

Yank Artillery, Jet Mistakenly Hit Own Troops

SAIGON, South Viet Nam (AP)—Artillerymen in a U.S. light infantry brigade on its first combat mission in South Viet Nam mistakenly shelled their own troops in two separate operations near the Cambodian border today, the U.S. Command reported.

It also said a Marine jet accidentally bombed Leathernecks hunting North Vietnamese regulars near the demilitarized zone.

The mistakes cost the lives of six Americans while 23 others were wounded, a spokesman said.

The troops of the U.S. 196th Infantry Brigade were out on their first search-and-destroy missions when shells from their own guns fell on them near their base camp at Tay Ninh city.

One shelling at 1:30 a.m. today killed two infantrymen and wounded 16, an official spokesman said.

Several hours later, two more rounds of 105mm artillery killed one infantryman and wounded three, the spokesman added.

500-POUND BOMB
Both artillery incidents took place a few miles from Tay Ninh City, 40 miles northwest of Saigon.

In the accidental bombing, a U.S. Marine F4 Phantom fighter-bomber accidentally dropped a 500-pound bomb yesterday on Marines dug in during Operation Prairie.

The incident occurred in the northernmost province of South Viet Nam a few miles south of the demilitarized zone.

The U.S. Command said three Marines were killed and four wounded. A spokesman said the air strike was called in by the Marines and was under direction of a forward air controller.

Indonesia Set to Rejoin U.N.

Sukarno Withdrew Country Last Year

UNITED NATIONS, N. Y. (AP)—Indonesia notified the United Nations today it would return to the organization tomorrow.

Ambassador Lambertus Nicodemus Palar, Indonesian ambassador to Washington, telegraphed Secretary General U. Thant that his country was resuming its membership.

President Sukarno withdrew Indonesia from the U. N. effective March 1, 1965, because Malaysia had been elected to the Security Council amid his campaign of confrontation against it. Since then Sukarno's power has waned.

Indonesia's return is expected to be accomplished without any trouble. Thant himself has said he knows that the whole membership would be delighted to have Indonesia back.

Palar will be on hand when the U.N. General Assembly opens its 21st session tomorrow afternoon, ready to resume Indonesia's seat in the assembly hall if invited to do so.

NATION DELEGATION
An Indonesian delegation to the assembly will arrive later from Jakarta.

Foreign Minister Adam Malik, on a world tour, will reach Washington from Belgrade Thursday and is expected to come to the U.N. from there.

With Indonesia's return and with Guyana's admission at tomorrow's meeting, U.N. membership will grow to 119.

Before the assembly adjourns in late December, it will increase to 122 with the admission of Lesotho (Basutoland), Botswana (Bechuanaland) and Barbados, which will become independent in that period.

Palar himself was the head of Indonesia's permanent U.N. mission at the time of the withdrawal.

After Malaysia's election to a year on the council, Sukarno had his charge d'affaires notify Thant on New Year's Eve 1964 that Indonesia was withdrawing.

Percy Slayer 'Intended Harm'

AP Wirephoto

SEARCHING FOR CLUES—A police detective uses a metal-detecting device on the lawn of the home of Charles Percy, industrialist and Republican nominee for U.S. Senate in Kenilworth, Ill., yesterday after the body of Percy's daughter, Valerie, 21, was found in her bedroom. She died from stab wounds and a beating. A uniformed policeman watches.

Woman Found Dead at Family Home in Illinois

Police Chief Says
Victim Possibly First
Person the Killer Saw

VALERIE PERCY

KENILWORTH, Ill. (AP)—Kenilworth's police chief said today all indications were that the slayer of Valerie Percy had broken into her home for no reason but "to harm a member of the family."

"Whether Valerie, 21, a twin, was the intended victim Chief Robert M. Daley said he did not know. She simply may have been the first person the killer found, he said.

The daughter of Charles H. Percy, 47, longtime boy wonder of business and now Republican nominee for U.S. senator, was beaten and stabbed to death in her bed early yesterday morning while the Percys and two other children slept nearby.

The sleeping children included Valerie's twin, Sharon, and another sister, Gail, 13. The Percys' two boys were away.

"All indications apparently are that the intruder went in to harm a member of the family, but I don't know which one," Daley said.

NOTHING TAKEN
Asked whether the killing might have been carried out by a burglar who had been disclosed, Daley said, "As of this moment we know of nothing that was taken."

He said no accumulation of valuables such as jewelry was in the rambling Percy mansion overlooking Lake Michigan in this fashionable North Shore suburb of Chicago.

Percy's wife, Loraine, discovered the killing after hearing moans and going to Valerie's room to investigate.

The Percys' bedroom door was closed. Asked how the mother could have heard sounds with the door closed, Daley said that in the quiet of the night she would have heard them.

NO SIGNIFICANCE
The search for clues thus far has yielded some scissors, a knife and an old moccasin. Daley said he placed no significance on these items.

The investigation, he said, was being handled by a team of four men from the Cook County state's attorney's office, three agents of the Fed. (Continued on Page 2, Col. 1)

Will Consider Lengthening Term—Thant

UNITED NATIONS, N. Y. (AP)—U.N. Secretary General U. Thant said today he would consider remaining in office until the end of this year if members of the world organization failed to agree on a successor by Nov. 3 when his term expires.

He declined to say, however, whether he would agree to stay on beyond Dec. 31.

Thant made his comment at a news conference in which he also declared that East-West relations had reached a new low and that U.N. action on disarmament and other key issues was being severely hampered.

Thant also expressed doubts as to the value of an Asian peace conference on Viet Nam in view of the concept of some powers that this was a holy war between the Communist and non-Communist ideologies.

Thant met the press as a diplomat from around the world gathered for the opening tomorrow of the 21st session of the General Assembly. He talked privately with U.S. Secretary of State Dean Rusk just before the news conference.

Cloudy Skies Will Continue Until Thursday

Still going steady with summer, the weatherman predicts today's partly cloudy skies will continue through Wednesday.

Tonight's low will range between 46 to 54. Tomorrow's high will fall in the mid- to high-70s. The lowest temperature reading in downtown Pontiac prior to 8 a.m. was 56. By 2 p.m. intermittent sunshine coaxed the mercury to 73.

Scientists Hunt Meteor Parts

By the Associated Press
Scientists continued today an investigation of the meteor that exploded over the Great Lakes area Saturday night.

A massive search for fragments of the meteor was launched yesterday. The scientific probe will attempt to trace its path and, if possible, recover fragments.

The "ball of fire" flashed

across the northern horizon in Michigan with a light brighter than the sun, witnesses said. The light was seen from as far west as Denver and as far east as Buffalo, N. Y.

One observer said: "It was as if God were writing in the sky with a flaming finger."

A farmer in Indiana and a policeman in northern Ontario,

hundreds of miles apart, said yesterday they were certain they saw parts of the meteor fall near them.

ROMNEY OBSERVES
Gov. George Romney was among those who saw the meteor. Romney was in a plane heading for a speech engagement in St. Clair.

"We thought we were under attack," he said.

Dr. George Wetherill, of the UCLA Institute of Geophysics, said he and other researchers would follow "the best leads" to see if the spot where possible fragments landed could be pinpointed.

"Meteors are the only samples we have of matter from outside the earth," Wetherill said. "We can learn a lot about the solar system from them if we can recover them while they are fresh."

Reports, mainly from Caro in Tuscola County, said that a series of brush fires had been started by falling fragments of the meteor.

CLAIM DISCOUNTED
Wetherill discounted the Michigan reports, saying, "Meteorites usually are cool by the time they hit the earth."

"A meteor—actually a piece of rock which orbits the sun—is called a meteorite if it reaches the earth's surface before being completely burned up."

Area Man Wasn't Fooled

At least one Oakland County resident who saw the sky light up Saturday night knew that the brilliance was not an attack by the Russians or from Outer Space.

William Schultz Jr. immediately recognized the meteorite for what it was. He proceeded to inform local authorities so that they could pass the word on to nervous residents who were keeping police switchboards busy.

Schultz, Cranbrook Institute of Science astronomer, was a getting out of his car at a Birmingham laundromat when he spotted the meteorite.

It was, he noted, traveling at about a 20 degree angle to the horizon.

"When I first saw it, it was under the constellation Cas-

siopeia, and it ended under the North Point," Schultz said.

As many other residents went into a state of panic, Schultz began to count so that he could calculate the meteorite distance when he heard the sonic boom as it entered the atmosphere.

He didn't hear the boom and therefore knew the meteor (Continued on Page 2, Col. 4)

WASHINGTON (AP)—The Senate rejected today a final effort to revive the 1966 civil rights bill with its controversial open housing provision. (Earlier story page A-2.)

U.S. Jets May Have Flown Over China

WASHINGTON (AP)—A State Department spokesman said today that U.S. combat planes may have flown over Red Chinese territory accidentally on Sept. 9 and Sept. 17.

The violations of Red Chinese air space—which had been charged by the Peking government—would have occurred "during the break-off from air engagements over North Viet Nam," the spokesman said.

In response to questions, officials said that this might be the first occasion on which the U.S. had actually conceded publicly and officially that the Red Chinese border with North Viet Nam had been crossed by combat planes.

Crossing the Overpass: Webster School Adventure

By PAT McCARTY
A funny thing happened to children on their way to Webster Elementary School.

New to their daily routines is the trek over the pedestrian overpass which the city erected across West Huron during summer vacation.

Youngsters interviewed at lunchtime recently held vary-

ing opinions, but all agreed the crossing is a bit of an adventure.

Their comments follow: Harold Strait, third grader, 412 W. Iroquois: "It's safer. But most of the kids don't like it 'cause they can't ride their bikes."

"I don't want to ride mine."

I like to come across here and look down on the cars."

Debra Crow, fourth grader, 234 Liberty: "When I go across, it just feels nice to be on top. The big trucks feel like they're going to touch the bridge."

"It's like we're bigger than everything else. It's like rides in the circus, when you're on

a Ferris wheel and you have to stop at the top."

James Van Allen, 4, of 82 Oriole follows a daily ritual of walking to school with his mother to get his brother Charles for lunch.

James said, "It's fine. Cars go under it and they look like toys. Trucks make me think

they're going to scratch under the bridge."

Sonja Helland, first grader, 457 W. Iroquois: "I like it. I like going up the stairs and going over the cars—they look real little."

Mark Barnett, second grader, 564 W. Iroquois: "Oh, my aching head! It's so high! When I saw a picture of

it in the paper, I said, 'Well, I don't want to go over that thing!' I tried it with my mother's friend and I tripped and fell."

Kathy Lindsey, second grader, 255 Cherokee: "The first time I went over it, I had to hold on because I was scared. But I had to be brave because I was with my little sister."

Rights Bill May Die Today

Percy Slayer Meant to Do Harm---Police

(Continued From Page One)

eral Bureau of Investigation, and detectives from the Chicago Police Homicide Division and Crime Laboratory.

The FBI's status in the hunt is that of a cooperating agency, agents said. As yet there is no indication of any violation of a federal law which would give the FBI jurisdiction.

Daley said all friends and acquaintances of the Percys, social, political and business, were being questioned in the hope of running across some lead to the killer.

PHONE CALLS
All phone calls to the police were being checked exhaustively.

County to Vote on 2 Proposals

Tax Hike and Merit System on Fall Ballot

Two proposals, one calling for a one-quarter mill tax increase and the other establishing a merit system for county employees, will face voters in the Nov. 8 general election.

The Oakland County Board of Supervisors authorized the placing of the two propositions on the ballot during its meeting today.

In session this afternoon, board was to consider the merging of the county welfare department with the State Welfare agency as a means of cutting expenses.

The proposed millage hike would be used to develop county parks, and would be levied for a five-year period.

In early August, the board of supervisors approved placing on the ballot a one-half mill increase for parks, but further action was delayed until today as a result of a recommendation by the county parks and recreation committee to reduce the levy.

ADDITION FUNDS

The quarter mill tax would give the county an additional \$3.5 million annually.

Board members voted 61-13 to place the tax proposal on the ballot.

The merit system was approved last April by the board of supervisors and has been informally in operation since a score of motorcyclists' petition pending the decision of who smashed windows to get into the house, police said.

U.S. Sen. Paul Douglas, a Democrat, abruptly interrupted his campaign for reelection in November and offered the Percys his condolences.

Police spent yesterday searching the 17-room home and grounds but turned up nothing significant.

Questioning of family members, servants and friends also was unproductive.

But Chicago police crime laboratory technicians are studying fingerprints, bedclothing, floor sweepings and other physical evidence collected from the Percy home.

Inside, police were busy piecing together this story:

The intruder approached the Percy home, situated on the shore of Lake Michigan, apparently shortly before 5 a.m. footprints in the sand indicate he may have come by way of the beach.

Using a sharp instrument he cut an opening in the locked screen door, opened it, then cut a slice out of a glass panel of the inside door, unlocked it and entered the house.

NO NOISE

There was no noise, The Percy family slept and a Labrador retriever in an attached garage did not bark.

The intruder crept up a staircase. At the top landing was three doors. He chose Valerie's—whether accidentally or by design is not known.

Percy and his second wife, Loraine, the victim's stepmother, were sleeping in a bedroom about 35 feet from Valerie's.

Boy Kidnaped; Motorcyclists, Girlfriends Held

LIVONIA (AP)—A 5-year-old boy, reported taken from his home Sunday night by a former roomer and a group of window-smashing motorcyclists, still was missing today and police said they would seek a kidnapping warrant against six persons.

Thirteen motorcyclists and several of their girlfriends were arrested at a bar following the boy's disappearance. Five were held for investigation of breaking and entering and the others were released after questioning.

The boy, Lawrence Verban, son of 23-year-old Mrs. Dale Chapman, was taken from the home proved last April by the board of supervisors and has been informally in operation since a score of motorcyclists' petition pending the decision of who smashed windows to get into the house, police said.

FIGHTING MAN IN ACTION—With enemy machine guns spraying the area from trees in the background, a U.S. Marine charges across the dike of an open rice paddy near the demilitarized zone in South Viet Nam. The soldier was part of reinforcements brought up when the lead platoon came under fire in weekend fighting.

Indonesian Students Say Sukarno Had Role in Coup

JAKARTA, Indonesia (AP)—Fist-waving students accused President Sukarno today of playing a key role in the abortive Communist coup of last October and called anew for his removal from power.

More than 2,000 students massed outside the University of Jakarta waving banners and shouting slogans despite efforts by military leaders to head off the demonstration.

The demonstrators heard youth leaders charge Sukarno as headquarter of the Communist Party (PKI) when the coup attempt was launched. It was the bitterest attack the students have yet made on Sukarno.

"Sukarno has not condemned the PKI but supported them," shouted one student leader.

"Sukarno says he condemns imperialists... but he has never condemned the Chinese imperialists who helped the PKI coup attempt," another screamed.

PATROLS WEARS

Army patrols hovered near the demonstrators who surged to the gates of Sukarno's palace but made no attempt to stop them.

Sukarno was in his palace handing out medals to his

household staff while demonstrators milled outside. He gave medals to servants who used to sell his bath water to people who thought it would make them strong.

Ignoring a warning from Maj. Gen. Alamsjah, one of the army's top leaders, the students massed outside the university campus and circulated a proclamation demanding that Sukarno leave the country.

Heavily armed troops in jungle camouflage occupied strategic positions throughout the city as the rally was being held, but the situation was calm.

The students milled around for some time and then dispersed. Reliable sources said that Jakarta's military commander, Maj. Gen. Amir Machmud, had not authorized the rally. The decision to hold it marked the first students have openly defied army orders.

Backers Make Final Effort to Limit Debate

WASHINGTON (AP)—The 1966 civil rights bill faces death today as its backers make a second and final effort to limit debate—an effort a Southern leader branded as a "farce."

"This motion to gag an unborn, nonfilibuster is unconscionable," declared Sen. Sam J. Ervin Jr., D-N.C., in a speech prepared for the Senate.

Ervin argued it was degrading the Senate and its rules "for the sake of politics."

The showdown comes on an attempt to invoke cloture, the rule limiting debate, thus permitting the bill to come officially before the Senate. Both opponents and backers predict the attempt will lose, and the bill be shelved for this session.

'ONLY DEFENSE'

Ervin said the opponents have come from the bill's floor manager, Sen. Philip A. Hart, D-Mich., "who has diligently sat throughout the debate while other proponents have been abundantly conspicuous by their absence from the Senate chamber."

If the cloture effort fails as expected, Senate Democratic leader Mike Mansfield says he promptly will shelve the House-passed measure.

A MOVE TO INVOLVE CLUTURE

A move to invoke cloture last week failed on a vote of 54 to 42. Approval by at least two-thirds of those voting is required for a cloture vote to carry.

Mansfield told a newsman today, "We've got two or three more votes." He wouldn't say whose.

EXPECT NEW PROPOSAL

Senate Republican leader Everett M. Dirksen and Sen. Philip A. Hart, D-Mich., said they expect a new civil rights proposal by President Johnson next year. Dirksen's opposition to the 1966 measure is a key factor in its expected rejection.

Hart has tried to guide the measure to Senate approval. The civil rights bill would ban discrimination in about 40 per cent of the nation's housing units, mostly apartments and new single home developments. Individual home owners would not be covered.

Birmingham Area News

Parking Lot Expansion for Library Will Be Aired

BIRMINGHAM—The City Commission tonight will discuss possible expansion of the public library parking lot.

City Engineer William T. Kil-

leen has estimated that to expand the lot to provide 20 parking spaces would cost about \$4,600.

He points out that to stay within the north and south building lines of the library, as outlined previously, a adequate parking spaces could not be gained.

Killean will present two plans to the commission, one making a total of 16 parking spaces and the other providing 20 spaces.

Cost estimates, he said, have been prepared without the benefit of construction drawings.

Police Hold 5 in 2 Robberies

Gas Stations Held Up in Pontiac, Waterford

Five armed robbery suspects were arrested by local police departments early today following two separate service station holdups in Pontiac and Waterford Township in which a combined \$100 was taken.

FACING ARRAIGNMENT ON CHARGES

Facing arraignment on charges of armed robbery of Andy's Marathon, 180 S. Telegraph, Waterford Township, are Julian H. Moore, 21, and Shann Rouser, 18, who gave their address as 319 E. Wilson, and Willie Marbles, 24, of 559 Wyoming.

Waterford Township Patrolman Joseph Henson and Sylvan Lake Patrolman Billie White collaborated to make the arrests, converging on the trio in a parking lot at Telegraph near Vorheis.

Being held for arraignment on armed robbery charges in connection with a holdup at the Clark Gas Station, 382 Orchard Lake, are Otis M. Jackson, 24, and Willie N. Jackson, 23, both of 182 Green.

