FALL FOR EACH OTHER — Two sky diving enthusiasts drop in on their wedding reception a mile below after being married in a small plane high above the Canton, Ohio, airport yesterday. Alvin Lownsbury, 31, of Copley and Patricia Cristy, 22, of Akron said their vows and then, clasping hands, jumped from the plane. They landed at the airport where the wedding reception was held.

Weather Brings Crowded Parks

Pontiac area parks and beaches were filled to capacity yesterday as temperatures soared into the 90s and thousands of people sought relief from the stifling heat which continues today.

The mass exodus from the city resulted in monumental traffic jams on roads leading into some of the parks.

A crowd estimated at 46,500 flocked into Kensington Metropolitan Park, and Metropolitan Beach was loaded to capacity by 11:35 a.m., according to Chief Ranger Robert Skellenger.

Traffic was jammed two miles from the entrance during the afternoon as cars were admitted on a space-available basis.

Highland State Recreation Area also ran out of parking space, resulting in a mile-long traffic jam on each side of the Ford Road entrance.

★ ★ ★

Park Manager Alfred Masini said the beach had to be closed at 11 a.m. when the crowd reached a peak of 15,120.

EARLY START

Fun-seekers also got an early start for Dodge State Park, No. 4, where the beach had to be closed at 11:30 a.m.

Park Manager Carlton Althoff estimated the crowd at 12,000.

Two drownings were reported in the county. One at Upper Straits Lake in West Bloomfield Township and one at Cass Lake in Waterford Township.

A near-tragedy was averted at Sunshine Beach in Shelby Township when Frank Napora, 20, of Center Line, was rescued by Lifeguard Robert Sugamosto and given mouth-to-mouth resuscitation by Shelby Township firemen.

LISTED 'IMPROVED'

He was removed to Avon Center Hospital in Rochester, where he was listed as improved this morning.

Pontiac area beaches will continue to be popular spots this week if Weather Bureau predictions of a heat wave hold true.

Accidents Kill 3 in County

Man Is Crash Victim; 2 Teen-Agers Drown

Tragedy struck three times in Oakland County over the weekend—twice in area lakes where boys drowned and once on the highway, where a father of three children was killed.

The victims of the accidents are Larry Morehead, 13, of 477 Luther; William Wanhala, 18, of Calumet; and Claude W. Abbott, 23, of 3621 Gainesborough, Orion Township.

MOREHEAD

Sheriff's office skin diver Medward Tessier recovered Morehead's body in Cass Lake at Dodge Park No. 4 at 6 a.m. yesterday.

The youngster had gone swimming at the park in Waterford with two companions Saturday afternoon but was not reported missing until 11 p.m.

It was believed that he had come home alone and was in the neighborhood.

Wanhala, a nonswimmer, drowned in Upper Straits Lake in West Bloomfield Township shortly after arriving with his cousin and another companion at 3:15 p.m.

His cousin, Keith Collins, 16, of 23057 Violet, Farmington Township, told sheriff's deputies that they left William standing in the water while they went to get a rubber mattress.

★ ★ ★

They had planned to tow Wanhala to a raft but when they returned they could not find him among the 300 swimmers.

LODGE IS LAUDED—President Johnson praises Henry Cabot Lodge's service as ambassador to South Viet Nam as he speaks briefly at the White House today with Lodge at his side. Lodge resigned his envoy post to return home and fight for the Republican presidential nomination for Pennsylvania Gov. William W. Scranton.

Says Viet War on the Track, but GOP Isn't

Indicates He'll Seek Ike's Help to Stop Barry's Nomination

WASHINGTON (AP) — Henry Cabot Lodge declared today that he considered it a higher duty for him to return home and fight for the Republican presidential nomination for Gov. William Scranton than to remain as U.S. Ambassador to South Viet Nam.

He told a White House news conference, after receiving a glowing farewell from President Lyndon B. Johnson, that he felt the war in South Viet Nam was "on the track," while "I felt the Republican party is not on the track."

Affirming that he did not believe it was too late for Scranton to head off the front-running Sen. Barry Goldwater for his party's presidential nomination, Lodge strongly indicated he would attempt to enlist former President Dwight D. Eisenhower's active support for Scranton.

Lodge helped engineer Eisenhower's nomination in 1952.

He said he had been talking to the general since 1941, when they were both on army maneuvers in Louisiana, and that he was "too old to stop now."

★ ★ ★

Lodge returned to a theme he had hammered upon on his arrival four hours earlier, at Andrews Air Force Base — the duty of both political parties to nominate men who are prudent and not impulsive.

He said that the President of the United States is the man who makes the decision about the use of the atomic bomb.

"That is something that is very real," he said.

"There is a threshhold below

Goldwater, Scranton Talking to Delegates

WASHINGTON (AP)—The two leading candidates for the Republican presidential nomination plunge into the last two weeks of preconvention campaign today, still trying to line up convention delegates.

Sen. Barry Goldwater of Arizona, the front runner who can win on the first ballot if he keeps the delegates credited to him in an Associated Press survey, meets tonight with the big New Jersey delegation in Trenton.

Gov. William W. Scranton of Pennsylvania, battling hard to forestall a first-ballot victory by Goldwater in hopes that he can win it on a later roll call, heads south today for chats with delegates from North Carolina, Georgia and Tennessee.

Tomorrow, both men address the key Illinois delegation in Chicago.

Also on the political schedule this week are a primary election in North Dakota tomorrow and meetings of the Rhode Island Republican and Democratic state committees today and Wednesday, respectively.

The area will bake in ovenlike temperatures through tomorrow, says the weatherman. The mercury will dip to 64 to 71 tonight, and climb to 87 to 94 tomorrow.

It'll be generally fair with increasing humidity.

Wednesday's outlook is partly cloudy and continued hot and humid with possible thundershowers.

★ ★ ★

The five - day weather forecast calls for temperatures seven to nine degrees above the normal high of 83 and low of 64. Precipitation will total about ¼ inch in scattered thunderstorms at the end of the week.

The lowest mercury reading in downtown Pontiac prior to 8 a.m. today was 71. Today's expected high is 90 to 97.

LBJ Warns Country It Must 'Risk War'

WASHINGTON (AP) — President Johnson says the United States "must be prepared to risk war" to keep its freedom, yet ready to "seek just compromise" to achieve peace.

This was Johnson's keynote message yesterday as he ended a three-day trip into Michigan and Minnesota. He took up the matter of war and peace in his only nonpolitical speech of the trip, at a Swedish Day festival in Minneapolis.

Facing thousands of cheering Minnesotans who stood under shade trees in Minnehaha Park, Johnson said:

"Today, as always, if a nation is to keep its freedom it must be prepared to risk war. When necessary, we will take that risk. But as long as I am president, I will spare neither my office nor myself in the quest for peace."

In South Viet Nam, Johnson said, "We are engaged in a brutal and bitter struggle for the freedom of a friend" and "we will stand firm to help maintain freedom and give them counsel and advice and help as necessary." This was a change from his prepared text, which read, "There too, we will use the force necessary to help them maintain their own freedom."

★ ★ ★

Johnson had this to say about compromising East-West differences in the interest of peace:

HONEST CLASH

"We must remember that differences with others do not always flow from a desire for domination. They can come from honest clash of beliefs or goals. In such cases our strength does not entitle us to impose our interest. Rather, our desire for peace compels us to seek just compromise."

In discussing "the several paths we take to peace," Johnson made some pointed statements about the civil rights problem at home in talking about "the ability to adjust disputes without the use of force."

Johnson said that in the pursuit of justice, the nation can find guidance "here in our own country's historic pledge to the rule of law."

★ ★ ★

Speaking as much about civil rights as the quest for international peace, Johnson said:

★ ★ ★

"As a president of the United States, and as an individual citizen, I stand totally committed to the integrity of justice and the enforcement of the law."

2 AF Planes Collide in Air

3 Dead, 14 Missing in Gemini Exercise

HAMILTON, Bermuda (UPI) —Two U.S. Air Force planes collided in flight today while engaged in Project Gemini moonshot exercises and plunged into the sea two miles offshore.

★ ★ ★

Early reports said three crewmen were killed, seven others rescued, and 14 were missing.

Eyewitnesses said at least two men bailed out of the planes in parachutes. Police reported rescue launches were recovering "parts of bodies" from the wreckage of the two planes.

Rough seas were reported impeding rescue efforts. The crash site was south of the Castle Harbour entrance.

★ ★ ★

The collision occurred only minutes after one of the planes had dropped a para-medic rescue squad into the sea in a simulated astronaut recovery operation.

IDENTIFY PLANES

In Washington an Air Force spokesman said preliminary word from Bermuda was that the planes were an HC54, a military resue version of the old DC4, and an HC97, a military rescue version of the Boeing Stratocruiser.

Neutralists Attack

Laos Red Buildup Grows;

VIENTIANE, Laos (AP) — Laotian Air Force T28 fighter-bombers flew sorties between breaks in Laos' monsoon weather today against Communist forces building up around the last Neutralist stronghold near the Plaine des Jarres.

Neutralist Gen. Amkha Soukhavong said in Vientiane the forces of the Pathet Lao continued to move into positions around Muong Soui, which straddles a road that leads to this capital and connects with one leading to the royal capital of Luang Prabang.

Prince Souvanna Phouma, the Neutralist premier, told a news conference yesterday the Communists had massed an estimated 8,000 men and artillery for an attack on 3,000 Neutralist troops dug in to defend Muong Soui.

LONDON (AP)—The United States, Britain, Canada and two pro-Western Asian nations — Thailand and South Viet Nam — today urged an immediate cease-fire in Laos. They called for a withdrawal of pro-Communist Pathet Lao forces from military positions won recently in north central Laos.

Bell Rate Cut to Affect 783 in This Area

Many Michigan Bell Telephone Co. customers in the Pontiac zone will benefit from an over-all $29,000 rate cut announced today by Public Service Commission chairman Peter Spivak in Lansing.

★ ★ ★

Bell customer savings will result from an enlargement of the base rate area within the Pontiac zone. Those presently beyond the base rate area in a zone pay mileage charges for urban service.

The Pontiac base rate area is being extended north and west within the following boundaries:

From Taylor Road to Giddings Road to Waldron Road to Rohr Road, and west from Pontiac Lake to Hiller Road, Cooley Lake and Starlett Road.

★ ★ ★

A total of 783 customers within these areas will receive rate reductions of at least $1.50 a month.

Pontiac zone customers living beyond the new base rate also will find their phone bills reduced by $1.50 to $8.75 a month because of new schedules showing them to be shorter distances from the base rate area.

UAW-GM Bargaining Starts Tuesday

DETROIT (AP) — Tomorrow marks the beginning of what advance indications point up as possibly the roughest, toughest contract bargaining since unions won a toehold in the automotive industry 27 years ago.

The United Auto Workers and General Motors Corp. are matched for the first set, opening at 10 a.m. tomorrow in the GM headquarters building here. The UAW and Ford square off on Wednesday; the UAW and Chrysler Thursday. Little American Motors gets into the act July 8.

Profits of the auto-makers are the highest in history and the union never had a longer list of bargaining proposals.

The UAW's strike fund tops $65 million, an all-time high.

★ ★ ★

Henry Ford II has served notice that his company will not shy away from a strike if the union insists on the bulk of its announced goals.

CURRENT CONTRACTS

Politics may get mixed up in the bargaining.

Current three-year contracts with the Big Three run out Aug. 31, when the presidential race will be getting up a full head of steam.

President Johnson already has warned labor and industry generally there must be no agreements which would force price rises.

Auto industry contracts often set national wage-settlement patterns.

HALF MILLION WORKERS

Alone they cover more than half a million workers, and the UAW insists that approximately as many more members in supplier plants and in the agricultural implement and aerospace industries fare as well.

The President's Council of Economic Advisers has proposed in a set of "guidelines" that wage advances be geared to increased productivity, which it estimated at 3.2 per cent annually for industry in general.

But UAW President Walter P. Reuther insists automation shoots up productivity in the auto industry at the rate of 4.9 per cent and has announced this as "a minimum goal" this year.

While making monetary gains important, the union has given top priority to earlier retirement and higher pensions on the economic front.

These, it insists, would create job opportunities for young folk coming into the labor force and the unemployed.

The average wage of auto production workers now is $3.01 per hour. And the union has served notice it will insist on keeping and raising the so-called annual improvement factor.

To Probe Leak of Oswald Facts

WASHINGTON, (UPI) — The Warren Commission investigating the assassination of President John F. Kennedy was expected today to look into the publication of portions of the diary of Lee Harvey Oswald, accused of the crime.

Contents of the diary, which is in the commission's hands, were described in a copyright story over the weekend by the Dallas Morning News, touching off complaints about the document's release.

★ ★ ★

Rep. Gerald R. Ford, R-Mich., a member of the blue-ribbon panel headed by Chief Justice Earl Warren, said the diary's contents were not revealed by anyone associated with the commission.

He said he expected the matter to be brought up at the commission's meeting today, and said he was "disturbed" over publication of parts of the diary dealing with Oswald's life in the Soviet Union.

★ ★ ★

References to the diary are expected to be included in the commission's report, which may be issued in a week or two.

INVESTIGATE LEAKS

William A. McKenzie, attorney for Oswald's widow, Marina, asked commission counsel J. Lee Rankin to investigate leaks of information, including the diary, to the press.

Rankin said he had been able to assure McKenzie that no one on the commission had been responsible for releasing the diary. He said he could make no comment on whether the commission would investigate the matter.

"The release and printing of the diary by anyone else prior to the commission's report is an invasion of privacy including personal property and publication rights that belong to Marina Oswald and her children," MacKenzie said.

★ ★ ★

"It is deplorable to me that someone, possibly in an official position paid by the taxpayers, perhaps for money, has leaked or given part of the evidence . . . to the press on the eve of the Warren Commission's report," he added.

COPIES OF DIARY

McKenzie said he had been told "by a responsible member of the Dallas police department" that the Dallas police, the FBI, the Secret Service, the Dallas district attorney's office and the U.S. Attorney General's office also had copies of the diary.

He said Mrs. Oswald no longer had a copy of the document.

Solon to Seek Senate Seat

12 County Townships Included in District

Paul M. Chandler, state representative from Northwestern Wayne County, today announced his intention to be a Rebpulican candidate for the new State Senate District for that area and part of Oakland County.

Publisher of a chain of weekly newspapers in Livonia, Plymouth and Redford, Chandler is seeking the 14th Senate District seat.

Twelve townships on the west side of Oakland County are included in the district besides the northwest corner of Wayne County.

"One of the most attractive things about running in this new district is that it would permit me to serve a substantial number of the same people I presently represent," said Chandler.

★ ★ ★

A graduate in political science from the University of Michigan, Chandler, 44, lives at 15715 Southampton, Livonia.

He won election to the House in 1962, and describes himself "as grouped with the Republican moderates in Lansing" and "an active supporter of Gov. Romney."

SEARCH STEPPED UP—At the location on Mississippi Highway 21 northeast of Philadelphia where a civil rights trio's station wagon last week was found burned, FBI agents and state highway patrolmen today set up a roadblock and stopped all traffic. The lawmen are pressing the search for clues concerning the car burning and subsequent disappearance of the civil rights workers, missing since June 21.

In Hunt for 3 Missing Bias Foes

U.S., Mississippi Set Up Roadblock

PHILADELPHIA, Miss. (AP) —The Mississippi Highway Patrol and FBI agents questioned motorists at a roadblock today whether they knew anything about the three missing civil rights workers.

The latest report from the roadblock on Highway 21 about 21 miles northeast of Philadelphia, said no useful information had been obtained.

★ ★ ★

The roadblock was set up near where the civil rights workers' burned-out station wagon was found last Tuesday. Each driver was asked whether he knew anything about the disappearance, or whether he knew anyone who did.

Officers explained that the state highway is only lightly traveled and that some of the drivers who passed that area today might have passed there last Monday.

REPORT PROBED

Authorities also probed a report that two young white men were seen standing beside a station wagon similar to the one used by the three civil rights workers shortly before they vanished eight days ago.

The widespread search for clues in the baffling disappearance of Michael Schwerner, 24; Andy Goodman, 20, both of New York; and James Chaney, 22, a Meridian Negro, continued in this red clay hill section of east-central Mississippi.

★ ★ ★

One hundred sailors from the Navy's airfield at Meridian rejoined the highway patrol and FBI to search west of this town of 5,000 as other officers dragged small lakes and streams.

Chief investigator Gwin Cole of the highway patrol said one witness had reported seeing a station wagon near a side road in the Bogue Chitto swamp near the spot where the burned vehicle used by the missing trio was found last Tuesday.

SAW VEHICLE

The witness, Cole said, spotted the station wagon and two men, whom he described as "of similar appearance" to Goodman and Schwerner, last Monday before noon.

At least six persons have told authorities they had passed the site around 11 a.m. last Monday and saw nothing.

★ ★ ★

Choctaw Indians confessed they stripped the hubcaps off the burned-out vehicle about 5 p.m. last Monday.

Some 275 more summer volunteer civil rights workers poured into this racially tense state over the weekend. Goodman had arrived the previous weekend in the advance guard of about 175 collegians from the north and west.

KEY PROJECTS

The students will work with the Council of Federated Organization's Negro education and voter registration projects. The council coordinates activities of the major civil rights groups operating in the state.

A proposal to put up roadblocks around two industrial plants in the Philadelphia area was abandoned. FBI agents had planned to question each worker on every shift whether he knew anything connected with the disappearance.

★ ★ ★

The plan was abandoned when it was found that one plant closed for a week's vacation, and the other one was situated in the town itself, and roadblocks would virtually paralyze a large area.

Goodman, Schwerner and Chaney were last seen late on the night of June 21 when they posted a $20 bond after being arrested here for speeding.

which no party should go in nominating a man for the presidency," he emphasized.

"Both parties should nominate for president a man who is not impulsive or imprudent."

"The one thing he cannot be is imprudent and impulsive," he repeated.

He said that he feels that Gov. Scranton is the "best man we can produce. He is not impulsive and not imprudent."

Asked if he regarded Goldwater as impulsive, Lodge said that he would not say so, but "people can draw their own conclusions."

★ ★ ★

President Johnson and Secretary of State Dean Rusk talked for almost an hour with Lodge in the President's office. Then the President led his former ambassador into the Cabinet room, where photographers and newsmen were waiting.

Johnson said that Lodge had given him a complete report on the situation in Viet Nam. He said Lodge had served "with great distinction, and has earned the gratitude of not only Viet Nam, but of the people of the United States."

Lodge said that he felt that the situation in Viet Nam is "well organized now, the doctrines are clearer, and there is a fine understanding between Vietnamese and American officials."

★ ★ ★

"Things are on the right track there," he said.

Lodge spent 45 minutes at the Pentagon conferring with Secretary of Defense Robert S. McNamara and Gen. Maxwell Taylor, his successor in Viet Nam.

Faulty Wire in Heartbeat Timer

120-Mile Dash Saves Boy From Death

LONDON (AP) — Andrew Stone — a hole-in-the-heart boy — was reported to be feeling well today after being taken on a 120-mile dash through extra heavy Sunday traffic for repairs to the machine which keeps him alive.

Last December, 4-year-old Andrew became the country's first child to be given an electric heartbeat timer, called a pacemaker. Built into his chest, the pacemaker keeps the boy's heart ticking.

At home in Bristol yesterday, Andrew's father, Ernest Stone, noticed that Andrew's pulse had dropped to a 54-beat. The boy's lips were blue.

★ ★ ★

Alarmed, the father telephoned London's St. George Hospital — where the pacemaker had been installed. Doctors told him there was only one thing to do — rush the boy to London. Bristol is 120 miles west of London.

★ ★ ★

"The traffic was extra heavy," said the father, "and my car is 14 years old."

The doctors told them to forget about the age of the car, to push it all he could.

While Andrew was being transferred to his father's car, the London doctors got in touch with five police departments between London and Bristol. So, with a squad car from Bristol leading the way, the mercy dash started.

"The police were wonderful," said Andrew's father. "I've never driven so fast in my life. Everything was stopped for us. We went through all the red lights that lay in our way."

★ ★ ★

When the car reached the hospital the doctors discovered a faulty wire in the pacemaker. This was quickly repaired, and the boy's pulse became normal again.

SLOWER TRIP

"It took the doctors about 45 minutes," explained the father, "and after a bit of a rest, we started home again. We went much slower on the return trip."

R. Kennedy Thanks Poles

Calls U. S. Relatives Key to JFK Victory

KRAKOW, Poland (AP) — Robert F. Kennedy told a wildly cheering crowd in this southern Polish city today that his late brother, John F. Kennedy "wouldn't have been elected president if it wasn't for the support of the Poles" in the United States.

★ ★ ★

"As a Kennedy, I thank you, and as a United States citizen, I thank you," the visiting U.S. attorney general said in an impromptu speech while standing on top of a car in Krakow's central market square.

More than 3,000 Poles serenaded him with a chorus of "Sto Lat," which means "May he live a hundred years."

Enthusiastic cheering for Kennedy and his party began almost as they reached downtown Krakow from the airport.

★ ★ ★

A crowd of several thousand forced Kennedy's motorcade to halt in tiny St. Anne's Street.

When the attorney general got out, the people hoisted him to their shoulders with cries "Long live Kennedy."

BEST WISHES

One man shouted — "give our best wishes to the (late) president's wife and children."

To greet the throngs, Kennedy, his wife, Ethel, daughter Kathleen and sons Joseph and Bobbie climbed atop a Soviet-model zis limousine, provided for them by Krakow's mayor, Zbigniew Skolicki.

When the steel roof of the car sagged inward, a Kennedy aide said: "Tell them we will pay for it."

Police had to open a passage through the crowd to enable Kennedy to reach 600-year-old Jagellonian University.

CHEERED AT COLLEGE

There, several hundred students cheered him in the arched inner court of the Collegium Maius, the most ancient building of the university.

Later, in market square, Kennedy and his party introduced a new song to the cheering crowd.

It was "When Polish Eyes Are Smiling" — to the tune of "When Irish Eyes Are Smiling."

Commission Will Hear Cigarette Vendors Report

BIRMINGHAM — Owners of cigarette vending machines in the city will report to the City Commission tonight on the progress of their self-regulation program.

The program was started in April to control the sale of cigarettes to minors.

The owners were given four months to try out the project in preference to adoption of an ordinance then being considered by the commission.

Two weeks ago Police Chief Ralph W. Moxley reported that cooperation from local businessmen had been good although that of the owners "leaves something to be desired."

★ ★ ★

Paul Gold of the Michigan Cigarette Vending Co. in Detroit, chairman of the owners' committee, will report tonight that all owners operating machines in the city have been contacted, with the exception of three who cannot be located.

"Minors Are Forbidden" decals were posted on each machine along with the name, address and telephone number of the owner, Gold noted.

He said four machines were repositioned to assure adequate supervision and 10 were removed when it was found they could not be relocated.

The owners requested the chance to try self regulation when the commission began consideration of the ordinance which would require an $8 license fee and $2 transfer fee.

Accidents Kill 3 in County on Weekend

in six feet of water about 150 feet off shore and near where he was last seen.

Mouth-to-mouth resuscitation by Collins and members of the West Bloomfield Township fire department failed to revive the youth.

Wanhala has been in the area only a week, staying with an aunt in Detroit while working as an apprentice welder with a Dearborn firm.

Abbott was killed shortly before 9:30 p.m. yesterday in a crash on Baldwin, just off I-75 in Pontiac Township.

He was a salesman with Sears Roebuck Co.

★ ★ ★

The driver of the other car, Booker T. Grant, 47, of 2720 Hogarth, Detroit, was being held by the Oakland County Sheriff's Office for investigation of manslaughter.

The accident is still under investigation, but deputies said Grant, southbound on Baldwin, was attempting a U-turn when he struck Abbott's oncoming car, causing it to go out of control and overturn.

Grant and his four passengers, including three young children, were not injured.

After Grant struck Abbott's car, Grant's car spun around and hit a car driven by Ruby K. Blanchard, 39, of 233 W. Ypsilanti and had just pulled to a stop. She and three passengers were not seriously hurt.

★ ★ ★

Service for Abbott will be 11 a.m. Wednesday at the Huntoon Funeral Home. Burial will be in Bloomdale Cemetery.

Surviving besides his wife, Jean, are three children, Mark, Timmy J. and Melinda B.; his parents, Mr. and Mrs. Charles C. Abbott; four brothers; and a sister.

Walter J. Behn

Service for Walter J. Behn, 84, of 5000 Brookdale, Birmingham, was held Saturday afternoon at Bell Chapel of the William R. Hamilton Co. with cremation in White Chapel Memorial Cemetery, Troy.

Mr. Behn died Thursday after a five-month illness. He formerly worked for the old Hudson Motor Car Co. retiring in 1929.

He left no immediate survivors.

Mrs. Orin M. Robertson

Service for Mrs. Orin M. (Fern J.) Robertson, 56, of 33 Valley Way, Bloomfield Hills, will be 2 p.m. Wednesday at the Manley Bailey Funeral Home, Birmingham. Burial will follow in White Chapel Memoral Cemetery, Troy.

Mrs. Robertson died yesterday. Memorial service will be held at 7:30 p.m. tomorrow by Eagles Lodge No. 2449, Hazel Park.

Mrs. Robertson was a member of the auxiliary to the lodge and the auxiliary to Birmingham-Bloomfield Metropolitan Club Spirit No. 9.

Surviving besides her husband are a son Thomas, at home, and a brother.

JUDGE PHILIP PRATT

Jurist Plans County Race

Judge Pratt in Bid for Two-Year Term

Judge Philip Pratt, an appointee of Gov. George Romney to the Oakland County Circuit Court bench, said today he would seek election this fall to a two-year term.

He received one of three judicial appointments made last year in an expansion of the county court system.

If elected, he would be eligible to run for a longer term in 1966 when staggered terms called for in the new state constitution are established.

Pratt, 39, of 482 W. Iroquois is a native of Pontiac. He attended the city's public schools before enrolling at the University of Michigan, where he received his law degree in 1950.

★ ★ ★

His college education was interrupted by World War II service in the Army OSS. He became an intelligence agent in China and served eight months behind enemy lines, for which he received the Bronze Star.

PROSECUTOR ROLE

Pratt became an assistant county prosecuting attorney in 1951, the same year he was admitted to practice, and continued in this post until 1953.

From then until his appointment as judge, he was in private law practice.

He is a former president of Oakland County Bar Association; is county chairman for project HOPE; a director and vice president of the Legal Aid Society, and a director of the Religious Assistance Association.

He holds membership in the Pontiac Rotary Club, Knights of Pythias, Elks, and Order of Ahepa, is on the Pontiac Area United Fund budget panel and is a former American Red Cross chapter director.

Rhode Island's general assembly met for the first time in 1647.

FALSE TEETH
Slipping or Irritating?
Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

Reds Cite Success of Hydrofoil Ship

MOSCOW (AP)—Soviet ship designer Rostislav Alexeyev has joined two turboprop engines from an IL18 airliner with a ship's hull named "Stormy Petrel" and propelled 150 passengers at 68.75 m.p.h., Tass reports.

The Soviet news agency said this is the first of a fleet of such hydrofoil ships and an advance over the May Alexeyev diesel-powered hydrofoils now in river service.

It Seems to Me . . . .

Current Situation in Cyprus Shows Unrest Still Rampant

This Cyprus situation isn't good.

