Sudden Rainstorm Eases Heat Wave Here

Mercury Drops From 99 to 75 During Shower

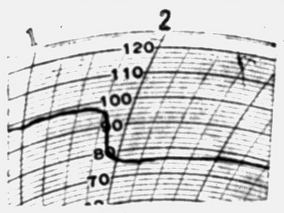
Cooler Weather Seen Remaining in Pontiac Area Tomorrow

The highest temperatures of the year plummeted abruptly yesterday afternoon on the heels of a driving rainstorm that knocked down trees and utility lines in some sections of Oakland County.

Pontiac area residents had their first comfortable sleep in several nights as the cool air dropped temperatures across the northern edges of the plains region, most of the Great Lakes and the North Atlantic states.

The comparatively cool weather is expected to remain tonight and tomorrow.

The mercury will reach a high of 80-84 today, drop to near 70 tonight and rise to 84-86 Friday. Northeasterly winds, 8-12 miles per hour, will increase to 12-18 this afternoon and become easterly at 5-10 m.p.h. tonight.



Section of recording chart in Press office shows sudden drop in temperature at 2 p.m. yesterday.

At 8 a.m., the temperature in downtown Pontiac was 69 degrees. By 1 p.m., it had risen to 78.

The storm struck about 2 p.m., after the mercury had climbed to a scorching 99 degrees—a degree above the year's previous high of 98, recorded on July 4.

The short - lived downpour dumped .16 of an inch of rain on the area and plunged the temperature from 99 to 75 degrees in less than a half-hour.

Winds up to 75 miles per hour accompanied the rain in some areas.

TREES DOWN

Two large trees and several large branches fell across roads near Rochester, blocking traffic for more than an hour.

A tree fell on a car on Fifth Street in Rochester, but its driver was uninjured.

Two houses in the Brooklands subdivision were struck by lightning, but only one of the dwellings was damaged.

A heavy fall of fine hail was reported in the village of Commerce, along with high winds and heavy rains which halted traffic for a short time.

A total of 600 telephones were out throughout the Pontiac district but most were back in service today.

Sizzling Temperature Cracks Window

Pontiac Press Photo

HEAT DAMAGE — Tangible proof that it was hot here yesterday is shown above. Floyd Forgette, of 135 Edison St., checks the temperature by his car, after the near-record heat caused the auto's rear window to "explode." Forgette's car was parked in his driveway, with the windows closed, when the window shattered. Insurance companies here say they have had several such claims filed this summer.

Find Missing Pontiac WAF This Morning at Airport

Twenty-year-old Air Force WAF Joan Richie, missing since July 17, was found early today at Willow Run Airport as she attempted to cash in an unused plane ticket at an Eastern Airlines ticket office.

She was recognized by an employe who called her parents, Mr. and Mrs. Ewell Bolinger, of 2148 Wooddale, Avon Township. Joan's mother persuaded her to remain at the terminal until State Police arrived from Ypsilanti.

The brown-haired beauty contest finalist told officers and Detective Leo Hazen of the Oakland County Sheriff's office she was "fed up" with military life and had spent the past 10 days at an Ann Arbor boarding house.

She said she ran out of money and returned to the airport to cash in the ticket.

An airman second class, Joan had been home on a 2-week furlough from Eglin Air Force Base, Fla., where she was a typist. She was taken to the terminal by her parents, who said they did not see her board the plane.

The girl became the object of a search by civil and military authorities here and in Pensacola, Fla., after a roommate at Elgin called, asking why Joan hadn't returned for duty.

Hazen turned her over to military authorities this morning and she was taken to Selfridge Field.

When police arrived, Joan became hysterical, sobbing: "I'm terribly ashamed of the way I've disgraced my family, but I don't want to go back."

Hazen said he and the girl's parents were leading her from the terminal when she made a sudden dash across busy U.S. 112 and was narrowly missed by a passing police car that braked to a halt.

Earlier she told Hazen that as she prepared to board the plane something came over her and she couldn't return to duty. She ran from the airport, took a taxi to Ypsilanti and a bus to Ann Arbor.

"I walked the streets trying to decide what to do. I was homesick, but I'd tol dmy folks I liked the service and I was too ashamed now to admit I really wasn't.

"I stayed at a boarding house in Ann Arbor and ate in restaurants, then I ran out of money and came back to cash in my ticket."

Talbott Decision Up to President

Delayed Senate Report Puts Fate of Air Chief in Ike's Hands

WASHINGTON (AP) — The "personal" decision President Eisenhower says he will make on Harold E. Talbott's future as secretary of the Air Force apparently will have to be made without any advice from the Senate.

There was no indication that an early report would be made by the Senate Investigations subcommittee which inquired into Talbott's about-to-be-severed outside business connection.

The subcommittee wound up its hearings yesterday after Talbott had testified that "I now see that I was mistaken" in some of his actions.

Chairman McClellan (D-Ark) said it would act "without undue haste" in reporting its findings.

Talbott dramatically told the subcommittee yesterday he is giving up, effective next Sunday, the partnership in the New York firm of Paul B. Mulligan and Co., which has paid him $132,032 in the 2½ years since he took his Pentagon job.

58 Will Receive Diplomas From Pontiac High Friday

Pontiac High School's 1955 summer commencement exercises are scheduled Friday at 8 p. m. in the school auditorium.

Fifty-eight graduating seniors will receive diplomas. Dr. Guy Hill of Michigan State University's English department will deliver the address.

The ceremony will mark the completion of 25 years as principal of the school for John Thors Jr.

As high school principal, Thors has signed more than 13,000 diplomas for graduating seniors since he assumed his post in 1930.

Thors will present the graduating class for diplomas at Friday night's ceremonies and the diplomas will be awarded by C. T. Forsman, assistant principal.

Invocation will be given by Naomi Maloney, vice president of the class and remarks will be made by Charles D. Toby, class president.

Other class officers are Lela Mae Vaughn, secretary, and Janice Roberts, treasurer.

Judith Dickstein will present a piano selection on the commencement program.

Russian Husband Divorces Spouse Having Wrinkles

MOSCOW (AP)—A Soviet editor has denounced a husband who suddenly discovered his wife had wrinkles—and decided to rid himself of her.

The article, in the newspaper Communist of Tadzhkistan, is part of a campaign against "feudal practices" among Soviet Moslems.

At 17 Tursonoi Astanakulova was so pretty she could be compared only to a flower. Her parents ordered her to marry Ikram Kayumov, 23, whom she had never met. That was in 1942.

"The years passed and Tursonoi and Ikram were the parents of four children. One day, coming home in high spirits, Ikram kissed his wife and said 'Tursonoi, you are my flower.' Then he noticed tiny wrinkles around her eyes. 'What is this I see? You've aged! I have no use for an old wife.'"

Ikram decided to make conditions so unbearable she would have to leave him.

Polio Shots Set for Pontiac Area

County Children Get Second Inoculation in 3 Areas Next Week

Schedule for completing second-round anti-polio shots for 14,000 first and second-grade youngsters in Oakland County was announced today by Dr. John D. Monroe, county health director.

Inoculations will be given at Birmingham High School Saturday, and vaccine will be administered in three other areas next Tuesday, Wednesday and Thursday.

Tuesday's clinic will be at the Walled Lake-Commerce school on Farr road for youngsters in the Walled Lake, Huron Valley and Dublin school districts.

Wednesday shots will be administered at Lincoln Junior High School in Pontiac for pupils in the Pontiac, Avondale, West Bloomfield, Waterford and Rochester school districts.

Children in the Ferndale, Madison, Farmington, Clarenceville and Carver school districts will get their shots Thursday at the South Oakland County Health Center, 2401 E. 4th St., Royal Oak.

Youngsters from Bloomfield, Troy, Southfield and Birmingham school districts will receive their second and booster shots Saturday at Birmingham High.

Mrs. Howard Rieman, of Birmingham, chairman of the polio clinic volunteer workers, has asked all women who helped during the last inoculations to assist vaccine operations this Saturday.

July Snowball Fight

ST. LOUIS (AP)—Sharon Shell, who will be 13 tomorrow, has invited some friends over to celebrate the anniversary with a snowball fight. The snow fell last February and is stored away in the family freezer.

That'll Stop 'Em

MEXICO CITY (AP)— They're seizing 300 bicycles a day here in a campaign against reckless cycling.

Congress Set to Finish Action on 2 Major Bills

House, Senate Come to Agreement on Minimum Wage, Foreign Aid

WASHINGTON (AP)—Congress moved two of its dwindling number of major bills into position for final action today but House leaders clung to the view the session would spill over into next week.

The Senate is in the position usually occupied in previous years by the House —marking time while the other branch struggles with bills to be cleared out before adjournment.

Conferees reached agreement yesterday on two major pieces of legislation, a minimum wage increase and a foreign aid money bill, with the House winning clear-cut victories on both.

These are expected to be whipped to the White House today. The minimum wage bill would increase the statutory floor in interstate commerce from 75 cents to $1 an hour, effective next March 1.

President Eisenhower, who asked for 90 cents, said yesterday he hadn't yet talked to Secretary of Labor Mitchell and didn't know whether he would accept Mitchell's recommendation to sign the measure.

The conferees on the foreign aid measure confounded predictions by settling their sharp differences on the first day they met. They settled for a total of $2,703,341,750 in new cash, or 563 million less than Eisenhower asked and 502 million less than the Senate voted.

The compromise figure was less, by over 250 million dollars, than the amount Congress voted last year.

Sen. Ellender (L-La), who had battled in vain on the Senate floor for the lower House figures, said the conference agreement "made me feel good."

The main remaining hurdle to adjournment appeared to be a housing bill still drydocked in the House Rules committee, where half of the members oppose its public housing provisions.

If Congress takes no action, most of the big government housing programs such as FHA mortgage insurance will expire July 31.

Heat Freezes Bridge

NEW YORK (INS)—What goes up does not necessarily come down, at least not while New York City's heat wave persists. Take for example the city's new draw bridge to Welfare Island. It went up last night, expanded from the heat and it's still up.

Clardy Runs Again

WASHINGTON (AP)—Former Rep. Kit Clardy, an East Lansing Republican, said today he will be a candidate next year for his old Sixth District seat in the House.

