

# Lodge Quits in Viet Nam to Help Scranton

## Commission Meets Under Court Order to Redistrict State

LANSING (AP) — The Apportionment Commission meets today under orders from the Michigan Supreme Court to redistrict the legislature immediately on a "one man, one vote" basis.

Election officials already are at work setting up the Sept. 1 primary under the Democratic-backed plan adopted 6-2 by the state court in a decree which crossed party lines.

## New Districts Set for County

Court-Adopted Plan Adds 4th Senate Seat

Pieces of Oakland County's legislative puzzle have been yanked apart and rearranged under the Democrat-sponsored redistricting plan ordered by the Michigan Supreme Court.

Four, rather than three, senate districts will be included in the county, two of them reaching into neighboring Lapeer and Wayne counties.

The number of state representative districts (10), has not been changed, but the boundaries have all been redrawn.

This was the picture today as the so-called Austin-Kleiner plan supercedes the month-old Republican-favored Hanna plan barely off state printing presses.

### COUNTY SEATS

The senate division will give Oakland County seats in four sectors, designated 14 through 17.

The 14th District covers the 12 townships of Holly, Grove-land, Rose, Springfield, Highland, White Lake, Milford, Commerce, West Bloomfield, Lyon, Novi and Farmington.

Added to this L-shaped pattern are the cities of Livonia, Plymouth and Northville, and Northville and Plymouth townships from the northwest corner of Wayne County.

Senate District 15, an area in the southeast part of Oakland County, includes the cities of Southfield, Lathrup Village, Berkley, Huntington Woods, Oak Park, Ferndale, Hazel Park, Madison Heights, Pleasant Ridge, and Royal Oak Township.

### 16TH DISTRICT

Just above it lies District 16, made up of Pontiac, Avon, Southfield and Bloomfield townships, and cities of Birmingham, Bloomfield Hills, Troy, Clawson and Royal Oak.

The City of Pontiac, plus Waterford, Independence, Orion, Oakland, Addison, Oxford

HENRY CABOT LODGE

## Gen. Taylor Named to Post

WASHINGTON (AP) — Henry Cabot Lodge has resigned as ambassador to embattled South Viet Nam, and President Johnson today named Gen. Maxwell D. Taylor, the nation's top military chief, to succeed him.

The unprecedented appointment of Taylor indicated that Johnson has determined to intensify the war against Communist guerrillas in South Viet Nam.

In effect, the President has created a new military-political high command to

be based in Saigon, for U. Alexis Johnson, a veteran career diplomat and now an assistant secretary of state, will also go to Viet Nam as deputy ambassador.

For the domestic political scene, and the Republican party in particular, Lodge's decision to return to the United States at this time had deep implications.

He said in Saigon that he was quitting his post to give all the help he could to Pennsylvania Gov. William W.

Scranton's bid to stop Republican nomination of Sen. Barry Goldwater for president.

### QUICKIE PARLEY

President Johnson called a quickie news conference to announce the shift.

He said he understood Lodge would be home this weekend.

The President announced that Gen. Earle G. Wheeler, now Army Chief of Staff, will succeed Taylor as Chairman of the Joint Chiefs of Staff.

He said he had had no recommendation from Secretary of Defense Robert S. McNamara as yet with respect to a successor to Wheeler in the Army post.

### FRIDAY WORD

Notification was received from Lodge last Friday that he wanted to be released from the Saigon assignment as quickly as possible.

Some informants said this speed took the administration by surprise. Insiders had heard earlier that (Continued on Page 2, Col. 5)

MAXWELL D. TAYLOR

## Strikers Defy Hoffa's Plan

Car-Delivery Tie-Up May Shut Auto Firms

NEW YORK (AP) — A major revolt against Teamsters Union President James R. Hoffa's plan for a nationwide contract in the car-delivery industry shaped up today with locals from Tarrytown, N.Y., to Baltimore reported out on strike.

The East Coast locals had rejected the pact earlier this month, but the international union ordered another vote. Scattered reports indicated the members voted overwhelmingly against it last night.

The eight car-delivery concerns which haul new cars from assembly plants to dealers negotiate through the National Automobile Dealers Conference.

Their old contract with the 17 locals in the Eastern Conference of Teamsters, with locally negotiated supplements, expired June 15. It contained a provision calling for the negotiation of a national agreement.

### WORKERS SENT HOME

The strike could close General Motors, Ford and Chrysler assembly plants. Cars pouring off the assembly lines would overflow the limited parking space.

In Wilmington, Del., General Motors sent about 1,700 workers home on the first shift at its plant when the drivers failed to report for work. The second shift was retained.

A Chrysler spokesman said that plant will work "as long as we have a place to park the cars."

Some 400 members of Local 107 were on strike in Delaware. The vote against the agreement there was reported as 325 to 7.

In Baltimore, Jacob J. Edelmann, attorney for Local 557, said other locals were expected to go out today. He said members of 357 voted 410-4 to strike.

### GM STRIKERS

Local 445, whose members drive out of the General Motors plant in Tarrytown, N.Y., also were reported on strike.

AP Photo/Arb.

'ORPHAN' OPENS UP — To this wide-mouthed and orphaned grackle, 5-year-old Jimmie McKim is a welcome sight, especially around feeding time. The boy, son of

Mr. and Mrs. James McKim of Ann Arbor, keeps the grackle in an abandoned robin's nest and tenderly feeds it choice worms.

## County Board Authorizes Bids on Lake Control Work

The County Board of Supervisors yesterday authorized taking bids for construction of water control devices on Oxbow and Middle, Upper and Lower Straits lakes.

The board also authorized County Drain Commissioner Daniel W. Barry to proceed with the establishment of a legal level to be maintained on Scott Lake.

More and more of the county's lakes are coming under the control of the drain commission upon petition of the property owners seeking to keep higher water levels.

In the case of Oxbow and Upper Straits lakes, water from the Huron River will be retained by dams during peak flow periods.

A 4,000-foot pipe will be installed to pump water from the river nearby into Lower and Middle Straits lakes.

ENGINEERING STUDY Engineers have shown that the levels of these lakes can be adequately maintained by these devices once constructed.

The drain commission will take bids to build a dam at Oxbow Lake July 9. This will be followed by a hearing of assessments for the property owners, at which time they will learn how much such a dam will cost.

Engineers have estimated the cost, including purchase of a right of way, at \$39,000.

Advertisements for bids, to construct control devices on the other lakes are being prepared now.

Barry said he hopes to complete all of this construction before the end of this summer.

Upper Straits Lake dam is expected to cost \$9,500, while estimates on piping water into Lower and Middle Straits lakes total \$88,600, including rights-of-way costs.

The engineering firm of Consoer Townsend & Associates, 400 E. Long Lake, has been retained by the commission to survey Scott Lake and recommend a method of water control if they deem the project economically feasible, i.e., if the cost per property owner won't prove prohibitive.

Barry said it probably will be next year before Scott Lake can be brought under control.

CONTROL OF RIVER He also hopes by then to corral enough of the Clinton River behind dams to maintain water levels in 15 lakes in Waterford and Independence townships.

These are Lake Angeles and Loom, Silver, Upper Silver, Schoolhouse, Mohawk, Wormer, Maceday, Van Norman, Green, Dollar and Cemetery lakes.

Williams Lake now is being temporarily controlled by piping water from Maceday Lake without any adverse effect so far.

Other lakes now being permanently maintained by the drain commission through operation of various control devices are Duck, Lakeville, Oakland, Woodhill, Pontiac, Tipiscoe, Union and Watkins lakes.

OTHERS SOUGHT Besides Oxbow, Upper, Lower and Middle Straits lakes, Barry said he also hopes to bring Cass, Cedar Island, Commerce, Fox, Handsome and Long Lake in-Commerce Township under control this summer, depending on how quickly rights-of-way can be negotiated.

## Plot to Kidnap Nikita Smashed in Sweden

STOCKHOLM, Sweden (AP) — Swedish police have smashed a plot to kidnap Soviet Premier Khrushchev and hold him hostage for the release of political prisoners behind the Iron Curtain.

Police confirmed that at least one man, described only as a 30-year-old foreigner, was arrested yesterday near Haga Castle,

where the Soviet leader is staying during his five-day state visit.

The man reportedly confessed that he and several other men had planned to smash their way through the castle gates in a truck.

The newspaper Aftonbladet, which has close connections with the Swedish government, said the man in custody was a Hungarian.

Police declined to confirm this.

### FANATICAL GROUP

There also was speculation that the plot was hatched by members of the Ustashi, a fanatic Croatian anti-Communist organization which fought for the Nazis during World War II.

The Ustashi reportedly has a strong membership in Sweden, which is haven for about 30,000 refugees from Communist countries.

Two weeks before Khrushchev's arrival in Sweden, the newspaper Expressen said the Ustashi had threatened openly to kill the Soviet leader.

"Khrushchev will die in Sweden," Expressen quoted a Ustashi leader as saying.

### CHARGE BROUGHT

County police Supt. Aake Magnusson signed the charge sheet against the arrested man.

Magnusson described a report by a Stockholm newspaper that the plotters were armed with submachine guns as a "dreamed up story."

In the wake of the arrest, the 5,000 policemen in Stockholm for Khrushchev's visit were reinforced by two special command units.

At Haga Castle, only one gate was kept open and it was protected by scores of uniformed police and plainclothes detectives.

Haga Castle, a 19th Century 15-room palace, is in the center of a beautiful 30-acre park with a small lake.

The kidnap plot was the first serious incident reported during Khrushchev's Scandinavian tour which began in Denmark on June 16. He arrived in Sweden yesterday.

Because of previous threats, police operations and restrictions were decidedly more severe in Sweden than in Denmark.

Police were told to shoot anyone making a threatening move toward Khrushchev.

They reportedly were told to fire "even if you are in a crowd."

Swedish police normally are permitted to shoot only after being fired on.

Police said the prisoner was known to them in connection with a plot against Khrushchev during an earlier visit to Stockholm planned to Stockholm. That visit was canceled.

## Hard Line Set by Ford, UAW

Company Says Union Demands Unrealistic

DETROIT (AP) — Hard bargaining between Ford Motor Co. and the United Auto Workers in their impending new contract talks appeared likely today in the wake of clashing preliminary stands by both sides.

The union charged that Henry Ford II could not understand the worker's position. This was the UAW's reaction to Ford's speech yesterday in Coronado, Calif., in which he said willingness to accept a strike was a part of "free and responsible collective bargaining."

Ford, board chairman of the firm, said that union demands could endanger the national economy.

"From his lofty position, it is understandable Mr. Ford can't make out the American scene below of workers producing more than ever yet being shorted in their share of the prosperity they are creating," said Ken Bannon, director of the union's Ford department.

The UAW issued Bannon's statement late in the day, presumably after the union had taken time to study the automaker's remarks.

### JULY 1 TALKS

Negotiations between Ford and the UAW formally open July 1, simultaneously with General Motors and Chrysler new contract talks.

The present three-year contracts between the union and the big three automakers all expire Aug. 31.

The UAW has not announced its specific demands though UAW President Walter P. Reuther has indicated them in broad terms.

Ford, in his speech, said that from what we read it appeared that management is to face union demands that are "out of touch with reality."

### MINIMUM SET

Reuther has set a 4.9 per cent annual increase as a minimum economic goal for his union, but has not broken this down.

The union has called for more liberal pensions, a shorter work week, and higher wages.

Ford, calling the national economy "healthier than in many years," cautioned against what he called an "exorbitant settlement" that would set a constraining pattern throughout industry.

## Bureau Warns of Tornadoes, Area Storms

Tornado warnings from noon to 3 p. m. were issued by the U.S. Weather Bureau today.

"A few severe thunderstorms with large hail and damaging wind storms are expected this Tuesday morning and early afternoon in an area 120 miles southeast of a line from Alpena to Goshen, Ind., until 3 p. m.," the Bureau said.

An earlier prediction by the bureau was for showers and thunderstorms today ending tonight with cooler temperatures.

Temperatures hitting 70 at 8 a. m. rose steadily to 91 at 12:45 p. m., then dropped to 82 at 1:15 p. m. Tonight's low is expected to be in the 50s.

The weather bureau predicts partly cloudy and a little cooler tomorrow with a high climbing to 70 to 78. Fair and warmer is the outlook for Thursday.

The rest of the week will be free from showers until the weekend.

## Governor Called to Court

## Plan More Wade-Ins at Florida Beach

ST. AUGUSTINE, Fla. (AP)—Determined Negroes, shrugging off attacks by white gangs in their last three wade-in demonstrations, planned another one today at the beach.

The assault on St. Augustine racial barriers was stepped up Monday by daylight, while legal attempts were made to knock out an order of Gov. Farris Bryant banning after-dark demonstrations by both sides.

Two wade-ins were held Monday within three hours. Each time tough white segregationists wielding fists and clubs attacked the Negroes.

Bryant, ordered by U.S. Dist. Judge Bryan Simpson to show

cause why he should not be held in contempt of court for his order to halt the night marches, worked on the defense he will make in court at Jacksonville Friday.

## STOPPED POLICE

Simpson had struck down an earlier attempt by police to stop the marches. He declared the ban violated freedom of speech and assembly.

Bryant reportedly plans to cite a strength-in-reserve law granting governors extraordinary powers in times of stress.

The governor denied that he had asked the State Supreme Court for an advisory opinion

on his duties and responsibilities under a Florida "big stick law." Reliable sources said the court was studying the law for him.

The law, enacted in 1955 after the U.S. Supreme Court decision outlawing segregation in public schools, gives the governor authority to take any steps he deems necessary to prevent violence and maintain peace.

## TROOPERS MOVE IN

State troopers sent in by the governor quickly broke up Monday's encounters and hauled 21 persons to jail. Virtually all those arrested were released on bonds.

Until the battle over desegregation grew tense two weeks ago, Negroes had used the integrated public beach without incident.

Dr. Martin Luther King Jr., who last week rejected a proposed 30-day cooling off period, was due back late today after a week of appearances in Northern cities.

During the first wade-in Monday several Negroes were struck and nine whites were arrested. The second wade-in produced a more violent reaction. The whites beat some of the demonstrators with sticks. Twelve more were arrested. The Negroes wound up with a march from their church to a downtown square "used by whites as a rallying point. Whites in the square jeered but drew no audible response and there were no efforts to attack the Negroes.

## Community Patrol Brings Less Crime

NEW YORK — Five weeks after a community of ultra-orthodox Jews began radio-car patrols of their Brooklyn neighborhood, crime has declined substantially.

Rabbi Samuel Schrage, leader of the citizen patrols, called "the Macabees" at first, said yesterday crime had decreased by about 90 per cent. He also gave credit to reinforced police patrols.

"Crown Heights has become a fine and safe place," he said. "People are not afraid to walk our streets again at night. The police, as well as out streets again at night. The police, as well as our citizen patrols, deserve the praise for this."

Deputy Police Commissioner Walter Arm confirmed the decrease in crime. He wouldn't give any figures but said there have been fewer muggings, robberies and assaults reported to police and more arrests.

The Macabees came under some criticism at first, especially from the neighboring Bedford-Stuyvesant area. They were accused of being anti-Negro vigilantes. Later, both Negro and white, joined the patrols.

## POLICE IN EVIDENCE

In recent weeks city policemen have been much in evidence, on foot and in patrol cars in the neighborhood.

Schrage said when the patrols were set up they were

to protect the Jews, who form about 65 per cent of Crown Heights, from marauders from the Bedford-Stuyvesant section, which is mostly Negro.

The ultra-orthodox sect of Hasidic Jews are conspicuous on the streets by the long beards and distinctive clothing.

The five radio-cars, six men to a car, roam Crown Heights from 6 p.m. to 2 a.m. There are 240 unarmed volunteers. They escort persons asking protection to their homes and report to the police any trouble.

Schrage said the number of calls for escort has dwindled from up to 100 a night to 15.

He said the patrols would be maintained, at least until August.

Commissioner Arm said the improved situation in Crown Heights proved Police Commissioner Michael J. Murphy's contention that if he had enough men to take care of the city's high crime areas he could solve the problem.

Mrs. Roosevelt Film  
Soon to Be Released

NEW YORK (AP)—A documentary film, "The Eleanor Roosevelt Story" is scheduled for release early next year.

Producer Sidney Glazier said Monday the 90-minute film is being collected from the massive collections of film taken of Mrs. Roosevelt, who died in 1962.

Rambler American 440-H Hardtop, 138 HP, bucket seats, console—standard

## RAMBLER AMERICAN SALES UP 42% OVER LAST YEAR

This is the car that's winning young-hearted America as never before. The car that offers all the things that make an automobile fun to own and to drive. Things like two sizes of sporty bucket seat options—and you can have them in posh sable-grain vinyl.

Things like America's only five-on-the-floor via an optional Twin-Stick Floor Shift that comes in a swank console.

Expensive-looking sports car things like headrests, wire wheel covers plus a whole raft of other head-turning options.

Even the standard equipment on the popular American includes smart curved-glass side windows on all models and Roof-Top rack on the "330" wagon.

Yet with all this, the American is still economy king. Proof: the snappy 125-hp model is the best mileage winner in every official economy run entered.

From the start, you save plenty of extra dollars, too. You pay America's lowest prices,\* whether you're after a sedan, convertible, hardtop or wagon.

How can you do better than that? See your Rambler dealer today!

## In W. Bloomfield Twp.

# Challenge Sewer Funding

WEST BLOOMFIELD TOWNSHIP—Objectors to the method proposed for financing the Walnut Lake arm of the Farmington sewage disposal system have sent a letter of their own to township residents.

The letter is an attempt to counter on mailed two weeks ago by township officials.

The second information sheet challenges the constitutional validity of the state under which the township has set up the \$1.5-million project.

It takes exception to the special assessments proposed, noting they would not be deductible

under present federal income tax regulations and would be a lien against the property for the life of the bond issue.

It urges property owners to file written objections with the

## AREA NEWS

township or take them to tomorrow's 8 p.m. hearing on the necessity of the project.

The session tomorrow night at

the Township Hall will be a continuation of the hearing started May 27 and attended by some 250 persons.

Consideration of the program was continued when those present asked for a cost breakdown.

Total cost for the arm has been estimated at \$1,693,000, with the other two benefited units, Bloomfield and Farmington townships, paying some \$192,398.

The arm would be constructed in the area between 14 Mile and

Pine Lake from east of Inskler to just east of Orchard Lake Road.

It would be an extension of the Farmington Interceptor, which began operation in 1960 to serve the eastern and southern portions of West Bloomfield Township and Keego Harbor, Farmington Township and part of the City of Southfield.

Township officials estimate cost of the installation to each of the 4,675 units at \$329. Added to this would be approximately \$1,000 for a lateral to the property line and a \$250 connection fee.

Objectors said another \$500 could be added to each tab for construction of the extension from a property line to a house.

The township has noted the total, except for the last figure, could be paid in advance or financed through 20-year special assessment bonds, carrying an interest rate of about 6 per cent.

### ALTERNATIVE PROPOSED

An alternative proposed by the writers of the second letter is the sale of revenue bonds which would require only those using the facility to pay the debt, not those who own undeveloped property.

"Or the entire project could be financed by a millage vote which would be spread upon the tax rolls throughout the entire township," they said. "This would be a part of your tax bill which... would be an authorized deduction from federal income tax."

The objectors noted that the second method has been used in Wayne County.

Both alternative plans, they suggested, should be thoroughly studied before the township board is allowed to proceed with the project.

### OBJECTIONS FILED

Owners of 25 per cent of the property in the proposed special assessment district have filed written objections to the project. The township can not proceed unless the figure is whittled to 20 per cent.

Among the 10 signers of the second letter were Mr. and Mrs. Ralph Horie, 5650 Willow Valley; Lincoln M. Johnson, 4918 Bloomfield; William A. Alfis, 2775 W. Long Lake; and Fredrick L. Schwass, 6836 Clumbury.

Others were Glenn C. Richards, 2450 Walnut Lake; Dr. Daniel Boucher, 3130 W. Long Lake; T. L. Guarnieri, 6945 W. Dartmouth; Roy Fruehauf, Middle Belt and Walnut Lake; and Graham T. Overgard, 2340 Walnut Lake.

## Area Youth Justice at Boys State

LAKE ORION—Sam Chapin, 17-year-old Lake Orion High School senior, has been elected a Wolverine Boys State Supreme Court Justice.

