# Williams Urges $500 Million Road Bond Issue

## Record Low Rate Given Schools for Bond Issue

### Chicago Firm Is Lowest Bidder for $2,100,000 Expansion Financing

Pontiac Board of Education last night sold $2,100,000 worth of bonds to finance its building and expansion program, at an interest rate of 1.6118 per cent.

The interest rate is the lowest in the state for public works financing in recent months, and reflects the high credit rating currently held by the Pontiac district, school officials say.

The bonds issue was purchased by Northern Trust Co. and Associates, of Chicago, low among four bidders when sealed offers were opened.

Money from these bonds will initiate this district's long-term expansion of the new Lake Street school, an addition to Whitfield school and the building of a new junior high school. Elementary sites are also to be purchased for future location of schools.

**Ground already has been broken for the Lake Street School and the Whitfield School addition. Plans for a new junior high school are about a fourth completed.**

Attributing its excellent credit position in the state to sound administration, a well-balanced tax base, and to the district's reputation for "keeping its word as good as its bond," the board of education members were elated over the low interest news.

In a spot survey of other comparable communities in the state which have sold school bonds in the past 10 months, higher rates have prevailed in each instance.

A recent borrowing transaction by the State of Michigan cost 1.834 in interest.

**Communities checked included Dearborn which sold school bonds**

## Judge Protests Tangled Phrases of New Tax Form

GRAND RAPIDS (AP) — Circuit Judge Dale Souter says he has come face to face with the most perplexing problem of his career —the new income tax form.

The form so vexed the judge that he wrote a letter of objection to Rep. Ford (R-Mich), Sen. Potter (R-Mich) and Sen. McNamara (D-Mich).

**The judge wrote that he thought the income tax statement forms are "to say the least, atrocious."**

"It seems the Congress certainly should be able to find the necessary personnel to prepare a form that the ordinary taxpayer can understand and fill out himself without paying an expert to interpret it for him," Judge Souter stated.

He said he has completed his return but added he now is seeking an accountant to verify it.

## Hammarskjold Gives No Hint

### Sleeps Through Stop at Reno En Route Back to U.N. Headquarters

RENO (AP)—U.N. Secretary Dag Hammarskjold arrived today from his mission to free 11 American airmen in Red China and stayed in bed during a brief plane refuelling stop here.

The big silver Super constellation landed at 5:14 a.m. His personal aide William Rannalo told newsmen:

"You're out of luck, boys—he's staying in bed. He's very tired."

Hammarskjold persistently has refused any comment on his talks with Chou En-lai, Red China's Premier and foreign minister, on the fate of the 11 Americans and other U.N. prisoners.

**Rannalo said he doubted that Hammarskjold would report to the U.N. today.**

The plane stopped briefly at Stead Air Force Base here before continuing to New York.

Hammarskjold has maintained a stony silence on the outcome of his mission at every point since he emerged from behind the Bamboo Curtain—at Hong Kong, Tokyo and Honolulu, which he left last night wearing a pink sunburn from an afternoon on the beach.

At each stop on his return flight Hammarskjold has made clear that he would have nothing to say until he reported to the U.N. General Assembly, which sent him to seek freedom for 11 U.S. airmen jailed as "spies." The airmen were captured in the Korean War.

Hammarskjold met four times in Peiping with Premier Chou En-lai and other Communist officials.

## Something Wrong With HIS Cooking

OSCEOLA, Ark. (AP)—It's a task keeping up with the questions of a 4-year-old.

Mrs. Bettie Nelle Starr discovered that when she entertained her grandson at lunch recently.

Young Phil Starr, she said, was conducting a real inventory. Did God make the chair? Yes. Did God make the table? Yes.

Did God make the hamburger they were eating? Mrs. Starr nodded.

"Well," Phil observed, "God sure got the hamburger to salty."

## Cold, Dry Today for Most of U.S.; Storm in Britain

By THE ASSOCIATED PRESS

Cold and dry weather prevailed over most of the United States today.

**Temperatures were between zero and 10 degrees below zero in the Northern Plains.**

But it was still colder from the upland valleys of the central Rockies and across the Western Plateau. One of the lowest readings early today was 20 below at Fraser, Colo.

In London, rescue workers ploughed through towering snowdrifts today to bring food and blankets to 62 passengers marooned for 24 hours in snowbound trains in the desolate Scottish highlands.

Fog and snow blanketed most of West Europe's big cities. Small ships scuttled for shelter in the North Sea as fresh gales were reported on the way.

Persistent rains melting the snow in the mountains of eastern France caused flooding in some areas.

## GMC Truck Designers Unveil Vehicle of Future

SLEEK AND USEFUL—GMC's all-purpose vehicle, L'Universelle, is this sleek panel delivery with front-wheel drive, V-8 180-horse power engine, inverted hydramatic transmission, torsion bar springs, panoramic windshield and two-way radio-telephone. The grille for the air intake to the radiator is seen on the roof. Built by the GMC Truck & Coach Division, the GMC dream truck will be shown in GM Motoramas at New York, Miami, Los Angeles, San Francisco and Boston this year.

### Will Be Shown at Motorama

## Versatile Dream Truck Is Built Here

Creation of a GMC "dream" truck, a front-wheel-drive mechanical marvel with both grace and versatility, was announced today by Philip J. Monaghan, vice president of GM and general manager of the GMC Truck and Coach Division.

GMC's all-purpose vehicle, project XP-39 in the General Motors styling section, has been officially designated L'Universelle, a French word meaning all purpose or versatility of application.

**L'Universelle will be unveiled to the public in the GM Motoramas of 1955 which opens next Thursday in New York City.**

Although the basic design of L'Universelle is a panel delivery, minor manufacturing changes can convert it into a small bus, taxi, station wagon or sportsman's car, Monaghan disclosed. On such other applications windows would replace the panels.

As a panel delivery truck, the GMC creation is 10 inches lower and 10 inches shorter than current

Other pictures, page 17

model panel delivery trucks, yet has a greater cubic foot capacity and a load floor height only half that of any in use today, Monaghan revealed.

To place the floor only 13 inches from the ground, engineers eliminated the regular driveshaft to the rear, used a drop-center rear axle, and gave the unit a front-wheel drive.

**Thus L'Universelle becomes the first truck in history to have exclusively front-wheel drive.**

"Under a 1,000-pound load 54 per cent of the gross vehicle weight will be on the front wheels, insuring excellent traction effort," Monaghan said. "In addition, the front-wheel drive combined with a wheelbase of only 107 inches and an overall length of 188 inches

## Red Island Base Bombed 4th Day

### Nationalist Planes Hold Air Supremacy; Ships Exchange Salvos

TAIPEH, Formosa (AP)—Chinese Nationalist four-engine bombers blasted Chinese Communist-held Tienao Island for the fourth straight day today and pounded nearby Toumen Island, air force headquarters said.

Nationalist warships fired on three Communist patrol boats in the same area, around 220 miles north of Formosa, and forced them to flee, a communique said. The surface action was reported south of Yushan, a Nationalist island 30 miles northeast of the Tachen Islands.

**The big bombers roared north from Formosa in predawn darkness, flew through "heavy anti-aircraft fire" and dropped scores of bombs, the communique reported. It said big fires broke out on the two Communist islands.**

Nationalist headquarters said the raiders ran into heavy antiaircraft fire but blasted Communist shore installations and ships with excellent results. The island is regarded as a possible staging point for an invasion of the nearby Nationalist-held Tachens.

Communist warplanes failed to challenge the raiders and all bombers returned, the ministry said.

## Blind Detroiter's Dog 'Seated' in Legislature

LANSING (AP) — Robert D. Mahoney, 33, has taken his seat in the Michigan Legislature. So has his dog Happy.

Mahoney, though blind since he was 15, said after yesterday's opening session that he thinks he can keep pace with his colleagues in the House.

For taking notes, he uses a slate and stylus to print in Braille. Other representatives have offered to read to him much of the voluminous legislation he will have to study.

"So you see," said Mahoney, a Detroit Democrat, "it seems like a major problem, but actually it's a pretty minor one."

### Hidden Valley Not So

LAKEPORT, Calif. (UP)—Some bootleggers in this area picked a fine-sounding location to set up operations, but it didn't work. Sheriff's deputies raided the still in Hidden Valley yesterday.

## President Asks Congress to Extend Draft 4 Years

WASHINGTON (AP)—President Eisenhower today asked Congress to extend the draft law four years, grant pay increases to "career" servicemen and create a powerful military reserve to deal with any "aggressor so criminally unwise as to attempt an atomic attack."

On pay, he proposed increases only for men willing to serve longer than a minimum time, saying it is necessary to maintain "the experienced hard core of a modern fighting force."

Calling for a "selective" rise, Eisenhower said there should be no increase for officers in the first three years of their service and none in the first two years for enlisted men.

This would mean no pay rise for two-year draftees or for young reserve officers putting in only their obligated time.

**The President said the aggregate increase he proposed would hike the present service payroll by about 6.7 per cent for salary and allowances.**

At present the government is paying out about $10,530,000,000 for those purposes. On that basis, the added cost would be about $705,000,000 a year.

Major parts of the proposed reserve program had been disclosed late last year by the Pentagon.

## Police Granted Overtime Pay

### Willman Promises to Consider Objections to New Leave Policy

Pontiac Police yesterday were granted overtime pay by City Manager Walter K. Willman who also promised a study of grievances growing out of a new departmental leave system.

Officers below the rank of lieutenant will receive time-and-a-half for all duty exceeding 40 hours. Willman said said the policy would be retroactive to Jan. 9.

**Previously, policemen were not included with other city employes in the overtime policy, except on holidays.**

Willman told the Pontiac Police Officers Assn. that he would study personally a 28-day month leave system recently invoked by Chief Herbert W. Straley.

The association took a grievance to Willman after they said Straley refused to discuss a petition which asked reconsideration of the new policy. The petition was signed by 100 of 107 members of the force.

**Under Straley's system, police would rotate their leave days every 28 days as opposed to the old plan whereby the same day was taken off each week.**

The association said that, although officers prefer the old plan, they are not opposed to the new policy excepting the alternating leave days. They feel this is un-

## Mendes on Way to See Adenauer

### French, German Heads to Confer on Arms Pool at Winter Resort

ROME (AP) — French Premier Pierre Mendes-France left today by special train for Baden Baden to talk with West German Chancellor Konrad Adenauer about the arms pool plan which Italy has given her qualified approval.

The French Premier left at 2:11 p.m. aboard the private coach of Italian President Luigi Einaudi on a four-car special due in Baden Baden tomorrow morning.

Adenauer is vacationing at that resort.

During two days of talks here with Premier Mario Scelba and other Italian leaders, the French Premier won agreement-in-principle for his plan to set up a seven-nation agency to control arms output and distribution within the projected Western European Union.

**The two nations also announced accords on several economic questions, involving trade, industrial cooperation and immigration.**

Despite the promise of partial support, Mendes - France reportedly was disappointed in the reception given the arms pool plan by Italian leaders. Sources indicated he had hoped for more enthusiastic backing, which might aid him in getting an okay from a less receptive West Germany.

The plan, designed to prevent West Germany from overarming within the WEU, comes up next Monday before a meeting in Paris of the seven nations which signed the still-unratified WEU treaty. In addition to France, Italy and West Germany, they include the Netherlands, Britain, Belgium and Luxembourg.

## 5 Dems Named to Rules Group

### Select House Members Likely to Agree With Party Leaders

WASHINGTON (AP)—Five Democrats regarded as likely to go along most of the time with the wishes of party leaders in the House were nominated today to serve on the legislation-guiding Rules Committee.

The recommendations by the Democratic Committee on Committees are subject to approval by the House—a formality since the Democrats are in the majority.

During Roosevelt and Truman administrations, a coalition of Southern Democrats and Republicans on the House Rules Committee sometimes bottled up bills which the leadership backed. Except in unusual circumstances, all bills cleared by the legislative committee must go through the rules group, which determines when they shall be debated and, to some extent, under what procedures.

**These and other Democratic committee assignments were made by the party's Committee on Committees, comprised of Democratic members of the House Ways and Means Committee.**

The new members tapped for service on the Rules Committee are Delaney of New York, Trimble of Arkansas, Thornberry of Texas, Bolling of Missouri and O'Neill of Massachusetts.

## Shuns Question of New Taxation in Capitol Talk

### Also Seeks Expansion of Schools, Recreation and Agriculture

LANSING (AP)—Gov. Williams, portraying a rosy future for Michigan if money is spent on preparation, went to the Legislature today with a major program to expand highways, schools, recreation and agriculture.

In his first message to the new 68th Legislature, Williams gave only generalized recommendations on most points and said he would come back later with more specific plans.

He avoided the question of new taxes—which many in state government predict—and said the complications of drawing the new budget would delay his fiscal recommendations.

**Williams made his biggest drive for a half - billion dollar bond issue to build more highways.**

Saying he did not think gasoline taxes ought to be increased, Williams turned aside the question of financing the bond issue by saying:

"I urge you to set aside the controversial long-range questions which need not be answered now —and to consider this proposal as the simple matter it really is— a proposal to buy some of the roads we most acutely need, on the installment plan, out of future revenue from existing sources."

Williams said also:

"Some have argued that we [illegible] need additional taxes [illegible] the bond issue funds have [illegible] expended. Perhaps so. But there are variables which make it unwise to attempt to settle that question now.

"It is estimated that five years from now, if traffic increases occur as anticipated, our present gas and weight taxes revenues will be 50 million dollars higher than they

(Continued on Page 2, Col. 2)

## Mercury May Drop to 10 Above Tonight

Another inch of snow fell in the Pontiac area yesterday and last night, accompanied by lower temperatures and mostly cloudy skies.

Present weather conditions are expected to continue, with light snow flurries and mercury dropping to 10 to 14 degrees tonight. More snow flurries are expected tomorrow night and Saturday, with a high Friday of 22 to 26. So says the U. S. Weather Bureau.

Yesterday's downtown temperatures ranged from 28 to 31 degrees, showing 26 at 6 a.m. today. The mercury dropped to 23 at 8 o'clock and continued falling until it hit 20 degrees at 9 o'clock. After that, temperatures began rising, hitting 26 by 2 p.m.

### Solo on Tom-Tom

NEW ORLEANS (AP)—The Rev. Roy L. Thomas recently became pastor of the Thomas Baptist Church at Thomastown, La. His first sermon was "Doubting Thomas."

## Dr. Guyer to Be Speaker at Annual Realtor Banquet

Dr. Tennyson Guyer, noted commentator, will speak at the 39th annual banquet of the Pontiac Real Estate Board scheduled Jan. 17 in Elks Temple.

Choosing a theme well known to real estate men, Dr. Guyer will speak on "There's No Palace Like Home."

Former school teacher, youth worker, circus performer, mayor and church administrator, Dr. Guyer now lives in Findlay, Ohio.

**He is executive assistant and public relations director for the Cooper Tire and Rubber Co. of that city.**

Newspaper critics have applauded him as another "Will Rogers," because of his homespun humor and close-to-the-people stories.

Serving as co-chairmen for the event will be Cramer Partridge and Joe Hiltz of Pontiac. Howard V. Heldenbrand is the toastmaster.

P. T. Smith, president of the Pontiac Real Estate Board, said today Partridge is in charge of the ticket sale.

DR. TENNYSON GUYER

## Five-Nation Probe Group Lands Today in Costa Rica

SAN JOSE, Costa Rica (AP)—A five-nation commission arrived in a U. S. Air Force plane from Panama today to conduct an on-the-spot investigation of spreading warfare in Costa Rica.

A short time later the Army command announced the capture of Carlos Lara Hine and said he was one of the "rebel leaders" who started the uprising at Villa Quesada that set off the warfare on Tuesday.

The announcement said he was captured uninjured in fierce fighting yesterday at Rio Peje, a town near Villa Quesada. The announcement gave no details on Lara's background. It added that large stores of ammunition, including seven Browning machineguns and many Mauser rifles, were seized from retreating rebel forces.

The announcement said the rebels abandoned one of their dead at Rio Peje. In addition to Lara, "many" other rebels were captured, including two seriously wounded.

A nervous airport guard gave a trigger-happy welcome to a U.S. Air Force transport plane that arrived in advance of the commission from the Organization of American States.

Arrival of the commission in another U.S. Air Force plane from Panama a short time later was without incident. But a single shot was fired at the transport by a guard apparently still nervous over yesterday's air attack on San Jose by a single plane.

**The U.S. plane was a considerable distance away and the shot was aimed low, so no damage was done.**

The commission was named by the Organization of American States to conduct an on-the-spot survey of the tense situation that

(Continued on Page 2, Col. 1)

# To Discuss Site for Courthouse

## Supervisors Appoint 3 to Meet With Pontiac Business Leaders

The county supervisors' special courthouse building committee today named a three-man committee to interview a group of Pontiac business and professional men regarding location of the proposed new county office building.

The move was taken in response to a letter from Pontiac attorney Glenn C. Gillespie, acting as spokesman for a local group opposing construction of the planned building at the county center on Telegraph road.

**The plan would see courts and offices moved from downtown Pontiac.**

Gillespie requested the meeting, saying he felt the added tax necessary to finance the $3,500,000 project was twice turned down by voters last year because they don't approve the site.

Appointed to meet with Gillespie's group were W. Raymond Ransom of Pontiac, James L. Gardner of Commerce Township and Harold K. Schone of Oak Park. H. Lloyd Clawson of Royal Oak will attend in his capacity as special committee chairman.

Clawson said he hoped to arrange the meeting for early next week.

# Dream Truck Built for GM Motorama

(Continued From Page One)

gives our truck a maneuverability and more positive control on turns that are highly desirable safety factors. The front-wheel drive pulls the body around corners instead of pushing it, eliminating tire skid and making a safer turn."

Monaghan listed other L'Universelle features as:

ENGINE — A V-8 of 288 cubic inches developing 180 horsepower, is located behind and beneath the driver and transmits power to the differential through an inverted hydramatic transmission.

**COOLING—Air comes through a roof intake, feeding a large volume of air through two ducts into the radiator core which is located at the left-hand side of the engine, back of the driver compartment.**

SPRINGS — Torsion bar springing in front, long leaf springs at the rear, and 8:00x13 "hi speed" tires keep the body low for easier curb-loading.

LOADING DOORS — L'Universelle offers a much greater combination of loading doors than any other truck. The rear loading door is a 38¼-inch high and 44 inch wide clear opening. For loading bulky articles the two side doors open to a 46 inch high and 48 inch wide clear opening. They fold uniquely upward on a 4-bar hinge, extending a maximum of 20 inches away from the body as they open to afford an unobstructed opening to the load compartment.

The new truck has a two-way radio-telephone located inside the instrument panel. A jump clock and route file drawer for cards and delivery receipts are also on the panel.

The front seat is wider than that of the largest passenger cars, Monaghan said. If used as a bus, taxi, station wagon or sportsman's car, the two seats placed in the rear would give it a capacity of nine persons.

# 5-Nation Probe Unit Lands in Costa Rica

(Continued From Page One)

has developed between Costa Rica and Nicaragua. One of the points still to be established definitely is the origin of the opposition forces.

Costa Rica charges that the warfare was instigated and has the active participation of exiles and others from Nicaragua. But the Nicaraguan government, denying this, said it was a rebellion inside the country aimed at the overthrow of President Jose Figueres.

# The Weather

**PONTIAC AND VICINITY — Partly cloudy and colder tonight with a few light snow flurries, low 10-14. Increasing cloudiness tomorrow, high 22-26. Northwesterly winds increasing to 15-25 miles tonight. Cloudy with snow flurries tomorrow night.**

## Hormel Found Innocent of Marijuana Charges

LOS ANGELES (UP)—A jury yesterday found George (Geordie) Hormel II, heir to a meat packing fortune, innocent of charges of marijuana possession.

There was a burst of applause in the courtroom after the verdict was announced and Superior Judge Charles Fricke immediately ordered the bailiff to hold the demonstrators in the room.

"I warned those people there should be no demonstration," Fricke said. "This is a courtroom, not a public place."

His mother, Mrs. J. C. Hormel of Austin, Minn., who became ill twice during the trial, left the courtroom in tears. She was aided by Mrs. H. H. Corey, wife of the president of the Hormel Company.

## Gov. Williams Calls for State Buildup

(Continued From Page One)

are today. We are not in position to know, at this time, how much we may profit from projected federal highway aids.

"That is a bridge we can cross when we come to it, if we ever come to it—and I hope we never do."

Williams said the primary school enrollment of Michigan is increasing 60,000 a year and college enrollments 6,500 a year.

**He said he had evolved a program to help education, "but the question is of such magnitude that I deem it advisable to discuss it in detail and present my recommendations in a later message."**

The governor said he would return later also with a message on increasing unemployment compensation, but he advocated generally uniform benefits for all idle workers, more than the present 26 weeks maximum duration. He asked for coverage for all employers of one or more employes, now eight employes, and removal of so-called disqualification provisions in the law.

He proposed that the revenues from oil, mineral and gravel rights in Michigan be set aside for improvement of the state park system, saying about $1,000,000 a year thus would be obtained. He said he would ask for a million dollars to improve parks next year also.

**The governor called for further funds to enlarge the agricultural marketing and research program started last year.**

He repeated last year's recommendation for legislation creating a Development Credit Corporation, saying this could be used to help small business.

The governor asked for $50,000 to finance the Great Lakes Tidewater Commission in its fight to extend the St. Lawrence Seaway to Michigan waters.

**Williams aimed his speech at the theme that Michigan's population is expanding so rapidly the state must step up programs to meet the problems of more residents.**

He said the state will have eight million residents in 1960 against seven million now.

## Gratiot Move Legal, Federal Official Says

DETROIT (INS)—A Washington official yesterday gave unofficial federal approval of the legality of the Citizens Redevelopment Committee's taking over the rebuilding of the Gratiot project.

Three other Washington officials, meanwhile, were to arrive in Detroit today to inspect the site. They were expected to indicate whether they favor the city's retaining control of the area and having it privately rebuilt or having it turned over to the committee.

The committee, appointed by Common Council last summer to hasten development of the site, proposes that a non-profit organization be set up that would buy the land from the city, rebuild part of it and farm out the rest for redevelopment.

The legality of the committee's plan was questioned last month by James W. Follin, commissioner of the division of urban renewal of the Federal Housing and Home Financing agency.

## High Court Refuses to Restore Brennan

LANSING (UP)—The State Supreme Court refused today to restore Circuit Judge Vincent M. Brennan of Detroit to his seat on the bench.

The court rejected without comment Judge Brennan's petition for a writ of mandamus to direct the state judges retirement board to permit him to withdraw his retirement.

## Typewriter Interpreter?

JEFFERSON CITY, Mo. (UP)—The thief who stole a typewriter from the department of modern languages at Lincoln University yesterday will need an interpreter. The typewriter prints in Czechoslovakian.

## Judge Judges Judge

CARLSBAD, N.M. (UP)—City Police Judge J.S. McCall held court for himself yesterday and fined himself $5 for driving without a proper driver's license. McCall discovered his driver's license had expired Dec. 31.

There are about 45,000 different kinds or rats.

# Ike Asks Congress for Draft Extension

(Continued From Page One)

The chief feature is a plan for six months' training each year of about 100,000 young men who would go directly into the reserve.

**In his manpower reserve message, the President told the lawmakers:**

"We are losing too many men trained in leadership and technical skills—the experienced hard core of a modern fighting force."

