Williams Announces He Will Seek Fifth Term

Ike to Undergo Full Checkup of Health Friday

Head-to-Toe Physical Examination to Include Heart Tests

WASHINGTON (AP)—President Eisenhower said today he will undergo a new head-to-toe physical examination Friday, including a check on his heart condition.

Eisenhower made the announcement at a news conference. He had been asked whether he planned another full scale checkup in advance of the Republican National Convention which opens in San Francisco Aug. 20.

Calling it a head-to-toe examination, he said the checkup was not related specifically to the heart attack he suffered in Denver last Sept. 24.

In today's meeting with newsmen the President also discussed these other matters:

Asked for comment on the decision by Sen. George (D-Ga), chairman of the Senate Foreign Relations Committee, against seeking another term, the President paid warm tribute to the 78-year-old Georgian.

POST IN NATO

George himself said Eisenhower had asked him to be the President's personal representative to the North Atlantic Treaty Organization.

Speaking generally of the security program, Eisenhower said no one would say it is working perfectly. But he added that great progress has been made, and said the administration is determined that it will work in the best interest of the country.

Eisenhower said again that he believes emphasis should be placed primarily on having adequate all-around military strength, including airpower, rather than concentrating on having more of any one type of weapon than a potential enemy.

A reporter asked whether the defeat which Gov. Allen Shivers suffered in Texas Democratic precinct conventions could be interpreted as a repudiation of Eisenhower and his administration. In 1952, Shivers bolted the regular Texas Democratic organization to support Eisenhower.

In reply to the question, Eisenhower said the reporter seemed to be stretching a point in raising the question of repudiation in connection with what the President termed an internal conflict in the Democratic party.

Tornado Hits Farm Near Benton Harbor

BENTON HARBOR (AP)—A freak tornado struck the Vern Enders farm today on the old Hartford Airport 15 miles northeast of Benton Harbor in Van Buren county.

No injuries were reported, although the twister ripped the roofs off two old hangars and slashed the back out of one of the buildings.

Paul Enders, manager of the farm, said the tornado continued in a southeasterly direction after passing over his asparagus farm.

He said it was preceded by "high winds which raised dust so thick one could not see another person five feet away."

The twister caught Enders and 18 farm workers in the fields. The farm operator said he told his men to lay flat on the ground while the dark, funnel-shaped cloud roared by.

Target Area Awaits Airborne Hydrogen Bomb

NAMU ISLAND — Tiny Namu island at the north edge of Bikini atoll is shown in this airview with the bullseye target, 100 yards in diameter, at which bombardier Maj. Dwight E. Durner will be aiming when he releases the H-bomb from a high flying B-52 jet bomber over the half-mile square island in the Pacific. The target will be floodlighted during the hours of darkness. From an altitude of 50,000 feet it won't look very big.

Jackson Answers Wilson

Fearmongering Is Denied

FROM OUR WIRE SERVICES

WASHINGTON — Sen. Henry M. Jackson (D-Wash) replied today to an administration charge of "fearmonger" today by starting a new argument with Defense Secretary Charles E. Wilson over this country's airpower.

Wilson testified Monday that with aerial refueling, the nation's fleet of 1,800 medium bombers — the B-47s — have "true intercontinental capabilities." He said Russia has no air tanker of any kind to refuel its global bombers.

The secretary stressed the tanker point in his denial of statements Russia is outstripping the U. S. on airpower.

But Jackson told a reporter: "We don't have any jet tankers in operation. Even those scheduled for production are insufficient."

Wilson is to return before the Senate Military Appropriations subcommittee today to answer questions. The unit expects to hear also from Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff.

The secretary referred indirectly Monday to critics of his defense program as "fearmongers."

'RIGHT TO ALL FACTS'

Jackson retorted: "The American people have a right to all the facts. I cannot see how that can be labeled fearmongering. I'd call it fact mongering if anything."

Sen. Robertson (D-Va) called today for "frank and uninhibited" testimony by the Joint Chiefs of Staff on whether the administration's 36-billion-dollar defense budget is big enough.

He expressed misgivings lest it prove too small

Robertson spoke out in an interview as the appropriations subcommittee on which he serves recalled Wilson for more questioning about U. S. defense needs, and the House prepared to start debate on the huge military money bill.

The House bill would provide $33,635,000,000 in new funds. This, plus money available from prior appropriations, would finance an actual spending budget of $36,200,000,000 in the bookeeping year starting July 1.

Robertson said he thought Wilson had "bristled unnecessarily" when Robertson asked him whether the military chiefs of staff would be free to give "frank and unbiased" opinions on whether the budget will provide the strength needed to meet any aggression.

Sen. Leverett M. Saltonstall (R-Mass), a member of both the Senate Airpower subcommittee and the Military Appropriations subcommittee, was asked if he saw any discrepancy between the testimony of Wilson and Gen. Curtis E. LeMay, head of the Strategic Air Command.

LeMay testified that Russia will have superior long-range striking power in two to four years.

Saltonstall said he did not want to draw any conclusions until the airpower subcomittee has completed its hearings.

But he said: "I thought Wilson's overall picture gave us a feeling of confidence."

May 23 BIE Day Planned With City Schools as Host

Business, industry and education have banded together to plan another Business-Industrial-Educational Day on May 23.

Host for this year's program will be the city schools. Members of business and industry will visit any of 25 schools participating in the program.

Sponsored by the Pontiac Chamber of Commerce, EBI Day will begin at 8:45 a.m. in the Pontiac High School auditorium with an orientation meeting. A presentation of the public school set-up will be made so visitors will more thoroughly understand the system, said John Hirlinger, manager of the Chamber of Commerce.

A similar orientation will take place in the parochial schools, Hirlinger said.

Between 10 a.m. and 12 noon, classroom observation will be held as business and industrial personnel study classroom techniques and methods of teaching.

The visitors at each school will join principals and teachers for lunch and have a question and answer period about school operation until 1:30 p.m., official breaking-up time, Hirlinger said. Those who wish may return to the high school for further questions and answers after this 1:30 ending time.

School board members, Superintendent of Schools, Dana P. Whitmer, principals and staff members will be present at this last session to answer the visitors' questions.

Objective of the day's program, Hirlinger said, "is to better acquaint business and industry with the schools system and the needs of the school."

The event is yearly except that business and industry usually play host, to school personnel, he added.

Aircraft, Auto Merger Denied

Heads of Both Firms Spike Rumors; Nance 'Explores Situation'

Roy T. Hurley, board chairman and president of Curtiss-Wright Corp., said in New York today his company had "no plan" for merging with Studebaker-Packard Corp.

His statement followed denials by James J. Nance, president of Studebaker-Packard, of published reports that a merger announcement was expected in New York today.

"We have given careful consideration to the Studebaker-Packard situation," Hurley said. "However, we have no plan for the merger of the companies."

Meanwhile, Nance said that he was in New York on a routine visit to discuss the company's financing and that he was not meeting with anyone in regard to a possible merger.

While denying the reports published in Detroit that there were current merger discussions with Curtiss-Wright, Nance conceded that the company "was exploring several situations."

H-Bomb Drop Postponed

To Be Friday on Namu Island if Bomber Pilot Can See Target

By BOB CONSIDINE

ABOARD U.S.S. MOUNT McKINLEY OFF ENIWETOK (INS)—Scientists overseeing "Operations Redwing" hoped today for improved weather to clear the way for America's first airdrop of a hydrogen bomb.

The drop of the H-bomb over the mid-Pacific islet of Namu has been rescheduled for Friday about dawn (approximately 11 a.m. Thursday PDT).

The third postponement of the detonation was announced a few hours before a scheduled drop today.

Weather experts were keeping a close check on conditions which might cause another postponement and some of them were frankly dubious about the Friday schedule.

The vital role the weather plays in such a test was explained by experts for the benefit of newsmen and Civil Defense officials present as observers on the communications ship Mount McKinley.

One weather expert declared: "It is very important that the bombardier on the drop plane see the target."

The target is a 400-foot wide bullseye painted on Namu, a 3,000 by 2,000-foot islet.

One weatherman grumbled: "Either the Russians get better weather at their H-bomb proving ground than we do at ours or they don't give a damn if their mushroom clouds spill radioactive debris on people."

This Is Logic? Woman Attacks Her Stalled Car

OKLAHOMA CITY (AP) — Police arrested Fanny Stepney, 34, last night and reported she attacked her car.

The car stalled.

Officers quoted by-standers as saying the woman tinkered under the hood several minutes, then lost her temper. She kicked the car, beat on it with her fists, threw rocks at it.

One witness, the officers reported, said she threw rocks at him when he offered help.

The car was heavily damaged—headlights smashed, battery cracked, hood battered.

The formal charge on the docket is drunkenness.

Gov. Williams, Officials of State Report Progress

Heckling by Republicans Checked by Moderator; 100 Attend Session

Gov. G. Mennen Williams and five members of his State Administrative Board last night answered 31 questions from the floor in a town hall meeting in Lincoln Junior High School.

Anticipated heckling by county Republicans was screened out by moderator Monroe Osmun, who refused to allow oral questions. Cards for written questions were distributed among the audience of just over 100 area residents.

Taking only occasional digs at absent Republican board members and the Legislature, the state officials answered questions on current state and local problems and reviewed what they felt were their major accomplishments in office.

Expanding on his remarks on automation at yesterday's civic breakfast, Williams said, "Like any other labor-saving device, automation will help us in the long run."

But, he added, "The adjustment of our workers to the changeover is the great challenge of automation."

'EFFECT HARD TO PREDICT'

Long-range effects, he said, are hard to predict. In some industries he thought automation would mean greatly expanded production.

In others, he added, it might mean employment of less workers, who would turn to other jobs in other industries.

Some, he said, would turn to manufacturing automatic machines. Others might find employment in the expanded recreation industry which will accompany a shorter work week. He predicted a long-range expansion in the professions, providing adequate supplies of doctors and teachers.

The Governor warned that local, state and national governments must face the changeover problem and devise ways to ease adjustment for the individual workers.

Speaking on public education, Williams said the issue is crucial because of the Communist threat. "We must make our country strong enough to resist Communist

Woman's Death Launches Probe

Police Hunt for Man Who May Have Left Body in Lane

Madison Heights, Detroit and State police today are searching for the man they think left the body of an attractive redhead in a Madison Heights lover's lane after she died of overdoses of barbiturates, alcohol and narcotics.

The body, found yesterday at noon on the shoulder of Campbell Road near 12 Mile Road, was identified through police fingerprints as Harriet Anderson, about 22, a known dope addict with a record at Detroit House of Correction.

Dr. Richard Olson, St. Joseph Mercy Hospital pathologist who examined Miss Anderson's body, said he estimated time of death at 2 a.m. yesterday. There were no apparent marks of violence, he said.

The body was found beside the unpaved road yesterday by John Caldwell, 56, of Detroit, who was walking along the road seeking a job on building projects in the area.

Miss Caldwell was lying beside the road, Madison Heights police said, as though she had been carefully placed there. The body had no identifying papers, and no shoes or stockings.

Police now theorize she was taken to the lonely site after her death by someone who feared to report her death. Tracks found at the site indicate a car turned around in the road sometime yesterday.

Detroit police have arrested a 36 year old Detroiter, and are holding him for investigation. Alfred P. Smith told police Mrs. Anderson was at his house Sunday night. No charge has been preferred against Smith.

Announce

GOV. G. MENNEN WILLIAMS

LT. GOV. PHILIP J. HART

National Office Out of Picture, at Least for '56

Phil Hart Will Seek His Second Term as Lieut. Governor

In a surprise announcement early today, Gov. G. Mennen Williams said he will run for an unprecedented fifth term as governor of Michigan.

Williams, who returned to Lansing last night from Oakland County and the latest of his "reports to the people," repeated earlier statements he is not a candidate for any national office.

"I categorically deny that I have been a candidate for any national office," Williams said. "I do not intend to be a candidate for any national office.

"I am talking about 1956. I can't say what my plans are after that."

Lt. Gov. Philip A. Hart, who accompanied the Governor here yesterday with four other Democrats of the State Administrative Board, simultaneously announced he will seek his second term as lieutenant governor.

Williams' aides said the first nominating petitions will be mailed out today. A minimum 10,874 signatures are required to get his name on the August primary ballot.

The early announcement came as no surprise. The completed nominating petitions must be filed by June 19, and both candidates were expected to announce by May 15, deadline for Democrats to hold special county conventions to select nominating delegates at the state convention.

NO OPPOSITION YET

So far, neither Williams nor Hart have any opposition for the Democratic nominations, and it is thought unlikely that any will develop.

Williams, 45, defeated Republican Kim Sigler in 1948 for his first term. His margin of 161,000 votes was narrowed in 1950 to 1,100 against former Gov. Harry F. Kelly, and a recount was necessary. He defeated Fred M. Alger on other recount vote in 1952 by a margin of 8,000.

Opposing Donald S. Leonard in 1954, Williams won by 253,000 votes and took his state ticket into office with him.

The Governor said today he would feel free to leave office with a "quiet conscience" at this point.

CITES PROBLEMS

But he said the approach of automation, problems of higher education, the rise of "suburbia" and other problems have developed which challenge him to remain the State's chief executive.

(Williams discussed automation and education problems at a meeting last night in Pontiac's Lincoln Junior High School. A report of his views appears elsewhere on page 1.)

Thunderstorms, Slightly Warmer

Severe thunderstorms are forecast for the Pontiac area this evening and tonight with the thermometer registering a low of 50 - 54 degrees.

Thursday will be cloudy and cooler with showers in the forenoon. Tomorrow's high will range from 54 - 58.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 40 degrees. The mercury rose to 48 at 2 p.m.

Executive Sees Increasing Use of Newspaper Ads

BOSTON (AP)—The "golden age" of newspaper advertising "lies just ahead," Charles H. Pinkham, Boston advertising executive said today.

Pinkham, executive vice president and general manager of Chambers & Wiswell, Inc., Boston, spoke before the Boston Advertising Club.

"More money than ever before is being spent in newspaper advertising, despite television," said Pinkham, "and people in New England spend more than a million dollars in pennies and nickels every week to buy newspapers, an all-time high."

Pinkham said radio and television "are no longer the miracle media, and have found their rightful, normal place in advertising. . ."

Sen. George Will Retire at End of Present Term

WASHINGTON (AP)—Sen. Walter F. George (D-Ga), 78-year-old dean of the Senate, has decided not to seek re-election.

His physician called the decision "a wise one" in view of a heart difficulty and diabetes, both described as "mild." The doctor said a hard campaign might be detrimental.

"He simply needs to take care of himself," Dr. Worth B. Daniel said, "and and if he does so he should have a long and happy life."

Since the death last week of Sen. Alben Barkley (D-Ky), who was only two months older than George, the Georgia senator had been strongly urged by members of his family to withdraw.

George heads the Senate Foreign Relations Committee and serves as Democratic spokesman on foreign policy matters.

He is also a power in taxation matters. George gave up the chairmanship of the Senate Finance Committee to take over the foreign relations post.

George's decision apparently clears the way for the nomination and expected election of former Gov. Herman Talmadge

Effects City Police, Firemen

Ready Residency Law for Ballot

Should Pontiac policemen and firemen be required to live within a 10-mile radius of the Saginaw and Huron streets intersection? This question will confront city voters in the coming November election.

The City Commission last night imposed the limitation and instructed City Attorney William A. Ewart to draw up the necessary charter amendment.

The Pontiac Police Officer's Assn. requested the commission place the amendment on the ballot to test a 1932 amendment requiring police and fire personnel to live within the city.

According to Paul L. Merideth, attorney for the group, the association will request the commission to place the issue on the Aug. 7 ballot.

Appearing before the commission last night, he said: "There is some feeling of the association that the amendment would receive more favorable consideration in the August primary."

Ewart explained that only the commission could call the special election for an August decision.

But the commissioners are reportedly against such a move as a charter amendment on joining the city employes' pension plan to Social Security will be up before voters at this time.

If the amendment passed, at either election, Meredith said he knew of no police officers who would have to move to conform with the distance limitation.

He said the association was in complete agreement on the 10-mile restriction.

Police Chief Herbert W. Straley said he did not wish to comment on whether he thought the limitation was sufficient.

City Hall Is One Year Old Today

No Celebration to Mark Day

It's Business as Usual With No Candles as Anniversary Passes

One-year-old today and not a candle will be lighted to celebrate the anniversary of the opening of Pontiac's City Hall.

That's the report from city officials and employes as work goes on as usual in the $1,200,000 structure, the milestone in the city's Civic Center plans.

A year ago today the doors swung open in the Pike street edifice, fulfilling the dreams city commissioners and other officials shared for more than 27 years.

The weekend prior to the opening, City Hall employes and movers "huffed and puffed" while lugging city government equipment and furnishings from the old hall at E. Pike and Parke Sts.

Dedication of the new building was held June 12, 1955, and was marred by a steady rainfall which canceled the appearance of Gov. G. Mennen Williams.

Now 12 months have passed and the 20 city departments, all housed under the same roof for the first time, each report an endless stream of business in and out of their offices.

The only noticeable interior change is the addition of a meeting room in the north end of the first floor. It is reserved for small public meetings and a lounge for men and women employes.

It has been unofficially named the "Shrine Room" because of a historical collection of reproductions of significant documents of the country in the room. The collection was presented to the city by the Exchange Club of Pontiac.

City parks workers have planted trees and shrubs over the grounds surrounding the building. Landscape work has included laying sod and seeding.

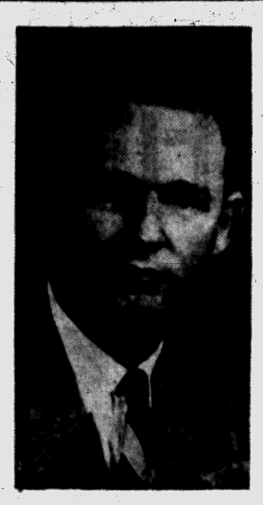
An underground sprinkling system has been installed to water the many square feet of grass.

Soon the focal point of the Civic Center will have a "sister" nearby in the $800,000 Public Safety Building. It will be located to the north and completion is expected next year.

Commenting on the one year of service to the public derived from the City Hall, City Manager W. K. Willman said: "It has been a most pleasant year for all of us."

He added that only minor difficulties have been experienced in the operation of the 3-story hall.

It was built completely from tax revenues and required no bonds.



EARL A. MAXWELL

JAMES F. NYE

United Fund Names Two to Top Campaign Posts

Appointment of two leaders in the 1956 Pontiac Area United Fund drive was announced today by Campaign Chairman Walter Willman.

Earl A. Maxwell, personnel director of General Motors Truck and Coach Division, was selected as chairman of the industrial campaign.

James F. Nye, co-owner of Nye Dairy, will lead the commercial campaign.

Maxwell, who has been with General Motors since 1941 and lives in West Bloomfield Township, will direct solicitation for the United Fund in automotive and other manufacturing plants in the area. He is a member of the Pontiac City Cub and a YMCA board member.

Nye, of 883 Menominee Rd., will solicit funds from downtown businessmen, doctors, attorneys, food sales firms, government offices and the construction trades.

A member of the Chamber of Commerce and immediate past president of Kiwanis, Nye last year led solicitation for the Fund in area food sales firms.

In announcing the appointments, Campaign Chairman Willman said, "I am extremely happy that these two men have agreed to serve on my team. I think their work will insure a successful United Fund campaign this fall."

Rains Delaying Planting on State, County Farms

Heavy rains during the past week have kept Michigan farmers out of their fields.

In the Pontiac area many farmers have been obliged to sow their oats at intervals when the rains ceased long enough for the soil to become dry for planting.

Since the forage crops grow good in cold and damp weather, local pastures have had a good start, and winter feeding was discontinued as early as in former years, in spite of the late spring.

Winter wheat also has a good stand, is stooling out in good shape, and seems assured of being a good crop with the heavy moisture storage in the ground.

* * *

The federal-state crop reporting service in Lansing said the state's farmers welcomed the rain, although precipitation was heavier than what was needed in most areas.

The service said farmers in the Upper Peninsula and the northern parts of the lower made considerable progress in planting oats during the last week, with lighter rains.

The service said no fruit trees have blossomed yet. The longer blossoming is delayed, the less chance there is for damaging frosts, it added.

Wet ground kept truck farmers out of their fields. Asparagus is developing slowly and some is now being harvested.

More than 41 per cent of the deaths and more than 35 per cent of the injuries due to motor vehicle accidents last year occurred on Saturdays and Sundays.

Drivers, Beware! Anti-Radar Judge Changes Opinion

DETROIT (AP) — Traffic Judge John D. Watts, reversing an earlier stand says it's okay now to bring speeding motorists arrested on the basis of radar readings into his court. He'll convict them if the radar timing devices show they're guilty.

Judge Watts said yesterday kinks in the radar system which aroused his objections had been ironed out. He had ruled May 1 that violations detected by radar would not hold up in court.

Ruling on a speeding case, the judge said the radar timer recorded only the top speed of the alleged offender. With new adjustments, he said, police can clock a vehicle's speed for a mimimum distance of 140 feet.

Burglar Loots Station of $20 From Machine

About $20 in change was stolen from a gas station at 644 Oakland Ave., reportedly entered Tuesday night, Pontiac police said.

The money was missing from a cigarette machine, according to the owner, Joseph Donohue, Lake Orion. He believed the station was entered through an unlocked door.

Senate Agriculture Group Approves Soil Bank Bill

WASHINGTON (INS)—The Senate Agriculture Committee today approved the 1.2 billion dollar soil bank requested by President Eisenhower and drove for final action on a new farm bill by nightfall.

Chairman Allen J. Ellender (D-La), said the question of authority for advance payments to farmers "never came up and will not come up."

Eisenhower, in vetoing the original farm bill last month, asked for new legislation confined to the soil bank but with authority for his administration to pay farmers up to 500 million dollars this year for taking land out of production next year.

The House, in a sharp defeat for the President, turned down the advance payment plan and the idea was not included in the bill before the Senate committee.

Ellender announced the Senate unit killed a House-passed amendment which would put grazing lands into the best-paying part of the soil bank—the acreage reserve.

The senators also struck out a provision which would have included such field crops as potatoes, string beans or blueberries in the acreage reserve.

But the committee retained a House provision which, as Ellender put it, "sanctifies" the administration's action in giving price supports set at $1.25 a bushel to corn growers even though they do not comply with acreage allotments.

Ellender said the committee has yet to decide on the controversial flour grains provision of the House-passed bill and amendments which members of the unit want to tack on to the legislation.

Recall Witness in Bribery Trial

State Optometry Board Official to Give Added Testimony

MASON (AP) — A key witness for the state — a state official fired for tardy reporting of a bribe incident — was called back to the stand today in the third day of the Ritholz bribery trial.

Benjamin D. Ritholz, 57, wealthy Chicago optical goods manufacturer is being tried in circuit court here on charges of paying cash to influence three members of the State Optometry Board.

One of these, Dr. Julien Feiler of Flint, testified Tuesday that Ritholz twice gave him money in an effort to have a complaint before the board dropped, but did not complete his story.

The complaint, brought by a board inspector, alleged that Dr. Edwin L. Sanchick, Lansing optometrist, engaged in unprofessional conduct by referring patients to the Lansing branch of the King Optical Co. to get prescriptions filled.

Ritholz heads the King firm, which operates in Michigan and 16 other states.

Feiler testified that Ritholz paid him $500 on March 28, 1955 in a third floor men's room at the Harry Sufferin clothing store in Detroit.

Pick Louise Lagoy as Dairy Princess

EAST LANSING (AP)—Michigan's new dairy princess is an old hand at the dairy business despite her young 19 years. She even knows how to milk a cow.

Blonde Louise Lagoy, a Michigan State University freshman from Albion, was selected from a group of candidates from 36 counties to reign over June dairy month and represent Michigan on an eastern tour.

Muriel Goodrich of Hart was named as her alternate by the June Dairy Month Committee meeting Tuesday at MSU.

Louise plans to become a farm wife after she completes her studies at MSU. Her father, Tony Lagoy, operates a 220-acre dairy farm near Albion.

State Women Dems to Plan '56 Campaign

LANSING (AP) — Democratic women from throughout the state will assemble here Saturday for a day long meeting on political campaign organizational techniques.

The event is called Democratic Women's Day and is sponsored by the Michigan Federation of Democratic Women. About 600 women are expected to attend.

aggression," Williams said, adding that Russian education already is outstripping us in production of engineers and technicians.

CITES DROP-OUTS

"The number of children who drop out of school before they have decent educations is tremendously alarming," the Governor said, adding that a recent survey showed only 45 of each 1,000 fifth-grade students completed college.

"The main problem for most students is insufficient money," he said, adding that a scholarship program is needed to provide college educations for Michigan students.

Lt. Gov. Philip A. Hart reminded the audience that a bill introduced by Williams in the last legislative session providing 500 scholarships of $1,000 each has died in committee.

Asked whether lack of money is the only reason for delay in a state road construction program, Williams said he thought Highway Commissioner Charles Ziegler's "erroneous system" was equally at fault.

Ziegler, a Republican, had said he was too busy to accompany the touring officials.

Other state officials who reported on progress which they claimed since taking office were Secretary of State James M. Hare, Attorney General Thomas M. Kavanagh, Auditor General Victor C. Targonski, and Treasurer Sanford A. Brown.

At the conclusion of the meeting, Osmun said he believes whatever party is in power, "this kind of meeting is a must." He said he is convinced Williams' "reports to the people" are not partisan.

Williams thanked the audience for its "hospitable reception," and for its interest and suggestions.

Leonard Man Injured in Auto-Truck Crash

A Leonard man was taken to St. Jospeh Mercy Hospital this morning for injuries suffered in an auto-truck collision at 10 a.m. on Rochester road near Lakeville.

Gary Sutherby, 18, was undergoing X-ray's for possible head and hip injuries, authorities said.

No details of the accident were yet available from troopers at the Romeo State Police post.

Fight for Signal Given Backing

School Area Residents Support John Carry, Favor Traffic Light

Four residents of the Longfellow School area last night gave Commissioner John E. Carry support in his request for a traffic light at the Astor-Auburn intersection.

But Carry told them "the City Commission cannot take action until all administrative means of the city are exhausted."

Last week the commissioner began his fight for the signal despite notification from the city traffic engineer that the light would be disapproved by the State Highway Department.

The spectators last night were told the city manager would investigate the possibility of school signs in the area and check reports of excessive speeding.

He will also confer with the state department today in Lansing on what requirements are necessary to secure a light at the intersection.

Hint U.S. Backs 2nd Dag Chore

Another Peace Mission to Doubtful Middle East Suggested by Dulles

WASHINGTON (AP)—The United States was reported ready today to back another Middle East peace mission by U. N. Secretary General Dag Hammarskjold if he thinks it would promote Israeli-Arab agreement.

Secretary of State Dulles said last night this country and its Western Allies now have greater confidence in United Nations handling of the dangerous Middle East situation since Russia has indicated it is prepared "to support a solution" through the U.N.

"The Soviet Union seems increasingly aware of the dangerous consequences of reckless action," Dulles said in a speech here before an international convention of B'nai B'rith, a Jewish fraternal organization.

His broadcast speech constituted a report on his meeting in Paris last week with other foreign ministers of the 15-nation North Atlantic Treaty Organization. It was largely devoted to the possibilities of expanding NATO's work.

As for the Middle East, Dulles reaffirmed U. S. policy of maintaining Israel's independence against Arab pressures and also of seeking friendly relations with both sides.

The Day in Birmingham

2 Kindergarten Cottages to Be Built Near Pierce

BIRMINGHAM — Two cottage schools which may later revert to home use were among school building projects approved last night at the Board of Education meeting at Hill School.

The two buildings will be erected across from Pierce School in time for next fall's school term. Each building will hold a kindergarten class in morning and afternoon, with about 30 children per class.

With the general plans approved, local builders will be consulted. Authorization for seeking bids is expected at the next meeting, according to Dr. Dwight D. Ireland, superintendent of Schools.

The cottages will provide additional classroom space for the coming few years, but when enrollment falls off again, can be sold for residential use. They would be two-bedroom homes, with no basement. A home builder will be sought, rather than the usual school architects.

