

**SINKS IN SQUALL**—This is the brigantine Albatross as she appeared a year ago moving into a seaport dock at Mystic, Conn. The 92-foot "sailing classroom" sank in the Gulf of Mexico during a violent storm yesterday with six teen-agers reportedly trapped below decks.

# Area Boy Survives Albatross Sinking

A 16-year-old White Lake Township youth was one of those rescued after the brigantine Albatross sank during a violent storm yesterday in the Gulf of Mexico, trapping six persons below decks.

Thomas R. Laile, son of Mr. and Mrs. Gilbert J. Laile, 8521 Cooley Drive, was among the 13 reported survivors of the tragedy.

The 92-foot "floating classroom," a square-rigged sailing vessel on a seven-months educational cruise, reportedly carried 19 persons, most of them teen-agers.

A Walled Lake High School pupil, Thomas joined the ship when it sailed from Bermuda at the end of September last year.

The ship went down in less than a minute during the wind squall. The educational itinerary was to take the ship and its teen-age crew to various points in the Caribbean and through the Panama Canal to the Galapagos Islands before tying up in its home port of Mystic, Conn., at the end of the voyage a month from now.

Thomas, a science-minded yachting fan, was expected to return to Walled Lake High School this fall as a senior.

His father is a field representative for the Revue Corp. of America and his mother is employed at the Oakland County Tuberculosis Sanitarium.

Owned by Ocean Academy, Ltd., of Darien, Conn., the Albatross was sailing from El Progreso on Mexico's Yucatan Peninsula in Nassau in the Bahamas when the storm struck, the Coast Guard said.

Thirteen survivors were picked (Continued on Page 2, Col. 1)

# Local Youth, 15, Knifed to Death

Alvin Scruggs, 16, says Virgil McNeil Stabbed in Scuffle After Dance

A 15-year-old boy was stabbed to death on Pontiac's southside last night.

Death came almost instantly for Virgil McNeil Jr., of 388 Howard McNeil St., who was stabbed in the heart and abdomen during a scuffle with another youth.

Police have taken 16-year-old Alvin Scruggs, 944 Branch St., into custody. He is being held at the county juvenile home.

McNeil is the second teenage boy to be stabbed to death by a fellow student in the city during the past three months.

Robert L. Draker, 16, is free on \$1,000 bond pending trial in the fatal stabbing of 15-year-old Jerry A. Chestnut, Feb. 25, in an eastside home. Draker is facing a reduced charge of manslaughter.

The Scruggs boy has admitted fatally stabbing McNeil with a 10-inch hunting knife which was found in his pocket when Scruggs was apprehended, according to Detective Sgt. John Williams, who is heading the investigation.

The stabbing occurred following a dance at the Elks Temple at 100 Franklin Road. The scuffle was outside the building before several witnesses, police said.

The witnesses, all teen-age boys acquainted with both Scruggs and McNeil, said the boys were arguing over a girl.

# Communications May Be to Blame

# Laos Reds Ignore Cease Fire

**BATTLING "TORNADO" FIRE**—City firemen creep close to the ground as they zero in on blazing debris in Hawthorne Park, extinguishing a simulated gas main explosion as part of today's tornado exercise for city Civil Defense crews.

## Weather Might Block Second Astronaut Try

**Squalls Predicted for Friday in Down-Range Recovery Area**

CAPE CANAVERAL, Fla. (AP)—Weather became a threatening factor again today as the United States aimed for Friday for the second attempt to hurl Alan B. Shepard aloft as its first spaceman.

Walter Williams, Project Mercury operations director, today confirmed reports that the launch—postponed Tuesday—cannot be attempted again before Friday.

He said at the time that the weather outlook was good.

But a weather forecast issued shortly before 1 p.m. (Pon-tiac time) said that there is a good chance of squall activity Friday in the down range recovery area near the Bahamas.

The Redstone rocket is to lift Shepard 115 miles high before dropping him into the recovery zone.

"SCATTERED SQUALLS"

"For the next few days," the Weather Bureau said, "widely scattered squalls are expected over Florida and the Caribbean and Bahamas Island areas."

"These scattered squalls are less likely in the launch area than in the recovery zone during the morning hours."

Space agency officials said they can only keep their fingers crossed on the weather.

In explaining why the shot could not be rescheduled before Friday, Williams said:

"It will take that long before we can have the Redstone booster rocket ready to go again."

Williams said, explaining that it is a complicated process to drain off the tons of fuel that were pumped into the vehicle and recheck it to make certain all systems are functioning properly.

When the first effort to launch the rocket was postponed Tuesday because of bad weather, the National Aeronautics and Space Administration announced only that there would be at least a 48-hour delay, with a possibility of a firing on Thursday.

**SATURDAY OR TUESDAY**

Williams said that if the launch was not accomplished by Saturday, it would be put off until next Tuesday.

"We'd want to give the block-house and control center crews and others a day or rest on Sunday," Williams explained.

"Then we'd pick up the preliminary countdown again on Monday and aim for a Tuesday launch time."

## Keeping Ready for Disaster

**Defense Crews Practice With a Mock Windstorm**

By PETE LOCHBILER

A "tornado" struck Hawthorne Park in Northwest Pontiac at 8:45 a.m. today, injuring a handful of school children, causing a gas main explosion and fire, tangling traffic with toppled trees.

First reports came in, as expected, promptly on the minute as the city began its most extensive Civil Defense exercise in years. Scores of Civil Defense personnel rushed to the "devastated" area, where a strikingly real series of practice tests were ready and waiting.

Police detoured Wabash Boulevard traffic around the North Telegraph Road entrance to the park. The public was turned away from the park, just as it would be if the "tornado" had been real.

The Fire Department put out a blazing pile of debris in the park area, working closely with Consumers Power Co. personnel.

Oakland County Red Cross workers, under the direction of Ralph Foreman, first aid chairman, set up an emergency hospital in the multipurpose room of nearby Hawthorne School.

Selected members of the boy's national patrol and girls' service squad wore tags around the neck, indicating the various types of injury.

**REMOVE 'VICTIMS'**

While members of the department of public works threw up barricades and began removal of toppled trees, a squad from the parks and recreation department began the tricky business of removing volunteer victims from the roof of the park's comfort station.

The "victims"—city employees—had climbed to the roof to give the rescue crew practice in lowering stretchers.

## Michigan Senate Blocks Abolition of CD Agency

LANSING (AP)—A move to abolish the state's civil defense agency by cutting off all its funds has been overturned by the Senate.

The lawmakers, by a 14-8 vote, decided Tuesday not to go along with a proposal of the Senate Appropriations Committee that the agency's \$100,000 allocation for the 1961-62 fiscal year be eliminated.

Sen. Basil Brown, D-Detroit, called the committee's suggestion "picaresque and vindictive," and said legislators themselves spend more expense money on junk around the state each year than the civil defense agency receives.

## Attack Key City on Road Leading Into Viet Nam

**SEATO Secretary Is Optimistic Despite the Assault by Rebels**

VIENTIANE, Laos (AP)—The pro-Communist Pathet Lao command ordered its troops to cease fire today but rebels attacked Phala Lane, a key town on the road to central Viet Nam at the thin waist of Laos.

Informants here said the assault in battalion size began this morning and was still going on near midnight.

Pha Lane is about 60 miles east of the southern government stronghold of Savannakhet, on the west border. The highway east leads to an area of South Viet Nam just south of the border with North Viet Nam.

The attack followed a mortar barrage last night on Hsin Houng, government frontier command center on the Nam Li River about 50 miles north of Vientiane.

Despite the attacks, there was some belief that bad communications were to blame and did not destroy the chance for an overall cease fire.

The U.S. 7th Fleet, its exact whereabouts unknown, remained in Southeast Asian waters on its unannounced mission of deterring Communist aggression.

There were reports that the aircraft carrier, USS Coral Sea, was steaming northward toward the Gulf of Siam, near Communist threatened Laos and South Viet Nam. U.S. Navy officials said only that the carrier is heading for her home base.

The fleet has just concluded its part in the six-nation SEATO Exercise Pony Express with landings in the wild jungle country of North Borneo. With 6,000 American and British marines and Australian infantrymen, with 60 ships and 20,000 Navy personnel, it was the biggest military operation ever held by the Southeast Asia Treaty Organization.

**MORE OPTIMISTIC**

In Bangkok, SEATO Secretary General Pote Sarasin told newsmen after a SEATO Council emergency session—its fifth in 10 days—he is more optimistic about prospects for a Laos cease fire.

W. Averell Harriman, President Kennedy's envoy, arrived today for talks about Laos with Prince Norodom Sihanouk, Cam- (Continued on Page 2, Col. 5)

## School Tax Rate Will Stay Same

**Finance Director Even Sees Possibility of Mill Base Being Lowered**

Figures announced today by the Pontiac Board of Education assure taxpayers in the Pontiac School District that the school tax rate won't go up next year if county equalized valuation isn't drastically changed by the state.

In fact, there is a possibility that the current rate of 19.98 mills could be lowered.

Vernon L. Schiller, director of financial management, today revealed that the school district's county equalized valuation is \$386,254,769.

In presenting its preliminary operating budget for 1961-62 to the County Tax Allocation Board, the school board said it would require a \$385-million tax base to finance the budget without need for a tax-rate increase.

County supervisors, school board members and administrators have indicated they expect little or no difference between state and county equalized valuation.

The \$386-million tax base puts the school district about \$11-million above its estimated need to operate at the same relative level next year.

This could result in either a cut in the tax rate or the addition of needed school improvements to the budget.

## Tempest Wins Region 16 'Product of Year' Award

The revolutionary new compact automobile, the Tempest, manufactured by Pontiac Motor Division, has been selected as product of the year for Region 16 which includes Wayne, Oakland and Macomb counties.

Featuring a unique rear transmission, the Tempest will compete with top products selected by other regions across the state for the "State Product of the Year" award. The winning product will be announced as a feature of Michigan Week, May 21-27.

Milton G. Kendrick, regional products chairman, said the Tempest was chosen by a panel of judges after a review of outstanding products manufactured in the three county area.

Judges included Carl Sundberg of Sundberg-Feyar Designers, Southfield; Creighton Holden, president of the St. Clair Inn and Country Club; and Dean Stephen Attwood, dean of the school of engineering of the University of Michigan.

Guidelines in selecting the honored product were that it must be something new, significant, unique, successful and important to the Michigan economy.

In making the award, the judges cited the Tempest's transmission which is located in the rear for equal weight distribution on all four wheels, the flexible drivetrain and an advanced four-cylinder engine.

It was noted that the Tempest is the first mass produced four-cylinder car to be built in America in nearly three decades.

The Motor Division compact car are from left: Carl Sundberg, Stephen Attwood, Creighton Holden and Regional Product Chairman Milton G. Kendrick.

## City Tax Rate Raised 33 Cents

**\$13.60 Figure Is Made Official by Commission; Will Bring Surplus**

The expected 33-cent increase in the municipal tax rate was made official by the City Commission last night.

The 1961 property tax rate was set at \$13.60 for each \$1,000 of assessed valuation. The rate had been \$13.27 for the past three years.

The new July levy is expected to draw in about \$5,000 more than required by the 1961 budget.

City commissioners have indicated since January they would approve the 33-cent increase if the assessed valuation rose to \$280 million.

The new tax rate is still 10 cents less than the \$13.70 levied 1954 through 1957.

The 1961 budget totaling \$8,571,800, calls for a tax levy of \$2,839,300.

The budget is \$384,651 higher than last year's and the tax levy \$218,363 higher. The higher tax rate was called for to raise the added tax funds.

"Effective Wholes of 1961" (City Assessed Valuation—'60 and '61, plus, \$13.20 p.m. Ballantine, 425 N. Main—Ad.)

## Flash

**Washington (UPI)—Secretary of Labor Arthur J. Goldberg moved into the two-day National Airlines strike by calling union and management officials to a conference in his office.**

**Navy to Send Up Man**

PENNSACOLA, Fla. (AP)—The Navy plans to make an attempt Thursday to launch a manned balloon from the deck of an aircraft carrier to a record altitude.

# Swainson Objects to Legislature's Budget Bills

## Holland Slaying Suspect Reported Sighted in UP

NEWBERRY (UP)—State Police today reported that a suspect in the slaying of a young girl in Holland, Mich., had been sighted in the Upper Peninsula.

A train crewman on a small, local rail line told officers he sighted a youth walking along the tracks just east of Newberry.

He said the boy, who fitted Stephens' description, ducked into tall grass before he could get a good look at him.

The railroad said he was not able to see if the youth had a gun.

## Area Youngster Survives Sinking

(Continued From Page One)

up by the Dutch freighter Gran Rio. They were taken to Tampa, Fla., and were expected to arrive about 7 a.m. (EST) tomorrow.

The Coast Guard said the ship carried 14 youths, two professors, a cook, a woman chaperone and the captain, Christopher Sheldon. The Coast Guard identified one of the victims as the wife of the captain.

On the basis of conversations with survivors aboard the Gran Rio, the Coast Guard said the storm apparently wrecked the life boats from the ship, enabling survivors to get aboard after abandoning ship.

They remained in the life boats until 5 a.m. today when the freighter picked them up. The Coast Guard said the ship sank about 180 miles northwest of Key West.

The weather "Bureau in Key West said at the time of the sinking there were thunderheads up to 60,000 feet in that area, indicating extreme storm conditions. The Albatross was a floating classroom for young people from 15 to 20 years old.

Sheldon, of Darien, Conn., and his wife, a physician, were said to be on the cruise. Sheldon himself teaches Spanish and navigation and is the ship's skipper.

The Coast Guard officer quoted Sheldon as saying the Albatross left a squall at about 9 a.m. yesterday, and that the vessel went down in about one minute.

The ship, which was used in the movie "The Twilight for the Gods" before the Sheldon brought it under two previous trips under its present owners.

One of those rescued was William Bunting, age 14 or 15, the son of the president of Radcliffe College, Mrs. Mary I. Bunting. Mrs. Bunting's late husband was Dr. Henry Bunting of the Yale Medical school staff.

Besides Mrs. Sheldon, those lost were tentatively identified as Christine, 17, Monterey, Calif.; John Goodlett, 17, Arlington, Va.; Rick Marsellus, 16, Newport Beach, Calif.; Robert Wetherill IV, 17, Media, Pa., and the ship's cook, George P. Pratkanis of California.

## Watson Pictured as Having Feared Harm From Killer

DETROIT (AP)—Gordon Watson, on trial with Mrs. Nellie Laster on charges of murder and conspiracy, was pictured in court today as having feared harm from one of three admitted killers of Parvin (Bill) Laster before the killer's arrest.

William Folgmann, a pilot who flew Laster on his last business trip, said Watson gave him his business card with the initials of Roy C. (Buck) Hicks on the back. Folgmann said Watson gave him the card within a few days after Laster's slaying on April 6, 1959, and told him that if anything happened to Watson to give the card to state police or one of Watson's brothers because it would mean something to them.

Folgmann said Watson told him he (Watson) had received threatening phone calls, at least one of them from Chattanooga, Tenn.

All three men who admitted the actual slaying of Laster were from Chattanooga.

The state charges Watson and Mrs. Laster, of Beverly Road, Beverly Hills, engineered the killing of her husband, a well-to-do auto dealer, out of "hat and greed."

Both defendants are Kentucky natives but have insisted they never met until Watson became Laster's business partner in 1956. She is a native of Murray, Ky., and Watson of Smithland, near Paducah.

Folgmann testified Tuesday that he was asked to lie about where Watson spent the night during Watson's trip to Oklahoma City on the way back from a business trip.

Under cross-examination, however, Folgmann changed his testimony and said he told state police that Watson spent the night with him, because he assumed Watson wanted him to do so.

## JFK's Wage Bill May Squeeze By

WASHINGTON (AP)—Administration supporters predict a hairline victory in the House today for President Kennedy's minimum wage bill. Senate passage is considered certain.

The Senate voted first on the bill and some Southern Democrats. The President "lost" the key House test originally 216 to 203. The bill has aroused bitter controversy chiefly because of the extension of coverage. No new categories of employees have been brought under the law since President Franklin D. Roosevelt first got it passed in 1938. The minimum wage has been increased over the years from 25 cents to the present \$1.

Republicans opposing the measure in the House were prepared to argue that if that branch would reject the legislation and send it back to conference, they would go along with a \$1.25 wage floor. The original House bill called for a \$1.13 minimum and covered an additional 1.2 million workers. The Republicans planned to try to stick to this limited coverage.

By The Associated Press  
Cool and showery weather persisted in sections of the North and more rain fell in the far Northwest today but skies were generally clear in most other parts of the nation.

A shower belt extended from southeast lower Michigan into New York State. Rain and snow dampened Maine and New Hampshire, with snowfall amounts of one to two inches in Maine.

Showers continued along coastal sections of Washington and northwest Oregon. Thunderstorms were reported in areas from southeast Montana into western Nebraska.

He received his master's degree in second education from Eastern Michigan University in 1960 and has completed 1½ years work toward a degree in engineering.

The candidate makes his home at 2075 Highland St. He is married.

Bersche stated that he feels that educational representation to balance and broaden the scope of the delegates in handling the responsibilities of revising the 1960 state constitution.

"Far too much emphasis is being made in stuffing the delegation with law, labor, and industrial management representation," he said, "I feel we should let our educators have some voice in any assignment that is so important to the future of Michigan, and I want to go on record right now in offering my educational experience and know-how in serving the people in this area."

## Sees Staff Cut, No Construction Urges His Program of Long-Term Financing for State Needs

LANSING (UP)—Budget bills now before the legislature would mean "pretty horrendous reductions of employees" in addition to cutbacks in General State Services, Gov. John B. Swainson said today.

"I feel obligated to emphasize the serious implications of the budget," Swainson said in a message to the legislature.

The State Senate was ready for final consideration of budget bills and House members were slated for preliminary debate on the budget this afternoon.

"The appropriation bills, as they stand now, would mean a very minimum of a 3 per cent reduction in state employees," the governor said.

"And this takes into account only the raise due all employees, not step increases or annual leave costs which were not provided in the money bills."

Swainson said several "unquestionably needed" buildings for the state would be delayed at Ypsilanti, Plymouth and Ionia would go to "scrap heap" unless some manner of financing capital construction was put into the budget bills.

He urged the legislature to consider the need for a long-term financing program for the state, including a bond issue for the construction of a new state capital building.

Swainson said the legislature should consider the need for a long-term financing program for the state, including a bond issue for the construction of a new state capital building.

## The Day in Birmingham

### Senior Citizens to Play Golf Free at Springdale

BIRMINGHAM—Resident senior citizens, 65 years of age and over, will be permitted to play golf at the city's Springdale course free of charge.

Arrangements currently are being made to allow retirees to use the municipal course during the early morning hours on weekdays, according to Charles W. Gale, superintendent of the Forestry and Parks Department.

Approval of the plan already has been obtained from the City Commission.

The suggestion of special golfing privileges for retired persons was first presented by George E. Carter of 711 South St., a member of the Birmingham Senior Men's Club.

Carter, who explained that he was not a golfer himself, stated that he knew a number of retired Birmingham men who had golfing equipment and would like to be able to play golf but cannot afford the regular fees.

Gale said that regular members would be allowed to play during the special senior hours and if a regular citizen wished to play during any other hours than the special time, it would be necessary for him to pay the regular fee.

Gale, in presenting the proposal to the commission, stated that the Pontiac Municipal Course allows any retired person in Oakland County to use the facility at any time free of charge.

A faulty gas hot water heater is blamed for a fire yesterday that caused an estimated \$500 damage to a Bloomfield Township home.

The fire at the home of Peter Koshal, 6475 Franklin Road, was confined to the furnace room of the one-story building, according to Bloomfield Township firemen.

The blaze was discovered at 9:30 a.m.

The Bloomfield Hills Camera Club will meet tomorrow at 8 p.m. at the Cranbrook Institute of Science. Slides and prints will be discussed.

The assignment for the meeting will be portraits or character studies.

Private service for Mrs. Max (Elizabeth F.) Brock, 60, of Bloomfield Hills, will be held tomorrow at the Bell Chapel of the William R. Hamilton Co.

## Russians Say No N-Ban Except on Their Terms

GENEVA (U)—The Soviet Union told the United States and Britain today a treaty to ban nuclear weapons tests is possible only on Soviet terms.

The announcement was made by Russia's Semyon K. Tsarapkin at the three-power nuclear test ban talks in the absence of U.S. Chief Delegate Arthur H. Dean who is reporting to President Kennedy on the dedicated conference.

Unofficial temperatures of 137 degrees have been recorded in the Death Valley area of California.

## 2 County Lawmakers Urge More Racing

Two Oakland County state representatives were the chief sponsors among the 82 of the 110 House members who joined forces Monday night to urge expansion of the racing season in the Detroit area.

The local representatives were Rep. Arthur J. Law, D-Pontiac, and Rep. William Hayward, R-Royal Oak.

They introduced a resolution calling on James H. Ingalls, state racing commissioner, to allocate at least 15 days for thoroughbred racing and an equal number of days for harness racing in Detroit's metropolitan area.

Ingalls has ordered 126 days for thoroughbreds and 135 for harness racing this year.

Figuring on the basis of the average daily tax take of previous years, the lawmakers said, the additional racing days would produce about \$1.25 million in tax revenue for the state and give employment to approximately 1,000 persons for another month.

The growth of both forms of racing in the Detroit area indicates that the expanded season is advisable, they said.

## St. Louis Reports Loss

St. Louis (UPI) — Michigan Chemical Corp. has reported a first quarter loss of \$136,560, or 20 cents per share, compared with a net loss of \$23,008 or four cents a share in the same period of 1960.

## WHOA, It's a Unit of Centennial Belles

By rearranging the initial letters of the four elementary schools in its name, the Weaver - Owen-Hawthorne - Alcott Community Club has come up with the name WHOA for its Centennial Belles chapter.

At its latest meeting, club members expressed interest in providing cast members for the Centennial spectacle, "The Pontiac Story," and in nominating a candidate for the title of Miss Centennial.

George Patterson and Robert Chastain of the Pontiac Firefight-

ers Assn. showed a film on fire prevention.

Named to Mrs. George Gray's membership committee are Mrs. Warren Dabey, co-chairman, Mrs. Cordie Herein, John Couture, Mrs. Goldman Dillon, Mrs. Buri Mapley, Mrs. Fred Harwood, Mrs. Pete Milay and Mrs. John Maxwell.

## \$362 Million in Wheat

OTTAWA (UPI) — Agriculture Minister Alvin Hamilton announced Tuesday that Canada will sell \$362 million worth of wheat and barley to famine-stricken Red China during the next three years. The deal, the largest grain transaction in Canadian history, involves 186.7 million bushels of wheat and 46.7 million bushels of barley, Hamilton said.

## 3 Saginaw Buildings Hit by Wind-Fed Fire

SAGINAW (UPI) — A three-alarm fire, fed by wind and exploding paint cans, roared through three buildings in the business section Monday night.

An estimated 60 firemen fought the blaze for nearly three hours before bringing it under control shortly before midnight. No one was injured.

Fire Chief Cyril Schulz said fire probably would have engulfed the entire block of businesses on East Genesee St. had it not been for fire walls on either side of the three buildings, which housed a hardware and a loan office.

## Remond Stabbing Case

The felonious assault case against Herbert Hock, 25, of 258 Elm St., accused of stabbing Robert Davis, 30, of 89 State St., in the neck April 23 was remanded to court.

# Castro Wants to Hide Behind Khrushchev's Skirts

By WILLIAM L. RYAN  
Associated Press News Analyst

The Castro regime—in which Fidel now seems more figurehead than ruler—probably rushed to proclaim itself part of the world Communist bloc in order to claim it along if necessary—to prevent

Soviet protection against any Communist penetration of the future U.S. moves.

President Kennedy has told the United States that in the Soviet sense of the word, Cuba is a "Socialist" state. The big question: How much is the Premier Khrushchev willing to

The Havana government now says Cuba is a "Socialist" state. The big question: How much is the Premier Khrushchev willing to

risk to protect a self-proclaimed Communist regime thousands of miles from world Communist frontiers?

Would Khrushchev risk starting World War III in the Western Hemisphere?

A U. S. statement Tuesday blasting Castro's regime as more Communist than the rest of the Iron Curtain satellites, may be a prelude to additional Washington moves against the Havana regime—perhaps to a total embargo on shipments of all goods to Cuba, perhaps also to bringing pressure on other members of the Organization of American States (OAS) to take action against Havana.

blasting Castro's regime as more Communist than the rest of the Iron Curtain satellites, may be a prelude to additional Washington moves against the Havana regime—perhaps to a total embargo on shipments of all goods to Cuba, perhaps also to bringing pressure on other members of the Organization of American States (OAS) to take action against Havana.

These moves would hurt the Havana government. The Soviet Union is not in a position to supply Cuba with all its food, medicine and other everyday needs. A break in relations with other Latin American states could deprive the Castroists of their nests of espionage, agitation and subversion throughout much of the Western Hemisphere. Some Latin American governments, badgered beyond endurance by Castro agents, broke relations months ago, on their own.

But, by Castro's words, a Socialist—meaning Communist—ruling-state already exists in the Western Hemisphere. Does President Kennedy's warning mean that should such pressures as an embargo and OAS action fail to jolt Havana, other steps will be taken?

Does it mean the United States will launch another blow, the next time far better prepared and supported than the feebly executed April landings, to topple the Havana regime?

**BUYING SAFETY**

If that comes to pass; what will be the Soviet response?

The bearded one and his cohorts seem to be buying safety in exchange for turning Cuba over to the Communist party, look, stock and barrel. This has been one direct result of the ill-timed invasion.

Castro first began referring to Cuba as "Socialist"—meaning Red-ruled—when invasion preparations were getting widespread publicity in the United States. He now has spelled out the whole thing in unmistakable terms: the Communists own him. He little doubt he is their willing tool and creature.

From now on, it can be assumed, the Communist party will run the show in Havana, with Fidel as front man, useful for whipping up support from anti-Yankee fanatics and the unlettered masses. But the Communists, with an ear for Kremlin admonitions, are likely to be cautious. They are not likely to put Khrushchev in the uncomfortable position of having to make the terrible decision—war or peace.

Fidel will be in danger. It is a matter of Communist history. The Communists regard the overthrow of the Batista regime in Cuba as the "national" revolution. It is a phase, according to their doctrine, through which such countries must pass.

Eventually, as has happened so many times before, the leaders of such "national" revolutions lose their usefulness, get in the way of the Communist party program and become nuisances. Then the party gets rid of them.

**Hillsdale Alumni to Hold Annual Dinner Meeting**

The annual dinner meeting of the Detroit Area Alumni Association of Hillsdale College will be held Friday at Northwood Inn, Royal Oak, with a social hour at 6 and dinner at 7.

Master of ceremonies will be C. W. Shipman, assistant to the college president.

Dr. J. Donald Phillips, president of the college, will extend a welcome, and the principal speaker will be Dr. R. C. Rosecrance, Rockford, Ill., industrialist and chairman of the Hillsdale board of trustees.

Attendance chairmen are Robert Morrison, Royal Oak; Richard Fairgrieve, Drayton Plains; and Roger Davis, Lathrop Village.

## DIFFICULTY AHEAD

These moves would hurt the Havana government. The Soviet Union is not in a position to supply Cuba with all its food, medicine and other everyday needs. A break in relations with other Latin American states could deprive the Castroists of their nests of espionage, agitation and subversion throughout much of the Western Hemisphere. Some Latin American governments, badgered beyond endurance by Castro agents, broke relations months ago, on their own.

But, by Castro's words, a Socialist—meaning Communist—ruling-state already exists in the Western Hemisphere. Does President Kennedy's warning mean that should such pressures as an embargo and OAS action fail to jolt Havana, other steps will be taken?

Does it mean the United States will launch another blow, the next time far better prepared and supported than the feebly executed April landings, to topple the Havana regime?

**BUYING SAFETY**

If that comes to pass; what will be the Soviet response?

## SEATO Forces on Maneuvers in Borneo Mud

KOTA BALU, British North Borneo (UPI)—SEATO forces which "hit the benches" here in maneuvers Monday were slowed down Tuesday by heavy rains.

The landing force, which included 600 British marines, advanced slowly through the unceasing rain and mud.

Helicopters transported more vehicles ashore and carried supplies from beachheads to otherwise inaccessible mountains.

One SEATO observer said he was disappointed by the troops' lack of zeal. Another said that simulated mine fields had been walked through by some soldiers and "no one paid any attention."

Most observers indicated they were impressed with the operation.

## To Hold Open House at Stringham School

Open house will be observed at Stringham School in Waterford Township Thursday at 7:30 p.m.

The Stringham School chorus will sing and Mrs. Chester Arnold will conduct the installation of officers. Mrs. Arnold Dahl will be installed as president for the coming year.

Refreshments will be served by the first grade mothers with Mrs. Gordon Goldworthy and Mrs. Harry Allee acting as hostesses.

## Ran Illegal Liquor Site, Sentenced to Fine or Jail

Found guilty earlier of operating and maintaining an illegal liquor place, a Pontiac man has been ordered to pay a \$35 fine or serve five days in the Oakland County Jail.

Municipal Judge Cecil McCallum imposed the sentence yesterday on Oscar Atkins, 38, 548 Wyoming Ave.

Atkins and seven other persons were arrested by Pontiac police vice squad officers in a raid on his home April 22.

## Centennial Tie Shortage Relieved by Shipments

New shipments have relieved a temporary shortage of Centennial ties at Centennial headquarters in the Pontiac Public Library.

Available now in abundance are black, red, blue, gray, brown and green bow ties at \$1 apiece, the proceeds going to offset the Centennial expenses.

## Queen's Visit With Pope Should Be Advantageous

Queen ELIZABETH II's "courtesy call" on Pope JOHN XXIII at the Vatican Friday, May 5, has revived speculation that a new era of rapport between the Church of England and the Roman Catholic Church may be in prospect.

The relationship between the two churches was warmed considerably last December 2 when Dr. Geoffrey F. Fisher, 99th Archbishop of Canterbury and Primate of the Church of England, became the first head of the Anglican Church to call upon a Roman Catholic Pope.

Nevertheless, Dr. FISHER's historic visit with the Pope did arouse some criticism among Church of England communicants, and he was obliged to assure the doubting that there had been no so-called surrender to the Pope.

Rather, Dr. Fisher stated, the object of the visit was to prepare for infrequent, informal and formal exchanges of interest and understanding between the two Churches. Pope John later remarked that the Archbishop had shown courage by asking to be received in the Vatican.

Queen ELIZABETH is in a less exposed position than the Archbishop in making her call as one temporal sovereign on another. Although she is the head of the English Church and carries the title "Defender of the Faith," English monarchs in the past have made similar courtesy calls on the Pope within a reasonable time after his accession.

Reuniting all communities of Christendom appears to be an insuperable task. But many churchmen and statesmen alike can see advantage flowing from any contacts that will, in the words of one speaker, bring together "all those who believe in God more closely in their struggle against those who proclaim their disbelief in God."

## Annual Kentucky Derby Is American Custom

"Tiptoe through the Juleps" Kentucky Derby time is here. This is the one race for horse lovers that has the prestige like the world series in baseball.

Saturday will be the 87th running. It's not the oldest, richest, nor best American stakes race, but it's the one most owners most want to win.

Why? Simply tradition.

Most racing fans, particularly the advocates of the Belmont, will tell you that the Derby is more a circus than a race. This year is no exception; right now it looks like 16 three-year-olds and maybe 20 would go to the post.

Already the owner of the early favorite, Carry Back has threatened to hold his horse out of the Churchill Downs classic if it turns out to be a cavalry charge with a lot of horses in there that don't belong.

This year's race will be as attractive as ever and you can bet it won't lack for starters or fans. It's an American custom.

## U.S. Asks for Diplomat to Mongolian Republic

The United States has decided to seek diplomatic relations with the Mongolian People's Republic, otherwise known as Outer Mongolia.

This is not entirely due to any change in its government, but is a step toward gaining a listening post on the mainland of East

Asia near Red China. Most of our intelligence now filters through Hong Kong far to the south.