Son of Mr. and Mrs. Byron Chapin, 306 N. Washington, Sam was among seven justices elected by the delegates on the Michigan State University campus yesterday.

Geoffrey L. Hayes, 17, of Troy, Mich., was elected governor and John A. Powell of Detroit lieutenant governor.

Gary Lee Barton of Livonia won the secretary of state post and Carmel Monti of Battle Creek that of attorney general.

Other justices for the high court are Gordon McKay of Livonia, John Hayden of Tecumseh, Gary Muncie of Durand, John Lord of Charlotte, Daniel Vollmar of Clinton and Bruce Lopucki of Romulus.

### OFFICES FUNCTION

Today was to be principally devoted to the functioning of city, county and state offices set up by the youths at the American Legion program.

Tomorrow the boys will march to the Capitol steps where Gov. George W. Romney will address them.

### S. Lyon OKs School Funds

SOUTH LYON—A record \$939,778 school budget for 1964-65 was approved by the South Lyon Community board of education after a public hearing last night.

The brief session produced an anticipated expenditure some 15 per cent higher than that for this year.

Accounting for much of the difference are three school repair projects totaling about \$20,000, the hiring of five new staff members and extensive salary adjustments for teachers and highly rated employees.

Temporary Truck Route Joins Lapeer, Mayville

LANSING—The State Highway Department has designated a 20-mile section of M24 between Lapeer and Mayville as a temporary Class A truck route.

The department said the designation, intended to help truckers serving the Thumb area, will be effective until Sept. 30 when work will be finished on M15, a Class A truck route between Orion and Vassar.

Lansing Teen Killed

LANSING (AP)—Jeffrey Balbus, 13, of Lansing, was killed Monday when struck by a truck six miles southwest of here.

## Rochester Takes Steps for Traffic Safety

ROCHESTER—Steps were taken by the Village Council last night to cut down speeding and prevent accidents on Rochester streets.

One solution offered to correct the speeding problem was the authorization to purchase a radar unit for the police department.

Drivers will be warned that traffic is radar controlled with signs on all main arteries.

leading in and out of the village when the unit becomes operable.

Cost of the unit will be \$995 plus \$300 for accessories.

An engineering study also was presented to reduce the number of accidents at the North Main and Romeo Road intersection.

HAZARDOUS CORNER

Councilmen have long thought this is one of the most hazardous intersections in the village.

The Ann Arbor engineering firm of Ayres, Lewis, Norris and May said the "most desirable" solution to the problem would be to acquire property on the northeast corner that would allow lining up Romeo Road up with Albion street and sidewalk.

Estimated cost of this construction project is \$7,200 which most councilmen said they felt was quite high even though it would provide the ideal solution.

They cited the fact that there is no truck highway or main road going east out of Rochester and that with the establishment of Stony Creek Park northeast of town, one should be provided.

### OFFERS SOLUTION

Village President John O'Donnell offered another—not so drastic solution that would not involve the expensive acquisition of so much property. The property acquisition was not included in the engineering cost estimate.

O'Donnell recommended

rounding off the northeast corner of the intersection and readjusting the traffic signal so that it would be closer to the corner.

"This would give drivers more room to make a right turn from Romeo onto Main," he said.

After lengthy discussion, the council referred the matter back to Village Manager Paul York to negotiate with the State Highway Department for possible financial aid and further engineering assistance.

### PROXIMITY PROBLEM

York said the main problem at the intersection is its proximity to both the Big Boy and Dixie Creme drive-in entrances and exits.

In other business, the council approved preliminary plans for a new subdivision, North Hill No. 2 northwest of town. Developer Sam Frank plans to divide the parcel into 28 lots with 70 foot frontage on each lot.

Local agent Neil Hartwig of Max A. Hartwig Inc. Realtor presented the plan which will be referred to the Village Planning Commission and engineers for consideration before final council approval is given.

Church Dinner Planned

ORION TOWNSHIP—The Women's Society of Christian Service of Howarth Methodist Church on Silverbell Road will hold a 5 p.m. roast beef dinner tomorrow.

## Board Schedules Hearing on Avondale School Budget

Public hearing on a record school budget is slated for July 6 by the Avondale Board of Education.

District spending is expected to reach \$1,228,171 in 1964-65 over the estimated \$1,238,715 spent this year.

School projections show an increase of 104 students for next year, bringing the total enrollment to 3,352.

Instructional costs are sched-

uled to gain most under the new budget. The elementary schools will receive approximately \$463,790 over last year's \$427,910.

Secondary instruction will rise to an anticipated \$472,323 from its present \$442,827.

### NEW STAFF

The hike in this section of the proposed budget is due to addition of seven staff members and

salary raises for present employees.

Instructional costs include salaries, supplies, travel, audio visual aids, clerical help and equipment on both the secondary and elementary levels.

The major difference between the two figures results because secondary schools must pay for guidance salaries, athletics and extracurricular activities.

Teachers' salaries are to remain on the \$4,850 base index in the proposed budget for those with a bachelors degree. The district still needs five elementary school teachers.

STATE INCREASE

Maintenance is slated for an estimated \$2,900 increase over this year.

The transportation allowance may go from its present \$55,575 to \$58,901 while an anticipated \$4,638 rise is scheduled for capital outlay.

The total operational triflage the district receives is 23.18 with 14.9 voted by the district and 8.28 allocated by the county.

District allocation including delinquent taxes is estimated at \$478,353. County funds should pay \$12,100 while the state is expected to allocate \$66,284 in school aid and \$105,525 in hardship taxes.

### TOTAL EXPENSES

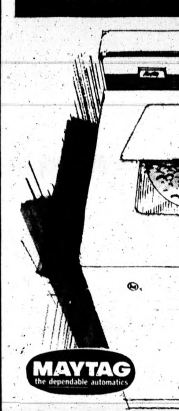

Total expenses in the proposed budget show a \$12,607 deficit over the anticipated revenues.

The expected deficit may be alleviated by this year's cash balance. School Supt. George E. Shackelford noted that although this year's expenses have not been totaled yet, there is a good chance that the balance would be big enough to wipe out the deficit.

Also, the district could possibly receive more state aid, he said.

The public hearing required under the new constitution will be held 8 p.m. at Avondale High School.

## Eight to Seek Title of 'Miss Oxford'

OXFORD—A field of at least eight lovely girls will vie for the title of Miss Oxford of 1964 in a contest tomorrow night patterned after the Romeo Peach Queen competition.

As in Romeo, the candidates for the crown will have a rehearsal, which is set for tonight at 1 Immanuel Congregational Church.

The actual judging will take place at 8 p.m. tomorrow in the student center of Oxford High School.

The format for the contest will include a reading or poem which each girl will be given 15 minutes to rehearse.

During the second segment all entrants will be asked two questions. One will be the same for all contestants and the other will be picked out of a carnation in a basket to be answered extemporaneously.

### EMCEE CHOSEN

Janie Langley, Miss Oxford of 1962, will act as emcee. She is cochairman of the contest committee with Norma Geisler, who wore the crown last year.

Norma is also slated to give a brief talk about her experiences as Miss Oxford and as second maid of honor for

the Romeo Peach Queen last year.

The contestant will appear on stage both in street wear and formal gowns. They will be rated by a panel of four judges on poise, personality, beauty, grooming and public speaking ability.

Judges will be Mrs. Eloise Smith, member of the Oxford Board of Education; Victor M. Landquist, director of secondary education for the Pontiac Public Schools; Bruce Beemer, the original Lone Ranger; and Lee Olson, area news editor of The Pontiac Press.

### ROLE FIXED

The girl who wins the local title will represent the village in the Romeo Peach Queen competition early in August.

Picked from titleholders from some 11 area communities, the Peach Queen traditionally reigns over the Romeo Peach Festival Labor Day weekend.

The eight who have entered the Miss Oxford contest this year are Judy Moore, Rosie Linstruth, Sharon Marsano, Nancy Griffin, Pene Valentine, Carla Buechler, Nancy Cavanaugh and Jean Barger.

## Winds Up Current Session

## Supreme Court Rules on Sit-Ins, Districts

WASHINGTON (AP) — The Supreme Court ended its 1963-64 session Monday by overturning the conviction of sit-in demonstrators in eight cases and applying its "one man, one vote" rule to the legislatures of nine more states.

The sit-ins cases, which involved trespass convictions in Maryland, South Carolina, North Carolina and Florida,

were decided on narrow technical grounds as the court failed to deal with this basic question: Can a merchant refuse service to a Negro and then have him arrested for trespassing if he refuses to leave the premises?

Justice William O. Douglas indicated that the justices were deadlocked on this question, commenting that the issue "con-

sumes the public attention, yet we stand mute avoiding decision of the basic issue by an obvious pretense."

Justice Hugo L. Black, joined by Justices John Marshall Harlan and Byron R. White, opposed the court's refusal to come to grips with the key question. "The 14th Amendment does not forbid this application of state's trespass laws,"

## RULINGS ON STATES

The reapportionment rulings involving the state legislatures of Michigan, Iowa, Illinois, Oklahoma, Washington, Florida, Idaho, Connecticut and Ohio, were based on last week's ruling that both houses of state legislatures must be based on population only.

This decision capped more than two years of court rulings on apportionment of legislatures and Congress. Earlier this year,

the high court ruled that the population test must be used in setting up congressional districts.

The court Monday handed down its second important decision of the session involving the Communist party. It overturned a portion of the Subversive Activities Control Act barring passports to members of groups officially designated as Communist by the government.

Two weeks ago the court let stand a decision by the U.S. Court of Appeals which threw out on technical grounds the conviction of the Communist party for failing to register as a subversive group.

In three decisions Monday, the court overturned decisions by state courts in Kansas, Ohio and Florida aimed at books and movies considered obscene.

## Report Need for Buildings to Board of Supervisors

An "acute need" by Oakland County government for more buildings was reported yesterday to the county board of supervisors.

The report filed by the board's buildings and grounds committee has claimed the county has fallen behind in providing additional quarters for its various departments and institutions.

The committee recently completed an annual inspection of all county-owned property.

"The board of auditors has been forced to reopen No. 1 Lafayette Street (the old county office building in downtown Pontiac) for the housing of the Veterans, cooperative extension and planning departments," the report states, adding:

"It will be necessary for other departments to follow suit in the near future."

## TEMPORARY MOVES

"These temporary moves have in many instances reflected in inconvenience to department operations and in increased renovation and operational costs."

Moving county departments back to 1 Lafayette is contrary to efforts to consolidate them at the County Service Center on Telegraph.

The five - story downtown building was vacated early last year in hopes of selling it. It's still for sale, with no offers in sight.

Only the first floor presently is used by the county.

## ADD WING?

County Engineer Joseph J. Acachin has recommended adding another courthouse wing at the center to consolidate the departments and provide for future growth.

County auditors maintained that while population growth in the area is greatly increasing the county's workload quarters aren't being expanded accordingly.

The buildings and grounds committee stated that it is considering the auditors' and engineer's earlier recommendations for comprehensive planning of about \$6.3 million in new buildings over the next five years.

These would include more units at the Childrens Village now under construction for juvenile court wards, a new cooperative extension services building, central services building for maintenance operations, courthouse wing and an addition

## GOOD MAINTENANCE

Elsewhere in the report, the committee said it found county buildings and grounds well maintained and clean.

IN VENEZUELA — Cecile Y. Dumbrique of 3288 Lone Lake Shore, Waterford Township, was one of nine Peace Corps volunteers who recently left for Venezuela to teach physical education. A lifelong resident of the area, Miss Dumbrique is a University of Michigan graduate.

## Racial Equality Gained Through Senate Action

Concluding a year-long legislative tug of war, the Senate passed 73-to-27 the controversial civil rights bill initiated by the late President JOHN F. KENNEDY. During the protracted debate, the cloture was invoked for the first time in history in connection with such legislation.

It is virtually the same bill previously passed by the House, and immediate agreement between the two chambers is foreseen. It could be on President Johnson's desk for signature into law by July 4 — the Nation's most significant historical date.

The rights star, considered the most noteworthy piece of social legislation since Reconstruction days following the Civil War, gives vast powers to the Federal Government in insuring Negroes equal rights with whites in the areas of voting, education, employment, access to public facilities and private businesses open to the public.

Of the 27 senators opposing passage of the bill, 21 were Democrats. One of the six Republicans voting nay was Sen. BARRY GOLDWATER, currently the front-running candidate for the GOP nomination for President.

Although the enactment of the bill will give Negroes, the legal equality they feel has been denied them for a century, successful implementation of it will depend upon how well the rank and file of both races cooperate in accepting their moral and social responsibilities.

It is hoped that the militancy that has characterized the race struggle during recent times will now give way to a spirit of reasonableness and tolerance, that men of good will may work in a climate of biracial compatibility toward the resolution of issues that unquestionably lie ahead.

## Numbers May Decide 'The People's Choice'

Political pundits, prognosticators and pollsters have been busily handicapping the current presidential sweepstakes. Everyone seems to be getting in the act, with numerologists the latest to tell us how they've got things figured out.

One of the cult playing the numbers game shows that during the first 40 years of this century, Republicans won every election in years whose digits added up to an EVEN number while the Democrats finished first in the ODD years.

ROOSEVELT upset the "odd" pattern in 1940. Since then, every "even" year has produced a Democrat; every "odd" one, a Republican.

Since this year's digits (1-9-6-4) total 20 — an even number — a Democratic victory is indicated. Not only that, but a like result in 1968. However, 1972 being an "odd" year (19), the Republicans can then be expected to take over the White House.

The numbers also clue us, says the authority, on who the forthcoming president and the GOP nominee will be.

Just as in sports, good guys are said to finish last, in presidential races since 1892 with one exception, major party presidential nominees with the shorter surnames finished last.

Thus, since 1964 is a Demo-

cratic year, Rockefeller (11), Goldwater (9) or Scranton (8) must be ruled out as Republican nominees because "by the numbers" either would win over President Johnson (7). Since the President is destined to win, a GOP candidate with a name shorter than his would have to be nominated. This brackets Nixon, Romney, Lodge and Smith (Mrs.).

But for the future book, keep your eye on New Jersey's GOP Congressman FRELINGHUYSEN. His name letters add up to 13—longer than any presidential nominee in the history of the Nation. Numerically, he'd be a shoo-in.

## 'Rights' Program Is Far From New

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON — It was supposed to have been done almost 100 years ago. But the Supreme Court was different then. The mood of the nation and the times were different. And Negroes? They had no power, hardly a voice.

The civil rights bill which Congress is going to pass now is in essence a repetition of what was tried after the Civil War. If it had worked then, the history of America would have been different.

Before the war Southern "black codes" imposed penalties on Negro slaves not only for crimes but as human beings.

They couldn't testify against a white man; it was a crime to teach them to read.

The Civil War, and the 13th Amendment of 1865, abolished slavery but new "black codes" began to appear. The freed men weren't free men. The codes put restrictions on them that did not apply to white men.

Strong-willed men in the Republican-run Congress, over-shadowing both the President and the Supreme Court, then initiated two amendments, the 14th and the 15th.

RIGHTS PROTECTED  
The 14th, making Negro citizens, said no state could deprive them of the privilege and immunities of citizens; and the 15th said no state could deny citizens the right to vote.

Thus Congress sought to free Negroes — there were a million slaves at the time of the war, 27 million whites — in their social and political life, Negroes now number about 20 million in a population of 192 million.

To make Negroes' citizenship real, Congress backed up the amendments with a series of civil rights acts: the protection of all laws in all states, assurance of voting rights, protection against the Ku Klux Klan, and so on.

One in particular, passed in 1875, said Negroes must have equal treatment in inns, public conveyances on land or water, theaters, and amusement places.

SOUTH ACTS  
But, despite all this effort by Congress, by then Southern states had begun passing segregation laws. And in the North, Negroes didn't get equal treatment. They were discriminated against everywhere.

It took eight years after that 1875 act for Negroes to take to the Supreme Court five cases of discrimination which, they felt, violated the law.

Meanwhile, southern states piled up segregation laws and in 1896, the Supreme Court blessed such laws by reasoning that was fallacious on the face of it: the court said Negroes could be segregated so long as they get equal treatment with white men.

The treatment was, and became, very unequal. Between 1875 and 1897 Congress passed no more civil rights acts. From 1896 until 1954 that separate-but-equal doctrine of the court remained the law of the land.

In time, a long time, Negroes once again began to seek action by the government to get treatment truly equal. But any appeal for the first half of this century was hopeless.

David Lawrence Says:

## Court Hurts Cold War Effort

WASHINGTON — A majority of the members of the Supreme Court of the United States apparently are not ready to help their government fight the "cold war" effectively. They prefer technicalities to realities. For, in another of its sweeping decisions, the high court is est in the land is willing to consider a member of the Communist party as no different from a member of the Democratic or Republican party or any other political organization of citizens.

Yet J. Edgar Hoover, director of the FBI, whose knowledge of the intricacies of espionage and acts of subversion is unequaled in this country, told Congress last January that the Communist party in this country is an agent of the Soviet government. He declared:

The determination of the Soviet Union to maintain the Communist Party, U.S.A. and to strengthen and direct it in such a way as to make it a continuing danger to this nation is clearly evidenced by the fact that for the past 44 years Soviet Russia has in one way or another directed and controlled the Communist Party, U.S.A. and helped to finance it.

The Congress of the United States, recognizing this danger, passed a law forbidding the issuance of American passports to any members of the Communist organization in America.

Now the Supreme Court of the United States has declared this law unconstitutional because it does not provide for proof in advance that the passport would be misused.

NOT LIKELY  
Only a Communist agent who is willing to tell ahead of time exactly what acts of espionage he may intend to commit or what information he may be getting ready to transmit to a foreign government could thus be prevented by law from getting a passport of the United States government.

Justice Goldberg, who wrote the opinion for the Supreme Court majority, declared that "freedom of travel is a constitutional liberty closely related to rights of free speech and association."

Justice Douglas, who concurred in this opinion, wrote as follows:

"Being a Communist certainly is not a crime; and while traveling may increase the likelihood of illegal events, happening, so does being alive."

WAR FACTOR  
Justice Douglas added that war might be a condition for "serious curtailment of liberty," but unless there was a war, he could see no way of keeping a citizen from traveling inside or outside the country.

This is but another way of stating that the "cold war" is

not considered to be a war and that the interests of the United States cannot be protected through preventive measures.

Justices Clark, Harlan and White in their dissenting opinion quoted from a statute passed by Congress in 1954 which stated that "the Communist party of the United States . . . is in

fact an instrumentality of a conspiracy to overthrow the government of the United States."

The three justices declared that the findings by Congress concerning the nature of the Communist party should be binding upon the Supreme Court.

## U.S. Must Stick It Out

## No Quick or Easy Solution to S. Viet Nam Problem

By PHIL NEWSOM  
UPI Foreign News Analyst  
Dispatches from Saigon, Bangkok, Vientiane and Washington have been making it increasingly clear that the United States is in the jungle and paddy war for Southeast Asia up to its armpits and that the way is going to be neither short nor easy.

It either must win, or achieve military stalemate before even thinking of settlement.

Gen. Paul D. Harkins, the four-star U.S. general who is retiring from his Southeast Asia command, estimates that in South Viet Nam the situation is now not quite back to where it was nine months ago just prior to the overthrow of the Ngo Dinh Diem regime.

Two military coups later, South Viet Nam's Premier, Mr. Gen. Nguyen Khanh, estimates that he needs at least a year to close South Viet Nam's military and political ranks and begin to turn the tide against the Communist Viet Cong.

Whether he has that year remains a haunting doubt. But, while the fighting in South Viet Nam seems to bog down in a morass of jungle, swamps and ineptitude, there also is a precedent which provides both a hope of ultimate success and a measure of the determination it will require.

EXAMPLE: MALAYA  
That example is Malaya.

It was in 1948 that the British declared a state of emergency against Communist terrorism. It was 12 years later, on July 21, 1960, that the government of a newly independent Malaya finally lifted it.

In the intervening years, official estimates placed the number of Communist guerrillas killed at nearly 7,000 and those captured at more than 1,200. Malayan army and police lost 2,348, and among civilians 2,400 were listed killed by terrorists and more than 800 missing.

Before they finally won, the British introduced the idea of the strategic, or self-defending village, often over the violent objections of the local population. The same idea has been tried in South Viet Nam.

But there were important dif-

ferences. Unlike the U.S. position in South Viet Nam, the British were in command. The army never took a village that it did not intend to hold.