Low bids for the addition to Walnut Lake School, received last night, totaled $224,007. They will be studied by the architect before school board members vote on acceptance.

New furniture ordered last night will cost $29,291. It will replace the junior high furniture at Adams with elementary size, and provide new classrooms at Pembroke, Beverly and Bloomfield Village with desks, seats, and shelving. One unit of furniture for a child costs about $20, according to the figures.

A block of new steel seats for the football stadium was approved last night, in the gradual replacing of all the wooden seats. Court cases resulting from collapse of old stadium seats six years ago are still in the Supreme Court.

About three-quarters of the required 125 new teachers have been hired, reports Dr. Ireland. He is spending much of his time in interviewing, but most regular class teachers are already hired, he says. Specialized positions remain.

Missing Lawyer Sought by Police

Think Detroiter Headed for Pontiac; No Trace Found Since Monday

No trace has been found here of a Detroit attorney, reportedly missing since Monday morning when he set out from home to attend to a civil matter in Oakland County Circuit Court.

Whether Maurice P. Rhodes, 55, of 20067 Renfrew Ave. ever reached Pontiac is not known, according to local law officers.

Pontiac police, Oakland County Sheriff's Dept. and State Police at the Pontiac post all reported no results in a search requested yesterday by Detroit police.

Rhodes told his wife of the Pontiac trip when he left home at 9 a.m., Detroit Police said. But his secretary told them she knew of no legal matter here in which Rhodes was interested.

The missing man was described as five feet 11 inches, 160 pounds and having grey hair.

Another False Alarm Calls Fire Fighters

A false alarm called Pontiac Fire Department equipment to Clovese and Branch Streets about 11 o'clock Tuesday morning. Residents of the area report several false alarms in recent weeks from the same location and say they believe small children playing in the vicinity are responsible.

A report was given on the American flag which was presented to the Brownie Troop of Our Lady of Refuge School recently. Final plans were completed to hold a card party at the Legion home May 17.

Real Dizzy Job

CHICAGO (AP) — Thomas Martin, Chicago's elevator inspector, planned a busy, and probably dizzy, day today. He will spend the day riding the roller coasters, the loop-the-loop and other thrillers at an amusement park. Martin has to determine that all rides are safe before they are put in operation for the season, which opens next week.

Indiana Farm Belt Backs Eisenhower in Presidential Preference Primaries

WASHINGTON (INS)—Republican strategists pointed today to President Eisenhower's solid performance in Tuesday's Indiana primary as a strong indication that the farm bill veto sparked no "revolt" in the nation's agricultural belt.

* * *

Particular interest centered on the outcome of the balloting in the traditionally Republican Hoosier State, which has a large rural population and which is regarded also as a geographical gauge of the political winds.

But some significance was attached also to the results in the four other states where elections were held yesterday—Ohio, West Virginia, New Mexico and Florida, though the latter state does not hold its presidential primary until May 29.

In Indiana, Eisenhower, with about half of the precincts tallied, had a "popularity" lead of nearly 100,000 over Sen. Estes Kefauver of Tennessee, the only presidential aspirant on the Democratic slate there.

INDIANA

Republican, 3,749 of 4,359 precincts; Eisenhower 298,295; Lar Daly 10,969.

Democratic, 4,359 precincts; Kefauver 186,460.

* * *

OHIO

Republican, for governor, 1,092 of 11,714 polling places: O'Neill 36,288, Lt. Gov. John W. Brown 14,283.

Democratic for governor, 1,094 polling places: DiSalle 17,926, Sweeney 6,467, Frank X. Kryzan 3,446, Robert W. Reider 3,227, Oscar L. Fleckner 3,126.

FLORIDA

Democratic, for governor, 1,500 of 1,779 precincts: Collins 250,000 over Sumter L. Lowry. Farris Bryant 52,486, former Gov. Fuller Warren 40,984, Peaslee Streets 2,722, W. B. Price 1,426.

Republican Gov. George Craig called the results "a defeat for Kefauver and the entire Democratic Party," but Democratic State Chairman Charles E. Skillen shrugged off the returns as "no indication whatever of the November vote."

Indiana's was the first farm state primary since the President's veto of the three billion dollar "package" bill which would have restored rigid high price supports."

OTHER HIGHLIGHTS

OHIO—Michael V. Di Salle, former federal price administrator and onetime New Deal functionary, won the Democratic nomination for governor and will oppose Republican Attorney General C. William O'Neill in November.

Gov. Frank J. Lausche was unopposed in the Democratic contest for the Senate seat once held by the late Sen. Robert A. Taft, and his GOP opponent, Sen. George H. Bender, likewise had no opposition.

There was a slight element of surprise in Lausche's failure to win favorite son backing from all delegates to the presidential nominating convention. Anti-Lausche delegates apparently won at least convention seats and were ahead in five other races, but Lausche was assured of a minimum of 49 of the 58 delegates.

WEST VIRGINIA—Gov. William Marland and Rep. Robert Mollohan appeared winners of the Democratic senatorial and gubernatorial nominations, respectively, and the Republican nods seemed to be going to John T. Copenhaver for governor and former Sen. Chapman Revercomb for the Senate.

FLORIDA—Gov. Leroy Collins, the Democratic incumbent, won a decisive victory which assured his re-election. His margin ruled out any run-off on May 29, when Floridians choose between Kefauver and Adlai E. Stevenson in the Democratic presidential primary.

NEW MEXICO—Aspirants for the Democratic gubernatorial nomination were still in a tight race, with incumbent Gov. John Simms slightly ahead of his leading challenger, Ingram B. Pickett. The winner will face Republican ex-Gov. Edwin Mechem. Mechem was unchallenged on the GOP ticket.

Commissioner John Carry Asks Delay in Discussion of Michigan-Lois Drain

The City Commission will have to wait another two weeks to hear Commissioner John E. Carry (District 6) present his case on the often discussed Michigan - Lois streets drain case.

Carry requested the two week postponement last night to gather further information on the three-year-old episode. It involves 19 lot owners on the east side of the city who claim they were improperly assessed for drainage improvements.

Other business taken up on the 38-point agenda that faced the commission, was the approval by the city that the state proceed with widening and paving of a portion of the M24 trunkline in the city. The city will pay $2,000 for the project.

Upon the request of City Manager W. K. Willman, a Pontiac Police officer's request for uniform allowance was deferred pending a meeting with a police committee.

The commission also appointed the National Bank of Detroit as paying agent for the $600,000 worth of revenue bonds for the voter-approved off-street parking project.

Over the objections of Commissioners Carry and Dr. Roy V. Cooley, the recently amended ordinance pertaining to bump shops in Commercial 1 districts was tabled indefinitely.

Hearings will be held June 5 on two ordinances to amend a city zoning ordinance involving sections on non-conforming use and the Pontiac Zoning Board of Appeals.

A petition requesting grading and graveling of a portion of an alley in assessor's plat 13 was ordered returned to the petitioners for lack of sufficient signatures.

The commissioners received and filed two agreements between the city and the Jerome Building Co. for two public improvement projects.

They also accepted three deeds for property in the city and ordered they be recorded in the register of deed's office.

The city attorney was instructed to prepare ordinances to amend the city's building zone law 944 to rezone to Commercial 1 part of lots 62-66 in the Hillside Manor Subdivision.

The attorney was also instructed to prepare the necessary ordinance to rezone to Commercial 1 part of lots 8 and 9 of the Elkins Addition.

The commission concurred in the recommendation of the City Plan Commission that lots 19-24 in the Mt. Clemens Hills Subdivision be rezoned for Commercial 1 use.

A public hearing will be conducted June 19 on the recommendation that an alley in the Elkins Addition be vacated.

A denial from the city plan group on rezoning to Residential 3 the east side of Thorpe street from Huron to Liberty was concurred with.

Public hearings were held last night, in which no spectators in the audience were heard, on three public improvement projects.

The commission received four special assessment rolls for other projects on which a review will be held on all four next week.

Hearings were also aired, with confirmation deferred, on seven rolls for improvements throughout the city.

In final action, the commissioners approved a request that Mario Giglio be appointed special administrator to the estate of Tony Giglio on a special designated merchant license held at 441 N. Perry St.

Bartlet Wager Is Honored for 53 Years of Service

Bartlet Wager was honored by some 80 employes and friends of Pontiac State Hospital last night at a dinner held at Hi-Land Manor.

Wager, who had been a hospital employe for the past 53 years, chalked up another honor last Saturday in Lansing when the Michigan State Employes Association awarded him a certificate for outstanding service to the State of Michigan.

Toastmistress for last night's affair was Mrs. Orben Wilkins who had been employed in Wager's office for 26 years prior to his retirement last month.

Dr. Ivan A. LaCore, medical superintendent of Pontiac State Hospital, traced the history of the hospital from the time Wager joined the staff in May, 1903.

At this time he was employed as a clothing clerk moving up to storekeeper in 1907. He was made an office clerk in 1908 and was promoted to an accountant in 1919. Wager's appointment as steward came in 1923, a post he held to his retirement.

Dr. LaCore recalled many changes which had been made in the hospital during these years, saying that Wager had been instrumental in many advances and that he had supervised the entire building program beginning in 1937.

Other speakers were Ivan Estes, personnel director of the Department of Mental Health, Lansing, Duncan McVean, storekeeper, and Lyle Saum, president of the employes' club.

McVean presented Wager with a portable radio and Saum, in behalf of the club, presented a check for $64.

Naval Reserve Inspection Is Scheduled for May 16

An annual inspection of the Pontiac Naval Reserve Training Center will be held May 16 at the East Boulevard building. Surface Division 9104-L will be competing with similar units throughout the country for top honors in the national rating system.

Cmdr. W. W. Carlson of Detroit will head the inspecting party. He will be aided by Lt. Cmdr. R. F. White of Jackson, and Lt. Paul Howen of Dearborn. All are commanding officers of divisions in their respective cities.

A point system will be used to judge the local unit for amdinistration, training records, and personnel. The inspection will be held under the authority of the 9th Naval District.

The inspecting team will concentrate on looking over the building and various Reserve records during the day hours. An inspection of division personnel will highlight the evening program beginning at 7:30.

* * *

The trio will observe six classes and various other activities and evaluate them during the evening. A short critique will be held at the conclusion of the inspection in order that the unit leaders may discuss the event with the visitors.

* * *

Lt. Cmdr. Max A. Evans of Royal Oak is the commanding officer of the Reserve Division. Lt. Cmdr. Bernard Woessner has charge of the Naval Reserve Center.

Henry Ford II Quits Foundation Position

DETROIT (AP)—Henry Ford II has resigned as board chairman of the huge Ford Foundation, turning over the post to Rowan Gaither its president.

* * *

Ford announced yesterday he would step down from the chairmanship of the philanthropic organization founded by his father and his grandfather. He will continue as a member of the board.

* * *

He submitted his resignation in a letter dated April 18, saying he felt the foundation needed a full-time chairman. He had held the job since 1943.

House Passes VA Bill to Aid Veteran's Widow

WASHINGTON (AP)—The House passed a bill to raise by $600 the amount of income a widow or a child of a veteran may have in the year in which the veteran dies and still be eligible for Veterans Administration payments.

Under present law a child cannot get the VA pension if his income is more than $1,400 a year. The widow's income limitations are $1,400 if she has no minor children and $2,700 if she has children. The bill, now goes to the Senate.

Vanderbilts Separate, According to 2 Papers

NEW YORK (AP) — Millionaire sportsman Alfred Gwynne Vanderbilt and his second wife have separated, New York newspapers reported today.

* * *

The Daily News and the Daily Mirror said Vanderbilt, 45, and his auburn-haired wife, the former Jeanne Lourdes Murray, have signed a separation agreement. Details were not disclosed.

* * *

The couple eloped to Philadelphia Dec. 12, 1945. They have two children, Heidi, 7, and Alfred Jr., 6.

Judgeship Candidates Suffer Heart Attacks

CARLSBAD, N.M. (AP) — John Simon, candidate for probate judge in yesterday's Democratic primary, died of a heart attack during the election.

When it ended, he had drawn 1,313 votes.

* * *

Bert Rawlins won the nomination over incumbent Ed W. Gentry, who collapsed from a heart attack as the tally mounted. Gentry was treated in a hospital, where his condition was reported "fair."

Bartender, Customers Still Seeing That Red

GRAND RAPIDS (AP)—Bartender Russ Allen and his customers still are seeing red.

Allen, who operates a tavern at nearby Caledonia, said a group of youngsters dipped a dozen chickens and pigeons in red paint and tossed them into the bar.

The flapping birds splattered red paint over everything in sight —including the customers.

Allen hopes to catch the youths red handed.

Sentence Was Suspended

Due to an erroneous report, the Monday edition of the Pontiac Press carried a story in which Michael Klein, 26, of Auburn Heights was said to have been committed to serve 15 days in the Oakland County Jail following payment of fine and costs totaling $90 for reckless driving. The Press learned today that Justice Helmar G. Stanaback of Orion Township had suspended the jail sentence.

Educator Retires

FLINT (AP) — Ernest W. Potter, a member of the Flint Board of Education for 22 years, resigned Monday night because of ill health. The board recently honored him by naming a new elementary school building after him.

More Dentists Now Available, Bureau Reports

Having trouble getting a dental appointment? Well, the situation has improved in the past year. The number of dentists have increased, according to the Bureau of Economic Research and Statistics of the American Dental Association.

As estimated by the 1956 American Dental Directory, there are 97,529 dentists in the United States —or one for each 1,667 persons.

The latest estimate of members of the dental profession shows 1,646 more dentists than last year when it was estimated that there was one dentist for each 1,669 persons, and 3,803 over the 1954 figures when the ratio stood at one dentist for each 1,677 persons.

The total includes 90,239 civilian dentists and 7,290 serving in the armed forces, the U.S. Public Health Service and the Veterans' Administration.

Michigan, located in the Central region, has 3,612 dentists and 1,957 persons for each dentist. The complete Central region has 25,296 dentists and 1,683 persons per dentist.

1926 Campaign Cards Still on Judge's Hands

DALLAS, Tex. (AP) — Towne Young, 72-year-old associate justice of the Fifth Court of Criminal Appeals, is having hard work getting rid of the 50 campaign cards a friend printed for him in 1926.

Judge Young, who has never drawn an opponent for re-election since he became a judge in 1923, won't have to use his 25 remaining cards this year. The filing deadline for the Democratic primaries, which is tantamount to election in Texas, passed Monday with the judge again unopposed.

Father Fights Softness in U.S. Youngsters

NEW YORK (AP) — Are American kids soft?

* * *

There is evidence they are less physically fit than European children.

FAILED TESTS

In one scientific study 57.6 per cent of American youngsters failed one or more of six tests for muscular strength and flexibility. The failure rate of European children in the same tests — only 8.3 per cent.

* * *

Startling statistics such as these led President Eisenhower to launch his national physical fitness program last year.

But it wasn't a statistic that got businessman Ed Kotite interested in he subject. It was a problem in his own home.

* * *

He had a son, Richie, 12. He was a good boy and never got into trouble. But he was plump and soft, and took more than his fair share of lickings in fights with the neighborhood kids. The only fatherly advice Kotite, a fine handball player and former semi-pro baseball star, could think of to give him was:

"Don't let those guys keep beating you up. Give it back to them."

Then one day Kotite realized the real trouble. Richie had the fourage — but he didn't have the know-how.

"It was my fault — not my boy's," said Kotite, who operates a printing and advertising company.

A member of the New York Athletic Club, Kotite immediately set out to remedy the situation. He trained the boy systematically, worked the fat off him and put on muscle, taught him how to box. Soon Richie was in shape, and confident about his ability to take care of himself. He quit coming home with black eyes.

Proud of his success with his own son, Kotite brooded over the fact there must be millions of other Richies in America — but with no one to turn to for help.

DOES SOMETHING

He decided to do something about it. He organized the National Sports Council to help just such youngsters. The council is made up of businessmen, sportsmen and athletes. Among them are ex-heavyweight champion Joe Louis; catcher Yogi Berra; Bob Cousy of the Boston Celtics basketball team; and Doak Walker, All-America football star.

* * *

Sidetracking his business temporarily, Kotite with the help of these men and other sports champions wrote a physical conditioning course designed to enable any kid to develop his body and learn self defense. The council printed and distributed thousands of low-cost pamphlets on the health secrets and hygiene habits of famous athletes.

The inspirational pamphlets now draw letters from kids all over the world. So far Kotite has poured $100,000 of his own funds into the council's program.

* * *

The conditioning course is sold at a price within a kid's reach.

TO OPEN GYMS

The council plans to use the profits — if any ever materialize —to open gymnasiums across the country, manned by former sport stars and dedicated solely to putting youngsters in physical shape to stand up to the strains of later life.

* * *

"If an ordinary father tells his son he ought to get more sleep, the kid doesn't pay much attention to him," explained Kotite. "But when a fighter like Joe Louis says it's important to get 10 hours sleep, when a football player like Doak Walker tells why it isn't smart for a guy to go around dressed sloppily—well, the kids sit up and listen.

* * *

"They'll take the word of a champion."

You will pour Wisk into your washer. It will get your family wash so clean and white that you will never use a powder detergent again!

LIQUID MIRACLE! WISK washes clothes whiter than any powder ever made! Without bluing or bleach, it gets white things up to three shades whiter with the first wash!

LIQUID MIRACLE! WISK removes more stains than any powder! Wet stain with water. Spread WISK directly on stain. Put in machine with rest of wash. WISK gets *everything* clean.

LIQUID MIRACLE! WISK is safer, much safer, than any powder ever made! WISK is safe as only a liquid can be. Safe for delicate fabrics, colors. Safe for hands. *And no sneezes!*

New, blue WISK is different from anything you ever tried. In the first place, it is a liquid you pour into your washer. It goes to work instantly. No waiting for powders to dissolve.

But, more important, new WISK is concentrated. It does three times as much wash as the same amount of powder. And does it better, too. For it gives you a concentrated washing power unequaled by any powder. Besides, new WISK is safe for hands, safe for fabrics – safe as only a liquid can be.

MAKES ANY WASHER TURN OUT A CLEANER AND A WHITER FAMILY WASH

Never again need you find a gravy spot left in a just-washed napkin, or a lipstick stain in a hand towel, or a grease spot in a suit of coveralls. For concentrated liquid WISK penetrates deep into cloth fibers in a way no powder can. Safely, but thoroughly, it pulls out stubborn stains, removes hidden dirt, gets everything clean.

And wait till you see what WISK does for shirt collars and cuffs! Without bluing or bleach, it gets white things up to three shades whiter with the first wash. In fact, WISK gets all your family wash so clean it even smells clean.

FIRST REALLY ALL-PURPOSE DETERGENT!

You will use WISK for just about every cleaning job in your home! It makes quick work of dishes: Soaks them clean. Concentrated WISK wipes grease off a stove or kitchen wall. It makes old, discolored linoleum look new. It gets yellowed kitchen cabinets white and shiny again.

WISK does the toughest jobs quicker, easier, more safely than products designed for these tasks. Now you can throw away those harsh and dangerous chemicals!

NO MORE MESSY, SNEEZY POWDERS!

And what a blessing WISK is! It does away with "washday hay fever"... with clumsy, soggy boxes . . . with messy powders that spill. And because WISK does so many jobs so well, you don't have to clutter your shelves with all those boxes and bottles you used to need.

WISK IS UNCONDITIONALLY GUARANTEED!

We've promised a good deal for WISK and we mean it. In fact, we guarantee it! If you don't agree that WISK is the *best* detergent you've ever used — not just as good, but the BEST! — we at Lever Brothers will return the purchase price to you . . . *plus postage!*

Tactics in Mau Mau Defeat Told

NAIROBI, Kenya (AP)—One dark night in the terror - ridden British colony of Kenya, a white man in black face and seven African followers melted into a marauding Mau Mau band.

* * *

The band scurried through the bush, intent on its goal, with eight British agents undetected in its midst. Finally it came to a clearing where other Mau Mau bands were milling about. The disguised British leader gave a silent signal and his pseudo Mau Maus stole away in the darkness.

At last the British had run down the secret meeting place of Chief Kago, whose brilliant tactics had turned the Ft. Hall area of Kikuyu land into "virtually a Mau Mau republic."

SWITCH FAILED

Kago, his suspicions aroused when aides reported the disappearance of eight "strangers," switched the meeting place. But the British agents had it pinpointed and security forces swept down on 350 massed Mau Maus.

Kago died in the battle and the Mau Maus suffered a crushing defeat that broke their hold over the Ft. Hall area.

* * *

That was in 1953, the first time Kenya's security forces had been able to bring a major Mau Mau force into open battle. The repercussions of the feat swept through the entire Mau Mau movement. The Mau Maus never could feel secure again and life became a bit easier for the European colony.

* * *

Even today the British won't tell the full story of the pseudo Mau Maus and their deeds. Some still are at work in their dangerous jobs. Others, missions accomplished, have returned to such humdrum civilian pursuits as farming, business and game wardens.

SECRECY UNVEILED

But the Kenya War Council has lifted a bit of the veil of secrecy, enough to disclose that European and African intelligence agents—operating as pseudo Mau Maus at great risks— have played a major role in the fight against the anti-white bands.

* * *

Men like Francis Erskine and Peter Nicholas and Walter Gash have been decorated for their exploits, Gash, a young Kenya regiment officer, did much of the pioneering field work. Nicholas and his pseudo Mau Maus killed 13 real Mau Maus in a Kiambu district skirmish near Nairobi.

The Mau Maus caught on quickly to the undercover operation and tightened their security system to combat it. They changed passwords frequently. They watched for betraying mannerisms and accents. An agent was likely to have a question shot suddenly at him, with his life hanging on his ability to respond in pure Mau Mau dialect. Most agents avoid talking.

Two white agents have been killed, the War Council disclosed.

COOL CAT AND HER CRAZY BROOD — Meet a cat that doesn't "have kittens" every time she sees little chicks. Tinker adopted three chicks brought home by Michael Karns, 10, of Dayton, Ohio. Whenever Karns separated the cat from the chicks, Tinker would play retriever, left, and bring them back kitten-style to her box. The Karns family finally gave up the separation idea, and the Tinker family, a cat and three chicks, snuggled happily together.

GOP Sees Gain With '56 Theme

3 Republican Senators Say Record Jobs Give Party Vote Support

WASHINGTON (AP) — Three Republican senators said today that record April employment indicates a solid foundation for the GOP's prosperity theme in the presidential campaign.

The Labor and Commerce departments reported yesterday that employment reached 63,990,000 last month while unemployment dropped 270,000 to 2,564,000.

These figures were hailed by Senators Dirksen (R-Ill), H. Alexander Smith (R-NJ) and Bricker (R-Ohio) as substantiating GOP prosperity claims.

However, Sen. Douglas (D-Ill) said the statistics represent only a seasonal upturn in employment, and reflect a gain in population over previous years. Douglas heads the Senate-House Economic Committee.

"The real test of employment will come in the summer and fall," Douglas said. "We'll know more then whether there is a substantial base for prosperity."

Bricker said the employment gain, if it continues, "will mean votes for us."

Smith said the figures add up to "very good news for the Republicans."

Dirksen interpreted the employment figures as indicating "confidence in the Eisenhower administration."

Red Cross Has Information on Aquatic Schools

Men and women 18 or older, interested in attending one of nine aquatic schools scheduled this summer throughout the Midwest, may apply at Oakland County Chapter, American Red Cross, 118 Franklin Blvd.

The Red Cross will sponsor these aquatic and small craft schools for the purpose of developing new leaders for camp and community recreation programs, the Oakland County chapter announced.

Owasippe Scout Camp at Whitehall is the Michigan location for the school. Mrs. Beulah Gundling, synchronized swimming champion of the United States will teach the synchronized swimming elective at Whitehall June 13-23.

The cost of $50 includes board, lodging and materials. Training is available to representatives of organiaztions or to individuals who may attend at their own expense.

Mrs. Mildred Bennett, county Red Cross director, says that students will learn skills in water safety and preparation for instruction for camps, recreation departments and youth groups.

A specialty school in small craft leadership training will be held June 13-23 at Northwestern Military and Naval Academy, Lake Geneva, Wis. Training will include skilled used of boats, canoes and small sailing craft, Mrs. Bennett said.

It will also feature principles and methods of teaching and programming for camps, clubs and recreation departments.

Legion Blasts Benefit Report

American Legion and Disabled Vets Criticize Pension Plan Study

WASHINGTON (AP)—The American Legion today denounced the report of President Eisenhower's Commission on Veterans' benefits as a "scare document" filed with "self - contradictions, inaccuracies . . . statistical monstrosities."

The Legion's views were set forth by Donald R. Wilson, a past national commander, in testimony prepared for the House Veterans Committee yesterday. The report was criticized by the Disabled American Veterans.

Wilson called on the committee to disregard the report and act instead on the Legion's big pension bill.

The presidential commission, headed by retired Gen. Omar N. Bradley, called for a gradual reduction of non - service - connected pensions as social security and other retirement benefits increase.

The commission took the general approach that, aside from compensation for any harm suffered because of their military service, veterans should not get special government benefits indefinitely.

'Santa Clause' Receives His Belated Thanks

SALT LAKE CITY (AP)—Kristine may have put it off a little long, but she's finally dashed off a thank-you note to "Santa Clause." Maybe too she's just a girl with an eye out for the future.

Her letter, opened at the Salt Lake City post office yesterday, was addressed in bold, irregular letters to "Santa Clause, North Pole, U.S.A." and read:

* * *

"Dear Santa and Mrs. Santa, we like both of you. Thank you for the nice toys. We like your elves. We will try to come and see all of you. We hope all of you have fun up their (sic)."

It was signed "Kristine."

Pontiac Symphony Ends Third Successful Year

One organization to which the community owes a debt of gratitude is Pontiac's Symphony Orchestra.

It is the outgrowth of a fine idea. The City needs the opportunity and facilities for people not only to play good symphony music, but hear it. This group and the association which sponsors it have grown in musical stature and public esteem.

★ ★ ★

Only a few evenings ago the symphony closed its third season with a fifth concert in this year's series which won high praise for excellent musical quality. The performance was all the more remarkable because many of the musicians are non-professionals.

Credit for all this belongs not only to the musicians, but to the conductor, Francesco DiBlasi, and his associate, Celia Merrill Turner. All have been enthusiastic and indefatigable in their preparations for concerts. Also sharing in the credit are members of the symphony association, including President Charles Uligian and the Auxiliary's president, Mrs. Maxwell L. Shadley.

★ ★ ★

We congratulate the orchestra, the symphony association and auxiliary for the splendid and greatly appreciated contribution they are making to Pontiac's cultural life.

GOP Gains Confidence in Farm Vote Outlook

Recent developments in Washington, including House passage of the soil bank bill, have given Republicans greater confidence over the farm vote outlook.

A few weeks ago party leaders saw only gloom in the situation. They feared that President Eisenhower's veto of the high rigid price support and soil bank bill would bring farmers' wrath down on GOP heads. Since then no farm rebellion has materialized and Republicans see things in a much brighter light.

★ ★ ★

For one thing the President softened his veto by announcing higher supports immediately for wheat, corn and dairy products. Second, and far more important, the soil bank bill as it passed the House, is a far more workable measure than the vetoed bill.

As it went to the Senate the measure included authorization for payment to farmers of $1.25 billion for participation in the acreage reserve and conservative reserve programs. None of the objectionable rigid support features in the vetoed farm bill were included.

★ ★ ★

The House didn't give the President all he asked, however. It rejected his plea for authority to make soil bank payments this year in advance of next year's operations. But it did approve a measure, which if accepted by the Senate, would give farmers some welcome relief.

Another factor favorable to the GOP has entered the picture. Certain key prices, especially on hogs, have been climbing slowly since early winter. If this trend continues, Republicans should be able to face November with little fear that farm belt voters will desert their party.

If you wish to be popular, don't cause people excruciating pain by trying to uproot their prejudices.

Adlai Ahead in Poll

A poll just completed reveals that most Democrats in Congress favor Adlai Stevenson as their party's presidential nominee.

In all there are 280 Democrats in Congress, 49 in the Senate and 231 in the House. The questionnaires, sent out by Congressional Quarterly, were returned by 113 lawmakers, or 40 per cent.