They were arrested in their home by Pontiac police who had traced them after a truck driver, who witnessed the holdup, gave officers a description of the men and their car.

TRIO ACCUSED

Moore, Marbles and the Rouser woman are accused of taking about \$60 from Craig Bruce of 54 N. Tasmania, an attendant at Andy's Marathon; and customers Daniel Moulton of 224 Pioneer, Lyle Bartel of 2656 Grafton, Orion Township; and Bill Denton of 725 Sandy Beach, Waterford Township.

Henson and White arrested the trio in their car only a few minutes after the crime.

The Jacksons allegedly robbed a Clark service station attendant of \$40 after threatening him with a sawed-off shotgun.

ON A PICNIC

Victim of the holdup was Carl Matteson, an attendant at the Clark Gas Station, 382 Orchard Lake.

Matteson told police two men came into the station about 11 a.m., brandished a shotgun at him and a customer and took \$40 from the attendant before fleeing.

Workers Still Striking OCC

A strike by Oakland Community College maintenance and custodial employees continued today at the college's two campuses and Bloomfield Hills administration building.

Members of the American Federation of State, County and Municipal Employees set up picket lines Friday morning after a breakdown in contract negotiations Thursday.

Reportedly at the core of the problem is a five-cent difference on a wage package for the 38 employees in the bargaining unit.

College officials said today that they were attempting to contact union representatives to schedule another contract meeting.

ICC Reaffirms OK of Railroad Merger

WASHINGTON (AP)—The Interstate Commerce Commission reaffirmed today its approval of the merger of the New York Central and Pennsylvania railroads but asked for more testimony on steps being taken to protect three smaller, competing railroads.

The merger is scheduled to be effective Sept. 30. The three competing railroads are the Erie-Lackawanna, Delaware & Hudson and the Boston and Maine.

The commission had received more than 28 petitions relating to the merger. Its affirmation today of action it took last April 27 was in answer to those petitions.

Judge Acquits Yank in Death of His Wife

MWANZA, Tanzania (AP)—A Tanzanian judge acquitted U.S. Peace Corpsman Bill Haywood Kinsey today of the charge of murdering his young wife.

Judge Harold Platt announced his verdict to a tense, crowded courtroom.

A two-man jury had recommended that Kinsey, 25, of Washington, D.C., be found innocent.

The judge was not required to follow the recommendation of the jury of "assessors" but he usually does in a murder trial.

Both Gail Bagley, 46, a soil conservation expert from Elsbury, Mo., and Tanzanian economist Fred Mugibi, 27, told the court they felt Peverley Kinsey, 23, died of an accidental fall, on March 27, as her husband contends.

ON A PICNIC

The prosecution charged Kinsey beat his wife to death with a length of metal pipe while the two of them were on a picnic on Impala Hill, two miles from the hamlet of Maswa, where they both taught school.

Passages in his diary were cited by the state as indication that Kinsey thought his wife was unfaithful.

Byron Georgiadis, East Africa's leading defense attorney, produced a book Kinsey had been reading and showed that the diary passages were almost identical with passages in the book.

Kinsey said he normally took notes on things he read, a habit he picked up in school.

12 WITNESSES

One of the 12 prosecution witnesses, an African farmer, testified he saw Kinsey sitting on his wife after felling her with a blow.

The prosecution produced a blood-stained pipe, contending it was the murder weapon.

Kinsey said his wife fell, injuring herself, and he sat on her to keep her from moving and aggravating her injuries.

HE SAID THE PIPE WAS PART OF A TRIPOD, ADDING THAT THEY HAD LEFT IN HASTE ON THE PICNIC AND HE HAD LEFT THE REST OF HIS PHOTOGRAPHIC EQUIPMENT AT HOME.

NO HINT OF TROUBLE

Kinsey's mother-in-law, Charlotte Dennett of Riverside, Conn., flew to Tanzania to testify on his behalf. She embraced him in court.

She said there had never been a hint of unhappiness in the marriage of her daughter and Kinsey, whom she visited last year in East Africa.

Scientist Saw Flash

(Continued From Page One)

was a considerable distance north.

The head of the bolide—or fireball—was about the size of a full moon and was greenish white because of ionization as

it tore through the atmosphere, Schultz said.

The red tail "went out quite soon," he noted.

"Millions of these fall to earth every day," he said. "But most of them are the size of dust. This is the brightest one I've ever seen."

Schultz asked that anyone who saw the meteorite send four pieces of information to him at the institute.

"We would like to know where they were standing, what direction they were facing, the direction the meteor was going and its altitude—whether it was right overhead or low in the sky," he said.

The information will be passed on to other astronomers for correlation, Schultz said.

"This sort of thing is very valuable to science," he noted.

SHOCK SEQUENCE

PALERMO, Sicily (AP)—A series of previous earth shocks cracked walls today in the neighborhood of Cinquina, badly damaged a home for the aged and sent thousands of persons fleeing from their homes in panic.

None of the 150 residents of the home for the aged was injured, but authorities said the building was so badly weakened it might have to be abandoned.

SOCIETY PRESIDENT JOE DUNNEBECK TOLD ABOUT 2,500 SKILLED WORKERS THEY WOULD CONTINUE PAYING DUES TO THE UAW UNTIL THE CONTRACT RUNS OUT IN 1947.

But then, Dunnebeck said, "when we're ready, we're coming out."

To get the skilled workers away from the UAW Dunnebeck would have to win elections covering all members of a craft throughout General Motors Corp., Chrysler Corp. and the Ford Motor Co.

Steelworkers Praise, Criticize Johnson

ATLANTIC CITY, N.J. (AP)—The United Steelworkers of America officially open their 13th constitutional convention today after both criticizing and praising President Johnson's economic policy.
 The union said the administration's 12 per cent wage the 10 major steel producers, guideline was an unfair re- and that contract is used as the strain on labor but applauded standard for the rest of the industry.
 suspending the seven per cent. Some union officials have advocated bargaining with individual companies. They claim this would streamline negotiations and would more easily resolve local issues.
 The President was scheduled to have addressed the convention today but had to cancel the engagement. Arthur J. The union, in a report to Goldburg, U.S. ambassador to the United Nations, will speak in Atlantic City.
 The steelworkers, third largest union in the country with 1.1 million members, also will make known this week its decision on collective bargaining. The union now negotiates with Americans.

Rains, Flooding Kill 16 in Islands

LISBON, Portugal (AP)—Torrential rains and flash floods killed 16 persons in the Portuguese Cape Verde Islands last week, ANI news agency reported today.
 The report said floods covered most of the Ilha do Fogo, one of the 15 islands of the coffee-producing archipelago 280 miles from Dakar. The floods were followed by a plague of caterpillars and locusts which destroyed part of the crop.

No Arson in Fire at U.S. Facility

MANILA (AP)—A U.S. Embassy official today ruled out arson as the cause of a \$250,000 fire which destroyed the commissary and several warehouses in the embassy compound Sunday.
 The spokesman said an electrical fault apparently caused the blaze.
 Codes to last the next 40 years have been devised by experts of the International Telecommunications Union in anticipation of a future worldwide dialing system.

It Seems to Me...

Griffin's Fine Background Bodes Well for Michigan

Republican Senator ROBERT P. GRIFFIN is looming more importantly before the Michigan home folks as a very capable and desirable individual.

He enjoys infinitely more actual business experience than the vacillating "Soapy" Williams who wobbled around the State House in Lansing for twelve years and managed to gum up the works completely with payless paydays, an empty treasury and a bad name nationally. George Romney finally inherited a \$75 million deficit which he has since paid off.

Senator GRIFFIN has had fine business training and is a personable individual that meets people easily and well. And to be fair, G. MCKENNA WILLIAMS possesses this last characteristic. However, GRIFFIN "knows his way around Washington" and has a firsthand acquaintance with the "ins" and

"outs" of the complex political scene in the District of Columbia.

Currently, he charges the President "with igniting inflationary fires that force unions to go above the wage guide lines that the President set himself." GRIFFIN blames LBJ primarily for our predicament—instead of the unions.

The Michigan Senator is supporting his own bill for fighting crime across the Nation. It provides the transmission of computerized information by the Federal government. The FBI plans such a center. Further, the Michigan has other measures for combating the alarming upswing in all criminal activities.

Senator GRIFFIN stands as the most practical and headstrong Senator Michigan has possessed since ARTHUR VANDENBERG. We're one of the greatest states in the Union and deserve top representation from an outstanding man.

'The Delinquent Family'

Authorship may be clouded, but I subscribe to the doctrine first heard from the Rev. AUSTIN H. PELLETIER, Chaplain at Starr Commonwealth for Boys at Albion.

Quoth he:
"Let's stop talking about the 'delinquent boy.' Let's say: 'the delinquent family.'"

Aye.
The good Reverend gentleman makes a lot of common sense. Why should some lad who hasn't had proper home training, guidance, atmosphere and associations bear all the stigma?

Why should he?

Let's fix the blame where it belongs: on the whole family at home. Fathers, mothers, yes, older brothers and sisters may squirm and cringe, but isn't this where the responsibility belongs?

Let's stop shadowboxing.

The only added stipulation should be the certainty that when a crime is committed, *someone* pays. Letting the boy—and all the rest go scot free—is the worst offense of all.

That encourages others.

Target---Moon

Copenhagen steps forward with a novel suggestion. The *Daily Information* there shakes a dubious head at President Johnson's plan to try and guarantee "peace on the moon"—a place we've never even been—when our own globe is so gen-

uinely bellicose."

"Why not," queries this spritely journal, "reverse that thinking and ban all wars on our earth and confine them to that intriguing moon?"

Fair enough. Why not?

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

The French parliament is planning a two-month moratorium on election polls. Both DE GAULLE and his opponent FRANCOIS MITTERAND, are afraid of them. . . . Have you seen the jigsaw puzzle for people you dislike? The pieces won't fit together and all four corners are missing. . . . Overheard: "Why don't they let the bandits get away and then serve time for income tax evasion?"

Trusted scouts tell me Bonnie Lawrence deserves mention as one of the attractive young ladies in the area. . . . Peggy Jay, of London, is starting a butterfly farm with just one purpose: she will release them regularly to make London

BONNIE

streets and parks more attractive. . . . Note at hand says: "So you think your grandchild is the most perfect, eh? Well, how about my Susie? Her measurements are 13-12-13." . . . Ford Foundation has granted \$100,000 for a program to help important executives change careers in mid-life.

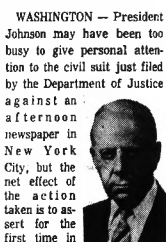

Overheard: "I wouldn't vote for you if you were ST. PETER." Quiet reply: "If I were ST. PETER, you wouldn't be in my district." . . . For the first time Italy's Communist vote in the last election lost some strength. Previously, every election had seen the total mount. . . . A New York judge says anyone in his courtroom that used the language in "Who's Afraid of Virginia Woolf?" would get 30 days. . . . Overheard: "Just think! Dogs still dare to go out on the streets at night alone." . . . Dept. of Cheers and Jeers: the C's—U. of M. and M.S.U. opening victories; the J's—beastly Chicago murder.

—HAROLD A. FITZGERALD

David Lawrence Says:

Freedom of Press Under Attack

WASHINGTON — President Johnson may have been too busy to give personal attention to the civil suit just filed by the Department of Justice against an afternoon newspaper in New York City, but the net effect of the action taken is to assert for the first time in American history a LAWRENCE claim that the government of the United States can abridge at will the freedom of the press.

The administration proposes to do this by invoking the "interstate commerce" clause of the Constitution, just as it has done in legislation covering "public accommodations" and "open housing."

To argue that, when one newspaper is merged with another, the writings of particular authors must be made available to all competitors to bid upon constitutes an amazing precedent. For the federal government says, in substance, that a writer cannot any longer protect his own material under the copyright law or sell it to whomever he pleases at whatever price he wishes, but that there has to be some kind of bidding contest among competitive publications.

If this concept were upheld by the courts, an author would be required to agree to sell his or her writings to the highest bidder. This could disrupt the relationships also between authors and book publishers whenever two book companies are about to be merged.

OWN SALES AGENT

Every writer, whether of books or plays or newspaper articles, has hitherto had a right to select his own sales agent. Syndicates or individual newspapers have been designated by authors to sell their writings.

The court's ruling in this case could have a bearing on the sale of news articles or features to any newspaper in the United States which has a competitor in the same city.

Indeed, from a reading of the text of the complaint filed in court, it would appear that for a newspaper to get exclusive stories or "scoops" or to select the writings of one or more authors or correspondents and refuse to make them available to competing newspapers in the same city allegedly "threatens the

existence" of such a competitor.

While the present antitrust laws forbid monopolies of a business nature, no statute supersedes the right of a newspaper to publish what it pleases.

REPEATEDLY AFFIRMED

This principle has been repeatedly affirmed by the Supreme Court of the United States, which has declared that the first amendment to the Constitution establishes

the freedom of the press and that this cannot be restricted by laws invoking the right to regulate commerce.

The whole theory behind "freedom of the press" is that each publication shall have the right to publish what it wishes and to obtain its articles from whatever source it may select, without being subjected to the dictatorial whims of a governmental agency.

(Copyright, 1966, Publishers Newspaper Syndicate.)

Bob Considine Says:

U.S., French Poles Apart in Treatment of Viet Nam

SAIGON — At home, one occasionally hears a let's-get-out-of-Viet Nam adreher use, in support of his argument, the dire setbacks the French suffered in trying to beat Ho Chi Minh.

To equate the plight of the French with the position of the Americans in Viet Nam is preposterous.

The Americans are here in support of the Republic of Viet Nam and the Vietnamese national army, under the terms of a pact that has had the support of the past four U.S. presidents.

The French permitted no republic of Viet Nam and no Vietnamese national army, and fought here to continue colonialism and the status quo.

The Americans have spent millions of dollars creating and training the Vietnamese army. We arm the Vietnamese as well as we arm our own forces.

The French rejected the advice of Marshal Juin, who pleaded in 1951, "The key of the war lies in the power and faith of a Vietnamese army."

The Americans are working closely with the government to unify the people and build a nation. We've spent millions on economic and social reforms.

The French pitted minority against minority, sect against sect, to discourage the growth of a national spirit. They didn't spend a sou on betterment programs.

The French Americans make our language and culture available to the Vietnamese want to study and specifically request it. We build schools, invite the Vietnamese to run them.

The French attempted to run their civilization down Vietnamese throats, through schools and in other ways.

They abolished the teaching of Chinese characters, taught French history as though it had the same meaning for the Vietnamese as it had for themselves.

CONSIDINE

After a century of occupation, the Vietnamese literacy rate was lower than it had been when the French came in.

The Americans have astounded and overjoyed a majority of the Vietnamese by their generosity, respect, good manners, and willingness to die in defense of places they never heard of before arriving here.

The American credo runs, "The only possible way to victory is that they (the Vietnamese) should prefer the government of Viet Nam." The French said, "The only possible way to victory is that they should prefer us."

Reviewing Other Editorial Pages

Conspiracy . . .

The Cincinnati Enquirer

The Cuyahoga County grand jury assigned the task of investigating last month's riot in Cleveland has concluded its work. Its finding is that "trained, disciplined professionals aided and abetted by misguided individuals of all ages and colors" had been the cause of the disorders. The grand jury also held that the rioting had stemmed from a conspiracy involving the Communist party of Ohio; the W. E. B. DuBois club, which the attorney general recently held to be communist-controlled; and the leadership of a Cleveland institution known as the Jomo Freedom Kenyatta (JFK) Youth Center.

The grand jury, of which Louis Seitzer, the distinguished former editor of the Cleveland Press, was foreman, handed down no indictments.

There is a large body of Americans who have consistently ridiculed the idea that domestic Communists represent any kind of menace, and we may be certain that they will scoff at what the Cleveland grand jury concluded from its inquiry.

There is also a large body of Americans who have argued all along that the

Voice of the People:

Area Citizens Enjoyed 'Open House' at Airport

I wish to express appreciation for the coverage in The Pontiac Press of the Open House at Pontiac Municipal Airport last weekend as part of Michigan Aviation and Space Week.

The article and photographs were major contributions toward helping Pontiac area people learn about their aviation facilities.

I would estimate in excess of 3,000 persons visited the Airport to tour the Federal Aviation Agency Traffic Control Tower, inspect new aircraft and take airplane and helicopter rides. Saturday was the busiest air traffic day in the history of the Airport with over 1,000 take-offs and landings. This record was broken Sunday with 1,211 aircraft movements.

J. DAVID VANDERVEEN
ACTING AIRPORT MANAGER

Decries Clergy's Acceptance of Red Ideas

After reading Rev. Poling's views in The Press, I feel it is time another Christian view is expressed. How can the clergy, or any Christian, condone the invasion of South Viet Nam by North Viet Nam after the Geneva Treaty was made?

How can our clergy ignore Rev. Warmbrun who testifies to the cruelty in all parts of the world where communism reigns? Even our most down-trodden Negro has more freedom than those behind the iron or bamboo curtains. The cruelty inflicted on prisoners is far beyond the conception of most Americans.

Even our clergy brush off Communist tactics and condemn anyone who tries to help the underdog. I wonder why we aren't militant enough to help prisoners all over the world, instead of feeding and aiding our proven enemies?

MRS. C. E. HOFFMAN
CLARKSTON

'Not One Place in Pontiac for Teen-Agers'

I'm writing not only for myself but for many other teen-agers in Pontiac. Why don't we have a place to go and have fun? The older generation wants us to stay out of trouble, but do they give us things to do? There's not a place in Pontiac for teen-agers. We need some recreation. Other cities do it, why not ours? Give us somewhere to go and we'll stay out of trouble!

DISGUSTED TEEN

Asks Questions About Taubman Proposal

In reference to the revitalization of the Center Business District, I was privileged to view both proposals.

What is the bonded debt limit, by charter, of Pontiac? What is the present bonded debt? With an additional proposed debt of 9 million dollars on the downtown proposal, why can't the public hearing be held in a large building?

Will The Press print the entire contract between Taubman and our City verbatim and if not, why not? Who owns the buildings from Pontiac State Bank south should be acquired? If the citizens were to protest or approve, would the Commission be guided by the taxpayers' expressed wishes?

(Editor's Note: No. The Taubman contract is 10 pages of legalities, the essence of which has appeared in our news coverage.)

Question and Answer

We're having a family squabble. Do you say "Would you like to go with him and I?" or "—him and me?" or "—he and I?"

MOTHER IN THE MIDDLE

REPLY

The two pronouns are objects of the preposition "with" and therefore must be in the objective case. Correctly, the sentence should be, "Would you like to go with him and me?" Of course, you can always take the coward's way out and say "with us."

civil rights movement is a Communist-directed plot.

