

Invading Rebels Land in Cuba by Sea and Air

It's Snow Showers in April!

APRIL SHOWERS (WHITE, FLAKY VARIETY)—It's singing in the rain time—that is, 13-year-old Lucy Smith thought it was until the "rain" turned out to be white, crystalline and cold. The umbrella-toting West Bloomfield Township miss would have been wearing galoshes when green spring time was jolted by a white setback over the weekend, transforming the Pontiac area into scenes like the one at Cranbrook in the background.

Year's Heaviest Snow Blankets the Pontiac Area

The heaviest snowfall of the year blanketed Pontiac today and more was on its way, mixed perhaps with rain.

The unseasonal, three-inch accumulation at 8 a.m. marked the heaviest single fall of the winter, according to the Weather Bureau at Detroit-Metropolitan Airport.

Tumbling temperatures and tricky driving conditions accompanied the frigid backlash of winter.

The same storm that started hammering the Pontiac area yesterday morning brought even heavier snowfalls to the western part of the state, including a record 12.2 inches in Grand Rapids.

Although the snow melted by itself on most Pontiac area highways, hazardous driving conditions still existed, the Weather Bureau warned.

Variable winds of 15 to 40 miles an hour, becoming northerly this afternoon, were expected to cause highway drifts until they diminish gradually tonight.

Flurries may turn to rain as the mercury nudges its way up to 37 degrees today, the Weather Bureau said. Tonight's low of 26 is expected to be followed by a cloudy Tuesday with a high of 40.

The storm began when rain turned to snow yesterday morning as the temperature dove from 50 degrees at 8 a.m. to 30 degrees at 11 a.m. It remained at 30 all day and night.

At 8 a.m. today the snowfall passed this winter's previous record of 2.9 inches for the area, Feb. 5, the Weather Bureau said.

The snowfall in Pontiac that day was measured at three inches. Previous single storms of the season included two inches Dec. 20 and a blustery half inch March 21, 1961.

The storm was blamed for at least five traffic deaths in Michigan.

Some areas in western Michigan got up to a foot of snow. The fall for the Benton Harbor-St. Joseph area was estimated as high as 16 inches. At Muskegon the official fall was 11 inches.

The Grand Rapids fall of 12.2 inches for the 24-hour period ending at 7 a.m. was the second heaviest for any 24-hour period there. The record is 14 inches on Jan. 21, 1961.

Windstorm drifts of up to eight feet in southwestern Michigan blocked off practically all roads south and west of Paw Paw, State Police said.

The counties with the worst traffic problems were Cass, Berrien and Van Buren.

A Grand Rapids-to-Chicago passenger train was forced to stop to hear the case was started. The first two persons called for the jury would take the rest of the day.

Goldsmith quit the case on the advice of his doctor who said he shouldn't undertake what might be a long and strenuous trial.

Mrs. Lassiter is represented by attorney Joseph W. Louissell.

The defendants, Mrs. Lassiter and Watson, charged with murder in the death of Marvin "Bill" Lassiter.

Lassiter, a Royal Oak importer-dealer, was beaten, shot to death and robbed near Willow Run Airport April 6, 1959.

Three Tennessee men pleaded guilty to second-degree murder in the slaying last February.

They were sent to prison for life. The state has charged Watson with the killing carried out in the slaying of Marvin "Bill" Lassiter.

In the preliminary hearing the state said Watson, a business partner of Lassiter, and the beautiful Mrs. Lassiter were lovers and plotted the killing out of "lust and greed."

The defendants denied it.

On the eve of the trial, Oakland County Probate Court Judge Walter E. Deane Sunday approved Watson's claim to some 30 per cent of Lassiter's business.

The action must be approved by the court before becoming final.

Watson went to work for Lassiter in 1957 as a business manager.

Charles Nash, 42, alleged triggerman, and two former employees of Lassiter, Richard James, 27, and Roy C. (Black) Hicks, 27, are in prison for the slaying.

Mrs. Lassiter, a grandmother, and Watson have been free on bond since March 1960. Watson is now a salesman in Los Angeles.

Castro Admits Many Landings; Blames U.S.

Calls on His Troops to Keep Order as Exiles Start 'Liberation'

By The Associated Press

Invaders seeking to overthrow Fidel Castro landed in Cuba today by sea and air.

The Cuban prime minister, acknowledging the attack, said it was launched by mercenaries organized by the United States.

He declared his troops are advancing against the invaders and are certain of victory. He called on Cubans to maintain order and discipline.

Castro was reported to be in personal charge of the Cuban defense force.

Castro told his people by radio that the invaders had landed at several points in Southern Las Villas Province.

Cuban exile sources in the United States said forces also had gone ashore in extreme Eastern and Western Cuba and on a beach southeast of Havana.

The exiles declared "the battle to liberate our homeland" had been started.

Castro's regime charged before the United Nations that the invaders were armed and financed by the United States.

Raul Roa, Cuban foreign minister, told the U. N. that the invaders came from Guatemala and Florida. The charge was denied.

Secretary of State Dean Rusk denied the American people sympathize with those fighting against dictatorship but the United States will not intervene. He said his reports indicated there was no large-scale invasion.

The Soviet government newspaper Izvestia echoed Roa's charge of the use of Americans in the action. Izvestia declared the Communist world stands behind Prime Minister Castro, but it made no mention of Premier Khrushchev's pledge last summer, later toned down, to support Cuba with rockets if necessary.

A Dutch airliner could not land at Havana. The pilot was told Cuban airports were closed.

NEWSPAPERS CUT OFF

Telephone and telegraph communications with Cuba were cut off early today, shortly after a Cuban army officer confirmed one landing on the south coast.

The Cuban government radio was heard summoning all people's militia units to report at once to their stations.

Dr. Jose Miro Cardona, the rebel leader who broke with Castro, declared the battle had begun "to liberate our homeland from the despotic rule of Fidel Castro and rid Cuba of international communism's cruel oppression."

The statement was issued after he left New York.

In his broadcast heard in Miami, Castro declared:

"Troops landing by sea and air are attacking various points of (Continued on Page 2, Col. 6)"

INVASION POINTS—This map locates three areas in Cuba where invaders have landed, according to reports from Cuban exiles in the United States today: 1—On Cuba's South coast at southern border of Matanzas Province; 2—At Cuban near western end of island; 3—Baracoa on eastern tip of Cuba.

Anti-Castro Pair Tempest Is County on Way to Cuba 'Product of the Year'

Leaders Plan to Land as Soon as Rebels Get Beachhead Established

Pontiac Motor Division's Tempest, revolutionary new car now dominating the luxury compact field, has been named Product of the Year for Oakland County.

This announcement was made today by Charles F. Adams, of 1898 Central Court, Beverly Hills, Oakland County chairman for Michigan Week—May 21-27.

Guidelines in selecting the honored product were that it must be something new, significant, unique, successful and important to the Michigan economy.

As Oakland County winner, in a field of several hundred outstanding contenders, the Tempest now qualifies as an entrant in the forthcoming regional and state final awards—annual highlights in the observance of Michigan Week.

Adams, executive vice president of MacManus, John & Adams Inc. of Bloomfield Hills, warmly commended the awarding judges for what he described as "an outstanding selection."

He noted that the Tempest was honored nationally last month when it was selected "Car of the Year" by Motor Trend, the authoritative motor magazine.

"It is particularly fitting," he said, "that Oakland County—producer of four popular motor cars and with a rich automotive tradition—should have selected an automobile as its outstanding product." Adams added: "I think it is equally fitting that the automobile should be Product of the Year in the state which gave the motor car to the world."

Adams cited Tempest's March sales total of 10,097 units—3,839 in the last 10-day period—proof that the revolutionary new luxury compact is contributing importantly to helping lift Michigan from the depths of the current recession.

The awarding judges were H. A. Swigert, vice president and sales manager, Automotive Conversion Corp.; Arthur Lake Jr., vice president of Lake Jewelers; and William Roberts, city commissioner and mayor pro tem of Birmingham.

Garcia quit the DRF when Cardona was named to head up the various rebel groups, but he is reportedly closely tied to underground activities.

The Cuban government radio was heard summoning all people's militia units to report at once to their stations.

Dr. Jose Miro Cardona, the rebel leader who broke with Castro, declared the battle had begun "to liberate our homeland from the despotic rule of Fidel Castro and rid Cuba of international communism's cruel oppression."

The statement was issued after he left New York.

In his broadcast heard in Miami, Castro declared:

It's Only the Start for U.S. Tax Cheats

By FRANK CORMIER

WASHINGTON (AP)—For three million Americans, tonight's midnight deadline for filing tax returns will mark only the start of their dealings with the Internal Revenue Service.

To discourage tax cheats, IRS Commissioner Mortimer M. Caplin wants to increase the number of returns which get a thorough test for accuracy.

The goal is to check, or audit, about 3 million of the estimated 91 million returns to be filed. In 1960 the number of audits was 2.8 million.

Caplin hopes for further increases in the years ahead. Whereas IRS now checks about one return in every 20, he wants to approach a one to 10 ratio.

The 1961 filing deadline was extended two days because the usual April 15 date fell on a weekend. IRS will accept any return postmarked by midnight tonight.

Furious Spring Storm Staggers the Midwest

By THE ASSOCIATED PRESS

A crippling spring snowstorm, sweeping out of the Northern Plains with all the fury of a midwinter blockbuster, staggered the Midwest today.

The heavy wet snow, whipped by strong winds, smothered spring with a blanket of white from the Dakotas across the north central region.

The storm, which started in some areas Saturday night, increased in intensity Sunday. As the storm moved eastward, there was some lull in snowfall, but strong winds continued, causing much drifting.

Fresh snow measured up to more than a foot and a half in northern Minnesota. Drifts piled up to 10 feet in some areas. Blowing snow cut visibility sharply.

TRAFFIC HAZARDOUS

At least 15 deaths were attributed to the stormy weather, mostly in traffic accidents on icy and snow-covered highways, with two of the deaths caused by heavy rains east of the snow belt.

The damaging storm, a climatic shocker for the fifth week in spring, had widespread effects. Record snowfalls for the state were reported in many areas. Freezing weather added to the discomfort. Wild gusts were clocked up to 59 m.p.h.

Schools in many areas were closed, scores of them in Minnesota and Illinois. Travel by bus, plane and train slowed. Motorists in many cities were urged not to drive unless necessary. Driving conditions were extremely hazardous in central and northern parts of the Great Lakes region and sections of the Ohio Valley. Traffic accidents were far in excess of normal.

At Welfare Meeting

GRAND RAPIDS (U)—Authorities from eight states and Canada gathered in Grand Rapids today to open the annual Central States Regional Conference of the American Public Welfare Association.

News Flash

WASHINGTON (UPI)—Maj. Gen. Edwin A. Walker, involved in a dispute over the John Birch Society, today was relieved of his command in Germany pending an investigation.

For Detroit Court Trial

From Our News Wires

DETROIT—The murder trial of Mrs. Nelle Lassiter of 1960 Beverly Road, Beverly Hills, and Gordon Watson in the 1959 slaying of Mrs. Lassiter's husband started today in Wayne County Circuit Court.

Indications that the often-delayed trial might once again be delayed by a change of attorneys ended when Circuit Judge Joseph Raab met in his chambers with the prosecution and attorneys for the defense.

Albert Summer was a last-minute substitute for Ralph Goldsmith as attorney for Watson, and Summer had hinted he might seek a postponement to bring himself up-to-date on past proceedings.

But he made no formal motion for a delay.

SELECTING JURY

After the meeting in Raab's chambers, the selection of a jury to hear the case was started. The first two persons called for the jury would take the rest of the day.

Goldsmith quit the case on the advice of his doctor who said he shouldn't undertake what might be a long and strenuous trial.

Mrs. Lassiter is represented by attorney Joseph W. Louissell.

The defendants, Mrs. Lassiter and Watson, charged with murder in the death of Marvin "Bill" Lassiter.

Lassiter, a Royal Oak importer-dealer, was beaten, shot to death and robbed near Willow Run Airport April 6, 1959.

Three Tennessee men pleaded guilty to second-degree murder in the slaying last February.

They were sent to prison for life. The state has charged Watson with the killing carried out in the slaying of Marvin "Bill" Lassiter.

In the preliminary hearing the state said Watson, a business partner of Lassiter, and the beautiful Mrs. Lassiter were lovers and plotted the killing out of "lust and greed."

The defendants denied it.

On the eve of the trial, Oakland County Probate Court Judge Walter E. Deane Sunday approved Watson's claim to some 30 per cent of Lassiter's business.

The action must be approved by the court before becoming final.

Watson went to work for Lassiter in 1957 as a business manager.

Charles Nash, 42, alleged triggerman, and two former employees of Lassiter, Richard James, 27, and Roy C. (Black) Hicks, 27, are in prison for the slaying.

Mrs. Lassiter, a grandmother, and Watson have been free on bond since March 1960. Watson is now a salesman in Los Angeles.

Begin Selection of Lassiter Jurors

Planners Have Scheme to Halt London's Growth

LONDON (UPI)—Britain's town planners came up with a program today to halt the spiraling growth of London.

A report to Housing Minister Henry Brown by the Town and Country Planning Association predicts that in the next 30 years the resident and commuting population of London will rise from 12.5 million to 14.5 million.

Danish Princess Loses Luggage, Borrows Gown

LONDON (UPI)—When her 21st birthday party ball got under way here Sunday night, Princess Margrethe, heirress to the Danish throne, was wearing a borrowed dress.

On the way from Denmark her luggage had been held up and she was forced to borrow a yellow satin gown from the daughter of the Danish ambassador to London.

Two hours after the party began, the dress arrived and the six-foot tall princess excused herself, went out to change and returned with her own dress.

Cold War Is Costly

LONG BEACH, Calif. (UPI)—The cold war costs the world \$14 million an hour, according to Army Undersecretary Stephen Ailes. That is the cost of maintaining the world's military weapons. Ailes told the California convention of reserve officers Saturday.

Rebels Break Through

Reds Reject Part of Laos Proposal

WASHINGTON — Secretary of State Dean Rusk said today that the United States is not prepared to accept the Soviet Union's demand that it "must clearly immediately" in negotiations with Russia on the issue of the timing of a ceasefire.

LONDON (AP) — The Soviet Union rejected some details of the Western proposal for a ceasefire in Laos but kept the door open for further negotiations, a Foreign Office spokesman said today.

The spokesman declined to give the substance of the note, but said that the Soviet Union had made clear that Britain and the

VIENTIANE, Laos (UPI) — A strong pro-Communist rebel force backed by heavy artillery broke through royal army defenses to capture the important road junction of Nongnakh in central Laos, reliable sources reported today. The advance threatened to split the Southeast Asian kingdom in two.

Soviet Union would be joining right away in calling for a ceasefire to suspend the fighting between the Western-backed Loutian government of Premier Boum Oum and the pro-Communist Pathet Lao guerrillas.

The spokesman said further contacts with the Soviet government would be required and that Britain is consulting with the United States, France and Commonwealth countries.

Soviet Foreign Minister Andrei A. Gromyko handed the note to the conference table.

Miss Centennial to Spur Search

325 Organizations Are Invited to Hear Details of Contest Explained

The "Miss Centennial" contest to be launched tonight at Eka Temple, will involve the biggest search in Pontiac history for a festival queen.

More than 325 Pontiac area organizations and businesses have been invited to send representatives to the inaugural meeting at 8 p.m. in Eka Temple.

Details of the contest will be spelled out by Mrs. S. V. Seikin, contest chairman and other leaders of the city's 100th anniversary celebration.

All organizations in the Pontiac area that list regular members are invited to sponsor candidates for the title of "Miss Centennial."

The contest itself will come a few days before the official June 17-24 celebration.

The queen and a 10-member court will rule over the celebration. The 10 runners-up in the contest will comprise the court.

The public will have a hand in choosing the queen. The contest will be held to sale of tickets to the centennial spectacle, June 18, 24, in Wisner Stadium.

NATIONAL WEATHER — It will continue unseasonably cold tonight east of the Plains. Cooler weather is expected in the Northwest Coastal area. Scattered snow flurries and showers are forecast for varying areas in the nation.

JUST LIKE 1900 — All dressed up for a spin in a 1908 Oakland, predecessor of the Pontiac, (from left) Pam Arcello of 39, Dakota Drive, and Kathy Gotham of 2038 S. Hammond Lake Drive, W. Bloomfield Township. Considering the weather, the girls wisely left the car right where they found it, at the Pontiac Retail Store.

Con-Con Race Kept Stirring

Romney and Van Dusen to Run for GOP, Two Dems Decline

The constitutional convention front was stirring with intentions and lack of intentions on the part of candidates over the weekend.

George W. Romney of 1830 E. Valley Road, Bloomfield Hills, president of American Motors and Citizens for Michigan, and Richard C. Van Dusen of 2305 Bingham Road, Birmingham, 1957 Republican candidate for state attorney general, said "I do."

But August Scholle of 2710 Vinsett, Royal Oak, president of the state CIO-AFL, and former Democratic Gov. Murray D. Van Wagoner of 3800 Oakland Drive, Bloomfield Township, declined to be candidates.

That put two Republicans in the race from Oakland County, but left two Democrats out.

Romney, who has attempted to maintain a nonpartisan position, rather reluctantly cast his lot with the Republicans. He told the executive committee of the citizens group, meeting Saturday in Dearborn, that he had made his political choice because "only the Republican Party in Oakland County has consistently supported the calling of a convention."

CANT AGREE — But he added that he "could not agree with predominant influence in either political party on a statewide basis," and reminded his supporters to have the con-con delegates chosen on a non-partisan basis. The legislature decided otherwise.

Romney has not made up his mind whether to run from a legislative or senatorial district. One delegate will be elected for each of the 14 members in the House and Senate.

Van Dusen, who announced his intention of running earlier, said he would seek the GOP nomination from Oakland's 4th Legislative District.

Van Wagoner, another member of the citizens' group board, said he would support Romney despite their difference in political affiliation. Both live in the same Oakland legislative district, the 3rd.

Scholle told a meeting of the AFL-CIO Committee on Political Education (COPE) Saturday that he would not be a candidate at the July 25 primary.

He said he felt it would be impossible for him to serve as an impartial delegate and at the same time serve as chief labor spokesman before the various committees of the convention.

He also said he is responsible for coordinating labor's program before the Michigan Legislature, which is scheduled to meet part of the time the constitutional convention would be in session.

The convention is slated to open in Lansing on Oct. 3, with the final selection of delegates set for Sept. 12.

While Romney, Van Wagoner and Van Dusen were hearty supporters of the constitutional convention which was approved by the voters both last November and on April 3, Scholle has been against it. He has favored a redistricting of the State Senate, but has lost legal rounds in the Michigan Supreme Court.

Koren Announces Command Shifts

Transfers of three police command officers was announced today by Police Chief Joseph Koren.

Capt. George T. Scott, 56, has been named head of the uniform patrol bureau, succeeding Capt. Donny E. Ashley.

Scott, a 23-year veteran of the city police force, has been chief of the staff bureau since July 1960.

Ashley will take over the detective bureau, replacing Lt. Raymond E. Meggitt.

ON FORCE 15 YEARS — Ashley, 38, has headed the uniformed officers since September 1959. He has been a Pontiac policeman for 15 years.

Meggitt has been assigned to head the staff bureau, research, planning and training arm of the department.

Meggitt, 38, has been detective bureau commander since September 1959. He has been on the force 15 years.

The transfers are effective immediately. Koren called the transfers "routine," explaining they were made so command officers could become acquainted with all phases of police operations.

Odds on Taylor to Win Oscar

Beautiful Liz Excited as She Awaits Show (10:30 Tonight on TV)

SANTA MONICA, Calif. (AP) — Most everybody is betting Liz Taylor will win her first Oscar tonight—everybody but the beautiful star herself.

"I'm not betting on it," Miss Taylor told a reporter, "but I'll be there just the same."

She admits she's feeling a little nervous at the zero hour approaches for Hollywood's 33rd annual Academy Award show.

"The competition looks tougher than a large sale," she bursted out, "but I've been nominated four times in a row."

The two-hour awards show, telecast over ABC-TV, gets underway at 10:30 p.m. (Pontiac time) from the Santa Monica Auditorium.

Transfers 3 Top Officers

Transfers of three police command officers was announced today by Police Chief Joseph Koren.

Capt. George T. Scott, 56, has been named head of the uniform patrol bureau, succeeding Capt. Donny E. Ashley.

Burglars Make Do in City Theft of \$140

Burglars made do with the tools at hand in looting the sale of a Pontiac auto dealership, police reported today.

Entering the service garage of John MacKelliff Ford, Inc., 630 Oakland Ave., by breaching a window, the intruders proceeded to wheel an acetylene torch into an inner office.

Into the same office the intruders rolled a large safe, burned a hole through the safe door.

Officials of the firm who discovered the burglary this morning said the intruders overlooked another \$300 in a cash box.

Reschedule Exam of Robert L. Draker

Examination of Robert L. Draker, 36, accused of second-degree murder in the death of a 15-year-old school companion, has been rescheduled for 9:30 a.m. Wednesday in Municipal Court.

Draker, 680 Melrose Ave., is accused of the Feb. 27 fatal stabbing of Jerry Chestnut, 890 Melrose Ave., during a poker game in a door to gain entry, but before leaving thoughtfully patched the hole to again — with a sympathy card taken from stock.

The Day in Birmingham

Detroit Minister to Speak at May Fellowship Day

BIRMINGHAM — Dr. James Laird, minister of Central Methodist Church in Detroit, will be guest speaker at the May Fellowship Day observance of the United Church of Christ in Birmingham.

The May 5 program will be at First Presbyterian Church and will begin with a 9 a.m. breakfast in the social hall.

Laird's address will be given at 10 a.m. in the sanctuary.

Dr. Laird served as minister of the Mariemont Community Church in Cincinnati for four years before taking over duties at the Detroit church in October 1958.

Prior to that time he served 7½ years as minister of the Wesley Methodist Church in Amherst, Mass., and was director of the Wesley Foundation at the University of Massachusetts.

EXCHANGE STUDENT

Last summer Dr. Laird was exchange minister in Coventry, England, under auspices of the World Methodist Council of Churches and served as personal chaplain to the lord mayor of the city.