To correct the situation, the President recommended:

1. An increase in compensation of military service personnel on a selective basis.

2. A selective increase in hazardous duty pay for airmen and submarine crews and for men engaged in parachute duty, demolition work, deep sea diving and certain other specialties. He did not say how much of a raise he wished.

* * *

The President also called for these additional benefits for servicemen:

1. A "dislocation" allowance for military personnel with dependents who are ordered to a new permanent duty station.

2. An increase in the daily allowance for temporary duty travel from $9 to $12.

3. More housing for service families in areas where present facilities are insufficient, and authority for reduced rentals where men and their families must live temporarily in substandard housing.

4. Removal of "existing inequities" and provision for better medical care for military families.

5. Equalization of survivor benefits according to rank for active and retired personnel.

In addition to requesting a four-year extension of the general draft law, Eisenhower asked Congress for a two-year extension of special provisions authorizing the drafting of physicians and dentists. Those provisions now are scheduled to expire July 1.

## Sounds Like the Chap Was Hard to Live With

PASADENA, Calif. (UP) — In her suit for divorce Mrs. Hilda C. Romstad alleged yesterday that Arthur C. Romstad:

Attacked her with a butcher knife, spat in her face, threw her against the wall, beat her, threatened her life, locked her out of the house at midnight, was frequently drunk, stayed out most of the night and was given to smashing windows and breaking furniture.

# Detroit Area Crashes Cause Two Fatalities

**By International News Service**

Traffic accidents in Michigan last night and early today took the lives of two persons.

The victims were 18-year-old Joyce Helwig of Livonia and 34-year-old Mrs. Dorothy Mary Dellow of Detroit, a mother of five.

Miss Helwig was riding with her fiance, 19-year-old Harry Grout of Detroit, when the accident occurred last night. She was to have married Grout following her graduation from Redford High School in June. She died in a two-car collision apparently caused by icy pavement on West Seven Mile and Fox in Redford Township.

Grout, a truck driver, is in serious condition in Receiving Hospital.

Mrs. Dellow was killed early today when her car slid out of control and hit a tree on East Eight Mile near Hoover in Detroit.

DR. WILLIAM H. ALEXANDER

# C. of C. to Hear Dr. Alexander

## Oklahoma Clergyman Again to Be Featured at Annual Dinner

For the second consecutive year, Dr. William H. Alexander of Oklahoma City will be featured speaker at the Pontiac Chamber of Commerce's annual dinner meeting.

This year's affair is scheduled for Jan. 25 at the Elks Temple.

"We have been fortunate in again obtaining Dr. Alexander as our speaker," said John P. Niggeman, general chairman.

**"Those who heard him last year were unanimous in acclaiming him the most dynamic individual ever to appear in Pontiac."**

The affair will also be highlighted by the installation of the 1955 C. of C. officers.

Bruce J. Annett, local realtor, will be toastmaster. Tickets are available at the chamber's office, second floor, Hotel Waldron.

# School Bonds Bring Record Low Interest

(Continued From Page One)

**at 1.789; Port Huron, 1.97; Ypsilanti, 2.09; East Grand Rapids, 2.053; Birmingham, 2.19; Trenton, 2.130; East Lansing, 2.189; Wyandotte, 2.226 and Bloomfiled Hills at 2.361.**

Rapidly growing areas of Michigan who have a preponderance of industry and business to help finance school building include Livonia with a recent borrowing rate of 2.793 and Oak Park, 2.830.

In actual dollar savings, this low rate means an interest bill in Pontiac which is $22,000 less than Dearborn; $48,800 less than Birmingham; $62,000 less than Trenton; $78,000 less than Bloomfield Hills and $146,000 less than Oak Park for the same amount of money.

Running a close second in the bond bid race was the Chemical Corn Exchange Bank of New York. They submitted a 1.6862 rate or a total interest bill running from 1955 to 1963 of $201,249.19.

**Northern Trust included a $1,044 premium with its total account of $192,368.50 in interest for the same period.**

Other bidders were Halsey Stuart with a 1.7136 rate in the amount of $204,528 and First of Michigan Corporation notating a 1.7209 rate at $205,393.75.

New York City has almost 45,000 elevators, including 30,000 passenger lifts.

**The Day in Birmingham**

# Area Group Lists Needs to Curb Juvenile Problem

**From Our Birmingham Bureau**

BIRMINGHAM — In a 14-page progress report released today, the youth committee of the Birmingham - Bloomfield Hills - Franklin Council of Community Services offered, as its major recommendation to curb a rising juvenile problem, that the council's board of directors establish a youth committee:

". . . to be responsible for analyzing specific youth problems, recommending special help and correlating the activities of all groups working with youth.

**The study was instituted last February at the request of local community leaders, and the nine-member committee of school, recreation and other youth workers was established.**

Their probings were divided into three "fronts"—community, special services and family—and brought out, along with commendations for work currently being done, several other suggestions.

Among them were: need for a fulltime recreational director; creation of an area recreational authority; added swimming, tennis and skating facilities; adequate staffing for family service agencies; study of a "Use What You Have" plan; added volunteer and trained youth workers; and a coordinated community education program in human relations.

**Statistics showed that 2 per cent of youth in the area end up in serious difficulty, while 8-10 per cent are in need of special help. "We do not have an acute juvenile problem at the present time, but there are definite indications of one developing," said the committee.**

The council, headed by Charles Kass, will meet next Wednesday to consider selection of a permanent youth committee.

* * *

Weekend activities at the YMCA include an ice skating party sponsored by the Tuesday Nite Teens tomorrow at the Detroit Fairgrounds Rink. All high school students are invited to meet at the Y at 7 p.m.

**Birmingham Y's Men's Club is sponsoring a weekly swim period on Saturdays. Grade and junior high school age boys are eligible for swimming at the Pontiac Y from about noon until 3:30 p.m.**

The club will also sponsor a bowling session here from 7 to 10 p.m. tomorrow night. Reservations for all three activities must be made beforehand at the YMCA.

* * *

Birmingham High School's swimming team, under the coaching of Jay Myers, will vie for top honors against the Mount Clemens varsity at 7:30 tonight at Barnum School. Birmingham has held top position in the league's dual meet for five years now.

* * *

Starting tonight and continuing once each month, travel films will follow the Thursday night Community House buffet supper from 6:30 to 8. Tonight's films on the West Indies will be shown by Mrs. G. P. Reilly of Birmingham Travel Service. The program is open to the public.

# Pontiac Optometrist Dies; Had Practiced for 52 Years

Dr. Clyde J. Hathaway, Pontiac optometrist, died suddenly at his home 454 E. Jackson St., Lake Orion at 5 a.m. this morning.

Dr. Hathaway, 77, has been an optometrist for 52 years and has practiced in Pontiac since 1920.

Born in Orion Township Nov. 14, 1877, he was the son of James and Marietta Hathaway and received his early education in Lake Orion. He later attended Philadelphia College of Optometry.

A member of the Lake Orion Methodist Church, he was also a life member of the Masonic Lodge 46 F&AM, a past worthy patron of Orion Lodge 340 OES, 32nd Degree Mason, member of the Bay City Lodge and Shrine, High 12 Club and Shrine of Pontiac. He also belonged to the Lake Orion Rotary Club.

**A member of the American Academy of Optometry, Dr. Hathaway had been a president of the Michigan Optometric Association and in 1952 was named a life member at the association's 56th annual convention in Grand Rapids.**

Besides his widow, Anna, he is survived by a son, Dr. F. Milton Hathaway of Pontiac and three grandchildren.

A sister, Mrs. William Sweet of Lupton and two brothers, Louis and Benjamin Hathaway of Lake Orion also survive.

The funeral will be held Saturday at 2 p.m. from the Allen Funeral Home in Lake Orion. Dr. Mont C. Oliver of the Lake Orion Methodist Church will officiate. Burial will follow in Evergreen Cemetery, with Lake Orion Lodge 46 F & AM conducting a Masonic graveside service.

DR. CLYDE J. HATHAWAY

## Charles Van Buskirk

Charles Van Buskirk, 86, of 56 Cottage St. died last night at Pontiac General Hospital.

He was born Jan. 11, 1869 and was without doubt Pontiac's longest time hunter. For over 70 years he has gone to the northwoods in quest of deer, almost invariably bringing home his buck.

He was a member of a hunting party who went north this last November, and returned home quite chagrined, as it was one of the first seasons when he did not meet with success.

Before retiring he held several positions with the city, in connection with street improvements and other municipal work. He also was supervisor of water and sewer installation work in other cities.

He became an expert marksman early in life, and was among the best in the state for a great many years. As a trap shooter he had few equals.

Funeral arrangements will be announced later by the Brace Funeral Home.

## Mrs. William J. O'Riley

Funeral service will be held Friday at 1:30 p.m. from the Huntoon Funeral Home for Mrs. William J. (Bessie May) O'Riley, 74, of 78 Mary Day Ave. Dr. William H. Marbach of the First Presbyterian Church will officiate with burial in Oak Hill Cemetery.

Besides a sister, Mrs. Mazie of Hamilton, Ohio, she is survived by two nieces, Mrs. Dorothy Welch and Mrs. Elsie Kinkle, both of Pontiac.

Mrs. O'Riley died Tuesday at Pontiac General Hospital after an illness of two years.

## Ernest Palmer

Ernest Palmer, 82, of 153 S. Marshall St. died yesterday at his home.

Mr. Palmer was born Jan. 20, 1872 in Whitby, Ont. A member of Loyalty Lodge No. 488 F & AM, he had lived in Oakland County 20 years and came to Pontiac from Royal Oak three months ago.

Surviving are a son, Bertram of Pontiac, a brother, Elgin of Toronto, Ont. and a sister Edith J. Palmer of Pontiac.

The funeral will be held Saturday at 1 p.m. from the J. H. Spiller Funeral Home, 836 N. Main St., Royal Oak. His Masonic Lodge will conduct a graveside service at the Roseland Park Cemetery.

## Mrs. Norman Wilson

Funeral for Mrs. Norman (Jessie Bea) Wilson, 52, 3300 Elizabeth Lake Rd., will be Saturday at 1:30 p.m. from the Sparks - Griffin Chapel, the Rev. Charles S. Maher of Covert Methodist Church officiating. She died Monday.

The daughter of Addison and Minnie Clark Humphrey, she was born in Monette, Ark., and was married in Pontiac July 29, 1925.

A member of Covert Methodist Church, she came to Pontiac from Greenway, Ark., in 1924.

**Surviving besides her husband are two daughters, Mrs. Mary Jane Furman of Clarkston, Mrs. Dorcas Beyette of Waterford Township, a son, Norman R. Wilson of Pontiac and seven grandchildren.**

Also surviving are three sisters, Mrs. Eula Peterson of Pontiac, Mrs. Lorene Endsley of Drayton Plains and Mrs. Lucille Chapel of Waterford Township, and three brothers, Luther, Thomas and William M. Humphrey, all of Pontiac.

Burial will be in White Chapel Memorial Cemetery.

## Richard Henry Will

Richard Henry Will, 74, of 19 N. Roselawn Dr., died early this morning at Pontiac General Hospital.

Mr. Will was born in Germany Dec. 14, 1880, and came here from Capac 35 years ago. He was a member of the Oddfellows and Carpenters' Union.

Mr. Will had retired from the General Motors Truck & Coach Division.

Besides his widow, Clara Maria, he is survived by a son, Dr. Clarence R. Will and a daughter, Mrs. Vera Colburn, both of Pontiac.

Also surviving are three brothers, Otto of Yale, Fred and Philip of Capac and three sisters, Mrs. Martha Ward of Almont, Mrs. Minnie Jurn of Capac and Mrs. Tressa Shaw of Brown City.

Mr. Will is at the Pursley Funeral Home where funeral arrangements are pending.

# City Police Granted Pay for Overtime

(Continued From Page One)

fair to men with several years seniority.

Straley maintains his plan is departmental policy created to provide an equitable leave system for the entire force.

**Willman, who termed the new policy a "police department administrative matter," said he would attempt to work out a solution to the leave day problem to be presented to the association's liaison committee possibly within the next three weeks.**

He also said he would consider a 10 per cent pay boost for motorcycle officers. The association requested an increase because "motorcycle patrolmen face greater risks."

At a meeting of the association last night at which the liason committee explained the details of the meeting with Willman, the group expressed its appreciation to the city manager for the attention he had given the problems.

# Fourth County Judge Proposed in Bill

Legislation to give Oakland County a fourth circuit judge was filed today by Sen. William S. Broomfield, of Royal Oak.

Broomfield said that the three Oakland judges have the heaviest case load of any circuit in the state, five times that of Wayne County.

The county has not had an increase in its judgeships since 1925. Broomfield said, during which time its population has doubled.

He proposed that the new judge be elected in the fall of 1956 and serve a two-year term as a starter, beginning Jan. 1, 1957.

## A. A. Voorhees Resigns From Pontiac Police

Lt. Oliver Lemeaux, head of Pontiac Police Administrative Bureau, announced today the resignation of Arthur A. Voorhees, 51, of 255 Dick Ave., who has been employed as a special officer and clerk in the Violations Bureau since Oct. 2, 1950.

According to Lemeaux, Voorhees resigned because of ill health. His resignation became effective Jan. 9.

## There Are Some Days You Can't Make a Dime

TYLER, Tex. (UP) — Assistant District Attorney Weldon Holcomb handed defense lawyer John W. Ford a jury panel list in court yesterday and told him to take his choice for the jury.

The jury later took just 20 minutes to find Ford guilty of speeding.

# To Stand Trial in Fire Deaths

## Saginaw Man Charged With Manslaughter in Blaze Which Killed 6

SAGINAW (UP) — Eugene Pierce, 35, has been ordered to stand trial on a manslaughter charge in the death of six persons in a fire Jan. 3.

Circuit Judge James E. O'Neill of Saginaw County made the ruling at a hearing yesterday after police authorities and two doctors testified that Pierce appears to understand the charges and seems capable of aiding in his defense.

**Pierce, whose wife and three of his own children died in the fire, was discharged from Battle Creek Veterans Hospital Sept. 29 after treatment as a mental patient.**

Police said he has made two attempts since the fire to hang himself in his cell at the Saginaw County Jail

Pierce's father-in-law, L. C. Valentine, accused him of deliberately kicking over an oil heater during a family quarrel at Valentine's house the night of the fire. The heater touched off a flash fire that swept through the house, trapping five children who were playing upstairs.

**Pierce's wife, Ada Lee, 26, was burned trying to save the children and died two days later at St. Mary's Hospital here.**

Pierce's attorney demanded a preliminary Municipal Court hearing at an arraignment yesterday afternoon at the jail. Municipal Judge William J. Wolfe tentatively set the hearing for Jan. 21.

## Local Toastmasters Host Club From Royal Oak

Pontiac YMCA Toastmasters played host to four members of the Royal Oak Acorn Toastmasters Club at their meeting this week.

Two of the guests spoke, while the other two served as critics.

Edward Obrien, of the local group, won top honors for the evening with his talk on the guaranteed annual wage. Floyd Levely was toastmaster.

## Officer Shoots Boy, 15, Fleeing Training School

BOONVILLE, Mo.—One inmate was shot to death and six others captured after eight youths escaped from the State Training School for Boys here last night.

The dead boy was identified as Jesse Dean Wood, 15, of Kansas City.

He was shot in a stolen car on an unfinished bridge at Jefferson City, where three companions surrendered. Three others were caught in nearby Columbia.

* * *

Highway Patrolman Paul V. Volker said he fired at a tire and the shot went wild, killing Wood as the youths' car crashed through a barricade and sped onto the bridge across the Missouri River.

Volker said he feared the boys did not know the bridge was incomplete and they might drive off into the river. Heavy, wind-driven snow made visibility poor.

The boys ranged in age from 14 to 18. The training school is for juvenile delinquents.

### Queens Greet YWCA

CHICAGO (AP)—Queen Elizabeth and the Queen Mother have sent personal greetings to the Young Women's Christian Assn., which is observing its 100th anniversary.

## Stray Bullet Traced to Green Detective

SEATTLE (AP)—A mystery bullet crashed through a window and lodged in the ceiling of an office on the 31st floor of Seattle's tallest building yesterday.

Police were called. By line-of-flight calculations, they reckoned it came from the County - City Building, where the sheriff's office is located.

That solved it. A detective on the newly installed sheriff's staff had been cleaning his pistol and it fired.

Undersheriff Murray Gamrath issued a quick order: No more weapon cleaning in the office.

Orientals call Mount Everest Chomolunga, "Goddess Mother of the World."

The First Bank of the United States was chartered in 1791 by an Act of Congress.

The Oakland County Planning Commission yesterday re-elected J. Robert F.Swanson, of Bloomfield Hills, as chairman. Ferndale Supervisor Roy F. Goodspeed was renamed vice chairman and County Drain Commissioner Ralph A. Main re-elected secretary.

# Mitchum Fired From Film Cast

## Accused of Horseplay; Producers Seek New Star for 'Blood Alley'

SAN RAFAEL, Calif. (INS) — Producers of the movie "Blood Alley" were looking for a rugged leading man today to fill the role Robert Mitchum vacated in an argument over what he termed "just a bit of horseplay."

Mitchum exited from the cast yesterday amid varying reports that he hit, pushed or playfully tapped the company's transportation manager George Coleman hard enough to send Coleman sprawling into the cold waters of San Pablo Bay north of San Francisco.

The 190-pound actor described the incident in this manner:

**"All I did was tap him on the arm while we were standing on the ferryboat gangplank and say 'Don't let this man off.'"**

But he admitted he and Coleman had disagreed slightly over Coleman's refusal to let some members of the film company make a trip to town to "buy shaving blades or other little things they need."

Director William Wellman said the alleged dunking was the final blow in a series of Mitchum "horseplay incidents" that were "detrimental to the making of our film." He let Mitchum go after stating the $2,500,000 picture was "too expensive for this sort of disruption."

**Among actors mentioned to fill the part was Humphrey Bogart, whose wife, Lauren Bacall, was due to arrive in San Rafael today for her first shots as co-star.**

Bogart, however, said he would have to turn down the part because of other commitments.

# Overseas Teaching Offers Hard to Beat

ANN ARBOR (AP) — Travel, foreign study and $4,205 a year with room already paid is the bait that's being offered teachers to take care of American children abroad.

Interviews to fill teaching posts in Japan, Okinawa, France, Germany, Austria and Italy for the school year beginning next fall will be held at the University of Michigan, Feb. 22-26.

Several hundred jobs are open for U. S. citizens, single with bachelor degrees, a valid state teaching certificate, 18 hours credit in education courses and at least two years experience in public schools.

Representatives of the U. S. Army's overseas schools also explanned: Transportation is paid both ways.

## One of 10 Most Wanted Captured in California

LOS ANGELES (INS)—Walter James Wilkinson, 30, one of the FBI's ten most wanted fugitives, was arrested last night in the exclusive Foxhill Country Club where he was working as a busboy.

Wilkinson, who had been working under the name of Walter James Rogers for the past three months, was arrested without resistance, although a loaded .32 caliber automatic pistol was within arms' reach in an open suitcase on top of his bed in the club basement.

## Ike's Trade Message

Trade and Tariffs will be big issues in the 84th Congress.

This was made certain by the first of seven special messages President Eisenhower has promised to send to Capitol Hill.

In it he renewed his request of last year for a three year extension of the Reciprocal Trade Act. Also asked is Presidential authority to reduce tariffs on selected commodities by not more than five per cent in each of the three years. These and related proposals are the heart of the Eisenhower foreign economic program.

★ ★ ★

**Its aim as set forth in the message, is to bulwark the free world against Communism by strengthening our Allies' economy. This would be accomplished by increasing the two way flow of trade through reciprocal tariff cuts and continued technical assistance.**

Other measures proposed include long overdue simplification of our customs regulations. The President also wants to double the $500 duty exemption allowed American tourists on goods bought abroad.

★ ★ ★

To stimulate American investments overseas he proposes that business income from foreign investments be taxed at a rate 14 per cent lower than the corporate rate on domestic income.

Though lines already are being drawn for a fight against this program, prospects for Congressional approval are brighter than last year. Traditional high protectionists in the Republican Party will oppose it and so will a few Democrats from mining areas. But, in general, it is likely to have the support of the majority party.

★ ★ ★

The Press long has favored this program. We believe it essential not only to all important two way trade, but to a sound foreign economic policy for the world's greatest creditor Nation.

As the President said such a program "can add immeasurably to the security and well being of the United States and the rest of the free world."

## U. N. Stand Vindicated

Recent news from the scene more than vindicates United Nations refusal to discuss Indonesia's demand for the right to take over control of New Guinea from the Dutch.

The truth is that the Indonesians, who differ ethnically from the Papuans, were making a barefaced demand that Dutch colonialism be replaced by colonialism directed from Jakarta.

★ ★ ★

Dispatches emphasize the difficulty and complexity of the problems with which the Dutch are wrestling. They haven't denied the principle of self-determination. Rather, they have realized that the natives, among the world's most primitive people, simply aren't ready to manage their own affairs.

★ ★ ★

**Chance for rapid advancement in New Guinea is small. There is no common language. Newspapers are non-existent and, of course, there can be no public opinion. Even more of a handicap is the fact that for centuries the various tribes have waged endless wars against each other.**

This makes it very unlikely that the Papuans themselves soon will agitate for Indonesian sovereignty. Until they do, there would seem to be no reason for U. N. to withdraw its implied approval of the Netherlands' policies in Western New Guinea.

## Election Law Ignored

Although they should set examples for other citizens, too many candidates for the House of Representatives ignore our Federal election law.

This provides that no such candidate may spend more than $5,000 in his campaign for nomination and election. Yet, according to Washington reports, a special House committee delving into the matter, has found that 11 of these candidates in the last election violated the law.

★ ★ ★

One of them spent $33,653 and three others more than $20,000 each. Many more undoubtedly ignored the law for the House committee queried 883 candidates, 456 of whom didn't even bother to reply.

That isn't all.

★ ★ ★

The committee didn't identify the 11 violators. It didn't send their names to the Justice Department for prosecution. There wasn't any record as to whether they were successful in their bids for election.

Is this the way to build respect for law and lawmakers?

We say "no." The law either should be enforced or repealed, not ignored.

### The Man About Town

## Explain Proposal

### Projected Toll Highway Through Oakland County

**Attitude: By which a girl is judged, also latitude and longitude.**

In order to clarify the present situation regarding the proposed Detroit-Bay City toll and limited access super-highway and its local relations,

**E. Thomas Baker,**

Chief Engineer of the Michigan Turnpike Authority, will be at Groveland Grange Hall Friday evening to explain matters and answer questions. While the route of the proposed road through Oakland County has not definitely been decided upon, and it is not certain whether it will go east or west of Pontiac, the general public is invited to attend this meeting and express its sentiments in regard to its course. The hall is on Grange Hall Road, one mile east of the Dixie Highway, and six miles northeast of Holly.

---

Recovering from a cancer operation in St. Joseph Mercy Hospital, although only four years old, is

**Johnny Bushey**

who likes to look at picture post cards. He's in room 136.

---

A pet project of the architect of this column for many years has been a proper recognition of the great service of

**Colonel Stephen Mack,**

Founder of Pontiac. Hence the resolution by the City Commission to give the site of our new city hall the name of

**"Mack Square"**

tickles the innermost cockles of this failing old heart.

---

Chairman of the ways and means committee of the Board of Supervisors,

**Fred Smith,**

says that our county's growth is reflected in the increasing needs of its various institutions. Fred is now in his twenty-third year on the board.