It is pointless — and impossible — to determine which group is the most responsible. But it is clear that the impact of the grand jury's findings will be lost on both.

We hope, however, that it will not be lost on the great body of Americans who occupy ground between the two sets of extremists. These are the Americans who recognize the civil rights movement as a legitimate and inescapable product of our age, and who also recognize the Communist conspiracy as one that exploits every conceivable opportunity to promote discord.

Husky Helper

Chicago Daily News

In these days of concern over the tens of thousands of guns in private hands, we welcome the testimony of Ronald Iglesias, of 4923 Adams St., that it doesn't necessarily take a gun to rout a burglar.

Iglesias found a man trying to break in his rear door at 3 a.m.

Wallace Eying the Presidency

KENTUCKY DAM VILLAGE, Ky. (UPI) — Alabama Gov. George Wallace said today he is "seriously thinking" of running for president in 1968.

Wallace would become a "white backlash" candidate who said he would carry to the nation a campaign of state-versus-federal power.

The Alabama chief executive, who has repeatedly tangled with the federal government over desegregation

issues, said in an interview with United Press International:

"I am seriously considering this presidential campaign and if I make it, I will do so in all 50 states this time."

In 1964, Wallace ran in presidential preferential campaigns in Maryland, Indiana and Wisconsin, capturing up to 40 percent of the vote in each state.

Going for Wallace at the present time is a strong sentiment against federal school integration guidelines, which the Alabama legislature recently outlawed at Wallace's urging.

Funds Sought for Pollution

CHICAGO (AP) — The Army plans to ask Congress for funds for an emergency program to fight pollution in 13 critical sections by dumping dredgings on land instead of in water.

The plans were revealed by Gen. Roy T. Dodge, head of the north central division of the Engineers' Corps. He said the engineers are considering depositing dredgings behind dikes and in abandoned quarries and strip mines instead of in water.

Rochester Vote Tomorrow to Decide Cityhood Issue

ROCHESTER — The question of cityhood for the 16 square miles of Rochester goes into the hands of its 1,714 registered voters at 7 a.m. tomorrow.

Polls will be in operation at the Municipal Building until 8 p.m., and only residents of the village are eligible to vote.

Rochester voters in 1958 turned down cityhood by a vote of 1,346 to 531. The margin was similar in 1963 when the vote was 1,206 to 342 opposed to incorporation.

While activity picked up over the weekend with the distribution of literature by both sides — village officials being largely in favor of incorporation and township officials opposed — there has been no indication of the outcome this time, according to Village Manager William Sinclair.

Electorates, besides voting either for or against incorporation, will be asked to select a nine-member charter commission which will draft a new city charter should the question of incorporation be approved.

Seeking election to the commission are Earl Cargill, 45, 320 Wesley, tool and die maker and member of Citizens Advisory Committee; Thomas V. Case, 38, 407 Castelli, insurance supervisor for Pontiac Motor Co.; William C. Chapman, 51, 311 Walnut, former councilman and engineer; John L. Dahlmann, 55, 265 South St., former councilman and local businessman.

Others are Dr. Alvin V. Gursin, 38, 1124 Main, orthodontist and Cityhood Committee member; James C. Hill, 51, 128 Griggs, former councilman and member of Cityhood Committee; Samuel Howlett, 57, 227 Romeo, former police chief and present councilman.

Still more are Fred C. Hugger,

Fall Hours Are in Effect at 2 Nature Parks

The fall hours of operation are now in effect at the Nature Centers in Stony Creek and Kensington near Milford houses.

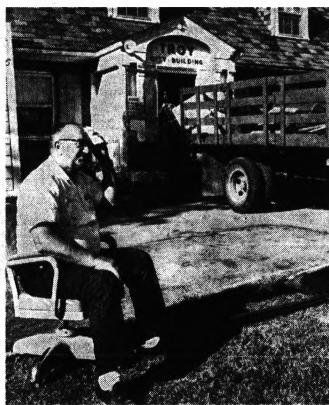

At Stony Creek near Washington the Center is now open from 1 p.m. to 5 p.m. Tuesday through Friday and 10 a.m. to 5 p.m. on Saturday and Sunday. At Kensington near Milford houses the Center is now open from 1 p.m. to 4 p.m. Monday through Friday and 10 a.m. to 5 p.m. on Saturday and Sunday.

Several seasonal exhibits are on display.

Morning hours Tuesday through Friday are reserved for school groups who wish to hear lectures provided by the naturalist staff.

The 45-minute lectures are available at 10 a.m., 10:45 a.m., 11:30 a.m., and 12:15 p.m. Advance appointments for lectures or guided nature hikes may be arranged by contacting the Hudson Metropolitan Authority, Detroit.

The nature trails are open year-around for self-guided hikes along the labelled nature trails.

Pontiac Press Photo

ON WITH THE NEW—Troy's city government employees reported to work this morning in a spanking new, air-conditioned building (top) located on 16 Mile Road between Livernois and I-75. The move was effected over the weekend, and there were times when Carl W. Campbell, superintendent of public works, wondered how he'd gotten into the moving business. Campbell wipes his brow (bottom) as a truck loads up at the old city hall door.

Open House Stated for New Principal

Lowell C. Ruggles, new principal at Avondale senior high school, will be introduced to the community at an open house set for 8 p.m. Thursday, at the school.

The Parent Teacher Student Association board of officers will conduct the program.

Parents will be permitted to tour the school and visit with teachers.

Refreshments will be served in the cafeteria.

Bicyclist, 9, Killed Near Imlay City

IMLAY CITY — Michael Franklin, 9, of 1872 Van Dyke was killed at 2:57 p.m. yesterday while riding his bike on M53 about two miles south of here.

Lapeer County sheriff's deputies said witnesses reported the youth turned his bike in front of the path of a car driven by Bernard J. Sullivan, 39, of Bad Axe.

No citation was issued.

Troy Officials in New Hall

TROY — Tonight's City Commission meeting will be held for the first time in the new city hall commission chamber. Temporary seating will be installed for the audience.

Manager Paul York reports that all city offices will remain open during the noon hour starting today and that some offices will remain open until 7 p.m. Monday, instead of until 8 p.m. Tuesday as previously scheduled.

A matter for consideration at tonight's meeting is a letter from the Troy Historical Committee, signed by Morris Watters, Mrs. Norman Barnard and Mrs. Donald Lancer, requesting that the old city hall remain in the hands of the city.

The letter states, "It seems to us that the ideal situation, for the present, is for the Troy Library to use the building, with the Troy Historical Committee and the Troy Historical Society having the use of the Pioneer Room at least."

Giant Jump Utica Enrollment Up

UTICA — A giant jump in enrollment from last year is reflected in Utica School District attendance figures taken at the close of last week.

Last June 13,431 students sought education in the district. This year the number was 15,141 students, for an increase of 1,713.

David Walsh, director of pupil services, pointed out that projections made by his department last October were that enrollment this year would be 14,985, an accuracy of better than 99 per cent.

His projections for growth over the next three years are: 1967-68 school year, 17,125; 1968-69 school year, 19,463; and 1969-70 year, 21,805.

Walsh says that although the enrollment figures are high, the administration's goal of lower class loads has been accomplished. Elementary classes last year had an average of 32 students each. This year the elementary class load has been cut to an average of 30 students each.

Several elementary schools are under construction in the Utica district with two due for completion at the end of this month and another two a month later.

ORION TOWNSHIP — Rodney Trimble, Dr. Clarence Will and Harold Wright have been reappointed to three-year terms on the Orion Township Planning Commission.

The Township Board recently voted to pay 10 per cent of the cost of special assessment drainage districts, the first of these to be the East Clarkston Drainage District.

Engineers are now working on plans and a public hearing has been planned, but no date set.

State Road Mishaps Kill 17 Over Weekend

By the Associated Press
Pedestrians died in four of the fatal accidents in Michigan during the weekend, where a reported 17 fatal road accidents occurred.

Killed were:
William J. Abbey, 80, of Fraser, when he stepped into the path of a car Sunday while walking along a road in Macomb County.

Charles Helsel, 81, of Wyoming, when he walked into the path of a car at an intersection Sunday in the Grand Rapids suburb of Wyoming.

TWO-CAR CRASH
Berwyn Morris Flack, 51, of rural Mendon, when his car was struck by another vehicle Sunday at an intersection in St. Joseph County.

Stanley Tamechewski, 74, of Detroit, when he was struck by a car Sunday while crossing a street in Detroit.

David A. Groulx, 87, of near Lake City, when his car and an auto collided Sunday at M24 and M96 near North Branch in Lapeer County.

PAIR KILLED
Fred Balaban, 35, of Detroit, and Alice Marie McGowan, 21, of Wyandotte, when their car

ran off I-75 Sunday near Bridgeport in Saginaw County.

Ronald Charles Zyla, 26, of Detroit, when his car ran off U.S. 33 Sunday near Brighton in Livingston County.

Theodore Hackett, 67, of Flint, who was injured fatally Saturday when struck by a car while crossing a road in Genesee County.

Lillian Lindberg, 28, of Bruce Crossing in the Upper Peninsula, when her car ran off an Ontonagon County road Sunday and overturned.

HEAD-ON COLLISION
Lester Frey, 61, and his wife, Violet, 55, both of Three Rivers, in a head-on collision Saturday on M19 just north of Motville in Cass County.

Ernest Smith, 28, of Detroit, when his motorcycle slammed into a truck waiting to make a left turn into a Ford Motor Co. plant in Dearborn, a Detroit suburb, Friday night.

Harold L. Rak, 23, of Fraser, from injuries he received when his car was struck by a freight train at a Grand Trunk Western crossing on Metropolitan Beach Highway near Mount Clemens Saturday.

Richard Lover, 19, of Bannister, when his car, was struck by the wind than other seeds, even though they have no special flying adaptations.

Michael Franklin, 9, of Imlay City, when he rode his bike into the path of a car yesterday afternoon on M54, two miles south of Imlay City in Lapeer County.

The dust-like seeds of an orchard are the smallest of plant seeds and are carried further by the wind than other seeds, even though they have no special flying adaptations.

NOTICE!

To Pontiac Township Residents

Fit Question to the Answers in Multiple Choice Examination

By LESLIE J. NASON, Ed. D.

Dear Dr. Nason: I have been following the advice given in a study manual which states, "Multiple choice tests: eliminate the obvious wrong answer first and then spend more time on the two or three left."

I have been using this procedure in the past but have not been very successful although I feel I have given this approach a good trial.

DR. NASON

I think the method must be unsatisfactory.

M. A. Burlingame, California
Answer: You are right. This approach to multiple choice tests is wrong. It will actually lead you to select incorrect responses.

Instead of trying to fit the answers to the question, you must approach the test in the opposite fashion. Read the question carefully before looking at the answers, then, keeping the question firmly in mind, make your selection.

Dear Dr. Nason: Our seventh-grade child has a noticeable problem coordinating the eye and hand motions. We suspect this may be affecting both his reading and writing skills. It may also have some connection with his struggle in both the English and social studies fields.

Could mixed dominance be the cause? Where should we turn to have him tested along these lines?

N. K., Kennelton, N.J.
Answer: The problems associated with hand and eye coordination are sometimes simple and in other cases very serious and complex. Ask your family doctor to examine your child and give you his recommendations.

Regardless of the cause, however, it could do no harm to have your child practice handwriting, repeating the same short sentence many times while striving for improvement.

I have known cases where 10 minutes of daily practice for a full year was necessary to develop desired eye-hand coordination. Be patient.

Dear Dr. Nason: For the past three years I have been taking Spanish. I have found the Spanish people very interesting, but as far as learning the language, it has been a complete failure.

I am interested in science and would like to learn the German language. I have seen many different books in bookstores at a nearby college and would like to know if you could tell me what would be necessary for me to teach myself this language.

G. W., Norge, Va.
Answer: To be successful in learning a language, a person must not only learn to pronounce the words correctly but be must think what they mean without mentally translating each word into English.

With diligent effort to accomplish these two things, using language teaching records and a "Self-teaching" German Language book, you might be successful.

However, there is no real substitute for a teacher with whom you can practice speaking and listening.

Link Emphysema to Cigarettes

PROVIDENCE, R.I. (AP) — The Rhode Island Medical Journal reports that study in three Rhode Island hospitals indicates that a major cause of the lung disease emphysema is "the habitual inhalation of cigarette smoke."

The study said 176 of 306 patients examined smoked a pack of cigarettes or more a day.

Funeral Today for LBJ Aide

WASHINGTON (AP)—Funeral service for James H. Moyers, an assistant to President Johnson and brother of Bill D. Moyers, White House press secretary, is scheduled today at nearby McLean, Va.

Moyers, 39, died Saturday of an apparent heart attack. Before becoming a presidential assistant, he had held executive positions with the Freeport Sulphur Co. in New Orleans and New York.

Today's services were to be conducted at the McLean Baptist Church by the Rev. Thomas A. Jackson. Graveside services will be held Tuesday at Marshall, Tex., with the Dr. Harvey Lewis of the Central Baptist Church there officiating.

Johnson, describing Moyers as "a faithful public servant and a treasured friend," said "the White House knew no one more conscientious or more devoted to the work of the presidency."

Moyers also is survived by his wife, Ruth; two young daughters, Melinda and Karen; and his parents, Mr. and Mrs. Henry Moyers of Marshall.

Powell Foe Says Negroes Can't Sway Vote Result

WASHINGTON (AP)—Rep. Sam M. Gibbons says nothing Negro leaders can do will keep Rep. Adam Clayton Powell from losing his chairmanship powers of the House Education and Labor Committee.

Asked about plans for a rally in New York City tomorrow in Powell's behalf, Gibbons, a Florida Democrat, said, "I don't think it would have any effect on the outcome of the vote."

About offers by some Negro leaders to picket the homes of committee members known to be against Powell, a New York Democrat from Harlem, Gibbons said in interview:

"Anything like that involving members of Congress is fraught with danger. You don't threaten people who are in the highest law-making body in the land and perhaps the most important in the world. Congressmen are not intimidated. Each man votes according to his conscience."

THURSDAY VOTE

Gibbons is the leader of a group of committee members who say they have the votes of at least 16 on the 31-member committee to transfer Powell's powers as chairman to six subcommittee chairmen. The move is to be made Thursday.

Powell, a Negro, preached yesterday at Harlem's Abyssinian Baptist Church where he is a pastor and announced plans for tomorrow's rally at the A. Philip Randolph Institute. Randolph, head of the AFL-CIO Sleeping Car Porters Union, is to be rally chairman.

Powell's sermon was on Daniel in the lion's den. It contained no political remarks.

But at the end of the 90-minute service before about 2,000 persons, Powell said of the committee members' move against him: "This is the reward I get for excellence."

He said he has been called "the best chairman on the hill" by Presidents John F. Kennedy and Johnson and by House Speaker John W. McCormack.

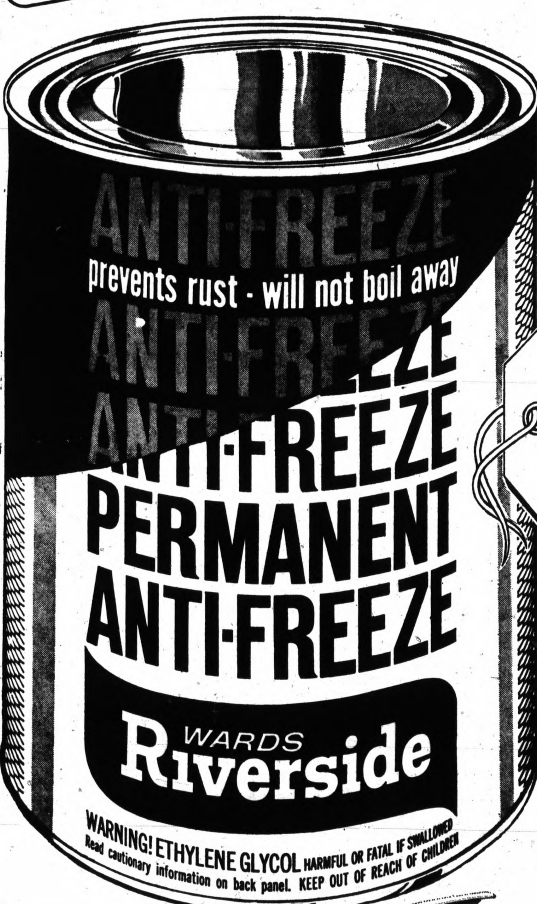

Fifty-four major bills were passed during his chairmanship, he said.

Powell could not be reached for comment on Gibbons' statements. An aide to Powell said only, "It'll all come to pass on Thursday."

Women Voters Begin Fund Drive

Pontiac Press Photo

Mrs. James Campoli, Middle Belt Road, is cochairman for the finance drive of the Pontiac League of Women Voters. Starting today, members of the local League will solicit funds to carry on the nonpartisan work of the group.

Members of the League of Women Voters conduct an annual finance drive. Funds are solicited from the community to support the work of the League.

At this time the public is reminded that the League is a nonprofit, nonpartisan organization dedicated to the principle that a democracy depends upon the informed and active participation of its citizens.

An important part of league work is service to voters. Pre-election voters' assistance includes provision of nonpartisan information on candidates and ballot issues in a voter's guide.

Campaigns to encourage registration and voting on an informed basis and meetings at which all candidates for office may speak are conducted.

RUNS A WEEK

Mrs. James Campoli and Mrs. Mitchell Bacow are cochairmen of this year's campaign which runs through Friday.

Both Gov. George Romney and Mayor William J. Taylor Jr. have issued proclamations naming this week League of Women Voters Week.

Membership in the League is open to any interested woman in the Pontiac area. Lillian Davidson is membership chairman.

Let Hostess Know Plans of Guests

By ELIZABETH L. POST
Dear Mrs. Post: One of my pet peeves is the phrase, "I'll let you know" in answer to an invitation. A friend of mine almost always says this instead of giving me a definite answer.

It sounds as if she wanted to wait and see if anything better comes along before accepting my invitation. Don't you think this rude? — Valerie King.

Dear Mrs. King: Unless the "I'll let you know" is followed by some such phrase as "I have to talk to John and see if he has made any other commitments," or "When I find out for certain that we will be in town that weekend," it is inexcusably rude not to give a definite answer.

Even when you qualify your response in such a way, you should make every effort to follow it up and let the hostess know at the earliest possible moment.

ENGAGEMENT RING

Dear Mrs. Post: I am a widow and have just become engaged. My fiancé will be giving me a ring very soon and my question is, when should I remove my wedding ring and what should I do with it? — Paula S.

Dear Paula: Since you are now engaged to be married again, you should remove your wedding ring immediately. Put it away safely and if you have a son, he might like to use it for his future bride.