Sea Claims 36 Teenagers

Mountainous Ocean Wave Engulfs Jap Swim Class

TSU, Japan (AP)—A giant wave swept a junior high school swimming class to sea today and 36 teenage girls died amid confusion and delay in rescue work, police said.

Forty-five girls taking their final swimming ability test were swept seaward by the great breaker.

Frantic teachers, fishermen and other helpers recovered all 45 within half an hour.

But because of delays in giving artificial respiration only nine could be revived.

The tragedy, Japan's worst swimming beach disaster, occurred on the Sea of Ise, about 45 miles southwest of Nagoya on Honshu.

The girls, all Japanese students from the Tsu community, had started a week-long swimming course last Thursday.

They had gone about 35 feet out into the surf today for their final ability test.

A mountainous wave broke over them. Its powerful ebb swept them seaward into deep water. Shouts of fun turned to terror.

Hysterical and weeping parents arrived at the beach, crowding around the teams trying to restore life.

On Airliner

MRS. ZAHAWA SHEINBAUM

Listed by the El Al Israeli Air Line as a passenger on the airliner that crashed in flames in Bulgaria yesterday was Mrs. Zahawa Sheinbaum, of New York. She was secretary general of Histradrut Ivrit, an organization for the preservation of the Hebrew language.

Skilled Trade Group Plans Session Sunday

Skilled tradesmen dissatisfied with recent contracts with the big auto companies will hold "recruitment" meetings in six cities, including Pontiac, Sunday.

They will appeal to fellow workers to join them in bolting from the ranks of the CIO United Auto Workers and establishing a new organization. The meetings will decide whether to form an independent skilled trades union or to seek a separate charter under the CIO, a spokesman said.

The Pontiac meeting will be held in the Lincoln Junior High School auditorium at 1 p.m.

Bulgaria Admits Shooting Plane

Twelve Americans Dead After Red Guns Down Israeli Airliner

LONDON (AP) — Bulgaria admitted today its antiaircraft guns shot down an Israeli airliner, killing all 58 persons aboard. It said the plane was off course for 100 miles over Communist territory.

Bulgaria expressed regret for the tragedy and appointed a government commission to inquire into the disaster in which 12 Americans perished.

Breaking a 24-hour silence, the Bulgarian Telegraph Agency, in a broadcast communique, said the EL AL Constellation left its course over Yougoslavia yesterday entered Bulgarian air space "without warning" over Trin. The town is about 35 miles northwest of Sofia. The airliner was flying from London via Vienna and Istanbul to Israel.

The plane, by Bulgarian account, moved within a short distance of Sofia on its errant course, then flew south before being shot down in flames near Petrich, just a few miles from the Greek border.

Aboard the plane were 51 passengers and a crew of seven.

The airline reported that these American passengers were aboard the plane: Mrs. Rella Avram, Mrs. O. Cohen, a Mr. Hameiry, Mrs. A. Hahn or Hann, Mr. A. Mann, Mrs. Shaeffer or Schaeffer, R. Sacks, Mrs. A. Sacks, Mrs. D. Sacks, Mrs. M. Katz and her small daughter and Mrs. Zahawa Sheinbaum.

Capt. Stanley Hinks, British-born pilot of the plane, was to be married on Monday in Tel Aviv.

His fiancee., Mrs. Margit Lettstrom-Morgan, was a passenger on the flight.

Higgins Predicts Building Start by January 1st

Ike Requests Congress to Reconsider Action on Freeway Bill

WASHINGTON (INS) —President Eisenhower called on Congress today to reconsider before its adjournment his highway program which was killed in the House yesterday.

Following rejection of a federal highway aid bill by Congress, the chairman of the Michigan Turnpike Authority today expressed confidence the state will construct a north-south turnpike.

MTA Chairman George N. Higgins told the Pontiac Press the turnpike, slated to cross Oakland County, is expected to be under construction by January 1, providing the State Supreme Court rules against Dearborn in a suit which would hamstring construction.

"Up to a few days ago I wasn't sure, but after this decision by Congress I am very confident that we can go through," Higgins said.

Congress yesterday killed two programs, for this year at least, which called for large expenditures for the nation's overcrowded highways.

Rejected were President Eisenhower's plan for highways financed by long-term bonds and a Democratic program for roads financed with new taxes.

The President's plan proposed a 10-year $38,600,000,000 program, while the Democrats advocated a 13-year schedule costing $50,477,000,000 and financed by higher gasoline, tire and other highway "user" taxes.

HOUSE DIVIDED

House Speaker Sam Rayburn said in Washington "with the House divided as it is" he doubts a highway measure could be passed even next year.

Passage of either of the proposals could have spelled the end to turnpike plans here. The State Highway Department had stated the state would build a free expressway along a line parallel to the proposed turnpike route—if Congress enacted one of the measures.

* * *

Higgins said he and another new member of the MTA, Carl Smith, will begin a tour of the proposed route from Pontiac to Monroe Monday. He said he hoped Highway Commissioner Charles M. Ziegler would accompany them.

"We feel we ought to see what we are talking about," he said.

The MTA has already approved a general route from Bridgeport, which is near Saginaw, south to Pontiac. Some changes will be made in the original plans after a personal tour, Higgins noted.

The chairman said he knew of no changes in the proposed route

Rapids Heart of Seaway Project

By JOE HAAS
Pontiac Press Staff Writer

MONTREAL—Although the new St. Lawrence Seaway and Power Project has a vital effect on the major portion of the entire North American continent, its heart lies in an area of only a few square miles.

It is quite fortunate for both countries, who for nearly a century and a half have not had a fortification on their common border, that this heart is in an international location. It practically assures that this line between two of the world's greatest nations will continue to be little more than an imaginary one.

HAAS

This is where the St. Lawrence River forms the boundary line between the State of New York and the Province of Ontario. It wangles such a tortuous way among countless islands that no surveyor of the greatest experience could write its course by the century old method of "meets and bounds."

It is near Cornwall, between Lake Ontario and Montreal, and the seat of what the masters of commerce already are calling the eighth wonder of the world, even outstripping "Michigan's Mightiest Mile," covering the Soo locks.

Here, to conquer the rapids which for centuries have baffled heavy navigation, are being constructed two ship canals, with the locks to lower or lift the world's largest vessels to a level so they may continue their course to or from the heart of America.

REMOVING BARRIER

Not only are the rapids being removed as a commerce barrier, but in the same project they are being harnessed, through two giant storage dams and a huge generating plant, to supply electrical power to an area larger than any nation in Europe. Here modern engineering is rising to accomplishments never before attempted.

When the Seaway enables ships of any size from any port in the world to cruise the St. Lawrence River and its feeding Great Lakes, 2,250 miles from the Atlantic Ocean to the west end of Lake Superior, the power here generated will give birth to countless new and enlarged markets for those ships to serve. Just reflect on what this means to manufacturing cities, like our own Pontiac.

For more than four centuries, man has studied these rapids and made his best efforts to conquer them. Even back in the windjammer days, men who knew nothing about steamships and hydro-electric power pondered them.

The St. Lawrence itself is an awesome stream. Even a thousand miles from the ocean it is a mile wide. Here they claim it carries more water than our own Mississippi, and drains an area fully as large.

But it has its own peculiar moods—and its rapids—but it now is being compelled to go its utmost to provide better working and living conditions for millions of people on both sides of that boundary — which largely exists purely on imagination, and the colors of the uniforms of the men who are working in unison to protect it from any lawlessness on either side.

FORESTS PROTECTED

Canada has protected its forests from the ravisher better than we have in the United States. While it still has much of its virgin timber, it started a reforestation program many years before we did.

It has millions of acres of fertile top soil of a more youthful age, as centuries go, than we have. Yet

(Continued on Page 2, Col. 3)

MAKE OVER PAUL

J. GUY NEWTON

J. Guy Newton Taken by Death

Ex-Pontiac Supervisor, Circuit Court Officer Dies in Hospital

J. Guy Newton, 81, of 406 W. Iroquois Rd. a native of Pontiac and well known in many circles died Wednesday morning in Pontiac General Hospital.

Born here Jan. 23, 1874 he was the son of Joseph and Sarah French Newton. He married Jennie M. Leitch July 11, 1899 in Windsor.

Mr. Newton was a rural mail carrier for many years, was a real estate dealer and also served as city supervisor. He was court officer in Circuit Court from 1936 to 1947.

A member of First Methodist Church, he also was a life member and past master of Lodge 21 F&AM, a member of Pontiac Commandery 2 KT, Lodge 5 RAM and Pontiac High-12.

Surviving are a daughter and son, Mrs. George Shearer of Pontiac and Dr. Kenneth D. Newton of Detroit; two brothers, Homer of Grand Rapids and Charles of Pontiac; three grandchildren and three great-grandchildren.

Funeral will be at 1:30 p.m. Friday in Sparks-Griffin Chapel. The Rev. Paul R. Havens, his pastor, will officiate. Service at the grave in Oak Hill Cemetery will be under the auspices of Lodge 21 F&AM.

Bearers will include Perc Carr, Harry Pearce, Herman Cole, Clayton Gillis, Vern Griffin and Don Dickerson.

Congressional Veto Stalls Highway Plan

(Continued From Page One)

from Pontiac to Monroe yet "because I haven't looked it over." Most of the opposition to the pike has come from residents and communities in that stretch.

NOT WORRIED

Commenting on the possibility Congress might pass road legislation next year Higgins declared:

"We're not worried about next year. We expect to have construction started by Jan. 1."

He added that a favorable Supreme Court decision is vital to construction of the state-crossing superhighway, which will be financed by a bond issue and paid for by its users.

* * *

The city of Dearborn has a suit filed in the state's highest court in an attempt to block the turnpike from passing through its boundaries without the city having a voice in location.

* * *

Higgins said an MTA meeting is still slated for Aug. 8 in Lansing. At the session, he said, the MTA will try to get Ziegler to say whether he is for or against turnpikes.

* * *

"He should take his position. I would rather have him against it or for it. Then we'd know where he stood."

By 1956 it is expected there will be about eight million men between the ages 20-25 in the United States.

The Day in Birmingham

Volunteers for Saturday Inoculation Sought Here

BIRMINGHAM—The decision to begin Oakland County's second Salk polio vaccine innoculations on Saturday at Birmingham High School has pressed City Health Nurse Anyce Gillette into immediate action in asking for volunteer help.

