

But 2 Seek It in Election

Nobody Likes Job

By GEORGE T. TRUMBULL JR.
As far as the incumbent Oakland County surveyor and his Democratic opponent are concerned, the greatest service voters could do them would be to do away with the little known office.

In a strange political twist, Republican surveyor Ralph A. Main and Stanley F. Dunn don't think much of the political office they will be seeking in November. They are unopposed in the primary next month.

"It should be wiped off the books," said Dunn, a 43-year-old engineer with Chrysler Corp. A first-time candidate, Dunn is treasurer of the Bloomfield Democratic Club.

He's in the race for the office nobody wants simply to help his Democratic Party make a sweep of the county ticket this year and thus earn a place on the Oakland County Democratic Committee.

RARE AGREEMENT

Although politicians don't usually agree—especially Republicans and Democrats—Main, a 56-year-old former county drain commissioner from Birmingham, agrees with Dunn that "all the office does is take more printer's ink and a little more time for voters."

A surveyor doesn't make any money. Matter of fact, Main says he lost money in the two jobs he can remember he's done since first elected in 1956. He made \$50 for a plat survey and \$35 for a property line survey.

Draft-Rocky Fund Details Stay Deep, Dark Secret

CHICAGO (AP)—The source and total of the thousands of dollars being spent in the draft-Rockefeller movement under way in this city is top-secret information. There is little doubt that the drive to win the Republican presidential nomination for Gov. Nelson A. Rockefeller of New York is well financed. But the national chairman and finance director of the draft movement says he doesn't think it would be proper to make the money details public.

The chairman of the committee, a San Francisco lawyer, turns aside financial questions with: "Is Nixon staying where his money is coming from?"

It is generally assumed here that the draft-Rockefeller effort is futile.

Vice President Richard M. Nixon seems assured of the GOP presidential nomination on the first ballot at the party convention next week.

But the draft movement—and the spending—are under way in force.

Brinton says that not a nickel of the funds involved in the draft effort came from the Rockefeller family, directly or indirectly.

And Rockefeller's office said there is no contact between it and the draft movement.

Brinton said his committee is operating with funds received through general contributions. He said the largest single contribution was \$3,000, the legal maximum for individual donations to political candidates.

He declined to say how many \$3,000 donations the committee has received or where they came from.

The extent of the draft-Rockefeller movement is seen in the suites the committee has engaged in the convention headquarters, the theater rented as a center for distributing badges, pins, signs, pamphlets and other campaign paraphernalia, the newspaper advertising and other printed material. Businessmen rarely provide political supplies on credit.

Convention Warmup in Friday's Press

"The Little Chicago Fire" will be touched off Monday.

It won't be set by a modern relative of Mrs. O'Leary's cow. Instead, there'll be an elephant involved—the elephant of the Republican Party.

For a color preview of the Republican National Convention, a look at the candidates and challenges they face, don't miss tomorrow's Pontiac Press.

"We'll Bar Soviets From Congo"

Sunny Skies, Warmer Weather Forecast Here

It'll be fair and warmer in the Pontiac area tonight and tomorrow, the weatherman says.

Tonight's low will be about 60 and Friday's high is expected to climb to 84. Mostly sunny, warm and humid is the forecast for Saturday.

Light southerly morning winds at 8-15 miles an hour will become southwesterly tonight.

The lowest recording in downtown Pontiac preceding 8 a.m. was 57 degrees. At 2 p.m. the reading was 76.

Blazes Raging Over the West

250 Fires in Oregon, San Simeon Castle, Idaho Town Periled

BAKER, Ore. (AP)—Hundreds of fires burned range and timber land today as temperatures reached toward the 100s, humidity dropped lower and gusty winds blew. One blaze threatened to engulf an Idaho community.

More than 250 fires burned in eastern Oregon, and some threatened to merge into giant conflagrations. Scores more burned in Idaho and Washington, where governors have declared a state of emergency.

Near King City, Calif., fire fighters desperately cut a fire break halfway down a ridge that overlooks the late William Randolph Hearst's castle at San Simeon.

The 26,000-acre brush fire burned to within two miles of the north end of the fabulous estate Wednesday night.

WIND HOLDS FATE

Ranger James Duller reported the castle still is not in danger. But the wind could easily change this situation, he said.

The endangered town was Woodland in northern Idaho. Flames were spreading across a prairie near the town. A farm home was evacuated when flames reached within a quarter of a mile of it, but no evacuation was scheduled at Woodland unless the danger increased.

Ed Ring, assistant state forester for north Idaho, took command of the fire fighting at the blaze, and all ranchers and their equipment were mobilized to stop it.

The biggest blaze, the 30,000-acre fire along the Oregon-Idaho border near Marsing, Idaho, remained out of control. It blazed furiously in knee-high chest grass and shot over fire lines as wide as 30 feet Wednesday night. It was reported as man-caused.

Hatfield to Enter Nixon's Name as Ticket Head

Choice of Running Mate Still Undecided, Says Spokesman for Dick

CHICAGO (AP)—Vice President Richard M. Nixon today picked youthful Gov. Mark Hatfield of Oregon to place Nixon's name before next week's GOP convention as a presidential candidate.

In announcing this, Robert Finch, Nixon's administrative assistant, told a news conference the choice of a vice presidential running mate for Nixon is "still a wide open proposition."

Previously GOP National Chairman Thurston B. Morton had said that if a platform is adopted that is mutually acceptable to Nixon and to Gov. Nelson A. Rockefeller of New York it might possibly act as a catalyst agent to bring together a Nixon-Rockefeller ticket.

But both Morton and Finch said they are taking Rockefeller's word for it that he would not accept a second-place nomination. Rockefeller has said he is available for top place on the ticket if a draft develops but doesn't expect it to.

Finch said, however, that Nixon is not closing the door to Rockefeller as a possible running mate.

Much the same word came from Herbert Klein, Nixon's press aide.

Robert McManus, Rockefeller's press secretary, was asked about the renewed discussion of the governor as a vice-presidential possibility. He replied by reiterating:

GOV. MARK HATFIELD

It's a Missile Milestone

ZOOMS OFF—One of two Polaris missiles which departed their first launchings from under water at Cape Canaveral Wednesday is shown igniting. Both shots were successful.

Hail First 2 Undersea Launchings of Polaris

CAPE CANAVERAL, Fla. (AP)—"There was a hell of a lot of tension, a lot of hope, ambitions and prayers rode with those missiles."

Robert reported the 28-foot missile had hit "with adequate accuracy to have done the job if they had been fired at an enemy."

Speaking was Adm. William F. Raborn Jr., who for four years has directed the Polaris missile program from a paper plant in the first launchings from a submerged nuclear submarine. He spoke with confidence after two of the equal rockets had been fired successfully within three hours Wednesday.

"There is now no question that we will meet our operational date this fall," Raborn told newsmen on emerging from the submarine George Washington after the historic first firings. "The sooner we get an adequate number of missile submarines, the better."

The two Polaris scored spectacular successes after being launched from the George Washington as it cruised 90 feet beneath the waves about 30 miles off Cape Canaveral.

1,000 MILE SHOTS

Compressed air ejected both from their vertical launching tubes, and their first stage engines ignited several feet above the surface. The second stages fired a minute later at an altitude

of 15 miles and boosted dummy warheads 1,100 miles to the intended impact area in the ocean north of Puerto Rico.

Raborn reported the 28-foot missile had hit "with adequate accuracy to have done the job if they had been fired at an enemy."

Asked to be more specific, the admiral said: "You are not much interested in which side of the squirrel's eye you hit." Raborn emphasized the double triumph on the first attempts does not mean the Polaris is operational.

"We still have several more submarine launchings on the schedule before the missile will have tactical capability," he said. "The main thing we have to build up is reliability. When the Polaris is ready, we will have more assured power in our hands than any weapon system in the last 30 years."

Raborn had called the mating of the Polaris missile with the atomic submarine "a great deterrent to war."

Accept Pact for Switchmen

All Operating Unions Have Settled Disputes; 11 Others Face Talks

CHICAGO (AP)—Labor disputes in hiring operating employees of the railroad industry appeared near an end today when the Switchmen's Union negotiators accepted a proposed settlement.

The proposal must be ratified by 7,500 rank and file members employed by 17 western railroads.

The switchmen's is the last of the operating personnel disputes unsettled. The engineers, firemen, conductors and trainmen have previously disposed of their controversies.

Still unsettled is the dispute with 11 unions representing 550,000 non-operating workers. These workers are clerks, telegraphers, machinists and others not involved in actual running of trains. Their dispute is more complicated because it involves health and welfare issues as well as wages.

The proposal accepted by the switchmen's negotiators was in the main that recommended on July 9 by a presidential emergency fact-finding board established under the Railway Labor Act.

Like the agreement accepted by other operating unions it provides for a 4 per cent wage increase, 2 per cent of which is effective as of July 1 and 2 per cent on March 1, 1961.

This amounts to an increase of 10.936 cents an hour or an annual addition of about \$3,800,000 to the carriers' aggregate payroll. Switchmen now average \$2.70 an hour and about \$6,577 a year.

"On land," he said, "our military installations are known, and an enemy-surprise attack would certainly aim to knock them out with the first blow. But an enemy missile would be deterred from striking that blow if he knows he can't wipe out a Polaris fleet and that these submarines will send by-clear rockets in retaliation."

The missile will have an initial operational range of 1,300 miles. Testing already has begun on advanced techniques designed to increase the range to 2,875 miles within four years.

The Navy plans to have the missile operational by October. The George Washington and the Patrick Henry, first of a projected fleet of 15 Polaris subs, are expected to go on patrol, each with 16 nuclear armed missiles, by the end of the year.

Ceylon Calls Woman of Tears as Next Leader

COLOMBO, Ceylon (AP)—A widow whose first name means "Fortunate One" was called today to become the modern world's first woman prime minister.

Sirimavo Bandaranaike, 44, who made tears a formidable campaign weapon, was summoned by Gov. Gen. Sir Oliver Goonetilleke to form a new government after returns from the general

election assured her leftist-backed Freedom party a majority in Parliament.

After receiving Goonetilleke's call, Mrs. Bandaranaike asked astrologers to advise her of an auspicious time to accept.

Dates for marriages and other important events in Ceylon, as in several other Asian countries, are fixed after consulting horoscopes.

But she announced she would nationalize the island country's insurance companies and tea and rubber plantations, most of which are Western-owned. She also said

she would name a commission to investigate newspapers that were viciously hostile to her campaign.

In foreign affairs, she is militantly neutralist.

On the major issues, Ceylon she has had nothing to say so far.

These include the stagnant economy, which should be expanding to keep up with the rapidly expanding population, and the explosive bitterness between the Sinhalese-speaking Buddhist majority and the Tamil-speaking Hindus which has a record bloodshed in the past.

The election gave 75 of the 157 seats in the House of Representatives to Mrs. Bandaranaike's party. A grouping of small landowners, schoolteachers, traditional physicians, small-town lawyers and a few rich landowners which her late husband, Prime Minister Solomon Bandaranaike, headed until his assassination last year.

MAJORITY ASSURED
The party was assured a majority of five votes because the government names six representatives of business interests and minorities who traditionally vote with the government.

Mrs. Bandaranaike's major campaign promise was to continue her husband's policies.

But by the time he was killed he had exhausted any program of action and was improvising and temporizing from one crisis to the next.

He's Like Hot and Cold Water

Indecision Plagues Sen. Barry Goldwater

SHE'S FOR DAD—Pretty Peggy Margaret Goldwater pats her dad on the cheek after he told a news conference that he and Nelson Rockefeller had been eliminated as vice-presidential possibilities. Goldwater said he understood Richard Nixon had narrowed the VP field down to Henry Cabot Lodge, Sen. Thurston B. Morton and a third person he declined to name.

Whether Goldwater's name is offered in nomination for the presidency at next week's Republican National Convention appears to depend on just how determined his Arizona delegation is to give him this honor. Goldwater indicated it's up to them.

Once in a while he seems to take the idea seriously. Then he laughs it off as an impossibility.

Negroes, Undereducated, Pensioners Lag in Money

ANN ARBOR (UPI) — Over the last 10 years, pensioners, Negroes and those without a high school education have failed to match the income gains of most Detroiters, according to the Detroit Area Study (DAS) conducted by the University of Michigan.

This finding is a result of a comparison of family incomes in Wayne, Oakland and Macomb counties by the study.

Between 1951 and 1959, the median income of families with a breadwinner in the labor force rose from \$4,700 to \$6,300, a 33 per cent gain. Among those not in the labor force, including many living on pensions, social security, and other fixed incomes, median income went from \$1,900 in 1951 to \$2,400 last year, a gain of only 26 per cent, the survey said.

From 1951 to 1959, the median income of white families in Detroit increased from \$4,800 to \$6,400. For Negroes, income rose from \$2,500 to \$3,600, according to the DAS survey.

The U. of M. study said that one group that experienced an actual decline during the 10-year period were family breadwinners with less than seven years of education. Their median dropped 20 per cent from \$3,500 to \$2,800. The DAS report is based on interviews with 1,855 randomly selected families in county area surrounding metropolitan Detroit during February and March this year.

Pope John Says Church Embraces All the Races

VATICAN CITY (UPI)—Pope John XXIII told a cheering audience of 10,000 Wednesday the Roman Catholic Church loves "white, red, yellow and black" men in the same way.

The Pope made the remark welcoming 120 Catholic rural leaders from Africa and South

Asia at a general audience in St. Peter's. The crowd greeted his remark with warm applause.

"The Catholic faith embraces all in a single effusion of love—white, red, yellow, and black, because they have all been redeemed by Our Lord Jesus Christ," the Pope said.

The famed opera, "Madame Butterfly" was generally pronounced as an absolute failure when it was given its first public performance.

Labor Leaders Plan Boycott of Trujillo

CARACAS (UPI)—Labor leaders from the Caribbean and Latin America lined up today behind a campaign to isolate the Dominican Republic by economic and diplomatic boycott.

Union officials from Venezuela, Argentina, Ecuador, Puerto Rico,

Cuba, Costa Rica, Curacao, Aruba and Trinidad signed a pact here agreeing to take all measures within their power to enforce the boycott.

First effects already were being felt in Puerto Rico, where dock workers refused to unload two Dominican freighters. They received an encouraging telegram yesterday from AFL-CIO President George Meany in Washington.

Smokeless powder is made from nitrocellulose and gun cotton.

Says Congolese Need Him

Missionary Flees, Returns

NEW YORK (AP)—A mother of two told Tuesday night how her missionary husband left the strife-ravaged Congo and then returned because he felt the Congolese "needed help now more than ever."

Mrs. Birgith Seashore told reporters of her husband's decision on her arrival at Idlewild Airport with her two daughters, aged 11 and 5, on a flight from Europe Tuesday night.

Mrs. Seashore and her husband, Byron, who is a Bible teacher of the Evangelical Free Church of America, and their children fled their missionary station in Congo, in northwest Congo. They were joined by about 66 adults and nearly as many children from 11 missionary stations in the Congo.

The men then decided to go back to help the Congolese, Mrs. Seashore said.

She said she will remain with her parents, Mr. and Mrs. Thorstein Jensen of Staten Island, N.Y., at least until March. At that time her husband is expected home on a furlough.

The German navy lost 78 of its U-boats during World War II.

Truman Praises Dems' Platform, Offers Support

DENVER (AP)—Former President Harry Truman said Wednesday he is ready to lend his support to the Democratic Party's presidential campaign.

"If they want me to help them, I'll be glad to," he said in an interview between planes. Truman was on his way to keep a speaking engagement at Logan, Utah.

Questioned about the Democratic Convention in Los Angeles, the former President said: "I didn't say it was rigged. I said it was fixed up in advance. The Republican Convention is all ways handled that way, that's why I hated to see the Democratic Convention handled that way."

Truman praised the 1960 Democratic platform, "but the best one I was written by me in 1956."

Willy Brandt Likely to Oppose Adenauer

BONN, Germany (UPI)—Mayor Willy Brandt of West Berlin appeared almost certain today to be the Socialist candidate against Chancellor Konrad Adenauer in next year's election for the office of chancellor.

The Socialist Party's national leadership announced in an official

communique that it "approves the suggestions of the commission of seven and the president" for the leadership and preparation of the 1961 campaign.

It has been an open secret in political circles here that the party commission recommended Brandt as the Socialist with the best chance of taking over from Adenauer as chancellor in 1961.

The official selection of the Socialist candidate will not come until the party's national convention in Hannover in November.

Ex-Murphy Aide Joins Hare's Campaign Staff

LANSING (AP)—Norman Hill, former press aide to the late Gov. Frank Murphy, has joined the campaign staff of Sec. of State James M. Hare, candidate for the Democratic nomination for governor.

Hare said Hill will edit his concentrating on campaign activities in Wayne, Oakland and Macomb counties.

U.N. Security Council Is Congo's Only Hope

Urgent action has been needed as the newborn Republic of the Congo struggles to pull up its boot straps. The blood and chaos of the last few weeks has been a mess.

Along with the future of this young African nation come other questions which need answering.

Can the natives of the Congo and other emergent African countries ever govern themselves as modern, civilized states?

Are the conglomeration of humiliations shown in the Congo the result of a hatred of Westerners?

Is another gigantic segment of the world slipping into the embrace of communism?

Opinions on these questions seem to vary. The only clear answer seems to be that all is not lost. Most thinking people seem to be agreed that the former rulers erred in not properly preparing the Congolese for self-government.

These same people show strong confidence in the African Negro, but still, unless they receive the proper amount of aid this is meaningless.

The U.N. Security Council is the one hope. If they send an international force strong enough to cope with the situation, order should be restored. This is what the Security Council is for. If they can bridge the gap until a solution is found it will be a victory for men of all nations.

A small U.N. garrison still stands between Egypt and Israel and seems to be working. The Congo trouble may not be settled immediately but peace should be restored if at all possible.

In these troubled times it looks more and more like the U.N. has an important place in this mid 20th Century.

Attitude of Americans Discourage Sacrifice

Truly a sign of the times is the apparent complete lack of interest in national or world affairs by some individuals. And on top of this many times they are the most vociferous.

Take this little item for instance: Observers noted that an important point in Sen. John F. Kennedy's presidential nomination acceptance speech was his stress upon sacrifice, not security, if the nation is to meet the challenges of the coming years.

In New York when a certain TV network cut off one of its most popular private eye programs in order to broadcast the last session of the Democratic Convention, over a thousand persons called in to protest.

Pretty discouraging in the light of the need for sacrifice.

Cleveland Plain Dealer Praises Bradley Fisk

We notice an interesting editorial in The Cleveland Plain Dealer, one of the great newspapers in America.

It should strike a sympathetic chord in all breasts, everywhere. Here it is:

"Here is one for the book, since it concerns an unprecedented incident in the history of Washington bureaucrats and congressional committees.

"An official in government went before a Senate committee to testify that a proposed \$5 million appropriation for his bureau was too much. He suggested a \$2 million cut, saying that \$3 million was plenty, all he needed.

"Ever hear of such a thing?"

"The hero in this curious break with tradition and custom was

BRADLEY FISK, assistant secretary of international affairs in the Department of Commerce. He is charged with the task of directing a program aimed at bringing more tourists to the United States.

"Mr. Fisk is not only an honest and conscientious bureaucrat, but a brave one. By sticking his neck out in this appropriation hearing, he is risking the hate and opposition of every other bureaucrat in Washington and government employee in the country.

"Things just are not done that way. Under the accepted system, departments, bureaus and agencies are almost obliged to demand more money and more employees every year. How else could any office grow in size and importance?

"Mr. Fisk is indeed a hero and a loyal citizen. He deserves public acclaim and honor. It might even be appropriate to arrange a Bradley Fisk Day, with bands, parades and the award of a medal."

A wholly unnecessary suggestion has been made by a psychologist. He said one hobby all men should take up is that of girl-watching.

The Man About Town

Meaning of Names

Of the Counties That Are Neighbors of Our Oakland

Bridgemon: A person who never is given a shower; he's washed up anyway.

Most everybody knows that Oakland County got its name from its great prevalence of oak trees. They literally covered it when the white man first came here.

Wayne County is named for General Anthony Wayne; Macomb County for General Alexander Macomb, and Lapeer is a derivation of the French word Lapeere.

Genesee was named for a county by the same name in the State of New York, from which many of its first settlers came, and Livingston County was so named to honor Edward Livingston who was secretary of state when it was organized.

Washtenaw County gets its name from an Indian word meaning "on the river," that river being the Huron which rises in Big Lake in Springfield Township, Oakland County.

A soil analysis of the loam prevalent in the Pontiac area shows it to be quite adapted to the growing of grass—which may not be news to the pusher of lawn mowers.

A correspondent who signs himself, "World's Wise Guy," suggests that you ask some other wise guy to name the three largest cities in the world. Contrary to general belief, they are Tokyo, London and New York, in that order.

Another exponent of the great outdoors, writing over the signature of "A Lover of Our Trees,"

expresses hope that the majestic elm on Oakland Ave. in front of the General Motors Administration Building, will never be removed.

Quite appropriately called

"The Dishonor Roll," a national survey of highway accidents shows that 28,000 drivers killed 37,600 in our U.S.A. last year.

A check of the entire nation points out that the sale of cigarettes has increased 20 per cent in the past five years, but their makers are not buying any more tobacco than five years ago. The same survey shows a 20 per cent increase in the sale of alfalfa hay.

A letter over the plain signature of "Jolly Genevieve"

encloses a copy of some statistics which show that only one-fifth of the cars involved in accidents are driven by women.

Verbal Orchids to—

Mr. and Mrs. Garfield Winthrop of Birmingham: 57th wedding anniversary.

Perry Orden of Waterford: 82nd birthday.

Mr. and Mrs. Dayton Kalavas of Drayton Plains: 53rd wedding anniversary.

Herman Crossfield of Metamora: 81st birthday.

"Lucky It's Close By—Right in the Firehouse"

David Lawrence Asks:

Rocky Saving or Ruining Future?

SAN FRANCISCO—All over the country there's a deep curiosity as to what's behind the tactics of Gov. Rockefeller of New York as the Republican National Convention approaches.

Is he really trying to be drafted for the presidential nomination? Would he positively refuse the vice presidential nomination if drafted for it by the convention or if personally requested to accept it, by Vice President Eisenhower and Vice President Nixon?

What would be Rockefeller's reasons, under those circumstances, for declining to take second place on the Republican national ticket?

The answers that some of the professional politicians in both parties give in their conversations are significant of the weakness of the conventional system itself as a means of reflecting public sentiment.

There is, of course, little if any chance that Rockefeller actually will be "drafted" for either place on the ticket. The only nomination that's really open is for the vice presidency.

The delegates at the Chicago convention next week will not be the picking of fill that spot. The selection will be made by presidential nominee, Richard M. Nixon. This has been the custom and the practice.

THE KEE HORN

But if Nixon were to decide to ask Rockefeller to run, he would doubtless do so only after conference with President Eisenhower, so that it would be a joint request. With what arguments would Rockefeller be confronted as he turned over in his mind such a request?

First, the governor would have to convince himself that his own chances of becoming president some day would not be adversely affected by his refusal.

If both Eisenhower and Nixon, as the top leaders of the Republican Party at present, should ask Rockefeller to run to help the party and he nevertheless declined to do so, he would have two strikes against him with the rank and file of the party workers in 1964 if Nixon is defeated in November.

Surely there would be another attempt by Nixon to run four years hence, as he's only 47 years old.

The probabilities are that a declaration this time by Rockefeller might even cause such feeling in the Republican Party in New York State as to impair his chances of being re-elected governor two years hence.

If he's defeated for governor in 1962, his political future will be dim indeed.

But why should Rockefeller decline?

Before was only one of the complications that made hip fracture so dreadful in days gone by. Another was congestion of the lungs, otherwise called hypostatic pneumonia. Still another was sheer exhaustion of the patient. Any one of these would be terminal.

Persons who suffer fracture of the hip, usually from a seemingly slight fall, are nearly always feeble to begin with, and when I say feeble I think of calcium deficiency.

So I suggest that, no matter what surgical or mechanical treatment is used, the patient with fractured hip should receive

It is understandable that, just as Lyndon Johnson kept on discouraging all talk of a vice-presidential nomination while there was a chance of his getting first place on the Democratic ticket, so also the New York governor has to keep attention focused on the Republican presidential nomination until the balloting has actually been completed.

But when the time for decision arrives, will the New York governor really refuse? Political logic would seem to say that he cannot refuse.

He speaks, for instance, of wanting to serve the nation and his party. He declares he is deeply concerned about public policies in a critical period in American history.

Dr. William Brady Says:

Take Calcium, Vitamin D to Mend Fractured Hip

"Mother succumbed after operation for fractured hip, but the actual cause, I feel sure, was one of the 'bedsores' that became deep ulcers after five months of hospitalization (E.N.R.)."

Reminds me of the harrowing experience the patient, the doctor and the patient's family had in former days when we had fractured hip. Hip, in this expression means the neck of the femur, the thigh bone.

The standard treatment was what we called "Buck's extension." A crude attempt to maintain a constant pull (extension) on the leg by means of adhesive straps on the sides of the leg attached to a square block beyond the foot and a cord attached to the block running over a pulley at the foot of the bed to a weight of several pounds hanging under the pulley. This kept the fragments of bone more or less together so that the fracture might knit—provided the patient never moved.

TREATMENT IMPROVED—Hodgen's suspension treatment, described in some of the older textbooks such as Park's Treatise on Surgery, 1899 and in International Clinics—both descriptions illustrated—was a tremendous improvement. For it gave the patient "the full liberty of the bed" without displacement of the bone fragments.

It not only gave the patient some freedom of movement but it maintained the fragments in apposition much better than Buck's extension could.

Patients in Hodgen's suspension could even get out of bed and sit in a chair once or twice a day, with little or no pain or discomfort. Without application of Hodgen's suspension was never done from the method generally used and called for a degree of familiarity with the laws of physics. So it never became popular.

Reader E.N.R. speaks of the bedsores that occurred after operation for fractured hip, but does not say what operation was done. Whatever it was, it was evidently unsuccessful.

FRACTURE COMPLICATIONS—Bedsores were only one of the complications that made hip fracture so dreadful in days gone by. Another was congestion of the lungs, otherwise called hypostatic pneumonia. Still another was sheer exhaustion of the patient. Any one of these would be terminal.

Persons who suffer fracture of the hip, usually from a seemingly slight fall, are nearly always feeble to begin with, and when I say feeble I think of calcium deficiency.

So I suggest that, no matter what surgical or mechanical treatment is used, the patient with fractured hip should receive

a good daily ration of calcium and vitamin D.

Indeed I believe that one reason why some elderly persons suffer fractures from injuries that would do comparatively little harm to others is that they have worried about years and years on a diet that failed to provide enough calcium. Bones that are deficient in calcium are more fragile than well nourished bones.

One of the most common causes of a fracture of the hip is a fall from a bed or a chair. The patient may be so weak that he cannot get up without help. The fall may be so slight that it would not cause a fracture in a younger person.

But if the patient is so weak that he cannot get up without help, he should be given a good daily ration of calcium and vitamin D. This will help to strengthen his bones and prevent such accidents.

Dr. Glenn Frank called salesmen the "sparkplugs of civilization." And salesmanship is a real profession. It offers an intelligent person more security and more leverage for prying out salary increases, than any other occupation. For the salesman may have 1,000 bosses, so if one grows hostile, he still has a "job" with the remaining 999.

By DR. GEORGE W. CRANE

CASE F-42: Don B., aged 52, is in our army in Europe at present.

"Dr. Crane, I am interested in vocational guidance," he wrote from camp.

"After I get back home, I'd like to get established in a good job and marry."

"I have a college diploma and graduated from Liberal Arts with a B.S. degree. But I have no particular qualifications for any special field."

"Besides, I don't even know what I'd like to do as a life work. I enjoy people, and never was any too keen about mathematics."

"If you were in my position, what kind of work would you select?"

VOCATIONAL GUIDANCE—With no further information than we have in the above paragraphs, we can't make an exact diagnosis of Don's special talents.

But it seems that he is probably an extrovert, and not fond of abstract tasks like bookkeeping, accountancy, or engineering, for he dislikes mathematics.

Salesmanship is one of the most fruitful fields for a trained man who likes people. It also offers the greatest independence

Voice of the People

'Many Dems Disappointed in Kennedy for Candidate'

The present administration has brought us to a brink of war so many times, and because of this we have lost friends almost all over the world. It seems that the Republicans have a chance of winning many votes from the Democrats by nominating Robert A. Kennedy. Many Democrats are disappointed with their candidate John F. Kennedy.

Living on Welfare's a Meager Existence

The ridiculous advice from a person who suggested ADC or welfare as a way of supporting a family doesn't know what he's talking about.

The sum amounts to less than \$1.00 a day per child. The mother is expected to pay for shelter, food, clothing, medical and dental expenses for the children. It is just barely an existence, not a living.