Pontiac Press Photo

Mrs. Donald Genereux of Shore View Drive stands with Mrs. Walter J. Steiner of Sylvan Shores Drive, new member of the Sylvan Shores Women's Club, and Mrs. Winifred D. Holt, club president.

They met Monday at the home of Mrs. Holt for the Sylvan Shores Women's Club fall tea. New officers were hostesses to the club members with special recognition to new members.

Mother Uses Wrong Force

Threatens Police Action

By ABIGAIL VAN BUREN

DEAR ABBY: I have a young neighbor who has children about the ages of mine. Our children play together constantly at either my house or hers. It seems the only way this mother can discipline her children is to tell them if they aren't "good" she will call the policeman.

ABBY

Now it's none of my business how she wants to raise her children, but I do not want my children to grow up being afraid of policemen. Should I say something to this mother? If

so, how do I put it without getting her angry at me?

A NEIGHBOR
DEAR NEIGHBOR: Tell her that for their own safety children should be taught that the policeman is their friend because should a child be lost, hurt or molested by a stranger, he should ask the nearest policeman for help. If you explain this to your neighbor she will surely understand and change her threats.

DEAR ABBY: When I was 16, I lost the thumb and first two fingers from my right hand in a hunting accident. This is my problem: People are always wanting to shake hands with me, which has given me many awkward moments.

They become offended or embarrassed if I do not shake hands with them. I have tried wearing a glove, but people are not very observant and they put out their hand anyway. I don't think I ought to apologize for my hand. Any suggestions?

S. C.
DEAR S. C.: You needn't apologize. Simply offer your LEFT hand before the other party has a chance to reach for your right and he should quickly get the message.

In Cranbrook Galleries

Reception Honors Glen Paulsens

By SIGNE KARLSTROM

The board of trustees and the women's committee for the Cranbrook Academy of Art honored the new president of the Academy, Glen Paulsens, and Mrs. Paulsens, Sunday evening at a reception in the Galleries. Mrs. J. Robert F. Swanson was chairman.

At the entrance were two yellow lantana trees grown under the guidance of R. H. Milton in the Cranbrook greenhouse.

Three seven-branch silver candelabra designed by Mr. Swanson, were placed on the

buffet table, decorated in yellow.

It was a happy evening for so many friends of the Cranbrook Institutions to greet their new president and his charming wife in this setting.

With the Paulsens in the receiving line were Wallace Mitchell, director of the Galleries and Mr. and Mrs. Ernest A. Jones. He is chairman of the board of trustees of the Cranbrook Academy.

FROM HONG KONG

Special guests were Mr. and Mrs. Su Gin-Dih from Hong Kong, who are presently visiting a daughter at the University of Michigan. Mr. Su, an alumnus

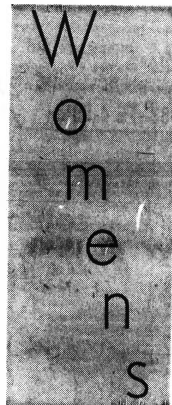

of the university, attended Cranbrook School at one time. According to his many friends, he is one of this country's best ambassadors in China, his home land.

Among the other guests were the Lester Lockwoods who came from Flint; Dr. W. R. Keast, Wayne State University president, and Mrs. Keast; Paul Grigani from U. of M., the Henry Booths, the Warren Booths, Mr. and Mrs. John M. Booth, the James Beresfords, the William T. Gossets.

Others were Mr. and Mrs. Don Ahrens, the Lefty Kieffers, Mr. and Mrs. Marshall Fredericks, Dr. and Mrs. Robert Hatt, Zoltan Sepeszy, former Academy president, and Mrs. Sepeszy.

Mrs. Ellet Saarinen, honorary member of the women's committee, was unable to be present due to illness. Her husband, the late Ellet Saarinen, was the first president of the four institutions of learning at Cranbrook.

Assisting Mrs. Swanson were Mrs. Alfred C. Girard, decorations chairman and Mrs. Edwin J. Anderson who had charge of the buffet table along with a host of committee members.

Pontiac Press Photo

It's more practical than a crown. Maxine Davison of Sylvan Lake (seated) selects a new hat in honor of her award Sunday at "Woman of the Year" by the Tipacorn Charter Chapter, American Business Women's Association. Admiring her choice are (from left) Mrs. Walter Latozas of Shelby Drive and Mrs. Donald Lunsford of Devondale Avenue, Avon Township. See story on page B-3.

Newlyweds
Take Trip
to Virginia

Off on a Virginia honeymoon are the Larry D. Becketts (Diane Beatrice Mutrynowski) who were married Friday evening in Our Lady of Refuge Catholic Church.

Their parents are the Edmund J. Mutrynowski and the William Beckettes of Amberwood Street, Pontiac Township.

An embroidered illusion veil complemented the bride's A-line gown of white peau de sole styled with high-rise bodice and train border of Chantilly lace.

With her bouquet of white carnations, Stephanotis and pompons, she carried a crystal rosary, the gift of Sister Mary Lucia, her great-aunt's sister.

Attendants were Karen

MRS. L. D. BECKETT

Spanksi, honor maid, with Mrs. Denis Mutrynowski and Noreen Spanksi.

James Richardson was best man. Denis and Gregory Mutrynowski seated the guests who later attended a reception in the American Legion Hall, Auburn Heights.

Polly's Pointers

The Peanut Game

DEAR POLLY — I have a good game for Mrs. R. L. E. Have a good supply of dried beans, shelled corn or peanuts on hand. In turn, each guest tries to fill a measuring cup balanced on her head while someone holds a mirror for her to see in.

She dips the beans or whatever from a bowl with a spoon. One minute is allowed for each contestant and the one who gets the most in the bowl is the winner. —ELINOR

DEAR POLLY — One of those stacking plastic vegetable bins and a few clean cloths make an ideal bed for kitty. They are very easily cleaned and are less expensive than buying a cat bed. —MRS. E. C. C.

DEAR POLLY — My game, which does not require pencil and paper, is called Hot Lemon. Form your group in a circle and hand a lemon to one of them.

The leader will be outside the circle and will give a signal when they are to start passing the lemon from one to another. While the group is passing the lemon, the leader will sing "Oh where, oh where can the lemon be?" over and over and all of a sudden she calls out Hot Lemon. The one who has the lemon will drop out and the game continues until there is only one person left and she gets the prize. —MRS. H. D.

DEAR POLLY — My party.

game suggestion for Mrs. R. L. E. is to take a bag of cotton balls, spread them on the floor and blindfold someone. Then the blindfolded person is given a long metal spatula and a bowl. The object of the game is to get the most cotton balls into the bowl by using the spatula. —MARTA

DEAR POLLY — Our set of television snack tables are not usable. Some of the plastic holders which snap over the bars have been broken. Does anyone know how these can be replaced or is there a substitute we could use? —PATRICIA

DEAR POLLY — I am an avid trading stamp collector. Before leaving on vacation or any other trip I put an empty stamp book in the car glove compartment. Any time we receive stamps when buying gas or any supplies I put them right in the book before they are misplaced. —CORNELIA

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaking idea will receive a dollar if Polly uses the item in Polly's Pointers.

R. B. Clarks
Speak Vows
in Chicago

Carol Elizabeth Kett and Airman 3.C. Richard Burton Clark, son of the C. Burton Clarks of McClimlock Road were wed recently in the Bellwood Presbyterian Church in Chicago.

Her parents, the Lewis R. Ketts of Chicago were hosts at a reception in Marchetti's Belvedere Restaurant following the double-ring ceremony.

EMPIRE GOWN
The bride wore a chapel-length Empire gown of white silk organza over tulle and carried white roses, lily and Stephanotis.

Attending the sister were Mrs. Andrew DeFalco of Chicago, honor matron, and Kendra Kett, flower girl. Bridesmaids were Darlene Rymsha and Nancy Brogan.

Gale Hargrave of Farmington was best man. Dexter Mayworm, Terrence Kett of East Lansing, and Andrew DeFalco were ushers.

After a southern honeymoon the couple will reside in Dover, Del. where he is stationed.

Plan Tag Day

Plans were discussed for an Oct. 28-29 Tag Day by members of the Pontiac Navy Mothers Club No. 356 recently. A card party is also slated for the near future.

Mrs. Vidal Gonzalez and Mrs. John Prieto will be chairmen respectively of the two ventures.

Off-Abused Poverty War an Important Beginning

By WHITNEY M. YOUNG JR.
Executive Director
Urban League

One of the favorite targets in the political shooting gallery is the War on Poverty. It has been a sitting duck for potshots from the extremists on the right, extremists on the left, and politicians looking for a headline or two.

As in any other war, the critics on the sidelines have their own preconceived ideas of how it should be run and what is wrong with it. But to those of us on the front lines of the battle against poverty, it is clear that whatever their failings, the current programs are an important beginning to the enormous task of eliminating poverty.

The War on Poverty is actually a number of federal programs, most of them administered by the Office of Economic Opportunity, headed by the energetic and dedicated Sargent Shriver.

The War on Poverty has directly employed about 45,000 people in different programs; it has given almost a million children preschool education in Operation Head Start; it has placed 700,000 young people in the work-study Neighborhood Youth Corps; it was put 200,000 youths in a college work-study program; it has created a domestic Peace Corps — Vista — which organizes volunteers for an attack on slum problems; it has placed thousands of unemployed youths in the Job Corps where they get the skills to compete for good jobs; and it has many other programs which have brought new hope where none existed before.

Perhaps the most exciting of its programs is the Community Action Program. This provides federal assistance for local groups which develop programs to combat poverty in their communities and enlist the poor in carrying out these programs.

STAKE IN FUTURE

By involving the poor in developing and administering programs which they want, not programs which City Hall or professional bureaucrats think is good for them, CAP gives the poor a stake in their own future.

It goes a long way toward countering the apathy and the indifference which are the typical reactions to charity. By harnessing the energies of poor people, and involving them in this way, the program is one of the most important social innovations in years.

CAP programs are also a source of experimentation and new ideas, as groups on the local level develop unique new approaches. This is one of the advantages to keeping the War on Poverty out of the established government departments — innovation can thrive in a new, young and independent department free from the pressures and program rivalries of an older one.

CAP has borne the brunt of the attacks on the whole program. This important program is threatened with the loss of funds in favor of "safe" programs which don't step on quite so many toes, and so supporters of progress must be on guard against weakening this important phase of the War on Poverty.

Another significant accomplishment of the War on Poverty is the unprecedented degree in which Negroes and other minorities have been integrated into good jobs.

NEEDS EXPANSION

No department has a higher percentage of Negroes on its payroll than OEO. Members of minority groups hold one in four jobs in OEO, 40 per cent of the jobs in CAP, including 50 per cent of the top jobs, and 25 per cent of the memberships on CAP boards.

Ike Affirms Readiness to Use N-Arms in Korean War

NEW YORK (AP) — Former President Dwight D. Eisenhower says he was prepared to do "whatever was necessary to win" the Korean War, including using nuclear weapons.

On the program, as he wrote in his book, "The White House Years," his memoir on the presidency published in 1963, Eisenhower said he let it be known to the enemy in Korea "through several channels" that he was

prepared to use atomic weapons, and that the knowledge shortened the war.

Concerning the use of atomic weapons today, Eisenhower said, "massive nuclear attack against another nation — except in retaliation — is out of the question."

But he added, "This does not mean that in sticky situations that you couldn't use a proper kind of nuclear weapon some time." He did not elaborate.

Gets Results!

WALTER REUTHER

'Tie Tax Credit to Worker Aid'

Reuther Looks to Future on Automation

DETROIT (AP) — A top labor leader is asking Congress that any future liberalization of the business investment tax credit include a provision to assist workers "displaced by the technological advances which the credit is designed to encourage."

Walter P. Reuther, president of the United Auto Workers, disclosed his plea in a letter to Rep. Wilbur Mills, D-Ark., chairman of the House Ways and Means Committee.

The letter said it is urgent that Congress act promptly on President Johnson's recommendation for a 15-month suspension of the 7 per cent tax credit accorded industry for new plant and equipment investment.

Reuther, however, added that there is "no similar need for immediate action to modify the provision that will govern the operation of the tax credit following the end of the suspension period."

"I would...urge most strongly," he continued, "that no action be taken to modify the terms of the investment credit until thorough consideration has been given to proposed changes which would benefit workers as well as those which would benefit corporations."

Griffin Urges Williams to Debate Issues

DETROIT (UPI) — Sen. Robert P. Griffin, R-Mich., yesterday called upon his Democratic opponent in the November election to take part in joint radio and television debates.

Griffin said he reissued the invitation when he learned that former governor G. Mennen Williams was back campaigning after having been sidelined to recuperate from surgery.

"There are vital issues to be decided by this election — crucial issues to be faced next year and throughout the next six years — and the people of Michigan have every right to expect that these issues will be discussed openly and directly and without any equivocation."

Griffin made the statement shortly before returning to Washington where he said he would vote today in favor of closure to end Senate debate on the civil rights bill.

Pope Asks Prayers to End Viet War

VATICAN CITY (AP) — Pope Paul VI today proclaimed October a month of worldwide prayer to end the Viet Nam war and set Oct. 4 as a day of special observance for Roman Catholics.

Warning that "we are threatened by a more extensive and more disastrous calamity that endangers the human family," the Pope called for a rebuilding of prayers next month.

He urged Catholics everywhere to join in a special "day of prayer" Oct. 4 — the first anniversary of his peace pilgrimage to the United Nations in New York — and announced he would preside at a ceremony that day in St. Peter's Basilica.

Burns Are Fatal

DETROIT (AP) — Jill Bieri, 3, daughter of Mr. and Mrs. Harold Bieri of Detroit, died in a Detroit hospital Saturday of burns suffered in a fire at her home. Police said the child's clothes caught fire while she was playing with matches.

Here's the brand new '67 Chevy pickup! It's strikingly new in styling (if it looked any better we'd have to stop calling it a truck!). Lower, sleeker, its trim appearance puts many cars to

shame—and so does the bump-smoothing ride!

And this one's tougher, too. Resists rust better with new fender skirts, undercoated wheelhouses and new body sheet

metal that eliminates many welded joints.

There's a new all-steel pickup box, also, with full-depth double-wall side panels and tailgate. And a new tailgate latch that

can be operated with one hand.

The attractive new cab interior is color-keyed to the exterior paint. And for driving safety, there's better visibility plus added features such as

padded instrument panel and sun visor, dual master cylinder brake system and others. There's the latest in truck power, too—a famous Chevrolet 6 or V8. They're the most popular en-

gines since work began! So bring on your tough jobs (and your camping trips!). The new '67 Chevy pickup looks so good and is built so well you can use it for almost anything!

A BRAND NEW BREED OF CHEVY TRUCKS FOR '67!

New Chevy-Vans in two sizes for '67... new V8 power, too!

Now you can get a long low-cost Chevy-Van (as well as the regular size!) All new for '67 is the Chevy-Van 108 with 108" wheelbase and whopping 256-cubic-foot load space. It's both longer

and stronger for the big jobs. Or pick the Chevy-Van 90 with 209-cubic-foot cargo area. Both sizes offer sharp new styling and a smoother ride. Both can be equipped with hustling V8

power—a big Chevrolet 283 V8! And both can be had in Sport- van versions for family use. There's a brand new breed of Chevy trucks at your Chevrolet dealer's, so stop by soon!

ORPHANS OF WAR—A U.S. military policeman helps three South Vietnamese children toward a waiting helicopter which will carry them to a resettlement area. The

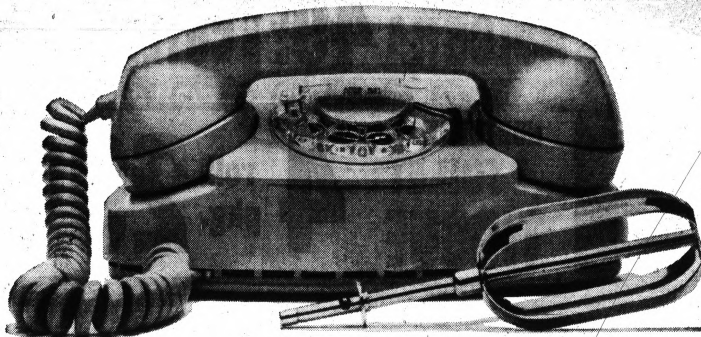

children were found in a village about 40 miles east-northeast of Saigon. The town was in Viet Cong hands until besieged by the 173rd Airborne Brigade.

same time for just 64¢ (used to be 95¢ each). And the monthly rate for a Princess phone is still just 75¢.

To order your Princess extension phone, just call your telephone business office, or ask your telephone man.

Dem Leaders Say Bobby Will Have to Wait Till '72

WASHINGTON (UPI) — The nation's 50 state Democratic party leaders are almost unanimously agreed that Sen. Robert F. Kennedy has no chance to bump President Johnson off the party ticket in 1968, according to a news magazine poll released today.

The consensus against this eventuality, provided Johnson wants renomination, was 49 to 1, a copyrighted article in U.S. News & World Report said.

Nor do the party's state committee chairmen, the organizers who make the Democratic machinery work, see much chance Johnson will dump Vice President Humphrey in favor of Kennedy.

This would be an indication Johnson made a mistake in picking Humphrey in 1964, the chairmen said.

Kennedy would stand an equally poor chance of getting the 1968 vice presidential nomination under circumstances where Johnson said he wanted Humphrey again, according to the poll.

The chairmen's opinions were 45 to 5

that Humphrey would certainly be renominated if Johnson wants him.

Asked if Bobby Kennedy or anyone else could successfully challenge Humphrey in the event he became president before 1968, 23 chairmen said no, 12 said possibly — but with great difficulty — and only 11 said yes.

But though the state-level party leadership is convinced that President Johnson has a firm hold on the Democrats as of now, they see a different prospect in 1972 when Johnson would be reaching the end of his last term.

Thirty-six chairmen said Johnson could not prevent Kennedy from getting the nomination in 1972, while only 10 thought he could.

Opinions varied on how popular Kennedy is with voters in the various states, but half the state Democratic leaders foresaw either Bobby Kennedy or his brother, Sen. Edward M. Kennedy of Massachusetts, becoming the Democratic presidential nominee at some point. Only 13 said they did not, and 12 reserved their opinion.

You're mixing a cake in the kitchen and the phone rings—in the bedroom. Or perhaps you have only a kitchen phone, and it rings while you're making the beds. You know the feeling. But with a phone in both places, you never feel up a tree. For the sake of your sanity, order a convenient extension phone.

Let's Grant Him That

Scholars Holler for Dollars

By DICK WEST

United Press International

WASHINGTON — Victor Borge's one-man comedy show used to include a gag about a television program that featured Leonard Bernstein explaining the music of Aaron Copeland — to Aaron Copeland.