Mrs. Gillette asks that all local nurse help who assisted in the May vaccination program and have not already been contacted by her, get in touch with her immediately at MIdwest 4-1800.

In addition, she requested that women who served as school chairmen when the May shots were given, call Mrs. James H. Grant at MIdwest 4-3629.

Mrs. Howard Rieman, chairman of all Oakland County volunteer workers for the program, has already asked that volunteer women who previously worked with supplies, contact her at MIdwest 4-2160.

The Polio Committee of the Oakland County Health Committee announced yesterday that youngsters from the Troy Township, Southfield Township and Bloomfield area, in addition to Birmingham, will be eligible to receive their shots here. Hours are from 9 to 11 a.m.

This includes first and second graders who received their first shot in May, plus those youngsters who were given the actual Salk vaccination during the 1954 field trials.

The latter group will be the only children getting booster shots on Saturday, Mrs. Gillette said, with the dates for other booster shots to be announced later.

It is estimated that between 5,300 and 5,400 children will be fed into the Saturday program. In May, 1,923 of Birmingham's first and second graders were innoculated.

* * *

A group of local young men feel they are "getting out of trim" and have taken a big step to do something about it, by way of a proposed $125,000 Birmingham Athletic Club.

Present at this week's City Commission and Planning Board meetings to explain plans of the newly-incorporated group was Fred C. Matthaei Jr., president.

Speaking for the club's planning committee, he asked the possibility of purchasing for $10,000, a city-owned site on the north side of 14-Mile road, at the southwest corner of Birmingham.

Matthaei showed architect's plans for the private club facilities, which would include a squash racquets court, lounge, kitchen, locker room and office, plus outdoor tennis courts. He said the club could serve from 150-200 men, either local business men or area residents.

City commissioners refered the matter to the Planning Board who discussed it briefly and will include the subject again on next month's agenda, after studying the general character of the area.

On the planning committee with Matthaei are William H. Baldwin, Robert Burton, John C. Emery Jr., Howard T. Keating Jr., William T. Lerchen Jr. and Charles E. Wilson Jr.

* * *

Games to be played tonight will decide the Monday play-off opponents against Birmingham Varsity Shop, which has been announced the winning team in the YMCA Softball League during regular season. The team came away with a record of nine wins, one loss and four tie games.

Play will continue each Monday and Thursday at St. James and Booth Fields, on the double elimination process.

* * *

Frank B. Lamb

Prayer service for Frank B. Lamb, 91, was held Wednesday night at the Manley Bailey Funeral Home, with funeral service to be at Barber Funeral Home, Westfield, Pa., on Saturday. Burial will be in Westfield Cemetery.

A retired Westfield drug store owner, Mr. Lamb died Wednesday at the residence of his daughter, Mrs. Steele R. Sellers, 960 Arlington. He had lived here since 1941.

Mr. Lamb was a 32nd degree Mason, a Shriner, a life member of the New England Historical Society, one of the founders of the Chautauqua County Historical Society, the First Presbyterian Church, and the Sons of the American Revolution.

He is survived by his daughter, one grandson, and three great-grandchildren.

GM Chalks Up Best Half Year

$6.5 Billion in Goods Sold for Net Profit of $661 Million

NEW YORK (AP)— The giant General Motors Corp. smashed all previous records during the first half of this year, selling more than 6½ billion dollars worth of goods for a net profit of 661 million dollars.

Sales and earnings for the half and for the second quarter were at peaks never before reached, the company said in a report released yesterday.

Sales for the first six months, said President Harlow H. Curtice and Chairman Alfred P. Sloan Jr., were substantially greater than sales for any full year prior to 1950.

With economic activity in the United States at an all-time high, the company had net sales of $3,412,000,000 in the second quarter compared with $2,656,000,000 in 1954's second quarter. For the six months, net sales were $6,513,000,000 against $5,066,000,000 in the same period a year earlier.

NET INCOME UP

Net income in the second quarter climbed to 352 millions or $3.80 a share. In the second quarter of 1954, net was 236 millions or $2.66 a share.

For the first half, net was 661 millions or $7.23 a share compared with net of 425 millions or $4.79 a share for the first half of 1954.

The bill for U.S. and foreign income taxes for the first six months of this year totaled 767 millions. A year ago, the figure was 458 millions.

GM said its U.S. and Canadian plants operated in excess of rated capacity to produce 2,400,000 units in the first six months—a gain of 32 per cent over last year. Sales of cars and trucks in its plants in England, Germany and Australia were up 13 per cent over the first half of 1954.

DEFENSE SALES DIP

The company observed that defense sales declined to 8½ per cent of total sales for the first half of 1955, compared with 15 per cent for the first half of 1954.

General Motors plans to split its common stock three-for-one this fall.

The report said "a combination of favorable factors has contributed" to the record production.

"Consumer disposable income continues to rise," the report said. "In such an environment, with money and credit available and with widespread confidence prevailing, the public has been and is in a buying mood.

"The automobile industry has been the most important contributor to this greater strength of the national economy. The industry has shown the greatest vigor and vitality in its 50-year history and has brought to the market 1955 lines of cars and trucks which are the most outstanding and represent the greatest values for the dollar ever presented."

Net working capital June 30 was reported at $2,180,000,000 against $1,351,000,000 last Dec. 31. The increase reflected the proceeds of about $325,000,000 from the sale of additional common stock. Net working capital a year ago was $1,524,00,000.

June 30 inventories were $1,451,000,000 against $1,326,000,000 Dec. 31 and $1,359,000,000 a year earlier.

State Policeman Retires

EASTLANSING (AP)—Det. Ivan L. Flanders of the Fire Marshal's Division in the State Police Traverse City District and former commander of the Traverse City Post, will retire Sunday after 25 years of State Police service.

Highway Plan Veto Brings Pike Hopes

(Continued From Page One)

artificial fertilization already is almost compulsory. They do not propose to have any "run out" farming land.

The Seaway will give the products of these resources to a world-wide market and place the people who work them out in a position to receive in exchange their bountiful share of all that the rest of the world can produce.

The scope of the work around Cornwall is best appreciated when viewed from the air. While in this manner you get little perspective of the project in a vertical way, you can see the turbulent course of the rapids by their white water, and get an idea not only of how the canals and locks will conquer them but also force them to put their wasted energies of countless centuries to good work in the future.

Quoting from a recent report on the progress of the work: "The Seaway will become the most inspiring entry in our continent's log book. It is the logical continuation of the work of those who first explored this brave new world and their North American born successors. It proves that the chief lesson which the pioneers taught is that pioneering never ends."

Rochester Woman Hurt in Two-Car Collision

Mrs. Marie Salmi, 32, of 1309 North Oak St., Rochester, was treated at Pontiac General Hospital and released for minor back injuries resulting from a 2-car collision at Orion and Adams Rds. yesterday afternoon.

The accident occurred when the car driven by Mrs. Salmi's husband, crashed into the rear of a car driven by Nancy M. Richardson, 16, of 219 Oak St., Rochester, stopped due to electrical wires that had fallen across the road.

Pekan is the Indian name for marten, a brown fur bearer that lives in trees of northern forests.

Tippler Says 'Friends' Were Overly Friendly

CHARLESTON, W. Va. (AP) — Joe Evans told police he accepted an invitation from a couple of friends and went to their car to have a drink. When he woke up, he was in a brush patch on lonely Tupper's Creek.

He was missing his pants, shoes, sport shirt and wallet with $75 in it. "They took everything but my shorts and socks." said Evans.

He's Used to Waiting

HARTFORD, Conn. (UP)—After waiting four years for a court hearing on a damage suit, Howard Williams was told he'd have to wait some more. A juror admitted she knew him and a mistrial was declared.

Electricity Distribution Reaches Record High

NEW YORK (AP) — Electrical energy distributed last week reached a record high of 10,620,000,000 kilowatt hours, Edison Electric Institute has reported.

That was up 16.7 per cent from the 9,103,00,000 kilowatt hours distributed in the same week a year ago. The total for the previous week this year was 10,440,000,000.

'Cat Comes to Dine

CAMPBELL'S FERRY, Idaho (AP) —Monroe Hancock left his front door open to air the house. He got home late in the afternoon and found a wild bobcat sampling the sugar in a bowl on the dining room table.

Sells Car Piecemeal to Pay for Drinking

SPRINGFIELD, Ill. (AP)—Eldon Smith was sentenced to one to two years after he pleaded guilty to a charge of larceny of a motor vehicle.

He took his nephew's car to Terre Haute, Ind., where he proceeded to drink away his means of transportation. Asst. State's Attorney J. Waldo Ackerman Jr., said Smith first sold the car radio and spent the proceeds for drinks. Drink by drink he sold the battery, the tires and finally the radiator.

The near-sighted elephant uses his sense of smell and hearing to give warning of potential enemies. His flapping ears become stiff as the presence of danger.

Seaman Needs Rescue After Helping in One

JACKSONILLE, Fla. (AP)—Haakon Sande of Long Island, N. Y., a crew member of the tug, M. Moran, en route to New York, fell overboard several miles from shore and saw the vessel chug right on northward and out of sight.

A shrimp boat, heading into port, picked him up.

Only two days before Sande as a member of the crew of the tug had gone to the aid of the S. S. Surna, a big cargo ship which had lost a propeller 250 miles off Jacksonville.

Dairy cooperatives represent the largest organized commodity group of farms in America.

Graham Returns From Continent

Business Manager Says Evangelist Addressed 3.5 Million People

LONDON (AP)—Billy Graham sails home tomorrow after captivating thousands of European hearts.

By careful estimate, the North Carolina evangelist has spoken to 3½ million people since he opened a six-week campaign in Glasgow last March. Many more have heard him on radio or television.

* * *

Kelvin Hall in Glasgow accommodates about 17,000. He filled it every weekday night for six weeks, and frequently came out to address overflow crowds. He filled the Hampden Park football stadium near Glasgow, largest in Europe, to its capacity of 100,000. He preached for a week in London's Wembley Stadium, where the 1948 Olympics were held.

After that he went to the Continent and took his message to Frenchmen, Swiss, Germans, Danes, Norwegians, Dutch, Swedes and American servicemen. Despite language barriers those audiences totaled almost half a million.

Once more he came to Britain, and this month at the Arsenal football stadium in London he preached to 45,000 at the closing meeting of the Baptist World Alliance.