---

For 21 years connected with Pontiac theaters, most of that time as manager of the Oakland,

**Bernard E. Smith**

now is living in his old home town, Newark, Ohio. After 41 years in the theatrical business in many different cities, Bernie writes that he considers Pontiac the best of any of them.

---

The annual almanac of the Michigan Bell Telephone Co. is filled with information about 1955 and hundreds of other matters, and District Manager

**Ed. Novak**

tells me that it is available for free distribution at all offices.

---

Recovering from a recent operation in St. Joseph Mercy Hospital,

**T. Curtis McKenzie**

reminds his friends that he is coming out in tip top shape ready to take on all comers on the ski slopes at Otsego.

## Says Drivers Should Be More Cautious; Slow Down on Approaching School Bus

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Thinking of resolutions, traffic laws, S. D. Day, etc., also makes me think of a speedster I saw nearing a school bus on Election Day.

**Lucky for the smart high school girl, who had gotten off said bus, because the speedster blew his horn but swung toward her and she ducked around the outside of a 35 m.p.h. sign!**

Perhaps Michigan needs a new law about safe driving. Why not slow down to 20 or 25 miles an hour whenever you see a school bus, as well as stop when the bus stops.

**No I. Q.?**

### 'Republicans Have Pride in Party Without Reason'

A number of people have expressed a feeling of pride at being affiliated with the Republican party. Yet, they have not presented one reason to back up that pride.

**They do not even have comfort in the fact that our President, at least, is Republican, for this reason: He was a national hero and, as he himself admitted in the last few months, it was the women of the country who voted him into office.**

I am still a staunch Democrat and proud to be a part of the dominant political party in the country.

**"Bashful"**

### Commends Doctor for Exposing School

I'm glad Dr. Norma Anderson had the nerve to expose what was going on at the Lapeer State School. More power to her.

### Don't Cut Tiny Trees, Urges 'A Tree Lover'

It is deplorable the way people cut down little pine trees for Christmas on state land and other places. Especially the little trees that stand by themselves—the little trees that someday would have been big pine trees.

**A Tree Lover**

### Case Records of a Psychologist

## Paying Sincere Compliment to Enemy as Well as Friend Produces Miracle

*Father Hodik is a charter member of the "Compliment Club" and has spread it all over Europe and the Holy Land. He is an expert applied psychologist, for he knows the names of all his parishioners and their babies, and even the names of their dogs, too!*

**By DR. GEORGE W. CRANE**

Case N-322: Father Rudolph James Hodik, aged about 46, is one of the most talented Roman Catholic priests I have ever met.

He is the famous "Rosary Priest" of Wisconsin, and always drives in to Green Bay, Wisconsin, from nearby Casco whenever I lecture up there.

Last summer he led a large group on a tour of the Holy Land, with stops at various European countries.

**And wherever he stopped, Father Hodik sent me a postal card. I received dozens of his sincere greetings, and Mrs. Crane, who is a stamp collector, was also delighted with the postage stamps on those cards.**

Father Hodik has been one of the charter members of my "Compliment Club." Incidentally, he also offers young married couples a set of the various marriage booklets which I mention in this column from time to time, for he orders them in quantity lots for church use.

Father Hodik also has a large parish, semi-rural, where he is so beloved that he laughingly told me half his sick parishioners seem to get well when he calls at their homes, even before the physician arrives.

While leading his tour of the Holy Land, I received a post card from Lebanon, in which he wrote:

**"My Dear Dr. Crane: Sincere compliments have already worked miracles for us here in Lebanon. People are much the**

**same all over the world and they love kindness, plus a word of honest praise."**

A few weeks later one of his cards from Germany contained these lines:

"I made such good friends here by the use of sincere compliments, that the people actually cried when I left them yesterday. And the same thing happened at Assisi, Italy, and other stops on our tour. God bless you for the Compliment Club idea."

The "Compliment Club" simply asks you to pay three sincere bits of praise every day for at least 30 consecutive days without a break.

**Remember, you can actually be sincere in complimenting even an enemy, though you may have to grit your teeth to force a word of praise across them.**

But Christ's Golden Rule says we should do good to others. And paying honest compliments makes others feel buoyed up. It is good for their morale.

In fact, many people are almost at the breaking point. But they bravely keep a stiff upper lip and try to act sophisticated.

Behind that acting may be hungry hearts and great loneliness and even the erroneous belief that their own parents don't love them.

In the latter connection, it is surprising how many children, of **well educated, wealthy parents, believe their Daddy and Mother have little affection for them.**

Enemies soon change into friends if you will break the ice first in conversation and phrase a bit of praise for them.

Soon they think you have good judgment. Maybe awkwardly at first, they mutter a compliment for you, too. And if you keep up the good work, you will literally see miracles performed, as Father Hodik explains.

For you can't think ill of anybody who shows that he thinks well of you.

**Speak up, therefore, and be liberal with compliments both inside your home and to your neighbors, or even to your enemies, for enemies have some virtues if you analyze them fairly.**

Send for the "Compliment Club" booklet, enclosing a dime and stamped, return envelope, Launch the project at home or office or church.

*(Copyright, Hopkins Syndicate Inc.)*

### Aunt Het

**Women blame her for tryin' so hard to attract men, but that ain't the trouble. What worries them is that she succeeds.**

### David Lawrence Says:

## President Getting Wiser in Ways of Party Politics

WASHINGTON—President Eisenhower is beginning to get the feel of national politics and especially the way prejudices are built out of charges that have no foundation.

Instead of allowing his press conference to be used as a means of encouraging friction inside the Republican Party, the President answered firmly and courageously a question this week about Vice President Nixon's speeches which had been the subject of criticism by Speaker Rayburn and other Democratic leaders.

**Eisenhower made it clear that he didn't think Nixon had accused the Democratic Party of treason, as some Democrats tried to make it appear. By meeting this budding controversy in its incipient stages, the President prevented the Democrats from maneuvering him into a battle inside his own political family.**

For several weeks now—in fact, ever since the November elections — various Democratic Party spokesmen have been saying over and over again that Vice President Nixon conducted an unfair campaign because of his references to the handling of Communists in government by the Truman and Roosevelt administrations.

The criticisms have been repeated often in Washington, where there still is a predisposition in some quarters to believe what Democratic politicians say without ferreting out the facts.

**The President asked one of the reporters if he was inquiring about Nixon's speeches on the supposition that the vice president had said what his critics claimed or on the basis of what Nixon really did say in the campaign. It turned out that the query was based solely on the allegations of the Democrats.**

Eisenhower thereupon said he would give a few facts himself. First of all, he declared that he didn't consider any political party in America to be a party of treason and that only the Communist Party could be held to be treasonable. At its last session Congress by statute declared the Communist Party subversive.

Next, the President said no such sweeping condemnation of any major party had been made by Nixon.

Eisenhower revealed that he had been assured by the vice president himself that never, even by implication, had he tried to condemn an entire party but that the speeches which had been criticized contained references only to individual cases and to the way they were handled administratively. Nixon, the President said, had questioned good judgment but never loyalty.

**What the Democrats have employed recently is not, of course, a new device—to raise a smoke-screen in rebutting a charge of administrative incompetence. When Attorney General Brownell made a speech in October 1953 criticizing former President Truman for having been lax in handling the case of Harry Dexter White after the FBI had made specific reports concerning White's role in a Communist ring, there was a hue and cry to the effect that Brownell had questioned the loyalty of Truman.**

Despite Brownell's prompt disavowal of any such inference, the Democrats stuck to the accusation and to this day their speakers repeat the canard that Brownell questioned the loyalty of the former President.

Now it turns out that the same game is being played in an effort to discredit Vice President Nixon. In the past, such propaganda schemes have not been perceived by Eisenhower, and some of his answers at press conferences have been susceptible of an unfriendly interpretation with respect to members of his own official family.

**By coming out flatly and demanding that the accusers of Nixon give chapter and verse to support their criticism, the President is well advised. It shows he is recognizing the importance of uniting the Republican Party and preventing political opponents from driving a wedge between him and other prominent Republicans.**

If the Democrats think it politically desirable to pursue the controversy, they will in the long run be injuring themselves. For the last thing the Democrats should want to see happen is a rehash with klieg lights of all the cases in which the Democratic administrations of the past were remiss in ferreting out Communists and security risks in government.

The President is acting more like the leader of his party, and it is a healthy sign because in 1956 a united Republican Party is a prerequisite to victory.

*(Copyright 1955)*

## Baering Down

**By ARTHUR "BUGS" BAER**
*(International News Service)*

John Foster Dulles is the man of 1954 for taking the high hat out of international diplomacy.

---

A diplomat is a fellow who plays both ends against the middle like a boy eating a frankfurter.

---

At the start Foster was pushed around like an actor's trunk.

---

He flew in more directions than a dropped egg.

---

Then he got a toe-hold on a parallel and did a Blondin on a dotted line.

---

He rifled the old smooth-bore portfolio for distance, accuracy and demolition.

---

We figured Foster's head was in the clouds and we were right. He came down only to refuel and sign treaties.

---

He put over the Manila Pact in Asia, the all-Havana filler in the Caribbean and the Formosa-for - Formosans formula with Chiang Kai-shek. If you stay on an island thirty days it belongs to you.

---

Then the fur began to fly. About this time Christmas mink always does.

---

Foster persuaded Mohammicker-Dingbat to loosen the Commie torniquet on Iranian oil for the lumps of China. He ironed out the Trieste hassle ment with a dash of savoir faire hatched of long expedience. He persuaded Syngman Rhee that half-a-peninsula was better than none. He was the third man in the Suez ring and now England has no canals to worry about except on the Manchester-Liverpool axis.

---

To slap a bonnet on the climax John Foster Dulles copped the nod on the defense of Western Europe. More things are going his way than a Missouri farmer riding his house-top down the Big Muddy in the spring floods.

## Portraits

**By JAMES J. METCALFE**

How much will you remember when . . . Tomorrow is today? . . . Will you be waiting, or will you . . . Have softly walked away? . . . Will you remember me at all . . . As only now we met? . . . Or will you toss my heart away . . . And laughingly forget? . . . I cannot guess your hidden thoughts . . . I know not how you feel . . . But when I spoke to you tonight . . . You seemed to be so real . . . The stars were never quite so bright . . . The magic moon so clear . . . And I was never so enthralled . . . Or ever more sincere . . . I hope you will remember when . . . Tomorrow is today . . . And, oh, I hope and pray that it . . . Will always be that way.

*(Copyright 1955)*

### THOUGHTS FOR TODAY

**If a man walking in the spirit and falsehood do lie, saying, I will prophesy unto thee of wine and of strong drink; he shall even be the prophet of this people.—Micah 2:11.**

* * *

For no falsehood can endure touch of celestial temper, but returns of force to its own likeness. —Milton.

## Dr. Brady Can't Sue Panel Physician for Calling Him Quack Because He Is

**By WILLIAM BRADY, M.D.**

Some courageous citizen, attending a panel discussion of something or other by doctors at the B'nai B'rith forum arose and asked the doctors for an opinion of Dr. Brady. A doctor on the panel said "Brady is very amusing," better than the funny papers," and "I read Brady religiously." But Brady the doctor concluded, is a quack.

That's what I have been telling you folks for years.

**I don't know what the panel doctor's specifications for a quack may be, but according to Webster a quack is one who professes knowledge in any matter of which he knows little or nothing.**

That's Brady, all right. Maybe I don't come right out and pretend to know better than other doctors do, except when it is obvious they are all out of step but Brady.

In private practice you can get away with murder—you can quack it most of the time if you wish and nobody will raise a rumpus about it save an occasional victim who, aided and abetted by one of your competitors . . . of course your malpractice defense insurance takes care of such annoyances.

**In print everything you say in reference to medicine, surgery and the steadily increasing number of full time or part time specialties is carefully reviewed by thousands of medical critics like the panel doctor quoted above. If your opinion or teaching does not coincide with what he or his coterie favors this season you are ipso facto a quack.**

One newspaper editor, referring to the forum panel's member's assertion that Brady is amusing, better than the funny papers and a quack, recalls that Brady from time to time refers to himself facetiously as a quack.

**I realize now that I shouldn't have. The editor is right, though** it is not always facetiously. Consciously or not, when I make a positive or negative assertion pertaining to health in this column—as I do nearly every day—and forget, or purposely neglect to explain that it is just my belief or opinion or the view of this or that clearly identified authority—I am quacking it within the Websterian sense of the word.

Had I not acknowledged that I am a quack, I might have a lot of fun now suing the B'nai B'rith panel doctor for slander of something—his malpractice defense insurance probably wouldn't cover the damages I might win in such an action. But, darn it, how can you sue a man, or even blame him for telling the truth? For that matter, if the panel doctor were in my place and I in his, I don't believe I'd stop at calling him a quack.

*Signed letters not more than one page or two words long, pertaining to personal health and hygiene, not to disease, ailments or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.*

# Careless Parents Blamed for Child Poison Deaths

DENVER (INS)—The Colorado Medical Society said today that careless parents are to blame for more than 1,000 needless child deaths from accidental poisoning each year.

A medical spokesman pointed out: "Kids can't read or understand poison labels. Parents can."

**Putting the matter on a house-to-house basis, the spokesman asked: "How long has it been since you made a safety inspection of your home for poisons within reach of curious youngsters? What's in all those left-over bottles in your medicine chest?"**

The Medical Society bulletin pointed out in addition to the 1,000 fatalities, poisons also are responsible for the crippling of additional thousands of youngsters each year.

Throats are permanently scarred and closed by lye. Children suffer permanent liver, kidney and eye damage from moth repellants, gasoline and kerosene.

Medical Society officials said the most common poisoning agent taken by children brought to Denver Children's Hospital has been common aspirin, which can be fatal when an overdose is taken.

**The other most common poison hazards to children are laundry bleaches and cleaning solutions, gasoline and kerosene, benzene and naphtha; moth repellents; the aniline dye found in red and orange wax crayons; some diaper making fluids; barbiturates; nicotine; rat and insect sprays and pastes; lead paints, and medicinal drugs.**

Medical spokesmen said prevention is paramount. Poison hazards should be kept out of reach of children, and old medicines should be thrown out.

Don't put detergents, petroleum products or other poisonous substances in pop bottles. Kids are just naturally attracted to pop bottles.

Federal law specifies that any substance containing a poison be labeled, stating the percentage of the poison, and listing its antidote. For that reason, never switch a poisonous substance from one bottle to another.

**A universal antidote, if you can't reach a doctor and don't know what to use, can be made from two parts charcoal (burnt toast crumbled up), one part magnesium oxide (milk of magnesia) and one part tannic acid (strong tea).**

Give soap or milk of magnesia for acids, and vinegar or orange juice for alkalis such as lye or caustic soda.

## Or Maybe a Mermaid

WINDSOR LOCKS, Conn. (UP) —Mrs. Dorothy Gile was telling her son about her Navy service during World War II. The child interrupted her and asked, "What were you in the Navy Mommy, a whale?"

# Shrinking Embarrassment Lets Writer Squeeze In

By MARGARET LATROBE

We were talking of most embarrassing moments the other day. There was one whose child brought the pet goose to church and the fowl leaped from pew to pew before being overtaken. And the car salesman who, in the early days, was taking a prospective customer to the state fair—and had 19 flat tires in 30 miles.

This one happened all because of a small trap door through which groceries were delivered into the apartment. And a forgotten key. The tenants of that apartment house in a university town were never at home during the day, and the 12-inch square doors were installed by a bright superintendent who didn't have time to escort daily grocery orders upstairs.

**Across the hall from us was an eccentric but delightful chap—a tenor—who used his trap door for his dogs. And until it was established by the superintendent that he kept 27 dogs in the apartment and was requested to move the menagerie elsewhere, he and the spaniels provided quite a conversation piece.**

Our door was used for its original purpose — grocery and such mundane deliveries. When Sister and I splurged on a thick T-bone steak (75 cents, trimmed) that's the way it got into the kitchen.

One fine spring afternoon which gave no hint of disaster, I hurried home, hoping to get inside before my neighbor arrived with his 27 canines and four opera stars who were appearing that night at the campus auditorium. Frantically I searched my purse for the key. It was inside. I was outside.

**The trap door, which had admitted packages of laundry and other cumbersome objects, seemed to beckon. "Come on in this way," it clearly said. "You can make it if you try the bias instead of the straight!"**

Hearing the dogs and the opera singers breathing heavily up the stairs, I tossed coat, purse and shoes through the opening and hoisted myself half through. But only half. The bias wasn't adequate to the occasion and I was stuck with my stocking feet obstructing the narrow hallway.

Twenty-seven dogs marched over my feet and into their own little door. The aghast tenant stepped over me in silence.

**Four opera stars,— basso, baritone and a couple of tenors —broke into a quartet arrangement from Gilbert and Sullivan's "Mikado." "My object all sublime I shall achieve in time —To let the punishment fit the crime."**

Embarrassing? Shrinkingly so. I shrunk enough to wiggle past the woodwork into the heavenly seclusion of home. I have never been overly fond of light opera since then. Particularly "The Mikado."

## Iced Greenbacks Gone

HAMMONTON, N. J. (AP) — A burglar, in the farm home of Miss Emma Mae Severs, 48, struck it rich in the deep freeze. In the crisper tray wrapped in aluminum foil was $4,300 in green stuff—cash Miss Severs planned to take to the bank the next day.

## Planning New Effort to Drop Lake Level

CHICAGO (AP)—Property owners along the shores of Lake Michigan in four states are planning another attempt to lower the lake level by increased diversion of water into the Illinois waterway.

Albert J. Meserov, attorney for the Association for the Protection of Great Lakes Property, Inc., said yesterday he will go to Washington soon for this purpose.

A bill which would have permitted an additional 1,000 cubic feet of water per second to be drained into the waterway was approved at the last session of Congress but President Eisenhower vetoed the measure. The present authorized rate of diversion is 1,500 cubic feet per second.

Meserow said the association has among its members property owners in Indiana, Wisconsin, Michigan and Illinois. He said during 1954 more than 100 million dollars in damage to lake front properties was caused by the high levels of Lake Michigan.

California leads in the production of grapes and the value of the annual harvest is more than $200 million.

Since 1940 the number of dwelling units using natural gas for central heating has increased by more than 400 per cent.

Inhabitants of the Philippine Islands speak 87 different languages, all related, and some of them only dialects.

PEAK OF THE SKI SEASON—Skiers ride the tow line to the top of a hill at Snow Valley, near Gaylord. Michigan's ski season is hitting its peak at most winter sports areas in the upper part of the state.

# These Skiers Don't Ski, They Just Dress the Part

GAYLORD (AP)—Someone once said no creature is more amusing than a sports fan who dabbles a bit at his favorite pastime.

This can be proved almost any winter day at several ski lodges buried in the sticks near this central Michigan community of 2,300.

Skiers, dressed in fineries that would stop a Paris fashion show, struggle every morning into fancy ski boots that would make Torge Tokle blush for their "jaunt down the slopes."

Typical of these resorts is Snow Valley, a moderate lodge compared to some. It plays host to some 401 fans every weekend day to the tune of $2.50 tow charges.

**Expert skiers are not easily seen from the giant picture windows of the clubhouse, where easily half the guests watch while they sip something tall and cold and pass out "experts" opinions.**

The experts are far away on hills so steep that the crease in their ski pants wrinkle from the wind around their knees.

Directly outside the gleaming windows is the fashion show. Skiers dressed in colors ranging from electric blue to orange that shines at night can be seen gliding down gently sloping hills with the greatest of form.

Gilbert Wells, Snow Valley's owner, is getting used to the idea of taking care of some 10,000 customers each winter.

He started the lodge eight years ago when he cleared away enough lumber to build himself a small ski trail for his private use.

"I was happy then," he says. I had no troubles and was making a living with a summer resort on Lake Otsego across the way.

**"Then I decided to build a tow and make a couple of bucks by letting people ski here. That's when it all started. Now look. I'm making money and don't have time to spend it."**

Today he rents out 250 pairs of skis, keeps a staff of 20 and operates 10 ski tows to make things easy on guests.

But Wells, an enterprising man, keeps building each year to take care of his hoard of customers. He has bulldozed one hill some 80 feet in the air and says he's going up with it again next summer.

His biggest crowd of the year storms Snow Valley on New Year's weekend. Some ski, others pick out the handiest table in the lounge and camp for the weekend, dressed in boots, flashy sweaters and jackets lined with patches from various ski lodges.

Another nearby club considerably more flashy is Boyne Mountain Ski Lodge, which graces its customers with a heated outdoor swimming pool and contemporary architecture.

There, skiers who really aren't skiers can take a dip in the 80-degree swimming pool or play bridge at the bar.

As one skier remarked after making a five bid, "Like I always say, nothin' beats winter sports."

## Pontiac Exchange Club to Hear Detroit Planner

Paul M. Reid, planning analyst for the Detroit Metropolitan Area Regional Planning Commission, will speak at the Pontiac Exchange Club meeting Friday at noon in the Hotel Waldron.

Reid will be introduced by William Edmonson, an assistant director of the plan group and a former Pontiac city manager.

Fine asbestos fibers have a strength comparable to those of silk.

## Aluminum Tube Allows Smoker to Smoke in Bed

VICTORIA (AP) — A man who likes to smoke in bed says he has figured out a way to do it without causing a fire hazard.

J. Henry Michaud says his invention is an aluminum tube with holes in the sides which screws into a cigarette holder. No ash can escape, he says. He got the idea recently in a hospital, where nurses were "always raising heck with me for smoking in bed," he explains.

## Condemnation Suit Postponed Until Feb. 21

Hearings in a suit by the Birmingham school district to condemn land in Southfield Township for a building site have been postponed to Feb. 21 by Oakland County Circuit Judge George B. Hartrick.

The area in question comprises about 30 acres at corner of Lahser and 14 Mile Rds. It is included in the Birmingham school district.

There are about 890 Seminole Indians living in Florida.

# 'Suspect'--Chapter 33

By Hugh Lawrence Nelson

Jim closed his hand into a fist. "I washed back through the hole and out the other end. I got in the jeep and drove around to this side. But what were you doing all that time?"

"Sitting," Nancy admitted. "Sitting and shaking. I really felt hemmed in, Jim. I—I thought I sat there for days and days."

"Good thing you waited so long," Jim muttered.

Nancy closed her eyes. "That time when I tried, I moved one of the rocks a little. It rolled, and I tried to squirm through. Then the rock rolled again, Jim. I was caught." The lashes of her tightly closed eyes were wet suddenly. "Don't let them tell you drowning's an easy death, Jim. Not when you're caught like that. I couldn't move because the rock pressed tighter and tighter. Then something grabbed my arm. I tried to yell and the water—came everywhere."

**Jim Dunn watched her struggle with past terror, could see the effort she was making to conquer it.**

"Next thing I knew," Nancy said in a stronger voice, "was when you were pushing and pounding at me, and I just had on a few shreds. I must say—" she hesitated and then changed her flippant tone to one of real sincerity. "I must say I felt awfully good. I was glad to see you, Jim. Famous understatement."

He leaned over and kissed her. It started as a gentle salute to an invalid. It changed.

Philip Stoneman and Jim, wearing swimming trunks, walked toward the upper entrance of the cavern. "You're getting pretty tough, chum," Philip said. "I mean coming right out that way and saying you wanted two women to sit with your wife because you didn't trust any one of them alone."