Once ruled by China, the republic was organized 37 years ago as a Russian satellite. Since then Outer Mongolia has paid strict attention to domestic affairs which include a huge hydroelectric development near the capital city of Ulan Bator. With the means of production now at hand, its leaders are awakening to trade opportunities beyond their Russian and Chinese neighbors.

Trade and diplomatic missions are being sent to non-Communist countries in Asia and commerce is expanding. Most important is the fact that several U.S. newsmen and scholars have been permitted to tour the country.

If the Mongols agree to an exchange of diplomats and a U.S. legation in Ulan Bator is established, our Government would be in a better position to evaluate the effects of Russian versus Chinese influence in that part of the world.

## The Man About Town

### He Writes Letter And Thanks Contestants for Confidence in Him

Life: When those who work hard and save will have enough to be forced to divide it with those who didn't.

Outstanding favorite in our baseball contest is

Al Kalline.

Detroit outfielder. He received 382 votes, far more than twice as many as any other player, among the 3,217 entries in the contest.

His appreciation of that heavy vote is expressed in the following letter from him: "Dear Joe: I would like to thank all of your fans for their confidence in me. I feel very happy that so many are pulling for me, and I will try my very best. Thank you, Al Kalline."

The prize of \$250 in U.S. bonds goes to the person who named the player who will be leading the American League on the night of May 11, and estimated the closest to his batting average.

Bringing it quite down to date, the office of Secretary of State

James M. Hare

refers to those whose drivers licenses have been revoked as being "grounded."

Personal note to Chairman of our Board of Supervisors.

Deles Hamlin,

and others in charge of the dedication of the new courthouse, the assessed value of Oakland County has jumped to over 20 times the figure of what it was when we dedicated the last one, on Nov. 2, 1905.

The 55th anniversary of the San Francisco earthquake is a grim reminder to

Mrs. Ann Evonley

of Rochester, whose mother went through it, and was seriously injured.

A cactus brought from California in February, now in the home of

Mrs. Grover Porter

of Drayton Plains, has suddenly burst into bloom.

Many reports on forsythia bushes in bloom are being received, including that of

Mrs. Bliss Hanniford

of Drayton Plains, who changes the traditional yellow to pink by irrigating the bush with grape juice.

A Boston fern started in 1943 by

Mrs. Eleanor Ball

of Ortonville, has reached an age that she feels might be a record.

## Verbal Orchids to—

Mr. and Mrs. Floyd Beardslee

of 725 East Square Lake Road; 52nd wedding anniversary.

Fred Bixby

of Bradenton, Fla., formerly of Pontiac; 87th birthday.

Mr. and Mrs. Alanson Penrose

of Rochester; 52nd wedding anniversary.

Mr. and Mrs. Hugh Myers

of Ginglesville; 54th wedding anniversary.

Mr. and Mrs. Austin Danforth

of Wall Lake; 83rd wedding anniversary.

We've Got a Suggestion

David Lawrence Says:

## President Needs a Cabinet Council

WASHINGTON — Is there something wrong with the executive system in America?

Or is there something wrong about electing to the presidency of the United States a man who has had no executive training or intimate knowledge of the workings of the executive branch of the government?

Or is there something wrong in having a transition period of several months between the election and the inauguration?

What is needed here is a Cabinet council that gives full time to the President. The de-

partment heads can be run by general managers, and the Cabinet council could meet every day and give the President advice.

If the present Cabinet members aren't qualified to be presidential advisers, why not have a group of able men in

America who could serve in that capacity.

But it is courting disaster to assume that academicians, who have little experience in the operations of government, can shut the secretary of state aside or that decisions can be made with one or two Cabinet officers without the change in the number of the number of mature men to sit down and work out a policy based on principles of enduring strength.

There's much that is wrong in the current operations of the executive system.

The so-called Cuban fiasco is but the beginning of a series of failures unless President Kennedy gets rid of most of the "kibitzers" who are running around in circles in the new administration and sets up at his side a Cabinet council of men of stature to give full time every day to the task of helping him make national and international policies. He can't do it all himself.

Dr. William Brady Says:

## Formaldehyde for Sweating Provides Two Drawbacks

The use of formaldehyde solution to prevent excessive foot sweating of the feet has two drawbacks. First, the official 37 per cent formaldehyde solution (liquor formaldehydi USP) is caustic and should never come into contact with the skin.

Second, even diluted solutions (one part of the commercial 35-to-37 per cent liquor formaldehydi in seven parts of water) may prove too irritating for the skin, so it is better to use a very dilute solution the first time.

say one part of the standard liquor in 15 or 16 parts of water, or one ounce in a pint.

If this doesn't prove fairly effective, their next time use a solution of one part of the 37 per cent liquor formaldehydi in ten parts water — or a fluid ounce in the half pint.

The same dilute solution may be used once a week to moisten the skin of the palms and palms surfaces of fingers and thumbs to correct excessive sweating of the hands. But you had better proceed with caution.

Perhaps it would be wise to try on one hand only the first time, and wait a few days to see whether your skin can take it. Moop the skin once over, using a bit of cotton or cloth on a stick, and let it dry on.

The second drawback in the use of formaldehyde is — well, don't be embarrassed if an impudent clerk implies you are crazy. In recent years readers of this column have been getting that routine from some druggists, not just about formaldehyde, but when they asked for such plain old household items as boric acid, iron-and-arsenic citrates (for making their own blood tonic) and potassium citrate (for whipping up a batch of cough medicine).

For control of moderate sweating of the feet most persons prefer to treat the insides or insoles of the shoes say once a fortnight by pouring from one shoe to the next an ounce or two of one-to-eight solution of formaldehyde and letting the shoe dry in the open air or sun for 24 hours before wearing. Or treat the feet, or socks in the same way.

One with sweaty feet should (1) go barefoot as much as possible, (2) avoid tight shoes, (3) avoid

America who could serve in that capacity.

But it is courting disaster to assume that academicians, who have little experience in the operations of government, can shut the secretary of state aside or that decisions can be made with one or two Cabinet officers without the change in the number of the number of mature men to sit down and work out a policy based on principles of enduring strength.

There's much that is wrong in the current operations of the executive system.

The so-called Cuban fiasco is but the beginning of a series of failures unless President Kennedy gets rid of most of the "kibitzers" who are running around in circles in the new administration and sets up at his side a Cabinet council of men of stature to give full time every day to the task of helping him make national and international policies. He can't do it all himself.

Voice of the People:

## 'Heavens Forbid if Perry Mason Defended Eichmann'

Last night in my wigwam, I had a horrible thought. Suppose Perry Mason were to defend Eichmann. Perry has battled the prosecuting attorney in 2,856 cases and won 2,856 times. So Eichmann would be a cinch to go free and get on TV for heavy wampum. In fact, the great, great (13 times) granddaughters of Pechonath suggested that Perry would probably end up having the Jews on trial for giving Eichmann a lot of trouble at times when he was killing them.

Chad Pontiac XIII

## Think All Should See 'Operation Abolition'

I saw "Operation Abolition," and was utterly shocked at the conduct of so many fellow student Americans in California. Most of those students were not truly Communists and were very much ashamed of their actions after realizing that they were merely used as puppets of the Communist agitators.

We are living in a free nation, but who are these people who come here only to encourage communism, but take advantage of our free Constitution and actually defend the rights which were set out for the American people? People who wish to live democratically and not Communistly? Our government should use some force on putting an end to such actions.

I hope this film is available to more Americans, so that they can see what we're up against.

Perry Warren

100 Henry Clay

## 'Whole Cuban Mess Sounds Like Adlai'

The awful farce of this Cuban invasion shows Adlai Stevenson at his worst and it all sounds like his muddling from beginning to end. The worst is that President Kennedy will have to bear the disgrace and humiliation. Well, I voted for him, but I never voted to have him put pussy-footer Adlai in any job at all.

Bra Carroll

## Women's League Offers Suggestions

The recent actions of our government in support of the invasion of Cuba by anti-Castro forces has damaged us. As members of the Women's International League for Peace and Freedom, we are committed to work by non-violent means and we cannot condone the participation of our government in the internal affairs of another nation, as an act which is in violation of national morality and of our treaties.

We offer the following suggestions: (1) Accept the offer of Argentina to mediate our differences. This effort could include reparations for expropriated property. (2) Ask some non-political organization such as the American Friends Service Committee, to send a commission to Cuba to investigate and report.

JoAnne Fireman

Bloomfield Hills

## Local Banks Blamed for Loss of Shoppers

Although I am sure that something can be done to improve the plight of the downtown merchants, the good times that they have known will never be known again.

Many people like to point to the new shopping centers as being the real reason for the loss of the downtown business. I feel that as ever greater responsibility falls on the local banks.

They have completely decentralized the financial banking industry, and people no longer need come downtown to make their deposits or cash their checks, and do a little shopping while they are there. These people have disappeared from the downtown shopping scene.

Downtown merchants must modernize their stores, and create better parking and they must actually compete with their own branch stores, by offering real bargains in quality clothes, and cosmetics. Make the public pay for the convenience of shopping near to home. Make downtown a business center.

I invite the public to drive down Saginaw Street to count the empty store buildings.

Michigan Cities

## Agrees With Letter About Con-Con

I am in complete agreement with Mr. Montague who stated in the Voice of the People that candidates seeking con-con delegate posts should let the public know their thinking on related issues.

Although I have very few definite opinions, I add that any constitution must meet with the approval of the voters and those selected should work out a constitution acceptable to a majority. Those who seek special interests gain would be wise to stay home.

The people of Michigan are tired of the conflict which has stagnated our state.

Raymond L. King

## Case Records of a Psychologist:

## Paper Is Influential, Educational

By DR. GEORGE W. CRANE

CASE - 473: Frank Slimson is a magazine writer who recently visited my office for some data on this column.

"Dr. Crane," he began, "why did you decide to throw your lot with newspapers?"

"Specifically," I replied, "what made you leave the college campus to become a syndicated columnist?"

For generations my family has been made up of teachers and men.

My brother and I both studied to be college professors. While I am still a campus professor, while I have become a professor of the nationwide campus of American newspapers.

Back in 1924, I was teaching psychology at George Washington University, Washington, D.C.

My classes were crowded, with as high as 120 students per class. I taught the psychology of advertising, salesmanship, personnel, child rearing, etc.

But I found then that the students, as well as the audiences which I would address at PTA meetings were full of doubts and uncertainty about many practical family and social problems.

Psychology then, as well as now, didn't have all the answers to such problems in life, but it did have many proved and tested solutions.

But over 80 per cent of our Americans never entered college, even for one semester, so if psychology was restricted just to university folks, it would miss

the vast majority who could profit by it.

So I decided something should be done to help spread the good facts for the more abundant life.

WHY THIS COLUMN

In 1924, we didn't have radio of the commercial sort. And magazines hit only minority segments of the population.

But the daily newspaper reaches almost all Americans who can read, so I decided it was the most universal educational agency in the land.

Then I made a survey of newspaper readers, asking what they had read in their daily newspapers.

Remember, this was long before the Gallup polls, and even Dale Carnegie's little book on winning friends.

Back in 1924, psychology was still of the "stuffed shirt" type, phrased in 5-syllable words and dealing with a lot of highbrow stuff.

My personal survey showed that business-like, then-the-popular Dorothy Dix, but her column didn't vary, being a Love, Love, Love men six days per week.

Many parents also like a child column, but when quizzed more fully they said they didn't read it more than once per week.

So I diversified the formula for this feature, including one true life feature, one on love and marriage, one on how to improve your personality, one on mental health (now called psychosomatic medicine) and one final case on business, personnel or sales and advertising.

That formula has proved successful.

per, for it varies the "menu," and lifts the basic interests (instincts) of everybody several times per week.

Before launching the column, however, I decided I ought to run my M.D. degree to supplement my Ph.D. in psychology.

And, incidentally, my teaching back to Northwestern University

where I ran the experimental psychology lab, and taught several courses in business psychology.

So I traded Evanston courses with my colleagues so I could teach at night and go to Medical School by day. After I got the M.D. I launched this column starting it in 1935.

## Will Hear Talk by Psychiatrist

Dr. Modlin to Address  
Oakland Chapter of  
Mental Health Society

One of the nation's leaders in the field of psychiatry, Dr. Herbert C. Modlin, will be main speaker Friday, May 12, at the annual meeting of the Oakland County Chapter of the Michigan Society for Mental Health.

The meeting is scheduled for noon at Devon Gables in Bloomfield Township.

Dr. Modlin, senior psychiatrist at the Menninger Clinic, Topeka, Kan., will speak on "Recent Advances in Psychiatry."

"It is a privilege to bring to this chapter meeting a man of Dr. Modlin's qualifications," said Royall Oak Municipal Court Judge Elmer E. Hartwig, chapter president.

"He is a recognized leader and represents an institution in the forefront of efforts to rally the nation's best scientific talents to reduce the toll of mental illness."

Dr. Modlin's background is interesting and varied. He served as a consultant in the Medical Center for Federal Prisoners in Springfield, Mo., and lecturer on psychiatry and behavioral sciences at several leading universities.

Before joining the Menninger Clinic, he served as a neuropsychiatrist in the Air Force and as chief of the neuropsychiatric service at the Tappan Veterans Administration Hospital.

Another feature of the meeting will be presentation of an award by Pontiac General Hospital in recognition of the hospital's new facilities for improved care of mentally ill patients.

## Selfridge to Mark Armed Forces Day

On May 20 and 21, Selfridge Air Force Base, 31, Chemois, will conduct one of the largest and most spectacular Armed Forces Day observances in the nation.

Five major Air Force commands will be represented at the two-day open house of the historic airbase as it celebrates the 13th annual nationwide Armed Forces Day Exposition.

Air Defense Command (ADC), Strategic Air Command (SAC), Military Air Transport Service (MATC), Tactical Air Command (TAC), and Continental Air Command (CONCAC) will be represented either by fly-overs or static displays of aircraft during the two day affair.

Hangar and ramp displays will be open from 10 a.m. until 5 p.m. on both days. Flying demonstrations are scheduled from approximately 11 a.m. until 2 p.m. The 120 parachute drop is slated to begin at 2 p.m. on both Saturday and Sunday.

## This Kiss Had a Wallop —in His Pocketbook

MIAMI, Fla. (AP)—A young man argued that when he kissed a girl while driving he "assumed the risks, if any there were," for a subsequent accident.

Sanford Wagner, 19, admitted the kiss—he said there had been several—but denied he and Loren Ann Pettio, 20, had been drinking or that the kissing constituted negligent driving.

The Circuit Court jury Tuesday disagreed with Wagner's theory and awarded Miss Pettio \$7,200 damages for lacerations of the face and head, and her father, Joseph, \$6,600 punitive damages.

## Former Banking Official Dies in Lansing at 90

LANSING (AP)—Arthur C. Sharpe, 90, former vice president and treasurer of the Michigan Trust Co. of Grand Rapids, died Tuesday at a Lansing hospital following an operation.

Sharpe, a life-long resident of Grand Rapids, moved to Lansing eight months ago to live with a daughter, Mrs. Milton P. Adams, wife of the executive secretary of the State Water Resources Commission.

## Wants U.S. to Cushion Loss of Military Bases

WASHINGTON — Sen. Philip A. Hart, D-Mich., today urged creation of a special Senate committee to investigate ways of cushioning the economic shock to communities which lose important military payrolls.

Hart said rapidly changing defense procurement practices will cause more and more U.S. communities to experience such losses.

## 20 Killed by Explosion

CARACAS, Venezuela (UPI) — An explosion shattered a fireworks factory and surrounding houses early today, killing an estimated 20 persons and injuring at least 30 others.

## Pontiac, Nearby Area Deaths

MRS. JOHN S. ALLEN

Mrs. John S. Allen, 73, of 33 E. Princeton Ave. died this morning at St. Joseph Mercy Hospital after a long illness. Arrangements are pending at Donaldson-Johns Funeral Home.

RUSSELL L. ELKINS

Word has been received of the death of former Pontiac resident Russell L. Elkins of San Jose, Calif. His body was brought to the cemetery at Highland for burial.

Surviving are his wife Beulah; his mother, Mrs. L. F. Elkins of Howell; four daughters, Mrs. Lee Orr of Clarkston, Mrs. Elmer Teeples and Mrs. Charles Cook, both of Pontiac, and Mrs. Corrie Elkins in Missouri; five sons, Russell Jr., Boyd and Kenneth, all of Pontiac, Frank of Dayton, Ohio, and Gordon in Missouri; and an adopted sister, Mrs. Vera Stienfeldt.

CHARLES M. SCHREIBER JR.  
Charles M. Schreiber Jr. of 82

## British Spy Gets 42-Year Term

Confesses Giving Reds  
Information for Nearly  
a Decade

LONDON (AP)—George Blake, a British government official, was sentenced to 42 years in prison today for spying for the Soviet Union for nearly a decade.

It was the stiffest sentence ever handed down in Britain in peacetime for spying. Atomic spy Klaus Fuchs was sentenced to 14 years and was released in 1959 after serving nine years.

Blake, 38, pleaded guilty. The nature of his government job and of the information he passed was not disclosed for security reasons. The presiding lord chief justice, Lord Parker, said the information communicated, though not of a scientific nature, was of the utmost importance to the Soviet Union and "rendered much of this country's efforts completely useless."

The judge did not spell out the meaning of "this country's efforts." Court reports speculated that it concerned British security measures against Soviet espionage.

Call Priests From Cuba

VILLANOVA, Pa. (UPI)—Eighteen priests were recalled from Cuba today at the request of Fidel Castro's government. The Roman Catholic Augustinian order announced.

Wall St. died unexpectedly yesterday afternoon at St. Joseph Mercy Hospital. He was 54.

A pressman at General Printing & Office Supply, he was a member of First Methodist Church, the Disabled American Veterans, No. 101 and the Pressman's Union.

Surviving are his wife, Marjorie; his father, Charles M. of Pontiac; a son, Charles M. III at home; two daughters, Martha and Vickie, both at home; a sister, Mrs. Sara Gallagher of Detroit; and two brothers, James and Hugh, both of Detroit.

Service will be held at 1:30 p.m. Friday at Sparks-Griffin Chapel with burial in Oak Hill Cemetery.

HAROLD C. SHAVER

Harold C. Shaver, greens keeper at the city golf course for 29 years, died yesterday morning at St. Joseph Mercy Hospital. He had been ill about four weeks.

Mrs. Shaver, 57, of 187 Osmon St. leaves his wife, Lillian E.; his mother, Mrs. Everett Shaver; three daughters, Mrs. John Prieto of Pontiac, Mrs. Ross Davis of Glenwood City, Wis. and Mrs. Harless Plumley of Chicago; a son, Don of Pontiac; 15 grandchildren; five brothers, Russell Card of Detroit, Raymond Shaver of Hickman, Charlie, Chester and Don, all of Flint.

Service will be held at 10 a.m. Saturday at the Purseley Funeral Home with burial following in Perry Mount Park Cemetery.

MRS. GEORGE BARNEY

WEST BLOOMFIELD TOWNSHIP — Service for Mrs. George (Ruby E.) Barney, 75, of 3408 Fieldview St., will be at 10 a.m. Friday at Our Lady of Refuge Catholic Church, Orchard Lake. Burial will be in Holy Sepulchre Cemetery, Southfield.

The Rosary will be recited at 8 p.m. tomorrow at the C. J. Godhardt Funeral Home, Keego Harbor.

Mrs. Barney died yesterday afternoon after a long illness.

Surviving are four sons, Frank of Mayfield, Vern of Flint, Cleon of Fenton and Jess of Flushing; three daughters, Mrs. Ica Tucker of Traverse City, Mrs. Grace Foote of Holly and Mrs. Nellie Haviland of Kalkaska; 35 grandchildren and 59 great-grandchildren.

MRS. JAMES WHITLOCK

ROCHESTER — Prayer service for Mrs. James (Harriet L.) Whitlock, 92, of 741 N. Main St., will be at 8 p.m. tomorrow at the Pyley Funeral Home.

Mrs. Whitlock died today after a long illness at her residence. Her body will be taken to the Corbett Funeral Home, Rochester, N.Y., for service and burial Saturday.

Surviving are a son, Carl H. of Rochester; a daughter, Mrs. H. L. Baltesberger of Gasport, N.Y.; five grandchildren; and eight great-grandchildren.

## Important News for Adult Motorists\*

If you haven't had an auto insurance claim within the past two years, Michigan Mutual Liability has a truly different, low cost, "Good Driver" auto insurance plan available that warrants your investigation. First, you insure your car at an initial discount that means a large deduction on our thrifty rates. Then your rates are automatically reduced each additional "claim free" year you insure with us. Traffic violations are not part of our merit rating plan. We are aware that other companies offer "Good Driver" plans, but none that we know of have all the important advantages that we offer. • Simply 'phone us for particulars and rates on your car to discover exactly how much you may save.

\*With certain modifications, our "Good Driver" insurance plan may also be applied to selected younger drivers.

### YOU MAY PAY FOR YOUR AUTO INSURANCE BY THE MONTH IF YOU PREFER...

Our new Buyer's Choice Pay Plan lets you pay for your auto insurance by the month... spread your auto insurance costs over as many as ten months. The only "extra" is a forty-cent per month service charge and even this small charge can be eliminated by paying the balance in full. This convenient way to pay for needed insurance coverage lets you arrange your payments to suit your budget.

### TEAR THIS AD OUT AND SAVE...

If your present auto insurance isn't due to expire soon, we suggest that you keep this ad as a reminder to check with us when your present policy does expire. We are confident that the savings and other advantages we offer will be worth this slight extra effort.

Check Michigan Mutual Liability, the Company with a conscience and an unexcelled reputation for quick, fair payment of claims, for the other vitally needed forms of protection: "Home-Gard," the newest in Homeowners policies, Fire and Windstorm, Workmen's Compensation, Inland Marine and General Casualty Insurance.

## Vehicle Output Down in Week, AMA Reports

DETROIT (UPI)—U.S. motor vehicle production last week totaled 139,136 units, including 114,527 cars and 24,609 trucks and buses, the Automobile Manufacturers Association reported today.

This compared with 124,007 cars and 24,953 trucks and buses produced in the previous week.

For the month of April, production totaled 446,432 cars, 96,773 trucks and 459 buses.

Cumulative output for the year through April 1 totaled 1,997,333 vehicles—including 1,635,988 cars, 360,340 trucks and 1,205 buses—compared with 1,981,967 vehicles—including 1,607,646 cars, 400,001 trucks and 1,318 buses—at the same point last year.

## YOU MAY HAVE PIN-WORMS AND NOT KNOW IT

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms—tiny parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victim and not know it.

To prevent Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it.

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge... small, easy-to-swallow tablets... special sizes for children and adults.

## JFK to Make New Try at Test Ban

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—President Kennedy intends to send his nuclear test ban negotiator back to Geneva in a few days with instructions to make another determined effort to reach agreement with the Soviet Union.

Informants said this effort will not involve any new concessions by the United States and Britain. It will involve further patient exchanges with the Soviet delegation in the hope that the way can be opened for a treaty banning nuclear weapons testing.

The whole nuclear weapons testing issue was reviewed by Kennedy and top military and diplomatic officials at a meeting of the National Security Council at the White House late Tuesday. Arthur H. Dean, Kennedy's special ambassador at Geneva, and John J. McCloy, the President's disarmament adviser, participated.

Informants said Dean gave a full accounting of the Geneva negotiations since they were resumed March 21. Dean's report indicated that in one respect at least the Soviets had moved backward, away from progress toward an agreement.

**CALLED DETERMINED**  
But the President was described today as being determined that further efforts at negotiation should be made since he is not yet certain that the Soviets do not want a test ban treaty on terms which would be acceptable to the Western powers as well as to the U.S.S.R.

In this circumstance, officials said, there is no decision yet on

whether or when the United States should resume testing of nuclear weapons. Nor is there any firmly fixed deadline so far as the United States is concerned for the talks at Geneva, assuming no progress is made.

Since the Geneva negotiations first began late in 1958, there has been an informal moratorium on all nuclear weapons testing by the United States, Britain and the Soviet Union.

**BACK NEXT WEEK**  
Dean is scheduled to rejoin the conference next week following further detailed conferences in the State Department and another meeting with the President. He

## AP Business Editor to Retire on May 31

NEW YORK (AP)—Lewis Andrew Brophy, general business editor of the Associated Press for last 10 years, is retiring May 31, it was announced today.

He will be succeeded by Nate Fokowatzky, former foreign correspondent who became assistant general business editor last December.

Brophy will be 65 a few days before his retirement. He started with the AP in 1920, after working on newspapers in Columbus and Canton, Ohio.

As an AP reporter in Ohio, he scored a notable beat in 1925 when the U.S. dirigible Shenandoah broke apart and crashed in hill farming country.

returned to Washington last week.

A White House spokesman said following the 75-minute security session that the emphasis was on the Geneva talks.

Officials who attended the session were not listed. Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara are regular members along with the President and vice president. It was announced that another council meeting will be held Friday.

## Raid Jamaican Huts of Back-to-Africa Unit

KINGSTON, Jamaica (AP)—Security police raided huts at the Red Hills camp of the Rastafarian Back-to-Africa Movement Tuesday, seizing a homemade bomb and other explosives.

Six bearded men were arrested, five under the gunpowder law and the other on narcotics charges. During the last month explosions have rocked this city and a nearby oil installation.

FREDERICK J. HEY

## Job Child's Play?

LONDON (AP)—An explosives expert said Tuesday British safecrackers are using lollipop sticks to help blast open strong boxes. Howard J. Yallop of the War Office armament research department testified that an accused safecracker, on trial here, used lollipop sticks to tamp explosives into locks.

## Veteran Navy Man Arrives in Pontiac

Frederick J. Hey, machinist mate first class, has reported to the U.S. Navy Recruiting Service in Pontiac. He previously served aboard the USS Caliente, a fleet tanker, refueling the 7th Fleet in the Far East.

Hey will reside in Pontiac with his wife, the former Miss Nancy Jane Antosiek of Detroit, and their 3-month-old daughter Barbara Ellen. Mrs. Hey is expecting another child in September.

Recruiter Hey has been attached to various ships in the Pacific Fleet during the eight years he has been in the Navy.

During extensive tours throughout the Pacific he has served in Korea and Japan, and participated in the evacuation of refugees from Saigon to Hanoi in Viet Nam, French Indo China, in 1954.

## Record Sharp Quake

PASADENA, Calif. (AP)—A sharp earthquake about 6,500 miles southwest of Pasadena, was recorded at 3:57.16 p. m. (PDT) Tuesday on the seismograph at the California Institute of Technology.

## Texas CD Sirens Give Fake Alarm Second Time

AUSTIN, Tex. (AP)—Four of the city's 13 civil defense sirens sounded a false attack alarm Tuesday for the second time in a week. Citizens jammed telephone the alarm was the real thing.

Col. W. A. Kengle, Civil Defense director, said he didn't know what caused the malfunction, but ordered the system shut down for a check.

Last Thursday on the eve of the nation-wide Civil Defense exercise, the system sounded an alert prematurely. For the alert Friday four sirens failed to go off.

## Utica Man is Fined \$115 for Driving While Drunk

A Utica man pleaded guilty to drunken driving yesterday in Avon Township justice court.

Harold N. Preston, 29, of 45402 Kenmore St., paid \$115 in fines at the order of justice of the Peace Luther C. Green rather than spend 60 days in jail.

He was arrested April 15 by sheriff's deputies who spotted his car weaving on and off the pavement on Auburn Road.

## 11 Killed in Bus Crash

BOGOTA (AP)—Eleven persons were killed Tuesday when a bus traveling from Pisto to Ipiques plunged into a deep gorge near Tuqueres.

### Spaceman to Get \$70,000 for His Personal Story

CAPE CANAVERAL, Fla. (AP) — There'll be no flight pay from the government for the first U.S. spaceman, but he'll pick up more than \$70,000.

That will be his share of \$500,000 paid by Life magazine to the seven astronauts for the personal stories of their experiences. Life announced last fall it had signed contracts with the seven for exclusive rights to publish their accounts.

The astronauts have received

only the regular pay given to officers of their rank since they volunteered for the space program, plus flight pay for their time in jet aircraft.

### GM Research Lab Chief Retiring After 45 Years

Thomas C. Van Degrift retired this week as head of the General Motors Research Laboratories after 45 years as a research engineer and inventor. Degrift, 64, of Detroit did the Wright brothers' early plane models. He worked closely with Charles F. Kettering, famed General Motors inventor, and is responsible for many innovations in the auto industry.

# Council Learns of Water Plans

Waterford Group Hears Engineer Tell About Proposed Expansion

At last night's meeting of the Greater Waterford Community Council at Pierce Junior High School, Felix Anderson, vice president of the engineering firm of Johnson & Anderson, explained the development of Waterford Township's 12 independent water systems and a proposed townwide interconnecting water system plan.

The 55 million of water mains and 14 production wells with a capacity of 12-million gallons per day would be expanded to include 125 additional miles of the plus three storage tanks and a service center.

The proposed interconnecting system would cost upwards of \$15-million and, through, operating revenue would be self-sustaining. Bonds would be sold to finance the project.

The program was the first section of a three-part presentation proposed by Donald Porter, chairman of the council's water, sewer and sanitation committee.

Next month sewer facilities will be discussed, and at the following meeting costs and means of financing the projects will be presented.

The Parks and Recreation Committee reported that there is \$700 on hand in pledges and cash for proposed tennis courts on the high school grounds.

Some \$2,100 is needed, and the committee members asked for an extension of time to allow other organizations holding only monthly meetings to take action.

# Mayor Rowston Makes May 7-11 Goodwill Week

Joining the rest of the nation in observance of work done by the Goodwill Industries, Pontiac Mayor Philip E. Rowston has proclaimed May 7-11 Goodwill Week in Pontiac.

Goodwill Industries is celebrating its 40th anniversary next week.

The organization has become the largest employer of physically handicapped persons, in the Detroit metropolitan area and is a leader in vocational training and rehabilitation.

In the proclamation, Rowston noted that Goodwill Industries of Greater Detroit saves taxpayers more than \$1 million annually. There are local Goodwill Industries representatives in Pontiac and Troy, and a Goodwill retail outlet at 77 S. Saginaw St.

# Chrysler Out to Kill Meeting-Delay Suit

DETROIT (AP)—Chrysler Corp. Tuesday asked dismissal of Detroit attorney Sol A. Dann's Federal Court suit seeking a six-month delay in the corporation's annual meeting. The meeting was held two weeks ago.

The auto firm also asked that in the event the motion is not dismissed, depositions by R. T. Keller, former chairman and president, and L. L. Colbert, current chairman and president, be delayed until Dann clarifies 81 allegations contained in the suit.

Keller and Colbert are under notice to appear for questioning next Tuesday and to produce certain company documents and records.

# Wake up rarin' to go

without nagging backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Large, economy size saves money. Get Doan's Pills today!

Doan's

# Centennial to Affect City Spring Cleaning

Municipal spring cleaning will have a Centennial aspect this year.

City Manager Walter K. Wilman said he has passed the word to various city departments that he wants the town "spic and span" for the June 17-24 Centennial observance.

Some of the items involved: Thorough cleaning of streets and alleys, painting of traffic signals and parking meters, painting of police and fire call boxes, paving between the sidewalk and curb at the new Pontiac Public Library, street markings and straightening of street and traffic signs.

## WANTS DECORATIONS

Wilman also called for appropriate decorations in municipal buildings.

On the subject of street markings, Commissioner Milton R. Henry has called for clearer markings on Orchard Lake Avenue.

City Engineer James N. Carlisle said his staff is working on new proposals for the smoothing of railroad grade crossings, to be submitted to the Grand Trunk & Western Railroad.

With May designated as home improvement month, the Pontiac Area Junior Chamber of Commerce has delivered copies of the city's new Homeowners' Handbook to 14 building and supply companies, 14 loan offices, 4 banks, and 13 city offices and credit unions.

The handbook is to be distributed to the public to encourage home improvements during the Centennial year.

The annual meeting of the Oakland County Chapter of the National Foundation will be held Monday, at the Lutheran Church of the Redeemer, 1800 W. Maple Road, Birmingham, Rev. G. Burton Hodgson, county chairman, announced today.