Agrees With Opinion on Shorts, Halters

I agree with the cab driver one hundred per cent. It should be against the law for women to wear shorts and halters in public. Sometimes these women wear just take a look in the mirror and see if they still want to walk the streets with that garb on.

Help at Field Trial Deeply Appreciated

We would like to express our appreciation to the cooperation officers in charge of the Highland Recreation Area. They were very courteous and helpful when we held our Field Trial there over the July 4th weekend even though it was an extremely busy time for them.

'Huck' Finn Movie Most Disappointing

As a parent of three sub-teen children, who chose to take them to see "The Adventures of Huckleberry Finn," I wish to condemn it as the most sorry film I've had the misfortune to "treat" my children to.

My five year old boy displayed intelligence when he reached up to shut the speaker off (we were at a local drive-in) with an expression of revulsion when "Huck's" drunken father threatened to kill him.

I had hoped, judging from the ads, we would see some of the scenic wonders of the Mississippi and also experience and be inspired by the challenges of life, which Mark Twain hoped to convey through "Huck."

All of these human and inspiring objectives were lost after going through Hollywood's blood bath of sordid mayhem. The opportunity to portray a child's adventures in an adult world was lost in the succession of child beatings and morbid behavior of the adults in the film.

Portraits

By JOHN C. METCALFE
All I ask upon my leaving... Is that I am always near... If your heart should want to wander... So, Auf Wiedersehen, my dear... All I ask upon my travels... Is that you will have a fear... Of my safety on the journey... So, Auf Wiedersehen, my dear... All I ask upon my return... Is that you will stay forever... So, Auf Wiedersehen, my dear.

(Copyright, 1960)

Smiles

A seamstress gives Mom a nice fit and the bill gives Dad a bad one.

Case Records of a Psychologist

compatible with little capital. For your progress then depend on merit.

If you buy stock in a company, or marry your employer's daughter, you may have permanent tenure in a company even without great merit.

But if you have no more capital than an intelligent brain and good health, you are always at the mercy of your lone employer. For if he dislikes you, you may be out of a job tomorrow.

1,000 BOSSES—A salesman, however, may have hundreds of employers simultaneously, since every customer is his boss.

The salaried worker in a store or factory, has one boss. The latter can fire you at his whim.

A salesman's customer may also grow angry at him, and even refuse to patronize his store. But if he has 1,000 customers originally, he still may have 999 who will buy from him. So his loss is negligible.

Besides, with a little more effort by cold canvassing he can recruit a new customer to take the place of the one that he lost.

No other occupation in the world gives the lone individual the power that salesmanship does. For there are plenty of rival companies in almost every sales field nowadays.

Moreover, your customers become primarily to you, the salesman, and only secondarily to your firm.

So you can generally take a large percentage of your clients with you, when you find it necessary or advisable to look elsewhere for a new sales job.

Your customers are your friends. You may have spent years cultivating them and gaining their respect. So don't throw them away by shifting to new territory every few years!

Salesmanship should be a lifetime profession. Stick to the same territory all your life and you'll generally make more money.

The Almanac

By United Press International
Today is Thursday, July 21, the 203rd day of the year, with 163 more in 1960.

The moon is approaching its new phase on Friday, July 22.

The morning star is Mars. The evening stars are Jupiter and Saturn.

On this day in history: In 1831, Leopold I was proclaimed king of the Belgians, following the separation of Belgium from Holland.

In 1861, the first major military engagement in the Civil War occurred at Bull Run Creek, Va.

In 1873, the world's first train robbery occurred at Adair, Iowa, when the notorious outlaw Jesse James held up the Rock Island Express and escaped with \$3,000.

Thought for today: American writer Ernest Hemingway said in "For Whom the Bell Tolls": "The world is a place and worth fighting for."

Since every customer may have reading hours of planning and contacting, once you get such a roster, hang on to him!

His goodwill is a "plus" factor in your favor long after your commissions have been spent.

AP Photos

LABOR SPOKESMAN — George Meany, president of the AFL-CIO, uses a chart pointing out the current unemployment figures to back up his appeal to the GOP Platform Committee Wednesday for two major changes in the Fair Labor Standards Act. He asked for a 7-hour day, 35-hour week, to replace the 40-hour week. He also urged the minimum wage be raised from \$1 to \$1.25.

Town Honors Convicted Teacher

Monkey Trial Revisited

DAYTON, Tenn. (AP) — This in semiretirement as a geologist mountain town of 3,000 persons at Shreveport, La. turned back the clock 35 years today as it honored the man it convicted of teaching Darwin's theory of evolution in 1925.

John Thomas Scopes, now 60, was convicted under a still existent state law in a trial which brought together the mastery efforts of Clarence Darrow, in Scopes' defense, and William Jennings Bryan, a special prosecutor in a battle termed "Science vs. Religion."

"I had hoped the trial would accomplish more than it did," commented Scopes on his first visit here since the trial. "It was a circus. Calling it a 'monkey trial' was part of the circus."

The city was decked with flags and bunting today, and a carnival atmosphere prevailed, as it did during the trial.

Scopes, who taught biology at a local high school, is now living

Clear Frank Sinatra of Assault, Battery

LOS ANGELES (AP) — The city attorney says there isn't enough evidence to warrant charging Frank Sinatra with battery for his part in the celebrated fistcuffs in the Mountain View parking lot.

Edward E. Moran, 21, a car parker at the night club, said Sinatra pushed him around and that a friend of the singer's, John Hopkins, pummeled him with his fists.

Although charges against Sinatra were dropped, City Atty. Roger Arnerberg said there was "undisputed evidence" against Hopkins.

He said Hopkins, tour manager for entertainer Sammy Davis Jr., would be charged with both battery and disturbing the peace.

Three Hearings Slated Tuesday

City Accepts Curb, Gutter Estimates

The City Commission has accepted estimates of the city engineer for curb and gutter construction on three city streets and has scheduled all three for public hearings Tuesday.

According to estimates the cost of work on Hillmont avenue, Nebraska to Earlwood, will be \$22,019.47.

The city will pay \$11,204.47.

On Melrose avenue, Madison to Mt. Clemens, the city will pay \$11,215.79 of the \$22,431.58 cost.

Estimate for the work on Pleasant avenue, drive east of Hillmont, is \$6,020.30 of which the city will pay \$2,912.80.

On all three projects, property owners will pay \$5 per frontage foot in special assessments.

The Commission has also accepted special assessment rolls for street improvements on Edison street, Bunde to Montclair and on Barbours street, Standard to Baxter.

The Edison street job calls for widening and blacktopping. Barbours will get curbs and gutters.

Both are scheduled for July 25 public hearings.

A public hearing has been held on the special assessment roll for curb and gutter work on Seward street, Auburn to Osmin. There were no objections.

Confirmed in three payments were special assessment rolls

for the same work on Tenneyson and East Beverly avenues, Fuller to Arlene.

The city has accepted quitclaim deeds from the owners of property between Fox Cleaners and the Pontiac Main Post Office on West Huron street for the opening of an alley there.

Fox Cleaners had requested an alley be opened at the site earlier this year.

The Commission has approved electricians' bonds for Moss Electrical Shop, Sampson Electric Co., and Joseph Thornton Electric.

A proposed ordinance to remove from residential to commercial outlet A in Newton Estates subdivision has been scheduled for a public hearing on Aug. 16.

In response to the complaints of families in the 500 block on Elwood street that dust and dirt from Miracle Mile Shopping Center was harming their property, City Manager Walter K. Willman promised to study the matter.

Residents have complained to the Commission that dust and dirt is raised by trucks entering and leaving the rear of the shopping center.

They also requested that an open septic tank behind the curb and gutter work on Seward street, Auburn to Osmin, be covered as it is "unhealthy" and "dangerous for children to play near."

The property is in Bloomfield

Township and Commissioner Milton R. Henry suggested use of an ordinance permitting the city to condemn property outside its limits that lowers the value or degrades property inside the city.

Clyde Christian, superintendent, department of public works, has advised the Commission that the second application of chloride to streets, park driveways, etc., was begun Wednesday.

Chloride will also be applied to some streets which have been curbed and guttered and on which blacktopping has been delayed.

The Manitowish relief storm sewer is nearing completion and the said.

Greenfield Construction Co. will begin the Columbia avenue combined trunk sewer this week. Construction will begin at Carle street and move west.

Willman announced that he and two other members of the special committee of the Board of Supervisors and Southeastern Michigan Water Authority will meet Friday in Mount Clemens to discuss aspects of the water supply problem.

Students Burn U.S. Flag, School Faculty Upset

MANAGUA, Nicaragua (P)—The faculty of Nicaragua's national university at Leon today issued a statement condemning the burning of a U.S. flag in a student demonstration last week.

The students did not represent Nicaraguan feelings, the statement

Fatality Rate Much Lower Than in 1959

County Water Accidents Increase

State police and Oakland County Sheriffs Department statistics in the county in 1960. At this time show water accidents have increased this year, but the fatality rate is considerably lower.

There have been six drownings this year's drownings took place in January and February when the victims went through this ice.

This leaves the county with only three summer drownings—an abnormally low figure for mid-July.

All nine drownings as of this date last year occurred after May 24.

Two each occurred in May and June. There were no drownings in either month this year.

August is the "drowning month" in Oakland, six victims were recorded last August.

Records on the number of accidents and injuries are less complete.

At this time last year, the sheriff's staff had no water accidents recorded aside from the eight drownings.

State police in Lansing do not have permanent 6-month figures for counties, only yearly totals. But both departments say water accidents are up at this time from what they totaled a year ago.

There have been 16 reported accidents. Five resulted in personal injury, six in death, and five in property damage only.

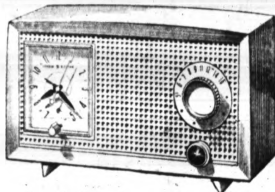

In the five injury accidents, eight persons were hurt.

But the warmer weather is beginning to bring a sharp increase, say deputies and state officials.

There already have been more boating complaints and accidents

State Trooper to Retire With 26 Years' Service

EAST LANSING — Cpl. Russell R. Moore of the Ypsilanti Post will retire Aug. 5 after 26 years with the State Police.

Moore, who enlisted in 1934, also served at the White Pigeon, Marquette, East Lansing, Brighton, Rockwood, Detroit, Flat Rock and Flint Posts and with a special investigation squad during World War II. He holds four citations for meritorious service.

Like Keeps Close Tabs on Congo

NEWPORT, R.I. (AP) — President Eisenhower plans more work today on the address he will make to the Republican National Convention in Chicago next Tuesday night.

He also instructed aides to keep him closely posted on any developments in the Congo crisis, particularly regarding the possibility of that strife-ridden nation inviting

Soviet forces to help restore order.

The summer White House reported Wednesday that Eisenhower had talked by telephone with Secretary of State Christian A. LeMay in Washington about reports the Congo government might call for Soviet intervention, the address and again in the late afternoon.

More than 25,000 American Indians were in the United States armed forces during World War II.

Total annual moisture in Ketchikan, Alaska, amounts to about 124 feet.

Nation's Civil Air Fleet Increases; Michigan's 6th

WASHINGTON — The Federal Aviation Agency says the nation's civil air fleet has increased to a new high total of nearly 80,000 aircraft.

California was far in the lead in total numbers of aircraft with 2,761. Michigan ranked sixth with 2,728.

More than 500,000 railway passengers enter or leave New York City each day through the Grand Central and Pennsylvania terminals.

"There's a Satisfied Federal Modernization Customer in Your Neighborhood"

PRESIDENT OF AMERICAN MOTORS REVEALS

How Rambler Upset Forecasts of All the "Experts"

by GEORGE ROMNEY, President of American Motors Corporation

How Owners Themselves Rate the 1960 Cars

Here are important results of a survey of 1800 owners of each of the nine 6-cylinder cars shown in the charts. Note that Rambler leads both the low-price and compact fields on the most important question of all, "Would you buy the same make again?"

Because Rambler Leads in Overall Usefulness to the User, Rambler Leads in

OWNER LOYALTY

(Owners were asked: "If you had to do it all over, which make would be your first choice?")

OWNER LOYALTY

(Rambler Six vs. the old "Low-Price Field" Sixes)

Percent who would buy the same make again:

RAMBLER SIX 83.2

CHEVROLET — 81.9

FORD — 87.4

PLYMOUTH — 87.2

OWNER LOYALTY

(Rambler American vs. small compact cars)

Percent who would buy the same make again:

RAMBLER AMERICAN 78.8

VALIANT — 76.5

CORVAIR — 69.1

FALCON — 66.0

LARK — 69.9

THREE years ago, the "experts" had American Motors ready for burial.

Then they were stunned by the 1958 and 1959 success of Rambler, but they promptly made new predictions.

"Just wait," they said, "until the Big 3 bring out their compacts." A Big 3 spokesman was quoted as saying his company planned to take the bulk of its compact sales "out of Rambler's hide."

Instead, what has happened?

Since the first new competitive compact was introduced, Rambler's volume tops all compacts. In fact, it tops all but two of 19 U. S. makes in production.

June, 1960, was the biggest sales month in Rambler history.

Why were the "experts" wrong?

Some "experts" confused compactness just with wheelbase or overall length.

Others attributed Rambler's success to economy.

Thus, they assumed that when the biggest makers introduced cars which somewhat approximated Rambler, their massive promotional expenditures would "snow Rambler under."

They failed to realize that while other cars might appear to be possible imitations of Rambler, they could not imitate the one priceless Rambler asset—uncompromising quality of construction and workmanship.

This quality, this basic excellence, has given Rambler something money cannot overweigh—the enthusiasm of a million of the best satisfied car owners.

The big chart shows why.

Rambler leads in those qualities which provide more usefulness to the user... more basic excellence.

Compared with bigger, more costly "low-priced sixes," Rambler was first in economy and handling. But surprisingly, Rambler also led in satisfactory horsepower and good engine performance.

Rambler is built to be lived in, not just looked at.

For another surprise, look at the ratings on the important comfort factors.

Rambler is first in ease of entry and exit, heating and ventilating, and satisfactory interior and exterior dimensions.

True, one car edges Rambler on head-

room, but is last on leg room. Another leads in leg room, but is last on headroom. None offers the balanced room and comfort of the Rambler 6.

None offers Reclining Seats... individually adjustable front seats... headrests... a Travel Rack standard on 16 of 17 Rambler wagons.

"No trouble at all"

Look at Rambler's big lead on Mechan-

ical Performance: "No trouble at all." No wonder owners rate Rambler the best value for the money.

Only Rambler blankets the compact car market.

Another point the "experts" missed is that Rambler's imitators are merely pecking at one segment of the compact car field. In room and power the imitations compare only with the smallest Rambler, the Rambler American.

Rambler, on the other hand, covers all three compact car fields (right), with a car to meet the needs of everyone.

The "experts'" third mistake was underestimating demand for compacts.

As the compact car market expands, Rambler sales in 1960 more than keep pace—24% ahead of a year ago.

For a free booklet, "WHAT TO LOOK FOR AND HOW TO SAVE MONEY BY BUYING A COMPACT CAR," write to American Motors Sales Corp., Automotive Div., P. O. Box 17, Detroit 32, Mich.

George Romney

RAMBLER OFFERS 3 DISTINCT SIZES OF COMPACT CARS

Jack Sets Old-Style Whistle-Stop Drive

HYANNIS PORT, Mass. (AP)—A little boating Wednesday with Sen. John F. Kennedy was reported today planning some old-fashioned whistle-stop techniques in his "new frontiers" campaign for the presidency.

Former President Harry S. Truman, the whistle-stop champion of them all, announced Wednesday his willingness to campaign for Kennedy. He had sought to block Kennedy's drive to the Democratic presidential nomination.

This opened an interesting field for speculation.

Although Kennedy released no public comment about Truman's offer, aides said privately the senator wants the former president's help. Kennedy refrained from any counterattack when Truman, who boycotted the Democratic National Convention, charging it had been rigged or, as he now phrases it, "fixed up in advance."

Kennedy may disclose more of his go-go-go campaign plans during the day.

He met for hours Wednesday with a high-level group of his campaign strategists. They announced they had discussed plans to use the old system of campaigning from the "rear platform" of a special train at whistle-stop spots difficult to reach by the high-speed planes Kennedy plans to use extensively.

Kennedy has mentioned plans to speak in all the 50 states.

The senator planned to get back on something of a vacation schedule today. He managed to get in

U.S. Nickels, Dimes Cost \$1.380

TORONTO (U)—U. S. dimes and nickels received in city revenues have cost Toronto \$1.380 in three months in exchange and sorting costs. Mayor Nathan Phillips said today.

The coins have also snarled the city's money-sorting machines, which separate by denomination but not by country of origin.

Banks have refused to accept the wrapped lots of coins from the machines if they have found U. S. silver in the rolls said City Treasurer Williams Campbell.

Canadian banks began discounting U. S. coins April 7 in an effort to drive it back across the border.

Army Computer Saves Taxpayers \$150 Million

DETROIT (U)—One computer at the Army Ordnance Tank and Automotive Command here has saved taxpayers some 150 million dollars since 1956, Brig. Gen. Frederick Thorlin, command officer, said Wednesday.

The Pioneer Bismarck computer, used in processing orders for the command's world wide depots, has eliminated the biggest bottleneck in the unit's supply flow since its installation, Thorlin said.

Expects Better Results

Kraft to Use Permanent Election Poll Panel

Some 2,000 American voters of the same cross section for a series of election-year polls between now and the presidential election. It has been announced by John F. Kraft, president of John F. Kraft, Inc., which is conducting the polls for The Pontiac Press through the National Newspaper Syndicate.

"Ordinarily," Kraft explained, "national political polls are conducted by interviewing about 2,000 or so people who constitute a cross-section of the nation. There is nothing wrong with this, and poll experts are of course fully familiar with the anticipated error of 2 or 3 per cent which can be expected."

However, the people who make up the cross section may and usually do, differ from poll to poll, and it is difficult to tell just how and why shifts in attitudes occur.

"When you use a panel of the same people the answers to the 'how' and 'why' questions are easier to get, sampling errors tend to be diminished, and the result is both greater accuracy and more information about voter behavior under the usual barrage of campaign appeals from both sides."

The use of one panel for a series of polls, rather than depending on the composition of cross sections, is not new, Kraft explained, and has been used widely in market research and locally and regionally in the realm of politics. One other research organization, on a previous occasion, reinterviewed members

Waterford Girls Win in Detroit Baton Twirl

A Waterford Township girl, Betty Bettibower, 19, has won two first prizes and one third in baton twirling competition sponsored by the

Motor City Chapter 345 of the National Baton Twirling Assn. in Detroit.

Betty, of 1167 James K St., also teaches baton twirling. She has a class of 32 students known as the Flashettes.

Know Names of Most at Recent Convention

HAMPTON BEACH, N. H. (UPI) — Just about everyone knew each other's last name during a recent convention at Hampton Beach. It

was the annual reunion-dinner of the National Association of Leavitt Families.

Descendants of John Leavitt, who settled in Hingham, Mass., and Thomas Leavitt, who settled in Exeter and Hampton, were invited.

To Test Submarines 300 Miles From Sea

PORTSMOUTH, Va. — The Navy is going to conduct special tests on underwater noises generated by submarines in a deep, quiet reservoir in the Blue Ridge

Mountains some 200 miles from the sea.

Cobb, Town Creek, a remote inlet on Philipps Reservoir in Virginia's Patrick County was selected after a search from the Virginia coast to Lake Pend Oreille, Idaho.

Russia Can't Match It

Polaris Clad in Secrecy

CAPE CANAVERAL, Fla. (UPI)—The Navy's Polaris ballistic missile probably is covered with more secrecy per square inch than any other U.S. military rocket being flight-tested.

The reason: Polaris is at the heart of one of the few fields of rivalry where the United States generally is considered to have the lead—solid rocket engines.

"As one scientist put it, 'We think we have something they don't—and we want to make sure we keep it.'"

Public knowledge about the Polaris itself extends little more than the depth of the missile's tough skin. Outwardly it is simply a bottle-shaped rocket, 28 feet long and painted to suit the needs of a specific test mission.

Its innards, however, are made up of top-secret solid propellants, nozzles and other machinery which go to make up what may be the most powerful rocket of its kind flying today. There have been no indications that Russia has anything to match it.

A few more facts are known:

The missile is made up of two stages—the first and largest to give the initial boost and the second to send its nose toward a target which will range up to 1,500 nautical miles distant.

The Polaris' warhead probably will be able to fly round-trip to Europe for \$222 starting Sept. 1 under new plan announced by a number of independent airlines.

James A. Forsyth, sales director of the 21-member Independent Airline Association, said he expected 10 or 12 carriers to fly airplane charter tariffs with the Civil Aeronautics Board (CAB).

The charter flights would be available only to members of clubs which qualified under CAB rules.

Economy-class fares on scheduled trans-Atlantic airlines now cost more than \$400 roundtrip, but some off-season excursion fares are less. Charter prices generally start at \$200.

Forsyth said the \$222 figure was based on a charter price of \$21,578 for a four-engine constellation for carrying a full load of 99 passengers. He said the carriers would limit the roundtrip to a 14-day period in an effort to persuade two-week vacationers to take a trip to Europe.

He said the charter price would cover flights between New York and London, Paris, Amsterdam, Geneva and Frankfurt.

Convict Two Teens of Murders in NY

NEW YORK (AP)—Two teenagers known as the "Cape Man" and the "Umbrella Man" were convicted of first-degree murder Wednesday night in the knife slayings of two other youths in a westside tenement district.

The convictions carry automatic death penalties.

Two other youths accused of the same crime were convicted on lesser counts.

The four were charged with killing Robert Young and Anthony (Crazinski) in last summer's explosion of juvenile gang violence.

An all-male jury in General Sessions Court took about four hours to find Salvador (Cape Man) Agon, 16, and Luis Antonio (Umbrella Man) Hernandez, 17, guilty.

FOR THE WOMEN—Miss Barbara Stuhler, director of the League of Women Voters, testified Wednesday before a GOP platform subcommittee on foreign policy.

Charge Shooter of Verwoerd

S. African David Pratt Won't Reveal Defense; Tells Court Nothing

PRETORIA, South Africa (AP)—David Pratt, 32, the wealthy British-born farmer who shot Prime Minister Hendrik Verwoerd was formally charged today with attempted murder and ordered to stand trial in the Supreme Court.

Asked if he wished to say anything, the defendant told the Magistrate's Court: "At this stage I have decided to say nothing, and I reserve my defense."

Pratt shot Verwoerd twice in the face on April 9 at the height of racial disturbances and violent Negro protests against the apartheid racial policy of Verwoerd's government. The Prime Minister was recovered.

The shooting occurred at an agricultural fair in Johannesburg. Pratt made no attempt to escape. He has been in jail ever since.

Ex-Cosmetics Executive Mrs. Lillian Dodge Dies

NEW YORK (UPI)—Mrs. Lillian Sefion Dodge, former president of Harriet Hubbard Ayer, Inc., cosmetics makers, and once the highest paid woman executive in the United States, died Monday.

In 1938, Mrs. Dodge was listed as earning \$100,000 a year, the highest salary for a woman at that time.

She was the widow of Robert L. Dodge, an artist known for his stained glass windows.

Lebanon President Won't Quit Now

BEIRUT, Lebanon (AP)—Gen. Fuad Chehab has pledged to please he stay on as president to avert a possible outbreak of civil strife when a new Parliament takes over next week.

Saeb Salam, one of the leaders of the 1958 uprising, is in line to become premier when the Parliament convenes Tuesday. Salam, a Modern, won a smashing victory in the recent elections, which went off without trouble.

Chehab, a popular career soldier who stands above partisan politics, submitted his resignation as President Wednesday, saying he felt his job was finished. Eight hours later he changed his mind after 90 of the 99 new deputies

attached a petition urging him to remain. Chehab became President at the height of the 1958 rebellion in store order in the country, then which political foes of President quit under pressure.

Romeo to Build Swimming Pool

UF ORGANIZERS — Charles Sherman, campaign chairman, is surrounded by members of the Ortonville Community Chest who met this week to organize the Pontiac Area United Fund Drive in Brandon Township. Left to right are Mrs. George Marble, Franklin Hitchcock, Sherman, Charles Pangus and Mrs. Pangus. Sherman plans to appoint cochairmen within a few weeks for the 1960 United Fund Drive which gets underway this fall in Brandon Township and neighboring communities.

\$100,000 Project to Start Next Spring at Center

ROMEO — A \$100,000 swimming pool will be constructed next spring on the grounds of the Romeo Community Youth and Civic Center, it was announced at a meeting of civic leaders here last night.

George E. McKeough, chairman of the Romeo Building Authority Commission, also revealed that the pool would be designed free of charge by Louis Rosetti, partner in the Detroit architectural and engineering firm of Giffels and Rosetti.

The 75 by 40-foot pool will be built outdoors with locker and shower facilities available. Also planned are sunning and lounging patios, a maintenance room and complete plumbing and filtering systems to comply with Michigan Health Department regulations.

Target date for completion of the pool is June 1961. Construction will begin early next spring.

The pool will be designed so that it later could be enclosed by a permanent building. An exact construction site has not yet been chosen but it will be built adjacent to the community center, which also was designed by Rosetti.

More than 40 community leaders from civic organizations and local government were on hand to hear plans for the new pool. They were asked to help back a fund-raising drive which will start soon.

McKeough also told of work being done at the community center and introduced Richard Shaw, recently appointed director of the center.

A former Grosse Pointe and Osborn resident, Shaw, 35, was hired by Romeo officials from Greenville, S.C., where he was athletics director of the Department of Parks and Recreation.

Landscaping is under way north of the center, McKeough said, and a driveway around the building has been closed to allow laying out of two tennis courts, a putting

TALENTED PERFORMERS — Featured performers at the Seven Harbors second annual festival slated Saturday in Highland Township will be students of the Betty Mae School of Dance in Commerce. The young entertainers are, left to right, Phyllis Wells, Sandy Bales, Linda Wheeler, Sheri Maslavin, Jan Carter, Joy Davis and Gay Davis. The festival will be at the Seven Harbors Community Center, North Duck Lake road and Jackson boulevard, from 10 a. m. to 6 p. m.

Featuring Local Talent in Show

Seven Harbors Festival Saturday

at noon by last year's winner, Lois Marie Lemke. The new queen will receive a trophy and gifts.

In competition for the title are Joy Biller, Punky Bower, Polly Carlson, Barbara Hammen, Patty James, Diana Kusiak, Cary Kuniack, Benny Schuett, Pat Shannon, Ponche Walicki and St. Westrick.

Starting at 2 p. m. students of the Betty Mae School of Dancing in Commerce will entertain with musical specialties in tap, ballet, tenor, jazz and Hawaiian dancing.

Immediately following the dance routines, a talent show of local boys and girls will be presented. Shortly before noon, a popular contest will be held with 11 girls from 11 to 18 years of age competing for the title Miss Seven Harbors Queen.

The queen will be chosen by penny votes and will be crowned.

Registrations Scheduled for Baby-Sitting Classes

KEEBO HARBOR — Registrations for classes in babysitting, sponsored by the city's Child Protection and Youth Assistance Committee will be accepted Friday and Monday from 1 to 3 p. m. at Cowy's Drug Store, 2407 Orchard Lake Rd.

The classes open to girls 11 through 17 years of age will be in Trinity Methodist Church. No date has been set for classes.

Will Seek Contributions of \$1,890

Brandon Twp. Sets United Fund Goal

BRANDON TOWNSHIP — A goal of \$1,890 has been set as this community's contribution to the Pontiac Area United Fund drive which gets underway this fall. Charles Sherman has been named campaign chairman. He expects to appoint cochairmen for the commercial, industrial and

Planner Named to Walled Lake Council Vacancy

WALLED LAKE — A member of the City Plan Commission has been named to fill an unexpired term on the City Council created last month with the resignation of Michael Mahoney.

Appointed to the term that expires in April, 1961 was V. Warner Leipprandt, Jr., 29.

He is employed as a city planner with Geer and Associates Planning Consultants, Inc., of Bloomfield Hills.

Leipprandt lives at 1171 Asher Ct. with his wife Virginia. The couple has an 18-month-old daughter, Linda.

Leipprandt, who will have to resign from the City Plan Commission, will take office when the Council meets Aug. 1.

The regular Council meeting was to be Aug. 2, but because of the primary election that day the meeting was moved one day ahead.

Mahoney resigned from the Council when he moved out of the city.

Independence Township Adopts Plumbing Code

INDEPENDENCE TOWNSHIP — Township Board members have adopted a state plumbing code ordinance, effective immediately.

The specifications include details on installations, inspections and material used. Plumbers will be required to get a permit before making any installations.

The Township Board has also authorized civil engineer Noyce Strait to get an estimate cost on platting the remaining lots in the township cemetery to be recorded with the register of deeds.

The cemetery is at White Lake road and Dixie highway.

