

Successful Mercury Test Sets Stage for Astronaut

MSU Says Keep Nuisance Taxes

Legislative action on budget requests for Michigan State University and Michigan State University Oakland has again met with outward disfavor from the MSU Board of Trustees. The board yesterday called upon the Legislature to continue the so-called nuisance taxes rather than cut appropriations for higher education.

"We think the people of Michigan would rather take the nuisance taxes than cut the budget for our higher education institutions to the bone," commented MSU President Dr. John A. Hannah.

The House Ways and Means Committee was scheduled to report out the Senate-approved budget bill today, and they were expected to be the same slight-cut appropriations which were approved in the upper chamber.

MSUO Chancellor D. B. Varner has warned that MSUO might be "destroyed" if the infant university receives only \$12,300 more for the 1961-62 academic year than for the current year.

MSUO receives a share of the legislative appropriation for MSU, determined by per-student cost and total enrollment.

MSU is fighting for an increase of some \$2 million over last year's appropriation, rather than a \$265,000 increase recommended by the Senate.

MSU had asked for \$37.5 million for operating expenses, but Gov. Swainson's request cut this to \$31.5 million. The Senate recommended \$28.6 million.

The share for MSUO was trimmed from \$1,650,900 to \$1,157,000 by the governor, then to \$891,300 by the Legislature.

Jack Breslin, board secretary, reported that while the Legislature was "very polite" in listening to the MSU plea for more money this week "we didn't gain a dime."

Hannah admitted to the board that a barrage of letters from parents of MSU students to legislators "was not appreciated by the Legislature."

One of the points in a three-paragraph resolution approved by the board was that "equal" consideration should be given in budget planning to MSU and MSUO.

REPORTS DIFFER
This was in reference to reports that some legislators had agreed to give a budget increase to MSUO while cutting off the East Lansing institution.

At the same time, however, reports from Lansing said members of the Legislature had heard rumors were circulating that trustees might cut appropriations for MSUO if additional monies were not given to MSU.

A recommendation from the Senate that MSU increase tuition to make up for the extra money they wanted was not a matter of policy in the resolution.

MSU President John A. Hannah said, however, that a \$20 tuition hike proposed by legislators for state students was not under consideration "at this time."

Republicans in the House indicated yesterday they would not favor any extension of the nuisance taxes.

Goldberg Asks Partnerships

Tells UAW Banquetiers
10 Million Jobs Must
Be Created in '61-'62

DETROIT (AP) — Secretary of Labor Arthur Goldberg challenged labor and management Thursday night to form a broader partnership.

Addressing the 25th anniversary dinner of the United Auto Workers Union, Goldberg said:

"The individual interests of the American business and the American union can no longer be served without reference to the national interest."

"Both must now," he continued, "move together within a framework of accepted public responsibility... the problems of job security, of a competitive posture in the world markets cannot be solved by either management or labor unilaterally."

AMERICA CAN GROW
"I am confident that if management will move halfway toward partnership, labor will join them. I am equally confident that if labor will move halfway, management will move over. If both start now, then America can start growing."

"Consider just one of the jobs ahead, and you will get some idea of the interests of the hour."

"In the next year alone, we must create 10 million jobs to provide for those presently unemployed, to provide work for new entrants to the labor force, to offer employment for those displaced from farm and factory by technological change and to put the involuntarily part-time worker back on a full-time basis."

The Rev. Martin Luther King of Atlanta, Ga., a Negro leader of the integration movement, told UAW President Walter P. Reuther, "You will go down in history as one of the truly great men of this generation."

The minister compared sit-down strikes in which the UAW won its first contracts in the auto industry with Negro sit-in demonstrations aimed at speeding integration in the South.

UAW President Walter P. Reuther announced the convention would take up "the bargaining stuff" later today.

Among the first bargaining proposals scheduled for debate was tax.

CAPSULE RECOVERED — A Marine helicopter is shown returning a Mercury space capsule to its Wallops Island, Va., launching site minutes after it was successfully separated from its Little Joe rocket at 12,000 feet today. The capsule soared to 14,000 feet before it began its descent. The copter fished the bobbing cabin out of the Atlantic Ocean without delay.

UAW Delegates Back Leaders' Law Goals

DETROIT (AP) — The United Auto Workers' special convention today gave virtual unanimous approval to legislative goals of the union leadership and moved toward debate on specific demands to be made in contract bargaining talks with the auto companies this summer.

The 3,000 delegates adopted resolutions calling for some form of control over location of factories, a debt moratorium for jobless workers, a federal system of reinsurance for private pension funds and elimination of fixed periods for payment of unemployment benefits.

The delegates Thursday approved three key legislative goals — revision of the federal hours and wages law to tie the length of the work week to the rate of production.

DETROIT (AP) — The United Auto Workers' special convention today rejected a minority group's demand that a 38-hour week with 40 hours' pay plus retirement at 60 be made the union's goal in contract bargaining talks with the auto companies this summer.

employment, creation of a national planning agency to guide the nation's economy and federal aid for workers displaced by automation.

UAW President Walter P. Reuther announced the convention would take up "the bargaining stuff" later today.

Among the first bargaining proposals scheduled for debate was tax.

Nation's First Manned Shot Due Next Week

Project Chief Assures
Rider Would Have Lived
'Unquestionably'

WALLOPS ISLAND, Va. (AP) — The stage was set today for America's first astronaut shot next week.

A Mercury space capsule underwent its final and most severe unmanned test with this verdict: A man aboard "unquestionably" could have survived.

Next week an American astronaut at Cape Canaveral, Fla., will stake his life on that finding.

Little Joe VII, a cluster of eight solid propellant rockets, leaped up from this test station of the National Aeronautics and Space Administration at 9:04 a.m. (Pontiac time) with the 2,600-pound space chamber on its nose.

Half an hour later, after a flight that produced stresses even more violent than the extreme conditions that had been planned, the capsule was back on the beach after a parachute-cushioned landing in the sea and fast recovery by a helicopter.

Meantime the vehicle had been blasted loose from the booster by rocket devices intended to save a

WASHINGTON (UPI) — Vice President Lyndon B. Johnson has called top U.S. space officials to a meeting Monday to consider a possible speed up in the nation's space program, it was learned today.

space flier in case of trouble in the lift-off.

If a man could have lived through it, project manager William M. Bland replied: "Unquestionably."

"The escape was triggered under more severe circumstances than will occur during either the manned Mercury Redstone or Atlas-boosted flight," NASA said.

The chamber's appearance bore out that report. Its olive drab paint was unmarred and there were no dents or torn shingles such as resulted from a previous test flight by the same capsule.

Next week's space passenger is to ride the Redstone rocket on a ballistic trajectory flight 115 miles high and 220 miles south from Cape Canaveral. The more powerful Atlas is for later earth-grinding orbital flights.

GREATER STRESSES
The extra stresses came about because the rockets, for reasons not immediately determined, did not push the capsule to the planned height of 35,000 to 40,000 feet. At lower altitudes air resistance is heavier.

The escape mechanism was intentionally triggered at 12,000 feet, NASA said, at a time when the vehicle was traveling about 1,100 miles an hour.

Blister free of Little Joe, the capsule went on up to about 14,000 feet before it started decent and its parachutes went into action. Because the planned height was not reached the flight lasted only about 5 minutes instead of the intended 8. The capsule landed 8 miles offshore.

Only two ballast-filled dummies were aboard, in addition to instruments. There were no animals nor biological specimens.

The aim was to determine whether the escape device would work under the most severe conditions an astronaut might encounter.

Alert to Cut Radio, TV
DETROIT (AP) — There will be no regular radio or television broadcasts in Michigan today between 4 and 4:30 p.m. Nor will state top government officials be in their Lansing offices, Michigan — and the rest of the nation — will be held for civil defense operations with "operation alert."

Moving? Call Weather's of Almed. PE 3-2811.

Brave Teeth-Chattering Weather

CHILLY START — One of the first women's golf leagues in Oakland County to start the season off yesterday was the Waterford Township AMVETS Auxiliary at Morey's Golf Club near Union Lake. Despite a brisk breeze blowing across the lake and golf course, Mrs. Margaret Spalding of 3330 Clintonville Road braved the teeth-chattering weather to get a few hints on "holding the arm straight" from Edward Morey. Shown above are a few of the shivering members of the league watching the "cool" lesson.

U.S. Roiled at Red Stalling

Ignore Cease-Fire Appeal

By The Associated Press
Laos' pro-Communist rebels ignored the government's appeal for a cease-fire on Monday and Washington was reported near end of its patience with what

WASHINGTON (UPI) — Officials said today that Secretary of State Dean Rusk is cutting short his stay at the Cento conference in Turkey to speed back here early Saturday for consultations on the growing Laos crisis.

SOME OFFICIALS called Red Laos, fearing hasty action by the Soviet Union or United States might upset delicate arrangements for a cease-fire and mush-

room the civil war, blamed the rebels' delay on "real practical difficulties," such as poor communications.

But President Kennedy opened consultations with allied governments and congressional leaders on what steps may be taken to prevent more of Laos from falling under Communist control.

These steps could include allied military intervention but informed officials said Kennedy had not decided finally on his next move.

SITUATION BAD
Kennedy warned congressional leaders, it was learned, that the pro-Western government's situation was deteriorating and that further moves have to be serious-

Western experts in Laos said the rebels are in such a strong position militarily that they can take any objective they desire unless U.S. forces intervene.

The rebels and the government have accepted in principle a joint Soviet-British appeal for a cease-fire. But they have not gotten together on a time.

A rebel broadcast proclaimed, "we are the victors," and demanded the government send a delegation to Xiang Khounang, in rebel-held territory.

The government showed no disposition to back down on its desire that negotiations be held this weekend in the royal capital of Luang Prabang, still controlled by royal troops.

Britain suggested that negotiators meet "under a flag of truce" in no man's land.

In Moscow, the official Soviet newspaper Tass charged the United States is trying to sabotage Laotian peace and that U.S. armed forces get ready for intervention even after a cease-fire was agreed upon.

India's Prime Minister Nehru warned in New Delhi that the job of supervising a cease-fire in Laos will be very difficult. He spoke to members of the International Control Commission made up of India, Poland and Canada that will supervise a truce. He urged the commission members to go to Laos as soon as possible.

Other districts would be in many cases changed drastically as far as geography is concerned, but Morris said the partisan lineup of Michigan's congressional districts, presently 11-9 with Republicans in the majority, would remain the same except for the addition of a representative from whatever party claims the 19th district seat.

Congressmen were expected to be unhappy in many cases with the plan, because of the changes in geographical make-up of their districts.

Size of congressional districts under the new plan would be close to the 495,000 population figure which is the ideal size for a district under the national distribution of seats in the federal House.

Plan for 19th District Seat Includes Part of County

LANSING (UPI) — A plan to reapportion the state to pick up the 19th congressional seat which Michigan gained in the 1960 census was handed to the State Senate today. The new seat

Mercury Sent
Tumbling as
Hail Hits City

Hail hitting the downtown area at noon today sent temperatures tumbling from 50 to 42 degrees in 30 minutes.

Sleets will partially clear tonight with scattered frost or freezing temperatures, the low ranging from 24 to 36, the weatherman said.

For the next five days temperatures will average 45 to 50 degrees below the normal high of 59 to 65 and normal low of 39 to 42.

Saturday is expected to be partly sunny with a high of 54.

Precipitation for the period will total one fourth inch or less in a few showers mostly Tuesday and Wednesday.

Morning winds southwest to west at 8 to 15 miles per hour will become west to northwest at 10 to 18 mph tonight.

Forty-four was the lowest record before 8 a.m. The mercury reading at 1 p.m. was 46.

To Open War Centennial

Mayor Won't Exchange

FRUITPORT — Village president Herald Landers has rejected a proposal to take part in the may or exchange day of Michigan Week. He said an original plan to exchange with Mount Pleasant was declined because of mismatching in size of the communities. An alternate proposal to switch with the village of Byron failed to reach agreement.

Hints Ford to Be Firm Bargainer

Company Official Says Conditions Don't Favor Too Many Concessions

NASHVILLE, Tenn. — "Walter Reuther and other union representatives know that circumstances are not exactly favorable for excessive concessions," said a Ford Motor Co. official.

Kenneth D. Cassidy, Ford vice president for industrial relations, said Thursday his firm plans to be flexible in bargaining with Reuther's United Auto Workers union this summer. Cassidy will head Ford's negotiators.

Cassidy told a banquet of the Tennessee Industrial Personnel Conference that Ford expects to discuss in "good faith" any contract changes the union proposes "but in doing so our responsibility requires us to keep two very important fundamentals in mind, namely, costs and our need to manage."

He said Ford had "no wish to take advantage of possible adverse economic conditions to force an unfair settlement this year, or any year. Whatever the economic climate at that time, Ford management will come to the bargaining table with the same basic goals."

Fun With Rabbit Turns Into May Court Tickets

DETROIT — Peter Zubak, 31, and Douglas Hines, 31, were snatching about Detroit's Belle Isle Park Thursday when they saw a rabbit run into a hollow tree. The two lit a fire at the base of the tree in an effort to drive the rabbit out. A passing policeman ticketed them for setting fire to the tree.

Zubak and Hines are slated to appear in court May 22. The rabbit escaped.

Mole's Oddball Menu Disrupts Phone Service

BLOOMINGTON, Ill. — This mole made a mountain of work for telephone workers.

They blamed the burrowing animal for cutting a cable, disrupting phone service for four business establishments along Highway 66.

Upjohn Stock Tax Gets Court Hearing

DETROIT — The executors of the estate of three Kalamazoo owners of Upjohn Co. stock from which the government is trying to collect \$1,613,280 have been granted a hearing in the U.S. tax court at Detroit.

The estates are those of Gratis

Clough Upjohn, John S. McCall and Mrs. Edith V. Wain. All died in 1957.

Mrs. Upjohn owned 5,160 shares of Upjohn stock. McCall and his wife owned 7,880 shares, and Mrs. Wain and her husband owned 814 shares in the Kalamazoo pharmaceutical firm.

The Internal Revenue Service said the three cases were consolidated because all involved the Upjohn stock.

MINNEAPOLIS (AP) — The Lutheran bodies, has decided to American Lutheran Church, a new drop the capital "T" in popular bapt merger of three separate usage of its name.

QUESTIONS & ANSWERS

HOW DO YOU HANDLE A ROOM THAT'S HARD TO HEAT?

You probably have in mind one or more of these problems: A room that's too far away from the furnace. Large window areas that are chilly. Or perhaps you simply want extra warmth for a nursery or children's bedroom. The quick and economical answer is to supplement the present system with flameless electric heat located exactly where it's needed most, and independently, automatically adjustable for any degree of warmth. One of the modern, easily installed units illustrated below can end your part-time shivering for good. It can even turn a problem area into one of the warmest parts of the house!

WHAT'S THE BEST WAY TO HEAT A NEWLY FINISHED UPSTAIRS, BASEMENT, ENCLOSED PORCH OR BREEZE-WAY? Without electric heat, you might have to overheat the rest of the house in order to make the new room livable. Electric heat can eliminate that extra burden on your present heating system and assure real comfort at all times. You can keep the room cooler when it's not in use, then feel it warm up quickly at a touch of its independent thermostat. The response is immediate, for the heat

source is right in the room. Several types of electric heating units are available, all easily installed at minimum cost and with minimum disruption of the household. You might also consider the room heat pump for maximum comfort all year round. This single unit, installed in an outside wall, gives you winter heating plus summer cooling.

WHAT IF YOU'D LIKE TO CONVERT THE WHOLE HOUSE TO MODERN FLAMELESS HEATING? Good insulation pays off with any heating system. So, first you should have adequate insulation, plus storm doors and windows. Any qualified electric heating contractor can tell you about the, industry-approved insulation standards for electric heat, and about the exact type of units you should have. Then, with clean and efficient electric heat, every room will be under separate heating control—readily adjustable for the comfort of the people who are in it, when they are in it. If you have central hot air heating, you may want the ultimate in modern climate control—a central electric heat pump. An electric heat pump can supply winter heating and summer air conditioning, often through existing ducts.

about

ELECTRIC HEAT FROM DETROIT EDISON

Electric baseboard units heat by both radiation and convection.

Radiant electric heating cable is easily embedded in ceilings.

In the walls, you can install either radiant, panel or forced air units.

Heat pumps, for one room or the entire home, heat and air condition, too.

Composer Will Conduct at U. of M. May Festival

ANN ARBOR (U. of M.)—American composer Aaron Copland will conduct two of his own works at the University of Michigan's 66th annual May Festival, it was announced today.

Copland will conduct the U. of M. orchestra in "orchestral variations" and his suite from "The Tender Land," during a concert scheduled for May 6.

The festival is slated for May 4-7.

Police Must Use Bikes

LONDON (UPI)—T. R. Pratt, chief constable of Bedfordshire, said he doesn't want his policemen to swap bicycles for motorcycles to patrol their rural beats. A constable "would lose that close personal contact he has with people in the villages," he said.

Report Sierawski New Hare Assistant

An announcement is due Monday turning Frank J. Sierawski, assistant to the Oakland County Democratic chairman, assistant to Secretary of State James M. Hare.

The Press also learned that Gordon Trave, now Hare's assistant and chairman of the 16th congressional district in Detroit, will move up to take Joseph Dodge's position as Hare's deputy.

Dodge resigned recently to return to private law practice and reportedly take a position with Wayne County Prosecutor Samuel H. Olson.

Neither Sierawski, Trave, or James M. Ginn, county chairman, would confirm or deny the reports. Hare was in Washington and Dodge was on vacation.

All Sierawski, 37, of 821 W. Breckinridge St., Ferndale, would say about his reported move from branch manager of the Secretary of State's office is that city was it will be "a big promotion."

Sierawski, who once challenged former county chairman Carlos G. Richardson, his boss, then, for convention chairman a year ago, has been branch manager since March 26, 1956. He

De Gaulle's Firmness Again Saves France

Prompt and dramatic action by Gen. DE GAULLE broke the back of the Algerian revolt against his leadership before it made much headway.

DE GAULLE was the man of the hour. One man alone saved France.

Under the very real threat of paratroop attack in Paris, Frenchmen rallied strongly to repel the imminent invasion. The same rightwing generals who had brought Gen. DE GAULLE to power in 1958 and two years later caused an abortive uprising, again headed the dissidents in Algeria.

Frustrated and embittered by many defeats and unimindful of the changing winds in Africa, these retired generals may even have believed that they were saving Algeria for France and France from communism. Out of touch with political reality, they invited a civil war in their homeland and its ruin.

France's allies rallied to the support of Gen. DE GAULLE. The United States offered its assistance and through diplomatic channels in Algiers warned the leader of the revolt—Gen. MAURICE CHALLE—that this country would use force to counter any rebellion in France itself. A fascist government there would destroy NATO.

Contrary to first fears, the sudden and complete collapse of the revolt and the unity shown by the French at home certainly strengthened De Gaulle's position. When negotiations for the Fifth Republic met on the border of France and Switzerland next month to discuss peace for Algeria, both sides can be confident that France has the ability to carry out its commitments.

Michigan Bell's Plans Indicate Better Future

Announcements voicing faith in Michigan are always welcome news. The \$86 million expansion program by Michigan Bell Telephone Company is such a story.

Over the long haul everything is supported by jobs and the salaries they provide.

When a large utility such as Michigan Bell makes plans for plant and expanded services it simply means they expect Michigan will provide the jobs to pay for this large outlay of money.

They must be ready for future growth and the analysis they make must be correct. Otherwise, they will be caught with too much, too soon or too little, too late. The economic advisers and study committees of our large utilities rarely make these mistakes.

Michigan Bell like other utilities must be prepared for the years ahead. When a new customer comes along they must be ready with the service. That's why their specialists must study the future and be as accurate as humanly possible.

Confidence like this in Michigan is another indication that our great State is on the road to future prosperity.

They Were Freely Given; Let's Help Restore Them

Today is Michigan's official Arbor Day, by proclamation of our Governor.

While this may reach you too late to plant a tree today, any other day will do.

There are some special reasons

why the good people of the Pontiac area should feel an urge to plant trees.

Somewhat to the discredit of our ancestors, they plundered the local forests, and did nothing to restore them.

The basis of our early big personal fortunes was the primeval forest.

Our first millionaires made it in timber.

Our forests were largely responsible for the good old times.

Mother Nature supplied the material.

Our lumber barons merely picked it up.

The benefits of those fortunes have, in some degree, been passed down to us.

We can show our appreciation, help ourselves, and help nature assist our descendants, by the planting of trees.

A mere threadlike pine seedling will surprise you in its growth.

A soft maple will do it even faster.

And the slow growing, but sturdy and solid oak, symbol of our County, will supply the most permanent foundation for your heritage.

The Man About Town

Centennial Notes

Brief Items Concerning the Coming Big Affair

Personal peeve: To hear anybody under 90 called an olderster.

Composer of poetry that has been used in many such events.

E. F. Womack

of Highland has an appointment with the Pontiac Centennial Committee in charge of that event, and offers to do some original work for the pageant. His offerings are copyrighted, and have appeared on plaques and other souvenirs over a wide area.

Writing me from his present home in Detroit,

Amos McKee

says that when he lived in Pontiac 50 years ago several of our men were whippers so long that they tucked them inside their pants.

Having an exceptional interest in the Centennial is 93-year-old

Mrs. Cora Gordon,

also of Highland. Her husband owned the Gordon Vinegar Company, located on South Paddock Street, near the railroad, and they lived in Pontiac from 1902 until 1918. She is a remarkable woman, lives alone, and sews a lot, and likes to entertain.

First to report tulips in full bloom is

Mrs. Eugene Chapska

of Waterford, whose Red Emperors measure over seven inches across when spread out.

Calling our Michigan Legislature "a gem of confusion," that astute political observer,

Royce Leks

of Birmingham, phones that leadership in Lansing is on a holiday.

Verbal Orchids to—

Mr. and Mrs. George C. Hodge

of 111 Virginia Ave.; 58th wedding anniversary.

Mrs. John Geils

of 3151 Pontiac Lake Road; 88th birthday.

Mr. and Mrs. Roy E. Coombs

of 27 Osceola Drive; golden wedding.

Mr. and Mrs. Jesse R. Morrison

of 393 Irwin Ave.; 53rd wedding anniversary.

Mrs. Nora Hilecox

of Auburn Heights; 81st birthday.

Mr. and Mrs. George H. Look

of West Bloomfield; 61st wedding anniversary.

Gregory Orent

of Birmingham; 82nd birthday.

Mr. and Mrs. Robert E. Wallace

of Lake Orion; 56th wedding anniversary.

Mr. and Mrs. Eugene Cobb

of Holly; golden wedding.

Mrs. Randall Phillips

of Metamora; 81st birthday.

George L. Peterson

of Lapeer; 82nd birthday.

David Lawrence Says: JFK Killing Private School Hopes

WASHINGTON—President Kennedy may have dealt a fatal blow to the movement to obtain money from the federal government to subsidize public schools.

He has just denied the legislature of a sovereign state—Virginia—be compelled to take punitive action against a single county for failing to open its schools or else abandon the whole public school system throughout the state.

In view of this development, will Congress now take a chance and appropriate money that gives a bureau in Washington potential power over the operation of the public schools throughout the United States?

To tell a state how it must appropriate its funds, how it shall set up its own system of education, and what steps it must take to satisfy the federal government's demands is unprecedented in American history. Yet this, in effect, is the authority sought by the Department of Justice, with the approval of the President, in applying to a federal court for an order against the State of Virginia.

The step is far-reaching. It could mean that in the future the federal government could even tell a state it must have a uniform system of government applying to every county or city.

It so happens that the State of Virginia permits its counties and independent cities to adopt, as they choose, various forms of executive management or control by boards of supervisors elected by the people.

But, under the theory just applied by the U. S. Department of Justice, the counties and municipalities would not be permitted to have their own forms of local government, but would have to get a state uniform throughout the state.

If any county or city deviated, it would be in danger of being compelled to accept an order of the federal government in Washington served upon the state through the courts.

This doctrine is, of course, based upon the concept of the Fourteenth Amendment which the Supreme Court of the United States proclaimed in its "desegregation" decisions in 1954. The point was made then that "equal protection of the laws" means equal application of state laws to children attending public schools.

For months now, the lobbyists for federal aid to education and the politicians who hope to get votes through promised increases in teachers' salaries have been

denying that any form of federal control of education would be involved in current proposals for financial aid to state schools.

Now it turns out that, without any specific right granted through existing law, an executive order could be issued—or a court decree sought by direct intervention of the federal government—telling a state how to run its educational system.

The federal government is demanding not only that a state reopen public schools in a particular county but that it shall stop state and county tuition grants for the use of parents who send their children to private schools and cease to pay from state funds for the "maintenance and operation of public schools anywhere in Virginia" as long as the public schools in one county are closed.

This can only mean that the federal government now feels it can interfere in any tuition grants, fellowships, scholarships or other

forms of aid if it doesn't like the way the states operate such educational programs.

If the federal government can tell the State of Virginia that it cannot provide funds for its public schools unless it makes every county and city conform to a pattern approved by the federal government, then constitutional government, as it has been known since the founding of the Republic, indeed will have vanished.

Government by executive order or court decree will have supplanted acts of Congress and the laws of 50 state legislatures.

(Copyright 1961.)

THOUGHTS FOR TODAY

For I know that the Lord is great, and that our Lord is above all gods.—Psalm 135.

Who guides below and rules above, the great disposer and mighty king; then He none greater, next to Him can be, or is, or was; supreme, He singly fills the throne.—Hidcock.

Dr. William Brady Asks: Just What Is Arthritis? Tell Me If You Know

If you are not a victim of the "arthritis" obsession this will not interest you.

If you believe you have arthritis, tell me, just what do you think arthritis is? If you are fairly confident that you have arthritis, better let it go at that. Why embarrass your specialist?

If you don't feel around with an ordinary doctor, would you? With questions such as:

1. Doctor, please tell me, just what is arthritis?

2. What is the difference between arthritis and rheumatism?

3. How many modern miracle or wonder drugs that have given promise have proven worthless?

Should you find a doctor or a specialist who will answer the first two questions for publication in this column—a doctor or specialist of good professional standing, that is—send the answer to me, with the doctor's permission to print, and mention whether you would prefer a year's subscription to this newspaper or the Pocket Encyclopedia of Health.

Americans are inordinately fond of glib names and what they consider smart or plausible explanations for the ill health or misconduct.

Right now "ulcer" is the word. Nerves and arteries are getting a rest and the stomach and duodenum are getting the treatment.

Peptic (gastric or duodenal) ulcer happens, of course, but by no means as commonly as the glib allusions to "ulcer" might lead the uninformed to suppose.

This being a health column, I shall say nothing about the symptoms or treatment of peptic ulcer. Only your own physician can answer these questions intelligently.

But I have a pamphlet, Yankee Stomach, which tells how to prevent or relieve many familiar complaints such as hyperacidity, heartburn, hunger pains, gas, sensation of heaviness or fullness after eating, sour stomach, waterbrash, acid eructation, bloating and irritability due to such discomforts.

If you have the remotest idea

that your digestive trouble is ulcer, send me a stamped, self-addressed envelope and ask for the pamphlet. I'll send it will do you no harm.

Send letters, not more than one personal health and hygiene, not editorial or business letters, to Dr. William Brady, c/o The Pontiac Press, Pontiac, Michigan. (Copyright 1961.)

By DR. GEORGE W. CRANE, CASE II—Dr. Carolyn D., is graduating from high school this term.

"Dr. Crane," she began, "I had addressed her high school convocation, 'my parents' can't send me to college."

"But I realize it is wise to take some extra schooling, so what do you advise?"

"My grandmother would lend me \$1,000, but that wouldn't put me through four years at the university."

"If you can get a year of college, you will generally be much better prepared for life by spending that one year in a modern business college."

For such colleges compress the practical courses from the four years at a university and condense them into that single year.

You will thus take courses in applied psychology, public speaking, business English, business law, accounting, as well as typewriting, shorthand and bookkeeping.

After that year you can then obtain a good position at a fine salary.

For business and professional men are literally begging for good secretaries with a knowledge of English grammar, spelling and ability to type rapidly.

Then, if you will have the urge to become a school teacher or a professional man, you can earn your way through the uni-

versity by your business college ability.

Many girls thus take half-time work at the university and finance their entire expenses by their office jobs.

Young men often hold full time jobs day and then take half-time work at the night departments of their university.

They may thus string out their college for 5 or 6 years, but they can finance it easily because they have first earned a business college diploma and thus have a well paying job.

ADVICE FOR BRIDES

Girls, the finest preparation you can ever obtain for opening a successful home is to have a business college diploma.

