled since 1940," he said. "There has been more change in agriculture within the lifetime of men now living than in the previous 2,000 years."

Eisenhower said the rapid changes taking place in agriculture are largely the result of a major breakthrough in agricultural science and technology, constitute a revolution that cannot be reversed, and are continuing.

"It cannot be avoided and it need not be feared," he said.

"In recognition of this basic fact, we must find ways of utilizing more completely the abundance that our farm people are now able to produce; we must find ways of further expanding markets for this increased production, not only among our own citizens but among people all over the world who need the food and clothing we produce in such abundance."

In outlining his recommendations, Eisenhower said it was essential that they be accepted this year to improve the status of rural people in greatest need, to aid agricultural adjustment, provide more freedom, expand markets, and, thereby, to help raise farm family income.

The proposals would require legislative action in some cases, and shifts in appropriations in still others.

MAIN POINTS

They included:

1. Change the 1¼-billion-dollar annual soil bank program by abandoning next year the costlier short-term acreage reserve and

Postman Won't Tangle With Fido Anymore

WASHINGTON (AP) — If your dog bites your postman, you're going to have to pick up your own mail.

Delivery to your home will be stopped, at once.

Postmaster General Summerfield said so today, in announcing new instructions to post offices over the country to protect letter carriers from dog bites.

Broomfield Hits Capitol Junkets

Congressman Demands Stricter Accounting for Trips in Future

Excessive "congressional junkets"—which cost more than $197,000 last summer — should stop, urged Congressman William S. Broomfield (R-Oakland County) today.

He asked that a strict accounting of future trips be made.

APPALLED BY EXPENSE

Broomfield said he was "appalled" to learn that his fellow Congressmen spent more than $122,000 on overseas junkets, while Senators spent another $75,000.

"There is no excuse for this kind of action by the men who are chosen to help run our nation," the congressman declared. "This waste of money should stop immediately."

He mentioned that congressmen, "and even some of their clerks," receive "counterpart funds" from the government as soon as they arrive overseas and as long as they are on "official business."

"There is no detailed accounting made of how this money is spent," Broomfield went on. "And some of these men are getting away with murder."

He said he turned down trips to Finland and Hawaii last summer "because I don't believe they would have served any useful purpose."

The so-called "counterpart funds" come from this country's foreign aid program, the Royal Oak lawmaker remarked.

He cited the example of a clerk in the House of Representatives, who he said, had "junketed" with $2,000 to Buenos Aires and Rio de Janeiro. "His plane ticket was bought with Norwegian money from counterpart funds," Broomfield added.

Chairman John L. McMillan (D-S.C.) said the clerk was touring the foreign capitals "to see how some foreign countries treat their capital cities and how their officials are elected."

Sec. of State Dulles Says:

East-West Meet Tricky

WASHINGTON (AP)—Secretary of State Dulles said this afternoon, "We do want a summit meeting" with Russia and other nations.

But it would be a fatal disaster, he said, if such a session diverted free nations from needed security measures "without any comparable change in the Sino-Soviet bloc."

★ ★ ★

And it also would be a disaster, Dulles said, if Western world leaders were forced to break off a summit conference in an atmosphere of hostility because that could "intensify the cold war and make more likely that it would turn into a hot war."

Because of these considerations, Dulles said in a speech prepared for a National Press Club luncheon, any top level East-West meeting must be carefully prepared for with good prospect of achieving results for peace.

For Circuit Court

County GOP, Dems Unite in Seeking Fifth Judge

Hope for a fifth circuit judge at work on the Oakland County bench by next year brightened today as Republicans and Democrats united in Lansing on a bill which would reportedly have Gov. Williams' favor.

The measure, calling for a new judge to be elected next spring, was introduced in the House today under joint sponsorship of all six Oakland County representatives.

With further plans to amend the bill in committee to please Williams, the representatives hoped joint sponsorship would avoid the partisan scramble which ended last year when a Republican-favored bill was vetoed by the Democratic governor.

★ ★ ★

According to Rep. Leslie H. Hudson (D-Pontiac) the governor has said his approval hinges on how soon the new judge takes office after his election.

"The governor's position—and this was his argument when he vetoed the bill last year—is that if a new judge is necessary, he

Youthful Pontiac Jury Shows Spirit of Helpfulness

Teenage Traffic Court Holds First Session

By SYLVIA de STEIGER

City teenagers tried primarily to help their peers, rather than punish them yesterday, at the first session of the Pontiac Teenage Traffic Court.

MISS de STEIGER

A jury of students from Pontiac Central and St. Frederick High Schools found all four of the accused teen traffic violators guilty.

In each case, it took the jury more than 30 minutes to determine a way they thought each defendant would best realize his mistakes and improve his knowledge of traffic laws.

An Auburn Heights boy, who admitted he carried another boy on his motor scooter which was constructed to seat only one, was ordered to write a 500 - word theme on the significance of safety laws regulating motorcycle vehicles.

He was also referred to Pontiac Police Lt. Clayton Randolph, court referee, for a talk.

A second scooter driver was ordered to attend the Pontiac Teenage Correctional Clinic, consisting of four two-hour meetings. When the jurors found out the scooter was without a speedometer, the probable cause of speeding 10 miles over the limit, they also recommended one be purchased although it is not required by law.

In the third traffic ticket case, an Oxbow Lake boy was charged with driving his auto without taillights. He was given a suspended sentence because the jury felt he was very conscientious since he had called his parents immediately after he was stopped by police.

They fixed the auto temporarily with a flashlight, and the lights were repaired the following day.

Stiffest sentence was given to a 15-year-old Eastern Junior High School boy who had driven his parents' auto without their knowledge. He did not have an operator's license and had previously had several keys made for the car without his parents' knowledge.

This youth was ordered to write a 1,000 - word theme on the reasons requiring an operator's license. He was also referred to Lt. Randolph for several conferences.

The teen court has the authority to suspend a license up to 29 days and if it desires, can recommend that the secretary of state suspend the license up to one year.

In each case, a parent of the defendant attended the hearing although the parent was not allowed to participate.

It was strictly teens working with teens.

The parent and defendant are requested to sign forms before the hearing, stating they agree to participate and carry out the jury's wishes.

Yesterday, none appealed a case to the County Juvenile Court.

★ ★ ★

During their deliberations, several of the jurors were doubtful as to the complete truthfulness of the defendants. It was decided that if all defendants were sworn in, they would consider the procedure more seriously.

The essays, which are due within two weeks following the court order, will be read for approval by a committee of the Pontiac Exchange Club, sponsors of the court.

The committee includes Douglas Booth, chairman; Albert Wilmot, Leslie Ware, Kenneth Hempstead Jr., and Norman Kuijala.

The next court session, which is closed to the public, will be held Feb. 5. The court was organized under the authority of Probate Judge Arthur E. Moore on an educational and voluntary basis.

Wrathful Over Promotion Delays

Police Officers Blast 'Stalling'

Angered over the issue of promotions, members of the Pontiac Police Officers Assn. last night sharply criticized the three-member Civil Service Commission, and threatened legal action.

★ ★ ★

Paul Merideth, association attorney, charged that the commission had "let the men down" by first promising promotions before civil service tests were given, and then saying that no promotions would be made at this time.

Merideth referred to communications from City Manager Walter K. Willman. In August, Willman wrote the commission that there were several vacancies for lieutenants and sergeants.

Last night, he wrote that no promotions would be made until the survey of the police department by Public Administrative Service is completed in April.

SEEN AS 'STALL'

Officers present charged that the "real reason" for the delay in promotions was to "stall this until the April election, when an attempt will be made to repeal Civil Service."

They said, "the Chief (Herbert Straley) doesn't like some of the men who scored high on the Civil Service ratings and hopes to make his own promotions after repeal of Civil Service."

Sgt. William Hanger, top man on the lieutenants' eligibility list, shouted,

"This commission is just a farce. You commissioners remember there is a penalty in the Civil Service act for those who fail to follow the law."

The commissioners replied that they were not the appointing authority and could not compel the city manager to make promotions if he didn't want to.

PLANS COURT ACTION

At this point, Merideth said he would seek a writ of mandamus in Circuit Court "in the near future" to force the city manager to make the promotions.

Earlier in the meeting, Chief Straley challenged the commission's methods of establishing eligibility for promotion. He said the commission should personally examine the records of the officers to be certified for promotion.

After considerable discussion, the members agreed with the chief to have all officers rated by their superiors every four months and to average the last three ratings into Civil Service scores in the future.

They decided to discuss the procedure at a later meeting with the chief.

The commission also set a meeting for next Wednesday to discuss rules for the police department.

Waterford Bank Manager Named 'Man of the Year'

A young bank executive interested in promoting spiritual guidance and character building qualities in American youth, has been named Waterford Township's "Man of the Year."

Harold Keith, 30, who is single and lives with his parents at 4464 Kempf Ave., was awarded the honor at the 4th annual "Bosses' Night" banquet held at the Community Activities Center.

Although he majored in Business Administration at the University

HAROLD H. KEITH

of Michigan after his graduation from Pontiac High school, Keith has always been primarily interested in young people and their problems.

He is presently employed as a branch manager of the Pontiac State Bank, and has the distinction of being the youngest officer of the organization.

As manager-coach of the Emmanuel Baptist church softball team, he steered the group to the top of the 1957 church League Championship. Bowling, golf and baseball are also included in his work with the young people.

In order to better acquaint youth of the community with religious education, Keith is now enrolled as a night student at the Mid-Western Baptist Seminar in Pontiac.

Besides being a member of the Baptist church, he is affiliated with the Pontiac Christian Men's Club, the American Institute of Banking, and is a charter member of the Waterford Township Jaycees. The five judges who selected Keith, were Rev. Walter Teeuwissen, William Shunck, Elmer Johnson, Bob Beattie, Sr., and Erwin Greer. Byron Merritt was chairman of the contest.

Keith will now be eligible for the state judging Feb. 22, to be held in Detroit. Five candidates will be chosen to enter the national contest in June.

Governor Outlines Need for New Tax

(Continued From Page One)

were due to come in, he said.

"This was done knowingly, apparently with the philosophy that a little deficit will keep the administration on its toes."

Secondly, during a national recession, Michigan's tax intake falls. "We're a very volatile state and one of the first to go up and down financially," he believed.

Faced with more obligations than income, he said, the state has borrowed from one fund to pay off a pressing debt in another and, as a result, "too much working capital has been taken out of the system."

★ ★ ★

At the same time, he pointed out, the state administration is dedicated to big road, school and mental health programs, which account for the bulk of the state's expenditures.

★ ★ ★

"I don't know what the legislature will do about next year's budget," he said.

"The situation will become intolerable next year if we don't impose new revenues," he said. "It's either that or cutting services."

Know the Weather

By E. H. SIMS

How much difference is there between the average temperature in the extreme south and extreme north of the United States?

★ ★ ★

The difference averages about 30 degrees, on an annual basis. But the difference is quite often considerably greater. In January, for example, it sometimes drops to 40 degrees below in northern Minnesota.

In the extreme southerly sections of the country the temperature on the same day might be in the high 80s.

★ ★ ★

In the extreme north the average January temperature is 20 degrees. In July it is only 60. Even in winter the average is higher than 60 degrees in the extreme south.

By THE ASSOCIATED PRESS

Fresh snow today thickened the snow blanket covering the Northeast section of the nation with depths measured at from 9 to 25 inches.

A nor'easter yesterday clobbered the region with gale force winds and high tides in addition to heavy snow.

★ ★ ★

The snow cover extended as far south as West Virginia and northern Kentucky but the fall was relatively light in these areas.

Fresh snow brought the depth at Rumford, Maine, to 25 inches. Caribou, Maine, measured 20 inches of snow on the ground. In western New Hampshire, Lebanon recorded 18 inches, and Albany, N.Y., had a 9-inch blanket.

The storm caused closing of some schools in New York state areas and broke power lines and disrupted highway travel.

In the Boston area, wharves and railroad bridges were flooded by abnormally high tides. Along the New England coast winds were clocked at 40 to 60 m.p.h. during the height of the nor'easter.

Curb Teen Rocketing

CALGARY, Alta. (AP) — A rash of harmful teenage rocket experiments has prompted Calgary druggists to bar sales of explosive substances to minors. The Retail Druggists Assn. voted to limit such sales to adults.

21 Killed, 95 Hurt in Peru Quake

Rush Emergency Water to Survivors in Shattered City of Arequipa

AREQUIPA, Peru (INS) — Twenty - one persons were killed yesterday in a strong earthquake which rocked historic Arequipa and its outskirts.

★ ★ ★

According to police, 95 other persons were injured in the trembler, which sent thousands of persons fleeing from their homes into the streets.

Thirteen of the deaths occurred in the outskirt community of Tiabaya when several adobe houses collapsed. The other eight deaths occurred in the central part of the southern Peruvian city of some 60,000 persons.

Tiabaya is one of the poorer sections of the city which was built on the site of an old Inca town.

★ ★ ★

Authorities ordered the population not to drink the city's water for at least two days. The quake broke many water mains. Emergency tank trucks were sent out to distribute water to the population.

★ ★ ★

Authorities said 60 per cent of the houses in the city suffered cracked walls in the quake.

Ike Asks Cut in Supports for Farm, Dairy Products

(Continued From Page One)

strengthening the longer-term conservation reserve. He proposed 450 million dollars for payments to farmers for retiring cropland of any kind for long periods and putting it to grass, trees or other noncrop uses.

★ ★ ★

2. Legislation giving the secretary of agriculture discretion to increase acreage planting allotments for wheat, cotton, rice, tobacco and peanuts up to 50 per cent above levels now provided by legal formulas. Such increases would be made only if there were potential markets for the larger output. They would be coupled with lower price supports.

★ ★ ★

3. Legislation eliminating acreage allotments for corn. This would put corn on the same basis as other livestock feed grains.

★ ★ ★

4. Repeal the escalator clauses of present price support laws requiring that supports for wheat, cotton, corn, rice and peanuts be increased when supplies decline. Secretary of Agriculture Benson has said these clauses would increase supports when present surpluses are disposed of, encourage excessive production and bring on new surpluses.

★ ★ ★

5. Legislation to fix the range of possible price supports for wheat, cotton, corn, rice, peanuts, tobacco and dairy products at 60 to 90 per cent of parity. The present range is 75 to 90. Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to their costs.

This proposal calls for repeal of a law requiring that tobacco be supported at 90 per cent of parity when marketing quotas are in effect, regardless of the supply.

★ ★ ★

6. Amend the price support law to base price supports for cotton on the average quality of the crop. Present law requires use of middling 7/8-inch quality, which is below the average. This change would put supports for cotton on the same basis with other crops and would tend to lower the supports by more than two cents a pound. Present supports are slightly above 28 cents.

★ ★ ★

7. Legislation increasing the membership of the advisory board of the Commodity Credit Corporation — price support banking agency — to seven from five, and giving it authority to advise the secretary of agriculture on price support levels. Members would require Senate confirmation, which not now is the case.

★ ★ ★

8. Extend the Agricultural Trade Development Act authorizing the Agriculture Department to sell farm surpluses abroad for foreign currencies and permitting the use of those currencies in financing trade development and other U.S. government expenses in the purchasing countries. The extension would permit the sale of an additional 1½ billion dollars worth of surpluses. Congress already has authorized disposal four billion dollars worth.

★ ★ ★

9. Expand research to develop new industrial uses for farm products. The President called for increased funds for this in his budget message.

★ ★ ★

10. Extend the National Wool Act authorizing incentive payments to supplement grower returns. The payment measure was a feature of a controversial farm plan advanced in 1949 by Secretary of Agriculture Brannan, but rejected by Congress and criticized in the past by both Eisenhower and Benson.

★ ★ ★

11. Extend the special school milk program authorizing the department to contribute 75 million dollars a year to help pay for milk served in school.

★ ★ ★

12. Legislation to broaden sources of loans for rural power and telephone projects. At present, the government provides such funds. Suggested has been a plan under which the government would insure loans from private sources. This change would be expected to increase interest rates because private loans are being made only at rates double or more the present government rate of two per cent. But to get such lending funds, the government itself must pay more. Hence, it loses money on present loans.

★ ★ ★

13. Legislation to limit the scope of the agricultural conservation program to pay farmers subsidies only for carrying out permanent soil and water conservation practices and measures. This would eliminate subsidies for annual practices, such as application of lime and fertilizer.

★ ★ ★

The president cited these other indications, as he put it, of farm economy strength:

"Farm real estate prices are at an all time high.

★ ★ ★

"Three-fourths of our farms are owned by those who operate them, the highest percentage on records.

"Total debt of our farm people equals only 11 per cent of total assets as compared with 19 per cent before World War II.

★ ★ ★

"Exports of farm products, assisted by special government programs, reached an all time high of $4,700,000,000 during the year ending last June 30.

"Surplus holding of farm products in the hands of government appear to have passed their peak.

★ ★ ★

"Substantial progress has been made in programs of education, research, conservation and other activities of proven merit.

★ ★ ★

"With government help, farm people, in the best American tradition, have gained bargaining power through their own farmer-owned and farmer-controlled cooperatives."

Willman to Address Rotary Club Today

City Manager Walter K. Willman was scheduled to present his annual "state of the city" message to the Rotary Club at the club's weekly noon luncheon held today at the Waldron Hotel.

In his talk, Willman planned to review the current financial status of Pontiac, improvements going on at the present, and the outlook as to future growth of Pontiac.

The Day in Birmingham

Valuation of New Building Over $1 Million Lower

BIRMINGHAM — New building dropped slightly more than a million dollars in Birmingham last year, Andrew F. Butt, building inspector, reported.

The annual building report shows that 498 permits were issued by the city in 1957 for construction with a valuation of $3,907,097. In 1956, construction was valued at $4,914,370, with 607 permits issued.

April led the 1957 construction picture with permits issued for $494,900 in new building and $258,435 in alterations. April permits totaled 55.

Most permits issued in any month were 80 in May. August was second with 66, the report showed.

Two women's organizations have added their support to the 1958 March of Dimes here. Members of the Rebekah Lodge will conduct the Blue Cane sales on city streets Friday with the proceeds going toward patient rehabilitation.

The Women's Auxiliary of the Chamber of Commerce, under the chairmanship of Mrs. Albert B. Firth, has taken over the distribution and collection of canisters and dime cards in stores throughout the city.

Mrs. Fred Kempf, past national president of the Metropolitan Auxiliary, was assisted by Mrs. Glenn Foltz when she installed officers for the local chapter. The ceremony was held at the Veteran's Hall, Berkley.

Serving the Birmingham-Bloomfield Hills chapter are Mrs. Foster Raymond, president; Mrs. E. F. Mulholland, vice president; Mrs. C. G. Nunnelley, recording secretary; Mrs. Robert Dunn, financial secretary; Mrs. Howard Hatt, treasurer; Mrs. Homer Murphy, Mrs. George Scott and Mrs. Stanley Church, auditors; Mrs. Ambert Peterson, sergeant-at-arms and Miss Winona Singer, chaplain.

According to membership chairman Harold Kalbfleisch, the Birmingham YMCA made a good start toward its 900-member goal when the kickoff dinner Monday saw an enrollment of 182 new members.

Arthur Blakeslee, general membership chairman, said another drive report would be issued next week. He asked the support of Birmingham residents, saying the "Y" now is getting the leadership program it needs, and is on the road to a healthy, steady growth here.

December was a bad month for traffic accidents, Police Chief Ralph W. Moxley said. There were 87 accidents, he reported. Twelve persons were injured, a decrease of four from the previous December.

"We want to commend the nearly 20,000 drivers whose names did not appear on our accident reports," Moxley said. "Their observance of law and safety measures and their cooperation help considerably in keeping traffic accidents as low as they are."

GOP, Dems Unite in Seeking 5th Judge

(Continued From Page One)

should go to work immediately," Hudson said.

For this reason, it was expected that the bill would be amended in the Judiciary Committee to have the judge take office for a short, six-months term beginning July 1, 1959.

TWO INITIAL TERMS

As amended, the bill would call for creation of a new judgeship with two initial terms, the short one and another of the normal six years, beginning Jan. 1, 1960.

Candidates would run for both long and short terms at the regular April 1 election. Each term would be listed separately on the ballot.

Another representative, Farrell E. Roberts (R-West Bloomfield Township) said he would ask the committee for the amendment and had "every reason to believe it would be accepted, barring any political controversy."

Roberts is a member of the committee.

Besides Hudson and Roberts, the joint measure was signed today by Republicans Lloyd L. Anderson, Waterford Township; Theodore E. Hughes, Berkley; and Donald E. Brown, Royal Oak, as well as by Walter T. McMahon, Democrat, Hazel Park.

Roberts, Brown, Anderson and Hughes yesterday had filed their own bill with the house clerk. It called for the same election in the spring of 1959, but had the new judge taking office in January, 1960.

Margin Requirements on Stocks Lowered

(Continued From Page One)

from smaller than usual yearend dividends, reflecting corporate caution and some squeeze on profits. But about 750 million dollars of the drop represented reduced wage and salary payments.

2. Industrial production sagged in December to the lowest level since July 1956, when a nationwide steel strike hobbled output.

The Federal Reserve index of physical output from mines and factories dipped three points in the month to 136 per cent of the 1947-49 average. Auto assemblies declined 10 per cent and steel mills further slowed their operations to a rate of 40 per cent below a year ago.

These reports followed by a day the December employment figures, which revealed that joblessness rose by 200,000 to 3,371,000. This was the highest unemployment for any December since the recession year 1949.

Although officials and economists here almost unanimously predict an upturn by summer, the Federal Reserve's relaxation of margin requirements, applying both to purchases and short sales, was the latest in a series of government moves to counter the recession.

Damage 'Slight' in Plant Blaze

Chemical Testing Shed of Upjohn Company Rocked by Blast

KALAMAZOO (AP) — Damage was termed "relatively slight" today after explosion and fire injured three workmen in a chemical testing shed at the multi-million dollar Upjohn Co. manufacturing plant.

★ ★ ★

H. E. Terberville, director of personnel, said a dollar figure waits inspection of the damaged one-story steel structure. Upjohn's plant was valued at 30 million dollars when it was built in 1951.

Also sought is a cause for the blast which for a time threatened a nearby stockpile of 15,000 drums of volatile solvent material.

Flames erupted about 7:50 p.m. last night in the shed which houses a maze of equipment for processing a benzine solution. A vat lid hurtled through the steel roof and the force of the blast felled two workmen in the building.

★ ★ ★

Firemen from the Upjohn plant, the Kalamazoo City Department and neighboring Comstock and Portage Townships battled the blaze.

Their quick action prevented a spread of flames to the store of explosives in the "tin city" section of the plant grounds, located about three miles south of Kalamazoo.

Learn from the mistakes of others — you can't live long enough to make them all yourself . . Some girls want a mink that'll get them a man; most girls, though, want a man that'll get them a mink.
Earl Wilson

He Wants to Reveal Delinquents' Names

LANSING (AP) — Newspapers and radio stations will be permitted to carry the names of juvenile lawbreakers if Rep. Harry De Maso (R-Battle Creek) has his way.

★ ★ ★

De Maso is author of a bill which would allow probate judges to release at their discretion names of juvenile offenders to newspapers and others having a "public" interest in a case.

★ ★ ★

Purpose of the measure, he said, is to lift the cloak of anonymity under which delinquents under the age of 18 have long been concealed.

"As it is now, the names of these kids are kept out of print and the parents usually the only ones who are allowed to look at the records as having a 'legitimate' interest in each case," De Maso said.

"I agree with J. Edgar Hoover, the FBI chief, that publication of their names would act as a deterrent to further crime, and also would encourage their parents to keep them out of trouble," he said. "Also, there's no reason why juvenile delinquents should be separated in this regard from the great majority of youngsters who are law-abiding."

De Maso also moved against parents of young lawbreakers, proposing that any court action against parents be released for publicity.

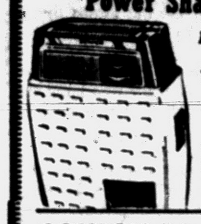

Appoints Research Head

ANN ARBOR (AP) — The Bendix Aviation Corp.'s systems division has announced the appointment of Dr. Lloyd G. Mundie as head of a research program in the development of infra-red projects. Dr. Mundie formerly was head of the infra-red laboratory of the University of Michigan's Engineering Research Institute.

THE PONTIAC PRESS

HAROLD A. FITZGERALD
President and Publisher

Editorial Page

THURSDAY, JANUARY 16, 1958

MEMBER OF THE ASSOCIATED PRESS

Press Again Supports Postal Rate Increase

Among measures confronting the new Congress will be the question of postal rates.

For a quarter of a century this newspaper has contended that the Post Office Department should pay its own way. The Pontiac PRESS is a big user of the mails. We send copies of The PRESS under our second class privilege and we use first class, air mail and parcel post extensively. We're a "good customer" of Uncle Sam's postal system.

★ ★ ★

From the beginning, we have contended that everyone should pay his own way. Why should the taxpayers in general be called upon to foot a portion of an expense that they have never incurred?

★ ★ ★

Many newspapers have fought the increases in second class privileges (newspapers). The Pontiac PRESS even went to Washington at the request of Postmaster General ARTHUR E. SUMMERFIELD and testified that we felt the newspaper burden should be paid by the newspapers, even though it meant a big increase — which it would. The magazine costs should be paid by the magazines, etc. etc.

★ ★ ★

Why should any American businesses be subsidized by the Government? Their own costs are their own business and they should be prepared to meet them. Would they try to shift a portion of their rent, or their telephone bills or their plant maintenance costs to the taxpayers?

★ ★ ★

We feel our Postmaster General has modernized methods in handling the mails and we feel the public is getting good service for the money it expends. Hence, the postal deficit should be reduced steadily and without let-up until all the costs are placed where they originate.

Truman Still Provides Laughs Occasionally

Laughter is necessary.

We must have an occasional giggle, and good old HARRY ("Give 'em Hell") TRUMAN has certainly provided his fair share. Often it is unintentional but some of his remarks result in national—or even international—titillation.

★ ★ ★

There are several "firsts" and "mosts" in connection with Mr. H. (G.E.H.) Truman's occupancy of the White House. Certainly he was one of the most undistinguished Presidents we ever had. And now, some of his post-graduate remarks move him nearer an undisputed title.

★ ★ ★

Currently he has provided a national guffaw with his remarks about EISENHOWER. It seems EISENHOWER made a great general in Europe and NATO because "he had someone to tell him what to do." That "someone" of course, was H. (G.E.H.) T. personally.

The secret's out.

TRUMAN "carried" EISENHOWER.

★ ★ ★

Also, he points out that when he (TRUMAN) was President, he had no trouble with the military as "everyone understood who was Commander in Chief." That worthy, of course, was HARRY.

In the midst of all these serious matters, it's actually refreshing to run afoul of the ole boy occasionally.

Fewer Governments but Heavier Taxes

A recent Census Bureau report shows there are 102,353 governments in this country, most of them with tax levying powers.

In addition to the Federal and 48 state governments, there are 50,453 school districts, 17,167 municipalities, 17,214 townships and towns, 3,047 counties and 14,423 special districts.

★ ★ ★

However, since 1942 the total number of governments has been reduced by 34 per cent. At that time there were 155,116 units. Today there are 14,400 fewer than in 1952. In the past five years many school districts have been consolidated so now there are 33,560, a decline of 16,893.

But there are 2,104 more special districts than in 1952; 12 new towns and townships have been created and only two county governments were abolished.

★ ★ ★

While there are fewer governmental units, taxes take a bigger bite out of income. However, we are getting more services and, we hope, increased efficiency.

The Man About Town

Plugs for Keego

Says Residents Are Well Cared for Professionally

Modest: What most Pontiac area people are too, in bragging about what we have.

Publicity Chairman for the Keego Harbor Chamber of Commerce and that new city's first mayor,

Jack Loveland

gives me some unique figures. He even challenges all comers of all sizes to equal our suburb.

A square mile in area and with a population of around 3,000, he asserts it tops the nation in being cared for professionally. It has five physicians, three dentists, three attorneys and an undertaker, besides most every other line of business.

"Jan. 15 is with us, and half of our winter is history," phones

Richard Kagen

of Huron Gardens. After checking on the thing for 33 years, he says that on the average, one-half of our fuel consumption is before that date. Here's hoping.

Gathering the cocoons last autumn,

Mrs. Grace Benoig

of Auburn Heights is the first to report the hatching of beautiful butterflies this winter.

Vivid recollections of that big snowstorm of 40 years ago are held by

Alonza Henderson

of 96 West Rutgers Ave. He then was living at Highland, and it required five days' of snow shoveling for him to get to his work at Milford, three miles away.

Again claiming to be the first in the Pontiac area to make arrangements for the Tiger games is

Harrison Fleetham

of Birmingham, who has the reputation of beating the gun.

Already Chairman of the Oakland County Road Commission, our

Sol D. Lomerson

has been named as president of the Blue Water Highway Council, which includes the road officials of eight counties in this part of Michigan.

Proving beyond all doubt that there's nothing in a name,

Homer E. Dowdy

has been chosen as the 1957 outstanding young man in Flint.

A pair of muskrats invaded the basement of

Mr. and Mrs. Lincoln Smithfield

of Waterford, digging a tunnel through from the Clinton River—and flooding the cellar.

Verbal Orchids to—

Ulysses S. G. Polance

of Keego Harbor; eighty-sixth birthday.

Mrs. Honorah Alpeters

of Waterford; eightieth birthday.

"Odd—I Was Thinking of Your Constituents, Too"

David Lawrence Says:

People Have Final Say on Budget

WASHINGTON — The headlines call it "Ike's budget." Congress alone, however, can vote the money. The President proposes, but Congress disposes.

LAWRENCE

Whose budget, then, is it? Who takes the responsibility, especially when the Democratic Party controls the legislative branch and the Republican Party controls the executive branch of the government?

It's really the people's budget. For only they can tell Congress what to do and what not to do.

The pressure for specific appropriations is intense. It goes on here in myriad ways. Each group has its own special argument and special means of communicating it to Congress.

★ ★ ★

The Congress will have to go before the people with its decision next November, when the entire House of Representatives and one-third of the Senate must be elected.

Will the budget be an issue? Certainly it will be, and the reasons are conflicting. Some people will be resentful that the budget has gone higher than before and that there has been no decrease in taxes. Others will worry because the Communists are supposed to be ahead of us militarily and presumably America hasn't spent enough.

Basically the people want peace—not war. They will approve any spending that assures peace. The President's determination is to keep the nation at peace by building up our military strength and by insuring the strength of our allies, some of whom have economic troubles that require American aid.

★ ★ ★

Examining the new budget, which asks for $73.9 billion, it is important to focus on the non-defense totals. In the fiscal year ended June 30, 1957, all non-defense spending proposed was $25 billion.

In the fiscal year ending June 30, 1958, it is $27.9 billion.

In the fiscal year ending June 30, 1959, the non-defense items total $27.6 billion, which is a reduction of $300 million from the previous year.

This shows how little change there has been in the non-defense schedules, and it is to be noted that "non-defense" includes aid for our allies under development and technical-assistance programs. This total was $455 million in 1957, approximately $604 million for 1958, and $785 million for 1959.

★ ★ ★

So it is apparent that Federal expenses for non-defense items are being held down.

The big expense is on the armament or security side. From $44.9 billion in fiscal 1958, it has gone up to $46.3 billion for fiscal 1959.

This isn't a sensational increase, but it shows nevertheless why we have a bigger budget this time than was proposed a year ago. Today the criticism may well be that the military side hasn't received enough funds. But the country hasn't as yet digested the fact that something has to give if military expenditures are to continue mounting.

The President in his State of the Union message put the case bluntly, but his words will have to be reiterated many times if the Congress is to be persuaded to agree. Eisenhower said:

"After all, it is no good demanding sacrifice in general terms one day, and the next day, for local reasons, opposing the elimination of some unneeded Federal facility.

★ ★ ★

"It is pointless to condemn Federal spending in general, and the next moment condemn just as strongly an effort to reduce the particular Federal grant that touches one's own interest.

★ ★ ★

"And it makes no sense whatever to spend additional billions on military strength to deter a potential danger, and then, by cutting aid and trade programs, let the world succumb to a present danger in economic guise."

Security above all else is the slogan of the hour. That's what the people want, and they will judge Congress now on whether it fulfills that objective or spends public money for projects, however worthy, which could have been postponed or eliminated in an era of "Sputnik" urgency.

(Copyright, 1958)

Dr. William Brady Says:

Signs of Hypothyroidism Akin to Iodin Deficiency

In most cases persons with hypothyroidism (functional deficiency of the thyroid gland — the gland just under the Adam's apple that is enlarged in goitre) have to take their daily ration of desiccated thyroid — one or two tablets — or if not daily then at least once or twice a week, permanently. But in some cases, according to a Wisconsin physician who has studied the problem for many years, only a temporary lift with thyroid seems necessary.

DR. BRADY

Wisconsin, Minnesota and Michigan lie in the Great Lakes basin in the very middle of the goitre belt that stretches across the United States just north of the Mason-Dixon line from Boston to Seattle.

In this belt, the soil and water are deficient in iodin; and simple goitre, evidenced by more or less swelling or enlargement of the neck, is prevalent in school children who for one reason or another don't get enough iodin.

Although physicians and health authorities have long recognized the striking similarity, if not the identity of iodin deficiency and hypothyroidism and the necessity of a suitable iodin ration for growing children — to prevent goitre — there is still considerable doubt in the medical mind whether iodin is more or less effective than desiccated thyroid in the prevention or treatment of simple goitre, exophthalmic goitre, hypothyroidism or cretinism.

★ ★ ★

Now I have my notion about this — but let's keep calm I won't say they're all out of step but Brady. Suffice at the moment that I can't see the sense of relying upon iodin alone to prevent the conditions mentioned, yet insisting of desiccated thyroid for treatment. Can it be because the doctor is so fond of mystery?

The Wisconsin physician describes the signs and symptoms of hypothyroidism. The signs and symptoms are remarkably like those I ascribe to iodin deficiency, in the pamphlet The Iodin Ration, for which send me, in care of this newspaper, a stamped, self-addressed envelope.