Candidate Raps Adoption 'Market'

MOUNT CLEMENS (UPI) — Political battling for the Democratic nomination for prosecutor of Macomb County led today to an "adoption market" in baby adoptions exists in the county.

John Bruff, one of several candidates seeking nomination, charged in a campaign brochure that a "gray market" exists in baby adoptions.

women's divisions within the next two weeks.

Agencies receiving funds through the Brandon Township drive are:

Brandon Community Projects, Michigan Cancer Foundation, American Red Cross, Boy Scouts, the Clinton Valley Council of Boy Scouts, the Northern Oakland County Council of Girl Scouts, St. Joseph Mercy Hospital Clinic, Oakland Child Guidance Clinic, Michigan Children's Aid Society, Catholic Social Services, Salvation Army and the Big Brothers.

Brandon Township has seen its Boy Scout Troop 135 grow from a total of 58 boys in 1958 to a membership of 75 last year. Two of the local scouts are now attending the National Boy Scout Jamboree in Colorado Springs, Colo.

The area's active Girl Scout program has drawn a membership of 180 girls.

The Michigan Children's Aid Society is now helping a young Brandon girl.

During the past 18 months, the St. Joseph Mercy Hospital Clinic has served 65 Brandon patients while the Red Cross has assisted 70 persons from the area.

The Michigan Cancer Foundation also has been hard at work, supplying local residents with transportation, dressings, film programs and volunteer workers.

The services of the Big Brothers

and Child Guidance Clinic also are available to the township.

Anyone interested in becoming active in the 1960 United Fund drive in this area is asked to contact Mrs. Charles Pangus, vice president of the Ortonville Community Chest.

In addition to Brandon Township the City of Pontiac and Independence, Orion, Oxford and Waterford townships will take part in the drive.

Weight Restrictions to Return on Decker

WALLED LAKE — Year-round load restrictions will be placed on trucks using Decker road from 14-Mile road to Pontiac Trail, City Manager George A. Shaw said Wednesday.

The weight limitations on the one-and-a-half-mile stretch of the gravel road are the same as those used by the state, Shaw said.

He said the restriction will mean that trucks using the road must reduce the maximum loading limit of their vehicles by 35 per cent.

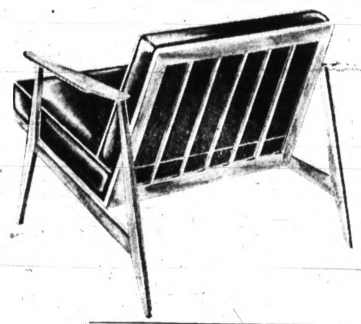

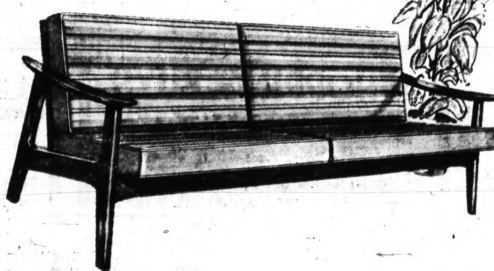

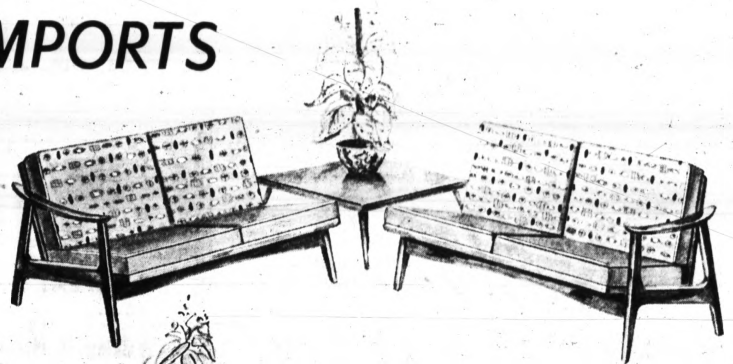

Shaw said the weight restrictions will go into effect as soon as the new signs regulating the heavy traffic are erected.

Heavy trucks are responsible for the "bad shape" the road is in, Shaw said.

Deaths in Pontiac and Nearby Areas

BENJAMIN F. ALLEN
Word has been received of the death of former Pontiac resident Benjamin F. Allen of 609 Georgia Rd., Birmingham, Ala. He died three Sunday after an illness of several months.
Before moving to Alabama two years ago, Mr. Allen owned and operated a Tackle Shop at 3281 Davis Highway.
Survivors include his wife, Clementine; a son, E. E. Allen of Pontiac; a daughter, Mrs. Abel B. Allen of Mansfield, Ohio; three grandchildren and six great-grandchildren.
Service and burial were at the John Ridout Funeral Home in Birmingham.

WILLARD E. CHANDLER
Service for Willard E. Chandler, 106-year-old former Pontiac resident, will be held at 1 p.m. Saturday at the Hutton Funeral Home with burial in Oak Hill Cemetery.
His body will be brought to Pontiac Friday afternoon from the Hutton Funeral Home in Carbondale, Ill. He died Tuesday in Carbondale.
Mr. Chandler was a charter member of First Baptist Church when the building was on the corner of Huron and North Saginaw streets.
Surviving is a son, C. S. Chandler of Carbondale.

MESROB A. HOOGASIAN
Mesrob A. Hoogasian, 62, of 24 Clarence St. died Wednesday at Pontiac General Hospital after a long illness.
Mr. Hoogasian was a retired employee of Pontiac Motor Division. He was affiliated with the ARF RAFFI Committee, Osnak Benevolent Union and was a member of St. Sarkis Armenian Apostolic Church in Detroit.
He leaves his wife, Arakise, and mother, Mrs. Marguerite Taslian of Pontiac.
Also surviving are a daughter, Sister Mary Raphael (Rose) of the Monastery of the Blessed Sacrament, Detroit, and a son, Arthim Hoogasian of Pontiac. His sister, Mrs. Victoria Papazian of Pontiac, and brother Kevork Hoogasian, St. Catherine, Ontario, Canada, also survive.
Service will be at 3 p.m. Saturday at the Voorhees-Siple Funeral Home with burial in Oak Hill Cemetery.

CLARENCE M. LAKE
Clarence M. Lake, 53, of 15 Ruth St., died unexpectedly of a heart attack yesterday at the Pontiac City Water Dept. where he was employed.
He is survived by his father, Charles T. Lake of Pontiac, and his sister, Mrs. Vern Parmelee of Waterford.
Service will be at 1:30 p.m. Saturday at the Voorhees-Siple Funeral Home with burial in Oak Hill Cemetery.

BURL M. GOLDRICK
Burl M. Goldrick, 45, of 2139 Alerton Rd., died yesterday at his home. He had been ill several months.
A member of Memorial Baptist Church and Michigan National Guard, he had been employed at Pontiac Motor Division.
Surviving are his wife, Opal; his mother, Mrs. Charles P. McGoldrick; a daughter, Ann at home and a son, Corporal Jerry B. stationed at Grosse Ile with the U. S. Marine Corps.
Also surviving are three brothers, Claude of Ravenna, Ark., Floyd and Burr, both of Pontiac, and five sisters, Mrs. Vada Dotson of Pontiac, Mrs. Carrie Rogers of Tipton, Ind., Mrs. Faye Wilder of Cincinnati, Mrs. Mary Smith and Mrs. Mable Davis, both of Detroit.
Service will be held at 3 p.m. Friday at the Purses Funeral Home with burial in Oak Hill Cemetery.

FRANK F. MEISTER
Frank F. Meister, 72, of 984 Voorhees Rd. died yesterday at Bloomfield Hospital after a long illness.
Owner and operator of Meister Jewelers until 1959 when he retired, Mr. Meister is a member of Elks Lodge No. 810.
Surviving are his wife, Grace L.; a daughter, Mrs. Leland Luenberg of Pontiac; seven brothers and sisters.
Mr. Meister's body will be at the Donelson-Johns Funeral Home Friday afternoon.

MRS. JAMES MEYERS
Service for Mrs. James (Alice) Meyers, 81, of 685 Pontiac Lake Rd., will be held at 11 a.m. Saturday at the Purses Funeral Home. Burial will be in White Chapel Memorial Cemetery.
A member of First Methodist Church, she leaves a daughter, Mrs. Constance Evans of Pontiac; a son, Augustus of Pontiac, and a brother, Elias Hoot of Royal Oak.
Mrs. Meyers died Tuesday after a long illness.

WILLIAM L. TISON
William L. Tison, 14-year-old son of Mr. and Mrs. Freeman Tison of 97 Hillside Dr., died yesterday at St. Joseph Mercy Hospital. He had been ill seven days.
Surviving besides his parents are two sisters, Rosetta and Linda, both of Pontiac.
He was a student at Lincoln Junior High School.
The body will be at the Purses Funeral Home until taken to the First South Brethren Church Friday noon for service at 2:30 p.m. Prayer service will be held at 2 p.m. Sunday at the Gibbons Funeral Home with burial in the Spring Valley Cemetery in Harrisburg.

BURTON L. DAVIDSON
OXFORD TOWNSHIP — Service for former resident Burton L. Davidson, 78, of Detroit, will be at 2 p.m. Saturday at Boesard's burial in Mount Pleasant Cemetery, Oakwood.
Mr. Davidson died today after an illness of several weeks.
He was a retired house painter and a member of the Methodist Church here.
Surviving are his wife Emma, and a sister in Flint.

MRS. MALON A. EBELING
TROY — Service for Mrs. Malon A. (Lorna) Ebeling, 45, of 2001 Rowland St., Royal Oak, will be at 3 p.m. Saturday at Price Funeral Home with burial in White Chapel Memorial Cemetery.
Mrs. Ebeling died today at Mount Carmel Mercy Hospital, Detroit, after a long illness.
Surviving are her husband Malon A., sons Maynard A. of Troy and Gerald D. at home, parents Mr. and Mrs. Herman Schwandt of Troy, brother Willard H. Schwandt of Troy, one sister and three grandchildren.

EDWARD C. JENCKS
ORTONVILLE — Edward C. Jencks, 68, of 207 Church St. died today after a long illness.
A retired employee of the Yel-

low Cab Co. in Pontiac, he was a member of the Baptist Church here.
Surviving are a daughter Mrs. Carole Appleton of Dayton, Plains, sons Russell of Ortonville and Lee of Boise, Idaho, sisters Mrs. Ella Teggeberg of Clarkston, Mrs. Lila Howe of Holly, Mrs. John Fraser of Oxford and Florence of Pontiac and eight grandchildren.
His body is at C. F. Sherman Funeral Home.

MRS. WILLIAM STRITTMATTER
FENTON — Service for Mrs. William (Mabel) Strittmatter, 75, of 2035 Kellogg Dr., will be at 2 p.m. Saturday at Dryer Funeral Home in Holly.
Burial will be in Crestwood Memorial Gardens at Grand Blanc.
Mrs. Strittmatter died unexpectedly Tuesday while vacationing in Maryland, a sister, three grandchildren and one great-grandchild.

MRS. JOSEPH BENNETT
Service for Mrs. Joseph (Rose) Bennett will be held at 2 p.m. Friday at the Moore Chapel of the Sparks-Griffin Chapel at Auburn Heights. Burial will be in White Chapel Memorial Cemetery.
Mrs. Bennett, 78, of 65 S. Rose-lawn Dr., died yesterday at Pontiac General Hospital after a brief illness.

Former Editor Dies
CINCINNATI (UPI) — Frank W. Rostock, 71, former business manager, president and editor of the Cincinnati Post — now the Post and Times-Star — died Monday, Rostock also was a former business manager of the Newspaper Enterprise Assn.

United States miners produce about a ton of soft coal for each hour they work.

Minnesota lakes freeze to about three feet in an average winter season.

Farmers Resist Collectives

Food Crisis Hits E. Reich

BERLIN (UPI)—Farmers' resistance to collectivization has caused the greatest food crisis in the Soviet zone of Germany since the workers' revolt seven years ago.

Base's 1,000th Test Missile Thrills Crowd

HOLLOMAN AIR FORCE BASE, N.M. (AP)—Holloman Air Force Base has sent its 1,000th missile test today.

The firing took place Wednesday morning before a huge crowd attending the base's open house. The missile screamed down the track at 2,600 miles an hour before throwing its nose cone 100 feet through the air to pivot into an earthen, steel and concrete target.

This city, founded in 1706, was named for the victory of New Spain, the Duke of Albuquerque, but the first "v" was later dropped from the spelling.

Rep. Powell Plans Retirement by 1964

NEW YORK (AP)—Rep. Adam Clayton Powell Jr. (D-NY) says plans to give up his seat in Congress "not later than 1964" and retire as minister of the Abyssinian Baptist Church about the same time.

Powell, who made the announce-

ment Wednesday night during the church's annual business meeting, declined to give a reason.

Powell, 51, has been in Congress for the past 16 years. He has been pastor of the 12,000-member Harlem church since 1937.

CHATHAM, N. J. (UPI)—James F. Graham, 44, managing editor of the New York Post, died Tuesday night of hepatitis at his home. He had been ill for some time.

Publishing Chairman Dona Ferrin Is Dead

WHITE PLAINS, N. Y. (UPI)—Dona H. Ferrin, 72, board chairman of Appleton-Century-Crofts Inc., book publishers, died Tuesday in White Plains Hospital.

Ferrin joined the old Century Co. of New York in 1908 after graduating from the University of Vermont. The firm was merged in 1953 with the Appleton Co.

Ferrin, Century vice president and treasurer, later was named executive vice president of the merged concern.

The present firm was formed in 1948 and four years later Ferrin became president. He was elected board chairman last June.

Most of the ceramic floor tiles are unglazed and are fired at a temperature of more than 2200 degrees F. to withstand hard abrasive wear.

Sallade Urges a Strong Plank on Civil Rights

LANSING — Irrepressible George W. Sallade, withdrawn from the lieutenant governor race and retiring Dec. 31 from the Legislature, bobbed up again today in the Michigan Republican picture.

The maverick House member from Ann Arbor dashed off counsel to GOP national platform writers in Chicago against setting on a weak civil rights plank.

In doing so, Sallade vaulted over the two Michigan representatives on the platform committee — Stephen S. Nisbet of Fremont and Mrs. John Fingera of Birmingham — to register his views directly with Charles H. Percy, committee chairman.

Percy was addressed by Sallade in his capacity as head of the Rockefeller Committee, a successor to the defunct Rockefeller-Percy Presidential outfit.

The professor organization collapsed seven months ago when Rockefeller abruptly announced a decision against seeking the GOP presidential nomination.

Sallade wired Percy it would be morally indefensible for compromise on civil rights to win votes in the South or to "distinguish ourselves from the opposition."

Cows Use Much Water

COLLEGE STATION, Tex. (UPI)—Dairy cows need from 100 to 120 pounds of fresh, clean water per head each day, according to Texas A&M College. Convenient water at a desired temperature can be a major factor in keeping milk production on a stable basis, the college said.

GOP Conclave to Hear Dewey

Former N.Y. Governor Will Be Guest of Honor — He Supports Nixon

NEW YORK (AP)—New York former Gov. Thomas E. Dewey will attend the Republican National Convention in Chicago as a guest of honor and will address the delegates at next Wednesday night's session.

Dewey last month declined an invitation from Gov. Nelson A. Rockefeller to be one of the state's 10 delegates-at-large. Dewey announced his support of Vice President Richard M. Nixon for the GOP presidential nomination before Rockefeller let it be known he would be available for a draft.

Dewey's secretary said Wednesday that Dewey was not responsible for a report published last month that he had told Rockefeller he would not attend the convention.

R. Burdell Bixby, a law partner of Dewey and an alternate delegate-at-large, said Wednesday he would be guided at the convention by the wishes of Gov. Rockefeller, who heads the state delegation.

Women Active in Passive Resistance Plan

Catholics Lead Fight Against Cuba Reds

HAVANA (U)—Roman Catholic groups, especially women, appear to have taken up the main fight against Prime Minister Fidel Castro's leftist-oriented regime.

Following demonstrations at two Havana churches Sunday and Monday, the groups said today they plan a campaign of non-violent resistance to the increasing influence of communism in Cuba.

"Our efforts will be passive," a woman said, "but if we are attacked, we will fight back."

She referred to the activities of Red-inclined squads whose members carry arms openly without interference from police or other authorities. Their operations, especially against Catholic groups, have been increasing steadily in recent weeks.

Top authorities of the Cuban Catholic Church have not joined publicly in the campaign. Most Cubans are Catholics.

MOSTLY AGAINST REDS
Thus far Catholic demonstrations have been against communism rather than against the Castro government itself.

They appear to be spontaneous outbursts by laymen aimed at blocking the increasing penetration of Cuba by the Russians and Red Chinese.

Speakers said they expect to step up their opposition and their passive resistance campaign in direct proportion to the rise in Communist infiltration.

Many expect an outbreak of opposition to Castro July 26, the national holiday marking the be-

ginning of his revolt against the Fulgencio Batista regime. One proposal is for Catholics to attend Mass that day in mourning garb, dressed in black and wearing black arm bands.

Others are appealing for all Cubans to remain in their homes July 26 to make it "a day of the dead."

The main pro-Castro celebration will be in the mountains of Oriente Province, the birthplace of Castro's revolution. He will address an organized mass meeting there.

The Castro regime has already struck back at Catholic demonstrations. A number of Catholics were arrested after street fights outside the two Havana churches.

Gravity alone moves oil through some pipe lines.

Back from Vacationing—

Wish You Never Returned?

By HAL BOYLE
NEW YORK (AP)—Office remarks that make a returned vacationist wish he had stayed away longer:

"Where you been hiding yourself lately? I haven't seen you in a couple of weeks."

"Been away?"

"I'll bet you're glad to be back."

"Where'd you stay—under a rock? I can get a better tan than that just sitting on my front porch."

"Everybody kept asking about you. They wanted to know when you'd get back and start paying what you owe them."

"Is that the best you could do?"

BOYLE: you could do? averaged 23 miles to the gallon on my vacation."

GOOD LAUGH

"Everybody got a good laugh from the post card you mailed from that night club—except you. Nobody could figure out what you were trying to say. What happened to your handwriting?"

"Don't bother to take off your coat. The boss said he wanted to see you the minute you came in. Boy, is he mad about something!"

"I saved \$300 on my vacation. I just stayed home and listened to my wife."

"Well, Smithers, I'll say one thing about you—you're consistent. Even on the first day back from a vacation you still show up half an hour late."

"You look tired than when you left. Where did you get those circles under your eyes?"

"The guy who was supposed to fill in for you took sick. I'm afraid you'll find your desk pretty piled."

"One day while you were gone the boss came out and asked, 'Just what does Smithers do around here anyway?' We were kinda stuck. Nobody knew just what to tell him."

"Remember that kid office boy you used to need a couple of years ago? Well, the boss called him in off the road and made him his new assistant. You'll be second to him now."

"I know you're probably broke, but old Joe is retiring tomorrow and we put you down for \$5 to ward his farewell present. Can I have it now?"

"I gave up smoking while you were away. I'm afraid you'll have to find someone else to borrow your cigarettes from."

"Here, take a couple of aspirin. You look awful. Now that you've had a vacation what you need is a good long rest."

"Now that you've finally got your sleeves rolled up, what are you going to do next—go downstairs for a coffee break?"

"Cheer up, man. Don't look so blue. In just 49 weeks and six days you'll get another vacation—that is, if the firm is still in business."

Sec. Anderson Won't Take GOP Veep Bid

WASHINGTON (UPI)—Treasury Secretary Robert B. Anderson is reported definitely not interested in the Republican vice presidential nomination.

An aide said that Anderson, a Texan who now lives in Greenwich, Conn., "wouldn't touch" the second spot. Reports have said Texas Republicans were backing Anderson for a place on the GOP ticket.

The aide said Anderson has been sounded out by Vice President Richard M. Nixon about running with him and "it's not in the cards." Anderson has said privately that he wants to return to private life next year.

MERGER PROPOSED — The map shows routes of the Baltimore & Ohio, Chesapeake & Ohio and New York Central railroads. Directors of the B&O Wednesday authorized its president, Howard Simpson, to open discussions with the other two roads for a three-way merger.

Offices to Replace Proposed NY Hotel

NEW YORK (AP)—A multi-million-dollar office building and not a hotel will be built on the avenue of the Americas just north of Rockefeller Center.

More than a year ago, William Zeckendorf announced plans for a 48-story, 80-million-dollar hotel to be built on the east block front between 51st and 52nd streets. Zeckendorf spent 4½ million dollars clearing the site and digging the excavation.

Then, suddenly, everything came to a halt. Reports said the hotel project was dead. Zeckendorf, president of the

realty firm of Webb & Knapp, explained why: He hadn't been able to raise the money for the hotel and had sold his 98-year lease on the property to Uris Buildings Corp. for a reported \$4 million dollars.

The Uris firm announced it plans a 75-million-dollar, 42-story building on the site, with a completion date set for early 1962.

Milk Produce Reduced With Improper Feeding

COLLEGE STATION, Tex. (UPI)—Texas A&M College says research shows that improper feeding and management of the dry dairy cow can reduce milk production as much as 20 to 30 per cent during the following lactation period.

Navy Plans to Order 5 New Polaris Subs

WASHINGTON (UPI)—The Navy announced Wednesday it will order five new Polaris submarines authorized by Congress instead of three new missile-carrying nuclear undersea craft proposed by President Eisenhower.

At the same time, the Navy revealed it will hold up at least temporarily the construction of three nuclear-powered attack submarines approved by Congress over administration objections.

The Navy revealed its plans in an announcement on its shipbuilding program for the fiscal year that started July 1.

The program calls for construction of 42 new ships, including a \$235-million-dollar super aircraft carrier conventionally powered. It also calls for modernization of 13 other ships.

Stanford U. Workers Test New Car Engine

PALO ALTO, Calif. (UPI)—Stanford University engineers are testing a new auto engine designed to reduce air pollution and saving in big cities.

Ralph Heintz, retired partner in Jack & Heintz, Inc., modified an ordinary eight-cylinder engine to produce the new motor by the addition of a precombustion chamber in each cylinder to destroy harmful gases.

New Polaris Motors Tested Successfully

CAPE CANAVERAL, Fla. (UPI)—New and more powerful solid fuel rocket motors already have been tested successfully for the Navy's Polaris fleet ballistic missile.

Motors of the Polaris test vehicles launched from the nuclear submarine George Washington off Cape Canaveral Wednesday are designed for an interim tactical vehicle, with a range of 1,300 nautical miles. These motors are in quantity production.

The new advanced motors are designed to give the Polaris increased range. Aerojet-General Corp. said.

Nothing to Do Youths' Trouble, Says Hoover

SAN FRANCISCO (AP)—To Herbert Hoover, lack of a place to go after school and on holidays is the most important cause of juvenile delinquency.

The ex-President, speaking as chairman of Boys Club of America Wednesday said more than 700,000 gangster boys were arrested last year because they had nothing constructive to do and no place to go in their spare time.

Hoover spoke at the dedication of a new boys club building.

He did say that he will attend the Republican National Convention in Chicago to make a "courtesy speech."

Sanitarian Gets Lick of Own Medicine

LARAMIE, Wyo. (UPI)—City Sanitarian Charles Walton sent out a detail of fraternity underclassmen to paste big red stickers on garbage cans not up to sanitary standards during the University of Wyoming's "Help Week."

One of the first cans to get a red sticker was Walton's. First Ph.D. degree in the United States was conferred by Yale upon the 87-year-old statesman, iversity in 1961.

Eliminate Conventions, Sen. Mansfield Proposes

WASHINGTON (AP)—Sen. Mike Mansfield (D-Mont.) suggested Wednesday it is time to consider elimination of expensive national political conventions with all their "hoppa and sign-waving shenanigans."

He proposed that both parties look into the possibility of substituting for the conventions federally-financed primaries to choose nominees for president and vice president. He also suggested possible federal financing for election campaigns.

Mansfield, a vice chairman of the Democratic National Committee, said such a system would help to neutralize "the factor of money in the nominating and electing process" and give the people a greater voice in elections.

Mansfield now is assistant majority leader of the Senate and the man next in line for majority leader if Sen. Lyndon B. Johnson of Texas should become vice president.

NOT HITTING HOPEFULS

He emphasized that his proposal for a change from procedures dictated "by the dead hand of the past" was not intended to reflect on either the new Democratic candidates or the Republican nominees to be chosen in Chicago next week.

Telecasting and broadcasting of the convention proceedings, Mansfield said, has made millions of Americans aware of the convention process and led them to question "why so much

hoopla and sign-waving shenanigans should intrude into the sober and deliberative business of selecting those who will undertake the enormous responsibility and wield the high powers of leadership of the nation."

As to campaign financing, Mansfield said, steps must be taken to neutralize the effect of heavy spending unless the parties are prepared to restrict their search for nominees "largely to wealthy men and to continue to permit a higher level of influence to particular individuals, and particular groups with special interests and the financial resources to back them."

He said he believes it would be desirable to consider limiting both his proposed presidential nomination campaign and general elections campaigns to less than a month each with costs paid out of public funds.

Nepal Chief in India

NEW DELHI (AP)—King Mahendra of Nepal flew here Wednesday for four-day talks with Indian leaders on border questions. Both Nepal and India have accused Red China of violating their frontiers.

Pleasing to Sen. Morse

WASHINGTON (UPI)—Sen. Wayne Morse (D-Ore.), who broke from the Republican Party in 1952, says he is "pleased to endorse" the Kennedy-Johnson ticket and the Democratic platform.

Women, You'll Be Seeing Red and Many More Colors for Fall

Coats are appearing in new lengths with shorter sleeves and narrow shoulder lines. This mustard and white tweed with patch pockets and shawl collar is by Robert Knox from the Ben Gershel collection.

NEW YORK (UPI)—We women will see red — and a multitude of other hues including purple — when we do our wardrobe shopping this fall.

Women's fashions are headed for such a colorful season that the basic little black dress will look drab as a wren beside the peacock.

The fall collections displayed this week for visiting fashion reporters are full of color — red ranging from fire engine to ruby and deep raspberry; every shade of purple from palest violet through grape, eggplant, plum and amethyst; the whole green spectrum from apple and bronzed green to olive, jade, spruce and emerald.

Dusty and azalea pink, beiges, off-whites and tangerine give a hothouse look to winter clothes, both daytime woollens and night-time silks.

GET SOOTY LOOK

Many fabrics in turn take on a sooty look because black was added during the dyeing process. Browns, grays, blues and greens all get a "blackened" look.

Watch in the brown family also for taupe, chutney, burnished topaz and champagne.

OTHER HIGHLIGHTS

Highlights of other collections shown yesterday:

HARVEY BERIN — Designer Karen Stark continued to feature the sleek, simple daytime wool dresses, with the waistline left in most cases at the normal level. Costume jackets were fur-trimmed.

And for dressy occasions, she used a "bridging the gap" technique to show bareness. The dresses were sleeveless, cut high in front, low at the back, and the two parts joined with neat bows at each shoulder.

BRANELL — Everything for day wear was drenched in color — lacquer red, petunia pink, and fuchsia.

Otherwise, the collection leaned

to the conservative, pretty and becoming clothes.

The firm showed a group of leisure wear also — one outfit, a lounge suit of black broadtail, for the vest and tapered trousers, with white satin blouse.

There were several one-piece coveralls in velvet.

B. H. WRAGGE — This firm, which caters to the woman "who doesn't buy for a season but to build a wardrobe" for several seasons, featured several outfits with a lowered waistline.

A Wrage classic, the simply cut jersey dress with string belt, this season came with an apron panel, nonruffled.

One overcoat was sleeveless, done sack style in a beige and drab green check wool, worn over a solid beige dress, with long sleeves.

HANNAH TROY — Mrs. Troy liked color, but on the quiet side, with misty, creamy tones. Fur trim, on collar, cuff, or as lining, were on many of the neat, daytime ensembles.

ARTHUR JABLOW — Designer David Kidd uses the bias cut freely — bias cut skirts, bias coat fronts, bands, yokes and hiplines.

In turn, box pleated skirts helped along the look of mobility to the clothes.

The designer also showed the princess silhouette and called it the "Armstrong-Jones," after the British Princess whose wedding gown followed this classic high bodomed look.

BEN GERSHEL — The costume theme ran throughout the collection designed by Robert Knox. Most suits came with overblouses, usually done in wool jersey or cashmere.

Some costumes were two-piece dresses with coordinated coat.

Colors included shocking pink, shown in a cashmere coat with Peter Pan collar, and turquoise, used for an overblouse worn with a brown and turquoise plaid coat and skirt.

Designer R. H. Wrage, famed for casual town and country clothes, produced the double-printed silk-screened dress at left in charcoal and brown at Wednesday's New York showings. The

covered up look at right is one of the trends in evening wear. Designed by Karen Stark for Harvey Berin's collection, it is black chintz lace banded in ruby and black satin.