★ ★ ★

Greeks occupy four-fifths of the island and the Turks one-fifth. The Greeks naively suggest that if the world will just look the other way, they'll handle everything satisfactorily. And the belligerent Turks shout: "never."

★ ★ ★

At one time the Turks were ready to move in with military might but President JOHNSON intervened. Since then, he has had representatives of both countries in Washington.

★ ★ ★

Both seem ready and willing — if not actually eager — to go to war. However, our own Nation is just as determined that there won't be an all-out, shooting affair and our word carries considerable weight. Your Uncle Samuel is underwriting the military activities of both nations. Therefore, it seems extremely unlikely that he would approve of subdivision "G" attacking subdivision "T" in the light of our own commitments. Our Sixth Fleet just happened to be in just the right place the other day at just the right moment.

★ ★ ★

An equitable settlement will be difficult and won't occur right away.

Tempers are too volatile.

But a "shooting war" is unlikely.

What's Happened? . . . .

DWIGHT D. EISENHOWER hasn't exactly been a ball of fire or a thrilling inspiration to the GOP since he finished his second term. Currently he wobbles about like a cork in a heavy sea and pursues the same purposeless path.

The party expects more. In the matter of national leadership, Ike is turning out to be a big disappointment. Are his advisors to blame or is this wishy-washy, namby-pamby policy purely his own idea?

It isn't becoming to an ex-President.

Topless Suits . . . .

Topless bathing suits for the gals strike a dismal and negative note. When we were in Istanbul, London dispatches hinted at this in Britain, but it sounds like the pipe dream of a crackpot.

However, the move spreads.

★ ★ ★

Originally, it was confined to bathing suits, but now it includes formal and work-a-day dresses. Already there have been arrests in the United States. One manicurist reported for work without a top and a few hours later, she was hustled off to the hoosegow. Another misfit went in swimming and was escorted to the local bastille where she can ultimately explain to the judge.

★ ★ ★

How low can we sink?

Has good taste departed?

Mark this! Before the summer wanes, some of our lovely 400 Oakland County lakes will be desecrated by some of these half-wits.

Swift arrest is the only answer.

Do you agree?

Admirable Trait? . . . .

President LYNDON B. JOHNSON is becoming a problem to the secret service. Frequently and without warning, the good man insists on breaking away from his "guards and protectors" just to shake hands with Mr. and Mrs. Average Citizen.

★ ★ ★

This occurs in crowds, on trips and right at the White House itself. Many times he has wandered through gates to gab with visitors who were merely "on the outside looking in." It all falls under the heading of a very estimable and democratic gesture, but the Nation has too big a stake in the man to make it an admirable practice.

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

They tell me the annual turnover among life insurance salesmen leads the business list proportionately. Some 50,000 toss in the sponge every year. . . . . A Milwaukee baseball official leads a campaign to have all summer games played in the North and all spring and fall games in the South. Another wants all schedules reduced 50% with double-headers every Saturday, Sunday and Holiday and other dates blank. . . . . There are ten $10,000 bills in circulation. A very careful search reveals I haven't a single one.

★ ★ ★

CYNTHIA

Trusted scouts tell me Cynthia Zaremba deserves mention as one of the attractive young ladies in the area. . . . . Overheard: "Before going further, I want to make one thing plain: I belong to no organized party I'm a Republican." . . . . . It was just 60 years ago that Oscar Chanute said: "When man succeeds in flying through the air, it will greatly diminish the chance of war." . . . . . Several people agree that TV's "Stump the Stars" is a pretty dreary piece.

★ ★ ★

Overheard: "That girl's so emotional, she cries every time ELIZABETH TAYLOR gets married." . . . . . Over a ten-year period, DORIS DAY is the biggest feminine "wage earner" in all Hollywood. . . . . Dept. of Cheers and Jeers: the C's—all area high school seniors who graduated; the J's — the Supreme Court rulings on new State districts.

—HAROLD A. FITZGERALD

IN Michigan a 17-year-old girl married a 74-year-old man. This may seem a marked disparity in ages now, but if they live until he is 114, she will be half as old as he.

THE way teen-agers snort around and speed in sports cars causes one to wonder if they (the cars) aren't equipped with power accelerators.

THE average confirmed bachelor contributed to the happiness of a number of women—by not marrying them.

'What A Mess You're In!'

David Lawrence Says:

Public Indifferent to Debt Spiral

WASHINGTON—Congress has just found itself compelled to raise the public debt limit to $324 billion—the highest in American history.

LAWRENCE

The Treasury Department, moreover, has predicted that another $6 billion will be added to the debt in 1965 and another $3 billion in 1966.

Only vague hints are being given that maybe some day the budget will be balanced, and there is no sign as yet of any effective steps being taken to achieve that goal.

The most significant aspect of the whole problem is the general indifference with which the American people are treating the unsound trend in government finance.

Maybe it's because people do not know what is really involved and what the dangers are that lurk behind the steady increase in the public debt.

★ ★ ★

Maybe it is because many government officials of the so-called "liberal" school of thought have been successfully "brainwashing" many citizens into believing that it doesn't matter how high the deficits are piled up and that an artificial prosperity can continue indefinitely when it is based on money borrowed to pay deficits.

NEW SCHOOL

A new school of thought has arisen lately in America which insists that a business depression is improbable, if not impossible.

There is an attitude developing that, as soon as the effects of the current tax reduction wear out, another pump-priming stimulus can be provided through a second tax cut.

Such tactics, however, ignore the danger of a loss of confidence by the public due to major developments in the economic world.

★ ★ ★

Here, for example, are some possible contingencies:

1. A run on gold and on the dollar. This would require strong counteractive steps such as import controls, capital controls, tighter money—all of which would tend to depress business.

RECESSION RESULTS

2. Tightening of credit. If more inflation develops and money is sharply tightened, there would be a recession.

3. A speculative spree in stocks or commodities.

4. Economic trouble abroad.

5. A strike in a major industry, such as railroads or steel. This could bring a setback in general business.

6. Political developments indicating policies which involve more and more spending of money borrowed to meet budget deficits. This could foreshadow a further depreciation of the dollar.

The important factor in almost every one of the possible causes of a business decline is public confidence.

The average man didn't pay much attention to what was happening in the late 1920s, even though there were some danger signs on the economic horizon.

★ ★ ★

It is only when the debacle really comes and confidence is weakened almost overnight that people begin to wonder why they didn't notice sooner the clouds gathering in the sky.

★ ★ ★

A steadily rising public debt and a continuously unbalanced budget form just such a cloud.

Thoughts

Who builds his upper chambers in the heavens, and founds his vault upon the earth; who calls for the waters of the sea, and pours them out upon the surface of the earth — the Lord is his name.—Amos 9:6.

Who guides below and rules above, the great disposer and mighty king; than He none greater, next to Him can be, or is, or was; supreme, He singly fills the throne.—Horace.

His Speeches Wear Thin

Haiti's 'Lifetime' Ruler Is in an Oratorical Rut

By LOUIS UCHITELLE

PORT AU PRINCE, Haiti (AP) — Francois (Papa Doc) Duvalier, riding high politically as Haiti's lifetime president, is oratorically in a rut.

Duvalier's speeches are beginning to wear thin in this Negro nation of 5 million.

He sticks with little variation to a few favorite themes: His own glory as a builder of the nation; black nationalism; what he'll do to any invaders; the importance of his civilian militia, a desire for foreign investments. . .

The 57-year-old dictator spoke for 90 minutes last Monday at his inauguration in the National Assembly as president for life.

★ ★ ★

But few people seemed interested.

WHAT'S NEW?

Duvalier's themes had become so familiar that even a loyal Duvalierist didn't bother to listen, asked later, "Did he say anything new?"

A physician-politician who has held the presidency since 1957, Duvalier formerly rarely spoke more than three times a year and then only briefly.

That has changed since he announced in April that, at the request of the people, he would take over the job for life.

He has been averaging four speeches a week.

★ ★ ★

Some joke about his monotone delivery and picturesque language, although none doubts he means it when, for instance, he declares:

HARSH WORDS

"If anyone goes to the right or the left of me or does not follow me I will pass his rump through a sieve."

Duvalier still depends on police suppression of all opposition. The suppression seems complete. There is no sign of effective underground activity.

Some Haitians say only a successful invasion by exiles or a coup from within the government would topple Papa Doc.

Duvalier takes no chances.

Accompanying him to the inauguration was an armed guard of 80 men — police, soldiers and militiamen.

Only foreign ambassadors and the highest Haitian government officials were allowed to attend, but the entire guard jammed into the Assembly Hall.

Duvalier said Haiti is experiencing a rebirth and is on the road to prosperity. The national scene suggests otherwise.

Voice of the People:

'High Court Recesses at Long Last--Ahhhh!'

So the U.S. Supreme Court is going to take a recess. Thank goodness, for even a short respite. I was afraid that any day now it might decide that the U.S. Constitution is unconstitutional.

It's too bad that recess can't last for ten years or so.

Criticizes Democratic Administration

With the advent of the Democratic administration in Washington, we have seen a 3-D play of demagoguery, deception and deceit unparalleled in history. While professing to start a New Frontier of patriotism against civil rights injustice, poverty and the ideological enemy, the Democratic chieftains have let racial pressures and federal authority corrode individual liberty, have increased federal bureaucracy and federal spending to keep us tax poor and have made impossible commitments with foreign tyrants.

★ ★ ★

Grass roots America is examining the mealy-mouthed demagoguery of the Democratic mules. A wave of comsavatism (sic) and change is in order. Already many astute Americans have nominated Goldwater as the man to really shake things up in Washington.

Answers Letter on Public Love-Making

Has "Young Mother of Three" considered the dilemma that confronts young couples? Although she says "Hurray for love—but not in public," where are couples to love? It cannot be in a private area because people will think they have low morals; moreover when love-making occurs in public it is equally disgusting as the letter suggests.

These young couples, therefore, face a serious dilemma. To love someone surely is not bad, but to find a place to do it while retaining acceptable moral standards is yet to be discovered.

Read Bible to Understand World Perils

A lot of adults are disturbed by the rowdiness and violence displayed by some of our teen-agers. For a Bible-reading Christian this is no mystery. The Bible predicts the bodily return of Jesus Christ and says "In the last days, perilous times shall come."

★ ★ ★

The Bible is the truest book on the face of the earth and its every prediction has been fulfilled. It pays untold dividends to make a study of the Book of Books.

A candidate for the presidential nomination stands up to tell the truth. Barry Goldwater. He said he could not vote for the civil rights bill, and he told why. The support he could gain from the South could be overwhelmed by the avalanche of rabble balloting from the North. He was not imitating the folksy sham of Lyndon Johnson, President of the United States, who had just demonstrated his complete domination of the U. S. Senate, and who fought the same things Goldwater now is fighting when opposition to them meant the Texan's election to office.

The Senator was not talking for money. He has money. And his wealth, unlike that of the President, was not accumulated after he became a member of the upper house of Congress. The reason for the words could not be compared with those of George Wallace, governor of Alabama. This night school Napoleon would use the whites as a pawn for power as quickly as he would the blacks, if the time were right.

Goldwater spoke not as one from the West, South, North, or East. The schools of the state he represents were desegregated long before the Supreme Court ruling of 1954. The Goldwater stores employ white and Negroes and Indians. Goldwater was speaking for Americans of both colors who are aware that a law which does not treat all men equally is unconstitutional. He was speaking for the nonextremist, responsible Negro citizenry, which knows that a piece of paper cannot change overnight the habits and hearts of man.

The Gentleman from Arizona was speaking for generations past and future, for our forefathers who had fled personal oppression to establish the fundamentals of freedom in the Declaration of Independence and the Constitution of the United States.

There was a tone of sadness because truth does not always mean joy or happiness. For all he was aware, he may have been turning aside the presidency, but to those who know him well, that was the least of his worries. Barry Goldwater, can never be forgotten by his fellow countrymen. It remains to be seen whether, after the now historic utterance, he will be allowed to represent an opportunity for his countrymen to make a choice.

What happens is anybody's guess.

Middle age is the sudden realization that you don't recognize any of the actors in the movies except the ones playing hotel clerks, sheriffs, or policemen.

Post Confused

The Chicago Tribune

The Saturday Evening Post, with nice consistency, runs an editorial to the effect that the Republican party will be committing suicide if it nominates Sen. Goldwater, then follows that with another bearing the title, "Let the People Pick the Winner."

We thought that was what the people were doing when they voted in the Illinois, Indiana, and California Presidential primaries for Sen. Goldwater, and in the party conventions of Texas and innumerable states.

But somehow the Post is unable to see a connection.

Reconciliation Is Key in Congo as U.N. Pulls Out

LEOPOLDVILLE, the Congo (AP)—The last United Nations troops are leaving the Congo with a bang, from exploding grenades lobbed by terrorists into polling stations and the wedding feast of a chief of the Balu'a tribe.

The bombs injured nearly 100 people Saturday as the Congo opened a nationwide referendum on a new constitution. Agriculture Minister Constantin Tshiala Mwana was among the wounded.

★ ★ ★

"National reconciliation" was the keynote of frenzied politicking. It was sounded most loudly by ex-President Moise Tshombe of Katanga, back after a year of self-imposed exile in Europe.

"I am convinced that a total and sincere reconciliation of all Congolese is the only chance of saving this country from misery and anarchy," the former secessionist told hundreds of cheering Congolese a few hours after he returned Friday.

FUGITIVE FOR 2 YEARS

On Saturday, Security Police Chief Victor Nendaka was amazed to see South Kasai's deposed "Mulopwe," or god-emperor, Albert Kalonji, step from a plane from Brussels.

"I am still the Mulopwe," Kalonji told newsmen.

Kalonji had been a fugitive for more than two years from a 30-month sentence for torturing political enemies. Officials said the charges "had all been fixed."

One Baluba leader won't be around for the reconciliation maneuvers. Messages from the east said North Katanga Provincial President Jason Sendwe had been hacked to death by rebels some days ago when they seized Albertville, his provincial capital.

ARCH ENEMY

Sendwe, 47, was cut down with machetes along with Provincial Vice President Fortunat Kabangi-Numbi and several of Sendwe's aides. Sendwe was Tshombe's arch enemy, but he apparently was slaughtered as revenge for the massacre of about 200 anti-Sendwe youths when the Congolese army took Albertville away from the rebels for awhile in May.

★ ★

Tshombe was greeted by delirious cheers when he demanded freedom for Antoine Gizenga, Communist-backed separatist leader in Stanleyville.

REJECTED OFFER

Gizenga has been detained for two and a half years on the island of Bula-Bemba at the mouth of the Congo River. Informed sources said he rejected a government offer of liberty if he would join a "round table of reconciliation."

Gizenga's supporters were believed responsible for the grenade attacks Saturday. The terrorists were thought to have been acting on orders from the Communist-supported "National Liberation Committee" of exiled extremists in neighboring Brazzaville. They seek to overthrow Premier Cyrille Adoula's regime.

Absent from Leopoldville's political cockpits are pro-Communist leaders of two rebellions which the Congolese army has not been able to check—Pierre Mulele in Kwilu Province and Gaston Soumialot in Kivu Province.

In the dim corridors of the U.N. Congo force's headquarters on the fourth floor of the Hotel Royale, packing cases were being nailed shut and colonels wandered aimlessly about. Come what may in the Congo, there is nothing they can do about it now.

The U.N. force once numbered more than 20,000 men, but only a few remain. They will fly away Tuesday, the Congo's fourth Independence day. The last man to leave will be Gen. J. Aguyi-Ironsi, the Congo's last U.N. force commander, a towering Nigerian who carries a stuffed baby crocodile under his arm instead of a swagger stick.

Persons who are highly allergic to insect stings and liable to get violent reactions to them should avoid wearing bright jewelry and leather, which along with certain odors, attract stinging insects.

Extend Tax Relief for West Berliners

BONN (AP)—West Berliners were voted a five-year extension of the tax exemptions they enjoy for the hardships of living beside the Red wall and occasional Communist harassment.

West Berlin income taxes are 30 per cent less than those of the federal republic.

Dr. Wayne G. Brandstadt Says:

Golf Course Is Not Without Its Hazards

Golf is not thought of as a dangerous sport.

Several million persons enjoy it and profit from the exercise.

BRANDSTADT

According to the National Safety Council, however, thousands of accidents do occur on the golf course and the number is increasing.

Each year nearly a million newcomers take up the game and they are responsible for an overwhelming majority of the accidents.

Being struck by a golf ball is the commonest injury.

★ ★ ★

It may result from an unfortunate slice, a ricochet off the trunk of a tree, overcrowding the links, or failure to warn other players of your drive or failure to heed such a warning.

BALL MAY STRAY

Furthermore, the ball may stray into a neighboring fairway. It may hit another player in the process.

Many experts today advocate protective helmets on the golf course.

Then there is the matter of the powered golf cart — truly a boon to many elderly players with chronic heart or lung diseases who would otherwise have to give up the game.

★ ★ ★

Since these carts have only three wheels, they may tip easily, especially when a sharp turn is made and when driven on a slope or on rough ground.

SEVERE INJURY

Although they go only about 10 miles an hour on level ground, a person who is ejected from a cart traveling at this speed can incur a severe injury to his back or neck and, if his head strikes a tree or a hard surface, he may injure his skull or brain.

When the vehicle scoots downhill a greater speed is attained and any injury sustained would be more serious.

Because so many of these carts run off narrow bridges, some clubs are widening their bridges and providing them with guard rails.

Another hazard — one that claims the lives of many golfers each year — is lightning.

GREATEST DANGER

Few golfers realize that the greatest danger of being struck occurs not during the storm but just preceding it.

When you see a storm approaching, don't wait for it to break and don't seek shelter under a lone tree because lightning always strikes the highest target in an exposed area.

If there is a clump of trees, take shelter under one of the smaller ones. Otherwise crouch in a sandtrap or make it to the nearest building.

★ ★ ★

Above all, get away from your clubs and don't use an umbrella. These are invitations to electrocution.

PROTECT YOURSELF

While you are about it, you should protect yourself from sunburn and heat exhaustion.

★ ★ ★

And, if you haven't been playing regularly, work into it gradually to avoid overtiring.

Neil Staebler to Tell Choice for 2nd Slot

DETROIT (AP) — Congressman-at-large Neil Staebler said Sunday he will make public his choice of a Democratic candidate for lieutenant governor early in September.

★ ★ ★

State Democrats will meet Sept. 19 to nominate candidates for governor and lieutenant governor.

★ ★ ★

Staebler, only announced candidate for the nomination, said his choice of a running mate will "sum up the judgments of others in the party."

★ ★ ★

In answer to a question about whether the recently approved Austin-Kleiner redistricting plan would allow Detroit and Wayne County to dominate state government, Staebler said: "This old business of fearing Detroit or Wayne County has been vastly overplayed."

Heart Seizure Mars Testimonial Dinner

DETROIT (AP) — A heart attack suffered the night before prevented retiring City Controller Alfred M. Pelham from attending a testimonial dinner in his honor Sunday at Cobo Hall. Pelham was hospitalized but his wife, Doris, made an appearance at the dinner, reporting his condition was improving.

State Survey Finds No Bias at Resorts

DETROIT (AP) — Burton I. Gordin, executive director of the State Civil Rights Commission, said Saturday a recent survey of northern lower Michigan resort areas shows they are complying with Michigan's public accommodations law.

★ ★ ★

"Apparently, members of the tourist industry have only been waiting for 'the word' on equal accommodations," he said.

★ ★ ★

More than 600 hotels, motels, taverns and restaurants in Cheboygan, Emmett, Charlevoix, Antrim, Grand Traverse and Leelanau counties and the city of St. Ignace were checked by a team of 12 investigators, Gordin said.

Turkish Cypriot Calls General's Offer 'Empty Words'

NICOSIA, Cyprus (AP) — Dr. Fazil Kuchuk, Turkish vice president of Cyprus, described today as "empty words" a second peace offer by Gen. George Grivas, Greek Cypriot hero of the guerrilla war against Britain.

★ ★ ★

Grivas repeated his offer Sunday in his first public appearance since returning to the island he helped win independence for in 1959. He called for peaceful coexistence between Greek and Turkish Cypriots in a "free Greek Cyprus."

★ ★ ★

Grivas promised friendship and amnesty for the island's Turkish minority, which has been locked in a bitter struggle with the Greek Cypriots since December.

Kuchuk said Grivas would put the island's Turks "at the mercy of the Greeks."

GUNFIRE EXCHANGE

While Grivas was speaking, he said, Greeks and Turks were exchanging gunfire in a nearby village and one Turk was killed. "Is this the kind of treatment the general wishes to offer the Turks?" Kuchuk asked.

In a long list of charges he said the Greek Cypriot government had armed thousands of terrorists, brought in others from Greece, and kept the Turks under siege.

★ ★ ★

"Can the general really believe," he asked," that they who have been so merciless toward the Turks will now suddenly change their mood and become angels?

"The milk already has been spilt and cannot be replaced."

Grivas said that Greek and Turkish Cypriots can make their own peace without relying on foreign help.

CYPRUS FREEDOM

"We will gain Cyprus' freedom with our own hands," he said. "Do not expect anything from foreigners."

He apparently was referring to efforts of the United States and the North Atlantic Treaty Organization to obtain a solution as well as to the presence of U.N. troops on the Mediterranean island.

★ ★ ★

Grivas spoke to thousands of Cypriots crowded beneath the walls of Nicosia, on rooftops and in trees. He stood next to Archbishop Makarios, the Greek Cypriot president, and later toured the capital in a car with Makarios.

Grivas ended his speech with a new slogan, "Long live the free Greek Cyprus of tomorrow." His old battle cry had been "enosis" — union with Greece.

PEACE FORCE

As Grivas spoke, fighting broke out in Trypineni, 20 miles north of Nicosia. The U.N. peace force said the skirmish lasted three hours, killing one Turk and wounding another.

In London, Greek and Turkish Cypriots marched together demanding an end to the bloodshed on Cyprus. Premier Ismet Inonu of Turkey is in the British capital for talks with British officials after conferring with President Johnson in Washington.

★ ★ ★

Premier George Papandreou of Greece, who also conferred with Johnson, termed his talks in Washington and at the United Nations "a happy occasion." He wrote Makarios stressing a need to avoid provocation and for "absolute cooperation with the United Nations force."

The official motto of the state of Alabama is "We Dare Defend Our Rights."

Barry at Work After Nuptials of Daughter

PHOENIX, Ariz. (AP) — Sen. Barry Goldwater resumed his quest for the Republican presidential nomination today and his youngest daughter and her new husband headed for a honeymoon in Hawaii.

Margaret Ann Goldwater, 20 next month, was married Saturday night to Richard Arlen Holt, 26, an oil company junior executive from Beverly Hills, Calif.

★ ★ ★

As 800 guests looked on, Goldwater walked his daughter down the aisle. He later emerged from the church carrying his 5-year-old granddaughter, one of the flower girls, who began crying because she had to be separated from her mother.

About 400 persons outside the church applauded as the newlyweds paused and kissed in the doorway.

Residents Issue Ultimatum Against Building Lodge Hall

ROCHESTER — The Ludlow Avenue residents against construction of an Elks Temple on their street have issued an ultimatum.

If the Elks proceed with their plans to build, the property owners will take the matter to court.

They also have filed notice of their intention to take necessary action to have the Ludlow Avenue parcel, recently rezoned from residential to office use classification, returned to its "original status."

The latest development in the Ludlow residents' fight to retain the residential nature of their street follows closely the mailing of petitions to the Michigan Liquor Control Commission to forestall approval of a club liquor license for the proposed lodge hall.

Members of the home owners' group also state they are "extremely pleased" with the stand taken by the Avon Township Board on the rezoning at its meeting last Wednesday night.

QUESTIONED USE

At that time, the board went on record 6-1 questioning possible issuance of a liquor license to the Elks as being in the best interest of the township as a whole.

The township is involved in the controversy because the property selected as the site for the lodge hall is directly across Ludlow from the township park.

"We believe the 6-1 vote gives a true feelings of the majority of township residents," said the spokesman for the protesting residents, Charles Edie, 528 Ludlow.

"Further," he said, "it is evident that those village and township officials who have favored the Elks' proposal have not acted in the best public interest and should be remembered in the coming elections."

VOTES WERE SPLIT

Besides the 6-1 vote by township officials, the vote of rezoning the parcel by the Rochester Village Council also was split, 4-3.

In completing their plans to start litigation "if and when the Elks act on their plans," the residents have named the defendants in the proposed suit, the Elks and the Village Council, and also decided on grounds for their legal action.

They represent 82 per cent of the home owners on the street, 53 in all, who presented petitions objecting to the rezoning to the council. The same number also petitioned the Liquor Control Commission.

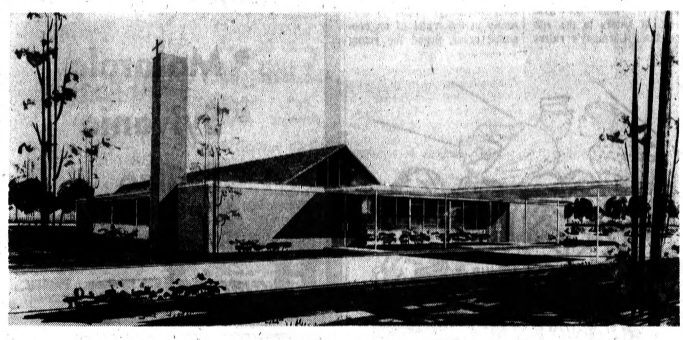
They base their objections primarily on:

- The number of children who use the township park across the street from the proposed building site.
- The heavy traffic on Ludlow.
- The sharp turn on the street just beyond the park.

ELKS' POSITION

The Elks say that Ludlow is already a major street and that rezoning the site to office use would provide a buffer between the residential and commercial zone on the Woodward extension.

Also, they contend alcoholic beverages would not be consumed by the general public on the premises. Consumption would be limited to members and guests.



Architect's Conception Of Union Lake Baptist Church's First Unit

Board Leader Won't Resign

R. Grant Graham, Avondale Board of Education president, has reconsidered his decision to resign.

★ ★ ★

Prompted primarily by the urging of staff members who want him to serve the remaining two years of his four-year term, Graham said he would stay.

It was this, he noted, not the impending legal fight with Trustee Floyd L. Cobb and Secretary Mrs. Genevieve Porter contesting the June 8 school board election, that changed his mind.

But he said he'd be around when the two try to get the election mullified in court.

★ ★ ★

Cobb and Mrs. Porter's name were removed from the ballot two days before the election because they had failed to have their nominating petitions signed by a circulator.

WERE WRITE-INS

The two ran as write-in candidates and lost to Edward Turner and Herbert Miller, the only names left on the ballot.

The board's action in removing the names was on the advice of Pontiac attorney Marshall Smith.

Cobb and Mrs. Porter's attorney, George E. Bushnell Jr., of Detroit, will seek to have the election set aside because of "improper action" by the school board.

No suit had been filed by early this morning.

BETTER I LEFT

Graham originally resigned because "it seemed my presence might be stirring things up and maybe it would be better if I left."

His resignation could have been enforced — whether Graham changed his mind — by mere board acceptance. Cobb sought this but gained no support.

In Anchor Bay Study

Tornado Ignorance Reported

The recent Anchor Bay tornado disaster gave evidence that Michigan families do not know enough about outwitting tornadoes, according to Vic Stine, coordinator of rural defense for the Michigan State University Cooperative Extension Service.