CONFIDENCE IS KEY  
Confidence and faith were the keys in Malaya — qualities so far lacking in South Viet Nam.

The problem in South Viet Nam is a greater one than Malaya, both in numbers and because of privileged sanctuaries in Laos, Cambodia and North Viet Nam.

## In Washington:

## Critics Decry High Court's Rule

By BRUCE BLOSSAT  
WASHINGTON (NEA)—Many liberal-minded lawyers usually receptive to ground-breaking decisions of the Supreme Court are troubled at its newest sweeping reapportionment ruling.

The capital's legal fraternity is buzzing with puzzled comments over the court's June 15 decision that both houses of the various state legislatures must be apportioned strictly according to population factors.

It was predictable that conservative constitutional experts would disapprove the edict, since many hold with retired Justice Felix Frankfurter that state legislative reapportionment is a thicket the high court should have avoided.

Surprising, however, are the strong indications of concern among those who generally applaud almost any court advance into new fields.

One lawyer in this category says: "There is a monumental quality of self-assurance about this decision which I find disturbing. It bears little relation to the Constitution or to the history of the United States."

This attorney says the Supreme Court evidently has been "beguiled by the kinder-

Voice of the People:

## 'Disgusted' Parent Blasts Current Teacher Trend

How can we teach our children (as all parents once did) that teachers deserve unlimited respect, when more and more teachers are behaving like the rest of the brawling mob?

I teach my children there are more important things than an extra \$5 in the monthly pay envelope; that no one owes them a living; that one never walks out on an obligation; and that they can expect to gain only as much as they deserve.

At the same time, teachers all over the country are striking for more money (all the while saying "Where else could I get such good pay for such short hours?") demanding tenure and refusing to accept merit pay plans. They insist teaching is a profession, yet resort to tactics once limited to unskilled labor groups that had no other choice.

Anyone can foresee the sad outcome if the teaching "profession" continues to support the present trend. Perhaps the summer vacation will provide time for clearer thought.

DISGUSTED

## 'How About Checking Property Damage?'

Now that the sheriff's department has solved the sheep killing incident in Brandon Township, perhaps it can now look into the property damage along the township roads. The treatment given those sheep-killing dogs should also be given to the marauding hoodlums responsible for blowing up mailboxes and other property damage.

## The Better Half

"Did you know this thing is a remodeled 1940 jukebox?"

garden formula of "one man, one vote." He sees this approach as "simple-minded" when set against the complexities of a varied, dynamic America in the 1960s.

In his view, good sense requires taking account not only of population but geographic factors, historic boundaries and economic differences in the 50 states.

A prominent ivy league professor of constitutional law, again a man generally in support of liberal court trends, joins the many in Washington who think the court went too far in its newest rulings. Says this expert:

"I have never seen why both houses of a legislature must be apportioned according to population alone. I am not satisfied that the 14th Amendment in its equal protection clause requires such absolute equalitarianism."

He believes the requirement of equality may be served well enough if just one house follows its apportionment on population.

In the professor's opinion, there is something to be said for a system which "fractionates" political power among various categories, rather than concentrates it in the hands of those who can muster the most numbers. Remember, this is a court liberal speaking.

What many lawyers find troubling is what they regard as a developing tendency of the

## Best Recalled, Not Reborn

## Tears Mostly Wasted on 'Good Old Days'

By HAL BOYLE

NEW YORK (AP) — Those good old days. Oh, those good old days!

Old-timers 60 years of age or more like to drop a tear in their saraparilla as they recall how much better and more romantic life was in their youth than it is now.

But was it really? Life in America before World War I still had something of a pioneer quality, and hardship and discomfort were pretty much taken for granted.

Weather and work held people in thrall far more than they do now; leisure was more for the dead than the living.

When old-timers reminisce they don't dwell on such points as:

## PLUMBING LACK

Probably not half the homes in America had indoor plumbing.

Most homes were heated by pot-bellied stoves or balky coal

furnaces, the ashes from which had to be lugged out with motonotous regularity.

People worked a 50- to 60-hour week.

When a rug had to be cleaned it was hung on a line in the backyard and dust was spanked out with a beater.

## SICKLE USED

You didn't ride on power mowers; you cut the grass with a sickle.

If you were wealthy enough to afford a car, you had to hand crank it to get the motor started. The roads were so bad you were lucky if you went 100 miles without a flat tire; if you did get a flat tire, you had to fix it yourself.

Pensions were unheard of in most industries.

There were no electric washing machines. Wives had to souse the family's grimy duds in tubs, and launder them by hand or with a scrubbing brush on a ridged washboard.

## MEAN WEATHER

Winters were long and cold; summers long and hot.

The kitchen had no gleaming refrigerator. The pan under the icebox had to be emptied daily.

Wood-burning stoves were used in rural areas, and somebody in the household had to chop the wood.

After a hard day spent at other chores, mothers had to darn, often by lamplight, the menfolks' socks.

In addition to all their other woes, women had to lace themselves into corsets so tightly they couldn't swallow a grape without feeling uncomfortable.

It took almost as many days to travel across the continent by train as it now does hours by jet plane. In a small town, any resident who had seen both Niagara Falls and the Grand Canyon was a celebrity. No hanker was crazy enough to lend you money to make a vacation trip.

There were no drive-in theaters, no radio, no television, no hi-fi sets, no piped-in music, no canned dog food.

What do they mean "the good old days"? About all they had we don't have is a big foamy glass of nickel beer. And it's hardly worth turning the calendar back just for that.

## GOOD NEWS

The good old days have been replaced by the good news days—today and tomorrow.

## News From Around the World

# Soviets Plagued by Drunks

MOSCOW (AP)—Soviet labor camps have become country clubs, where drunkards, prostitutes and other "parasites" enjoy sunbathing, good food and vodka, the government paper Izvestia complains.

The social misfits sent to detention centers for rehabilitation "are just warming themselves in the sun and they are fed. They should be made to work from dawn to dusk and they should be punished more," said Izvestia.

HONG KONG (AP)—White Russians in Communist China have benefited from Peking's quarrel with Moscow, a White Russian refugee from Sinkiang said today.

The informant, who preferred to remain anonymous, said the official Chinese Communist attitude toward White Russians

showed a marked change in 1959, apparently as a result of Mao Tse-tung's feud with Premier Khrushchev.

The informant arrived recently in a group of 321 White Russians. The party is waiting for passage to Australia for resettlement. Many Russians in Sinkiang applied for exit permits as early as 1956, the informant said, but the Chinese Communist authorities started to issue exit permits only after Mao quarreled with Khrushchev. Now they not only let the Russians go but are willing to pay the passage of those who cannot afford it, he said.

SEOUL, South Korea (AP)—Three South Korean University students went on trial before a military court today charged with insurrection for directing the recent demonstrations

against the government of President Chung Hae Park.

After 40 minutes of preliminary deliberation, the court granted a defense motion for postponement until Friday.

The students — Kim Chung-tai, 23, Hyun Sung-il, 21, and Kim Do-hyun, 21 — face a maximum penalty of death before a firing squad if convicted. Another 112 students are under arrest.

MADRID, Spain (AP)—Police said today a former sublieutenant in Generalissimo Franco's civil war forces has been picked up on charges of tossing noise bombs in Madrid.

They said the man, Luis Martin, had three bombs in his pocket and that 200 more were found in his apartment.

One source said a prominent woman also is being held. More

than 30 noise bombs have been exploded in Madrid in the past two months, apparently to give the government a black eye and scare tourists away.

PORT AU PRINCE, Haiti (AP)—President Francois Duvalier expressed hope Monday that Haiti would improve its relations with other nations and create a climate favorable for foreign investment.

Addressing the National Assembly after he was sworn in as president for life, Duvalier declared that all underdeveloped countries need foreign investment.

Since Duvalier tightened his dictatorial control there has been no major investment in the Negro nation in more than two years.

BOMBAY, India (AP)—The Indian government is investigating a series of explosions in the former Portuguese territory of Goa.

An official spokesman said one person was killed and municipal offices in four towns were damaged.

MINOR FLOOD? — Volunteers remove possessions from a home after water poured into Agency, Mo., southeast of St. Joseph. The flooding, from the Platte

river, was five feet under the 1947 mark and regarded by residents as a minor flood. The river has overflowed seven times since 1957.

## U. N. Leaving; Congo Is Torn

LONDON (AP)—With only a week to go before the last United Nations troops pull out, the Congo once more is torn by rebellion.

Communist-backed rebels rampage through the eastern province of Kivu and through Kivu in the southwest.

Army mutineers and rebel Baluba tribesmen hold sway in northeast Katanga.

To the south, hundreds of armed fugitives who once were part of Moise Tshombe's Katanga army lurk in the bush and await their leader.

FLASH POINT  
The immediate flash point is Albertville, once a pleasant city beside Lake Tanganyika.

Refugees who have fled across

the lake to Burundi report that 70 Europeans are held hostage there by Congolese army mutineers and Baluba tribesmen notorious for atrocities.

Army reinforcements sent to take over the town promptly defected to the rebels. Refugees say the army mutineers raped four Belgian women and looted the town.

A pair of American Baptist missionaries, the Rev. and Mrs. John Deal, were reported still in Albertville.

NO WORD  
There has been no word of 12 British missionaries around Uvira, a rebel stronghold on the northern tip of the lake.

A year ago it seemed that the era of riot was over and the Congo could start repairing its wrecked economy and exploiting its fabulous riches.

Rebel bands began attacking missionary stations in Kivu last January. The rebels there are led by Pierre Mulele, Peking-trained guerrilla fighter who was education minister in the Congo's first independent government.

Diplomats in central Africa say Mulele gets cash and supplies from the Chinese Communists, who now have an embassy in Burundi.

BRIEF RULE  
Throughout Tshombe's brief rule as president of an independent Katanga, the northern Balubas were in semi-revolt, kept down only by Tshombe's white-officered gendarmes.

Once the United Nations ousted the whites as mercenaries, Tshombe's control of northern Katanga broke down. With talk of Tshombe returning to the Congo, the Balubas there may be trying for a separatist state. Tshombe is in Madrid. In Paris this month he said he plans to return to the Congo

Policy-Making Position  
in Firm Goes to Negro

NEW YORK (AP)—Samuel R. Pierce Jr., a Negro lawyer, has been elected a director of U.S. Industries, Inc., a manufacturing company with sales at about \$120 million a year.

His law partner, Theodore W. Wheel, said Monday Pierce is the first Negro to have a policy-making position in a large American corporation doing business internationally.

## MILLION-DOLLAR JAGUAR—NOT FOR SALE!

At the time Rome fell, another city, another great civilization was rising—half way around the world. The center of the first Mayan Empire, Chichen Itza, lifted its great pyramids above the forests of the Yucatan Peninsula on the east coast of Mexico in the fifth century, A.D.

Deep within the largest pyramid is a chamber dominated by a throne in the shape of a red jaguar, spotted with insets of green jade. The Mexican government refused \$1,000,000 for it 30 years ago!

Far to the north stand the remains of another ancient city, Teotihuacan, which housed 250,000 people in 700 A.D.

And only 35 miles from there is a modern capital of today's world—Mexico City. Here, the tall buildings are examples of the best in modern architecture. Commerce and industry, theater and the arts, education and medicine, people and customs—all are of today's world.

Knowledge of our modern neighbor is important today. Send for the free 16-page booklet, "Know Mexico," Box 1900, New York 19.

Presented in the interest of international goodwill through the cooperation of The Advertising Council, the Consejo Nacional de la Publicidad, and the Newspaper Advertising Executives Association.

# Scranton Bandwagon Visits Neighbors

HARRISBURG, Pa. (AP) — Gov. William W. Scranton of Pennsylvania took his campaign for the Republican presidential nomination into neighboring Delaware and New Jersey today.

## N. J. Senator for Scranton

Preconvention Boost Is Precedent Break

WASHINGTON (AP) — Sen. Clifford P. Case, R-N.J., broke with precedent today and announced he is supporting Pennsylvania Gov. William W. Scranton for the GOP presidential nomination.

Case said in a statement he had hoped to follow his state's tradition of remaining an uncommitted delegate until the Republican National Convention opens in Kansas next month.

But he added, "It appears that if leadership is not taken now, the convention would be foreclosed against Scranton before it met."

Case's action put at least two of New Jersey's convention votes in Scranton's column. Five New Jersey House members, including Rep. Peter H. B. Frelinghuysen, a delegate, announced Monday they are backing the Pennsylvania governor.

### HAS ENOUGH VOTES

Sen. Barry Goldwater, R-Ariz., who has more than enough publicly committed votes to win the nomination if they do not melt away, has claimed only eight New Jersey delegates. These did not include any of those publicly announcing for Scranton.

Since the Pennsylvania governor jumped into contest the expectation had been that he would get most of New Jersey's votes.

Case said in a statement that "there are only two real possibilities for the nomination now and of the two he, Scranton, is the one who represents the thinking of the Republican party and of the people of New Jersey generally."

Scranton's own evaluation of the situation, made Monday at a news conference in Harrisburg, Pa., was that either he or Goldwater would become the nominee.

### SCRANTON TO MEET

The Pennsylvania governor plans to meet today in Newark and Wilmington with delegates from New Jersey and Delaware as part of his drive to win the support of uncommitted and pro-Goldwater delegates.

## LBJ Move May Slow Rights Bill

WASHINGTON (AP) — The prospect of final congressional action on the civil rights bill within 10 days was clouded slightly today.

President Johnson reportedly has told House Democrats he does not want his top priority poverty bill passed before the House adjourns for the Republican presidential convention.

This could clash with a preconvention recess the Republicans have been counting on. Their platform committee meets in San Francisco the week before the convention starts July 13, and many congressmen are on it. Others want to testify.

Charles A. Halleck of Indiana told reporters Monday that Republican members of the House Rules Committee might not be so inclined to cooperate in sending the civil rights bill to the House floor if they are denied the courtesy of an early recess.

### NO THREATS

Halleck denied he was making any threats. He got no assurance on the recess from the Democratic leader, Carl Albert of Oklahoma. Instead Albert said he hopes to bring up the poverty bill that week, after the July 4th weekend.

Privately, Democrats said they had enough votes on the committee without Republican help to ensure that the civil rights bill is not bottled up.

With a combined delegate strength of 52 votes, the two states were first on a list of regions to be visited by Scranton during his second full week of an 11th-hour bid to overtake and surpass the front runner for the nomination, U.S. Sen. Barry Goldwater of Arizona.

After a morning appearance in Wilmington, Del., Scranton was to cap the day by giving the principal address at a Newark, N.J., \$100-a-plate fund-raising dinner.

Wednesday Scranton will visit Charleston, W.Va., and Miami, Fla. His staff was working on appearances in Ohio and Michigan later in the week.

### POLL SHOWS

The current Associated Press delegate poll shows that in Delaware all 12 delegates are committed to favorite son Sen. John J. Williams. Scranton's people believe they can capture at least 7 of those votes, if released by Williams.

The figures for New Jersey showed 8 for Goldwater, 2 for former Vice President Richard M. Nixon, 1 for New York Gov.

Nelson A. Rockefeller, 4 for Scranton and 25 uncommitted.

In the AP poll Goldwater's total indicated delegate support would give him more than enough for the nomination — if the support held up through the first ballot at the Republican National Convention in San Francisco.

Scranton said during his 4,000-mile flying tour of five Midwestern states last week that his objective was to visit every delegation he could that was not legally bound to Goldwater.

### RESULTS OF TOUR

Scranton told a news conference Monday that results of his first tour in the Midwest were "better than I expected."

Asked to specify states from

\$240,000 to U. of M.

ANN ARBOR (AP) — The University of Michigan said Monday it has received a \$240,000 grant from the National Science Foundation to construct a greenhouse, classrooms and other facilities at its Botanical Gardens near Dixboro.

which he had received favorable reports, Scranton named North Dakota, South Dakota, Minnesota, Iowa, Kansas and Missouri.

Scranton told his news conference that he sees the GOP nomination going to either himself or Goldwater.

"It is possible, but improbable, it would be a third person," said Scranton, adding: "I haven't thought about a possible compromise candidate."

### ASK ABOUT REPORTS

Scranton was asked about published reports that some top Republicans were aiding his campaign privately. He replied that he had been in contact with many party leaders, including two former national chairmen, Leonard W. Hall and Meade Alcorn, before and after he decided to run, but made no direct references as to whether they were supporting his bid.

Scranton was asked also whether he had been in contact with former New York Gov. Thomas E. Dewey, who was the GOP presidential nominee in 1944 and 1948.

"I understand he is meeting in New York to be helpful in the campaign," Scranton said. In New York, Dewey's office said it knew nothing about any meeting.

After the news conference, Scranton flew to Washington and paid courtesy calls on Senate and House Republican leaders to compliment them on their support of civil rights legislation.

Senate Republican Leader Everett M. Dirksen of Illinois told

a reporter that Scranton "popped into my office to compliment me on my support of the civil rights bill." Dirksen said Scranton "was only here for a moment."

Scranton has used Goldwater's vote against the civil rights bill last Friday as a principal issue in the pre-convention campaign.

In his news conference Scranton reiterated that he would "be delighted to debate Sen. Goldwater anytime, any place."

## "Ask any Camel smoker!"

Why Camel?

Well, like most people, Camel smokers shopped around a lot before they made Camel their brand. They still try another smoke once in a while when they run out.

But, for their steady choice, they go for quality. And that's Camel.

The best tobacco makes the best smoke. It's as true today as ever before.

That's why, year after year, Camel remains the overwhelming choice of smokers who prefer regular cigarettes...the millions of men and women who enjoy the smoking pleasure that goes with

**Camel Time**

# W. Berlin Flights Continue Despite Protests

BERLIN (AP)—Pan American World Airways continued its flights to West Berlin today despite a Soviet protest that they were illegal and a Red

## Seeking Negroes at U. of M.

DETROIT (AP)—The University of Michigan is recruiting Negro students in an effort to overcome a disproportionate lack of them, Mrs. Irene Ellis Murphy, member of the board of regents, told the Detroit Commission on Community Relations Monday.

Mrs. Murphy said the recruitment effort is intended to triple the number of Negro students on the campus. She said it resulted from a question raised a year ago as to why the university's enrollment was less than 1 per cent Negro.

She said this was "shocking" to her in view of the large Negro enrollment in Detroit public schools.

The regents, Mrs. Murphy said, set a goal of raising the Negro enrollment to 3 per cent and now the university is "combining the state" for qualified Negroes to enroll.

So far, 66 Negroes have been enrolled, she said. All have received scholarships and grants in aid under the regents' program, she said. The regents announce the scholarship program some time ago.

warning that their safety could not be guaranteed.

A Pan American jetliner left New York's Kennedy Airport Monday night with 10 of its 77 passengers bound for the Communist-surrounded city. None of those interviewed voice concern over the Soviet warning that the plane's safety could not be ensured in the air corridors which Western planes use in crossing East Germany.

A Soviet note to the United States and Britain claimed the recently inaugurated flights were illegal because they had not been approved by the Communist East German regime.

A Pan American spokesman said the flights three times a week, which reach Berlin after stops at Keflavik, Iceland, and Prestwick, Scotland, will continue.

Other flights are scheduled to depart Wednesday and Friday.

### NOT NOTIFIED

"Our position is that we have not been notified that these flights are unlawful and until we are, we will continue them," the spokesman said.

"We don't negotiate with the Soviet government, the State Department does. The State Department and the West Berlin government gave their approval and until the State Department withdraws its approval, we will continue to operate jet flights into Berlin."

State Department officials in Washington did not regard the Communist warning as ominous. They pointed out that the Soviets had given similar warnings in the past.

Up to May 30, when the New York-Berlin flights began, Pan American had been making flights to Berlin that originated in West Germany. These flights were set up with Soviet agreement after World War II to supply occupation forces in Berlin.

The Soviet Union claims, however, that any flight originating outside West Germany is not essential to the Berlin garrison, and not covered by the postwar agreement.

Other lines flying to West Berlin are British European Airways and Air France. The French flights originate in Paris and stop at Frankfurt en route to Berlin. The British airliners fly direct from London.

## FOOT ODOR?

New aerosol spray checks perspiration. Keeps feet odor-free 24 hours!