The modern husband needs a versatile wife who can compute his income tax for him. Business college teaches you how to do that.

He wants a wife who can speak in public and handle an audience gracefully. Business college offers you those talents.

He also prefers a wife who has tact and diplomacy and who knows how to win friends and be a superb human relations exponent.

Your applied psychology course in business college gives you this versatile training.

Moreover, your bookkeeping talents will be of definite value in operating your household on a budget.

Your knowledge of business law will likewise prove an asset when you sign contracts for installment buying or a sales contract for a new home.

In my wide experience in teaching at George Washington and Northwestern Universities, plus my many commencement addresses at

Voice of the People: 'Clean-Up Time Is Here; Do Something About Dogs'

Since clean-up time is here and we're fiding to have a nice clean city for the Centennial, let's do something about dogs running loose. They are unsanitary, messy nuisance. If city people have other pets, why can't they be made to keep them in their own yards? Even night dog owners can be seen walking dogs on other people's lawns. I am told that a park on West Huron Street is so filthy from dogs that one scarcely dares set foot there.

'Should Observe Miracle of Plants'

Springtime is here and it seems appropriate to observe the amazing and wonderful miracle of plants. A month ago I scraped a few minute dried seeds off a newspaper that I'd saved from fall and planted them in a flower pot. Now I have about 50 tomato plants about 4 inches high and will expect ripe tomatoes about the Fourth of July. With four children to feed and care for this is certainly wonderful.

How much greater a miracle and fitting to the peaceful reality, to make a simple housewife overwhelmed by the miracle.

God placed man in the Garden of Eden and this is really His ultimate intent of flying around in space capsules. How utterly ridiculous, this spaceman's folly! A Garden Lover

'Gals Are Sorry Lot According to TV'

Do girls of today wonder why they are the pursued rather than the pursuer? The age-old question that arises in a boy's mind from 10 years on is "What are little girls made of?"

Thirty years ago she was a strange little thing who had a boy felt privileged to work all week earning enough money to take her out on Saturday night.

Today, according to TV commercials, she is a scrawny or obese person with who has a plump face hidden by cream and powder, has sagging bras, wears rubberized hose to support the varicose veins, has a beaming smile that hid up with a creeping grin, and her breath is like that of a camel.

Not very romantic, is it?

Of course, she doesn't help herself either. She chooses to wear football pants, long black cotton stockings, flat shoes, a cigarette hanging on her lip and wonders why the boys won't date her even if she picks up the tab.

Happy Married

This pond may be all right for wild ducks, frogs and swarms of mosquitoes, but not for people.

Mrs. Mark W. Kinney

1220 Mt. Clemens St.

'Few People Borrow During Bad Times'

Most everyone thinks that finance companies are busy lending cash during bad times. This is a grossly mistaken belief. Actually, people borrow much more freely when general business is good, when work is steady at good wages, and ability to repay is forecast.

When times are bad, people become cautious, cut expenses, postpone purchases, even postpone needed surgical operations, and tighten up on all of their commitments.

Sad sales conditions cause slow sales, collection troubles, increased losses, and are a headache for all kinds of businesses, especially for extenders of cash or merchandise credit.

Norman Buckner

He also prefers a wife who has tact and diplomacy and who knows how to win friends and be a superb human relations exponent.

Your applied psychology course in business college gives you this versatile training.

Moreover, your bookkeeping talents will be of definite value in operating your household on a budget.

Your knowledge of business law will likewise prove an asset when you sign contracts for installment buying or a sales contract for a new home.

In my wide experience in teaching at George Washington and Northwestern Universities, plus my many commencement addresses at

liberal arts and business colleges. I have come to the mature conclusion that everybody should have a full year of business college before going into any other profession.

Even our voters would be far more intelligent and our Congress-

men would safeguard our taxes far better if they had obtained the versatile training that our 1,500 American business colleges now offer.

Business shrewdness is basic to our entire "free enterprise" system and the Republic, yet most Americans still continue "grow" with "net" profit.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long to stamped, self-addressed envelope and ask for the pamphlet. I'll send it will do you no harm.

Inquiry to Resume in Break-In Attempt

Examination of four men accused of the attempted burglary of a Pontiac supermarket will resume May 3 in Municipal Court. Preliminary hearings before Judge Cecil McCallum began yesterday for Clayton N. Knepler, 40, 20 N. Edith St., Elish Zimmerman, 41, 47 Hillside St., Bloomfield Town-

ship; and Franklin Brock, 28, and Robert Weatherbee, 47, both of 843 Melrose Ave.

They are accused of attempting to break into People's Food-O-Mat, 465 E. Pike St., April 16. Examination of Lemmie Slovick, 31, 590 Highland Ave., was postponed yesterday in Municipal Court to May 3. Accused of stealing a shotgun from a Pontiac home, he was released on \$2,000 bond by McCallum.

Examination of Anna F. Taylor, 33, 101 Reburn Ave., was postponed to May 17. She is charged with felonious assault in the cutting of another woman's face with a straight razor.

After a Somali warrior has slain his second man in combat he wears an iron bracelet on his left arm.

Highway Dept. Sells Surplus Land for \$8,975

Four parcels of State Highway Department surplus property in Oakland county were sold at public auction Tuesday for \$8,975. No bids were received on five other Oakland county parcels and on a single Macomb county property offered at the sale.

The Branch Corp. of Birmingham was successful bidder at \$8,000 on 185 landlocked acres on Interstate 96 Freeway about one-quarter of a mile east of Old "Punk Head" in Novi Township. Lowest acceptable price set on the parcel by the highway department was \$5,000.

Ardeyne M. Moore of Detroit was successful bidder at \$500 for a lot on the southwest corner of Randall Avenue and Interstate 96 near Orchard Lake Road. The final bid was \$100 over the minimum price.

Lawrence H. Lopaten of Southfield bid the minimum, \$500 for seven landlocked acres at the southeast corner of Interstate 96 and Beck Road 2.5 miles north of Novi.

John Killeen of Novi bid the minimum \$25 for a landlocked lot at the southeast corner of Interstate 96 and Novi Road interchange one-half mile north of Novi.

Nazis Offered to Barter Jews for Trucks

By BOB CONSIDINE
NEW YORK — In the final year of World War II, prominent Nazis, including Adolf Eichmann and his boss Heinrich Himmler, engaged in an astonishing series of talks with Jewish spokesmen.

At stake were the lives of tens of thousands of Jews earmarked for the ovens of Auschwitz and other modes of death.

Some of the stunning tension of those talks emerges from the summary report of the War Refugee Board's executive director, Gen. Bill O'Dwyer, made to the secretary of State, Treasury and War on Sept. 15, 1945.

"With the detection in Nazi ranks evidenced by the attack on Hitler's life and the mounting successes of the Allied armies in the spring and summer of 1944, the Gestapo showed signs of shifting their interest from the biological aspects of Jewish extermination to the purely military benefits in labor, goods and money which could be derived from the Jews in their hands," one passage begins.

Eichmann approached Joel Brandt, a member of the Budapest Jewish Community, in the spring of 1944 with a fantastic offer which the War Refugee Board soon found out about.

Flown to Istanbul in a German courier plane, Brandt quietly unveiled the deal:

The Nazis would stop the killing and deportation of Hungarian Jews in return for 20,000 "winterized" trucks (to be used only against the Russians), 200 tons of tea, 800 tons of coffee and 2 million cakes of soap.

The Board, with the approval of the State Department, heartily Brandt out.

It was the verdict of the State Department that this was a double-barreled menace: The Nazis were attempting to use the Jews in their hands as pawns for economic and military benefit and also to split the Allies.

The offer was rejected, which in time meant death for countless Jews.

The Nazis next offered their ghastly bargain through Portugal, Switzerland and Sweden. The O'Dwyer report reads:

"The Germans attempted to initiate negotiations with Selb Mayer, a Swiss citizen, leader of the Swiss Jewish Community.

"As proof of their good faith, the Germans agreed to deliver a convoy of 500 Jewish internees from Bergen-Belsen to Switzerland and to cease deportations from Hungary.

CLOSE TO HIMMLER

"The German negotiators were headed by the SS commercial rep-

resentative for Hungary, Kurt Becher, who claimed to be close to Himmler and the notorious Karl (Adolf) Eichmann, charged with deporting Jews from Hungary."

The board and State Department considered these talks, keeping the British and Russians advised. Mayer was instructed to haggle as long as possible.

Negotiation went on for months as he played his desperate game of stalling against the day when military victory would save the doomed.

To keep the Nazis "on the hook," the board permitted the American Jewish Joint Distribution Committee to transfer \$5 million to a special account in Switzerland.

This was "proof" that Mayer was there to do business. Not a penny of it was ever spent in that connection.

The nervous Nazis unwittingly revealed much about their treatment of Jews during these talks, and piled Mayer with concessions.

As a gesture, they let 1,873 Hungarian Jews go and saw them safely to Switzerland. Seventeen thousand who were headed for Auschwitz in August 1944, were sent instead to Austria.

Barrage of Bottles
Routs Two Gunmen

OAKLAND, Calif. (UPI) — An Oakland liquor store owner and a friend "scotched" the attempt of two gunmen to hold up the A and B Liquor Store.

Willard Wright, 60, and Frank Strathdee, 62, chased off the rifle-carrying bandits by pelting them with whisky bottles from a shelf behind the counter.

Ghastly Statistics Filed Today in Adolf's Trial

JERUSALEM (AP)—Nazi planners mapped the annihilation of all the Jews in Europe—11 million men, women and children—to fulfill the "final solution of the Jewish problem," the court trying Adolf Eichmann was told today.

By 1944, an affidavit said, Eichmann estimated that six million already had been killed.

The ghastly statistics came into evidence as the prosecution entered more documents, especially the agenda for the Wannsee Conference held on Jan. 20, 1942. It was at this conference that the participants were advised that the term "final solution" was to mean death for the Jews.

Eichmann was present at the meeting.

Atty. Gen. Gideon Hausner put into evidence the agenda for the session and quoted a passage: "With regard to the final solution, 11 million are to be taken into account."

EXTENSIVE PLANNED

The plan for total extermination of European Jewry was predicated on Nazi Germany's victory in World War II.

"Long work columns, with males and females separated, will be brought to these areas (in the East) to build roads, in which undoubtedly a large number will fall out through natural attrition," the notes of the conference continued.

Those hardy enough to survive were to be given "special treatment," the Nazi document said.

"We know from the words of the accused what this meant," Hausner told the court, "and we

have it in black and white—evidence well over 100 written pieces of testimony. This, however, is less than one-tenth of the one-fifth that of all Australia.

1,500-odd that will go into the record before the trial ends.

Hausner told the judges today that June 15 is his target date for concluding the state's case. But he said it might take until the end of June.

Sydney, Australia, has a population of about two million or about one-fifth that of all Australia.

Seek Bank Branch at County Center

It will be recommended to the County Board of Supervisors Monday that the Community National Bank be granted a two-year lease to construct a branch office at the site of the new courthouse.

The ways and means committee will recommend the lease at \$150 a month.

Should the branch office be constructed, it would represent the first public business located on the County Service Center. The rest are county buildings.

The site to be recommended is just south of the central garage and east of the new courthouse.

Pontiac, Nearby Area Deaths

LAWRENCE A. BEEMUS, Lawrence A. Beemus, 41, of 3121 Wamanager St., Waterford Township, died suddenly Thursday at Pontiac Osteopathic Hospital.

He was employed in the materials department at Fisher Body.

Survivors include his wife Dede M.; four sons, Robert, Allen, John and Larry; and five daughters, Linda, Florence, Cheryl, Kim and Suzanne, all at home. Also surviving are two brothers, Clarence of Drayton Plains and Lewis of Erie, Pa.; and a sister, Mrs. Elance Barnes of Pontiac.

Service will be held Saturday at 2 p.m. from the Virgo E. Kinsey Funeral Home. Burial will be in White Chapel Cemetery.

RUSSELL G. BLANCH — Russell G. Blanch, 35, of 478 Parkland St., Clawson, died Thursday at Detroit Osteopathic Hospital following a brief illness.

A former Pontiac resident, he was a member of St. John's Methodist Church in Royal Oak and was employed as a sheet metal worker in Detroit.

Survivors include his wife, Charlotte M.; his mother, Mrs. Harold H. Blanch; a son, Michael; and a daughter, Linda, both of Clawson.

Clawson Chapter No. 495 O.E.S. will have a memorial service at the Virgo E. Kinsey Funeral Home at 8 p.m. Sunday. Service will be held at 1 p.m. Monday from the Virgo E. Kinsey Funeral Home in Royal Oak.

GREGORY L. SHURN — Gregory L. Shurn, 21-month-old son of Mr. and Mrs. Elmer Shurn of 506 S. Paddock St., died Monday following a short illness.

Surviving besides his parents, are two sisters, Gwen Deborah and Donna Jean; and a brother, Michael D., all of Pontiac.

Service will be held Saturday at 2 p.m. from the St. James Missionary Baptist Church. Burial will be in Oak Hill Cemetery.

His body is at Frank Carruthers Funeral Home.

NORMAN H. BAGGETT — AVON TOWNSHIP — Service for Norman H. Baggett, 33, of 2385 Longview St., will be 2 p.m. tomorrow at the Pixley Funeral Home, Rochester. Burial will be in White Chapel Memorial Cemetery, Troy.

Mr. Baggett died Wednesday of a heart attack at St. Joseph Hospital, Mount Clemens.

Surviving besides his wife Jewell are three brothers and three sisters.

EDWARD E. JOHNSON — TROY — Service for Edward E. Johnson, 51, of 2649 Crooks Road, will be 1 p.m. tomorrow at the Price Funeral Home. Burial will be in White Chapel Memorial Cemetery.

Mr. Johnson died yesterday at his home following a brief illness.

He was a teacher at Wilkinson Junior High School in Madison Heights and was formerly employed with the Tri-City Real Estate Co. in Clawson.

He was a past member of the Troy Board of Education and the Troy Chapter of the S.P.E.R.O.A.

Troy Rotary Club, a member of the Tau Kappa Epsilon and Filley Baptist Church, Troy, where he was a past song leader.

Surviving are his wife Adella; two sons, Thomas and Richard, both at home; and a sister.

JOHN PALACKY — FARMINGTON — Service for John Palacky, 79, of 3802 12-Mile Road, will be at 1 p.m. tomorrow at the Thayer Funeral Home with burial in West Farmington Cemetery.

Mr. Palacky died unexpectedly of a heart attack at his home yesterday.

Surviving are two daughters, Mrs. Anna Burkett of Wayne and Mrs. Bees Gaffney of Novi; two sons, Edward of Farmington and Jerry of Manchester; a grand daughter and a sister.

MRS. ORLO F. SHEARMAN — KEEGO HARBOR — Service for Mrs. Orlo F. (Alma H.) Shearman, 70, of 2306 Hester Court, will be at 2:30 p.m. tomorrow at the C. J. Godhardt Funeral Home. Burial will be in White Chapel Memorial Cemetery, Troy.

Mrs. Shearman died yesterday after a long illness. She was a member of the German Lutheran Church.

She is survived by four daughters, Mrs. Harry Fitzpatrick of Keego Harbor, Mrs. Arthur Edler

of Muskegon, Mrs. Clarence Burmeister of Milford and Mrs. Walter C. Baker of Muncie, Ind.; two sons, Sgt. I.C. Donald E. Shearman of Virginia and Sgt. I.C. Harry B. Sherman of Germany; 14 grandchildren and 16 great-grandchildren.

ERICK J. YOUNGGREN — UNION LAKE — Prayer service for Erick J. Younggren, 18-month-old son of Mr. and Mrs. Mark Younggren of 2028 Alsop Ave., will be at 11 a.m. tomorrow at the William Vasu Funeral Home, Royal Oak. Burial will be in Holy Sepulchre Cemetery, Southfield.

The child died yesterday following a traffic accident near his home. Surviving besides his parents are a brother, Paul, and four sisters, Carol, Patricia, Sheri and Kristin.

Two-Pound Baby Lives — LONDON (AP)—Doctors fought to save the life of a two-pound baby girl born prematurely to British actress Sylvia Sims. The baby, more than two months premature, was placed in an oxygen tent at birth Wednesday. The actress, 27, wife of Alan Edney, was reported "very ill but recovering."

Rewrite of Constitution Waited by Florida Solons — TALLAHASSEE, Fla. (UPI)—The legislature was expected to receive today a rewrite of Florida's 1885 constitution.

The proposed new constitution, backed by Gov. Farris Bryant, would give the state a lieutenant governor and its 67 counties a limited amount of "home rule."

To Be Sentenced for Illegal Liquor

A Pontiac man was found guilty of possessing and maintaining an illegal liquor place at his home yesterday by Municipal Judge Cecil McCallum.

Oscar Atkins, 36, 548 Wyoming Ave., will be sentenced May 2. He was one of eight persons arrested in a raid by Pontiac police vice squad officers.

McCallum found Vera Miles, 27, 401 Bagley St., and Joyce Martin, 27, 408 Bagley St., not guilty of luring in an illegal liquor place.

Five others charged with luring earlier pleaded guilty and were fined \$20 each—or three days in the Oakland County jail if the fines were not paid.

Rewrite of Constitution Waited by Florida Solons — TALLAHASSEE, Fla. (UPI)—The legislature was expected to receive today a rewrite of Florida's 1885 constitution.

Setting Line of March for Centennial Parade

Plans are jelling for the two-hour-long parade that will kick off Pontiac's Centennial celebration Saturday, June 17.

Sherwin M. Birnkant, chairman of the parade committee, said that the tentative line of march for more than 300 units should be completed by May 15.

Birnkant said the rush to join the parade has been so great that some potential paraders may have to be turned away.

The committee is now reviewing initial applications with the aim of presenting a balanced stream of bands, floats, marching units and other attractions, said Birnkant.

Only those units that have been sanctioned by the committee in advance will take part in the parade. Application blanks for parade participation are available at Centennial headquarters in the Pontiac Public Library.

Birnkant said letters of application may be sent to him at Centennial headquarters.

"When the line of march is tentatively scheduled, participants will be notified of their individual spots," he said.

at 2:30 p.m. on downtown Saginaw Street, is expected to draw one of the largest crowds in Pontiac history.

Slate Hearing for Oak Parker in Building Fraud

MOUNT CLEMENS—Jay Schultz, 29, a former Oak Park builder, stood mute here yesterday to charges of defrauding prospective home builders of more than \$60,000.

Justice Francis A. Castellucci released Schultz on \$3,000 bond and scheduled examination May 12 on charges of larceny by conversion and violation of the State Builders' Trust Act.

Schultz, of 21611 Whitmore St., is president of the now bankrupt Jay Schultz, Inc., and its sales outlet, New Home Sales, Inc., both of 10421 Franklin.

They are the firms which allegedly defrauded would-be home builders in Warren and in Richmond and Clinton Township by taking money and then failing to start or complete their homes.

To bring Schultz to court, his attorney, Albert A. Goldfarb had to sign a release for his client from the Veterans' Administration Hospital in Ann Arbor. Hospital officials there said Schultz was "mentally and emotionally very ill" and "capable of bringing harm to himself or others."

Goldfarb said Schultz would enter another area hospital but would not disclose which one.

DR. R. H. DIXON JR.

Minister to Talk at Annual Dinner of Urban League

Rev. Dr. Richard H. Dixon Jr., former pastor of the Trinity Baptist Church, will speak at the Pontiac Urban League's 11th annual dinner meeting, Wednesday at 6:30 p.m. in the Elks Temple on Orchard Lake Avenue.

New pastor of the Macedonia Baptist Church in Mount Vernon, N. Y., Dr. Dixon served as president of the Pontiac Council for Human Relations, was organizer and president for seven years of the Oakland County Ministerial Fellowship, and served as member of the board of directors of the NAACP and the Urban League while in Pontiac.

He also served on the board of directors of All Organizations of Pontiac, and as president of the Rema Club and the Pontiac Pastors Association.

The Urban League will present its annual award to the person or organization contributing most to racial understanding in the community during this dinner meeting.

Gagarin Goes Visiting

MOSCOW (AP)—Yuri Gagarin, the first spaceman, goes to Prague today on a two-day visit at the invitation of the Czech government, the official Soviet news agency Tass announced.

CHOICE OF CHIROPRACTORS — Picked to represent Pontiac in a State Posture Question May 3 is Miss Nancy Serra, 18, of 3642 Silver Sand Rd., Drayton Plains. The selection is part of Correct Posture Week, and Miss Serra looks over the proclamation of Mayor Philip E. Rowston, left, with Dr. James Whitmer, local chairman of chiropractors, and last year's local representative Miss Barbara Cor, of 3630 Cooley Lake Rd., Waterford Township.

Need for Recreational Centers Placed in Hands of Committee

The Citizens Advisory Committee to the City Commission has agreed to undertake a public opinion survey on the need for recreational centers in Pontiac.

The proposal was put to the 70-member organization last night as it met for a tour of the new Pontiac Municipal Airport terminal.

Ask Board Aid on Insurance

School Employees Nix Pay Raise, Want Funds for Blue Cross-Shield

Operations and maintenance employees in the Pontiac School District don't want a raise in pay next year.

This was the proposal placed before the Pontiac Board of Education Thursday by Victor L. Smithers, president of Pontiac Local 715 of the American Federation of State, County, and Municipal Employees Union (AFL-CIO).

The local is asking the board to put the cost-of-living increase and "any appropriations planned for a wage hike" into payment toward Blue Cross-Blue Shield premiums for its members.

Such a proposal, costing about \$20,000 annually, was first suggested in March. Since then the union has stuck by its demand in a series of meetings with the administration.

Board members say if the workers get what they're asking, it would set a precedent. No payment toward hospitalization are made by any of Oakland County's 27 school districts, according to Dr. Otto C. Hufziger, assistant superintendent.

NO INCOME TAX

"The board is going to give us a cost of living increase and we said Smithers, 'All we ask is that this be used to pay a part of monthly premiums instead of just added to our weekly paycheck.'"

"Money paid in premiums directly does not appear as an income item on the employees' W2 forms and consequently income tax does not have to be paid on it," he explained.

"Fringe benefits are a trend in industry and should be followed locally," he asserted. "All of our members approve the measure."

The school board fears that if such a benefit were approved, similar requests would come from secular, teaching and administrative personnel.

"This would create added clerical burden on the payroll department," Hufziger said.

The union said it would agree to a set figure instead of a percentage of the premium, therefore guarding the school district's cost against rate increases.

The board moved to give the proposal study and give a decision at the next regular meeting.

Backs Self-Censorship

NEW YORK (AP) — President Kennedy's call for self-censorship by the press in the interest of national security was endorsed today by James G. Hagerly, vice president in charge of news and public affairs for the American Broadcasting Co.

Secession Plan Defeated ... Because of Finances

By DON VERMOYLE

An attempt to detach a tax-rich Bloomfield Township subdivision from the Avondale School District was defeated unanimously yesterday by the Oakland County Board of Education.

Armed with charts, maps and petitions, residents of the Chapel Hill subdivision explained in a carefully prepared presentation, why they thought their area should be withdrawn from Avondale and annexed to the Bloomfield Hills School District.

Opposing the move were members of the Avondale Board of Education. Avondale School Supt. Leroy R. Watt and Merrill O. Bates, trustee on the Bloomfield Hills Board of Education.

Bruce Greene of 1277 Ashover Drive and Roy L. Butler, 1284 Ashover Drive, both of Bloomfield Township, were the chief spokesmen for the Chapel Hills group that was seeking secession.

Greene said a petition requesting the county school board to approve the transfer in school districts had been signed by 130 of the 136 homeowners in the subdivision.

He said the "transfer would provide better education for our children" and help relieve the "overcrowding in the Avondale School District."

"We feel that the Avondale School District does not meet our children's educational needs," said Greene, who added that this was no reflection on the administration, school board or teaching staff in the district.

He said the problems of the Avondale district were mainly financial due to "the lack of an adequate tax base" and a growing school population.

Studies of anticipated population and industrial growth in the area, according to Greene, showed the Avondale district would have an even less adequate tax base in five to 10 years.

He cited as his sources officials of the Detroit Edison Co., Consumers Power Co. and the Detroit Metropolitan Area Regional Planning Commission.

Butler gave a more detailed account on finances and presented figures, which he said proved the millage rate in the Avondale district would nearly double within 10 years.

However, Earl C. Wilson, vice president of the Avondale school board, said the figures presented by Butler were misleading.

Wilson said Butler's figures were based on the premise that school districts were self-supporting. He pointed out that only 26 per cent of Avondale's school taxes were collected locally. He said the rest came from the state, county and other sources.

Wilson, whose home at 1781 Squirrel Road in Bloomfield Township is opposite Chapel Hills, also disagreed with Greene's theory that township boundary lines should divide school districts.

NATURAL BOUNDARY

Wilson said the route of the proposed Chrysler Expressway would be a more natural boundary for the district. Chapel Hills is north of the expressway route and south of South Boulevard.

He stated that Chapel Hills represents 6.7 per cent of the Avondale district's tax base. Removing the subdivision from Avondale would work a hardship on the rest of the district, he said.

Other Avondale school board members, including G. C. Gramling, president; Floyd L. Cobb Jr., treasurer; and George Graner, trustee, also spoke against the transfer.

The final blow to the proposed transfer was delivered by Bates, past president of the Bloomfield Hills Board of Education and former member of the state and county school boards.

Bates said Bloomfield Hills school board members had adopted a resolution, opposing any annexation of areas outside their district.

"Any change in our boundaries would disrupt long-range plans made several years ago for the Bloomfield Hills district," Bates said.

Following Bates' statement, the County Board of Education voted 5-0 against the petition for transfer by the Chapel Hills group since it would cause a "financial hardship" to the Avondale School District.

Royal Oak Twp. Suspends Chief

Fire Department Head Charged With Illegal Use of Road Material

ROYAL OAK TOWNSHIP — Fire Chief Samuel D. Mitchell, charged with embezzling road material from the Oakland County Road Commission, was suspended indefinitely last night by the Township Board.

Mitchell is charged with using asphalt material to pave a driveway at his home at 26755 Mitchell St. between May 18, 1959 and Sept. 1, 1960.

Supervisor Edward Dickens said that the township board received three signed affidavits from three persons last January stating that Mitchell had used the county road material to surface the driveway of his home.

ADMONITS USE

At that time Dickens said Mitchell admitted using the asphalt intended for road patching because it was laid and had to be used within 24 hours.

The fire chief was released on a \$2,500 bond after his arraignment Tuesday before Justice of Peace Louis C. Cash.

He demanded a hearing and his examination was set for yesterday but the hearing was postponed until next Thursday at the request of Mitchell's attorney Edmund Tryler, who wanted additional time to study the case.

Dickens said that even though Mitchell has been under fire since January he has been allowed to remain in his job. He was suspended today to await the outcome of the court's action next week.

Reuther Is Accused of Libeling Senator

WASHINGTON (AP) — Sen. Carl T. Curtis, R-Mich., has accused labor leader Walter Reuther of issuing a libelous and slanderous statement that is an attack upon the Senate.

"Let him (Curtis) sue if he thinks he has been libeled," replied a spokesman for Reuther. Reuther himself declined to comment.

Curtis' charges came in reply to a statement Reuther made seven weeks ago. Reuther said then that an allegation of Sen. Curtis "is downright false."

"It is Mr. Reuther who is guilty of making statements that are downright false," Curtis told the Senate Thursday.

The charges and counter-charges between Curtis and Reuther stem from a Senate committee meeting March 9 that neither attended.

Secretary of Labor Arthur J. Goldberg was testifying before the finance committee on the administration's unemployment compensation bill.

QUESTIONS LAYOFF

Curtis was at a funeral but he had asked Sen. Wallace F. Bennett, R-Utah, to pose a question for him.

Curtis' question: Was it true that Reuther had persuaded the automobile industry to lay off workers in an action that inflated the nation's unemployment to 6.5 per cent?

Goldberg called the suggestion "inane," and Reuther fired off an angry telegram to the committee.

In it, Reuther, president of the United Auto Workers, said the purpose of the question was to create an impression that unemployment statistics were exaggerated.

"The allegation in Sen. Curtis' question is downright false," Reuther said. "The insinuation that the automobile corporations and our union would conspire to rig the unemployment figures is a challenge to their integrity as well as ours."

School Election Registration Date Set for May 15

The deadline to register for the spring school election in Pontiac has been set for May 15.

All unregistered persons must register by 8 p.m. that date to be eligible to vote in the June 12 school board election.

The board approved the date Thursday. Application for registration should be made at the city clerk's office.

Up for reelection will be William H. Anderson, vice president of the board. James R. Jenkins will also be up for election.

Jenkins was appointed to fill the board post left vacant early this year by the resignation of Louis H. Schimmel, whose term expires in June. Neither man has formally announced his candidacy as yet.

