Government Discloses Details of First H-Blast

Boston Lawyer Named Counsel for Senate Quiz

WASHINGTON (AP)—The Senate Investigations subcommittee today appointed Samuel P. Sears, a Boston lawyer, as special counsel for its investigation of the charges Sen. McCarthy (R-Wis) and high Army officials have aimed at one another.

Sen. Mundt (R-SD), who will preside at the public televised hearings, told a news conference he believed the unanimous selection had broken a log jam and would permit start of the inquiry within 10 days.

Mundt said Sears will start work Monday "and I hope the hearings will start the following week."

Mundt said the selection was made by "another unanimous vote, all six members of the committee voting 'aye' " at a closed door session.

Just a few moments earlier, Sen. Kefauver (D-Tenn) had made an unsuccessful move to get the Senate Armed Services Committee to take over the investigation of the whole McCarthy-Army row.

Failing Rapidly

GEN. H. S. VANDENBERG

WASHINGTON (UP)—Gen. Hoyt S. Vandenberg, former air force chief of staff, "has taken a turn for the worse and is failing rapidly," the air force announced today.

Vandenberg is 55. He retired last June. He underwent a major abdominal operation May 7, 1952, and then on Oct. 3, 1953, re-entered Walter Reed Army Hospital

Sales Tax Cut Signed by Ike, in Effect Today

Slashes Expected to Be Business Stimulant but Refund Problems Arise

WASHINGTON (AP)—A billion-dollar federal sales tax cut went into effect today, with indications it may be a huge headache to the public, businessmen and government.

It is a headache that will be borne happily.

Businessmen have long said excise tax rates were holding back sales. The public has groused at paying a 20 per cent tax on luggage, jewelry, furs, cameras, electric lights and theater admissions.

President Eisenhower, although his administration opposed the tax cuts, said yesterday he was signing the bill wholeheartedly, regarding it as a business stimulant.

The new rates, on hundreds of items, are effective on sales made today or hereafter. The administration calculates it will lose 999 million dollars revenue by the reductions, in a full year. That means 999 million dollars not spent on taxes that can be spent otherwise by business and consumers.

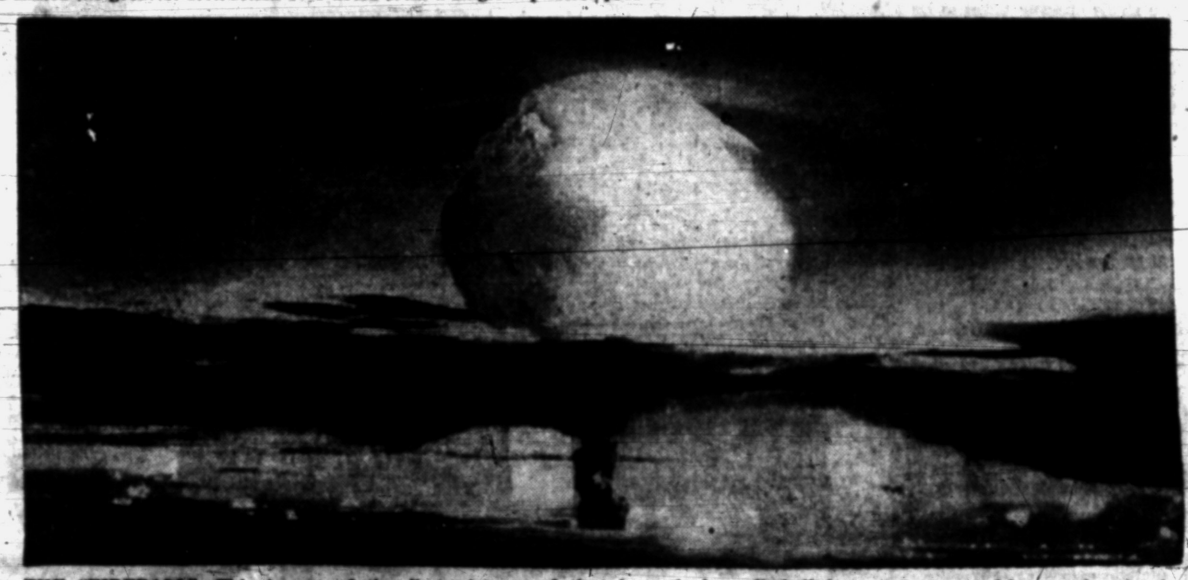

Another government action, taken by Secretary of Agriculture Ben-

Official Pictures Show Tremendous Force of H-Blast

H-BOMB EXPLOSION—Shown above is another of the first pictures released showing the H-bomb explosion in the Marshall Islands. It caused the greatest destruction ever noted from a single explosive device. The test island (Elugelab) of the atoll completely disappeared. NEA Telephoto

THE "FIREBALL"—This is one of the first pictures of the hydrogen bomb exploded at the Marshall Islands in the fall of 1952. The picture, released by the Federal Civil Defense Administration, shows the huge fireball, largest ever created by a nuclear bomb. It was taken at a height of 12,000 feet and about 50 miles from the detonation site. (Other pictures on page 55.)

Atoll Destroyed by Early Bomb Test in Pacific

Fireball Reported Big Enough to Engulf Most of New York City

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON (AP)—The government disclosed today details of the world's first hydrogen explosion—a searing and crushing fury that wiped out an island in the twinkling of an eye and spawned a gigantic fireball big enough to engulf the heart of New York City.

The official motion picture film of the thermonuclear test in November 1952, conducted by the Atomic Energy Commission and Defense Department at Eniwetok Atoll, was made public—in somewhat censored form—by the Federal Civil Defense Administration.

That agency said it "firmly believes it is necessary for the American public to know the facts about the destructiveness of nuclear weapons." And it quoted from the speech of President Eisenhower before the United Nations Assembly last December which said, "Clearly, if the peoples of the world are to conduct an intelligent search for peace, they must be armed with the significant facts of today's existence."

Awesome as it was, the 1952 test has been described by Eisenhower as only a first step in this nation's hydrogen weapons program.

There have been two announced thermonuclear blasts in the Pacific proving ground since then, and both have been semiofficially described as much more powerful. One was set off March 1, the other last Friday.

Here are some of the things the motion picture of the 1952 test and the official narration accompanying it disclosed:

1. **The test device was exploded in a "cab," a small workshop jammed with recording and detonating gadgets, on the islet of Egulab, at the northern rim of Eniwetok Atoll.**

2. The island, about a half mile long and a quarter mile wide and protruding from the barrier reef of the atoll, vanished. In the place where it stood there was a crater 175 feet deep, a mile in diameter.

3. Created was the largest fireball of the more than 40 atomic explosions set off until that time—3¼ miles in diameter. The heat at the core of that churning, brilliant manmade star presumably shot to a momentary temperature like the body of the sun.

The picture included an imposition of the fireball on a drawn outline of Manhattan's skyline. It overwhelmed about one-quarter of Manhattan.

The official estimate was that the area of "complete annihila-

Municipal Court, April 5

CHARTER AMENDMENT NO. 1 BALLOT

I hereby authenticate this ballot for the General Municipal Election of April 5, 1954.

Aldor R. Evans
City Clerk.

PLACE A CROSS (X) In the Square Before the Words "For the Amendment," or "Against the Amendment."

INSTRUCTION BALLOT

This Charter Amendment is designated Amendment No. 1.

Shall Section 13 of Chapter IX of City Charter of City of Pontiac be amended to read as follows:

Section 13. On and after January 1, 1955, the total amount of taxes which may be levied against property for city purposes in any one year shall not exceed $10.00 on each $1,000 of the assessed valuation of said property; provided, that an additional tax of $1.00 on each $1,000 of assessed valuation may be levied to pay principal and interest on bonds for constructing and equipping a hospital and acquiring a site therefor and an additional tax of $1.50 on each $1,000 of assessed valuation may be levied for capital improvements or to pay principal and interest on bonds therefor. The provisions of this section shall not prevent the levy and collection of the full amount of taxes required by statute for the payment of debts.

☐ FOR THE AMENDMENT

☐ AGAINST THE AMENDMENT

HOSPITAL BOND BALLOT

I hereby authenticate this ballot for the General Municipal Election of April 5, 1954.

Aldor R. Evans
City Clerk.

PLACE A CROSS (X) IN THE SQUARE BEFORE THE WORDS "YES" OR "NO".

INSTRUCTION BALLOT

"Shall Ordinance No. 1238 of the ordinances of the City of Pontiac, Michigan, entitled: 'An Ordinance to provide for the borrowing by the City of Pontiac, Michigan, of the sum of $3,000,000 and for the issuance of the full faith and credit bonds of said city therefor, to defray the cost of constructing and equipping a new city hospital and acquiring a site therefor' be adopted and the full faith and credit bonds of the city in the principal sum of $3,000,000 be issued as therein provided?"

☐ YES

☐ NO

BALLOT PROPOSALS—Above are copies of ballots for the April 5 city election. One provides funds for expanding Pontiac General Hospital and the other would raise the city's tax limit—without increasing taxes—so more money could be used to improve city services and facilities. Eleven of the 14 city commission candidates endorse the proposals. A "Yes" vote on both proposals also is urged by union officials and community leaders. (For editorial comment, turn to page 6. Additional election stories appear on page 17.)

House Approves Water Surveys

Toned-Down Measure 'Tremendous Victory' for Oakland County

The Michigan House of Representatives Wednesday passed a toned-down version of a bill originally aimed at paying half the cost of a water supply survey in Oakland and other Southeastern Michigan counties.

The bill cleared the House by a vote of 89-2 and went to the Senate.

The House granted $25,000 for water surveys but changed the bill so that any community in the state with 100 or more people per square mile can ask for a share of the money.

Rep. William S. Broomfield (R-Royal Oak) said that Michigan Water Resources Commission Director Milton P. Adams has told him that Oakland County will get the first chance at the money. Local communities, however, would have to put up half the cost of the survey, up to $25,000, to get any state funds.

The bill would grant the Water Resources Commission the money and the power to spend it.

Broomfield called Wednesday's House action a "tremendous victory for Oakland County" but said the bill may face a rougher time in the Senate. The Royal Oak Republican introduced the original bill some time ago.

Vision H-Bomb Hit at Saginaw-Huron

A hydrogen bomb can produce complete annihilation within a three mile radius, heavy damage within seven miles and light damage for 10 miles, the Atomic Energy Commission says in reporting on the blast in the Marshall Islands.

If such a blast was centered on Oakland County Court House, the three mile radius would extend to Auburn Heights on the east, beyond Cass Lake road on the west, to the north city limits and to Hickory Grove road on the south.

The seven mile area would reach almost to Rochester, to Pontiac Lake, to Waldon road to the north and through Bloomfield Hills and into Birmingham in the south. The ten mile radius would mean a circle 20 miles wide. The county is 30 miles across.

Butter, Movies, Fares Cheaper

Cuts in Taxes, Supports Bring Bargains to Pontiac

Federal cuts in sales taxes and in price supports teamed today to give Pontiac shoppers bargain prices on items ranging from butter to theater tickets.

Butter was being sold here as low as 55 cents a pound with an average price of 59 cents.

Moviegoers are getting a break in Pontiac, with sizable ticket reductions in the three downtown theaters.

Pontiac merchants are passing along more price savings than those in Detroit.

The lowest butter level here is 4 cents below Detroit prices and theater tickets in the Motor City have remained the same.

Evening tickets at the Strand and Oakland Theaters have been cut from 80 cents to 75 and matinee prices from 50 cents to 45 cents. CinemaScope tickets were reduced from $1 to 90 cents and matinee prices tumbled from 74 to 65 cents.

Proportionate decreases were worked out for the Eagle Theater. Children's tickets have remained the same.

Telephone service, telegram costs and bus and train fares are lower, too.

A Pontiac person with a one party line who doesn't make any

April Is Designated Cancer Control Month

Mayor Arthur J. Law, cooperating with the local and national American Cancer Society, is asking Pontiac residents to observe April as Cancer Control Month.

He recommends that they follow the advice of the society and learn the seven danger signals of cancer and also have a physical examination once a year, so that, should the disease strike them, they could seek treatment in time to save their lives.

See story on page 17.

Hospital Expansion, City Works Await Voters' Approval at Polls Next Monday

City Manager Walter K. Willman, in an effort to acquaint all citizens with the city's proposal for expansion of General Hospital and its plans for continuing public works, has been addressing numerous clubs and civic groups in recent weeks.

In order that information on these important civic issues, which must be decided by voters at the April 5 election, be available to all, the Press publishes a summary of the manager's talk:

For several years, the city has followed a policy of allocating approximately $2.00 per thousand of assessed valuation towards a fund which would eventually retire the city's general obligation debt.

The allocation of $60,000 in 1955 will complete this fund, eliminating the necessity for allocating any more money for that purpose.

This allocation has been included in the city's tax rate of $13.80 per thousand, and in the natural course of events, without further need for the specific purpose, the tax rate would be reduced $2 per thousand in 1955, less the necessary millage to raise the $60,000 still outstanding.

The City Commission has studied the advisability of asking the voters of Pontiac to increase the legal ceiling for taxes to permit the use of the same sum of money that has been going to debt retirement for public improvements. It was decided to present a charter amendment to the voters to permit this transfer of use.

Hence the problem becomes this:

Do you as a voter in Pontiac desire to accelerate this public works program by permitting the use of approximately $2 per thousand of assessed valuation, which has been going to debt retirement, for public improvements; or,

Do you want your taxes reduced $2 per thousand with a subsequent delay in securing many necessary improvements.

The answer can only be secured from the voters. The proposed charter amendment to be voted upon April 5 allocates $1 per thousand for hospital expansion, and it should be explained here that while the $1 per thousand covers the necessary financing of the bond issue and insures its payment by pledging the faith and credit of Pontiac, the city only intends to levy 50 cents a thousand for this purpose, the balance of the financing to be furnished from hospital income.

W. K. WILLMAN

The total of the hospital bond issue has been placed at $3,000,000 and should provide an equipped hospital addition of approximately 150 beds.

The second phase of the treatment of this problem involves the allocation of $1.50 per thousand towards an accelerated capital improvement program designed to hit at the needs for a:

Public Safety Building
Main Library
City Garage
Civic Auditorium
New Fire Stations
Four Grade Separations
An expanded sewage system
An expanded airport
Water supply
Paving
Completion of the City Hall

The City Commission has indicated that should the voters approve this charter amendment, the tax rate shall remain at $13.80 per thousand of assessed value.

It is the sincere belief of the city administration that this can be accomplished and they have dedicated themselves to that end.

The advantages of the accelerated program of public improvements should be manifest to everyone.

The city has a $3,000,000 investment in the present hospital and it is terribly overcrowded. The expansion would relieve that situation and service to the people of the community would be improved without question.

The acceleration of the balance of the public improvement program is greatly desirable. Many of the public structures indicated are necessary at this time and the projected projects throughout, are solidly conceived and planned. Usually a projected improvement program involves an increase in the tax rate.

This plan does not involve an increase in the tax rate, and with the exception of the hospital construction, these projects can very probably be constructed without bond financing.

Criticisms that have been offered of this program are worthy of consideration. It has been said that:

The hospital is of sufficient size now to care for patients living within the city and the responsibility for patients living outside the city should not rest with Pontiac.

In answer to this, it can only be stated that the hospital was accepted by the City Commission of Pontiac as a public institution and the deed provides that it should be operated as such. Employers within the city likewise have an interest in the hospitalization and medical care furnished their employes, whether these employes reside inside or outside the city.

The city is a merchandising core of a considerable area outside its boundaries and it is difficult to conceive of a hospital operation closed and restricted as suggested.

Criticisms have been offered that the program is not limited either

Springdale Park Is Ready to Open as Soon as Snow Melts, Ground Dries Up

From Our Birmingham Bureau

BIRMINGHAM — Despite a late blast of winter weather, city-owned Springdale Park may still open before its usual mid-April date, Supt. Robert Fauteck reported today.

"We were all set before this snow, and as soon as it dries up play and picnicking will start," he said. In addition to the nine-hole golf course and picnic area, the self-supporting park contains a tennis court.

By action of the City Commission, the park has been restricted in use this year to Birmingham residents and taxpayers for the first time. This was done to relieve crowded conditions and make the park more attractive to residents.

Admission to the golf course is by membership only, and a $3 membership permits three rounds of golf. Greens fees are 75 cents weekdays and $1.25 on Sundays.

* * *

Birmingham voters should not and need not be in the dark about city elections. That's how the League of Women Voters feels when before each election it prepares and distributes pamphlets with pertinent election information.

Candidates bulletins for next Monday's election were made available today and members will continue to hand them out at local banks and groceries through Saturday.

The Altar Society of Holy Name Catholic Church will hold a rummage sale tomorrow at the former Kresge store on N. Woodward.

The Junior League Musicale will meet with Joan Gassaway at 7:30 tonight at her home on Wooddale Court. Presenting the program are Bettye Baker, Nan DeBuigne, Donna Knappertz, Carolyn Shattuck, Nancy Kanell, Marion Dombrowsky and Jerry Mills.

"God's Great Goodness Made Manifest" will be the subject of tonight's 7:30 mid-week Lenten meeting at the First Methodist Church. Dr. Arnold Runkel will conduct the service, with Dr. Harry O. Martin giving the sermon.

City commissioners this week denied a request that three parcels of land north of the present Kroger store at Maple and Hunter be re-zoned from single-family residence to parking district.

The land would be used for parking for buildings planned for nearby property. Owner Carl Barton then offered to the city a 34-foot strip of land along Maple for the future widening of that street.

Mrs. Bradlee Pruden of the Oakland County Red Cross, will speak on "The Church Woman's Part in Civil Defense" at a 10 a. m. meeting of the United Church Women of Birmingham, tomorrow at First Baptist Church.

April Fool's Day or no, Birmingham Business Women's Club will hold its April dinner-meeting at 6:30 tonight at the Community House with a business meeting to follow.

Representing Birmingham High School at the state Hi-Y Conference today through Sunday in Dearborn are James Reeder and Carson Janes.

The Rev. Robert S. Graham will speak on "The Church at Work" at a meeting at 8 tonight of the Westminster Guild of the First Presbyterian Church. Hostess will be Mrs. E. F. Schad of Bloomfield court.

Fowler, Reese Hear Nothing About Shift

BIRMINGHAM—Neither present Postmaster Bernard E. Fowler nor the man indicated as his successor, Ronald W. Reese, have received any further information as to their respective dismissal or appointment, they said today.

Rep. George A. Dondero (R-Royal Oak) announced from Washington last week that Reese would succeed Fowler. He added that Fowler's dismissal appeal to the Civil Service Commission in Washington was denied.

Postmaster since 1948, Fowler was told last October he was being ousted due to "unsatisfactory conditions" revealed in an inspection of the local office.

Fair, Not-So-Cold Weather to Continue

April Fool's Day will continue fair and not so cold through tonight, registering a low of 24 to 27 which is expected to rise to a high of 42 to 46 on Friday.

The U. S. Weather Bureau predicts increasing cloudiness for the Pontiac area tomorrow coupled with the comparatively mild temperatures.

Wednesday, the temperature ranged from a low of 20 to a high of 36 degrees in the area.

At 8 a.m. today the mercury registered 25, but by 2 p.m. in downtown Pontiac the reading was 38 degrees.

The Weather

PONTIAC AND VICINITY—Fair and not quite so cold tonight. Low 24 to 27. Increasing cloudiness and mild Friday. High 42 to 46. West to southwest winds 10 to 12 miles an hour increasing to 13 to 18 Friday.

Tax, Support Cuts Result in Bargains

(Continued From Page One)

toll calls will be billed just $4.40 a month, instead of $4.60.

A three-minute station-to-station call to most of Detroit will cost him 28 cents instead of 31; to St Louis, $1.32 instead of $1.50. The government, formerly levied a 25 per cent tax on toll calls over 25 cents.

A 15-word telegram to Chicago will cost the sender just $1.05 now, instead of $1.09. He'll save 6 cents on a 15-word message to New York City, paying $1.21 instead of $1.27.

Train and bus travelers will find extra pennies in their pockets.

Grand Trunk Railroad says commuter tickets, sold several at a time, have always been tax-free. But a single one-way ticket to Detroit now will cost just $1.02 instead of $1.07.

Train passengers going from here to Chicago will pay just $10.57, a half-dollar less than the former $11.05. California fare will be $71.56 instead of $74.81—a $3.25 savings.

Greyhound Lines rates are down, too. People riding the express bus to Detroit will pay 94 cents instead of 98; and on the local bus, 66 cents instead of 69.

Fare to Birmingham, Ala., will be $17.99 instead of $18.80; to Miami, Fla., just $31.74 instead of $33.18.

Sport fans also will benefit from the 10 per cent cut in admission taxes. Detroit Tigers and Red Wings announced that they will pass along the savings to their fans, although the hockey ticket prices won't be affected until next season.

Detroit Lion officials have not yet decided on their plans. Prices for athletic events at University of Michigan and Michigan State College are expected to stay the same. The full 20 per cent tax on horse racing track admissions remains.

All tax on high school tickets was removed a year ago.

On the so-called "luxuries"—jewelry, cosmetics, furs and such — the customer will pay only half as much as the 20 per cent tax he's been paying.

That means that the bottle of hand lotion that cost you $1.20 yesterday will cost you $1.10 now. A fur coat that would have cost you $600 will only be $550. Jewelry — whether it's a $1 costume piece or a $70 watch — will show the same drop in cost to the customer.

When it comes to household appliances — refrigerators, stoves, electric toasters and such — the exact amounts of tax reduction are a little harder to figure.

This is because the only federal tax on these products has been a 10 per cent tax paid by the manufacturer and passed along in his price list. From now on, the manufacturer will only pay a five per cent tax. Most manufacturers plan to pass this savings along to the public.

H. Wayne Gabert, president of Pontiac Retail Merchants Association, said that "as soon as we find out what the savings are on these appliances we'll pass them along to the public — and I'm sure I speak for all local dealers. We're trying to keep prices down."

Dozens of other items face price cuts due to the federal sales tax reduction.

The bill, signed by President Eisenhower yesterday, brings a total savings of a billion dollars a year. The law went into effect today.

Report Four Youths Confess Breakin

BLOOMFIELD TOWNSHIP—Four youths, one a juvenile, admitted to Police Chief Clark Green yesterday breaking into a home at 1152 W. Long Lake Rd. last Thursday night.

James C. Owens, 18, David J. LeMaster, 17, and Carl C. Boudro, 18, all of Royal Oak, waived examination before Willis D. Lefurgy, Waterford Township justice on a charge of breaking and entering in the nighttime.

The three will appear in Oakland County Circuit Court Monday. The 16-year-old involved will also appear in circuit court if juvenile court waives jurisdiction. Bond of $1,000 a piece was not furnished.

Excise Tax Slashes Bring Problems

(Continued From Page One)

son and reducing the level of price supports for dairy products, also will mean consumer savings starting today. Butter prices are expected to go down an average of about 10 cents; cheese prices somewhat less. Some stores said they would offer butter at 59 cents, but a 65-70 cent average was foreseen.

The excise tax changes brought a whole host of questions.

What about goods taxed at retail and bought on the installment plan, with payments still running? Does the consumer get something knocked off, the price now that the tax is lower?

What about transportation tickets bought under the old rates, still not fully used?

What about tickets to the theater or sports events, bought before the rate reduction for an event that hasn't yet occurred?

Throughout yesterday "what about" telegrams and telephone messages streamed into the revenue service. It seemed everyone had a special problem, possibly calling for a tax refund.

The entire technical staff of revenue service headquarters buckled down to work before the growing mass of inquiries, to interpret the new law. Late yesterday they came up with these guidelines:

* * *

1. The tax is at the retail level on luggage, jewelry, furs and cosmetics and has been passed directly to the buyer. The tax went down from 20 to 10 per cent and should be fully reflected. On installment purchases, it depends chiefly on the sales contract as to whether the buyer gets a refund.

* * *

2. Levied on the manufacturer is the 10 per cent rate (down from 20) on cameras and film and electric bulbs, the 5 per cent rate (down from 10) on refrigerators, stoves, freezers and other gas and electric appliances, and the 10 per cent rate (down from 15) on sporting goods, mechanical pens and pencils and lighters. Manufacturers may get refunds if they supply evidence that rebates have been given to sellers. Consumers would get refunds to the extent merchants cut prices after getting refunds. Most appliance makers have said the tax cuts will be fully reflected in lower prices.

* * *

3. On admissions, the rates changed generally from 1 cent tax for each 5 cents of ticket price to 1 cent for each 10 cents. This includes season tickets, and the new rate applies to all events scheduled today or after. The ticket seller can get a refund upon proof he has made a refund to the purchaser.

4. The tax on passenger fares on trains, planes and busses dropped from 15 to 10 per cent. Generally, the cut is effective for transportation beginning today or hereafter. Thus, no refund would be called for on the unused half of a round-trip ticket. But for a cruise starting tomorrow, a refund would be allowed, if made before travel started.

Pontiac Deaths

Calvin Adams

Funeral for Calvin Adams, 68, of 1077 Durant Ave. will be Friday at 2:30 p.m. from the Voorhees-Siple Funeral Home. Dr. Tom Malone of Emmanuel Baptist Church will officiate and burial will be in Perry Mount Park Cemetery.

The body was taken to the residence this afternoon and will be returned to the funeral home Friday at 10 a.m. Mr. Adams died Monday at St. Joseph Mercy Hospital.

Robert M. Flowers

Robert M. Flowers, 75, of 215 Ferry Ave., died suddenly at his residence at 5 p.m. Wednesday.

Born in Linden, Tenn., Feb. 12, 1879, he was the son of William and Catherine McCall Flowers. He came to Pontiac 11 years ago from Dudley, Mo. and was a retired employe of the Wilson Foundry Division.

Surviving are two daughters and two sons, Mrs. Charles J. Wilson, of Philadelphia, Pa., Mrs. Donnie Jeffries, of Sikeston, Mo.; Jasper L. Flowers and Fred M. Ramsey, both of Pontiac.

The body will be taken from the Voorhees-Siple Funeral Home this afternoon to the Welsh Funeral Home at Sikeston, Mo. for a funeral on Saturday at 2:30 p.m. with burial there.

Mrs. L. J. Gilchrist

Funeral for Mrs. L. J. (Abbie Johnson) Gilchrist, 65, of 2380 Marwood St. will be held Friday at 2 p.m. from the Huntoon Funeral Home. The Rev. Walter Teeuwissen Jr. of the Drayton Plains United Presbyterian Church will officiate with burial in the Drayton Cemetery.

Mrs. Gilchrist died Tuesday in St. Joseph Mercy Hospital.

Modern whaling methods permit the extraction of 250 barrels of oil from a 90-foot whale.

Hospital and Public Works Await Approval of Voters

(Continued From Page One)

in time or dollars. In answer to this, it can be only stated, that the best legal advice obtainable on municipal law indicates that a time or dollar restriction is never adequate when written into a charter amendment. The adoption of the ceiling of $12.50 per thousand of assessed value by the voters is simply permissive legislation to the City Commission to levy, and not to exceed that rate, within their discretion.

A time limitation would prevent the issuance of bonds for public improvements should it become necessary in order to achieve a costly program of construction that might involve matching money with another level of government.

It should be pointed out that no bonds can be issued under the proposed charter without the favorable vote of 60 per cent of the registered property owners voting in a public election.

It has been said that the voters will have no choice in the projected list of projects as to what they may feel necessary or unnecessary.

This choice in the order of priority must naturally be left with the policy forming officials of the city, namely, the City Commission, and confidence must be placed in their judgment, in carrying out this program.

Estimates of the cost of the program for the next 10 years indicated a possible total of around $8,000,000. The average home in Pontiac is assessed at $2,700 and the total tax cost for municipal purposes at the rate of $13.80, equals $37.26 per year. Should this proposal fail, the tax rate would become $11.80, and the tax bill for municipal purposes to the average home owner would be $31.86, or a savings of $5.40 per year; or 1½ cents per day to the owner of the average home in Pontiac.

Industry carries 53 per cent of our assessed value and would pay 53 per cent of the cost.

Commercial and business properties would bear 12 per cent.

Home owners would bear 35 per cent.

Military Burial Set for Keego Officer

ORCHARD LAKE—Military funeral service for Lt. (j.g.) Edward Albert Hawks, 23, will be held at 2:30 p. m. Saturday by U. S. Naval Service Station of Grosse Isle at Orchard Lake Community Church. Burial will be in Woodlawn Cemetery.

He was killed Monday in a jet plane crash near Kingsville, Texas. Funeral arrangements are by C. J. Godhardt Funeral Home, Keego Harbor, where the body will lie in state from 7 p.m. Friday until noon Saturday.

A graduate of Roosevelt High School, Keego Harbor, and Michigan State College, Mr. Hawkes is survived by his mother, Mrs. Mary Lee Hawkes of 4781 Old Orchard Trail.

POWs Back in Army

TAIPEH, Formosa (AP)—Authorities announced today that 12,000 of the 14,000 former prisoners of war repatriated from Korea in January will join Nationalist China's army this month.

WINNIE FOR H-BOMB — Prime Minister Winston Churchill is shown outside No. 10 Downing Street in London as he leaves for the House of Commons. The Prime Minister told the Commons members that American hydrogen bomb tests in the Pacific are an "essential part" of U. S. defense policy without which "Europe would be in mortal peril."

Texas Women Collect Pitchers

Mother, Daughter Have 414 of All Ages, Sizes and Shapes

BEAUMONT, Tex. (UP) — Mrs. Myrtle C. Pryor and her daughter, Mrs. Claude Pryor Smith, have one of the nation's most unusual collections.

The two collect pitchers of all shapes, sizes and vintage, and now have a total of 414.

The collection was begun by Mrs. Pryor in 1939 when she was presented a large boudoir pitcher of white porcelain.

Mrs. Pryor's prize item is a Rockingham pitcher, a gift, which she believes was made in about 1820. Rockingham ware first was made on the estate of the Marquis of Rockingham in Swinton, England. It consists mainly of a brown glaze of varying shades and also is called brown china.

A heavy stoneware jug with a brown top and handle is another of her treasures, also a gift. It was found in the well of an Alabama plantation and is of pre-Civil War origin.

Another favorite is called "end of day." This is an antique opaque glass pitcher with a fluted top. The bottom is the color of a rosy sunset, which merges into a lighter color and finally becomes a bluish white near the top.

The pitchers stand side by side on four tiers of shelves which line the walls of Mrs. Pryor's dining room. Many are from foreign countries—Germany, Japan, England, France and Italy.

Mrs. Pryor also collects rocks, early American pressed glass and plates. But she said, "my pitchers are my real love."

Wexford County Woos Jet Air Base

CADILLAC (UP) — The Wexford County board of supervisors sent two representatives to Washington late Wednesday with a resolution inviting the Air Force to inspect possible jet air base sites in the county.

The resolution was adopted at a special meeting Wednesday. It pledged complete assistance to aid the Air Force in securing a site in the county for a proposed 13 million dollar base planned as a defense for the northeast industrial area.

First Woman Doctor From U. of M. Dies

GRAND HAVEN (UP) — The first woman doctor to be graduated from the University of Michigan medical school died at a convalescent home in Spring Lake Wednesday after a long illness.

She was Dr. Louisa Augusta Rosenthal Thompson, 95. Dr. Thompson, a native of Ft. Wayne, Ind., was graduated from the university medical school in 1884.

She practiced medicine in Grand Rapids, Traverse City and New York City. Her husband died a number of years ago and also was a doctor.

School Employes to Attend Meetings

Farmington School will be host on Friday to all the school lunchroom cooks of Oakland county.

A special school of instruction called "Can Opening Exercises" will be held in the cafeteria of the school under the direction of the deputy county superintendent, Kenneth Brown.

While teachers are attending their annual county institute in Birmingham, the child accounting directors of the county schools will be holding another meeting. To be held in the Pontiac high school, with Howard Morgan directing, all child accounting procedures will be explained. This is the first conference in this field for the county.

Grand Rapids' Valuation Jumps $7 Million in Year

GRAND RAPIDS (UP) — City Assessor Walter H. Lahde said Wednesday the Board of Review has set assessed valuation of Grand Rapids for 1954 at $361,495,290.

The board's assessment figure is approximately seven million dollars higher than the 1953 valuation.

Horseshoes used in horseshoe pitching are 7½ inches long, and 7 inches wide.

Top Musicians to Play in Rome

20th Century Music to Be Feature of International Festival April 4-15

ROME (AP)—Top musicians of the free world launch a two-week festival of 20th century music in Rome Sunday. A competition for 12 young composers—two of them Americans—is one of the top events.

This year's International Conference of Contemporary Music, April 4-15, is an offspring of the 1952 Masterpieces of the 20th Century in Paris. That month-long festival of music, ballet and painting, designed to prove that art thrives on freedom, brought howls from European Communists and high praise for such American performers as the Boston Symphony Orchestra and the New York City Ballet.

* * *

The Reds so far have ignored the Rome festival, perhaps because the sponsors are playing down the political angle. And the Americans this year are leaving most of the spotlight to the Europeans. The program's sponsors wouldn't be surprised, however, if the Communists started sniping at them.

Leading composers, music critics and performers were invited this year from Russia and her satellites but the festival's chairman, Nicholas Nabokov of New York, now on the staff of Rome's American Academy, said only Poland's leading composer, Panufnik, replied—"a very polite letter saying he was terribly busy."

* * *

The festival is sponsored by the anti-Communist Congress for Cultural Freedom, which staged the 1952 Paris event, the European Center of Culture of Geneva and the Italian radio.

The top event will be the judging of compositions submitted for three 20th Century Masterpiece Festival Prize Awards. They will be given for the best concerto for violin and orchestra, short symphony and chamber music for solo voice and instruments.

U. S. gin and yeast heir Julius Fleischmann is putting up a total of 25,000 Swiss francs ($5,827) in prizes.

At West Point, in the days when every room of the United States Military Academy had a fireplace, loose bricks were commonly found in the hearth. The space behind could be used as a hiding place for "boodle"—forbidden food or drink.

Arthritis Rheumatism Pains Relieved IN FEW MINUTES with Doctor's External Prescription

Make This 24 Hr. Test

Enjoy blessed relief from swollen, aching joints, arthritis, rheumatism, sciatica, lumbago or neuralgia — or no cost to you for trying this prescription formula called Muscle-Aid, widely used by hospitals, massage parlors and gymnasiums; also recommended by doctors, coaches and trainers for muscle soreness, strained ligaments, painful sprains and bruises.

To get safe, quick relief, simply apply this pleasantly scented liquid EXTERNALLY wherever you feel pain — limbs, joints, shoulders, neck, back. Note how much more comfortable you feel all day, how many hours of restful sleep you get at night.

"My patients and I are more than pleased. Warmth supplied soothes and produces circulation to carry off toxins. Nothing compares to Muscle-Aid for relieving the suffering from arthritis and kindred pains," states T. T. Connor, physiotherapist, Philadelphia.

Money Back Guarantee

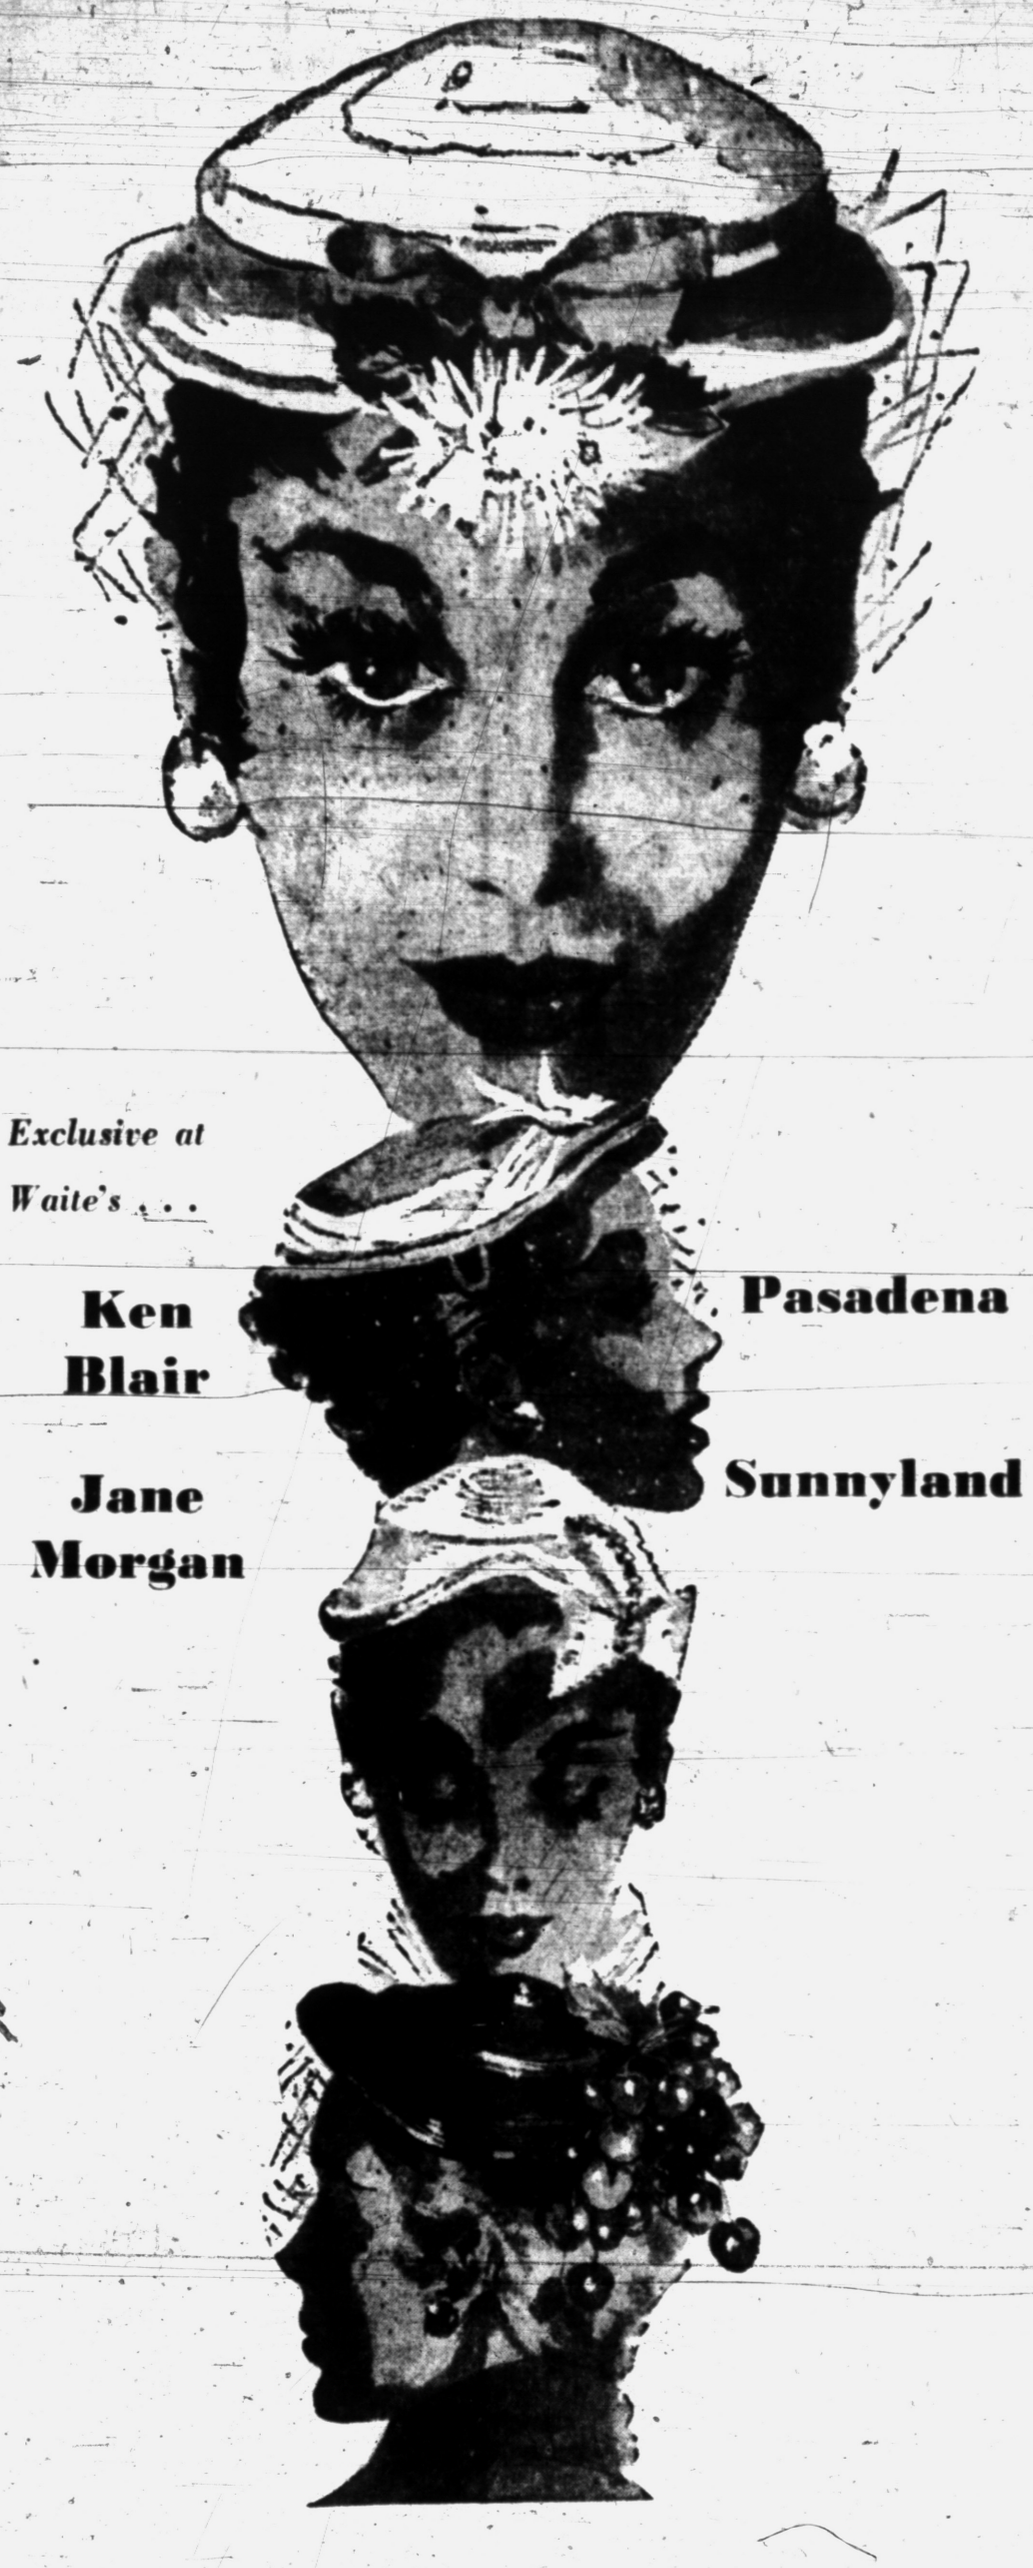

Get Muscle-Aid today from your Druggist. Use half the bottle. If you are not delighted with results, return for refund. Regular economy or hospital size bottle $3.00, or

RADIO ASTRONOMY PIONEERS—Edward Lilley, right, and David S. Heeschen stand next to the dish-shaped parabolic antenna which helped win them doctorates in astronomy from Harvard University in Cambridge, Mass. The device is built of wire mesh; is 24 feet in diameter and cost $100,000 to build. The young scientists use the radar-like equipment instead of the more conventional telescope to do their star gazing.

