

## Press Urges 'Yes' Vote for Hospital

While the vote on the current Pontiac Hospital bond issue is still two or three weeks away, The Press wants to make its own position clear.

The absolute need is beyond discussion. This stands unchallenged.

Leaving the building empty would constitute a tremendous economic waste. The entire community would suffer directly.

★ ★ ★

The Press supported the original three million dollars bond issue wholeheartedly. Shortly after the vote, there were rumors that the entire sum would be used for the building only and this newspaper printed an editorial which we reproduce in part from the issue of November 22, 1954:

"There are some off stage rumblings as to how the City should proceed with the money...

"The Press feels the path is clearly marked.

"The City should... provide the maximum amount of facilities the amount can pay for...

It would be very unwise to use all the money for walls and floors and then stage another campaign to furnish the interior.

"Another campaign would constitute breaking faith... Even the suggestion is poor psychology...

"... At no time were the voters informed that another campaign might be staged to raise additional money by popular subscription."

★ ★ ★

When nothing more was heard, The Press believed the hospital move was keeping faith with the voters.

Much later the community learned that the bare addition consumed every penny. All the money had been spent on walls, floors and ceiling. There's nothing left for equipment or furnishings. A million, eight hundred and fifty dollars more are needed to finish the job and provide parking space.

The position of this newspaper will not be clouded in mystery or doubt. We think the voters have been fooled and we hold hospital authorities accountable for this unhappy dilemma.

★ ★ ★

However, at this date, the situation must be cured as best it can. We're in a mess AND THE CURRENT JOB IS TO DIG OUR WAY OUT.

It would be folly to let that great shell on West Huron Street stand empty and idle. We need the beds. We need them badly. The community is desperately short of places to care for the sick, the injured, the maimed and those that need operations. Even when the City Hospital is completed, we will lag far behind demands.

★ ★ ★

Hence, The Press sees no alternative but to VOTE FOR THE ADDITION. We reach this decision after due thought and study.

We see no other path.

Do you?

When we go to the polls, we vote on our own health. We vote for our own medical aid and assistance. We vote for sick people and that will unexpectedly include you—and you—and you. The vote can correct past mistakes and provide something that can be used.

★ ★ ★

That's the only issue now.

Hence, we urge the voters to grant the money for their own sakes. You can't cut off your nose to spite your face.

It's an unhappy situation, but we must face it and reach the best solution.

★ ★ ★

The Board declares: "We have always planned for a 150 bed addition and were advised that this could be done for the original three million dollar bond issue; that when, due to rising costs, it became apparent that this was not possible, the decision was made to build as much as possible of the originally planned project rather than to complete a much smaller and entirely inadequate addition; and if this decision was wrong, we erred on the side of the public good."

★ ★ ★

The cost will be small to each individual. For a very, very trifling sum, we can guarantee completion and the full use of an otherwise empty shell.

We need it badly. If you vote against the bond issue, you aren't voting against the Hospital Board. You're voting against yourself.

The community must be bigger than that.

We urge a "YES" vote.

Caller Started Buying Splurge of Airlines Shares

## Senate Probes Identity of Stock Market Tipster

WASHINGTON (AP)—Sen. Jackson (D-Wash.) declined today to say whether Senate investigators know the identity of an anonymous telephone caller whose tip started a splurge of buying in Northeast Airlines stock.

The stock splurged \$3 a share last Aug. 3, the day after the Civil Aeronautics Board voted secretly to award the lucrative New York-Miami route to Northeast.

Jackson is acting as chairman of the Senate Investigations subcommittee in its inquiry into indications that news of the award leaked out to the profit of stock market speculators.

The anonymous caller was brought into testimony yesterday by a Washington lawyer, Robert W. Oliver.

He told the subcommittee he had received a telephone call about 11 o'clock the night of Aug. 2 from a man who told him the CAB had met that evening and awarded the New York-Miami route to Northeast.

Oliver is a member of the firm of Pogue and Neal, which represents Delta Airlines, one of the lines that competed with Northeast for the route.

He said the man who called him hung up without identifying himself. "To the best of my knowledge," he testified, "I'd never heard the voice before."

Testimony brought out that the caller, whoever he was, set in motion a flurry of activity in Northeast stock the next day.

Oliver said that he himself had become the unwitting owner of

400 shares of Northeast stock the following morning. He insisted that he had intended to buy stock of Northwest stock, refusing the profit already recorded under what he called the mistaken transaction. The brokerage house confirmed that the switch had been made.

However, Reginald H. Foster, the Washington broker who handled the stock purchase, said Oliver specifically ordered Northeast stock. And Jackson bluntly told Oliver, "I'm not satisfied with your story."

"Either I misspoke or he misunderstood," Oliver said of his dealing with the broker.

★ ★ ★

Oliver testified that after receiving the phone call and consulting with the senior lawyer in his firm, he telephoned the information to Robert L. Griffith of Falls Church, Va., assistant to the president of Delta Airlines.

Griffith told the subcommittee earlier that he had passed on the information the next morning to Robert Snodgrass, Atlanta businessman and Republican national committeeman for Georgia.

Snodgrass testified in turn that, after getting Griffith's call, he and his wife bought 1,500 shares of Northeast stock which they sold within two weeks for a profit of a little over \$2,500.

Snodgrass said, "I'm not opposed to making money," but he testified that he would not have bought the stock if he had any idea that an improper leak was involved.

He also told of two business associates who bought stock of Northeast after he had informed them of his purchase.

TESTIFIES — Robert L. Griffith, Delta Airlines executive, tells Senate subcommittee he received a report his line had lost its bid for a new York-Miami run before the CAB announced officially it had been awarded to Northeast Airlines.

STAMFORD, Conn. (AP)—Ezio Pinza, 64, has suffered another heart attack — his third since August.

The operatic basso and Broadway star was stricken in his home Tuesday. His wife said he is under oxygen "on and off" at home. He was not taken to a hospital.

Mrs. Pinza said last night he was improving.

Pizza suffered his first attack in Italy last August. He had another attack in December.

### Woman, 2 Children Among Victims

## 32 Die in Flaming Crash of British Military Plane

BLACKBUSHE, England (AP)—A crippled military transport plane crashed in flames last night after a desperate attempt to return here for an emergency landing. Thirty-two of 35 persons aboard died.

The twin-engine Viking was carrying military personnel and their families to Libya. Officials said the dead included one woman and two children. Also aboard were 25 British soldiers, 2 War Department civilian workers and a crew of 5.

Four soldiers were taken alive from the flaming wreckage and rushed to a hospital, but one died there. The other three were badly burned.

By E. H. SIMS

Does a red sunset actually tell us anything about tomorrow's weather? The old saying is frequently heard about a red sky at the end of the day—that it means clear, cold weather.

In practically all sections of the United States the prevailing direction of the movement of the gas layer circling the earth (the weather) is west to east. Today's weather was actually over some point westward yesterday—probably several hundred miles away.

If the sun sets red, that means dry, dusty air is toward the west, between the viewer and the sun—hence the red color. If the air to the west is dry and dusty and is moving toward the viewer, it will be overhead in the coming hours. Hence chances are the weather will be fair in the immediate future.

The reason for assuming a red sunset means cold weather lies in the fact that clearing weather usually follows the passage of a cold front. In the winter months, most of the fronts are cold and, thus, more often than not, a clear weather sign occurs behind a cold front.

### Faces More Questions

RECALLED — President Dave Beck, of the International Teamsters Union has been recalled by the Senate rackets investigating committee. The committee has ordered Beck to produce his personal financial records.

## Teamster Chief, Ex-Senator Duff Break Alliance

Labor Probers Order Unionist to Appear on Wednesday

WASHINGTON (AP)—Teamster President Dave Beck faces a new round of questioning by Senate investigators next week without the legal services of former Sen. James H. Duff of Pennsylvania.

Chairman McClellan (D-Ark) announced last night he had summoned Beck to appear May 8 for another public hearing before the special Senate committee investigating alleged racketeering in labor unions and industry.

McClellan said the group would receive "further derogatory evidence" against the Teamster boss. Beck and Duff agreed they had

### Hoffa Says Teamsters Plan No Probe of Beck

MINNEAPOLIS (AP)—James R. Hoffa says the Teamsters Union plans no independent investigation of the alleged mis-handling of some \$300,000 in union funds by President Dave Beck.

Hoffa of Detroit, top Teamster vice president, told about 150 local leaders from Minnesota, North and South Dakota last night that he also would back Beck for re-election.

Hoffa himself is under indictment on federal charges arising from his alleged attempt to plant a spy on the staff of the Senate committee investigating labor racketeering, headed by Sen. McClellan (D-Ark).

parted company. But they differed on what caused this.

Duff said he had "withdrawn" from Beck's employ. Beck said that he was dropping Duff and his law firm because the former GOP senator would not appear with him at the new hearing next week.

Arthur D. Condon, an associate of Duff, sat at Beck's elbow when the Teamster chief last was before the committee March 27.

At that time, Beck repeatedly (Continued on Page 2, Col. 3)

## NATO Council Gets Busy Hashing Out A-Problems

BONN (INS)—NATO's foreign ministers—figuratively sitting on an atomic bomb—got down today to the business of hashing out North Atlantic Pact problems.

Nuclear armament was one of the major issues facing the Council of the North Atlantic Treaty Organization as it opened a three-day conference in Bonn.

The Council was particularly on the spot in view of the recent declarations by West German Chancellor Konrad Adenauer and Foreign Minister Heinrich von Brentano that West Germany had no intention of manufacturing atomic weapons or seeking them from her allies.

Coupled with the stated Bonn position was last week's Soviet note warning West Germany she would be turned into a "graveyard" in event of war if she were equipped with atomic weapons.

Diplomatic circles reported as the conference began that West Germany might seek postponement of any decision affecting her nuclear rearmament for at least six months, during which Bonn would take "no active initiative" on the question.

The reported West German position and the increasing importance of the nuclear issue was touched off yesterday by Lord Ismay's statement that West Germany has the clear choice to refuse acceptance of atomic weapons.

COUNCIL OPENS

Ismay, who is retiring as NATO secretary general, and Adenauer were among the officials scheduled to address the Council's ceremonial opening session.

The nuclear topic had skyrocketed (Continued on Page 2, Col. 4)

Well Done, Mrs. Barnes

OKLAHOMA CITY (AP)—Mrs. Jack Barnes this week passed an examination and became a master plumber, the first woman in Oklahoma to have the honor.

### Haulaway Overtakes in Detroit

## Falling Car Hurts Driver

DETROIT (AP)—An automobile falling from a toppling haulaway truck crashed down on a moving car on the Lodge Expressway last night, seriously injuring the driver, Robert I. Nelson, 33, of Belleville.

The haulaway overturned on its side and dumped five new automobiles, blocking a lane in either direction. The haulaway ended up in the center mall.