**Jim shook his head. He folded the plastic pillow-case he had borrowed from a deck chair into a smaller bundle. "Not tough—yet. And I want to thank you—for your help with Nancy."**

"Let's not get sloppy, chum."

Between them the three rocks were moved easily, carried to the ledge again.

Stoneman strapped on the wrist watch he had removed before entering the water.

"What time have you?" Jim asked. His own wrist watch had certainly proved the makers' claims of being waterproof.

"Three-thirty on the nose," Philip said.

Jim set his own watch back two minutes to correspond. "Take my jeep," he ordered, "and drive around to The Spires. That'll take you about 25 minutes. I'll wait here until exactly four o'clock, then come through the stream bed. I want to see how long it takes."

"Better you than me," Philip said. "In fact, am I necessary in this at all?"

"A witness," Jim said. "Or maybe I want you there for an object lesson."

**Philip nodded, turned to go and then stopped to favor Jim with one of his nicest smiles, "I don't suppose it occurred to you I might be waiting on the other side. With a club."**

At exactly four o'clock he stepped again into the water, dove to pass easily through the enlarged opening. He surfaced in the cavern where Nancy had known fear. The huge square candle still burned, burned without a flicker. Jim pulled himself up on the rocky bank, felt the glassy-eyed stare of the doll. He made certain the money, letter and bracelet were still intact, stuffed the doll into the plastic pillow cover, and twisted shut the opening. He dove again, let the current carry him. In an unbelievably short time he climbed out on the ledge where the water grew shallow, splashed hurridly to where Philip waited in the jeep.

"What's the idea, chum?" Philip demanded.

Jim pushed him over from the driver's seat, got in and began the trip back up the hill. "Idea of what?" His mind was filled with what lay ahead.

"Idea of jumping the gun that way. My watch only showed two minutes after 4."

**Jim had forgotten to look at his own watch, but he said, "So did mine." Philip's words "jumping the gun" had reminded him of his own weapon lying on the flat rock. He decided it would be safe enough there. Probably safer than in his possession, considering what he had to do.**

Jim saw Stoneman was looking curiously at the doll bundled in the plastic case. He said, "On the level. You've just witnessed a demonstration that knocks your alibi all to pieces."

Philip thought that over. "And now what?"

"I'm counting on your help," Jim said.

"Poor you."

"There's a doll in that plastic case," Jim said. "It's Angelica's doll. Left in that cavern by the person who killed her. It's Angelica's doll and it's stuffed with money and a love letter from her husband."

**They reached the top of the winding road from The Spires before Philip spoke. "She was pretending! Angelica was getting something of her own back before she made the final break.**

**I—I don't know. I hoped—but I didn't think she had that in her."**

Jim sighed. "You've been around the Carlsons too long, at that. But you think about it. And you think about Angelica and her doll. While you're at it you might do a little thinking about turpentine."

To Be Continued

Oregon's population of deer, elk, antelope and bear is 654,000.

## Eager Contestant Reaps $3,000 in Prizes Since '48

CHATTANOOGA, Tenn. (AP) — When it comes to contests, Jesse H. Long, 28-year-old Tennessee Valley Authority employe, is the winningest man in these parts. Long makes a hobby of entering all types of contests and has won 129 prizes worth about $3,000 since 1948.

Roller skates, war bonds, bicycles, a television set, a trip to New York for two and even clothes for his wife were included.

Long doesn't have any special formula to offer for winning contests, but he does abide by a theory that "the more you enter, the more you win."

About 650 Americans die of cancer every day.

## Police Locate Stolen Bridge as Boat Ramp

BEMUS POINT, N. Y. (UP)—A bridge created a problem for officials of the town of Ellery.

A government surveyor studying creeks and roads was unable to locate the Cozy Hollow bridge listed in a township map.

Finally town police discovered the bridge's steel framework on the shore of Chautauqua Lake where someone apparently had planned to use it in constructing a ramp to haul boats from the water.

The bridge had been closed for nearly two decades—but had not been abandoned by the township. If police catch up with the thieves—and if a value more than $100 is placed on the bridge—the culprits will face a grand larceny charge.

## 34-Year-Old Pony Dies

GRASS VALLEY, Calif. (AP) — Santa Claus was such a favorite pet that no one minded if he nibbled flower and vegetable gardens. When the Shetland pony died he was 34 years old.

# Pork Cuts Are Top Values in Food Stores This Week

By THE ASSOCIATED PRESS

The emphasis will be on pork cuts in the nation's food stores this weekend.

Prices are lower because of heavy marketing of hogs. Many stores will be offering specials on pork loins, pork chops, fresh hams and smoked picnics. In some cases, loin prices will be trimmed six cents a pound below a week ago.

"Housewives looking for good food buys will want to plan on frequent servings of various pork cuts in January meals," comments the U. S. Department of Agriculture. "Pork roasts and chops, ham, bacon, sausage and spareribs point the way to menu variety at reasonable prices."

**Leg of lamb will be another favorite weekend special, and some stores will drop prices on lamb chops.**

Beef prices continue strong in wholesale markets, but you may find lower prices in your market on chuck roast or round roast.

Frying chickens are edging higher, with some markets boosting prices by from two to six cents a pound.

Eggs will be down a couple of cents a dozen in some areas and unchanged from a week ago in others.

On the list of the best buys in vegetables are potatoes and onions, old crop cabbage, radishes and nearby root crops—beets, carrots, parsnips and white turnips.

**Rated as good buys by produce specialists are pascal celery, peppers, new crop cabbage, eggplant, spinach, dry type sweet potatoes and cauliflower.**

Golden heart celery is described as moderately priced. Lettuce is considerably higher and the quality is not too good.

Tangerines are considered the outstanding buy in fruits. Also recommended: Oranges, grapefruit, apples, limes and emperor grapes.

Apricots from South Africa and plums, peaches and honeydew melons from Chile reached New York this week. They're marketed mostly in the East and Midwest.

## Parlez Polski, Oui?

DUBOIS, Ill. (UP)—This southern Illinois hamlet with the French name doesn't have a single Frenchman living in it. The citizenry is almost entirely Polish.

## Pre-Revolution Ranch Is Back in Cattle Business

ALLENDALE, S. C. (AP) — Pre-Revolutionary Belfast plantation near here is back in the cattle business. In Tarlton Brown's memoirs of the 1700s, he recalls the place as excellent range for cattle and said it "was no uncommon thing to see 200 in a herd."

Harry M. Lightsey of Columbia recently bought the old place and is reviving the cattle raising business on it, has rebuilt the plantation house.

## Runaway Auto Throws Driver, Runs Over Him

LITTLE ROCK, Ark. (AP) —Brakes on Bob Siders' car failed on a hill. Siders was thrown clear when it crashed into a parked auto. The car then ran into a utility pole, which deflected its course back toward him. Before he could get to his feet, it rolled over his left leg and arm.

Siders jumped up, chased the slowly-rolling vehicle 50 feet down the hill, climbed in and stopped it with the aid of the hand brake.

## Probably Both Left

MEMPHIS, Tenn. (UP) — One woman here made sure her handbags would match her shoes. Mrs. Joyce Stuard said the woman came in to buy a red handbag and a green one. On her feet she wore one red shoe, one green shoe.

# Claims Chiang May Start War

## But Sparkman Regards Note Signed by Premier as 'Promise'

WASHINGTON (AP) — Sen. Sparkman (D-Ala) said today there is no way to spell out "100 per cent insurance" that Chiang Kai-shek will not seek to involve this country in war by provoking a Communist attack, but that he regards a note signed Dec. 10 as a "promise" from Chiang.

He referred to a note signed by Secretary of State Dulles and Chinese Nationalist Premier George K. C. Yet, pledging the United States and Chiang's forces not to launch in the Formosa area without "joint agreement" and military actions not strictly self-defensive.

* * *

The note was signed eight days after the new U.S.-Formosa Mutual Defense Treaty. Sparkman said he regards it as the best guarantee possible that the pact would not involve this nation in a war over Formosa, the island 100 miles off China which constitutes most of Chiang's Republic of China.

Sparkman commented in an interview in advance of a closed-door session of the Senate Foreign Relations Committee called to hear a briefing on the world situation by Dulles.

* * *

It was Dulles' first date with a Democratic - controlled congressional group, but Sparkman, a member, said the secretary would get "a friendlier reception than he's been getting in the past from a Republican - controlled committee."

The U.S.-Formosa treaty commits this country to "act to meet the common danger" in the event of any armed attack on Formosa or the nearby Pescadores Islands and to recognize such an attack as dangerous to U.S. peace and safety."

## Sen. McCarthy Alert Repeated for Second Day

WASHINGTON, (AP)—For the second straight day, police have sped to the home of Sen. McCarthy (R-Wis) in response to neighbors' alarms of possible danger to the senator.

On both occasions police found nothing out of the ordinary.

Last night, five policemen rushed to McCarthy's house after George W. Ennis, who lives next door, set off a box alarm. Ennis said a neighbor heard noises on a roof and phoned him. Police failed to find any prowler. McCarthy came out of his house in shirtsleeves, told the officers he had heard no noises and invited them in for coffee.

The day before, Mrs. Ennis told police she received a telephone warning to get out of her home because McCarthy was going to be "blown up." A police guard was stationed near the senator's home.

## Cop's Raid on Burglars Nets Lieutenant, Captain

PHILADELPHIA (AP)—Police Sgt. Wilhelm Neuhaus set out to catch two burglars yesterday but ended up instead with a police captain, a lieutenant and 40 prisoners.

Neuhaus received a call that two men were breaking into the basement of a candy store. He rushed to the scene, found the cellar door open, heard noise and barged in.

He helped capture 40 men accused of illegal card and dice games in the cellar. The two prowlers reported to Neuhaus were the captain and lieutenant about to surprise the gamblers.

## Swain Must Pay $250 All for the Love of Love

DALLAS, Tex. (AP)—Tom Patton Williams, 23, told Federal Judge T. Whitfield Davidson he used 51 washers the size of 25-cent coins to make long-distance telephone calls to his girl friend.

She lives in California and her last name is Love, Williams said.

After Williams promised yesterday to make restitution, he was given a probated $250 fine.

## He Can't Stay Away

WOONSOCKET, R. I. (AP)—Kenneth A. Dewars, 34, of Pawtucket, was released yesterday from Woonsocket Hospital after spending three days undergoing observation of a kidney ailment. Three hours later he was back. He suffered head injuries when his car collided with another at an intersection.

MESSAGE FROM POPE PIUS XII—Ninety-year-old Mrs. Martha Goodman of Union City, Ind., reads card she received from the secretariat of Pope Pius XII. Mrs. Goodman sent her favorite "hiccough remedies" to the ailing Pontiff and his office responded with an autographed picture of the Pope and a message with his blessings.

## Bar-Door Sermons Discourage Patrons

FORT WORTH, Tex. (AP) — A churchgoing tavern operator complained yesterday to the City Council that sidewalk preachers are harming business.

Ministerial students persist in preaching sermons in front of her tavern door, Mrs. M. E. Johnson said. Customers, whether or not they're swayed by the Gospel, can hardly push past the preachers, she said.

Mrs. Johnson said she was a church member herself, but added that she did not think the churches should interfere with her business.

City Atty. Rhinehart Rouer said he believed police could order the preachers away from Mrs. Johnson's tavern door.

## Father of Columnist Earl Wilson Dies in Ohio

DEFIANCE, Ohio (AP)—Arthur E. Wilson, father of syndicated columnist Earl Wilson of the New York Post, died here last night at the River Rest Home, where he had been a patient.

The body was taken to a funeral home.

Wilson, a semi-invalid since suffering a stroke a few years ago, was a former real estate man here. His wife was reported visiting a daughter at Fort Wayne, Ind.

Wilson's column is carried daily in the Pontiac Press.

# Jets Launched Minus Runway

## 'Booster Bottle' Helps Planes Take Off From Truck Platform

BALTIMORE (AP)—The Air Force doesn't need long runways any more to get its fighter jets into the air. It can launch them from a 39-foot platform mounted on a truck.

The Air Force announced today it had launched F84 Thunderjets from what it calls "zero length" launching platforms during tests at Edwards Air Force Base, Calif.

The tests, conducted by the Air Research and Development Command and Glenn L. Martin, used the same principle and equipment employed to launch the Martin Matador, a pilotless missile.

A "booster bottle" filled with propellant is attached to an F84 and the plane raised into launching position on the platform by mobile cranes.

The plane's turbojet engines are raced at full speed, then the propellant in the "booster bottle" goes into action, giving the plane a rocket kick that sends it off so swiftly it is airborne almost instantly.

The "booster bottle" is dropped once the propellant is exhausted.

Martin test pilot Bob Turner says the strain of the takeoff is less than that which pilots normally experience during catapult takeoffs such as those used on ships.

# Savings Bond Sales Hit New High in '54

WASHINGTON, (AP)—The Treasury said today savings bond sales set a peacetime record in 1954, with sales of $4,889,119,000 of series E and H bonds.

Individual holdings of these two bonds, the most commonly purchased, came to 38¼ billion dollars at the end of the year, the Treasury said. A total of just over 57½ billion dollars was outstanding Dec. 31 in all kinds of savings bonds.

The announcement said 1954 sales of series E and H bonds exceeded redemptions by 445 million dollars. This was the largest net gain for the Treasury in savings bond sales since 1949.

## Artists Poke Fun at German Army

FRANKFURT, Germany (AP) — West German newspaper cartoonists are having fun lampooning government claims that the future German army will be democratic in its discipline and drill.

One cartoon show German soldiers—wearing American-type helmets and uniforms—gathered for a lecture on gun sights. But instead of paying attention, they are sprawled over a huge couch, regarding the army as a country club.

Other cartoons compared the future and past treatment of a German military conscript.

In the old days, it was a sour-looking board of officers that greeted him. In 1955, it will allegedly be a board of bosomy females.

A truck will haul the conscript's uniform, and a maid will scrub his barrack floor. When he steps out for the evening in a natty civilian suit, not one but four Lili Marlenes will await him at the kaserne gate!

---

Almost three times as many deaths from automobile accidents occur between seven and eight in the evening as occur between the hours of seven and eight in the morning.

## Man, 106, Finds Life of Kindness Pays Off in End

RIDGELAND, S. C. (AP)—Christopher Columbus Orr, 106-year-old Negro who was never a slave, says his bread cast upon the waters has come back.

Orr, born free in 1848, looked after Confederate horses during the war, worked afterward most of his life in sawmills, lived always on the place where he was born.

During his working life he built up a reputation for generosity to his people, always letting others in need charge food and farm items to his accounts.

**With age his earning ability waned, he sold much of his land, and last year his small frame house almost collapsed.**

Today, he has a new frame house, built mostly with materials and labor friends of both races contributed.

He recalls both white and Negro people used to warn him against his generous ways, but that he always said in reply that if he ever became destitute, "I don't believe they'd let me suffer."

---

Air polution experts estimate that industrial plants waste up to $800 million worth of fuel annually because of burning methods.

## 'Water' Fails Acid Test in Liquor Case

CHARLESTON, S. C. (AP) — City Recorder E. Lloyd Willcox determined, to his and a lawyer's distaste, that a jar, which originally contained pickled pigs' feet, more recently had been put to other uses.

Police testified they suspected a woman, charged with possessing untaxed whisky, of pouring the jar's contents down a drain when she saw them approach her house. The defendant's lawyer contended the film of clear liquid covering the bottom of the jar was water.

Willcox ordered a cup and suggested he and the lawyer sample the dregs. The lawyer gingerly took the first sip and his fallen face left little doubt of the outcome, which was settled as soon as Wilcox tasted and grimaced.

# AF Asked to Delay Work on Jet Base at Cadillac

WASHINGTON (AP) — Chairman Cannon (D-Mo) of the House Appropriations Committee disclosed last night he has asked the Air Force to hold up an $8,635,000 jet base planned for northwest Michigan until it "justifies" its latest site choice.

Cannon said he made the request in a letter to Secretary of the Air Force Talbott.

**The base originally was to go up on a site near Homestead in Benzie County. Later, however, the Air Force changed its plans and announced it would be built near Cadillac in Wexford County.**

The decision brought an outburst of protests from Rep. Ruth Thompson (R-Mich), whose district embraces both sites. She accused Talbott of "putting me in the middle" with her constituents and said Talbott admitted to her personally that the Air Force "bungled" the job.

Cannon said he asked Talbott to delay work on the base "because money appropriated for a specific purpose can't be used for another purpose without authorization." He said he is not interested in the political background of the decision.

**The Air Force, Cannon declared, will have to come before the Appropriations Committee "and justify this new site just as it did the first choice."**

He pointed out that the Air Force now stands behind the Cadillac site, but the Appropriations Committee has allotted money with the understanding the base was to be built on the Benzie County site.

Cannon said his committee should be ready to proceed shortly on hearing the Air Force explanation for the change in plans.

Cannon said the hearing would take up "all the evidence pertinent" to the dispute, apparently indicating that Miss Thompson and other critics of the Cadillac site will be heard.

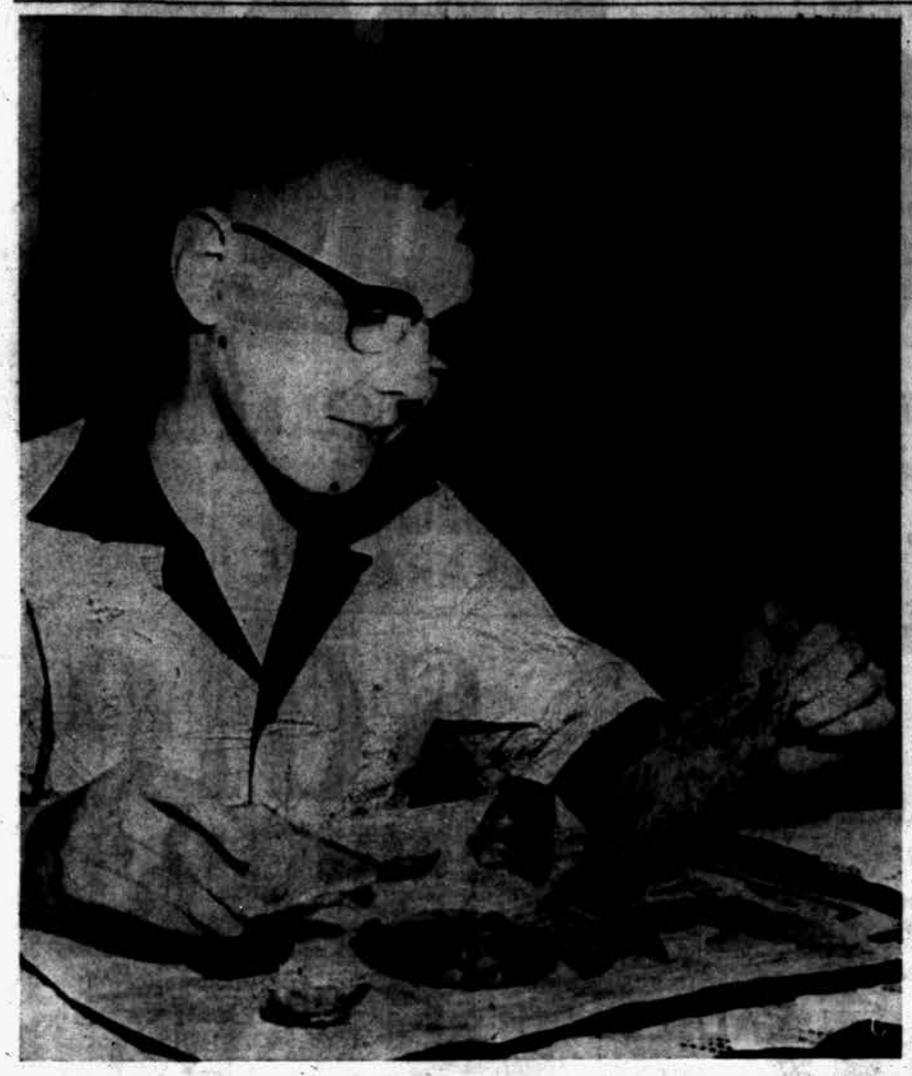
# Bell Plans $800,000 Facility Expansion Here in '55



AP Wirephoto

LONG TRIP—David Pyle, 9, of Muskegon, holds a note he found in a bottle on the Lake Michigan shore near his home. The bottle and note were part of a water currents study conducted in 1887, and while the note offered a dollar reward for return, David was just 69 years too late.

## Improved Phone Service Is Aim

### 1,800-Line Addition and New Cable Included in Project

Michigan Bell Telephone Company will spend around $800,000 to expand and improve service in the Pontiac area this year, according to Edward J. Novak, district commercial manager.

Included in the program is an 1,800-line addition to the central office equipment and a large cable project to serve the north and west sections of the city.

**The new facilities will make it possible to provide service for about 2,000 new customers during the year and to take care of all orders now on the waiting list for better grades of service than currently available.**

To keep pace with the rapidly expanding community the company spent $906,800 during 1954 to improve facilities in the local exchange, Novak said. As a result, service is available in most sections of the city without delay, he said.

A change in service with the start of the new year is a new number for time service. Time is now available by dialing 116, instead of 112 as formerly.

**The local system handled a record volume of calls last year. The number of local calls placed by Pontiac users was up 25,000 a day over 1953. In December, the local call volume hit 248,822 per day, which averaged out to 5.7 calls per telephone per day.**

A gain of 2,200 telephones for the year brought the total in the exchange up to 43,200.

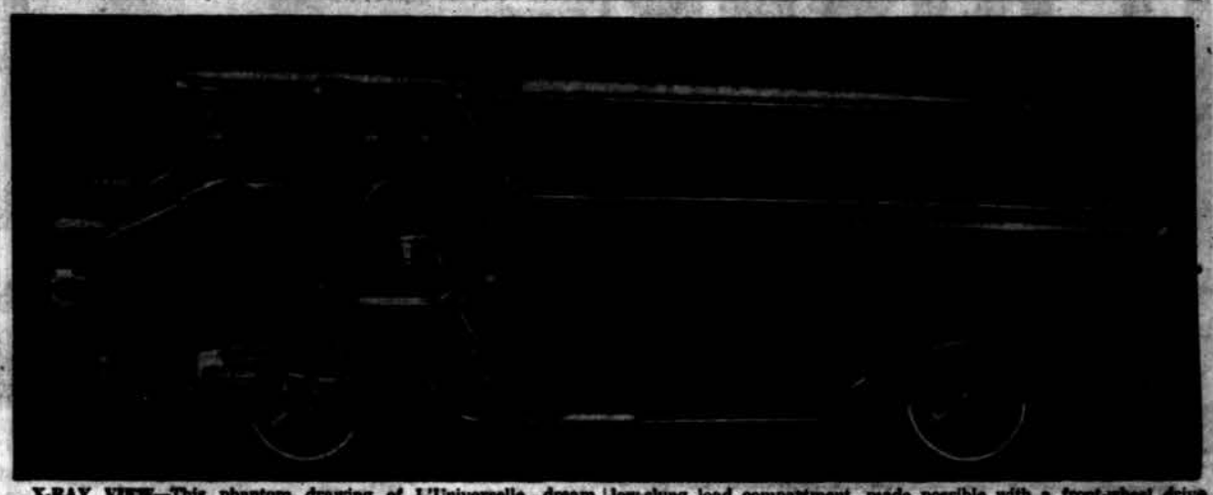
At the start of 1954, the company had about 4,000 orders from customers for better grades of service. By the end of the year this list had been cut to less than 1,000.