119 Lose Lives in State Traffic

February Death Toll Increases by 3 Over the Same Month in '53

LANSING (AP) — Traffic accidents claimed 119 lives in Michigan during February, three more than in the same month last year, State Police said today.

Injuries and total accidents were also on the upswing, police said.

There were 4,033 injuries during February, an increase of 708 or 21 per cent over the same month a year ago. There were 14,850 accidents reported during the month, a gain of 2,322 or 19 per cent over last year.

Police said it was the second month that injuries and accidents were higher than the corresponding month in 1953. Some of the increases was attributed to a drive for more complete reporting of accidents.

Michigans traffic toll for the first two months of the year included 245 deaths and 8,393 injuries in 32,324 accidents.

Deaths were down 4 per cent, injuries increased 15 per cent and accidents increased 17 per cent over the first two months of 1953.

Solons, Farmers Eying Milk Prices

WASHINGTON (AP) — Butter at 59 cents a pound may have housewives in high spirits today, but farmers and some politicians are anxiously watching for another set of price tags.

The prices that concern them are those milk plants and processors now will pay farmers for milk and butterfat. These prices are not directly set by the government, though it buys the finished products at fixed levels for support purposes.

The reduced retail prices of butter — and presumably cheese and dried milk — result from a cut in the support prices paid for these products by the government, beginning today.

Secretary of Agriculture Benson lowered the supports in a move intended to check the piling up of huge surpluses in government hands and to stimulate consumption. But some farm spokesmen and lawmakers from dairy areas challenged both the fairness and effectiveness of his action.

ARTHRITIS?
New ALPHA TABLETS with vitamin and mineral rich alfalfa provide same day relief for the pains and discomforts associated with arthritis and rheumatism as well as making for an improved condition. 100 ALPHA TABLETS for $2.49 at all Thrifty Drug Stores in Pontiac.

Same Excuse Doesn't Work Twice in Court

DETROIT (AP) — Last time the court believed Alfred Jenkins when he said he was just returning the canned goods that he was charged with stealing. "Someone else had stolen the stuff," he said.

That was two weeks ago.

But Wednesday Jenkins was before Recorder's Judge Joseph Gillis again. This time he was charged with taking 14 pounds of coffee from the hospital where he worked.

"I knew someone else was planning to steal this coffee, so I decided to take it first," Jenkins said.

Judge Gillis looked hard at Alfred Jenkins and gave him 90 days in jail.

Railroad Union Reveals Unemployment Crisis

CLEVELAND (AP) — The Brotherhood of Locomotive Firemen and Enginemen said today one out of every eight firemen working a year ago is unemployed now.

H. E. Gilbert, organization president who announced the results of a survey, called a meeting April 7 of union general chairmen of the nation's railroads. He said the gravity of the situation requires an immediate search by the union for "avenues of relief."

Membership in the BLF&E totals approximately 100,000.

Loud and continuous noise is the cause of partial deafness.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, APRIL 1, 1954

Support Growing

A strong voice of approval has come forth from the majority of City Commission candidates for the hospital expansion and city improvement program.

It is heartening to note that out of the fourteen candidates running for commission seats eleven favor the overall city improvement program. Among the contestants a truly cross section of Pontiac is represented with labor, business and professional men.

★ ★ ★

These office seekers were the winners in the primary election and should represent the feeling of the majority of voters from their districts. The PRESS has backed the program from the beginning and from all indications is not alone in its thinking. The CIO has gone on record as favoring the program along with the Pontiac Real Estate Board and the Board of Commerce.

★ ★ ★

Most people favor progress for business in order that there be more work, which ultimately means improving the security of the individual. Operating the City of Pontiac and generally improving conditions is the same as progress in industry which everyone favors.

Actually citizens of Pontiac are paying 35 per cent of the total taxes in the city. Big and little industry pay 53 per cent, retail and commercial business pay 12 per cent and the other 35 per cent comes from the public at large.

★ ★ ★

With this in mind the PRESS urges voters to keep in mind that a vote of yes on both the charter amendment and the hospital bond ballot are necessary in order to put through the proposed city improvement and hospital expansion plans.

Excise Taxes Lowered

As a result of conference compromises between House and Senate bills and approval by President EISENHOWER, most Federal excises were lowered today.

Only one of the levies, that on admissions costing 50 cents or less, was eliminated entirely. Most of the others were cut back to 10 per cent but those on household appliances were reduced in the Senate version to five per cent.

★ ★ ★

On the other hand no change was made on a few selected articles classed as luxuries. These include autos, trucks and parts, gasoline, liquor, wines, beer, cigarettes, cigars and tobacco. Higher taxes on these items were to have expired April 1 but were extended for a year.

Nearly a year ago President EISENHOWER said the wide variety of excises "makes little economic sense." Senate Finance Committee Chairman MILLIKIN believes the whole excise tax structure should be overhauled instead of merely amended.

★ ★ ★

In general we agree with President EISENHOWER, Secretary HUMPHREY and Senator BYRD that tax cuts should await balancing of the Federal budget. We can understand, however, why the President would sign a bill cutting excises by one billion dollars. The bill assured him extensions for a year on those levies due to expire April 1 and which net the Treasury $1.08 billion.

Besides, there is a possibility that the additional purchasing power thus released may spur business enough so there will be a net gain in excise revenues.

THE reason we have so many laws in this country is that nearly all of them were made for the other fellow.

"Peasants" in Congress

Pravda, Russia's official newspaper, recently twitted us because our Congress doesn't contain "a single worker or peasant."

In the same article the writer pointed with pride to the laborers and farmers recently elected to the Supreme Soviet. *Pravda* is right about the absence of "peasants" in our Congress.

★ ★ ★

But the truth, according to Congressional Quarterly, is that 75 members of our National Legislators were actively engaged in or financially interested in farming before their elections. Workers also are represented in the membership with six Congressmen listed as former officials of labor unions.

★ ★ ★

Pravda should realize that it is all a matter of terminology. In this country everybody is a worker and farmers, instead of being called peasants are respected as business men who make essential contributions to the national economy.

"MORE than 2,000 of last year's fatal automobile accidents were caused by collisions with fixed objects." — Press report. Motorists should be taught that most fixed objects have the right of way over a moving vehicle.

THERE are millions of people in this country who seem not only to think the world owes them a living, but that it is the duty of Uncle Sam to collect the debt for them.

MOST people don't seem concerned over where the world is heading. They act as if they just came along for the ride.

The Man About Town

Food Prices Lower

Less Than in 1929 When Compared With Wages

Daffynition

Saving face: Keeping the lower half closed.

The cost of food today is lower than it was 25 years ago, according to

Mrs. Harry Whittaker

past president of the Farm Bureau Women of Michigan, an organization comprising 55,000 families. She is well known in the Pontiac area, and lives at Metamora. She bases her findings on a comparison of wages and food prices in 1929, with wages and food prices today.

The first postage stamp to bear the words, "In God we trust," will be one of the eight-cent denomination, and will go on sale at the Pontiac post office about the middle of this month, according to

Acting Postmaster Leslie H. Dean,

who also informs me that birth announcements must bear a three-cent stamp.

Wonder how many people have noticed that

Banker Milo J. Cross

quietly advertises his business by wearing cuff links and tie clasp made of old U. S. gold coins?

Learning the hard way that "little pitchers have big ears" is

Jack Patterson,

Pontiac Press outdoor writer. He mentioned to his wife that the back fence should be replaced in the spring. Looking out of the window a short time later, he discovered that his sons, Joe, 9, and Sky, 5, already had torn down about 20 feet of the fence.

Some of the entries being received in the Man About Town Baseball Contest are not plainly written. Be sure to write the name of your player, his batting average and your own name and address very distinctly.

A booster for Michigan weather ever since he came to Pontiac,

Harry D. Stayton,

a downtown merchant, says the past few days have him bewitched, bewildered and befuddled.

Returned to the quietitude of his underground dwelling is a ground hog near the home of

Harold Ramsey

of Rochester. The animal was frolicking around in last week's weather, but his entrance has been plugged with snow since Monday.

Not worried a bit about the unseasonable weather is

Oilman James Clarke.

He notes that wild geese, traditional harbingers of spring, already are nesting on the shore of his private lake, northwest of town.

According to word received from

Albert Weber,

who has been in southern California since early in the year, it has been a good winter there, with the mercury about right and little trouble with smog.

Verbal Orchids to—

Mrs. A. E. Healey
of Union Lake; eighty-third birthday.

Mrs. Ellen Eddington
of Lake Orion; eighty-ninth birthday.

Mr. and Mrs. Joseph Green
of Birmingham; golden wedding.

Mrs. Zenaide Lesage
of Rochester; eighty-fourth birthday.

Mr. and Mrs. James Grovenstein
of Ortonville; fifty-sixth wedding anniversary.

"Easter's a Little Late This Year!"

Voice of the People

Press Readers Praise, Condemn M'Carthy; Compare Him to Truman, Judge Medina

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature.)

I see that Harry has a job for McCarthy. Senator McCarthy never caused anybody to be killed in Korea and he is honest. I can't say the same about Harry Truman. McCarthy is trying to clean out all the Reds in the government that Harry, Dean Gooderheim Acheson and George Catlet Marshall hired, promoted and protected.

McCarthy never sold China, Poland or any other country down the river. McCarthy didn't dump several million dollars worth of war material in the Bay of Bengal which was supposed to go to Chiang Kai Shek.

McCarthy never associated with good old Joe nor the Pendergast gang. I am glad to hear that Harry finally found out there is no such animal as a red herring. I wouldn't give McCarthy's big toe for Harry or Ike.

McCarthy is a statesman, a gentleman. He is an honorable Congressman working for Uncle Sam, not the Kremlin. Harry and F.D.R. got us in a terrible mess and McCarthy is trying to get us out.

W. J. L.

Many people say they tolerate McCarthy and approve his actions because there is no other way to deal with Communists, or any witness before Congress for that matter.

Perhaps we have forgotten that our democracy provides us with a system of justice and courts of law.

We have proof of their strength and effectiveness when we recall that the top 11 Communists in this country were tried by our government before Judge Medina and convicted and are now serving sentences in jail.

These Communists tried every trick to test the patience of Judge Medina. They gave him every excuse to desert the dignity of his position and fight back on their terms. But not once did the Judge break down. His faith in God and in the American system of justice prevailed and the conviction was brought about in a manner and by a man of whom we can all be proud.

Compare this with McCarthy and his methods. Let's ask ourselves if we could not better fight Communism through men like Judge Medina.

L. S. D.

Reader Says Think Before Casting Ballot

The pamphlets being circulated throughout Pontiac, urging voters to vote for Charter Amendment No. 1 in the April election, should be read very thoroughly by all who receive them.

This bill, if passed, means that property owners will continue to pay a high rate of property tax, which is always subject to a blanket increase such as imposed on us about two years ago and we will still be charged the enormous fees now being paid for services received at the hospital.

The property owners will be forced to continue to charge the high rate of rent in order to meet their overhead when renting.

If this amendment is killed for lack of votes our taxes will be somewhat less, which will enable property owners to lower their rents and therefore help lower our entire cost of living.

If St. Joseph Hospital could manage a 60 bed expansion without the property owner's support why can't the General Hospital do likewise, while they charge the same rates for their services?

Don't be a "yes" man . . . consider how you will be affected by this move before voting.

A taxpayer.

How About Maj. Peress? Asks a Press Reader

President Eisenhower says we all make mistakes. I cannot call promoting a Communist into our government a small mistake. That sounds like Truman and his Korea Police action.

I wish the politicians would keep in mind, before speaking to the press, that we Americans have paid a high cost in money and blood to preserve our nation.

Some very peculiar things have been going on in Washington, such as Maj. Peress getting an honorable discharge while brain-washed soldiers get court martials.

Sometimes one wonders, which is the worst, a Republican or a Democrat.

Mrs. Lucille Brown
400 E. Wilson

Mrs. Giegler Gave Fox Terrier to Mike Freer

Last year I gave a little fox terrier pup to a Pontiac Press carrier boy, Mike Freer, who resides at 22 North Merrimac Street. Wherever you see Mike on his paper route you can see his dog. Mike is one of the best paper boys in Pontiac.

Sunday, March 21 two men, not gentlemen, followed him home, declaring the dog had been stolen from them. Whomever you are, why don't you grow up and be men instead of trying to cheat a boy of his dog. I am the lady who raised the dog and gave it to Mike.

Mrs. Perry Giegler
5657 25 Mile Road,
Washington, Michigan

Letter Carrier Urges Increase in Salaries

Almost every day you can pick up the newspaper and see where pay raises are granted to workers in many industries. Everyone seems glad that the people made a gain and so am I. But then I sit down and wonder how many are interested in our raise.

The mail carrier's last raise was in July 1951. At present, our wages are below average, even though the Postmaster General claims we are on the same level as other workers.

Post office employes have written countless letters to Congress. I don't think that we are asking more than we deserve.

Our work is skilled; we are required to have and keep up a uniform; we are called upon to work under all kinds of weather conditions; we carry by mail a great portion of the countries and world's business.

Every business man and woman depends greatly on postal service. Our only means of pay raise and good working conditions comes through Congress.

I am writing this to let people know how we are working toward a raise in pay. Our ambition is not to become rich but only to earn a fair and good living for our families.

A Letter Carrier

Aunt Het

Life is a lot more pleasant at my age. As you grow old you get gumption enough not to worry about what the neighbors think of you.

H-Bomb Shadows Creep Over All Foreign Policies

By DAVID LAWRENCE

WASHINGTON — "No more world wars?" That's the wishful query which the terrifying tests of the H-bomb has propounded but there is nothing in human experience which indicates that nations have ever been scared into peace just because terrible weapons have been invented.

After the close of World War I, the late President Wilson made speeches about the awful bombing and devastation that would come if another world war were fought.

He told his audiences of the new inventions of weapons of horror—the block busters that would kill civilians — but these didn't stop World War II from breaking out.

The alternate testing of the H-bomb by Soviet Russia and by the United States is reminiscent of every armament race in history. Each side thinks the other will be frightened into self-restraint and that aggression will never occur again. But it does.

And the reason it does is that neither side, when it starts a little war or defends itself against a local aggression, thinks the conflict will develop into anything bigger.

The most conspicuous fact about today's situation in the world is that neither Soviet Russia nor the United States will want to use the H-bomb but nobody can be sure that either side will not do so if it thinks it must defend itself against the use of such a weapon by the enemy.

The secretary of defense has said that he cannot imagine the United States developing atomic weapons and not using them.

Admiral Radford, chairman of the Joint Chiefs of Staffs, says that, if there is to be any limitation of armament by agreement, it cannot be on the basis of atomic weapons only and that there must be limitation on ground armies as well and on conventional weapons, too.

This is an important observation because obviously if H-bombs and A-bombs were to be outlawed or by mutual consent withheld from employment, just as was the case with poison gas in World War II, the superior strength of Soviet Russia's ground armies would be decisive in Europe.

The "new look" for America's military establishment has been predicated on the use of atomic weapons. Air power has been strengthened on the theory that America must be able, if necessary, to carry the bomb from overseas bases and from the decks of naval aircraft carriers.

If the big bombs were outlawed, it would mean a complete revision of the military setup of the United States. This, according to the President, is not contemplated.

But, even assuming that neither side wants to start a big war, the danger is that Soviet Russia might continue to carry on the "cold war" by intensifying the war in Indochina so that it becomes a second Korea. What then would American policy be?

Former Secretary of State Acheson has stated publicly his belief that America must be resigned to little wars and particularly to more wars like Korea.

But President Eisenhower has, in effect, repudiated the Acheson concept. At the Wednesday press conference, the President was asked if American troops were to be deployed all around the world.

He answered that he can conceive of no greater disadvantage to America than to be employing its own ground forces, and any other kind of forces, in great numbers around the world meeting each little situation as it arises.

Eisenhower added that the United States is trying to make her friends strong enough to take care of local situations by themselves with financial, moral and political aid but with military help only where America's vital interests demand it.

This is the most important statement of American policy that could be made at the moment. It is an authoritative pronouncement of how the United States plans to help enforce world peace.

But the President was careful to point out that each case has its own degree of risk for the United States and each must be met on its merits, and he would not generalize.

Such a pronouncement wisely leaves unanswered the question of when America will refuse to be drawn further into a lot of local wars and will consider what can be done to cure the infection at its source.

This is what "massive retaliation," as proclaimed by Secy. Dulles, could mean and, despite criticism here and there from the appeasers or the politicians who feel they must oppose for partisan reasons American military and foreign policy, the decision will stick.

Soviet Russia is on notice that she cannot expect to drain American resources and those of the free world by a series of local wars like Korea without running the risk of drastic action being taken against herself as a partner in any future aggressions.

Baering Down

By ARTHUR "BUGS" BAER
International News Service

Just heard officially on my suggestion that France make another Maginot line out of champagne cellars and mushroom caves.

What a chance to double-mickey the invader. You know what you can do with toadstools.

History states it was the fermented caves of champagne that saved Paris in 1914. The clown prince of Germany's army exercised its stopover options by swabbing up one million bottles of good old Piper-Headache, 1904. A very good year for France.

When Kaiser Billhelm heard the score he was fit to be tied. He wired his potted geranium, "Since when have rathskellars been trenches?"

Sonny boy telegraphed back, "You ordered me to fight to the last man. He happens to be a head waiter."

The 30 days the prince wasted in the champagne underground enabled Paris to hype the meters on its taxicabs. They got to the Marne with a volunteer army of two-bottle men.

France is worried some more over the dubious encore of the Berlin kaffee-klatch. For once again the Saar is up for grabs.

In the last Saar plebiscite the French lost from here to the barn. The Germans packed the election like a protean actor's trunk.

There's iron in the Saar and coal to blast it. That's what red-lighted the agreement. France would rather see two Germans with bayonets than one with a shovel.

Brady Explains His Stand, Step by Step, on Dogbites, Rusty Nail, Rabies, Tetanus

By WILLIAM BRADY, M.D.

Many "leading" physicans and health officers have vehemently if not violently upheld the barbaric practice of cauterizing dogbite with "fuming nitric acid" or other destructive agent. No doubt many do so now.

But a doctor who applies such "treatment" today is in my opinion guilty of malpractice.

In the eighteenth century, before Pasteur, Lister, Semmelweiss, Morton and Long, the doctors knew no better.

In the nineteenth century antiseptics and germicides were added to the doctor's list, but these were pretty darned newfangled and so a good many doctors refused to adopt them in place of cautery, amputation etc.

Early in the twentieth century asepsis, anociation, skill, gentleness and conservatism became the accepted principles of surgery and obstetrics, although every such forward step was at first resented and resisted by the old timers.

Two or three years ago Dr. R. T. Vinnard sent a questionnaire to physicians and hospitals in reference to the treatment of dogbite.

He reported in Postgraduate Medicine that many doctors and hospitals still used the cautery method because, no kidding, they thought the law required them to!

This is just another indication of the absurdity of the attitude of many health officers today.

Dr. Vinnard evidently believes rabies occurs in man, although he maintained that a dogbite should be treated as an ordinary wound, by washing out the wound with soap and water, cutting away dead tissue, and stitching up the wound, and this, it seems to me, is twentieth century treatment.

If the wound is made by animal teeth or claws or bird beak or talons, farm or garden implement, or if it is possibly contaminated by street dirt or soil polluted by animal droppings or manure, the patient should be given an immediate injection of tetanus antitoxin or toxoid, and a second such injection 5 to 7 days later, as routine, not subject to whim or guess.

I don't know any more about this than any other doctor knows or should know, but I suspect that most deaths ascribed to "hydrophobia" are actually caused by undiagnosed, untreated tetanus.

Consult any standard medical textbook published before medicine became a business and you will find a perplexing similarity between the description of tetanus and that of "rabies."

Further I believe the crude practice of cauterizing dogbites favors the development of tetanus, because the dead tissue left by the cautery covers up tetanus germs, if any in the wound, and gives them the pabulum or medium to grow on.

The Clostridium (germ) of tetanus is a normal or natural inhabitant of the intestine of domestic and wild animals and sometimes that of man. So, because of their habits, dogs are likely to carry tetanus germs on teeth or claws.

In view of these facts I would indict a doctor or health officer for malpractice on any of these counts:

1.) For cauterizing a fresh wound.

2.) For giving a patient God knows what under the name of "Pasteur treatment."

3.) For failing to give tetanus antitoxin or toxoid to every patient treated for dogbite.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.

THE EASTER BIRD

By Walt Scott

Hal Boyle Says:

Doctors Prefer to Treat Women---They're Sensible

NEW YORK (AP) — Sidewalk scrawls by a pavement Plato:

Most doctors prefer to treat women rather than men, not because women are more attractive but because they are more sensible—at least about their ailments.

A woman accepts illness as part of life, but a man takes his health for granted, and it hurts his pride if something goes wrong with him. He is as surprised as if his fist had doubled up of its own volition and hit him in the face. He feels his body has betrayed him on purpose.

"Women are willing to wait until tomorrow to be cured," said one doctor. "But men always want to be cured yesterday."

Here's a good tip if you have to spend a siege in a hospital: Try to get put into a semi-private room in which the other patient is a sick bachelor physician. The nurses will be spending so much time pampering him they can't very well turn you down when you ask for a drink of water.

• • •

The magazine ads often feature charming little picture stories showing how a young man wins his girl's heart merely by switching to a particular brand of toothpaste. This is fine as far as it goes, but it is only half the picture. How about the fellow who wants to get rid of a girl and doesn't know how? Can't they develop a toothpaste so repulsive that all he would have to do is brush his teeth with it once, and she would drop him of her own accord? There should be a big market today for a product like that.

• • •

Some young college graduates who now flock to the big cities wouldn't mind settling down in a small town—if they could find one so small it didn't even have a draft board.

Wives are so inconsistent. They will pat a dog on the head and praise him because he acts almost human, but, on the other hand, if their husband shows the least sign of acting like a gay old dog all he runs into is criticism. Will we never get rid of the double standard?

Scientists have discovered that carefree-looking bums aren't carefree at all, but are actually worried and unhappy. It turns out that the secret of keeping your mind off work is to stay on the job—and think of something else. It is heartening to see how science is steadily finding out things the ordinary man knew all along.

Everything depends on how you look at it. A robin sees no reason why it shouldn't sing or build its nest in a cemetery. But the average grownup would be outraged if he caught a small boy squatting by a grave and practicing on a saxophone. Why are birds and children so much less pompous than big live people? Dead people aren't the least bit pompous. Just lonely.

Why is it when you ask your friends if they have read any good books lately, none ever answers, "Yes, the Bible." Yet it is still a best seller.

• • •

The best way for a dumb man to get ahead in a hurry is to marry a smart woman.

Money won't buy everything in life, but isn't it amazing now many things you can rent with it?

Zsa Zsa Loves George, but Career Comes First

SANTA MONICA, Calif. (AP)—Zsa Zsa Gabor says she talks on the telephone several times a week to actor George Sanders but he is allowing her to get an uncontested divorce today.

The Hungarian actress' lawyer, Jerry Giesler, said Sanders agreed not to appear in Superior Court and thereby let her have the decree by default. He is Zsa Zsa's third husband. She claims he has caused her "grievous mental cruelty, distress and anguish." They have been married five years.

In spite of the divorce, Zsa Zsa maintains they are the best of friends and she says, "George is the only man I love, but I have my career."

Machine Kills Worker

DETROIT (AP)—John Schweitzer, 52, was fatally injured yesterday at a factory when his hair became entangled in a metalshaping machine he was operating.

Red-Ink Budget Threatens State

Legislators Are Afraid Business Receipts Tax Won't Cover Deficit

LANSING (AP)—Despite last year's passage of the business receipts tax, the Michigan Legislature was faced with threats today of another red-ink budget.

Sen. Elmer R. Porter (R-Blissfield), chairman of the Senate Appropriations Committee, said, "I'm not making any flat predictions now, but when we get the budget all done we are going to come up with a red ink figure."

Porter's warning was preceded by a statement by Sen. George N. Higgins (R-Ferndale), chairman of the Senate Taxation Committee, that the legislative appropriations committees were treading on soft ground in accepting Gov. Williams' estimates of revenues next year.

Higgins, fathe of the 1953 business receipts tax designed to end the state's long era of deficits, said "your estimates of revenues are too high."

Porter laid the blame on the State Civil Service Commission's decision to raise state employes' wages about $8,000,000 a year. The civil service employes' raise is about $5,800,000. The total pay raise goes up to $8,000,000, however, when comparable raises are included for non-civil service workers.

Gov. Williams had presented the Legislature with a budget most exactly on estimated revenues next year of 365 million dollars.

The Republican-controlled Legislature said it would cut this figure about 10 million dollars, but lately has been admitting it was not hitting its target.

Doctor Slits Girl's Chest in Life-Saving Attempt

CLEVELAND (AP)—Fifteen-month-old Jo Ann Yurick stopped breathing during a choking spell at her home last night. Quickly Dr. Harry Hall slit open her chest with a razor blade and massaged her heart until it started beating again.

The child died later, however, at a hospital despite efforts to revive her with plasma and oxygen.

Woman Draws Praise for Crashing Into Post

KALAMAZOO, Mich. (AP)—Her car brakes wouldn't work. So Mrs. Nellie Mohney, 38, deliberately drove into a heavy steel post yesterday, avoiding a collision at a congested street intersection. Mrs. Mohney not only escaped serious injury but got official compliments from police.

38,391 Citizens Registered for Monday's Primary

Some 38,391 Pontiac citizens are registered and eligible to vote in Monday's primary election.

Those who turn out will elect seven city commissioners and both municipal judges.

They will also decide on proposals to increase the property tax limit $2.50 per $1,000 of assessed valuation and to issue $3,000,000 in bonds for an addition to Pontiac General Hospital.

Two years ago 7,519 persons voted at the general election. At the primary held this year, 5,812 balloted.

The boundaries of Pontiac's seven voting districts follow:

District 1 is bounded on the east by South Saginaw street, by the south and west city limits in those directions and on the north by Voorheis road and Orchard Lake avenue.

District 2 is bounded on the west by Telegraph road, by the Grand Trunk Railroad and Johnson avenue on the north and east, and by Orchard Lake avenue and Voorheis road on the south.

District 3 is bounded on the east by Saginaw street, the South by Orchard Lake avenue, on the west by Johnson avenue and on the north by Johnson avenue and Howard street.

District 4 is bounded on the east by North Saginaw street and the PO&N Railroad, on the south by Johnson avenue and Howard street, on the west by the Grand Trunk Railroad and west city limits, and on the north by the north city limits.

District 5 is bounded on the west by North Saginaw stret and the PO&N Railroad, on the north and West by the city limits and on the south by Mount Clemens street.

District 6 is bounded on the west by Saginaw street, on the south by Auburn avenue and on the east and north by a line following the east city limits, Featherstone avenue, Mount Clemens street, Oak Hill street, North Perry street and East Howard street.

District 7 is bounded on the north by Auburn avenue, on the east by the east city limits, on the south by the south city limits, and on the west by Woodward avenue and Saginaw street.

Precincts and polling places for the seven districts are:

District 1—Precinct 1, Whittier School; 2, Fire Station 2; 3, Bagley School; 4, Emmanuel Christian School; 34, Pontiac Housing Building; 36 and 37, Jefferson Junior High School; 38, Bagley School, and 39, Washington Junior High School.

District 2 — Precinct 5, Washington School; 8, Webster School; 30, Congregation B'nai Israel; 31, Webster School; 40, Washington School, and 41, Webster School.

District 3 — Precinct 6, Pontiac High School; 7, Stevens Hall; 9, Pontiac High School; 10, Crofoot School, and 11, Oakland County Office Building.

District 4 — Precinct 12, Wisner School; 13 and 14, Lincoln Junior High School; 15, Owen School; 32, Wever School, and 42, Owen School.

District 5 — Precinct 16, LeBaron School; 17, Emerson School; 18, Fire Station 4; 19, St. Michael Hall; 35, LeBaron School; 43, Malkim School, and 44, Baldwin School.

District 6 — Precinct 20, YMCA; 21, Central School; 22, Municipal Court; 23, Eastern Junior High School; and 24, Longfellow School.

District 7 — Precinct 25, and 26, McConnell School; 27, 28 and 29, Wilson School; and 33, U. S. Naval Training Center.

Kentuckian, 91, Lectured on Evil of Bootlegging

LONDON, Ky. (AP)—After listening to father-like lectures on the evils of bootlegging whisky, Jim Bowman promised the judge and sheriff he would be good in the future.

Sheriff Harve Steele said he arrested Bowman at his home and confiscated five pints of moonshine.

"I preached him a sermon too," said the sheriff, "and the only reason I didn't bring him to jail instead of giving him a summons to appear in court was because of his age."

Bowman is 91, the sheriff 84. The case was filed away.

Barber Who Got Clipped Finally Paid for Haircut

SPRINGFIELD, Ohio (AP) — Paul L. Miller, who quit barbering a quarter of a century ago, has received $2 and the following note:

"Approximately 28 years ago I owed you 50 cents for a haircut and I neglected to pay it. I enclose $2 to take care of that little debt. I know I shall feel better for it. Thank you."

Miller says he will send the man his change. He declined to reveal his name.

Young Mother Loses Weight With Rennel

"I am sure that many mothers would take Rennel if they knew the good it would do for them," writes Mrs. J. Murphy, R. No. 4, Owosso, Mich. "I am 24 years old and have three children. The birth of each one brought me a lot of excess weight and bloat which caused me to feel tired and run down. A few bottles of Rennel Concentrate not only made me feel better but the bloat and weight gradually disappeared. Just recently with the help of Rennel I lost nine pounds in twenty days. I think Rennel is a wonderful product and it will always be Rennel for me when I am in need of it."

It's amazing how quickly you can lose unsightly fat at home. Obtain liquid Rennel at your druggist, mix with grapefruit juice as directed and take two tablespoonfuls twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Rennel.

KING-SIZE TEST — Trudy Golden tests the flavor of a three-and-a-half-foot cigar. Made in Havana, it is supposedly the world's largest stogie. The king-size cigar was shown recently, at a Chicago, Ill., tobacco distributor's convention.

Senate to Pass Statehood Bill

Plan Faces Uncertain Future After Returning to House

WASHINGTON (AP) — The Senate winds up a month of on-and-off debate on Hawaii-Alaska statehood today with prospects that the vote, indicated by nightfall, would send the measure on to the House.

The measure lacks administration endorsement in its present tandem form and faces an uncertain future in the House, which last year passed a bill to grant statehood to Hawaii only. That is all President Eisenhower has asked.

Sen. Smathers (D-Fla), a leading opponent of statehood for both territories, conceded that Senate passage of the bill is "fairly certain".

* * *

"In the face of a tremendous and skillful campaign of pressure and propaganda, it is gratifying to believe that the vote will be fairly close," he said in a statement.

In the House, Republican leaders reportedly are set against Alaska statehood now and determined to prevent it from coming to a vote—either alone or combined with Hawaii.

Sen. Anderson (D-NM), primary sponsor of the successful move in the Senate to tie Hawaii and Alaska together in the Senate, said Senate passage of the combined bill would put the issue squarely up to Eisenhower.

* * *

He said presidential endorsement of Alaska statehood could change the situation in the House overnight and clear the way for two new stars in the American flag. Eisenhower told a news conference in February he does not believe Alaska is ready for statehood.

Martel Sweeps Election From Sparkman 265-93

DETROIT (AP)—Frank X. Martel, Detroit AFL chief, swept opposition Wednesday to win another term as president of the Detroit and Wayne County Federation of Labor.

Martel beat Clifford G. Sparkman 265 votes to 93. Martel has headed the Detroit federation since 1919 and will begin his new two-year term next Wednesday.

Rival AFL factions had attempted to bring about ouster proceedings against Martel before the national AFL last year.

There are about 100,000 more widows in the United States every year.

Mundt Pledges to Find Counsel

Promises to Break Log Jam Which Is Delaying McCarthy Probe

WASHINGTON (AP)—Sen. Mundt (R-SD) said he will move today to force "a break" in the search for a special counsel to handle a Senate investigation of charges Sen. McCarthy (R-Wis) and high Army officials have aimed at each other.

The Senate investigations subcommittee voted March 16 to conduct public, televised hearings to seek the truth among the charges and countercharges. For 15 successive days since then Mundt and others working with him have drawn only blanks in their quest for a neutral, competent lawyer.

* * *

Mundt, who will preside at the hearings while McCarthy steps temporarily aside, told reporters firmly "we will have something to announce" by midafternoon—either a nominee for the pivotal post in the inquiry, or a change in the methods of looking for one.

"If we have nothing by early afternoon, I will call the full subcommittee to meet and try to break this log jam," he said.

Oregon had the fifth largest percentage increase in population from 1940 to 1950.

Retired Bell Official Dies in New Jersey

SUMMIT, N. J. (UP)—Thomas N. Lacy, former president of the Michigan Bell Telephone Co., died Wednesday at his home here.

Lacy retired as president of Michigan Bell in 1950. He began working for the company in 1925 as a division plant superintendent in Detroit.

In 1934, Lacy was named a vice president of Michigan Bell. He became the firm's president in 1946, taking charge of the company's largest construction program in history.

Services will be held Saturday at Philadelphia.

Demand Officer Resign in Firearms Incident

MOUNT CLEMENS (INS) — Chesterfield Township officials yesterday demanded the resignation of a constable charged with careless use of firearms after the officer fired a pistol shot that narrowly missed a housewife.

Macomb County Sheriff's officers said Richard Ardiel, 38, admitted he test-fired a .45 caliber revolver into a canal bank. The shot apparently richocheted into the kitchen of a nearby house where Mrs. Doris Hirchberger was preparing a meal.

Pre-Election Result

WHITMAN, Mass. (AP)—The elections were all decided before Whitman could hold its annual election this year. Every candidate on the ballot was unopposed for the first time in the 79-year history of this town of 8,500.

THE PONTIAC PRESS

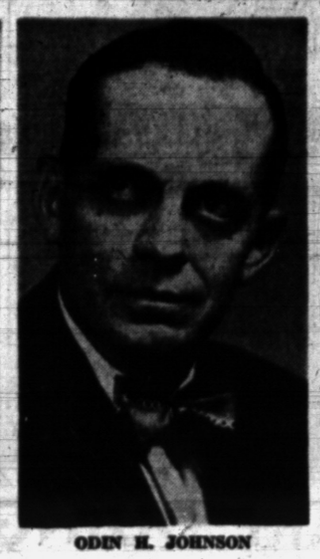

THURSDAY, APRIL 1, 1954 — PONTIAC, MICHIGAN — SEVENTEEN

MAURICE E. FINNEGAN

G. EDSON HALLOCK

ODIN H. JOHNSON

CECIL McCALLUM

Municipal Judge Candidates Give Campaign Views

A native of Pontiac, Maurice E. Finnegan, 48, lives at 173 N. Johnson Ave. He has served as municipal judge since 1941, except for two years in the Army during World War II.

Finnegan obtained his law degree from the University of Detroit. He is a member of the Oakland County Bar Assn. and the Michigan State Bar. He has served as Oakland County Circuit Court clerk and deputy probate register.

He is also a member of the Elks, Knights of Columbus, American Legion, Amvets, Metropolitan Club (honorary) and Oakland County Historical and Pioneer Society. He is married and has four children.

A candidate for municipal judge, his statement follows:

"Yearly the case load of Pontiac Municipal Court has kept abreast with the growth of Pontiac. For example, the number of civil cases filed so far in 1954 almost equals the total filed in a single year, not long ago.

"Until 1952 your court operated under a Justice Court handicap. You, the people of Pontiac, overwhelmingly voted to modernize your court. Now we function as a municipal court, similar to Flint, Lansing and other progressive cities. I am proud of the record our court has attained and he way your court clerks have labored to help the public and keep the court work running smoothly and up-to-date.

"Our process servers have been advised to be courteous to litigants and protect their rights. Your new court has saved time of litigants and lawyers. Our new index system brings any case old or new at one's fingertips. Lawyers no longer lose a day a week attending 'court calls.'

"Our new docket forms save hundreds of dollars annually. We have increased the court's revenues about $20,000 a year at no extra costs to the taxpayer.

"Our personal receivership department is like a 'bank within a court.' To date Pontiac Municipal Court has assisted 1,500 families to solve their financial problems without fear of garnishment. Currently 200 families assign their wages to your court clerk, who pays their creditors. It is a $400,000 a year business.

"As your judge I have attempted to co-operate fully with Pontiac Police and other county law enforcement bodies so your civil and personal rights may be protected. I will continue to do so, if you believe my record justifies my return to office."

A graduate of the Detroit College of Law, G. Edson Hallock, 53, resides at 30 Cadillac Ave. He has lived in Pontiac since 1910.

Hallock has served as assistant prosecuting attorney, deputy Oakland County clerk, as a member of a commission on claims acting in a semi-judicial capacity in a property damage suit and as a referee on claims in estates in probate court.

He was an industrial worker before beginning private law practice here in 1929. Hallock is a member of the Michigan State Bar, Oakland County Bar Assn., Elks, Eagles, Moose and Oakland County Sportsmen's Club. He is married.

A candidate for municipal judge, his statement follows:

"If elected to the office of municipal judge, I will adopt certain policies of law enforcement in my court.

"In cases where proceedings to garnishee wages may be taken, and where a debtor's family will suffer hardship and privation thereby, it will be my policy to set up a schedule of partial payments to apply on the judgment, that is just and fair to all the parties concerned.

"I believe in giving each party to a case an opportunity to present his testimony in full. All of the testimony that is admissible in evidence should be heard and considered by the judge.

"Many cases will come before me that involve the use of intoxicating liquors, and the resultant suffering of women and little children. In such cases, when it appears advisable, I will seek the help of the clergy, the church, the Salvation Army, or any other social organization that will interest itself in the case.

"My purpose will be to correct what may be an unfortunate circumstance. It is my belief that a judge can do a great deal of good for humanity by working with religious and social organizations.

"Unnecessary adjournment of cases often results in loss of working hours and wages. There can be occasions when a party being sued will lose more in wages that the amount involved in the law suit. I will avoid such adjournments whenever possible."

A Pontiac attorney for 22 years, Odin H. Johnson, 49, lives at 486 W. Iroquois Rd. He was recently appointed to serve out the term of the late Judge Charles P. Webster.

Johnson ran for state senator in 1940 and 1946, and was nominated for Congress in 1942. A resident here since 1922, he was educated at the University of Michigan, Wayne University and Detroit College of Law.

He is a member of the Oakland County Bar Assn., the American Judicature Society, the Michigan State Bar and Knights of Pythias. He is married and has two children.

A candidate for municipal judge, his statement follows: "To disabuse people's minds of the idea that the municipal court is a police or traffic court, I must make it clear the municipal court is a court of justice. While I am presiding, the high and the low, the wealthy and poor, shall stand as equals. They are, if charged with any offense, innocent until proven guilty, without regard to race, color or creed. They are entitled to a speedy and fair trial, to courteous treatment, and to the protection of their private rights as citizens.

"The municipal judge tries facts and applies the law to facts. He must invoke penalties for protection of the public and temper justice with mercy and common sense. As a candidate for municipal judge, publicly declaring myself on a uniform policy of sentencing for any specific offense would be a prejudgment of the defendants and an admission of prejudice.

"As a resident of Pontiac for many years with an interest in its affairs equal to or greater than the average citizen, with two children in schools and the good will and respect of thousands of friends and acquaintances, my conduct of this court will be such that the community shall benefit from its efficient operation and its citizens be proud of its judge.

"We are as much or more concerned with the safety of our children on the streets than any family in the community, probably more because for over five years I was director of safety for General Motors Corp., am a charter member of the Detroit Industrial Safety Council, and the originator of many traffic safety principles and practices used today.

"I feel I can put this training and experience to use as judge with great benefit to the health, welfare and safety of Pontiac."

A Pontiac resident since 1910, Cecil McCallum, 52, lives at 72 Dwight Ave.

McCallum has been an attorney here for the past 21 years. He attended Pontiac public schools, the University of Michigan and obtained a law degree from Detroit College of Law. For eight years prior to 1944 he worked on the production line and as a maintenance electrician of GMC Truck & Coach Division.

He is a former exalted ruler of the Pontiac Elks, is past president of the PTA at Washington Junior High School and participates in Boy Scout work. He is married and has two children.

A candidate for municipal judge, his statement follows:

"The Pontiac Municipal Court serves the people of Pontiac in civil suits up to $500. Due to the large volume of its business, it is important that the cases be disposed of without delay, and that they be handled so as to obtain justice without the necessity of further delay and expense by appeal to circuit court.

"It is my belief that the 'bottleneck' connected with the disposition of these cases can be materially removed by a system of case assignment similar to that used by our Oakland County Circuit Court.

"It is my aim, if elected, to give each litigant or person charged with a crime a fair chance to state his or her views.

"I feel that there are very few problems that will arise between the law enforcement officers and the court which cannot be solved if both parties will make an honest and common sense effort to do so. I will do all in my power to cooperate in such a situation.

"If elected, it will be my aim to provide Pontiac, in co-operation with the other municipal judge and the court clerk, with a municipal court that is second to none in efficiency and courtesy."

Company Gets Loan

WASHINGTON (AP) — The Rural Electrification Administration advised Sen. Ferguson (R-Mich) yesterday it has approved a $533,000 loan to the Camden (Mich.) Rural Telephone Co.

First '54 Coal Shipments Leave Toledo for Canada

TOLEDO (AP) — Two Canada Steamship Lines freighters — the Burlington and the Osler — were loaded with coal here today, the first such shipments in 1954 from a Lake Erie port to Canada.