The car which hit Nelson's crushed the roof down to the top of the seats. It took police and firemen an hour to pry Nelson from the wreckage.

Richard Lee Collins, a 33-year-old Detroit driver of the haulaway, told police an auto driver cut in front of his truck and he swerved from the center line to avoid a collision.

The haulaway hit the expressway's center island and went over. Not seriously hurt, Collins got a reckless driving ticket.

★ ★ ★

Other moving cars narrowly missed being hit by the tumbling autos off the haulaway. Barbara Joyce Feely, 17, of Detroit ran her car up an embankment to avoid one and was thrown out, but was only slightly hurt.

## One Little Wasp Packs a Powerful Wallop

SPRING HAZARD — Tony Clark, 69, owner of the Pontiac Fruit House, 63 W. Lawrence St., will probably go along with the idea that bees help produce fruit, but, as far as wasps are concerned, they are for the birds. A wasp was the cause of this accident at West Huron street and Ottawa drive yesterday. While try-

ing to swat a wasp which flew into his auto, Clark lost control of the auto. His auto ended up against a tree after it had knocked down a concrete light pole. Clark was treated for abrasions and bruises and released from Pontiac General Hospital. The wasp? So far as we know it's at large looking for more motorists to buzz.

### Phones to Find Fire Is in His Own Building

HOUGHTON, Mich. (AP)—Reporter Bill Brinkman of the Houghton Mining Gazette saw the fire trucks go by his newspaper office window yesterday and called the police to find out where the fire was.

The police didn't know. Brinkman tried the fire department and was told: "Are you kidding? You're sitting on it."

The fire was in the press room of the Gazette, one floor below Brinkman. A small blaze in a chimney, it caused no damage.

### 'He Got the Message'

CHICAGO (INS)—Sugar Ray Robinson, on his victory over Gene Fullmer last night, said: "I don't know how hard I hit him, but he got the message."

# GM Production Shows '57 Dip

Pontiac Has Increase Compared to 1956, Reports Indicate

General Motors reported today its U. S. plants built 1,086,779 passenger cars in this year's January-April period. The total, reflecting GM's production cutback, compared with 1,258,604 car assemblies in the first four months of 1956.

Included in the totals were 254,969 car assemblies last month compared with 291,609 completions in the same month last year.

Despite an overall GM dip, Pontiac production was up. Both April and January-April figures were above those recorded for 1956.

Pontiac turned out 31,015 during the past month, compared to 29,500 for April, 1956. The four month total was 124,581, compared to 143,906 for the first third of 1956.

General Motors Truck and Coach Division reported 6,098 for April, compared to 8,897 for April, 1956. The four month total was 26,408, compared to 37,279 for 1956.

Together, Chrysler, Ford and General Motors turned out 85,430 more units in the first four months of 1957 than they did in the same period of 1956.

# Awaits Trial for Extortion

City Man Stands Mute at Arraignment Before Federal Judge

Admitted extortionist Charles A. Leithleiter was returned to the Wayne County Jail yesterday after he failed to furnish a \$1,000 bond when he was arraigned in Detroit before Federal Judge Theodore Levin.

Judge Levin entered an innocent plea for Leithleiter, accused of using the mails to extort \$500 from the wife of a Pontiac physician, after the defendant stood mute.

No date has been set for trial, according to George Woods, chief assistant U. S. attorney.

Leithleiter, 38, of 15 Pine Grove Ave. was captured by Pontiac Police Friday in a woods in Orion Township, named as the payoff place for \$300, a portion of the total he admitted he requested from the woman.

He was taken from the Oakland County Jail to Detroit Monday on a federal warrant requested by Postal Inspector Donald F. Woodward.

During interrogation by Pontiac Police, Leithleiter readily admitted he had written two letters to the local woman threatening "to expose her character" to her husband if she didn't pay, police said.

He said he didn't know the doctor or the woman nor need the money, and just picked the name at random from the telephone book.

# Steal \$135 Package Left on Store Counter

A camera and coffee-maker, valued at \$135, were stolen from a counter in Simms' Brothers Inc., 98 N. Saginaw St. about 3:30 p.m. yesterday.

Mrs. Carl Bushfield, 90 Ruth St., told police she left a shopping bag containing the items on the counter for a few minutes. When she returned, it was gone.

# News Flash

## 6th Fleet Men Sad Without Paymaster

WASHINGTON (INS) — Two employees of a cafeteria firm were robbed of \$32,000 they were taking to the bank today when two bandits pulled up beside their automobile at a busy Washington intersection. Police said the money was taken at gunpoint from messengers for Government Services, Inc., while they were stopped for a red light only four blocks from the bank.

## County Solons Push State Bill

Public Works Measure Would Facilitate Area Sewer Projects

Oakland County legislators in Lansing today were optimistic that a county department of public works will be approved soon.

Legislative strategy has brought before both the House and the Senate similar measures allowing counties with more than 75,000 population to establish public works departments with broad powers over water and sewer projects.

One bill, introduced by Rep. Lloyd J. Anderson of Waterford Township, has passed the House and is in Senate committee. The other was introduced by Sen. L. Harvey Lodge, of Drayton Plains. It was approved by the Senate and is now up before the House.

"It seems pretty certain," Anderson said, "that one of the bills will be passed in the near future, probably next week."

The strategy, he pointed out, foresees the possibility that one of the legislative bodies might drop the bill as pressure mounts towards the end of the session.

It passed, the so-called Public Works Bill immediately would allow the county to set up a three-to-five member board with appropriated funds and an engineering staff.

The department could initiate and plan water and sewer projects involving two or more communities, with powers to set up financing and to force unwilling communities to participate.

Financing would be handled by the county, with reimbursement to the communities involved through bonding or special assessment.

Huge population growth and the increasing development of many communities is forcing the new legislation, its proponents say, to clear the way for major projects.

## Wilson Reports Arms Disposal

Carrier Pigeons Head Obsolete Weapons Sold as Surplus

WASHINGTON (AP)—Secretary of Defense Charles E. Wilson has told a House Appropriations Military subcommittee, which wanted to know about disposition of obsolete equipment, that "We finally got rid of the carrier pigeons."

In testimony by Pentagon officials before the subcommittee, released today, Rep. Errett Scrivner (R-Kan.) commented that "We won't balance the budget with that particular item."

Wilson said he may have been a "little flippan't" in his answer about the pigeons, then gave the committee some detailed data about equipment. He said the Defense Department currently is disposing of about 1 1/2 billion dollars worth of surplus property a year.

During a three-year period ending last June 30, Wilson said, the Army disposed of about half its stock of 40mm. antiaircraft guns, a third of the 75mm. guns, 32,000 of the 30 caliber machineguns, most of the older 105mm. howitzers and a quantity of other outdated weapons.

During the same period, the Navy cut its inventory of older ships by 11 destroyers, three transports, 12 large infantry landing ships, 39 escort vessels, 103 mine sweepers and a number of other craft.

The Air Force dropped almost all of its World War II B29 bombers; most of its B17 bombers, leaving only 68 in inventory, used for personnel carriers; 675 F51 and F47 prop-driven fighters and a quantity of trainers.

Prisoner in Hospital After Chase, Crash

Raymond E. Sherman, 22, of 43 N. East Blvd. is a police prisoner in Pontiac General Hospital today, after his car allegedly struck three trees and plowed through the front yard of a Illinois avenue home while being chased by police.

Sherman is in fair condition, hospital authorities said.

Pontiac Police said they began chasing Sherman at speeds up to 80 miles an hour at Elizabeth Lake and Telegraph roads at 2:30 a.m. The chase ended in the front yard of Edward J. Novak, 115 Illinois Ave.

# Strike May Halt Salk Shots Here

Parke, Davis Walkout Could Postpone Adult Polio Program

The Parke, Davis & Co. strike, which has stopped distribution of the firm's Salk polio vaccine, may force postponement of the Oakland County Medical Society's program of mass adult immunization, due to begin May 13.

Dr. Fritz Adams, society president, said not enough vaccine is on hand today for a complete program.

The drug company's 300-man plant maintenance force struck at midnight Tuesday, after contract negotiations broke down. They are represented by the International Machinists Union.

But vaccine production at the firm's plant near Rochester is continuing, the company said. All of the Salk vaccine is manufactured there and normally is shipped to the Detroit plant for packaging.

Parke Davis said it will store its production at its Rochester facilities until the strike ends.

The company is the second largest polio vaccine producer in the country.

# Incorporation Move Is Eyed

Bloomfield Township Group Seeks Change to Fight Expressway

Efforts by a group of Bloomfield Township residents to keep the proposed Southfield Expressway from splitting their community will go before the Board of Supervisors tomorrow.

The Board will be asked to consider a petition calling for incorporation of Westchester Village, an area of roughly 150 acres from Cranbrook road at Birmingham's western city limits to Lahser road a mile west.

About 620 residents, many with homes in the \$20,000-\$30,000 class, live in the brand-new neighborhood, which generally lies several blocks south of Maple and is bordered on the south by the route of Lincoln road, a half-mile north of 14 Mile road.

The possibility that the state will locate the controversial highway through their pleasant, rolling residential area helped lead to the formation of two Westchester Village Associations, a spokesman said.

One association represents older residents to the west and the other a newer subdivision to the east.

Their joint petition has been considered by the Board's Boundaries Committee, which is expected to recommend a special election for incorporation be set for June 24.

The expressway is expected to swing westerly from Southfield road, going west of Birmingham and paralleling Woodward avenue towards Pontiac.

In other action tomorrow, the Board is expected to act on a report from the Equalization Committee, which will present compiled figures representing the 1957 assessed valuation of the county.

Allocation of funds under the 15-mill tax limitation will be based on these figures.

The Roads and Bridges Committee is expected to ask approval of the Oakland County Road Commission's annual report to the State Highway Department.

There are several resolutions scheduled that would affect the levels of five Oakland County lakes.

# Senators Call Back Teamster President

(Continued From Page One)

invoked the Fifth Amendment, pleading it might tend to incriminate him if he testified whether he had misappropriated some \$320,000 of union funds for his personal use. Beck noted he was the subject of an income tax probe.

The Teamster chief irritated some members of the committee by referring again and again to Duff as his legal adviser. The senators said they were not impressed.

SENATE ETHICS  
When Beck hired Duff before the March hearing, Duff said he would not appear with the Teamster president because the inquiry was based on information gathered in part while Duff still was in the Senate. He was defeated for re-election last year.

Last night, Beck issued a statement saying that Duff would not appear with him at the hearing next week and that "this has necessitated my disassociating Sen. Duff and his law firm from representing me."

Earlier, Duff told a newsman his law firm had "withdrawn" from Beck's case. He declined to explain the reason, but he said "there might be something" to a statement by O'Donoghue that the work Duff "undertook" for Beck had been completed.

Chairman McClellan said renewed attempts to find the union czar's missing auditor, Fred Verschueren Jr., have come to naught.

