Tigers Open With New Look

Bridges, Yost, Doby Debut Against Sox

Bunning, Pierce Start; Ferrell Given Official Status as GM

Al Kaline made his 1959 debut in great style by belting a Pierce fast ball 365 feet into the left field seats for a home run giving the Tigers a 1-0 lead entering the 2nd inning.

DETROIT — The "new look" was presented on the playing field as well as in the front office of Briggs Stadium today where the Detroit Tigers opened the 1959 baseball season against the Chicago White Sox.

The Tigers had three new players in the starting lineup, including Eddie Yost at third base, Rocky Bridges at shortstop and Larry Doby in left field.

Jim Bunning, lanky righthander who won 14 and lost 12 last season, including a no-hit performance, got the starting assignment on the mound. He faces Billy Pierce, Chicago pitching ace with a 17-11 record last season.

Pierce, a former Tiger, lives in Birmingham.

In front office news, it was announced just before game time that Rick Ferrell was given the official status of general manager and vice president of the club.

Ferrell has been the acting manager since the resignation of John McHale, Jan. 26. McHale joined the Milwaukee Braves as general manager.

Ferrell, veteran American League catcher, joined Detroit as a coach in 1950 and since then has moved up the ladder as scout and director of minor league personnel before becoming general manager.

The Tigers are counting on Doby to supply the big bat they feel they need for success in the American League pennant race. He was hitting the ball well in the final few games of the Grapefruit circuit and he is now considered a regular for the left field job, ahead of Tiger veteran Charley Maxwell.

A crowd of 37,000 was expected but the weather forecast called for topcoats with the possibility of rain before the end of the afternoon.

STARTING PITCHERS — Jim Bunning (left), the Tigers' Kentucky right-hander, was Manager Bill Norman's choice as opening day pitcher today against the Chicago White Sox. Chicago Manager Al Lopez started Bill Pierce (right), the left-hand ace of the White Sox. A former Highland Park schoolboy pitching star, Pierce now lives in Birmingham.

Quit for Weekend— Jobless Bill Frozen

LANSING (AP)—The Legislature quit for the weekend today with the controversial jobless pay bill still frozen in House-Senate disagreement.

After four fruitless meetings, a conference committee set up Wednesday to resolve interchamber differences threw in the towel, and a second committee was named to work out something by Monday night.

News Flashes

PITTSBURGH (AP)—Top producers of the basic steel industry today proposed to the United Steelworkers that the current contract covering wages and other benefits be continued for another year. USW President David J. McDonald flatly and promptly rejected the proposal.

MINNEAPOLIS (AP) — Johnny Kundla, pro basketball's most successful coach as the guiding arm of the Minneapolis Lakers for 12 years, today was named University of Minnesota Basketball coach.

100 Protest School Board Policies

Band Boosters on March

By MAX E. SIMON

Stirring John Philip Sousa marches weren't necessary to spur Pontiac Central High School Band supporters into battle with the Board of Education last night.

More than 100 persons accused board members of dealing the nationally acclaimed band a "low blow" and of reducing the high school's instrumental music department to "a level of mediocrity."

Most of the people in the audience identified themselves as members of the Band Parents and Alumni Committee, a group set up to protest recent board policies concerning the band.

Several in the crowd peppered the board with blistering criticism for reducing band practice time and refusing to allow junior high school musicians to play in the high school organization.

TIME CUT IN HALF

Until the current school year, high school bandsmen were allotted two of six school periods daily for band activities. In September of 1958, the time was cut to one period.

At the same time, the board stopped junior high students from participating in the band.

Joining the protest against board policies last night were two members of the instrumental music department: Dale C. Harris, departmental head and a faculty member since 1927, and instructor Eldon C. Rosegart.

Before the board turned its attention to audience protests, Superintendent of Schools Dana P. Whitmer pleaded for harmony and understanding of the problem.

"I'm afraid that we'll have to start on a controversial note," replied Roy B. MacAfee, spokesman for the crowd.

MacAfee complained that the Board has not set aside more than an hour to hear protests from the group.

"We may demand more hearings until the entire case is presented," MacAfee declared.

★ ★ ★

The spokesman's daughter, 16-year-old Nancy Lee, is a member of the band.

★ ★ ★

He objected to deemphasizing of the high school band program. "That program has for three decades won for us first-place state music awards and brought national recognition," he declared.

"We are all very much concerned that changes imposed upon the instrumental music program this year, plus other changes that may follow, will result in the end of this outstanding period of achievement."

★ ★ ★

MacAfee said the school instructors were "gravely concerned" and students discouraged so conchanges.

"Is the administration so concerned with other goals that it would be willing to settle for mediocrity?" he asked.

Jack Horton, another parent of a band member, read a prepared statement in behalf of the audience.

He demanded the Board and school administration insure a high level of musical excellence be supported.

Board members were urged to show more active interest in band and orchestra rehearsal procedures.

★ ★ ★

"It appears that conclusions have been drawn from a few malcontents, either students or parents," he charged.

He also criticized the Board for not showing more support of the band by attending contests, parades, drills and concerts.

A second period of band practice was called necessary because of the time lost marching to the drill field from the high school building.

The cry of "low blow" came from another parent, R. A. Boatright, 481 S. Beverly St. He said the Board policies would be reflected in the quality of band performance.

"Inevitable deterioration" of the band will come from the course the Board is following, said Mrs. Linus Belanger, 1260 Desiax Ave. "Remember, the responsibility is yours," she warned the Board.

Harris, who conducts the band in addition to heading the instrumental music department, rose to accuse the Board of a breach of faith.

Band members, he said, had once been given physical education credits for playing in the band.

"It was decided that everyone would have to take physical education, but that study hall hour would be used for a second period of band practice," Harris said.

"This has now been discontinued, and I wasn't consulted," Harris charged.

The band conductor also accused high school counselors of sabotaging the band.

"All they try to do," said Harris, "is find bad things about the group.

'When a student complains, they treasure what he says."

School Board OKs $9.2 Million Operating Budget

An operating budget of $9,298,291 for the 1959-60 fiscal year was approved last night by the Pontiac Board of Education for presentation to the County Tax Allocation Board.

The board agreed that it sent the Allocation Board a budget reflecting its entire need for the year, rather than an austerity operating budget.

At the same time, the board voted to borrow $440,000 through long-term loans to finance school construction for the coming year.

The board in February was presented an austerity budget of $7,837,723, but decided last night to add $661,448 which represents important projects the board feels should be undertaken, but for which few or no funds are in sight.

Also added to the budget was $440,000 for new construction, a 2 per cent cost of living factor amounting to $159,120 and a contingency fund of $200,000.

Dr. Dana P. Whitmer, superintendent, told the board it is his hope the Tax Allocation Board will allot at least the 9.38 mills of the total 15 mills for county, township and school taxes given last year.

If less is allotted, Whitmer said, the board will be forced to revert to the austerity budget for operations.

Circulate Sketch of Royal Oak Dealer's Killer

Search's Key Weapon Made on Descriptions of 2 Men at Airport

A composite sketch was the main weapon Michigan State Police had today in their search for the mysterious "dirty" man who killed Parvin (Bill) Lassiter.

The sketch, on page 2 in today's Press, was being given wide circulation throughout a four-state area in hopes of a lead to the killer's identity.

Lassiter, a 38-year-old Royal Oak car dealer, was shot to death Monday night, apparently by the mysterious man who met him at Willow Run Airport and lured him to his death on the pretext he would drive him home.

The victim was beaten and robbed, but probably only about $500, far les than the $5,000 he was originally believed to have on his person.

State Police Lt. Howard Whaley urged anyone with any possible information about the mystery man to get in touch immediately with law authorities.

CHECK EVERY TIP

"Every tip will be carefully checked out. The police need the cooperation of all citizens," said Whaley.

Readers of The Pontiac Press and other Michigan newspapers were urged to study the sketch carefully. Persons who were at the airport Monday night, especially between the hours of 10 p.m. and 11 p.m., were asked to take an extra careful look.

"Anyone who may have spotted the mystery man or has seen him in Lassiter's company could furnish us with valuable information," said Whaley.

★ ★ ★

The sketch was prepared yesterday by Patrolman Frank Parry of the Detroit Police, from descriptions given by two airport employes, the only persons so far who have recalled seeing the suspected slayer.

There were other details furnished about the man's appearance. He is described as between 35 and 45 years of age, about 5 feet 8 and weighing about 160 pounds.

At the airport, the mystery man was unkempt, wearing work clothes, with a dirty appearance, especially his fingernails.

SCARS VITAL CLUE

A vital clue appeared to be the fresh scars that were spotted on the rear of his neck. These wounds appeared to have been recently stitched up, and the hair surrounding them had been shaved off.

State Police were cofisidering alerting all barbers in Michigan, Ohio, Indiana and Illinois to be especially on the lookout, since the wounds would be clear-

Former Trial Board Is Dissolved by City

To clear the way for a new police Trial Board, city commissioners last night officially canceled appointments of the old Trial Board members.

City Attorney William A. Ewart said the old Trial Board members probably did not legally hold office anymore, since the Trial Board was inactive during the two years it was replaced by Civil Service.

He recommended that the Commission declare the offices vacant to avoid possible legal difficulties later.

The Commission action did not rule out the possibility that some of the old Trial Board members could be reappointed to the new board.

The old Trial Board members were R. V. Todd, Warren Fowler Sr., Jack Habel, James J. McCarthy, Cecil Mullinix, William C. Treanor and James Flanary.

★ ★ ★

Todd's term expired in May, 1957 and Fowler's in May, 1958. Habel's term would have expired next week, while McCarthy's was due to run out in May, 1960. The terms of Mullinix, Treanor's and Flanary's ran until 1961.

Flanary, the old board's last chairman, and Treanor, its secretary, were appointed in late 1957 when the board was increased from five to seven members. Mullinix was the vice president.

Mayor Philip E. Rowston said new appointments will probably be made April 28, a week before the term of office begins under City Charter regulations.

★ ★ ★

Before then, he said, the Commission will meet informally to discuss a proposal that Police Department nominees be considered for appointment.

"Some of the Commission members don't seem to be too happy about this idea," said Rowston.

The proposal was made by a special mayor's committee which two weeks ago came up with recommendations to strengthen the new Trial Board.

PICKS 2 NOMINEES

On the strength of the committee's report, the mayor had Robert A. Stierer, assistant city manager, tell the Police Department to elect two nominees, if it wanted to.

The police today nominated Philip R. Sauer, former Pontiac mayor, and Theodore Carlson, their representative on the Civil Service Commission, as their candidates for the Trial Board.

★ ★ ★

The City Commission, however, has never agreed to accept the nominations. A decision may be reached at the informal session, scheduled for April 22, Rowston said.

Harvey M. Johns, chairman of the special committee, will be invited to attend, he said.

It was Johns' committee that recommended that only two, or at most three, of the old Trial Board members be on the new board, to avoid renewal of old frictions between the board and rank-and-file policemen, he said.

Bomb Explodes Killing Children

Blast Toll May Be 50 in Luzon Fishing Village Salvage Disaster

MANILA (AP) — A 500-pound salvaged bomb exploded in a central Luzon fishing village today.

The Philippine News Service said at least 34 persons had been killed and many others injured.

The report said most of the dead were children between 3 and 12 years old.

★ ★ ★

The news service said fishermen had taken the bomb from a sunken ship in Lingayen Bay and were taking it apart to use the explosive in fishing. Many of those killed were standing around, watching the operation.

★ ★ ★

The explosion occurred near Dagupan, in Pangasinin Province. The report said that of 34 verified dead, only 12 were recognizable.

Many of those injured were hit by fragments in their homes.

Police expressed fear the death toll may reach 50. Many families reported some missing relatives.

Disguised Bill Would Bring In $108,000,000

GOP Measure Tied to Use-Levy Quite Sure to Get Dem Opposition

From Our News Wires

LANSING — The four-cent sales tax issue that helped tie the legislature in a knot in February and March was alive and kicking again today in disguised form.

Regardless of the new suit of clothes, its prospects were not bright, faced with the determined opposition of Gov. Williams.

Republicans took the initiative on taxes yesterday with introduction of this bill which would amount to a one-cent hike in the sales tax.

The GOP plan, pegged technically to a boost in the use tax, was introduced in both Houses on the same day Gov. G. Mennen Williams gave legislative bill-drafters his graduated personal income tax plan. An aide said it would be introduced "in a few days."

"We got sick and tired of waiting for the governor's plan so we took a forward step ourselves," said Assistant Senate Majority Leader Lynn O. Francis (R-Midland).

The GOP tax bill, authored by Rep. Gail Handy (R-Eau Claire), was introduced in the Senate by Francis and three other Republicans. Ten others joined Handy in an identical House bill.

To the consumer, the measure would mean payment of four instead of tree cents on a dollar purchase.

To the retailer, it would mean payment of a four per cent tax on goods sold for "use, storage or other consumption." But retailers would get a credit of three per cent on sales tax payments.

★ ★ ★

The patchwork bill was designed to raise about 108 million dollars by increasing the use tax from three to four per cent and broadening its base to include transactions upon which the sales tax is paid. A number of present exemptions would be eliminated.

The use tax now brings in about

2,619-Year Tradition Falls at Gay Japanese Wedding

From Our News Wires

TOKYO — Crown Prince Akihito married his commoner sweetheart Michiko Shoda today in a 15-minute ceremony of Oriental splendor that shattered 2,619 years of tradition and brought joy to all Japan.

The 26-year-old Prince defied palace traditionalists by marrying for love and bringing to the threshold of the throne of Japan the daughter of a milling executive he wooed and won on a tennis court.

Millions of jubilant Japanese rejoiced with parades and picnics over the precedent-breaking marriage of Akihito to the beautiful commoner who will one day share the ancient chrysanthemum throne.

Celebrating throngs walked the streets of flag-bedecked Tokyo long after a gold-encrusted carriage had taken the radiant bride and her prince to their suburban residence.

Thousands jammed motion picture theaters, bars and restaurants. Some spread box lunches along banks of the Imperial Palace moat. Others headed for concerts and night-time lantern parades.

Only an unemployed youth, Kensetsu Nakayama, 19, marred the day-long celebration. He electrified the throng along the newlyweds' processional route—and millions more watching on television—by hurling a stone at Akihito.

When it missed, he leaped onto the moving horsedrawn carriage in a desperate lunge at the prince.

Police seized him immediately.

WEDDING GARB — These are the robes that Crown Prince Akihito of Japan and his 24-year-old fiancee, Michiko Shoda wore at their wedding ceremony. The Prince wears a yellow ceremonial kimono and black Shinto helmet. Michiko wears a 12-layer ceremonial silk kimono of red and purple, weighing 50 pounds.

2,619-Year Tradition Falls at Gay Japanese Wedding

(Continued From Page One)

He told them: "I am opposed to the emperor system and have been since childhood. But I had no intention of killing."

SIP OF SAKE

Akihito and Michiko became man and wife when their Shinto wedding ceremony ended with a sip of sake from a silver bowl in the inner shrine of the imperial palace, the "other world" for most Japanese.

Akihito wore the ceremonial saffron-orange robe known as onino-o. His bride wore an antique robe made of 12 layers which burdened her with 44 pounds of red, yellow, lavender, blue, green and white silk and brocade.

The wedding gown was used by the Empress Nagako when she was married 35 years ago to Emperor Hirohito.

★ ★ ★

But Michiko added something new to the complicated robes known as juihitoe — the nagabakama or pantaloons, made especially for the wedding and dyed a deep reddish purple, the color for unmarried women.

Atop her hair, woven with a wig into a ceremonial hair-do that took hours to perfect was a tiara of 1,000 diamonds set in platinum, a tiara used by the Empress Teimei, Akihito's grandmother, for her wedding in 1900, but remodeled for today.

The luck of Akihito held good today on the day of his wedding. Rain which fell in torrents early this morning stopped at dawn and the first bright sunshine in four days beat down on joyful crowds which swarmed the imperial palace plaza and the route of the newlyweds' carriage procession.

TRADITIONAL LINK

The unexpected sunshine delighted once again those purist Japanese who saw the traditional link between the sun goddess and the emperors of whom Japanese mythology says she is the original mother.

There were other good omens. Five minutes before Akihito and Michiko stepped into their carriage, four white herons—symbols of good luck — flew over the palace grounds.

And the rain on the eve of the wedding was even greater luck — it poured so heavily it packed the earth in a sign the couple would remain together for the rest of their lives.

Throngs of Japanese clerks, shop girls and country folk had streamed to the imperial palace for a glimpse of Akihito and the girl he raised from their ranks to be a princess. They jammed into the processional route and they were rewarded by a magnificent display.

Today's wedding was a far cry from the old days of imperial Japan. Hirohito, until the end of World War II, was considered a god-emperor so holy none could look upon his face as he rode through the streets on his white charger. Today people looked and smiled.

The actual marriage rites were performed before 971 persons including four foreigners who for the first time were allowed into the inner shrine.

2 AMERICAN NEWSMEN

There were two American newsmen, one French and 14 Japanese — the first time the press had been admitted.

Hirohito and his empress stayed home and watched on television.

But 46 members of the royal family sat on the left hand side of the enclosure. The Shoda family, 26 strong, also sat on the left.

Mrs. Shoda, her strong face bowed through most of the ceremony, sat between her husband, Hidesaburo Shoda, a rich flour miller, and the princess' younger brother.

GOP Revives 4-Cent Sales Tax Measure

(Continued From Page One)

24 million dollars annually, "primarily through levies on property purchased outside of the state which is brought into the state at a value of $10 or more. Enforcement has been slack.

Both Francis and Handy said the use tax plan "is in effect an increase in the sales tax."

Republicans were thwarted in their bid for an outright one-cent boost in the constitutionally-enacted sales tax when Democrats refused to let the proposal go on the April 6 ballot.

★ ★ ★

Democrats were prepared to block the latest attempt.

"It is subject to the same criticism as an honestly labeled sales tax," said Alfred B. Fitt, Williams' legal aide and tax consultant.

Another administrative source close to the governor said Williams would veto the GOP plan if it passes the Legislature.

Unlike the earlier sales tax bid, the use tax plan would take only a majority of the legislative votes instead of two-thirds.

But it would take two thirds to give the bill immediate effect or to override a veto.

House Speaker Don R. Pears (R-Buchanan) and Senate Majority Leader Frank D. Beadle (R-St. Clair) said it was possible the plan will get nearly-solid GOP backing, although they said it was too early to tell.

Deputy Revenue Commissioner Clarence F. Lock said the GOP plan could be administered without a lot of extra red tape.

Legislative observers predicted the use tax plan might have trouble clearing the House Tax Committee, which appears to favor a personal income tax that is included in a tax package recommended by a citizens committee in a plan for overhauling the entire tax structure.

Other tax plans are yet to come.

And there are some who insist economy — not taxes — will solve Michigan's fiscal woes.

Scouts Re-Elect John Ostrander

Will Continue as Head of the Pontiac District Committee

John E. Ostrander was re-elected as Pontiac District Committee chairman at the annual meeting of the Pontiac District Boy Scouts of America Wednesday night.

The meeting was held at Madison Junior High School.

Ostrander, of 1609 Parkway St., has been district chairman of the Pontiac District since October, 1955. He has been in scouting since 1916 and has served in several executive capacities in the Clinton Valley Council, of which the Pontiac District is a part.

He is holder of the Scouter's Key Award and the Silver Beaver Award, highest honor a local council can bestow on a volunteer worker.

★ ★ ★

More than 225 scouters attended the dinner meeting at which time Kenneth Goff, 37 Henry Clay St., was elected as vice district chairman and Glenn Lackey, 113 Kemp St. was re-elected as district commissioner.

A highlight of the evening was the presentation of Elder Scouter awards by National Council member Clare Cummings.

Awards were made to Charles Pettit of 386 E. Tennyson St. and David Edwards Sr. of 82 S. Jessie St. for their long and devoted service to scouting in this area.

Use Sketch in Search for Killer

Lassiter, a partner in the Detroit Car Co., 2614 N. Woodward Ave., lived in a $35,000 home at 19690 Beverly Rd., Beverly Hills.

The well-to-do dealer controlled a far-flung business empire that specialized in the importation of foreign cars and the sale of used cars in the southern and southwestern states.

It was Lassiter who last fall purchased Herman Kierdorf's black Teamster Cadillac before Herman dropped out of sight for 13 days, but police have discounted any other connection with the Kierdorf case.

The victim's body will be buried Sunday in his home town, Murray, Ky., after services there. The body will be at Bell Chapel of the William R. Hamilton Co., 820 E. Maple Rd., Birmingham from 8 to 10 tonight.

★ ★ ★

Police learned yesterday that Lassiter probably wasn't carrying much more money than $500, although it was originally believed he might have had up to $5,000 when he arrived at the airport.

Before flying back to Detroit Monday night, Lassiter was in Albuquerque, N.M., where he sold a 1959 Thunderbird. But he only got a $300 part payment for it and this was in check form, Whaley said.

It was first believed that Lassiter might have gotten up to $4,000 cash for the car.

Although Lassiter was also attempting to collect a $600 bill out West, he missed connections and didn't get the money, Whaley said.

The car dealer had about $600 on him Sunday, and it is now believed that this, or a little less, is all he had when he returned to Michigan.

★ ★ ★

Police so far have held only one suspect in the case, and he was released yesterday after being held more than three hours at the Pontiac State Police Post.

Corporal Peter Walsamen said the suspect said he was in Florida the night of the shooting and detectives found that this alibi checked out.

The suspect, an unemployed plumber, was picked up at 1:55 p.m. in a Garden City Cab on Telegraph and West Maple roads.

The cab driver had radioed his dispatcher earlier that he was suspicious of his customer, and the dispatcher relayed the information to police.

★ ★ ★

The cab driver said he became suspicious after picking the customer up in front of a Garden City bar. The man first wanted to go to Detroit Greyhound Bus Station, the cabbie said, then changed his mind and asked to be taken to Saginaw for $25.

It was while the customer had the cab stop briefly, while he purchased a clean shirt in a Garden City department store, that the cabbie radioed for help.

The suspect only remotely resembled the description of the killer.

There were few other new developments in the widespread investigation yesterday.

Lassiter's widow, Nellie, 37, recovered sufficiently from shock over her husband's death to be able to talk to authorities for the first time.

But she had next to nothing to add to the report she made to police Tuesday morning, after her husband failed to come home from the airport, Whaley said.

Mrs. Lassiter said her husband called her from the airport shortly after his 10:15 p.m. arrival, angry because no one was there to meet him.

Following his directions, she said she called his business partner and gave him a message to call Lassiter at an airport telephone booth.

Police had previously learned that when the partner, Gordon Watson, 15384 Marlowe St., Detroit, reached Lassiter by phone, Lassiter said he had already made arrangements for a ride with the mystery man.

That was the last time his wife and partner spoke with the dead man, they said.

★ ★ ★

Police also interviewed the private pilot who flew Lassiter, his wife, and Watson West when they began their combined business-pleasure trip Easter Sunday.

The pilot, William G. Folgmann, lives near Watson at 15384 Marlowe, and is a friend of the three, said Whaley.

He confirmed that Lassiter wanted to go to Albuquerque on business when the other three, including Folgmann, decided to return to Michigan Sunday from Phoenix, Ariz., where they were staying.

Lassiter flew on to Albuquerque, while the others began the flight back from Phoenix, only to be prevented by bad weather from flying on from Oklahoma City where they stopped for gas Sunday, Folgmann said.

★ ★ ★

They resumed their eastward flight Monday, Folgmann said, arriving at Detroit City Airport Monday night, a few hours before Lassiter arrived by commercial flight.

Both Folgmann and Watson said they knew of nothing that happened out west that might be tied in with Lassiter's death, Whaley said.

The first description of the mystery man was furnished by Eugene Reichemberger, a Trans-World Airlines ticket agent, who said he paged Lassiter at the request of the stranger, saw the two men meet as if for the first time, and watched them leave the TWA desk, apparently to leave the terminal.

The second employe who spotted the suspected killer had nothing new to add about the meeting with Lassiter, but was able to help in drawing up the police sketch, Whaley said.

★ ★ ★

Whaley said police would discontinue the search for the bullet that killed Lassiter, who was shot through the head apparently soon after he left the airport Monday night.

Lassiter's body was found Tuesday morning on a private estate seven miles east of the airport, lying in a drainage ditch about 600 yards south of the Willow Run Expressway.

Police believe Lassiter was first knocked unconscious, then dragged 35 feet from a driveway into the ditch and shot there, but the bullet was not found, despite the fact that a mine-detector was called into service to help find it.

★ ★ ★

An employe of the Detroit Car Co., R. C. Hicks, 36, yesterday passed a lie detector test as authorities sought to narrow down who might have known the time that Lassiter was arriving at the airport.

Hicks was asked to take the test, Whaley said, merely out of routine, not out of any suspicion that he was involved in the death.

Hicks said Lassiter called him Monday afternoon and said he would be back that night.

On the test, Hicks denied that he knew who the mystery man was, or had any knowledge of the death, and the test showed that his denials were correct, Whaley said.

★ ★ ★

Although Hicks was the first person, apparently, who knew Lassiter was returning, the information was quickly passed on at the car lot so that many persons were informed of it within a short time, Whaley said.

This makes the police problem greater than if only a few persons knew of the arrival, he said.

Police are still going on the theory that the mystery man picked Lassiter as his victim at random, with simple robbery as his motive. "At least, there is no evidence so far to indicate otherwise," Whaley said.

According to this theory, the murder may not have been planned in advance, but might have occurred because the killer was afraid Lassiter, if left alive, would be able to identify him later.

Highland Man Found Dead in Apartment

A Highland Township man, Richard T. Hill, 47, was pronounced dead yesterday by Oakland County Deputy Coroner Dr. W. C. Gibson of Milford after sheriff's deputies found him in his apartment at 3165 E. Highland Rd.

Deputies said Hill took his own life by hanging himself with a leather belt in the bathroom.

His body was taken to Pursley Funeral Home.

100 Band Boosters Protest School Policy

(Continued From Page One)

Whitmer and Harris, the band conductor insisted he had not been fully consulted by the school administration before policies affecting his domain were put into effect.

The charge was denied by Whitmer.

"There is no substitute for quality," said Rosegart, a high school music instructor.

He took a dim view of expanding the music program at the expense of abandoning its quality.

"We'll lose our serious, industrious students," he warned.

"Rock 'n' roll should not be allowed in our music courses any more than stills in chemistry courses or comic books in English courses," Rosegart said.

Several former band members also spoke to protect against cutting the band program and to praise Harris.

Letters praising the band from Al G. Wright, director of Purdue University Bands, and W. D. Revelli, University of Michigan band director, were read to the board.

Against the crescendo of criticism, Whitmer agreed to meet with a small group of spokesmen to explore ways of settling the dispute.

"There are two sides to every question," Whitmer said. "We've heard yours and we feel you should hear ours."

Pontiac Motor Salutes 38 as Top Salesmen

Pontiac Motor Division paid tribute in New York City to 38 outstanding car salesmen in the company's national dealer organization.

Members of Pontiac's Master Salesmen's Guild attending the National Presidents Council meeting were presented special awards during the two-day affair that was highlighted by a reception and banquet and by tours of Pontiac assembly operations at Linden, N. J.

Named national president of the organization was Ben Drell of Al Abrams Motors in Chicago, Ill.; honorary vice president is Mrs. Margo Benjamin, Sheldon Pontiac, New Brunswick, N.J.; and honorary secretary is Harry A. Passerini, Atlantic Pontiac, Brooklyn, N.Y.

Representing each of Pontiac's sales zones in the country, 27 of the leading salesmen are presidents, while 11 honorary past presidents were recognized as the most outstanding salesmen in their respective zones for the second consecutive year.

Greeting the salesmen at the awards banquet and making the presentations was Frank V. Bridge, Pontiac general sales manager.

Sallade Predicts Presidency for Rockefeller, Income Tax

The country will get Nelson Rockefeller for president in 1960 and Michigan will get a graduated personal income tax soon, George W. Sallade, Ann Arbor Republican state representative, predicted in a talk in Birmingham last night.

Sallade, 36-year-old self-named leader of a Rockefeller for president movement, said in his talk to some 75 Young Republicans of Oakland County that the New York governor will receive the 1960 nomination and will be elected.

Switching to the hottest subject in Michigan, the three times elected Sallade said Michiganites will soon be paying an income tax similar to what Gov. Williams has asked for.

Sallade, who has been criticized lately for his leanings toward the Democrats, said this would be a 2 per cent tax for persons earning up to $15,000 a year, 3 per cent from $15,000 to $25,000, and 4 per cent from $25,000 up.

On another topic, the "young Turk" representative defended his recent stand opposing GOP attempts to reverse the controversial Ford Motor Co.-UAW State Supreme Court ruling, saying "it should be left alone" because it's before the U.S. Supreme Court and Gov. Williams has appointed a special committee to study the results of the ruling.

★ ★ ★

"After these steps have been taken, and only then should this case be touched, and then it should be handled as an individual case and not lumped in the present unemployment measure," Sallade said.

The state legislator switched back to his favorite subject — Rockefeller for president. He said he has received an "exceptionally good response" from seven states other than Michigan where he has sought support for Rockefeller.

★ ★ ★

He named the states as Indiana, Ohio, Massachusetts, Connecticut, Iowa, Florida, and Wisconsin.

Sallade said that his Michigan group supporting Rockefeller "is well on its way toward influencing the election" of a slate of delegates who will support Rockefeller at the GOP national convention.

The Day in Birmingham

Newly Formed Teen Club Opening Dance Is Tonight

BIRMINGHAM — Formal opening of the newly organized Birmingham Teen Club will be held from 8 p.m. to midnight tonight at the YMCA building on Lincoln avenue.

★ ★ ★

Bob Maxwell, Detroit disc jockey and Birmingham resident, will be on hand with records for dancing.

Student President Sue MacLean said today that more than 100 Birmingham High School teenagers already have joined the club. Membership is open to teenagers residing in the Birmingham School District.