May Fellowship Day is a nationwide annual observance sponsored by United Church Women, a general department of the National Council of Churches.

More than 2,000 local and state councils of United Church Women will take part in this year's observance.

"Our theme for this year, 'The Churches: Free and Responsible,' points up our responsibility not only as individuals but as Christian groups," said Mrs. Donald Tracy, chairman for the program in Birmingham.

John J. Collins, Democratic state chairman, will be guest speaker tomorrow at a joint meeting of the Birmingham and Bloomfield Democratic clubs.

The meeting begins at 8 p.m. at the Community House and Collins' address is scheduled for 9 p.m.

Collins, of Jackson, was elected in February to succeed Neil Staebler, who was chairman of the Michigan State Central Committee during the entire 12-year governorship of G. Mennen Williams.

Collins will discuss the state constitutional convention.

Jesse Miller Service for Jesse Miller, 52, of 828 W. Lincoln Road, will be 2 p.m. tomorrow at Maple Valley Funeral Home. Burial will be in Roseland Park Cemetery, Berkeley. Mr. Miller died yesterday.

He was a retired landscape gardener.

Surviving are two daughters, Mrs. Clarence Wright of Pontiac and Mrs. Ernest Robinson of Birmingham, and one brother.

Mrs. James A. Phillips Service for former Franklin Village resident Mrs. James A. Phillips, 68, of 2600 Broadway Blvd., Bloomfield Township, will be 2 p.m. tomorrow at Maple Valley Funeral Home. Burial will be in Roseland Park Cemetery, Berkeley. Mrs. Phillips died yesterday.

He was a retired landscape gardener.

Official to Lead 'Y' Drive in GM

Thomas F. Wiethorn to Chairman Management Division in Expansion

Thomas F. Wiethorn, general manager of the Fisher Body Division of Pontiac plant, has accepted the chairmanship of the General Motors Corp. Management Division in the Pontiac YMC expansion program.

Wiethorn's appointment was announced today by Robert M. Critchfield, general chairman of the current campaign for \$500,000 to improve and expand facilities of the Pontiac "Y" building.

Wiethorn has enlisted a campaign organization in the plans of the three GM divisions with operations in the city, and plans to start his division's phase of the campaign this week.

Assisting the Fisher Body manager in the "Y" campaign will be Robert W. Emerick, public relations director of Pontiac Motor Division, and Earl A. Maxwell, personnel director at GMC Truck and Coach Division.

An active participant in civic affairs, Wiethorn will serve as chairman of the 1961 Pontiac Area United Fund drive.

The General Division headed by Wiethorn resides with his family at 2600 Broadway Blvd., Bloomfield Township.

Wiethorn's assignment, Wiethorn said, "General Motors management people have always supported worthy civic projects. The need for an expanded YMC in the Pontiac area is quite obvious."

"I am confident that the management personnel in the local General Motors plants will support the 'Y' expansion program in a representative schedule."

The campaign schedule this week calls for reports on Tuesday from the Advance, Special Gifts "A," Medical and Osteopathic Divisions.

The General Division headed by Wiethorn will meet at the "Y" Wednesday afternoon to start solicitations.

Critchfield will receive reports from the Special Gifts "B," Business, Dentists and Lawyers Divisions.

2 Cars Collide With Train at Franklin Road

Two cars and a train collided in the south end of Pontiac Saturday — with no serious injuries to any of the parties involved.

The northbound Grand Trunk Western Railroad train collided with the two cars at the Franklin Road crossing.

The drivers of the cars, Millage Pugh, 42, of 403 California Ave., and George E. Adams, 20, of 38 Lake St., were headed east on Franklin Road and apparently failed to heed warning signals at the crossing, Pontiac police said.

The train engineer, Henry Wix, 60, of Warren, told officers the crossing follows a curve in the tracks and was unable to stop in time to avoid the collision.

Pugh and two passengers in Adams' car were treated for minor injuries and released from Pontiac General Hospital. They were James Adams, 13, and Robert Adams, 12, both of 265 Howard Street.

Tells of Air Crash Fatal to State Youth

GREENCASTLE, Ind., 16 — A Purdue University student told today of the crash of a rented plane which took the lives of two fellow students, one from Saginaw, Mich., and critically injured another.

"I believe we ran out of gas," said Walter H. Pol, 23, of La Porte, Ind. "I was getting sick and was asleep in the back seat. The next thing I remember I was wandering around."

Pol forced his way out of the plane seven miles northwest of here Saturday night and staggered through a blinding snowstorm for two hours until he found a farmhouse.

Before being taken to a hospital, Pol told of leaving three companions — Dale C. Brubaker, 19, Saginaw; Donald H. Atkinson, 21, South Bend, Ind., and Jerry A. Young, 20, Eaton, Ind. — in the wreckage.

Brubaker and Atkinson were injured fatally.

Osteopaths to Hear Northern Michigan VP

Dr. Harold S. Spenberg, vice president of Northern Michigan College, will speak at a regional meeting of the Michigan Osteopathic Association at Michigan State University Oakland Wednesday.

Dr. Spenberg, who has been vice president in charge of academic affairs since 1956, will speak on "Youth and Opportunity."

CENTER DEDICATED — C. Allen Harlan of Birmingham, Mich., right, a trustee of Michigan State University and of Brandeis University, Waltham, Mass., is shown at the dedication of the new Humanities Center at Brandeis Sunday.

With him, from left, are Mr. and Mrs. Abraham Schiffman of Detroit, for whom the new building has been named, and Brandeis President Dr. Abram L. Sachar. Harlan lives at 3335 N. Adams Road.

Kennedy Avoids Position on Bills

To Let Congress Vote Without Sending Notes to Leaders

WASHINGTON (AP)—President Kennedy has told Democratic congressional leaders he intends to avoid as much as possible direct public commitments on specific details involved in pending legislation.

Senate Democratic Leader Mike Mansfield of Montana said he does not expect Kennedy—except on rare occasions—to express in letters to Congress his position on controversial amendments to New Frontier bills.

This would reverse a trend established by Kennedy's predecessor, Dwight D. Eisenhower, who often wrote letters to Republican leaders giving his views on matters then at issue in Congress.

So far as he is concerned, Mansfield said in an interview, he regards Kennedy's decision as a wise one.

What Kennedy does behind the scenes, however, is obviously a different matter, Mansfield conceded. The Democratic leader said he is not directly concerned with and has little knowledge of such activities.

A case in point involves an amendment offered by Sen. A. S. Mike Monroney, D-Okla., to the minimum wage bill on which the Senate is expected to begin voting Tuesday.

Monroney's proposal would cut by 1.6 million the more than four million new jobs that would be covered by the minimum wage under the administration bill.

The battle over the Monroney amendment is a touch-and-go affair, with indications that the administration has a slight edge in the vote.

Despite some setbacks and opposition by forced delays, Mansfield said he thinks Kennedy is reasonably satisfied with the results of congressional consideration of his program thus far.

Synthetic rubber plants built in the United States in World War II were capable of producing upwards of one million tons of rubber per year.

Aaron S. Brown to Return for Cranbrook Talk

Aaron Switzer Brown, recently appointed United States ambassador to Nicaragua, will be the commencement speaker at Cranbrook School, Bloomfield Hills, June 10.

It was announced today by Harry P. Hoey, headmaster.

According to Hoey, this is the first year an alumnus has been chosen to give the address. Ambassador Brown was a member of the first class to be graduated from Cranbrook School in 1931.

Born in Pontiac, he spent a year as reporter for The Pontiac Press and was appointed a foreign service officer in 1937. He has served in the Consular Service in Bangkok, Lisbon, Mexico City, Dublin and Bogota, Colombia.

Brown's most recent position

Experts to Visit Many Lands

College Is Going to Sea

WHITTIER, Calif. (AP)—A viewer who stands in many places sees more than an observer who stands in only one.

So says a statement of purpose of an unusual educational project announced in this Los Angeles suburb. Under impressively backed plans:

A 457-foot ship bearing approximately 525 students will embark in September 1962 as a floating university heading around the world.

The faculty of 35 to 40 will be "drawn from educational experts from many lands."

It will provide "a curriculum that emphasizes the study of man" and "a mobile environment for learning which takes the student to the world as a laboratory."

The "University of the Seven Seas," as it's called, got its initial sponsorship from the Rotary Club of this Los Angeles suburb. This support led to creation of a board of trustees and a nonprofit corporation.

PROMINENT TRUSTEES
The trustees include three college professors, a former college president, a former school superintendent, a retired admiral, a retired U.S. Department of Agriculture entomologist and a lumber company president. Trustees president is William T. Hughes, president of the Whittier Pipe and Supply Co.

E. Ray Nichols Jr., executive director, says the college afloat will visit ports in Africa, Asia and Latin America, and—

"While at sea, students will attend classes as if they were in any state-side institution."

"In port they will be occupied in field trips, seminars at local universities and visiting in the homes of the people of each area."

"A full college course of 15 credits will be offered for each semester's sailing."

A land-based administration will be located in the continental United States. Operational costs will be met by tuition.

The cost of a semester aboard will include tuition, board, room, passage and land arrangements.

"It will be less than a student's expenses for a year at many land-based institutions and will range from \$2,500 to \$3,500 depending on accommodations," the announcement says. Junior standing or a bachelor's degree will be required of students.

Officials say they have chartered the S.S. Jerusalem, "one of the most modern passenger liners afloat," from the Zim Israel navigation Co. of Haifa, Israel.

A TV executive insists he isn't merely a yes-man to his boss: "For instance, when the boss says 'No,' I say 'No, too.' ... A teenager is someone who thinks middle age is when you stop using the telephone."

SLAIN DEPUTY — Edward Byrne, 25-year-old Marion County, Ind., deputy sheriff, was shot to death Sunday when a burglary suspect fired two shots at him, then followed the staggering officer to a car and pumped five more bullets into him.

Rev. Sheen Critical of Excuses for Sin

DETROIT (AP)—The trouble with contemporary civilization is that when someone sins "our society immediately finds an excuse for the offender," says the Most Rev. Fulton J. Sheen, auxiliary bishop of New York City.

"Some say his mother didn't love him enough, while others say she loved him too much," Bishop Sheen said.

"Karl Marx would say the sinner was influenced by his economic position and one prominent lady of our society blames the sin on an insufficient number of playgrounds."

"We have millions of people who believe they are as pure as the snow and who believe they have done nothing wrong. If there is no such thing as guilt why do the guilty hate the innocent?"

Bishop Sheen was speaking to a crowd of some 200 at Mercy College.

Snow Not As Serious As It May Seem . . .

There's nothing of an alarming nature about a few inches of snow in April.

Neither is it anything unusual. We've had many such storms before. Some of them were also accompanied by high winds, and blizzards ensued.

Sunday's storm was really a mild occurrence with no ominous trimmings.

If it is followed by a season that runs true to former such storms, we're due for a bounteous growing season.

The worst storm in Pontiac's history was on April 4, 5 and 6 in 1886. It snowed continuously for three days.

★ ★ ★

It measured three feet deep on the level.

But it didn't stay on the level. The Saginaw Street drifts reached the top of the store windows.

The old two-story brick courthouse was almost buried. Entrance to it was by tunnel.

★ ★ ★

All business was paralyzed for nearly a week, and there was no railroad or highway travel. Schools remained closed and funerals were postponed.

It all thawed off within a few days, and the Clinton River reached the highest flood stage ever recorded.

But 1886 turned out to be a marvelous growing year, with all farm, dairy and garden crops attaining top levels.

Proposed Peace Corps Considered in England

Several papers from England have asked in the House of Commons if Britain was prepared to set up a comparable body to President John F. Kennedy's proposed Peace Corps of young people to be sent to live in undeveloped countries.

The British Government replied to the *Daily Telegraph* that the Government was ready to consider further assistance to British voluntary organizations already doing such work overseas.

★ ★ ★

The *Daily Telegraph* commented as follows:

"One of the first candidates for assistance is surely Voluntary Service Overseas, which was started in 1948 by the Bishop of Portsmouth and Mr. Alec Dixon of the Royal Commonwealth Society. This organization has been sending out school-leavers and sixth-formers to Asia and Africa to serve for a time as teachers and social welfare assistants.

"The scheme has been deservedly successful. There is nothing about these boys to suggest huge, impersonal grants in aid from prosperous countries seeking some economic or political return."

★ ★ ★

The *London Times* says President Kennedy is starting with a pilot project, and that the same might be done in England. They further feel that young volunteers overseas must avoid an official label. The *Times* continues:

"But the government backing that is needed can go far beyond more money. The knowledge that must be available to the voluntary organization can come from embassies. They report on the quality of projects being abroad which are asking for young helpers.

"There are many pitfalls in work of this kind, but voluntary organizations have already accumulated much experience.

★ ★ ★

"Those who worry about youth today in this country might look to this scarcely explored field of

voluntary overseas service as one answer to the problem."

Perhaps our President has formulated an idea that will catch on in other countries around the world.

Wrong State

The Press regrets a mistake in an editorial Friday which identified the late Senator Joseph McCarthy of Wisconsin as representing Minnesota.

The Man About Town

Good Judgment

Shown by Families Who Had a Desire to Change

Professor: A college man who never got out.

Living not far apart on one side of Pontiac is a family, all of whom formerly lived on Boland Avenue in Wilkes-Barre, Pa. The movement started 25 years ago when

Mr. and Mrs. Michael Samulow of 2493 James K. Court moved here from Wilkes-Barre. Herein, this column claims another Pontiac first. It challenges any other city to show such a mass migration from one street in another city to a new location so close together in one city.

The girls at Bell Telephone wholeheartedly nominate them

Bruce Reigle as the most look alike of Abraham Lincoln, with his whiskers, and now wish he would act like him. However, they don't want him to be assassinated.

Weather predictions of Old Farmer's Almanac for this week in Pontiac area: "Coolish, inish; makes you foolish."

The possessor of a palm that blooms in Michigan is

Mrs. Jacqueline Carline of 129 Whittemore St. The green buds grow between the palm fronds, and turned to bright yellow blossoms, defiantly doing it around St. Patrick's Day.

Picking ripe tomatoes on both Christmas and Easter was the unique experience of

Mrs. Fred A. Marshall of 2827 Williams Lake Road. They grew in a pit on the south side of her home, an extension of the basement, and covered with windows.

On a field trip to Kensington Park, near Milford, with Pontiac Audubon Society, near

Mrs. Rex D. Wonders of 4545 Island Park Drive, reports seeing hundreds of herring gulls, also whistling swans, Canada geese, goldeneyes, mallard and black ducks, and three species of hawks, including the western rough-legged type, rarely seen in Michigan.

Sure that spring has arrived is

Sidney Owen of Drayton Plains, as both the purple and tree trunks are here; and the forked tail swallows always come a few days later.

Finding a mother meadow lark burned to death on her nest in a grass fire,

Mrs. Mercedes Bakerman of Rochester phones her congratulations to this column for its campaign against the grass fire nuisance.

Assisted by the warmth from a nearby chimney base, a lilac bush of

Mr. and Mrs. Oswald Marwell of Rochester is breaking into full bloom.

A pair of Canadian geese have just made their semi-annual migration stop at Eagle Lake, near the home of

Mr. and Mrs. Reginald Kalfelisch of Drayton Plains. It is a regular spring and autumn call.

Verbal Orchids to-

Mr. and Mrs. Henry Becker of 4012 Sawyer St.; 59th wedding anniversary.

Mrs. Nora Olga of Keego Harbor; 81st birthday.

Henry B. Lanzo of Birmingham; 64th birthday.

David Lawrence Asks:

Soviet Man in Space Just a Hoax?

WASHINGTON—Was the Soviet space flight there are still several puzzles concerning circumstances of the trip. They pertain to its timing, the presence or absence of perihelion in the named capsule and the manner in which the occupant returned to earth.

LAWRENCE

The timetable issued in Moscow said the vehicle had reached the sky over South America within 15 minutes. However, there is no point in Soviet territory from which an orbiting vehicle could come close to South America in so short a time.

These questions are being asked by scientists because there are some obvious discrepancies in the boastful account of his trip given by Maj. Yuri Gagarin.

First of all, Gagarin says he was over South America 11 minutes after he started.

This couldn't be right and the tracking data collected by Americans tells the story of this gross exaggeration.

Secondly, Gagarin says he came down by parachute. It is now being inferred by a Russian scientist that the satellite may actually have glided to the earth.

Maj. Gagarin, in his first interview, said:

"While flying over Soviet territory, I saw perfectly great squares of collective farms. It was possible to distinguish between plowed land and grass land."

PORTHOLES OR NOT?

The Russian major declared he saw all this through portholes but it isn't clear whether this vehicle had portholes.

In fact, Dr. Anatoli B. Baganov, noted Russian scientist interviewed in Italy at an international space symposium, said at first there were no portholes but the ship later declared there were "slits."

Can the human eye really see 200 miles away through portholes or "slits"?

It might distinguish large formations such as the lines on the moon but it seems incredible that Maj. Gagarin could have seen anything as relatively small as meadows or fields such as he described.

Christopher Shawcross, chairman of the British section of the International Institute of Space Law, is quoted in a Reuters' dispatch from London as saying a protest had been launched with the International Aeronautical Federation in Paris against an attempt by the Moscow government to seek registration of the space flight as an altitude record for man.

He said published evidence of the flight was not credible.

Walter Sullivan, a science writer for the *New York Times*, says in an article published over the week-end:

"One of man's great good features is his ability to look back and laugh at what were calamities when they happened to him."

Three days after man's first space flight there are still several puzzles concerning circumstances of the trip. They pertain to its timing, the presence or absence of perihelion in the named capsule and the manner in which the occupant returned to earth.

The timetable issued in Moscow said the vehicle had reached the sky over South America within 15 minutes. However, there is no point in Soviet territory from which an orbiting vehicle could come close to South America in so short a time.

These questions are being asked by scientists because there are some obvious discrepancies in the boastful account of his trip given by Maj. Yuri Gagarin.

First of all, Gagarin says he was over South America 11 minutes after he started.

This couldn't be right and the tracking data collected by Americans tells the story of this gross exaggeration.

Secondly, Gagarin says he came down by parachute. It is now being inferred by a Russian scientist that the satellite may actually have glided to the earth.

Maj. Gagarin, in his first interview, said:

He said published evidence of the flight was not credible.

Walter Sullivan, a science writer for the *New York Times*, says in an article published over the week-end:

"One of man's great good features is his ability to look back and laugh at what were calamities when they happened to him."

"I got well in about a week."

"What now? Most I take the jibes of my sitcom-type friends, buy a heavier jacket and pamper myself, or should I continue to expose myself recklessly to cold?"

"Keep up the good work. I'll read it as long as you write it." (S.M.)

I'll continue to write it as long as two papers continue to print it.

RECALLS MEMORY

Your plight reminds me of my pneumonia. One day 20 years ago I worked up a cough and confessed I felt a bit queasy. How they managed it I can't remember, but my family made me go to bed and summoned a doctor — not just a doctor but the only one they knew I consider the top notch in these parts.

There was no argument — the doctor summoned a beautiful ambulance which whisked me to the hospital, where he shot me up with penicillin, etc. He pronounced me cured.

Voice of the People:

'Compared to Other Areas Our Shopping Area Great'

Within a few miles of the Oakland County Courthouse, you can buy almost anything needed by man, woman or child. I think the stores and shops in this general area are marvelous and much better than in similar cities.

★ ★ ★

People in this area don't know how lucky they are and it remains for those of us that have just moved here to tell them what a great place this is to shop.

★ ★ ★

Generally, parking conditions could be better, but they're superior to those in other cities. In two towns where I have lived, we drove 30 miles to shop. That isn't ever necessary here.

'Give Church News Fine Coverage'

I wish to compliment The Press and staff on the fine coverage given to news of different churches. Also for your excellent editorial and the very interesting testimonies from Christian businessmen. One of these is many times of more help to some seeking help and guidance than many sermons. Their straightforward, sincere honesty should show many readers the blessings of Christian living.

Mrs. Frederic Tank

'Methods, Actions Are Un-American'

I am convinced of the un-American methods and actions of the House Un-American Activities Committee. In "Operation Abolition" the students were branded as dupes of the Communists because they objected and demonstrated against the wholesale blacklisting that occurred in California. Any opposing HUAC is called a red, but, of course, it is not subject to the constraints of the conscience.

There is a sound factual basis for fear of Communist espionage and sabotage, but, also, for the extensive program which the FBI is conducting. The HUAC is a hindrance to an effective anti-Communism program.

The four films shown in Waterford found guilty these things: socialism, atheism, radicalism, liberalism, criticism and new-idealism.

A "Radical" Student

'Sponsor for JFK Just Isn't Right'

My great grand (13 times) grandfather never went on a single TV program that was paid for with wampum, beads or gunpowder. Chief Pontiac's honor and reputation were never tarnished by sordid commercialism.

Hucksters never came to a trilateral temple meeting to take the play away from Chief Pontiac. While the peddler catered the braves to use Bear Grease tooth paste, Chief Pontiac never went cheap or commercial.

The whole idea is revolting and my great grand (13 times) grandfather would look on the Kennedy clan with scorn and disgust for the commercial TV they embraced Tuesday night.

Chief Pontiac XIII

Case Records of a Psychologist:

Prepare Firstborn for New Baby

By DR. GEORGE W. CRANE

CASE H-481: Laura L., aged 9, has a problem that bothers her mother.

"Dr. Crane," the latter began, "Laura is very well behaved around the house."

"But whenever she is alone with anybody else's in the family, Laura will pinch the baby or even stick a pin in it, just to make it cry."

"She has two DR. CRANE little brothers, one of whom is still a baby, but she never seems to mistreat them."

"It is always some strange baby. What is wrong with her, for I thought all little girls had a natural maternal impulse?"

WHY LAURA'S CRUELTY

Children are neither cruel nor kindly at the outset. They are simply neutral.

But everybody is branded with this tattoo across his or her chest: "I want to feel important."

If you parents will thus meet before your second baby arrives, you can set the stage so that the new baby will make the firstborn feel more important.

Many parents think the oldest child should just naturally love the newcomers. That's not true at all!

There is no native or instinctive love between brothers or sisters, as Cato so ably demonstrated when he slew his brother Abel.