In summoning the union chief again, McClellan said the committee "would provide him ample opportunity" to carry out his threat "to blow the lid right off the Senate."

Dr. Fritz Adams, society president, said not enough vaccine is on hand today for a complete program.

The drug company's 300-man plant maintenance force struck at midnight Tuesday, after contract negotiations broke down. They are represented by the International Machinists Union.

But vaccine production at the firm's plant near Rochester is continuing, the company said. All of the Salk vaccine is manufactured there and normally is shipped to the Detroit plant for packaging.

Parke Davis said it will store its production at its Rochester facilities until the strike ends.

The company is the second largest polio vaccine producer in the country.

### Teacher's Birthday Isn't When It Seems to Be

MILWAUKEE (AP) — Eighth grade students in the Story school peeked at the desk calendar of

their teacher, Mrs. Evelyn Fiebelkorn, and surmised she had a birthday coming up.

They arranged a surprise party with decorations, gifts, refreshments and a dance program.

Everything went fine except that the notation on the calendar turned out to be a reminder to the teacher of the birthday of her sister-in-law, another Evelyn Fiebelkorn, of Waterford, Wis.

### Scouts Ask Policemen for Dragnet 'Hammer'

HUNTINGTON, W. Va. (AP) — Two Boy Scouts walked into police headquarters and were giving it

a good looking — over when Lt. Nelson Paden inquired: "What can I do for you?" Replied the Scout spokesman: "We want to see the hammer you use after you close a case like they do on 'Dragnet'."

### Police Chief Provides One-Man Government

CAMPBELLSPORT, Wis. (AP) — Eldon Spradau, 36, is chief of police in this eastern Wisconsin village of

about 1,100 population. He is also: clerk and treasurer of the village; clerk, secretary and treasurer of the water department; secretary and active member of the volunteer fire department and village assessor.

### Peace of World Now in Danger

Writer Urges Refusal of Passports to Women Under 50 to Go Abroad

NEW YORK, N. Y. — In the interest of world-wide peace, a national magazine article urges that no foreign travel passports be issued to unmarried American females between the ages of 14 and 50.

"Single American women under the age of 50 traveling abroad are incredibly prejudicial to the interest and reputation of the United States," declares the article. "Unless immediate action is taken, the reputation of America, our relations with our allies — and possibly the peace of the world are at stake."

The vogue associated with foreign countries push our American women, to ridiculous behavior. They casually acquire acquaintances they wouldn't have anything to do with in the states — and then the trouble begins.

In one instance the article says an attractive American brunette struck up a relationship with an Egyptian official. She went as far as getting engaged, but during her courtship, embassy officials, Congressmen and State Department representatives were being plagued with calls and S.O.S.'s regarding her private affairs.

She left Egypt without her fiancé, a man who has since become a close aide to General Nasser, and of course, one of the most bitterly anti-American officers around the Egyptian dictator.

Another example where several unattached American women poisoned the relationship between us and a foreign country is cited. In Mexico, a prize collection of American cut-ups, dipomanias, kleptomaniacs and assorted neurotics were leaving Mexican officials desperate for relief. These American female "guests" says the article, kept getting into trouble and they never seemed to lack money to keep them going.

When one girl had finally been robbed of every peso by her boyfriend-of-the-month, she turned for help to the local U. S. Consul. He wired her home for \$150 and received the following anguished reply: THOUSAND BUCKS COMING. PLEASE KEEP HER HAPPY THERE. KEEP US HAPPY HERE.

### Judge Orders Boy to Visit Victim Daily

PIERRE, S.D. (AP) — A 15-year-old boy was sentenced Tuesday to spend an hour a day visiting a woman who lost her leg when the youth's car struck hers.

County Judge Otto B. Linstad ordered Louis Moore of Pierre to visit Mrs. Myrtle Goodface, 39, Pierre, at the hospital each day as long as she is confined. He will be escorted from school each afternoon.

Mrs. Goodface's leg had to be amputated after her car was struck by Moore's vehicle near here last month.

Death Valley in California is six to 20 miles in width and is about 150 miles in length. It averages about 279 feet below sea level.

### Why "Good-Time Charlie" Suffers Uneasy Bladder

Such a common thing as urinating after drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging hiccups, headaches or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort. 1—They have an easing soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging hiccups, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 million of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

OAKLAND WOMEN SEE EXHIBIT—A needlepoint exhibit of 20 kneelers and cushions, made by the Women of Michigan was given for the Women of Oakland County in Rochester this week. The pieces of handwork are for the Bethlehem Chapel

of the National Cathedral in Washington, D. C. Featured were a five-foot communion rail kneeler and a kneeler made by Lady Reading of London, England.

## Make Up Taxes in Rochester

\$875,000 Bond Issue to Go Before Voters on June 10

ROCHESTER — The Board of Education of the Rochester Community School District has decided to submit to the voters a proposal which will construct additional elementary school facilities. Amount of the bond issue, to be voted on June 10, will be \$875,000.

Supt. Donald C. Baldwin stated that because of increased valuations, plus large payments on previous bond issues, it will be necessary to increase the present tax rate in order to float the new bond issue.

The length of the present debt merely will be extended. This has the effect of spreading the cost of these buildings over the families who will be using them down through the years.

Additions to schools and a new elementary building are in sight, with the remaining funds to be used for the acquisition of school sites.

Before spring of 1958, 549 homes are to be constructed within the area. This does not include a number of individual and small developments that will take place.

Officials figure that this will mean 1,098 children to be absorbed by the public and parochial schools in the near future.

## Orion Slates Registration

School Principals Set May Dates for Enrolling New Kindergartners

LAKE ORION — Principals of Orion area schools have announced the coming enrollment program for next year's kindergartners, according to the following schedule:

Carpenter and Proper Schools, where C. M. Galbraith is principal, will enroll youngsters Friday, May 10, from 1 to 3:30 p.m.

PTA will welcome new mothers there with a tea and Mrs. Vena Kirkpatrick, schools administrative assistant, will speak at 2 p.m.

At Blanche Sims School, Principal J. B. Scooby plans registration of kindergartners on Thursday and Friday, May 16 and 17, from 9 a.m. to 4 p.m. in his office.

Webster School principal, L. Donald Weston, will register next year's newest students from 1 to 3:30 p.m. Friday, May 17. Mrs. Kirkpatrick will be present at this time.

Children in the school district who will be five before next Dec. 1 are eligible to enter kindergarten next September. Each child's birth certificate must be presented at time of registration.

Allan Hertler Attorney for City of Royal Oak  
ROYAL OAK — Assistant Allan Hertler succeeds City Attorney William C. Hudson here, effective yesterday. Hudson resigned his post after 31 years of service, one month ago.

Slate Fall Wedding  
UTICA — Mr. and Mrs. Loreto Tullio, 41130 Van Dyke Ave., Utica, announce the engagement of their daughter, Dolores Jean to Lyle Cole, son of Mr. and Mrs. Lawrence B. Cole, 55647 Mound Rd., Washington.  
The couple is planning a fall wedding.

County Births  
UTICA — Mr. and Mrs. James J. LaRosa, 8750 Shannon Dr., Utica, announce the birth of a daughter on April 8. She has been named Maria Kay.  
Mr. and Mrs. Adrian A. Stackpole, 47514 Winthrop St., Utica, announce the birth of a son on April 8. He has been named Gregory.  
Mr. and Mrs. Neil Popkey, 47540 Princeton St., announce the birth of a daughter on April 10. She has been named Karen Eleanor.  
APR 10

## At Walled Lake

# OK Pay Hike

WALLED LAKE — The Board of Education, meeting in special session here this week, approved the request of the Professional Problems Committee, representing teachers, and raised maximums in salary schedules from \$5,500 to \$6,000 for teachers with AB degrees, and from \$6,000 to \$6,600 for those with MA degrees.

Considerable discussion was held on how to finance the budget and it was decided to place the millage proposal as formed by the firm of Berry, Stevens, and Moorman on the June 10 ballot.

The resolution calls for additional funds to be placed in the operating fund and a possible reduction in rate of the debt portion of the school budget. If approved by the electors, then the levy for debt would be reduced by a Board of Education resolution from the present 13 mills to 9 mills.

Supt. Clifford H. Smart was instructed to make the necessary preparation or the election on June 10 which will also fill two vacancies on the board.

The terms of John Clark and Dwight Wiseman are expiring. Petitions must be filed by 4 p.m. on May 10 for these offices. Electors may sign no more petitions than there are candidates to be elected. Petitions must contain at least 50 names of qualified electors.

Supt. Smart and Walter Horstman are representing the board at the hearing in Lansing on the appeal of the Novi district to have a

portion of the land in the Walled Lake district transferred to Novi. J. L. Taylor and Sons submitted the low bid to supply six 60 passenger school buses by August 15.

JUDY MILLER

Mr. and Mrs. A. M. Miller of 3139 Whitfield Dr., Meceday Lake announce the engagement of their daughter, Judy, to PFC Roger M. Peters. He is the nephew of Mr. and Mrs. Edward Skotzke of Homestead road, Waterford Township. No date has been hast for the wedding.

## Sports Show to Be at Lapeer This Weekend

LAPEER — The Eastern Michigan Sports Show will be held Friday, Saturday and Sunday in the Center Building here, according to Matthew Dougherty, Lapeer president of the association.

There will be a display of boats, fishing and hunting equipment; also station wagons equipped for camping; plus special entertainment, music and the crowning of a queen on Friday evening at 8.

## Milford Band Concert Slated for Friday

MILFORD — The annual spring concert of the Milford High School band will be held at 8 p.m. Friday.

Previous band members and their families have been invited to the affair.

The program is planned and dedicated to the graduating seniors.

## Collect \$750 in Drive

LAPEER — The door-to-door drive for the American Cancer Society Fundraising Drive here this week, amounted to \$750. The downtown area report has not been received as yet and several of the workers have not turned in

their money, according to Mrs. John G. Libbers, chairman of volunteer activities.

## Married 50 Years

CLIFFORD — An open house is being planned for Mr. and Mrs. H. L. Schmidtke at their farm

home here on Sunday, from 2 to 5 p.m. The celebration is in honor of their 50th wedding anniversary.

The Republic of China is sending art and industrial exhibitions to several fairs which will be held in the United States this year.

# U.S. Plans Air War on Fire Ants

**FIRE ANT** — The south's dreaded fire ant builds its homes in mounds like this one, almost as high as the man's waistline.

WASHINGTON — (NEA) — Uncle Sam is ready to use a fleet of 60 planes to go to war against the dreaded imported fire ant.

The destructive insect, believed to have entered the United States 27 years ago from Argentina, has spread through Mississippi, Alabama, Texas, Georgia, Florida, Louisiana, Tennessee and the two Carolinas and is threatening to overrun other states.