Major construction projects carried out last year involved the expansion of cable facilities in the north and west ends of the city as well as the South Saginaw-Franklin road cable to serve the entire south end. The three cable jobs cost a total of $171,000.

**In outlining the company's progress in meeting demands for its service during the year, Novak pointed to the rapid development of extension telephones in Pontiac homes. During the past 10 years, he said, the number of extensions installed in local homes has increased 500 per cent.**

Novak said that pending completion of the central office equipment addition it might be necessary to temporarily delay filling orders for new service a little later this year. He pointed out that the new facilities, like all such equipment additions, must be "tailor-made" to fit the needs of the community but that manufacturing schedules have been stepped-up to make at least part of the new switching equipment available to Pontiac customers sometime during September.

DREAM TRUCK FRONT END—A close-up of the front end of the chassis of the GMC L'Universelle, a panel delivery type, discloses the inverted hydramatic transmission, the fluid coupling, brake drums on the driving shafts as they come out of the gear box, and constant-velocity universal joints. GMC Truck ? Coach Division will show L'Universelle in the GM Motorama of 1955 at New York, Miami, Los Angeles, San Francisco and Boston. (See story, page 1).



X-RAY VIEW—This phantom drawing of L'Universelle, dream truck of the GMC Truck & Coach Division, exposes some of its unusual features. Engine location, driver's position, torsion bar spring and low-slung load compartment, made possible with a front-wheel drive and drop-center rear axle, are diagrammed. Air flow from opening on roof downward to radiator is indicated by arrows.

## Emotion-Packed State Senate Refuses Wilkowski Plea; Declares Seat Vacant

LANSING (AP) — In an emotion-packed first day session, the Michigan Senate held Sen.-elect Anthony J. Yilkowski (D-Detroit), is "unfit" to be a membear of the Senate because he went to prison 19 years ago for an election recount fraud.

The Senate in a 21-10 vote declared Wilkowski's seat vacant.

Normally this would require a special election in the Second Senatorial District to refill it, but Wilkowski said he proabably would appeal to the courts to declare him the legal senator.

The vote followed party lines except that Sen. Perry W. Greene (R-Grand Rapids) voted with the Democrats as he did in 1951 when the Senate once before rejected Wilkowski.

**The solemn Senate broke precedent by allowing Wilkowski to make a personal plea for forgiveness on the chamber floor.**

His voice shook as he said:

"Little did I think 20 years ago that I would come to this august body to be retried again. I thought I had paid my debt to society. I had to start all over again and I was destitute. I decided to convince my people that I was going to become a good citizen."

Wilkowski pleaded with the Senate not to bring further unhappiness on "my wife, my family and my son." He promised to retire from the Senate after his present two-year term if allowed to remain.

**But Sen. Edward Hutchinson (R-Fennville) read back the testimony which sent Wilkowski to prison in 1936.**

Hutchinson said that Wilkowski was chairman of a committee chosen by the illegal 1934 special legislative session to recount the election for secretary of state.

The late Orville E. Atwood, Republican, won the election by 5,000 votes, but Wilkowski's committee reported it had found 13,000 more votes for Democrat Guy E. Wilson in Detroit.

Hutchinson read testimony that Wilkowski and others had marked ballots to boost the Democratic total. Wilkowski was sentenced to 4½ to five years in prison and served 26 months before his sentence was commuted.

**Wilkowski argued that the Senate of that day had not unseated him even when he was in prison, that he served two subsequent terms without challenge and that only in 1951 did the Senate declare him unfit. He was re-elected again last fall.**

Wilkowski indicated his court challenge, if it develops, would be based on the fact that he took the oath of office before a notary public 15 minutes before the Senate convened.

The Senate, by a 23-11 vote, instructed the lieutenant governor not to accept that oath and refused to let him take another.

Wilkowski argued that since he had taken the oath he was a senator and could only be unseated by a two-thirds vote. Only a simple majority was needed to declare his seat vacant.

## Reminds Domestic Workers of Social Security Benefits

Pontiac area domestic workers paid $50 or more by one employer in a three-month period today were reminded that they now come under the benefits of Social Security.

"All household workers who are paid $50 or more in cash wages in a calendar quarter by one employer came under the Social Security Act Jan. 1," said Rex A. C. Atwood, manager of the Pontiac district office of the Social Security Administration.

A calendar quarter is a three-month period beginning Jan. 1, April 1, July 1, and Oct. 1, he said.

**To the household workers, Atwood said, this means that if he has not already done so, he should apply for a Social Security card and show it to his employer.**

The employer will start taking two per cent from the employe's pay, which will build credits toward monthly payments for the worker and his family after retiring at age 65, or to his family in case of death.

To the employer, Atwood continued, the new regulation means that if he has a maid, cook, gardener or any employe doing domestic work, he must deduct two per cent from the employe's pay, then add two per cent himself.

**The total tax—four per cent—is mailed to the district director of Internal Revenue with a simplified tax report after the end of every quarter, Atwood said.**

Baby sitters and companions also come under the domestic help classification, he said.

Atwood pointed out that the domestic worker receives Social Security credit only for cash wages, the value of room and board is not included in taxable wages. In addition, only the first $4,200 paid in a year is taxable.

Application blanks for Social Security cards are available at any post office or Social Security office. The Pontiac office is in the Hubbard Building, 18 S. Perry St.

Tax report blanks are available from the Social Security office and the director of Internal Revenue, Detroit.

## State Accident Fund Investigation Asked

LANSING (AP)—Rep. Thomas J. Whinery (R-Grand Rapids) proposed today an investigation of the state accident fund, which underwrites workmen's compensation insurance.

"We want to explore the question of whether the state should stay in a business that could possibly be handled by private firms," Whinery said.

**"It is also been suggested that the state accident fund take risks turned down by private firms," he said. "We want to look into that."**

The fund is administered by a fifteen-man board of employer contributing to the system. The board advises the state insurance commissioner on administration of the fund.

Whinery's reolution was referred to the committee on rules and resolutions.

## License Plates Moved Despite Pending Suit

LUDINGTON —A stock of 1955 automobile licenses Wednesday was taken from the county treasurer's office to the Hansen Chevrolet agency by order of Secretary of State James M. Hare.

Hare had planned this move since his appointment of Edward O. Hansen as county license bureau manager but delayed it Monday with filing of a circuit court suit by Mason County Automobile Dealers Assn. protesting the change.

Hare's action was unexpected. Hearing in the car dealers' court case is due to start Jan. 18 before Judge Max E. Neal here.

## 'E' Spells Difference

MEMPHIS, Tenn. (UP) — When the name Zwirz replaced Zzelle as the last entry in the Memphis directory, an alert newsman tried to find out what happened to Zzelle. He found out the name should have been Ezzelle.

## Win Jobs, Lose Town

LINDA MAR, Calif. (UP) — Seventeen successful candidates for city offices in this community served the shortest terms on record. On the same ballot the citizens voted two-to-one against becoming an incorporated village.

## Spain May Send Observer to U.N.

UNITED NATIONS, N.Y. (AP) — Spain, barred from the United Nations by a General Assembly decision in 1946, is considering establishing a permanent observer at U.N. headquarters, diplomatic sources reported today.

The sources, who refused to let their names be used, also said that the chief delegates of the United States, Britain and France have informed Secretary General Dag Hammarskjold they would favor such action by Generalissimo Franco's government.

The same sources also said that a majority of the U.N. would favor such a move—but the five-nation Soviet bloc was certain to oppose it.

## Two Die in Skid Crash on Icy Dixie Highway

SAGINAW (UP)—Two persons were killed yesterday when the car in which they were riding skidded across the slush-covered Dixie Highway nine miles south of here and crashed into a tree.

The victims were identified as Thomas E. Crook, 77, of Flint, and Mrs. Jessie MacArthur, 80, of Bay County, a passenger.

Another passenger, Mrs. Glenn Smith, 75, Flint, a sister of Mrs. MacArthur, suffered a leg and possible shoulder fracture. She was taken to St. Mary's Hospital here.

## State Dems Boil at Make-Up of Senate Committees

LANSING (AP)—Democrats boiled furiously at the treatment given them by Republicans in handing out assignments to Senate standing committees for the 1955 session.

Labor representatives were especially irate at the makeup of the Senate Labor Committee.

**Labor union lobbyists, asking not to be quoted, said the committee was predominately hostile and that the Democrats failed to receive a fair representation.**

Sen. Harold M. Ryan (D-Detroit) said Democrats fared worse than they did in 1954, despite Republican promises to do better by them. Democrats got 23 of 106 committee seats, compared to 20 of 104 last year.

Eight new committee chairmen were named. Sen. Bert J. Storey of Belding heads the Agriculture Committee, Sen. William S. Broomfield of Royal Oak the Corporations Committee, Sen. Clarence F. Graebner of Saginaw the Health and Welfare Committee, Sen. John Minnema of Traverse City the Liquor Committee, Faulkner the Labor Committee, Sen. Lewis G. Christman of Ann Arbor the Retirement Committee, Sen. Carlton H. Morris of Kalamazoo the Taxation Committee and Sen. Frank D. Beadle of St. Clair the Veterans Committee. All are Republicans.

The complete list:

Agriculture — Storey, Prescott, Feenstra, Dehmel, Rahoi.

**Appropriations — Porter, Vander Werp, Coleman, Beadle, Hutchinson, Faulkner, Roy, Graebner, Blondy, Lane.**

Conservation—Prescott, Greene, Storey, Smith, Gibbs.

Corporations — Broomfield, Porter, Minnema, Smith, Nicholson.

Education — Vander Werp, Andrews, Hutchinson, Beadle, Blondy.

Elections — Geerlings, Faulkner, Minnema, Christman, Rahoi.

Health and Welfare — Graebner, Geerlings, Christman, Dehmel, Brown.

Highways — Nichols, Andrews, Feenstra, Francis, Roy, Blondy, Wilkowski.

Insurance—Roy, Beadle, Nichols, Graebner, Gibbs.

**Judiciary — Hittie, Nichols, Morris, Francis, Smith, Ryan, Brown.**

Labor — Faulkner, Coleman, Francis, Dehmel, Lane.

Liquor Control—Minnema, Hittie, Vander Werp, Storey, Doyle.

Municipalities — Andrews, Greene, Prescott, Geerlings, Novak.

Public Utilities — Feenstra, Broomfield, Smith, Francis, Novak.

Retirement—Christman, Nichols, Hittle, Minnema, Wilkowski.

Senate Business — Hutchinson, Prescott, Morris, Coleman, Doyle.

State Affairs—Greene, Andrews, Storey, Broomfield, Dehmel, Nicholson, Swainson.

Taxation — Morris, Feenstra, Geerlings, Christman, Ryan.

Veterans Affairs—Beadle, Morris, Porter, Broomfield, Swainson.

"WHAT'S COOKING?"—Sen. Joseph McCarthy (R-Wis) and his wife, Jean, pose together in their Washington, D. C., home after a reported threat to "blow up" the senator. A next door neighbor reported that someone with "a foreign sounding voice" called on the telephone and made the threat. McCarthy commented that "I wouldn't imagine this is something serious or they wouldn't have called to advertise their plan."

AP Wirephoto

## Sees Synthetic Food Next Great Invention

DETROIT (UP) — The wheel has been the world's only "great" invention since the beginning of time, but the next may come before the end of this century, one of the automobile industry's best-known inventors said last night.

Dr. C. F. (Boss) Kettering, director of General Motors Corp., told 3,000 automotive engineers that the world's second great invention will be synthetic food, independent of plant life.

Kettering, credited with the invention of the automobile self-starter in 1912, spoke on "the next 50 years" at the annual banquet meeting of the Society of Automotive Engineers.

"We've never had any great inventions since the discovery of the wheel," the engineer said. "But the next will be in the production of food.

"Despite today's farm surpluses, the human race must someday become independent of plant life . . . and that will be accomplished within the next 50 years."

**He said this may be possible by converting carbon dioxide — the element necessary for the growth of plants — directly into food.**

The auto expert refused to predict the next 50 years in the automobile industry, but he commented on what he called the "horsepower race."

"We have sold the public on the value of the pneumatic tire and the value of an efficient combustion system," Kettering said. "But sometimes I think we're over-doing this horsepower business."

He said the auto industry hopes to sell 6,000,000 new cars in 1955.

**"Allowing for some exaggeration in horsepower advertising," he said, "we are placing at least 000,000,000 new horsepower in the hands of the American public.**

"The automobile industry is rapidly being converted into the power industry. The corner service station has become merely a substation along the power line."

He said automotive engineers should do more experimental engineering of "the old back-yard variety." He said he could not "accept or reject" the future use of atomic energy in autos because of the primitive state of present-day atomic information, and he foresaw no general use of gas-turbine automobiles in the near future.

Show Business

# Groucho Marx Not the Only One in His Family Who Can Ad-Lib

By EDDIE CANTOR

Just got around to reading "The Groucho Marx Story," by his son, Arthur. Fine book! It's hard to believe that little Arthur who, not too many years ago, showed me how he could spell "cat," is now having quite a spell of success as an author.

Groucho's family and mine were neighbors in Great Neck, Long Island, about 25 years ago. On days when we had no matinees, a bunch of us would play baseball. I broke up Groucho the day I played left field and brought my valet, "Frenchy," to do the running for me.

**That same year, I broke up Groucho again. Did I say, "broke up?" I broke him! Made him invest in stocks which ruined us both.**

When I asked Groucho how he felt after going through a fortune, he said, "Eddie, I feel so low I could walk with a high hat under a duck without even touching him!"

Groucho is not the only one who ad-libs in his family. His daughter, Melinda, who is eight, told her father, "Don't holler at me, Daddy—I'm not your wife!"

**There's never been anyone in show business like the Marx man. I'm still chuckling at the time on Groucho's show a parachute tester admitted to Groucho that he put his false teeth in his back pocket before jumping. Groucho asked, "Ever get bitten on the way down?"**

To one of his contestants, he said, "So you're a politician, eh?"

"I am that," the man boomed, "and I'm proud to be one!"

"Well," said Groucho, calmly pulling the trigger, "pride always did go before a fall. Besides, you can't possibly be a politician—you've got your hands in your own pockets!"

(Copyright 1955)

## Wealthy Wife Sues Hubby for $350,000

LOS ANGELES —A financial dispute has developed between wealthy Mrs. Elsinore Machris Gilliland and her husband C. Ray Gilliland, but her attorney says he knows of no divorce plans.

The Gillilands, married last May 3, tossed a $30,000 wedding celebration party at a Sunset Strip night club last June 2.

Yesterday it was disclosed that she has sued her husband, 61, for $350,000, plus interest and attorneys' fees, alleging that he has failed to live up to an agreement to pay her on demand for two promissory notes totaling $350,000. The complaint said the notes were executed shortly after their marriage.

Mrs. Gilliland, 74, inherited 15 million dollars from her first husband, oilman George L. Machris.

Great Smoky mountains national park contains 26 species of wild orchids.

# Length of Dali's Mustache Decides Type of Painting

By PHYLLIS BATTELLE

NEW YORK (INS)—For just $20,000, ladies and gentlemen—a mere fraction of what it would cost to buy, say, a new battleship—you too can have your portrait painted by Salvador Dali.

In fact, Signor Dali will likely welcome you with open arms and mustache a-twitter, for he is a man of firm principles. One of his firmest is the honoring and respecting of money.

**"Myself, I do not understand my paintings when I do them," said the surrealist, tweaking the bristly aerials which spiral off his upper lip, "but I know that they are fine. Every year they grow more best. So every year they are more expensive. What has cause this? . . .**

"It is nuzzing but this marvous muztache of mine."

The confident Catalonian was pacing his deep-carpeted hotel room. Obviously he was swept up by the enormity of his mustache business (and, indeed, of his mustache itself), and there was fire in his globular eyes.

"Every people who are creative and inventive should have their own muztache," said Dali, when he could trust himself to speak further. "The world does not realize what the muztache can do, and has done, for artistic genius.

**"It is the antenna with which one captures extraordinary ideas. If it is a leetle one, it captures leetle ideas. But if it is greater—you have great ideas."**

Dali paused and putled one end of his antenna up over his eyes. It touched his forehead, measuring exactly seven inches from under-nose to over-brow.

"This," he said affectionately, "is longer than Velasquez's muztache. It is longer than Leonardo da Vinci's. You have heard of them?"

**The publicity-loving artist went on to lament that his sweeping idea-finder is "absolutely fabulous" in the summertime, when he does his painting in Spain. "I hang little jasmine flowers on the end of it, and la smell provokes dreams and inspiration. I nmke masterpieces."**

But in the winter, in New York, Dali keeps it clipped. "city people," he explained, "are easily made nervous."

What's more, it is just as well to avoid too many extraordinary ideas in New York; because here he does principally portrait work, and, when truly inspired, he has a tendency to paint surrealist snakes in ladies' coiffures, and the like. Ladies don't, as a rule, approve this.

**One of his most recent commissions, for example, will end shortly in a law court. Socialite Mrs. William Woodward saw her Dali portrait, shricked "I won't have that thing in my house!" and refused to pay. Dali, who is suing her for $7,000, cannot understand why she didn't like the painting—but obviously it resulted from an excess of mustache.**

"So I see, I must judge my muztache-length by the painting I am making," Dali said. "I have it long for creation, and shorter for realization. Realization means when I do not want to have too many extraordinary ideas—when I want to paint calmly."

About women, Mr. Dali. How can they hope for great inspiration without an antenna?

"Women," he said flatly, "will have to depend on less eyebrows."

# New Race Track Hit by Church Council

DETROIT (AP)—The Detroit Council of Churches, representing 24 denominations, 600 churches and thousands of parishioners, yesterday filed a formal protest with Racing Commissioner James H. Inglis over the requested licensing of a fourth race track in Michigan.

An aplication was filed a week ago by a syndicate of 22 Detroit and Michigan sportsmen for permission to build a $4,000,000 racing plant in Clinton Township, Macomb County, halfway between Mt. Clemens and Detroit.

G. Merrill Lenox, executive director of the council, said in the letter of protest:

"The Council of Churches has voted adamantly to oppose the erection of a new race track in Michigan. We see no need for such a new development and we belive it would work toward demoralization of people in the community in which it is to be located as well as the state as a whole."

## Dad, Daughter Get Diplomas

### School Custodian With 8 Children Joins Ranks of Holland Graduate

HOLLAND, Mich. (UP)—Harvey Bouwman, 47-year-old father of eight children, yesterday proudly framed his high school diploma which he received following his graduation with his 18-year-old daughter.

Bouwman left school after his junior year 31 years ago and has always wanted to complete his final year so he could receive a diploma.

**A year ago, while working as a custodian at Holland High, Bouwman decided to finish school. He talked to school officials and they worked out a program for him that would enable him to get his diploma. He did much of his studying during lunch hours.**

Bouwman qualified for graduation last June but the school ran out of diplomas and it wasn't until last week that his certificate arrived.

Bouwman, who has been a barber "since I was 11 years old," said one of the reasons he wanted to get his diploma was to permit him to take a civil service examination to be a barber inspector. He operates a shop in his home here and also cuts hair at Allendale near Grand Rapids.

**"One rule around this house is that all of our children must finish high school," Bouwman said. "There have been so many times in the last 25 years that I wish I had."**

Bouwman said he may go on to college. He already has taken over 400 hours in short courses in custodial work from the Michigan State College extension service. His children range in age from eight to 26 years old.

## Underground Water Jurisdiction Upheld

LANSING (AP)—The State Supreme Court yesterday upheld the State Water Resources Commission's jurisdiction over underground waters, the first such ruling by the Michigan high court.

In so finding, however, the court reversed a lower court decision upholding a commission order against the L. A. Darling Co. of Bronson to install treatment processes to prevent electroplating wastes from seeping into underground wells.

**The Supreme Court said that the commission did not hold a proper hearing before issuing its order.**

The order was issued March 21, 1950, as a result of complaints that the wastes were polluting nearby private wells.

Two other companies, the H. A. Douglas Manufacturing Co., and the Bronson Plating Co. were involved in the suit originally but dropped out.

## Ex-POW Guides Captor on Tour of Dam Project

PIERRE, S. D. (UP)—A recent meeting between Heinz Wedekind of Duisberg, Germany, and W. A. Hannan of Pierre was much more pleasant than their last previous one.

Wedekind was a former German prisoner of war, confined in a POW camp at Trinidad, Colo. Hannan was the camp commandant.

The last time they met, Hannan had Wedekind confined to solitary for attempting to escape.

This time Wedekind was in Pierre inspecting the Missouri River Oahe dam project. Hannan was his escort.

# Will Ike Run Again in '56? Senators Not Sure Either

WASHINGTON (AP)—Several Republican senators said today they think President Eisenhower is reluctant to run for re-election but will be convinced he ought to before the 1956 GOP convention.

Sen. Monroney (D-Okla) on the other hand, said he is betting Eisenhower will retire. Sen. Humphrey (D-Minn) said in a separate interview it is "far too early to speculate."

Monroney, who said he had won five hats betting former President Truman would not run again in 1952, said he is basing his predictions on reports that Mrs. Eisenhower doesn't want the President to be a candidate again.

"Mrs. Truman didn't want President Truman to run and he didn't," Monroney said. "I don't think Mrs. Eisenhower wants President Eisenhower to run and I'm betting that he won't."

Eisenhower was again noncommittal when asked at his news conference yesterday about his plans for 1956.

Senators Carlson (R-Kan) and Bender (R-Ohio), who call themselves staunch Eisenhower supporters, said they don't have any doubt the President will be the party's standardbearer in 1956.

Sen. Watkins (R-Utah) said, "I don't think he wants it, but I think he'll be the nominee."

Senators Allott (R-Colo) and Clifford Case (R-NJ), elected last November with the President's active support, said they assume Eisenhower is going to run and will have no opposition for the nomination.

Eisenhower told newsmen he hopes he never becomes sufficiently selfcentered that he fails to respond to a call to duty. But he said the individual involved has to decide for himself just where his duty lies.

Eisenhower defended Vice President Nixon yesterday against Democratic charges that he had engaged last year in unfair campaign tactics. The President told questioners Nixon had assured him he never had tried to condemn the entire Democratic party. The President suggested that perhaps Nixon's remarks were taken out of context.

Democratic National Chairman Paul M. Butler came back with an assertion that Nixon and other Republicans had "maligned and slandered the Democratic party and its candidates during the 1954 campaign."

# Field Will Stay in Red Hungary

## Freed American Tells of Decision in Message to U.S. Diplomat

WASHINGTON (AP) — Noel Field has notified the State Department he and his wife have decided to forsake the United States and remain in Communist Hungary, which imprisoned them for five years.

Field's decision, not unexpected by the State Department, was relayed in a handwritten letter received two days ago at Budapest by U.S. Minister Christian M. Ravndal. The letter was disclosed last night by Department Press Officer Henry Suydam.

* * *

But officials fully expect Noel's brother Hermann to come home again. Hermann, 44, was freed by Communist Poland late in October. He too had served five years in a Red prison. He was issued a U.S. passport and is recuperating in Switzerland. A Cleveland architect, he ran afoul of the Communists in Warsaw while searching for his brother.

* * *

Noe, 50, is a controversial figure on both sides of the Iron Curtain. He has been accused by the Reds of being a spy and in Washington hearings as being a consort of Communists.

Reds in Eastern Europe accused Noel of being an American agent, but these charges were washed out when he and his wife Herta were freed last Nov. 17.