Love must be cultivated, just like piano playing.

So how can the second baby make the firstborn feel more important? That's the crucial problem that challenges every parent.

LAURA DETROINED

Laura was the only child who reigned supreme in her family for 5 years.

Then, without warning, an intruder usurped Laura's absolute monarchy. For her parents didn't prepare Laura for the new baby.

She resented the sudden loss of the Number One spot, as anybody would do.

She hated the babies. Yet she knew she didn't dare be cruel at home where she was well supervised.

But her hostility to babies carried over to outside infants, so whenever she got the chance, she vented her ire by pinching strange babies or actually sticking a pin in them to make them cry.

Making them wail thus made Laura feel more important. For it meant she was reigning supreme. She was getting even.

But all this cruelty could easily have been avoided if her mother and daddy had just emphasized the aspects her baby brother's advent which would enhance Laura's feeling of importance.

PARENTS MUST BE SMART

Parents need to be shrewd applied psychologists. And they should start by showing their new baby is Laura's living doll.

Show Laura that some of her girl playmates do not have any baby brothers or sisters, for that infantes Laura's social prestige and thus makes her feel more important.

Because Laura is such a big girl, too, let Laura hold the bottle for the new baby or push it along the street in its baby buggy.

And don't keep saying how much the new baby looks like its daddy or even its mother, but exclaim how it resembles Laura.

In short, keep thinking of ways by which the baby can make Laura feel more important.

Then Laura's original neutral feeling will change to a positive attitude, for this is how all love develops, even among adults.

"Always write to Dr. George W. Crane at the Pontiac Press, Pontiac, Michigan, enclosing a long stamped, addressed envelope and 25¢ to cover typing and printing costs when you send me interesting child and parent problems."

Evangelist Faces Trouble in Japan

NEW YORK — An American evangelist is headed into a massive soul-winning effort — and possibly into trouble.

"I've been warned," said Dr. Bob Pierce, before he left for a month-long crusade he will conduct in mostly non-Christian Japan.

"The Communists have been fighting this thing tooth and nail. There could be violence. I've already counted the cost."

The crusade, in Tokyo's 10,000-seat olympic auditorium, will be the longest, biggest evangelist drive ever undertaken in that country.

It is being sponsored by most Japanese Protestant churches. Christians there are a minority.

"They say it's now or never; that unless Christianity takes the initiative and speaks out now, the chance may soon be lost," Pierce said.

Pierce, 46, is president of World Vision, Inc., of Pasadena, Calif., an interdenominational Christian service agency that maintains 177 orphanages and lepro asylums overseas, most of them in the Far East.

"At this moment, the Japanese are an uncommitted people," he said in an interview. "Communism is making a tremendous bid for them."

To serve as crusade counselors, 5,000 Japanese Christians are taking an eight-week training course. A 50-piece Tokyo orchestra and a 2,500-voice choir will take part in the nightly services May 6 to June 5. Television broadcasts are planned.

What Gold Drain? U.S. Actually Adding to Stock

WASHINGTON (UPI)—A spectacular improvement in the American gold-and-dollar situation has been developing with the result that the Treasury actually has added to its gold stocks.

The rise in U.S. gold reserves has been small — \$16 million in the past month. But it contrasts dramatically with the heavy gold sales which plagued the Eisenhower administration in its last months. For a while, the problem deeply disturbed the Kennedy administration.

What's behind the sudden turnabout?

Government officials say there are two major causes:

—Speculation against the dollar died out, largely because a new administration took office and firmly pledged it would not lower the value of the dollar.

A substantial improvement occurred in the over-all U.S. balance of payments. Government experts cautiously estimate there may have been only a slight payments deficit in January and February.

HELD AS SPY — Dr. Israel Beer, a reserve officer and former friend of Premier David Ben-Gurion, has been arrested in Israel on charges of spying for a foreign power. The foreign power was not named by the government.

Vote Tuesday in New Jersey

Ex-Secretary Mitchell Pits Strength Against Republican Machine

TRENTON, N. J. (AP) — New Jersey Republicans and Democrats will choose in a primary election Tuesday its candidates for governor—a contest of national significance in the nation this year.

The only other elections for high statewide office in 1961 are the U. S. Senate runoff contest in Texas May 27 and the governorship of Virginia.

The entry into the Republican gubernatorial primary of James P. Mitchell, secretary of labor under President Dwight D. Eisenhower, increased interest in the New Jersey race.

State Sen. Walter H. Jones, veteran legislator and head of Bergen County's Republican organization, started out with a good lead, based on backing from two-thirds of the Republican organizations in the state.

By Mitchell's reputation his backing by Sen. Clifford P. Case and his ability to attract financial aid, have made it a real contest.

The third man, Sen. Wayne Dumont Jr. from rural Warren County, has lacked the organization backing and financial strength of his opponents. He was defeated in the 1957 Republican primary.

The Democratic primary was decided when Richard J. Hughes, 51, a former judge, was given the support of Gov. Robert E. Meyner and the 21 Democratic county organizations.

Meyner, winding up his second term, cannot run again until 1963.

There are two other Democratic names on the ballot, Weldon R. Sheets, Essex County supervisor and Eugene E. Demarest, a Hackensack councilman.

Each party will also nominate 60 candidates for the State Assembly and 10 for the State Senate.

To Head School Group

GRAND RAPIDS (AP) — Austin Bates of Jackson is new president of Michigan school business officials. He succeeds H. Wade Krainer of Saginaw who remains on the board of directors.

Filming Documentary on Red Space Hero

MOSCOW (AP) — A full-length documentary is being filmed on Maj. Yuri A. Gagarin's space flight. Tass reported Saturday. The Soviet news agency said cameramen have already visited his family, filmed the school he attended as

a child and plan to include shots of the hero's welcome accorded the astronaut in Moscow Friday.

Old Trinity Church near Cambridge, Md., was built about 1880. It has a handsome red velvet cushion which was given to the church by Queen Anne and which is expected to remain several days.

Syngman Rhee Back in Military Hospital

HONOLULU (AP) — Syngman Rhee, 86, the deposed president of the Republic of Korea, is back in Tripler Army Hospital where he is expected to remain several days. Rhee entered Tripler Saturday

for surgical treatment of a back abscess. He was in the hospital last month for observation of a heart condition.

"Life With Father" ran for more than 3,200 performances on Broadway setting a record up to that time. "Tobacco Road" was second with about 3,150 performances.

Returned With a Bonus

PROVIDENCE, R.I. (UPI) — A few hours after Thomas McDonough, 22, reported his auto stolen he found it, with a bonus.

He discovered five new tires in the back seat. McDonough turned the tires over to police.

Pontiac, Nearby Area Deaths

ROBERT CASEY

Robert Casey, 38, of Howell, formerly of Pontiac, died Saturday at Veterans Hospital, Ann Arbor, following a long illness.

He was employed with the C & O Railroad, and was a member of the First Baptist Church. Survivors include his wife, June; his mother, Mrs. Robert Casey of Howell; three daughters, Ellen, Kathleen, and Frances all at home, and a son, David, at home.

Also surviving are two sisters, Mrs. Roberta Jenkins of Howell and Mrs. Carolina LaPine of Brighton, and a brother, David of Ann Arbor.

Service will be held Wednesday at 2 p.m. from the Staffers Funeral Home in Ann Arbor.

MRS. A. C. FORD

Mrs. A. C. (Ma-B) Ford, 69, of 7301 South Shaker Road, Warrenton Township, died Sunday at her residence following a short illness.

She was a member of the Presbyterian Church. She is survived by a daughter, Mrs. Kathryn Groves of East Detroit; a son, J. W. of Pontiac; and two grandchildren.

Service will be held Tuesday at 1:30 p.m. from the Sparks-Giffen Chapel with burial in Forest Lawn Cemetery, Detroit.

ALBERT JOHNSON

Service for Albert Johnson, 76, of 800 Oakland Ave., will be Tuesday at 1:30 p.m. from the Hunton Funeral Home. Burial will be in Perry Mount Park Cemetery.

Mr. Johnson died last Friday at St. Joseph Mercy Hospital after an illness of two years.

MRS. CHARLES McNEW

Mrs. Charles (Anna Bell) McNew, 59, of 3258 Sigmet, Drayton Plains, died Sunday at Henry Ford Hospital, Detroit.

She is survived by her husband; her mother, Mrs. Martha Helton of Rockwood, Tenn.; and a daughter, Mrs. Tandy Ferguson of Detroit.

Kenneth R. Wright Dies in the Hospital

Kenneth R. Wright, 69, of 443 Elizabeth Lake Road died Sunday at St. Joseph Mercy Hospital following a brief illness.

He formerly owned and operated Bob's Parking Lots located in the town area.

Survivors include his wife Elsie; five brothers, Delphont of Pontiac, Marvin of California, Clair of Missouri, Glen and Irrel, both of Iowa; and two sisters, Mrs. Henry Bennett and Mrs. Al Altanator, both of Iowa.

Service will be Tuesday at 11 a.m. from the Voorhees-Siple Chapel. Following the service Mr. Wright will be taken to the George M. Wittich Funeral Home in Muskegon, Mich. for service and burial in Greenwood Cemetery.

She also leaves one grandchild. Her body will be at the Coats Funeral Home in Drayton Plains until 8 this evening. She will then be taken to the Booth Funeral Home in Rockwood, Tenn., for service and burial.

CLEMMIE LEE ROBINSON

Clemmie Lee Robinson, 49, of 478 Howland Ave., died Sunday at her residence following a long illness.

He was employed at General Motors Truck and Coach. He is survived by his wife, Elizabeth, and mother, Mrs. Mitchell Robinson. Also surviving are three sons, Arthur Lee Devere and Clemmie Lee Jr., and a daughter, Annie Ray, all of Detroit.

Service will be held Saturday at 2 p.m. from the Macedonia Baptist Church with burial in Oak Hill Cemetery. His body is at the Frank Carruthers Funeral Home.

GRANT WASHINGTON

Grant Washington, 51, of 124 Earlmor Blvd., died Friday following a short illness.

He is survived by his wife Georgia; two daughters, Mrs. Lavina Johnson and Mrs. Lizzie Minniewether, both of Monroe, La.; and two sons, George and Percy, both of Pontiac.

Service will be Thursday at 2 p.m. from the Macedonia Baptist Church with burial in Oak Hill Cemetery.

His body is at the Frank Carruthers Funeral Home.

MRS. JOHN ERICKSON

SHELBY TOWNSHIP — Service for Mrs. John (Ellen) Erickson, 80, of 46100 Ryan Road will be held 2 p.m. Tuesday at St. Luke Episcopal Church, Utica. Burial will be in Acacia Park Cemetery, Birmingham.

Mrs. Erickson died Saturday at her home following a long illness.

Survivors include a daughter, Mrs. G. A. Danicson of Utica; two sisters, three grandchildren and seven great-grandchildren.

Her body will be at the Pixley Funeral Home, Rochester, until time of service.

PETER W. FRICK

ORTONVILLE — Service for Peter W. Frick, 88, of 32 Cedar St., will be at 2 p.m. tomorrow at the C. F. Sherman Funeral Home. Burial will be in Andersonville Cemetery.

A retired farmer, Mr. Frick died Saturday after an illness of four years.

Surviving are a son, Oren Frick of Ortonville; a daughter, Mrs. Florence Cooper of Livonia; three stepchildren, Mrs. Leonard Gamble of Grand Blanc, Mrs. Robert Crosby of Montgomery, Ala., and Raymond Petherbridge of Ortonville; 12 step-grandchildren; and 12 step-grandchildren.

JACOB A. JACKS

INDEPENDENCE TOWNSHIP — Service for Jacob A. Jacks, 77, of 3708 Lakesview Road, will be 10 a.m. tomorrow at St. Joseph's.

Catholic Church, Lake Orion. Burial will be in Mount Olivet Cemetery, Detroit.

Mr. Jacks died at his home Saturday after an illness of several years.

An employee of the old Packard Motor Car Co. for 47 years, he was manager of the Packard Proving Grounds near Utica before his retirement in 1932.

He was a member of the Society of Automotive Engineers. Surviving are his wife Rose G.; five daughters, Mrs. Robert Hubbell of Kewadin, Mrs. Melvin Kroetsch and Mrs. Michael Riley, both of Traverse City, Mrs. Arthur Doyle of Taylor and Mrs. Edward Dennis of Madison Heights; three sons, George of Peckham, N.Y.; and Donald, and Gerald both of Dearborn; 24 grandchildren; and 11 great-grandchildren.

Four sisters and a brother also survive.

Mrs. Jacks' body is at Lewis E. Wint Funeral Home, Clarkston.

MRS. FRED JENS

LAPEER — Service for prominent Lapeer club woman Mrs. Fred (Jessie) Jens, 57, of 1377 N. Elba Road, will be 1:30 p.m. Wednesday at St. Paul's Lutheran Church. Burial will be in Mount Hope Cemetery.

Mrs. Jens died last night at Lapeer County General Hospital after a five-month illness. Her body is at Baird Funeral Home.

She had been chairman of the Lapeer County Blood Bank since 1951, was voted "Woman of the Year" for Lapeer County in 1959, and was past president of the Michigan Valparaiso Guild.

Surviving beside her husband are a son, Kermit of California; a daughter, Mrs. Ward Newton of Lapeer; a sister, Mrs. Mary Williams of Pontiac; and two brothers, James, Walters of Dearborn and Ray Walters of Lapeer.

Her mother, Mrs. Nellie Walters of Hadley, and three grandchildren also survive.

CLYDE B. KINTZ

INDEPENDENCE TOWNSHIP — Service for Clyde B. Kintz, 72, of 9405 Dixie Highway, will be 2 p.m. Wednesday at Bossard & Reid Funeral Home, Oxford. Burial will be in Metamora Cemetery.

Mr. Kintz died yesterday at home following a heart attack. He is survived by two sons, Merwin and Ronald, both of Oxford; a daughter, Mrs. Betty Miller of Clarkston; a brother, eight grandchildren; and three great-grandchildren.

HALLIE H. SHARP

LAPEER — Service for Hallie H. Sharp, 75, of 25 S. Pine St., will be 2 p.m. tomorrow at Baird Funeral Home with burial in Mount Hope Cemetery.

Mr. Sharp died Saturday at Lapeer County General Hospital after a prolonged illness. He was a life member of the North Branch Lodge No. 138, F.A.M., and also belonged to North Branch Chapter 138, Order of the Eastern Star.

The Masonic Lodge will hold a memorial service at 8 p.m. today at the funeral home.

Surviving are his wife Mabel, son Clare of Lapeer; brother William of Inlay City and two grandchildren.

Work Got Him Down

WESTERFIELD, England (UPI)—Stewart Wells, 24, dozed off while tinkering with his car Sunday. When a passerby pulled to rouse him, he thought there had been an accident and called an ambulance. The sirens succeeded in breaking Wells' slumber.

Union Urges Men to Stop Moonlighting

WASHINGTON (UPI)—The Machinists' Union has urged its one million members to stop "moonlighting"—the practice of holding two or more jobs.

The union said "moonlighting" has increased unemployment and threatens union-won wages and working conditions.

The appeal was made Sunday night by Machinists' President A. J. Taves and Secretary-Treasurer Elmer E. Walker in a circular sent to each of the union's 2,162 local and district lodges.

Big Soil in Little Pond

NEW YORK (UPI)—A 12-foot soil was abandoned in a foot of water in a fountain Sunday. Police hauled it away to the nearest station house for safe-keeping. "Some wiseacre," said the sergeant on duty.

Canadian Sect Burns Cars to Show Disgust

CRESTOVA, B. C. (UPI)—British Columbia's radical Sons of Freedom Doughbors burned 11 of their own cars Sunday in a gesture symbolizing disgust at luxurious living.

Some 300 members of the extremist sect looked on while the cars were driven into a field outside Crestova and set afire.

Royal Canadian Mounted Police said about a dozen of the freedomites, undressed partly or completely during the proceedings.

The freedomites explained the car-burning as a symbol of renunciation of luxury.

A stereoscopic television system patented recently promises to produce images in color and three dimensions.

Mental Patient Tries to Avoid His Hospital

GRAND RAPIDS (UPI)—Fred Lods, 38, didn't want to go back to his mental hospital after a two-week furlough.

Instead, he climbed to the roof of the seven-story Belmor Building in downtown Grand Rapids and hung by his arms from the ledge.

When police started up a fire escape after him, he climbed back up and started hurling cement blocks at them. He also threw a knife, but all the missiles missed.

He threatened to jump, but officers kept him engaged in conversation while another of the number managed to grab him. Lods was held for return to the hospital.

More than 14,000 farm residents die as a result of accidents every year.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

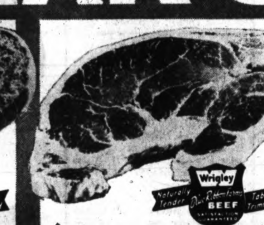

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all—improvement was maintained in cases where a doctor's observations were continued over a period of many months.

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing. All this, without the use of narcotics, anesthetics or strapping.

This new healing substance is offered in *suppository or ointment* form called *Preparation H*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special application. Preparation H is sold at all drug counters.

Want to hear the hum of a sweet-sounding motor? Then switch to Speedway 79's great new Tethyl gasolines. Tethyl, science's newest and most effective anti-knock compound, plays motor music sweet and low. Tethyl, product of the Ethyl Corporation, distributes octane equally to all cylinders . . . ends "octane starvation" and motor knock. Result: maximum efficiency from every cylinder, top mileage from every gallon. So keep your motor in tune all the time, with either Speedway 79 gasoline—Super Regular or Super Premium. Both are Tethyl gasolines.

THE BIG CHANGE AT SPEEDWAY

PLANNING RE-UNION—These three pretty Waterford Township matrons—graduates of the 1951 high school class—are busy planning a 10th reunion of their class, to be held July 22 at the Elks Temple in Pontiac. Husbands and wives of the graduates have been invited to the 6 p. m. dinner-dance and most of the 133 graduates have been contacted according to chairman Mrs. William Dequis. From left are Mrs. Gordon Booker, Mrs. Robert Barnard and Mrs. Robert Lassier. More definite plans will be published at a later date.

Snow Partly Responsible
Michigan Roads Claim 14 During Weekend Traffic

Michigan's weekend spring snowstorm contributed to 14 deaths in automobile traffic for the period. The storm was blamed in part for at least four of the deaths, including a crash north of Elkhart in which two women were killed.

Mrs. Alvin D. Moeckel, 33, of Wyandotte was killed Sunday when the car in which she was riding skidded on snow and rolled several times on Interstate 94 near Chelsea in Washtenaw County.

Mrs. Alice Wiles, 37, of Harrison and Mrs. Myrtle Spink, 41, of Houghton Lake, were injured fatally in a two-car crash in a snowstorm seven miles north of Elkhart Sunday. Both of the women's husbands, Albert Wiles, 35, and Claude Spink, 44, were reported in critical condition in Elkhart hospital.

CRASH ON BELLE ISLE
Ralph Moore, 16, of Detroit, died Sunday in a Detroit hospital of injuries suffered Saturday when the car in which he was riding went out of control and struck a tree in the Belle Isle park.

Charles O. Baxter, 23, of Hesperia, was killed Sunday when he was struck by a car 10 miles northwest of Muskegon in Fruitland Township. Police said Baxter had parked his car during a snowstorm and stepped out into the path of an oncoming car.

Clair M. Ryan, 37, of Flashing, was killed in a four-car crash just west of Bay City Saturday.

Vincent K. Dault, 24, of Grosse Pointe, died Friday night when his car struck a tree near Chelsea.

Julius Bennett Jr., 35, of Lansing, died Saturday when the car in which he was riding struck a utility pole in Detroit.

Orville McGowan, 29, of Onekema, died Sunday when his car left the road near Manistee and rolled over.

Lester Magnusson, 30, of Limestone, was killed Sunday when he was struck by a car as he crossed a street in Lansing.

Leo Morawski Jr., 21, of Hazel Park, and Clement Senical, 38, of Detroit, were killed Saturday night when the car in which they were riding struck a tree in Bruce Township, Macomb County.

Ruth Martindale, 16, of Detroit, was killed Saturday night when the car in which she was riding ran off the road and crashed into a ditch in Verona Township, Huron County.

"Must I Suffer All My Life because I'm a woman?"

NOT ANYMORE!

Remarkable tablet can relieve female ailments at any age... both monthly cramps and "hot flashes" of change-of-life!

Just because you're a woman you don't have to suffer badly cramps every month. Don't have to go through the change with fear and misery! Today, most women can relieve "female suffering" at any age—with Pinkham's Compound.

In doctor's tests with Pinkham's Compound, most young women no longer suffered agonizing "period pains". In middle-age, 8 out of 10 tested got remarkable relief from distress of change-of-life! No costly shots were used. Taking Pinkham's Compound alone, "hot flashes" subside. Nervousness is calmed. Then you can start living a full, happy life again!

When simple iron-deficiency anemia robs you of energy, Pinkham's Compound is also a blessing! Rich in iron, they help strengthen blood and vitality!

So don't "give in" to female ailments. Get Lydia E. Pinkham's Compound from drugists. Take daily, like vitamin! See if you don't find new peace-of-mind, new relief from physical discomfort too!

IF YOU PREFER A LIQUID DRUGGIST also have famous Lydia E. Pinkham's Vegetable Compound.

Busy Shirley MacLaine Not at Awards Tonight

HOLLYWOOD (AP)—Actress Shirley MacLaine, busy on a picture in Japan, won't be on hand for tonight's Academy Award Oscar presentation in nearby Santa Monica.

She has been nominated for best actress honors for her role as the elevator operator with so many ups and downs in "The Apartment."

Her husband, Steve Parker, telephoned academy officials Saturday and said his wife could not complete the film "My Gelsa" in time to fly to California.

Geographic center of North America is in North Dakota.

Reuther Wants Auto Workers Salaried

Calls the Hourly Wage Obsolete

DETROIT (UPI) — United Auto Workers President Walter Reuther wants to put factory workers on salaries, eliminating an hourly wage system he says is obsolete in the space age.

Reuther also called automation the union's biggest problem and feels a shorter week and early retirement might help solve it.