News as to the extent the menace has spread was first brought to light at a House Agriculture Subcommittee hearing on legislation calling for federal action against the fire ant. The Department of Agriculture, which began fighting the invasion in 1930, says state and county agencies are unable to stem the tide of destruction.

## Here's Latest Score in Red Name Calling

VIENNA — A Bulgarian newspaper has chided parents for giving children "ugly, absurd and even indecent first names."

The Communist paper Vetcher-ni Novini says girls are being named Gramophone, Telephone, Cashier and even Prostitute. These come out Gramophona, Telephona, Cassyera and Prostutia in Bulgarian.

Moscow papers recently criticized parents for giving their children such "detestable names" as Electrification, Combine and Detector, names which are an outgrowth of the Communists' own propaganda.

## White Christmas Comes Late for Kentuckian

FRANKFORT, Ky. (AP)—For 10 years Vernon Rooks has been stringing Christmas lights on the tree in his front yard, but it's never snowed on Christmas Day.

Last year, he decided to leave the lights up until snow fell, no matter how long it took.

It snowed exactly one month after Christmas.

operation of the base. He said fire ants recently sent three persons to the hospital from the base.

The Department of Agriculture urges individual control of the insect until the federal government can act.

Experts have found that chlordane, dieldrin and aldrin are the best insecticides to use, as they are effective in treating the mounds

and areas where the ants are foraging, for about \$4 an acre.

Solutions can be made for hand spraying using as little as four to 12 tablespoons of emulsifiable insecticide and 2 1/2 to four ounces of wettable powder to each three gallons of water. Do-it-yourself gardeners will find this solution extremely deadly in treating fire ant mounds.

# Report Border War in South America

MANAGUA, Nicaragua — Fighting has been reported on the disputed Nicaraguan-Honduran border after a week of weapons-rattling and exchange of charges by the two Central American neighbors.

President Luis Somoza told an inauguration audience of 45,000 in

Managua yesterday Honduran forces attacked the village of Mocoron in the frontier zone, killing 25 Nicaraguan soldiers. Five Honduran planes strafed a Nicaraguan post during the attack, he said.

Somoza, who was sworn in for a six-year term as Nicaraguan president, declared that if Honduras continued what he called its "aggressive" attitude, "the whole of Nicaragua and the National Guard will know how to defend its national integrity."

In Tegucigalpa, the Honduran

## Santa Now in Space?

BEAUFORT, S. C. — Around Christmas time, a local newspaper apologized that one letter to Santa Claus didn't arrive until New Year's Day. The delay seemed to be answered in the address: "Santa Claus - Mars - Space."

## Broadway Parade Honors U.S. Heroes

NEW YORK (AP) — A parade up lower Broadway today honors 67 Navy and Marine Corps heroes — including 45 retired admirals and eight four-star generals — as part of Operation Remember.

The program — sponsored by the Navy League of the United States during its 55th annual convention — pays homage to Navy and Marine Corps personnel who fought in both world wars and in Korea.

The parade, with many units of the armed forces taking part, will start at Battery Park and go up Broadway to City Hall, where they will be greeted by Mayor Robert F. Wagner.

Warships here for the "Parade of Warships" include the Nautilus, the world's first atomic-powered submarine.

Fleet Adm. William F. Halsey (ret) was among those who arrived here by plane yesterday from Annapolis, where they were guests of the U. S. Naval Academy.

About 55 per cent of American families own their homes now as compared with 44 per cent before World War II.

## Can't Even Telephone

CINCINNATI (AP) — A man drove into a filling station here and was

startled to see the agitated attendant poke his head through the car window and ask for a dime. Seems to be a thoroughgoing holdup man

stopped by five minutes previously and walked off with all the cash — including the dime the attendant needed to call police.

The first Presbyterian Church to be built in Eire in 50 years has been dedicated at Malahide, County Dublin.

Calcutta is the probable site of a new oil refinery to process crude from recently discovered oilfields in Assam India.

**BABY SITTER?** — With the warm weather moving in all across the nation, this New York mother figured sunny Bronx Park would be the perfect place for baby's afternoon nap. But — it's Mom who's snoozing, with the wide-awake tot playing the part of a watchful baby sitter.

**Sites Offer More Variety****Nine New Vacation Spots Lure Nation's Travelers**

WASHINGTON — Foot-loose vacationists, studying the map with an eye to the nation's storied recreation spots, face a varied and ever-growing list of places from which to choose.

In the last three years, nine new national parks, monuments, and historic sites have been established, bringing the total to nearly 200 under Federal or cooperative management.

Additions range from a one-time fur-trading post in the Pacific Northwest to a lush, tropical area in the Virgin Islands, says the National Geographic Society.

The latest, designated last month, covers a seven-acre tract at Promontory, Utah. It is called the Golden Spike National Historic Site, and commemorates the famous spike-driving ceremony in 1869 that marked completion of the Nation's first transcontinental rails.

**IN VANCOUVER**

Fort Vancouver National Monument, which came into being July 9, 1954, lies within the city limits of Vancouver, Washington. Its exhibits include excavations of the old stockade wall and inner buildings, a model of the fort, and a museum of relics.

In 1955, two very different areas, one covering parts of three States, the other a home and laboratory, were set apart for the public.

The big tract is Cumberland Gap National Historical Park, where the old Wilderness Road

led the American pioneers into the rich hunting and farming lands of Kentucky and beyond.

**PLAYED ROLES**

Gap and Road played important roles in Indian fighting, in the Revolution, and Civil War. Today's visitors find in this scenic park two miles of Wilderness Road, Civil War fortifications, old mill-and-foundry ruins, and a mountain-top view of Virginia, Tennessee, and Kentucky.

Fort Union's interest lies in the winning of the American Southwest. Guarding the old Santa Fe Trail, it belonged to the era of Indians-on-the-war-path, stagecoach robbers, and gun-toting traders.

With some 2,000 inhabitants in its heyday, the fort was a center of supply, of news, and social life. As a Union bulwark during the Civil War, it blocked Confederate efforts to reach Colorado's silver mines.

St. John, 2,700 miles away, has historic memories unique among park areas. They go back to pre-Columbian Indians; to Europe's colonial rivalries, and Danish sugar planters whose slaves revolted in 1733.

Today, this young Virgin Islands National Park covers about three-quarters of the 12,000-acre island. Its moldy fortresses and ruined plantations are covered with green, flowering mantles. Fish and bird life offers a naturalist's paradise. And the lowest recorded temperature is 65 degrees Fahrenheit; the highest, 91 degrees.

## Youth Groups Select 2 Bible Contestants

Pioneers and Builders Youth Groups of the Community United Presbyterian Church, Drayton Plains held a Bible reading contest recently to select their representatives for the Presbyterian contest to be held Sunday. Placing first in the younger age bracket was Carol Saul, last year's winner, and Sandra Bougine. They

will compete against young people from the 16 other churches of Detroit Presbytery at the Outer Drive United Presbyterian Church, Detroit.

Judges for the reading were: William Bawden, Mrs. Robert Gibson and Mrs. John Hazlett. The program was under the direction of Miss Charlotte Baird, assistant to the pastor of the church, Rev. W. Teeuwissen Jr.

Miss Margaret Hewson has become the first woman ever to be seated in the Wellington Presbytery, in New Zealand.

## Infectious Diseases Show Down Trend

Most communicable diseases showed declines last week according to the reports of the Oakland County and Pontiac Health Depts. Chicken pox was the only childhood disease to increase slightly in the county. The complete reports follow:

Americans going to Australia to live should take as much of their electrical equipment as possible, Canberra has warned.

## Record Earth Shock in Nicaragua Vicinity

CLEVELAND, Ohio — A "moderate" earthquake was recorded at 12:02 a.m. Eastern Daylight Time today on the seismograph at John Carroll University. Seismologists estimated the quake was 2,100 miles south of Cleveland; which would place it in Nicaragua. The Rev. Henry F. Birkenhauer said the earthquake would have been strong enough to cause damage if it occurred near a populated area.

"What'll I wear?" won't be a problem to members of St. Joseph Mercy Hospital alumnae when they present the scholarship ball May 10 at Elks Temple. Mrs. Richard Hoover (left) of Devonshire road holds a dress

for approval from Christine Zaffina (center) of Henry Clay avenue and Mrs. Robert McManus of North Cass Lake road.

# St. Joseph MAKE OVER PAGES Scholarship Ball May 10

The photographer caught these nurses in an "off duty" moment long enough to snap a picture. From left to right are Mrs. W. M. Swenson of Desiax avenue, Gerry Zettell of Royal Oak and Mrs. C. A. Fernald of Sylvan Lake. They are assisting with plans for the dance May 10.

## Garden Club Adds Trees to City Land

With the new planting last week, some 700 flowering crabapple trees have been set out on city property since 1954 under the supervision of Donald Nagel, Pontiac forestry supervisor.

The trees have been given to the city by the Pontiac Branch of Women's National Farm and Garden Association with money raised by annual spring benefit bridge parties.

Beaudette Park, Jaycee Park, Murphy Park, city hall grounds and Woodward avenue were planted with 85 8-foot trees and 25 smaller ones this year.

Past plantings have been made on Woodward avenue and at the Wisner Home, the Oakland County Society For Crippled Children on West Lawrence Street, and Murphy Park, on Mount Clemens street, Glenwood avenue, Baldwin avenue, Orchard Lake avenue, in Indian Village Park and in the parkway at Orchard Lake Ave. and Ottawa Dr.

When Mr. Nagel showed some of the new plantings in Beaudette Park to Mrs. Harry Pearce, chairman of the 1957 benefit party, and other representatives from the garden club, the trees were already displaying new green leaves and blossoms.

More than 800 other trees given as prizes and sold to garden club members and guests have been planted on private grounds in the area as a further result of the annual parties.

Mrs. Walter Willman has served as chairman of the club's civic beautification committee since the beginning of the crab tree project.

## Sorority Holds Recruitment Tea for Teachers

Alpha Beta Chapter of Delta Kappa Gamma sorority honored future teachers of the community at its annual recruitment tea held at the McVittie School recently.

Mrs. Irene Albright, president, welcomed the 75 guests. A panel of future teachers from Michigan State University discussed factors to be considered before entering the teaching profession. Dr. Ted Ward, director of the Pontiac Center of the practice teaching program, served as moderator.

Panel members were Peg Emmerling, Marilyn Lee, Marilyn Taylor, Boyd Halstead and Glenn Moeller.

## Harold Blackwood Heads Day Nursery

Harold Blackwood was elected president of Pontiac Area Day Nursery at a recent meeting. Others elected were James Hartwick, vice president; Mrs. Neil Wasserberger, secretary, and Clara Nusbauer, treasurer.

Serving on the board for a two-year term are William Dean, Mr. Blackwood, Mrs. Chadd Mellinger, Mrs. Russell W. Evans, Miss Nusbauer, Mr. Hartrick and Dr. Campbell Harvey.