* * *

There remained a few dates with American servicemen in France and now, says Graham, "It's time to go home."

Most clergymen who have expressed opinions like Billy Graham and concede that his methods bring results. And he is pleased with his reception on the Continent.

"We heard a few discordant voices, as one would expect," he said. "But the press and religious groups were more cooperative than they were a year ago."

* * *

He feels there is great spiritual hunger on the Continent, particularly in France and Germany.

In Germany original doubts about Graham appeared to have been overcome largely by the sincerity of his appeal.

Christ and the World, a Protestant weekly of Stuttgart, said: "Graham is certainly a deeply religious man. But one must ask whether it is good to include the church in the province of the business promoter and whether it is sufficient to fill as many football stadiums as possible."

They're Getting Set for Television Show

IPOH, Malaya (AP) — There's no television in Malaya but the telecommunications department is getting ready for it.

Officials say a new micro-wave telephone system will be established in this tin mining capitol of Malaya. It will enable 600 long distance calls to be made at the same time, compared to the 96 at present. The new system also can carry radio and television programs.

Okinawan Puts Teeth Into Political Argument

NAHA, Okinawa (AP)—Tokuhachi Namihira likes to get his teeth into a good hot political argument.

And when he makes a point, he likes to hang on.

The 48-year-old Okinawan got into a verbal hassle over relative merits of Okinawan political parties with his friend Toyoya Matsuda. It waxed hotter and hotter.

His family finally had to call officials to resolve the dispute.

Police pried Namihira's mouth open and released Matsuda's arm.

Dam Troubling Farmers

Farmers sometimes berate the beaver, Castor canadensis, says the National Geographic Society. The animal dams an irrigation ditch as quickly as a stream, and it is fully capable of chopping down half a dozen young fruit trees in a single night.

Man Gets Hard Labor for Threatening Nehru

BOMBAY, India (AP) — The Nagpur district magistrate today sentenced a 34-year-old rickshaw puller to six years at hard labor for "attempting to cause Prime Minister Nehru's death."

The man, Baburao Kochale, had been convicted yesterday by a five-man jury.

Waving a knife, Kochale jumped on the side of Nehru's automobile last March while the Prime Minister was visiting Nagpur. Police said the man was angry because he had been arrested previously for a traffic violation.

Committee Reopens German Ax Slaying

NEW YORK (AP) — The Senate Armed Services Committee "has quietly reopened" the case of the 1946 ax slayings of three American Army officers in Passau, Germany, the New York Daily News said today.

Former Army Capt. James M. Leech, of Lima, Ohio, was charged with the crime last year in warrants issued by a United States court in Germany.

Leech has denied killing the three officers—Maj. Everett S. Cofran, Washington, D.C.; Capt. Adrian L. Wessler, New Rochelle, N.Y.; and Lt. Stanley M. Rosewater, Omaha, Neb.

They were bludgeoned in their beds at a luxurious villa at Passau, and their rooms were set afire.

Last May 12, however, a week after West Germany regained its sovereignty, the Bavarian state prosecutor started a new investigation.

Good Will Gesture

To foster international good will, Cleveland maintains a series of gardens in Rockefeller Park, each honoring a different national culture, says the National Geographic Society. The project was begun in 1926. Thus far, 16 of the Cultural Gardens are finished.

Dead Man Assures Judge He's Alive and Kicking

SEATTLE (AP) — Olin Martin Lamb, 40, took an oath yesterday before Asst. U.S. Atty. Frank Cushman that he isn't dead. He and the government hope it will dispel doubts from the mind of his mother Mrs. Lottie Lamb Mann, of Jacksonville, Fla.

* * *

She claims she hasn't heard from Lamb since 1940 and thinks he should be presumed dead. She has claimed his $1,000 life insurance, taken out when he was a soldier 23 years ago.

Lamb didn't say why he hasn't written.

Rough Rabbit Gives Snake Good Beating

GREAT END, Kans. (AP) — Timid as a rabbit?

Mr. and Mrs. H. R. Copeland don't believe that time-worn expression any more.

On a recent visit to the cemetery at Harper, Kan., they saw a cottontail run and jump into battle with a big snake that had caught a baby rabbit.

The grown rabbit kicked with its hind legs, several times was flipped head over heels, once was trapped with the snake coiled around its body. But the baby rabbit escaped in the excitement—and so did the cottontail, after kicking itself free and returning to the attack.

All Kids Like School —So Says the Teacher

WATERVLIET (AP) — Dwight Brink, 35, Michigan's Rural School Teacher of the Year, debunks the idea that some children don't like school.

"There is no child who doesn't want to attend school," he says, "if the school is run with the child in mind."

Brink teaches all eight grades in his 35-pupil school.

Jail Has Escape Hatch

PORTLAND, Ore. (AP)—Somebody fashioned a 15-inch hole in a mesh grating atop the elevator shaft at the city jail. Police, reasonably sure nobody had broken into jail, believe some trusty used the escape hatch to come and go as he pleased. The mesh screen had been worn shiny by someone crawling through it many times.

Oh! That Ole Red Barn Ain't What It Used to Be

WASHINGTON — The big red barns, bulging symbols of America's rural abundance, are heading for some changes.

Long adorning the landscape, many picturesque barns stand outmoded by present-day efficiency farming. When they burn or deteriorate beyond use, smaller barns will likely take their place.

There are several reasons, says the National Geographic Society. Baled hay needs less space than hay mows. The trend now is against a stall for every cow and toward "roaming" quarters instead. Compact mechanized equipment, housed in a shed, replaces work horses.

Already some ultramodern barns have developed, including highly functional aluminum ones. One new-type structure was spotted by an airplane pilot about 20 miles west of Montreal, Canada. He mistook its glinting surface for a flying saucer. Silvery fiber glass sections were fixed in a wooden framework, forming a 32-foot-high dome 83 feet across. Beneath it the dairyman sheltered 23 Ayrshire cattle, a year-round feeding lot, milking stalls, several score chickens and turkeys, and his farm implements.

RED NOT STANDARD

The red barn is no more a standard type of American building now than the little red schoolhouse. Red as a predominant color seems definitely passing. Green and white barns are frequently seen — sometimes gray barns. Many farmers strive to make barn and house colors harmonize.

In contrast to the strictly utilitarian design of barns farther west, Pennsylvania structures offer some highly imaginative painted decorations.

A six-petal flower motif may have been a pre-Christian symbol of immortality. The spinning whorl, notable in Lehigh County, is traceable to ancient Troy and Crete. The star or lily pattern, possibly a Cretan symbol of the sun, may date from 1300 B. C.

Thirfty tillers of Pennsylvania earth deny that these decorations were conceived to ward off evil. Rather, the so-called "hex signs" indicate a pride in buildings that reflect prosperity flowing from a bountiful land.

An Indiana study shows that 710,000 acres in that state have been adapted for use in subdivisions, industrial expansion and new roads, parks and airports in the past 10 years.

Pakistan's Mahouts Display Courage

WASHINGTON—East Pakistan mahouts must display a high degree of bravery in taming wild elephants, says the National Geographic Society.

Corralled animals mill about furiously, crashing into the reinforced walls. The beasts are left two days without food or water to weaken them. Then trained elephants guided by mahouts enter the corral. Two of the tame elephants edge a wild animal into a small outer enclosure.

A daring mahout performs certain religious rites, then climbs the wall and crawls among the elephants. He touches the feet of the tame beasts so they will not step on him. Then he slips a rope around the back feet of the captive and ties it to the wall. The animal's neck is also tethered to the stockade. Food and water are brought in. Within three days the elephant learns man is a friend. In a week it is ready for training.

Teacher Denies Dentist for Devotion to Duty

RICHMOND, Va. (AP)—Bernard S. Holt, for exceptional devotion to duty, had a pain in the jaw.

Holt, partner in an investment firm, was conducting a weekly class on stocks and bonds at Mary Munford School. Just before class time he developed an agonizing ache in a wisdom tooth. The dentist couldn't guarantee his ability to talk in time for the class if he had it pulled.

So—Holt had the dentist wait until the class ended.

WALT DISNEY'S True Life Adventures

Two Alma Youngsters Perish in Barn Blaze

ALMA (UP) — A brother and sister died yesterday in a fire in a barn at their home.

The victims were Elizabeth Miller, 5, and her brother, Leo, 6, children of Mrs. Martha Donnelly.

The two were found dead huddled together in the manger of the barn. Apparently they had been trapped by a blaze they set themselves while at play, firmen said.

Crash Ends Debate

TORRINGTON, Conn. (UP) — Years of debate by officials on whether to rebuild a bridge came to an abrupt end. The bridge collapsed.

Heads Filter Center

GRAND RAPIDS (UP) — Capt. Robert L. Faulhaber assumes command of the Grand Rapids Air Defense Filter Center next week. He relieves Maj. Robert H. Onsgard, who has been promoted to command of the 467st Squardron, Continental Air Defense, with headquarters at Willow Run.

Success of Antarctic Expedition Rests on Skis Developed by Michiganders

CLARE (AP)—Plastic coated skis that don't stick to the snow may permit greater use of airplanes in the Navy's expedition "Deep Freeze" into the Antarctic this fall.

Two brothers, Thomas and William McConica, who have a ski business in this central Michigan winter resort area, have been doing research on coating airplane skis.

Rear Adm. George Dufek, U.S. Navy ret., who will command the Navy's task force, was here yesterday to check on their progress.

Dufek said he was pleased. The new type skis will be field tested in September on Greenland's snow cap where snow conditions are almost identical with those around the South Pole.

The McConica brothers have an important role in preparations for the expedition. On their ability to find a plastic covering for metal skis that permit airplanes to take off in any type of snow and at high altitudes depends on what extent airplanes can be used in the scientific study of the Antarctic region.

The problem presented to them by the Air Force was to develop a ski surface that would not be encumbered by snow. Metal airplane skis can take off from ice and snow under certain conditions. Tom McConica said no ski airplane has taken off from an altitude higher than 2,000 feet above sea level.

The McConica brothers have found a plastic that has a high repellency for water and snow will not adhere to it or build up in front of the ski.

BIG PROBLEM

One of the big problems was to find an adhesive that would bind the plastic to the metal ski. The brothers did this.

They hope the plastic coated skis will enable a plane to take off in an altitude of 10,000 feet above sea level. This would permit a plane to land and take off from the South Pole. Whether this is possible will be found out in the field test in Greenland.