Writing in a UAW paper, Reuther outlined those and other broad objectives the union will pursue this summer in contract talks with the auto industry.

His proposals are expected to be approved next week at a special UAW convention called to formalize demands on the nation's auto firms.

Reuther said the union will remain "completely flexible" in its bargaining position but is "inflexibly determined" to find solutions to its problems. He suggested that some of the problems might require government help to solve.

Turning to the hourly wage program, Reuther said, "We shall insist that management explore with us means to end this obsolete, economically unsound, morally indefensible and intolerable system from which so much of our members' insecurity stems."

"Born in the social jungle of the first industrial revolution, it has no place in the last half of the 20th Century. It reflects a moral double standard which we are determined to end."

THEORY OF GAW

Putting factory workers on salaries, he indicated, would give

them a more stable income since their pay would be figured on a yearly rather than an hourly basis.

Thus, Reuther seemed to return to the theory of a guaranteed annual wage (GAW), which was a UAW rallying cry in the 1950's.

The UAW never did achieve a GAW but did make strides in that direction with a supply-

mental unemployment benefits (SUB) plan which provides up to 30 weeks of jobless pay to a laid off worker.

Reuther also touched on plans for a shorter work week and early retirement as a means of putting more people to work.

"We shall insist that management explore with us means to create more employment opportunities in our industries—through taking working time out of the week or year, or working years out of the lifetime of those employed, and through control of overtime, so that there will be jobs for the unemployed," he said.

As for other bargaining objectives, Reuther said the union will demand:

— That management "explore with us means to strengthen the protection provided for unemployed workers under our SUB plans."

— "Better protection for workers too ill to work" with auto companies meeting the full cost of hospital-medical insurance instead of the half they now pay.

— Improved pensions "to provide a greater measure of security and dignity for those too old to work and too young to die, and for their survivors after they die."

— A union voice over pension fund investments to see that the money is used "for investment in housing and community facilities in the interests of the workers to whom the funds belong."

— Better working conditions.

Could Nab U.S. 'Without a Shot'

Robert Welch Believes Russia Has No Reason to Start War

DALLAS, Tex. (AP) — Robert Welch told a mink-and-ermine crowd of 1,200 Sunday night that the Soviet Union has no reason to start a war with the United States because this country could be taken "without a single shot" by Communist infiltration.

The founder of the controversial John Birch Society, speaking from a copyright text, renewed charges made earlier that the Communists have had a hand in every major U.S. decision since 1946.

He told an audience made up largely of residents from a fashionable North Dallas-Park Cities area, a conservative stronghold, that the Reds operate on "the principal of reversal" by using slogans that bring an opposite result and replace good with evil.

"By the 'liberation' of a country, such as Cuba, Communists mean the imposing on Cuba of a tyrannical Communist dictatorship," he said. "The whole foreign aid program is an example. For years we have been taken steadily down the road to communism by steps supposedly designed, and presented to the American people as ways of fighting communism."

Welch asserted the Communists helped devise slogans that won a third term for the late President Franklin D. Roosevelt and prevented the nomination of the late Sen. Robert A. Taft at the 1952 Republican convention.

Pioneers' Descendants to Gather in the West

DEMING, N.M. (AP) — About 500 sons and daughters of Western pioneers will gather here Tuesday for the 48th annual Old Timers' Day.

A morning parade and evening banquet will highlight the day-long activities which pioneer descendants from Arizona, California, Michigan, Oklahoma, Texas and New Mexico are expected to attend.

The best quality cotton yarns come from fibers of unusual strength rather than from fineness and length, according to U.S. government tests.

Pontiac Zonta Club honored five outstanding working women at the group's annual spring breakfast for new members Sunday at Devon Gables. Mrs. LaDeen Floyd of Zonta congratulates Cuy Clerk Ada

R. Evans (right) and honorees (from left) Mrs. Helen E. Slayton, Frieda Huggett, Mrs. Wilma P. Burbridge and Oriel Endelman who received plaques from Pontiac Press Women's Editor Marjorie Eicher.

Larges Zonta Members to 'Strive for Excellence'

"We must strive for excellence," guest speaker Mrs. George Romney told some 150 members and guests of Pontiac Zonta Club Sunday morning as the group gathered for their annual spring breakfast honoring new members at Devon Gables.

Commenting on the speed with which things are changing in the realms of science and the international field, Mrs. Romney cautioned that unless our knowledge is in order, the more knowledge we acquire, the greater is our confusion.

"As a nation, unless we honor our traditions, there is no hope for our civilization," she said. "We have to be concerned about the outcome of this world."

"We're not scared enough—we don't really believe Mr. Khrushchev when he says our children will live under communism . . . we either have to be disciplined by God or by tyranny."

Officers were installed, past presidents honored, new members were received and five outstanding working women in the community were honored at the affair.

Officers installed by District 5 governor Lila Watts were Mrs. H. H. Smith, president; Mrs. S. B. Wattles, first vice president; Margaret Stark, second vice president; Mrs. Beecher Fawcett, corresponding secretary; Mrs. Grace Olsen, recording secretary; and Mrs. Homer Timney, treasurer.

Installed as directors were Mrs. Neal Scott, Mrs. LaDeen Floyd, Mary Kelly, Mrs. Mary Ish, Mrs. Eva Clark and Mrs. Irene Albright.

Sixteen past presidents were honored by the presentation of white commemorative gavels inscribed with their names and years of service. Presented with talisman roses and club pins were new members Jean Andrews, Frances Avedenka, Dr. Harriet Clarke, Mrs. Dimitri Lazaroff, Helen Nicholson, Mrs. Herman Stenbuck, Mrs. Joy Thompson, Mrs. Mary Williams and Mrs. Frances Zelazka.

Mayer Tworista's proclamation naming this week as a "Centennial Salute to Women Who Work" was read by Pontiac Press Women's Editor Marjorie Eicher who then presented plaques from Zonta Club to five outstanding women in the community.

Receiving awards were Mrs. Wilma Burbridge, supervisor of indigent hospitalization for the Oakland County Medical Care Facility; Oriel Endelman, executive secretary of the Pontiac Branch of the Michigan Children's Aid Society; Ada R. Evans, Pontiac city clerk; Frieda Huggett, supervisor of visiting teachers in the Waterford Township Schools; and Mrs. Helen E. Slayton, deputy director of the Oakland County Welfare Department.

Music was presented by the Senior Girls' Ensemble of Pontiac Central High School. Breakfast chairmen were Mrs. Floyd and Mrs. Roy H. Riddle.

Incoming Zonta Club President Mrs. H. H. Smith (center) of Pontiac Lake Road chats with District 5 Gov.

Lila Watts (at left) and speaker Mrs. George Romney following Sunday's breakfast.

OK Abby, You Asked for It!

Footwear Furor Grows

By ABIGAIL VAN BUREN

DEAR READERS: Recently I stated that those hideous, pointed-toe shoes that have been forced on the modern woman in the name of "fashion" were designed by men who hated women.

Further more, I invited readers who felt as I did to send their letters of complaint to this column. I promised to send them to the National Shoe Manufacturers' Association, hoping to provoke them into giving us sensible, comfortable, beautiful footwear again.

Printed below are a few of the thousands of letters I received.

DEAR ABBY: I am a 94-year-old retired shoe wholesaler and, in my opinion, the shoe manufacturers are losing their marbles.

I have seen many styles come and go, but never have I seen such impossible shoes for women! They are destroying their feet.

I cannot for the life of me understand how the shoe people stay in business.

W.A.W. (PORTSMOUTH, O.)

DEAR ABBY: When a woman didn't like the sack dress, she could whip up one more to her liking. But she can't

make her own shoes.

It does no good to buy them a size larger (as the salesmen suggest) because the weight of her body thrusts her foot forward, and it is ultimately forced into that treacherous little triangle.

When a woman suffers from corns, bunions and ingrown toenails, her general health is impaired.

I think you should appeal to Secretary Ribicoff, since the condition of our women's feet directly affects the health and welfare of our nation.

CONCERNED FROM ST. LOUIS

DEAR ABBY: I wonder how many women have tried to lug in church with those pointed-toe shoes and sharp, steel-tipped heels?

KATIE FROM BOSTON

DEAR ABBY: You may as well save your energy because you will get nowhere in your campaign to rid the market of those ugly, uncomfortable atrocities they are selling for ladies' shoes.

The reason is this: Ninety-five per cent of the women would wear rings through their noses if they read it was in style.

MAN ON THE SIDELINES IN PHILLY

DEAR ABBY: I could just hug your neck for starting a crusade for sensible shoes for women.

I have fought with shoe salesmen all the way from Or-

lando, Florida, to Seattle and they all tell me how "comfortable" the new shoes are. I would like to give them all a good swift kick with that "comfortable" pointed toe.

NOT BUYING FROM FLORIDA

DEAR ABBY: I am with you 100 per cent in your crusade against those horrible shoes for women. I recently saw a bride catch the thin, steel-tipped heel of her shoe in her lace wedding gown while she was cutting the wedding cake, and she almost cut her finger off.

M. W. (DENVER, COLO.)

DEAR ABBY: Have you ever noticed how a MAN'S shoe is shaped? Just like a man's FOOT, of course. Why, then, must ladies' shoes look as though they are ready for the ski slopes?

Nobody hates the new ladies' shoes more than I, and I refuse to buy shoes until the manufacturers regain their senses.

STUBBORN FROM CHI.

DEAR ABBY: You deserve a gold medal for trying to get decent footwear for women.

I am 72 and have lived through the pointed-toe shoe era of the "Gay Nineties."

My feet were badly crippled from the shoes I wore then. And now when I see the same thing happening to my beautiful teen-aged granddaughters, I want to cry.

GRANNY FROM TYLER

Stretching Things?

(NEA)—Those stretch nylon gloves in short or long lengths now come in red-hot colors: orange, mauve, purple, or pink.

Localite Elected to BPW Post

Rosamond Haebler, president of the Pontiac Business and Professional Women's Club, was elected secretary of the Michigan Federation of BPW Clubs, District 10, at a luncheon meeting Sunday at the Executive Inn, Warren.

Mrs. M. D. Stapp was nominating committee chairman. The Magazines for Friendship project was discussed, also the redistricting of the state, which is opposed by District 10.

Music was furnished by the Farmington Club, Diane Franjae and Louis Ayres sang two duets, with Nancy Hall, a Farmington High School senior, accompanist.

Among the 150 members representing 21 clubs were Pontiac members Mrs. Fritz Stodard, Mrs. Paul Hammond, Mrs. E. C. Carlson, Mary Paul, Josephine Seeley, Jane Danton, Vera Bassett, Mrs. Stapp and Miss Haebler. Mary and Janet Heitch were guests of their sister Grace Heitch.

Chic Comeback

(NEA) — A fabric that has not been around for awhile is making a comeback. It's seersucker. But it's much more sophisticated than when last seen around.

Ex-County Man Weds

Given Papal Blessing

A Papal blessing was bestowed upon James F. Russell of Moores, N.Y., and his bride, the former Jacqueline M. Dutcher of Lansing, following their Saturday marriage in St. Gerard Church, Lansing.

The Rev. F. John Weber officiated at the double-ring ceremony before an altar banked with Easter lilies and white gladioli.

Receiving some 250 guests at Riverside Manor, Lansing, in the afternoon, were the newlyweds with their parents, the Harold O. Dutchers of Lansing and the Wayland Russells of Orchard Lake.

Fashioned of white peau de soie, the princess-line bridal gown featured gathered side fullness and a large butterfly bow above the wide chapel train. Venise lace accented the softly draped bodice and portrait neckline. Fitted sleeves ended in wrist-points.

The bride wore French silk illusion veiling caught by a Swedish crown of pearls and held a white prayer book topped with a white orchid and English ivy.

Cascades of red roses complemented pastel blue chiffon dresses for honor maid Margaret Smith and Susan Fulton, bridesmaid, both of Lansing. Their scoop-neck bodices ex-

MRS. JAMES F. RUSSELL

tended into dome-shaped skirts of unpressed pleats.

On the esquire side were George Given of Orchard Lake, best man and the bride's brother Steven of Lansing, groomsmen. Ushers were Mack Starkick of Orchard Lake and James Stewart of Lansing.

After a honeymoon trip to the Wisconsin Delta, the couple will be at home in Moores, N.Y.

The new Mrs. Russell attended Aquinas College, and was graduated from the Mercy Central School of Nursing, Grand Rapids. Her husband, an alumnus of Michigan State University, East Lansing, is affiliated with Sigma Phi Delta Fraternity.

For her daughter's wedding, Mrs. Dutcher chose a periwinkle blue tulle dress, matching flower hat and accessories. The mother of the bridegroom appeared in a blue paisley silk print worn with navy accessories.

Sorority to Sponsor Card Party

The civics room of Pontiac Federal Savings and Loan Building will be the setting for the annual spring card party sponsored by Omega Mu Sigma Sorority at 8 p.m. Wednesday.

Mrs. Harold Clifford is general chairman with Mrs. Vance Powers in charge of door prizes.

Assisting Mrs. Roy Peterson with ticket sales are Mrs. John Guenther, Mrs. Merrill Petrie and Mrs. Leo Halfpenny.

Heading the refreshment committee is Mrs. Kuga Kojima, with Mrs. Walter LaPlante, Mrs. Floyd Wilson and Mrs. Patrick Cullen, who is also handling publicity.

Mrs. William Katich is arranging the tables and Mrs. Alex Gaday and Mrs. Elmer Lea are planning table prizes.

Want to Lose 10 Pounds?

Good Grooming Important

By JOSEPHINE LOWMAN

What makes us remember one woman and forget another? What makes one woman sought after and another ignored?

First let us consider some of the more illusive factors. While the ingredients of charm and magnet-

ism are far too subtle for complete analysis, there are some characteristics which are clear to the observer.

In the first place, just plain friendliness is a first class magnet. If we are truly interested in others, we will be interested

in what they say, what they are doing, their ideas and problems and hopes, and we will be thoughtful of them.

Also, enthusiasm not only makes life exciting for us but makes us exciting to others. This vitality and aliveness lifts the lives of those we meet out of the rut of daily living for a moment. There are so many factors in this classification that it would be impossible to list all of them in one column.

Equally important, let us never forget that "window dressing" or "packaging" also has a great effect on others. Certainly advertisers know this and take full advantage of it.

Our personal appearance not only has a tremendous impact on us but those we meet. The way we look, the way we stand and walk, the way we dress and groom ourselves, are parts of the first impression others get of us. A woman underseeks herself if she does not take her personal appearance seriously.

DIET MENUS
Knowing that overweight is one of the most prevalent beauty problems I have been bringing you my Nine-Day Reducing Diet for the past seven days. Here are the menus for tomorrow.

TUESDAY'S MENUS
BREAKFAST
One egg, poached or boiled.
One thin dry slice of whole wheat toast.
Black coffee.
One glass skimmed milk.
LUNCHEON
1 portion salmon.
Celery sticks.
One-half cup steamed carrots.
One-half grapefruit.
DINNER
Minute or club steak (small).
One-half cup string beans.
One-half cup squash.
One glass skimmed milk.
Orange slices.

If you would like to lose from 5 to 10 pounds in nine days and missed some of these menus or would like to have the complete diet in a small booklet, send 10 cents and a stamped, self-addressed envelope with your request to Josephine Lowman in care of The Pontiac Press.

Ceramists Feted at Reception

Ceramists Susanne Groves and John Stephenson were honored Sunday at an invitational reception marking the opening of their two-man show at Kingswood School Cranbrook.

Robert Kline of the Kingswood art faculty has announced the exhibition will open to the public April 17 and run until May 7.

Many objects will be on sale the show. Hours are from 4:15 to 5:30 p.m. Monday through Friday and from 2 to 4:45 p.m. Sundays.

Mr. Stephenson studied at Iowa State Teachers College and earned his Master of Fine Arts degree at Cranbrook Academy of Art. Miss Groves also did graduate work in ceramics with Maria Grotoli at Cranbrook Academy of Art and for the past three summers has been associated with the crafts program at Chautauque Institutions in New York.

The two artists are faculty members in the University of Michigan's architecture and design school.

Plans Talk on Katanga

Dr. P. S. Maras of Lake Orion will speak on "Katanga" before the Oakland County District Nurses Association Tuesday at Pontiac General Hospital. A coffee hour will begin at 7:30 p.m.

A former Congo missionary during World War II, Dr. Maras returned to the United States and entered medical school at the College of Medical Evangelists in Los Angeles. He returned as an M.D. to Sengha Hospital, Katanga, where he stayed for three years.

The need for health teaching in the mission fields will be shown in film and slides.

Presents Solos for Saybrook

Charles Wilson, minister of music at First Congregational Church, presented a program of piano solos Friday afternoon for the Saybrook Group.

The meeting and program were held at the church in the Winifred Van Wagener room.

Devotions were presented by Mrs. J. L. Van Wagener. Mrs. Norman Brown was a guest.

Used Only for Peaceful Purposes—Has No Guards

U. of M. Reactor Performs Vast Service for Science

By DICK FYLE
ANN ARBOR (UPI)—Outside the building housing the University of Michigan's Ford nuclear reactor, there are no granite-faced guards and no signs reading "Restricted Area."

To enter, one needs no security clearance and no special pass. Just, an invitation.

This atmosphere of relaxed informality may be unique in the occult world of atomic research. But "relaxed" is a word which fairly describes the U. of M. program of "atoms for peace."

It was conceived 13 years ago as a combined nuclear research project and a memorial to the university's World War II dead. Since then, the Michigan Memorial-Phoenix Project has conducted all or part of over 200 research tasks—and not one has ever carried the "classified" label.

The limitation of all Phoenix research to the "peace-time use of atomic energy" is "an absolute ground rule," said Dr. Henry J. Gomberg, the 42-year-old project director.

Phoenix has turned down several high-priced and significant projects simply because they carried other-than-peace-time implications—but Dr. Gomberg said his side would have it no other way.

"The point of Phoenix research is the study of what irradiation does to matter—and the search for new ideas and processes that can best be found in purely objective study with no strings attached," he said.

"If doing any project means imposing extra security regulations on our staff or facilities, we'll have no part of it."

"This means we can encourage thinking,—not restrict it,—and we can experiment with ideas that may seem peculiar or even pointless in the hope of discovering something new."

CHAMBER FAMOUS

The favorite case in point is the now-famous bubble chamber, a milestone of atomic research that earned the 1960 Nobel Prize for its discoverer, Dr. Donald Glaser.

He did his research under a 1952 Phoenix grant of \$1,500 after other financial sources had turned him down. Today, an estimated \$2 million per year is spent throughout the world on further studies of the bubble chamber for measuring high energy atomic particles.

The nerve center of the Phoenix project is the laboratory on the U. of M. north campus, across the Huron River from the main campus. It contains the reactor and allied facilities and the administrative offices.

But Phoenix work is not limited to the laboratory. It is termed "universitywide" but is in a real sense worldwide, because Phoenix scientists have used it as a model in helping to set-up atomic research projects in approximately 20 foreign countries.

Many of the more than 100 persons involved in Phoenix are foreign students, studying under auspices of the International Co-operation Administration.

Dr. Ralph A. Sawyer, who served as Phoenix director in the first 10 years and is now U. of M. vice president for research, believes the value of the program can be measured by the fact that the original fund-raising goal of \$6.5 million for the laboratory was oversubscribed by \$1.5 million.

And he points proudly to other facts about Phoenix:

It was the world's first and largest peacetime atomic research project and is still the only universitywide study devoted to that purpose.

With a small administrative budget, it spends an estimated \$6 to \$8 cents of every research dollar on actual investigation.

The reactor itself—built with a \$1 million donation from the Ford Motor Co. Fund, was the first one to be owned by a university. Rated since 1958 at a million watts its power is being doubled this year. It again will be the largest on a university campus.

The reactor is the "swimming pool" type best suited to education purposes because of the ease with which substances can be exposed and observed to the blue-glowing uranium 235 core.

More than \$2.5 million has been spent on projects, which as Phoenix directors put it, range literally from a (archeology) to Z (zoology).

Perhaps the best known of its nonexperimental programs has been an exhaustive study of the legal aspects of the "Atoms for Peace" program.

Phoenix has conducted research projects, in fact, for 15 of the university's 17 schools, colleges and institutes—the two exceptions being the colleges of music and finance.

"There probably are some things we could do for them, too," said Dr. Gomberg. "But they just haven't asked."

Movie Suits Around

BERKELEY, Calif. (UPI)—There have been more antitrust cases in the motion picture industry than in any other, reports Michael Conant, author of a recent study published by the University of California Press.

Out of every dollar spent at retail stores in the United States in a given year, about 25 cents goes for the cost and upkeep of an automobile.

Doesn't Pay Alimony

12 Ex-Wives Can't Jar This Fellow's Existence

LAS VEGAS, Nev. (UPI)—Any man can get along with his wife. But it takes a man of extraordinary gifts to stay on good terms with 12 ex-wives. And therein lies the genius of hotelman Glynn Wolfe, 46, who, at last count, had 12 of them.

Wolfe, a stocky, brown-haired ex-farm boy who gave up the plow for the yow when he was 17, explained in his native Indiana drawl how he maintains good relations with his former spouses:

"I keep 'em happy by giving 'em all living quarters if they want to come back to my hotels—and four of 'em lived in one hotel recently."

I give 'em board and whatever else they want. They keep me happy because I'm not lonesome when they're around. It's kinda nice to have old friends visit you."

"I don't pay no alimony. A fella who gets a divorce with alimony is paid for it on the installment plan. I believe in givin' 'em what I satisfy 'em in one lump and have it over with."

Wolfe said he finds it easier to get along with an ex-wife than a wife.

"I tell you," he said, "when somebody thinks they own you or you own them, they're harder to deal with. When you're both on your own, you know, just how far to shove the other."

Why has he married so often?

"Well," said Wolfe, "marriage is like stamp collectin'. You don't

get the rarest one first. You gotta keep tryin', and I haven't found it yet. I hope to get married again, or else I'll get kinda lonesome."

Wolfe, whose wives—all good-looking—generally were 17 or 18 years old when he married them, said he estimated his divorces have cost him about \$600,000.

"Marriage is the greatest adventure need to death," he said. "And there's nothin' I wouldn't do for my ex-wives if they need money or advice."