Sets Yearly Card Party

WEST BLOOMFIELD TOWNSHIP — The Twin Beach Civic Association will hold its third annual card party tomorrow at 8 p.m. at the Twin Beach Elementary School, 7149 Oakley Park Road.

Proceeds will go for neighborhood improvements.

Cuban Invasion Inquiry Delayed

'Emergencies' Prevent Bowles' Appearance, Force Postponement

WASHINGTON (AP) — A Senate inquiry into the Cuban invasion was postponed today until Monday when Acting Secretary of State Chester Bowles said "several emergencies" would prevent his appearance.

Sen. Wayne Morris, D-Ore., chairman of the Senate Lattin-American Affairs subcommittee, announced the postponement after a series of telephone calls to the State Department.

Morse did not say what "emergencies" were involved.

But Morse announced that he and Bowles agreed to invite Allen W. Dulles, director of the Central Intelligence Agency, to attend Monday's closed meeting.

Senate Republicans said that Dulles previously had balked at an invitation to appear before the full Senate Foreign Relations Committee of which the Morse subcommittee is an arm.

Cuban Exiles Come to D.C. Asking for Help

WASHINGTON (AP) — Cuban exiles by the hundreds continued in Washington today for a day of peaceful demonstrations appealing for U.S. help in freeing their homeland from the Fidel Castro regime.

A motor caravan of 50 automobiles and two chartered buses came from Miami, and other groups came to join them today from New York, Philadelphia and Baltimore. Most planned to return later today.

Normally, Cubans are happy-go-lucky, laughing people. Today they were restrained. They seemed worried and saddened by events in their country.

Clean Shave for Cuba

KEY WEST, Fla. (AP) — Havana radio said Thursday Cuba has bought 48,200 shaving brushes from a Soviet bloc country.

FOUND DEAD — Mrs. Pamela Garaway, 34, wife of television star Dave Garaway, was found dead in their New York home early today. Police listed cause of death unknown, pending an autopsy.

Fun Fair for Children

WEST BLOOMFIELD TOWNSHIP — A "Fun Fair" strictly for children will be held Saturday by the Scotch Elementary School Parent-Teacher Association from noon until 5 p.m. at the school.

Mail Supports Honest Man

Americans Heap Praise on Handyman Who Returned \$240,000

LOS ANGELES (AP)—Ninety-nine per cent of U.S. citizens, judging from Douglas Johnson's torrential mail, endorse his honesty in returning the \$240,000 he found in a street.

"Thank God," he says, "we still have a country that's got more good than bad in it."

Johnson and his wife Helen

estimate they have received 1,200 letters this week.

The mail was prompted by Johnson's report a week ago that crackpots had written him saying he was a fool not to have kept the bag of cash that fell from a Brink's, Inc., armored car March 10.

Johnson, 50, a Negro handyman, found the bag and called the FBI. Brink's gave him a \$10,000 reward.

The mail still contains crackpot criticisms, some obscene, but Johnson estimates these are less than 1 per cent. "They should be ashamed," he says. "In they want to classify themselves as thieves, that's up to them."

Boy, 4, All Alone, Brings Boat Back

PITTSBURGH, Calif. (AP)—A 4-year-old boy steered a 20-foot skiff into Susan Bay, about three miles west of here, Thursday night after his father apparently fell overboard about two miles from shore. A Coast Guard search turned up no trace of the man.

The boy, Ricky Painter, told fishermen, "Daddy's in the water."

His father, Ned J. Painter, 42, of West Pittsburg, had taken Ricky bass fishing. Fishermen said the pair had left early Thursday afternoon. The youngster

brought the boat back, only 300 feet from its normal mooring, about 5:30 p.m.

Anthony G. De Lorenzo on Notre Dame Project

Anthony G. De Lorenzo, vice president of General Motors in charge of public relations, has been named special gifts chairman for the Detroit area's participation in a nationwide \$18-million University of Notre Dame development project.

De Lorenzo, of 3380 Broadway Boulevard, Bloomfield Township, was named "Notre Dame Man of the Year" in 1956 by the Notre Dame Club of Flint. He is a graduate of the University of Wisconsin.

To Investigate Sniper Release

Will Probe Conditions of Gary Taylor's Being Freed From Ionia

An investigation into the release of mental patient Gary A. Taylor, known by police as the phantom sniper, from Ionia State Hospital will be conducted, Atty. Gen. Paul L. Adams said today. The request was made by Oakland County Prosecutor George F. Taylor after the 24-year-old Beverly Hills man was recently re-

turned to the mental institution after he attacked two Detroit women.

In a letter to Prosecutor Taylor, Adams said his office was as "much concerned about" the circumstances of his release as Taylor said in an April 19 letter, and promised to make "a thorough investigation to determine all the facts."

Gary Taylor was first committed to Ionia in 1957 after he shot at 10 women in various spots in the county. Two were injured.

How long the investigation, and how it will be conducted, was not disclosed in Adams' brief letter mailed to Pontiac yesterday.

Move to Dismiss Rebel Union Petition

DETROIT (AP)—Motions to dismiss a petition seeking decertification of the United Auto Workers Union at a Chrysler Corp. plant have been filed by both the UAW and Chrysler.

The company and union filed the dismissal motions Thursday.

Disident UAW members at Chrysler's Nine Mile Road plant filed a decertification petition with the National Labor Relations Board Monday.

The dissidents say they fear they may lose their jobs to other UAW members being transferred to the plant who have more seniority.

Secession Plan Defeated ... Because of Finances

By DON FERMOYLE

An attempt to detach a tax-rich Bloomfield Township subdivision from the Avondale School District was defeated unanimously yesterday by the Oakland County Board of Education.

Armed with charts, maps and petitions, residents of the Chapel Hill subdivision explained in a carefully prepared presentation, why they thought their area should be withdrawn from Avondale and annexed to the Bloomfield Hills School District.

Opposing the move were members of the Avondale Board of Education, Avondale School Supt. Leroy R. Watt and Merrill O. Bates, trustee on the Bloomfield Hills Board of Education.

Bruce Greene of 1377 Ashover Drive and Roy L. Butler, 1294 Ashover Drive, both of Bloomfield Township, were the chief spokesmen for the Chapel Hills group that was seeking secession.

Greene said a petition requesting the county school board to approve the transfer in school districts had been signed by 150 of the 136 homeowners in the subdivision.

He said the "transfer would provide better education for our children" and help relieve the "overcrowding in the Avondale School District."

"We feel that the Avondale School District does not meet our children's educational needs," said Greene, who added that this was not reflection on the administration, school board or teaching staff in the district.

He said the problems of the Avondale district were mainly financial due to "the lack of an adequate tax base" and a growing school population.

Studies of anticipated population and industrial growth in the area, according to Greene, showed the Avondale district would have an even less adequate tax base in five to ten years.

He cited as his sources officials of the Detroit Edison Co., Consumers Power Co. and the Detroit Metropolitan Area Regional Planning Commission.

Butler gave a more detailed account on finances and presented figures, which he said proved the millage rate in the Avondale district would nearly double within 10 years.

However, Earl C. Wilson, vice president of the Avondale school board, said the figures presented by Butler were misleading.

Wilson said Butler's figures were based on the premise that school districts were self-supporting. He pointed out that only 26 per cent of Avondale's school taxes were collected locally. He said the rest came from the state, county and other sources.

Wilson, whose home at 1781 Squirrel Road in Bloomfield Township is opposite Chapel Hills, also disagreed with Greene's theory that township boundary lines should divide school districts.

NATURAL BOUNDARY

Wilson said the route of the proposed Chrysler Expressway would be a more natural boundary for the district. Chapel Hills is north of the expressway route and south of South Boulevard.

He stated that Chapel Hills represents 87 per cent of the Avondale district's tax base. Removing the subdivision from Avondale would work a hardship on the rest of the district, he said.

Other Avondale school board members, including R. G. Graham, president; Floyd L. Cobb Jr., treasurer; and George Granger, trustee, also spoke against the transfer.

The final blow to the proposed transfer was delivered by Bates, past president of the Bloomfield Hills Board of Education and former member of the state and county school boards.

Bates said Bloomfield Hills school board members had adopted a resolution, opposing any annexation of areas outside their district.

"Any change in our boundaries would disrupt long-range plans made several years ago for the Bloomfield Hills district," Bates said.

Following Bates' statement, the County Board of Education voted 5-0 against the petition for transfer by the Chapel Hills group since it would cause a "financial hardship" to the Avondale School District.

Reuther Is Accused of Libeling Senator

WASHINGTON (AP) — Sen. Carl T. Curtis, R-Mich., has accused labor leader Walter Reuther of libeling him by circulating a statement that is an attack upon the Senate.

"Let him (Curtis) sue if he thinks he has been libeled," replied a spokesman for Reuther. Reuther himself declined to comment.

Curtis' charges came in reply to a statement Reuther made several weeks ago. Reuther said that an allegation of Sen. Curtis "is downright false."

"It is Mr. Reuther who is guilty of making statements that are downright false," Curtis told the Senate Thursday.

The charges and counter-charges between Curtis and Reuther stem from a Senate committee meeting March 9 that neither attended.

Secretary of Labor Arthur J. Goldberg was testifying before the Senate committee on the administration's unemployment compensation bill.

QUESTIONS LAYOFF

Curtis was at a funeral but he had asked Sen. Wallace F. Bennett, R-Utah, to pose a question for him.

Curtis' question was "Is it true that Reuther has persuaded the automobile industry to lay off workers in an action that inflated the nation's unemployment to 7.5%?"

Goldberg called the suggestion "incredible," and Reuther fired off an angry telegram to the committee.

"The allegation in Sen. Curtis' question is downright false," Reuther said. "The insinuation—that the automobile corporations and our union would conspire to rig the unemployment figures is a challenge to their integrity as well as ours."

In it, Reuther, president of the United Auto Workers, said the purpose of the question was to create an impression that unemployment statistics were exaggerated.

Reuther said that the unemployment figures are a challenge to their integrity as well as ours.

Fun Fair for Children

WEST BLOOMFIELD TOWNSHIP — A "Fun Fair" strictly for children will be held Saturday by the South Elementary School Parent-Teacher Association from noon until 5 p.m. at the school.

Need for Recreational Centers Placed in Hands of Committee

The Citizens Advisory Committee to the City Commission has agreed to undertake a public opinion survey on the need for recreational centers in Pontiac.

The proposal was put to the 70-member organization last night as it met for a tour of the new Pontiac Municipal Airport terminal.

More than 65 members and guests turned out for the second quarterly meeting of the year.

The group's executive committee is to hold Tuesday to plan for a survey and a special meeting of the 70-member body will be called in mid-May to get the survey going, according to John A. Riley, committee chairman.

The City Commission, which has debated spending money on recreation centers on and off for several years, Tuesday decided to toss the problem into the lap of the advisory committee.

The specific question the advisory group is asked to sound out is whether voters should be asked to approve a \$3 million general obligation bond issue to finance three centers.

Commissioners Milton R. Henry, John A. Dugan and Robert A. Landry repeated before the committee pro-and-con arguments they've delivered in the City Commission chambers.

Proponents of the idea apparently are in the minority on the City Commission. They see a public vote as a means of getting recreation centers into the 1960-65 plan for capital improvement spending.

Opponents object to putting a bond issue before the public without any preliminary studies or plans for spending the money.

In other business the committee completed formulation of its rules of procedure and dropped plans to consider a local curfew in light of the state curfew adopted last year.

Royal Oak Twp. Suspends Chief

Fire Department Head Charged With Illegal Use of Road Material

ROYAL OAK TOWNSHIP — Fire Chief Samuel D. Mitchell, charged with embezzling road material from the Oakland County Road Commission, was suspended indefinitely last night by the Township Board.

Mitchell is charged with using asphalt material to pave a driveway at his home at 2679 Mitchell St. between May 18, 1959 and Sept. 1, 1959.

Supervisor Elwood Dickens said that the township board received three signed affidavits from three persons last January stating that Mitchell had used the county road material to surface the driveway of his home.

At that time Dickens said Mitchell admitted using the asphalt intended for road patching because it was hot and had to be used within 24 hours.

The fire chief was released on a \$2,500 bond after his arraignment Tuesday before Justice of Peace Louis C. Cash.

He demanded a hearing and his examination was set for yesterday but the hearing was postponed until next Thursday at the request of Mitchell's attorney Emmett Traynor, who wanted additional time to study the case.

Dickens said that even though Mitchell has been under fire since January he has been allowed to remain in his job. He was suspended today to await the outcome of the court's action next week.

School Election Registration Date Set for May 15

The deadline to register for the spring school election in Pontiac has been set for May 15.

All unregistered persons must register by 8 p.m. that date to be eligible to vote in the June 12 school election.

The board approved the date Thursday.

Up for reelection will be William H. Anderson, vice president of the board, James R. Jenkins will also be up for election.

Jenkins was appointed to fill the board post left vacant early this year by the resignation of Louis H. Schindler, whose term expires in June. Neither man has formally announced his candidacy as yet.

Ask Board Aid on Insurance

School Employees Nix Pay Raise, Want Funds for Blue Cross-Shield

Operations and maintenance employees in the Pontiac School District don't want a raise in pay next year.

This was the proposal placed before the Pontiac Board of Education Thursday by Victor L. Smithers, president of Pontiac Local 719 of the American Federation of State, County, and Municipal Employees Union (AFL-CIO).

The local is asking the board to put the cost-of-living increase and "any appropriations planned for a wage hike" into payment toward Blue Cross-Shield premiums for its members.

Such a proposal, costing about \$20,000 annually, was first suggested in March. Since then the union has stuck by its demand in a series of meetings with the administration.

Board members say if the workers get what they're asking, it would set a precedent. No payments toward hospitalization are made by any of Oakland County's 27 school districts, according to Dr. Otto C. Hufziger, assistant superintendent.

NO INCOME TAX

"The board is going to give us a cost of living increase and we a cost of living increase and we said 'Smothers.' All we ask is that this be used to pay a part of monthly premiums instead of just added to our weekly paycheck."

"Money paid in premiums directly does not appear as an income item on the employer's W-2 forms and consequently income tax does not have to be paid on it," he explained.

"Fringe benefits are a trend in industry and should be followed locally," he asserted. "All of our members approve the measure."

The school board fears that if such a benefit were approved, similar requests would come from secular, teaching and administrative personnel.

"This would create added clerical burden on the payroll department," Hufziger said.

The union said it would agree to a set figure instead of a percentage of the premium, therefore guarding the school district's cost against rate increases.

The board moved to give the proposal study and give a decision at the next regular meeting.

AMC, Chrysler Report Sharp Dip in Earnings

DETROIT (AP)—American Motors Corp. lost \$2.9 million in the first three months of this year as auto sales generally fell off 20 per cent from the year ago levels.

The loss was the largest for Chrysler since the final quarter of 1959.

Both companies spoke encouragingly of the immediate future. George Romney, president of American Motors, assured his shareholders earnings will improve in the April-June period.

L. L. Colbert, re-elected chairman and president of Chrysler, said there is an "encouraging improvement in the sales outlook for cars and trucks."

For both companies the earnings reports marked sharp drops from the similar period of last year when American Motors made \$11.4 million and Chrysler \$10.9 million.

Cuban Exiles Come to D.C. Asking for Help

WASHINGTON (AP)—Cuban exiles by the hundreds concentrated in Washington today for a day of peaceful demonstrations appealing for U.S. help in freeing their homeland from the Fidel Castro regime.

A motor caravan of 50 automobiles and two chartered buses came from Miami, and other groups came to join them today from New York, Philadelphia and Baltimore. Most planned to return later today.

Normally, Cubans are happy-go-lucky, laughing people. Today they were restrained. They seemed worried and saddened by events in their country.

Clean Shave for Cuba

KEY WEST, Fla. (AP)—Hoping a radio said Thursday Cuba has bought 8,240 shaving brushes from a Soviet bloc country.

Sets Yearly Card Party

WEST BLOOMFIELD TOWNSHIP — The Twin Beach Civic Association will hold its third annual card party tomorrow at 8 p.m. at the Twin Beach Elementary School, 7149 Oakley Park Road.

Proceeds will go for neighborhood improvements.

Cuban Invasion Inquiry Delayed

'Emergencies' Prevent Bowles' Appearance, Force Postponement

WASHINGTON (AP) — A Senate inquiry into the Cuban invasion was postponed today until Monday when Acting Secretary of State Chester Bowles said "several emergencies" would prevent his appearance.

Sen. Wayne Morris, D-Ore., chairman of the Senate Latin American Affairs subcommittee, announced the postponement after a series of telephone calls to the State Department.

Morse did not say what "emergencies" were involved.

But Morse announced that he and Bowles agreed to invite Allen W. Dulles, director of the Central Intelligence Agency, to attend Monday's closed meeting.

Senate Republicans said that Dulles previously had balked at an invitation to appear before the full Senate Foreign Relations Committee of which the Morse subcommittee is an arm.

To Hold Open House at DPW Building

TROY — An open house will be held from 1 to 4 p.m. tomorrow at the newly completed Department of Public Works Building on Rochester Road just south of Long Lake Road.

City Manager David E. Firestone announced today that coffee and doughnuts will be served to citizens who attend dedication ceremonies at Troy's \$45,000 DPW building tomorrow.

The 100-by-40-foot structure was built for approximately \$33,000. The other costs were for equipping the building and for grading approach roads on the 28½-acre site.

Mail Supports Honest Man

Americans Heap Praise on Handyman Who Returned \$240,000

LOS ANGELES (AP) — Ninety-nine per cent of U.S. citizens, judging from Douglas Johnson's torrential mail, endorse his honesty in returning the \$240,000 he found in a street.

"Thank God," he says, "we still have a country that's got more good than bad in it."

Johnson and his wife Helen estimate they have received 1,200 letters this week.

The mail was prompted by Johnson's report a week ago that crackpots had written him saying he was a fool not to have kept the bag of cash that fell from a Brink's, Inc., armored car March 10.

Johnson, 50, a Negro handyman, found the bag and called the FBI. Brink's gave him a \$10,000 reward.

The mail still contains crackpot criticisms, some obscene, but Johnson estimates these are less than 1 per cent. "They should be ashamed," he says. "In they want to classify themselves as thieves, that's up to them."

Boy, 4, All Alone, Brings Boat Back

PITTSBURGH, Calif. (AP) — A 4-year-old boy steered a 20-foot skiff into Suisun Bay, about three miles west of here, Thursday night after his father apparently fell overboard about two miles from shore. A Coast Guard search turned up no trace of the man.

The boy, Ricky Painter, told fishermen, "Daddy's in the water."

His father, Ned J. Painter, 42, of West Pittsburg, had taken Ricky bass fishing. Fishermen said the pair had left early Thursday afternoon. The youngster

Anthony G. De Lorenzo on Notre Dame Project

Anthony G. De Lorenzo, vice president of General Motors in charge of public relations, has been named special gifts chairman for the Detroit area's participation in a nationwide \$18-million University of Notre Dame development program.

De Lorenzo, of 3280 Broadway Boulevard, Bloomfield Township, was named "Notre Dame Man of the Year" in 1956 by the Notre Dame Club of Flint. He is a graduate of the University of Wisconsin.

To Investigate Sniper Release

Will Probe Conditions of Gary Taylor's Being Freed From Ionia

An investigation into the release of mental patient Gary A. Taylor, known by police as the phantom sniper, from Ionia State Hospital will be conducted, Atty. Gen. Paul L. Adams said today.

The request was made by Oakland County Prosecutor George F. Taylor after the 24-year-old Beverly Hills man was recently re-

turned to the mental institution after he attacked two Detroit women.

In a letter to Prosecutor Taylor, Adams said his office was as "much concerned about" the circumstances of his release as Taylor said in an April 19 letter, and promised to make "a thorough investigation to determine all the facts."

Gary Taylor was first committed to Ionia in 1957 after he shot at 10 women in various spots in the county. Two were injured.

How long the investigation, and how it will be conducted, was not disclosed in Adams' brief letter mailed to Pontiac yesterday.

Move to Dismiss Rebel Union Petition

DETROIT (AP) — Motions to dismiss a petition seeking decertification of the United Auto Workers Union at a Chrysler Corp. plant have been filed by both the UAW and Chrysler.

The company and union filed the dismissal motions Thursday.

Dissident UAW members at Chrysler's Nine Mile Road plant filed a decertification petition with the National Labor Relations Board Monday.

The dissidents say they fear they may lose their jobs to other UAW members being transferred to the plant who have more seniority.

Court Kills Bid to Save Detroit's Old City Hall

LANSING (UPI)—The State Supreme Court Thursday denied a bid by Detroit Mayor James F. Chandler to prevent the destruction of Detroit's old city hall.

SANDERS FOR RENT TRAVIS HARDWARE
426 Orchard Lake Ave. FE 5-8738

Chanski to prevent the destruction of Detroit's old city hall.

Chanski sought an injunction against Detroit Mayor Louis Mirani and members of the city's Common Council to prevent destroying the old building to make way for modernization. The suit brought by Chanski on behalf of other Detroit residents who want the old city hall saved sought a delay pending determination of a high court appeal.

Buy \$73 Million in Bonds

DETROIT (UPI)—The Treasury Department says Michigan residents had purchased some \$73 million worth of series E and H government bonds in the first quarter of 1961, an 8.2 per cent increase over the same period of 1960, when some \$67.5 million in bonds were bought.

The arable land of the earth comprises only about four per cent of its surface.

NEW HOME FOR TELESCOPE — The site that will support the world's largest solar telescope is taking shape on Kitt Peak on the Papago Indian Reservation 45 miles southwest of Tucson, Ariz. In the foreground is one end of a 300-foot tunnel which will provide the light path for the telescope. The site will be 110 feet high. The solar project will cost \$4 million and is two months behind schedule.

Asks Consideration of Trio for Federal Judge Posts

The names of Circuit Court Judge Donald E. Adams, long a justice of the peace in the county, and one of our probate judges, has fulfilled our faith in him."

County Democratic Chairman James M. Ginn has written a personal letter to Joseph J. Collins, state chairman, urging that the names of the three Oakland County judges "be given most serious consideration" in case more judge posts are established in the Eastern District of Michigan.

A bill has been passed in Washington creating 75 new judgeships.

"Oakland County has the good fortune of having three excellent state judges now sitting in its courts," Ginn told Collins in an April 17 letter.

"Judges William J. Beer and Clark J. Adams represent a tradition of fine circuit judges, and

Donald E. Adams, long a justice of the peace in the county, and one of our probate judges, has fulfilled our faith in him."

"All three of these men were extremely able lawyers and are learned, fair and just judges. All would be worthy additions to the federal judiciary," Ginn said.

Copies of Ginn's letter also went to Sens. Patrick V. McNamara and Philip A. Hart, and Neil Staeble, national committeeman from Michigan.

Ginn said the letter didn't mean to imply that there weren't "many other very capable Democrats" who might be qualified for the posts.

Changemaking Problem Solved by New Device

(CLEVELAND, Ohio (UPI) — Ever been in a situation where you needed change and only had a dollar or \$5 bill?

Well, National Rejectors, Inc. of Detroit, has solved the problem with their new changemaker. It gives change for a \$5 bill, a \$1 bill, a fifty-cent piece and a quarter.

To receive change for a bill, it must be inserted face up or the machine won't work.

There are several things the changer won't do, according to National Rejectors. It won't accept a counterfeit bill, nor a \$2 bill. The changer is at the Union Commerce Bank here as part of the display for the 75th anniversary of the Automatic Vending Industry.

Rule on Speaking Dates

WASHINGTON (UPI) — The White House said Thursday that cabinet officers should avoid speaking dates at any functions where Negroes are barred.

She's an Optimist—but She'll Learn Fast

HIGLEY, Ariz. (UPI)—Kimberlee Sossaman, 5, stopped at the door just before she left for her first day in kindergarten and told her mother:

"At last, Mom, I'm going to learn all about life."

Speaker Tells Educators Fun Is Good Medicine

A happy quartet of diners at the Pontiac Education Association's annual spring banquet Thursday evening are from left, William Sumner, Drayton Plains, Pontiac teacher; board member, Mary Vir-

ginia Luther of Lincoln Avenue, teacher at Baldwin School; Dr. Carl C. Byers, guest speaker; and Gordon Earhart of Drayton Plains, PEA president.

By MADELEINE DORREN

"Get Off Your Launching Pad and Go Into Orbit" was the topic chosen by Dr. Carl C. Byers, who spoke before some 200 teachers and educational personnel Thursday at the annual spring banquet of the Pontiac Education Association at Devon Gables.

Well-known throughout the

Midwest as a humorist-lecturer, Dr. Byers who was once a superintendent of schools in Ohio, currently writes a syndicated newspaper column entitled "Philosophum." A resident of Cleveland, his lectures are arranged by the speaker's bureau of General Motors Corporation, Detroit.

Philip Wargelin, principal of Pontiac Northern High School,

gave the invocation, and William Sumner of Washington Irving School and Incoming PEA president, was toastmaster. Outgoing PEA president Gordon Earhart of Eastern Junior High presented Monroe Osmon, board of education president, who paid tribute to 17 retiring teachers representing 476 years in education.

To quote a few of the speak-

er's basic truisms, he feels that "Laughter is like optimistic vitamins. It massages the body and cleanses mind and soul of cynicism and doubts in dark moments in current world history. There's no fun in medicine but fun is good medicine."

"Negativism," he said, "would best substitute for thinking and could be as dangerous as communism. Becoming involved in a mumbo-jumbo of mere words solves nothing."

STRESSES ATTITUDE
Stressing the importance of attitude, Dr. Byers reminded his audience that "God gives us face but we give ourselves expression. People classify themselves as long-faced confused individuals with many problems or happy, optimistic souls who face up to each day's proud battle."

Three Rs are not enough today in this speaker's opinion. The fourth "R" could very well be "Reverence" with respect for life, fair play, sportsmanship and dignity of person.

PEA board members are William Sumner, president; Wallace Schloerke, first vice president; Mrs. Ralph Ellsworth, second vice president; Kay Stickle, recording secretary; Evelyn Berge, corresponding secretary; Lester Mack, treasurer.

Serving on the board of directors will be William Neff, Mary Virginia Luther and Sally Adams.

Cochairmen of the evening were Faye MacNamara and Mrs. Clarence A. Pudney. Mr. Sumner arranged the program and Miss Adams handled the publicity.

The Dana P. Whitmers of North Genesee Avenue chat with Adeline Hook (at right) of Washington Street, principal at Longfellow School, presiding the Pontiac Education Association banquet Thursday at Devon Gables.

Students Put On Show Boat

By REBA HEINTZELMAN

A touch of the Old South came to Waterford Township last night with a fine presentation of the immortal "Show Boat."

The cast was well-served with Linda Lawson as Magnolia and Steve Wagner as Gaylord Ravenal doing an outstanding job of singing as well as acting. Linda's solo rendition of "Can't Help Lovin' Dat Man" and "After the Ball" were near-professional presentations.

John Anderson literally threw himself into the role of Captain Andy, and his acting proved that he not only has talent as a singer, but as a comedian as well.

There were the usual first night mistakes which make "first night" performances more interesting than all others. Like the curtain being opened at the wrong time. Actors and stage hands scattered in all directions like scared rabbits—much to the delight of the audience.

They laughed—not because of the mistakes—but rather in reaction to a sensation known so well to those who have participated in any high school production—that feeling of having a bucket of ice water thrown all over you.

Despite the strategical

placement of several stage mikes overhead, the young voices at times floated upward rather than out in the auditorium primarily designed as a gymnasium ten years ago.

VOICE IS RICH
For one so young, Steve Wagner's tenor voice had a rich quality that indicates much promise for the teenage senior. His presentation of "Only Make Believe," as he sang to his eight-year-old daughter, Kim, played by Denise Pety, was one of the highlights of the show.

Marlene Colgrove portrayed the shrew-wife of Captain Andy, managing to keep everyone on the showboat in line with her sarcastic domination. Marlene was superb in the role.

A lively note was injected when Duane Baumgras played an electric guitar to accompany Linda in the night club audition scene.

Another show stealer was Jeff Dye in the part of Joe. His ease and naturalness on stage as a young colored boy was excelled only by the fine quality of his voice as he sang the soul-stirring "Of Man River."

All the lovely music like "Why Do I Love You," "Bill," and "You Are in Love" written by Jerome Kern and Oscar Hammerstein was presented in top fashion, and

accompanied by only stringed instruments to dramatize the young voices.

Each costume was made by the students themselves, and all of the eleven sets were also constructed and painted by high school students.

The make-up crew under the direction of Chester Wujcik, did an exceptional job.