For one brief moment it appeared that week that Rep. Frank T. Borge, R-Ohio, had uncovered material for another Borge show.

At House hearings on the U.S. Educational and Cultural Exchange Program, Bow was glancing down a long list of State Department grants made to American lecturers, research scholars and professors overseas.

His eyes stopped at Italy. Stopped and, I imagine, it up for there he interpreted a

\$6,186 grant to mean that the department was "sending a professor out to lecture at the University of Florence on the history of art."

"It seems to me the history of art in Florence, Italy, is pretty well known," Bow commented sagaciously.

A few lines later his eyes came to another screaming halt. This time, Bow said, he had spotted "someone at the University of Florence lecturing on Italian history."

If Americans were being paid by the U.S. government to lecture to the Italians about their own art and history, it was indeed worthy of Borge. It turned out, however, that Bow was reading the wrong category.

The grants he cited were made to Americans to study those subjects, not lecture about them.

This setback apparently dis-

couraged Bow from continuing his inspection. Which was rather unfortunate.

Had he read further down the list, as I did, he would have found an American giving lectures at the University of Naples on "Renaissance Literature."

And when he came to the United Kingdom, he would have discovered an American lecturing on "English literature."

In Spain, an American with a \$6,845 grant has been lecturing on "Linguistics and English as a Foreign Language."

Meanwhile, another American with an \$8,745 grant has been in Spain studying "Linguistics and English as a Foreign Language."

It's a pity they couldn't have gotten together. "English as a Foreign Language," by the way, was one of the most popular lectures on the

Junior Editors Quiz on VINES

QUESTION: Why does a vine climb upward?

ANSWER: The little vine in our picture, spiraling gracefully up the pole Henry put in the ground to hold up a wren house, is doing so for a special reason.

Like all plants using green chlorophyll to manufacture their food inside the leaves, the vine is hoisting the leaves up so they will receive their full share of sunlight.

It is sunlight which acts as the power to keep the food-making leaf factories in operation.

Consequently, plants which have green leaves send the branches and stems bearing them toward the light, at the same time as they send their roots down into the ground in search of water.

This turning of the plant toward the light is called phototropism.

It is possible because stems and branches are delicately constructed to be sensitive to the direction of the light.

A tree trunk will grow straight and tall so as to spread its leaves high up in a crowded forest; but in the open, the branches of many trees fan out sideways, reaching for the light in a different way.

Vines lack the power to hold their leaves up, so they twine around some handy object and achieve their purpose in still another manner.

FOR YOU TO DO: Find some other examples of phototropism in our picture. Grass blades growing upward is one.

Weeks Of Back Pain Now Relieved

"After weeks of pain in my back and hips, I tried DeWitt's Pills — got wonderful relief," says Mrs. R. Gardner, Watson, Iowa.

DeWitt's Pills act fast with a proven analgesic to relieve pain of backache. Their mild diuretic action helps eliminate retained fluids and flush out irritating bladder wastes. If pain persists, see your doctor. DeWitt's Pills often succeed where others fail, relieve minor muscle aches, too. Look out for the genuine DeWitt's Pills. At all drug counters.

You're Never Too Old—!

Keep Making Friends

By PERCY HANSEN
Newspaper Enterprise Assn.
(First in a Series)

A happy person is one who has many friends. This is especially true of those who have reached the ages of 50, 60, 70 or 80.

It is also true that the person who from childhood through the teen ages and into maturity has made new friends easily will find it equally easy to acquire new and stimulating acquaintances as he becomes older.

In childhood the making of new friends requires no particular effort on the part of the child.

He is thrown into contact with other children almost constantly. He will acquire new contacts as soon as he is enrolled in kindergarten or the first grade.

As he progresses through school, his friendships will change as he passes from grade to grade or moves to another school.

NEW ASSOCIATIONS
Upon graduation from school and entrance into the world at large, he will, of necessity, meet new people and will acquire new interests.

This acquiring of new

friends will be almost automatic, forced by the circumstances of his job and the normal development of life. It will require no special effort on his part.

It is when one's family is grown and one retires from active participation in business or industry that the acquisition of new friends slows down or ceases entirely.

This is true whether one moves to a new location or remains in the home he has occupied for many years.

CONTACTS LOST

If he has retired from regular employment, he will gradually lose contact with his former companions.

At this period of life it is, however, especially necessary to acquire new friends.

It is obvious, for example, that the person who reaches the age of 70 years will have lost at least one-half of his former associates by death, regardless of whether he has spent his life with people of an equal in one community or has moved several times.

Mortality tables show that only approximately 50 per cent

of people reach the age of 70.

Only one out of every three persons, on the average, reaches the age of 80.

If the elderly are to enjoy life to its fullest, they must acquire new friends along with new interests.

The out-going person who has had many friends during early life and through his middle years will have a fairly easy time maintaining a large group of friends.

It is also possible for those who always have been reserved—so-called "poor mixers"—to acquire both new friends and new interests.

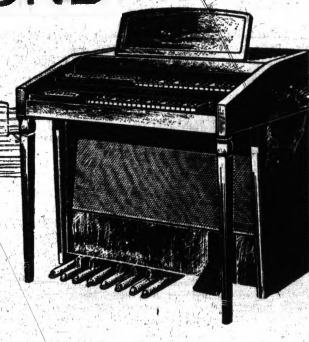

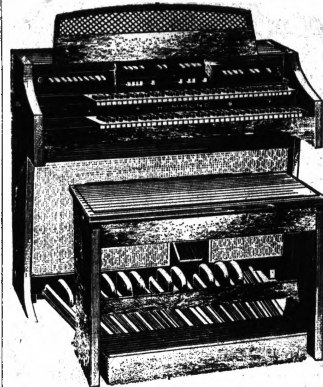

It will be necessary for the middle-aged, who have moved to new locations to take new jobs, and for the elderly in general to make a special effort to secure such new companionships.

It is in these situations that the properly organized clubs for older persons can be of help, but they are most likely to provide opportunities for new friends of whether he has spent his life with people of an equal in one community or has moved several times.

MSU Romps, 28-10

State Passing Deceptive

EAST LANSING (AP)—Even the pass plays actually were part of Michigan State's overwhelming running attack in the Spartans' 28-10 opening victory over North Carolina State Saturday.

There was no question that the No. 2 ranked Spartans, defending Big Ten champions, were all set in the running back department this year. Passing turned out to be just one more way to try to spring loose the star runners.

On nine pass plays, quarterback Jimmy Raye, a shifty 170-pounder, saw daylight and ran for 83 yards. On six other occasions, Raye and substitute Bill Feraco threw short passes to

backs Bob Apisa, Dwight Lee and Frank Waters. Those plays accounted for 27 yards.

Only a few times did Raye throw to an end, hitting Al Brenner on a nine-yard toss and just missing Gene Washington with a 40-yard bomb. Two Raye passes were intercepted, but coach Duffy Daugherty said one of the interceptions was a case of a good pass—but a better defensive play.

ROLLED ALONE

Meanwhile, on the ground, the Spartans rolled out 380 yards, including 129 by Clint Jones and 90 by Apisa.

Jones ran 39 yards with a pitchout, shaking off four tacklers along the way, for MSU's first touchdown. Then Apisa

took another pitchout and outran everybody in a 37-yard scoring play.

"I've always maintained the threat of a pass is more important than the pass," said Daugherty.

And, he said, to contain a runner like Raye, "you've got to weaken your pass defense."

North Carolina State's coach Earl Edwards agreed: "You have to be careful about him." On defense, MSU let NC State run 67 yards and pass for 127—but wiped out 40 of those running yards by dumping Wolf-pack quarterbacks for a total of 52 yards in losses.

STRONG ENDS

Daugherty said he felt the new defensive line played well for a first game. He experimented with moving 285-pound end Bubba Smith into middle line-backer because, he said, MSU has three good ends—Smith, Phil Hong and George Chalos.

Next time, the defense is going to have to get moving sooner, said defensive captain George Webster.

"The defense was flat at first," he said.

NC State took a brief 3-0 lead in the second quarter on a 49-yard field goal by Harold Deters, whose longest previous field goal was 46 yards.

Besides Apisa and Jones, MSU scorers were Raye and Waters on one-yard punches, and barefooted place kicker Dick Kenney who booted all four extra points.

The Spartans play at home again Saturday, meeting Penn State, a 15-7 victor over Maryland.

The Nittany Lions lost 23-0 to MSU last year and finished with a 5-5 record.

Pittsburgh Rolls, Slices

Dodgers Hold on 1st Place

unsuccessfully in seven straight starts since becoming the first 20-game winner in the majors four weeks ago.

Houston swept a doubleheader from New York 9-2 and 6-1; Atlanta ripped Cincinnati 4-4; Chicago edged St. Louis in other NL action.

Bob Bruce checked the Mets for five hits in the opener while the 115-year-old, 8 hole at Twin Bill Heath and Joe Morgan de-Lakes Golf Club yesterday using livered two runs apiece for the Houston.

By the Associated Press

When the rain finally fell on Los Angeles, it was too little and too late for the Dodgers.

Philadelphia's Larry Jackson was putting the wraps on a 4-0 victory over the National League leaders Sunday when a downpour halted play for seven minutes at the start of the ninth inning.

The Dodgers have learned to live without runs—they had been shut out 14 times this season before Jackson blanked them. And Pittsburgh's 3-1 victory at San Francisco, which trimmed their lead to 1½ games, caused no panic in the Los Angeles clubhouse.

But rain was something else for the Dodgers.

They have never had a home game rained out since migrating west from Brooklyn nine years ago. Sunday's rain delay was the first they'd ever had to sit out at Dodger Stadium.

When the rain let up, Jackson mopped up his 15th victory and fifth shutout of the year. The rubber-armed, 35-year-old veteran scattered seven hits and allowed only one Dodger runner past second base.

Meanwhile, Woody Fryman, who had not pitched a complete game in two months, tamed the Giants on four hits, losing his shutout bid when Tito Fuentes hit him in the ninth.

The rookie left-hander beat Gaylord Perry, who has been

ON TARGET — Quarterback John Guillian fired three touchdown passes yesterday in St. Frederick's 22-0 win over Richmond St. Augustine.

Yancey Sharp With Putter in Golf Win

PORTLAND, Ore. (AP) — There's no question where big Bert Yancey won the \$50,000 Portland Open Golf Tournament Sunday—on the greens.

He eagled the first hole with a 90-foot putt, then took only 24 additional putts while shooting a 67 for a 72-hole total of 271, three strokes ahead of Billy Casper.

Yancey used 102 putts for the 72 holes, a record for this year's PGA tournament circuit—and an astonishing 10 strokes fewer than Gay Brewer's previous 1966 record of 112.

Yancey, a 36-year-old, 190-pound better from Philadelphia, was awarded \$6,800 for first place. Casper, second at 274 with rounds of 67-71-67-69, won \$3,900.

Pete Brown, who either led or was tied for the lead during the first three days, shot a 72 Sunday for third at 276, worth \$3,100 — by far his best payday on the circuit.

Al Pennant Nearer for Slumping Birds

By the Associated Press

The Baltimore Orioles will be on their own today if they expect to make any move toward clinching their first American League pennant.

The second-place Detroit Tigers, who have been more than cooperative on behalf of the stumbling Orioles, are idle today. Baltimore faces California.

While the Orioles were losing a three-game series to Chicago during the weekend, Detroit was dropping two of three games to Cleveland. Chicago beat Baltimore 4-3 and Cleveland whipped Detroit 6-5 Sunday.

Oregon State Secondary Victimized Wolverines Waltz With Sharp-Passing Duet, 41-0

ANN ARBOR (AP)—Oregon State may have done Michigan's 34, 45 and 49 yards—played in remaining opponents—especially in the Big Ten—a big favor Saturday.

The Beavers, admittedly inexperienced in the defensive secondary, proved that it takes more than two men to cover Jack Clancy especially when Dick Vidmer is on the beam.

The Vidmer-Clancy duo clicked for 49 yards on the first passing play of the game and Clancy went on to set two school single game marks as the Wolverines waltzed their way to a 41-0 victory.

Clancy latched on to 10 of Vidmer's aeriels (he was 12-of-18 in the game for 197 yards).

Dennis Brown passed 26 yards; had breaks in the defensive secondary, it would have been a better game. They should have put two men on Clancy.

OSU Coach Dee Andros, upon hearing Vidmer's statement, replied: "We did have two men on Clancy. But none of our defensive backs had ever played college football before."

One Michigan question mark— "They hit hard," said Vidmer. "Except for a couple of offensive tackle—appeared to be less of a problem. Elliott praised both offensive tackles Ray Phillips and Jim Hribal for their work in protecting Vidmer on the pass.

His passes accounted for 258 of the Wolverines' 502 yards total offense.

Andros said Elliott deserved much of the credit for "getting his team this ready so early in the season."

There had been talk that the Michigan players felt they had to win big to gain the proper confidence for the remainder of the season.

Ward, for one, had said that many of the players were concerned after last year's 31-24 opening victory over North Carolina because the game had not been rated that close.

Austria in Soccer Win

VIENNA (AP)—Austria's national soccer team defeated Holland 2-1 Sunday before 40,000 in the Prater Stadium.

Pontiac Central Triumphs in Cross Country Meet

Pontiac Central placed three runners in the top 10 at Marshbank Park Saturday to win the Class A division of the West Bloomfield invitational cross country meet.

Bob Donovan of Farmington was the "A" individual winner with a time of 10:18.4, a new meet and course record. The finisher five seconds ahead of Bloomfield Hills' Bruce Evans.

Sturgis took the B crown. Ed Birkenstock led Howell to second place by taking the individual title in 10:33.8, four seconds ahead of runner-up Bob Przeslawski of Orchard Lake St. Mary.

The Chiefs scored 52 points to 42 for Ypsilanti. Pontiac Northera was third with 120.

Harold Boone, fourth; Jo Dickey, sixth; and Larry Hurst, ninth; paced the PCH win. Marj Cook of PNH was third.

Howell won the first annual meet in 1965 when it was an open invitational with no class championships.

Miss Miller in Top 20

CALDWELL, Idaho (UPI)—Sharon Miller of Battle Creek, shot a 222 in the final round of the Shirley Englehorn Invitational Golf Tournament to wind up in the top 20 finishers.

Miss Miller put together rounds of 73, 75 and 74 to finish 18 strokes off the pace of winning Mickey Wright, Dallas, Tex.

Wright captured first prize of \$1,500 by carding a 54-hole 203 on rounds of 65-68-70.

The top 20 golfers and their scores:

Althea Wright, \$1,500	65-68-70-203
Sandra Haynie, \$1,200	66-67-71-204
Margie Maters, \$1,000	69-70-71-210
Sandra Spotsch, \$800	68-75-66-211
Clifford Creek, \$677	67-74-71-212

LOOK WHO'S PLAYING "QUARTERBACK!"

The Firemen Have Gone . . .

... but we're still here
... and it's
BUSINESS AS USUAL!

Thanks to the quick and efficient work of our Pontiac Fire Department, our losses were kept to a minimum. All of our departments are in full swing . . . new and used cars, service and parts. Come in today.

JOHN McCAULIFFE FORD

630 Oakland Ave. FE 5-4101

"Your Hometown Ford Dealer"

Everybody's playing Marathon's exciting new football game.

60,000 winners.
\$225,000 in prizes.

If you're old enough to drive, you're old enough to play Quarterback, Marathon's exciting new football game. Play for big cash prizes. \$1,000. A fabulous Rose Bowl trip. \$225,000 worth of prizes in all.

The rules are simple. Stop at any participating Marathon dealer's and pick up your signal and field cards. They're free. No purchase necessary. Match the numbers on your signal card with those on the field card. If they match, you score.

Then try your skill. Answer a couple of football questions on the back of the card, and mail it in. You don't have to be a football expert to win.

The more you play Quarterback, the more chances you have to win. Play as often as you like. Get a new signal card every time you come in. Winners every week in every participating Marathon station (there are surprise consolation prizes, too).

Check with your Marathon dealer for details. Everybody's playing Quarterback. Play along. It's the game that could win you a "little extra cash." Like a thousand dollars.

Catch this.

Marathon's got a special offer. The handsome Rawlings all-leather football. This rugged football, official size and weight, is just \$3.00 plus tax with a gasoline purchase. The Rawlings football was so popular last year that we sold them all. So, if you missed your chance to pick one up, we've got 'em again.

Remember, you don't have to purchase the football or anything else to play Quarterback!

WTS \$1000.00 CASH!

FALSE TEETH That Loosen Need Not Embarrass

Many women of false teeth suffer embarrassment because their teeth drop, slip or wobble at just the wrong time. Don't live in fear of this happening to you. Get the special little FASTERE, the non-acid powder, on your place. False teeth won't move firmly so they feel more comfortable. Choose denture brush. Denture that fit are essential to health. See your dentist regularly. Get FASTERE at all drug counters.

Grenada Officials Vow Peace

GRENADA, Miss. (AP) — school registration day one week earlier, beating and ston- Racially integrated public edu- cation today begins its second week in Grenada. City officials — facing a federal court order — have pledged to maintain law and order.

While mobs ran freely on steps to prevent the slightest

incidents," said Mayor J. D. Quinn. "If a violation of the law oc- curs, there will be immediate arrests and prosecution to the fullest extent of the law."

PERMANENT ORDER

U.S. District Judge Claude Clayton issued a permanent in- junction Friday ordering city and county officials to protect the schoolchildren from "savage and senseless" attacks.

Failure to comply would ex- pose the officials to contempt of court.

And Saturday, FBI agents swept through Grenada, arrest- ing 13 white men — one a jus- tice of the peace — on federal charges of conspiring in the at- tacks on Negro children.

The men were taken before a U.S. commissioner in Oxford, 65 miles north of here, and re- leased in \$1,000 bond each. Max- imum punishment under the charges would be 10 years in prison and a \$5,000 fine.

Mayor Quinn spoke Sunday

Traffic on I-94 Stalled 14 Miles

DETROIT (AP) — A "crowd try- ing to see the famed Navy Blue Angels flying team was backed up 14 miles on I-94 Expressway between Willow Run and Metro- politan airports, State Police said yesterday.

Troopers said U.S. 12 traffic was backed up for three miles. The crack flying team, which lost one of its members in an air crash at the Canadian Na- tional Exhibition two weeks ago, performed at the Michigan Aero- nautics and Space Association show yesterday afternoon.

Launch of Surveyor 2 Tomorrow Planned to Soft-Land on Moon Thursday

JOHN HUMNIK

Engineer Was a Counterspy

WASHINGTON (UPI) — The American who played counterspy to trap a Russian Embassy official has been identified as a 31-year-old engineer who worked with the FBI for five years.

Sources confirmed yesterday that John Humnik, an American of Russian ancestry, was the decoy who gave Valentin A. Revlin in elaborately concocted but worthless mathematical equations of U. S. space, missile and aircraft programs.