I think everybody ought to get married—and young. We need the women around. They're wonderful."

\$25 Billion for Health

WASHINGTON (UPI)—The public pays \$25 billion a year for the concern of its health. This breaks down to \$127 a year for every man, woman and child in the nation.

PURE Firebird Super with Tri-tane

1. Cuts down on engine wear—An exclusive additive reduces piston ring wear to cut compression loss and lower oil consumption.
2. Saves you money on repairs—Carburetor adjustments are virtually eliminated, spark plugs last longer, time between tune-ups is greatly extended.
3. Keeps your engine at the peak of its power—Spark plug efficiency and life is extended, compression is maintained, pre-ignition controlled.

"Gasoline is gasoline" . . . sound familiar? Well, a lot of motorists have changed their minds (but good!) since switching to PURE Firebird Super. The mind-changer in this new powerful gasoline is Tri-tane—an exclusive combination of additives developed after five years of research and 4 1/2 million miles of tests. Try some. Chances are you'll change your mind, too.

New PURE Firebird Regular—If your car gets along well on regular gasoline, it'll get along even better on PURE Firebird Regular.

Waterford Center Benefits Teachers, Students Alike

By REBA HEINTZELMAN

Something new has been added to the Waterford Township school system to benefit every one of the 12,800 students and their teachers.

Through the newly established Curriculum Materials Center in the Della Lutes School, teachers share a wide range of up-to-the-minute teaching aids. Film strips, tape recordings, special books, opaque projectors, microscopes and many kinds of science teaching aids are delivered by a truck, which makes a daily circuit from the center to the schools.

In this way, the 25 schools in the district can benefit from more equipment than could be provided for any single school.

Since these improved educational services have become available, teachers have shared a pride in being able to improve the quality of their teaching. The object is to make a hard subject seem easy to students.

At the Materials Center, teachers are finding it easier to pool their fields of knowledge and act as resource persons to one another's classrooms. A file of persons in the community and school system who can help classes in special areas of study has been established.

Teachers also have established a file on suitable community field trips for various age groups,

preparations for the trips, and tips on how other classes might benefit.

April has been set aside as "Career Teaching Month" by the National Education Association.

The Waterford Department of Classroom Teachers is paying tribute to the Waterford Education Association, headed by Donald L. Smith, and to the English Association, headed by Ruth Chamberlin.

Building pride in the teaching profession is one of the most important functions of the Classroom Teachers. According to President Suzanne Reece.

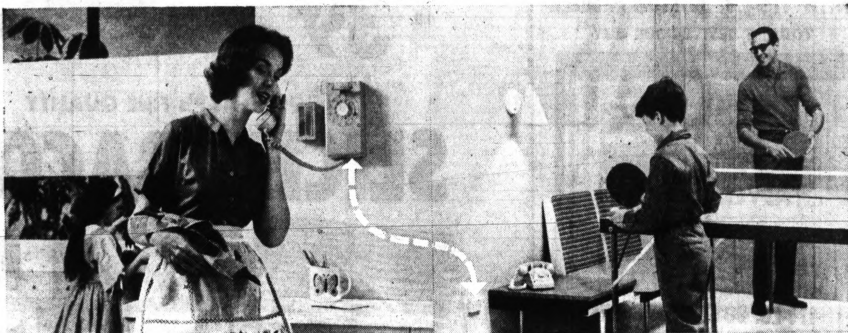

She adds, "Our group in conjunction with the new center serves as a proving ground for classroom teacher ideas — their values, workability and general soundness."

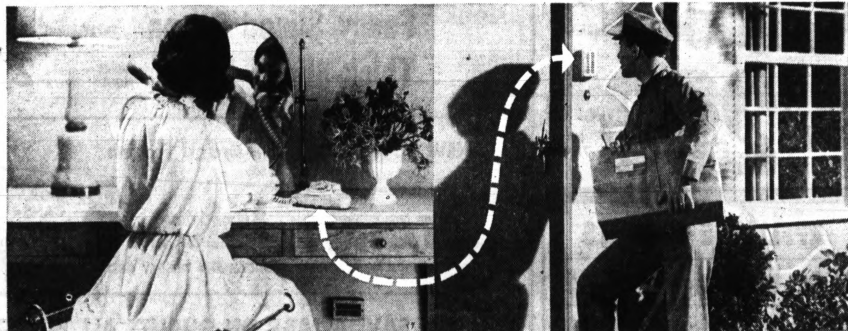

CHARTS FOR SCIENCE — These are only one of the many items available in Waterford Township teachers at the newly established Materials Center at the Della Lutes School. From left, director of the center Margaret Jetter explains a few things to Edward Arnold of the Beaumont School, Thomas Mattson of the Drayton Plains School and Charles Bryan of the Four Towns School.

SCIENTIFIC ADVANCEMENTS — To make science easier for Waterford Township school children to understand, the new Materials Center at the Della Lutes School is filled with maps, charts, and scientific projects available to the teachers. From left are Mrs. Wayne McMeans of Cray Junior High School, Harold Hemming of Waterford High School, Daniel Addis of Cooley School, and Miss Ruth Chamberlin of the senior high.

HOME INTERPHONE makes your telephones a handy home communications system. Talk from room to room, call the family to supper. A small speaker near each phone broadcasts the caller's voice.

HOME INTERPHONE lets you answer the door from any extension. You can find out your visitor's business safely, sight

unseen. A small microphone-speaker unit mounted by the door broadcasts your voice and carries your visitor's reply.

FAMILY FUN — Even two-year-old Linda Marie Dennis wears a centennial bonnet when she comes downtown with her parents, Mr. and Mrs. Dell Dennis, 114 Lincoln St. on the first Old Fashioned Dress Day. Father-son and mother-daughter costume combinations were the height of fashion Friday.

TIME OUT — Mrs. Nell Frye, a housemother at the Pontiac State Hospital nurses' home, pauses on downtown Saginaw Street to adjust her bonnet. The centennial spirit among hospital employees is one of the liveliest in town.

Come view what's new at MICHIGAN BELL'S SPRING PHONE FAIR

Whatever you need in home telephone communications, you'll find at Michigan Bell's Spring Phone Fair. For example:

The Princess. It's little! It's lovely! It lights! Smartly styled. Comes in five decorator colors with a separate beige ringer, if desired.

Color Extensions. Available in nine lovely colors to harmonize with any room. Fit easily on desk, table, counter top.

Wall Phones. Save you time and steps. A "natural" for busy activity centers in your home.

And there are many other telephone services to make

your family's life easier, more enjoyable and more efficient.

Volume Control Phone helps the hard of hearing. Just a turn of the button adjusts the volume.

Private Line Service permits uninterrupted chats.

Extra Lines let two people phone at the same time.

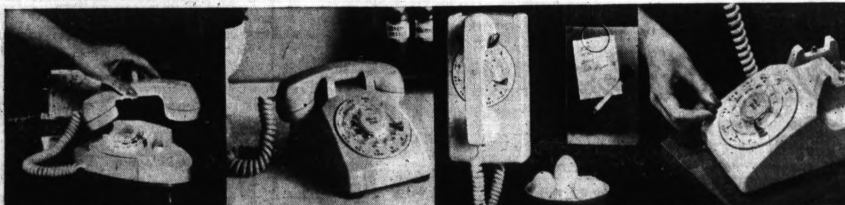

Extra Listings in the telephone directory make it easier for callers to find all the members of your family.

Why not call and order the services you want right now from your Michigan Bell business office? Or ask the man on the telephone truck.

MICHIGAN BELL TELEPHONE COMPANY.

AMERICA'S BROADCASTABLE 1986 MIDWINTER SINCE 1980

Weighed 2 Pounds, Goes Home at 5-5

BARTLETT, Ill. (AP)—Cynthia Ann Orlando, who weighed two pounds when she was born 13 weeks prematurely Jan. 28 and given little hope of survival, was taken home Sunday, reportedly in fine health.

The infant weighed slightly more than 5 pounds 5 ounces when she was taken home from Swedish Covenant Hospital in Chicago by her parents, Mr. and Mrs. Vincent Orlando.

The American Medical Association said Cynthia is one of only 16 youngsters in recent history known to have survived premature birth of more than three months.

The English word "Easter" derives from an old Norse word meaning "the season of new birth."

Residents Flee as Lethal Fumes Escape Truck

FALLON, Nev. (AP)—Deadly ammonia fumes from an overturned truck tied up traffic on U.S. 9 for eight hours Sunday and forced nearby residents to leave their homes.

Experts with special gas masks

were air-lifted from California to stop the leak.

The gas, which can be fatal in large amounts, was released when driver Frank Silva of Concord, Calif., lost control of a truck carrying anhydrous ammonia concentrate, used in fertilizer.

Several persons who ventured near the overturned truck required treatment.

Fast driving is said to reduce clarity of vision and induce eye fatigue.

Million-Dollar Blaze Guts Knoxville Stores

KNOXVILLE, Tenn. (AP)—A million-dollar fire destroyed three stores and heavily damaged three others and several offices.

Firemen fought the blaze on Market Square for five hours Sunday amid high winds, which spread the flames to surrounding buildings and for a time threatened an entire block in the heart of the city.

Asks Transportation Become Nationalized

Philadelphia (AP)—President the 15th annual Philadelphia Evening Transportation Bulletin Forum.

Quill appeared as a guest on Michael J. Quill of the Transportation Workers Union says subways, buses, railroads and airlines of the Pennsylvania railroad, should be turned over to the city, state and federal governments.

"You get this all set up and nationalized, like Russia, and I'm Quill said Sunday he thought the going to be to hunt for another place Railroad's riding to live."

Porcupines are excellent climbers and spend a good part of their lives in trees.

Souvanna, Nikita Talk About Laos

MOSCOW (UPI) — Soviet Premier Nikita Khrushchev and former Laotian Premier Prince Souvanna Phouma met today at the Black Sea resort of Pitounde to discuss the Laotian crisis.

Souvanna, who will fly to Washington Tuesday for a meeting with President Kennedy, arrived here Sunday from Warsaw and was assured by Vice Premier Alexei Kossygin that the Soviet Union wanted to resolve the crisis in his country by "peaceful" means.

Former Editor Is Dead

WEST HARTFORD, Conn. (UPI) — Ward E. Duffy, 68, retired editor of the Hartford Times, died at his home here late Sunday.

Finds Live Antitank Shell in Houghton Lake Dump

HOUGHTON LAKE (U-P) — A target shooter found a live anti-tank shell in a dump east of here. Police said the shell, found Saturday by Verne Johnson of Kalamazoo, apparently was a discarded war souvenir.

A weapons specialist from Selfridge Air Force Base dismantled the shell.

Almost 55 per cent of Iceland's exports are fish.

Sylvan Lake Lodge 723 Fined \$50 on Gambling

Sylvan Lake Lodge No. 723, IBPOE, of 100 Franklin Road, has been fined \$50 for gambling devices on the premises by the Lincoln Park office.

Michigan Liquor Control Commission

The fine is effective May 8. The violation is said to have occurred on Jan. 20, and the commission held a hearing on April 4 at its Lincoln Park office.

Black Hawks Feast After 23 Years of Famine

Chicago Rules Hockey World After 5-1 Win

Windy City Skaters Own Stanley Cup; Red Wings Wilt in Final Game

DETROIT (AP)—The Chicago Black Hawks, following years of struggle and frustration, today have the Stanley Cup, hockey's symbol of supremacy.

They regained the coveted cup for the first time in 23 years by whipping the Detroit Red Wings, 5-1, last night to win the best-of-seven playoff series, 4-2.

The Hawks had finished in the National Hockey League basement nine times in 11 seasons before they began building their present team in 1937-38. The present season, when they finished third, was their first winning season in 15 years.

"We worked a long time for it," said owner Jim Norris, "but it was well worth it."

The Hawks made the finals by defeating five-time champion Montreal in the semifinals and then scored three home victories over Detroit before finishing the Red Wings with another three-goal upset in the final period last night.

In each of their title victories the powerful and explosive Chicagoans had a period in which they hammered in three goals.

They started off their championship victory in an odd manner. Trailing 1-0 in the second period, the Hawks found themselves short-handed because of a penalty against Wayne Hicks, a rookie filling in for Murray Balfour who broke his arm in Friday's 6-3 victory in Chicago.

Reg Fleming, ace penalty killer, intercepted a Red Wing pass and scored the tying goal. Al McDonald added another late in the second period and Detroit never recovered.

"It was Fleming's goal that won it for us," said Rudy Pilous, "it took the starch out of them and gave us the zip we needed."

Goals by Eric Nesterenko, Jack Evans and Kennel Wharram wrapped it up in the final period. Evans' goal was his first in two years.

Parker MacDonald scored the Wings' lone goal in the 16th minute of the first period.

The Hawks started building their championship team in the 1957-58 season when they brought up Bobby Hull, one of hockey's young superstars, and traded with Detroit to get Glenn Hall, one of the league's outstanding goalies.

They kept wheeling and dealing, and of the 35 players on their squad, 13 of them were acquired from other teams.

Jack Adams, general manager of the Red Wings, gives the rest of the league much of the credit for Chicago's title climb.

"The league built them up—all the teams helped," said Adams. "The Hawks were practically out of business and you have to give them a lot of credit for the way they came back. But let's face it—we gave them a lot. All the teams in the league gave them players or they wouldn't be in the league now. It was a high price for the league to pay, but it was worth it to create the balance."

Frederick Peter (Cy) Falkenberg, a major league catcher from 1903 to 1917, died Sunday in San Francisco at the age of 81.

Jack Breen of Pontiac placed third in the indicative class of the Ben Pearson Open (national indoor) archery shoot Saturday and Sunday at Fort Wayne, Ind.

Olympic high jumper John Thomas of Boston University will compete in the Drake Relays April 28-29 at Des Moines, Iowa, making the first Midwest appearance for the 20-year-old leaper who has cleared 7 feet 7 1/2 inches.

Farmington's Warren (Red) Quiley anchored the University of Southern California mile relay team to a national championship Saturday night in a dual meet with Arizona State at Tempe, Ariz. Quiley and his teammates ran the distance in 3:17.9 to equal the mark set earlier this year by Alabama Christian.

CHAMPIONS — Coach Rudy Pilous and his happy Chicago Black Hawks gather around the huge Stanley Cup, symbol of NHL championship, after the Hawks whipped the Detroit Red Wings in the 6th game of the series at Olympia last night, 5-1. It was their first Stanley Cup in 23 years.

Wings in the 6th game of the series at Olympia last night, 5-1. It was their first Stanley Cup in 23 years.

LOVING CUP — Murray Balfour of the Chicago Black Hawks, embraces the Stanley Cup, won in the 6th game yesterday. Balfour suffered a broken forearm in Friday night's game in Chicago when he hit the net post.

Fleming's Tying Goal Started Triumph

'That's When We Won'

DETROIT (AP)—"Reggie Fleming's goal did it," yelled Coach Rudy Pilous in the dressing room of the Chicago Black Hawks, the Stanley Cup champions. "That's when we won it," cried Pilous. "The goal only tied the game but it took the starch out of them and gave us the zip we needed. What more could you ask than to score a goal when you are short-handed?"

It was a happy group of Hawks

but a relatively quiet one. Fleming and a few others gave out extra thousand bucks. Everyone was congratulating everyone else. Bruce Norris, owner of the Wings, congratulated his brother, Jim Norris, owner of the Hawks.

"Leave a little in the bottom," Jim said Bruce, referring to the tradition of drinking champagne out of the Stanley Cup. The Hawks will save their big celebration for Chicago. They were to return there on an airplane leaving soon after the game.

Goalie Glenn Hall, one of the most responsible for Chicago's hockey comeback, was asked "When did you figure you had it won?" "When we scored the fifth goal," said the quiet Hall. "It's been a long, rough season and I'm worn out."

The Hawks' turnaround from a perennial cellar-dweller to world champions in four years rates an assist from the entire National Hockey League. Jack Adams said in the Red Wings quarters.

"The league built them up—all the teams helped," said Adams. "The Hawks were practically out of business and you have to give them a lot of credit for the way they came back. But let's face it—we gave them a lot. All the teams in the league gave them players or they wouldn't be in the league now. It was a high price for the league to pay, but it was worth it to create the balance."

Charmley, British and European champion, leads with his right arm.

SPORTS

Allison Drives In 7 Runs

Twins Anxious to See Home

By The Associated Press

Wait 'til the Minnesota Twins see Minnesota. The precocious Twins haven't even seen their new home yet but they're sniffing the heady air of first place in the American League.

Bob Allison, an accepted slugger, and Zoilo Versalles, supposedly a glove man, boosted the Twins into the league lead with their home runs in Sunday's double victory over Baltimore. Thus the Twins were assured of a raucous welcome home Friday afternoon.

Allison drove in seven runs with a grand slam homer and a three-run homer in the 10-5 first game and Versalles, the 20-year-old Cuban shortstop, won the second

6-4 with his two-run homer in the 11th. While the old Washington club moved West was flexing its muscles the new Washington Senators were settling into the cellar at 0-3 and 2-2 defeat by Cleveland. The Indians, shut out for eight innings by Dick Donovan, rose up in the ninth with five straight hits, including a home run by Tito Francona.

Rain, cold weather and snow washed out the scheduled doubleheaders between New York and Kansas City, Los Angeles and Boston and a single game between Chicago and Detroit. Allison really had himself a ball in the first game at Baltimore. Chuck Estrada, who reportedly has arm trouble, walked the first three men he faced. Allison followed with his grand slammer. Allison hit another in the sixth with two men on base, long after Estrada had departed.

Pedro Ramos, far off the form he showed in shutting out New York on opening day, gave up 10 of the Orioles' 14 hits before he was replaced by Ray Moore in the seventh. Pedro, however, was the winner.

Bill Pleis, third of four Minnesota pitchers, won the second game on Versalles' homer, followed by a walk to Reno Bertoia. Pleis was Versalles' fourth hit in six trips in the game and his first major league homer. The 150-pound

shortstop, a .133 hitter in 15 games last year, now is batting .475. Don Mincher also hit a homer for the Twins.

Donovan was rolling along with a 2-0 lead going to the ninth when Johnny Temple led off with his third straight single. Francona tied the score with a blast over the right field wall. After singles by Jimmy Piersall and Willie Kirkland, Manager Mickey Vernon of the Senators replaced Donovan with Rudy Hernandez who was greeted by Woody Ild's game-winning single.

Johnny Antonelli, making his first American League start for the Indians, departed for a pinch hitter after seven innings. Bob Allen, a lefty up from Mobile, won in relief.

2nd Ace for Him, 2nd at Pine Lake

John DeLoe of Birmingham returned to the winner's circle after an absence of almost 10 months Saturday to give Pine Lake Country Club its second ace of the year.

Using a 1-iron, DeLoe scored Pine Lake's 160-yard second hole. He posted 83 strokes for his 18-hole round. DeLoe's first ace at the season was scored Feb. 16 at Palm Springs, Calif.

Pine Lake's first ace of 1961 was shot a week ago Sunday on the fourth hole by W. S. (Red) Hoskin.

Dark's Giants Take Lead

By The Associated Press

When Al Dark was named manager of the San Francisco Giants, wise baseball men asked the big question. Can a rookie manager get this gang to pull together? In the light of Tom Sheehan's experiences last season it was a valid question.

Dark has provided strong evidence in one week that he is capable of taking charge. The Giants are leading the National League and Dark is making all the right moves.

Take Sunday's game with Philadelphia for example, Sam Jones

always beats the Phillies. He has a 21-9 record against them over the years. He was going for his seventh straight at their expense when he ran into a wild streak and some errors in the ninth.

Dark went to the bullpen for Billy O'Dell with the bases loaded and only one out. O'Dell promptly got Bobby Del Greco, a pinch hitter, to hit a comeback ball for game-ending double play.

The Giants' 5-2 victory over Philadelphia, combined with the Los Angeles Dodgers' stormy 13-6 decision over Pittsburgh put San

Francisco in first place all alone. Ray Sadecki pitched St. Louis to within a half game of the top with a 5-3 edge over Cincinnati. Milwaukee and Chicago were snosed out at Chicago.

Jones contributed two doubles to the Giants' 10-hit attack against loser Robin Roberts and two successors. He was coasting along with a 5-1 lead going to the ninth. Sid Sam struck out Tony Gonzalez on a wild pitch but Gonzalez reached first base before catcher Tom Haller could retrieve the ball. A wild pitch and a single by Pancho Herrera counted a run. Harvey Kuenn's error, a ground out and a hit batsman allowed Dark to call for O'Dell.

Doubles by Kuenn and Orlando Cepeda helped get the Giants away to a three-run first inning and doomed Roberts to his second defeat.

A show-stopping kicking duel during an argument over a high pop by Dodger Norm Larker that landed in fair territory but bounced foul. Conlon called it a foul ball.

Leo and Jocko exchanged kicks during an argument over a high pop by Dodger Norm Larker that landed in fair territory but bounced foul. Conlon called it a foul ball.

NO TROT TODAY — A fireman walks past the smoldering ruins of the barns at Maywood Park, a trotting race track in Melrose Park, Ill., where three stable boys died and 40 horses perched.

42 Horses Die in Blaze

CHICAGO (UPI) — A 47-year-old groom was credited today with saving the lives of men and horses in a blaze that swept the Maywood Park harness track stables, killing three workers and 42 horses.

"It there was a hero, it was this man Callahan," said sheriff's police chief George Howlett.

His full name was Patrick Callahan. He came from Morris, Ill., and he was a groom for Leverett Johnson stables. But most of all he loved horses.

Tom Peterson, 19, a driver-trainer from West Allis, Wis., credited Callahan with saving his life by shouting to him, Peterson, who was slightly burned in the down fire, said he saw Callahan running with his jacket on fire on "both sides."

"I saw him opening doors and led out one horse, then ducked back inside again."

"He never came out alive."

Several other witnesses said they saw Callahan, his clothes aflame, race through the blinding snowstorm that was raging and into the burning stables to lead out four horses.

Andrew J. Hennessey, 63, of Springfield, Ill., a groom who helped pull Callahan's body from the fire, said the dead groom was trying to save another horse when "it sank to its knees and died."