Stine and two other rural defense staff members spent two days studying the Anchor Bay area where the devastating May 8 tornado killed 11, injured 244, demolished 132 homes and damaged 236 others.

"After visiting the area and interviewing victims, we are convinced more than ever that disaster knowledge beforehand will enhance your chance for survival," Stine said. He also emphasized the importance of husbands and wives planning together what they would do in the event of a tornado.

Stine and his team found that even people who had their radios turned to a local station and heard weather bureau announcements often did not understand what the announcements meant.

They had not learned that "Tornado Forecast" means conditions are ripe for a tornado to develop in the area, and that "Tornado Warning" means a tornado has been sighted.

"Warning" was given in the Anchor Bay area. (If the weather looks threatening, Stine advises, tune your radio to a local station to get local weather information.)

Of those who had warning of the tornado and understood its meaning, many panicked. Or, even though they had time to prepare, they simply did not know what to do.

Most of the homes did not have basements or family protection area, Stine learned, and the inhabitants were not aware that their next best move was to lie flat on the floor near an inside partition, away from windows.

Few knew about opening windows and doors to equalize inside air pressure.

★ ★ ★

"A surprising amount of the damage we saw was of an explosive nature in which the house literally 'blew up' because of the great pressure difference," Stine said.

At least one man saved his home and family by opening all of his windows, the defense coordinator added.

He also cited a woman who saved herself and her four children by retreating to a 9-foot square windowless utility room in the center of the house. She and her husband, Stine said, had planned ahead what they would do in case of a tornado.

The $4.5-million facility is to be completed by September 1965.

Naturalist Awarded Post at Rochester Area Park

Thomas H. Smith, former staff member at Michigan State University's Kellogg Bird Sanctuary in Battle Creek, has been appointed to the nature center at the new Stony Creek Metropolitan Park.

★ ★ ★

Smith will assist Robert H. Kelly, assigned to the project in 1963 as head naturalist. The park northeast of Rochester is expected to open soon.

A 1957 graduate of MSU, Smith specializes in the preparation of exhibits and nature trails.

★ ★ ★

Before joining the Kellogg Bird Sanctuary in 1961, he was a park ranger at Ludington State Park and had served for several summers at the Isle Royal National Park and at Fort Wilkins State Park, Copper Harbor.

He and his wife live at 12015 Barbara Ann, Romeo.

Start Work on Church Building

UNION LAKE — The Union Lake Baptist Church has started the first unit of a three-phase building program.

★ ★ ★

A multipurpose building is being constructed at 8390 Commerce by the Vima Building Co. of Union Lake.

Architect is Billie D. Stewart of Detroit.

The contemporary 87 by 75 foot building will house a chapel with four exposed wooden arches.

★ ★ ★

Also contained in the building will be 13 classrooms which can be used for the overflow, giving an overall capacity of 385.

COMMITTEE CHAIRMAN

Chairman of the building committee is Kenneth Belmont. Hiram J. Jones Jr. is pastor.

★ ★ ★

Incorporated in 1958, the church was formerly known as the Keith Sunday School.

★ ★ ★

The church presently conducts 11 a.m. and 7 p.m. Sunday services at 2369 Keith, near the south shore of Union Lake.

Retiring Methodist Bishop Aids 2-Purpose Ceremony

FARMINGTON TOWNSHIP — Bishop Marshall R. Reed's last ritual as head of Methodism in Michigan served a dual purpose yesterday.

He officiated at the ground breaking for the $275,000 Clarenceville Methodist Church educational unit, a ceremony which also marked the 24th anniversary of the church's pastor.

Rev. Elsie Johns, 60, arrived at the church at 28312 Grand River in 1940.

Upon the pulpit she found this note: "This church has no membership and no money. Here's the key."

★ ★ ★

Rev. Johns took the key and reopened the church, although for her first five Sundays there she sat alone in the sanctuary.

NOW 1,000

Now the congregation numbers about 1,000 and has six choirs, three youth groups, an active Methodist Men organization and Women's Society for Christian Service.

The educational unit will be the first of a new church complex planned for an eight-acre site on Middle Belt south of Eight Mile. The initial building will contain a large fellowship hall and Sunday school rooms. A sanctuary and chapel are to be added later.

Construction of the educational unit will begin Aug. 1 with completion scheduled in nine months. Tentative plans call for the other two units to be built within three years.

★ ★ ★

The contemporary building was designed by Begrow and Brown of Birmingham.

JULY RETIREMENT

Bishop Reed, who has reached the mandatory retirement age of 72, will retire in July. He estimated he has officiated at ground breaking and consecrations for 500 new Methodist churches and educational units in his 16 years as bishop.

To Launch Area Gaiety With Dance

LAKE ORION — A public outdoor square dance will start off the Small Fry Baseball League festival at Lake Orion this weekend.

It will start at 9 p.m., Friday, on the blacktop parking lot at LS Foodland market on South Broadway (M-24).

Callers will include Charles Becker, Eugene Shaw, Charles Futrell, Leslie Gustafson, James Fyle, and Martin Lock, according to officials of the Merry Makers Square Dance Club, which is sponsoring the event.

A hay wagon — with genuine hay aboard — will serve as a callers' stand. The club's public address system will be located there.

★ ★ ★

Coffee will be on tap and pop will be sold by boys who are members of the Small Fry League, which will receive all proceeds.

The boys also will sell tickets for a festival dance at the Hanoute showroom the following night.

Further information can be obtained from Merry Makers Club President Gilbert Fester, 861 N. Long Lake, Orion Township.

Avon Man, 33, Free on Bond

Charged in Shooting at Shelby Drive-In

SHELBY TOWNSHIP —A 33-year-old Avon Township man was released on $5,000 bond after being charged with second degree murder in the fatal shooting of Eddie R. Houck, 20, of 209½ Mill, Rochester.

★ ★ ★

Kenneth D. Tubbs of 2836 Emmons was arraigned in Macomb County Justice Court before Justice Francis A. Castellucci Saturday.

Examination is set for July 21 in Macomb County Circuit Court.

The accused was charged with shooting Houck below the heart in an argument in front of Tony's Drive-In, 2790 Auburn, June 13.

★ ★ ★

Houck died Friday in St. Joseph Hospital, Mount Clemens.

Tubbs was first charged with intent to kill.

★ ★ ★

Shelby Township police say Tubbs admitted the shooting.

Romeo Board Picks Land for School Site

ROMEO — To meet the needs of growing elementary enrollments, the Romeo School Board has taken an option on a parcel of land between Romeo and Washington.

★ ★ ★

The proposed 10-acre site is a square piece of the C. W. Couch property north of 29 Mile, about a third of a mile east of Campground.

The cost of the future elementary school property is $11,000.

The board authorized superintendent T. C. Filppula to negotiate an option which would permit enough time to conduct necessary tests on the property.

★ ★ ★

A well will be drilled to assure an adequate water supply and test borings will be made.

The decision by the board comes after many months of searching for a site in the south part of the district.

A number of locations in the 29 Mile area and elsewhere have been examined by the board members, the administration and the architects.

Money to purchase the site and for other necessary expenses still remain for the school funds set aside for that purpose.

★ ★ ★

Any construction program, however, would depend upon other financing.

No date has been set for actually building the school.

Double Treat Set in Romeo

ROMEO — Spectators at the Miss Romeo contest Thursday will get a double treat.

The Marching Red Capes will give their first concert of the season before the start of the judging at the Youth Center.

★ ★ ★

The Romeo High School Band recently has been sharpening up its marching technique in preparation for a trip to Toronto in July.

Dryden School Class Sets Friday Reunion

DRYDEN — The reunion of the Dryden High School, class of 1954 will be 8 p.m. Friday at the Chuckwagon Restaurant.

Those who have not responded to previous invitations can make reservations by calling the restaurant before Friday.

Why would anyone put a phone down there?

Here's why:

An 80-year-old Flint widow suffering from arthritis had to spend most of every day in bed. Her son called Michigan Bell and requested that an extension phone be installed in his mother's bedroom to help brighten her long hours of dreary isolation.

Installer Ray Tufford arrived at the woman's home and started to install a phone on a side table within the woman's reach. However, he realized the woman would suffer severe pain in raising herself up enough to dial a number. How to solve the problem?

Installer Tufford decided the best way to make dialing easy for the woman was to place a wall phone right at bed-height. He showed the woman how this might help. She was delighted to find that she would be able to dial with ease while lying in bed.

Nothing dramatic or startling about this little incident. It's just another example of how telephone people try to give you the best service possible. You see, with Michigan Bell, friendly service is a way of life.

Wife Left Him

Will Give Away Children

PORTSMOUTH, England (AP)—James Warner offered today in a newspaper ad to give away nine of his 13 children. "It's the last thing I want to do," said the 39-year-old father, "but I have no choice. It really breaks my heart."

Warner said his wife, Mary, disappeared in April.

Christine, 17, Warner's oldest daughter, has been running the house.

★ ★ ★

"Looking after a house and all the children is too much for a girl of 17," said the father. "She just can't do it anymore. She's as desperate as I am."

SHASTRI

Will Aides Control India?

Leader's Illness May Bring Temporary Rule

NEW DELHI, India (AP)—Prime Minister Lal Bahadur Shastri's aides may take the reins of government temporarily while the Indian leader recovers from his illness.

★ ★ ★

Although a government spokesman described Shastri's condition as satisfactory, the prime minister's son Hari said Sunday: "My father needs at least a month's rest."

★ ★ ★

The son's statement indicated India was again on the verge of a period of temporary leadership. After the late prime minister Nehru suffered a stroke in January, he turned over many of the burdens of his office to Shastri. Since Shastri lacked Nehru's authority, the government was beset by indecision.

The government slumped into another leadership crisis when Nehru died of a heart attack May 27, but it ended quickly with Shastri's election as prime minister June 1.

STRAIN TOO MUCH

Shastri, 59, is officially reported ailing from "overstrain and temperature," but authoritative informants said he suffered a mild heart attack Friday.

The diminutive prime minister almost died of a heart attack in 1949. The government's statement on his present condition did not allay fears that he was critically ill.

★ ★ ★

Shastri had been working up to 18 hours a day, attempting to give new impetus to solving the country's monumental problems.

A government official said Shastri awakened in a cheerful mood Sunday. He got out of bed to change clothes, had morning tea with his family and later ate a little rice and butter, informants said.

SEEN TWICE

President Sarvepalli Radhakrishnan, Home Minister G. L. Nanda and Finance Minister T. T. Krishbamachari saw Shastri twice briefly during the day.

Nanda and Krishnamachari were expected to take on many of Shastri's duties during any prolonged convalescence.

Tokyo Terminology Twisted by Time

TOKYO (AP) — The Japanese phrase "orei mairi," which literally translates to "thanks visit to a holy place," originally meant that any invalid who recovered from a grave illness after his relatives had prayed at a Shinto shrine or a Buddhist temple should visit that sanctuary and express his gratitude.

Today, the phrase has been twisted so that "orei mairi" is used to describe the visit a person who has been arrested and imprisoned for an offense makes to intimidate or criminally assault the person or persons who testified against him.

Think You're Going to Fire

LEITCHFIELD, Ky. (AP) — The Leitchfield Fire Department ran into costly delays in extinguishing a blaze in an auto.

Firemen figured they could drive out the Western Kentucky Parkway, stretch a hose over a fence and save the burning car, which was on a county road parallel to the turnpike.

★ ★ ★

They did. But, Chief Carl Collard said, it cost them $5.20 in tolls, going and coming.

They Say Love Is Just Too Capitalistic

'Comrade Cupid' Is Jilted by East German Rulers

NEW YORK (NEA) — "Dear Comrade Editor: How many women does a real man need? What's the Marxist - Leninist line on sex?"

★ ★ ★

East Germany's rulers, like their fellow dictators in Russia, China and elsewhere in the Communist world, have recently discovered that young people have serious questions about relations between the sexes.

★ ★ ★

They are no longer happy with the old dogmas and platitudes about "love for the party," "love for the machine" and "love of work."

Having discovered, among other things, the "decadent" American dance, The Twist, the youth of Communist East Germany also wants to discuss love between men and women intelligently.

★ ★ ★

The editors of East Germany's official youth journal "Junge Welt" have, by their own admission, received in recent months thousands of letters from young people inquiring about official Communist policy on sex.

WAS TABOO

"It is not really our fault that these things are being discussed only now," one East Berlin girl wrote. "So far the subject of love was absolutely taboo in East Germany."

★ ★ ★

Like the young man who inquired how many women a "real" man needs, Ursula, a girl of 18, wanted to know if it were necessary for her own "development" to have a boy friend.

Another teen - ager named Rolfe cited the opinion of his girl friend that a girl can be in love with two men at the same time. Is she right? Rolfe asked. Should a Communist act like a capitalist?

★ ★ ★

The Red editors of the youth journal were obviously caught by surprise. Until recently they discussed only the "correct" political line of Moscow.

NO TIME

They talked about Walter Ulbricht's puppet regime with their young readers. They had no time to discuss perplexing personal matters in a collectivist Marxist-Leninist society.

However, after the avalanche of letters to the editors, East Germany's rulers apparently decided that they could no longer ignore the young men and women in search of guidance.

They appointed a group of Communist physicians to supply the Marxist - Leninist explanation on the pages of the "Junge Welt."

★ ★ ★

Physical love between men and women, the Red physicians replied, was merely a capitalist invention. It was used by the imperialists to distract young people from work and from the class struggle.

WORK "FIRST"

They cited Dr. Mikhail Isentalper, Russia's leading authority on sex and marriage, to the effect that work is the first and everlasting necessity of life.

"The necessity of a healthy human being to work is so great that it can surpass the feeling of love," the Russian authority said in his book. "Love cannot stop the passion to work" because "it is the main source of emotion."

Taking their cue from the Soviet master, the physicians of East Germany, which is currently in the midst of an economic crisis, urged the young people to work harder and produce more for the Communist state.

They especially urged factory apprentices to avoid love like the plague.

ANGRY REPLY

This elicited an angry reply from Regina Freier, another East Berliner. "Today the apprentices are 19 or 20 years old," she wrote in her letter to the "Junge Welt." "Are you, by any chance, asking them to live like monks?"

★ ★ ★

The editors have not yet replied to Regina's letter.

But there is increasing evidence that in East Germany, as in all countries behind the Iron Curtain, "capitalist" romantic love may be making progress over love for the tractor.

Family Likes Schaffer Men

LA CROSSE, Kan. (AP)—The family name of Schaffer is popular with the Dan Schuckman family.

The Schuckmans have three daughters married to men whose last name is Schaffer. Their fourth daughter will wed another Schaffer this summer.

Mrs. Schuckman's maiden name? Schaffer.

Try 13 Korean Students on Insurrection Charge

SEOUL, Korea (AP) — Thirteen students of Korea University went on trial before a military court today charged with insurrection and rebellion for leading antigovernment demonstrations early this month.

★ ★ ★

The maximum penalty is death. The students were 20 to 24 in age. The court-martial went into an indefinite recess shortly after the trial opened as the defense challenged the military tribunal's jurisdiction over the defendants.

Mussels May Become Extinct

'Shell Game' Isn't Paying Off

STEVENSON, Ala. (AP)—Lee Garner, whose Tennessee River mussel shells have buttoned dress shirts and spawned pearl necklaces for two decades, was clad in overalls — and on his knees.

Instead of one of his 40 outboard engines, Stevenson's mussel man was fixing a power lawn mower—and his position is symbolic.

* * *

Digging for mussels in the Tennessee, once a million dollar yearly industry providing jobs for 1,000 fishermen, also is on its knees. In the past 10 years, musseling slumped before the plastics industry, rose again with postwar Japan—and now is threatened with the disappearance of the oyster-like mussel itself.

"Something is getting into the river and killing all the mussels from Chattanooga to Savannah, Tenn.," says Garner, at 39 a grandfather who has been musseling since he was 18. "Things got so bad about a year ago that I bought myself a little hardware store in town."

ONLY THEORY

That explains why Garner was fixixng the lawn mower, instead of one of the engines powering his fleet of flat-bottomed river boats. And the Tennessee Valley Authority is spending $80,000 to try to explain why things got so bad. As yet, TVA has not embraced Garner's theory that pollution is killing the shell fish.

Whatever the trouble, the pigtoe mussel which grows on the Tennessee River bed from Chattanooga to Savannah is the key to Garner's fortunes and that of the industry of which he is a part. Its hard, nearly flawless, white shell has been used in recent years by Japanese growers as seed or nucleus for the cultured pearls produced by their captive oysters.

* * *

For some reason, shells from the many other varieties of mussels in the Tennessee, or from pig - toes found in other rivers, seem to lack the qualities needed to promote first-rate pearls. And because mussels look alike to the uninitiated, it takes an experienced eye like Garner's to separate the good from the bad.

When he began musseling 21 years ago, he shipped his shells mostly to Muscatine, Iowa. There, tons of shells were turned into pearl buttons.

SHELL GAME

By 1955, plastics had popped pearl buttons from the market, as nearly all button manufacturers in Muscatine converted to man - made materials. But the shell game bounced back with the appearance of a new market in the Orient.

The Japanese found that bits of Tennessee pig-toe shell, handrolled into tiny balls and inserted into oyster shells, formed a perfect pearl nucleus. The result has been virtually a direct link between the Tennessee River and Japan's Inland Sea. Mussel shell prices rose as high as $180 a ton.

* * *

"In good years, I've shipped up to 400 tons of shells to Japan," said Garner. He exports the shells in 25-ton lots, but "this year, I doubt if we've shipped more than 50 tons."

One reason is the price, which currently is quoted at $47 a ton, the result of a backlog of shells in Japanese warehouses.

REASON FOR GLOOM — Lee Garner, inspecting dragging rig in his barn near Stevenson, Ala., has been musseling in the Tennessee River since he was 18. Now 39, Garner has bought a hardware store in town. One reason, according to Garner: "Something is getting into the river and killing all the mussels from Chattanooga to Savannah, Tenn." Where once the harvest reached 10,000 tons a year, in 1960 it dropped to 4,700 tons.

Who's the No. 1 "joiner" in your community?

Ever think of all the activities involving the common need—*money*? Like new bridgework, bridging emergencies . . . schooling, skiing, scurrying off on vacation . . . buying, building, adding on . . . marrying, adding heirs . . . and thousands more.

This money often comes from savings. Often it is borrowed. Happily for many, and the community, *much of it is saved or borrowed at credit unions!*

Credit unions are the No. 1 "joiners" in most communities. Like members of the family, they join in at graduations, weddings, emergencies—anytime money is needed. Often, *they're the only place people can turn* for real financial help.

Credit unions are "local, private enterprise", *owned* and *run* by the members—joined together to provide funds for use in the community.

In helping people build financial security—credit unions join in making a strong community! They help members save money they would not save otherwise, offer financial service not available elsewhere, pay higher dividends on savings, make borrowing easier and much less costly.

There are 76 credit unions in Oakland County—100,000 members, proud to be the "joiners" in their community. *How about you?* Learn if you can qualify in your community, place of employment or organization. Write NOW. We'll also send you—

Firecracker Blast Hurts 14 in Italy

COMO, ITALY (AP) — Fourteen persons were under hospital treatment today after being hurt by a firecracker explosion at a dog show.

The accident occurred yesterday as a French military group was putting on a public exhibition of how dogs are used to help track down outlaws. Firecrackers were hurled in the air to lend a feeling of realism to the chase.

One of the firecrackers landed in a crowd of onlookers.

Soviet Industrial Area Hit by Flood Waters

LONDON (AP) — Torrential rains in the southern Ural Mountains have brought heavy floods to the Soviet industrial heartland, Moscow radio said today.

At the town of Bashkir, in Beloretsk region, volunteers fought for days and nights to repair broken river banks, it said. The broadcast made no mention of any casualties.

Gleanings From the Mailbag

Listening to Braggarts Makes Him 'Boyle'

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

★ ★ ★

Few people are more boring than those who brag they haven't taken a vacation in years. Actually, 85 per cent of U. S. families now enjoy an annual vacation.

BOYLE

Women can hear higher-pitched tones better than men—but not as well as dogs.

One out of every 10 children, sooner or later in life, will be incapacitated by a mental illness.

★ ★ ★

Today's highly paid television entertainers might be startled to know that one of the highest fees ever paid a performer was the $60,000 that pianist Ignace Jan Paderewski received during the 1920s for a single concert at Madison Square Garden. That was in the era when money was worth money.

It is estimated that some 25,000 unqualified "psychological experts" rake in $375 million a year from gullible victims.

NAGGING WIVES

It isn't nagging wives who drive husbands to drink. A medical study of the wives of alcoholics and nonalcoholics found no marked differences in their temperaments.

Some 50 million Americans have difficulty proving they were born because their birth certificates either were not filed or have been destroyed by fire, flood or other cause.

Strawberries got their name from the fact that in the old days it was the custom to cover the plants with straw in winter to protect their roots from freezing. Please do not ask us why the gooseberry is called the gooseberry, as we will have to duck that query.

Folklore: It is bad luck to get up out of bed backward rather than face forward. Wearing a piece of red woolen yarn around your throat will protect you from the nosebleed. 5th Year of Seaway Is Marked

MUSKEGON (AP) — Leading federal, state and Canadian officials marked the fifth anniversary of the St. Lawrence Seaway Saturday with optimism, an appeal for continued port development, and toasts to President Johnson and Queen Elizabeth II.

"Never in history have two nations worked more closely for a common objective than in the St. Lawrence Seaway and power projects," said W. Averell Harriman, undersecretary of state for political affairs, who spoke as personal emmissary of President Johnson.

★ ★ ★

Ian McDonald, Canadian consul and commissioner of trade at Detroit, termed the seaway "an example of progress and enterprise which the rest of the world can follow."

Gov. George W. Romney joined Harriman in predicting even greater seaway growth.

WARNING WORD

But Joseph H. McCann, St. Lawrence Seaway Development Corp. administrator, warned that "many businessmen and industries still are not aware of us.

"This event will help advertise the fact that we are close to reaching our goals," said McCann, who cited figures showing the seaway would carry 36 million in total tonnage this year.

★ ★ ★

Romney and McDonald later delighted 600 persons attending a luncheon with toasts to the President and the Queen. Afterwards, they broke their glasses in the traditional manner.

Basement Pipe Leak Leads Man to Death

LOS ANGELES (AP)—Police say Charles Schaeffer, 76, went to his basement to fix a leaky pipe, tripped on a broken step, fell and struck his head against a cement wall. Then he collapsed, unconscious, in the three-inch-deep water from the leaking pipe.

He was dead when his wife found him lying face down in the water Sunday.

News Briefs From Washington

CORE, 15 Nazis Picket White House

WASHINGTON (AP) — PICKETS: Several hundred pickets from the Congress of Racial Equality held "a vigil for Mississippi freedom workers" in front of the White House Sunday night, holding lighted candles and chanting, "We shall overcome."

On a separate part of the sidewalk, 15 pickets from the American Nazi party paraded, carrying the American flag, the swastika of Nazi Germany and placards that read, "Who needs niggers" and "Send troops to New York to protect white victims from black crime."

★ ★ ★

Fourteen of the Nazis wore brown shorts and hobnailed boots. The 15th was in blackface and civilian clothes and carried a banner reading, "Ah is Uncle Remus—ah says down with CORE."

There was no word on whether President Johnson, who had returned to the White House earlier from Minneapolis, watched any of the picketing.

COINS: The Treasury Department plans to raise production of coins by 75 per cent during the next six months and double it within a year.

OVERCOME SHORTAGE

The moves, announced Sunday in an effort to overcome a national coin shortage, will bring annual production by next June to a rate of more than 9 billion, compared with 4.3 billion for the fiscal year ending Wednesday.

★ ★ ★

Steps to be taken include the purchase of bronze strip for pennies, use of new coin presses to be delivered starting in early fall and acquisition of additional stamping machines from Defense Department surplus stocks, the General Services Administration and private industry.

★ ★ ★

The nation's two mints, in Denver and Philadelphia earlier were put on a round-the-clock schedule and rolled nickel strip was purchased for the making of five-cent pieces.

ZIP CODE: Postal officials say they are happy with the progress of the zip code, launched a year ago Wednesday.

MAILERS ARGUE

Some 43,000 large - volume mailers have agreed to zip code their mail and pre-sort it to speed handling. Large volume mail accounts for 75 per cent of first class mail.

★ ★

Already 60 per cent of the planned 566 sectional centers are operational. When the rest open, department officials say that large-volume mail will be able to take 100 per cent advantage of the zip code.

2 Children Die in Saginaw Fire

SAGINAW (UPI) — Two rural Saginaw children died early today in a fire which swept through their frame home while their father fought frantically to rescue them.

★ ★ ★

The victims were Charles Laurenz, 7, and his sister, Sherry, 2. They were the children of Mr. and Mrs. Ervin Laurenz.

The fire which destroyed the interior of their modest four-room home some seven miles south of here in Spaulding Township was apparently caused by exploding shotgun powder which Laurenz kept on a shelf in his bedroom.

The fire raced through the home and trapped the two children in their beds.

★

Mrs. Laurenz got out safely and ran for help to a neighbor's home, but they were unable to get back into the house which was a blazing inferno.

Talks to Be Resumed

'Airborne Attack' on Disease Looms

DENVER, Colo. (AP)—Whole populations can be immunized against disease without the use of needles or pills, a Denver scientist said today, but human fears prevent use of the new technique.

"We have become accustomed to being injected," lamented Dr. Gardner Middlebrook, director of research at National Jewish Hospital in Denver.

★ ★ ★

He said that mass immunization through airborne vaccines is possible as a means of preventing tuberculosis, polio and measles.

A pioneer in the research of immunizing by inhaling vaccines, Middlebrook developed an airborne infection apparatus several years ago. The device is being used to test this technique on animals at several research centers.

GREAT STRIDES

Since 1951 U.S. scientists have made great strides in developing the technique which they call aerogenic immunization.

The basis of such inoculation depends on the use of attenuated organisms, living germs which are weakened but which are highly infectious. The organisms are sprayed into a chamber in closely controlled amounts.

★ ★ ★

A single sniff by a human, Middlebrook says, and he's immune.

Organisms in some vaccines are so weak that they will have no effect in a spray unless they are released in giant clouds, Middlebrook said in an interview.

REALLY POTENT

Others are so potent that just a single cell will produce immunity—these are the organisms used in airborne inoculations.

The Denver scientist said mass immunizations by the airborne technique could be used theoretically to fight any infectious disease.

★ ★ ★

A big problem now is development of the highly infective but nondisease producing vaccines.

Once these are produced, then biologists will have to collaborate with engineers—particularly those experienced in ventilation—to determine proper doses for given amounts of air under all conditions.

3 Children Drown Off Ontario Coast

KINGSVILLE, Ont. (AP) — Three children of a Detroit family drowned Sunday off nearby Cedar Island, about 30 miles southeast of Windsor, while swimming in Lake Erie.

The victims were identified as Catheline Wilson, 14, George Jr., 11, and Margie Anne, 5, children of Mr. and Mrs. George Wilson.

★ ★ ★

The family was on a picnic and the parents were watching four of their younger children when the three older ones disappeared. Wilson notified the fire department and the bodies were recovered.

Road Mishaps Claim 10, Drownings 11 in State Over Weekend

By The Associated Press

Accidents claimed at least 21 lives in Michigan during the final weekend of June.