Suydam said Field's letter confirmed the Christmastime reports that he had been granted political asylum in Hungary at his request.

# Deaths Last Night

PROVIDENCE, R.I. (AP—Miss Lucy Truman Aldrich, 88, daughter of the late Sen. Nelson W. Aldrich, traveler and art collector, and member of a prominent New England family.

SANTA BARBARA, Calif—Ruth Wilmot Sheets, 67, widow of Harold F. Sheets, retired chairman of the board of Socony-Vacuum Oil Co., and a former executive of R. H. Macy & Co., New York. Born in Grand Rapids, Mich.

ARCADIA, Calif.—Gen John K. Cannon, ret., 62, who during his military career headed the Air Force training program and the Tactical Command and since his retirement chairman of the board for the Fletcher Aviation Corp. in Rosemead, Calif. Born in Salt Lake City.

ATLANTIC CITY, N.J.—James H. Shoocy Malone, 66, former chief of the Philadelphia Police Department who acquired an international reputation as a detective during the prohibition years.

STATESBORO, Ga.—Alfred Dorman, president of the U.S. Wholesale Grocers Assn. and widely known Georgia businessman.

DEAL, N.J.—Jacob L. Reis, 81, president of the Reis Manufacturing Corp. of New York City, and a director of the Irving Trust Co., New York, for 46 years. Born in Sheboygan, Wis.

DUBUQUE, Iowa—Sister Mary Eunice Joy, O.P., 84, former director of the Institute Pius XII at Florence, Italy, and one of the most widely known members of Dominican Order of Sinsinawa. Born in Seneca, Wis.

CHICAGO—John A. Hafner, 62, vice president of Wilson & Co., meat packers, since, 1946, and head of the Refinery Division since 1938.

BARTLESVILLE, Okla. — Jeannette Lowrey, 41, publicity director of the University of Chicago since 1943.

MILAN, Italy—Sister Antoinetta Della Casa, 75, mother general of a religious order founded by St. Francis Saverio Cabrini, the first American citizen to be canonized.

FORT LAUDERDALE, Fla.—John B. Galvin, 68, widely known horseman who raised show horses and exhibited them throughout the country and president of the Galvin Manufacturing Co., Lenoir, N.C.

# Youth Faces Chair for Rape-Murder

TOLEDO, Ohio (AP) — Eighteen-year-old Bernard Schreiber, found guilty of the rape-slaying of Mary Jolene Friess, 17, today faces death in Ohio's electric chair.

A panel of three judges yesterday found him guilty of first-degree murder in the woodland slaying near here last Aug. 12. The judges deliberated one hour and made no mercy recommendation.

The youth testified he raped the girl in a wood near her home after a 12-year-old boy companion had knocked her unconscious with a club. He said he stabbed her when she regained consciousness.

The 12-year-old boy denied accompanying Schreiber or striking the girl.

# To Ask Die-Hard Japs to Give Up Via Leaflets

TOKYO (AP)—A Japanese team en route to collect remains of Japanese war dead on South Pacific islands plans to scatter leaflets by airplane in east New Guinea calling on holdout Japanese World War II soldiers to surrender.

Kyodo news service today said a "considerable number of former Japanese soldiers and Marines are believed to be still hiding in dense jungles in the area."

## Auxiliary Plans Fashion Show

Plans for a fashion show and card party to be held in March were discussed when Wright Fournier Amvet Post 161 auxiliary met recently in Moose Hall on Mt. Clemens street.

Mrs. Ford Andrews will be chairman for the event. Members are also setting aside a date in February for the mid-winter rally to be held in Grand Rapids.

Mrs. Carl Bartlett was general chairman for a tea Monday evening honoring Mrs. Maria Miller, state president of Amvet auxiliaries.

Representing the auxiliary at the tea were Mrs. Andrews, Mrs. Ben Webber, Mrs. Orval Russell, Mrs. Jere Donaldson, Mrs. Matthew Lingenfelter, Mrs. Clare Rasmussen and Mrs. Robert Brown.

Mrs. Anthony Renne was a guest at the meeting.

## Sunday School Has Election of Officers

Bob Greene was elected president of the ninth grade Sunday school class of Oakland Avenue United Presbyterian Church Wednesday evening.

Mr. and Mrs. Stanton Levely were hosts to the group in their Elizabeth Lake road home for a business and social evening after an ice skating party.

Others elected were Bob Holmquist, vice president; Bonnie Crager, recording secretary; Mary Chasteen, treasurer and Vickie Vandecar, corresponding secretary.

## Board Stays Dry

There's a new synthetic ironing board that won't get wet, even if you're using a steaming iron. It fits smoothly with a draw-string to any normal board, can be wiped off to clean.

Pontiac Press Photo

*University of Michigan Alumnae were entertained by Mrs. Collis Scott of Franklin boulevard Tuesday evening when they gathered to discuss the University of Michigan Alumni Scholarships which will be awarded to Pontiac High School seniors this year. Chatting with Mrs. Scott (center) are Mrs. Charles Harmon of West Iroquois road, chairman of the scholarship committee (left) and Mrs. Vernon Abbott of Illinois avenue, president of the alumnae group.*

## Lauretta Paul, Mrs. Warrick Give Speeches

Mrs. Alice Sinclair was toastmistress for the Tuesday evening meeting of Pontiac Toastmistress Club held in Hotel Waldron.

Speeches were given by Lauretta Paul, whose topic was "My Operation," and by Mrs. Frederick Warrick whose speech was entitled, "This Is My Life."

Critics for the evening were Mrs. Milton Freet and Mrs. Gertrude Nethercott. Mrs. J. R. Shaffer led the table topic, and the special event was given by Mrs. J. C. McLeod. Chief evaluator was Mrs. Robert Bunce.

Timekeeper duties were taken over by Mrs. Norman Sutherland while Mrs. Gerald McLeod acted as grammarian. Mrs. Orben Wilkins was tailtwister and Helen Lapisch gave the invocation.

Mary Eddy of Michigan Bell Telephone, a guest of the group, presented her program on voice.

## Altar Guild Has Tour of Church

A special membership meeting was held by Altar Guild of Grace Lutheran Church Tuesday evening.

After the business session, the Rev. O. G. Schultz conducted a tour through the church explaining its symbolism. The social hour was held in Fellowship Hall.

## Sisterhood Hears Talk on Religion

At a recent meeting of chapter CL, PEO Sisterhood, Mrs. Walter Teeuwissen of Drayton Plains spoke on comparative religion.

Plans for a money making project were discussed during the business meeting. Mrs. Charles W. Buck, president of the group, was hostess at her home on Oxford road.

JANICE FOSMOEN

Mrs. Thomas Porter of Willard street announces the engagement of her daughter, Janice Fosmoen to John Helzer, son of Mr. and Mrs. George Helzer of North Perry street. An August wedding is planned.

## Hold Square Dance

West Bloomfield Township Hall was the setting for the Western Whirlers dance held Saturday evening. Twenty-eight couples danced to the calls of Pete Lergen.

## Coming Events

Ladies Auxiliary FOE 1230 will meet this evening at 8 in the hall, 289 W. Montcalm St. Officers meeting at 7 p.m.

Navy Mothers Club 355 will meet at the Naval Training Center this evening at 7:30 o'clock.

Canadian Legion Post 23 and Auxiliary will meet Friday at 8 p.m. in American Legion Home, Auburn avenue.

Sewing Circle of Pontiac Rebecca Lodge 400 will meet for a school girl luncheon Friday at 11 a.m. with Mrs. Ray Kline, 2221 Maplewood Ave.

TBI Women's Club will meet Saturday at 3 p.m. in the club rooms. Special business will be discussed and a book review given.

## Bride-Elect Is Honored

A number of parties have been given this week for Patricia Lou Short who will become the bride of William E. Stoutenburg Saturday.

Mrs. Lewis Wren was hostess to a party at her home on Niagara avenue, and Judith Robinson and Janice Elkins entertained at the Robinson home on West Iroquois road in Patricia's honor.

Another party was given by Mrs. Raymond Hoffman and Mrs. Odie Franklin in the Franklin home on Mary Day avenue.

Patricia is the daughter of Mr. and Mrs. Floyd E. Short of Niagara avenue, and William is the son of Mrs. Leo Stoutenburg of North Paddock street and the late Mr. Stoutenburg.

## November Group Is Entertained

Mrs. Donald Humphries was hostess in her Dixie highway home for the Wednesday evening meeting of November Group of First Presbyterian Church.

Mrs. Robert Boggs gave devotions and assisted Mrs. William DeRoo with the program. Mrs. Raymond Eick and Mrs. Roger Gunn also took part in the program. Mrs. DeMotte Gilbo was a guest.

## Alumnae to Meet in Birmingham

Mrs. Mildred Perlis will be guest speaker Monday at a meeting of the Birmingham Alumnae Chapter of Alpha Xi Delta sorority. "Marriage Re-Viewed" will be her topic.

Mrs. George A. Strawser will be hostess for the eight o'clock meeting in her Birmingham home. She will be assisted by Mrs. R. A. Shoemaker.

DOROTHY ANN CADIEUX

*Mr. and Mrs. A. J. Cadieux of Berkley avenue announce the engagement of their daughter, Dorothy Ann, to Max A. Evans. He is the son of Mr. and Mrs. Glaude A. Evans of South Johnson avenue. She is training at Providence Hospital, Detroit, and he attends Wayne University.*

## Rainwear, Cotton Kind Top Style

### Daytime - Datetime Clear - Cloudy Skies Designers Shine

Cottons are outstanding in modern rainwear designers' collections. They not only go out in the rain, but also are styled for day and date wear in clear weather.

Cotton rainwear is splendidly opulent in satin and velveteen, but down to earth in sturdy poplin, cotton tweed and suiting.

**Cotton satin is featured in classic trench coat styles as well as in belted coats with pleated bodice sections. In pastel pink, blue and beige these coats have great fashion appeal. The pastel look is important in these day-date coats.**

In the same day and date mood are the velveteens, treated for water repellency, and in a range of wonderful colors which include shrimp, green, gold, violet and vibrant red orange.

Styled on full as well as new slimmer lines, the coats have rounded shoulders, narrower sleeves, important collars.

**Cotton tweeds as well as homespun textures spiced with metallic threads are featured fabrics which interpret the flared coats that coordinate so smartly with slim or full skirts.**

The long torso line is news in these coats and is featured in a slim poplin design with low-placed belt.

Pastel poplins with harmonizing printed linings are used for raincoat, cloche and matching umbrella sets. Pastel colors and prints in these color schemes are newsy.

## Sorority Elects New Officers

Jane McGuire was elected president of Gamma Chapter of Beta Theta Phi sorority Tuesday evening when the group met at the home of Mrs. John Irwin on St. Joseph street.

Fellow officers elected were Mrs. Robert Boyer, vice president and historian; Mrs. William Baer, treasurer; Mrs. Robert Clark, secretary; Mrs. Jerry Martin, corresponding secretary and Mrs. Terry Thomas, conductress.

A report on the Christmas project was given by Mrs. Thomas Moffatt, and an announcement of the annual Alpha banquet to be held Feb. 10 at Old Mill Tavern was made. Mrs. Thomas will be hostess at her home on South Avery road for the next meeting.

## Therapy Council Slates Meeting

Birmingham Community House will become a workshop on Jan. 13 when Southeastern Michigan Horticultural Therapy Council holds its January training project.

The workshop, which will be held from 10 a.m. to 4 p.m. is being given as a service for those who are interested in training their members in the technique of presenting a program for mentally and physically ill patients.

This program is designed to be of assistance to garden club members, hospital auxiliaries and church visitor representatives. Reservations may be made by contacting Mrs. Raymond Lane of Birmingham.

## 'Good Citizens' Announced by Local DAR

Mrs. Lloyd G. Porter, chairman of "Good Citizens" for General Richardson Chapter of DAR announces the girls in this area who have been chosen as the DAR "Good Citizens."

From Pontiac High School is Phyllis Law, daughter of Mr. and Mrs. Arthur J. Law of Lehigh avenue.

Keego Harbor is represented by Virginia Baer who makes her home with the Charles Neumans, while Nancy Harleyvetch, daughter of Mr. and Mrs. Theodore Harleyvetch of Crooks road represents Avondale High School.

Clarkstons good citizen is Laura Ruggles, daughter of Mr. and Mrs. Raymond Ruggles of Reese road, Oxford has chosen Nancy Sweeney, daughter of the Harry Sweeneys.

Helen Axford represents Rochester. She is the daughter of the Henry Axfords, and Waterford Township's good citizen is Joanne Thomas, daughter of Mr. and Mrs. Norman Thomas of Drayton Plains.

## Band Parents Plan Demonstration

Mrs. Robert Flicker announced a cooking demonstration party to be held in the auditorium of Consumers Power Company on Jan. 11 when members of the Lincoln Band Parents Group met Monday evening at Lincoln Junior High School.

Proceeds from the demonstration will be used to help purchase uniform band jackets and caps for Lincoln Junior High band members.

William DeRouse, Cecil Phillips and Charles Marion were appointed to make plans for a roller skating party for band members and their parents, to be held during February.

## OES Chapter 228 Announces Event

Participants for coming friendship nights were announced at the Monday evening meeting of Pontiac Chapter 228, OES held in the East Lawrence street Masonic Temple.

Wallace Morgan, worthy patron will be guest at Clarkston; Mrs. Lester McClellan, Commerce; Mrs. Sylvan Clark, Berkley; Mrs. Cecil Diehl, South Lyon; Mrs. George Killan, Walled Lake and Mrs. Claude Coons, Southfield.

Mr. Morgan and Mrs. Davy Gilpin, worthy matron were in charge of the evening's social hour.

## Enhance Fashions With Petticoats

One way to add "swish" to fashion is to put on a rustling acetate taffeta petticoat. Perky petticoats hold up party dresses and skirts the way an umbrella holds up the sky on a rainy day.

Yards and yards of ruffles on shimmering, colorful acetate taffeta petticoat hems are meant to be seen, and add certain dash to fashion. Though they cost very little, the crisp taffetas lend a glamorous and luxurious effect to all party-going clothes.

## Guild Reveals Plans for 20th Annual Ball

St. Theresa Guild of St. Vincent de Paul Church is announcing its 20th annual Top Hat Ball.

Guild members and friends are setting aside Jan. 22 for the dance scheduled from 9 p.m. to 1 on that date at Hotel Pontiac.

**Betty Sutton is general chairman of the event. Her assistants are Mrs. Robert Rosenbaum, orchestra chairman and Mrs. Raymond Valentine, program and tickets, assisted by Mary Kline and Mrs. Frank Spadafore.**

Jeanette DeClerk is patrons' chairman. Her helpers are Mrs. Francis Schoenemann; Mrs. John Annis and Mrs. Dominic Kline.

**Mrs. Albert Serra is handling publicity along with her assistant, Mrs. Kenneth Huslander. Decorating the ball room will be Joan Fleming and her committee, Peggy Eagle and Mrs. Richard Miller.**

Mrs. Robert Games will assist Mrs. James Bale as chairman of favors.

# Winter Weather Finds Many Residents Taking Refuge in Sunny South

## Swimming, Golfing Take Top Spot in Vacation Fun

By ETHEL TOMBRINK
Special Correspondent

MIAMI—Sunny days, blue skies and balmy breezes. Those were orders for the New Year—and those are the kind of days the Floridians and winter visitors have been enjoying.

From a sun drenched New Year's day, when football was the main interest, vacationers have turned their thoughts to fishing, golfing, lolling on the beach, or jaunts to other resorts.

Ed Yuille, Leo Hartley and a friend from Toledo take off for Mexico Saturday—for 10 days of fishing in Acapulco, that famous Pacific coast resort nestled in a rim of mountains. They'll see the sights in Mexico City, too.

The Hartleys were here during the holidays—so were the Leslie Hutchinsons. Mrs. Yuille drove back to Pontiac with the Hutchinsons for a taste of cold weather—and returned to Miami Shores Wednesday.

On their way down to Miami, Mr. and Mrs. Yuille stopped in Orlando to see other winter residents from Michigan, Deke Brase and Mr. and Mrs. Harry Vail.

**Smokey Cantlon returns from fishing in the keys Thursday, in time to meet Ward Partridge at the airport—and they'll go on fishing again. The Cantlons and young son drove down from Pontiac for a dose of winter sunshine.**

Deep-sea fishing out in the gulfstream has occupied three or four days a week for Ernest Squier. He and Mrs. Squier have changed their winter-time address from Fort Lauderdale to Lauderdale-By-The-Sea, and have been busy getting their apartment in order.

They are deep in plans now for a trip next month, to Isle of Pines off the coast of Cuba. A friend from Flint will join them for the trip—a week in Isle of Pines for bone fishing, and three days in Havana, pearl of the Caribbean.

**On the more formal side, Floridians and their northern friends are occupied with a round of formal balls, dinner dances and cocktail parties.**

**One of the big events of the near future is the Easter Lily Ball, an annual party which benefits the Crippled Children Society.**

On the committee of women planning the party is former Michigander, Mrs. Elliot E. Potter. The Potters moved from Bloomfield Hills to make their home in Miami Beach a couple of years ago.

### Valentine Party Planned by Club

Alma Olila was hostess Monday evening to members of the Friendship club who gathered at her Brunswick boulevard home.

Mrs. Eugene Perkio was welcomed as a new member and plans were made for a Valentine party. Games were played and refreshments were served following the business meeting.

### Hostesses Entertain for New Mother

Mrs. Gordon L. Booker and her infant daughter, Cynthia Kathryn, were honored Monday evening when 17 friends gathered at her home on North Avery road for a shower.

Hostesses for the affair were Mrs. Maurice Runyan and Francine Brown.

### Gold Star Mothers Welcome Guests

Mrs. Donald McKee, Mrs. Lloyd Morris, Mrs. Duncan McVean and Mrs. Glenn Kuhn were guests Tuesday when American Gold Star Mothers, Chapter Nine met at the home of Mrs. Benjamin Cote on Rundell street. A cooperative luncheon was served at noon. The group sewed 325 cancer pads for the American Cancer Society.

### 'Tweedy' Fashion Easy to Achieve

It's smart to be "tweedy." It's also easy. For with the new thick, bulky yarn which is 50 per cent wool and 50 per cent nylon, you can knit yourself a tweed jacket in a matter of minutes.

Use jumbo size needles, and in short order you'll have a little topper that goes beautifully over dresses, skirts, and blouses, even suits. And that nylon content makes it so quick to suds, so quick to dry.

### Exercise Hands

If the cold stiffens your hands, give them their exercise, too. A simple one is the "flying bird." Just flap your hands through the air, imitating a bird. Lead with your wrist and let your hands relax while doing it.

MARY JO FALCONER

*Mr. and Mrs. Smith Falconer of Hickory Grove road announce the engagement of their daughter, Mary Jo, to Rodney Rogg, son of Mr. and Mrs. Telton Rogg of North Genesee avenue. Both are graduates of Michigan State Normal College.*

## Judge Moore Discusses Juvenile Protection

Judge Arthur E. Moore spoke to Daniel Whitfield PTA Wednesday afternoon on the topic of juvenile protection.

He pointed out that statistics in Pontiac show that a small percentage of the youth here is affiliated with recreational groups such as Boy Scouts, YMCA and Boys Club.

**One method of helping a boy, said Judge Moore, is to improve the quality of his out-of-school activities. Another is to investigate his home life, for a family disassociated from community living can be the cause of his trouble.**

Judge Moore expressed his belief that present educational opportunities will influence the future of our country. He considers youth both inside and outside of school.

**"Every school," the speaker concluded, "is not only a center for formal education, but a facility for recreational programs that are essential to the growth of our community."**

Judge Moore was introduced by Mrs. Martin Parker, program chairman of the day. Mrs. Maurice Cole conducted community singing accompanied by Mrs. Ronald Werth.

Co-chairmen for the social hour were Mrs. Ray Howard and Mrs. John Griesen.

### Amvets Auxiliary Lists New Project

Purchase of kitchen equipment for the new Amvets hall on Oakland avenue will be a new project of Bemis Olsen Post 113 auxiliary.

Plans for the project were discussed at the Wednesday meeting held in the Euclid avenue home of Mrs. John Olsen. Benefits for Camp Oakland will also be a project for the coming year.

Mrs. Charles Butler assisted Mrs. Olsen as hostess for the luncheon meeting. Feb. 5 and 6 were announced as dates for the mid-winter rally to be held in Grand Rapids.

### Try New Bracelets

Variation from an armload of golden bracelets is an armful of narrow bracelets set with fake rubies or emeralds, sapphires or amethysts.

### Youth Banquet Set by WSWS Feb. 3

Plans for a youth banquet to be held Feb. 3 were made at a recent meeting of WSWS of Baldwin avenue Evangelical United Brethren Church. A father and son banquet will be held on Feb. 11.

Mrs. Earl Metz gave devotions for the meeting. Members were invited to attend a Fellowship tea to be held Feb. 20 at Grace Evangelical United Brethren Church of Detroit.

Pat McMahon of Clarkston spoke to the group about her recent travel and experiences in India.

First cathode ray tube was devised and built in 1897.

### Mrs. J. Hawley Otis Heads Garden Club

Mrs. George Baldwin's Orchard Lake home was the setting for the annual meeting and officer election of Bloomfield Hills Branch of the Women's National Farm and Garden Association.

Mrs. J. Hawley Otis was elected president at the Monday meeting. Other officers elected were Mrs. Edward S. Wellock, first vice president; Mrs. Edgar B. Flint, second vice president and Mrs. John D. Tebbin, recording secretary.

Others are Mrs. James I. Ford, corresponding secretary and Mrs. Frederick C. Jeynes, treasurer.

Virgin islands have a land area of 133 square miles.

# Scouts Plan Special Event Monday

Barbara Hutchings will present a talk about Girl Guides of England when Girl Scout Troop 248 entertains Brownie Troop 313 Monday afternoon.

Hostess for the event will be Mrs. Raymond Rapaport in her home on East Iroquois road. Mrs. Rapaport is troop leader.

**Assisting the hostess will be Mrs. Robinson Bronoel and Mrs. Harry Arnkoff. Brownie Troop 313 is under the leadership of Mrs. George Tripp assisted by Mrs. Curtis Patton and Mrs. Walter Ward.**

Hostesses for the afternoon will be Karen Bronoel, Helen Thoms, and Jeanette Wright. Serving on the social committee will be Helen Marie Ramsdell, Marjorie Rapaport, Judy Tiberg and Diane Woolcock.

The committee in charge of table decorations is composed of Mary Lou McLaughlin, Virginia Norvell and Sue Ann Dorman.

Other troop members on hand to welcome the Brownies will be Susan Arnkoff, Barbara Jo Brannack, Heidi Griffith and Mary Leslie Sommers.

---

The Roman goddess Juno was supposed to watch over women at critical moments in their lives.

*Pattullo—Jo Copeland's cocktail dress of black silk taffeta is topped with white silk organdy and lace. The cape collar, tied with a black velvet bow is attached to the wide organdy shoulder straps. The lace border is embroidered with brilliants and pearls.*

*Tucked and crystal-pleated for spring is this navy silk taffeta cocktail dress from Harvey Berin's collection designed by Karen Stark. The neckline is centered with tiny bows of the taffeta.*

*This contour-tabbed suit of navy and white tweed is from Ben Reig's spring collection. The jacket buttons below a double collar of sheer white linen and Val lace over the fabric.*

## *Hairdressers List New Delegates*

Mrs. Theron Thayer was nominated as an officer for the state executive board of the National Hairdresser and Cosmetologist Association when the local group held a recent meeting at the James F. Wilkinson home on West Huron street.