The Wisconsin physician says: "A symptom of hypothyroidism not mentioned often in the literature is headache. Treatment of the hypothyroid condition (that is, daily doses of desiccated thyroid) often gives dramatic relief."

Thyroid therapy may be unsatisfactory because the patient fails to take his daily or weekly ration regularly, or because the thyroid "extract" or other preparation has lost its potency. Iodin therapy has the advantage that iodin in any form does not lose its potency with age.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright 1958)

The Country Parson

"Failure and success have this in common—you can't have either unless you've tried to accomplish something."

Working Wife Asks Advice to Handle Unwanted Guests

My husband and I have been married three years, and we both work. We have some good friends who come to see us four or five nights a week. I love having company, but can't people realize a working wife has things to do in the evening besides entertain guests?

★ ★ ★

Weekends are fine and maybe one night a week, but a working wife appreciates an evening at home alone once in a while. I'd like to hear comments on the way others handle this problem.

Working Wife

★ ★ ★

'No Farmer Would Save Just a Peck'

That was an insult to the farmer in Pot-O-Gold, the idea that he would save only a peck of good apples. I moved from one farm to another March 15 and moved a barrel of No. 1 Northern Spies.

A. R. Culver

Oxford

Nikita Has Self to Thank for Record U.S. Budget

By JOHN H. MARTIN
INS Foreign Director

Nikita Khrushchev has himself to thank for the record U.S. peacetime budget which his own press calls a "war budget" and inevitably will label as a threat to the Soviet Union.

★ ★ ★

His former boss, Dictator Stalin, of course started the chain of miscalculations that led to the postwar western build-up of defenses.

Stalin effected the territorial seizures in Eastern and Central Europe and in the Far East, the Communist attempt to win militarily in Greece, the Berlin Blockade and the Korean War.

It had been hoped that Party Boss Khrushchev, when he assumed power and scolded the dead dictator, would ease world tension. He did alter some Soviet policies, with "operation smile" that led to the abortive 1955 Geneva summit conference. But he did not change the Moscow goal of planting communism throughout the world. In fact, he boasted that "we will bury you," meaning the West.

★ ★ ★

The Soviet peace propaganda drive for a new summit meeting has had considerable effect on the West European public. Editors of some leading newspapers have criticized President Eisenhower's refusal to enter a summit conference unless there is adequate groundwork likely to assure success. The editors have reflected the universal yearning for peace but also disregarded very recent history committed by Khrushchev & Co.

To recall very, very recent developments: Russia announced successful testing of an Intercontinental Ballistic Missile Aug. 26, adding that "it is possible to direct missiles into any part of the world."

The next day Russia broke off the London disarmament talks as a waste of time, charging President Eisenhower's "open skies" plan of mutual aerial inspection was a useless ruse and that the West was "aggressive."

★ ★ ★

The next day the Soviet press and radio began boasting of Russian military developments. It termed its long-range missile "a great and valuable contribution to the fight for peace." (When the West reacted in December with the plan to establish short-range missile bases in Europe for defense the same press of course called this an "aggressive" move.)

Launching of Sputniks far above the earth later proved that the Soviets had an intercontinental missile threat. Khrushchev's pride in this feat was understandable, but other actions were not.

'Bugs' Baer Says:

Moscow is processing via Newtown's law of grabbitation. The way to get the big lumps in the goulash is to stir it up.

Its diplomacy is as unscrupulous as the farmer who hung the cowbell on the pumphandle to fool astigmatic babies.

That's why Dulles is as unpopular as a hill in a bowling alley. The commies have been nibbling on him like he was dessert in a mouse nest.

This stack of gruntographs has mentioned Pandora's portfolio which contained all the troubles of the world. But Dulles is no more responsible for that than you are for the shape of corkscrews.

Portraits

By JAMES J. METCALFE

I have the offer of a raise . . . Which ought to be enough . . . But as my boss is weakening . . . I think I should get tough . . . I should demand a whole lot more . . . As now his prospects dim . . . And as he needs me, I appear . . . More valuable to him . . . And yet it does not seem quite fair . . . To treat him in that way . . . His offer may exceed the sum . . . He can afford to pay . . . And always in so many ways . . . He has been good to me . . . Including his sincere concern . . . About my family . . . I am not interested in wealth . . . Or pampering my pride . . . And so I think I'll go along . . . With what he may decide.

Case Records of a Psychologist:

Tells Psychology's Chain Reaction

The Dawsons in Indianapolis show how a "chain reaction" can happen in psychology. It isn't just in the realm of atom bombs that such things occur. For whenever you smile or pat a timid child on the head or pay a compliment, you are starting a chain reaction for good which may continue eternally. So join the "Compliment Club" now!

By DR. GEORGE W. CRANE

Case X-304: The Dawsons live in Indianapolis. They show us the beneficial effects of a "chain reaction" in the field of psychology.

★ ★ ★

"Dr. Crane, your recent column on the 'League of the Golden Pen' appealed to us," Mrs. Dawson informed me.

DR. CRANE

"So I sat down and sent a greeting to a sick neighbor. Then I wrote a note to a good friend just saying 'You're so nice to know'.

"And now I am offering you my third sincere compliment for the day.

"We follow your column faithfully each morning. No other writer is quoted as often among our friends as you are.

★ ★ ★

"And Bishop Richard C. Raines lauded you at our last Methodist Conference which met in Bloomington.

"Bishop Raines is such a wonderful speaker. His sermon was 'Christians Have Wings'. If you have never heard him give that address, try to do so."

"As we must account for every idle word," said wise old Benjamin Franklin, "so we must for every idle silence."

And most of us go through life relatively tongue-tied. We accept the help and favors from relatives, as well as friends, yet often forget to say "Thank you."

However, this human carelessness is not limited to our hectic modern world. Jesus experienced it in his day, too.

Don't you recall the miraculous healing of the 10 lepers? Christ gave them a reprieve from what was sure death. Yet only ONE ever returned to say "Thank you."

★ ★ ★

So let's resolve this very moment to join the Compliment Club. There are no dues. It's free to everybody.

Just pay an honest compliment to each of three different people each day. And keep it up for 30 consecutive days, without a break.

Then send me a little note outlining the changes you have observed in yourself, as well as in the way people treat you.

You will then be entitled to a diploma, which I personally sign. And you will receive a membership number in this wonderful organization.

Many school and church groups have launched a "Compliment Club" as a special Christian project.

It is ideal for the Hi-Y or Tri-Hi-Y, as well as the Scouts and Camp Fire Girls.

★ ★ ★

Everybody is happier. Nobody loses, so it forms a superb project that helps you put the Golden Rule into quick action. It simply starts a "chain reaction" in phychology which may do good eternally.

Many modern physicians are prescribing these newspaper booklets and projects like the Compliment Club.

They simply use their medical prescription blanks and write down the name of the booklet they think a patient can use to his profit. The patient then sends in for the appropriate booklet.

"Dr. Crane," my medical colleagues often remark, "we find it is simpler to have our patients read your terse little booklets than

to take 15 to 30 minutes of our own time to tutor each patient individually."

★ ★ ★

This booklet service is strictly non-profit. I donate my time and receive no royalties at all from the booklets.

So take advantage of these helpful educational aids to happier homes.

Send for the "Compliment Club" booklet, enclosing a stamped return envelope, plus 20 cents. Get your family or Sunday school class launched upon it.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

(Copyright 1958)

COULD YOU STOP IN TIME? — Poorly aimed headlights make night driving even more dangerous for yourself and young pedestrians like these. Because the headlights on half the nation's cars have been jarred out of aim by normal traffic bumps and rough roads, General Motors and its dealers are spearheading a national "Aim to Live" safety campaign. They urge headlights be checked for aim twice a year. It's worth the few extra minutes — three times as many fatal accidents happen at night as during the day.

House Rules Committee Plans to Fight Junkets

WASHINGTON (AP) — Chairman Smith (D-Va) said today his House Rules Committee will bear down hard on legislation providing for nondefense spending and on proposed congressional junketing abroad.

★ ★ ★

Bills or resolutions dealing with either subject, he said in an interview, will have a hard time clearing his committee "unless a very good case is made for them."

Without such clearance, legislation has extreme difficulty reaching the House floor for a vote.

"Legislation which is essential to national defense," Smith said, "will have no difficulties in our committee. But we are going to take a long and hard look at every proposal involving spending not strictly related to national defense. They are going to have to be mighty important before we will clear them."

★ ★ ★

He said the committee should take a stiffer attitude toward congressional traveling abroad, which reached a peak during the summer and fall of 1957. The rules group must approve travel abroad by House committees.

Two Ships Missing With 30 Men Aboard

TOKYO (AP)—Two Japanese ships with a total of 30 men aboard were reported missing today.

The Maritime Safety Agency said Coast Guard vessels were searching for the 574-ton cargo ship Seiko Maru off northeast Honshu, and the 80-ton fishing boat Zuiko Maru, with a crew of 13, missing in the East China Sea.

Both were last heard from on Wednesday.

Reports $21,000 Theft to Impress Girls

CHICAGO (AP)—Willie Lewis is a 52-year-old glass blower who says he likes to "impress the girls" and "see my name in the papers."

That's why he inflated a $500 robbery into an eyebrow-lifting $21,000 job, he told police.

★ ★ ★

Lewis had reported that two men forced their way into his South Side apartment, slashed open his money satchel and escaped with $21,000 he had hidden because he didn't trust banks.

★ ★ ★

He said he won the money gambling in the Army in 1945, but under questioning said he actually saved only $500—by selling lunches to fellow workers at the plant where he is employed.

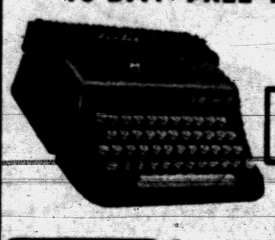

Thief Takes Nothing in Waterford Break-In

Owner of the Shore View Market, L. P. Roettger, reported to Waterford Township police that his store at 2425 Voorheis Rd., was broken into sometime last night.

Entrance was gained after breaking a left front plate glass window, but nothing was reported stolen, according to police.

Bob Considine Says:

Meet Fabulous Pittsburgh--Cinderella City

PITTSBURGH (INS) — Pittsburghers are becoming the Texans of this part of the world. The Big Talk is warranted, just as it is in the Lone Star State.

This city has changed more than any city in America. It was dying on its feet nearly a decade ago when David Lawrence became mayor. Today it is racing to new records on those same feet, and the people are enormously pleased and proud.

There was talk a decade ago that the Mellons would move their colossal wealth elsewhere. They and lesser clans and companies indigenous to the local soil remained, many of them at the urging of Lawrence, and the city's golden age was under way.

Pittsburgh got rid of its smoke, a feat comparable to Chicago's triumph over its wind. It meant persuading adjacent industry to stop using soft coal, right in the soft coal district. Air pollution had been such, for a century and more, that chest surgeons were said to be able to tell if a patient had ever lived here, and for how long.

* * *

The city's flood control program succeeded in eliminating a dreaded annual scourge from the twin lashes of the Allegheny and Monongahela. New reads were built, new bridges took shape, two great holes are being blasted through the huge rock that lies between the city and the visitor entering it from the airport. The airport, of course, is one of the finest in the world.

SKYSCRAPERS ROSE

From the clear space rose topless skyscrapers of aluminum and stainless steel. Today, the "Golden Triangle" is stunning to behold, especially as your car comes around a high turn and you look down into the city as if from a hovering helicopter.

* * *

A big insurance company is completing a complex of metal-fronted office buildings at the gateway to the city proper. Some of the energy that makes their rooms glow with light comes from the splitting of atoms in the huge reactor which the Westinghouse people and the Atomic Energy Commission built at nearby Shippingport for Duquesne Light and Power.

Pittsburgh, so recently drab and shrouded in its own fumes, has become the leader of all U.S. cities in the use of the power which one day will replace coal and oil to a vast degree.

Connie Hilton is going to build in Pittsburgh next year a hotel with a gilded metal exterior and, one presumes, solid gold doorknobs. Mayor Lawrence's city is putting up a 14,000-seat arena, for sports, conventions and—on good summer nights—opera under the retracted roof.

Richard K. Mellon took probably the most valuable city square of real estate and, rather than sell it or throw up another building, turned it into a pleasant park where people can rest amid superb gardens. Slums are scraped away daily.

One day, maybe after the city's bicentennial celebrations start next Thanksgiving, somebody will start the building of the 50,000-seat civic stadium. Art Rooney could use it for his Steelers, particularly when the Browns and Lions are in town.

It has been a $2,000,000,000 venture, which may no longer sound astronomical in these days of $74,000,000,000 federal budgets. But it's a heck of a lot of money for a town of 677,800 people to spend.

THE BERRYS — By Carl Grubert

Liquor Sales Slump

LANSING (AP) — Liquor sales showed a slump over the week including the New Year's holiday, the state liquor control commission reported today. Total sales during the week ending Jan. 3, 1958, were 64,380 cases compared to 68,202 cases during the same week a year ago.

There are at least 2,000 known species of the snake.

2 Torpedoes Hunt Targets by Sound

WASHINGTON (AP) — The Navy has announced that two new lightweight torpedoes — designed to seek out their targets by following sounds — have been delivered to the fleet.

* * *

Known as the Mark 32 and the Mark 43, the torpedoes are the first of a new series developed by the Navy in its stepped-up concentration on antisubmarine warfare.

The Mark 43 can be launched from either surface ships or aircraft. The Mark 32 is designed for ship launching only

The Navy said the Mark 43 weighs only about an eighth as much as aerial torpedoes used in World War II. It is about 8 feet long and 10 inches in diameter.

* * *

Rear Adm. F. S. Withington, chief of the Bureau of Ordnance, said the Mark 43 is "actually a submersible guided missile and is capable of searching to great depths for enemy targets." It is propelled by an electric motor powered by a battery.

Named to Welfare Post

DETROIT (AP) — Mrs. Alma Forrest Polk has been appointed to the Detroit Welfare Commission by Mayor Louis Miriani. She succeeds Mrs. Margaret Doyle, who resigned, in a term ending in February 1960.

New Schools on Agenda

Waterford Committee to Present Two Items at Board Session

Two important items will be presented by the Waterford Township Board of Education Building Committee, when the board meets at 7:30 tonight.

A site for a second Waterford Township Senior High school will be discussed, according to Superintendent William Shunck.

The relative location of the new Cooley Elementary school building to be situated on an 8-acre site on the north side of Watkins Lake, will also be on the agenda for discussion.

Work on this building is expected to start early this spring and it should be ready for operation in September, Shunck said.

★ ★ ★

At the present time the new $2-million John D. Pierce Junior High school is under construction on Hatchery near Crescent Lake roads, and is also scheduled for the September opening. "Work on this school is proceeding right on schedule," Shunck added.

A 30-acre plot of land has also been purchased for a third junior high school on Hospital, north of Elizabeth Lake road.

Construction of another elementary school, to be named the Laura Smith Haveland, will get under way sometime this summer.

The new school will be located on ten acres on Forest Ave. south of Cass-Elizabeth Lake Rd., and east of Cooley Lake Rd.

Shunck pointed out that the John Pierce Junior High, the two new elementary schools plus the two additional school sites are all part of a 3½ million dollar bond issue, approved by residents in the February 1956 election, and will not necessitate an increase in taxes.

State Has No Money to Pay School Aid

LANSING (AP)—Michigan's public schools won't get their regular state aid payments on schedule, State Treasurer Sanford A. Brown said today.

January 15 is the day set for schools to collect some 28½ million dollars from the state at the rate of $190 per pupil.

★ ★ ★

"They'll have to wait," said Brown, "we haven't got it."

He said payments might be made near the end of January or early in February when new sales tax collections and receipts from the business activities tax are in.

Deficiencies in the state treasury pointed up the state's financial troubles, which Gov. Williams proposes to wipe out by doubling the state tax on intangibles property.

About 60 per cent of the earth's crust is made of silica.

Impatience Brings Many Injuries

U.S. Skiers Reckless in Europe

MUNICH — Are the Americans who come to Europe to ski "chicken?" Do the precipitous slopes at Davos and the Arlberg frighten them off?

★ ★ ★

Just the opposite — they are courageous to the point of recklessness, according to a survey of the Big Eropean ski centers just made.

"The Americans want to try everything," a local expert said. "Even if the instructor warns them that they are not ready for a certain run — that it would be dangerous for them to try it — many of them will go right ahead."

The Europeans are more cautious, he added.

Many resorts here keep tab on how soon after their arrival skiers get their first injury. Despite the fact that the number of Americans who ski in Europe is few compared with the number of Europeans, at many resorts they are high up on the "early injury" list. One American is reported to have topped the record for a whole region in Switzerland last year by breaking a leg within one hour of his arrival.

SKI PANTS BAGGY?

What other characteristics set the American skier apart at these resorts? American girls shy away from the revealing, tight-trouser look of European women. They wear ski pants that look baggy to the European eye.

Also, Americans' ski boots are almost invariably too big for them, leaving room for the foot and ankle to shift around, thus making control of the ski more difficult.

Do they spend more money? Yes. Do they drink more? They may drink more whisky because Europeans find it too expensive. But the Eruopeans, who concentrate on wine, either in the hot, "mulled" version or straight, tuck away their share.

TOO STRENUOUS

And Americans, because they are here usually just for a few weeks — whereas the Europeans can come back on long weekends and holidays — tend to burn the candle at both ends more than the locals.

Finally, the report says that European hotel managers are amazed at the way the Americans move about from resort to resort, even when reservations are uncertain and traveling difficult.

Where do Americans go over here? Mostly to the big glamorous "name" resorts: to St. Anton and Kitzbuehl in Austria; Garmisch in Bavaria; St. Moritz, Davos or Arosa in Switzerland; Cortina d'Ampezzo or Sestriere in Italy; Megeve and Chamonix in France. But more and more of them are branching out, particularly those who come back year after year.

★ ★ ★

In Germany they are beginning to try Tegernsee, Spitzingsee and Reit-im-Winkl — all three within about an hour of Munich, second-last stop on Pan American's Flight 72 that terminates in Vienna.

In Austria they are trying Lech and Zuers, connected with St. Anton by an elaborate "ski circus" or series of ski lifts and gondolas.

Also Salbach and the late Winter skiing at Obergurgl, the highest village in Europe — reached by train from St. Anton or Innsbruck.

TIP FROM EXPERT

What should Americans remember when they come to Europe to ski? A local Munich expert got up this list: At least two pairs of gloves; sun tan lotion; sun glasses; good, well-fitting watertight boots with straight soles; shoe trees to keep the boots in shape; a parka and at least two sweaters.

★ ★ ★

They should remember to make reservations in advance, particularly in February when Europeans like to ski best because they can combine the slalom with sun bathing.

CAN GIRLS HAVE FUN?

What about girls traveling alone? They should stick to the big resorts and the good hotels — even at St. Anton, room plus breakfast and dinner at one of the best hotels costs only $5 or $6 a day.

What should they bring to wear in the evening? Girls can appear in almost anything, ranging from ski pants to evening gowns at these dances, but most of them bring a cocktail dress and an apres-ski skirt — often a wide felt one or a tweed.

Finally, they shouldn't forget that there are nearly always more men than women at European ski resorts.

Woman Bound Over in Knife-Slaying

Mae Louise Perkins, 44, of 262 Hughes St., was bound over to Circuit Court on a charge of manslaughter yesterday.

Miss Perkins, originally arrested under the name of Mrs. Mae Louise Russell, is accused of the fatal stabbing of Woodrow Russell, 43, on Dec. 25.

She was examined by Municipal Court Judge Maurice E. Finnegan on a second-degree murder charge. He bound her over on manslaughter, for arraignment Jan. 20.

Miss Perkins has not denied the stabbing, but told police that Russell was beating her at the time.

Recommend More Pay for Federal Employes

WASHINGTON (AP) — A senate subcommittee voted yesterday to make pay raises for 1½ million government workers across the nation retroactive to last Oct. 1.

The full Senate Post Office and Civil Service Committee will meet later behind closed doors to consider its subcommittee's recommendation, and seek a solid estimate of the costs.

Trainer Cuts Costs

WASHINGTON — An electronic flight simulator, which duplicates flying conditions aboard an Air Force cargo plane, costs about $35 an hour to operate compared with $350 an hour to fly the aircraft itself.

Waterford Sees Gain in Commercial Building

5 Major Projects Approach Half-Million

There is almost a half-million dollars in commercial construction work now in progress in Waterford Township according to reports from the township building department.

★ ★ ★

Of the five major building projects in the area, the $400,000 Federal department and Kresge stores being erected in the Drayton Plains Center on Dixie Highway, tops the list.

The main part of the shopping area in the Federal store will be on one floor, with an open balcony constructed for office space.

Adjoining Federal's to the north, the Kresge store will be approximately in the center of the shopping area, and there will be three more spaces available for other businesses.

★ ★ ★

The brick layers are expected to begin work on the buildings next week, according to job superintendent Newton Levin of the S. & L. Construction Company. Opening date for both stores has been set for about June 1, he added.

Another project underway at the corner of Dixie highway and Telegraph road, is a $40,000 remodeling of a building into a grocery store. A building permit was issued to Demino & Fidler for the remodeling operation.

A retail store costing some $25,000 is being constructed next to the Food-Town super market at Highland and Williams Lake roads. A permit was issued to Clark Easley for this building.

A super-meat market costing $8,000 is past the foundation stage, and is located next to the Richardson Dairy on Highland road. No information as to opening dates on the last four construction projects has been released.

22 Million Vets in U. S.

WASHINGTON — There are 22,000,000 persons in the United States classified as war veterans, and these with their families make up 75,000,000 of the nation's 172,500,000 population.

Raising Cane No Trick for This Fellow

MONCURE, N. C. (AP)—On a lofty hill one mile from here stands a large mock-orange tree that was once a walking cane.

The cane belonged to Waverly Lassiter, whose hobby was walking. Before entering the house, he casually stuck the stick in the soft dirt and left it there.

The stick sprouted and began to grow, day by day, year by year. Today it is more than 50 years old.

Hot water helps housewives hurry through housework.

MORE HOT WATER WITH EDISON'S NEW ELECTRIC WATER HEATING SERVICE

Only electric water heaters give you all these important advantages:

- ☒ Efficient—the heat goes into the water
- ☒ Install anywhere—need not be near a chimney
- ☒ Long life—meets rigid Edison standards

Gavin Asks Tactics, Missiles to Win 'New Koreas' Rapidly

(Would U.S. soldiers die needlessly if forced to fight in a "new Korea" launched by the Soviets under the "canopy of fear" of their space weapons? Lt. Gen. James M. Gavin believes this is true. His demands for specific action to meet the Red threat are set forth in the following article, last of a series.)

By JAMES LEE
INS Staff Writer

The Army, which has been Jim Gavin's home for 33 years and—psychologically—father and mother to the courageous "three star orphan," offered a bright future to him had he chosen to conform to its system.

★ ★ ★

A fourth star would have been a cinch. Since he is quite generally regarded as the most brilliant senior officer now on active duty he probably would have wound up as chief of staff.

Why, then, has he chosen to retire at an age when the career he began as a 17-year-old private should be carrying him toward fulfillment of a lifetime dream?

The answer lies in Gavin's own words. He says, "We are asked to lead men into battle but denied the necessary weapons."

★ ★ ★

"These," he says, "are your sons and brothers. We don't bring them into the Army to die, we want it to be the other guy. We've got to give them the equipment they need."

★ ★ ★

As Army research chief, Gavin's zeal for development of the weapons of missile warfare was unsurpassed.

NEW KOREAS

But, he charges, it is in "limited" wars—"new Koreas"—that his fears are centered; fears that ill-equipped, ill-trained, outnumbered and outgunned young Americans will perish needlessly.

★ ★ ★

Jim Gavin knows what it is to see kids die in combat. He has watched them die.

★ ★ ★

"The possession of ICBM-satellite weapons systems will bring us to a period of hair-trigger existence, a period in which the future of our people may well hang by a thread, and a slender thread it will be.

"Under a canopy of fear, created by such weapons systems in the hands of a potential aggressor, nibbling actions may be undertaken by the Communists around the periphery of the U.S.S.R.

"If we are to have the capability of dealing with such nibbling tactics—limited war, as it is now popular to call it—then our research and development programs must reflect our concern now.

SURVIVAL TACTICS

"For only by having the capability of responding rapidly to such aggression, and responding with forces tailored unquestionably to gain the decision promptly in the area of aggression, can we survive."

★ ★ ★

"Limited war is the more normal, as I see it, and the more likely type of war that I believe we will have to cope with."

★ ★ ★

What does Gavin advocate? What are the pleas he says the Pentagon brass refused while—he asserts bitterly—allowing the position of the U.S. Army to "deteriorate"? He urges these things:

Manpower — An "indispensable" buildup from the present 15 to 28 divisions.

★ ★ ★

Atomic firepower—"Nuclear weapons in every echelon of the military establishment where they can be usefully employed; nuclear weapons of precise yield, small size where necessary, and in abundance."

★ ★ ★

Missile warfare roles—"One of the most significant aspects of the missile era is that the nation that controls the land areas will control the space above them and, to a large extent, about them. Our greatest deterrent against aggressive attack is in our atomic-missile defenses in the period we are now entering."

★ ★ ★

"Sky cavalry"—Gavin insists that the Army needs it own air force, "thousands of small, low-flying planes."

★ ★ ★

Decisions—In his stinging criticism, before the Senate preparedness subcommittee, of the joint chiefs of staff system, Gavin alleged an "appalling lack of decision and slowness of decision-making." He wants sweeping changes so vital military decisions can be made swiftly.

★ ★ ★

Honesty—Gavin charged under oath that Congress was "misled" by the Pentagon last year on the adequacy of the defense budget. He said that if he remained in the service he would be expected to "mislead" the legislators—and through them the American people—again this year.

★ ★ ★

And, Jim Gavin says, "When the point comes where I cannot obey or cannot be honest with myself and with Congress, I cannot continue in the service."

Home Foreclosures Up

DETROIT (AP)— Wayne Circuit Court Commissioner A. Tom Parsieczny says that home foreclosures have increased sharply and now run as many as 30 to 50 a day. Actions are running as much as four to one above rent delinquency cases, Parsieczny said.

Man Is Bound Over on Murder Charge

James Witherspoon, 56, of 130 Wessen St., charged with first degree murder, was bound over to the Oakland County Circuit Court by Municipal Court Judge Cecil B. McCallum at his examination yesterday.

☆ ★ ★

The date of Witherspoon's arraignment in circuit court was set for Jan. 20. He was returned to the Oakland County Jail where he will be held without bond.

★ ★ ★

Witherspoon is charged with the fatal shooting of Joseph Wright, 37, during an argument in a pool room at 92½ Bagley St., on Nov. 18. He claimed he had acted in self-defense after Wright had threatened him with a shotgun.

Recent Census Shows U.S. Population Rise

WASHINGTON (AP) — The population of the United States was about 172,554,000 on Dec. 1, the Census Bureau estimated today.

This represents an increase of 3,013,000, or 1.8 per cent over the same day a year ago and a gain of 21,421,000, or 14.2 per cent since the 1950 census.

The first technological research center in Colombia has been established in Bogota, the capital city.

Civil Defense Police Will Meet Tonight

Some 200 auxiliary Civil Defense police volunteers from 15 Oakland County communities will meet tonight in the supervisors room in the County Office Building, 1 Lafayette St.

Lewis C. Jarrendt, county CD director, described the meeting as a social get-together, the first meeting for these volunteers.

Attending the 7:30 session will be Sheriff Frank W. Irons and Ralph M. Sheehan, Michigan's CD director.

California's state redwood parks contain 41,000 acres.

After Police Force Cut Dictated by Budget

Traffic Tickets in Waterford Nosedive

Waterford Township policemen issued 1,708 tickets during the first half of 1957, a year-end report indicated today, and 75 tickets during the remainder of the year, after the department had been reduced for budgetary reasons.

However, the reduced force of five, and later, seven, operating in the second half of the year answered 2,570 calls, compared to 3,689 for the 16-member department during the first six months.

★ ★ ★

Reason for the cut in forces was an order by Oakland County Prosecutor Frederick C. Ziem to heed a state attorney general's opinion that justice court costs should be the actual cost of prosecution.

Previously, the township had reaped approximately $100,000 annually from justice court costs. This sum almost financed the entire police department budget.

Capt. Millard Pender, who took over as head of the smaller force after the reduction, furnished the information for the report.

★ ★ ★

During the first six months when there were seven patrol cars in action, there were 367 accidents, and 275 arrests. For the last six months, there were four cars in action, 280 accidents, and 120 arrests.

The parts of a properly lubricated bearing do not come into direct contact with each other. They are separated by a film of oil.

City Appointees Get Cost-of-Living Raise

A 3 per cent cost-of-living pay raise for city administrative appointees was formally approved by the City Commission last night.

The approval was routine, on a decision last month that about $97,000 be set aside this year for cost-of-living raises for all employes.

The raise for hourly employes already has been approved and began at the end of the last pay period in December.

Raises for salaried administrators last night were made retroactive to the same date. Pontiac's two municipal judges were included.

Farming Big Business

WASHINGTON — The Agriculture Department reports that some 24,000,000 of the nation's workers are employed in farming and businesses supplying or servicing farmers. This is called "agribusiness."

Flint Man Identified as Navy Plane Victim

WASHINGTON (AP) — Aviation Electrician Third Class William C. Thurau of Flint, Mich., was among nine Navy crewmen killed in the crash of a four-engine constellation at Patuxent River, Md., yesterday.

The Navy identified Thurau as the son of Mrs. William S. Thurau of Flint and the husband of Mrs. Mary Lee Seward Thurau of South Hill, Va.

Now comes one of the greatest sales and money-saving events in our 25 years of business in Pontiac. Here is your chance to buy and save on fine quality merchandise at unbelievable LOW, LOW prices!

HERE ARE REAL BARGAINS!

It's Quality . . . as well as low prices, that make a good value.

It is well to consider just what comprises a good value and a bargain. We believe a bargain to be an unusual offering caused by an unusual event, or condition that actually forces a reduction in price, but not a reduction in quality. Because we want to dispose of our winter merchandise stock during the next 15 days, one will be able to buy quality at a sacrifice.

"YOUR CREDIT IS GOOD." TAKE ADVANTAGE OF THESE BIG SAVINGS. PAY LATER. TAKE 6 MONTHS TO PAY

Use Our CREDIT TERMS

GEORGES NEWPORTS

HOLDEN'S 10 CENT REDEEMABLE TRADING STAMP

THE QUALITY STORE OF NATIONAL BRANDS . . . THAT GIVE HOLDEN'S STAMPS

74 NORTH SAGINAW ST. **Between Huron and Mt. Clemens**

HERE'S THE REASON FOR THIS SALE!

We must buy goods anticipating your needs. This fall, winter and Christmas was no different. We bought the finest nationally advertised goods for you . . . but unforseen record warm weather (December recorded a high of 58 degrees) did not allow us to move sufficient amounts of warm clothing for winter needs. The New York Transit Strike further complicated our delivery on Christmas goods. This created an overloading of goods; our policy is not to carry goods over to next season. We have decided to clear our store in the next 15 days to make room for Easter goods (Easter comes earlier this year). Our loss is your gain.

EVEN AT THESE LOW PRICES YOU CAN "CHARGE IT." TAKE 6 MONTHS TO PAY.

$200,000 STOCK DISPOSAL SALE!

Be here when the doors open Friday, Jan. 17th, 9:30 A. M. Every department will be offering price reductions! Follow the crowds to the biggest sale!

STORE CLOSED THURSDAY

Our store is closed all day Thursday, January 16th, to hire and train new help, to mark down prices, and to arrange the store and stocks for this great Sale. All goods on racks and table easy to see and easier to buy. Everything marked plainly at SALE PRICES . . . DON'T MISS IT . . . Extra sales help, extra cashiers to serve you quickly.

YES, FRESH, CLEAN GOODS offered in our GIGANTIC DISPOSAL SALE to you and your family. Despite today's high prices, over $200,000 worth of family needs will be on sale. This sale will be throughout the store, in every department on nationally advertised Dresses, Coats and Suits, Furs, Domestics, Towels, Hose, Lingerie, Women's Sportswear, Accessories, Women's Robes, Men's Clothing, Men's Furnishings, Boys' Clothing, Infants' Wear, Children's Wear, Teen-age, Toys and Furniture, Shoes, Millinery, Jewelry and Small Appliances. THE PRICES SPEAK FOR THEMSELVES. IF YOU EVER SAVED IN YOUR LIFE YOU WILL SAVE IN THIS SALE. TELL YOUR FRIENDS, COME SEE FOR YOURSELF.

DON'T LET BAD WEATHER KEEP YOU FROM THIS SALE!

YOU CAN COME INSIDE THE STORE TO KEEP WARM BEFORE THE SALE STARTS FRIDAY, 9:30 A. M.

Deaths in Pontiac and Nearby Areas

DALE R. BUSHEY

Dale R. Bushey, infant son of Edward and Emogene Hawes Bushey of 10 S. Tasmania St. died yesterday morning in St. Joseph Mercy Hospital. He was ill several hours.

The 2-weeks-old baby is survived by his parents; six brothers and sisters, Daniel, Debra, David, Douglas, Denese and Dennis Bushey, all of Pontiac.

Service will be at 10:30 a.m. Friday from the Melvin A. Schutt Funeral Home with burial following in White Chapel Memorial Cemetery.

MRS. ARTHUR HOOKS

Mrs. Arthur (Lena) Hooks, 39, of 389 Ditmar St., died Tuesday in Pontiac General Hospital after an illness of two weeks.

Surviving besides her husband are her father, Fae Rice; and ten children, Mrs. Kathleen Myers of Pontiac; Mary, Diane, Arthur Jr., Carylon, Tyronne, Wayne, Fay, Marie and Peggy Hooks, all at home; and two sisters living in Illinois.

Service will be at 2 p.m. Friday from the St. John Methodist Church with the Rev. Martin J. L. Bellinger officiating. Burial will follow in Oak Hill Cemetery. Mrs. Hooks' body will be at the Frank Carruthers Funeral Home after 7 p.m. today.