There was very little waiting between scenes. The little flaws so unavoidable for a first night undoubtedly will be smoothed out for tonight and tomorrow night's performances under the capable direction of Richard Meier and Ann Hobart. The public is in for two nights of fine entertainment.

Guild Section Sews, Knits

Queen Mary-Section of the Needlework Guild met Thursday afternoon at the Longfellow Avenue home of Mrs. Charles Shearer.

Two guests, Margaret McIntosh and Martin McIntosh, attended the luncheon and business meeting.

Members spent the afternoon sewing and knitting. Mrs. John Gemmell invited the group to her home on Pinegrove Avenue for the May 11 meeting.

Fashions, Decor Hit at Gala

The elegance of the fashions worn by opera enthusiasts and the lush velvet decor of the Birmingham-Bloomfield Metropolitan Opera Committee's champagne gala Thursday evening were in the classic grand style.

Proving that husbands are not allergic to opera, 200 area couples heard Karl Haas present an opera scorecard with the help of soprano Marjorie Gordon. Using a musician's fund of stories, Mr. Haas moved easily from "how opera is inspired" to "what to listen for in May when the Met appears." Miss Gordon sang several arias that will be heard during the seven-day Met season.

Following the musicale, a champagne supper was served from violet-draped tables. Co-chairmen of the local women's committee were Mrs. George Trumbull and Mrs. John S. French. Receiving with them were general chairman Mrs. Theodore O. Yntema wearing a short navy sheath of textured Italian silk.

Junior League members from Birmingham who ushered were in harmony with the violet color scheme. Their violet sashes and nosegays blended with royal purple carpeting and metallic decor of the Reynolds Metal Building. Supper hostesses wore orchid leis.

Abby: Put It on the Line

'Doll' Needs to Be Told

By ABIGAIL VAN BUREN

DEAR ABBY: We recently purchased a clothes dryer and now the young doll across the hall keeps trapping my husband into bringing her "things" in after she's used our dryer.

Am I wrong in thinking it is too personal a chore for my husband to be sorting and folding her "unmentionables"? I still don't know how to operate the dryer, or I would do it.

SOMEBODY'S WIFE
DEAR WIFE: Inform the "doll" across the hall that if she wants to use your dryer, she should operate it herself and sort and fold her own "unmentionables." This is no job for your husband.

DEAR ABBY: Please don't laugh at me. I am 20 years old, a junior in college, and am considered a good-looking guy with a gift for making

interesting conversation with girls on a variety of topics.

The trouble is, when it comes time to say goodnight to a girl, I stutter, mumble and my shyness comes out. I have gone with many good-looking girls who have come right out and asked me to kiss them goodnight. I still can't. I don't think there is anything evil about kissing a girl, but I can't bring myself to do it. Am I normal?

DEAR DEAD: People who wonder whether they are "normal," usually are. If you find yourself "stuttering and mumbling" and unable to kiss a girl, don't let it worry you. You haven't "wanted to" badly enough yet.

DEAR ABBY: I am in love

Holds Luncheon
The district committee of the Visiting Nurse Association for Southern Oakland County assembled for luncheon Thursday in the home of Mrs. F. D. Doodri of Woodberry Drive, Bloomfield Hills. Mrs. Verle A. Welsh of Birmingham was co-hostess.

with my best friend's husband. I live near them and spend a lot of time at their house. I don't know how it happened, but we fell in love and I couldn't help myself.

I really like his wife and she likes me. When I visit her in the afternoon, I leave before her husband comes home because I can't stand to see him kiss her hello.

No one but this man and myself knows how we feel about each other. He says he loves his wife, but he loves me, too. Am I crazy for believing him? What can I do about this mixed up feeling? I am 28 and have never been married. He is 33.

MIXED UP
DEAR MIXED UP: The only thing you can do about your "mixed up feeling" is to let it die from lack of nourishment. Stay away from him. And stay away from his home.

CONFIDENTIAL TO BROKEN-HEARTED PARENTS: Your case is a sad one, for which there is no solution. Children have been "punishing" their parents for as long as parents have been punishing their children. Accept it.

Mr. and Mrs. A. C. Girard of Bloomfield Hills, (at left) and Dr. and Mrs. Howard B. Barker, also of Bloomfield Hills, found the operatic arias of Marjorie Gordon and the commentary of Karl Haas a

delightful subject for conversation following the program portion of Thursday evening's champagne gala.

Perring, Mrs. Ford and the George W. Romneys. They were among 400 attending the Birmingham-Bloomfield Opera Committee's champagne musicale Thursday evening in the Reynolds Metal Building.

The forthcoming appearance of the Metropolitan Opera in the area is the subject of animated exchange on the part of Detroit Grand Opera Association directors (from left) Henry Ford II, Raymond T.

Sorority Sets May 13 Sale

Lambda Tau Delta Sorority plans a rummage sale May 13 at the Royal Oak Women's Club.

The group's three succeeding social events will be "just for fun," according to Mrs. R. J. Bunting of Royal Oak, publicity chairman.

On May 6 an open dinner dance is slated at Forest Lake Country Club. Members may bring guests to the affair which will be preceded by several cocktail parties.

A mother-daughter luncheon is planned May 20 at the Hunter's Whip in Franklin Village, and on June 10 the sorority will have a patio party and steak roast at the home of Mrs. Elmer Mellebrand, president of the Detroit branch.

Local members planning to attend the spring sales are Mrs. John Hooks, Mrs. Reginald McMichael and Mrs. Charles Harris.

Remedy for Blues
(NEA) — A bright new hat is not the only remedy for a case of the blues. Shampooing your hair, or buying a rosy lipstick, or some eye shadow in a "different" color can do the trick, too. Anything that perks up your appearance is a cure for the doldrums.

A Campus Letter

By SHARON WARREN
ANN ARBOR — Students at the University of Michigan have had a rewarding semester as the following news will indicate. The ones listed in this article have all been honored in some way.

Honor awards were presented to 75 University of Michigan law school students at the annual Honors Day banquet held here April 19. Richard E. Clark, a junior, received a book award for writing the best examination in his Constitutional Law course in the first semester. This award was given by the Lawyers' Co-operative Publishing Co. Richard is the son of Mrs. Ray Garsline of Science Street.

William R. Nicholas, son of R. J. Nicholas of Madison Avenue in Birmingham, was one of five University of Michigan Law students elected associate editors of the Law Review, law school publication, for 1961-62. Bill is a junior.

Chosen for a Federal Court clerkship is H. Russel Holland II, son of Judge and Mrs. H. Russel Holland of East Irons Road. He will clerk

for Chief Buell A. Nesbitt of the Alaska Supreme Court.

Twenty-one coeds have been selected for membership in Mortar Board, honorary society of women. Students were selected for scholarship, service to the university community and leadership. Mary Carolyn of Lincoln Drive in Birmingham was one so honored. Mary is a junior in the College of Literature, Science, and the Arts.

OS HALL COUNCIL

Two Birmingham students have been elected to the Mary Markley Hall Council, which is the governing body of that dormitory. Mary Ellen Blakeley, a junior in the school of education, will be vice president of next year's council. Mary transferred to the university last fall from Western Michigan University.

She has been arts-publicity chairman and activities chairman of Hunt House in Markley. Mary lives on Catalpa Drive. Culla Reasoner, also a junior in education, will serve as treasurer for the council. Next fall will mark Culla's fourth year in residence at Markley. She has been active in the Hunt House Council. Culla lives on Mayfair.

Birmingham coeds chosen to head other student organizations are Julie Magnuson and Barbara Vandyk. Julie has been selected secretary of the Women's Athletic Association. She is a junior in the School of Education. Junior Panhelonic will be under the pen of Barbara, its new secretary. Barb, who lives on Parkwood Street, is a sophomore in the College of Literature, Science, and the Arts.

Spinster Party Given in Honor of Bride-Elect

Mrs. Donald Barnett of South Lynn Avenue, Rawlston Township, was hostess at a spinster party Wednesday evening honoring Viola Junglas, bride-elect of Adam J. Kravetz Jr.

The guest list included Mrs. George Haroutianian, Mrs. R. E. Furney, Mrs. Vincent Herrero, Mrs. James Houck, Carolyn Hurst, Janet Stockwell, Sandra Freese, Lois Carter, Peggy Rochon, Billie, Cheryl and Donna Barnett. The honoree is the daughter of Mr. and Mrs. Herman Junglas of Clintonville Road, and her fiancé's parents are Mr. and Mrs. Adam J. Kravetz of Virginia Avenue.

room, take a cue from your favorite painting or reproduction. Use the picture's dominating color for your walls and floor; the next most important color for large upholstered pieces; and accent colors for accessory accents.

Cancer...Talk It, Fight It.. and Win Over It

By LYNN GIBSON

Cancer...I can say the word without shuddering or having it stick in my throat. Yet, I've met people who speak of it only in whispers. Others who won't say it at all and don't want anyone else to say it in their presence — as if the very mention of the word might summon up the disease itself.

However, I've lived with it too long for any such foolishness. Cancer has been my own personal sword of Damocles since I was a small child. Four years ago that sword fell and struck me a glancing blow.

My grandmother died of breast cancer when I was quite young, but I was old enough to remember hearing someone say that, while not hereditary, cancer has a tendency to strike every second generation and usually in the same sex.

I have no idea what basis in fact this has, medically speaking, and I never troubled to find out. I absorbed the information and tucked it away in the back of my mind.

IT WAS INEVITABLE

As I grew older, I trotted it out occasionally and mulled over the prospects. If the information was to be believed, then the future was inevitable. I was the second generation and the only girl.

When I underwent surgery for the removal of a small cyst and awake to find I had a radical breast amputation for a malignant growth, I was the least surprised of anyone.

I think it was almost a relief to have it over with, because I'd known it was going to be me if it struck at all. I felt as if a great weight had been lifted from my

mind — as indeed it had — and I concentrated on getting well and back to normal.

Merely, the area of operation was completely numb; the only discomfort I felt was the wringing of a postoperative cough. And I was unaware that my family was in an agony of suspense, awaiting the results of the biopsy of the surrounding tissues and glands. This is done to determine if the growth is completely removed or if it has spread to other parts of the body.

Later, I was told the results were favorable, but at the time, I had nothing on my mind but getting out of there and home again. As far as I was concerned, I'd had the operation. I'd survived it and was on the road to recovery.

Even when the head nurse came to see me and told me

what to expect when I'd fully recovered, I'm afraid I paid her little heed.

She had had the same operation a few years before, and I was told I'd never sweep with a broom again, or push a lawnmower and I'd have to remember to pick things up with my right hand because my left arm would never have the strength to hold my weight again.

I proved her to be dead wrong.

EXERCISE FOR HOURS

I don't mean to imply that I am a medical wonder. I didn't get up out of my hospital bed and accomplish miracles the next afternoon. I spent many hours of painful exercise, like trying to brush my hair with my left hand — practically standing on my head, because the muscles and tendons were tight and needed to be stretched.

I stood for hours facing the wall and "walked" my fingers up that wall, a little higher each day, until finally, I could stretch my arm above my head.

I had a circle of loving friends and family and a kind, wonderful doctor, who showed great pride in me and marveled at my quick recovery. It still saddens me to think of the many lives he saved, mine included, only to succumb, himself, to the disease a year later.

I was operated on in the month of August. By the end of September, I was driving my car again and bowling on a league team every week. The following summer, I learned to water ski. This was four years ago.

Today, outside of a slight hollow where the muscle and tissue were removed, I defy anyone who doesn't know me to tell which side I was operated on. I can do anything with my left hand that I can do with my right.

I can do with my right. I've gained added weight and feel better than I've felt in years.

Regular checkups are still necessary and I've come home each time, happy in the knowledge, "Everything's fine." True, someday I may hear that a recurrence has set in and maybe next time I won't be so lucky.

I won't say I don't think about it. Of course I think about it, but I don't dwell on it. I could walk out of the house tomorrow and be struck down by a car, but I don't dwell on that, either.

I just try to live every day to its fullest, and thank God he saw fit to grant me an extension of time — be it four years or forty. God willing, I'll live to see my three children grown and married and even hold my grandchildren in my arms.

So, to me, cancer isn't just a black shadowy horror to be feared and whispered about. It's an existing enemy to be conquered and wiped out. I did just that through the hands of a skillful surgeon, the love and prayers of family and friends, and a little word called "faith."

District President Mrs. Perkins Presides Over WCTU Institute

The 18th District Women's Christian Temperance Union Institute was observed Wednesday at First Baptist Church.

Opening the morning session was a welcome to the group and introduction of Mrs. George Perkins, district president, by Mrs. Nellie Monroe, president of the Pontiac WCTU Federation. Mrs. Perkins presided at the meeting.

Devotions from the third chapter of Colossians were read by Mrs. William Carls. Pledges to the flags were led by Mrs. Eileen Patten.

Mrs. Ray Shell of Drayton Plains showed samples of work which will be done for veterans' hospitals and other institutions.

A discussion, "Local Presidents in Review," was led by Donna Flones of the Royal Oak Youth.

Temperance Council. Responding to her roll call with reports of the year's work were 10 union presidents, representatives of four additional unions and the president of the Pontiac Federation.

Mrs. Chester Kelley of Hazel Green WCTU in Royal Oak made miniature hats which she pinned on each president or representative in place of courages. District officers and directors and guest musicians Mrs. L. A. Flones and Mrs. Owen McDonald of Royal Oak's Alice Campbell Union also were pinned.

The afternoon session opened with a song and praise service. In a "White Ribbon Recruitment" ceremony Dawnell June Deaver, daughter of Mr. and Mrs. Roger Deaver of Drayton Plains, was presented by her grandmother, Mrs. Frank Deaver, district character building director.

Afternoon devotions were by Mrs. Alma Fremed who read from the 41st chapter of Isaiah.

Mrs. Joseph Green, Christian citizenship director, told of requirements for "Good Christian Citizenship" and of pending legislation in which the WCTU is interested.

Mrs. Carls, membership director, announced that 34 new members have been reported to her since Oct. 1.

Mrs. Monroe announced the federation cooperative dinner June 6 at Central Methodist Church.

Committees for the day were luncheon, headed by Mrs. George Cook, and her helpers Mrs. Gertrude Williams and members of the First Philanthropic Society of First Baptist Church, registration: Mrs. Winford Sherston and Mrs. Lizzie Rich of Pontiac's Anna Gordon Union; reception, Mrs. Blanche Bevin of Ferndale and finances, Mrs. Orlo Mason, Mrs. LeRoy Shafer and Mrs. A. D. Stimer.

The session closed with a Friendship Circle and the Atonic benediction.

Plays Host to Group for Meeting

Mrs. George Quine of Merry Road was hostess to Interlakes Extension Group for an all-day meeting Wednesday.

Election of officers highlighted the meeting. Co-officers for the new chairman Mrs. Carl Weber are Mrs. Mason Rich, vice chairman, Mrs. Leola Martin, secretary-treasurer; Mrs. Victor Stachler, corresponding secretary; Mrs. Gilbert Brown, news reporter; Mrs. William Hubbert, project leader; Mrs. Wilbur Ott, assistant leader; and Mrs. George Rupert, marketing chairman.

Future events announced were the Achievement Day Tea May 3 in Waterford Community Center Home Economics Extension Craft Days May 16 and 18 at Avon Township Park.

A group from the club will tour Midland's Dow Chemical Plant and churches on June 6.

Luncheon was served by the hostesses to fifteen members and guest Mrs. Kenneth Gidley. Mrs. Donald Johns was reinstated to membership.

The afternoon was spent in basket weaving. Mrs. Jack Andress of Ormsby Street will be hostess for the next meeting on June 28.

WCTU Hears Talk on Youth Problems

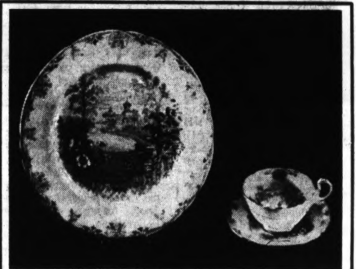

Robert Templin Jr., Oakland County assistant prosecutor, spoke on youth problems before the Pontiac Unit, Women's Christian Temperance Union, following a cooperative dinner Tuesday at the Church of the Brethren.

The Rev. G. W. Gibson gave the devotion. Music was provided by the church choir, with vocal duets by Mr. and Mrs. Richard Green.

Tee Time Again at Pine Lake Golf Course

The ladies' locker room at Pine Lake Country Club is alive again with women golfers. Donning their easy fairway wear are golf enthusiasts Mrs. Janie Clarke of Holly (at left) and Mrs. Robert Thibideau of Pontiac Trail.

Mrs. Morgan Siple of North Perry Street sets her cap at just the right angle for her first round on the lush green of Pine Lake's golf course. Wondering if the sun will ever cooperate with their schedule is Mrs. Harry Pearce of Garland Avenue (at right).

SAVE A DOLLAR!

Helena Rubinstein's COLOR-TONE SHAMPOOS

Giant 250 size now 1.50... limited time only

Leave it to Helena Rubinstein to create a beauty-treatment way of keeping your hair immaculate, healthily conditioned and alive with color! Color-Tone is the only shampoo that washes color in—not a dye but certified temporary color that does magnetic young things to your own hair shade.

Right now you can choose the "custom" tone for you at a big dollar savings. Each

Jumbo 14 ounce bottle gives you 4 to 6 months of beautiful shampooing. RED-HEAD adds flame to red hair or "borderline" colors. BLONDE-TONE illuminates blonde or light brown hair with gold. BROWN-TONE adds jet lights and warm shimmer. SNOWY-GLOW washes red-gold into "plain" brown hair. SILVER-TONE silvers grey or platinum, corrects yellow. And for dry, damaged hair, SILK-SHINE CREAM SHAMPOO.

Exercise, Don't Diet

Redistribute Your Weight

By JOSEPHINE LOWMAN

(The Question Box)

Q. "Do I have to keep on a diet to lose weight at my waistline or can I just exercise? I am 5 feet, 3 1/4 inches tall and weigh 120 pounds. I have a medium frame."

A. You certainly are not overweight. If you have a medium frame you are underweight, and are just about right for a small build. You can redistribute your weight with exercise.

Take waist-eliminating exercises and do not diet. Just be sure that you do not eat more than usual because exercise may whet your appetite. If you or any of my readers would like to have the waist-eliminating exercises I have used with great success in my classes, send a stamped, self-addressed envelope with your request for them.

Q. "I am 21 years old and engaged to be married. My problem is that my breasts have never developed. My mother and my fiance want me to have the operation to remedy this situation. I feel very inferior as a woman. This may sound silly to you, but I have been made fun of as a young girl and cannot stand being humiliated any longer. I can afford to have this operation so far as finances are concerned. Please give me the name of a doctor who would perform it."

A. I do not think that we should allow any physical defect to ruin our happiness, but I certainly do not think you sound silly.

Only a very small percentage of plastic surgeons perform this

operation, but if you will send me a stamped, self-addressed envelope with your request I will reply to you personally.

Q. "For two weeks I have been holding my calorie intake to 1,200 a day but instead of losing weight I am gaining. What am I doing wrong?"

A. Perhaps you will have to cut your intake a bit lower. Try 1,000 a day. This depends on many factors, such as your build and weight and metabolism and physical activity. I suspect that you may not be counting your calories correctly. Be sure about this.

Surprise That's Nice Is Marriage Spice

By RUTH MILLETT

"Why, John, you never told me that." So says a wife in a tone of surprised resentment, when her husband imparts a bit of information to somebody else.

Lady, please don't say that. Your husband doesn't have to report everything he knows to you, does he?

You're expecting him to—and being surprised when he doesn't—makes you look overly possessive—and makes him look henpecked. Besides, his having something to tell that is as new to you as it

is to others is good for your marriage. Nothing is more deadly than the "John, tell them that story about so-and-so" relationship between man and wife, each knowing exactly what the other knows.

Let him surprise you once in a while. That's all to the good.

And manage to have a few surprises in store for him yourself. You can't expect your husband to show much interest in what you say at a social function if you are just repeating the things you have already hashed over with him.

Nomination Tea Staged by Council

The Oakland County Cooperative Extension Service Council staged a nomination tea Thursday for chairmen of extension clubs in the North and South Waterford districts.

Hostesses for the affair in Oakland County Health Center were Mrs. Arthur O'Hara, Oakland County Extension Council president; Mrs. Mary Hardy, Cooperative County Extension agent; Mrs. Lloyd Osworth, council representative and Mrs. William Bergemann, publicity chairman.

Nominated for council representative of the North District was Mrs. H. James Elliott of South Shores Drive and for alternate, Mrs. Marcus Bowers Jr., Woodrow Street. Mrs. Wilfred Thompson of Durham Road was nominated for alternate of the South District.

Club chairmen present were Mrs. Mary Wilde and Mrs. George Fredrick, both of Oakton Drive; Mrs. William Newhall, Perry King Drive; Mrs. William Miller, Elizabeth Lake Road; and Mrs. J. E. Martin, Durham Road.

Sheer Hose Care

(NEA) — Gosamer, sheer hose call for perfect fit. For wrinkles are unsightly in these seamless cowbois. If you launder your hose before wearing, you'll find that they will become more resilient and fit better as a result.

FAST!

**SAFE!
EASY!
SURE!**

RA-PID-GRO is the "instant" plant food! You prepare it in seconds, apply it in seconds. Starts feeding action almost instantly. Plant leaves, branches, blooms, trunk and roots absorb up to 95% of

rich nutrients. Combine with liquid pest sprays to save still more time. Used for 25 years by professional growers, nurserymen, millions of home gardeners.

**JUST ADD
WATER.
SPRINKLE
OR SPRAY!**

Philo O. Reindle

The pioneer in foliar feeding, or "feathering" of the Ruffy Secret Formula. Low pricing basis: 10¢ per pint; 18¢ per quart; 33¢ per gallon. Add 21¢ per pint, 37¢ per quart, 71¢ per gallon for extra trace elements and hormones.

ORIGINAL & GENUINE

RA-PID-GRO

In Use Since 1932 • America's Leading Liquid Plant Food

MADE ONLY BY RA-PID-GRO CORPORATION • DANVILLE, N.Y.

Grass Under Your Feet Needs Regular Feeding

The old adage "Don't let the grass grow under your feet," certainly should never apply to homeowners who wish to maintain a beautiful lawn around their home.

Grass must be encouraged to grow profusely if it is to produce a healthy, green turf, thick enough to crowd out weeds. The mow or lawncare professional stimulates vigorous growth by supplying proper food elements to plants as they are needed.

and amounts will supply the nitrogen needed for green, healthy growth of grass plus the proper balance of other plant food elements.

Pescue		3 lbs.
Centucky Blue		5 lbs.
Marion Blue		5 lbs.
Seaside		6 lbs.
Zogals		4-6 lbs.
St. Augustine		6-8 lbs.
Carpel Grass		4-6 lbs.
Bermuda		6-12 lbs.

*The higher rates apply to southern areas.

Established lawns need an early feeding of fertilizer containing high amounts of nitrogen to restore new life to grass after a long winter. This early spring feeding allows the nitrogen in the fertilizer to get down to the roots and give tender young shoots an early green-up as they begin to emerge from the soil.

For best results grass should be given its total plant food requirements through a series of small feedings rather than one large application. The entire lawn should be thoroughly watered when fertilizer is applied in order to move the food elements down to the plant's root zone in an available form more rapidly.

Spring Is Planting Time

Through much of the country spring remains the best time to plant new rose bushes, trees and evergreens because they have a longer period in which to establish roots to get them through winter.

A black and white photograph of a woman standing next to a tall, leafy plant in a large, modern vase on a tripod stand. The woman is wearing a patterned short-sleeved shirt and dark pants. The plant is positioned next to a window with a patterned curtain. A small table with various items is visible to the left.

Now look how it's grown. Donald Jr., aged 7, obligingly poses with the Jack and Beanstalk plant to show its height.

Spray Chestnuts *Six Ways of Propagation* When They Bud *Available to Gardeners*

Like bird-watching and bud-watching can play an important part in preserving some of America's most beautiful natural resources. It is particularly true in many of our older communities where the proud horsechestnut is a handsome asset on the landscape.

This shade and ornamental tree, once a favorite, is rarely planted now because it is so susceptible to the chestnut blight, a deadly leaf blight. The ill is controllable, but spraying must be carefully timed to prevent the blight from spreading.

Fungicide sprays, such as ferbam, are effective only when applied just as young leaves are opening and before the blight has taken hold on the foliage in the Spring before they can penetrate leaf surfaces.

Timing the all-important factor, home owners should make sure they are placed on the priority list by spraying specialists.

While the first spraying is critical, it alone will not control the leaf blotch. Second and third applications should follow at 10 to 14 days apart. The second spray of dry early Spring weather, two sprays might suffice.

Severe infections of leaf blotch can sometimes be fire-scorched leaves by mid-Summer. Many affected leaves drop prematurely. Since leaves are the food-producing parts of trees, this can affect vitality, growth and fruit.

To begin with, turn the clay pot with its plant upside down and tap the pot rim on the edge of a table or bench. The plant and its soil will drop from the pot intact.

Shake soil from the roots of the plant, then carefully pull the various sections and their root systems apart. Plant each section in a good potting soil, and water well. The new plant should then be kept out of the sun for several days.

Advice to the amateur floor-layer. You will find the floor screw or the screw-type nail quite easy to

SHEET ROCK

Electric Lawnmower Runs on Batteries' How to Plant' Info Is Readily Available

When spring comes, summer can't be far behind; soon the noise of the mower will be heard in the land. Informal, independent surveys over the years have strongly indicated that the lawnmower enjoys its finest hour most often in the early morning, frequently on Sundays, usually at the hands of the neighbor next door, — and almost invariably while the rest of the neighborhood is trying to sleep.

This has resulted in strained community relations, including restless household pets, fretful children, and a certain understandable resentment on the part of those who were up too late the night before. Furthermore, the zealous lawnmower operator also suffers; he becomes defensive, even apologetic; his children suffer taunts at the hands of their contemporaries, and his wife is snubbed at the garden club. These are only a few of the evil consequences resulting from early morning lawnmower operations — there are, of course, many more.

One method to combat this situation has been widely employed but has been found impractical to sustain over an entire lawn-mowing season, i.e., neighborhood block parties at which attendance is compulsory and at which everyone is required to remain until 3 a.m.

In some instances this has had the desired effect: the entire neighborhood will sleep, or at least take it easy, until noon. Unfortunately it has also been found that frequently one of the guests is so buoyed up by the festivities that he cannot sleep at all, and he takes out his newfound energies on mowing the lawn of a neighbor who is on a month's vacation. The compulsory block party system has thus fallen into disfavor because of unreliable results.

Fortunately, a new development in the lawnmower field now promises an end to such complaints. Recently introduced by Lectro Lawnmower Corporation of West Point, Pennsylvania, the new battery-powered "Lectro Lawnmower" is virtually noiseless, with features which

IN THIRTY MINUTES — Hedge trimming by hand has been outmoded by electric trimmers which do a better job six to ten times faster. A 100 foot hedge can be trimmed and shaped on all sides in 30 minutes. Weighing approximately five pounds, these lightweight trimmers are easy to operate, and rugged enough to cut twigs up to a half-inch. Because of self-sharpening teeth, they require a minimum of maintenance.

include push-button starting and a locking key so that use by unauthorized persons is prevented. Smoke, fumes, and the need for electric cords are eliminated, and each of the three models is equipped with a battery charger which operates on ordinary house current.

A source which prefers to remain anonymous has suggested that, as the new battery-powered and quiet lawnmowers are adopted by increasing numbers of suburbanites, it may lead to formation of more friendly community groups whose motto might well be, "As we mow, so shall ye sleep!"

There are two principle sources of planting information readily available to every home owner, according to the American Association of Nurserymen. These are as follows:

1. Local nurserymen, including mail order nursery catalogues. Most catalogues have a considerable amount of planting information, and other educational material.
2. State Agriculture Extension Services. Many thousands of booklets on landscaping the home grounds, lawns, planting trees and shrubs, fruits, pruning, etc., are available. Write to Agricultural Extension Service located at the site of your state college or university and ask them for specific information you'd like to have.

There is no need for anyone not knowing what and how to plant, says the association.

Pruning Should Bring Out Natural Shape

The trick in pruning lies in proper equipment — sharp shears and says — and cutting out old wood from the base to make room for new growth. Always prune a shrub with an eye to preserving the natural shape — the feathery habit of spirea, the weeping effect of some forsythia and the perky look of the viburnums.

Hedges may be trimmed into more formal shapes, but even there make the top rounded and clip them narrower at the top than at the bottom so the sun can reach the lower branches to make them leaf out.

Buy Only Best Seed

Because seeds are comparatively inexpensive, it is most uneconomic to buy anything but the best. The seeds should come from a reliable source, should be treated and free of weed seed. Don't plant too thickly.