The fire, caused an estimated \$200,000 damage to racing stock equipment and two stables, but officials said the month-old harness season at the suburban track would resume tonight.

The cause of the blaze was unknown, but officials theorized it could have been started by a discarded cigarette or electrical chandelier overlooking from heated used in the stables. It started hours after 4,817 persons attended the Saturday night racing program.

Park president Nathan Allen, said none of the "key trotters" among 600 animals housed at the park had been killed.

Killed besides Callahan were

Del L. Logue, 57, Shelbyville, Ill., and Arthur Dean Voyles, 36, Lincoln, Neb., who were sleeping in the stalls when the fire started.

RUGGEDNESS COMES IN FOUR SIZES!

The Jeep Universal is ruggedness. That's been proved on battlefields and wheatfields for the past twenty years. It has been use tested and abuse tested. You know that. But did you know this rugged worker is available in different sizes to suit different needs? That's important to you because you don't want to pay for more wheelbase than you really need. Come in and let us measure your needs against the wheelbase of a 'Jeep' vehicle. They run from 80" to 101". One is right for you!

COMPARE THE FIGURES! SEE THE DIFFERENCE BETWEEN THE CJ-6 AND ITS NEWEST IMITATOR.

Birmingham's Sweeney Is Mansfield Winner

SPORTING GOODS DISTRIBUTORSHIP NOW AVAILABLE FOR THIS TERRITORY

We desire a Distributor to stock our famous Sports Shelf with sporting equipment from one of America's large manufacturers. Service food, drug and variety stores with displays of Hunting, Fishing, Baseball, Football, Basketball and all other indoor and outdoor sports equipment.

GOOD INCOME FULL OR PART TIME

Operate from Home—No knowledge of the sporting goods business necessary—we instruct you in the servicing of the accounts that we establish for you—Cash income can start immediately.

Unlimited Potential Earnings Weekly Bonus Plan

This business can be operated in conjunction with your present occupation or full time. An immediate minimum cash investment of \$1495.00 is required. Our Repurchase Plan covers any unsold merchandise. If you are sincere and desire a local interview, write at once giving name, address and phone number.

Sports Shelf Corp.

1317 BROWN ST. PHILADELPHIA 23, PA.

Tom Sweeney's first place in the broad jump boosted Birmingham Seaboard to a tie for eighth place in the annual Mansfield Relays Friday and Saturday at Mansfield, Ohio.

The Birmingham distance medley relay team placed second to give the Maples 10 points. Springfield (Ohio) South won the meet with 30 1/2 points.

Waterford tallied 8 points and Lapeer 3. Pontiac Northern, Berkeley and Lapeer failed to score. Other Michigan teams scoring were Ypsilanti, 3, Alma, Wayne and Detroit Lutheran 2. Flint Beecher 1 1/2 and Monroe 1/2.

In last year's Mansfield meet, Steve Jacobson of Seaboard placed second in the broad jump with a leap of over 23 feet. Jacobson is not competing this spring because of a leg injury suffered in football.

Sweeney jumped 22 feet 1 1/2 inch to gain the first place ribbon. He also was a member of the distance medley team that posted a new school record while being runner-up for the second straight year. The Maples were timed in 7:56.4. This was only the fourth year that eight minutes had been broken in this event.

Sweeney ran the 440. Bill Heydon the 880. Bruce Bates the 220 and Jack McPhee the mile.

Mike Kaines, Waterford's first miler, posted the third best time in the history of the relays but had to settle for second place. He was clocked in 4:26.5, a new school record.

Joe Falls placed fourth in the

120 high hurdles. He was on the "skippers" shuttle hurdle relay team that finished fourth. A mishap in the exchange sequence may have cost the Skippers a first in this event.

A Waterford runner was bumped by a hurdler from Zcorse. The Skippers were in first place at the time and the jostling caused just enough delay to put the team behind.

Ed Stigers, Terry Wilson and Dennis Tripp were the other members of the team.

Lapeer's Barry Wickston placed third in the shot-put, moving up two places from last year.

The half mile record of 1:58.2 set by Birmingham's Quentin Bealeford in 1955 was broken by John Kolovich of Cleeland St. Joseph, Kolovich was timed in 1:58.8.

There were 150 schools entered from Ohio, Michigan, Pennsylvania, West Virginia and Kentucky. These schools sent 1,399 trackmen to Mansfield.

SKIPPERS DEFEATED

In baseball Saturday, Waterford dropped a doubleheader to Flint Southwestern while Cranbrook was posting its second triumph in three starts.

Flint broke ties in both games to win. It was 2-1 in the opener until two of Waterford's six errors helped let in three runs. The final score was 5-3 with Dave Abel leading despite a three-hitter. Southwestern took the nightcap breaking a 1-1 knot with runs in the last two innings. Each team had five hits. Loner Charles Lene-schmidt had two matching Waterford's total in the first game.

Freshman Larry Willey slammed a two-run homer in the fifth to break a 2-2 tie as Cranbrook downed Ypsilanti, 5-2. Dick Mosher was the winner.

Cranbrook's tennis team downed Austin Saturday, 7-0.

SALESMEN! SALES MANAGERS! STORE MANAGERS!

Have you looked into the benefits of the new Elmer Wheeler Career Course in Tested Salesmanship? Workshop sessions, not lectures, developed by America's No. 1 salesman, Elmer "Sizzle" Wheeler.

Does It Pay Off? . . .

- ★ Edward Clark—Candy and Tobacco: Sales up 20% in first 2 months.
- ★ Ken Bliss—Motor Trucks: Sold 5 units, \$19,047, during the course.
- ★ James Dalton—Food Products: Sales up \$2,000 in one month.
- ★ John Kelle—Life Insurance: First 4 months after course wrote insurance of \$288,500.
- ★ James Henkel—Bicycle Shop: Sales up 32% in 3 months.

Call Midwest 4-7700 for time and place of next session. Attend as our guest, no obligation. Switchboard open 24 hours every day.

Laver Net Champion Taking Fellow Aussie

HOUSTON, Tex. (AP)—Rod Laver, a freckled Australian of 22 years, will take the River Oaks tennis trophy out of the country for the first time.

Laver best fellow Australian Roy Emerson in the River Oaks final Sunday, 7-5, 7-6, 6-3, because Laver's serve "is much better now than when we first came on clay."

"I had a lot more control than I usually do," Laver said. "But he wasn't returning best."

How an exclusive discovery whips extra smoothness into Schenley whisky

This is a glass of unusual whisky. It is Schenley. Its extraordinary smoothness is the result of the greatest advance in whisky making in the last twenty-five years.

Taking the same fine whiskies and grain neutral spirits reserved for Schenley, we now put them through a costly new step. The whiskies are whirled in special vats by stainless steel blades and literally whipped into a smoothness never before attainable.

The result can only be realized by tasting Schenley whisky. We think you'll agree: smoothness in a whisky now takes on a new meaning. So start enjoying Schenley, the only whisky with extra smoothness whipped in.

Six Athletes Honored at Oxford Banquet

Top honors for six athletes featured the annual Oxford High School sports banquet held Saturday night.

Ray Converse Jr. and Nate Mall won dual most valuable player awards for football while Dick Miller was named for basketball. Doug Stott was selected for 1960 and even attended school for a few days before the injury became apparent.

Mendenhall, who was operated on Friday for the injury, was a sophomore at Pershing County High School, Lovelock, Nev.

NEW YORK (AP) — A high school baseball player died Sunday from a brain injury received in an April 1 game.

Frank C. Mendenhall, 15, was running from second base when he was beamed by a thrown ball. He was knocked out, but got up and even attended school for a few days before the injury became apparent.

Mendenhall, who was operated on Friday for the injury, was a sophomore at Pershing County High School, Lovelock, Nev.

Over 250 were on hand to see the boys honored and hear Wally Weber of Michigan.

High School Ball Player Who Was Beamed Is Dead

NEW YORK (AP) — A high school baseball player died Sunday from a brain injury received in an April 1 game.

Frank C. Mendenhall, 15, was running from second base when he was beamed by a thrown ball. He was knocked out, but got up and even attended school for a few days before the injury became apparent.

Mendenhall, who was operated on Friday for the injury, was a sophomore at Pershing County High School, Lovelock, Nev.

THE STATE KNOWS — These bearded Pontiac bowlers held spread the word about the Pontiac Centennial recently at the state tournament in Lansing. Representing, Stroh's, they were, left to right, Armand Giglio, Al Giglio, Rudy Fortino, Ted Cowdrey, Len Biallas and Joe Salvi.

City Woman 2nd in State

Pontiac's Vikka Cargal finished 2nd in state all events. Les Samuel took the early lead in the Howe's Lanes Singles and 1st place teams held on in doubles tournament at the Elks and Fairground in Millford over the weekend.

Cargal's 1977 was good for runner-up honors at the Michigan Women's meet in Battle Creek where competition for 6,000 closed yesterday. Carman Lewis of Capac was 5th in singles at 692.

Samuel's 927 handicap total highlighted the opening weekend at Howe's. His 823 actual for four games also led all contestants. Bill Bell and B. Rains totaled 888. B. Kuhl 875 and G. Killian 872.

Harold DeLongchamp had 233 and 271 for top games.

A father-daughter combination took over 2nd place at the Elks Mixed Doubles at 1270 but they were no threat to leaders Norm Andress and Martha Thorne who had 1227 last week. R. Swaney the father, and B. Bundo placed 2nd round.

Men From 11 States Attend 700 Event Here

Delegates from 20 chapters in 11 states attended the successful "700" Bowling Clubs of America National Convention held Saturday at the Elks Club.

An afternoon business meeting was followed by a banquet at night for delegates and their wives. Visiting women were taken on a tour of the Pontiac area during the day.

The major action at the meeting was the adoption of a new rule requiring all members to be part of a chapter. It will go into effect starting in September of 1962.

Many of the organizations over 15,000 members are on an individual basis only.

Local pin boy Clark Balch was presented a handsome national service award trophy as a highlight of the banquet.

Four area men were officially entered into Pontiac chapter 31. Presented "700" shirts were Tom Angello, Armand Giglio, Pat Timson and Art Rosner. Jim Timson, another new member, did not attend.

Mayor Philip Rowston and Frank Baker, Executive Secretary-Treasurer of the American Bowling Congress, were guest speakers.

Grand King Pin Jim Pontius of Huntington Beach, California presided over the convention. Other states sending delegates were Florida, Pennsylvania, Wisconsin, New York, Ohio, Iowa, Illinois, Texas and North Dakota.

State men were on hand from Ann Arbor, Howell, Kalamazoo and Flint.

Beat Small College Nines

Michigan, Spartans Win

By The Associated Press

Michigan and Michigan State both won baseball doubleheaders against small-college opposition Saturday.

Detroit blanked Olivet, 10-0 and 7-0.

Michigan crushed Central Michigan, 9-1 and 13-8, in games that saw Central commit 12 errors in 16 innings. MSU rumbled past Albion, 16-1, in the first game, but had to work in the second for a 1-0 victory.

Michigan's Mike Joyce pitched a two-hitter in the first game. Bill Freehan hit two home runs in the two games and Ed Hood, 1-0.

Michigan's Spartans won their third straight game, 1-0, in a row Sunday when they checked up and found it was the 32nd tournament she has knocked off in a 13-year professional career.

Actually, she has most of the 13th year to go and could make her record—the greatest in women's pro golf—even more impressive. The Dallas Civilian was her third this year.

The little picture swinger from Atlanta shot a 2-over-par 73 Sunday in the closing round of the Civilian Open to maintain a three-stroke lead over second place Betsy Rawls of Spartanburg, S.C.

Miss Suggs finished with 291, seven over par for 72 holes—and considered it a good score under the circumstances. The 6,238-yard Glen Lakes Country Club course was swept by terrific winds in the first three days and scores in the low seventies were a rarity.

Miss Suggs Wins Third Straight Civilian Tourney

DALLAS, Tex. (AP)—Louise Suggs won her third \$10,000 Dallas Civilian Open in a row Sunday when she checked up and found it was the 32nd tournament she has knocked off in a 13-year professional career.

Actually, she has most of the 13th year to go and could make her record—the greatest in women's pro golf—even more impressive. The Dallas Civilian was her third this year.

News of Service Personnel

Two area men have completed the initial course of Air Force basic military training at Lackland Air Force Base, Tex. They are Airman Jason J. Spires, 41 South East Blvd., and Airman Rodney G. Adler, son of Mr. and Mrs. Ken Rounding, 5385 Maybee Road, Clarkston.

THOMAS KIZER

Clyde R. Kizer, son of Mr. and Mrs. Maynard J. Kizer, 80 Main St., Clarkston, recently was commissioned a Navy ensign at Pensacola, Fla. His wife, the former Hazel L. Miller of Clarkston, attended the ceremonies at the Naval Preflight School, Naval Air Station, Pensacola.

Alman Spires has been selected to attend the technical training course for electrical repairman at Chateau AFB, Ill. Chief Airman Adler will attend ground radio operators' school at Keeler AFB, Miss. Both are Pontiac Central High School graduates.

Marine Pvt. Frank S. Thomas, son of Mr. and Mrs. Hubert W. Thomas, 1415 Wrenwood Drive, Birmingham, recently completed a four-week individual combat training course with the 2nd Infantry Training Regiment at the Marine Corps Base in Camp Pendleton, Calif.

Second Lt. William J. Price, son of Mr. and Mrs. Jasper Price, 86 E. Colgate Ave., left this week for adjutant general school in Indianapolis, Ind., for eight weeks' training.

He received his commission upon graduation from Eastern Michigan University in January. He is affiliated with Tau Kappa Epsilon Fraternity.

Many Children Need Homes

Agencies Join to Tell of Foster Child Week Information Program

This is Foster Child Week in Pontiac and Oakland County, and it should prove to be one of the most comprehensive welfare campaigns this year in the Wayne-Oakland-Macomb county area.

The week is sponsored by the Committee for Foster Children, of which the Oakland County Board of Michigan Children's Aid Society is a member.

Foster Child Week marks the start of a continuing program designed to provide information about foster children and foster parents and to encourage more families to accept foster children into their homes.

Foster Child Week is not a fund drive. Money is not the problem. The problem is that there are hundreds of children in Wayne, Oakland and Macomb counties who should be living in suitable homes, receiving adequate care and guidance, who are not because there are not enough foster homes to go round.

Ten area welfare agencies have banded together in an attempt to solve this double-barreled problem.

Foster Child Week is the first time the 10 agencies have joined forces in a coordinated effort to foster information about foster children and to recruit foster homes.

While the agencies have often cooperated on various aspects of the services they all offer, this agency has in the past attempted to conduct its own education, promotion and recruiting programs.

Personal Income Figures Stir Up New Optimism

WASHINGTON (AP) — New ground for optimism about the economy — Americans' personal income increased in March for the first time in five months.

The increase over February was \$2.4 billion, the Commerce Department reported Sunday. That is, the annual rate of personal income jumped from \$406.2 billion to \$408.6 billion.

The report showed the wage and salary payments increased by \$1.1 billion to \$272.1 billion, the first advance in this category since last July.

Most of the payroll increase was in contract construction, beginning to recover from a setback caused by the severe winter.

An Eastern Michigan University graduate, he was commissioned after completing 16 weeks of training. He has been assigned to Sault Ste. Marie Auxiliary Air Station in Sault Ste. Marie, Mich., for primary flight training.

Scheduled to complete basic training April 17 at Lackland AFB, Tex., is Airman Dennis F. Nichols, son of Mr. and Mrs. Albert E. Nichols, 77 Euclid St.

He is a graduate of Pontiac Central High School where he played football, softball and basketball. He entered the service March 13.

Friends may address mail: Dennis F. Nichols, AFB, 168022, Ft. 438, Box 1594, Lackland AFB, Force Base, Tex.

NICHOLS DILS

Naval Reserve CPO Francis C. Dils of Rochester who has been in naval aviation since 1942 recently spent two weeks' active training duty at Camp Pendleton, New Orleans, La.

Chief Dils' squadron, VR-733, naval fleet air tactical support, is based at Grose Ile. During the two weeks his squadron flew numerous training and flight missions over the Gulf, the Caribbean and the United States. He is married and has three children.

Dale E. Bradford, naval hospital corpsman first class, son of Mrs. Lucy B. Bradford of Rochester.

recently was graduated as honor man from the laboratory and blood bank technician school at the Naval Hospital in Oakland, Calif.

A Rochester High School graduate, he has been assigned to the Naval Hospital for further duty.

Three area men are recent graduates of the naval training center at Great Lakes, Ill. They are Gary W. Crawley, son of Mr. and Mrs. C. W. Crawley, 43 Oliver St.; David F. Blake, son of Mr. and Mrs. Francis P. Blake, 1614 Leobury Drive, Birmingham; and Richard H. Talbott, son of Mr. and Mrs. Hillary Talbott, 2600 Haggerty Road, Walled Lake.

Army Pvt. James V. Moore, son of Mr. and Mrs. Charles R. Moore, 3221 Westview Road, recently was assigned to the 1st Guided Missile Brigade at Fort Bliss, Tex.

A cook in Battery G of the brigade's 2nd Guided Missile Group, he entered the service last November and completed basic training at Fort Knox, Ky.

Navy Lt. Morton Golde, son of Mr. and Mrs. Charles Golde, 1089 James K Blvd., is serving aboard the tank landing ship USS Lorain (LST-1162) at Norfolk, Va. The ship, a unit of Amphibious Squadron 10, recently participated in the Atlantic Fleet's largest amphibious exercise for 1961 in the Caribbean.

Driving out of the city, Zaslavsky lost control of the car, crashed and was killed, Angela, a widow at 23 after one day of married life, is in a hospital with both legs broken and chest injuries.

Dr. J. H. Nichols, AFB, 168022, Ft. 438, Box 1594, Lackland AFB, Force Base, Tex.

Demolished Near Romeo

DEATH CAR—This car in which two Hazel Park men were riding when they were killed Saturday night was so badly demolished it had to be loaded onto a trailer and hauled to Romeo. The mishap five miles northwest of town claimed

the lives of Leo L. Morawski, 21, and Clement P. Senical, 38. The car left the road at a high rate of speed and hit a tree, shearing it off 4 feet above the ground. Both men were thrown from the car.

2 Killed as Car Shears Off Tree

Hazel Park Men Die When Driver Loses Control Near Romeo

ROMEO — Two Hazel Park men were killed Saturday night when their car went out of control and sheared off a tree, 12 inches in diameter, five miles northwest of here.

Dead are Leo L. Morawski Jr., 21, of 304 W. Evelyn St., and Clement P. Senical, 38, of 1237 Goulson St.

According to Romeo State Police, the victims' car was traveling at a high rate of speed over a hilly rural road when the driver lost control.

The vehicle must have literally flown through the air, troopers said, before hitting the tree. The tree was severed off about four feet above the ground and uprooted.

Both men were thrown out of the car which was almost cut in half by the impact.

The accident happened about 10 p.m. on Bordman Road, just west of Weyer Road.

The two men were almost totally dismembered, according to Macomb County Coroner Raymond G. Markle. Troopers were unable to determine which man was driving.

Senical was pronounced dead at the scene and Morawski succumbed enroute to the Community Hospital near Almont.

NEWS OF THE AREA

Worker Slightly Injured

Boiler Blast Damages Parke, Davis Building

By JIM LONG

A boiler explosion at Parke, Davis & Co.'s Parkdale Farm in Avon Township extensively damaged a building under construction and slightly injured a worker early this morning.

The boiler was installed recently and was undergoing tests when it exploded, according to a spokesman for Parke, Davis.

Donald Mertz, a power plant engineer for the pharmaceutical firm, was in the building at the time of the explosion but suffered only superficial cuts, the spokesman said.

"The worker was badly shaken up but not injured," according to the official.

The explosion took place in a

2½-story-high building that is isolated from the rest of the research laboratory. It is approximately 200 yards from the main buildings.

The boiler had not been accepted by the company and was still being test run when the explosion occurred at 8:05 a.m.

The building is part of an expansion program at the firm's 600-acre virus vaccine research center.

Extensive damage was done to the new structure, but total damage or cause of the explosion have not been determined.

The Rochester Fire Department was called to the scene but no fire followed the explosion, according to Chief George Ross.

Mertz was the only worker in the steel and glass building. Others were to arrive at 9 a.m.

Chief Ross said he had been told that an oil line became plugged and caused the boiler to explode.

When completed the boiler was to serve as a power plant for the entire research facility on Parkdale Road, just outside the Rochester village limits, according to Ross.

China's 500 million people comprise one-fourth of the world population.

Re-Elect President of Co-Op Nursery

WEST BLOOMFIELD TOWNSHIP — Mrs. Robert F. Redden of 2650 Lari Court has been re-elected president of the Lakeland Co-operative Nursery.

Other officers named include: Mrs. William Wetmore, vice president; Mrs. William Murray, secretary; and Mrs. Roland Redden, treasurer.

The non-profit organization was formed a year ago by mothers in the area to provide an opportunity for their preschool children to play together.

Sessions are held twice a week at the Orchard Lake Community Church.

Rochester Church Plans Revival Meeting Series

ROCHESTER — The Rochester Church of the Nazarene will hold a series of revival meetings beginning Wednesday and ending April 30 featuring Rev. and Mrs. Maurice Finger.

The public meetings will start at 7 p.m. weekdays and at 11 a.m. and 7 p.m. Sundays. Local talent also will participate, according to Rev. T. C. Riddle, church pastor; and Don and Irene Warner will have charge of the music, singing and the choir.

CYNTHIA A. WILLIAMS

Announcement is made of the engagement of Cynthia Adelle Williams to H. Gerald Dulmage by her parents, Mr. and Mrs. G. Freeman Williams of 330 Woodland Drive, Highland Township. The prospective bridegroom is the son of Mr. and Mrs. Roland Dulmage of 3715 Woodland Drive, Highland Township, and Dearborn. No definite date has been set for the wedding.

Dies of Crash Injuries

OSCODA — David Black, 41, of Wurtsmith Air Force Base, died Sunday of injuries suffered April 6 in an automobile crash on U.S. 23 outside Oscoda.

Miss Kline will present a film on the "Life and Work of Carl Milles at Cranbrook." She also is associated with the Flint Institute of Art.