Paul D. Bagwell, honorary state chairman of the National Foundation, will be the guest speaker. He will discuss new programs of the National Foundation, especially advances that have been made in the fields of birth defects and arthritis.

The Rev. Mr. Hodgson invited all members of the chapter, March of Dimes workers and those interested to attend. The accomplishments of the Oakland County chapter and the 1961 March of Dimes campaign will also be reviewed.

# Fire Chief Investigating Blaze at Troy Home

Troy Fire Chief Lauren Ford today was investigating the cause of a fire which destroyed a section of the first floor of a 1½-story home at 680 Norton St. yesterday afternoon.

Ford said the blaze started in the basement and burned through the bedroom and bathroom floor. There also was extensive smoke damage, he said.

The fire chief said the cause of the fire and an estimate of damages were still unknown this morning. The home, owned by Clifford Wrathell, was unoccupied when the blaze started.

# Texas Tower Loss Called Act of God

WASHINGTON (AP)—The Navy officer responsible for the design of Texas Tower No. 4 said today its tragic loss Jan. 15 was "more an act of God than of man."

The radar structure—called "Old Shaky"—after previous weather damage—collapsed in a storm and carried 28 men to death in the sea off the Jersey coast.

Capt. John J. Albers of the Navy Civil Engineering Corps told the Senate Armed Services preparedness subcommittee that all the firms directly associated with the design and building of the towers were established concerns, well-qualified in their respective fields.

Love Hunting Dearly BURLINGTON, Vt. (UPI)—A bus painting project by parishioners of the North Avenue Alliance Church was postponed until after the deer season. All the volunteer painters were out hunting.

# Colbert Runs Last in Voting for Directors

DETROIT (UPI)—Chrysler president and board chairman L. L. Colbert ran last among directors elected at the firm's recent stockholders' meeting.

Figures released today showed, however, there were only 8,000 votes—or less than one tenth, of one per cent—difference between first and 18th positions.

The management slate was headed by Neil McElroy, board chairman of Procter & Gamble, who received 7,132,153 votes.

# Death Takes Painter

NEW YORK (AP)—Hildreth Meiere, 68, painter of murals and designer of murals for many of the nation's major buildings, died Tuesday.

# Algerian Peace Talks Probably to Start Soon

PARIS (AP)—Information Minister Louis Terrenoire said today that peace talks between France and the Algerian nationalist rebels probably will start "rather soon."

# Henry Kaiser Jr. Dies

OAKLAND, Calif. (AP)—Henry J. Kaiser Jr., 44, son of industrialist Henry J. Kaiser Sr., and vice president of Kaiser Industries, died Tuesday after a long illness. He was the second son of the noted construction magnate and took an active part in the management of many of the varied Kaiser enterprises. He was born in Everett, Wash.

# Cabot's Brother John Lodge May Worry Kennedy

By RUTH MONTGOMERY

WASHINGTON—President Kennedy may eventually regret that he failed to find another diplomatic assignment for his old house colleague, John Davis Lodge.

The brother of GOP vice presidential contender Henry Cabot Lodge stepped out of the State Department this week after six years as President Eisenhower's envoy to Franco Spain.

He and his vivacious wife Frances are now reopening their house in Westport, Conn.

The gubernatorial race is on next year, and Lodge, who served a four-year term in the early '50s, may have his eye on the governorship again.

The pickings might be easier than usual, inasmuch as President Kennedy has rewarded Connecticut Democrats so lavishly that the

three top leaders no longer live in the state.

Abraham Ribicoff, the governor who succeeded Lodge, is now secretary of Health, Education and Welfare; John Bailey, the state's party boss, is now chairman of the Democratic National Committee; and former Gov. Chester Bowles, now undersecretary of State.

## DEMPESEY TO RUN

Ribicoff, who resigned to come to Washington, signed, sealed and delivered the governorship on a platter to John N. Dempsey, his lieutenant governor.

Dempsey must run for election in '62, and his prowess as a vote-getter for the state's top office is to be tested.

Lodge has had an abundance of successful careers. An actor-turned-politician-turned-diplo-

mat, the handsome scion of the proud old Boston family came to Congress in the name "Cabot" with Jack Kennedy and Dick Nixon, in January 1947.

The three nephews were all to make remarkable advances. After two terms Lodge became governor of Connecticut, and Nixon a U.S. senator.

Two years later, Nixon advanced to the vice presidency, and Kennedy to the Senate, after defeating Lodge's elder brother, Cabot. His next bold leap was a successful bid for the presidency.

Cabot Lodge became our ambassador to the United Nations, with cabinet status, and when Ribicoff ousted John Lodge in 1954, he named him ambassador to Madrid.

John would have liked to have

stayed on in the diplomatic service, but Kennedy made him no offer. Instead, he accepted the resignation which noncareer ambassadors routinely make to a new president.

As a result, the Connecticut political pot may soon begin to boil.

Lodge, who has not been sitting in Spain for six years with his eyes closed, has made some interesting observations about the American "image" we cast abroad.

Commenting on the rapidly with which we are losing friends and alienating staunch allies, he said: "We should stop trying to reform our friends in our own image."

"We don't try to make over Nikita Khrushchev and Marshal Tito in our mold, so why should

we do it to Latin America, Africa and Asia?"

"During the postwar years we have frequently acted in such a way as to dismay our traditional European friends. Our attitude on Indonesia in 1949 angered the Dutch."

ANGER OUR FRIENDS

"Our position on the Suez issue in 1956 created indignation in England and France."

"Our approach to the Congo problem has antagonized the Belgians, and our vote in the U.N. Security Council on the Angola matter is bitterly resented among the Portuguese and Spanish."

Lodge believes that if Portugal, Spain, and the United States fall, this could also endanger the regime of his nearest neighbor, General Franco of Spain.

Both men are dictators, but both

are strong bulwarks against communism, and have been historically pro-American.

## Soft Sherbet Shop Opens for Business

INDEPENDENCE TOWNSHIP—Kool Kow is the name of a soft sherbet shop just opened for business in the \$1-million shopping center at the corner of Dixie Highway and Clarkston Road.

The shop, owned and operated by Mr. and Mrs. Abraham Klanssen, has three service windows next to the sidewalk.

All types of fountain drinks, sodas, fresh fruit sundaes and chocolate and vanilla soft sherbet are available.

The annual world cost of replacement is in excess of \$6 billion. Corroded equipment is estimated.

# Celery Surplus Calls Up New Recipes

Word has been received from Joffre David, general manager of the Florida Fruit and Vegetable Association, that there is suddenly a surplus of celery in the South Florida fields. A long stretch of unusually favorable weather accounts largely for this overabundance which has exceeded even the most liberal estimates.

This means that celery should be lower in price than usual one of the best buys in the market for the next several days or weeks.

Economy-minded housewives this vegetable bargain by serving may wish to take advantage of the celery in a number of different ways. (Celery is a good buy nutrition-wise at almost any price because of its high vitamin, protein and mineral content and low calories — only 10 to 15 calories per stalk.)

Here are nine different ways to use celery — from the leaves to the crunch!

**Cream of Celery Soup**  
Take the trimmings from a stalk of celery and chop finely together with a small onion. Bruise with a small onion and a tablespoon or so of butter. When celery and onion are transparent, sprinkle with a handful of flour and mix well. Cook slowly and covered for 10 minutes. Pour in

a pint of white stock and bring to a boil. Cook 15 minutes more.

**Strain, removing bits of celery and onion. Pour into an equal quantity of milk. Return to heat but do not boil. Season with salt and pepper and a dash of Worcestershire sauce. Add a few of the small stem pieces of celery. Makes about a quart.**

**Celery Borscht**  
Clean and cut celery stalks into three inch lengths. Cook in a small amount of water for 5 minutes. Then braise celery in brown gravy or drippings from a beef roast until soft. Add some marrow from a beef bone. Place in a

moderate oven for about 10 minutes.

**Creamed Celery**  
Clean and cut celery stalks into one-inch lengths. Boil in a small amount of water until soft. Strain and mix with a cream sauce. Season to taste with salt and pepper.

**Stuffed Celery**  
Clean tender heart stalks of celery very thoroughly. Cream together equal parts of Roquefort and cream cheese. Stuff celery hearts.

**Celery Mayonnaise**  
Dice 1/2 cup celery and 1/4 cup apple finely. Mix with cup of may-

onnaise. Use as dressing on fruit or molded salads.

**Celery Stuffing**  
Use your favorite basic stuffing recipe, then add half as much chopped celery as stuffing by volume.

**Essence of Celery**  
Use good rich chicken stock. Add plenty of chopped celery trimmings, and simmer 10 to 15 minutes. Strain and serve for soup course.

**Celery Aspic**  
Take 1 quart essence of celery and add 2 ounces of plain gelatin. Simmer for 5 minutes. Pour into mold and cool. Put in refrigerator to set.

**Fried Celery**  
Clean and cut stalk of celery into 3-inch lengths. Cook in a

little water until soft. Cool. Dip piece in beaten egg then dredge with bread crumbs. Fry in deep fat until golden brown.

**Spanish Use Vegetables in Hearty Supper Omelet**

Make a supper dish out of leftovers and eggs this Spanish way: saute an onion in Spanish olive oil, add a cup of leftover lima beans or other vegetables and a quarter-cup of tomato sauce. Beat yolks and whites of 4 eggs separately. Add bean mixture to yolks, then fold into stiffly-beaten whites. Pour mixture into omelet pan lightly-greased with a teaspoon of olive oil and a teaspoon of butter; cook until lightly browned on bottom, then fold over or slip into moderate oven until top is lightly browned.

## Wonderful Torte Features Raisins

This fabulous creation, elegant with the taste surprise of California raisins is a glamer dessert. What's more, wonderful raising coconut torte is easy to make.

The meringue base has chewy raisins, coconut and graham crackers to give special emphasis to its flavor and texture. A light airy whipped cream topping highlighted with chopped raisins and lightly accented with rum makes it scrumptious as can be.

**Raisins Coconut Torte**  
4 cup dark or golden raisins  
2 egg whites

1/4 teaspoon salt  
1 cup sugar  
1 cup flaked coconut  
1 cup raisins  
1/2 cup coconut  
1/2 cup vanilla  
1/2 cup whipping cream  
1/2 cup powdered sugar  
1/2 teaspoon rum (or vanilla)

Chop raisins lightly. Reserve 1/4 cup. Beat egg whites with salt until barely stiff. Gradually beat in sugar. Fold in coconut, coconut, 1/4 cup raisins and vanilla. Turn into greased 8-inch layer cake pan with removable bottom. (Line bottom of pan with circle of foil, if you do not have a pan with removable bottom.)

Bake in moderate oven (350 degrees F.) about 30 minutes. Cool thoroughly. Cut into wedges. Whip cream until stiff. Fold in remaining 1/4 cup chopped raisins, powdered sugar and rum. Serve over torte. Makes about 8 servings.

## Dip Onion Rings in Batter, Then Fry

Crisp, golden-brown onion rings fried in batter add interest to even the thickest main course. They're marvelous, too, with hamburgers and grilled cheese sandwiches.

Peel mild-flavored onions and cut crosswise 1/4-inch thick. Dip a few rings at a time into fritter batter and drop into hot, deep fat preheated 375 F. Fry until golden brown. Drain on absorbent paper.

To make fritter batter for about 6 servings of onions, sift together in a mixing bowl 1 cup sifted all-purpose flour, 1 teaspoon baking powder, 1/2 teaspoon salt and 1/4 teaspoon ground black pepper. Combine 1 slightly beaten egg and 1/2 cup milk. Stir into flour mixture with 1 tablespoon melted shortening.

## What's Best Way to Cook Michigan Smelt?

"The smelt are running" is the cry of the people fortunate enough to live in the Great Lakes area. Professionals and amateurs—old and young—men and women—join in the sport of smelt dipping.

The smelt of the Great Lakes leave the lakes and flowing into the tributary streams to spawn as soon as the ice breaks up in the spring. Coming up the rivers in unbelievable numbers, their glittering bodies darken the water. Hundreds of people line the banks waiting to scoop them up. The dipping continues throughout the night, with bonfires and lanterns on the river banks gaily illuminating the scene.

Not the outdoor type—if so, do your dipping at your local market. You will find these tiny, delectable fish, about 10 to 12 to the

pound, either fresh or frozen, just waiting to be enjoyed by you and your family.

Either way you do your dipping, the home economists of the United States Department of the Interior's Bureau of Commercial Fisheries suggest the following kitchen-tested recipes to aid you in cooking your catch.

**Baked Smelt**  
3 pounds whole smelt, fresh or frozen  
1 teaspoon salt  
Dash pepper  
1 teaspoon paprika  
1 tablespoon lemon juice  
1 teaspoon grated onion  
1 cup butter or other fat, melted

Wash frozen fish. Dress fish by removing entrails. Wash and drain on absorbent paper. Place in a single layer in a well-greased baking pan. Combine remaining ingredients and pour over fish. Bake in a moderate oven, 350 degrees,

for 20 to 25 minutes or until fish flakes easily when tested with a fork. Serves 6.

**Campfire Smelt**  
3 pounds whole smelt, fresh or frozen  
1/2 cup chopped onion  
1/2 cup chopped parsley  
2 teaspoons salt  
Dash pepper  
3 strips bacon, cut in half

Thaw frozen fish. Dress fish by removing entrails. Wash and drain on absorbent paper. Cut 6 squares of heavy-duty aluminum foil, 12 inches each. Grease lightly. Divide fish into 6 portions.

Place each portion of fish on one half of each square of foil. Sprinkle each serving with onion, parsley, salt, and pepper. Place bacon on top. Fold other half of foil over fish and seal edges by making double folds in the foil. Place packages of fish in a bed

of hot coals. Cook for 15 minutes, turning twice. To serve, cut a big crisscross in the top of each package and fold the foil back. Serves 6.

**Fried Smelt**  
3 pounds whole smelt, fresh or frozen  
1 egg, beaten  
1 tablespoon milk or water  
1 teaspoon salt  
Dash pepper  
1 cup dry bread crumbs, crushed  
crumbs, cornmeal or flour

Thaw frozen fish. Dress fish by removing entrails. Wash and drain on absorbent paper. Combine egg, milk and 1/4-teaspoon pepper and milk, and seasonings. Dip fish in mixture and roll in crumbs.

**Fan Fried**  
Place fish in a heavy frying pan which contains about 1/2 inch of fat, hot but not smoking. Fry at moderate heat. When fish is brown on one side, turn carefully and brown the other side. Cooking time approximately 10 minutes, depending on thickness of fish. Drain on absorbent paper. Serves 6.

**Deep-fat Fried**  
Fry fish in a basket in deep fat, 375 degrees F., for 3 to 5 minutes or until brown.

**NOTE:** A commercial breading may be used. Follow the directions on the package.

## The Greeks Had Word for It—Scrumptious!

Ever get a hankering for marvelous, moist, rich fresh coconut cake... the kind that takes hours to bake? The coconut was opened, the milk drained; then the pure white meat inside was broken out and pared. Then came shredding and snipping; and toasting, if desired.

But then homemakers persisted in requesting this incomparable cake flavor in an easier form, so it might be enjoyed more than once a year. And now their request is answered with a new, exclusive, toasted coconut cake mix, retaining the homemade fresh coconut flavor and that moistness that really needs no frosting.

Farmers own about 12 per cent of all the passenger automobiles in the U.S.

## The Greeks Had Word for It—Scrumptious!

Looking for a quick but eye-catching dessert to take to the

**FLAT** The new complement—delicious toasted coconut cake is perfect just topped with brewed honey and toasted coconut—and it carries well in an oblong pan.

Here's the recipe for this honey of a variation, somewhat like the Greek Ravini (or syrup) Cake.

**Brewed Honey Coconut Squares**  
Make Toasted Coconut cake mix as directed on package in oblong pan, 13 x 9 1/2 x 2". As soon as cake is removed from oven, drizzle 1/2 cup honey over top, sprinkle with 1 cup coconut and slip under broiler for a few minutes to toast coconut. Serve warm squares topped with a dab of whipped cream, if desired.

**Cabbage Has Vitamin C**  
Serve your family raw cabbage salad often. A half cup of shredded raw cabbage provides about one-third of the daily requirement of vitamin C.

### Finishing Plans for Fair at CAI Building in June

Plans are being completed for the 17th annual Community Activities, Inc. Fair to be held June 17 and 18 at the CAI building. Committees will meet for a pot-

luck supper at 6:30 Tuesday, and all interested community residents have been invited. Those attending have been asked to bring a dish to pass and their own table service. Clubs and groups desiring space at the fair or wanting to assist may contact the CAI office any day from 9 a.m. to 5 p.m.

### Named Cochairman of Alumni Campaign

John G. Peck of 5214 Southward, Waterford Township, is cochairman for this area of the annual spring gifts campaign of the University of Chicago Alumni Founda-

tion. The other cochairman is Joseph S. Balsano of Dearborn. Peck, a 1952 graduate, is an assistant department head for Campbell-Ewald Co., a Detroit advertising agency. Nationwide the drive seeks \$1.6 million for the university's education and research programs.

### Shift State Speed Limit to Go Both Up, Down

LANSING (AP)—Several speed limit changes have been announced by the State Highway Department. Maximum speed limits on eight

miles of M55 in Houghton Lake, Houghton Lake Heights and Prudenville, Roscommon County, will be increased from 25-35 miles per hour to 35-45 miles per hour. Speed limits on sections of U.S. 23, M 76 and M 61 in Standish, Arenac County, will be reduced from 45 to 35 miles per hour.

### Ferris Institute Grads Plan Sunday Reunion

Graduates of Ferris Institute's automotive and diesel-repair programs will return to Big Rapids Sunday for their fourth annual alumni reunion.

Featured speakers at the day-long observance will be Frank Floss of the Delco-Remy Division of General Motors, and Jon Adams, dean of the college's Trade and Industrial Division. The event is sponsored by the Automotive & Diesel Alumni Club of Ferris Institute.

**TWO-FRUIT COBBLER** — Cobblers are desserts that have fruit hidden under a browned crust. Combine two of spring's tastiest fruits and come up with Pineapple Rhubarb Cobbler.

## Spring Fruits Delicious Baked in Cobbler

Fruit Cobblers make fine desserts. Easy, nutritious and not overly rich, they are appropriate for all members of the family from the youngest to the adult concerned about calories.

Golden pineapple and crisp, rosy red rhubarb are new teammates in today's recipe for fruit cobbler, offering special flavor and color distinction.

The rhubarb, pineapple, spiced with a dash of lemon and sugar added are placed in the casserole or baking dish and topped with a batter made with biscuit mix that's easy to stir together.

Pineapple Rhubarb Cobbler is nice to serve when the menu is light or when dessert appetites are heavy. Serve it hot from the oven with plain or whipped cream, topped with a dash of marmite.

**Pineapple Rhubarb Cobbler**  
1 No. 3 can pineapple chunks  
1 cup sugar  
2 tablespoons cornstarch

1 lb. washed rhubarb, cut in 1-inch pieces  
1 tablespoon lemon juice  
1 tablespoon butter or margarine  
Drain pineapple, reserving syrup. Measure syrup and add water if necessary to make 1 cup liquid. Combine sugar and cornstarch in large saucepan, stir in pineapple syrup. Cook and stir over medium heat until mixture thickens and boils. Add pineapple chunks, rhubarb, lemon juice and butter; remove from heat.

1 1/2 cups packaged biscuit mix  
1/4 cup sugar  
1/4 cup milk  
Combine biscuit mix, 2 tablespoons sugar, oil and milk; stir until just blended. Heat fruit mixture to boiling; pour into 12"x8"x2" baking dish. Spoon batter in 6 mounds over top of fruit; sprinkle remaining sugar over biscuits. Bake in hot oven (450 degrees) 25 minutes. Serve warm with cream. Yield: 6 portions.

**Heat Curry in Pea Soup** — cups of cold water and add 1/2 teaspoon curry powder. Heat to boiling, stirring occasionally. Cover and simmer 3 minutes. Blend in 1/2 of curry. In a saucepan, stir a cup light cream, heat, but do not let curdle. Add to pea soup mix into 3 bowl.

## No Cheap Artificial Flavorings Give The True, Rich Flavor Of Burnett's Pure Vanilla

Burnett's is made from the finest, pure vanilla beans with no artificial or imitation ingredients added. Burnett's is real vanilla! Nothing can compare with it for true flavoring of cakes, frostings and desserts. Also Available in Pure Almond, Lemon, Orange, Brandy and Rum Extracts.

America's First PURE VANILLA

## Tomato Herb Sauce Will Better Eggs

A versatile sauce that's fine with fish as well as with eggs.

**Spanish Omelet**  
1 can (8 ounces) sliced mushrooms  
2 tablespoons salad oil  
1 cup each finely chopped onion, celery and green pepper  
1 can (8 ounces) tomato sauce  
Seasonings  
Omelet

Drain mushrooms; stir mushroom liquid (about 1/2 cup) with cornstarch until smooth; reserve. In hot-sauté in saucepan over moderate heat, cook onion, celery and green pepper about 5 minutes. Add tomato sauce and drained mushrooms. Add pinches (to taste) of preferred seasonings or use sugar, ground all-spice and basil.

When sauce is very hot add cornstarch mixture; stir constantly until thickened and boiling. Serve over omelet made with 6 eggs, one-third cup milk and salt and pepper to taste. Makes 4 servings.

## Crisp and Tangy

Next time you have company, serve Stuffed Celery with this intriguing filling. Soften 1 package (3-oz.) cream cheese, add 1 package onion soup mix and 1/2 pint commercial sour cream. Mix until well-blended. Spread on clean, crisp celery stalks. Chill before serving.

# New! PIZZA WITH SAUSAGE

**Zippy, Italian-style Sausage Meat** in true pizza sauce. A great new pizza treat loaded with sausage. It's peppier. Richer. Every delicious bite has that exciting sausage-pizza flavor.

It's faster! Ready for the oven in 15 minutes. Complete, in one box. Nothing else to buy. Everything's right there...including lots of grated cheese.

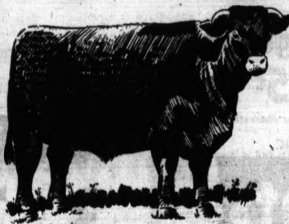

Good. Good! Crust's crunchiness outside. Tender inside... underneath all that tempting, tangy pizza sauce with Italian style sausage.

You'll be the most-est pizza-party hostess when you serve this new treat from Chef Boy-Ar-Dee. And what a buy! Enjoy it for only pennies a serving.

Both Pizzas are super. The regular Chef Boy-Ar-Dee Pizza—America's most popular—and the new Pizza with Sausage—each includes cheese. Try both.

### Repair Time for Mailboxes

Improvement Drive to Be Held May 15-20 in Oakland County

The annual rural mailbox improvement program of the U.S. Post Office Department will be held in the Oakland County area May 15-20, according to Pontiac Postmaster William W. Donaldson.

The program is designed to encourage patrons to construct and maintain mail receptacles that are neat and sturdy offering easy and safe accessibility.

Donaldson offered the following comments on rural mailbox improvement:

Boxes that are not properly erected, or not maintained in good condition retard the delivery of mail and expose it to the weather.

Boxes which are no longer serviceable should be replaced. Name of box owner should be inscribed on the side of the box visible to the carrier as he approaches, or on the door if boxes are grouped.

Boxes and supports should be kept painted, preferably white, but other colors may be used.

Mail boxes on rural and state routes must be located on the right side of the road in the direction of travel of the carriers in all cases where traffic conditions are such that it would be dangerous for the carrier to drive to the left in order to serve the boxes, or where their doing so would constitute a violation of State or local traffic laws and regulations.

The approaches to boxes should be filled and properly graded and unobstructed at all times.

Waterford Home, 2 Stations Entered

Two service stations and a private home in Waterford Township were broken into sometime last night, according to township police reports.

The D. W. McIntyre home at 1157 Oregon St., was entered by smashing a basement window. The thief stole \$78 in cash and whisky. The McIntyres were not at home at the time.

A service station owned by Neale Keith at 508 Pontiac Road was broken into, and \$30 damage done to a cigarette machine. An undetermined amount of cash and cigarettes were stolen.

Another gasoline station at 3950 Walton Boulevard owned by Clayton Lewis of 86 Cadillac Ave., Pontiac, was entered through a side window. Change from vending machines, several boxes of spark plugs and inner tubes were taken.

Detroit Tax Rate Up, but Total Take Down

DETROIT (AP) — The City Council approved a \$352 million budget Tuesday that will increase property taxes 49.5 cents for each \$1,000 assessed valuation.

The amount to be raised by taxation is \$218,653,183. This is \$1,654,866 less than the current year because of a drop in property assessments on which the tax rate is applied.

ORCHARD FURNITURE WILL BE OPEN FOR THE MAKING OF PAYMENTS DURING THE FIRE CLEAN-UP

Orchard Furniture

Can you afford specialized business training? You can't afford not to have it. When you are young the best investment you can make is in yourself. One hundred dollars invested in a bond will bring you three or four dollars a year — unless something happens to the bond. But a hundred dollars invested in acquiring knowledge or skill will bring you dividends of pleasure and profit as long as you live. Your principal will be invested in a business you control. It will be where you can watch it. Booms can't inflate it and depression can't wipe it out. Thieves can't steal it. Relatives can't borrow it.

PLANNING DEDICATION—This large group of Waterford Township parents and teachers are planning an impressive ceremony to dedicate the new Carl Sandburg School located at 1555 Merry Road near Pontiac Lake Road. The public affair has been

### To Dedicate Waterford School

Dedication ceremonies for another new elementary school in Waterford Township have been scheduled for 7:30 p.m. Thursday, May 11, at the Carl Sandburg School at 1555 Merry Road, near Pontiac Lake Road.

The Sandburg School is patterned much like the three elementary buildings which opened this past year. The one-story building is constructed of cinder block with tan brick veneer facing.

Dark tinted glass is used throughout the building and is designed to cut down glare and reduce heat loss. Smith & Smith

HOLDS 360 PUPILS The school accommodates 360

Pontiac City Affairs

Refrigerators on Lawn Leave Commission Cold

City Commissioner William H. Taylor Jr. took up the case last night against refrigerators being displayed on the front lawn of a used furniture outlet.

Taylor won City Commission support in holding up renewal of a license issued to the Pontiac Real Shop, 12 N. Cass Ave., until legal authorities investigate.

He said the shop was displaying a used refrigerator for sale outside, without first removing the doors.

This, Taylor contended, is contrary to a state law safeguarding children against accidental suffocation. A curious child might climb into an ice box, shutting the door behind him, Bottom explained.

Commissioners, on another subject, approved transfer of the Motor & Power Co. wholesale beer and wine license to make possible the beer distributorship's move to a new \$75,000 warehouse at 2000 Pontiac Drive.

NO OBJECTIONS The company plans to leave its present location at 375 Franklin Road this summer.

No objections were voiced at public hearings on proposals for curbs and gutters on High Street, Blaine to Summit, and a 305-foot-long water line on Bassett Street, west of Woodward. A connecting line on the west side of Woodward from Bassett to Fulton is part of the project.

In a 5-2 vote, a new SDM packaged beer and wine license was

Gas Firm to Borrow

LANSING (AP) — Michigan Consolidated Gas Co. Inc. has given State Public Service Commission permission to issue \$30 million in first mortgage bonds. The money will be used to retire existing borrowings and to finance a building program for the remainder of the year.

State Gains \$44 Million

LANSING (AP) — Income into the State Treasury during the past week totaled \$44 million. Treasurer Sanford A. Brown reported. Expenditures were \$53.7 million and the treasury had a balance in all funds of \$129.3 million at the end of the week, Brown said.

set for 7:30 p.m., Thursday, May 11. From left are Mrs. Robert Walter, PTA president; Mrs. Katherine Barker, principal; Mrs. Christian R. Greve, Mrs. F. J. McLaughlin, Vernon Burris, Irwin Brockie and Mrs. D. M. Jacobs, chairman.

### Fire Prevention Night Planned

C. of C. Sets Evening of June 8 at State Hospital for Program

Oakland County's second annual Fire Prevention Institute has been scheduled for Thursday evening, June 8, at Pontiac State Hospital.

Sponsored by the Fire Safety Committee of the Pontiac Area Chamber of Commerce, the institute seeks to promote fire prevention practices among those responsible for fire safety in the county.

Cochairmen are Ross Laxon, Pontiac Motor Division fire chief; J. J. Torma, Pontiac Varnish Co. plant manager; and Lewis Russell, Pontiac State Hospital safety director.

Invitations will be issued to all local government fire control organizations and to personnel responsible for industrial fire safety.

A feature of the institute will be an elimination round in the annual county water battle competition.

Part of the program will be devoted to fire-fighting demonstrations by Sees Safety Products Co. and Ansol Chemical, both Detroit firms.

Speaker will be Pontiac Fire Marshal Charles E. Metz who will discuss "The Firefighters Role in Arson Detection," following the outdoor part of the program.

On motion of Commissioner Winford E. Bottom, discussion was put off two weeks concerning a petition, signed by 92 per cent of the affected property owners, opposed to proposed curbs and gutters on City Line Road, west of Baldwin.

Bottom also asked the administration to take steps to have Coselli Excavating & Trucking Co., 27 Hillside Drive, fence off an excavation into a City Line Road hill for the protection of children.

The school chorus will again present vocal numbers and the benediction will be said by Rev. Henry Wrobel, pastor of the Calvary Baptist Church, Waterford Township.

# Northern Offers Centennial Music

Pretty costumed for Pontiac Northern High School's vocal concert Friday evening which will feature a Centennial theme are students (from left) Colleen Richardson of West Cor-

nell Avenue, Jean Isbell of Wolfe Street, Pam Dunham of Collier Street and Carol Henderson of Silver Lake Road.

The vocal department of Pontiac Northern High school will present its third annual spring concert this Friday at 8 p.m. in the school auditorium. "Centennial Singers" will commemorate the 100th anniversary of the Civil War and the founding of this city.

Featured will be the A Cappella choir, Boys' and Girls' Glee clubs, Scarletones, Sophomore Choir, Choral Belles, Crystalaires, and massed numbers by the entire department.

Historical notes on the Civil War and the early history of Pontiac will be presented by Jean Isbell, Ken Hall and Bill Ramsey who will act as narrators for the show.

The Centennial theme is evident in much of the music. Perhaps the best example of this is "Johnny Has Gone for a Soldier," sung by the Girls' Glee Club. Narration, lighting techniques, and above all, the music, recreate the authentic mood of 100 years ago. "Sanctus" and "A Nation's Creed," as performed by the Sophomore Choir, express the ideals for which, then as now, our country stands.

Among outstanding numbers to be heard are "Give Me Your Tired, Your Poor," a musical setting of the famous inscription on the Statue of Liberty, and "Waters Ripple and Flow," a Czechoslovakian folk song. These and others are characteristic of the

many different peoples who have made America — and Pontiac — great. Both are sung by the A Cappella choir, as are four German love songs by Johannes Brahms.

Sweet sounding are the three girls' ensembles, who sing an assortment of tunes ranging from modern popular airs through a Quaker courting song to the beautiful "I Heard a Forest Praying."

Perhaps the most spectacular and stirring number of the evening will be the entire vocal department, 200 voices, singing "The Battle Hymn of the Republic."

Headed by vocal director Melvin Larimer and choir president Jerry Menter, the students have been working for several weeks in preparation for the concert.

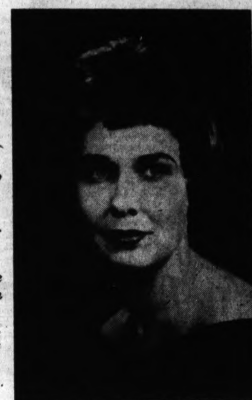

Jolene Hudnell has been in charge of props; Janet Haldane, decorations; Jean Isbell, script; and Bill Ramsey, publicity. Long hours have been spent in making posters, banners and decorations; writing and practicing narration; hunting down hard-to-find Civil War artifacts; and rehearsing the music.

Says Mr. Larimer, who also directs the Elks' and MacDowell Male choruses, "I believe this will be the finest musical program that Northern has ever presented." Tickets for the show are on sale from vocal students, and will be available at the door.