Revlin, third secretary of the Soviet Embassy, was expelled by the State Department Sept. 3 for attempting to obtain "classified information from an American citizen in return for large sums of money."

Humnik, a resident of Camp Springs, Md., had been a double agent for the last five years. A father of four, he works as a senior materials engineer at the Fairchild Technology Center in Germantown, Md.

His initial contact with the Russians came in 1961 during a technical meeting at the headquarters of the American Association of University Women here.

Soviet agents began by requesting routine information available to anyone. Humnik, given the green light by American security officials, played along. Gradually the Russians began to step up their requests for highly classified information on U. S. space programs.

Revlin then offered Humnik \$5,000, which he accepted at the direction of the FBI, in return for information which had been carefully doctored.

CHANDLER HEATING CO.

5400 Highland Rd., Pontiac
1/2 Mile East of Pontiac Airport
OR 3-5632, 674-3411

CAPE KENNEDY, Fla. (AP) — The National Aeronautics and Space Administration plans to launch Surveyor 2 Tuesday toward a soft-landing in the center of the moon's visible face to explore a potential manned landing spot.

An Atlas-Centaur rocket is to

boost the 2,204-pound spacecraft skyward during a 43-minute favorable period starting at 6:46 a.m. E.S.T. The three-legged, camera-carrying vehicle is to cover the quarter-million-mile course in 63 hours, aiming for a feathery touchdown in the Sinus

Medii (Central Bay) Thursday night.

The target is about 800 miles east of the Ocean of Storms where Surveyor 1, America's first lunar soft-lander, touched down in June. Performing far beyond expectations, Surveyor 1 relayed 11,227 close-up pictures

that indicated the surface where it landed is strong enough to support a manned expedition.

Scientists believe the Sinus Medii is a fairly level area with a few ridges and craters. The target point for Surveyor 2 is about 14 miles north of a large

crater called Oppolzer, which could be a problem.

Surveyor 1 pictures indicate that some large craters are surrounded by dense fields of boulders extending out from the rim to a distance equal to the diameter of the crater. If this is also true of Oppolzer, Surveyor

2 might set down on rocks and be damaged.

Surveyor 2 is almost identical to its predecessor.

Gen. George Armstrong Custer, victim of the Indian massacre on the Little Big Horn, was born Dec. 5, 1839.

Dixie Leaders Shun Wallace Defiance

KENTUCKY DAM VILLAGE, Ky. (AP) — Many Southern governors agree with Alabama Gov. George C. Wallace the federal government is pushing too hard, too fast on school desegregation.

But none of those interviewed at the Southern governors' conference indicate that their states have any intentions today of following Wallace's urging. Alabama recently passed a state law forbidding school desegregation except under federal court order.

"We have told our school systems that they do not need to go beyond the (1964 civil rights) law," said Gov. Robert E. McNair of South Carolina. "We have promised legal aid to those which the federal government seeks to have go beyond this law. But there are no plans to go further."

School desegregation in the South currently ranges from that in such states as Tennessee, Kentucky, Florida and Oklahoma, which report virtually no problems, to that in Ala-

hama, South Carolina, Louisiana, Mississippi, Virginia and Georgia. In the latter states, the governors were unanimous that the guidelines on school desegregation go beyond the Civil Rights Act and that the Justice Department seeks to exceed the guidelines or both.

"AUTHORITY EXCEEDED" "I most certainly feel that the guidelines exceed the authority of the new Civil Rights Act and I so told the head of HEW," said Gov. Miles E. Godwin of Virginia, referring to John W.

Gardner, secretary of health, education and welfare.

Godwin said the Office of Education and the Justice Department both were "very unreasonable in their approach" to the issue. The Virginia governor added, however, that there were no major desegregation problems in his state and he felt the state's civil rights leaders were "very understanding."

Austin, Tex., has the largest Capitol of any state.

'COWGIRL' HEART PATIENT—Lam Kil-chung, 9, of Hong Kong shows off a Texas-style cowboy hat that well-knowns presented to her after she and her mother, Mrs. Chi Wai Chung, arrived at Methodist Hospital in Houston, Tex., to determine if surgery is possible to correct a heart defect—a tiny hole in the girl's heart.

Secret Service Arrests Man, Finds \$435,000 in Bogus Cash

BALTIMORE, Md. (AP) — The Secret Service says a track-down of a counterfeiting operation that spanned the continent has ended in the arrest of a man in a parked car near this city's nightclub section and the finding of \$435,000 in bogus bills in a home.

Two Baltimore policemen, alerted by the Secret Service, awakened Andrew B. King, 36, Los Angeles, as he slept in his car yesterday and arrested him.

Later Robert Powis, agent in charge of Baltimore's Secret Service office, said questioning of King led to the discovery of \$435,000 in bogus \$10 bills in a home in suburban Owings Mills.

Taken before a U.S. commissioner, King waived preliminary hearing and was ordered held on \$25,000 bond. He faces action by a federal grand jury which convenes tomorrow.

He was charged with having had the counterfeit money in his possession in the West.

Powis said the agency had traced the passing operation from Los Angeles, where King had lived, to New York before learning of King's presence in Baltimore.

Following the arrest, agents went to the home and recovered the bogus bills.

French Start China Flights

PARIS (UPI) — The government-operated Air France today became the first airline in Western Europe to fly into Communist China.

Air France today opened a new link in its worldwide chain — one with considerable political overtones.

A Boeing 707 departed this morning for Shanghai on the first flight of the planned new twice-weekly service to Communist China.

Air France obtained the route into China in negotiations with Chinese officials here last May.

Because of the current political situation in Southeast Asia, Air France and the French government have been soft-pedaling the flight.

Pinocchio in Outer Space

FILM TRIUMPH—Greta Garbo is pictured with Robert Taylor in a romantic moment in a scene from "Camille." The film was one of her greatest successes. She has not acted

in films for a quarter century, yet most critics agree she remains the screen's greatest actress.

She's Let Alone

Garbo Gets Her Big Wish

By BOB THOMAS

AP Movie-Television Writer
HOLLYWOOD — She travels through a shadowy world of her own making, slipping in and out of airports, trench-coated, with a slouch that pulled down over one eye.

Sometimes an alert photographer spots her behind the dark glasses and steals a quick shot. Gives a Thomas smile, then races to a waiting limousine and vanishes. She is Greta Garbo, born Gre-

(EDITOR'S NOTE — A lonely beauty who is the screen's leading legend and perhaps its greatest female talent, turned 60 this week. Greta Garbo today is almost a phantom, but after 25 years her films still are major attractions. AP columnist Bob Thomas describes Garbo's career and later life in a three-part series beginning today.)

ta Gustafsson in Stockholm, Sweden, 60 years ago Sunday. Some sources say 61. She has not acted in films for a quarter century, yet most critics agree she remains the screen's greatest actress. Garbo lives in New York City

much as she has during her 40 years in America: alone. Her aloneness has long been a national joke, but she is not amused. "I never said, 'I want to be alone,'" she once complained to a friend. "I only said, 'I want to be left alone.' For the most part, she is. Old-time fans often observe her on the long walks she takes on Manhattan streets but they respect her privacy. Garbo has lived for many years in a cooperative apartment on 52nd Street overlooking the East River. Her trips have grown more infrequent. She makes a rare return to Europe, usually staying at some secluded place on the Riviera, or on the yacht of Aristotle Onassis. She comes to Hollywood once a year, visiting a few old friends like Katharine Hepburn, hair stylist Sidney Guikaroff, and director George Cukor. But most of the time she leads the solitary life. How did she get that way?

Her biographers have suggested that Garbo was a shy, sensitive girl who was thrust into a life for which she was temperamentally unsuited. The make-believe of being a motion picture actress appealed to her, but the clamor surrounding her status as a movie star proved more than she could endure. Upon her arrival in Hollywood in 1926, she was immediately placed in the publicity mill at MGM. Press agents posed her with the studio's trademark lion and in the silent-era version of cheesecake. The nadir came when she was required to don a sprinter's suit for a photograph with the University of Southern California track coach. She snapped: "When I am bequeathed like Gish" — Lillian was then the queen of MGM — "no more publicity like this; no more handshakes with prize-fighters."

Garbo gave only a few terse interviews before withdrawing into silence. Lon Chaney told her: "Don't talk to anyone; we are in the business of illusion." The illusion of the "Divine Garbo" continued to grow during her 15 years in Hollywood and it remains vivid today. Friends say she is acutely conscious of that illusion and the way it is perpetuated by her 24 films, which can be seen on television and at Garbo festivals in art-house theaters.

Next: Garbo's Hollywood years; memories of her leading men.

Furor Over Sinking

German Sub to Be Raised

HAMBURG, Germany (AP) — A salvage crew ran a cable under the sunken West German submarine *Hai* today and prepared to lift it from the bottom of the North Sea. Then it will be towed to the German naval base at Helgoland.

The salvage ship *Magnus III* reported calm seas and clear weather on the *Dogger Bank*, where the sub sank in 150 feet of water with 20 crewmen aboard last Wednesday night. Only one man survived the sinking, which set off sharp criticism of West German naval commanders.

A navy spokesman said a second cable must be attached to the hull. The raising operation was expected to start later today.

At Helgoland, naval inspectors will try to determine what caused the ship to sink during a strong gale while on the way to Aberdeen, Scotland, for a goodwill visit.

Divers who located the vessel yesterday got no answer when they knocked on the hull, confirming fears that no one had survived in an air pocket in the sub.

NEWSPAPER CLAIM

West Germany's largest newspaper, the *Bild Zeitung*, reported that the commander of the three submarines and two escorting ships bound for Aberdeen ignored safety regulations by making the trip through rough seas.

The paper quoted sailors from the tug *Passat* as saying that the commander had been advised that the waves and pitch exceeded the level at which safety rules specify such trips were to be broken off.

1967 Admiral® COLOR TV

The Million Dollar Purchase with The Million Dollar Look

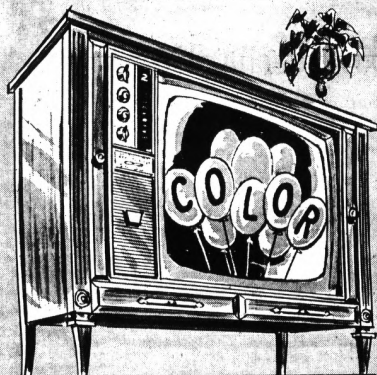

The feeling is like losing yourself in a gallery among a collection of the world's great masterpieces. That's the thrill in store for you when you view Highland's very special purchase of over one million dollars worth of new 1967 Admiral color TV sets. The color sets with the million dollar look — that's the only way to describe them. Nobody builds color sets quite like Admiral. They are superb, from components — the exclusive advanced new "Q-26" chassis and the new "rare-earth" phosphors picture tube — to the dramatic collection of authentically styled fine-furniture cabinetry. Each a handcrafted masterpiece in genuine wood veneers and solids — pecan, walnut, maple, oak and cherrywood — selected according to cabinet style. See the exciting complete home theatre combinations and luxurious consoles that will beautifully complement the decor of your home. See the million dollar look at Highland today.

Bumps and Grinds Behind Her, Candy Barr Sheds Old Life

HUNTSVILLE, Tex. (AP) — She's off the stage now, but a lot of people remember Candy Barr, the baby-faced stripper who peeled for \$2,000 a week in smoky nightclubs across the nation.

Then came a stretch in prison for possession of marijuana. A friend said she had asked Candy to hold the needles for her. But possession for any reason is illegal and Juana Dale Phillips — Candy's real name — served three years and four months of a 15-year sentence, winning parole.

She came back recently to the prison here, this time to arrange for her appearance as a singer at the prison rodeos, held each Sunday in October.

One condition for her parole was that she not appear as a stripper. Candy lives quietly at Edna, Tex., and professes to like the quiet atmosphere in contrast to her high-living days on the bump-and-grind circuit in the nation's larger cities when she was gambler Mickey Cohen's girl friend.

Jim Hale, editor of the prison paper, The Echo, reported Candy's visit to Huntsville. "A 5-foot-3, 119-pound Candy Barr, symmetrically packaged in an olive green wrapper, decorated a prison administration office one day last month, and the office has never looked better."

CANDY BARR

"The setting was magnificent. The chairs were comfortably upholstered and so was the guest."

Present were two administrators and two convicts. The staff men started the interview with such questions as whether she had "found herself" while in prison.

"Yes," she said. "You did a great deal of reading in the library, did you not?"

"Then the convicts began interviewing: 'What's your measurements?'"

"36 D-33-36 — and don't forget the D," she said. "D," Candy cheerfully explained, stands for something majestic in contrast to, say, "a little ol' B."

'MY PEOPLE' What did she plan to do at the rodeo?

"Sing. But everybody knows I don't sing worth a darn. Actually, I'm coming back here to be with my people. These are my kind of people."

What did she mean by "these" people? "The inmates, mister." Had she experienced any difficulty in readjusting to outside life?

"No, generally, people have been quite understanding and helpful. I decided before I left the Texas Department of Corrections that I was going to quit playing a ploy. I was determined to learn to live with myself and I made up my mind I was tired of the phony act. Truth, I believe, is the answer to the problem. At least it worked for me. When I quit playing the role, people began to accept me, and I began to live."

"That is probably the main reason that I'm coming back to perform for the inmates attending this rodeo. I want to show them that they can make it on the outside. If I can do it, they can."

'LEARNS A LOT' "You know, I learned a lot down here. When I first drove up, I thought I had all the an-

swers; whereas, in fact, I was pretty darn naive. I remember that I came down to Goree (the women's prison) with two suitcases full of clothes. I brought lingerie, dressing gowns, shorts,

capris, dresses, cosmetics, the were not really necessary. They were all a part of the 'front.' The important thing, I believe, is the individual and the individual's attitude, and I discovered these things, while nice to own, that fact at Goree.

"Don't misunderstand me. I've got my own ideas about this place and some of them are better left unsaid; but I have to admit, the jolt did me some good."

Dr. Wayne G. Brandstadt Says:

Virus Causes Infectious Mononucleosis

Q—How does one get infectious mononucleosis? What are the symptoms, the usual duration of illness and the after-effects? Is rest the only treatment?

A—The cause of this disease is a virus. There is some evidence that it is spread by close contact as BRANDSTADT it often makes it appearance in college students a week or two after Christmas vacation or spring vacation.

The disease gets its name from the fact that it is accompanied by a marked increase in the number of mononuclear white cells in the blood.

The disease is characterized by fever, sore throat and enlarged tender lymph nodes in the neck. It is the latter symptom that gave the disease its former name—glandular fever.

Recovery usually occurs in about a week but in some victims convalescence may be slow and the weakness following the disease may persist for several weeks.

Some victims have a complete relapse.

Drugs of the cortisone group may speed recovery if given

early in the course of the disease.

Q—The doctor told a friend that she was completely recovered from infectious mononucleosis but she still gets nauseated in the morning. What would cause this?

A—There are many causes of nausea but this is not a common symptom of infectious mononucleosis. Some other cause should be sought.

Q—My daughter plans to marry a man who had infectious mononucleosis about a year ago. Can she get it from him?

A—If she were to get this disease from her fiancé, she would have done so before now. The contagious period is believed to start a few days before the onset of the fever and to end when the temperature returns to normal and the throat is no longer sore.

Q—Is it normal for a 38-year-old woman to have menopausal symptoms after her uterus is removed if she still has one ovary? If so, what can be done to relieve them?

ovary is no longer functioning the menopausal symptoms would be prolonged. In either case small doses of ovarian hormone should relieve the distress.

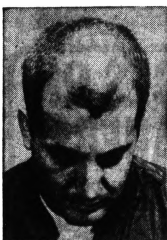

If, however, the remaining

Gunman Killed by NY Police

Fierce Battle Rages Through 2 Boroughs

NEW YORK (AP)—An armed with a sawed-off shotgun and a pistol battled police Sunday through two boroughs, scattering strollers in a Manhattan park where he was shot dead.

The man, identified as Lawrence Lewis, 37, of Westbury, N.Y., commandeered a taxicab and a private car during the chase, which ended in Highbridge Park.

One stroller, Thomas Walsh, 24, of the Bronx, was struck in the left leg by a stray bullet. One policeman had his empty gun holster ripped away by a bullet. Police said during the chase, which ended in Highbridge Park.

Lewis, police said, entered the cab of Joseph Rodriguez, ordered a passenger out of the vehicle, and directed Rodriguez to drive from the Bronx neighborhood toward Manhattan.

JUMPS OUT Rodriguez, later seeing two patrolmen, leaped from his cab and shouldered for help. The gunman, police said, fired two shotgun blasts at them, leaped into the front seat and drove off.

A few miles away Lewis lost control of the cab and it crashed into a curb. He then ordered Archie Brown, 36, of Brooklyn, to get out of his car and took the wheel. With police in pursuit, the car went out of control and stopped in high grass in the park.

The gunman ran behind a huge boulder and began firing. A patrolman crept up a rise behind the boulder and shot Lewis in the head. Lewis also had two leg wounds.

Next to Lewis' body, police said, was a six-caliber target pistol with 22 fired rounds for the pistol was in the man's clothing. Also found at the scene was a loaded 12-gauge double-barreled shotgun.

Child Dies of Burns

DETROIT (AP)—Shirley Widman, 6, daughter of Mr. and Mrs. David Widman of Detroit, died Saturday of burns suffered in a fire which gutted the family home.

Singer Misses a Birthday on Purely Selfish Reason

By EARL WILSON

NEW YORK — It was a birthday party for William B. Williams, the disc jockey. He explained to celebs at the Rainbow Grill that Mel Torme was missing. But he was phoning from Basin St. E. and Mrs. Williams was taking the call.

"Probably saying he's on the way over," Williams said.

"No," Mrs. Williams said, "he can't make it."

"Why not?" asked Williams. "It's his birthday," said Mrs. Williams.

"Happiness is when your daughter tells you she's going to marry an older man — J. Paul Getty," says Billy Wilder. "My wife went to the Bourbon Institute and had a mint jelly, then to Voinis and had another bourbon. For years when I told bartenders 'A bourbon for my wife,' they said, 'What kind of bourbon?' and I've been flustered for an answer. But no more. Now I just say 'Double.'"

Mrs. Anne M. Ford, Henry's former wife, gave a party at her lush 5th Ave. apartment for the Will Rogers Memorial Home fund campaign — part of the 10th premier of "Hawaii." Mrs. Ford said "This is my first job — now that I'm asking people to donate to causes, I guess everybody'll ask me to donate."

Reflectively, Mrs. Ford sighed: "Wouldn't it be wonderful if we all had enough money to care for the needy?"