Concert 8 P.M. at Romeo High

Interlochen Scholarship Benefit to Be Tuesday in Gymnasium

ROMEO — The annual Interlochen Music Scholarship Concert will be presented at 8 p.m. tomorrow in the gymnasium of Romeo High School.

Sponsored by the Romeo Monday Club, the program will feature selections by the high school concert band and the mixed chorus, both directed by E. C. Oates.

Proceeds traditionally are used to provide scholarships to send deserving "music students" to the National Music Camp at Interlochen during the summer.

The concert funds are augmented by contributions from area business firms and organizations. Winners of the scholarships, picked by a screening committee of local citizens, will be announced during the concert.

The concert band will present a varied program which will include selections from the Broadway musical, "Flower Drum Song," the opera "Madame Favart" by Offenbach and a recent musical "I Am Music," to be narrated by high school teacher Joseph P. Sullivan.

The mixed chorus will offer a group of numbers featuring both religious and secular music. The band and chorus will join together in presenting the closing selection, a new arrangement of the "Battle Hymn of the Republic" in recognition of the 100th anniversary of the Civil War.

Area Family Returns to Find Home Guffed

A Waterford Township family returned from a trip to Flat Rock, yesterday, to find their \$10,000 frame home partially destroyed by fire.

Neighbors of the Vernie Cranford family at 7226 Pershing Road saw smoke pouring from the Cranford residence at 3:30 p.m. and called township firemen. It took more than an hour to bring the blaze under control.

A cigarette left smoldering in an overstuffed chair is listed as the possible cause of the fire. Damage was estimated at \$5,000 to the house and contents.

Social Security Topic of Lecture Wednesday at 8

"Recent Changes in Social Security Legislation and How It Affects You" will be the subject of a lecture at 8 p.m. Wednesday sponsored by the Cooperative Extension Service, according to Mrs. Mary A. Hardy, county extension agent, home economics.

The meeting, open to the public, will be held in the Oakland County Board of Supervisors room, 1 Lafayette St., Pontiac.

Keith Potter, field representative, and James Barnett, claims representative, from the Pontiac Social Security office, will be on hand to discuss the legislation. They also will show a movie, "Samuel and Social Security." A question and answer period will follow.

Boosters to Hold Vote

The Avondale Band Boosters will hold election of officers at their meeting tomorrow at 8 p.m. at Avondale Junior High School, 2900 Waukegan St.

Entertainment will be provided by the students who participated in the Solo and Ensemble Festival. Refreshments will be served.

NEW YORK (AP)—The stock market closed in a steady climb today, with the Dow Jones Industrial Average rising 1.34 points to 6,000.10. The market was buoyed by a strong performance in the steel and automobile sectors, with both sectors showing significant gains. The steel industry's performance was particularly notable, with several major steel companies reporting record production levels. The automobile sector also showed strong momentum, with several major manufacturers reporting increased sales and production. The overall market sentiment was optimistic, with investors looking for continued growth in the economy.

Record Count Budget Submitted by Supervisors

Record Count Budget Submitted by Supervisors

The board of supervisors today presented to the city council a record \$14,740,000 operating budget for next year. The budget was developed by the city's chief financial officer, who stated that it was the most comprehensive and detailed budget ever submitted. The budget covers a wide range of city services, including police, fire, public works, and social services. It also includes provisions for capital improvements and debt service. The board of supervisors is expected to approve the budget soon, after which it will be presented to the city council for final approval.

Ford to Revise Mileage Claims in Advertising

Ford to Revise Mileage Claims in Advertising

WASHINGTON (AP)—The Ford Motor Co. has agreed to revise its mileage claims used in advertising its compact Falcon autos. The company announced that it had received information from the Federal Trade Commission regarding its advertising practices. In response, Ford has agreed to revise its mileage claims to be more accurate and to provide more detailed information about the testing procedures used. The revised claims will be used in all future advertising for the Falcon line.

Barber Pole Swiped

Barber Pole Swiped

HAMILTON, Ohio (UPI)—The barber pole of the Hamilton Barber Shop was swiped last night by a thief. The pole, which is a valuable piece of equipment for the shop, was found missing this morning. The thief is believed to have entered the shop through the back door and taken the pole. The shop owner is currently searching for the thief and has offered a reward for information that leads to the pole's recovery.

Fix Guard Rails in 3 Counties at Cost of \$4,700

Fix Guard Rails in 3 Counties at Cost of \$4,700

A crew of 27 men has repaired nearly 6,300 feet of guard rail along the Michigan Turnpike. The work was completed at a cost of \$4,700. The guard rails were damaged by a recent snowstorm and were in need of repair. The work was done by a crew from the Michigan Department of Transportation. The repaired guard rails will help to improve safety on the turnpike and reduce the risk of accidents.

Two Area Men Win Fellowships for Year at MIT

Two Area Men Win Fellowships for Year at MIT

Two area men have won fellowships for a year at the Massachusetts Institute of Technology (MIT). The winners are Jack R. Murphy and Robert C. Patterson. They were selected from a pool of applicants for the MIT Fellowship Program. The program is designed to provide financial support for students who are pursuing advanced degrees at MIT. The winners will receive a stipend and travel expenses for their year at MIT.

600 Out on Strike at 2 Jackson Plants

600 Out on Strike at 2 Jackson Plants

A break-in at Smith's Service Station on the corner of Union Lake and Commerce Township last night netted thieves \$250 in cash and three books of trading stamps, according to Pontiac police. The thieves entered the station through the back door and took the cash and stamps. The station owner is currently searching for the thieves and has offered a reward for information that leads to their capture.

Idaho College Students Push Bed for a Record

BOISE, Idaho (AP)—Thirty Boise Junior College students pushed a bed 40 miles, from Modestin Home to Boise, in two hours, 57 minutes, 50 seconds Saturday.

That's about 14 miles per hour and they say it's a world's speed record in the event, which does not yet have official status among

recognized record compilers of campus. The students say the world record they broke was set by some Canadians—five miles an hour over a 40-mile track.

Form Anti-N Party

OSLO, Norway (AP)—The Socialist People's party, a new leftist party with an anti-nuclear and anti-NATO platform, was formed today to take part in next fall's general election.

Bomb in South Tyrol Damages 2 Buildings

BOLZANO, Italy (AP)—A bar and adjoining residence were damaged Sunday in a pre-dawn bombing which police called one of the most serious so far in the turbulent Italian South Tyrol. No one was hurt.

There have been a dozen bombings in the last several months in reported at 6 a.m. Sunday.

the territory, where Austria contends German-language residents are not being given a fair deal.

Utah Feels Mild Quake

EPHRAIM, Utah (AP)—A mild earthquake shook the chandeliers in this central Utah community Saturday night. The tremor cracked a ceiling in the phone company office at nearby Mount Pleasant. A lighter tremor was felt in the last several months in reported at 6 a.m. Sunday.

Teacher Dies in Rome

ROME (AP)—The Rev. Maurizio Gordillo, 67, Spanish Jesuit expert on Oriental theology, died Sunday in Rome, where he had been working on a commission preparatory to the Roman Catholic Church's Ecumenical Council.

JFK Attends 1st Steeplechase

Restful, Varied Stay at Glen Ora Put in by President on Weekend

MIDDLEBURG, Va. (AP)—President Kennedy put in a restful, varied weekend in the country and saw the running of a steeplechase for the first time.

Another chapter in the story of racial desegregation in Middleburg cafes unfolded while the President was on hand. The Rev. Albert F. Pereira, who offers Mass here on Sundays, spoke of persecutions — though in mild tones.

It was back to the White House in Washington today for the chief executive, for a series of appointments with diplomats and Prime Minister Constantine Karamanlis of Greece.

Kennedy flew by helicopter early Saturday afternoon to Glen Ora, his estate just south of town. A bit later, he and Mrs. Kennedy drove the three miles to Glenwood Park course, where the Middleburg Hunt was putting off its spring races.

SEES 1ST WINNER
The President arrived just in time to hop out of a station wagon, rush over to the fence near the entrance gate and see Wildfire 2nd, owned by Travis M. Kerr of Oklahoma City, Okla., take the first race.

"That," he remarked, "was an interesting race. First time I've seen these steeplechases."

But he said he had to go back to Glen Ora and do a little work.

Mrs. Kennedy remained just in time to hop out of a station wagon, rush over to the fence near the entrance gate and see Wildfire 2nd, owned by Travis M. Kerr of Oklahoma City, Okla., take the first race.

PRESENTS TROPHY
Mrs. Kennedy watched from the judges stand, gasped at the spill, and made her way to the winner's circle to present a silver trophy tray to Mrs. Duval.

The Kennedys passed up the gay Middleburg Hunt hall at the Community Center. But they did appear at noon Mass in the same auditorium where the dancers had swirled until 3:30 a.m. There is no Roman Catholic church in Middleburg.

White Girl at Negro School Upsets Area

SEVIERVILLE, Tenn. (AP)—A white girl is attending a rural elementary school for Negroes and, according to a school official, has "all the white people of the community very, very upset."

But her teacher, Earline Evans, says Monisha Moore, 7, has been accepted by the other second grade pupils and appears to be happy. Monisha has been attending classes at the Cynthiana School for three weeks.

Bruce Moore, an employee of a Knoxville iron works plant, said he was not satisfied with Monisha's progress at the white school which she formerly attended by riding a bus 10 miles.

Sydney Gilreath, a member of the Sevier County School Board, said the community was upset but the board felt it best to "let the thing work itself out."

Finland contains more than 60,000 lakes.

5 questions that affect the future of every young couple

How the unique advantages of life insurance can help answer all of them—bringing peace of mind at the stroke of a pen

1 Have we made sure our family will be protected?

With life insurance, a family is protected right from the start. For only life insurance guarantees, at the stroke of a pen, an amount of money far greater than most couples could save in many years.

2 Is our home secure?

A prudent husband safeguards the home his family loves by owning enough life insurance to take care of any unpaid mortgage. Life insurance guarantees this protection.

3 Will we be able to send our children through college?

By figuring in advance what it will cost to give their children a college education, parents can make sure—through their life insurance—that college expenses can be met.

4 Are we justified in taking the risk of a new job opportunity?

A man can assume the risks of a new business or job opportunity more readily when the family is protected by life insurance. And with life insurance, husband and wife know in advance exactly how much money will be available for an emergency at any given time.

5 Will we have a steady retirement income?

A husband and wife can get more pleasure from their later years when they plan their life insurance to provide a steady income which will last for both their lifetimes.

The wise family head carefully estimates his family's future needs, then plans his life insurance accordingly. Since family circumstances often change, many couples review their programs with their life insurance agent each year. In this way, they get the most from the unique advantages of their life insurance.

Invasion Forces Go Ashore in Cuba

Year's Heaviest Snow Buries City

Weather Bureau Warns More, With Rain, on Way

The heaviest snowfall of the year blanketed Pontiac today and more was on its way, mixed perhaps with rain.

The unseasonal, three-inch accumulation at 8 a.m. marked the heaviest single fall of the winter, according to the Weather Bureau at Detroit-Metropolitan Airport.

Tumbling temperatures and tricky driving conditions accompanied the frigid backlash of winter.

Midwest Belted by Spring Snow

Thousands Stranded, Schools Close, 18 Die as Storm Vents Fury

By The Associated Press

A crippling spring snowstorm, sweeping out of the Northern Plains with all the fury of a mid-winter blizzard, staggered the Midwest today.

The storm, which started in some areas Saturday night, increased in intensity Sunday. As the storm moved eastward, there was some lull in snowfall, but strong winds continued, causing much drifting.

Fresh snow measured up to more than a foot and a half in northern Minnesota. Drifts piled up to 10 feet in some areas. Blowing snow cut visibility sharply.

TRAFFIC HAZARDOUS

At least 18 deaths were attributed to the stormy weather, mostly in traffic accidents on icy and snow-covered highways, with two of the deaths caused by heavy rains east of the snow belt.

The damaging storm, a climatic shocker for the fifth week in spring, had widespread effects. Recent snowfalls for the date were reported in many areas. Freezing weather added to the discomfort. Wind gusts were clocked up to 50 m.p.h.

Schools in many areas were closed, scores of them in Minnesota and Illinois. Travel by bus, plane and train slowed. Motorists in many cities were urged not to drive unless necessary. Driving conditions were extremely hazardous in central and northern parts of the Great Lakes region and sections of the Ohio Valley. Traffic accidents were far in excess of normal.

Adenauer Catches On Fast

TEXAS GREETINGS—West German Chancellor Konrad Adenauer (left) shares a hat-waving greeting to a crowd in Johnson City with Vice President Lyndon B. Johnson. Mrs. Johnson is between the two men at the LBJ Ranch and

Adenauer's daughter, Mrs. Libeth Werhahn is at right. Adenauer was to address the Texas Legislature today after a parade up Austin's main street.

AP Photos

APRIL SHOWERS (WHITE, FLAKY VARIETY)—It's singing in the rain time—that is, 13-year-old Lucy Smith thought it was until the "rain" turned out to be white, crystalline and cold. The umbrella-toting West Bloomfield Township miss should have

been wearing galoshes when green spring time was jolted by a white setback over the weekend, transforming the Pontiac area into scenes like the one at Cranbrook in the background.

It's Only the Start for U.S. Tax Cheats

By FRANK CORMIER

WASHINGTON (AP)—For three million Americans, tonight's midnight deadline for filing tax returns will mark only the start of their dealings with the Internal Revenue Service.

To discourage tax cheats, IRS Commissioner Mortimer M. Caplin wants to increase the number of returns which get a thorough test for accuracy.

The goal is to check, or audit, about 3 million of the estimated 81 million returns to be filed in 1960 the number of audits was 2.8 million.

Caplin hopes for further increases in the years ahead. Whereas IRS now checks about one return in every 20, he wants to approach a one to 10 ratio.

At Welfare Meeting

GRAND RAPIDS (AP)—Authorities from eight states and Canada gathered in Grand Rapids today to open the annual Central States Regional Conference of the American Public Welfare Association.

Prosecution Opens Case

Eichmann Denies All 15 Counts

By FRANK CORMIER

JERUSALEM (AP)—Adolf Eichmann grunted out the words "not guilty" 15 times in court today, denying all counts in Israel's monumental indictment naming him as the master deceiver of Jews in Europe during World War II.

The prosecution, opening its case, asserted that Eichmann beat a Jewish child to death with his own hands for stealing peaches.

"This," cried Israeli Attorney General Gideon Hausner, "is the trial of the destroyer."

Name Tempest Product of Year

County Chairman for Michigan Week Proud of Successful Campaign

Pontiac Motor Division's Tempest, revolutionary new car now dominating the luxury compact field, has been named Product of the Year for Oakland County.

This announcement was made today by Charles F. Adams of 1888 Gould Court, Beverly Hills, Oakland County chairman for Michigan Week—May 21-27.

Guidelines in selecting the honored product were that it must be something new, significant, unique, successful and important to the Michigan economy.

As Oakland County winner, in a field of several hundred outstanding contenders, the Tempest now qualifies as an entrant in the forthcoming regional and state final awards—annual highlights in the observance of Michigan Week.

Adams, executive vice president of MacManus, John & Adams Inc. of Bloomfield Hills, warmly commended the awarding judges for what he described as "an outstanding selection." He noted that the Tempest was honored nationally last month when it was selected Car of the Year by Motor Trend, the authoritative motor magazine.

"It is particularly fitting," he said, "that Oakland County—producer of four popular motor cars and with a rich automotive tradition—should have selected an automobile as its outstanding product." Adams added: "I think it is equally fitting that an automobile should be Product of the (Continued on Page 2, Col. 2)

The former Gestapo officer stared back at Hausner, unblinking.

MARKS ACTUAL START

Eichmann's plea of innocence marked the actual start of his trial on charges of complicity in the death of six million European Jews during the war. It came after the three-man court headed by Supreme Court Justice Moshe Landau overruled defense objections to the court's competence to hear the case and to the Israeli law under which Eichmann is charged. Landau said the details of the judges' reasoning would be embodied in their final decision at the end of the trial.

Then Landau ordered Eichmann to stand up and remove the headphones over which he listens to the translation into German of the Hebrew language of the court.

Point by point, through the 15 sections of the indictment, Landau requested, "Do you plead guilty or not guilty?"

'I AM NOT GUILTY'

Fifteen times Eichmann replied, "In the spirit of the indictment, I am not guilty."

His voice was firm and low-pitched. He stood stiff-backed, chin thrust defiantly upward, looking steadily at Landau from the prisoner's dock enclosed in sheets of bullet-proof glass.

A somber silence hung over the court during the 10 minutes that it took to go through this legal step.

Then Eichmann leaned back quietly in his chair, folded his hands in his lap, and looked at Hausner.

The attorney general adjusted the collar of his flowing black robes, waited a moment as the audience sat soundless, and then began in a voice vibrant with feeling:

"When I stand before you, judges of Israel, to accuse Adolf Eichmann, I do not stand here alone."

"Here with me stand six million prosecutors. But, alas, they cannot rise and level a finger at the man in the prisoner's dock."

Jackson Man Honored

ANN ARBOR (AP)—The University of Michigan School of Business Administration has chosen Robert P. Briggs of Jackson to receive the fourth annual Business Leadership Award.

Briggs is president of the Michigan Chamber of Commerce and executive vice president of Consumers Power Co.

The presentation will be made in Ann Arbor, May 12. Briggs is a former U. of M. vice president for business and finance.

Lassiter Murder Trial Under Way in Detroit

MRS. NELLE LASSITER

DETROIT (AP)—The first-degree murder and conspiracy trial of blonde Mrs. Nelle Lassiter, 38, of 1930 Beverly Road, Beverly Hills, and Gordon Watson, 45, for the 1959 slaying of Mrs. Lassiter's husband, Marvin, opens today.

Lassiter, a Royal Oak imported-car dealer, was beaten, shot to death and robbed near Willow Run Airport April 6, 1959.

Three Tennessee men pleaded guilty to second-degree murder in the slaying last February.

They were sent to prison for life. The state has charged Watson and Mrs. Lassiter conspired to have the killing carried out.

CITIZENS MUST, GREED

In the preliminary hearing the state said Watson, a business partner of Lassiter, and the beautiful Mrs. Lassiter were lovers and plotted

News Quickly Cut Off, U.S. 'Won't Intervene'

By The Associated Press

An invasion force swept ashore on Cuba's southern coast today and a rebel leader in the United States said the "battle to liberate our homeland" has begun.

Shortly after news of the invasion — reported by an army officer in a post west and south of Havana — was relayed to the outside world, communications with Cuba were cut off.

Later, the Cuban government radio was heard ordering all members of the militia to report at once to their stations.

The militia had been in a state of mobilization since Saturday's air bombings.

Pentagon officials in Washington said more than three hours after the first Havana report that the U.S. military had no independent information on an invasion.

Speaking at burial services for seven of the eight persons killed in the air raid, Castro accused the U.S. government of financing the dawn air attack and likened it to the Pearl Harbor blow of 1941.

At his most violent pitch in months, the Cuban prime minister raged that American aggression against Cuba was born of resentment "because we have made a Socialist revolution right under the nose of the United States."

Secretary of State Dean Rusk stated this morning the U.S. will not intervene.

In a speech shortly before the invasion report was issued by a military duty officer in Cuba.

UNITED NATIONS, N. Y. (AP)—The air raids on Cuban military air fields furnished Fidel Castro's regime fresh fuel for U.N. debate today on Cuba's charge of U.S. aggression.

Cuban Foreign Minister Raul Roa readied an hour-long attack on the United States for the morning session of the General Assembly's political committee.

Prime Minister Fidel Castro once more accused the United States of aggression in connection with Saturday's attacks.

The military duty officer at Jaguey in Grande said some fighting was going on between "government defenders and an insurgent landing force" at Playa Larga.

The area is near Cienega Oriental, a swamp area southeast of Havana, said only that "some fighting" was going on, indicating that the size of the invading force was small.

Columbia Broadcasting System in a report from Miami, Fla., said several hundred rebel soldiers were in a force that invaded three Cuban provinces and that two high-ranking officers in Castro's army had defected to the rebels.

The report said the seaborne invaders had aerial support.

Dr. Jose Miró Cardona, president of the rebel provisional government in New York, issued a statement saying: "Before dawn, Cuban patriots in the cities and in the hills began the battle to liberate our homeland from the despotic rule of Fidel Castro and (Continued on Page 2, Col. 6)

Rebels Break Through Reds Reject Part of Laos Proposal

LONDON (NAP) — The Soviet Foreign Office spokesman said today the Western proposal for a cease-fire in Laos but kept the door open for further negotiations, a spokesman declined to give the substance of the note, delivered Sunday in Moscow, but he made clear that Britain and the Soviet Union won't be joining the fighting between the Western-backed Laotian government of Premier Bou Om and the pro-Communist Pathet Lao guerrillas.

Con-Con Race Kept Stirring

Romney and Van Dusen to Run for GOP, Two Dems Decline

The constitutional convention front was stirring with intentions and lack of intentions on the part of candidates over the weekend. George W. Romney of 1830 E. Valley Road, Bloomfield Hills, president of American Motors and of Citizens for Michigan, and Richard C. Van Dusen of 3295 Blingham Road, Birmingham, 1957 Republican candidate for state attorney general, said "I do."

But August Scholle of 2718 Vineville, Royal Oak, president of the state GAO-AFL, and former Democratic Gov. Murray D. Van Wagoner of 3800 Oakland Drive, Bloomfield Township, declined to be candidates.

That put two Republicans in the race from Oakland County, B left two Democrats out. Romney, who has attempted to maintain a nonpartisan position, rather reluctantly cast his lot with the Republicans. He told the executive committee of the citizens group, meeting Saturday in Dearborn, that he had made his political choice because "only the Republican Party in Oakland County has consistently supported the calling of a convention."

CAN'T AGREE But he added that he "could not agree with predominant opinion in the state" and reminded that he had strove to have a non-con delegates chosen on a non-partisan basis. The legislative decision is still pending.

Romney said he has not made up his mind whether to run from a legislative or senatorial district. One delegate will be elected for each of the 14 members in the State House and Senate.

Van Dusen, who announced his intention of running earlier, said he would serve in legislative district from Oakland's 4th legislative district.