In 1953 there were 38 ski centers in Michigan and the number of skiers that year was estimated at 45,000. The 1961 total is expected to be around 165,000.

Man Pleads Guilty to Reckless Driving

Homer C. Van Fossan, 35, 1810 Warwick Drive, Beverly Hills, pleaded guilty to a reduced charge of reckless driving yesterday before Municipal Court Judge Maurice E. Finnegan.

He was ordered to pay a \$100 fine—or serve 10 days in the Oakland County Jail if the fine is not paid.

Henrietta Gets Hers

SAN ANGELO, Tex. (AP)—Henrietta, an Indian elephant who trampled a man to death Monday, was killed Thursday at a fatal rendering plant. Henrietta, 30 years old and previously docile, knocked down James John Orr, 67, and crushed him at a shopping center where the elephant had been towing a wagon to give children rides about a parking lot.

EMPEROR IS 60—This is an official portrait of Emperor Hirohito of Japan who will be 60 years old Saturday. The photo was made in the Imperial Palace garden where cherry trees are in blossom.

House Pigeonholes 2 Controversial Bills

LANSING (AP)—Two of the most controversial bills of the 1961 legislature—one dealing with discrimination in real estate deals, the other with two giant utilities—have been scrapped for the year.

The House State Affairs Committee Thursday, thus squelching two stormy wrangles that enlivened a generally humdrum session.

Dozens of other bills are expected to go under at midnight tonight, which is the deadline for all bills to clear legislative committees or die automatically.

Major appropriation bills, already approved in either the House or the Senate, are among those yet to be sent to the floor for debate.

Action by the State Affairs Committee tabled a bill that would have wiped out "rule 9," adopted by the State Corporation and Securities Commission in a move to ban discrimination in real estate dealings.

The commission adopted the rule after disclosure that real estate dealers in the Grosse Pointe area were using a point system to grade prospective buyers according to race, religion and national origin.

The gas bill fanned a 15-year-old dispute between Michigan Consolidated Gas Co. and Pan-

Senators Add Billion to JFK Housing Bill

WASHINGTON (UPI)—A Senate banking subcommittee Thursday approved President Kennedy's catch-all housing bill and raised the price tag by a billion dollars.

The group recommended a \$4.5-billion housing program which carried stand-by authority to allow Kennedy to boost the spending to \$5.5 billion. He had asked for a \$4.5-billion allowance.

The measure includes provisions for slum clearance, urban renewal, public housing, college dormitories and stimulants for private home construction and improvement.

Plan to Detail Market Riggings

To Sum Up Findings in the Alleged Swindle of \$10 Million by Pair

By FRANK CORMIER
WASHINGTON (AP)—Charges that two prominent members of the American Stock Exchange engaged in market rigging and illegal stock sales approaching \$10 million were to be detailed today by federal investigators.

Lawyers for the Securities and Exchange Commission, after completing a year-long investigation and largest in New York City and of exchange members Jerry and Gerard Re, were ready to sum-

up the findings in a bulky legal brief.

The Res, exchange specialists who conducted the daily market auctions in about 20 stocks, also were to file a brief in their own behalf through attorney Milton Gould.

WAIVER RIGHT
By agreement, the Res have waived the right to contest the charges. However, they have reserved the right to argue that any violations were not willful.

The investigation of the Res, father and son, was one of the most far-reaching in the history of the SEC. It was the first to involve market specialists—the key technicians who operate at the heart of every stock exchange.

Pending a decision by the full commission, the exchange has suspended the Res from membership. The exchange is the accepted year-long investigation and largest in New York City and of exchange members Jerry and Gerard Re, were ready to sum-

Erstwhile Prof Gives a Lesson in Clowning

SCOTTSDALE, Ala. (AP)—Professor Orion, the college teacher who left it all to become a clown, was the hit of the show as he opened with the Penny Bros. Circus.

Just a few weeks ago Professor Orion was Dr. Charles Williams Boas, professor of history at the University of Michigan. He was the first to leave the college life—but a man with a lifelong yearning to hit the sawdust trail as a clown.

There was no homework Thursday night. He had the kids—all ages—laughing their heads off as he and his son, Toby, 6, put on their specialty act.

There are about 2,475 miles of railway track in New Mexico.

About 230 tin cans per capita are required now in the U.S. according to present rates of consumption.

Spring Concert Friday at PNH

Planning 'Singerama'
to Observe Pontiac,
Civil War Centennials

By BILL RAMSEY
One week from tonight the lights will focus on the Pontiac Northern High School stage as 200 vocal music students present their third annual spring concert "Centennial Singerama."

Directed by Melvin Larimer, the program will include a varied selection of musical numbers commemorating the 100th anniversary of both the American Civil War and the City of Pontiac. A running narration will accompany the songs.

Featured in the concert will be the Pontiac Northern A Capella Choir, which earned a superior rating at the recent choir festival held in Ferndale.

These seasoned singers will present a wide range of tunes, from folk songs to love songs to "Give Me Your Tired, Your Poor," a musical setting to the famous inscription on the Statue of Liberty.

GLEE CLUBS TOO
The girls' and boys' glee clubs each have two numbers, "Night and Day," and "I Only Care." will be sung by the boys, while "April Love," and "Johnny Has Gone For a Soldier" will be done by the girls. In addition, several ensembles will perform.

Climating the program, the entire vocal department will sing two massed numbers, "Oh, Freedom!" a Negro Spiritual, and "The Battle Hymn of the Republic."

For several weeks the students have been preparing for the event, but the actual singing is only part of the work that is necessary to such an undertaking.

Directed by Mr. Larimer and the choir president, Jerry Menter, students have made decorations, written the narration, mailed letters and blocks of tickets to students at other area schools, drawn and painted posters, and hunted up or built various types of "props" to be used on stage.

Committee heads include Janet Haldane, decorations; Joanne Hudson, props; Bill Ramsey, publicity; and Jean Bell, script.

Mike Plourde, choir treasurer, and Sharon Stickle have been in charge of ticket sales.

A great many jobs will already have been completed when the curtain rises in the auditorium at 8 p.m. next Friday evening.

Prices for the show are 50 cents for adult tickets, and 25 cents for all students, grades 7-12.

Tickets are available from Mr. Larimer and from all music students.

Tickets will also be sold at the door.

There's Fun for All at Emmanuel Fair

By KATHY McKEE
The time for Emmanuel Christian High School's spectacular fair has finally come.

Today people pass the transformation of a school into a small carnival. Every class has joined the event with enthusiasm and surprising cleverness.

Some of the ideas used were a cake walk, white elephant, general store, spook house, and Disney land. For exercise and skill many interesting games were played in the gym.

As an additional treat the Freshman class has erected a dunk booth in which certain students and school dignitaries have agreed to sit hoping no one will hit the target which so dreadfully hides their fate.

Emmanuel is proud of the fine work accomplished by the fair committee and its head, Mrs. Alice Featherstone. The fair ends to night at 9.

Bloomfield Hills Slates Comedy Film Tonight

The Forum of Bloomfield Hills High School is presenting the movie "You Can't Take It With You," starring Jimmy Stewart, Lucie Arnott, and Spring Byington at 8 tonight.

At the intermission, a vaudeville troupe will entertain. A nominal donation of 35 cents will entitle anyone to see the comedy film and a treat in live entertainment.

Student council elections were held at Bloomfield Hills High School today. Candidates were nominated last week and split up into three parties, vying for the student vote.

Plan Friendship Fete

DETROIT (AP)—The third annual International Freedom Festival will be held June 28-July 4. The festival is jointly sponsored by the cities of Detroit and Windsor, Ont. Officials say the purpose of the festival is to demonstrate "how two neighboring countries live friendly, democratically and in harmony along the world's longest unarmored border."

PAINTING POSTERS—Pupils at Pontiac Central have busy this week planning for their annual J-Hop, which is slated for May 6. Various committees are hard at work making decorations, arranging for entertainment and refreshments, distributing and selling tickets, and publicizing the event. Working on one of many posters are (from left) Mark Foster, Cynthia Rush and Bonnie Valuet. The girls are co-chairmen of the dance. Mark is post dance chairman.

Dance Is May 6

Pontiac Central Slates Tropical J-Hop

By BARE GRIFFIN
"Tropical Mist" is the theme of this year's Pontiac Central J-Hop, to be held next Saturday, May 6, in the girls gym from 9 to midnight. Co-chairmen of the prom are Bonnie Valuet and Cynthia Rush. Sandy Gowen and her committee are hard at work planning and assembling decorations for the gym.

Music chairman, Dave Petroff, has engaged Jerry Libby's band to provide music for this semi-formal affair.

Tickets are being sold for \$1.50 in the ticket booth by Judy Freyette and members of her committee.

Other committee heads are Susan Putnam, patroness; Mary Lou McLaughlin, refreshments; Karen Brown, publicity; and Mark Foster, post-dance.

SENIORS INITIATED
Yesterday morning 73 seniors were initiated into the National Honor Society at the annual installation assembly, attended by members of the senior class and parents.

Qualifications for membership in the National Honor Society are a B average and evidence that the student excels in leadership, citizenship, and service to the school.

Four Clarkston Pupils Get Top Science Awards

By JANET TISCH
Delving into the corridors of science with projects of physics, biology, and chemistry, four Clarkston High School students captured medal and trophy honors in the fifth annual Clarkston Science Fair last weekend.

Months of preparation went into the completion of the 130 projects on display.

Judges from some of the best colleges in the state supplied the final decisions.

All participants were well pleased, not only from the honors they received but also from the experience and knowledge they gained in being able to participate in a science fair.

Davis Smith, a junior, with his project on the "Effects of Ionization on Plant Viruses" won the most outstanding honors: the first place trophy.

Dave has been working on his project since he was in the ninth grade, and finally feeling that it was worthy of competition, entered it.

Many hours of hard work and research came to a close for the time being but Dave hopes to enter the project in the Detroit Science Fair next year.

Bob Sawyer, with his project "Parabolic Microphone," won a second place trophy.

Fred Lissner won a medal with his most interesting project, "Muscle Stimulation."

Besides the medal winners there were also many students with outstanding projects who won the superior ribbons.

These were Marla Booth, Trudy Kroback, Rocky Ballard, Betty Cobb, Dave Knox, Donnie Miller, Keith Pater, and Mary Robbins.

Elementary students also were included in the display of projects. John Strobelich won first place trophy in the elementary division with his project on "Static Electric Detector."

Kurt Madonwald with a project called "Magnetism" and Brad Beauchamp for his project "Atomic

zimuth, and service to the school.

Seniors with speaking parts in the ceremony were Dave Dodd, leadership; Karen Knecht, service; Harold Tate, citizenship; Cynthia Williams, scholarship; and Jim Baker, pledge.

Pontiac Central has two winners in the finals of the state Forensic tournament held Tuesday in Flint.

Tommie Bogan won a first place banner in humorous reading and Cynthia Williams placed third in oratory.

The girls' speech teacher is Walter Smith.

Winners of the ticket selling contest for "Carousell" were announced this week.

It was a very close race with Marlene Beale winning the ticket radio for selling 236 tickets. Susan Putnam, by selling 233 tickets, came in second and was awarded ten dollars.

PLAN PICNIC
The Future Homemakers of America are planning to go to Teale Hill next Tuesday for a picnic and horseshoe riding.

This club is also giving an openhouse for all ninth grade girls in Pontiac May 16. "Junior High Night" will acquaint next year's sophomores with FHA activities.

Submarine" won gold medal honors.

Michele Beghia, and Sandra McCormick were awarded superior ribbons.

Student Council Effort Pays Off for Waterford

By BARE SECAN
Student Council members at Waterford Township High School have been working very diligently lately to make a success of two of their more current projects.

One of these was the proposal for the construction of tennis courts on the school grounds. This has at last been approved and funds have been appropriated. The courts are expected to be completed during the summer.

Another project was the recent recreation night, attended by a large number of students.

Equipment for such activities as basketball, volleyball, table tennis, weight lifting and wrestling was provided in the gymnasium. Dancing and concessions were included in the cafeteria.

In order to better the student council, officers spent a day at Berkley during this week attending council meetings and touring the school.

Officers participating were Mike Kaizer, president; Tom McKinnon, treasurer; Joyce McKenna, recording secretary; and Jean Salathiel, corresponding secretary.

Financing their senior trip is the current goal of the junior class. Selling candy is the way they are going about it. Dollar boxes of peanut clusters are available from any junior.

Each person must sell approximately 167 boxes in order to pay for his trip.

Varsity cheerleading tryouts are presently being held. Participants must attend all practices and obey the rules set up by the sponsor.

Cuts will occur anytime beginning May 1. The final cut will be May 11. From the candidates cheerleaders will be selected for both Waterford High School and Waterford Kettering High School.

Council Election Today for St. Fred's Students

By MARY ELLEN DETMER
Student council elections are being held today at St. Frederick High School, bringing to an end several weeks of campaigning by candidates for next year's council seats.

The qualifications for holding student council office are as follows. First, a student must have been on student council for at least one year, either as a homeroom representative or a class officer.

The council president has to be a senior. The rest of the offices may be held by seniors, juniors, or sophomores.

Scholarship, each candidate must maintain at least a C average; and personality-wise he must rate at least B.

The candidates for the office of president are Lynn Poet, Sue Pollock, and Mike Brady, all presiding officers.

Running for vice president will be Tina Lalonde, also a junior, and the two losing presidential candidates.

Nominees for secretary are Sheila Lane and Judy Fitzpatrick, both sophomores now. Last but not least are Polly Meyers, junior, and Mike Seery, sophomore, eligible for treasurer.

Much campaigning took place this week. Visitors found students wearing buttons, posters in the halls, and many varied slogans.

Votes will be tabulated and announced on Monday.

EIGHT EARN HONORS
Recently report cards were given out and eight students received them with happy smiles for they all captured top spots on the honor roll.

These students received all A's on their cards or an equivalent of 15 honor points. The seniors are Dave Garza, Marje Girardot and Bob Metz. Junior scholars are Marie Molina and Carole Janczarek.

From the sophomores are Sue Casgrove, Sheila Lane and Jean Nickerson.

Under the direction of decoration chairman Dave Garza and Tom Ritter, plans for the '61 prom, "Ebb Tide," are well underway.

A nautical, undersea theme is planned. The decoration committee met frequently and has decided the theme, name, general run of decorations, band, program and has ordered much of the equipment for decorations for the May 12 prom.

Other characters in the dance routine are Buddha, played by Sandy Carrallara; Angel, by Linda Lindstrom; and two dogs portrayed by Nancy Pills and Elaine Zuech.

Two extras in the dance company are Kim Gartside and Jackie Johnson.

Tickets for the program can be purchased from chorus members or members of the cast.

Other parts and actors include: Lady Thang, Kathy McBroom; Lun Tha, Dave Parrish; Tuptim, Dottie Duckwitz; Sir Edward Ramchee, Fred Koeh; The Kralahome, Clint the girls had to qualify for the tryouts by doing three jumps, the splits, and a cartwheel.

At the tryouts the eight girls on each of the squads had to do an original cheer alone, and then a cheer with a group.

Pat Lysinger will play the part of Anna, the English school-teacher who goes to Slum to tutor the king's children.

The King will be played by Paul Carl.

Other parts and actors include: Lady Thang, Kathy McBroom; Lun Tha, Dave Parrish; Tuptim, Dottie Duckwitz; Sir Edward Ramchee, Fred Koeh; The Kralahome, Clint the girls had to qualify for the tryouts by doing three jumps, the splits, and a cartwheel.

must maintain at least a C average; and personality-wise he must rate at least B.

The candidates for the office of president are Lynn Poet, Sue Pollock, and Mike Brady, all presiding officers.

Running for vice president will be Tina Lalonde, also a junior, and the two losing presidential candidates.

Nominees for secretary are Sheila Lane and Judy Fitzpatrick, both sophomores now. Last but not least are Polly Meyers, junior, and Mike Seery, sophomore, eligible for treasurer.

Much campaigning took place this week. Visitors found students wearing buttons, posters in the halls, and many varied slogans.

Votes will be tabulated and announced on Monday.

EIGHT EARN HONORS
Recently report cards were given out and eight students received them with happy smiles for they all captured top spots on the honor roll.

These students received all A's on their cards or an equivalent of 15 honor points. The seniors are Dave Garza, Marje Girardot and Bob Metz. Junior scholars are Marie Molina and Carole Janczarek.

From the sophomores are Sue Casgrove, Sheila Lane and Jean Nickerson.

Under the direction of decoration chairman Dave Garza and Tom Ritter, plans for the '61 prom, "Ebb Tide," are well underway.

A nautical, undersea theme is planned. The decoration committee met frequently and has decided the theme, name, general run of decorations, band, program and has ordered much of the equipment for decorations for the May 12 prom.

Other characters in the dance routine are Buddha, played by Sandy Carrallara; Angel, by Linda Lindstrom; and two dogs portrayed by Nancy Pills and Elaine Zuech.

Two extras in the dance company are Kim Gartside and Jackie Johnson.

Tickets for the program can be purchased from chorus members or members of the cast.

Count 24 Quakes

MEXICO CITY (AP) — Twenty-four minor earthquakes shook the village of Acapulco in a period of four hours Wednesday, causing damage to about 100 small homes. The quakes caused panic among some residents, and about 70 families fled to Mexico City, 15 miles away.

About 300 million road maps are given away each year.

"LATE SHOW" — TO COME

PONTIAC STATE HOSPITAL

Open House

APRIL 30 1:00 TO MAY 1-2 4:00 P.M.

YOU, YOUR FRIENDS ARE CORD

COME ON IN — That's what Pontiac State Hospital staffers will be saying to everyone Sunday through Tuesday, just as attractive Dr. Veronica Salerni, a staff psychiatrist, is saying as she looks up from a list of registered visitors. The doctor is living proof that they don't make psychiatrists like they used to. In fact, they don't make state hospitals like they used to. You can see the many new innovations in treatment of mental illness and get a free musical variety show to boot, Sunday from 1-4 p. m. as the hospital observes National Mental Health Week.

fact, they don't make state hospitals like they used to. You can see the many new innovations in treatment of mental illness and get a free musical variety show to boot, Sunday from 1-4 p. m. as the hospital observes National Mental Health Week.

Annual Checkup on Autos Begin

Inspections Will Be in Service Stations, Car Dealerships

Pontiac's annual vehicle safety check campaign will begin Monday—with free car inspections available at more than 100 gas stations and new car dealerships in the area.

Instead of the previous week-long campaigns, the Safety Committee of the Pontiac Area Chamber of Commerce announced that the 1961 campaign would run through the month of May.

No street lanes will be set up this year.

"A garage or new car dealer is a more ideal place for a thorough inspection," said Joseph Zabelski, chairman of the safety check campaign.

Inspections will cover ten items —brakes, front and rear lights, steering, tires, exhaust system, glass, windshield wipers, rear-view mirror, and horn.

Unlike previous years, motorists will not have to face the threat of warning citations from Pontiac police should their cars be found defective.

Last year some 7,000 cars in Pontiac received safety checks.

Feels Another Quake

HOLLISTER, Calif. (AP)—Hollister, shaken badly by an earthquake three weeks ago, got another jolt Thursday. No new damage was immediately apparent. Seismologist Don Tocher at the University of California in Berkeley listed the tremor as "moderate."

Prepare for Open House at Pontiac State Hospital

Pontiac State Hospital is getting ready to welcome area residents Sunday, Monday and Tuesday to its 15th annual open house, being held in observance of National Mental Health Week.

Mixed Feelings Greet Bid by Russian Church

BUCK HILL FALLS, Pa. (AP)—Both anxiety and gratification were current today among American church representatives about the Russian Orthodox bid for membership in the World Council of Churches.

While most delegates who spoke welcomed the move, some were frankly worried about its representation among rank- and-file churchgoers.

"We're willing to receive a large number of brickbats," said the Rev. Ivan B. Bell, a Phoenix, Ariz., Baptist. But he said admission of the Russian church would inflame "charges of communism" in the council.

The Rev. J. Robert Nelson, of Princeton Theological Seminary suggested something should have been done to "cushion the shock for many pious Christians."

Chairman of the entire open house program is Dr. Rolf Sachau, a staff psychiatrist.

Other key figures are Dr. Wal-

Plan Pipeline for Water to Ottawa County Towns

GRAND HAVEN (U)—Proposals to serve Ottawa County communities with water through a hook-up into a planned new Lake Michigan pipeline for Grand Rapids were disclosed Thursday.

Henrik E. Stalseth, secretary manager of the County Road Commission, said resolutions are being drawn up for approval by Hudsonville, Zeeland, Coopersville and the townships of Holland, Park, Georgetown and Allendale. He said all expressed interest

last week in obtaining more water and asked the commission to act as agent in setting up a water district.

Use of Paper Gauges Nation's Living Standard

NEW YORK (UPI)—The higher a nation's standard of living, the more paper it uses, American Cyanamid Co. finds.

The corporation said each American uses about 417 pounds of paper a year, each Dane 150 pounds, each Chinese one pound and each Central African—virtually none.

Disney Plows Ahead, Ignoring Sex Trend

By BOB THOMAS
AP Movie-TV Writer
HOLLYWOOD (AP)—The movie comeback story of the year is being written by Walt Disney, in the red last year and now enjoying four hits in a row. Disney is the envy and wonder of his fellow producers. Not only

is he rolling in hits. He also has gone against the trend toward sex and sadism in films. The movie wizard was observed at close hand in his office at the start of one of his busy days. He had already been on a lot tour before most of his workers had arrived. His day would be spent planning and checking every phase of studio projects.

"Having these hits worries me," he said over his coffee. "Everybody at the studio gets happy and I spend my time pulling them down from the ceiling to get to work."

"Last year, the film business was off and we had a lot of expensive pictures, so we didn't do so well. Then everybody was down in the dumps and I had to boost them up and tell them we've been through these periods before."

Disney's golden string started with "Swiss Family Robinson," made for \$4½ million and expected to gross \$7.8 million domestically. Then came "101 Dalmatians," costing \$3½ million with \$6½-7 domestic gross in sight.

He expects "The Absent-Minded Professor" to be his biggest moneymaker so far; it could go to \$12 million in this country with a \$2.1 million cost. Previewers have already classified his next, "Parent Trap," a surefire hit. "It's all very nice, but I really don't concern myself too much with how the pictures do," Disney said. "Most of my thinking is two years ahead."

These are the projects in his future book: "Babes in Toyland," his first live-action musical; "Moon Pilot," a comedy about space travel; "Bon Voyage," a comedy about a family touring Europe; "Big Red," about a boy, a man and a dog in Canada; "The Castaways," a Jules Verne adventure. Also in the works is a cartoon feature, "The Sword and the Stone."

As you can judge, none of these films is likely to be banned in Memphis or condemned by the National Legion of Decency. Disney still clings to the old-fashioned notion that movies are family entertainment.

I pointed out that he is fighting the trend, as evidenced by this year's major Oscar winners, none of which is exactly suitable for children. "What do the academy awards mean?" he asked. "You want one? I've got a lot of 'em. I'm just more interested in how the pictures do at the box office."

Disney has won 29 academy awards.

Confusing, Isn't It?

Dam Bursts on Homes

MIDDLETOWN, Conn. (UPI)—A dam burst here early today, releasing torrents of lake water which swept four homes from their foundations and flooding many others. Three persons were injured and damage was heavy.

Toledo Port Officials Okay Building of Crane

TOLEDO, Ohio (U)—Directors of the Toledo-Lucas County Port Authority Thursday authorized construction of a 70-ton-heavy lift crane at the port's Presque Isle site.

The gantry-type crane will cost \$300,000, with another \$185,000 needed for installation.

Louis Purvey, port general manager, said the crane will be "the finest, fastest and most flexible of its type on the Great Lakes." The port plans to have the crane in operation in time for the 1962 shipping season.

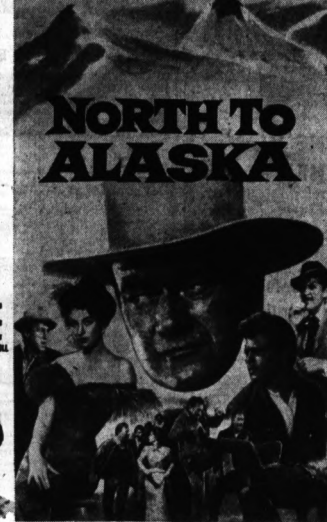

An average adult breathes 10,000 to 12,000 quarts of air per day.

Tear Gas Quells Harvard Latinites

CAMBRIDGE, Mass. (UPI)—Harassed city police, outnumbered more than 100 to 1 by rioting Harvard students, resorted to tear gas Thursday night to break up a demonstration, aimed at preserving Latin on Harvard diplomas.

Eight shells were pumped into the crowd of 5,000 students in Harvard Square when police began getting the worst of what sometimes was hand-to-hand fighting.

Police carefully avoided cracking skulls with nightsticks, but a substantial number of students may find their classroom chairs a bit uncomfortable today.

It was the second consecutive night of demonstrations by students protesting the university's decision to use modern English instead of traditional Latin on the diplomas.

Expect 2,700 Parents

BIG RAPIDS (UPI)—More than 2,700 parents of Ferris Institute students are expected Sunday at the Big Rapids campus for the college's second annual parents day. Ferris opens all its facilities for inspection during the event.

Peace-Meeting Delegates Told to Bring Police

GENEVA (UPI)—If the 14-nation Laos peace conference comes to Geneva next month as planned, all delegates will be asked to bring their own bodyguards.

And if the French-Algerian peace talks finally begin, delegates to that conference also will have to provide at least part of their own protection.

The "bring your own security" decision was made by the Geneva police, who figure that providing complete protection to all delegates at two conferences with such explosive aspects was more than they could guarantee.

7th State Man Dies Following Air Crash

OAKLAND, Calif. (AP)—Gerald K. Menzie, 41, of Midland, Mich., became the seventh victim of a Michigan based Naval Reserve plane which crashed on take-off at Fallon Air Force Base, Nevada, April 18.

Menzie, the co-pilot of the Navy R4D transport which was carrying 18 recruits from the Grimes II Naval Air Station near Detroit on a two-week training mission, died here Thursday of burns suffered in the crash.

AP Photos

INJURED HERO—Brookline, Mass., firemen carry seriously injured Henry Taylor, 30, of Wilmington, N. C., from the wreckage of his trailer truck in which he was trapped for an hour. Fire Chief George Getting called Taylor "one of the bravest men I've ever seen." Police said Taylor was coming down a hill when his brakes failed and he swerved his truck into a side street to avoid plunging into cars at a busy intersection. The truck tipped over against a tree.

To Can Cherries Again at Jordan Canning Co.

EAST JORDAN (UPI)—The East Jordan Canning Co. has been scheduled to resume full operation May 1 after lying inactive last year for the first time in its 35-year history.

Cherry growers William and Fred Sherman announced they will manage the plant and operate on a permanent basis. At former peak operation the firm employed approximately 200 workers.

Date Nears for Business to File on Activities Tax

LANSING (UPI)—State Revenue Commissioner Clarence W. Lock warned today that May 1 is the deadline for filing of business activities tax returns for the first quarter of 1961. Lock said that taxpayers occasionally overlook the first quarterly return for the BART because of federal income tax and state intangible taxes are due at the same period.

State Aid Funds Are in the Mail

April Apportionments for County Schools to Vary Little

April apportionments of state aid to Oakland County's 30 school districts, the special education program and the county board of education are in the mail, the county treasurer's office reported today.

Since per capita totals, on which payments are made, haven't changed much since the last payments made in March the checks correspond nearly to the penny with the last payments, with the exception of the Farmington district which had \$111,329 due it.

The total check Treasurer Charles A. Sparks received came to \$2,981,136. The special education program receives \$10,381 and the county board of education \$5,460.

Checks were distributed in the following amounts:

Birmingham \$180,250; Berkley \$149,331; Ferndale \$130,431; Hazel Park \$136,850; Oak Park \$115,000; Pontiac \$284,860; Royal Oak \$291,620; Southfield \$109,312; Troy \$63,810; Avon Township \$54,130; Bloomfield Hills \$44,330; Brandon \$24,380; Clarencerville \$50,575; Clarkston \$78,152; Clawson \$36,831; Farmington \$275,230; Holly \$41,530; Huron Valley \$77,810; Lake Orion \$60,780; Lamphere \$52,375; Lyon \$36,160.

Others: Novi \$11,900; Oxford \$37,330; Rochester \$81,660; Madison Heights \$74,080; Walled Lake \$112,831; Waterford Township \$245,000; West Bloomfield \$22,811; White Lake Township \$11,900; Oxford Township \$210.