MRS. MINNIE ELLSWORTH

Mrs. Minnie Ellsworth, 90, died yesterday after a prolonged illness.

She leaves a brother and two sisters, all living in California.

Service will be at 11 a.m. Saturday from the Pursley Funeral Home with W. P. Strong of Jehovah's Witnesses officiating. Burial will be in Oak Hill Cemetery.

LAWRENCE H. HALPIN

LAPEER — Service for Lawrence H. Halpin, 69, of 807 W. Oregon St., who died yesterday at Lapeer County General Hospital, will be conducted at 10 a.m. Saturday in the Church of Immaculate Conception. The Rev. Joseph J. Bohr will officiate, with burial in Mount Loretto Cemetery.

★ ★ ★

The Rosary will be recited Friday at 8 p.m. at the Muir Brothers Funeral Home.

Surviving are his wife, Florence; one son, John L. of Lapeer; five daughters, Mrs. George Keast, Mrs. Rodolphe Giroux, both of Detroit, Mrs. John Currier of Birmingham, Mrs. Gordon Hall of Lapeer and Mrs. James Millis of Attica. A brother, George, and a sister, Miss Lucy Halpin, both of Lapeer, and 16 grandchildren also survive.

MRS. THOMAS MURPHY

Mrs. Thomas (Martha Ann) Murphy, 81, of 135 N. Jessie St. died this morning of a heart ailment in her home. She was ill two years.

Surviving are her husband; six children, Mrs. Jessie Carrie of Rochester, Thomas with the U.S. Army, Mrs. Ella Hibler, Mrs. Mary Rowden, George and Clayton Murphy, all of Pontiac; a brother and two sisters of Ontario.

Service will be at 1:30 p.m. Monday from the Huntoon Funeral Home with the Rev. LeRoy W. Shafer of the First Church of the Brethren officiating. Burial will be in Oak Hill Cemetery.

ELLA VAN LEUVEN

MILFORD — Service for Ella Van Leuven, 86, of 2893 Cooley Lake Rd., who died yesterday at St. Joseph Mercy Hospital, Pontiac, will be held at 10 a.m. Saturday at St. Mary Church. Officiating will be the Rev. Richard Haney. Burial will be in St. Mary Cemetery.

The Rosary will be recited at 8 p.m. tomorrow at Richardson-Bird Funeral Home.

Surviving are four daughters, Mrs. Louis Lafayette of Grosse Ile, Mrs. Emiel Bouckaert of White Lake, Miss Margaret and Mrs. Frances Conzemius, both of Milford; four sons, Joseph of Gaylord, Earl of Davisburg, Robert of Butler, Ind., and Lawrence of Detroit. A sister, Mrs. Mary Clark of Milford, 33 grandchildren and six great-grandchildren also survive.

WILLIAM L. MARTIN

OXFORD—Service for William L. Martin, 38, of 837 S. Lapeer Rd., who died Tuesday at the Veterans' Hospital, Ann Arbor, will be held at 2 p.m. Friday at Flumerfelt Funeral Home. The Rev. Charles F. Robbins will officiate, with burial in Dryden Cemetery.

He was a member of the Lapeer Veterans of Foreign Wars Post.

Surviving are his wife, Helen; a daughter, Jean Ann, at home; his mother, Mrs. Howard North of Oxford, and four brothers, Albert of Claremore Okla., Raymond of Oxford, Alex of Lake Orion and Willford of Clarkston.

FRED SCHUTZ

AUBURN HEIGHTS — Service for Fred Schultz, 67, of 51 Juniper St., who died yesterday at St. Joseph Mercy Hospital, Pontiac, will be held at 2 p.m. Saturday at the Dudley H. Moore Funeral Home. Officiating will be the Rev. J. Harvey McCann. Burial will be in White Chapel Cemetery.

A lifetime resident of Oakland County, he retired in 1956 from the GMC Truck and Coach Division where he worked 28 years.

Surviving are his wife, Annie; two daughters, Mrs. John Rathka of White Lake Township and Freda Schultz at home; two brothers, Charles H. of Milford and Edward of Davisburg, and two sisters, Mrs. Emma Burt of Waterford Township and Mrs. Leon Seymour of Union City.

Deaths Elsewhere

By THE ASSOCIATED PRESS

CLEVELAND (AP) — Augustine Ridenour Ayers, 79, general manager of the Nickel Plate Railroad until his retirement in 1948 and before World War I and engineer with the New York Central, died yesterday. He was a native of Toledo, Ohio.

★ ★ ★

TRYON, N.C. (AP)—Miss Ina Tyler, 66, relief administrator for Iowa during the depression years and a social welfare worker who had been active in Massachusetts, New York, Minnesota, Iowa and North Carolina, died yesterday. She was professor of extension service at Iowa State College in the late 1920s and helped organized social work in 90 Iowa counties.

★ ★ ★

WASHINGTON (AP) — Carl C. Crowe, 60, secretary and assistant treasurer of the National Coal Assn., died yesterday in a hospital at Cleveland, Ohio. He was a native of Morganfield, Ky.

Waterford Will Hear Report on Progress

Waterford Township board members will give a progress report of government operation during the last nine months, when the Democratic Club meets at 8 p.m. Saturday at the Community Activities Center.

★ ★ ★

Supervisor Elmer Johnson will review various problems regarding taxation in the township. He will also explain how the state equalizing factor controls millage distribution.

Clerk James Seeterlin plans to discuss changes of voting precincts in the township, now in the planning stage.

Treasurer Mrs. Dorothy Olson will outline revised tax collection procedure now in effect. She will also make a comparison report on receipts and expenditures made during the time the new board has been in office.

★ ★ ★

Any interested resident has been invited to attend the meeting, according to President Fred Haggard.

It costs about $40 an acre to establish and maintain permanent pasture land, farm experts have found.

Waterford Receives 3 Voting Machines

Three new automatic voting machines were delivered at the Waterford Township Hall today, bringing the total number to 37 for township residents' use in the August primary.

★ ★ ★

The machines were shipped from Jamestown, N.Y., and will cost $45,000 over a 10-year installment plan, according to Clerk James Seeterlin.

★ ★ ★

One of the older machines will be put aside to be used as a spare, in case of an emergency.

A complete reorganization of most of the voting precincts in Waterford Township is now in progress.

India's Ambassador to the United States, Mr. G. L. Mehta, says that American investments in India now amount to about 110 million dollars.

Scandal Magazines Pay $5,000 Fines

LOS ANGELES (AP) — The door has closed on the Confidential magazine case in Los Angeles courts.

★ ★ ★

The closure was made yesterday when Confidential and its sister publication Whisper each paid $5,000 fines, imposed last Dec. 18. The publications were convicted of conspiracy to publish obscenity. Other defendants were cleared.

★ ★ ★

Atty. Gen. Edmund G. Brown announced that the magazines' publisher Robert Harrison, New York, had agreed to change their content.

Federal-Mogul to Pay

DETROIT (INS) — Directors of Federal - Mogul - Bower Bearings Inc. declared today a cash dividend of .60 cents per share, payable March 10, 1958, to stockholders of record Feb. 21, 1958.

2,685 Register for Charter Vote

Westwood Sees 12 File for 7 Posts on Charter Commission

WESTWOOD VILLAGE — Of the 4,500 registered voters here, 2,685 yesterday re - registered, making them eligible to vote Feb. 3 on the proposed village charter.

Yesterday also was the last day for filing nominating petitions for the office of village clerk and the seven seats on the charter commission.

Alice Spencer is the only candidate for clerk. Twelve persons filed for charter commission posts.

They are Waldo H. Asbury, Chester S. Guilmet, Theodore J. Sura, Marvin D. Cline, Robert Larsen, Douglas J. Wood, Ed M. Shurtleff, Russell H. Seaburger, David M. Thompson, Robert B. Reed, John E. McFall and Hugh G. Allerton Jr.

The clerk and charter commissioners will take office only if the charter is approved in the February election.

Residents in the 4¼ square mile area in the northern section of Southfield Township voted last September to incorporate as the village of Westwood.

Static Ground Tests of Vanguard 'Good'

CAPE CANAVERAL, Fla. (AP) — Martin Co. and the Navy ground tested the main engine of the Vanguard rocket in the rain last night. The results were happy.

Pleased workers on the big Martin-built satellite launching vehicle reported that the whole enterprise "looked good."

This was the unofficial accounting of the rocket test. Officially, the Defense Department in a statement issued an hour and a half after the firing said only, "There was a routine static test of a missile."

The average time between a final missile static test here and a launching attempt is about 10 days.

Although the main purpose of the launching will be flight test the full rocket assembly for the first time, the Vanguard as a bonus will carry a 6.4-inch satellite in its nose.

Gets 3 Months Probation for Simple Assault

Frank Davis, 44, of 792 Young St., was found guilty of simple assault by Municipal Court Judge Maurice E. Finnegan yesterday.

He sentenced Davis to three months probation. Davis was originally arrested for felonious assault when he allegedly drew a gun on a man during a street argument on Dec. 6.

Rip-N-Tear 4-H Club Switches Meeting Place

WEST BLOOMFIELD TOWNSHIP—The Rip-N-Tear 4-H Club, which started with 12 members last January, has outgrown its meeting place. With a membership of 38 boys and girls, the group has scheduled its next meeting for 8 p.m., Feb. 9, in West Bloomfield Township Hall.

Crosses Against Light, Girl, 6, Struck by Car

A six-year-old girl was knocked down by a car when she and a group of children crossed Orchard Lake road against a red light yesterday, according to police.

The driver, George R. Crisana, 27, of 84½ Dwight St., said he could not stop in time to avoid the accident.

The girl, Gwynne Ella Newbanks, daughter of Mr. and Mrs. Howard Newbanks, of 62 Stout St., was treated at Pontiac General Hospital for a bruised forehead and released.

BETTY LOU BULLARD

The engagement of Betty Lou Bullard to Daniel E. O'Brien has been announced by her parents, Mr. and Mrs. Wilburn Lawson, of 11855 Shaffer Rd., Davisburg. The prospective bridegroom is the son of Mr. and Mrs. Daniel O'Brien, of 5175 Ormond Rd., Davisburg. A May 24 wedding is being planned.

AP Facsimile

WEIGH-IN—Cute little Mary Keller, 5, of Camp Hill, Pa., makes friends with day-old chicks as she weighs the poultry on a beam scale at the huge Pennsylvania State Farm Show, one of the nation's largest all-farm exhibition under roof in the state's farm show building.

Your PTA Is Planning

Educational Television Is Topic for Discussion

CLARKSTON — "Education TV and Your Child" will be discussed by John Barson of educational television station WTVS, at the Oakland County Council of PTA meeting Tuesday.

The meeting will convene at 8 p.m. at the Pine Knob Elementary School, 6020 Sashabaw Rd., Clarkston.

Barson, producer for Channel 56, directs all the science and music shows for the station and is an authority on special educational programs for children.

Orion Township

Dr. W. W. Oliphant, Lake Orion physician, will speak on "The Home, School, and Community in Africa" at 7:30 p.m. Monday before the Lake Orion Junior High School PTA. This will be the group's first meeting since organizing in November.

Dr. Oliphant spent four years in Africa as a missionary. Realizing the great need for doctors he returned to the United States, studied medicine and then went back to Africa. He and two other doctors are rotating, one in Africa, and two in the clinic at Lake Orion.

Dr. Oliphant, who is the father of four children, also will show household articles and trophies from his missionary travels.

★ ★ ★

The Carpenter School PTA will meet on Monday to hear Mrs. Vena Kirkpatrick, administrative assistant in charge of elementary education, discuss achievement, reading readiness, and intelligence tests as they are applied in the Lake Orion School District.

Business will include discussion of a money - making project, a change in meeting dates and its part in the Founder's Day program planned as a joint PTA effort.

Auburn Heights

Auburn Heights School will hold its Fathers Night PTA meeting at 8 o'clock tonight at the Community Hall on Squirrel road. Lester Olds, father vice president, will preside.

Hershell Peters of Michigan Bell Telephone Co. will show a film on the laying of trans-Atlantic cables.

Refreshments will be served.

Lake Orion

The Webber School PTA are sponsoring a bake sale at Sheldon's Restaurant in Lake Orion beginning at 10 a.m. Saturday, January 18, and continuing until sold out.

Cochairmen are Mrs. Burdette Smith and Mrs. Tuano Piirala.

Proceeds of the sale will be placed in the movie projector fund.

Metamora

The Metamora PTA will meet at the school at 8 o'clock this evening. The discussion topic will be "Is the Home to Blame for Juvenile Delinquency?"

Independence Township

Richard Arthaud, psychiatric case worker supervisor for Pontiac State Hospital, will speak on mental health and show a film at the Andersonville PTA meeting at 7:45 tonight in Andersonville School. A discussion will follow the film.

H. E. Brady President of Parish Credit Union

At the annual meeting of St. Vincent de Paul Parish Credit Union, H. E. Brady was re-elected president.

James J. McCarthy was chosen vice president; Cecil J. Cosgrove, treasurer — manager and Bernice J. Arcand, clerk.

The Rev. Thompson Marcero introduced the guest speaker, the Rev. LaVal Landry of Our Lady of Salette Church in Berkley who spoke on the development of the credit union.

It was announced the board of directors had declared a three per cent dividend.

Murder Case Suspect Free on $5,000 Bond

Freed today on a writ of habeas corpus, granted by Oakland County Circuit Judge Frank L. Doty, was 54-year-old Frank W. Henson, Hazel Park factory worker charged with second-degree murder in the death of his wife last month.

The writ was sought by Henson's attorney James Hartrick. Henson was released from the county jail after posting a $5,000 bond. He will be examined on the charge Jan. 22 before Hazel Park Municipal Judge Robert C. Baldwin.

Seek Talks to Settle Bahamas Cab Strike

NASSAU, Bahamas (AP)—Transportation interests hoped today to arrange a meeting with the Bahamas Taxicab Union to solve their differences and settle a general walkout that has paralyzed this tourist city.

★ ★ ★

Sixteen hotels have closed, almost emptying the city of winter visitors. Almost all service for air and cruise ships had halted.

Three planeloads of armed British troops were flown in from Jamaica to help maintain order.

Scattered attempts to sabotage some facilities were reported, including dynamite attached to a power switch at the watr supply and temporary interruption of electrical service to various parts of the island.

★ ★ ★

There were no indications of violence and strike leaders told their followers to avoid disturbances.

The walkout stemmed from a disagreement last fall when members of the union blocked transportation to and from the airport after failure to settle their differences with private interests serving arriving and departing tourists.

Three Men Captured by Hazel Park Police

HAZEL PARK — Three young men were captured by Hazel Park Police early this morning following an auto chase at a high rate of speed.

Found in their car was a 500-pound safe, three quarts of motor oil, a case of anti-freeze, two batteries and assorted tools which police said were taken from the Nine Mile-Highland Service Station, 430 W. 9-Mile Rd. The amount of money in the safe was not disclosed.

Being held for investigation of breaking and entering are Charles B. Collins, 19, of 1862 Maple Lane; John C. Cooper, 20, of 267 W. Woodruff, and Marvin Parks, 21, of 26051 Dalton St., Madison Heights.

Officers William Webster and Mathew Nickrand said they were making a routine check of the gas station about 1:40 a.m., when the car with the three young men sped out from the side of the building.

After a chase of about a mile and a half, the car stopped after being hit on the left side with gunfire from Nickrand's service revolver, officers said.

Sarah Churchill's Brother Arrives for Court Date

MALIBU, Calif. (AP) — Randolph Churchill has arrived in time for the court appearance today of his sister, actress Sarah Churchill, 44.

Miss Churchill, daughter of Sir Winston Churchill, is due at 2 p.m. in Malibu Justice Court to answer a misdemeanor charge of being drunk in public view.

★ ★ ★

She was arrested Monday by sheriff's deputies after a male telephone operator complained she used profane language over the phone. Officers said they went to quiet the actress at her beach cottage here, but that when they started to go she got in their patrol car and refused to leave.

★ ★ ★

Miss Churchill spent five hours in county jail before her release on $50 bail. The next day she appeared on a nationwide television show and gave what critics said was one of her best performances.

Randolph arrived in Los Angeles a day ahead of schedule on his lecture tour. He declined comment on his sister's case.

Neighbors Aid Fatherless Brood

Family of 11 Gets House

DRYDEN—Neighbors and friends of the Leroy Waterman family here, whose timely assistance helped Agnes Waterman and her 10 children over the rough spots following a haybaling accident which killed Mr. Waterman last July 16, got a real glow this week.

★ ★ ★

They saw Mrs. Waterman and the youngsters, ranging in age from 1½ to 14 years, happily installed in their own six-room modern home on Cherry street.

Leroy Waterman, 37, was found dead with both arms amputated last summer on the Hollow Corners road farm of George Mott where he had been working. His death left his family of 11 without any means of livelihood.

Neighbors, veterans' and other clubs, church groups and strangers who read the touching story in their newspapers, rushed to the family's assistance with offers of aid. Donations poured in, and soon the family was able to move from the farm where Mr. Waterman had been sharecropping to a rented house at 4149 S. Mill St.

★ ★ ★

But that wasn't quite enough. Farm machinery which the Watermans owned provided some money, and this with funds from other sources and the interest of a local real estate man made it possible to purchase the home.

Now the Waterman's have roots in their own home. And though they still miss Dad terribly, they can smile again because the family is assured of staying together in comfortable surroundings. They're home.

Guidance Clinic to Hold Dinner on February 6

Plans for the annual dinner of the Oakland County Child Guidance Clinic and its branches in Birmingham and southern Oakland County were announced last night at the monthly meeting of the clinic.

★ ★ ★

Mrs. Edwin V. Clarke, cochairman of the dinner, said it will be held at the Northwood Inn in Berkley on Feb. 6 at 6:30 p.m.

Dr. William H. Kelly, assistant director of the Michigan Department of Mental Health, will be the main speaker. He will talk on "What Can a Community Expect of a Child Guidance Clinic."

★ ★ ★

At last night's meeting held in the clinic's office at 113 Franklin Blvd., Dr. Robert Mason, chairman of the nominating committee, reported on nominees for new officers. They will be selected at the Feb. 6 dinner.

GM to Ask Dismissal of Antitrust Bus Suit

DETROIT (INS) — General Motors says it will seek a summary dismissal of the government's antitrust suit charging GM conspired with Greyhound to monopolize the motor coach market.

Attorney Bruce Bromley, who heads GM's corps of defense attorneys, asked for a six-week delay in the trial to prepare a dismissal motion.

ELSIE MELISSA SLATER

The engagement of Elsie Melissa Slater to Bruce K. Jackson has been announced by her parents, Mr. and Mrs. Marshall A. Slater of Christian Hills, Rochester. The prospective bridegroom is the son of Mr. and Mrs. Kenneth C. Jackson of Detroit. He is a senior at the University of Detroit and a member of Phi Sigma Kappa fraternity. An Aug. 23 wedding in St. Hugo of the Hills Catholic Church, Bloomfield Hills, is being planned.

AMERICA'S OUTSTANDING YOUNG MEN — These 10 men, all under 35 years of age, have been selected as the Outstanding Young Men of America for 1957 by the U. S. Junior Chamber of Commerce. They are from the fields of medicine, government, industry, physics and aeronautical research.

Name 10 to '57 List

Outstanding Young Men Chosen by U. S. Jaycees

TULSA, Okla. (INS) — The U.S. Junior Chamber of Commerce announced today its list of outstanding young men of America for 1957.

The ten men, all under 35 years of age, will be honored at a banquet on Jan. 18 in Phoenix, Arix., as guests of the Phoenix Jaycees.

Th young men were chosen for outstanding contributions to their professions and to the general welfare of the people. They were selected by a judging panel of nationally prominent persons.

The ten men are:

Thomas G. Baffes, M.D., 34, Skokie, Ill., surgeon, developer of a surgical correction for transposition of the great vessels of the heart.

Wilbert E. Chope, 34, Columbus, O., president and founder of Industrial Nucleonics corporation.

Sen. Frank F. Church, 33, Boise, Ida., youngest man in the U.S. Senate.

Richard A. Dewall, M.D., 31, Minneapolis, surgeon, developer of a simplified mechanical heart-lung machine.

Alfred J. Eggers Jr., 35, Los Altos, Calif., aeronautical research scientist in the area of small-scale models for missile testing.

Dwight B. Guilfoil Jr., 35, Arlington Heights, Ill., president and general manager of Paraplegics Mfg. company.

Keith E. Jensen, M.D., 33, Montgomery, Ala., medical microbiologist doing extensive study in influenza viruses.

Robert E. L. Nesbitt Jr., M.D., 33, Albany, N.Y., researcher in cause and prevention of infant death in association with the birth process.

Maj. David G. Simons, M.D., 35, U.S. Air Force, Holloman AFB, N.M., physician-scientist who broke existing records for free-balloon flight exceeding 100,000 feet.

Prof. Chen Ning Yang, 35, Princeton, N.J., physicist, 1957 recipient of the nobel prize in physics.

WW I Vets to Meet

DETROIT (AP) — Lewis Brake, national commander of the Veterans of World War I, will address state units of the organization Jan. 19 following a weekend tour of the Veterans Administration Hospital at Saginaw and two radio and television speeches.

As Air Force Bill Goes to Senate

Forecast Prompt Approval

WASHINGTON (AP)—Prompt Senate approval was forecast today for a House-passed emergency Air Force construction bill as a House subcommittee followed through on a measure to provide actual funds.

★ ★ ★

An unanimous 347-0 House vote sent to the Senate a bill to authorize $549,670,000 of new Air Force funds.

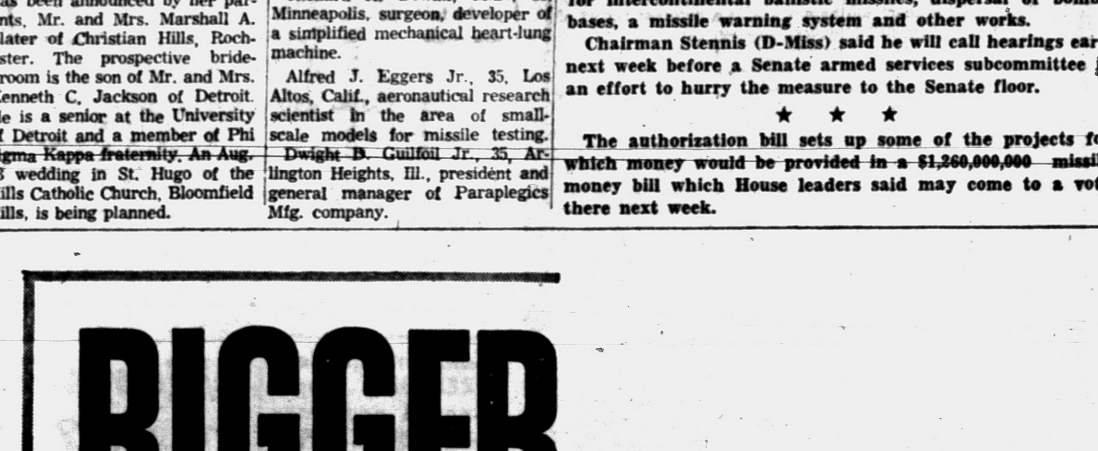

It includes projects for a start on the nation's third base for intercontinental ballistic missiles, dispersal of bomber bases, a missile warning system and other works.

Chairman Stennis (D-Miss) said he will call hearings early next week before a Senate armed services subcommittee in an effort to hurry the measure to the Senate floor.

★ ★ ★

The authorization bill sets up some of the projects for which money would be provided in a $1,260,000,000 missile money bill which House leaders said may come to a vote there next week.

Sees Education Information Lacking

People Blamed for Frills

LANSING (AP)—The executive director of the Michigan Townships Assn. says if state and local spending on education is too high the people themselves are to blame.

Joseph A. Parisi Jr. told the group's fifth annual convention yesterday:

"Thirty-five-foot ceiling classrooms, terrazo floors, built-in mahogany wall lockers, tiled walls and other frills contribute not one iota to the education of our children."

Architects put these things in school plans and school boards approve them, but neither bear final responsibility," he said.

★ ★ ★

"After all," Parisi said, "if parents whose interest also extends to being taxpayers do not attend school board meetings, are not kept informed and do not vote in school elections, then they have no right to blame even the school board."

He criticized high school courses "which contribute little or nothing to education as such."

"In the light of recent events it would seem to me that knowledge, not social adjustment, must be restored as the end result of education," he said.

Parisi said the real problem in education has been and continues to be adequately trained teachers.

★ ★ ★

He urged the township officials not to be "stampeded" into giving their support in November to a general election ballot proposition on the calling of a state constitutional convention.

The state's basic charter best can be amended piecemeal, he said.

Parisi criticized steep increases in property assessments through the state equalization process.

"The property owners have just about reached the point where their pockets are turning inside out and showing empty," he said.

Criticize Officer on Care of Files

Suggest Burning Lists of Hungarian Witnesses He Refuses to U.N.

UNITED NATIONS, N. Y. (AP)—A special investigating committee recommends that U. N. political officer Povl Bang-Jensen should burn the secret list of Hungarian witnesses he refuses to turn over to Secretary General Dag Hammarskjold.

★ ★ ★

But the committee criticized Bang-Jensen sharply for what it termed an "ignorance of rational security procedures" and "irresponsibility" in handling the list.

It made no recommendations on whether the Danish political officer should keep his job with the U.N. secretariat but promised some later. Hammarskjold suspended Bang-Jensen after he refused the secretary general's request for the list of the Hungarian witnesses.

★ ★ ★

The three-man committee's report, published last night, said Bang-Jensen had no authority to promise anonymity to the 81 witnesses. They testified before him when he acted as an officer of a special U. N. committee which later accused the Soviet Union of repression in the 1956 rebellion in Hungary.

★ ★ ★

Bang-Jensen said that burning the list in the presence of a U. N. security officer "is the only proper solution. That is what I have suggested all along." He had said he feared the names might fall into the hands of Russian U. N. employes, and that reprisals would be taken against the witnesses or their relatives in Hungary.

★ ★ ★

The committee agreed that refugee witnesses were entitled to anonymity. But it said U. N. custody of the list and accompanying notes would have guaranteed this.

West Indian calypso singers imaginative, such as Lord Pretender, Mighty Panther, Spitfire, Crown Jocplar and Lord Eisenhower.

Jeff Chandler Agrees to Pay Estranged Wife

LOS ANGELES (AP)—Film star Jeff Chandler will continue paying his estranged wife Marjorie $1,500 to $1,700 a month pending trial of her divorce suit.

The couple, apparently friendly at a predivorce hearing yesterday resolved their differences over her demand for $6,500 monthly support of herself and two children.

The actor agreed to pay taxes, mortgage installments and bills he assumed last year.

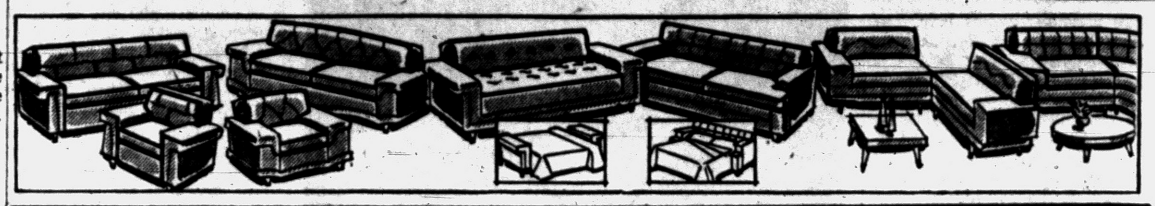

Lake Erie's standard low and high water levels have been established at 570 feet and 575.11 feet above the mean tide, that prevails generally at the port of New York City.

Says Canadians Bilk Americans With Tree Notes

BATHURST, N.B. (AP) —Generous Americans responding to notes attached to Christmas trees sent thousands of dollars worth of gifts to distinctly undeserving Canadians, a weekly newspaper reports.

★ ★ ★

The Northern Light says Americans were bilked in "a racket which is increasing each year."

Needy children began attaching notes to southbound Christmas trees sveral years ago. When their notes got widespread attention, "hundreds of greedy grown-ups" began writing notes, the paper said.

It reported that one family placed 2,500 notes on trees shipped from the Bathurst area and the parcels are still coming in.

They Won, Hands Down

DETROIT (AP) — The retired men who used to play cards in Clark Park's municipal shelter are back again. The men protested to the Common Council recently when they showed up for their daily game and found "no smoking" signs posted and their table shoved into a small adjoining room to make way for ping-pong tables. Councilman William C. Rogell took the matter up with park officials, the card table came back and the smoking signs came down.

'Eyewitness to Death' . . .

. . . by Agatha Christie

Copyright 1957

THE STORY SO FAR: A blind in a train passing hers snaps up and respectable Mrs. McGillicuddy on a prosaic trip to visit her friend, Miss Marple, fluttery old woman with a shrewd brain and a gift for solving crimes, sees a man strangling a woman. When she tells the conductor he puts it down to her imagination. Miss Marple obtains a large scale map and makes several trips over Mrs. McGillicuddy's route. Too old for physical effort, she writes to Lucy Eyelesbarrow, brilliant young woman who has made for herself a unique profession—taking temporary charge of households and running them like magic. Miss Marple figures the body must have been thrown out as the train passed the neglected park of Rutherford Hall, built by Mr. Crackenthorpe, a rich manufacturer. Lucy gets herself employed at Rutherford Hall by Emma, Crackenthorpe's daughter, and Miss Marple is installed in the neighborhood, posing as Lucy's aunt. On pretense of playing golf, Lucy searches for the body. She finds a piece of fur on a bush below the railroad tracks. Alexander Eastley, Emma's nephew, and his friend James Stoddart-West, visit the Crackenthorpes and show Lucy a barn that houses a sarcophagus. Lucy pries it open and finds the body of a murdered woman, evidently a foreigner. Inspector Craddock believes the woman traveled down from London and that she had recently come from abroad.

CHAPTER 13

"Now I should like to have a brief interview with the various members of the family," Inspector Craddock said.

"I really cannot see—"

* * *

"What they can tell me? Probably nothing of interest — but one never knows. I daresay I can get most of the information I want from you, sir. Information about this house and the family."

"And what can that possibly have to do with an unknown young woman coming from abroad and getting herself killed here."

"Well, that's rather the point," said Craddock. "Why did she come here? Had she once had some connection with this house? Had she been, for instance, a servant here at one time A lady's maid, for instance. Or did she come here to meet a former occupant of Rutherford Hall—"

* * *

Mr. Wimborne said coldly that Rutherford Hall had been occupied by the Crackenthorpes ever since Josiah Crackenthorpe built it in 1884.

"That's interesting in itself," said Craddock. "If you'd just give me a brief outline of the family history—"

Mr. Wimborne shrugged his shoulders.

"There is very little to tell. Josiah Crackenthorpe was a manufacturer of sweet and savory biscuits, relishes, pickles, etc. He accumulated a vast fortune. He built this house. Luther Crackenthorpe, his eldest son, lives here now."

"Any other sons?"

"One other son, Henry, who was killed in a motor accident in 1911."

"And the present Mr. Crackenthorpe has never thought of selling the house?"

"He is unable to do so," said the lawyer drily. "By the terms of his father's will."

"Perhaps you'll tell me about the will?"

"Why should I?"

Inspector Craddock smiled.

"Because I can look it up myself if I want to, at Somerset House."

Against his will, Mr. Wimborne gave a crabbed little smile.

DATA IRRELEVANT

"Quite right, Inspector. I was merely protesting that the information you ask for is quite irrelevant. As to Josiah Crackenthorpe's will, there is no mystery about it. He left his very considerable fortune in trust, the income from it to be paid to his son Luther for life, and after Luther's death the capital to be divided equally between Luther's children, Edmund, Cedric, Harold, Alfred, Emma and Edith. Edmund was killed in the war, and Edith died four year ago, so that on Luther Crackenthorpe's decease the money will be divided between Cedric, Harold, Alfred, Emma and Edith's son Alexander Eastley."

"And the house?"

"That will go to Luther Crackenthorpe's eldest surviving son or his issue."

"Was Edmund Crackenthorpe married?"

"No."

"So the property will actually go —?"

"To the next son—Cedric."

"Mr. Luther Crackenthorpe himself cannot dispose of it?"

"No."

"And he has no control of the capital."

"No."

"Isn't that rather unusual? I suppose," said Inspector Craddock shrewdly, "that his father didn't like him."

"You suppose correctly," said Mr. Wimborne. "Old Josiah was disappointed that his eldest son showed no interest in the family business — or indeed in business of any kind. Luther spent his time traveling abroad and collecting objects d'art. Old Josiah was very unsympathetic to that kind of thing. So he left his money in trust for the next generation."

"But in the meantime the next generation have no income except what they make or what their father allows them, and their father has a considerable income but no power of disposal of the capital."

"Exactly. And what all this has to do with the murder of an unknown young woman of foreign origin I cannot imagine!"

"It doesn't seem to have anything to do with it," Inspector Craddock agreed promptly, "I just wanted to ascertain all the facts."

Mr. Wimborne looked at him sharply, then, seemingly satisfied with the result of his scrutiny, rose to his feet.

"I am proposing now to return to London," he said. "Unless there is anything further you wish to know?"

He looked from one man to the other.

"No, thank you, sir."

The sound of the gong rose fortissimo from the hall outside.

"Dear me," said Mr. Wimborne. "One of the boys, I think, must be performing."

Inspector Craddock raised his voice, to be heard above the clamor, as he said:

"We'll leave the family to have lunch in peace, but Inspector Bacon and I would like to return after it — say at 2:15 — and have a short interview with every member of the family."

* * *

"You think that is necessary?"

"Well"—Craddock shrugged his shoulders. "It's just an off chance. Somebody might remember something that would give us a clue to the woman's identity."

"I doubt it, Inspector. I doubt it very much. But I wish you good luck. As I said just now, the sooner this distasteful business is cleared up, the better for everybody."

Shaking his head, he went slowly out of the room.