Medical scientists have developed a new aerosol spray that checks perspiration... stops foot odor 24 hours and cools and dries hot, sweaty feet. It's Mennen's Foot Deodorant with triple-action effectiveness to:

1. Kill odor-causing germs on contact with a continuous-acting antiseptic that keeps working all day, all night.

2. Instantly check the flow of perspiration that breeds odor-causing germs—helping block the return of foot odor.

3. Cool, soothe and refresh your hot, tired feet making them dry and comfortable.

Faster, more effective relief! Because Mennen Foot Deodorant

is an aerosol spray, it stops the smell of hot, sweaty feet fast. It eliminates odor so effectively because its fine spray penetrates even the tiniest foot crevices.

Colorless, non-staining Mennen Foot Deodorant is colorless and will not stain or harm nylon, wool, cotton or leather. In fact, you can spray its cooling refreshment right through hose or down into your shoes to help rid them of lingering odors. Get new MENNEN FOOT DEODORANT with amazing triple-action effectiveness that checks perspiration as it keeps feet odor-free 24 hours! That's Mennen Foot Deodorant, by the makers of Famous Quinana Foot Powder. At drug counters everywhere.

## Board Okays Lakes Study

A proposed study of how to control the water levels of Lake Huron and Lake Michigan was endorsed yesterday by the Oakland County Board of Supervisors with an eye on the future economy of the state.

Similar endorsement is being sought by other county boards of supervisors throughout Michigan in action initiated by the Bay County board.

The proposed study would be jointly undertaken by the United States and Canadian governments.

The two national governments now cooperate in the maintenance of Lake Superior's water level. The rest of the Great Lakes have reached a record low this year.

According to the resolution acted upon by the Oakland County board, low water threatens the welfare and economy of Michigan "by impairment of water supplies, sewage facilities, shipping and commerce, navigational channels, recreational developments, wildlife and many other items vital to our continued way of life and existence."

### DIVERSION RESULT

The resolution further states that the diversion of waters from Lake Michigan to carry sewage down the Mississippi River results in more water leaving the Great Lakes than can be replenished by nature.

## Russian Ambassador Says Relations Better

SAN FRANCISCO (AP)—Anatoly F. Dobrynin, Soviet ambassador to the United States, says the "little by little" relations between this country and Russia "are moving in the right direction."

The ambassador, in a speech yesterday to the World Trade Club at San Francisco, said "people everywhere want to believe in peace," and added: "I believe you Americans don't want war."

United States imports of nearly all types of red meat were higher in the first six months of 1963 than during the same period in 1962.

# Bedridden Kennedy Abreast of New Events

NORTHAMPTON, Mass. (AP) — Sen. Edward M. Kennedy, D-Mass., who has been in a state of immobility in an orthopedic bed to permit his broken back to heal, is keeping up with the news of the world outside his hospital room.

The late president's brother, at 32 the youngest member of the U.S. Senate, is reported to be making continued progress in overcoming the serious injuries he suffered last Friday night in an airplane crash at nearby Southamptton.

Doctors at Cooley Dickinson Hospital said the senator asked for newspapers Monday and

spent some time listening to radio broadcasts, mostly music.

Funeral services were scheduled today for the two men who died when the twin-engine private plane plunged into an apple orchard in fog and drizzle while approaching Barnes Airport at Westfield.

## SOLEMN MASS

For the pilot, Edwin T. Zimny, 48, there was a solemn requiem Mass at the Polish Immaculate Conception National Catholic church, Lawrence, and a similar service at St. Augustine's Catholic church, Andover, for Edward S. Moss, 41, Kennedy administrative aide, a father of two children.

An autopsy report Monday night silenced rumors that Zimny might have become ill just before the crash. Dr. E. Donald Andrew, Easthampton medical examiner, said the autopsy did not reveal any physical condition which could have caused the pilot to lose control.

"We don't know all the answers yet," Dr. Andrew said, "but the pilot did not have a heart attack."

The medical bulletins on Ken-

nedy's condition continued encouraging.

## SENATOR'S CONDITION

Dr. Thomas F. Corriden, the hospital's chief surgeon, described the senator's neurological condition as satisfactory, his orthopedic condition as improving, and his abdomen,

which had given some discomfort earlier, as "getting softer."

The surgeon said Kennedy had taken fluids by mouth and also was being fed intravenously. The conditions of Sen. Birch Bayne, D-Ind., and his blonde wife, Marvella, were described as good to excellent.

Mrs. Bayne has two small cracks in the lumbar vertebrae but the doctors do not expect an operation will be required. Her husband suffered damage to the muscles of his right hip.

## CHEERED BY VISIT

Kennedy was cheered during the day by the arrival of Miss Luella Hennessey, a veteran nurse who has served the Kennedy family for years. Miss Hennessey has been on hand for most of the births in the family. She joined the staff caring for the senator.

Kennedy's blonde wife Joan remained close to her husband. She has a room near his.

## Death Takes Ex-Editor

LONDON (AP)—Jane Heap, one-time editor of the Little Review, a magazine that played a leading role in the literary renaissance of the 1920s, died last Thursday, friends revealed yesterday. She was coeditor of the magazine when it published James Joyce's "Ulysses" in 23 installments.

## Makes Paper, Store Debut

### Aussies See Topless Suit

SYDNEY, Australia (AP) — The topless swimsuit made a newspaper appearance in Sydney today and the bare-bottom dress went on display on a dummy in a Sydney store.

A model got into the single-strap version of the bare-top swimsuit and got her picture — rear view — into the afternoon papers.

"Personally, I don't think we'll see them on Bondi Beach," said John N. Walker, Australian representative for the American swimwear manufacturer.

"But girls with good looking upper structures — and nerves of steel — probably will wear them to private swimming parties in Sydney."

The shock frock has not been sold, but the store said there was one hasty inquiry.

## Mother Foils Hooded Rapist

Unmasks Would-Be  
Attacker, Marks Face

BANNING, Calif. (AP) — Police have their first break in their long search for a hooded rapist, thanks to a young mother who unmasked him and left tell-tale scratches on his face.

Recent attacks on women by a man wearing a hood fashioned from a pillow cover have aroused terror in this quiet community.

Four women have been attacked since May 7. Police said the assailant appears to know when husbands are away. This, plus the fact that he called one of his victims by her first name, led residents to fear the attacker was someone known to them in their midst.

His latest attack came Sunday night.

The victim, a 27-year-old mother of five, told police she grappled with the assailant, ripped off his hood and ran her fingernails along the side of his face.

## CHILDREN RUN IN

Three of her older children, hearing the noise, ran into the room.

She screamed to her 10-year-old daughter to run to the neighbors for help.

Then she yelled to her 6-year-old son: "Get the gun."

There was no gun in the house, but the boy dashed from the room.

## PURSUES ATTACKER

The attacker fled with the mother in pursuit. Then, she told police, she realized she had no weapon and stopped.

Police Chief Harry M. Moore said police got the call for help 10 minutes after the attacker broke into the house. But he was gone when officers arrived.

Banning's 18-man police force has been hunting the attacker around the clock. Fifteen men were on patrol Sunday night.

Chief Moore said he hopes the hooded terrorist's scratched face will give him away.

## California Quake Hits San Diego 3rd Time in Row

SAN DIEGO, Calif. (AP)—An earthquake shook San Diego Monday night for the third time in two days.

Chandeliers swayed, windows rattled and several burglar alarms started clanging when the quake hit at 9:56 p.m.

Dr. Charles Richter of the California Institute of Technology seismology laboratory at Pasadena, 130 miles to the north, said the quake probably was centered very close to San Diego.

The city had a sharp quake Sunday morning and a series of light tremors just after noon Monday.

Only one-ninth of the earth's land surface is arable, scientists claim.

A PONTIAC CATALINA STATION WAGON EDGES INTO A LABORATORY "PARKING SPACE"

# ALL AROUND THE CLOCK ALL AROUND THE CALENDAR ALL AROUND THE COUNTRY ALL AROUND THE CAR

IN A WAY, WE'RE WATCHING YOUR WIFE PULL INTO A PARKING SPACE. We're duplicating what she does—in the laboratory, with a Pontiac and a device that grips the steering wheel, turns it, and lets a computer know how much effort it took.

Another way we test steering is to have drivers take cars out on the skid pad through a path of zigzag yellow lines, while instruments record the effort.

Why do we do testing like this? Because it takes all kinds of testing to really prove a car. Plenty of testing

and re-testing of every part to know how a car will ride, respond, handle and hold up for you and your family. That's what we mean by "proved all around."

At our Michigan and Arizona Proving Grounds, at Pikes Peak, and on the nation's roads and highways, we test GM cars the GM way—the long way, the hard way, the right way—on the world's truest proving grounds. Before they go into production. To make a GM car so likely to be worth more to you. When you buy it, as you drive it, when you trade it in.

Why the 'Liberation' Fuss?

**Pioneer Women Proved Worth**

'Conflict Between Career and Home Disguises Deeper Problems'

(EDITOR'S NOTE—"Women—Do They Deserve What They're Getting?" Four veteran writers try to answer that question in a four-part series which begins today.)

By HELEN HENNESSY  
NEW YORK (NEA) — Is the American woman fighting a losing battle against the "male establishment"? Or has she won too much already? While the arguments flash back and forth in public and private conversation, Americans show signs of forgetting their history.

Before all the fuss about "liberation" mom did a man's job—and did it efficiently and without detriment to the family circle.

The pioneer woman helped build the old homestead, fought the Indians along with her man, tilled the soil and often fired the shot that put venison on Sunday's dinner table.

No one censured her for doing dad's work.

She went down in history as the gallant little woman who labored side by side with her husband and raised a family at the same time.

**ROLE RETURNS**

Unfortunately, she went right back to the cookstove when Sitting Bull became just a neighbor who would drop by to borrow a cup of corn meal.

So, a century later, when pop fates an attache case in place of a rifle, and the old homestead in most cases has shrunk to a small apartment, mom had to be "liberated" all over again before she could take her place alongside dad in the labor market.

Men invented the washing machine, frozen foods and gadgets of every kind so that the housewife need not even have to peel a radish.

They gave her hours of leisure time, but many men objected when she wanted to use them gainfully. And all marital ills were laid at the feet of the working mother.

Today, according to government sources, 25 million women work.

Most of them are married, and only about 2 1/2 million work because they need the money.

How are they really making out? What effect has the working wife had on family values?

"In most cases, family relations have improved because the wife works," says Saul Scheidinger, group therapy consultant at Community Services Society, who in his work at CSS devotes his time and talents to solving family problems.

**GIVE, TAKE**

"When a wife works," he said, "marriage has more give and take. The family is interactive as a group."

"There are no set roles for mom and dad and this flexibility promotes greater communication."

"The working mother finds it impossible to run her home without family participation and this gives her children a chance to feel effective."

According to Helen Olson, case supervisor of social workers at CSS, when a competent person is chosen to take over the mother role during mom's working hours, no harm is done to the child.

**NOT FAIR**

Often the blame for broken homes is placed on the wife who works. "Not fair," says Scheidinger.

"In fact, conflict between career and home is only a disguise for deeper conflicts that would eventually show up whether or not the wife was employed."

A successful fashion publicist explains why her family lives a happy life, not in spite of, but because she is not tied down at home.

"Most neuroses in women are caused by boredom," says this mother of two bright, well-adjusted youngsters.

**BOREDOM FACTOR**

"For an energetic woman our society does not offer enough to do at home. Women were 'liberated' more by need than by choice."

In addition to her full-time job, she teaches one night a week and also takes a course in sculpture.

The family eats together every evening, spends winter weekends skiing, summer weekends boating.

"It's not the quantity of time you give to your husband and children that's important," she said.

**REAL ENJOYMENT**

"It's the quality of the time you give. If you are happy, you can genuinely and unselfishly enjoy all their interests and they will share yours. If you're bored, you'll nag and give them nothing."

When a man objects to his wife's working, it's usually because he fears he'll be marked as a poor provider.

He believes her job is a reflection on his capacity to earn.

**CAREER WOMEN**

A man who feels this way, needs constructive direction, experts on family mental health believe. He must learn that rather than being a reflection on him, her job gives his wife a chance to be as complete a person as he is.

**NO CONFLICT**

Career women in America do not have a masculine attitude, according to Scheidinger. Motherhood is not in conflict with a woman's job, but both together are a broadened version of what femininity is.

But one sad by-product of the new status of women, he feels, must be avoided.

And that's the possibility that mom might decide she wears the pants.

"A matriarchal setup is wrong," he maintains. "Dad must not be treated as just another kid to be sent out to play with the other youngsters while mother takes over management."

**LOOKS FOOLISH**

"Television plays a terrible

# Hunt Fair, Benefit for OU Scholarship Fund

Mrs. Norman Cheal, North Lake Shore Drive (left), and Mrs. William Wolfram, Birmingham, worked all day Monday to get the refreshment booth ready at the Hunt Fair.

As cochairmen they are coordinating menu planning and supervision of the volunteers who will help earn money for the OU scholarship fund by feeding fair goers.

Bartholomew Cubbens and his 500 hats had nothing on Mrs. Ralph Norvell, Wenonah Drive. As co-chairman of the Oakland University Hunt Fair, she shows off some of

the hats to be sold all this week at the Bloomfield Open Hunt Club. The fair is held in connection with the Detroit Horse Show.

## Abby Says Take Children to Beach to Bring Up Dad

By ABIGAIL VAN BUREN  
DEAR ABBY: I am 19 and my husband is 28. We have two children.

My husband has always been a sensible man, until he got mixed up with a character from work. This guy is 43 and thinks he is 18.

ABBY

He goes to the beach every weekend with his portable radio and tries to pick up girls young enough to be his daughters.

My husband has been going to the beach with him and I don't like it. I told my husband to stay away from this character and it has caused lots of arguments between us.

What would you do?  
DISGUSTED  
DEAR DISGUSTED: I'd go with him, and take the kids. One of them is sure to call him "Daddy."

DEAR ABBY: Does giving a girl a pearl ring for her little finger mean that you are engaged to her?

I gave a girl a pearl ring and told her she should have the jewelry store make it fit her LITTLE finger.

Well, she is wearing it on her ENGAGEMENT finger and she telling everyone we are engaged.

I always thought that a diamond ring was the only kind that meant engagement, but now people are telling me that a pearl ring could mean the same thing.

I like this girl a lot, but I don't want to be engaged to her. What do I do now?  
WORRIED  
DEAR WORRIED: A pearl ring (or a paper ring from a cigar) can mean engagement, if the man proposes marriage to the lady and she accepts. You had better tell this girl that you were interested in only her little finger—not in her whole hand!

DEAR ABBY: A good friend of mine had to accompany her husband on an emergency trip, and she asked if my husband and I would chaperone

her teen-age daughter's house party.

I said I would be glad to. When I asked her for instructions with regard to our responsibilities as chaperones, she said, "Oh, you don't have to do a thing. Just stay out of sight!"

Will you please tell me how anyone can "chaperone" a party and stay out of sight? My husband and I sat upstairs in the bedroom and watched television the whole time, while the kids tore the place apart downstairs.

I would like your opinion of what a chaperone's responsibilities should be.

"OUT OF SIGHT"  
DEAR OUT: A chaperone should confer first with the hostess to be certain that she understands what the "rules" are.

This includes the do's and don'ts of conduct and what time the party is to end. It is not necessary for the chaperone to be present every moment.

But she should check pe-

riodically to be sure the rules are being followed.

CONFIDENTIAL TO JEFF: Keep your words soft and sweet. They taste better if you have to eat them.

Troubled? Write to ABBY, in care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, in care of The Pontiac Press.

## Women's Section

### Hills Residents Busy With Parties, Guests

By SIGNE KARLSTROM  
Lisa Gae Knudsen who on July 9th will be married to Henry Howard Flint II at Christ Church Cranbrook has a busy schedule ahead of her.

Mrs. Jesse P. Judd and her daughter Nancy entertained last week in their Birmingham home for 20 of Lisa's contemporaries.

Last Friday Mr. and Mrs. Sterling Dockson of Grosse Pointe gave a dinner at the Country Club of Detroit honoring the couple.

On Thursday Mrs. C. Theron Van Dusen is giving a tea and a kitchen shower for Lisa in her Bloomfield Hills home. On Sunday Mr. and Mrs. Fred Cody have scheduled a brunch at Oakland Hills Country Club.

DINNER  
On June 30 Mr. and Mrs. Robert Flint (aunt and uncle of the bride-to-be) will give a dinner for the couple at their home on Island Lane.

July 3 Mr. and Mrs. Paul McKenney (Lisa's aunt and uncle) will have a barbecue at their home in Bloomfield Hills.

On July 7 Mr. and Mrs. John Stevenson (aunt and uncle of the bride-to-be) are giving a dinner dinner in their home.

The rehearsal dinner for the wedding party and out-of-town guests will be given by the groom's parents, Mr. and Mrs. Edgar B. Flint, at Bloomfield Hills Country Club.

On the day of the wedding Mr. and Mrs. Robert C. Vanderkloot (aunt and uncle of Lisa) will entertain the out-of-town guests for lunch in

their Lone Pine Road home.

Mr. and Mrs. Albert Thorndike Jr. are visiting Mrs. Thorndike's parents, Mr. and Mrs. Paul Bowers of Birmingham. After spending two years (since their marriage) in California and Cambridge, Mass. The Thorndikes are enjoying attending weddings of their friends.

On Thursday Mrs. Benjamin Brewster is entertaining at lunch for Mrs. Thorndike and Mrs. Bowers.

Christine Archangel who just finished her schooling at the University of Colorado and will enter the University of Pennsylvania in the fall will be at the luncheon with her mother Mrs. Martin Archangel.

#### EUROPEAN ECHOES

Mrs. Harrison E. Thurston has returned after four months traveling in Europe. With Mrs. Charles Dailey of Maceday Lake she visited Italy, Holland, Greece, England, Spain, Switzerland and France.

MRS. PALMER BUNDY

### Mrs. Bundy Honored for Service

Mrs. Palmer G. Bundy of Davisburg, 1961 Women's chairman for the Pontiac Area United Fund was presented with a plaque citing her for six years of dedicated service to the Catholic Social Services of Oakland County.

The presentation Tuesday evening was made by Msgr. Wilbur Sudekamp, archbishop's secretary for Catholic Charities for the Archdiocese of Detroit.

Some 200 board members and friends attended the organization's annual dinner meeting in Stuffer's Northland Inn. Mrs. Bundy is leaving the board after serving two three-year terms.

She has served with the Red Cross, the Michigan Cancer Foundation and the Michigan United Fund as well as the Torch Drive.

With the maximum of six years on the board of the Catholic Social Services of Oakland County, she chaired the annual meetings for the past five years and was credited with interesting in a northern Oakland community leaders in Torch Drive participation.

### Wed in Methodist Rite

### Area Pair Is United

Reception in Kingsley Inn followed the recent marriage of Suzanne McFarlane of Milford to Norman Emil Hefke of Brockport, N. Y., in the Milford Methodist Church.

Allan McFarlane escorted his sister at the ceremony performed by Rev. Howard

Short and Rev. William Lovejoy. She is the daughter of Mrs. Lawrence McFarlane of Milford and the late Mr. McFarlane.

Imported Swiss floral applique and pearl leading accent the chapel-length Bianchi gown of veiled white silk organza and peau de soie. A matching pillbox cradled her veil of imported illusion. She carried white roses and Stephanotis.

#### ASSISTING BRIDE

Attendants were honor matrons Mrs. Paul Sanford, Urbana, Ill., and Mrs. Allan McFarlane, St. Clair Shores; Mary Householder, Cathy Maples, Warren, and Mrs. James Royle, Columbus.

With best man, James Morisset, Syracuse, N.Y. were the ushers, Martin and Edson Hefke, Russell Terwilliger, Rochester, N.Y. and Sherman Hansen of Marshall.

After a northern trip, the couple will live in East Lansing where he is doing graduate work at Michigan State University. She is an alumna of Albion College.

The bridegroom is the son of Mr. Ernest Unterborn of Brockport, N.Y. and the late Emil Hefke.

Judith Grace Hulse and Tom Melvin Smelser were wed recently in the Reorganized Church of Jesus Christ of Latter Day Saints, Lake Orion. Their parents are Elder and Mrs. W. Randall Hulse, Orion Township and Elder and Mrs. John E. Smelser, Independence, Mo.

MRS. TOM MELVIN SMELSER

Suzanne McFarlane, daughter of Mrs. Lawrence McFarlane of Milford and the late Mr. McFarlane was wed recently to Norman Emil Hefke of the Milford Methodist Church. He is the son of Mrs. Ernest Unterborn of Brockport, N.Y. and the late Emil Hefke.