The Burlington is bound for Hamilton and the Osler for Toronto.

The self-unloader J. F. Schoellkopf Jr. of the Boland-Cornelius Fleet will take on a coal cargo at Lorain Friday and then head for Bay City.

Tests of Polio Vaccine Start April 26 in County

35,600 Children Will Participate

Need 2,000 Volunteers for Clinic Work During Salk Trial

Oakland County's test of the new Salk polio vaccine will get under way April 26.

Dr. Frederick Adams of Birmingham today announced a committee of health officials, doctors, and National Foundation of Infantile Paralysis representatives Tuesday set "V Day" (Vaccine Day) for the last Monday in April.

The 35,600 children in first, second and third grades of Oakland County's schools will take request blanks home to their parents next week. Parents who want their youngsters to take part in the test can sign the forms and return them to the school.

Dr. Adams, co-chairman of Oakland County Medical Society's polio vaccine clinic committee, said doctors will give the first shots in the test series to all youngsters taking part during the last week in April.

Each child will get a second shot the first week of May and a third shot the first week of June.

National Foundation officials say clinics will be set up in each school which has 150 children, or more, taking part in the test. Smaller groups may be carried by car to clinics at nearby schools.

Half the youngsters taking the test will be given the new Salk vaccine that may stamp out polio. The other children will be given an inactive liquid. Officials will keep track of how many youngsters in each group get polio to see how well the vaccine works.

The National Foundation says at least 150 nurses are still needed to work in clinics. Some 300 "clinic aides" are wanted to help doctors and nurses in the clinics.

About 2,000 "classroom mothers" and record keepers are needed to help keep youngsters calm and happy and to jot down important information.

Any woman who can work in the clinics is urged to contact her local vaccine test school chairman or vaccine test headquarters in Pontiac, FE 4-0260.

WATCHFUL WAITING—A cat and giraffe eye the bottle of milk lying in the straw, each waiting for the other to make the first move. When tabby found out that the long-necked fellow was only 4-months-old, he let him have the milk. The crowd at England's Belle View Zoo enjoyed the display of feline manners.

United Press Photo

Ohio Court Rules Pregnant Woman Fit to Hold Job

BATAVIA, Ohio (AP)—Judge Harry Britton, ruling in an unemployment compensation case, says a pregnant woman is capable of holding down a job.

Mrs. Dolores S. Sheppard of Milford asked compensation after the Cincinnati & Southern Bell Telephone Co. moved its Milford office to Batavia.

The Bureau of Unemployment Compensation and its board of review said she was not entitled to the checks because she was physically unfit for employment.

Judge Britton said yesterday the board's decision was "unlawful, unreasonable and against the manifest of evidence." He ordered it to reconsider the case.

Gets School Contract

BATTLE CREEK (AP)—The Jaress Construction Co. of Battle Creek was awarded a $256,877 contract for construction of the new Lamora Park Elementary School.

Girlstown Plans Face Big Problem

GRAND RAPIDS (AP) — Mrs. John J. Kistler, president of the State Federation of Women's Clubs said yesterday her club's efforts to foster a Michigan Girlstown brings about a major problem.

She praised efforts of the clubwomen but noted that no permanent financing plan for the project has been worked out.

"The initial impetus for this project must not wane," she said in her keynote address opening the federation's 59th annual convention.

The convention was scheduled to elect officers this afternoon.

Mrs. Kistler also urged members to take a more powerful role in government. She cited Michigan's financial problems as an opportunity for great service.

"We won't be citizens to be reckoned with until we become a power for good in affairs of state," Mrs. Kistler said.

Probation Given to Mother Who Stole $19,592

DETROIT (AP)—Mrs. Beatrice Hollingsworth's hopes for a Hollywood movie career for her 18-year-old daughter Jill, brought her a sentence of five years probation Wednesday.

Recorder's Judge George Murphy said "common humanity precludes a prison sentence" in placing the 48-year-old mother on probation.

Mrs. Hollingsworth was charged with embezzling $19,592 from the company she worked for as a bookkeeper. She admitted writing a worthless $938 check to help promote a movie career for her daughter.

Jill, instead of becoming a starlet, became a restaurant cashier in Hollywood.

Mrs. Hollingsworth was sentenced once before to 5 to 14 years, but she won a new trial.

Judge Murphy said that the court was not condoning the defendant's activity. But he added, "what she did was for the benefit of her daughter."

The firm for which Mrs. Hollingsworth now works as a bookkeeper wrote Judge Murphy that it had "complete confidence" in her.

The court ordered her to pay back the $938 to her former employer. This was the specific charge on which she was tried.

3 Towns Fight Blaze

CASPIAN (AP)—Firemen from the Upper Peninsula towns of Stambaugh and Gaastra Wednesday joined Caspian firefighters in a three-hour battle with flames that caused an estimated $40,000 damage to the Chicago Store, a local clothing, hardware and furniture outlet.

Fire Kills Twins' Mother

DETROIT (INS)—A young mother of twins was suffocated early today and five other persons were injured when fire swept an apartment in Detroit.

The fatality was Mrs. Helen Brown, 27. Her baby twins were treated at Receiving Hospital for smoke inhalation along with two other persons. Fire officials said the fire started after a coal stove exploded in an apartment shared by two families in a frame building.

April Is Cancer Crusade Month

President Eisenhower today in Washington, by waving a radioactive wand, will light two emblems in New York and signal the opening of the American Cancer Society's April Crusade.

The wand will be tipped with a small amount of cobalt which is now being used in cancer research and treatment.

Mr. Eisenhower will pass the wand over a circuit in the White House. This in turn will generate an impulse which will light two 50-foot crusader swords in Times Square.

The crusader sword is the society's emblem. Used since 1935, it has recently been patented, giving the society the exclusive right for its display.

The blade of the sword expresses the crusading spirit of the cancer control movement. The twin serpent caduceus, forming the hilt, emphasizes the medical and scientific nature of the society's program.

Classically, twined serpents represent healing of the sick and the creative power of the healthy.

The ACS, a participating member of the United Fund here in the North Oakland area, will make its April campaign one of education for you and for everyone. Its office is now located at 66 W. Lawrence St., Pontiac.

To introduce this new office to the public, the society is planning an open house the week of April 26 to 30. The committee is anxious for every person in this locality to be alert to the seven cancer danger signals, namely:

1. Any sore that does not heal.

2. A lump or thickening in the breast or elsewhere.

3. Unusual bleeding or discharge.

4. Any change in a wart or mole.

5. Persistent indigestion or difficulty in swallowing.

6. Persistent hoarseness or cough.

7. Any change in normal bowel habits.

From this office, free of charge to anyone who has cancer, many sickroom articles such as dressings, hospital beds, wheel chairs or bedside tables are available on request.

It would be headline news if the entire population of Pontiac were wiped out. But that's the number of men, women and children — 73,000 — who were saved from cancer deaths in the U. S. last year.

These people can look forward to full lives because they went to their doctors in time.

Francis F. Miller of Pontiac, who was chairman of the finance committee for the 1953 cancer crusade, has accepted the chairmanship for the Crusade for Cancer Knowledge this year.

Engineer at Pontiac Motor Is Retiring After 41 Years

Forrest H. Kane, executive engineer at Pontiac Motor Division, retires today, after 41 years and nine months with the company. He joined the organization in June, 1912, when it was the Oakland Motor Car Co.

Kane has spent his entire career in automotive engineering. He was employed by Reliable Dayton Motor Car Co., in Chicago in 1907 and 1908. He left to study mechanical engineering at Michigan State College where he was elected to Tau Beta Pi honorary society and earned his degree just prior to joining Oakland.

During World War I, Kane represented his company on the Automotive Industries Committee in Washington. On his return he became chief draftsman and in 1920 he joined the chief engineer's staff.

His duties on the chief engineer's staff have been in the administrative phase of engineering, and he also worked with new patents and was a member of the General Motors New Devices Committee. His laboratory work resulted in a patent on an automobile cooling system.

FORREST H. KANE

Kane is a long-time member of the Society of Automotive Engineers and of the Engineering Society of Detroit.

Close Crump Post Office for Reasons of Economy

CRUMP (AP) — The government Wednesday closed the Crump Post Office. The post office, serving 26 families in this Bay County community near Bay City, was closed for economy and modernization.

The Post Office Department said the local office had taken in only $565 in 1952 while postmistress Lena Karbowski was paid $1,588, plus 15 per cent for rent of space in her grocery. Rural carriers will now handle the mail needs of the 26 families.

To Finance Trailers

DETROIT (AP) — The Pioneer Finance Co. of Detroit said yesterday that two Iowa and Illinois insurance companies have agreed to underwrite a $200,000 loan providing retail financing of trailer homes.

To Go for a Better Pontiac

'Yes' Vote on Tax Hike Limit Urged by Merchants' Head

H. Wayne Gabert, president of Pontiac Retail Merchants Assn., today urged Pontiac people to "give our city officials a vote of confidence."

Gabert urged property owners to vote "yes" Monday on the city's request for a higher tax limit of 12½ mills—2½ above the present 10-mill limit.

Part of the money would be used to build an addition to Pontiac's jammed General Hospital.

The rest would go for general public improvement — such as street paving jobs, new fire stations, new library, grade crossings to get railroads up above or down below busy streets.

"I think our city officials have done wonders with what they've had to work with," Gabert said. "You don't have to look back very far to see a city whose streets were all in bad condition, a city in debt, with so much to do that nobody knew where to start," he added. "On their own, our officials have made a start—a good one—a brand-new paid-for city hall."

Gabert pointed out that the higher tax limit doesn't mean higher taxes.

City officials explain that Pontiac, with a 10-mill general tax limit, has been paying an extra two mills for years to pay off an old debt. The debt will be paid off in 1955.

They also say they plan to use only two mills of the asked-for 2½-mill increase: a half-mill for the hospital addition and a mill and a half for general improvements. The extra half mill, says the city, is just to satisfy requirements for issuing bonds to build the hospital wing.

"The average property owner's house is assessed at $2,700," Gabert said. "This means he'd be paying about $5.40 a year for these improvements. I don't know of another city in the country that could do so much on that small amount of money."

Furthermore, Gabert said, Pontiac's tax rate would still be about 20 per cent less than in other cities its size.

The merchants' association president pointed out that added sewage facilities, better streets, more parking and more fire stations will be good for Pontiac's business and people in general.

"All these things will tend to bring Pontiac new business and encourage present stores and businesses to expand," he said. "This means Pontiac people will get a wider choice of merchandise and have more shopping conveniences."

Gabert maintains that "these improvements will help the people. The health of business in any community depends on the health and welfare of the people in that community."

Business and industries in Pontiac now pay about 65 per cent of the city's taxes.

Gabert said he's sure that "anyone who understands what's really at stake will vote yes Monday on the 2½ mill tax limit hike.

"Would anyone," he said, "want a $2-a-thousand tax cut at the price of all these public improvements?"

* * *

BOTTLENECK—A train chugging along the Grand Trunk Western Railroad backs up 5 p. m. traffic on Johnson avenue. Pontiac officials plan to separate the railroad tracks from Johnson avenue, running them over or under the street, if property owners Monday vote to raise the city's tax limit from the present 10 mills to 12½ mills. Four such "grade separations" are among many projects city officials plan to carry out with the extra money. The city points out that raising the tax limit doesn't mean raising taxes, as only two mills of the 2½ will actually be used. Property owners have been paying an extra two mills for many years to wipe out an old debt that will be paid off completely next year.

Pontiac Press Photo

Elizabeth II, Duke Sail From Australia

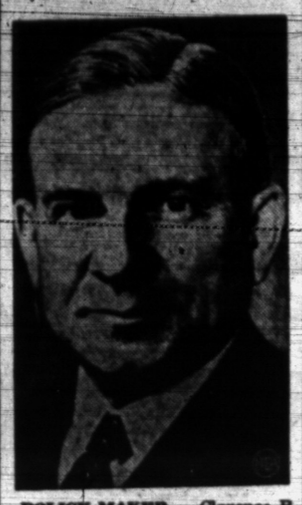

PERTH, Australia (UP) — Queen Elizabeth II sailed from Australia today after a 57-day visit that won resounding cheers from her Australian subjects.

The royal liner Gothic steamed from Fremantle Harbor as thousands of onlookers waved and shouted goodby and other ships sounded their whistles.

The next stop on the young monarch's commonwealth tour is the Cocoas Islands, in the Indian Ocean 800 miles southwest of Singapore.

The Queen, standing on the top deck with her husband, the Duke of Edinburgh, looked as happy and refreshed today as on Feb. 3, when the Gothic brought her into Sydney. She had traveled thousands of miles across the broad nation and carried out 250 formal engagements.

The Canadian citizenship act does not entitle an alien to be the owner of a Canadian ship.

POLICY MAKER — Clarence B. Randall is the author of the new foreign trade program which President Eisenhower has sent to Congress for approval. A former steel executive, Randall's plan would cut U. S. tariffs in order to increase trade with the free world.

500 Applications Taken for 30 Jobs in Pontiac

Over 500 applications were received for about 30 laboring jobs to be filled by Pontiac this spring, according to James R. Stelt, city personnel director.

The positions include construction work plus cemetery and park maintenance, Stelt explained. About eight persons have been hired so far. The city's policy is to give Pontiac residents preference, he added.

Waives Hearing on Manslaughter

MUSKEGON (UP) — William Z. Culvert, 23, Muskegon, was expected to be arraigned today in circuit court on manslaughter charges.

He waived examination late Wednesday. Culvert first had demanded examination and was ordered held in lieu of $7,500 bond pending hearing April 9. Later in the day he changed his mind and waived.

Culvert is held in connection with the traffic death of Mrs. Walter Young, 41, Muskegon Township.

Cost Prohibits Relocation

GRANDVILLE (UP) — State Highway Commissioner Charles M. Ziegler told South Kent Business men Wednesday that widening of south beltline rather than relocation is favored by the Highway Department.

Ziegler said that the cost of obtaining right of way prohibits relocation of the road.

Lathrop Mayor's Trial Is Postponed

LANSING (UP) — The trial of Mayor William H. Harvie of Lathrop on a drunk driving charge has been postponed again, officials in the court of Justice of the Peace George Hutter said today.

Harvie requested an adjournment of his trial, which was to have been held Wednesday, to permit his new attorney time to prepare his case, officials said.

Harvie told the court the attorney he originally retained has gone to Louisiana and that he has retained Victor Anderson, well-known Lansing attorney. He said Anderson needed additional time to prepare his case.

Te trial was adjourned indefinately.

Harvie was arrested Dec. 16 after his car rammed the rear of a limousine used by State Police Commissioner Joseph A. Childs on US-16 near here and he spent a night in the Ingham County jail at Mason.

There are 29 extant autographs of Christopher Columbus.

Federal Agents Nab Ex-Movie Actress

CHICAGO (AP)—Lila Leeds, 26, former film actress and night club singer, and two men were seized by federal narcotic agents and police Wednesday night in a raid in her North Side apartment.

Albert Aman, in charge of the Federal Narcotic Office, said Miss Leeds and the two men were held without charge pending further questioning later today. He said the agents did not find any narcotics in Miss Leeds' apartment.

Miss Leeds' two children, Shawn, 2½, and Ivan, 15 months, who were asleep when the raid was made, were taken to St. Vincent's Orphanage. Her husband, Irving Rochlin, 27, a musician, was sent to Joliet Prison last September for one to two years for violating his probation by using narcotics.

Exalted Bull Frog Freed of Charges

DETROIT (AP)— Charges that Grand Exalted Bull Frog Leroy White obtained money under false pretenses have been dismissed in Recorder's Court.

White heads the Supreme Grand Pond of Grand United Order of Pollywogs, Tadpoles and Bullfrogs. He and his secretary had been named in a warrant issued on the complaint of Fred Wright.

Wright said he paid $5 to join the organization on the promise that he would get employment. White, operating under a temporary state permit as an employment agent for the club, failed to find him a job, Wright said.

Wright reported his $5 has been refunded and said he found a job as a spotter in a dry cleaning plant.

Kalamazoo Bus Drivers Ask Pay Hikes, Benefits

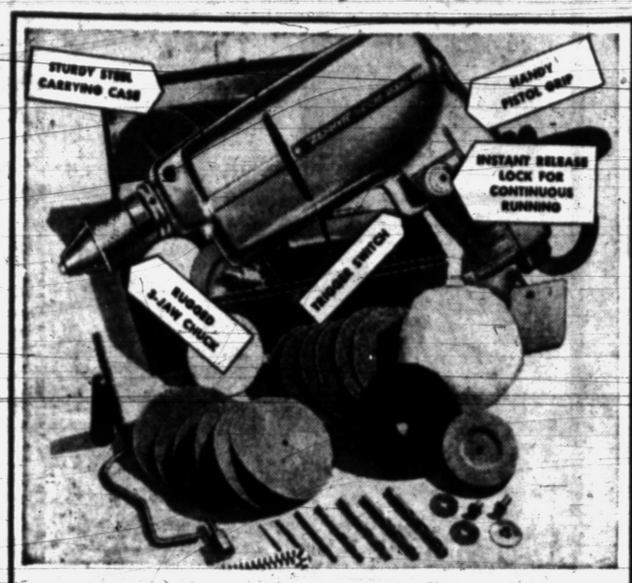

KALAMAZOO (AP) — State labor mediators met with officials of the Kalamazoo Bus Co. and its drivers to negotiate a new contract. The drivers are asking a 25-cent hourly pay hike plus fringe benefits. Present pay rate is $1.40 an hour.

The old contract expired Wednesday but by mutual consent continues in effect until a new agreement is reached.

There is no limit to the number of Christian names one may have.

Bennike Carries On Work of Dr. Bunche in Palestine

United Press Staff Correspondent

A Danish soldier who looks as if he might be a school teacher is the man in the middle in Palestine.

Maj. Gen. Vagn Bennike is chief of the United Nations truce supervision organization.

It is his job to see that war does not break out again between Israel on the one hand and Jordan, Syria, Lebanon and Egypt on the other.

The job is a big and thankless one. Big because relations between Israel and its Arab neighbors have been getting worse for months. They now seem nearing the point of explosion.

Thankless because the complaining country after each of the countless frontier "incidents" is likely to blame the U. N. and Bennike, its trouble shooter, if it does not get satisfaction.

Bennike carries on the peace work that was started in 1948 when war broke out between the new state of Israel and its four Arab neighbors.

Swedish Count Folke Bernadotte, the first U. N. mediator, was assassinated by Jews in Jerusalem on Sept. 17, 1948, after making peace recommendations.

American educator Ralph J. Bunche engineered separate armistices between Israel and the Arab countries early in 1949. He was awarded the 1950 Nobel Peace prize.

Bennike is unlikely to get any glittering prizes. He is just a working man.

Bennike has a friendly, frank look. His steel-rimmed spectacles help to give him a scholarly appearance. He is wiry and weather beaten. He has spent 44 of his 46 years as a soldier.

He is an engineer officer. His knowledge in his specialty helped him, along with his courage and initiative, to become a hero in World War II.

He was then a lieutenat colonel. He devised means of hiding messages so that underground couriers carrying them would not be detected by the Germans. He led the sabotage by the Danish resistance forces against railroads.

He broadcast messages to the Danish exile government in London over a secret radio. The Germans put a big price on his head. He was in constant danger.

Once he clambered out of a back window of a house while the Germans were going in the front door.

Bennike was just going into retirement when he was called on last June to succeed American Lt. Gen. William E. Riley as truce supervision chief.

Since then, there have been three incidents any one of which might have caused an explosion into war. It is Bennike's job to see that the explosion does not occur.

Husband's Disregard of Wife Costs Him $27

DENVER (AP) — Mrs. Jack Suzki roused her slumbering husband to notify him that "I hear footsteps in the house."

Suzki listened for a moment, grumbled, "You're hearing things," and returned to sleep. He awoke three hours later and found his pants in the back yard. Missing, he told patrolman, were his wallet and $27.

Polio May Still Have Ace to Play Against Vaccine

By ALTON L. BLAKESLEE
AP Science Reporter

NEW YORK (AP)—The polio virus could still have some aces up its sleeve to play against the brightly hopeful polio vaccine.

Scientifically it looks as though Dr. Jonas E. Salk's vaccine can prevent polio by creating protective antibodies in the blood.

But how often might the virus attack nerves directly, avoiding the bloodstream where antibodies stand guard? Can the vaccine create enough antibodies to spill over into nerves, to halt that second avenue of attack? The field trials this year on half a million or more children can supply answers.

* * *

Are there some strains of virus which may not be affected by the vaccine?

There are three types or families of virus which cause human polio. There can be many different strains or "cousins" within each family. The vaccine uses one strain from each family. Do antibodies against one strain protect against other strains in the type or family?

From limited tests, Dr. Salk finds evidence that they do. But the field tests hold the real answer whether some strains can sneer at the vaccine.

* * *

The vaccine faces one hurdle or problem common to all drugs or medical treatments of any kind.

This problem is that human beings are not all alike. Even aspirin is bad for a few persons. There is no perfect drug which affects everyone alike.

This means that some of the vaccinated children may, for some peculiar reason, fail to develop antibodies. How many people are built this way?

Take any group of half a million children and some are sure to die within the next six months from natural causes, whether pneumonia, rheumatic fever or other diseases.

If some of these had been vaccinated, the vaccine could be wrongly and hysterically blamed as the cause of death. Health officers, doctors and the National Foundation for Infantile Paralysis are counting on the good sense of parents and others not to jump to conclusions. The cause of deaths can be learned by autopsy.

Only the field tests can show the value or limitations of the vaccine.

The firm expectation is that children who take the vaccine will actually be protected against polio this summer.

* * *

Millions of other children will have to take their chances, as in the past, except that many will receive gamma globulin, the blood medicine which gives temporary antibodies against polio.

Many people mistakenly believe that gamma globulin or G.G. was found to be useless last summer.

A committee of experts said there was not enough evidence from studies of communitywide use of G.G. to say whether or not it had been beneficial. Most times, G.G. was started too late, or when epidemics were dying down naturally.

It said it could not be demonstrated that G.G. had any beneficial effect. But this also means it could not be demonstrated that it did not have a good effect. Evidence from carefully controlled experiments in 1952 showed it could help prevent polio if given to children in time, and in the right dose.

At the best, G.G. is a temporary stop-gap, a kind of fireman jumping in to help extinguish the spread of polio.

The only practical answer for polio is a vaccine.

The field tests can mark the beginning of victory over polio—if it actually protects from natural exposure.

That big "if" will be answered by thousands of volunteering children, the main and tragic victims of polio for too many years past.

Wife Allergic to Spouse So Judge Grants Divorce

LOS ANGELES (AP)—An allergic wife, Mrs. Rose S. Savenick, 24, won a divorce yesterday on testimony that she developed a rash at the mere sight of her husband Jerome, 30-year-old attorney.

"I became allergic to him," she testified, "because of his abusive, belligerent and offensive treatment. I would break out into a rash all over my face and body. My face became so swollen once that I could hardly see for about three months."

The liver of a 90-foot whale may weigh a ton.

Italy's Premier Scelba Launches Anti-Red Drive

ROME (AP)—Premier Mario Scelba has launched his announced anti-Communist drive with orders for a loyalty check of government employes.

The order went to members of his Cabinet yesterday. A second directive forbade union "or other" meetings in government offices or by government workers during working hours.

Pool Will Reopen After Racial Issue

KANSAS CITY (AP)—Kansas City's Swope Park swimming pool, closed the last two years, will open June 12 for all swimmers, regardless of race.

The decision was announced yesterday by the Park Board after conferences among city officials.

Under a decision by Federal Judge Albert A. Ridge on May 7, 1952, segregation at the pool was ordered eliminated unless another pool with equal facilities was built at the park. The decision was upheld by the U. S. Court of Appeals and the U. S. Supreme Court.

Officials have said construction of another pool was out of the question because of lack of funds.

Three Negroes who were denied admittance to the pool in 1951 filed suit against the city. City officials closed the pool pending court litigation.

The United States had no city of more than 100,000 population 150 years ago.

County Teachers to Attend All-Day Institute on Friday

Oakland County public schools, including those in Pontiac, will close Friday to allow classroom teachers to attend the annual county teachers' institute in the Birmingham High School.

Two of Washington's leading citizens, Chester Bowles and President Eisenhower's minister, Dr. Edward L. R. Elson, will headline the day-long conference.

Recent ambassador to India and OPA director during World War II, Bowles will give a "Report from India."

At the morning session, Dr. Elson of the National Presbyterian Church in the capital will speak on "Recovery of Our Spiritual Foundations."

He is pastor to many cabinet members as well as President and Mrs. Eisenhower, and he has been making a series of talks across the country on morality in government circles.

Chairman for Friday's morning session is Supt. Leslie F. Greene of Clarkston. Afternoon chairman will be Miss Virginia Daniel of Royal Oak.

Teacher members of the committee in charge of this year's institute are Rosco V. Crowell, Avondale; Edward Harkins, Berkley; Robert Richards, Birmingham; Wyolene Mallard, Carver; Margymae Fairman, Clarenceville; Richard Carlson, Clarkston; Richard Phelps, Clawson; Cleon Boussaum, Dublin; Ronald Jackson, Farmington; Audrey Filson, Ferndale and Mildred Jutkins of Hazel Park.

Others who have served on the committee are, John Schoenhals, Madison; Richard Griffith, Novi; William Ward, Lake Orion; Louis Corbat, Oxford; Theodore Wiersema, Pontiac;

Mary Winton, Rochester; Mary Dawson, Southfield; Howard Parr, South Lyon; Roudaulph C. Smith, Troy; Mary Weborg, Walled Lake; Cecil Myers, Waterford and Robert Buckmaster, West Bloomfield.

Asks National Guard Stay Home on '4th'

LANSING (AP) — The House of Representatives wants the National Guard to stay off the highways on the Fourth of July weekend.

And it wants the United States Olympic committee to consider Detroit as the site of the 1960 Olympic games.

The first resolution was addressed to the National Guards of Michigan, Ohio and Indiana, all of which use Camp Grayling in Michigan for their summer encampments.

Probes Started on School Blaze

Authorities Investigate Fire Near Buffalo That Killed 10 Children

CHEEKTOWAGA, N.Y. (AP) — Three investigations were opened today into a fire that cost the lives of 10 sixth grade pupils and destroyed the frame annex of an elementary school in this heavily populated Buffalo suburb.

Two girls were burned critically in the fire yesterday.

The dead included six girls and four boys, all sixth graders. Their charred bodies were found pressed against what was left of a window wall. A few feet away were a doorway and broken windows—avenues of escape the youngsters never found.

* * *

Nineteen other pupils, three teachers and the principal of the school were hospitalized with burns or injuries. Two of the 31 pupils in the building escaped uninjured.

John Dwyer, Erie County district attorney, opened an investigation to determine if there had been any criminal negligence on the part of anyone concerned.

Other inquiries were launched by an engineer for the New York State Education Department and by the local board of education.

* * *

The dead children were in a music class when the fire broke out. Three adults in the room at the time shared credit for leading those who escaped to safety.

The adults were the regular teacher, Mrs. Melba Siebold; Miss June Mahany of Buffalo, 20, a practice teacher; and Robert K. Winters of Syracuse, a salesman.

Winters escaped with minor injuries. Miss Mahany, who suffered burns of the legs and cuts, was in fair condition today. Mrs. Seibold also was in fair condition.

* * *

Miss Mahany, who is planning to be married next June, said from her hospital bed "there was a loud noise, very sudden."

"I guess it was an explosion, it must have been," she continued. "The door from the classroom to the hall was open at the time and I suddenly saw smoke pour down the hall."

She said she and Mrs. Seibold smashed locked windows with their hands and pushed the children out.

* * *

"I think we got them all," Miss Mahany added. "I hope so."

At that point, no one had told her of the dead children.

37 Reported Killed by Explosion in Train

LUCKNOW, India (INS) —Thirty seven persons were reported killed today and 40 others injured when a stick of high explosive gelignite touched an electric charge and went off in a crowded passenger train.

The train was in the station at Jagatbela, 200 miles east of Lucknow, when it was rocked by the sudden blast.

It was believed that the stick of gelignite was one of 1,500 recently seized by police at a town on the Nepal border. A policeman was said to be taking the stick to Agra for technical examination.

Reports said the gelignite exploded when it came into contact with leaking electricity.

At least 7,000,000,000 acres of the earth's surface is forested, with about 5,000,000,00 acres of this remaining largely unexplored.

Bishop's Installation Planned for May 20

GRAND RAPIDS (UP) — Installation of the Most Rev. Allen J. Babcock as seventh Catholic bishop of Grand Rapids Diocese has been set for May 20.

Bishop Babcock was appointed Wednesday to succeed the Most Rev. Francis J. Haas, who died last August.

Edward Cardinal Mooney, archbishop of Detroit, is expected to preside at the installation. Prelates and clergy from throughout the Midwest will be invited.

The installation will follow Pontificial High Mass at St. Andrew Cathedral here.

There were only 42,181 franchised new car dealers in the United States in 1954 compared to 47,336 before World War II.

MUSIC IN HIS HEART—John B. Ely, 84, has taken his time before starting work on a music degree at the University of California at Los Angeles. Ely says he always had an inferiority complex about higher education and now he wants to use the new knowledge to work over a stack of his original compositions. One of his symphonies, "Bachiana," has already been performed by the Los Angeles Chamber Symphony orchestra.

Check County Need for License Bureaus

A survey of driver licensing in Oakland County is being made to determine if the need exists for more license examination bureaus in townships now without them, according to Sheriff Clare L. Hubbell.

"The absence of bureaus to serve the growing population of townships has pointed up possible need for additional ones," Hubbell said. The secretary of state's office is assisting in the program, he added.

"I will advise the secretary of state of the results of the survey which might well serve as a pattern for the rest of the state in the licensing of Michigan drivers," Hubbell said.

Writing $77.15 Checks Traps Forger in Lansing

LANSING (UP) — Police today held Leonard Lunau, 20, for investigation of passing between $1,000 and $1,500 worth of bad checks.

They said Lunau has served a term for forgery in a Florida jail and is suspected of passing a number of checks, all made out for $77.15, for the past six months.

Police said when picked up in downtown Lansing Wednesday, Lunau had eight checks in his pocket, all made out for $77.15.

BARRIER BREAKER—Prince Bernhard of The Netherlands is checked out by co-pilot before takeoff in Sabrejet trainer at Los Angeles. Prince flew plane faster than sound.

Bob Considine Says:

Congressman All Alone in Stand Against Tax Cuts

NEW YORK (INS) — A new intersectional record for understatement was set last night by Rep. Fred Marshall (D-Minn), the lone dissenter when the House of Representatives voted 395 to 1 in favor of the bill cutting excise taxes 999 million dollars.

I asked him over the long-distance phone (there was a 25 per cent tax on the call) if he had anything to say about his lonely stand.

"Yup," the congressman said, "that was a pretty strong majority."

Marshall added that, as of the moment, life was pretty much the same for him, despite his solo flight in the face of overwhelming sentiment.

"Haven't heard yet from any of the people back home," he said. "Funny about reaction from home. Sometimes we hope they take notice of how we vote here in Congress. And sometimes we hope they don't."

Marshall's vote was not for the purpose of showing off. He voted against removal of luxury taxes the last time he had a whack at it. On that occasion, Congressmen Paul Jones of Missouri and John Lyle of Texas, both Democrats, voted with him. But this time they had a change of heart. Or, at least, change of ballot.

"Quite a few of my colleagues came to me later and said they wished they had joined me," Marshall reported. "They realize, as I do, that we're never going to balance our budget if we keep making little political overtures like this cut.

"Sure, there were a couple of inequities on the list. Lot of small-town movie houses have been closing because tickets cost too much and people were choosing to stay home and get their show free on television. I'm glad to see that ticket tax go, though I'm not sure TV won't still keep people away.

"But the important thing is the government was collecting nearly a billion dollars a year through these taxes, and they were painless in the extreme. People who buy furs and jewelry don't have to worry much about paying taxes on them. And I figure the folks who backed away from buying things like that, because of the taxes, didn't suffer much hardship by not having them."

Maryland Man Makes 10th Try for Public Office

ANNAPOLIS, Md. (AP)—Alexander W. Andrews of Shadyside, Md., has sought public office 10 times since moving to Shadyside 35 years ago from Gloucester, Mass. He has never been elected, but was beaten in the primary only once. He filed yesterday for the fifth straight time as a candidate for the board of Anne Arundel County commissioners.

The United States produced about 121 billion pounds of milk in 1953.

Rammes' Return Home

Mr. and Mrs. J. A. Rammes of Rosedale place, Sylvan Lake, returned Wednesday from a three-week motor trip.

They visited Monticello and Williamsburg, Va., Mobile, Ala., and the Bellingrath Gardens there, and then went on to New Orleans. They returned home by way of St. Louis.

* * *

Mr. and Mrs. Newton Skillman Jr. have returned to their Lake Angelus home from a Caribbean cruise which took them to South America and the West Indies.

* * *

Barbara Hall of Evelyn court is planning a three-week tour of Europe. She will leave April 9 by plane and will visit France, Italy, Switzerland, Holland and England before returning home May 2.

Some of the cities she will visit are Paris, Nice, Rome, Florence, Venice, Lucerne and London. She will see Versailles Palace, Monte Carlo, Vatican City, the Grand Canal of Venice, Westminster Abbey and Buckingham Palace.

* * *

Recently returned to their Sylvan Lake home are Mr. and Mrs. Leon Zielinski who spent three months at Delray Beach, Fla.

While there they were hosts to Dr. and Mrs. Robert Bercoe of Chicago and to Mrs. Zielinski's mother, Mrs. Ed Budd of Cedar Springs.

* * *

Shirley Baylis of Spence street was one of 20 junior women at the University of Michigan tapped for Mortar Board Monday evening. Shirley was chosen for her contribution to scholarship, leadership and service on the campus. Mortar Board is a national senior women's honorary society.

* * *

Mrs. Harold Kelly of Judson street will open her home Friday to members of Fireside Club.

DONNA TEMPORALI

Announcing the engagement of their daughter, Donna, to George Links are Mr. and Mrs. Andrew Temporali of South Jessie street. George is the son of Mr. and Mrs. Sam Links of Indianapolis, Ind. They are planning a Dec. 18 wedding.

Empress Made Silk

Silk was given to the world by a woman, the young Empress Hsi-ling-shi, more than 2,000 years ago. It was an accident, when the empress dropped into hot water the pesky worm cocoons that were infesting her husband's mulberry trees. When the fine shining fiber loosened and dried, she spun it into a web, and silk fashion was born.

Washability Asked for Dressiest Garb

So many of the most attractive cottons are machine-sudsable this season, women are getting more and more accustomed to putting their dressiest clothes into the washer.

Thrifty shoppers don't hesitate to turn down a party gown which doesn't have a guarantee of complete washability! It's a healthy trend to get the outfits that cost practically nothing to care for and require so little effort!

Pontiac Press Photo

Dick Hartman of Glendale avenue and Joel Goldberg of James K boulevard (back, left and right) stopped their decorating project long enough to check on the progress of plans for the third annual "Spring Fling" of the Temple Beth Jacob Youth Group.

Seeing that all arrangements are in order are Judy Levine (left, front) of Ottawa drive and Marilyn Goode of Cherokee road. The dance will be held Saturday evening in Temple Beth Jacob.

At Oakland Hills Wednesday

Boss Night Dinner Slated

Oakland Hills Country Club will be the setting for the Wednesday Boss Night Dinner sponsored by Tipacon Chapter of American Business Women's Association.

Julie O'Brien, general chairman of the event, has announced that Dr. George B. Bohman, professor of speech at Wayne University, and Judge George B. Hartrick will be speakers for the evening.

Committees for the program include Dorothy Brooks, Shirley Albrecht, Peggy Cooper, Corrine Halerow, Evelyn Cole and Alice Cook on decorations, and Bessie Holliday, Hazel Wells and Pan Trent on entertainment.

Frances Phillips is program chairman, and on the reception committee are Judy Reynolds, Isabel Van Tassel and Betty LeCornu.

Dorothy Reynolds and Miss Phillips head the ticket committee.

Banquet Attended by Past Presidents

The annual banquet of the Past Presidents Club of Oakland County VFW Auxiliaries was held Tuesday evening in Detroit.

Attending from Pontiac were Mrs. Harold Potter, Mrs. William Vandecar, Mrs. Margaret Ballard and Mrs. Clarence Kitson.

Remove Egg Stain

To remove an egg stain from a washable fabric, soak it in cold water and then wash.

Officers Elected by Bagley PTA

Officers were elected at a recent meeting of Bagley PTA at the school.

Mrs. John Woodward is president; James Keller, father vice president; Lulu McGregor, teacher vice president; Mrs. James Smith, secretary, and Mary Jean Bridge, treasurer.

Robert St. Clair of the Chamber of Commerce spoke on the improvements needed in the city, which will be brought to a vote in the Monday election, and a discussion was conducted on the new addition to the school by J. Cecil Cox, assistant superintendent of schools.

Members of the Ninth Grade Girls Glee Club of Eastern Junior High School entertained the group. They were directed by Connie Kolb.

Club Is Entertained by Mrs. Anderson

Mrs. Kenneth Anderson was hostess in her Wenonah drive home for the dinner meeting of the Modern Homemakers Club held Tuesday evening.

The hostess presented the lesson on "Up-to-Date Meal Planning." Mrs. George Jones was welcomed as a new member and Mrs. H. L. Stein was a guest.

Good Woolens Feel Smooth and Springy

When buying a woolen sweater, squeeze it gently in your hand. It should have a smooth, springy feel.

Any woolen material that feels rough when squeezed is of an inferior grade.

Crown Put on Pamela's Golden Hair

3-Year-Old Reigns as Miss Boys Club for 1954

By DONNA ANDERSON

Wednesday afternoon she was just a little girl in a pink dress with a pink ribbon in her golden curls, but Wednesday evening she became "Miss Boys' Club of 1954."

Pamela Hamlin, 3 - year - old daughter of Mr. and Mrs. Joseph Hamlin of Missouri street, took the hand of her brother Michael, 9, and walked right into the hearts of the three judges, Mrs. William V. Coulacos, Wilma Greenway of the Pontiac Press and your reporter.

It was a difficult decision to make, however, for any one of the 60 bright-eyed darlings escorted by their proud brothers could wear the crown with fitting grace.

According to the rules, Boys' Club members may enter sisters who are 6 years old or younger in the contest. The only other rule is that they should have a genuine interest in that little sister.

This is where Michael Hamlin really shines. His father said that he wants Pamela with him wherever he goes. "He is forever trying to show her off to his fellow club members," said Mr. Hamlin.

Michael had been planning for the evening's festivities for a long time. It was Michael who decided that his sister's dress would be pink and he personally saw to it that she was wearing the strand of tiny pearls around her neck.

Pamela was calm as she received her crown and a doll dressed in pink that was almost as big as Miss Boys' Club herself—for she is a very tiny girl of 3 years old.

Her other reward was a congratulatory kiss from her adoring brother, who blushed a little, "but who wouldn't with all the fellas out in front?"

A talent show by Boys' Club members was also on the program for the evening.

Winners by audience applause were Merry Minstrel Trio members, Terry Warren, Jim Jeffries and John Givens. In second place was Ray Oxender with a drum solo, and placing third were the Cool Cats of Dogville, Lyn and Gary Nelson.

The choosing of Miss Boys' Club of 1954 marked the middle of the 48th national Boys' Club Week. The local club is celebrating its 10th year, according to Mr. Coulacos, executive director of the Pontiac club.

ANN FITZPATRIC

Mr. and Mrs. Emmett G. Fitzpatric of West Hopkins avenue announce the engagement of their daughter, Ann, and Earl W. Skrobeck, son of Mr. and Mrs. Wesley Skrobeck of Drayton Plains. No wedding date has been set.

Pontiac WCTU Meets Tuesday With Mrs. Bluth

Mrs. William Bluth was hostess in her Cottage street home for the Tuesday meeting and cooperative luncheon of the Pontiac WCTU.

Mrs. Roy Fosbender gave devotions based on the 24th Psalm. Mrs. Sherril Grubb gave a review of a book, "Real Living Takes Time" by Hazel Werner.

"According to the book," Mrs. Fosbender said, "We won't have time for our fears if our faith is great enough.

"Real living is getting close to God by praying and by reading the Bible," she concluded.

An article, "Dealing With Alcoholism" was read by Mrs. Pearl Karr. The April 27 meeting will be held in the Shirley avenue home of Mrs. LeRoy Shafer.

Mrs. Lee Feted at Bridal Party

Mrs. James Robert Lee was honored Tuesday evening with a miscellaneous post-nuptial shower at the home of Mrs. Mary E. McClusky on Glenwood avenue.

Mrs. Lee is the former Jacquellen Haight, daughter of the C. R. Haights of Terre Haute, Ind., and James is the nephew of Mrs. McClusky. They spoke their vows Jan. 5 at Mount Zion Methodist Church in Lafayette, Ind.

Mrs. Lee, who is residing with Mrs. McClusky, will leave later in April to join her husband in Norfolk, Va., where he is stationed with the Navy.

Twenty-four guests were present for the dessert luncheon and shower.

Meeting Scheduled by District WSCS

Flint District of the Women's Society of Christian Service of the Methodist Church will have its annual meeting Friday at First Methodist Church, Flint.

Registration and coffee hour will be at 9 o'clock. The speaker will be Mrs. John Burney, dean of women at Clark College, Atlanta, Ga.

Reports of committees will be given and election of officers will be held during the all-day meeting. Mrs. Arthur Beaudry of Flint, president of the district, will preside at the meeting.

Style Show Viewers Go to Bermuda

600 See Cruise and Resort Collection Aboard 'Liner'

By JUDITH L. CLEMENCE

More than 600 fashion-minded spectators took an imaginary trip to Bermuda, all "decked" out in the latest cruise and resort wear Wednesday evening.

The setting for the spring fashion showing held in Pontiac High School was an ocean liner bound for Bermuda.

Models for the sponsoring group, Beta Sigma Phi sorority, paraded up and down the "gangplank" in everything necessary for a cruise from all-weather coats to bathing suits.

Highlighting the collection were the ever-popular separates which were shown to excellent advantage on the very slim models.

The "separate look" was becoming in both full and slim skirts, and did a great deal to show off this year's exciting fabrics. You'll find the polished cottons from this collection at Alvin's dress shop — just what you've been wanting for spring and summer.

A number of the special occasion separates can be worn through summer and right on into winter very important to the budget-minded woman.

Dresses, too, from this collection may be worn from season to season. A typical example was a gray striped cotton date or special occasion dress.