Lucy had gone straight to the kitchen on getting back from the inquest, and was busy with preparations for lunch when Bryan Eastley put his head in.

"Can I give you hand in any way?" he asked. "I'm handy about the house."

Lucy gave him a quick slightly preoccupied glance. Bryan had arrived at the inquest direct in his small M.G. car and she had not as yet had much time to size him up.

What she saw was likable enough. Eastley was an amiable looking young man of thirty odd with brown hair, rather plaintive blue eyes and an enormous fair mustache.

"The boys aren't back yet," he said, coming in and sitting on the end of the kitchen table. "It will take 'em another twenty minutes on their bikes."

Lucy smiled.

"They were certainly determined not to miss anything."

"Can't blame them. I mean to say — first inquest in their young lives and right in the family so to speak."

"Do you mind getting off the table, Mr. Eastley? I want to put the baking dish down there."

Bryan obeyed.

"I say, that fat's corking hot—what are you going to put in it?"

"Yorkshire pudding."

* * *

"Good old Yorkshire. Roast beef of old England, is that the menu for today?"

"Yes."

"The funeral baked meats, in fact. Smells good," he sniffed appreciatively. "Do you mind my gassing away?"

"If you came in to help I'd rather you helped." She drew another pan from the oven. "Here — turn all these potatoes over so that they brown on the other side . . ."

Bryan obeyed with alacrity.

"Have all these things been fizzling away in here while we've been at the inquest? Supposing they'd been all burnt up."

"Most improbable. There's a regulating number on the oven."

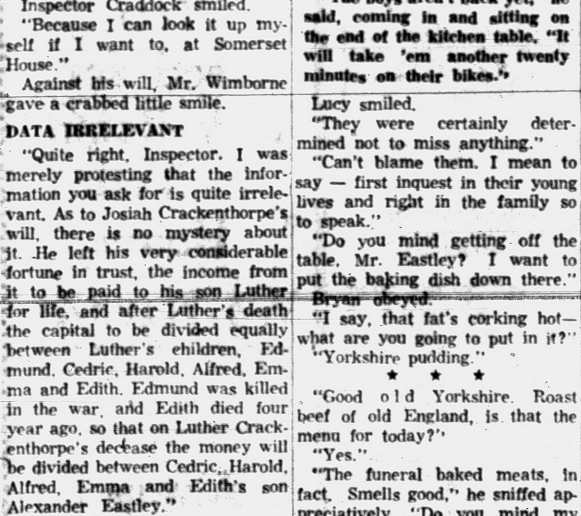

"Kind of electric brain, eh what? Is that right?"

* * *

Lucy threw a swift look in his direction.

"Quite right. Now put the pan in the oven. Here, take the cloth. On the second shelf — I want the top one for the Yorkshire pudding."

Defense Administration May Create New Jobs

BATTLE CREEK (AP) — The Federal Civil Defense Administration says it will create 166 new jobs if its proposed $41,800,000 budget for 1959 is approved by Congress.

The agency said it has asked for appropriations to set up 99 new positions at FCDA headquarters here and 67 at regional offices.

Judges Set Convention

GAYLORD (AP) — The Probate and Juvenile Judges Assn. of Michigan will hold its 1958 convention here June 30-July 2.

Dishwashing's a cinch with plenty of hot water.

MORE HOT WATER WITH EDISON'S NEW ELECTRIC WATER HEATING SERVICE

Only electric water heaters give you all these important advantages:

- ☒ Efficient—the heat goes into the water
- ☒ Install anywhere—need not be near a chimney
- ☒ Long life—meets rigid Edison standards
- ☒ Fast—new, more efficient heating elements
- ☒ Automatic—hot water always on tap
- ☒ Outer shell—cool to the touch all over
- ☒ Safe—clean—quiet—modern
- ☒ Edison maintains electrical parts without charge

LIVE BETTER ELECTRICALLY

All this adds up to the best water heating service ever provided in Southeastern Michigan

Ask your plumber or appliance dealer • **DETROIT EDISON**

City OKs Trade for Church Lots

Commission Rezones 2 Properties; Moves Precinct 34 to School

City Manager Walter K. Willman has been authorized to negotiate a land trade with the Evangelical United Brethren Church, which wants to build in the vicinity of East Boulevard and Featherstone road.

★ ★ ★

The church has offered to trade several of its parcels in that area for city-owned land on which the church would be partially built.

In other action, City Commissioners approved rezoning of property on which a new National Food Store outlet is proposed. The property is at the southwest corner of Baldwin and Ypsilanti avenues. It was rezoned Commercial I.

Another parcel, on Astor street off Auburn avenue, was rezoned from commercial to residential. The action was taken because plans to build a storage warehouse there have been dropped.

★ ★ ★

Commissiners also changed the location of Precinct 34 to Bethune School. Precinct headquarters had been in the Pontiac Housing Development recreation building, but was shifted last night because no telephone facilities are available there on election day evenings.

★ ★ ★

The Elks Temple was given permission to open its bowling alleys at 9 a.m. instead of noon on four consecutive Sundays beginning Jan. 19 in order to hold a women's bowling tournament.

Cold Wave Continues Across South Korea

SEOUL (AP)—The mercury hit a 12-year low in Seoul today and the Weather Bureau said the cold wave would continue over South Korea for several more days. The temperature in the capital was just below zero, the lowest since 2.2 degrees below zero was recorded in 1945.

One South Korean army outpost in the mountains on the northeast frontier reported the temperature dropped there to 22 below zero.

The lofty Empire State building in New York has about 6,500 windows.

Ask Critic to Tell Factors of State's Industrial Climate

LANSING (AP)—A critic of Michigan's industrial climate has been asked to detail some of the items that sway industries when it comes to locating businesses.

Sen. Clyde H. Geerlings (R-Holland), chairman of the Senate tax committee, wrote to John T. McCarthy of the General Electric Corp. about his recent criticism of Michigan's industrial climate.

Geerlings said McCarthy's comments were "disturbing" to those who seek to build job opportunities in Michigan. The Senator said there should be grave concern because General Electric has built 19 plants in Ohio and only one in Michigan during the past five years.

Geerlings said a legislative study committee is trying to arrive at a stable pattern of taxation that will be fair to industry.

He asked McCarthy to list the factors he considered important in determining good or bad industrial climate, particularly those subject to government action.

Cargo Handling Drops

DETROIT (AP) — Foreign cargoes handled over Port of Detroit docks last year fell off nearly 20,000 tons from the 1956 total, according to the Army's Detroit Engineer District. Total import-export tonnage in 1957 was 70,879 compared with 90,348 in the preceding year.

Believes Roads to Lure Industry

Mackie Thinks New Expressways to Attract Investments in State

LANSING (AP)—Michigan's planned 900 miles of new expressways should attract more than 700 million dollars in new investments within a few years after they are opened to traffic, Highway Commissioner John C. Mackie states.

Mackie made the prediction in a speech before a convention of the Michigan Townships Association.

★ ★ ★

The 900 miles of expressways are part of the Highway Department's newly launched five-year road building program which will cost $1,250,000,000.

Each mile of new expressway, Mackie said, should attract more than a million dollars in new investment in residential, commercial or industrial enterprise.

"Commercial investment will take place on adjacent roads to provide services for increased traffic and the residential development that follows completion of the expressway," Mackie said.

★ ★ ★

"Industrial investment will come simply because the highways provide quick and efficient accessibility by truck for raw materials and transport of manufactured products to market."

Mackie appealed to townships, counties and cities along the routes of the planned superhighways to start immediate plans on zoning and local development programs to accommodate the growth which the highways will generate.

New Hours to Procure Driver-Licenses

Oakland County Sheriff Frank W. Irons today announced the new hours for issuing driver's licenses at various stations outside Pontiac.

The new schedule is as follows:

Farmington Township: Every Monday from 1 to 7 p.m. at Farmington Township Fire Station on Wheeler St.

Southfield Township: Every Tuesday from 1 to 8 p.m. at Southfield Township Fire Station at 10 Mile and Evergreen Roads.

Holly: Every second Wednesday from 1 to 7 p.m. at Holly Police Department.

Lake Orion: Every second Thursday from 1 to 7 p.m. at Orion Township Hall.

Walled Lake: Every Thursday from 1 to 7 p.m. at Walled Lake City Offices.

Milford: Every second Friday from 1 to 7 p.m. at Milford Police Department.

Persons residing anywhere in Oakland County outside of a city or village that issues licenses, may apply at any of these stations, or at the Oakland County Jail in Pontiac.

* * *

Hours for renewals or student's permits at the Oakland County Jail are 8:30 a.m. to 5 p.m. Monday through Friday, except Wednesdays when the office will remain open until 9 p.m. The hours on Saturdays are from 8:30 a.m. to noon.

Road tests will be given daily, except Saturday, until 3:30 p.m., and until 9 p.m. on Wednesday evenings.

Sheriff Irons also reminded the public that renewals may be made anytime within 90 days before one's birthday. Minors under the age of 18 must have their father's signature.

Ask FHA-Type Aid for College Students

WASHINGTON (AP) — A plan for government-insured loans to college students that would operate much like the Federal Housing Administration's home loan program has been proposed by two Michigan freshman congressmen.

Reps. Griffin and McIntosh, Michigan Republicans, said the government could insure loans made by college loan funds and commercial lending institutions.

* * *

They told a reporter they were not necessarily proposing the program as a substitute for President Eisenhower's recommendation of direct federal grants for 10,000 college scholarships. But Griffin said:

"A scholarship program providing for outright grants would impose additional burdens on taxpayers and would not help enough students.

"On the other hand, a loan insurance program would make it possible for every qualified student with the necessary will and determination to obtain a college education."

* * *

Griffin, a member of the House Education Committee, called 10,000 scholarships "a drop in the national budget."

But if money were asked for enough direct scholarships "to make a big impact," he added, "it would cost so much money that we would have trouble trying to sell it."

Salt in salt lakes is different than the salt found in the oceans.

Frozen Food Exports Shipped From Sweden

STOCKHOLM — Swedish frozen food exports in 1957 totaled about 5,000 tons. This export trade began not long ago with shipments of frozen strawberries to the United States Army in Western Germany.

Later a market was opened in England, where the export drive was accompanied by cooking courses for housewives and food-preparation demonstrations by Swedish girls in their national costumes. Other frozen-food customers are East and West Germany, the United States, and Poland.

Giraffes range up to about 19 feet in height, and they usually sleep standing up. They can outrun a lion.

Anyone for Poker?

LONDON — Playing cards first appeared in Europe in the 13th and 14th centuries when the Crusaders returned from the Holy Land with the customs and products of the East.

The Kenneth Brown family of Indian Lake road poses beside the colorful 40 by 80-inch rug that each member of the family is lending a hand to weave. From left to right are Mary Helen, 5, Mr. Brown, Kenneth Malcolm "Mac", 15, William, 6, James, 13, John, 11, Judith, 10, Mrs. Brown and Ruth Anne, 8.

Kenneth Browns of Orion Dream Up Own Pattern

Whole Family Joins to Hook Unique Rug

By MARGARET BROWN

A big family project is well under way at the Brown residence on Indian Lake road, Lake Orion.

★ ★ ★

In the living room of Mr. and Mrs. Kenneth Brown and their seven children's spacious log cabin home, which is surrounded by 110 acres of sandy soil topped by 20,000 jack pines, stands a large hook rug frame. Just before Thanksgiving the Browns decided to place the frame and burlap, a gift to the family, in the living room to weave the rug as they found time.

Soon the children became interested in the work, and before long each of the youngsters was trying his hand at the procedure, ". . . doing a bit here and there as the urge came," said Mrs. Brown.

A SPECIAL NEEDLE

At first a crochet hook was used for the weaving, but Mr. Brown soon designed a needle that could be threaded, simplifying the process a great deal for the children.

★ ★ ★

Described by Mrs. Brown as "a sort of family totem pole," the 40 by 80-inch rug was started with no particular design in mind. The children, of course, wanted to work their names into the pattern.

Then someone suggested they include a Christmas tree because the Browns grow and sell the conifers on their farm. Later because the homestead is situated on Indian Lake, it was decided to interweave that body of water.

★ ★ ★

Background color for the rug is brown with the lake done in light blue and the inland area in green, outlined by tan representing the sandy soil surrounding the dwelling. Strictly for color, various shades of yarn have been woven into the pattern, with each of the children's names appearing in a different bright hue.

PRIDE OF THE FAMILY

"It's very homespun," related this busy mother. "One can easily tell by the uneven stitches on the underside where one family member has left off and another has begun."

★ ★ ★

But "homespun" or no, the colorful floor covering is the pride of the family, and upon its completion, which should be by Easter if work progresses at its present rate, will be placed before the fireplace, ". . .if we dare walk on it," added Mrs. Brown.

There's an interesting story behind the Browns' Christmas tree business. When the family moved to the farm 4½ years ago, Mr. Brown asked the State Conservation Department to analyze the soil to determine what crops would grow best in the sandy area.

★ ★ ★

The only suggestion soil analysts could make was to raise a batch of pine trees. So, the family obligingly began planting the trees until their total number mounted to 20,000. When asked how the tree business was this past holiday season, Mrs. Brown said that a "Sorry, No Trees" sign had to be placed in their yard.

It seems that the batch from which they had been selling had grown too large for indoor tinsel trimming, and the rest were too small to serve the purpose. A better season is expected this year, however, with a new crop of Scotch pine and red pine to be ready by Christmas.

MANY ACTIVITIES

An extremely active family, the Browns enjoy many other activities together. All ice skate, and the boys enjoy hunting and trapping, with 15-year-old Mac being star trapper. In the summer they enjoy picnicking and swimming at their own beach area.

★ ★ ★

The four older children, Judy, John, Jim and Mac, all are members of the 4-H Club and have had chickens and vegetables take state ribbons. In the summer Mr. and Mrs. Brown lead the photography group for the East Orion 4-H Club. Mr. Brown is deputy superintendent of Oakland County schools.

Blue Star Unit Has Induction of Officers

Mrs. Florence McCrea was installed as president of Blue Star Mothers Chapter Four when that group met Tuesday evening at the YMCA.

Installing officers Mrs. Ethel Madill and Mrs. Tillie Hopper also installed Mrs. John Yungk, senior vice president; Mrs. Ed Schram, junior vice president; Mrs. Lettie Hancock, treasurer; Mrs. James Dando, recording secretary; Mrs. Herman Dennis, financial secretary, and Mrs. Alma Cowley, corresponding secretary.

Others installed were Mrs. Wilbert Fitzthomas, chaplain; Mrs. Harold Leinenger, guard; Mrs. Howard Leinenger, historian; Mrs. Gerald Leinenger, patriotic instructor; Mrs. Rolan Centers, hospital chairman and Mrs. William Morris, welfare chairman.

Painting Donated

Among gifts not in the form of money accepted by the regents of the University of Michigan was one from Mr. and Mrs. Harry L. Winston of Birmingham. The Winstons donated a painting valued at $8,000 to the University Museum of Art.

Sorority Has Meeting With Mrs. Clifford

Omega Mu Sigma sorority met Tuesday in the Josephine avenue home of Mrs. Harold Clifford. Mrs. Leo Halfpenny was cohostess.

Money-making projects for the coming year and a program for social events were discussed.

Mrs. Emma Olson of Hatchery road will open her home for the next meeting which will be a social gathering.

Dance Given by Square Set on Wednesday

James Thompson was master of ceremonies when Square Set met at Wever School Wednesday evening. Assistant callers were Pete Messeman, Ralph Price, Arthur Yarger and Sidney Olson.

New members welcomed by the club were the John Shortways and the Charles Balls. Among the guests were Mr. and Mrs. John Bozak, Mr. and Mrs. R. Gene Hemmerly, Mr. and Mrs. Ed Chandler, Mr. and Mrs. Everett Parker and Mr. and Mrs. Kenneth Huffman.

Refreshments were served by Mr. and Mrs. Russell Winger and Mr. and Mrs. Willard Fulkerson.

Ladies Guild of St. Trinity Has meeting

Mrs. Elmer Schluckbier conducted the meeting when Ladies Guild of St. Trinity Lutheran Church met.

★ ★ ★

Mrs. Richard Regentin reported that Lutheran Women's Missionary League is scheduling a workshop for Jan. 22 at St. Paul Lutheran Church.

Some 30 members viewed a film. Mrs. Albert Arps reported that Christmas baskets had been packed and delivered. It was also announced that 50 cancer pads had been completed.

★ ★ ★

Mrs. Fred Schramm, Mrs. Donald Woon and Mrs. Wayne Wightman served refreshments at the Tuesday meeting.

Missionary Nurse Talks to Society

Esther Grody, missionary nurse in Sierra Leone, West Africa, spoke to 21 members of Queen Esther Missionary Society of First United Missionary Church. Miss Grody, who is on furlough and will return to Africa in September, is namesake of the Queen Esther group.

She showed pictures of work in West Africa when the society met Tuesday evening in the Benson street home of the Rev. and Mrs. O. P. Eastman.

U. of M. Student Successfully Mixes Engineering, Ed

Honors Just Come Naturally

By ROSE PERLBERG

ANN ARBOR — No one who knows Malcolm Walker was surprised when he was initiated into Phi Kappa Phi, national scholastic honorary, last week.

★ ★ ★

In his 3½ years at the University of Michigan, Malcolm (Mal to his friends) has proved that a chemical engineering student can combine outside activities with the slide rule and be successful in both.

Mal, son of Mr. and Mrs. Edward J. Cornell of Henderson Street, has been supplementing equations with work on the Michigan Technic, oldest — 76 years — engineering college magazine in the United States.

BEST OF ITS KIND

The lanky, dark-haired senior has just finished a term as managing editor of the award-winning publication. (In 1955-56, Technic was selected best of its kind by the Engineering College Magazine Association.) This week, Mal becomes commander of the whole ship as newly elected editor-in-chief.

MALCOLM WALKER

★ ★ ★

In his new post, Editor-Engineer Walker will bear the entire responsibility of the eight-issue magazine. It'll be up to him to continue its high standards and act as liaison man between Technic, the College of Engineering and outside contacts.

Mal didn't waste time in showing he could "do something" on Technic. From articles editor — in charge of writing and procuring the magazine's variety of technical material — he moved up a rung to features editor and then finally climbed just shy of the top as managing editor.

Managing Editor Walker took care of scheduling production of the magazine. He set copy deadlines and nursed it through different stages of printing.

ENJOYS CHALLENGE

The work was "a challenge" that he met and enjoyed. Reflects Mal: "It's the creative satisfaction, the fact that you know you'll be proud of the finished product that keeps you going when it gets especially rough."

★ ★ ★

And then there have been the many people with whom he's come in contact while working on Technic — both outside and on the staff. Mention of the latter never fails to draw a broad grin from Mal. He and Technic staff member Lee Ballendonk plan to be married in June.

In addition to his romantic interest, Mal has found the "experience in leadership and magazine publication invaluable." He put some of this knowledge to work this fall as managing editor of the U. of M. student directory.

★ ★ ★

Busy as the Technic keeps Mal, he still devotes plenty of time to books. Membership in Phi Eta Sigma, for outstanding freshman scholarship; Triangle, junior engineering activities honorary; Vulcans, similar honorary for seniors; Tau Beta Pi, senior engineering honor society that recognizes men of exceptional character and scholarship; Phi Lamba Upsilon, national chemical engineering honorary, and Phi Kappa Phi, which means he is in the upper 10 per cent of the College of Engineering, attest to this.

BACK TO CAMPUS

Mal graduates in June and, as far as he knows now, he'll be back on campus to do graduate work in nuclear and chemical engineering come September. His eye is on a career in the nuclear field. If he keeps up his impressive record this future should be a rosy one.

Delegates for Show Are Named

Mrs. Ray Sluder, Mrs. Harry Randall, Mrs. Ernest Thayer, Mrs. Louella Murray, Mrs. Donald McDowell, Mrs. George Hawn, Mrs. James Wilkinson and Mrs. Ben Ebling will be delegates from Pontiac Hairdressers Association to North American Beauty and Fashion Show in Detroit.

★ ★ ★

Alternate delegates for the meeting are Mrs. Arthur McKinniss, Mrs. Earl Simpkins and Mrs. Albert Wilson.

★ ★ ★

Mrs. McDowell was named special events chairman; Mrs. Wilkinson, recruitment chairman; Mrs. Murray, publicity chairman, and Mrs. Sluder, general chairman, for the show.

Conservation Will Be Topic

Conservation will be the theme of the program when members of the Women's National Farm and Garden Association meet at the home of Mrs. Harold Euler on Ottawa drive Monday.

★ ★ ★

Guest speaker for the day will be Donald Nagel, Pontiac city forester, who will discuss "Dutch Elm Disease."

Social chairman will be Mrs. Arthur Young, assisted by Mrs. Stuart Whitfield, Mrs. George Widdifield, Mrs. James Clarke, Mrs. John Windiate, Mrs. C. T. Ekelund, Mrs. Ferdinand Gaensbauer and Mrs. Walter Willman.

Homemakers Unit Meets

Mrs. James Skaggs of Depew drive opened her home to members of the Professional Homemakers Club.

★ ★ ★

Mrs. Skaggs led the group in making mosaic decorations from eggshells, using simple patterns of daisies and tulips, at the Tuesday affair.

The group also accepted volunteers for a flower workshop to be held Jan. 23 at Christ Lutheran Church, Waterford. Assisting that day will be Mrs. Lois Jones, Mrs. Richard Lasho, Mrs. Skaggs and Mrs. William Bergemann.

They will present a report of their activities at the next meeting to be held at Mrs. Lasho's home on Hira street Feb. 11.

★ ★ ★

The group has been invited to attend a style show at First Baptist Church Feb. 6. Mrs. Jones, Mrs. James Skaggs and Mrs. Thomas Skaggs will participate in the event.

This is the car that Ronald built—Ronald Surowitz of West Iroquois road, that is. After spending a year waiting for parts and building this vehicle, he is at last able to show the results in the form of this little car.

Boy, 12, Shows Mechanical Talents by Building His Own Midget Racer

By GRETTA PORTER

A 12-year-old mechanic? Is that hard to believe? Well, that's exactly what we found putting around his neighborhood in a little car which he made.

★ ★ ★

Ronald Surowitz, 12-year-old son of Mr. and Mrs. George Surowitz of West Iroquois road, spent over a year building this racer. It took him this long because he had trouble getting parts for the vehicle.

During the time he waited for parts he worked on the motor, preparing it for the day when the car would be ready for a road test.

25 OR 30 M.P.H.

One day last December Ronald took the one-cylinder gas engine car out for a test run and found that it ran quite well. He tells us that "it does up to 25 or 30 miles per hour."

★ ★ ★

The Webster School sixth grade student doesn't confine himself to just building cars. He has built boats and worked on other mechanical projects. Ronald admitted to us that he "built a few other cars but they haven't been successful."

Right now Ronald seems a little disappointed with the performance of his car because he has a broken hand which interferes somewhat with operation of the vehicle.

NEIGHBORHOOD USE

He confines his use of the car to his neighborhood. For the past month Ronald and his little one cylinder gas engine vehicle have become a familiar sight in the West Iroquois road vicinity.

His future projects? Well, any ideas Ronald might have for further mechanical projects are as yet undisclosed.

VFW Auxiliary Holds Annual Inspection

Ten past presidents of Ladies Auxiliary to VFW Post 1370 were present when that group held its annual inspection at the VFW Hall.

Chairmen reported on activities for the year and contributions were made to the Cancer Society and VFW National Home at Eaton Rapids.

Inspecting officer was Fifth District president Mrs. Pearl Laughery of East Detroit. Mrs. Betty Gartner of East Detroit and Mrs. Mary Seale of Oxford, Oakland County Council president, were guests for the Tuesday event.

Two Salads Favorites of Past Years

Mrs. Woodruff's Cabbage Salad Has Whipped Cream

By JANET ODELL
Pontiac Press Home Editor

When we called today's cook, she gave us two such good sounding salad recipes that we want to give you both of them.

Mrs. C. J. Woodruff says she has never eaten these salads anywhere else; they are made from family recipes. The Woodruffs are avid home movie fans. They have two grandchildren and a parakeet.

CABBAGE SALTD
By Mrs. C. J. Woodruff

1 small head cabbage
½ cup (scant) vinegar
1 teaspoon salt
½ cup cream, whipped stiff
1 cup sugar

Chop cabbage fine. Pour salt and vinegar over it and let stand several hours. Just before serving whip cream. Add sugar and stir into cabbage.

★ ★ ★

Cranberry Salad

3 cups cranberries
2 cups water
2 cups sugar
2 packages lemon gelatine
1 cup chopped nut meats
1 small can crushed pineapple, drained
1 cup grapes (white seedless, preferably)

Cook cranberries and water until berries are soft. Add sugar and gelatine. Let cool. Add nuts and pineapple, and grapes. Pour into mold and chill. Serve with whipped cream.

San Francisco's famed cable cars, which pull their trolleys up and down the fabulous hills, have been running for 84 years.

MOOO-VELOUS FAMILY MILK DESSERT

"JUNKET"
RENNET-CUSTARD

- Everybody loves "ice creamy" "Junket" Rennet-Custard.
- Light, refeshing! High protein!
- A different dessert! Not a cake or pie, not a gelatin or pudding. It's rennet-custard, made with milk.
- Easy! You'll make it in a minute —there's magic rennet in it!
- 7 soda fountain flavors! Raspberry, vanilla, chocolate, strawberry, orange, lemon, maple!

At Your Grocers

"JUNKET" (Reg. U. S. Pat. Off.) is the trademark of Chr. Hansen's Lab., Inc. for its rennet and other food products.

Women Should Study Financial Matters

Your Bank Offers Many Services

By JOSEPHINE LOWMAN

Someone once said, "A thrifty wife is better than a great income." This is even truer today. Women should give up the idea that they need not be financiers. They must consider the fact that they handle more than three-fourths of the family income.

★ ★ ★

Recently I had a visit with Dorcas Campbell, assistant vice president of the East River Savings Bank in New York City. A visit with Miss Campbell always is an interesting occasion because she is such a brilliant and well-informed leader in the banking world. She is especially conscious of the need for women to become better informed about money matters.

It used to be that the man in the family made all of the big decisions while the woman made only the small ones concerning the expenditure of money. This situation has completely changed.

Many factors have played a part in this switch. For instance, men used to spend more time in the selection of household goods and equipment. They investigated which type refrigerator or stove was best, the kind of wood used in furniture and other whole categories which now have been turned over to women.

★ ★ ★

Also, the fact that so many women have entered the business and professional worlds and earn a sizable portion of the family income has made a difference. Young couples today are wonderful! There is real cooperation in money matters and even a division of work in the home when the wife also works outside the home.

IMPORTANT TO LEARN

Dorcas Campbell believes that it is imperative for women to learn how to handle money efficiently and intelligently since so much of it passes through their hands. The fact that women are outliving men also makes it important to become informed concerning financial responsibilities which their husbands now handle.

Miss Campoell said, "Women should investigate the services their bank has to offer them. Many women are unaware of the many ways in which these can be helpful. Banks are anxious to sell their services just as cosmeticians are. They want to make things easier for their customers."

She continued, "They also should investigate what would be required in their community to get money for an emergency, what should be put in a safety deposit box. They should know what papers are required to take money out of a joint account if one of the partners should die. This differs in different states. Your bank is ready and anxious to counsel you on many matters."

Most banks now offer you not only savings and checking accounts, but special Christmas savings and vacation savings accounts. They advise you about mortgage loans, send money abroad for you by mail or cable, will keep your saving bonds for you, accept your checks for deposit by mail, make out money orders or travelers checks for you, and offer many other services.

Banks also have plans for saving systematically. The East River Savings Bank has four, one of which is most interesting. This is the "Pay Yourself First" service. The bank bills you regularly for your savings account.

Take advantage of the services your bank offers you and save regularly for an unharried middle age and a happy, self-respecting old age. Much poor health can be blamed on financial strain.

Women should investigate the services their bank has to offer them. Many women are unaware of the ways in which banks can be helpful.

Tomorrow: "Fat Knees Are Cute —Don't Be too Quick to Reduce."

Shapely Suit Stays in Style for Springtime

NEW YORK (NEA) — The shapely suit, one that makes the most of a figure, is the one that many a woman will add to her wardrobe this spring.

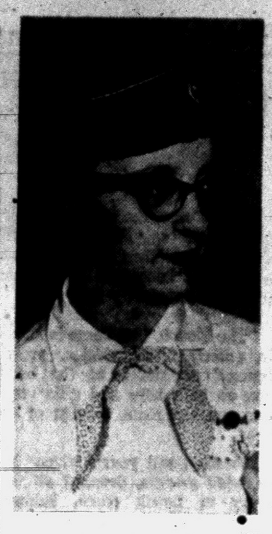

This classic suit type can be considered a sound investment since it is not likely to be made unwearable by the whims of fashion. Yet, it represents current fashion sufficiently to offer the slightly boxy jacket or the semi-fitted jacket.

Generally, the classic suit nips in gently at the waistline, has a slim skirt and is cut from notably sound and beautiful fabric.

It is the kind of suit appreciated by women who also like fine crystal, good perfume and cobwebby lingerie.

It offers subdued, pale elegance, and for this reason the price tag it carries is certain to run over $100.

In nubby silk, Italian tweed or heavy Moygashel linen, it is a thing of beauty fully intended to make any woman look prettier.

CAROL DUNN

Recipient of the Girl Scout curved bar pin is Carol Dunn, daughter of Mr. and Mrs. Percy Dunn of Pheasant street. Northern Oakland Girl Scout Council made the presentation to the Troop 53 member. Carol is in her fifth year of Girl Scouting.

Better Move Around After Eating Meal

Most women don't have to worry about getting a tired, logy feeling after eating because they are up moving around doing dishes and such. If this is not true, resist the temptation to sink immediately into a comfortable chair. Move about a bit, but not vigorously, before sitting down.

Fishnet Undies Fine in Warm or Cold Weather

Of all things, it's fishnet — a kind of fish net being used for cozy underwear for skiers! The Norwegians who thought this one up claim that the air spaces in these washable undies keep you warm in winter, cool in summer. Mountain climbers have proved it's true.

★ ★ ★

When you wash this Brynje fish net underwear, stretch it back to shape while still damp. It's easy to wash, and said to be extra strong and durable. So have yourself a hot time these cold days.

As much as one million tons of copper have been produced from ores in the U. S. in a single year, according to industrial estimates.

Gabbing on Phone Will Take His Time

If you telephone a man at his office, even on a business matter, try to make your conversation as brief as possible. Most busy men are forced to waste valuable time on telephone conversations that are longer than they need be.

Give Feet a Break

It's amazing how often women neglect their feet even though they spend hours each day standing and walking. Many make the mistake of buying improper shoes — those that are too high-heeled for normal comfort or don't fit the foot. A woman whose feet hurt will have trouble being a gay companion.

Perry Rates No. 1 as Elvis Wiggles Into 4th Place

Como's No Slouch in Attracting Teenagers

By EUGENE GILBERT

Perry Como, the baritone barber of Canonsburg, Pa., shaved the sideburns of Elvis Presley to win a flock of honors in our annual teenaged popularity poll.

★ ★ ★

"The Slouch," as Como is known in entertainment circles, proved himself no slouch at the ballot box as both boys and girls voted him the top male vocalist of the year.

Presley, last year's winner by a wide margin, dropped all the way to fourth place, behind Frank Sinatra and fast rising Pat Boone.

Como further solidified his position as pinup boy of the bobby sox set winning first place in the voting by the gals for favorite television personality of the year.

★ ★ ★

But funnyman Steve Allen copped the overall title of favorite TV personality when the votes of both boys and girls were tabulated together.

The boys ranked Como in third place as a personality after picking him in the top spot as a singer.

On the basis of the vote of both boys and girls, Ed Sullivan finished in second place as a television personality, losing to rival Allen by a single percentage point.

★ ★ ★

Despite the havoc he made with the rating systems in his occasional television appearances, Presley did not figure as a top TV personality with the teenagers.

Behind Allen, Sullivan and Como came Phil (Bilko) Silvers, comedian Ernie Kovacs, rustle Ernie Ford, entertainer Arthur Godfrey and newsman Edward R. Murrow.

The boys picked Marlon Brando as their favorite actor, followed by William Holden, James Stewart and John Wayne.

The girls didn't see it that way at all. Rock Hudson took first place in their fluttering hearts by an overwhelming margin, distantly followed by James Stewart, Burt Lancaster and Clark Gable.

GARY RATES LOW

Inexplicably, in an age when TV Westerns have revived the fortunes of the strong, silent types, Gary Cooper wound up in ninth place on both lists.

Kim Novak, the slinky blonde siren, won enough whistles to take best actress honors among the boys, who next liked Debbie Reynolds, Ingrid Bergman and Natalie Wood.

Although she hasn't made a picture within the past year, Princess Grace remained the top actress of the year as far as the girls were concerned.

Ingrid Bergman took second place and Debbie Reynolds and Audrey Hepburn tied for the next position.

★ ★ ★

Marilyn Monroe, inactive in her career since marrying Arthur Miller, was seventh on both lists.

MALE VOCALISTS

The biggest shakeup in teenaged loyalties and emotions since last year's poll came in the ranking of male vocalists.

★ ★ ★

The sudden emergence of the serene and confident Mr. Como as the top vocalist and the equally sudden downfall of the frantically writhing Mr. Presley came as something of a shock.

We had expected that Presley might slip a notch in the popularity poll and be replaced by some other rock 'n' roll artist, since all our surveys in the past year pointed to a steady decline in his appeal to teenagers.

Last year at this time he was tops, winning 33 per cent of all first place votes. By mid-year he was still riding high, but his percentage had slipped to below 20. In the current poll he drew 11 per cent of the votes and wound up fourth.

★ ★ ★

But the amazing thing is that the new king is not a rollicking rock 'n' roll shouter, but a smooth and relaxed balladier. Does this mean rock 'n' roll also is in decline?

BASICALLY CROONERS

Perhaps so. Sinatra and Boone, both basically crooners though given to occasional fits of rock 'n' roll, edged out Presley by comfortable margins.