The McConica brothers have been conducting this research for about three years.

Tom McConica said he has been invited to accompany the expedition to the Antarctic but he doesn't know if he'll be able to go.

Rear Adm. Richard E. Byrd will be officer in charge of the expedition that will leave Boston and Norfolk this fall.

Tom McConica started out by taking color pictures of snow flakes to study their structures.

Various types of plastic have been tried out on airplane skis, he said, but the one being developed now is believed the best found so far.

HAS PHD FROM MIT

Tom McConica holds a doctor of science degree from Massachusetts Institute of Technology. He worked 10 years as research scientist for Dow Chemical Co.

When his brother Bill was discharged from the Army they formed the American Ski Co. in Clare. Skiing long has been their hobby.

The brothers have been doing research for the Air Force and for the Army since 1946. In recent years they have been kept so busy with this type of work they no longer have civilian contracts.

Dufek and other top brass of the expedition "Deep Freeze" were here to look over the new skis.

Accompanying Dufek to Clare where they were guests at the lodge of Joseph and Donald McKay on Loon Lake were:

All will go to the Antarctic. Dufek and Capt. Ketchum are veterans of Antarctic exploration.

Race Barriers Down in Texas

Shivers Warns Against Rushing Desegregation After U.S. Court Ruling

EL PASO, Tex. (AP) — Texas' laws upholding racial barriers and segregation in public schools have been junked by a federal judge's ruling.

But Gov. Allan Shivers, noting that some cities in the state already have made moves toward ending segregation in the schools, cautioned against what he termed "too much rush and confusion."

The ruling was by Judge R. Ewing Thomason, former West Texas congressman, who yesterday specifically ordered Texas Western College, a subsidiary of the University of Texas, to lift its ban on Negro students. The action was a result of a suit filed here by Thelma White.

* * *

Miss White asked the court to rule on her right to enter the college on the basis of the Supreme Court decision which held school segregation unconstitutional.

Thomason said the ruling still would permit local communities to carry out intent of the Supreme Court's decree as rapidly as local conditions allow. But he added that his decision made it clear that school segregation is outlawed in Texas.

Subcommittee Authority Doubted

Court Dismisses Contempt Acts Charged by McCarthy

NEW YORK (AP)—A federal judge has dismissed contempt of the Senate charges against Corliss Lamont and two other men who refused to answer questions in 1953 before Sen. Joseph R. McCarthy's Investigations subcommittee.

* * *

Judge Edward Weinfeld, in granting a defense motion for dismissal yesterday, said the indictment failed to show that the subcommittee had proper congressional authority to conduct such an inquiry.

Weinfeld did not rule on the validity or scope of McCarthy's authority but said in his decision:

"The indictment is barren of any allegation or fact from which the authority of the permanent subcommittee can be ascertained.

"One vainly examines the public law and Senate resolutions set forth in the indictment to find any reference to the permanent subcommittee, let alone any delegation of power to it."

The 53-year-old Lamont, son of the late Thomas W. Lamont, a J. P. Morgan & Co. partner, had contended the McCarthy committee never was legally authorized by the Senate to conduct its investigations.

* * *

Lamont was indicted by a grand jury last Oct. 14 along with Abraham Unger and Albert Shadowitz.

Refusing to answer 23 questions put to him by the subcommittee, Lamont pleaded the First Amendment with its guarantees of free speech.

Lamont, an author and educator, had refused to say whether he was under Communist control or associated with Communists at the time he wrote a book, "The Peoples of the Soviet Union."

A chapter from the book was included in an Army handbook.

Lamont has called himself "a free-wheeling liberal" but has publicly denied that he is or ever was a Communist.

In a statement following the court's decision, he termed dismissal of the indictment "a great victory for freedom of speech, freedom of the press and all those now heavily assailed on every side . . ."

* * *

Lamont was a lecturer in philosophy at Columbia University until last April, when he withdrew to await the outcome of the contempt charge.

Unger was one of the defense attorney in the conspiracy trial of the 11 top Communist leaders. Shadowitz was a former government employe who worked on vital defense projects.

Michigan Plan Faces Review

State Canvassers Task Is to Approve Proposals Seeking 'Better Judges'

LANSING (AP)—The new bipartisan Board of State Canvassers' first job will be to pass on petitions seeking a constitutional amendment to "take judges out of politics."

The Better Judges for Michigan Committee of Detroit filed petitions which it proposes to circulate for a place on the November, 1956, state ballot.

The proposal would require all vacancies on the State Supreme Court and the Circuit Courts be filled by Governor's appointment from nominations made by nonpartisan councils.

Under the plan no one could be a candidate at elections for the judge of any such Court of Record, but the incumbent would present his name to the voters at the end of his term. The voters would decide whether he was to be re-elected or not. If he were defeated, the governor would fill the vacancy.

The nominating councils would be composed of three residents chosen by the governor, three attorneys chosen by the bar and a justice of the State Supreme Court. One statewide council would nominate for the Supreme Court and separate councils in each judicial circuit would nominate for circuit Courts.

The proposal has been called the "Michigan Plan."

State elections director Robert M. Montgomery said the Board of Canvassers probably would meet late next week to pass on the legal form of the petitions. Then it will hold its first organizational meeting.

The 4-member board, composed of two Democrats and two Republicans, was created by the last Legislature to replace a partisan board of elective state officials.

Ann Arbor Politician, Richard M. Burr, Dead

ANN ARBOR (AP)—Richmond M. Burr, 75, four times an unsuccessful Democratic candidate for Congress, died Tuesday.

Burr was elected to the State Legislature as a Republican in 1935, but switched to the Democratic Party in 1936. He was an Ann Arbor Alderman from 1931 to 1937.

Feed stilbestrol only to fattening cattle, hogs, sheep or chicken.

State Commission OKs Street Lighting Rates

LANSING (AP)—Rates set for the operation of Mercury Vapor Street Lighting Service by the Wisconsin-Michigan Power Co. were approved today by the State Public Service Commission.

The company, with headquarters at Appleton, Wis., also furnishes service to Iron Mountain and other Upper Peninsula communities.

The commission approved a rate based on the energy to be utilized rather than a specific lamp per year rate. The company also will charge $4.85 per month for each of the new fixtures.

Patriotic dog owners contributed nearly 14,000 dogs for defense during World War II.

Garden Decor Highlights Salad Buffet Luncheon

MAKE OVER PAGES

The array of colorful assorted salads, artistically arranged and ready for serving at the Buffet Benefit Luncheon held at the First Congregational Church Wednesday, was checked at the last minute by Mrs. Arthur W. Selden of Cooley Lake road, Mrs. William T. Vann of South Shore drive, Mrs. William T. Hurlburt of Elmhurst street and Mrs. Carl Weber of Dover road. They are all members of the Saybrook Group, sponsors of the affair.

Looking over the group of 150 guests as they arrived for the Salad Buffet Benefit at First Congregational Church Wednesday were Mrs. Dora S. Dawson (left) of South Tilden avenue and Mrs. C. Wales Goodwin of Silver Lake road. Members of the Saybrook Group, they assisted with the arrangements.

Arriving at the First Congregational Church for the Salad Buffet Benefit Luncheon Wednesday were Mrs. Charles D. Welden (left) of Illinois avenue and Mrs. Ernest Wilcox of Wenonah drive. They were purchasing tickets from Mrs. C. G. Uligan of Starr avenue (seated).

Pontiac Press Photos

Always interested in "What's New in Kitchens" are (left to right) Mrs. John P. Shearer and Mrs. Earl L. Phillips, both of Cherokee road and Mrs. Russell V. Thurston of West Iroquois road. Guests of Mrs. William T. Vann at the Salad Buffet Benefit at the First Congregational Church Wednesday, they were examining plans for the equipping and remodeling of the church kitchen.

Pair Dislikes Sharing Bill for Drinks

Tell Couple Who Orders You Prefer Going "Dutch"

By EMILY POST

A man tells me: "Once a week my wife and I have dinner in a restaurant with another couple. Prior to a recent illness I always had a drink before my meal as did the other people. My wife doesn't drink.

"Quite often this other couple orders a second cocktail and a liqueur after dinner. Heretofore we have shared the check equally. I see no reason why I have to pay for their drinks and think a separate check should be given them for cocktails. Would it be proper to ask the waiter to do this?"

Answer: Since you are going "Dutch" you may simply say to the man you are with, "Let's have the waiter bring a separate check for you for the drinks because we are not drinking."

"Dear Mrs. Post: A friend of mine has married and lives in a town that is a well-known resort. She has invited me to visit her for a week and I'm wondering what I can do to pay without offering her money, which would, I suppose, be out of order because of her invitation. What would you suggest?"

Answer: Accept her invitation you would that of any hostess while you are staying with do what you can to make your a pleasure to her. But you offer to pay for her hospita you. You can, however, ask go to the theater with you lunch in a restaurant.

"Dear Mrs. Post: Very will be addressing the invi to my wedding and I wou to know if it is permiss send one invitation to gaged couple, or is it nec that each be sent a se one?"

Answer: Correctly, they be sent separate ones, but it not be improper if your invi are running short to send onl In this case, you address th side envelope to Miss Mary and the inside envelope to Smith and Mr. John Jones.

Honor Guest Is Wished Bon Voyage

Mrs. Archie E. Armstrong and Mrs. Robert D. Terry were joint hostesses at a bon voyage party Tuesday evening honoring Mrs. Robert E. Spangler of North Anderson street. The party was held at the Armstrong home on Walce drive.

Mrs. Spangler will leave Aug. 20 for Friedburg, Germany, aboard the SS America. She will reside there for one year with her husband, who is serving with the armed forces.

A floral centerpiece made in the form of a ship with the name SS America on the side was used along with other decorations which followed a bon voyage motif.

Among the guests who made a scrapbook during the evening depicting Mrs. Spangler's trip to Germany were Mrs. Richard Blanchard, Mrs. Glenn Huff, Mrs. Carroll Fahlgren, Mrs. Vincent Schneider, Mrs. Hugh Dana, Mrs. Julius Russell and Mrs. Floyd Evilsizer.

Others taking part in the evening's activities were Mrs. Loyce Dudley, Mrs. George Atkinson, Mrs. Richard Hill, Mrs. Cecil Haines, Mrs. Margaret Armstrong, Mrs. Eugene Glass and Mrs. Wilbur Gregory.