MRS. NORMAN EMIL HEFKE

### Fathers of Newlyweds Assist at the Wedding

Judith Grace Hulse and Tom Melvin Smelser exchanged vows and rings recently in the Reorganized Church of Jesus Christ of Latter Day Saints, Lake Orion.

Elder and Mrs. W. Randall Hulse of Baldwin Road, Orion Township and Elder and Mrs. John E. Smelser, Independence, Mo. are parents of the newlyweds.

A church reception followed the ceremony performed by Elder Hulse assisted by the bridegroom's father.

#### FLOOR-LENGTH GOWN

Bouffant silk illusion veiling complemented the bride's

floor-length gown of white Chantilly lace and tulle over taffeta; Stephanotis and ivy surrounded a white orchid centering her bouquet.

With Joan Harding, honor maid, were the bride's cousins Debra Ann Bell, junior attendant, Beverly Curtis, flower girl and Robert Bell, ring-bearer.

Mike McKeehen was best man, with William R. Hulse Jr. and Jack Smelser ushering.

The bride is a graduate of Graceland College, LaMoine, Iowa. Her husband is a senior at Eastern Michigan University.

### Sorority Has Installation of Officers

Beta Chapter of Beta Theta Phi sorority held their annual officer's dinner recently in the coral reef room of Airway Lanes.

Entertaining before the dinner was Ida Mae Hiltz, retiring president, in her Fairgrove Avenue home.

Mrs. Franklin Oosterhof will now take over leadership of the group as new president.

#### OTHER OFFICERS

Assisting her will be Mrs. Lewis Sullivan, vice president; Mrs. John Fischel, secretary; Mrs. Elmer Dietrich, corresponding secretary; and Mrs. John Kennedy, treasurer.

Others are Mrs. M. C. Worsler and Mrs. Walter Terry. Mrs. Ward Ross conducted the installation ceremonies.

Out of town guests included Mrs. Ralph Bergemann and Mrs. John Sinclair from Ann Arbor, honorary members of the group, and Mrs. Kenneth Weigmann.

### New Chairmen Are Named for VFW Auxiliary

Chairmen for the year were chosen at a recent meeting of the Water Wonderland Auxiliary to VFW Post No. 1008.

Mrs. Otto McCrae, president of the group, appointed Mrs. Archie Tryon, Mrs. James Storall, Mrs. Edward Schram, Mrs. Ayers Miller, Mrs. Walter Souter, Mrs. Otto Zander, Mrs. James Dando and Mrs. Alma Cowley.

Mrs. McCrae was also chosen delegate to the national Veterans of Foreign Wars convention in Cleveland August 21 through 28.

The group is planning a benefit sale Friday at the Amvets Hall on Oakland Avenue. Mrs. Dando will open her Princeton Avenue home for a social day July 29.

### VFW Women Hear Reports

Reports and a cooperative dinner highlighted the Sunday meeting of World War I Barracks No. 49, and Auxiliary, Veterans of Foreign Wars.

Fifth district meetings, the recent testimonial dinner in Lansing for commanders and resident sessions of the auxiliary and department of Michigan were covered in the reports at the American Legion Home on Auburn Avenue.

Mrs. Leroy Small of Milford was welcomed as a guest.

Pictured at the Grand Hotel, Mackinac Island, are Mr. and Mrs. Robert Oliver of West Irons Road. He is newly elected president of the Michigan Automobile Dealers' Association, whose convention was held on the island recently.

There are about 34,000 Lapps today, most of them in Norway, Sweden and Finland.

## Bringing Up Baby.

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

A nice doctor I know told me recently: "Of course baby care is a serious business, but sometimes mothers take it too seriously. As a consequence, they often develop a kind of grim tenacity which is easily transmitted to a baby and the baby may develop a corresponding tenacity. The mothers who laugh with their babies, and at themselves occasionally, are the most successful ones."

**Points to remember:** Grim determination to see that baby "licks the plaster clean" may turn a naturally eager eater into a mealtime rebel. Food served with a smile usually gets a good reception.

There'll be baby-smiles to spare when the menu features a Gerber Strained or Junior High Meat Dinner. For these hearty dishes have 3 times as much succulent meat as regular combination dinners. Add to this extra meat, garden-grown vegetables and subtle seasoning and you have "casserole dishes"

with exceptional flavor character. P.S. Apart from the eating pleasure your baby will have, Gerber High Meat Dinners are a good source of protein... the mighty "helping hand" of growth.

**Super Supper Plan**  
(to be Gerber)  
Veal High Meat Dinner  
Squash or Sweet Potatoes  
Chocolate Custard Pudding  
Formula or Milk

All the above in both strained and junior versions.

**Strengthening influences.** Overall buttons will stay put longer if you sew them on with elastic thread. Sweater buttons will be more secure if you reinforce thread at center of buttons with clear nail polish.

**Start to finish.** Don't forget that baby cereals provide special nutritional benefits right through the toddler stage. Gerber Cereals are fortified with a special kind of iron, easily assimilated by babies, plus calcium and important B-vitamins. All 5 are delightfully delicate in flavor. Gerber's Baby Foods, Box 72, Fremont, Michigan.

## Let Girl Change Name—After She's 18

By MRS. MURIEL LAWRENCE  
DEAR MRS. LAWRENCE: Our girl, 14, was named Laura after my husband's mother. About eight months ago she started asking us all to call her "Rosalie" and now won't answer to any other name.

She is also after her father all the time to get him to change her name legally to "Rosalie" instead of Laura.

Because he won't do it, she hurts him by talking about how she hates her family name, too.

ANSWER: Try telling her that if she still wants the legal change made in her given name

when she is 18, you'll help her get it done.

As to her family, comfort her by reminding her that some nice man is going to come along who will change it for her.

Don't be hurt by her dislike of the names with which you have endowed her. The adolescent is in such a state of turmoil and uncertainty about his own identity that he explodes it in unexpected ways.

Doubtful as your youngster is of her power to disconnect herself from your supporting strength and depend upon her own, she has given herself a name that disconnects her from you.

She is saying to you, "Oh, how I want to get away from these people who are always telling me who I am so that I can be free to discover who I am."

**NOTHING BAD**  
Please don't see anything bad in this want. We are all restricted by our families' views of us. Sooner or later we have to realize that their closeness to us made it quite impossible to

### Recent Marriage Is Announced by Her Parents

Mr. and Mrs. Fred D. Caldwell of Lake Orion announce the recent marriage of their daughter Gerry Frances to James Leroy Burgess, son of Mr. and Mrs. Malcolm Burgess of Boca Raton, Fla.

For the double ring ceremony the bride chose a street length dress of white nylon. Assisting the couple were Linda Stone, maid of honor and Charles Ray Jones, best man.

### Women Talk of Politics

Mrs. Allen Strom, vice chairman of the Oakland County Republican party spoke on the place of women in politics Monday at the monthly meeting of the Pontiac Republican Women's club.

Mrs. Harry Henderson opened her Birmingham home for the affair.

Mrs. Jerome Barry and Mrs. Joe Benson presided over the tea table following the business meeting.

### Top Cookie Strips With Sugar and Nuts

By JANET ODELL  
Pontiac Press Food Editor  
Want a cookie to serve with ice cream or fresh fruit? Here's one that is not too sweet.

"Just good!" says Mrs. John K. Kleene of Birmingham, today's cook.

Mrs. Kleene engages in a number of artistic endeavors around her home and is active in Birmingham Village Players.

FINNSKA KAKON  
By Mrs. John K. Kleene

get any true perspective on us as people.

Like the growing, expanding creation she is, your youngster senses this truth.

I don't know what the name "Rosalie" means to her except that it must be the name of the very attractive person she thinks she can become.

**RESTRICTING VIEWS**  
Unless you want to restrict her to your views of what she can become, you will let her be "Rosalie" instead of Laura.

It is because the adolescent

is trying too hard to find out who he is (apart from what we've told him he is) that his childhood's nicknames — his dependent, restricted identity.

Your child has just made her resistance to restricted identity a little stronger than the nickname-resisting youngster.

I wonder why she's had to make her resistance so strong. What does she want to become? If you'll let her be happy with this notion of the "Rosalie" she hopes to become, she will return to being Laura.

Pontiac Press Photo

Mr. and Mrs. Walter Allen will be honored on their 50th wedding anniversary at an open house Sunday from 2 to 5 p.m. in the Roto-Jay Hall, Orionville. Married in Pontiac, June 26, 1914, they are formerly of Birmingham and have resided in Orionville for 40 years. Among those honoring them will be seven sons and two daughters: Norman and Clarence of Otisville; Alfred of Goodrich; Donald, Harold and Hoover of Orionville; Robert of Waterford; Mrs. Wayne Lucas of Waterford; and Mrs. Haywood McDowell of South Lyon. The couple has 26 grandchildren and eight great-grandchildren. Mr. Allen is a retired farmer.

### California Trip After Ceremony

After their California honeymoon, the Harold Ernest Brunings (Bertha Mae Rowley) will make their home in Rochester where their recent marriage vows were spoken in St. John's Lutheran church.

Rev. Richard L. Schlecht performed the ceremony for

the couple whose parents are the Austin F. Rowleys of Rochester and the Melvin J. Brunings of Troy.

Their attendants were Shirley M. Rowley, Mildred Shirebrook, Mrs. Roger Knapp, Mrs. Donna Bobot, Calvin Bruning, Austin Rowley Jr., Larry Ainsworth, Gordon Reitz.

Mr. Bruning is a graduate of the University of Michigan.

**MARTIN-DZURIS**  
Janis Marie Dzuris exchanged recent vows with Martin J.C. Paul Sidney Martin before Rev. Thomas Sauter in St. Andrew's Catholic Church, Rochester. Their parents are Mr. and Mrs. Joseph Dzuris, Rochester, and the Dale Martins, Avon Township. The bride wore white lace and net over tulle with fingertip veil. Attendants were Sharon Dzuris, Ruth Renshaw, Linda Lannoo and Laurie Lannoo; Joseph Dzuris Jr., Kenneth Mathews, Michael Azford, Gary Rydell, and Randolph Short; ring-bearer, the bride will join her husband at Sawyer AFB in November.

MRS. B. O. WEST

### Methodist Rite Unites Local Pair

The Central Methodist Church was the setting for the recent marriage of Kathleen Marie Blanchard to Bradley Osborne West.

Imported re-embroidered Alencon lace accented a gown of white silk organza with chapel train for the daughter of the Frank W. Blanchards of Wadsworth Drive. A lace crown held her French illusion veil.

Her mother's pearl necklace and a cascade of white orchids, roses and Stephanotis completed the bride's ensemble.

**ATTENDANTS**

With Jerry Blanchard of Farmington, her sister's honor maid, were the bridesmaids Julie West, Pamela Blanchard, Farmington and Susan Broadworth.

Flower girl and ring-bearer were Rachine and Richard Blanchard.

Ronald West was best man for his brother. They are the sons of the Albert West of Pontiac Lake Road. Gary West, Jon Hartman and Gary Huntton ushered.

### Canned Goods for Campers

The 11 million campers in the U. S. are gearing up for the biggest season ever. The great outdoors nourishes great appetites. One suggestion for feeding campers: Take along a locker full of canned goods.

You won't need an icebox, and each can provides you with a disposable cooking utensil. Safety hint: Always open canned goods before heating contents.

**MANCHESTER-OESCH**  
Deanna K. Oesch, daughter of Mr. and Mrs. Leonard E. Oesch, Fortress Drive, and Larry L. Manchester of Coldwater, son of the Lawrence Manchesters of Flint, were wed recently in the First Baptist Church. Rev. John Toroni officiated. Lace motifs accented her gown and train of white organza over tulle. Attendants were Mrs. Arthur Oesch, Jane Ganje, and Lois Heimke, Mt. Clemens. Byron Arndt, Flint, was best man; with ushers Leonard Oesch, Russel Vanvarner and Robert Price both of Flint.

**Polly's Pointers**

**Use for TOP of Can**

By POLLY CRAMER  
DEAR POLLY — I am concerned about the published hint for punching a hole in an aerosol can to be used as a tassel for a Venetian blind cord.

These cans are potential bombs and several persons have been killed or maimed by them. I have also read on these cans: "Do not puncture or burn in incinerators." — MRS. C.J.B.

MRS. C.J.B. and others — Do read carefully. We made no mention of punching a hole in such a spray can.

Our hint read, "Drill a hole in the top of a small white plastic top off a spray can."

This refers to the lid that is loose and comes off every time the hair spray or whatever is used.

No mention was made of puncturing the can and it seems to me a can would make a rather unsteady "tassel" on the cord of a blind.

Empty aerosol cans are VERY, VERY dangerous, — POLLY

DEAR POLLY — Most mothers will agree there are times when it is absolutely necessary to leave the house to run next door for a cup of sugar, etc., but we are reluctant about leaving the children for even those few minutes.

Most children are fascinated by the telephone. I have two phones, but this point will work with one phone, too.

I either call the neighbor or someone who will not mind talking to each child in turn.

The kids love this chance to talk and are still talking when I return. It works like charm. — Thanks for the column. — J.C.

DEAR POLLY — Cut a circle out of a plastic gallon jug bottom.

Use "doughnut" for a grass guard around small plants. Be sure to tap it into the ground. — C.B.C.

OSTERLITZ-BONCHER

A mantilla of Chantilly lace complemented a gown of white peon de soie and lace for Patricia Ann Boncher who, became Mrs. Richard Allen Osterlitz, recently, in St. Rita's Church, Holly. Parents of the couple are the Leo W. Boncher of Fish Lake Road, Holly Township and Mr. and Mrs. Lorenza W. Osterlitz of Scotia, N.Y. Attendees were Cynthia Boncher, Mrs. John Barton, Mrs. Harry Tokay, Frederick Boncher, Peter Perrone and Harry Tokay.

SMITH-MILLER

Wed recently in the Sashabaw Presbyterian Church, Clarkston, were Lois Carol Miller of Orr Road, White Lake Township, and Frank William Smith. Rev. Donald Sinclair officiated. Their parents are Mr. and Mrs. Robert J. Williams, Elmy Drive, and Mr. and Mrs. Clayton Sims, Lake Orion. Chantilly lace trimmed the bride's chapel-length gown of white sheer over taffeta. White and blue carnations were combined in her French nosegay. Attendees were Mrs. John Howey and Nadine Williams; Clayton Sims Jr., Warren Sims, John Howey and Ronald Shoemaker. Reception was in Gingerville Community Center.

SIMS-WILLIAMS

Candlelight vows were pledged recently by Cheryl Joyce Williams and Marvin William Sims before Dr. Robert Hudgins in Lake Orion Methodist Church. Their parents are Mr. and Mrs. Robert J. Williams, Elmy Drive, and Mr. and Mrs. Clayton Sims, Lake Orion. Chantilly lace trimmed the bride's chapel-length gown of white sheer over taffeta. White and blue carnations were combined in her French nosegay. Attendees were Mrs. John Howey and Nadine Williams; Clayton Sims Jr., Warren Sims, John Howey and Ronald Shoemaker. Reception was in Gingerville Community Center.

### U OF ILLINOIS

Three Pontiac area women are among those from 20 states attending a two-week House Director Training Program at the University of Illinois in Urbana.

Participating in the workshop conducted by Dr. Miriam Sheldon, dean of women, are Mrs. Marjorie Cotterman, Ottawa Drive; Mrs. Ruth Callaghan, Birmingham and Mrs. Eunice H. Holland of Taylor.

Lectures and discussions on membership planning and food purchasing, house management

Jon Timothy Patterson, son of the Calvin E. Pattersons of Old Orchard Drive, has received a bachelor of arts degree in social science teaching from Michigan State University.

## Women Attend Meeting

Mrs. William Robertson and Mrs. C. E. Andress were elected delegates to represent their Lutheran Women's Missionary League of St. Marks Lutheran Church, Orchard Lake at a convention.

The 10th biennial Michigan district convention of the league will be held today, Wednesday and Thursday at Western Michigan University.

Some 800 women from the state are expected to attend. Pontiac area representatives will include Mrs. Harold Schriener, Mrs. Elmer Klemm, Mrs.

Earl Stienhardt and Mrs. Wesley Smith.

### INTERNATIONAL GROUP

An auxiliary of the Lutheran Church — Missouri Synod, the league is an international organization which has a membership in Michigan of 274 societies and 15,000 members.

Mission inspiration, education, and service are its objectives.

### Foil for Drinks

Wrap aluminum foil around the bottom of a cold drink. The foil serves as a coaster, as insulation to keep the drink cold and as a mitten for the bottle.

At recent commencement exercises at Ferris State College, David M. Flynn, received a bachelor of science degree in business administration. He is the son of the Thomas F. Flynn of Arrowood Drive, West Bloomfield Township.

Patricia A. King has received a bachelor of arts degree and elementary certificate from Western Michigan University. She is the daughter of the Calvin F. Kings of Potomac Drive, Avon Township.

## Keep Hands Dry While Working

Stop the annoyance of water dripping up your arm while washing walls or woodwork above your head. Try new household rubber gloves made with deep cuffs designed to catch and hold any excess of suds or rinse water.

## Drive Aims at Both Whites, Negroes

(EDITOR'S NOTE — When civil rights leaders talk of a "long, hot summer," they don't always mean violent demonstrations. Here's a look at a quieter but no less determined struggle being waged in Mississippi. First of two parts.)

By AUSTIN SCOTT

NEW YORK (AP)—A summer invasion of Mississippi by nearly 1,000 civil rights workers is

under way, despite warnings from that Southern state that it won't tolerate outside interference in its affairs.

Unpaid white and Negro volunteers are aiming an intricate, well-organized campaign at the Negro community as well as at whites, and at the Negro's mind as well as at his emotions.

The volunteers, most of them from colleges, have been told to prepare for a summer of hard

work—and possibly time in Southern jails.

"We've asked each one to have someone in his home town ready to post \$500 to \$1,000 bail," said one spokesman for the movement.

The four civil rights groups behind this Mississippi Summer Project, are pushing three major drives centering around education, hygiene and home economics, and voter registration.

The project has been in the planning stage for months. Leaders say it will go ahead despite what they term "constant harassment" and regardless of a number of Mississippi laws newly passed to stop the drive.

Conceived by the Council of Federated Organizations, known as COFO in Jackson, Miss., the project is being directed on the scene by Robert Moses, 29, a Negro and a former New Yorker who holds a degree from Harvard.

Money comes from the Student Nonviolent Coordinating Committee — SNCC — the Congress of Racial Equality, the National Association for the Advancement of Colored People, and Dr. Martin Luther King's Southern Christian Leadership Conference.

MISSISSIPPI has been picked as a target because many civil rights leaders say progress in this field has been "agonizingly slow" in the state.

Participants attend week-long orientation courses at Western College for Women, Oxford, Ohio. Many will be teachers in the "freedom schools," aimed at high school age youngsters and run for about six weeks.

Students will get remedial instruction in basic educational skills, and be exposed to "cultural influences not normally available to them."

The object, COFO says, is to "implant habits of free thinking

and ideas of how a free society works."

### THOUGHT CURBED

"There's such a closed, stifling atmosphere that these people haven't had a chance to think creatively," said Carol Rogoff, of SNCC. Miss Rogoff is white.

COFO hopes to set up more than 20 such schools, some in each of Mississippi's five congressional districts.

Increasing Negro voter regi-

stration in this election year is a prime aim, SNCC says only 6.2 per cent of the 400,000 voting-age Negroes are registered. Some estimates run higher but there is no official way of knowing.

Opposition is expected from the white community, but how will Mississippi Negroes react?

"We don't know," said Miss Rogoff. "We cannot go in and involve the community and expect them to face the repercussions themselves."

"This is a very time-consuming project. It's a little bit unrealistic to expect success this summer. Our presence in the state is obviously to challenge the tone and structure of laws that exist."

COFO says its summer plan is not mapped out to accomplish a change this summer, but should be a firm step in a larger plan that could take years to finish.

## Gemini Flight Set in Late December

HOUSTON, Tex. (AP) — The first manned Gemini space flight is now scheduled for about Christmas time this year.

Manned Spacecraft Center officials have been saying the two-man flight would be made "late this year" or "in the last quarter of the year."

At a news conference Monday, a center spokesman pinned it down to "late December."

### 2 Michigan Men Drown

PORT ARTHUR, Ont. (AP)—Two Michigan fishermen have drowned at Dunc Lake, about 230 miles east of here. The bodies of Robert Anthony Carpenter, 36, of Alpena, and Allan Dale Marushak, 61, of Rogers City, Mich., were recovered Sunday.