Ten persons died in motoring mishaps while 11 drowned as hot, humid summer weather sent Michigan residents scurrying to the state's highways and lakes, rivers and streams for relief.

The Associated Press weekend death toll covered the period from 6 p.m. Friday to midnight Sunday.

The victims:

Traffic:

William Wanhala, 18, of Calumet drowned Sunday while on a picnic with relatives at Upper Straits Lake in Oakland County's West Bloomfield Township. The body was recovered.

Claude W. Abbott, 23, of Pontiac was killed Sunday in a two-crash near Pontiac. Police said another car crossed the center line and struck Abbott's.

Albert Bunker, 18, of Leslie was killed Sunday when his car ran off a rural Jackson County road and slammed into a tree. He was alone.

INJURED FATALLY

Cleatus Henderson, 28, of Flint was injured fatally Sunday when he lost control while passing another car on I-75 in Genesee County and his automobile overturned.

Marilyn Shaffstall, 19, of Munising died Sunday in a two-car, head-on collision on M28 in Alger County.

Mrs. Thelma Schwark, 52, of Three Oaks was killed Saturday in a two-car collision at a rural intersection in Berrien County five miles east of Bridgman.

IN ROYAL OAK

Hattie Howell, 42, of Ferndale died in a car-truck collision Saturday in Royal Oak.

Robert M. Skiff, 19, of Milan was injured fatally Saturday in the collision of his pickup truck and an automobile at a rural intersection outside Saline.

★ ★ ★

Faye A. Dean, 17, of Kalamazoo was killed Saturday when the car she was driving went off a curve just northwest of Kalamazoo and rolled over down a 50-foot embankment.

James Sobota, 46, of Berkley died Saturday in a two-car smashup on M21 six miles west of Flint.

ANN ARBOR CRASH

Joseph Balkus, 22, of Detroit was killed Friday night when his motorcycle and a car collided in Ann Arbor.

Howard Butcher, 19, of Lansing drowned Sunday night when he lost his grip on a beach ball in Chapin Lake Berrien County.

Edward Owrey, 4, of Gwinn drowned Sunday in Lake Independence near Marquette. He was on an outing with his parents.

Franklin Carroll, 24, of Erie drowned Sunday while swimming with friends in a small pond off I-75 near Monroe.

Gerald Tribe, 19, of Remus drowned Sunday in Winfield Lake in Montcalm County.

Arthur James Frendt, 26, of Marysville drowned Saturday at midnight when a boat from which he was fishing capsized in the St. Clair River south of Port Huron.

Larry Moorehead, 15, of Pontiac was found drowned Sunday in Cass Lake in Oakland County's Waterford Township. He had been reported missing on an outing late Saturday.

Brent J. Johnson, 18, of Kaleva drowned Saturday night in Manistee County's Portage Lake, near Onekama, where he had gone swimming.

Herbert Brunfield, 19, of Saginaw drowned Saturday in Lake Penemah near Fenton.

Ray Matthew, 5, of Detroit drowned Saturday in the Detroit River while swimming.

Edward Havlock, 48, of Detroit was an assumed drowning. He went down Saturday while swimming in Lake St. Clair, two miles off the American shore. An autopsy was ordered to fix the exact cause of death.

Line Suspends Paris Flights

PARIS (AP) — A second international airline suspended service to Paris today as a nationwide strike of civilian control tower workers continued.

Finnair announced temporary cancellation of its daily flight linking Paris, Amsterdam and Helsinki.

Royal Dutch Airlines suspended Paris flights last night due to what it called uncertainty about the security of air traffic control.

French Air Force technicians have taken over control tower and regional ground control operations throughout France to counter the strike.

★ ★ ★

Civilian operators are protesting disciplinary action by government authorities against one of their colleagues in connection with a previous strike. They also are seeking higher pay.

★ ★ ★

Traffic was reported to be about 75 per cent of normal at Orly, with 110 departures and 108 arrivals scheduled for the day. Traffic was normal at Le Bourget.

Trumans Celebrate 45th Anniversary

INDEPENDENCE, Mo. (AP) — Former President Harry S. Truman and Mrs. Truman celebrated their 45th wedding anniversary yesterday at home. They were married June 28, 1919, in Independence.

"It was a quiet celebration," Mrs. Truman said today, declining further details.

Jane Wilson and David Collon Are Wed

MRS. DAVID J. COLLON

Jane Allen Wilson chose a Bianchi gown of white peau de soie for her marriage to David J. Collon, Saturday afternoon in Christ Church Cranbrook.

★ ★ ★

Floral beading graced her demi-fitted bodice and A-line skirt with Watteau train falling from the shoulder - line. A small pillbox embroidered with pearls and crystals held her veil of imported silk illusion.

WHITE ROSES

She carried white roses and Stephanotis.

★ ★ ★

Parents of the couple are the Thomas E. Wilsons of Bloomfield Hills and Dr. and Mrs. David J. Collon of Romeo.

★ ★ ★

The Rt. Rev. Robert L. DeWitt, Bishop of Pennsylvania, and Rev. John H. Albrecht performed the ceremony.

SEVEN ATTENDANTS

With Mrs. John P. MacManus, her sister's honor matron, were bridesmaids Jocelyn Scofield, Mrs. Charles Bonnett, Mrs. Ralph Watts Jr., Nancy Collins, Mary Everhardus and Ashley Mulholland.

Dr. Collon was best man for his son. Ushers were John Hayden, Thomas E. Wilson Jr., Ralph Watts Jr., Robert Lovell, Bruce McLenna and Albert C. Leader.

★ ★ ★

A reception in the Bloomfield Hills Country Club followed the church ceremony.

Thomas Wilsons Hold Reception in Home

The Charles Byron Spauldings (Marjorie Thayer Wilson) left for Europe after their wedding reception in the Clement Road home of her parents, Mr. and Mrs. Thomas Hunter Wilson II, in Independence Township.

★ ★ ★

Vows were repeated to Rev. C. George Widdifield, Saturday, in All Saints Episcopal Church.

Re-embroidered Alencon lace and seed pearls trimmed the bodice and full skirt of the bride's gown of white peau de soie styled with chapel train. A single matching lace flower held her cathedral veil of imported illusion.

Her bouquet was cascading Stephanotis and ivy.

Attending their sister were Patricia and Dorothy Wilson as honor maid and bridesmaid, respectively. Completing the list of attendants were Joyce Harlan and Carolyn Wilson. Elizabeth Connally was flower girl.

★ ★ ★

The bridegroom, son of the John B. Spauldings of Winnetka, Ill., had Kenneth Brown for best man.

Seating guests were Gerald Sears, Rockwood Bullard, Clif Zwirner, Vance Beggs, Jon Lundberg and John Becker.

The bride who was graduated from Kingswood School Cranbrook and from Hollins College studied one year at the Sorbonne and attended the Connecticut School of Dance. She is a member of Sigma Gamma sorority.

Her husband was graduated from Cornell University and is a member of Theta Delta Chi fraternity.

The couple will live in Birmingham.

MRS. CHARLES BYRON SPAULDING

Home Wedding for Mrs. Ruple, J. Paul Hanson

Vows were exchanged by Mrs. Betty Jorgensen Ruple of Boston Avenue and J. Paul Hanson of North Winding Drive, Saturday, in the home of her parents, the C. J. Jorgensens on Voorheis Road.

★ ★ ★

A reception followed the ceremony performed by Rev. Lee LaLone of the Donelson Baptist Church.

With her street-length jacket dress of French blue lace over taffeta, the bride wore a matching feather hat. Her corsage was a white cymbidium orchid.

★ ★ ★

Mrs. Leroy Newmarch of Williams Lake attended her sister and Richard L. Jorgensen was best man for the bridegroom, son of the John A. Hansons of Hixon, Wis.

Bride-to-Be Is Honored in Hall

Margaret Ann Peterson of Walnut Road, Pontiac Township, was honored at a bridal shower Friday evening in Avon Township Hall.

★ ★ ★

Welcoming some 50 guests from Dearborn, Detroit, Mason, Oxford and Fenton, were the hostesses Mrs. John Crawford, Mrs. Arthur Dalby and Delores Strouse.

The honoree, daughter of the William O. Petersons will wed Harold A. Martin Jr., son of the Harold A. Martins of Rochester, August 1.

Program Director

Mrs. Sedgwick Staff, program director for the Pontiac YWCA recently left to attend the YWCA's Professional School. Each summer the school convenes on the campus of Lake Erie College, Painesville, Ohio.

Send Wire to Express Happiness

By The Emily Post Institute

Q. Our son's engagement is to be announced in a city too far away from here for us to be present at the dinner her parents are giving.

I feel we should do something to show our happiness on this occasion to make up for our absence. What would you suggest we do?

A: Send a telegram to be read at the dinner, expressing your happiness in welcoming your daughter - in - law - to-be and your disappointment in not being able to be present.

End the message by sending your love and good wishes to them both.

Q: I have been told that it is perfectly acceptable to include an adult daughter on an invitation to her parents as follows: "Mr. and Mrs. John Smith and Daughter."

I differ with this opinion. I, for one, greatly resent being addressed this way.

I feel that an adult person, even if she resides with her parents, is entitled to a separate invitation. I would like your opinion on this.

A: "Mr. and Mrs. John Smith and Daughter" is not good form.

A grown daughter may quite properly be included on the invitation sent to her parents by writing her name beneath theirs, as follows:

Mr. and Mrs. John Smith
Miss Mary Smith

1914 Graduating Class Is Fun Loving and Vigorous

By JEANMARIE ELKINS

"Remember the time . . ."

"Remember when we used to . . ."

Memory does not dim with age or time. Neither does a sense of humor.

★ ★

Some 31 people proved this Saturday as they met in the Elks Temple for the 50-year reunion of the Pontiac High School class of 1914.

Fifty years ago, high school classes were held in buildings affectionately referred to by the grads as "the shacks". The present Pontiac Central building was not yet erected.

SAMUEL M. DUDLEY

Principal at that time and honored guest at Saturday's function was Samuel M. Dudley. A teacher for some 45 years, he also taught math and music while he was principal.

At age 91 he was one of the highlights of the party, a sharp wit with an extraordinary memory for people and events of 50 years ago.

★ ★ ★

"You can say anything you want, I'll swear to it", he chuckled in an interview.

Class president in 1914 was Fred Beckman, who acted as emcee for the affair.

CHOICE OF SCHOOL

"I live in Highland," he said. "In fact, I never did live in Pontiac. I went to school in the good old days when you could pick your own school."

The saying "boys will be boys" applied in 1914 too. It took 50 years, but Mr. Dudley finally learned who put all those snowballs in the office one day and who had dropped that ladder down the stairwell from the top floor.

It had seemed "the appropriate thing to do" at the time.

★ ★ ★

Then there was the time someone tampered with the class bell. It rang for class—and rang, and rang AND RANG; until someone had to turn it off.

OUTSTANDING GRADS

Two outstanding personalities from the class of 1914 are Dr. Eugene Elliott, dean of Eastern Michigan University; and Esther VanWagoner Tufty, Washington news correspondent.

Both reminisced about their lives since graduation.

★ ★ ★

Mrs. Tufty delighted her classmates with a tale of her career experiences and meeting with many great world personalities.

★ ★ ★

A press card is required for admittance to the president's press conferences. The front is very impressive, she states, and "will enable you to cash a check anywhere in the world, except Washington."

LESS IMPRESSIVE

The back of the card is less impressive and includes a picture worse than those on passports, age and, as Mrs. Tufty described it, "tonnage".

★ ★ ★

Classmates gathered from all over the state Saturday. But a number of the grads are still living in Pontiac and have been prominent in the community, many as teachers.

★ ★ ★

"Some of these people are just as goofy as they were 50 years ago", said Arthur Cotcher of South Tilden Avenue.

People don't change that much after all.

Plan Vows in August

Mid - August vows are planned by Ruth Ann Webster, daughter of the Arthur C. Websters of Argyle Avenue and Gary Lee Greene, son of Mrs. Lucile Greene of Hudson Avenue and A. B. Greene Jr., of East Beverly Avenue.

Esther Court Holds Dinner

Esther Court No. 13, Order of the Amaranth recently held a dinner in the Roosevelt Temple for 190 of their members. Mrs. E. A. Pearson, Mrs. Pierre Shaver, and Mrs. William Pfahlert were in charge of the dinner.

★ ★ ★

Mrs. Arthur Erickson, Grand Royal Matron of Muskegon and Henry D. Chappell, Grand Royal Patron of Detroit officially visited the Court. Mrs. Neva Alli and Mrs. A. B. Jaconnette received the degrees.

★ ★ ★

The group has an ice cream social and picnic scheduled for July.

'Generosity' Scored

Hand-Me-Downs Insult

By ABIGAIL VAN BUREN

DEAR ABBY: Our 12-year-old son took our power lawn mower to his aunt's house, which is near us.

He told her that her lawn needed cutting and he would be glad to cut it. She asked how much he charged, and he said he wouldn't charge her anything.

ABBY

She told him to go ahead. (They have close to one acre.). Just as he was finishing, his uncle came home and asked our boy if he had been paid for the job yet.

He said he wasn't charging anything. Then his uncle FORCED two dollars on our son.

★ ★ ★

This evening, the wife called me and said she thought it was pretty cheap of our son to accept the two dollars for a job he agreed to do for nothing.

Then she reminded me for the fiftieth time of all the clothes her son had outgrown and she had given me for our son.

What do you make of this? How should it be handled?

BURNED UP

DEAR BURNED: Auntie is "pretty cheap." And should she again offer you hand-me-downs, suggest that she make the Salvation Army or Good Will Industrials the objects of her generosity.

DEAR ABBY: Years ago my father was also faced with the problem of having the neighbor's chickens wander into our yard.

This is how he solved it: He pierced tiny holes in dry corn kernels. Then, using a fine silk sewing thread, just long enough to reach the chicken's craw, he threaded each kernel of corn and attached a note to the other end of the thread.

It read: "PLEASE KEEP ME HOME. I FEEL FOOLISH."

This didn't hurt the chickens, but they did look mighty silly walking around with those messages hanging from their beaks.

The chickens never visited us again, and relations with our neighbors remained friendly.

L. S. H.

DEAR L. S. H.: And therein lies a moral: Never underestimate the power of corn.

CONFIDENTIAL TO DEDICATED PARENTS" IN SEATTLE: I regret that you misunderstood my reply to "Heartbreak."

I did not and would not, advocate automatic institutionalizing all mentally retarded. Nor did I imply that all mentally retarded are dangerous."

Of America's 5½ million retarded, only 210,000 are in institutions. Many are able to live happy, useful lives at home.

Efforts are being made to educate parents of retarded children as to the nature of retardination, how it differs from mental illness, how limited the life of the retarded child will be, and how to help the child accept these limitations.

I hope that parents and neighbors of retarded children will write to the National Association for Retarded Children, 386 Park Avenue S., New York, for information concerning this vital problem. It is free.

Problems? Write to ABBY, in care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to ABBY, in care of The Pontiac Press for Abby's booklet, "How To Write Letters For All Occasions."

Luncheon Club Enjoys Picnic

A picnic luncheon was recently held in the garden of Mrs. Vivian Tubbs, Tubbs Road, by members of the Maple Leaf Luncheon Club. Hostesses for the day were Mrs. William Bedard and Mrs. Harold Soper.

★ ★ ★

Mrs. Arch Carmer and Mrs. A. G. Colman were guests at the luncheon. The group's next meeting will be held at the Erie Drive home of Mrs. Fred Fuller.

25 Earn Diplomas

Pioneer Practical Nurse Class Graduates

By MIRIAM NEAL

Any community can progress by destroying old buildings and creating new structures. But when a community 'rebuilds' people, abandoned by progress, it has cause for pride.

Sunday afternoon 25 white-uniformed people walked across the auditorium stage of Pontiac Northern High School to receive diplomas and pins signifying their probable entry into the field of practical nursing.

★ ★ ★

Eleven months earlier they were unemployed heads of families. They entered the Pontiac Practical Nurse Center, a project sponsored by the Manpower Development and Training Act with the guidance of Michigan Employment Security Commission (MESC) and the Pontiac Board of Education.

83 PER CENT

Sunday was graduation for 83 per cent of the first class in the experimental project. Most professional practical nursing schools graduate 65 per cent.

Leading the program was Mrs. Ralph Sherrod, R.N. Helping her were faculty members Mrs. Melvin Golman, Mrs. Elmer Fuller and Mrs. Ivan Cotcher, all registered nurses.

But the real success of the program is the determination, desire and hard work of 25 "unemployed."

★ ★ ★

In a Nov. 1, 1963 article we interviewed one of these 25, Mrs. Maude Beck, 48.

She had entered the center because she wanted to do more than "just earn money." To her, the program was an opportunity for a useful life serving the spiritual and mental as well as physical needs of other people.

REWARDING

Before her graduation she noted, "It's been a long time but today came . . . It was very difficult for me to adjust to hospital work . . . but now even the emergency room . . ." is routine.

"The program is 'a wonderful thing.' It prepared me for a different way of life, completely different than anything I've known . . . My whole family is thrilled."

★ ★ ★

This year the center is running three sessions, involving 30 people each.

Mrs. Sherrod said that three more classes will be conducted with Manpower funds: They will start in July and November 1964 and March 1965.

CHANGE OF STATUS

After that, she predicts the center will continue as a community school, gathering half its support from state vocational funds, one fourth from tuition and one fourth from community sources.

After 11 months' hard work, often touched with doubt and discouragement, Mrs. Sherrod looked at the graduates on the stage and asked: "Aren't they wonderful!"

Class honors went to John A. Barnett, Joycelyn L. Bowman, Betty J. Hereford, Mildred M. Jones, Dorothy G. Leonard, Miriam J. Nurnberger, Deloria M. Robinson, Nancy R. Schmansky, Mary E. Vinegar and Gloria I. Waters.

★ ★ ★

Others graduating with Mrs. Beck were: Garnet M. Ayer, Mrs. L. Bernard, Normal L. Chiapelli, James Dembo, Jackie D. Hicks, Ina E. Hodgers, Charlotte B. Hoyes, Mildred L. Jameson, Betty J. Montgomery, Lillian H. Richmond, Nancy M. Sanchez, Grace E. Langdon and Charles R. Twitty.

★ ★ ★

Helping the community honor the occasion were Dr. Dana P. Whitmer, superintendent of Pontiac schools; Esther Ashton, R. N., director nursing service at Pontiac General Hospital; and Harold B. Euler, administrator of PGH.

Mrs. Ralph Sherrod, RN, director of the center, left, walks toward graduation ceremonies with Mrs. Beck.

Training at the Pontiac Practical Nurse Center last November was Mrs. Maude Beck, left. Helping her in preclinical training is Mrs. Elmer Fuller, RN.

Special Fete Will Honor H.A. Dowrs

An open house from 5 to 9 p.m. this evening will honor Mr. and Mrs. Henry A. Dowr of West Walton Boulevard, celebrating their 59th wedding anniversary.

Married in Detroit in 1905, they have lived in the area for seven years.

* * *

Mr. and Mrs. Carl C. Koehler will host the party in their Waterford Hill Terrace home. The couples other two daughters are Mrs. Frank A. Fisher of Pontiac and Mrs. Fred Hagen of Detroit.

They also have four grandchildren and four great-grandchildren.

How You Can Tell if Jeans Are Dry

Today's automatic driers are most versatile in operating for varying degrees of dryness. However, if your drier lacks these improvements, watch through the window of the drying door.

When steam disappears and bluejeans seem to float down from the top of the drum, your jeans are nearly dry. Time for action. Remove them from the heat. If you can't iron immediately, hold damp in a plastic bag.

Stop Irritations

Eyeglasses sometimes cause skin irritation at the bridge of the nose and behind the ears. Soothe the sensitive areas with good quality witch hazel.

MONTE-LOWERY

Reception in the Norton Street home of the Clyde W. Loweryes followed the Saturday marriage of their daughter Delores Diane to Christy James Monte. Justice John C. Weick performed the ceremony in his home at Union Lake. An organza cabbage rose headpiece and illusion veil, worn with street-length white lace over satin, was the bride's selection. A white cattleya orchid topped her white Bible. Mrs. Charles Beaudoin attended the bride and Robert Chase of Lake Orion was best man for the bridegroom, son of Mrs. Lucille Monte of Kettering Avenue.

Most Men Like New Knit Shirts

In the men's shirt field — and we're referring to dress and business shirts — knitted fabrics have been making a solid impact in the past few years. In most cases, the "knit" isn't recognizable as such to those thinking of sport shirts and sweaters.

* * *

It is a tricot knot treatment that looks exactly like a woven fabric, but provides ease of fit and porosity. Many of the better wash and wear shirts are of this type of man-made fibers.

Use Wading Pool

Portable Camp Tub

By POLLY CRAMER

DEAR POLLY The camping season will soon be here so I would like to share my tip for a portable bathtub.

I purchased a very small inflatable wading pool. With a couple of buckets of water, we are ready for Saturday night.

* * *

A mesh bag, such as an orange bag, makes a drying "rack" for camp dishes.

Wash the dishes, put them in the bag, runk the whole thing in rinse water and hang in the nearest tree.—MARCIA.

DEAR POLLY — A small padlock will prevent children or any unauthorized persons from using power tools in the home workshop or basement.

* * *

Slip the padlock through the hole in one of the plug prongs and the plug cannot be used unless the lock is removed

—MRS. W. H.

DEAR POLLY — My suggestions all concern my young son. He loves to wear my discarded stretch headbands to play Indian.

Sometimes I make them more authentic by sewing on beads and bright buttons.

—MRS. H.W. O'B.

DEAR POLLY—Wooden salad bowls and trays have a tendency to warp and crack in dry climates. To prevent this, I periodically rub them with pure olive oil.

A pair of clean white socks are used. I use one sock to rub in the oil and after the treated items have stood a day, I use the other sock to wipe off any excess oil before storing or putting out for display.

This also brings out the natural grain of the wood.

—MRS. D. L. C.

KAINES-HEROLD

Following Friday vows in Christ Lutheran Church, Mr. and Mrs. Michael Alan Kaines (Linda June Herold) greeted guests in the Windiate Park home of her parents, the Robert Heralds. White marguerites complemented her gown of white silk organza and Venise lace over taffeta, worn with illusion veil. Attendants at the ceremony performed by Rev. Wayne Peterson were Vicki Herold; Mrs. Richard Weikel, Chicago; Mrs. Dennis Tripp; Martha Kessler and Mrs. Kenneth Erwin, of Detroit. Terrence Kaines was best man for his brother, son of Mr. and Mrs. Lee Kaines of Lansdown Drive. Ushers were Jack Amie, Flint; Dennis Tripp, David Goff and Gary Richmond. The couple will honeymoon in the Grand Traverse Bay area.

Johanna Evelyn Lampi, daughter of Mr. and Mrs. Theodore Lampi of Independence Township and Dr. Robert B. Neale, son of the William Neales of Detroit, were wed Saturday in Drayton Plains United Presbyterian Church.

MRS. ROBERT B. NEALE

Northern Honeymoon

Wed by Candlelight

Wearing blossom white mousseline de soie with court train of Chantilly lace, Johanna Evelyn Lampi became the bride of Dr. Robert B. Neale on Saturday.

A matching lace mantilla was draped over a Spanish comb and a pink - throated orchid accented her bouquet of white roses and Stephanotis.

★ ★ ★

Attending the daughter of Mr. and Mrs. Theodore Lampi of Lakeview Drive, Independence Township, were Mrs. R. H. Lantz Jr. of Largo, Fla., Henrietta Lampi; Barbara Stechow of Flint and Yvonne Klingelsmith.

CANDLELIGHT

Rev. Dennis Dusek officiated at the candlelight ceremony in the Drayton Plains United Presbyterian Church.

Dr. Richard Wakulat of Traverse City was best man for the bridegroom, son of the William Neales of Detroit.

★ ★ ★

Dr. Neil Grossnickle, Kalamazoo, was groomsman. Seating some 300 guests were Dr. Richard Mitsunaga of Honolulu; Richard Neale, Plymouth; Michael Klingelsmith and Victor Kimmel.

The bride was graduated from Grace Hospital School of Nursing, Detroit and her husband from the University of Michigan Medical School.

★ ★ ★

After a northern honeymoon they will live in Royal Oak.

Don't Fill Pockets

Nothing spoils the looks of a good suit faster than loading the breast pocket with a bunch of pens, pencils and cigars! When a coat collar gaps away from the neck, in the back or at the sides, it's a black mark on the whole ensemble — no matter how carefully it is planned.

At "The King's College" in Briarcliff Manor, N.Y., Gary C. Inman, son of the Clark Inmans of Cloverlawn Avenue received a bachelor of arts degree in history at recent commencement.

Judith E. Lunsford holds a bachelor of science degree in police administration, presented at Michigan State University's recent commencement. She is affiliated with Alpha Xi Delta sorority. Her parents are the Donald Lunsfords of Devondale Road, Avon Township.

Newlyweds Will Live in Detroit

The Perry Park Baptist Church was the setting for the Saturday wedding of Carolyn Ann Liddy and John Ernest Best.

Parents of the couple who repeated vows before Rev. Hilding Bihl, are the Leonard A. Liddys of Melrose Avenue and the Ernest E. Bests of Robinwood Avenue.

WHITE AND PINK

A cascade of white carnations combined with pink tipped blossoms complemented the bride's floor-length gown of white Chantilly lace over stain, worn with illusion veil.

Linda May Liddy was honor maid with bridesmaids, Gloria Sebastian and Margaret Best. Barbara Liddy was junior attendant. Cheryl Crawford served as flower girl and Tommy Liddy, ringbearer.

★ ★ ★

With best man Lindow Koop were ushers William Liddy Michael Montgomery, David Bihl, Philip Campbell and Kenneth Schubert of Chicago.

After the church reception the couple left for Petit Lake in Upper Michigan. They will live in Detroit.

Apply Lotion After Dishes

Even the mildest of detergents can irritate and redden the hands. After a session with the laundry or dishes rinse the hands thoroughly in lukewarm water, dry them and then "wash" in good quality witch hazel.

Massage and work the lotion into the skin until dry. Now apply cold cream or other emollient in the usual way.

Try this frequently and the drying and cracking of the skin won't get a chance to get started.

Use Soda, Water

Remove grease from painted bathroom or kitchen walls before painting again by washing with a soda and water solution.

Bathwraps Go High Fashion

The luxurious way to dry off after a bath is to swathe yourself in a cozy terrycloth bathwrap.

The latest styles include drawstring capes, full-length robes with flip-up collars, and full cardigan robes.

All are as "tubbable" —in washer and dryer — as the traditional bath towel.

REMEDY FOR

Blondes and redheads often have pale eyebrows.

To define them more, pluck hairs from the underside of the eyebrow.

This creates a clean arch. Then apply the proper shade of eye pencil with short, hair-like strokes for a more natural look.

If you get up on the wrong side of the bed, try a warm bath.

Much early morning grumpiness is caused by body sluggishness which a bath or shower will wash away.

No complaints about who gets the biggest hamburger when a new patty presser is used to shape them.

The hand-operated chrome-plated press makes five patties from one pound of meat.

The William Bierleins of Ivanhoe Drive announce the engagement of their daughter, Patricia Jean, to James Michael Zeleznik, son of the Joseph Zelezniks of Sylvan Shores Drive. Late August vows are planned.

Rides on Pendulum

Pigeon Slows Clock

HEYWOOD, England (UPI) — The clock in the center of this Lancashire town ran slow for months because a pigeon took joyrides on its pendulum.