Still others were Mrs. George Brinkman, Mrs. Martell Golden, Nola Landstrom, Dione Veazey, Lora Melzer and Katherine Kruchko.

Dinner Honors Suzanne Reece

A bon voyage dinner party was given Tuesday evening at the Old Mill to honor Suzanne Reece, daughter of Mr. and Mrs. R. F. Reece of Chippewa road.

Miss Reece will leave by air Thursday for San Francisco. She will then fly to Japan for two years service in the United States Air Force.

Those attending, besides the honor guest and her mother, were Mrs. Marvin Blum, Ann Barnett, Mrs. Frank Hoffman, Mrs. Raymond F. Reece Jr., Mrs. James Madden, Mrs. Robert McManus, Mrs. Richard Rech, Mrs. Arthur Sans, Mrs. Basil Gaffney and Mrs. Howard Deeter of Omaha, Neb.

Saybrook Stages Benefit at Congregational Church

An arrangement of soft pink and rose-red zinnias centered one end of the Salad Buffet Luncheon table at the First Congregational Church Wednesday.

The opposite end boasted a huge Georgia watermelon, in basket form, filled with melon balls dotted with blueberries.

Garden flowers and trailing vines decorated the leaf green walled undercroft of the church while small vase arrangements of verbena centered each table for four.

The Saybrook Group of the church sponsored the benefit luncheon under the chairmanship of Mrs. William T. Hurlburt.

Committee members included Mrs. Robert Gaff Jr., Mrs. Wayne DeBeauclair, Mrs. Carl P. Weber and Mrs. William Miller.

Mrs. William T. Vann is president of the group. Mrs. Arthur W. Selden serves as first vice president; Mrs. C. Wales Goodwin, second vice president; Mrs. Dora Dawson, secretary, and Mrs. Helen S. Teitgen, treasurer.

The Salad Buffet will benefit the kitchen project of the women's group.

State Man Wins Hairstyle Award

Robert Dooms of Grosse Pointe won the National Hairstyling Competition Gold Shield Award for the coiffure design entered during the recent 25th annual National Convention of the National Hairdressers and Cosmetologists Association in Louisville, Ky.

Mr. Dooms represented the state of Michigan in the competition, which is open only to one stylist from each state, selected on the basis of preliminary statewide competitions.

Winning the National Hairstyling Competition entitles Mr. Dooms to membership on the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association. Mrs. Harry Randall of Wards Point drive is also a member of the association.

Convert Odd Tables

Some little old-fashioned tables, especially the marble-topped ones, make lovely skirted vanities for a bedroom or the corner of a large bathroom.

Teachers' Club Names Officers for 1955-56 Year

The Teachers' Exchange Club announces the following officers for the 1955-56 year:

Mrs. Mary Wagner, president; Mrs. Clifford Bishop, vice president; Mrs. Elmer Thorpe, corresponding secretary; Mrs. Roy Purcell, recording secretary, and Mrs. Irene Albright, treasurer.

The committees include program, Mrs. H. Erwin Gottschalk, chairman, Mrs. Ralph Gardner and Mrs. Grady Smith.

On membership committee are Mrs. R. E. Best, chairman, Mrs. Theodore Fauble and Mrs. Norris Smith.

Reception committee has Mrs. Marjorie Cotterman as chairman, with Mrs. Oscar Forslund and Mrs. William Perrin.

On purchasing committee are Mrs. Lenn Kennaday, chairman, and Mrs. Joseph Henderson.

Historian is Mrs. George Haggerty and publicity chairman is Elizabeth Halsey.

Fashionette Group Hears 2 Speakers

The Fashionette Club sponsored by Pontiac Parks and Recreation Dept. met Tuesday evening at the Adah Shelly Library. Mrs. Dorothy Beccue and Mrs. Florence Schertzer, guest speakers, gave talks on "Fashioning the Figure."

Mrs. Norman Woodruff took home the trophy for losing the most weight for the week.

Comedy Slated at Cranbrook

Aileen Leslie's rollicking comedy, "A Date With Judy," will usher in the Cranbrook Summer Theater's senior production schedule.

The play will be presented Tuesday and Wednesday in the outdoor Cranbrook Greek Theater. It will be directed by Sara Smith and Waldemar Graf, with Patricia Belfore assisting.

Zoe Aiken's Pulitzer Prize play, "The Old Maid," will be given Aug. 5 and 6 under the direction of William Hollingsworth. On Aug. 9 and 10 Carl G. Wonnberger's score of "Meet Me in St. Louis" will be revived under the direction of Angelo Angelocci, Joseph Barrett and Patricia Turner.

Returns to Home

Gertrude Stephison of Keego Harbor has returned to her home after being confined in Pontiac General Hospital.

Husband, Wife Team in Ceramics

By ANNE HEYWOOD

"My husband and I have a profitable hobby in ceramics," a woman writes, "and we thought you might be interested in hearing how we got started.

* * *

"For years, while he was in his job, we studied ceramics, starting with a YMCA course and then taking advanced courses.

We bought a small kiln, and began experimenting. At first, we just did ash trays — all kinds of ash trays, in varied shapes and colors. We gave them to friends for gifts and, of course, equipped our whole house wtith them.

"After that," she continues, "I began experimenting with dressing table accessories. I made a little powder box, quite charming, in porcelain. Then I did a pin tray and then candlesticks. They were all in matching pastels, very plain and modern, and they made a big hit with friends who visited us. We began making these sets for gifts.

* * *

"By this time, of course, we had a larger kiln. My husband handled the technical end and I did the designing."

PROFESSIONAL BASIS

"About two years before my husband's retirement was due," she went on, "we decided to go ahead seriously on a professional basis, in order to supplement his pension and really make some money out of our ceramics.

"We built a little extension on to our house—after first checking with the town zoning authorities—and turned it into a display room and shop.

* * *

My husband built lovely shelves and painted them black, so that the merchandise would show up. We still specialize in ash trays, dressing table accessories and candleticks.

"We put out an attractive sign and did a little advertising in our local papers. People began coming to us almost immediately. We kept out prices low, but not so low that we didn't make a nice profit. And we made things to order for people, in the color and texture they wanted—at an extra fee, of course.

GIVE LESSONS

"That was four years ago," she concludes, "and really, we have made out better than we ever dreamed. In addition to selling our products, we give lessons to people who want to learn how to make ceramics. Also, we rent our little kiln to people who want to make their own. And our retail business has grown and grown!"

If you are interested in the field of ceramics, send me a stamped, self-addressed envelope and I will send you a list of books on the subject.

Loop Tie-Back on Plastic Hook

An effective solution to anchoring the tie-backs on frilly curtains so that they're a pleasure to rehang after each laundering has recently been found.

Some homemakers have discovered that the new self-affixing plastic hooks, which stick perfectly to wood window frames, are ideal for tie-back loops.

Simply by sticking a hook on each side of the window frame in the location you want it, the tie-backs can be arranged in the most effective manner as easily as you can slip the curtains over the rods. The new hooks are easy to apply.

When moistened with water, the adhesive on the backs of the hooks permits them to be applied to wood or plaster surfaces for permanent use.

This type application prevents scarring or damaging woodwork due to holes being dug in the wood.

Pick Paisley for Summer, Fall Clothes

PARIS (INS)—If you are looking for clothes that will be stylish both now and in autumn, Paris fashion experts advise something with a Paisley pattern.

A Paisley design has become a year-around classic sponsored by Monsieur Dior himself.

Dior displays a wine-red shirtwaist dress with a Paisley pattern in blue and yellow. Made of feather-weight wool, it can be worn in summer and will be just as smart under a coat or even a fur for fall and winter wear.

Cotton or silk dresses and blouses with Paisley patterns will still look right in September and October when no elegant Parisian woman would be caught dead in flowerprints.

POPULAR COLORS

Long-torso or shirt-waist styles made of Paisley printed wool, silk twill, nylon or cotton are popular with fashion-wise and budget-minded Parisiennes. The most popular color combinations include white with a black Paisley pattern, beige with brown, red with blue and green with blue.

Among the smartest and most practical Paris ideas are long shawls or stoles of Paisley printed wool which smartly supplement a plain colored decolette summer dress. A strictly man-styled shirt of Paisley patterned tie-silk will be Parisian with shorts or slacks in summer or with your sports suit in fall.

Try Wall Drapery

If you have an unnecessary door or window which robs you of otherwise useful wall space, try hanging a drapery over the whole wall. It will add softness, and if it's the same color as your walls, it will make the room look larger.

AIR-CONDITIONED for your shopping comfort

Fishing in the Bathtub Yields Big Money Catch

MEMPHIS, Tenn. (UP) — They thought Clarence Anderton was odd when he took to fishing in the family bathtub, but now he's reeling in money from a gadget that makes an artificial worm wiggle just like a live one.

It's a big boon to fishing's forgotten man, the cane pole angler.

Anderton, 28-year-old "baby" in a family of 11 sons, has always liked to fish and he's long been a cane pole man.

"But it cost money for bait, minnow buckets and the like," he said, "and I found I couldn't afford to fish as much as I wanted to."

So he decided to dream up something that would make cane pole fishing cheaper and also could be used on bait and casting rods.

His gadget is called the Humzing-er, a complete bait set. A pole and stringer is all a fisherman needs to go with Anderton's outfit.

MAIN INGREDIENTS

Main ingredients of the Humzing-er are rubber bait, a hollow, plastic tube line and a rubber bulb. The reel, sinker, float and leader line come with the set.

But the gimmick is in the bait, tube line and bulb.

The fisherman puts the bait on the line as always, then attaches the bulb to the other end, handy to the man doing the fishing.

* * *

When the bait hits the water, you squeeze the rubber bulb. That sends air through the hollow line to the bait, which squirms as though alive.

The set has a choice of bait—a worm, frog, roach, minnow, red fin or goldfish.

Anderton worked on his project off and on for seven years.

"I'd work at a regular job for a while to save up money and then quit and concentrate on my bait idea," he said. "When the money ran out, I'd go back to work until I could afford to quit again."

BATHTUB ANGLER

The rest of the Andertons thought Clarence had gone berserk when he started his bathtub fishing.

"And the hours he picked—between 2 a.m. and 5 a.m.," brother Herman said.