The organization got under way last fall when members of the Junior Women's Club offered advisory and financial assistance.

★ ★ ★

Since then churches and service clubs have been recruited as adult backers for the Teen Club.

The young members have set up their own charter and rules of conduct, and will operate with a minimum of adult supervision. The "Y" building will be used for Friday night parties at least until the end of the school term.

Friends of the Baldwin Public Library will hold their annual meeting in the library auditorium at 8:15 p.m. Monday.

The purpose and amount of their annual cash gift to the library will be announced and officers elected for the coming year. John A. Gilray Jr., as chairman of the Citizens Library Study Council, will report on the group's progress.

Guest speaker for the evening will be Magnus von Braun, manager of program control for the missiles division of Chrysler Corp. His subject will be "Missiles and Men."

Birmingham educators took no special action at their special meeting last night on the school board's share of paving Purdy street.

★ ★ ★

Mrs. Kathryne B. Loomis, school board president, said the board will take no stand until the complete budget is prepared. She added that City Manager L. R. Gare told the board the original estimate of $4,500 will be somewhat lower.

Mrs. Georgia S. Connor

Family service for Mrs. Georgia Connor, 94, of 312 Southfield Ave., is being held today from the Bell Chapel of the William R. Hamilton Co. Burial will be in Evergreen Cemetery, Detroit.

Mrs. Connor died Wednesday at her home following a brief illness.

She is survived by one daughter, Mrs. William T. Utley of Fort Lauderdale, Fla.; two sons, Kirk of Santa Barbara, Calif., and Don of Orchard Lake.

Parvin Lasiter

Service for Parvin Lassiter, 37, of 19690 Beverley Rd., Beverley Hills, will be at 8 p.m. tonight from the Bell Chapel of the William R. Hamilton Co.

The body will be sent to Murray, Ky. for burial.

Mr. Lassiter was found shot to death in a ditch near Willow Run Airport, Taylor Township, Wednesday morning.

He was a member of the Masonic Blue Lodge and the Mystic Order of the Shrine.

Surviving besides his wife, Nan, is a daughter, Zoni, at home.

Police Sgt. Baerwolf in Critical Condition

Sgt. Walter A. Baerwolf of the Pontiac Police Department was described in critical condition at Pontiac General Hospital today after suffering a heart attack early this morning.

★ ★ ★

Baerwolf is head of the weights and measures division of the department and had recently been called as one of the witnesses in the Civil Service Commission hearing into charges to suspend Police Chief Herbert W. Straley.

★ ★ ★

An inhalator crew went to Baerwolf's home at 26 Ogemaw St. shortly after 6 a.m. and administered aid until an ambulance arrived.

Baerwolf joined the department in June, 1925.

'Dead' Sisters Meet After 44 Years

HOUSTON, Tex. (AP) — Two sisters, each thinking the other dead for 44 years, found both were wrong.

Ida O'Daniel of Corning, Ark., believed her sister, Martha Liles, was killed in a 1915 tornado. Letters written to Mrs. Liles at Honey Island were returned after the tornado.

★ ★ ★

Mrs. Liles thought her sister was dead because her letters were returned after a flood at Corning the same year.

C. A. O'Daniel, son of Mrs. O'Daniel, located his aunt by writing the postmistress at Kountze, near Honey Island, on a hunch.

★ ★ ★

The sisters were reunited this week at the home of Mrs. Liles' daughter, Mrs. J. L. Johnson.

"They grabbed each other, but they couldn't say anything," Mrs. Johnson said.

4-Foot Snake Neckpiece Makes Shirt 'Real Sporty'

TUCSON, Ariz. (AP)—John Boykin's neck wear attracted some attention in a department store Thursday.

Boykin, of Tucson, strolled into the store wearing a bright checked shirt with a four-foot bull snake wrapped around his neck.

Boykin said he caught the snake on a picnic and thought it looked "real sporty" with his shirt.

About 2.5 million American boys are Boy Scouts.

In 1957 a record of 643 billion car-miles was chalked up by American motorists. Live better by far with a brand new car.

MONUMENTAL MOVE — Joe Grant of 2977 Dixie Highway takes a last look at the old monument which was to be moved back 100 feet from the road today to make way for a new left-turn cutoff to Scott Lake road. The stone will remain on another part of the site of Oakland County's first school, established in 1841. Pontiac Press Photo

Will Eliminate Waterford Traffic Hazard

Construction Begins on Dixie Cutoff

Elimination of a major traffic hazard on Dixie Highway in Waterford Township got under way today.

Construction of a cutoff on Dixie Highway where Scott Lake road ends will prohibit left turns of any type, and a four-way signal light will be installed after the project has been completed, according to State Highway Dept. Engineer Fred Peterman who is in charge of the project.

For more than three years the Highway Department has been working on plans, acquiring property and making various road tests for the cutoff construction.

With all necessary preliminary operations in the background, Waterford Township general contractor Charles Anderson started the $21,000 project early this morning.

Beginning 320 feet south of Scott Lake road, there will be a single 25-foot strip of blacktop to Omira street. On the north side of Omira, the cutoff will continue, widening to 24 feet for a two-lane road which will circle to Dixie Highway where Scott Lake road intersects.

★ ★ ★

Motorists who wish to turn left towards Flint from Scott Lake road will continue across Dixie, keeping to the right, drive around onto Omira street, then back onto Dixie.

Dixie motorists wishing to make a left turn onto Scott Lake road, must observe signs indicating a right turn onto the single lane on the east side of the highway. They will continue across Omira street onto the two-lane cutoff until they are again at Dixie Highway heading west onto Scott Lake road.

★ ★ ★

The relocation of an old monument on the cutoff property has added a historical note of interest to the project.

A bronze plague imbedded in a huge granite stone indicates the spot where Major Oliver Williams established the first farm on the Saginaw Trail (Dixie Highway) in 1818. It also marks the place where Oakland County's first school was established in 1841.

The monument also states: "Chief Sashabaw, a valued friend of the pioneers, was buried due north on the shore of Silver Lake in 1823."

★ ★ ★

Some 35 years ago, when the Waterford Farm Bureau installed the monument, Dixie Highway was a narrow thoroughfare and the memorial stood well back in landscaped surroundings.

★ ★ ★

With the progress of time, Dixie Highway was widened and a sidewalk constructed right up to the very edge of the monument, leaving no room for possible landscaping.

Now, with the relocation of the stone, the area can be developed to match the dignity of the historical monument, Peterman said.

Minnesota Mine to Start Ore Loading Season

DULUTH, Minn. (AP)—The Oliver Iron Mining Division of U.S. Steel will start ore-loading operations here this weekend for the 1959 shipping season.

President R. T. Elstad said the firm will operate 10 open pit mines on Minnesota's Mesabi Range and 2 underground ones on the adjacent Vermillion Range. Production also will include experimental Taconite plants at Mountain Iron and Virginia.

Elstad said output and shipping are expected to be substantially above 1958 due to the increased demand for steel. He added that demand continued to be for the higher grades of ore, where Minnesota must compete with foreign mines.

Oliver is expected to have a payroll of about 6,000. Most of these workers were employed through the winter on equipment maintenance and making the mines ready for production.

But Over-All Picture Bright

Jobless Valleys of Trouble to Remain

(Secretary of Labor James P. Mitchell calls for federal action to help unemployed workers in "valleys of trouble" despite the nation's general recovery from recession. He believes that action should be aimed at specific problem areas.)

By JAMES P. MITCHELL
Secretary of Labor
Written For UPI

WASHINGTON — While unemployment as a national problem is improving rapidly, we should not forget that to the unemployed worker and his family, national averages mean very little.

★ ★ ★

What counts is that he wants work and can't find a job.

The number of people who are unemployed is down by more than 830,000 from March of last year, 1,100,000 below last year's worst figures in June.

By next October the total number of unemployed may be down to about three million, with 67 million people at work.

PEAK LEVELS

Those are the national statistics. They mean that within six months our economy will be going at peak levels, with very high employment, high wages and good job opportunities in most of the country.

To be specific, today the average factory worker can buy more with what he makes in one hour's work than ever before in our history. That situation should get better, and we are quite sure it will.

But although our national situation looks very good, there are some localities where there are many people out of work, and in some of these places their prospects of going back to work are not good. This is a fact we must face.

The federal government should, and will, do what it can to help people in these valleys of trouble which will remain on the broad plateau of our growing national prosperity.

We must help these localities find new job opportunities and new industries.

This is a changing economy, with changing demands for changing products. But we believe that the individuals who are thrown out of work as a result of those changes should have the help of an effective unemployment insurance system.

ASK IMPROVEMENT

Thereafter we are asking Congress to improve our unemployment insurance system so that many people who do not have its protection will be covered.

Furthermore, the President has strongly urged the states to do their job by increasing benefit payments and prolonging the length of time unemployed workers can get help.

These actions, by the federal and state governments, should be taken speedily, so that help can get to people who need it.

Only Did It to Make Some People Happy

MIAMI, Fla. (AP)—"I was just trying to make people happy. Now I don't have a friend in the world."

Mary Patricia Snead, 36, sobbed as she told newsmen Thursday how she bought $80,000 worth of merchandise on the installment plan and sold it below cost to make others happy.

Detective L. C. Brewer said an investigation has started but no move has been made to arrest Mrs. Snead. Police say no store has complained.

With the money she got from selling merchandise at low prices Mrs. Snead kept up payments on a multitude of other items, including used cars.

Billy Graham Asks: Why Not Advertise?

SYDNEY, Australia (AP) — Billy Graham says he has "the greatest thing in the world to sell to people "so why shouldn't I advertise like other organizations?"

★ ★ ★

The American evangelist was replying today to recurrent criticism of his methods.

Graham said advertising brought many people to his meetings. He reported that 350,000 persons attended the six-meeting series he concluded this week in New Zealand.

The American opens a crusade in Sydney Sunday. Six thousand are expected at the first meeting.

Thanks
To the Voters of White Lake Township for their support in the recent election.

Admits He Kidnaped Woman, Took 46 Cents

DETROIT (AP)—Willie Jones, 45, pleaded guilty in Recorder's Court yesterday to a charge of kidnaping Mrs. Delores Adams, 28, of Garden City and robbing her of 46 cents.

Jones was arraigned before Judge Paul Krause, where he waived examination and was placed under $10,000 bond.

26,000 Strike at U.S. Rubber

Walk Out of 18 Plants After Negotiations for Fringe Benefits Fail

NEW YORK (AP)—About 26,000 production workers of the U.S. Rubber Co. struck after midnight Thursday at the company's 18 plants across the nation.

A company spokesman said the workers walked out after negotiators here failed to reach agreement on union demands for improvements in fringe benefits. The proposals include pensions, insurance, severance pay and a supplemental unemployment benefit plan.

A spokesman for the union, the United Rubber Workers, told NBC News the union seeks to bring its fringe benefits up to those enjoyed by the United Auto Workers. He did not elaborate.

Wages are not an issue. Wages normally are negotiated during the summer with U.S. Rubber as well as with other major producers in the rubber industry. The industry employes nearly a quarter of a million workers.

The strike followed the midnight expiration of the union's contract with U.S. Rubber. Contracts of other members of rubber's big four—Goodyear, Goodrich and Firestone—expire April 15.

Dulles Is Undecided on Resuming Job

JUPITER ISLAND, Fla. (AP)—John Foster Dulles continued his rest and recuperation program at this resort today. Aides said he has made no decision on whether to resume his duties as secretary of state.

★ ★ ★

Press officer Lincoln White said in Washington that he does not known how long Dulles will stay in Florida nor when he will decide whether he meels well enough to resume his duties.

James C. Hagerty, White House press secretary, said in Augusta, Ga., there has been no change in Dulles' plans to finish his stay in Florida before deciding about the future.

Kitchen Sink Is Taken Out of 1960 Census

WASHINGTON (AP) — They really won't have the kitchen sink in the 1960 census.

Robert W. Burgess, director of the Bureau of the Census, said the question of whether there's a sink in the house was one of those omitted, because a kitchen sink is now almost universally present.

★ ★ ★

Burgess and a House subcommittee Wednesday went over the plans for the 1960 counting.

Burgess estimated the census will cost 118 million dollars, with about 160,000 enumerators working on the job.

Next year before April 1 every household in the country, about 60 million in all, will get a letter from the Census Bureau with the initial questions to be filled out.

★ ★ ★

For the first time, people will be asked whether they have a basement in their home, the number of bedrooms, the number of bathrooms, whether there's an elevator in the structure, what fuel is used for heating water, the source of water supply, method of sewage disposal, number of automobiles for personal use, whether there's air conditioning, a home food freezer, clothes washing machine, clothes dryer and telephone.

Rejects Treasurer Post Voted in Monday's Ballot

BATTLE CREEK (AP) — Too much work and not enough money is why Lucille Hicks, Bedford Township treasurer re-elected in Monday's election, says she won't accept the post.

She said in a letter to the Township Board that a recently granted annual salary increase of $31 would not compensate for work added to the treasurer's office.

Taxicabs—orignally, "taximeter cabriolets"—first appeared on the streets of New York in 1898. Built for dependability, today's cars must be able to take the hard driving conditions of modern taxicab service. Live better by far with a brand new car.

Upper House in Congress? Not in U.S.A.!

WASHINGTON (AP) — The House stood as one man — and woman — Wednesday on an old issue:

Are there an upper and a lower house in Congress?

Rep. Jessica Weis (R-NY) referred to the Senate as the body "frequently and erroneously termed the upper house."

That was enough to bring Democratic Leader John W. McCormack of Massachusetts striding across the party line with hand outstretched.

"I commend the gentlewoman from New York, and I concur heartily," he said. "We cannot emphasize too often that this is a Congress of co-ordinate branches. If we keep repeating it, maybe some of the columnists and editorial writers will be inspired to reread the constitution."

Strauss Appointment Delay Is Unnecessary

LEWIS L. STRAUSS, now acting Secretary of Commerce, is being put on the spot by virtue of his recess appointment. Even critics of STRAUSS are beginning to agitate for nomination.

★ ★ ★

The Senate held up the nomination until after the Easter recess. This may or may not have been in order, but it now is quite obvious that the probation is running entirely too long.

Such a stalemate is working an injustice on Adm. Strauss since nobody really expects the nomination to be turned down by either the Senate Commerce Committee or the Senate as a whole.

If the STRAUSS nomination is rejected, it will be first of a Cabinet member in 34 years. In 1925 the Senate refused by vote of 40 to 40 to confirm CHARLES B. WARREN as Attorney General.

★ ★ ★

Since there does not appear to be any big issue involved it seems rather silly since the Senate has usually given the President an almost free hand in picking his official family. STRAUSS has been serving as Commerce Secretary under a recess appointment since Nov. 13, 1958.

To date we have had only five rejections of Cabinet nominations. One under Jackson, three under Tyler and one under Johnson.

Some cabinet members, though confirmed, have found the road to confirmation rough. About one third of the Senate voted against Harry L. Hopkins for Commerce in 1939 and Henry L. Stimson for War in 1940.

To get HENRY A. WALLACE into Commerce in 1940 the R.F.C. had first to be taken out of it, and in 1953 CHARLES E. WILSON had to sell his General Motors stock before becoming Secretary of Defense.

★ ★ ★

The Washington *Post*, which had been extremely critical of STRAUSS as head of the Atomic Energy Commission, says it would be difficult to challenge his qualifications for Commerce Secretary. The newspaper goes on to comment: "It ill becomes the Senate to use its power of confirmation as an instrument of harassment." We concur.

American Car Is Safer Than Foreign Makes

Cornell's automotive director of crash injuries says that these smaller automobiles "are more dangerous than the longer, wider, roomier and heavier cars."

★ ★ ★

Really this isn't startling.

But one other thing is.

Why haven't people awakened to this ominous possibility independently and long before an eastern professor calls it to their attention. This newspaper has held from the beginning that any kind of a crash in a tiny automobile was many, many times as dangerous as one in a normal size vehicle.

★ ★ ★

Would you want one of your closest friends—or one of your innermost family circle—in a right smart collision between a cute little European model and one of the standard U. S. cars? Size and weight seem to mean protection.

That's elementary.

Eh, what, my dear Watson?

★ ★ ★

Professor John O. Moore, the aforementioned Cornellian, says that if the time comes when there are many of these smaller cars on the highways, they will stand as lethal transportation. O.K., boys, keep on with the wide track Pontiac!

U. S. and Canada Agree to Share Hydro Power

After years of negotiation it's good to know that Canada and the United States have reached an agreement in principle on sharing the hydroelectric power of the Columbia River. Rising at the base of the Rocky Mountains in British Columbia, the mighty river follows a tortuous course southward into Oregon and Washington.

★ ★ ★

The International Joint Commission is meeting in Washington, D. C. to settle the size of the U. S. payment to Canada. This will include the benefits of storage in British Columbia to hydroelectric plants on this side of the border.

★ ★ ★

Vast new supplies of electric power will flow into the states of Washington, Oregon and Montana as well as the Province of British Columbia. This will make the whole area richer and more productive and create good will in the process.

Pontiac Area Attractions Rated as Tops in State

Husband: A guy who when he thinks he is fooling his wife usually is only fooling himself.

The Pontiac vicinity ranks high in a survey just completed by 33 university professors, in answer to the following question:

"What are the ten most interesting attractions in Michigan — those you would suggest natives and others see in touring the state?"

Near the top of the list is our Cranbrook, followed closely by the GM technical center at Warren and proving grounds near Milford. Our motor plants come next.

Then down the line are the Mackinac Bridge, Hartwick Pines, Holland Tulip Festival, Porcupine Mountains and other Upper Peninsula attractions.

The baseball contest closed at noon today. The entries now are being tabulated, and on Monday we'll give you a summary on how the votes were cast.

A letter with a Pontiac postmark and signed simply,

asserts that the three principal difficulties with our higher education are sex for the students, athletics for the alumni and parking for the faculty.

"Watch How Easy She Takes This Hill"

David Lawrence Says:

Dems Boosting Surrender to Reds

WASHINGTON — An alluring appeal is being made not only in the constant stream of statements from prominent Democrats here but in writings and utterances publicized by political groups in other capitals of the free world.

LAWRENCE

It says, in effect, that, since Communist imperialism is "here to stay," there is nothing else to do but get along with it.

Hence proposals are being advanced not only to keep the two Germanys disunited but to add a third Germany — the Berlin zone — which would have some sort of international status. It would be politically detached from West Germany.

★ ★ ★

Strangely enough, the argument is being made that, unless the West bows to the Kremlin and makes "concessions" or accepts the "status quo" — that is, things as they are in respect to the "captive" states in Europe — there is no way to satisfy the Soviet Union.

Back in the 1930s the same sort of arguments were being advanced as many a diplomat and many a writer insisted that "you can do business with Hitler."

In this country most of the articulate Democrats keep saying nowadays that what is needed in foreign policy are "bold and imaginative ideas." It doesn't, however, take much imagination or boldness to surrender.

★ ★ ★

Acquiescence comes from the indifferent segments of the nation, and applause comes from the peace-at-any-price groups that have dragged the world into two global wars.

The reason why Chancellor Adenauer is widely acclaimed today as a great statesman by so many observers throughout the world, but denounced as "too rigid" by others, is that he has had the wisdom to see through the deceptive doctrine of "peaceful coexistence" and the stratagems of the appeaser.

In his speech just delivered to the German people, he says:

"He who bears the burden of political responsibility must reject any sort of wishful thinking. An inclination for wishful thinking is fatally dangerous above all in foreign policy because foreign policy determines the fate of not only the present but the future generations.

★ ★ ★

"We all know how bitter and often bloody illusions in foreign policy have the habit of revenging themselves. How futile it is in this sphere above all to wish to correct any mistake once made."

The chancellor supplemented this with the pointed comment that "a dogged defense of right contains within itself the least risk for all concerned."

In that simple truth lies the whole case for moral force as the strongest weapon diplomacy has ever had. Surveying the world situation today, it may seem paradoxical that a leading exponent of moral force speaks in behalf of the very country where a dictator held forth only 15 years ago.

★ ★ ★

But the German people have learned through suffering that the esteem and respect of a free world is of transcendent importance.

They are striving today to preserve their freedom and to prevent a recurrence of the totalitarianism of the past which is being practiced as brutally now by the Kremlin as it was by the Nazi regime of yesteryears.

What is surprising is that in America, which likes to think that its churchmen are true exponents of Christian philosophy — and most of them are — there should be so many prominent leaders who believe in surrendering a principle of morality to the illusions of expediency.

★ ★ ★

Thus, the argument for a recognition of the Red regime in China which has been made by a minority of churchmen — but whose spoken words receive wide attention — is that, after all, Red China is here to stay and hence the United States might as well deal with its government and forsake the cause of a free China.

To abandon now the cause of "liberation" and to accept instead the crafty devices of the Communists for "freezing" the conquests of the Soviet Union in Eastern Europe would be a catastrophe that could only end in another world war.

Dr. William Brady Says:

Tense? Forget Alcohol, Give Calcium a Chance

Persons under the influence of the narcotic alcohol too often behave as though it were an offense when one refuses a drink with them. If they have had several drinks, they sometimes try to "strong-arm" the timid soul into a drinking bout.

DR. BRADY

This is precisely the way a great many persons become narcotic addicts —alcohol is a narcotic. Thanks to poor home training and worse schooling they are moral weaklings, wishy-washy, without self-respect. They lack what it takes to have principles, rules, beliefs or standards and to live by them. It takes character.

★ ★ ★

We decry the pedding and us of opium, heroin, morphine, cocaine and marihuana. Sometimes, in carefully chosen words, we express fear that Americans may be too fond of analgesics, tranquilizers and barbiturates.

Yet we are silent in reference to the most harmful narcotic of them all. The one that constitutes big business and pays, in taxes, an appreciable part of the cost of the courts, police, jails, prisons, welfare institutions and social services we have to maintain to take care of its victims.

Now just between ourselves tell me, are you a drug or narcotic addict? Do you frequently feel the need of an aspirin, tranquilizer, a mid-forenoon or mid-afternoon bracer such as a cocktail, or a highball or two to "relax" you before dinner? If you cultivate such a habit you're an addict. What else? Doesn't it ever occur to you to ask why you have to resort to dope where a normal, healthy individual doesn't feel the need of it?

FOOD IS FACTOR

A person who has good nutrition and good health feels just fine and dandy. One whose nutrition is faulty and health poor cannot help being aware of his or her deficiencies and of physical, mental, social or other inferiority to his associates—and therefore readily resorts to alcohol or other narcotic to forget, for an hour or two his inferiority.

The individual, child or adult, who gets an adequate daily ration of calcium (high calcium diet and/or calcium and vitamin D supplement) has steady nerves and is less sensitive to ache and pain. Calcium is nature's tranquilizer.

And so I say, to all addicts, see to it that you get your calcium and you won't need so much dope—aspirin, heroin, alcohol.

★ ★ ★

Signed letters, not more than one page or 300 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

The Country Parson

"The best place to reflect upon things that are wrong with our world is in front of a mirror."

Case Records of a Psychologist:

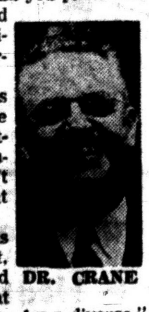

Cash Doesn't Insure Happy Wife

Henry was a rugged individualist, like Abraham in Bible times. And he almost lost his wife because of his lavish gifts and constant attempts to do things for her. For women like to do things for their husbands: It isn't cash that wins a woman's love but a man's ability to make her feel important: Men, get hep:

By DR. GEORGE W. CRANE

Case B-405: Henry G. aged 42, is about to be divorced by his wife.

"Dr. Crane, could you please see me, "for this divorce is not warranted.

DR. CRANE

"His wife loves him and I am sure Henry," his attorney. But she insists he doesn't care for her at all.

"She says he is so self-sufficient, he doesn't need anybody, and that is why she is suing for a divorce."

HENRY AND ABRAHAM

Sometimes we find men who are such individualists that they refuse to accept any favors from other people, lest they feel obligated.

★ ★ ★

Biblical Abraham was much like this, as you can read more fully in Genesis, Ch. 14.

Abraham's nephew, Lot, had been kidnaped and carried off as captive by four kings and their armies who had invaded the land.

When Abraham heard about it, he armed his 318 trained servants and set out in pursuit.

Abraham divided his forces and made a night attack, much as Gideon did centuries later. Abraham routed the four kings and rescued Lot, plus the King of Sodom, and all their property.

★ ★ ★

So the king of Sodom gallantly asked Abraham to give him his family but to keep all the goods he had recovered. Abraham declined.

"I will not take from a thread even to a shoe latchet lest thou shouldest say, 'I have made Abram rich,' but you can give a portion to the men which went with me."

Well, Henry was a great deal like Abraham, for he was an introvert who prided himself on being a very successful, self-made man.

MARRIAGE FAILURE

But I tactfully showed him that he through his divorce he was advertising to the public that he wasn't successful, at least at home.

★ ★ ★

For a divorce is a public admission of marital bankruptcy. It shows that one or both parties to the wedding haven't done their proper part.

Then I explained to Henry that he had robbed his wife of her self-respect by making her feel like a "kept" woman.

"Lean on your wife for advice and help," I warned, "for that will make her feel important.

"Instead, you have tried to do everything for her and have not permitted her to do anything for you.

★ ★ ★

"A woman cannot love a man very long unless he makes her feel important to his success and happiness."

Henry confessed that he really loved his wife. And he admitted that he had lavished money and gifts and automobiles on her.

"But you never let her do things for you" I warned, "so go back home and try to conduct a truly happy marriage according to the psychological rules."

Henry agreed to do so, and the attorney persuaded the wife to

go back and make another attempt to be happy.

It worked out perfectly, for as soon as Henry began to ask her advice and lean upon her for counsel and help, she felt important.

★ ★ ★

And a woman likes to be with a man who keeps her feeling important. Many men err by thinking they must constantly lavish costly gifts on their wives to hold the latters love for them.

That's a mistake. A wife loves you more if you let her do things for you and show her you are helpless without her, Men, get hep.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

'Federal Bonus Is the Answer'

Wouldn't a Federal veterans bonus for World War II and Korean veterans aid Michigan and all states that have a similar financial crisis? The Government tells us that the recession is over. But there are over four million unemployed who'll argue that. Our Congressmen don't seem to care about sending billions overseas, so let's see how they mind passing a veterans bonus bill.

This would benefit our entire country. It would at least bring temporary prosperity. There's no tax relief in sight, with the exception of political campaign promises. So why all this aid to Europe and none to our own people?

'Life-Death Matter Same in All Races'

In answer to the letter by F. J. Perry regarding the Negro rescuing the white children from drowning. I shudder to think this man would have faltered in his efforts had he known the color of their skins. Ideology on social or racial matters has no part in minds and hearts of normal people, regardless of color, when it comes to saving the life of a child. I doubt if this Pennsylvania Negro or any other person of his race would appreciate the manner in which Mr. Perry referred to his heroic and humane actions.

'Place the Blame Where It Belongs'

Some people are trying to lay the blame on Governor Williams and Reuther for the mess they've placed themselves in. Whether citizens by birth or adoption, if they had studied politics as they and every good citizen should, they would probably have gone to the polls and known how to vote. I'm an old woman nearly 84 years old, but am still interested. I, too, once voted the Republican ticket, but later, like the little kittens, I got my eyes open, too.

'We Need to Act Before Too Late'

John Foster Dulles is a remarkable man and one of the most loyal Americans we have ever had. He's literally giving his life for this nation and he should have some kind of great honor before it's too late.

'Township Should Provide Service'

Why can't a citizen get service from a department that's paid from our tax money? I had to call for help to rescue a cat out of a tree and after at least ten phone calls to people here, I called the Birmingham Humane Society, which couldn't help because it's out of that jurisdiction. Finally the Auburn Heights fire department came with some men and a ladder and the cat was rescued. Our own township should be able to render a service such as this.

THOUGHTS FOR TODAY

And as soon as we had heard these things, our hearts did melt, neither did there remain any more courage in any man, because of you: for the Lord your God, he is God in heaven above, and in earth beneath. — Joshua 2:11.

TO OPEN BRANCH BANK — Robert L. Shueller, branch manager, studies scale model of new branch of Community National Bank being built at corner of Dixie highway and Andersonville road in Waterford Township. Contracts totaling about $85,000 have been awarded and remodeling and construction is under way. Bank officials expect the branch to be ready for opening July 1.

Mamie Will Christen First Nuclear Freighter

WASHINGTON (AP)—The 40 million dollar Savannah, world's first nuclear powered merchant vessel, will be christened by Mrs. Dwight D. Eisenhower July 21 at Camden, N. J.

The Commerce Department and Atomic Energy Commission announced this today and said the launching will take place at the New York Shipbuilding Corp. docks.

★ ★ ★

The ship will be delivered early next year. States Marine Corp. will act as general agent for the Federal Maritime Administration in operation of the Savannah.

The ship is a combination passenger-cargo vessel, 595½ feet long, with 78 foot beam. It will be capable of carrying more than 60 passengers, a crew of about 100, and 9,500 tons of cargo at a speed of 20¼ knots.

The ship's reactor is designed to operate for more than three years on its initial fuel loading. It is of the pressurized water type and is being built under an AEC contract by Babcock & Wilcox. The ship was designed by George G. Sharp, Inc.

The engineering crew is receiving instruction in reactor theory, engineering and operation at the U. S. Maritime Reactor School at Lynchburg, Va. These trainees will receive on-the-job training at AEC facilities. After review and examination, those who successfully complete the course of training will comprise the ship's first engineering crew.

After delivery the vessel's schedule of operation will involve three phases: Initial trials and tests for six months to a year; national and international operation in modified commercial service, and commercial operation.

Nation's Capital Cluttered With 'Dead' Statues?

WASHINGTON (AP)—Most of the statues in Washington are neither very artistic nor necessary, says Rep. Stewart L. Udall (D-Ariz.)

The capital, he said, is being cluttered up with statues of the "great, near-great and forgotten."