Of those answering 64, or 57 per cent favored the former Illinois Governor. Second in popularity was Missouri's Sen. Symington with 15 votes. Third place was shared by Texas' Sen. Lyndon Johnson and Tennessee's Sen. Kefauver with seven votes each.

★ ★ ★

Gov. Lausche of Ohio finished fourth with five votes, one ballot ahead of New York's Gov. Harriman. Trailing them were Gov. Williams of Michigan and Oklahoma's Sen. Kerr with two votes each. Then came Minnesota's Sen. Humphrey, former President Truman, Sen. Russell of Georgia and Massachusetts' Rep. McCormick with one vote each.

★ ★ ★

The poll, of course, is informative only. Nonetheless it is interesting to note that much of the 1952 Democratic candidate's endorsement came from the South. Of 45 Southern Senators and Representatives who voted, 23 favored Stevenson.

It seems women are becoming even more tardy than usual. In recent months there has been an increasing number of news stories about women who failed to arrive on time at the maternity ward.

Pontiac had a famous guest Tuesday in the person of

who won the Rose Bowl game for Michigan State by that field goal kick in the closing seconds of play. After luncheon at the Pontiac City Club, while the films of that game were being shown upstairs at the Kiwanis Club, he was spirited into that meeting in the dark. When his history-making kick appeared the reel was stopped, the lights turned on and the young man who made it was introduced. He says he practised for it most of one day before the game. Dave says he might be interested in professional football.

How's Th at Again?

David Lawrence Says:

Democratic Party Split Wide Open on Day's Top Issue — Foreign Policy

WASHINGTON—The Democratic party is split wide open on the main issue of the day—what should be done in world policy by the United States.

Sen. Humphrey of Minnesota, Democrat—high up in Stevenson's camp—complains that the Eisenhower administration is still pursuing "the same old approach" of placing primary emphasis on military aid abroad.

Sen. Symington of Missouri, Democrat—a potential candidate for the presidency on his own—complains that the Eisenhower administration isn't providing adequate armament, and he is endeavoring to show that enough money isn't being spent on air power.

One wing of the Democratic party—which might be called the group favoring a "giveaway of money without strings"—insists that the United States isn't revamping its foreign-aid program to meet the "Soviet economic threat."

Another group—which by some will be called the militaristic group—wants more emphasis on military power as a "deterrent" and argues that the United States is being outstripped in the building of long-range bombers that carry H-bombs.

ADMIT RED CHINA TO U.N.

Still a third point of view appears to be held by intimate advisers of Adali Stevenson. This is the "appeasement" group, which would acquiesce in the admission of Red China to the U.N. and also would abandon to their fate the oppressed peoples in the satellite countries behind the Iron Curtain.

The principal architects of this policy apparently are relying on the advice of George Kennan, former ambassador to Soviet Russia, who was the head of the State Department's policy planning board under the Truman administration.

On the subject of the Soviet satellites, Kennan is represented as saying that, while he condemns the "hideous injustices" committed by the Soviet Union in Eastern Europe, "there is a finality, for better or for worse, about what has occurred in Eastern Europe."

COULD LOSE VOTES

Such an attitude would be regarded as manifest abandonment of the moral support hitherto given by the United States to the peoples of the Iron Curtain countries which aspire to regain their independence.

Politically speaking, the Democratic party, if it accepts any such advice from Kennan, can be prepared to lose the votes of Poles, Czechs, Hungarians, Lithuanians, Estonians, Latvians and Bulgarians in some of the thickly populated wards of New York, Chicago, Cleveland and other cities where there is a strong bond of sympathy with the people who have been enslaved by the Communist dictatorship.

Kennan hints at an appeasement policy also for West Germany. He says:

"It seems to me that American policy should be aimed at the reunification of Germany and the earliest possible re-establishment of that country as a neutral factor that can blunt the sharp edge of military bipolarity in Europe and help, eventually, to mitigate the intensity of the conflict between East and West."

The Soviets, of course, want Germany to be neutral—that's the price they ask for consenting to unification. The West German leaders, however, say they want to remain in an alliance with the Western democracies. To make Germany a "neutral factor" means detachment of all of Germany from the west.

As for Red China, Kennan says he doesn't think admission of Red China into the U.N. should be supported by the United States itself but that this country, on the other hand, should not try to obstruct Red China's entry if the majority of the members of the U.N. want it. Any hint of lukewarmness by America toward Nationalist China will, of course, help to bring about a majority in the U.N. for Red China overnight.

Fathers Should Also Study Important Childbirth Facts

By WILLIAM BRADY, M. D.

For years I have been annoying hospital managers, doctors, and nurses by urging expectant father to study along with their wives everthing pertaining to childbirth and infant care and remain with their wives to share in the great miracle. This makes the hospital managers, doctors, and nurses hate me — well, they hate me anyway. But because I keep telling people the truth, namely, that home is the best place to have a baby, the hospital people just hate me more than ever.

The realization of this might worry me a little—lest I should have to go to a hospital some day. Formerly I have enjoyed, and I mean enjoyed, two sojourns in hospital, once for appendectomy, once for what the best doctor I know thought was going to be pneumonia.

But I have no such concern, because I know doctors and nurses. Even though they detest Brady the newspaper quack, the health teacher, I know that when or if Brady the patient needs their professional care, he'll get it just as though they loved him.

In the past when my pleas that prospective fathers behave like men and not boobs when the baby is due, seemed to interest too many prospective parents, some hospital superintendent or other spokesman would publish an open letter to inform the public that the husband might bring infection into the delivery room, and anyway the nurses and doctors are far too busy to take care of fainting husbands.

Both of these objections are laughable, if you know what goes on in the delivery room and you are not awed by the "Men in White" show the hospital stages for the benefit of the customers.

In the past ten years there has been a notable improvement in the behavior of expectant fathers. Not that my preachments had much to do with it, although I hope some expectant fathers have studied with their wives at least the primer: Preparing for Maternity, for which send 35 cents and stamped, self-addressed envelope.

Two modern developments are chiefly responsible for the more manly behavior of expectant fathers, I believe. These are: First, rooming-in—the husband is encouraged to be with his wife as much as he can (except when she goes to the delivery room), and the baby is kept in bassinet at mother's bedside, not out of her sight and hearing in the plate glass show window newborn nursery infants; and second, natural childbirth, as described in Dr. Grantly Dick Read's Childbirth Without Fear, published by Harper and Brothers, $2.75 at book dealers.

"Rooming-in" does not necessarily include freedom for the husband to remain with his wife in the delivery room, but it does offer him every inducement to live in—to spend with his wife, before and after delivery, as much time as possible learning what she learns about childbirth and the care and feeding of the baby.

Until you have experienced it yourself, young man, you'll never know what the miracle of childbirth can do for love of man and wife and love of parent and child—that is, if you share the miracle with your wife.

Now I predict that before long the expectant father will not only be admitted, he'll be urged to remain with his wife when their baby is being born.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

'Police Do All They Can; Drivers Must Cut Speed'

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

When are certain drivers going to learn to obey the law? Every morning at 8:45 my children cross a busy thoroughfare to get on the school bus. This morning their puppy was hit by a speeder.

The West Bloomfield police have stopped 50 drivers out here since January. It's a 35 mile zone. By the time I got out of my house, the driver was down past the curve. More than 35, I'd say.

That's the fourth dog my children have lost in as many months. A boy without a dog is a very tearful sight, especially if he has been accustomed to one.

This road is posted at 35 because there are so many curves. It's as crooked as a crawling snake, so it's not safe to travel faster. When will they learn? The police do all they can . . . it's up to the drivers to stop speeding.

Dulles Predicts Upsurge of Freedom Inside Soviet

By JOHN H. MARTIN
INS Foregin Director

Whither is Russia headed?

* * *

Nobody knows of course, perhaps not even the new Soviet "collective" leaders. But U. S. Secretary of State John Foster Dulles told the NATO Council in Paris that pressure by people inside Russia for greater freedom may lead eventually to a transformation of the Soviet Union.

Dulles referred to the domestic pressures on the Kremlin leaders to liberalize the totalitarian government and grant more individual freedom.

He added that the Western nations, in partnership with the forces of liberalism inside and outside of Russia, could, in a sense, work for the transformation of the U. S. S. R. into a country acceptable to the society of nations.

* * *

The ferment of ideas in Russia and the revolt against the rigidity of the Stalinist era were apparent to the outside world long before last February's Communist Party Congress in which spokesmen began attacking the dead dictator.

DARING DISPUTE

In the first year after Stalin died the Russian intelligentsia plunged into a controversy which never would have been possible under Stalin.

* * *

Debates among Soviet scientists, writers and artists disclosed protests, some daring and some timid, against the sterility and mediocrity to which they had been condemned during the Stalin rule.

One Soviet literary critic, V. Pomerantsev, published an essay which implicitly denounced the literary output of the Stalin era as a product of hypocrisy.

As he put it, readers of the Soviet novel "have been deafened by triumphant roar of tractors" and in that roar were drowned the cries, groans, sighs, and rejoicings of the human being.

On the political side, Soviet Premier Nikolai Bulganin and Communist Party Secretary Nikita Khrushchev appear to be trying to liquidate the cold war at the lowest price they can get.

Their great wish seems to be a desire to settle down for the time being with the map of Europe as it is. That is, with the East European subjugated states still under Red rule, and with the prospect of winning over other uncommitted states in Asia and Africa.

Dr. Crane Cites Movie Theaters, Bus Company as Bad Business Example

I invite your attention to the disregard of Hoosier taxpayers' best interests by the bus company named below. Such public conveyors are licensed in the interest of the people, as well as the stockholders, so I am pointing out a grave cause of public ill will and inconvenience.

By DR. GEORGE W. CRANE

Case R-351: Recently I had a free evening at home so I suggested to Mrs. Crane that we see a movie.

When we looked at the movie ads in the newspaper, we found that all the movie houses in our area were scheduling the very same picture, and we had already seen it.

Suppose all the restaurants in a given area offered patrons only roast beef. Wouldn't many potential prospects stay home and concoct a different menu, if they were not roast beef fans?

Well, our movie houses in Chicago haven't realized that they are driving themselves into bankruptcy by the limited entertainment "menu", they offer us patrons.

* * *

Mrs. Crane and I could stand at least one good movie per week, but we rarely see one per month for we have little choice of pictures.

We don't like to drive 10 miles through city traffic, so unless a movie house within three miles offers our type of picture, we stay home.

MOVIE MYOPIA

The movies in our area thus lose six cash sales per month from Mrs. Crane and myself. Multiply that by the hundreds of other potential patrons and you can see the fallacy in this movie myopia (shortsightedness).

It is such failure to capitalize on the buying public's practical desires, which prompts Business Psychologists to urge frequent consumer surveys.

Movies are complaining about the competition of TV, yet they refuse to accept good money from us rooters for movies just because they try to force us to accept a dictated movie menu of the table d' hote sort.

And railroads are equally vulnerable. Thousands of older motorists like myself would prefer to avoid driving automobiles on long trips.

But the passenger trains are dying out, like the dinosaurs, for lack of aggressive sales promotion, so the schedules are very limited.

RAILROAD DEATH KNELL

Last fall I visited Wabash, Indiana, for some speeches during the National Plowing Contest.

* * *

I debated driving my car, but driving tires me before a heavy day of speeches, so I decided to let railroad engineers or air pilots handle that task of watching the road.

However, no airplane service was available, nor did any train go to Wabash from Chicago. But I got a fast Pennsylvania passenger train to Logansport, about 45 miles west of Wabash.

It was really a luxurious passenger train, too, but half the seats were empty. When I disembarked the ticket agent steered me to the bus station that was only about 300 feet away.

As I and some other debarking passengers approached, an empty bus pulled out and I thought to myself, "I suppose that is our Eastbound bus!"

* * *

Sure enough, the bus ticket agent informed me there was no other bus for almost two hours.

"That was your bus that just pulled out. You missed it by about 10 seconds," he added.

"Since this is an important juncture point, why don't your buses wait an extra 60 seconds to take advantage of the railroad passengers that get off this main Pennsylvania line?" I asked.

"Hundreds of people ask me that same question," replied the ticket agent angrily.

"But we have nothing to do with the railroads! We don't even know their time tables!"

* * *

Meanwhile, several men called their families or friends at the next town of Peru, and had them drive over to pick them up, but the rest of us had to stall around for almost two hours.

So the bus lines lost cash patronage; generated ill will of Hoosier taxpayers and further educated potential passengers not to depend on buses but to drive their own cars.

That's very shortsighted business practice.

Residents Lose Rezoning Battle

Commission Approves Changing of Five Lots Over Opposition

Some 13 residents appearing before the City Commission last night lost out in their fight to block a rezoning move in their residential area in the southwest section of the city.

City Attorney W. A. Ewart was authorized to prepare an amendment to the city's zoning ordinance to rezone to Residential 3 five lots in Anderson's Western Addition.

The residents, who had submitted a protest petition, objected to the change on the grounds that the value of their property would be lowered.

The rezoning will allow construction of apartment buildings on the lots.

"We have no guarantee what will be built there," Walter H. Shoup, 14 Spokane Dr., protested before the commission.

Upon the recommendation of the commission, the new owner will be required to construct the multiple type dwellings as shown in a photograph presented to the group.

The commission agreed the new building would be an improvement to the area instead of a handicap as claimed by the petitioners.

Teacher's Teachers Meet

ANN ARBOR (AP) — The teachers who teach teachers will meet at the University of Michigan's 26th annual conference on teacher education Thursday. About 350 are expected to cover everything from science teaching to psychology.

Bob Considine Says:

Bomb Inspires Chaplain's Moving Prayer

ABOARD USS MOUNT McKINLEY, ENIWETOK PROVING GROUND (INS)—As Ed Leahy of the Chicago Daily News was saying the other day, the 1956 atomic weapons testing season opened with a small bomb and a short prayer.

* * *

The bomb was by courtesy of Los Alamos. The prayer was the work of a boyish looking Protestant chaplain named H. H. Cummings of Mountain View, Mo.

The Rev. Comdr. Cummings has been looking at large and small nuclear weapons, man and boy, since the Bikini tests of 10 years ago. These manmade cataclysms have moved him deeply.

* * *

Before the first pop of this red-wing series he came on the pipe and announced flatly, "Prayer of the day." This followed:

O Lord, our heavenly Father,
When we consider Thy heavens,
The work of the Thy fingers,
The moon and the stars,
Which Thou hast ordained;
What is man,
That thou art mindful of him?

* * *

And the son of man,
That Thou visiteth him?

* * *

For Thou hast made him
A little lower than the angels,
And hast crowned him
With glory and honor.

* * *

Unto us who are privileged
To draw aside, for a moment,
The curtain into the secrets of
Thy universe, wilt Thou
Teach that our whole duty is
To love Thee our God and to
Keep Thy commandments.

* * *

Commander Cummings is busy at work composing the prayer he'll deliver in the tense moments leading up to the detonation of the first H-bomb we've been able to drop from a plane.

FORGOTTEN PLEASURE

To see a movie aboard a Navy ship at sea is to recall with pleasure something long forgotten — available participation in the colorful shadow play on the screen.

Hardly a line of dialogue goes unchallenged or unnoticed (even with so small a salute as a loud yawn (when the happy crew of the Mount McKinley grapples with what Hollywood has delivered to them free of charge.

Last night when Grace Kelly unexpectedly kissed Cary Grant goodnight in a scene from "To Catch a Thief," the act aroused not only whistles and wolf calls but a buzz of speculation over the possibility of such a thing ever happening in real life.

In the other end of the double feature, a thing so filled with costumes and armor the actors could barely move (they breathed heavily too), the hero kills the villain in a clanging broadsword duel. When the villain fell a sailor muttered, "Looked like a dive to me."

Thus, in the far Pacific, one finds what one feared was lost — the fine participation and splendid comment which the lobby popcorn booth and caramel counter had threatened to render extinct.

* * *

We were on the island of Enyu, 20 miles from ground zero. The H-bomb was scheduled to be dropped two days hence. Camp was breaking, but seven scientists would stay through the blast. I asked the kid driving our truck if he'd like to stay, too.

* * *

"Mister," he said, "the Yenited States of America ain't invented enough money to pay me to stay here."

J. WESLEY JENNINGS

ARCHIBALD L. HAYES

2 CAP Cadets Honored With Flight Scholarships

Two cadets of the Pontiac Civil Air Patrol squadron were honored recently in Lansing when they received Cadet Flagship Scholarship Awards sponsored by the Michigan CAP Wing.

Recipients of the awards were Cadet Cpl. Archibald L. Haynes, 17, of 970 E. Walton Blvd., and Cadet 2nd Lt. J. Wesley Jennings, 17, of 24 Lorraine Ct.

Both will receive 10 hours of dual-flight instruction as outstanding cadets. This instruction is preliminary to solos according to 1st Lt. Robert F. Turner, squadron commander.

The scholarships were presented by Col. M. M. Woodbury, executive officer of the Wright Patterson Air Force Base in Dayton, Ohio.

Haynes and Jennings were among 92 cadets that received these awards in the state.

Cypriot Rebels to Be Executed

Special Guard Mounted, British Spurn Pleas as Tenseness Grips Island

NICOSIA, Cyprus (AP)—The British mounted a special guard over this tense colonial island capital today as they prepared to execute two Greek Cypriots convicted of political killings. The hour for the hangings had not been announced but it was believed they might be carried out today.

• • •

Greek police also were put on an all-out alert in Athens to check any anti-British demonstrations in Athens. Feeling soared there for the two men the Greeks and Greek Cypriots regarded as independence heroes.

Field Marshal Sir John Harding, governor of this Mediterranean island colony, ruled yesterday that the two men must die. His decision brought renewed appeals for a reprieve, not only from Cyprus and Greece but also from 30 Laborite members of the British Parliament.

BOTH YOUNG REBELS

The condemned Cypriots are Michael Karaolis and Andreas Dimetrious, both 23.

Karaolis was convicted of shooting a Nicosia police constable in the back last August. He was the first Cypriot rebel to be sentenced to death since the Greek-descended majority on Cyprus launched an often bloody campaign to end British rule and unite the island with Greece. Karaolis was identified with Eoka, the underground movement spearheading the anti-British drive.

Dimetrious was convicted of the slaying of a British businessman in Famagusta last January.

• • •

Shortly after Harding's decision was announced by the Cyprus radio, most of Nicosia's business places hurriedly closed their doors. Workmen on construction projects and other jobs left their work. British authorities banned all vehicular traffic and telephone calls from 5 p.m. through the night and moved strong troop detachments into Nicosia's streets.

Aspirant Finds New Way to Lose Election

BALTIMORE (AP) — George P. Mahoney, who has run in four major elections since 1950 but never made it, has found new twists to the story most every time.

• • •

Under Maryland's county unit vote system, similar to the national electoral college, Mahoney tied rival Millard E. Tydings in unit votes for the Democratic senatorial nomination Monday, but appears the loser by popular votes, which count in the event of tie.

Last night City Councilman James J. Duffy summed up: "They're going to have to find a new way to beat Mahoney. He's won and lost, lost and lost and now he's tied and lost."

Worker Dies in Fall After Ledge Breaks

MT. PLEASANT (AP) — Falling bricks which broke the staging on which he was standing sent a Mt. Pleasant contractor falling five stories to his death yesterday.

• • •

James A. Dyer, 58, died at Central Michigan Community Hospital a short time after the accident.

Dyer was repairing masonary near the top of the Peters Building in downtown Mt. Pleasant when brick veneer and capping suddenly gave way. Falling bricks and masonry broke the staging, where Dyer was working alone, plunging him to the pavement below.

Another workmen, Robert Morse, 62, of Rt. 3, Mt. Pleasant, was injured by a falling board which struck him in the side.

Episcopal Women End Diocesean Convention

HOUGHTON (AP) — The woman's auxiliary of the Episcopal Diocese of Northern Michigan concluded its 61st annual convention at Houghton yesterday.

The 125 delegates voted to continue support of the christian education program of the diocese for another year.

ARTHRITIS PAINED SO FIERCE IT MADE ME CRY

"I'll recommend O-JIB-WA BITTERS as long as I live," says Mrs. Margaret Standridge, 2143 Schumacher Street, Flint, Michigan.

"I was crippled with arthritis since the Spring of 1950. It was in my right arm, shoulder and neck and you just can't imagine how much suffering I went through. There wasn't a night went by that I didn't go to bed with tears in my eyes. I'm telling you, I really suffered. My arm was stiff, and burned like someone was holding a torch under it. One day my husband was cutting wood up North, and the man he was working with had to be carried out of the woods due to a severe attack of arthritis. He was so bad that his wife had to turn him over in bed by pulling on his sheets. He used O-JIB-WA BITTERS and three weeks later, was better and back working. After his experience, I decided to try O-JIB-WA too, but after 5 days I gave up, as I foolishly expected immediate relief. Well, the pain just went on, and for a whole year I couldn't move my arm. My knuckles were swollen to twice their normal size, and I couldn't pick up a thing without dropping it. Why even my chest pained fiercely, so last December, I decided to give O-JIB-WA a fair trial this time. I followed directions carefully, and in just 10 days the pains suddenly stopped, and the swelling and stiffness began going away. I know it was the O-JIB-WA that did it, as I hadn't tried anything else for quite some time. I can use my arm again now and do my housework, painting and everything I couldn't do while suffering with arthritis. The pain, stiffness and swelling are all gone and have not returned. I'm so thankful for this wonderful medicine that I will never be without it. I'LL RECOMMEND O-JIB-WA BITTERS AS LONG AS I LIVE."

What Makes Steve Allen Run So Swiftly?

By PHYLLIS BATTELLE

NEW YORK (INS) — Steve Allen, the nerveless wonder with the horn-rimmed charm, is about as relaxing to behold as a hammock in the backyard.

• • •

He plays, he sings, he writes, he composes, he acts, he jokes and—somewhere at the tag end of the day — he sleeps.

"So why are you taking on something else?" we asked, when it was announced that he will compose a monthly column for Cosmopolitan magazine on top of his nightly TV show, "What's My Line?" appearances, and novel, short story and poem writing. "The money?"

Steve smiled groggily. "I started out as a writer and it's what I always intended to be — got into comedy by accident. Actually, I wanted to do more than this monthly column. I wanted to write a daily syndicated thing, and I prepared a batch of them in advance.

• • •

"The syndicate seemed to like them but they asked for a few more in a hurry. Then I got busy and couldn't get out the few more, so I realized I'd taken on too much."

WRITERS' PACE

Allen went dead-pan, "Can't seem to keep up the pace you writers do."

• • •

It is, actually, exhausting to think of the schedule Steven Allen has maintained since he was born and bred on the vaudeville circuit 34 years ago. His parents were Montrose and Allen, dancers.

His father died when he was 18 months old and his mother had to keep working. Steve had to learn ingenuity fast.

He attended 17 different schools, contracted asthma and enrolled in Arizona State Teachers College—because both the climate and tuition were favorable to his rundown condition.

While there, he had an announcer's job on radio in the afternoons, played piano in a nightclub at night, wrote a dramatic series for radio, kept up his school work and, in good order, had a wife and three sons. (He was later divorced and since has married Jayne Meadows, TV beauty.)

THEN 'DISCOVERED'

Steve was "discovered" about six years ago in Hollywood where he was an ad lib disk jockey and brought to New York to enlarge his already incredible schedule into a monumental masterpiece of work.

• • •

Besides the "Tonight" show which keeps him on screen for about 1 hour and 45 minutes nightly in New York, he has published a book of highly acclaimed short stories, will release his newest novel this month, has acted in TV plays he wrote, composed such tunes as "Let's Go to Church Next Sunday Morning" and "An Old Piano Plays the Blues," and even took on Broadway in a play called "The Pink Elephant."

Despite critical praise for him, the play folded quickly. In contrast, Steve Allen shows no signs of folding; in fact, it has just been announced he will take on a new television show every Sunday evening.

What makes Allen run is a multitude of talent, not financial satisfaction. He knows his tax bracket business. As he pointed out to a friend not long ago:

"You can't get rich on a straight salary. By the time I get around to do all the things I want to do, they'll figure it out so you can't get rich that way either."

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

VISITORS IN YOUR GARDEN — 3

The Ant

The ant is famous. Wise men have long admired it because it works hard and is smart.

While other insects sing and flutter through the summer days, the ant stores food in its underground tunnels for the winter. Some kinds feed on grain, some on leaves and some on other animal life. Some keep very tiny insects, called aphids, from which they get sweet liquid, just as a farmer gets milk from cows. Others make slaves out of weaker ants. There are 200 kinds of ants in the United States alone.

Look at an ant through a magnifying glass and he will appear as the one does in the picture. For your collection, color the background leaves green, and paste the picture on cardboard. Cut out the parts carefully and make a slot along the dotted line. Now insert the tab on the ant into the slot and move him up and down the branch, just as real ants may do in your garden.

(This suggestion comes from Noreen Rocky, Cleveland, O. You may win $10 too if you send a good idea for Junior Editors to this paper. Violet Moore Higgins; AP Newsfeatures.)

Tomorrow: The Praying Mantis

Look at the Sky Sunday Night!

It'll Blaze With Color According to U. of M. Astronomer

ANN ARBOR (AP) — The western sky will blaze with color about Sunday evening—that's the astral forecast from University of Michigan astronomer Hazel Losh.

• • •

The waxing moon will pick up "earth-shine" about that time. It will be tinged with a pinkish hue on the dark section, away from the sun.

"The faint light" says Professor Losh, "is caused by sunlight reflected from the earth, which appears on the crescent moon as a great bright object about two degrees in diameter."

Added to this, she says the bright planet, Venus, will be nearby. There will be other bright planets in the southeast. Mars, she tells us, will travel through the constellation Capricornus and enter Aquirius by the end of May.

In the Constellation Lyra, Professor Losh says, is a bright bluish star called Vega.

"This group with Vega is of special concern to us," she says, "because it is in this general direction that our sun, dragging the planets along with it, is believed to be flying through space about 12 miles a second."

About 14,000 years ago Vega was the pole star and in another 12,000 years it will be in that position again. It is six times brighter than the present pole star on the handle of the little dipper.

UM-Industry Symposium

ANN ARBOR (AP) — Some 125 industry representatives will discuss "sources of radiation for industry" Friday at the University of Michigan. They are expected to attend the first Ann Arbor industry-education symposium, designed to provide a freer exchange of information between the university and industry. This program concerns atomic facilities.

Writer's Session Set

ANN ARBOR (AP) — The fourth annual Michigan Writers' Conference will be held at the University of Michigan May 24-25 in the observance of Michigan Week. The public sessions are open to editors, agents and authors.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Detroit Senior Citizens Apply for DSR Passes

DETROIT (INS) — An estimated 2,600 "senior citizens" applied Monday for passes to take part in Detroit's new reduced bus fare plan.

The program provides a 10-cent fare during certain hours for persons 65 and over who are not gainfully employed. The plan will begin a four-month trial on May 15.

Transit system secretary William B. Fitzgerald said he expected 50,000 "senior citizens" to enroll in the plan within the next two weeks. An estimated 250,000 men and women are eligible for the reduced fares.

Flint Raises Salaries

FLINT (AP) — The City Commission Monday approved salary increases of $3,000 for top administrative officials. The new salary of the city manager will be $16,000. The director of finance will get $13,500 and the city attorney $14,000.

U. S. Chief of Protocol Entertains Rulers of All Countries

By RUTH MONTGOMERY

WASHINGTON (INS) — A one-time mathematics tutor who heads our office of protocol is better known to visiting queens and kings than any other American except President Eisenhower.

* * *

John F. Simmons—their official chaperon while in this country—is a blue-eyed, viking-blond, straight-as-an-arrow diplomat who looks like George Washington.

Simmons himself was unaware of his striking resemblence to the father of our country until the man who should know best — Mt. Vernon's resident superintendent Charles C. Wall—pointed it out recently during an official tour of the historic mansion.

A life-time specialist on Washington, Wall compared Simmons to the original Houdon bust at Mt. Vernon and exclaimed excitedly: "You look more like Washington than any man who has ever come here. The physiognomy and coloring are almost identical, but you are an inch taller." George was a mere six-feet-two.