It was announced that a state meeting will be held Sunday at Hotel Sheridan Cadillac in Detroit. National Beauty Salon week was discussed and Barbara Fluder was appointed as chairman of a breakfast to be held Feb. 21 at Hotel Waldron.

Delegates to a hairdressers convention to be held Feb. 13, 14 and 15 are Mrs. Wilkinson, Mrs. Ray Sluder, Mrs. Albert Wilson, Mrs. George Hunn and Mrs. Thayer. Mrs. Ben Elbling was named as an alternate.

## Tally Club Meets

Members of the Tally Club were entertained Saturday evening at the Robinwood avenue home of Mr. and Mrs. Thomas Johnson. The February meeting will be held at the Wesbrook avenue home of Mr. and Mrs. Edward Szot.

## Alumnae Meets January 18

Mrs. Barney Bannon will be hostess in her Bloomfield Village home for the Jan. 18 meeting of the Stephens College Alumnae Association.

Mary Sweeney of the Pontiac Police Department will speak on community social problems for the 8 p.m. meeting.

## BPW Has Dinner at Hotel Waldron

Pontiac Business and Professional Women's Club met for dinner at Hotel Waldron Monday evening. At the business meeting finance chairman, Nora Day, reported on a gadget party and forthcoming activities. Mrs. Melvin C. McPherson told of a president's council she attended recently in Detroit. District One will gather Jan. 23 for a noon luncheon at Devon Gables with members of the Detroit Business Women's Club serving as hostesses.

Mrs. Norman Dyer announced a talk, "Your Voice Is You," which will be delivered at the Jan. 24 meeting of the local club. Hostesses for Monday's meeting were Grace Heitsch, Mrs. Mildred Beehler and Mary Mitchell.

# Narrow, Tubular Sheath Highlights Berin Styles

NEW YORK (AP)—The narrow, tubular wool sheath, with or without matching jacket, takes top honors in the spring fashion collection of Harvey Berin, who, with his designer, Karen Stark, is known for sophisticated styles.

Berin calls it the "profile silhouette" and often teams the sheath with a short jacket curved high in front. The one-piece dresses sometimes are softened by feminine lace collars and small half-belts in back. An example of the latter is a black and white tie silk sheath with a half-belt of black patent.

A fabulous group of white and pastel linens with lace inserts and medallions also is included in the Berin collection. So is a fresh group of rose prints on white grounds.

• • •

A Frenchman who refuses to conceal feminine curves is Pierre Balmain, whose New York collection accents the waistline even when following the predominant long-torso silhouette. Beautifully molded dresses follow the curves of the body, suggesting the elongated torso by swathed bands at a slim hipline.

Another alert manufacturer, Jack Sarnoff, scores a hit with suits using handsome lightweight imported fabrics such as wool-and-linen tweeds from England, homespun woolens slubbed in white and cashmere-and-silk blends in mink colors.

He shows a group of luxurious fleece coats trimmed in gold bullion applied to give a necklace effect at neck line or yoke. Along with these soft, fleecy coats cut on loose lines, Sarnoff shows also a group of slim, fitted town coats in dark colors. He achieves a long line by hip line pocket treatment and deep V neck lines.

## Couple Wed Dec. 23 Reside in Pontiac

Residing on Adelaide street are Mr. and Mrs. Donald Edmund Tibbits. She is the former Carol Ann Beacom, daughter of Mr. and Mrs. Howard C. Beacom of North Tilden street. He is the son of Mr. and Mrs. Alva B. Tibbits of Oxford.

The couple was married Dec. 23 in the home of the bride's parents by the Rev. Fred Tiffany of Bethany Baptist Church. The bride wore a white knit dress trimmed in navy with matching accessories and carried a white Bible topped with an orchid.

Mrs. William Fortner of Lake Orion was matron of honor and Mr. Fortner served as best man.

## Dirt Gardeners Have Meeting

Mrs. Harlan Owens was hostess in her Oakshire road home Tuesday for a meeting of Dirt Gardeners Club.

Plans were made to send a teacher to conservation school at Higgins Lake. Mrs. Pat Abare presented the program for the day. Hostesses were Mrs. Donald Gilchrist and Mrs. William Backmann.

## Stabafa Club Elects Officers for 1955

Barbara Thayer was hostess to members of the Stabafa Club Tuesday evening in her home on Mark street.

New officers elected for the coming year were Sharon Holland, president; Judy Inman, vice president; Mary Cowan, corresponding secretary; Lynn Benter, recording secretary and Sharon Clark, treasurer. Mrs. Basil Brown is sponsor of the club.

## Hospital Auxiliary Discusses Tea Plans

A membership tea to be held soon in the Lake Orion home of Mrs. John J. Marra was discussed at the Wednesday meeting of Pontiac General Hospital auxiliary held at the hospital.

Mrs. Ralph Babbington presented the proceeds of the recent "High Fever Follies" to Lauretta Paul, Pontiac General Hospital director.

A report on the hospital convention held recently in Detroit was given by Mrs. P. Eugene Miller. New members and guests were welcomed by Miss Paul.

## WCTU Hears Talk on Life of Mrs. Stevens

Mrs. Herbert Flemington opened her Birmingham home Tuesday afternoon to members of Dora B. Whitney group of the WCTU. Mrs. Edith Green accompanied the group in the singing of hymns and also read an article telling the effect good music has on one's behavior.

Mrs. John McCormick gave the devotions, and Mrs. John Cowe spoke on the life of Mrs. Lillian Stevens, one of the nation's first WCTU women, for whom a memorial was erected in Washington, D. C.

"What Is Our Responsibility Towards Stopping Liquor Advertising?" was the question raised following an article on Year of Achievement read by Mrs. John Webb.

Mrs. Leah Patton read a letter received from Vice President Richard Nixon in response to her inquiries concerning the appointment of Ralph L. King as administrative assistant. Mrs. John Little closed the meeting with prayer.

# McBride Feels That Age of Specialization May Have Gone Too Far

## Light Fixture Balances in Bed-Window Problem

By ELIZABETH HILLYER

Sometimes a headboard must fit against a window, but the effect problem has added complications, can be attractive. Even when the problem has added complications, as those Mrs. S. H. asks about.

She writes, "In my bedroom I have long faille draperies with valances which match bedspreads.

One window is necessarily behind the headboard of the bed, but offside. Since one valance is extra wide, could it be used above the bed with a traverse rod for the drapery? Or would this effect be too heavy?"

Move the bed forward enough so that it does not crush against the drapery, and the window treatment should look right, especially since it matches the spread and thus seems to belong to the bed.

The sketch also shows how you might place an interesting light fixture to help balance the offside position of the window. Pictures or other wall decorations might also fill in this wall space.

## Growing Girl Needs Room to Call Own

### Transition Period for Teener Aided Through Planning

A teen-age girl's bedroom should be her sanctuary, study, and lounge—a retreat to call her very own. By giving it a "living room" look, she'll have a much more versatile spot, equally suitable for entertaining school chums and for quiet relaxation of homework sessions.

Since high school is a growing-up time, the transition from "child" to "young lady" should be reflected in her living quarters.

**Most budgets don't allow complete refurnishing overnight. So daughter should work out a long range plan for piece-by-piece buying.**

By selecting good-quality, attractive furnishings during her school days, the teen-ager will find that she has a wonderful heritage with which to set up housekeeping when wedding bells eventually ring.

In place of the traditional bed, convertible sofas or day beds flanked with bolsters and scatter pillows are high fashion for the modern miss' living-bedroom. Besides providing a comfortable night's sleep, they afford space for teen-agers who love to sprawl.

**Available in a wide variety of styles and cover fabrics to suit even the fussiest teen-ager, the latest dual purpose bedding is equally comfortable for both sitting and sleeping. Prices are surprisingly economical.**

Tricky originality shouldn't be substituted for furniture with pleasing lines that will stay fashionable, however. Personality can be expressed in accessories and decorations that can be changed more easily (and less expensively) as the teen-ager matures.

**IF small woman of 40—**

***Too bare, too tailored is not as flattering as a ladylike, gentle softness in line and color.***

Mrs. O.F.—The throatline loses its youthful freshness, the upper arm thickens more or less but feminine lines in pretty prints or plains with lingerie details, soften the silhouette for us after we pass forty.

## Manners

### MAKE FRIENDS

**The young man who is applying for a job shouldn't make himself so much at home in the employer's office that he leans over the desk, lights a cigaret, or sits down before he is invited to do so.**

Such lack of courtesy is more likely to get him the gate than the job.

Here's a new use for the family hot water bottle suggested by a mother: Fill it half full of tepid water and place it half full at the bottom of the bathtub for a young child to sit on during his bath. It keeps him from skidding.

## Actions Say Girl Liked by Fellow

### She's No Nuisance, if He Keeps Sights Aimed Toward Her

By ELIZABETH WOODWARD

"Dear Miss Woodward: Recently I met this boy who goes to my school and is in most of my classes—and I've grown to be very fond of him, and most of the kids at school know it. He finds out where I'm going (for instance, to a dance) and makes it his business to be there. At any social function he stands near me and watches me. (I also try to be where he is!)

The other night I danced with him and found out that he thinks girls are a nuisance. But after the dance he pulled me away from my friends to walk with him, and he put his hand over mine when he said good-by. Should I keep on trying to get him to like me, since he gives me what looks like encouragement, or should I drop the whole thing?"

**A boy who doesn't like a girl doesn's bother to trail her wherever she goes. A boy who thinks a girl is a perfect nuisance doesn't hover close to her whenever he sees her. He doesn't dance with her, try to get her off alone, and go even slightly sentimental when it's time to part. That is encouragement. It's very promising.**

By all means keep on trying to get him to like you. Make it just a bit easier for him to see you alone. Make the most of every opportunity to get better acquainted with him. Respond to his encouragement—and do a bit of encouraging on your own.

This has all the earmarks of the beginning of a BIG THING.

"Dear Miss Woodward: Last summer I started going with Pat, and he said he liked me very much, enough to go steady even. But I told him I was too young.

He then said that maybe next year when I'm a junior I might change my mind. But he hasn't asked me to go any place since then. In fact, he's even started going with another girl.

**"My problem is that I like him very much and would like to get him back. But how could I do this if I'm not sure whether or not he still likes me?"**

Pat made a good stab at lining you up as his girl friend during the summer. You had many enjoyable times together. But when you couldn't see his point about going steady, the whole thing fell apart in his mind, and his heart. Obviously Pat only plays it steady—and since you wouldn't—he doesn't ask for any more dates. That explains his interest in another direction.

It was just a suggestion of Pat's—maybe even a wish—that you would change your mind next year when you're a junior. It wasn't a promise that he'd wait around until that happens. Now that he's busy, it would be hard to "get him back." But, if you stay friendly, it might be more promising next year.

**TV is called home entertainment because you wouldn't walk across the street to see a lot of it.**

*"Open" planning, where separation between living, dining and kitchen areas is only suggested by dividers, has become popular even in colonial-style homes. Snowy-white steel kitchen cabinets are also used today with this decorative style because they add complimentary highlights and never restrict the choice of color schemes.*

4894 14½—24½

by Anne Adams

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

## PETUNIA!

I ran out of yarn
When I came to the border.
And I haven't a record
Of what to re-order!

When buying yarn, Petunia, always remove the band, with trademark, color, and lot number on it, and keep it, with a sample, in a special scrapbook. Saves tremendous trouble later!

BISHOP-BROECKER

## Fears About His Future Can Cripple Man's Present

By ANNE HEYWOOD

"My husband's family died penniless," a woman writes, "and the last years of their lives were very tragic. He supported them, which meant that he couldn't marry until he was in his late thirties.

"Now we've been married six years, and he is 44. We have one child, and while my husband makes a good salary, we live like paupers, because he puts all he can put into his savings account. We are so busy saving for our old age that we have no fun at all now.

**"What good will it do us to live decently when we're over 65? I'd rather do some living now!"**

The first step this woman will have to take is to try, try very hard, to understand her husband's fears, and not just rebel against them.

Obviously, his experience with his father and mother shocked him badly, and left a scar which cannot be erased over night. Once she convinces him that she does understand, the second step will be easier.

**And the second step is to insist that her husband get a good investment counselor. She should ask her bank, or Chamber of Commerce, to recommend one.**

A good investment counselor is not expensive. His is the cheapest and most valuable service in the world. If she and her husband and the counselor will sit down and go over the whole picture, they can work out a program which will protect the after-retirement years, but not take the joy out of living these years.

For example, the counselor may recommend some kind of insurance which will combine his life insurance with retirement insurance. Also, he will figure the social security, and the company pension plan, if there is one, and will work out a program which will perhaps bring far more money than the one her husband is now pursuing—and without penalizing the family now.

**Most of all, this woman should realize that her husband is not being just selfish and mean. He was frightened badly, and he wants to protect not only himself, but his wife, from poverty in the late years of life. And he wants to protect his child from the tremendous burden which fell on him, and kept him from marrying until late in life.**

It may take great urging to get her husband to consult with an investment counselor. Many people feel it is an unnecessary service, and that they can handle their own affairs well enough.

But I know case after case where a good advisor has saved thousands of dollars, and pointed out benefits which the people concerned never even knew they had.

## Floor Must Be Prepared for Tile

By HUBBARD COBB

One of the best ways to prevent a concrete basement floor from sanding is to coat it with waterglass or a commercial concrete hardener. This stuff goes into the pores of the concrete and hardens there to prevent the surface from sanding. So far so good.

Now the question comes up. "Suppose the floor has been treated with waterglass or a commercial hardener and I decide I want to cover it with asphalt tile. Can it be done?" Well, in most cases it can but before you go ahead and apply the tile, it's best to be sure. This can be done by applying a special primer to the floor and seeing whether or not it sticks.

**The floor should be swept clean and then the primer is applied. This primer for use on concrete floors to be covered with asphalt tile can be purchased at most stores that handle the tile. The entire floor is coated with the primer and then you allow 24 hours for drying.**

If, at the end of this period, the primer is well stuck to the floor, you can go ahead and lay the tile using regular tile cement. If you find that after 24 hours the primer has not made a good strong bond with the concrete, better forget the idea of using asphalt tile. Should the primer stick, your chances are almost 100 per cent that the tile will hold as it should.

All this, however, only applies to asphalt tile. It does not necessarily apply to some of the other types of tile suitable for use on basement floors.

Answer to Previous Puzzle

## Fields of Sudden Change Bad Place for Beginning

By MARY MARGARET McBRIDE

Sometimes I think the age of specialization may have gone too far. I don't mind special stores for tall women, for short women, for "mature" (meaning fat) women, for "ladies-in-waitnig" (euphemism for expectant mothers), for young-marrieds, even for the narrow or sensitive-footed.

But a shop so exclusively for red-heads that blondes and brunettes are refused admittance gives me pause. The story goes that when a blonde strolled into this emporium recently, the clerk refused to sell her anything. The blonde, however, was a woman of spirit, and, besides, had her eye on a certain garment. So she soon sneaked back, transformed into a flaming red-head, entitled then to buy her heart's desire.

**The reasoning behind the shop seems to be similar to that of a New York hair-dresser a few years back who announced that henceforth he would only cut the hair of women under 35. I have always believed that this was nothing but a shrewd bid for the post-35 trade. At least I know one woman who patronized his establishment faithfully and was deliciously thrilled to think that she got by because she looked ten years younger than she was.**

I don't know the statistics on natural red-tops, but I was thinking that the redhead shop might have had poor pickings if it weren't for the change in the public's attitude about dyeing and tinting. Hair today is just another accessory, like handbags, bracelets and choker necklaces, subject to rinse, depending on what is being worn with it.

The other day I heard someone report over the air that the daughter of an ex-president was wearing her hair lighter this season. I don't know about that, but I do know that if the young woman has altered her hair hue, nobody will feel about it any way but simply interested.

**In the old days when the only reason for the peroxide bottle was to conceal gray, it was hidden like a skeleton in the closet. Nowadays, most of my acquaintances discuss dyeing their hair in the same open, impersonal way in which they debate the proper color for their living room draperies. In fact, they change their hair color oftener than their slip covers.**

Which makes me wonder may not today's red head be tomorrow's blonde or brunette?

If I were going to specialize, I believe I'd try to pick some area which would be less subject to sudden change, a shop catering to the special needs of left-handed persons; a book store for whodunit fans, or if I had ambitions to run a women's shop, I'd make no restrictions, but simply have all the dresses and shoes marked about two sizes smaller than they really are. I bet I'd be successful, too. And let men, who increase their fish weights and decrease their golf scores at will, make what they like of that.

## Not Wrong in Refusing Invitation

### Weddings Happen Once, but Dinners Can Wait

By EMILY POST

A reader asks: "Isn't it unforgivably rude for a person having accepted an invitation to turn it down later for another? I have always felt that barring serious illness, it was a serious breach of etiquette for a guest to give out after having said 'Yes' to a hostess.

Not long ago I invited a couple to our house for dinner, and they accepted. Several days later I received a telephone call from the wife saying that they had received an invitation to a wedding for that same day which would interfere with their coming to dinner. Wasn't this bad manners on their part?"

**Not necessarily—expecially if it was a wedding that occurred unexpectedly in their family, or the wedding of a very close friend. To cancel one dinner invitation and then accept another, would, of course, be very rude. But a wedding occurs only once and a dinner can be given many times.**

Dear Mrs. Post: My fiance will receive his medical degree one week before we are to be married. However, the wedding invitations will be sent out three weeks before at which time he will still be Mr. I would like to know how his name should appear on the wedding invitations. Should it be Mr. John Smith, or Dr. John Smith?

If you are sure he will receive his degree, you may use the title Dr., but if there is any possibility of his not passing his examinations, it will be wiser to use Mr.

**Dear Mrs. Post: When two unmarried couples go to the theater together, is it correct for the two girls to sit next to each other with a man on either side of them, or should the foursome be seated alternately, man, girl, man, girl?**

There is no fixed rule about this, either way you mention is correct. You sit whichever way is most pleasant to you four.

## Tailoring, Desian New Handbag Team

Tailoring and design are unmatched in new dressy handbags of economical rayon-and-wool blend faille. These handbags have the thoroughbred look of fine custom pieces, yet they are remarkably low priced.

These little purses are neatly fitted inside and made with rayon satin linings. Roomy over-arm styles and smart new clutch bags sell for as little as $5 to $8 in department stores. Many of these rayon handbags are made with non-tarnishable fake gold handles or closings.

## Teach Her Early

Since most women live with a frying pan in their hands, teach your little girl to cook while she is young. If you create the interest now, she probably will not find cooking such a dreadful chore in the future.

A goose may furnish up to a pound of feathers.

by Laura Wheeler

Apron or jumper now, sundress later! So handy, sew-easy. Wrap and tie to cinch waist—open flat to iron. Note luscious lily—a pocket!

Pattern 700: Sizes small (10, 12); medium (14, 16); large (18, 20). Pattern pieces, embroidery motif. Sew-easy! State size.

Send 25 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to 124 Pontiac Press Needlecraft Dept., P.O. Box 164, Old Chelsea Station, New York 11, N.Y. Print plainly your name, address with zone, pattern number, size.

## Blouses Tops in Fashion Now

Emerging from a backfield position in fashion, are the simple "everyday" blouses. That good shirt or suit accessory has now become the focal point of dressy fashion. Credit for the transition goes to the many handsome fabrics which manufacturers are now using.

Leading among these are the rich rayon satins that give such a grand-occasion air to the simple shirtwaist blouse. Reaching new heights in fashion popularity this season, are the soft, crepey, rayon mat jerseys that lend so much chic to late-day fashion.

A "comer" for now, and later in the spring, is rayon crepe that looks fresher than ever in pure white and new pale pastels. These and many more are available at department stores now, at very moderate prices.

## Census Bureau Plans Trade Survey by Mail

The U.S. Census Bureau will take a survey by mail of retail, wholesale and manufacturing trades in Oakland County beginning about mid-January, according to George N. Skrubb, director of the county plan commission.

Businessmen contacted will be asked for information on number of employes, sales, plant facilities and products, among many items, said Skrubb. The survey was taken previously in 1929, '39 and '47, he explained. Results will not be available for about 1½ years.

"When results are made public, we hope to check them with those of a similar study which we are now doing ourselves," he added.

### Touching Consideration

NEW HAVEN, Conn. (UP) — After devouring a turkey at the home of Yale Prof. Nelson Dunford, two thieves left a note that read: "Didn't want to disturb you with running water, so we left the dishes dirty."

## *Barber Reveals Why Bald Men Pay Same Prices*

By SAUL PETT

NEW YORK (AP) — As a public service, we will now dispose of some of the burning questions of our time:

Q. Why do bald men or semi-bald men have to pay full price for a haircut?

A. (From my barber) Because there's less cutting but more research: the hairs are harder to find. Also, with a full head of hair, a barber can hide his mistakes. With a bald man, he must be more careful; each hair is doubly important.

* * *

Actually, though, a full head of hair takes about 25 minutes to cut. We take about 15 minutes for a baldie. We can do it in much less time but we stretch it to impress the customer.

We have to have one price—how else would you charge? What would you charge for a man with 10 hairs or 80 or 80,000? You'd go crazy trying to figure it.

* * *

Q. Are TV commercials really louder than the rest of the program or do they just seem that way?

A. In some cases they're actually louder. Where commercials are filmed and intended to be used many times, they are likely to wear out. Therefore the original sound track is made louder, a man at CBS said.

Q. What ever happened to G. David Schine?

A. (From the Pentagon) He is a private first class serving with an MP unit in Alaska and "shortly" will be eligible for promotion. Corporal, presumably.

Q. Why is northern Brooklyn known as South Brooklyn by the natives?

A (From a Brooklynite) Why not?

Q. What ever happened to the 3-cornered diaper?

A (From a diaper service). Been largely replaced by the 4-cornerned diaper. The 4-corner is bigger and more versatile. You can keep using the same size even as the baby grows. Also it's good for burping, as a semi-covering or sheet.

Besides, it covers more of the strategic areas and is equally usable for either sex. Instead of being pinned only up the front, it's pinned on both sides. That means less chafing, fewer rashes.

* * *

Q. Why does a short belt cost as much as a long belt?

A (From a belt manufacturer) It costs as much to support a short girl as a tall girl, doesn't it?

If we charged strictly according to size, the man who wears, say, a size 48 would have to pay twice as much as he does now, and the size 24, half as much. We charge on the basis of what it costs to make a 36, which is the average size. Besides, you'd go crazy trying to figure a different price for each size.

* * *

(I think this guy was talking to my barber.)

Q. Why are some oil trucks marked "inflammable" and others, "flammable," when both words mean the same thing?

A. (From lawyers at the American Petroleum Institute). "Inflammable" was the original choice to indicate a cargo capable of bursting into flames. That was and is correct. But then the modern technical mind went to work and assumed that some people might be confused by the "in" to indicate a negative or not flammable. So, some companies use the second which is also correct.

Q. Is it fair to deduce from the pseudoscalar meson theory relating quantitatively to meson-nucleon scattering that nuclear forces depend on spin and deduce that there is a quadrupole moment of the Deuteron?