THREE SISTERS' SUPER MARKET

608 W. HURON

Only 6½ Games Separate 5 AL Clubs

By THE ASSOCIATED PRESS.

The heat was on in more ways than one today with only 6½ games separating the first place New York Yankees and fifth place Detroit Tigers in the closest American League pennant scramble in 16 years.

Not since 1940 when Detroit won the flag two days before the season ended has there been such a knock 'em down, drag out tea party.

* * *

To compress the cozy situation, the Chicago White Sox defeated the New York Yankees yesterday 7-4, and the Boston Red Sox downed the Cleveland Indians 6-2. Detroit missed a big chance to gain ground, losing the second game of a doubleheader to Baltimore 8-7, after winning the opener 8-4.

This is the situation today:

	Won	Lost	Pct.	Behind
New York	60	38	.612	—
Chicago	58	38	.604	1
Cleveland	58	40	.592	2
Boston	57	41	.582	3
Detroit	53	44	.546	6½

These are the same five clubs who fought it out for the 1940 pennant, when the season closed with Cleveland a game behind Detroit, and New York two games back. Boston ran fifth that year, eight games out.

Kansas City grabbed a double win over the Washington Senators 6-4 and 4-1, the opener going 11 innings.

* * *

In the National League, the Cincinnati Redlegs ganged up on Brooklyn in the 10th inning for a 4-3 victory, while the Milwaukee Braves handed Robin Roberts his first defeat since June 26. The Braves' 2-1 victory left them in second place, 12½ games behind Brooklyn. The Chicago Cubs flattened the New York Giants twice, 4-2 and 9-8, while St. Louis downed Pittsburgh 6-1.

Walter Dropo was the hot-shot hitter for the White Sox, who evened their series with the Yankees at one each. Dropo had three hits and drove in three runs as Chicago drove Eddie Lopat from the mound in the second.

Ex-Yankee Harry Byrd held New York to three hits through seven innings, then was driven to the showers when the Yanks got three runs on four hits. Dixie Howell came on to preserve Byrd's sixth victory.

* * *

Boston made it two straight over Cleveland when Jimmy Piersall slammed a homer and single to drive in four runs.

Gus Zernial's three-run homer for Kansas City was the big blow in the first game, but Washington's Tom Umphlett sent it into extra innings with a two-run homer in the ninth. The A's Bill Harrington, third of four pitchers, gained his first big league victory in the second tilt.

Cincinnati loaded the bases in the 10th inning, then rookie Milt Smith singled off loser Clem Labine to bring in the winning run. Don Hoak and Duke Snider homered for Brooklyn, the Duke's two-run poke being his 35th of the year.

* * *

Wally Moon blasted a grand-slam homer while Harvey Haddix tossed a three-hitter for St. Louis to end a five-game Pittsburgh winning streak.

The Chicago Cubs who had won only once in their last 15 games poured it on the Giants. They scored four runs in the first three innings of the opener and coasted home as Paul Minner gained his eighth victory with help from relief pitcher Bill Tremel.

Minor Leaguer Arrested for Resisting Ump

SCHENECTADY, N.Y. (AP)—Calvin Hogue, 26, a Williamsport pitcher was arrested on a charge of disorderly conduct Thursday after he refused to obey an Eastern League umpire's order to leave the park.

Umpire Henry McGowan ejected Hogue, a righthander, in the third inning on the ground that he had disputed calls at home plate. Police said Hogue used abusive language to fans and resisted officers who sought to escort him to the showers at McGowan's request.

He was released on $100 bail.

Hogue pitched briefly in the majors for the Pittsburgh Pirates.

Former Champ Regains 'Barnyard Golf' Title

MURRAY, Utah (AP)—Mechanical Ted Allen, Boulder, Colo., won the world horseshoe tournament last night, breezing through the entire 6-day event without defeat.

Allen regained the title he held from 1933 to 1941 by winning three straight in the playoffs. He shot his way through the previous 35-game round-robin championship flight without a loss.

Minoso Pulling Out of Bad Batting Slump

NEW YORK (AP)—After a short span of frustration, Minnie Minoso of the Chicago White Sox is showing signs of shaking the effects of his beaning at the hands of the Yankees May 18.

The fleet-footed outfielder was helpless at the plate the first two weeks of his return, sinking from .278 on June 4 to .226 June 16.

Since then however, he has lifted his average to .262, hitting safely 45 times in 152 attempts.

Bill Summers is in his 23rd season as an umpire in the American league.

Economy Used Car Market Is Right Place for Good Deal

In Pontiac at 22 Auburn Ave. there is the Economy Used Car Market. This is one of the oldest used car firms in this section of Michigan, and it has been able to continue for more than 15 years because it has always given their patrons a fair deal in every way.

Right now you can see as many as 75 cars on the lot, late models that are sold on an exchange basis. This means that if you buy a car and drive it awhile and are not satisfied you can take it back and get another with full credit on what you paid for the previous one. Even then if you are not satisfied you can continue to exchange.

Another outstanding feature of the Economy Used Car Market is the deferred payments during a period of illness or unemployment. You won't have to make payments during a period of distress if you buy at Economy.

It is pretty hard to say what bargains there at the Economy when you can pick from any one of 75, but you can rest assured that there are some real car buys; cars that you will be proud to drive, that will give thousands of miles of fine transportation. So visit 22 Auburn Ave. or call FEderal 4-2131 and ask for a salesman to call on you for a demonstration.

(Picture shows Tony Grimaldi, the friendly owner, and some of his staff, including Miss Betty Austin, Joe Cervenka, "Sarge" Sargent, Andrew Booth, Boyd Barton, Ernest Johnson and Don Nelson.)—Adv.

Charge 2 Men in AFL Swindle

Claim Labor Leader, and Insurance Broker Embezzled Funds

WASHINGTON (INS) — Senate investigators charged today that a New Jersey insurance broker and a Chicago Labor Leader "embezzled" more than a million dollars from the AFL Laundry Workers Welfare Fund.

* * *

The charge was contained in an interim report of a Senate Labor Subcommittee which earlier this year held extensive hearings on Union Welfare and Pension Fund racketeering.

Singled out by the subcommittee's report were Louis B. Saperstein, Newark insurance man, and Eugene C. James, the laundry Union's secretary-treasurer, who were accused of "diverting" welfare funds between 1950 and 1953.

Regarding Saperstein, the subcommittee said that he was paid commissions totaling $421,507 besides allegedly embezzling "approximately $900,000" in the premiums paid by the Union workers.

* * *

James, who refused to answer any subcommittee questions on grounds of possible self-incrimination, was cited for contempt of Congress last week by the Senate.

Pontiac Deaths

John D. Bushinga

John D. Bushinga, 82, of 71 N. Johnson Ave. died in Pontiac General Hospital at 4 p.m. Wednesday after an illness of four weeks.

Born in Canada July 22, 1873 he was the son of David and Alice Bushinga. He married Winifred Farrar who died in 1948.

Mr. Bushinga came to Pontiac 40 years ago from Grand Rapids and was a furniture salesman.

Surviving are a son and daughter, Mrs. Charles Whitfield of Pontiac, Farrell Bushinga in Rhode Island. Also surviving is a sister, Mrs. Sadie Howard of Hamilton, Ont.; three grandchildren and two great-grandchildren.

Funeral will be Saturday at 10:30 a.m. from Sparks-Griffin Chapel. Burial will be in Perry Mount Park Cemetery.

The family requests donations to the Heart Fund in lieu of flowers.

Washington D. Campbell

Washington D. Campbell, 79, of 8 Glenwood Ave. died at his home at 8 a. m. today following a long illness.

Born Feb. 20, 1876 near Port Huron he was the son of Archibald and Louise Campbell. He married Olive M. Valentine who died in 1951.

Mr. Campbell came to Pontiac in 1927 and was a retired employe of Fisher Body Division. He was a member of the Methodist Church and Masonic Lodge in Port Huron.

Surviving are a daughter, Mrs. Joseph A. Spencer of Pontiac; three brothers, Arthur, Howard and Seth of Goodells; a sister, Mrs. Mattie Lewis in California and two grandchildren.

Funeral will be Saturday at 2 p. m. from the Smith Funeral Home at Port Huron with burial in Lakeside Cemetery there.

Mrs. Neil J. Elliott

Funeral for Mrs. Neil J. (Mary E.) Elliott, 69 of 276 Whittemore St., will be Saturday at 3:30 p.m. from Sparks-Griffin Chapel. The Rev. Paul R. Havens, her pastor, will officiate and burial will be in Oak Hill Cemetery.

Mrs. Elliott died unexpectedly Wednesday at her home.

Mrs. Peter Krueger

Mrs. Peter (Margaret Schabitz) Krueger, 58, of 3020 Dixie Hwy., died in Pontiac General Hospital at 8 a.m. today. She had been ill five days.

Born in Pennsylvania Oct. 17, 1896, she was the daughter of Andrew and Katherine Kontra Bobka. She had lived in Pontiac since 1919 and was a member of Baldwin Avenue Evangelical United Brethren Church and GUB. She was in the retail grocery business in Pontiac for 25 years.

Besides her husband she is survived by a daughter, Mrs. Helene M.MacDonald of Pontiac; three sisters, Mrs. Paul Vancik of Charlerio, Pa., Mrs. Steve Secora and Mrs. Harry Sidell of Pontiac.

Funeral will be Monday at 1:30 p.m. from Donelson-Johns Funeral Home. Burial will be in Perry Mount Park Cemetery.

Charles A. Moody

Charles A. Moody, 90, of 48 Cherry Ct. died at Pontiac General Hospital at 1:30 p.m. Wednesday. He had been ill several months.

Born at Dearborn Nov. 13, 1864 he was the son of Alex and Eliza Moody. He married Harriett Owen who died in 1951.

Mr. Moody had lived in Pontiac 50 years where he owned and operated a blacksmith shop for many years.

Surviving are a daughter, Mrs. Waltar Harrod of Pontiac, two nephews and a niece.

Funeral will be Saturday at 1:30 p.m. from Sparks-Griffin Chapel. The Rev. Paul R. Havens of First Methodist Church will officiate and burial will follow in Oak Hill Cemetery.

DETROIT EGGS

DETROIT, July 26 (AP)—Eggs, f.o.b Detroit, case included, federal - state grades:

Whites — grade A jumbo 55-56 weighted average 58, large 48-51 wtd avg 43½; medium 38-43 wtd avg 39½; grade B large 43-45 wtd avg 43½, peewees 22.