Missiles to 'Hit' U.S. in Civil Defense Test

WASHINGTON (UPI)—Missiles and bombers will strike the United States in a simulated mock attack today to test the nation's civil defense plans.

Sirens will scream in many cities and millions of school children will take cover. All U.S. television and radio stations will go silent at 4 p.m. EST for 30 minutes.

At 4:15 p.m. EST President Kennedy—in a taped message—will talk on the importance of civil defense over the emergency "Continrad" radio network (640 and 1340 wavelengths).

Traffic will be halted from 4 to 4:10 p.m. EST in New York City. Officials of the federal government, plus state and local officers, will be alerted to remote shelters to weather the mock attack.

Report Troops Hold Tshombe at Airport

LEOPOLDVILLE, The Congo (UPI)—Congo troops are still holding Katanga President Moise Tshombe at the Coquilhatville Airport, informed Congolese sources said today.

The sources said the soldiers refused to allow him to leave. A foreign ministry communique said "popular reaction" forced Tshombe to remain in Coquilhatville Wednesday when he tried to leave.

Grizzly bears once roamed the whole western half of North America.

Withdraws Warrant Against Covington

ST. LOUIS (AP)—The prosecuting attorney's office reconsidered and withdrew Thursday a warrant charging outfielder Wes Covington of the Milwaukee Braves with non-support.

Covington had posted \$500 bond on the warrant Tuesday. It was issued on complaint of Mrs. Beverly Nicholson of St. Louis that Covington was the father of her

three children and had failed to contribute to their support.

The prosecuting attorney's office said Thursday a search of its records disclosed Mrs. Nicholson, on an earlier occasion, had accused another man of being the father of one of the three children.

Bench Strength New GM's Goal

Gabe Paul's Objective With Cleveland Team Is More Depth

NEW YORK (AP)—Gabe Paul, the new general manager of the Cleveland Indians, said today his immediate objective would be to strengthen the team's bench.

"From what I have been given to understand," said the 51-year-old baseball executive, "the Indians' greatest need is bench strength. We could use some more right-handed hitting and perhaps another catcher. I feel, however, the club is good enough as it is to be a factor in the pennant race."

Paul, in a surprise move, quit as general manager of the Houston club of the National League Thursday, to accept a similar post with the Indians. He gave no reason for his decision to leave the newest N.L. entry other than "personal reasons." His contract at Houston was to have run for three years. He has no contract, at his request, with the Indians. The salary is estimated at between \$60,000 and \$75,000, the same figure he was to have received from Houston.

Albion Takes Two

ALBION, Mich. (UP)—Albion, with Gary Kettow and Bud Bowers hurling three-hitters, defeated Adrian, 3-0 and 6-2, yesterday in the opening doubleheader of the MIAA baseball campaign.

AWAIT TOAST — Coaches and athletes at Avondale High School are anxiously awaiting the night of May 2 when the various Yellow-jacket teams will be honored. Coaches John

Thompson, far left, and Dick Bye are shown pointing at the All Sports fete poster with Varsity Club officers Tim Burt, far right, and John Carlson displaying their approval.

Canton, Ohio Gets 'Hall'

NFL Teams All Insured

SAN FRANCISCO (AP)—Forty years ago, most National Football League teams couldn't afford a change of uniforms. Today the league's 14 teams are insured for \$1.5 million.

The league's fantastic development was strikingly evident at the close of its annual meeting Thursday when Commissioner Pete Rozelle and the circuit's directors announced:

A plan for restocking teams in case of disaster, with the league insuring each team for \$2,500,000. Player pensions and other benefits of \$300,000 a year from the league's new contract with the National Broadcasting Company for radio-television rights to the annual championship game.

Establishment of a National Football League Hall of Fame at Canton, Ohio, where the league was born 41 years ago in an automobile showroom.

Earlier in the meeting—one of the smoothest the NFL has ever had — Rozelle announced a new two-year contract with the Columbia Broadcasting System for more than \$9 million. This will be divided equally among all 14 teams and involves CBS telecasts of regular season games.

George Preston Marshall of the Washington Redskins was the only NFL owner who didn't attend the meeting here.

George Halas, owner-coach of the Chicago Bears, was the only man present who also was present in September 1920 when the first pro football league was formed in Canton.

Daugherty Will Speak Tuesday at Avon Banquet

Duffy Daugherty will be the guest speaker and most valuable players will be named for football and basketball highlighting the annual Avondale High athletic banquet in the school gym Tuesday night.

Tickets are still available for those wishing to hear the popular Michigan State head football coach talk. Paul Smarke, president of the Michigan High School Coaches Association, will be master of ceremonies.

Letters will be presented to football and basketball players and girl athletes.

Dales Stomp Calvin

HILLSDALE, Mich. (UP)—Hillsdale stomped 31 over hapless, winless Calvin yesterday, taking the first game of a doubleheader 15-0 and the nightcap 19-5.

Spring is springing a little late this year, but Tommy Watrous, the boyish-faced assistant professional at Oakland Hills Country Club, isn't complaining about the delay.

The 24-year-old Watrous is so thankful to be alive after a long winter siege of acute appendicitis that he's not fretting one bit over the unpredictable behavior of a slow-to-arrive season.

From mid-February through March, winter was tough sledding for Watrous and when spring finally does blossom into full bloom, you can bet your bottom dollar that nobody will appreciate its coming more than Tommy.

It was February 15, to be exact, when Tommy was rushed to Ardmore Hospital for removal of a ruptured appendix. Surgery was a complicated immensely by peritonitis and for quite a spell it was a touch-and-go proposition for all concerned.

"Tommy had some anxious moments and so did we," said father Al, head pro at Oakland Hills since 1953. "But he has made an excellent recovery and now he's back in the job, ready for another busy year."

The University of Detroit graduate spent nearly three weeks in the hospital before getting the OK to go home. After that, there was a lengthy period of rest and recuperation at home.

"His stomach bothered him for several days prior to the attack, but he refused to think that it was anything more than a belly-ache," Al said. "Then his troubles happened swiftly."

Now, after a hard fight,

LOOKING FOR PUBLICITY? Want your golf league publicized in this column? If you do, we're as easy as falling off a log. Just send your weekly summaries to "Teeling Off" in care of this newspaper and you'll be represented.

SHORT PUTTS When people start talking about old-time Oakland County pros, they frequently overlook Lee Conroy of North Hills. Conroy, seldom in the golfing spotlight, is beginning his 28th year at the Maple Road course.

Morey's will field two teams in the Michigan Public League this season and Pontiac's Charlie Barker will manage both of them.

George Catto, son of Sylvan Glenn manager Bill Catto, is captain of the Central Michigan University golf team this spring for the 3rd straight year. Catto, an economics major, will be graduated by the Mt. Pleasant school in June.

C. J. Reynolds, former Tam O'Shanter assistant pro and now a Berkley policeman, will give lessons on a part-time "request only" basis this summer at Springdale Park. Birmingham's municipal links . . . Indoor nets have been installed at the Rochester layout in order that players can practice inside when the weather is bad.

Californian Hot in First ABC

Moore Tops Classic Trio; Behrick Hits 1709, Gormong 638

DETROIT (UP)—The Californians will be taking home at least some of the booty from the American Bowling Congress tournament to compensate for their long trip.

Bill Tuttle, 26, unemployed San Jose school teacher, tied for fifth place in the Classic Division all-events Thursday night with 1,592 in his first ABC. He rolled 611 in the team event Wednesday night and came back with 624 in the doubles and 657 in the singles.

Tuttle's team, the San Jose All-Stars, totaled only 5,391 for six games, placing 52nd in the classic team event.

The Beesmoockers of San Antonio, Tex., took tenth place in the Booster team division with 2,744.

Navratil of Detroit, with local men Monroe Moore, Joe Bonfiglio and Mike Samardzija, rolled 2,627 and 2,636 in the classic division. Moore had 531-570, Samardzija 513-576 and Bonfiglio 471 in his only appearance.

Bonfiglio fired 535 and Samardzija 550 for 1185 in doubles. Moore and Micky Hoydie of Flint had 1104 with "Mo" at 568. Moore led the trio in all events with 1677 and singles 578. Samardzija totaled 1641 and 533 and Bonfiglio 1628 and 568.

Carl Behrick paced a local group in regular all events at 1709 and teamed with Ed Averette, rolled 1181 in doubles. Behrick had 605. Jim Walker and Paul George rolled 1109 in doubles. Walker hit 1636 and George 1626 in all events. Bob Gormong was way ahead of the pack in singles at 638. Walker's 550 ranked next.

Get in on Chevy's brand of savings at your Chevy dealers

TRUCK ROUNDUP

Western star Roy Rogers spreads the good word for your local dealer! "Right now he's making it easier than ever to own America's easiest riding truck. That's Chevy—the truck that saves you plenty with its special brand of Independent Front Suspension."

Just pick the model that fits your job and you can be sure you're putting your truck dollars where they'll do the most good. You'll get a super-efficient power to capacity ratio, a truck that's Sturdy-Bilt clear through, a king-size cab to keep your driver happy. And savings that just naturally go along with Chevrolet's I.F.S. ride.

You save on maintenance costs. I.F.S. lengthens truck life and protects cargoes by soaking up as much as 75% of all objectionable road shock and vibration. Your truck keeps working for extra thousands of miles! How in the world can you go wrong! Especially now—during truck roundup time!

Chevy's hefty Jobmaster 6, standard in Series 60 middleweights, is known far and wide for its fuel-saving performance.

CHEVROLET LES. TRUCKS

Chevy's famous Thriftmaster 6 does the saving in this Fleetside model. It's the most highly respected truck 6 ever put under a hood. It's best known for economy and dependability—for pulling more loads over the year than any other truck engine. The 135-horsepower 235-cu.-in. Thriftmaster's standard in all Chevy pickups.

Poor Weather Blamed for Tiger Attendance Drop

DETROIT (AP)—The cool, wet spring weather is blamed for nearly a 50 per cent drop in attendance at the Detroit Tigers' first nine home games.

Only 83,285 fans have paid their way into Tiger Stadium to watch the Detroit club that got off to such a fast start in the American League race.

A year ago after nine home games, the attendance was 181,136. The deficit is 97,851 fans.

This season the Tigers have had four home games postponed. Included were a Sunday game and the first scheduled night game against the New York Yankees. The Tigers had their heaviest attendance since opening game with the Yankees.

THURSDAY'S FIGHTS
150. Los Angeles, supported Neal Rivers.
160. Fresno, Al. knocked out Toro.
165. Mexico, 30.

St. Michael Nine Stays Unbeaten; PNH Loses

St. Michael stayed unbeaten and Lake Orion turned in its 5th triumph in six outings while Pontiac Northern, St. Fred and Cranbrook were being handed trouncings in prep baseball Thursday.

Clarkston and West Bloomfield won Wayne-Oakland contests. Oxford won its South Central Conference opener. Orchard Lake St. Mary bowed to St. Rita, 7-2. Romeo also lost.

The Shamrocks rallied to whip St. James 4-1 for their third straight. Jim Herrera belted a two-run homer, Dave Baumgartner singled in a pair and Larry Sonnenberg did the same with a double. Gary Kraft hurried the triumph.

Visiting St. Clement walloped

St. Fred, 12-4. St. Mary got only three hits off Jerry Lahmier.

Northern's record dipped to 0-3 in a 11-1 battering by Farmington. Al Frodie's single spoiled a shut-out. Tom Zink was the loser. Tom Thomas had a single, double and triple. Ron Errait tripled and singled and N. Duncan had two singles for the Falcons.

Orion got off to a big start and then coasted to a 9-5 conquest of Clawson behind the hurling of Roger Williams. Larry Thompson had a triple and singles and Doug Treuman two singles for the Dragons.

Ferdale outscored Cranbrook 20-8 featuring a single, two doubles and a home run by Bill Pudge. He batted in three runs and tallied the same number. Each team had 12 hits. George Martin had three for the Cranes. Bill Mosher was the loser. There were 11 errors. Cranbrook is now 3-3.

A single by Jerry Powell chased in Clarkston's clincher in a 4-3 verdict over Clarenceville. The pitching of Tom Gerbeck helped even the Wolves at 2-2 in the loop. Don Marsh's two-run double and Mike Applegate's two singles were other Clarkston highlights. Joe Nye socked a two-run triple and single in defeat.

The Lakers downed Holly 4-2 for its 1st league win. Don Sweetman did the pitching. Gary Lee slammed three hits. Bill Vascosino two doubles and Jim Larcadant added the offense. A double play in the 7th halted a final Holly bid.

Mike Dodge fired a two-hitter, fanning 13 as Oxford took North Branch, 3-2. Dick Miller got his 2nd hit and 2nd RBI in the 6th to decide the issue.

Gene Hennig and Mark Johnson got home runs but Romeo still fell before Utica, 5-2. Utica scored four unearned runs breaking a 1-1 tie in the 6th. Colpaert struck out 8 and Palazzola had a two-run homer for UHS. Romeo is now 0-3.

U. of M. Distance Runners Defend Titles at Penn

PHILADELPHIA (AP)—Michigan's talented distance runners face a real test of stamina in defending their distance medley and 4-mile relay titles today on the first day of the Annual Penn Relays at Franklin Field.

Anchored by Ergas Lepo, native Lithuanian and Canadian Olympian, the Big Ten runners meet a tough Abilene Christian College team in the distance medley and about a half-hour later defend the 4-mile. Last year the races were on different days.

In all, seven championships will be decided on the first of the two-day program featuring more than 4,500 athletes from 103 colleges, 327 secondary schools, 15 AAU clubs and the armed forces. In addition to the medley and the 4-mile relays, champions will be crowned today in the 440-yard hurdles, 2-mile run, discus, hammer and broad jump.

Abilene's bid for the distance medley is the start of an ambitious effort to annex four relay titles, a feat accomplished only by Pitt in 1939, and Michigan in 1945, in the 67-year-old history of the colorful track and field extravaganza.

Preachers, Doctors to Play Basketball

A farewell to the basketball season will be held Saturday night at Jefferson Jr. High School. Player-coach J. Allen Parker will head a team of preachers and doctors representing the Southwest part of Pontiac against a similar group elsewhere in the city. Allen Noble will coach and play for the latter team.

A preliminary will start the program at 7:30. It will match the Newman All-Stars and the Jefferson Jr. High Debs in battle of girl cagers.

Proceeds will go towards the Newman A.M.E. building fund.

Busby Is Active Again

WASHINGTON (AP)—The Baltimore Orioles Thursday night restored veteran outfielder Jim Busby to the active player list.

By PHIL NEWSOM
UPI Foreign News Analyst
Whether Nikita Khrushchev would launch World War III to protect Fidel Castro, his Cuban puppet, must for the moment remain a matter of conjecture.

But as the United States reassesses its position as a result of the failure of the Cuban invasion, reports from Havana and behind the Iron Curtain leave no doubt about the importance to Communist leadership attaches to its Cuban beachhead.

Scarcely had the invasion at-

tempt collapsed before Communist ships began arriving at Havana docks.

They carried oil, trucks, tractors, jeeps, industrial equipment, textiles, chemicals, pharmaceuticals and even glassware.

It was obvious that the shipments had started on their way before the invasion began but they were substantial evidence of Communist determination to bolster the Cuban economy badly shaken by the communication of Cuban industry and agriculture and by frequent call-ups of the 300,000-man Cuban militia.

They coincided with news from Washington that the United States

was considering a total embargo on Cuban trade which would hit primarily the \$70 million in annual exports of Cuban tobacco to the United States.

Now from Czechoslovakia comes word that that highly industrialized Communist satellite has been thrown into the economic battle.

Strikebreaking Bill Killed by Committee
The House Judiciary Committee buried the Senate-approved measure Thursday.

"Some of the committee members didn't like the Senate amendment permitting only the local union involved in a strike to engage in picketing," said Rep. Thomas J. Whinery, R-Chicago, the committee chairman.

"Others," he said, "questioned whether the bill might violate the guarantee of peaceful assembly in the federal Constitution."

Whinery said it was "quite possible" the measure would be considered again next year.

A new trade deal that triple last year's volume between Czechoslovakia and Cuba and slurs was declared designed to "help eliminate the consequences of the economic blockade with which the United States government attempted to crush the revolutionary movement."

TRAINS CUBAN PILOTS
Thus Czechoslovakia, whose arms deal with Cairo five years ago led the Communist way into the Middle East, apparently now has been selected as a spearhead of the Communist drive into Latin America.

She already has taken over the training of Cuban pilots to handle Soviet MIG jets obtained by Castro and also has promised to train Cuban technicians.

The just-concluded trade deal includes delivery of industrial plants to build tractors, trucks, motorcycles and engines. The well-known Skoda works is to supply equipment for a "foundry." Since Skoda is noted as an arms works, more than just a foundry may be involved.

The Czech deal is believed to stem from the Dec. 12, 1960, trade agreement negotiated in Moscow by Cuban economic boss Ernesto (Che) Guevara and to be the first major move to shore up Castro against the United States economically.

Antipolio Pills to Be Available in U.S. by '62

CHICAGO (U)—An oral antipolio vaccine that can be consumed like candy—and which contains live polio virus—will be available to the public by 1962, says Surgeon Gen. Luther L. Terry.

The pill vaccine, Terry said, probably will be less expensive than Salk vaccine, and—like the Salk series—would be administered in a series of four with an interval of several weeks between each dose.

He told a news conference Wednesday live virus vaccine has been used in Eastern Europe for several years. But the U.S. Public Health Service refused to allow its circulation in the United States until methods of purifying the live vaccine had been perfected.

He said the first pills approved by the agency should be ready late this year. Until then, he added, persons will be encouraged to take Salk vaccine.

Terry, who became head of the health service Jan. 30, was in Chicago to address the National Dental Conference.

Actor David Nelson Cuts Wrist Severely

HOLLYWOOD (AP)—David Nelson cut his wrist severely while trying to catch a glass as it fell off a table.

The actor, 24, was doing a kitchen scene with his brother, Rick, and actor Skip Young when the accident occurred Thursday. His father, Orzie, was directing the trio.

The Indianapolis bank is headquarters for savings and loan associations in Indiana and Michigan. Last year, the realtors held a talk by the late Fred Green, former president of the bank.

Ohmart has been in the savings and loan field 38 years, joining the Indianapolis home loan bank in 1923.

He was 1956 president of the American Savings and Loan Institute and has served in several other institute posts. As a young man entering his field Ohmart was a graduate of the Institute and of DePaul University.

Ohmart is also a licensed real estate broker and a character member of the Society of Residential Appraisers.

U.S. Government Wants to Mother L.A. Policemen

LOS ANGELES (AP)—Police Lt. D. S. Arroyo isn't getting anywhere at all with his program to teach Spanish to officers at Hollenbeck Division Station, in a predominantly Mexican-American district.

Arroyo wrote to the U.S. Printing Office some time ago, requesting Spanish grammars. "A package reached the station Thursday. Arroyo opened it—and found 500 government-printed pamphlets on prenatal care."

"And," he related sadly, "they weren't even in Spanish!"

Egyptian MIG Jet Downed Over Israel

JERUSALEM (AP)—Israeli jet fighters shot down an Egyptian MIG jet today over the Negev Desert, army authorities announced.

Reports said the pilot was seen parachuting from the plane, but no definite information on his fate was immediately available.

Army officials said the plane was shot down over Hailat, in the central Negev, Israel's southern desert adjoining Egypt's Sinai Peninsula.

Authorities also said that Thursday four Egyptian jet fighters penetrated Israeli air space farther south in the Negev.

Rob From the Rich

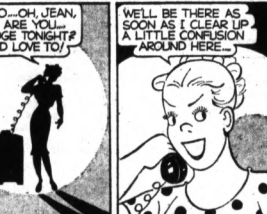

LONDON (U)—Three young bandits in Robin Hood hats snatched a 13,000-pound (\$30,000) payroll from a bank counter in suburban East Acton today and sped away in a car.

Market Decline Is Irregular

NEW YORK (AP)—The stock market declined irregularly early this afternoon in the slowest trading of the week.

Losses of most key stocks were narrow. Some felt a point or so and a wide assortment were unchanged.

Provisioned uncertainty regarding due to the tenuous international situation.

The business news background was bad overall. It included a rise in manufacturers new orders and in construction contracts although auto assemblies this week declined.

Motors were narrowly mixed and stocks unchanged to lower. The aircraft-missiles and electronics made minor moves, showing no trend. Drug, tobacco and rubber drifted down. Metals, although auto assemblies this week declined.

While long-term sentiment still seemed predominantly bullish, there was some doubt about the immediate course of the market and traders were hesitant.

American Home Products, which had a temporary rise of 3/8 during Thursday's session on hopes that directors would propose a stock split, continued to reflect disappointment that the matter was only under study by a committee.

It fell 4 1/2 to 206 on a block of 1,400 shares.

IT JUST MAKES GOOD SENSE!

Terriptic SAVINGS

The City of Pontiac Automobile Dealers Association is made up of organizations that have spent a lifetime in the development of their facilities and the training of their employees and are best qualified always to serve their friends. This is particularly true in the case of the automotive business, and it makes good sense that organizations of this type are the ones to whom you should turn when you consider the purchase of another automobile.

Because of their volume operations and complete service facilities, these established and reputable auto dealers are in the position to fully satisfy and guarantee your auto needs. Their experience and established reputations for honest dealing virtually demand that every sale be of utmost satisfaction to the purchaser.

In the long-run you'll find you are better off doing business with Pontiac's franchised auto dealers.

SIGN OF SAFETY — Posters such as this one at Miracle Mile Shell Service, 1960 S. Telegraph Rd., are being distributed to some 100 gas stations in the Pontiac area in preparation for the city's annual auto safety check campaign which begins Monday and runs through May 31. Motorists may also check their cars free at new car dealerships. Looking over the sign are

(from left): Roger Miller and William Turner, Shell Oil Co. salesmen; Joseph Zabalski, chairman of the project; and George Crabtree, assistant manager of the Pontiac Area Chamber of Commerce. The Safety Committee of the Chamber is sponsoring the safety check campaign.

Tibetans Welcome at Children's Village

NEW YORK (UPI) — The famous Pestalozzi Children's Village in Switzerland, originally built for war orphans, now has 26 refugees from Tibet.

They include 21 children, their lama teacher, his wife and a small group of helpers.

"As is true for all children at Trugen, Switzerland, the Tibetans will be brought up and educated in accordance with their own traditional way of life, culture, and religion," said the village's founding father, author Walter Robert Corti.

About 42 per cent of the electric energy generated in the world is produced in plants in the U.S.

A modern jet engine for high speed aircraft uses more than a ton of nickel in its construction.

To End 26 Years as Bookkeeper in County Office

Checks and cash that cross Mrs. Mildred Bartkowiak's desk today will be the last of thousands she will have handled in her 26 years as a bookkeeper for the county treasurer.

A native of Oakland County, Mrs. Bartkowiak, 54, retires from county service tomorrow. She began Jan. 1, 1935, after spending 8½ years with a local hardware company, as a bookkeeper.

She'll join her husband Stephen, who retired as an engineer with General Motors last October. They'll remodel an old house on Grand Traverse Bay and make their home there. Home has been at 1284 Oakwood St., Oxford.

Mrs. Bartkowiak, who will head for the bay May 9, started with the treasurer's office as a clerk. She

has spent 16 years there as a bookkeeper, charged with receiving the many checks paid to the county, auditing them and then depositing them.

About the number she has handled in 26 years, Mrs. Bartkowiak couldn't recall.

Post Wins VFW Award

LANSING (AP)—Roseville veterans of Foreign Wars Post 258 won the Michigan VFW's 12th annual state community service contest.

Heads Intercounty Unit

MOUNT CLEMENS (AP)—Bernard Kalahar, chairman of the Macomb County Board of Supervisors, has been chosen to head the supervisors intercounty committee. Counties represented on the committee are Macomb, Monroe, Oakland, Washtenaw, St. Clair and Wayne.

The 13th century fortress of Dauterbach in India's Hyderabad state is built on a rock 300 feet high.

Redwood Is Not Expensive!

We will be glad to assist you with your plans for a single piece of furniture, a full room or patio. At our yard you will find all of the various sizes of Redwood you will need, whether it be planks, beams, boards, trim, posts, or panels, all in stock in all widths and thicknesses. And most important—all at the price—Redwood is not expensive! You can build anything from this lasting wood at the same approximate cost or less than with ordinary woods! Make your home a more enjoyable place to live this summer . . . and you will enjoy it for years to come . . . as Redwood needs little or no upkeep, ever!

Brave Teeth-Chattering Weather

CHILLY START—One of the first women's golf leagues in Oakland County to start the season off yesterday was the Waterford Township ARTISTS Auxiliary at Mary's Golf Club near Union Lake. Despite a brisk breeze blowing across the lake and golf course, Mrs. Margaret Spalding of 3530 Clintonville Road braved the teeth-chattering weather to get a few hints on "holding the arm straight" from Edward Morry. Shown above are a few of the shivering members of the league watching the "cool" lesson.

JFK Urges Publishers to Use Self-Censorship

NEW YORK (AP) — President Kennedy urges that American newspaper publishers consider some form of self-censorship in light of cold war threats to national security.

He has given no particulars on what he has in mind. But he says his administration would cooperate wholeheartedly if the press would "consider and recommend the voluntary assumption of specific new steps or machinery."

The President emphasized that he was not proposing government censorship or new secret classifications, which could be abused, on government activity.

He suggested that the newspapers weigh not only whether a story is news but also whether publication is in the interest of national security.

A cross-section of publishers

Trustees of MSU Urge Continuing Nuisance Taxes

Legislative action on budget requests for Michigan State University and Michigan State University Oakland has again met with outward disfavor from the MSU Board of Trustees. The board yesterday called upon the Legislature to continue the so-called nuisance taxes rather than cut appropriations for higher education.

"We think the people of Michigan would rather take the nuisance taxes than cut the budget for our higher education institutions to the bone," commented MSU President Dr. John A. Hannah.

The House Ways and Means Committee was scheduled to report out the Senate-approved budget bills today, and they were expected to be the same skin-flint appropriations which were approved in the upper chamber.

MSU Chancellor D. B. Varnas has warned that MSU might be "destroyed" if the infant university receives only \$12,300 more for the 1961-62 academic year than for the current year.

MSU receives a share of the legislative appropriation for MSU, determined by per-student cost and total enrollment.

MSU is fighting for an increase of some \$2 million over last year's appropriation, rather than a \$205,000 increase recommended by the Senate.

REQUEST CUT DOWN

MSU had asked for \$35.5 million for operating expenses, but Gov. Swainson's request cut this to \$33.5 million.

Laos Rebels Silent
Pass Cease-Fire Hour

U.S. Officials Getting Fed Up Over Red Stall

Kennedy Confers With Allies, Congressional Leaders Over Laos

WASHINGTON (AP) — The United States was reported near the end of its patience today with what officials privately call Communist stalling over a cease-fire in Laos.

President Kennedy has initiated consultations with allied governments and with congressional leaders on what steps may be taken next to prevent more of Laos from falling to Soviet-backed rebel forces.

New action could include U.S. and allied military intervention aimed at halting the rebel offensive. But informed officials said that Kennedy had not decided finally on his next move.

A State Department statement Thursday night declared "real United States concern over the failure of the Pathet Lao rebel forces" to accept a British-Soviet cease-fire call issued last week-end.

Behind this concern was a growing anxiety that the rebel offensive could shortly result in the capture of the royal capital, Luang Prabang, and the administrative capital, Vientiane.

Should rebel successes bring the collapse of the pro-Western Roon Dorn government, the ability of the Western powers to deal with the Communist challenge in the Southeast Asian kingdom would be almost disastrously crippled.

Beyond the immediate threat to Laos, Kennedy administration leaders fear, is a broader threat to South Viet Nam and Thailand. The United States recently gave both countries new assurances of military support as events may require.

In Laos, there was no indication that the Pathet Lao would call off the shooting at noon today. The royal government set that hour for the halt in fighting to become effective.

Before leaving Washington on a speaking making trip Kennedy conferred Thursday with congressional leaders. He told them, it was feared, that the situation for pro-Western forces in Laos was deteriorating and that further moves have to be considered seriously.

To Open War Centennial

LANSING (AP) — Michigan will open its Civil War centennial observance May 13 in Detroit. The date marks the 100th anniversary of the day the first Michigan infantry regiment left Detroit for Southern battlefields.

Sun May Shine Through Clouds on Saturday

Skies will partially clear tonight and be partly sunny Saturday, the weatherman says.

For the next five days temperatures will average 6 to 10 degrees below the normal high of 59 to 65 and normal low of 36 to 42. Tonight's low will drop to near 35. Saturday's high is expected to reach 54.

Precipitation for the period will total one fourth inch or less in a few showers mostly Tuesday or Wednesday.