* * *

Certainly no one visits Mt. Vernon oftener than John. At least once a month he strides through the familiar rooms with such official American guests as Queen Juliana of the Netherlands, King Paul and Queen Frederika of Greece, Queen Elizabeth of Britain in her princess days, German Chancellor Adenauer, the presidents of France, Italy, Panama, Haiti, Liberia, Ecuador and Brazil, Sir Winston Churchill and Sir Anthony Eden, the foreign minister of Spain and Crown Prince Akahito of Japan.

THIS IMPRESSES HIM

This would seem a dazzling business to most. It takes an old-time movie star, however, to impress a man like Simmons who has been rubbing elbows with royalty and top politicos for three decades.

This correspondent made that surprising discovery a few years ago while visiting columnist Cobina Wright in Beverly Hills.

Simmons, who like this writer had been attending the Japanese peace conference, came to a party at Cobina's and spent much of the time marveling: "Ruth, can you believe that we are actually meeting Norma Shearer and Mary Pickford! It just seems like a dream that we're here!"

Most movie stars would gladly swap their next million to meet the kings and king-makers whom John whisks about during a routine week.

Few men in history have paid more official calls on the president of the United States than Simmons. One of his regular chores is to meet the planes and drive visiting dignitaries to see Ike.

RESIGNED FOR JOB

He also escorts newly-arrived ambassadors to the White House to present their credentials to the president. Because Simmons has been chief of protocol longer than any predecessor, few men have officially gripped Ike's hand so often.

No career diplomat can serve on home duty longer than four years. Consequently, John was due for reassignment overseas two years ago, but resigned the foreign service to retain the job he loves. As a civil servant, his title, duties and $14,800 salary remain the same as before.

Simmons stumbled into diplomacy almost by chance. Son of a Philadelphia silverware manufacturer, he worked his way through Princeton by tutoring. For two years therefater, he tutored the son and nephew of American Consul Albert Halstead in England. When Halstead was transferred to Vienna, he hired John as a consular clerk.

GREETS OLD FRIEND

During the succeeding 38 years, Simmons served in Austria, France, Latvia, Germany, Mexico, Canada and Brazil, before advancing to the rank of ambassador in El Salvador and Ecuador. Six years ago he became protocol chief and found his favorite niche.

In 1933 while John was stationed in Cologne, his close friend, Konrad Adenauer, was ousted as mayor for pulling down Nazi swastikas. Two decades later, Simmons happily met the plane bringing the top-ranking German to Washington.

For a man who must subsist on government pay while educating three sons, Simmons boasts quite a wardrobe: a cutaway, a morning coat and striped pants, white tie and tails, tuxedos, a top hat and hombergs, besides the usual attire.

In John's business, these are as essential as a bus driver's uniform. The fancy wardrobe takes Simmons to thousands of official functions a year, but guess what this gregarious diplomat does on his evenings off:

Goes to parties, of course, at the homes of his non-official friends.

MISSING THE BUSS — Since 1937, when the "Dead Warrior" by Renaissance sculptor Tullio Lombardi was brought back to Ravenna, Italy, from France, sentimental women have planted countless kisses on the lips of the effigy. Now the boom has been lowered. In order to cut out the job of cleaning lipstick off the sculpture, this girl, and all others who follow, are banned from kissing the handsome but cold-shouldered knight.

Four Ferndale Youths Placed on Probation

Four Ferndale youths who pleaded guilty April 23 to stealing an assortment of clothing from a Royal Oak Township cleaning plant have been sentenced by Oakland County Circuit Judge Frank L. Doty.

Each of the youths was placed on probation for three years and ordered to pay court costs of $150. The four are Claude Henderson, 17; Clarence Clark, 18; Walter Alexander, 18, and Anthony Perry, 17.

Gets 3-Year Probation

Dicky Lee Desotell, 17, of Rochester, who pleaded guilty April 23 to breaking into a Highland Township grocery April 3 and stealing a case of beer, has been sentenced to three years' probation and payment of $100 court costs by Oakland County Circuit Judge Frank L. Doty.

State Amvets Seek Vote on Bingo Issue

The Michigan Amvets organization is making plans to conduct state-wide distribution of a newly adopted petition form to see that the bingo issue is again on the November ballot. Local posts throughout the state will take part in the drive for the required 218,000 signatures.

The petitions, which must be submitted by July 6, call for a constitutional amendment to permit charitable organizations to conduct bingo and semi-annual raffles.

In making the announcement, State Commander Edwin L. Numbers stressed the fact that the main aim of the Amvets was to place the proposal on the ballot so that Michigan citizens can vote one way or the other.

"We believe that the bingo proposal was defeated by a slim vote in November 1954 only because of adverse publicity pointing out the danger of commercialized gambling," the Amvet leader stated.

Rules of Display for U. S. Flag Presented

With Armed Forces and Memorial Day approaching this month, many Pontiac residents have been seeking information on the proper manner of displaying and showing respect to the American Flag.

Certain rules regulate the displaying of the flag, according to The Flag Code published by the National Americanism Commission. Some of these are as follows:

The flag should be displayed only from sunrise to sunset, or between such hours as may be designated by proper authority. It may be on display at night on special occasions to produce a patriotic effect.

It should be out on all national and state holidays, historic, or important occasions. Public institutions, polling places, and schools are locations which should display the flag daily, weather permitting.

When carried in a procession with one or more other flags, the U.S. flag should be either on the marching right or the center of the line. The U.S. flag should be at the right with its staff in front when placed with others against a wall.

The United States flag should be at the center or highest point of any group of flags or pennants of states, cities or societies displayed from staffs. When such flags or pennants are flown from the same halyard, the American one should always be at the peak. The U.S. flag should be hoisted first and lowered last when they are flown from adjacent staffs.

Separate staffs of the same height are required when flags of two or more nations are shown. Each should be of equal height and size. The union of the flag should go clear to the peak of the staff when it is projected horizontally from a window sill, balcony, or front of a building.

When the flag is displayed otherwise than by being flown from a staff, it should be flat. This applies either indoors or out.

The stars should be to the flag's right when displayed against a wall or in a window. The stars should be to the north in an east and west street and the opposite way for a north and south street when a flag is suspended vertically over the middle of a street.

The flag is placed above and behind the speaker and flat against a wall when used for a program platform. Flags should be at the right of a clergyman or speaker in an auditorium or church. A U.S. flag may also be on display at the right of the audience if desired.

All others are placed at left. The flag is never used for covering a statue or monument.

When flown at half-staff as is done from sunrise to noon on Memorial Day, the flag should be hoisted to the peak for an instant and then lowered to the half-staff position.

Following are rules of respect which should be followed in honoring the flag of the United States:

When used to cover a casket, the flag should not be lowered into the grave or allowed to touch the ground. Flags in poor condition should be destroyed by burning or other methods. The flag is not dipped to any person or any thing.

The flag should not be displayed with the stars down except in time of distress. It should always be above or at the right of any other on the same level.

Flags should never be used as drapery of any sort or be fastened in a manner which would permit it to be torn easily. When carried on a motor vehicle, a flag should be fixed firmly to the chassis.

Lettering of any kind is not allowed on the U.S. flag. It cannot be used to cover a ceiling, conduct advertising, or as material for a uniform. The flag should always be carried aloft and free and should not be used as a receptacle or carrier. It must always be stored with care to prevent soiling or other damage.

Theft Item: Light Posts

CHICAGO (AP)—Thieves stole nine metal light posts, each 17 feet long and weighing 1,500 pounds, from a South Side parking lot. The posts were to have been installed in the 7900 block of Halsted Street, which has been widened. The owners estimated the loss at $3,375.

Collision Damages Sub

LONDON (AP)—The British submarine Talent was damaged slightly in a collision with an unidentified tanker off the Isle of Wight, the British Admiralty reported today. No one aboard the sub was injured.

Tax Dodge Case Touches Powell

Secretary Says Salary 'Belonged to' New York Representative

NEW YORK (AP)—An accountant has testified that Rep. Adam Clayton Powell's secretary told him her $3,875 salary for 1946 "belonged to the congressman."

The government alleges this was a kickback.

* * *

Mrs. Hattie Freeman Dodson and her husband Howard are on trial in federal court on charges of falsifying income tax returns between 1948 and 1951. Mrs. Dodson also is charged with income tax evasion and receiving illegal refunds.

WAS SECRETARY

Mrs. Dodson was Washington secretary to the New York Democrat in 1945. The government says she returned to New York in 1946. But her secretarial salary continued, the government claims, and was kicked back to Powell.

The U.S. attorney's office here declined to comment on the possibility of action being taken against Powell.

* * *

Mrs. Dodson is the third of Powell's secretaries to be indicted on income tax charges. Two men who are former secretaries of his have pleaded innocent and are awaiting trial.

Detroit Man Sentenced to 3-Year Probation

William R. Soper, 27, of Detroit, convicted by a circuit court jury April 24 of maliciously burning another man's automobile, has been sentenced by Oakland County Circuit Judge Frank L. Doty.

Soper was placed on three years' probation and ordered to pay $100 court costs and make restitution to the owner of the car.

Johnathan P. Messer Placed on Probation

Jonathan P. Messer, 28, of 8½ N. Paddock St., who was convicted by a jury April 19 of feloniously assaulting another Pontiac man with a knife last Dec. 30, has been sentenced by Oakland County Circuit Judge Frank L. Doty.

Judge Doty placed Messer on probation for two years and ordered him to pay court costs of $150.

HOMEMAKERS' Huddle BY Betty Natoo

BATTER UP — TIME TO MAKE A HIT

IT'S PEANUT AND SODA POP TIME again, and night baseball games are steadily gaining in popularity. To be a really enthusiastic rooter, whether at the park or before your T.V., there should be nothing on your mind of greater importance. This may mean a change of time for the evening meal. However, instead of working up high blood pressure over the change, give the folks a surprise and make it enjoyable for yourself. Family and guests will delight in a box supper, whether it's served in the park, on the roadside, or in the parlor. Do the cooking early in the day: fried chicken, cabbage, carrot, cucumber and pineapple molded salad (mold it in a paper cup leaving enough head room for the salad dressing, which you'll add just before putting the lid on the box), brownies, piping hot coffee, soda pop for the young ones, peanuts and popcorn for hours of munching. Yes, you have plenty of time to enjoy it tonight for every item is waiting for you in your neighborly National Food Store.

LET'S GO DUTCH! Serve head lettuce tenderly cooked with the family's favorite seasoning . . . salt, pepper, and a little butter for me!

COFFEE IS THE MOST

Among the beverages consumed in this country, coffee probably ranks at the top. Did you know that coffee was introduced to our forefathers by the "Tea" companies, who wanted to show their customers "how fortunate they were to be tea drinkers and not coffee drinkers." As you know, this idea sort of backfired. At your NATIONAL you will find virtually every brand of coffee known in your section of the country PLUS National's own brands, roasted to perfection in our own roasting plants. All of National's brands are better than most comparable brands, as good as the best, and priced to fit every budget.

HOT DIGGITY DOG!

It would be smart planning to start saving pennies TODAY, for the electronic range of TOMORROW. You'll never be happy with what you have when your next door neighbor starts bragging about the cake she bakes in three minutes and the large roast in 30. (Just did some figuring and my calculating comes to about 27c a day.)

Yours for satisfaction,

Carnegie Group Works With Jackson Prisoners

JACKSON (AP)—Talking their way out of prison is an approved occupation for a selected group of Southern Michigan Prison inmates.

It's part of a careful plan of prison authorities to encourage the men to get up and talk to relieve tension instead of some more explosive way like sawing bars or scaling walls.

The men are attending a course conducted under sponsorship of Carnegie Club Internationale, a non-profit organization of Dale Carnegie graduates who have banded together "to improve human relations."

"We don't expect to make public speakers out of these men," said Warner Dyer, president of the club's Lansing chapter. "But we can help to develop their poise and self confidence. What they learn will help them get along in society outside."

There are 38 men in the class. What they learn won't get them out of Southern Michigan Prison any faster. But they — and the prison authorities — hope it will keep them from coming back behind bars.

Just attending a class can be a dramatic experience. Take the case of Joe, who has spent 12½ of his 28 years in institutions.

In the first week of the course, says James E. Wilkins, prison special activities sponsor, Joe stood up in front of the class and cried. The second class, he won an award for the most improvement. It is Joe's turn again in the fourth of the 14-session course.

"Couple of years ago I was doing some time at Pontiac," he began. "It was hard time. I was havin' a little trouble with my wife and . . ."

There he froze. He shook his head. "Can't do it," he muttered. One of the volunteer instructors got up and took the terrified, speechless Joe from the classroom. Other "students" got up to talk.

Bill, a five-time loser at 58, discussed "The only thing about which I am qualified to speak — 'alcoholism.' "

* * *

Van said, "Your life is what you make of it, don't blame anyone else." Dick: "Out with a girl friend . . . she really likes to guzzle it down . . . passed on the wrong side doing 90, wound up here . . . Man, if you can't handle the stuff, leave it alone."

Back came Joe, after a talk in the corridor with the instructor. He braced himself in front of the class and began again:

"I was having trouble with my wife. She came to visit me and she said, 'Joe, while you're in here why don't you try to find yourself.' You know, whenever I had a problem I never could talk about it. I'm doing that right now and it helps. I'm pretty much rid of the bitterness now."

As he sat down, 38 men cheered and applauded their approval. They knew Joe had been served with divorce papers only that morning.

Explaining the course goal, Wilkins said, "most of the men in prison are here because they have failed to adjust in free society.

"Some of the men in this classroom, even if paroled, wouldn't have had the courage to apply for a job. That's one of the reasons so many of them have been repeaters.

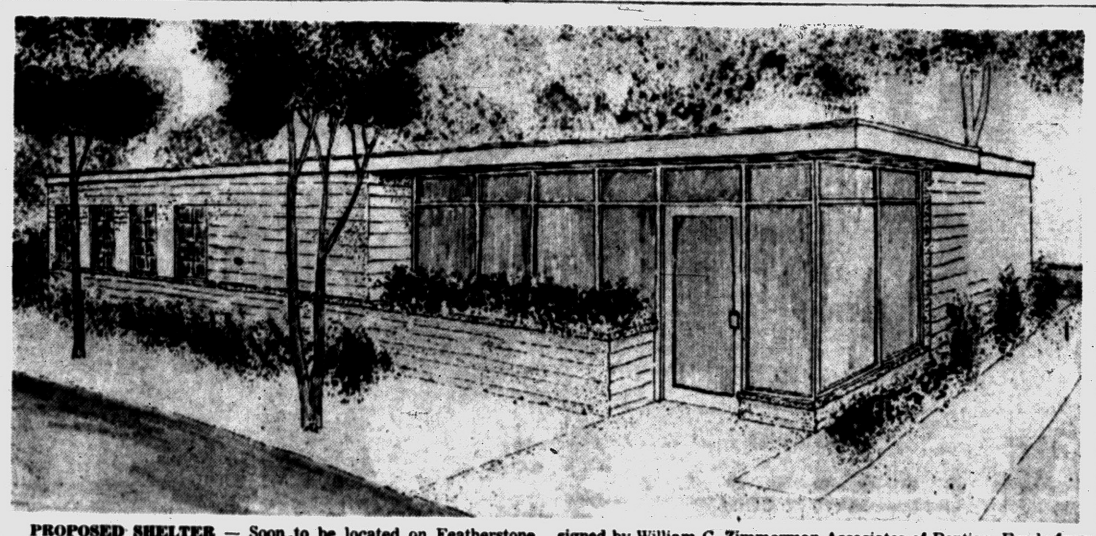
VOLUNTEER BASIS

"This class is therapy on a volunteer basis. A good many prisoners are highly introverted. They've never had a chance outside to develop the normal personality qualities most of us take for granted.

"Help the man acquire poise and confidence in any situation and courage to face his problems just naturally follows."

Prisoners are selected for the course from applications on the basis of past records, record while in prison and just how badly they need the training.

"This course is one of our best tools for rehabilitation," says Wilkins. "It helps men like Joe to quit running from themselves and face up to their problems."



PROPOSED SHELTER — Soon to be located on Featherstone Road near East Boulevard is this new $15,000 animal shelter being built by the Michigan Animal Rescue League. It will have a capacity for 100 stray dogs and 75 cats, according to Mrs. Martin Davis, assistant secretary of the league. Construction should begin around late May with completion expected this fall. The building was designed by William C. Zimmerman Associates of Pontiac. Funds from the organization's annual "Pencil Drive," being carried on this week, and from a resale shop and adoption fees from the pets are financing the shelter. Mrs. Davis emphasized that there will be no time limit imposed on how long an animal may remain at the new shelter.

Cherry Growers Wait Frost Damage Report

TRAVERSE CITY (AP) — An agricultural spokesman said low temperatures Monday "without doubt" caused some damage to budding fruit stands but added it will take several days to determine the extent.

* * *

Clarence Mullett, northern district horticultural specialist at Traverse City, said "It was cold enough in some orchards for some damage."

His area covers Western Michigan from Manistee north. Growers in the sector specialize in sweet and sour cherries. Mullett claimed buds now are in "the vulnerable stage" but frost-nipped buds must break down and turn color before a damage extent is determined.

The specialist said temperatures dropped to 20 at East Jordan and 23 at Traverse City. He said, however, that trees are only in the budding stages and have not reached the critical blossom stage.

Robot Mind for Jets

LOS ANGELES (AP)—A huge electronic brain is being assembled for use in the design of advanced jet engines. Beckman Instruments, Inc., is building the computer at Berkeley, Calif., for the Allison Division of General Motors in Indianapolis. With it, designers can picture an engine in action under varying conditions before it is built.

Will Ex-Mobster Cohen Make Out in Television?

By EMILY BELSER

HOLLYWOOD (INS) — Will ex-mobster Mickey Cohen make the grade as a television "actor?"

* * *

Producers eyed his legit appearance over an NBC-TV show recently, but declined to make any flat statement about his theatrical future. "He's hardly the James Cagney or Edward G. Robinson type," one executive noted, "but we're looking for "off-beat talent."

Another network big-wig pointed out that Rocky Graziano, ex-middleweight champ, is hardly the matinee idol type either, but "He's doing okay on the Martha Raye show."

The dapper, mild-mannered Cohen played himself on a TV show Sunday and escorted a camera crew through his Los Angeles greenhouse pointing out varieties of camellias, nasturtiums and elephant ears.

SELLING FLOWERS

Mickey, whose new flower business is known as "Michael's Tropical Plants," admitted that, until recently, he didn't know the difference between sweet peas and baked beans, "but I'm learning."

His last television appearance occurred when he was released from prison last October after serving a five year federal term for income tax evasion.

Before that he was a star attraction during the Kefauver hearings.

But Mickey's present show of respectability hasn't impressed his former associates.

BOYS STILL THERE

"They're after me all time," he said, "to get back into big deals. I've turned down a lotta gambling propositions. I'm goin' straight now—and I'm not doing it to satisfy anybody but myself!

"When they come to me with these propositions I just tell 'em I'm not interested but they can't believe me. The truth is, I've got a belly full of that stuff. I want no part of it."

Mickey has not only changed professions. He's changed his social status as well.

"I see different type people now," he said, "like Billy Graham, Vernon Blythe (an investment broker), and Doss Trotman (a navigation expert.)"

GET HIS GOAT

But Mickey's "old pals" don't let him rest. Some of them call up and razz him about the flower business.

"They call up and say, 'What's the price of lilies today' and things like that, but I don't let it get my goat.

"I'm just happy to find out that the public can accept an ex-con as a legitimate businessman. People have been wonderful."

At various periods in his life, Mickey has been in the haberdashery, cafe, restaurant, jewelry and tailoring business.

* * *

"Speaking of tailoring," he said, "when I came back I found I still had 600 pairs of socks that cost from $5 to $7 apiece. I don't have that kind of dough any more."

Cohen, always a dapper dresser, still has 50 suits, 24 topcoats and a $5,000 star sapphire.

* * *

"But the important thing now," he commented, "is that I know that camellias are more expensive than roses."

Plastic Minesweeper Ready for Navy Test

BAY CITY (AP) — The Navy's biggest warship with a single plastic hull, a 57-foot non-magnetic minesweeper, was launched by the Defoe Shipbuilding Co. Monday.

* * *

The vessel, known as the MSB-23, will be given finishing touches, then delivered after test runs to Panama City, Fla., where the Navy has its minesweeper training classes.

The one-piece hull is made of fiber glass reinforced plastic and involves a new type of construction using large scale molds. The boat is powered by two 300 horsepowered all-aluminum engines built by Packard Motor Car Co.

* * *

Defoe was given the contract for the minesweeper in 1951, but construction was delayed by material shortages and by a fire which destroyed one plastic hull Feb. 2, 1955.

Aggressors, Beware

GREAT NECK, N. Y. (AP) — The Sperry Gyroscope Co. has announced development of an electronic control system for B52 intercontinental jet bombers that enables their crews to "find and hit any target in the world in any weather."

Science Develops New Tablet:

Relieves "Hot Flashes," Irritation From Change-of-Life For 8 of 10 Tested—Without Costly Injections

Boston, Mass. (Special)—Medical science now offers women new freedom from much of the miseries of change-of-life! You no longer have to face those years with dread. Today, you can have relief from "hot flashes," tortured nerves and other functionally-caused distress...thanks to a remarkable tablet developed *especially* to relieve these discomforts. Doctors report amazing results using this home treatment alone ...and *no* expensive injections.

Irritability was calmed. Dizziness was relieved. Suffocating heat waves subsided. A feeling of "well-being" returned for woman after woman. 8 out of 10 women tested found complete or striking relief!

Unlike aspirin and "general-purpose" remedies, this new formula is a unique combination of special medicines . . . that acts directly on the *cause* of these troubles. The new tablet acts through a woman's sympathetic nervous system to relieve the tense feelings and physical distress that have brought unhappiness to so many homes. Clinical tests prove it has positive medical action.

This amazing formula is now sold at drug stores, without a prescription, under the name of "Lydia Pinkham's Tablets." Developed by the world's largest manufacturer devoted *exclusively* to women's ailments! Easy-to-take, contain blood-building iron.

If you are going through change-of-life, don't let it rob those years of joy. Start taking Pinkham's Tablets at home today. See how fast you can feel your happy self again—without troublesome injections! (Also liquid Lydia E. Pinkham's Vegetable Compound.)

Chelsea Father Invents Rubber Band Plaything

CHELSEA (AP) — A toy built around the lowly rubber band is giving children a chance to practice a snappy new art form.

It's a simple device called Rub-R-Art, made of a 10-inch square white plastic board studded with 18 rows of pegs. Colored rubber bands, in red, green, yellow and blue, can be stretched around the pegs to form an endless variety of designs.

With the 100 or more rubber bands supplied with the set, youngsters can create horses, dogs, cows, cowboys, indians, houses and tents. The bands also can be formed into words to help a child with his spelling.

Rub-R-Art was originally conceived five years ago by Erwin Austin, Albion engineer, and developed further by his nephew, Don Griffes of Stockbridge.

WENT INTO BUSINESS

Because hand production was slow and unprofitable, the men became stockholders in a firm organized by Albert Kleis of Chelsea and Gerald Carr, maintenance superintendent of Cassidy Lake Technical School.

The Kleicar Corp. was set up to handle sales and merchandising of the toy. It has been introduced at outlets in Detroit, Jackson and Ann Arbor and a Chicago department store has ordered it. The firm hopes to set up national distribution by midsummer.

Carr says Rub-R-Art is "wonderful" for bedridden youngsters because its use is limited only by the child's own imagination. The toy has been tried in a number of schools, hospitals and rehabilitation centers.

From his own experience, Carr says, Rub-R-Art is a fine device for parents to use for amusing young fry on long trips. And Carr should know—he has eight children of his own.

Swedes Build 16 Ships

CLEVELAND (AP)—Sixteen vessels costing more than 50 million dollars have been ordered by the Swedish-American Line of Gothenberg, Sweden, in anticipation of increased trade following the opening of the St. Lawrence Seaway in 1959.

Now, Come Now, Fellas, He Couldn't Have Done It

RICHMOND, Va. (AP)—Police last night recovered a miniature automobile stolen here Sunday from a kiddie amusement park.

The only suspect they've found, though, is a most unlikely one.

The tiny car, with a brand new black paint job, was discovered parked beside an empty street five miles from the home of its rightful onwer.

Sitting in the driver's seat was a collie dog.

'Thirty Days Inside Red China'

Peiping Lavishes Health on the New Citizen

Philip Luker, special writer for the International News Service, has just returned from spending 30 days inside Red China where he met and talked with the rank and file of Chinese citizens—and Europeans still behind the bamboo curtain. This is third article in a series of five describing his visit.

By PHILIP LUKER

The first thing a Canton youth drew on my notebook when I handed it to him was a picture of Uncle Sam getting his striped-hat knocked off.

A teenage girl in Peiping told me President Eisenhower was madly trying to organize armies powerful enough to invade the Chinese mainland.

A 12-year-old school boy living on a co-operative farm, said he knew nothing about America except that she used germ warfare during the Korean War.

This is a cross-section of the feeling of many of the 600 million Chinese people and it shows the octopus-like grip Communist leaders have on their minds.

Wherever I went during a month's tour of the Chinese mainland, talking with men, women and children I heard remarks like "America tried to invade China through Korea," and "America has a lower standard of living than China."

OCTOPUS TENTACLES

Indoctrination reaches not only the students, but almost everyone in China today. The "Line" comes down from Communist party headquarters to party branches, and from there to organizations to which everyone "voluntarily" belongs. Organizations such as unions, housewives' committees, street committees, newspaper reading groups, businessmen's associations and intellectual groups.

These are the octopus' tentacles, which at the bid of the Communist Party, attempt to strangle the Chinese brain with distorted facts that are believed because there is nothing else to believe, and because to disbelieve would be "counter-revolutionary."

Few children and adults I interviewed—clerks, skilled tradesmen, shopkeepers, farmers and housewives—had any idea where America was. They did "know," however, that American servicemen were attacking Formosan girls wholesale.

I asked schoolboy She Chi-Che if China should liberate Formosa? He snapped: "Yes, because Formosa is China's and America is operating it."

"Who is Chiang Kai-shek," I asked him, and he answered:

"He is a traitor."

Yuan Chen, a 12-year-old schoolgirl, did not know where Canton or Shanghai were, but she was proud to say Formosans "suffered from the oppression of Chiang Kai-shek and the Americans."

Mai Shu-Lan, a 19-year-old Peiping bride of a few months, said she hated the American government because it had "tried to invade China through Korea." She said she read this many times in a newspaper.

Chen Chin-tsing, a 15-year-old boy who had been to school for seven years, said the U. S. government oppressed its people.

"How do you know this?" I asked him.

"There are strikes in America, but no strikes in China," he answered.

"But do you think Chinese workers are free to strike?"

"Yes," was his reply.

AMERICAN 'HARD LIFE'

"How well do British and Americans live?"

"They live a bitter and hard life, exploited by capitalists."

Chang Chao and Wang Fu, members of the national committee of the Education Workers' Trade Union, gave me the official line on indoctrination.

They said there were no political lectures for primary school children or for children in four of the six secondary school years. For the remainder, it was one or two hours a week during school hours.

What about meetings after school? The two officials would not comment.

However, non-Communists told me that these after-school meetings were the real mediums for indoctrination. They were called "voluntary" but were as "voluntary" as taxes.

Like all officials I interviewed, Chang and Wang told me only half a story. A far fuller picture was painted by Europeans, confided in by Chinese.

These Chinese had attended political meetings and lectures regularly and had seen the minds of their children appear to rot amid the lies and one-sided lectures that gave only the faults of capitalism.

BOOKS REWRITTEN

Every school lesson, radio broadcast, newspaper article, cartoon or poster is tilted so the main point is how wonderful Communism is and how bad capitalism and capitalist government are.

Books have been rewritten because their material was "unprogressive." Or a preface has been added, to point out where the author was wrong.

Plots of movies told how women have refused to marry farmers because they did not join the co-operative, or how capitalists have admitted their "sins" and started working with their hands for a living.

If there is a privileged class in China today it is the youngsters. The emphasis is definitely on them.