★ ★ ★

And sweet-voiced Eddie Fisher, who hasn't had a solid hit song in many a moon, still remained strong enough to tie rhythm and blues singer Tommy Sands for fifth place.

Pontiac Press Photo

Getting ready for a rehearsal of Sunday evening's special music program to be presented for First Baptist Church are (left to right) Jerry Menter of North Perry street, Tom Eley of Rosewood avenue, Sandra Guye of Tacoma court and Karlene Walton of Kennett road. All are members of Lincoln Junior High School Choir.

Plastic Dinnerware Is Practical, Pretty

"Formal" dining can be enjoyed in any home regularly by using new plastic dinnerware that is as practical as it is glamorous.

One type is translucent white plastic with a metallic gold and white design permanently molded in.

It complements fine glassware and silver or stainless flatwear; is non-breakable and quiet; and can be washed in the hot soap or detergent suds and rinses required to sanitize all dishes.

Suds Meat Board After Every Use

Be certain to scrub your meat-cutting board thoroughly with hot soap or detergent suds and rinses after each use.

It's a vital health measure to rid the wood of all embedded meat particles which would provide breeding grounds for dangerous bacteria—a source of contamination for the next meat you prepare.

Slinky Fashions Change to Saggy Fit This Year

NEW YORK (INS) — Fashion entered 1957 in a sheath, but left in a sack.

The switch from slinky to saggy silhouette marks the big change between '57 and '58 styles. Otherwise, most of what you'll see this year is a variation of what you bought last year.

The lone exception is capes, which made a brief appearance and then disappeared. But fur trim, higher hemlines, "cocoon" coats, belted suits and filmy fabrics are going to stay with us right through the new year.

★ ★ ★

Eased sheaths, the biggest-selling dress style of '57, also should be plentiful. Many will pretend to be chemises — via boused backs or drapery.

True chemises, unfitted at the waist, are the top fashion trend of '58. These generally have 16-inch hemlines, in line with the rising hem trend of '57. Some dresses may go up as high as 17 inches from the floor.

Coats and suits so far show little change. During the year '57, "cocoon" coats made their appearance. These are narrow at shoulder and at hem, but bulky in between.

Suits for '58 are about the same as they were in '57, but with belts added for long-line jackets or bloused jackets. Many suits feature cropped jackets that stand away from the body, usually with blouses to match jacket linings.

Evening gowns, consistently feminine in '57, are the same for '58. You'll have them low-cut, tight - waisted and full-skirted, or sophisticated and slinky. There also will be high-fashion chemise evening frocks trimmed in lace or fringe mostly at the hem.

The key word for fashion in 1957 — "elegance" — is still the key word for early '58 styles. Much of the "elegance" in last year's fashions was supplied by fur — in trimming, millinery, accessories. Some designers made whole suits out of fur, or combined such expensive furs as leopard, ocelot, mink, sable, fox and chinchilla with fabrics like chiffon or silk.

★ ★ ★

One fur in the non-expensive class, raccoon, had a whole style fad of its own. College girls suddenly developed a yen for a raccoon coat like mother used to wear, and tried to buy the same old coat. Beat-up, tattered coonskin coats sold like hot cakes during the back-to-school season.

The old raccoons may not stay popular, but other furs undoubtedly will. Fox especially is getting a big spring preview, usually dyed to match the fabric it trims.

With or without fur, the sack silhouette is the odds-on favorite for the fashion lead of '58.

582

by Laura Wheeler

Look pretty while you wait in this smart blouse that tops skirts, slacks. Choose print, or solid with rickrack trim.

Sew-easy maternity top! Pattern 582: Misses' 10-12, 14-16 included. Embroidery transfer of yoke, gay Scotty pocket.

Send 35c (coins) for this pattern—add five cents for each pattern for 1st-class mailing. Send to The Pontiac Press, 124 Needlecraft Dept., P.O. Box 164, Old Chelsea Station, New York 11, N.Y. Print plainly pattern number, name, address and zone.

As a bonus, two complete patterns are printed right in our Laura Wheeler Needlecraft Book. Dozens of other designs you'll want to order—easy, fascinating handwork for yourself, your home, gifts, bazaar items. Send 25c for your copy of this book today!

A steeple breton shows the new spring trend to higher hats. Why not include one in your Southern vacation wardrobe now? The designer uses glossy straw in a brown tone and pipes the upcurled brim with matching grosgrain ribbon. A brown veil completes the effect.

Men Think They're Tops Despite Proof to Contrary

Still Dismiss Opposite Sex by Saying, 'If That Isn't Just Like a Woman'

By RUTH MILLETT

Sure, men still think they are the superior sex, even though women outlive 'em and usually outsmart 'em in the never-settled battle of the sexes.

If you want proof, here it is.

Men think it is just dandy for a middle-aged man to take as his second wife a girl who is young enough to be his daughter. But how silly they think a middle-aged woman is if she marries a man even 10 years her junior.

Insurance rates go up when Junior starts to drive the family car but not when Sis does, yet men still talk condescendingly about "women drivers."

So many women now share the burden of supporting a family that more than half of today's working women are married. But an awful lot of husbands still think helping around the house is beneath a man's dignity, even if it isn't beneath a woman's dignity to earn a paycheck.

Men haven't yet found a more suitable comment for a silly woman's lack of sense than to say, "If that isn't just like a woman!"

★ ★ ★

If a man were as indispensable to an executive as is an excellent secretary, who sometimes knows more about the business than the boss, his boss would give him a fancy title and a suitable salary. But the executive figures he can keep a right-hand man who happens to be a woman in the mere job of secretary until she reaches the age of retirement.

Though his wife may read more than he does and keep better informed about local news when they go to the polls to vote in a local election, the husband doesn't hesitate to tell his wife how he thinks she ought to vote.

But he certainly wouldn't dream of asking her opinion on how he ought to vote. Politics is still a subject men think they understand better than women, simply because they are men.

★ ★ ★

The list could go on and on. But why offer any more proof?

Men KNOW they're superior—but women know men merely THINK they are.

It's No Use! Child Despairs at High Cost

McALESTER, Okla. (AP) — A little girl put a nickel on the counter of a drug store and asked for a candy bar.

"We have no nickel bars," the clerk said.

"Then may I please have a pop?"

"They're 7 cents now," the clerk replied.

★ ★ ★

"I'll take a popsicle," the girl tried again.

"They're 7 cents too."

The little girl turned to walk out of the store and the clerk called after her that she had left the nickel.

"That's all right," she said. "I can't buy anything with it anyway."

Dear Abby....

You Seem to Have All Bases Covered

By ABIGAIL VAN BUREN

DEAR ABBY: I am 44 years old, well-fixed financially, and would like to get married. I would like to meet a man about my age who enjoys going to church.

ABBY

I belong to the First Methodist Church, Blessed Angels Catholic Church and the Mount Zion Jewish Temple. I also attend the Christian Science Church regularly but do take aspirin occasionally.

Please help me find a man of good character who is interested in marriage and belongs to any or all of the above mentioned churches.

IDA J.

DEAR IDA: It looks like you've got all the bases covered. I cannot understand how you can belong to ALL the above-mentioned churches. To find a good church-going gentleman, better have a talk with any one of your clergymen.

★ ★ ★

DEAR ABBY: I sure got a kick out of that lady who complained because when she entered a store she was "pounced on" by the clerks who wanted to help her. Where was she shopping anyway?

I get worn out shopping because I wait half an hour to get waited on, and then the clerk disappears and I have to hunt her up and beg her to take my money and give me my purchase. Boy, it sure takes all kinds of people, Abby!

TIRED SHOPPER

★ ★ ★

DEAR ABBY: I am 14 years old and bo babysitting quite often. When I am asked what I charge, I tell them, "Fifty cents an hour or whatever you want to pay me."

I never get more than two dollars a night no matter how long I stay and I don't like to be taken advantage of. All my friends get 50 cents an hour and all they can eat. How can I get paid more?

DISGUSTED

DEAR DISGUSTED: If you agree to accept "anything they care to pay you" . . . you can't complain if they give you two dollars a night. But if you feel "taken advantage of" . . . next time name a set fee.

★ ★ ★

DEAR ABBY: What do you say to people who live over you in an apartment who have no rugs on their floors? Can you imagine the noise it makes when they drag their chairs? When they walk around up there it sounds like a gang of horses. When they had a party, plaster fell from the ceiling onto our bed. I don't want to be called an old grouch, but isn't there some way we can put a stop to it?

THE PEOPLE DOWNSTAIRS

DEAR PEOPLE: You could go up in a friendly way and ask their cooperation. If they are unreasonable, talk to your landlord about it.

★ ★ ★

CONFIDENTIAL TO "OTHER SIDE OF THE TRACKS:" Don't be ridiculous! When the train comes through—get on it!

★ ★ ★

If you have a problem, write to Abigail Van Buren in care of The Pontiac Press. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

JANICE ELAINE WAITE

Mr. and Mrs. Kenneth Waite, of 3585 Lake George Rd., Lake Orion, have announced the engagement of their daughter, Janice Elaine, to Paul B. Easterle, son of the Rolland Easterles, of 319 Oak St., Rochester. The prospective bridegroom is a student at Lawrence Tech. No date has been set for the wedding.

Baldwin Church WSWS Meets With Mrs. Kolb

Mrs. Charles Kolb opened her South Genesee avenue home Tuesday evening to members of Women's Society of World Service of the Baldwin avenue Evangelical United Brethren church.

Mrs. Philip Waldie used "Cross and Crises of Japan" as her topic. Mrs. Lewis Ball, Mrs. Leslie Bell, Mrs. Doulgas Colton, Mrs. Walter Frederickson and Mrs. Earl Linn participated in the program.

Appointed as a nominating committee were Mrs. Myron Everett, chairman; Mrs. Kolb and Mrs. Alfred Bell.

Cohostesses for the meeting were Mrs. George Hollis and Mrs. Linn.

Meeting Conducted by Loyal Philathea

Fifty members and friends of Loyal Philathea Class of First Baptist Church gathered Tuesday evening for a cooperative dinner and meeting. Mrs. Ann Boteman spoke.

Sunshine sisters were revealed and October, November and December birthdays were celebrated.

Esther Court Meets

Mrs. J. C. Norton, royal matron, conducted a recent meeting of Esther Court, Order of the Amaranth, held at Roosevelt Temple.

Squint Not Attractive

Glasses Add Glamor if Carefully Chosen

By ALICIA HART
NEA Beauty Editor

It's a foolish gal who needs eyeglasses and is too vain to wear them. Aside from the damage she is doing to her sight, eyestrain induces fatigue, and she'll soon find herself tired and worn out when the peoople she is with are still bent on a few more hours of evening fun.

★ ★ ★

Nothing is more unattractive than squint lines around the eyes, and they're bound to become a permanent fixture for anyone who needs glasses and won't admit that she does.

It's a particularly silly attitude to take these days, too, for glasses have come into their own. Frames are as feminine and glamorous as you could want them to be.

No one is more in the limelight than Mildred Miller, the lovely young mezzo-soprano of the Metropolitan Opera. Although she doesn't wear glasses onstage, she's interested enough in life, people and store windows to want to see what's going on, and she wears them as a matter of course when she's not performing.

★ ★ ★

Miss Miller is convinced that there's no such thing as an inconspicuous pair of specs, and feels that if there were, they'd be mousy and do nothing for yoju.

Selecting different frames is fun, and glasses can be an exciting addition to any costume. Many of the new frames do double duty. Some, for instance, come with ornamental metal strips attached to the earpieces, wrich can be bent around the head to make almost a complete bandeau. This type is excellent for sunglasses worn for active sports, for it keeps the hair in place.

For dress-up time, you can get a frame that has an adjustable spray of flowers which can serve as an attractive hair ornament.

There are dozens of shapes and sparkling colors to choose from, and they will add a smart note to dress or play wear.

★ ★ ★

If you need to wear glasses, wear them with a flair. You'll be thrilled when that fuzzy, half-seen world you've lived in becomes clear and wonderful to behold.

There's no need to fear they will detract from your appearance. In fact, they'll probably add a dash to your looks that you never had before.

For balmy nights in Florida, Mexico or Bermuda this blue linen creation by Sylvan Rich for Martini is just the ticket. The skirt is pencil slim and the tightly fitted, high-rising waistline is embroidered and meets the chiffon bodice.

Her In-Law Eavesdrops Via Phone

By EMILY POST

"Dear Mrs. Post: After her husband's death, my sister-in-law came to live with my husband and me. We have always been very good friends and that is what makes my problem so difficult. Lately I have discovered that she has been listening in on all my calls on the extension telephone.

"Many of these calls are of a personal nature. I am really very much upset over this and am appealing to you for help. Can you tell me how to handle this very difficult situation without causing a rift?"

Answer: I suggest that you have a switch put on the telephone you habitually use that will make it possible to cut off the extension telephone whenever you wish to.

"Dear Mrs. Post: I'm wearing a long white satin dress and a veil at my forthcoming wedding. As my fiance is not a very tall person — in fact, he is about my height — I would like to wear satin ballet slippers instead of the usual high-heeled ones. I'd appreciate your advice."

Answer: You would make a far better appearance if you wore the ballet slippers or flat heels. This is not a new idea. Countless brides who have felt that they were too tall have done just this.

"Dear Mrs. Post: I've been told that when three people are having a conversation it is very impolite for two of them to discuss someone or something the third one is not familiar with. Is this true? Wouldn't this rather limit conversation?"

Answer: A few comments would be entirely permissible. But for two people to discuss something for any length of time, barring the third person, would certainly be very impolite, without at least an attempt to give some clue to the listener.

Ellen Taylor n Named Head of Keloa Klub

Ellen Taylor has been named president of Keloa Klub.

Elected vice president was Gail Blamy, with Rhoda Goldberg as recording secretary, Linda Gaylord as corresponding secretary and Mary Wood, treasurer.

Other officers include Delores Shea, historian; Carol Esser and Gail Gibson, publicity chairmen, and Judy Noren and Jackie Griffin, sergeants-at-arms.

Talk to be Given by Dr. Wollaeger

Dr. Robert Wollaeger of Oakland County Child Guidance Clinic is scheduled to speak on "Understanding Your Child" when Bethune School PTA meets this evening at 7 o'clock.

He will also show a film entitled "Children's Emotions." Ann Powers, elementary music teacher, will provide entertainment.

Styles Sharper in New Men's Work Clothes

The growing interest in men's clothes has even extended into the realm of workclothes, which used to be the stepchild of the men's wear industry.

Now, a spot survey reveals that more than 70 per cent of men's wear retailers see a growing interest in style in work clothes.

Among the changes noted recently:

Colors are now in evidence. Gone are the pants and shirts that used to be exclusively made in tan or blue.

Now workers want—and get—pants in grays and blacks and browns. Charcoal gray is a big favorite. Shirts are now available in patterns and a wider range of colors.

Fabrics have broadened, too. Twill and corduroy in good quality are now top favorites.

★ ★ ★

To go along with the demand, manufacturers no longer refer to "uniforms," but call them "practical working clothes." The milkmen of one big dairy, for example, have been outfitted in "practical working clothes" of washable gabardine, in shades of blue, gray, green and tan.

Next thing you know, you'll see Ivy Look overalls.

Ores which produce silver almost invariably also have traces of gold.

Pontiac Press Photo

"Wouldn't it be nice if mother won The Pontiac Press Bowlerama Contest?" Holding a copy of The Pontiac Press which contains the entry blank is Sharon Seibert. Looking over her shoulder are (left to right) Gary, Susan, Ronald and Mrs. Kenneth Seibert of Rochester. Mrs. Seibert is one of the feminine entrants in the contest.

Large Scale Sets Trend for Homes

Blue Found Most Popular Color for Furnishings in '58

URBANA, Ill. (INS) — Furnishings for 1958 are leaning toward large scaled, bold geometric shapes with blue leading the color field, a University of Illinois home furnishings specialist says.

To the answer of "why" many people are asking about this trend, Miss Robbie Blakemore points to the contemporary house. Miss Blakemore said it usually has rough textures, both inside and out, and is large both in individual rooms and over-all size.

In 1950, Miss Blakemore pointed out that houses average 983 square feet. Today they are about 1,250 square feet. And although many families like one-story houses, two-story and split-level ones attract many others, the specialist said.

Added together, this means that furnishings can be bolder and larger without detracting from the over all effect, according to Miss Blakemore.

Miss Blakemore added that accessories are following the larger, bolder trend too. Many have bold lines and strong color and patterns in stained glass wall panels or free-standing screens, to mention a few, she said.

The specialist stated that the ever-important color world bows to blue—from subdued navy to airy pastels. This hue claims a place in wallpaper, fabric and floor covering decor.

The Canadian Army freezes its fresh milk in bricks at 45 degrees below zero to ship to its isolated station at Fort Churchill, Manitoba.

Pass up shapeless chemise for the snug fit at bust and hip with ease at waist. The rounded back and barrel-effect are expert cuts you want.

The difference between a chic chemise and a bad one is cut. "No cut"—no relation to the body-shape underneath—is a mistake when figures are curved. Horizontal seams, vertical darts and half-belts, make the chemise chic.

Cleanliness Is Vital in Caring for Baby

Cleanliness is possibly the most vital responsibility of a baby-sitter — because babies have practically no resistance to infection.

Fvery sitter should make it a firm rule to lather and rinse hands before preparing or serving baby's food, and also before touching baby or anything with which he comes in contact.

When a man says he's nursing a grouch, it might mean his wife's sick . . . Our pioneer forefathers worried much less than we do, but after all, all they had to fear was being scalped by Indians or starving to death. — Earl Wilson.

City Toastmistress Club Plans Speech Contests

Pontiac Toastmistress Club met Tuesday evening at Hotel Waldron with Mrs. Ivan Wilcox, president, presiding.

★ ★ ★

Mrs. Clayton Rule gave the invocation, and the table topic event was conducted by Mrs. Robert Bunce. In the business meeting, plans for the annual spring speech contests were discussed.

Mrs. Evelyn Cole introduced the program with the themes "The Well-Dressed Woman" and "Hyacinths for Thy Soul."

Lauretta Paul spoke on "Dressing on a Budget," Mrs. Sidney Olson talked on "Accessories," and "The Art of Makeup" was discussed by Mrs. Howard Wheatley. Mrs. Eugene Miller, Mrs. Wayne Reaves and Helen Lapisch gave criticisms and evaluations.

Mrs. George Gaches presented a feature on deportment, posture and appearance which add to speaking ability.

Mrs. Louis Davidson acted as grammarian and Mrs. G. Charles Stafford was chief evaluator. Gertrude Foley closed the meeting.

Damp Socks Are Invitition to Illness

Wearing slightly damp socks is a sure-fire way to court a cold. When your socks dry on your feet. Remove happen to get wet, don't let them immediately, and wash in lukewarm soap or detergent suds. That way, your socks will last longer — and so will your health!

Choose Lipstick to Highlight Clothes

Choose your lipsticks to highlight your wardrobe. If you wear bright colors in clothing, be a little more conservative with your lipstick shades.

Neutral shades and black and white call for brighter lipsticks.

Many Women Competing in The Press Bowlerama

Entries for the second annual Pontiac Press Bowlerama are pouring in, promising much stiff competition for all participants. Many of these entrants are distaff side bowlers.

★ ★ ★

Mrs. Kenneth Seibert of Rochester is just one of the women entered in the contest. Let's take a look at her record.

Bowling since 1947, Mrs. Seibert has a 170 average with Colonial Bowlerettes League (Utica) and a 163 average with Tuesday Strikettes. Generally she bowls two nights a week, and occasionally gets out for a third night.

Since she has five children, Mrs Seibert naturally must find a baby-sitter when she bowls. This problem is solved easily in a family such as the Seiberts, where the man of the house doesn't bowl. As a matter of fact, Mr. Seibert prefers golf!

★ ★ ★

Among the many trophies Mrs Seibert claims to her credit are one league championship, three high series trophies, several high game awards and two "600" series trophies.

With bowlers such as Mrs. Kenneth Seibert in the contest, The Pontiac Press Bowlerama promises to be filled with action and suspense.

Portable Washer Is Developed

By INTERNATIONAL NEWS

Now there is a portable washer that you can take along on trips.

The tubless washer, introduced by a Grand Rapids firm, is light enough to carry in one hand and powerful enough to wash four pounds of clothes in minutes in any tub or sink.

The portable washer is 14 inches high, weighs nine pounds and can be put away on a shelf. It looks more like an electric blender than a washing machine since it is tubless.

It operates on electricity and for it you need use only a scant teaspoon of low-sudsing detergent per load.

PRODUCER'S SON WEDS ACTRESS — Actress Lili Gentle and Richard Zanuck, son of movie producer Darryl F. Zanuck, are all smiles as they leave the Chapel of First Methodist Church in Santa Monica, Calif., after their marriage. The bride, who is 17 and a native of Birmingham, Ala., and her husband, who is 23, will honeymoon in Acapulco, Mexico.

Teamster Rival Challenges Vote

Hoffa Pal Misses Upset by 5 Votes; 7 Contested Would Reverse Result

ST. LOUIS (AP) — An insurgent faction of St. Louis Teamsters came within five votes last night of batting down Harold J. Gibbons, a vice president-elect of the international union and right-hand man of James R. Hoffa.

Rivals contended seven of his votes were phoney and said they would seek to upset the outcome in the courts.

★ ★ ★

The contest came in an election of officers for Teamsters Joint Council 13, made up of 21 locals embracing about 41,000 members in the St. Louis area. Insurgents won two of the four offices at stake.

Gibbons was a candidate for president of the council, a job he has held by appointment of the international since it put the St. Louis unit into trusteeship in 1953. It was his first test of strength among the rank and file.

★ ★ ★

Each of the 21 locals had seven votes and when the secret ballots were counted Gibbons had a 76-71 edge over Elmer Gene Walla, president of Local 682.

Walla immediately challenged the seven votes cast by Local 447, made up of carnival workers. He contended the local was not entitled to vote because it had not paid its per capita dues to the council until after nominations for the council offices were made.

★ ★ ★

The carnival workers local itself is in trusteeship and Hoffa is the trustee. Gibbons had ruled beforehand its ballots would not be counted unless they changed the outcome of the election.

"I will go into court to set this election aside," Walla declared.

"We had a free and fair election and demonstrated the democratic character of our organization," said Gibbons.

Gibbons was named an international vice president at the same time Hoffa was elected to succeed Dave Beck as president.

Cricket (the game) season in Trinidad, southernmost of the British West Indies, is from January to June.

Well Cooked Tripe Is Elegant

TRY TRIPE — What's your tripe IQ? Tripe is a favorite meat dish with French housewives. Less known to American cooks, it is a highly nutritive variety beef meat which can be made elegant with a good sauce. It makes a delicious casserole dish served with rice or potatoes.

Have you tried tripe? You can learn the secret how to prepare this thirfty meat dish with a touch of old world glamour from the French. A favorite with French housewives, it's easy to cook, but you do need to learn a few simple rules on how to prepare and serve this variety meat.

It's a highly nutritive meaf from beef animals. Like all meat, it contributes high quality complete protein, B vitamins and essential minerals in the diet.

So ask your meat man for tripe, learn to cook it properly, and make a good sauce with these easy-to-prepare recipes. You'll be glad you took this new step in meat cookery.

How to Prepare Tripe

Meat recipes call for pre-cooked tripe. To pre-cook tripe, first wash well in cold water. Put into large saucepan; cover with cold water. Simmer until tender, about 2 to 3 hours. Drain well.

PIQUANT COOKED TRIPE: Simmer tripe in sweet cider instead of water for a particularly appetizing flavor.

SPICY COOKED TRIPE: To the water in which tripe is simmered, add 1 chopped onion, 1 small bay leaf, 1 whole clove, ½ small bay gar and 1 tablespoon salt.

Tripe and Tomato Casserole

1 medium onion, sliced
1 green pepper, cut in strips
4 tablespoons meat drippings
1 teaspoon Worcestershire sauce
1 teaspoon salt
⅛ teaspoon paprika
2 tablespoons flour
1 can (1 pound) tomatoes
1 pound pre-cooked tripe (see above directions)

Cook onion and green pepper in meat drippings until tender, but not brown; add Worcestershire sauce, salt and paprika. Blend in flour. Drain liquid from tomatoes, keeping pieces of tomato as unbroken as possible. Add enough water to tomato liquid to make 1½ cups. Gradually add tomato liquid to mixture in pan; cook, stirring until thickened. cut tripe in serving pieces arrange in casserole. Arrange tomatoes around tripe; cover with sauce. Bake in moderate oven (350 degrees) 30 minutes.

Yield: 4 servings.

Hard Water Can Affect Taste of Your Coffee

When coffee takes an off-taste, most homeowners think a switch in blends is in order. This entirely natural reaction is not necessarily logical the Plumbing-Heating-Cooling Information Bureau maintains.

That is, changing from one blend to another won't help matters much if the cause goes deeper than that—if the water supply, for example, is to blame.

This is frequently the case when hard water is used to brew coffee, the Bureau observes. Here's what happens. As water reaches the boiling point, hard water minerals precipitate as scale on the inside of the coffee pot.

The scale, practically impossible to remove with ordinary cleaning methods, literally "soaks up" coffee oils every time coffee is brewed. The oils get rancid and coffee flavor ultimately suffers. Soft water for coffee making will correct this difficulty.

Another place where soft water is needed in the kitchen—for cooking vegetables like peas and green beans. Peas get wrinkled, beans get rubbery when simmered in hard water. That's because they're natural water softeners, absorbing mineral hardness as they cook. If you want green vegetables to retain their garden-fresh look, always cook them in soft water.

Ever use canned salmon instead of clams in a chowder? Good!

New Dip-of-Month Calls for Ale or Beer

Homemakers searching for a "hot" dip or sauce to serve on wintery nights will find the January Chip Dip of the Month — a Gay Nineties Chip Dip — ideal for all occasions.

Made with American Cheese and musty ale or beer, this dip has a tangy flavor that is sure to please the guests.

"To each pound of soft American Cheese add a teaspoonful of Worcestershire sauce, six tablespoons of musty ale or beer, a saltspoonful of salt, a dash of red pepper, a saltspoonful of white pepper, a teaspoonful of horse-radish and one clove of garlic.

"Chop or grate the cheese. Rub the pan or chafing dish with the garlic. Mix all seasoning with the cheese. Put the ale or beer into the saucepan; as soon as it is hot and boiling, add the cheese and stir constantly and continuously until smooth and creamy. Toward the last, beat rapidly. Turn it into a very hot bowl and serve at once on a hot platter surrounded by crisp potato chips."

Tenderize Round Steak to Make Stroganoff

Economical round steak makes a richly delicious Beef Stroganoff. Have bottom round cut in thin strips; sprinkle meat tenderizer evenly on both sides and let stand at room temperature about 20 minutes! then use in your favorite Beef Stroganoff recipe.

Dazzle your guests by cooking the Stroganoff right at the table in an electric skillet. Serve the beef over beds of white rice with a tossed salad and a very haute cuisine dessert of pears in port wine.

Sanitize for PROTECTION

During the "cold" season, it's important to disinfect children's hankies, towels, undergarments. Use Roman Bleach, triple-action bleach which makes clothes *sanitary* as it whitens them. You get extra health-protecting benefits when you use Roman Bleach.

ROMAN BLEACH IS A DISINFECTANT

Pork and Egg Prices at Reasonable Levels

Food prices continue to be about the same as a week ago with the exception of special features in meats and slight increases on some produce items in short supply.

MEAT BUYS

This is the season of good pork supplies, so it will pay to check pork cuts each week suggests the MSU Marketing Information Agent, Mrs. Josephine Lawyer.

Although wholesale prices on pork loins are up 5 to 7 cents over a week ago, you will find retail prices on loin roasts and chops very reasonable.

Compared to prices of many other meat cuts, fresh or smoked ham and smoked picnics rate favorably. If you choose a fresh pork roast, be sure to cook it at 350 degrees until well done. The meat should be a dull gray color throughout. If you use a meat thermometer it should register 185 degrees. Smoked pork is baked at 300 degrees according to the instructions given on the label.

Whether your favorite bacon is thin or thick sliced or Canadian style, you may find it among the featured cuts this week.

Retail checks show beef prices to be much like last week with the exception of specials. Sales on sirloin and porterhouse steaks may tempt you to add a few to the freezer for summer cook-outs. Values in round steak may suggest a winter favorite of Swiss steak or stroganoff.

Remember that big 1957 turkey crop? There is still plenty to enjoy in 1958. The large sizes weighing over 18 pounds are the thrifty choices now at 37 to 43 cents a pound.

EGGS

You may find eggs a few cents less than last week. Large sizes, which are most abundant, are generally 49 to 57 cents per dozen.

Eggs are graded for quality and freshness by "candling." Held before a light the candler can see the size of the air cell, the condition of the yolk and white and any internal defects. The grade gets lower as the egg gets older, but more important than time is storage temperature. Eggs stored at room temperature will lose as much quality in three days as they would lose in two weeks in the refrigerator.

PRODUCE

The produce situation is quite different from last year at this time. Florida suffered severe cold in December and again in January.

Latest estimates are that 30 to 50 per cent of the Florida citrus has been damaged. Shipments are light and quality is rated generally fair. California oranges are of exceptionally good quality.

Choose oranges and grapefruit that are firm, heavy for size and free from mold and soft spots. Unless you follow these buying cues, you may find that citrus will have some dry cells. This happens many times following cold weather damage.

Apples are a wise fruit choice. Naturally you pay more for the larger size apples, but from the standpoint of quality and flavor the smaller sizes are just as good. Michigan's apples show fewer bruises and less browning than those shipped in.

Health - wise and price - wise potatoes top the vegetable list. Cost per serving is low at 1 to 3 cents. A cool dark place where the temperature is 45 to 50 degrees is best for keeping potatoes. Light causes greening of the skin and the flesh under the skin. Any green areas are harmful to eat.

Supplies of lettuce, broccoli and spinach arriving from the west and southwest are ample. Green beans, peppers, cucumber and tomatoes continue in light supply.

Forty-six-ounce cans of tomato juice are thrifty buys in Vitamin C. There are large supplies of canned peas and corn; you will find prices low.

Save Calories With Fish Broil

Most everyone is interested these days in low-calorie foods. Doctors are warning us about obesity—and besides all of us, male and female alike, want trim figures. Fillets of lean fish prepared in the appetizing ways described below are the ideal answer to diet problems, because fish are remarkably high in animal protein, and low in calories if not accompanied by rich sauces.

Low-Calorie Fish Broil

Select a lean fish such as flounder (171 calories per pound), haddock, halibut, ocean perch or red snapper. If in doubt about which fish are lean and which are fat, ask the fish dealer; he will be able to tell you. Have the fish cut thin if it isn't already cut. A serving is a serving, thick or thin; you'll never miss that extra little bit.

★ ★ ★

The pan in which the fish is broiled need not be greased (a calorie saved); the moisture from the fish keeps it from sticking. Preheat broiler pan and arrange fish in hot pan. Cover with any of the following low-calorie toppings and broil 2 to 3 inches from the source of heat—4 minutes if fish is thin; 8 minutes, turning once, if fish is thicker than flounder, for example. Fish is done when it flakes easily when tested with a fork.

The toppings given below are created to give flavor and appetite appeal to the fish by adding the fewest calories possible. Ordinarily the browned and colorful appetizing color is achieved with tons of butter and paprike. Not an ounce of butter, margarine or shortening is used here.

1. Brush with a thin layer of Worcestershire sauce, sprinkle with paprika.
2. Cover during last three minutes of cooking with a mixture of minced cucumber, pimiento, onion and salt and pepper.
3. Sprinkle during last three minutes of cooking with fish herb mixture (or your own favorite combination) and a little grated fresh carrot for color.
4. Spread with a thin layer of catsup or chili sauce (fewer calories than butter).

Quick Baked Supper Dish

When minutes matter, you'll welcome this recipe for Pineapple Sausage Bake: Brown one pound link sausage and place in an even layer in a baking dish. Arrange 1 cup drained pineapple tidbits over sausage and top with 2 cups of sauerkraut. Bake in moderately hot oven (375 degrees) for 30 minutes. Serves 4.

Light-colored corn syrup is somewhat sweeter than dark-colored corn syrup.

Spices Better Carrots

Cut fresh carrots into thin stripes and cook in small amount of boiling water until just crisp-tender. Season to taste with butter or margarine, salt, ground black pepper and ground cinnamon.

Fruit and Honey Dessert Is Good

Bountiful Betty, a delicious dessert, is truly a modern version of those time-honored symbols of bounty—milk, honey and grain. The new twist is, of course, the 15-minute preparation to give you a bounty of time, and that modern cereal—the bite-size shredded rice biscuit—to give you a bounty of flavor.

★ ★ ★

At the end of a difficult day spent battling with rubbers, galoshes, umbrellas or snowsuits, there's no need to worry about shopping for dessert or the makings of a dessert. Your cupboard and refrigerator will provide all the ingredients for Bountiful Betty, and the family, once they get a whiff of its spicy fragrance, will provide the appetites and the compliments. This will be one of those "Gee Mom, let's-have-this-again" favorites of your family.

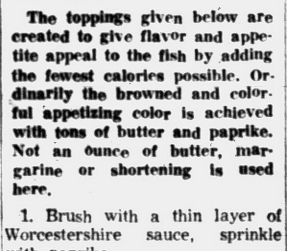

Bountiful Betty

¼ cup butter or margarine
½ teaspoon cinnamon
¼ teaspoon ginger
2½ cups bite-size shredded rice biscuits
2 cups canned pears, cubed
1 tablespoon lemon juice
1 teaspoon lemon rind
⅓ cup honey

Melt butter in skillet. Add spice and cereal. Heat and stir for about 5 minutes. Set aside a half cup cereal for later use. Add fruit, lemon juice and lemon rind to the two cups of cereal. Heat through, about 3 minutes. Add honey. Heat and stir until thick, about 6 to 10 minutes.

Top with remaining shredded rice biscuits. Serve warm or cold with cream or milk. Serves 6.