He offered this plan for cutting down on future addition: wait at least 50 years to see if an individual or event is worthy of commemoration with a statue.

"A man's contemporaries are notoriously bad judges of his place in history," Udall observed.

Canada Budget Hit by Minister

Measure to Cut Deficit Would Hit Taxpayers in Pocketbook

OTTAWA (AP)—Finance Minister Donald Fleming proposed a deficit-cutting budget Thursday night hitting the pocketbook of every Canadian taxpayer.

The budget was immediately criticized both inide and outside the House of Commons.

With last year's big $616,600,000 deficit in mind, Fleming announced tax increases he said would cut the deficit for 1959-60 to 393 million dollars.

His budget would:

1. Increase the personal income tax rate for the first time in seven years. Beginning July 1, the tax on the first $3,000 of taxable incomes goes up one per cent, with two per cent added to the rate of income above $3,000.

2. Boost the general sales tax immediately from 10 to 11 per cent.

3. Increase the corporation income tax from 20 to 21 per cent on the first $25,000 of profits and from 47 to 50 per cent on higher corporate profits, retroactive to Jan. 1.

4. Raise the excise tax on cigarettes, cigars and liquor immediately. The tax on cigarettes goes from 8 to 10 cents for a pack of 20; on liquor from $12 to $13 for a proof gallon — an increase of about 12 cents on a 25-ounce bottle of whisky—and on cigars from 31 to $2 a thousand.

Launching opposition criticism, William Benidickson of the Liberal party cited the Conservatives' December 1957 pre-election financial statement giving 178 million dollars worth of tax cuts.

AFL-CIO Backs Plan to Study Unemployment

WASHINGTON (AP)—The AFL-CIO has backed a proposal by Senate Democratic Leader Lyndon B. Johnson of Texas for a 60-day study of unemployment problems.

But the labor federation also said Thursday that the federal government should act immediately to increase state unemployment compensation benefits, expand distribution of surplus food to the needy, and boost the $1 minimum wage to $1.25.

"In these and other fields, Congress can and should move promptly while the commission Sen. Johnson suggests is gathering the facts," the AFL-CIO statement said.

Set Big Guard for Castro Visit

Cuban Prime Minister Coming to Washington on Wednesday

WASHINGTON (AP) — The State Department is quietly mobilizing a big section of its security force to guard Cuban Prime Minister Fidel Castro during an unofficial 11-day visit starting Wednesday.

Anti-Castro demonstrations are expected to boil up in the path of his good will tour of Washington, New York, Princeton, N.J., and Cambridge, Mass. Some telephoned threats and warnings already have been received by the department and the Cuban Embassy.

★ ★ ★

The elaborate step-by-step security guard will be fully as intensive as that given Soviet Dep. Premier Anastas Mikoyan during his stormy coast to coast travels last January.

Some of Castro's bearded personal bodyguards will accompany him. But the State Department has the main responsibility for shielding him from demonstrators, crackpots, potential assassins, as well as enthusiastic well wishers.

★ ★ ★

Castro tentatively is scheduled to spend five days in the capital, leaving April 20 for an overnight stop at Princeton University. He plans a 4½-day stay in New York beginning April 21. He is to leave for Boston April 25 to visit Harvard University at nearby Cambridge, and go on the next day to Canada.

He is to give a minimum of seven speeches or news conferences during his stay. The first is a speech before the American Society of Newspaper Editors next Friday.

Start Deer Census

LANSING (AP)—Checks on dead deer and herd population surveys are under way in the Baldwin and Gladwin districts of the northern Lower Peninsula. Two-man teams from the Conservation Department are carrying out the project.

Bob Considine Says:

Sen. Kennedy Stirs Up Inter-Catholic Storm

NEW YORK—People . . . places . . . things . . .

The interview with Sen. Jack Kennedy in a national picture magazine last month has prompted much editorial debate in Catholic periodicals.

Some were quite critical of the first potential Catholic presidential candidate since Al Smith. These took special umbrage at Kennedy's assertion that he is not in favor of sending a U. S. ambassador or representative to the Vatican.

The erudite Jesuit Magazine, America, took after Kennedy editorially from another and odder angle. It found the article "discriminatory, insulting and without pertinence in terms of the U. S. Constitution" and questioned the young senator's good sense in answering the questions.

But this magazine has been taken to task by a Spokane, Wash., Jesuit, William J. Davis, who writes:

"When a man puts himself up as a potential guardian of public welfare, the public has every right to ask the candidate about his fundamental tenets, especially if those tenets are likely to influence his judgment of what the public welfare is or how it is to be pursued.

"Anxious concern over the interplay of political doctrine and religious belief is certainly justified on the part of all of us, be the candidate Catholic or not."

It would now seem apparent that the President's vacation was timed to coincide with the impending visit of Fidel Castro, whose new government is making increasing use of left-wingers or out-right Communists.

A worried admirer of the Cuban rebel leader sums up what must be in many hearts just now. Joanne C. Braun of Delmar, N.Y., writes:

"I cannot help feeling sorely afraid for him and for his country which now regards him as its savior. Such a heavy burden of responsibility rests on the shoulders of this one man, so inexperienced and relatively immature.

"I hope with all my heart that he may ever strive to fulfill his own best nature and loftiest ideals, so that he will not fail. He owes this to his adoring people. He owes it to the gallant men and women of the revolution. . . . It would be an ineffable tragedy if the revolution should have been won only to be lost again.

"It is my feeling that young Fidel, for all his remarkable qualities of personality and character, still has a lot of growing up to do before he can become the kind of good and wise leader his nation so desperately needs. And he does not have a great deal of time in which to do so. I have an idea that the toughest of all battles he has to face, which he alone can fight and win, is the battle with Fidel Castro."

Iron Curtain humor:

A Polish repatriate, returning to Warsaw after living in the Soviet Union, was asked how things were there.

"Not too bad," he said. "I couldn't complain."

"How were wages?"

"I couldn't complain."

"Didn't you have to do forced labor for a while?"

"Yes, but I really couldn't complain."

"But I thought the food was lousy."

The repatriate shrugged. "I couldn't complain."

"Then what the devil did you come back for?"

"What a question. Here at least I can complain."

The President makes an honest effort to answer all mail and acknowledge all wires that reach him at the White House. He gets around to this with remarkable speed. After his telecast in which he told Russia we wouldn't budge an inch in West Berlin, I sent him a one-word wire reading: Magnificent. I was a single flake in a blizzard of such communications. But the very next day he replied:

"If I may be as brief—almost—as you were in your message concerning my television talk of last evening. Thank You. Thank you really very much."

Joe E. Lewis's tribute to Sophie Tucker: "What a great job Sophie did, entertaining the troops . . . but then Lee surrendered."

Puppies Melt Hearts of U.S. TV Viewers

HOLLYWOOD (AP) — America is still a soft touch for a puppy.

The irresistible appeal of six little puppies on Tennessee Ernie Ford's television program Thursday night brought requests for ownership from all over the country when Ford announced he would give them away after the program ended.

Within a half hour the network switchboard had received 120 calls from outside California for the little "whodunits," as their owner, bandleader Cliffie Stone, described them. They all have new homes.

Chief's Son Tosses Rocks at Patrolman

DENVER, Colo. (AP)—The son of a division police chief was fined $25 in Municipal Court Thursday.

The offense: throwing rocks at a patrolman.

Officer Edward E. Nelson said Daniel R. Stills, 17, threw the rocks while he was writing a ticket for an illegally parked car.

GOP Committee in Decision Meet

Will Pick Chairman, Choose Convention Site and Rebuild Party

WASHINGTON (AP) — The Republican National Committe gathered today for a two-day meeting to further its party rebuilding plan, choose a new chairman and pick a convention site.

The important decisions will come Saturday when a new chairman is elected to succeed the retiring Meade Alcorn and the controversy settled over a place and date for the 1960 nominating convention.

Unless there's a last minute hitch, Sen. Thruston B. Morton of Kentucky, middle-of-the-road supporter of President Eisenhower, will be elected chairman. Alcorn returned to his law practice in Hartford, Conn.

★ ★ ★

Morton would hold the party post without giving up his Senate seat, but would serve only through the 1960 convention. The presidential nominee chosen then would determine whether the chairmanship should change hands.

The matter of a convention city was still up in the air today, but a site committee will come up with a recommendation Saturday for action by the full committee.

Principal stumbling block was a difference of opinion over whether the convention should be held in late July or early August. Party officials said a Chicago convention starting July 25 is still the best bet, although that city could be eliminated if an August date were chosen. Chicago's bid was restricted to a July 25 date.

★ ★ ★

Five other cities — Philadelphia, New York, San Francisco, Miami Beach and Los Angeles — offered to take the convention anytime between July 15 and August 15.

Los Angeles entered a last-minute formal bid Thursday to try to get back into the race. Site officials said earlier it had been eliminated by failure to put its bid in writing.

Today's committee session was given over largely to reports from subcommittees on plans for revitalizing the party into a year-around operation. State reports were to be heard on nine "road to victory" internal improvements, including plans to recruit two million new precinct workers between now and September 1960.

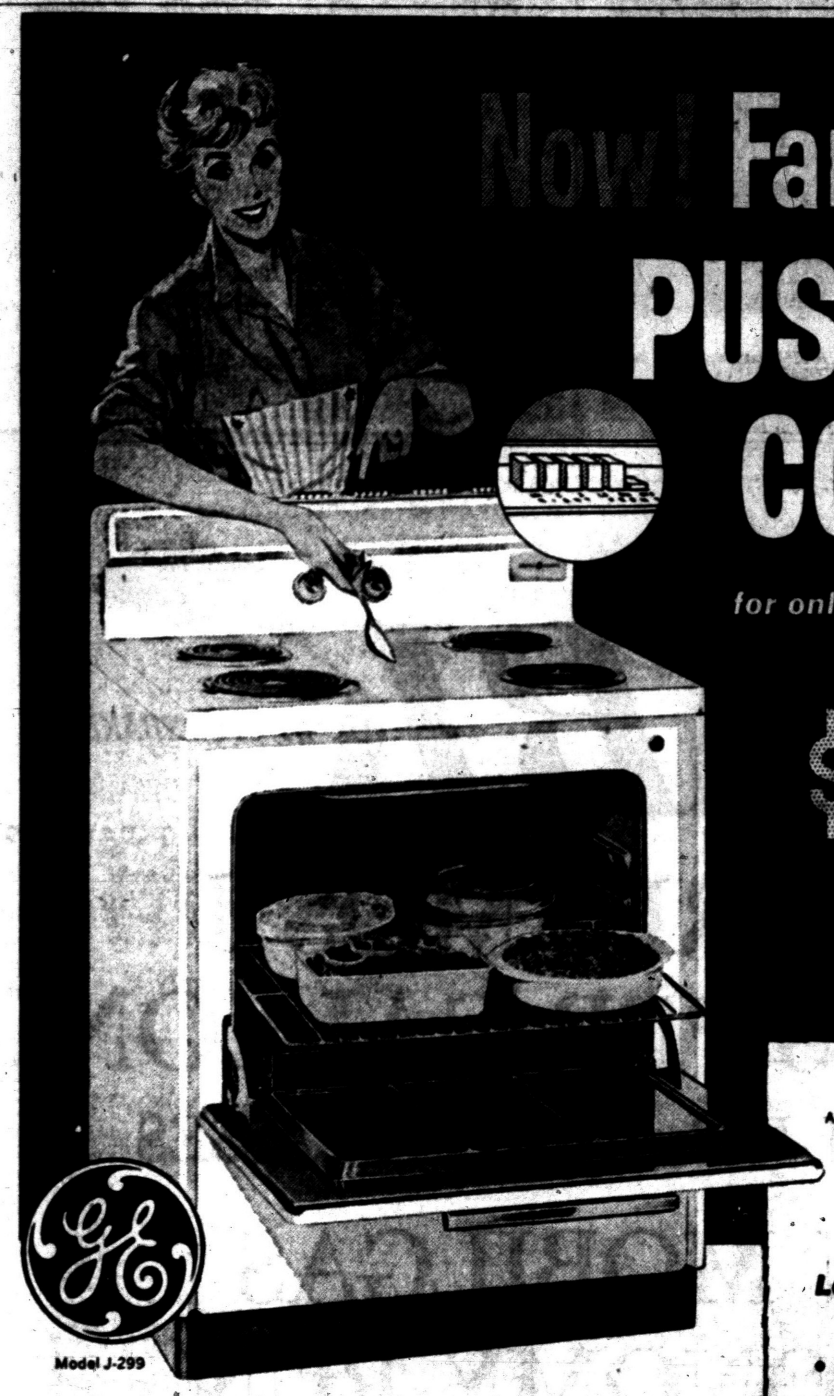

★ ★ ★

Committees named to study establishment of a monthly party magazine and a weekly television show also were to report. Chances were said to be better for adoption of the magazine idea. The TV presentation might prove too costly.

Rep. Charles Halleck of Indiana, House minority leader, was down for a luncheon speech today. Vice President Richard M. Nixon will speak informally at a dinner tonight.

Slate Lapeer Benefit Dance

LAPEER — Retarded children in the Lapeer State Home and Training School will benefit from proceeds to be realized from a dance and card party scheduled for April 18 by the Lapeer Parents Assn. in the ballroom of the Fort Wayne Hotel Detroit.

★ ★ ★

Funds raised at the affair will be used to furnish recreational, educational and training equipment, which the state does not provide, for the 4,200 patients in the Lapeer institution. Some of the money will also help provide for existing programs and other services for the mentally handicapped, Mrs. Seldon Barris of Royal Oak, publicity chairman said today.

Ten years ago, a group of 20 parents got together to tackle a big job — that of finding ways to provide more educational and recreational facilities for their own and other handicapped children, Mrs. Barris explained.

Since then, she said membership in the organization has swelled to 1,400 parents, relatives and friends. They find that more funds are needed for additional facilities now. Henry P. Widrich, fund raising chairman, and his committee have set a goal of $10,000 for the dance.

★ ★ ★

Serving on the committee with Widrich are Mrs. B. Lagimodiere, Mrs. Lola Brin, Miss Dora Yeager, Mrs. Edna Marston, Dona Miller, Joseph Kepes and Mrs. Barris.

Matt Gouze and his Detroit All-University Tamburitzans orchestra will furnish the music for dancing and entertainment for the evening with a 45-minute floor show to be staged at 11 p.m.

An invitation has been extended to Detroit Mayor Louis C. Miriani and to Gov. Williams to attend the affair.

A buffet smorgasbord dinner will be optional. Dance tickets may be obtained from any association member or by contacting Mr. or Mrs. Leo G. Tripp at 644 Markle St., Pontiac.

Reservations must be made in advance, Mrs. Barris said.

MARRIED 57 YEARS — Mr. and Mrs. John Truax of 246 E. Lafayette St., Romeo, celebrated their 57th wedding anniversary last night at a small dinner party given by their former neighbors, Mr. and Mrs. Albert J. Schaaf, also of Romeo, at Sylvan Glen Golf Club near Rochester. The Truaxes were married April 10, 1902 in Richmond. Mrs. Truax is 73, her husband, 75. They have two grandchildren.

Output Not Only Surplus Cause

Less Use Piles Up Wheat

WASHINGTON (AP)—A study of the nation's wheat surplus situation shows that production is not solely responsible.

Many of those who discuss the problem and offer proposed solutions tend to put the blame on overproduction.

It's true more is produced than is used, but a drop in uses for the grain, rather than any increased output, has brought trouble to the nation's wheat growers.

Actually much more wheat was grown during the last six years of the preceding Democratic administration than during six years of the Eisenhower administration.

The totals are 7,026,000,000 bushels under the Democrats and 6,613,000,000 under the Republicans.

Yet, despite the smaller production under the GOP, the reserve and surplus supplies have grown to about 1,340,000,000 bushels compared with 605 million when the Democrats stepped out.

★ ★ ★

What has happened has been a decline in total use of wheat. Total usage—domestic and export—during the last six years under the Democrats was 6,553,000,000 bushels compared with 5,877,000,000 under the present administration.

Start $1 Million Subdivision Plans

By REBA HEINTZELMAN

With the sale of the 500-acre Ford Experimental Farm this week, $1 million plans for one of the biggest real estate subdividion developments in Oakland County are under way near Clarkston.

This was announced today by Lloyd D. Kirby, president of the Clarkston Real Estate Co., negotiator of the sale to Detroit attorney Leonard A. Baun. The attorney first purchased a part of the acreage two years ago, and now owns all of the former Ford Experimental Farm property.

The Ford Motor Co. has since moved its experimental laboratory to Vienna, Ga., near Macon, for year-round operation, according to Ford officials.

Known as the Deer Lake Hills Farm, the Clarkston area land is located on Holcomb road near the northwest village limits and was used for more than 25 years by the Ford company as a tractor-implement experimental station.

Although no sale price for the land was released by the purchaser, records at the Oakland County Treasurer's Office show property in the area being sold for approximately $1,000 an acre. Kirby said the entire transaction amounted to more than a half a million dollars.

With the final consummation of the property sale, Baun immediately re-sold ten acres to the Catholic Archdiocese of Detroit for a future parish and school site, Kirby said.

★ ★ ★

Before the company bought the property, president of the Greyhound Bus Co., Manford Burleigh, had the original farm house restored into a 14-room manor and lived there for about eight years.

TRACTOR INSTRUCTION

Tractor dealers from all parts of the world were housed in the mansion for a two-week intensive course, getting first-hand instruction on how to operate, repair and sell the implements when the farm was operated by the Ford Motor Co.

Other buildings on the property include modern classrooms for 50 students, several houses and large barns, numbering 11 buildings in all. They are fully equipped with radiant heating systems, indirect lighting and other conveniences.

The proposed Chrysler expressway cuts right through the heart of the farm at Allen and Holcomb roads. The first phase of development will be some 350 acres south of the expressway and will include Deer Lake frontage, Baun said.

More than one million dollars is expected to be spent in preparation before the 500 one-half acre lots are ready for sale. This will include paved roads, clearing, grading and installation of a central water system, Baun explained.

★ ★ ★

Noted for its scenic beauty and pristine surroundings, Deer Lake has been named one of the seven most beautiful lakes in the United States, by National Geographic magazine officials, according to Clarkston residents. It is one of the deepest lakes and has a sandy beach around its entirety.

Throughout the years, cottage owners have been discouraged from building, because of the steep, rocky ridge from the ground level to the water's edge. Also the thick wilderness of surrounding woods, has prohibited an average cottage owner from building, Kirby explained.

In developing the area, Baun hopes to maintain as much of the natural contour of the rolling land as possible, and homes will be designed to fit individual lots, he said.

Tremendous dredging operations for connecting a smaller lake known as Dark Lake some 700 feet, to Deer Lake, are included in the development plans, and other channels will also be dug into the mainland.

Land clearing operations are expected to get under way as soon as possible and there is a possibility that some lake lots will be ready for sale by early fall, Kirby concluded.

Pontiac Press Photo

DEER LAKE FARM SOLD — A 14-room mansion is included with the sale of the 500-acre Ford Experimental Farm near Clarkston. Detroit attorney Leonard A. Baun is the buyer and does not have any plans for the buildings at the present time, but will develop part of the land around Deer Lake for home sites, he said.

Phone Service Projects to Start

To Work on Metamora, Oxford Area Facilities Next Month

Work will begin next month on two separate Michigan Bell Telephone Co. projects, totaling $31,000, to improve long distance service between Pontiac and Metamora and provide additional telephone facilities in the Oxford area.

Raymond H. Storm, district manager for Michigan Bell said equipment is being installed in the Pontiac telephone building to handle long distance calls. This project will cost $11,000.

The second project, costing about $20,000, is the placing of buried cable on Lapeer road northwest from Metamora road to Thomas road and north on Thomas road to the Oxford-Metamora boundary.

These two projects are in addition to another project costing $20,000 which was completed in December, 1958. It involves relocation of telephone lines along Lapeer road north of Oxford in connection with plans of the Michigan State Highway Department to rebuild M24.

Storm said the cable laying project will improve long distance service between Pontiac and Metamora, and enable the company to fill new orders for residential service and to fill orders for better grades of service in the Oxford area.

Both projects are scheduled for completion in June.

2 Men Killed in Wreck on Xway Near Muskegon

MUSKEGON (AP)—Two men were killed today when their car missed a curve on Norton Glade expressway near here, skidded several hundred feet, knocked down a power pole and overturned.

Victims were James T. Bashman, 26, of Muskegon, the driver, and John S. Grupa Jr., 33, of Grand Rapids.

Police said the car was traveling at a high rate of speed.

An average American eats about 25 pounds of poultry products per year.

Local Thespians Rehearsing Play

FARMINGTON — The Farmington Players troupe is rehearsing its spring play, "Visit to a Small Planet" for presentation at the Players Barn at 12-Mile and Power roads May 1, 2, 8 and 9. The curtain will rise on each performance at 8:30 p.m.

Produced and directed by Jim Allison, who has appeared with both Farmington and Ridgedale Players, the production will parallel the pattern of last spring's "Present Laughter" by adopting a variation of the theater-in-the-round. Three stage areas will be used, thereby doubling the playing space, while by elevating the seating areas, maximum visibility is assured for the house.

★ ★ ★

"Visit to a Small Planet," by Gore Vidal, was originally produced for television after which it was adapted for roadway and has in the past year become one of the most popular offerings of the community theater circuit.

New Area Council of K. of C. Formed

A new council of the Knights of Columbus of Michigan has been formed to serve Catholic men in the St. Joseph Church parish encompassing the Lake Orion-Oxford area.

Members have selected the name of Pius XII Council 4764 Knights of Columbus in honor of the late pope. The unit is under the direction of James Costigan, district deputy grand knight of Royal Oak.

Initiation of new members, processing of members transferring from other councils and the conferring of the first, second and third degree work will take place at the Bishop Gallagher Council Hall in Royal Oak this Sunday.

Approximately 100 men have already joined the new council.

The entire body of men will attend Mass and receive Holy Communion at St. Joseph Church, just north of Lake Orion at 7 a.m. Sunday morning. Honor guards of the Pontiac, Royal Oak and Detroit Council 4th degree members will be in attendance at the church.

★ ★ ★

Following Mass the men will drive to Royal Oak where breakfast will be served in the Bishop Gallagher K. of C. club rooms. Reception of candidates for degree work will follow the breakfast and degree work will start immediately.

A dinner is planned for the evening at which time dignitaries of the church and Knights of Columbus will address the group.

The Rev. R. Vincent Myreck, pastor of St. Joseph Church was selected as the council chaplin.

Officers of the new council are Jack McLeod, grand knight; August Genereux, deputy grand knight; Leonard De Roseau, chancellor; Stanley Picarski, recording secretary, and Joseph Taylor, treasurer.

Plan Program for Social Workers at MSUO

Five representatives of social service agencies in Oakland County took two major strides forward yesterday in planning a program to be offered for volunteer workers at Michigan State University Oakland next fall.

★ ★ ★

The group decided first that a one-day institute should be tried in the beginning. Then as demand and interest in the program grew, it could be expanded to longer terms of two or three days later in the year.

The agency executives' second accomplishment was to determine the target group for the first session.

After considerable discussion, they determined that the initial program should be directed toward the leadership segment of the volunteer organizations.

★ ★ ★

By leaders, the five explained they mean board members, potential board members, committee chairmen and staff members.

The subject matter of the proposed program was touched upon lightly at yesterday's meeting. The group, augmented by Macomb County agency representatives who attended the first session, will discuss it more fully at the next meeting set for April 30 at MSUO.

★ ★ ★

Among the topics mentioned were the orientation of the volunteer to a changing society and the definition of the duties of directors and board members in a volunteer organization.

Dr. Lowell R. Eklund, director of continuing education at MSUO, said his interest was in the part the university could play in giving the volunteers the type program to best meet their needs and desires.

Three of the five executives were Mrs. John K. Bagby, president of the Birmingham Junior League; Mrs. Mildred Bennett, director of the Oakland County Chapter, American Red Cross; and Mrs. Harold J. Davison, of Ferndale, midwest regional chairman of the National Association of Volunteer Bureaus and board member of the College Women's Volunteer Service.

The other two were Robert Flaherty, executive director of the South Oakland United Community Services; and Robert Langer, assistant director of the Pontiac Area United Fund.

★ ★ ★

The target service area for proposed program is the university-community which encompasses Macomb and Oakland counties and their fringe areas.

America's first stop sign appeared in the city of Detroit in 1914. Live better by far with a brand new car.

CLUB INSTALLS OFFICERS — Officers of the new Rochester Toastmasters Club were installed during Charter Presentation Night ceremonies 7 p. m. yesterday at Sylvan Glen Golf Club near Rochester. Shown here, from left are Frank Strubler, educational vice president; and Robert Nickel, area governor, presenting the president's gavel to Tom Macan. Members' wives were guests at the affair.

Rochester Toastmasters Get Charter at Dinner

ROCHESTER — The recently-formed Rochester Toastmasters Club 1807 officially came into being last night at a dinner meeting at Sylvan Glen Golf Club, located on Rochester road just south of here.

★ ★ ★

The charter was presented by Robert Nickel of Detroit, Area 6 Governor of Toastmasters Clubs. He also presented the gavel to the local organization.

Other officers installed were Frank Strubler, education vice president; Jerry Van Norman, administrative vice president; William Nieman, treasurer; Robert Johnston, secretary; and Louis Franczak, sergeant at arms.

Toastmaster of the evening was Donald Norris, and speakers were Arthur R. Cox and Jerry Carr. General evaluator was Richard Mason.

★ ★ ★

The purpose of the organization, which now numbers 21 members, is to promote self-improvement in planning and presiding over meetings and to foster adeptness at public speaking, both planned and extemporaneous.

The local club was organized by Strubler, who was a member of the Waterford Toastmasters Club and used to commute back and forth to meetings. He served as president of the Rochester group during the six-month organizational period.

It is a rule of the club that no president may succeed himself.

The new organization meets at 6:30 p.m. every Thursday at Bebout's Restaurant here.

'Cash Crisis Phony'

LANSING (AP) — Sen. John P. Smeekens (R-Coldwater) is persisting in his contention that the state cash emergency is a "phony." "The dollar shortage hoax is politically inspired solely to soften the temperament of our citizens to a tax increase which will further the governor's 'spend-on-spend and tax-on-tax' program," he says.

Find Half-Million in Heroin at Bank

NEW YORK (AP)—Heroin valued at half a million dollars on the illicit market has been found in a bank's safe deposit box.

The discovery, police disclosed Thursday, stemmed from a previous raid on an apartment where $250,000 worth of the drug was seized. At that time police also found keys to three safe deposit boxes.

After obtaining a court order, authorities opened the boxes. Two yielded nothing, but the narcotics were found in the third.

Arrested Thursday was Louis Landi, 34, who has been free in $10,000 bail in an east Harlem narcotics case. He was booked anew on a charge of illegal possession.

Landi rented the deposit boxes under an assumed name. Police said the keys had been found in a room of Landi's partner, Frank Russo, after the earlier raid.

Fire Destroys Barn at Lapeer Home

LAPEER — Fire of undetermined origin gutted an abandoned horse barn in the farm section of the Lapeer State Home and Training School property yesterday afternoon, George Booth, assistant business executive of the Home, reported today.

Booth said the institution's fire fighting unit and the Lapeer fire department fought the blaze for about one hour and a half before bringing it under control. The building was due to be torn down in the near future.

End Fund-Raising Drive Today for Foreign Student

By BARBARA GRIFFIN

Sue Koprince, Pontiac Central High School junior, has been selected by the American Field Service to be the PCH student who will spend 10 weeks in a foreign country this summer.

Because PCH participated in the AFS program this year by having Jacqueline Baron from Rouen, France, the school is eligible to have one student spend the summer abroad.

Sue, of 319 West Iroquois Rd., is the daughter of Mr. and Mrs. Julius Koprince. She is interested in journalism as a career but hopes this summer will help her decide. Her main hobby is sewing her own clothes.

She is active in many school activities, including Linnean Society, the Quiver, of which she is advertising manager, Quill and Scroll, and she is secretary of the Student Committee of American Field Service and a chemistry lab assistant.

Thirteen PCH students applied for the trip abroad. First a preliminary application was submited and then each student was interviewed by a committee made up of students, faculty, and citizens of the community. Then four students were selected to send applications to the New York office of American Field Service which made the final selection.

Today is the last day of the American Field Service drive to bring a foreign student to Central next year. A canister was placed in each homeroom enabling students to drop in change all day.

The junior homeroom which collects the most money during the drive will have next year's foreign student in its homeroom. Many homerooms are having bake sales after school in order to raise extra money.

Friday, to promote the driver, seven foreign students from other high schools in the Oakland County area spent the day at PCH talking with various classes and individuals.

Robert Bell recently was chosen as operator-chairman of the AFS malted milk machine. He is in charge of setup, cleanup and workers.

HEAD FOR MSUO

The PCH Future Teachers, sponsored by Marla Jackson, have been invited to a Recruitment Tea April 27 at Michigan State University Oakland by the Alpha Beta Chapter of the Delta Kamma Gamma Society. At this tea, club members will get a chance to speak to the officials of the MSUO as well as tour the grounds and buildings.

Receiving commendation for their entries in the Southeastern Michigan Scholastic Writing Contest were Dick Reynolds, short story; Sylvia Redmond, critical reviews; Dianne Flicker, newspaper feature; Janet Mihay, familiar essay and Sherry Fink, editorial.

Tryouts were held for "The Witch Who Wouldn't Be" and "Mooney's Kid Don't Cry," two one-act plays to be presented by the dramatics department and directed by Garth Errington.

The cast for "Mooney's Kid Don't Cry," to be presented May 11 at Wayne State University in competition with 30 other Detroit area high schools, includes Lynn Walker as Mooney and Sally Warren as Jane.

"The Witch Who Wouldn't Be" will be presented for the Oakland Avenue Presbyterian Church May 5. The cast includes Warren Norlund, Jim Baker, Rey Ledesma, Duke Relyea, and Stan Walker.