Browns — grade A large 47, medium 38, small 27-29 wtd avg 27½; grade B large 42, grade C large 27.

Checks 21.

Commercially graded:

Whites — grade A extra large 46 large 39½143, medium 38; grade B large 34.

Browns — grade A extra large 44-45, large 39-42, medium 33½-36, small 26½, grade B large 33½-34.

Market firm on good quality packs of large with supplies of these barely ample to short for a relatively good demand. Medium steady and supplies ample and clearing to a fair demand. Smalls easy as receipts are excessive to the present light demand and volume of production is not large enough to create regular sales outlets. Undergrades slow to clear.

DETROIT POULTRY

DETROIT, July 27 (AP)—Prices paid per pound f.o.b. Detroit for No 1 quality live poultry up to 10 a.m.

Heavy hens 24-27, light hens 18-20; heavy roasters (over 4 lbs) 28-31; heavy broilers or fryers (2½-3½ lbs): whites 29, gray crosses 28-30, Barred Rocks 30-31; caponettes (4-5 lbs) 37-38; ducklings 27-30.

Market weak on hens and steady on fryers and caponettes. Dealers limited receipts close to needs due to the continued hot weather and restricted demand.

CHICAGO POULTRY

CHICAGO, July 27 (AP)—Live poultry about steady; receipts in coops 578 (yesterday 695 coops, 106,374 lb); f.o.b. paying prices unchanged; heavy hens 21-25; light hens 17.5-18.5; broilers or fryers 26-29; old roosters 13.5-14; caponettes 4½ to 5 lb 32-34, over 5 lb 35.

CHICAGO BUTTER AND EGGS

CHICAGO, July 28 (AP) — Butter steady; receipts 872,873; wholesale buying prices unchanged; 93 score AA 56.75; 92 A 56.75, 90 B 54.5; 89 C 52.5; cars 90 B 55; 89 C 53.5.

Eggs steady to firm; receipts 9,048; wholesale buying prices unchanged; U.S. large whites 60-69.9 per cent A's 40; mixed 39.5; mediums 34; U.S. standards 31; dirties 23.5; checks 23; current receipts 24.5.

CHICAGO POTATOES

CHICAGO, July 27 (AP)—Potatoes: Arrivals 120, on track 300, and total U S shipments 358; supplies moderate, demand fair and market about steady. Carlot track sales: California Long Whites 3.05-3.35, Round Reds 3.20.

Livestock

DETROIT LIVESTOCK

DETROIT, July 28 (AP)—Hogs, salable 100. No early sales, undertone around steady; fresh receipts increased by 80 head carried from Wednesday.

Cattle salable 150. Market barely steady. Compared last Thursday slaughter steers and heifers uneven, good and choice fed steers steady to strong, instances 25c higher; grass steers and heifers steady to weak; good and choice heifers steady; cows mostly steady; bulls steady; stockers and feeders fully steady; part load prime 1153 lb steers 25.00; several lots choice and prime 1051-1241 lb steers 24.00-24.50; bulk good and choice steers 20.00-24.75; most high good and choice fed heifers 20.00-21.75; bulk utility and cml steers and heifers 13.00-18.50; utility cows 11.00-13.00, mostly 12.00-13.00; scattering cml cows up to 14.00 or above; canners and cutters mostly 9.00-12.00; bulk utility and cml bulls 13.50-15.50, outstanding heavy individuals 16.00; cutter and low utility lightweight bulls 8.50-12.00; part load choice 471 lb stock calves 22.00; bulk good and choice 350-639 lb stock calves and yearlings 20.00-21.75.

Calves salable 100. Market opening about steady. Compared last Thursday market uneven, choice and prime vealers scarce, strong to 1.00 higher, other grades steady to 1.00 lower, most loss on immature lightweight culls; bulk good and low choice vealers 18.00-24.00; high choice and prime individuals 25.00-31.00; most utility and cml 12.00-18.00; cull and low utility mainly 5.00-12.00.

Sheep salable 25. Market mostly steady. Compared last Thursday broad demand for meager supply slaughter lambs, unevenly 1.00-2.00 higher; sheep scarce, steady; most good and choice spring lambs 22.00-23.75; small lot choice and prime 24.00; utility and good spring lambs 18.00-21.00; cull to choice slaughter ewes 5.00-9.00.

Salable cattle 1,500; salable calves 300; slaughter steers and heifers slow, steady to 25 lower; other classes steady to weak, high choice 1,000 lb fed yearling steers 23.00; a package of prime 1,050 lb weights 23.75; average good to average choice under 1,100 lb steers 20.00-22.50; load lots 1,250-1,325 lb steers choice wit ha prime 22.10-22.50; two loads 1,285 lb choice with a good end 21.50; a few commercial to low good steers 16.00-19.00; a few good and choice heifers and mixed heifers 19.00-21.50; commercial heifers down to 15.00 and light cutter heifers down to 11.00; most utility and commercial cows 11.25-13.00; a sprinkling of high commercial and good cows 13.50-15.00; canners and cutters 9.50-12.00; utility and commercial bulls 14.00-15.50; good and choice vealers 1700-22.00; cull to commercial grades 10.00-16.00; a truck lot good 850 lb feeding steers 19.75.

Salable sheep 1,000; spring lambs steady to 50 higher; old crop lambs and yearlings about steady; slaughter sheep steady to strong; most good to prime spring lambs 19.00-21.50; a package of mostly prime 22.00; cull to low good 12.00-18.00; some light culls 10.00 and below; a few utility to good yearlings 14.25-15.00; cull to good ewes 3.00-4.00.

Market Mixed in Early Deals

NEW YORK (AP) — The stock market was mixed today in early dealings.

Major divisions followed these patterns:

Steels mixed, motors mixed, rubbers lower, aircrafts mixed, radio-TVs higher, utilities steady, coppers lower, chemicals mixed, electrical equipment lower, railroads mixed, oils higher, airlines lower, and movie issues steady.

Bethlehem Steel, which reports earnings and dividend action at the close today, was off a small fraction. Jones & Laughlin steel was up fractionally on a good earnings report.

General Motors, which reported record high earnings yesterday, was down a major fraction today.

Yesterday's market was higher much of the time, but a spate of selling near the close cut prices back sufficiently to bring about a mixed close.

BOARD MEMBERS — Shown above are five members of the board of directors of the Michigan Society of Professional Engineers, Detroit Chapter. Seated left to right are John S. Blossom, 1st vice president, and Samuel A. Walker Jr., president of the board. Standing are Directors Richard W. Hautzenroeder, Murray D. Van Wagoner, and John V. Wickey. Walker and Van Wagoner are Birmingham residents, while the others are from Detroit. One of the Society's purposes is to promote the public interest by giving information as to the qualifications, functions, and fields of various engineers. To serve as a Professional Engineer, a person must fulfill an 8-year apprenticeship and obtain state registration by examination.

Meanie Orders Weenies

MOORESVILLE, N.C. (AP) — There's a surplus of cold hot dogs at Smith's Cafe near here. Proprietor Fred Campbell reported someone placed an order by telephone Monday night for 125 hot dogs with all the trimmings. Campbell got busy and fixed the order. The caller hasn't picked them up.

Grains Score Modest Gains

CHICAGO (AP) — Grains scored modest gains in routine dealings in the Board of Trade Thursday. Soybeans provided leadership for the upturn.

Trading was a little more active than in yesterday's very dull session, but still wasn't anything to cause much cheer among brokers. Initial margin requirements have been lowered on all cereals except oats.

Lack of rain and a government soybean crushings report, which was given a bullish interpretation, provided the main spur for the slight price advance.

Wheat near the end of the first hour was unchanged to ¼ higher, September $1.99⅞; corn ⅜ to ¾ higher, September $1.35⅝; oats unchanged to ¼ higher, September 61½; rye ½ to ⅝ higher, September $1.50; soybeans ¼ to 1¾ higher, September $2.27½, and lard 10 to 25 cents a hundred pounds higher, September $10.90.

News in Brief

Automobile fender skirts valued at $40 were reported stolen from the automobile of Leo M. Bearden, of 100½ S. Saginaw St. Bearden told Pontiac Police that the theft took place sometime last Sunday.

Orland West, of 3039 Norcutt, Drayton Plains, reported to Pontiac Police yesterday that sometime between Tuesday evening and Wednesday morning someone stole two hubcaps from his automobile parked at the Fisher Body plant parking lot on Baldwin Ave. Police said the hubcaps were valued at $6.

Harry Wheeler, 17, of Detroit, paid a $25 fine and $10 costs yesterday after he pleaded guilty to reckless driving. He appeared before Springfield Township Justice Emmett J. Leib.

Rummage sale. Dishes, clothes, tools and some furniture. 134 Raeburn. 5 to 9 p. m. Tuesday, Wed and Thurs. —Adv

If your friend's in jail and needs bail, Ph. FE 5-9424 or MA 5-4031

The number of marriages in the U.S. declined from a record 2,291,000 in 1946 to 1,484,000 in 1954.

Four PHS Graduates to Enter GM Tech

Nine outstanding high school graduates from Oakland County, including four from Pontiac High, will enroll at the General Motors Institute in Flint this fall under the sponsorship of GMC Truck and Coach Division.

The boys, who were graduated this spring, will enter a four-year cooperative education program which leads to a degree in engineering or business administration.

They will divide their time between alternating periods of instruction at the Institute and at GMC Truck and Coach Division.

Pontiac High graduates are Burton B. Belant, Paul G. Hickman, Gerald M. Vallad and Roy D. McAnnally. Others are Ora L. Arnold Jr., Rochester High; Richard C. Gilchrist and Charles D. Potter, Waterford High; William J. Keiser, Huron Valley High; and John W. Ledlie, Walled Lake High.

Five Millionth Auto Made by Oldsmobile

LANSING (AP) — Oldsmobile announced completion today of its five millionth automobile.

The milestone car came from the assembly line two years and 2½ months after completion of the four millionth. It took 38 years, starting in 1897, to build the first million Oldsmobiles.

Oldsmobile turned out 328,413 cars in the first half of this year, J. F. Wolfram, general manager, said today "There is no doubt this will be Oldsmobile's greatest year."