Forty-four was the lowest recording in downtown Pontiac preceding 8 a.m. The mercury reading at 1 p.m. was 48.

Building Funds Get OK

WASHINGTON (AP) — Authorization for some \$6.4 million in military construction in Michigan was included in the \$70 million armed forces construction bill approved Thursday by the Senate Armed Services Committee.

Laborites Meet, Talk and Eat

GOLDBERG AT UAW BANQUET—Secretary of Labor Arthur Goldberg (right) stands with UAW President Walter Reuther (center) and Rev. Martin Luther King Jr., Atlanta, Ga., pastor and integration leader, at a banquet in Detroit Thursday night. Secretary Goldberg and the Rev. Mr. King addressed the group celebrating the 25th anniversary of the founding of the UAW as an autonomous international union.

Debating New Goals at UAW Convention

DETROIT (AP) — The United Auto Workers' special convention today debates what it calls "new legislative horizons" before taking up the controversial question of drafting specific demands to be made in contract bargaining negotiations with the auto companies.

The 3,000 delegates gave virtually unanimous approval Thursday to three legislative goals—revision of the federal hours and wages law to tie the length of the work week to the nation's rate of employment, creation of a national planning agency to determine the nation's needs and try to provide for them, and federal aid for workers displaced by technological advance.

The convention also was expected to approve other legislative policies proposed by the Union leadership.

UAW President Walter P. Reuther assured the delegates they would "make all the important decisions on what we do at the bargaining table."

Both companies spoke encouragingly of the immediate future. George Romney, president of American Motors, assured his shareholders savings will improve in the April-June period.

L. L. Colbert, re-elected chairman and president of Chrysler, said there is an "encouraging improvement in the sales outlook for cars and trucks."

For both companies the earnings reports marked sharp drops from the similar period of last year when American Motors made \$14.4 million and Chrysler \$10.9 million.

Ordered to Pay Refunds

WASHINGTON (AP) — The Federal Power Commission Thursday ordered Pan Handle Eastern Pipe Line Co. to make refunds which may total millions of dollars to patrons in several states, including Michigan.

The Union president suggested a 1 per cent tax on all corporation payrolls to finance what he called a "flexible work week."

The convention approved this but (Continued on Page 2, Col. 5)

BARGAINING GOALS — Bill Gastevens, recording secretary of Local 45, United Auto Workers, Cleveland, and Local 45 President John Ylio (right), display signs indicating probable 1961 bargaining goals of the UAW at a special three-day convention which started in Detroit Thursday. The signs mean a 30-hour week for 40 hours pay, and retirement at 60.

Britain Tries to Arrange Truce Meeting

Western Experts Report Pathet Lao Is Strong Enough to Take Over

From Our News Wires

The Western-backed Laotian government's noon target hour for a cease fire in the civil war passed today with no response from the pro-Communist Pathet Lao rebels.

Britain, fearing hasty action by the Soviet Union or United States might upset delicate arrangements for a cease fire and mushroom the civil war, blamed the rebels' delay on "real practical difficulties" such as poor communications.

The British suggested that the opposing factions meet under a flag of truce somewhere in the no man's land between their forces to arrange a cease fire.

Western experts in Laos said the rebels are in such a strong position militarily that they can take any objective they desire unless U.S. forces intervene.

The rebels and the government have accepted in principle a joint Soviet-British appeal for a cease fire. But they have not gotten together on a time.

A rebel broadcast Thursday proclaimed, "We are the victors," and demanded the government send a delegation to Kiang Khouang, in rebel-held territory.

The government showed no disposition to back down on its desire that negotiations be held this weekend in the royal capital of Luang Prabang, still controlled by royal troops.

Prince Souvanna Phouma, former "neutralist" premier of Laos, flew into rebel territory in the jungle kingdom direct from conferences in Communist China and North Viet Nam.

Peiping radio proclaimed that before he left Hanoi, Souvanna and North Vietnamese Premier Phan Van Dong reached "identical views" on ways to settle the crisis.

It indicated these views coincided with the Communist Chinese demand that all U.S. military advisers and supplies be removed from Laos as a condition for a cease fire. The United States already has rejected such a term.

In Moscow, the official Soviet newspaper Tass charged the United States is trying to sabotage Laotian peace and that U.S. armed (Continued on Page 2, Col. 8)

Test Mercury Escape Device

Capsule Blasted Aloft in Seemingly Successful Last Pre-Shot Test

WASHINGTON (UPI) — A Mercury space craft was blasted aloft today in a tough and apparently successful test of its escape system, although the rocket did not reach the expected altitude.

The test, last of a series before an American astronaut is to be rocketed into suborbital flight next week, was conducted at the federal space agency's experimental station at Wallops Island, Va.

The space administration reported that the rocket reached only 1,600 feet, instead of 4,000 as planned. But a spokesman said the escape system designed to enable an astronaut to escape from a rocket failure appeared to have worked well.

"The escape was triggered under much more severe conditions than will occur during either the manned Mercury-Redstone (sub-orbital) or Atlas-boosted (orbital) flights," the space agency said.

"The capsule (fired at 9:40) was recovered at 9:14 a.m. (Pontiac time) and was returned to Wallops Station at 8:30 a.m. by helicopter. The capsule appears to be in good condition."

News Flash

WASHINGTON (AP) — A Senate inquiry into the Cuban invasion was postponed today until Monday when acting secretary of state Chester Bowles said "several emergencies" would prevent his appearance.

LANSING (UPI) — A plan to reapportion the state in pick up the 19th congressional seat which Michigan gained in the 1960 census was landed to the State Senate today. The new seat would represent the western half of Oakland County, plus the Plymouth, Livonia and Redford areas from Wayne County.

Seek to Locate Supporters of Beaten Generals' Revolt

From Our News Wire
A vast purge of the police, administration, press and army in Algeria was launched today on President Charles de Gaulle's order to root out supporters of the unsuccessful generals' revolt.
Authorities said that 70 Algerian gendarmes have been arrested, high appeals court judges suspended, many army officers arrested, 12 staff members of Radio Algiers suspended or transferred, and hundreds of civilians questioned and many held.
Formal orders have been given to disband the Foreign Legion 1st Parachute Regiment and all its officers are prisoners.
Meanwhile Algerian Muslim rebel leaders are prepared to open peace talks with France next week because of De Gaulle's summary suppression of the right-wing "generals' revolt," informed sources said.

Urges Continuation of Nuisance Taxes

(Continued From Page One)
million and the Senate recommended \$2.5 million.
The share for MSU was \$1,600,000 to \$1,350,000 by the governor, then to \$1,300,000 by legislation.
Jack Breslin, board secretary, reported that while the Legislature was "very polite" in listening to the MSU plea for more money this week "we didn't gain a dime."
Hannah admitted to the board that a barrage of letters from parents of MSU students to legislators "was not appreciated by the Legislature."
One of the points in a three-pronged resolution approved by the board was that "equal" consideration should be given in budget planning to MSU and MSUO.
REPORTS DIFFER
This was in reference to reports that some legislators had agreed to give a budget increase to MSUO while cutting off the East Lansing institution.
At the same time, however, reports from Lansing said members of the Legislature had heard rumors were circulating that trustees might cut appropriations for MSUO if additional money were not given to MSU.
A recommendation from the Senate that MSU increase tuition to make up for the extra money they wanted was not a matter of policy in the increase to MSUO while cutting off the East Lansing institution.
The five did not include any of the three top generals, who with Gen. Maurice Challe, led in the military. Challe is being held in prison here awaiting an early trial on charges that could result in his execution.
Alger reports said the government knew the whereabouts of ex-Gens. Rascal Salan, Edmond Jouhaud and Andre-Marie Zeller and their arrests were expected shortly.
Armored cars manned by loyal soldiers guarded army headquarters, Radio Algiers and other installations. Officials admitted that despite the widespread purge, they were still not confident government control had been completely restored.
The underground right-wing "army" of European settlers spread tracts through Algiers this morning saying that the collapse of the army revolt did not mean that European resistance would also collapse.

GET SAFETY AWARD — Pontiac Post Office employees have been awarded third place in the National Post Office Department Job Safety Contest for 1960. The handsome plaque was presented Thursday to Pontiac Postmaster William W. Donohue by Earl A. Barnhart, Chicago regional postal installations manager. The award was won in competition with 76 post offices of similar size in the nation. Donaldson praised the local employees and particularly Charles Smalley, president of Branch 320 of the National Association of Letter Carriers, and Harold F. Carlson, president of Local 1186 of the National Federation of Post Office Clerks. Shown here at the award presentation is (from left) Smalley, Barnhart, Donaldson, and Carlson.

Fearing Attack, Cuba Asks Talks

KEY WEST, Fla. (AP)—Cuba today asked the United States to plan to launch a military attack at her at any moment, but said she is willing to discuss mutual problems with the United States through regular diplomatic channels.
The Cuban radio in a broadcast monitored at Key West said President Osvaldo Dorticos relayed his words to their respective governments.
He said the United States is making final plans to attack Cuba at any moment with military force in an attempt to overthrow the Castro regime.
If this happens, Dorticos said, Cuba's people will resist to the last drop of blood.
But, said Dorticos in the statement, the Cuban government is in a position to initiate conversations with the United States through diplomatic channels, with a view toward peaceful solutions of problems.
After those, he said, it might be possible to resume diplomatic relations.
UAW Delegates Debating Goals
(Continued From Page One)
did not specify the amount of the tax.
Under the proposal, the 40-hour work week would be reduced to the percentage of unemployment warranted such action. The wages and hours act would be amended to provide for such a tax.
The resolution adopted by the convention proposed a national work week adjustment fund to be accumulated out of revenues from a small payroll tax on all employers.
It said this would be mostly for the benefit of small companies which could not afford the shorter work week.
Reuther said big corporations like General Motors would have to pay into this fund and workers in small firms would get the benefit.
He added, "General Motors and Ford helped create this problem (unemployment) and they ought to help pay the cost of it."
Reuther also expressed belief GM could afford to pay for a 30-hour work week with no pay cut and finance benefits for workers retiring at 60.
In adopting a general policy statement on "legislative horizons," the convention approved President Kennedy's program but urged further measures including a public works program.

'58 PCH Grad Saw Cuban Ship

Rebel Gunboat Passed Near His Vessel on Way to Invasion
On the morning of the Cuban invasion, a Pontiac sailor watched a gunboat "loaded down with rebels and guns" pass close by his ship's harbor in Guantanamo Bay.
The gunboat's journey apparently was part of the invasion plan of anti-Castro Cubans.
It was the nearest that Robert F. Gordon, 26, a 1958 graduate of Pontiac Central High School, was to the fighting.
The U.S. base at Guantanamo was so quiet during the following days "you wouldn't know any fighting was going on, although it was only 75 miles away," Gordon said in a letter received today by his parents, Mr. and Mrs. Edward F. Gordon, 3 Rosshire Court.
During the rebellion, all personal mail service ceased at the base, where a military alert was on 24 hours a day, Gordon wrote.
The Pontiac sailor found the alert "bizarre" when it came to "running back and forth and from battle stations" aboard his ship, the Yellowstone.
The alert began as the ship pulled into the Cuban harbor April 15. Water rationing resulted from the Castro threat to cut off the base's water supply, because the biggest personal inconvenience for Gordon.
"We were limited to 25 gallons a day apiece, and although this may sound like a lot, it's very little when you consider showers, washing, drinking and laundry," Gordon wrote.
The Yellowstone, he said, was scheduled to leave Cuba in time to reach a base in Florida Monday.

Safety of Atom Plant Assured to Court

WASHINGTON (AP)—The Power Reactor Development Corp. told the U.S. Supreme Court Thursday a long series of safety reviews will assure maximum protection to the area surrounding the proposed atomic reactor plant in Michigan.
The PRDC and the Atomic Energy Commission asked the high court to reverse a lower court decision which set aside an AEC provisional construction permit to PRDC and sent the case back to the commission for review of safety factors.
The commission issued a provisional permit for the \$30 million project at Lagoona Beach, Mich., in 1956.
"We were limited to 25 gallons a day apiece, and although this may sound like a lot, it's very little when you consider showers, washing, drinking and laundry," Gordon wrote.
The Yellowstone, he said, was scheduled to leave Cuba in time to reach a base in Florida Monday.

'Should Have Met Regs in Cuba Jet for Jet'

CLEVELAND, Ohio (AP)—Sen. Thurston B. Morton of Kentucky, the Republican national chairman, says "Communism jet planes in Cuba should have met with jet planes."
The party leader, speaking Thursday night at a GOP dinner honoring the Cuyahoga County Republican Chairman A. L. DeMaio, heaped criticism on the Kennedy administration's handling of the ill-fated Cuban invasion. But he promised full Republican cooperation in any steps that need to be taken in the national interest.
CHOICE OF CHIROPRACTORS — Picked to represent Pontiac in a State Posture Week May 3 is Miss Nancy Serra, 18, of 3642 Silver Sands Rd., Dayton Plaza. The selection is part of Correct Posture Week, and Miss Serra looks over the proclamation of Mayor Philip E. Rowston, left, with Dr. James Whitmer, local chairman of chiropractors, and last year's local representative Miss Barbara Coe, of 5030 Cooley Lake Rd., Waterford Township.

Plan Meetings to Discuss State

County Citizens Invited to Detroit Thursday at 7:30 p.m.

Concerned citizens of Southeastern Michigan will have the opportunity to apply the early American "town meeting" approach to public discussion of current state fiscal problems at a regional meeting of Citizens For Michigan at 7:30 p.m. Thursday in Detroit's Veterans Memorial.
The Detroit meeting is one of six regional meetings scheduled throughout the state during May to consider matters of state and local significance, but particularly to open up the controversial question of tax reform to broad public discussion, in the manner of a Colonial town meeting.
All interested citizens as well as members of Citizens For Michigan are welcome to participate. The Detroit site was picked for the convenience of residents of the six southeastern counties — Wayne, Oakland, Macomb, Monroe, St. Clair and Washtenaw.
Other meetings are to be held in Iron Mountain, Sault Ste. Marie, Saginaw, Traverse City and Kalamazoo.
A sponsoring committee headed by former Michigan Gov. Murray D. VanWagoner of Bloomfield Township, CPM chairman for Oakland County, announced today that the Detroit meeting will deal with four major issues:
1. The Michigan tax problem and tentative recommendations of the statewide organization's tax study subcommittee.
2. Encouragement of concerned citizens to become candidates for the post of delegate to the October constitutional convention.
3. Stepped up membership participation in CPM to extend its study activities and political effectiveness, particularly in the area of long-term state needs and services.
4. Strengthening of local chapters to deal with local as well as statewide issues.
Principal speakers and discussion leaders will include George Romney of Bloomfield Hills, state chairman of CPM; Howard J. Stodard of Lansing, chairman of the CPM tax study committee; and Brian T. O'Keefe of Detroit, tax study committee member.
Other Oakland County sponsors of the meeting include: Melvin F. Langhans, Louis Schimmel and Richard Van Dusen.

The Day in Birmingham

Area Summer School to Offer Reading Class

BIRMINGHAM — An intensive, individualized reading program will be one of six courses offered at the 1961 summer school for high school students sponsored by Kingswood School Cranbrook.
Applications are being accepted for the 6-week session which runs from June 19 through Aug. 11. Ninth through 12th grade students are eligible to take the noncredit courses.
Three 1-hour classes of developmental reading are scheduled beginning at 9 a.m. The reading program, which is under the direction of Baskette Reading Services, Inc., is designed to develop reading rate, comprehension and concentration skills.
All other courses meet from 10:30 a.m. to 12:15 p.m. They include creative writing and college preparation composition, taught by Mrs. Evelyn Lynch of Wayne Memorial High School.
Virginia Robb of the Kingswood staff will teach a class in advanced algebra. It will emphasize new concepts and fields in mathematics.
The Young Adult Club of the Birmingham YMCA will meet 8 p.m. May 5 at the Y Building, 400 E. Lincoln, for an evening of miniature golf.
Following the golf game the group will return to the Y for refreshments. Ron McLaren is chairman of the program.
All single men and women 20-years-old and over are eligible to join the club.
Mrs. Robert R. Gerstly Service for Mrs. Robert R. (Edith A.) Gerstly, 50, of 1287 Shipman Blvd., will be 11 a.m. Monday at the Bell Chapel of the William R. Hamilton Co. Burial will be in Adams Park Cemetery.
Mrs. Gerstly died yesterday in William Beaumont Hospital, Royal Oak, following a long illness. Her husband is the assistant vice president in the trust office of the National Bank of Detroit.
Formerly of Elmira, N. Y., Mrs. Gerstly was a Birmingham resident seven years and a member of the Congregational Church. She is survived only by her husband, who requests that any memorial tributes be forwarded to the Michigan Cancer Society.

Hits Bill to Hike Prices of Milk

State Republican Says Legislation Will Raise Cost \$3 to \$4 Million
LANSING (AP)—A bill increasing milk prices has been branded the "worst piece of legislation to hit the capitol" by Sen. Harry Litowich, R-Benton Harbor.
Litowich, chairman of the Senate Agriculture Committee, said Thursday he was so irked by legislative to-do over the bill that "I'd just as soon go home and not come back."
"The farmers in my area are for it, the United Dairy Workers want it, and small businessmen are supporting it. But it's as bad as a bill I've ever seen and it will do nothing but increase the cost of milk three or four million dollars," he said.
The measure passed the House 51-18. Litowich's committee now must report the bill to the Senate floor or kill it.
The measure provides that dairy products, including milk and butter, may not be sold at less than cost.
Sovanna and Souphanouvong are relatives of the late King of Laos. Buddhist tradition requires their attendance at the rites.

Cease-Fire Hour Has Passed in Laos

(Continued From Page One)
forces got ready for intervention after a cease fire was agreed upon.
Top officials of Premier Boum Oum's government and diplomats were gathered in Luang Prabang for the coronation of the late King Sihanouk, one of the most important events in the little kingdom's recent history.
But there was no indication so far that Prince Sovanna and his half-brother Prince Souphanouvong, leader of the Pathet Lao, would attend.
Sovanna and Souphanouvong are relatives of the late King of Laos. Buddhist tradition requires their attendance at the rites.

Lake Area Cold, Midwest Wet, Rest Is Normal

By The Associated Press
Snow struck today in at least three West Michigan areas. An overnight low of 25 degrees was reported at Michigan's lobster city of Petoskey and rain elsewhere rounded out the unseasonal picture.
Showery weather persisted in a few northern and Midwest areas today but generally dry weather prevailed in the major part of the country.
It was a little chilly this morning from the Upper Great Lakes region into the northeastern Great Plains, with temperatures around freezing. But nearly normal readings were reported in most other sections.

The Weather

Cuban Fuss Spurred Florida to Improve Its Civil Defense

By CHARLES SCHUMAN
MIAMI (UPI)—Florida is little more than nine minutes' away from the bases of potential hostile aircraft—the planes of pro-Communist Fidel Castro's Cuban air force.

Floridians understandably are uneasy.

But the Air Force apparently is confident it could repel enemy invaders from Cuba before they reached Florida shores.

Florida, which is 90 miles from Cuba, is dotted with air bases belonging to both the Strategic Air Command (SAC) and the Air Defense Command (ADC).

SAC fields house the big bombers whose job it is to fly to an aggressor's homeland and hit back. ADC fields are the bases for supersonic fighters and interceptors.

TAKES NO CHANCES
When an unidentified aircraft is picked up on radar, the Air Force takes no chances. Up go its interceptors, which are on constant alert and can scramble within five minutes to find out who it is. They carry 20mm cannon and Sidewinder air-to-air missiles.

The vulnerability of Miami was on many minds Saturday, April 15, when a Cuban plane landed at Miami International Airport from what its pilot said was a bombing attack on Camp Liberty near Havana after he detected. Further concern comes from the knowledge that Castro now has MIG jets at his disposal.

The Cuban-American quarrel, despite its unfortunate political results, has had at least one healthful effect on American civilians according to Hiram Tarkington, Florida Civil Defense director. He said interest in civil defense has improved in that state.

Florida, along with other parts of the nation, will undergo a mock bombing today in the nation's Operation Alert.

Tarkington feels the state is far better prepared for today's mock bombing than it was for previous such exercises.

"Unfortunately," he said, "interest in civil defense is due to the rise and fall in international relations." He said interest in civil defense began improving last year when Castro and Khrushchev embraced at the United Nations.

Before then, he said, of the 67 countries in Florida charged with protecting the public in war emergency, about 20 had made no plans "of any consequence."

Another 20 had developed civil defense plans which were under review "with the aim of improving

them." The remainder had fully developed and accepted plans.

New all countries in the state have at least started work on civil defense.

Dade County Sheriff Tom Kelly, Sydney, Australia, has a population of about two million or about one-fifth that of all Australia.

deputy state civil defense director in charge of the Miami area, warned that Miami is the most vulnerable city in America.

"I'm trying to prepare people to save their lives," he said.

Sydney, Australia, has a population of about two million or about one-fifth that of all Australia.

Avondale Schools Keep Tax-Rich Chapel Hills

Secession Plan Defeated ... Because of Finances

By DON FERMOYLE

An attempt to detach a tax-rich Bloomfield Township subdivision from the Avondale School District was defeated unanimously yesterday by the Oakland County Board of Education.

Armed with charts, maps and petitions, residents of the Chapel Hill Subdivision explained, in a carefully prepared presentation, why they thought their area should be withdrawn from Avondale and annexed to the Bloomfield Hills School District.

Opposing the move were members of the Avondale Board of Education. Avondale School Supt. Leroy R. Watt and Merrill O. Bates, trustee on the Bloomfield Hills Board of Education.

Bruce Greene of 1271 Ashover Drive and Roy L. Butler, 1294 Ashover Drive, both of Bloomfield Township, were the chief spokesmen for the Chapel Hill group that was seeking secession.

Greene said a petition requesting the county school board to approve the transfer in school districts had been signed by 130 of the 156 homeowners in the subdivision.

He said the "transfer would provide better education for our children" and help relieve the "overcrowding in the Avondale School District."

"We feel that the Avondale School District does not meet our children's educational needs," said Greene, who added that this was no reflection on the administration, school board or teaching staff in the district.

He said the problems of the Avondale district were mainly financial due to "the lack of an adequate tax base" and a growing school population.

Studies of anticipated population and industrial growth in the area, according to Greene, showed the Avondale district would have an even less adequate tax base in five to 10 years.

He cited as his sources officials of the Detroit Edison Co., Consumers Power Co. and the Detroit Metropolitan Area Regional Planning Commission.

Butler gave a more detailed account on finances and presented figures, which he said proved the city's road rating the last three years, was the lowest of three bidders.

Robert Trombley, D.P.W. administrator, said the dust control program would probably begin Monday and continue through Labor Day.

The contract calls for the oiling of more than 11 miles of roads in the city.

The roads included in the oiling program are west from Wilson to city limits, West Maple from Beck to city limits, Beck from West to 15-Mile Road, Charns from Wilson to the West and Lone Lake from Wilson to the east city limits.

Others are Flamingo, Grouse, Maganers, Wren Lane, Nightingale, Oriole, Fairbury and Bogie Drive.

The resignation of Robert W. Rickard from the planning commission was accepted and Oscar Scheffler was appointed as his successor. Scheffler lives at 30303 Beck Road.

Commerce Youngsters Plan Musical Program

COMMERCIAL TOWNSHIP—Fourth, fifth and sixth graders at the Commerce Elementary School will present a program of music Monday at the 7:30 p.m. meeting of the Parent-Teacher Association.

The half-hour program will be directed by Reba Betz and Frank Balaban, vocal and instrumental instructors, respectively.

Parents will have the opportunity to view the children's school work and an art exhibit from 8 to 8:30 p.m. and later consult with teachers.

school board members had adopted a resolution, opposing any annexation of areas outside their district.

"Any change in our boundaries would disrupt long-range plans made several years ago for the Bloomfield Hills district," Bates said.

Following Bates' statement, the County Board of Education voted 5-0 against the petition for transfer by the Chapel Hill group since it would cause a "financial hardship" to the Avondale School District.

AREA NEWS

Royal Oak Twp. Suspends Chief

Fire Department Head Charged With Illegal Use of Road Material

ROYAL OAK TOWNSHIP—Fire Chief Samuel D. Mitchell, charged with embezzling road material from the Oakland County Road Commission, was suspended indefinitely last night by the Township Board.

Mitchell is charged with using asphalt material to pave a driveway at his home at 2979 Mitchell St. between May 15, 1959 and Sept. 1, 1960.

Supervisor Elwood Dickens said that the township board received three signed affidavits from three persons last January stating that Mitchell had used the county road material to surface the driveway of his home.

At that time Dickens said Mitchell admitted using the asphalt intended for road patching because it was not and had to be used within 24 hours.

The fire chief was released on a \$2,500 bond after his arraignment Tuesday before Justice of Peace Lester C. Clark.

He demanded a hearing and his examination was set for yesterday but the hearing was postponed until next Thursday at the request of Mitchell's attorney, Emmett Trowler, who wanted additional time to study the case.

Dickens said that even though Mitchell has been under fire since January he has been allowed to remain in his job. He was suspended today to await the outcome of the court's action next week.

To Hold Open House at DPW Building

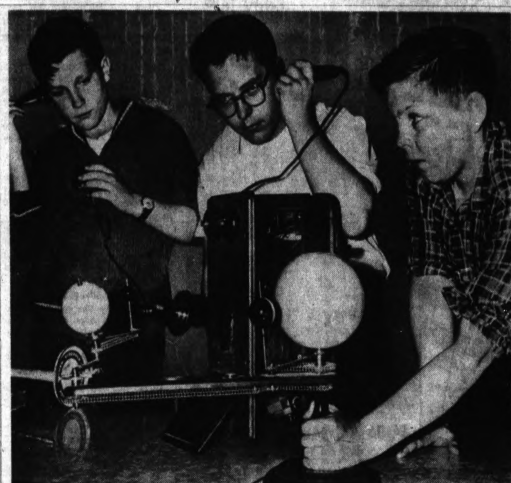

TROY—An open house will be held from 1 to 4 p.m. tomorrow at the newly completed Department of Public Works Building here on Rochester Road just south of Long Lake Road.

City Manager David E. Firestone announced today that coffee and doughnuts will be served to citizens who completed dedication ceremonies at Troy's \$45,000 DPW building tomorrow.

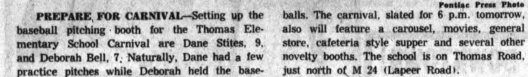

The 100-by-40-foot structure was built for approximately \$33,000. The other costs were for equipping the building and for grading approach roads on the 28½-acre site.

The final blow to the proposed transfer was delivered by Bates, past president of the Bloomfield Hills Board of Education and former member of the state and county school boards.

Bates said Bloomfield Hills

TEST APPARATUS—More than 60 scientific exhibits, a few of which are shown being tested by (from left) Bob Tuttle, Ray Steward and Dennis Brant, will be demonstrated Monday from 8 to 10 p. m. by the Walled Lake Elementary School pupils under the guidance of sixth grade science and math teacher William Sinclair. Parents will be asked to take part in the demonstrations. A 25-minute color film entitled "Man in Space" will be presented. New officers of the Parent-Teacher Association will be installed the same evening.

PREPARE FOR CARNIVAL—Setting up the baseball pitching booth for the Thomas Elementary School Carnival are Dane Stiles, 9, and Deborah Bell, 7. Naturally, Dane had a few practice pitches while Deborah held the base-

Expect Same Levy Rate If Approved

Wixom Taxes Lean on Budget Okay

By JIM LONG

WIXOM—The current tax rate here is expected to continue in the 1961-62 fiscal year if the City Council accepts the proposed \$177,000 budget which it received for study last night.

John Finlayson, administrative assistant, said the recommended budget is approximately \$33,000 higher than current expenditures but due to increased valuation in the city the present tax of \$3.36 for each \$1,000 of equalized valuation can balance the proposed figures.

The city's assessed valuation

is \$12,136,348, nearly \$2 million above the 1960-61 assessment. Its equalized valuation, using a 1.75 per cent factor, is \$21,616,154.

Using the equalized valuation the city will derive \$121,000 from taxes. The remaining \$56,000 needed to balance the budget would come from state revenue and local charges.

The highest proposed allocation is for the operation of the department of public works. Its recommended budget is \$53,000.

CITY HALL CONSTRUCTION

The proposed police budget is

\$30,000 and the recommended expenditures for the recently formed fire department was tentatively set at \$5,000.

Finlayson said that the budget recommendation includes \$19,000 to finish paying for construction of the new city hall.

The budget also includes \$11,000 for the paving of roads. This item was approved last year by the council which voted at that time to continue the paving program for five years.