The children have new playgrounds, nurseries, schools and free libaries where they can go to read. They belong to youth clubs, such as the "Pioneers" and "Democratic Youth."

They are always well fed, by the government if not by their parents. I did not see a skinny or diseased child in China. They looked healthier than the Chinese children in Honk Kong.

But the main aim of glorifying youth is not to bring up healthy, intelligent, educated youngsters. It is to make them permanently hate the West and capitalism and believe that everything the government does is good because the government has been so good to them.

THE BERRYS By Carl Grubert

You Can Be a 'U' If You Like---If You Are a 'Non-U' Now

LONDON (INS) — At a time when democracy is doing just dandy in England a new theory has popped up that words themselves, not to mention the people who use them, can be upperclass or lower class.

* * *

The theory has nothing to do with accent, an old social barrier which has weakened with the coming of speech training. Instead, it holds that there are "U" (for upperclass) and "Non-U" words.

Many beautiful and gracious ladies who long ago trained the cockney twang from their voices now find themselves snubbed because they said "Mirror" (non-U) instead of "Glass" (U).

Neither wealth nor power nor a faultless Mayfair accent can now save the upstart who lets slip the word "Glasses" (non-U) when he should have said "spectacles" (U).

HE STARTED IT

The innocent cause of all this was Prof. Alan Ross of Birmingham University, who merely wanted to point out that in these days of democracy and full employment everyone looks and acts pretty much allke.

The only way to spot a member of the upper classes, he added incautiously, is by his choice of words.

To the professor this was just an academic observation, but to Nancy Mitford, author of "Love in a Cold Climate" and daughter of Baron Redesdale, it was a call to action.

PEOPLE THINK TWICE

Since Nancy issued her original list of U and non-U words others have taken up the challenge. At least half the population thinks twice before asking somebody to pass the pepper. (Pepper shaker is non-U, Pepper Pot is U)

Thus far this counter-revolution has not spread beyond the borders of England, but all Americanisms are automatically non-U.

To add to the confusion, many words or phrases ordinarily regarded as "elegant" are non-U. They receive this rating because they are exactly the words and phrases which non-U people would use if they were trying to appear U.

Thus "Costume" is non-U and "Coat and Skirt" is U; "Dentures" non-U and "False Teeth" U and "Bicycle" non-U while "Bike" is U.

The list is now so long, and expanding so rapidly, that it may eventually have to be issued in book form or at least in handy little pamphlets like a French-English dictionary.

Of course, anybody unable tor unwilling to memorize this list can mix mainly with members of the Cambridge University Debating Society. The society considered a resolution "that this house would like to be U," and voted against it.

Puckett and Charles Setelia, both of Royal Oak; Donald Sanday, Rochester; Jerome Shell and Ward Vance, Ferndale and Raymond Weir, Clarkston.

Suspensions for habitual negligence were announced in the cases of Valmore B. Berridge Jr., 50½ N. Jessie St.; Robert D. Benedict, John R. Crowley and Stewart R. Predmore, all of Royal Oak; Frank W. Blundy, Hazel Park; Delmer McIntyre, Rochester and Bernard W. Rollin, Royal Oak.

Placed on financial restriction for unsatisfied judgment were: Larry D. Harwood, Hazel Park; Robert A. Hill, Royal Oak; J. D. Johnson and Allen D. Oliver, both of Ferndale and Lawrence Wilson, Walled Lake.

License suspensions at the request of juvenile court were announced in the cases of William F. Kelly Jr. and John M. Portwood, both of Royal Oak; Blaine W. Musser, Oerndale and Bernard A. Sznaider Jr., Pleasant Ridge.

Gracias Por La Fiesta— but No One Understands

BOSTON (AP)— Concetta Alburez obviously had a fine time at her sixth birthday party although her guests couldn't understand her and she could not understand them.

The child is a patient at Carney Hospital for treatment of a heart condition. She is from Guatemala and speaks only Spanish. Her guests, four girls and a boy who also are patients at the hospital, speak only English.

The nurses baked a cake with pink icing and arranged the party when they learned it was Concetta's birthday.

Lacoste Seeking Reinforcements

French Chief in Algeria Requests Fresh Troops to Smother Rebellion

ALGIERS (AP)—Resident Minister Robert Lacoste asked France today for thousands of fresh troops to help smother the 18-month-old nationalist rebellion. He predicted a force of 370,000 men soon would be fighting the rebels.

* * *

Already bolstered by heavy reinforcements from France's NATO divisions and draft levies, Lacoste's forces streamed over the countryside to combat the stepped-up new rebel offensive.

Authorities said French troops had killed more than 150 rebels in western Algeria since raiders three days ago set fire to some 50 farms and killed a score of French farmers.

The French struck in the Ain-Temouchent area with infantry supported by fighter plane and mortar units.

SEEKS 30,000 TO 40,000

"At the end of this month there should be in this country 330,000 men," Lacoste said in a radio broadcast last night.

"I will ask tomorrow of the French Cabinet that another 30,000 to 40,000 be sent to add to those men here."

Lacoste struck back in the broadcast at critics who say he has not acted forcefully enough against the Arab nationalists. He said France "is making a colossal effort to preserve French Algeria."

The resident minister and other top French officials were stoned and bombarded with tomatoes yesterday during a V-E Day military parade and ceremony.

"Put the army in power," the French demonstrators shouted. "Long live the army."

High Brow Paperback Books Sell Well

ANN ARBOR (AP) — In spite of some gawdy editions, the paperback book publishers have made many good books available to the American public, a University of Michigan professor said today.

Arthur J. Carr of the University of Michigan English Department told the 24th annual Adult Education Institute that "millions of people have formed the habit of buying good books and, presumably reading them."

"Many of the best books ever written," he said, "can now be bought for fifty cents or a dollar."

"And," he added, "it is exciting news that they do not have to depend simply on critical prestige. They sell in commercially profitable quantities."

Some publishers, associate professor Carr said, "have exhibited imagination and daring. They have taken the risk of publishing books of the highest quality. And they found a public that was ready to accept the challenge."

"The public for these books," he said," is still relatively small, but in absolute numbers it is enormously greater than before.

"I am convinced the success of books of such quality indicates an unmistakable rise in the tastes and enthusiasm of educated readers."

U.S. Grains Off to Peru to Help Drought Victims

WASHINGTON (AP) — The United States is giving Peru 45,000 tons of wheat, barley and corn and 2,000 tons of dry milk to help meet an emergency in the South American nation.

* * *

The International Cooperation Administration announced today these foodstuffs, valued at about $3,600,000, will be made available under a section of the Agricultural Trade and Development Act which authorizes use of farm commodities for relief purposes.

An unprecedented drought and unusually early frosts in southern Peru have resulted in a serious food shortage for the 1½ million people there. Mostly farmers.

India, which expects to reach 600,000 tons of shipping by the end of 1956, may form a separate Ministry for shipping this years, New Delhi learns.

Peach Festival Officers Named

Meeting at Romeo Elects Jewel West President, Restricts Contest

ROMEO—Jewel West, local attorney, was elected president of the Romeo Peach Festival Assn. at an organizational meeting last night.

Other officers are Ralph Garrison, vice president; Ray Gamelin, treasurer; and Mrs. Charles Meeker Jr., secretary and resident agent.

Named to the board of directors for three-year terms were Gamelin, Andrew Downey, Arthur Farrell and Mrs. James H. Winborn.

Preliminary preparations for the 1956 Peach Festival, a three-day event staged annually over Labor Day weekend, were made by the board.

Julius Clevio was appointed chairman of the concessions committee. Philip C. Davidson, Gerald McLean, Mrs. Antonio Ferrara and Charles Meeker were elected to handle the Miss Romeo contest next month and the Queen's Contest in August.

Outstanding change in procedure was a decision to invite Queen's Contest entrants only from neighboring communities similar in size to Romeo. This would rule out contestants from larger cities such as Pontiac, Flint and Mt. Clemens.

This change, the directors contend, would eliminate major transportation difficulties and conflicts with Labor Day celebrations in metropolitan areas.

The discontinuation of the Soap Box Derby was favored unanimously by the board, because of lack of local entries in the competition, condition of the road used for the derby and comparative disinterest on the part of visitors at previous festivals.

Waterford Class of '51 Planning June Reunion

WATERFORD — A nominating committee to select candidates for the Waterford Community Church Sunday School election June 7 will meet at 7:30 p.m. Thursday at the home of Mrs. Jean Walters, 4016 Maiden.

MR. AND MRS. JERROLD WAGNER

Carole A. Thompson Wed in Candlelight Ceremony

KEEGO HARBOR — Carole A. Thompson of Keego Harbor and Jerrold E. Wagner of Oak Park were married in an evening candlelight ceremony Saturday at First Baptist Church Pontiac.

Carole is the daughter of Mr. and Mrs. Conrad D. Thomspon of 2411 Pine Lake Ave. Jerrold's parents are Mr. and Mrs. Erwin A. Wagner of 26505 Coolidge, Oak Park.

The bride wore a gown of white nylon tulle and Chantilly lace, with sweetheart neckline and tapered sleeves. Her skirt swept into a cathedral trail, and her fingertip veil was of silk illusion. She carried a cascade arrangement of white carnations and a white rebid.

The bride's attendants were her sister, Nancy Thompson, and sister-in-law, Mrs. John Thompson, while Dawn Wagner, a niece of the bridegroom, served as junior bridesmaid.

Best man was John Meister of Long Beach, Calif., while the bridegroom's brother, Thomas, and Dan Kaufeld of Waterford served as ushers.

A reception for some 200 guests was held in the church parlors following the ceremony.

After a week's trip through the Eastern states, the couple will live at 2031 Oakdale, Pontiac.

Milford Slates Costume Dinner

Foreign Dress, Food to Spark Church Event Tomorrow Night

MILFORD—One of the most elaborate dinners of the year will be held at the Milford Presbyterian Church tomorrow night, beginning at 6:15.

* * *

In order to emphasize the spirit of National Family Week, parents are asked to bring their children to Family Night Internationale in any costume of a foreign country.

Those in costumes will march in a parade in the church so that families will see their colorful representation of other lands.

An unusual program under the direction of Mrs. George Hubbell has been planned, with a theme centering around "living in foreign lands."

FOREIGN STUDENTS

The Carl Hanna family will bring four foreign students who will demonstrate their dances, costumes and give talks about their homeland.

* * *

Elaborate table decorations are being made by the Senior-Hi Fellowship to put the guests in a "far-away mood."

The dinner menu will include specialities from "gay Paree," Hawaii, India, Poland and other lands. There will be India chicken curry, Polish cabbage bundles, creole jambalaya, Chinese lamb suey and other intriguing dishes.

A big sombrero will be passed to cover expenses.

Mrs. James Phelan, in charge of the affair, says that reservations have almost reached the capacity of the church accommodations.

Walled Lake Students Hold Career Day

WALLED LAKE — Climaxing a unit of study on various careers open to them, Walled Lake Junior High ninth graders celebrated annual "Career Day" Tuesday.

* * *

From 9:30 until 1:30 they heard, they observed and they learned about some of the vocations they were considering as a result of their previous study.

This included the amount of education needed for each specific job, cost of the training, opportunities for employment after training, and the location of the jobs geographically.

* * *

Other aspects which were included in their classroom study or in interviews with people in these positions were salary, chances for advancement, and the actual requirements of the job.

This year's program was planned by John Williams, Mrs. Maybelle Garrett and John Moffat.

Vacation Trip Ends in Death

Madison Heights Father of Four Killed by Car in Arizona

MADISON HEIGHTS — A long planned vacation trip to Arizona ended in death for the Madison Heights father of four Monday night.

Thomas A. Sharum, 35, of 430 W. Kenneth, was fatally injured by a car while crossing a street in Tucson, Ariz.

Sharum, with his wife, Alene, and four children aged two to nine, had arrived in Tucson on a two-week trip to visit relatives when his car ran out of gas. He was on his way to a gas station when he was struck and killed.

His body will be returned to the William Sullivan Funeral Home, Royal Oak, Thursday. Funeral arrangements are pending.

Surviving, besides his wife, are the four children, Gary, 9, David, 7, Richard, 4, and Beth, 2. He also leaves his mother, four brothers and a sister.

2 Rochester Women Hurt as Car Flips

Two Rochester women were injured last night when the car in which they were riding went off the road and rolled over in Rorchester.

Mrs. Mannie Milligan, a passenger, suffered fractures of the left shoulder and left leg and a lacerated right hand. Mrs. Ida B. Yates, 68, the driver, suffered lacerations over the right eye. Both were treated at the Avon Center Hospital.

Mrs. Yates told Oakland County Sheriff's deputies she struck loose gravel, lost control of the car, went into the ditch and rolled over.

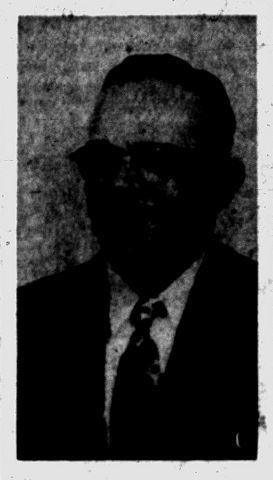
KEEGO HARBOR — The City Council held a public hearing on the proposed budget for the coming year in the municipal building last night. A resolution was also passed to rent automatic voting machines for a period of one year.

The Road Commission was authorized to accept bids for a new pick-up truck for city use.

The chloride application for the city streets was also approved by the Council.



GENE CALHOUN

Gene Calhoun, an associate with the Donaldson Lumber Co. of Pontiac for the past 13 years, has just opened a new paint, wallpaper and archery supplies store at 4835 Dixie Hwy., Drayton Plains. Calhoun, a member of the board of directors and past president of the Pontiac Archery Club, was instrumental in getting state land for archery purposes at the corner of Teggerdine and Gale Rds. A member of Central Methodist Church, Pontiac, Calhoun is married and father of four daughters. Grand opening for his new store will be this Friday and Saturday.

Deadline to File for School Posts

Walled Lake Petitions for Nominees Due In by 4 P.M. Saturday

WALLED LAKE — Candidates for election to the Walled Lake Board of Education must have their nominating petitions filed at the office of the board not later than 4 p. m. Saturday. Petitions must be signed by not less than 50 qualified electors of the school district in order to have names included on the June 11 ballot.

The terms of Julius Nelson and Joseph Long expire on June 30. Those elected will serve for three years.

On the ballot also will be the question of the controversial two-mill levy for school operation.

School board officials claim the tax is needed to meet increased operating costs due to growth of the district, higher salary schedules, need for additional personnel and the fact that there has been a reduction in the school's portion of a 15-mill levy now in effect. Some residents, however, are protesting the proposed millage on the grounds that it will make taxes too high for the average homemaker.

Church to Begin Bond Campaign at Brooklands

BROOKLANDS—As a result of interest shown by the congregation last Sunday in a rally at Brooklands School, Gethsemane Lutheran's New Church Planning Committee will launch a financial drive to build a new church on the present site, Auburn road near Dequindre.

The effort is being spearheaded by an initial bond issue in amounts from $100 to $5,000 over an option period of from 5 to 15 years bearing interest at 4 per cent. Members will be visited immediately by a corps of representatives appointed by the planning committee.

"It is emphasized that Gethsemane's investment opportunity is available to non-members as well who want to put their funds to work in a worthwhile cause," said the Rev. Norman Kuck, pastor of the church.

Monies may also be loaned indirectly to Gethsemane through the Church Extension Fund of the Michigan District with an interest yield of 2½ per cent with 30-day demand withdrawal privileges at any time. Interested persons may get in touch with either the pastor or committee chairman, Vincent Braun.

To Address C. of C. Thursday

Walled Lake Housewife to Oppose Tax Hike Plan

WALLED LAKE—Mrs. Peter Popek, Walled Lake housewife and PTA member, will talk before the Chamber of Commerce here Thursday night at 7:30.

* * *

Her speech will be on the proposed two-mill increase for school operating expenses in the Walled Lake district, to be voted on June 11.

The talk, to be given at the Loon Lake Memorial Home of Post 3982, VFW, will touch on similar proposals and issues in this and other areas in the state.

Mrs. Popek has organized a group of citizens in accord with her views in the Walled Lake School district and they are canvassing from door to door, she says, in an effort to let people know about the new tax proposal and to urge them to vote.

* * *

Text of her Thursday talk is as follows:

"Citizens and taxpayers in the Walled Lake Consolidated School District will be interested in the new proposal of a two-mill tax increase for school operating expenses. This proposal and the reasons for it have been presented to the various Parent Teacher Assn. groups in our district by our superintendent of schools.

"We have voted for millage increases and bond issues for our school district in the past but in this instance many of us feel that to vote another millage increase for any reason would be a serious mistake.

"The 1955 tax manual is a new standardized method of reclassifying and re-evaluating homes and property and has been approved by the Michigan State Supreme Court. It will affect every home and property owner in our state.

"It is on this new assessment you will be paying this proposed two-mill increase, and equalized, that will actually amount to $4.00 on every thousand of your new valuation.

"One taxpayer in this area was shocked to find that his valuation had increased from $6,200 to $10,000 on the 1955 tax rolls. That was an 80 per cent increase in one year. With the new tax manual being used this assessment has been increased to $14,000. That is another 40 per cent increase this year. The full shock of this incredible change came when the taxpayer realized that actually he is receiving a 120 per cent boost in two years.

"Are there any among you who have received an increase in your incomes of 120 per cent? Of this amount 75 per cent goes to the Walled Lake Consolidated School District. This is not an isolated case. Every taxpayer is being or will be assessed on the basis of the 1955 tax manual.

"We urge you to go to your township halls and ask your clerk to allow you to see the 1955 manual, especially pages 72 through 126. Also check your new valuations.

"Our Walled Lake School District is receiving as much as 75 per cent of the taxes collected in some of the townships. It should benefit handsomely by this new assessment system.

"It has been stated by our superintendent that we will realize a great financial benefit to our school district from the taxes that will be paid by the Lincoln plant being built in this district.

"With all due consideration for our school superintendent's proposal, many of us feel that we have reached the limit of school tax increases. As the situation is right now many home and business taxpayers find it financially impossible to reside in this district."

Mrs. Popek talked recently on the subject to the Optimists and the Walled Lake Chamber Executive Board.

Monteith School to Be Dedicated

Thursday Open House Planned; to Organize Parents, Teachers

WATERFORD TOWNSHIP — The new John Monteith School on Crescent Lake road will have an open house and dedication program beginning at 7:30 p.m. Thursday.

This is one of four elementary schools started last fall and the only one completed in time for use this year. All four used the same floor plan, modified for its location. Each cost $100,000.

Thursday's program will begin with the open house at 7:30 p.m., followed by the dedication services at 8:30 p.m. Rev. Theodore Allenbach, of the Oakland Avenue United Presbyterian Church will be guest speaker. Mrs. Lois Tiffany, supervisor of elementary music, and her staff will provide music and lead community singing.

Special guests will be Supt. Wm. A. Shunck and Board of Education members.

A short organizational parent-teacher meeting will be held with Donald Smith as temporary chairman. Refreshments will be served.

Legal Questions Snarl Meeting

Farmington Race Track Issue Tabled Pending Study by Attorney

FARMINGTON—The Farmington Township Board of trustees became clogged with legal technicalities last night over the controversial proposal to build a race track in the community.

* * *

The trustees agreed to approve rezoning of the necessary 244 acres and put the entire matter to a referendum of township voters.

The opposition group challenged legality of the action because the township's zoning board and planning commission already has voted against rezoning.

Objectors said the board could not legally go over the heads of the two agencies and approve the rezoning, with or without a referendum.

The board finally tabled its action and referred the matter to the township attorney for a legal opinion.

Mile Long Road Will Be Built

6,015 Acre Play Zone Is Largest in County, 16 Miles From Pontiac

The Michigan Department of Conservation today announced 1956 improvements to be made in connection with Oakland County's largest recreational area.

* * *

Murray W. Titsworth, manager of the Holly Recreational Area, states that a new Wildwood Lake entrance road and parking lot will be built, the contract already having been awarded to Lyman Girst of Waterford.

During this construction work the public is requested to use other sites around this lake and at other lakes in the area. The new road is to be nearly a mile long, and will leave the Dixie Highway about one mile north of the M87 intersection and 16 miles northwest of Pontiac.

Future plans include more parking lots, picnic and camping grounds, boat launching sites, new shop, garage, office and manager's residence.

* * *

The Holly Recreational Area is located on both sides of the Dixie Highway, mostly in the townships of Holly and Groveland. It covers 6,015 acres, and the 16 lakes within its borders are state owned.

Its Crotched Lake is stocked with rainbow trout, and it's Wildwood and Valley Lakes were recently planted with "muskies."

It has thousands of acres of rolling terrain, including some of the highest hills in the county, and a great abundance of wildlife cover. Deer are quite numerous within its confines, and there are plenty of the smaller animals and a great variety of birds.

* * *

Titsworth has been manager for the past seven years, during which time most of the development work has been done. He has a ranger force under him, and other crews are assisting in the work.

Orchard Lake Baton Twirler Crowned Queen

ORCHARD LAKE — Sharon Dreyer, 15, of 3717 Wards Point Dr., is the new queen of the Detroit Letter Carriers Baton Contest.

The contest, held at the George Patton Memorial Building, was open to all twirlers in the United States and Canada.

Sharon's sister, Arlene, 14, was a runner up, taking first in her division. The girls also took first place in team work.

In order to win, Sharon had to twirl with all of the first place winners of the day, thus winning the title of first twirler and the queen's crown.

County Deaths

Thomas H. Jones

Dam at Wolverine Lake Is 'Trouble Spot' for Area

By STAN BOK
Commerce Correspondent

WOLVERINE LAKE—Age has taken its toll on the dam that holds back the occasionally ambitious waters of Wolverine Lake.

Modern day engineers would likely hesitate to use the word "dam" except very loosely, in referring to the partly-rotted wood planks that still manage to do the job.

The dam in question is not much more than a stone's throw from the intersection of Glengary and South Commerce roads at the north end of the lake, perhaps the length of a city block

A report of the poor condition of the dam does not come as news to most of the Wolverine Lake village residents. Many of them, particularly those living near the lake, have been clamoring for a new one for some time, according to George Belprez, the new president of the village common council.

Consequently, the council is trying to set the wheels of progress into motion.

Belprez expressed concern over how long the present dam can hold out. "One of the two cement bulwarks which support the wood planks is being undermined by water," he explained.

"Wolverine Lake is the headwater of the Huron chain, followed by Commerce Lake, Lower Straits Lake and Kent Lake with the chain ending at Lake Erie. If the dam gave out, the water level of Commerce and Lower Straits Lake would probably rise in a hurry," he added.

The village council already has paid out about $1,000 for preliminary engineering work on a new dam, Belprez said.

Further action on the project must come from the Oakland County Drain Commission.

The majority of persons who own property surrounding the lake have signed petitions to express their willingness to accept a special assessment for a new dam or for the rebuilding of the existing dam.

The engineering work for the project is now in the hands of the Oakland County Drain Commission. The Commission is working with the Conservation Department to ascertain the best solution to the problem.

Pupils Planning Outdoor Work at State Park

Eastern Junior High School eighth and ninth graders have made plans for their third annual outdoor educational program at Sleeper State Park in Caseville.

* * *

Purpose of the May 20-26 outing, according to Edwin Rydell, camp director, is to stress principles of conservation as well as to acquaint the campers with first hand experience in democracy through living, planning, working and playing together.

Some 50 students accompanied by six counselors will make the trip to Caseville.

The program is under the supervision of the counselors as well as state and federal specialists. Instruction will be given in weather forecasting, game, forestry, soil conservation, compass instruction and nature appreciation hikes.

Campers will be in charge of "KP" duties, fire building and maintenence, general house cleaning and other camp duties.

Counselors, all teachers in Pontiac Schools, include, Rydell, Joyce Schmidt, Jean Kimple, Wesley Maas, George Emmens and Herc Renda.

Moccasin and Possum Louse Up Rogers' Trip

TV and movie cowboy hero Roy Rogers is writing about a 1,000-mile boating trip down the Red and Mississippi Rivers. Here is his latest report on the adventures he and his party are having in their small boats.)

By ROY ROGERS

NATCHITOCHES, La. (INS) — Except for one unfriendly possum and one nasty cotton mouth moccasin snake, our reception in Louisiana has been a friendly one.

* * *

The possum turned up in Shreveport the other morning as we were going down from the hotel to our boats. He looked like a cute little fella, so I caught him and planned to take him along for a mascot.

I was playing with him for a while for some camera bugs but then I guess I zigged when I should have zagged, because before I knew it he was using the little finger of my left hand for a teething ring.

With my right hand I managed to get his jaws unlocked and get my finger back. I hoped the picture takers were pleased, even though my expression wasn't one of pleasure.

WATCHED SAILING

To be on the safe side, I took a tetanus shot from a local doctor before we started merrily on our way.

For the next four and a half hours, we spent all of our time concentrating on our navigating. We dodged logs, tree stumps, whirlpools and sand bars.

That cotton mouth turned up when we got to our camping spot at Natchitoches. The first thing we saw on the sand bar was a king snake and the poisonous moccasin locked in a death struggle.

KILLED MOCCASIN

I helped the king snake out by using my .22 to polish off the villain. But just the same, we started to look for a new spot to camp down.

We found it a few miles down the river in a beautiful cottonwood grove overlooking the river. We had catfish for dinner.

Before I end this I want to tell you about the wonderful welcome the folks in Shreveport gave us.

* * *

Just before we got to the city, we met a stern-wheeler house boat with a welcome sign on it. And then when we docked, the band played "Dixie," the mayor presented me with a key to the city and the wild life commissioner made me a colonel.

* * *

"Pops" Glassell, owner of the Captain Shreve Hotel invited our entire party to be his guests. We accepted real quick the chance to get a shower and a real night's rest.

Breakins Solved by Confession of Youth

Oakland County detectives cleared up several area breakins of this year and 1955 yesterday following questioning of a Pontiac youth who was recently sentenced to a 5-15 year term in Jackson prison for violation of probation in Lapeer County.

Thomas Gonzales, 18, admitted he had been involved in about 24 breakins in this sector, according to the detectives. Those cases cleared up or verified included 16 in the county, two in Waterford Township, five for city police, and one state police complaint.

Three Pontiac brothers are being held in Oakland County Jail to answer charges for being involved in some of the breakins.

Gonzales previously served 30 days in Lapeer County Jail for breaking and entering and was on probation when arrested for malicious destruction of property.

Two Detroit Residents Sentenced in Robbery

Two Detroit men who pleaded guilty April 23 to robbing a Ferndale woman of her purse and $77 March 29 have been sentenced by Oakland County Circuit Judge Frank L. Doty.

Lloyd Stevenson, 21, was sent to Jackson State Prison for a term of 1 to 10 years. His partner, Robert D. Anderson, was placed on three years' probation and assessed court costs of $150. Anderson will spend the first 60 days of his probation in Oakland County Jail.

Happiness Lies in Job You Enjoy

By ANNE HEYWOOD

Young men frequently write and ask, "What fields offer the best opportunity for financial success and advancement?"

Young women ask, "Which fields offer the best opportunities for marriage?"

In either case, it's like asking, "Which colors are the most becoming?" The answer depends on what you are like.

For example, most people will tell you that engineering offers far more security than poetry. Yet Ogden Nash and Robert Frost have both made a wonderful living, for years and years, from poetry and would, I'll bet, have starved to death as engineers.

Selling on commission is considered a risky business, but I know men who have made fortunes at it.

ROMANCE, TOO

The same thing goes for the girl who wants to find romance on her job.

Airline stewardesses may do amazingly well in this department, but only the airline stewardesses who love it.

If flying leaves you cold, and passengers en masse irritate you, you'll never snare a husband, no matter how many eligible bachelors fly on your planes.

Just recently, a nurse I know, aged 35, finally left her nursing profession.

* * *

She had been miserable in it for years, but kept thinking she'd marry a doctor. Finally, she faced the fact that she hated her work and made a switch to a medical publishing house.

She's a new woman and will probably eventually meet a man who likes the woman she is now.

ANOTHER SWITCH

And a man I know, who entered engineering because "engineers can always get a job," finally, at 37, faced the fact that he had hated every job he's ever had.