The William A. Ewatts of West Iroquois Road

announce the engagement of their daughter

Ann Marie to Kenneth W. Hildebrand, son of the W.O. Hildebrands of East Lansing. She is a Michigan State University graduate. Her fiancé is a University of Michigan alumnus.

ANN MARIE EWART

## PTAs in Action

Installation of officers, panel discussions and spring fairs are planned this week by three Pontiac Parent-Teacher Association groups.

**AT NORTHERN HIGH**  
At Pontiac Northern High School this evening a student panel discussion will highlight the 7:30 PTSA meeting in the school's little theater.

"Teen-Age Problems — Boy-Girl Relationships and Parent-Teen-Age Relationships" will be the subject for the discussion, moderated by John Maturo.

Panelists will be Dave Everett and Ruth Kramp, senior class; Jim Hunt and Sue Jones, junior class; Bill Basinger and Sue Scott, sophomore class.

Following the panel Mrs. Thomas Henson, first vice president elect of the Pontiac PTSA Council, will install officers for next semester. They are Mrs. William Anderson, president; Mrs. William Mihalak, mother vice president; Leslie Stanley, father vice president; Leo Kawiecki, teacher vice president; Pamela Pritchard, student vice president; Mrs. Roland Curran, secretary; Melvin Norberg, treasurer; and Mrs. Earl Olivestig, historian.

Council delegates are Mrs. Charles Kern, Mrs. Max Kern and Susan Jones.

Refreshments in the cafeteria will be served by Mrs. Lyle Basinger, assisted by Mrs. Charles Kern, Mrs. Bert Hillock and Mrs. James Call.

**AT MARK TWAIN**  
Games, yard rick, a bake sale and other elephant booth will be among the attractions at Mark Twain School's spring fair Saturday. PTSA members are sponsoring the 2 to 8 p.m. event.

The cafeteria will be open for luncheon and snacks at the fair to which the public is invited.

**AT JAMES MADISON**  
District presidents of James Madison Junior High School's Parent-Teacher-Student Association will be presented coronas at a school luncheon Thursday in the cafeteria.

Honorees at the 6 p.m. affair will be Mrs. Eugene Hoisington, Mrs. Walter Millage, Mrs. Francis Oak, Mrs. Lyle Cox, Mrs. Wayne Weaver, Mrs. William Anderson and Mrs. William Mihalak.

During a business meeting, slated for 7:30, officers for next year will be installed. Mrs. Thomas Henson, president, will serve with Mrs. Ray Meggitt, vice president; Mrs. Meggitt, father vice president; Mrs. Charles Packard, teacher vice president; Mrs. Albert Krueger, secretary; Mrs. Gerald Rose, treasurer; and Mrs. Albert Stevens, historian.

Mrs. Willis Schneckenburger, Mrs. Lawrence Penman and Mrs. John Wetty, are council delegates.

Theme for Thursday's program will be "Home's Role in Building Citizenship" with a parent from each of the city's junior high schools participating in a panel discussion.

Panelists will be Mrs. George Gachet, Eastwood Junior High; Mrs. Cameron Clark, Lincoln; Mrs. Arthur Barnett, Washington; Fred Smith, Jefferson; and Dale Caswell, Madison. Roy Meggitt will be moderator.

**DISCUSSION AT LINCOLN**  
A panel discussion "Family Unity—What Is It?" will be featured at Lincoln Junior High School PTSA's 7:30 p.m. Tuesday meeting in the school auditorium.

Mrs. Ralph Ellsworth, chairman of Lincoln's guidance department, will moderate the discussion.

Panel members will be Mrs. Sidney Silvia, parent; James Lathen, from the Pontiac

Crime Prevention Department; George Caronis, Oakland County Juvenile Court; and the Rev. Theodore Allsbach.

Mrs. George Gray, past president of Lincoln's PTSA and president of the Pontiac PTSA Council, will install new officers who are Mrs. Earl Olivestig, president; Mrs. Edward Bigger, first vice president; Norbert Dault, second vice president; Fred Froede, father vice president; Greg Silvia, student vice president; Mrs. Louis Norberg, secretary; Mrs. Silvia, treasurer; and Mrs. Harold Hardy-Jr., historian.

**AT BENJAMIN FRANKLIN**  
The Benjamin Franklin Parent Teacher Association is sponsoring a Mother-Daughter banquet in the school multipurpose room at 6:30 p.m. Friday.

The program will include two movies one of which is entitled "It's Fun to Be a Girl." The other movie will deal with the Girl Scout program.

School nurse Mrs. Martha Davis is the program chairman.

Members of the Women's Association to the Pontiac Symphony Orchestra are completing plans for a May geranium sale.

Mrs. J. L. Bennett, co-chairman for publicity, reports the May 18-20 sale will be the group's "first colossal venture." Already, orders for 1,435 plants have been placed. Distribution centers for the undertaking will be in the homes of Mrs. M. L. Shadley on Ottawa Drive and Mrs. J. Q. Waddell, Cherokee Road, as well as at the West Huron Street Branch of Community Bank, Tel-Haven Shopping Center's Kresge Store and Miracle Mile Shopping Center's Lion Store, and Poole's Hardware.

Mrs. C. A. Scott and Mrs. Patton are in charge of the sale. Their committee chairmen include Mrs. Vivian Tobbe, purchasing; Mrs. Marvin Talan, finance; Mrs. R. E. Gegoug, display posters; Mrs. J. C. Walker, flower booths; and Mrs. H. B. Elder, sales promotion.

Advance orders are being accepted by Mrs. J. A. Rammes. Mrs. George Shearer and Mrs. Shadley are working with Mrs. Bennett on publicity.

The plants are available in two shades of red, and in coral and pink.

**Farm-Garden Unit to Meet for Luncheon**

Birmingham Branch of the Women's National Farm and Garden Association will sponsor its annual spring luncheon meeting at 12:30 Monday in Rotunda Inn.

Mrs. F. G. Garrison will be guest speaker on the theme "From Buckhorn to Ricksaw to Market." Her talk will cover the international activities of the Associated Country Women of the World and the International Farm Youth Association.

Mrs. Robert A. Taggart, social chairman, has asked Mrs. G. W. Chesley, Mrs. W. H. Beatty, Mrs. William B. Grabendine, Mrs. Alvin H. Knorr, Mrs. P. Russell Olin, Mrs. T. M. Roberts, Mrs. Sturges, Mrs. Gastren and Mrs. Ralph H. School to prepare table decorations representing different countries.

## Women's Section

### College Personals ---Students Lauded

Among students to receive recognition at Eastern Michigan University's honors convocation this evening will be Claudia Wask, a junior, daughter of the Edmund Wasks of Spence Street.

Claudia has contributed to other phases of college life as well as reaching the academic height of a 4-point average last semester. Her major is physical education, with minors in history and health. During the past year she has been president and vice president of Delta Zeta Sorority, delegate to Panhellenic Council, vice president of the Women's Recreation Association and member of the judicial board of Goddard Residence Hall.

Norman O'Neill, son of the Lesley Harringtons of Stout Street, broadcasts the news at the Michigan State University's radio station WKAR over a 90-mile radius around East Lansing. Educational and cultural programs, as well as news and entertainment are offered.

O'Neill, a freshman at MSU is active in the Young Democrats Club on campus.

Sigma Alpha Iota, music honorary for women, Albion College chapter, has pledged 12 members and elected Barbara Jarvis, Orionville Junior, president and treasurer.

Barbara, who is the daughter of Mr. and Mrs. Parker Jarvis, has just returned from a week's tour of Michigan with the Albion Choir.

A Dartmouth College junior, Jack D. Schaeffer, son of Mrs. Eleanor R. Schaeffer of North Joist Road, was chosen social chairman of Alpha Theta Fraternity in house elections on the Hanover, N.H., campus. He is a pre-engineering major.

Pearl Tantiama, exchange student from Hawaii, was a house guest last weekend of Jeanne Andrews of East Walton Boulevard. The girls are classmates at Eastern Michigan University.

David M. Flynn, son of the Thomas Flynns of Orchard Lake, is pledged to Delta Tau Epsilon Fraternity at Ferris.

Kenneth Bogard Jr. of Judson Street, a senior in business administration at Ferris Institute, has won the Wall Street Journal achievement award for scholarship, leadership and employment potential. A silver medal will be presented at the annual honors banquet on May 31.

Bogard is a member of Phi Delta Chi Fraternity and the student government, and is president of the Society for the Advancement of Management.

Fredrica Harris, daughter of Dr. and Mrs. Robert G. Harris of Birmingham, freshman at Denison University, Granville, Ohio, is one of 25 women initiated Saturday as charter members of the Delta Xi Chapter of Alpha Chi Omega Sorority, installed as Denison's ninth national sorority last weekend.

Elizabeth Kieffer, who is a junior and daughter of the George V. Kieffers of Lauren Court, Bloomfield Hills, played first violin when Denison's 32-piece string orchestra and 80-voice concert choir performed Brahms' "Requiem" last week in Ewasy Chapel.

Joel H. Thome will appear with the 80-member Eastman Philharmonia during the annual Festival of American Music Thursday at the University of Rochester. World premieres by three distinguished American composers, presented at the Inter-American Festival in Washington, D.C., last week, will be repeated.

Mr. Thome, who plays kettledrums, is the son of Dr. and Mrs. Maurice Thome of James K Boulevard.

Valerie Gray Richardson, daughter of Prof. and Mrs. James R. Richardson of Birmingham, formerly of Fort Belvoir, Va. is cast in Christopher Fry's one-act play "Phoenix Too Frequent," to be presented by the players and chorus at Mary Washington College of the University of Virginia, May 4-6 in DuPont Theater, Fredericksburg.

Included in the double feature will be Gian Carlo Menotti's two-act opera, "The Medium."

### Figure Group Lists Winner

The Waterford Township Fusion Your Figure Club will be hosts to the Clarkson Diet Club at 7:30 p.m. this evening.

Elizabeth Ross, dietitian from the Pontiac Osteopathic Hospital, will present a talk on diet, and all those interested in shedding pounds have been invited to attend the meeting.

Last meeting's trophy for losing the most weight was presented to Agatha Leininger, and the pig winners were Mrs. Marie Malone, Mrs. George Jude, Mrs. George Wright and Mrs. Raymond Steiger.

### Plays Hostess to Church Women

Mrs. Gordon Doule of Hammond Lake Drive was hostess for the April meeting of First Presbyterian Church's Mar bab Group.

Mrs. George Lampman offered devotions, and Mrs. Donald McCandless presented the Bible study.

Mrs. Joan McGrath and Mrs. Donald Kemmer served refreshments at the Thursday meeting.

### Abby Says: Write and Ask

## Could Be Office Error

By ABIGAIL VAN BUREN

DEAR ABBY: I want to know if I am obligated to pay a physician \$3 for a note he wrote renewing my prescription. I wrote him a card asking him to please renew a prescription I once had. A few days later, the prescription per- scription I once had. A few days later, the prescription per-

ABBY per came (not the medicine) along with this bill for \$3 for "professional services." I have a good mind to ignore this bill, but I want to know first if you think I should pay it.

DEAR AMAZED: Write him a note and ask him if it is his policy to charge \$3 for this type of service. You will probably find that an error was made in his office. All ethical professional people welcome the opportunity to clear up misunderstandings such as this. If not, inform the medical society in your area.

DEAR ABBY: My husband has been leaving for work earlier and earlier every morning, until now he is leaving the house at 4:30 a.m. to get to a job that starts at 7:30. We live less than two miles from where he works, so it isn't necessary to get this early a start.

When I mention it to him he

gets a very guilty look on his face and changes the subject. He isn't nearly as loving as he used to be, and he's tired and moody all the time. I think there is someone else, but I can't prove anything. I am 33 and he is 35. We have four children and I don't want to break up my no home no matter what. What should I do?

DEAR SUSPICIOUS: Your husband is acting very suspiciously—but don't jump at any conclusions. Have him checked. If the news is bad, talk it out with him.

DEAR ABBY: My husband wrote me a letter from the Hawaiian Islands, where he is stationed. He said all the women there had "moo moos" and he was bringing one home for me. Is that some sort of cow?

PETTY CHIEF'S WIFE: DEAR WIFE: No, it is a loose-fitting ladies' garment. And if the fad continues to spread, so will the ladies.

DEAR ABBY: I didn't expect the honeymoon to last forever, but should it be over in six months?

Last night I came home from work and went directly to the kitchen where my wife was preparing dinner. I put my arms around her and she pulled away saying, "Excuse me, I have to watch the potatoes." I tried to humor her, so I said, "Honey, you get prettier every day." All she said was, "What did you have for lunch?"

I brought her a little gift,

she looked at it and asked,

"How much did they soak you for this?"

She just isn't the sweet little girl I married, and I can't figure out what is wrong. Can you help me?

DEAR YOUNG HUSBAND: Don't let these little disappointments pile up. Ask her what's bothering her. And don't take "nothing" for an answer.

### Artists Guests for Coffee

New members and officers of the Pontiac Society of Artists were guests of Mrs. John Mills at a coffee hour Tuesday in her home on Chipewa Road. Activities of the Society for the next year were announced.

An exhibit of paintings of PSA members will open at the Pontiac State Bank on Monday to remain one week.

On Wednesday, a three-day show of last year's award-winning paintings will open at the Community National Bank.

New members of the Society are Mrs. Herman Bell, Mrs. James Gatto, Mrs. Donald Stoll, Dell Dennis, Elmer Linton, Clyde Beattie, Mrs. Max Persinger, Mrs. Aaron Runavoor, Mrs. John Trick, Dwight Boyd, Edmund Smith and Dr. Jerome Robb.

The Pontiac Society of Artists honored new members at a coffee hour Tuesday afternoon at the Chipewa Road home of Mrs. John D. Mills. Among the dozen new members of the growing local group are (from left) Mrs. Aaron Runavoor of Walled

Lake, Mrs. Herman Bell of Keego Harbor, Dr. Jerome T. Robb of Hiller Road, Mrs. Donald Stoll of Stirling Avenue, and Mrs. Max Persinger of Maplewood Street.

Pontiac Press Photo

Panel members will be Mrs. Sidney Silvia, parent; James Lathen, from the Pontiac

## Kravetz-Junglas Vows Spoken at Waterford

Viola Francis Junglas became the bride of Adam J. Kravetz Jr. at noon Saturday in Our Lady of the Lakes Church, Waterford.

The Rev. F. J. DeLaney performed the ceremony at an altar banked with white gladioli in the presence of some 200 guests.

Parents of the newlyweds are Mr. and Mrs. Herman Junglas of Clintonville Road, Independent.

MRS. ADAM J. KRAVETZ JR.

once Township and Mr. and Mrs. Adam Kravetz of Virginia Avenue.

The pointed basque bodice of white Chantilly lace, styled with sweetheart neckline touched with sequins extended into a floor-length tiered skirt of nylon ruffles over silk tulle. The bride wore the bridegroom's gift of cultured pearls, and fingertip veiling held by a crown of seed pearls and sequins.

Yellow rosebuds centered her head-cascade of white carnations. Doris Steffes of Dor attended her cousin as honor maid, wearing blue chiffon and white accessories. She carried blue and white carnations.

Bridesmaids Marguerite Rochon and Sandra Fresse appeared in rose tulle with matching net overskirts and held white and pink carnations.

Frederick Kravetz was best man for his brother. The bride's brothers William and Larry Junglas acted as the ringmen.

After an afternoon reception at Junglas of Columbus Hall the newlyweds left for a honeymoon in Kentucky. The new Mrs. Kravetz was wearing a white wool sheath dress with lilac accessories. The couple will live in Dayton Plains.

Mrs. Junglas accented her green silk brocade suit with white and white carnations, as did Mrs. Kravetz, who chose white and blue nylon chiffon over tulle.

# Waistline Goes Slimmer

By JOSEPHINE LOWMAN

As I have said frequently a woman can carry a few inches too many in her highline if she has a slim waist. This seems to be the measure of a youthful figure, and fortunately it is the measurement which responds most quickly to figure molding exercises.

With spring in the air, I am going to give you a few exercises which will give you a springlike waistline. For results you must do these regularly. Start with 10 or 15 times each and build up to about 35 or 40 times each.

### WALL EXERCISE

1. Stand with your left side toward the wall and your right hand on the wall. Stand several feet away from the wall. (This depends on your height). Raise your right arm up by your right ear.

Keep it there as you bend toward the left and touch the fingertips of your right hand to the wall. You should be far enough away from the wall to give you a pull down the right side when you touch the wall with your right hand.

Raise trunk and continue. After a while turn the right side toward the wall, raise your left arm by your right ear, bend to the right and 2. Address Josephine Lowman in continue. This exercise should be care of The Pontiac Press.

done slowly, giving plenty of time for the stretch.

2. Stand tall with your feet separated and your arms out at your sides, shoulder height. Bend to the left, touching the left hand to the floor or going down as far as possible with stiff knees. Raise the trunk ALL THE WAY to erect position, pulling back slightly and continue, bending right and touching the right hand to the floor if possible. Continue, alternating.

3. Again stand with the feet separated. Lower both hands down the left leg (to the left toe if possible). "Drag" the hands up the left leg and pull back to the right. Continue. After a while lower the hands down the right leg. Drag the hands up the right leg and pull back to the left. Continue.

If your problem is a protruding abdomen instead of a large waist, you may want my "test" abdominal exercises. If so, send a stamped, self-addressed envelope with your request for leaflet No. your left ear, bend to the right and 2. Address Josephine Lowman in continue. This exercise should be care of The Pontiac Press.

### LOWER HANDS

3. Again stand with the feet separated. Lower both hands down the left leg (to the left toe if possible). "Drag" the hands up the left leg and pull back to the right. Continue. After a while lower the hands down the right leg. Drag the hands up the right leg and pull back to the left. Continue.

If your problem is a protruding abdomen instead of a large waist, you may want my "test" abdominal exercises. If so, send a stamped, self-addressed envelope with your request for leaflet No. your left ear, bend to the right and 2. Address Josephine Lowman in continue. This exercise should be care of The Pontiac Press.

## Waterford PTAs

May ends the season for most parent-teacher associations in Waterford Township and Thursday night's meeting will feature installation of officers for the new year that begins in September.

### DELLA LUTES

The PTA of the new school will install officers for the first time beginning at 7:30 p.m. Mrs. Emily Hicks, principal of the William Austin Burr School, will have charge of the ceremonies, initiating the following officers.

Mrs. Ray Iceberg, president;

Mrs. Lawrence Stack, mother vice president; Richard Shafio, father vice president; Mrs. Michael Hecul, teacher vice president; and Mrs. Kenneth Hamilton, recording secretary.

Also, Mrs. James Jackson, corresponding secretary; Robert Hill, treasurer; Mrs. Kay Uleh, historian; and Mrs. Raymond Wilhelm and Mrs. Charles Simanbaugh, Oakland County delegates.

Following the installation, Donald Yobe, representing Big Brothers, will give a talk.

### WILLIAMS LAKE SCHOOL

Installation of officers will be made by principal of the Donelson School, Mrs. Iva O'Dell.

The PTA meeting will be held at Michigan State University Oakland beginning at 8 p.m. After the ceremony, there will be a guided tour of the university, and refreshments will be served there by kindergarten home room mothers.

## Mrs. Key Wins Award at Club

Janet Odell, Pontiac Press Home Editor spoke on diet and low-calorie recipes before the Fashionette Club members Tuesday evening at Adah Shelly Library.

Mrs. Claudia Key won the weekly award for the greatest weight loss. Mrs. John Neaves was last week's winner.

New member, Mrs. William Longton, was welcomed.

Next week's meeting is scheduled as "gym night." All women who have a weight problem are invited to attend weekly meetings from 7 to 9 p.m. at Adah Shelly Library.

### Children's Shop

Children's Shop  
Miracle Mile Shopping Center  
8100 Woodward at Square Lake Rd.  
Open Daily 10 to 5 P.M.

## Cellist Receives Award to Study at Music Camp

Cellist David Elcher has been awarded a Foster Foundation Scholarship for the eight-week session at the National Music Camp at Interlochen.

Announced Sunday afternoon at the final concert of the Michigan Youth Symphony Orchestra in Wayne, the scholarship was one of three given to members of the 154-piece orchestra, which is under the auspices of the University of Michigan Extension Service.

David, a sophomore at Walled Lake High School, holds the scholarship for the second year. The awards are given to individuals who show unusual growth in the fields of orchestral ensemble and solo performance. They cover half the tuition of the summer session.

Son of the David N. Elchers of Orchard Lake, David is a member of the Pontiac Symphony Orchestra, the Eastern Michigan University Symphony Orchestra, the Southeastern Michigan High School String Orchestra, a string ensemble and his school orchestra.

He plays by invitation at Kingswood School, Cranbrook, and in concerts of the Pontiac schools and has held first ratings in the state solo and ensemble contests.

The measure of a youthful figure seems to depend on the measurement of your waist. And if you'll make the effort as this girl is doing, you can trim inches in this area.

# SEW SIMPLE

By Eunice Farmer

"Dear Eunice,  
"How many inches should a dress slide fastener extend below the waistline? I am short and a 14" dress fastener, which the pattern calls for, is usually too long. Please help me solve this."  
This question was answered a few weeks ago, but because of the many requests for this information, I am repeating the answer.  
Buy your dress fastener according to your height, not according to the pattern instructions.  
The fastener should never extend more than 7" below the waistline of your dress.  
**BUTTONHOLE PROBLEM**  
"Dear Eunice,  
"I am making a suit which has only one buttonhole and this is placed in the yoke seam. I have tried making a bound buttonhole by your instructions but it seems to be much too thick and bulky. What am I doing wrong?"  
Mrs. W.A.H.

You will find many jackets and coats with buttonholes appearing in the seam this year. A regular bound buttonhole such as I have taught you to make, is not used in this instance.  
When stitching the yoke to the jacket front, as illustrated, stitch from the front edge to the center front, or (b), and secure your stitching. Begin your machine stitching again at (a), securing stitch, and continue to end of yoke at armhole. The distance between (a) and (b) is the width of your buttonhole. When your yoke seam is pressed open, your buttonhole will appear. It is not necessary to top stitch in any way. When you slip-stitch the facing to the buttonhole, it will hold the buttonhole in place.  
"Dear Eunice,  
"What causes a puff of material to form between buttonholes when my suit is closed?"  
Mrs. H.B.

This can be caused by one of two things. First, basic around each buttonhole, through all thicknesses of garment, before cutting through the facing. This will prevent turning under too much of the facing which could cause an excess of fabric on the right side between buttonholes.  
**TRY BUTTON WITH SHANK**  
Secondly, you must sew your button on with a shank. Instead of sewing it too tightly to your garment.  
★ ★ ★  
**YOUR SEWING GLOSSARY:**  
**SHANK:** The space between the button and the garment which is necessary to make the buttoned garment lay smooth. If there is no metal shank on the button, you must hold the button a short distance away from the garment while sewing it on.

★ ★ ★  
If you have a sewing problem or a suggestion to share with other readers, please write to Sew Simple in care of your newspaper.

★ ★ ★  
If you are having trouble with bound buttonholes, send a self-addressed stamped envelope with your request for my free "Bound Buttonhole" leaflet. Address your request to Eunice Farmer, in care of The Pontiac Press.

## Golf League Opens Season

The Wright-Fournier Amvet Auxiliary Golf League opened the season at Morey's Golf Course, Union Lake.  
Officers for 1961 are Mrs. Robert Brown, chairman; Mrs. Margaret Spaulding, secretary; Helen Maki, treasurer; Mrs. Albert Emaley, Helen Clark and Betty Hanson, prizes.  
Banquet chairmen are Mrs. Jack Mariner, Mrs. Paul Kints, Mrs. Howard Heinzelman and Hilda Hicks, Mrs. Orval Russell, Mrs. William Marshall and Mrs. Edwin Good, will be rules chairmen.

## To Present Films At Annual Dinner

The executive board of the New Citizens' League of Pontiac has completed arrangements for the annual Citizenship Dinner Thursday at Pontiac Central High School. The affair will begin at 6:30 in the cafeteria.  
★ ★ ★  
Slides and moving pictures of the class trip of 1960 will be shown at the dinner.  
Board members met Saturday at the Dill Drive home of Mr. and Mrs. George Durr to plan the annual citizenship observance.

Pointe Dore Photo  
Toys, games and a doll sale will be some of the attractions that promise to delight youngsters attending LeBaron School's annual spring festival Friday. Mrs. Robert Girdley of East Mansfield Avenue has three eager helpers as she arranges the display. From left are Thomas Perry, 6, Mansfield Avenue; William Reynolds, 5, First Avenue; and Susan Gatton, 7, Mansfield Avenue.

## Future Bride Reveals Names of Attendants

## Michigan Rules Compact Roost

Small Cars Increase State's Share of U.S. Automobile Production

Compact cars are snagging a larger share of the nation's auto production for Michigan, according to Ward's Automotive Reports, weekly industry publication.

With the introduction of the Pontiac, according to Ward's, Pontiac Motor Division is now building 50 per cent of its cars in Michigan as against 40 per cent in previous years.

But, and Oldsmobile compacts are making the same pattern, and percentages apply for Pontiac's production devoted to Michigan jump to about 22 per cent in 1960 from approximately 12 per cent in each of the two previous years.

For the model year through March, the state's auto plants are contributing 22.4 per cent of U.S. passenger car output — highest share since 34.7 per cent in the 1957 model year, and above the 20.3 per cent for 1960, Ward's reported.

The state's share of production had dropped steadily from 34.7 per cent in 1957 to 29.9 in 1958 and 28.3 in 1959.

## Kasavubu, U.N. Get Together on Setting Up Army

COQUILHATVILLE, the Congo (AP)—President Joseph Kasavubu has presented proposals to U.N. officials in reorganizing the Congo's armies—including the foreign mercenary forces of Katanga Province.

Foreign Minister Justice Bombo announced Tuesday night U.N. Secretary General Dag Hammarskjöld approved the recent accord concluded with the Congolese government—an agreement under which Kasavubu expects the United Nations to help disarm Katanga's forces.

Bomboko told newsmen after conferring with Robert C. Gardner, U.S. secretary of state, that U.N. deputy supreme commander in the Congo, "We have reached accord on collaboration between the Congolese army and the United Nations for the execution of certain tasks."

He did not specify which tasks had been agreed upon but said Kasavubu and U.N. officials "reviewed the practical application of the army."

## San Salvador Shakes

SAN SALVADOR, El Salvador (AP)—A heavy earthquake Tuesday shook this capital and toppled a small wall in a cathedral under construction. The quake was the second here in three days.

## File First Renewal Condemnation Suit

The first condemnation suit of the urban renewal program was to be filed today in the wake of contracts for the new pay-as-you-go Civic Center fire hall.

About to file the suit in Oakland County Circuit Court for condemnation of a lot on the fire hall site, City Attorney William A. Ewart said he hoped to have the case heard during the June jury term.

City commissioners authorized condemnation proceedings after a brief debate last night, then accepted construction contracts totaling \$259,964 for the new main fire hall.

The contracts were in amounts of \$221,781 with Chiscon Construction Co. of Birmingham for general construction; \$75,600 with Zen & Maguire Co. of Detroit for plumbing and heating installations; and \$25,883 with Fred W. Motte Electric Co. of Pontiac for electrical work.

## EXPECT START AT ONCE

Construction is expected to get under way immediately despite the fact that one lot of the five lots in the East Pike Street site, across from the Public Safety Building, still has to be acquired.

The land is needed principally for access to a side garage. To be named as defendants in the suit are Earl W. Montross of Pontiac and his brother LaMar of Kalamazoo, owners of the lot and old frame home at 18 Union St. on the east side of the site.

Ewart said the owners had rejected the city's top offer under urban renewal of \$8,100 for the lot.

Four other lots fronting on Pike Street were purchased for the location in 1958. The site is in the urban renewal project.

Negotiations for the remaining lot have been under way since December, said Robert A. Stiver, assistant city manager and urban renewal coordinator.

Commissioner Milton R. Henry criticized the administration for "waiting until the last minute" to acquire the lot.

Commissioner Robert A. Landy repeated his convictions that the purchase prices offered in urban renewal are too low.

After the debate, William ob-

## Commission Tips Cap to Fisher in Centennial Salute

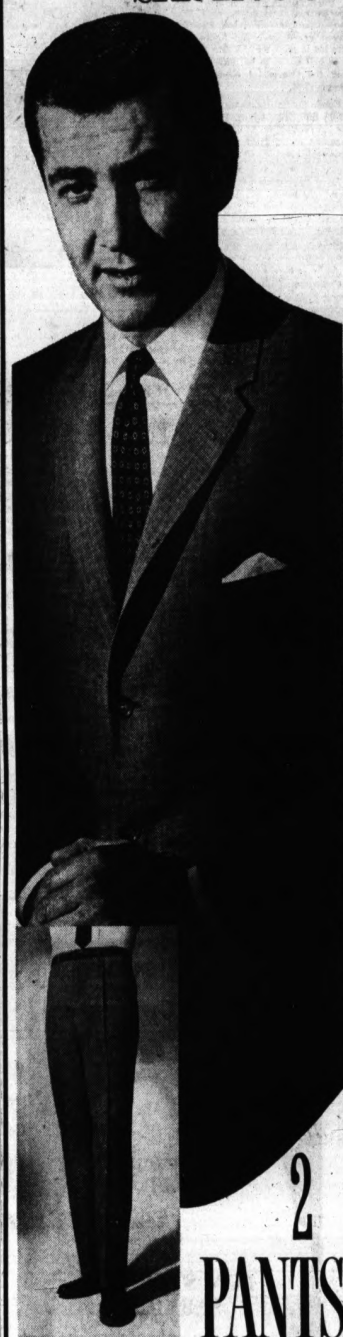

The City Commission wrapped up its Centennial-year salute to the automotive industry by adopting a resolution in honor of Fisher Body Division.

Congratulations went to Thomas Wiethorn, Pontiac plant manager, and the division's Pontiac employees for their record of producing "the finest automobile bodies."

The commission has already made similar tributes to Pontiac Motor Division and GMC Truck & Coach Division.

Most popular big game species hunted in New Mexico are bear and deer as well as wild turkeys.

## Diamond Lights Okayed by City

Hope for Installation at Joyce Park by June 17; Extra Fund Needed

City commissioners last night approved spending \$33,000 to install lights for first baseball at Joyce Park.

The move will result in Pontiac's first lighted baseball diamond. David E. Ewald, director of parks and recreation, said he hoped the city's electrical department would have the lights installed in time for the first night baseball game to be played during the Centennial observance, June 17-24.

Funds for the lights were included in the 1961 budget. Plans call for 240 floodlights, in groups of 24, mounted on 10 field poles 50 feet in height.

As a companion project, a citizens committee of baseball enthusiasts has been formed to raise around \$2,000 to provide outfield fencing, bleachers, dugouts, a lighted score board and a press box.

Chairmen of the drive are Anthony F. Siet, investigator for the Oakland County Prosecutor, and Howard Dell, a Pontiac pharmacist.

The Pontiac Press became the first contributor to the drive, donating \$300 as half the cost of the press box.

**DULLES FACES MUSIC** — CIA chief Allen Dulles talks to Sen. William Fulbright, D-Ark., Senate Foreign Relations Committee, chairman (right) at the start of a hearing on the ill-fated invasion of Cuba. Sen. Bourke Hickenlooper, R-Iowa, is seated.

## JFK Picks James Killian

### To Lead Intelligence Unit

NEW YORK (AP) — President Kennedy has selected Dr. James R. Killian Jr. to lead the permanent presidential board that monitors the government's foreign intelligence activities, the New York Times said today.

Killian is chairman of the Corporation of Massachusetts Institute of Technology. A Washington dispatch to the Times, reporting the selection of Killian, said it is the latest of a number of steps taken by Kennedy to restore confidence in the intelligence services after the recent unsuccessful attempt to set off a counterrevolution in Cuba.

The story said Kennedy had picked Killian to be chairman of the President's Board of Consultants on Foreign Intelligence Activities. This board was set up by former President Dwight D.

Iranian Students Riot  
TEHERAN, Iran (UPI) — University students attacked police with bricks and stones today in the second consecutive day of demonstrations in support of their striking teachers.