Others are Peggy Warren, Rose, Kay Jerome, Marilyn Bell, Judi Johnson, Ann Gillies, and Dimmie Govenis.

FUNDS FOR EXCHANGE STUDENT — Four members of the Pontiac Central High School American Field Service committee are shown conducting a bake sale to raise funds to bring a foreign student to their school in the fall. From left are Dave Todd, a sophomore of 224 Cherokee Rd., Sherry Fink, a junior of 9 Ottawa Dr., who is committee chairman; Sue Koprince, a junior of 319 W. Iroquois Rd. who has been selected to be Central's first exchange student and Robert Bell, a sophomore of 186 Liberty St.

Waterford Postpones Drama

By JEAN REXFORD

"Teahouse of the August Moon," a play originally scheduled to be presented tonight at Waterford Township High School, has been postponed to May 1 and 2.

The change in the dates occurred chiefly because of the cancellation of "Bell, Book and Candle," the faculty play, which was scheduled then.

Jim Luzod and Mike Sickels, sophomores, were the winners of the Pontiac Area Optimist Speech Contest sponsored annually by the two Optimist clubs of Pontiac. The boys will enter competition against the Detroit area winners and each other later this month.

"Mom's Night," an annual event for all members of GAA (Girl's Athletic Association) and their mothers, was held at WTHS this week. Lauralee Sherwood was the general chairman and Jean Salathiel was in charge of the entertainment.

Members of the WTHS marching band will participate in a parade and band competition during the Tulip Festival in Holland, May 16.

William Quinn, WTHS graduate of 1952, was the guest speaker for Robert Smith's sixth hour U.S. history class last week. He told the students about the land and customs of the people in Okinawa where he has been teaching.

Carol Ryan, WTHS graduate in 1955, is completing her student teaching in the girl's physical education classes at Waterford. She is a student at Central Michigan College.

★ ★ ★

Basic wrestling steps and holds are now being taught in the boys' physical education classes. Matches with fellow classmates give the students an opportunity to practice their knowledge under supervised conditions.

★ ★ ★

Members of the Lynn Rohrer's commercial law class are planning to visit the Oakland County Courthouse on May 7.

Wednesday members of Robert Smith's government class will visit the State Capitol in Lansing to observe the Legislature at work.

Northern Seniors Debate Inviting Juniors to Hop

By COLLEEN ADAMS

Seniors at Pontiac Northern High School are trying to decide if they will allow juniors to attend the first senior prom at the school this spring.

A social committee of five students and a representative of each homeroom will meet with Victor Lindquist, assistant principal, this week to discuss the problem of financing the affair and the possibility of reducing the price of tickets if the juniors attend.

The committee includes Bruce Bergstrom, Barbara Shaver, Cora Duke, Gary Oak and Donna Tate.

Karen Violetta, physical education instructor, has received a letter from actor James Stewart congratulating Pontiac Northern and sending best wishes for this first year. Miss Violetta met Stewart during Easter vacation in Ishpeming when he arrived for the filming of a movie. Eve Arden also sent along her congratulations.

Bruce Norton has been chosen sophomore of the month by the entire sophomore class. Runnersup were Steve Thompson and Carol Henderson.

The intramural basketball tournament, recently completed, senior division winner was homeroom B-15. Members of this senior team included Ken McClintock, Ron Rose, Tim Agar, Gary McDowell, Bob Nadiger, Roger Williams and Mike Montgomery.

In the junior division, homeroom B-6 emerged as the victor. Members of the junior team are Ron Franks, Dick Delano, Bill Cox, Harold Anderson, John Kendall, Earl Hewitt, Bruce Bishop, and Richard Bradshaw.

Sophomore homeroom A-8 won the 10th grade championship. The winning team consists of Jerry Menter, Carl Bills, Ron McCall, Bob Moody, Joel Brown and Fred Ward.

The highest scorer of the tournament was Stan Hertel with a total of 111 points. McClintock had the highest game average with 22 points per game.

Trophies were presented to the winning teams today. They will be put in the trophy case by the boys' gym.

Five at St. Mike's Receive Top Grades

By CAROL BAUER

Five St. Michael's High School students were happy to go back to school this week following a long Easter vacation since they received all A's on their report cards upon their return.

OXFORD STUDENTS REHEARSE — Getting ready for tonight's presentation of "Arsenic and Old Lace," which will begin at 8 p. m. in the Oxford Junior High School gymnasium, are four of the play's leading characters. They are (from left) Jerry Brown of 475 Coats Rd., who portrays Teddy, Douglas Kennedy of Metamora as Jonathan; Beatrice Krug of 5445 Sherwood Rd., as Elaine and James Robinson of 10 West St., as Einstein. The play is being presented by the Oxford Area High School's junior class.

3rd STRAIGHT YEAR! PLYMOUTH V-8 WINS ITS CLASS IN MOBILGAS ECONOMY RUN!

OTHERS TALK ECONOMY-PLYMOUTH DELIVERS IT!

Other cars have talked economy this year. But a Plymouth V-8 has just proved it can give better gas mileage than Ford or Chevrolet V-8s. Plymouth did it by winning its class for the 3rd straight year in America's recognized competitive test for economy. Plymouth registered 21.15 miles per gallon.

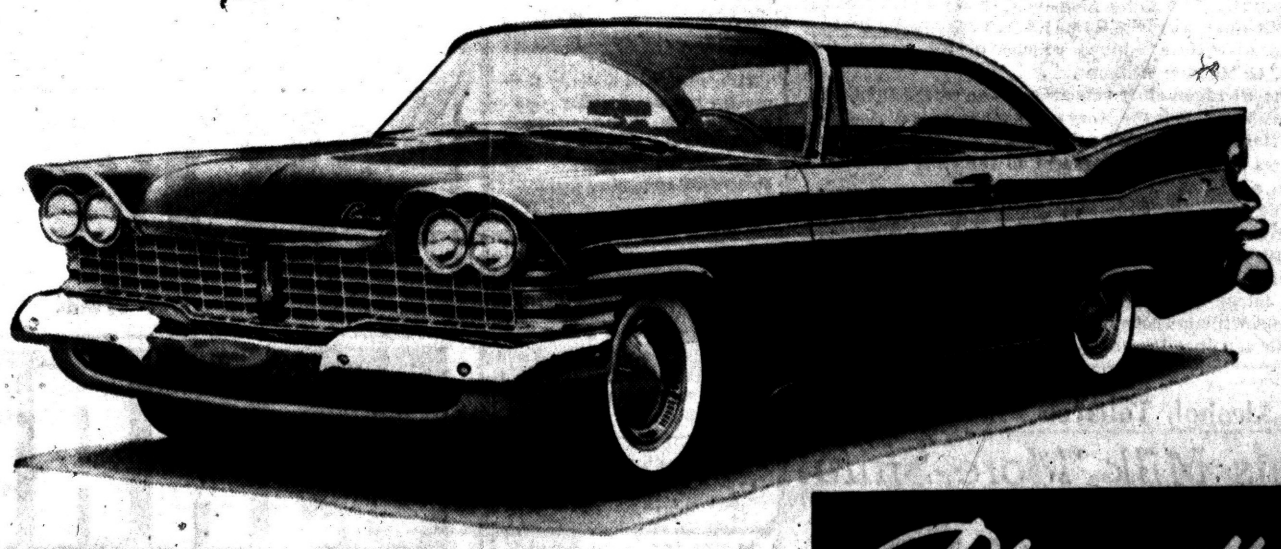

HERE ARE THE MOBILGAS ECONOMY RUN FACTS:

- A Plymouth V-8 has just won its class in the Mobilgas Economy Run for the third year in a row. Ford and Chevrolet both finished behind Plymouth.
- Plymouth scored 21.15 miles per gallon.
- Winning Plymouth was a Belvedere 2-door hardtop, equipped with standard Fury V-800 engine and automatic transmission.
- Run was sanctioned by United States Auto Club and was impartial and carefully controlled.

HERE ARE WHAT THESE FACTS MEAN TO YOU:

- As a 1959 Plymouth owner, you can expect economical operation in your everyday driving.
- As a 1959 Plymouth owner, you're driving the car that registered better gas mileage than Ford or Chevrolet in the 1959 Mobilgas Economy Run.
- As a 1959 Plymouth owner, you can also expect outstanding performance (Plymouth's winning V-8 is the biggest standard engine in its class).

Plymouth's low prices, low upkeep, high resale value and proven gas economy make it the year's best economy buy in its class. And Plymouth delivers the Big Difference in style, ride, performance, features and comfort, too! A "Two-Mile Try-Out" will prove it, so take yours today!

Announce 1959 Scholars of Seniors at Walled Lake

By SALLY COLLINS

Co-valedictorians this year at Walled Lake High School are Kathy Irons and Tom McClelland each of whom have a 3.97 scholastic average throughout high school. Salutatorian is Frank Crawford with a 3.94 average.

Kathy, who lives at 3451 Oakleaf, Westacres, is the daughter of Mr. and Mrs. William Irons.

She is a member of the Chess Club, Viking Staff, and is secretary of the Latin Club. A member of the National Honor Society, she plans to attend the University of Michigan and study psychology.

Tom, the other half of the Valedictory team, is the son of Mr. and Mrs. Harold McClelland of 45800 Pontiac Trail, Commerce Township. He is president of the Math Club and treasurer of the National Honor Society. For three years he has played baseball, and participated in debate and discussion and plays clarinet in the high school band.

In the fall Tom will attend Michigan College of Mining and Technology to study chemical engineering.

The Salutatorian, Frank Crawford, is the son of Mr. and Mrs. Frank Crawford of 704 Commerce Rd., Commerce. A musician, Frank plays bass in the school band as well as in the University of Michigan Youth Symphony, U. of M. Youth Band and the South Oakland Symphony.

★ ★ ★

He is a member of the National Honor Society, Math and Chess clubs, and the Pep Band. Frank also has participated in debate and discussion for three years. Plans to attend the U. of M. and study chemical engineering as a prerequisite to law.

LIST 49 SCHOLARS

Forty-nine out of a class of 281 seniors maintained at least a B (3 point) average throughout high school. They are, in order of their standing in the class, Kathy Irons, Tom McClelland, Frank Crawford, Carol Sommer, Nancy Gottschall, Susan Merkle, Sally Collins, Eric Brown, Hazel Mandilk and Judy Freeman.

Others are Barbara Parent, Virginia Slinker, Janet Rose, Susan Alm, Carol Hueston, Rosemary Kreza, Bill Havel, Louann Pirtle, Jim Mitchell, Marilyn Sawyers, Roberta Welch, Marianne Ketchum, Chris Fish, Shirley Sherwood, Joan Fagerlie, Sue Smith, Bob Reimer, Donna Carrigan, Linda Chabot, Martha Thibideau, and Sandra Cepel.

The list continues with Don Derby, Barbara Lea, Steve Hurlock, Martha Lamberson, Jack Stewart, Janet Haehnle, Paul Haight, Gerry Stephens, Gerry Sundberg, Valerie LaPiner, Barbara Terbeek, Rhele Diver, Gerri Schimmel, Joan Flowerday, DeAnne Genack, Gary Conrad and Dotty Cavin.

Bridge to Canada Approved by Army

SAULT STE. MARIE (AP)—A proposed site for an international highway bridge to connect Michigan and Ontario over the St. Marys River and Soo Locks has been approved by the Army.

The Army sent its approval here yesterday for a site about 125 feet downriver from the Present Rail Bridge.

Dewey Short, assistant secretary of the Army, said Army engineers found the site to be no obstruction to navigation and that Fifth Army Headquarters has given security approval.

The International Bridge Authority has made preliminary estimates that the bridge will cost about 18 million dollars. Financing plans are under way. A public hearing on the site was held here last August.

It has been proposed that Michigan build one bridge approach and Ontario the other.

Raps 'Republican Press'

NEWARK, N.J. (AP) — Democratic National Chairman Paul M. Butler last night rapped what he called "the Republican press" for its treatment of Michigan's financial problems.

"The Republican press," Butler said at a Jefferson-Jackson Day dinner, "has had a great deal to say about how the State of Michigan was in a financial jam supposedly because of the 'social-welfare minded policies of the governor of Michigan,' G. Mennen Williams.

"The Michigan story sets an all-time record for GOP irresponsibility. It is the story of Republicans ganging up in an effort to embarrass a Democrat (Williams) whom the voters of Michigan have sent to the state house six times in a row.

"People who look at the facts will realize that the blame for Michigan's financial difficulties lies with the Republican Legislature, not with Gov. Williams."

Butler made his remarks in a speech in which he praised the New Jersey administration of Gov. Robert B. Meyner. Meyner and Williams both have been mentioned as a possible Democratic nominee for president next year.

Lacks Alcohol, Tobacco 'Glamor'

Wants Milk 'More Sinful'

PITTSBURGH (AP) — Hubert Garrecht, president of the Milk Industry Foundation, says dairymen might sell more milk if a way could be found "to make it a little more sinful."

"The trouble with milk is that it is too much taken for granted," Garrecht said Thursday night at a meeting of the Greater Pittsburgh Dairy Industry Assn. "It lacks the glamor of tobacco and alcohol."

Disc Data and Chatter

Music in the Round

by Dick Saunders

FIVE ACES: We've got the closest race of the year this week, with the first four selections separated by only seven votes from area record shops.

Squeaking into first place is a tune that's been up and down for several weeks, "Pink Shoe Laces" (Dodie Stevens). A vote behind is "Happy Organ" (Dave Cortez), popping into the top five for the first time.

Third place goes to "Come Softly To Me" (The Skyliners) another point behind. Then, a slight gap and we have "So Fine" (The Fiestas) in fourth spot. Fifth place goes to "Three Stars" (Ruby Wright), a real tear jerking ballad dedicated to Buddy Holly, Big Bopper, and Richie Valens who recently died in a plane crash. This looks like a big one.

ODDS 'N ENDS: Columbia LPs issued the end of March contain a few tasty musical treats. If you like show music try "Curtain Going Up" (CL-1279), a collection of overtures from famous Broadway shows conducted by Lehman Engel.

For real international flavor three good LPs are "La Belle Epoque" (WL-140) by vocalist Patachou; "Ballare!" (WL-145), a collection of Italy's most popular songs played by Edoardo Lucchina and his orchestra; and a real oddity, "Fanfare!" (WL-147), the first recorded NATO musical program, cut in Holland, with musical units from a half-dozen countries participating.

If you like the unusual both in sound and recording technique, the next time you sample LPs at the record shop, ask for the latest Cook sampler "XX-3."

This may go down as the "Wide Range Disc of '59." From New Orleans Jazz to ballet music to Red Camp's clavichord solo, "Winstons Taste Good On The Clavichord," man, this is the widest and rangiest.

It even contains a "mystery instrument" which, if identified on enclosed contest slip, can win you a free Cook LP. There never has been an ampler sampler. Don't miss it.

Indian Leaves Hospital, Claims Age as 121

PHOENIX, Ariz. (AP)—An Indian scout who says he is 121 years old will probaby leave Phoenix Indian Hospital next week.

Sam Etchesaw, a Yavapai, claims to have captured Geronimo personally. Etchesaw, whose name means bird, is believed the last of the Army's Indian scouts.

★ ★ ★

Dr. Leland Hanchett, hospital director, said Etchesaw's main trouble is old age and some malnutrition. Otherwise, he says, he carries his years well.

Etchesaw always has been a little skimpy on details of catching Geronimo. But records show he served as a scout in four campaigns. Geronimo, the Apache chief, surrendered on the last.

★ ★ ★

Records also show Etchesaw got lost at least once. That was in downtown Phoenix in 1953, when he wandered from a store to which he had gone with a granddaughter.

State Senate Dems Get Silent Treatment

LANSING (AP) — The Senate Republican majority has moved to take some of the wind out of its windy resolutions, most particularly those submitted by Democrats mainly for political effect.

★ ★ ★

Under a change in Senate rules adopted yesterday, resolutions no longer will be read aloud by the secretary from start to finish, only by title.

This is tough on minority Democrats because nothing more generally is heard of their resolutions after the secretary finishes his reading chore. Top-heavy GOP committee majorities see to that.

A feeble protest came from Sen. Harold M. Ryan of Detroit, Democratic leader, who spoke of "deprivation of the senatorial prerogative."

★ ★ ★

"The only time a minority resolution ever sees the light of day is when the secretary reads it," said Ryan wistfully.

Paul Revere borrowed the horse on which he made his historical ride in 1775.

House Bill Asks 'Right to Know'

Measure Seeks Access for Public to All School Board Meetings

LANSING (AP)—A "right-to-know" bill to assure public access to school board metings was nearly ready for introduction in the House today.

★ ★ ★

It represented an attempt to correct objections to three similar measures defeated last year.

Rep. William Romano (D-Van Dyke), who sponsored one of last year's bills, said he would submit a measure to compel school boards to open their meetings to the public. Closed-door executive sessions would be permitted, but final action on any matter could be taken only at open meetings.

Similar legislation covering townships may be introduced if the need is shown.

★ ★ ★

Other laws already compel public meetings of city, county and state governing bodies, Romano said.

In its final form, the chief right-to-know bill in the 1958 session would have required open meetings of governmental bodies on state and local levels as well as school boards, legislative committees and like groups.

★ ★ ★

All, however, could have closed their doors if the public welfare was involved. The bill also permitted secret executive sessions for any purpose.

For the last seven years the unemployment-compensation system has paid out more than it has taken in through employer taxes in Alaska, and the new state's compensaion fund is $8,265,000 in debt to the Federal Government.

Drop Efforts to Move Gunaca Assault Trial

SHEBOYGAN, Wis. (AP)—Counsel for John Gunaca of Detroit said today he had abandoned efforts to have a felonious assault trial for the former United Auto Workers organizer moved out of Sheboygan County.

Atty. David Rabinovitz said he would not petition Circuit Court for a change of venue.

As a result, Gunaca, 35, now a bartender, will go on trial Monday in Circuit Court on charges of beating two non-striking Kohler Co. wrokers in 1954.

Gunaca successfully fought extradition to Wisconsin for more than four years on the grounds that he would not get a fair trial in Sheboygan. He finally agreed to extradition late last year and has been free under $7,500 bond.

The Kohler strike which began in April 1954, is still in progress.

Invited to Name Top Patrollers

Washington Trip Set for Williams Lake and McConnel Members

McConnell School in Pontiac and Williams Lake School in Waterford Township have been invited by Automobile Club of Michigan to name their top safety patrol members as official delegates to the 23rd National AAA Safety Patrol Rally in Washington, D.C., in May.

★ ★ ★

The youngsters will join 100 other outstanding patrollers from 85 Michigan communities for a four-day, all-expense trip as guests of the Auto Club, May 7-10.

"The schools were selected by members of our safety consultant staff on the basis of activities and efficiency during the past year as shown on monthly reports," Ernest P. Davis, Auto Club safety director, said. The schools will choose their top patrollers in the next two weeks.

The patrollers will gather in Detroit May 7 and entrain for Washington where they will spend two full days meeting leading government officials and seeing famous and historic sites.

★ ★ ★

Climax of the annual rally is the march down Constitution avenue of over 30,000 patrol members from across the country.

The giant parade, which includes television and movie celebrities, is the largest held annually in the Capital city.

The Washington trip is sponsored annually by the Auto Club to honor Mchigan's 50,000 safety patrollers for outstanding service to classmates at 2,200 schools. Near-2,500 youngsters have made the trip since 1936.

Steals Woman's Car After Shooting Her

MARION, Ala. (AP)—The wife of a prominent cattleman was shot Thursday and left lying in the street while a young gunman sped away in her car.

Mrs. T. I. Leverett, about 45, was in serious condition from a gunshot wound in the neck and powder burns.

★ ★ ★

Police Chief T. O. Harris said an alert was broadcast for Jimmy Morrison, 20, of Marion. He said Mrs. Leverett told him the gunman shot her and fled after leaping out of an office window at her husband's stockyards.

'Booms' Will Increase, AF Says

Don't Get Rattled, Frisco!

SAN FRANCISCO (AP) — San Franciscans, exasperated by sonic booms for three consecutive days, got this word today from aviation experts:

Learn to live with the problem — it will get worse.

That applies to any place where aircraft fly faster than the speed of sound.

★ ★ ★

"No one has the secret for dispersing the pressures that cause such vibrations," said Dr. Max Heaslet, head of the National Aeronautics and Space Administration's theoretical aeronautics branch. "I'm quite sure in saying that."

★ ★ ★

"We've known for a long time that a plane traveling horizontally at supersonic speed — in excess of 650 miles an hour at 35,000 feet — will induce a sharp pressure disturbance on the ground," he said.

Manville's Sister Leaves Him to Clocks

NEW YORK (AP) — Tommy Manville, the much-married millionaire, was left two clocks by his late sister, Clare Lorraine Manville, it was disclosed by a copy of her will filed Thursday in Surrogate Court.

Miss Manville, who died last March 8, left the bulk of her 3-million-dollar estate to her daughter, Lorraine Manville Amato.

Miss Manville herself was married four times, her brother 10 times.

In leaving Manville two jeweled clocks, the sister declared in her will: "Although I have deep love and affection for my brother, I have intentionally omitted leaving any of my estate to him . . . because he has ample funds of his own."

★ ★ ★

Among other bequests were a number of art pieces to the Metropolitan Museum of Art, and $25,000 to Miss Manville's chauffeur, Raymond Hoctor.

Mailmen Let 8 Blocks of Homes Go to the Dogs

WEST MEMPHIS, Ark. (AP)—Eight scattered residential blocks were turned over to the dogs by postmen who said they have been bitten once too often.

★ ★ ★

The postmen — four of them—cited a federal postal regulation which says that they cannot be required to deliver mail where dogs are a threat.

Fairy Tale Wedding Over, but Bills Remain

By PHYLLIS BATTELLE

TOKYO — By the time this is read in America, the fairy tale wedding of the prince and the commoner will be over — and nothing left but the bills (for 111,111) and the banquets (for 1,700 dignitaries).

His Imperial Highness Prince Akihito will have communed with his ancestors about the time the Midwest was eating Thursday night supper.

★ ★ ★

His bride, heavy with 12 layers of bridal robes, will have become a princess while New York commuters ordered a swift 6 o'clock martini.

The couple will have concluded their ceremonial process and retired to the prince's palace, while America watched the late-late shows.

But as this is written in Tokyo, the excitement is just beginning to rumble into a state of alarm—like the first sliding sounds of an earthquake.

The streets of this largest city in the world are almost paralyzed. It seems, with pedestrians and autos whizzing from poster to poster and ceremonial balloon to balloon, gazing at portraits of the lady tennis player and the "cha buta." (Cha buta means "brown pig," has been applied to the crown prince since his school days, though no one explains why; they only giggle and say it is a term of endearment).

More than 1,000 police are brushing their uniforms. Horses are being curried to to Simoniz sheen. Autos are being Simonized to a curry. Even the shrimp in the shimi (raw-fish eateries) are flexing their feelers.

Only time the prewedding hypertension has let down was for a brief period when the Academy Award winners were announced on radio and TV.

★ ★ ★

The Japanese are fierce movie fans, the Hollywood star being second only to the rising sun — and Susan-san and David-san momentarily beat out the royal competition in the newspapers.

The wedding is only the beginning of harried excitement for Michiko and Akihito. Through the end of April, they will be constantly appearing as honor guests at banquets, officiating at Shinto rituals.

$650,000 PALACE

Sooner or later, however, it is certain that the prince and the bride who is of the people will settle down in a new $650,000 palace, and lead a life that is considerably more social and democratic than any domestic duo in the history of Japan's 2,000-year dynasty.

The prince has ordered nursery rooms to accommodate at least three children in the new imperial residence, and it is believed that by the time he and the missus become emperor and empress, there may be even more than a trio of little "emps."

One need only look at the crowds swarming toward the palace at this moment to realize — it's an old Japanese custom.

WRAPPED IN TRADITION — Like travelers from another century, these children of the Amish sect start the long walk home from school in fancifully-named "Bird-In-Hand," Pa. Clad in somber, homemade clothing, the youngsters are prohibited by their beliefs from riding the school bus with their classmates.

Dancing Studios May Come Under State's Scrutiny

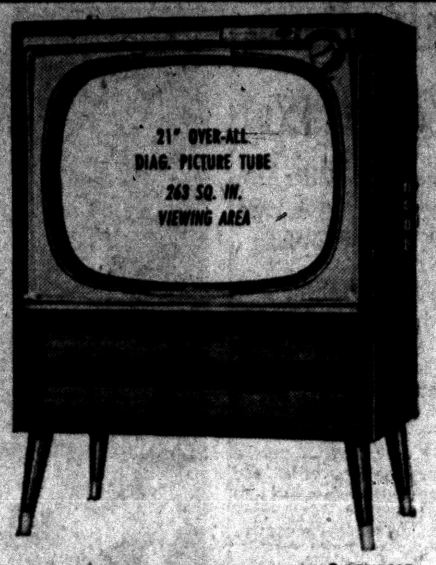

LANSING (AP)—The state Senate is thinking of looking into dancing girls.

Sen. Charles S. Blondy (D-Detroit) offered a resolution calling for a special committee to investigate operation of dance studios in Michigan.

Blondy said the study would determine if the studios should be licensed.

He noted that Michigan citizens spend hundreds of thousands of dollars to learn new dance steps and some have been sold two or three lifetime memberships "for exorbitant fees."

Blondy also said there have been a rash of suits against dance studios by students dissatisfied with methods used to obtain long contracts.

'Plane Went Down Fast'—Wyman

Letter Left in Lighthouse Clue to Airman's Fate

SAULT STE. MARIE (AP)—A letter written by an airman after his plane went down in Lake Huron indicated he may have lost his life attempting to reach shore from a lighthouse 11 miles out on a reef.

Officers at Kinross Air Force Base, however, drew no immediate conclusions today from the letter written by Master Sgt. William J. Wyman of Batavia, N. Y.

Wyman disapepared Feb. 22 on a flight in his own plane from Batavia to Kinross AFB where he was being transferred. The last word from him was on a stopover at Saginaw Airport.

The letter was found yesterday at Spectacle Reef Lighthouse in Lake Huron, 11 miles due east of Bois Blanc (pronounced Bob Lo) Island by Capt. John German of the Coast Guard cutter Mackinaw. German turned it over to Kinross officers.

Wyman wrote, "Right now I am deliberating whether to stay here or cross the ice."

The lighthouse was left unmanned at the close of the Great Lakes navigation season in December. The Mackinaw stopped there yesterday preparatory to the reopening of the season.

★ ★ ★

The letter was written in longhand and addressed "To whom it may concern." There was no date on it. It said:

PLANE WENT DOWN

"At 1705 (5:05 p. m.) my plane went down 400 kilometers out at 035 to 050 degrees. I was one mile northeast of here at 5 000 feet when my engine quit dead.

"I tried to make it in but landed in the water. At that time there were large open areas of water. I did not try to land on the ice as it did not look thick enough. Also I wanted to get as close to this light as possible.

"The plane went down in about two minutes after it landed. Before it did it floated close enough to a floe for me to jump. The ice was not over two inches thick. Another large body of water separated me from the light so I waited.

"Suddenly the wind shifted to the northeast. The ice I was on started to move. At the very last moment one quarter of the ice grounded against the ice packed around the light. My ice floe broke up fast so I ran for the light. I got ashore but was wet from falling in. My clothes froze before I could get the door open.

"Once inside I used your towels and overshoes to keep from freezing. About 2100 (9 p. m.) I got your stove lit. I hooked up the batteries and lit your warning lamp. The radio receiver worked but the transmitter was dead. I didn't know enough about it to make it work. I have used the batteries until they are going dead.

NO ANSWER TO SOS

"I sat up last night sending out SOS calls by blinking the main light.

"Right now I am deliberating whether to stay here or cross the ice. From the chart I will have 11 miles to travel. The ice looks very bad. There are large water holes, thin ice which has been broken into pieces by the wind yesterday. There is hardly any wind today. We have had two freezing nights, so I ought to make it in about four hours. I want to go now because it is nice weather.

"Also I did not file a flight plan, so no one will look for me for another two or three days. The weather may be bad again.

"I have made a mess of your building. I hope you will forgive me. I am going to take some equipment with me, binoculars, coat, hat, blanket, etc.

"I will turn them in to the United States Coast Guard soon as I get ashore.

"Signed, Master Sgt. William J. Wyman (USAF 32852484), 11 Vine St., Batavia, N. Y."

Elizabeth Taylor Due for Throat Surgery

LAS VEGAS, Nev. (AP)—Elizabeth Taylor says she will enter a Hollywood hospital next Wednesday for minor throat surgery.

She has been suffering from a streptococcus infection in her throat and doctors told her it will be necessary to remove scar tissue.

She said she expected to be in the hospital only overnight but will remain in Hollywood for four days for treatments by a throat specialist.

The actress has rented a dude ranch house here while her fiance, Eddie Fisher, sings at a hotel.

Lindemer Says Morton Chairman GOP Needs

LANSING (UP) — Republican state chairman Lawrence Lindemer today boosted Sen. Thurston Morton (R-Ky) for the post of national party chairman to replace Meade Alcorn who resigned.

Lindemer said the Michigan men mentioned as possible candidates for the job removed themselves from consideration.

"Sen. Morton appears to us to have all the attributes of leadership which the Republican Party needs at this time," he said.

2 Women Tops in Mobilgas Run

47 American Cars on Economy Trip Average 19.4 Miles Per Gallon

KANSAS CITY, Mo. (UPI) — Women drivers won two first places and narrowly missed a third in the 23rd Mobilgas Economy Run which ended its 1,898-mile course at Kansas City yesterday.

★ ★ ★

But men proved they too have a light foot on the gas pedal and won four of the six class events.

No sweepstakes award was given this year and winners were measured in miles per gallon rather than in ton miles per gallon as in past economy runs.

The 1959 run, longest in the history of the event, began last Sunday in Los Angeles. Entrants drove through desert sun, rain and mountain snow along the way.