Work and Support It: Abby

Don't Give Away Baby

By ABIGAIL VAN BUREN

DEAR ABBY: I am 20, married and 5 months' pregnant with my second child. My husband left me three weeks ago and is paying me \$25 a week support.

This covers my rent, food, clothes and TV payments.

This pregnancy was an accident. I had no intention of having another child because my husband and I were not getting along.

I can't possibly support another child on \$100 a month. I plan to work after the baby comes, but I can't support two children on what I would earn. I want to put the new

baby up for adoption and give my first child a decent home. I'd like your opinion.

NAMELESS: \$100 a month plus what you could earn is enough for any mother who really wants to support herself and two children. I notice you are able to support a TV set. By all means go both your babies a decent home—your home. I've heard from hundreds of mothers who gave their babies away and never stopped regretting it.

DEAR ABBY: What advice would you give a 38-year-old widow who has been invited to live with her married daughter? I have always made it a point never to interfere with my married children because I've seen so much trouble as a result of it, but my

daughter and her husband seem to be so sincere in their invitation and I am lonely.

All my friends (especially the widows) tell me they would rather starve to death than live with their married children. I have enough income from my husband's insurance to live alone, but I am lonely. I would appreciate your point of view.

WIDOWED MOTHER: DEAR WIDOWED MOTHER: Don't let the sour grapes from someone else's vine embitter you. Many widows have lived happily with their married children. Give it a try.

DEAR ABBY: We live in a trailer court and have a four-year-old son. There are many children in the court and they run like a herd of wild animals.

My son wants to play with the other kids in the court, so either I have 10 or 12 kids on my 10 foot lawn or he wants to run wild with them on somebody else's lawn.

I wasn't raised like that and I don't want my son to be wild either. If I confine him to our yard, he is hurt. What can I do to remedy the situation, besides moving?

PUZZLED: This problem rests with all the parents in your trailer court. Why not take turns hauling the whole "herd" to a playground, park or picnic grounds? Children need to run and play.

CONFIDENTIAL TO "TEMPTED": The best reason for doing the right thing today is tomorrow.

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's pamphlet, "What Teen-agers Want To Know," send 25 cents and a large, self-addressed, stamped envelope in care of The Pontiac Press.

McKnight-Fox Marriage Told

Former Pontiac residents Mr. and Mrs. James W. Fox of Mount Clemens announce the marriage of their daughter, Margaret Ellen Fox, to Army Pfc. Alton H. McKnight, son of Mrs. Moses Stotipa of Cherry court and the late Henry McKnight.

The ceremony was performed June 25 in St. Michael Chapel at El Paso, Tex., where the bridegroom is stationed. The couple is residing in El Paso temporarily.

Slump Spoils All

NEAT — Poor posture and slumping under all the good — or nearly all — that beauty routines and tips to beauty salons and dress shops accomplish.

Dance, Dinner Make News

By RUTH SAUNDERS

BLOOMFIELD HILLS — Another luncheon meeting was held last week at the Bloomfield Open Hunt Club to further plans for the Denim Dance to be given there Sept. 24. This will be the third of its kind to benefit the clinic of St. Joseph Mercy Hospital. It is given by the auxiliary of the hospital and called Denim Dance to show that blue jeans and Levis may be worn.

There will be a chuck wagon supper, many games and dancing.

Mrs. James Q. Goudie, chairman, presided as her cochairman, Mrs. Jack Davis is at her summer home at Harbor Springs.

Committee members include Mrs. John A. Reid, Mrs. Edward E. Rothman, Mrs.

Rocco di Marco, Mrs. R. L. Polk, Mrs. Irving A. Duffy, Mrs. Walter Williams, Mrs. A. C. Girard, Mrs. E. A. Christie, Mrs. John Maddock, Mrs. Ray Cunningham and Mrs. Harwood Bacon.

Mrs. Harry W. Taylor will entertain at a family supper party Sunday in her home on West Long Lake road for her son-in-law and daughter Mr. and Mrs. Robert L. Morris of San Francisco who are spending two weeks with her.

Mrs. Morris' brother-in-law and twin sister the Danforth Holleys have given a dinner for the visitors in their Grosbe Pointe home.

Mr. and Mrs. Frank J. McGinnis and Mrs. R. E. Lawlor, spend the weekend as house guests of Mr. and Mrs. Emmett E. Tracy at their summer home at Harbor Pointe.

Mrs. Vernon C. Genn has returned this week from six months' travel in Hawaii, Japan and Hong Kong.

Mr. and Mrs. Arthur C. Buterbaugh were hosts at a cocktail party Saturday in their new home on Echo road.

Mrs. Dorothy K. Roosevelt, who attended the Democratic convention in Los Angeles, has gone with her other two daughters, Mrs. Janet F. Walker and Mrs. Agar Jaicks and their families.

Milton F. Goulson Jr. and his son John have returned from a fishing trip in Northern Michigan.

Four Pages Today in Women's Section

City Hospital Auxiliary Slates Membership Tea

The Golden Anniversary Membership Tea of the Women's Auxiliary to The Pontiac General Hospital is slated from 2 to 4 p.m. Wednesday at the West Walton boulevard home of Mrs. Clark J. Adams.

General chairman Mrs. W. Fred Fuller is being assisted by Mrs. Floyd A. Compton, general cochairman.

Pouring at the tea will be Mrs. B. B. Roush, Mrs. Everette Reese, Mrs. William Donaldson, Mrs. Walter K. Willman and Mrs. William R. McClure.

Others presiding at the refreshment table will include Mrs. Philip E. Rowston, Mrs. Willis Brewer, Mrs. L. Warren Galley, Mrs. John J. Martin, Mrs. Vernon Abbott and Mrs. Harold A. Fitzgerald.

Also serving will be Mrs. Arnold Hiltman, Mrs. Charles Crawford, Mrs. Charles Galloway, Mrs. Socrates V. Seides, Mrs. William J. Dean and Mrs. P. Eugene Miller.

Committee chairmen include Mrs. Cecil McCullum, Mrs. M. D. Shelton, membership, assisted by Mrs. Charles E. Barrett and Mrs. L. Lyons, Mrs. Harold B. Euler, Mrs. Ross Elliott, Mrs. R. Armstrong and Mrs. Peter Hoogerhyde, guest book.

Refreshment committee members are Mrs. Palmer Bondy, Mrs. Charles M. Campbell, Mrs. Miller and Mrs. Reese.

On the reception committee are Mrs. Donald H. Carros, Mrs. Harold B. Euler, Mrs. Raymond Rapaport, Mrs. Norman Durocher, Mrs. McCullum and Mrs. J. A. Tammes.

Others are Mrs. William Bedard, decorations; Mrs. Harry Stowell, courtesies; Mrs. James Clarkson, hospitality; and Miss Emma Howard social.

Mrs. Robert Segula, Mrs. Palmer Bondy and Mrs. D. R. Wilson conclude the reception committee list.

Heading the transportation committee is Mrs. William McClure of Illinois avenue. Mrs. Donald E. Redmond is in charge of parking and Mrs. Forest R. Wood is publicity chairman.

1940 Grads Plan Reunion

Committee members planning the 30th anniversary reunion of the 1940 Pontiac High School graduating class met at the Orchard road home of Mrs. William Weaver Tuesday.

Aug. 27 is the date for the reunion at Waterloo's C&I Building. A social hour will precede the dinner. Graduates unable to attend the dinner have been invited to be present for activities later in the evening.

Mrs. Robert Pote of Dick avenue will be hostess for the Aug. 27 meeting.

For Little Ones

NEW YORK (UPI) — When children are included in a wedding invitation, their parents, their first names should be written in one line below the parents' name on the inner envelope.

Nuptials by Candlelight

Judith Welch Marries

The Rev. George Mahder officiated at the Saturday evening candlelight nuptials of Judith Ellen Welch and Robert Frank Harroun in St. Paul Lutheran Church.

Mr. and Mrs. Edwin Lawrence Welch of Mac's Day avenue are parents of the bride. The bridegroom is the son of the Flossie Robert Harrouns of East Mainstreet avenue.

Honor maid Sandra Tinson, in ballerina-length yellow lace over taffeta with matching hat, preceded the bride to the altar which was flanked with white gladioli.

Bridesmaids Pamela Harroun and Mrs. James Parker of Keego Harbor, wearing green lace over taffeta with matching hats, carried cascades of white and yellow carnations.

The bride's gown of white Chantilly lace over silk tulle, was styled with high neck line and sleeves extending in lily-points over the hands. The bouffant skirt, caught by a large satin bow over pleated net, fell into a chapel train.

CROWN OF PEARLS — A crown of seed pearls secured the fingertip veil of silk illusion. The bride carried a hand-cascade of white roses, Stephanotis and ivy.

The bridegroom had Richard Dembanski for his best man, with Darrell Crandall and George Fagan, groomsmen. Joseph Tinson, assisted some 200 guests, assisted by Harold Welch Jr. of Clarkson.

A brown and blue floral printed cotton was Mrs. Welch's selection for the church reception. Her accessories in mink shade were complemented by a corsage of yellow roses. The mother of the bridegroom wore a white and white printed cotton with a "Dior" bow accenting the waistline. Her shoulder corsage was of pink roses.

Assisting at the reception

MRS. ROBERT F. HARROUN

were Susan Rhew, Sharon Freeman and Carol Atkinson.

White pique accented the bride's small black and white check cotton jacket dress donned for the northern Michigan honeymoon. The couple will be at home on Clayburn street.

MacDowell Men to Attend Picnic

Present and past members of the MacDowell Male Chorus will attend their family picnic Saturday. The affair will begin at 5 p.m. at Marshbanks Metropolitan Park.

Members not receiving invitations by mail may call the group's secretary, J. L. Waldo of Crane street, Dayton Plains.

Clarkston area committee members of Pontiac-Oakland Town Hall, Inc., are busy with plans for membership extension for the lecture series in their area. Meeting recently at the Middle Lake road home of

Mrs. Keith Leak, center, were Mrs. William Johnston, left, of Middle Lake road and Mrs. Russell Colson of West Church road. Series speakers will include Harry Golden and Carlos Romulo.

Davis-Second Ceremony Held Before 200 Guests

St. John Lutheran Church in Rochester was the scene of the marriage of Geraldine Second of Rochester to Paul S. Davis Saturday evening.

Potted palms and baskets of white carnations adorned the church.

The candlelight ceremony was performed by the Rev. Oscar Gerken in the presence of 200 guests.

Parents of the newlyweds are the Leonard Frank Haws of Utica and the Clarence Robert Siders of Beverly Avenue.

A white orchid and stephanotis rested on the bride's white lace-covered Bible.

Peppermint, striped carnations in coral and white complemented a strapless ballerina-length dress of pink nylon net over matching satin for Judith Second, her sister's honor maid.

Eugene Byers assisted the bridegroom as best man. Guests were seated by Robert Kruger of Utica and William C. Second of Birmingham.

At the reception in the Rochester American Legion Hall following the ceremony, Mrs. Haws appeared in a beige eyelet dress with white accessories. Charcoal and white nylon was Mrs. Siders' selection. Both mothers wore yellow roses.

Returning from a honeymoon in Missouri and Kentucky, the couple will live in Rochester.

MRS. PAUL S. DAVIS

Elizabeth Circle Holds Luncheon

The Elizabeth Circle of First Christian Church met for a picnic luncheon and business meeting Tuesday at the home of Mrs. Howard Reynolds.

Following the opening prayer by Mrs. Allan Hersee, the program Heritage and Horizons in Home Missions was led by Mrs. Paul Beane.

The nine members and three guests present were notified of the addition of three officers to the slate: Mrs. Harry Kuse, state service chairman; Mrs. Reynolds, ways and means; and Mrs. Brady Adams, hospitality and contact.

Regularly Is Key

Stay Young, Exercise

Brisk walking is probably the best exercise of all, but it, too, should be regular, with two or three miles a daily habit.

MOMS Install Officers

New officers were introduced when MOMS of America, Inc., Unit 2, met at the Jaycee Park Tuesday.

Nominating Chairman Mrs. Clarence E. Hickmott presented the slate.

Mrs. Duncan McVean, president, will serve with Mrs. Edgar Thompson, first vice president; Mrs. Leslie Anderson, second vice president; Mrs. John Brewer, recording secretary; Mrs. Arbo Huelt, corresponding secretary; Mrs. Frank VanHorn, treasurer; Mrs. Carl Cox, historian; and Mrs. Frank Emery, chaplain. Installation date is Aug. 15.

Mrs. E. K. Vanderhulst, Mrs. Maude Place and Mrs. H. A. Sibley are directors.

A prayer for Christian understanding and world peace by Mrs. Emery preceded a cooperative dinner.

Mrs. George Lewis Cheal was received to membership.

Guests were Mr. and Mrs. James Hattenhower, Mr. McVean, Mr. Vanderhulst, Mr. Hickmott and Mr. Emery.

Mrs. McVean will be a delegate at the Michigan State Board of MOMS convention at Jackson Sept. 28-30.

Mrs. Cox is alternate. July picnic hostess was Mrs. Edgar Thomas of Center street.

Old Hem Show?

(UPI) — If skirts show a crease where the hem has been let out, take a cloth and rub it over a piece of soap. Then rub the cloth along the crease in the skirt, wipe off excess soap and press with a warm iron.

Floral motifs — in fall pins and earrings bloom through every price, from precious jewelry to costume.

Regularly Is Key

Stay Young, Exercise

By JOSEPHINE LOWMAN
The June issue of World-Wide Abstracts of General Medicine carried an article about preventative geriatrics by Dr. Thomas Hodge McGavack. Dr. McGavack said, "Lack of exercise is one of the most important factors in premature aging today in this country."

Dr. McGavack is distinguished in gerontology and past president of the American Geriatrics Society. He points out the beneficial effects of exercise on circulation, muscle tone and the organs of the body.

He highlights the importance of regularity in exercise and condemns weekend exercise. He feels that to be most helpful exercise should be regular, even if it is only gardening or walking, and that nine holes of golf even three times a week are better than 36 holes during the weekend.

This physician believes that brisk walking is probably the best exercise of all but it, too, should be regular, with two or three miles a daily habit.

As readers of this column know,

Mrs. Harry Rice of Ogemaw road, left, and her guest Mrs. Martha Miller of Altoona, Pa., were on hand Tuesday

morning at the International Good Will Ceremony at Pontiac Country Club.

He'll Use It to Get Attention

Don't Scold Child for Bad Language

By DR. DOROTHY WHIPPLE
One day your little angel may unexpectedly come out with: "Damn that stinky spaghetti, I won't eat it," or some equally irrelevant expression of disapproval.

Where did he learn it? Why does he delight so in using it? How can we dissuade him?

CHECK YOURSELF
If you turn a careful ear to family talk you may be surprised to discover that some of his bold talk comes from the adults around him.

Did Dad use a few cuss words when he his finger with the hammer? Maybe mother said something she shouldn't have when she spilled the gravy. Some objectionable words may have been learned from the boy down the street.

How you respond to your child's first experiments in bad language will determine how much of it he uses. If you act shocked, and respond verbally or with a slap, the new words acquire power. If you try to treat this new experiment casually. Sometimes you joke about it — rhyme the word into nonsense syllables.

— Dam, wham, lam. Then it's apt to become accepted silly talk and the sting is gone. Sometimes using the word back at him takes away some of its kick — "Good old stinky spaghetti for supper tonight."

Bad language may also be used by a youngster to tell you he is crowing, lag and tough. Instead of condemning his language, say something like: "My, you are a big fellow now, so big you even want to talk tough."

This talk is a stage all children go through. Spunking, washing mouths-out-with-soap or scoldings send help and may even prolong the stage. The more you hold your patience, the more you can joke about it and remove some of the special value these words have, the quicker your child will pass through the stage.

Should Eat All of Meal

By EMILY POST

Dear Mrs. Post: I had a big discussion with a certain young lady about a social grace, or one that this young lady thinks exists, and I am sure that you can give us the correct answer. The question is, "Is it proper etiquette for a young lady to intentionally leave part of a meal untouched when taken to dinner?"

I enjoy taking this young lady to dinner, and I get a great deal of pleasure out of seeing her enjoy her food. However, it annoys me very much to see her leave unopened food on her plate when I know, in fact, she would like it.

She claims it is unhygienic to consume everything on one's plate. Could you please enlighten me on this subject?

Answer: It is not proper etiquette to waste good food by leaving it on one's plate to be thrown out. Indeed, for your friend not to finish what is on her plate when she would like to eat it, is really stupid.

PLENTY OF PRESENTS

Dear Mrs. Post: I have several friends who never come to visit me without bringing a present. It is very nice of them to do this and I do appreciate their thoughtfulness, but it is becoming embarrassing and I do wish they wouldn't do it. Will you please tell me how I can tactfully discourage this practice?

Answer: Simply say, "You are much too generous to give me such lovely presents, but please don't do it any more." Then if they continue to bring you presents, accept them with the pleasure they are intended to bring.

Dear Mrs. Post: I would like to know how to properly refer to my husband when talking about him to my daughter's boy friend. Do I say "Mr. Jones," "my husband" or "Jane's father"?

Answer: "My husband" is correct, but "Jane's father" is equally correct and more friendly.

Birthdays Noted by Bell Women

Mrs. Norma Pacer of Walnut Lake entertained several of her associates from the Michigan Bell Telephone Co. Wednesday evening.

The party was given in celebration of the birthdays of Bertina Graves, Mrs. Grant Arnold of Orionville and Mrs. Elmer Peters.

Mrs. Michael Becker, Mrs. Clifford Payne, Mrs. George Jaeger, Mrs. James Martin and Mrs. Margaret Kitzman also attended.

Following a luncheon, the group heard organ selections by Mrs. Martin and saw movies taken by Mrs. Kitzman.

Sampling wares which will be offered at Central Methodist Church's old-fashioned ice-cream social Friday evening are seven-year-old John Huntley of Old Orchard drive and five-year-old Susanne Bank of

Franklin boulevard. John's mother Mrs. Lloyd Huntley serves some mouth-watering pie-a-la-mode. The social will tempt downtown shoppers to rest and refresh themselves on the church lawn.

Debate Lets You Gain Stature Before Son

By MURIEL LAWRENCE

Just before dinner Mr. B listens to a news report which reports a powerful senator's attack upon his favorite presidential candidate.

He's furious. Through dinner he regales his family with threats of personal and national doom if the candidate of his political party is not elected.

He itemizes the opposing party's past foreign policy mistakes and criticizes all its members as "suckers."

As his wife is serving dessert his 17-year-old son names his father's political party and says:

"They've made foreign policy mistakes too, dad. Just today in history class, the teacher was saying that both our political parties have had a rough time finding a workable foreign policy toward the Soviet bloc. She said . . ."

Mr. B explodes. Declaring that his son is too wet behind the ears to entertain any political opinions, he roars:

"I'll have no pussy-footing talk of that kind in this house!"

Yet Mr. B regards himself as a

Strong Man, the stalwart, independent Head of the House upon whom his wife and children depend. He is quite incapable of perceiving that this view of himself is ab-

solutely contradicted by his dependent parents, we do not need, of course, the support of children's agreeing opinions.

In this tense political year, it's wise for us to consider this fact. We may find ourselves in political disagreement with our teen-age children.

Take the Course and Try It

Like Bus Hostess Job?

NEW YORK (UPI)—If the glamorous job of an airline stewardess appeals to you but you're strictly a landlubber, a new field might be the answer — a career as a bus hostess.

To be a success, a girl needs a bubbly personality, the capability of a nurse, a good figure, and a wide vocabulary. A high-school diploma and some working experience also are essential. Applicants must be at least five feet, three inches tall and between the ages of 19 and 27.

Before being accepted for a job interview with one bus system ("Salesway Trailways"), applicants complete an eight to

12-week course at the Grace Downs modeling school in New York. The course is identical to the one given to airline hostesses.

Starting salaries range from \$62 to \$75 a week. But with overtime, it's possible to earn \$100 to \$125 a week. That's more than an airline hostess makes, said L. Hilton Warwick, operating manager of the bus system, who interviews all applicants.

A bus hostess's job includes serving meals, carrying electric shavers or bottle-warming equipment to passengers, checking reservations, and passing out magazines and pillows.

If a girl is ambitious, it's possible to work up to the position of assistant terminal manager. "But most girls like being hostesses so much that they don't want to do anything else," Warwick said.

If we find ourselves getting upset when they refuse to share our opinions, we need to wonder why we crave their agreement — and look at the probability that we are not the stalwart, self-sufficient souls we claim to be but are in truth, pretty wobbly dependent ones.

Fathers particularly need to look at it. Otherwise like Mr. B they may develop high blood pressure. They can't have their cake and eat it, too. They can't claim to be sturdy moral characters — and then blow up whenever youngsters refuse them political agreement.

We have to make up our minds on these matters. Let's either admit our need for young people's support of our opinions — or as a genuinely strong person, maintain them without their support.

If fathers want to avoid family tension in this year of political tension, they'd do well to settle this conflict in themselves.

Every teen-age girl should learn that frequent shampooing can turn dull, lifeless hair into a lively beauty asset.

Exchange Pledges in Candlelight

Joyce Johnson Is Married to David Olef Ballard

Joyce Ann Johnson exchanged wedding vows with David Olef Ballard in a candlelight ceremony Saturday in First Congregational Church.

The Rev. Malcolm Burton read the service before an altar decked with white gladioli.

The bride is the daughter of Mrs. Elmer James Preston of Oliver street and Earl Johnson of Detroit.

The William Val Ballards of Baybrook drive, Drayton Plains, are parents of the bridegroom.

Aqua cymbidium orchids and stephanotis mounted on a lace fan complemented the bride's ballerina-length dress of white Chantilly lace over satin.

Her shoulder-length cloud veil was attached to a pearl crown.

Maid of honor Virginia Beebe, in ballerina-length aqua chiffon over nylon, wore a matching hat and short circular veil.

Bridesmaids Earlene Vallad and Shirley Gruber appeared in aqua chiffon over nylon with turquoise bodices.

All attendants carried shrimp cymbidium orchids on lace fans.

The bridegroom, who lives on Judson street, had the bride's brother Larry as best man. Clare Payne and Bill Gruber seated guests.

After a reception for 150 guests in the Elks Temple on Orchard Lake avenue, the newlyweds left for Ontario. They will reside on Tilden avenue.

Mrs. Preston chose beige lace with matching accessories for her daughter's wedding.

Her corsage was a coral cymbidium orchid to her ensemble of a white orchid to her ensemble of blue linen.

They Favor Whittier's Check of Tan

Teens Pooh-Pooh Plan for 12-Month School

By EUGENE GILBERT
President of The Gilbert Youth
Research Co.

"Blessings on thee, little
man
Barefoot boy, with check
of tan."

John Greenleaf Whittier's barefoot boy may be gone forever from the American scene, and the old swimming hole may have given way in most places to the Olympic-sized community pool, but kids still feel the same as they ever did about the joys of summer vacation.

In a nationwide survey of teenagers from cities large and small and from quite a few consolidated school districts, we were happy to

find that 69 per cent of the youngsters regarded summer vacation as "happy times." 28 per cent found them "satisfactory" and only 2 per cent considered them "boring."

The girls (82 per cent) were far more emphatic about calling vacation days happy times than the boys (55 per cent), but the figure is probably explained by the fact 64 per cent of the boys, compared with only 34 per cent of the girls, plan to get some kind of summer vacation job.

Some 6 per cent of the youngsters will spend their vacation at camp, 24 per cent will pass the time helping around the house and 41 per cent will just amuse

themselves as best they can without any definite plans.

CONSIDERED TOO SHORT

But no matter what they plan or do, the majority is convinced that vacations are too short. This sentiment was expressed by 55 per cent of the boys and 51 per cent of the girls. But surprisingly there were quite a few—25 per cent of

the boys and 15 per cent of the girls—who cling to the unpopular opinion that summer vacations were "too long."

"Definitely too long," insisted 17-year-old Jack E. Wetherill of Arlington Heights, Ill. "Toward the middle of vacation I find that I have more time on my hands than I can use constructively."

Another 17-year-old nonconformist, Marvin George of Brooklyn agreed with the too long verdict and suggested that "some of the time" be given throughout the school year when you really could use some free time."

Most, however, agreed with 18-year-old Barbara Bright of Pittsburgh that vacations are "too short—just as you begin to really enjoy your freedom the summer is over."

JUST PLAIN 'NO'

The length of the summer vacation varies from state to state and in many places from school district to school district. The range was from 9 weeks or less (7 per cent of those polled) to 14 or more weeks (15 per cent), but the average vacation length seemed to be either 10 weeks (31 per cent) or 12 weeks (37 per cent).

With schools closed everywhere across the country, it probably was the wrong time to ask these youngsters how long they would like the school term to be.

For a certainty, advocates of year-round schooling found few supporters in our poll. Less than 1 per cent, all of them girls, ventured such an opinion. Most (69 per cent) were satisfied with the present nine-month school year, although a 10-month program seemed reasonable to 27 per cent of the youngsters, and 3 per cent even went so far as to suggest an 11-month school year.

"I think I could survive with a little less vacation," commented Georgia Robertson, 17, of Burbank, Calif. "Another month of school would help."

Texas filed a scorching demurrer in the person of 16-year-old Cheryl Crist of Dallas: "In Texas, the summers are too hot for study; after all, the schools are not air conditioned."

KAREN EDITH SPALDING

William Spalding of Berwick announces the engagement of his daughter Karen Edith to Pct. John Timothy Leinenger, son of the Harvey Leinengers of Clintonville, road, Drayton Plains. No wedding date has been set.

Retain Your Control When Son Buys Car

By RUTH MILLETT

So junior has a summer job and is saving everything he earns to buy a jalopy of his very own.

That's fine if you make it quite clear to him that even though he pays for his own car, you, as his parents, fully intend to control his use of it.

He should be made aware that just because you are letting him buy his own car, you have no intention of turning him loose to run around wherever and whenever he pleases, night or day.

A recent study made by an insurance company of 20,000 students in 30 different high schools reveals that car ownership has more effect on a student's grades than permission to use the family automobile.

That is undoubtedly because junior can't have the family car anytime he wants it. It isn't his to run out and hop into any time he feels like killing a few hours. And he certainly can't have use of the family car every night in the week.

EXERCISE CONTROL

But, all too often, as soon as a high school student gets a car of his own, his parents give up trying to regulate his use of it.

So, junior is out driving around aimlessly when he should be at home studying.

Somewhat he manages to convince his parents that since the car is his, especially if he paid for it with his own money, they have no right to tell him when he can use it or ask him where he is going and when he intends to come home.

When that happens a car of his own can be a real handicap to a student's making good grades—or even managing to pass all his courses.

So before junior plunks down his money for a beat up old car you had better have it understood that in buying a car he isn't buying complete independence from parental authority.

You would be smart to set down some rules regarding use of the car and have him sign a pledge to obey them before you let him become a car owner.

For practical pointers on getting along with that man in your life, order your copy of Ruth Millett's new booklet, "How to Have a Happy Husband." Just send 25 cents to Ruth Millett Reader Service, c/o The Pontiac Press, P.O. Box 489, Dept. A, Radio City Station, New York 19, N. Y.

Poultry Is a Better Buy Than Ever Popular Steak

This is definitely the season for Michigan grown food, but shoppers cannot expect to find plentiful supplies of every food all summer, reminds the Marketing Information Agent, Mrs. Josephine Sawyer. Each fruit and vegetable has a particular time when it is harvested, when it reaches its peak of supply.

The Michigan raspberry is an example of fruit which is never in abundant supply, which comes to market for only a short time in any quantity. If you plan to enjoy this fragile fruit, it is available from now until the end of the month.

If you plan to freeze some for winter use, this week should be ideal. Since raspberry supplies are small compared to some other fruits now being harvested, you'll find raspberries priced at 30 to 40¢ a pint this week.

Michigan State University recommends three ways for freezing raspberries, depending upon how you wish to use them later. Either pack dry without sugar; or cover with 40 per cent syrup; or mix 1 cup of sugar with 4 cups of fruit. Forty per cent syrup is made by dissolving 4 cups of sugar in each 4 cups of water. Chill the syrup before pouring over the berries. Allow one-half inch head space at the top of the containers for expansion when the berries freeze.

Raspberries lose flavor rapidly, so use them the day of purchase. To avoid crushing, spread the berries in a thin layer on a pan or tray before refrigerating. Wash and drain berries just before serving.

If your family is typical, you like steak in summer and you like to broil it over charcoal. How do you know you will get a tender steak? Mrs. Sawyer suggests that you look for well-marbled steak. Marbling means streaks of fat interspersed within the lean. A well-marbled steak will usually be tender and juicy when broiled. . . . If it came from a young beef animal.

muscle of the round are still less tender, and lower priced. Have you noticed that summer is the season when you buy more ice cream than usual? Price, flavor and size of package are some of the factors determining which ice cream you buy.