## Verdict on Cuba: Collective Goof

WASHINGTON (AP) — Sen. J. William Fulbright, D-Ark., says he believes the ill-fated Cuban invasion was a blunder for which the White House and several other agencies must share responsibility.

Fulbright, chairman of the Senate Foreign Relations Committee, commented Tuesday after his committee questioned top officials of the State Department and the Central Intelligence Agency (CIA).

He said a decision would be made later whether to call military advisers before either the full committee or the Latin American Affairs subcommittee.

"Insofar as I'm concerned, I know all I want to know," Fulbright told reporters after a four-hour briefing by Allen W. Dulles, director of the super-secret CIA, and Richard M. Russell Jr., Dulles' deputy director for plans who reportedly played a major role in the CIA's part in the invasion by Cuban exiles.

Fulbright said the testimony confirmed his prior conviction that "the operation as a whole was a mistake" for which the

White House, the Defense Department, the CIA and the State Department share "a collective responsibility."

Fulbright is known to have warned the administration against it when he learned of the planned invasion.

The senator said that Secretary

## Paxton of GE Denies Any Fix Knowledge

WASHINGTON (AP) — Robert Paxton, retiring president of General Electric Co., told Senate investigators today he gave subordinates explicit instructions "to have no truck" with price-fixing deals.

The white-haired business executive testified that it was not until the price-fixing scandals in the industry broke in the summer of 1959 that he learned his trust had been misplaced.

He was called before the Senate Antitrust and Monopoly subcommittee in the wake of conflicting testimony from others as to whether he had encouraged and directed subordinates to confer with competitors on prices.

## Push Back Attack by Angola Natives

LISBON, Portugal (AP) — Portugal's Lusitania News Agency reported today that Portuguese troops and 17 European residents fought off another attack by natives Tuesday on Mucaba, a village in Northern Angola.

It said heavy losses were suffered by the attackers in the raid that lasted several hours.

It was one of several clashes reported in the African territory.

Meanwhile, more Portuguese troop reinforcements arrived by ship and plane in Luanda, capital of the West African territory.

## Ghana in Race for Seat

UNITED NATIONS, N. Y. (AP) — Ghana Tuesday announced its candidacy for a seat on the 11-nation U. N. Security Council.

Ghana Ambassador Alex Quaison-Sackey wrote other chief delegates that his country has the British Commonwealth's support to succeed Ceylon on the council for a two-year term starting next Jan. 1.

Harvard University libraries contain about six million volumes. An average 2-pound sugar beet contains 4 teaspoons of sugar.

## Explorer Post Hears Talk on Architecture

Twenty members of MJA Explorer Post No. 1035 Monday evening heard William G. Frankenhof of William G. Frankenhof Associates, 2625 St. Joseph, West Bloomfield Township, discuss "A Career in Architecture—Its Requirements and Rewards."

Frankenhof's talk was the second in a series of scheduled "visits" by representatives of the various professions.

Last month the teen-age group learned about career opportunities in advertising from Robert S. Marker, vice president and director of creative services for MacLennan, John & Adams, Inc., of Bloomfield Hills.

Explorer Post No. 1035 is sponsored by MacLennan, John & Adams. It is unique in that it is the only post to be sponsored by an advertising agency.

The U.S. Bureau of mines also tests the efficiency of the various fuels to conserve public money.

# Old Foundry Site Will Be Home of New Rochester Aerosol Corp.

By DON FERNOLITE  
ROCHESTER—The 3½-acre site of the old Oakland Foundry and Tool Co., at Woodward Street and the New York Central Railroad tracks will be the home of the new Rochester Aerosol Corp.

Completion of arrangements to purchase the foundry property was announced today by Thurley E. Allen, president of the Rochester Area Development Corp. (RADCO) and Robert A. Willingham, president-elect of the Rochester Aerosol Corp.

The proposed aerosol packaging plant, the first major industrial building in the area, is scheduled to be completed by the end of the year.

Some of the existing buildings on the site will be retained, but the structure housing the old foundry will be torn down, according to Allen and Willingham.

A new building designed specifically for aerosol products will be constructed and a rail siding will be added.

Willingham pointed out that the new plant will be "completely modern and free from objectionable noise and fumes." The property will be landscaped and a portion of it will be fenced in, he added.

When completed, the plant will contain approximately 35,000 square feet of floor space for offices, manufacturing, laboratories and a warehouse.

To HIRE 35

Products suitable for aerosol containers will be received from major concerns and canned for local distribution at the new plant. About 35 employees will be hired when the company begins operations here. The annual output of 10 million cans could be achieved on a single shift basis.

The plant later could be expanded to produce 50 million cans per year, Willingham pointed out that the demand for aerosol packaged products has risen from 2.5 million cans in 1956 to a record high of 65 million in 1960.

One of the features of the plant will be a modern quality control laboratory where specifications for all materials used in the pressurized cans can be regulated.

Allen estimated that the cost of the plant and equipment will be approximately \$350,000. Another \$250,000 will be needed for working capital, accounts receivable and inventory.

The U.S. Small Business Administration is expected to give its final approval soon on a loan for \$10,000.

MUST RAISE FUNDS

The other \$250,000 must be raised in the community. Of that sum, over \$30,000 in the form of subscriptions already has been obtained by RADCO, the organization formed by the Rochester Area Chamber of Commerce to draw new industry to the area.

Under present plans, the plant would be purchased by RADCO, mortgaged by the Small Business Administration and sold on a lease-purchase arrangement to the Rochester Aerosol Corp.

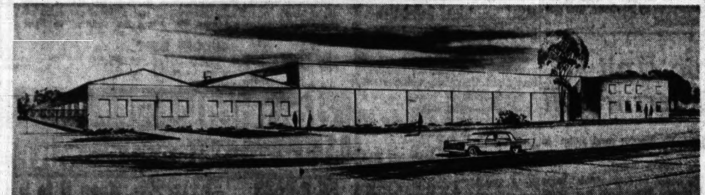

Each subscriber to RADCO stock or debentures will have the opportunity to purchase common stock in the aerosol company.

Allen reported that the proposed plant had received enthusiastic approval from the community.

Under present plans, the plant would be purchased by RADCO, mortgaged by the Small Business Administration and sold on a lease-purchase arrangement to the Rochester Aerosol Corp.

Each subscriber to RADCO stock or debentures will have the opportunity to purchase common stock in the aerosol company.

Model of school—This is the architect's model of the new West Junior High School to be built in the Rochester Community School District. It is one of the major projects in the \$3.1 million school building and expansion program okayed by the voters last May 9. Due to be ready for occupancy in September 1962, the school is designed to house 600 students in the first-stage building pictured here and 900 when a two-story classroom wing is added at a later date.

PROPOSED PLANT ADDITION—An artist's conception of the old Oakland Foundry and Tool Co. is shown here as it will look when converted for use by the new Rochester Aerosol Corp. The new building in the middle will be constructed specifically for aerosol products. It is flanked by two existing structures which will be retained by the packaging plant. No date has been set for the start of construction. The 3½-acre foundry site is on Woodward Street beside the New York Central Railroad tracks in Rochester.

## Will Stay on Job Through June

# Walled Lake City Clerk Resigns

WALLED LAKE — City Clerk-Treasurer Dorothy Lonsdale submitted her resignation to the city council last night. It will become effective July 1.

Her announcement to retire came early in the meeting in the form of a communication to the council but in a vote of confidence city officials moved that the resignation not be accepted and asked her to reconsider.

Near the close of the session, however, she told the council that she has been planning the move "for quite some time" and would like to take leave at the end of May.

The council then requested that if it were possible they would like her to stay on until the end of June in order to find a replacement for the dual position.

Mrs. Lonsdale agreed, saying that conditions should begin to search immediately for her successor in order to give her adequate time to explain taxing and assessment procedures.

Several councilmen recommended appointees to the post but it was decided no action should be taken until the next regular meeting May 16.

The council, in another action, went on record opposing the use of a large tract of property just outside the city limits in Commerce Township for a junk yard site.

A group of city property owners

## City Manager to Retire

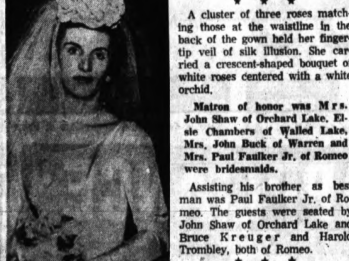

ROYAL OAK — City Manager E. W. Shaffer, 64, has announced his retirement effective May 31. Shaffer has worked for Royal Oak since 1923 and has been city manager for the past 29 years. Bruce W. Love, his assistant, is expected to succeed him.

## At First Baptist in Birmingham

# 500 Attend Wedding Rite

WALLED LAKE—The First Baptist Church in Birmingham was the setting Saturday evening for the wedding of Bonnie Gill Shaw and L. Roy Faulker. They exchanged their vows before Dr. Homer Armstrong in the presence of 500 guests.

The bride is the daughter of Mr. and Mrs. James M. Shaw of

MRS. L. ROY FAULKER

listing structures which will be retained by the packaging plant. No date has been set for the start of construction. The 3½-acre foundry site is on Woodward Street beside the New York Central Railroad tracks in Rochester.

## Miss Orion Deadline Is Scheduled for May 13

LAKE ORION—At least five entries already have been received for the Miss Orion contest to be staged during a fashion show May 23 at Lake Orion Junior High School.

The deadline for entering the competition is May 13, according to Mrs. David Erdland, program chairman for the event.

To be eligible to vie for the coveted crown, girls must be single, be between 17½ and 21 years of age and reside in the Lake Orion Community School District.

A candidate must be sponsored by a parent, friend or an organization.

A newly added feature of the show will be a bridal scene to be presented by Ingrid's Bridal Salon, Pontiac, which also will donate a formal gown to the new queen.

TO MODEL FASHIONS

A panel of out-of-town judges will screen each contestant on the

basis of poise, personality, appearance and speaking ability before picking the winner and two maids of honor.

All entrants in the contest will model fashions in the show from three local women's apparel shops that are cosponsoring the event with the Orion Community Center.

Mrs. Carroll Kilpatrick, administrative assistant in the local school district, will be the narrator.

The girl chosen Miss Orion of 1961 will represent her village in the Romeo Peach Queen competition early this summer. Whether or not she is named winner or one of two honor attendants, she will still serve as a member of the Queen's Court during the three-day celebration in Romeo over Labor Day weekend.

Oxford Pythians

Requests for rezoning two parcels of land from commercial to industrial classification were temporarily defeated at last night's Township Board meeting.

Members reached a stalemate on rezoning of 20 acres on U.S. 10 near Dollar Lake Road. Two trustees were for the rezoning and two against it.

Treasurer Kenneth Johnson was not present, being in the hospital recuperating from an operation.

## School Officials Invite Parents

# Meeting Thursday Night at Walled Lake Junior on Year's Policies

WALLED LAKE — Parents of Walled Lake Junior High School students will have the opportunity tomorrow to become better acquainted with the policies and procedures that involve their children during the school year.

"Learning About Our School" will be the general theme of the 8 p.m. program at the school.

The meeting, which is under the direction of Harry Carlson, principal, and Dean Smith, counselor, is intended to inform parents of curriculum, discipline, student life and the school year.

Also to be discussed will be school dances, school services, the noon-hour program, the career counseling department, and the methods used in teaching.

Mrs. Margaret McCalla, school cafeteria supervisor, and her staff will prepare and serve several types of "A" lunches for parents who will be invited to sample.

She will explain what the "A" lunch is, that is, a program and why students cannot purchase just a portion of this lunch.

The audience will participate in a question and answer period following these presentations.

## W. Bloomfield Twp. Fire Kills 11 Horses

WEST BLOOMFIELD TOWNSHIP—Eleven riding horses perished here early today in a barn fire of undetermined origin.

West Bloomfield firemen said the barn at 5311 Walnut Lake Road, owned by Hubert Hollier, was burned to the ground.

Hollier did not own the horses that were destroyed, according to Fire Chief Herbert Morgan.

Estimates of damage from the blaze, which was discovered shortly after 2 a.m., have not been determined, Morgan said.

## By Both Junior, Senior Groups

# Schedule Band Concert at Orion High Friday

LAKE ORION — The 21st annual Spring Band Concert by the Lake Orion High School music department will be presented Friday at 8 p.m. at the school.

The Junior Varsity Band, the newest addition to the high school band department, will play "Mountain Majesty Overture" by Paul Voder, "The Prelude" by Walter Finlayson, "King John Overture" by R. H. Moehlman, and "The Grand Galop" by Robert Schumann.

The board also denied a request from the owners of the Clarkston Golf and Country Club for a beer and wine license and for a dancehall permit. Township officials plan to study the matter further.

Water at Low Mark

LANSING (UP) — Water table levels in Southern Michigan are at or near record lows and may drop even lower if the summer is dry, an official of the U.S. Geological Survey ground water division said today.

Boy, 6, Killed by Car

HARPER WOODS (UP) — Michael Scusa, 6, was killed Tuesday when he was struck by a car near his home here.

## Plan to Improve Roads in Avon

AVON TOWNSHIP — The first phase of a \$70,000 road-improvement project will begin here late this summer, according to Paul Van Rookle, highway engineer for the Oakland County Road Commission.

The Avon Township Board and the road commission have agreed that matching funds should be used to black top a 3½-mile stretch of Livernois Road and about 1½ miles of Avon Road.

The project will take two summers to complete, with the grading and drainage work.

The portion of Livernois Road to be black topped runs past Rochester High School, while the paved section of Avon Road will go along the front of North Central Christian College.

Residents attending the annual Avon Township meeting April 1 requested that the road-building projects be given immediate attention.

Van Rookle said construction for the preliminary work probably will be awarded in July. He said new bituminous surfaces on the roads will be extended when more funds are available.

The bridge at the intersection of Avon and Livernois roads also may be reconstructed in 1962.

"Assuming that the road commission gets an appropriation for the job from the County Board Supervisors this time next year, the bridge can be done next summer," Van Rookle said.

Request for a third warrant against Teamsters President James R. Hoffa was rejected Tuesday by the Wayne County prosecutor's office.

The warrant was sought by Michael Angel, an unemployed truck driver who charged that Hoffa choked him and shook him up during a visit to Teamsters headquarters April 16.

Assistant Prosecutor William R. Bolo said Angel, of 4735 Jeffrey St., was unable to provide a single witness who ever saw him at the Teamsters' Hall that day. Hoffa has witnesses to prove he was at a union meeting at the time of the alleged attack.

The warrants against Hoffa and McMaster were requested by detectives Thurmond McKinney and Ralph Palmer who accompanied Angel on a return visit to Teamsters headquarters to investigate the complaint against Hoffa.

The officers said Hoffa assaulted Angel, and when they tried to break up the fight, McMaster interfered.

The election of officers and program followed dinner at the Colonial House on N. Milford Road.

Featured speaker of the evening was Reba Heinemann, reporter-photographer for The Pontiac Press, in her talk entitled "Today's Newspaperwoman."

Mrs. Heinemann described some of her experience on the job with The Press for the past eight years.

Elected to serve for the coming year with Mrs. Taylor were Mrs. Chester Zielinski, vice president; Mrs. Robert Hawkins, second vice president; Margaret Neuhart, recording secretary; and Nancy Nelson, corresponding secretary.

Mrs. Ruby Neff will be treasurer. Formal installation of the new officers will take place June 6 at the Colonial House.

Slote Rummage Sale

ORTONVILLE — The Brandon Veterans Auxiliary will hold a rummage sale at the Veterans Hall here Friday and Saturday from 10 a.m. to 5 p.m.

Teacher a Candidate

ESCANABA (UP) — Thomas Escarnaba, Escanaba High School history teacher, announced his candidacy as a delegate to the constitutional convention.

## Building Date Set for School

# To Begin Construction of Rochester Junior High in Midsummer

ROCHESTER — Construction of the new West Junior High School on the 3½-acre site just west of Old Perch Road, midway between Avon Road and W. University Drive, is slated to begin in midsummer.

Designed by Irm Smith Associates, Inc., Birmingham, the structure will be built in two stages to house an ultimate student body of 900.

The first-stage building will contain 25 teaching stations to serve an initial capacity of 600 students. Special activity areas such as the library, gymnasium and cafeteria are designed for the maximum student load.

A two-story classroom wing is planned for future addition as enrollment expands.

SIMPLE PLAN

The plan is a primarily simple one of compact rectangles with an interesting arrangement of open interior courts for maximum natural light. It is based upon a 12-foot module resulting in a symmetrical repetition of standard structural shapes and sizes, wall panels and sash.

A strong feature of the building is the centrally located library accessible from both main corridors of the classroom wings but isolated from these areas for utmost quiet.

Parking is provided for 100 cars with a direct entrance to the gymnasium from this parking area for ease of access by the public when it is used for community functions.

The new school is scheduled to be ready for occupancy in September 1962.

## Three Schools Join in Fair This Evening

WALLED LAKE — Students at the Walled Lake Senior High, Walled Lake Junior High and the Clifford H. Smart Junior High will hold a combined school fair today.

The fair, which is open to the public, will be held from 7 p.m. to 10 p.m. in the senior high school gymnasium.

Some 25 biology students will display science experiments. Art will be exhibited by students as well as model furniture used in the interior decorating class.

The industrial art and shop class will display furniture including scale models of machinery and tools.

The home economics classes will have examples of their efforts in sewing, meal planning and child care.

GOLDEN WEDDING—Mr. and Mrs. Stanton Persinger of 2467 Pine Lake Ave., Keego Harbor, will observe their 50th wedding anniversary with an open house Sunday from 2 to 7 p.m. at the VFW hall in Keego Harbor. The Persingers were married May 10, 1911, in Cassopolis, Ind. They have two sons, Max and Stan of Keego Harbor; a daughter Mrs. Harvey Dennis of Pontiac; nine grandchildren and nine great-grandchildren.

## Trio Is Sentenced For Stealing Whisky

Thirty-day jail sentences have been ordered for three men who admitted stealing eight bottles of whisky from a Pontiac drugstore April 5.

Municipal Court Judge Cecil McCallum imposed the sentences yesterday on Charles D. Vol, 23, of Glendale, Calif.; James H. Hinson, 21, 146½ Elm St.; and Alden L. Lewis, 25, of 6649 Pine Knob Rd., Independence Township.

Following sentencing she appeared the case to Circuit Court where a hearing was set for May 15.

## \$100 Fine, Jail Sentence Ordered for City Woman

A Pontiac woman who earlier was found guilty of soliciting an act of prostitution yesterday was ordered to pay a \$100 fine and serve 20 days in the Oakland County Jail.

Municipal Court Judge ordered the jail stay for Eddie Mae Yates, 35, of Detroit, extended to 40 days if the fine is not paid.

She was charged with soliciting at Bagley and Western streets on March 25.

Following sentencing she appeared the case to Circuit Court where a hearing was set for May 15.

The Wilsons, 341 Dick St., operate the Pontiac Folding Chair Rental Service on Oakland Avenue.

## 27 Pontiac Area Gals Miss Centennial Hopfuls

With the beginning of the Miss Centennial contest only two weeks away, 27 Pontiac area organizations have entered candidates in the competition.

Centennial headquarters

announced today that more than \$1,500 worth of prizes have been lined up so far for the 10 runners-up in the contest, who will form a court of Centennial princesses.

For the queen, the top prize is a 1961 Tempest automobile.

Not a "bathing beauty" contest, the Miss Centennial competition is open to any candidate, 16 years of age or older, selected by any Pontiac area organization with established membership.

Contestants and sponsors have been invited to the contest kickoff at 7:30 p. m. May 15 at Elks Temple.

Details about the contest, how it can be entered at no cost to the contestants or the sponsoring organization, are available at Centennial headquarters in the Pontiac Public Library.

The latest sponsors and their candidates:

Amies, Jean Charles; Auburn & 14th Department Store, July Leach; Avon Extension Circle, Norma Stallon; Daughters of Penelope, Shirley Pantel; Federal Department Stores, Oleta Blacich; General Motors Girls' Club, Volchod Bilyayev; Komerly Stand and Service, Joan Knowles; League of Catholic Women, Gale Vitasinsky.

Also, Metropolitan Club, Bunsle Aber; Nelson Brothers, Jean Broadway; Northside Community Club, Sidney Swindells; Paper Dolls Centennial Chapter of the Pontiac Press, Patricia Hartman; Pontiac Women's Chorus and Chancel Choir of First Congregational Church, Mary Leonard; Sisterhood of Temple Beth Jacob, Nancy Chapman.

And, Tranquil Baites Chapter of Pontiac State Hospital, Jeanette Cockle; Voochies Drug Co., Cheryl Foster; St. Joseph Mercy Hospital, Starr Hodges; Chapter 109 Brothers of the Brush, Dolores McConnell.

Other potential sponsors who've not yet announced the names of their candidates include the Auburn Heights area, B'Nai Israel Sisterhood and the Italian-American Club. Headquarters said the Union Lake Optimists would co-sponsor a candidate with the Pontiac Sorority Club.

## Convicted Pontiac Man Gets 30 Days in Jail

A Pontiac man convicted earlier of receiving property stolen in a burglary of Bell's Garage, 230 Western St., will spend the next 30 days in the Oakland County Jail.

That was the sentence imposed by Municipal Court Judge Cecil McCallum yesterday on Leon C. Hendrix, 22, 63 Chapman Ave.

Hendrix was accused of receiving a battery charger and grinder March 30 in the garage break-in.

His brother, James E. Hendrix, 38, 234 Western St., faces trial on the same charge in Municipal Court today.

## Wives of 3 Soldiers Lost in Laos Hopeful

FT. BRAGG, N. C. (UPI) — The wives of three American soldiers missing and feared killed in Laos held out hope today their husbands would be found alive.

The Army said four members of a field training team which was last heard from on April 22 in the vicinity of Vang Vieng were missing.

The men, who were advising the Royal Laotian forces, were identified as:

Capt. Walter H. Moon, 38; Sgt. I.G. John H. Bischoff, 32, both of Ft. Bragg; Sgt. Orville R. Balingier, 27, Spring Lake, N. C.; and Sgt. Gerald E. Biber, 25, Grand Junction, Colo.

"I'm praying every minute that a full right and will come back home," said Mrs. Ruth Moon, who lives here. She said she last heard from her husband in a letter sent from Laos on April 13.

The amendment was in technical language.

"I wonder how many people read my amendment, which is written so only the technical mind would realize this would put the famed Scopy Williams polka-dot on our state flag," Gillis said.

Someone must have read it. Gillis' amendment was killed.

The amendment was in technical language.

"I wonder how many people read my amendment, which is written so only the technical mind would realize this would put the famed Scopy Williams polka-dot on our state flag," Gillis said.

## Lansing Works on Idle Pay Bill

Sen. Stahlin Would Cut Rate on Small Firms With Good Records

LANSING (AP) — House Republicans are mustering their forces for another attempt to push a revision of the Unemployment Compensation Law through the legislature.

The measure cleared the House last month only to fail in the Senate Labor Committee, thanks to the opposition of Sen. John H. Lin, R-Belling.

Stahlin, resident of a Belling plastics firm, complained that the proposed increases in taxes to support the jobs pay fund would fall heaviest on small and medium-sized businesses with good employment records. Big industries with high unemployment rates would get off easy, he said.

The GOP senator conferred Tuesday with Rep. Robert Waldron, R-Grosse Pointe, chairman of the House Labor Committee, in an effort to persuade him to cut proposed increases on employers with modest layoff records.

He also has invited some 500 small industrialists and businessmen to put the pressure on legislators to cut the rates.

Meanwhile, the House Tuesday revived the proposed amendments to the jobs pay law and attached it to another labor bill already approved in the Senate.

Waldron said Republicans would offer to change the original version to make it more acceptable to Democrats.

The bill would nullify the effect of the state Supreme Court's Ford-Canton decision which permitted Ford workers to file in Michigan by a strike at a Ford plant in Canton, Ohio, to collect jobless pay benefits.

State Solon Runs Alertness Test Using Bow Tie

LANSING (UPI) — Former Gov. G. Mennen Williams' famous polka-dot bow tie almost became part of the official Michigan flag in a test of legislative alertness.

Rep. Joseph A. Gillis Jr., D-Detroit, offered an amendment to a bill which would have put the outline of the state on the flag. The amendment would have substituted the tie, trademark of Williams, new assistant secretary of state for African affairs.

The amendment was in technical language.

"I wonder how many people read my amendment, which is written so only the technical mind would realize this would put the famed Scopy Williams polka-dot on our state flag," Gillis said.

# Weather No Setback for Mercury

CAPE CANAVERAL, (UPI)—The safety-motivated postponement of Tuesday's scheduled astronaut flight was, of course, a letdown for everybody concerned but it was not a disaster or even a setback.

The people who took the letdown

with the most aplomb were those running the show—they knew best how natural and to-be-expected it really was.

Project Mercury, the U.S. plan to put a man in orbit and study what happens to him and how he reacts, is a long-range program

that has been under way 2½ years.

It has progressed through many preliminary stages to the verge of a milestone—the first manned space flight.

That this milestone was not achieved on Tuesday's first scheduled try should not particularly surprise or disappoint anybody, least of all those who are close enough to the situation to know that the mission must be right before the final "go" can be spoken.

The detail that wasn't right Tuesday was a noncontrollable one—the weather. It was allowed to exert its influence for one reason—the safety of the astronaut, Alan B. Shepard.

Double and triple safety systems, designed to provide the greatest feasible measure of life protection for the astronaut are built into the capsule and the rocket.

The program has a rigid weather safety standard, too, imposed to make sure that hostile weather does not cause a search mission to fail.

Today's conditions didn't meet that standard, and the decision to scrub the mission for at least 48 hours was as simple as that.

NEWS LETDOWN

Administrator James Webb of the National Aeronautics and

Space Administration (NASA) recognizes the inevitable letdown in the minds of the people of this country and the potential damage to U.S. prestige in the letdown that surely follows a postponement such as the one Tuesday.

He spoke, prophetically as events turned out, many hours before Tuesday's shot had to be scrubbed.

The Mercury program, Webb said Monday afternoon, is operated "in the belief that the public has a right to know what the country is doing in the space field. . . . We operate in a democratic society where our failures are known as well as our successes."

"I think the press and the public should be aware that this frequently places a serious psychological burden on the United States all over the world."

"If any one flight is delayed or is not a success, every detail is so completely reported and is contrasted to the Soviet space effort, the events of which do not become a matter of public record until a success is achieved."

"We must keep in perspective that each flight is but one of the many milestones we must pass. Some will completely succeed in every respect, some partially, and some will fail."

## Tells of Valiant Fight in Ghetto at Warsaw

By REZMAN MORIN  
JERUSALEM, Israel (AP)—The gripping story of the anti-Nazi uprising in the Warsaw ghetto, swept with hunger and disease but filled with courage, was told by a woman survivor in the trial of Adolf Eichmann today.

In a low but unflinching voice, Mrs. Zlvia Lubotkin told of weeks of heroic resistance against overwhelming German forces in the war-torn Jewish quarter.

With homemade bombs that had to be fused with matches, a few arms and scarce ammunition, the Jews battled thousands of German troops trying to round

them up for deportation to the gas chambers, she said.

A tense audience packed the courtroom as the woman testified about the last-ditch struggle of the ghetto fighters.

HAD NO CHANCE

"We did not have a fighting chance," she said, "it was quite clear to us that we had no prospect of winning in the military sense of the word. But we knew that despite their strength, we would be the winners ultimately because we believed in a regime of justice to man."

In the middle of the morning testimony, a failure of power plunged the windowless courtroom into darkness and forced suspension of the trial for 20 minutes, or the first four minutes a searchlight was trained on Eichmann in his cage of bullet-proof glass. Then he was taken to his cell until the lights went on again.

Mrs. Lubotkin took the stand immediately after presiding Judge Moshe Landau announced the three-judge court trying Eichmann had decided to ask a West German court to examine four prospective defense witnesses.

Defense counsel Robert Servatius applied for the four—all former Nazis—to appear before the court in Israel. But Attorney General Gideon Hausner said all would be arrested on arrival in Israel and held for trial under the Nazi collaborators' law, the law under which Eichmann is being tried.

RETIRING — After more than 32 years of service, Peter B. Gotz, Pontiac Fire Department engineer, retired from active service Tuesday. Gotz, 58, lives at 68 N. Francis Ave.

## Tune-Up Time for Your Car

Pontiac Motor Division Service Experts Urge 7-Point Check

Now is the time for car owners to check and correct the effect of winter driving on their automobiles and prepare for the warm weather months ahead, according to Pontiac Motor Division service experts.

- 1. The service men recommend a seven-point spring check, clean and tune program.
- 2. Clean and test the battery and connections. Winter motoring places a heavier than average load on the car's electrical system.
- 3. Clean the body and underbody thoroughly and polish both body and chrome.
- 4. Clean and flush the radiator and add a rust inhibitor.
- 5. Check front end alignment. Driving under snow and ice conditions may have affected alignment.
- 6. Clean spark plugs of deposits built up by additional choking required in the winter. Repair the plugs for proper clearance and smoother operation.
- 7. Check the choke and adjust the carburetor, if necessary, for proper engine idle speed.
- 8. Check ignition timing and the ignition points.

Pontiac's service engineers assert that many motorists tend to neglect periodic service checks during the long winter period. Thus, they point out, the spring visit to the dealer service department may also be an opportunity time for lubrication, tire rotation, brake and headlight adjustment and other routine service procedures.

## Michigan Motorists Log 33.2 Billion Miles in '60

LANSING (AP) — Michigan motorists logged 33.2 billion miles driving during 1960, final figures based on gasoline tax collections show.

This was an increase of 32 per cent over the estimated 32 billion miles driven the previous year. The final figure was 400 million miles more than had been previously estimated for the year.

## Port Hope Phone OK'd

LANSING (AP) — A request of the Port Hope Telephone Co., Huron County for permission to borrow \$25,000 for purchase of new equipment and expansion, has been approved by the State Public Service Commission.

# Tigers Finally Get Bunning Some Runs

## Hold 1st Place on 6-3 Victory Over Senators

### Cash Gets Home Run, Wood Triples in Road Trip Win

WASHINGTON (U)—The happiest Detroit Tiger of them all when the American League decided to stretch its talent and expand to 10 teams was Jim Bunning.

The Tiger right-hander, who claims he's snakebit—unlucky—had a good reason. His teammates rarely support him with many runs and many of Bunning's finest performances have been wasted.

So Bunning figured the weak new Washington and Los Angeles clubs would be made to order for him—a few more runs for the Tigers, not as many runs for his pitching.

The ill-starred hurler was right on both counts last night, as he recorded his first victory after two defeats with a 6-3 triumph over the Senators.

With six runs, Bunning felt he'd found a treasure chest. He got a little generous himself and insisted 11 hits, but settled down in the clutch. Eleven Senators were stranded on base.

Tigers, holding their one-game lead over the New York Yankees, could get only eight hits. But they made them count.

Again it was the rookies who provided most of the punch. Jake Wood battled out of his slump with two triples and scored two runs. Steve Boras had a single and a run-producing double that gave Detroit a 5-2 lead in the sixth.

Norm Cash got the Tigers winging in the second with his fourth home run with Rocky Colavito on base. The blow came off Norm stridently, who lost for the first time.

While the youngsters were providing the punch, manager Bob Scheffing's veterans gave him cause for concern. Al Kaline and Calisto went hitless while Billy Bruns had one single in four trips.

Bruton, however, batted in two runs. He sent Wood home with a sacrifice fly that made it 3-0 in the third and scored Dick Brown with his single in the fifth.

A sacrifice fly by Kaline followed Wood's second triple in the ninth.

Bunning was tagged harder than usual in the opener of the Tigers' first stable road trip this season. Joe Hicks crouched for a home run in the seventh and Dale Long had two doubles and a single.

The right-hander, streaked out of the league for two years, fanned seven Senators.

Robert Frank Lary, for whom the Tiger bats sent to ring out with hits, goes after his fifth victory tonight in the second of the three games Washington series.