Sheath dresses appeared in cottons, linens and silks, and not to be overlooked was the empire waist which these oh-so-slim models wear to perfection.

Anyone planning a cruise will be interested in the crew neck dress of cruisaline fabric which is as nearly wrinkle-resistant as any fabric can be. This dress, called "Airmail Special Delivery," is white trimmed in red and blue.

A striking suit which drew applause was of black cotton with a print blouse matching the jacket lining. Another combination was in Dior blue, boasting a sheath dress, a jacket and skirt.

During intermission dance numbers were performed by Pamela Grischow and Beverly Fox, and the Singshots from Waterford High School sang several numbers.

In the second scene, the boat had docked and models were parading on deck in sports wear including slacks, shorts and lo-reador pants — so important for cruising now and for all summer.

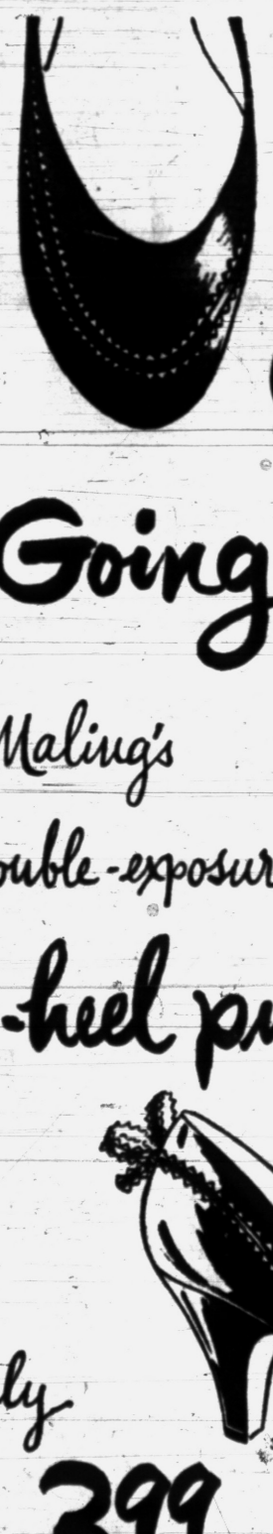

Perfect for dressing up in the evening were the everglaze cotton separates and the polished cottons — looking so much like silk. And you can't tell these separates from dresses.

A cruise wouldn't be complete without a dip in the pool, so spectators saw themselves in latest fashion bathing suits as models concluded the show in their own special-type suits.

Models from Beta Sigma Phi sorority were Mrs. Robert Shorey, Mrs. William Thomas, Mrs. Ray Slaughter, Mrs. Lucille Menzel, Betty Lippard, Mrs. Dallas Nelson, Cecelia Barry and Winona Hepler.

Other models were Mrs. Bengt Puls, Barbara Teranes, Eve Ritchey, Mrs. John Riley, Dee Brim, Mrs. L. Raymond Sampson, Georgia Lee Tasco and Mrs. Claud Urevig.

Mrs. Shorey was general chairman of the affair.

Iraq Caldron Conducts Ceremonial

Ohioan Serves as Inspecting Officer Wednesday

Iraq Caldron, Daughters of Mokanna, held the annual ceremonial and inspection Wednesday evening in Grotto Hall on West Pike street.

Marguerite Renner of Akron, Ohio, supreme mighty chosen one, was the inspecting officer. She was introduced by Mrs. Edward Pritchard, mighty chosen one of Iraq Caldron.

Mrs. A. Murray White, laila of Iraq Caldron, introduced the distinguished guests. They included Patrick Vandercook, monarch of Iraq Grotto, and Mrs. Vandercook, Mrs. Otto Koch, mighty chosen one of Ann Arbor; Mrs. Meridith Steele, laila of Ann Arbor, and Mrs. Victor Bodamer, worthy high priestess of Pontiac White Shrine.

Others were Mr. Pritchard, royal patron of the Order of Amaranth; Mrs. Matthew Shelton, president of Mothers Club of the Order of DeMolay, and Walter Shelton of the state board of representatives of the Order of DeMolay.

Initiated into the order were Mrs. Roger Smiley, Mrs. Herbert Gartner, Mrs. James Nickell, Mrs. Eugene Redmond, Mrs. Russell Cutler and Mrs. John Thomas.

Others were Mrs. Grace Hugg, Mrs. Bertha Clendenning and Mrs. William Hoggenhopp.

Members of the ceremonial cast were Mrs. Ted Arnold, Mrs. Glenn Jolly, Mrs. Bodamer, Thelma Anderson, Mrs. White, Mrs. Matthew Shelton and Mrs. W. J. Morris.

Others were Mrs. Russell Marion, Mrs. Charles Kugler, Mrs. Frank Pereny, Mrs. William Anderson, Mrs. Dee Pritt and Mrs. Harry Miller.

Mrs. Earl Anderson, Mrs. Fred Crossman, Mrs. Samuel Smith and Mrs. Roger Smiley completed the list.

Directress of the cast was Mrs. Karl Hugg and Mrs. W. J. Morris was soloist.

Mrs. William Anderson and Mrs. Miller were in charge of decorations, and refreshments were planned by Mrs. Henry Anderson, Mrs. Benjamin Richardson and Mrs. Mont Bodman.

On the hospitality committee were Mrs. Bodamer, Mrs. Russell Woodbury and Mrs. White.

Transparent Spring Bags New But Sad

NEW YORK (INS) — Newspaperwomen, and other ladies who are victims of packed purse-itis (sometimes referred to as heaped handbagia), will be disconsolate at today's fashion news . . .

Plastic handbags are back. Stronger and more transparent than ever.

When this trend was first introduced about five years ago there were those who said it would never last. Wishful thinkers, we were.

Today, experts reveal, the "see-through" handbag is the fashionable toter of the summer season to come. Not only that there will also be high-fashion bags made of wide-woven straw lace, well-spaced bamboo stalks and revealing combinations of all three.

One of the top styles will be bags made of two layers of plastic, with little fabric flowers sealed in between — to confuse further the panorama of pandemonium within.

Grandma could have handled this sort of thing but she didn't smoke, carry nine keys, use as much make-up or partake of chlorophyll drops.

Gay Ann Burling Becomes Bride

First Christian Church was the setting Saturday evening for the wedding of Gay Ann Burling and Edward Larkin.

The bride is the daughter of Mr. and Mrs. Cyril Burling of West Huron street and Edward is the son of Mr. and Mrs. A. L. Larkin of Watkins Lake.

For the ceremony Gay Ann chose a light blue suit with navy accessories. Her flowers were white roses. Mrs. William Snow of Battle Creek was the matron of honor. Walter Motley was best man.

Automatic Ironer Is Easy to Store

Have you hesitated about buying an automatic ironer because you did not know exactly where to place it once it came into your home? Of course it depends largely on what kind you buy. Portable ironers easily can go on a shelf or in a cabinet corner. Larger ironers push into pantries or closets.

One ingenious woman removed the three lowest shelves from part of a cabinet, rolled her ironer into that space. If the kitchen is fairly large the ironer can be parked there, especially if it has a cabinet top.

One homemaker says she keeps her ironer in the kitchen to use the top surface for storage, then rolls the appliance into her dining room when she gets ready to use it, so she can stack all her finished flat pieces on the dining room table.

While visiting the west coast, the Robert B. Olivers of West Iroquois road met Buick's general manager, Ivan L. Wiles, and Mrs. Wiles of Flint at the Motorama preview. Pictured, left to right, are Ann Oliver, Mr. and Mrs. Wiles, the Olivers and their son, Lt. Robert B. Oliver Jr.

Grooming Workshop Set

A workshop on good grooming will be held in Consumers Power auditorium Saturday from 1 to 3 p.m. for Girl Scout leaders and troop representatives.

Mrs. Ray Lawson will speak on good grooming. She will give hints on hair styles and what it means to be well-dressed.

A style show will feature teenage costumes for spring and camp. Modeling for the show will be Helen Jane Spark, Suzanne Haddrill, Manitta Foster and Sharon McRae.

Modeling official Girl Scout uniforms will be Mrs. Peter Gouin, Mrs. H. E. Millspaugh, Bernice Lilleyman, Barbara Monteith, Marcelene Dennis, Jacqueline Andrews, Carol Murphy and Joyce Livingstone.

Walk for Beauty

Walk frequently for beauty. Besides being the best all-round exercise, walking affords you the opportunity to concentrate on improving your posture. And, of course, the fresh air will do wonders for your skin.

Working Girls Are Assuming Mature Attitude

ST. LOUIS (INS)—The nation's working girl is taking a new attitude toward her job and fashions, according to the editor of a leading women's magazine.

Mrs. Kathleen Casey says that in the course of a recent nationwide tour she found women taking a "more mature viewpoint."

After talking to hundreds of "girls in a job"—a term she prefers to "career girls" — Mrs. Casey notes:

"I've found that girls no longer are taking jobs just to fill in the time and earn a little money until they get married. I don't say they want absolute economic equality with men, but they do want a chance to be successful in their careers.

"And women don't want to be put on a pedestal in an office. They want to do a good job and they want to conquer the faults that have held them back.

"We realize that if a man blows his top, no one thinks anything about it, but if a woman looses her temper, well, isn't that just like a woman."

Stainless Utensils Easily Cleaned

Stainless steel kitchen equipment and utensils are easily cleaned if you don't allow deposits of food and grease to congeal and harden.

It's important to suds off stainless steel promptly because moisture trapped under food deposits can set up a chemical action which pits the surface.

Hair Styles for Spring and Summer Are Accenting Controlled Mobility

Wife Seeks Help for Jobless Hubby

By ANNE HEYWOOD

"My husband is out of a job for the third time in five years," a young wife writes, "and he is having quite a lot of difficulty finding another one. He is a salesman, but he just seems to have bad luck.

"He desperately needs some help and advice, but we have no money to pay for it. Is there anything you can think of that might help him?"

There is an excellent book, called "Pick Your Job and Land It," which might give him just the help he needs. It is based on a plan worked out by the Man Marketing Clinic.

The Man Marketing Clinic is a free service, with branches in several cities, which helps people put their best foot forward, vocationally speaking.

Operating in groups, they show you how to prepare resumes and job-hunting letters, discuss behavior on interviews, and all the other phases of getting a job.

Because they work with groups, there is a wonderful misery-loves-company feeling. It may give your husband the moral support which a job-seeker needs.

You might check your telephone directory and see if there is a branch of the Man Marketing Clinic in your city.

But whether there is or not, the book will be of great help to your husband. It covers every kind of job problem.

For example, if your husband has had such bad luck keeping his sales jobs, it may be that he's been in the wrong field.

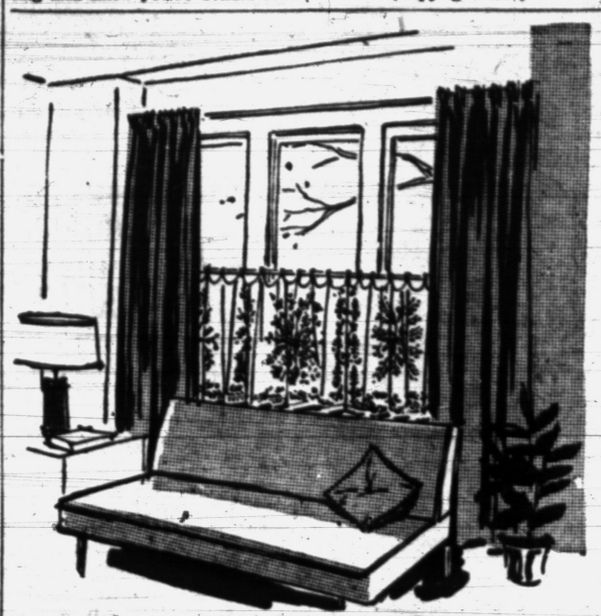

Sections 2 and 3 of the book will give him tips on analyzing his abilities and interests, and may help him put his finger on the trouble. There is an excellent section on written resumes and letters, and a good section on where to get job leads.

If your husband will study this book carefully and do what it says, I'm sure his job problem will be solved.

Meantime, you do your share by keeping up your courage, and letting him know you're behind him.

This kind of job trouble doesn't mean that he is going to be a failure—many of our most successful business leaders had a rocky time of it the first few years.

(Copyright 1954)

Draperies, Cafe Curtains Conceal Outdated Window

By ELIZABETH HILLYER

If draw draperies don't quite solve the problem, design cafe curtains into the window treatment and see what they can do.

Long draperies and short cafe curtains together polish off some of the toughest problems, as they do for the outdated window group here.

So much is wrong. There's too much woodwork. The sills are too high. The windows are too close to the house next door.

Floor-length draperies alone take care of everything when they are closed, but they must be opened to let in light.

Even with the sofa placed to cover the strip of wall below the sills, there's still the question of privacy, and too much woodwork shows.

Cafe curtains become gentle but competent bulwark against the outside world, and hung like this, they cover the sills and the lower half of the inside window frames.

Vulgar Talk Upsetting to Hostess

She Asks How to Deal With Situation Tactfully

By EMILY POST

A reader asks: "What can a hostess do when vulgar talk is introduced at a party in her house? Every once in a while this occurs and I always feel helpless.

"I have tried changing the subject, but this does not seem to help. Do you have any suggestions as to how this situation can be handled most tactfully?"

Answer: Saying, "I do not think that we have chosen a pleasant subject of conversation," and then starting a new topic yourself is about all that you can do that evening.

But for the future, you can avoid inviting to your house any person who does not respect your wishes in this matter.

Dear Mrs. Post: We're announcing our daughter's engagement soon at a family dinner. We have never met the man's parents or any of his relatives. My daughter knows his parents, but only slightly. Do we have to invite them to this dinner?

Answer: Since your future son-in-law's parents are strangers to you—and that probably means strangers to your friends — inviting them to the engagement dinner is not an obligation of courtesy.

Neither is it expected that you and your husband be invited to any dinner given by the bridegroom's family. If either of your families were giving a general reception, then you would, of course, invite all members of the other family.

Dear Mrs. Post: Should a widow who is going to be married send invitations or announcements to her first husband's family? Or would it be better taste to send them no personal notice of this wedding?

Answer: It depends entirely upon her relationship with her first husband's family. If they have continued to love her, they may be almost as glad for her as they would be for an own daughter and even be willing to go to her wedding.

On the other hand, if they have drifted apart, it might be best to send nothing out.

Put Lotion on Arms

When you apply hand lotion, keep going right up to the elbow if you want soft, beautiful arms.

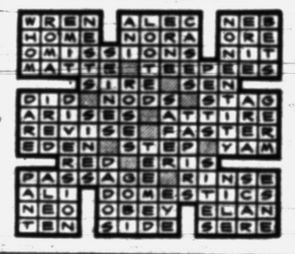

IF 5-foot 2-inch—

Stop your jackets at top of the hipbone because you need leg length and this spring the shorter cut is the favorite.

Mrs. T. I.—The shirt top takes away much desired leg length so rejoice that the newest look in suits is jackets clipped to the hipbone.

Answer to Previous Puzzle

Hair styles in coming months will feature femininity and controlled mobility. The styles shown here are the spring innovations of stylist Henry of the Roosevelt. His Nina cut (upper left) is a sleek cap from crown to nape, softened by a few kiss curls.

The sentimental note is struck in his Botticelli cut (upper right) that flows back in waves that are caught in half curls. Versatility reigns in the Chop Chop (lower pictures) which bends easily to the brush. The hair is cut carefully in layers so that neatness is not lost to casualness.

Italian Cut Is Modified to U.S. Look

Tresses Are Fluid Without Appearing Tousled

Hair styles for spring and summer will continue to accent the fluid but controlled lines that made news last fall. This comes straight from New York's top coiffure creators.

The future points to femininity without frivolity, neatness without severity, individuality without affectation. It would seem that standards of styling in this era of short hair are finally well-established.

A key word in the current trend is mobility. We saw it in last year's Italian cut. Since that much-publicized hairdo offered nothing beyond movement in all different directions, its popularity was short-lived. However, it did herald a new direction in styling.

In the past year American stylists have been adapting the mobility of the Italian cut to the American look. The results have been notable.

Our stylists have tempered the mobility with considerable restraint, giving us a look that is at once free and controlled, sleek and fragile.

And, because mobility remains the key to the styling, the possibilities for variety are limitless.

For spring, stylist Henry of the Roosevelt is taking his cue from the fashion world and accenting youth.

"Even the sophisticated slim fashions have a supple rather than a slinky look," Henry pointed out. "And of course," he added, "the empire waistline and the princess line are most important.

"So, to complement these styles I have introduced the Botticelli angel cut. It features individually placed half curls that have a frankly sentimental feeling. And, like a little girl's, they are carefully combed."

The Chop-Chop cut and the Nina are aso among this stylist's spring and summer innovations.

The fluidity of the new mode of hair styling is most evident in the first, which falls into a new pattern at the command of the brush.

To create this cut, Henry shapes and molds the hair to the head in layers. Consequently, he says, this casual style never loses its "just brushed" neatness.

The Nina cut is Henry's interpretation of sophistication for spring. The smooth, precise cap from crown to nape is softened by a few strategically placed kiss curls at the forehead and over the ears.

Girls Who Travel Around in a Crowd Discourage Lads With Date Intentions

By ELIZABETH WOODWARD

A gang of girls is enough to terrify many a mere male. The business of isolating the one he likes best from the bunch seems like a terrific problem.

She always seems to be in the very middle of the cluster—and the only way to pry her to the fringes so he can talk to her is to howl out loud. When he gets up his courage to try, he faces the smiles of the whole bunch. And he can't think of anything to say with all of them listening in.

Girls who are constantly surrounded by other girls are hard to date. They're even tough to get acquainted with. Which is why the boys are complaining enough to prompt this girl to write like this:

"Dear Miss Woodward: We're a group of girls between 15 and 17 who have been best friends since grammar school and have continued this friendship through high school.

"Our problem is the fellows we go around with—they think we girls are too chummy with each other. They think at our age we should be more friendly with the fellows than with the girls.

"But we disagree. Therefore they never ask us out on dates, even though we are known around as being a beautiful bunch of girls.

"When we meet fellows outside of the crowd and go out on dates with them, our fellows bellow and try to scare them away. That sometimes results in a serious fight.

"We think your advice is very logical—so will you please tell us what you think about our situation?"

You girls have undoubtedly given the boys the impression that they aren't vitally necessary to your well being and happiness.

As a bunch, you're perfectly content to be together. You have your own jokes, you stimulate each other to laughter, you're your own mutual admiration society. Together you can go just about wherever you please — a tight little independent group.

And if you're always seen in public together, the boys just don't have a chance. It's tough to find enough courage to tackle you all at once.

And even if the boys gang up—it makes such a mob scene that the chatter is all noise and confusion, cracks and sallies. Nobody has a peaceful moment for getting acquainted—for cementing date-producing friendships.

It's quite possible that the boys' complaint is justified. Not that you girls should see less of each other. But you could be seen less often in a group.

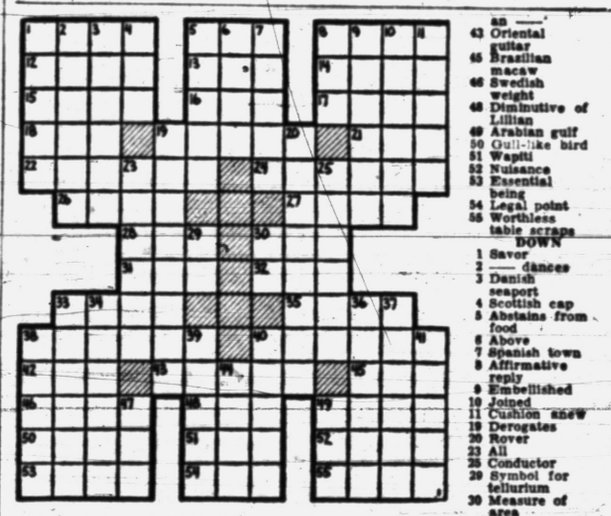

You could make a point of splitting into pairs at strategic moments. Around school at the times when the boys are available, you could be available, too —singly.

Each of you could be more responsive to the attentions of individual boys. Each of you could be more willing to run around with people who aren't in your group. Each could make arrangements for herself without insisting that the "whole board of directors" tag along every time.

United, you girls do have fun. But divided, you might have more.

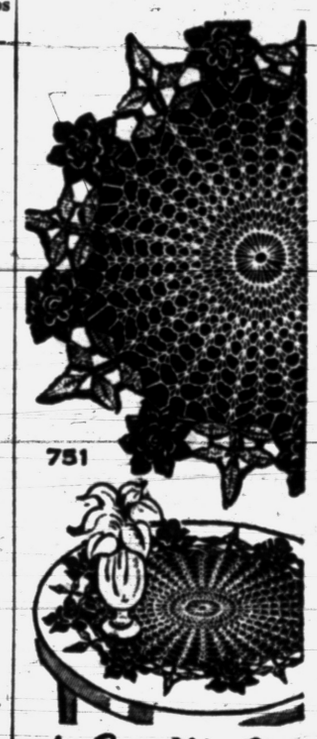

For Shining Mirror

When cleaning mirrors, you will get really shining results if you add a little borax or a few drops of alcohol to the water.

Denim Enhances Summer Decor

Planning to shift scenes with your draperies and slipcovers just after Easter? Take a tip from that house in Tyler, Tex., which a home magazine featured recently.

All the rooms of this ranch-type home were done in denims because of this fabric's suitability to a warm climate.

Rainbow-striped draperies brightened the dining room; a sophisticated color combination of citron yellow, gold and gray styled the master bedroom, while the teenage girl's bedroom was done in red, white and blue—reminiscent of blue jean popularity.

Almost any day now, progress may catch up with the baseball umpires and vacuum cleaners will be replacing the home-plate whisk-broom.

Use Bleach to Remove Floor Stains

By HUBBARD COBB

One of the things that you get out of rearranging furnitures, besides some miscellaneous pains in your back, is a chance to look at parts of the floor you haven't seen since that last time you rearranged furniture.

Some of these areas are pretty interesting, especially those where something has been spilt on the floor and has left a dark stain to remind you that you should have wiped up whatever was spilt.

Stains of this sort are pretty tough to remove. Sanding away the finish won't do too much good because the stain has worked through the finish into the wood itself.

Sanding the wood sometimes does the trick but more often than not the dark stain must be removed by bleaching.

To do this, first sand off the damaged finish. Use a fine grade sandpaper for this job and remove only as much of the finish as is necessary.

When the stain is finally out you'll have to patch up the finish, and the smaller the patch the better.

Bleaching the wood can be done with a commercial wood bleach that you can get at a hardware store. If the stain is not too bad a household bleach can often be used.

After the stain is out you may find that the wood has been bleached to a much lighter shade than the surrounding wood. This calls for very careful use of stains to bring the wood back to just the right shade.

Apply very thin coats of stain and give each one ample time to dry before applying more.

When the stain is dry, give the spot a finish. Thin coats of finish should be applied to make the patch as inconspicuous as possible.

Clean Toaster

For safety's sake, clean the crumbs from your toaster occasionally. If you don't, there will be danger of a short circuit. Furthermore, you'll get more effective service from the appliance if you give it a little attention now and then.

4849 12—20 30—42

Beefburgers Baked Atop Potato Dish

Savory and Thrifty Recipe Suggested by Mrs. Henderson

By JANET ODELL
Pontiac Press Food Editor

There is no end to the number of recipes using ground beef — thank goodness — it's such an excellent budget balancer, as well as being good-tasting.

Mrs. James E. Henderson, whose doctor husband is finishing his residency this year, says she has innumerable ways of fixing this versatile meat. She shares one with us today.

Mrs. Henderson has moved around the country a great deal since she was married, although she is a native of Michigan. Most of her time is devoted to the care of her three young children and to adjusting meals to a doctor's irregular huors.

She enjoys meeting with the Alpha Chi Omega alumnae group and is a new member of PEO Sisterhood.

SAVORY BEEFBURGER
Mrs. James E. Henderson

1 pound ground beef
2 tablespoons mustard
1 cup bread crumbs
⅔ cup milk
2 teaspoons salt
3 tablespoons grated onion, if desired
2 tablespoons minced green pepper
¼ teaspoon nutmeg
1 recipe scalloped potatoes

Mix together all the ingredients except the potatoes and let stand for 10-15 minutes. Fix a recipe of scalloped potatoes in a flat pan or casserole. Make thick (one-half inch) patties out of the meat mixture and lay on top of the potatoes, close together. Add milk to cover potatoes completely so that it will cook up and around the meat.

Bake 15 minutes in a 450-degree oven. Lower the heat to 325 degrees and bake at least an hour longer, or until potatoes are thoroughly cooked. Makes six servings.

Tie Back Your Hair

Before you use a cleansing cream, bind your hair away from your face. This way, you can work right up to the hairline.

Harmonious hat-making, despite opposite party affiliations, occupies these congressional wives at their club millinery class. Mrs. Thomas D. Abernethy (left) is a Mississippi Democrat; Mrs. Gerald R. Ford Jr. is a Michigan Republican.

Newspaper students, Mrs. John Taber (left) of New York and Mrs. Karl LeCompte of Iowa take time out from Congressional Club journalism class to see what's in the paper. Both are wives of Republican members of the House of Representatives.

Capitol Hill Wives Work in Harmony

Dem, GOP Women Join Together for Study and Fun

WASHINGTON (NEA) — There's complete Republican and Democratic harmony in Washington—if you know where to look for it. The place is the Congressional Club.

It doesn't matter whose husbands bicker on the "Hill." Here the partisan women bury their political hairpins and get downright clubby.

Currently, a bunch of legislative spouses are as pleased as high school freshmen. Together they're learning to turn out newspaper stories, to speech-make in public, bid a clever bridge hand, even how to parlezvous in French Embassy lingo.

The classes are a part of the club's program, as are the parties and receptions attended by the Democratic and Republican women.

Even with elections coming up, the Congressional Club school bell tolled recently for around 100 enthusiastic students.

Why would a congressman's wife want to tackle journalism?

"I might be helpful to my husband in his weekly letters to the newspapers," explains the wife of Rep. James Frazier Jr. (D-Tenn).

Mrs. Ross Adair, chairman of the public speaking class, feels this course will make the women more of an asset to their husbands. The wife of a Republican representative from Indiana, she has taken it twice.

French lessons are a natural for those whose husbands are on the Foreign Affairs Committee.

French class chairman is Mrs. Bailey Merrill, whose husband is also a Republican representative from Indiana. She majored the language in college.

The wife of Rep. Joe Evins (D-Tenn) used to teach French in high school. But she decided to be a pupil again and brush up on her conversation.

An enthusiast about the bridge lessons, Mrs. Gardner Withrow of Wisconsin thinks playing is a fine way to get to know the congressional wives better. Most of those who signed up already played bridge but want to master the new point count system under Mrs. Ruth Kathan.

Congressional daughter Mrs. John S. Cross explains that the bridge classes are only one part of the club program. There's a weekly bridge marathon as well.

Members also signed up for hat-making sessions.

Mrs. Thomas Abernethy, whose husband is a Democratic legislator from Mississippi, figures the wives are probably interested in taking a really good hat and being able to use it more than one season.

Congressional spouses, who are apt to make numerous public appearances, will now be able to doctor up their old headgear.

Easter will, no doubt, find some of the women modeling a chapeau made completely from scratch under the direction of Mrs. Emma Resides, millinery consultant.

Different kinds of classes have been offered through the years. When Connecticut's Gov. John Lodge was in Congress, his wife taught a gym class.

An up-to-date trend? On the contrary, in checking back through club history it was discovered that around 1915 congressional wives also turned out for gym.

Incorporated by an Act of Congress in 1908, the club boasts among its honorary life members Mami Eisenhower, Mrs. Richard Nixon, Mrs. Woodrow Wilson and Mrs. Calvin Coolidge.

Besides congressional wives, membership is open to congresswomen; also to Cabinet and Supreme Court spouses. Daughters and daughters-in-law can be associate members.

Some of the women who are taking newspaper writing with former Washington columnist and reporter Elizabeth Oldfield may soon be sending feature stories to their home paper.

The workshop includes straight news writing for those "journalists" who want to explain to the folks back home just how a bill in Congress is going to affect them.

For some of the women writing isn't new. The wife of Rep. Leroy Johnson (R-Calif) has done a column for a California paper. The wife of Rep. John Taber (R-NY) has had experience turning out material for a Republican women's newsletter.

Class chairman Mrs. Karl LeCompte is a charter member of the Iowa Women's Press Club and used to write a cooking column.

Although public speaking is popular, it's not because the congressional spouses intend to start competing with their husbands.

"We all feel we need a little more self-confidence," is the way Mrs. Adair explains it.

Teacher Mrs. Hester Provensen stresses the kind of speaking a legislator's wife might be expected to do, such as short presentation and acceptance remarks.

Then when Mrs. Congressman attends that next meeting she'll be all set—even if handed an unexpected bunch of flowers.

Toward the end of the course, the women all chip in for a luncheon at which each of them makes a little speech.

Equip Upstairs Hall as Handy TV Nook

If you do not have sufficient space in your living room for the TV set, and you have an empty hall upstairs, your problem is solved.

By equipping the hall with lightweight furniture you can have a TV corner that will be attractive and provides the necessary privacy. And the set will no longer be a conversation-stopper when guests are visiting.

Most watermelons consumed in the U. S. are timed to reach the markets in late spring and summer.

Photographed while staying at the Surf Rider Hotel in the Hawaiian Islands were Mr. and Mrs. Frank McGinnis of Birmingham who returned today from their first trip to the islands. They visited Hawaii with a group of friends.

'Perfect Rose' Will Blossom on Your Lips

A rose is not just another rose when it's the "Perfect Rose." That's the name of a bud-new lipstick shade for spring. It takes its inspiration from the heart of the rose by matching the delicacy of the flower with the vibrancy of its coloring.

Just the right amount of brilliance and softness makes Perfect Rose bloom to perfection on your lips. It is a striking foil for the oatmeal beiges, blues and black-and-white mixtures in your spring wardrobe and a highlight for the pink and soft watercolor pastels.

If you're a blonde or a brunette you'll wear Perfect Rose to accent a lightly powdered complexion this season and later on to complement a tawny summer tan.

The change of season also calls for a change in your powder and foundation. Pretty flower-like shades of liquid veil foundation in camellia or rose rachel help give your skin a soft petal-like finish with the new rosy lipstick.

Flatter your own natural coloring still further by having a special powder blended for your own skin tones.

Deodorize All Year

Because of heavy clothing and overheated houses and apartments, deodorants are just as necessary in winter as they are in summer.

Plans Launched for Antheon Ball

According to the committees in charge, plans are well under way for the seventh annual Antheon Ball sponsored by the Muses Club.

This semi-formal dance has "Flowers" as its theme and will be held May 2 from 9 p.m. to 12:30 in the Hellenic Hall on Mariva avenue. Proceeds will benefit the St. George Greek Orthodox building fund.

Chairmen include Mary Varon and Maria Kiriako, decorations; Sophie Williams, publicity; Madeline Gabriel, tickets; Evelyn Ryeson, entertainment, and Christine George, refreshments.

Coming Events

Wayside Gleaners of First Baptist Church will have a Fanny Crosby program of music in Barnett Chapel Friday at 3 p.m.

District WCTU Conducts Spring Institute in Pontiac

"Temperate Christian people who reject and oppose loose and dangerous legislation should be the ones put into public office," said Mrs. W. B. O'Neal, speaking before the 18th District WCTU Federation Spring Institute Wednesday at Barnett Chapel of First Baptist Church.

Mrs. O'Neal, who is national field secretary for the organization, said, "Politics is citizenship in action." She spoke of the cost to the nation of the care and rehabilitation of alcoholics, and suggested that sensible legislation should help to prevent such alcoholism.

She paid tribute to the national legislative chairman, Elisabeth A. Smart, for her diligence in observing bills proposed in Congress. Miss Smart was credited with causing changes to be made in many of the bills.

Mrs. Ruth Townsend, 18th District publicity director, reviewed the work done in publicity, and Dr. H. H. Savage, pastor of First Baptist Church, spoke to the group, promising to increase the number of temperance sermons to be preached.

Mrs. Sadie Patten outlined ways to keep the country strong and independent through temperate, Christian living.

Mrs. Julia Hutton, honorary president of the 15th District and state corresponding secretary, spoke on membership promotion, offering a plan to increase membership. She said the need of temperance education at all levels is obvious and brought out the fact that schools for training temperance program leaders have been set up and additional ones are planned.

Mrs. John Veneman was general chairman for the institute and Mrs. A. D. Stimer, Pontiac Federation president, opened the meeting. Mrs. George Perkins led community singing, LaDean Perkins gave temperance readings and Mrs. Leland L. Marion gave the noontime prayer.

Mrs. Tom Malone opened the afternoon session with a devotional message. On the contitution committee were Mrs. Mary Kirkpatrick, Mrs. Elsie McCullough and Mrs. Joseph E. Green, as well as Mrs. Marion.

Committees working on the institute were Anna Gordon Unit, hostess; Frances Willard Unit, decorations; Pontiac Union, book sale; Dora Whitney Unit, under the direction of Mrs. John McCormack and Mrs. David Gee, courtesy and registration; Emor L. Calkins Unit, luncheon; Mary Morton, literature, Mrs. Townsend, publicity; Royal Oak, programs; Walled Lake, platform, and Elia Irish, resolutions.

Others were Drayton Plains, banners; Troy, pages; Ferndale, reception; Birmingham, corsages; Clara P. Todd, assistant publicity agent, and Novi, ushers.

Need No Ironing

If household duties are pressing, don't take the trouble to iron sheets and pillow cases. Instead hang them carefully on the line and fold them neatly for storing. They'll be quite presentable without ironing.

Death Blamed on Carbolic Acid Face Treatment

LOS ANGELES (AP)—An autopsy surgeon has testified that a young waitress died because she absorbed carbolic acid through the skin during a complexion treatment.

The acid caused a respiratory paralysis, Dr. Frederick Newbarr told a jury yesterday at the manslaughter trial of Mrs. Mary Penny, 59. The victim was Mrs. Kay Stanley, 32.

Newbarr said Mrs. Stanley's lungs and heart were good. The prosecutor told the jury Mrs. Penny operated without a state license and used a carbolic acid solution that was too strong for a face peel.

Big-Time Check Passer Choosey About Bankers

PHILADELPHIA (AP)—Henry Henderson, 47, was charged yesterday with writing worthless checks, including one for $60 given to a friend last Christmas Eve with instructions to "live big."

Asked by Magistrate Vincent Dean whether he purchased his checks at a bank, Henderson replied with a look of astonishment:

"Of course not, I deal only at banks where you get them free."

Dean ordered him held in $2,500 bail.

Request Is Reasonable

WALNUT CREEK, Calif. (AP) — "If you're under 21," says a sign in a liquor store, "don't go away mad—just go away."

UMW Affiliates Mark Birthday of 8-Hour Day

PITTSBURGH (AP)—All coal mines covered by United Mine Workers' contracts closed today to mark the 56th anniversary of the union winning the 8-hour day. The traditional contract holiday is marked by numerous rallies.

The tongue of a 90-foot whale may weigh as much as 3½ tons.

Artistic Differences Blamed for Breakup

LOS ANGELES (AP)—A difference in artistic interests was cited by George A. Hormel II of the meat-packing family as he explained the breakup of his marriage to Leslie Caron, French actress and ballerina.

"I am a musician; my wife is an actress," Hormel, 25, a pianist, said as he obtained a divorce yesterday on grounds of cruelty. He and Miss Caron, 23, were married in 1951 in Las Vegas, Nev.

He said Miss Caron "wanted to live an intense artistic life." During an attempted reconciliation in New York last October, he said, his wife told him she had never loved him and did not care to continue the marriage. Miss Caron did not contest the divorce.

Woman Gets Off Bus, Delivers Her Own Child

MANILA (AP)—An Igorot mountain woman who was riding in a bus got off near Baguio City and walked into a hut. She returned 15 minutes later, Philippine News Service reported, with a healthy baby boy she had delivered herself.

She told the bus driver to resume the trip.

PARK FREE REAR of STORE WHILE SHOPPING!

Let's talk about baby clothes and tender skin – and why careful mothers use ***all***

all's controlled suds wash out every trace of dirt– and rinse away entirely– leaving baby things soft and fresh and free from irritating suds deposits!

YOUNG MOTHERS *can* and *do* rely on *all* to safeguard sensitive skin from irritation caused by the harsh suds-curd, or scum, some washing powders deposit in clothes.

The difference is that *all* washes with "controlled suds"—almost no suds—so your washer has no trouble rinsing every last bit of dirt away.

That's why *all* is *prescribed* by leading automatic washer manufacturers who believe it's the best way to get your baby's clothes caressingly soft and hygienically clean.

Prescribed by washer makers

The men who developed the automatic washer knew that old-style soaps and detergents were wrong for such modern machines.

Suds riding around *on top* of the wash water can't possibly remove dirt from the clothes *down underneath*. Thick, heavy suds don't drain out when the wash water does. Instead, they cling to the clothes and won't rinse away.

That's why *all* was created—*without heavy suds*—by the research chemists of Monsanto.

They came up with a new kind of detergent *scientifically tailor-made* to help your washer turn out the cleanest, freshest wash possible.

In the home, as well as in the laboratory, *all* has passed every washing test with flying colors. So leading automatic washer manufacturers now *prescribe all* for best results in your machine.

all's big advantage: "controlled suds"

For some reason, (perhaps "for old time's sake") the active ingredient in other detergents would rather bubble to the surface than work under water.

But that's where the dirty clothes are, and that's where *all* helps your washer do the finest clean-up job of all time.

all's full cleaning power goes to work under the water line!

Instead of jamming your washer with a thick layer of lather, *all*'s controlled suds let the clothes swish and slosh and tumble freely, so all the dirt comes out.

Cleaner rinsing, too!

You know how hard it is to get rid of suds when you wash clothes or dishes by hand.

Well, it's hard for your washer, too. Thick suds glue themselves to clothes and prevent thorough rinsing.

But *all*'s controlled suds rinse out quickly and completely. No dingy suds deposit remains.

So free-rinsing *all* makes all the difference between dull and bright . . . between gray and white . . . between hard and soft.

Why *all* is all you need

You don't have to use bleaches, bluing or water softener when you use *all*. *all* contains a special whitening agent that's better than a bleach because it's gentler. And *all* contains its own water softener in just the right amount.

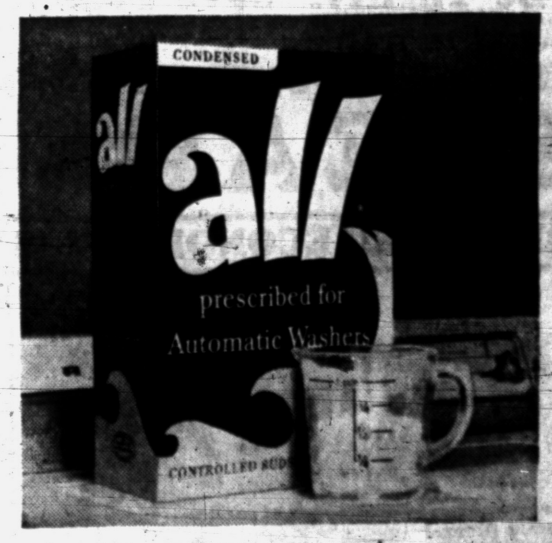

In hard water areas, particularly, women who wash with *all* have learned that for week-in, week-out savings, *all* is their very best buy. And, in addition, their machines rarely need servicing.

all makes this guarantee

Try *all* next time you wash. It's wonderful for the grimiest work clothes, for dainty lingerie, for baby's diapers.

It's unconditionally recommended for the new miracle fabrics like Acrilan, Orlon, Dynel and nylon.

If you don't honestly believe that *all* can outwash ordinary thick suds detergents, your dealer is instructed to refund your money. Monsanto Chemical Company, St. Louis, Mo.

Before you switch to "wash" better switch to "*all*"

Spring Posies to Make and Eat!

Chocolate Does the Flower Pot

Then Gumdrop Tulips Grow Out of Packed-in Ice Cream

Maybe those promising bulbs you have planted last fall haven't sent up the slightest sign of life. Nor have you seen a crocus, much less hide nor tail of a robin.

Nevertheless, spring is here so you want flowers—to look at as well as to pin in your hat. And here's a way to have your flowers and eat them, too, flower pots and all!

Chocolate Flower Pots

6 squares candy-making chocolate
2 tablespoons butter
1 quart pistachio ice cream
Gumdrop Tulips

Heat chocolate and butter over hot water until chocolate is partly melted. Then remove from hot water and stir rapidly until chocolate is entirely melted and blended with the butter. (Mixture should be thick.) With a teaspoon, swirl the mixture around the insides of 10 large paper baking cups, covering the entire surface with a thin layer. Place in muffin pans and chill until firm.

About 10 minutes before serving, fill cups with ice cream. Return to refrigerator. Just before serving, peel off paper and stick a Gumdrop Tulip in top of each filled cup. Makes 10.

Gumdrop Tulips

Use round red or yellow gumdrops for blossoms; cut two notches in each to form petals. Split long green gumdrops in halves for leaves. Use whole long gumdrops for stems. To put together, push a toothpick through stem, fasten blossom to one end, and stick leaves against sides.

CHOCOLATE FLOWER POTS—Gumdrops are used to make these spring flowers "growing" in pistachio ice cream in delightfully fluted chocolate "flower pots." Let other homemakers boast of their green thumb; you will have cause to be proud of these colorful treats.

Flavor of Butter Can't Be Beat

The lower retail price on butter and the current seasonal high output encourage greater use of this favorite spread.

Butter wins its fame both as a flavoring and as a flavor-carrying food. Its delicate goodness accents the blandest of vegetables. And there's a reason why you cook onions in butter before adding them to a sauce or poultry stuffing. The butter picks up the onion flavor and distributes it throughout the dish being prepared.

These flavor and flavor-carrying advantages for which we buy butter also make it susceptible to the stronger aroms of certain foods near it in storage. That is why proper packaging is necessary to keep butter at top quality during its stay in the refrigerator.

Scientific studies show that the paraffined carton and a parchment inner wrap on the butter protect against flavor deterioration, weight loss and denting or crushing. So get the most for your butter money. Make sure the butter is carton protected.

Butter enjoys its greatest use probably as a spread for bread, hot breads and sandwiches. Use is generally right from the carton, but here are some variations. A blend of butter and honey, half and half, is good on hot muffins and waffles. (Also this butter-honey spread is excellent to dot over a slice of ham before broiling.)

A blend of 1 tablespoon softened butter with 1 teaspoon prepared mustard and 2 tablespoons of canned deviled ham makes a flavorsome topping for crisp melba toast (or broiled tomatoes).