He is switching to sales, and will probably have more security and money—let alone fun—than he's ever had.

In short, if it's up your alley, it will bring you security, money, happy personal relationships, marriage.

Woman's Literary Club Has Officers' Installation

The annual luncheon and installation of officers of the Woman's Literary Club was held Monday at the First Congregational Church. Mrs. James Rosenthal, speaker for the event, discussed "Symphonic Music."

Mrs. Mabelle Wilson served as installing officer. Mrs. Dale Moats was installed as president; Mrs. Harry Vernon, first vice president; Mrs. Warren Thurston, second vice president; Mrs. William Conrad, recording secretary; Mrs. Wilson, secretary, and Mrs. Fred Bohlman, treasurer.

Others installed were Mrs. Norman Buckner, auditor; Mrs. Lulu Luby, publicity chairman; Mrs. George L. Brown, parliamentarian, and Mrs. Maude Place, historian. Directors are Mrs. J. Harry Baker and Mrs. R. N. Swaney. Serving as delegates are Mrs. Moats and Mrs. Vernon.

Committee chairman appointed by Mrs. Moats include Mrs. Vernon, program; Mrs. Baker, membership; Mrs. Carl Weber, house; Mrs. E. C. Durphy, telephone; Mrs. Q. Don Breen, budget; Mrs. Swaney, social; Mrs. W. G. Rowston, courtesy; Mrs. Jess Troyer, civic sewing, and Mrs. E. P. Kline, transportation.

Department chairman include Mrs. Wilson, Mrs. E. D. Covert, Mrs. Baker, Mrs. George Wyman, Mrs. H. B. Dickie and Mrs. Ione Bartholomew.

A report on the recent convention held in Sturgis was presented by Mrs. William Conrad, delegate.

Personal News of Interest in Area

Dr. and Mrs. Bruce Hubbard returned to their home on Cherokee road Monday following a 10-day vacation that took them to Fort Worth and Longview, Tex., where they visited the Everett Houstons for several days. En route home they stopped in New Orleans and spent a few days at Natchez.

Visitors were Mrs. Nancy Gibson, Mrs. Naomi Hess, Mrs. Gertrude Theringer, Mrs. Jerome Haufman and Mrs. Lena Bain of Milford. The group will meet at Wilson School May 17.

Wife Should Sit at Head of the Table

Husband Ought to Explain Situation to His Mother

By EMILY POST

A reader tells me: "My husband and I have recently moved into our own home. My mother-in-law lives with us. When we were first married we lived with her in her apartment and naturally she sat at the head of her own table.

"Now that she has moved in with us, she still continues to sit at the head of the table. Doesn't this place rightfully belong to me? If so, will you please tell me how I can tactfully tell her son."

Answer: You can't say anything. But your husband can explain to her that it is not fair to him to let people think he and you are living in her house, which sitting at the head of the table plainly announces.

"Dear Mrs. Post: I was married 10 years when my husband died very suddenly. I loved him dearly and his death was a great shock to me.

"Now to add to my distress, a friend of mine tells me that I have to give up his name and also discontinue wearing my wedding ring or at least wear it on my right hand since I am no longer married. Will you please tell me if she is right?"

Answer: I have never heard of such a ridiculous opinion. You certainly have the right to his name — meaning you call yourself "Mrs. John," not "Mrs. Mary," and the wedding ring is certainly yours for life — or until you remarry.

"Dear Mrs. Post: May I invite some of my office associates to my wedding and not others without causing bad feelings? There are too many to ask all."

Answer: There can be no cause for bad feelings if these "some" are alone your personal friends. The invitations should, of course, be sent to their homes, rather than to the office.

'Monaco Night' Set

Birmingham Country Club will present a "Night in Monaco" Saturday evening at the club. Douglas W. Williams is chairman assisted by Charles J. Casey and Thomas D. Clohecy. Dinner will be served from 7 to 10 p.m. and dancing is scheduled from 9 to midnight.

Elaine T. Tefend became the bride of Charles L. Hurtubise Saturday at St. Joseph Church, Lake Orion. Mr. and Mrs. Benjamin C. Tefend of Lake Orion are her parents. Charles is the son of Mrs. William J. Hurtubise of Kemp street.

MR. and MRS. C. L. HURTUBISE

Elaine T. Tefend Speaks Her Vows in Lake Orion

St. Joseph Church in Lake Orion was the scene of the Saturday wedding of Elaine Theresa Tefend and Charles Louis Hurtubise. The ceremony was performed by the Rev. George E. Ging in the presence of 200 guests.

* * *

Elaine is the daughter of Mr. and Mrs. Benjamin Tefend of Lake Orion. Charles is the son of Mrs. William J. Hurtubise of Kemp street.

A gown of white silk shantung with a cotillion train was chosen by the bride. The Alencon lace bodice featured a tucked midriff. Her fingertip veil fell from a small crown, and she carried stephanotis with an orchid center.

Dorothy Sutt of Lake Orion was maid of honor. The bride's four sisters, Margaret Tefend, Delores Tefend, Mrs. William Riley and Mrs. W. J. Krueger, served as her other bridal attendants. Crocus yellow waltz-length gowns of chiffon were worn by the attendants, and they carried bouquets of daisies.

Kathleen Riley wore a white organdy frock for her duties as flower girl.

* * *

Lawrence Lyons was best man, and ushers were Frederick Hurtubise of Chicago, William Hurtubise, Patrick Brennan of Detroit and Jerome Vaverek of Lexington Park, Md.

Mrs. Tefend wore a beige linen dress with cocoa accessories for her daughter's wedding and Mrs. Hurtubise chose a navy blue faille dress with matching accessories.

The evening reception was held in the home of the bride's parents in Lake Orion.

* * *

When the newlyweds left on their wedding trip to the Laurentians, the bride was wearing a beige dress with patent accessories and the orchid from her bridal bouquet. On their return they will make their home in Pontiac.

Still others were Mrs. Steve Toth, Mrs. Julia Agazzi, Barbara Cirillo and Corrine Peters.

Season's Successes Reviewed

Group Enjoys Luncheon, Program

By DORA DAWSON

The Pontiac Tuesday Musicale Club brought to a close 33 years of activity when it had its final luncheon meeting and program of this year in the Terrace Room of Devon Gables Tuesday afternoon.

• • •

Opening with an invocation "God gave to you, God gave to me our music, the soul's own speech" sung by a quartet, Mrs. John Nicolls, Mrs. Gordon Woolcock, Mrs. Clyde Marshbanks and Mrs. Audrey Stimpert, accompanied by Mrs. Ferdinand Gaensbauer, the afternoon was filled with successes that made this a gala year, and marked the end of a two-year presidency held by Mrs. Paul A. Kern.

During the business session, with Mrs. Kern presiding, announcement was made of the completion of the fund-raising drive for a piano, the first new piano to be owned by the club. It will be purchased before the first fall meeting in October.

A double ribbon award, given by the National Federation of Musical Clubs, was presented to this club for its all-American music program at the Men's Night meeting in February. The award was presented to Mrs. Nichols, chairman of the Musicale Workshop, whose members gave the program.

• • •

A report on the convention of the State Federation of Musical Clubs held in Flint in April, and attended by Mrs. Ralph Norvell and Mrs. Woolcock, was given by Mrs. Norvell. Two state achievements mentioned were the completion of and payment for the Michigan log cabin lodge at Interlochen, and the finishing of the new music room in the hospital at Ft. Custer.

PIN PRESENTED

A president's pin was given to Mrs. Kern. This is a feature the club is inaugurating, in recognition of presidents and past-presidents as a token of appreciation.

• • •

Mrs. Kern then introduced Mrs. Woolcock, incoming president, who in turn introduced her officers and board members for the coming year.

The officers are Mrs. Norvell, first vice president; Mrs. Nicolls, second vice president; Mrs. J. B. Forman, secretary; Mrs. Collis Scott, corresponding secretary; Mrs. Basil Kimball, treasurer, and Mrs. Everett Russell, historian.

A program of marked musical ability and accomplishment was introduced by Mrs. John Thors.

• • •

Mrs. Martin Wager, cellist, played five compositions that showed the capabilities of this instrument in the hands of a highly trained musician. An allegro and spirituoso by Seneille, "The Hamadryad" by Mukle, "The Swan" by Saint-Saens, "Zigeuner" by Noel Coward and "Andalucia" by Lecuona displayed depth, beauty of tone and accomplished bowing.

SOPRANO SINGS

Mrs. Victor Lindquist, soprano, delighted the audience with five songs, well chosen to the timber and color of her voice, closing with Beach's "The Year's at the Spring" on a brilliant note.

• • •

Accompanying these two artists was another artist, Mrs. Addison Oakley, gifted in accompaniments that have a regard for every demand to support and add to the beauty of production, whether voice or instrument.

• • •

Mrs. Howard Marsh and Mrs. J. C. Walker were in charge of luncheon arrangements.

Beta Sigma Phi Chapter Elects New Leaders

Mrs. Walter Hiller was elected president of Phi Chapter Beta Sigma Phi sorority Tuesday evening at Hotel Waldron.

• • •

Serving with Mrs. Hiller are Mrs. Ray Slaughter, vice president; Mrs. William Killian, treasurer; Mrs. James Burlingame, recording secretary; Mrs. Clinton Richards, corresponding secretary, and Mrs. John Whitehead, City Council delegate.

A picnic was planned for the June 12 meeting, with Mrs. Hiller and Mrs. Cecil Elsholz serving as cochairmen.

Mrs. C. E. Ball spoke to members about rock gardens, giving pointers on summer care of flowers and their blooming time.

• • •

Mrs. Park Buchner will be hostess at the May 22 meeting with Mrs. Clinton Richards and Mrs. H. G. Richardson assisting.

Sorority Elects Gloria Rose

Officers were elected at the Tuesday evening meeting of Beta Mu Chapter, Epsilon Sigma Apha sorority. Virginia Flath opened her home on Winding drive for the meeting.

• • •

Gloria Rose will serve as president, with Pat Tatham as vice president; Norma Vaughan, secretary, and Joyce Mapley, treasurer.

During the business meeting members also approved the standard and local bylaws. Mrs. Frank Jalosky, Mrs. L. L. Scheifler and Mrs. Fred Baumgartner were guests at the meeting.

Refreshments were served by the hostess following the meeting.

Feted on Birthday

A surprise birthday luncheon was given Monday for Mrs. John Crawford at her home on Premont street. Guests attending the affair were Mrs. Arthur Robinson, Mrs. Newell Bowers, Mrs. Harold Smith, Mrs. Della Werth, Mrs. Jay Steward, Mrs. Vern Werth, Mrs. Russ Schuneman, Mrs. John Smith, Mrs. Ray Nielson and Mrs. LeRoy Addison.

Wife's 'Moods' Can Wreck Home

By JOSEPHINE LOWMAN

I believe that information and education concerning a woman's menstrual period, and its effect on her, should be an important part of all marriage counseling or preparation for marriage, for both the man and woman.

* * *

I am certain that the foundation for many divorces was laid, month after month, because of lack of information of this sort.

The guy marries a girl who has a sweet disposition. Suddenly she may become depressed, "weepy," sensitive, or completely unreasonable. The bewildered man doesn't know what is happening and so he lashes back.

Even worse, or as sad, very often the woman doesn't know what is happening either. She has not correlated her "mood" with the time of month.

* * *

This is not a superficial idea or article. Many intelligent couples mill through years without recognizing this factor. Month after month comes the "blowup." Month after month they say things to each other which they really do not mean but which are pretty bitter.

They are caught in a vicious circle, neither knowing why. Resentment builds up in both the man and the woman.

I am not suggesting that a woman take advantage of this situation. I am suggesting that if both the husband and wife are informed the woman will control herself to the best of her ability, and if she can't help blowing her top once in a while, if she is less gay and more sensitive, her husband will be sympathetic and understanding rather than bewildered and cruel.

* * *

If a woman recognizes this about herself she will not allow herself the luxury (perhaps penalty is a better word) of talking about anything serious or making any decisions at this time.

Even if she feels like tearing her hair and throwing books, she will remain quiet, waiting for four days hence. She will not even allow her husband to trap her into an argument of any kind, should he come home from the office tired or discouraged.

With two informed, understanding, sympathetic people, this can become a household joke rather than a household tragedy. The magic phrase is, "What is the day of the month?"

* * *

We can be sure that this is an important factor in happy living when the distinguished Dr. Joseph H. Morton, assistant physician and endocrinologist, New York Medical Center, says, "With the evidence of about 50 per cent of all menstruating women, pre-menstrual tension must be regarded as the commonest 'nervous' disorder of women." Some put the incidence even higher.

More tomorrow about this.

If a woman recognizes the cause of her emotional instability before and during menstruation, she will remain quiet—even if she feels like tearing her hair.

Margaret Helen Giesey Repeats Marriage Vows

A white satin princess-style gown was worn by Margaret Helen Giesey for her wedding to Robert Jean Ruggles Saturday morning at St. Benedict Church. The bridal gown featured long sleeves ending in points at the wrists.

* * *

Margaret is the daughter of Mr. and Mrs. Lawrence H. Giesey of Pinnock street. Mr. and Mrs. Robert Ruggles of Rochester are Robert's parents.

A coronet headpiece of sequins secured her fingertip veil of illusion, and she carried white carnations centered by a white orchid.

Mrs. Bernard Roach served as matron of honor wearing a coral floor-length gown of nylon. She carried a bouquet of maroon carnations. Bridal attendants Mrs. Hugh Ruggles and Betty Ann Giesey were gowned identically in shades of peacock blue. Their bouquets were of red and white carnations.

* * *

Rual Sanchez was best man, and seating the guests were Hugh Ruggles and Bernard Roach.

For the reception held in the Westacres Clubhouse, Mrs. Giesey wore a navy blue shantung dress with blue and white accessories. Mrs. Ruggles chose a beige dress with orchid accessories. Both mothers wore orchid corsages.

MRS. ROBERT JEAN RUGGLES

The bride changed to a navy blue suit with pink accessories for the wedding trip. Following a honeymoon in the Smoky Mountains the newlyweds will reside in Pontiac.

During the Revolutionary War, Irish soldiers probably made up about 38 per cent of the U.S. Continental Army, says the National Geographic Society.

Icky Sticky Goo Is OK on Hot Bread

Mrs. Bacon Uses White Corn Syrup for Pecan Rolls

By JANET ODELL
Pontiac Press Home Editor

There's nothing quite like fresh rolls. They add to any meal. Especially popular are warm, slightly sticky pecan rolls. Make them regular size for breakfast or luncheon, or try making miniature ones for dinner.

Mrs. Morton Bacon has a good recipe for these rolls. She thinks that the addition of corn syrup makes the sticky part just right.

Mrs. Bacon is the mother of three active youngsters, one a preschooler. She belongs to a church group and the Newcomers Club. Sewing and bridge are favorite leisure time activities.

STICKY PECAN ROLLS
By Mrs. Morton Bacon

2 cups lukewarm water
1 yeast cake
1-3 cup sugar
1½ teaspoons salt
1 beaten egg
6-7 cups sifted flour
4 tablespoons melted shortening

Add yeast, salt and sugar to lukewarm water and let stand until yeast is dissolved. Add egg and 3 cups sifted flour. Beat well.

Add melted shortening and 3 more cups of flour. Mix thoroughly and knead lightly to make a soft dough, adding more flour if necessary.

Place in a greased bowl. Let rise until double. Grease the top of the dough, cover with wax paper and a wet towel and place in refrigerator.

When ready to make rolls, remove dough from refrigerator. Allow at least 2 hours for rising. This recipe will make 3 pans of rolls.

Take a third of the dough and roll into a rectangle. Brush with melted butter, sprinkle with cinnamon and sugar and raisins, if desired. Roll up like a jelly roll and cut into slices about an inch thick.

Butter a pan and dot with small pieces of butter. Sprinkle with brown sugar and pecans. Drizzle 2-3 tablespoons white corn syrup over the bottom of the pan.

Place rolls, cut side down, on this mixture. Let rise. Bake 15-20 minutes in a 375-degree oven. Remove from oven and invert immediately on a plate or bread board.

The Rev. Michael J. O'Reilly of St. Michael Church celebrated the Nuptial Mass uniting Patricia J. Kroeplin and John L. Flanigan in marriage Saturday. Mr. and Mrs. Alex Kroeplin of Chamberlain street are parents of the bride. John is the son of Mr. and Mrs. John T. Flanigan of Edison street.

MR. and MRS. JOHN L. FLANIGAN

Patricia J. Kroeplin Wed in St. Michael Ceremony

Baskets of white gladioli, snapdragons and lilies centered with pink carnations decorated the altar of St. Michael Church Saturday when Patricia Jane Kroeplin and John J. Flanigan were married in a Nuptial Mass.

* * *

The Alex Kroeplins of Chamberlain street are the parents of the bride. John is the son of Mr. and Mrs. John T. Flanigan of Edison street.

The bridal gown was fashioned of Rose Pointe lace and tulle with a Queen Anne collar and long sleeves tapered to points at the wrists accenting the lace bodice. Center front and back panels of lace highlighted the bouffant skirt of tulle which extended into a chapel train.

A small pillbox headpiece of iridescent sequins secured her fingertip veil of illusion. She carried a cascade bouquet of white carnations centered with pink shattered carnations.

* * *

Jacqueline Kroeplin, sister of the bride, served as her only attendant. She was gowned in a white nylon dress accented by a print design of tiny aqua bows. The floor-length gown featured a bateau neckline, tiny cap sleeves and a hoop skirt.

She wore an aqua headpiece of flowers with a small nose veil and carried a cascade bouquet of pink carnations.

Mart Flanigan was his brother's best man, with Jim Flanigan and Robert Mountain as ushers. Bill Flanigan and Alex Kroeplin served as altar boys.

At the reception held in St. Michael Hall, Mrs. Kroeplin greeted her guests wearing a blue sheath dress with pink accessories. Mrs. Flanigan wore a navy blue sheath dress with matching accessories. Their flowers were pink carnations.

* * *

The bride changed to a powder blue linen suit with navy blue accessories and wore the corsage from her wedding bouquet when the newlyweds left on their honeymoon trip to Florida. They will make their home in Redford Township on their return.

PEO Sisterhood Holds Meeting at Emery Home

Twenty-four members and guests gathered at the Dixie highway home of Mrs. Ashton W. Emery and Marian Emery Monday evening for a cooperative dinner preceding the meeting of the Chapter AW, PEO Sisterhood.

Mrs. John H. Little, president, presided and Miss Emery, group chaplain, gave the devotions.

"Government in Michigan State Chapter of PEO" was the program. Mrs. Little and Mrs. William L. Miller, Chapter AW delegates to the 37th annual PEO State Convention at Kellogg Center, East Lansing, in April, gave reports on the convention.

Mrs. Mel W. Werden, Mrs. Walter Teeuwissen Jr., Mrs. Waldron Keasey, Mrs. Clark J. Morgan Jr. and Mrs. Max K. Fell were guests of the group.

* * *

The season's last meeting of the chapter will be held at the John Little home on Franklin road. Husbands will be entertained for dinner.

Hollywood Headlines:

Terry Moore Discusses Newest Film Assignment

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — Today, Terry Moore flew in from Venezuela with her bridegroom, Eugene McGrath. Tomorrow, she goes to 20th for discussion on "The Day the Century Ended," in which she'll co-star with Robert Wagner.

Terry told me at the time of her marriage, "I'm not going to let my career interfere with my marriage, and when Gene has to be in Caracas I'm going to be with him." So Gene probably will be here for a little while, because Terry has served notice that she's available for other pictures.

For a girl who had reams of publicity, both good and bad, Terry certainly has been quiet since her marriage and seems very happy with McGrath.

Frank Ross, who waited 11 years to make "The Robe," plans to get his new purchase, "Kings Go Forth," bfor th camras in——Forth," before the cameras in September.

Frank said today that he couldn't afford to pay the asking price for this novel by Joe David Brown, so he made a deal with the author which involves $500,000 and carries a split in profits.

Rosanna Rory, the blonde Italian beauty who came to Warners with much fanfare (and then didn't get an assignment), gets the lead with Errol Flynn in "The Big Boodle."

She leaves for Havana on May 14 to catch up with Errol and the rest of the company.

Very discouraged with her fate in Hollywood, Rosanna was planning to return to her native Italy where she had always been a star. But she is eager to prove that can do just as well in American movies so she jumped at the chance to make this picture with Flynn.

No girl likes to be idle, but I really believe May Wynn dislikes it more than anyone I know. She loves to work.

She's been emoting recently in TV but now she's back at the studio of her debut, Columbia, to make another picture. She is the leading lady in "White Squaw" which stars David Brian.

The last picture May made at Columbia was "The Road West" with the late Bob Francis, who also played opposite her in "Caine Mutiny."

Snapshots of Hollywood collected at random: Exactly nine days after their eldest daughter, Mrs. Richard Shepherd, had a baby and Edith and William Goetz became happy grandparents, their youngstest daughter Barbara (Mrs. Todd Clare) welcomed a 6 pound, 7 ounce daughter at Palo Alto.

Estelle Taylor is in the Good Samaritan Hospital for major surgery.

The Peter Ustinovs have welcomed their second child in Paris, a boy named Igor.

Talk from Rome is that Anna Magnini has taken up trumpet playing—the better to let off steam.

'Guys and Dolls' Episode Typical of Hollywood

After escaping injury in a brawl scene of Samuel Goldwyn's "Guys and Dolls," in which she had to duck flying chairs, fists, crockery and bottles, Jean Simmons suffered a painful injury in the following sequence, a quiet romantic scene with Marlon Brando.

The actress received a long gash in her right index finger when she grasped a hanging vine during filming of the song number, "If I Were a Bell." A nail securing the vine to a prop tree had become loose and its point tore along Miss Simmon's finger.

"Guys and Dolls" is comng to the Strand Theater here Friday, with no advance in prices. Pontiac is the third city in Michigan to show the picture.

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

Coach Buddy Parker said the other day that the Detroit Lions aren't eager about making any trades.

It could be that Parker is either overly optimistic with the crop of rookies coming up to bolster a last place ball club or just pessimistic about his chances of landing any player for what the Lions have to offer.

In either instance Parker would have sufficient reason to feel the way he does.

With the rookies like Hopalong Cassady, Don McIlhenny, Jerry Reichow and Canadian-transfer Tom Tracy bidding for backfield positions along with army returnees Gene Gedman, Yale Lary and Bob Bowman, the feeble running attack of 1955 could get a shot in the arm.

★ ★ ★

Cassady will have a big pair of shoes to fill, those vacated by the great little competitor, Doak Walker. Another spot one of the rookies or returnees will be fighting for, is Lew Carpenter's job, the team's leading ground gainer for the past two seasons.

BUDDY PARKER

Big Leon Hart will have to work a little harder to keep Bob Bowman from taking over the fullback's position, some competition which might just be the tonic needed.

The big "if" again is at quarterback. Bobby Layne's passing arm and Harry Gilmer's ability to guide the team aren't seen exactly up to snuff, leaving untested Jerry Reichow as the man of the hour.

★ ★ ★ ★

And if there's anyone who can forecast what Reichow will do, even Parker would be happy to know about it.

As for trades, one fellow over in Chicago Buddy would like to have is Ollie Matson of the Cardinals.

"They've got three great backs and if they get themselves a quarterback, no one will beat them," said Parker, speaking about the Cardinals.

Here's where the pessimism comes in. What could the Lions give, and who would the Cards take for Matson?

Well anyway Buddy has about four months to think about his woes before making camp, but in the meantime the Lions have 9,000 season tickets still remaining to be sold to reach that goal of 37,000.

DITTOS FROM THE PRESS BOX

Ray Null, the deposed athletic director at the University of Detroit, may learn this weekend how he stands as far as the job of Missouri Valley Conference goes. Artie Eilers, present commissioner of the MVC, is ready to retire within the year. The big chiefs of the conference are meeting Friday and Saturday at Tulsa with Eiler's successor as part of the agenda.

Area golf pros and assistants made an unusual pilgrimmage to Grand Rapids Monday. More than 30 went by chartered bus to play in the Memorial Tournament at Kent and Greenridge Country Clubs, the proceeds of which went to the families of the Grand Rapids pros presumed drowned on a hunting trip last Fall.

The affair raised $3,000. Gene Bone, the assistant pro at Tam O' Shanter said "it was a wonderful gesture and fine tournament."

Tam O'Shanter pro Warren Orlich also made the trip, along with Pete Cooper, Tommy Shannon, Paul Van Loozen and Wally Burkemo.

Baker Favored in 1st 'Heavy' Tourney Battle

Pittsburgh Bob Faces Chicagoan in Miami's Telecast Bout

MIAMI BEACH, Fla. (AP) — If Rocky Marciano still ruled as undisputed king of the heavyweight boxers, tonight's meeting between Bob Baker and John Holman would be just another fight, with no great significance attached to the outcome.

* * *

But, with Marciano in retirement, the bout has been magnified in importance as the first in the International Boxing Club's elimination tournament to pick a new champion.

* * *

Baker, the Pittsburgh giant, is rated third among the crop of heavyweight contenders and Holman, the plodding but powerful Chicagoan, is fourth.

Others who will figure strongly in the elimination series are Archie Moore, Tommy "Hurricane" Jackson and Floyd Patterson. Moore, the ancient head man of the light - heavyweight division, also is rated No. 1 among the heavies. Jackson is No. 2 and Patterson No. 5 in the heavyweight rankings.

* * *

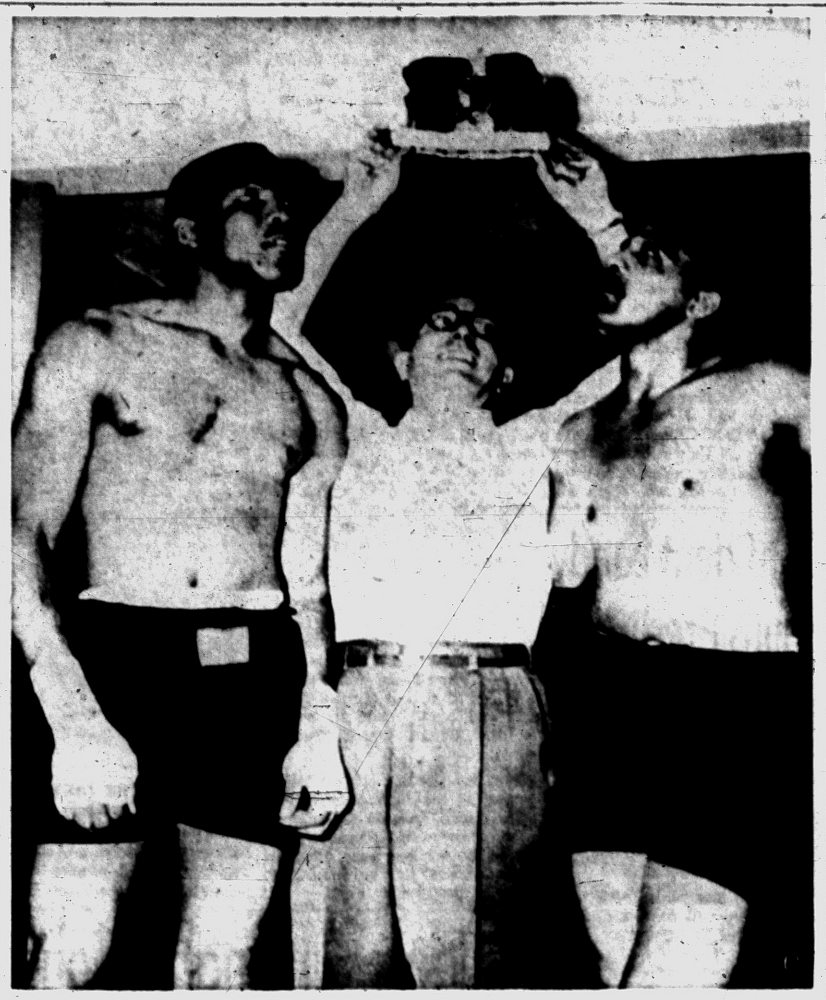
Scheduled for 12 rounds, the Baker-Holman match in the Miami Beach Auditorium will be televised nationally (ABC) starting at 9 p.m. EST. Promoter Chris Dundee expects a sellout crowd of 3,500 although the fight will be on local TV screens.