Their overturned boat was found drifting on the lake and the bodies were recovered in 10 feet of water two hours later. Neither man was wearing a life jacket.

### Mechanical Guide

## Talkin' Way Around Town

NEW YORK (AP) — A miniature tape recorder will take you by the ear and lead you on a three-mile sightseeing tour of New York City.

Two girls just off the boat used it Monday and one of them commented "We don't even know where we are, yet it takes us right where it wants, doesn't it?"

The 11-ounce device, containing 6,000 words on 250 feet of wire, gives detailed instructions on how to get from place to place.

It is the brainchild of Eric E. Anschuetz of Lexington, Mass., an aerospace engineer, and rents for \$3.

## Fine Way to Fix Car

ALBANY, N.Y. (AP)—Harlan Weaver will tell you speed pays.

The speedometer on Weaver's automobile was stuck at 80. A garage man said it would cost \$20 to repair.

Monday Weaver was caught in a radar trap and fined \$10. But the radar apparently corrected an electrical fault, and the speedometer works perfectly now.

Weaver figures he saved \$10.

### Business Dean Dead

LONG BEACH, Calif. (AP)—Dr. Earl Stanfield Fullbrook, 71, retired dean of the University of Nebraska College of Business Administration, died Sunday.

DETROIT (AP) — U.S. auto plants turned out their seven millionth car of the 1964 model year last week and headed on towards an ultimate goal of about 7.9 million cars for the model run.

With little over a month left of 1964 model output, industry experts said it was virtually certain that the current mark of 7,340,000—set last year—would tumble.

Output slackened a bit last week, to an estimated 176,801 units, down from the 179,821 of the previous week, but nearly 4 per cent over the 170,543 cars turned out in the comparable week a year ago.

There was slightly less overtime operations than usual in the industry last Saturday, with three Chevrolet, seven Ford and the Dodge-Plymouth-Valiant unit at Hamtramck, Mich. on premium pay operations.

Industry sources said that on a calendar year basis, more than 5,000,000 cars and trucks have been built in U.S. plants, well ahead of any previous year. Truck production is 15 per cent ahead of a year ago; car output is up about 6 per cent.

Reports from Canada also showed output well ahead of 1963 levels.

This led to belief that the combined U.S.-Canadian output for the model year also would set a new record high, barring some mishap.

## THREE NEW 88s FROM OLDS!

One for the money...two for the show  
...all three priced to go!

**Jetstar 88** Long, lithe, loaded with action! Yet this new full-size Olds is lower priced than 30 models with low-price names! Now available with a regular-gas V-8!

# COME ONE, COME ALL TO A HOEDOWN PARTY!

By JANET ODELL  
Pontiac Press Food Editor

Summer is the time for informal entertaining. Invite your friends to a hoedown party which can be informality at its best. You'll need a few simple props for atmosphere.

Round up some straw hats, a guitar or banjo, a bandana handkerchief or two and you're all set. Incidentally, red and blue bandanas make interesting party napkins for this type of affair.

You can even make this a family affair. Children like to square dance and you can buy or borrow records for the occasion.

We'll hope the weather will let you eat outside. Even if clouds threaten, perhaps you can clear out the garage and turn that into your party site. You'll serve buffet style, of course.

You'll want food that is gay and jolly. Anything that fits on a paper plate is excellent. Be sure to look for the new plastic cups that keep liquids really hot or cold.

Tuna salad can be a hearty main course. To it you add only celery, mayonnaise and lemon juice. But you fill both ends of the serving dish with vegetables so that guests can choose what they like.

All the recipes for food shown in the color picture are for 16 servings.

## SODAS

Chocolate sodas are easy as pie to make when you use a quick chocolate-flavored mix. The children are sure to love these and you may find the grownups taking them in place of coffee or tea.

Swiss Chocolate Cake is real party food. The cake is an old-fashioned buttermilk cake covered with rich swirls of delectable chocolate icing.

A border of chopped nuts completes the picture. Both cake and frosting are made with semi-sweet chocolate morsels.

For alternate menus we have included some additional recipes.

Perhaps fried chicken is your choice for the main course. If you cook it early in the day and refrigerate it, you'll have no last minute preparations. And everyone likes cold fried chicken.

With that serve potato salad which is as American as Uncle Sam.

Now there are dozens of ways to make potato salad. We think you'll like one which calls for marinating the potatoes in an oil dressing for at least an hour. Incidentally, this recipe serves 40 so cut it in half for your party of 16.

In place of crisp rolls, how about some Boston Brown Bread? You can bake it — that's right, no steaming — the day before and it will cut easily. If there's any left, spread it with cream cheese for sandwiches the next day.

**HOEDOWN PARTY** — A hoedown party needs two things — good music for square dancing and plenty of food. The food is as

informal as the occasion. An enormous tray of tuna and vegetable salad is an inexpensive main course. Little bowls of relishes accom-

pany it. Kept warm in a covered basket are crisp hero rolls. Luscious chocolate sodas supplement the tea and coffee you usually

serve. For dessert there's a special chocolate cake. With this menu your party will be swinging in no time at all.

## Sandwich Cookies Make Elegant Crumb Crust

This rare dessert that will bring raves from your guests. A unique combination of chocolate 'n' spice results in a creamy filling for a chocolate cookie crust.

**Spicy Chocolate Bitterscotch Pie**  
28 chocolate cream-filled cookies

6 tablespoons melted butter or margarine  
1 envelope gelatin  
1/4 cup cold water  
2 eggs, separated  
1 1/2 cups milk  
1/2 teaspoon salt  
1/2 cup brown sugar  
1/2 tablespoon allspice  
2 tablespoons butter or margarine  
1/4 cup sugar

Roll 16 cookies into fine crumbs between waxed paper. Blend with melted butter or margarine; press evenly and firmly over bottom and sides of 9-inch pie plate. Press remaining cookies on edge evenly around sides to form scal-

loped border. Refrigerate about an hour.

Sprinkle gelatin on cold water and set aside to soften. Combine slightly beaten egg yolks, milk, salt, brown sugar and all-spice in top of double boiler. Cook, stirring constantly, over hot, not boiling, water, until mixture thickens slightly and coats metal spoon.

Remove from hot water; add softened gelatin and stir until dissolved. Stir in 2 tablespoons butter or margarine until melted. Chill, stirring occasionally, until mixture is the consistency of unbeaten egg whites.

Meanwhile, beat egg whites until stiff but not dry; gradually beat in 1/4 cup sugar. Continue beating until mixture holds stiff peaks. Gently fold into thickened gelatin mixture and chill until almost set, stirring occasionally.

Pour gently into chilled crumb shell. Refrigerate until firm. YIELD: 6 servings.

**GARDEN PATCH TUNA SALAD**  
8 cans (6-1/2 or 7 ounces each) tuna in vegetable oil  
2 cups chopped celery  
1/2 cup lemon juice  
1 1/2 cups mayonnaise  
2 green peppers, chopped  
1 box (1 pint) cherry tomatoes  
2 cups grated carrot  
Salad greens

Break tuna into pieces; place in large bowl with celery. Gradually stir lemon juice into mayonnaise; add mixture to tuna and celery, and mix lightly. Turn salad into large rectangular dish that holds 3 or 4 quarts (15 x 10 x 2 inches).

Arrange chopped green pepper, cherry tomatoes, and grated carrot in rows at ends of dish. Garnish with salad greens. Serve with hero rolls. YIELD: 16 servings.

**SWISS CHOCOLATE CAKE**  
1 6-ounce package (1 cup) semi-sweet chocolate morsels  
1/4 cup water  
3/4 cup soft butter or margarine  
1 1/2 cups sugar  
Combine chocolate morsels and water in saucepan. Place over low heat and stir until blended; remove from heat. Cream together butter, sugar, and vanilla. Add eggs, one at a time, beating well after each addition. Blend in chocolate mixture. Sift together flour, baking soda, and salt. Add alternately to

creamed mixture with buttermilk. Turn into 2 greased and wax paper-lined 9-inch layer cake pans. Bake in a moderate oven (375 degrees) 20 to 35 minutes. Cool. Fill and frost with Swiss Chocolate Frosting. YIELD: 1 9-inch cake.

## BLACK AND WHITE SODAS

1 box (1 pound, or 3 cups) quick chocolate-flavored mix  
2 quarts vanilla ice cream  
2 bottles (1 quart each) chilled carbonated water

Put quick chocolate-flavored mix in large pitcher; stir in milk. Pour into 16 12-ounce glasses. Add a scoop of ice cream to each glass and fill with carbonated water. YIELD: 16 servings.

## Potato Salad Is American Dish

No matter what is ever written about potato salad, there is always someone who takes exception to it. A story that comes to us from Best Foods concerns a conversation overheard between two women.

"I always slice potatoes for potato salads and dice potatoes for home fried potatoes," claimed her friend, "you should dice potatoes for potato salad and slice them for fried potatoes."

In an argument such as this, there's no middle of the road to take. You slice or dice them to suit yourself, or as suggested by the recipe.

**Quantity Potato Salad**  
12 pounds potatoes (as purchased)  
3 tablespoons salt  
1 teaspoon pepper  
1/2 cup corn oil  
1/2 cup vinegar  
1 1/2 to 2 quarts diced celery  
1 1/4 cups chopped onion  
1 quart real mayonnaise  
Western iceberg lettuce  
Cook, pare and dice potatoes. Combine hot potatoes, salt, pepper, corn oil and vinegar. Let marinate about 1 hour. Toss potato mixture with celery, onion and real mayonnaise. Chill. Serve on iceberg lettuce. Makes 40 servings.

## Fig Frosting Baked on Cake, Saves Time

A cake with "built-in" topping is ideal for picnics or potluck suppers.

**Picnic Banana Fig Cake**  
1 (13-oz.) package banana nut cake mix  
1/2 cup sugar  
1/2 teaspoon cinnamon  
1/4 cup butter or margarine  
1/4 cup chopped dried figs

Prepare cake according to package directions. Bake in 8-inch greased cake pan at 350 degrees for 20 minutes.

While cake bakes, combine flour, sugar and cinnamon; cut in butter until mixture is crumbly. Add dried figs.

Remove partially baked cake out of oven; sprinkle topping over and return to oven for another 15 minutes or until done. Serve warm or cool.

## Easy Chocolate Frosting

1 can (14 ounces, 1 1/4 cups) sweetened condensed milk  
1/4 cup butter or margarine  
1/4 teaspoon salt  
1 6-ounce package (1 cup) Combine sweetened condensed milk, butter, and salt in saucepan. Place over moderate heat; stir constantly until mixture just comes to a boil. Boil 1 minute; remove from heat. Add chocolate morsels and stir until blended and smooth. Stir in vanilla.

Cool about 20 minutes or until thick enough to spread. Sprinkle chopped walnuts in ring around the top of the cake.

## Brown Bread Is Baked in Cans

Our moist, delicious brown bread is unique. Just bake it in the oven, using an empty coffee can as the perfect-size baking pan.

**Baked Boston Brown Bread**  
1 cup whole wheat flour  
1 cup yellow corn meal  
1/2 cup all-purpose flour  
2 teaspoons baking soda  
1 teaspoon cream of tartar  
1/2 cup strong coffee  
1/2 cup light molasses  
1 cup seedless raisins  
Combine whole wheat flour and corn meal (do not sift). Mix and sift all-purpose flour, baking soda, cream of tartar and salt. Add to corn meal mixture. Stir in remaining ingredients. Spoon into two well-greased 1-lb. coffee cans. Let stand 1/2 hour. Bake, uncovered, at 350 degrees for 45 to 50 minutes or until cake tester comes out clean.

**QUANTITY RECIPE** — As American as the Fourth of July or the eagle is old-fashioned potato salad. Marinate the potatoes first in an oil dressing and you'll be delighted with the extra good taste. Furthermore, this is a large size recipe for those BIG occasions.

## Military Aid Is Defended

Any Slashes Opposed  
by McNamara, Taylor

WASHINGTON (AP)—Against a background of sharp Communist pressures in Southeast Asia, Secretary of Defense Robert S. McNamara and Gen. Maxwell D. Taylor testified today against any cuts in the \$3.5 billion, 000 military aid program.

The described it as a rock-bottom figure in their appearance before the Senate Foreign Relations Committee in support of the military assistance portion of the \$3.5 billion foreign aid authorization bill.

The bill passed the House last week. But the measure actually appropriating the money was under attack today in the House Appropriations Subcommittee.

Taylor, chairman of the joint chiefs of staff, told the Senate group that the military aid request "can only be regarded as a holding operation of border line adequacy."

Any reduction, he added, "would be a tragic emasculation of a program vital to our national security interests."

**ISSUES WARNED**  
McNamara cautioned the committee in his prepared statement that "unless we are assured of at least the level of military aid requested for this year over the next several years, the military strength we have helped to build up around the periphery of the Communist bloc will gradually melt away."

"It makes no sense whatever," he declared, "to spend \$30 billion a year on our own military forces and refuse to spend a mere 2 per cent of that amount to support the forces of our allies who stand beside us in the collective defense of the free world."

This year's bill, he explained, carries a basic military aid program of \$1 billion plus \$55 million in special funds asked by President Johnson to increase the U.S. commitment in South Vietnam.

The general, who visited South Vietnam with McNamara last month, said he returned "convinced that success can be attained (in the guerrilla war there) if we show the necessary determination and utilize all our potential assets."

## Guerrilla Leader Returns

# Cyprus Peace Talk Periled?

NICOSIA, CYPRUS (UPI)—The secret return to Cyprus of Greek guerrilla leader Gen. George Grivas created the danger today of sharp Turkish reaction that could snarl peace efforts led by President Johnson.

Acting Vice President Lyndon B. Johnson confirmed last night that Grivas had come to the island last Friday from his exile in Greece and has conferred with President Makarios and other Greek Cypriot leaders.

Grivas, 65, led the Eoka guerrilla forces in the five-year underground battle that led to Cyprus' independence from Britain

in 1960. That struggle made Grivas a hero both on Cyprus and in Greece.

**GRIVAS RETURNED**  
Grivas said he returned to Cyprus "in an advisory capacity on military questions affecting the Greek Cypriot security forces." He said he did not know how long the former Eoka leader would remain.

Diplomatic observers said Grivas' presence on the island likely would anger Turkey and the Turkish Cypriots at a time when President Johnson is trying to bring Turkey and Greece to some understanding on the Cyprus question. The two NATO partners are deeply involved on opposite sides.

Johnson was holding his second day of talks in Washington with Turkish Premier Ismet Inönü. Tomorrow he is scheduled to meet with Greek Premier George Papandreu.

Some sources here believed Grivas was back in Nicosia to supervise a Greek Cypriot effort to oust Turkish Cypriots from control of the northwest coastal area around Mansoura. The Greek Cypriots allege that arms and supplies are being smuggled into the Turkish Cypriots from Turkey through Mansoura.

**WOULD FOLLOW**  
It is generally believed that thousands of armed Greek Cypriots would readily follow Grivas in any operation on the basis of his record in the anti-British struggle.

Grivas went to Greece in 1959 and has stayed there in exile despite repeated demands by Greek Cypriots for his return to help in the fighting against the Turkish Cypriots.

**PROVIDE STABILITY?**  
Some sources close to the U.S. command felt that Grivas might provide some stability in the situation because his prestige could instill discipline among the Greek Cypriot irregulars.

Grivas went to Greece in 1959 and has stayed there in exile despite repeated demands by Greek Cypriots for his return to help in the fighting against the Turkish Cypriots.

Grivas went to Greece in 1959 and has stayed there in exile despite repeated demands by Greek Cypriots for his return to help in the fighting against the Turkish Cypriots.

Grivas, 65, led the Eoka guerrilla forces in the five-year underground battle that led to Cyprus' independence from Britain

in 1960. That struggle made Grivas a hero both on Cyprus and in Greece.

**GRIVAS RETURNED**  
Grivas said he returned to Cyprus "in an advisory capacity on military questions affecting the Greek Cypriot security forces." He said he did not know how long the former Eoka leader would remain.

Diplomatic observers said Grivas' presence on the island likely would anger Turkey and the Turkish Cypriots at a time when President Johnson is trying to bring Turkey and Greece to some understanding on the Cyprus question. The two NATO partners are deeply involved on opposite sides.

Johnson was holding his second day of talks in Washington with Turkish Premier Ismet Inönü. Tomorrow he is scheduled to meet with Greek Premier George Papandreu.

Some sources here believed Grivas was back in Nicosia to supervise a Greek Cypriot effort to oust Turkish Cypriots from control of the northwest coastal area around Mansoura. The Greek Cypriots allege that arms and supplies are being smuggled into the Turkish Cypriots from Turkey through Mansoura.

**WOULD FOLLOW**  
It is generally believed that thousands of armed Greek Cypriots would readily follow Grivas in any operation on the basis of his record in the anti-British struggle.

HERE COMES YOGI—The television cartoon series star, from the mythical land of Jellystone Park, is the subject of a full-length cartoon movie, "Hey There, It's Yogi Bear." The film opens at the Commerce Drive-In, Union Lake Road, Commerce Township, tomorrow.

## Hopes to Continue Successful Trend

# Vivien Leigh as Southern Belle

By BOB THOMAS  
AP Movie-Television Writer  
HOLLYWOOD—Vivien Leigh, looking lovely and fit after her recent illness, is back in Hollywood to play yet another Southern lady.

The English actress has come aboard Stanley Kramer's "Ship of Fools" to play one of the few American roles in the cast. This time she's a Virginian, and if she does as well as her last two Southerners, she'll be doing very well indeed. Both won her Oscars.

"The accent is quite difficult, but I'm working hard on it," she reported. "Virginia is a bit difficult to capture; it's somewhere midway between southern and British. It was easier when I was speaking Georgian in 'Gone With the Wind' and Mississippi in 'A Streetcar Named Desire.'"

Miss Leigh is quite confounded as to why she has happened to specialize in Southern belles in American films, but obviously she has no complaints. She is feeling very chipper following months of rest that were necessary after her collapse in New York last year. She had been appearing in her first musical, "Tovarich."

**GOT WARNINGS**  
"Everyone told me I was crazy to do a play in New York during the summer," she explained. "I thought that was nonsense. Hadn't I played four shows a day in North Africa during the war in temperatures of 120 degrees? I was sure I could cope with a New York summer."

"But I couldn't. It was simply unbearable. I spent all day in the country, but I had to come to the theater at night. And the nights were terrible. I could get no rest at all."

Now she is pleased to be back at her profession and to return to Hollywood to hit her chums. The town holds many memories for her, some pleasant, some not. She recalled "Streetcar" with pleasure. "It was a terribly stimulating experience," she said. "All of us had done the play, so we were familiar with the story. And Marlon Brando was marvelous to work with."

**MIXED FEELINGS**  
Her feelings about "Gone With the Wind" are mixed. "While we were shooting it, I was convinced that it was going to be a disaster," she remarked. "Perhaps it was be-

cause it was the first time I had been involved in such a big film and I was terribly confused by the constant changes."

"Gone With the Wind" was a triumph, though not a financial one for Miss Leigh. "I made less from it in six months than I did from my previous film, which took 10 weeks," she said. "My husband (Laurence Olivier) and I then put all our profits in 'Romeo and Juliet,' which was a total loss. So when we returned to England for the war, we were virtually penniless."

**STOCKS EXPERT**  
The office manager of a New York stock exchange member firm is being sought in an alleged embezzlement that may total \$700,000.

Named in a warrant is Jeremiah T. Moran, 41, for two decades an employee of Burnham and Co., which disclosed Monday it had been the victim of embezzlement.

The police alarm said Moran, a frequenter of race tracks, is worth for grand larceny of \$375,000. A detective said that much was known to be missing and the figure may reach \$700,000 when additional records are checked.

Burnham said its \$25-million insurance policy more than covered any loss.

Moran was last seen leaving the Wall Street office Friday.

## Business Report

## Area Industrial Payrolls at Year's High

The brightest star on the local business horizon in the month of May was industrial payrolls, which hit the highest point of 1964 with a total of \$17,038,595.

With increased production schedules at Pontiac Motor Division and GMC Truck & Coach Division the June total could approach the all-time high of \$19,529,624 set in August 1955.