## Zeta Zeta Omega Holds Initiation Tea

Mrs. William Pearsall, Mrs. Clinton Barrett, Mrs. Robert Pearson, Mrs. Charles Carter and Mrs. James Jeffery were honored at an initiation tea held Sunday by members of Zeta Zeta Omega sorority.

Mrs. Kenneth Rathbun opened her home on Briggs street for the affair. Mrs. Edward Konzer, president, welcomed the new members and presented each with a corsage.

Helping to insure success of the dance are Mrs. Joseph D. Smith (left) of Royal Oak and Mrs. James Ebaugh, also of Royal Oak.

## Conduct Citywide Study

What parents want to know about the growth and development of their child at school and how this information can best be told has been the theme of a citywide study group on home-school communications.

The committee meets monthly throughout the school year with Dr. Guy Hill of Michigan State University as consultant.

Its purpose is to bring greater understanding and involvement of people, rather than to imply that the present reporting procedures are inadequate.

To broaden their viewpoint, some members of the committee, made up of parents, teachers and school administrators, have attended con-

## Five pages today in Women's Section

ferences at Higgins Lake and Waldon Woods and the Problems Clinic at Lansing.

Ray Buddie and John Smith, school administrators of Lansing and Charlotte, have discussed the methods of reporting used in their communities.

## Busy Wife Learns Art of Relaxing

Mrs. Jose Mora Must Give Parties for Big Crowds

By JANE EADS

WASHINGTON—Mrs. Jose Mora, chic, brunette wife of the secretary general of the Organization of American States, has mastered an art many a Washington hostess might well envy.

"I can relax at a moment's contemplation—go to sleep—even in a dentist's chair," she told me, while discussing her pressing obligations and responsibilities as top hostess among the diplomatic representatives of the 21 republics of the Western Hemisphere to the OAS.

Life was more personally paced during the years her husband served as Uruguay's ambassador to the OAS, from 1946 until a year ago, when they moved into the secretary general's residence across the beautiful Astor garden in back of the Pan American Union.

There was time to browse for additions to her collections of rare French and Spanish vases and antique and modern fashions.

More satisfying than this was the opportunity to continue her nurse training in local hospitals, an outgrowth of her nurse's aid work in the nursing school set up by her uncle in Montevideo to which he brought the first trained nurses from England.

## MUST ENTERTAIN

As a hostess today she must entertain representatives of all the 21 republics, NOT just officials and friends in which her own country is interested.

Small dinner parties are out of the question, since covering the list of Latin American diplomats in a season would call for one or two affairs each week.

The Moras therefore are solving the problem successfully by hosting two or three large, lavish shindigs when the weather will permit use of the garden as well as the smaller-than-embassy size residence.

"I wish it were possible to have the smaller parties," she said, "I feel sometimes that nothing can make you so sad and so lonely as big crowds. It is much better to be able to give something, to feel something for the people you invite, as individuals."

Mrs. Mora says she and the OAS staff are dedicated to the same ideals as expressed by her distinguished husband when he received the award for international democracy and freedom in 1955:

"We want the Americas to be always a beacon of light for the emancipation and social advances of mankind."

"As secretary general of the OAS I wish to make every American citizen aware that the inter-American system is a faithful illustration of political, economic and social coexistence."

## Church Honors Charles Wilson

Charles Wilson was honored at a dinner party Wednesday evening when 250 members of First Congregational Church observed the 20 years he has served as minister of music in the church.

Baritone solos were sung by Max Sutton, Robert Gaff, master of ceremonies, presented Mr. Wilson with a gift in appreciation of his services.

Guests attending were Mrs. Rebecca Gould, Mr. and Mrs. James Rosenthal and Jay Jacobson.

PAGES 41-45

## Monday Is Deadline for Registration

## Girl Scouts Sign Up for Day Camp

Brownies, Intermediates and Senior Girl Scouts in the city of Pontiac are signing up this week for day camping this summer. The Girl Scout Day Camp for Pontiac District will be held Aug. 6, 7, 8, 13, 14 and 15 at Murphy Park, but girls and counselors must register before Monday in order that final plans can be made.

Training for the counselors, who are usually troop committee members, leaders or mothers of the Scouts, will begin Tuesday at the

Naval Reserve Training Center on East boulevard, which is adjacent to Murphy Park.

This training will be given by the day camp director, Mrs. John McNeely, and her assistant, Mrs. Clifford Neville. It will include skills that the counselors will use at the camp, such as firebuilding, simple outdoor cooking and natural crafts available at the site.

The other dates of training are May 14, 21 and 28. The hours during which training will be given are 10 a.m. to 3 p.m., and the women are reminded to bring a nosebag or sack lunch to all four of the sessions.

For every eight girls who register for the camp, one adult must also register as a counselor and take the training, unless she has taken it previously.

Registration blanks are available through neighborhood chairmen and at the Girl Scout office, 310 National Building.

## Lincoln Students Present 'Spring Serenade' Today

"Spring Serenade," a musical extravaganza featuring over 300 students of Lincoln Junior High School, was presented this morning at the school, with another concert to be presented at 7:30 this evening for parents and friends.

Featured on the program is the Ninth Grade Chorus, which presents a group of religious selections and a scene from "Oklahoma," with solo parts sung by Tom Eley, Sharon Nichols and Maryann Waring.

Also on the program are the Choralines, a girls' singing group, and the Boys' Glee Club, directed by Julius Middledorf. The Seventh Grade Chorus, composed of 100 voices, is making its first appearance.

Soloists for the ensemble groups are Sandy Ferguson, Patsy Vancocor, Catherine Welsh, Nancy Bala and Claudia Williams, who provides accompaniment for some of the selections.

"One World" is the anthem sung by the massed chorus for the finale. The program concludes the festival unit in music education.

## Couple Travels to the Smokies Following Rite

Mr. and Mrs. Kenneth A. Strickland of Clarkston announce the marriage of their daughter, Barbara Waid, to George F. Dill. He is the son of Mrs. George Frank Dill of Royal Oak and the late Mr. Dill.

The ceremony was performed by the Rev. Richard C. Stuckmeyer at Christ Lutheran Church Saturday at 3:30 p.m. in the presence of members of the immediate family and close friends.

Attending the couple were Mr. and Mrs. George Dillon, brother-in-law and sister of the bridegroom. A family dinner was held at Rotunda Inn following the ceremony.

The newlyweds will reside in Royal Oak following a wedding trip to the Smoky Mountains.

## Beauty Hint

If you want to look pretty for your dinner guests, try to squeeze in a nap before they arrive. Even 10 or 15 minutes helps. You'll be surprised at what this brief rest does to restore your vitality.

These women, who are members of the Pontiac Branch of the Women's National Farm and Garden Association, have helped to raise money for the beautifying of Pontiac. They have planted several trees in various spots about the city. Photographed (left to right) are Mrs. Jack Patterson of Illinois avenue, Mrs. Milo J. Cross of North Hammond Lake, Mrs. John P. Livingstone of Berkshire road, Mrs. Harry S. Pearce of Garland avenue, chairman of this year's benefit party, and Mrs. Jack Habel of Miami road. With them is Don Nagel, forestry supervisor for the Pontiac Department of Parks and Recreation.

President Eisenhower smiles as he accepts a bound volume at the White House today while posing in the rose garden with members of the National Council of the League of Women Voters. Making the presentation is Mrs. John G.

Lee of Farmington, Conn., president of the league. The volume contains a document, signed by members of the national council, outlining the league's concern regarding conditions in the international field.

Parents, teachers and students at Crofoot School are busy making last minute preparations for the annual School fair to be held Friday from 5 to 9 p.m. at the school. Mrs. Robert Phillips of Mary Day avenue

## Crofoot PTA Plans Fair

Mrs. Robert R. Phillips is serving as chairman of the first PTA fair being held in the new multi-

purpose room at Crofoot School on Friday. Mrs. Norman Brown and Mrs. Donald Williams are cochairmen.

## New Spray Cools Off Tired Feet

There's No Need to Remove Hosiery Before Applying

How many times have you asked yourself, "What, oh what, can I do for my tired, aching feet?"

This is a question that often must be uppermost in the minds of almost every woman — career girl, housewife, and even the lady of leisure.

But now, a famous makeup authority comes to the rescue with a brand new preparation that offers instant, cooling relief for those tired, aching feet. And, best of all, it sprays on right through your hosiery.

In just seconds, your over-heated, ever-tired feet can be 20 degrees cooler. You don't even have to take off your stockings.

Just spray through your nylons and instantly its amazing soothing action makes all traces of burning and aching disappear. What's more, it gives feet a wonderful pampered feeling that lasts for hours.

It is a real boon not only for mothers and other homemakers, who trudge endless miles around the house in the performance of their daily chores, but it also is a welcome discovery to working girls and women who keep it handy at their places of business for quick, easy use during the day.

Among the many booths planned for the 5 to 9 p.m. event are the fish pond headed by Mrs. Gerald Blaylock and Mrs. Lesley Harrington, games directed by Mrs. Kenneth Goff and the country store supervised by Mrs. James Helvey, Mrs. Winbert Bordeaux and Mrs. Donald Pollack.

White elephants will be available at the booth being arranged by Mrs. Lawrence Nichols and Mrs. John Glynn, and Mrs. John Stepien and Mrs. Lester McClellan are arranging a Popeye the Sailor Man booth for the children. Mrs. Lowell Vollmar will conduct a makeup booth for children.

Other booth chairmen are Mrs. Frank Bogner and Mrs. E. H. Danielson, hot dogs, coffee and pop; Mrs. Thomas Eaton and Mrs. John Hickingbottom, cakewalk; Mrs. Marvin Seibert, grab bag; Mrs. Pierce Boutin and Mrs. Leon Smith, cotton candy; Mrs. William Beale and Mrs. Forrest Boster, ice cream and potato chips, and Mrs. Harold McIntyre, sandwiches.

Pony rides for the children are being arranged by Mrs. Frank Ver Lee and Mrs. Phillips. Mrs. Charles King is in charge of prizes and Mrs. Ralph Dawe is handling publicity.

The public is invited to join students, parents and teachers for the annual event.

Plan to add to your stock of linens each year at the rate of a pair of sheets for each bed and a pair of cases for each pillow. This will keep your linen supply in good shape.

(seated) and Linda Beach of Washington street, admire one of the posters being displayed by Mrs. Donald Williams of Washington street and David Brown also of Washington street.

## Conduct Dedication

General Richardson Chapter, Daughters of the American Revolution, held a dedicatory service today at Pine Lake Cemetery. Mrs. Allan H. Monroe, regent, and Mrs. Eldon Gardner, chaplain, con-

ducted the dedicatory ritual in memory of Glarena Farnam.

London Bridge Station should be condemned as a slum, says the Ratepayers' Association of Bedford, England.