Town officials said today that residents complained the clock in the tower of St. Luke's Church was always three minutes slow. Trains, buses and appointments were always missed by the hundreds of residents who counted on the clock to keep them on time.

Several times workmen climbed the tower to find out the trouble. Each time they found the clock ticking away nicely. Each time they reset it. And each time it was soon three minutes slow again.

Finally Town Lighting Supt. William Theaker crept quietly up the tower and spotted the pigeon.

"I saw him swinging quite happily to and fro on the pendulum," Theaker said. "His weight was just enough to alter the swing of the pendulum and make the clock slow.

"The pigeon got into the tower through a broken window," he said. "Now I've boarded up the window. I hope we shall have no more trouble."

International Village Loan Expected

WASHINGTON (UPI) — Approval of a $6 million commercial loan to help finance the first phase of the $100-million International Village project in Detroit was expected today, according to two Michigan senators.

Sens. Pat McNamara and Philip Hart announced Saturday that the Area Redevelopment Administration would announce approval of the loan today.

International Village is a commercial and business center development on 14 acres of urban renewal land in the heart of Detroit.

Walter C. Shamie, president of International Village, said more than $18 million worth of projects will be started within 90 days following approval of the loan.

Shamie said the loan assures financing for the first phase of the planned $100 million center.

PRESENT PLANS

Present plans call for construction of a movie theater, a legitimate theater, apartments and a motor hotel.

Also included in the project would be retail shops, opportunities for new business ventures, and recreation and entertainment facilities.

With a distinct international and culturally diverse theme, it is expected to become one of the major tourist attractions in the midwest.

* * *

Hart and McNamara said it was expected the project would add $12.2 million a year to greater Detroit payrolls, and result in 1,940 jobs directly or indirectly in the first year, increasing to 2,200 jobs after that.

Sales by GM Said Highest for Firms

NEW YORK (AP)—General Motors topped the nation's 500 largest industrial corporations with sales of over $16 billion last year.

Fortune Magazine said in its annual survey of big business that GM sales were $16,494,818,000. Standard Oil of New Jersey was second with $10,264,343,000 and Ford Motor Co. was third with $8,742,506,000.

R. Kennedy Urges Poles to Aid Thaw in Cold War

WARSAW, Poland (AP)—Encouraged by wildly cheering Polish crowds, Robert F. Kennedy called on Communist Poland Sunday night to help promote the new thaw in the cold war.

The U.S. attorney general told Foreign Minister Adam Rapacki that Poland has a unique opportunity to supply a bridge of understanding between the United States and the Soviet Union.

U.S. sources said Kennedy told Rapacki that Poland could play a key role in improving relations because of its membership in the Soviet bloc and the strong ties between the Polish and American peoples.

They met for dinner at Jablonna Palace, a former royal hunting lodge 10 miles from Warsaw. They also were believed to have discussed the German territories seized by Poland after World War II. The Western allies have not officially recognized these as permanent Polish territory.

FOLLOWED TOUR

The meeting followed a triumphant tour of Warsaw by the visiting American despite an official news blackout on his arrival.

Poland's official press and radio maintained silence on the visit, but word got around. An estimated 6,000 Poles jammed the narrow streets around St. John's Cathedral as Kennedy emerged from Mass.

★ ★ ★

Shouts of "Long live Kennedy" and "Long live America" greeted the attorney general, his wife, Ethel, and two sons as they rode through Warsaw streets.

"I am not running for president, but if I were, I wish you could all come to the United States to vote," Kennedy told a crowd in front of Warsaw University.

SAT ON ROOF

The Kennedys sat on the roof of U.S. Ambassador John M. Cabot's limousine and waved when swelling crowds stopped the car. The roof partly caved in and they switched to another car.

Polish television carried the first news of Kennedy's Saturday arrival on Sunday night. Newspapers carried short descriptions of his activities today, describing the visit as private.

Despite the press silence, temperatures in the 90s and a violent rainstorm, crowds surrounded Kennedy all day.

Clearly moved by the enthusiasm, Kennedy put off his departure until late Tuesday so he could visit Poland's Roman Catholic spiritual center at Czestochowa. He was expected to meet the primate of Poland, Stefan Cardinal Wyszynski.

Ted Kennedy: No Warning of Air Crash

NORTHAMPTON, Mass. (AP) —Sen. Edward M. (Ted) Kennedy says he had no warning of trouble just before his plane crashed June 19, killing two of the five persons aboard.

★ ★ ★

The Democratic senator from Massachusetts was interviewed for 10 minutes yesterday by a Civil Aeronautics Board investigator.

Kennedy is recuperating at Cooley Dickinson Hospital from a broken back and other injuries. Less seriously hurt were Sen. Birch Bayh, D-Ind., and his wife, Marvella.

Kennedy's pilot and an aide were killed in the crash, which occurred about 11 p.m. in foggy weather.

★ ★ ★

Kennedy recalled the moments before the crash to CAB investigator George Van Epps and two other CAB men trying to determine the cause of the accident at nearby Southampton.

Czechs to Lift Ban on West Newspapers

PARIS (AP)—American and other newspapers and magazines will be placed on sale to foreign visitors in Red-ruled Czechoslovakia, starting July 1. A group of Western circulation managers in Paris, arranged the deal with Viktor Lederer of the Czechoslovak postal system for the first such sales since the Communists seized power in Prague in 1948.

Indiana University in Bloomington originally was chartered as a seminary in 1820.

Toy Manufacturer Dies

NEW HAVEN, Conn. (AP)—A. C. Gilbert Jr., president and a majority stockholder of his father's firm, the A. C. Gilbert Co., toy manufacturing concern, died Saturday.

Trucks are 16 per cent of total vehicles registered in the United States and pay 29 per cent of total special motor vehicle taxes.

In Auto Industry

New Process Revealed

HOUSTON, Tex. (AP) — The auto industry is nearing success with processes that could wholly automate tool and diemaking and revolutionize industry production methods, the Houston Post reported Sunday.

The goal, the Post story said is to automate the production of body dies from clay models to computers to numerically controlled machines.

★ ★ ★

For competitive reasons, work on the processes is probably one of the most closely guarded secrets in the industry, the Post said.

Estimated cost saving from automated die-making have been reportedly set at about $1 billion a year.

TOUGH ON COMPETITORS

This saving in the hands of any of the domestic auto builders, the Post said, could result in a price and cost-cutting advantage that could make it tough on competitors.

Also, expected demands from organized labor which could cut into profits could be offset by savings from the innovations, industry sources told the Post.

NEAR SUCCESS

The development of this technology, which industry sources say is near success, could also bring about a significant expansion in design freedom.

Dr. Lawrence R. Hafstad, vice president and director of General Motors Corp. research laboratories, confirmed here last week the "enormous effort" by the industry in this field.

★ ★

"Numerical control could reduce the time required to introduce a new model by at least one-third, and more, and could shave millions of dollars in cost from the tedious transfer of dimensions from the automotive stylists' model to the tool men's forming die," he said.

Hafstad said, however, effective use of computer mathematics for retooling is slowed by difficulty of translating the stylists' clay model dimensions into digital data for numerical control machines.

WELL-KEPT SECRET

How far along the industry is in computer designing is a well-kept secret.

General Motors is believed using the process on a limited basis.

Ford Motor Co., which reportedly used the process in development of its new Mustang, says only that it "has an extremely active program."

A Chrysler Corp. official told the Post the firm has ordered substantial new equipment in connection with the process.

With computer designing, it could be that Detroit eventually could do away with clay model casts completely. Sculptors, tool and die-makers could be replaced by computer operators and technicians, the Post said.

Sweet Scent Overpowers

HAMILTON, N.Y. (AP) — A 145-year-old barrier fell today amid the sweet scent of perfume and female voices on the Colgate University campus.

A select group of 16 women were the first women admitted as full-time students at the all-male university.

Colgate has an undergraduate enrollment of 1,400 men.

The women are enrolled in the university's graduate teaching-intern program. The summer session began today.

Robbery Victim Dies

DETROIT (AP)—John Alger Hall, 40, of Grosse Pointe Park, died in a Detroit hospital Sunday of injuries suffered last Wednesday in a strong-arming robbery. He was found on a street, his skull fractured, his pockets turned inside out.

News From Around the World

Say Pistols Not Crash Cause

TAIPEI, Formosa (AP)—Two pistols found in the wreckage played no part in the plane crash in central Formosa June 20 that killed 20 Americans and 37 others, police said today.

Officials of the Civil Air Transport line had urged an investigation to see if the pilot had been shot.

Col. Chang Chen, the spokesman for provincial police, said tests showed neither of the pistols had been fired.

The crash was Nationalist China's worst air disaster. The American victims included servicemen and their families.

PARIS (AP) — Premier Ion Gheorghe Maurer will lead a Romanian government delegation on a visit to France next month for economic and political talks.

POLICY RIFT

The trip comes during a rift over economic policies between Moscow and Bucharest. The Romanians have refused to be integrated in the Kremlin's economic design for Eastern Europe.

ROME (AP) — Premier Aldo Moro's leftist allies have united in urging his return at the head of another center-left government to end Italy's 25th postwar government crisis.

Moro's Socialist, Democratic Socialist and Republican allies in the old Cabinet issued statements Sunday calling for a renewal of the coalition with the Christian Democrats.

The Cabinet resigned and Moro was named caretaker premier last Friday after the Christian Democrats lost a parliamentary vote on its proposal to give additional aid for church schools. The leftists abstained on doctrinal grounds.

TORONTO (AP)—A new blood testing process can spot hidden diabetes and make national detection programs possible, the International Diabetes Federation says.

RELIABLE, SIMPLE

The federation announced Sunday that the new process developed by the A. E. Ames Co. of Elkhart, Ind., is reliable and simple and requires only one minute to administer.

The federation said preliminary reports on the new process will be studied by 1,000 doctors from 44 countries meeting here July 20-24 for the federation's fifth congress.

SINGAPORE, Malaysia (AP) —Police have arrested 54 persons for communist subversive activity in a crackdown at the Chinese - language Nanyang University, informed sources said today.

Foreign News Commentary

Indonesia Tough in Red Bargaining

By PHIL NEWSOM
UPI Foreign News Analyst

Notes from the foreign news cables:

RED TIGHT ROPE: Despite the cheers Soviet First Deputy Premier Anastas Mikoyan received in Jakarta for his promise of new weapons to Indonesia, he apparently found the going tough.

NEWSOM

He had to deal both with Indonesia's powerful Communist party and with the Indonesian government.

He sought support from both for the Russian position vs. the Communist Chinese in their ideological quarrel.

Particularly he wanted the government to reverse its alignment with the Chinese Reds on the question of Russia's admittance to the second Afro-Asian conference scheduled to be held in Africa next March. Indonesia has backed Peking's stand that Russia is not an Asian country.

Both the party, the third largest in the world, and Sukarno's government are attempting to steer clear of actual commitment to one or the other and use both for aid support.

GUERRILLA PARATROOPS: In Kuching, the Federation of Malaysia headquarters for the fight against Indonesian guerrillas in Borneo, there is a suspicion that Indonesia will begin air-dropping guerrillas into the heavily populated areas of Northern Sarawak as the next step in its offensive against Malaysia.

Authorities believe the paraguerrillas could be hidden by clandestine Communists operating in and near urban districts.

Quiet air drops might be more successful than land penetrations in the face of increased British and Malaysian vigilance.

FRIEND OR ENEMY? Malaysian Prime Minister Tengku Abdul Rahman will use his coming visits to London and Washington to find out just how much support Malaysia can expect from its friends if it decides to take his case against Indonesia to the United Nations.

Rahman will confer with other commonwealth prime ministers in London and with President Johnson in Washington.

The official thinking in Kuala Lumpur, Malaysian capital, is that the Malaysia dispute will be taken to the United Nations sooner or later if Indonesia steps up attacks in Borneo and Sabotage in Malaya and Singapore.

TOKEN HELP: The British cannot be expected to give more than a token contribution to any military build up by the Americans in and around Viet Nam.

★ ★ ★

The British have their forces tied up in too many other areas to be able to spare more than a squadron of fighters or some similar small mobile unit.

If the United States asks for Britain to join in the Viet Nam effort, the British will do so with pleasure on this scale — to demonstrate solidarity.

SLOW GOING AT GENEVA: Brass-tacks negotiating on the Kennedy round of talks to reduce world tariffs will not begin in Geneva until next year, but there already is evidence that the going will be harder than anticipated.

The British already have raised strong protests against American "protectionism" toward imports of heavy machinery, chemical products and Scotch whisky.

Muslim Urges Voluntary Segregation

NEW YORK (UPI) — Elijah Muhammad, leader of the Black Muslims, preached his message of racial peace through voluntary segregation yesterday before an audience of almost 10,000 Negroes in Harlem.

But while the message inside the Harlem Armory was peace, there was some fist-fighting outside.

A young Negro was beaten by Black Muslim guards after someone shouted, "He is with Malcolm X."

As the Muslim secret police, known as the "Fruit of Islam," closed in on him, one woman screamed, "Kill him!"

* * *

As city police attempted to reach the man, David Wetstone, 21, of New York, the Black Muslim guards formed a cordon around the melee, linking their arms together to form a tight chain.

GIVEN FIRST AID

Police reinforcements finally managed to pull Wetstone free from his attackers. He was given first aid for minor cuts and bruises.

Malcolm X, once the leader of the New York Black Muslims, bolted the control of Elijah Muhammad and formed his own black nationalist organization.

The two groups are engaging in a bitter feud for control of the black supremacy movement, and reports had been circulating before the rally that an attempt was to be made on the life of the Black Muslim leader.

* * *

Police broke up an armed clash between the warring factions on a Harlem street about two weeks ago.

RECEIVES PUMMELING

Another Negro man, bearing a sign which read, "Muhammad is a phony," also received a pummeling from the Muslim guards. He grabbed his placard and disappeared into the crowds outside.

An hour after the violence subsided, Elijah Muhammad arrived in a black limousine.

Accompanying Muhammad were Etnel Sharrief, wife of the head of the Muslim secret police, and a few of his closest confidantes.

The Muslim leader mounted the platform and seated himself facing the assembled crowd.

LONG WHITE ROBE

In accordance with Muslim custom, the men were seated on one side of the building, the women, many dressed in the traditional manner in long white robes, on the other.

* * *

No one smoked. By Muslim rules, smoking, in addition to drinking and narcotics, is forbidden, and everyone entering the armory was searched by Muslim guards for cigarettes or matches.

Muhammad was introduced by heavyweight boxing champion Cassius Clay, who now calls himself Muhammad Ali.

* * *

Clay spoke briefly, remarking that in his world travels he found considerable interest in the Black Muslim movement and their leader.

GOLD MOSQUE

He presented Elijah Muhammad with a gold mosque given to him in Egypt.

Muhammad spoke for an hour and 15 minutes, restating his philosophy of complete separation of the races. He described the white man as naturally mean and untrustworthy.

He told the applauding, cheering crowd that all Negroes should want from the white man is some territory of their own, in which they could set up their own society.

Many Negroes at the rally were not connected with the Muslim sect, but were there out of curiosity.

FEW WHITES

The only non-Negroes among the thousands assembled were reporters and cameramen.

* * *

A police detail of nearly 100 men stood by outside in the 90-degree heat, but except for the fisticuffs at the beginning, the rally, for its size, was unusually orderly.

New Committee Is Formed

Chance for Truce Now Likely in Racially Torn St. Augustine

ST. AUGUSTINE, Fla. (AP) —The possibility of a truce in St. Augustine's racial conflict loomed today for the first time in nearly two weeks.

A new effort to establish a biracial committee of two whites and two Negroes to seek peace was reported nearing success.

★ ★ ★

Community leaders predicted that any group would have a difficult time because the middle ground has all but disappeared in the furious, month-long push for integration by Negroes and the equally determined resistance by whites.

There has been almost no communication between the two races for more than a week, following collapse of the first effort to find a settlement.

FIRST ATTEMPT

In the first fruitless attempt, a St. Johns County grand jury called for a 30-day truce in public demonstrations, after which a biracial committee would have been established. The Negro leader, the Rev. Martin Luther King Jr., rejected this and sought immediate formation of the committee.

★

The grand jury refused to negotiate along these lines.

The pace of demonstrations by both Negroes and whites was stepped up. Fist fights and other violence became a daily occurrence as integrationists were met on the beaches and city streets by fist-swinging whites.

Gov. Farris Bryant clamped on a curfew to end public parades at night. That brought him into U.S. District Court faced with a possible contempt citation in a case to be decided Tuesday.

★ ★ ★

The climax to the violence came Thursday night when hundreds of whites brushed aside police guards and routed a Negro parade.

The outbreak brought the governor here the next day. He has been in the forefront in reopening lines of communication.

★ ★ ★

There were no public parades by either group Sunday but each held a meeting. Rain cut attendance at the white rally. The Negroes held an indoor meeting and were told by a spokesman for King that a biracial committee would be watched closely and that integration efforts would be resumed if no progress was being made.

Chicago Rights Unit Pickets U. S. Building

CHICAGO (AP) — Some 300 persons, a few carrying lighted candles, walked a six-mile route from the South Side early today to the downtown federal building and set up a picket line around it.

The demonstration by Negroes and whites ranging in age from 7 to the 60s was sponsored by a new civil rights organization called ACT in protest against the forcible removal of pickets last week from offices and hallways in the building.

★ ★ ★

The group started shortly after midnight at the intersection of 55th Street and Indiana Avenue and arrived at the federal building at about 2:30 a.m.

Some of the marchers took off their shoes and walked in stocking feet, others walked barefoot.

COMEDIAN SPEAKS

At the federal building, entertainer Dick Gregory addressed the group, saying "We will march every night" to attain their goals.

After an hour of speeches, leaders told the marchers to go home and the pickets left the building.

★ ★ ★

ACT, its Chicago sponsors said, was organized in Chester, Pa., last March 14.

At a press conference preceding the rallies, Stanley Branche, Chester, Pa., ACT chairman, said the organization planned demonstrations when Pennsylvania Gov. William W. Scranton arrives in Chicago on Tuesday on a political tour.

DONE NOTHING

Branche said Scranton "has done nothing about schools, housing and employment discrimination in Chester and Philadelphia," and on April 24 "sent state troopers to Chester to beat up 300 persons demonstrating against school segregation."

Branche said Scranton is talking about Sen. Barry Goldwater's stand in Mississippi "when he should be concerned with the police brutality in his own state. Chester is the Mississippi of the North."

Missing Boy Just Fishing for Romance

PAINESVILLE, Ohio (AP)—A 16-hour lake front search by more than 60 volunteers for a 10-year-old boy reported missing ended on a happy note. The youngster had been hiding in the basement of his 12-year-old girlfriend's home.

★ ★ ★

The hunt began after Mrs. Robert E. Coleman of Mentor reported her son, Keith, missing at 8 p.m. Saturday.

★ ★ ★

Keith wanted to visit the nearby home of Allyson Darrow but his mother said he couldn't because the Darrows were having company. The boy told his mother he was going fishing along Lake Erie.

★ ★ ★

He ended up at Allyson's house. Allyson, the boy said, led him to the basement, then brought him scrambled eggs for Saturday night dinner and coffee cake for Sunday breakfast. He slept in a sleeping bag.

SEES PATROLMAN

At noon Sunday Keith decided to go home. He was leaving the Darrow home by the back door when he saw a Mentor patrolman coming toward the house.

★ ★ ★

"I'm the one you're looking for," Keith told the patrolman.

Norwegians, K 'Indifferent'

Enthusiasm Lacking During Red's Visit

OSLO, Norway (AP) — Soviet Premier Khrushchev arrived today in Norway, a country solidly committed to the Atlantic alliance and more interested in topless swimsuits than in Soviet-Norwegian relations.

A ragged cheer went up from a crowd in front of the Oslo City Hall as Khrushchev, bareheaded and looking rested after his two - day sail from Sweden, stepped ashore.

Norwegian Premier Einar Gerhardsen, who says Khrushchev's five-day visit has absolutely no political significance, greeted the Soviet leader on the last leg of his Scandinavian tour.

"I am glad your visit finally has been arranged," Gerhardsen told Khrushchev. Earlier visits were called off because of hostile newspaper comment.

GOODWILL TRIP

The Norwegian premier has described Khrushchev's trip as "nothing more than a goodwill trip to return the visit I made to the Soviet Union in 1955."

In his welcoming remarks, the premier said Norway and the Soviet Union have a common border "which never has given occasion to strife."

"I am also glad about economic cooperation across the border, cooperation which I hope will help create good relationships between good neighbors," Gerhardsen added.

"As we came to Denmark and Sweden, we come to your country with an open heart," the Soviet premier said, rattling through a brief speech with an air of disinterest.

WOMAN TAUNTS

One elderly woman in the crowd shouted "murderer" until a policeman clamped a white - gloved hand over her mouth.

At a nearby shipyard, less than 100 workers lined the railings of a tanker under construction and displayed a banner reading "Welcome Nikita."

King Olav V and Crown Prince Harald returned to Oslo briefly to receive the Soviet visitor at an audience and lunch today.

Thrown by Producer Sinatra

Lavish Party Winds Up Movie

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — Parties to celebrate the end of shooting on a movie have become scarce in economy minded Hollywood.

They are still thrown with a lavish hand by Frank Sinatra.

Take the one he tossed for the finish of "None But the Brave." Three hundred persons crowded into Stage 17 at Warners which had been converted into a night club set. They included members of the cast and crew, their wives and dates, studio department heads, members of the Sinatra cabinet, and Miss Angie Dickinson, the current Sinatra date.

THOMAS

★ ★ ★

Two bars flowed with the best of libations. A combo played while the guests relived memories of the Hawaiian location and studied a long gallery of photographs from the film. There was much camaraderie between the Americans and the Japanese actors who played enemies in the Pacific war script.

Sinatra, who made his debut as a director in "None But the Brave," greeted the guests at the door and planted kisses on the wives' cheeks. Midway in the party the combo sounded a fanfare, and cast member Brad Dexter took the floor.

GIFT PRESENTED

The actor, who helped save his leader from the briny in the Hawaiian surf, presented Sinatra with the company's gift: an 18th century tankard made of English oak from a sunken ship.

"You're about the best group of people I've ever met," said the producer-director-star with feeling. "I love you dearly."

He added: "This has been the most revealing, exciting, emotional experience of my life. You were all great to help me when I didn't know what the hell I was doing. I think what we made will be a successful picture—not as a spectacle like 'Fall of the Roman Empire,' not as an artistic film like 'Night of the Iguana,' but simply as a good movie."

★ ★ ★

His speech was followed by applause and presentation of a framed placard containing signatures of the company members. More applause, and Sinatra returned to mingling with the group.

He told an interloper why he favors after-shooting parties: "You work and live together for a period of weeks on a picture and you become like a family. Most companies just break up and everyone goes his own way. I like a party to signal the end, and I like to have the photographs so everyone can take home something to remember the picture by."

BEATS SCHEDULE

He brought the film in two and a half days under schedule, despite adding 40 camera shots that weren't in the script. "The savings in film stock alone amounted to $40,000," he reported proudly.

Newspaper Says Sen. Neuberger to Wed Doctor

BOSTON (AP) — Sen. Maurine Brown Neuberger, D-Ore., will marry Dr. Philip Solomon, a psychiatrist at Boston City 12, the Boston Globe said today.

The story said the couple will buy a home in Newton, Mass.

It would be the second marriage for both.

Mrs. Neuberger, 56, succeeded her husband, Richard Neuberger, in the Senate after his death March 9, 1960.

Solomon, 50, is divorced.

The newspaper quoted Mrs. Neuberger's administrative assistant, W. Lloyd Tupling, as saying in Washington that he "had heard of the possibility" of their marriage but was unable to confirm the date.

100-Mile Race Saves Nose Cut Off in Mishap

LOMA LINDA, Calif. (AP) —When a car plunged into a ditch, James Kenneth Whisenant, 16, of Barstow, Calif., was hurled through the windshield, and an inch and a half of his nose was severed.

When an ambulance brought him 100 miles here for surgery, doctors told the highway patrol: Find the nose.

★ ★ ★

Officers searched the scene 25 minutes, found the piece, put it in a container of ice and saline solution, and relays of patrol cars rushed it the 100 miles in 70 minutes.

Doctors sewed it back on later yesterday. They said there's a good chance it will heal.

Junior Editors Quiz on CHEESE

QUESTION: How is cheese made?

★ ★ ★

ANSWER: Cheese, one of the most valuable and nutritious of foods, starts with the cow (1). In the cheese-making plants her milk flows into large vats than can hold up to 20,000 pounds of milk.

About 11 pounds of milk are needed to make a single pound of cheese. In (2) a "starter" culture of lactic-acid bacteria is being poured in, separating the solids or curds of the milk from the whey or liquid part.

Rennet extract further helps curdle the milk. In (3) the curd, having been cut into small cubes, is being pushed to both sides of the vat to allow the whey to run off.

Further cutting and salting prepares the cheese to be wrapped in parchment and squeezed into metal boxes (4) after which these boxes will go to the curing rooms.

If cured for a short time, the flavor will be mild. American, or Cheddar cheese, is usually cured from two months to two years; the longer the curing, the sharper the flavor.

Different variations of the cheese-making process produce different varieties of cheese—with rocquefort, for example, the addition of penicillin mould gives a sharp, special flavor.

★ ★ ★

FOR YOU TO DO: For a tasty toasted cheese sandwich, place slice of cheese between two slices of bread, butter outside of sandwich, lay in skillet, cook on medium heat until brown, then turn over. Cook until that side is brown and cheese is melted. Butter again. Eat.

King at Dedication of Rebuilt Churches

SASSER, Ga. (AP) — When the heat of racial conflict seared the south Georgia countryside two summers ago, three Negro rural churches were burned to the ground.

★ ★ ★

The burning — first, of one church, then, a month later, two churches on the same night—stirred a national drive which netted about $100,000 for rebuilding the churches.

A dedication ceremony for the rebuilt churches was held Sunday. Integration leader Dr. Martin Luther King Jr. spoke at the Mount Olive Baptist church. Former baseball player Jackie Robinson was present.

★ ★ ★

"Two years ago I stood among the smoldering ruins of these churches," King told an audience of more than 300. "Those days told us of man's potential for evil. Now we see the goodness of man reflected."

PUBLIC SUBSCRIPTION

Public subscription raised $75,000 to rebuilt the three churches. King's Southern Christian Leadership Conference contributed $25,000.

Among the larger contributors were New York Gov. Nelson A. Rockefeller with $10,000 and a New York - based coffee company with $5,000. An Atlanta newspaper raised $10,000.

"We must not think about who burned the churches, we must think about what burned the churches," King said.

"They were burned by a morally inclement climate, the same climate that led Klan-like terrorists in St. Augustine, Fla., and the same climate that assassinated Medgar Evers and John F. Kennedy," he said.

Two Tiger Rookies Bid for Regular Jobs

Upset Marks Riley Classic Debut at BOH

Overflow Audience Sees The Imp Win 3-Way Jumpoff

The Fort Riley Jumping Classic lived up to its advance billing as a premier event for the Detroit Horse Show Saturday night at Bloomfield Open Hunt.

An overflow crowd, including Gov. and Mrs. George Romney, was treated to an upset victory by The Imp in a jumpoff with highly regarded Jacks or Better and Sure Thing.