Washington's lineup was as follows:

| Pos | Player | AB | R | H | E | BB | SO | PO | CS |
|-----|--------|----|---|---|---|----|----|----|----|
| 1B  | Wood   | 5  | 2 | 3 | 0 | 0  | 0  | 0  | 0  |
| 2B  | Kalish | 5  | 0 | 0 | 0 | 0  | 0  | 0  | 0  |
| 3B  | Cash   | 5  | 1 | 1 | 0 | 0  | 0  | 0  | 0  |
| SS  | Brown  | 5  | 0 | 0 | 0 | 0  | 0  | 0  | 0  |

**YANKEE POWER**—This is the main power of the New York Yankees which accounted for the 6-4 victory over the Minnesota Twins yesterday. Bill Skowron (left) hit a 7th inning home run and Mickey Mantle (right) hit a 2-2 game in the 11th with a grand slam. Mantle now has eight homers for the year and this is the 14th straight game in which he has hit safely.

With six runs, Bunning felt he'd found a treasure chest. He got a little generous himself and insisted 11 hits, but settled down in the clutch. Eleven Senators were stranded on base.

## Chiefs Down PNH; Skippers Get Scarce

BY DON VOGEL  
Overwhelming strength in the field events carried Pontiac Central to a 6-5 to 4-5 track victory over Pontiac Northern at Wind-swept Winder Field Tuesday afternoon.

PNH has never bested the Chiefs in track.

Waterford just barely kept its unbeaten dual meet record unblemished by shipping past a good Cranbrook squad, 35-54, Birmingham, Seaboard posted a 6-4-5 triumph over Ferndale.

With hurdler Chris Payne and dashman Bill Young each scoring two firsts, Northern gave the Chiefs a close battle in the running events. PNH gained a 57-36 edge on the clinders, but the big difference came in the four field events.

Bobby Trotter paced the Chiefs by winning the high jump and broad jump. The high jump was swept by PCH. Brad Pittchett, declining to remove his bulky warm-ups, put the shot 32'3" inches to take that event. Northern's Bill Golden won the pole vault.

The temperature stood at 40 degrees. The wind, blowing out of the northwest at 25 to 30 miles an hour, made it even colder. Pritchett, by far the best shot man on the field, didn't have to take off his jacket and slacks to win.

The conditions can be best described by Central's Ken Byrd who yelled, "Man, get my warm-up clothes, it's freezing out here," as he broke the tape to give the Chiefs a victory in the 800-yard relay. Byrd finished better than 300 yards in front of Northern's anchor man.

There were no records set. Cranbrook's Barney Crouse and Waterford's Joe Falls each won three events on the Cranbrook track. Falls led Waterford to sweeps in both hurdles. This may have been the deciding factor in the meet. Falls also capped the pole vault.

Crouse turned in his best time of the spring, setting a Cranbrook record of 9.9 seconds in the 100-yard dash. A strong crowd buffeted the field. Waterford's Mike Sicksles tasted defeat in this event for the first time this year in a dual meet, finishing second in 10 flat.

Crouse went on to win the 220 in 23 seconds, the broad jump and anchored the winning half mile relay team.

Sprinters in the Seaboard-Ferndale meet found themselves running into the wind. This accounted for the 10.8 and 23.6 clockings by the Eagles' Dorie Reid, the best sprinter in the state, in the 100 and 220 dashes. Reid also won the broad jump and ran on the victorious 880 relay team.

Seaboard's Bob Telchman unloaded a 50 yard 50 inch lead in the shot, his best toss of the spring, and Jim Stevenson won the high jump and pole vault for the Maples.

Other Seaboard winners were Sweeney Lock, high hurdles; Tom Sweeney, 400; Pete Henderson, low hurdles; and Ted Enger, mile.

Farrington handed Waterford its first baseball loss to take the lead in the Inter-Lakes. Bill Wickman hurled a five-2-5 triumph. Charley Lenschmidt was the losing pitcher. George Martin continued his hot hitting with two singles but Cranbrook took Detroit to Cody, 7-2.

**WELCOME HOME**—Detroit Tiger first baseman Norm Cash is welcomed home by Steve Boras and Rocky Colavito (7) after hitting a two-run homer against the Washington Senators last night. Rocky scored ahead of Cash and the blast helped the Tigers to a 6-3 victory to retain their one game lead in the American League.

With six runs, Bunning felt he'd found a treasure chest. He got a little generous himself and insisted 11 hits, but settled down in the clutch. Eleven Senators were stranded on base.

Tigers, holding their one-game lead over the New York Yankees, could get only eight hits. But they made them count.

Again it was the rookies who provided most of the punch. Jake Wood battled out of his slump with two triples and scored two runs. Steve Boras had a single and a run-producing double that gave Detroit a 5-2 lead in the sixth.

Norm Cash got the Tigers winging in the second with his fourth home run with Rocky Colavito on base. The blow came off Norm stridently, who lost for the first time.

While the youngsters were providing the punch, manager Bob Scheffing's veterans gave him cause for concern. Al Kaline and Calisto went hitless while Billy Bruns had one single in four trips.

Bruton, however, batted in two runs. He sent Wood home with a sacrifice fly that made it 3-0 in the third and scored Dick Brown with his single in the fifth.

A sacrifice fly by Kaline followed Wood's second triple in the ninth.

Bunning was tagged harder than usual in the opener of the Tigers' first stable road trip this season. Joe Hicks crouched for a home run in the seventh and Dale Long had two doubles and a single.

The right-hander, streaked out of the league for two years, fanned seven Senators.

Robert Frank Lary, for whom the Tiger bats sent to ring out with hits, goes after his fifth victory tonight in the second of the three games Washington series.

Washington's lineup was as follows:

| Pos | Player | AB | R | H | E | BB | SO | PO | CS |
|-----|--------|----|---|---|---|----|----|----|----|
| 1B  | Wood   | 5  | 2 | 3 | 0 | 0  | 0  | 0  | 0  |
| 2B  | Kalish | 5  | 0 | 0 | 0 | 0  | 0  | 0  | 0  |
| 3B  | Cash   | 5  | 1 | 1 | 0 | 0  | 0  | 0  | 0  |
| SS  | Brown  | 5  | 0 | 0 | 0 | 0  | 0  | 0  | 0  |

Hatchery Fish Provide Good Catches in Oakland Waters

# Trout Population Survives Opening Weekend Assault

Fishermen who opened the trout season last weekend failed to make any big dents in the fish population — at home or away.

Those hardy anglers who journeyed to Northern Michigan found streams low and the weather cool but comfortable on Saturday.

Things changed Sunday. Rain, hail and snow fell much of the day.

It didn't matter what the weather was like, few good catches were reported.

The same holds true for fishermen who elected to try their

luck in Oakland County. The special trout ponds at Bald Mountain, Davidsburg and Fenton produced well Saturday morning, but tapered off as the weekend wore on.

The eight county streams stocked with brookies, browns and rainbows early last week failed to live up to expectations Saturday. High and roily water was the main reason.

The upper reaches of the Huron

River in the Pontiac Lake recreation area was clear and several limit catches of brook trout were creel.

Sunday was a completely different story as far as the area streams were concerned. The water levels lowered and the hatchery fresh trout went wild. Trout, Paint and Kearsley Creeks and the Wildwood Lake outlet were practically fished out.

Fishing in area lakes left

much to be desired. Again it was the late arrivals of eight and nine-inch hatchery trout that provided most of the fun.

The largest entry in The Pontiac Press Big Fish Derby was a 24-pound rainbow caught by John Adams of Clarkston in Schoolhouse Lake early Saturday morning.

No entries have been received in the northern pike or bluegill divisions. Black bass do not become eligible until the season opens on June 17. The contest

closes Sept. 12. All entries must be caught in Oakland County.

U.S. Savings Bonds of \$50 each will be awarded to the anglers turning in the heaviest pike and black bass. There will be \$25 bonds for the heaviest rainbow and bluegill. Weight is the only factor considered.

All fish must be weighed in The Press sports department. Elizabeth Lake was the top rainbow producer opening day.

Schoolhouse provided good fishing for the few who tried there. Most of the rainbows are being taken from two to five feet under the surface no matter what the depth of the water.

In Northern Michigan, the Platte River yielded some nice catches, including a 44-pound brown just after day break Saturday, but then the fishing fell off to nothing.

It was the same on the Riffe, Manistee, AuSable and Boardman Rivers. A few steelheads were

taken on the East Branch of the AuSable.

Many reasons were given for the poor fishing, but the one heard most was "the water's too cold." Many anglers were hoping for a warm rain.

It rained. Sunday afternoon was completely washed out.

Best lures were small artificial nymphs and minnows. Wigglers, worms, wet flies, streamers and the other assortment of lures and bait turned in poor showings.

A few stone flies and gull Gorda hatched, but the trout didn't seem too interested in them.

Dry fly fishing will begin to pick up in about two weeks.

Pontiac Press Photo

**FIRST ENTRY**—John Adams, 5345 Drayton Rd., Clarkston, holds the 24-pound rainbow that leads The Pontiac Press Big Fish Derby. He caught the trout early Saturday morning in Schoolhouse Lake while fishing from shore. He used a night-crawler.

## 'Something on the Line' Sends Father to Rescue

By DON VOGEL  
Outdoor Writer, Pontiac Press

Frank Biscovich Sr. found out that his son, Frank Jr., wasn't fooling when he yelled, "Daddy there's something on the end of the line."

The father-son team was fishing Trout Creek in the Bald Mountain recreation area Monday afternoon. They live at 2681 Corliss St., Lake Orion.

Frank Jr., 7 years old, was standing in the stream using his father's fly rod, baited with a worm. The senior Biscovich was surveying the stream for good trout locations when his son yelled.

"You're probably snagged on something," said Frank Sr. Then he saw the rod pumping, the line going out and Frank Jr. either wading or being pulled down stream.

Biscovich rushed to the rescue, pulling out his son before he got into the water too deep for his hip boots and then helping Frank Jr. land a 15-inch rainbow. The fish weighed about two pounds. It was the only one caught on the excursion.

Arthur Randall, General Motors Truck & Coach executive, went through a sad experience opening day of trout season.

He was fishing the Manistee River near Grayling via canoe. Also on the trip were Herbert Turnbull, Duncan Anderson and Joseph Robitaille of the Pontiac Truck and Coach division and Richard Davis and Marshall Ragland of Detroit.

A half mile downstream from the starting point, Randall's canoe overturned, dumping the angler, fried chicken, salad and fishing equipment into about four feet of ice cold water.

This mishap didn't dampen Randall's spirit. He and his fellow fishermen went on to catch "12 nice trout" during the weekend.

Norm Nelson, 4699 Irwindale Ave., Pontiac, and Tom Johnson, White Lake, didn't catch many trout Saturday and Sunday, but they did have an unusual experience.

"We fished the Riffe River below M-55 on Saturday and didn't have any luck," said Nelson. "So we decided to drive up to Wolverine to see how things were on Silver Lake."

"The fishing was poor on Silver and other lakes. We were driving around the fire lanes and small back roads west of Wolverine when we came around a curve and were met by three big elk."

"They just stood and looked at us and I was able to get a couple of color pictures."

## Purchase of Land Before Commission

LANSING (U.P.)—The state will acquire a choice fishing site on Long Lake, which straddles the St. Joseph - Cass County line, if the State Conservation Commission approves the purchase at its May 11-12 meeting here.

The State Conservation Department has been trying to buy property on the lake, popular for bluegill, perch and bass fishing, for 10 years. The three-quarter acre site has 299 feet of frontage on the lake and can be purchased for \$3,000.

The commission also will be asked to renew a lease on a 40-acre site on Youngs Lake in Lapeer County for Cleveland - Cliffs Iron Co. for \$25 a year.

The department also has taken options to acquire these properties in state game areas:

- 100 acres in Middleville state game area, \$4,000; 60 acres in Flat River game area, \$2,500; 35 acres in Deford game area, \$1,625; 160 acres in Stanton game area, \$1,200; 110 acres in Maple River game area, \$9,000; 23 acres in St. Clair state wildlife area, \$3,000; 14 acres in Pentwater River game area, \$900.

Pontiac Press Photo

**NO RESULTS**—If Norman Nelson, 4699 Irwindale Ave., seems to be wearing a slightly puzzled expression, it is understandable. Nelson and Tom Johnson of White Lake fished from Rose City to Wolverine Saturday and Sunday, but couldn't seem to locate any hungry trout. In the picture, Nelson is fishing Kite Creek in Ogema County.

## Along the Outdoor Trail

### Story of Fish That Got Away for One Week

DALLAS, Tex. (UPI)—This is a fish story that admittedly sounds fishy, but Harold Anders has two witnesses who back him up.

A week or so ago Anders and his son, Harold Jr., and Leslie Parker of Lamasco, Tex., went fishing at the Coffee Mill Lake near Bonham, Tex.

Anders hooked and landed a six-pound plus bass (which in itself makes a good fish story).

But Anders hooked it onto a 15-foot fish chain, forgot to tie the stringer securely, and the fish and stringer floated away.

It made him so angry that he said yesterday he was still burning when he and Harold and Leslie went back to the same lake this week.

"It's hard to believe, but I hooked that same fish again," Anders said. "It was still jugging the stringer. I'm sure glad I had witnesses."

### Water Commission Hits Waste Dumping

LANSING (U.P.)—The State Water Resources Commission has set up a schedule for dumping of wastes by paper plants in and near Kalamazoo.

The commission held a hearing in Kalamazoo last month on complaints that the 10 paper plants in the area were polluting the Kalamazoo River.

The commission agreed on the importance of industry to the area and decided that a schedule for dumping wastes appeared to be the best way to handle the problem.

The commission scheduled a hearing May 18 at Port Huron on charges the city of Yale was polluting Mill Creek.

Grandville, Kent County, was ordered to answer charges at the next meeting that it is illegally dumping sewage in the Grand River.

### Solunar Tables

The schedule of solunar periods, printed below, has been prepared by John Alden Knight. Plan your days so that you will be fishing in good territory or hunting for game during these times. If you want to find the best spot each day has to offer.

|           | MAY       | JUNE      | MAY       | JUNE      |
|-----------|-----------|-----------|-----------|-----------|
|           | 1         | 2         | 3         | 4         |
| Monday    | 2:00-2:45 | 2:30-3:15 | 2:00-2:45 | 2:30-3:15 |
| Tuesday   | 2:15-3:00 | 2:45-3:30 | 2:15-3:00 | 2:45-3:30 |
| Wednesday | 2:30-3:15 | 3:00-3:45 | 2:30-3:15 | 3:00-3:45 |

**BEST WITH SHOTGUNS**—The three top shooters in the Oakland County Sportsmen's Club winter trap and skeet leagues were (left to right) Dennis McGuire, skeet champion; Homer

Coss, trap champion; and David Worster, best of the junior trap shooters. Coss, manager of the OCSA, and trap ranges, said a new league will get under way June 1.

Janet Leonard of Milford won the women's all-gauge with \$20.00. Ralph Zimmerman of Birmingham was Class B small gauge champion with \$60.00.

### Oakland Lakes in Seining Survey

## Hypodermic Needle Awaits Spawners

LANSING (UPI)—The means to country. Some areas reported the nesting grounds were drier than at any time in the last 25 years.

The total winter waterfowl tally was up 6 per cent from the average for the last 12 years, department spokesmen said.

The booster shots are being used to streamline egg collection of northern pike at the state's Wolf Lake hatchery, said Fish Division Chief A. B. Cook Jr.

The needle injections carry pituitary extracts and speed up spawning, Cook said.

The stimulus to egg production also allows fisheries men to plant rearing ponds with fish of exactly the same age and cut off a large part of the old-eating "cannibalism" among pike which occurs when fish supplies are short.

Another part of the program to improve fishing in the state calls for lake seining surveys, which covers about 50 lakes this year.

The surveys are made annually to determine the success of projects such as new plantings, rough fish control and chemical treatments of lakes.

Chamberlain and Grahame lakes in Oakland County are included in the seining survey.

Conservation game men have mixed forecasts for the fall waterfowl hunting prospects.

Winter surveys showed an 11 per cent increase over the number of ducks, geese and coots on the Byways in 1960.

Dry nesting grounds were noted, however, in surveys across the

## Lead Poisoning Killing Geese on State Lakes

Lead poisoning is the cause of a Canada goose die-off discovered last week at West Gilkey and Indian Lakes in southwest Barry County, the Conservation Department reports.

Autopsies at the department's Rose Lake wildlife laboratory have shown lead shot in all geese taken from the lakes and examined thus far. Symptoms of lead poisoning were readily evident in the birds.

Geese, like ducks, generally pick up lead pellets from the bottom of lakes while searching for food and grit.

About 35 geese are yet to be autopsied. Some will be sent to the University of Michigan's school of natural resources for examination.

Department game men counted 99 dead geese at Indiana Lake and another 13 dead birds at West Gilkey last week. They also noted 22 bonkers which were visibly sick.

Actual losses are probably higher since some birds could have died and been taken by predators. Others suffering from poisoning may have moved into the bushes to die and it is quite possible that some might have been on their way to becoming sick when game men made their counts.

There were about 300 geese on the two lakes when the game men made their tallies.

Department game pathologist Dale Pay reports that a few birds fall victim to lead poisoning at the two lakes every year.

## Browns Master Skeet Shoot

It should have been called Browns' Blue Rock Open.

This is about the easiest way to describe what happened at Ted's Gun Club near Warren during the Michigan Blue Rock skeet shoot last weekend.

The shoot belonged to Leland, Eddie and Bill Brown of Birmingham.

Leland took overall honors by winning the 29 gauge and small-gauge divisions. He had a perfect 100 in the upper class. Eddie needed a couple of shoot-offs before winning the all-gauge and small-gauge divisions to take the runner-up spot.

Bill Brown Jr. lost in the small gauge shoot-off but still finished third in the overall competition.

Aggregate scores for the Browns in the four divisions show Leland hit 344 x 350 Eddie 340 x 350 and Bill 337 x 350. Bob Thielefs of Pontiac broke 99 clay targets in the all-gauge division but three 100 each.

Janet Leonard of Milford won the women's all-gauge with \$20.00. Ralph Zimmerman of Birmingham was Class B small gauge champion with \$60.00.

### Teachers Go to Camp

An estimated 425 Michigan teachers and school administrators will attend the state conference on Outdoor Education at Camp Settings at Clear Lake camp near Dowling May 15-20 to learn how they can help their students make greater use of school grounds, parks, and other such facilities.

Continued Support—A check for \$500 was presented to Leader Dogs for the Blind Inc. yesterday by the Pontiac Lions Club. Accepting the check on behalf of Leader Dogs from local Lions Club President Philip Wellemeyer (right) is Vince Syracuse, an instructor at the Leader Dogs school near Rochester, while "Troy," a German shepherd trainee, looks on with approval. Since the school was founded by the Lions Club in 1939, over 1,800 dogs have been trained to assist blind persons.

## Katanga Developments Prick at Hopes for Congo Settlement

By PHIL NEWSOM  
LPI Foreign News Analyst  
In the top-story Congo war, suddenly is guarded hope that things have taken a turn for the better.  
Strangely, this turn sprang from a demand that he end his difference with the other leaders.  
Which the central government of the President Joseph Kasavubu said he had no part and which certainly Nations were quick to seize the chance as a surprise to the United Nations command there.

That was the detection of Katanga President Mote Tshombe as he, and his Belgian advisers sought to depart Cote d'Ivoire Airport after serving an ultimatum on Kasavubu and the leaders remaining at the Cote d'Ivoire conference.  
Ostensibly, the handful of Congo were acting on their own and were demanding that he end his difference with the other leaders.  
Which the central government of the President Joseph Kasavubu said he had no part and which certainly Nations were quick to seize the chance as a surprise to the United Nations command there.

The United Nations announced the arrest of Tshombe's six Belgian advisers and bundled them off to Leopoldville for "interrogation" and likely deportation.  
Kasavubu and the Congolese leaders remaining at the Cote d'Ivoire conference.  
Ostensibly, the handful of Congo were acting on their own and were demanding that he end his difference with the other leaders.  
Which the central government of the President Joseph Kasavubu said he had no part and which certainly Nations were quick to seize the chance as a surprise to the United Nations command there.

There has been growing confidence of late that the time has passed when Communist aid could be poured into Stanleyville to the extent that he could endanger the central government, and there are signs that he now would like to reach an agreement.  
Any such agreement would free the hands of the United Nations, permitting it to turn its full force on Katanga.

About 1,000 Indian troops have been in Katanga and presumably would be delighted to take over the job of disarming Tshombe's private army.  
The United Nations then also would be free to enforce its mandate demanding the departure of all Belgian military and political advisers from Katanga.

Ray Moloney has reported from Elisabethville, capital of Katanga, that Tshombe's position there has been weakening steadily. Despite its natural wealth, the Katanga treasury is exhausted, living costs are soaring, and his mercenary army is restless.  
If his Belgian advisers were to depart, Tshombe would be a king without a throne.

The Blue Angel got a call that JFK might be in to see Dick Gregory — but he didn't arrive ... Pat Lawford looked so skinny though expecting in a couple of months, that friends said, "Those Kennedy girls sure know how to conceal things" ... Judy Garland's daughter, Lorna, had to look almost straight up to see the stage from her front row seat at Judy's concert. Late Saturday, she said, "I can only see Mommy" — she indicated her neck — "down to here."

## Sewage Bond Plan Set for Submission

The \$5.5-million bonding plan for sewage treatment plant was ready today for submission to the Municipal Finance Commission.  
City commissioners adopted an ordinance last night, calling for

the issue of 30-year general obligation bonds to finance expanded facilities to curb Clinton River pollution under the court order obtained by the Water Resources Commission.

It appeared the city would be racing against time to sign construction contracts by the June 1 deadline specified by the court order. But there is not expected to be much legal embarrassment if the deadline is not exactly met.

City Manager Walter K. Williams said he wanted to dovetail the timing of the contracts with the expected approval by the Municipal Finance Commission to sell the bonds.

The finance commission is a state agency that passes on the financial feasibility of all municipal and school bond issues of a general obligation nature.  
No date has been set yet to advertise for construction bids or for selling the bond issue.

Williams has indicated an interest in trying to have Pontiac's credit rating improved before the bond issue to save on interest payments. He has told the commission the city might be eligible now for a top credit rating.

Meanwhile, there are still some property matters in connection with the pipeline that is to connect the existing plant with the proposed expansion on the new site at Auburn Avenue and Odyke Road.

City Attorney William A. Ewart said the city has still not gained the right to cross some property with the pipeline.

Last month's traffic death toll was down three from the same month in 1960 when 19 persons were killed.  
The death count by month since the first of the year has been five in January, six in February, seven in March and seven in April.  
Only five persons were killed on city's highways in May last year.

Failing Gary Cooper Lies Under Sedation  
HOLLYWOOD (UPI) Actor Gary Cooper, nearing the end of his struggle with cancer, was under heavy sedation today at his Bel-Air home, close friends reported.

The 58-year-old movie star has not been visited by friends for more than a week on orders of his physician and his family is in constant attendance.  
Several months ago, Cooper was operated on for cancer of the colon. A recently issued medical bulletin said the disease has spread throughout his body.

UAW's GM Unit to Talk in Detroit on Pact Goals  
DETROIT — The General Motors Council of the United Auto Workers Union will meet in Detroit May 17-19 to fit the UAW's 1961 contract goals into localized demands on GM.

The council has representatives from GM local unions throughout the country. The Ford UAW Council is to meet May 24-26.  
Current three-year wage contracts with the big three — GM, Ford and Chrysler — run out Aug. 31. Negotiations on new pacts are scheduled to begin in July.

Road Contract Approved  
LANSHAW — The State Administrative Board has approved the award of a negotiated contract to the Bacco Construction Co. of Iron Mountain for one mile of modernization on U.S. 141 north from the Michigan - Wisconsin border in Dickinson County at a cost of \$54,366.

At Invasion Probe

DULLES FACES MUSIC — CIA chief Allen Dulles talks to Sen. William Fulbright, D-Ark., Senate Foreign Relations Committee chairman (right) at the start of a hearing on the ill-fated invasion of Cuba. Sen. Bourke Hickenlooper, R-Iowa, is seated.

# Verdict on Cuba: Collective Goof

WASHINGTON (AP)—Sen. J. William Fulbright, D-Ark., says he believes the ill-fated Cuban invasion was a blunder for which the White House and several other agencies must share responsibility.

Fulbright, chairman of the Senate Foreign Relations Committee, commented Tuesday after his committee questioned top officials of the State Department and the Central Intelligence Agency (CIA).

## City Tax Rate Raised 33 Cents

**\$13.60 Figure Is Made Official by Commission; Will Bring Surplus**

The expected 33-cent increase in the municipal tax rate was made official by the City Commission last night.

The 1961 property tax rate was set at \$13.60 for each \$1,000 of assessed valuation. The rate had been \$13.27 for the past three years.

The new July levy is expected to draw in about \$8,000 more than required by the 1961 budget.

City commissioners have indicated since January they would approve the 33-cent increase if the assessed valuation rose to \$200 million, a \$9-million increase, it did.

The new tax rate is still 10 cents less than the \$13.70 levied 1959 through 1960.

The 1961 budget, totaling \$5,571,800, calls for a tax levy of \$5,839,500.

The budget is \$39,651 higher than last year's and the tax levy \$215,563 higher. The higher tax rate was called for to raise the added tax funds.

White House, the Defense Department, the CIA and the State Department share "a collective responsibility."

Fulbright is known to have warned the administration against the invasion when he learned of the planned invasion.

# Cease Fire Ignored in Laos

## Man-in-Space Flight Is Now Set for Friday

Call Weather Outlook Favorable; Rocket Is in Top Condition

CAPE CANAVERAL, Fla. — (UPI) — Space officials said today that America's No. 1 astronaut will be launched into space Friday, weather permitting.

And the weather, they said, appears to be co-operating for once.

Walter Williams, operations director of the Mercury man-in-space program, told reporters that all is well with the Redstone rocket which will boost Astronaut Alan B. Shepard Jr. on his scheduled 15-minute ride.

The forecast about 48 hours before the new launch time was "Friday an excellent day for the launch with the weather and sea (wave) conditions. However, there is the probability of broken clouds at the general level of 20,000 feet. We will be watching the development of cloud cover very carefully."

Shepard was suited up, and the Redstone was poised for launching at 7 a.m. (Pontiac time) Tuesday. But bad weather intervened.

Today, Williams said, the weather is improving both here and in the recovery area 200 miles down the Atlantic missile range where Shepard and his sealed cabin will descend.

There had been reports of trouble with a Redstone fuel line Tuesday. But Williams denied that.

He said there had been some slight trouble with the fuel line and sea (wave) conditions. However, there is the probability of broken clouds at the general level of 20,000 feet. We will be watching the development of cloud cover very carefully."

Williams said a complete simulated flight of the Redstone was scheduled today with Shepard participating. This consists of putting the vehicle through all its pace except boost flight.

It includes a thorough checkout of its electronic, guidance, and trouble-sensing systems.

Williams did not rule out a weekend launching if something should occur to prevent a flight on Friday.

He said it equally takes as long to get back on schedule after a postponement.

But he said it is not true that the whole thing would have to be repeated after five days. The National Aeronautics and Space Administration (NASA) had said there might be repeated postponements up to five days.

After that, it was said, the seven-day recovery fleet would have to return to port for refueling. But Williams said that is not the case.

## Has Hopes for Con-Con

IRON MOUNTAIN, Mich. — Michigan Bell Telephone Co. group set up an emergency telephone line between the command post in the parking lot and an information center in the multipurpose room.

The Red Cross even provided (Continued on Page 2, Col. 1)

## Keeping Ready for Disaster

BATTLING "TORNADO" FIRE — City firemen creep close to the ground as they zero in on blazing debris in Hawthorne Park, extinguishing a simulated gas main explosion as part of today's tornado exercise for city Civil Defense crews.

## Mock Tornado Tests Civil Defense Crews

By PETE LOCHBILER

A "tornado" struck Hawthorne Park in Northwest Pontiac at 8:45 a.m. today, injuring a handful of school children, causing a gas main explosion and fire, tangling traffic with toppled trees.

First reports came in, as expected, promptly on the minute as the city began its most extensive Civil Defense exercise in years. Scores of Civil Defense personnel rushed to the "devastated" area, where a strikingly real series of practice tests were ready and waiting.

Police detoured Walton Boulevard traffic around the North Telegraph Road entrance to the park. The public was turned away from the park, just as it would be if the "tornado" had been real.

The Fire Department put out a blinding pile of debris in the park area, working closely with Consumers Power Co. personnel.

Oakland County Red Cross workers, under the direction of Ralph Foreman, first aid chairman, set up an emergency hospital in the multipurpose room of nearby Hawthorne School.

Selected members of the boys' safety patrol and girls' service squad were tags around the neck, indicating the various types of injury.

## REMOVE 'VICTIMS'

While members of the department of public works threw up barricades and began removal of toppled trees, a squad from the park's recreation department began the tricky business of removing volunteer victims from the roof of the park's comfort station.

The "victims" — city employees — had climbed to the roof to give the rescue crew practice in lowering stretchers.

A Michigan Bell Telephone Co. group set up an emergency telephone line between the command post in the parking lot and an information center in the multipurpose room.

The Red Cross even provided (Continued on Page 2, Col. 1)

## Purge Sweeping Russia in Guise of Farm Reform

LONDON (UPI) — Under the innocent guise of agricultural reforms a sweeping purge is taking place in Russia.

It already has claimed premiers, party chiefs and an untold number of other officials high and low.

Diplomatic dispatches reaching here today said the purge, which began quietly a few months ago and gained momentum in recent weeks, apparently is not yet completed.

The mastermind behind it is Premier Nikita S. Khrushchev.

By all appearances he is making sure his men are slipping into the vacancies and securing absolute party control over the politicians in the state machinery.

## Local Youth, 15, Knifed to Death

Alvin Scruggs, 16, Says Virgil McNeil Stabbed in Scuffle After Dance

A 15-year-old boy was stabbed to death on Pontiac's southside last night.

Death came almost instantly for Virgil McNeil Jr., of 388 Howard McNeill St., who was stabbed once in the heart during a scuffle with another youth.

McNeil is the second teenage boy to be stabbed to death by a fellow student in the city during the past three months.

Robert L. Draper, 16, is free on \$1,000 bond pending trial in the fatal stabbing of 15-year-old Jerry A. Chestnut, Feb. 25, in an outside home. Draper is facing a reduced charge of manslaughter.

The Scruggs boy has admitted fatally stabbing McNeil in a scuffle during a dance at the Elks Temple, 100 Franklin Road, where he was apprehended, according to Detective Sgt. John Williams, who is heading the investigation.

The stabbing occurred following a dance at the Elks Temple, 100 Franklin Road. The scuffle was outside the building before several witnesses, police said.

The witnesses, all teenage boys acquainted with both Scruggs and McNeil, said the boys were arguing when McNeil pulled Scruggs into the scuffle and they didn't know what they were arguing about, but that the pair had a fight at Jefferson Junior High School, where both were students, earlier in the day.

Andrew Sheppard, 18, of 46 Lull St., told officers he stopped Scruggs when he attempted to flee after the stabbing and turned him over to adult chapters at the Temple. They were holding the youth when police arrived.

Officers said Scruggs admitted the bloodstained 10-inch hunting knife he found in his coat pocket belonged to him and that he had used it in the scuffle.

Scruggs said McNeil had threatened to have members of his gang "get me" and he became scared and stabbed the youth, according to police.

Assistant Coroner Dr. Isaac Prevette said the knife blade penetrated the victim's heart, causing almost instant death. The boy was pronounced dead on arrival at Pontiac General Hospital.

## Be Full of Cheer for Thursday Will Climb to 61

Clear and cool is the prediction for the Pontiac area tonight. Temperatures will drop to 38.

Thursday will be warmer, the high climbing to 61, the weather man says. For the next five days temperatures will average about four degrees below the normal high of 61 and normal low of 41.

Precipitation will total two-tenths of an inch as scattered showers Saturday and Monday.

Forecasting dead calm, with a 10 to 20 miles per hour will be common variable at 10 to 15 m.p.h. tonight.

The lowest recording in downtown Pontiac preceding 8 a.m. was 40 degrees. The reading at 1 p.m. was 47.