## New Shoes Should Not Hurt Feet

Breaking In Tight Slippers Is Strictly Old-Fashioned Idea

The notion that a woman need break in a new pair of shoes is an old-fashioned one. New shoes that pinch are hard on your nerves and your good looks.

The solution lies in buying shoes that are properly fitted and that feel comfortable from the very first wearing.

To do this, ask to have your foot measured each time you buy a new pair of shoes. Don't let the salesman take your size from your last pair of shoes.

Remember, too, that lasts differ with different shoe manufacturers and that the style of the shoe itself makes a difference in the way it fits.

You'll probably take a smaller size in an open shoe than you do in a closed pump.

Be sure that you are not tired from standing when you shop for shoes. If you are, your feet may be slightly swollen and this, too, will make a difference in your shoe size.

West Germany claims that about 100,000 German nationals still are enslaved in the Soviet Union.

It contains dozens of smart, new styles for all ages; gift pattern printed inside the book.

### Worn Floor Areas Can Be Retouched

Oak floors finished with floor seal—a relatively new type of material—can be readily retouched in worn areas without revealing distinct lines between the new and old finish. Unlike surface finishes such as varnish, seal penetrates the wood fibers. It is noted for unusual resistance to scratching.

### Attend Girl Scout Parley

Mrs. E. J. Lally Jr., president, and Mrs. Evelyn Copeland, executive director, represented the Northern Oakland County Girl Scout Council at the Presidents and Executive Directors Meeting

of the Great Lakes Region of Girl Scouts. The session was held last week at Edgewater Beach Hotel in Chicago.

Topics discussed at the all-day sessions included "Membership Trends" in relation to troop organization methods, leadership recruitment and selection, and the use of community resources. One of the five discussion groups was chaired by Mrs. Frank Schwarz, president of Southern Oakland Girl Scout Council.

A "Report of the Study of Adolescent Girls," which was made for the Girl Scouts of the U.S.A. by the Survey Research Center of the Institute for Social Research of University of Michigan, was given.

According to the report of a group of girls from 14 to 16, who were asked "What adult do you admire most? Who would you like to be like when you grow up?" 57 per cent answered "Mother." Only 6 per cent chose movie stars and other glamorous figures.

Carolanne Bingham and Elaine Smith, district directors, joined Mrs. Copeland Thursday and Friday to attend the two-day professional staff regional meetings.

### Keep Clothes Neat

Brushing, hanging up clothes and using a steam iron will keep your wardrobe in neat shape. Dry cleaning and pressing are hard on clothing. The trips you save by home care also save you money. And your clothes will last longer.

### Hit-and-Miss Care Won't Help You

## Beauty Routine Must Be Regular

By JOSEPHINE LOWMAN  
When planning a beauty routine women often forget the most important part of all. This is regularity!

No matter how effective the creams and cleansers, astringents and masks you may have, or how many wonderful exercises you may know, they will be of little avail unless you apply the cosmetics and do the exercises regularly.

Ten hours of sleep one night does not make up for the habitual loss of sleep, nor do vitamin pills and health foods once a week overcome the deficiencies

caused by generally poor nutrition. It is the day-by-day pattern that counts in health or beauty. Surveys of those who have remained youthful far into old age have shown some remarkable likenesses. Most of these folks have lived regular lives, without excesses of any kind.

They did not scurry and hurry through life. They had vital interests and usually were calm and gay. Of course there are exceptions, but this was the main trend.

### CAN BE HARMFUL

Actually, sporadic exercise can be harmful. It is not good to throw

yourself into violent exercise after years or months of sedentary living. You should gradually increase the strenuousness and the length of time. On-and-off-again exercise can be downright dangerous and it certainly will not have the slimming and toning effects you seek.

It is much better to have a simple routine and stick to it day by day than to plan an elaborate one and do it in a hit-and-miss fashion. However, it is possible to include the essentials of health and beauty care without investing a great deal of time.

It takes no longer to eat vital

foods than to eat devitalized foods. In fact it may take less time since we are tempted to eat more of the devitalized ones than we should. Twenty to 30 minutes of exercise a day will be most beneficial.

Skin cleansing and lubrication take only a few minutes. Let the cream or oil soak in while you work or sleep or bathe. Add to that scalp massage for 5 or 10 minutes and you are well on your way to continued good looks.

If you would like to have my leaflet "Essential Daily Routine" send a stamped, self-addressed envelope with your request for leaflet No. 19 to Josephine Lowman in care of The Pontiac Press.

Tomorrow: "Yes, a Beer Rinse Is Good—It Gives Body to the Hair."

## Panama Canal Not Paid For

Envoy Arias Claims  
His Country Received  
Too Little From U.S.

LONDON (INS) — Roberto E. Arias, Panamanian Ambassador to Britain, declared today that his country had never received "just or equitable compensation" from the U.S. for the Panama Canal.

Commenting on a recent London Times editorial on the canal in a letter to the newspaper, Arias said "restates some erroneous claims recently voiced" by Secretary of State John Foster Dulles.

The ambassador said it was "fully understandable" that Dulles should be doing his best to stress the differences between the charters of the Panama and Suez Canals. But he claimed the similarities between the two waterways could not be glossed over for political ends.

Arias said these similarities between the Suez and Panama Canals were such that Britain and the U.S. in 1901 signed the Hay-Pauncefote Treaty which virtually repeated the terms used in the 1888 Suez Convention.

Arias added that there was, however, one great difference between the two canals.

He declared that while Egypt had always received an equitable share in tolls from the old Suez Canal Company, Panama had never received "just or equitable compensation."

The ambassador added that Panama had not abandoned its sovereignty over the canal zone, but had merely accorded the U.S. certain rights for management of the waterway.

## Traffic Deaths Drop Steadily

4-Month Toll of 435 Is  
139 Below 1956 Totals  
for Same Period

LANSING — Michigan's traffic fatality toll is still dropping at better than a one a day rate, State Police report.

Last month's toll of 100 deaths was 40 below the April total a year ago, Joseph A. Childs, State Police commissioner, said.

Traffic deaths for the year so far total 435 compared with 574 in the first four months of 1956, he said.

With the exception of last September, Childs said, the downward trend in traffic deaths, injuries and accidents has continued for 13 straight months.

At the same time, total mileage by more than 3,500,000 vehicles in the state is running 5 per cent ahead of last year.

### BAD MONTHS AHEAD

Childs warned, however, that the worst months for traffic accidents lie ahead and cautioned against over-optimism.

"On the average," he said, "May accounts for more than 7 per cent of the annual traffic deaths, June for more than 8 per cent each, with the peak coming in October."

"There is no reason, however, that we cannot continue to save more than a life a day and even do much better than that if everyone drives as they should."

Childs emphasized that the figure of 100 deaths for April is tentative and said the final figure can be expected to be greater because of late-reported deaths and deaths resulting from injuries during the month.

Because boxing is booming in Fiji and swimming is not, it is being suggested that the new Suva sea bathing pool be turned into a boxing stadium.

## Reverse Ruling in Executions for 'Witchcraft'

BOSTON — The Massachusetts Legislature has righted a wrong

committed 265 years ago.

The Senate passed and sent to the governor a measure to reverse the convictions of six women executed in Salem for "witchcraft" in 1692.

At first the Senate rejected the

measure on grounds that Salem was a British colony at the time and it was up to the British Parliament to fight the wrong.

The Senate acted in favor, however, after accepting an amendment to ban payment of damages to descendants of the women.

## PTA Parents Scolded

CHAMBERSBURG, Pa. (AP) — A former school superintendent told a PTA meeting that adults are inclined to pay less attention to child-rearing than "to our pigs, added."

chickens, fruit trees and vegetation."

"If you discipline well, you don't seem to be discipling at all," Dr. R. G. Mowrey said.

"Be not dogmatic and autocratic, but democratic and firm," he farther.

## Prisoner Has Hot Time

JANESVILLE, Wis. (AP) — Three firemen raced up the city hall steps in answer to a fire alarm, but they didn't have to go any farther.

running out of the building with the source of the alarm — a jail prisoner's jacket that had somehow caught fire. The blaze was confined to the jacket.

Sweden has boosted liquor taxes.

One way to keep the family in hot water—and enjoy every minute of it.

# Plenty of hot water with DETROIT EDISON'S NEW ELECTRIC WATER-HEATING SERVICE

New, more efficient water heaters—built to Edison's specifications.  
New water-heating plan from Edison. Together they make the finest  
hot water service ever offered in Southeastern Michigan.

Completely new, completely different, the electric water heaters for 1957 are not only the safest kind you can buy—they're the most practical, too. Built to Detroit Edison's own rigid specifications, dollar for dollar these new electric water heaters last longer than any other heater you can buy.

What's so new about the new electric water heaters? Redesigned from top to bottom to give you more hot water for your money, the new type electric water heaters for '57 now include two higher wattage heat-

ing units that operate completely automatically. As your hot water supply goes down, one unit automatically goes on—quickly heating up more water for you to use when you need it. No waiting, no worries. There's always plenty of hot water on tap. And because of this unique new design, you can get more hot water than ever before from the same size heater. Then, too, since it's built to Edison's own specifications, you know you can rely on the quality and depend on it to operate better, last longer.

For still greater economy—Edison's new Super-Supply Plan. To make the new electric water heaters even more economical, Detroit Edison has introduced its Super-Supply Plan. This simply means that now, for a surprisingly low flat monthly rate, you can get much more hot water than ever before for just pennies per day.

Safer . . . no flame, no fume. There's automatic safety always built into an electric water heater. No flame, no fume. It's even safe enough, and good-looking enough, to go right in your kitchen or utility room. Because of its excellent insulation, it's cool to the touch—top to bottom. And only electric water heaters are so clean, noiseless and odorless.

Here is new proof that you always live better, electrically.

Reddy Kilowatt invites you to inspect these tremendous advantages of ELECTRIC water heating before you buy.

|                 |          |

# Kuenn Jeered as Tigers Lose

## Jack Tighe Has Day Even in 7-4 Defeat

DETROIT (AP)—Shortstop Harvey Kuenn is in the worst slump of his five-year career with the Detroit Tigers but manager Jack Tighe plans "no drastic moves—not yet anyway."

Kuenn's average dipped to .154 yesterday when he went hitless in three trips as the Tigers dropped a 7-4 verdict to the New York Yankees.

"He just got back into the lineup and he has a bad day,"

said Tighe. "I have to, string along with him, though. You just can't go yanking a fellow like Kuenn out of the lineup."

The Tigers had 12 base hits yesterday, but few of them came when it counted. They left 10 runners on the basepaths, making a total of 125 runners stranded this season.

Kuenn, who had been sidelined four days with a pulled leg muscle,

committed one error and was slow going after a couple of other grounders that went for base hits.

"Even when he's himself he's only a fair fielding shortstop," said Tighe, "but when he's not hitting his fielding shows up more. As far as his batting goes, it's hard to diagnose. He's like George Kell—violates every rule of hitting but still he's a tremendous hitter."