In Michigan, ice cream purchases are protected by strict law. Vanilla ice cream contains 12 per cent milk fat. Fruit ice cream must contain not less than 10 per cent milk fat and not less than 5 per cent of weight of "clear, mature, sound fruit or the juice thereof."

Nut ice cream must contain not less than 10 per cent milk fat and not less than 2 per cent by weight of sound, non-rancid nuts. French and custard types of ice cream contain not less than 12 per cent milk fat and 1.1 per cent of egg yolk solids.

The season is right for fresh gooseberry pie, or cherry and your old-fashioned currant recipes. The market master reports light supplies are now available. New Jersey's blueberry season is ending. Michigan's is getting under way.

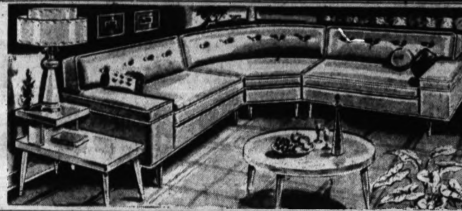

You will find more blueberries next week. Looking for fresh produce in plentiful supply? That's check summer squash, cantaloupe, watermelon, honey dew melons, radishes, green onions.

If you count the dollars you spend for meat, it may interest you to know that large size canned hams, whole fryers and turkeys are available at approximately 20 cents per serving this week. Very few meat cuts are as low in price.

Crater Lake, Oregon, which is an unusual sapphire blue, lies in what was once a gigantic volcano, and is estimated to be 2,000 feet deep.

U. S. - Formosa Team Tests Discovery

Develop Vaccine for Trachoma

WASHINGTON (NEA) — Two U.S. Navy scientists who used themselves as guinea pigs are working with a Nationalist Chinese medical team on a vaccine which promises to banish trachoma, a blinding eye disease.

Trachoma afflicts about 400 million people throughout the world. Although it occurs principally in Asia, Africa and parts of Europe, it is still regarded as a health hazard among Americans. Most U.S. cases are on reservations in Arizona, New Mexico and Nevada.

The vaccine, which was developed last year in Formosa by medical researcher R. L. Woodridge of Lake Bluff, Ill., is now being tested on 1,000 Chinese children.

Although clinical trials so far have been "highly promising," final results won't be known until 1961.

Woodridge is a member of a U.S. naval research unit in Taipei. Others involved in the vaccine's development are Dr. J. Thomas Grayston and researcher Paul B. Johnston, both of Chicago, and Taiwan University scientists Yang Yen-fel and Wang Sanglin.

Woodridge and Grayston used themselves to test the vaccine's safety before giving it to children.

Trachoma is caused by a virus that inflames the inside lining of the eyelid. If left untreated, the affliction will spread to the eye.

adequate sanitation facilities are blamed for trachoma's occurrence on Indian reservations.

Before World War II, the disease was prevalent among low income groups throughout the U.S. Development of wonder drugs and improved sanitation methods, however, made it practically nonexistent.

Since it will probably be years before modern sanitation facilities are established worldwide, one ever pinpointed in the U.S., perfection of the trachoma vaccine was found early this year by ac-

THIS IS THE FIVE-MAN U.S.-Chinese scientific team that developed the trachoma vaccine. From left: Robert Woodridge, Dr. Wang Sanglin, Dr. J. Thomas Grayston, Dr. Yang Yen-fel and Paul Johnston.

entists of the University of California Medical School. It was taken from the eyes of a 36-year-old San Jose, Calif., machinist who had contracted the disease.

Other research projects aimed at preventing trachoma are also going on in England, Japan, Bethesda, Md., at the National Institutes of Health and at Harvard University.

Although other scientists have isolated the elusive trachoma virus, the U.S.-Formosa specialists are the first to convert it into a disease preventive.

Other isolations have been made in Peru, Egypt, Communist China, Saudi Arabia, West Africa and California.

The California strain, the first one ever pinpointed in the U.S., was found early this year by ac-

identists of the University of California Medical School. It was taken from the eyes of a 36-year-old San Jose, Calif., machinist who had contracted the disease.

Bus Lines Must Go if Fare Is Increased

SAGINAW (UPI) — The operations manager of National City Lines said the line would have to leave the city if its 25-cent fare were increased. The line is the parent firm of Saginaw City Lines.

Maurice Biddle told a meeting of the city's special bus committee yesterday the only workable boost might be the penny increase through the use of fare tokens.

The line reported business down \$72,257 during the first months of this year, compared with the same period in 1959. The line was the object of a drivers and mechanics strike last winter.

The committee has gone on record as favoring the Jackson plan — under which the city would lease the lines. This would save the line about \$12,000 a year.

Bentley Will Chair Forum in Chicago

DETROIT (UPI) — Rep. Alvin M. Bentley (R-Mich.) has accepted an offer from the Republican National Committee to act as chairman of a foreign affairs forum to be conducted in Chicago next week in conjunction with the GOP National Convention.

Bentley will go to Chicago July 27. The main speaker will be Henry Cabot Lodge, U.S. ambassador to the United Nations, and the possible Republican vice presidential nominee.

Bentley is seeking the nomination for U.S. senator in the Aug. 2 primary.

MSU Assistant Editor Wins National Honor

CORVALLIS, Ore. (UPI)—Ralph L. Hamilton, assistant agricultural editor of Michigan State University's information service, has been named by the American Assn. of Agricultural College Editors as the outstanding young editor in the group's north central region.

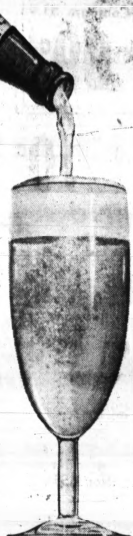

Jetliner Windshield Cracks in Landing

SHANNON, Ireland (UPI) — The windshield of a Pan American DC8 jetliner cracked during a landing Wednesday on a flight from Detroit and Chicago.

The airliner, carrying 70 passengers, was about to make its descent when the windshield cracked. It was understood that the cracking was due to a sudden change of temperature during the descent. The window's inner pane remained intact.

Sixteen passengers left the plane at Shannon. None were aware of the incident. Another jet from New York was diverted to Shannon to collect the London-bound passengers.

Dress Up Tapioca Cream With Chocolate Mint

What to serve for dessert when company comes that will be simple and quick to make and require little last minute preparation? Putty and light Tapioca Cream with Chocolate-Mint Sauce will fill the bill—"plus." Made up several hours ahead, this fluffy pudding made from a prepared mix or from "scratch" is sure to be a favorite topped with a rich, creamy-thick chocolate sauce flavored with just a touch of peppermint.

The "plus-factor" is the high quality protein and other body-building nutrients that are found in this popular milk pudding. Serve with crisp browned butter cookies and extra sauce for those who are fond of chocolate.

This pudding is delicious poured over fruit or berries, fresh or canned. Raisins, prunes, figs, dates, coconut or nuts may be added while cooking.

1 teaspoon vanilla
1/2 teaspoon peppermint extract
1/2 cup corn syrup, sugar, water
and salt until sugar is dissolved, stirring constantly. Bring to full rolling boil; boil 3 minutes. Remove from heat. Add chocolate and stir until melted. Stir in cream, butter, vanilla and peppermint extract. Beat with rotary beater until smooth. Makes 3 cups.

Low Calorie Dressing
Simple to Prepare
NEW YORK (UPI)—Calorie-counting is a pleasure with this low-calorie tomato French dressing.
In a pint jar, combine one 6-ounce can of thawed undiluted grapefruit juice, 1/2 cup of tomato catsup, 1/2 cup of salad oil and 1/4 teaspoon each of salt and red pepper sauce. Shake until blended. Store in refrigerator. This yields 1 1/2 cups of dressing with a calorie-count of 37 per tablespoon.

FOOD VALUES

we're proud of!

Quick Oatmeal Bread Goes Well in Summer

For a thoroughly satisfying yet cool luncheon, serve Oatmeal Orange Nut Bread and butter sandwiches with fresh fruit salad, and lemonade or punch. This moist, tender Oatmeal Orange Nut Bread is a good keeper and can be stored in the refrigerator or freezer. The fresh fruit salad is especially appealing when served from half of a watermelon. Lemonade, the frozen type, is a good thirst quencher.

Homemade cereal quick breads can add so much flavor and interest to summer meals. Ready to serve just as they come from the refrigerator or after thawing from the freezer, they eliminate a lot of last minute preparations. The ingredient use of breakfast cereals is one way to insure that a well-balanced diet is served. Breakfast cereals make contributions of protein, important B vitamins, essential minerals, and food energy.

Oatmeal Orange Nut Bread is an ideal bread for sandwiches—either the gentler sex—or he-man size preferred by active men and boys. When sliced thick, this bread makes very filling sandwiches which keep well when wrapped in moisture proof wrap.

Toast the bread for a special breakfast treat. It's a perfect complement to a bowl of crisp cereal, fresh berries, served with cold milk for a refreshing hot weather breakfast.

Oatmeal Orange Nut Bread
3 cups sifted all-purpose flour
1/2 cup rolled oats, quick or regular
1/2 cup instant oatmeal
1/2 cup instant oatmeal
1/2 cup instant oatmeal

Julienne Strips of Bologna Add Flavor

Here's the chance to create food news. Have you ever thought of how you could change a simple recipe for potato salad into an epicurean offering?

Julienne-style strips of bologna and tiny capers add an offering to a potato salad recipe that wins friends and praise every time it's served.

It's the smart cook that will keep this idea in mind for fashionable meals that really click.

Bologna Potato Salad
1/2 pound bologna, cut in julienne-style strips
1/2 cup salad dressing
1/2 cup French dressing
1/2 cup prepared mustard
1/2 cup cooked dried potatoes (1 1/2-inch cubes)
1/2 cup chopped onion
1/2 cup capers
1/2 cup chopped celery

Combine salad dressing, French dressing and prepared mustard. Add potatoes, onion and capers and mix well. Marinate in refrigerator 2 hours or longer. Add bologna and celery and toss lightly. Sprinkle with paprika. Yield: 4 to 6 servings.

New! Cereal-Fruit Combinations for Baby

New Gerber offers 2 new cooked cereals in jars: Gerber Strained Oatmeal or Malted Cereal, both with Appleauce and Banana. Ready to serve—no mixing needed. The cereal is cooked with the fruit to achieve a delicate flavor. Both have a smooth-on-the-tongue texture.

Gerber Baby Foods
FARMINGTON, MICHIGAN

Read This Tale of a Coffee Pot

In 1951, an Army sergeant bought a white enamel coffee pot in Watertown, New York, thereby beginning a military legend.

SFC Neil T. Coon, an ex-paratrooper from Marinette, Wisconsin, was on maneuvers at Camp Drum, New York, when he first spotted the gleaming pot in a shop window. As a mess sergeant and connoisseur of coffee, he felt it would be ideal for making coffee in the field. And his first batch of coffee proved to be so successful that the pot became the envy of all the other mess sergeants.

Months later, Sergeant Coon and his coffee pot were on patrol in Alaska. Just as the company was about to return home and the equipment had been loaded aboard a waiting plane, Sergeant Coon was reported missing.

He was finally located on his hands and knees, frantically groping around in the snow. "C'mon Coon," barked the commander, "you're holding up the whole company."

"I can't," replied the sergeant, "I've got to find the lid to my coffee pot." The commander understood. The plane didn't take off until the lid was found.

From then on, the sergeant and his coffee pot were inseparable. Together, they went to Japan, the Philippines and Thailand. The pot was jumped by parachute, flown across oceans, shipped by boat, carried in motor convoys. En route, it brewed over 7,000 gallons of coffee.

Franksters have hidden it. Jealous mess sergeants have stolen it. Commanders have begged for it for their trophy cases. But the sergeant won't let it go. It has become so much a part of him that once, on another tour in Alaska, a visiting officer spotted the now battered pot and looked around quickly. "Where's Coon?" he shouted.

When old friends meet Sergeant Coon, they ask first about the pot, then about his health. "I don't mind," the sergeant says, "they're showing respect for the pot that makes the best coffee in the world."

If you want to add silvers of pot roast, insert a small sharp valve; poke garlic slivers into the garlic to beef you are going to knife deep into the meat at inter-slashed places.

Try Cheese Bits in Baked Spuds

What would you expect the wife of an Idaho potato man to suggest for an outdoor dinner? Potatoes, of course.

Well, that's just what Mrs. L. E. Stephens of Blackfoot, Idaho, does. She gives us her potato with cheese cooked in foil.

Cheese Baked Potatoes
4 large (3 pounds) baking potatoes
2 to 4 ounces sharp Cheddar cheese
2 pats butter or margarine
1 teaspoon salt
1/2 teaspoon ground black pepper
Pare potatoes. Cut 3 crosswise wedges 1/4-inch thick in each potato, having the wedge cut almost to the bottom of potato. Place on squares of aluminum foil.

Cut cheese into 1/4-inch slices, as long as the potato is wide. Insert a slice in each wedge. Top with a pat of butter

or margarine. Sprinkle with salt and black pepper.

Wrap in the foil being sure to overlap at top of potato. Turn up ends and fold against potato. Bake until tender on barbecue grill turning 2 to 4 times to bake uniformly. (If desired bake in oven one hour.) Serve in foil, turned back and crimped around bottom of potato to make it look attractive. Makes 6 servings.

Use a Spoon

Don't turn link sausage that you are browning with a fork! Use a spoon and roll over so there will be no danger of picking. This way juices stay in the sausage.

Pre-Cooking Rice

Rice grains cooked in a little fat before boiling are likely to stay separate, but they will not swell so much as they do when they are boiled without the pre-cooking.

Fresh Lemon Ever a Flavor Booster

There's never a vacation for the lemon tree, its branches being covered all year around with blossoms, buds and mature fruit. Lemons are picked green, according to size, being of harvest age when they can't be slipped through a steel ring of a certain size which the picker carries with him. During a period of careful curing the lemon turns yellow.

This is the technique which gives us the lively lemon tang we love when seasoning so many foods. Try this simple recipe when next you prepare chicken.

Arrange pieces of chicken in buttered baking dish and add salt, pepper and plenty of cubes of butter or margarine. Squeeze the juice of half a lemon over all, then sprinkle lightly with one to two teaspoons sugar. Bake or broil slowly until tender.

Black salt and pepper in small for cuttings. When needed just squares of aluminum foil and fold/piece the foil wrappings.

Save 60¢ on Heinz Baby Foods!

OPEN WITH 1 EASY TURN!

NO MORE PRYING!

NO MORE BENT CAPS!

JARS RESEAL AIRTIGHT!

EASIER... MORE SANITARY!

Only Heinz gives you handy Screw-on Caps on all varieties!

• You benefit five ways when you take advantage of this special get-acquainted offer on famous Heinz Baby Foods:

1. Heinz rustproof aluminum lids open with a single turn—you never have to pry again!
2. Heinz airtight reseal guards against spoiling. Unlike "second helpings" stored in jars with bent caps, air or flavor-tainting odors from other foods in your refrigerator can't cause Heinz Baby Foods to lose their fresh taste or precious vitamins!
3. Heinz quality is unsurpassed... you can't give your baby finer, more healthful, more delicious foods!
4. Only Heinz offers you convenient screw-on caps on all varieties, Strained and Junior!
5. You save 60¢! Try just six jars of Heinz Baby Foods and we'll send you a certificate worth 60¢ on your next purchase of any Heinz Baby Foods—Strained, Junior, Meats, Egg Yolks, High Meat Dinners, Cereals or Juices.

Here's how you SAVE 60¢

Just buy six jars of Heinz Baby Foods—Strained or Junior (or some of each). Mail the six labels (substitute tops from Heinz Baby Cereals, if you wish) along with this coupon to: Heinz Baby Foods, P.O. Box 28, D-67N, Pittsburgh 30, Pa. In return, we will send you a certificate worth 60¢ on your next purchase of any Heinz Baby Foods—Strained, Junior, Meats, Egg Yolks, High Meat Dinners, Cereals or Juices.

Four Midgets Seek Growth From 1st Pituitary Bank

SAN FRANCISCO (AP) — The world's first pituitary bank, which supplies hormones for treatment of human dwarfism and other glandular afflictions, announced its opening here Wednesday.

For a considerable time it will operate only experimentally, and on a very small scale. Four carefully selected youngsters, destined to grow up as midgets if the bank fails, are its first customers.

The depositors are people who

Demonstration Curb Proposed

GOP Convention Unit Urges 10-Minute Limit at Chicago Conclave

CHICAGO (UPI) — The GOP Convention arrangements committee will recommend that demonstrations be limited to 10 minutes and solely for "serious candidates" for president and vice president, Committee Vice Chairman Jaren L. Jones disclosed.

Jones said his group will recommend to the Republican National Committee today that only 200 persons be allowed to participate in each demonstration.

Jones said that there had been strong sentiment in the committee to abandon demonstrations completely. But he added "the consensus was to limit the demonstrations."

Jones said the Republican leaders have been swamped with letters, telegrams and phone calls from throughout the country criticizing the demonstrations staged at the Democratic National Convention in Los Angeles.

"These people," Jones said, "were very disappointed with what they saw."

Jones said his committee decided to limit the demonstrations to legitimate candidates with no time given to "insubstantial favorite sons' nominations. He said these demonstrations would be restricted to "serious candidates."

Jones revealed there had been some requests by favorite son supporters to hold demonstrations but "we talked them out of it."

Despite the advance of mechanization, more than 80 per cent of the world food supply is still produced chiefly by human or animal labor.

NOTICE of PUBLIC HEARING

**Swedes Arrive
in the Congo**

U. N. Soldiers Take
Positions at Airport;
More on the Way

LEOPOLDVILLE, The Congo (AP)—The first contingent of Swedish soldiers for the U. N. force arrived in Leopoldville from the Middle East early today and began taking up positions at the airport.

The U. N. command plans to replace Belgians at the airport and in certain European areas of the capital with the Swedes.

The first contingent consisted of 68 soldiers. Looking fit and tanned after three months' duty in Gaza with the U. N. Emergency Force, they flew to Leopoldville in a U.S. Air Force Globemaster.

Eight more plane-loads of men and equipment were expected later, bringing the Swedish contingent to 620 men.

There was no information here whether Congolese Premier Patrice Lumumba had carried out his threat to call on the Soviet Union to send troops to the Congo to drive the Belgian soldiers out. U. N. officials here said they had no information about what Lumumba had done. But the U.N. mission went ahead with its work of pacifying the country with its increasing contingents, and of funneling out its technical staff to distribute food and medicine to prevent threatened famine and epidemics.

Three out of four American farms grow corn.

AP Photofax
THIEF—Donald Hardage, 32, formerly a minister in the Church of Christ, Dallas, Tex., is held in Chicago, accused of leading a six-man robbery gang that cleared \$30,000 in supermarket holdups. Hardage, member of a leading Jacksonville, Fla., family, told police he was bitten by the gambling bug and voluntarily defrocked himself in turning to crime.

**Ivan: Beware of Tourist
Seeking Information**

MOSCOW (AP)—The newspaper Soviet Russia cautioned citizens Wednesday against revealing secrets to the thousands of visiting foreign tourists.

The paper said Western intelligence services are resorting to base means of espionage and using tourists in "striving as never before" to collect information.

Democrat Rights Plank Only for Show—Keating

CHICAGO (AP)—A Republican senator today challenged Democrats to put out their bold civil rights plank and try to get it enacted by Congress when it reconvenes next month after the national convention recess.

Sen. Kenneth B. Keating of New York also insisted that only the Republican party is able to bring an end to racial discrimination.

Keating's statement, prepared for a Republican platform subcommittee, said it would be interesting to test the Democratic

Urges All Aid Through U.N.

MSU's Hannah Says This Would Eliminate Point of Tension

RUSCHLIKON, Switzerland (AP)—International technical assistance and economic development programs should be shifted to the responsibility of the United Nations, an American educator said here today.

Dr. John A. Hannah, president of Michigan State University, said this would eliminate a point of friction between the Communist bloc and the West.

Hannah's suggestion was in a talk prepared for delivery before the sixth annual conference of the Green Meadows Foundation.

"Since the Korean War," Hannah said, "technical assistance programs began to be looked upon as weapons to be used in the cold war."

"No matter how innocent we may be of devious motive in our assistance programs, suspicion must linger in the minds of those who have so recently emerged from the colonial status."

United Nations control, he said, "would eliminate much of the competitive element."

There is much evidence, he said, that sensitive people in lands being aided resent the implication that their loyalties and national honor are for sale.

AP Photos
ON JACK'S TEAM—Former Detroit Lions professional football star Byron "Whizzer" White, 43, has been named national chairman of Citizens for Kennedy, a group aimed at ousting the independent vote. White was an All-American at the University of Colorado and is now a Denver lawyer.

plank, adopted at Los Angeles last week, in the Democratic-controlled Congress.

"If action is not forthcoming on such a proposal, the American people will witness again the contradictions between the declarations and decisions of the Democrats," the New Yorker said. "They will discover that their campaign promises are, like their filibusters, only empty oratory."

RIGHTS, FARMS ON TOP
The civil rights and farm problem issues dominated activity of the GOP convention, 100-member Platform Committee. It followed Wednesday's procedure of breaking up into eight subcommittees to hear platform recommendations of various groups and organizations. More than 100 witnesses testified Wednesday.

The subcommittees plan to get down to the task of putting various planks on paper Friday for submission to the convention next Wednesday.

It appeared that the convention will adopt a civil rights plank as strong as that adopted by the Democrats over strong objections of their Southern delegates. Certainly no opposition to such a stand has been expressed by any of the Republican delegates participating in the hearings.

The farm problem stacks up as the most difficult. Only on this front has any serious criticism of Eisenhower administration policies come from within the party.

Rep. Melvin P. Laird of Wisconsin, chairman of a subcommittee on agriculture, hinted to newsmen that the job is to write a farm plank endorsing general features of the Eisenhower farm program but erasing the image of Secretary of Agriculture Ezra Taft Benson.

Paper Believes Rocky's Best

BUT Post-Dispatch in St. Louis Says GOP Won't Draft Him

ST. LOUIS, Mo. (UPI)—The St. Louis Post-Dispatch says Gov. Nelson A. Rockefeller is the best man the Republican Party has for the presidential nomination and he should be drafted—but probably won't be.

The newspaper said in an editorial that Rockefeller had displayed a mastery of foreign and domestic problems and "an enlightened and liberal approach toward them."

The Post-Dispatch said Rockefeller has "a spirit of independence and a sense of confidence that would make him both a first-rate candidate and president."

Rockefeller was compared to Adlai Stevenson in the editorial, **SIMILAR FATE**.

The Post-Dispatch said that by all signs, like Stevenson, Rockefeller is not going to be drafted.

"Gov. Rockefeller made strong and persuasive statements on the Latin-American crisis, civil rights, and medical care for the aged—in which he seemed to be far ahead of the administration both in vision and in practical proposals," the newspaper said.

"Yet, Gov. Rockefeller is not going to be drafted. The miracle did not happen at Los Angeles and it is even less likely to happen in Chicago."

SHIP PROBE READIED—The Navy appointed a board of inquiry Wednesday to learn why two radar-equipped destroyers collided in the fog off Southern California the day before. Eleven men were killed. Here, two surviving

crewmembers of the Ammen are shown peering through a hatch in the background at the wreckage where some of their shipmates were crushed to death.

Lyon, Inc., Has Contract to Produce Polaris Parts

DETROIT (AP)—Lyon, Inc., Wednesday was awarded a \$1,450,000 contract to produce Polaris parts.

1000 Navy contract to produce stamped-steel castings for Polaris missile engine chambers. The present contract should take from seven to 12 months to fill, according to President George A. Lyon Jr., said today.

The North Sea canal in the Netherlands has been hailed as one of the greatest engineering accomplishments of the 19th century.

PREDICTS NIXON VICTORY — Leonard W. Hall, right, convention chief for Republican presidential candidate Richard Nixon, tells newsmen in Chicago Wednesday that Nixon will win overwhelmingly on the first ballot at the national convention which starts Monday. Hall, former Republican national chairman, said also that if Gov. Nelson A. Rockefeller shifts from his stand against second place he will be considered for vice president on the ticket. At left is Herb Klein, Nixon's press aide.

Dems Seek Campaign Money

Bagwell Backs City Taxes if Useful, Voted by People

By the Associated Press
Local income taxes are all right if they are voted by the people and reduce real and personal property taxes, says Paul D. Bagwell, the sole candidate for the Republican nomination for governor.
Bagwell, in Detroit Wednesday to open his campaign headquarters for Wayne, Macomb and Oakland counties, said "As a part of a general tax revision, I would propose that local governments be given the authority to levy income, sales or excise taxes after a vote of their people to reduce real and personal property tax burdens."
Bagwell said if he is elected governor he would back legislation granting local governmental units the power to levy an income tax.
He added that he thought such legislation should be part of a complete revision of Michigan's current tax structure.

Swanson supporters will hold their party at a local union labor hall. They said their main purpose was "to reach voters, not raise money."
The birth dates of both Hare and Swanson fall on July 31. Hare will be 50 and Swanson 35.
At Detroit, Sen. Patrick V. McNamara (D-Mich.) said of his recent hospitalization and surgery that "It's not cancer as far as I'm concerned."
McNamara's comment was as far as he would go in discussing his operation publicly for the first time. The 65-year-old candidate for re-election in the Senate this year was operated on last week for a prostate condition. There was an unconfirmed report that he had cancer.

Alleges Spy Flights Land at Jap Bases

TOKYO (AP) — Moscow Radio charged today that American RB47 reconnaissance planes are stopping periodically at Yokota Air Base near Tokyo on spy flights to the Soviet Union and Red China.
The charge, in a Japanese-language broadcast, obviously was aimed at increasing Japanese fears of involvement in U.S.-Soviet difficulties as a result of the use of American bases in Japan.

After the Russians shot down an RB47 in the Arctic July 1, one Japanese newspaper asked editorially if American U2 planes withdrawn from Japan had been replaced by RB47s.
Moscow Radio said the RB47s using the Japanese base are based on Guam.

Rail Men Win Fight for Cool, Clear Water

LANSING (AP) — Trainmen who operate the diesel locomotives on two Michigan railroads have won their fight for clear, cool water. The Brotherhood of Railroad Trainmen complained to the State Public Service Commission about the water provided in diesel locomotives on the Grand

Trunk Western and Detroit and Toledo Shoreline railroads.
Drinking machines, they said, consisted of an ice-filled box and a glass jug of water. But the ice and the water became greasy and dirty.

The commission ordered the railroads to install electric, hot-dielectric water coolers to all diesel locomotives by Aug. 1, 1962.
There are a number of training colleges, including a university at Addis Ababa in Ethiopia.

Doctors say if you eat slowly you'll eat less. That's particularly true if you live in a boarding house. . . . A fellow who went horse-back riding for the first time has it all figured out: "The whole trick is to keep the horse between you and the ground." — Earl Wilson.

Detroit City Council recently passed a city income tax but it was vetoed by Mayor Louis Mirani. The Council, however, has revived the issue.
Bagwell also said he planned to spend most of his campaign time in Wayne County — "at least 50 per cent" — because "we will have to increase our Wayne County vote by 10 per cent."
He declined to say whom he would rather run against among the three contenders for the Democratic gubernatorial nomination — Lt. Gov. John Swanson, Detroit City Councilman Ed Connor and Secretary of State James M. Hare.
RIVAL PARTIES
Meanwhile, Democrats will have their choice of steak, \$1.50 or roast beef for \$1.00 at rival birthday parties for two of the Democratic candidates at Lansing tonight.
Backers of Hare are throwing the more expensive dinner at the Lansing Civic Center. They hope to raise between \$6,000 and \$7,000 for the Hare campaign fund.

C&O Railroad Allowed to Abandon 4 Stations

LANSING — The abandonment of three passenger and freight stations and one passenger and freight station authorized by the State Public Service Commission. The Chesapeake and Ohio Railroad will close the station at Central Lake, Antrim County, providing passenger and freight service.

Service will be provided at Belaire, eight miles away. A freight stop at Clio, Genesee County, will be abandoned by the same railroad and service will be from Birch Run, six miles away. Another Chesapeake and Ohio freight stop, at Port Austin, Huron County, will be discontinued with service provided at Kinde, eight miles away. The Grand Trunk Western Railroad was authorized to abandon a freight stop at Pinckney, Livingston County. Pickups will be at Stockbridge, 14 miles away.

The forest area of the United States exclusive of Alaska, is larger than the combined areas of France, Germany, Norway, Italy, Sweden, Belgium and the entire Netherlands.

Detroit Negro Leaders Urge 3 for Congress

By United Press International

Racial overtones and labor support figure in Wayne County congressional primary races.

In the First District incumbent Democrat Thaddeus M. Machrowicz is being opposed by a candidate sponsored by the Elect Three to Congress organization formed by Negro community leaders. Russell S. Brown, the Negro candidate in the district, is a 41-year-old partner in a bonding firm.