## State Tops Record for Fuel Consumption

LANSING (AP) — Motor fuel consumption in Michigan topped the 3-billion gallon mark for the first time in 1963, reports the State Highway Department. The department said more than 3.1 billion gallons of all types of motor fuel were sold in the state last year, up 6.7 per cent over the previous year. This compared with a national increase of 4.2 per cent.

Since 1920, the national turnout of voters in nonpresidential elections has failed to reach 50 per cent.

Bank debits for the month totaled \$123,895,339, some \$4.2 million under the figure for April, but over \$18.5 million above the total for May 1963.

Postal receipts decreased slightly and the number of building permits took a sharp drop. But the total value of building permits was more than double the figure for April of this year — \$1,121,273 compared to \$517,662.

Construction of new dwellings, hampered by strikes of trade unions, dipped below April totals and was just above half of last year's totals for the month.

## GAS CONSUMPTION

Gas consumption took a seasonal decline but was still slightly above the total for May 1963.

Consumption of electrical energy continued a steady increase, reaching a total near a half-million kilowatt hours more than the "short" days of early winter.

Water consumption also took a seasonal jump to 421,814,000 gallons, nearly 22 million gal-

lons more than the same month in 1963.

Bus patronage hit the lowest

ebb of the year with a total of 71,603 breaking February's low mark by 240.

## Youngsters Begin Tour

A group of 20 Watford Township youngsters left yesterday for a 3-week tour through the western states.

The trip is being conducted by Gerald McLeod, sixth grade teacher at Jayno Adams Elementary School in Watford Township.

Yellowstone Park will be the group's camping site this weekend. En route they will travel through the Badlands

and the Black Hills of South Dakota.

Next week they will travel through Salt Lake City, visit Bryce Canyon, Zion and Grand Canyon national parks.

The Southwest Indian Powwow and Rodeo July 4 in Flagstaff, Arizona will be a highlight of the trip.

Plans for the return trip to Michigan include a day on a Texas cattle ranch, a visit to the Oklahoma oil fields and a stop at the St. Louis Zoo.

AT PARIS PARTY — The Duke and Duchess of Windsor danced at a Paris costume ball last weekend while rumors from influential sources circulated in London concerning the pair. It is deemed possible the duke may be forgiven for rejecting the English throne to marry the American divorcee, and may be allowed to return to England.

Never take or give medicine. Administration advises. Labels in the dark, the Food and Drug always should be read clearly.

Triple protection against car sory that grounds ignition, locks theft is assured by a new access brakes and cuts off fuel.

# Mays Leads National League All-Star Balloting

## Giants, Cards Gain 2 Berths on First Team

Willie, Groat, Boyer  
Only '63 Holdovers  
in Senior Circuit

By JOE REICHLER

NEW YORK (AP) — Wonderful Willie Mays attracted the most votes as the San Francisco Giants and St. Louis Cardinals each placed two men on the National League All-Star team's starting line-up for the July 7 dream game with the American League at Shea Stadium in New York.

Mays, the Giants' brilliant center fielder, along with third baseman Ken Boyer and shortstop Dick Groat, were the only repeaters from 1963 in the voting of 270 players, coaches and managers. First baseman Orlando Cepeda was the other Giant selection on this year's starting team.

Commissioner Ford Frick, whose office conducted the balloting, said the complete squads, exclusive of the pitchers, will be announced next week.

The pitchers, who are selected by the All Star managers, Al Lopez of the American League and Walt Alston of the Los Angeles Dodgers, will be announced Thursday, July 2.

### NO PHILLIES

Surprisingly, the National League starting line-up will not contain a single member of the league-leading Philadelphia Phillies, who did not place a man even on the runner-up list.

In addition to the four Giants and Cards, there were single representatives from the Chicago Cubs, Pittsburgh Pirates, Milwaukee Braves and New York Mets.

The NL's power packed line-up included Ron Hunt of the Mets at second base, Roberto Clemente of the Pirates in right field, league leading hitter Billy Williams of the Cubs in left, and the Braves' Joe Torre behind the plate.

In all, little fault can be found with the starting squad. The only possible objection would be over the by-passing of Maury Wills of the Dodgers, who leads the league in stolen bases and whose .285 batting average through last Sunday is the highest among the shortstops. Wills finished third in the voting.

Mays, who boasts a 417 batting average in 14 All-Star games, missed by one getting an unanimous vote. He received 240 out of a possible 241 votes. Players are not permitted to vote for teammates. Curt Flood of the Cards, was runner-up with 17 votes.

The voting only first two were announced: Catcher—Tommy Agee, 21; Ed Warren, Cincinnati, 20.

First base—Cepeda, San Francisco, 17; Willie St. Louis, 16; Maury Wills, Philadelphia, 15; Roberto Clemente, Pittsburgh, 14.

GRANITE FALLS LANDING — Teenager Mike Mick of Austin, Minn., is about to find out why Granite Falls, Minn., is aptly named. The occasion was last weekend's annual State High School Rodeo there. Young Mick was a brief participant in the bareback bronc riding event.

## Braves' Bragan Gets New Pact

By The Associated Press

"The show of confidence will reflect on the play of our ball club—no doubt about it," said Manager Bobby Bragan after he received a new contract from Milwaukee.

If the Braves' first game under Bragan and his new contract is an example of what he meant, the reflection is more vivid than you see in a fun house mirror.

Two hours after Bragan accepted the written vote of confidence Monday, the Braves dropped their seventh straight game, 10-9, to the Los Angeles Dodgers.

True, the Braves exploded for 15 hits, including five home runs, but they still couldn't

erupt from the slump that has dumped them into ninth place in the National League, their worst position in the standings since they moved to Milwaukee 12 years ago.

### SAME LINE UP

In celebration of the new contract, Bragan went out and used the same line-up (excepting the pitcher) he had used the day before. That was rare for the scrappy Alabama, whose juggling of the line-ups could earn him a spot on the Ed Sullivan Show.

There was nothing rare, however, about the ensuing defeat. There was nothing rare either about the New York Yankees' 6-5 victory over Chicago in an

American League game. The Yankees had beaten the White Sox nine previous times without a defeat this season.

In the only other AL contests, the 5-2 and Cleveland and Minnesota battled to an 8-8 tie in a game ended by rain in the 11th inning.

San Francisco whipped Cincinnati 6-2 in the other National League game. The Yankees served Chicago's three-run surge in the ninth for their fifth consecutive triumph. Steve Hamilton scattered six hits through eight innings. Hal Reiff started the inning, and the White Sox quickly loaded the bases and scored one run.

Bill Stafford replaced Reniff and retired the side, although two more runs scored on force plays.

Pinch hitter Willie Smith, a single in the seventh inning that broke a 2-2 tie and sent the Angels on to their sixth straight victory. The hit was the seventh for Smith in 13 pinch hitting appearances. Mike Brumley collected three hits and an RBI for the Senators.

Larry Brown homered in the eighth for the Indians, sending their game with the Twins into extra innings. Cleveland came to bat in the 11th when rain struck. After a delay of an hour the game was called.

Harmon Killebrew and Bob Allison each drove in three runs for the Twins with Allison hitting his 17th homer with one aboard.

Willie McCovey smashed a grand slam homer for the Giants in the sixth after dropping a fly ball for a two-run error in the fifth. Cincinnati starter John Naisrout had a hit until the sixth when pinch hitter Chuck Hiller singled.

### Doctor Hits Target

Dr. Paul W. Trimmer of Pontiac ace the 180-year 13th hole at Oakland Hills Saturday. He used a three-iron for the shot and finished the round with a 73.

Playing with Dr. Trimmer were Bill Brew, Hunter MacDonald and Clem Jensen.

## Huron-Airway Routs CIO Nine, 15-4

Huron-Airway erupted for a 15-4 fast victory over CIO No. 594 last night in the city Class A baseball league to remain undefeated in seven starts.

The defending city champions tallied 11 runs in the third inning in overcoming an early 3-1 deficit. Ten of the markers were unearned.

The 13 hits and 15 runs posted by the winners equaled the season high set last week by Talbot Lumber.

John Flester had two doubles and a single for three runs batted in and scored four times in pacing the attack on three union hurlers. Bob Rabaja also had three hits.

The defending city champion Huron-Airway also called on three hurriers with middleman Jim Wagner getting the victory. Tonight at Joyce Park the second place Clippers will attempt to climb back within a game of the top when they meet Pontiac-Business Institute at 8 o'clock.

In the city's junior baseball program yesterday, several notable efforts were turned in.

Bob Taylor of St. Mike in the Class D program struck out 16 batters in beating the Police nine, 6-1. He was touched for two hits, both in the third inning.

The Pontiac Optimist team ripped McDonald's Drive-In, 4-3, but the latter protested the contest on an administrative technicality.

Venturi to Join Pros in Carling Golf Open

DETROIT (AP) — U.S. Open champion Ken Venturi has automatically qualified for the \$200,000 Carling World Golf Championship in August at nearby Oakland Hills, officials announced Monday.

Venturi is exempt from qualifying for the first annual event along with the first five Open finishers and 16 men's recent tournament champions, officials said.

## Pace Increases at Horse Show

The Detroit Horse Show trots into high gear today with a full morning and afternoon of competition at the Bloomfield Open Hunt.

The nation's largest outdoor hunter and jumper show began its annual week of top flight competition yesterday with a full card of junior dressage events.

Last night Jessica Newberry had won the F. E. I. Prix St. Georges dressage class on the same mount. Riding another of her mounts, Colpin, she took second place in both of the events, also.

James Jones of Birmingham was third today for the Col Kitts trophy aboard Miss Prince.

Another dual winner Monday was Michael Kierkegaard of Washington, D. C., on "The Racheur." He captured the AHS-A combined test medal class and AHS dressage medal class for senior riders.

Natalie Pawlowicz of Chicago won the latter event for juniors on "Baccarat." Birmingham's Dick Schuster was second to her on "Cool Shock and Pam Evans of Birmingham rode Commando to third in the dressage class.

The Elementary dressage

Billie Jean Moffitt of Long Beach, Calif., and Nancy Richy of Dallas, Cliff's sister, led the American women into battle today in an underdog bid to take the crown away from Australia's incomparable Margaret Smith.

Miss Smith, who defeated Billie Jean in last year's final, opens the afternoon in a second round at center court against Annette Van Zyl, South Africa's lightly regarded No. 1.

## Reports Pentagon's Civil Rights Chief

## Bias Fading in Areas Near Military Bases

WASHINGTON (AP) — The Pentagon's civil rights chief today reported some "spectacular changes" in treatment of Negro servicemen in areas around military bases.

Alfred B. Fitt, deputy assistant secretary of defense for civil rights, indicated he expects the new civil rights bill

to help in scoring further gains against racial discrimination affecting servicemen.

"Our people probably use more public accommodations than any other segment of the population," Fitt said in an exclusive interview with The Associated Press.

He referred here to a section of the new bill providing remedies for persons barred on racial or religious grounds from public accommodations as hotels and motels, restaurants, or places of entertainment.

## PERSUASION KEY

"The Pentagon's year-old drive to eradicate discrimination against servicemen has relied largely upon persuasion, with base commanders generally dealing with local officials on a case-by-case basis."

"There's been very gratifying progress," Fitt said, "but a good deal remains to be done."

He stressed that in using the word "spectacular" to describe some gains so far, he meant instances where rigid patterns of segregation had been broken

even to a limited extent for servicemen.

Asked for examples, Fitt cited these:

## HOUSING GAIN

"Near one base in the Deep South, a previously all-white municipal housing project was desegregated for Negro servicemen after months of negotiations."

"There has been absolutely no controversy," Fitt said. "And this is a town where everything has been segregated."

"In a rural area surrounding a base in Louisiana, rigid racial bars were let down enough to permit Negro servicemen in uniform to attend high school sports events on a nonsegregated basis."

Fitt said this was the first such concession ever made in what until now has been a

"severely segregated community."

## SCHOOL CASE

Close to a base in Texas, all school grades had been desegregated except the first five. As a result, Negro children of servicemen were busing 34 miles a day to school. The base commander spoke with local authorities and the remaining classes were desegregated.

Fitt declined to identify any of the bases involved.

The department's civil rights chief avoided any percentage or other across-the-board evaluations on progress against discrimination.

"It isn't measurable," he said.

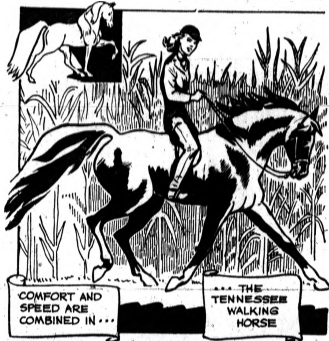

## NO 'BACKLASH'

Fitt said reports he received

from 250 base commanders last month reflected no evidence of any "white backlash" in the North.

"In no case was there any backsliding," he said. "The changes were all on the side of equal treatment."

## Junior Editors Quiz on HORSES

QUESTION: Why is one kind of horse called a "Walking Horse?"

ANSWER: This question usually is asked when someone mentions the Tennessee Walking Horse, since, as everyone knows, all horses can walk. This is true, but the Tennessee Walker walks in a different way from others.

This unusual breed, developed in central Tennessee over 100 years ago, is a combination of the Standardbred, Morgan, Thoroughbred and American Saddle Horse strains.

It was developed because of the need on southern plantations for a gentle, comfortable horse which could also move rapidly.

Some of the Tennessee horses had a faster, smoother walk than others, a kind of running walk which gave the effect of gliding and was very pleasant to the rider.

Horses with this gait were deliberately developed, until a special breed had been created. Notice the long stride of the Walking Horse as shown in the picture.

Over the years, the comfort and smooth ride of the Tennessee Walker has made the breed appreciated in many parts of the United States and it is now rapidly spreading westward, as this horse has been found to be an excellent mount in rugged country.

FOR YOU TO DO: Color the Walking Horse a light brown which will contrast nicely with a green background on the girl's shirt, coat and jodhpurs.

## County Board OKs Sale of 18 Acres

The sale of 18 county-owned acres in Pontiac for \$32,400 and purchase of 29 acres in Southfield for \$352,000 was approved yesterday by the Oakland County Board of Supervisors.

The board authorized county auditors to purchase the Southfield site from the Berkley School Board for a future South Oakland Health Center.

The site is on Greenfield, between 10 and 11-Mile roads.

An offer to purchase the 18 acres along Kennett Road in north Pontiac was made by the Oakland Park Methodist Church. A new church has been proposed for the site.

The county's present health center in Royal Oak no longer is deemed adequate to serve a growing population.

## ILL-SUITED

The site is said to be ill-suited for further expansion of the building, which county supervisors hope to sell.

## Film Making on Cuba Raid Thought Fatal

MIAMI, Fla. (AP)—A desire to make movies on an anti-Castro bombing mission last week may have spelled doom for the raiders, Cuban exiles said today.

"The pilot, Luis Diaz, asked that he be permitted to make the raid in daylight rather than during 'protective darkness,'" said spokesmen for the sponsoring organizations, Revolutionary Recovery Insurrectional Movement and Commandos L.

"He wanted to make pictures and show them later to spur collection of funds to buy planes for bigger raids on Cuba," Diaz, 23, was killed after he and two companions dropped three homemade bombs on a central Cuba sugar mill. Havana radio said the other two were injured when the plane was shot down. Both were captured.

## 1st and 2nd HOME MORTGAGE LOANS \$1,000 to \$5,000

May we serve you!

Without obligation, see and talk with Mr. Merle Voss or Mr. Buckner, who have been loaning money to hundreds of people in Pontiac during the past 40 years. All our borrowers will testify to receiving fair, honest, and courteous treatment. (Do not take a chance dealing with strangers or fly-by-night lenders.)

WE have nothing to sell but Cash!

When you deal here, you receive the full amount of your loan in cash at once. No papers to sign until the loan is closed. No charge for inspection, appraisal or survey. No charge for abstract, title search or title insurance.

Borrow from us to consolidate your debts, to pay off the balance you owe on your contract, to pay taxes, to make home repairs or improvements, or for any other good purpose. See us today.

# County Board Lengthens Budget Study

The Oakland County Board of Supervisors amended its by-laws yesterday to give more time for the preparation of next year's budget for county government.

The additional two weeks is expected to provide more accurate information regarding this year's expenditures in planning for those next year.

The County Board of Auditors will be able to work with a full six months experience this way, Bylaws Committee

Chairman S. James Clarkson said.

The budget will be ready for board action Oct. 5, immediately following a public hearing, instead of on the third Monday in September as previously.

A new state law requires a hearing on the budget for the first time this year.

**TO HEAR CITIZENS**

Citizens will be able to tell the board of supervisors how they think county funds should be spent, but won't be able to change the total amount to be spent next year.

County officials are planning for a \$17 million budget. The county's budget for the current year is \$16 million.

The amount is determined by the County Tax Allocation Board each Spring.

**MISS METRO BEACH** — Marina Pambor, 17-year-old brunette of Detroit, has been crowned Miss Metropolitan Beach of 1964. She will reign over various special events at the Macomb County recreation spot this summer.

# Report Kid Gavilan Prisoner of Castro

MIAMI, Fla. (AP)—Former world welterweight boxing champion Kid Gavilan of Cuba is reported a prisoner of the Fidel Castro regime.

Exiles said today Gavilan was arrested three months ago while preaching in Marianao, a Havana suburb. They said that after retiring from the ring he became active in the Jehovah's Witnesses sect.

Francisco Valle, head of the Teachers Anti-Communist Front, an anti-Castro organization, quoted Cuban underground sources as saying Gavilan is serving a five-year term in Havana's La Cabana Prison on charges of conspiring against the regime.

Their combined hands include only 24 high-card points, so many pairs would stop short of game.

Then, if North becomes declarer, a diamond lead defeats three notrump, provided that West makes the proper play at trick one.

In addition a final spade contract is tempting indeed, but there is no play at all for four spades.

West will open the king of clubs and continue after his partner signals "come on" with the eight spot.

Two club tricks, a club ruff and a diamond will be taken on the immediate, and the four-

By OSWALD JACOBY

An Oregon reader asks: "What would you do with the East hand after West opened one diamond and North passed?"

I bid a heart and was severely criticized for responding. It made no difference in the JACOBY final results since our opponents reached a lay-down three no-trump in spite of my bid.

I would not want to join in severe criticism, but I must admit that if I had held that pair of jacks I would have passed.

Sometimes such a bid will work, but not often enough to warrant trying it as a steady diet.

Furthermore, I am not sure that it made no difference this time. My correspondent gave me the bidding which got North and South to three no-trump with South as declarer, and I want to congratulate them.

## DON'T YOU READ BEFORE YOU BUY?

And don't you sometimes re-read, study, compare, figure, clip, save, and show to friends? When you're on the brink of buying, aren't you hungry for facts, features, dimensions, styles, colors, capacities, prices?

Print advertising puts people who are close to a purchase close to the kind of information they demand. Newspapers, magazines and brochures let them linger with your message for as long as they like.

Print imparts important details, allows for colorful presentations, makes lasting impressions, takes people straight to the point-of purchase. If you've something to sell, it will pay you to promote it reg-

ularly in print—where ready-to-buy people can keep their eyes on it, get their hands on it, make the most of it. Print makes sense because print makes sales.

One of a series presented by the Print Advertising Association and

HI YO, BONNEVILLE — This "Westernized" Pontiac Bonneville convertible is seen frequently in the Los Angeles area. Owned by Nodie, a designer and maker of western wear. It has been decorated with 540 silver dollars, 14 real, chrome-plated guns and miscellaneous other western doodads, such as a leather-covered steering wheel, tooled leather brake and gas pedals and a tooled leather litter bag. It is valued at \$20,000.

## News of Area Service Personnel

James B. Sears, seaman apprentice, U.S. Navy, is scheduled to visit Northern Europe in June and July aboard the Navy destroyer USS Cony on the annual Midshipman Training Cruise.

Cruises of this type are conducted each summer to give midshipmen from the Naval Academy and other universities an opportunity to get a practical working knowledge of the Navy and of the ships they will be assigned to after they receive their commissions.

Cony is scheduled to visit ports in France, Denmark and England.

Sears is the son of Mr. and Mrs. Clarence Sears of 2535 Empire.

Airman Rodney A. Manney, son of Mrs. Violet J. Manney of

5051 Shashabaw, Clarkston, has completed Air Force basic military training at Lackland Air Force Base, Tex.

He is being assigned to Strategic Air Command's (SAC) Vandenberg Air Force Base, Calif. for training, and duty as an air policeman.

The new base is keeping the nation's intercontinental missiles and jet bombers on constant alert.