"Because of his individual style,

whatever he may be doing wrong up at the plate is hard for someone else to correct... he has to work it out himself."

The manager confessed he had been toying with the idea of moving Kuenn to third base and putting Reno Bertoia at shortstop. That would give Kuenn less ground to cover. But that idea is one that has been toyed with no fewer than a half-dozen times, and the move probably won't be made until all other possible avenues of solution have been exhausted.

Kuenn was jeered for the first time in Tighe's recollection yesterday as he grounded into one double play, hit into a force play and grounded to the pitcher in three official trips. He walked twice.

The 26-year-old Kuenn, the American League's all-star shortstop the past two seasons, has hit in excess of .300 in each of his four previous years with the Tigers. Last year he batted .332, his highest mark.

The Tigers had the lead briefly in yesterday's encounter, scoring twice in the first inning off Yankee starter Art Ditmar when Bill Tuttle singled home two runs with the bases loaded.

While the home club spent itself at bat early, getting all four of their runs and 10 of their 12 hits in the first five innings, the Yankees retained their power for an additional inning to capture a split in the series.

The Boston Red Sox come to Briggs Stadium for afternoon games today and tomorrow. Rookie Don Lee will make his third start for the Tigers and his mound opponent will be Tom Brewer.

**Put-in-Bay Is Selected Site for Sailboats**  
TOLEDO, Ohio (AP)—The National Rebel Class Sailboat Assn. today announced the selection of Put-in-Bay, Ohio, as the site for its sixth annual Regatta Aug. 17-18. Forty of the fiberglass-plastic boats are expected to compete.

Lawrence Ruhlen of Jackson, Mich., was elected president of the group to succeed Carleton Rae of Toledo. Other officers named were James Vorhees of Hillsdale, Mich., vice president; and Ludwig Fromme of Toledo, the 1956 rebel champion, secretary-treasurer.

## NHL TV Plan Has 21 Games

All Are Scheduled for Saturday Afternoons Starting in November

CHICAGO (AP)—The National Hockey League plans to televise 21 Saturday afternoon games during the 1957-58 season.

League owners at a meeting yesterday approved the plans for the telecasts which will be carried by the Columbia Broadcasting System. However, final approval of the program rests on the league's ability to make up the necessary schedule.

League President Clarence S. Campbell said an announcement will be made early next week on formal approval.

The games are slated every Saturday from Nov. 2 through March 22 and will originate from the four U.S. cities—Detroit, Chicago, New York and Boston. No games will be televised out of Montreal or Toronto.

**WEDNESDAY'S FIGHTS**  
CHICAGO Sugar Ray Robinson, 190½, New York, knocked out Gene Fullmer, 190½, West Jordan, Utah, 3 (Robinson regained world's middleweight title for fourth time).  
SAN DIEGO Archie Moore, 205½, San Diego, Calif. outpointed Hans Kaib-fell, 210½, Essen, 16.

**TIGER TAMERS**—New York Yankee manager Casey Stengel had the glad hand out for rookie Tony Kubek (center) and pitcher Tommy Byrne who teamed to beat the Tigers, 7-4, at Briggs Stadium yesterday. Byrne, who relieved starter Art Ditmar, won his 19th career victory in 23 roles against the Tigers.

## 48 Golfers Open Colonial

FORT WORTH, Tex. (AP)—Forty-eight golf hotshots start the \$25,000 Colonial National Invitation today having to fight soggy fairways, overgrown roughs and greens as slow as molasses.

But the class of the field and the tuneup rounds, which have produced three one-under-par 69s indicated that the stars of the tournament trail and such stay-at-homes as Ben Hogan would have no trouble with the 7,021-yard Colonial Country Club course.

Hogan, the Fort Worth golf immortal who plays few tournaments these days, has been the fellow course watched. He fired two of the 69s, and then had an easy 72 and was putting beautifully, the lack of which has been holding him back from a tournament victory the past three years.

Others with fine practice rounds included Billy Casper, the stout young man from Bonita, Calif., and the veteran campaigner, Lloyd Mangrum of Apple Valley, Calif. Each shot a 69 in the final tuneup yesterday.

The tournament committee has stepped forward to give the golfers some help, too. They ruled that for today at least the players would be allowed to improve their lie in the fairway and lift imbedded balls in the rough. This will

remove much of the difficulty the players would face over this course in its poorest condition yet from two weeks of rain.

There are 47 professionals and one amateur—Harvie Ward Jr., the National amateur champion—in the field. Included are National Open king Cary Middlecoff, National PGA champion Jack Burke, Masters champion Doug Ford and the three-time British Open champion Peter Thomson.

Hogan, Middlecoff, Chandler Harper, Johnny Palmer and Mike Souhak are former Colonial champions trying again for the big money. Hogan won it four times.

Coach Bessie Oosterbaan minimized the effect Julian's enforced layoff would have on his learning the Michigan system.

Julian, now a first semester sophomore, had the benefit of spring practice last year.

In Julian's absence sophomore hopeful Al Groce has flashed running brilliance from right half-back.

**ANN ARBOR (AP)—** Fred Julian, Michigan's speedy right halfback candidate, may be lost to the Wolverines for the remaining 10 days of spring football practice. The stocky Detroit bruised his chest in a scrimmage Saturday.

Coach Bessie Oosterbaan minimized the effect Julian's enforced layoff would have on his learning the Michigan system.

Julian, now a first semester sophomore, had the benefit of spring practice last year.

In Julian's absence sophomore hopeful Al Groce has flashed running brilliance from right half-back.

DETROIT (AP)—It was "Jack Tighe Day" at Briggs Stadium but the Tiger skipper couldn't accommodate about 700 of his West Michigan fans with a victory.

Coming here on a special train from Spring Lake (Tighe's hometown), Grand Haven, Grand Rapids, Muskegon and Ionia, the fans presented Tighe with a color television set and a pair of wooden shoes before the Tigers' 7-4 loss to the New York Yankees.

Ron Holliand, president of the Spring Lake business and professional assn., which sponsored the event, made the presentation to Tighe.

Spring Lake schools were closed so the youngsters could make the trip. At Grand Haven, the school didn't close but young people who wanted to make the trip were excused.

scheduled to enter a Detroit hospital today for an examination. He has been suffering from a sore pitching arm.

"I thought it was just stiffness because I hadn't pitched too much," he said.

Hoelt will miss a pitching turn because of the ailment and Tighe

## Olympic Gymnasts in National Meet

CHICAGO (AP)—Thirteen Olympic gymnasts are in the field for the National AAU gymnastic championships for men and women at the University of Chicago fieldhouse starting tomorrow.

The meet ends Saturday.

The Olympic gymnasts include Ernestine Russell of Canada's 1956 squad; Ed Gagnier, also of the Canadian team but representing the University of Michigan; Rafael Lecuona, of the 1956 Cuban Olympic team, and Attila Takach, Hungarian national champion who did not return to his homeland after the 1956 games. Takach represents the Los Angeles Turners.

Trainers Jim Fitzsimmons and Jimmy Jones who train Bold Ruler and Gen. Duke, respectively, both believe that about 10 horses will be in the running for the 3-year-old crown this year.

## From the Press Box

BY BRUNO L. KEARNS  
Sports Editor, Pontiac Press

The Pirates are at it again. It seems everytime the Buccos get a youngster who is acclaimed for future stardom they decide to put him on the block.

Another favorite with the Buccs is to trade off their long ball hitters often for a long shot who never comes in.

The latest maneuver was yesterday's deal in which Pittsburgh sent Lee Walls and Dale Long to Chicago. A year ago the reports out of Pittsburgh had 24-year-old Walls as a sure-fire star with the Pirates.

Must be the Pirates adhere to the saying, "If you can't beat 'em, join 'em." Everytime Pittsburgh makes a deal, Pirate fans look at the past and recall the names of Bobby Elliott, Gus Bell, Preacher Roe, Billy Cox, Arky Vaughn, Ralph Kiner and a few others. They must be happy in their basement home.

### BRAGAN IS 'HIS HONOR'

Speaking of the Pirates, manager Bobby Bragan has been given the nickname "His Honor" because of the fine system he had installed on the team.

Any player who violates a rule or misses a signal must pay a fine. Catcher Danny Kravitz paid \$10 for missing a "take" sign even though he singled, and pitcher Louis Arroyo was assessed \$10 for missing a pick-off sign. Bob Skinner was tapped for \$20 for failing to slide.

At the end of the season Bragan plans to have each player draw a number with the lucky player taking everything.

### SOMETHING ON FIRE FOR BRIGGS

Latest rumor has it that Spike Briggs, deposed general manager of the Tigers, will be back in baseball, probably as an owner.

Briggs has always been fond of the city of Washington. He has disposed of his Florida real estate and may try to make a deal for the Senator franchise.

Spike was a student at Georgetown University and spent some time in the Capital city during WWII as an Air Force officer.

### "M"-OSU RIVALS IN NCAA

The rivalry between Michigan and Ohio State goes farther than the football field. Right now the two schools are waging a neck and neck battle for the individual championships of NCAA sports competition.

Currently, the Buckeyes lead 125 to 119. Most of these totals come from swimming in which OSU has 84 and Michigan 80.

In team championships, Yale leads with 25, with 21 of these being golf. Southern Cal. has 23 of which 19 are track, and Oklahoma A & M has 21, of which 19 are wrestling.

# 'Youthful' Ray Robinson Squares All Accounts

CHICAGO (AP)—Sugar Ray Robinson, who pumps his own fountain of youth with two deadly fists, today was headed for the greatest payoff of his miraculous ring career—a mid-July bout with welterweight champ Carmen Basilio.

Robinson, celebrating his 37th birthday tomorrow, was the marvel of the fight realm after his fifth-round knockout last night of middleweight champion Gene Fullmer.

Robinson, celebrating his 37th birthday tomorrow, was the marvel of the fight realm after his fifth-round knockout last night of middleweight champion Gene Fullmer.

Robinson, celebrating his 37th birthday tomorrow, was the marvel of the fight realm after his fifth-round knockout last night of middleweight champion Gene Fullmer.

## Repays Fullmer, 'Uncle Sam'

CHICAGO (AP)—Sugar Ray Robinson, again the middleweight champion, has settled all accounts—with Gene Fullmer and Uncle Sam.

He knocked out Fullmer in the fifth round last night. Then the government took a \$23,000 blow at Sugar Ray.

They slapped that much of a lien on his purse. Truman Gibson, secretary of the International Boxing Club, said the amount attached settles Robinson's back income tax difficulties.

It was rather incongruous that Robinson, in probably his greatest hour of glory, stood before admirers jamming his dressing room after the fight—and nearby stood three Internal Revenue Service agents.

They were the only silent ones in the steaming quarters as Ray, swathed in towels, sucked an ice cube and spoke his piece.