A certain newspaperman with holes in his shoes who writes "Wish I'd Said That" pieces wished later he'd said: "But, Mrs. Ford, I have enough, haven't you?"

THE MIDNIGHT EARL

Friends are hoping to patch up Frank Sinatra and Sammy Davis Jr. Van Johnson took 13 curtain calls for "On a Clear Day" in Cleveland. Mayor Lindsay'll be guest of honor at a Friars celebratory luncheon Oct. 7. The Living Room wants to book Allan Jones in April, while son Jack stars across town at the Persimmon Room. Are there instructions at the Royal Box to seat Joe Ferrer in a far corner if he shows up during Regency Cleopatra's appearance? Hugh O'Brien, long-time Wyatt Earp on TV, wired Dale Robertson (whose TV series just premiered): "It only hurts the first six years!"

REMEMBERED QUOTE: "Fewer people would be in debt if they didn't spend what their friends thought they earned." — Johnny Martin, WRFD, Columbus.

EARL'S PEARLS: Some women don't care how much they pay for clothes—as long as the alterations are free.

Van Harris tells of the six-month-old infant who memorized the Encyclopedia Britannica: "A real genius—but he couldn't talk, so nobody knew about it." That's earl, brother.

Bourbon Stronger Than Milk

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

If you don't make 591 phone calls a year, you're below the American average.

You probably learned in high school that U. S. Grant, Civil War hero, was more than a bit fond of bourbon whisky. But do you know the favorite drink of his chief rival, Robert E. Lee? Well, on or off the battlefield, Gen. Lee generally preferred buttermilk.

Psychiatrists say that day-dreamers tend to be sensitive, nervous and perceptive. But when I was a boy, Pappy just told me I was lazy.

Gout afflicts between 500,000 and a million Americans, and physicians still aren't sure why this painful affliction strikes most often in the big toe. They believe it is because this toe suffers more wear and tear in walking or running.

Here's a fact of life which we've decided to put far down on our list of things to brood about: Since a fly's longevity-span is only 60 days, it's middle-aged in a month.

The United States boasts more Nobel Prize winners than any other nation.

Quotable notables: "Lying in bed would be an altogether perfect and supreme experience if only one had a colored pencil long enough to draw on the ceiling"—G.K. Chesterton.

Pickle fences: Veteran cops say most lady shoplifters don't steal from actual need but to better their standard of living. They steal most often beauty aids, stockings, cigarettes, candy and meats.

Macabre warning: Highway accidents have become so commonplace that some doctors advise it's a good idea to have your dentist make a mold of your teeth and jaws. Then you can get a better restoration job if your face is smashed in a wreck.

"Pay up or I'll —" In ancient

India a Hindu creditor had an odd way of collecting debts. He sat at a debtor's door holding a dagger in his hand. If the debtor passed by without paying, the creditor could kill himself—and the debtor would be held legally liable for murder.

Laugh of the week: Catholic Digest magazine reports why a 5-year-old boy, after his first train ride, decided he'd rather grow up to be a conductor than an engineer. "I'm going to be a conductor so I can go through the train and gather up all the comic books the kids leave!"

Your WEST BEND Cooking Headquarters

TEFLON*

sale! \$18⁹⁹

SET INCLUDES:

- 1 qt. Saucepan with cover
- 2 qt. Saucepan with cover
- 3 qt. Saucepan with cover
- 5 qt. Dutch Oven Roaster
- 10 3/4" Open Skillet
- 8" Open Skillet
- 1 Nylon Spatula
- 1 Nylon Spoon

12-PIECE
COOK SET

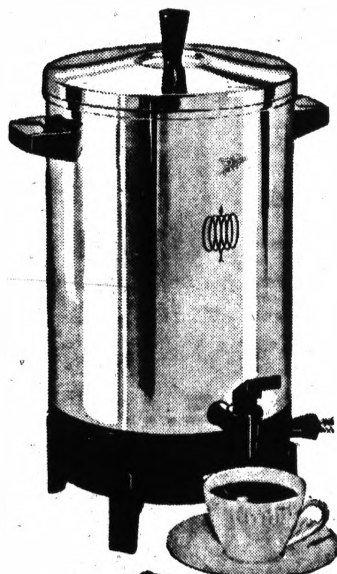

Rugged smooth cooking aluminum pans heat quickly, require less fuel and save natural juices and flavors. And DuPont's Teflon finish is two layers deep — double coated and double baked for extra long service. It's the secret to tasty beautiful meals.

**10 inch
FRY PAN
with Teflon coating**
**NEVER NEEDS SCOURING!**

- stickiest foods rinse off
- fast-heating aluminum
- cool, comfortable handle

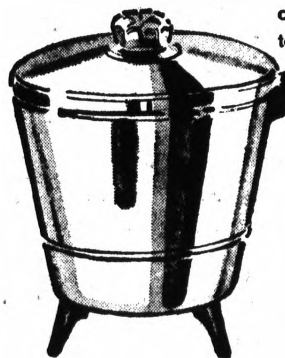

\$7⁸⁸

Teflon-coated . . . lets you forget about scouring! Even the most sticky, most stubborn food residues rinse off or come clean with just a swish in sudsy water. Teflon lets you cook without grease, cooking oil or fats if you wish — wonderful for low-cholesterol diets. Take advantage of this special offer today!

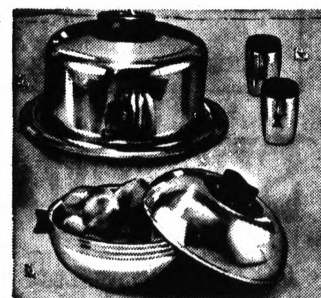

PARTY PERK
Brews 12 to 30 Cups
\$8⁹⁹

Makes "hostessing" the fun it ought to be. Easy to use . . . no bags, screens or filters to fuss with. Just pour in cold water, add coffee, and plug in. Serve light signals when coffee's ready.

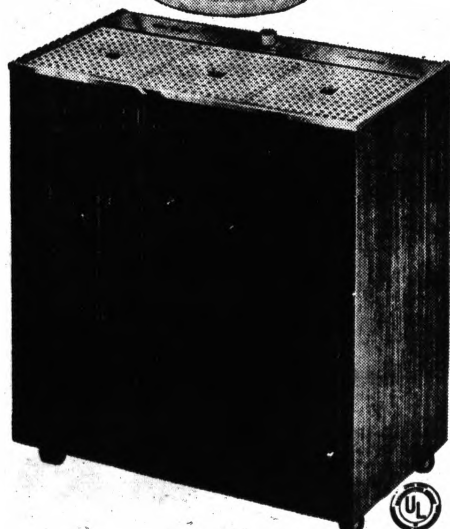

Housewares . . . Lower Level

**4-QT. CORN POPPER**

Fully automatic, pops fast without preheating, no stirring or shaking needed. Shuts off automatically.

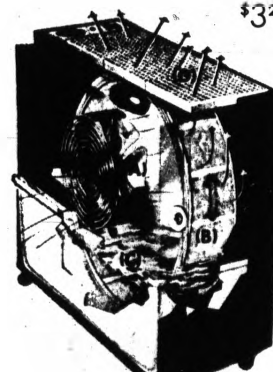

\$8⁹⁵
**CAKE HUMIDOR or
BUN WARMER**

Cake humidor has tightly sealed top to keep cakes fresh. Bun warmer keeps buns butter-melting warm.

**Cake Humidor

No Clue to Killer of Percy Daughter

Yank Artillery, Jet Mistakenly Hit Own Troops

SAIGON, South Viet Nam (AP)—Artillerymen in a U.S. light infantry brigade on its first combat mission in South Viet Nam mistakenly shelled their own troops in two separate operations near the Cambodian border today, the U.S. Command reported.

It also said a Marine jet accidentally bombed Leathernecks hunting North Vietnamese regulars near the demilitarized zone.

The mistakes cost the lives of six Americans while 23 others were wounded, a spokesman said.

The troops of the U.S. 196th Infantry Brigade were out on their first search-and-destroy missions when shells from their own guns fell on them near their base camp at Tay Ninh city.

One shelling at 1:30 a.m. today killed two infantrymen and wounded 16, an official spokesman said.

Several hours later, two more rounds of 105mm artillery killed one infantryman and wounded three, the spokesman added.

500-POUND BOMB
Both artillery incidents took place a few miles from Tay Ninh City, 40 miles northwest of Saigon.

In the accidental bombing, a U.S. Marine F4 Phantom fighter-bomber accidentally dropped a 500-pound bomb yesterday on Marines dug in during Operation Prairie.

The incident occurred in the northernmost province of South Viet Nam, a few miles south of the demilitarized zone.

The U.S. Command said three Marines were killed and four wounded. A spokesman said the air strike was called in by the Marines and was under direction of a forward air controller.

He said the Phantom jet made one bombing run 600 feet in front of Marine positions, then the ground unit called for strikes 300 feet closer to them.

The forward controller marked the target with a smoke grenade.

The bomb was dropped in the designated target area, inflicting the Marine casualties, the spokesman reported.

KEEP UP PRESSURE
The mistaken bombings overshadowed war developments in which U.S. planes kept up crippling pressure on targets in North Viet Nam and sparred with Communist MIG jets for the third straight day.

Youngsters interviewed at lunchtime recently held varying

SEARCHING FOR CLUES—A police detective uses a metal-detecting device on the lawn of the home of Charles Percy, industrialist and Republican nominee for U.S. Senate in Kenilworth, Ill., yesterday after the body of Percy's daughter, Valerie, 21, was found in her bedroom. She died from stab wounds and a beating. A uniformed policeman watches.

AP Wirephoto

Scientists Hunt Meteor Parts

By the Associated Press
Scientists continued today an investigation of the meteor that exploded over the Great Lakes area Saturday night.

A massive search for fragments of the meteor was launched yesterday. The scientific probe will attempt to trace its path and, if possible, recover fragments.

The "ball of fire" flashed

across the northern horizon in Michigan with a light brighter than the sun, witnesses said. The light was seen from as far west as Denver and as far east as Buffalo, N. Y.

One observer said: "It was as if God were writing in the sky with a flaming finger."

A farmer in Indiana and a policeman in northern Ontario,

hundreds of miles apart, said yesterday they were certain they saw parts of the meteor fall near them.

ROMNEY OBSERVES

Gov. George Romney was among those who saw the meteor. Romney was in a plane heading for a speech engagement in St. Clair.

"We thought we were under attack," he said.

Dr. George Wetherill, of the UCLA Institute of Geophysics, said he and other researchers would follow "the best leads" to see if the spot where possible fragments landed could be pinpointed.

"Meteors are the only samples we have of matter from outside the earth," Wetherill said. "We can learn a lot about the solar system from them if we can recover them while they are fresh."

REPORTS, MAINLY FROM CARO

In Tuscola County, said that a series of brush fires had been started by falling fragments of the meteor.

CLAIM DISCOUNTED

Wetherill discounted the Michigan reports, saying, "meteorites usually are cool by the time they hit the earth."

(A meteor—actually a piece of rock which orbits the sun—is called a meteorite if it reaches the earth's surface before being completely burned up.)

He Knew What Happened

At least one Oakland County resident who saw the sky light up Saturday night knew that the brilliance was not an attack by the Russians or from Outer Space.

William Schultz Jr. immediately recognized the meteor for what it was. He proceeded to inform local authorities so that they could pass the word on to nervous residents who were keeping police switchboards busy.

Schultz, Cranbrook Institute of Science astronomer, was getting out of his car at a Birmingham laundromat when he spotted the meteor.

It was, he noted, traveling at about a 20 degree angle to the horizon.

"When I first saw it, it was under the constellation Cas-

siopeia, and it ended under the North Point," Schultz said.

As many other residents went into a state of panic, Schultz began to count so that he could calculate the meteor's distance when he heard the sonic boom as it entered the atmosphere.

He didn't hear the boom and therefore knew the meteor (Continued on Page 2, Col. 4)

Flash

UNITED NATIONS, N.Y. (AP)—U.N. Secretary General U Thant said today he would consider remaining in office until the end of this year, if members of the world organization fail to agree on a successor by Nov. 3 when his term expires.

Family's Home in Illinois Is Slaying Scene

Crime Lab Studying Fingerprints, Bedding, Sweepings at House

KENILWORTH, Ill. (AP)—Police said they were without a suspect, motive or hard clue today as they continued their investigation of the mysterious murder of Valerie Percy, daughter of Republican leader Charles H. Percy.

Valerie, 21, blonde and pretty, was beaten and stabbed to death in her bed early yesterday morning while the Percys and two of their children, including the victim's twin sister, slept in nearby bedrooms. Two other children were away at the time.

Percy, 47, is the Republican candidate in the November election against U.S. Sen. Paul Douglas and has been active in both state and national politics.

A day-long search of the 17-room house and grounds on the fashionable North Shore turned up potential clues but nothing of immediate significance, police said.

QUESTIONING OF FAMILY MEMBERS, SERVANTS, AND FRIENDS WAS OF LITTLE HELP.

'NO LEADS'

"We have no leads at all," said Kenilworth Police Chief Robert M. Daley. "There are no clues that would help us in any way."

But Chicago police crime laboratory technicians are studying fingerprints, bedding, floor sweepings and other physical evidence collected from the Percy home.

Inside, police were busy piecing together this story:

The intruder approached the Percy home, situated on the shore of Lake Michigan, apparently shortly before 5 a.m. footprints in the sand indicate he may have come by way of the beach.

Using a sharp instrument he cut an opening in the locked screen door, opened it, then cut a slice out of a glass panel of the inside door, unlocked it and entered the house.

NO NOISE

There was no noise, the Percy family slept and a Labrador retriever in an attached garage did not bark.

The intruder crept up a staircase. At the top landing (Continued on Page 2, Col. 1)

VALERIE PERCY

Escaping Gas Perils Town; 2 Overcome

MANISTEE (AP)—Two policemen were overcome by gas today as reddish-brown bromine vapor escaped from a chemical plant and wafted through a residential area, forcing authorities to evacuate several hundred persons.

Policemen and sheriff's men, some wearing gas masks, shouted through loudspeakers and knocked on doors to awaken sleeping residents after bromine spilled from a line at the Marlon Chemical Co.

An hour later, the leak was plugged and police allowed residents to return to their homes in this northwestern Lower Michigan city.

Trooper Jackie Shell, 31, was overcome by the harsh, irritating vapor. He was treated at a hospital and was released.

Patrolman Donald Howe was treated with oxygen by firemen after he was overcome by the vapor.

"A malfunction of some kind" in equipment at the plant caused caustic bromine liquid to spill from a line, said Clarence Johnson, assistant Manistee fire chief.

"It must be a stop watch. It never runs."

Crossing the Overpass: Webster School Adventure

By PAT MCCARTY

A funny thing happened to children on their way to Webster Elementary School.

New to their daily routines is the trek over the pedestrian overpass which the city erected across West Huron during summer vacation.

Youngsters interviewed at lunchtime recently held varying

opinions, but all agreed the crossing is a bit of an adventure.

Their comments follow: Harold Strail, third grader, 412 W. Iroquois: "It's safer. But most of the kids don't like it 'cause they can't ride their bikes."

"I don't want to ride mine."

I like to come across here and look down on the cars."

Debra Crow, fourth grader, 234 Liberty: "When I go across, it just feels nice to be on top. The big trucks feel like they're going to touch the bridge."

"It's like we're bigger than everything else. It's like rides in the circus, when you're on

a Ferris wheel and you have to stop at the top."

James Van Allen, 4, of 82 Oriole follows a daily ritual of walking to school with his mother to get his brother Charles for lunch.

"It's fine. Cars go under it and they look like toys. Trucks make me think

they're going to scratch under the bridge."

Sonja Helland, first grader, 457 W. Iroquois: "I like it. I like going up the stairs and going over the cars — they feel real tight."

Mary Barnett, second grader, 564 W. Iroquois: "Oh, my aching head! It's so high! When I saw a picture of

it in the paper, I said, 'Well, I don't want to go over that thing!' I tried it with my sister's friend and I tripped and fell."

Kathy Lindsey, second grader, 255 Cherokee: "The first time I went over it, I had to hold on because I was scared. But I had to be brave because I was with my little sister."

Rights Bill May Die Today

No Clues in Killing of Percy's Daughter

(Continued From Page One)

were three doors. He chose Valerie's — whether accidentally or by design is not known.

Percy and his second wife, Lorraine, the victim's stepmother, were sleeping in a bedroom about 35 feet from Valerie's.

Mrs. Percy told police she was awakened by a moan. She got out of bed and walked into the hall, unaware that Valerie was dying of a crushed skull and more than a dozen stab wounds in her head, throat, chest and stomach.

STILL IN BEDROOM

She was unaware, too, that the killer was still in the girl's bedroom.

As Mrs. Percy entered Val-

erie's bedroom she was blindsided by a flashlight beam. She ran from the room screaming and pushed a burglar alarm button, awakening her husband.

Percy telephoned police, then went to Valerie's room. The killer had fled, apparently by the same route he had entered the house.

DEAD ON ARRIVAL

Mrs. Percy telephoned a neighbor, Dr. Robert P. Hoff. Valerie was dead when he arrived.

Mrs. Percy was unable to describe the killer or even say whether it was a man or woman.

No one has reported seeing anyone come or go, although two neighbors said they heard car tires squeal about the time the murderer fled.

AP Wirephoto

FIGHTING MAN IN ACTION — With enemy machine guns spraying the area from trees in the background, a U.S. Marine charges across the dikes of an open rice paddy near the demilitarized zone in South Viet Nam. The soldier was part of reinforcements brought up when the lead platoon came under fire in weekend fighting.

Spacemen Fly to See Families

CAPE KENNEDY (UPI) — Gemini 11 astronauts Charles Conrad and Richard F. Gordon fly to Houston today for a reunion with their families and more reports on their three days in space.

The 36-year-old Navy pilot left the Cape on a National Aeronautics and Space Administration plane at 7:30 a.m. EST. The last time they left the Cape was a week ago on the nose of a Titan 2 rocket.

Conrad and Gordon spent the weekend at their special quarters at the Merritt Island moonport receiving for tape recorders everything they could recall about their mission, from blastoff last Monday to splashdown Thursday.

This week they were to continue their debriefings at the Manned Spacecraft Center.

One of the key topics of discussion will be Gordon's spacewalk, cut short by space figure, Dr. Robert R. Gilruth, director of the center, said Gordon "working walk" showed that scientists still have much to learn about man's ability to work in space.

MAKE REVIEW

Officials will make a thorough review of extra-vehicular activity before Gemini 12 astronauts James Lovell and Edwin Aldrin are launched on the final Gemini mission during the week of Oct. 31.

Aldrin is scheduled to perform another spacewalk, and the results of Gordon's venture may force a change in Aldrin's spacewalking work schedule.