Guidelines in selecting the honored product were that it must be something new, significant, unique, successful and important to the Michigan economy.

In making the award, the judges cited the Tempest's transmission which is located in the rear for equal weight distribution on all four wheels, the flexible drive shaft and an advanced four-cylinder engine.

It was noted that the Tempest is the first mass produced four-cylinder car to be built in America in nearly three decades.

## Believe Orders May Not Have Reached Rebels

Reds Attack Key Town on Road to Center of Viet Nam

VIETNAME, Laos (AP) — The pro-Communist Pathet Lao command ordered its troops to cease fire today but rebels attacked Pha Lane, a key town on the road to central Viet Nam at the thin waist of Laos.

Informants here said the assault in battalion size began this morning and was still going on near midday.

Pha Lane is about 60 miles east of the southern government stronghold of Savannakhet, on the west border. The highway east leads to an area of South Viet Nam just south of the border with North Viet Nam.

The attack followed a mortar barrage last night on Hien Hong, government front-line command center on the Nam Lix River about 50 miles north of Vientiane.

Despite the attacks, there was some belief that bad communications were to blame and did not destroy the chance for an overall ceasefire.

The U.S. 7th Fleet, its exact whereabouts unknown, remained in Southeast Asian waters on its announced mission of deterring Communist aggression.

There were reports that the greatest carrier force in the world, the USS Forrestal, was heading for the area.

The fleet has just concluded its part in the six-nation SEATO exercise, with 10 ships and 20,000 Navy personnel. It was the biggest military operation ever organized by the Southeast Asia Treaty Organization.

MORE OPTIMISTIC

In Bangkok, SEATO Secretary General Feroz Khan Noon told news men after a SEATO Council emergency session — its fifth in 10 days — he is more optimistic about prospects for a Laos cease fire.

W. Averell Harriman, President John F. Kennedy's ambassador, arrived in Phnom Penh (Continued on Page 2, Col. 5)

## Check on Truce Fast, U.S. Asks

Tells Commission That a Verification Is Vital; Restraints Optimism

From Our News Wire

WASHINGTON — State Department officials said today it is urgent that the three-nation International Control Commission proceed from India to Laos as quickly as possible to verify the reported cease fire.

Officials welcomed news reports that the rebel leaders have ordered their forces to hold fire.

But they cautioned against too much optimism until there has been some official investigation and verification.

Authorities here said they have no official confirmation that widely dispersed rebel forces had obeyed the cease-fire orders on all fronts.

Officials reported, following Tuesday's National Security Council session, that there was no change in Washington's attitude toward the Laotian crisis.

President Kennedy and his advisors are keeping in close touch with steps toward a cease fire in the Laotian situation.

The State Department reiterated that if a verified cease fire is achieved the United States will go forward with plans to participate in a 14-nation conference called to work out a permanent political settlement for the Southeast Asian kingdom.

President Kennedy and his advisors are keeping in close touch with steps toward a cease fire in the Laotian situation.

Tempest Wins Region 16 'Product of Year' Award

The revolutionary new compact automobile, the Tempest, manufactured by Pontiac Motor Division, has been selected as product of the year for Region 16 which includes Wayne, Oakland and Macomb counties.

Featuring a unique rear transmission, the Tempest will compete with top products selected by other regions across the state for the "State Product of the Year" award. The winning product will be announced as a feature of Michigan Week, May 21-27.

Mike G. Kendrick, regional products chairman, said the Tempest was chosen by a panel of judges after a review of outstanding products manufactured in the three county area.

Judges included Carl Sundberg of Sundberg-Fear Designers, Southfield; Oregthon Holden, president of the St. Clair and Country Club; and Dean Stephen Attwood, dean of the school of engineering of the University of Michigan.

Guidelines in selecting the honored product were that it must be something new, significant, unique, successful and important to the Michigan economy.

In making the award, the judges cited the Tempest's transmission which is located in the rear for equal weight distribution on all four wheels, the flexible drive shaft and an advanced four-cylinder engine.

It was noted that the Tempest is the first mass produced four-cylinder car to be built in America in nearly three decades.

# Swainson Objects to Legislature's Budget Bills

## Establish Holland Suspect in Slayings Headed North

HOLLAND (UPI)—Positive proof that a youth sought in connection with the slaying of two girls Saturday fled northward from Holland, Michigan, was uncovered Tuesday.

A determination, however, came more than 36 hours after James Scott, Stephens, 18, of rural Holland, admitted through Ernest C. and authorities feared the boy may have made his way into Wisconsin or Minnesota, or even Canada by this time.

LI Wallace Van Stratt of the state police crime laboratory at Flint Lansing said the handwriting on a note left at a motel in Lansing was definitely that of James Scott Stephens.

The girls the youth is accused of shooting to death—Carol Gee, 11 and Margaret Chambers, 12—were buried today in Pilgrim Home Cemetery following separate funerals.

Stephens' connection with the slayings in the Macatawa Hills south of Holland was also made more certain Tuesday with another announcement from Van Stratt.

A ballistics examination, he said, showed the slugs found in the girls had come from a rifle owned by the boy.

**FIND WEAPON**

The 22-caliber, semiautomatic weapon was found Monday hidden in the attic at Stephens' home.

The two girls were shot less than a half mile from their homes, which were only two blocks from Stephens' home. They had been buried under piles of leaves.

Reported slayings of the boy came in from many Northern and Upper Michigan points Tuesday, but officials did not put stock in all of them.

The last authoritative one came from Manistiquie, which is only about 115 miles from the Wisconsin border. "Troop Captain Gerner said 'A very reliable citizen reported tonight that he was certain a hitchhiker he brought into Manistiquie Monday' was the Stephens' boy."

## Wake Tornado Tests Civil Defense Units

(Continued From Page One)

Emergency food service, distribution of coffee and cocoa from a fleet trailer.

A crew from the water department raced time to repair a simulated leak in a big water main.

While city sanitarians were on hand to oversee the treatment of wounds and check water supplies.

## Parvin Lassiter Pilot Switches Motel Story

DETROIT (AP)—The man who flew the slain Parvin (Bill) Lassiter on his last business trip testified that he was asked to lie about where Gordon Watson spent the night during a stopover at Oklahoma City.

Under cross-examination, however, prosecution witness William Polgmann changed his testimony and said he told state police that Watson spent the night with him because he "assumed" Watson wanted him to do so.

Polgmann indicated without saying so specifically that Watson spent the night in a motel on the night of May 1, 1959, at 1940 Beverly Road, Beverly Hills.

## Chilly and Rainy Sums Up Weather From State East

By The Associated Press

Cool and showery weather persisted in sections of the Northeast and more rain fell in the far Northeast today but skies were generally clear in most other parts of the nation.

A shower belt extended from the Midwest, lower Michigan into New York State. Rain and snow damped Maine and New Hampshire, with snowfall amounts of two inches in Maine.

Showers continued along coastal sections of Washington and northeast Oregon. Thunderstorms were reported in areas from southeast Montana into western Nebraska.

## The Weather

Full U.S. Weather Bureau Report

PONTIAC AND VICINITY—Partly cloudy and warm today, high 56. Fair and cool tonight, low 38. Tomorrow fair and warmer. High 61. Northwest winds at 10 to 15 miles today becoming variable at 10 to 15 miles tonight.

NATIONAL WEATHER—Scattered showers and thunderstorms are expected tonight in the Middle Mississippi Valley and the eastern portion of the Central Plains while a few showers are forecast for the Northern Rockies. It will be warmer in the Middle Mississippi Valley, the Ohio Valley and the Great Lakes areas.

## Sees Staff Cut, No Construction Urges His Program of Long-Term Financing for State Needs

LANSING (UPI)—Budget bills now before the legislature would mean "pretty horrendous reductions of employees" in addition to cutbacks in General State Services, Gov. John B. Swainson said today.

"I feel obligated to emphasize the serious implications of the budget," Swainson said in a message to the legislature.

The State Senate was ready for final consideration of budget bills and House members were slated for preliminary debate on the budget this afternoon.

"The appropriation bills, as they stand, would mean a very minimum but a 5 per cent reduction in state employees," the governor said.

"And this takes into account only the raises due all employees, not any increases or savings leave costs which were not provided in the money bills."

Swainson said several "unquestionable needs" buildings for mental institutions at Northville, Ypsilanti, Plymouth and Ionia would go to the "scrap heap" unless some manner of financing could be worked out.

The State Senate was ready for final consideration of budget bills and House members were slated for preliminary debate on the budget this afternoon.

SWIMMERS BY THE OUNCE—Swimmers weighing hardly more than a good-sized letter will be on America's beaches this summer. Here model Vera Crosswell, who's wearing a 4-ounce all-synthetic suit designed by Rose Marie Redi, mails off a duplicate suit to her sister in the East—using an air mail envelope to carry it. Jan Cliray (left) and Gretchen Foster wear other models of the feather-light beach wear at a Los Angeles pool.

## JFK's Wage Bill May Squeeze By

WASHINGTON (AP)—Administration supporters predict a hairline victory in the House today for President Kennedy's minimum wage bill, Senate passage is considered certain.

The Senate votes first on the compromise legislation, House approval would end the measure to the White House.

The bill, a top priority item on Kennedy's 1961 legislative program, would raise the \$1 an hour minimum wage to \$1.25 by 1963 and bring 3.8 million more workers into the law.

The bill has aroused bitter controversy chiefly because of the extension of coverage. No new categories of employees have been brought under the law since President Franklin D. Roosevelt first got it passed in 1938. The minimum wage has been increased over the years from 25 cents to the present \$1.

Republicans opposing the measure in the House were prepared to argue that if that branch would reject the legislation and send it back to conference, they would go along with a \$1.25 wage floor. The original House bill called for a \$1.15 minimum and covered an additional 1.7 million workers. The Republican planned to try to stick to this limited coverage.

## Schoolteacher Eyes Con-Con

Seeks GOP Nomination From Oakland's First District

Claiming the constitutional convention must have educational representatives, Waterford schoolteacher James H. Borsche has filed in his hat for one of the 12 seats.

The 27-year-old Waterford Township resident announced today that he will seek the Republican nomination as delegate from Oakland County's 1st District.

The primary is July 25 and election Sept. 12. Oakland County will elect one delegate from each of its six state representative seats and one from its 12 District senatorial seats.

Since Borsche received his bachelor of arts degree in political science in 1955 from Wheaton College in Wheaton, Ill., he has been teaching school in the Waterford area.

He received his master's degree in secondary administration from Eastern Michigan University in 1960 and has completed 14 years work toward a degree in engineering.

The candidate makes his home at 2075 Highland St. He is married.

Borsche stated that he feels that educational representation to balance and broaden the scope of the delegates in handling the responsibilities of rewriting the 1908 state constitution.

"Far too much emphasis is being made in staffing the delegation with law, labor, and industrial management representation," he said. "I feel we should let our educators have some voice in any assignment that is so important to the future of Michigan, and I want to go on record right now in offering my educational experience and know-how in serving the people in this area."

## Laos Communists Ignore Cease Fire

(Continued From Page One)

For talks about Laos with Prince Norodom Sihanouk, Cambodian chief of state. He will leave Thursday for Bangkok, on a special mission.

Harmattan told reporters, "It is our hope that a basis can be established for a completely neutral government in Laos and a cease fire may soon come there."

Cease-fire talks were held Monday and Tuesday in the disputed area just north of the Nam Li River.

A de facto cease fire had been observed in that area since last Monday and government and rebel officers worked out a wider agreement for this key area.

The reported plan was to proceed on a step-by-step basis along the border.

Western military experts warned before hand that there might be incidents and fighting after any cease fire.

Some units might get their orders in time, they said. Gunfire might have been cut off by enemy lines. Some units may act independently or engage in bandit mauling, it was said.

## Joiler Turns Stabber, Then Turns Prisoner

COMPOBASSO, Italy (AP)—Jailkeeper Elio Padula hardly ever picked up anyone in this peaceful village but he asked for a raise in pay today.

The town council turned him down.

Police said Padula blamed town secretary Mario Calabrese for the rejection and stabbed him, wounding the official critically. Tuesday, Padula was locked up in one of his own jail cells.

## The Day in Birmingham Senior Citizens to Play Golf Free at Springdale

BIRMINGHAM—Resident senior citizens, 65 years of age and over, now will be permitted to play golf at the city's Springdale course free of charge.

Arrangements currently are being made to allow residents to use the municipal course during the early morning hours on weekdays, according to Charles W. Gale, superintendent of the Forestry and Parks Department.

Approval of the plan already has been obtained from the City Commission.

The suggestion of special golf privileges for retired persons was first presented by George E. Carter of 211 South St., a member of the Birmingham Senior Men's Club.

Carter, who explained that he was not a golfer himself, stated that he knew a number of retired Birmingham men who have golfing equipment and would like to resume the game but cannot afford the regular fees.

Gale said that regular members would be allowed to play during the early morning hours. If a member citizen wished to play during any other hours than the special time, it would be necessary for him to pay the regular fee.

Gale, in presenting the proposal to the commission, stated that the "Birmingham Course" if any retired person in Oakland County to use the facility at any time free of charge.

## 3,370 Inspect State Hospital

Officials Pleased With Open House Success; Many Students Attend

Pontiac State Hospital was host to more than 3,000 visitors this week, and hospital staffers are mighty pleased about it.

This year's total attendance was 368 more than the 3,002 who attended the 1960 open house.

Chairman of this year's open house was Dr. Rolf Ohsenat, a staff psychiatrist.

Sunday's open house set a record for attendance on one day. A total of 1,471 persons toured the hospital as compared to a Sunday crowd of 1,083 last year.

When the hospital's annual open house came to a close last Tuesday afternoon, 3,370 people had filed through the hospital in a three-day period, according to Dr. Walter H. Ohsenat, hospital superintendent.

Of the 78 visitors Monday and Tuesday, most were with the 45 high school groups from throughout the state that had scheduled tours.

Actually, the school groups are regular visitors throughout the year. The open house was held in observance of National Mental Health Week, which ends Saturday.

In addition to being in charge of the open house, Dr. Ohsenat was one of three major figures in Michigan mental health appearing in a 30-minute radio and television panel discussion last Sunday.

## Centennial Spectacle Rehearsals Tomorrow

Thursday, May 4, girls' gymnasium at Pontiac Central High School—7 p.m., principal dancers (experienced); 8:30 p.m., Gay Nineties scene.

## GOP Accuses Salinger of Truth Carelessness

WASHINGTON (AP)—The Republican National Committee Tuesday accused White House Secretary Pierre Salinger of being "100 per cent careless with the truth" in his denial of secret orders to "glorify" President Kennedy in government public works announcements.

The committee's publication "Battle Line" published the purported text of a confidential Interior Department memorandum to back its allegation.

Salinger was not available for comment.

Queen's Visit With Pope Should Be Advantageous

QUEEN ELIZABETH II's "cortisary call" on Pope JOHN XXIII at the Vatican Friday, May 4, has revived speculation that a new era of rapport between the Church of England and the Roman Catholic Church may be in prospect.

The relationship between the two churches was warmed considerably last December 2 when Dr. Geoffrey F. Fisher, 98th Archbishop of Canterbury and Primate of the Church of England, became the first head of the Anglican Church to call upon a Roman Catholic Pope.

Nevertheless, Dr. Fisher's historic visit with the Pope did arouse some criticism among Church of England communicants, and he was obliged to assure the doubting that there had been no so-called surrender to the Pope.

Rather, Dr. Fisher stated, the object of the visit was to prepare for infrequent, informal and formal exchanges of interest and understanding between the two Churches. Pope John later remarked that the Anglican had shown courage by asking to be received in the Vatican.

QUEEN ELIZABETH II is in a less exposed position than the Archbishop in making her call as one temporal sovereign on another. Although she is the head of the English Church and carries the title "Defender of the Faith," English monarchs in the past have made similar courtesy calls on the Pope within a reasonable time after his accession.

Reuniting all communities of Christendom appears to be an insuperable task. But many churchmen and statesmen alike can see advantage flowing from any contacts that will, in the words of one speaker, bring together "all those who believe in God more closely in their struggle against those who proclaim their disbelief in God."

Annual Kentucky Derby Is American Custom

"Tip toe through the Tulips" Kentucky Derby time is here. This is the one race for horse lovers that has the prestige like the world series in baseball.

Saturday will be the 87th running. It's not the oldest, richest, nor best American stakes race, but it's the one most owners must want to win.

Why? Simply tradition. Most racing fans, particularly the advocates of the Belmont, will tell you that the Derby is more a circus than a race. This year is no exception; right now it looks like 18 three-year-olds and maybe 20 would go to the post.

Already the owner of the early favorite, Carry Back has threatened to hold his horse out of the Churchill Downs classic if it turns out to be a cavalry charge with a lot of horses in there that don't belong.

This year's race will be as attractive as ever and you can bet it won't lack for starters or fans. It's an American custom.

U.S. Asks for Diplomat to Mongolian Republic

The United States has decided to seek diplomatic relations with the Mongolian People's Republic, otherwise known as Outer Mongolia.

This is not entirely due to any change in its government, but is a step toward gaining a listening post on the mainland of East

Asia near Red China. Most of our intelligence now filters through Hong Kong far to the south.

Once ruled by China, the republic was organized 37 years ago as a Russian satellite. Since then Outer Mongolia has paid strict attention to domestic affairs which include a huge hydroelectric development near the capital city of Ulan Bator. With the means of production now at hand, its leaders are awakening to trade opportunities beyond their Russian and Chinese neighbors.

Trade and diplomatic missions are being sent to non-Communist countries in Asia and commerce is expanding. Most important is the fact that several U.S. newsmen and scholars have been permitted to tour the country.

If the Mongols agree to an exchange of diplomats and a U.S. legation in Ulan Bator is established, our Government would be in a better position to evaluate the effects of Russian versus Chinese influence in that part of the world.

The Man About Town He Writes Letter

And Thanks Contestants for Confidence in Him

Life: When these who work hard and save will have enough to be forced to divide it with those who didn't.

Outstanding favorite in our baseball contest is Al Kaline, Detroit outfielder. He received 322 votes, far more than twice as many as any other player, among the 6,217 entries in the contest.

The appreciation of that heavy vote is expressed in the following letter from him: "Dear Joe: I would like to thank all of your fans for their confidence in me. I feel very happy that so many are pulling for me, and I will try my very best. Thank you, Al Kaline." The prize of \$250 in U.S. bonds goes to the person who named the player who will be leading the American League on the night of May 11, and estimated the closest to his batting average.

Bringing it quite down to date, the office of Secretary of State

James H. Byrnes refers to those drivers licenses have been revoked as being "grounded."

Personal note to Chairman of our Board of Supervisors,

Deles Hamlin,

and others in charge of the dedication of the new courthouse: the assessed valuation of Oakland County has jumped to over 30 times the figure of what it was when we dedicated the last one, on Nov. 2, 1960.

The 50th anniversary of the San Francisco earthquake is a grim reminder to Mrs. Ann Rowley

of Rochester, whose mother went through it, and was seriously injured.

A cactus brought from California in February, now in the home of Mrs. Grover Porter

of Drayton Plains, has suddenly burst into bloom.

Many reports on forsythia bushes in bloom are being received, including that of Mrs. Ellen Hammett

of Drayton Plains, who changes the traditional pattern to pink by irrigating the bush with grape juice.

A Boston fern started in 1942 by Mrs. Eleanor Ball

of Oronville, has reached an age that she feels might be a record.

Verbal Orchids to-

Mr. and Mrs. Floyd Boardman of 725 East Square Lake Road; 32nd wedding anniversary.

Fred Bick of Bradenton, Fla., formerly of Pontiac; 87th birthday.

Mr. and Mrs. Alanson Pearson of Rochester; 52nd wedding anniversary.

Mr. and Mrs. Hugh Myers of Gingsville; 64th wedding anniversary.

We've Got a Suggestion

David Lawrence Says: President Needs a Cabinet Council

WASHINGTON — Is there something wrong with the executive system in America? Or is there something wrong about electing to the presidency of the United States a man who had no executive training or intimate knowledge of the workings of the executive branch of the government? Or is there something wrong in having a transition period of several months between an outgoing and an incoming administration, thereby paralyzing executive planning for the immediate future and causing serious consequences like the ill-fated venture in Cuba?

Answers to these questions are more important today than just for the United States is to help in Laos or what position is to be taken in Cuba.

It does little good to blame this or that group of advisers—those who had experience in the last administration or the new set who have been brought in from academic circles.

With all their earnestness and sincerity, most of the newcomers lack experience in and firsthand knowledge of government operations at the top level.

What's fundamentally wrong is the executive system. Various members of Congress are spending a lot of time complaining that they should have been "briefed" on the administration's planning in Cuba.

But it is the true role of the Senate Foreign Relations Committee—admittedly a partisan group with some public-speaking members always vocal—which needs to be studied, so that it can play a proper but not a meddling part in the field of foreign policy.

There are some members of Congress who feel they should make the nation's policy in world affairs. Others feel they should only advise on foreign policy.

But, as a practical matter, an executive can be effective if he has to take into his confidence dozens of persons inside and outside of Congress who "leak" information regularly to favorite members of the press.

President Kennedy likes to listen to a variety of views and is to be commended for his patience and restraint. But no amount of conferring with a lot of college professors can give him the maturity and experience he needs to run the high office to which he has been elected. He will be a much better president a year hence, because of actual experience in the office, than he is today. He will learn that too many academicians at his side can bring confusion, instead of clarity, and that a diffusion of responsibility can only produce chaos and failure.

The founding fathers provided in the Constitution for heads of departments who would be non-

partisan. If this doesn't prove fairly effective, then next time use a solution of one part of the 37 per cent liquor form in seven parts water—or a fluid ounce in the half pint.

The same dilute solution may be used once a week to mop the skin of the palms and palmar surfaces of fingers and thumbs to correct excessive sweating of the hands. But you had better proceed with caution.

Perhaps it would be wise to try it on one hand only the first time, and wait a few days to see whether your skin can take it. Keep the skin once over, using a bit of cotton or cloth on a stick, and let it dry on.

The second drawback in the use of formaldehyde is — well, don't be embarrassed if an impudent clerk implies you are crazy. In recent years readers of this column have been getting that routine from some drugstores, not just about formaldehyde, but when they asked for such plain old household items as boric acid, iron-and-ammonium citrates (for making their own blood tonic) and potassium citrate (for whipping up a batch of cough medicine).

For control of moderate sweating of the feet most persons prefer to treat the insoles or insoles of the shoes say once a fortnight by pouring from one shoe to the next an ounce or two of one-to-eight solution of formaldehyde and letting the shoe dry in the open air or sun for 24 hours before wearing. Or treat the feet or socks in the same way.

One with sweaty feet should (1) go barefoot as much as possible, (2) avoid tight shoes, (3) avoid

Voice of the People:

'Heavens Forbid if Perry Mason Defended Eichmann'

Last night in my wigwam, I had a horrible thought. Suppose Perry Mason was hired to defend Eichmann. Perry has battled the prosecuting attorney in 3,056 cases and won 2,955 times. To Eichmann would be a cinch to go free and get on TV for seven years. In fact, the great (13 times) granddaughter of Pochontas suggested that Perry would probably end up having the Jews on trial for giving Eichmann a lot of trouble at times when he was killing them.

Think All Should See 'Operation Abolition'

I saw "Operation Abolition," and was utterly shocked at the conduct of so many fellow student Americans in California. Most of these students were not truly Communists and were very much ashamed of their actions after realizing that they were merely used as puppets of the Communist agitators.

We are living in a free nation, but who are these people who come here only to encourage communism, but take advantage of our free Constitution and actually demand the rights which were set up for the American people — people who wish to live democratically and not Communist? Our government should use some force on putting an end to such actions.

I hope this film is available to more Americans, so that they can see what we're up against.

100 Henry Clay

A letter in the Voice of the People by Mrs. Elizabeth Wideman concerning the movie "Operation Abolition," makes a person wonder what America is trying to hide. Swanson is trying to ban the showing but why should we as Americans ignore this Communist movement going on in the United States. I was shocked by the number of the crowd present at San Francisco. What if this were to happen in the state of Michigan, would we let it fall on our ears and blind eyes? I think we should be compelled to see this movie to counteract Communist propaganda.

14 Mechanic Street

'Help Correct Abuse to Migrant Workers'

We wish to urge all the people to write to their congressman in support of H.R. 6032. This would correct many of the abuses to the migrant worker and his family.

Mr. and Mrs. Arthur Sanchez Keego Harbor

Agrees With Letter About Con-Con

I am in complete agreement with Mr. Montague who stated in the Voice of the People that candidates should let the public know their thinking on related issues.

Although I have some very definite opinions, I add that any constitution must pass with the approval of the voters. The people should work out a constitution acceptable to a majority. Those who seek special interests gain would do well to stay home.

The people of Michigan are tired of the conflict which has stagnated our state.

Raymond J. King

1055 Dudley Ave.

Case Records of a Psychologist:

Paper Is Influential, Educational

By DR. GEORGE W. CRANE

CASE - 475: Frank Simpson is a magazine writer who recently visited my office for some data about this column.

"Dr. Crane," he began, "why do you decide to throw your lot with newspapers?"

"Specifically,"

what made you leave the college campus to be a columnist?"

For generations my family has been made up of teachers and clergymen.

My brother and I both studied to be college professors. He is still a campus professor, while I have become a professor of the nationwide campus of American newspapers.

Back in 1924, I was teaching psychology at George Washington University, Washington, D.C.

My classes were crowded, with as high as 150 students per course. I taught the psychology of advertising, salesmanship, personnel, child rearing, etc.

But I found then that the students, as well as the audience which I would address at PTA meetings, were full of doubts and uncertainty about many practical family and social problems.

Psychology then, as well as now, didn't have all the answers to such problems in life, but it did have many proved and tested solutions.

But over 80 per cent of our Americans never entered college, even for one semester, so if psychology was restricted just to university folks, it would miss

'Whole Cuban Mess Sounds Like Adlai'

The awful farce of this Cuban invasion shows Adlai Stevenson at his worst and it all sounds like his muddling, from beginning to finish. The worst of it is that President Kennedy will have to bear the disgrace and humiliation. Well, I voted for him, but I never voted to have him put pussy-foot Adlai in any job at all.

Women's League Offers Suggestions

The recent actions of our government in support of the invasion of Cuba by anti-Castro forces has dismayed us. As members of the Women's International League for Peace and Freedom, we are committed to work by non-violent means and we cannot condone the participation of our government in the internal affairs of another nation, as an act which is in violation of national morality and of our treaties.

We offer the following suggestions: (1) Ask the Congress of Argentina to mediate our differences. This effort could include reparations for expropriated property. (2) Ask some non-political organization such as the American Friends Service Committee, to send a commission to Cuba to investigate and report.

Local Banks Blamed for Loss of Shoppers

Although I am sure that something can be done to improve the plight of the downtown merchants, the good times that they have known will never be known again.

Many people like to point to the new shopping center of Argos as the real reason, but I feel that an even greater responsibility falls on the local banks.

They have completely decentralized the financial banking industry, and people no longer need come downtown to make their deposits or cash their checks, and do a little shopping while they are there. These people have disappeared from the downtown shopping scene.

Downtown merchants must moderate their stores, and create better parking and they must actually compete with their own business stores by offering real bargains in quality clothes and equipment. Make the public pay for the convenience of shopping near to home. Make downtown a happy center.

Advise the public to drive down Saginaw Street to count the empty store buildings.

# Report Is Filed by Committee

## Suggests Low Interest Rates, Public Works in Economic Review

WASHINGTON (AP)—Recommendations for lower interest rates, a federally aided public works program and studies of tax out possibilities came from the majority of a sharply divided Senate-House Joint Economic Committee.

Most of the Republican members dissented loudly in a report hitting what they called interest rate tampering as a permanent policy. They said "it would be courting inflation and a new gold crisis to plan new government spending programs."

Moreover, three Senate members of the committee, including Democrat William E. Proxmire of Wisconsin, filed individual statements registering varying degrees of disagreement.

The joint committee's book-length report, carrying dissents and appendices, is its annual review of the economic report of the President.

Partisan argument was virtually inevitable this year, since the committee had before it, in effect, two reports—former President Dwight D. Eisenhower's last one and the series of economic messages and recommendations sent to Congress by President Kennedy.

## C. of C. Publishes Unusual Statement

WASHINGTON (AP)—The U.S. Chamber of Commerce today officially declared full support for the antitrust laws, repudiated violations like the electrical price-rigging conspiracy, and added an unofficial postscript: Labor should be brought under the same restraint.

The unusual "statement on business ethics" was approved by the chamber's 62-member Board of Directors, at a closed meeting late Tuesday. It was scheduled for presentation at today's final business meeting of the 3,000 delegates attending the chamber's annual meeting here.

The postscript was added by retiring President Arthur H. Moley. He did it in a letter to Secretary of Commerce Luther H. Hodges, who had expressed hope the chamber would take leadership in formulating a code of ethics for industry.

Moley advised Hodges of the director's action, but added the warning that antitrust laws "should never be used as instrumentalities for extending forms of government regulation of business, or for the harassment of business."

## To Vote on Bond Issue

ALLENDALE (AP)—A special election May 23 will decide a proposed \$250,000 bond issue proposed to finance a 10-room elementary school addition at Allendale. The proposal includes a seven-mill tax levy.

## Wake up rarin' to go

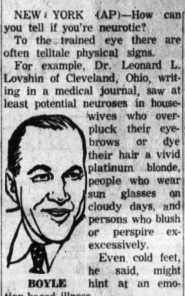

## without nagging backache

Now You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain, you want relief—fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Large economy size saves money. Get Doan's Pills today!

Doans

# No, No, I'm Not Neurotic . . . You Are

NEW YORK (AP)—How can you tell if you're neurotic? To the trained eye there are telltale physical signs. For example, Dr. Leonard L. Lovishin of Cleveland, Ohio, writing in a medical journal, saw at least potential neuroses in housewives who over-pluck their eyebrows or dye their hair a vivid platinum blonde, people who wear sun glasses on cloudy days, and persons who blush or perspire excessively.

Even cold feet, he said, might hint at an emotion-based illness. The list is fine as far as it goes—but it doesn't go far enough. When you get right down to it, any behavior—particularly if it is different from your own—may be a sign of hidden or even active neurosis. Aren't we all a bit daffy to a degree?

Anyone can make up a personal catalogue of people he's convinced are probably neurotic. Here's my list: The man who brags he never has bought anything on the installment plan and never will. All suburbanites, but particularly . . .

## Mayor Rowston Makes May 7-11 Goodwill Week

Joining the rest of the nation in observance of work done by the Goodwill Industries, Pontiac Mayor Philip E. Rowston has proclaimed May 7-11 Goodwill Week in Pontiac. Goodwill Industries is celebrating its 40th anniversary next week.

The organization has become the largest employer of physically handicapped persons in the Detroit metropolitan area and is a leader in vocational training and rehabilitation.

In the proclamation, Rowston noted that Goodwill Industries of Greater Detroit saves taxpayers more than \$1 million annually. There are local Goodwill Industries representatives in Pontiac and Troy, and a Goodwill retail outlet at 71 S. Saginaw St.

Desi Arnaz on the Mend

HOLLYWOOD (AP)—Television producer Desi Arnaz, 44, is on the mend after a 12-day bout with a severe virus infection. He was discharged from Cedars of Lebanon Hospital Tuesday.

those who insist they actually enjoy spending three hours commuting to and from work. WOMEN DRIVERS Women drivers who signal for a right turn, then curve sharply left. Mailmen who bite dogs. Also postmen who go for a long walk on holidays. Anybody who claims dieting can be fun. Waiters who always bring you lemon with your tea when you ask for cream. Parents who boast their teenage children never give them any trouble. Any husband who lets his wife dole him out lunch money every day. Any wife foolish enough to give her husband his full week's supply of lunch money on Monday. The bus driver who, when you give him a dollar bill, smilingly returns you a half dollar, a quarter, two dimes and a nickel in change. Normal bus drivers all.