* * *

Baker, who claims to be in the best shape of his career at 210 pounds, is an 8-5 favorite. The last time Miamians saw Baker fight, in March 1954, he was stopped in the ninth round by Archie Moore. Baker weighed a sloppy 225.

St. Fred Golfers Win

St. Frederick's golf team scored a 4½-½ victory over Orchard Lake St. Mary Tuesday afternoon at the Pontiac Country Club. Dick Doyon of St. Fred was medalist with a 39 while Larry Charkowski fired 45 to lead the Eaglets. It was the 4th win in five starts for the Rams.



AFTER THE HEAVYWEIGHT CROWN—Bob Baker (right) of Pittsburgh, Pa., and John Holman (left) from Chicago, look up at heavyweight "crown" being held by Chris Dundee, promoter in Miami Beach, Florida. Both are considered contenders for title vacated by Rocky Marciano. They meet tonight in a 12-round nationally televised bout.

Bloomfield Golfers Trip Milford Squad

Compiling a 242 total against 269 for Milford in yesterday's golf match at Edgewood, Bloomfield Hills High school team squared its season's record at 2-2.

None of the Milford team carded under 45 for the 9-hole match, while the Hills team was led by medalist Bud Badger's 40. Jim Fuller and Jim Kearney of the Hills also were in the low 40s.

A match today, with Northville, at Edgewood, depends on the weather.

Bengals on Hit Spree to Snap Losing Streak

Harvey Kuenn Collects 4 Hits; Dick Marlowe Wins 1st Game

WASHINGTON (AP) — It's feast or famine for the 1956 Detroit Tigers. But club officials were wishing today they could find some way to put the Bengals on a more steady diet.

After three straight losses — two of them by a single run — the Tigers went on another batting spree here last night and crushed the Washington Senators 14-6.

The Detroiters smashed four Washington pitchers for 15 hits including two mighty home runs by Charlie Maxwell, the pride of Paw Paw and the Tigers' leading batter.

Behind 5-2, the Tigers broke the contest wide open in the 5th with eight runs. Steady relief pitching by Bud Black and Steve Gromek clinched the victory and the last place Detroiters moved up within a game of 7th place Kansas City.

* * *

Although the Tigers won handily, about the saddest man on the field was Al Kaline, the defending American League batting champion. Kaline went to bat six times and six times he failed to get a hit.

And in the big 5th inning, when 13 Tigers went to bat, Kaline had the dubious honor of making both the first out and the second out.

The big 5th went this way:

Harvey Kuenn, who collected four hits in five official trips, led off with a walk. Wayne Belardi, started at first base after his fine pinch hitting work, also walked and Bob Chakales took over from Dean Stone on the mound.

Kaline popped out but Ray Boone walked and Bill Tuttle unloaded the bases with a drive off the left field wall. Frank House singled over the drawn in infield, Maxwell singled and Buddy Hicks doubled.

That was all for Chakales. Connie Grob came on and walked pinch hitter Earl Torgeson to fill the bases again. Singles by Kuenn and Belardi brought in three more runs. Kaline hit into a force play and Boone ended it with a pop up.

Dick Marlowe, who pitched to only one batter after taking over from starter Duke Maas in the 4th, received credit for his first victory.

Paul Foytack will pitch tonight for the Tigers against Camilio Pascual.

Spahn in Form for Braves; Yanks Nip Tribe

By THE ASSOCIATED PRESS

Some of the boys in the know were hinting last season that Milwaukee's Warren Spahn had lost his speed, was over the hill. Well, the "old man" has news for 'em—he's back in business and his best pitch is the "most consistent fast ball," he's had in years.

* * *

The 35-year-old southpaw was 17-14 last season, after winning 20 or more games in six of the previous seven seasons. But the experts jumped to the wrong conclusion. The fire was gone from his fast one, but not because of age.

"My fast ball," said Spahn, "went along with my knee," which failed to respond after a midwinter operation. "That left me no choice. I couldn't throw hard and I only used my fast ball as a waste pitch. I had to get 'cute,' pitching to spots."

* * *

Spahn was a pretty swift cutie last night. He burned a three-hitter past the improved Pittsburgh Pirates, striking out 10 and walking only 1 for a 5-0 decision, his first of the season. It was his 35th career shutout, tops among active National League hurlers, and retained the Braves' slim (60 percentage points) lead.

The St. Louis Cardinals kept the pressure on, routing Robin Roberts to blast Philadelphia 9-1 while Cincinnati relinquished its share of second place in a 5-4 loss to the New York Giants. Brooklyn's champions snapped a three-game slump as Don Newcombe tossed a three-hitter to beat Chicago 6-0.

* * *

In the American League, three home runs gave the New York Yankees five straight and padded their lead with a 4-3 verdict over Cleveland. Boston took over second place from the Tribe, beating Chicago's White Sox 4-3 in 13 innings and Baltimore jumped into fourth, a game behind Cleveland, with a 7-4 job on Kansas City. Detroit perked up after three straight defeats to whack Washington 14-6.

Mickey Mantle, poking his 10th, Elston Howard and Hank Bauer knocked the homers for the Yankees, shelling Early Wynn to overhaul a 2-1 Tribe lead. Bauer's was the clincher as the Yanks made it 7-1 over their three main flag threats—Cleveland, Chicago and Boston. Young Johnny Kucks was the winner on a 10-hitter for a 3-1 record. It was Wynn's first defeat after three victories.

* * *

Dick Gernert, who homered for Boston's first run, singled home the winner off reliefer Millard Howell for the Red Sox, who got Frank Sullivan in trouble with six errors that meant three unearned runs. Rookie Dave Sisler won his second in relief.

Baltimore made it four straight, scoring five in the first off Art Ceccarelli. Hec Brown was the winner, but George Zuverink, making his 13th appearance and fourth in three days, worked the ninth.

EXHIBITIONS — Two of the country's top feminine pro golfers (above) will be seen in action at least once in the coming week, on an area course. They will also play in the big LPGA event at Forest Lake in June. Left, Mary Lena Falk, and Betty Jameson (right) have recently joined the Spalding staff and will give exhibitions at Birmingham CC Sunday, May 13 and May 15. They will also play at Lansing CC, May 12, University of Michigan May 14, area representative Bob McLaren announced today.

Americans Not Physically Fit

Research Shows U.S. Children Rated Last Among Major Nations

NEW YORK (INS) — American boys and girls rate last in the world on any physical fitness comparison with other countries, big or small.

George R. Patterson, physical director of the National Sports Council, said today that this was the finding of the council after years of research.

The survey produced the following International standing of major nations: (1) Switzerland; (2) Finland; (3) Germany; (4) Sweden-Norway; (5) Austria; (6) Italy; (7) Greece; (8) England; (9) China, and (10) United States.

Miss Bonnie Prudden, director of the institute of physical fitness, elaborated on the report by saying that in China and Guatemala, "where nutrition is poor, there was 32 per cent failure, in comparison to the 57.8 per cent failure among the boys and girls of our well-fed country."

President Eisenhower, alarmed over earlier reports that American youngsters were weaker than their European cousins, inaugurated a national physical fitness program which has been dormant since his heart attack last August.

Skippers Stingy on Runs

Waterford's baseball team continued its amazing string of scoreless innings Tuesday as Jerry Kruskie hurled a four-hit shutout to lead the Skippers to a 4-0 victory over Farmington.

* * *

Kruskie struck out eight and walked none in addition to driving in two runs with a pair of singles as the Skippers took over undisputed possession of 1st place in the Inter-Lakes Conference.

It was the 4th consecutive whitewashing tossed by Waterford pitchers and the 2nd by Kruskie. No one has crossed the plate against the Skippers in the last 34 innings.

Avondale blanked Fraser yesterday, 1-0, behind the four-hit hurling of Larry LaForge. The Jackets won the game in the 1st inning on a single by Larry Herron, a wild pitch, and a single by Jerry Hill.

Race 40 Nights

Trotters Begin Season

Racing season opens in Michigan tonight with the Trotters beginning a 40 night stand which will continue through June 23rd at the Wolverine Raceway, Schoolcraft and Middlebelt in Livonia.

Post time each night is 8:30 p.m. with nine races on tap each evening.

The track has been reported in top condition with new drainage installations, and according to Wolverine officials a record number of horses, 1,100 are on the grounds for the season.

Last year a total of 850 horses were at the track.

The Trotters are aiming to crack the $300,000 wagering barrier in one night. The record at the track for single evening was the $297,657 wagered in 1953.

Last year the best night showed $289,888 at the windows. This year the stakes for the season will reach $450,000 with the Merchants Manufacturing Trot June 7th and the Motor City Stake Race June 14th as the leading stake races.

An opening crowd of 9,000 is expected tonight.

'Imports' Hurt U.S. Chances

NEW YORK (AP)—U. S. colleges which recruit foreign stars to serve their own individual interests hurt America's chances in the Olympic Games, the president of the U. S. Olympic Committee said today.

"We bring over the best athletes of other countries, give them the benefit of our finest coaching and then watch them whip us in the Olympics," said J. Lyman Bingham.

Bingham, a tall, white-haired former hammer thrower who will lead the American delegation into Melbourne next November, said he thought the exchange of athletes was a splendid thing when done in the right spirit.

"But when our colleges start grabbing athletes just so they can excel in sports and boost their own gate receipts then we are getting into a shaded area," he added. "The other countries themselves resent it.

Bingham cited no specific examples, but there were dozens at his finger tips, the obvious case at the moment that of Jim Bailey, the sensational Australian miler.

BEST ATHLETE—Dick Woodworth, only athlete ever to coach three sports in the same year at Walled Lake High School, was honored as the school's outstanding athlete in a banquet for senior lettermen sponsored by the Rotary club. Dick captained the track, football and basketball teams.

Cranes Win on Three Fronts

Tuesday was a profitable day for Cranbrook athletes as they successfully brushed aside opposition in baseball, track and tennis.

Cranbrook's baseball team chalked up an easy 8-1 victory over Hamtramck on the Cosmos diamond.

Pete Bedford was the winning pitcher for the Cranes. Bedford took over mound duties in the 3rd inning after starter Bruce Richards was hit in the head by a thrown ball while running the bases.

The Cranes wrapped up the decision with a five-run outburst in the 6th stanza. Singles by Chuck Grube, Ralph Barbier and Dave Cooper, a double by Jim Grube, and two squeeze bunts accounted for the meaty inning.

Jim Grube paced Cranbrook's attack with a single and double for two RBI's. The win evened the Cranes' season record at 5-5.

Cranbrook's track squad defeated Orchard Lake St. Mary, 60-49. The Eaglets gained seven 1st places to Cranbrook's five, but the winners took most of the runner-up spots. It was Cranbrook's 7th win in eight meets.

Herb Stanton led Cranbrook with a win in the 440 and a tie for 1st in the high jump. Orchard Lake's Stan Majewski was the meet's high individual scorer with victories in both hurdles and the broad jump. Gerry Leszczynski of the Eaglets won the 100 and 220 dashes.

The Cranes decistoned Birmingham in tennis for the 2nd time this spring. Jerry Dobson, Bob Klein, and Jim Maas scored singles wins and Henry Beam, Bob Isbell, and Alex and Berry Smith posted doubles triumphs as the Cranes shut out the Maples, 5-0.

MSU Wrestlers Get Unexpected Coaching Help

EAST LANSING—Michigan State received some unexpected coaching help while training its candidates for the Olympic wrestling tryouts.

Khalil Taha, a former Olympic contendor from Lebanon, now works for the Ford Motor Co. in Detroit and is a member of the Ford wrestling club.

Taha came to MSU to train for the AAU bouts and won the 160-pound Greco - Roman championship.

While at State, he gave Spartan wrestlers some tips Greco-Roman wrestling, a classic style quite different from the freestyle grappling practiced in U.S. colleges.

Silver Lake Loop Begins

The Women's Silver Lake Golf League began the 1956 season Tuesday with 30 of its 36 members participating. Mrs. Loren Arns of Drayton Plains was the low gross winner with a 62.

Titan Nine Spoils St. Louis MVC Hopes

DETROIT (AP)—The University of Detroit squelched St. Louis University's hopes for an eastern division Missouri Valley Conference crown yesterday. Titans trounced the Billikens 9-3 in the second of a doubleheader after St. Louis blanked Detroit 6-0 in the opener.

Billikens needed both games to match Bradley's 7-2 conference record. Bradley now meets Oklahoma A&M for the conference crown and the right to represent the league in the NCAA playoffs.

St. Louis scored six runs in the 10th inning to take the opener. Detroit sewed up the nightcap with four runs in the 1st inning.

Horses Go on Auction

NEW YORK (INS) — Alfred Gwynne Vanderbilt, owner of Native Dancer, will sell 37 two, three and four-year-old horses from his racing stables at public auction May 21 at Belmont Park.

Ball Players Sought

Experienced softball players are sought for tryouts with the White Realty club of the Waterford Community League. Interested players should contact team officials at OR 3-4861, after 3:30 p.m.

Captured Track Title

Milford W-O Champ

Milford ran away with the Wayne-Oakland League track and field meet last night at Milford.

The Redskins won 11 out of 14 events and took five runner-up positions to leave seven other league foes far in arrears for the 2nd straight year.

Russ Gabler's thinclads piled up 87 points to outdistance 2nd place Keego by 60 points. West Bloomfield scored 27 points, Clarkston 22 11-12, Holly 19, Northville 13¼, Clarenceville 11, Brighton 10, and Bloomfield Hills 7 5-6.

Sprinter Lee Averill personally accounted for 15¼ points to lead the way as usual. Averill won the 100 and 220 dashes, took 2nd in the broad jump, and led off the winning 880 relay team.

Bob Kauppi set a new school record in the low hurdles with a time of 21.6. Other Milford wins were scored by Jim Davidson in the high hurdles, Delno Munson in the quarter-mile, Jerry Van Rossen in the pole vault, and Andre Lavoy in the broad jump.

Milford's Jim Green won two events, the high jump and shot put. It was Green's 1st effort in the high jump since his automobile accident early in the season. Milford took the medley relay and established new field marks in both relays.

Robert Hawley of Holly was the winner of the quarter-mile (2nd heat), Morgan of Brighton won the mile run, and Shultz of West Bloomfield took the half-mile.

Keller, Bateman Honored at St. Michael Banquet

St. Michael paid tribute to its athletes Tuesday night when the school's annual all-sports banquet was held in the parish hall.

John Keller, who holds all basketball scoring records for the Shamrocks, and Margaret Bateman were recipients of the Steve Griffin awards, presented to St. Mike's most valuable athletes. Rev. Roman Narkun, former athletic director at St. Michael, made the presentations.

Small trophies and letters were awarded to boys in football, basketball, baseball and track. Coach Bob Mineweaser presented the awards. Miss Josephine Rouse gave trophies and letters to girls for basketball and cheerleading.

Sam Madden, physical education administrator of parochial schools, presented a trophy to St. Michael for its basketball co-championship with St. Benedict.

* * *

The guest speaker was Burt Smith, line coach at Michigan State University, who showed films of the 1955 MSU-Notre Dame football game. Edgar Hayes, sports editor of the Detroit Times, was toastmaster.

U.S. Linksters Crush Canada in PGA Match

FORT WORTH, Tex. (AP)—They called the U.S. team that crushed Canada in the International PGA matches the strongest of all today and the two captains concurred heartily in that opinion.

Led by National Open champion Jack Fleck and the talented Tommy Bolt, the United States beat its northern neighbor 21-6 in the matches that ended here yesterday. The U.S. linksters triumphed in the singles 15½-2½, not allowing Canada to win even one. The day before Bolt and Co., had forged to a 5½-3½ victory in the four-ball matches.

* * *

"It is the strongest team I've played on and I've played on all of them," said Captain Cary Middlecoff of the United States. There have been five matches and the United States has won them all.

"It is the best team the United States ever has had," said Al Balding, captain of the Canadians. "We had our best team, too."

* * *

Fleck and Bolt each shot 1-under-par 69 over the 7,100-yard Colonia Country Club course for the finest rounds. They won $50 each for having the lowest score. For Fleck it was particularly gratifying. The man who won the National Open last year by beating the great Ben Hogan and hasn't won anything since was the star of the singles matches.

Fleck had only 25 putts and had 11 one-putt greens. He declared that it was the best putting he ever had done—even better than the second round of the National Open when he had 26 putts.

* * *

Bolt beat Balding 3-2 to win 2½ points to ½ in the feature match. Fleck defeated Jack Kay 3 and 1 and won three points to none.

Middlecoff beat Gordon Brydson 3 and 1 and earned the full three points.

Gene Littler downed Stan Leonard 1-up and won 2½ points to ½. Mike Souchak defeated Bill Mahwinney 3 and 2 and won 2 points to 1. Ted Kroll beat Murray Tucker 2 and 1 and made 2½ points for the United States. Tucker got ½.

John Jay Hopkins of New York, founder of the International Golf Assn., which sponsors the matches, contributed the Hopkins Trophy to the winning team. Hopkins also announced that he would give $1,000 to the Olympic Fund.

HITTING THE DIRT — Second baseman Bobby Avila of the Cleveland Indians kicks up the dirt as he slides into third with a stolen base in the game against the New York Yankees yesterday. Yankee third baseman Andy Carey took a late throw from catcher Yogi Berra and umpire Nestor Chylak calls Avila safe. Avila scored later, but the Yanks still won, 4-3.

Secrets of Better Golf

By Patty Berg

(19th of a Series)

Putting appears to be such a simple thing that a great many players fail to place the proper emphasis on it. To realize its importance, keep in mind that on a regular par 72 course, half the strokes are allotted to putting.

Lining up your putt is as important to your shot as the stroke itself. No matter how well you stroke the ball, it is impossible for it to go into the hole unless it is aimed directly.

Each green on the course is slightly different from the other, so approach each putt as a brand new challenge. The slope and roll of the green will help you determine how to stroke the ball.

Stand behind your ball and bend down slightly so you can study the course of your ball. From this vantage point, you can determine whether you have a downhill, uphill or fairly level putt.

If it is slightly downhill, you will stroke the ball with less force by shortening your backswing. In going downhill, the ball naturally gains speed after leaving the clubhead.

If the grass is deep green in color, you are putting against the grain. In putting against the grain, stroke the ball a little more firmly; in putting with the grain stroke slightly more gently.

The important thing to remember in lining up your shot is to decide how you are going to stroke the ball. Do not dwadle over your decision so as to slow play. Remember, only one of two things can result—it will either go in or stay out of the hole.

Line up your putt from behind so you can study the roll or slope of the green. Decide on how to play the ball from this position.

Confident Landy Shuns Prediction

Hopes to Do Better at Fresno Than in Recent LA Trial

SAN FRANCISCO (AP)—He does predict he'll win, but John Landy doesn't want to guess just yet how fast he'll run his mile race at Fresno on Saturday night.

Says the Australian who holds the world record for the distance at 3 minutes 58 seconds:

* * *

"I'd like very much to run better than last week but it is very hard to say. I figure that I may, perhaps will, but it depends on the track and other conditions."

* * *

Landy, who ran 3:58.7 although beaten by a stride last Saturday by countryman Jim Bailey at Los Angeles, will face a field of five including Villanova's Ron Delany. Bailey has a date with his University of Oregon team in a Pacific Coast Conference affair. So Delany of Ireland appears the top foe. Landy says of him:

"He's young and he's good, there's no doubt about it. But I don't think he can beat me."

This week the Australian has eased up on his strenuous workout schedule and plans only light drills.

Clawson Keg Victory at ABC Not Enough

ROCHESTER, N.Y. (AP) — The American Bowling Congress tournament continued to roll on today like Old Man River with another group of keglers plunging in for a chance to overtake the leaders.

* * *

Leo Moran and Joseph Banyas of Hazelton, Pa., scored the day's best in the doubles with 1,191. The leaders are Bill Lillard and Stan Gifford of Chicago, who shattered 1,331 pins March 25. Lillard also tops the all-events with 2,018.

* * *

The Clawson Quick Auto Wash team of Clawson, Mich., polished off their competition last night with 2,795 on games of 912, 902 and 981, but their total was far behind the 3,092-posted by the leading Falstaff Beer of Chicago.

Rides Five Winners

SAN BRUNO, Calif. (AP)—Ismael Valenzuela, leading jockey at Tanforan, rode five winners yesterday to run his total to 61.

He also had one second, a third and an also ran in the eight races. His winners were Little Pig $4.30, Alcodon $3.60, Waltz Lark $12.30, Frappe $4.80 and Mani Sweep $3.80.

Ray Robinson has been middleweight champion three times.

Dodgers Finding It Tougher in NL

CHICAGO (AP)—Either the National League is tougher or the Brooklyn Dodgers aren't as strong as they were last year but in any case, the world champions refuse to concede a thing.

"They all look good when they beat you," said Brooklyn Manager Walt Alston. "And we've been getting beat. But I'll stick to what I've been saying all spring — if we get the pitching we'll win."

* * *

Alston got a lot of pitching yesterday when Don Newcombe shut out the Chicago Cubs 6-0 on three hits for his fourth straight triumph in five decisions. Unfortunately for Alston, no other Dodger pitcher has been as effective as Newcombe.

By facing the Cubs, Brooklyn now has met every team in the league and, so far, Pittsburgh, Milwaukee, Cincinnati and St. Louis have impressed Alston while the Dodgers have dropped seven of their last 10 games.

"Milwaukee hasn't played enough as yet," said Alston, "But Pittsburgh, Cincinnati and St. Louis gave us a going over. I don't know if the other teams are that much better or we're that bad. I guess it's a little bit of both."

Reminiscing on last year's start when the Dodgers won 20 of their first 22 games to all but wrap up the pennant, Alston expects no such deeds from his athletes.

* * *

"I don't know how many we can win in a row but don't look for any 20 of 22," Alston said. "That's too much to ask of any team in any league. We've looked bad at bat and our pitching has been good and bad."

Alston pointed out that Jim Gilliam is the only Dodger hitting "around .300" and Roy Campanella's being out with injuries hasn't helped. But Alston expects Campy to "be ready in a couple of days."

* * *

As for pitching, "Newcombe and Labine (Clem) have been real good," said the Dodger pilot. "Erskine (Carl) has pitched good although he's been beaten and Craig (Roger) and Drysdale (Don) have been good and bad. Newk threw less than a hundred pitches today and I don't think he was behind more than one or two batters all day."

All-America Preps

Cross, Keavy Win Honor

Consistently fine performances in the 100-yard breast and back strokes during the 1955-56 swimming season has again brought All-America honors for two Pontiac High School tankers. Coach Robert (Des) Boyce today announced receipt of the current standings, determined by the National Interscholastic Swimming Coaches' Assn.

CROSS

Tom Cross, senior backstroke swimmer, senior class president, and Bob Keavy, senior breaststroke performer, were honored for the 2nd straight year. Keavy was rated 9th, for his 1:03.5 effort, while Tom was 16th in his specialty, on a 1:02.2 mark.

They were named last year on efforts as members of the medley relay team.

Cross holds the PHS pool record. Keavy set a new mark here early in the season that was erased later by Arthur Hill's Art Manwell, also on the select list. Manwell set the mark at 1:02.2.

KEAVY

Both boys were praised today by the Chiefs' mentor. "It isn't too often that we get All-Americas, and we're delighted with the ratings. Both Tom and Bob are fine boys, outstanding in other school affairs as well as in swimming," Boyce said.

Tom and Bob plan to enter University of Michigan next fall, and both hope to swim for the likeable Wolverine coach, Gus Stager.

Junior High Track Starts

Defending champion Jefferson meets Washington and Eastern faces Lincoln when the Pontiac Junior High League track season begins today at Wisner Field. Both dual meets start at 4 p.m.

Dick Craig's Warriors are expecting stern opposition from Don Kelly's Washington Braves, the squad Jefferson dethroned a year ago. Another close battle is anticipated between Larry Sherwood's Lincoln team and Eastern, coached by John Andrews.

The junior high thinclads have been holding nightly workouts in preparation for the new season. Madison Junior High School will not compete on the cinders this spring.

Schedule:

Today—Washington vs. Jefferson, Lincoln vs. Eastern, 4 p.m., Wisner Field.
May 16—Eastern vs. Jefferson, Lincoln vs. Washington, 4 p.m., Wisner Field.
May 23—Eastern vs. Washington, Lincoln vs. Jefferson, 4 p.m., Wisner Field.
May 31—Junior High League meet, 1 p.m., Wisner Field.

Birmingham Golfer Paired in Britain

ST. ANDREWS, Scotland (AP) — W. H. Pettibone of Royal Oak, Mich., will have his first round match against Joe Carr of Dublin in the British Amateur Golf Championship at Troon, Scotland, May 28-June 2. Carr is the 1953 champion.

Other pairings announced yesterday include Tom Draper of Birmingham, Mich., against Michael Burgess of England.

Early round matches are 18-hole affairs but beginning with the quarter-finals they will be at 36 holes.

Titan Tennis Star Seeded in Tourney

DETROIT (AP)—Tennis ace Earl Clark Jr. is the University of Detroit's chief hope when the Titan tennis, golf and track teams compete Thursday, Friday and Saturday in the Missouri Valley Conference championships at Tulsa, Okla.

Clark has been seeded No. 2 in the tournament behind defending champion John Been of Houston.

One unusual twist to the program is the fact that Detroit will enter a six-man unit in track competition, although the Titans have not taken part in a single track meet this spring.

'Best Athlete' Citation Goes to Woodworth

Dick Woodworth, the only Walled Lake High School student to captain three sports in the same year, received the citation of "best athlete" at the Rotary Club's all-sports banquet for senior lettermen Monday night. Athletic director Tom Evans presented the medal to "Woody."

Woodworth's name will be engraved on a plaque which is mounted in the gym lobby of the high school. Dick has earned four letters in track, three in football, and two in basketball, the three sports he captained this year. He is also president of his class and an above average student.

Martinez Victor Over 'Wild Man'

PHOENIX, Ariz. (AP)—Vince Martinez of Paterson, N.J., stayed out of trouble for 10 rounds, ducking the wild attack of Dick (Mad Man) Goldstein of Los Angeles, to win a unanimous decision Tuesday night.

* * *

Both fighters weighed 148 for the outdoor scrap at Phoenix municipal Stadium. Martinez scored the only knockdown.

* * *

Martinez, fourth-ranked welterweight, oppened early with swift left jabs to Goldstein's head and had partially closed the Los Angeles fighter's right eye by the middle of the fight. Goldstein, nicknamed "Mad Man" for his wild and unorthodox style, was still game in the final round with volleys that got nowhere.

Back Later Opening

Might Help Produce Better Trouting

By JACK PATTERSON

With trout fishing off to a slow start this year it can be expected that advocates of a later season opening will have plenty to say. In fact we've heard quite a bit already. May 15 seems to be the preferred date for a setback opening. Actually there is much to be said for the May date. Weather is much more certain to be decent. Water temperatures have let go most of their paralyzing tendencies and fish are feeding avidly, and are in good condition.

PATTERSON

* * *

Along with the wish for a later opening often goes the corollary that the season should stay open another week or two in September. Probably conditions are at their season peak for the fly fisherman in late September.

Only trouble is that some interference with spawning would undoubtedly result. How serious this would be could only be determined by experiment. As far as we're concerned it would be worth a try.

Night temperatures in the 20s are not warming northern trout streams any. Good fishing is still a week or so off, unless there's a sudden, permanent change for the better.

* * *

Northern trout lakes continue to produce satisfactory fishing — if lake fishing for trout can be considered a satisfactory business. Many people are sold on it of course, and it is a fairly easy and often productive method of taking trout.

* * *

We are not talking here of Canadian trout fishing, which often is in lakes or not at all. We're talking of fishing artficially stocked Michigan lakes. To the stream fisherman a fellow who spends his time pulling planted fish out of lakes is an object of deep suspicion. He might even be one of the fallen—barred forever from trout fishing's inner circle—who spends his summers fishing for pike.

Oakland County's "trout" lakes are something else again. The local trout fisherman is in somewhat the same position as the golfer who is faced with the choice of playing a pitch-and-putt course or not playing at all.