Van Wagoner, another member of the citizens group board, said he would support Romney despite their differences in political affiliation. Both live in the same Oakland legislative district, the 3rd.

Scholle told a meeting of the AFL-CIO Committee on Political Education (COPE) Saturday that he would not be a candidate at the July 25 primary. He explained he felt it would be impossible for him to serve as an individual delegate and at the same time serve as chief labor spokesman before the various committees of the convention.

He also noted that he is responsible for coordinating labor's program before the Michigan Legislature which is scheduled to meet part of the time the constitutional convention would be in session. The convention is slated to open in Lansing on Oct. 3, with the final selection of delegates set for Sept. 12.

While Romney, Van Wagoner and Van Dusen were hearty supporters of the constitutional convention which was approved by the voters both last November and on April 3, Scholle has been against it. He has favored a redistricting of the State Senate, but has lost legal rounds in the Michigan Supreme Court.

The Weather

Full U.S. Weather Bureau Report
PONTIAC AND VICINITY — Light snow mixed with rain at times today. High 37. Snow flurries and cold tonight. Low 26. Tuesday mostly cloudy. High 40. Wind variable 15 to 40 miles becoming northerly this afternoon and diminishing slowly tonight.

NATIONAL WEATHER — It will continue unseasonably cold tonight east of the Plains. Cooler weather is expected in the Northeast Coastal areas. Scattered snow flurries and showers are forecast for varied areas in the nation.

JUST LIKE 1960 — All dressed up for a spin in a 1958 Oakland, predecessor of the Pontiac, are (from left) Pam Arellio of 39 Dakota Drive, and Kathy Gotham of 2033 S. Hammond Lake Drive, W. Bloomfield Township. Considering the weather, the girls wisely left the car right where they found it, at the Pontiac Retail Store.

Motorists Cram St. Joseph Jail Transfers 3 Top Officers

Transfer of three police command officers was announced today by Police Chief Joseph Koren.

Capt. George T. Scott, 36, has been named head of the uniform patrol bureau, succeeding Capt. Donny E. Ashley.

Scott, a 35-year veteran of the city police force, has been head of the staff bureau since July 1960.

Ashley will take over the detective bureau, replacing Lt. Raymond E. Meggitt.

ON FORCE 15 YEARS Ashley, 38, has headed the uniformed officers since September 1959. He has been a Pontiac policeman for 15 years.

Meggitt has been assigned to head the staff bureau, research, planning and training arm of the department.

Meggitt, 38, has been detective bureau commander since September 1959. He has been on the force 15 years.

The transfers are effective immediately.

Koren called the transfers "routine," explaining they were made so command officers could become acquainted with all phases of police operations.

ALL FILLED UP "We're filled up," he said. "There are more than 150 people staying overnight."

Jail guests slept in cells. The jail has a capacity of 265. But it wasn't big enough.

The approximately 125 prisoners were kept in cells on a separate floor of the two-story jail.

The storm's refugees were served coffee and given blankets and mattresses for their night's rest.

"Why," said Gillespie, "some homes have called in to say that they've taken in 30, 40 to 50 people."

All went well, apparently. Gillespie said the sheriff's department had no reports of injury or serious mishap.

Finch, Tregoff Awaiting Life Sentence Today

LOS ANGELES (AP) — Dr. R. Bernard Finch and his mistress, Carole Tregoff, faced sentencing today for the murder of his socialite wife.

But first there were to be arguments on defense motions for a new trial — which, if granted, would be the fourth for the handsomely paid couple.

If a new trial is denied, the defense was expected to file a notice of appeal.

Finch, 43, who formerly had a thriving practice in suburban Detroit, was arrested in 1957. On April 5 the same jury of 10 men and 2 women that had convicted the pair decreed life imprisonment. Under California law, murder trial juries that return convictions then deliberate a second time and set the penalty.

Retired Minister Dies
DETROIT (AP) — Rev. John Dwyant, 90, of Highland Park, a retired Methodist minister, died Saturday. He was superintendent of the Saginaw Bay District of the Methodist Church for 10 years and organized the first Methodist Church of Ferndale. After his retirement, he studied law and was admitted to practice in 1942.

The Day in Birmingham Detroit Minister to Speak at May Fellowship Day

BIRMINGHAM — Dr. James A. Laird, minister of Central Methodist Church in Detroit, will be guest speaker at the May Fellowship Day observance of the United Church Women of Birmingham.

The May 5 program will be at First Presbyterian Church and will begin with a 9 a.m. breakfast in the social hall.

Dr. Laird's address will be given at 10 a.m. in the sanctuary.

Dr. Laird served as minister of the Marquette Community Church in Cincinnati for four years before taking over duties at the Detroit church in October 1958.

Prior to that time he served 7 1/2 years as minister of the Wesley Methodist Church in Amherst, Mass., and was director of the Wesley Foundation at the University of Massachusetts.

EXCHANGE STUDENT Last summer Dr. Laird was exchange minister in Coventry, England, under auspices of the United Methodist Council of Churches and served as personal chaplain to the lord mayor of the city.

May Fellowship Day is a nationwide annual observance sponsored by United Church Women, a general department of the National Council of Churches.

More than 2,200 local and state councils of United Church Women will take part in this year's observance.

"Our theme for this year, 'The Church: Free and Responsible,' points up our responsibility not only as individuals but as Christians groups," said Mrs. Donald Tracy, chairman for the program in Birmingham.

John J. Collins, Democratic state chairman, will be guest speaker tomorrow at a joint meeting of the Birmingham and Bloomfield Democratic clubs.

The meeting begins at 8 p.m. at the Community House and Collins' address is scheduled for 9 p.m.

Collins, of Jackson, was elected in February to succeed Neil Staehli, who was chairman of the Michigan State Central Committee during the entire 12-year governorship of G. Mennen Williams.

Collins will discuss the state constitutional convention.

Service for Jesse Miller, 92, of 828 W. Lincoln Road, will be 2 p.m. tomorrow at Manley Bailey Funeral Home. Burial will be in Roseland Park Cemetery, Berkeley, Mr. Miller died yesterday.

He was a retired landscape gardener.

Surviving are two daughters, Mrs. Clarence Wright of Pontiac and Mrs. Ernest Robinson of Birmingham; and one brother.

Mrs. James A. Phillips Service for former Franklin VII

2 Cars Collide With Train at Franklin Road

Two cars and a train collided in the south end of Pontiac Saturday — with no serious injuries to any of the parties involved.

The drivers of the cars, Millage Pugh, 48, of 463 Ave., and George E. Adams, 28, of 38 Lake St., were headed east on Franklin Road and apparently failed to heed warning signals at the crossing, Pontiac police said.

The train engineers, Henry Wix, 60, of Warren, told officers the crossing follows a curve in the tracks and he was unable to stop in time to avoid the collision.

Adams' car was treated for minor injuries and released from Pontiac Jail, 12, both of 265 Howard.

Both the cars and the train were moving at slow speeds, police said. The accident occurred at 7:15 a.m.

Coleman, SIOC executive director; Rep. Thaddeus M. Macdonald, D-Wisconsin; R. J. Alexander, director of the Oakland County program. Its ultimate estimated cost of \$1,200,000 would provide more than 200 million man hours of work for the unemployed.

St. Joseph's Hospital, 12, both of 265 Howard.

Both the cars and the train were moving at slow speeds, police said. The accident occurred at 7:15 a.m.

Official to Lead Y' Drive in GM

Thomas F. Wiethorn to Chairman Management Division in Expansion

Thomas F. Wiethorn, general manager of the Fisher Body Division Pontiac plant, has accepted the chairmanship of the General Motors Corp. Management Division in the Pontiac YMA expansion program.

Wiethorn's appointment was announced today by Robert H. Crichtfield, general chairman of the current campaign for \$50,000 to improve and expand facilities of the Pontiac "Y" building.

Wiethorn has enlisted a campaign organization in the plants of the three GM divisions with operations in the city, and plans to start his division's phase of the campaign this week.

Assisting the Fisher Body manager in the "Y" campaign will be Robert W. Emerick, public relations director of Pontiac Motor Division, and Earl A. Maxwell, personnel director at GMC Truck and Coach Division.

An active participant in civic affairs, Wiethorn will serve as chairman of the 1961 Pontiac Area United Fund drive. The "Y" is a member agency of the PAUF.

CONFIDENT OF SUPPORT Wiethorn resides with his family at 2840 Broadway Blvd., Bloomfield Township.

Commenting on his assignment, Wiethorn said: "General Motors management people have always supported worthy civic projects. The need for an expanded YMA in the Pontiac area is quite obvious."

"I am confident that the management personnel in the local General Motors plants will support the 'Y' expansion program in a representative schedule."

The campaign schedule this week calls for reports on Tuesday from the Advance, Special Gifts "A," Medical and Osteopathic Divisions.

The General Division headed by Mrs. William G. Wright will meet to start solicitations.

Crichtfield will receive reports Thursday from the Special Gifts "B," Business, Dentists and Lawyers Divisions.

Coleman, SIOC executive director; Rep. Thaddeus M. Macdonald, D-Wisconsin; R. J. Alexander, director of the Oakland County program. Its ultimate estimated cost of \$1,200,000 would provide more than 200 million man hours of work for the unemployed.

Man in Space

Plan Old Toothache a Bar to Future Astronauts

By CARLTON WILSON
SANTO, Tex. (UPI) — Because space travelers won't be allowed to use toothpaste, U.S. Air Force dentists are at work to find something that will prevent toothache from coming off a trip.

By developing antibiotics to fight germs that cause tooth decay, they may develop an inoculation serum to protect spacemen from a day's toothache along with other diseases.

The work in preventive dentistry at the Air Force's Aerospace Medical Center should lead to better teeth for everyone, according to Lt. Col. (Dr.) Norman Harris.

In the future, "going to the dentist will be less trouble than a trip to the barber shop or beauty parlor," Dr. Harris said.

Astronauts face a special tooth problem, he said. They won't be allowed to use toothpaste because the sticky water from the brushing would not be fit to be reprocessed for drinking.

FLUORIDE TREATMENT
Dr. Harris believes one way to protect teeth from cavities is by treatment with stannous fluoride two or three times a year. He said surveys show that the process reduces trouble by 20 percent with only one treatment annually.

Dr. Harris is also experimenting to find out what goes on in a person's mouth during the course of a day. Radio is helping him to do this job.

He said in order to study chewing habits, they transmitter radio are mounted in dentures. The radio signal the number of times the teeth are in contact. Dr. Harris said first findings show the number of times a person clicks his dentures together varies from 800 to 15,000 times a day.

Dr. Harris said they have also discovered that it will be safe to send into space a man who has had his teeth repaired many times. They made the discovery by testing a gold filling from a man involved in accidental exposure to radioactivity. Dr. Harris said space travelers can get by."

He said the study showed that other gold fillings would be safe.

Adams' Margin Grows as Canvass Continues

Bloomfield Hills Republican Thomas B. Adams, who tossed out Ralph E. Richman for the Wayne State University Board of Governors in the spring election, official tally, widened his lead slightly Friday in an official canvass of the Wayne County vote.

Adams gained 166 votes in the canvass with a total in the county of 121,506 to 216,216 for Richman, a Democrat.

The official state vote canvass will be completed later this week.

About 2,000 tons of ore must be processed to produce 27 pounds of nickel.

Mountain Cabin Fire Fatal to 6 in Family

MADISONVILLE, Tenn. (AP)—Six members of a mountain family were killed Sunday in a fire that destroyed their cabin home in a remote area near here.

A grandmother, her two daughters and three granddaughters perished in the flames which a survivor said started when one of the women threw kerosene on a wood fire to get it started.

Killed were Mrs. Webster Frye, 67; her two daughters, Ruth Frye, 36, a deaf mute; and Mrs. J. R. Watson, 26; and Mrs. Watson's daughters—Barbara Ann, 8, Betty Ruth, 4, and Kathy, 9 months.

Mrs. Frye's husband, Webster, about 70, was hospitalized at nearby Sweetwater with second-degree burns. Mrs. Watson's husband, the only other survivor, escaped by minor burns.

Water Safety Instructor Course Begins May 5

The Water Safety Instructor Training Course for Oakland County has been scheduled to begin May 5 at Lincoln Junior High School, 600 W. Nine-Mile Road, Ferndale. Classes will be from 7 to 10 p.m.

To enroll, a person must be at least 18 and have a current Red Cross Senior Lifesaving Certificate.

More information can be obtained by calling the Oakland County Chapter, American Red Cross, 118 Franklin Blvd.

Type metal is usually made of lead with a hardening of antimony.

Want to Lose 10 Pounds?

Good Grooming Important

By JOSEPHINE LOWMAN

What makes us remember one woman and forget another? What makes one woman sought after and another ignored? First let us consider some of the more elusive factors. While the ingredients of charm and magnet-

ism are far too subtle for complete analysis, there are some characteristics which are clear to the observer.

In the first place, just plain friendliness is a first class magnet. If we are truly interested in others, we will be interested

in what they say, what they are doing, their ideas and problems and hopes, and we will be thoughtful of them.

Also, enthusiasm not only makes life exciting for us but makes us exciting to others. This vitality and aliveness lifts the lives of those we meet out of the rut of daily living for a moment. There are so many factors in this classification that it would be impossible to list all of them in one column.

Equally important, let us never forget that "window dressing" or "packaging" also has a great effect on others. Certainly advertisers know this and take full advantage of it.

Our personal appearance not only has a tremendous impact on us but those we meet. The way we look, the way we stand and walk, the way we dress and groom ourselves, are parts of the first impression others get of us. A woman underdresses herself if she does not take her personal appearance seriously.

DIET MENUS

Knowing that overweight is one of the most prevalent beauty problems I have been bringing you my Nine-Day Reducing Diet for the past seven days. Here are the menus for tomorrow.

TUESDAY'S MENU

BREAKFAST

One egg, poached or boiled.
One thin dry slice of whole wheat toast.
Black coffee.
One glass skimmed milk.

LUNCHEON

1 portion salmon.
Celery sticks.
One-half cup steamed carrots.
One-half grapefruit.

DINNER

Minute or club steak (small).
One-half cup string beans.
One-half cup squash.
One glass skimmed milk.
Orange slices.

If you would like to lose from 5 to 10 pounds in nine days and missed some of these menus or would like to have the complete diet in a small booklet, send 10 cents and a stamped, self-addressed envelope with your request to Josephine Lowman in care of The Pontiac Press.

Ceramists Feted at Reception

Ceramists Susanne Groves and John Stephenson were honored Sunday at an invitational reception marking the opening of their two-man show at Kingswood School Cranbrook.

Robert Kline of the Kingswood art faculty has announced the exhibition will open to the public April 17 and run until May 7.

Many objects will be on sale at the show. Hours are from 4:15 to 5:30 p.m. Monday through Friday and from 2 to 4:45 p.m. Sundays.

Mr. Stephenson studied at Iowa State Teachers College and earned his Master of Fine Arts degree at Cranbrook Academy of Art. Miss Groves also did graduate work in ceramics with Majja Grotell at Cranbrook Academy of Art and for the past three summers has been associated with the crafts program at Chautauqua Institutions in New York.

The two artists are faculty members in the University of Michigan's architecture and design school.

Plans Talk on Katanga

Dr. P. S. Marsa of Lake Orion will speak on "Katanga" before the Oakland County District Nurses Association Tuesday at Pontiac General Hospital. A coffee hour will begin at 7:30 p.m.

A former Congo missionary during World War II, Dr. Marsa returned to the United States and entered medical school at the College of Medical Evangelists in Los Angeles. He returned as an M.D. to Seng Hospital, Katanga, where he stayed for three years.

The need for health teaching in the mission fields will be shown in film and slides.

Presents Solos for Saybrook

Charles Wilson, minister of music at First Congregational Church, presented a program of piano solos Friday afternoon for the Saybrook Group.

The meeting and program were held at the church in the Winifred Van Wagoner room.

Devotions were presented by Mrs. J. L. Van Wagoner. Mrs. Norman Brown was a guest.

News of Service Personnel

Two area men have completed the initial course of Air Force basic military training at Lackland Air Force Base, Tex. They are Airman Jason J. Spires, 47 South East Blvd., and Airman Rodney G. Adler, son of Mr. and Mrs. Ken Rounding, 5365 Maybee Road, Clarkston.

SPIRES ADLER

Airman Spires has been selected to attend the technical training course for electrical mechanics at Chandler AFB, Ill., and Airman Adler will attend ground radio operators' school at Keesler AFB, Miss. Both are Pontiac Central High School graduates.

Marine Pvt. Frank S. Thomas, son of Mr. and Mrs. Hubert W. Thomas, 4115 Wrenwood Drive, Birmingham, recently completed a four-week individual combat training course with the 2nd Infantry Training Regiment at the Marine Corps Base in Camp Pendleton, Calif.

Second Lt. William J. Price, son of Mr. and Mrs. Jasper Price, 8 E. Colgate Ave., left this week for adjutant general school in Indianapolis, Ind., for eight weeks' training.

He received his commission upon graduation from Eastern Michigan University in January. He is affiliated with Tau Kappa Epsilon Fraternity.

Many Children Need Homes

Agencies Join to Tell of Foster Child Week Information Program

This is Foster Child Week in Pontiac and Oakland County, and it should prove to be one of the most comprehensive welfare campaigns this year in the Wayne-Oakland-Macomb county area. The week is sponsored by the Committee for Foster Children, which the Oakland County Branch of Michigan Children's Aid Society is a member.

Foster Child Week marks the start of a continuing program designed to provide information about foster children and foster parents and to encourage more families to accept foster children into their homes.

Foster Child Week is not a fund drive. Money is not the problem. The problem is that there are hundreds of children in Wayne, Oakland and Macomb counties who should be living in suitable homes, receiving adequate care and guidance, who are not because there are not enough foster homes to go around.

Ten area welfare agencies have banded together in an attempt to solve this double-barreled problem.

Foster Child Week is the first time the 10 agencies have joined forces in a coordinated effort to offer information about foster children and to recruit foster homes.

While the agencies have often cooperated on various aspects of the services they all offer, each agency has in the past attempted to conduct its own education, promotion and recruiting programs.

Personal Income Figures Stir Up New Optimism

WASHINGTON (AP) — New ground for optimism about the economy — Americans' personal income increased in March for the first time in five months.

The increase over February was \$3.4 billion, the Commerce Department reported Sunday. That is, the annual rate of personal income jumped from \$406.2 billion to \$409.6 billion.

The report showed the wage and salary payments increased by \$1.1 billion to \$272.1 billion, the first advance in this category since last July.

Most of the payroll increase was in contract construction, beginning to recover from a setback caused by the severe winter.

Manufacturing payrolls went up \$200 million to a rate of \$54.2 billion, the first increase since last June.

Vampire Bats in Texas Feed Only on Blood

HOUSTON, Tex. (AP) — Ten vampire bats go on exhibition in the Houston Zoo today.

Curator John Werler obtained the creatures, which feed only on blood, in Veracruz, Mexico. He said no workers will feed the vampire blood from cattle slaughtered at packing plants.

THOMAS KIZER

Clyde R. Kizer, son of Mr. and Mrs. Maynard J. Kizer, 80 Main St., Clarkston, recently was commissioned a Navy ensign at Pensacola, Fla. His wife, the former Hazel L. Miller of Clarkston, attended the ceremonies at the Naval Preflight School, Naval Air Station, Pensacola.

An Eastern Michigan University graduate, he was commissioned after completing 16 weeks of training. He has been assigned to Saufley Field Auxiliary Air Station in Pensacola for primary flight training.

Scheduled to complete basic training April 17 at Lackland AFB, Tex., is Airman Dennis F. Nichols, son of Mr. and Mrs. Elbert E. Nichols, 77 Euclid St.

He is a graduate of Pontiac Central High School where he played football, softball and basketball. He entered the service March 13.

Friends may address mail: Dennis F. Nichols, A/B, AF 1682227, Ft. 438, Box 1504, Lackland Air Force Base, Tex.

NICHOLS DILS

Naval Reserve CPO Francis C. Dils of Rochester who has been in naval aviation since 1942 recently spent two weeks' active training duty at Calverley Field, New Orleans, La.

He received his commission upon graduation from Eastern Michigan University in January. He is affiliated with Tau Kappa Epsilon Fraternity.

Dale E. Bradford, naval hospital corpsman first class, son of Mrs. Lucy B. Bradford of Rochester.

Texas' Young Dems to Back Blakley 'if'

GALVESTON, Tex. (AP) — Texas Young Democrats voted Sunday night to back interim Sen. William A. Blakley, D-Tex., in a May 27 runoff election "if Sen. Blakley endorses the New Frontier program of President Kennedy."

Blakley and Republican candidate John G. Tower, both avowed conservatives, gained the runoff in an April 4 special election. Tower led the way as they eliminated 88 rivals for the Senate seat formerly held by Vice President Lyndon B. Johnson.

Girl Widowed After One Day of Marriage

TORONTO (AP) — For two years Greek immigrant tailor George Zaglaviras saved to bring his sweetheart, Angela Riga, from Greece.

A month ago she finally came, and Saturday she and Zaglaviras, 22, were married at St. George's Greek Orthodox church, Sunday they set out in a rented car for a weekend honeymoon at Niagara Falls.

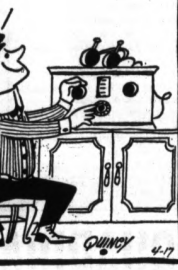

Driving out of the city, Zaglaviras lost control of the car, crashed and was killed, Angela, a widow at 23 after one day of married life, is in a hospital with both legs broken and chest injuries.

Army Pvt. James W. Moore, son of Mr. and Mrs. Charles R. Moore, 3221 Westview Road, recently was assigned to the 1st Guided Missile Brigade at Fort Bliss, Tex.

A cook in Battery C of the brigade's 2nd Guided Missile group, he entered the service last November and completed basic training at Fort Knox, Ky.

Navy Lt. Morton Golde, son of Mr. and Mrs. Charles Golde, 1069 James K Blvd., is serving aboard the tank landing ship USS Loran County, operating out of Norfolk, Va. The ship, a unit of Amphibious Squadron 10, recently participated in the Atlantic Fleet's largest amphibious exercise for 1961 in the Caribbean.