Cereal Base for Eggs

Eating breakfast should be serious business and not something to forget with a gulp of coffee. According to the latest breakfast studies, the people who omit breakfast or drink just a cup of coffee have a much lower efficiency rate in the latter part of the morning.

For an original twist to cereal and eggs, serve one on top of the other. The shredded wheat biscuits are dipped in milk and baked for a short time. Meanwhile, the eggs are scrambled and served on top of the biscuits. If it is a Saturday or Sunday breakfast, you may want to bake tomato slices, too.

Scrambled Eggs in Biscuits

4 shredded wheat biscuits
½ cup milk
¼ cup butter or margarine
2 eggs
½ teaspoon salt
⅛ teaspoon pepper
½ cup cooked ham, cut in pieces

Start oven 400 degrees. Lightly grease a baking sheet. Melt 2 tablespoons butter. Place milk in medium-size bowl. Quickly dip shredded wheat biscuits in milk. Do not soak biscuits. Drain. Place on baking sheet. Gently press in centers, leaving about ¼ inch around side. Brush with melted butter. Bake 10 minutes.

Strain milk left from dipping and add enough more milk to make ½ cup. Beat eggs until bubbly. Stir in milk, salt, pepper and ham. Melt remaining 2 tablespoons butter in skillet. Add eggs and cook over low heat, stirring constantly, until eggs are gently scrambled.

Remove shredded wheat from oven and spoon scrambled eggs on top of each biscuit. Makes 4 servings.

Good Use for Dry Milk

No need to heat milk for mashed potatoes if you have dry milk powder on hand. Save the hot potato water when you drain the potatoes. Shake the saucepan containing the potatoes over a gas flame to dry out extra moisture. Add the dry milk powder, a lump of butter or margarine and some of the hot potato water and beat until very light and fluffy. Serve in a preheated bowl and garnish with butter and freshly ground pepper.

Cereal Crunch Good for TV Nibbling

Do you like to nibble on snacks during the day . . . or while you're watching TV?

If you're a "nibbler," you'll find you just can't stop munching on this luscious sweet and crunchy cereal snack. It's made with a couple of items you'll have on hand — brown sugar and butter.

Cheerios Crunch

½ cup butter or margarine
½ cup brown sugar (packed)
4 cups Cheerios

Melt butter in saucepan; blend in brown sugar. Cook until thick and smooth, stirring constantly. Blend in Cheerios. Cook and stir a few minutes over low heat until Cheerios are coated. Spread in thin layer on baking sheet. Crumble when cool and serve as snack.

Variation: Use 1 cup nuts for 1 cup of Cheerios.

Everyone Needs Milk

It's very difficult to get enough calcium in your diet without milk, say nutritionists at Michigan State University. To insure your daily calcium supply serve adults in your family three cups of milk or two cups and one to two ounces of cheese. Children need three to six cups milk daily.

Thin condensed cream of celery soup with a little milk and add a generous amount of finely diced pimiento. Heat and serve as a sauce for poultry or fish.

Michigan Laws Protect Your Butter Supply

Ever hear the tongue twister "Betty Botter bought some butter to make her batter better?" That is why good cooks use butter, to make good foods better.

Michigan's Department of Agriculture enforces butter laws which protect you as a consumer. All butter must be graded whether it is manufactured in or out of Michigan. There are three butter grades, relates the MSU Marketing Information Agent, Mrs. Josephine Lawyer.

Top grade butter is labeled U.S.D.A. Grade AA. This butter will score 93 and has the most delicate sweet flavor. U.S.D.A. Grade A is 92 score and not quite so delicate in flavor. U.S.D.A. grade B butter is 90 score. Any butter below a 90 score must be labeled "undergrade."

Experts inspect butter and you choose it for its flavor. Good butter makes good food even better.

It Still Must Be Cooked

At the meat counter you may see ham labeled "ready-to-eat." A better term would be "ready-to-cook." These hams are safe to eat, but the meat is not completely cooked, say Michigan State University meat specialists. However, when the label says "fully cooked," the meat is just that — fully cooked.

This Salad Dressing Highly Seasoned

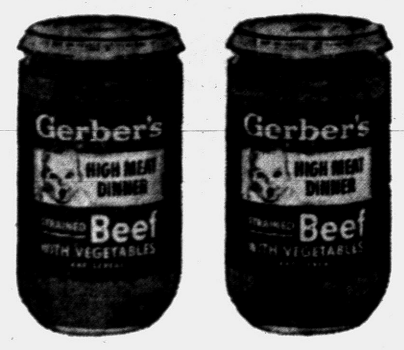

This French dressing emulsifies well.

Creole Dressing

1 clove garlic
1 teaspoon salt
1 teaspoon sugar
1 teaspoon celery salt
1 teaspoon paprika
1 teaspoon prepared mustard
1 teaspoon Worcestershire sauce
½ teaspoon pepper
Tabasco sauce
¼ cup white wine vinegar
1 cup salad oil

Peel garlic, cut in half and smash slightly; put in a jar with salt, sugar, celery salt, paprika, prepared mustard, Worcestershire sauce, pepper, a few drops of tabasco sauce, vinegar and oil. Cover tightly and shake thoroughly.

Krogering
(The happy way to shop)

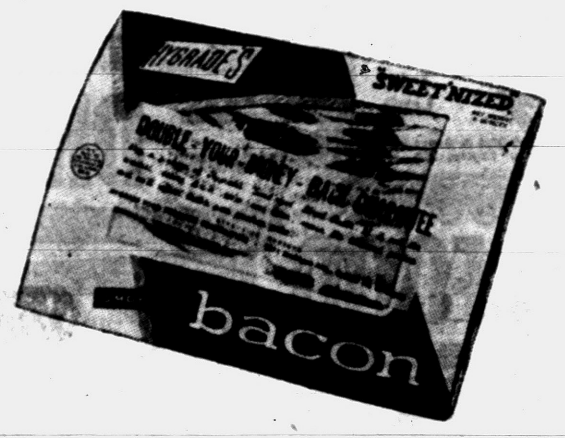

Maybe they couldn't tell you to the day when they first stepped in to a Kroger store years ago. But they can tell you what they found.

They found the people at Kroger made their shopping, easy, pleasant, friendly. The years have brought a lot of exciting and progressive changes in Krogering—bigger stores, the newest in shopping convenience, and even greater Kroger values to let you buy more and still go home with savings jingling in your pocketbook. But one thing hasn't changed—the friendliness at Kroger and the spirit of service. That is Krogering—the happy way to shop.

Orange Bread Includes Honey

Homemade hot breads, fresh from the oven, spell out a perfect little repast. And this delectable Honey Orange Bread is certain to have real taste appeal for the whole family.

Made with nutty-flavored whole bran cereal and honey, and tanged with fresh orange, it is simply prepared and bakes up into a nice moist and tender loaf. Serve it at breakfast or tea-time spread with lots of honey—and also, see how the youngsters will go for its after school!

Honey Orange Bread

2 tablespoons shortening
1 cup honey
1 egg
1½ tablespoons grated orange rind
1 cup whole bran cereal
2½ cups sifted flour
2½ teaspoons baking powder
½ teaspoon soda
½ teaspoon salt
¾ cup orange juice

Blend shortening and honey; add egg and orange rind and beat well. Sift together flour, baking powder, soda and salt and stir into first mixture alternately with orange juice. Stir in All-Bran. Pour into greased loaf pan and bake in slow oven (325 degrees) for 1 hour and 10 minutes. Yield: 1 loaf (5¼ x 9½ inch pan).

Chocolate Milk Served Hot With Special Garnish

When the weather outside is cold and frosty, it's a good idea to make sure it's warm and cozy inside. One easy way to do this is to set out some pretty mugs filled with a piping hot chocolate milk drink. Either heat the chocolate milk as it comes from bottle or container, or give it a slightly different twist by adding a few simple ingredients. Either way, serve hot chocolate milk with cookies for a delightfully pleasant and warming effect.

Hot Chocolate Milk with Orange Cream

1 quart bottled or cartoned chocolate milk
1 teaspoon orange extract
1 cup heavy cream, whipped

Combine chocolate milk and orange extract. Heat to serving temperature over low heat. Fold in cream.

★ ★ ★

Red Cinnamon Chocolate Milk Punch

4 eggs, separated
1 quart bottled or cartooned chocolate milk
¼ cup red cinnamon candies
½ cup sugar
Red cinnamon candies

Beat egg yolks; add chocolate milk and ¾ cup candies and mix well. Pour into bakingware bowl. Beat egg whites until foamy. Gradually add sugar, 1 tablespoon at a time, beating constantly until stiff and glossy. Top chocolate milk mixture with egg mixture. Sprinkle with candies. Bake in very hot oven (450 degrees) 5 minutes, or until egg whites are lightly browned.

Neopolitan Tempter

Split devil's food cake sandwiches from your grocer's ready-to-eat cake department in half through middle of frosting layer. Place each half on serving plate and top cake with fresh or defrosted sweetened strawberries and top with whipped cream or softened vanilla ice cream.

Welsh Rabbit Holds Ageless Popularity

For a tasty, warming supper on a chilly evening, you can hardly improve on Welsh rabbit. And it's thrifty, too, for few foods give you more nourishment per penny than cheese. In this case, "cheese" means American cheddar, the most common type. It's plentiful the year 'round, along with most other dairy products.

★ ★ ★

Although the Department of Agriculture home economists don't specify as to sharpness, many Welsh rabbit enthusiasts feel that the sharper the cheese, the better the rabbit. But if you prefer mild cheese, then that's the kind to use in your Welsh rabbit.

★ ★ ★

Melt 4 tablespoons of fat and blend in an equal amount of flour. Add 2 cups milk and a little salt. Heat and stir until thickened. Add 2 cups of cheese, shaved thin, and beat until the cheese melts. Add 2 beaten eggs. Cook only 2 or 3 minutes longer, and serve hot over toast or crackers.

To make a "Tomato Welsh Rabbit," substitute a pint of canned tomatoes for the milk.

Prunes Add Flavor to Ordinary Pot Roast

Use dried prunes, soaked overnight to restore plumpness, with breakfast cereal, or served alone, for breakfast or any other meal. Or use prunes to provide freshness and flavor to other dishes. For instance, have you tried prunes with beef pot roast?

★ ★ ★

For an ordinary size pot roast, you'll need a half to three quarters of a pound of dried prunes. Brown the roast on all sides. Add the prunes plus about a pint of prune juice, and cook until meat is tender.

SHRIMP-FILLED GRAPEFRUIT—A novel way to serve shrimp as a cocktail is to use grapefruit halves instead of dishes. Every other segment of grapefruit is removed and is replaced with shrimp. A simple vinegar dressing is added.

Grapefruit Holds Shrimp

"The once-lowly shrimp has secured an exalted place on American menus, and it's gaining all the time." In this way the president of the Shrimp Association of the Americas described the popularity of shrimp.

Perhaps one reason for the popularity of shrimp is that it combines so well with other foods—rice, spaghetti, toast, other fish, chicken and ham, vegetables and fruits. In fact, it's unusually taste tempting with citrus fruits, such as this combination.

Shrimp-Filled Grapefruit

Plan on half a grapefruit and six cleaned cooked shrimp for every serving. If you can get the pink grapefruit, so much the better. But the regular grapefruit will make a pretty dish, too.

Halve the grapefruit and remove the seeds. Carefully loosen the segments with a sharp knife. Then take out every other segment. In each empty segment, place a shrimp, with the tail end sticking up toward the center. Chill.

Pour Vinaigrette dressing (recipe below) over the grapefruit just before serving. Garnish with watercress, curly endive or other leafy greens.

Vinaigrette Dressing

Mix two parts of oil with one part of vinegar (herb or wine vinegar if you have it). Season to taste with salt and pepper. Add dry mustard, if desired. Shake the dressing well before serving.

Dress Up Low Cost Meal With Spiced Peaches

Like the tinsel and ribbon on a glamorous package, a pretty garnish will give "sales appeal" to a low-cost meal. Spicy peach halves go well with pork butt, ham, and left-over lamb dishes.

Drain the syrup from a No. 2½ can of cling peach halves. Add 2 tablespoons of vinegar, a teaspoon of whole cloves and about 3 inches of stick cinnamon to the syrup and place it over high heat for about five minutes. When it has boiled a few minutes, add the peach halves and turn the heat down. Cook about five minutes on low heat, then cool.

Meat - tenderizing salt may be used on venison steak to advantage. When you broil or pan-fry this steak, remember that it should be served rare.

Savannah Cookbook Plays Up Local Food

By JANET ODELL
Pontiac Press Home Editor

When we go traveling, we don't buy many souvenirs. Goodness knows, our house is cluttered up enough now. But I always look for cookbooks, preferably regional ones, to add to my collection.

I was disappointed not to find a Florida cookbook. Maybe I wasn't there long enough or didn't look in the right places. As we headed north, I was bemoaning the fact that I didn't have a new recipe book.

* * *

Then we stopped in Savannah to visit the birthplace of Juliette Low, founder of the Girl Scouts. There, in the little gift shop in connection with the Low house I found my cookbook. It is a local one, The Savannah Cook Book by Harriet Ross Colquitt. It is subtitled "A Collection of Old Fashioned Receipts from Colonial Kitchens."

The author has made no attempt to make this a general cookbook. She has tried rather to concentrate on dishes peculiar to the locality. This includes a great many shrimp, crab and rice dishes.

This first recipe combines the seafood with rice:

Shrimp and Rice Croquettes

1 cup rice
2 eggs
1 tablespoon butter
2 quarts shrimp

Cook rice and add butter while hot, then eggs, slightly beaten, and the finely minced shrimp. Season with salt and pepper. Roll into rounds or cones, dip in bread crumbs and egg and fry in deep hot fat.

* * *

How about a southern version of canned corn?

Corn Creole

1 cup canned corn
1 cup well seasoned tomato sauce
1 red or green pepper, cut up

Stew all together a few minutes and serve on toast. This is a simple and savory luncheon dish.

* * *

This first dessert recipe has the intriguing title of Moonshine!

Beat the whites of 6 eggs with two cups of sugar until very stiff. Fold in a heaping tablespoon of preserved fruit or jelly. Set on ice to chill thoroughly and serve with cream.

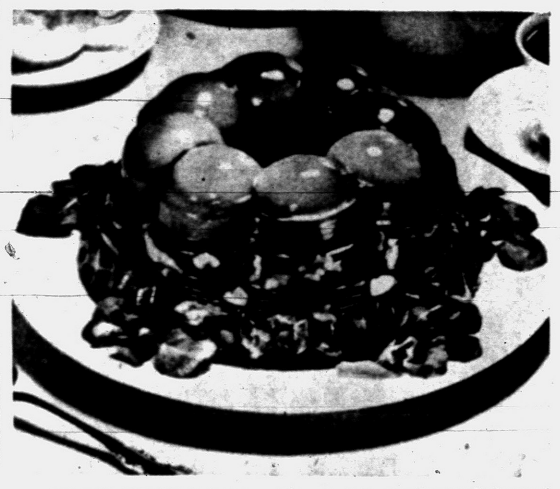

Here is a recipe for a white cake that the author says has been used since 1880. Note that no baking temperatures are given. My cookbook at the office says 375 degrees for 25 minutes).

Governor Northern's White Cake

8 egg whites
1 cup sweet milk
1 cup white butter
2 cups sugar
2 tablespoons baking powder
2 cups sifted flour
1 cup cornstarch

Cream the butter and sugar. Add the milk, then the flour sifted with baking powder. Add cornstarch.

Beat egg whites stiff and add to first mixture. Bake in layer pans. Put together with white icing.

SPICED PEACH SALAD — Spiced cling peaches and chopped walnuts molded in black cherry-flavored gelatin make a flavorsome and colorful luncheon salad for cold winter days. With a casserole dish, rolls and dessert, you have the makings of a good family meal.

Mold Spiced Peaches in Black Cherry Gelatine

Fruit-flavored gelatin and cling peaches have long been a favorite salad combination. Here is a new twist to this popular treat which features spiced canned cling peach halves and chopped walnuts molded in black cherry-flavored gelatin.

This handsome mold is easy to prepare, so you'll enjoy serving it this winter as an ideal luncheon salad. It's also a tasty side salad with roast beef or lamb. You'll find that menfolk, too, will like its full-bodied black cherry flavor and the touch of spice.

Spiced Peach Salad

1 can (1 lb. 12 oz.) cling peach halves, and juice
¼ cup brown sugar
1½ tablespoons pickling spice
1 package black cherry-flavored gelatin
1 cup hot water
½ cup cold water
¼ cup chopped walnuts

Place peaches with juice, sugar, and spices in a saucepan. Bring to a boil and simmer 5 minutes. Remove from heat and allow to stand 30 to 60 minutes. Drain peaches, reserving juice.

Dissolve black cherry-flavored gelatin in hot water. Add cold water and ½ cup of the spiced peach juice. Chill until slightly thickened. Fold in nuts.

Arrange peaches in a 1-quart ring mold. Spoon gelatin over peaches in mold. Chill until firm. Unmold. Garnish with watercress, if desired. Makes 6 or 7 servings.

Glazed Carrots Indiana

Cook 18 small whole carrots in a deep skillet in 1-inch boiling stock or consomme until just tender. Drain. Add 2 tablespoons butter or margarine, ¼ cup honey, 1 teaspoon salt, 1 teaspoon ground allspice, ½ teaspoon powdered dry mustard and ⅛ teaspoon ground black pepper. Shake over low heat until all are evenly glazed. Serves six.

A light-colored honey is usually milder in flavor than a dark-colored one.

Little Pigs Get Leaner to Suit Consumers

This year's little pig is like any other pig before him except that he is getting leaner, says the MSU Marketing Information Agent, Mrs. Josephine Lawyer.

Approximately ¼ to one third of the hogs sold for retail use are "lean" or "meat type." Supplies of meat type hogs are still not large enough to warrant retail merchandising of lean pork, but some packers now specify "meat type hogs" when they buy.

Because more consumers want lean pork, more farmers are growing it. If the trend continues you can expect more lean pigs in the market in the years ahead.

Decaffeinated coffee comes in ground form in vacuum-packed cans and also in instant form in glass jars.

Check Temperatures for Frozen Foods

It's zero storage that makes possible June-flavored peas that we enjoy in January—July-flavored cherries that go into our February cherry pies—gourmet dishes from every country and region prepared by expert chefs for us to heat and serve proudly in our own homes.

The frozen-in fresh flavors and textures or just-made deliciousness are maintained when frozen foods are kept at this designated temperature of zero degrees, it was recently proved by research of the United States Department of Agriculture. Studies were made on many different frozen foods stored under a variety of conditions. Fresh colors, flavors and nutritive values continue at a high peak at the zero temperature—decline at higher temperatures at a rate that speeds up as temperature increases.

★ ★ ★

If you are a homemaker who stores frozen foods for a week or more at home—and most homemakers do cut down on frequency of shopping trips by buying frozen foods—a refrigerator and freezer thermometer is a good idea. With it, you can make sure you are going to enjoy your frozen foods at their best.

You can know whether you may be one who should store frozen foods for only a few days—or whether you can keep them for months if you wish and expect to enjoy them at their best. It will help you find out whether your refrigerator-freezer should be adjusted to a lower temperature. Knowing the temperature of your stored frozen foods is part of wise buying.

Upon reading the thermometer—if you find your freezer or frozen food compartment registers zero or below constantly, you are keeping all of the frozen-in quality of your frozen foods. And you may store your frozen foods for weeks or months if you wish.

If the thermometer shows your refrigerator-freezer temperature cannot be brought down below 10 or 15 degrees consistently, you are one who should buy your frozen foods twice a week. And at temperatures higher still, you should buy your frozen foods as you use them.

Sherry Pineapple Cream

Crushed pineapple becomes glamorous when flavored with fine Spanish sherry. An easy dessert, quickly put together, is this Pineapple Cream: for each serving, combine ½ cup thoroughly drained crushed pineapple with a tablespoon of sour cream and a tablespoon of Spanish sherry, an olorso type. Serve chilled, accompanied by glasses of oloroso sherry.

Dressing Balls Surround Pork

Next time you're shopping, get a package of corn meal and at the same time get a nice pork loin roast. Have the butcher cut off the back bone, to make it easier to carve.

Make some corn bread, and then corn bread dressing out of your corn meal, and shape it into balls. Put the roast in the oven and set the temperature control at 350. Allow about 30 minutes to the pound.

About half an hour before the pork roast is done, place the balls of dressing around the roast. Baste them with pork drippings two or three times while they bake.

To make the corn bread dressing, combine equal portions of crumbled corn bread and cubes of white bread. Add chopped celery and onion. Moisten with meat stock and beaten eggs. Season with salt, pepper and sage. About a half cup makes one ball of dressing.

Serve with your favorite salad and with peas, and you've a wonderful remedy to offset a cold winter evening.

Squabs, weighing ¾ to 1 pound, can be found in fine meat markets. They may be stuffed and roasted in a moderate oven for about an hour. Baste the birds with melted butter during the cooking period.

Brilliant Red Seeds of Pomegranate Eaten

We all know an apple when we see it, but what about a pomegranate? Pomegranates are about the size of apples, and they are on some fruit counters now. Their smooth leathery rind ranges in color from brownish-yellow to brilliant red. The top of the fruit has a small crown of petal-like projections.

It is the pomegranate seeds you eat. Peel the skin back, and take only those seeds you want for garnishing. Wrap the remainder in moisture, vapor-proof wrap and store it in the refrigerator until the next time you want a few seeds. It will keep for several weeks says the MSU Marketing Information Agent, Mrs. Josephine Lawyer. Take care when peeling and removing seeds from pomegranates. The juice stains both fingers and clothes.

Artichokes and Shrimp Make Unusual Salad

A gourmet's delight is Artichoke Shrimp Salad. Canned artichoke hearts and canned shrimp make it possible for this salad to be prepared with ease. Pour French dressing over drained artichoke hearts; chill.

Combine chopped celery, onion and green pepper. Add shrimp and moisten with a dressing of mayonnaise and catsup. Season with salt and pepper to taste. Serve chilled in lettuce cups and garnish with the artichoke hearts.

OLD FASHIONED FARE—Some cold Sunday soon, why not set up your table with maple-sweetened goodies, for the hearty kind of breakfast our New England forbears enjoyed.

Maple Syrup in Foods Gives Old Time Flavor

Brisk temperatures stir up hearty appetites — so now's the time to plan a hearty weekend brunch. It would be fun to make it a "regional" meal and include some of the foods that are characteristic of old-fashioned New England — baked beans, donuts, hot cereal, even pie if you wish!

And — as in the "good old days" feature maple as the principal "sweetener." Its delicacy of flavor enhances other flavors so you can use it in several things to be served at the same meal, just as our forefathers did.

Maple-blended syrup is an excellent modern-day sweetener for beverages, too; blends perfectly with fruits and fruit juices for delicious pancake and pudding toppings and gives a special filip to French toast when a little is added to the batter.

Donut Glaze

2-3 cup maple-blended syrup
2 cups sifted confectioners' sugar
Yellow food coloring (about 10 drops)

Bring syrup to a boil. Add gradually to sugar, stirring constantly until mixture is smooth. Add enough coloring to tint desired shade. Dip donuts into the warm glaze. Place donuts on cake rack so glaze will cool and excess will drip off. Makes about 1 cup glaze, or enough to coat 1 dozen donuts.

★ ★ ★

Maple-Flavored Baked Beans

1 quart navy beans
½ to 2-3 cup maple-blended syrup
Dash of pepper
¾ teaspoon salt
½ teaspoon dry mustard
2 cups bean liquid (about)
1 small onion
¼ pound salt pork

Place beans in a saucepan. Cover with water; let soak overnight. Then simmer 30 minutes. Drain, reserving liquid. Place beans in casserole or bean pot. Add maple-blended syrup, pepper, salt, and mustard; mix well. Add enough of the reserved bean liquid to cover beans; then add onion and salt pork.

Cover and bake in slow oven (325 degrees) 6 hours, adding more bean liquid as needed. Remove onion after 3 hours. Remove cover from beans during last half hour of baking. Makes 4 or 5 servings.

Cereal with Milk Nectar

Cereal With Milk Nectar

Combine 2 cups chilled diluted evaporated milk and ¼ cup maple-blended syrup. Pour over cereal. Makes 3 or 4 servings.

Layer Salad With Pineapple

Tropical Chick-wiches are surprisingly delicious for any party-plate occasion and will bring an early spring to the table. For each salad-sandwich, you stack three pineapple slices, sandwich-style with chicken salad between the pineapple.

The filling is a combination of chicken with sliced celery, candied ginger, diced pimiento and toasted almonds for texture contrast. Add to this the crisp goodness of the juicy pineapple slices and you have a sunny, tropical salad.

Ripe olives are a colorful accent on the plate.

Tropical Chick-wiches

2 No. 2 cans of sliced pineapple
1 cup diced, cooked chicken
2 cups bias-sliced celery
2 tablespoons diced pimiento
2 tablespoons chopped, candied ginger
½ cup mayonnaise
¼ cup sour cream
2 teaspoons lemon juice
Salt and pepper
Romaine lettuce
1 cup toasted almonds

Chill pineapple in cans. Drain. Combine chicken, celery, pimiento and ginger. Mix mayonnaise, sour cream and lemon juice. Pour over salad and toss well. Add almonds and season to taste with salt and a little pepper. (You can split the almonds in half or chop them, but they are very attractive left whole.). For each Chick-wich, stack 3 pineapple slices with chicken salad between slices.

Arrange on a serving platter and surround with small, crisp romaine leaves. Top with a few toasted almond halves.

Serve with hot rolls, or crisp Parmesan twists. Serves 6.

YOU GET A CLEANER WASH WITH CLOROX

Whitest and Brightest!

When you add Clorox to your washday suds, you're adding *extra cleanliness* to your wash. White cotton, linen, nylon and rayon come out *extra white*... color-fast cotton and linen come out *extra bright*. Clorox does a better job of bleaching and stain removing than any other type of laundering product. That's why the *cleanest wash* you can get is a wash that's *Clorox-clean!*

Safest for Health!

Clorox adds *extra health protection*, too! For Clorox is a more efficient germ killer than any other bleach... *any other laundering product!* It's a good health habit to disinfect your wash with Clorox *every time!*

CLOROX KEEP AN EXTRA BOTTLE HANDY FOR HOUSE CLEANING!

Money Office to Open

DETROIT (AP) — The Detroit Air Procurement District will open a Detroit Finance office Feb. 15 to pay Michigan and Canadian firms doing Air Force business. Lt. Col. Leland P. Mooney, district commander, said the office is expected to pay out 100 million dollars in its first year of operation.

Selvage to Speak

DETROIT (AP)— James P. Selvage, a New York public relations counselor, will address the Economic Club of Detroit Monday.

GM Now Uses Computer to Test Engine Systems

General Motors Research Staff can build and test complete free piston engine systems mathematically on its Technical Center digital computer.

Reporting to the Society of Automotive Engineers, Prof. Donald R. Olson, of Yale University's Mechanical Engineering Department and GM Research Staff consultant, detailed mathematical techniques for designing and testing free piston power "packages" consisting of engine and power turbine units.

Two such systems developed by GM Research Staff now are under test, one automotive and the other maritime. The automotive free piston-turbine combination is in the XP-500, an experimental automobile announced in May 1956.

The maritime unit is aboard the U.S.S. William Patterson, a converted World War II Liberty ship now in trans-Atlantic service. It was supplied by GM's Cleveland Diesel Engine Division.

From these prototypes, Prof. Olson explained, mathematical equations were evolved for producing simulated free piston engine designs and running them mathematically through a complete series of simulated tests.

TRUE ANALYSIS

These computer-produced engines give engineers such an accurate analysis of what actual engines will do in service that countless conventional cut-and-try experiments with prototypes are no longer necessary.

He pointed out that the mathematical problems can be worked out in terms of practical variables so that engineers need not use "fictitious numbers" but can utilize the same indications they now get from various gauges and instruments conventionally used in dynamometer test cells.

FILM ILLUSTRATES

He showed motion picture film sequences to illustrate how the computer actually draws power, stroke, load and other curves which are similar to actual test cell results.

He indicated that the computer has added a "new dimension" to engineering analyses by enabling engineers to solve analyses that were unsolvable before with conventional mathematical techniques.

Prof. Olson said this was believed to be the first instance of the complete mathematical simulation of the free piston engine with the use of a computer.

Bill Would Ban Objects Dangling Inside Cars

LANSING (AP) — Those fuzzy monkeys and baby shoes motorists drape over their rear-view mirrors may soon be banned in Michigan.

Sen. Don R. Pears (R-Buchanan) submitted a bill to the Legislature today which would outlaw "dangling ornaments or other objects which obstruct a clear view of the highway."

Pears said California adopted similar legislation last year.

Another amendment to the motor vehicle code proposed by Pears would raise from 12½ to 13½ feet the maximum height of trucks traveling state highways. He said the change would bring the Michigan law into conformity with most other states.

NEW! OIL PROTEIN SHAMPOO
CURLS and WAVES HAIR
Without Permanent Waving

Fragrant FLORESS conditions your hair, shampoos, curls and waves like a permanent!

Shampoo your hair with fragrant liquid FLORESS, the new miracle hair-conditioning PROTEIN oil wave shampoo. Gives you lovely alluring curls and waves right while you shampoo and set. No more messing with home permanents and all the expensive sprays, lacquers and wave sets that go with them. FLORESS Protein Oil Wave Shampoo rejuvenates your hair. Each shampoo and set actually waves and curls your hair beautifully with sparkling life and lustre. No matter whether you're blonde or brunette . . . or if your hair is dyed or bleached . . . your hair will comb out into miraculously beautiful "stay-in" curls and waves. Full money-back guarantee. $1.50

EAR STRAIN from WAXY EARS
Dangerous!

EACH TIME YOU STRAIN to hear what somebody says, you may flash to your subconscious mind the destructive thought, "Am I going deaf?" That thought repeated often enough can result in a state of imaginary partial deafness that consistently gets worse and more nerve wracking. IF HARD OF HEARING NOW and there's wax (cerumen) in your ears, remove it with WAX-OUT. This deep-down wax clogs ear-canal, hinders the sound-carrying powers of the canal linings, handicaps hearing, causes discomforts, ringing, buzzing, muffled sounds. Remove this wax with WAX-OUT, a compound of soothing, solvent oils tha tsoftens wax, with use of simple syringe float it out, and then soothe and help tissues normalize. Your money back unless your hearing improves in 3 days after using WAX-OUT. Start WAX-OUT today in the easy to use SQUEEZE-A-DROP bottle. Only $1.50

Doing It for Money

Red Sanders, Grid Coach Becomes Actor on TV

By BOB THOMAS

HOLLYWOOD (UP)—Red Sanders, actor.

That's the billing for UCLA's great grid coach tonight as he appears in the cast of "The 80-Yard Run" over Playhouse 90. How does he feel about it?

"It's ridiculous," he growls. "Me an actor? I've never acted in my life. I didn't even appear in a play when I was in school, and I didn't think much of those who did."

Then why is he turning thespian at this late date?

"The same reason the others in the cast are doing it — money," was his honest reply.

★ ★ ★

Sanders joins a cast headed by Paul Newman and Joanne Woodward, two bright and intense young players of the Actor's Studio school. It's hard to imagine him in more incongruous company. But in some respects they are the same. Sanders applies cool-headed strategy to his football campaigns in much the same manner that the new crop of players attack the drama.

I hinted that perhaps he does a little acting before his teams prior to the games and during the halves.

"Are you kidding?" he replied. "You just can't get away with that pep-talk stuff any more. Why, if I tried it, my players would laugh at me.

"Football players are a lot different nowadays from what they used to be. The academic standards at UCLA are getting higher all the time. Many of my boys are brilliant students who could hold their own with the best minds. I couldn't possibly fool them with a pep talk."

★ ★ ★

Sanders plays a football coach in tonight's drama, a role he has played before on TV, though as himself. He gets $1,500, partly as actor and partly as technical advisor.

"I've never seen a movie or TV show about football yet that was technically correct," he remarked. "This one is going to be."

JERRY LEWIS "The Sad Sack"

To Dispel Doubts on Cut in Taxes

Secretary of Treasury to Back Ike's Position on Maintaining Rates

WASHINGTON (UP)—Secretary of the Treasury Anderson was ready today to dispel any remaining doubts in Congress over the possibility of tax cuts this year, and possibly next year as well.

★ ★ ★

Anderson was summoned to outline the administration's tax position before the House Ways and Means Committee in its hearings on tax policy and revenue law revision.

President Eisenhower's State of the Union message made clear that individual and corporate income tax rates probably must remain unchanged for another year to finance heavy new defense spending.

★ ★ ★

Yesterday, Eisenhower also indirectly answered some Capitol Hill speculation that taxes might even have to be increased.

He told his news conference he would prefer some red ink financing to higher taxes now. His comment left little room for considering a tax cut.

Even with income tax rates continued at their Korean War highs for another year, a 400-million-dollar deficit is forecast for this fiscal year and a barely balanced budget in sight for the 1958-59 bookkeeping year starting next July 1.

★ ★ ★

The administration is expected to ask Congress soon to cancel once more reductions scheduled to take effect in July in excise and corporate tax rates, and to continue present rates on individual income taxes in an effort to balance the 1959 budget of $73,900,000,000.

Sweden Claims 2 Smuggled to Reds

STOCKHOLM, Sweden (UP)—Officials today announced the arrest of two businessmen in connection with smuggling operations that have sent at least two million dollars worth of strategic metals to Iron Curtain countries.

★ ★ ★

Officials said the illegal trade —mostly in copper and nickel— has been going on for two years.

"Ships have been directed at sea to other ports than their original destination and full trainloads with metals have disappeared on transit journeys through East Germany," a police spokesman said.

★ ★ ★

Sweden has a regular train-ferry service between Trelleborg and the East German city of Sassnitz. Police said metals have been shipped illegally from the ports of Trelleborg, Goteborg, Malmo and Halsingborg. Some ships with illegal shipments are believed to have gone to the Polish port of Gdynia.