★ ★ ★

Much of the driving was at night. All cars were stock models and winners ran the range of the American auto industry.

Average miles per gallon for all 47 competing cars was 19.4396 miles per gallon. Male drivers averaged 19.4595, slightly better than the 19.3925 miles per gallon women's average.

In the compact car class, a Rambler American won with 25.2878 miles per gallon, best mark of any car in the run. It was driven by Woody Bell of Los Angeles. All competing cars were entered by or through West Coast groups.

WINS IN CHEVY

The six-cylinder low price class event was won by pert, pony-tailed Mary Hauser with 22.3788 in a Chevrolet Biscayne.

Pierce Venable in a Plymouth Belvedere won the low price eight cylinder class with a 21.1548 miles per gallon.

Patricia Jones won the low medium price class event with 21.7454 miles per gallon in a Dodge Cornet.

★ ★ ★

Art Chrisman, in a Ford Thunderbird, won the upper medium price class with 19.1301 miles per gallon but less that one pint of gasoline separated the three top finishers.

A Cadillac sixty-six made a success of its first year in the race and won the high price class with 19.0352 miles per gallon. Driver was Jim Parkinson.

Mel Alsburg Jr. won the Mobilgas Run two years in a row, but he placed second in the high price class this year.

Former Editor Takes Public Relations Post

DETROIT (UPI)—William S. Lampe, former managing editor of the Detroit Times, has entered the public relations field in an executive capacity.

Lampe, more recently editor of the Pittsburgh Sun Telegraph, has joined Communications Counselors, Inc., public relations subsidiary of the advertising firm of McCann-Erickson, Inc., as a vice president in New York.

Lampe's appointment was announced yesterday. The subsidiary has offices in 10 cities.

In his executive editorial capacities with Hearst Newspapers Lampe was managing editor of the Detroit Times from 1942 until 1955 when he became editor of the Pittsburgh Sun Telegraph. He occupied the Pittsburgh newspaper post through 1957.

SHE'S A CHARMER — Cindy Lee Carr last night was crowned "Miss Boys' Club" of 1959. Posing proudly with the new beauty queen is her brother Earl, a Boys' Club member who sponsored his sister in the contest. The beauty contest is one of the highlights of the local observance of National Boys' Club Week.

Pontiac Boys Club Crowns Young Queen

Miss Cindy Carr, age 2, last night was crowned "Miss Boys' Club" at the annual Boys Club beauty contest, one of many special observances during National Boys Club Week here.

The new queen of the Boys Club was sponsored by her brother Earle Carr, a member of the Club.

Cindy, of 54 N. Jessie St., has brown hair, brown eyes. Her measurements are 36-28. That is, she's 36 inches tall and weighs 28 pounds.

Her four ladies-in-waiting — all beauties in their own right—were Diane Michele, 4, of 760 Bow Lane; Deborah Lyn Van, 4, of 2121 Old Lane Dr., Kimmie Ann Moore, 2, of 193 Michigan, and Roselee Hall, 3, of 5975 Dwight St.

Cindy was crowned by Linda Ashley, Miss Boys Club of 1958.

Every little queen in the contest was presented with a gold locket.

The crowned beauty carried home a bride doll with measurements much like her own and each lady-in-waiting received a beautiful doll as a memory of her first beauty contest.

Judges of the contest were Mrs. Glenn Griffin, Mrs. Richard Fisher, Mrs. Peter Hoogerhyde, Mrs. Richard Furtney, and Mrs. Peter Petroff.

The master of ceremonies was Mrs. Phillip E. Rowston.

An eager gallery of some 250 friends, family and beauty enthusiasts applauded the lovely contestants.

A gala carnival tomorrow afternoon will end the observance of National Boys Club Week.

Find Area Man Dead in His Smashed Auto

A Bloomfield Township salesman was found dead in his car this morning by State Police from the Erie Post near Monroe.

Troopers said Lawrence C. Nelson, 47, of 269 Colonial Way, Bloomfield Township, apparently failed to see a deadend sign at the intersection of Erie and Strasburg roads, 10 miles south of Monroe. His car plunged through the intersection into a creek.

Police are continuing their investigation. They believe Nelson died of injuries received in the smashup. His car crashed into the creek bank and came to rest in about one foot of water.

It is not known what time the accident occurred or whether Nelson died immediately.

Bus Line, Union Stalled on Talks

Coaches Running but Strike Threat Backs Wage Demands

Pontiac buses continued to run today, although negotiations on a new contract between drivers and maintenance men and Pontiac City Lines, Inc., came to a temporary halt last night.

The drivers have threatened to strike to back their demands for higher wages.

Yesterday's negotiating session continued until 9 p.m., then adjourned without any date scheduled for a future meeting.

"The union's demands were throughly reviewed," said Earl Dreasher, Pontiac City Lines manager. "The company is available to meet again whenever the union wants to."

The annual contract expired March 31. Yesterday's was the first post-contract negotiating session. Meanwhile, as in the past, buses have been running while negotiations on the new contract proceed.

Mayor Phillip E. Rowston said his special committee to avert a strike was ready to meet with the drivers anytime. There's been no meeting yet, he said.

The committee was formed Tuesday at the request of the Pontiac Area Chamber of Commerce.

Waterford Gets Chlorination OK for Watkins Hills

Waterford Township officials have received final approval from the Michigan State Health Dept. to proceed with chlorination treatment of water in the Watkins Hills subdivision, according to Township Clerk James Steeterlin.

For more than a year, the 150 residents in the subdivision have complained of the high iron-oxide content in their water, and all efforts to control the problem have failed.

Although the iron is not detrimental to the health of users, it has plugged water lines and jammed the meters, requiring constant repair service, Seeterlin added.

"The iron content is twice as high in the Watkins Hills water system as in any other township well," he said.

The new equipment is expected to cost some $2,000. Bids will be asked on the project.

Payment for the equipment, installation and maintenance will be asked of Watkins Hills subdivision residents, Seeterlin said.

Pontiac Girl Burned Trying to Light Stove

A 10-year-old Pontiac girl was burned yesterday when she attempted to light a stove that exploded at her home.

Barbara Jean Cabil, daughter of Mr. and Mrs. Robert L. Cabil, of 62 Clovese St., was treated at Pontiac General Hospital and released.

She suffered first degree burns of the face.

Suspect Arson in Blaze

Forest Fire Under Control

BENTON, Tenn. (AP) — With the help of light rain, fire-fighters today gained control of a big blaze, apparently started intentionally, that threatened the southern end of the huge Cherokee National Forest.

Estimates of burned over land ranged from 1,000 to 2,000 acres.

Pat Int-Hout, assistant supervisor of the 600,000-acre forest, said crews were mopping up to insure the fire doesn't break loose again. Continued scattered showers were forecast.

The raging blaze in the southeast corner of Tennessee near the North Carolina and Georgia borders was believed by Rangers to have been set by a firebug and asked the FBI to help investigate.

★ ★ ★

At least 15 deliberate "sets" were discovered during the afternoon and early evening, Int-Hout reported.

The flames were battled uncontrolled for more than 12 hours by federal and state rangers, crews of the Bowaters Southern Paper Corp. and about 500 volunteers.

A newsman at the scene reported last night that "those men could be burned to death at any minute because as fast as they can dig a fire line, arsonists set a new fire behind them."

Wind and dense smoke hampered tower watchers seeking to warn the ground crews of encircling fires.

April Car Output Best in 4 Years

577,000 Autos Plus 111,000 Trucks Slated for This Month

DETROIT (UPI) — The best April production record in four years is on tap for the automobile industry — both passenger cars and trucks, Ward's Automotive Reports says.

★ ★ ★

A total production schedule of 577,400 passenger cars and 111,000 trucks is projected for the month, topping March figures of 576,085 passenger units and 109,801 trucks.

Ford and American Motors are responsible for the expected increase in total industry production of passenger cars during April over March. Ford is scheduling an increase of more than 3,00 units and American Motors is boosting its production schedule nearly 5,000.

General Motors is cutting back more than 5,000 units, Chrysler is holding almost steady, and Studebaker-Packard is dropping a few hundred units.

★ ★ ★

Planned truck production for April was 1 per cent higher than March, and the best monthly volume for any month since November 1955 and the best in April since April of 1955.

★ ★ ★

It would also boost 1959 production for the first four months to 419,590 trucks, compared with 302,380 in the same period last year.

Over $8.5 billion was spent on construction of new and maintenance of existing highways in the United States in 1957. Live better by far with a brand new car.

Pontiac Trooper Louis Girard to Be Transferred

A Pontiac State trooper was among the 26 state police officers who will be transferred to other posts, according to orders from State Police Headquarters in East Lansing today.

Trooper Louis A. Girard will go to the Grand Rapids Post. Taking his place will be trooper Marvin E. Anderson, who will come to Pontiac from the West Branch Post. The transfers will be effective May 15.

Girard came here in May 1956, after graduating from the State Police Training School. He is a native of Bay City.

Girard, 28, and his wife have two children. They live at 1671 Eason St., Waterford Township.

There are over 2,300,000 prewar cars in operation today. Live better by far with a brand new car.

First 7 U.S. Spacemen Family Men in 30s, Average Height, Slender

WASHINGTON (AP)—Three Air Force jet pilots, three Navy men and a Marine have been picked by the government as the Americans best equipped to attempt space flight. Their names are announced today.

One of them two years hence may orbit the earth at an altitude of 100 to 150 miles in the first satellite flight. The others probably will take similar space rides in the months following.

The seven chosen from a rigorous selection program, testing both physique and personality, are:

ORCHARD LAKE PUPILS TOUR PLANT—Robin Neal, 10-year-old daughter of Mr. and Mrs. Joseph B. Neal, 6280 Commerce Rd., Orchard Lake, points to a part of assembly operation at Dodge Assembly Plant in Detroit during a tour of the plant by 30 fifth and sixth grade pupils of the Scotch School in Orchard Lake. Her father is manager of the plant.

Navy Lt. Malcolm S. Carpenter of Garden Grove, Calif. Carpenter is 33.

Air Force Capt. Leroy G. Cooper Jr., 32, of Carbondale, Colo., and Seattle.

Marine Lt. Col. John H. Glenn, 37, of New Concord, Ohio.

Air Force Capt. Virgil I. Grissom, 33, of Mitchell, Ind.

Navy Lt. Cmdr. Walter M. Schirra, 36, of Hackensack, N. J.

Navy Lt. Cmdr. Alan B. Shepard Jr., 35, of East Derry, N. H.

Air Force Capt. Donald K. Slayton, 35, of Sparta, Wis.

The seven volunteer astronauts, who may ride a Mercury satellite, are all men of moderate height and slender build.

When their names were disclosed, they were lined up on a stage in the National Aeronautics and Space Administration Auditorium before reporters and photographers.

★ ★ ★

The work would be difficult, the seven said, but not too dangerous.

Were they worried? Hardly. Did their families approve? Heartily.

Were they happy about it? Delighted to get on the team. From the relative obscurity of military jet flying, the seven were catapulted into the status of public figures.

Barring a Soviet first, one of them will gain fame as the first man to orbit the earth two years from now. The others are to follow him.

★ ★ ★

All seven are white and Protestants. They are not extremely religious, but said they are sufficiently so that their Christian faith would help sustain them through the rigors of their new profession.

All emphasized that their wives endorsed the new careers, and that those of their children old enough to understand were enthusiastic about it.

Shepard said he wanted to discount the idea that the Project Mercury experiment would be extremely hazardous. He said no attempt to orbit will be made until the safety probability is higher than that for the routine test flying all the men have been doing in their military planes.

Biographies given the newsmen showed that Carpenter, a native of Boulder, Colo., where his mother lives, is the father of four children. His father, a retired chemist, lives at Palmer Lake, Colo.

Cooper, the father of two daughters, is married to the former Trudy Olson of Seattle and is the son of a retired colonel, who lives at Carbondale, Colo. Cooper is a native of Shawnee, Okla.

Glenn, red-headed, 5 feet 10½ inches tall, 180 pounds, has two children. His wife is the former Anna Margaret Castor of New Concord, Ohio.

Grissom, 5 feet 7 inches tall, brown-haired and weighing 155 pounds, has two sons. A sister, Mrs. Joe Beavers, lives in Baltimore.

Schirra, 5 feet 10 and weighing 185 pounds, has two children and is married to the former Josephine Frasier of Seattle. His parents, Mr. and Mrs. Walter M. Schirra, live in Honolulu, where his father, a World War I air ace, is a civil engineer with the Air Force. Mrs. Schirra is the daughter of Mrs. James L. Holloway, wife of Adm. Holloway, who is commander-in-chief of the northeastern Atlantic and Mediterranean area.

Shepard, 5 feet 11, and 160 pounds, is married to the former Louise Brewer of Kennett Square, Pa. They have two daughters. Shepard has a sister, Mrs. Pauline Sherman, who lives in Montclair, N. J.

Slayton, 5 feet 10½ inches and weighing 160 pounds, is married to the former Marjorie Lunney of Los Angeles. They have one son.

Dr. T. Keith Glennan, NASA administrator, introduced the seven fliers to newsmen, saying "these are the nation's mercury astronauts."

He said that as a result of the long and careful selection process these seven men have "superb adaptability to their coming flight."

Glennan said that these men will train for their space flight for probably two years.

He said that neither the men nor NASA knows now which of the seven will be the first space astronaut.

The spaceship in which the men will travel, Glennan said, "will be as reliable as we can devise, as reliable as any experimental aircraft."

The seven future astronauts wore business suits instead of the uniforms of their military services.

They were trim-figured young men, lean jawed, tanned, looking like what they are—airplane test pilots.

Dr. Randolph Lovelace, head of the selection team, and head of the laboratory where much of the testing was done, said the men had been through a very tough period.

He said they were all highly intelligent and highly motivated, and the job of the selection team was "relatively easy."

Lovelace added that all of them are "family men" and said, "I am not worried about their ability or power to accomplish the job given them."

Jimmy's Dog Misses Out on Bone Find

SARASOTA, Fla. (AP) — If Jimmy Steckley's dog Perk likes bones as well as most dogs do, he should have stuck closer to his young master.

★ ★ ★

Jimmy, 13, an eighth-grader, was looking for Perk Thursday when he stumbled on what appeared to be the bones of a mammoth, a prehistoric ancestor of the elephant.

Jimmy summoned his science teacher, Carl G. Zwerk, and some friends. They started digging.

By nightfall they had uncovered a leg bone, a pelvis, a skull, some teeth and some vertebrae.

★ ★ ★

Zwerk estimated the fossil's age at between 20,000 and 30,000 years.

Jimmy never did find Perk.

It's in Order to Offer Him the Money

By EMILY POST

"Dear Mrs. Post: I will be going to my school prom shortly. I have invited a boy, with whom I have been going out for the past six months, to be my guest. He is in the service at the present time and his finances are rather limited.

"After the prom a group of my friends are planning to go to a night club and I would like very much to go with them. Would it be proper for me to offer my boy friend a sum of money beforehand to take care of the expenses of the night club?"

Answer: Yes, quite proper under the circumstances, and I am sure he will accept, knowing that when he is again in civilian life he will be able to return your kindness.

"Dear Mrs. Post: A friend of mine gave me a very good-looking wallet for my birthday last week. Several days later when I went to transfer my things from my old wallet to the new one, I discovered that the zipper was broken.

"I would like to know if it would be proper to tell my friend about this and ask her to exchange it for another, or must I keep it and say nothing? I could use a new wallet and it seems a shame to let this one go to waste.

Answer: I think you might ask your friend where she got the wallet so that you can take it there to have a small repair made on it. Or, you might find a place where they will replace the zipper for you.

"Dear Mrs. Post: My husband and I had dinner in a restaurant the other evening and while we were waiting to be served, my husband spotted an old friend of his and his wife seated at another table. My husband left me and went over to their table and had a short visit with them. Wasn't it very rude on his part to leave me sitting alone?"

Answer: If he went over to shake hands and exchange a brief greeting, or possibly to ask what is their new address, he was not rude in leaving you alone for a minute or two.

Story Reeks of Mothballs—Abby

Wife Has Bead on This Fellow

By ABIGAIL VAN BUREN

"DEAR ABBY: I was called out of town by the death of a relative and was gone a week. When I returned I found some glass beads on the kitchen floor which surely had been from a broken string. They were clear glass and I have nothing like them in the house.

ABBY

"When I asked my husband about it, he said they were dried mothballs. Anyway they were round glass with a hole through the middle. Do mothballs come come that way? And if they do, don't they always smell like mothballs? Am I losing my mind or is he lying to me?" WIFE

DEAR WIFE: A man who can convince his wife that a glass bead is a dried mothball is a pretty good salesman. You are losing your mind only if you believe him.

★ ★ ★

"DEAR ABBY: My husband was sent to prison for four years and he doesn't believe I'll wait for him that long. We have two children and I don't intend to break my marriage vows. I love him very much and I am going to wait for him and remain faithful. How can I make him believe me and not lose faith in me? Please help me. I'm not very good with words. "A"

DEAR "A": You are magnificent with words because they express exactly what is in your heart. Your husband will never grow tired of hearing you say, "I love you, Darling, and I will wait for you." Say it again and again and again in every letter as often as you can write him. He'll believe you.

★ ★ ★

"DEAR ABBY: Maybe I am foolish but here's my problem. I'm in my 30s and I'm married and have four children, but there are certain things I cannot do. For instance when I am buying a dress, I don't like the saleslady in the dressing room with me. I am sometimes too shy to ask her to wait outside, so I won't try the dress on unless she offers to stay outside. Should I try to get over this, or do you think it is not so bad to be like I am?" VERY BASHFUL

DEAR VERY: You are a trifle over-modest, but there are many women who feel the same way. Ask the saleslady if she'd mind waiting outside. She'll understand.

Wash Face Often

Hands Off Those Pimples!

By JOSEPHINE LOWMAN
(The Friday Question Box)

Q. "My face is pretty oily and I have pimples. I am teen age. People tell me not to pick the pimples but I do. It helps for a couple of days but then I have a lot more. What can I do?"

A. In the first place stop picking the pimples. It is true that opening a pimple which has pus will help it dry up, but you are spreading the infection to other pores when you do so and this causes more pimples. Wash your face with soap and water several times a day on the oily portions. Use calomine lotion or alcohol on the pimples. See a skin specialist for advice if they do not clear up.

Q. "Many people tell me how big my feet are. Is there any way I can overlook being self-conscious when this is mentioned? Are there colors or styles which would make my foot look smaller? My foot size is number 10, triple A."

A. I think it is very poor taste in others to make such personal remarks. Do not let it bother you. Some of the most glamorous actresses have large feet. Actually yours are very narrow.

To minimize the length, avoid the very pointed toe. Any style which has crossways decoration or design will make the foot look shorter. Shoes with tailored or dressy bows slanting across the foot, will shorten it in appearance. Black will make the foot look smaller than any other color. Stick to black and dark navy blue or dark brown. The light or bright colors will make your feet look larger.

Q. "How can I make a bleach which will lighten the hairs on my arms?"

A. Add four drops of household ammonia to three tablespoons of peroxide. Pat this on with cotton and let it dry. Then rinse it off well. This should not be used near the eyes because of the fumes from the ammonia. Use a body lotion on your arms afterward.

Q. "Please tell me if I am overweight. I am 34 years old, 5 feet tall and weigh between 120 and 122 pounds. My bust measures 33 inches, waist 28½ and hips 36½."

A. You are not overweight but should exercise to increase the bust measurement and decrease the hip measurement.

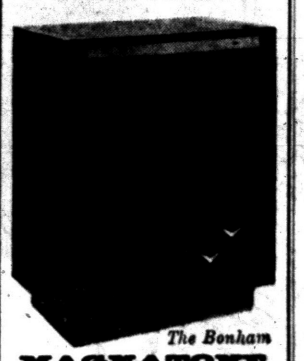

Q. "My husband and I have been disagreeing with one another. He says I need to gain weight and I say I don't. So, I told him I would write to you and get the right answer. I am 18 years old, 5 feet 2 inches tall and weigh 104 pounds. My bust measures 34 inches, waist 22 and hips 35. Please let me know who is right."

A. You did not say whether your build is small, medium or large, but even if it is small I must agree with your husband. You are underweight. Even with a small frame you should gain from five to eight pounds.

Willis PTA Hears Talks on Teaching Arithmetic

A discussion on teaching arithmetic was held at the meeting of Willis School PTA on Thursday in the school's multipurpose room.

Each staff member described a phase of the program at his teaching level and later answered questions. Paride Ninotti, principal presided.

Mrs. Mildred Porritt led group singing.

Past presidents were honored with gifts, presented by program chairman Mrs. Lawrence Ferman. Honored were Mrs. William Becker, Mrs. Howard Ervin and Mrs. Harrel Beebe.

Refreshments were served by mothers of Mrs. Belle Place's room. Cochairmen of the committee were Mrs. Theodore Washam and Mrs. Ezekial Fulgham. Assisting them were Mrs. Rex Cobb, Mrs. Albert Cox, Mrs. LaVern Knibbs, Mrs. Herbert Burnett and Mrs. William Trousdale.

Herrington PTA Sees Play on Mental Health

Herrington School PTA met at the school Wednesday evening.

"Mental Health" was the theme. A one-act play, "Scattered Showers," was presented, depicting three different mental behavior types. Mrs. Lester Davison, Mrs. John Vinette and Mrs. Karnik Mossoian played the three roles.

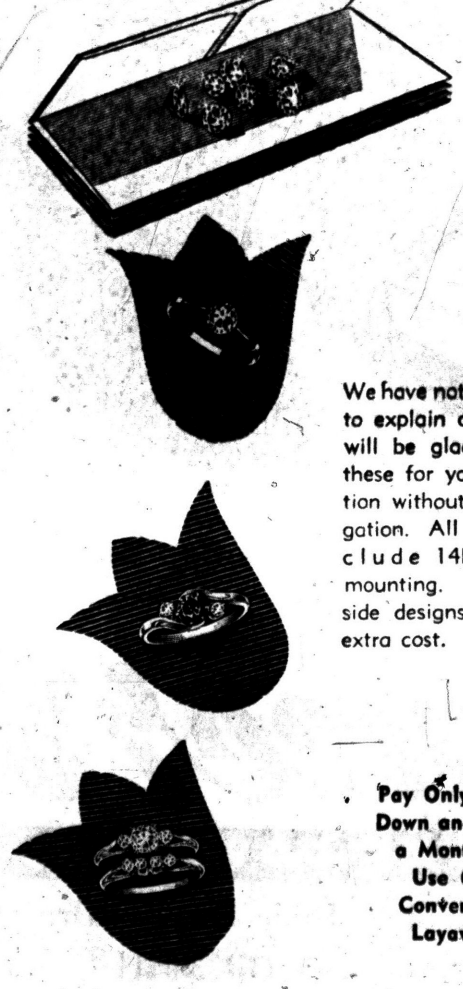

Refreshments were furnished by mothers of fifth graders and served by Mrs. Jane Reynolds, fifth grade teacher.

Paper to Give Yankus Look at Australia Life

CHICAGO (UPI)—Rebel farmer Stanley Yankus will look before he leaps from his Dowagiac, Mich., farm to Australia, the Chicago Daily News said.

★ ★ ★

The News will send Yankus and John Justin Smith, the newspaper's first assistant city editor, to Australia for a "sneak preview" of conditions in the land down under.

Yankus feuded with the U. S. Agriculture Dept. after he was forbidden to plant more than 15 acres of wheat on his 100-acre chicken farm.

Declining federal subsidies for the acreage he was told he could not plant, Yankus planted the wheat anyway and was fined more than $5,000 in penalties and interest.

★ ★ ★

He announced he would move with his wife and two children to Australia, and last Saturday sold his farm and most of his personal possessions for about $30,000 to finance the move.

Smith, who served 11 months in Australia during World War II, will take Yankus on a preliminary tour to see what his new home is like.

"He'll shake hands with farmers and factory workers, union men and government people," Smith said.

College Scholarship Plan Backed by State Asked

LANSING (AP)—A state-financed college scholarship program to cost at least $250,000 a year was proposed today in a bill readied for introduction by Rep. George F. Montgomery (D-Detroit).

The proposal, rejected last year, would award 500 one-year scholarships this year to graduates of Michigan high schools. Winners could attend any college or university in the state.

Value of the scholarships would range from $500 to $1,500.

Rep. Russell H. Strange Jr. (R-Clare) filed two bills to do away with unused, outmoded laws requiring tuition-free admission of Michigan residents to the University of Michigan and Michigan State University.

Forty-seven per cent of the cars on United States roads have automatic transmissions, according to latest available figures. Live better by far with a brand new car.

Hal Boyle Says:

'King of Swing' Celebrating Silver Jubilee

NEW YORK (AP)—"The country has grown up musically," said the King.

The King—"King of Swing"—is Benny Goodman, the first man in history to blow a million dollars out of a "licorice stick."

★ ★ ★

The great clarinetist, who will be 50 next month, is celebrating his silver jubilee as a ban leader this year. He will kick it off tonight in a hour-long "Swing into Spring" program over the CBS-TV network.

★ ★ ★

Looking back over a crowded quarter of a century, Goodman mused during a rehearsal break.

"Musical taste hasn't changed so much as you might think,' he said. "Classical music is bigger than it ever was. Jazz—or swing—is too. Mood music is bigger than ever.

"The variety and quantity of music is simply unbelievable. And it is going to get even bigger."

Benny himself was one of the greatest factors in taking jazz out of the gin mill and into the concert hall and worldwide acceptance as a musical art form. He took a naked jungle rhythm and put it into a dress suit. He was the first to bring to it a classic precision. He civilized it.

★ ★ ★

He came up the old-fashioned way—the hard slow climb. Benny was eighth in a family of 11 children. His father was an immigrant tailor. At 9 he started playing with two brothers on instruments borrowed from a Chicago syngogue. His bigger brother got the tuba. Another older brother got the trumpet.

"The only thing left for me was the clarinet," he recalled. "If I had been 20 pounds heavier and two inches taller, perhaps I'd be playing a tuba or trumpet today."

At 10 Benny made his first public appearance, an imitation of Ted Lewis playing "When My Baby Smiles at Me."

For years he traveled the country playing with many bands, maturing his own style. It was a foot-loose time. Meals were sometimes hard to come by. Benny remembers filching milk bottles from Manhattan doorstoops with the late Glenn Miller.

But somewhere along the way the boy with the promising talent turned into a man of authentic genius, a man with an almost terrifying dedication to his music.

He started his own band in 1934. The formidable look he turned on musicians who showed up late or blew a sour note led him to be known as "The Eye", or "The Ray."

In a year he and his band were on top. In 1938 his concert in Carnegie Hall became a landmark in the history of jazz.

Over the years his band grossed between 15 and 20 million dollars. There are between 1,500 and 2,000 Goodman recordings — "I don't have them all myself," he says—and some 50 million discs featuring him or bands or combos have been sold.

★ ★ ★

Behind his success is a single-minded drive to do something different and to do it perfectly.

"A man has to know what he wants to do and then try to become classic at it," said Benny.

★ ★ ★

"The public used to think of musicians as irresponsible and music as a precarious field.

"But music isn't so precarious. Look at some of the people who have lasted in it—Ella Fitzgerald, Peggy Lee, Lionel Hampton, Guy Lombardo, Harry James, Gene Krupa. And it's easy to name a lot more."

Of the thousands of musicians he has known he thinks perhaps the greatest was the legendary trumpet player, Bix Beiderbecke, who died in 1931 at the age of 28.

"He gave me the greatest kick," said Benny. "I got more feeling from what he did than from any other player."

Like most pros, Goodman does not have a favorite tune. But here are his nominations for the five greatest jazz numbers:

"Honeysuckle Rose," "The One O'Clock Jump," "Take the 'A' Train," "Stopping at the Savoy," and "King Porter's Stomp."

Rear coil springs for automobiles were introduced by the automotive industry in 1937. Today's cars ride easier than ever. Live better by far with a brand new car.

Flint Will Sell Buicks in Street

FLINT (AP)—In a drive to stimulate demand for Buick automobiles, a full day's output of the local assembly plant will be offered for sale on the city's main street.

The sale, sponsored by the two local Buick agencies and the city's Chamber of Commerce, will be staged in a carnival atmosphere in a five block section of Saginaw street to be closed for April 24 and 25, the days of the event.

Offered will be 336 cars with an estimated worth of more than a million dollars. The cars will be ready for delivery when they are driven to the outdoor sales area. Only license plates will remain to be attached.

Special sales also will be staged by merchants in other lines to attract people to the car display area.

Many Tall Tales and Records in Baseball Annals

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

There have been a lot of tall tales, funny stories and interesting records stacked in the annals of Major League baseball and many of them will stay in the game's libraries even after the Earthmen play the Marsmen in the first annual Series for the Inter-Planetary championship.

The "Hitless Wonders" of 1906

Did you know that on June 9, 1908 every player on the field for the Cleveland Indians came up to bat, got a hit and scored a run in the 5th inning against Boston?

★ ★ ★

Did you know that on October 1, 1933, Nick Altrock won the distinction of being the oldest player ever to play in a Major League game? The ex-pitcher, then coach with the Senators, made a brief appearance on the mound two weeks after his 57th birthday.

STOLEN BASE ON UMPIRE'S FROG

One of the funny stories told is the day that Fred Clarke, player-manager of the Pittsburgh Pirates stole home without knowing it.

It happened in 1906 against the Cubs. The bases were full, Clarke was on third base and the count was 3 balls and a strike.

The Chicago pitcher threw to the batter and the umpire did not utter a sound. Clarke, assuming the throw was a ball, walked in and touched the plate as the batter tossed his bat and headed for first. Suddenly the umpire yelled, "Strike 2." Everyone on the field stared with a shock.

"There was a frog in my throat and I couldn't get a word out," explained the embarrassed official.

Since time wasn't called, the umpire had to rule Clarke's run was good and he was credited with a stolen base by just walking home.