Robert P. Young, has begun basic training at the Naval Training Corps (AFROTC) unit at Michigan State University.

The nine week training includes naval orientation, history and organization, sea-

maush, ordnance and gunnery, military drill, first aid and survival.

During the training recruits receive test and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service schools for technical training or to ships and stations for on the job training in a Navy rating specialty.

Young is the son of Mr. and Mrs. Jesse O. Young of 53 E. Fairmount.

Cadet Thomas E. Pratt, son of Mr. and Mrs. A. Henry Pratt of 2670 Walbridge, Rochester, has been honored as a member of the Air Force Reserve Officer Training Corps (AFROTC) unit at Michigan State University.

Cadet Pratt was presented the Michigan Aerospace Foundation Award at the recent joint Army-Navy-Air Force ROTC awards banquet in Detroit. He received the award as an outstanding AFROTC sophomore cadet in military and scholastic achievement.

The cadet, a mathematics major will be eligible for a commission as a second lieutenant in the Air Force upon completion of AFROTC requirements and graduation from the university.

Recently graduated from the technical training course for U.S. Air Force photographic repairmen at Lowry Air Force Base, Colo. is Airman 2C Donald H. Kuecken.

Kuecken, whose studies included Air Force electronic-controlled photographic devices, is being assigned to a Military Air Transport Service (MATS) unit at Turner Air Force Base, Ga.

His squadron supports the MATS mission of providing global airlift of U.S. military forces and equipment.

The airman, a graduate of Lake Orion High School, entered the Air Force in July of 1963 and is the son of Mr. and Mrs. Elmer Kuecken of 4921 Georgia Drive.

## She Flops as Blind Date— Eyes Stealing a Husband

By EARL WILSON

NEW YORK—Dodie Goodman has had a lifelong career as a blind date.

"I'm the girl," Dodie says with a certain witfulness, "that my girl friends always got as a blind date for their boy friends' boy friends — from out of town."

"And something might have worked out a couple of times except for one little thing . . . well, like being repulsive . . ."

Dodie was half serious and half clowning when she told me this. It's to be part of a one-woman show she's going to try out shortly at the Apple Hill Playhouse, in Detroit, Pa. Dodie has just been a glamour girl with Marlon Brando and David Niven in "Bedtime Story" and is looking for new fields to conquer.

"My girl friends have sort of given up on me as a blind date," Dodie said. "I guess the only thing left for me to do is steal someone's husband. It's rather stylish now."

Dodie's hopeful that her movie career will really soar now that she's played Fanny from Omaha.

"Stanley Shapiro says I have a great future in pictures but of course, it depends on whether they hire you," she says. "Stanley has another picture but he sort of wants Audrey Hepburn for the lead. Even if he couldn't get her, I doubt if I could fit into the part."

### THE MIDNIGHT EARL . . .

Paul Anka gave a birthday party for lyricist Sammy Cahn at the Waldorf; Cahn said, "Paul's lucky—he writes words and music, and gets two checks." . . . Jack Entratter and Moe Lewis are in town on a talent-buying trip for the Las Vegas Sands. . . . Cute Hollywood duo: Leslie Uggams and Billy Eckstine's son Ronnie. . . . Report from Europe: Princess Grace now has her own personal astrologer. . . . George Hamilton'll make his first TV appearance soon, on a Chrysler show. . . . Chuck Connors will film the bio of golfer Walter Hagen.

EARL'S PEARLS: Ronnie Martin bought an electric toothbrush, and now he sees his electrician twice a year.

REMEMBERED QUOTE: "Never before has there been so much writing, reading and talking—and so little thinking."

Bob Orben's been reading about all the violence on the New York subway, and he philosophizes: "Well, at least they've taken crimes off the streets." . . . That's car, brother.

(The Hall Syndicate, Inc.)

## Should Pay Poor Who Goto School

DETROIT (AP)—Poor children should be paid to attend high school, a sociologist suggested Monday.

Prof. Walter Wallace of Northwestern University also proposed a governmental or private agency subsidy to finance such a program.

He declared that this country's system of free schools is "not enough for a youth who needs shoes and clothes and whose family needs food."

Wallace said that paying the needy youth to go to high school would be part of a "massive assault on educational deprivation." He said the subsidy could become a "capital investment" paying returns through savings in public aid and unemployment compensation.

### NATIONAL CONFAB

Wallace outlined his ideas at a national conference of educators, public officials and others sponsored by the Commission on Academic Affairs of the American Council on Education, and Wayne State University.

### Solons Urged to Stop Cadet Redistricting

ATLANTA, Ga. (AP)—The Georgia Legislature has approved a resolution urging the state's U.S. senators to seek to take from federal courts the power to decide legislative reapportionment cases.

After heated debate, the Senate approved the resolution by a 33-13 vote Monday.

THREE COLORS

CUSTOM-BLENDING—Proved by millions, now improved with higher octane in all 8 gasolines!

# Sunoco boosts octane to make your car run best while you pay less!

CUSTOM-BLENDING: 8 different octane-strength gasolines, 8 different prices, to give you the best gasoline for your car at the fairest price!

Let Sunoco's new  
**PENNY POWER TEST**  
prove it in your car...

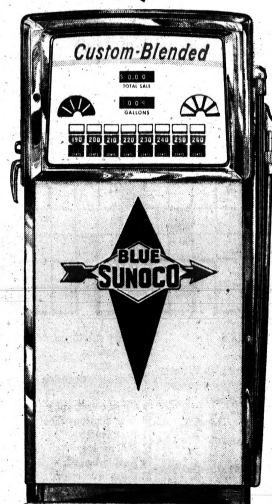

*whether you buy premium or regular!*

8 Custom-Blended gasolines at 8 different prices make it possible! All you do is ask for the Sunoco gasoline priced *one penny less* than the gasoline you now buy.

Because of Custom-Blending's new higher octane, you'll get the top performance you like, and save money on every gallon. Four out of five car owners can.

Premium buyers may save even more! With the second tankful, drop another penny in price. Maybe even save a third penny per gallon the third time at Sunoco!

As long as your car continues to perform its best, go as low in price as you can.

*Stop at Sunoco—go with confidence*

# FB MAKE LOWER PAGES in Mississippi Mystery

PHILADELPHIA, Miss. (AP) — Mystery deepened today in the strange disappearance of three young civil rights workers. They were last heard from Sunday night after paying a speeding fine in this east central Mississippi town.

The FBI and the Mississippi Highway Patrol pressed a search for the two white persons and a Negro, part of the first wave of summer volunteers seeking to reform this state politically.

Missing were Andy Goodman, 20, and Mickey Schwerner, 24, both of New York City. With them was James Cheney, 22, a Negro member of the Congress of Racial Equality from Meriden.

They came here Saturday after a week's orientation course for the Mississippi "Freedom Summer Project" in Oxford.

## Pope Eyes Birth-Curb Desirability

VATICAN CITY (AP) — Pope Paul VI said today that the Roman Catholic Church is studying the birth control problem in the light of new developments, presumably contraceptive pills.

But he barred their use by Catholics for the present.

He also admonished Roman Catholics elsewhere to stop discussing the new pills publicly, and he promised that church studies on the subject would be published as soon as possible.

But he indicated that so far he had found no reason to approve general use of the pills.

The Roman Catholic ruler discussed the birth control problem in a speech which also included mention of the International Eucharistic Congress to be held in Bombay in November and Christian union. Indian sources have said he has agreed to visit India for that event.

On birth control, the Pope did not specifically mention contraceptive pills.

But his reference seemed clear. It was the first time he had spoken on such terms.

His words came amid growing discussion among Roman Catholics about the use of contraceptive pills.

There have been suggestions that they might be used to regulate the menstrual cycle so the rhythm method could be used with greater precision.

The Church rejects contraceptive devices but permits the rhythm method.

**VERDICT SOON?**

Pope Paul said he hoped the studies would soon be concluded.

"But let us say frankly," he said, "that we have not yet sufficient reasons to consider overruling, and therefore not obligatory, the rules given by Pope Pius XII in this connection."

Plus in a 1958 speech said pills should not be used to prevent pregnancy.

On birth control, the Pope did not specifically mention contraceptive pills.

But his reference seemed clear. It was the first time he had spoken on such terms.

His words came amid growing discussion among Roman Catholics about the use of contraceptive pills.

There have been suggestions that they might be used to regulate the menstrual cycle so the rhythm method could be used with greater precision.

The Church rejects contraceptive devices but permits the rhythm method.

**NOT LOOKING**

Neshoba County sheriff's officers said they were not looking for the three because no one had specifically asked them, to do so.

On birth control, the Pope did not specifically mention contraceptive pills.

But his reference seemed clear. It was the first time he had spoken on such terms.

His words came amid growing discussion among Roman Catholics about the use of contraceptive pills.

There have been suggestions that they might be used to regulate the menstrual cycle so the rhythm method could be used with greater precision.

This Map Shows Oakland County's Four State Senate Districts

## Districts Shift County Seats

(Continued From Page One)

don, Rose, Highland, Milford, Commerce, Lyon and Novi townships, plus three townships from neighboring Genesee County.

**61ST DISTRICT**

61st—Springfield, Independence, White Lake and Waterford, plus City of Sylvan Lake.

**62ND**—All of the City of Pontiac minus voting precincts numbered 24, 25, 27, 28, 29 and 33.

**63RD**—The seven several Pontiac precincts plus Oxford, Addison, Oakland, Pontiac and Avon townships, along with the part of Troy along line north of Big Beaver, west of Livonia, and north of Long Lake Rd.

**64TH**—West Bloomfield and Farmington townships, including cities of Keego Harbor, Farmington and Lathrup Village. The City of Southfield is split along 12 Mile and Lahser.

**AN ADDITION**

65th—Bloomfield and Southfield townships, and cities of Bloomfield Hills and Birmingham. Added to this is the top part of Royal Oak, bounded by Woodward, 13 Mile and Main.

**66TH**—Southern half of Troy and all of Clawson, Madison Heights and the north half of Hazel Park above 9 Mile Rd.

**67TH**—The east half of Southfield, Berkley, Oak Park and Royal Oak Township.

**68TH**—The remaining part of city of Royal Oak and Pleasant Ridge.

**69TH DISTRICT**

69th—Ferndale, Pleasant Ridge and the south half of Hazel Park.

**Allow Bids on Lake Work**

Loon, Silver, Upper Silver, Schoolhouse, Mohawk, Warner, Maceady, Van Norman, Green, Dollar and Cemetery lakes.

Appointments to two committees are slated to be made tonight by the Pontiac City Commission.

Commissioners are expected to fill a vacancy on the five-member Pontiac Housing Commission and two vacancies on the Zoning Board of Appeals.

On the housing commission, the term of Vernon M. Page of 199 Rockwell is due to expire this month. The term runs for five years.

The terms of Barney J. Habel and Arthur M. Shick expire on the zoning board. Appointments to this board are for three years.

In other business at the 8 p.m. meeting, the City Commission will receive a report from the city clerk to change the location of precinct 4 from Emmanuel Junior High School to Washington Junior High School.

In addition, precinct 44 will be renumbered to 38. This precinct is at Mark Twain School.

## Risk-War Decision Believed Reached

WASHINGTON (AP) — Many Congress members indicated belief today that the administration has decided it is willing to risk war with Red China to prevent Communist forces from overrunning Southeast Asia.

Sen. George D. Aiken, R-Vt., said for one he was apprehensive about "a general expansion of the war in Southeast Asia" but he added in an interview: "I think they (administration officials) have made up their minds to expand the war."

Aiken, a member of the Foreign Relations Committee, said he hoped that if that decision is made it would be based on "an understanding with Russia that Russia will keep hands off."

"Maybe they can get away with it in Viet Nam and Laos if the Russians agree to stand back," Aiken said.

"The President has to make the decision as to whether we have general war in Asia."

Although few others on Capitol Hill would comment publicly on the situation, Aiken's appraisal that a decision had been reached appeared to be shared by many others sitting above and below the surface in official circles.

**ONE VIEW**

One of these came yesterday when Gen. Paul D. Harkins, retiring after more than two years as U.S. commander in South Viet Nam, declared it would be "very much" risk taking with Peking to save South Viet Nam.

"If the Communists move down into Southeast Asia, it threatens the whole rest of that part of the world," Harkins told reporters on arriving home.

Rep. Clement J. Zablocki, D-Wis., promptly asked the Pentagon to arrange for the four-star general to testify before the House Foreign Affairs Far-Eastern subcommittee.

"I certainly hope we would not have to risk war with Red China," Zablocki said in an interview.

**IT'S IMPORTANT**

"I agree with the general that Southeast Asia is important to the free world — and every effort should be made to prevent the Communists from broadening their position. But I believe it can be done without inviting all-out war."

Secretary of Defense Robert S. McNamara and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, faced prospects of further questioning on the Southeast Asian situation during scheduled closed-door testimony today before the Senate Foreign Relations Committee.

They were testifying in support of President Johnson's \$5.5-billion foreign aid request.

The Soviet News Agency said the Sputnik made its first revolution of the earth in 89.3 minutes. The Sputnik's greatest distance from the earth was given as 185.6 miles and its lowest point 129.7 miles. Its inclination to the equatorial plane is 65 degrees.

**New Soviet Sputnik Launched Into Space**

MOSCOW (AP) — The Soviet Union launched Cosmos 33 today, Tsar reported. The satellite was said to be carrying scientific equipment for further studies of outer space.

The Soviet News Agency said the Sputnik made its first revolution of the earth in 89.3 minutes. The Sputnik's greatest distance from the earth was given as 185.6 miles and its lowest point 129.7 miles. Its inclination to the equatorial plane is 65 degrees.

## Thorson Jury Deliberating

Debating on Verdict Began Yesterday

DETROIT (UPI) — The jury in the second murder trial of Birmingham stockbroker Robert M. Thorson was scheduled to resume deliberations in Recorder's Court today.

"The jurors, 10 men and two women, deliberated for four hours and 15 minutes last evening before being dismissed for the night by Recorder's Judge Elvin L. Davenport.

At that time, the foreman reported to the judge that the jurors were "far" from reaching a verdict.

The case went to the jury late yesterday after the defense waived a final summation, a maneuver that caught the prosecution off guard and provoked a protest, which Judge Davenport overruled.

Thorson is charged with beating and strangling his mother-in-law, Mrs. Dorothy Thompson, Dec. 3, 1962. His first trial ended in a deadlocked jury.

**MADE CLOSING ARGUMENTS**

At the window of the second trial Monday, Assistant Prosecutor Michael J. Connor made the closing arguments for the state.

"Normally, that would have been followed by final defense arguments by Thorson's attorney Konrad D. Kohl.

After that, chief trial lawyer for the prosecutor's office, Max Silverman, planned to deliver the state's rebuttal.

But Kohl short-circuited the state's plans by waiving his final arguments, which cut off any rebuttal by the state.

**PROTESTED**

Silverman protested and said "I think the people have been shortchanged."

Cummings, who is chairman of the board of First Federal Savings and Loan Association of Oakland, received no salary as one of the authority's five park commissioners.

"We know parks are not a cure-all, but are sources of rest and relaxation to those living in southeastern Michigan," he said. "With an estimated 5 million persons using Huron-Clinton parks last year, we must continually find new sources of recreation for those we serve."

**MEMBER OF COMMISSION**

Cummings also has been a member of the County Planning Commission since its inception in 1945 and is a member of the executive committee of the Clinton Valley Council of the Boy Scouts of America.

He also has served on the Pontiac Area Chamber of Commerce, United Fund campaign and numerous other civic projects.

A life-long resident of Oakland County, Cummings was born in Franklin.

**See Story, Page 18**

tacks with Rusk and Ball today preliminary to a final round with Johnson.

**WORD EXPECTED**

A communiqué is expected at the end of the day.

Aides said Johnson is not pressing, for any particular solution.

Indications are that the United States is prepared to accept the union of Cyprus with Greece, but the sure possibility that a practical solution might involve Cyprus giving up its 4-year-old independence. That would be the price of a union with Greece.

**END INDEPENDENCE**

Johnson also contemplates the possibility that a practical solution might involve Cyprus giving up its 4-year-old independence. That would be the price of a union with Greece.

Indications are that the United States is prepared to accept the union of Cyprus with Greece, but the sure possibility that a practical solution might involve Cyprus giving up its 4-year-old independence. That would be the price of a union with Greece.

## Birmingham Area News Commission Sets Date for Amendment Ruling

filed within 30 days after the commission's adoption of the ordinance to be reconsidered.

The LWV said that all 31 home rule municipalities in Oakland County, with the exception of Birmingham and Bloomfield Hills, have initiative and referendum sections in their charters.

**OTHER BUSINESS**

In other business, the commission, after hearing objections of homeowners, decided not to undertake two paving projects in the south end of the city.

Opposition to the projects came from residents on Bird, Cummings, Davis, Emmons, Humphrey and Smith between Woodward and Grant, and Catalpa, Cedar, Edgewood, Floyd and Southlawn.

Protests were over assessments.

Commissioners at their meeting last night, however, said they felt the early date would not give them the public ample time to study the proposal and that April was more suitable.

The initiative portion of the amendment would give electors power to propose ordinances and, if the commission failed to adopt them, to approve or reject them at a city election.

**EARLY DECISION**

The LWV last night asked for the early decision so it would have time to circulate petitions for initiative and referendum if the commission fails to accept the proposed amendment.

Under the proposed amendment, petitions for either initiative or referendum must be signed by 15 per cent of the registered voters.

Referendum petitions must be signed by 10 per cent.

Surviving are a son, Robert C. Lancaster, Ohio; a daughter, Mrs. Henry G. Gassaway Jr. of Birmingham; a sister, three grandchildren; and one great-grandchild.

**June Moon in Gloom Tomorrow**

If you plan to do anything by the light of the silvery moon tomorrow night, you may as well forget it—at least for a couple of days.

The June moon, the most romantic of all, according to the poets, will be nothing but a dark spot in the eastern sky shortly after 9 p.m. while we have the first total eclipse of 1964.

Observers at the McMath-Hulbert Observatory at Lake Angelus say the eclipse will be seen here at 8:16—while the moon is rising—and finished at 9:58.

It will be visible from every major land mass in the world except Australia, the astronomers say.

The eclipse will be a special treat for amateur photographers, because most of it will occur while there is still enough twilight to include landscape features in photographs of it.

**LAST IN '63**

A lunar eclipse occurs when the earth passes through the path between the moon and the sun. The last one occurred here on Dec. 30, 1963. The next one is due Dec. 19 of this year.

**Widow of Pioneer in Area Auto Industry**

Mrs. D. R. (Blanche F.) Wilson, wife of the late Mr. Wilson, pioneer in the automotive industry and founder of the former Wilson Foundry and Machine Co., located on South Saginaw, died last night. She had been in ill health for several years.

Funeral arrangements are pending at Sparks-Griffith Funeral Home.

Mrs. Wilson, 89, of 111 Oneida, who came to Pontiac with her husband in 1914 has served in church and civic affairs continuously. When unable to leave her apartment during the past few years she made cancer pads at home for the Michigan Cancer Foundation.

Unable to see the finished interior of her church, First Congregational, the doors of that church were dedicated to her in 1959.

Mrs. Wilson has a long record of volunteer service in Pontiac. A charter member of the Visiting Nurse Association in 1921, she was its president for many years.

**OTHER ACTIVITIES**

She gave her time to the Business and Professional Women's Club, the Woman's National Fund, the Garden Association, and Pontiac Urban League.

Active in auxiliaries of Pontiac General and St. Joseph Mercy hospitals, she has served as a patroness of Pontiac Symphony Orchestra Association.

In September 1959, she was chosen Volunteer of the Month by the Central Volunteer Bureau.

In 1953 Mrs. Wilson received an award of merit as the outstanding fund solicitor for the Pontiac Area United Fund campaign.

Mrs. Wilson has one son, Charles E., who lives in Florida; several grandchildren.

**Urging Cyprus Accord**

State Dean Rusk and Undersecretary George W. Ball met and lunched with Johnson yesterday and was scheduled to get down to brass tacks with Rusk and Ball today preliminary to a final round with Johnson.

**WORD EXPECTED**

A communiqué is expected at the end of the day.

Aides said Johnson is not pressing, for any particular solution.

Indications are that the United States is prepared to accept the union of Cyprus with Greece, but the sure possibility that a practical solution might involve Cyprus giving up its 4-year-old independence. That would be the price of a union with Greece.