A public hearing on the proposed budget was scheduled for May 18 at 8 p.m. in the City Hall.

The council, in other business, awarded a road oiling contract to the Edwards Road Oiling Service of Detroit for its low bid of \$4,533.

DUST PROBLEM

The firm, which has done the city's road oiling the last three years, was the lowest of three bidders.

Robert Trombley, D.P.W. administrator, said the dust control program would probably begin Monday and continue through Labor Day.

The contract calls for the oiling of more than 11 miles of roads in the city.

The roads included in the oiling program are west from Wilson to city limits, West Maple from Beck to city limits, Beck from West to 15-Mile Road, Charns from Wilson to the West and Lone Lake from Wilson to the east city limits.

Others are Flamingo, Grouse, Maganers, Wren Lane, Nightingale, Oriole, Fairbury and Bogie Drive.

School District Asking Millage Okay 4th Time

ARMADA—For the fourth time in six months, Armada Area School District voters will be asked to approve an operational millage proposal in a special school election here Monday.

All three earlier millage requests by the Armada Board of Education were defeated at the polls.

On Monday, the school board is

JC Auxiliary Installs 1st Head

Newly Formed Orion Area Organization Is Given State Charter

ORION TOWNSHIP—Mrs. Fred Beckwith has been installed as the president of the newly formed Orion Area Junior Chamber of Commerce Auxiliary.

Other charter officers are Mrs. William G. Greene, vice president; Mrs. Robert Cary, secretary; Mrs. Robert Mumford, treasurer; and Mrs. Reginald Shepard, director.

The officers were installed in special ceremonies attended by Mrs. Herbert Kenz of St. Clair Shores, president of the State Junior Chamber of Commerce Auxiliary, and Mrs. Donald Rigdon, district vice president.

The new auxiliary received its state charter from Mrs. Kenz and a total of 15 charter members were received into the organization.

The main function of the new group will be to assist in the projects of the Orion Area Chamber of Commerce, which is now completing a little league baseball field at Carpenter Elementary School.

The Orion Area Jaycees will sponsor a teen-age dance at 8:30 p.m. tomorrow at the Roll-Orion Skating Rink in Lake Orion.

Proceeds will go toward construction of the baseball field.

Sets Yearly Card Party

WEST BLOOMFIELD TOWNSHIP—The Twin Beach Civic Association will hold its third annual card party tomorrow at 8 p.m. at the Twin Beach Elementary School, 7149 Oakley Park Road.

Proceeds will go for neighborhood improvements.

Speaker Tells Educators Fun Is Good Medicine

A happy quartet of diners at the Pontiac Education Association's annual spring banquet Thursday evening are from left, William Sumner, Drayton Plains, Pontiac teacher; board member, Mary Vir-

ginia Luther of Lincoln Avenue, teacher at Baldwin School; Dr. Carl C. Byers, guest speaker; and Gordon Earhart of Drayton Plains, PEA president.

By MADELEINE DOEREN

"Get Off Your Launching Pad and Go Into Orbit" was the topic chosen by Dr. Carl C. Byers, who spoke before some 20 teachers and educational personnel Thursday at the annual spring banquet of the Pontiac Education Association at Devon Gables.

Well-known throughout the

Midwest as a humorist-lecturer, Dr. Byers who was once a superintendent of schools in Ohio, currently writes a syndicated newspaper column entitled "Philosophum." A resident of Cleveland, his lectures are arranged by the speaker's bureau of General Motors Corporation, Detroit.

Philip Wangelin, principal of Pontiac Northern High School,

gave the invocation, and William Sumner of Washington Irving School and incoming PEA president, was toastmaster. Outgoing PEA president Gordon Earhart of Eastern Junior High presented Monroe Gannun, board of education president, who paid tribute to 17 retiring teachers representing 476 years in education.

To quote a few of the speak-

er's basic truisms, he feels that:

"Laughter is like optimistic vitamins. It massages the body and cleanses mind and soul of cynicism and doubts in dark moments in current world history. There's no fun in medicine but fun is good medicine."

"Negativity," he said, "would best substitute for thinking and could be as dangerous as communism. Becoming involved in a mumbo-jumbo of mere words solves nothing."

STRESSES ATTITUDE

Stressing the importance of attitude, Dr. Byers reminded his audience that "God gives us face but we give ourselves expression." People classify themselves as long-faced confused individuals with many problems or happy, optimistic souls who face up to each day's posed battle.

Three Rs are not enough today in this speaker's opinion. The fourth "R" could very well be "Reverence" with respect for life, fair play, sportsmanship and dignity of person.

PEA board members are William Sumner, president; Wallace Schloerke, first vice president; Mrs. Ralph Ellsworth, second vice president; Kay Stickle, recording secretary; Evelyn Berge, corresponding secretary; Lester Mack, treasurer.

Serving on the board of directors will be William Neff, Mary Virginia Luther and Sally Adams.

Cochairmen of the evening were Patsy Mackamara and Mrs. Clarence A. Pudney. Mr. Sumner arranged the program and Miss Adams handled the publicity.

The Dana P. Whitmers of North Genesee Avenue chat with Adeline Hook (at right) of Washington Street, principal at Longfellow School, pre-

ceding the Pontiac Education Association banquet Thursday at Devon Gables.

Students Put On Show Boat

By RERA HEINTZELMAN

A touch of the Old South came to Waterford Township last night with a fine presentation of the immortal "Show Boat."

The cast was well-selected with Linda Lawson as Magnolia and Steve Wagner as Gaylord Ravenal doing an outstanding job of singing as well as acting. Linda's solo rendition of "Can't Help Lovin' Dat Man" and "After the Ball" were near-professional presentations.

John Anderson literally threw himself into the role of Captain Andy, and his acting proved that he not only has talent as a singer, but as a comedian as well.

There were the usual first night mistakes which make "first night" performances more interesting than all others. Like the curtain being opened at the wrong time. Actors and stage hands scattered in all directions like scared rabbits—much to the delight of the audience.

They laughed—not because of the mistakes—but rather in reaction to a sensation known so well to those who have participated in any high school production—that feeling of having a bucket of ice water thrown all over you.

Despite the strategical

placement of several stage mikes overhead, the young voices at times floated upward rather than out in the auditorium primarily designed as a gymnasium ten years ago.

VOICE IS RICH

For one so young, Steve Wagner's tenor voice had a rich quality that indicates much promise for the teenage senior. His presentation of "Only Make Believe," as he sang to his eight-year-old daughter, Kim, played by Denise Pety, was one of the highlights of the show.

Marlene Colquhoun portrayed the show-wife of Captain Andy, managing to keep everyone on the showboat in line with her sarcastic domination. Marlene was superb in the role.

A lively note was injected when Duane Baumgras played an electric guitar to accompany Linda in the night club audition scene.

Another show stealer was Jeff Dye in the part of Joe. His ease and naturalness on stage as a young colored boy was excellent only by the fine quality of his voice as he sang the soul-stirring "Oh Man River."

All the lovely music like "Why Do I Love You," "Bill," and "You Are in Love" written by Jerome Kern and Oscar Hammerstein was presented in top fashion, and

accompanied by only stringed instruments to dramatize the young voices.

Every costume was made by the students themselves, and all of the eleven sets were also constructed and painted by high school students.

The make-up crew under the direction of Chester Wujcik, did an exceptional job.

There was very little waiting between scenes. The little flaws so unavoidable for a first night undoubtedly will be smoothed out for tonight and tomorrow night's performances under the capable direction of Richard Meier and Ann Hobart. The public is in for two nights of fine entertainment.

Guild Section Sews, Knits

Queen Mary Section of the Needlework Guild met Thursday afternoon at the Longfellow Avenue home of Mrs. Charles Shearer.

Two guests, Margaret McIntosh and Martin McIntosh, attended the luncheon and business meeting.

Members spent the afternoon sewing and knitting.

Mrs. John Gommell invited the group to her home on Pinckney Avenue for the May 11 meeting.

Fashions, Decor Hit at Gala

The elegance of the fashions worn by opera enthusiasts and the lush violet decor of the Birmingham - Bloomfield Metropolitan Opera Committee's champagne gala Thursday evening were in the classic grand style.

Proving that husbands are not allergic to opera, 200 area couples heard Karl Haas present an opera scorecard with the help of soprano Marjorie Gordon. Using a musician's fund of stories, Mr. Haas moved easily from "how opera is inspired" to "what to listen for in May when the Met appears." Miss Gordon sang several arias that will be heard during the seven-day Met season.

Following the musicale, a champagne supper was served from violet-draped tables. Co-chairmen of the local women's committee were Mrs. George Trumbull and Mrs. John S. French. Receiving with them were general chairman Mrs. Theodore O. Yentema wearing a short navy sheath of textured Italian silk.

Junior League members from Birmingham who ushered were in harmony with the violet color scheme. Their violet sashes and nosegays blended with royal purple carpeting and metallic decor of the Reynolds Metal Building. Super hostesses were orchid leis.

Abby: Put It on the Line

By ABIGAIL VAN BUREN

DEAR ABBY: We recently purchased a clothes dryer and now the dryer dries across the hall keeps trapping my husband into bringing her "things" in after she's used our dryer.

Am I wrong in thinking it is too personal a chore for my husband to be sorting and folding her "unmentionables"? I still don't know how to operate the dryer, or I would do it.

SOMEBODY'S WIFE

DEAR WIFE: Inform the "doll" across the hall that if she wants to use your dryer, she should operate it herself and sort and fold her own "unmentionables." This is no job for your husband.

DEAR ABBY: Please don't laugh at me. I am 30 years old, a junior in college, and am considered a good-looking guy with a gift for making

interesting conversation with girls on a variety of topics.

The trouble is, when it comes time to say goodnight to a girl, I stutter, mumble and my shyness comes out.

I have gone with many good-looking girls who have come right out and asked me to kiss them goodnight. I still can't. I don't think there is anything evil about kissing a girl, but I can't bring myself to do it. Am I normal?

DEAD EARNEST: People wonder whether they are "normal," usually are. If you find yourself "stuttering and mumbling" and unable to kiss a girl, don't let it worry you. You haven't "wanted to" badly enough yet.

DEAR ABBY: I am in love

Holds Luncheon

The district committee of the Visiting Nurse Association for Southern Oakland County assembled for luncheon Thursday in the home of Mrs. F. D. Dool of Woodberry Drive, Bloomfield Hills. Mrs. Merle A. Welsh of Birmingham was co-hostess.

ABBY

with my best friend's husband.

I live near them and spend a lot of time at their house. I don't know how it happened, but we fell in love and I couldn't help myself.

I really like his wife and she likes me. When I visit her in the afternoon, I leave before her husband comes home because I can't stand to see him kiss her hello.

No one but this man and myself knows how we feel about each other. He says he loves his wife, but he loves me, too. Am I crazy for believing him? What can I do about this mixed up feeling? I am 28 and have never been married. He is 33.

MIXED UP

DEAR MIXED UP: The only thing you can do about your "mixed up feeling" is let it die from lack of nourishment. Stay away from him. And stay away from his home.

CONFIDENTIAL TO BROKEN-HEARTED PARENTS:

Your case is a sad one, for which there is no solution. Children have been "punishing" their parents for as long as parents have been punishing their children. Accept it.

Sorority Sets May 13 Sale

Lambda Tau Delta Sorority plans a rummage sale May 13 at the Royal Oak Women's Club.

The group's three succeeding social events will be "just for fun," according to Mrs. R. J. Bunting of Royal Oak, publicity chairman.

On May 6 an open dinner dance is slated at Forest Lake Country Club. Members may bring guests to the affair which will be preceded by several cocktail parties.

A mother-daughter luncheon is planned May 20 at the Hunter's Whip in Franklin Village, and on June 10 the sorority will have a patio party and steak roast at the home of Mrs. Elmer McElreath, president of the Detroit branch.

Local members planning to attend the spring socials are Mrs. John Hooks, Mrs. Reginald McNeil and Mrs. Charles Harris.

Remedy for Blues

(NEA) — A bright new hat is not the only remedy for a case of the blues. Shampooing your hair, or buying a ray lipstick, or some eye shadow in a "different" color can do the trick, too. Anything that perks up your appearance is a cure for the doldrums.

The forthcoming appearance of the Metropolitan Opera in the area is the subject of animated exchange on the part of Detroit Grand Opera Association directors (from left) Henry Ford II, Raymond T.

Perring, Mrs. Ford and the George W. Romneys. They were among 400 attending the Birmingham-Bloomfield Opera Committee's champagne musicale Thursday evening in the Reynolds Metal Building.

Mr. and Mrs. A. C. Girard of Bloomfield Hills (at left) and Dr. and Mrs. Howard B. Barker, also of Bloomfield Hills, found the operatic arias of Marjorie Gordon and the commentary of Karl Haas a

delightful subject for conversation following the program portion of Thursday evening's champagne gala.

Count 24 Quakes.

MEXICO CITY (AP) — Twenty-four minor earthquakes shook the village of Acapulco in a period of four hours Wednesday, causing damage to about 100 small homes. The quakes caused panic among some residents, and about 75 families fled to Mexico City, 15 miles away.

About 300 million road maps are given away each year.

YOU, YOUR FRIENDS ARE CORDIALLY INVITED

COME ON IN — That's what Pontiac State Hospital staffers will be saying to everyone Sunday through Tuesday, just as attractive Dr. Veronica Satersma, a staff psychiatrist, is saying as she looks up from a list of registered visitors. The doctor is living proof that they don't make psychiatrists like they used to in fact, they don't make state hospitals like they used to. You can see the many new innovations in treatment of mental illness and get a free musical variety show to boot, Sunday from 1-4 p. m. as the hospital observes National Mental Health Week.

Visitors will find many new things — advance both materially and in practice.

The open house will include a tour and discussion groups designed to answer any or all questions.

Anyone with the notion that a state hospital is drab, will think differently after witnessing a variety show produced and performed by the patients themselves.

This concept of recreational therapy was initiated just after World War II and has gained great significance as a means of treatment. Pontiac State Hospital was one of the pioneers in this field.

Chairman of the entire open house program is Dr. Rolf Sachau, a staff psychiatrist.

Other key figures are Dr. Wal-

Prepare for Open House at Pontiac State Hospital

Pontiac State Hospital is getting ready to welcome area residents Sunday, Monday and Tuesday to its 15th annual open house, being held in observance of National Mental Health Week.

Each afternoon from 1 to 4 p. m. staff members will be out to show the public that the group of buildings at Elizabeth Lake and Telegraph roads makes a vital and efficient contribution to the community.

Visitors will find many new things — advance both materially and in practice.

The open house will include a tour and discussion groups designed to answer any or all questions.

Withdraws Warrant Against Covington

ST. LOUIS (AP)—The prosecuting attorney's office reconsidered and withdrew Thursday a warrant charging outfielder Wes Covington of the Milwaukee Braves with non-support.

Covington had posted \$300 bond on the warrant Tuesday. It was issued on complaint of Mrs. Beverly Nicholson of St. Louis that Covington was the father of her

MAKE OVER PAPER

The prosecuting attorney's office said Thursday a search of its records disclosed Mrs. Nicholson, on an earlier occasion, had accused another man of being the father of one of the three children.

Bench Strength New GM's Goal

Gabe Paul's Objective With Cleveland Team Is More Depth

NEW YORK (AP)—Gabe Paul, the new general manager of the Cleveland Indians, said today his immediate objective would be to strengthen the team's bench.

"From what I have been given to understand," said the 51-year-old baseball executive, "the Indians' greatest need is bench strength. We could use some more right-handed hitting and perhaps another catcher. I feel, however, the club is good enough as is to be a factor in the pennant race."

Paul, in a surprise move, quit as general manager of the Houston club of the National League Thursday, to accept a similar post with the Indians. He gave no reason for his decision to leave the newest N.L. entry other than "personal reasons." His contract at Houston was to have run for three years. He has no contract, at his request, with the Indians. The salary is estimated at between \$50,000 and \$75,000, the same figures he was to have received from Houston.

Albion Takes Two

ALBION, Mich. (AP)—Albion, with Gary Kretlow and Bud Bowers hitting three-hitters, defeated Adrian, 3-0 and 6-2, yesterday in the opening doubleheader of the MIAA baseball campaign.

AWAIT TOAST—Coaches and athletes at Avondale High School are anxiously awaiting the night of May 2 when the various Yellow-jacket teams will be honored. Coaches John Thompson, far left, and Dick Eyle are shown pointing at the All Sports letter with Varsity Club officers Tim Burt, far right, and John Carlson displaying their approval.

Teeing Off

Spring is springing a little late this year, but Tommy Watrous, the boyish-faced assistant professional at Oakland Hills Country Club, isn't complaining about the delay.

The 24-year-old Watrous is so thankful to be alive after a long winter siege of acute appendicitis that he's not fretting one bit over the unpredictable behavior of a slow-to-arrive season.

From mid-February through March, winter was tough sledding for Watrous and when spring finally does blossom into full bloom, you can bet your bottom dollar that nobody will appreciate its coming more than Tommy.

It was February 15, to be exact, when Tommy was rushed to Ardmore Hospital in Ferndale for removal of a ruptured appendix. Surgery was a complicated immensely by peritonitis and for quite a spell it was a touch-and-go proposition for all concerned.

"Tommy had some anxious moments and so did we," said father Al, head pro at Oakland Hills since 1923. "But he has made an excellent recovery and now he's back on the job, ready for summer busy year."

The University of Detroit graduate spent nearly three weeks in the hospital before getting the OK to go home. After that, there was a lengthy period of rest and recuperation at home.

"His stomach bothered him for several days prior to the attack, but he refused to think that it was anything more than a belly-ache," Al said. "Then his troubles happened swiftly."

Now, after a hard fight,

Tommy's troubles are ended and he's set to help his dad and countless others with the tremendous job of running the 61st U.S. Open tournament, slated June 15-17 at Oakland Hills.

An outstanding amateur golfer ever since his high school days at Royal Oak Shrine, Tommy turned pro in the summer following his graduation from the U. of D. and he's now in his 4th year at Oakland Hills. He is married and the father of two children.

LOOKING FOR PUBLICITY?

Want your golf league publicized in this column? If you do, it's as easy as falling off a log. Just send your weekly summary to "Teeing Off" in care of this newspaper and you'll be represented.

SHORT PUTTS

When people start talking about old-time Oakland County pros, they frequently overlook Leo Conroy of North Hills. Conroy, sideman in the golfing spotlight, is beginning his 28th year at the Maple Road course.

Morey will field two teams in the Michigan Publink League this season and Pontiac's Charlie Barker will manage both of them.

George Catto, son of Sylvan Glenn manager Bill Catto, is captain of the Central Michigan University golf team this spring for the 3rd straight year. Catto, an economics major, will be graduated by the Mt. Pleasant school in June.

C. J. Reynolds, former Tam O'Shanter assistant pro and now a Berkeley policeman, will give lessons on a part-time "request only" basis this summer at Springdale Park, Birmingham's municipal links. Indoor nets have been installed at the Rochester layout in order that players can practice inside when the weather is bad.

Canton, Ohio Gets 'Hall' NFL Teams All Insured

SAN FRANCISCO (AP)—Forty years ago, most National Football League teams couldn't afford a change of uniforms. Today the league's 14 teams are insured for \$1.5 million.

The league's fantastic development was strikingly evident at the close of its annual meeting Thursday when Commissioner Pete Rozelle and the circuit's directors announced:

A plan for restocking teams in case of disaster, with the league insuring each team for \$2,250,000. Player pensions and other benefits of \$300,000 a year from the league's new contract with the National Broadcasting Company for radio-television rights to the annual championship game.

Establishment of a National Football League Hall of Fame at Canton, Ohio, where the league was born 41 years ago in an automobile showroom.

Earlier in the meeting—one of the smoothest the NFL has ever had—Rozelle announced a new two-year contract with the Columbia Broadcasting System for more than \$9 million. This will be divided equally among all 14 teams and involves CBS telecasts of regular season games.

George Preston Marshall of the Washington Redskins was the only NFL owner who didn't attend the meeting here.

George Halas, owner-coach of the Chicago Bears, was the only man present who also was present in September 1920 when the first pro football game was formed in Canton.

Daugherty Will Speak Tuesday at Avon Banquet

Duffy Daugherty will be the guest speaker and most valuable players will be named for football and basketball highlighting the annual Avondale High athletic banquet in the school gym Tuesday night.

Tickets are still available for those wishing to hear the popular Michigan State head football coach talk. Paul Smarks, president of the Michigan High School Coaches Association, will be master of ceremonies.

Letters will be presented to football and basketball players and girls athletes.

Doles Stomp Calvin

HILLSDALE, Mich. (AP)—Hillsdale stomped all over hapless, winless Calvin yesterday, taking the first game of a doubleheader 13-0 and the nightcap 19-5.

Californian Hot in First ABC

Moore Tops Classic Trio; Behrick Hits 1709; Gormong 638

DETROIT (AP)—The Californians will be taking home at least some of the booty from the American Bowling Congress tournament to compensate for their long trip.

Bill Tuttle, 26, unemployed San Jose school teacher, tied for fifth place in the Classic Division all-events Thursday night with 1,882 in his first ABC. He rolled 611 in the team event Wednesday night and came back with 624 in the doubles and 657 in the singles.

Tuttle's team, the San Jose All-Stars, totaled only 5,391 for six games, placing 32nd in the Classic team event.

The Beemcoers of San Antonio, Tex., took tenth place in the Boosters team division with 2,744.

Navrattil of Detroit, with local men Monroe Moore, Joe Bonfiglio and Mike Samardzija, rolled 287 and 2696 in the classic division. Moore had 531-570, Samardzija 513-576 and Bonfiglio 471 in his only appearance.

Bonfiglio fired 595 and Samardzija 590 for 1185 in doubles. Moore and Micky Hydlie of Flint had 1184 with "Mo" at 583. Moore led the trio in all events with 1577 and singles 578. Samardzija totaled 1641 and 533 and Bonfiglio 1629 and 568.

Carl Behrick paced a local group in regular all events at 1709 and teamed with Ed Avedenka for 1181 in doubles. Behrick had 605. Jim Walker and Paul George rolled 1180 in doubles. Walker had 1656 and George 1636 in all events. Bob Gromong was way ahead of the pack in singles at 638. Walker's 550 ranked next.

Get in on Chevy's brand of savings at your Chevy dealers

TRUCK ROUNDUP

Western star Roy Rogers spreads the good word for your local dealer! "Right now he's making it easier than ever to own America's easiest riding truck. That's Chevy—the truck that saves you plenty with its special brand of Independent Front Suspension."

Just pick the model that fits your job and you can be sure you're putting your truck dollars where they'll do the most good. You'll get a super-efficient power to capacity ratio, a truck that's Sturdi-Bilt clear through, a king-size cab to keep your driver happy. And savings that just naturally go along with Chevrolet's I.F.S. ride.

You save on maintenance costs, I.F.S. lengthens truck life and protects cargoes by soaking up as much as 78% of all objectionable road shock and vibration. Your truck keeps working for extra thousands of miles! How in the world can you go wrong! Especially now—during truck roundup time!

Chevy's hefty Jobmaster 6, standard in Series 60 middleweights, is known far and wide for its fuel-saving performance.

Mart Irregular to Downside

NEW YORK (AP)—The stock market showed an irregular trend to the downside in active trading early today.

Declines of fractions to a point or so among key stocks were relieved by an assortment of fractional gains.

Most were off slightly as auto assemblies declined this week. The major stockholders were easy, so that most of them have reported sharp declines in quarterly earnings, as expected.

Some of the wide-moving trading favorites continued under profit taking. American Machine & Foundry fell 2 1/4 to 11 1/4 on 2100 shares. Brunswick dropped a point to 29 on 3700 shares.

Kerr-McGee Oil, its 3-4-1 stock split now ratified by shareholders, fell 2 1/4 to 30 1/4 on 2,000 shares.

Coppers bucked away from their gains of Thursday, Kennecott losing about a point and Anaconda a fraction.

American Telephone was up fractionally at the opening, then eased off in gain and ended 1/4 higher.

Boeing and Douglas Aircraft gained fractionally while other aircraft stocks did little. Electronics provided no fireworks.

First-Quarter Gain Reported by Brunswick

NEW YORK (AP)—The Brunswick Corp., which makes automatic pinball machines for bowling, Thursday reported a first quarter gain in profit of over 17 per cent. Sales slipped slightly from the year earlier period.

The company said net income amounted to \$2,850,314, equal to 10 cents a share, on sales of \$32,130,845 compared with profit of \$2,426,315, or 9 cents a share, on sales of \$32,657,995.

Clean West for Cuba

KEY WEST, Fla. (AP)—Hawaii radio today said that the U.S. Navy has bought 42,340 shavings brought from a Soviet bloc country.

Youth Suffers Eye Injury as Shell Explodes

A youth who suffered an eye injury while he and a friend played with a 30-caliber blank shell was reported in satisfactory condition at Pontiac General Hospital today.

The youth, Michael Marlin, 15, of 2815 N. Cass Ave., told Pontiac police he and Robert Dudley, 14, of Newberry St., had placed the shell on a board at Dudley's home.

While one held it with a rake, the other hit it with a hammer when the shell suddenly exploded.

Dudley was treated and released at Pontiac General Hospital for minor burns.

Doctors said they knew whether Marlin's sight would be impaired by the mishap.

Marlin said the shell had been brought home by an 18-year-old brother, serving with the U.S. Army in Germany.

Pleads Guilty to Manslaughter After Jailings

Shortly after his brother and sister were jailed for contempt of court, George Ross Jr., 20, of Royal Oak Township, pleaded guilty to a reduced charge of manslaughter in the shotgun death of a Detroit man Feb. 11.

Circuit Court Judge William J. Beer sentenced Mrs. Mildred Ross and Frank Ross to jail after their brother's first-degree murder trial got under way before a jury of 14 women.

When they later admitted they had been lying under oath, according to York Adm. Prosecutor James E. Roberts, George Ross then admitted the shooting of Henry Warren, 28.

Judge Beer set sentencing for May 22 and returned Ross to the county jail under a \$10,000 bond to await sentencing.

Another man once charged with Ross for the same shooting has been released for insufficient evidence.

To Ask Adjournment School Board to Join in Suit

DETROIT (AP)—Motions for a new trial by two of three men serving life sentences for the 1959 slaying of Marvin (Big) Lassiter, wealthy Royal Oak auto dealer, were adjourned today for two weeks by Circuit Judge Joseph G. Rashid.

—The state was expected to ask an adjournment of arguments on new trial motions for the slaying of Royal Oak car dealer Parvin Lassiter.

Petitions by Charles W. Nash, 41, and Richard Jones, 29, were ready for Circuit Judge Joseph G. Rashid at the murder conspiracy trial of Mrs. Nell Lassiter and Gordon Watson.

As co-conspirators, are slated to testify.

State police detective Roy Tanner denied under cross examination Thursday that he knew of any "death" of the defense claims were made between the prosecution and the three men to induce them to implicate Mrs. Lassiter and Watson.

Judge Rashid took under advisement a state motion to let a tape recording of Nash telling state police about the slaying.

The tape was made May 14, 1959, before Nash, Hicks and Jones told officers that Mrs. Lassiter and Watson were in any way involved in the slaying. Lassiter was killed April 6, 1959.

Mrs. Lassiter's attorney, Joseph W. Louie, listened to the tape and then objected to its introduction "at this time." He said he would have no objection to its being played for the jury at a later date.

Reports to Troy on Sewer Cost

Alexander Says Project Can Be Financed by Fee, Small Annual Charge

ANKARA, Turkey (AP)—Turkey and the Soviet Union signed an agreement Thursday to link their railroad systems at Samsun on Turkey's northeastern border. The accord in effect adapts to current needs an agreement signed in 1952 and never activated.

The attorney general said evidence had been uncovered that indicated the firms conspired to fix bleacher prices about 20 per cent above what they should have been. Dr. Otto C. Hutzinger, assistant superintendent, told board members.

The state attorney general's office announced its intention to bring suit against the firms a week ago when it invited school districts to join in the action.

The attorney general said evidence had been uncovered that indicated the firms conspired to fix bleacher prices about 20 per cent above what they should have been. Dr. Otto C. Hutzinger, assistant superintendent, told board members.

Tot Is Crushed to Death Under Truck's Wheels

A 14-year-old boy was killed yesterday when run over by a city cleaner's delivery van on Troy's main street.

The cost could be financed through a \$250 tap-in fee and an annual debt retirement charge of about \$1.25 to the user, according to R. J. Alexander, head of the county DPW.

Alexander, whose department has been making a financial and engineering study of the sewer problem in Troy, reported his findings last night to a special Troy sewer committee.

The committee was formed last November by the City Commission after attempts by the city to construct its own sewer system failed.