GROUND BALL OVER THE FENCE

To prove that anything and everything happened in Brooklyn, there is the tale about the ground ball which climbed the fence for a homer.

That was in 1916 when George Cutshaw, Dodger second baseman broke up a game against the Phils in extra innings. His hot grounder went into right field, hit an embarkment and actually climbed the fence.

Devore Steals 4 Bases in 1 Inning

The Phillie outfielder watched it teeter at the top, then drop into the stands. It was the only time that a ground ball ROLLED outside a fenced park in the Majors for a homer.

THE HITLESS WONDERS OF 1906

The 1906 Chicago White Sox were called the amazing "hitless wonders." There wasn't a .300 hitter on the team and the team batting average that year was only .228, poorest in the league.

Yet the White Sox enjoyed a 19 game winning streak, won the pennant and defeated the Cubs in the World Series.

DEVORE WAS A BASE THIEF

When it came to base stealing, Josh Devore of the 1912 New York Giants had one distinction. In the 9th inning against the Braves, Devore got to first, then stole second and stole third.

The Giants had a big inning and Josh came up once more. He got to first again, then stole second and third.

Pppplay Bbbball! Yells Shivering Umpire at Tigers' Opener

Chilly Weather Greets Detroit Baseball Crowd

Bunning - Pierce Face Each Other for 2nd Straight Opener

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

DETROIT — The familiar cry—"play ball" — heard across the country today, was yelled by umpire Charley Berry at Briggs Stadium this afternoon where the Tigers opened the 1959 campaign against the Chicago White Sox.

You couldn't blame Berry or any other umpire behind the plate in Midwest Major League cities today for stuttering slightly in giving out with the traditional cry. The temperatures for the umps called for long underwear and for the spectators top coats.

Despite the forecasts of inclement weather, a crowd of about 37,000 moved into the stadium with Jim Bunning of the Tigers and Billy Pierce of the White Sox facing each other for the second straight year in the opener.

Bunning was last year's winner at Comiskey Park, 4-3. This is Detroit's first season opener at home since 1956 when Frank Lary lost to Kansas City 2-1 on a cold windy day.

★ ★ ★

Yesterday the Tigers and the White Sox both went through batting drills in the stadium. The ground was mushy, but thanks to some dye, the grass was mid-summer green.

Larry Doby, who will start in left field today in place of Charley Maxwell, hit the third deck in right field with a drive during the morning workout yesterday.

Bunning was undisturbed about today's chilly breezes. "This isn't as bad as the opener I pitched in Charleston in 1956," he said, "it was 29 degrees that day, and somehow I won."

★ ★ ★

White Sox manager Al Lopez came back with a "can you top this" story. "We opened at Philadelphia once and it snowed all during the game," he said.

The Tigers had a "new look" in the starting lineup with the entire left side of the diamond making its first appearance in Detroit. Doby in left, Eddie Yost at third base and Rocky Bridges at shortstop were all obtained in trades over the winter.

Manager Bill Norman, who maintained all during the Grapefruit Circuit season that the success of the Tigers this year depended on a fast start, would like to start on the right foot today.

★ ★ ★

"Every game counts," he said, "and there's something extra special about winning the opener."

Norman sees the club to be much improved over last year with more experience at all positions.

Lopez also indicated he wanted to get a faster start than he did last year when the White Sox wallowed in the second division for a long time before making their move and finishing second far behind the Yanks.

Lopez said he would use Dick Donovan (15-14) and Early Wynn (14-16) in the remaining two games of the series in Detroit.

Exchange Pitchers

NEW YORK (AP)—The New York Yankees Thursday shipped pitcher Mark Freeman to Kansas City in return for pitcher Jack Urban, who went to the Yanks' farm at Richmond in the International League.

SPORTS

Even Veterans Thrill to Opening Day

AP Wirephoto

CHEWING SESSION—The cheeks of two new Tigers, shortstop Rocky Bridges and third baseman Eddie Yost, were bulging with tobacco as they took the field at noon today for batting drills prior to the season's opener at Briggs Stadium.

Only Memories Alive for Some at Trail's End

Maglie, Trucks, Nixon Are Missing as Majors Hit Full Stride

From Our Wire Services

This is the day when even the veterans thrill to the emotions of playing under baseball's big top and yet for a few it is, suddenly and unexpectedly, only a day of memories.

Even those who can see the end of the baseball road annually go south feeling that they can stretch it one more year. Some of them hang on precariously, stringing out the days of their glory.

But always a humbled handful are gone from the big league bench when the season gets under way as it does generally today.

The vanquished this time include Sal (The Barber) Maglie, a man who ran out of comebacks; Virgil (Fire) Trucks, who once threw a ball through the proverbial brick wall, and Willard Nixon, long a pitching standby with the Boston Red Sox.

★ ★ ★

Time and physical impairment are threatening three others who will be sitting disconsolately on the sidelines as the campaign opens. The fabled Ted Williams is benched with a pinched neck muscle which could presage the end, while lean Curt Simmons of the Phillies and chubby Herman Wehmeier of Detroit are on the disabled list with no certainty of the future.

With Cincinnati and Washington ruling the roosts, the pennant races really get rolling today.

In the National, Milwaukee's defending champion Braves sent southpaw Warren Spahn (22-11) against the Pirates' Bob Friend (22-14) at Pittsburgh. The Los Angeles Dodgers picked Don Drysdale (12-13) against the Cubs' Bob Anderson (3-3) at Chicago.

★ ★ ★

Two night-game openers find the San Francisco Giants at St. Louis with Johnny Antonelli (16-13) opposing the Cards' Larry Jackson (13-13), while the Reds' Don Newcombe (6-13) faces the Phillies' Robin Roberts (17-14) at Philadelphia.

In the American League, the world champion New York Yankees start the long haul for their 10th pennant in 11 years under Casey Stengel with Bob Turley (21-7), last season's pitcher of the year, facing Tom Brewer (12-12) of the Boston Red Sox at Yankee Stadium.

The Chicago White Sox selected Billy Pierce (17-11) to meet the Tigers' Jim Bunning (14-12) at Detroit. Gary Bell (12-10) was Cleveland's choice against Bob Grim (7-7) at Kansas City. Baltimore and Washington are idle.

Lightweights Signed

LONDON (AP)—Boxing promoter Harry Levene said Thursday he has signed Willie Toweel of South Africa to fight Carlos Ortiz of New York for a 10-round lightweight fight here May 12.

Bertoia Homers, Baltimore Pulls Triple Play

Nats Trip Orioles, Reds Stop Bucs

By The Associated Press

It no doubt will be a short-lived prosperity but for one day, at least, the Washington Senators are leaders in the American League pennant race.

With Vice President Nixon among the viewers in 90-degree weather at Washington's Griffith Stadium, the Senators handed the Baltimore Orioles a 9-2 thumping to officially send the 1959 American League season on its way.

In the senior circuit, Pittsburgh castoff Bob Purkey shackled his former teammates as the Cincinnati Reds chalked up a 4-1 victory over the Pirates at Cincinnati's Crosley Field to get the National League campaign under way.

The Orioles performed a triple play but that was one of their few moments of success in the traditional Washington opener.

★ ★ ★

After Vice President Nixon threw out the first ball, the Nats breezed past the Orioles behind the stout pitching of Pedro Ramos to take 1st place ahead of six other AL teams who haven't played yet.

Harm Killebrew and Reno Bertoia supported Ramos' hurling with 4th-inning home runs, each with a mate aboard.

It was Purkey, now 4-0 against his old mates, who gave the Reds their first victory last year, too, and that also was a 4-1 decision against the Bucs. Yesterday's job was the first opening-day success in five years for the Reds, a darkhorse entry this season under new manager Mayo Smith. They were fourth last season.

The Orioles pulled off the first opening day triple play in major league history.

Boyd started the triple play, snaring Ed Fitzgerald's liner in the fifth inning, doubling Roy Sievers at second and then hustling back to first to get shortstop Chico Carrasquel's return peg that caught rookie Bob Allison.

Opening Day Highlights

PLAY BALL! — Vice President Richard Nixon substituted for President Eisenhower in throwing out the first ball at Griffith Stadium yesterday where the Senators defeated the Baltimore Orioles, 9-2.

HOT DOG! — Take me out to the ball game for those good old hot dogs and David Eisenhower, 11-year-old grandson of the President, takes the saying in stride as he munches on a hot dog at the Washington opener yesterday.

AP Wirephoto

TRIPLE PLAY — Outfielder Bob Allison of the Senators vainly tries to get back to first base, but he was the third out of a triple play pulled by Baltimore in the 5th inning yesterday. The play started when Oriole first baseman Bob Boyd grabbed a line drive, threw to second to get Roy Sievers and took the relay to get Allison at first.

American Assn. to Start 58th Campaign Saturday

DENVER (AP) — With three new cities, five new managers and any number of hopeful rookies from the lower minors, the American Assn. turns loose the first pitched ball in its 58th baseball campaign Saturday.

The association this year is trying something never before attempted except in the lower classification leagues—a 10-club circuit.

The three new cities were until this season long-time members of the Class AA Texas League. Droped from the American Assn. after three seasons was Wichita, Kan., the Milwaukee Braves switching their franchise to Louisville.

The Minneapolis Millers, Junior World Series champions in 1958, will open the season against the Houston Buffs at Houston Saturday night.

★ ★ ★

In Sunday afternoon contests, the Omaha Cardinals will clash with the defending champion Charleston Senators at Charleston. The Indianapolis Indians will meet the Louisville Colonels, the Denver Bears will play the Dallas Rangers at Dallas and the St. Paul Saints will meet Fort Worth in the Cats' bailiwick.

League President Ed Doherty announced earlier that the league would operate in two divisions, with three Texas cities, Omaha and Denver in the Western and the others in the Eastern.

However, each team will play 18 games with each of the others and its won-lost percentage will be based on all games, not just those with teams in its own division.

The pennant winner will be the division leader with the better percentage. After the final games of the regular season Sept. 9, the two division leaders will meet the runners-up in the first round of the "Doherty Kriss-Kross" playoffs.

★ ★ ★

The semifinal victors then will meet to decide the association contender against the International League winner for the Junior World Series.

Managers new to association crowds this year are Stan Hack at Denver, Joe Schultz at Omaha, Lou Klein at Forth Worth, Rube Walker at Houston and Fred Martin at Dallas.

Suit Thrown Out in Ring Death

ALBANY, N. Y. (AP)—The state's highest court Thursday threw out an $80,000 damage award made in the death of boxer George Flores, who was injured fatally in a Madison Square Garden fight in 1951.

The Court of Appeals voted 4-3, to uphold a lower court finding that the state does not insure those who engage in the "dangerous sport" of boxing.

The three dissenting judges said Dr. Vincent Nardiello, who examined Flores before the bout, was negligent in permitting Flores to fight.

Flores, a 20-year-old welterweight, died after he was knocked out by Roger Donohue in the eighth round of their bout Aug. 29, 1951.

Conley Leaves Court for Camp

PHILADELPHIA, (AP) — The Philadelphia Phillies, basketball playing pitcher, Gene Conley, will head for Florida soon to get in shape.

Conley, who plays for the Boston Celtics of the National Basketball Assn., during the off-season, was with the Celts last night when they won the NBA championship against Minneapolis. He went to Boston after the game.

The Phils' announced today that Conley will spend from 10 days to two weeks at their camp in Leesburg, Fla., and then will come north to rejoin the team.

Kuharich Gets 1st Look at Irish Team

SOUTH BEND, Ind. (AP) — This is picture-taking day at Notre Dame, where new head coach Joe Kuharich suits up his football candidates for the start of spring drills.

Practices officially open tomorrow and Kuharich plans to greet about 100 hopefuls.

Photographers will take over today. Most of their attention probably will center on 13 returning lettermen, the smallest group of the post war period.

Rose Bowl Talk Gets 'M' Okay

Board Approves Big 10 Action to Negotiate for Renewal

ANN ARBOR (UPI)—The University of Michigan's Board in Control of Intercollegiate Athletics has approved the Big Ten's action to negotiate for a renewal of the Rose Bowl agreement.

The board also approved sending a representative to the April 25-26 meeting in Minneapolis of the newly formed Western Collegiate Hockey League. The meeting was called to review the terms of the league agreement.

Michigan previously voted not to join the new hockey group under the present terms of the league's organization. The board said eligibility and academic requirements were too loose and wanted them tightened up before joining.

The board voted against a Big Ten action whereby the age limit for alien athletes would be lowered from 20 to 19. In recruiting, the board turned down a provision that would allow one paid visit to the campus by a prospective athlete.

Rossi and Ryff in Syracuse Bout

SYRACUSE, N. Y. (AP) — Paolo Rossi, who boasts a punishing left hook, goes against comeback-bound Frankie Ryff in a 10-round lightweight fight tonight in the War Memorial Auditorium.

The 30-year-old Rossi, a native of Italy now living in New York, was favored to whip Ryff in the nationally televised bout (NBC) at 10 p.m. EST.

Rossi, fourth ranked in the 135-pound division, hoped that a victory would give him a crack at champion Joe Brown.

Auto Prexy Backs Daytona Decision

INDIANAPOLIS (AP)—The president of the U.S. Auto Club said Thursday he was in complete agreement with a decision to cancel a July Fourth 300-mile race for speedway type cars at the Daytona International Speedway.

"Calling off the race is a wise move under present circumstances," said USAC President Thomas W. Binford.

"In fact, our group asked that the race be postponed or cancelled to give us more time to study the entire situation."

The Daytona race was called off Tuesday after an evaluation of last Saturday's race in which George Amick of Rhinelander, Wis., was killed when his car somersaulted on the last lap around the 2½-mile, high-banked, asphalt track.

Four Favorites Today Starting Zaharias Open

BEAUMONT, Tex. (AP) — Louise Suggs Marlene Bauer Hagge, Mickey Wright and Betsy Rawls were the favorites today as the $6,000 54-hole Babe Zaharias open golf tournament entered its first round.

Heavy rain forced cancellation of a pro-amateur tournament yesterday and prevented the 31 members of the ladies PGA testing the par 73 Beaumont Country Club course. Good weather was anticipated today, however, and the course is expected to be in good shape.

Louisiana State was the fourth national champion football team to play in the Sugar Bowl since 1940.

Dick Metz Fires 67 to Lead Lake Charles

LAKE CHARLES, La. (AP)—Old pro Dick Metz snipped five strokes off par with a 67 on a soggy course Thursday to take the first round lead in the $5,000 Lake Charles Invitational Golf Tournament.

The 50-year-old Fort Worth, Tex., tournament veteran, defending the title he won in a sudden death playoff last year, turned in a card that showed 33-34, including five birdies and only one bogey.

Many Tales in Baseball

(Continued from Page 24)

This gave him four stolen bases in one inning.

12 RBI'S IN ONE GAME

First baseman Jim Bottomley of the St. Louis Cards set a Major League mark on Sept. 16, 1924 by driving in a dozen runs in one game.

He batted six times, getting two homers, three singles and a double and accounted for 12 RBI's.

FOUR ERRORS ON SAME PLAY, BY ONE PLAYER

Mike Grady of the New York Giants had an odd claim to fame. In 1895, playing third base, Grady booted a grounder for an error. When he recovered the ball he heaved it 10 feet wide of first for error number two.

As the runner headed for third, the first baseman recovered the bad throw and threw to Grady at third. He dropped the ball for error number three, and as the runner started home he picked up the ball and whizzed it five feet over the catcher's head.

Grady's claim to fame—his four errors on one batted ball.

OTHER INTERESTING TALES AND RECORDS

In 1928, pitcher Ray Boggs of the Cubs hit three straight batters in one inning . . . On September 11, 1936, Athletics' pitcher Horace Lisenbee allowed 26 hits himself in a 9 inning game . . . On August 28, 1909, Bill Gray of the Senators couldn't find the plate. He walked eight men in one inning.

★ ★ ★

Then there was that dismal day in Flatbush, June 2, 1903. The Dodgers played the Pirates three times in one day and lost all three.

★ ★ ★

The Chicago White Sox played the Tigers on May 6, 1906 and in 9 innings the Sox committed 12 errors . . . On June 17, 1943, Joe Cronin of the Red Sox pinch hitted two home runs in a doubleheader one afternoon against the Athletics . . . Relief pitcher Ed Rommel gave up 29 hits and still won a game on July 10, 1932. It was an 18-17 Athletic win over Cleveland in 18 innings.

Baseball record books are filled with such happenings. The 1959 chapter has begun.

Forgives Boy Who Stole It

Youthful Yankee Fan Has Scrapbook Back

MIAMI, Fla. (Am) — A scrapbook filled with pictures of baseball heroes and an 11-year-old fan of the New York Yankees were reunited today.

The scrapbook was taken from a parked car Saturday by a boy who later returned it with a letter signed "a very sorry 10-year-old, James."

★ ★ ★

It was claimed at the Miami Herald sports department yesterday by Mel Szatmary, who was more or less adopted by the Yankees three years ago when he lost his right eye.

Mel popped a big bubble with his bubblegum, grinned and said "thanks" when he regained the big book filled with pictures of Mickey Mantle, Gil McDougald, Yogi Berra, Phil Rizzuto and Whitey Ford.

Mel said he was happy to get it back and quite ready to forgive the boy who took it.

★ ★ ★

A playmate accidently threw a dart that struck Mel in the eye several years ago. Doctors operated but they could not save it.

Mel's dad, a Perth Amboy, N.J., housepainter until he moved to Miami two months ago, knew some of the Yankee ball players personally.

When Mel was in the hospital, Rizzuto visited him several times. Billy Martin and Mantle wrote him personal letters.

★ ★ ★

In the scrapbook, Mel also had a picture taken with a girl. The girl called him a "sweet boy" and put her arm around his shoulder.

Her name—Kim Novak of the movies.

"But I like baseball players best," said Mel.

Boston Brings NBA Playoffs to Conclusion

Minneapolis Is Beaten 118-113 for 22nd Loss in Row to Celts

MINNEAPOLIS (AP) — Boston's irresistable Celtics, pro basketball kings again, had a rosterful of heroes to salute today and none more worthy than Frank Ramsey and Bill Sharman.

★ ★ ★

Ramsey and Sharman delivered the knockout wallop against Minneapolis last night in a 118-113 Celtic victory that brought the National Basketball Assn. title finals to a merciful conclusion.

It meant a four-game sweep of the finals for Boston, the first such shutout in the NBA, and $12,000 in the players' till. Minneapolis collected $7,000, but still is looking for its first victory over Boston since March of 1957, a span of 22 games.

★ ★ ★

Sharman, one of the gilded old pros of the NBA, rolled back the Lakers' last-stab overture early in the fourth period last night and Ramsey slammed the door for keeps in the waning minutes.

★ ★ ★

It was appropriate that the former Kentucky star should be in on the kill. Through 11 games of the Eastern and championship playoffs he had come off the bench time and again either to light a fire under the Celts or put one out that the opposition had started.

Sharman bagged 29 points, Ramsey 24 and Tom Heinsohn 23. Elgin Baylor, once more playing with the form that made him a terror in the Western playoffs, hit 30 for the Lakers.

★ ★ ★

The game evidently was Laker coach John Kundla's valedictory to NBA coaching. An announcement was due from the University of Minnesota today on the Gopher coaching vacancy, and all reports indicated Kundla is the man.

★ ★ ★

Behind Vern Mikkelsen, Baylor and Bob Leonard the Lakes kept it close all the way last night, trailing only 64-62 at halftime and 88-87 at the third quarter turn. Baylor prodded the Lakers into the lead at 95-93 early in the fourth quarter but Sharman and Ramsey took over here and escorted Boston out of danger.

Titans Score 9-3 Win Over U. of M.

ANN ARBOR (AP) — The University of Detroit, paced by Art Spanguola's three-run homer, defeated Michigan 9-3 in a baseball game here yesterday.

Spagnuola, with three hits out of five times at bat, drove in six of the Titans' runs.

★ ★ ★

Michigan collected its three runs in the first inning on a pair of singles, an error, a sacrifice fly and a hit batsman.

Ring Officials Talk Title Fight to Sugar Ray

NEW YORK (AP)—Middleweight champion Sugar Ray Robinson met again Thursday with Madison Square Garden officials to discuss terms for a possible summer title fight with Carmen Basilio.

The Garden officials, President Ned Irish and boxing director Harry Markson, said there still is "a bit of difference" between them and Robinson on money.

★ ★ ★

They will meet with Robinson again early next week.

Robinson said he would be ready to fight in July, August or September if the deal is made.

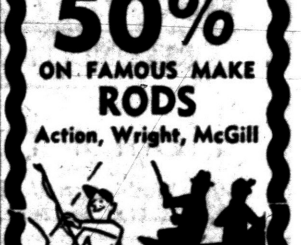

The 28-ear-old champion has been warned by the state athletic commission to sign for a defense against Basilio, a former champion, by noon April 15 or face loss of his title.

Detroit Swimmer Dethroned

Three Women Retain AAU Swim Titles; Record Set

WEST PALM BEACH, Fla. (AP) —The best women swimmers in the nation went after more records today in the second of the three-day women's senior National AAU indoor swimming and diving championships.

The competition is being held at the Howard Park outdoor pool where the water temperature is in the high 70s under a bright sun. Five more events will conclude the meet tomorrow.

Last night three defending champions retained their titles, one lost and a fifth gave up her title by default.

★ ★ ★

Sylvia Ruuska, 16-year-old girl swimming for the Berkeley, Calif. YMCA team, set a new record in the 400-yard individual medley last night at 4:58.2. The old national record—set for this competition — was 5:03.5 and the American record was 5:00.8.

The record was broken four times during the day, once by Becky Collins of the Riviera Club Indianapolis, in 5:01.6. She was second to Miss Ruuska last night in 4:58.6.

Carin Cone of the University of Houston team won the 200-yard backstroke in 2:20.2. It was her fourth straight.

★ ★ ★

Susan Ordogh of the Seattle, Wash., Athletic Club, retained her title in the 250-yard breaststroke in 3:24.3. Becky Collins was second in 3:24.4.

Shirley Stobs, 16-year-old swimmer from the Miami Shores Country Club, won the 100-yard freestyle in :57.7. The former champion was Chris Von Saltza of the Santa Clara, Calif., Calif., Swim Club, who could not defend because of illness.

Irene MacDonald of the Los Angeles AC took the one-meter diving title, dethroning Barbara Sue Gilders of the Detroit AC. Miss MacDonald, 24-year-old diver from Hamilton, Ont., had 414.15 points and Miss Gilders 412.85.

Kundla Appears Set for Move

MINNEAPOLIS (AP)—Minnesota names its new basketball coach Friday and if it isn't Johnny Kundla an army of guessers will be thrown into wild retreat.

★ ★ ★

All the speculation since Ozzie Cowles resigned last month has pointed to Kundla as athletic director Ike Armstrong's No. 1 choice for successor.

Kundla, coach of the Minneapolis Lakers, is known to be available. He is believed to be eminently acceptable to the school's administration.

★ ★ ★

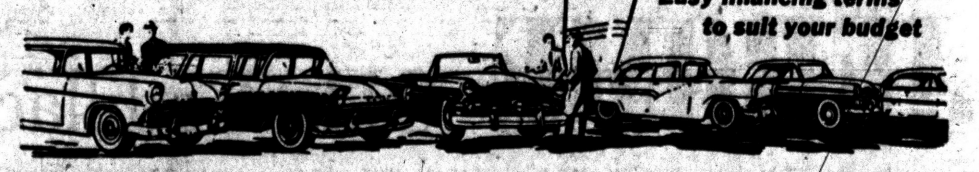

Armstrong's recommendation will go before the board of regents via President J. L. Morrill. The regents will act either at an open hearing in the morning or at a closed session later in the afternoon.

Ruth Loop Meets April 13

The Walled Lake Babe Ruth League will hold its first meeting of the 1959 baseball season on Monday, April 13, at Stonecrest in Walled Lake at 8 p.m. Next Monday's meeting is being held for all team managers and coaches plus anyone else interested in assisting with teams this year. Ray Chabot will be the new league president.

Do you get a real thrill out of buying a new muffler for your car?

We didn't think so. As a matter of fact, it bothered us, too, that mufflers last only a year or so.

So we made ours of heavy gauge steel that will really resist wear. Result: A muffler that costs no more, and is guaranteed for as long as you own your car.

We'll install your muffler in 15 minutes. No waiting. No installation charge.

The bowling pace keeps rolling right along here this weekend with two tournaments continuing while three of Pontiac's top teams are competing in the ABC at St. Louis.

An interesting race has been going on in the Elks Mixed Doubles with Arlette and Earl Hagan managing to hold off all comers each week thus far. Two more days will be coming up tomorrow and Sunday at Lodge 810.

Howe's Lanes will be hustling and bustling at the same time. That house has its annual singles tournament going with Ron Seabolt back as defending champion.

Huron Bowl and Montcalm Centre began competition in the ABC last night and were to continue today. West Side Recreation's team was slated to swing into action this afternoon for the 1st time.

★ ★ ★

Joe Bonfiglio, who lost his bowling alley but still keeps his team going, will be traveling on to Peoria, Ill., from the home of the Cardinals to participate in the big BPAA National Men's Doubles Match Game championship.

That event starts Saturday and continues through Tuesday with the Don Carter-Tom Hennessey tandem defending titlists. Joe is the only Pontiac entry. He will team with Flint star Mickey Hoydic. Hoydic averaged 210.3 in three Flint leagues featuring one 773 series. Bonfiglio will go back to St. Louis April 18 for the ABC Masters.

Speaking of tourneys, two of the busiest guys around these days are Randy Beedle and Bill Titus. Beedle is putting in plenty of time working out plans for the 2nd Tournament of Champions coming up next month sponsored by the Waterford Jaycees. Titus is handling plans for the Oakland County Mixed Singles event starting April 18 at Cooley Lanes. Bill must have all entries by one week from today.

SKIPPING AROUND

Famed Detroit star Bob Kwolek has expressed interest in joining Pontiac's 700 Chapter since he bowled an 800 series in the State Match Game Challenge Round at Huron Bowl . . . Airport Tavern came up with a 911 triplicate at Land-O-Lakes where Muriel Manzies recently rolled the 1st women's 600 of the season. She had a 225 game.

★ ★ ★

The two Social Katz teams are nip-and-tuck in the Women's Oakland County Employees loop with two others close behind . . . Sixth place Bob's Tavern belted 1st place Bud & Lou's cutting its lead to two points with one night remaining in the Bar & Tavern League at Pontiac Rec. . . . R. Sullivan fired 279 in Elks House where Club 99 leads by 1.

Add scores: E. Davidson 235 (1st Nighters), Del Collier 234—627 and Max Haddix 234 (Oxford), D. Grissom 264 and R. Calkins 254-602 (B & M), Ziggy Poplawski 247-254-215—716 (Royal Oak).

Other one point leaders are Team 6 (Montcalm Mixed) and Doc Miller's (Elks Ladies).

Carol Ryan Women's Titlist

Finkle Table Net Champion

Floyd Finkle and Carol Ryan were crowned city champions last night as the Pontiac Table Tennis Association held the final round of its annual tournament at Pontiac Central.

Finkle defeated Junior Men's winner Dave Barnhart 21-12, 21-18 and 21-13 for top honors. Miss Ryan won out over Marilyn Feldman, 21-11, 21-17.

In the other major division, Ron Beckman and Sid Dickstein collaborated to whip Adolph Magnus and Dick Kuhn for men's doubles honors whip 21-14 and 21-18 triumphs.

The other champions:

Senior Men's Doubles—Perc Secord and Roy Dorris defeated Al Jankie-Vic Corpron, 22-24, 23-21, 21-15.

Senior Men's Singles—Secord whipped Ira Silvers, 21-11, 21-11, 21-8.

Mixed Doubles—Secord and Miss Ryan downed Silvers and Lila Kitchen, 21-17, 21-18, 21-16.

Junior Men's Singles—Barnhart tripped Bruce Martin, 21-16, 21-17.

Boys' Singles—Bob Walton defeated Bob Powers, 21-18, 21-17.

Novice Women — Marilyn Feldman nipped Lila Kitchen, 21-18, 21-19.

Redskins Reject Rental Proposal

WASHINGTON (AP)—The Washington Redskins have turned down the terms for rental of a proposed municipal stadium.

The attorney for the National Football League team said the owners would pay no more a season than 15 per cent of the first $200,000 in receipts, plus 10 per cent of the excess.

The Armory Board, which is responsible for building and operating the stadium, has offered a lease based on 15 per cent of the first $400,000, plus 10 per cent of the excess.

High Jumper Thomas Hobbling on Crutches

BOSTON, (AP) — Boston University high jump sensation John Thomas bobbled to classes on crutches today, free of a weighty cast on his left foot.

The cast was removed yesterday from the takeoff foot of the 18-year-old freshman, who stirred the track world with a record leap of 7 feet, 1¼ inches during the indoor season. He injured the foot March 24 in an elevator accident.

Gary Occidental Ace

One-Armed Star Plays Several Sports Well

LOS ANGELES (AP) — Have trouble doing things with two arms?

Here's what Nelson Gary Jr. does with only one:

He plays right field for the freshman team at tiny Occidental College, has several swimming medals and basketball letters, plays golf and shoots a sharp game of billards.

He also gives exhibitions of hitting, pitching and fielding for crippled and underprivileged children. Last September, he was elected president of his class at Occidental.

★ ★ ★

Gary lost his right arm in a tragic accident as a baby. The incident that changed his life, he recalls, was a meeting with "a man who could neither read nor write, yet he did something for me that nobody else could do because, like me, he has only one arm."

The man was Pete Gray, who played 77 games as an outfielder with the old St. Louis Browns in 1945.

★ ★ ★

Gary's father read about Gray and decided his son should meet the outfielder. Gray was with Memphis of the Southern Assn. when he met Nelson. He was so touched by the youngster's interest that he banged out five hits, including a home run, the night he met Nelson. Later he taught the youngster the tricks of the game.