★ ★ ★

All three horses cleared the barriers without fault in the regular jumping. Jacks or Better, ridden by Neal Shapiro of Glen Head, N.Y., was the first horse in the jumpoff and chalked up four faults.

The Imp, owned by Laureling Farms, West Chester, N.Y., cleared all jumps without fault under the expert hand of Sonny Brooks.

Shapiro, a member of the U.S. international equestrian team, also was up on Sure Thing. The horse clipped the first barrier giving the championship to The Imp.

The first place was worth $1,000 and Brooks received the Frances Hopkins Duffy Memorial Award.

MID-SEASON CHAMP

Jacks or Better, one of the top horses in international competition, was awarded the Red Bob Farms Trophy as the North American Mid-season open jumper champion.

During Sunday's final competition, Glen Miller Jr. of Battle Creek earned the green jumper stake aboard Blue Jay and Mrs. J. Deane Rucker of Grosse Pointe received the regular conformation hunter championship for her work with Cold Climate.

Dina Woodington of Oxford was awarded the Mr. and Mrs. Fred V. Davis Sportsmanship Trophy for children under 13.

Navy Commander, owned by Laughin Place Stables, Niles, Mich., won the Lady's working hunter class and the Black Thorn Memorial Trophy Saturday morning.

Swanky's Fate, owned by Mrs. Henry Ledyard, Grosse Pointe Farms, took the Michigan bred hunters class and the Shuell Memorial award.

★ ★ ★

The amateur working hunter championship overall award, The Gordon H. Miller Memorial Trophy, went to Judge Hay, ridden by John Ward, Jr., Lexington, Ky.

The week-long show, largest hunter and jumper event in the United States, drew over 400 entries. The prize list exceeded $18,000.

Hills Driver Wins Race at Waterford

Joe Mulholland of Bloomfield Hills, driving an XKE Jaguar, capped a day of blistering competition and weather at the Waterford Hills Road Racing Course Sunday by winning the 15-lap production feature.

★ ★ ★

Mulholland, hemmed in by a traffic jam of Corvettes in the 10-lap production feature, where he finished fourth, came back with a flying start in the 15-lap finale to our-run Norm Luther, Corvette driver from Royal Oak.

In the 10-lap production race, Luther had threaded his way through the pack and pulled away in the last two laps to thrill the crowd of close to 3,000 by his win.

Ken Nielsen of Clawson, driving a Lotus XX, raced almost unchallenged to win the 15-lap modified feature.

A hot, oily track held times down in all of the nine events, and no records were seriously contended.

MSU Golfer State Champ

CHARLEVOIX (AP) — Doug Hankey of St. Johns, the No. 6 man on the Michigan State University golf team last year, used a combination of fantastic chip shots and deadly putting to win the 53rd annual Michigan amateur golf championship Sunday.

Hankey, who sidelined defending champion Melvin (Bud) Stevens of Detroit 2 and 1 in the Sunday morning semifinal round, breezed to a 5 and 4 triumph over Steve Uzelac of Detroit in the final.

Hankey, at 19, is the second youngest player to wear the state amateur golf crown. Chuck Kocsis of Detroit was 17 when he won the title in 1930.

NOTHING NEW

State championships are nothing new to Hankey. He was the state class B high school champion in 1961 and the runnerup the following year.

He won the state title when Uzelac had trouble on the back nine and fired four straight bogies while Hankey was making the round in regulation figures.

The match ended when they halved the 14th with bogie 4's.

Hankey one putted the first three holes to take a quick three-up lead.

Uzelac, a Detroit attorney and captain of the 1957 University of Michigan golf team, parred the fourth and sixth holes to leave Hankey with a one up lead at the turn.

EXTRA WORK

Uzelac, who had to go extra holes on three of his five matches leading to the finals, defeated Dan Townsend of East Lansing 4 and 3 in their semifinal.

The semifinal matches saw Hankey lead all the way against Stevens as he continued to upset tournament veterans. His earlier decisions included victories over Robert Corley of Jackson and Harold Brink of Grand Rapids.

Hankey said his chip shots on the 16th hole, when he put the fall a foot from the cup from 20 yards out, was probably the big shot of the semifinal round. He went on to win the hole when Stevens three-putted from 16 feet.

Hankey scored four straight birdies—missing an eagle by a matter of inches on the ninth hole—and was three up going to the 11th tee.

MOVED CLOSER

Stevens closed the gap by winning the 11th and 14th holes with pars but the big shot on the No. 16th hole saved the day for the MSU junior.

In the other match, Townsend played with sneakers because of blisters on his feet suffered when he lugged his own bag around for the first four matches. The combination of poor iron shots by Townsend and a hot putting streak by Uzelac decided the match.

Townsend said he did not have enough money to pay for caddy fees, but he mustered up enough for the final day.

METRIC MILE MARK — Tom O'Hara of Loyola of Chicago strides to the finish line ahead of Oregon's Dyrol Burleson to set a U.S. record in the 1,500 meter run at New Brunswick, N.J. O'Hara defeated Burleson for the first time in seven tries in the AAU meet and his time was 3:38.1 which was 1.2 seconds better than record held by Gary Weisiger.

Southpaws Take Over Wimbledon Tennis Meet

WIMBLEDON, England (AP) — One way or another the world's greatest tennis tournament is turning into an affair of lefties.

It began when Iron Curton country players walked out rather than play with South Africans last week in an anti-apartheid leftist move that introduced politics to the Wimbledon Championships for the first time in its 78 years existence.

★ ★ ★

Now two left-handers, regarded as the awkward customers of the tennis world, have reached the last eight of the men's singles.

One of them—South Africa's Abe Segal — is due to meet Chuck McKimey of San Antonio, Tex., today.

The other left-hander is Christian Kuhnke of Germany. If he beats Fred Stolle of Australia he could present McKinley with no less than his fifth lefty opponent in this competition.

VERY TRICKY

Other southpaws McKinley met were Torben Ulrich of Denmark, Thomas Koch of Brazil and Billy Knight of Britain.

"I don't mind left-handers, but I found Knight very tricky," said McKinley. He dropped a set to the Briton in their fourth round match.

Some tennis experts claim the fact McKinley has had to meet so many left-handers may seriously hamper his chances of retaining the men's title.

"You go on playing lefties and you end up conditioned to them—then bang, you crash before a right-hander," one observer said.

★ ★ ★

Kuhnke, the German number two, says: "I think that being a left-hander definitely gives me an advantage over the other man. You can get spin to go the opposite way, and this can throw them."

He certainly threw Manuel Santana, the third-seeded Spaniard, Kuhnke downed the veteran 6-3 7-5 6-8 6-4 in a fourth-round match Saturday.

Wimbledon's second week got under way today with the men's quarter-finals, in which McKinley meets Segal, Kuhnke faces Stolle, Wilhelm Bungert of Germany opposes Rafael Osuna of Mexico, and Roy Emerson plays fellow Australian Bob Hewitt.

Two Big Innings for Softball Nine

Two big innings carried Lytell-Colegrove to a 12-8 triumph over Buckner Finance in an International League makeup game last night at Northside Park.

The winners used three singles, two walks and two errors to score five runs in the first frame and used a similar combination to post five more in the third.

The win was the second for Lytell-Colegrove (2-7) and the loss left Buckner with a 2-6 mark.

Home Run Hitting Twins Plaster White Sox, 9-3

By United Press International

The Minnesota Twins keep hitting home runs while frustrated club President Calvin Griffith wheels and deals for pitchers who will make the slugging worthwhile.

Griffith has engineered 14 player changes in the last two weeks, including four in the past three days, but his powerful Twins still are no better than fourth place in the American League because they can't get the kind of pitching to match their tremendous hitting.

However, Griffith sees a ray of hope.

The Twins bought relief hurler Johnny Klippstein from the Philadelphia Phillies Sunday and last week they obtained veteran Al Worthington, both of whom Griffith feels will bolster his bullpen.

Harmon Killebrew, Bob Allison and Zoilo Versalles crashed home runs Sunday for the Twins in a six-run seventh inning as Minnesota plastered the Chicago White Sox, 9-3.

ROOKIES SHINE

But what elated Griffith more than the home runs was the one-hit relief pitching of winner Worthington over the last 3 1-3 innings and the hitting and defensive work of rookies Ron Henry, a catcher, and Jim Snyder, a second baseman, who joined the club Saturday. Each drove in a run with a double and single, respectively.

Killebrew's homer was his 26th—high in the major leagues—and raised the Twins' home run production this season to 114 in only 72 games. The season record is 240 round trippers set by the New York Yankees in 1961.

The Baltimore Orioles increased their league lead to four games over the Yankees by beating Washington, 6-4, while New York was splitting a doubleheader with the Detroit Tigers.

In other American League games, Boston beat Cleveland twice, 8-4 and 4-3, and Kansas City shut out the Los Angeles Angels, 4-0.

The Orioles capitalized on two errors in the eighth inning to break a 4-4 deadlock with two runs to extend their winning streak to six games. Rookie Herman Starrette, in relief of freshman Wally Bunker, picked up his first win. Jackie Brandt led the Orioles with a single and double. Bob Johnson added a homer for Baltimore and Jim King connected for Washington.

Felix Mantilla and Frank Malzone each hit two home runs in the Red Sox sweep over the Indians which boosted Boston into fifth place.

Dick Radatz hurled two scoreless relief innings in the first game and 2 2-3 more in the second to preserve victories for Bill Spanswick and Bill Monbouquette.

Leon Wagner slugged his 16th and 17th homers in the first game for the Indians and Dick Stuart hit his 14th for Boston. First game loser Dick Donovan also homered.

Diego Segui pitched a five-hit shutout over the Angels to raise his record to 7-6. The A's scored two unearned runs in the first, Nelson Mathews homered in the third and the final run scored on a sacrifice fly. Barry Latman 2-6 was the loser.

Bluth Perfect in Keg Victory

SPOKANE, Wash. (AP)—Ray Bluth of St. Louis rolled the second perfect game of the $21,000 Spokane Pro Bowling Open finals Sunday night in winning his first PBA championship.

Bluth opened the evening round in fourth place, 132 pins behind Les Schissler of Denver, who rolled a 300 in the afternoon session, and ended as the halfway leader.

The 300s were the first for Schissler and the seventh for Bluth in sanctioned play.

Mike Samardzija of Pontiac finished in 23rd place adding a 1266 block for 3822 total.

O'Dell Is 'Pain' in the Neck for Dodgers

By The Associated Press

Billy O'Dell has a pain in his neck and the Los Angeles Dodgers hurt every time they look at the National League standings.

O'Dell, hampered most of the season with the neck ailment, put the crimp on a ninth inning Dodger rally Sunday and preserved a 1-0 San Francisco victory which vaulted the Giants into the league lead and dumped the world champion Dodgers into ninth place.

★ ★ ★

Ron Herbel had blanked the Dodgers for eight innings before the Giants got a run off Don Drysdale on two hits, a walk and Orlando Cepeda's sacrifice fly. Herbel needed just three more outs for the victory. He didn't get any of them.

Ron Fairly and Frank Howard opened the Dodger ninth with singles and Giant Manager Alvin Dark lifted Herbel. O'Dell came on and when John Roseboro bunted for a hit loading the bases, Billy might've wished he was any place except the Candlestick Park mound.

But O'Dell bore down and fed Jim Gilliam a slider which the Dodger infielder popped up. Pinch hitter Lee Walls fanned on a fast ball and Maury Wills bounced out, leaving the three runners stranded.

"The pitch to Walls was high," O'Dell said after the game. "But I guess it looked good to him."

★ ★ ★

It looked great to Dark, whose Giants swept the four game series from Los Angeles and rode the crest of nine victories in the last 10 games right past Philadelphia and into first place.

★ ★ ★

The Phillies slipped to second in a disastrous 8-2 nightcap loss to the Cardinals after Chris Short hurled a five-hit shutout winning the opener 5-0.

Elsewhere in the NL, Milwaukee swept two from New York 7-6 and 9-0; Cincinnati ended a streak with a double victory, 6-2 and 6-5 and Chicago and Houston split, the Cubs winning the first game 10-2 and the Colts taking the nightcap 4-1 in 10 innings.

INTENTIONAL WALK

The Giant run came in the eighth after singles by Harvey Kuenn and Willie Mays and an intentional walk to Duke Snider loaded the bases.

★ ★ ★

Cepeda cracked a Drysdale pitch deep to right field and Howard made a spectacular catch saving an extra base hit. But Jesus Alou, running for Kuenn, scored after the catch, giving Herbel, O'Dell and the Giants the only run they needed.

Sparma Gets Homer Help From Brown

Bengals Win Second After Yanks Gain 8-6 Opening Victory

WASHINGTON (AP)—Rookies Joe Sparma and Gates Brown are a cinch to make the Detroit Tigers' regular lineup if they continue to perform the way they did against the New York Yankees Sunday.

The two youngsters combined to pitch and bat the Tigers to a 6-5 split of a doubleheader at New York. The Yanks won the opener 8-6 on a grand slam home run by Tom Tresh in the eighth inning.

Detroit, victor in six of its last nine games, moved into Washington to open a two-game series with the Senators tonight. Manager Charlie Dressen expects to start Phil Regan (3-6) against Claude Osteen (5-4).

Regan, who along with southpaw Hank Aguirre, has faltered as a starter this year, may have to give way to Sparma.

Sparma came to the rescue of Mickey Lolich in the sixth inning of the nightcap with the score knotted 5-5. Brown slugged his sixth homer in the seventh. It was all Sparma needed.

FIRST WIN

He allowed two hits and two walks in blanking the Yankees over the last four innings. The sparkling relief job earned him his first major league victory and evened his season mark at 1-1.

Brown, who also crashed a first-inning double to drive in the first Detroit run in the nightcap, ended the day 2-for-5, scored two runs and drove in two more. He boosted his batting average to .301.

Tresh, of Allen Park, Mich., saved the Yanks from a four-game sweep by the surging Bengals. His bases-loaded walk Saturday gave the New Yorkers a 5-4 victory in 10 innings.

Detroit was ahead 6-4 in the opener Sunday when the switch-hitting outfielder thumped a southpaw homer off reliever Larry Sherry.

The game was a study in frustration for Detroit. The Tigers scored right off on Jake Wood's bunt single, and two more hits by Al Kaline and Bill Freehan. Don Demeter, who drove in three runs, also singled, but Kaline was tossed out at the plate by Roger Maris.

QUICK SHOWER

Aguirre got in trouble right off, walking two men, fanning Maris, and then giving up a run-scoring single to Mickey Mantle. When Tresh doubled home another run, Dressen brought in Ed Rakow.

Don Demeter, slugging the first of two homers, tied the score at 2-2 in the fourth, and Detroit went ahead on Jerry Lumpe's run-scoring infield hit.

In the fifth, Demeter homered with Al Kaline aboard to make it 5-2, and Dick McAuliffe clouted his 11th homer in the sixth to make it 6-2.

The Yankees knocked Rakow out in the sixth with a two-run uprising. A pinch-hit single by John Blanchard scored the first run, then Rakow loaded the bases with a walk to Phil Linz. Terry Fox came in with one out and got out of the jam with another run scoring on Bobby Richardson's sacrifice fly.

It stayed that way until Tresh hammered his grand slam in the eighth. The Tigers loaded the bases with one out in the ninth but Demeter hit into a game-ending double play.

Waterford 9 Routs Orion

Waterford made an auspicious debut in the Clinton Valley baseball league yesterday by blasting Lake Orion, 18-2.

Washington dumped defending champion L'Anse Creuse, 6-2, and Utica whipped Chesterfield, 13-2, in other contests.

Charles Ahnen and Larry McGuffey combined to pitch a four-hitter for Waterford. Dennis Ahnen and Mike Kerr each had three hits with Kerr also collecting three RBI.

George Van Dorre worked the first seven innings for Utica, allowing three hits and fanning 11.

Airway Rips Talbott; Ups Class A Lead

Hard-hitting Huron-Airway opened up a little more daylight last night over the rest of the field in Pontiac's Class A Baseball League.

Airway flexed its muscles and rapped out a dozen hits in routing Talbott Lumber, 8-0, in the third game on the Sunday slate.

In other games, Cranbrook evened its record at 4-4 with a 6-2 triumph over M. G. Collision, and Talbott (3-4) knocked off C.I.O., 7-2.

The win was the ninth in a row for Huron-Airway (9-0), giving the squad a three-game lead over the idle Clippers.

Less Stone held Talbott to three hits, and his teammates backed his pitching with an extra-base attack that included a home run by Al Barkeley and a triple by John Flesher.

★ ★ ★

Talbott scored five runs in the sixth inning to break up a close contest with C.I.O.

Cranbrook mixed 11 singles with four M.G. errors in handing the squad its eighth loss of the season. Shortstop Bob Heavnrich and second baseman Dave apiece.

Diehm collected three hits

THAT $20,000 PUTT — Tony Lema jumps with excitement after sinking a 15-foot birdie putt on the extra hole to defeat Arnold Palmer in the playoff of the Cleveland Open yesterday. The birdie was worth the $20,000 first prize and it was the third tournament win in four weeks for Lema.

Victory in Sudden-Death

Tony Lema Gives Palmer 'Bird'

CLEVELAND (AP) — Arnold Palmer will be a bit more careful in the future about lending putters to competitors.

About six weeks ago Tony Lema broke the weapon he had been using on the greens, and big-hearted Arnie lent him one of his own.

Sunday, in a great come-from-behind effort, and in an extra-hole sudden death playoff, Tony used the borrowed club to beat Palmer out of the $20,000 top prize in the $100,000 Cleveland Open Golf Tournament. Palmer settled for second place and $12,000.

★ ★ ★

Arnie and Jack Nicklaus, at the end of 54 holes, were deadlocked at 11-under-par 202 and three strokes ahead of the field.

Nicklaus fell out of it on the first hole of the final round, taking a bogey to Palmer's birdie —and never came close to making up the two strokes.

MAGIC WAND

But Lema, waving his putter like a magic wand, then stepped into the act. He sank putts of 15, 15, 8, 5 and 18 feet for five straight birdies to end the front nine—and he was deadlocked with Palmer. He birdied No. 14 with a 40-footer, and got down in two strokes from 45 feet for another on No. 16.

He was one ahead coming to 18, where he stuck his approach six feet from the home. He was shooting for a course-record 65 if he could sink it, and he could also force Palmer, who was a pair of threesomes back, to birdie the last two holes to tie.

But the putt rolled eight inches past the cup. He was careful about it—but the eight-incher also stayed out and he had a bogey. Palmer parred in to tie, and almost won it when his putt hit the back of the cup on 18 and stayed out. They finished at 270, or 14 under par for the Highland Park layout.

Lema birdied the first extra hole with a 15-footer, giving him the verdict and reversing last year's decision in the same tourney when Palmer beat him 67 to 70 in a playoff.

THREE WINDS

Since borrowing the putter, Lema has won three of four tournaments for a total of more than $49,000 for his June efforts. He's won four this year, and no one else has more than two.

Miss Wright Now Awaits LPGA Open

BROOKVILLE, N.Y. (AP)—Since she plans to play "about 19 more tournaments" this year, Mickey Wright, golf's foremost female practitioner, seems to be a good bet to surpass her one-year earnings record of $31,000, last year.

★ ★ ★

Miss Wright, a San Francisco native who plays out of Dallas, pocketed $1,350 Sunday after winning the Waldemar Open to increase her 1964 earnings to $13,130. Her ambitious schedule will take her next to San Diego, where she will play in the U.S. Women's Open starting July 9.

After that it's on to more tournaments and more championships, she hopes. Miss Wright's victory in the Waldemar was her sixth in 11 outings this year an 58th in an illustrious 10-year career on the pro circuit.

Miler Vanquishes Closest 'Tormentor'

NEW BRUNSWICK, N.J. (AP)—Skinny Tom O'Hara, the pale Chicagoan who thrives on peanut butter sandwiches and looks as though a stiff Windy City breeze would blow him clear across Lake Michigan, has finally given the back of his freckled Irish hand—and heels—to his arch-tormentor, Dyrol Burleson.

Like a playful leprechaun pulling a sudden disappearing act, O'Hara gave Burleson a slight sniff of victory and then pulled away down the stretch for a record-smashing 1,500-meter triumph Sunday at the National AAU Track and Field Championships.

In six previous meetings—four at a mile and two at 1,500 meters—Burleson had never tasted defeat from O'Hara. But the lanky Oregonian couldn't match red-haired Tom's finishing kick this time as O'Hara pounded home in 3:38.1, an American record and the equivalent of a 3:55.1 mile.

O'Hara, Burleson, Jim Grelle and gangling Jim Ryun, the incredible 17-year-old Wichita, Kan., schoolboy, all bettered the American mark of 3:39.3 set only three weeks ago by Cary Weisiger. Burleson's time was 3:38.8, Grelle's 3:38.9 and Ryun's 3:39 and Weisiger himself could do no better than 3:40.9, good for eighth place.

OLYMPIC TRIALS

The two-day meet gave America's Olympic hopefuls a chance to qualify for the trials in New York next weekend. The first six Americans in each event who had not previously qualified won the right to compete in the Olympic trials and the first two will face Russia in a dual meet at Los Angeles next month.

The meet also produced a near miss in an attempt at a pole vault record by 17-footer Fred Hansen and knocked ace sprinter Bob Hayes out of the Olympic trials.

Hansen's 17-foot leap was only the fourth time the magic mark has been cleared and was the third time this month the 23-year-old Rice University graduate has done it.

The 100 meters presented U.S. Olympic officials with a minor problem and likely solution. Hayes, only man ever to run 100 yards in 9.1, pulled a hamstring muscle high in his left thigh near the end of his 10.3 sprint victory and announced he would skip the New York trials.

SPECIAL PROVISION

Olympic officials had no immediate comment but there was little doubt they would exercise their right to make special provisions in such cases and invite Hayes to the final trials in September.

In all, nine AAU records were erased. Besides O'Hara and Hansen, record-breakers included 1956 Olympic champion Harold Connolly with a 226-6 hammer throw; Bob Schul, a 26-year-old college student with 13:56.2 in the 5,000 meters as he outkicked 18-year-old Gerry Lindgren; veteran Jerry Siebert with 1:47.2 in the 800; Jeff Fishback with 8:43.6 in the 3,000 meter steeplechase; a 64-11 shot put by Texas A&M freshman Randy Matson; Pete McArdle's 30:11 effort in the 10,000 meters and Ron Zinn of the Army in the two-mile walk with 13:48.6.

* * *

Other winners were Hayes; Larrabee; two-time Olympic discus champion Al Oerter at 201-1½; Henry Carr in the 200 meters in 20.6; Ed Caruthers with a 7-1 high jump; Hayes Jones in the 110-meter high hurdles in 13.8; Louisiana State's Billy Hardin at 50.1 in the 400-meter hurdles; Frank Covelli with a javelin toss of 253-7; Olympic champ Ralph Boston with a 26-7½ broad jump and Chris Mousiades, a native of Greece who is now a New York furrier with a 53-1 triple jump.

Catcher Marv Fuller continues to swing a hot bat for U.A.W. No. 594 in Pontiac's American Softball league.

In nine games, the backstop has picked up 14 hits in 26 trips to the plate for a .538 average, highest mark among city softball players.

Bill Hayward and Walt Travis of league-leading Arro Realty hold down the second and third spots, respectively, in the batting race with averages of .500 and .440.

Herbert Morgan of G & M Construction went 5-for-5 in two games last week and took over the batting leadership in the National League with a mark of .521. His teammate, Jim Wheatley, owns the runnerup position with an average of .480.

It's Parents' Responsibility

Tutors Can't Provide the Proper Incentive

By LESLIE J. NASON, ED. D.

You can waste a lot of money hiring tutors for your child during the summer vacation, if the child himself lacks a sincere interest in learning.

NASON

And if he does lack interest, it may very well be that the fault stems directly from you as a parent.

A mother who is more interested in clothes and social activities than in keeping house or a father who follows sports or TV to the detriment of his business or worthwhile outide activities, may find himself with a youngster who turns to anything that seems like fun rather than to classroom activities.

Children will sometimes almost fight to follow the pattern set by their parents.

Take the case of Jim. He was small in stature, well-coordinated and good in athletics. In class he misbehaved, did poorly in his studies, failed to bring home messages.

Only 8 years old and in the third grade, he fell so far behind in his work that his parents employed a tutor.

It didn't do much good for several reasons. First, Jim regarded it as a stigma and tried to conceal the situation from his friends. Second, he insisted that help wasn't necessary in spite of the evidence of his poor report cards.

As Jim saw it, moreover, his parents spent their time pursuing only those activities which they found amusing and avoided anything distasteful such as work.

Whether or not this was the true picture is beside the point — it was Jim's impression. Consequently, he followed his parents' example.

Ann's case is another of a child reflecting the parental attitude. Ann, who was 10 years old and in the fifth grade, had above-average intelligence. She worked quickly, but carelessly and without enthusiasm.

Although she was definitely capable of getting A's and B's her grades were mediocre.

Her mother seemed to worry a great deal about the situation and talked of "supervising Ann's homework, "but her concern was superficial.

She slept late in the morning, was rarely home during the evening, and actually paid no attention at all to Ann's schoolwork.

Ann's father was more than willing to pay for a tutor — "Money's no object,' he was fond of saying. Beyond that he failed to show any genuine interest in his daughter's scholastic progress.

Under tutelage, Ann's grades showed improvement, but dropped back to below-average soon after the tutor was dismissed.

The real problem in this case was not being faced. Ann is intellectually capable of doing well on her own and has no need for a tutor.

Rather than remedial work, a change of values in the home was needed. What was lacking was a sense of duty and responsibility.

By OSWALD JACOBY

Edgar Kaplan of New York has temporarily forsaken the Kaplan-Sheinwold system to produce a fine book on both bidding and play.

JACOBY

He does not show the East-West cards in today's hand in order to discuss what should go through declarer's mind as he plays the hand.

To start with, declarer will play the queen of hearts from dummy. It may hold, but it doesn't.

Now declarer has two losing hearts in his own hand and one in dummy. He has to lose the one in dummy, but he can ruff out his own last heart so he leads a heart right back.

An opponent wins and leads a trump. Declarer wins in his own hand and ruffs his last heart with dummy's jack of spades. There is no point ruffing low and risking an overruff.

Now declarer has to go after the club suit, but first he should play trumps to avoid a possible ruff.

Three leads exhaust the adverse trumps, and finally declarer is ready for the club suit.

Of course, he could lead a diamond to the ace and ruff a diamond, but that play would be pointless. His trumps are sure tricks anyway.

So South leads a club toward dummy. West follows and the ace is played from dummy.

East follows also and a club is led from dummy. If West shows out South will have to lose two club tricks, but his contract will be safe.

Actually, East plays the king and South winds up making an overtrick at his four spade contract.

Q—The bidding has been:

South	West	North	East
1 ♣	1 ♥	Pass	Pass
?			

You, South, hold:
♠ A 2 ♥ K J 7 5 ♦ A 3 2 ♣ Q 10 8 7
What do you do?

A—Pass. You have a minimum type hand and your opponents have now bid your best suit.

TODAY'S QUESTION

Instead of passing, your partner bids one spade and East bids two hearts. What do you do now?

Astrological Forecast

By SYDNEY OMARR

For Tuesday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 to Apr. 19): Being concerned over circumstances is a waste of energy! Seek alternatives. Make contacts. Show you are not without allies. Cycle high. Make others sit up and NOTICE.