The "Three" committee is also sponsoring Cornelius Smith, a Negro candidate seeking the seat of incumbent John Dingell in the 13th District. The third candidate is Charles C. Diggs Jr., the incumbent in the 13th District.

In the First District, in addition to Machrowicz and Brown, Hamtramck Municipal Judge Joseph Lewandowski and Thomas E. Grove are also seeking the Democratic nomination. Republican candidate Walter Czarnecki is unopposed.

In the 12th District Diggs is opposed in the primary by Ivan L. Doty, a real estate man whom Diggs defeated in the 1958 primary by more than a 3-1 margin.

Incumbent Democratic Louis Rabaut faces taken opposition in the 14th District from Anthony J. Wodanski, a railroad yardmaster who lost to Rabaut in 1958 by more than 2-1. Mrs. Lois V. Nair is unopposed in the GOP race in the district.

In the 15th District, Dingell also faces opposition from William J. Benham, in addition to Smith. On the Republican side of the ticket another Negro is seeking the nomination. Robert J. Robbins, a 36-year-old attorney, faces Sidney J. Kelly, 45, a real estate investor. STELLATO IN RACE.

In the 16th, downriver, District three Republicans are seeking the nomination. Ralph B. Guy, Dearborn Council president, is opposed by Frank A. Lubinski of Dearborn and Lee H. Clark of Grosse Ile.

Most of the action, however, is taking place in the Democratic primary where incumbent John Lesinski, who inherited the seat from his father, faces a tough fight in the person of Carl Stel-

lain, president of giant Ford UAW Local 600.

The Lesinskis, father and son, have held the seat since the district was formed. In 1958 when Stelato sought to break the chain the present incumbent defeated him 27,981 to 21,121. This year, however, Stelato has the endorsement of labor which stayed out of the last campaign.

Francis R. Nolen of Ecorse is also in the 16th District Democratic race. John Lewandowski, who

hoped to draw the large Polish vote, was disqualified.

In the border 17th District incumbent Martha W. Griffith, supported on the Democratic ticket, may face a woman opponent in the fall. Mrs. Gladys Smith is one of four Republican candidates.

The others are James O. Couch, Richard E. Morell and former Detroit Tiger baseball player also in the 17th District Democratic race. Richard (Dick) Wakefield.

Upper Peninsula, the only other primary battle fields two Democrats squaring off to determine who meets who in the fall. Incumbent John B. Bennett of Ontonagon faces Walter L. Riedy of Chassell in the Republican primary. In the Democratic fight William J. Blomquist of Iron Mountain faces Robert C. McCarthy of Marquette.

116 Dutch Companies Raise Their Dividends

THE HAGUE, UPI — A total of 116 companies of the 418 with shares listed on the Amsterdam Stock Exchange raised their dividends during the year, according to the Netherlands Economic Bulletin. Only 88 companies boosted their dividends during all of 1958.

Says Clean H-Bomb Would Take 5 Years

FRESNO, Calif. (UPI) — A "clean" hydrogen bomb could be developed within five years if testing were resumed, according to Dr. Edward Teller. Teller, pioneer developer of the H-bomb, told a summer session at Fresno State that "crazy fallout propaganda" has hampered development. He also warned against halting tests on grounds that Russia could continue their testing undetected. He said that the United States cannot detect underground blasts of a 20 kiloton bomb — the size of the Hiroshima blast — or an outer space explosion of a 500 kiloton bomb.

176 County Lawyers Reply

Bar Ranks Judge Hopefuls

Members of the Oakland County Bar Association have released their ranking of nine candidates for probate judge.

Some 176 ballots came back from the association's 291 members in which the nine were rated "preferred," "qualified," and "not commented on."

Procter and Gamble Accepts FTC Ban

WASHINGTON (UPI) — Procter & Gamble Co. Wednesday agreed to a government order barring it from making exclusive contracts to pack samples of its detergents, soaps and bleaches in washing machines and dishwashers.

The Federal Trade Commission (FTC) charged a year ago that Procter & Gamble had a monopoly in this promotional method.

The commission said the giant soap manufacturer had exclusive contracts with every domestic manufacturer of washing machines to pack in its detergents Tide and Dash and similar contracts with makers of automatic dishwashers to include Cascade.

Sale of Washcloths, Towels Is Heavy

NEW YORK (UPI) — More than \$32 million worth of towels and washcloths were sold through variety stores during 1959, the Variety Store Merchandiser, a trade publication, reports.

Total sales exceeded \$100 million. About 80 per cent of towels sold were terry cloth, with the balance in assorted linens, blends and synthetics.

an opinion and needed not be constructed as an opinion that the candidate is unqualified," said Thomas J. Dillon, association secretary.

Although he will not be on the Aug. 2 nonpartisan primary ballot, Judge Arthur E. Moore, nominated for another four-year term, gathered the largest "preferred" votes with 143. He received 17 "qualified" and 15 "not commented on" votes.

The other eight candidates, listed below with the votes by the county attorney, are vying for two nominations for a new two-year probate judgeship.

"PORTRAIT in COLOR"

Oscar Unit Born in 1927

HOLLYWOOD (UPI) — The Academy of Motion Picture Arts and Sciences, which presents the

Oscars each year, was officially founded in 1927 by 36 film industry leaders as a non-profit group to advance the film art and coordinate research in the field of the studies.

Sixty-five per cent of the pedestrians killed in cities were using the streets in an unauthorized or unsafe manner, according to traffic studies.

DETROITER ON FCC — Charles Henry King, right, on leave from his post as dean of the Detroit College of Law, was sworn in Tuesday as a member of the Federal Communications Commission in Washington. Administering the oath is Judge Homer Ferguson of the Military Court of Appeals, who is a former U. S. senator from

Michigan. At center is FCC Chairman Frederick Ford. King fills a vacancy caused by the resignation under fire of Chairman John C. Doerfer. King headed the Taft-for-President Committee in 1952. He has been dean of the Detroit College of Law since 1944 and carried on a private practice. He is a Presbyterian and he has one son.

It's Part of Her Life in Australia

Actress Anne Baxter Slops Hogs

By VERNON SCOTT
HOLLYWOOD (UPI) — What through a barbed wire fence and glamorous screen actress punch-tore a few holes in my pants."

Answer: Anne Baxter. Back in Movietown for a brief visit after four months in the Australian home, Anne likes the rugged life in the bush better than the plush splendors of Bel-Air.

Last February Anne married rancher Randolph Galt, an American who herds some 4,000 cattle on a 37,000-acre ranch in the wilds of New South Wales. Since then she has been leading a frontier life—and loving it.

"I live in dungarees," Anne said at MGM studios where she is filming a few additional scenes for "Cimarron."

SOW EATS GARBAGE

"I've painted the house and redecorated as much as possible. My garbage disposal is a fat old sow named Freda. And I ride her back almost every day. I also go on long hikes and find myself talking to the cattle."

"About three weeks ago I called one old cow some bad names and

she charged me. I scrambled there—is extremely primitive. "You make your own world in Australia's back country. If you aren't resourceful you'll better not go down there. As for myself, I will leave only to make a good movie now and then."

Frequently when the local school teacher, who lives at the ranch, travels the 180 miles to Sydney, Anne takes over as schoolmarm for the two students.

"Kathryn, my 8-year-old daughter, and Lynette Stackman, 8, are the pupils," Anne laughed. "Lynette lives at one of our ranch headquarters. I'm learning as much as the girls are."

Does the rough and ready life of the bush grow wearisome after the luxurious life the actress lived in Hollywood?

"Not at all," she said. "I'm the luckiest of women. I live two kinds of life — the frontier and the city lights of Sydney. We have a landing strip for our plane and stay overnight at our flat there."

"But most of my life at the ranch—we call it a 'station' down

Dancing Dottie Doesn't Like Judge's Tune

MALDEN, Mass. (AP) — Dancing Dottie Ferragamo, 33, mother of three, whose backyard bikini ballet performances have attracted attention in the past, was convicted Wednesday of disturbing the peace.

The blonde, who insists her outdoor dancing is a form of physical therapy, faced some 30 complaining women neighbors in Malden Dist. Court. The women and the police complained that her hi-fi accompaniment was much too loud.

Police have refused to take any action on previous complaints involving her terpsichorean activities on the ground that anything Dottie did in her own backyard was her own business.

They argued with the neighbors, however, that the sounds of the hi-fi were not confined to the yard.

Dottie apportioned a three-month sentence and posted a \$500 bond to take her case to the Superior Court.

There are about 60 million telephones in the U. S. out of about 90 million in the entire world. England ranks second with seven million.

FE 2-9101 Open Evenings
BUICK — OPEL — RENAULT — JEEP**Braves, White Sox in Hot Streaks**United Press International
The two teams the experts said
might be over the hill may yet
go over the top in the Major
League pennant races.They're the Milwaukee Braves
and the Chicago White Sox and
today their blazing mid-summer
streaks are putting the heat on the
front-running Pittsburgh Pirates
and New York Yankees.The Braves' seven-game win-
ning streak has moved them to
within a mere half-game of the
Pirates in the National League
while the White Sox' five-game
drive has lifted them to within
one game of the Yankees in the
American League.The Braves achieved their long-
est winning streak of the year
when Warren Spahn seven-bitted
the St. Louis Cardinals, 3-0,
Wednesday night and the White
Sox made it five in a row when
Roy Sievers' three-run homer pow-
ered them to a 7-1 decision over
the Boston Red Sox.The White Sox' cause received
a solid boost when the Cleveland
Indians downed the Yankees, 5-4,
and the Braves advanced a full
game when the Los Angeles Dod-
gers out-scrambled the Pirates,
7-5, in 11 innings.Glen Hobbie's two-hitter gave
the Chicago Cubs a 4-0 victory
but the Cincinnati Reds won the
second game of the two-nighter.4-3, and the San Francisco Giants
defeated the Philadelphia Phil-
lies, 5-1, in the other National
League games. The Kansas City
Athletics upped the Baltimore
Orioles, 6-3, in other American
League activity.Spahn, who started the season
in low gear like most of his team-
mates, reached the halfway point
in his bid for his 11th 20-win
season with the aid of solo homer
by Hank Aaron and Joe Adcock.
It was the 30-year-old left-hand-
er's 49th shutout and 27th victory
in the majors. Ernie Broglio suf-
fered his fifth loss for the Card-
inals.Frank Baumann shut out the
Red Sox over the last five innings
to win his sixth game for the
White Sox, who tagged Bill Mon-
bouquette for six hits and four
runs in 3.13 innings. Al Smith
also homered for the White Sox
while Frank Malone had three
hits for the Red Sox. It was the
10th win in 13 games for the de-
fending American League cham-
pions.The Dodgers won out in their
three and a half-hour struggle
with the Pirates when rookie
outfielder Tommy Davis hit a
two-run homer off Eddy Fazio in
the 11th. Hal Smith's second
homer of the game tied the score
for the Pirates in the ninth andboth teams scored in the 10th
before Davis' winning hit.Jimmy Piersall and Harvey
Kuenn hit homers and Dick Stig-
man choked off a Yankee rally in
the eighth inning to give the In-
dians one victory in their three-
game series. Mickey Mantle and
Roger Maris homered for the Yan-
kees, Maris' 31st in the Yankees'
32nd game putting him 12 games
ahead of Babe Ruth's record pace.Hobbie had a perfect game un-
til Wally Post opened Cincinnati's
eighth inning with a clean single.
Hobbie then went on to gain his
ninth victory. Post also ruined
routie Jim Brewer's Major League
starting debut with a three-run
homer that enabled Don Newen to
win his fourth game for the
Reds in the nightcap.Sam Jones, aided by Johnny An-
derson in the ninth, beat the Phil-
lies for the fifth time this season
and raised his record to 12-3.
Bob Schmidt had two hits and
drove in a run to lead the Giants'
six-hit attack. Bill Short suffered
his seventh loss.Ray Herbert scattered 11 hits
and Mary Throneberry hit his se-
venth homer for the Athletics, who
beat Milt Pappas his seventh set-
back.**SIGNS FACT**—Bally Howell,
rookie great last year, is ready
for his second season with the
Detroit Pistons. He compiled a
17.8 scoring average as a pro
cager last winter.**Head into the Wind**In dangerously rough water,
head either directly or at a sharp
diagonal into the wind. With
modern high-freeboard outboard
runabouts and cruisers, you can
usually run in almost any direc-
tion, possibly, full right angle to
the wind.Regarding the boos of fans,
Mickey Mantle says "nothing
bothers me when I'm going good."**Orion Orioles Clinch
Small Fry Loop Tie**The Orion Orioles clinched a
share of the Small Fry American
League pennant by walloping the
Indiana 15-1 at Shedd's diamond in
Lake Orion last night. The un-
beaten Birds can be undisputed
champs by at least splitting their
last two games.Bruce Fritz hurled four-hit ball
and fanned eight for the Orioles
while his mates were blasting
three burlers for 18 safeties.
In other games yesterday, The
Gingerville Mets whipped the Pan-
thers 9-1 to stay tied for first in
the Senior National League. The
Falcons drubbed 3-Lakes 13-7, the
Gingerville Ducks kept a share
of first by bombing the T-Birds
17-2 and the Tigers beat the Com-
modores 8-1 in the Junior NL.Junior American scores were:
Spittles 13, Pirates 7; Terras 11,
Robels 9; Red Sox 3, Shanty
Irish 1.The American Football League
will play 14 night games next fall.
The Boston Patriots will play seven
games under lights.The new Atlanta International
Raceway auto track is one mile
and a half.**OXFORD AND HIGH

Water Skiers Converge on Pontiac Area for 2 Weekends

AGE-OLD CHALLENGE—The famous little yawl, Finisterre, heads for offshore waters of the race from Newport to Bermuda. The skipper is Carleton Mitchell. Finisterre won the 1960 race.

Loon Lake Site of State Meet This Weekend

Midwest Tourney Next Week to Be Held at Same Place

Pontiac will be the water ski capital for the next two weekends. Local water skiers will be out to take a share of the honors in the State Tournament this Saturday and Sunday at Loon Lake on U.S. 10 just north of the city.

A week later the Midwest championships will be staged on the same lake with champions from 11 states participating.

Activities Saturday start at 7:00 a.m. with the slalom events in five divisions, junior girls, junior boys, boys, girls and women.

At 11:30 a.m. the ski tricksters in the same divisions will take the water and at 2:30 p.m. the jumping events will take place.

Sunday, the men and veterans divisions will dominate the events starting at 7:00 a.m. and continuing through 4:00 p.m.

Among the top local entries are Paul Boel who finished second in the 1959 nationals and one of the top skiers in the state.

Tony Mitchell of Pontiac the 1958 jumping champion and Jerry Lankin of the 1959 slalom champion, along with Bill Bilby the men's slalom champion, Nancy Messler the girls jumping champ and Randy McCully the state boys junior champion.

Miss Messler, recently graduated from Waterford High School, will move up into the women's division this year and McCully takes another notch in the boys' events.

All next week, each evening Monday through Thursday, starting at 7:00 p.m. there will be water ski shows at the Edgewater Beach Lodge.

The ski week is being sponsored by the Michigan Marine Dealers Association and the Michigan Water Ski Association.

Participating state clubs are the Eastern Lake Ski Club of Pontiac and Ann Arbor.

PYC Skippers in Busy Weekend at Higgins Lake

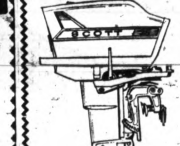

Pontiac Yacht Club skippers will see action this weekend at Higgins Lake entered in the Michigan District Regatta. Two races are scheduled for Friday, two Saturday and one Sunday.

The district winners will be eligible for the International Lightning Championships to be held at Tawas Bay this year. Last year's district winners the McKinley brothers of Tawas and Hern Nichols of Pontiac actually qualify for this year's Lightning Championships.

Clarence Holman of Fenton and Mack Goodwin both qualified last year for the President's Cup Championship.

Representing P.Y.C. in this year's race will be Clarence Holman and Mack Goodwin piloting a new boat. Bob Plack in Escape II, Ralph Johnson in Beasts Me II, Ralph Behler and Burt Bouwkamp in Can Do, Phil Smith in Mafay, Andy Roulet Jr. with Go-Go-Go, Claude Bennett in Gizmo, Al Gray in Key V, Dr. Ken Wood in Hey Mable, and Al Oberon with Gismo also.

Boating

LOOK FOR NEW TITLES—Nancy Messler and Randy McCully, who won titles last year in the girls' and junior boys' divisions, will be back to aim for championships in the state water ski tournament to be held this weekend at Loon Lake. They won't be defending their titles however. Miss Messler will be in the women's jumping division and Randy moves up into the boys' division.

Sailor's Challenge: Alone at Sea

Whether they live hundreds of miles from the sea or on coastal waters, boatmen everywhere seem to long to challenge the open ocean alone. Every year, small craft set out on solo voyages. Five sailboats are racing from Plymouth, England, to New York this summer. Each has only its skipper aboard. The contest is expected to take a month or more to complete. Countless other small power and sailboats are making long passages every year. We asked veteran sailor Christopher de Crauwel how he plans for a voyage of this kind. Knowledge of waters and the boat come first. Boatmen have a respect for offshore seas, but any way they can become treacherous during a sudden storm. Often boatmen on lakes, rivers, reservoirs and ponds believe that since they left shore only hours instead of days ago, they can get into serious trouble. Actually, short steep seas that build up on shallow inland waters can be more punishing to a small boat trying to speed through them than long offshore swells. Though inland storms do not seem to last as long as those far out at sea, they can be equally severe. Inland boatmen should take the same careful preparations that the ocean cruising man insists upon. Preparations begin with a study of all possible emergencies and plans to handle them. Too many beginners start out badly equipped and prepared. The successful cruise is one in which

adventures do not happen by accident. Examine all lines, all standing and running rigging and sails on a sailboat. Replace any questionable items. Arrange coils of rope so they are handy but never underfoot on decks. Slow equipment below so nothing will rocket about the cabin if the waves roll up. Crew members are most useful when kept aboard. If they must move about open decks, install life lines to encircle the boat. Canvas dogers can be fastened as side curtains to keep out driving spray and more solid water. Life rings should be positioned so that they can be thrown immediately to a man in the water. Safety belts should be worn during really rough going. From the belt, a line is fastened by snap hook to a cleat or stanchion so that a rush of water will not wash a man overboard.

There's nothing like a "waterway" vacation and three Waterford couples will vouch for this. Mr. and Mrs. Richard Carlson, Mr. and Mrs. Nille Carlson and Mr. and Mrs. Clarence Dodge and their families made a trip by boat from Georgian Bay to Lake Ontario their vacation the past 10 days. After trailering their boats to Lindsay and cruising as far as the Trent River the couples took their boats in the bay and enjoyed the experiences of moving into many locks and canals. One fish dinner session enjoyed on a deserted island and another evening was spent on Juniper Island in Stoney Lake.

After trailering their boats to Lindsay and cruising as far as the Trent River the couples took their boats in the bay and enjoyed the experiences of moving into many locks and canals. One fish dinner session enjoyed on a deserted island and another evening was spent on Juniper Island in Stoney Lake.

Southwest Reservoir Is Top Boating Waterway

Where is America's most popular pleasure boating waterway? In 1959 it was the wide waters where the Red River Valley broadens out into Lake Texoma between Texas and Oklahoma.

Once sea-coast boatmen liked to believe they had a monopoly. But the 6,736,000 visitors to Texoma last year know that inland boating is bigger sport. Recent figures from the Army Corps of Engineers place this 223 square-mile expanse of water ahead of all others where attendance records are kept.

Lake Texoma is the man-made result of Denison Dam, one of the many reservoirs and navigable waterways constructed by the Army Engineers. Usually the Corps' projects are planned primarily for flood control, navigation, water supply and power generation, but some outstanding recreational waters are also a result.

Who goes to Texoma? Boatmen from communities around its 380 miles of shore line, who keep craft of all sizes from small skiffs up to 100-foot cabin cruisers there. Trailer-boaters drive in from Dallas, Tulsa, Fort Worth and Oklahoma City. Launching ramps also show license plates from throughout the country.

Claims Firemen Arrived Without Water in Truck

MIAMI, Fla. (U-P)—Firemen rushed to the fire at its office building but didn't bring any water, a Miami businessman has charged.

Milton Steinhardt, in a suit filed Tuesday, asked damages. He claims the firemen had used up water from their truck's tank by watering lawns. Steinhardt's attorney explained it was, town grass around the fire station.

The firemen were unable to find a hydrant and an emergency call was made to the Miami Beach department. Steinhardt's office is on Treasure Island, between Miami and Miami Beach.

It happened last May, on Friday the 13th.

Woman GOP Leader in Cheboygan Dies

CHEBOYGAN (UPI)—Funeral service will be held today for Mrs. Glenn Fisher, county register of deeds.

She was a Cheboygan County Republican leader and register of deeds 11 years. Her husband, Glenn Fisher, is deputy register.

'Eliminate Fire Hazards or Close Third Floor'

ST. JOSEPH (UPI)—State Fire Marshal Sgt. Walter Burns has told Berrien County officials that fire hazards in the County Court House will either have to be eliminated or the third floor of the building closed.

Burns told the County Board of Supervisors that of seven areas in the building which needed correction a year ago only two have been partially taken care of.

Action will have to be taken now, Burns said, or legal action will start to close the third floor, which includes the Circuit Court.

Isolation of a Different Sort

African Upheaval Has Angola Unwanted

LUANDA, Angola (UPI)—Under the relentless pressure of African upheaval, the centuries-old isolation of Portuguese Angola is fast coming to an end.

It is being replaced by a new kind of isolation. Instead of obscurity, an obscurity that has insulated the southern African territory one of the great unknown of the continent—Angola is taking on a lonely and unwanted prominence.

Together with Mozambique, its sister Portuguese province on the African east coast, Angola is emerging as the last big stronghold of traditional European colonialism south of the Sahara.

When the slightest inkling of subversive activities is suspected, the authorities crack down hard.

The real threat to continued Portuguese rule appears to come from outside, especially from the Leopoldville area where a stable group of Angolan expatriates will be able to operate openly now that the Congo has black government.

They have the support of Patrice Lumumba, new premier of the Congo, and Kwame Nkrumah, President of Ghana.

Another reason for Portuguese confidence is the economic power exercise over the Congo. Most of the copper and other mineral exports are mined in Katanga Province, in the southeast corner of the Congo. Most travel by rail is across either Angola or Mozambique to the ports of Lobito on the west coast or Beira on the east.

If Portugal should close these rail links, admittedly at great loss to its own economy, the Congo could be quickly brought to its knees.

Michigan Vacation Trail

Lowell Showboat Starts Minstrel Shows Monday

(Editor's Note: This is one in a series of dispatches that will continue through the summer detailing travel for Michigan vacationists.)

By United Press International

The 29th edition of the Lowell Showboat, which bills itself as The World's Largest Minstrel Show, will be staged for six nights, starting Monday and running through Saturday.

Lowell is located east of Grand Rapids in Kent County on M21.

It is estimated that 40,000 persons will attend the performance, which will include six amateur acts chosen from 35 which tried out last weekend.

The headliners of the show are the June Taylor Dancers, the Sportsman Quartet, and Candy Candice, who has recorded many sound tracks for Walt Disney.

Dowagiac's Ridiculous Days, the community's annual funfest, will be held Friday and Saturday.

One of the main features dur-

ing the many event will be the kiddies' parade on a stream theme. Keynote songs will keep order in the parade.

Prizes will be given for the most original costume and pet combination, the most ridiculous costume and the most ridiculous pet.

Mexican nationals who each year assist in harvesting the cherry crop and other fruit in West Michigan will be honored at Hart Friday and Saturday in the community's annual Mexican fiesta.

Selection of a fiesta queen, folk dances and professional and amateur acts will be highlight events of the two-day celebration in the Oceana County seat.

Between 20 and 30 million pounds of cherries are harvested each year in the Hart section.

Slice ride:

Saturday—Chicago to Mackinac Island yacht race.

Monday to Wednesday—National Shuffleboard Tournament, Traverse City.

State Woman to Head Osteopathic Auxiliary

KANSAS CITY, Mo. (UPI)—Mrs. Campbell A. Ward, wife of a Mount Clemens, Mich., doctor, was installed Wednesday as president of the Auxiliary to the American Osteopathic Assn. at the group's annual convention here.

Mrs. Ward has been a national officer of the group for several years and was chosen president-elect at last year's convention.

Norman Thomas Sees Victory for Kennedy

SCARBOROUGH, Maine (U-P)—Socialist Norman Thomas said he expects a victory for the Kennedy-Johnson ticket in the November election, basing his forecast on external developments such as an outbreak of war.

"If I were a betting man—and you I'm not—I would bet on the Democrats but with very small odds in their favor," Thomas told a Portland Evening Press reporter Wednesday.

The six-time unsuccessful candidate for President on the Socialist ticket came from New York for a vacation.

Midland's Dr. Harvey Osteopath President

KANSAS CITY, Mo. (UPI)—Dr. Ray J. Harvey, a 45-year-old general practitioner from Midland, Mich., today was named the 64th president of the American Osteopathic Association during the group's annual convention here.

Harvey was president of the Michigan Association of Osteopathic Physicians and Surgeons in 1952-53. He began his practice in Gaylord, Mich., before moving to Midland.

Several million bushels of potatoes are lost each year as a result of sprout growth in storage periods.

School Building Opening
Aug. 2 in Kalamazoo
KALAMAZOO (UPI)—The new \$750,000 Kalamazoo School District Administration Building will be occupied by Aug. 2, with moving operations beginning this weekend.

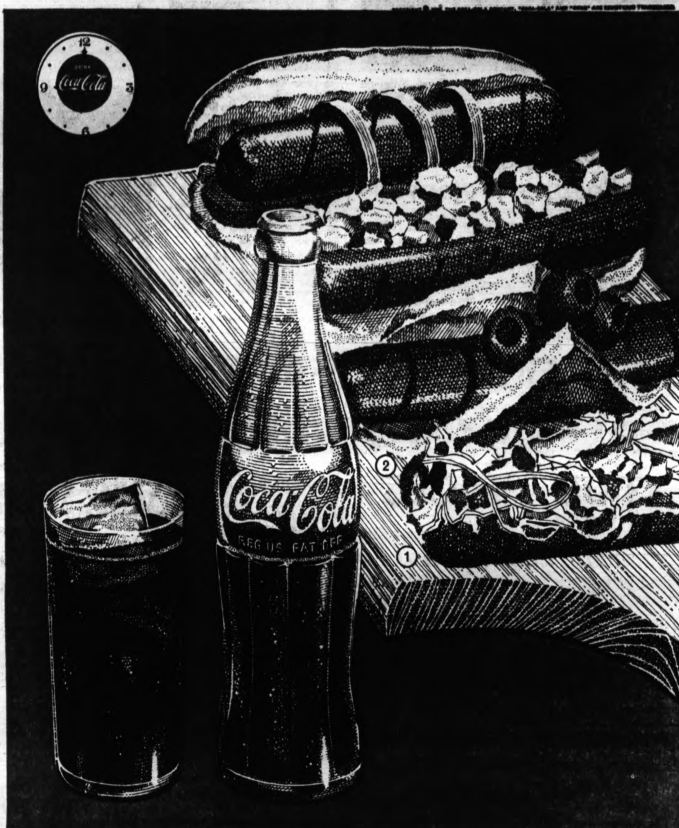

The School Board sold two old Harding School administration buildings to Brown Hospital for \$50,000. The oldest of the two will be razed for a parking lot at the hospital.

SMALL-TOWN STUFF: Ina Winkler figured out who reads those long, dull guest lists on the society pages—the woman whose name was accidentally omitted.

—A baby sister told returning parents: "The baby went to bed at 8, 8:40, 9:30, ten and midnight."

—Earl Wilson.

BE REALLY REFRESHED AROUND THE CLOCK!

Here are four easy ways to serve "Fancy Franks." 1) Slice a hot frank, stuff with cole slaw. 2) Roll frank in slice of mustard-spread bread. Fasten with wooden pick, brush with melted butter, brown in hot oven. Add olives. 3) Mix relish into canned baked beans, pile into sliced frank, pop in hot oven. 4) Put hot frank in bun with slice of dill pickle, red sash of pimento. Serve with ice-cold King Size Coca-Cola. Only Coca-Cola gives you that cheerful lift... that cold crisp taste that brightens any bite.

Serve this Hors d'Oeuvres Pie for a midnight snack with King Size Coca-Cola. Just take a center slice out of a round loaf of dark or white bread. Decorate with a circling of devilled ham and egg salad. Mix yellow pasteurized processed cheese spread with softened butter and pipe along the edges with a pastry tube. Garnish with cucumber slices, sliced olives, cream cheese and a radish. Cut into wedges and serve with ice-cold King Size Coca-Cola!