Among those in the room were his wife, Edna Mae, who was among the first to enter. She was so excited that attendants thought she would faint and for a while held an ice pack to her neck.

"I had no strategy," Robinson said. "I was just trying to maneuver him, using my right and letting him forget my left. I want-

ed a clean counter shot with my left and I got it. I thank God I got in the punch I wanted."

"I don't know how far it traveled, but I'm sure Mr. Fullmer got the message."

Robinson, who will be 36 or 37 Friday, was reluctant to take credit for the victory.

"I owe much to millions of people who had faith in me and prayed for me," he said. "I owe much to Joe Louis for his moral support and knowledge of boxing. I owe much to Father Lang (The

Rev. Jovian Lang of the St. Joseph Seminary in Westmont, Ill.) for spiritual guidance."

"And I owe so very much to my wife who suffered untold miseries as I prepared for this fight."

Sugar Ray carried on at lengths in this vein—bringing the thought that the only one he didn't owe was the government.

All Fullmer said when he first arrived in his dressing room was: "What happened?"

"First time I ever got knocked out and I don't know how it hap-

pened," he added. "Robinson is the greatest I've ever met. I was not overconfident, I was just careless. I wanted a knockout. Anytime I can knock out a guy like that, I'll take it."

"He never hurt me," Fullmer continued. "Because I didn't even know I got hit."

His manager, Marv Jensen, said he thought Gene wanted to make a spectacular fight because he was champion. "And it cost him the championship."

Fullmer, who had dethroned Robinson at New York Jan. 2, foolishly abandoned his rushing, brawling tactics of that fight and thought he could match Sugar Ray flurry-for-flurry last night.

It didn't work.

It was like a bull trying to second-guess a treader. The kill actually started in the fourth round. With less than a minute left, Robinson slashed Fullmer with a series of punches, climaxed with a left hook to the head. Instead of retreating, the West Jordan, Utah toughie, tried to prove he wasn't hurt with a burst of his own.

Sugar Ray looked tired in his corner between the fourth and fifth rounds. He may or may not have been playing possum as he stretched out and almost made his stool a bed.

The fifth started with Fullmer pressing, but missing. Robinson moved in with a stiff right to the body. Fullmer's guard dropped way down. Then Robinson whistled the left hook to the jaw. It didn't travel far, but it caught Gene flush.

Fullmer crumpled to the floor. He was really tagged. He writhed and rolled as Referee Frank Sikora counted to 10. Gene finally struggled to his feet, but the fight was over.

This 140th victory—and his 91st knockout in 153 pro bouts since 1940—pointed Robinson for a meeting with welterweight champ Basilio, probably at Yankee Stadium in mid-July, which could bring the biggest gate in ring history under the light-heavy division.

Jim Norris, International Boxing Club president, envisioned a better gate than the 61,370 who paid \$767,626 to watch Robinson recapture the middleweight title from

Randy Turpin at the Polo Grounds Sept. 12, 1951.

All three officials had Fullmer ahead by a close 19-18 margin, based on the "five-point must system" in Illinois, after four rounds. The AP had Robinson ahead, 19-18.

CHICAGO (AP)—Financial facts and figures for last night's Ray Robinson-Gene Fullmer middleweight title fight at Chicago Stadium:

Gross gate: \$1,479,647  
Paid attendance: 14,727  
Federal tax: \$14,727  
City tax: \$14,727  
Net gate: \$1,440,166  
Robinson's share of net gate: \$720,083  
Fullmer's share of net gate: \$720,083  
Television-radio receipts: \$200,000  
Robinson's TV-radio share: \$100,000  
Fullmer's TV-radio share: \$100,000  
Robinson's total purse: \$820,083  
Fullmer's total purse: \$820,083

He'll have his chance. Plans already are in the making for a Robinson-Basilio match in the middle of July in Yankee Stadium—amid predictions that the gate will approach a million dollars.

Then he went back to his hotel and went to bed.

But he got up and talked with a reporter.

"I thought Robinson fought a smart fight," he said. "Naturally, I was pulling for Robinson to win. If I have a chance to fight the guy, it means a big pay day for me, too."

## Moore Has Doubts About July 7 Fight Deadline

ESSEN, Germany (AP)—A pudgy Archie Moore today slipped inside a warning punch from the National Boxing Assn., which threatens to suspend and/or unhook the light-heavyweight champ unless he defends his crown by July 7, with a maybe-I-will-and-maybe-I won't answer to the ultimatum.

"Look at me, man," said Moore. "I'm 30 pounds overweight. Who wants to see me in a title fight in this shape?"

The old guy whose age figures to be somewhere around 40, probably over, didn't have to tell anyone he was overweight. He was a flabby and puffing champ as he somehow lasted 10 rounds to outpoint Hans Kalbfell, Germany's third-ranked heavyweight, yesterday.

Moore weighed 206½ pounds, Kalbfell 210.

The NBA was releasing its ultimatum to the press in Chicago at just about the same time Moore was wrapping up his fight here. In brief, the NBA told Moore he'll face suspension unless he defends against New Yorker Tony Anthony "as scheduled" in Detroit June 7, and the U. S. boxing authority will vacate the title if he doesn't get around to making a defense by July 7.

"If I keep working hard and they give me time to train," said Moore, "I may be ready in a month."

Yesterday's bout was Moore's first since his heavyweight title hopes were junked by Floyd Patterson in the fifth round of their championship fight at Chicago Nov. 30. To meet the June 7 deadline, he'll have to shed 31½ pounds in a little more than a month to

make the 175-pound light-heavy limit.

Charley Johnson, Moore's manager who is back in the states, has assured the NBA Moore will be on hand for the Detroit bout. But Moore said:

"I don't know. I'll just have to wait and see."

The big question in Moore's mind—is he never worries about weight—is his reported demand for a \$100,000 guarantee.

"I never signed an authentic contract to fight anyone," said Moore. I signed a blank contract to meet the winner of Anthony's fight with Chuck Speiser, without any financial figures at all.

Moore's manager, Charley Johnson, said Moore will be on hand for the Detroit bout. But Moore said:

"I don't know. I'll just have to wait and see."

### Dale Long Goes to Chicago

PITTSBURGH (AP)—"What did they expect, miracles?" With that terse statement Dale Long, the idol of Pittsburgh Pirates fans last year, left the Steel City today for his new club, the Chicago Cubs.

Long, who set a major league record of hitting eight homers in eight consecutive games, was traded yesterday along with outfielder Lee Walls to the Cubs for first baseman Dee Fondy and third baseman Gene Baker.

A year ago Long was hitting at a .426 clip with five home runs and 10 runs batted in. Later in the month, on the 19th, he started his sensational home run binge and climaxed it with a curtain call after his record-breaking homer to the roar of a sellout crowd at Forbes Field.

There was no roar yesterday. And except for a few newspapermen nobody saw Long leave Forbes Field. In the club house Long milled no words about Pittsburgh fans.

Said Long: "What did they expect, miracles? Opening day they booed me. Everytime I struck out they booed me. They got me believing I was in a slump."

"Regret leaving Pittsburgh? Hell, no, but I'm sorry to leave Bobby Bragan. I played for him for four years and owe him a lot. He's got a good outfit. They'll be going someplace."

The reaction to the trade by Walls, voted the outstanding rookie of 1956 by the Pittsburgh baseball writers, was jovial. "I'm glad," commented Walls. "I think I can hit more home runs at Wrigley Field."

Bragan said Fondy, currently

hitting .314 with 16 safeties in 51 times at bat, would be used chiefly in pinch-hitting roles until he (Bragan) sees how the rest of his outfield talent fares.

Baker, hitting .250 with a mark of 11 for 44 and who Bragan said was the "big man" in the transaction, will play shortstop for the

Pirates and Dick Groat will move over to third.

"If this doesn't work out," continued Bragan, "I'll move Groat back to shortstop and Baker back to third. The combination is bound to click."

Long was hitting .182 and Walls had a .190 average.

### Chiefs Whip Arthur Hill

The Pontiac High baseballers gained revenge for an earlier setback yesterday by hammering out a 10-4 victory over visiting Saginaw Arthur Hill at Wisner Field.

An impressive relief pitching job by Terry Zellhart and some sound hitting by Dave Simmons and

Dave Diehm enabled the Chiefs to overcome an early 2-0 deficit and win the SVC contest.

Zellhart allowed only two runs and two hits over the last five innings and struck out five. Simmons and Diehm had five of the eight PHS safeties, three by Simmons.

Arthur Hill.....3 1 1 0 0 0—4 4 4  
Pontiac.....1 1 4 1 3 0 0—10 8 8  
Varnier, Franklin (4); Carlson, (5) and Gerard.

Garrett, Zellhart (3) and Johnson. Winner: Zellhart. Loser: Varnier.

Shaw's Jewelers Class A baseball team will practice Sunday afternoon at Wisner Field, from 1 to 3 p.m., manager Paul Parks has announced.

All interested players are welcome to attend, Parks said. The defending City League champions were previously sponsored by General Motors.

Parks, president of the Pontiac Oldtimers, also announced that the Oldtimers will practice Sunday from 1 to 3 at Washington Junior High. Walt Honchell will manage the Oldtimers this summer.

## Wall Street Is His Beat

### Boy TV Quiz Whiz Liked

TUJUNGA, Calif. (INS) — Eleven-year-old Leonard Ross, whose knowledge of the stock market has won him \$164,000 on television quiz shows, is winning more than just high grades at Verdugo Hills High School near his Tujunga, Calif., home.

His principal and teachers attest to the fact that Leonard's college-level knowledge has not hampered the boy's standing with his classmates nor has it hurt him as a student.

Verdugo Hills Principal William A. Farmer says Leonard's well-adjusted temperament has avoided many problems that might have arisen among the students at the six-year high school in which the age level is as high as 18.

Farmer says that young Ross has taken his fame in "stride"

while Charles Carico, who has Leonard in a special mathematics class, says the eighth grader fits well in the group and is accepted as an equal without jealousy.

Carlos says the classmates are proud of Leonard's accomplishments and the honor he has brought the school and adds:

**HE'S NO FREAK**

"He's certainly no freak. He knows that he is gifted — but he never puts on any airs about it. And he never drags in his personal knowledge just to show it off."

Leonard, whose 11-year-old peers are mostly in the fifth grade, has shown his ability to mix well by his election as treasurer of the school's junior high division and president of the social studies class.

Young Ross isn't all bookworm

either. He is often seen with a tennis racket and balls. Leonard admits though that gym classes aren't his forte.

But as another teacher puts it: "He'll get pretty strong just carrying all those books around."

William Weiner, Leonard's social studies teacher, adds another facet of the boy's school life.

"The other students like to hear him talk," Weiner says, adding: "They never seem to resent the fact that a younger boy may actually be talking beyond their level, and they get a kick out of seeing Leonard cross-examine me about politics."

Leonard wants to make politics his life work.