TAURUS (Apr. 20 to May 20): Unusual details involving friend may be revealed. Overcome surprise. Dig in and help. The more loyal you are . . . the better. Hopes, wishes will be fulfilled. But you must be ACTIVE.

GEMINI (May 21 to June 20): Best to think of position, prestige, profession. Your ambitions are not impossible to attain. Higher-ups willing to be impressed. Important to take time to plan, do basic research.

CANCER (June 21 to July 22): Favorable lunar aspect highlights private thoughts, wishes. Key is combining IMAGINATION with PRACTICAL APPROACH. Some improvement in a necessity important to make family member UNDERSTAND.

LEO (July 23 to Aug. 22): Avoid self-deception. Face facts. Don't try to "wish" away reality. Money situation not as formidable as you imagine. There is way to save and profit. Takes time and THOUGHT.

VIRGO (Aug. 23 to Sept. 22): Being self-centered will accomplish nothing. But having confidence in methods means much. Cycle has been higher. Don't force issues. There are opportunities. But this not day to "clinch" deal.

LIBRA (Sept. 23 to Oct. 22): Finish major project. May include special relationship. You can't hang on to past. Message quite serious. But no need to worry. The "need" is for ENLIGHTENMENT.

SCORPIO (Oct. 23 to Nov. 21): You are due to get new lease . . . find that many are on your side. But you must set example. Spotlight on POTENTIAL. Others do have faith. Now—show some faith in yourself!

SAGITTARIUS (Nov. 22 to Dec. 21): Don't attempt to change basic situation. The financial question will remain. You can't erase it through statement, letter or assertion. But you can IMPROVE IT. THINK!

CAPRICORN (Dec. 22 to Jan. 19): If travel is necessary take precaution against delay, mistake in instructions, directions. Tendency is to be careless, to scatter forces. Resist this and day becomes favorable.

AQUARIUS (Jan. 20 to Feb. 18): Many appear "touchy" where financial questions are concerned. Details have piled up. Your role today is that of moderator. Remain neutral . . . avoid family quarrels.

PISCES (Feb. 19 to Mar. 20): Outside pressures evident. But you can initiate change to your advantage. Member of opposite sex may offer important suggestion. Key is maintaining OPEN MIND. Cycle remains high.

★ ★ ★

IF TUESDAY IS YOUR BIRTHDAY

you are versatile, loyal, capable of seeing all sides of major questions. Would make excellent news analyst.

★ ★ ★

GENERAL TENDENCIES: Cycle high for PISCES. But there are breaks, changes, stresses which could create crisis. VIRGO persons advised to "take it easy."

Trading Moderately Active

Mart Advances to New High

NEW YORK (AP)—The stock market pushed into new high ground early this afternoon.

It was continuing an advance that carried the averages to historic peaks Friday.

Trading was moderately active.

Airlines, electronics and farm implements posted gains. Steels weakened after having been ahead at the start.

Trading was very heavy in the newly split stock of American Telephone. The issue gained more than a point and then eased slightly.

Sperry Rand also was actively traded and gained about half a point.

The Associated Press 60-stock average at noon was up .2 at 311.7 with industrials up .4, rails off .1 and utilities up .2.

★ ★ ★

Specialty issues were generally ahead with International Business Machines adding 2 points and Xerox 1.

U.S. Steel was off slightly while Bethlehem Steel and Republic Steel posted slight advances.

Prices were higher in moderate trading on the American Stock Exchange.

BONDS ADVANCE

Government bonds advanced slightly. Corporates were mixed.

Federal Report Cuts Smoking

WASHINGTON (AP) — Americans cut down on their smoking by about 16 billion cigarettes since a government report linked health hazards to smoking, the Agriculture Department reported today.

★ ★ ★

The cutback was 6.5 per cent below the first six months of last year.

The department said more cigarettes are now being smoked in the United States than in the period just after the report was released last Jan. 11, but probably not as many as before the report.

Cigars, pipes and roll-your-own cigarettes are becoming more popular. Sales of regular and small cigars are up about 12 per cent.

★ ★ ★

The department estimated cigarette consumption for the year ending June 30 at 507 billion — a drop of 2 per cent from the previous year.

SHARP DROP

"Data available thus far indicate that consumption dropped sharply following release of the Jan. 11 report — probably 15 to 20 per cent.

The severity of this decline has not persisted, but consumption has not recovered to the pre-report level.

Irish Capitalist Dies

BELFAST, North Ireland (AP) — Sir Frederick Ernest Rebbeck, longtime chairman of Harland and Wolff, Ltd., one of the world's largest shipping firms, died Saturday.

IT'S A TALL WORLD—Mrs. Lyndon Johnson was heard but not seen very well yesterday, in Minneapolis when she was faced with a podium designed for her tall-Texan husband, the President. The pair talked to a group of Swedish-Americans on Day of Swedes in the city.

'Let Women Work, Be Housewife'

DETROIT (AP)—Males, look out. The newest champion of equal rights for women on the national scene says, "I practice what I preach."

She's Dr. Ruth C. Hall, new president of the 23,500-member American Home Economics Association. She was elected at the association's annual convention here last Friday.

★ ★ ★

"We're not going to have strikes or wave banners," 47-year-old Dr. Hall said. A subtle offensive "to promote equal rights for women behind the scenes" is in order. She hinted to an interviewer this will take place when "many of our women speak to large numbers of women across the country."

"Let women do two things," Dr. Hall urged. "Let them be gainfully employed, if they want to and are able, and be homemakers at the same time."

RIGHTS PLATFORM

In her speech before some 6,000 convention delegates accepting presidency of AHEA for two years, Dr. Hall amplified her equal rights platform.

"Many American women are in flight from complexity. How else do we explain the fact that thousands of educated, college women are rejecting any self-image for the future beyond that of the fulltime wife, mother and homemaker?

★ ★ ★

"Most women ought to be able to take on a number of roles and handle them with ease and enjoyment," Dr. Hall asserted.

She said this is what she does in her Tucson home. "My husband (accountant Fred E. Hall) is just wonderful, but he treats me as an equal."

Dr. Pauling Stresses World War Danger

BONN, Germany (AP) — Dr. Linus Pauling, American scientist who has won the Nobel chemistry and peace prizes, said today a third world war would kill all the inhabitants of the United States, the Soviet Union and Europe.

Pauling expressed belief at a news conference that there is one chance in 20 that such a war will break out in any given year.

The American scientist is on a 10-day tour of this country pressing his ideas for international control of nuclear weapons.

India, Pakistan Clash in Border Incidents

NEW DELHI, India (AP) — Pakistani troops firing mortars killed three Indian policemen and seriously wounded two in a series of cease-fire incidents in disputed Kashmir Friday and Saturday, India charged today.

The defense Ministry said in a statement an Indian police party was attacked Saturday morning near Keran in west central Kashmir, the Himalayan State both India and Pakistan claim.

The national debt, which now surpasses $300 billion, was only about $1 billion before World War I.

OXBOW LAKE LEVEL CONTROL
Notice of Letting of Drain Contract
and Review of Assessments

Notice is hereby given that L. Daniel W. Barry, County Drain Commissioner of the County of Oakland, State of Michigan, acting as Agent for the County of Oakland, will, on the 9th day of July, 1964, at the office of the County Drain Commissioner, 550 South Telegraph Road, Pontiac, Michigan, receive sealed bids until 2:00 o'clock p.m. (Eastern Standard Time) at which time said bids will be opened and publicly announced for the construction of a certain project known and designated as the "Oxbow Lake Level Control" to be located and established in the Township of Oxford, Lake in said County.

The quantities involved in said project consist principally of the following:

1 Reinforced Concrete Control Structure
1 Reinforced Concrete Headwall
36 Lineal feet 72" Corrugated Metal Pipe Conduit
950 Cubic Yards Earth Fill

Said job will be let in one section with a date of completion and terms of payment all in accordance with the plans and specifications now on file with the other documents pertaining to said project in the office of the County Drain Commissioner of the County of Oakland to which reference may be had by all parties interested, and bids to be made and received accordingly. Contracts to be made with the lowest responsible bidder giving adequate security for the performance of the work in the sum then and there to be fixed by me, reserving to myself the right to reject any and all bids and to adjourn such letting to such time and place as I shall publicly announce.

Any person desiring to bid on the above mentioned work will be required to deposit with the Drain Commissioner a certified check, cashier's check or bid bond in the amount of five percent (5%) of the bid price, as a guarantee that he will enter into contract and furnish the required bonds as prescribed by law.

Notice is hereby further given that on Thursday, the 16th day of July, 1964, at the Drain Commissioner's Office, 550 South Telegraph Road, in the City of Pontiac, County of Oakland, or at such other time and place thereafter to which the County Drain Commissioner aforesaid, may adjourn the same, the apportionments for benefits to the lands comprised within the "Oxbow Lake Level Control Special Assessment District" will be subject to review for one day from nine o'clock in the forenoon until five o'clock in the afternoon of said review the computation of costs for said project will be open for inspection by any parties interested.

Strike Threatened by Screen Actors

HOLLYWOOD (AP) — The Screen Actors Guild has announced that contract negotiations with television film producers have broken down, and the guild is preparing to strike.

★ ★ ★

Strike ballots have been sent to 15,000 members of the AFL-CIO union. If 75 per cent authorize a walkout, it will come anytime after midnight Tuesday, a spokesman said.

The union is seeking higher pay for film reruns and foreign exhibition of television films.

Broadway Star Dies

HOLLYWOOD (AP) — King Calder, 65, who played leading roles on Broadway, then moved into television where he spent many years portraying law officers, died Sunday of a coronary occlusion.

Army Tribunal Tries 'Rejected' Defector

FRANKFURT, Germany (UPI) — Capt. Alfred Svenson, the only U.S. Army officer to defect to the Communists and then be sent back to the West, went on trial today before a court martial.

Svenson, 31, of Scranton, Pa., spent a year and three days in Communist East Germany.

In the final months of his stay the Lithuanian - born intelligence officer alternated between attempts to escape and renewed pledges of support for the Communists.

East Germany finally expelled him May 7 for "not being worthy of Communist asylum."

★ ★ ★

Svenson is charged with desertion and larceny — for stealing the jeep he drove across the border — and faces a maximum sentence of eight years in prison on conviction.

CASE PUZZLING

Svenson's case was puzzling from the start.

He and his mother, Mrs. Antonia Svenson of Washington, D.C., fled the Russians in their native Lithuania and came to the United States.

"Alfred knew the Russians . . . all his life he's been afraid of them," Mrs. Svenson said when his defection was made public.

"He must have been drunk."

★ ★ ★

Fellow officers in Svenson's tank battalion, which was stationed near the Iron Curtain, recalled that he had been a heavy drinker.

DRUNK CLAIM

The day he defected, German bystanders reported he apparently was drunk and had shouted in a tavern:

"I'm a Communist. I'm going over."

He tried to force his jeep driver to take him across the border, West German customs officials said, but the driver jumped out and Svenson drove the jeep across himself.

Last September, five months after his flight, Svenson turned up in the East Berlin apartment of a British newsman.

★ ★ ★

He said East German guards had tried to prevent his return to the West.

BRUISED, BLOODY

He was bruised and bloody, and he claimed he had been drugged on the day of his flight.

Then, a few days later, Svenson changed his story and denied that he had been drugged or that he wanted to go back to the West.

He said he deserted because the U.S. Army was "permeated with war criminals," He said his aim was to become a good Communist.

★ ★ ★

In the succeeding months, Svenson made propaganda broadcasts for the East German radio.

RESCUE PLEAS

But when Western tourists encountered him in East Berlin, he pleaded for rescue.

On May 8, a year and three days after he entered East Germany, Soviet army officers ushered him back to the border and expelled him.

Svenson, a blond, pudgy bachelor, became a U.S. citizen in 1955, six years after emigrating to the United States. He is a graduate of the University of Scranton.

Earl Asks Gals to Reveal Peek-a-Boo Gown Position

By EARL WILSON

NEW YORK — Are we ready for girls in transparent-top gowns? Heck, we may not even notice 'em.

I previewed this fashion of the future (maybe) at the World's Fair's prim, non-girlie amusement area, where Jane Zachary and Gloria LeRoy of "To Broadway With Love" wore them with mis givings—and very little else.

WILSON

They sat in the Texas Pavilion's Frontier Palace, practically ignored by diners around them. Above the waist the girls all wore very thin black net over very thin beige net—and that was all—but nobody stared. The gowns are marketed by Vera and Arthur Lefkowitz of Roban's.

Jane, a demure type, said, "I tried to phone my mother to get permission to wear this, but she wasn't home. Anyway," she went on, tearing a napkin to shreds, "I'm not nervous any more."

Gloria, billed as "The Reluctant Stripper" when she works in cafes, said, "You'd think I'd be used to this, but I'm not. There's nothing wrong with it, though. In London it's called 'shock frock'—and isn't this what Marlene Dietrich wears in her act?"

"But I wouldn't wear it on the street—the world's not ready for it yet. Of course, there's no nudity at the Fair."

★ ★ ★

The cancan dancers came out, and Gloria said, laughing, "They don't wear much, do they?"

★ ★ ★

(I wonder what Robert Moses will think of this? And what do you gals think? Are you going to wear the topless or transparent attire?)

★ ★ ★

THE MIDNIGHT EARL . . .

Connie Francis returned to her N.J. home from Las Vegas, reportedly to complete plans to wed **Dick Canellis** soon . . . Oops, sorry: **The Eleanor Whitney** mentioned here is the ex-wife of **Cornelius Vanderbilt Whitney,** not **Alfred G. Vanderbilt** . . . The **Keefe Brasselles,** who had a baby recently, are expecting again . . . Comedienne **Dorothy Loudon'll** make her film debut in **"The Favor," with Rock Hudson and Leslie Caron.** She says, **"Caron gets Hudson—but I get billing!"**

Ingrid Bergman, filming "Yellow Rolls Royce" in London, bashed the fender on a 1930 Rolls worth $30,000 . . . Veteran actor **Stepin Fetchit,** now out of the hospital, will try a cafe act . . . **Jackie Gleason,** an avowed non-flier ("The only way to fly is to go by train!") was approached about doing a TV airline commercial . . . **Fred MacMurray's** a grandpa for the third time.

★ ★ ★

EARL'S PEARLS: The honeymoon is really over when you're no longer drinking to her, but because of her.

Broadway dialogue: "What do you think of having all those extra policemen riding the subways?" . . . "Well, it does make it harder to get a seat." **That's earl, brother.**

Chapel Slated for Clarkston

Structure Later to Be Used as School

CLARKSTON — A mission of Our Lady of the Lakes Church, Waterford Township, is under construction at Miller and Holcomb with completion slated for next January.

It will be named St. Daniel's.

The 90 x 91-foot building will serve as a temporary chapel and later be converted to a four - classroom school, according to Rev. Frederick J. Delaney, pastor of Our Lady of the Lakes Church.

Area Catholics have been attending services since June 1961 at Clarkston Junior High School, Father Delaney said.

The new building will have seating capacity for 364 persons.

Voter registration in Canada is done by enumerators who visit every house. Recent turnouts have averaged 80 per cent at elections.

Apartment Quarrel

Couple in Death Plunge

NEW YORK (AP) — A quarreling young couple fell to their deaths yesterday from a widow of their fifth-floor Bronx apartment.

Norma Lopez, 19, died at the scene. Her husband Raphael, 21, a grocery clerk, died in a hospital.

In an adjoining room, the quarrel was heard by Mrs. Lopez' brother, Ismael Rodriguez, 23, and his wife, Eva, 20.

They did not interfere until they heard a scream and the shattering of glass.

★ ★ ★

Rodriguez, ran to the living room and, looking out the window saw the crumpled bodies.

BLOOD FOUND

Police found blood on the window sill and a 10-inch carving knife in the apartment.

Playing on the living room floor was the couple's daughter, Amy 2.

Stormy Session for Teachers

Integration Issue Fought at Convention

SEATTLE, Wash. (AP) — A vocal group of militant delegates and a more cautious leadership are tangling again this year at the annual convention of the National Education Association.

This time it's over the question of integrating the state and local affiliates in 11 Southern states.

★ ★ ★

The militants want integration now. The leadership wants integration, too, but does not want a resolution adopted which will force a showdown.

A parade of speakers at Sunday's open hearing of the resolutions committee demanded that the Southern affiliates integrate or face expulsion from the NEA.

REPORT THREAT

But Dr. William G. Carr, NEA executive secretary, warned in his annual report: "I strongly advise against any attempt by the NEA to coerce or threaten its affiliates. Such an attempt would retard or halt voluntary processes."

Proponents of the "integrate or get out" demands set deadlines varying from one to three years.

★ ★ ★

A number of Southern delegates urged the convention, "Don't force a deadline on us. Let us work this out our own way."

In some Southern states, such as Virginia, Florida and Maryland, the local affiliates have integrated, although there remain separate state associations there and in Arkansas, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee and Texas.

WANTED SANCTIONS

Last year, militant delegates wanted sanctions voted against the governor refused to call a special session of the legislature to provide more money for the schools.

The executive committee of the NEA finally did vote sanctions against Utah last month after the governor had again refused to consider calling a special session of the legislature.

Red Envoy Tours Parks

GRAND TETON NATIONAL PARK, Wyo., (AP) — A smiling tourist and his wife, traveling alone in a rented car, toured Wyoming's scenic parks unnoticed yesterday.

★ ★ ★

The man was Anatoly Dobrynin, Soviet ambassador to the United States.

★ ★ ★

After viewing an illuminated eruption of Old Faithful geyser at Yellowstone, Dobrynin and his wife drove on to Grand Teton Park. Several hours later they left quietly for Denver.

State Suspect Nabbed in NY

ST. JOSEPH (UPI) — Police were told yesterday a 70-year-old St. Joseph widow accused of shooting her neighbor has been arrested in New York City.

★ ★ ★

Authorities here were notified that police in Brooklyn, N.Y., had picked up Mrs. Augusta Homelchuck.

Mrs. Homelchuck was accused of shooting Dorothy Quandt, 58, a neighbor, early Friday.

Miss Quandt went to Memorial Hospital complaining of a severe nosebleed.

★ ★ ★

About 24 hours later, doctors discovered a bullet wound. She was reported in fair condition.

FIND RIFLE

Police investigated and said they found a 22-caliber rifle in Mrs. Homelchuck's home.

They said they also found a hole in a window screen.

Miss Quandt was hit by a bullet fired through her window while she was sleeping.

★ ★ ★

Police said Mrs. Homelchuck apparently went to the home of a son in Cassopolis and then drove with another son to his home in Brooklyn.

Israeli-French Talks

PARIS (AP) — Prime Minister Levi Eshkol of Israel met today with Premier George Pompidou in the first of a series of meetings with French officials. Eshkol is here on a 12-day visit to broaden "scientific cooperation and the cultural interchange" between Israel and France.

About 57 per cent of the world's telephones are in service in the U.S.

Predict Record Mileage on State Roads for July 4

LANSING — Motorists will drive the equivalent of nearly 1,500 round trips to the moon on Michigan highways during the Fourth of July weekend, the State Highway Department predicts.

State Highway Commissioner John C. Mackie said motorists are expected to log more than 700 million miles from Friday through Monday.

That's about 25 per cent more than they drove during the Memorial Day weekend and about eight per cent more than was driven during the Fourth of July weekend last year.

Heaviest traffic volumes are expected on Friday afternoon and evening and again Sunday evening.

★ ★ ★

There'll be some congestion on highways in Southeastern Michigan, especially on I-96 between Detroit and Brighton and on I-75 between Flint and Bay City.

PEAK HOURS

Peak northbound hours are expected on I-75 from Flint to Bay City between 5 and 8 p.m. Friday when the highway will be carrying 2,200 vehicles per hour.

On Sunday, the freeway will peak at about 2,600 vehicles per hour between 4 and 7 p.m.

Westbound I-96 traffic between Detroit and Kensington Park will hit a peak of 2,500 vehicles per hour between 10 a.m. and noon both Saturday and Sunday. Heaviest peaks are expected between 5 and 8 p.m. on both days, reaching 2,600 vehicles per hour.

★ ★ ★

Congestion is expected on this route in both directions at the times of peak volumes.

Northbound volumes on US 27 between Lansing and Houghton Lake will be heavy in the St. Johns area reaching a peak of 1,500 vehicles per hour between 6 and 7 p.m. Friday. No congestion is anticipated.

These volumes are expected to move northward reaching the Houghton Lake area between 7 and 10 p.m. Friday. The same southbound volumes will start at Houghton Lake about 7 p.m. Sunday and will reach St. Johns between 7 and 9 p.m.

Moderately heavy northbound traffic is expected on US23 between Brighton and Flint from 4 to 9 p.m. Friday, but no congestion is expected. The same situation for southbound volumes is expected during the same hours Sunday.

★ ★ ★

While traffic will be heavy on I-94 in the New Buffalo area both Friday and Sunday after noon, they are not expected to be sufficiently heavy to create serious problems.

EASTERN STATE

State Highway Department traffic engineers said volumes on state highways in the eastern half of the Upper Peninsula is expected to increase between 50 and 60 per cent over normal and an increase of 60 to 70 per cent over normal is anticipated in northern Michigan.

★ ★ ★

However, traffic engineers expect no congestion in either area.

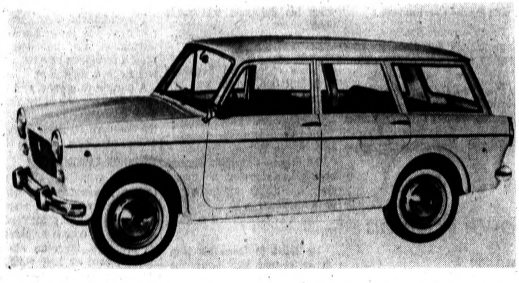
In Southern Michigan, heavy traffic is expected Friday afternoon and evening and again Sunday evening, with the emphasis on north-south routes.

Is Army Way Best Way?

WICHITA, Kan. (AP)—An Army reservist who doesn't want his name known attests to the following sequence.

His unit commander received a directive to initial any erasure on an official paper. A second order countermanded this but a third directive reinstated the initialing of erasures.

Then an official document, with an erasure and the proper initials, bounced back with this directive: "Erase the initials and initial the erasure."



ENTERS AMERICAN MARKET — The Fiat 1100-D Station Wagon is scheduled for entry into the American market this month. Priced at $1,759 (N. Y. POE), the redesigned five-door wagon has a cargo capacity of 40 cu. ft. with the rear seat folded down, 20 cu. ft. with four passengers. It has a 55-horsepower four-cyclinder engine and a top speed of more than 80 miles per hour. Pontiac area Fiat dealer is Superior Rambler at 550 Oakland.

Tear Down and Build Up

SHELBYVILLE, Ky. (AP) — Workmen went dutifully about their job of tearing down a 12-room house to make room for a used car lot.

Almost through their task, they uncovered the framework of a one-room log cabin. The Historical Society decided it once was a stagecoach depot and later a toll house.

The workers now may get the job of helping to preserve it.

Weather Brings Crowded Parks

Pontiac area parks and beaches were filled to capacity yesterday as temperatures soared into the 90s and thousands of people sought relief from the stifling heat which continues today.

The mass exodus from the city resulted in monumental traffic jams on roads leading into some of the parks.

A crowd estimated at 46,500 flocked into Kensington Metropolitan Park, and Metropolitan Beach was loaded to capacity by 11:35 a.m., according to Chief Ranger Robert Skellenger.

Traffic was jammed two miles from the entrance during the afternoon as cars were admitted on a space-available basis.

Highland State Recreation Area also ran out of parking space, resulting in a mile-long traffic jam on each side of the Ford Road entrance.

★ ★ ★

Park Manager Alfred Masini said the beach had to be closed at 11 a.m. when the crowd reached a peak of 15,120.

EARLY START

Fun-seekers also got an early start for Dodge State Park, No. 4, where the beach had to be closed at 11:30 a.m.

Park Manager Carlton Althoff estimated the crowd at 12,000.

Two drownings were reported in the county. One at Upper Straits Lake in West Bloomfield Township and one at Cass Lake in Waterford Township.

A near-tragedy was averted at Sunshine Beach in Shelby Township when Frank Napora, 20, of Center Line, was rescued by Lifeguard Robert Sugamosto and given mouth-to-mouth resuscitation by Shelby Township firemen.

LISTED 'IMPROVED'

He was removed to Ayon Center Hospital in Rochester, where he was listed as improved this morning.

Pontiac area beaches will continue to be popular spots this week if Weather Bureau predictions of a heat wave hold true.

Accidents Kill 3 in County

Man Is Crash Victim; 2 Teen-Agers Drown

Tragedy struck three times in Oakland County over the weekend—twice in area lakes where boys drowned and once on the highway, where a father of three children was killed.

The victims of the accidents are Larry Moorehead, 13, of 477 Luther; William Wanhala, 18, of Calumet; and Claude W. Abbott, 23, of 3621 Gainesborough, Orion Township.

MOOREHEAD

Sheriff's office skin diver Medward Tessier recovered Moorehead's body in Cass Lake at Dodge Park No. 4 at 6 a.m. yesterday.

The youngster had gone swimming at the park in Waterford with two companions Saturday afternoon but was not reported missing until 11 p.m. because it was believed that he had come home alone and was in the neighborhood.

Wanhala, a nonswimmer, drowned in Upper Straits Lake in West Bloomfield Township shortly after arriving with his cousin and another companion at 3:15 p.m.

His cousin, Keith Collins, 16, of 23057 Violet, Farmington Township, told sheriff's deputies that they left William standing in the water while they went to get a rubber mattress.

They had planned to tow Wanhala to a raft but when they returned they could not find him among the 300 swimmers.

FOUND THE BODY

Collins found his cousin's body in six feet of water about 150 feet off shore and near where he was last seen.

7 a.m.	75	12 M.	93
8 a.m.	79	1 p.m.	95
9 a.m.	85		
10 a.m.	89		

The area will bake in oven-like temperatures through tomorrow, says the weatherman. The mercury will dip to 67 to 73 tonight, and climb to 94 to 100 tomorrow.

It'll be generally fair with increasing humidity.

Wednesday's outlook is partly cloudy and continued hot and humid with possible thundershowers.

The five-day weather forecast calls for temperatures seven to nine degrees above the normal high of 83 and low of 64. Precipitation will total about ½ inch in scattered thunderstorms at the end of the week.

Winds today are mostly south to southwest at eight to 15 miles per hour. They'll increase to 10 to 20 miles per hour tomorrow.

The lowest mercury reading in downtown Pontiac prior to 8 a.m. today was 71. Today's expected high is 90 to 97.

FALL FOR EACH OTHER—Two sky diving enthusiasts drop in on their wedding reception a mile below after being married in a small plane high above the Canton, Ohio, airport yesterday. Alvin Lownsbury, 31, of Copley and Patricia Cristy, 22, of Akron said their vows and then, clasping hands, jumped from the plane. They landed at the airport where the wedding reception was held.

U.S. Must Be Prepared to Risk War, Says Johnson

WASHINGTON (AP) — President Johnson says the United States "must be prepared to risk war" to keep its freedom, yet ready to "seek just compromise" to achieve peace.

This was Johnson's keynote message yesterday as he ended a three-day trip into Michigan and Minnesota. He took up the matter of war and peace in his only nonpolitical speech of the trip, at a Swedish Day festival in Minneapolis.