TEEN DANCE FRIDAY NITE 8 to 11

WHERE: Hard Surface Area near Crofoot and Pontiac Central.
WHO CAN COME: Teenagers between 13 and 19 who live in the Pontiac School District.

MACKINAC BRIDGE

Beautiful to See...
Thrilling to Cross!

AT THE HISTORIC STRAITS OF MACKINAC

Belgrade Builds Port on Danube

BELGRADE (UPI)—This capital city has undergone many changes since the devastation of World War II. New buildings, wide avenues, a giant sports stadium and four grounds pavilions have replaced the former ruins.

Now a new addition is under way. Belgrade is getting a new river port, which already is taking form on the right bank of the Danube.

It will be the largest river port in Yugoslavia, and will stand second only to the seaport of Rijeka in importance.

The port site abounds with activity as hundreds of workers and engineers carve out its form with massive construction machines.

The port will cover an area of approximately 1,500 acres, and its cost will run around \$73 million.

It will be equipped with the most modern means to facilitate shipping operations. It will have two major sections.

In the first section will be the wharves, which will have a capacity of 4,000 carside. In this section storage facilities for milled products are being built to hold 1,000 carloads of produce.

The second section will contain a storage depot for liquid fuels, a freight yard, a passenger station and other facilities.

Due to Belgrade's geographical location and its vital function in the country's economic life, the importance of the new port can be readily realized.

The port is expected to handle 2,700,000 tons of cargo annually.

Priority Placed on Police Force

Would Defend Western Hemisphere From Any Outside Aggression

WASHINGTON (UPI) — Secretary of State Christian A. Herter said Wednesday that top priority has been given the proposed creation of a 21-nation military police force to fend off aggression in the American hemisphere.

Herter acknowledged that the proposal is still in the early study stage at the Pentagon and there is little likelihood such a force could be established in time to deal with the U.S.-Cuba problem.

But he advised Sen. George (A. Smathers (D-Fla)) that he has asked the Defense Department to advise him "of the military practicability of establishing an inter-American police force from the U.S. military point of view."

Herter wrote Smathers, a backer of the police force idea, that problems of financing, training and commanding such a body would have to be dealt with.

He added that the proposal may be discussed at the inter-American conference of the organization of American States in Quito, Ecuador, next March or possibly sooner.

The police force proposal was given impetus by the recent assertions of Soviet Premier Nikita Khrushchev that the Monroe Doctrine is meaningless. Herter suggested that the united military force might be used to safeguard the Western hemisphere against outside attack and to deter elements within the hemisphere that threaten its peace.

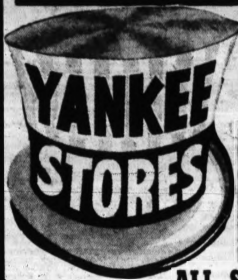

However, he wrote Smathers: "Even under the most favorable

SNAPPY FACE—"Most photogenic new face on Broadway" is the title bestowed on Marie Letovt by students at New York Institute of Photography. Marie portrays June Havoc, Gypsy Rose Lee's sister, in the current stage hit, "Gypsy."

circumstances, I foresee prolonged inter-American consideration of the project, including discussion of the numerous political and technical problems which it raises."

HIGHWAY NEED STUDY

In last years report we explained the nature and magnitude of the 1959 Need Study which we worked on during most of 1959. It was assumed that the State Department would have completed the tabulation of information so that it could be put in this report. Such is not

spring of 1961, but may be delayed.

SOUTHWEST - Work is under way in Detroit and the section from a Mile road to Northwestern is to be put under contract later in 1961. Extensive widening or rebuilding from Northwestern, to 19 Mile is planned as a combined effort by the City of Southfield.

1. *Handwritten notes on a lined page, possibly a ledger or notebook. The text is mostly illegible due to blurring and fading.*

A single line of handwritten musical notation on a five-line staff. The notation includes a treble clef, a key signature of one sharp (F#), and a series of notes and rests. The notes are mostly eighth and sixteenth notes, with some beaming. There are also some rests and a few accidentals. The handwriting is somewhat messy and appears to be a sketch or a first draft.

A single line of handwritten musical notation on a five-line staff. The notation includes a treble clef, a key signature of one sharp (F#), and a series of notes and rests. The notes are mostly eighth and sixteenth notes, with some beamed together. There are also some rests and a few accidentals. The handwriting is in ink and appears to be a sketch or a first draft.

“FOR VALUE RECEIVED”

When you add up the money advertisers spent in 1959 for...

<u>all their television commercials</u>	\$1,525,500,000
<u>all their magazine ads</u>	866,200,000
<u>all their radio commercials</u>	638,000,000
<u>all their outdoor billboards</u>	193,200,000
	<u>\$3,222,900,000</u>

...and you compare the total with the amount they invested
in DAILY NEWSPAPERS alone \$3,517,000,000

...you'll understand just how much advertisers *rely* on
daily newspapers!

Tyke May Poison Self Imitating You

Don't Take Pills in Front of Baby

By United Press International
When Rep. Alvin M. Bentley, Ovona, Republican, announced his candidacy for the GOP nomination for U.S. senator, he touched off one of the most spectacular battles to grab his old spot that Michigan has seen in many years. Six candidates have filed for the Aug. 2 primary on the Republican ticket, two on the Democratic ticket in Bentley's Eighth District.

Bentley was elected from the six-county Southeastern Michigan district four times by margins of from 53 to more than 2-1. The district has been sold Republican since 1927.

In the six-way GOP primary race are former Sen. Mayor James Harvey, a front runner, Saginaw attorney H. D. Walker, considered the possible darkhorse, Joseph J. McInnis of Saginaw, Gregory M. Pillon who is a displaced Detroit now living in Durand, Warren Van Borne of Ionia and Arthur Dillon, who is taking advantage of the law which allows any state resident to run in any district. He lives across the line in Bay City.

On the Democratic front, attorney Karl E. Misko is facing Mary

M. Hardin, a former Wayne city education official, in the primary. Both now reside in Carson City.

Both of Hoffman
It is where in Congressional races, Democrats Edward Burns of Douglas and W. J. Bryan Jarvis of Dowagiac are contending in the 4th District primary for the dubious privilege of taking on incumbent Claude E. Hoffman, dean of Michigan's congressional delegation and unopposed Republican candidate for re-election. If successful, the 35-year-old Hoffman will start his 27th year in the seat he has held since 1934.

In the neighboring 5th District Democrats Robert E. Gersch and William G. Reardon, both of Grand Rapids, face each other in the primary to determine who will run against incumbent Republican Gerald R. Ford Jr., who has held the seat since 1948.

In the 7th District, incumbent James G. O'Hara of Utica, who term two years ago, faces opposition in the Democratic primary from Henry J. Lesinski of Armada.

The winner of the primary will take on Robert J. McInnis, the

Republican from whom O'Hara grabbed the seat by less than 2,000 votes after winning the 1958 primary by five votes.

Lesinski, a labor and former policeman, is not considered a great challenge to O'Hara but the district is far from safely in the Democratic column.

In the 9th District, Donald G. Jennings and Max S. Primmer are contending in the Democratic primary to face incumbent Republican Robert P. Griffin, Traverse City attorney, who is completing his second term. Jennings is from Frankfort, Primmer from Muskegon Heights.

In the 18th District, which is

composed of Oakland County, all Democrats are battling for the right to oppose incumbent Republican William S. Brownfield.

The top contenders are James Kellie, 45, a native of Greece with an impressive war record, who has the AFL-CIO endorsement, and Ralph T. Johnson, 37, a labor-relations man for Chrysler Corp. Zigmund J. Niparko, former mayor of Hazel Park who was defeated in the 1958 Democratic primary, is also making the race, as is Leo P. Meagher of Farmington, George E. Lennox of Royal Oak, and Joseph Kadans who recently opened a law office in Royal Oak.

Colorado's Care Plan in Trouble

DENVER, Colo. (AP)—Colorado's program of hospitalization and medical aid for old age pensioners, one of the most liberal in the nation, is running into financial difficulties and may have to be cut back, officials said today.

The program is costing \$102,000 a month more than is available for payments, the director, Guy Justis, reported.

Under the program—which is written into Colorado's constitution—pensioners are entitled to 30 days of hospital treatment, nursing home care, and the cost of physicians' visits and medicines. There are approximately 32,000 pensioners in Colorado and Justis said 32,723 of them received some type of free care from the fund during the past year.

LI. Gov. Robert L. Knous, who was chairman of a commission which wrote the medical plan, said he hopes there will be no serious cutback and that the Legislature will appropriate funds to make up any money required. The medical care plan was part of a package program under which Colorado's pension system

Stock Outlook Called Good

Reluctance of Suffering Issues to Fall Further Seen as Stability Sign

NEW YORK (UPI)—Sharp contractions in volume on successive days during the recent setback and a parallel decline in the number of issues traded should be considered relatively favorable from a technical price standpoint, according to Kenneth Ward of Hayden, Stone & Co.

Ward thinks that many of the well-known unfavorable factors overhauling the current market have been quite thoroughly sunken in price, although a built-in change in the news is still necessary to restore some of the lost confidence.

Martin Gilbert of Van Alstyne, Noel & Co. views the current market action in the light of a sideways movement which appears to suggest that the decline is nearing an end.

The market does not seem vulnerable to an extremely sharp decline, according to Edmund W. Tabell of Walton & Co. However, the market does need a lengthy consolidation period, he says, and this could last for three to five years with the Dow average locked in a range of 700-750 upside and 500-550 downside.

Wheat Farmers Vote on Marketing Quotas

WASHINGTON (AP)—Wheat farmers vote today to decide whether marketing quotas and acreage controls remain in effect for the 1961 crop. The answer is expected to be yes.

Secretary of Agriculture Ezra Taft Benson has already announced that the price support for wheat will be \$1.75 a bushel or 75 per cent of parity for next year's wheat crop, subject to approval of farmers in today's referendum.

Parity is the level declared under farm law to be fair for the farmers in relation to prices they receive and prices they pay for what they buy.

The program, to be continued, must be approved by two-thirds of those voting.

Hawaii First Campaign Stop for Kennedy

HYANNIS PORT, Mass. (AP) — Sen. John F. Kennedy announced today he will open his "new frontier" campaign in the nation's newest state, Hawaii and Alaska.

Kennedy plans to fly to jet to Hawaii Sept. 1. Then he will go to Alaska and then to Detroit for a Labor Day speech.

Kennedy said Alaska represents "the great opportunity of America — our vast and untapped natural resources, our chance to dam our rivers and irrigate our lands."

He said Hawaii, the 50th and newest state, is "an outstanding example of people of many races and origins living and working together in peace and harmony."

Hawaii "also represents as well a bridge to Asia," he said.

News in Brief

A burglary at Hugus-Marsh Road, 333 N. Cass Ave., was reported to Pontiac police yesterday. An unsuccessful attempt was made to open the firm's safe. Nothing was found missing.

Vandals splashed paint on five new cars in the Jerome Motor Sales lot, 260 S. Saginaw St., was reported to Pontiac police yesterday. The items were valued at \$330.

A portable television set was stolen from the Edward Yulles home at 270 Pauline St. sometime last night, according to Waterford Township police yesterday. The items were valued at \$330.

Rummage and bake sale. Saturday, July 23, 9 to 3 First United Methodist Church, 178 Green.

LOCAL JOURNALISTS REACH TOP — Three Pontiac Northern High School students attending the Communication Arts Institute at Michigan State University under sponsorship of The Pontiac Press were elected to fill the managing editor and sports editor posts. (From left) Richard Pointon, sports editor, son of Mr. and Mrs. J. H. Pointon.

The aircraft-missiles and other space age defense stocks widened their gains somewhat but lacked yesterday's vigor.

The spotty nature of second quarter earnings reports partly remained a depressing factor.

A decline in housing starts for June and a continued lowering in prices for household appliances also dampened sentiment.

Oils were slack, with Sinclair down about 2 points on news that that company's dividend cut.

Steels were narrowly mixed and auto edged off. Rails were up a bid for the first time in a while.

Electronics did very little, failing to accompany defense stocks in their rise based on international tensions.

John-Manville, the slack-off in housing starts emphasized by a dip in earnings for this company, dropped more than 2.

General Motors lost a fraction as GM's Finance Division announced price cuts on its refrigerators.

DuPont was up a fraction and Radio Corp. dropped a point, both stocks in continued reaction to news that their net income had fallen despite record sales.

Lockheed was up about a point. It is prime contractor for the Polaris missile which was being successfully from under water.

General Dynamics gained a fraction and Newport News Shipbuilding a point.

Figures after decimal points are eighth.

DETROIT STOCKS

Evergreen - Farmington sewage. The county will be billed quarterly by Detroit for this treatment based on water consumption per 1,000 cubic feet.

PET DOCTOR
By A. W. Moller, D.V.M.

Q. Occasionally our dog pulls himself along on his rump. Is this a sign of worms?
A. In some cases a dog will indulge in this practice to relieve worm distress, but more often I find the cause stems from the anal glands. These trouble-causing organs are situated under the tail of the dog, who, in his primeval state was supposed to have used them in defense, like the skunk. The trouble starts when these small sacs get congested.

An outside dog who enjoys a maximum of exercise is usually not troubled this way.

Your veterinarian can relieve the pet by emptying the glands and applying antibiotic ointments. If the condition is neglected, infection, abscess, and intense pain may follow.

Cherry Harvest Is in Full Swing

Strawberry Crop Cut by Dryness in UP but Wheat Progresses

LANSING (UPI) — The sour cherry harvest is past the peak in the Southwest and is getting under way in central and northern areas, the Federal-State Crop Reporting Service said Wednesday. Sweet cherries were being picked in northern orchards, and strawberry picking was expected to wind up this week in northern Lower Michigan.

Strawberry prospects were reported cut sharply in the Upper Peninsula Copper Country by dry weather.

The service said soil moisture was adequate over large areas of the state but local shortages were reported in the thumb area, northern Lower Michigan and the Upper Peninsula.

Warm weather the early part of last week hastened turning and ripening of wheat, and a few farmers started combining near the end of the week, the report said.

Afghanistan lies between the Soviet Union and Pakistan.

U.S. Will Block Soviets From Congo

It's a Missile Milestone

Hail First 2 Undersea Launchings of Polaris

CAPE CANAVERAL, Fla. (AP)—There was a hell of a lot of tension, a lot of hopes, ambitions and prayers rode with those missiles.

Speaking was Adm. William F. Raborn Jr., who for four years has directed the Polaris missile program from a paper plan to the first launchings from a submerged missile submarine. He spoke with confidence after two of the eight rockets had been fired successfully within three hours Wednesday.

"There is now no question that we will meet our operational date this fall," Raborn told newsmen on emerging from the submarine George Washington after the historic first firings. "The sooner we get an adequate number of missile submarines, the better."

The two Polaris' scored spectacular successes after being launched from the George Washington as it cruised 50 feet beneath the waves about 30 miles off Cape Canaveral.

1,300 MILE SHOTS

Compressed air ejected both from their vertical launching tubes, and their first stage engines ignited several feet above the surface. The second stages fired a minute later at an altitude of 15 miles and boosted dummy warheads 1,300 miles to the intended impact area in the ocean north of Puerto Rico.

Raborn reported the 23-foot missile had hit "with adequate accuracy to have done the job if they had been fired at an enemy."

Asked to be more specific, the admiral smiled and said: "You are not much interested in which side of the squirrel's eye you hit." Raborn emphasized the double triumph on the first attempts does not mean the Polaris is operational.

"We still have several more submarine launchings on the schedule before the missile will have tactical capability," he said. "The main thing we have to build up is reliability. When the Polaris is ready, we will have more assured power in our hands than any weapon system in the last 20 years."

Raborn had called the mating of the Polaris missile with the atomic submarine a "great deterrent to war."

"On land," he said, "our military installations are known, and an enemy surprise attack would certainly aim to knock them out with the first blow. But an enemy might be deterred from striking that blow if he knows he can't wipe out a Polaris fleet and that these submarines will send by clear rockets in retaliation."

Tears Bring Call Woman to Lead Ceylon

MRS. BANDARANAIKE

COLOMBO, Ceylon (AP)—A widow whose first name means "Fortunate One" was called today to become the modern world's first woman prime minister.

Sirimavo Bandaranaike, 44, who made tears a formidable campaign weapon, was summoned by Gov. Gen. Sir Oliver Goonetilleke to form a new government after returns from the general election assured her leftist-backed Freedom party a majority in Parliament.

After receiving Goonetilleke's call, Mrs. Bandaranaike asked astrologers to advise her of an auspicious time to accept.

Dates for marriages and other important events in Ceylon, as in several other Asian countries, are fixed after consulting horoscopes.

But she announced she would nationalize the island country's insurance companies and tea and rubber plantations most of which are Western-owned. She also said she would name a commission to investigate newspapers that were vigorously hostile to her campaign.

In foreign affairs, she is militantly neutralist.

On the major issues plaguing Ceylon she has had nothing to say so far.

These include the stagnant economy, which should be expanding to keep up with the rapidly expanding population, and the explosive bitterness between the Sinhalese-speaking Buddhist majority and the Tamil-speaking Hindus which has caused much bloodshed in the past.

The election gave 75 of the 157 seats in the House of Representatives to Mrs. Bandaranaike's party. A grouping of small conservatives, schoolteachers, traditional physicians, small-town lawyers and a few rich landowners which her late husband, Prime Minister Solomon Bandaranaike, headed until his assassination last year.

Palmer Is Good Bid at PGA Golf Open

AKRON, Ohio (UPI)—Arnold Palmer, shooting for an unprecedented golfing grand slam, lived up to his favorite's billing today at the start of the PGA Golf Championship when he birdied two of his first three holes.

Sunny Skies, Warmer Weather Forecast Here

It'll be fair and warmer in the Pontiac area tonight and tomorrow, the weatherman says.

Tonight's low will be about 60 and Friday's high is expected to climb to 84. Mostly sunny, warm and humid is the forecast for Saturday.

Light southerly morning winds at 8-15 miles an hour will become southwesterly tonight.

The lowest recording in downtown Pontiac preceding 8 a.m. was 57 degrees. At 1 p.m. the reading was 78.

Rocky and Dick Both Consulted

Party Seeks Platform That Each Will Accept, Wants Pair on Ticket

CHICAGO (AP)—Vice President Richard M. Nixon and Gov. Nelson A. Rockefeller are being consulted in efforts to draft a Republican platform acceptable to both.

Announcing this today, Sen. Thurston B. Morton of Kentucky, the GOP national chairman, told a news conference he doesn't know yet what will be the outcome of attempts to iron out differences of opinion between Nixon and the New York governor.

Nixon Helping to Draft Farm, Rights Planks

He Hopes to Win Back Agriculture Belt and Gain Negro Voters

CHICAGO (AP)—Vice President Richard M. Nixon is taking a hand in drafting the Republican platform on which he confidently expects to run as the party's presidential nominee.

One of Nixon's toughest campaign tasks, if he gets the top nomination next Wednesday as expected, will be to try to win the Midwestern farm belt states back to the GOP fold.

With this in mind, Nixon passed along to Platform Committee members the ideas he has been gathering for nearly six months to incorporate into a plank designed to convince the farmers better days are ahead if they vote Republican.

Rep. Melvin R. Laird, vice chairman of the platform committee, indicated the Nixon-inspired plank is likely to pledge a continuation of federal farm price supports without setting any specific level. Laird is from Wisconsin.

Laird predicted the plank will express different views from those of Secretary of Agriculture Ezra Taft Benson, whom Nixon wants the government to get out of pricing matters and control of production.

In their farm plank, the Democrats promised 90 per cent of parity price supports for major crops. They pledged a food stamp program and expansion of foreign distribution of agricultural products.

Democrats have made Benson something of a political whipping boy, and Nixon has taken some steps to dissociate himself from the secretary's policies.

Nixon's interest in the platform extended also to efforts to draft a civil rights plank satisfactory to Negroes.

Sen. John Sherman Cooper (R-Ky) disclosed that he had conferred with Rockefeller and had urged him to reconsider.

Cooper, a former ambassador and himself one of those mentioned for the No. 2 nomination, said he believes Rockefeller would add strength to the ticket.

But 2 Seek It in Election Nobody Likes Job

By GEORGE T. TRUMBULL JR.

As far as the incumbent Oakland County surveyor and his Democratic opponent are concerned, the greatest service voters could do them would be to do away with the little known office.

In a strange political twist, Republican surveyor Ralph A. Main and Stanley F. Dunn don't think much of the political office they will be seeking in November. They are unopposed in the primary next month.

"It should be wiped off the books," said Dunn, a 43-year-old engineer with Chrysler Corp. A first-time candidate, Dunn is treasurer of the Bloomfield Democratic Club.

He's in the race for the office nobody wants simply to help his Democratic Party make a sweep of the county ticket this year and thus earn a place on the Oakland County Democratic Committee.

RARE AGREEMENT

Although politicians don't usually agree—especially Republicans and Democrats—Main, a 36-year-old former county drain commissioner from Birmingham, agrees with Dunn that "all the office does is take more printer's ink and a little more time for voters."

A surveyor doesn't make any money. Matter of fact, Main says he lost money in the two jobs he can remember he's done since first elected in 1956. He made \$20 for a plat survey and \$35 for a property line survey.

(Continued on Page 2, Col. 3)

Lodge Pledges Troop Barrier at U.N. Session

Premier Lumumba Is Reportedly Ready to Tell Story in Person

UNITED NATIONS, N.Y. (AP)—The United States said today it will do whatever it must to keep Soviet troops out of the Congo.

U.S. Ambassador Henry Cabot Lodge gave the pledge to the U.N. Security Council after Soviet Deputy Foreign Minister Vasily V. Kuznetsov had said "peace-loving states" would have to act if Belgian troops do not leave the chaotic New African republic immediately.

At a council meeting lasting until 1 a.m. Kuznetsov introduced a resolution demanding the withdrawal of Belgian forces within three days.

The Soviet resolution was not expected to win council approval. Instead, the 11-nation group probably will approve a milder resolution being drafted by Ceylon and Tunisia that will call on Belgium to "proceed as speedily as possible" with the withdrawal.

The Ceylon-Tunisian resolution was to be introduced when the council resumes debate this afternoon.

In Leopoldville a Premier National spokesman said United Nations Ambassador Lumumba has informed the U.N. mission he will fly to New York Saturday to address the Security Council on the Congo crisis.

A meeting of the council may be postponed to await Lumumba's arrival, the spokesman said.

Lodge welcomed a report from Sen. General Dave Hammy skidded that the new U.N. military force is moving into the Congo far to restore order and protect the population.

(Continued on Page 2, Col. 5)

Draft-Rocky Finances Top Secret in Chicago

CHICAGO (AP)—The source and total of the thousands of dollars being spent in the draft-Rockefeller movement under way in this city is top-secret information.

There is little doubt that the drive to win the Republican presidential nomination for Gov. Nelson A. Rockefeller of New York is well financed. But the national chairman and finance director of the draft movement says he doesn't think it would be proper to make the money details public.

The chairman, William Brinton, 40, a San Francisco lawyer, turns aside financial questions with: "Is Nixon saying where his money is coming from?"

It is generally assumed here that the draft-Rockefeller effort is futile.

Vice President Richard M. Nixon seems assured of the GOP presidential nomination on the first ballot at the party convention next week.

But the draft movement and the spending—are under way in force.

Brinton says that not a nickel of the funds involved in the draft effort came from the Rockefeller family, directly or indirectly.

And Rockefeller's office said there is no contact between it and the draft movement.

Brinton said his committee is operating with funds received through general contributions. He said the largest single contribution was \$3,000, the legal maximum for individual donations to political candidates.

He declined to say how many \$3,000 donations the committee has received or where they came from.

The extent of the draft-Rockefeller movement is seen in the suites the committee has engaged in the convention headquarters. The theater rented as a center for distributing badges, pins, signs, pamphlets and other campaign paraphernalia, the newspaper advertising and other printed material. Businessmen rarely provide political supplies on credit.

Blazes Raging Over the West

250 Fires in Oregon; San Simeon Castle, Idaho Town Peril

BAKER, Ore. (AP)—Hundreds of fires burned range and timber: land today as temperatures in Idaho and Washington, where they dropped lower and gusty winds blew. One blaze threatened to engulf an Idaho community.

More than 250 fires burned in eastern Oregon, and some threatened to merge into giant conflagrations. Scores more burned in Idaho and Washington, where governors have declared a state of emergency.

Near King City, Calif., fire fighters desperately cut a fire back halfway down a ridge that overlooks the late William Randolph Hearst's castle at San Simeon.

The 26,000-acre brush fire burned to within two miles of the north end of the fabulous estate Wednesday night.

WIND HOLDS FATE

Ranger James Dultz reported the castle still is not in danger. But the wind could easily change this situation, he said.

The endangered town was Woodland in northern Idaho. Flames were spreading across a prairie near the town. A farm home was evacuated when flames reached within a quarter of a mile of it. But an evacuation was scheduled at Woodland unless the danger increased.

Ed Ring, assistant state forester for north Idaho, took command of the fire fighting at the blaze, and all ranches and their equipment were mobilized to stop it.

The biggest blaze, the 30,000-acre fire along the Oregon-Idaho border near Marsing, Idaho, burned out of control. It blazed furiously in knee-high chest grass and shot over five lines as wide as 30 feet Wednesday night. It was reported as man-caused.

He's Like Hot and Cold Water

Indecision Plagues Sen. Barry Goldwater

Indecision Plagues Sen. Barry Goldwater

CHICAGO (AP)—Sen. Barry Goldwater (R-Ariz.) isn't running for president. He also is—or isn't—running for vice president.

It depends on the time of day and the senator's prevailing mood whether he classifies himself as a candidate for nomination to national office.

Once in a while he seems to take the idea seriously. Then he laughs it off as an impossibility.

Whether Goldwater's name is offered in nomination or the presidency at next week's Republican National Convention appears to depend on just how determined his Arizona delegation is to give him this honor. Goldwater indicated it's up to them.

With 30 delegate votes from Arizona, South Carolina and other areas behind him, Goldwater has no expectation of overwhelming Vice President Richard M. Nixon in the presidential nomination contest. He has predicted Nixon's nomination on the first ballot.

Nor does he believe that Nixon will win him on the ticket as a vice presidential running mate.

The senator explains frankly that he is too conservative for Nixon. He thinks the vice president will want Henry Cabot Lodge, U.S. Ambassador to the United Nations; Sen. Thurston B. Morton of Kentucky, the GOP national chairman.

Goldwater said he understood Richard Nixon had narrowed the VP field down to Henry Cabot Lodge, Sen. Thurston B. Morton and a third person he declined to name.

Convention Warmup in Friday's Press

"The Little Chicago Fire" will be touched off Monday.

It won't be set by a modern relative of Mrs. O'Leary's cow. Instead, there'll be an elephant involved—the elephant of the Republican Party.

For a color preview of the Republican National Convention, a look at the candidates and challenges they face, don't miss tomorrow's Pontiac Press.

Fear Bad Eruption of Mt. Etna Soon

CATANIA, Sicily (AP)—Worried villagers on the slopes of Mt. Etna fear the volcano may be bursting into its most dangerous eruption of this century.

Etna erupted last Sunday with its most violent explosion in modern memory.

For two days nothing more happened. Then Wednesday night violent explosions resumed at sundown and continued at a rate of six or seven an hour until after midnight.

Deaths in Pontiac and Nearby Areas

BENJAMIN F. ALLEN

Word has been received of the death of former Pontiac resident Benjamin F. Allen of 4900 Regent Rd., Birmingham, Ala. He died there Sunday after an illness of several months.

Before moving to Alabama two years ago, Mr. Allen owned and operated a Tackle Shop at 2300 Dixie Highway.

Survivors include his wife, Clementine; a son, E. E. Allen of Pontiac; a daughter, Mrs. Abel Beyer of Mansfield, Ohio; three grandchildren and six great-grandchildren. Service and burial were at the John H. Hooton Funeral Home in Birmingham.

WILLARD E. CHANDLER

Service for Willard E. Chandler, 30-year-old former Pontiac resident, will be held at 1 p.m. Saturday at the Hutton Funeral Home with burial in Oak Hill Cemetery.

His body will be brought to Pontiac Friday afternoon from the Hutton Funeral Home in Carbonate, Ill. He died Tuesday in Carbonate.

MESROP A. HOOGSIAN

Mesrop A. Hooghsian, 62, of 24 Clarence St. died Wednesday at Pontiac General Hospital after a long illness.

Mr. Hooghsian was a retired employee of Pontiac Motor Division. He was affiliated with the ARP (AAPI) Committee, Omak Benevolent Union and was a member of St. Sarkis Armenian Apostolic Church in Detroit.

He leaves his wife, Arakose, and another, Mrs. Marguerite Tashjian of Pontiac.

Also surviving are a daughter, Sister Mary Raphael (Rose) of the Monastery of the Blessed Sacrament, Detroit, and a son, Abraham Hooghsian of Pontiac. His sister, Mrs. Victoria Papazian of Pontiac, and brother Kevork Hooghsian, St. Catherine, Ontario, Canada, also survive.