Anybody who thinks taxes ought to be higher—or who really believes they will ever be lower. Movie stars who decline to discuss their divorces but are eager to give their views on how to gain world peace. Any couple married five years or more who say in public, "We've never had a quarrel." Any man or woman who hates to become a grandparent because of the fear of growing older. Any adult who, on the same evening watches two or more TV horse operas in a row. Anybody who jeers at a fat man or a fat woman. Anybody who thinks he's normal—and it's the people around him who are off their rocker. Anybody who writes a column for a living.

All these people may not be openly neurotic—but they're certainly open to suspicion.

Ann Sothern Dismayed at Lawsuit by Mother

LOS ANGELES (AP)—Actress Ann Sothern, contending she has been generous in providing for her mother, says she is deeply shocked at a lawsuit her mother filed against her.

Annette Yde Lahr, 76, is asking support of \$1,200 monthly. Her suit, filed Tuesday, estimated the actress is worth \$1 million with an income of \$240,000 a year.

Miss Sothern, 49, said in a prepared statement that she stopped paying medical bills to her mother April 12—because her mother violated doctor's orders and moved to the home of another daughter.

Colorado has 6,000 miles of trout streams, most of them open to the public.

Henry Kaiser Jr. Dies

OAKLAND, Calif. (AP)—Henry J. Kaiser Jr., 44, son of industrialist Henry J. Kaiser Sr., and vice president of Kaiser Industries, died Tuesday after a long illness. He was the second son of the noted construction magnate and took an active part in the management of many of the varied Kaiser enterprises. He was born in Everett, Wash.

### Dip Onion Rings in Batter, Then Fry

Crisp, golden-brown onion rings, fried in batter add interest to even the thriftiest main course. They're marvelous, too, with hamburgers and grilled cheese sandwiches.

Peel mild-flavored onions and cut crosswise 1/4-inch thick. Dip a few rings at a time into fritter batter and drop into hot, deep fat preheated 375 F. Fry until golden brown. Drain on absorbent paper.

To make fritter batter for about 6 servings of onions, sift together in a mixing bowl 1 cup sifted all purpose flour, 1 teaspoon baking powder, 1/2 teaspoon salt and 1/2 teaspoon ground black pepper. Combine 1 slightly beaten egg and 1/2 cup milk. Stir into flour mixture with 1 tablespoon melted shortening.

## What's Best Way to Cook Michigan Smelt?

"The smelt are running" is the cry of the people fortunate enough to live in the Great Lakes area. Professionals and amateurs — old and young — men and women — join in the sport of smelt dipping.

The smelt of the Great Lakes area leave the lakes and throng into the tributary streams to spawn as soon as the ice breaks up in the spring. Coming up the rivers in unbelievable numbers, their glittering bodies darken the water. Hundreds of people line the banks waiting to scoop them up. The dipping continues throughout the night, with bonfires and lanterns on the river banks gaily illuminating the scene.

Not the out-of-type — if so, do your dipping at your local market. You will find these tiny, delectable fish, about 10 to 12 to the

pound, either fresh or frozen, just waiting to be enjoyed by you and your family.

Either way you do your dipping, the home economists of the United States Department of the Interior's Bureau of Commercial Fisheries suggest the following kitchen-tested recipes to aid you in cooking your catch.

**Baked Smelt**  
3 pounds whole smelt, fresh or frozen  
1/2 cup chopped onion  
2 teaspoons salt  
Dash pepper  
3 strips bacon, cut in half

Thaw frozen fish. Dress fish by removing entrails. Wash and drain on absorbent paper. Cut 6 squares of heavy-duty aluminum foil, 12 inches each. Grease lightly. Divide fish into 6 portions.

Place each portion of fish on one half of each square of foil. Sprinkle each serving with onion, parsley, salt, and pepper. Place bacon on top. Fold other half of foil over fish and seal edges by making double folds in the foil.

Place packages of fish in a bed

of hot coals. Cook for 15 minutes, turning twice. To serve, cut a big crisscross in the top of each package and fold the foil back. Serves 6.

**Campfire Smelt**  
3 pounds whole smelt, fresh or frozen  
1/2 cup chopped onion  
2 teaspoons salt  
Dash pepper  
3 strips bacon, cut in half

Thaw frozen fish. Dress fish by removing entrails. Wash and drain on absorbent paper. Cut 6 squares of heavy-duty aluminum foil, 12 inches each. Grease lightly. Divide fish into 6 portions.

Place each portion of fish on one half of each square of foil. Sprinkle each serving with onion, parsley, salt, and pepper. Place bacon on top. Fold other half of foil over fish and seal edges by making double folds in the foil.

Place packages of fish in a bed

of hot coals. Cook for 15 minutes, turning twice. To serve, cut a big crisscross in the top of each package and fold the foil back. Serves 6.

**Fried Smelt**  
3 pounds whole smelt, fresh or frozen  
1/2 cup dry bread crumbs, crackers, crumbs, crutched or flour  
1/2 teaspoon salt  
Dash pepper  
1 cup dry bread crumbs, crackers, crumbs, crutched or flour

Thaw frozen fish. Dress fish by removing entrails. Wash and drain on absorbent paper. Combine egg, milk, and seasonings. Dip fish in egg mixture and roll in crumbs.

**Pan Fried**  
Place fish in a heavy frying pan which contains about 1/4 inch of fat, but not smoking. Fry at moderate heat. When fish is brown on one side, turn carefully and

brown the other side. Cooking time approximately 10 minutes, depending on thickness of fish. Drain on absorbent paper. Serves 6.

**Deep-fat Fried**  
Fry fish in a basket in deep fat, 375 degrees F., for 3 to 5 minutes or until brown.

NOTE: A commercial-breading may be used. Follow the directions on the package.

**Hamburger Shish-Kabob**  
Want to do something different with hamburger? Then try serving it shish kabob-fashion. Combine 1 pound ground chuck, 1 table-spoon onion soup mix, 1/2 teaspoon salt and 1/4 teaspoon pepper and shape into little balls. Spear them with skewers alternately with wedges of tomato and cook until properly done. Makes 4 servings.

Farmers own about 12 per cent of all the passenger automobiles in the U.S.

### The Greeks Had Word for It — Scrumptious!

Ever get a hankering for marvelous moist, rich fresh coconut cake... the kind that takes hours to bake? The coconut was opened, the milk drained; then the pure white meat inside was broken out and pared. Then came shredding and snipping; and toasting, if desired.

But then homemakers persisted in requesting this incomparable cake flavor in an easier form, so it might be enjoyed more than once a year. And now their request is answered with a new, exclusive toasted coconut cake mix, retaining the homemade fresh coconut flavor and that moistness that really needs no frosting.

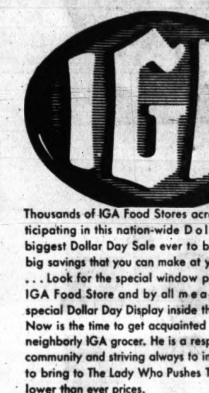

Looking for a quick but eye-catching dessert to take to the

PTA? The new, compliment-catching, toasted coconut cake is perfect just topped with broiled honey and toasted coconut—and it carries well in an oblong pan.

Here's the recipe for this honey of a variation, somewhat like the Greek Ravini (or syrup) Cake.

**Broiled Honey Coconut Squares**  
Make Toasted Coconut cake mix as directed on package in oblong pan, 12 x 8 1/2 x 2". As soon as cake is removed from oven, drizzle 1/4 cup honey over top, sprinkle with 1 cup coconut and slip under broiler for a few minutes to toast coconut. Serve warm squares topped with a dab of whipped cream, if desired.

**Cabbage Has Vitamin C**  
Serve your family raw cabbage salad often. A half cup of shredded raw cabbage provides about one-third of the daily requirement of vitamin C.

**TWO-FRUIT COBBLER** — Cobblers are desserts that have fruit hidden under a browned crust. Combine two of spring's tastiest fruits and come up with Pineapple Rhubarb Cobbler.

## Spring Fruits Delicious Baked in Cobbler

Fruit Cobblers make fine desserts. Easy, nutritious and not overly rich, they are appropriate for all members of the family from the youngest to the adult concerned about calories.

Golden pineapple and crisp, rosy red rhubarb are new teammates in today's recipe for fruit cobbler offering special flavor and color distinction.

The rhubarb, pineapple, spiced with a dash of lemon and sugar added are placed in the casserole or baking dish and topped with a batter made with biscuit mix that's easy to stir together.

**Pineapple Rhubarb Cobbler** is nice to serve when the menu is light or when dessert appetites are heavy. Serve it hot from the oven with plain or whipped cream, topped with a dash of nutmeg.

**Pineapple Rhubarb Cobbler**  
1 No. 2 can pineapple chunks  
1 cup sugar  
2 tablespoons cornstarch  
1 lb. washed rhubarb, cut in 1-inch pieces  
1 teaspoon lemon juice  
1 tablespoon butter or margarine  
Drain pineapple, reserving syrup. Measure syrup and add water if necessary to make 1 cup liquid. Combine sugar and cornstarch in large saucepan, stir in pineapple syrup. Cook and stir over medium heat until mixture thickens and boils. Add pineapple chunks, rhubarb, lemon juice and butter; remove from heat.

1 1/2 cups packaged biscuit mix  
1/2 cup sugar  
1/2 teaspoon salt oil  
1/2 cup milk

Combine biscuit mix, 2 tablespoons sugar, oil and milk; stir until just blended. Heat fruit mixture to boiling; pour into 12"x8"x2" baking dish. Spoon batter in 1/2 inch mounds over top of fruit; sprinkle remaining sugar over biscuits. Bake in hot oven (450 degrees) 25 minutes. Serve warm with cream. Yield: 6 portions.

## Heat Curry in Pea Soup

If you have a flair for flavor, you'll enjoy pea soup with a touch of curry. In a saucepan, stir a package of pea soup mix into 3 cups of cold water and 1/4 teaspoon curry powder. Heat to boiling, stirring occasionally. Cover and simmer 3 minutes. Blend in 1/2 cup light cream, heat, but do not boil.

**No Cheap Artificial Flavorings Give The True, Rich Flavor Of Burnett's Pure Vanilla**

Burnett's is made from the finest, pure vanilla beans with no artificial or imitation ingredients added. Burnett's is real vanilla! Nothing can compare with it for true flavoring of cakes, frostings and desserts. Also Available in Pure Almond, Lemon, Orange, Brandy and Rum Extracts.

**America's First PURE VANILLA**

## Tomato Herb Sauce Will Better Eggs

A versatile sauce that's fine with fish as well as with eggs.

**Spanish Omelet**  
1 can (8 ounces) sliced mushrooms  
1 tablespoon cornstarch  
1/2 cup each finely chopped onion, celery and green pepper  
1 can (8 ounces) tomato sauce  
Omelet

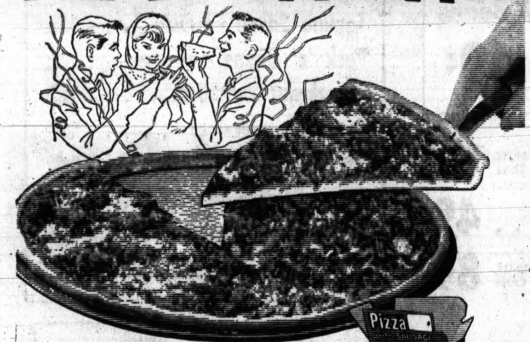

Drain mushrooms; stir mushroom liquid (about 1/2 cup) with cornstarch until smooth; reserve. In hot salad in saucepan over moderate heat, cook onion, celery and green pepper about 5 minutes. Add tomato sauce and drained mushrooms. Add pickles (to taste) or preferred seasonings or use sugar, ground allspice and basil.

When sauce is very hot add cornstarch mixture; stir constantly until thickened and boiling. Serve over omelet made with 6 eggs, stir-third cup milk and salt and pepper to taste. Makes 4 servings.

## Crisp and Tangy

Next time you have company, serve Stuffed Celery with this intriguing filling. Soften 1 package (3-oz.) cream cheese, add 1 package onion soup mix and 1/2 pint commercial sour cream. Mix until well-blended. Spread on clean, crisp celery stalks. Chill before serving.

# New! PIZZA WITH SAUSAGE

**Zippy, Italian-style Sausage Meat** in true pizza sauce. A great new pizza treat loaded with sausage. It's peppier. Richer. Every delicious bite has that exciting sausage-pizza flavor.

It's faster! Ready for the oven in 15 minutes. Complete, in one box. Nothing else to buy. Everything's right there...including lots of grated cheese.

Good. Good! Crust's crunchiness outside. Tender inside... underneath all that tempting, tangy pizza sauce with Italian style sausage.

You'll be the most-est pizza-party hostess when you serve this new treat from Chef Boy-Ar-Dee. And what a buy! Enjoy it for only pennies a serving. Both Pizzas are super. The regular Chef Boy-Ar-Dee Pizza—America's most popular—and the new Pizza with Sausage—each includes cheese. Try both.

COMPLETE IN ONE PACKAGE

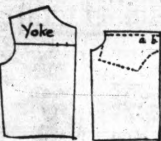

**CHEF BOY-AR-DEE PIZZA WITH SAUSAGE**

## SEW SIMPLE

By Eunice Farmer

"Dear Eunice,  
"How many inches should a dress slide fastener extend below the waistline? I am short and a 14" dress fastener, which the pattern calls for, is usually too long. Please help me solve this?"  
Mrs. A.B.  
This question was answered a few weeks ago, but because of the many requests for this information, I am repeating the answer.  
Buy your dress fastener according to your height, not according to the pattern instructions.  
The fastener should never extend more than 7" below the waistline of your dress.  
**BUTTONHOLE PROBLEM**  
"Dear Eunice,  
"I am making a suit which has only one buttonhole and this is placed in the yoke seam. I have tried making a bound buttonhole by your instructions, but it seems to be much too thick and bulky. What am I doing wrong?"  
Mrs. W.A.H.

You will find many jackets and coats with buttonholes appearing in the seam this year. A regular bound buttonhole such as I have taught you to make, is not used in this instance.  
When stitching the yoke to the jacket front, as illustrated, stitch from the front edge to the center front, or (b), and secure your stitching. Begin your machine stitching again at (a), securing stitch, and continue to end of yoke at armhole. The distance between (a) and (b) is the width of your buttonhole. When your yoke seam is pressed open, your buttonhole will appear. It is not necessary to top stitch in any way. When you slip-stitch the facing to the buttonhole, it will hold the buttonhole in place.  
"Dear Eunice,  
"What causes a puff of material to form between buttonholes when my suit is closed?"  
Mrs. H.B.

This can be caused by one of two things. First, baste around each buttonhole, through all thicknesses of garment, before cutting through the facing. This will prevent turning under too much of the facing which could cause an excess of fabric on the right side between buttonholes.  
**TRY BUTTON WITH SHANK**  
Secondly, you must sew your button on with a shank instead of sewing it too tightly to your garment.  
\* \* \*

### YOUR SEWING GLOSSARY:

**SHANK:** The space between the button and the garment which is necessary to make the buttoned garment lay smooth. If there is no metal shank on the button, you must hold the button a short distance away from the garment while sewing it on.  
\* \* \*

If you have a sewing problem or a suggestion to share with other readers, please write to Sew Simple in care of your newspaper.  
\* \* \*

If you are having trouble with bound buttonholes, send a self-addressed stamped envelope with your request for my free "Bound Buttonhole" leaflet. Address your request to Eunice Farmer, in care of The Pontiac Press.

## Golf League Opens Season

The Wright-Fourmier Amvets Auxiliary Golf League opened the season at Morley's Golf Course, Union Lake.  
Officers for 1961 are Mrs. Robert Brown, chairman; Mrs. Margaret Spalding, secretary; Helen Maki, treasurer; Mrs. Albert Emsley, Helen Clark and Betty Hanson, prizes.  
Banquet chairmen are Mrs. Jack Mariner, Mrs. Paul Edits, Mrs. Howard Holstman and Hilda Hicks, Mrs. Orval Russell, Mrs. William Marshall and Mrs. Edwin Good, will be rules chairmen.

## To Present Films at Annual Dinner

The executive board of the New Citizens' League of Pontiac has completed arrangements for the annual Citizenship Dinner Thursday at Pontiac Central High School. The affair will begin at 6:30 in the cafeteria.  
\* \* \*  
Slides and moving pictures of the class trip of 1960 will be shown at the dinner.  
Board members met Saturday at the Dill Drive home of Mr. and Mrs. George Durr to plan the annual citizenship observance.

Toys, games and a doll sale will be some of the attractions that promise to delight youngsters attending LeBaron School's annual spring festival Friday. Mrs. Robert Girdley of East Mansfield Avenue has three eager helpers as she arranges the display. From left are Thomas Perry, 6, Mansfield Avenue; William Reynolds, 5, First Avenue; and Susan Catton, 7, Mansfield Avenue.

## Future Bride Reveals Names of Attendants

Sharon Lee Gail opened gifts of linen Friday evening at the Me-nominee Road home of Mrs. George Mize and announced attendants for her marriage to James Galbraith, in First Presbyterian Church.  
\* \* \*

Marcelle Galbraith will be maid of honor at the June 10 ceremony. Gail Blumy of Pontiac and Vera Baer of South Haven, the honoree's roommate at Eastern Michigan University, will be bridesmaids.

Places were marked for Mrs. Charles W. Gale of Lott Lake and Mrs. Stuart E. Galbraith of West Ironquills Road, mothers of the engaged couple, and the bride-elect's grandmothers, Mrs. Alfred Gale and Mrs. Chel Nelson.  
\* \* \*

Other guests were Mrs. Percy Walton, Mrs. Guy Nelson, Mrs. John Heitich, Mrs. Walter Smock, Mrs. Felix Winkowski and daughter Gail; Miss Baer and Miss Galbraith.

Sharing hostess honors were Mrs. Charles Crowley and Mrs. Gerald Hubbard.

## Dinner Dance Set

The Wagon Wheelers Square Dance Club will conclude its season with a dinner dance Thursday at Waterford Community Center. Dinner will be served at 6 p.m. with dancing from 8 to 11.  
Mel Sheriff, club caller, will present old-time favorites in square and round dancing. Hosts will be Mr. and Mrs. Harry Langdon and Mr. and Mrs. Robert Whitmore.

## LeBaron PTA to Stage Festival Friday Evening

LeBaron School's Parent-Teacher Association will stage its annual spring festival from 6 to 9 p.m. Friday.  
Cochairmen Mrs. M. W. Farnsworth and Mrs. Everett Fletcher have announced three new projects for this year's fair. They are a doll and needlework booth, under chairmanship of Mrs. Andrew Alexander; a cherry tree, chairman, Mrs. Robert Girdley; and movies, shown by Mrs. Lorraine Cronkright.

Mrs. Theodore Reynolds is publicity chairman, and Mrs. Fred Giddings is in charge of protection.  
Committee chairmen included Mrs. Albert Barnett, fish pond; Mrs. Fred Bailey, white elephant; Mrs. Harlan Matthews, baked goods; Mrs. John Campbell, plants and planters; Mrs. Leland Cutler, outdoor ride; Mrs. Harrison Miller, cotton candy and popcorn; and Mrs. Robert Adair, pop.

Other chairmen are Mrs. Charles York, barbecue and hot dogs; Mrs. Charles Verwey, pie, ice cream and coffee; Mrs. Kenneth Burr, fun house; Mrs. Charles Yates, rummage; Mrs. Noble Adkins, game room; Mrs. John Wethy, toys and comics; and Mrs. Fred Giddings, door prize.  
Clean Hair Helps  
(NEA) — If your crowning glory is thinning provide some camouflage by shampooing your hair every other day. Clean hair is fluffy and gives the illusion of a more luxurious growth.

## Here's What to Wear This Summer

## Embroidered Cotton Batiste

On your way in a cool, charming crop jacket over a high necked Sheath. The Season's most popular eyelet Cotton becomes a winner in your wardrobe, because it does so many things splendidly. The true beauty of the batiste is visible after it has been washed. In white and navy, sizes 12½ to 22½.

MIRACLE MILE

## Has Annual Luncheon

Robunda Inn was the setting for Psi Chapter of Sigma Beta National Sorority's annual mother-child luncheon.

Following the invocation by Mrs. Carmen Tosto, members and guests were welcomed by Mrs. William Winters.

Mrs. Jerry D. McKay was

toastmistress for the Saturday affair.

A poem "To Honor Our Mothers" was recited by Mrs. Robert Koch with the response from her daughter Sandra.

Debra Splitter of a local dance studio entertained with several ballet numbers.

Mrs. John Sprague arranged decorations for the luncheon, which was concluded with the sorority's prayer, led by Mrs. James De-Florida.

## Michigan Rules Compact Roost

Small Cars Increase State's Share of U.S. Automobile Production

Compact cars are snagging a larger share of the nation's auto production for Michigan, according to Ward's Automotive Reports, weekly industry publication.

With the introduction of the Tempest, according to Ward's, Pontiac Motor Division is now building 50 per cent of its cars in Michigan as against 40 per cent in previous years.

Ford and Oldsmobile companies are making the same pattern, and percentages apply for Pontiac's two sister divisions of General Motors.

Introduction of the compact Corvair saw Chevrolet's share of U.S. production devoted to Michigan jump to about 22 per cent in 1959 from approximately 12 per cent in each of the two previous years.

For the model year through March, the state's auto plants are contributing 32.4 per cent of U.S. passenger car output — highest share since 34.7 per cent in the 1957 model year, and above the 30.9 per cent for 1960, Ward's reported.

The state's share of production had dropped steadily from 34.7 per cent here in three days.

**JORDAN KING TO WED** — King Hussein of Jordan, an Arab monarch without a male heir, poses with his fiancée, the 20-year-old daughter of a British army colonel on the king's staff, at Amman, the Jordan capital. She has become a Moslem and taken the name of Mona el Busein. The 25-year-old king has a daughter by his first wife.

AP Photo

cent in 1957 to 29.9 in 1958 and 28.3 in 1959.

### San Salvador Shakes

SAN SALVADOR, El Salvador — A heavy earthquake Tuesday shook this capital and toppled a small wall in a cathedral under construction. The quake was the had dropped steadily from 34.7 per cent here in three days.

### Gas Firm to Borrow

LANSING (AP) — Michigan Consolidated Gas Co. has been given State Public Service Commission permission to issue \$30 million in first mortgage bonds. The money will be used to retire existing borrowings and to finance a building program for the remainder of the year.

## Explorer Post Hears Talk on Architecture

Twenty members of MSEA Explorer Post No. 1035 Monday evening heard William G. Frankfield of William G. Frankfield Associates, 2425 St. Joseph, West Bloomfield Township, discuss "A Career in Architecture—Its Requirements and Rewards."

Frankfield's talk was the second in a series of scheduled "visits" by representatives of the various professions.

Last month the teen-age group learned about career opportunities in advertising from Robert S. Marker, vice president and director of creative services for MacManus, John & Adams, Inc., of Bloomfield Hills.

Explorer Post No. 1035 is sponsored by MacManus, John &

Adams. It is unique in that it is the only post to be sponsored by an advertising agency.

## Michigan and Wisconsin to Join in New Bridge

IRONWOOD (AP) — Officials of the Michigan and Wisconsin highway departments will participate in ground-breaking ceremonies Friday to mark the start of construction of a \$181,000 bridge to link the two states at Ironwood and Hurley, Wis.

The two states will share the cost of the new span, which will replace the existing bridge.

## Drill Firm Low Bidder

LANSING (AP) — The Sharding Drilling Co. of Brighton was low bidder at \$11,224 on a contract for drilling water wells in 11 areas under construction on four major freeways, the State Highway Department announced.

## RCA to Serve Green Cheese to Shareholders

NEW YORK (AP) — With tongue in cheek, the Radio Corporation of America promised its stockholders today to serve them a bit of green cheese right off the moon at some future annual meeting.

Discussing RCA's present space plans, President John L. Burns told shareholders:

"While RCA has no inside track to the moon it does have on the drawing board . . . electronic equipment that one day should find extensive use on the moon's surface."

"When that happy day arrives, we shall celebrate by supplementing your box lunch at these annual meetings with a slice of green cheese."

# Diamond Lights Okayed by City

Hope for Installation at Jaycee Park by June 17; Extra Fund Needed

City commissioners last night approved spending \$33,000 to install lights for night baseball at Jaycee Park.

The move will result in Pontiac's first lighted baseball diamond. David R. Ewalt, director of parks and recreation, said he hoped the city's electrical department would have the lights installed in time for the first night baseball game to be played during the Centennial observance, June 17-24.

Funds for the lights were included in the 1961 budget. Plans call for 240 floodlights, in groups of 30, mounted on 10 field poles 30-feet in height.

As a companion project, a citizens committee of baseball enthusiasts has been formed to raise around \$2,000 to provide outfield fencing, bleachers, dugouts, a lighted score board and a press box.

Chairman of the drive are Anthony F. Sisk, investigator for the Oakland County Prosecutor, and Howard Dell, a Pontiac pharmacist.

The Pontiac Press became the first contributor to the drive, donating \$500 as half the cost of the press box.

# Milan Stable Has Two Winners at Hazel Park

DETROIT (AP) — Driver Bob Williams brought home two winners for the Katona Stable of Milan last night at Hazel Park harness raceway.

Williams drove Poplar Sonny to a 2:03.3 victory to take the featured Capital pace and return \$5.50. Then got Count Trot home in 2:13.3 in the fifth race for a \$10.20 payoff.

The daily double of Chief's Valentine and Wonder Mite returned \$257.40.

# Gen. John H. Schouten Dies in Grand Rapids

GRAND RAPIDS (AP) — Former Michigan National Guard Brig. Gen. John H. Schouten died Tuesday at Blodgett Hospital. He was 81.

Schouten, a former member of the Michigan Public Service Commission, served from 1889 to 1926 in the National Guard, rising from private to brigadier general.

A native of Detroit in Ottawa County, he attended Holland and Grand Rapids schools.

# Commission Tips Cap to Fisher in Centennial Salute

The City Commission wrapped up its Centennial year salute to the automotive industry by adopting a resolution in honor of Fisher Body Division.

Congratulations went to Thomas Whelan, Pontiac plant manager, and the division's Pontiac employees for their record of producing "the finest automobile bodies."

The commission has already made similar tributes to Pontiac Motor Division and GMC Truck & Coach Division.

# Appropriations Slash Is Denied

State House Speaker Says Spending Is Up From Last Year

LANSING (AP) — There actually has been no cut in legislative appropriations bills, says a Republican spokesman.

House Speaker Don R. Pears, R-Buchanan, made the point in his weekly newsletter.

"Total appropriations are up more than \$45 million from the budget written by the legislature a year ago," Pears said.

Any comparison, Pears said, should be made with last year's budget and not with the budget recommendations made by Gov. Gwathmey.

Pears termed it "improper" to use the needs of education or any other service to promote a particular tax plan and said this was the intent of the Democratic administration.

The House speaker indicated Republicans would be receptive to a proposal to continue the so-called insurance tax.

"Avenues to secure more money into the general fund are open through retention of the tax on telephones, cigarettes and other temporary levies if the governor really wants to propose a specific program," he said. "If he does propose a specific program, I am sure House Republicans will give it very careful consideration."

# State Gains \$44 Million

LANSING (AP) — Income into the State Treasury during the past week totaled \$44 million, Treasurer Sanford A. Brown reported. Expenditures were \$55.7 million and the treasury had a balance in all funds of \$119.3 million at the end of the week, Brown said.

# File First Renewal Condemnation Suit

The first condemnation suit of the urban renewal program was to be filed today in the wake of contracts for the new pay-as-you-go Civic Center fire hall.

About to file the suit in Oakland County Circuit Court for condemnation of a lot on the fire hall site, City Attorney William A. Ewart said he hoped to have the case heard during the June jury term.

City commissioners authorized condemnation proceedings after a brief debate last night, then accepted construction contracts totaling \$339,864 for the new main fire hall.

The contracts were in amounts of \$221,781 with Chmura Construction Co. of Birmingham for general construction; \$13,600 with Zent & Maguire Co. of Detroit for plumbing and heating installations; and \$25,483 with Fred W. Moore Electric Co. of Pontiac for electrical work.

Construction is expected to get under way immediately despite the fact that one lot of the five lots in the East Pike Street site, across from the Public Safety Building, still has to be acquired.

The land is needed principally for access to a side garage.

To be named as defendants in the suit are Earl W. Monroes of Pontiac and his brother LaMar of Edinboro, owners of the lot and old frame home at 18 Union St. on the east side of the site.

Ewart said the owners had rejected the city's top offer under urban renewal of \$5,100 for the lot.

Four other lots owned on Pike Street were purchased for the location in 1958. The site is in the urban renewal project.

Negotiations for the remaining lot have been under way since December, said Robert A. Siemer, assistant city manager and urban renewal coordinator.

Commissioner Milton R. Henry criticized the administration for

"waiting until the last minute" to acquire the lot.

Commissioner Robert A. Landry repeated his conviction that the purchase price offered in urban renewal are too low.

After the debate, William observed wryly that the fire station is "getting off to a hot start." The manager contended that the city tied up in the last minute to avoid condemnation by negotiating the price of the lot and maintained that the commission was aware the

land was needed to wrap up the site.

Landry argued that urban renewal is being used "as a gimmick" to get the lot.

William answered that the fire hall site was included in urban renewal to help offset the city's financial share in the project. He repeated that it would be a breach of contract for the city to pay more for land than the maximum price established by the federal that the commission was aware the

# Thousands Take Part in South Africa Raid

JOHANNESBURG, South Africa (AP) — Thousands of armed police and plain clothesmen swept through South African cities and Negro townships Tuesday night, raiding the homes of whites and nonwhites.

Purpose of the raid, one of the biggest in South Africa's history, apparently was to forestall nationwide strikes and protest demonstrations threatened by the non-white majority to coincide with proclamation of the new republic of South Africa May 31.

It was not known how many arrests were made, but the whole country swarmed with police. It was believed that one object was to determine the source of leaflets that have appeared calling on non-whites to stage three-day strikes at the end of May.

African as well as white police took part in the raids.

Police officials were reluctant to give information on the action with bricks and stones today in the second consecutive day of demonstrations in support of their striking teachers.

Among homes of whites raided were officials of the multiracial liberal party, which advocates an end to strict racial segregation and the granting of voting rights to nonwhites. Also raided were the homes of leaders of Indian organizations.

# Ghana in Race for Seat

UNITED NATIONS, N. Y. (AP) — Ghana Tuesday announced its candidacy for a seat on the 11-nation U. N. Security Council. Ghana Ambassador Alex Quaison-Sackey wrote other chief delegates that his country has the British Commonwealth's support to succeed Ceylon on the council for a two-year term starting next Jan. 1.

# Iranian Students Riot

TEHERAN, Iran (UPI) — University students attacked police with bricks and stones today in the second consecutive day of demonstrations in support of their striking teachers.

# Sees U.N. Votes Mounting Against U.S. in Future

UNITED NATIONS, N. Y. (AP) — The United States will suffer "more and more adverse votes" in the United Nations from now on, Adlai E. Stevenson predicted Tuesday night.

The U.S. chief delegate said that with nearly half the world organization's 99 members from Africa and Asia "the West will no longer dominate."

"These are perilous times as we pass on to the period in which the centers of gravity in the world are no longer in the West; they are moving East," Stevenson told a New York dinner of the conference group of U. N. National Organizations of the United Nations.

Loss of the pro-Western voting majority may encourage neo-isolationism among U.S. citizens, Stevenson warned. He called on Americans to resist any such tendency.

# Queen Visits Cemetery

ROME (UPI) — Queen Elizabeth II today visited a quiet little cemetery almost in the heart of Rome which contains the bodies of 426 British and commonwealth soldiers who died during World War II on Italian soil.

## Soybean Market Loses Early-Hour Demand

CHICAGO (U) — An improved demand stiffened the soybean market today in initial transactions on the board of trade, but it attracted a flurry of selling and bid prices were lost within a few minutes.

Brokers said the buying apparently was related to higher prices for soybean oil and soybean meal and included only short covering. Some old crop months gained about two cents before meeting resistance.

Although trade was somewhat more active in grains, it was not as active as in the past. The result that prices showed only minor fractional changes generally.

## Grain Prices

|        |       |              |       |           |