There are some local streams, of course, that have trout in them but to call them trout streams would make as much sense as saying that a newspaper is an axe-handle because both are wood products.

Assuming, then, that we want to catch a trout that has forgotten its humble beginning and has shaken off its tarnished hatchery background, and we want to catch it locally. We will pretty much have to settle for a rainbow and resign ourselves to catching it from a lake—although a certain stretch of the Clinton River produces a fair fish now and then.

Because of the late spring, county rainbow lakes have produced very poorly. At first glance this might seem a sad state of affairs. Actually it might turn out to be the nicest thing that's happened to fishermen in a long time.

Being creatures of habit, fishermen have been fishing fairly deep. From observation we are convinced that the trout are still in shallow water, where they are easy to get to.

Warm years find them well on their way to deep-water summer pastures by opening day. This year should be perfect—right now, in fact—to take them where trout should be taken from—water with a visible bottom. Under such conditions it's almost like trout fishing.

Shooting School Dates June 2-9

Expect 400 to Take Part in 10th Annual Event at Lapeer

Plans have been completed for the tenth annual shooting school at the Williams Gun Sight company's range, at Lapeer. This school, designed to instruct boys and girls in safety and care of guns, sportsmanship and conservation, expects to have an enrollment of 400 or more on June 2 and June 9.

Enrollment is now under way. There is no cost, except for ammunition. Enrollees should take their own 22 caliber rifles. However, any one who does not have a rifle, may use one of those sent to the range by the sponsoring firm.

Parents are invited to attend the sessions with their youngsters.

Shooters will vie for a dozen fine trophies (three in each of four classes). Classes are divided according to age and experience.

Last year's champion was Pontiac's Nancy Newman, now a valued member of OCSC and other rifle clubs.

OCSC Gunners Sweep Match With M-L Club

Shotgunners of Oakland County Sportsmen's club matched shots with a picked team from Multi-Lakes Conservation club over the weekend, both at straight traps and skeet.

* * *

OCSC defeated the visitors in every match, fired in a strong wind that made scoring difficult and added to the fun of friendly competition.

A team of OCSC skeeters, sparked by Homer Cross' pair of 24s, downed the Multi-Laker's first team, 212 — 195. Other OCSC members of this team were, Milton Stevens, 19-15; Harry Barnes, 24-23; Jack Leidgen, 21-19; Oliver Le(Red) LeMeaux, 20-23.

J. Redford was top scorer for the visitors with a pair of 22x25s.

In a 25-bird match, another team of OCSC shooters, led by Jack Greathouse's 24, squeezed by a team of Multi-Lakers 91 to 90. Lloyd Sibley, 17; William Benke, 15; Orb Wilkins, 21 and Tom Moffat, 14, were other members of the OCSC team.

* * *

D. Disler's 22 was the best score fired by the visitors.

In a 50 target match over the straight traps OCSC shooters broke 204 targets to Multi-Lakes 195.

On May 20 OCSC will invade the Multi-Lakes layout in an effort to repeat their win.

Non-Hunting Causes Kill 41,000 Deer

LANSING (AP) — More than 41,000 deer died from causes other than hunters' guns last year, the state conservation department reports.

Losses through causes other than hunting were estimated at 32,500 a year ago.

Starvation took the lives of an estimated 16,600 deer, an increase of 11,180 over the number which starved a year ago.

Other losses: 5,680 shot illegally, 3,420 killed by dogs; 1,080 through accidental deaths; 14,870, cause unknown.

Olympic women's track and field events were started in 1928.

Stream Lampreys Inoffensive Kind

Lamprey eels, seen in Stoney Creek at Greenschield and M24, yesterday, by a Pontiac trout fisherman, apparently are the inoffensive kind known as chestnut lampreys. John Lee, 81 East Sheffield, the angler, who took one 9-inch brookie from the stream, reported seeing a large cluster of the eels attached to a rock in a shallow portion of the creek. They were from 6 to 10 inches in length, he said.

Drayton Plains hatchery personnel said the eels, as described by Lee, apparently were of the chestnut variety, harmless to trout. It would be practically impossible for the voracious sea lamprey to get up into this stream, hatchery men say.

Pennsylvania has lost 18 straight football games.

Lapeer Anglers Find Lampreys on Many 'Bows

Heavy Infestation Reported for Fish in the Manistee

At least three area trout fishermen are wondering how the lamprey eels got into the Manistee River, and to what extent the infestation has gone.

Fred Baucom, Johnny Whitehead and Clay Martin of Lapeer made a week-end trip to the highly-favored Manistee. They took some 30 trout among them, including a number of rainbows.

All of the 'bows, Baucom reports, carried from one to four or five of the young lamprey killers. Others also bore scars of previous attacks. The young eels, Baucom says, were from four to six or seven inches in length. The party killed more than a score of them.

"It's a peculiar thing," says Baucom, "but those eels were found only on the rainbows. We didn't take a brown or brookie that was carrying a lamprey."

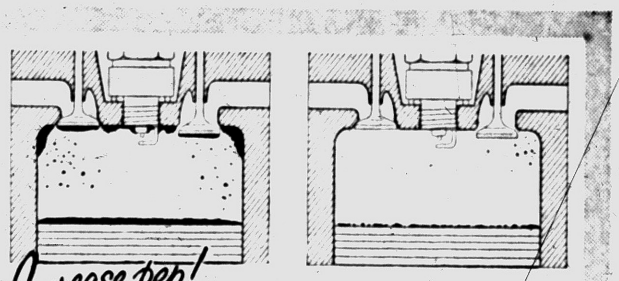
Both drive out engine dirt . . . NOW!

Car power dwindles when harmful deposits form in combustion chambers. Ashland detergent gasolines attack the binder of these deposits. Result: harmful engine dirt is driven out—while you drive!

Whether your car is new or old, get the powerful difference when you get an Ashland detergent gasoline. Get increased power, pep, and performance because Ashland detergent gasolines make engines run better than ever before.

Whichever your car requires—Ethyl or regular—buy only Ashland gasolines. *Both are detergent.*

Drive with a *non-detergent* gasoline, and you can expect harmful deposit build-up, decreased power, less pep.



Increase pep! Ashland detergent gasolines go to work *fast* on these harmful engine deposits, driving 'em out the exhaust pipe while you drive.

UM Studies Use of Closed Color TV in Med School

ANN ARBOR (INS) — A University of Michigan, spokesman states use of closed circuit television to combat overcrowded classrooms is "not too far-away."

* * *

The closed circuit is expected to take the place of amphitheater classrooms for medical students. A device will be installed so questions can be asked during televised operations and other classes, with the doctors giving the answers over the air.

The School of Dentistry and one other school as yet unnamed are expected to use the method along with the College of Medicine.

* * *

University spokesmen said the aid of televised education could conceivably result in a doubling of enrollment by 1970, bringing total enrollment to about 50,000 students.

Old Soybeans Break Sharply

CHICAGO (AP) — Old crop soybeans broke as much as 10 cents, the limit permitted in a single session, as heavy liquidation swept over the bean pit on the Board of Trade today.

* * *

The break in these futures unsettled some other grains. Old crop corn was quite weak. New crop soybeans and corn also declined. Wheat held up quite well, distant deliveries making small gains.

After tumbling the 10-cent daily limit, old crop soybeans rallied a couple of cents, with trading continuing very active and nervous.

* * *

Wheat near the end of the first hour was ¼ to 1⅛ higher, May $2.25¼; corn 1 to 2¼ lower, May $1.49¼; oats ⅜ lower to ⅛ higher, May 66; rye ½ lower to 1 cent higher, May $1.26¼; soybeans 2 to 8¼ lower, May $3.11, and lard 37 to 52 cents a hundred pounds lower, May $12.85.

Chrysler Idles 6,200 in Detroit, Evansville

DETROIT (INS)—Chrysler Corp. yesterday announced new layoffs and the 6,200 employes affected will be the first auto workers elegible for supplemental unemployment benefits when the revolutionary plan starts operating June 1.

* * *

The layoffs, attributed by a Chrysler spokesman to "adjutsments in production schedules," bring to 38,200 the number of the firm's employes now idle.

The employes, laid off at the end of yesterday shifts, work at Chrysler plants in Detroit and Evansville, Ind.

* * *

The Chrysler-United Auto Workers jobless pay plan stipulates that to be eligible for benefits the employe must have been laid off on or after May 2, 1956.

2 Men Stand Mute on Stickup Charges

Charged in the attempted toy-pistol stickup of a printing company May 1 at Egith Mile road and Grand River, two brothers yesterday stood mute at arraignment in Oakland County Circuit Court.

Poultry

DETROIT POULTRY

DETROIT, May 9 (AP)—Prices paid per pound f.o.b. Detroit for No 1 quality live poultry up to 10 a.m.

Heavy hens 28-30; light type 19-20. Heavy broilers or fryers (3-4 lbs): Whites 25; gray crosses 24-25; Barred Rocks 25½-27. Caponettes (4-4½ lbs) 28, (5-6 lbs) 30-31. Breeder turkeys, heavy type hens 39; toms 31.

Market about steady. Heavy morning rains restricted normal market activity and over-all trade generally slow. Liberal supplies of hens more than adequate for a very selected demand, although in some instances the more desirable medium sizes were short of requirements. Fryers in fair demand with Barred Rocks clearing readily. A fair to good demand existed for caponettes. Tom and hen turkeys in only fair movement.

CHICAGO POULTRY

CHICAGO, May 9 (AP)—Live poultry: Steady on hens and young stock, fully steady on caponettes; receipts in coops 716. Rails Strong in Higher Mart

NEW YORK (AP)—Railroads were fairly strong today in a moderately higher stock market.

* * *

Gains in the early afternoon weren't extensive and went to between 1 and 3 points among leaders. Losses amounted to about a point at the outside.

Trading was never rushing, except right at the opening, and business amounted to something like 2,300,000 shares for the day, on estimate. That compares with 2,440,000 shares traded yesterday when the market was lower.

Railroads, which were strong yesterday, added good amounts today but without any special activity. The steels were active and mostly unchanged to higher.

Motors were quite mixed with attention focused again on Studebaker-Packard. The stock was the day's most active issue Monday and Tuesday with a net gain of ⅞ and today it opened on 3,000 shares up ⅛ at 9⅛. Thereafter it fluctuated in a narrow range.

Cause for the excitement about the company are a flood of Wall street rumors and denials linking the auto company with various concerns, chiefly with Curtiss-Wright. Today Curtiss-Wright said there were no plans for a merger. Curtiss-Wright remained steady at around 34½.

Southern Production Co. had a great flurry of trading in the second hour and shot ahead 3¼ at 43½. The stock has been active and higher for the last two weeks.

Father Will Testify in Son's Fatal Beating

OWOSSO (AP) — Doctors say Ledren Dewitt is able to testify in his own defense in the fatal beating of his 4-month-old son during what police said was a fit of temper four weeks ago.

* * *

Two doctors testified at a sanity hearing in Circuit Court yesterday. However, they could not say whether the 42-year-old Durand railroad worker was sane at the time of the killing. They said Dewitt apparently could not remember details of the actual slaying.

Vehicle Output Dips to 135,574 for Week

Motor vehicle production in the U. S. totaled 135,574 for the week ending May 5, according to figures released today by the Automobile Manufacturers Assn.

General Motors passenger car output for the period was pegged at 55,986, compared with 66,024 for the previous week. Other totals: American Motors, 1,593; Chrysler Corp., 18,355; Ford Motor Co., 34,516; and Studebaker - Packard Corp., 2,183.

All were decreases in comparison with the week ending April 28, the association reported.

Pontiac's production for the week reached 5,720, compared with 6,299 for the week previous. General Motors Truck produced 1,982, against 2,034 the week before.

Butch Comes Out Second Best in Tussle With Cow

Things won't be the same today around the Country View Inn, Pontiac Township, as "Butch," 13-year-old dachshund pet of owner Charles Nuzum, was killed yesterday.

"Butch" was butted by one of the cows on the inn property while Nuzum stood a short distance away.

The pet was known by all the customers of the inn as a constant companion of Nuzum and a watchdog of the building.

Broken-hearted Nuzum, a bachelor, had funeral services, complete with casket, this afternoon for "Butch."

Shipping Lane Opened at Mouth of St. Clair

DETROIT (AP) — The shipping lane at the mouth of the St. Clair River was clear today for the first time since the collision of two freighters on April 19.

Detroit Coast Guard authorities said last night the A. M. Byers, a 504-lime-stone carrier, has been moved to the Canadian side of the channel. The Byers sank in 27 feet of water after colliding with the E. M. Ford.

Shipping traffic since then has been hampered.

The Byers will be towed to dry-dock for repairs.

Williams Asks Defense Contracts for 7 Cities

LANSING (AP) — Gov. Williams today asked President Eisenhower to give Detroit and six other Michigan communities special consideration in awarding defense contracts.

He asked that the areas be designated "surplus labor" areas to counteract mounting unemployment.

Williams said 125,000 persons are unemployed in Detroit and 65,000 are out of work in other parts of the state.

The "surplus labor" designation was sought for Detroit, Port Huron, Escanaba, Iron Mountain, Marquette, Benton Harbor and Flint.

A Police School will held Thursday at 7:30 p.m. at the Oakland County Jail. All depties are expected to attend the meeting, according to Sheriff Frank Irons.

Business Notes

John L. Hartl Jr. has been appointed manager of air cargo sales for Detroit by sales officials of the Pan American World Airways, according to District Manager J. P. Smith Jr.

A native of Green Bay, Wis., Hartl last year was honored by the Market Research Council of New York when a marketing survey he submitted won first place in national competition.

"Leading American rough-riders" were invited to Australia to compete in an international rodeo stampede scheduled early in 1956 for Melbourne's Moomba Festival.

Price Tag Still Top Factor

Auto Firms Stress Safety, but Must 'Sell' Drivers

By DAVID J. WILKIE
AP Automotive Editor

DETROIT (AP)—The average new car buyer is interested in the auto industry's newest safety features, but he is more interested in the over-all price tag on the car and the trade-in allowance on his used car.

* * *

This is indicated in numerous informal surveys regarding the demand for the auto industry's latest devices designed to curb highway fatalities and serious injury. Lap belts, safety door locks and crash padding are among the major advances in safety design developed by the automakers.

But, while there is increasing demand for the belts there has been no wild rush to have them installed either in new or old cars. Whether lap belts alone provide the maximum of safety still is argued among industry authorities. Some say to be really effective shoulder harnesses also are needed.

The safety experts advocating seat belts say they reduce injury by preventing the motorist or car passenger from being thrown violently from his seat and that the unyielding door locks even prevent him from being tossed out of the car in a crash.

The car industry's interest in seat belts brought belt makers into the market. In some respects the mushrooming of belt makers resembled the rush of early day car makers to get into production.

An estimate of the number of safety belt makers now in business puts the total at around 100. And tests made by various agencies showed that more than half of the belts produced failed in some respects to meet the minimum strength or installation requirements recommended by the auto driving safety organizations.

These organizations point out that belts attached only to the seat back or to the sheet metal flooring of the car offer little security. They have to be fastened to the frame or other part of the car that will withstand the impact of any kind of a collision.

Beyond this, however, the belts offered by all car makers still are optional equipment items. The average motorist buys a lot of optional equipment with his new car. But the equipment mainly is of the comfort and convenience type.

And even after the belts have been bought there is considerable reluctant on the part of the car owner and his passengers to use them. This, some of the safety experts say, is one of the major problems in their efforts to promote safe car operation.

These experts say they can cite innumerable cases where seat belts have prevented serious injury to car drivers and their passengers. But they can also cite almost as many instances where belts installed in cars were not in use at the time of a crash.

Three Plead Guilty to Food Violations

Owners of three city establishments yesterday pleaded guilty to charges of violation of state food laws at arraignment before Pontiac Municipal Judge Maurice E. Finnegan.

Louis Savas, charged with unsanitary conditions in his restaurant at 554 N. Perry St., was fined $100 and sentenced to 30 days in jail. Finnegan commuted the jail sentence and ordered Savas to close his restaurant and improve the conditions before reopening.

Sam Cobitz paid a $25 fine. He was charged with selling apples in unmarked crates at his grocery at 254 E. Pike St.

Robert E. Mount pleaded guilty to unsanitary conditions in his bakery at 432 Orchard Lake Ave. Finnegan deferred sentence until Monday.

The charges were brought by James McCollum, Michigan state food inspector.

Congress Adjournment Expected on July 15

WASHINGTON (INS) — Republican congressional leaders have told President Eisenhower they think Congress can wind up its work and adjourn by July 15.

Both parties are anxious for an early adjournment because of the election campaign which officially gets under way with the August nominating conventions.

Comments on Administration

Kefauver: 'Not Humane' Adlai: 'Dupe the People'

SANTA BARBARA, Calif. (AP) — Sen. Estes Kefauver says, "The Eisenhower administration has not thought about people in humane terms."

The Tennessee candidate for the Democratic presidential nomination flew to this southern California coast city last night after addressing 350 persons at a schoolhouse rally in Riverside.

He drew laughs when he suggested it was the "bank" in the soil bank program which sold the idea to Republican slogan-writers.

HELPS BIG FELLOW

The Democrats, he said, have been promoting soil conservation for years. He asserted Democrats as recently as last September proposed a soil program similar to the one now advocated by the administration but were turned down on it.

They were told, he said, that it would be far too expensive and would be impossible to administer.

Kefauver accused the GOP of fostering a tax bill which "has been for the benefit of the big fellow."

In a news conference earlier at Riverside, the senator said he felt the Democratic contest in Florida was a "fairly even" race at the present time.

SAN FRANCISCO (AP)—Adlai Stevenson contends the United States isn't as well off today as he says the Republicans would like the voters to believe.

* * *

The Democratic presidential aspirant, campaigning to the point of hoarseness in his California primary set-to with Sen. Estes Kefauver of Tennessee, said last night American prosperity is not a general prosperity.

FARM DEPRESSION

He said that while Republicans boast of good times, "there is depression in so much of our farmland," small business failures are up sharply and an economic crisis has developed in "depressed areas where today we have again all of the human tragedy of large-scale unemployment."

* * *

He deleted from his original text a statement that the administration has not done one substantial thing to advance the position of farmers and labor.

The former Illinois governor, who began his current 11-day California tour May 2, returns today to Los Angeles to continue his intensive bid for the state's 68 Democratic delegates at stake in the June 5 election.

Poll Optimistic About Economy

Experts Foresee No Dip in Employment, Sales for Last Half

WASHINGTON (UP) — Government and business groups issued a series of optimistic reports yesterday which bolster prospects of an over-all business boom in 1956.

At the same time, American manufacturers were revealed to have made more money last year than ever.

These were the major developments:

1 — A U.S. Chamber of Commerce poll of 404 delegates at its annual meeting here last week showed at least two-thirds expect jobs and sales during the last half of 1956 to be as good as or better than during the first half.

2 — The Commerce and Labor departments reported 63,990,000 persons were employed last month, almost a million more than in March and a new record for April.

Unemployment fell 270,000 from March to 2,564,000 in April.

3 — Another Commerce-Labor report found spending for new construction during the January-April period matched the record pace of last year.

Industrial and commercial building hit new record for April

4 — March sales of manufacturers, wholesalers and retailers were running well ahead of a year previously.

5 — Another report showed that U. S. manufacturing corporations made $15.1 billion in profits last year after paying taxes.

One cautioning note came from W. Randolph Burgess, undersecretary of the Treasury.

Lamont Will Appeal Canadian 'Black List'

DETROIT (INS) — Leftwing author Corliss Lamont, refused admittance to Canada for a lecture appearance in Toronto, was to leave Detroit today for Salt Lake City and his next speaking assignment.

The Columbia University philosophy teacher was taken off a train at Windsor, Ont., yesterday and returned to Detroit after being questioned for two hours by immigration officials.

Lamont, who blasted the Canadian government for "clearly violating my freedom of speech," said he would attempt to repeal the order barring him from Canada.

Fined for Speeding

Pleading guilty to speeding, Shelly L. Ford, 19, of 426 S. Saginaw St., was fined $35 and paid $15 costs yesterday. The arraignment was held by Bloomfield Township Justice Albert C. Carr.

Card of Thanks 1

WE WISH TO THANK THE MANY friends of our Father, Earl (Sunshine) Stallard, for their many kind expressions of sympathy during our recent bereavement in the loss of our beloved father. Hilda Marshall, Wayne Stallard. WE WISH TO THANK OUR friends and neighbors and relatives for their many kind expressions of sympathy during our recent bereavement in the loss of our beloved husband and father, Roland Gregory. Special thanks to Rev. Walter C. Gerken and Mr. and Mrs. Sandy Campbell. Lillian Gregory and daughters.

I WISH TO EXTEND MY HEARTfelt thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from my kind friends and neighbors during the loss of my beloved father. I especially thank the Rev. Paul R. Havens, and Pursley Funeral Home, Mrs. Mamie Branston.

THE FAMILY OF OUR BELOVED wish to extend sincere thanks for the many floral pieces and sympathy cards from the many friend and relatives, also many thanks to the Rebecca Lodge No. 450 for their kind remembrances and evening service and thanks to Dr. William Marbach, L. Salathiel and George Puckett in the Voorhees-Siple Funeral Home. The family of May Elliott.

WE WISH TO EXTEND OUR thanks and appreciation for the many kindnesses shown to us by our many friends and neighbors. Also to the Ladies of the Stringham United Missionary Church and Rev. Kobernick for their help in our recent bereavement. Mr. & Mrs. George Hampton and Mrs. Edward Gommer.

Red Loss Seen in Austria Vote

Rival Parties to Form Coalition Again; Home Issue to Top Balloting

By RICHARD KASISCHKE

VIENNA, Austria (AP)—Austria's voters choose a new Parliament Sunday in an election virtually certain to deal another rebuff to Communists. And the two chief rivals are expected to continue their coalition government.

* * *

The two big parties, Chancellor Julius Raab's Conservative People's party and Vice Chancellor Adolf Schaerf's Socialists, are fighting the campaign on one overriding domestic issue — whether there shall be more nationalization of industry at the expense of private enterprise.

LEANS TO WEST

Although militarily neutral, Austria is safely bound to the Western camp by its political ideas. The election will not change the alignment of the country's foreign policy.

The coalition of the People's party and the Socialists, which have teamed up to give Austria stable government since the war, is expected to continue. The two parties have run neck and neck in the past, and the major question is which will have the edge in the new government.

* * *

Thirty per cent of Austria's basic industries already are nationalized, and another 30 per cent are controlled by the two nationalized banks. Raab's People's party favors strengthening private enterprise—what it calls "people's capitalism." The Socialists want more nationalization.

Write It More Legibly —or Use a Typewriter

LOS ANGELES (AP) — Employes of the Los Angeles Animal Regulation Department have been ordered to write plainly.

Allen B. Stephenson, executive officer, issued the order after a woman complained that an inspector left an illegible note at her house.

Stephenson deciphered it for her: "Get a license for your dog."

Then he issued his order about legibility. His note to 250 employes was typewritten.

Silvers' Gesture Gives It Away — He's Serious

By EARL WILSON

NEW YORK — When I saw Phil Silvers pushing up the shoulder of Evelyn Patrick's off-the-shoulder dress so it didn't show so much of her bare shoulder, I knew it was serious—and the gossips do say Phil's asking his friends their opinion of the "$64,000" commercialist who's a former Miss Orlando, Fla. And they all tell him, "Marry the girl if she'll have you."—The betting is she will and he will . . . very soon.

The counterman said, 'Don't worry, they always come back.' We looked closer—and it was Wally Cox." Jack, who sank $80,000 in a house now under construction, says: "It'll be finished about the same time I am."

25 Years' Experience

New Program Begins Tonight

'Thought Reader' Still Gets Nervous Before Doing Show

By SAUL PETT

NEW YORK (AP) — Joseph Dunninger, who calls himself the "master mentalist," begins a new ABC-TV series tomorrow night. He came into the office the other day for an interview and brief demonstration.

He is a big, graying man with a rather courtly, almost effusive manner of being not glad, but very glad, to see you. He also appeared nervous and quickly — he does most things quickly — explained why.

THOUGHT READER

"I'm a thought reader," he said, "not a mind reader. The mind is too inclusive. I've been reading thoughts for more than 30 years and I still get nervous before a show. There are 101 things to worry about, especially on TV.

* * *

"If I ask a subject to concentrate on his birthday, will he really concentrate on his birthday or pick another date and try to trick me? Will the subjects be long-winded, will they take too long or talk too much—you know how precious time is on TV."

* * *

Dunninger said he doesn't mind skeptics but people who fight him mentally upset him. He said he has good and bad days, depending on his own peace of mind at the moment and his physical well-being. Quite apropos of nothing, he said he had a terrible memory himself and before I could find out why he brought that up, he was racing off on a dozen other points.

COMMON POWER

"Many people have this special mental power I have without knowing it," he said. "I first noticed it when I was 7. A visitor would knock at our door and before it opened I'd tell my father his name. Most people don't realize—"

* * *

How could he tell the man's name—by reading his mind? And does that presume the man was concentrating on his own name while he knocked on the door?

* * *

"Oh, no, no, no," he said. "Association. Process of association. Now, you take a lot of people, they insist what I do are tricks. I'm a magician too," but when I say I read thoughts, I read them and there are no tricks involved."

New Drug Relieves Bronchial Asthma

NEW YORK (AP)—A new drug looks promising for relief of bronchial asthma, and also for relief of the premenstrual tension affecting many women every month, a medical team reports.

The drug, choline theophyllinate, is described in an exhibit at the annual meeting of the New York State Medical Society.

It relieved bronchial asthma in 22 of 33 patients, and brought complete to moderate relief of monthly tension in 31 out of 43 women, said Doctors Herbert S. Kupperman, Sidney Dann, Frederick R. Brown and Arthur C. Degraff, and Gagliani, Ph.D., of New York University, Bellevue Medical Center.

GOP Warning Sign Faces Speaker Adlai

ALBANY, Calif. (AP) — A large sign on the roof of an auto repair shop looked down on Democratic presidential contender Adlai Stevenson in a speech at the Albany Freedom Movement last night.

• • •

It read:

"Careful what you say, Adlai. This side of the street is good Republican territory."

Quad Dies in Dallas

DALLAS (AP)—Melanie Kay Hunter, one of the quadruplet daughters born to Mr. and Mrs. George A. Hunter May 1, died last night. Earlier today all four had been reported doing well in incubators.

NEITHER RAIN NOR FLOOD SHALL STAY THEM — As far as Sally and Clifford Glen are concerned, the mail will go through. Apparently they feel that if the post office department can deliver in the wake of a three-inch rainstorm that flooded Dallas residential areas, the least these youngsters can do is "break out the rubber boat and collect it."

Widow Sues Doctors for Incompetence

CAMBRIDGE, Mass. (AP)—A 22-year-old widow has filed a $250,000 civil suit against two doctors charging they removed her husband's right kidney without knowing he had no left kidney.

• • •

A Boston law firm disclosed yesterday the suit was filed last February by Nancy Keefe of Billerica, mother of a son, born after her husband's death July 3, 1955.

John S. Keefe, 27, who served both in the Navy and the Army on different hitches, died of uremia less than two months after a tumor operation.

Superior Court officials said the doctors' names are not privileged for use until judicial notice is taken of the suit.

Pneumonia still kills about 45,000 Americans a year.

Industry Must Face Manpower Failure

OKLAHOMA CITY (AP) — The world is past the age of mechanical failure and now faces "the problem of manpower failure," Dr. Edward C. Holmblad of Chicago said here last night.

Dr. Holmblad, managing director of the Industrial Medical Assn. told delegates at the Oklahoma State Medical Assn. convention that physicians are concentrating more and more on preventive health. He said, "It is one place where we are trying to work ourselves out of a job."

It's Day to Remember for Manuel L. Souzas

FALL RIVER, Mass. (AP)—Police records today had this notation in connection with a 2-car accident:

The driver of one of the cars—Manuel L. Souza, 187 Smith St.

An injured party — Manuel L. Souza, 187 Smith St.

Witness questioned — Manuel L. Souza, 187 Smith St.

They are different parties, three generations of a family.