Nelson put Gray's tutoring to good use. He started in junior sandlot league baseball and had an amazing record as a pitcher. Then he went on to Van Nuys High School, where he excelled in several sports and graduated in the top five per cent of his class.

★ ★ ★

Occidental Coach Grant Dunlap, a former major leaguer, says of Gary:

"He has excellent balance at the plate. He never seems to get off balance and he strikes out less than anybody on the team. He hits consistently, and they are line drives. He has a fine arm and throws well.

"He can catch the ball and get rid of it as fast as any outfielder we have. He's also a better than average basketball player."

What has baseball done for Gary? His answer:

"It has given me the realization that I can do anything as well as anybody else and maybe a little better in some cases."

Valley Champs Feted Tonight

Pontiac Central Quintet to Receive Awards From Press, C. of C.

The Pontiac Central High School basketball team, Saginaw Valley Conference champions for the 1958-59 season, will be honored tonight at a banquet in the PCH cafeteria at 6:30 p. m.

Trophies and numerous other awards will be presented to coaches and players alike and Forrest (Forddy) Anderson, head basketball coach at Michigan State University, is scheduled to be the principal speaker.

Tonight's honor dinner is being sponsored by the City Chamber of Commerce in cooperation with The Pontiac Press. The C. of C. and the Press will present all awards.

The Press will hand out individual awards to each member of the varsity squad in addition to head coach Art Van Ryzin and assistant coach Fred Zittel.

All-County trophies from the Press are slated to be delivered to John Bandy, Charley Barge and Harrison Munson and Van Ryzin will receive the Press County Coach-of-the-Year trophy, which he won for the 2nd time in the last three years.

A giant team trophy, emblematic of the Valley title, will be awarded to the school by the C. of C. as a permanent addition to the PCH showcase and the Chamber also has a gift for Van Ryzin.

The Chiefs won the Valley crown for the 2nd time in three years and finished the regular season as the state's No. 1 team with a 14-1 record. They were eliminated in the semifinals of the state prep th esemifinals of the state prep tournament and wound up with an overall mark of 18-2.

Motorcycle Races Scheduled Sunday

The Thunderbird Motorcycle Club of Detroit has scheduled the area's first scramble races of the year this Sunday afternoon at the club's new Indianwood racing circuit directly off Coats Road 10 mile north of Pontiac.

The Thunderbirds have announced that signs will be posted on Baldwin Avenue to indicate the route to the racing grounds. Races will be held in three classes — heavyweight, lightweight and novice. Starting time is 2 p.m.

A good turnout of riders is expected and racing points are at stake in the Michigan Scramble Association. There will be a 50-cent donation fee for adults, children are admitted without charge and parking is free.

Morse Joins Packers

MUSKEGON (UPI)—Jim Morse, who played two years in the Canadian Football League following his graduation from Notre Dame has signed a contract to play with the Green Bay Packers next fall, he said today. He was a star at Muskegon St. Mary's High in his prep days.

Montreal Slaps Down Leafs, 5-3

AP Wirephoto

GUESS WHO? — It didn't take Mickey Mantle long to find the range at "home" in Yankee Stadium today where the Yanks were facing the Boston Red Sox. Mantle, hitting in the batting cage in pre-game warmups, parked his first warmup-hit into the right field stands.

Bonin's Tally Breaks 3-3 Tie of Slow Game

Canadiens Are Sluggish in Opening Contest of Cup Finals

MONTREAL (AP)—The Montreal Canadiens were safely launched today on their bid for an unprecedented fourth straight Stanley Cup title thanks to the spark supplied by Marcel Bonin.

For two and a half periods Thursday night a crowd of 14,870 saw a routine affair between the Canadiens and the Toronto Maple Leafs. Then the irrepressible little leftwinger chopped in the winning goal and set up the insurance marker with a cooly calculated pass to give the Canadiens a 5-3 win.

The tipoff to the humdrum aspects of this first game in the best-of-seven final playoff came in the comment of the coaches.

★ ★ ★

Both Toe Blake of Montreal and Punch Imlach of Toronto were critical of their teams.

Blake said, "Some of the guys didn't seem to have any legs."

Imlach said his Leafs didn't hustle and fight enough.

The closeness of the score all the way failed to pull the crowd out of its apathy. Henri Richard and Ralph Backstrom scored for Montreal and Dick Duff and Billy Harris for the Leafs in the opening period.

★ ★ ★

It was as close through the second. Andre Pronovost moved Montreal in front and Ron Stewart pulled the Leafs even.

To the Leafs' credit, they outskated and outchecked the Canadiens in the first two periods.

They looked good enough to snatch this first game although they had only on day rest after knocking off Boston in a tough seven game semifinal.

The longer layoff for the Canadiens — who were carried six games before downing Chicago—appeared to have left them sluggish.

The game lacked the sparkle and spectacle of Stanley Cup play.

The game was enlivened in the closing minutes by a scrap between Henri Richard and Toronto's Bobby Baun. Each was given a major penalty for fighting.

Leads Greensboro Open

Fetchick Has Form Again

GREENSBORO, N.C. (AP)—Mike Fetchick, who says he'd like to settle down to a good club job in the New York area, may have to delay his plans to go into semi-retirement from tournament golf.

Going into today's second round of the $15,000 Greater Greensboro Open, Mike held a one-shot lead after a five-under par 35-31—66 initial effort.

★ ★ ★

He's been fighting a three-year slump that overtook him after he had won three 1956 tournaments and placed 13th on the money list with nearly $20,000 in earnings.

Playing in 12 previous tournaments this year, he has been in the money only three times and won less than $1,500.

His fine round gave him a one-shot edge over Billy Maxwell, former National Amateur champion from Odessa, Tex.

A traffic jam was shaping up at their heels. Four men had opening 68s, five had 69 and five more had 70s.

★ ★ ★

A combination of ideal weather and good course conditions resulted in 16 sub-par scores among the 122 starters.

Gonzales Retains Slim Pro Net Lead

NEW HAVEN, Conn. (AP) — Pancho Gonzales retained his slim lead in the world professional tennis tour Thursday night by defeating Mal Anderson 6-3, 6-4.

Gonzales now has a 22-9 record. Lew Hoad defeated Ashley Cooper in another match 6-3, 5-6, 6-3, to make his record 21-10.

In a doubles match, Gonzales and Anderson defeated Cooper and Hoad, 10-8.

Veterans Group Wants to Check Option of Negro

BOSTON (AP)—The American Veterans Committe of Massachusetts, Inc., today called for a "clear the air" investigation of charges of racial discrimination by the Boston Red Sox in the wake of the farming of infielder Pumpsie Green.

The AVC urged the probe by the Massachusetts commission against discrimination in a letter signed by its state commander and the legislative committee chairman.

The Boston chapter of the National Assn. for the Advancement of Colored People said after Green's option of 24-hour recall to Minneapolis of the American Assn., that the Red Sox practices indicate they "condone racial segregation and discrimination."

The Cincinnati Redlegs became interested in Roy McMillan, their regular shortstop, in 1947 after he turned up at a tryout camp in McKinney, Tex.

First Baseball Meeting Next Monday Night

The Pontiac Parks and Recreation Department is now organizing the men's City League baseball program for the 1959 season.

Team managers or representatives are requested to attend the 1st meeting of the year next Monday night at 7:30 in the Parks and Recreation office on the ground floor of City Hall.

Play will be conducted in two divisions this summer—Class A for top level competition and Class B for those players 18 or over who do not wish to compete in the upper bracket. Anyone wishing to enter a team in either the "A" or "B" division this season should come to the meeting.

Plans are also under way for the women's City League softball program. The 1st meeting for managers or representatives of teams desiring entry is set for next Tuesday evening at 7:30 in the Parks and Recreation office.

Bob Carlson Is Singles Champ in College Play at ABC Tourney

ST. LOUIS (AP)—Bradley's Fred Marcussen, with a six-game total of 1,182, won the all-events division in the first national intercollegiate bowling tournament last night.

Marcussen, a 21-year-old senior, rolled 617 in doubles and 565 in singles.

The intercollegiate meet was held in connection with the 58th annual American Bowling Congress tournament.

Robert Carlson of Michigan College of Mining and Technology was the singles champ with a 602. James Davis and Ed Puletz won the doubles title with a 1,167. Davis, 25, of Pace College in New York City, rolled 576. Puletz, 18, a freshman at Rhode Island, shot 591.

★ ★ ★

ABC competition yesterday produced the first 3,000 team score since March 22. Pennsylvania General Paper Corp. of Coatesville rolled 3023 amd Meyerland Homes of Houston, Tex., shot 3009. Neither team broke into the top 10 standings of the open division.

There also were no changes among the leaders of the singles, doubles, all-events and booster team divisions.

Seventeen days of competition remain in the 72-day tournament.

Col. George Simler, athletic director at the Air Force Academy, is a 1948 graduate of the University of Maryland. He captained the 1947 football team which tied Georgia in the Gator Bowl.

Figures Prove This One Rougher

Winter, Not Imagination

By The Associated Press

If you live east of the Rocky Mountains, it wasn't only your imagination that brought goose-bumps this past winter.

★ ★ ★

It was colder than usual from the Rockies to the Atlantic, with some areas averaging six degrees below normal temperatures.

Last winter with its colder temperatures was in contrast to the 1957-58 winter, during which much of the same area had above normal temperatures. (Note the difference on the accompanying maps.)

And although states west of the Rockies were warmer than normal last winter, they still were colder than during the 1957-58 winter, according to the U. S. Weather Bureau.

TOPS PREVIOUS 2

In short, last winter was colder for most of the nation than the previous two winters.

The only areas warmer last winter than the previous one were the southeastern states — which in 1957-58 went far below normal — and the lower part of Florida.

And these two areas showed the largest increase in temperature last winter over 1957-58 — close to eight degrees warmer.

★ ★ ★

The other extreme was in northeast Montana, which was nearly 14 degrees colder last winter than in 1957-58.

Over-all, the part of the nation with above normal temperatures was only about half as big in 1958-59 as the previous winter.

Snow fell heavily and often through much of the Great Plains, southwest and midwest last winter, setting monthly snowfall records in the Great Lakes area.

NORTHEAST LIGHT

The northeast part of the nation had unusually light snowfall after heavy snows the winter of 1957-58. New Haven, Conn., for example, had the lightest snow last winter in 40 years.

The Gulf states, where 1957-58 snowfalls set new records, also had little or no snowfall last winter.

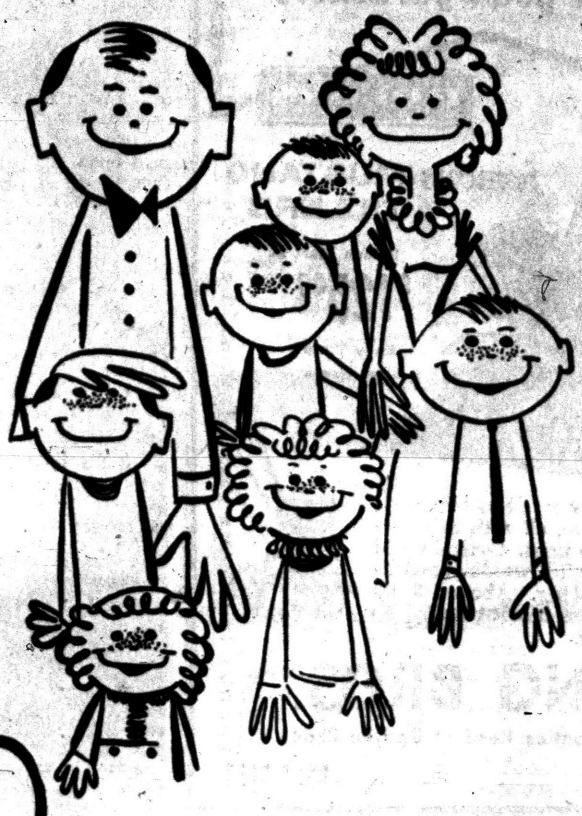

Precipitation totals (rain, sleet, snow) were down for most of the nation last winter. Parts of New Mexico and Texas received less than one-fourth inch of rain during the winter.

The number of classified ads published in daily newspapers in one year is larger than the total population of North America. It is estimated that over 300,000,000 classified ads are printed annually.

Pack of Seeds Produces $5 in Vegetables

A packet of vegetable seed, costing 15 cents, can produce over $5 worth of vegetables.

If the vegetables are canned at home, an average of 10 cents is saved on every quart, compared with commercially canned produce.

Experienced gardeners often find it helpful to draw up a sowing plan before they turn a spadeful of earth.

To make a sowing plan, draw several sketches of your grounds on 8x10-inch cross-lined paper. Be sure to mark areas of sun and shade, soil conditions and other factors which will influence your garden.

Consider characteristics, such as height, color, time of bloom of the annual flowers you wish to sow.

Lakeville Woman Grows Mammoth Philodendron

By LEE WINBORN

Mrs. John Dunn of Lakeville is justifiably proud of her split-leaf philodendron which is more than five feet tall with leaves measuring between 17 and 22 inches long and about 17½ inches wide.

Standing beside the plant, Mrs. Dunn, who is 5-ft-1, appears almost dwarfed by camparison.

The philodendron has not been pampered nor has it received any special plant food to make it grow to such gigantic proportions, Mrs. Dunn reports. She just gives it plant food once a month and waters it once a week.

When the plant began to get top-heavy, a 2 by 2 inch piece of oak was inserted in the soil at the base, and the stems were fastened to it with heavy florist's cord. For added artistic effect, Mrs. Dunn entwined grape ivy around the wooden brace.

Mrs. Dunn, who lives at 1395 Milmine St., said she started with a small three-leaf plant about four years ago.

She placed it in the three-window alcove in her dining room which she said, apparently offers just the right amount of light and shade to foster rapid growth. The windows are partially shaded by the overhang of the roof.

"I like to see one or two plants in a room rather than a massive display," Mrs. Dunn commented, adding, "I think they create a more pleasing and decorative effect that way."

And nothing could be more eye-catching than this philodendron, which, although large, does not appear overpowering in the tastefully-decorated room.

Need Protection for Plants

By CYNTHIA LOWRY

While spring has arrived, the weather which accompanies it is often treacherous. It lulls the eager gardener into thinking good growing weather really has arrived, then drops temperatures to a killing frost level at night.

This unpleasant little habit is responsible for the usual presence of "average last killing frost" maps in how-to-do-it garden books and for the wide collection of protective junk the average gardener collects over the years.

My own storehouse includes bushel baskets, flower pots, hot caps, pieces of burlap and—perhaps the best—a coldframe.

All these are designed to help the gardener beat the season by a few weeks or a few days. Recently, too, there has come onto the market plastic material which can be strung over whole rows of seedlings to protect against the weather.

The gardener's trick is to watch the weather reports and your own outside thermometer. When a freeze threatens, cover the plants until it goes away. Usually tender material is adequately protected by a bushel basket or flower pot placed upside down over the plant. In an emergency, newspapers will do the trick.

The problem, of course, is how to provide a blanket without crushing or breaking the plant. Some gardeners take wire coat hangers, straighten out the hook and bend the lower part—where dry-cleaned trousers hang—into a peak. The hook end is pushed into the soil between the seedling and the hanger thus provides a framework against which newspapers or plastic may rest. The material is held in place with rocks or bricks.

The glass-topped or plastic-topped cold-frame, of course, is designed to do the special job. One such is to winter over semi-tender perennials and to "harden off" flats of windowsill grown seedlings before they are finally set into their permanent positions in the garden.

Beware of Snow Mold on Lawns This Spring

By WAYNE B. SIEFERT
County Horticultural Agent

Snow Mold, a common early spring fungus disease of many lawns, has been unusually common this year because of the wet cold spring.

White circular spots show up in the lawn where the fungus has been active. These usually develop near the edge of snow drifts or piles where melting snow has supplied plenty of moisture.

Does this fungus do much damage? In most cases the damage is not permanent. Where the spots are larger than a plate, plants near the center are frequently killed. In small spots, the root is alive and will make strong recovery.

After the snow has gone, any treatment will work. The fungus has gone dormant until next winter, so fertilizing and waiting seems the best plan.

Good drainage greatly discourages its development in February and March. Where this disease is a common problem, November and March spraying usually is effective.

Several other fungus diseases are common to grass, but no other develops in March and produces white circular spots and then disappears in April.

★ ★ ★

It looks like 1959 is going to be a tough year on shrubs, perennials and evergreens. Have you noticed the brown leaves and shoots on evergreens?

Deep freezing is usually the villain, with warm winds the other accomplice. Many plants continue to gather water throughout the winter by means of tap roots below the frost line. Whenever the tops thaw out due to warm winds or bright sunshine, these tap roots are ready to move water to the tops to keep them well supplied. When tap roots are cut off as in transplanting, or frozen in ice when deep freezing occurs, there is no ready supply of water when brief thaws occur. Without this water reserve, the branches and twigs dry out, later turning brown.

One of the things to do is try to prevent deep freezing. If one could keep a continuous covering of snow, it would prevent severe freezing. One way to duplicate snow is using leaves, straw or sawdust. One or two inches will often reduce freezing one or two feet.

Brown leaves usually mean the tips of the twigs are killed, but the bulk of the plant is alive and vigorous. Using hand shears, cut off these brown tips to get rid of the worse appearing portion. New growth will hide the remainder in a few weeks. Do not use hedge shears. This formalizes the plant too much and often means cutting off too much.

RESEED IN APRIL

Have you ever noticed how it seems the better the grass variety, the slower it starts? The problem is not due to size of seed or the price, but a water tight seed cover. It often takes several days or even weeks for bluegrass and fescue seed to sprout, because of this soaking problem.

One way to get the jump on this seeding problem is sowing the seed in early April when there is lots of moisture, so germination will have begun with warm weather in early May.

If a lawn has been thin and full of weeds for several months, the answer usually isn't seed, but fertilizer. Fertilize the plants present and they will take over the bare spots.

But sometimes, where rye is dying out or dogs have killed spots, or trees have recently been removed, or snow mold has riddled the lawn, seeding is the only answer.

For new lawns, the seeding rate is usually one pound per 1,000 square feet. For reseeding, one-half pound per 1,000 square feet is usually more than enough. Sometimes light raking helps to work the seed down close to the soil.

Walks Around Garden Prevent Damp Feet

An early morning walk in your garden can be an exhilarating experience, but it can be a pretty damp one unless one has a pavement leading to and around flower beds. Overcome the problem and give an additional touch of beauty to the garden by using colorful ceramic tile for walks.

★ ★ ★

Even after a heavy rain, the garden will be ready for an immediate tour. For a final touch of beauty and convenience, install garden benches of ceramic tile along the walks.

A GIFT OF LIFE—These twins aren't any different than any other children. They love flowers and also love to give and receive presents. Here's a timely suggestion for a gift for someone this spring. A seed packet tree such as this one made of driftwood is a clever way of giving relatives or friends a start on the delightful hobby of gardening with plenty of valuable hints on the backs of each packet.

Believes Education Needs Incentive Plan

KALAMAZOO (AP) — Gov. Cecil H. Underwood of West Virginia says American education must develop its own "incentive system" in a drive for excellence to meet Soviet Russia's challenge.

★ ★ ★

Underwood, speaking at Kalamazoo College's annual convocation, said the U.S. must mobilize its educational resources "just as if we were in an all-out shooting war."

The West Virginia Republican said Russia's Sputnik I had the effect of launching the greatest talent hunt in history.

He cautioned, however, against any compromise with American tradition in education.

"We must develop our own incentive system in conformity with our own traditions — that is, we must drive for individual excellence and the proper use of mind power," he said.

Yemen Mobs Stone Soviets

Join Nassar's Fight Against Red Influence in Arab Nations

CAIRO (AP) — Mobs in the Arabian Peninsula kingdom of Yemen have taken up President Nasser's anti-Communist campaign and have stoned Soviet technicians.

The primitive little Arab kingdom's aging, ailing ruler, Imam Ahmed, is trying hard to escape from the powerful Communist bloc influence at work in his country since 1957, diplomats report.

Ahmed is now looking favorably toward the West.

Yemen joined Nasser's United Arab Republic in a loose federation in 1957 and adopted its leaning toward Moscow. Ahmed was embittered at the West because of border troubles with the British in their neighboring Aden protectorate. The Yemen ruler accepted offers of large Communist-bloc aid recommended by his son, Crown Prince Mohamed el Badr.

Large numbers of technicians arrived from the Soviet Union, Czechoslovakia and Red China to direct a development program. A huge Soviet Military mission followed shipments of tanks and heavy armor. Soviet propagandists showed Communist films and conducted Communist indoctrination courses.

The situation held tremendous potential peril for the West, since Yemen's location at the southwest corner of the peninsula overlooks the Red Sea route from Europe to the Far East.

J. J. Astor III Worth Just $5 Million Now

NEW YORK (AP)—John Jacob Astor III, previously believed to be worth about 70 millions, says he is worth only five million dollars.

Astor disclosed the state of his finances Wednesday as he sailed for Europe aboard the liner Queen Mary.

★ ★ ★

Although Astor did not elaborate, a spokesman, John G. (Steve) Broady, said that was what lay behind examination of the will of John Jacob's elder half-brother, the late Vincent Astor.

Vincent Astor, 67, died Feb. 3, leaving his estimated 200 million dollar estate to his widow and a foundation he set up years ago. The will left nothing to John Jacob, 47.

★ ★ ★

Last month John Jacob took action in Dutchess County Surrogate Court to examine Vincent's will and witnesses to it before it is admitted to probate.

'Exodus' Author Writing Book About Polish Battle

By LOUELLA O. PARSONS

HOLLYWOOD—The $100,000 Dore Schary planked down when he sent Leon Uris to Israel to write "Exodus" has come back threefold. It has been a best seller on every list. It is Dore's intention to make it into a motion picture.

Now Uris has left Israel and is in Warsaw, Poland, where he is writing another dramatic story, which I suppose is for Dore. Uris' Polish story is about the small, but determined group of old and young Jewish soldiers, who held off overwhelming numbers of Nazis in one of the most courageous stories of World War II. Beyond "The Story of Poland," Uris hasn't named his new epic.

I am not supposed to tell you this, but I happen to know that Natalie Wood has been tapped on the shoulder by Warner Brothers and given the news that her first picture on her return engagement at that studio will probably be "Cash McCall."

Natalie will co-star with the popular James Garner. The picture is based on a most popular book of a few years ago and offers Natalie avery nice role.

An Hungarian has been added to the Carlo Ponti production of "Olympia" with Hungarian-born Michael Curtiz slated to direct the Molnar story starring Sophia Loren, Maurice Chevalier and John Gavin.

When Mike was a small boy he appeared on the stage in Vienna with his mother who was a concert singer, and returning to Vienna for "Olympia" is like going home.

Isabel Jeans, who was so good as the aunt in the Academy Award winning "Gigi," and Angela Lansbury, who has just finished "Summer of the 17th Doll," also join the cast.

After flying to New York to talk with director Sidney Lumet about "Orpheus Descending," producer Richard Shepherd flew back here. At Kansas City a man got on the plane, sat down beside Shepherd and introduced himself saying, "I am Harry Truman," and for the rest of the trip Richard says he never had a more stimulating traveling companion. He says the ex-President is brilliant.

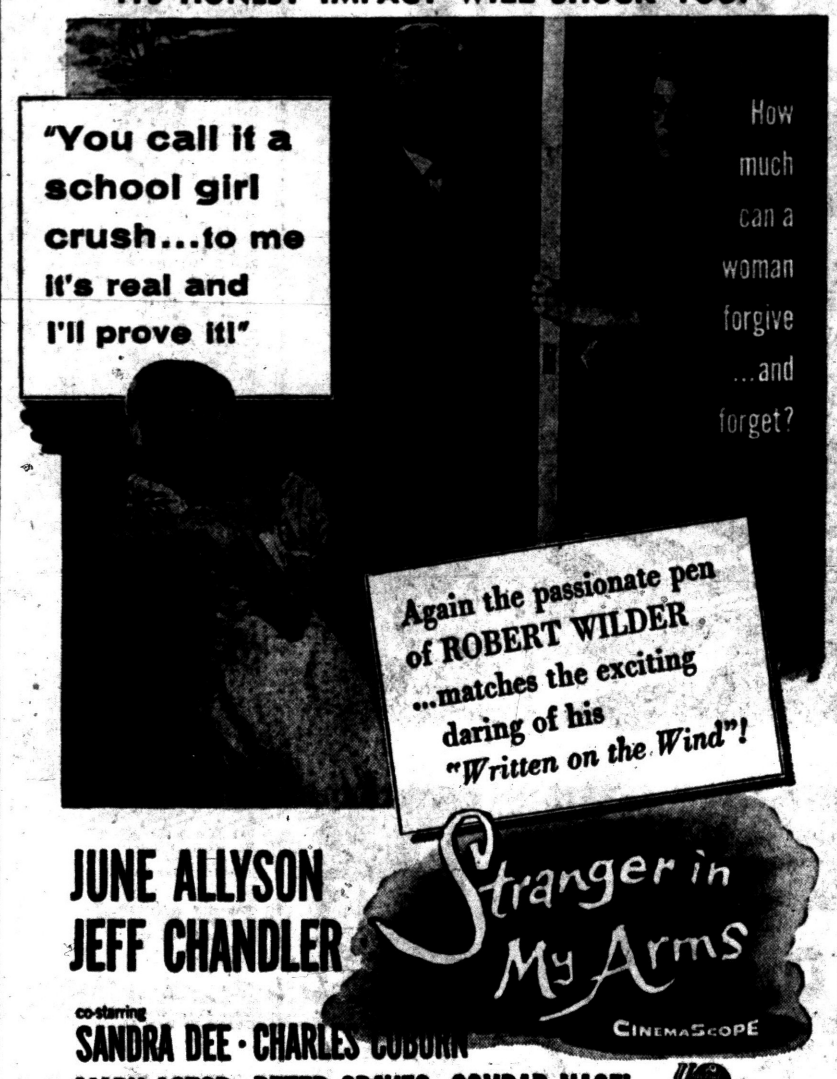

Getting back to "Orpheus Descending," Anna Magnani arrives in New York on April 17 and Marlon Brando has given his word that he will be in New York June 1 to start rehearsals.

We're going to lose Margaret O'Brien to New York following her marriage to Bob Allen in August. While the former child star grown into such a charmer isn't giving up her career, I say she's a smart girl to go where her future husband's business calls him. Bob is being sent East by one of the big "ad" agencies with which he is taking a job when he graduates from art school in June.

And still the second generation talent comes along: Wendell Corey's 14-year-old daughter, Robin, will star in "The Diary of Anne Frank" in summer stock throughout the East this summer. Need I add that Robin is a good little actress—she'd have to be to undertake the dramatically taxing role of Anne.

Wendell and Alice Corey, her proud parents, have signed to portray Mr. and Mrs. Frank in the same company that Harold J. Kennedy, summer stock impresario, is backing. The whole Corey clan heads East as soon as Wendell completes his 13 TV chapters for "Peck's Bad Girl" for CBS.

GM's Military Division to Be Headed by Boyer

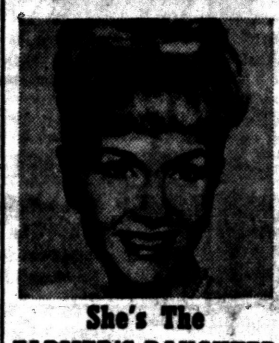

DETROIT—Appointment of Harold R. Boyer of Military Products for General Motors, a newly created position, was announced today by GM President John F. Gordon.

The appointment is effective immediately. Boyer will be on the staff of S. E. Skinner, group vice president in charge of Accessory Divisions.

Boyer has been manager of the Cadillac Motor Car Division's tank plant at Cleveland since 1952. He joined General Motors in 1925 as a works engineer for Pontiac Motor Division.

JOHN C. VERNIER: The secret, relax on the inside.

'Take It Easy' Motto of Club

Salesman Starts Group to Induce More People Just to Relax

By WALTER COYNE

CLEVELAND (NEA) — John C. Vernier is a man who never says good-by.

The cigar-smoking awning salesman says instead, "Tak it easy." That phrase is his trademark.

The 47-year-old Clevelander is the founder and president of the International Take-It-Easy Club, a loosely knit organization aimed at slowing down people who are "in such a big rush to get through life that they're killing themselves."

Looking after his business and promoting the club on the side, the affable president would not appear to practice what he preaches.

★ ★ ★

But he says, "The secret is learning to relax on the inside while looking after business on the outside."

Vernier has signed up over 50,000 members during the club's 12-year existence. Card carriers include President Eisenhower, Vice President Nixon, Julius LaRosa, Arthur Godrey, Bob Hope, Herb Shriner, Olsen and Johnson and Harold Lloyd.

Originally Vernier distributed different cards for men and women. But when he met Hope in Atlantic City, Vernier had only a woman's card left. The comedian accepted the feminine card graciously. Vernier eliminated that problem by printing the next batch in genderless first person.

"The only thing I ask in handing out membership cards is that the pledge be honored," Vernier says.

A member must be dedicated to "taking it easy, protecting my heart, lowering my blood pressure and guarding my health."

Many of the members were recruited at conventions and during business trips around the country and abroad.

★ ★ ★

"I reach for my card whenever I hear someone tell another to 'take it easy,'" Vernier explains. "When you're constantly alert for that phrase, you'd be surprised how often you hear it."

This cheerful man will cheerfully send anyone a membership card gratis, if a stamped, self-addressed envelope is provided. His address: 441 Reeve Rd, Eastlake, Ohio.

The more members the better for, in Vernier's words, "the whole world is upside down. I mean, we should all loosen up. It's humanitarian."

Unofficial Letter in Cornerstone Sign of Times

COLUMBUS, Ohio (UPI) — In 1928, an airport clerk with a sense of humor and a distaste for Prohibition smuggled a letter into a cornerstone at a terminal at Port Columbus, this city's airport.

The letter gives a penetrating if unofficial, insight into life in Columbus 31 years ago.