Service will be at 3 p.m. Saturday from the Voorhes-Siple Funeral Home with burial in Oak Hill Cemetery.

CLARENCE M. LAKE

Clarence M. Lake, 53, of 15 Ruth St., died unexpectedly of a heart attack yesterday at the Pontiac City Water Dept. where he was employed.

He is survived by his father, Charles T. Lake of Pontiac, and a sister, Mrs. Vern Parmelee of Waterford.

Service will be at 1:30 p.m. Saturday at the Voorhes-Siple Funeral Home with burial in Oak Hill Cemetery.

BURL MCGOLDRICK

Burl McGoldrick, 65, of 2130 Alerton Rd., died yesterday at his home. He had been ill several months.

A member of Memorial Baptist Church and Michigan National Guard, he had been employed at Pontiac Motor Division.

Surviving are his wife, Opal; his mother, Mrs. Charles P. McGoldrick; a daughter, Ann at home and a son, Corporal Jerry B. stationed at Grosse Ile with the U. S. Marine Corps.

Also surviving are three brothers, Claude of Eviden, Ark.; Floyd and Earl, both of Pontiac; and five sisters, Mrs. Vada Dotson of Pontiac, Mrs. Carrie Rogers of Tipton, Ind., Mrs. Faye Wilber of Cincinnati, Mrs. Mary Spann and Mrs. Mahle Davis, both of Detroit.

Service will be held at 3 p.m. Friday at the Pursey Funeral Home with burial in Oak Hill Cemetery.

FRANK F. MEISTER

Frank F. Meister, 72, of 984 Voorhes Rd. died yesterday at Pontiac General Hospital after a long illness.

Owner and operator of Meister Jewelers until 1959 when he retired, Mr. Meister is a member of Elks Lodge No. 819.

Surviving are his wife, Grace L.; a daughter, Mrs. Leland Lichtenberger of Pontiac; seven brothers and sisters.

Mr. Meister's body will be at the Donelson-Johns Funeral Home Friday afternoon.

MRS. JAMES MEYERS

Service for Mrs. James (Alice) Meyers, 91, of 665 Pontiac Lake Rd., will be held at 11 a.m. Saturday at the Pursey Funeral Home. Burial will be in White Chapel Memorial Cemetery.

A member of First Methodist Church, she leaves a daughter, Mrs. Mary (Alice) Meyers, 91, of 665 Pontiac Lake Rd., will be held at 11 a.m. Saturday at the Pursey Funeral Home. Burial will be in White Chapel Memorial Cemetery.

Church, she leaves a daughter, Mrs. Constance Evans of Pontiac; a son, Augustus of Pontiac, and a brother, Elias Hot of Royal Oak.

Mrs. Meyers died Tuesday after a long illness.

WILLIAM L. TISON

William L. Tison, 14-year-old son of Mr. and Mrs. Freeman Tison of 97 Hillside Dr., died yesterday at St. Joseph Mercy Hospital. He had been ill seven days.

Surviving besides his parents are two sisters, Rosetta and Lada, both of Pontiac.

His body is at Lincoln Junior High School.

The body will be at the Pursey Funeral Home until taken to the First Social Revolution Church for a day noon for service at 2:30 p.m. Saturday at the Gibbons Funeral Home in Harrisburg, Ill.

Mr. Davidson died today after an illness of several weeks.

He was a retired house painter and a member of the Methodist Church here.

Surviving are his wife Emma, and a sister in Flint.

MRS. MALON A. ERELING

TROY — Service for Mrs. Malon A. (Lorna) Ereling, 45, of 2001 Rowland St., Royal Oak, will be at 2 p.m. Saturday at Price Funeral Home with burial in White Chapel Memorial Cemetery.

Mrs. Ereling died today at Mount Carmel Mercy Hospital, Detroit, after a long illness.

Surviving are her husband Malon A., sons Maynard A. of Troy and Gerald D., at home, parents Mrs. and Mrs. Herman Schwandt of Troy, one sister and three grandchildren.

EDWARD C. JENCKS

ORTONVILLE — Edward C. Jencks, 68, of 207 Church St., died today after a long illness.

A retired employee of the Yellow Cab Co. in Pontiac, he was a member of the Baptist Church here.

Surviving are a daughter, Mrs. Clarence Appelon of Drayton Plains, sons Russell of Ortonville and Lee of Bozay, Idaho, sisters Mrs. Etta Torgelson of Clarkston, Mrs. Lilla Howe of Holly, Mrs. John Fraser of Oxford and Florence of Pontiac and eight grandchildren.

His body is at C. P. Sherman Funeral Home.

MRS. WILLIAM STRITTMATTER

FENTON — Service for Mrs. William (Mabel) Strittmatter, 75, of 2035 Kellogg Dr., will be at 2 p.m. Saturday at Drive Funeral Home in Holly.

Burial will be in White Chapel Memorial Gardens at Grand Blanc.

Mrs. Strittmatter died unexpectedly Tuesday while vacationing in Maryland, and a sister, three grand-children and one great-grandchild.

Surviving are a daughter, Mrs. Catherine Dwyer of Holly, two grandchildren, two great-grandchildren, three brothers and three sisters.

MRS. BENJAMIN F. THURMAN

WALLED LAKE — Service for Mrs. Benjamin F. (Victoria) Thurman, 75, of 3219 Adele Terrace, will be at 1 p.m. Saturday at Richardson-Bird Funeral Home with cremation at White Chapel Memorial Cemetery, Troy.

Mrs. Thurman died yesterday after a lengthy illness.

She was a member of the Rose Lodge A.O.U.W. of Pontiac, Ont.

Surviving are her husband and a daughter, Mrs. Eric (Edith) Crippen of Wall Lake, son John T. Crippen of Wall Lake.

Farmers Resist Collectives

Food Crisis Hits E. Reich

BERLIN (UPI) — Farmer's resistance to collectivization has caused the greatest food crisis in the Soviet zone of Germany since the war's end seven years ago.

A virtual farmers strike has made almost all foods scarce. Reports reaching West Berlin said meat almost has disappeared from shops in most East German cities.

Refugees reported housewives line up for hours in the hope of getting scarce milk and eggs, vegetables, fruit, butter and rationed potatoes.

Even bread was said to be in short supply. Communist statements made clear that the shortages were caused by the forced collectivization of farms.

Bureaucratic bottlenecks in the nationalized distribution system were blamed by Communist spokesmen for what they called "unnecessary supply difficulties."

But western officials traced the widespread food shortages to farmers' resistance. Communist press reports confirmed this opinion.

The weekly Communist agricultural newspaper "Der Freie Bauer" painted a catastrophic picture of the food situation. It disclosed farmers were refusing to make deliveries to the state to fulfill their quotas.

The newspapers indicated

farmers were slaughtering collective farm livestock to sell on the black market instead of keeping it for breeding.

The Communists in April announced the complete collectivization of all farms and the abolition of all private farming.

East Germans who came to West Berlin said the food situation was as bad as it was in the summer of 1953 after the zone-wide workers revolt.

Farmers' resistance would not go unpunished.

The 10 farmers in Schwarzenberg, near Chemnitz, were sentenced to prison terms ranging from 3 to 15 years for "fascist and terrorist" activity.

Rep. Powell Plans Retirement by 1964

NEW YORK (AP) — Rep. Adam Clayton Powell Jr. (D-NY) says he plans to give up his seat in Congress "not later than 1964" and retire as minister of the Abyssinian Baptist Church about the same time.

Powell, who made the announce-

ment Wednesday night during the church's annual business meeting, declined to give a reason.

Powell, 51, has been in Congress for the past 16 years. He has been pastor of the 12,000-member Abyssinian church since 1937.

NY Post Editor Dies

CHATHAM, N. J. (UPI) — James F. Graham, 44, managing editor of the New York Post, died Tuesday night of hepatitis at his home. He had been ill for some time.

Publishing Chairman Dies

WHITE PLAINS, N. Y. (UPI) — Dana H. Ferrin, 72, board chairman of Appleton-Century-Croft Inc., book publisher, died Tuesday in White Plains Hospital.

Ferrin, Century vice president and treasurer, later was named executive vice president of the merged concern.

Small Industry Estates Planned by Pakistan

KARACHI (AP) — Two dozen small industry estates will be established under a \$1 million program being studied by the government.

Base's 1,000th Test Missile Thrills Crowd

HOLLAND AIR FORCE BASE, N.M. (AP) — Holloman Air Force Base has sent its 1,000th missile hurtling down its 35,000-foot captive missile test track.

The firing took place Wednesday morning before a huge crowd attending the base's open house. The missile screamed down the track at 1,800 miles an hour before throwing its nose cone 103 feet through the air to plow into an earthen, steel and concrete target.

This city, founded in 1708, was named for the viceroy of New Spain, the Duke of Albuquerque, but the first "v" was later dropped from the spelling.

Women, You'll Be Seeing Red and Many More Colors for Fall

Designer B. H. Wragge, famed for casual town and country clothes, produced the doodle-printed silk-screened dress at left in charcoal and brown at Wednesday's New York showings. The

covered up look at right is one of the trends in evening wear. Designed by Karen Stark for Harvey Berin's collection, it is black Chantilly lace banded in ruby and black satin.

Coats are appearing in new lengths with shorter sleeves and narrower shoulder lines. This mustard and white tweed with patch pockets and shawl collar is by Robert Knox from the Ben Gershel collection.

NEW YORK (UPI)—We women will see red — and a multitude of other hues including purple — when we do our wardrobe shopping this fall.

Women's fashions are headed for such a colorful season that the basic little black dress will look trite as a worn beside the peacock.

The fall collections displayed this week for visiting fashion reporters are full of color — red ranging from fire engine to ruby and deep raspberry; every shade of purple from palest violet through grape, eggplant, plum and amethyst; the whole green spectrum from apple and bronzed green to olive, jade, spruce and emerald.

Dusty and azalea pink, beige, off-whites and tangerine give a boho look to winter clothes, both daytime woollens and night-time silks.

GET SOOTY LOOK

Many fabrics in turn take on a sooty look because black was added during the dyeing process. Browns, grays, blues and greens all get a "blackened" look.

Watch in the brown family also for taupe, chutney, burnished topaz and champagne.

OTHER HIGHLIGHTS

Highlights of other collections shown yesterday:

HARVEY BERIN — Designer Karen Stark continued to feature the sleek, simple daytime wool dresses, with the waistline left in most cases at the normal level. Costume jackets were fur-trimmed.

And for dressy occasions, she used a "bridging the gap" technique to show bareness. The dresses were sleeveless, cut high in front, low at the back, and the two parts joined with neat bows at each shoulder.

BRANELLI — Everything for day wear was drenched in color lacquer red, petunia pink, and fuchsia.

Otherwise, the collection leaned

to the conservative, pretty and becoming clothes.

The firm showed a group of leisure wear also — one outfit, a lounge suit of black broadtail, for the vest and tapered trousers, with white satin blouse.

There were several one-piece coveralls in velvet.

B. H. WRAGGE — This firm, which caters to the woman "who doesn't buy for a season but to build a wardrobe" for seven seasons, featured several outfits with a lowered waistline.

A Wragge classic, the simply cut jersey dress with string belt, this season came with an apron panel, nonruffled.

One overcoat was sleeveless, done sack style in a beige and drab green check wool, worn over a solid beige dress, with long sleeves.

HANNAH TROY — Mrs. Troy liked color, but on the quiet side, with misty, creamy tones. Fur trim, on collar, cuff, or as lining, were on many of the neat, daytime ensembles.

ARTHUR JABLOW — Designer David Kidd uses the bias cut freely — bias cut skirts, bias coat fronts, bands, yokes and hiplines.

In turn, box pleated skirts helped along the look of mobility to the clothes.

The designer also showed the princess silhouette and called it the "Armstrong-Jones," after the British Princess whose wedding gown followed this classic high bodiced look.

BEN GERSHEL — The costume theme ran throughout the collection designed by Robert Knox. Most suits came with overblouses, usually done in wool jersey or cashmere.

Some costumes were two-piece dresses with coordinated coat.

Colors included shocking pink, shown in a cashmere coat with Peter Pan collar, and turquoise, used for an overblouse worn with a brown and turquoise plaid coat and skirt.

Work and Support It: Abby

Don't Give Away Baby

By ABIGAIL VAN BUREN
DEAR ABBY: I am 30, married and 5 months pregnant with my second child. My husband left me three weeks ago and is paying me \$35 a week support. This covers my rent, food, clothes and TV payments. This pregnancy was an accident. I had no intention of having another child because my husband and I were not getting along. I can't possibly support another child on \$100 a month. I plan to work after the baby comes, but I can't support two children on what I would earn. I want to put the new

baby up for adoption and give my first child a decent home. I'd like your opinion.
NAMELESS
DEAR NAMELESS: \$100 a month plus what you could earn is enough for any mother who really wants to support herself and two children. (I notice you are able to support a TV set.) By all means give both your babies a decent home—your home. I've heard from hundreds of mothers who gave their babies away and never stopped regretting it.
DEAR ABBY: What advice would you give a 58-year-old widow who has been invited to live with her married daughter? I have always made it a point never to interfere with my married children because I've seen so much trouble as a result of it, but my

daughter and her husband seem to be so sincere in their invitation and I am lonely. All my friends (especially the widows) tell me they would rather starve to death than live with their married children. I have enough income from my husband's insurance to live alone, but I am lonely. I would appreciate your point of view.
WIDOWED MOTHER
DEAR WIDOWED MOTHER: Don't let the sons grapes from someone else's vine bite you. Many widows have lived happily with their married children. Give it a try.
DEAR ABBY: We live in a trailer court and have a four-year-old son. There are many children in the court and they run like a herd of wild animals. My son wants to play with the other kids in the court, so either I have to let him go on my 10 foot lawn or he wants to run wild with them on somebody else's lawn. I want to raise him like I don't want my son to be wild either. If I confine him to my yard, he is hurt. What can I do to remedy the situation, besides moving?
PUZZLED
DEAR PUZZLED: This problem rests with all the parents in your trailer court. Why not take turns hauling the whole "herd" to a playground, park or picnic grounds? Children need to run and play.
CONFIDENTIAL TO "TEMPERED": The best reason for doing the right thing today is tomorrow.
"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.
For Abby's pamphlet, "What Teen-agers Want To Know," send 25 cents and a large, self-addressed, stamped envelope in care of The Pontiac Press.

Nuptials by Candlelight

Judith Welch Marries

The Rev. George Mahder officiated at the Saturday evening candlelight nuptials of Judith Ellen Welch and Robert Frank Harroun in St. Paul, Lutheran Church.

Mr. and Mrs. Edwin Lawrence Welch of Mary Day avenue are parents of the bride. The bridegroom is the son of the Floyd Robert Harrouns of East Manfield avenue.

Honor maid Sandra Timson, in ballerina-length yellow lace over tulle with matching hat, preceded the bride to the altar which was banked with white gladioli.

Bridesmaids Pamela Harroun and Mrs. James Parker of Keego Harbor, wearing green lace over tulle with matching hats, carried cascade bouquets of green and yellow carnations.

The bride's gown of white Chantilly lace over silk tulle was styled with high neckline and sleeves extending in lily-points over the hands. The bouffant skirt, caught by a large satin bow over pleated net, fell into a chapel train.

CROWN OF PEARLS
A crown of seed pearls secured the fingertip veil of silk illusion. The bride carried a hand-cascade of white roses, stephanotis and ivy.

The bridegroom had Richard Dembinski for his best man, with Darrell Crandall and George Fagan, groomsmen. Joseph Timson seated some 200 guests, assisted by Harold Welch Jr. of Charleston.

A brown and blue floral printed cotton was Mrs. Welch's selection for the church reception. Her accessories in mink shade were complemented by a corsage of yellow roses. The mother of the bridegroom chose brown and white printed cotton with a Dior bow accenting the waistline. Her shoulder corsage was of pink rosebuds.

Assisting at the reception were Susan Ribew, Sharon Freeman and Carol Atkinson.

White pique accented the bride's small black and white check cotton jacket dress donned for the Northern Michigan honeymoon. The couple will be at home on Clayburn street.

Dance, Dinner Make News

By RUTH SAUNDERS
BLOOMFIELD HILLS — Another luncheon meeting was held last week at the Bloomfield Open Hunt Club to further plans for the Denim Dance to be given there Sept. 24. This will be the third of its kind to benefit the clinic of St. Joseph Mercy Hospital. It is given by the auxiliary of the hospital and called Denim Dance to show that blue jeans and Levi's may be worn.

There will be a chuck wagon supper, many games and dancing.

Mrs. James Q. Goudie, chairman, presided as her co-chairman, Mrs. Jack Davis is at her summer home at Harbor Springs.

Committee members include Mrs. John A. Reid, Mrs. Edward E. Rothman, Mrs.

Rocco di Marco, Mrs. R. L. Polk, Mrs. Irving A. Duffy, Mrs. Walter Williams, Mrs. A. C. Girard, Mrs. E. A. Christie, Mrs. John Maddox, Mrs. Ray Cunningham and Mrs. Harwood Bacon.

Mrs. Harry W. Taylor will entertain at a family supper party Sunday in her home on West Long Lake road for her son-in-law and daughter Mr. and Mrs. Robert L. Morris of San Francisco who are spending two weeks with her.

Mrs. Morris' brother-in-law and twin sister the Danforth Holleys have given a dinner for the visitors in their Gross Pointe home.

Mr. and Mrs. Frank J. McGinnis and Mrs. R. E. Lawler, spend the weekend as house guests of Mr. and Mrs. Emmett E. Tracy at their summer home at Harbor Pointe.

Mrs. Vernon C. Genn has returned this week from six months' travel in Hawaii, Japan and Hong Kong.

Mr. and Mrs. Arthur C. Butterbaugh were hosts at a cocktail party Saturday in their new home on Echo road.

Mrs. Dorothy K. Roosevelt, who attended the Democratic convention in Los Angeles, has gone to San Francisco for a visit with her other two daughters, Mrs. Janet R. Walker and Mrs. Agar Jaicks and their families.

Milton F. Cushman Jr. and his son John have returned from a fishing trip in Northern Michigan.

City Hospital Auxiliary Slates Membership Tea

The Golden Anniversary Membership Tea of the Women's Auxiliary to The Pontiac General Hospital is slated from 2 to 4 p.m. July 27 at the West Watson boulevard home of Mrs. Clark J. Adams.

General chairman Mrs. W. Fred Fuller is being assisted by Mrs. Floyd A. Compton, general co-chairman.

Pouring at the tea will be Mrs. B. B. Roush, Mrs. Everett Reese, Mrs. William Donaldson, Mrs. Walter H. Williams and Mrs. William R. McClure.

Others presiding at the refreshment table will include Mrs. Philip E. Rowton, Mrs. Willis Brewer, Mrs. J. Warren Gately, Mrs. John J. Marra, Mrs. Vernon Abbott and Mrs. Harold A. Fitzgerald.

Also serving will be Mrs. Arnold Hillerman, Mrs. Charles Crawford, Mrs. Charles Galloway, Mrs. Scratte V. Seider, Mrs. William J. Dean and Mrs. P. Eugene Miller.

Committee chairmen include Mrs. Cecil McCallum, invitations; Mrs. M. D. Shelton, memberships, assisted by Mrs. Charles E. Barrett; Mrs. R. T. Lyons, Mrs. E. E. Elder, Mrs. Ross Elliott, Mrs. B. A. Armstrong and Mrs. Peter Hensley, guest book.

Refreshment committee members are Mrs. Palmer Bundy, Mrs. Charles M. Campbell, Mrs. Miller and Mrs. Reese.

Others are Mrs. William Bedard, decorations; Mrs. Mrs. James Clarkson, hospital, Harry Stowell, courtesies; trolley and Miss Emma Howard, social.

On the reception committee are Mrs. Donald H. Carros, Mrs. Harold B. Elder, Mrs. Raymond Rapaport, Mrs. Norman Durocher, Mrs. McCallum and Mrs. J. A. Rannum.

Mrs. Robert Segula, Mrs. Palmer Bundy and Mrs. D. R. Wilson conclude the reception committee list.

Headliners of the transportation committee is Mrs. William McCure of Illinois avenue.

Mrs. Donald D. Redmond is in charge of parking and Mrs. Forest R. Wood is publicity chairman.

Four Pages Today in Women's Section

Clarkston area committee members of Pontiac-Oakland Town Hall, Inc., are busy with plans for membership extension for the lecture series in their area. Meeting recently at the Middle Lake road home of

Mrs. Keith Leak, center, were Mrs. William Johnston, left, of Middle Lake road and Mrs. Russell Colson of West Church road. Series speakers will include Harry Golden and Carlos Romulo.

MacDowell Men to Attend Picnic

Present and past members of the MacDowell Male Chorus will attend their family picnic Saturday. The affair will begin at 5 p.m. at Marshbanks Metropolitan Park.

Members not receiving invitations by mail may call the group's secretary, J. L. Waldo of Crane street, Drayton Plains.

McKnight-Fox Marriage Told

Former Pontiac residents Mr. and Mrs. James W. Fox of Mount Clemens announce the marriage of their daughter, Margaret Ellen Fox, to Army Pfc. Alton H. McKnight, son of Mrs. Moses Stoptis of Cherry court and the late Henry McKnight.

The ceremony was performed June 25 in St. Michael Chapel at El Paso, Tex., where the bridegroom is stationed. The couple is residing in El Paso temporarily.

Slump Spoils All

(NEA) — Poor posture and slumping under all the good routines and trips to beauty salons and dress shops accomplish

1940 Grads Plan Reunion

Committee members planning the 20th anniversary reunion of the 1940 Pontiac High School graduating class met at the Orchard road home of Mrs. William Weaver Tuesday.

Aug. 27 is the date for the reunion at Waterford's Cal Building. A social hour will precede the dinner. Graduates unable to attend the dinner have been invited to be present for activities later in the evening.

Mrs. Robert Pote of Dick avenue will be hostess for the Aug. 2 meeting.

Travel Companions

(NEA) — Scope and detour are the traveling women's important place in every suitcase, even when your trip will be a short one.

PEGGY'S

OUT THEY GO!

Every Shoe In the Store
Must Be Sold Before We Move

Poultry Is a Better Buy Than Ever Popular Steak

This is definitely the season for Michigan grown food, but shoppers cannot expect to find plentiful supplies of every food all summer, reminds the Marketing Information Agent, Mrs. Josephine Lawyer. Each fruit and vegetable has a particular time when it is harvested, when it reaches its peak of supply.

The Michigan raspberry is an example of fruit which is never in abundant supply, which comes to market for only a short time in any quantity. If you plan to enjoy this fragile fruit, it is available from now until the end of the month.

If you plan to freeze some for winter use, this week should be ideal. Since raspberry supplies are small compared to some other fruits now being harvested, you'll find raspberries priced at 30 to 40¢ a pint this week.

Michigan State University recommends three ways for freezing raspberries, depending upon how you wish to use them later. Either, pack dry raspberries in a container or cover with 40 per cent sugar; or mix 1 cup of sugar with 4 cups of fruit. Forty per cent syrup is made by dissolving 3 cups of sugar in each 4 cups of water. Chill the syrup before pouring over the berries. Allow one-half inch head space at the top of the containers for expansion when the berries freeze.

Raspberries lose flavor rapidly, so use them the day of purchase. To avoid crushing, spread the berries in a thin layer on a pan or tray before refrigerating. Wash and drain berries just before serving.

If your family is typical, you like steak in summer and you like to broil it over charcoal. How do you know you will get a tender steak? Mrs. Lawyer suggests that you look for well-marbled steak. Marbling means streaks of fat interspersed within the lean. A well-marbled steak will usually be tender and juicy when broiled. . . . if it came from a young beef animal.

Federal grades are a guide to tenderness and age of the animal. U. S. Prime and U. S. Choice meat comes from young grain-fed animals. If beef is Federally graded, and if it has not been trimmed too deeply, you can find a purple shield-shaped stamp enclosing the grade name and the letters U.S.D.A. Some stores also put the beef grade on the package label.

Certain steaks are more tender than others. Those most tender are porterhouse, T-bone, sirloin and club. Rib steaks are a little less tender and usually cost less per pound. Steaks cut from U. S. Choice blade chuck and the top

muscle of the round are still less tender, and lower priced. Have you noticed that summer is the season when you buy more ice cream than usual? Price, flavor and size of package are some of the factors determining which ice cream you buy.

In Michigan, ice cream purchases are protected by strict laws. Vanilla ice cream contains 12 per cent milk fat. Fruit ice cream must contain not less than 10 per cent milk fat and not less than 2 per cent by weight of sound, non-rancid nuts. French and custard types of ice cream contain not less than 12 per cent milk fat and 4.1 per cent of egg yolk solids.

Nut ice cream must contain not less than 10 per cent milk fat and not less than 2 per cent by weight of sound, non-rancid nuts. French and custard types of ice cream contain not less than 12 per cent milk fat and 4.1 per cent of egg yolk solids.

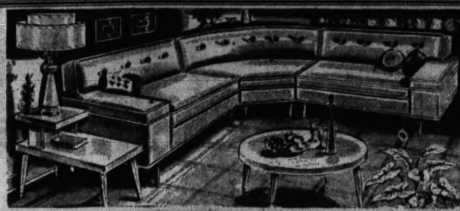

The season is right for fresh gooseberry pie, or cherry and your old-fashioned currant recipes. The market master reports light supplies are now available. New Jersey's blueberry season is ending. Michigan's is getting under way. You will find more blueberries next week. Looking for fresh produce in plentiful supply? Then check summer squash, cantaloupe, watermelon, honey dew melons, radishes, green onions.

If you count the dollars you spend for meat, it may interest you to know that large size canned hams, whole fryers and turkeys are available at approximately 20 cents per serving this week. Very few meat cuts are as low in price.

Enter Lake, Oregon, which is an unusual sapphire blue. It is what was once a gigantic volcano, and is estimated to be 2,000 feet deep.

Wheat Farmers Vote on Marketing Quotas

WASHINGTON (U.P.)—Wheat farmers today vote to decide whether marketing quotas and acreage controls remain in effect for the 1961 crop. The answer is expected to be yes.

Secretary of Agriculture Ezra Taft Benson has already announced that the price support for wheat will be \$1.75 a bushel or 75 per cent of parity for next year's wheat crop, subject to approval of farmers in today's referendum.

Parity is the level declared under farm law to be fair for the farmers in relation to prices they receive and prices they pay for what they buy.

The program to be continued, must be approved by two-thirds of those voting.

Hawaii First Campaign Stop for Kennedy

HYANNIS PORT, Mass. (AP) — Sen. John F. Kennedy announced today he will open his "new frontier" campaign in the nation's newest states, Hawaii and Alaska.

Kennedy plans to fly by jet to Hawaii Sept. 1. Then he will go to Alaska and from there to Detroit for a Labor Day speech.

Kennedy said Alaska represents "the great opportunity of America — our vast and unexplored natural resources, our opportunity for growth, our chance to dam our rivers and irrigate our lands."

He said Hawaii, the 50th and newest state, is "an outstanding example of people of many races and national origins living and working together in peace and harmony."

Hawaii "also represents as well a bridge to Asia," he said.

News in Brief

A burglary at Bugas-Mars Roofing, 353 N. Cass Ave., was reported to Pontiac police yesterday. An unsuccessful attempt was made to open the firm's safe. Nothing was found missing.

Vandals splashed paint on five new cars in the Jerome Motor Sales lot, 280 S. Saginaw St. It was reported to Pontiac police yesterday.

Mrs. Bernice Rich, 464 Harper St., reported the burglary of two bicycles, six rings, clothing, and four suitcases to Pontiac police yesterday. The items were valued at \$50.

A portable television set was stolen from the Edward Yulien home at 270 Paulsen St. Some time last night, according to Yulien, the set was stolen from his terrace. Township police reports.

Defense Issue Again in Lead

NEW YORK (U.P.) — Space age defense issues continued to advance early today in an irregular stock market which showed a slight bulge to the upside. Dealings were fairly active.

Most oils were easy, discouraged by Sinclair's dividend cut. Sinclair dropped about a fraction.

Gains and losses of fractions to about a point were scattered through the oil, aircraft-missile and other defense issues were active.

Lockheed, prime contractor for the Polaris missile which was fired successfully from underwater, rose a fraction. Builders of the nuclear-powered submarines equipped to fire the Polaris also gained. General Dynamics gained a fraction and Newport News Shipbuilding a point.

General Motors was off a fraction, dampened by price cuts of its Frigidaire Division. General Electric dropped about a point. Westinghouse Electric fell 1/2 point.

Moderate gains were made by United Aircraft, Boeing, Douglas Aircraft, and Martin Co.

U. S. Steel picked up a point. John Hancock dropped more than a point. Thikol added more than a point.