★ ★ ★

Goteborg City Atty. A. Johlin said the two arrested businessmen admitted "some facts" but denied they had engaged in illegal operations. Johlin declined to identify the pair.

Eritrea, a former Italian colony in North Africa, has a single railroad, 190 miles in length. The railroad has 60 bridges and 39 tunnels.

Graham to Omit Venezuela From Planned Crusade

ASHEVILLE, N.C. (UP)— Acting on advice from his sponsors in Venezuela, evangelist Billy Graham said he has dropped that country from his Latin America preaching tour which starts Monday.

★ ★ ★

Graham said yesterday he received a cablegram from the committee planning his scheduled two-week crusade in Venezuela advising him to cancel the revival because of politically unstable conditions there.

He departs Monday for speaking engagements in Jamaica, Puerto Rico, Barbados, Trinidad, Panama, Costa Rico, Guatemala and Mexico, in that order.

★ ★ ★

The Venezuelan political climate has been uncertain since New Year's Day when President Marcos Perez Jimenez thwarted an attempted military revolt.

Research Unit Action Debated

Congressmen Uncertain if Bill Aids or Hinders Defense Department

WASHINGTON (UP)—House members questioned today whether their vote to authorize a single Advance Research Projects Agency added to or limited the Defense Department's plans to establish the agency.

The hurriedly drawn authorization measure was passed yesterday as part of a bill to permit spending $549,670,000 for emergency Air Force projects. It was offered as an amendment without previous notice.

Among other things, the action would give the Defense Department itself specific power to enter into contracts and spend money. This authority has heretofore been rigidly reserved to the Army, Navy and Air Force as separate entities.

But Rep. Kilday (D-Tex), a member of the House Armed Services Committee, said the action provides a check on possible expansion of the department's functions which might be attempted through interpretation of the law.

However, another committee member who asked not to be quoted by name, remarked, "I don't know—it seems to me we may have set quite a precedent here, and I for one didn't have time to study it."

★ ★ ★

The issue came up over Saturday of Defene McElroy's proposal to set up ARPA in his own office, divorced from any one of the armed services.

Change 5th Street to University Drive

ROCHESTER—Soon to be a "college town," Rochester has changed the name of Fifth street to University drive.

★ ★ ★

The change, effective Jan. 1, was made in a resolution adopted by the Village Council. It had been recommended by the Rochester Area Chamber of Commerce to honor the establishment of the Michigan State University Branch here.

The Oakland County Road Commission and the city of Pontiac also will be urged to adopt the change so the entire road through to Dixie highway will have the same name.

In other action the council heard Traffic Engineer T. M. Vanderstempel's report on the progress of plans for the four-lane bridge on South Main street.

As soon as the state gets into the urban highway program, construction on the bridge will begin. Vanderstempel said he was assured in Lansing.

Junior Editors Quiz on AESOP

QUESTION: Who was Aesop?

★ ★ ★

ANSWER: For centuries Aesop's Fables about talking animals have charmed boys and girls around the world and taught them lessons about human faults and virtues.

They generally are credited to Aesop, a Greek slave whose master freed him because of his intelligence. He is mentioned in many Greek writings, but some scholars today doubt he lived at all.

The story is that Aesop wandered through the countryside 2500 years ago, teaching children the right way to live through his fables. He used animals in his stories because they attracted children's interest.

Two hundred years after Aesop's death, his fables were collected in a single book by Demetrius of Athens. Later, Barbrius, another Athenian, made a second collection. These were lost for hundreds of years, then were found in a Greek monastery in 1844. They became very popular and were translated into many languages.

★ ★ ★

FOR YOU TO DO: Read Aesop's Fables and see what lessons you can learn.

★ ★ ★

(A prize of $10 goes to Diane Myers of Kittery, Maine, for sending in this question. Send yours to Violet Moore Higgins, AP Newsfeatures, in care of The Pontiac Press. Tomorrow: Where did Gypsies get their name?)

Ready New Class for Civil Defense

A new class of Civil Defense auxiliary police training got under way at 7:30 last night at the Waterford Township hall, according to director Elmer Johnson.

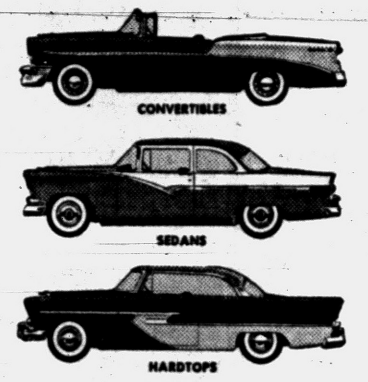

The first group of 18 men were presented certificates awards last week, ending an 11-week training course conducted by township, state and sheriff's police departments.

There is sometimes a difference of as much as 40 feet between the high and low tides as recorded at the station at Windsor, Nova Scotia.

OK Used Cars Ready for You Now!

You're money ahead when you choose an OK Used Car or Used Truck. They're the late model thoroughbreds of your Chevrolet dealer's Used Car lot. See the many makes now available. All are better in these six ways:

CAREFUL INSPECTION Only the finest trade-ins are picked by inspection experts to earn the OK.

Decide Against Altering Speeds

Limit on Highland Road From Williams Lake to Telegraph Unchanged

Speed limits on Highland road from Williams Lake to Telegraph roads in Waterford Township will not be changed this year, according to Supervisor Elmer Johnson.

★ ★ ★

A joint investigation conducted by the Michigan State Highway Department, State police and the Oakland County Sheriff's Department has just been completed and the recommendation of this group has been accepted by the township board.

★ ★ ★

In the past, it was required that the township board submit a resolution in agreement with the recommendations of the investigating group.

The policy was discarded as unnecessary this year, according to Joseph Marlow, acting district traffic)engineer of the highway department.

From Williams Lake to Cass Lake roads, there is a 50 mile per hour zone. From there to Voorheis Rd., the speed limit is dropped to 45, and from Voorheis to Telegraph, the limit is 35 miles per hour.

"At the present time these rates of speed are satisfactory," Johnson said. "However, eventually, we will have to cut down on the speed limits because of heavier traffic flow."

Order 2nd Lie Test on Murder Story

SPRINGFIELD, Ill. (AP)—Another lie test has been ordered for an ex-convict who told police he killed a man last October — a story he related a few hours after another man went on trial for the crime.

Sheriff Virgil Ball of Fulton County last night termed "inconclusive" a first lie test given Arthur McCulley.

★ ★ ★

"There are many discrepancies. His story doesn't add up," Ball said after the test. McCulley, sentenced in 1950 to Joliet Penitentiary, was held as a parole violator, Ball said.

Meanwhile, the trial of Edgar L. (Mickey) Suydan, 39, continued in Lewistown, Ill. Suydan is accused of shooting Raymond Bowser, 39, last October in the Canton, Ill., home of McCulley's former wife.

★ ★ ★

Suydan and Bowser both sought Mrs. McCulley's affection, authorities said.

A few hours after Suydan's trial began, McCulley told police in Peoria, Ill., that he drove to his former wife's home intending to kill Suydan but shot and killed Bowser by mistake.

Veterans in Oakland Leave for Bay City

Members of Oakland County Barracks No.49, of the Veterans of World War I of America, will go to Bay City Saturday, to take part in ceremonies honoring Lewis Brake, national commander.

Representing the local unit will be Harry Middleton, senior vice commander; Mr. and Mrs. Harry Sisson, Mr. and Mrs. Stuart Capron, Mrs. Otto Zander, and Mrs. Paul Boelter.

★ ★ ★

Brake is scheduled to arrive at Tri-City Airport, Bay City, at 11:50 Saturday morning. From there he will spend the weekend at various receptions, making an appearance on television, and touring the Saginaw-Bay City area.

Stargazers Get Chance to View All Nine Planets

ANN ARBOR (AP)—Michigan stargazers will have an infrequent opportunity to view all nine planets during the latter part of January if they want to awaken early enough.

"During January, the morning sky will shine with planets," said University of Michigan astronomer Hazel M. Losh. "During most of the period, all the planets with the exception of Venus will be in the sky at sunrise. And in the last week, Venus too will be rising in the morning sky ahead of the sun."

Miss Losh said Mercury, Jupiter, Mars, Saturn and Venus will be fairly easy to see. Uranus, Neptune and Pluto will be fainter and harder to detect, she said. The ninth planet is Earth.

The chance to spot all the planets at one time comes about once a year.

Hunting 3 Who Fell From Broken Ship

ALGIERS (AP)—Search continued in the western Mediterranean today for the captain and two stewardesses of the broken Norwegian tanker Seirstad. It was believed they were lost.

★ ★ ★

French admiralty spokesman said messages received in Algiers clearly indicated the three fell into the sea when the tanker broke apart during a storm early yesterday.

Earlier it had been hoped the trio might still be aboard the bow section of the ship.

★ ★ ★

The other 35 crew members were picked up by Dutch and Italian vessels.

Missing are Capt. Borge Rigger and stewardesses Asta Antonsen and Brogny Salvesen.

Suspect in Slaying Returned to Detroit

DETROIT (AP)—Police returned last night from Forrest City, Ark., with Turner Madison, 28, wanted in the slaying of an off-duty Detroit policeman.

Madison was locked up and police said he would be questioned today.

Donald Coulter, an off-duty policeman, was killed by a shotgun blast in a bar holdup Saturday. Police said Coulter was shot when he refused to open the bar safe. He was mistaken for the bar owner, police said.

Madison was arrested in Forrest City Monday. Police Chief George Trusty said Madison told him he fired a shotgun at Coulter.

Police in Detroit arrested Madison's brother, Andrew, 30, and his nephew, Burton Farmer, 22, shortly after the shooting.

The robbery neted $100.

Tularosa Basin, which was once the hunting grounds of fierce Apache Indian warriors in southern New Mexico, is today a center of U. S. Army rocket testing.

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

What probably irked most college coaches was not the new two-point conversion rule itself, but the way it was suddenly made law.

★ ★ ★

One coach attending the NCAA meetings in Philadelphia told us that not once was it even mentioned to the coaches that the rules committee would even seriously consider changing the scoring system at this time.

Even though it had been mentioned for several years, most of the coaches thought the kicking part of the game would be given more emphasis by making the 3-point field goal easier with the cross bars on the goal line.

There would be less ties in football they figured. But the result of the rules' committee conference brought a wave of criticism, directed especially at Fritz Crisler, the retiring president of the group.

★ ★ ★

Many Southern and Eastern schools especially attacked Crisler calling the rule his "pet" and charging an underhanded method of obtaining the majority of the committee to go along with him.

But now it's a rule and all we can do is sit and wait for the 1958 season to see how it works out.

One thing is for sure, it will have the gamblers scratching their heads for awhile.

DITTOS FROM THE PRESS BOX

A tidy sum reaching past four figures was raised last night for the March of Dimes at a feed hosted by Lou Michot. Among the sports figures in attendance were Hal Newhouser, Billy Pierce, Bob Swift, Art Houtterman, Joe Ginsberg, Tom Tracy, Dizzy Trout, the chef, Vic Wertz, himself a polio victim just two years ago, Chuck Davey, Chuck Spieser, and Governor Williams.

Little Sam Shear of Pontiac, with his limbs in braces, was the guest of the stars.

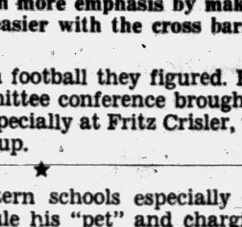

★ ★ ★

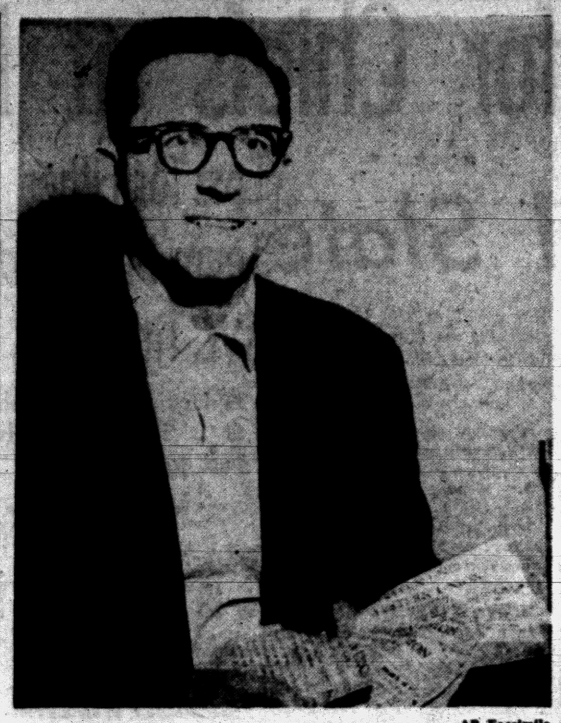

THE BIRDIE SEZ:

Our little friend "The Birdie" (and we're not talking about Guy Sparrow) picked nine out of 10 prep games right last week so he has more guts than ever to pick the big ones for tomorrow. His record now is 23-4.

THIS IS WHAT THE BIRDIE SEZ:

Pontiac over Northern
Waterford over W. Lake
St. Mike over St. Clement
St. James over St. Fred
Troy over Clawson
Clarkston over Holly
Northville over Milford
Port Huron over B'ham.
Rochester over Roseville
Brighton over Keego
Lake Orion over Fitzgerald
Ferndale over E. Detroit

AP Facsimile

MIKAN FIRED — George Mikan, coach of the Minneapolis Lakers in the National Basketball Association, shows the five-page telegram which came to him from president R. E. Short telling him he was fired as Laker coach. He turned down the job of general manager with the club.

George Mikan Refuses General Manager's Job

MINNEAPOLIS (INS) — George Mikan, former collegiate and National Basketball Association great, announced today that he was returning to his law firm rather than accept the job as general manager of the Minneapolis Lakers.

The 6-10 center who starred at De Paul University and later with the Lakers, turned down the job after he was replaced as coach by John Kundla.

Robert Short, president of the Lakers, had, in effect, switched the jobs of Kundla and Mikan. When Short learned of Mikan's decision, he announced that Kundla would serve both as coach and general manager for the rest of the year.

In making his break with the sport, Mikan said:

"It's a big disappointment, but it's better to quit now."

Mikan, whose team was in last place in the Western Division, observed:

"When a team is losing, something has to be done. I have the example of a lot of fine baseball managers before me. I would like to stay in basketball but now is the time to make the break and from now on it will be Ryan, Kaine and Mikan—a law firm."

Mikan said he gave everything he had to the sport and "dedicated" his life to it. However, he could not see stepping down from the coaching spot to general manager. Mikan added:

★ ★ ★

"Naturally, they're the bosses so they know what they're doing. I want to wish them and John every success for a fine season."

Kundla served as Lakers' coach from 1948 until the 1957 season when he was replaced by Mikan who had been in the front office.

Mikan had played with the Lakers from 1946 until 1956, setting numerous NBA records and leading the Minneapolis quintet to seven division championships.

Jimmy Foxx Reported Destitute

Former Slugger of Bosox Found Sick and Broke

Businessman in Boston Relates to Writers of Ex-Player's Plight

BOSTON (AP) — Hall of Famer Jimmy Foxx, one of baseball's all-time great sluggers, is broke and without a job, according to his former business manager.

James A. Silin, a Boston advertising man who has known Foxx for more than 20 years, disclosed the former star's financial difficulties yesterday to Boston baseball writers.

Silin said Foxx, now 50, told him that he became ill and lost his job with a transfer company in South Miami, Fla., just before Christmas.

"After talking with Jimmy, I thought something should be done to help one of baseball's greatest stars," Silin said. "I talked it over with sports writers who knew Jimmy and public relations people.

"Sometimes you have to take radical action. I came to the conclusion Jimmy might be able to find a job if people knew of his situation."

★ ★ ★

Silin said Foxx missed out on baseball's player pension plan by one year. He also said Foxx lost large sums in various ventures, including a $50,000 investment in a Florida golf club before World War II.

Foxx broke into the Majors with the Philadelphia A's in 1925.

Before he quit playing 20 years later, he had clouted 534 homers, second only to Babe Ruth's 714. In 1932 he hit 58 homers, two less than Ruth's record for a season.

Traded to the Boston Red Sox in 1936, Foxx continued his spectacular slugging until sent to the Chicago Cubs in 1942. He ended his playing days with the Philadelphia Phils in 1945.

★ ★ ★

The writers were trying to find him to ask him to attend their annual dinner Jan. 22.

The former outfielder who has been voted into baseball's Hall of Fame, was a baseball coach at the University of Miami last year.

Silin, Foxx' personal manager when he was with the Red Sox, wired $400 to the poverty stricken player. Foxx said:

"Before I received Silin's check I was just as near the bottom as bottom can be. I was really behind the eight ball. Now I can see over the top of the eight ball—for a minute, maybe."

STARS RAISE DIMES — Sports stars gathered in Pontiac yesterday to raise funds for the March of Dimes. Little Sam Shears, a polio victim from Pontiac, heads the line of the "Dimes" dinner. Behind him is chief chef, Dizzy Trout and around the line (right to left) are Vic Wertz, Tom Tracy, Art Houtteman, Billy Pierce, Lou Michot, Hal Newhouser, Joe Ginsberg and Bob Swift. Michot was host to the dinner which also had Chuck Davey, Chuck Spieser and Governor Williams in attendance.

SPORTS

But Pistons Lose, 131-113

Yardley Scores 51!

BOSTON (AP) — George Yardley, whose best nights often seem to fall on the Detroit Pistons' worst, turned the trick again last night with a 51-point scoring burst that tied a National Basketball Assn. record.

While Yardley pumped in the points, the Pistons were being badly outplayed by the Boston Celtics who chalked up a 131-113 triumph and broke a three-game losing streak.

Yardley, a balding veteran of five years in the NBA, connected for 17 field goals and hit on 17 of 19 attempts at the free throw line in strengthening his standing as the league's top scorer.

His surge tied the record for the most points in a regulation NBA game set by Bob Pettit of St. Louis against Syracuse earlier this season.

Detroit went into the second period with a 30-23 lead but fell behind and by intermission the Celtics led 56-52. Bill Sharman and Frank Ramsey sparked a third period drive that saw Boston pull away to a 91-76 advantage entering the finale.

Sharman and Tommy Heinsohn led the Celtics with 26 points each followed by Ramsey with 23.

Yardley's 51-point flurry runs his season total to 1,085 points in 40 games, tops in the NBA.

Dolph Shayes of Syracuse, holder of the career record in pro basketball, is 2nd with 986. He is followed by Cincinnati's Clyde Lovellette with 939 and St. Louis' Bob Pettit with 936.

Hayes Jones Misses World Mark in Dash

YPSILANTI (AP) — Hayes Jones, Eastern Michigan sophomore from Pontiac, came within one-tenth of a second of tying the world record in the 60-yard dash last night. Jones finished with an unofficial time of 6.1 seconds in an intersquad meet.

One Tech Beats Another

DETROIT (AP) — Larry Anderson scored 20 points in pacing Detroit Tech to an easy 68-51 victory over Lawrence Tech in a basketball game here last night.

Detroit took an early lead and never was headed. The score was 34-20 at the intermission.

Expenses for Players Main Item at Meet

ST. PETERSBURG, Fla. (AP) — The men who run this country's amateur tennis meet here today for the annual meeting of the U.S. Lawn Tennis Assn.

★ ★ ★

In addition to three days of committee work and induction of new officers, the USLTA will get a report on the United States Davis Cup team, which lost again to Australia last month.

★ ★ ★

Major item on the opening day agenda was consideration of a proposal to allow expenses to American players competing in the National Championship at Forest Hills, N.Y. The USLTA presently allows no player expenses for this tournament. The matter came before a special committee headed by W. H. Woods of New York.

5 Sports Pages in Today's Press

Rochester Jumps to 6th

Area Quintets Move Up

One area team, Holly, dropped down in the prep ratings but three others made the move upward this week.

Pontiac's defending Saginaw Valley defending champions moved up a notch from 7th to 6th place after a pair of easy wins over Bay City Central and Waterford.

Friday night's foe Flint Northern also got some attention after downing highly ranked Flint Central last Friday. One of the two could drop out of the elite tomorrow night.

Holly, after its beating at the hands of Northville, fell out of 6th place to 13th, while Rochester, Troy and Clarkston each gained ground.

The Falcons moved up from 10th to 6th while Troy went up one notch to 7th.

Clarkston could add a few notches and prestige against Holly tomorrow, while Rochester tangles with non-rated Roseville.

This week's cage ratings:

CLASS A

1.	Highland Park	(4-0)
2.	Benton Harbor	(5-0)
3.	Grosse Pointe	(6-0)
4.	Saginaw	(5-0)
5.	Muskegon Heights	(5-1)
6.	PONTIAC	(5-1)
7.	Flint Central	(5-1)
8.	Detroit Austin	(4-0)
9.	Battle Creek	(5-0)
10.	FERNDALE	(3-0)
11.	Flint Northern	(4-2)
12.	Bentley	(5-1)
13.	East Detroit	(4-1)

CLASS B

1.	East Lansing	(7-0)
2.	Sault Ste. Marie	(5-0)
3.	Ludington	(7-0)
4.	Harper Woods	(5-0)
5.	Holland Christian	(6-1)
6.	ROCHESTER	(7-1)
7.	TROY	(7-0)
8.	CLARKSTON	(7-0)
9.	Greenville	(6-0)
10.	E. Grand Rapids	(5-1)
11.	Northville	(4-2)
12.	Zeeland	(5-1)
13.	HOLLY	(3-1)
14.	Riverview	(5-1)
15.	LAKE ORION	(4-1)

DESTITUTE — Former Philadelphia A's and Boston Red Sox slugger Jimmy Foxx was reported today destitute after being ill and out of work in Florida. The plight was revealed to Boston Baseball Writers.

A&M Dissolves Athletic Group

COLLEGE STATION, Tex. (AP)—Officials of Texas A&M, embroiled in a carnival of dissention over selection of a football coach, try today to sift some order into their seemingly endless hunt.

W. T. Doherty of Houston, chairman of the college board of directors, dissolved the board's athletic committee yesterday.

"This simply is a move which I believe to be necessary to clear up a confused situation which is damaging to the A&M College of Texas," Doherty said.

Even Gov. Price Daniel has gotten into the act, calling on officials of the state-supported school to come up with a complete report on the widely publicized and much criticized search for a successor to Paul Bryant, who quit Jan. 1 to become head coach at Alabama.

Martinez Wins NBA Title Shot

PHILADELPHIA (AP)—It will be Vince Martinez against Isaac Logart for the vacated welterweight championship — National Boxing Assn. version.

★ ★ ★

Martinez cleared the right last night for the fight to determine a successor to Carmen Basilio as welterweight king by outpointing Philadelphia's Gil Turner in a 12-round bout at the Arena. Basilio gave up the title after winning the middleweight crown from Ray Robinson.

Local Wrestling Teams in Action

Waterford and Vikings Away Tonight; PCH, Cranes Home Friday

Three matches tonight and a pair Friday will have all the Pontiac area wrestling teams seeing action against formidable foes.

Two Inter-Lakes league battles highlight tonight's trio. Walled Lake is at Farmington and Waterford goes to Berkley in the pair. Southfield hosts Bentley in a non-league contest.

Tomorrow, Pontiac is at home against powerful Lansing Sexton while Hazel Park is at Cranbrook.

Walled Lake will be seeking its 2nd straight win while Waterford is winless in two starts and going against a county power.

★ ★ ★

Pontiac has defeated Port Huron and Fitzgerald and lost to Cranbrook and is certain to have its hands full tomorrow night.

PCH Tankers Host Northern's Squad

Flint Northern swimmers, about whom Coach Bob Boyce of PCH says he knows "next to nothing," will be guests of the Chiefs, Friday, in the 4th SVC dual for Pontiac. Vikings have lost both their loop tests, while Chiefs are 1-2, seeking to even the standings.

Few changes, if any, will be made by the Pontiac mentor, for Friday's meet. "We're just too thin to try any new boys," says Boyce. "So we just keep going with those we have used, and hope for improvement. Would like to win this one, to square our position in the league."

Only area meet today is the EML match between Mt. Clemens and Hazel Park.

Other area duals Friday include Fitzgerald at Southfield; Ferndale at RO Kimball; (in Saginaw Valley) Saginaw at Flint Central; Bay City Central at Arthur Hill.

32 Left at Minneapolis

Keglers Start Round Robin

MINNEAPOLIS (AP) — The gigantic 17th annual All-Star bowling tournament field of 288 had been pared down to 32 when the qualifying rounds were concluded Wednesday night. Those who survived the five day preliminaries began today the gruelling round robin series of matches which will end with a nationally televised action of the position round Sunday night.

★ ★ ★

The top man through the early stages of this "World Series of Bowling" was Tom Hennessey of St. Louis. The gritty 31-year-old member of the St. Louis Budweisers totaled 7,585 for 36 games to win the qualifying trophy. Hennessey was bolstered by a whopping 1,400 series on Tuesday, the highest series thus far in the current event and the second best in the history of the tournament. His 290 on opening day was the top single game of this year's entertainment.

★ ★ ★

Hennessey and the next highest 13 scorers from the men's semi-finals will merge with seeded stars Don Carter of St. Louis and Bill Lillard of Chicago for the finals.

Sylvia Wene, the tiny brunette from Philadelphia who won this event three years ago, earned the women's qualifying trophy by knocking down 4,588 pins in 24 games.

★ ★ ★

She too will be accompanied by the next 13 high scorers in her division. The seeded stars in the distaff section are defending champion Marion Ladewig of Grand Rapids, Mich., and Anita Cantaline of Detroit.

Here are the 14 finalists:

Tom Hennessey, St. Louis, Mo.	7585
Morris Cramer, Albany, N.Y.	7548
Curt Heady, Indianapolis, Ind.	7517
Joe Joseph, Lansing, Mich.	7496
Ray Bluth, St. Louis, Mo.	7479
Buzz Fazio, St. Louis, Mo.	7460
Ed Lubanski, Detroit, Mich.	7391
Harry Smith, St. Louis, Mo.	7338
Dick Hoover, Akron, Ohio	7304
Lou Bielaff, Detroit, Mich.	7302
Chuck Hamilton, Highland, Ind.	7289
Carl Richard, St. Louis, Mo.	7276
Richard (Skip) Vigars, Albany, N.Y.	7269
Glenn Allison, Chicago, Ill.	7265

They're Still Going

CORAL GABLES, Fla. (AP)—All seeded players remained in the Coral Gables-University of Miami tennis tournament today, but some expected rough going in fourth round matches.

Kast Rams 'Most Valuable'

Freds Pick Grid Captains

Two decisions of importance to members of last fall's St. Frederick football team have just been made.

★ ★ ★

Coach Gene Wright of the Rams announced today that balloting had been completed for the club's most valuable player award and for the 1958 co-captains.

Dick Kast, senior end and current member of the cage team, received the Greg Peters MVP honor and his name will go on the big trophy offered in 1948 and which remains in the school.

An interesting angle to the selection of Kast is that the last three recipients of the award all are named Dick. First winner was Bob Younce, and the last two were Dick Thompson in 1956, and Dick Loyen in 1957. All have been seniors.

Wright announced that team and coaches have selected Frank Papoli (guard) and Jack Lyon (fullback) as 1958 co-captains.

Crucial Game for Chiefs at Northern

Full Parochial Slate

By H. GUY MOATS

Parochial quintets from the Pontiac area will engage in a full round of competition, Friday night, as the Suburban Catholic League race continues to tighten, and leaders strive to bolster their places in the standings.

Two Pontiac clubs will engage league foes on "home courts."

Because of other commitments, Pontiac Central High's big gymnasium has been lost to Bob Mineweaser's St. Michael Shamrocks for their battle with St. Clement's club. Instead of playing on the wide open spaces at PCH, Shamrocks and the Crusaders will collide in Madison Junior High gymnasium, out Perry street, near the new Northern High School.

For this contest, Mineweaser says he will not shift his lineup from the one that upset RO St. Mary Monday night, 50-39. Bob hopes Bob Mineweaser and Art Robak are as hot on the hoops Friday, as they were Monday, when Bob collected 17 and Robak 18 points.

Mikes are currently in 3rd place with a 2-1 mark. Crusaders are without a victory in four starts.

Orchard Lake St. Mary Eaglets are also favored to add a 4th win to their 3-1 standing, behind St. Benedict, which is still unbeaten at 4-0. Eaglets entertain St. Rita (1-4), on the Orchard Lake court.

Rams of St. Frederick go to Ferndale to tackle St. James, 6th place club (2-3), in hopes of regaining some of the confidence that seemed to have been lost in the 46-21 walloping dished out by the Bens, who might catch a Tartar in RO St. Mary. However, that possibility is rather remote, off what Eaglets did to the Irish last week (58-20).

"We had the shots against St. Benedict," Coach Gene Wright recalled today. "But we just could not make 'em stick." He plans no changes in his St. Frederick starters.

FRIDAY'S GAMES

Pontiac at Flint Northern.
Flint Central at Saginaw.
Arthur Hill at Bay City.

By BRUNO L. KEARNS
Sports Editor, Pontiac Preess

For the past three seasons, it seems that Pontiac and Flint Northern always meet for that "crucial" game during the basketball season.

Friday night's contest at Wildanger fieldhouse is another one of those key games in as much as another loss for either team could seriously hurt any thoughts of the Saginaw Valley Conference title.

★ ★ ★

Both teams are now deadlocked along with Flint Central behind pace setting Saginaw in the league.

Northern is running a streak of three straight wins, the latest being a last second 46-45 victory over city rival Central last Friday.

The loss knocked Central out of the SVC lead, and Saginaw could pad that lead tomorrow by beating Flint Central on the Trojan's court.

★ ★ ★

Flint Northern is another speedy team with good balanced scoring. Three of last year's top shooters are back, Maurice Woodsen, Phil Gaines and Reginald Gillard.

Gillard and Woodson are both hitting better than 14 points a game. It was Woodson's rebound basket with three seconds left which defeated Central last week.

Gillard has been the team's big rebounder along with junior Bob Hamilton.

★ ★ ★

In their recent hectic series, Northern defeated Pontiac twice in the 1955-56 season and then the Chiefs bumped the Vikings out of tourney regionals.

Last year, Pontiac whipped Northern twice, but the Vikings came back to eliminate the Chiefs in the big game of the regional tourney.

Pontiac, with the loss of Hudson Ray, does not have any high scorer among the SVC pointmakers, but the Chiefs currently show balance with three players in double figures.

★ ★ ★

Dick Whitmer, Jim Skinner annd Charley Barge are each hitting slightly better than 10 points per game. Fortunately, since Ray's departure, in three different games Pontiac has been able to come up with a good scoring night for a different player each time.

To get to Wildanger fieldhouse, take Dort Highway to Leith Street. Leith angles half left off Dort about five lights past Court Street. The fieldhouse on Leith near Saginaw.

Loop Races Still Free-for-Alls

By BILL CORNWELL

The "big boys" are holding the upper hand, but it's still a wide-open race for honors as Oakland County area prep basketball teams wade into a jam-packed league schedule Friday night.

Full slates are on the docket in all eight area leagues, with the most important games scheduled in the Wayne-Oakland, Inter-Lakes and Eastern Michigan circuits.

★ ★ ★

In addition, there are nine non-conference battles carded tomorrow evening, making a robust 34-game program for the area.

WAYNE-OAKLAND

It's not difficult to pick out the No. 1 game in this league. The Holly-Clarkston clash on the Clarkston court gets top billing.

The Wolves, undefeated in seven starts, are at the top of the W-O heap with a 5-0 record, followed by Holly and Northville with 4-1 marks.

Holly suffered its 1st loss at Northville last week and must rebound to maintain a healthy position in the title race.

★ ★ ★

Northville entertains Milford, Brighton goes to West Bloomfield and Clarenceville plays host to Bloomfield Hills in other W-O tiffs.

INTER-LAKES

The Walled Lake - Waterford game at Walled Lake is the top attraction from a local standpoint, although the two schools are tied for the cellar. Both teams are looking for their 1st loop victory.

From the championship angle, Southfield's invasion of Van Dyke is the "game of the night." Van Dyke, the big surprise thus far, is tied with Berkley for 1st place while Southfield is holding down the runner-up spot.

★ ★ ★

Berkley will be strongly favored to whip Farmington on the Farmington floor in the other I-L contest.

EASTERN MICHIGAN

The EML race has barely begun so anything can happen yet, but Ferndale's meeting with East Detroit at Ferndale takes the spotlight.

Ferndale is unbeaten in three games, one in conference play, while the defending champion Shamrocks are 1-0 in the league and 4-1 overall.

Birmingham, with a 1-0 EML record, tangles with Port Huron, 1-1, on the Big Reds' court and Mt. Clemens is the guest of Hazel Park.

OAKLAND B

League powers will be heavily favored here, although Lake Orion appears to be headed for the most trouble.

Orion visits Fitzgerald, a preseason favorite which has been extremely disappointing to date. Fitzgerald still has the material, however, and the Dragons are ripe for an upset.

Undefeated Troy should stay that way against visiting Clawson and Avondale rates a wide edge over Madison on the Avon floor.

★ ★ ★

Almont should keep ahead of the pack in its Southern Thumb test at Capac and Dryden at New Haven and Brown City at Armada round out the card. Ortonville journeys to Millington and winless Oxford invades North Branch for South Cental Conference scraps.

★ ★ ★

The non-league program is not too selective. Rochester's encounter with Roseville on the latter's floor and Lapeer at Romeo are the best offerings.

'M' Ice Team Defeats MSU

Wolverine Skaters Net 4-2 Win Over Spartans in Tame Hockey Game

ANN ARBOR (AP) — Michigan relied on its stiff defense and opportunist scoring to defeat arch-rival Michigan State 4-2 last night in a surprisingly meek hockey game.

The Spartans whipped the Wolverines amidst wild fighting last week for the first time in 30 years. Four players were banished as MSU won over Michigan for the first time in 34 games.

But only three penalties were meted out last night.