A half and half blending of softened butter and grated American cheese with a little mayonnaise makes a spread for broiled sandwiches or a topping for casseroles.

Vegetables are particularly enhanced by butter. The topping may be melted butter or butter and chopped parsley. Or melt a lump of butter right on the vegetable serving, and let each person blend it in himself.

Butter and peas in a smooth creamy sauce dress up the new potatoes now at markets.

Cook Cleans Out Icebox, Family Gets Fine Dinner

By JANET ODELL
Pontiac Press Food Editor

This is one of those days when what we have for dinner depends on what I find in the refrigerator, the freezer and the fruit room. Not only do we live in the country so that we can't run to the corner store for the forgotten item, but it's the end of the budget week.

We have to eat what's on hand. So let's explore the refrigerator first to see what it offers.

Five minutes later: Here's the score:

A few rather dried cooked noodles
3 eggs
Some leftover roast beef
Half a container of cottage cheese
About half a cup each of tomatoes, wax beans, limas and beets
Small amount of sad-looking spinach
3 or 4 jars of pickles in varying amounts
Custard cup full of squash
Some candied sweet potatoes
Cup of apple sauce
Some canned peaches
Salad fixin's

It looks as if I had spent the week serving different kinds of vegetables but never finishing any. The only thing I think of to do with left-over spinach is put it into cream soup.

I like that, but the rest of the family doesn't; anyway, cream soup is so calorific. (I guess the geese will get the spinach—we grow our own garbage disposals).

My five - year - old adores noodles in any form and will be only too happy to clean them up for lunch. We had eggs for breakfast; that's oil for dinner. Upon closer look, I find the cottage cheese has soured; item number two for the geese.

With roast beef for the main course, it looks as if we're going to have lots of vegetables for dinner. The tomatoes and the two kinds of beans will go nicely mixed together and will just need heating.

Beets don't mix with anything. But I can heat them in some of the sweet pickle juice and use them as pickled beets on the relish plate after they are chilled. The carrot sticks, celery and pickles—that should be a good salad.

Squash and sweet potatoes are near enough alike to be mixed. I'll mash them up together, sprinkle them with brown sugar, cinnamon and butter and heat in the oven along with the other dishes.

I expect to make some Casserole Bread later today. That will take the place of regular potatoes tonight. I can always please the family by making bread.

Everything is planned but the dessert. There must be something I can do with that applesauce. I know! If there is some rhubarb in the freezer I'll make a warm pudding. Time out . . . . There is a large box of rhubarb. Here's my version of a Danish Apple Cake recipe.

Rhubarb-Applesauce Pudding

1 cup applesauce (that's what I have)
1 box frozen rhubarb (about 2 large stalks), cooked
9 double graham crackers (crumb these)
Margarine
Sugar and cinnamon

Sprinkle 1/3 of the crumbs in the bottom of a greased baking dish. Add a layer of applesauce and one of stewed rhubarb. Repeat until ingredients are used up. Top with crumbs, sugar and cinnamon and dot with margarine. Bake at 325 degrees for 25-30 minutes. Serve warm, with or without cream. Makes 6 servings.

It turned out to be a good dinner. I found some canned pear and canned grapefruit juice, plus half a lemon, also. So I made a gelatin dessert for tomorrow night.

I had to throw out the canned peaches. Miss Teen-ager had unfortunately laid a jar of dill pickles on its side above them. The pickles leaked. It is not a happy combination of flavors.

Improvising is one of the things that makes cooking fun. Even the cook is sometimes surprised at the results.

Onion Soup Enriches Pot Roast of Beef

Condensed onion soup — that's rich with stock, onions and cheese — adds to a pot roast.

Onion Topped Pot Roast

4 to 5 pound beef pot roast
1 10½-ounce can condensed onion soup

Brown meat well on all sides in heavy pan. Pour onion soup over roast. Cover; cook over low heat until meat is tender—about 3 hours.

Serve roast topped with the onion-soup gravy — there will be about ½ cup of a concentrated rich brown meat sauce. If you want more gravy, add water to the sauce and thicken with flour paste as usual for gravy.

Eggs Good Baked in Savory Sauce

This easy-do luncheon dish is fine for company.

Baked Eggs With Savory Cheese Sauce

3 tablespoons butter or margarine
3 tablespoons flour
½ teaspoon salt
½ teaspoon prepared mustard
2½ cups milk
1½ cups grated American cheese
¼ teaspoon tabasco sauce
6 eggs
Watercress or parsley sprigs

Melt butter in saucepan over low heat; blend in flour, salt and prepared mustard. Add milk; cook and stir constantly until sauce thickens and comes to a boil.

Remove from heat; add grated cheese and stir until cheese is melted. (Place over very low heat again if necessary to melt cheese completely.) Stir in tabasco.

Divide sauce into 6 individual baking dishes. Break egg into each dish. Bake in 325 oven until eggs are as firm as desired—12 to 18 minutes. Garnish with watercress or parsley. Makes 6 servings.

There are orchids in all the major areas of the earth except the Artic and Antartic circles and the great deserts.

Puerto Rico is 1,750 miles from New York City.

Cup of apple sauce
Some canned peaches
Salad fixin's

It looks as if I had spent the week serving different kinds of vegetables but never finishing any. The only thing I think of to do with left-over spinach is put it into cream soup.

I like that, but the rest of the family doesn't; anyway, cream soup is so calorific. (I guess the geese will get the spinach—we grow our own garbage disposals).

My five - year - old adores noodles in any form and will be only too happy to clean them up for lunch. We had eggs for breakfast; that's out for dinner. Upon closer look, I find the cottage cheese has soured; item number two for the geese.

With roast beef for the main course, it looks as if we're going to have lots of vegetables for dinner. The tomatoes and the two kinds of beans will go nicely mixed together and will just need heating.

Beets don't mix with anything. But I can heat them in some of the sweet pickle juice and use them as pickled beets on the relish plate after they are chilled. The carrot sticks, celery and pickles—that should be a good salad.

Squash and sweet potatoes are near enough alike to be mixed. I'll mash them up together, sprinkle them with brown sugar, cinnamon and butter and heat in the oven along with the other dishes.

I expect to make some Casserole Bread later today. That will take the place of regular potatoes tonight. I can always please the family by making bread.

Everything is planned but the dessert. There must be something I can do with that applesauce. I know! If there is some rhubarb in the freezer I'll make a warm pudding. Time out . . . . There is a large box of rhubarb. Here's my version of a Danish Apple Cake recipe.

Rhubarb-Applesauce Pudding

1 cup applesauce (that's what I have)
1 box frozen rhubarb (about 3 large stalks), cooked
3 double graham crackers (crumb these)
Margarine
Sugar and cinnamon

Sprinkle 1/3 of the crumbs in the bottom of a greased baking dish. Add a layer of applesauce and one of stewed rhubarb. Repeat until ingredients are used up. Top with crumbs, sugar and cinnamon and dot with margarine. Bake at 325 degrees for 25-30 minutes. Serve warm, with or without cream. Makes 6 servings.

It turned out to be a good dinner. I found some canned pear and canned grapefruit juice, plus half a lemon, also. So I made a gelatin dessert for tomorrow night.

I had to throw out the canned peaches. Miss Teen-ager had unfortunately laid a jar of dill pickles on its side above them. The pickles leaked. It is not a happy combination of flavors.

Improvising is one of the things that makes cooking fun. Even the cook is sometimes surprised at the results.

Eggs Good Baked in Savory Sauce

This easy-do luncheon dish is fine for company.

Baked Eggs With Savory Cheese Sauce

3 tablespoons butter or margarine
3 tablespoons flour
½ teaspoon salt
¾ teaspoon prepared mustard
1½ cups milk
1½ cups grated American cheese
¼ teaspoon tabasco sauce
6 eggs
Watercress or parsley sprigs

Melt butter in saucepan over low heat; blend in flour, salt and prepared mustard. Add milk; cook and stir constantly until sauce thickens and comes to a boil.

Remove from heat; add grated cheese and stir until cheese is melted. (Place over very low heat again if necessary to melt cheese completely.) Stir in tabasco.

Divide sauce into 6 individual baking dishes. Break egg into each dish. Bake in 325 oven until eggs are as firm as desired—12 to 18 minutes. Garnish with watercress or parsley. Makes 6 servings.

Flavor of Butter Can't Be Beat

The lower retail price on butter and the current seasonal high output encourage greater use of this favorite spread.

Butter wins its fame both as a flavoring and as a flavor-carrying food. Its delicate goodness accents the blandest of vegetables. And there's a reason why you cook onions in butter before adding them to a sauce or poultry stuffing. The butter picks up the onion flavor and distributes it throughout the dish being prepared.

These flavor and flavor-carrying advantages for which we buy butter also make it susceptible to the stronger aroma of certain foods near it in storage. That is why proper packaging is necessary to keep butter at top quality during its stay in the refrigerator.

Scientific studies show that the paraffined carton and a parchment inner wrap on the butter protect against flavor deterioration, weight loss and denting or crushing. So get the most for your butter money. Make sure the butter is carton protected.

Butter enjoys its greatest use probably as a spread for bread, hot breads and sandwiches. Use is generally right from the carton, but here are some variations. A blend of butter and honey, half and half, is good on hot muffins and waffles. (Also this butter-honey spread is excellent to dot over a slice of ham before broiling.)

A blend of 1 tablespoon softened butter with 1 teaspoon prepared mustard and 2 tablespoons of canned deviled ham makes a flavorsome topping for crisp melba toast (or broiled tomatoes).

A half and half blending of softened butter and grated American cheese with a little mayonnaise makes a spread for broiled sandwiches or a topping for casseroles.

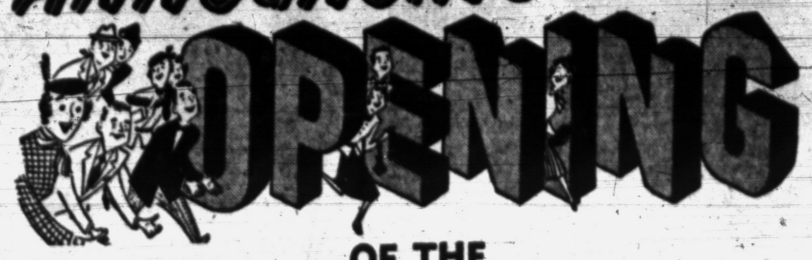

Vegetables are particularly enhanced by butter. The topping may be melted butter or butter and chopped parsley. Or melt a lump of butter right on the vegetable serving, and let each person blend it in himself.

Butter and peas in a smooth creamy sauce dress up the new potatoes now at markets.

There are orchids in all the major areas of the earth except the Artic and Antartic circles and the great deserts.

Puerto Rico is 1,750 miles from New York City.

SKILLET PIZZA PIE—Cook this version of the ever popular pizza pie right on top of the stove. The shell is made of flaky biscuit dough. Tuna or other fish adds a Lenten touch and don't forget the oregano—the spice that made pizza famous.

Grandma's Tureen Back, Filled With Old-Style Stew

PITTSBURGH (UP) — The No. 1 course on American menus these days is good, old-fashioned stew.

Who says so?

The nation's leading china and glass manufacturers, who can spot trends in menu planning from what they're selling.

There's an increasing demand, they say, for tureens, casseroles and other covered dishes for cooking or serving the cheaper meat cuts used in stews and soups.

Hundreds of china and glass manufacturers recently exhibited their 1954 wares in Pittsburgh, a glass-making center.

They say that the tureen, long popular with New Orleans and New England housewives, now is ordinary equipment on tables throughout the nation.

"Most people just can't afford steaks and chops," said J. Andrew Squires, one of the show managers. "They're putting away the frying pan in favor of the covered dish."

The cheaper tureens and casseroles at the exhibits will retail for $5 or less, when they come to the stores in the spring. Extra fancy ones go as high as $150 — a high price for dressing up an old-fashioned stew.

Most of the china and earthenware were of the conventional round and oval patterns. The many varieties of wrought iron and brass dishes and serving pieces which hit the market heavily last year will be fashionable again this year.

One manufacturer is pushing a line of square plates, designed to fit into corners and save cupboard space. Another is featuring face-shaped plates, and still another is offering a complete set of dinnerware in the shape of sea shells.

The show-stopper was provided by a New York firm which is making real china guaranteed for a year against breakage.

The salesman at the exhibit attracted a large group of buyers as he bounced dish after dish on the marble floor.

"See," he said, "won't chip, won't break." None did.

The company is so sure of its product that it is offering to pay for the first year of dish-washing slips by hubby or the children.

Pour Beef-Gravy Mixture Over Baked Potatoes

Big baked potatoes, topped with beef 'n gravy hash, will taste like more.

Use a can of beef gravy (1¼ cups) and that last cup of roast beef (cubed) for the hash. Mix the gravy, meat, and some chopped onion that's been browned in hot fat. You'll have a little more than 2 cups of hash, enough for 4 potatoes.

After potatoes are baked, split each and mash in a little butter. Pour on the hot beef-gravy topping. Feast on these with green beans and a tossed salad.

Add Figs to Pudding

That old-fashioned favorite, Indian pudding, can take on a new air. Just add figs, cut in thin strips, to the thickened cornmeal-molasses mixture before baking. Serve with vanilla ice cream for extra eating pleasure.

Don't Forget That Oregano in Making Skillet Pizza Pie

There was a time the spice called oregano was recommended in a drink for people "that are given to over-much sighing." So said an herbalist of a few centuries ago.

Today we recommend oregano for those who are given to love of all those savory dishes from sunny Italy — spaghetti, ravioli, pizza, lasagne, chicken cacciatore, and others. But, let's not stop there. Oregano is an herb of many uses.

For instance, during this Lenten season you'll probably be serving a lot of protein-rich cheese, egg and fish dishes. This is a good chance for you to get acquainted with the versatile qualities of oregano.

A dish of oregano will put news in any of these Lenten foods. And after Easter, try this herb in meat and meat stews. Rub some oregano into lamb, pork, veal of chicken before roasting and sprinkle some into your next vegetable or meat soup.

Skillet Pizza Pie

Baking powder biscuit dough, using
2 cups flour
½ pound sharp Cheddar cheese
7 ounce can tuna fish
½ cup drained tomatoes
¼ cup tomato catsup
1 teaspoon salt
¼ teaspoon ground black pepper
½ teaspoon whole oregano leaves, crumbled
½ teaspoon ground sweet basil leaves
½ teaspoon garlic powder
Parmesan cheese

Spread biscuit dough over bottom and half the way up side of 10½ inch heavy skillet. Slice cheese and place over dough. Crumble tuna fish over cheese. Combine next seven ingredients and spread over tuna fish. Cover pan with a tight-fitting lid.

Bake over low heat 45 to 50 minutes or until dough is cooked through. Raise edge of dough with spatula to check on brownness of crust. Sprinkle Parmesan cheese over top. Cut into wedges and serve piping hot. Yields 6 servings.

Shrimp on Top for Late Snack

If you'd like to come up with something pretty special the next time you ask friends in for a late-evening snack, serve open-face broiled shrimp sandwiches.

Shrimp, by the way, is a good food to serve in the hours just before bedtime because it is light and, like most seafood, easily digested.

This recipe makes four sandwiches, with a spicy tomato sauce to pour over the shrimp after they've been broiled.

Broiled Shrimp Sandwiches

2 tablespoons butter or margarine
2 tablespoons chopped onion
2 cups tomatoes
1 teaspoon worcestershire sauce
Dash of pepper
½ teaspoon oregano
½ teaspoon chopped parsley
2 cups raw, cleaned whole shrimp (about 1 pound shrimp)
4 slices white bread

Saute onion in butter or margarine. Add tomatoes, worcestershire sauce, pepper, oregano and parsley. Simmer sauce for five minutes, stirring constantly.

Toast bread on one side and brush half of sauce on untoasted side. Add shrimp and broil for 5 minutes or until shrimp are pink.

Serve immediately topped with remaining hot sauce.

BAKED BEANS WITH STUFFED PEACHES—Canned baked beans with nut-marmalade stuffed peaches will prove a boon to marketwise homemakers. It's an inexpensive main dish that has plenty of appetite appeal. Garnish with parsley for more color contrast.

Filled Peaches Top Bean Dish

Calling all market-wise homemakers! A hearty main dish, made of two canned fods that are good buys—baked beans and peaches, will please every member of the family.

Simply stuff canned halves with a crunchy nut-marmalade mixture. Empty canned beans in a baking dish, top with stuffed peaches, and put in oven to heat. It's a real thrifty-jiffy family treat. Add a clam and vegetable juice cocktail, crisp tossed salad, bran muffins and chocolate tapioca cream to complete the menu.

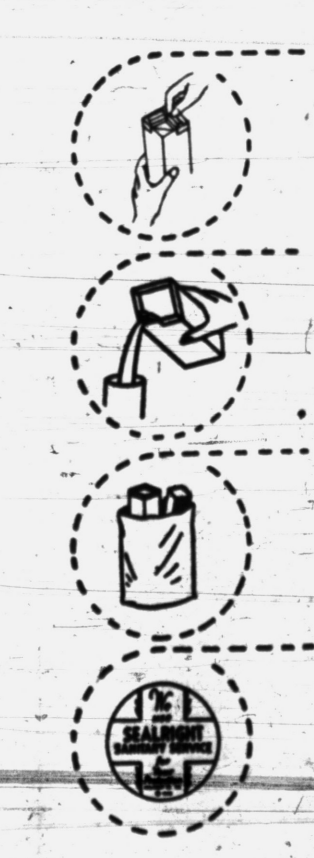

Baked Beans With Stuffed Peaches

2 1-pound cans baked beans
¼ cup orange marmalade
⅓ cup chopped nuts
1 1-pound can peach halves

Empty beans into a shallow baking dish. Combine marmalade and nuts; fill centers of drained peach halves. Arrange peaches on top of beans. Bake in a moderate oven at 375 about 20 minutes, or until heated through. Six to eight servings.

It's here!

a new idea in milk packaging

A paper carton designed to protect the purity and goodness of your milk from the dairy to your table. Plastic-coated — inside and out—hermetically sealed to keep milk country fresh. We sterilize each carton when we fill it at our dairy, you use each carton once . . . then throw it away! Rectangular shaped for easy handling and storage, these sturdy cartons are absolutely leakproof. Next time you buy milk—look for the new plastic-coated carton that offers these features:

NOT WAXED— PLASTIC-COATED

EASY TO USE SEALKING CARTONS MEAN:

EASY TO OPEN
Your milk is sealed in. So push the corner rim to break the seal and lift the foil tabs to open.

EASY CORNER POUR
Makes pouring easier . . . gives you teaspoonful control without spilling a drop. No gushing or dripping. . . .

LEAKPROOF, TOO
No messy shopping bags or refrigerators. Our new plastic coated milk carton is leakproof because the sides and bottom are "welded" into each other.

COMPLETELY STERILIZED
This famous trade-mark on every carton is your guarantee of sanitary packaging. Each carton is completely sterilized when we fill it in the dairy.

Beef, Chickens Are Best Value

Veal Running Lower, Dairy Products Down, Pork Chops High

By THE ASSOCIATED PRESS

Veal, beef, chicken and dairy products will offer the best value in the nation's food stores this week, food men report.

Wholesale veal prices have been working lower for some weeks. In selected stores, veal shoulder roast will be down six cents a pound from a week ago. Another feature will be legs and rumps of veal.

Beef prices will be unchanged to slightly lower this weekend. Various stores announced plans to feature prime ribs, pot roast, round steak and sirloin steak.

In some cases, round steak will come down two cents a pound and prime ribs two to six cents a pound.

Beef may be more expensive next week; wholesale prices have been firm.

Leg of lamb probably will cost more in your store. Increases of two to six cents a pound over weekend prices will be the general rule. And pork chops will be higher by four to as much as a dime a pound in the majority of markets.

Pork may go higher still, but production will start climbing this summer and that should bring a decline in prices.

Wholesale chicken prices have edged up in recent weeks, but food men say present prices are still low. Fryers will be featured in a number of stores for the weekend with reductions of two to six cents a pound.

Egg prices will be unchanged to off two to four cents a dozen.

Butter prices are down as much as eight cents a pound in some markets.

Celery, peppers and spinach will join the list of good buys in vegetables this weekend.

Grapefruit remains the best buy in citrus fruits.

Cut Party Place Mats

Give the children's lunch table a party look by cutting place mats from colored paper with your pinking shears. The shears will pretty-up paper for gift wrappings, too, and turn crepe paper into extra special party decorations.

Only ROYAL INSTANT PUDDING is Super Homogenized FOR THAT "MELT-IN-YOUR-MOUTH" TEXTURE!

NO COOKING
Add to Cold Milk
Beat...Let Set...and Serve!

DEVILED EGGS WITH TOMATO RICE—Deviled eggs, cheese sauce and tomato rice with just enough herb seasoning are the ingredients of this Lenten main dish. Simple to make, it's appealing to the eye and full of flavor. Use your cake decorator to make the squiggles on top of the eggs.

Deviled Egg in Rice Nest Has Tantalizing Flavor

Deviled eggs nested in herb-seasoned tomato rice is a good full-flavored dish to include in Lenten menus. It offers enchanting color appeal, too, with the lightly browned yellow of the deviled egg yolks circled in white set against a background of pink rice and golden cheese sauce.

The use of herbs makes the taste combination equally interesting and intriguing, but for all that the dish is simply made. For example, to fix the cheese sauce all that is necessary is to add cheese to hot evaporated milk and stir.

A crisp salad served with the baked dish is just right for a good supper menu.

Deviled Eggs with Tomato Rice

4 hard cooked eggs, deviled
1⅓ cups pre-cooked rice
½ teaspoon salt
¼ teaspoon dried basil, crumbled
1 bay leaf
1 No. 3 can tomato juice (3¼ cups)
1 cup evaporated milk
1 cup shredded Cheddar cheese (¼ pound)

Place rice, salt, basil, bay leaf and tomato juice in small saucepan that has a close fitting lid. Stir gently with a fork to blend ingredients. Bring to a boil over high heat. Remove from heat, cover and let rice stand until tender, about 10 minutes.

Meanwhile heat milk to scalding over very low heat. Add half the cheese and stir until cheese is melted. Remove from heat. Remove bay leaf from tomato rice.

Cover the bottom of a buttered 2 quart baking dish with the rice. Scatter remainder of cheese over rice. Top with remaining rice. Make 8 depressions in rice with the back of a spoon.

Place deviled egg halves in depressions. Pour cheese sauce over all. Bake at 350 degrees until sauce is bubbly, about 30 minutes. Makes 4 servings.

Deviled Eggs

4 hard cooked eggs
2 teaspoons mayonnaise
2 teaspoons evaporated milk
2 teaspoons wine or cider vinegar
¼ teaspoon salt
1/16 teaspoon pepper
Few drops tabasco

Shell eggs. Slice eggs in half lengthwise and place yolks in small bowl. Mash with a fork. Blend in mayonnaise, milk, vinegar, salt, pepper and tabasco. Fill whites with deviled mixture.

Valencias at Peak

California valencia oranges now in the market are a "best buy"—they are sweet and bursting with juice, practically seedless, easy to peel and have a high sugar content.

Use of Meat Tenderizer Won't Destroy Vitamins

The common ingredient in most meat tenderizers you see at your grocer's is an enzyme found in the tropical fruit, papaya. It causes some breakdown of the tissues in meat but does not destroy valuable vitamins and minerals.

People on a sodium-free diet can safely use meat tenderizers if the label specifically states that no salt has been added.

Tuna-Stuffed Potatoes Baked to Golden Brown

NEW YORK (UP) — Try using tuna in a new version of an old favorite — stuffed potatoes.

This recipe, which you might include in your Lenten meals, calls for 3 large baked potatoes, 1 tablespoon margarine, ½ cup milk, a 7-ounce can of tuna, and salt and ground black pepper to taste.

Cut the baked potatoes in half lengthwise. Scoop out the centers and mash with the margarine, milk and tuna. Refill the shells with the mixture, and brown under broiler heat, for 3 to 5 minutes. Yield, 6 servings.

Beware of Cold Water in Washing Hot Glass

If you use glass or pottery cooking dishes, remember not to plunge them into cold water while they are still hot.

Soak them to loosen any food that has crusted on them; if there are stubborn spots remove them with steel wool or other metal scourer.

Here's a pretty way to serve hard sauce with your holiday pudding: Chill the sauce until you can roll it into small balls. Now roll the balls in toasted coconut.

Noodles Blend With Cheeses

Whether your weekend company is planned or unexpected, you can feed them in style with macaroni, spaghetti and egg noodles. Macaroni products blend perfectly with so many other foods, they're a dependable menu standby.

Layered Noodle Bake

1 tablespoon salt
3 quarts boiling water
8 ounces medium egg noodles (about 6 cups)
1 3-ounce package cream cheese, diced
1 cup cottage cheese (8 ounces)
1 tablespoon butter or margarine
½ cup finely chopped onion
½ teaspoon salt
Freshly ground pepper
1 8-ounce can tomato sauce

Add 1 tablespoon salt to rapidly boiling water. Gradually add noodles so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander.

Arrange cooked noodles and cheeses in alternate layers in a 1½ quart casserole. Melt butter or margarine over low heat in a skillet. Add onion and saute until onion is softened. Add salt, pepper and tomato sauce; mix well.

Pour over mixture in casserole. Bake in 350 oven 25 minutes, or until done. Makes 4-6 servings.

Want a new way to fix green beans? Mix with a well-seasoned cream sauce and top with crisply-cooked crumbled bacon and minced parsley.

EASTER BUNNY BRINGS DESSERT—Delight each child at the party with a bunny nest. When you entertain the younger set, take a cue for a quick dessert from the Easter rabbit. He finds the principal ingredients he needs in the bread box and the freezer.

Meat Garnishes Always Good, but Don't Overdo

Garnishes of meat have been compared to jewelry for a dress. As the right jewelry sets off your dress, the correct garnish will add the finishing touch to your meat dish.

However, just as jewelry may be overdone—so can garnishes. Keep them simple and let them work into your menus when possible.

Here are a few suggestions. When serving braised pork chops alternate chops on the platter with bundles of buttered broccoli.

Set off a broiled ham slice with pickled pineapple cubes (cubes marinated in pickled peach juice) threaded on skewers. Minted carrots are ideal with lamb chops.

Garnish a half of ham with orange cups filled with rhubarb or with lemon baskets of apple sauce.

A standing rib roast of beef is cleverly garnished with tomato toppers—slices of tomato and onion topped with stuffed olive wrapped with bacon and panbroiled.

With roast ham have cucumber cups filled with pickle relish. A pork loin roast is temptingly surrounded with orange cups of cranberry sauce.

Left-Over Broccoli Wonderful in Soup

Take a tip from the Italians, broccoli is mighty good in soups. Here is a quickie idea that deliciously uses up left-over broccoli.

Combine a can of tomato soup and a can of beef broth, a tablespoon of tomato paste, 1 cup cooked, diced broccoli and 1 cup cooked elbow macaroni.

Heat and serve topped with grated Parmesan cheese.

Easter Nests Thrill Kiddies

A few quick hops to the pantry shelf produce coconut and almonds to glamorize Easter Almond-Coconut Nests—a simple dessert to delight all those who believe in the springtime visitor. They cost but pennies and are suitable for guest lists large or small.

The nests are made similarly to the way you make caramel popcorn. A hot syrup is poured over cubes of toasted enriched bread, coconut and chopped almonds; the mixture formed into nests.

Fill them with ice cream and top with coconut and almonds.

Easter Almond-Coconut Nests

½ cup corn syrup
½ cup brown sugar
1 tablespoon molasses
¼ cup water
1 quart toasted ¼" bread cubes
½ cup chopped roasted almonds
½ cup shredded coconut
1 pint vanilla ice cream

Topping

2 tablespoons shredded coconut
2 tablespoons chopped, roasted almonds

Combine corn syrup, brown sugar, molasses and water in a deep saucepan. Boil slowly for eight minutes, or until a little of the syrup forms a soft ball in cold water. Add toasted bread cubes, almonds and coconut.

To form each nest, press ¾ cup of bread mixture into a buttered custard cup, leaving the center hollow. Chill.

To serve, fill each nest with 1-3 cup ice cream. Sprinkle coconut and almonds over top.

Yield: 6 servings.

Never use evaporated milk when you are making a rennet dessert—it will keep the dessert from setting. Use fresh milk with rennet custards.

Gelatin Product Low in Calories

Recognizing the increased awareness of the general public to the dangers of being overweight, the makers of a famous gelatin announce that their low-calorie, sugar-free gelatin is now available in grocery stores in most sections of the country. Although this low-calorie gelatin has been sold for more than 20 years to institutions and in health food stores, distribution is now being extended to grocery stores everywhere.

The product comes in six popular flavors: Strawberry, raspberry, cherry, orange, lemon and lime.

Sugar-free and saccharine-sweetened, this flavored gelatin, contains only 10 calories per serving whereas regular sugar-sweetened, flavored gelatin has as much as 83.

Dieters and waist-line watchers — from teenagers to business executives, masculine as well as feminine — will all welcome this low-calorie, carbohydrate-free dessert. In reducing diets, which are apt to become monotonous, sugar-free, low calorie, fruit flavored gelatin offers welcome variety.

An outstanding feature of this gelatin is that it is excellent for salads as well as desserts. Use the lemon or lime flavors with whatever vegetables, meats, seasonings (salts, pepper, lemon juice, minced onion) your diet allows. And, one final word to the wise: Always diet with your doctor's sanction.

Why Hack Away at Carving Job With Poor Knife!

There's an art to slicing a ham or roast, carving a turkey, chicken or duck, snipping off a rose, spearing a hot dog.

And why "saw through" your grapefruit (with a too small knife) when one "swipe" of a utility knife will cut it smooth and clean as the firm juicy fruit deserves?

Don't hack that roast — carve it scientifically, skillfully, with a carver which is sharp, keen-edged, easy to hold by a handle precision-made to fit your hand; perfectly balanced to make carving a pleasure.

Are you making sandwiches with clean-cut, thinly sliced cold cuts? Reach for the long, thin slicer — that's what it's made for.

Want to cut a "bundle" of celery, a heap o' green beans, or mince or dice green pepper, parsley or pimiento? A French or Chef knife is the knife with the blade and the balance for it.

Snack Tray Suggestion

Here is a luscious suggestion for the snack tray. This hot, out-of-hand snack will make a hit.

Trim crusts from slices of enriched bread. Spread a nippy ham mixture on each slice. Starting at one corner, roll slices diagonally to opposite corner and fasten with a toothpick.

Brush with melted butter or margarine and toast under the broiler. Serve hot.

Use Leftover Roast in Scotch Pancakes

Scotch pancakes are a tasty answer for using those last portions of leftover roast. Serve this hearty variety of pancakes for breakfast or let them be a lunch time main dish.

For six servings you need 2 cups of ground cooked meat. Combine the meat with 2 cups of cooked oatmeal, 2 eggs, salt and pepper to season. Mix the batter thoroughly. Fry cakes, using one tablespoon of mixture for each, in a small amount of lard or drippings.

If pancakes are for breakfast, serve with tomato juice, with butter or margarine and maple syrup. When Scotch pancakes are for lunch, serve with tomato sauce and a big tossed salad.

Americans drink more than two cups of coffee per person per day.

Bake Sausage Patties on Pineapple Slices

Here's an interesting way to serve bulk pork sausage combined with canned pineapple slices:

Form sausages into 8 flat patties, a little larger than the pineapple slices. Partially cook patties in a skillet, browning lightly on both sides. Spread the pineapple slices lightly with prepared mustard and lay them on the sausage cakes.

Coffee Lovers who love a bargain!

...the coffee that really is real coffee!

Right Knives for Carving First Step for Good Job

As with the other arts, perfection lies in practice and one good way to approach carving is to gather together several loaves of bread — stale, hot and cold — and practice slicing them, according to an article in the current issue of a magazine.

Bread in different conditions, contends the article, presents the closest substitute for varying consistencies of meats.

First in importance when approaching carving, is to make sure you have the essential trio—knife, fork and steel. Improvised tools such as a bread knife and cooking fork point the way to disaster, while a good unit actually helps you do the job right.

An efficient set may be purchased for as little as four dollars, and whatever the investment, it's a long range one that any habitual meat carver will never regret. The blade should be long, the fork tines rigid.

When you have your tools assembled, begin by attempting to cut uniform and even slices from your loaves of bread, and then cut for thinness. When your slices are almost transparent — and still even — you are on your way.

At this point, you're ready to come to the real thing. Stand or sit as you choose; but if you sit, make sure the seat of your chair is no more than 12 inches below the level of the table so that you will have no difficulty in obtaining leverage.

When you actually begin carving, remember that, with the exception of steak, you always cut across the grain of the meat.

And with all meats, avoid the evil of the staggered slice, which usually comes about from indecision, despair, or lack of previous practice with the bread.

When you make the first incision, be careful not to alter the direction of the blade, and draw the knife the full length of the blade when cutting each slice.

Here are step-by-step instructions on how to go about carving these four popular meats.

PORTERHOUSE STEAK

1. Remove bone and lift to one side of the platter.
2. Cut with the grain.
3. To save your knife-blade, serve your steak on a board cut to fit the platter.

STANDING RIB ROAST

1. Have the butcher separate the backbone from the ribs.
2. Slice from the far outside edge across the grain. Cut along ribs with tip of knife to release each slice.
3. Slices should be ⅛" to ¾" thick.

BAKED WHOLE HAM

1. Place shank end of ham at carver's right. Make first slices lengthwise from the thin side.
2. Now turn ham so it rests on cut side. Then cut parallel slices down to the bone.
3. Release slices by cutting along the bone at a right angle to the slices.

PORK LOIN ROAST

1. Have the butcher saw across backbone to loosen ribs.
2. Before serving, remove the backbone by cutting between it and the rib ends.
3. With rib side facing you, cut alternate slices with and without rib for serving.

Complements Ham

Try this tangy combination to set off a baked or broiled ham dinner: Empty a pound can or jar of Harvard beets, and a 9-oz. can of crushed pineapple into a saucepan. Heat and serve.

With Easter on Its Way, Eggs Steal the Limelight

By JANET ODELL
Pontiac Press Food Editor

With Easter fast approaching this is the time of year when we think of eggs. Usually the price of eggs is as low in April as it will be any time during the year. That tempts us all to use more "hen fruit."

Good nutrition standards call for a minimum of five eggs a week per person. If you are feeding a large family, that will probably seem like too many eggs to buy, too large a part of your food budget to spend on one food. Have you ever considered cutting down the quality rather than the quantity?

MRS. ODELL

Ordinarily, we do not advocate buying food of lesser quality. But if you understand egg grading, you will see that it is merely good economy to suit the quality of eggs to the use they are to be put. All eggs have close to the same nutritive value.

The grading of eggs is done by candling to find the internal quality and by the appearance of the outside. AA Grade or the Fancy grade, rarely reaches the stores and is available only on special order.

Next come Grade A eggs which are the only other eggs that may be sold as strictly fresh. Use these eggs for poaching or soft cooking as the white stands up well.

Grade B eggs are perfectly all right for other table use and for baking. Grade C eggs are also all fight for baking. In both of these grades, tthe yolk will be a little flatter and the white a little more watery.

The government sets up standards for the weight of eggs too. If you buy medium eggs, you know that your dozen eggs must weigh a minimum of 21 ounces.

Weight ranges from 13 ounces per dozen for pee wee eggs, through 18 ounces for small, 21 for medium, 24 for large, 27 for extra large, to 30 for jumbo. Divide the price per dozen by the number of ounces to determine which size is your best buy.

Most recipes are given with medium-sized eggs in mind.

If possible, buy eggs from a store that keeps them in a refrigerator. Always keep your eggs at home in the refrigerator, small end down, and covered.

Never wash eggs until you are ready to use them, as the washing destroys the protective covering on the shell. Wipe or brush off any spots, if you like.

Whereas eggs will separate much easier if they are cold, the whites will beat up much fluffier when they are room temperature. If you can plan your baking ahead, separate the eggs beforehand and let the whites stand at room temperature for a while before beating them.

Store leftover yolks or whites in a tightly covered jar in the refrigerator; cover the yolks with cold water. Either yolks or whites may be successfully frozen.

You know, of course, that the color of the shell has no bearing on the quality of the egg; nor does the color of the yolk. Different breeds of chickens lay different colored eggs.

What the hen eats may determine the color of the yolk. A very pale yolk may mean that the hen was kept away from greens but hhas been fed considerable cod liver oil; her egg yolk will be rich in vitamins.

Buy refrigerated eggs. Choose the size and grade best suited to your purpose. Keep them cool and covered at home. Treat them gently when you cook them. You'll have good value for your money.

Two average size eggs approximate the average serving of meat. If you have only a limited number of eggs to use each week, use them in the preparation of main dishes or for breakfast.

In that way your family will think it is getting plenty of protein, for families often recognize eggs as protein only when they can be seen. They'll happily devour the 8-egg cake and still ask, "Where's the protein?"

For different meat loaf add ground or shredded raw carrot to your usual meat loaf — about one cup carrot to each pound of meat. See the difference.

Effect Savings by Croquettes

Croquettes are a wonderful way to use a small amount of meat or fish and still feed a number of people adequately. These Tuna Croquettes are made in a cylindrical shape; but you may shape the chilled mixture into cones, patties or any other form you desire. This recipe was developed in the test kitchens of a famous shortening company.

Tasty Tuna Croquettes

2 tablespoons chopped onion
⅓ cup diced celery
4 tablespoons homogenized shortening
5 tablespoons flour
¾ teaspoon salt
⅛ teaspoon pepper
1 cup milk
1 7-ounce can tuna, flaked
1 tablespoon lemon juice
1 tablespoon chopped parsley
Fine bread crumbs
1 egg, slightly beaten with 1 tablespoon water

Cook onion and celery in shortening until tender . . . . Stir in flour, salt, and pepper . . . . Add milk, cook and stir until thick and smooth . . . . Add tuna, lemon juice, parsley, and mix well . . . . Spread mixture in shallow pan and chill in refrigerator several hours or overnight. Shape into small cylinders about 2½" x 1" . . . .

Roll in crumbs, dip in egg, then roll again in crmbs . . . . Fry in deep hot fat (375 degrees) 2-3 min., or until brown . . . . Serve plain

In deep frying, for even cooking and browning, be sure the foods to be fried are approximately the same size, and do not overload the frying basket.

You get only light, tender tuna—rated "excellent" in body-building protein—when you buy Breast-O'-Chicken Hi-Protein Tuna.

For we pack only the finest one third of our tuna under this premium-quality brand.

BREAST-O'-CHICKEN HI-PROTEIN TUNA

REDUCING BREAKFASTS—If your reducing diet calls for a 400-calorie breakfast, eat this satisfying one on the left: Juice, cooked cereal, milk, rye toast and black coffee. The 600-calorie breakfast on the right suggests sliced bananas, milk, rice cereal, toast and black coffee. Make your choice, but do eat breakfast!

Skipping Out on Breakfast No Way to Lose Pounds

None of us like to admit it—we plumpish women especially, who say "we eat like a bird" (a bird eats all the time!)—but research has shown that fat people are fat because they eat too much!

Of the important three balanced meals per day, breakfast suffers the most. A recent study of young homemakers revealed a tendency to think that three regular meals each day are essential for their husbands and their children, but not for women.

Young women in particular are inclined to skip breakfast, with the idea that they are better able to control their body weight.

Here's where scientific research has stepped into the picture. Weight records kept in one breakfast study made at a prominent medical school of a large university show the importance of breakfast in any weight control plan. Women acted as guinea pigs in this study during which they went through periods of skipping breakfast and of eating 300, 600 and 1000-calorie breakfasts.

Regardless of this wide variation in breakfast habits, their weight did not change, provided the total number of calories for the day remained the same—proof that skipping or skrimping breakfast will not cause a change in weight.

Evidence from other studies show that omitting this important first meal of the day should never be practiced by anyone especially those on a reducing diet.

Not only is one's physical and mental efficiency lowered (and she gets to feeling sorry for herself), but the pounds remain. More bad news—in skipping breakfast one is likely to "snack" between meals or overeat at the other two meals. A sure way to add unnecessary calories and—pounds!

Other facts from these studies show that a reducing diet that starts with a good breakfast means you'll feel better and be more alert, you'll work better and easier during the morning hours.

Such a breakfast should contain not only ¼ to ⅓ of the total daily calorie and protein allowance, but also those essential vitamins and minerals.

Any combinaton of customary breakfast items is satisfactory. These nutritional requirements are met equally well by a basic cereal and milk breakfast or a bacon and egg breakfast.

Variety in the family's breakfast can mean variety for the reducers too. Here's a quick loaf bread that's good toasted for breakfast, or sliced thin and used as sandwiches in the lunch box:

Fruited Bran Bread

1½ cups sifted all-purpose flour
4 teaspoons baking powder
1 teaspoon salt
½ cup sugar
1½ cups whole bran
1 egg, slightly beaten
¼ cup molasses
1¼ cups milk
¼ cup melted fat
¾ cup chopped dates or raisins

Sift together flour, baking powder, salt, and sugar. Add whole bran and fruit. Combine egg, molasses, milk and melted fat. Mix with dry ingredients, stirring only until blended.

Pour into a greased loaf pan 9x5x3 inches. Bake at 325 about 1 hour and 10 minutes. Thoroughly cool on rack before slicing. Makes 1 loaf.

New Tricks to Dress Up Brown 'n' Serve Rolls

Part layers of butterflake brown 'n serve rolls and spread half with cottage cheese and half with strawberry jam. Wrap rolls in aluminum foil. Bake in 425 oven for 5 to 10 minutes.

Or mix cream cheese with chives or green onion tops, finely chopped. Spread between layers of butter-flake brown 'n serve rolls. Bake in moderate oven at 350 degrees F., 25 minutes.

Save any leftover seven-minute cake frosting in refrigerator. On short notice spread it on plain crisp rye wafers to toast under broiler for quick marquerites.

Blend Lamb, Pineapple for Delicious Meat Dish

Combine lamb patties and pineapple in this tempting way. Arrange the bacon wrapped patties, about 1 inch thick, on the broiler rack so that the top surface is 2 inches from the heat.

Place pineapple rings on the broiler rack alongside the meat. When the patties are brown, place the browned side down on the grilled pineapple slices and finish cooking.

Frosted Animal Cookies Decorate Birthday Cake

Here's a simple but attractive way to decorate a cake for a child's birthday party.

Arrange frosted animal crackers around the top edge of the frosted cake and place birthday candles inside the circle.