Dr. Andrew Toman, coroner of Cook County, said marks on Valerie's body indicated she struggled with the killer. But no sound was heard other than the moan.

Toman also said the "attacker obviously came into the house to murder someone." But Police Chief Daley was unwilling to commit himself to this theory or to one that the crime had started out as a burglary.

While Toman said the murder was planned, no one came up with a motive. Daley said there was no indication of anyone having "hard feelings toward Valerie."

JUNE GRADUATE

Valerie, a June graduate of Cornell University, had been working in her father's campaign.

Police said they could question persons she had contacted during the political work.

Percy's campaign manager, Scott Wilson, said Percy is still in the race for senator but that campaigning will be suspended. Sen. Douglas, telegraphing his condolences, said he too was calling of his campaign.

THOUSANDS OF CALLS

Douglas's message was one of a thousand or more telegrams and telephone calls offering sympathy.

Percy's political career includes an unsuccessful try for the governorship of Illinois in 1964.

He was chairman of the 1960 GOP National Platform Committee.

NATIONAL WEATHER — Showers and thunderstorms are forecast tonight in the Plateau and Rocky Mountain states and the Southeast. It will be warmer in the Plains and cooler in the middle Mississippi Valley.

Senate Is Set for Showdown on Hot Issue

WASHINGTON (AP) — Both backers and opponents of the civil rights bill predict sudden death in the Senate today for the measure with its politically hot provisions on open housing. The showdown comes on a second attempt to invoke cloture or limit debate in the languid filibuster which has kept the bill from officially coming before the Senate.

If the cloture effort fails as expected, Senate Democratic leader Mike Mansfield says he promptly will shelve the House-passed measure.

A move to invoke cloture last week failed on a vote of 54 to 42. Approval by at least two-thirds of those voting is required for a cloture vote to carry.

Mansfield told a newsman today, "We've got two or three more votes." He wouldn't say whose.

EXPECT NEW PROPOSAL
Senate Republican leader Everett M. Dirksen and Sen. Philip A. Hart, D-Mich., said they expect a new civil rights proposal by President Johnson next year. Dirksen's opposition to the 1966 measure is a key factor in its expected rejection.

Hart has tried to guide the measure to Senate approval. The civil rights bill would ban discrimination in about 40 percent of the nation's housing units, mostly apartments and new single home developments. Individual home owners would not be covered. The bill also has provisions aimed at eliminating discrimination in the selection of juries, and protecting the rights of Negroes and civil rights workers.

After the cloture vote, Dirksen plans to bring up his proposed constitutional amendment to permit voluntary prayers in the nation's public schools.

Sen. Birch Bayh, D-Ind., chief critic of this proposal, scheduled a news conference today and may offer as a substitute a "sense of the Senate" resolution calling for a moment of silent meditation in the schools.

Educator Dies
FAIRFIELD, Conn. (AP) — Dr. Edward F. Kennedy, 62, superintendent of schools in Newark, N.J., from 1955 until his retirement a year ago, died Saturday of a heart attack. At his death, he was chairman of Sacred Heart University's education department.

They were arrested in their home by Pontiac police who had traced them after a truck driver, who witnessed the holdup, gave officers a description of the men and their car.

TRIO ACCUSED
Moore, Marbles and the Rouser woman are accused of taking about \$60 from Craig Bruce of 64 N. Tasmania, an attendant at Andy's Marathon; and customers Daniel Moulton of 224 Pioneer, Lyle Baral of 3558 Grafton, Orion Township; and Bill Denton of 725 Sandy Beach, Waterford Township.

Henson and White arrested the trio in their car only a few minutes after the crime.

The Jacksons allegedly robbed a Clark service station attendant of \$40 after threatening him with a sawed-off shotgun.

Victim of the holdup was Carl Matteson, an attendant at the Clark Gas Station, 382 Orchard Lake.

Matteson told police two men came into the station about 3 a.m., brandished a shotgun at him and a customer and took \$40 from the attendant before fleeing.

Indonesian Students Say Sukarno Had Role in Coup

JAKARTA, Indonesia (AP) — First-wave students accused President Sukarno today of playing a key role in the abortive Communist coup of last October and called anew for his removal from power.

More than 2,000 students' massed outside the University of Jakarta waving banners and shouting slogans despite efforts by military leaders to head off the demonstration.

The demonstrators heard youth leaders charge Sukarno was at headquarters of the Communist Party (PKI) when the coup attempt was launched. It was the bitterest attack the students have yet made on Sukarno.

"Sukarno has not condemned the PKI but supported them, shouted one student leader.

"Sukarno says he condemns imperialists . . . but he has never condemned the Chinese imperialists who helped the PKI coup attempt," another screamed.

PATROLS WEARS

ARMY PATROLS hovered near the demonstrators who surged to the gates of Sukarno's palace but made no attempt to stop them.

Sukarno was in his palace handing out medals to his household staff while demonstrators milled outside. He gave medals to servants who used to sell his bath water to people who thought it would make them strong.

Ignoring a warning from Maj. Gen. Alamsjah, one of the army's top leaders, the students massed outside the university campus and circulated a proclamation demanding that Sukarno leave the country.

Heavily armed troops in jungle camouflage occupied strategic positions throughout the city as the rally was being held, but the situation was calm.

The students milled around for some time and then dispersed. Reliable sources said that Jakarta's military commander, Maj. Gen. Amir Machmud, had not authorized the rally. The decision to hold it marked the first the students have openly defied army orders.

Revolt in UAW Is Threatened
DETROIT (UPI) — The International Society of Skilled Trades threatened last night that it would take skilled workers out of the United Auto Workers Union "by force if necessary" next year.

The group made the announcement at a rally where plans were also revealed for an immediate attempt to try to organize the auto industry's 10,000 tool and die makers in independent job shops.

Society President Joe Dunnebo told about 2,500 skilled workers they would continue paying dues to the UAW until the contract runs out in 1967.

But then, Dunnebo said, "when we're ready, we're coming out."

To get the skilled workers away from the UAW Dunnebo would have to win elections covering all members of a craft throughout General Motors Corp., Chrysler Corp. and the Ford Motor Co.

Organization of the tool and die workers would involve separate votes by individual shop as each is a separate unit under National Labor Relation Board rules.

FALCON FOR '67 — Retaining the long-hooded Mustang look, Falcon for 1967 was unveiled today by Ford Motor Co. Engine and transmissions now include a 225-horsepower V8 with "Select Shift" automatic/manual transmission. The car goes on sale Sept. 30.

Parking Lot Expansion for Library Will Be Aired

BIRMINGHAM — The City Commission tonight will discuss possible expansion of the public library parking lot.

City Engineer William T. Kil-

leen has estimated that to expand the lot to provide 20 parking spaces would cost about \$4,600.

He points out that to stay within the north and south building lines of the library, as outlined previously, a adequate parking spaces could not be gained.

Killeen will present two plans to the commission, one making a total of 16 parking spaces and the other providing 20 spaces.

Cost estimates, he said, have been prepared without the benefit of construction drawings.

A new selection of movies covering Canada coast to coast is awaiting the armchair traveler at Baldwin Public Library.

The film "With Camera and Gun in Newfoundland" will show hunting of the antlered moose.

Those who prefer historical matters may see "The Silent One" which depicts the recovery of totem poles of the Haida Indian culture.

Other films include "Nova Scotia Byways" and "Arctic Fishing."

The films are available with out charge to any adult cardholder. They vary in length from 13 to 25 minutes.

THREE MONTHS

Home moviegoers will have the next three months in which to book any of these features.

After that, the pictures will be replaced by another group of Canadian movies.

Further details may be obtained by calling the home reading department of the library.

Workers Still Striking OCC

A strike by Oakland Community College maintenance and custodial employees continued today at the college's two campuses and Bloomfield Hills administration building.

Members of the American Federation of State, County and Municipal Employees set up picket lines Friday morning after a breakdown in contract negotiations Thursday.

Reportedly at the core of the problem is a five-cent difference on a wage package for the 38 employees in the bargaining unit.

College officials said today that they were attempting to contact union representatives to schedule another contract meeting.

ICC Reaffirms OK of Railroad Merger

WASHINGTON (AP) — The Interstate Commerce Commission reaffirmed today its approval of the merger of the New York Central and Pennsylvania railroads but asked for more testimony on steps being taken to protect three smaller, competing railroads.

The merger is scheduled to be effective Sept. 30.

The three competing railroads are the Erie-Lackawanna, Delaware & Hudson and the Boston and Maine.

The commission had received more than 20 petitions relating to the merger. Its affirmation today of action it took last April 27 was in answer to those petitions.

Judge Acquits Yank in Death of His Wife

MWANZA, Tanzania (AP) — A Tanzanian judge acquitted U.S. Peace Corpsman Bill Haywood Kinsey today of the charge of murdering his young wife.

Judge Harold Platt announced his verdict to a tense, crowded courtroom.

A two-man jury had recommended that Kinsey, 26, of Washington, D.C., be found innocent.

The judge was not required to follow the recommendation of the jury of "assessors" but he usually does in a murder trial.

Both Gail Bagley, 46, a soil conservation expert from Elsberry, Mo., and Tanzanian economist Fred Mugobi, 27, told the court they felt Peverley Kinsey, 23, died of an accidental fall, on March 27, as her husband contends.

ON A PICNIC
The prosecution charged Kinsey beat his wife to death with a length of metal pipe while the two of them were on a picnic on Impala Hill, two miles from the hamlet of Maswa, where they both taught school.

Passages in his diary were cited by the state as indication that Kinsey thought his wife was unfaithful.

Byron Georgiadis, East Africa's leading defense attorney, produced a book Kinsey had been reading and showed that the diary passages were normally identical with passages in the book.

Kinsey said he normally took notes on things he read, a habit he picked up in school.

12 WITNESSES
One of the 12 prosecution witnesses, an African farmer, testified he saw Kinsey sitting on his wife after felling her with a blow.

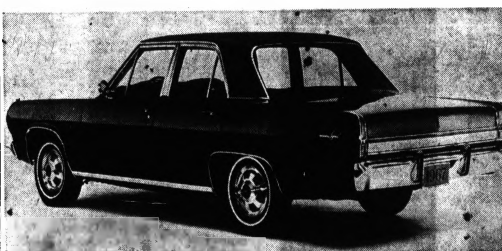

The prosecution produced a blood-stained pipe, contending it was the murder weapon.

Kinsey said his wife fell, injuring herself, and he sat on her to keep her from moving and aggravating her injuries.

He said the pipe was part of a tripod, adding that they had left in haste on the picnic and he had left the rest of his photographic equipment at home.

NO HINT OF TROUBLE
Kinsey's mother-in-law, Charlotte Dennett of Riverside, Conn., flew to Tanzania to testify on his behalf. She embraced him in court.

She said there had never been a hint of unhappiness in the marriage of her daughter and Kinsey, whom she visited last year in East Africa.

NEW VALIANT — Plymouth Division's entry in the compact-car field, Valiant for 1967, features a longer wheelbase and new safety improvements. Shown is the Signet four-door sedan. Valiant sales begin Sept. 29.

Steelworkers Praise, Criticize Johnson

ATLANTIC CITY, N.J. (AP)—The United Steelworkers of America officially open their 13th constitutional convention today after both criticizing and praising President Johnson's economic policy. The union said the adminis-

tration's 3.2 per cent wage guideline was an unfair restraint on labor but applauded Johnson's recommendation for suspending the seven per cent business investment tax credit.

The President was scheduled to have addressed the convention today but had to cancel the engagement. Arthur J. Goldberg, U.S. ambassador to the United Nations, will speak instead.

The steelworkers, third largest union in the country with 1.1 million members, also will make known this week its decision on collective bargaining. The union now negotiates with

the 10 major steel producers and that contract is used as the standard for the rest of the industry. Some union officials have advocated bargaining with individual companies. They claim this would streamline negotiations and would more easily resolve local issues. The union, in a report released Sunday, said the wage guidelines are "inequitable and unworkable," and added that workers are not getting their fair share of corporate profits. The nation, the steelworkers contended, could afford to provide a minimum income for all Americans.

Women Voters Begin Fund Drive

Pontiac Press Photo

Mrs. James Campoli, Middle Belt Road, is cochairman for the finance drive of the Pontiac League of Women Voters. Starting today, members of the local League will solicit funds to carry on the nonpartisan work of the group.

Members of the League of Women Voters conduct an annual finance drive. Funds are solicited from the community to support the work of the League.

At this time the public is reminded that the League is a nonprofit, nonpartisan organization dedicated to the principle that a democracy depends upon the informed and active participation of its citizens.

An important part of league work is service to voters. Pre-election voters' assistance includes provision of nonpartisan information on candidates and ballot issues in a voter's guide.

Campaigns to encourage registration and voting on an informed basis and meetings at which all candidates for office may speak are conducted.

RUNS A WEEK

Mrs. James Campoli and Mrs. Mitchell Baow are cochairmen of this year's campaign which runs through Friday.

Both Gov. George Romney and Mayor William J. Taylor Jr. have issued proclamations naming this week League of Women Voters Week.

Membership in the League is open to any interested woman in the Pontiac area. Lillian Davidson is membership chairman.

Let Hostess Know Plans of Guests

By ELIZABETH L. POST

Dear Mrs. Post: One of my pet peeves is the phrase, "I'll let you know" in answer to an invitation. A friend of mine almost always says this instead of giving me a definite answer.

It sounds as if she wanted to wait and see if anything better comes along before accepting my invitation. Don't you think this rude? — Valerie King.

Dear Mrs. King: Unless the "I'll let you know" is followed by some such phrase as "I have to talk to John and see if he has made any other commitments," or "When I find out for certain that we will be in town that weekend," it is inexcusably rude not to give a definite answer.

Even when you qualify your response in such a way, you should make every effort to follow it up and let the hostess know at the earliest possible moment.

ENGAGEMENT RING

Dear Mrs. Post: I am a widow and have just become engaged. My fiancé will be giving me a ring very soon and my question is, when should I remove my wedding ring and what should I do with it? — Paula S.

Dear Paula: Since you are now engaged to be married again, you should remove your wedding ring immediately. Put it away safely and if you have a son, he might like to use it for his future bride.

Pontiac Press Photo

Mrs. Donald Genereux of Shore View Drive stands with Mrs. Walter J. Steiner of Sylvan Shores Drive, new member of the Sylvan Shores Women's Club, and Mrs. Winfred D. Holt, club president.

They met Monday at the home of Mrs. Holt for the Sylvan Shores Women's Club fall tea. New officers were hostesses to the club members with special recognition to new members.

Mother Uses Wrong Force

Threatens Police Action

By ABIGAIL VAN BUREN

DEAR ABBY: I have a young neighbor who has children about the ages of mine. Our children play together constantly at either my house or hers. It seems the only way this mother can discipline her children is to tell them if they aren't "good" she will call the policeman.

Now it's none of my business how she wants to raise her children, but I do not want my children to grow up being afraid of policemen. Should I say something to this mother? If

so, how do I put it without getting her angry at me?

A NEIGHBOR DEAR NEIGHBOR: Tell her that for their own safety children should be taught that the policeman is their friend because should a child be lost, hurt or molested by a stranger, he should ask the nearest policeman for help. If you explain this to your neighbor she will surely understand and change her threats.

DEAR ABBY: When I was 16, I lost the thumb and first two fingers from my right hand in a hunting accident. This is my problem: People are always wanting to shake hands with me, which has given me many awkward moments.

They become offended or embarrassed if I do not shake hands with them. I have tried wearing a glove, but people are not very observant and they put out their hand anyway. I don't think I ought to apologize for my hand. Any suggestions?

S. C. DEAR S. C.: You needn't apologize. Simply offer your "LEFT" hand before the other party has a chance to reach for your right and he should quickly get the message.

Calendar

MONDAY

MacDowell Male Chorus Rehearsal 7:30 p.m. Northern High School. Openings are still available in all four sections of the chorus.

WEDNESDAY

Veterans of Foreign Wars, Post 1068 Auxiliary, 1 p.m., post home on Auburn Road.

In Cranbrook Galleries

Reception Honors Glen Paulsens

By SIGNE KARLSTROM

The board of trustees and the women's committee for the Cranbrook Academy of Art honored the new president of the Academy, Glen Paulsen, and Mrs. Paulsen, Sunday evening at a reception in the Galleries. Mrs. J. Robert F. Swanson was chairman.

At the entrance were two yellow lantana trees grown under the guidance of R. H. Milton in the Cranbrook greenhouse.

Three seven-branch silver candelabra designed by Mr. Swanson, were placed on the

buffet table, decorated in yellow.

It was a happy evening for so many friends of the Cranbrook Institutions to greet their new president and his charming wife in this setting.

With the Paulsens in the receiving line were Wallace Mitchell, director of the Galleries and Mr. and Mrs. Ernest A. Jones. He is chairman of the board of trustees of the Cranbrook Academy.

FROM HONG KONG

Special guests were Mr. and Mrs. Su Gin-Dih from Hong Kong, who are presently visiting a daughter at the University of Michigan. Mr. Su, an alumnus

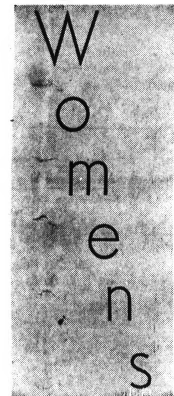

of the university, attended Cranbrook School at one time. According to his many friends, he is one of this country's best ambassadors in China, his home land.

Among the other guests were the Lester Lockwoods who came from Flint; Dr. W. R. Keast, Wayne State University president, and Mrs. Keast; Paul Grigante from U. of M., the Henry Booths, the Warren Booths, Mr. and Mrs. John M. Booth, the James Beresfords, the William T. Gossett.

Others were Mr. and Mrs. Don Ahrens, the LeRoy Kiefers, Mr. and Mrs. Marshall Fredericks, Dr. and Mrs. Robert Hatt, Zoltan Sepesty, former Academic president, and Mrs. Sepesty.

Mrs. Elsie Saarinen, honorary member of the women's committee, was unable to be present due to illness. Her husband, the late Elsie Saarinen, was the first president of the four institutions of learning at Cranbrook.

Assisting Mrs. Swanson were Mrs. Alfred C. Girard, decorations chairman and Mrs. Edwin J. Anderson who had charge of the buffet table along with a host of committee members.

Pontiac Press Photo

It's more practical than a crown. Maxine Davison of Sylvan Lake (seated) selects a new hat in honor of her award Sunday at "Woman of the Year" by the Tipocan Charter Chapter, American Business Women's Association. Admiring her choice are (from left) Mrs. Walter Latasas of Shelby Drive and Mrs. Donald Lunsford of Devondale Avenue, Avon Township. See story on page B-3.