The Wolverines, paced by Neil McDonald's two goals, were in control throughout. With the score 2-2 Barrie Hayton skidded the puck 50 feet through a throng of players in front of the Spartans' net at 16:01 of the second period for Michigan's clincher.

Fred DeVuono and Ross Parke were the Michigan State scorers, both countering in the middle stanza before Hayton's goal. Michigan concentrated on defense the rest of the game. It got its final goal with 55 seconds left after the Spartans had removed goalie Joe Selinger.

Hillsdale Quint Hands Eastern Another Loss

HILLSDALE (AP) — Hillsdale, sparked by Jim Reynolds' 32 points, handed Eastern Michigan its ninth straight defeat, 78-70, in a non-conference basketball game last night.

The Dales led 31-27 at the half. Eastern rallied briefly early in the second half, tying the score 37-all. Frank Manley led Eastern with 18 points.

12 Teams Under Way Saturday

Local Eagles in State Play

Twelve teams representing Eagles aeries in Pontiac and Waterford Township head for Owosso this weekend where they compete in the annual Michigan State Eagles Bowling tournament.

Six teams each from Lodges 1230 and 2887 will take part in the competition which will include a record 202 teams and 1,000 bowlers.

Pontiac area teams will see action this weekend and also Jan. 25-26. Saturdays are devoted to team play while doubles and singles are rolled Sundays.

★ ★ ★

A group of 26 teams from Flint will form the largest delegation from any city in the state.

All state play will be at the 18-alley Capitol Bowl.

(10) Compact award if '58 women's champion was also '57 entry. (11) Bowling ball to high actual woman's series in qualifying. (12) Bowling ball to high actual men's series in qualifying. (13) Bowling bag to high actual game in women's qualifying. (14) Bowling bag to high actual game in men's qualifying. (15) Bowling shoes to high actual series in men's finals. (16) Bowling shoes to high actual series in women's finals. (17) Bowling pin table lamp to best husband-wife score in finals. The championship round of the Bowlerama will be held February 22nd at the Huron Bowl.

Are You Oldest Man or Lady to Enter Tourney?

Who's the oldest man or woman bowler to enter the 2nd annual Pontiac Press Bowlerama?

There's a beautiful souvenir gift awaiting that man and woman, besides the opportunity of winning one of several of the many cash awards, trophies and merchandise gifts.

Of 150 entries to date the oldest man to enter is 51. None of the ladies have dared to designate their age on their entry blanks.

Merely list your age along side your name on the entry blank. It's worth the little effort.

Boston University's hockey team includes five Canadian skaters.

Equal Chance for All in Bowlerama

By CHUCK ABAIR

It isn't aways the star bowlers who win the big prizes in handicap tournaments. This was proven last year when little known high school kegler Joe Tinson took men's honors in the 1st annual Pontiac Press Bowlerama. Will it happen again this next month?

Tinson, who is still attending Pontiac Central and hoping to repeat last year's feat, was carrying only a fair 152 average and had never bowled in a tournmanet before when he entered the Bowlerama. Yet he won all the marbles along with Donna Verhey.

That is the big advantage of such a handicap event. It gives the little guy an equal chance with the top average veterans.

Such Keglers as Tinson, Ivan Ewald (148), Leo Barcome (160), Ken Senior (134), Joe Chapellie (150) and Lou Seay with only 126 were some of the finalists a year ago who beat out opponents carrying averages over the 180 and 190 marks.

* * *

Compton and Pavlinac won top qualifier trophies, Pickett and Seay finished in order behind Tinson.

The women had some surprises along the same line. The biggest was Karen Pargo who entered with a 121 average yet won a top qualifier award. Edna Bachnak (122) and Mrs. Lyle Bailey (127) were others.

High average bowlers also fared well to gain strong representation in the finals in both groups making it well balanced all around.

* * *

It should be more so this year with the anticipated inceased entry list. Officials have arranged this year to provide extra honors for entries turning in outstanding actual games and series on the long list of awards.

This plan should benefit the higher average bowlers who have to depend almost completely on score.

The 2nd Press Bowlerama will be a "tournament of prizes." Every quaifier is certain of finishing in the money and will have a good shot at several merchandise awards. Even non-qualifiers can win some.

* * *

Montcalm Centre and Howe's Lanes will be the qualifying sites for men Feb. 8-9 while women bid for berths in the finals Feb. 15. at Motor Inn. Finals for both divisions will be Feb. 22 at Huron Bowl.

All Oakland County residents who are sanctioned with ABC or WIBC are eligible to compete. Entry blanks may be obtained at any county alley, clipped out of the Press or picked up at The Press building.

Men have only until Feb. 2 to enter and women until Feb. 10. The time is growing short to get into this county battle which features $1,250 in guaranteed prizes for the top three men and women and $1,000 for anyone rolling 300.

Royals and Knights Stay 1-2 in Race

The Lakeside Royals remained at the head of the pack and the Knights of Columbus stayed on their heels in Class A City League basketball games last night at Pontiac Central.

John Jackson meshed 20 points as the Royals whipped Shaw's Jewelers, 64-52, for their 5th straight victory. John Keller netted 21 points to lead the K. of C. to a 72-61 triumph over CIO Local 594. The Union's Mel Taylor scored 22.

★ ★ ★

In Class D action at Lincoln Junior High, Leon Prentis made 19 points as the Bowen Arrows dumped Pontiac Boys Club, 52-36; Hastings Martin's 15 points featured St. Vincent de Paul's 33-27 decision over Perry Park, and Alex Heisser tallied 14 points in defeat as the Westsiders downed Jack's Bar & Grill, 35-30.

West Virginia Continues Unbeaten

N. Carolina, Bradley Upset

By THE ASSOCIATED PRESS

What a difference a year makes. North Carolina, the National Collegiate champion, has hit the skids while West Virginia's mountaineers have gained a poised, championship look as they tread an unbeaten path through college basketball's upset mill.

The mountaineers, top-ranked in this week's Associated Press poll, played it cool again last night, calmly coming from behind for a 71-64 decision over Pitt and a 13-0 record.

★ ★ ★

But sixth-ranked North Carolina, losing two in a row for the first time since the end of the 1955 season, was knocked off 58-57 in overtime by North Carolina State. It was the tar heels' third defeat in 14 starts.

★ ★ ★

Just 12 months ago, North Carolina was in the midst of its unbeaten run on the national title while West Virginia was recovering from a three-game slump.

Bradley followed North Carolina onto the upset heap, losing 71-70 to St. Louis on a free throw by Bob Ferry after the final gun. It was the second loss in 11 games for the 10th-ranked Braves.

★ ★ ★

Elsewhere, Elgin Baylor scored 53 points—a school record and enough to make him a solid third in national major college scoring—as Seattle whipped Montana State College 108-83.

City Denies Request on Tavern Hours

During a brief committee-of-the-whole meeting Tuesday, City Commissioners decided against a request by the Oakland County Table Toppers Assn. to let Pontiac taverns open two hours earlier on Sunday.

The request was ordered filed and no further action scheduled.

The association had pointed out last month that private clubs are allowed to open at noon Sundays, while public taverns open at 2 p.m.

This presents a hardship and unfair competition for the taverns, the association argued. Clubs are governed by state law and local taverns by city ordinance.

It has been estimated that there are about 4.5 million cubic miles of salt contained in the world's oceans.

Leaves None in Doubt on His Stand

Knowland Devoid of Guile

By INTERNATIONAL NEWS

President Eisenhower may not like everything about the behavior of Senate GOP leader William F. Knowland, but he'll never be in doubt as to where his Senate lieutenant stands.

Most of the time—90 per cent of it, according to Bill Knowland's own calculations—the blunt Californian will be standing squarely behind the President and his legislative program.

There is rough sailing ahead program and Knowland will not be for it 100 per cent. He already has indicated he thinks the President's request for a five-year extension of the Reciprocal Trade Act is too broad, and should be held to three years.

The 49-year-old Republican, who was still in his World War II uniform when appointed to the Senate in 1946 by then Gov. Earl Warren, has taken issue with other aspects of administration foreign policy.

★ ★ ★

And he kept himself in the race for the 1956 GOP presidential nomination up to the moment Eisenhower made it plain he would assent to a second term. Knowland had prefaced this by speaking out against his party's having any "reluctant" presidential candidates.

PREPARES TO LEAVE

Now that the President is heading into trouble as he approaches the halfway point of his second and final term, Knowland is preparing to leave the Senate and a leadership post few ambitious politicians would give up. He is a candidate for governor of California this year and his Senate term ends in January, 1959.

★ ★ ★

But he has announced he will spend all his time during this session of Congress "on the job" in Washington.

Knowland, a veteran of public life since his first days in the California Legislature in 1933, is regarded by his friends as essentially a shy person. He is devoid of guile and highly respected by Democrats and Republicans alike.

And, like Ike, he's a family man. The Knowlands have three married children and five grandchildren.

Although Knowland is said to regard the governorship of California as a better springboard for the presidency than he has found the Senate, getting closer to his family has been advanced as a prime reason for his return to the West Coast. He also will be closer to the family business. He is assistant publisher of the Oakland Tribune.

Noted Irish Hotel Collapses While Up for Auction

ENNIS, Ireland (INS) — Ten persons were killed and 40 injured yesterday when the top floor of Carmody's Hotel, well-known to thousands of tourists landing at nearby Shannon Airport, collapsed while the hotel was being auctioned.

Police and fire department emergency teams dug through the wreckage in search of more victims of the accident.

Carmody's, built in 1870, has been a favorite tourist hotel for many years. Its owner died recently and his heirs decided to sell the hotel. Several hundred were in the building when the floor of the top story gave way.

There are about 21 million bicycle riders in the U.S.

Make Synthetic Fiber

PORTLAND, Ore. — Chemists have developed a new synthetic fiber from lignin, heretofore a little-used waste product of pulp and paper production. Rayon and acetate are among the better-known synthetic fibers previously developed from wood.

All of the land in four Nevada counties is owned by the federal government.

Corn Futures Up, Others Weaker

CHICAGO (AP)—Fairly heavy buying by an elevator and export concern sent corn futures prices off to a higher start at the opening of the board of trade today, but other grains traded steady to weaker in the early dealings.

There was some light commercial buying of wheat for export, but other traders were on both sides of the market in spreading transactions, selling the March delivery and buying the deferred months.

Near the end of the first hour, wheat was ⅛ to ¾ higher, March $2.17⅜; corn unchanged to ⅜ higher, March $1.12⅝; oats unchanged to ⅛ higher, March 65; rye ¼ to ½ lower, March $1.27¼; soybeans ¼ to ½ lower, January $2.24; and lard was 12 to 22 cents a hundred lbs. lower, January $11.90.

Stockholders OK AT&T Financing

Will Issue $718 Million Convertible Debentures; Biggest in History

NEW YORK (AP)—Stockholders of the American Telephone & Telegraph Co. have approved the biggest new financing in corporate history—issuance of $718,313,000 in convertible debentures.

At a special meeting yesterday, 53,006,754 shares were voted in favor of the issue and only 406,407 against.

★ ★ ★

The vote in favor was 99.24 per cent of the 53,413,161 votes cast. There were 64,648,178 shares eligible to vote, and approval by 43,098,786 shares was required.

Money raised by sale of the debentures will help finance AT&T's near-record expansion plans. These are set at $2,250,000,000 in 1958, the all-time high was $2,500,000,000 in 1957.

A convertible debenture is a form of bond, based on a company's credit without a specific mortgage. It can be converted into common stock upon tender of the debenture and in accordance with conversion terms.

★ ★ ★

The AT&T stockholders also approved an employe stock option plan permitting Bell System employes to buy up to seven million dollars worth of common stock over the next five years. The stock will be sold at a price 15 per cent under the market, but not lower than $100.

Five Plead Guilty, Fined for Gambling

Five of seven men arrested in the raid of a gambling party in Waterford Township early yesterday pleaded guilty later in the day to frequenting a gambling place.

★ ★ ★

Waterford Township Justice of the Peace Donald Adams fined the five $20 each and $5 in costs.

They are: Frederick Scribner, 35, of 126 Mark St.; Dorris Anderson, 32, of 345 N. Cass Ave.; Richard Deacon, 23, of 5573 Ayresbury St.; Vern Acha, 52, of 23 W. Kennett Rd.; and George Trekles, 29, of Chicago, Ill.

A sixth man, Robert Barnett, 20, of 262 N. Saginaw St., pleaded not guilty and a hearing has been set for Jan. 23.

Finis Stone, 33, owner of the Stoney Drive Inn, 3590 Elizabeth Lake Rd., where the group was arrested, was charged with keeping a building for gambling and will be examined on Jan. 23.

Livestock

DETROIT LIVESTOCK

DETROIT, Jan. 15 (AP)—Cattle, Salable 500. Early fresh receipts rather small; around 300 head carried from earlier in week; quality rather plain; utility to high good predominating; cows comprise around 35 per cent of early run; early trade slaughter steers and heifers very slow, outlet rather narrow; few sales about steady with week's decline; market not fully established; cows opening slow, few sales around steady with Tuesday's decline; few sales good to low choice steers 23.00-25.50; few utility and standard mixed offerings 17.00-23.00; bulk steers and heifers still in first hands, early sales utility cows 15.00-16.50; canners and cutters 12.00-15.00.

Hogs, Salable 400. Moderately active; butchers opened steady, but top 10 cents lower; sows steady, mixed lots U.S. number 2 & 3 190-240 lb. 19.25-19.50; mixed number 1 & 2 -975-19.00; two loads number 1 216 lb. and 221 lb. 20.15; number 1 & 2 240-300 lb. 17.50-18.50; few 245 lb. number 2 19.00-19.25; mixed 160-190 lb. 18.50-19.25; sows 300-600 lb. mixed 14.00-16.50.

Yearlings, Salable 50. Steady; choice and prime quoted 28.00-30.00; standard and good 20.00-28.00; utility 15.00-20.00; culls down to 10.00.

Sheep, Salable 400. Limited early supply slaughter lambs steady; few small lots good and choice wooled lambs 23.50-24.00; cull to choice slaughter sheep 5.00-10.00.

Revolt Shaping Up Against UAW Plan

DETROIT (INS) — A major revolt within the United Auto Workers Union appeared to be shaping up today.

Fiery President of Ford Local 600, UAW, Carl Stellato, is spearheading a drive to seek a shorter work week when contracts with the automobile manufacturers expire this June.

★ ★ ★

Walter P. Reuther, president of the international UAW, and the executive board, have recommended seeking a "share-the-profits" plan in lieu of the four-day work week demand which Reuther said was "temporarily deferred."

Stellato, however, claimed growing support from all segments of the union. He met secretly with his group backers last night to perfect strategy for carrying his four-day week fight to the UAW special convention next week.

★ ★ ★

Delegates to the convention are to approve the Reuther and executive board recommendations or adopt new contract demands.

Volkswagen Registration on Upswing in State

LANSING (AP) — Registrations of Volkswagens are on the upswing in Michigan, the secretary of state's office reported today.

The Department of State said that more than 200 of the small German cars were registered during the first 10 days of the new year.

★ ★ ★

The current upsurge in registrations is caused by the importation of used cars from Europe by Michigan dealers, it was reported. From Jan. 1 through 13, the Vehicle Services Division transferred 193 used Volkswagens from German to Michigan registry.

Gains Slashed by Profit-Taking

NEW YORK (AP)—The Stock Market staged a mighty upsurge on news of lower margin requirements today, but profit-taking slashed gains early this afternoon.

★ ★ ★

Nevertheless, the market was substantially ahead in virtually all major sections.

Dropping of margin requirements to 50 per cent from 70 per cent by the Federal Reserve Board gave Wall Street the "go" signal and it took off with a huge spurt.

Opening gains went to 2 points and beyond along a broad front. The first hour trading was a tremendous 1,260,000 shares, equal to the first four hours yesterday. The ticker tape lagged for an hour and 36 minutes and was as much as 8 minutes behind at worst.

★ ★ ★

By the end of the first hour, however, traders were cashing their profits with a vengeance as the market average neared the recovery high reached last November, a "resistance point" since then.

New Market, Tenn., was the childhood home of Frances Hodgson Burnett, author of "Little Lord Fauntleroy."

County's $51 Million Sets Receipt Record

Close to $51,000,000 passed over the counters of the Oakland County treasurer's office during the past year, it was reported today by Charles A. Sparks, county treasurer.

"The $50,938,064 represents a record amount of receipts for a year for this office," Sparks said. It also was $987,219 more than the $49,950,844 collected in 1956, he added.

★ ★ ★

This money didn't stay long in the office at 1 Lafayette St., as $50,637,004 was paid out in disbursements to school districts and municipalities, townships and villages.

The balance between receipts and disbursements reverted to special funds, Sparks said.

Some $6,285,234 more in payments went out of Sparks' office last year than in 1956. The 1956 disbursement was $44,351,770.

SALES TAX LARGEST

State aid from sales tax amounting to $18,533,991 contributed the largest sum to the $50 million-plus receipts.

There was $2,413,023 in delinquent taxes paid through the treasurer's office and another $3,250,912 paid in the form of sales tax diversion from townships, cities and villages.

Contributing the next largest amount in receipts was $1,390,810 in primary school taxes.

CHARLES A. SPARKS

★ ★ ★

Other receipts were $605,112 in inheritance tax collected for the state, $26,885 in dog license fees, $11,700 in escheats (money held by county from estates without heirs), and $855 in delinquent personal taxes.

"By re-investing surplus county funds we earned $84,926 during the year," Sparks said. "Doing the same thing for Oakland County employes' retirement funds we earned $63,334 for them last year."

FBI Arrests City Man for Leaving Prison

The arrest of James T. Fogarty, 23, of 121 Henry Clay Ave., for unlawful flight to avoid confinement was announced today by Charles Brown, special agent in charge of the Detroit office of the Federal Bureau of Investigation.

★ ★ ★

Brown said Fogarty was sought for leaving Ware Prison in Georgia, in December, 1956, where he was serving a term for burglary. Fogarty was held in Oakland County Jail and will be returned to Georgia today.

3 Persons Injured in 2-Car Collision

Three persons were injured in a two-car collision yesterday on Telegraph Road at Voorheis.

Mrs. Margie Mae Carpenter, 44, of 89 N. Telegraph, one of the drivers, was treated for hip injuries at Pontiac General Hospital and released.

The other driver, Alvah F. Butler, 35, of Dearborn, and his passenger, Howard J. Meakin, 64, of Detroit, refused treatment.

New Rating Boosts Community Bank

Community National Bank of Pontiac rose from being the 278th largest bank in the nation in 1956 to the 271st place in 1957, it was revealed today.

★ ★ ★

The announcement was made by the American Banker, a daily banking newspaper in New York.

During the year, the banks deposits rose $3,925,833, from $88,789,163 at the end of 1956 to $92,714,996 at the end of 1957.

Second Alleged Robber to Be Arraigned Monday

One of two men whose alleged armed robbery attempt was foiled by a tough gasoline station attendant was bound over to Circuit Court yesterday.

★ ★ ★

Louis Vashaw, 26, of 30727 Palmer St., Madison Heights, was arrested Dec. 27 after Joseph J. Leahy, 39, of 269 S. Jessie St. was seized on Dec. 26 by the attendant at 4 N. East Blvd.

★ ★ ★

Municipal Court Judge Maurice E. Finnegan set Vashaw's arraignment in Circuit Court for Monday. Leahy had previously waived examination and was bound over to Circuit Court.

Evans Pays Dividend

DETROIT (AP) — Directors of the Evans Products Co. of Plymouth have declared a quarterly cash dividend of 25 cents per share on common stock, payable Feb. 6, 1958.

Share Work Plan Set for Rubber Workers

DETROIT (AP) — A share-the-work plan to save jobs of employes scheduled for layoffs has been drawn up by U.S. Rubber Co. and the United Rubber Workers Union.

★ ★ ★

Peter Bommarito, president of URW Local 101, said the union and management at the firm's Detroit plant agreed that workers in some eight-hour, five-day departments would work shorter hours to provide additional jobs.

Bommarito estimated the plan will save jobs for 200 employes. The company said it would save about 100 jobs.

The plant has about 4,700 production employes.

Under the new plan, employes on a 40-hour week would work at least 32 hours a week.

★ ★ ★

Bommarito said more than 700 employes were laid off last month and another 645 were scheduled to be laid off this month.

Pontiac Street's Status Debated

Supreme Court Hears Arguments on Whether Myrtle Is Public Drive

The State Supreme Court yesterday heard arguments in a suit challenging the status of Myrtle drive in Pontiac as a private street.

★ ★ ★

A resident at the corner of Myrtle and Oakland avenue claims in a suit filed originally 2½ years ago that Myrtle is a public street and he has the right to build a driveway off it.

The resident is Ivan Bain, 320 Oakland Ave., who filed against the city with his wife, Irene, as a co-plaintiff.

City Attorney William A. Ewart said the city's position is that Myrtle never has been a public street and is too small to become one under city laws.

★ ★ ★

The street is about 15 feet wide and runs about half a block northeast off of Oakland. Residents on it have always paid for its upkeep, Ewart said. They claim it is their street and Bain has no right to connect his driveway to it, he explained.

Circuit Judge George B. Hartrick ruled against the Bains in late 1956, and the decision was appealed. Yesterday, the full high court finally heard the case. A ruling is not expected for several months.

Lodge Calendar

Special communication, Pontiac Lodge No. 21, F. & A.M., Fri. Jan. 17, 7:30 p.m. Work in FC Degree. Gerald L. Moors, WM. —Adv.

News in Brief

Oakland County sheriff detectives today investigated a breakin of a store in Leonard which netted the thieves about $14. Mrs. Adeline Henry, of 52 Elmwood, reported someone broke a window glass and stole the money.

An overturned oil stove in the basement apartment of a two-story frame house at 277 Hughes St. caused a fire at 12:50 a.m. today. Loss to the building was estimated at $300 by firemen, while loss to contents was set at $200.

SUCH POPULARITY must be deserved! A very few of these fine 3 bedroom bricks now are available. All large rooms, quality construction and select oak floors. We planned basement, easily adapted for recreation with rough plumbing for extra bath. Gas heat and hot water. City sewer and water. Sound value. FHA terms. Phone FE 8-0789.

WALTON HEIGHTS MANOR—Original owner is leaving city and offering what is possibly the most attractive home in this area. Plus landscaping 2 car garage. Ranch fencing and barbecue are only a few of the many extras you'll find here. Attractive terms to responsible people.

SYLVAN VILLAGE BRICK—Convenient terms may be available for a lucky family with good credit. 3 bedrooms, brick construction. Lake privileges. Immediate possession.

A DOLL HOUSE — for a small family. The kitchen is extra special, the bath is tiled. Oak floors, plastered painted walls. In town close to bus and stores. $7,950 and worth every cent of it.

NEAR JOSLYN — A really beautiful 1½ story bungalow. Living and dining rooms are carpeted. Kitchen is modern and has good table space. Clean painted basement with Timken furnace and auto. gas water heater. 1½ car garage paved drive, fenced lot. Only ½ block to the bus and walking distance to Pontiac Motor. Honest value for a fortunate family. Convenient terms.

AUBURN HEIGHTS — This bungalow has aluminum siding, full basement, auto. heat and a 2-car garage. The lot is 80x250 with a wonderful garden spot. Only $1,250 down. Look, compare and you'll be pleased at the $8,950 total figure.

PERFECTION IN A HOME is hard to find, but we think you'll find near perfection here. A 14x27 ft. living room has floor to ceiling fireplace, lavish carpeting and gorgeous draperies. 2 very nice bedrooms plus a 14x27 ft. activities room. 1½ baths. 2½ car garage, paved drive. At $32,900, it's a buy for that hard to please client. By appointment please.

College Boy Pat Boone Tops All the Old Pros

By EARL WILSON

NEW YORK — The "Wilson Girl" nominee I preferred this week of all those sent in was **Gloria Van Deweel** of Cleveland, now a Powers model, TV commercialist and actress.

WILSON

Gloria, a mother (recently divorced) says her figure's better than ever. Monte Proser of Las Vegas offers $200-a-week jobs to all "Wilson Girls" I select (also screen tests). Gloria couldn't accept if chosen—she'd be losing money. (If you send in pictures, include age, measurements and experience.)

GLORIA

ABC's boasting that Pat Boone's Nielsen rating tops those of all singers who started new TV shows this season (including Frankie, Gisele, Patti, Polly, Patrice and Eddie.)

This is a remarkable achievement for All-American Boy Pat and even more so in view of the fact the show hasn't received much critical acclaim in New York. It brings up the question, "How much influence do New York's millions have on the rating surveys?"

Through it all Pat has been just as homey, calm and untemperamental as when we first knew him. Imagine a college boy being tops in the ratings! Against all those "old pros."

★ ★ ★

Terry Moore's husband Gene McGrath told Terry and me that he's terribly embarrassed because so many people have told him they enjoyed Terry on Patti Page's TV show. Terry's been announced for it twice—but had to cancel both times.

Shirley MacLaine doesn't refuse to tell her age, but when I asked her, she said, "Well, I left Richmond when I was a child—three or four years ago" . . . The big fish Ernest Hemingway personally caught off Peru for "The Old Man and the Sea" weighs 1,040 pounds. "Are you going to be in the movie?" I asked Hemingway. "No," he laughed, "just the fish!"

THE MIDNIGHT EARL . . . . . .

Ed Sullivan'll have an ulcer operation next summer . . . **Cyd Charisse** made **Tony Martin** take two months off, so **Alan King'll** sub for him in Las Vegas . . . **Sugar Ray Robinson's** ex-mgr., **George Gainford,** is suing Confidential . . . **John Wayne's** current salary demand is more than $500,000 a picture . . . Actress **Luise Rainer** has settled down in London . . .

EARL'S PEARLS: The only thing taller than a Texan is his story. **That's earl, brother.**

Politics Take Back Seat for 3-Week-Old Boy

FRANKFORT, Ky. (AP)—The Kentucky Senate was debating a proposal to limit the number of honorary pages which legislators may nominate.

★ ★ ★

Sen. Ed J. Kelly hesitantly inquired during the debate: "Is it all right if I nominate someone to be an honorary page?"

He was told yes.

"Then I would like to nominate my 3-week-old grandson," he said. The nomination was confirmed.

100 Organizers Anger Leaders

AFL-CIO Heads Deny Representatives Union Bargaining Rights

CHARLOTTE, N.C. (AP)— Robert Christofferson, a union organizer for 13 years, claims he and 100 other organizers were fired by the AFL-CIO yesterday because they angered labor leaders by forming their own union.

"That is entirely the reason for my discharge—that I was a leader in forming an organizers' union to bargain with the AFL-CIO," Christofferson said here last night.

★ ★ ★

"Having failed in numerous other ways to destroy us, they fired us. "They claim we are management representatives and shouldn't enjoy collective bargaining rights. They're really afraid we'd set a precedent and their own staff would organize.

"Then they couldn't control them."

★ ★ ★

In Washington, the AFL-CIO move to abolish jobs of nearly half the 218-man organizing staff was attributed to two factors:

1. Recognition that little organizing progress has been made in recent years, and

2. The federation's loss of about a tenth of its per capita dues income when it recently expelled the Teamsters Union on corruption charges.

Top AFL-CIO officials either declined to comment or were unavailable.

★ ★ ★

Christofferson said six men were fired in Region 5, which covers both Carolinas, and all six were active in the new organizers' union, the Field Representatives Federation.

The Charlotte man said he got official notice of his firing yesterday afternoon.

He said he was given no explanation, only told he would receive a letter from the AFL-CIO headquarters in Washington confirming his discharge.

Mother on Last Visit to Son in Red Prison

HONG KONG (AP) — Mrs. Ruth Redmond held her last prison meeting with her son Hugh in Communist Shanghai today. She said there were no tears at the parting.

★ ★ ★

"I was just as good as he was," said the Yonkers, N.Y., school dietician who journeyed with two other American mothers halfway around the world for reunions with their sons in Red jails on charges of espionage.

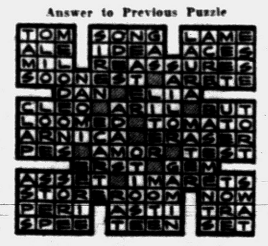

"Yes," she said when asked if she had appealed for mercy to Premier Chou En-lai. "I'm hoping. But there's been no answer yet and no indication of whether there will be."

★ ★ ★

Speaking by telephone from Shanghai, Mrs. Redmond said she would make the trip to China again if the Chinese offered her another opportunity.

At least two years of college and 12 months of technical training at a school approved by the American Medical Assn. are the requirements of a medical technologist.

Answer to Previous Puzzle

SHARP MARXMAN—Groucho Marx, comedian emcee of the quiz, "You Bet Your Life," treats interviewers to a fascinating mixture of quips and serious observations. The veteran funnyman's program is telecast by NBC Thursdays at 8 p.m. The radio version is broadcast Mondays at 8:05 p.m.

Subject of Age Irks Comedian

Claims Stars' Children Appear on TV for Just One Reason—Money

By JACK O'BRIAN

NEW YORK (INS)—One of our operatives recently cornered Groucho Marx at a Hollywood press party and discovered swiftly that Groucho had cornered him.

★ ★ ★

We found our lad's report a perceptive, uncommon insight into Groucho's politics as well as his celebrated studied impertinence. Our legman's report follows:

"How much condensation is involved in editing the film of 'You Bet Your Life'?" we asked.

"We let the show run four hours and then cut it down to 10 minutes," Groucho explained.

★ ★ ★

"Do you watch much television, Grouch—besides, of course, your favorite?"

NOT HIS FAVORITE

"No, I don't watch much television—and 'You Bet Your Life' is not my favorite show. It's a show I watch for business reasons. If a guy has a store, he watches it."

"By the way, how old are you?"

"Between 50 and 100."

Groucho suddenly became serious, even a bit angry.

"Does it really make any difference how old a man is? This whole age business is ridiculous."

The handsome young brunette who is Mrs. Marx sat beside Groucho as eloquent testimony to his true age.

"You know what else is a lot of nonsense? The reasons television performers give for having their children on shows with them.

"I'm the only one who told the truth about why my kid was on with me. Money. This whole business is phony, isn't it, John? Let's show the newspapers just how phony it is."

TOUPEE TRICK

On this cue, Groucho's producer lifted the back half of his brown toupee and showed us some skin.

"Do you like children on television, Groucho?"

"Of course I don't like to watch children perform. They have nothing to say. Most grownups have nothing to say, either."

Groucho was again serious.

"You know why I went on 'Person to Person?' Just to do Ed Murrow a favor because I liked his stand on McCarthy. That show doesn't pay you for the right to wreck your home, you know.

"Ed and I agreed before air time that he wouldn't ask any questions about how I put my show together. Then, in the middle of the interview, he threw me a curve. 'Groucho, is your show entirely ad libbed,' 'Well, let's do it now, Ed,' I told him. 'How did you meet your wife?'

" 'Oh, I happened to be taking this train when I saw her, so I sat down beside her and soon—well we got married.' 'I see, Ed. Has it always been your habit to pick up strange women on suburban railways?'

"Murrow choked a few times and then, strangely enough, there were no more questions about ad libbing."

Chemist Heads Science Drive

Dr. Wallace R. Brode Named New Adviser to State Department

WASHINGTON (AP) — The United States has selected a 57-year-old chemist to help its campaign to match Soviet science and technology.

"My feet are already under the desk," Dr. Wallace R. Brode told reporters Monday minutes after his swearing in.

★ ★ ★

Dr. Brode, for 20 years a chemistry professor at Ohio State University, is the new science adviser in the State Department. The post has languished, unfilled for two years, partly because of U. S. smugness over being the No. 1 scientific country in the world, partly because of a desire to keep the budget well trimmed.

★ ★ ★

But Russia changed that last Aug. 26 and Oct. 4. On those occasions the Soviet announced (1) they had launched an intercontinental ballistics missile and (2) they had put an earth satellite in orbit.

An old U.S. program was revived: scientific attaches in U.S. embassies abroad. To head it as science adviser, Brode was selected.

★ ★ ★

Brode told reporters it was up to Russia whether the United States sends a science attache to the U.S. Embassy in Moscow.

"I see no impediments on our side," he said.

Brode said his first task will be to organize a staff in the State Department to help him in his $16,000-a-year job. After that, he said half a dozen science attaches will be sent abroad.

★ ★ ★

England, India and Japan undoubtedly will get science attaches he said. Other countries are under consideration. But he pledged that every area in the world will be covered by a U.S. science attache stationed in half a dozen or more U.S. embassies abroad.

Brode is president of the American Assn. for the Advancement of Science.

Seeing Eye Dog Forced to Retire From Politics

CHICAGO (AP)—Dutchess, a German shepherd Seeing Eye dog, whose bite was as bad as her bark, has been retired from Chicago politics.

Her blind master, Alderman Herbert F. Geisler, said, "When a politician cannot talk to his constituents without his dog growling and nipping at them, that's bad."

★ ★ ★

Geisler explained that after nearly nine years of attending Chicago City Council meetings, Dutchess got jealous of anyone who approached her master.

Policemen were her special targets for nips and bites.

★ ★ ★

"She was frightening everybody," Geisler said. "People were afraid to come up to talk to me."

Geisler recently sent Dutchess back to the Seeing Eye Foundation at Morristown, N.J., "to have some of the bark and bite trained out of her."

But it didn't do any good. Dutchess was found hopelessly alien to crowds and will be given to someone not around other people so much.

Geisler's new guide dog, Phoebe attended a Council meeting yesterday and generally had a fine, well-behaved time.

"Maybe," observed one City Hall cynic, "she has not been around aldermen enough to know better."

Slippery Character Slipped to Downfall

LOUISVILLE, Ky. (AP)—It wasn't a slipup which led to Francis S. Beck's downfall — it was a slip down.

Police arrived at a store to investigate a break-in.

Beck, 35, clung out of sight under a car for several minutes. But his hands finally slipped on greasy parts. Officers heard him fall and nabbed him.

He was charged with storehouse breaking.

In 1752 Benjamin Franklin succeeded in his famous experiment of flying a kite in a thunderstorm and sending a charge of lightning-generated electricity into a Leyden Jar.