Spicy Dressing for Fruit Salad

Spring menus find salads of chilled fruit in great favor. An excellent dressing for fruits in this easy one which uses salad oil and double rich evaporated milk as its base.

The oil and evaporated milk form a creamy emulsion of just-right consistency to coat the fruity ingredients. The aromatic spice, cardamon, which is generally used to flavor yuletide cakes and breads, is added to give a pert flavor to the dressing.

Cardamon Salad Dressing

¼ cup salad oil (not olive oil)
¼ cup evaporated milk
2 tablespoons lemon juice
½ teaspoon salt
½ teaspoon sugar
⅛ teaspoon powdered cardamon
1 tablespoon finely chopped pecans

Measure ingredients for dressing into a jar which holds at least a half pint. Cover tightly and shake vigorously for about a minute. Chill thoroughly.

Use on salad or orange and grapefruit segments, or any combination of fresh or canned fruits for salad plate. Makes about 2/3 cup dressing (enough for 4 salads).

KATE SMITH SAYS—

Every spoonful of Borden's gives you up to

33% more flavor than any other instant coffee

Flavor rich as the best ground coffee!

Magnified cross-sections show big difference in instant coffees

Other instants are hollow bubbles filled with air. Borden's flavor crystals are *all* coffee—*no air*—*solid flavor* through and through. That's why every spoonful of Borden's gives you up to 33% MORE FLAVOR. Rich as the best ground coffee!

So rich, you need less per cup than any other brand

Now—an instant coffee *unlike any other!* Only Borden's is prepared by the new "Flavor-Control" process. It keeps all the precious, true flavor IN—and all the air OUT—of each tiny solid crystal of 100% pure coffee. That's why every spoonful actually gives you up to 33% more flavor than any other instant! That's why you need less per cup than any other brand. So start enjoying delicious Borden's. Save 25¢ or more compared to a pound of ground coffee!

Borden's INSTANT Coffee

Fruit Cookies, Spice Cake Stay Moist, Carry Well

Molasses fruit bar cookies and spice cake are excellent of flavor. It seems that unsulphured molasses goes hand in glove with spices and dried fruits. The cookies with dates and nuts may be frosted if one wants them more partified of looks.

The spice cake, calling for raisins and nuts, repeats the same flavor harmony story. This loaf is one of those old-fashioned gems made by modern cooks who continue a tradition of fine baking.

Both the cookies and cake keep moist and carry well because of the molasses used.

Molasses Fruit And Nut Bars

½ cup shortening
¼ cup sugar
¼ teaspoon soda
1 teaspoon salt
1 teaspoon cinnamon
½ cup unsulphured molasses
1 egg
1¼ cups sifted all-purpose flour
1 cup finely cut dates
½ cup chopped nuts

Cream together shortening, sugar, soda, salt and cinnamon. Blend in unsulphured molasses. Beat in egg. Stir in sifted flour, dates and nuts. Spread in a greased and lightly floured 9x9x2 inch pan. Bake in a 375 oven, 25 minutes. Cool. Make 3 cuts one way and cross with 7 cuts. If desired, sprinkle with confectioners' sugar. Yields 32 bars.

Molasses Spice Cake

⅔ cup shortening
1 cup sugar
½ teaspoon soda
¼ teaspoon salt
¼ teaspoon mace
¾ teaspoon nutmeg
1½ teaspoons cinnamon
1 teaspoon cloves
½ cup unsulphured molasses
2½ cups sifted all-purpose flour
2 eggs
½ cup milk
1 cup chopped nuts
1 cup raisins
¼ cup sifted confectioners' sugar
3 to 4 teaspoons water

Cream together shortening, sugar, soda, salt and spices. Blend in unsulphured molasses. Stir in ½ cup of the sifted flour. Beat in eggs, one at a time. Add milk alternately with remaining flour. Stir in the nuts and raisins. Turn into a greased and lightly floured 9x5x3 inch loaf pan. Bake in 325 oven, 1 hour, 15 minutes. Cool; remove from pan. Mix together confectioners' sugar and water; spread over top of cake. Yields 1 loaf.

Frozen Orange Juice Enhances Fruit Cup

You can always increase the flavor value as well as the nutrition value of a fruit cup by adding quick-frozen orange juice. A cup and a half of the orange juice added to enough fruit for six is about the right proportion.

Grapes and bananas with orange juice make a tempting combination; a diced winter pear is an appetizing addition.

For a vey special fruit cup, melon balls in orange juice are a happy choice.

Soak pans that have contained fat or sugar in hot water; use cold water for soaking pans that have contained starchy foods, milk or eggs.

Lobster Tails Thermidor May Be Prepared Ahead

Have you ever thought of using aluminum foil when you cook lobster tails? This delicious seafood comes from the cold seas off the coast of Africa (yes, the water can get cold even near Africa.) Get some rock lobster tails from the frozen food counter and prepare them in this way.

Rock Lobster Tails, Thermidor

Select large rock lobster tails, 14 to 16 ounces. Defrost, then steam in small amount of boiling salted water about 15 minutes. Remove meat, saving shells.

Cut meat in large cubes. For 4 large lobster tails, prepare sauce as follows:

6 tablespoons butter or margarine
1 tablespoon minced onion
½ pound fresh mushrooms, or 1 small can mushrooms
4 tablespoons flour
2 cups rich milk
¼ cup cooking sherry (or lemon juice)
½ teaspoon salt
⅛ teaspoon tabasco
¼ cup cream
¼ cup grated parmesan cheese

Melt 4 tablespoons of the shortening; saute onion and mushroms. Remove, then add remaining shortening and flour. Blend to form smooth paste.

Add milk, and cook until thickened. Add sherry or lemon juice and remaining seasonings. Return onion-mushroom mixture to the sauce; add lobster and cream, and combine.

Fill tails, then sprinkle each with grated cheese. These may be prepared in advance and each individually wrapped in aluminum foil. Store in refrigerator.

About 30 minutes before serving, place on a cookie sheet. Turn back aluminum foil to form a holder for each shell. Bake at 400 about 25 minutes or until brown and bubbling.

Economical molds for individual desserts and salads are jelly glasses. And the small ones with metal lids are ideal for steaming custards.

Blue Bird ORANGE JUICE Giant 46 Oz. Can 19c

1. **Frozen orange and grapefruit juice** —so much good for so little cost. Look what you get! A single 6 oz. can makes four 6 oz. glasses of pure, fresh-flavored fruit juice with all its natural vitamin C. That's up to 5 times more vitamin C than non-citrus juices. And each glass costs less than 5¢. You can serve it as often as you like.

2. **Succulent grapefruit sections** are marvelous aids to reducing. Low-calorie grapefruit is a daily feature of almost every medically approved diet. It helps supply your daily quota of vitamin C, helps satisfy appetites. Also try canned citrus salad—a delicious combination of oranges and grapefruit.

3. **Canned orange and grapefruit juices** are low-cost "health insurance." The full-strength juices and their blend offer one of the lowest cost ways to get the vitamin C you need every day. Serve them not only at breakfast but as refreshers *anytime!* You pay less per ounce for pure Florida Citrus juices in cans than for most artificially flavored beverages.

Nash-Kelvinator Walkout Ended

2,300 Detroit Workers Return to Jobs After 34-Day Strike

DETROIT (UP) — A 34-day walkout of Nash-Kelvinator Corp. workers ended Wednesday with union ratification of a work standards agreement. The strike had affected some 3,600 N-K employes in Detroit and Grand Rapids.

Company officials said that its 2,300 Detroit workers would be recalled immediately and full production would be reached Monday.

The agreement ended a strike of Local 9 members of the Independent Mechanics Educational Society of America (MESA). The union walked out of the company's Detroit plant in a dispute over the amount of time union stewards were permitted for handling employe grievances. Other work standards issues were also banned.

The settlements carries a provision which would give stewards "ample" time to handle grievances. It also provides that other work standard disputes be channeled through normal grievance procedures viewed by an impartial umpire.

The 1,300 Grand Rapids workers, members of the CIO United Auto Workers, were laid off when the Detroit strike resulted in a shortage of refrigerator parts.

Detroit Reports Increase in Juvenile Delinquency

DETROIT (UP) — The mayor's Committee on Children and Youth reported Wednesday an increase in 1953 of juvenile crime in Detroit and Wayne County.

The Committee said its figures from the Detroit Police Youth Bureau covered juveniles from 7 years of age to 17.

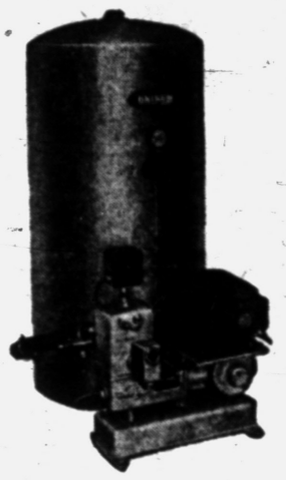

Offenese by this age group jumped from 6,383 in 1953 to 7,848 in 1953, the Committee reported. In 1953 more than half of 6,349 male offenders were repeaters, compared to 28 per cent of 1,499 female offenders.

About 95 per cent of operations to relieve cataract eye clouding are successful.

Committee OKs New Tax Base

Senate Is Sent Bill to Use State Valuations for Property Levies

LANSING (UP) — Companion bills which will require levying of property taxes for schools and local government units on the basis of state equalized valuations were reported out favorably today by the Senate Taxation Committee.

Sen. George N. Higgins (R-Ferndale), committee chairman, said an amendment will not make the switch in taxation procedure effective until Jan. 1, 1956.

Higgins said the delayed effective date will give more time for local units and the state to prepare for the changeover.

At present, county equalization figures are used for imposition of local taxes.

At a public hearing earlier this week before the Senate Taxation Committee, representatives of schools pleaded for adoption of the measure while delegates from townships opposed the bills.

JA Groups Seek Queen

Pontiac teen-agers in Junior Achievement are seeking a queen to represent them at the annual "April Reign" prom April 23 at Detroit. Tickets for the semi-formal affair are available at the Pontiac Junior Achievement business center at 53 N. Mill St. Monday through Thursday evenings.

Boys Inspired by Shows to Go on Crime Spree

FLAT ROCK (INS) — Police arrested two 11-year-old Flat Rock boys Wednesday after the youngsters admitted they got inspiration for a crime wave from shows they had seen.

Police Chief Bernard Herzog said the boys admitted breaking into a Rockwood furniture warehouse, a South Rockwood hardware store, and two schools in the area. Herzog said he found a diagram in one of the boys' pockets of another hardware store they planned to break into later this week.

Michigan State Normal Names Department Head

Dr. Richard Stanley Gex this week was named director of the Michigan State Normal College department of education at Ypsilanti.

The appointment, made by president Eugene B. Elliot, becomes effective June 30. Dr. Gex succeeds Dr. Noble Garrison who is retiring after 19 years at the college.

Dr. Gex is now with the University of Cincinnati Teachers College.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

?? THERE NEED BE ?? ?? NO CONFUSION ??

ABOUT THE TAX ISSUE ON THE APRIL 5th BALLOT

WE GET OUT AND VOTE "FOR" CHARTER AMENDMENT NO. 1 and **continue our present low tax payments**	OR	we revert to an obsolete 10-mill tax limit that has never been adequate to meet Pontiac's needs.
We vote "FOR" Charter Amendment No. 1 and establish a sound PAY-AS-YOU-GO program to provide for Pontiac's needs (this means "money in the bank" when it is needed)	OR	we go into debt to provide for these needs (this means interest payments in addition to project costs—it also means having to vote to collect taxes **over** the 10-mill limit anyway, to pay off the debts just as in the past).
We vote "FOR" Charter Amendment No. 1 and **"YES" on the Hospital Bond Ballot** to provide adequate hospital facilities **right now**	OR	we continue to crowd seriously ill patients into noisy hallways, waiting rooms, etc., until we will soon be forced to put out the "NO VACANCY" sign.
We vote "FOR" Charter Amendment No. 1 to provide adequate fire protection facilities and lower fire insurance rates	OR	we continue to earn our low national fire protection rating through high per capita fire losses.
We vote "FOR" Charter Amendment No. 1 to provide Pontiac with urgently needed grade separations	OR	we continue to suffer needless loss of life and daily annoyance of traffic snarls at main railroad crossings and highway intersections.
We vote "FOR" Charter Amendment No. 1 to provide for additional water supply and sewage disposal facilities	OR	the demands of our rapidly expanding community will soon outgrow our capacity to provide these "must" utilities.
We vote "FOR" Charter Amendment No. 1 to develop funds for much needed public buildings	OR	our Public Safety and Library facilities will continue a mockery and the long-sought Civic Auditorium a "pipe-dream."
We vote "FOR" Charter Amendment No. 1 to develop "ready funds" for capital improvement requirements	OR	we lose opportunities to secure assistance of matching Federal and State funds for such public projects.

This tax proposal, being offered to the voters on April 5th, has had thorough study by civic officials, business men, labor and independent management consultants. It is considered to be the most practical answer to Pontiac's most pressing problems. It . . .

Will provide Pontiac all its urgent civic needs on a sound pay-as-you-go basis;

Will provide increased hospital facilities NOW, and

Will not increase your present tax payments.

Be Sure to Vote!

Vote In Your Own Best Interests, and Pontiac's!

VOTE ☒ **"FOR" Charter Amendment No. 1**

☒ **"YES" on the Hospital Bond Issue**

NEW HUMIDIFIER PLANT—Skuttle Manufacturing Co. opened its new plant in Milford Wednesday afternoon with an open house for business and professional men of the community. The plant has been remodeled and completely re-equipped.

New Skuttle Plant Holds Open House at Milford

R. W. GEISLER

Skuttle Manufacturing Co., Milford's newest industry, held an open house for approximately 100 industrial, business and professional men of Milford and vicinity Wednesday afternoon. After touring the plant, the guests were served a buffet supper.

The company has been located in Detroit for 19 years and moved to Milford the first of this year, occupying the plant formerly owned by the Precise Aircraft Co.

The plant has stood idle for several years and has been extensively remodeled and equipped by the Skuttle Co. It occupies two and one-half acres and has 22,000 square feet of floor space. In addition the company has acquired 7,000 square feet of warehouse space on another site in Milford.

Manufacturing processes are automatic from the arrival of the enameled steel to the packaging of the completed, water-tested and inspected humidifiers.

"Our company is the largest manufacturer of humidifier equipment in the world," said R. W. Geisler, president. "We produce 19 different types and models of humidifiers. We distribute our product through furnace manufacturers and jobbers throughout the United States. A Canadian subsidiary company, Skuttle Manufacturing Co., Ltd., operates a plant at Oakville, Ont."

The company produces approximately a quarter of a million units a year and at present employs 100 men. Increased production is anticipated as a result of steadily broadening contacts.

The new plant has meant increased employment in Milford, for while some 50 former employes followed the plant when it moved from Detroit to Oakland County, an equal number from Milford and vicinity have been employed during the past few weeks.

Officers of the company are: R. W. Geisler, president; Kenneth Fournier, assistant to the president; M. A. Powers, vice president and treasurer; Keene Bolton, secretary; Carl Theobald, sales manager; Gerald Selby, plant superintendent; and Robert Champlin, chief engineer.

All of the officers except Mr. Powers were present for the open house and Mrs. Geisler, Mrs. Fournier, Mrs. Theobald and Mrs. Champlin also greeted the guests.

New Era Club Hears Talk on China Painting

IMLAY CITY—Talks on ceramics, china painting and photography were featured at the hobby night meeting of the New Era Club Wednesday.

Mrs. Irwin Cardwell spoke on her hobbies of ceramics and china painting, and Mrs. John Balfour discussed photography. Hostesses were Margaret Shuman and Mrs. M. C. Van Conant.

Unite to Get Voters to Polls

Boy, Girl Scouts, School Mothers, Students Act for Saturday Election

ROMEO — School mothers, Student Council members and Boy and Girl Scouts are banding together this week to get out the vote for Saturday's special school expansion election.

Room mothers from the North, South and Maples schools have appointed assistants to contact voters on election day. The mothers themselves are offering free transportation to those needing it and will even supply baby sitters.

The Elementary Schools Club is also furnishing cars and drivers to assist Student Council members from Romeo High School in canvassing outlying areas in the district.

Within the village limits, Boy Scouts will distribute pamphlets telling the need for the additional school facilities. Flyers will be handed out by Girl Scouts and Cubs tomorrow.

At stake in the election is a $450,000 school expansion program for the community school district, which includes 18 classrooms in Romeo and Washington plus a vocational agricultural shop and bus repair depot.

Voters will cast three ballots: One to raise the tax limitation, another to request authority to borrow $450,000 and issue bonds in that amount, and a third authorizing the levy of an additional four mills for operating costs.

Persons voting in the last school, township or national election are registered for the election, according to T. C. Filpulla, school superintendent.

Discuss Americanization

CASS CITY — Americanization was the topic at Tuesday's meeting of th eWoman's Study Club held at the home of Mrs. Ernest Schwaderer.

Area Girl Scouts Give Friendship Dinner at Imlay

IMLAY CITY—The high school gym here was the scene of the Intermediate and Senior Girl Scouts' annual World Friendship banquet Wednesday night.

Mothers of the scouts attended along with 20 girls and their leaders from a Negro troop in Flint.

The troops represented different countries and decorated their tables in national themes.

Program chairman was Senior Scout Sandra Sisson.

Orators Picked at North Branch

Largest High School Class Has Valedictorian, Co-Salutatorians

NORTH BRANCH —Betty Ferkowicz has been named valedictorian, and Lucille Weingartz and George Knox co-salutatorians in the largest class ever graduated from North Branch High School.

In addition to holding the membership record of 72, the 1954 class is the first to have two salutatorians.

During her four years in high school, Betty has maintained a scholastic average of 3.57. She has been active in band and gymnastics and is a member of the Math Club. She plans to enter business college this fall.

Her parents are Mr. and Mrs. Adam Ferkowicz.

Lucille, the daughter of Mr. and Mrs. Michael Weingartz, has participated in band and chorus, was a member of the speech group and was cast in the junior play.

Both she and George had identical honor point averages of 3.53.

The son of Mr. and Mrs. Kenneth Knox, George has served as a class officer and is a star pitcher on the baseball team. His major subjects were English, history and mathematics.

A television camera tube is known as an iconoscope.

County Deaths

Charles F. Reilly

FERNDALE—Service for Charles F. Reilly, 71, of 365 Silman Ave. will be at 9:15 a.m. Friday at McInnes-Desmond Funeral Home, Highland Park, followed by Requiem Mass at 10 a.m. at St. James Church, Ferndale. Burial will be in Holy Sepulchre Cemetery.

Mr. Reilly, who died Tuesday in Highland Park General Hospital, is survived by two sons and two daughters.

Janette Yvonne Allen

CLARKSTON — Prayer service for Janette Yvonne Allen, infant daughter of Mr. and Mrs. Harold Allan of 6650 Maple Dr., was held this afternoon at Sharpe Funeral Home, with burial in Lakeview Cemetery. The baby died at birth yesterday at Pontiac General Hospital.

Besides her parents, she is survived by three brothers and a sister, and grandparents Mr. and Mrs. Owen Heather of Birmingham and Mrs. Hazel Butler of Pontiac.

Clifford H. Dayton

ROCHESTER — Service for Clifford H. Dayton, 60, of 206 E. Auburn Rd., will be at 1 p.m. Saturday at Schmalzriedt Funeral Home, Detroit, with burial in Holy Sepulchre Cemetery, Detroit. He died early today.

An employe of the New York Central Railroad for 40 years, Mr. Dayton is survived by his widow, Marie Dunbar; a son, Richard C., and a daughter, Ruth A., both at home; and two brothers, M. Howard and Floyd R. of Minnesota.

Mrs. Mary Lucille Boyer

CLYDE—Service for Mrs. Mary Lucille Boyer, 63, of 232 Bishop St. will be at 2 p.m. Saturday at the Methodist Church, with burial in Beebee Cemetery. Arrangements are by Dryer Funeral Home, Holly.

Mrs. Boyer died yesterday morning in Goodrich Hospital and is survived by two daughters, Mrs. Merle Gault of Saginaw and Mrs. Gladys Winchester of Clyde; two sisters, Frances and Rachel Savery of Clyde; two brothers, George of Highland and Lucias of Flint, and nine grandchildren.

Mrs. Viola Fagan

CLARKSTON — Service for Mrs. Viola Fagan, 75, of 67 Buffalo St. will be at 2:30 p. m. Saturday at Sharpe Funeral Home, with burial in Ottawa Park Cemetery. She died Wednesday night at Goodrich Hospital.

Surviving are a son, Orville of East Detroit; a daughter, Mrs. Arnold Dierk of Oxford; one brother, three sisters, three grandchildren and six great-grandchildren.

"SPEAK FOR YOURSELF, JOHN"—Indignation reigns supreme when John Harvey (Gilroy Witsoe) discovers he has lost his best girl to John Jenkins (Walter DeBaene Jr.) in the "Gown of Glory," annual play being presented by the Rochester High School dramatics class on April 8 and 9. The girl in the triangle is Margie Coleman. Taken from the current best seller by Agnes Sligh Turnbull, the play is in three acts and will be staged in the high school auditorium. The play was adapted by Irving Phillips.

Pontiac Press Photo

BROTHERLY LOVE—Michael Hamlin, 9, congratulates his sister, Pamela, 8, last night after she was named Miss Boys' Club of 1954 at a program in the Boys' Club Building, 530 E. Pike St. Sisters of club members competed in the "queen" contest, staged in connection with National Boys' Club Week. The Joseph Hamlins of 596 Missouri St. are their parents. (Story on page 26.)

Rochester Drama Class to Present Play April 8, 9

ROCHESTER — Dramatics class of the Rochester High School has picked "Gown of Glory" for its annual presentation on April 8 and 9 in the high school auditorium.

A well-known best seller by Agnes Sligh Turnbull, the play was developed into three acts by Irving Phillips.

Developed around the warm, heart-touching story of Rev. David Lyall who feels that 25 years of faithful service in one parish is a badge of failure, the plot is woven around his two daughters and one son.

The minister, aspiring to a big city church, laments his quarter-century in a small town especially when his children reach maturity and all fall in love at the same time.

Jerry Dahlman plays the role of the minister and his son is Ed Batchelor. Joan Mason plays the youngest daughter, Lucy, and Joan Mackey is cast as Mary Lyall, the other daughter.

Others in the cast are Roger Forbush, Margie Coleman, Ernie Reschke, Gilroy Witsoe, Pat Norman, Carol Hinze, Ray Pasternak and George Lindquist.

Also playing character parts are Adelle Pineau, Janet Maitrott, Jo Griffin, David Arscott, Walter DeBaene, Gordon McAllister and Judy Bachor.

Co-directors of this play are Miss Eloise Tallant and Ray H. Lawson, faculty members of the Rochester High school.

Will Vote on Aid to Handicapped

County School Electors to Get Education Issue at Spring Election

School electors of Oakland County will decide the special education for handicapped children proposal at their annual spring school elections.

One-half mill, which will produce about $500,000, will provide an education program for boys and girls who cannot now attend regular schools in Oakland County.

Legislation, originally proposed and drafted by Oakland County superintendents, was unanimously endorsed by the Michigan Legislation last month allowing the county to establish this program.

William Broomfield, (R-Royal Oak) presented the bill in Lansing.

The Oakland County Board of Education this week reviewed the legislation and authorized that it go before the school voters at their June and July elections.

If aproved, the monies will set up centralized facilities for giving handicapped youngsters an educational opportunity.

Lapeer Juniors Will Present Dickens' Play

LAPEER — Charles Dickens' "Great Expectations" will be presented tonight and tomorrow night by the Lapeer High School Junior Class in the school auditorium.

The setting of the play is 19th century England and the plot involves an orphaned lad who receives money from a secret benefactor over a period of years.

Included in the cast are Marlene Hill, Jerry Laidler, Tootie West, Linda Troy, Margaret Seelye, Sheila Weaver, Peggy Kathy, Joanne Barrett, Sharon Beardsley and Ted June.

Others are Mick Coulter, Paul Van Kleek, Marshall Smith, Larry Barkhouse and Virgil Woods. The production is directed by Bette Ellis, with Jeanine Gwinn and Ralph Duerden assisting.

Sales Tax Collections Up

LANSING (UP)—Sales tax collections during the first three months of 1954 were 3 per cent higher than during the same period a year ago, the State Revenue Department said today.

Sewer Blast Sends Manhole Lids Flying

A gas explosion in a sewer about midnight last night sent two 40-pound manhole covers flying 50 feet down Dresden street, causing slight damage to the street surface.

No one was injured and the only damage reported was a slight upheaval of the street around the manholes. Consumers Power Co. crews, called to the scene, checked sewers for several blocks each way from the area located between Hollywood and Terry Sts., but found no other gas accumulations.

Crewmen said the explosion was caused by a leak in a gas pipe. A spark, discarded cigarette or static electricity may have triggered the blast, which was reported by nearby residents of the sparsely populated street.

Pontiac Police barricaded the section between 114 and 118 Dresden, where the explosion occurred.

Deaths Last Night

WACO, Texas (AP)—Dr. A. Joseph Armstrong, 81, former head of the Baylor University English department who spent 40 years creating a shrine to the poet Robert Browning. Born in Louisville, Ky.

PITTSBURGH—Thomas B. McCafferty, 55, secretary and member of the board of H. J. Heinz Co.

NEW YORK—Mario Korbel, 72, sculptor, whose works are owned by many museums and private collectors.

MEXICO CITY—Agustin Aragon Leon, 83, geographer and astronomer and senior member of the Academia de la Lengua in Mexico.

Engineers Use Hay

SAN FRANCISCO (AP) — Hay is used in a big engineering project—the widening of Waldo Grade on the north approach to the famed Golden Gate Bridge. The hay is strewn on freshly turned slopes of earth to keep the rain from washing the soil away. When the seeds in the hay sprout the growing plants for a green binder.

'Last General' Reviewed at Club's Book Meeting

BROWN CITY—"The Last General" was reviewed by Mrs. Harris Leibler Monday night when the Woman's Club held its Book Night meeting in the home of Mrs. Max Murray.

Mrs. W. G. Bennett, president, presided at the business meeting at which final plans for an Easter concert in the local Methodist Church Monday night. The Port Huron Schubert Male Chorus will be featured.

Coast Guard Rescues 3 Drifting Fishermen

MUSKEGON (UP) — The Coast Guard rescued three men Wednesday from a disabled fishing boat that drifted aground west of the harbor Tuesday night.

The fishermen, Albert and Emil Veverica and Marvin de Wind were chilled but otherwise unharmed, officers said.

A motor breakdown disabled the 36-foot boat four miles out in Lake Michigan.

Although they live in the sea, oysters grow fatter in rainy years than in years of drought.

Dow Scientist, 44, Dies After Bout With Polio

MIDLAND (UP)—Dr. Laurence L. Ryden, 44, Dow Chemical Co. research chemist, died Tuesday night at Midland. Dr. Ryden, stricken with polio in 1949, had spent more than two years in iron lungs at Bay City and Chicago hospitals.

He was credited with developing the company's latex paint. Funeral services will be held at Midland Friday.

Some scientists believe that all pronounced near sightedness is hereditary.

Phony FBI Agent Arrested in Monroe

GRAND RAPIDS (UP) — U. S. District Attorney Wendell A. Miles said a man identified as Karl W. Bearnes accused of impersonating an FBI agent near Fruitport in Muskegon County last week, was arrested Wednesday in Monroe.

He will be brought to Grand Rapids to face charges, Miles said.

Centrifugal force now balances the pull of the sun and keeps our earth in place. If our orbital motion stopped, we would start falling toward the sun immediately.

Shipping Season Opens in North Lake Michigan

CHARLEVOIX (UP)—The motorship North Shore was scheduled to make its first trip today to Beaver Island from here, opening navigation in this part of Lake Michigan.

The North Shore will leave here at 7 a.m. and return at 5 p.m. three times weekly during the season.

The upper range of human hearing is about 18,000 cycles a second but bats respond to vibrations up to 100,000 cycles a second.

Tigers Reduce Over-All Price of Tickets

By PRESS WIRE SERVICES

NEW YORK—The Detroit Tigers today became the 1st major league baseball club to reduce the over-all price of tickets as the result of the cut in federal excise taxes.

Brooklyn Dodgers reduced the price of a bleacher seat from 60 to 50 cents, but made no change in the others. Tigers, however, went right down the line shortly after President Eisenhower signed a bill reducing the tax on some admissions in half and eliminating it entirely on others.

Walter O. (Spike) Briggs, president of the Detroit club, approved a price range of 65 cents for a bleacher seat to $2.30 for a box seat. Previous scale was 75 cents to $2.50.

Other major league clubs were caught off base. Milwaukee faced the prospect of making 1,060,000 refunds to ticket holders.

While some teams like the world champion New York Yankees have withheld mailing out advance orders for admission tickets, the Braves have sold about 1,060,000 tickets for the coming season and every one of them could be due a refund.

The monumental task, according to Braves ticket manager Bill Eberly, would take three weeks.

Although clubs would either pass on the tax savings to consumers or absorb it as they choose individually, Baseball Commissioner Ford Frick is not sure what course baseball will take on the matter of advance sales.

A representative is trying to reach a solution with the internal revenue department.

Frick said more than $6,000,000 advance ticket orders have been taken by major league clubs for 1954 on which the old 20 per cent tax has been collected. A 10 per cent reduction went into effect yesterday.

At the moment, clubs are faced with two alternatives. Either they make a 10 per cent tax return to the customers, a colossal clerical undertaking, or return the full 20 per cent tax to the revenue department although it's really not due.

A number of other baseball clubs—including the Chicago White Sox, both Philadelphia major league teams and the Washington Senators—announced the tax savings would not be passed on to the fans.

Others were non-committal, including the St. Louis Cardinals, who postponed the opening of ticket sales from today to Monday.

Colleges and universities across the country were evenly divided on the matter of passing tax savings and whether or not you enjoy a cut in the price of football tickets this fall depends pretty much on where you live.

University of Pennsylvania, whose athletic program put the school into the red by $78,000 last season, announced it would absorb the savings while uptown rival Temple University reported it would pass it along to the fans. Big 10 indicated it would make token reductions while other schools were not certain as yet what course to take.

Pro football New York Giants announced that box seats, now priced at $4.80, will be reduced to $4.40. But while announcing that $3.60 tickets would go for $3.30 and $1.25 seats for $1.10, the Giants reported that 2,500 pews which went for $2 will be upped to $2.20.

Madison Square Garden announced a wait-and-see policy but indicated that because of reduced revenues and higher costs in hockey and basketball promotions, the saving might be absorbed.

Lack of Long Ball Hitters Keeps Nats From Flag Fight

ORLANDO, Fla. (AP)—If the Washington Senators had a Ted Williams, an Al Rosen or a Yogi Berra, they'd be in the thick of the fight for the American League pennant this year.

• • •

Unfortunately, they are short in the long ball department and a team must have at least two home run threats to make a serious bid for a championship.

The best the Senators had last year was Mickey Vernon, the league's leading batter whose homer output was only 15. The entire Washington team hit only 60, lowest in both majors.

The pitching staff, most formidable since Bucky Harris returned for his 3rd stretch as Washington manager in 1950, may well be the best in the league.

• • •

It is headed by Bob Porterfield. The 29-year-old righthander was the circuit's biggest winner with a 22-10 record in '53 and turned in the remarkable total of 10 shutouts.

• • •

Southpaws Maury McDermott (18-10) and Chuck Stobbs (11-8) and righthanders Spec Shea (12-7) and Connie Marero (8-7) round out the starting five.

Harris plans to carry 11 or 12 pitchers. Veteran Johnny Schmitz (2-7) will handle most of the relief along with Sonny Dixon (5-8) and Dean Stone.

Pete Runnels, 26-year-old shortstop, is the key man of the infield that shapes up strong defensively at the other positions.

Vernon at first and Eddie Yost at third compares favorably with anybody in their respective positions. Wayne Terwilliger at second is a steady fielder and a timely hitter.

If Angel Skull, the fleet-footed outfielder from Charleston, first Negro to make the Washington team, can win a regular spot, the Nats will boast the fastest outfield in the majors with Jim Busby in center and Tom Umphlett in right.

Catching is in the capable hands of Ed Fitzgerald and Joe Tipton.

Reports From Major Camps

By THE ASSOCIATED PRESS

WILMINGTON, N. C. — Birdie Tebbetts is the hardest working manager the Cincinnati Reds have had for many years. The former American League catching star was behind the plate for 20 minutes of batting practice yesterday.

Then he changed shirts and pitched for another 10.

• • •

BIRMINGHAM, Ala. — Johnny Groth, Chicago White Sox new outfielder, says he'll be ready for full time duty when the team opens the season against Cleveland in Chicago April 13. Groth was operated on for appendicitis at the start of spring drill.

GROTH

• • •

JACKSONVILLE, Fla. — If the season opened today rookie Henry Aaron would start in the outfield for the Milwaukee Braves.

That's how Braves Manager Charlie Grimm rated him yesterday. "He's one of the best looking young hitters I've ever had," said Grimm.

Aaron is batting .321 and leading the Braves with six homers and 21 runs batted in up to yesterday's exhibition with Brooklyn.

• • •

WILMINGTON, N. C. — Puffed wrist and all, Washington Senators shortstop Pete Runnels still is hitting the ball well.

Runnels got a double and triple yesterday in the nine-hit Washington attack that routed the Cincinnati Reds 9-2. An infection in Runnels' right wrist still hasn't cleared, and the shortstop says it hurts when he swings his bat.

Overconfidence Won't Fool Red Wings

Detroit Sextet Heavily Favored to Oust Leafs

Jack Adams' Blasts Kept Team Hustling in Last 2 Games

By JOE FALLS

DETROIT (AP) — Detroit Red Wings, who apparently learn their lessons well, won't be fooled on Fool's Day by overconfidence. They were burnt too badly last season to let it happen again.

Wings meet the Toronto Maple Leafs in Olympia Stadium tonight and are favored to win and move into the finals of the Stanley Cup playoffs against the Montreal Canadiens.

With a 3-1 stranglehold on the best-of-seven series, the Red Wings are determined to lock it up before the home folks. But if they don't it won't be through overconfidence. General Manager Jack Adams saw to that.

When the Red Wings won the opener from Tronto in a 5-0 breeze, Adams warned against overconfidence. He told his players that "Toronto will be tougher in the remaining games."

When the Maple Leafs upset Detroit 3-1 in the 2nd game Adams had all the opening he needed. He blasted his players as being too complacent, saying "there'll be no more loafing on this team."

And there wasn't in the two games at Toronto, won by the Red Wings 3-1 and 2-1. Detroit had to play 60 minutes of hockey both nights.

Last season it was a different story. Detroit trounced Boston in the opening game, just like this year against Toronto. Adams said nothing. Detroit was upset in the 2nd game, just like this year. Adams said nothing.

The slide had started. Before Detroit could get straightened out, Boston won the next two games and eventually eliminated the Red Wings in a stunning upset.

This year Adams stepped in before anything like that could happen. He needled his players at the right time and they responded with near perfect play.

Many times hockey officials talk, for effect, and nothing more. But the Red Wings had to take Adams seriously when he said that he'd trade anybody who loafed. Past history shows that Adams is not against selling winning players. He's peddled such name stars as Harry Lumley, Jack Stewart, Leo Reise and Bill Quackenbush.

This is one of the big reasons why Toronto has little chance at this point of upsetting the Wings.

First major leaguer to make 125 hits in the 1953 season was Harvey Kuenn, Detroit's rookie shortstop.

NHL Announces Finals Dates

Series Will Start on April 4 in Detroit if Red Wings Win

MONTREAL (AP) — The National Hockey League today announced dates for the final of the Stanley cup series only in event the Detroit Red Wings win their current semi-final series with the Toronto Maple Leafs.

Dates for the best-of-seven final, if Detroit wins:

April 4 and April 6, Detroit; April 8 and April 10, Montreal; April 11, Detroit; April 13, Montreal; April 16, Detroit.

If the Detroit-Toronto series goes beyond five games and if Detroit wins it:

• • •

April 6 and April 8, Detroit; April 10 and April 13, Montreal; April 16, Detroit; April 17, Montreal; April 19, Detroit.

'54 Rams Get Plays at Line of Scrimmage

LOS ANGELES (AP) — The huddle is coming out of the Los Angeles Rams' scheme of things for 1954.

Head coach Hampton Pool says the Rams will call most of their plays at the line of scrimmage during the pro National Football League season. He and his assistants are convinced, he says, that an audible signal system is the most efficient way to run a football team.

• • •

The 1954 Rams will be going back a quarter of a century in installing a signal system wherein the quarterback shouts the number of almost every play from "set position" on the scrimmage line.

Bowling Clinic

By BILLY SIXTY

CASE—Short First Step.

Key to Sound Timing — Almost every seasoned bowler who hits a sudden scoring slump makes the same mistake. His first step is too long, he loses timing.

He can't coordinate footwork and swing. He gets to foul line too soon, ahead of ball. He drops ball on line, or behind it. As sketch (arrows) shows, first step must be short, mere shuffle, timed with the push-away of the ball.

Don't make mistake of shortening your stride, that brings you to the line still quicker. Cover 14 to 15 feet with four steps.

If you will think of merely shuffling off with the right foot, and keep right on moving to foul line, swinging ball will give the right tempo. It'll get you there smoothly and in position to follow through freely and fully. Remember: A slow, shuffle start.

Hal and Rookie Making Grade With Indians?

Tribe Disposes of Six Players as Newhouser, Regalado Impress

BEAUMONT, Tex. (AP) — Cleveland's Indians, possibly making room for Rudy Regalado and Hal Newhouser, optioned four players yesterday and sold two others.

Infielder Owen Friend was sold to the Tribe's farm team at Indianapolis and pitcher Don Fracchia to Tulsa in the Texas League.

Optioned to Indianapolis as the Indian roster was cut to 34, were pitchers Marian Murszewski and Howard Rodemoyer and infielder Bob Prentice. Outfielder Jim Lemon was optioned to Richmond in the International League.

Newhouser, the former Detroit Tiger who is attempting a comeback, gave up only three hits in five innings yesterday as the New York Giants beat the Indians, 4-2 at Houston.

Regalado, the young and nifty Californian, doubled Jim Hegan to 3rd in the 5th inning — setting up Dave Philley's 2-run double.

No Comment From Iowa on Elliott Rumor

IOWA CITY, Ia. (UP) —Athletic director Paul Brechler of the University of Iowa has declined to comment on reports that Michigan is trying to hire away Chalmers (Bump) Elliott, the Hawkeyes' assistant football and basketball coach.

Brechler said Wednesday he hasn't talked to Elliott for several days and therefore was unable to reply to a newspaper report that Michigan has offered Elliott $10,500 a year to join the Wolverine coaching staff. Elliott gets $8,700 at Iowa.

Elliott and head football coach Forest Evashevski left for Norman, Okla., Wednesday to attend a coaching clinic.

A former Wolverine backfield star, Elliott joined the Iowa staff in 1952 when Evashevski, also a Michigan grid great, took over as head coach.

Hershey Gains Calder Finals Against Barons

HERSHEY, Pa. (AP) — The Hershey Bears will meet the Cleveland Barons, 1953 champions for the American Hockey League's Calder Cup starting Saturday.

Bears qualified for the finals by defeating the Pittsburgh Hornets last night 3-2 in a sudden-death double overtime.

Cleveland, defending champions, moved into the finals last Sunday by eliminating the regular-season leaders, the Buffalo Bisons.

Cap'n Dick Retires

LEXINGTON, Va. (AP) — R. A. Smith, known throughout the East as "Capn Dick," is retiring as director of athletics at Washington and Lee University after holding the position for 33 years. He will be succeeded by E. P. (Cy) Twombly.

AP Wirephoto

IRISH MAP PLANS—Notre Dame's youthful head football coach, Terry Brennan (left) maps plans for the university's 20-session spring practice, which starts Friday, with his staff of six assistants. Left to right (seated) are George Dickson, Bill Fischer and Bill Earley. Standing are Frank Curran, Frank (Blacky) Johnston and Johnny Druze. Earley and Druze are holdovers from Frank Leahy's staff.

Four More Drivers Added to '500' Field

INDIANAPOLIS (INS) — Names of four drivers—two rookies and a pair of veterans—were added to the official list today for the 38th annual 500-mile Memorial Day auto race at the Indianapolis Motor Speedway, May 31.

Newest names boosted the list to 45. Deadline for entries is midnight April 15.

Latest drivers signed up include two California veterans—Rodger Ward of Los Angeles and Jimmy Davies of Pacoima—plus rookies Eddie Russo, Springfield, Ill., and Larry Crockett, Columbus, Ind.

Gets Batboy Job

BALTIMORE (AP)—Happy is the word for George J. Diering III, 15. He was chosen as the batboy for the Orioles, Baltimore's new team in the American League, after a contest in which 250 boys were entered.

His favorite Oriole? Outfielder Chuck Diering, of course. They are not related, the youngster sadly admits.

Terry Brennan Plans No Switch From Leahy's 'T'

SOUTH BEND, Ind. (INS) — Terry Brennan, new head coach at Notre Dame, huddled with his six assistants today over strategy to be dealt out to the 75 candidates reporting for spring football practice.

Brennan's career will be launched officially Friday when Irish football hopefuls draw equipment and pose for photographs.

The 25-year-old coach—youngest in 66 years of football history at Notre Dame—said he will put his squad through its initial scrimmage Saturday to get his first look at the team he will direct.

Brennan emphasized that there will be no change in the basic split-T formation used so successfully by his predecessor, Frank Leahy. He pointed out that he had played for Leahy and was freshman coach before Leahy resigned.

"There will be some variations, of course," Brennan said. "We will use the split-T as much as any team does in our basic patterns."

Brennan expressed confidence that adequate "necessary replacements" to fill empty positions—lost through graduation — will be found in the squad reporting for the initial phase of the annual six-week grind.

"We were hurt up the middle. Who wouldn't be hurt when a team loses a center like Jim Schrader and a fullback like Neil Worden? Right now, only Ralph Guglielmi, quarterback, and left half Joe Heap are definite backfield starters next fall."

Hurler Bill Wight Glad Cleveland Left Arizona

HOUSTON, Tex. (AP) — Bill Wight, trying to stay with the Cleveland Indians as a relief pitcher, said today he was happy the club finally left Arizona on its barnstorming trip.

He declared, "I'm a curve ball pitcher. Out there the air is too light."

Wight pitched for the New York Yankees, the Chicago White Sox, the Boston Red Sox and the Detroit Tigers before joining the Tribe.