It is signed by V. John Fraas, "the 100 per cent efficient clerk in this office, a man who is bound to rise in this world, altho it may take dynamite to do it."

Fraas' letter was discovered, along with official proclamations, when the old cornerstone was removed from the terminal.

Fraas, now deceased, had one accurate, if ungrammatical, prediction.

★ ★ ★

"There is approximately 768 acres in this airport site," wrote the 100 per cent efficient clerk, "which many claim is too much, but as this is only the beginning of air transportation we feel that this gound will be necessary to take care of future developments."

Fraas understated the case. The airport, still growing, covers 1,600 acres.

As for prohibition, he said, it meant 51 per cent of the people ruled that the other 49 per cent couldn't take a drink. He guessed that the 51 per cent could afford good liquor and were getting theirs.

"Prohibition to my estimation," wrote the clerk, "is an expensive failure."

Judge Says Fight On for Dear Old Casper

CASPER, Wyo. (AP)—Four youths arrested for fighting have been ordered by a Casper justice of the peace to continue fighting.

Justice Alice K. Burridge suspended $50 fines on condition the four boys enter boxing matches sponsored by a Casper high school athletic club.

A nationwide $20,000,000 public-works program is under way in Cuba involving construction of highways and farm-to-market roads.

Fire Drill Gets Touch of Realism in Arizona

TUCSON, Ariz. (AP)—A fire drill at Roosevelt School had a touch of realism.

Before pulling the switch that rang the school fire bell, a teacher neglected to disconnect a relay that carried the alarm to the fire station. Firemen arrived as the children still were pouring out of the building.

The oldest standing building in England is an octagonal Roman lighthouse built in 50 A.D. It is at Dover Castle in Kent.

Army Standards Raised, Fewer Prisons Needed

SAN FRANCISCO (UPI)—The U. S. 6th Army has closed down four of its six prison stockades in eight Western states in the past year.

Col. Harold Davenport, provost marshal, said Army standards have been raised to the point where it is now less likely to accept trouble-makers and more likely to discharge "deadwood."

X-rays are said to be similar to light rays except that they are thousands of times shorter in length.

Get Extra Workout

BUFFALO, N. Y. (UPI)—The University of Buffalo basketball team got an added workout during exam week. Squad members had to remove and replace 500 desk-chairs everytime they practiced in the gym—which was doubling as an examination center.

Warrant Awaits Oxford Officer

To Charge Policeman for Fictitious Report on Release From Hospital

A criminal warrant charging him with reporting a fictitious crime is awaiting former Oxford policeman Roscoe M. Zolman upon his release from St. Joseph Mercy Hospital.

Zolman, who sent police in southeastern Michigan on a wild goose chase looking for a motorist he said shot him, could receive 90 days in the County Jail or $100 if convicted.

★ ★ ★

Assistant Oakland County Prosecutor Jerome K. Barry Jr. said Zolman, 28, will be taken before Oxford Justice of the Peace Fred F. Stevens to answer to the charge when the hospital releases him.

Zolman shocked police when he admitted his story about being shot by a motorist he stopped for a traffic violation April 2 was a hoax. He was immediately dismissed from the force. Zolman joined the department 2½ years ago.

Zolman, a Korean War veteran, said he was "ashamed" to admit he shot himself in the left hand accidentally when shooting at a rat, so he rigged up the false story.

Oxford Police Chief Albert Roberts said Zolman's wife told him she expected her husband to be discharged from the Pontiac hospital possibly this weekend.

McNamara Says Wife, Nephew on His Office Staff

WASHINGTON (AP) — Sen. McNamara (D-Mich) disclosed today that his wife and a nephew are among his staff of 15 office workers.

★ ★ ★

Sen. McNamara, in breaking with Senate practice and revealing the names and salaries of his office force, followed the lead of Michigan's junior Democratic Sen. Phil Hart who issued such a list last week.

McNamara said his wife Mary is among the lowest paid of his staff. She gets $4,200 a year, for serving in his Detroit office in the Federal Building.

A nephew, Joseph Cribben, who works in McNamara's Washington office, gets $5,900.

★ ★ ★

Robert Perrin, the Senator's executive assistant and a former Detroit Free Press reporter, is the top paid man with $16,300. John Sweeney, former member of Gov. Williams' staff, gets "more than $10,000."

The law allows a senator $120,000 annually for office expenses.

Sees Vitamin Waste

LANSING (AP)—State Health Commissioner Albert E. Heustis says most people who buy vitamins are wasting their money since they are already eating enough good food. Dr. Heustis adds, "Only a few people in Michigan need more vitamins than their diets already supply." He warns that those who take large vitamin doses without medical advice may endanger their health.

Pontiac Police Probe 2 Thefts

Fredman Co. Checks Stolen; $1,300 Taken From Home

Pontiac Police Detectives are today investigating two thefts which netted burglars more than $1,900 in cash and checks yesterday.

Thursday evening Mrs. Gladys Henderson arrived home to find that someone had entered her home at 505 E. South Blvd. by slashing a screen and opening a window.

She told police that an estimated $1,300 cash had been taken from a dresser drawer. The woman said more than $1,000 was in bills and the rest in change.

Earlier Thursday Ray Westrick, secretary and treasurer of the J. A. Fredman Construction Co., 735 S. Paddock St., reported the theft of 16 company payroll checks from his auto.

The checks, all made out for distribution to employes, totaled $654, police said. They were taken while his auto was parked at the rear of Pontiac General Hospital, he told police.

Counts 34,000 Skiers

LANSING (AP)—Nearly 34,000 skiers used the Porcupine Mountain ski area during the December 20-April 1 season, the State Conservation Department reports. Ski tow receipts were $62,820 and concession sales $26,575, both new highs.

Numbing Cold Sets Records in Rocky Mountains

By The Associated Press

Numbing cold that set records for the date invaded the Rocky Mountains today on the heels of a massive spring storm that cascaded three feet of fresh snow on the higher elevations.

The frigid air moved in with light breezes that pushed the reluctant storm east and south out of the Rockies.

★ ★ ★

The mercury dipped near zero east of the mountains.

It was 8 below zero at Fraser, the Colorado mountain community where President Eisenhower vacationed a few years ago. Denver's temperature was 9 a record for April 10.

★ ★ ★

Colorado Springs was buried under 23.3 inches of white stuff, a record for the resort city. Denver, with 14.5 inches, has had more than 75 inches of snow this year. That is more than double the normal figure for the Colorado capital.

★ ★ ★

The cold snap made motoring hazardous throughout Colorado. Roads where snow had melted during Thursday became ice glazed as the temperature fell.

Light rain or drizzle sprayed sections of southern New England the upper Great Lakes and along the Oregon Coast. Fair to partly cloudy skies prevailed in other parts of the country.

City Backs Policy of N-Arms Control

Pontiac city commissioners have joined in an effort backing further negotiations on control of nuclear weapons at Foreign Ministers Conference in Geneva next week.

Commissioners adopted a prepared resolution and sent a copy on to the U.S. Senate, where a proposed resolution by Sen. Humphrey (Minn.) is about to be debated.

Humphrey's resolution, similar to the one which Commissioners were asked to approve, calls for the United States to adopt a policy of continued negotiations for control and eventual suspention of nuclear tests.

Similar resolutions are being distributed to communities all over the nation for endorsement.

Vote Canvass Brings Only Minor Correction

A minor correction was made as city commissioners met last night to canvass the results of Monday's election.

It turned out that there were 5,409 "yes" votes cast on Pontiac Proposition 2 (the tavern ordinance repeal) instead of 5,416, as unoffically reported Tuesday.

This difference did not affect the outcome of the Proposition 2 election, which defeated the move to repeal the ordinance.

Otherwise, Tuesday's unofficial reports were verified last night.

Want Cycle Speed Limit

LANSING (AP)—A bill proposing a 35 m.p.h. night time speed limit for motorcycles has moved to the Senate after overwhelming approval in the House. The measure also would require written approval of the local police chief or county sheriff for motorcyclists wanting to drive after dark.

Hired Duncan Killer Sentenced to Death

VENTURA, Calif. (AP)—**A jury has decreed that hired strangler Augustine Baldonado must die in the gas chamber for murdering Olga Duncan.**

★ ★ ★

He confessed that he and Luis Moya beat and strangled the daughter-in-law of Elizabeth Duncan, 54, whose jealous attachment for her son, Frank, 30, drove her to arrange the slaying last November.

★ ★ ★

Mrs. Duncan is under a death sentence. Moya's trial starts April 20. He has pleaded inno cent by reason of insanity.

★ ★ ★

A psychiatrist called Baldonado, 26, a defective human and a menace to society.

Hospital Personnel Group Elects Local Man

Ralph W. Lownds, personnel director of St. Joseph Mercy Hospital, yesterday was elected 1959-1960 president of the Greater Detroit Area Assn. of Hospital Personnel Directors.

Lownds, 4861 Rioview Dr., Drayton Plains, has held the St. Joseph post five years.

Both Lean Toward Restrictive Bills

McClellan to Help GOP on Labor?

WASHINGTON (AP)—The role of Sen. John L. McClellan (D-Ark) in the Senate debate on labor legislation aroused increasing interest today as the time for start of the floor wrangle neared.

A labor bill sponsored by Sen. John F. Kennedy (D-Mass) will be before the Senate as the debate starts, probably later this month.

★ ★ ★

However, numerous floor amendments are sure to be offered to it just as they were a year ago when the measure's counterpart, the Kennedy-Ives bill was before the Seate.

Republican senators seeking a more restrictive bill say McClellan, by giving all-out support, can make it certain major floor amendments can be written into the Kennedy bill.

So far, however, McClellan has kept mum on what he intends to do, other than to say he is preparing some amendments which he plans to offer.

★ ★ ★

McClellan has introduced a series of five labor bills this session, and presumably it is from these that his 1959 amendments will be drafted. None of these got favorable consideration in the Labor Committee. Instead, that group approved the Kennedy bill by a 13-2 vote.

Secretary of Labor James P. Mitchel has advanced an administration labor bill as what he calls a middle-of-the-road measure. He calls the Kennedy bill ineffective but says McClellan's measure goes too far in putting unions into a strait jacket.

The Senate seems certain to act on the legislation considerably ahead of the House, where prolonged hearings are under way in the Labor Committee.

★ ★ ★

That group is considering two proposals by its chairman, Graham A. Barden (D-NC), which are similar to McClellan's bills. The Kennedy and administration bills aso are before the committee.

These are major provisions of the various bills:

Kennedy bill—

Seeks to get at union abuses by requiring detailed public financial reporting by all labor unions, by prescribing secret ballot elections and limiting terms of officers, by limiting the duration of trusteeships over local unions by internationals, and by banning convicted felons from serving as union officials for fixed periods.

★ ★ ★

Enforces these provisions by criminal penalties and power given to the secretary of labor.

Also makes some changes in the Taft-Hartley law sought by labor including: a guarantee of the right of replaced strikers to vote in a bargaining election, legalization of pre-hire agreements in the construction industry, and a directive that the National Labor Relations Board handle all labor dispute cases until the states set up special agencies to act on them under federal standards. The NLRB has declined to handle certain types of cases which the federal courts have ruled the states are powerless to take.

★ ★ ★

Administration bill—

Contains provisions on financial reporting, elections, trusteeships and convicted persons similar to those in the Kennedy bill. But it enforces these by sanctions against the offending union, through denial of tax exemption and the right to use the NLRB.

Makes two Taft-Hartley changes sought by management but not included in the Kennedy bill. These would ban all secondary boycotts aimed at neutral third parties and outlaw organizational picketing.

Gives states the right to act in no man's land cases where NLRB declines to act.

Contains construction industry and replaced striker provisions similar to those in the Kennedy bill.

★ ★ ★

McClellan bills—

Require all unions to include in their constitutions and by-laws provisions guaranteeing equal rights of members, freedom of speech and assembly, safeguards against arbitrary disciplinary actions, the right to inspect membership lists, secret ballots and limits on terms of officers, bonding of all officers handling funds, and meetings at regular intervals.

Provide for public financial reporting and limitations on trusteeships similar to the requirements in the Kennedy and administration bills.

Enforce these provisions by denial of tax exemption or use of NLRB to a union which does not comply, as well as by power delegated to the secretary of labor and by criminal penalties.

Amend the Taft-Hartley law to ban secondary boycotts and organizational picketing, to make illegal the hot cargo clause under which an employer agrees in advance he will not require his workers to handle goods anr provide services for an employer involved in a labor dispute, and to handle the no man's land problem by allowing a state to act where the NLRB declined to do so.

★ ★ ★

Barden bills

Contain provisions on requirements for union constitutions and by-laws similar to those in the McClellan bill. An added provision would bar any strike unless a majority voted for it by secret ballot.

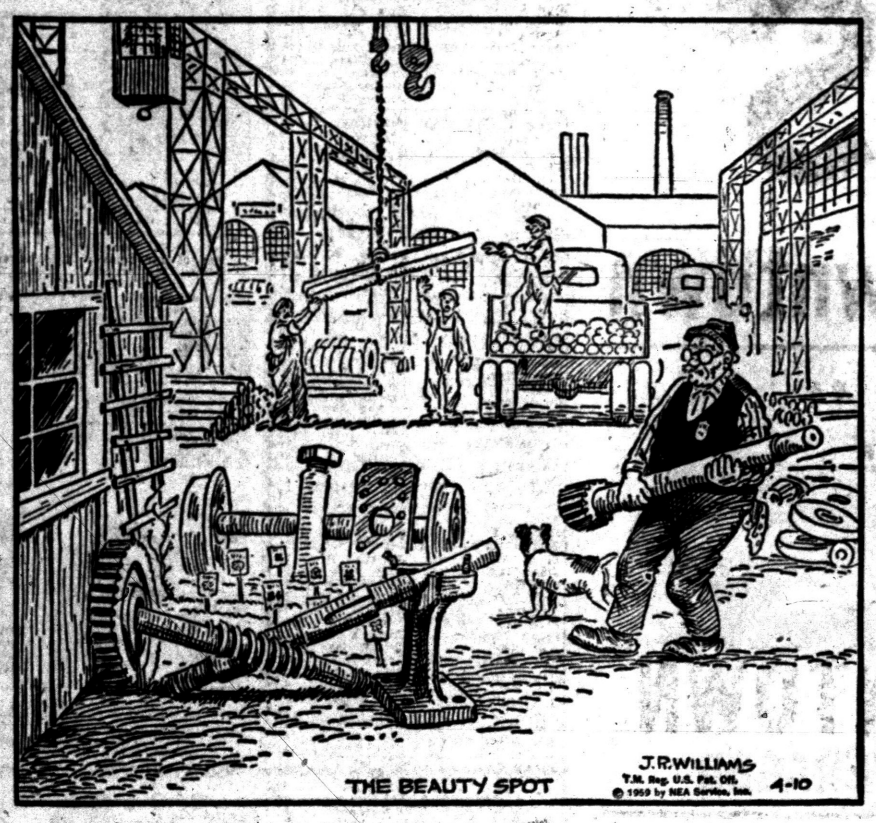

Enforce these "bil of rights" provisions by denial of tax exemption or use of NLRB to any union which fails to comply.

Amend Tuft-Hartley to ban secondary boycotts and organizational picketing, and to give states the right to handle cases not taken by the NLRB.

Restrict Dog Training

LANSING (AP)—The State Conservation Department warns that the annual closed season on dog training will be in effect from April 15 to July 15. The restriction is intended to protect newly-born game animals and nesting birds.

Grain Futures Holding Firm

CHICAGO (AP) — Grain future prices held within narrow ranges from the previous closes in early slow activity today on the board of trade.

May wheat, where there is a large open interest, bulged as much as a major fraction at the opening of trading but it fell back quickly as offerings increased at that level.

Commercial demand was slow and with cash corn receipts slightly more liberal again there seemed to be a bit more willingness to sell that grain from the long side of the market.

Wheat was unchanged to ½ cent a bushel lower near the end of the first hour, May $2.10⅛; corn unchanged to ¼ lower, May $1.24¾; oats ⅛ higher to ⅛ lower, May 68¾; rye ⅜ lower to ½ higher, May $1.41½; soybeans ¼ to ½ lower, May $2.26½.

During 1957, newspapers in the United States invested $129,991,529 to improve their plants and equipment — the better to serve both readers and advertisers.

Hall Lamp Sets Record

DETROIT (AP) — The C. M. Hall Lamp Co., reports that it set a new sales record in 1958. The company's net sales were $10,225,348 as compared to the old record of $9,040,962 set in 1957.

Gains Outweigh Stock Losses

NEW YORK (AP) — The stock market moved irregularly higher in fairly active early trading today.

Gains of fractions to around a point among key stocks outweighed losers in the same range.

Airplanes ran into mild profit taking after their advance of yesterday, several taking fractional losses. Among these were United Air Lines which reported record quarterly earnings.

A few electronics issues showed continued strength. Litton Industries rose more than 2 and Texas Instruments over a point as bullish rumors continued to affect these stocks.

American Telephone was up a point in the wake of a report of record quarterly earnings. Ford was a modest gainer while others in the automotive group did practically nothing. Leading rails showed virtually no change.

The market was mixed at the start with a slightly higher tendency which became better defined as the session continued.

International Harvester and Pfizer advanced about a point each. Moderate gains were posted for caterpillar, Commonwealth Edison, Anaconda, International Nickel, Allied Chemical, Eastman Kodak, American Can, Boeing, United Aircraft and U.S. Gypsum.

Judge Gets Million Word Puzzle

Mulls GM-DuPont Case

CHICAGO (AP)—A federal judge hearing the Du Pont-General Motors anti-trust case went home yesterday with more than a million words of testimony about a three billion dollar problem.

It is his job to solve it.

The judge is Walter J. LaBuy, who for the last seven weeks has heard arguments for and against a government plan to strip Du Pont and its associates of their 23 per cent controlling interest in General Motors.

The Supreme Court in 1957 ruled this interest—63 million shares of GM stock worth about three billion dollars—constituted a tendency toward monopoly, especially since the chemical firm supplied GM with most of its paints and finishes.

The court ordered Judge LaBuy to work out an equitable arrangement divorcing the two industrial giants.

★ ★ ★

Testimony wound up yesterday. Judge LaBuy took the case under advisement after giving counsel 60 days to file final briefs.

A decision is not expected for some time.

★ ★ ★

Under the government proposal, Du Pont would sell 20 million shares of GM stock on the open market over a 10-year period.

The remaining 43 shares would be distributed to individual Du Pont shareholders. They would receive 1.38 shares of GM for each share of Du Pont they held.

Card of Thanks 1

WE WISH TO EXTEND OUR heartfelt thanks and appreciation for the acts of kindness, messages of sympathy, and beautiful floral offerings received from our kind friends and neighbors during our recent bereavement in the loss of our beloved husband and father. We especially thank the Rev. Allenbach, Voorheis Siple Funeral Home, Friendship Girls of Rebecca Lodge 246, and Moose. Friends at Pontiac Motor and relatives. Mrs. Grace Rohrer and family

In Memoriam 2

IN LOVING MEMORY OF THOMas Henry Fleming, who passed away April 10, 1958.
God gave us a little flower, to brighten up our home;
In April He needed our flower to brighten up His throne.
God has the power to give a life, and the power to take away;
But Heaven is much brighter now that our Tommie is there today.
Sadly missed by Mommie, Daddy & Linda.

IN LOVING MEMORY OF MY father, Richard H. Vine, who passed away suddenly April 10, 1936.
To linger on the way,
That leads us back to yesterday
To hear your voice, to see your smile
And talk with you a little while.
Daughter, Josephine.

Joan Caulfield Divorces Film Producer Husband

SANTA MONICA, Calif. (AP)—Actress Joan Caulfield has divorced film producer Frank Ross after testifying he did not want to be bothered with children.

Miss Caulfield, 34, said the 54-year-old producer told her he was too old for children, even if they were adopted. He was rude to her friends, too, she said. They married nine years ago.

Best Performances Came After Awards

By EARL WILSON

HOLLWOOD—Now that the Oscars have come and gone, we think the year's best acting was not on the screen, but was Joan Collins' playing of a real-life love scene with TV writer George Englund at a party Buddy Adler gave for Ingrid Bergman.

★ ★ ★

"Where's George?" she demanded angrily. She addressed the question to composer Sammy Cahn — whose wife was also away from the table.

"He eloped with my wife," shrugged Sammy.

WILSON

"He can't do that to me!" announced Joan. "I'm going." She flounced off—and as you probably remember, she can sure flounce. Before long, George (the recent husband of actress Cloris Leachman, who took Kim Stanley's place in "Touch of the Poet") came back. So did Joan Collins. Next scene: Joan was kissing George's ear.

We also think David Niven deserves a special award for general gaiety. We remember when we congratulated him prematurely, he said: "Don't let your Las Vegas tan go to your head."

★ ★ ★

The guests at Buddy Adler's party — biggest Hollywood social event of the year; even Bill Holden was in town for it — said the one thing they remembered was Ingrid Bergman's daughter, Jenny Ann, dancing with her youthful-looking stepfather, lean, spectacled Lars Schmidt.

Tall like her mother and full-bosomed, Jenny Ann could, in the opinion of the Hollywood experts, be as beautiful.

JOAN

Peggy Cass, nominated for Best Supporting actress, said "I keep dreaming about it. In this dream, I am in the unemployment insurance line and a headline says 'Losing Oscar Nominee Seeks Aid.' You can see it didn't affect me a bit."

Peggy didn't take ads in the Hollywood trade papers thanking everybody for nominating her — a subtle means of reminding Academy members that they might cast their vote for her. "I socked that money away," said Peggy, the frequent guest on the Jack Paar show.

★ ★ ★

"Why didn't you take the ads?" I asked her.

"You want to know why? Because I'm cheap!" said Peggy, sort of ending the conversation.

Telephone Hour's Finale Leaves Out Jazz Lovers

By FRED DANZIG

NEW YORK (UPI) — The Bell Telephone Hour, which has tried to be all things to all music-lovers, changed its attack in the final show of the current series on NBC-TV last night.

The program offered well-known popular songs by Gisele Mackenzie, Rosemary Clooney and Jose Ferrer, the latest recruit in the crooner ranks; classical music-lovers were served ballet by Maria Tallchief and Andre Eglevsky; an operatic duet from Smetana's "The Bartered Bride," by Giorgio Tozzi, basso, and Nicolai Gedda, tenor, and concluded with Jose Iturbi playing fragments from Rambeau, Chopin and Liszt.

Where has the series changed? No jazz segment this time. I assume this means the sponsor is feeling frisky, if not reckless. Perhaps next season, some venturesome musical programs will come our way.

Of last night's five segments, I felt the ballet sequence was most successful. The dance, to Mendelssohn's Scotch Symphony, was photographed through gauze for a Gothic-grim, foggy and romantic effect.

It was handsome, clean and graceful. Director Bill Colleran even worked in some closeups of Tallchief and Eglevsky as they danced which, except for one unfortunate moment, added to the mood.

THE CHANNEL SWIM: Carol Haney has been added to the cast of the May 18 CBS-TV special, The Merry Month of May. She'll be filmed while performing at Boulder Dam in Colorado . . . pro golfer Jimmy Demaret replaces Dick Danahe as commentator on ABC-TV's All-Star Golf when the program begins its third TV season in October . . . NBC-TV is slotting the new color western, Laramie, into Thursday, 7:30-8:30, next fall.

Ann Arbor Plan Review Urged

GOP Senators Propose Bypass Around City's Northwest Fringe

LANSING (AP)—Highway Commissioner John C. Mackie has been urged by the Senate to take another look at department plans for by-passing Ann Arbor on the east.

Over Democratic objections, majority Republicans pushed through a resolution by Sen. Lewis C. Christman (R-Ann Arbor), advocating, in effect, a shorter bypass around the city's northwest fringe.

Involved is U.S. 23, running north and south, which is to be elevated to expressway standards in the process of relocation outside the city.

The so-called east belt would be 10 miles long and cost about 10 million dollars. The shorter route, connecting U.S. 23 on the north to U.S. 12 on the west, would cost about $3,500,000.

Besides, Christman said, the shorter route would more speedily relieve downtown traffic congestion in Ann Arbor.

Sen. Basil W. Brown (D-Detroit) advised the Senate against injecting itself into the issue, noting that local government and planning agencies concerned have gone on record for the east belt solution.

Mackie, a Democrat, has blamed "selfish financial interests" of property owners in the path of the east belt for challenging the existing plan.

British 'Queens' to Be Replaced

Drawings on Boards for Modern Successors to Cunard Liners

LONDON (UPI) — The British liners Queen Mary and Queen Elizabeth, both over 20 and showing signs of middle age, soon may be replaced by new superliners designed for eventual conversion to atomic power.

The News Chronicle said today the Cunard Line, owner of the two ocean giants, has designs for the new ships "already on the drawing board."

The Daily Mail reported that the government, which owns stock in the line, may offer it a subsidy of about 60 million dollars to help defray the cost of the new ships.

Cunard hinted yesterday that it might discontinue trans-atlantic service unless it is given subsidies to match those received by its competitors.

The new liners are expected to displace only about three-quarters of the 80,000-plus tonnage of the two queens, but they may cost six times as much to build—up to 84 million each compared to the 14 million it cost to build each of the queens in the 1930's.

Transport Minister Harold Watkinson, advising Parliament that the queens may be replaced, said yesterday that designs for the new ships are "most modern and far-reaching because they will have to compete with new types of jet aircraft when they come nito service."

Ice Continues to Isolate Beaver Island

CHARLEVOIX (AP)—Authorization to use Coast Guard stores of fuel and gasoline has been granted the residents of Beaver Island, whose only winter link with the mainland is by private airplane.

Chief Warrant Officer Joseph Etienne, commander of the Charlevoix Coast Guard group, said severe Lake Michigan ice conditions have prevented a normal start of ferry service to the island some 32 miles offshore.

Etienne also said ice conditions may force the Coast Guard cutter Sundew to carry food supplies to the island. The vessel is based at Charlevoix which also is home port for the ferry Emerald Isle. The ferry started regular round trip runs to Beaver Island last year on April 3.

45 Needed, Says Chief Justice Warren

Call for New Judges to Break Court Jam-Up

(This is the last of three dispatches on the "shocking" problem of congestion in American courts.)

By LOUIS CASSELS

WASHINGTON (UPI) — The United States needs a minimum of 45 additional federal judges at once to break the logjam of court business that is depriving many Americans of their right to swift justice.

That is the considered verdict of the U.S. Judicial Conference, the top policy council of the federal court system, headed by Chief Justice Earl Warren. It is strongly endorsed by the Justice Department and the American Bar Association.

Each year for the past five years, the Judicial Conference has appealed to Congress to create more federal judgeships. But Congress has taken no action.

To Attorney General William P. Rogers, this is a "disgraceful" situation. Rogers says Congress' refusal to authorize more judges cannot be justified on grounds of economy.

Among the 80,000 cases now backed up in the federal courts, he points out, are many in which the government itself is the defendant. When these cases finally come to trial, the government must pay not only any damages awarded to the plaintiff, but interest on the damages since the date the suit was filed.

★ ★ ★

"That interest alone runs into millions of dollars a year," says Rogers. "If we could cut down court delay by increasing the number of judges, it would save the government a great deal of money."

CRY 'POLITICS'

Republicans have a simple explanation of congressional inaction on federal judgeships. They say the Democratic leaders of Congress are unwilling to give a Republican President the opportunity of appointing 45 new judges.

They charge that the Democrats are trying to stall for time until 1961 when they hope that a member of their own party will occupy the White House.

Democratic leaders deny they are motivated by such political considerations. They say the legislation is being held up primarily because the proponents have never documented, to the satisfaction of Congress, the need for 45 additional judges.

Senate Democratic Leader Lyndon B. Johnson, in a letter to Warren Olney III, administrative officer of the U.S. Courts, said he does not believe it is "possible to evaluate the need" for additional judges except on the basis of a detailed survey showing what each existing judicial district has done "to improve the management efficiency of its courts in order to expedite the handling of its cases."

★ ★ ★

Olney says his office has neither the staff nor the funds to carry out the kind of district-by-district survey that Johnson has demanded.

And there the matter stands.

Charles S. Rhyne, recently retired president of the American Bar Association, says it is "inexcusable" to delay action on the judgeships bill any longer. According to Rhyne, the only real question is whether the 45 judges recommended by the Judicial Conference are "enough to meet the need."

Under Rhyne's leadership, the Bar Association has launched a nationwide effort to "carry the case to the people" by arousing public opinion to the crisis of congestion now prevailing in the courts.

Attorney General Rogers believes this is the best hope for getting action.

"If the public could be awakened from its apathy," he says, "if people could be made to realize how serious the situation is both to them and to the nation as a whole, I am confident that the steps necessary to overcome delay in the administration of justice in this country would soon be forthcoming."

What Else Is New? Instant Liquor

Farewell Hangovers; Culprits Found

BOSTON (UPI) — Hangovers may soon be a thing of the past, according to Dr. Robert B. Carroll of Greenwich, Conn.

Carroll, who said he drinks "just about everything," told the American Chemical Society here that he and fellow workers had identified the ingredients in whisky which produce a hangover.

Even more important, the scientist reported, elimination of the culprits, fusel oil and acetaldehyde, apparently would not harm the flavor or taste of whisky, according to his studies.

Besides his no-hangover idea, Dr. Carroll disclosed he was also working on another project which should warm the heart of any drinker — instant liquor. He said it might be along the same lines as instant coffee.

★ ★ ★

As long as hangovers still exist the scientist recommended vodka as the "cleanest" drink — giving the least amount of hangover. Next on the list were gin, Scotch, bourbon, and rye in that order.

Chou May Be Promoted

BELGRADE, Yugoslavia (AP)— Premier Chou En-lai may be chosen Mao Tze-tung's successor as chief executive of Red China, the official Yugoslavia news agency, Tanjug, reports from Peiping. Mao, 65, stepped down as Red China's chairman—the equivalent of president—last December, but announced he would retain the more powerful job of Communist Party boss.