★ ★ ★

Facing thousands of cheering Minnesotans who stood under shade trees in Minnehaha Park, Johnson said:

"Today, as always, if a nation is to keep its freedom it must be prepared to risk war. When necessary, we will take that risk. But as long as I am president, I will spare neither my office nor myself in the quest for peace."

In South Viet Nam, Johnson said, "We are engaged in a brutal and bitter struggle for the freedom of a friend" and "we will stand firm to help maintain freedom and give them counsel and advice and help as necessary." This was a change from his prepared text, which read, "There too, we will use the force necessary to help them maintain their own freedom."

★ ★ ★

Johnson had this to say about compromising East-West differences in the interest of peace:

HONEST CLASH

"We must remember that differences with others do not always flow from a desire for domination. They can come from honest clash of beliefs or goals. In such cases our strength does not entitle us to impose our interest. Rather, our desire for peace compels us to seek just compromise."

In discussing "the several paths we take to peace," Johnson made some pointed statements about the civil rights problem at home in talking about "the ability to adjust disputes without the use of force."

Johnson said that in the pursuit of justice, the nation can find guidance "here in our own country's historic pledge to the rule of law."

★ ★ ★

Speaking as much about civil rights as the quest for international peace, Johnson said:

"As a president of the United States, and as an individual citizen, I stand totally committed to the integrity of justice, and the enforcement of the law."

Laos Red Buildup Grows; Neutralists Attack by Air

VIENTIANE, Laos (AP) — Laotian Air Force T28 fighter-bombers flew sorties between breaks in Laos' monsoon weather today against Communist forces building up around the last Neutralist stronghold near the Plaine des Jarres.

Neutralist Gen. Amkha Soukhavong—said in Vientiane the forces of the Pathet Lao continued to move into positions around Muong Soui, which straddles a road that leads to this capital and connects with one leading to the royal capital of Luang Prabang.

Prince Souvanna Phouma, the Neutralist premier, told a news conference yesterday the Communists had massed an estimated 8,000 men and artillery for an attack on 3,000 Neutralist troops dug in to defend Muong Soui.

He said the Red objective was to destroy the Neutralist stronghold.

Gen. Amkha told newsmen the attack still had not been launched, although the Reds continued daily intermittent artillery fire in the Phou Kouft Hill area, about 10 miles north of Muong Soui.

Phou Kouft fell to the Red forces June 18. The artillery fire he said apparently was to prevent a Neutralist counterattack against Phou Kouft Hill.

★ ★ ★

Amkha said the U.S.-supplied T28S — piston engine planes — were attacking Red troop concentrations, but he added that heavy clouds and rain of the monsoon season prevented continuous air attacks.

★ ★ ★

Muong Soui is 110 miles north of Vientiane and just northwest of the Plaine des Jarres.

HALT ADVANCE

The Communist Pathet Lao and their North Vietnamese allies drove Gen. Kong Le's neutralist forces off the plain earlier this month, then halted their advance.

SAIGON, Viet Nam (UPI)—All four American crewmen were killed today when their helicopter crashed and burned while on a mission over a Communist-infested section of the Mekong River Delta south of Saigon, reliable sources said.

Says Viet War on the Track, but GOP Isn't

Indicates He'll Seek Ike's Help to Stop Barry's Nomination

WASHINGTON (AP) — Henry Cabot Lodge declared today that he considered it a higher duty for him to return home and fight for the Republican presidential nomination for Gov. William Scranton than to remain as U.S. Ambassador to South Viet Nam.

He told a White House news conference, after receiving a glowing farewell from President Lyndon B. Johnson, that he felt the war in South Viet Nam was "on the track," while "I felt the Republican party is not on the track."

Affirming that he did not believe it was too late for Scranton to head off the front-running Sen. Barry Goldwater for his party's presidential nomination, Lodge strongly indicated he would attempt to enlist former President Dwight D. Eisenhower's active support for Scranton.

Lodge helped engineer Eisenhower's nomination in 1952.

He said he had been talking to the general since 1941, when they were both on army maneuvers in Louisiana, and that he was "too old to stop now."

Lodge returned to a theme he had hammered upon on his arrival four hours earlier, at Andrews Air Force Base — the duty of both political parties to nominate men who are prudent and not impulsive.

He said that the President of the United States is the man who makes the decision about the use of the atomic bomb.

"That is something that is very real," he said.

"There is a threshhold below which no party should go in nominating a man for the presidency," he emphasized.

BOTH PARTITS

"Both parties should nominate for president a man who is not impulsive or imprudent."

"The one thing he cannot be is imprudent and impulsive," he repeated.

He said that he feels that Gov. Scranton is the "best man we can produce. He is not impulsive and not imprudent."

Asked if he regarded Goldwater as impulsive, Lodge said that he would not say so, but "people can draw their own conclusions."

President Johnson and Secretary of State Dean Rusk talked for almost an hour with Lodge in the President's office. Then the President led his former ambassador into the Cabinet room, where photographers and newsmen were waiting.

CONVERSATION PIECES—Henry Cabot Lodge and his wife hold Tibetan dogs while talking with newsmen during a stopover in Honolulu. Lodge, who resigned last Tuesday as ambassador to South Viet Nam, is on his way home to help Pennsylvania Gov. William W. Scranton in his bid for the Republican presidential nomination.

Scranton, Goldwater Winding Up Drives

WASHINGTON (AP) — The two leading candidates for the Republican presidential nomination plunge into the last two weeks of preconvention campaign today, still trying to line up convention delegates.

Sen. Barry Goldwater of Arizona, the front runner who can win on the first ballot if he keeps the delegates credited to him in an Associated Press survey, meets tonight with the big New Jersey delegation in Trenton.

Gov. William W. Scranton of Pennsylvania, battling hard to forestall a first-ballot victory by Goldwater in hopes that he can win it on a later roll call, heads south today for chats with delegates from North Carolina, Georgia and Tennessee.

Tomorrow, both men address the key Illinois delegation in Chicago.

Also on the political schedule this week are a primary election in North Dakota tomorrow and meetings of the Rhode Island Republican and Democratic state committees today and Wednesday, respectively.

The AP survey of the 1,308 delegates to the GOP convention starting July 13 in San Francisco showed this first-ballot breakdown based on primary election commitments, instructions, pledges and stated preference:

Goldwater	689
Scranton	137
Nelson A. Rockefeller	105
Henry Cabot Lodge	45
Margaret Chase Smith	15
Richard M. Nixon	6
Favorite sons	110
Uncommitted	201

★ ★ ★

The nomination requires 655 votes. None of the 137 listed for Scranton are bound to him. Of Goldwater's total, all are except some 251 delegates who say mitted, instructed or pledged except they favor the senator but are not necessarily bound to him.

LANSING (AP) — Sen. Barry Goldwater, R-Ariz., is scheduled to arrive here at 6 p.m. tomorrow for an appearance before Michigan's 48-member GOP delegation to the national convention.

R. Kennedy Thanks Poles

Calls U. S. Relatives Key to JFK Victory

KRAKOW, Poland (AP) — Robert F. Kennedy told a wildly cheering crowd in this southern Polish city today that his late brother, John F. Kennedy "wouldn't have been elected president if it wasn't for the support of the Poles" in the United States.

"As a Kennedy, I thank you, and as a United States citizen, I thank you," the visiting U.S. attorney general said in an impromptu speech while standing on top of a car in Krakow's central market square.

Earlier Story, Page C-4

More than 3,000 Poles serenaded him with a chorus of "Sto Lat," which means "May he live a hundred years."

Enthusiastic cheering for Kennedy and his party began almost as they reached downtown Krakow from the airport.

★ ★ ★

A crowd of several thousand forced Kennedy's motorcade to halt in tiny St. Anne's Street.

When the attorney general got out, the people hoisted him to their shoulders with cries "Long live Kennedy."

BEST WISHES

One man shouted — "give our best wishes to the (late) president's wife and children."

To greet the throngs, Kennedy, his wife, Ethel, daughter Kathleen and sons Joseph and Bobbie climbed atop a Soviet-model zis limousine, provided for them by Krakow's mayor, Zbigniew Skolicki.

When the steel roof-of-the car sagged inward, a Kennedy aide said: "Tell them we will pay for it."

Police had to open a passage through the crowd to enable Kennedy to reach 600-year-old Jagellonian University.

CHEERED AT COLLEGE

There, several hundred students cheered him in the arched inner court of the Collegium Maius, the most ancient building of the university.

Later, in market square, Kennedy and his party introduced a new song to the cheering crowd:

It was "When Polish Eyes Are Smiling" — to the tune of "When Irish Eyes Are Smiling."

UAW-GM Bargaining Starts Tuesday

DETROIT (AP) — Tomorrow marks the beginning of what advance indications point up as possibly the roughest, toughest contract bargaining since unions won a toehold in the automotive industry 27 years ago.

The United Auto Workers and General Motors Corp. are matched for the first set, opening at 10 a.m. tomorrow in the GM headquarters building here. The UAW and Ford square off on Wednesday; the UAW and Chrysler Thursday. Little American Motors gets into the act July 8.

Profits of the auto-makers are the highest in history and the union never had a longer list of bargaining proposals.

The UAW's strike fund tops $65 million, an all-time high.

★ ★ ★

Henry Ford II has served notice that his company will not shy away from a strike if the union insists on the bulk of its announced goals.

CURRENT CONTRACTS

Politics may get mixed up in the bargaining.

Current three-year contracts with the Big Three run out Aug. 31, when the presidential race will be getting up a full head of steam.

President Johnson already has warned labor and industry generally there must be no agreements which would force price rises.

Auto industry contracts often set national wage-settlement patterns.

HALF MILLION WORKERS

Alone they cover more than half a million workers, and the UAW insists that approximately as many more members in supplier plants and in the agricultural implement and aerospace industries fare as well.

The President's Council of Economic Advisers has proposed in a set of "guidelines" that wage advances be geared to increased productivity, which it estimated at 3.2 per cent annually for industry in general.

But UAW President Walter P. Reuther insists automation shoots up productivity in the auto industry at the rate of 4.9 per cent and has announced this as "a minimum goal" this year.

While making monetary gains important, the union has given top priority to earlier retirement and higher pensions on the economic front.

These, it insists, would create job opportunities for young folk coming into the labor force and the unemployed.

The average wage of auto production workers now is $3.01 per hour. And the union has served notice it will insist on keeping and raising the so-called annual improvement factor.

It Seems to Me . . . .

Current Situation in Cyprus Shows Unrest Still Rampant

This Cyprus situation isn't good.

★ ★ ★

Greeks occupy four-fifths of the island and the Turks one-fifth. The Greeks naively suggest that if the world will just look the other way, they'll handle everything satisfactorily. And the belligerent Turks shout: "never."

★ ★ ★

At one time the Turks were ready to move in with military might but President JOHNSON intervened. Since then, he has had representatives of both countries in Washington.

★ ★ ★

Both seem ready and willing — if not actually eager — to go to war. However, our own Nation is just as determined that there won't be an all-out, shooting affair and our word carries considerable weight. Your Uncle Samuel is underwriting the military activities of both nations. Therefore, it seems extremely unlikely that he would approve of subdivision "G" attacking subdivision "T" in the light of our own commitments. Our Sixth Fleet just happened to be in just the right place the other day at just the right moment.

★ ★ ★

An equitable settlement will be difficult and won't occur right away.

Tempers are too volatile.

But a "shooting war" is unlikely.

What's Happened? . . . .

DWIGHT D. EISENHOWER hasn't exactly been a ball of fire or a thrilling inspiration to the GOP since he finished his second term. Currently he wobbles about like a cork in a heavy sea and pursues the same purposeless path.

The party expects more. In the matter of national leadership, Ike is turning out to be a big disappointment. Are his advisors to blame or is this wishy-washy, namby-pamby policy purely his own idea?

It isn't becoming to an ex-President.

Topless Suits . . . .

Topless bathing suits for the gals strike a dismal and negative note. When we were in Istanbul, London dispatches hinted at this in Britain, but it sounds like the pipe dream of a crackpot.

However, the move spreads.

★ ★ ★

Originally, it was confined to bathing suits, but now it includes formal and work-a-day dresses. Already there have been arrests in the United States. One manicurist reported for work without a top and a few hours later, she was hustled off to the hoosegow. Another misfit went in swimming and was escorted to the local bastille where she can ultimately explain to the judge.

★ ★ ★

How low can we sink?

Has good taste departed?

Mark this! Before the summer wanes, some of our lovely 400 Oakland County lakes will be desecrated by some of these half-wits.

Swift arrest is the only answer.

Do you agree?

Admirable Trait? . . . .

President LYNDON B. JOHNSON is becoming a problem to the secret service. Frequently and without warning, the good man insists on breaking away from his "guards and protectors" just to shake hands with Mr. and Mrs. Average Citizen.

★ ★ ★

This occurs in crowds, on trips and right at the White House itself. Many times he has wandered through gates to gab with visitors who were merely "on the outside looking in." It all falls under the heading of a very estimable and democratic gesture, but the Nation has too big a stake in the man to make it an admirable practice.

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

They tell me the annual turnover among life insurance salesmen leads the business list proportionately. Some 50,000 toss in the sponge every year. . . . . A Milwaukee baseball official leads a campaign to have all summer games played in the North and all spring and fall games in the South. Another wants all schedules reduced 50% with double-headers every Saturday, Sunday and Holiday and other dates blank. . . . . There are ten $10,000 bills in circulation. A very careful search reveals I haven't a single one.

CYNTHIA

Trusted scouts tell me Cynthia Zarembo deserves mention as one of the attractive young ladies in the area. . . . . Overheard: "Before going further, I want to make one thing plain: I belong to no organized party I'm a Republican." . . . . . It was just 60 years ago that Oscar Chanute said: "When man succeeds in flying through the air, it will greatly diminish the chance of war." . . . . . Several people agree that TV's "Stump the Stars" is a pretty dreary piece.

★ ★ ★

Overheard: "That girl's so emotional, she cries every time ELIZABETH TAYLOR gets married." . . . . . Over a ten-year period, DORIS DAY is the biggest feminine "wage earner" in all Hollywood. . . . Dept. of Cheers and Jeers: the C's—all area high school seniors who graduated; the J's — the Supreme Court rulings on new State districts.

—HAROLD A. FITZGERALD

IN Michigan a 17-year-old girl married a 74-year-old man. This may seem a marked disparity in ages now, but if they live until he is 114, she will be half as old as he.

THE way teen-agers snort around and speed in sports cars causes one to wonder if they (the cars) aren't equipped with power accelerators.

THE average confirmed bachelor contributed to the happiness of a number of women—by not marrying them.

'What A Mess You're In!'

David Lawrence Says:

Public Indifferent to Debt Spiral

WASHINGTON—Congress has just found itself compelled to raise the public debt limit to $324 billion—the highest in American history.

The Treasury Department, moreover, has predicted that another $6 billion will be added to the debt in 1965 and another $3 billion in 1966.

LAWRENCE

Only vague hints are being given that maybe some day the budget will be balanced, and there is no sign as yet of any effective steps being taken to achieve that goal.

The most significant aspect of the whole problem is the general indifference with which the American people are treating the unsound trend in government finance.

Maybe it's because people do not know what is really involved and what the dangers are that lurk behind the steady increase in the public debt.

★ ★ ★

Maybe it is because many government officials of the so-called "liberal" school of thought have been successfully "brainwashing" many citizens into believing that it doesn't matter how high the deficits are piled up and that an artificial prosperity can continue indefinitely when it is based on money borrowed to pay deficits.

NEW SCHOOL

A new school of thought has arisen lately in America which insists that a business depression is improbable, if not impossible.

There is an attitude developing that, as soon as the effects of the current tax reduction wear out, another pump-priming stimulus can be provided through a second tax cut.

Such tactics, however, ignore the danger of a loss of confidence by the public due to major developments in the economic world.

★ ★ ★

Here, for example, are some possible contingencies:

1. A run on gold and on the dollar. This would require strong counteractive steps such as import controls, capital controls, tighter money — all of which would tend to depress business.

RECESSION RESULTS

2. Tightening of credit. If more inflation develops and money is sharply tightened, there would be a recession.

3. A speculative spree in stocks or commodities.

4. Economic trouble abroad.

5. A strike in a major industry, such as railroads or steel. This could bring a setback in general business.

6. Political developments indicating policies which involve more and more spending of money borrowed to meet budget deficits. This could foreshadow a further depreciation of the dollar.

The important factor in almost every one of the possible causes of a business decline is public confidence.

The average man didn't pay much attention to what was happening in the late 1920s, even though there were some danger signs on the economic horizon.

★ ★ ★

It is only when the debacle really comes and confidence is weakened almost overnight that people begin to wonder why they didn't notice sooner the clouds gathering in the sky.

★ ★ ★

A steadily rising public debt and a continuously unbalanced budget form just such a cloud.

His Speeches Wear Thin

Haiti's 'Lifetime' Ruler Is in an Oratorical Rut

By LOUIS UCHITELLE

PORT AU PRINCE, Haiti (AP) — Francois (Papa Doc) Duvalier, riding high politically as Haiti's lifetime president, is oratorically in a rut.

Duvalier's speeches are beginning to wear thin in this Negro nation of 5 million.

He sticks with little variation to a few favorite themes: His own glory as a builder of the nation; black nationalism; what he'll do to any invaders; the importance of his civilian militia, a desire for foreign investments. . .

The 57-year-old dictator spoke for 90 minutes last Monday at his inauguration in the National Assembly as president for life.

★ ★ ★

But few people seemed interested.

WHAT'S NEW?

Duvalier's themes had become so familiar that even a loyal Duvalierist didn't bother to listen, asked later, "Did he say anything new?"

A physician-politician who his held the presidency since 1957, Duvalier formerly rarely spoke more than three times a year and then only briefly.

That has changed since he announced in April that, at the request of the people, he would take over the job for life.

He has been averaging four speeches a week.

★ ★ ★

Some joke about his monotone delivery and picturesque language, although none doubts he means it when, for instance, he declares:

HARSH WORDS

"If anyone goes to the right or the left of me or does not follow me I will pass his rump through a sieve."

Duvalier still depends on police suppression of all opposition. The suppression seems complete. There is no sign of effective underground activity.

Some Haitians say only a successful invasion by exiles or a coup from within the government would topple Papa Doc.

Duvalier takes no chances. Accompanying him to the inauguration was an armed guard of 80 men — police, soldiers and militiamen.

Only foreign ambassadors and the highest Haitian government officials were allowed to attend, but the entire guard jammed into the Assembly Hall.

Duvalier said Haiti is experiencing a rebirth and is on the road to prosperity. The national scene suggests otherwise.

Voice of the People:

'High Court Recesses at Long Last--Ahhhh!'

So the U.S. Supreme Court is going to take a recess. Thank goodness, for even a short respite. I was afraid that any day now it might decide that the U.S. Constitution is unconstitutional.

It's too bad that recess can't last for ten years or so.

Criticizes Democratic Administration

With the advent of the Democratic administration in Washington, we have seen a 3-D play of demagoguery, deception and deceit unparalleled in history. While professing to start a New Frontier of patriotism against civil rights injustice, poverty, and the ideological enemy; the Democratic chieftains have let racial pressures and federal authority corrode individual liberty, have increased federal bureaucracy and federal spending to keep us tax poor and have made impossible commitments with foreign tyrants.

★ ★ ★

Grass roots America is examining the mealy-mouthed demagoguery of the Democratic mules. A wave of comsavatism (sic) and change is in order. Already many astute Americans have nominated Goldwater as the man to really shake things up in Washington.

Answers Letter on Public Love-Making

Has "Young Mother of Three" considered the dilemma that confronts young couples? Although she says "Hurray for love—but not in public," where are couples to love? It cannot be in a private area because people will think they have low morals; moreover when love-making occurs in public it is equally disgusting as the letter suggests.

These young couples, therefore, face a serious dilemma. To love someone surely is not bad, but to find a place to do it while retaining acceptable moral standards is yet to be discovered.

Read Bible to Understand World Perils

A lot of adults are disturbed by the rowdiness and violence displayed by some of our teen-agers. For a Bible-reading Christian this is no mystery. The Bible predicts the bodily return of Jesus Christ and says "In the last days, perilous times shall come."

★ ★ ★

The Bible is the truest book on the face of the earth and its every prediction has been fulfilled. It pays untold dividends to make a study of the Book of Books.

The Nashville Banner

The American people have long been satiated with cosmic and electronic miracles, and more recently the marvels of men talking out of both sides of their mouths.

★ ★ ★

A caddidate for the presidential nomination stands up to tell the truth. Barry Goldwater. He said he could not vote for the civil rights bill, and he told why. The support he could gain from the South could be overwhelmed by the avalanche of rabble balloting from the North. He was not imitating the folksy sham of Lyndon Johnson, President of the United States, who had just demonstrated his complete domination of the U.S. Senate, and who fought the same things Goldwater now is fighting when opposition to them meant the Texan's election to office.

The Senator was not talking for money. He has money. And his wealth, unlike that of the President, was not accumulated after he became a member of the upper house of Congress. The reason for the words could not be compared with those of George Wallace, governor of Alabama. This night school Napoleon would use the whites as a pawn for power as quickly as he would the blacks, if the time were right.

Goldwater spoke not as one from the West, South, North, or East. The schools of the state he represents were desegregated long before the Supreme Court ruling of 1954. The Goldwater stores employ white and Negroes and Indians. Goldwater was speaking for Americans of both colors who are aware that a law which does not treat all men equally is unconstitutional. He was speaking for the nonextremist, responsible Negro citizenry, which knows that a piece of paper cannot change overnight the habits and hearts of man.

The Gentleman from Arizona was speaking for generations past and future, for our forefathers who had fled personal oppression to establish the fundamentals of freedom; in the Declaration of Independence and the Constitution of the United States.

There was a tone of sadness because truth does not always mean joy or happiness. For all he was aware, he may have been turning aside the presidency, but to those who know him well, that was the least of his worries. Barry Goldwater, can never be forgotten by his fellow countrymen. It remains to be seen whether, after the now historic utterance, he will be allowed to represent an opportunity for his countrymen to make a choice.

What happens is anybody's guess.

Post Confused

The Chicago Tribune

The Saturday Evening Post, with nice consistency, runs an editorial to the effect that the Republican party will be committing suicide if it nominates Sen. Goldwater, then follows that with another bearing the title, "Let the People Pick the Winner."

We thought that was what the people were doing when they voted in the Illinois, Indiana, and California Presidential primaries for Sen. Goldwater, and in the party conventions of Texas and innumerable states.

But somehow the Post is unable to see a connection.

Soiled Clothes Need Pre-Treating

Pre-treat badly soiled areas such as knees, seat, side thighs. With a small brush or sponge lather these spots with a thick mixture of water and washing compound.

* * *

Be sure to use the same type of washing compound for pre-treatment as you will use in the washer load later.

Johanna Evelyn Lampi, daughter of Mr. and Mrs. Theodore Lampi of Independence Township and Dr. Robert B. Neale, son of the William Neales of Detroit, were wed Saturday in Drayton Plains United Presbyterian Church.

MRS. ROBERT B. NEALE

Northern Honeymoon

Wed by Candlelight

Wearing blossom white mousseline de soie with court train of Chantilly lace, Johanna Evelyn Lampi became the bride of Dr. Robert B. Neale on Saturday.

A matching lace mantilla was draped over a Spanish comb and a pink - throated orchid accented her bouquet of white roses and Stephanotis.

* * *

Attending the daughter of Mr. and Mrs. Theodore Lampi of Lakeview Drive, Independence Township, were Mrs. R. H. Lantz Jr. of Largo, Fla., Henrietta Lampi, Barbara Stechow of Flint and Yvonne Klingelsmith.

CANDLELIGHT

Rev. Dennis Dusek officiated at the candlelight ceremony in the Drayton Plains United Presbyterian Church.

Dr. Richard Wakulat of Traverse City was best man for the bridegroom, son of the William Neales of Detroit.

* * *

Dr. Neil Grossnickle, Kalamazoo, was groomsman. Seating some 300 guests were Dr. Richard Mitsunaga of Honolulu; Richard Neale, Plymouth; Michael Klingelsmith and Victor Kimmel.

The bride was graduated from Grace Hospital School of Nursing, Detroit and her husband from the University of Michigan Medical School.

* * *

After a northern honeymoon they will live in Royal Oak.

Don't Fill Packets

Nothing spoils the looks of a good suit faster than loading the breast pocket with a bunch of pens, pencils and cigars. When a coat collar gaps away from the neck in the back or at the sides, it's a black mark on the whole ensemble — no matter how carefully it is planned.

Newlyweds Will Live in Detroit

The Perry Park Baptist Church was the setting for the Saturday wedding of Carolyn Ann Liddy and John Ernest Best.

Parents of the couple who repeated vows before Rev. Hilding Bihl are the Leonard A. Liddys of Melrose Avenue and the Ernest E. Bests of Robinwood Avenue.

WHITE AND PINK

A cascade of white carnations combined with pink tipped blossoms complemented the bride's floor-length gown of white Chantilly lace over stain, worn with illusion veil.

Linda May Liddy was honor maid with bridesmaids, Gloria Sebastian and Margaret Best, Barbara Liddy was junior attendant. Cheryl Crawford served as flower girl and Tommy Liddy, ringbearer.

* * *

With best man Lindow Koop were ushers William Liddy, Michael Montgomery, David Bihl, Philip Campbell and Kenneth Schubert of Chicago.

After the church reception the couple left for Petit Lake in Upper Michigan. They will live in Detroit.

MRS. JOHN E. BEST

Apply Lotion After Dishes

Even the mildest of detergents can irritate and redden the hands. After a session with the laundry or dishes rinse the hands thoroughly in lukewarm water, dry them and then "wash" in good quality witch hazel.

Massage and work the lotion into the skin until dry. Now apply cold cream or other emollient in the usual way.

Try this frequently and the drying and cracking of the skin won't get a chance to get started.

Use Soda, Water

Remove grease from painted bathroom or kitchen walls before painting again by washing with a soda and water solution.

Sportswear Has the Suede Look

The luxury look and feel of suede leather is now available in 100 per cent cotton sportswear.

A new "doe-suede" fabric looks enough like suede to fool the deer — but is much more practical than "real" leather.

This "suede" is suds-safe and can be repeatedly washed and dried by machine.

The William Bierleins of Ivanhoe Drive announce the engagement of their daughter, Patricia Jean, to James Michael Zeleznik, son of the Joseph Zeleznks of Sylvan Shores Drive. Late August vows are planned.

Vermont is the largest producer of maple products in the nation.

Big Steel Makers Show Gains

NEW YORK (AP) — Steels formed in the best performance in a mixed stock market today.

Trading was active.

Most changes of key issues were fractional.

All of the major steel makers were up fractions.

EDGES UP

The newly split American Telephone edged up ⅜ to 72⅝ on an opening block of 30,000 shares.

On another big block of 12,000 shares, Sterling Drug dipped ⅝ to 29½.

* * *

Tobaccos were mixed after a report by the government that people are cutting down on their smoking.

Metals were down with the exception of International Nickel which tacked on a fraction.

GAINS SMALL

With labor negotiations in the automobile industry due to start this week, General Motors, Ford and Studebaker posted small gains.

Friday, the Associated Press 60-stock average advanced 8 to 311.5.

* * *

Prices were mixed on the American Stock Exchange. Fractional gains were posted by Louisiana Land, Massey-Ferguson and Syntex.