Spartans Face Marines

CHERRY POINT MARINE BASE, N. C. (UP) — Michigan State's baseball team was scheduled to meet Cherry Point Marines today in a doubleheader. Wednesday's scheduled game was rained out.

St. Claire to Drop Switch-Hitting Tactics

PHOENIX, Ariz. (AP) — Catcher Ebba St. Claire of the New York Giants plans to bat lefthanded only this season. St. Claire, traded to the Giants from the Braves prior to spring training, used to be a switch-hitter.

"I can't hit the lefties when I bat right," he claimed. "So I guess I'll bat lefty only and stop switching."

Bears' O'Connell Joins U.S. Air Force Today

CHICAGO (INS)—Tommy O'Connell, former Illinois and Chicago Bear quarterback, was called to active duty today by the United States Air Force.

O'Connell, second-string quarterback of the Chicago Bears last season, will enter the service April 13 as a lieutenant.

Woman Bowler Is 75

CLEVELAND (AP) — Jo Mraz, Cleveland Bowling assn. secretary, celebrated her 75th birthday and was feted by her four bowling companions.

Peg Parker has been bowling with Jo for 20 years. Maxine Oliver has been in the group 10 years. Wilma Fardy and Sophie McCann joined 7 years ago.

Mrs. Mraz has been bowling for 37 years.

It's Time Out!

"Heavens, you've seen him retire 25 men in a row . . . surely there's nothing interesting in a couple more!"

These Are for Keeps!

Rio Grande's Bevo Francis Sets Hatful of Scoring Marks, NCAA Records Show

NEW YORK (AP) — The NCAA service bureau today gave Bevo Francis a flock of new basketball scoring records to replace the ones the nation's coaches wouldn't let him keep last year.

Francis, the 6-9 one-man gang from Rio Grande College in Ohio, won the individual scoring championship among small college players and topped the list in 10 other single game, season and career records compiled by the NCAA statisticians.

Francis did just as well last year. But the National Basketball Coaches Association voted to recognize only the points scored against four-year colleges. This knocked out almost two-thirds of Bevo's 1952-53 games.

This season Francis scored 1,255 points in 27 games against four-year schools, an average of 46.5 per game. The best previous performances were 970 points by Johnny O'Brien of Seattle in 1952 and an average of 38.9 by Roger Kuss of River Falls (Wis.) State last year.

Francis also scored the most field goals (444), scored the most free throws (367), scored the most points in one game (113 against Hillsdale), shot the most times in one game (71 against Alliance), scored the most field goals in one game (38 against Alliance and Hillsdale), attempted the most free throws in one game (45 against Hillsdale), and made the most free throws in one game (37 against Hillsdale).

His two-year average of 47.1 and total of 651 field goals against four-year schools are records for two seasons. Francis also became the 1st player to score more than half of his team's points in a season.

Montclair State of New Jersey averaged 96.7 points a game, a record, and broke 100 in 11 games, also a new high. Paul Lauritzen of Augustana (Ill.) set a field goal record for accuracy, hitting 62.9 per cent of his shots.

Baltimore University set two records in beating Catholic University 146-121. The 146 points was an all-time high for one team and the total of 267 was tops for two teams.

Top Records in Baseball Books Don't Appear to Be in Any Danger in '54 or for Some Time to Come

By GRANTLAND RICE

NEW YORK—As 16 big-league ball clubs get ready to close their spring camps and head for home, various arguments flare up which will sustain the fans' interest until opening day.

• • •

Some of them are sizzlers. We heard a new one a few days ago. Here it is—what is the top achievement in baseball?

• • •

Ty Cobb's batting .367 for 24 years; Babe Ruth's 60 home runs in one year; Babe's hitting 714 home runs in a lifetime; Lou Gehrig playing 2,130 consecutive games; Cobb leading the American League 11 out of 12 consecutive years; Cobb making over 4,000 hits; Cy Young winning 511 games; Walter Johnson winning over 400 games with a poor club; and Rogers Hornsby averaging .405 for four consecutive seasons.

• • •

These are the nine high spots of baseball. There isn't any chance that any one of them will be cracked this season. There is no chance that any of them will be broken in your lifetime.

• • •

Only record that might be broken is Babe Ruth's 60 home runs made in 1927. That was 27 years ago and while it has been approached by Hank Greenberg and Jimmy Foxx, each with 58, it has never been equaled.

Ed Mathews hit 47 last season and that high mark was 13 short of Ruth's total. Mathews now looks to be the only one left with a chance. And the odds are Mathews will need some help from the manufacturers before he ever crawls much closer.

There is no argument about the other performances. Not the faintest.

• • •

Certainly no one now around on this dizzy planet will ever see another ballplayer average .367 for 24 years. No one will ever see anyone hit over 714 home runs. Who again will play 2,130 consecutive games? Who will ever lead either the American or National League in 11 out of 12 years?

• • •

There is a chance that Robin Roberts may win 30 or more games in a season. He would be the first pitcher since Dizzy Dean turned the trick. Don Newcombe might get there with the stuff he has and the team that works behind him.

Ed Mathews has a bare, thin chance of adding 13 home runs to his 1953 mark, but it's a 100-1 chance. Stan Musial has a good chance of adding another batting leadership and tying Hornsby for 2nd place in the National League batting champion standings.

Rumors Fly as Middleweight Title Bout Nears

Michigan Outdoors

1953-54 Winter Wasn't Too Hard on Wildlife

By MORT NEFF

The winter of '53-'54 in Michigan has not been unkind to our wildlife, according to current surveys by our game biologists and sports men observers. Despite moderately heavy shows throughout the state our birds and mammals have been able to find sufficient food to come thru the season in excellent condition. In the upper peninsula the deer herd "yarded" in many areas—especially the west end where snows were ranging two feet deep—or more.

NEFF

A thorough search when snows have melted is not expected to produce a report of more than a normal number of dead animals.

Deep snows alone will not contribute seriously to wildlife hardship in the winter. Alternate thawing and freezing, producing heavy unbreakable crusts is the weather that is the real killer. Ground food is then sealed in, and until the crust is thawed birds and animals alike must slowly starve.

Reliable reports from the counties in which pheasant populations are found say that unprecedented numbers of hens and roosters are seen along highways and in fields.

Laker Rebounds Beat Syracuse

Lovellette Leads NBA Champs to 79-68 Win in Playoff Opener

MINNEAPOLIS, Minn. (UP) — The Syracuse Nationals, belted out of their cockiness by the 79-68 defeat served up by the Minneapolis Lakers Wednesday night, were a grimly serious lot today as they looked forward to the 2nd game of the National Basketball Association playoffs here Saturday.

Coach Al Cervi admitted he was jarred considerably by the Lakers' performance in quelling his Nats despite his switch from the expected fast break offense to a slow control game.

"It was the rebounds that beat us," said Cervi, "and who'd have thought Lovellette would be that good against us."

The usually peppery Cervi referred to rookie Clyde Lovellette's 16-points in taking scoring honors for the evening.

"We'll have to win the next one or we are going to be in rough shape," said Cervi in sizing up the Nats' situation for the remaining games in the best-of-seven series.

PHILLIES' WORKMEN — Philadelphia Phillies' manager Steve O'Neill is hoping for plenty of victories from this trio of moundsmen this summer. From the left are Robin Roberts, Curt Simmons and Murry Dickson. Dickson was obtained from the Pittsburgh Pirates.

Hack Puts Midnight Curfew on Cubs

SHREVEPORT, La. (UP)—Manager Stan Hack established a midnight curfew and banned "heavy card games" before assuming command of the Chicago Cubs in today's exhibition game with the Baltimore Orioles.

The new pilot introduced himself to the Cubs Wednesday when rain caused cancellation of their game with the Orioles.

"I'm sure I'll get full cooperation from everyone," Hack said. "You men are all pros. You have a job to do and it's my job to see that you do it."

Persley Ends Layoff With Easy Win Over Savoie

ST. LOUIS, Mo. (UP) — Arthur Persley, a 26-year-old lightweight from Red Cross, La., today promised to make his future opponents candidates for disaster relief.

Coming off a five-months layoff, Persley gave Armand Savoie, his favorite opponent, a severe beating over the 10-round route at the St. Louis Arena to win a unanimous decision.

Both Persley and the Montreal battler, who was a decided favorite, weighed 136 pounds but that was the limit of their similarity.

Persley took out after Savoie in the 1st round, crowded him into his own corner and staggered the Canadian.

That set the pattern of a bruising setto, with Savoie on the defensive except for rare intervals.

Margin of Persley's superiority was indicated by the scores of the referee, Bob Ingham, (55-43) and the judges, Al Graff (57-43) and Gene Farrell (56-44).

Jack Levine, Persley's manager, challenged any lightweight, including champion Paddy DeMarco, after the one sided victory.

Sandy Saddler Plans Two Title Tuneups

BOSTON (UP) — World featherweight boxing champion Sandy Sadler—says he plans two tuneup fights a month until he feels he is ready to face his No. 1 challenger, Percy Bassett.

Cpl. Sadler, who is due to be discharged from the Army April 20, checked into a Boston hotel last night on a 72-hour pass some 24 hours before he is scheduled to face Angie Salazar of Oakland, Calif., in a 10-round non-title bout at Boston Arena.

Birth of Twin Colts Reported in California

LA JOLLA, Calif. (UP)—The birth of twin colts, considered a 10,000-to-1 chance among thoroughbreds, was reported yesterday.

The rarity took place Saturday at La Jolla Farms, thoroughbred nursery. Colts are the property of Gazelle Stables, syndicate of San Francisco businessmen.

Robert Immenschuh, veterinarian, said that "rarely, in the case of twins, do both live. But these are lively, hungry foals they should thrive."

Reports Claim Bobo Has Cold, Kid a Sore Hand

Odds Are Unchanged; Olson Still Rules 3-2 Favorite

By CHARLES CHAMBERLAIN

CHICAGO (UP)—Rumors that Bobo Olson has a head cold and that Kid Gavilan has a sore right hand today failed to affect the odds on their championship brawl at Chicago Stadium tomorrow night.

Olson, middleweight king making his first title defense since clinching the crown with a 15-round decision over Randy Turpin last October, was a 3-2 favorite.

• • •

A week ago he was a 9-5 choice. In the meantime, Gavilan moved his training headquarters to Chicago. The slide in odds followed a normal course and should be 6-5, take your pick, by ring time. It figures strictly a tossup, and getting behind a favorite is one of the hardest jobs boxing experts have had to do in years.

• • •

Despite the phoney rumors, the clamlike Olson posed somewhat of a mystery on the eve of his biggest battle.

The balding, tattooed 160-pound champion, son of a federal narcotics agent in Honolulu, has fled to a secret hideout. He registered under an assumed name at a hotel on the city's far North Side.

Before doing so, he was observed blowing his nose. He did this perfectly human act after trotting around in the snow for his routine four miles of roadwork. Word got around he had a cold.

Today, it can be told that Olson, weighing 160 pounds and confident he officially will hit about 159 tomorrow, is in his hideout pursuing his favorite pastime—reading gory detective stories.

Momentarily, at least, he suffered a case of nerves, and he wants to be alone. Before he moved to his hideaway, he was hounded by reporters and photographers to the extent that he was overheard to exclaim: "I'm ready to blow my top."

Meanwhile, welterweight champion Gavilan was his old, gay self.

• • •

The report that the Cuban Hawk had a sore right hand came out when he was seen dunking the mitt in a bucket of water. Also, he was observed dealing the cards in a poker game with his left hand and shaking hands while holding his right in abeyance.

• • •

"He always soaks both hands in brine to toughen them up," said his manager, Angel Lopez. "He can deal cards and shake hands with either his left or right, who cares?"

The fight will be televised nationally by NBC, starting at 10 p.m., EST, with Chicago and a 100-mile surrounding area blacked out.

Doctor Delays Williams' Return to Spring Drills

Ted Told to Limit His Exercise Pending X-ray Reports

MIAMI, Fla. (UP) — Ted Williams was described by Dr. Herbert Virgin as "jubilant" today despite a last-minute order to postpone his spring training program at least a week.

Williams was scheduled to begin working out with the Boston Red Sox Friday but Dr. Virgin cancelled those plans with an announcement that he doesn't "want Ted running or doing anything that might hurt him."

Dr. Virgin said he would tell Williams when he could begin workouts after additional X-rays are examined on April 7.

• • •

Williams has not indulged in a single workout since he suffered a fractured collarbone attempting to catch a fly ball 10 minutes after he donned his uniform on the first day of spring training.

"He's very anxious to get back to work," Dr. Virgin said. "I've told him to come back in a week and that he should restrain his activities to walking, swimming or bicycling."

• • •

Dr. Virgin said X-rays taken Wednesday indicated "good progress" and said Williams was "jubilant" when he talked by telephone with Joe Cronin of the Red Sox.

The 35-year-old outfielder has been trying to keep in shape by taking daily exercises. He weighs 210 pounds — about 10 over his normal playing weight.

Beaver Trapping Is Booming in Quebec

QUEBEC (UP) — A somewhat uncertain venture 22 years ago, Quebec's beaver industry has blossomed into a highly profitable business.

In recent years the annual value of beaver pelts has ranged from $500,000 to more than one million dollars.

• • •

In 1932 the first provincial beaver reserve was established. Eight years later 800 pelts were taken from the 7,200-square mile reserve on the east coast of James Bay.

Today there are 11 reserves in northern Quebec. They cover 185,000 square miles. From these reserves nearly 26,000 pelts are expected this trapping season.

Robin Roberts Far Off Form in Training

By BEN OLAN

Associated Press Sports Writer

Even the most ardent rooter for the Philadelphia Phillies will concede that without an effective Robin Roberts, the club hasn't a ghost of a chance of winning the National League pennant. And Mr. Roberts' showing this spring can hardly be described as "effective."

* * *

Just what, if anything, is bothering the strapping right-hander hasn't been determined. Maybe it's the heavy work (347 innings) he put in last season. Or could be he's just pacing himself. At any rate, Roberts is a far cry from the fireballing pitcher who won 107 games in his last five National League seasons.

* * *

Yesterday, the 6-foot-1½ native of Springfield, Ill., went the route for the first time this spring, but he was raked for 13 hits as the Phillies dropped a 7-2 decision to the Detroit Tigers.

The time before that (March 27), he was shelled from the mound in the fourth inning after he had yielded seven runs to the Chicago White Sox. His over-all exhibition record is 0-3, which could augur a disappointing campaign for the 23-game winner of 1953.

The Phillies are said to have strengthened their pitching staff with the acquisition of Murry Dickson and Johnny Lindell from Pittsburgh. Curt Simmons and Jim Konstanty have looked good in recent outings, but if Manager Steve O'Neill can't count on Roberts for at least 20 victories, the Phillies likely would settle for fourth place right now.

* * *

Gerry Staley, another of the National League's star right-handers, fared better than Roberts yesterday. He gave up only two hits in seven innings as the St. Louis Cardinals downed the Chicago White Sox 6-3. Al Brazle, ancient bullpen ace, preserved the Cards' third straight triumph and their 14th in 22 games by choking off a ninth-inning rally.

* * *

The New York Giants, who look more formidable every day, scored their ninth victory in 12 starts against the Cleveland Indians, 4-2. The Tribe committed four errors. The Giants collected only four hits, but Willie Mays doubled home the first run and Don Mueller singled in two more, all in the opening frame.

Ending their worst Florida showing in the six years under Casey Stengel's regime, the New York Yankees dropped a 9-3 decision to the surprising Pittsburgh Pirates. The loss was the 16th in 24 games for the world champions. The Pirates put the game out of reach in the first inning when they scored five times against lefty Bob Wiesler.

* * *

Gil Hodges' homer sparked a 12-hit Brooklyn attack as the Dodgers whipped the Milwaukee Braves 10-7. The game was called at the end of the eighth to permit the clubs to make a train. Eddie Mathews and Johnny Logan each homered twice for the Braves.

The improving Washington Senators broke loose for five runs in the sixth frame to defeat the Cincinnati Redlegs 9-2. Tom Wright, recently secured from the White Sox, homered during the big inning.

Wilkinson Speaks

Coach Sees Change in American Athletics

NORMAN, Okla. (AP)—What is the place of athletics in American universities today? Football coach Bud Wilkinson, who also directs athletics at the University of Oklahoma, admits sports have changed radically.

"The original purpose of athletics," he said at a faculty dinner, "was purely for recreation. But athletics have grown from those beginnings into a focal point of interest, especially in the large state universities.

"Environment and nationality are forgotten on the field, with ability the lone factor. And in football we have a common bond for all the diverse interests of a university.

"There are problems. Recruiting, and—or subsidizing and spring practice have been the most discussed, but they resolve into one issue: Are we honest?"

Wilkinson set forth the considerations in selecting prospects as academic ability first, athletic prowess second.

"Competition," said Wilkinson, "is what made America great. What we need fear is the enemy within our group: Complacent people who say opportunity is not important. In our game the only security is to win, and the more you win the greater the incentive to beat you becomes."

AAU Grappling Starts

SAN DIEGO, Calif. (AP) — Wrestlers representing YMCA's universities, athletic clubs, the Armed Services and one Japanese team start competition here today in the National Senior AAU wrestling championships. Team entries include Michigan State.

Enos Slaughter of the St. Louis Cardinals leads active players in the National League in lifetime runs-batted in with 1,148.

Haven't 'Drawn Flies'

Skimpy Crowds at Majors' Exhibitions May Force Clubs to Cut Florida Slates

By GAYLE TALBOT

TAMPA, Fla. (AP)—The big league ball clubs are so depressed by the skimpy crowds they are leaving behind them in Florida that some of them may cut their exhibition schedule within the state virtually in half next spring. They might start their training later too.

* * *

The cluster of eight teams based within 50 miles of this cigar center have not, in the words of one baseball official, "drawn flies." Only the St. Louis Cardinals and New York Yankees, playing their home games in the tourist city of St. Petersburg, drew a few big gates on this coast, and then only because of a late visit by the Brooklyn Dodgers.

* * *

The others have starved. There were days here when the Cincinnati Redlegs and Chicago White Sox played to outpourings of 300 or 400 fans and only broke about even after paying off the park employes. On week days the citizens of Tampa are at work, and the same is mainly true of several other towns. Tourists and retired settlers from the North have noticeably held onto their money this spring.

The White Sox, who moved to Florida this year after a long stay in California, are anxious to do something about drastically cutting down the exhibitions next spring. They had 21 scheduled this time, and Manager Paul Richards is suggesting strongly to his fellow pilots that the number be reduced to 11 next year.

In his note to other clubs based in this vicinity, Richards suggests that pitchers and rookies do not report until March 1, some 10 days later than this year, and that the regulars show up on March 7. He would play the first exhibitions March 12, six days later than this year.

Sports Briefs

Gene Hatton, infielder getting a spring trial with the Cincinnati Redlegs, is a cousin to Grady Hatton, regular infielder with the same team.

* * *

Rookie pitcher Frank Sullivan of the Boston Red Sox is the tallest player in the American League. He is 6-6½.

* * *

Outfielder Jim Fridley of the Baltimore Orioles was a star tackle for the University of West Virginia in 1946 and 1947.

Release of Bucha Signals Tiger Youth Movement

Tony DeSpirito Making Strong Showing in 1954

LINCOLN, R.I. (AP)—Tony DeSpirito, the nation's champion jockey two years ago, is staging a comeback at the ripe old age of 18.

Tony, son of a Lawrence, Mass., millworker, turned in four winners in four tries yesterday at Lincoln Downs to boost his 1954 total to 63.

* * *

That figure places him in jockeydom's first 10, behind—but within striking distance of—the leaders, the West Coast's Willie Shoemaker and Avelino Gomez, who boots 'em home in Mexico.

* * *

DeSpirto does his best riding at the home New England tracks, especially Lincoln and Rockingham in Salem, N.H.

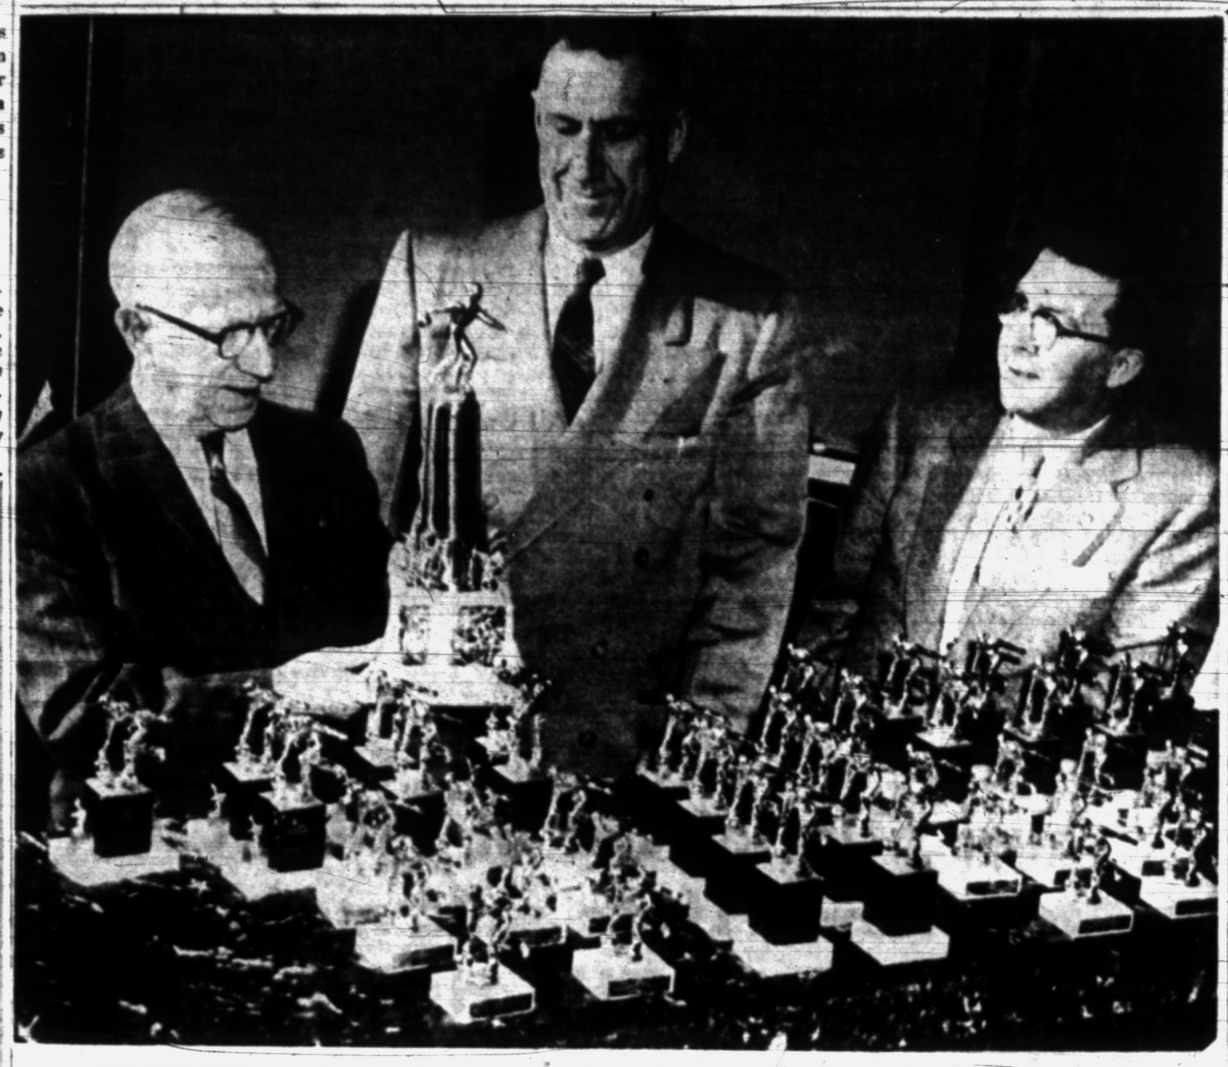

He had only 33 winners to show for nine weeks' efforts this year in the Southland. In the first 18 days at Lincoln, however, he added 30 more.

There's no doubt that he has worn the hottest boot in the nation for the past two days. His four for four yesterday, coupled with a five for six the day before, has given him nine winners in 10 tries in two days.

'Trotters Beat College All-Star Quintet Again

RALEIGH, N. C. (AP)—The Harlem Globetrotters and the College All-Stars move to Hershey, Pa., tonight to continue their 22-game cross-country basketball tour with the Trotters holding a 4-1 lead.

Globetrotters won last night's game here 86-83 before a capacity 12,400.

AWARDS FOR LIONS—Officials for the 20th annual state Lions' Clubs bowling tournament look over part of the 68 trophies which will be presented to winners in the event. Left to right are Oscar Eckman, tourney director, and co-chairmen Francis Staley and Mitchell A. Calbi. Meet is scheduled for the weekend of April 24-25 at Motor Inn Recreation, Pontiac Recreation and AAA West Side Recreation lanes in Pontiac. Seven hundred keglers from Lions Clubs throughout the state are expected to compete in the tournament.

House Assured Plenty of Duty Behind Plate

Gromek Making Strong Bid for Opening Day Job, Kress Homers

CLEARWATER, Fla. (AP)—Maybe it meant nothing . . but, then, maybe it was highly significant.

It was a 1-paragraph story from the Detroit Tigers training base at Lakeland, Fla. It read:

"The Detroit Tigers today released catcher Johnny Bucha to their Buffalo farm club."

That would get only passing attention in most newspapers, but the move could be significant for the Tigers. It further points out their accent on youth.

Bucha is a veteran catcher who has had, and failed, several trials in the major leagues. With his departure, bonus catcher Frank House is expected to see more action than anticipated in the coming season.

House has been in a miserable slump all spring and there was talk that the $75,000 investment of several years ago would be farmed out. But it was Bucha who was cut.

True enough, the Tigers called up catcher Al Lakeman from Buffalo — but he figures to be nothing more than Buchas numerical replacement. His main duty, no doubt, will be in the bull pen. Lakeman is 34, older than Bucha, and is a fill-in player, not one to carry the major share of a 154-game schedule.

Buchas departure leaves the No. 1 catching job up to Matt Batts.

Also missing from last year's squad are the "three old men"—Pat Mullin, Billy Hitchcock and Jerry Priddy. Hitchcock was named manager of Buffalo and Mullin will serve as his player-coach. Priddy is coach of the Seattle Rainiers of the Pacific Coast League.

However pitcher Steve Gromek and draftee 1st baseman Charley Kress — strengthened their positions with the Tigers yesterday.

Gromek, bidding for the choice opening-day assignment, blanked the Philadelphia Phillies for seven innings as Detroit carved out a neat 7-2 decision.

The word neat is used because the Tigers pummelled Robin Roberts, the game's No. 1 hurler, for 13 hits. Roberts went all the way. One of the hits off him was a 3-run homer by Kress in the 4th inning.

Dick Marlowe worked the last two innings and lost the shutout in the 9th when Stan Jok slammed a two-run homer. Phils met the Tigers in Clearwater today for a chance to square matters.

Commissioner Stays Ultimatum to Nat Holman

NEW YORK (INS) — **A ruling ordering former City College of** New York basketball coach Nat Holman dismissed unless he applies for retirement by Friday was set aside temporarily today.

Effective date of the New York City Board of Higher Education ruling was stayed by State Education Commissioner Lewis Wilson pending his decision on Holman's appeal of March 25.

New York City Board found the veteran coach guilty on three counts of neglect of duty. Charges grew out of the 1951 college cage scandals during which seven CCNY players admitted participating in point-fixing.

Under the March 3 decision of the New York City Board, Holman would be dismissed as of Nov. 18, 1952, when he was suspended to await departmental trial, unless he applied for retirement by April 2.

Two National Hockey League coaches celebrated birthdays three days apart. Tommy Ivan of Detroit was 43 on Jan. 31. Boston's Lynn Patrick was 42 on Feb. 3.

Happy April Fool's Day!

Joe DiMaggio Plans Comeback, No Mint Juleps at Derby, Hogan Turns Southpaw

By OSCAR FRALEY

NEW YORK (UP)—An April 1 look around the sports world with Fearless Fraley, the day's number one fourth-month idiot:

SAN FRANCISCO—Joe DiMaggio announced today that he was so bored with home life he might make a comeback with the New York Yankees.

April fool!

COOPERSTOWN, N. Y. — Amazin' Willie Mays was admitted to the Hall of Fame today when officials, after seeing his spring training raves, asserted "it's silly to wait."

April fool!

LOUISVILLE, Ky. — Kentucky Derby officials said today no mint juleps would be sold at the Rose Run this year because "it's hard enough on the poor public trying to pick a winner while sober."

April fool!

CINCINNATI—Fans stormed the offices of the Cincinnati Reds with World Series applications today after an official claimed the club could "go all the way" and the rush went on unchecked as another official said he was "afraid" of the Pittsburgh Pirates.

April fool!

FORT WORTH, Tex.—Ben Hogan, awed by the plight of the runnersup, began converting himself into a lefthanded golfer today and promised not to win more than the U.S. Open and Masters.

April fool!

CHICAGO—Kid Gavilan disclosed today that after beating BoBo Olson for the middleweight title Friday night he would take the heavyweight crown from Rocky Marciano and then go on a world-wide wrestling tour with Primo Carnera.

April fool!

ST. PETERSBURG—Casey Stengel of the New York Yankees, "tired of winning so many pennants," asserted today he might join Bob Hope in an Indian dialect comedy act.

April fool!

Owner Wants Minors' Revolt

Texas League Mogul Hits Major Leagues' Control

DALLAS (AP) — Dick Burnett, militant owner of the Dallas Club in the Texas League, says he is convinced that, if the minor leagues are to survive, they have to break with the majors and go it alone.

Burnett says: "As things stand now, the majors control the minors. The major-minor agreement is nothing more than a major agreement, since they dictate it."

He believes the minors need a man of the Judge Landis type to lead them.

"The minors will have to have a tough leader who not only knows baseball but is an expert at law. Such a move would most cetainly meet with strong resistance from the majors. The minors would have to be in a position to carry their case to court."

Burnett offered as evidence of the minor league plight the decrease in number of minor leagues operating.

"You would think the major league owners would see the handwriting on the wall. But they don't. They pay kids who never have played a game in pro baseball a fantastic bonus and allow salaries to go sky high. Then they wonder what is wrong!"

Sports Briefs

Minimum purse for 2-year-old races has been advanced $500 to $3,000 for the Gulfstream Park meeting from March 4 through April 22.

* * *

Practice rounds for the Masters Tournament begin April 4. Tournament playing dates are April 8-11. The site is the Augusta, Ga., National Golf Club.

* * *

Mike Garcia of the Cleveland Indians led American League hurlers in night victories during 1953. Garcia won 11 games under the lights.

* * *

Bobby Morgan of the Brooklyn Dodgers has hit seven home runs each year he has been with the team since 1950.

Konno Eyes AAU Tank Sweep

KONNO

NEW HAVEN, Conn. (UP) — Flashy Ford Konno, who missed scoring a "triple" at last week's NCAA swimming championships by an eyelash, opens his bid for a similar sweep of freestyle titles tonight in the 1,500 meter event that begins the national AAU championships.

A grand total of 188 swimmers from 48 organizations will take part in the 3-day competition at Yale's Payne Whitney pool, but the advance spotlight is squarely on Konno and his two fellow Hawaiians, Yoshi Oyakawa and Dick Cleveland, who form the backbone of the Ohio State team.

Konno tried for the 1,500 meter, 440 yard, and 220 yard freestyle crowns in the NCAA events at Syracuse, N. Y., and was balked only in the 220 when he lost to Michigan's Jack Wardrop by a touch in meet record time.

The brilliant Olympic 1,500 meter champion will be trying for those same three titles in this meet, and is given a fair chance to succeed. He will be figured as the favorite in each event, although he must face Wardrop again in the 220.

The 1,500 meters will be the only event contested tonight. It will be run in heats with final placings depending on time. Six more events will be held Friday, with qualifying competition during the day and finals at night. The same pattern will be followed for the six events which comprise the concluding program on Saturday.

The 100-yard freestyle is expected to be one of the competitive highlights of the tournament, since it brings together four of the six men in the world who have clocked under 50 seconds for the distance — Cleveland, who holds the world mark of 49.2 seconds; defending champion Reid Patterson of Georgia; Kerry Donovan and Red Aubrey of Yale; and Clarke Scholes of Michigan State.

Also in the field is Don Hill of Michigan, who has been timed under 50 unofficially, and John Glover of Dartmouth, whose best time has been 50 seconds flat.

Inglis Says State Will Ignore Ruling for Smart

DETROIT (UP) — State Racing Commissioner James H. Inglis contended today a court ruling here will have no effect on Wayne (Curly) Smart's 1-year suspension from Detroit harness race tracks.

Circuit Judge Miles N. Culehan ruled Wednesday that Smart had been "deprived of his constitutional rights" when Inglis ruled him off the tracks for a year.

Court enjoined the commissioner from carrying out the state suspension, but Inglis said the ruling actually will have no effect in Michigan.

Despite the order to lift its own suspension, the Michigan Racing Commission still will observe a suspension imposed against Smart by the United States Trotting Association, Inglis said.

Michigan Commission suspended Smart for a year last August on grounds that one of his horses was doped before a race at Wolverine Raceway here. Smart is chief trainer for Castleton Farms.

A spokesman for Smart said the court's ruling is a "vindication." Smart had contested the suspension from the moment it was imposed against him and Carl Larson, who was in charge of Castleton horses at Wolverine.

Inglis said the USTA suspension will keep Smart off Michigan tracks until Spet. 30. He said Smart "threw in the sponge" when he withdrew a suit against the USTA at Columbus, O.

Stroh's Bowlers Take ABC Lead

Buzz Fazio Is Pacesetter With 659; Lindemann, Lubanski Help

SEATTLE (UP) — Stroh's Beers of Detroit rolled a big 3084 to take the lead in the ABC last night.

Capt. Buzz Fazio rolled 233-223-203 for a 659 and had plenty of help from teammates Ed. Lubanski with 653 and Tony Lindemann with 638.

High team score broke up a tie between the Wisconsin Bridge and Iron Works of Milwaukee and the King Louis Shirts of Chicago, who had led with a 2984.

Twenty years ago, a Strohs team took the ABC Open title with a 3089 tally.

Tony Sparando, bowling center proprietor from Rigo, Park, N. Y., cracked the illustrious circle of 300 tourney bowlers and went on to turn in games of 245 and 178 for a series total of 723 for the lead in individual standings. His 3-event total of 1867 moved him into 3rd place in the all-events.

Wonder Boys Return

RUSSELLVILLE, Ark. (UP) — Arkansas Tech's "Wonder Boys," who won 25 out of 26 basketball games this year and led the nation in scoring with an average of 95.8 points per game, will be strong next season, too.

Every member of the starting five is due to return for the 1954-55 campaign. And one of the stalwarts, 6 feet 7 Don Sevier, is just a freshman.

Toski Shows Way

Young Golfers Starting to Move Out Old-Timers

NEW YORK (UP) — Handsome Bob Toski, the mighty mouse from Massachusetts, has driven home the point that the young fry of the fairways have just about arrived.

Ever since the war, professional golf has waited eagerly for new young stars to appear and start sparkling. All that was produced through this period of frustrated expectation was a lot of inky black nights.

For the oldsters of the baffie brigade — the Hogans, Sneads, Demarets et al—creakingly continued to pick up the checks.

There was a slight break in recent years with the appearance here and there of a Cary Middlecoff, a Jackie Burke and a Doug Ford. But there wasn't anything amazingly permanent about their winning ways.

Old fellows are still doing all right on the tourney circuits as victories by Dutch Harrison, Chandler Harper, Freddie Haas, Ed Furgol and Dave Douglas will attest. But youngsters are dipping in for top money here and there, too.

Gene Littler, 23 the National Amateur champion since turned professional, rattled the old guys' corsets when he breezed home in the San Diego Open. Fred Wampler, 30, had them counting runnerup money when he took the Los Angeles Open.

And now it's Toski who has some of the long-timers wondering how it would be to go back to eating hamburgers.

The 26-year-old Toski moved front and center in the Baton Rouge Open. Then, to prove it was no fluke, waltzed off with the Azalea Open last weekend.

Watch the new fellows, men like Toski, Littler, Wampler, Bud Holscher Wally Ulrich and Bo Winninger, in the standings of the next tournament and see how the newcomers are moving right up there ahead of a lot of "name" stars.

Sweeney Is Signed to Manage Angels

LOS ANGELES (INS) — Bill Sweeney, veteran Pacific Coast League manager, today signed a one-year contract to manage the Los Angeles Angels.

He succeeds Stan Hack, elevated late yesterday to the helm of the parent Chicago Cubs in place of Phil Cavaretta.

Angel president Don Stewart lost little time in signing Sweeney, who piloted the club from 1943 through 1946, winning pennants in his first two seasons.

Wendell Corey Returns to Stage Comedy Roles

By BOB THOMAS

HOLLYWOOD (AP) — Seven years ago, Wendell Corey was brought to Hollywood on the strength of his work in the stage comedy "Dream Girl." Today he's doing another comedy, but he had to go back to the stage for it.

In the darkened Biltmore Theater of downtown Los Angeles, I watched Corey, Diana Lynn, Estelle Winwood, Marshall Thompson and others rehearse "Sabrina Fair" prior to its Phoenix opening. On a nearly bare stage, the players went through their lines in the New York hit, which will play Los Angeles, San Francisco and Seattle in its road tour.

After the run-through, Corey went to lunch. He seemed happy to be returning to comedy, which had been his strong suit on the stage. Yet with one exception, he has done no comedies in the couple of dozen films he has done here. And that exception didn't draw many laughs and had best be forgotten.

• • •

"I came to Hollywood at a time when everything was grim," explained Corey. "I don't mean the business; the movie industry was still prospering then. But producers were making hard tales of crime and corruption, and I fitted into the pattern.

"I was either the criminal or the lawyer. It got so that I almost felt I had passed the bar."

When he first arrived in Hollywood, he was hustled right to Arizona to do a hard Western tale with Burt Lancaster and John Hodiak, "Desert Furies." He has been hustling from picture to picture ever since, with stage work, TV and radio sandwiched between.

• • •

On one occasion, he was rushed to MGM to play opposite Lana Turner in "A Life of Her Own." He escaped from the studio just as fast.

"I worked one day only," he recalled. "I didn't care for the script, and Miss Turner and I didn't care for each other. Ray Milland took over. I've never been sorry. The incident didn't seem to hurt me at MGM. I went back to do five pictures there."

Corey often takes a flier at the stage, as he is doing with the limited run of "Sabrina Fair."

GOP Rumored Ready to Appoint U.S. Marshal

JACKSON (INS) — Republican National Committeeman David Kendall said Wednesday that the U. S. Marshal's job in Detroit is about to be filled.

The post, which pays $7,500 to $8,000 a year, has been vacant since Joseph L. Wisniewski resigned late in February to enter the Hamtramck mayoralty race.

Kendall said there would be a decision soon on what is generally considered one of the larger patronage "plums" in Michigan.

To a steelman, a crook is not a criminal, but a distortion which sometimes appears in cooling a casting.

A "PATSY" FOR LADDIE — People can have their Oscars, because animals have their "Patsy," and Laddie of Hollywood trotted off with it this week for his work in the film "Hondo." Here, Laddie gets acquainted with "Woody Woodpecker" and his creator, Walter Lantz, who received an award of appreciation for work with the Red Cross.

United Press Photo

Atlantic City Marks Century

Famed Ocean Resort Plans Special Events This Year

ATLANTIC CITY, N. J. (UP) — Ageless Atlantic City, a jaunty dowager with a checkered past, celebrates her 100th anniversary this year with all the fanfare and fun-making that made the resort famous.

One of the oldest and perhaps best-known of America's vacation capitals, Atlantic City has planned a series of special events to celebrate a century of exuberant living in keeping with her lusty past.

Although the Indians were known to have dunked their aboriginal skins in the surf here, it took a hard-pressed stagecoach line to parlay nature's strip of sunshine, sand and surf into an empire of fun and frivolity.

Dr. Jonathon Pitney's stagecoach line was going broke from competition by railroads, and he decided to get into the act by starting his own railroad from Philadelphia to what was then nowhere. The miles of luxury hotels, the boardwalk with its rolling chairs and salt water taffy did not even exist in anyone's imagination.

While some contend the resort is out-dated and overcrowded today, the criticism is about as valid as a chorus girl's complaint about last year's mink.

For Atlantic City has kept pace with its growth and lived safely through a period in the wacky and wonderful 1920's that would have killed a lesser resort.

In that breezy era of bootleg booze and bobbed hair, Atlantic City was the most animated—some said "wicked" — spa in America, where you could rub elbows with personages from Warren Harding down to Al Capone. It was closely allied to Broadway at the time because all of the big musical productions of Flo Ziegfeld and others tried out here prior to New York. It was a playground for the greats of the show world.

Maybe some of the secret of Atlantic City's success is the casual, Topsy-like growth of the town. Seemingly, most of the things the resort is known for were accidental or born of necessity.

Salt water taffy was discovered when ocean water accidentally got into a batch of taffy. The boardwalk was born in the brain of a railroad conductor who tired of brushing sand off seat cushions on the return trip to Philadelphia.

The town has lined up a series of special events for its centennial.

But for those who go to Atlantic City religiously each year, the old attractions will be the ones they will be looking for.

Tucson City Hall Living Dangerously Since 1917

TUCSON, Ariz. (AP) — Old-time workers in the City Hall are a little stunned by what the man who supervised its construction has to say. Architect M. H. Starkweather said the building went up according to faulty plans. He said it was unsound from the day it was built. That was in 1917.

"It was falling to pieces then," Starkweather added.

Meanwhile, City Hall workers tread lightly.

Will Corinne Take Sleeping Pills Again?

HOLLYWOOD (AP)—Will Corinne Calvet take sleeping pills again?

"Oh, hell no!" she told a news conference after emergency hospital attendants had pumped out her stomach. "I'll count the sheep from now on."

The incident was recorded on the police blotter yesterday as an attempted suicide, but Miss Calvet called it "a stupid accident," and added, "I love life."

She wore a filmy negligee over a revealing nightgown when she greeted reporters and photographers in her Beverly Glen home some eight hours after she was treated at Santa Monica Emrgency Hospital.

She and her former husband, actor John Bromfield, had made the rounds of night clubs the evening before, she explained.

"My doctor told me to take two sleeping pills at night to help me sleep," the 27-year-old French actress said. "I came home, took two but started shaking. I thought maybe I was getting used to them so I took two more. It was a silly thing to do."

No reconciliation with Bromfield is in view, Miss Calvet said. Then she added:

"After six years of living together it gets to be a habit discussing your affairs with someone. John and I go out at least once a week. John is such a nice habit."

Offers Rita, Dick $42,000 for 3-Week Britain Tour

LONDON (AP)—British impresario Maurice Kinn said today he had offered Rita Hayworth and her crooner huseand Dick Haymes $42,000 for a three-week theatrical tour of Britain. He said he is waiting for their decision.

He said he previously had an agreement for Haymes to come to Britain but the crooner had to cancel because of tax problems in the United States.

Panel System Speeds Building

New Method of Erecting Walls Seen Reducing Construction Costs

CHAMPAIGN, Ill. (UP) — The University of Illinois Small Homes Council has announced development of a new panel system for erecting exterior walls of one-story houses of almost any design.

The system is intended to simplify home building and cut construction costs, the university said. It was developed under a grant given by the Lumber Dealers Research Council.

The system was shown at a short course in home construction to building material dealers, builders and contractors.

The panels, which can be assembled completely by lumber dealers or builders and trucked to the site, are designed so they can be used for a large variety of house plans.

Previously, panelization of exterior walls had been tied to a specific house plan or to the operations of a specific builder, the university said.

With the panels, two men in a single day can erect the exterior walls of a house approximately 1,000 square feet in size, according to Profs. James T. Lendrum and Rudard A. Jones, who directed the research.

Carpenters do not have to cut and fit studs, plates, sheathing or siding on the job.

The panels essentially are a studwall framework covered with sheathing and siding. The panels are tied together into a wall by a continuous header, a double 2x6 fastened to the top of the panels around the entire perimeter of the house.

U.S. Rejects Red NATO Bid

Will Consult With Allies on Russian Maneuver to 'Undermine West'

WASHINGTON (AP) — The United States planned to consult promptly today with Britain and France on its stern rejection of Russia's surprising bid for a hand in control of Western defenses through a new "security" system.

For its part, Washington turned down the Soviet maneuver last night as a boring-from-within trick "to gain admittance within the walls of the West, to undermine its security."

• • •

Moscow offered to consider joining the North Atlantic Treaty Organization if the Western Powers would (A) join a Russian-sponsored European security plan from which Germany would be barred and (B) scrap plans for a European Defense Community (EDC) in which German troops would be rearmed.

Initial Western reaction showed some division, and officials said it was reasonable to assume there would be consultation with Britain and France on the formal replies.

A few hours after Soviet foreign Minister V. M. Molotov handed his proposals to Western ambassadors in a 10-page note, a French Foreign Office spokesman said the note would require careful study 'as it represents a considerable modification" of proposals on the same subject which the Soviets had put forth at the Berlin Big Four conference in February.

• • •

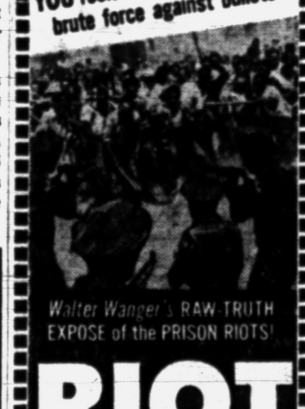

In Washington, meanwhile, Secretary of States Dulles and his top adviders wound up a quick study of the Russian message with a statement categorieally turning down the Soviet' move.

What Molotov proposed was that the United States should join a 32-nation European security treaty which he had first put forth at the Berlin meeting. He then suggested that the United States — and Red China—should sit in merely as observers. Thus his sugestion for American membership represented a change.

Worst Aid Exhibited

PHILADELPHIA (AP)—Boy Scouts holding at their pow-wow here came up with an act called "worst aid"—a demonstration of all the wrong ways to give first aid.

About a fifth of the women who reach age 65 this year in the United States will live to be 88.

Whale Avoids Scientists' Bid for Basic Data

LA JOLLA, Calif. (AP)—A scientific attempt to take the heart beat of a whale has failed again.

Dr. Paul Dudley White, Boston cardiologist, was assisted by Navy and University of California oceanographers in the try to get near enough to a gray whale to harpoon it with two 28-inch darts, from which it was hoped an electrical current would record the heart beat.

The 67-year-old cardiologist, who also had the assistance of Dr. Robert King of Seattle, president of the American heart association, couldn't get close enough in the Navy boat to make the harpoon contacts.

He made a similar try off La Jolla ast year, in the hope the experiment would support his theory that heart-beat is relative to size, in humans as well as other

AN H-BOMB CLOUD—The muchroom-like cloud begins to take shape after the explosion of an H-bomb in the fall of 1952 at the Marshall Islands in the Pacific. Two minutes after zero hour the cloud rose to 40,000 feet—the heighth of 32 Empire State buildings. This Air Force photograph was taken at about 12,000 feet, 50 miles from the site of the detonation. This is one of the first pictures of the test released by Civil Defense officials.

AP Wirephoto

H-BOMB MUSHROOM—The cloud spreads into a huge mushroom following a detonation in the Marshall Islands in 1952. This photo, made 50 miles from the site by the Air Force, has just been released by defense officials. The cloud rose 40,000 feet two minutes after the explosion. The mushroom portion went up about 10 miles and spread 100 miles.

AP Wirephoto

SPREAD OF H-BLAST—This is an artist's conception of the giant mushroom cloud which formed after the hydrogen detonation in the Marshall Islands in the fall of 1952. Nearing its maximum 12 minutes after zero hour, the cloud stem pushed upward 25 miles, deep into the stratosphere. The mushroom portion, 10 miles high, spread for 100 miles along the base of the stratosphere.

AP Wirephoto

CLOSEUP OF H-BLAST—Here's a closeup view of the stem of the hydrogen detonation set off in the Pacific in the fall of 1952. Cloud mushrooms above the furious blast. The cloud stem pushed 25 miles upward, deep into the stratosphere.

Pontiac Woman Injured in Crash on Telegraph

Mrs. Efthim Gabriel, 25, of 257 Ottawa Dr., was treated at Pontiac General Hospital for face cuts Wednesday when she was involved in a three-car accident at Telegraph Rd. and Golf Dr.

State Police of Pontiac Post quoted Mrs. Gabriel as saying she attempted a turn in front of an auto driven by Mrs. Flora Smith, 75, of 111 Oneida Rd. Mrs. Gabriel's car struck one driven by John J. Lee, 49, of 410 S. Vermont, Royal Oak, after the impact.

Red China Hits H-Tests

TOKYO (AP)—Communist China tonight accused the United States of timing its Pacific hydrogen bomb tests to have a better bargaining position at the Geneva conference.

Reds Slow Assault on Dien Bien Phu

HANOI, Indochina (AP) — The French high command announced today the Communist-led Vietminh had slackened their human-wave assaults on the Dien Bien Phu fortress after losing close to 2,600 men in 24 hours of furious battle.

The French Union defenders held grimly to the northwest Indochina plain despite the onslaught of rebel forces in their second major bid to seize Dien Bien Phu at no matter what cost.

A French spokesman at headquarters here said the Vietminh was "taking time out" while they rushed up more ammunition in preparation for a possible renewed infantry charge tonight.

The spokesman said in addition to the 1,350 Vietminh reported killed yesterday in hand-to-hand fighting at the barbed wire barricades and by curtains of artillery fire and record French aerial attacks, the enemy had gathered up several hundred more bodies from the battlefields early today.

A $26 account deposited in the Middletown, Conn. Savings Bank in 1844 has grown through interest to $3,077.05.

Rome's Public Transport System Goes on Strike

ROME (AP) — A public transport strike forced most Romans to walk to work today, or to ride in a strange assortment of emergency vehicles.

The unions called the strike, latest in a series of labor disturbances since Premier Mario Scelba took office, to get higher pay and other benefits.

Refugee Builds Business, Has Said Many Prayers

By ADELAIDE KERR
Associated Press Feature Writer

In the pincer pressure of persecution and poverty, Leon Jolson learned the secret of wresting victory from the toughest threats of defeat.

Using it, he escaped a Nazi concentration camp, moved from the homeless standing of a Displaced Person to citizenship in the United States. He rose in five years from the virtually penniless state of a refugee who spoke no English to the head of a New York business, which last year grossed seven million dollars.

LEON JOLSON

As a boy in Poland, Jolson used to observe his father, an intensely religious man, go to the synagogue three times a day to pray. The importance of prayer impressed itself upon Leon and he gave it a great deal of thought. After pondering a long time, he decided that prayer did not need to be confined to the synagogue.

"Surely," the boy thought, "God will let us ask for help — quick — when we need it, and give us that help right there."

Gradually he began to follow this procedure, stopping now and then as he faced some problem to call for guidance in the simplest words. Jolson senior died when his son was 21, and the years which followed were extremely busy for Leon.

He took over his father's business as distributor of sewing machines of European make, including Italian machines. He was building up the business successfully, when World War II broke over Europe and the Nazis poured into Poland. Soon the walls of the Warsaw ghetto closed around Jolson and his young wife.

Jolson was sent to Maidanki (Poland) concentration camp. This is the place, above all, where he fought despair.

Before long, however, the Nazis began to suffer heavy military losses, and the army had to draft the camp's supervisors. Some of the key jobs had to be given to prisoners. Jolson got a supervisor's job in the camp clothing factory, which entitled him to walk from one factory to another outside the walls.

One day he disappeared into a high stand of wheat and began his hazardous tramp to safety.

A week after he started, he joined his wife in Warsaw. There he worked in the underground 20 months until the end of the war.

After a year in a DP camp in Germany, the Jolsons came to America, sponsored by the United Service for New Americans. Jolson was happy crossing the Atlantic. But, as New York's skyscrapers loomed out of the mist, he felt a quick chill of fear. He stood at the ship's rail, fingering the six dollars in his pocket—all the money he had.

Then habit took command—and Jolson's lips began to move in a prayer of thanksgiving for the opportunity he had been given and the victory he intended to win.

The United Service for New Americans staked Jolson to $90 a month until he got on his feet. Soon he moved into a sixth floor walk-up apartment in the Bronx and started after his American fortune.

"I decided to begin with what I knew — sewing machines," he says.

He acquired a little kit of repair tools. Every morning he got up at six, walked from the Bronx to one of New York's garment centers, rode the elevator to the top floor and trudged down, knocking on doors and offering to repair sewing machines. He learned English on his feet.

Daily he prayed to be shown what he needed to know.

He saved every penny he could spare for air mail stamps and wrote to everyone he knew in the sewing machine business in Europe, asking whether he could be useful to them.

His letters brought a number of orders, and from the commissions, he stacked up a little stake. With this, and $2,000 lent him by the USNA, he opened a little New York store, selling second-hand sewing machines.

He had been dreaming of selling the Italian sewing machine. Its specialty is a system of levers, which enables them to do a wide variety of operations, including sewing on buttons, making button holes and embroidering, without adding attachments. However, American women had been buying American machines for decades, and a lot of people told him they would never accept anything else.

Jolson decided to find out for one floor!

himself. He began to study the ideas and habits of American women. He poured over women's magazines. He sent to Washington for figures on how many patterns and how many yards of fabric had been sold in this country the year before.

When he was convinced that he had a market, he rounded up two partners with capital (who are now secretary and treasurer in the business) and imported 135 machines.

Next, he and his wife whipped out 200 cloth samples, showing the variety of things the machines could do. The he hired a clipping service which sent him advertisements of sewing machine dealers throughout the country. One Thursday Jolson mailed a sample to 200 of these dealers. Monday morning he found 12 standing in front of his shop.

"I could have sold a thousand machines, if I'd had them," he says.

The business soon outgrew the shop. Today Jolson is president of the Necchi Sewing Machine Sales Corporation, an independent American corporation, now housed in its own New York building.

It imports the machine heads from Italy, has the motors and cabinets made in this country and assembles the machines here. A network of 1,630 dealers sells them. Next year Jolson expects the business to gross ten million dollars wholesale.

Of course he continues the prayer practice he began in acute need.

"If you believe in Him, you should talk to Him face to face, as you feel," he says. "With me, it's practically a conversation. I have always done it as my feeling went — dozens of times a day, every time I got stuck, every time it was hard, every time I was grateful, and everytime I called, I was heard — and answered."

TOMORROW — Princeton football coach Charles Caldwell Jr. tells the story of kickoff time at the Santa Claus bowl.

Rye Zooms Up During Trading

CHICAGO (AP) — A sharp upward thrust by rye and a strong tone in wheat, particularly the new crop months, featured active dealings in grains on the Board of Trade today.

Rye jumped as much as seven cents at the opening following news President Eisenhower had proclaimed import restrictions on this grain. At Winnipeg rye prices declined. Practically all American imports of rye come from Canada, and there have been large quantities of such imports.

Wheat near the end of the first hour was 1 to 1⅝ higher, May $2.18¼, corn unchanged to ⅝ lower, May $1.52¾, oats ⅛ lower to ¼ higher, May 74⅞, rye 3 to 3¾ higher, May $1.06, soybeans 1 cent lower to 1¾ higher, May $3.60½ and lard 10 cents lower to 8 cents a hundred pounds higher, May $18.87.

Reo Motors to Decide Monday About Deal

LANSING (AP) — Joseph S. Sherer Jr., president of Reo Motors, Inc. of Lansing, said yesterday that a decision will be made next Monday on the reported stock purchase offer by a "non-automotive" New York group.

Sherer made the announcement following a meeting of the 50-year-old automotive company's board of directors.

He refused to identify the source or to comment on the terms of the offer, or whether two other reported offers were taken up at the meeting.

However, financial circles believe that purchase deal is imminent. The belief is based on the sale of 22,600 shares of the company's common stock on the New York exchange yesterday.

Spiders vary greatly in their methods of securing prey. Some build webs, while some stalk their prey and pounce upon it; others run their quarry down in open chase, while still others lurk in ambush for their victims.

Livestock

DETROIT LIVESTOCK

DETROIT (AP)—Hogs—Salable 80. Not enough hogs on hand early to make market.

Cattle—Salable 225. Today's market steady. Compared last week's close: Marketings locally about 10 per cent under last week due to bad weather conditions the fore part of the week; good clearance; good action all week; slaughter steers and heifers fully steady; cows strong, spots higher on in between grades; bulls fully steady; stockers slow, about steady; bulk choice fed steers and yearlings 22.50-24.50; few small lots high choice 24.25-24.75, with a short load around 1060 lb. steers with a prime end at 25.00, top for the week; bulk good to low choice fed steers and yearlings 19.00-22.00; load choice 913 lb. heifers 21.00, odd head around 750 lbs. at 22.00; utility to low good steers and heifers 15.00-18.00; bulk utility and commercial cows 11.00-13.00, latter price taking more desirable heavy Holsteins; few head on the heifer order higher; bulk canners and cutters 9.50-11.50, mostly 10.00 and up; bulls were dull in spots, but weekend clearance was good; utility and commercial mostly 13.50-15.50; load choice 580 lb. yearling stock steers 22.00; load good and choice 529 lb. stockers 19.50; other small lot sales ranged down to 17.50; country outlet for the most part was narrow due to unsatisfactory weather conditions.

Calves—Salable 50. Today's market steady, compared last Thursday Vealers steady to $1.00 lower; practical top 29.00, only odd head strictly prime higher; good and choice vealers mostly 24.00-28.00; bulk commercial and good vealers 17.00-23.00; cull and utility mostly 8.00-16.00.

Sheep—Salable 100. Today's market nominally steady. Compared week ago: Slaughter lambs 50-1.00 higher; sheep firm; bulk choice to prime shorn lambs, mostly No. 1 skins 24.00-24.75, including a 45-lb lot at 25.00; top at 24.70; couple part loads strictly prime 25.00; about a deck and a half choice and prime 87 lb. shorn lambs, No. 1 pelts 24.50; about 30 head fall shorn offerings brought 25.50; couple small lots full wooled lambs brought 27.00-27.25, new high for season; good and choice shorn lambs mostly 23.25-23.75; utility and low good slaughter lambs 18.25-21.25; cull to good slaughter ewes mostly 7.00-10.00; odd choice handyweights up to 12.00.

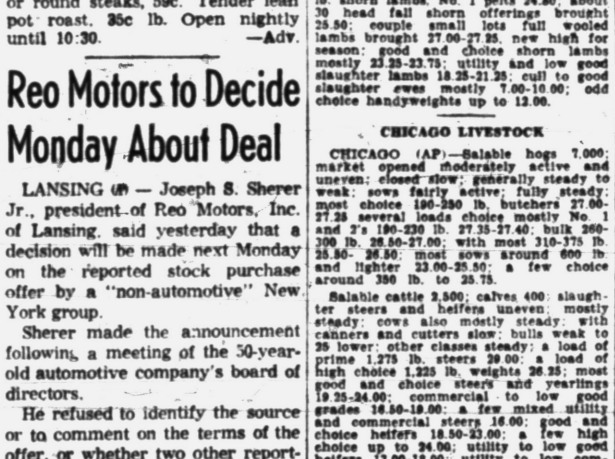

CHICAGO LIVESTOCK

CHICAGO (AP)—Salable hogs 7,000; market opened moderately active and uneven; closed slow; generally steady to weak; sows fairly active; fully steady; most choice 190-250 lb. butchers 27.00-27.25 several loads choice mostly No. 1 and 2's 190-230 lb. 27.25-27.40; bulk 250-300 lb. 26.50-27.00; with most 310-375 lb. 25.50-26.50; most sows around 600 lb and lighter 23.00-25.50; a few choice around 380 lb. to 25.75.

Salable cattle 2,500; calves 400; slaughter steers and heifers uneven; mostly steady; cows also mostly steady; with canners and cutters slow; bulls weak to 25 lower; other classes steady; a load of prime 1,275 lb. steers 29.00; a load of high choice 1,225 lb. weights 26.25; most good and choice steers and yearlings 19.25-24.00; commercial to low good grades 16.50-19.00; a few mixed utility and commercial steers 16.00; good and choice heifers 18.50-23.00; a few high choice up to 24.00; utility to low good heifers 13.00-18.00; utility to low commercial cows 11.50-13.50; canners and cutters 9.00-11.50; utility and commercial bulls 14.00-16.25; good heavy fat bulls 12.50-13.00; good and choice vealers 22.00-27.00; culls down to 10.00 and occasionally as low as 8.00; two loads choice stock steers 21.65; a few medium to low good stockers 16.00-18.25.

Salable sheep 3,000; general trade active; slaughter lambs and sheep steady to strong; good and choice wooled lambs 110 lb. down 24.50-25.75; choice and prime 26.00-27.25; a short load mostly prime 27.75; cull to low good lambs 16.00-24.00; choice to mostly prime No. 1 skin shorn lambs 94-109 lb. 24.25-25.25; cull to choice slaughter ewes 6.00-10.50

Early users of umbrellas sometimes were severely criticized for trying to defy the will of God, Who made the rain.

EGGS TAKE A BEATING—Above Newsmap shows regional egg production in the U. S. during 1953. The west north central region was the only one which had an excess, (899 million dozen) and its excess production was made available to other regions of the country. The largest deficit (280 million dozen) was in the southeast region. Data from U. S. Department of Agriculture.

Market Higher 5th Straight Day

NEW YORK (AP) — The stock market headed higher today in early trading, its fifth straight advance.

Yesterday's market made its strongest advance of the year and hit a new high for the year with aircrafts and railroads as the star performers.

Today the aircrafts in some instances were up around 2 points but there was profit-taking present.

Just about all other divisions of the market were higher with rails doing quite well.

Among higher stocks were Southern Railway, Southern Pacific, Texas Co., U. S. Steel, General Motors, Kennecott Copper, American Cyanamid and General Electric.

Police Chief Attending Civil Defense Discussion

Pontiac Police Chief Herbert W. Straley today is attending a panel discussion on civil defense at a meeting of the Southeastern Michigan Association of Chiefs of Police in Dearborn.

Heading the discussion will be Detroit Police Inspector Herbert Case. Topic of the discussion is "How the Responsibility of Civil Defense Protection Is Being Thrown Back Upon the Individual Citizen."

Small-Part Actress Faced Tough Going

MESA, Ariz. (AP) — Patsy Brooks' part in the high school play was about the smallest in the script, but she practiced every day.

All she had to do was walk — once — across the stage.

The night before the play opened, Patsy sprained her ankle in rehearsal.

Pontiac Press Photo

STORE FOR HANDYMAN—A new store designed to meet the needs of persons who want to make their own home improvements opens in Pontiac today. Some of the materials in the Do-It-Yourself Mart, 256 S. Saginaw St., are shown above. Manager is Lou Shefler of Pontiac.

Details of H-Blast Released to Public

(Continued From Page One)

tion" extended outward in a three-mile radius; that severe to moderate damage reached out to seven miles; light damage as far as 10.

The damage as applied to Washington, D.C., would have looked like this:

If an H-bomb had been exploded at the Capitol, the zone of utter annihilation would have reached west to Arlington National Cemetary (across the Potomac River from Washington.) Eastward it would have touched the Anacostia River. Northward the edge would have been soldiers' home, the farmlike place in the heart of modern Washington. Southward it would have engulfed Bolling Field, the Air Force's base at the national capital.

The motion picture, still photographs taken from it, and news accounts were to have been held until 6 p.m. EST next Wednesday, but some stories broke into print ahead of time, and the Federal Civil Defense Administration made a general release today.

The New York Times, publishing an account in today's editions, said it did so because a descriptive review by a syndicated columnist appeared in newspapers a few hours after a special press showing.

In his column in some newspapers today, Drew Pearson noted that "the veil covering the H-bomb will be lifted next week," and he added: "However, this column is able to give a word preview of the horrible holocaust."

Following publication of these accounts, the major news services decided to go ahead with their own reviews.

Then early today, the Federal Civil Defense Administration announced that all still photographs, news matter and other material related to the hydrogen test were released automatically as of 7 a.m EST because of previous breaks in the story.

Two factors should be noted about this 1952 test and the theoretical application of them to big cities like New York and Washington:

1. The 1952 explosion of the "device," while the mightiest up to then, was of substantially lower order than the shattering detonation at Bikini Atoll last March 1. The latter is assumed to have been on the order of 16 megatons—the equivalent of energy produced by explosion of 16 million tons of TNT.

2. The 1952 blast was exploded at ground level, which probably would not be the method used in a wartime attack unless a specific, pinpoint target was the objective. Exploded in mid-air after being dropped from a plane, with the point of burst at several thousand feet altitude, the area of total destruction and severe damage would have increased by several multiples. The power of the blast might have been diminished, but the zone increased. The destruction produced by heat and the injury by the intense, instant radiation of the fusion bomb would have been correspondingly increased in area, only slightly diminished in intensity.

The picture disclosed another peculiar characteristic of the hydrogen bomb, a pronounced lateral blast effect. The deadly "base surge" cloud of the bomb and the racing shock front flashed out to far greater width than any standard atomic fission bomb.

Aloft, the sight was equally astounding. The thermonuclear explosion, like any atomic bomb, produced the too-familiar picture of a giant mushroom. But this time the stem of the mushroom grew and grew and grew—until it had poked 25 miles into the stratosphere. Even in the early stages of its development, in the first two minutes, the cloud column shot upward to 40,000 feet.

The lens of the camera couldn't encompass it all, so an artist's sketch was displayed to show another fantastic dimension: the mushroom-top portion of the cloud, on reaching an altitude of about 10 miles, began spreading out laterally near the base of the stratosphere. It eventually attained a diameter of 100 miles.

In this upper air phenomenon there seemed to be an explanation of the recent troubles of the atomic test force with the spreading radiation from the March 1 test.

In his White House news conference discussion yesterday, Chairman Lewis Strauss of the Atomic Energy Commission attributed most of the trouble to a reversal of predicted wind direction.

But the fact that the 1952 cloud steam blew to the entirely unprecedented height of 25 miles, well up into the stratosphere, suggested that the recent cloud might have pushed up into the region of "jet stream" flow of air and other high altitude air mass movements. Air masses moving in several different directions could have carried segments of the radioactive item to various points of the compass.

Scripps Farms Auction Called Total 'Sellout'

Tuesday's auction at the William E. Scripps Wildwood Farms near Lake Orion today was termed a complete "sell out" by auctioneer Harmon Fritch.

According to Fritch, the 45 head of Guernsey cattle, 80 head of Yorkshire hogs, farm machinery and equipment and supplies of corn and hay on sale were all sold to the 500 to 600 farmers gathered at the all-day event.

While stating that the sale "was one of the largest in this area," Fritch did not disclose total receipts.

He said it was the biggest auction as far as people attending, too. "The ordinary farm auction draws about 150 to 200 people.

France Fires Military Leader

Marshal Juin Loses Two Top Positions for Criticizing EDC

PARIS (AP)—France's government fired Marshal Alphonse Juin today from the nation's two top military strategy posts. It appeared likely he also would lose his NATO job as commander of land, sea and air forces in central Europe.

The Cabinet ordered the outspoken, 65-year-old marshal removed from his French military posts—adviser to the government on defense strategy and vice president of the National Superior Council for Armed Forces—after he refused Premier Joseph Laniel's summons to explain his public criticism last weekend of the proposed European Defense Community (EDC).

The firing touched off a furor in France comparable to that in America following then President Truman's dismissal of Gen. Douglas MacArthur. Opponents in Parliament of EDC led the critics of the French government action.

Since the presidency of the National Superior Council is held by President of the Republic Rene Coty, Juin actually was the ranking French military man in questions of strategy.

Paris newspapers agreed the French government, which had nominated Juin for his NATO post, now had no choice except to ask the NATO Council and the Supreme Allied commander in Europe, U. S. Gen. Alfred M. Gruenther, to dismiss him.

A spokesman at SHAPE, Gruenther's headquarters near Paris, said SHAPE has nothing to say on Juin's discharge.

In the French Senate, supporters of Gen. Charles de Gaulle interrupted debate on the national defense budget to protest the discharge.

Local Man Injured in Train-Car Crash

A 25-year-old Pontiac man was treated at Pontiac General Hospital for injuries received yesterday when the car in which he was riding struck a locomotive at the West Huron street crossing.

According to Pontiac Police, Kenneth McMahon of 335 W. Huron was hurt when driver Alfred R. Adkins, 18, of 46 Parke Pl., failed to see the warning flasher at the crossing.

McMahon and warning tower operator Leland Tearbush of 1109 Shoman Rd., Route 7, Pontiac, said the flashers were operating. Tearbush said Adkins' car appeared to be going about 40 miles per hour when it hit the slow moving switch engine.

Do-It-Yourself Store Opened

Shop on South Saginaw for Home Improvement Enthusiasts

The do - it - yourself movement which is sweeping the country prompted the opening of a new store at 256 S. Saginaw St. today.

Selecting Do-It-Yourself for the store's official name, Lou Shefler of Pontiac is the manager.

The store is designed to answer the needs of the average householder who wants to cover his own floors, build his own cupboards and cabinets and do any of a myriad of home improvement jobs. Hours have been planned for customer convenience.

It will be open from 9 to 9 on week days and from 10 a.m. to 2 p.m. on Sundays.

Included in the stock are tile, inlaid, felt-base, plastic, lineoleum, rubber and asphalt floor coverings. Plastic wall tile is also being shown here, along with the new types of plastic counter-top materials.

Shefler said the Do-It-Yourself store will handle rental tools for floor refinishing and waxing. Other tools for the handyman also will be available on the same basis.

At the south end of the store, ample parking facilities are provided.

Ends Tank Engine Job

NEW ORLEANS (UP)—Chrysler Corp. has finished production of tank engines at the Michoud ordnance plant here and is preparing to put the plant on a standby basis, E. C. Quinn, president of the Chrysler division, said today.

Parke, Davis to Pay 35c

DETROIT (AP) — Parke, Davis & Co. yesterday declared a dividend of 35 cents a share, payable April 30 to stockholders of record April 12. The pharmaceutical firm said dividend payments will exceed $1,700,000.

Business Notes:

March Shows Sales Increase

State Tax Collections for February Run 6 Pct. Over Year Ago

LANSING (AP) — Retail business in Michigan during February was better than had been predicted, state revenue commissioner Louis M. Nims said today.

Nims said March sales tax collections on February business totaled $20,588,247, six per cent above the $19,376,000 collected during the same month a year ago.

Collections on auto sales were up 10 per cent.

Cigarette tax collections during the month totaled $1,851,000, about normal.

The business activities tax netted $1,246,000 during the month of March.

Nims said the tax has produced about 16 million dollars during the first two quarters of the year and said it still looks as if the total will reach the predicted 35 million dollars for the year.

Charles J. Fellrath has been elected secretary of Ford Motor Co., succeeding Fred A. Thomson who retired, it was announced today in Detroit. Fellrath, an attorney who joined Ford in 1945, is a trustee and treasurer of the Michigan State Bar Foundation and a director of the University of Detroit Law Alumni Assn.

The national sales representative for Dishmaster, manufactured by inventor Bob Weber and Manville Products Co., Pontiac, has announced a new national distributor plan for the faucet-attached dishwasher device which has outsold all of the electrical dishwashers thus far.

The firm, Gerity - Michigan Corp., is offering exclusive and salable territorial franchises, provided the distributor puts up adequate service for Dishmaster purchasers. Over 400,000 Dishmasters are in service.

Kellogg Planning Huge Expansion

BATTLE CREEK (AP) — The Kellogg Co., in its annual report yesterday, announced it was embarking on a multi-million dollar building and expansion program. The report also said the firm, one of the nation's largest cereal manufacturers had topped all previous sales records last year.

W. H. Vanderploeg, company president, added that the company expected to increase "processing and distribution of Kellogg Products" in European countries in the near future.

Vanderploeg reported the company expects to begin a $4,000,000 construction and improvement program at its Battle Creek headquarters about June 1.

His report said that Kellogg again broke all existing sales records during 1953. Sales, Vanderploeg said, reached a new high of $160,200,368, or five per cent over the previous year's sales.

Jobless Pay Hike Getting Fewer Senate Frowns

LANSING (AP) — Substantial increases in unemployment compensation benefits, unanimously approved by the House, were before an increasingly amiable Senate today.

The House version, passed with no serious opposition yesterday, was first greeted with dirision by senators who had earlier approved their own version carrying lesser increases.

But Lt. Gov. Clarence E. Reid was prepared to send the House bill to the taxation committee, which was more friendly to it than the labor committee which worked out the Senate version.

It was understood that it had been agreed that the taxation committee would report the House bill to the floor and let any remaining opponents do their worst there.

The House bill increases the maximum benefit from the present $35 to $43 a week for a worker earning $70 or more with four dependent children.

Mark Leach Fights for Northville Races

LANSING (AP) — Mark Leach, prominent Oakland County horse breeder, appealed to the State Supreme Court today to force State Racing Commissioner James H. Inglis to grant him a license for flat racing at Northville Downs next fall.

Leach, operator of the Green Acres Stock Farm, told the court he had leased Northville Downs and twice applied for racing dates next fall.

He said that Inglis rejected both applications without a hearing. He asked the court for a writ of mandamus forcing Inglis to grant him a license.

According to the suit, Inglis rejected the license request on the grounds that a half-mile track is not large enough, that flat racing was unsuccessful at Northville Downs in 1939 and 1940 and that the track facilities are "not up to the standards of a modern racing plant which Detroit area fans have come to expect."

Leach originally asked for a 27-day meet starting Sept. 2 and after Inglis granted those dates to another track requested a 24-day meet starting Oct. 4.

House Ready to OK Ike's Public Housing

WASHINGTON (INS) — President Eisenhower's request for 140,000 public housing units in the next four years got a new lease on life today as the House prepared to approve his general housing program.

Speaker Joseph W. Martin (R-Mass) flatly predicted the house will approve a motion which would allow the government to make contracts for construction of 35,000 units in the fiscal year beginning July 1, 1955.

The government plans to go ahead with contracts for 35,000 units in the coming year, starting in July, although some public housing opponents were under the impression that House action earlier this week would prevent their construction.

WORLD PREMIERE!

NOW! THE WORLD'S ONLY COMBINATION WASHER-DRYER!

ONE UNIT • ONE CONTINUOUS OPERATION • DRYS AS WELL AS WASHES YOUR CLOTHES

The biggest appliance news since Bendix Home Appliances invented the Workless Washday 15 years ago! It's the Bendix Duomatic—the one and only machine on earth that both washes AND drys clothes automatically in one continuous, unattended operation! A famous Bendix Tumble-Action Washer with Magic Heater, and a famous Bendix Tumble-Action Dryer with Cycle-Air—all combined into one miracle unit that takes less than a square yard of floor space! Now washday—from start to finish—is just a setting of the Duomatic dials! DUOMATIC—only Bendix could do it!

ORDINANCE NO. 1241

An Ordinance to Amend Section 7 of Ordinance No. 722 Entitled "An Ordinance Regulating the Adoption and Approval of Plats."

The City of Pontiac Ordains:

Section 1. That Section 7 of Ordinance No. 722 entitled "An Ordinance Regulating the Adoption and Approval of Plats or Subdivisions in the City of Pontiac, Oakland County, Michigan" is hereby amended to read as follows:

Section 7. Provided the Commission of the City of Pontiac, may accept and approve of the proposed plat or subdivision without the installation and construction required in Sections 2, and 3, 4, 5, and 6, provided the owner or owners of such proposed plat or subdivision shall file with the City Commission a good and sufficient surety bond to be approved by said Commission, conditioned that the owner or owners of such property platted or subdivided, will within eighteen months from the date of such bond cause to be installed and constructed on said proposed plat or subdivision without expense to said city all of said improvements as provided for in Sections 2, 3, 4, 5, and 6 of said Ordinance, regardless whether the City Commission has provided an outlet for the sewers or drains so long as the grades and depth for the same can be obtained from said city. The amount of said bond to equal at least the amount of the Director of Public Works and Services' estimate of the cost of installation and construction of all of said proposed improvements on said proposed plat or subdivision.

Section 2. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 3. This Ordinance shall take effect ten days from and after the date of its final approval by the City Commission of the City of Pontiac.

Made and passed by the Commission of the City of Pontiac, on this 30th day of March, A.D. 1954.

ARTHUR J. LAW,
Mayor.

April 1, 1954

ORDINANCE NO. 1242

Adopted March 30, 1954
Effective April 9, 1954

An Ordinance to amend Section 31 of Ordinance No. 1166 entitled "An Ordinance to regulate the production, handling, sale and disposition of milk and certain milk products; to define different kinds of milk products and prescribe standards for the same; to provide for permits and licenses in certain instances and for the revocation thereof and to fix penalties for the violation of this ordinance and to repeal certain ordinances."

The City of Pontiac Ordains:

Section 1. That Section 31 of Ordinance No. 1166 be and the same is hereby amended to read as follows:

Section 31. (a) Labeling and Branding. Bottles, cans and other containers containing milk or milk products defined in this ordinance shall be plainly labeled or marked with (1) the name of the contents as defined in this ordinance; (2) the word "pasteurized" together with the word or words "homogenized," "chocolate milk," "vitamin fortified," etc. in accordance with the contents thereof; (3) the name of the person preparing and putting up such products for sale and (4) in the case of vitamin fortified milk, the designation of the vitamin used and the number of units of vitamin contained in one quart. (5) In the case of milk, cream, chocolate milk, homogenized milk, vitamin fortified milk, soft curd milk, half-and-half, pasteurized concentrated milk, and pasteurized concentrated skim milk, on labels designating the latest days of the weeks on which such products may be sold, provided, however, that such periods of time shall in no case be more than 96 hours after the day of pasteurization, or midnight of the fourth day after the day of pasteurization. The lettering of days on such labels shall be preceded by the words "Not to be sold after," and/or the words "To be sold before."

The label or marking shall be in letters of a size, kind and color approved by the enforcing officer and shall contain no words or markings which are misleading.

The words, Guernsey, Jersey and similar breed designations shall not be used in connection with the labeling of Dairy Products, unless the product definitely comes from cattle of such breeds.

Section 2. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 3. This ordinance shall take effect ten days from and after its final passage by the City Commission of the City of Pontiac.

Made and passed by the City Commission of the City of Pontiac, this 30th day of March, 1954.

In Memoriam 2

IN MEMORY OF MY WIFE, Gladys Ellen Skarritt who passed away April 1, '52.
There is a husband who missed you sadly,
and finds the time long since you went and I think of you;
daily and hourly, and I try to be brave and content, but the
tears that I share in silence and
I breath a sigh of regret
for you are mine and I remember though all the world forgets.
Kim Skaritt

U-M Graduate Is Host on TV

Changed From Zoology to Speech and Aircasts, Is Busy, Busy

NEW YORK — Bankers, according to the old melodramas, are supposed to be steely-eyed, hard-hearted men with tight fists and a tendency to doubt the tales of woe brought to them by loan applicants.

Not so the "friendly banker" Win Elliott who serves as host on TV's daytime quiz show "Oh Your Account."

Win Elliott, far from being an unsympathetic listener, turns eager ears to the hard-luck tales of the applicants to the friendly bank.

His warm manner toward those who have fallen upon times of trouble and hardship is based on a series of personal misfortunes, including the death of his young wife and the problems of raising two children alone, in his own life.

In recent years, Win has found happiness and a secure homelife with his wife Rita, the two children of his previous marriage (one of whom was adopted) and a third child born to his second marriage.

Because of his extreme gratitude, the "friendly banker" does not dwell on the sorrows of the past but looks to the future with hope and confidence. For this reason, he enjoys being able to extend help to each day's contestants on the quiz program.

Win was born on May 7, 1915, in Chelsea, Mass. His first major radio break came 15 years ago with Station WMEX, Boston.

After graduation at the University of Michigan, where he was a zoology major, Win decided that people were more interesting than animals and began a career of verbal jousting. His newly-chosen career led him to many places and different jobs.

Since achieving network status as one of the top announcers in both radio and TV, Win says he has been as busy as the proverbial one-armed paper-hanger.

He does sportscasts of every kind ranging from ice hockey to harness racing, commercial announcements on a freelance basis, emceeing on network shows such as "Break the Bank" and, most recently, "On Your Account."

Detroit Police Prober Seeks New Information

DETROIT (AP)—Recorder's Judge John P. O'Hara said Wednesday that his grand jury is "trying to develop" some newly uncovered information concerning gambling payoffs to police.

Judge O'Hara would give no details. But at least 10 working policemen were called from their beats to testify before his one-man grand jury.

About 772 per cent of the U. S. government spending in World War II was covered by taxes.

BACK AT WORK — Annie Lee Moss, the Signal Corps employe who was suspended after her appearance before the McCarthy subcommittee, is shown at her desk in the Pentagon in Washington after she was reinstated. She denied that she was once a member of a Communist cell.

Snow Contains Radioactivity in Western Area

BILLINGS, Mont. (AP) — Radioactive snow has fallen in an area between here and Sheridan, Wyo., to the south, a local consulting geologist reported yesterday.

Chuck Hauptman, using a Geiger counter, said radiation was measured at about three milliroentgens an hour—about 200 times the amount of ordinary "background" radiation picked up by instruments but still very small.

He said the element of danger in the radioactive snow was "practically nil."

Hauptman and another geologist, Donald Todd, said the snow resulted from a March 1 hydrogen bomb test in the South Pacific. But weather forecasters said last Friday's H-bomb blast more likely was responsible.

Three inches of snow fell in the area Saturday and Sunday.

In Cambridge, Mass., scientists at Massachusetts Institute of Technology reported slight signs of radioactivity in the air since March 10. A spokesman said the measurements, noted only in rain, show the "radiation" is insignificant as far as health and safety is concerned."

Champion Commuter Rides 615 Miles to Work

CENTRAL CITY, Neb. (AP)—Is Clyde Klesch the champion commuter?

He has a job as chef on Chicago and North Western Railroad trains between Chicago and Green Bay, Wis.

He lives in Central City, 615 miles away from his job. Klesch works five days, then comes home for another five days. He has been commuting for three years and says he is sold on the arrangement.

Klesch says he wanted to raise his twin sons in a small town.

Propose Curbs on Civil Service

State Senators Would Drastically Curtail the Commission's Power

LANSING (AP) — Proposals to curtail drastically the constitutional powers of the State Civil Service Commission drew strong support in the Senate today.

The proposals were regarded as an outgrowth of legislative anger at the commission's 11th-hour decision to boost the salaries of all state employes an estimated eight million dollars a year.

The actual civil service pay raise amounts to about $5,800,000, but comparable raises must be given to non-civil service employes.

Sen. Edward Hutchinson (R-Fennville) sponsored the most drastic revisions.

He secured preliminary Senate approval of amendments to take away the Civil Service Commission's power to fix state wages, to require Senate confirmation of appointments to the commission an to exempt from civil service all policy-making officials designated by the Legislature. The commission would be limited to recommending pay scales.

These were attached to a proposal to halve the commission's present mandated appropriation of 1 per cent of the state payroll.

Hutchinson said, "I can't believe the people intended to take the cost of government out of the control of the Legislature."

The voters adopted a civil service amendment to the Constitution in 1941.

The shock from an electric eel can fell a horse.

The sales of automobiles, parts and accessories, making up what the Department of Commerce terms the "automotive group" rank second only to the total sales of all types of foodstuffs in the United States.

McCarthy Pays Post Office for Franked Mail

WASHINGTON (AP) — Postmaster General Summerfield said Wednesday Sen. Joseph R. McCarthy (R-Wis) has paid slightly more than $200 for postage on franked mail which was challenged by the previous Democratic administration.

Summerfield told a news conference that McCarthy "voluntarily forwarded his check for 200-odd dollars" after an exchange of correspondence with the solicitor's office of the Post Office Department.

"We wrote him a little note and he wrote a note back and sent the check and that is all there is to it," the postmaster general said, adding that was about a month ago.

The original challenge of the franked material was raised in October, 1952, by former Postmaster General Jesse M. Donaldson.

Summerfield said that "sometime ago, we followed through on this matter," and that the Wisconsin senator forwarded his check.

5 Churches to Unite in Evangelistic Drive

Union Evangelistic services are planned for Holy Week by Baldwin, Covert, Galloway Lake, Elmwood, and Oakland Park Methodist Churches. They will be held in the latter church at 7:30 p.m. each night from April 11 through Maundy Thursday closing with a union communion service that night.

Guest speakers will be the Revs. Arthur Howard of Fenton Methodist Church, Hugh Townley of Saginaw, Paul R. Havens of First Methodist Church here and Rex Dixon of East Grand Boulevard Methodist Church in Detroit.

Mr. and Mrs. C. W. Marshbanks will have charge of the music.

Educators Observing College's 50th Birthday

KALAMAZOO (UP) Nearly 200 educators from across the nation took part today in the observance of Western Michigan College's 50th anniversary.

Dr. Milton S. Eisenhower, president of Pennsylvania State College and a brother of President Eisenhower, will speak at an anniversary convocation tonight.