A. Sorry, I got to catch a train.

THE MARK DAVIS CAMERA MART

83 N. SAGINAW — FE 4-4343

# all does such wonders for the men in your life!

**Your menfolk will have cleaner, brighter clothes every day of the week when you wash with *all*. For *all* is the original "controlled suds" detergent prescribed by the makers of both top-loading and front-loading automatic washers!**

IT'S LIKE THE DAWN OF A NEW DAY when you discover *all*'s miraculous "controlled suds." You'll immediately notice a wonderful difference in all your washday things. You'll *see* and *feel* how much *cleaner* and *fresher* they are.

Millions of happy women have already made this discovery. They've said goodbye forever to old-fashioned thick-sudsing detergents. They've taken up this new, modern way of washing clothes.

## The sorry story about suds

Suds may be nice to look at—but that doesn't help you get your wash clean.

Suds froth away on top of the wash water instead of getting down to business where the clothes are. Thick, soapy suds deposit a sticky film that makes fresh-washed clothes dull and dingy.

But *all* goes to work *down in the wash water* with the clothes. *all* hangs onto the dirt and drags it out with the rinse water.

## What repairmen say

Here's another drawback of thick-sudsing detergents. They foam up and hinder the action of your automatic. They may even overflow and ruin expensive parts.

*In fact, repairmen say that a high percentage of washer troubles are caused by too much suds.* So isn't it just good sense not to take chances with that precious automatic of yours?

*all*'s "controlled suds" work *with* your automatic—not *against* it. They let your clothes slosh and slither through the water, just the way the manufacturer intended them to. They can't possibly overflow—can't possibly damage your machine.

That's why most automatics contain a box of *all* when they leave the factory—to get you off to the best possible start!

## Two wonderful kinds of "controlled suds" *all!*

Millions of women bless the day they discovered the original CONDENSED *all* and the modern "controlled suds" way of washing. But we know many other women are accustomed to fluffed-up, lighter weight detergents.

If you are one of them, do you know that today there's a *new* EXTRA FLUFFY *all* at your grocer's? Here, at last, is the famous "controlled suds" detergent in a popular fluffy form. It does the same superb washing job as the original *all* and it, too, is *prescribed* for automatic washers.

Both EXTRA FLUFFY *all* in the new red box and the original CONDENSED *all* in the familiar blue box are *prescribed* by the makers of both front-loading and top-loading automatics. Also available from your grocer in money-saving 25-lb. packages and pails.

# Egg-Rich Custard Gains Glamor

## Cookies Glorify Banana Delight

### Pretty Layered Treat Is Economical, Smooth and Nutritious

Eggs are an ideal midwinter food, containing an abundance of the vitamins and minerals.

They are of especially high quality in this cold month, kept as they are, in nature's refrigerator. Also, at this time, they top the list of good buys.

**Kathryn B. Niles, home economics director, Poultry and National Board, Chicago, developed this egg-rich recipe.**

We think you'll agree Miss Niles has made a delectable gesture.

**Banana Custard Delight**

6 egg yolks
2 cups scalded milk
½ cup sugar
¼ teaspoon salt
2 teaspoons all-purpose flour
¼ cup sherry or nonalcoholic sherry flavoring
1 teaspoon vanilla
1 package small vanilla wafers
6 ripe bananas
½ cup whipping cream, whipped
Confectioners' sugar

Prepare custard: Beat egg yolks, sugar, salt, and flour to blend thoroughly. Pour scalded milk into this mixture, stirring constantly.

**Set over simmering water in double boiler. (Water should not touch upper pan holding custard mixture.) Stir constantly until mixture coats spoon.**

Immediately cool (cool by pouring custard into chilled bowl and place in refrigerator or set pan with custard into pan of cold water. Immediate cooling of the custard is important to prevent curdling).

After custard is cool, blend in the vanilla and sherry flavoring.

Into serving bowl, place a layer of vanilla wafers, a layer of banana slices, and a layer of custard. Repeat, with custard the final layer.

**Push extra wafers halfway into the custard around the inside edge of the bowl for an attractive scalloped effect.**

Place bowl in refrigerator for 12 to 24 hours before serving so that flavors may blend.

Just before serving, garnish top with whipped cream, sweetened to taste with confectioners' sugar. Serves six.

BANANA CUSTARD DELIGHT—This smooth custard dessert is a delight to make now that eggs are cheap. Vanilla wafers and bananas are added to the custard in layers, while whipped cream garnishes the top. It's an old-fashioned treat with new-fashioned glamor.

## Breakfast Scrapple Hearty, Yet Easy

Here is a delightful and hearty recipe for a company breakfast . . . also, so simple and easy to prepare that you will treat your family to it many times over.

Most of the preparation involved, and it is such a small amount, can be done the day before. Just leave it in the refrigerator overnight.

Next morning breakfast can be prepared in double quick time. This is an excellent recipe to have on hand to use up the end of the pork roast.

**Scrapple**

3 cups water
3 chicken bouillon cubes
½ teaspoon celery salt
½ teaspoon onion salt
½ teaspoon oregano
⅔ cup quick-cooking rice cereal
1 cup finely chopped cooked pork

Place water, bouillon cubes, celery salt, onion salt and oregano in saucepan. Bring to boil. Sprinkle in rice cereal so boiling does not stop.

Cook, stirring constantly, until thickened. Lower heat and let cook five minutes longer. Remove from heat and stir in pork.

**Pour into lightly oiled loaf pan, about 8x4 inches. Chill thoroughly. Cut into 12 slices. Dip in flour and brown in hot fat. Serve immediately.**

If you have an electric fryer, cut into sticks, or as you like, cover with your favorite croquette coating and deep-fry in moderate heat, 375 degrees, until brown. Makes four servings.

## *Did You Know That Pineapples Grow on Plants?*

Not everyone realizes that pineapples grow on field plants 3 to 4 feet high. (Not on trees!)

That it takes a pineapple plant 18 to 22 months — almost two years! — to produce and ripen fruit ready for canning.

**That all pineapples in a field do not ripen at once. So trained pickers go through the rows at intervals, selecting the fully ripe fruits, removing the crowns, and loading the fruit for the trip to the cannery.**

That a wonderful machine (named the "Ginaca," after its inventor) does most of the preparation of the fruit in the cannery in one continuous operation. Handling around 100 pineapples a minute, it cuts out a cylinder from each fruit, removing core and shell.

That in spite of the long growing period, with cultivating, fertilizing, spraying; the highly-skilled work of harvesting and canning; the packing, shipping and distributing—in spite of all these, canned pineapple comes to you as a "luxury" food well within the budget of the average home or school or institution.

## Hens Working Overtime! Fix Eggs in Many Ways

By JANET ODELL
Pontiac Press Food Editor

With the nation's hens working overtime to produce more eggs than we have ever had before, it's up to us to make use of this abundance. If we don't buy more eggs, the egg producers will get discouraged and raise fewer hens. That means that next year we'll be worse off.

It's so wonderful to have eggs at a reasonable price at this time if the year (remember when we paid close to a dollar a dozen for them) that I'm buying at least a dozen a week more than usual. I like being able to use as many eggs as I wish without stopping to figure what each one costs.

Even if your family objects to eggs every morning for breakfast, there are ways you can add them to the daily diet. If you are making rolls, for instance, put in three eggs instead of one; you may need a little more flour, but the finished product will be more delicious. If the children object to eating eggs, maybe they will drink them without a fuss. Most children like eggnog. Any milk shake may have an egg added for extra nourishment. You may beat an egg into creamed dishes such as chicken a la king or creamed salmon.

Hard cooked eggs make attractive garnishes. Slice them to put on potato salad, cut them in wedges to grace a chef's salad, sieve them to sprinkle over hot dishes.

Poach eggs to serve in corned beef hash nests or on hot asparagus for a luncheon dish. Fry them for sandwichese at noon or in the evening.

This recipe makes a filling luncheon dish. You will find the family-sized can of deviled ham just about right for it.

**Poached Eggs With Deviled Ham**

6 slices freshly made toast
Butter or margarine
½ cup deviled ham
6 hot poached eggs
2 cups white or cheese sauce
Crisp watercress or parsley

Butter the toast generously, then spread with the deviled ham and arrange on a platter or for individual service. Place a freshly poached egg on each piece of toast, top with the sauce, garnish with water cress or parsley and serve immediately. Serves 6.

Contrary to what many women think, cream puffs are very easy to make. Not too long ago a group of teenagers came to my home to prepare dinner for their Girl Scout troop. They arrived about five o'clock. Two of the girls efficently and quickly set about the process of making cream puffs, using methods they had learned in school. For dessert as our six-thirty dinner we had delicious cream puffs served with ice cream and chocolate sauce. So, if you have refrained from making this interesting dessert, try your hand when eggs are cheap.

**Cream Puffs**

1 cup boiling water
½ cup salad oil
½ teaspoon salt
1 cup sifted all-purpose flour
4 eggs

Bring water to a boil in saucepan. Add salad oil and salt. Add flour all at once and beat rapidly, over low heat, until mixture leaves sides of pan and forms a smooth compact ball. Remove from heat, add unbeaten eggs one at a time. Beat hard after each egg is added until mixture is shiny and smooth. After last egg is added, mixture should be thick.

Drop mixture by tablespoonfuls on ungreased baking sheet about 2 inches apart. Bake in hot oven (450 degrees) 20 minutes, then reduce heat to moderate (350 degrees) and continue baking 20 to 25 minutes longer. Cool. To serve, cut off tops and fill with sweetened whipped cream or vanilla custard, or ice cream. Makes 12 large cream puffs.

Evening snack: Mix grated cheddar cheese and deviled ham and use as sandwich filling. Butter the outsides of the sandwiches and toast under the broiler.

### This Recipe Stretches Leftover Meat Loaf

To stretch two portions of leftover meat loaf into four, try this recipe.

Dilute one can of vegetarian vegetable soup with 1 cup of water. Bring slowly to a boil in a skillet. Crumble or cube leftover meat loaf into soup mixture, sprinkle lightly with garlic powder; heat over a moderate flame, stirring occasionally until it reaches a boil, then reduce heat to low and let simmer five minutes more.

Serve with mashed potatoes, a tossed green salad with French dressing, apple pie and coffee.

Orange juice, brown sugar and butter or margarine make a wonderful syrup with which to glaze cooked sweet potatoes or yams.

### Hens Are Overworking

CHATTANOGA, Tenn. (AP) — Thomas F. Sitton's hens are at it again. Ten years ago one laid an egg 10 inches around its longest dimension.

Now, Sitton reports, another of his hens laid three eggs in one day.

Fountain pens were not practical or in common use until after 1880.

WIFE-SAVER BEEF STEW—A wife-saver is this delectable beef stew casserole with light cornmeal biscuit circles on top. This is perfect weather for beef stew, and hot biscuits merely gild the lily. As a variation, you might try herb biscuits with veal stew

# Book on Garnishing Food Is Gold Mine of Ideas

By JANET ODELL
Pontiac Press Food Editor

One thing I always do right after Christmas is to attend all the bargain book sales. Usually I'm fortunate enough to pick up a cook book or two to add to my collection. This year I found two little volumes, both unusual. One is called rather facetiously, "Can the Greeks Cook?"; the other "The Art of Serving Food Attractively."

Before I tell you anything about the Greek cookbook, I'd like to try a few recipes from it in order to give you some first hand information. However, I can talk about the other book.

The author, Mary Albert Wenker, is an experienced home economist. For twenty years or more she has directed the Home Economics department of Mount Mary College; she has done experimental work in foods and has written for magazines.

After a short foreword and a list of rules for garnishing, Miss Wenker devotes the rest of the book to an alphabetical list of actual garnishes. This is by no means a complete recipe book, but it is a gold mine of ideas.

Personally, I do not favor torturing cream cheese into rosettes or spending hours making flowers out of turnips. But I do approve of spending an extra five minutes on simple, attractive garnishes for food. You can serve the plainest food, dress it up a bit, and make your family or guests feel they have really dined.

I'll condense Miss Wenker's fourteen rules for garnishing into a few sentences.

Make your garnishes edible, simple and suitable to the food adorned. Consider size, color combinations, serving dishes and temperature of both food and garnish. Never use a garnish to disguise deficiencies or food of poor quality.

Here's an easy suggestion that may appeal to children. Prepare deviled eggs. Spread a small rectangle of bread with cream cheese, place the egg on top. Cut a sprig of parsley to represent a sail and stand upright in each "boat." Form a yacht with two or three sails of different heights.

To decorate individual molded desserts, tint applesauce green and place on top of desserts, indenting the center to form a nest. Fill with nuts or small fruit.

For an attractive meat garnish try this one: Pan-broil apricot halves in their own sirup; serve with a hot spiced prune in center of apricot. Use in groups of three at end of meat platter or space evenly around platter.

Here's an unusual way of fixing cucumbers to garnish a salad: Form cucumber chain by cutting slices from peeled or unpeeled cucumber about ⅛ inch wide. Remove pulp to form rings. Make one cut through the rind in all but the first ring. Fit one ring into the other through the cut in rind. Arrange around salad.

If you are using croutons in soup, cut them in appropriate shapes for holidays, or in shapes of clubs, hearts, diamonds and spades for bridge parties.

One section of the book is devoted to ideas for bedtrays. For anyone having to feed an invalid for any length of time, this would be most helpful. It includes both edible and inedible garnishes, the latter for restricted diets.

You'll find lots of things you already do in "The Art of Serving Food Attractively"; but you'll also get lots of new ideas.

## Stuffing for Roast Duck

Apple-and-bread stuffing for roast duck takes on new interest when it is seasoned with grated lemon and orange rind and nutmeg or cinnamon. This stuffing is also delicious with roast goose.

## Oregano Imparts Spice

Half a teaspoon of crumbled whole oregano leaves added to a basic French dressing lends a subtle new flavor. Marinate the dried leaves in the dressing for an hour or so before serving. Basil, too, may be added.

# End Company Meal With Peach Treat

This dessert makes a delightful ending for a company meal.

**Peach Macaroon Cream**

4 to 5 drained canned cling peach halves
½ cup sugar
⅛ teaspoon salt
2-3 cup crumbled macaroons
1 cup light cream
1 tablespoon lemon juice
1 or 2 drops almond extract
1 cup heavy cream,

Crush peaches to make 1 cup pulp. Mix with sugar, salt, macaroon crumbs, light cream, lemon juice and almond extract. Let stand a few minutes to soften crumbs.

Pour into refrigerator tray; place in freezing compartment with control set at lowest temperature and freeze until firm. Whip cream until stiff.

Turn frozen mixture into chilled bowl and beat with rotary beater until smooth and fluffy. Fold in whipped cream.

Return to freezing compartment and freeze to desired consistency.

# Sausage, Nuts Blend in Pilaff

Sausage-Peanut Pilaff is one of those recipes you'll like to prepare and serve often.

For an everyday meal for the family, it's a hearty dish, especially good for these midwinter days.

For company, it has the unusual, delectable blend of the flavors of sausage, peanuts and olives.

Another advantage of this dish, according to meat expert Reba Staggs, is that it's made with easy-on-the-budget bulk pork sausage.

**Sausage-Peanut Pilaff**

1 pound bulk pork sausage
1 cup chopped celery
½ cup chopped onion
1 cup cooked rice
1 can condensed mushroom soup
½ cup chopped green pepper
½ cup chopped salted peanuts
12 stuffed olives, if desired

Brown sausage until crumbly. Add celery and onion and cook three minutes. Pour off drippings.

Add cooked rice, soup and green pepper. Pour into a 1-quart casserole and sprinkle with chopped nuts. Top with sliced stuffed olives, if desired.

Bake in a moderate oven (350 degrees) for 30 minutes. Four servings.

## Yam Boats Accent Ham

Garnish a ham or pork roast with sweet potato boats. Simmer the sweet potatoes until tender, then skin and hollow them. Fill the boats with crushed pineapple mixed with a little sugar and lemon juice. Brush the boats with melted butter or margarine and return to the oven to heat through.

# Biscuit-Topped Beef Stew Makes Fine Winter Meal

From the ranching country of Montana comes a recipe for a fine winter meal. It's an easy meat dish, one that freezes well.

Make up a large batch of stew, freeze part for future meals and serve the rest with feather-light cornmeal biscuits on top. Watch the children go for the tiny center biscuits—the "holes".

**Wife-Saver Beef Stew**

2 tablespoons shortening
2 pounds beef chuck, cut into cubes
4 cups boiling water
1 bay leaf
4 drops hot pepper sauce
1 clove garlic
½ teaspoon pepper
1 teaspoon paprika
1 tablespoon salt
3 medium potatoes
6 carrots
10 small onions, halved
½ cup flour

Melt shortening in heavy deep frying pan or Dutch oven. Brown meat in melted shortening; pour off drippings.

Add water, bay leaf, hot pepper sauce, garlic and seasonings. Cover tightly and cook over low heat for 1½ hours.

Cut potatoes and carrots in one-half inch pieces; add with onions to stew and cook one-half hour longer.

Blend flour with one half cup water; add to stew and cook until stew bubbles. (If gravy is too thick, additional water may be added.)

Stew may be poured into a heat-proof serving casserole if desired. Top hot stew with biscuits. Serves eight.

**Biscuits**

½ cup enriched corn meal
1½ cups sifted enriched flour
3 teaspoons baking powder
1 teaspoon salt
¼ cup shortening
2-3 cup milk

Sift together dry ingredients; cut in shortening until mixture resembles coarse crumbs.

Add milk and stir only until ingredients are dampened. (add a little more milk if needed to make a soft dough.)

Turn out on lightly floured board or pastry cloth and knead gently a few times. Roll out to one-half-inch thickness. Cut with doughnut cutter.

Place doughnut-shaped biscuits around edge of hot stew; top center of stew with little biscuit centers. Bake in a hot oven (425 degrees) 10 to 12 minutes.

Note: To freeze, make stew as directed; place in freezer. To serve, heat in slow oven (325 degrees) about one hour or until bubbling hot. Turn oven up to 425 degrees.

Top stew with biscuits and bake as directed.

# Cream, Cheese Top Broiled Swiss Eggs

Once you try this delectable way of cooking eggs you'll use this recipe often.

**Broiled Swiss Eggs**

½ teaspoon butter
2 eggs
2 tablespoons heavy cream
2 tablespoons grated dry Swiss cheese

Melt butter in 6-inch iron skillet; break eggs into skillet. Pour cream over egg yolks; sprinkle with grated cheese.

Place over low heat just until edges of eggs turn white; broil at moderate temperature until as firm as desired—two to four minutes, adjusting heat or broiler rack. Makes one serving.

SHRIMP MARINARA — A seafood sauce for spaghetti takes its delightful flavor from oregano, an unusual and delicate herb. Italian fish stews are famous among gourmets the world over. This one is a main dish in itself. You'll decide fish is better than ever, served this way.

# Rennet-Custard Desserts Appeal to Whole Family

Throughout the ages, milk has held a place of undisputed importance in the diet. For this reason, foods made with milk have always been thought of as being healthful.

Ease of digestion, due to the natural enzyme action of rennet on milk protein, makes rennet-custards doubly valuable in feeding young children, and for adults. Doctors have long recommended rennet-custards for baby feeding and through the years a large volume of rennet powder business has been in families with small children.

**Recently the rennet manufacturers have realized that there is a large family market for rennet-custards. Women are interested in making one dessert for everyone at the table, from baby to grandpa. They can do this nicely by serving rennet-custards.**

Thanks to the magic of rennet, this nourishing milk dessert is not starchy, but refreshingly light, to please everyone. Seven popular flavors—vanilla, chocolate, lemon, orange, raspberry, maple, and new strawberry—are available.

Rennet desserts can be served plain to the youngest children. With a garnish of chocolate, fruit, cinnamon, whipped cream or nuts, they appeal to the older children and grownups.

Fruits or ingredients such as cake strips or cooked rice can also be combined with rennet-custards to suit adult appetites. There is also a revival of recipes calling for the addition of rum or brandy to rennet-custard, when it is made for grownups alone.

**Many rennet dessert serving suggestions are based on recipes found in some interesting old cookbooks. The English nearly always served Devonshire Cream over rennet desserts. This undoubtedly can be traced to the May Day custom of earlier times, which is thought to have originated in Devon.**

Nutmeg or cinnamon were usually sprinkled over the dessert first. Stewed or sliced fruits were also used as a garnish. One of the earliest cookbook mentions of rennet-thickened milk desserts was this recipe printed in 1713—"Put rennet to a quantity of new milk heated, and set it by to cool, then strew it with sugar and beaten cinnamon; over that pour some cream, strew sugar upon the cream, and sprinkle it with rose water."

A later cookbook, published in 1723, gives this strikingly similar recipe: "Strew on it fine sugar powdered and cinnamon, pour upon it cream mixt with Damask Rose Water."

**Another 18th Century book offers this serving suggestion: "Pour over it some good cream with the juice of raspberries or any kind of fruit to make it a fine pink color. Sweeten it to your taste and lay around it a few strawberry leaves. It is proper for a middle at supper, or a corner at dinner."**

So, you see, the popularity of rennet-custard as a family dessert dates way back. Only in our lifetime has it been thought of as a children's dessert, exclusively. And this idea is quickly being abandoned, in favor of the custom of serving rennet-custard, plain or fancy, to the whole family.

## Can-Opener Available With an Extra Cutter

Have you ever wished you could change the cutter on your can-opener for cleanliness sake? Well, it's possible now because there is a new can-opener available with an extra cutter that is easy to put on and take off.

If you reserve the extra cutter for canned sardines, salmon or tuna, you can make sure your other canned foods won't taste fishy.

## Spice Lamb Croquettes

Planning to serve lamb croquettes tonight? Make them into something special by adding some crumbled whole oregano leaves to your favorite croquette mixture.

Bronte Fine WINES TRY...

## Applesauce Whip Complements Fish

Serve this pleasant light dessert after fish.

**Applesauce Whip**

1½ cups applesauce
1 tablespoon lemon juice
¼ teaspoon nutmeg
2 egg whites
¼ cup sugar

Mix applesauce, lemon juice and nutmeg. Beat egg whites until stiff but not dry; beat in sugar, 1 tablespoon at a time, until very stiff; fold into applesauce.

Serve at once with soft custard sauce made with 2 egg yolks, 1 cup milk and 1 or 2 tablespoons sugar. Makes four to six servings.

## Make Candy in Jiffy

Melt semi-sweet chocolate and mix with crisp ready-to-eat cereal. Drop spoonfuls onto a baking sheet and allow to get firm. Serve to small fry with glasses of milk.

## Flavorful Herbs Accent Italian Shrimp Marinara

The Italians have a way with food.

They eat heartily and with gusto, enjoying the flavors and aromas of their succulent dishes, relishing their hearty pastas and heartier soups.

When we think of Italian cooking, we are all too apt to think exclusively of spaghetti, drenched in a tomato sauce.

**We forget that the Italians are masters of fish cookery. We forget that risotto, a delicious dish of rice and various bits of meat—and cheese, is well-beloved by the Italians and that antipasto is the Italian answer to the French hors d'oeuvre.**

One of the answers to the Italians' enjoyment of food is the seasoning used in its preparation. They are past masters in the art of using herbs. An Italian cook would be lost without flavorful oregano, delicate rosemary, aromatic marjoram and the other herbs.

She uses these herbs with discretion, experimenting and tasting as she goes along. She uses the herbs alone or in combinations of two or three in most of the dishes she prepares.

**Her salads are sparked with the herbs. Fish is raised to gastronomic heights by the addition of these natural flavoring agents.**

To help us familiarize ourselves with the joys of Italian herb cookery, the home economists in the test kitchens of the American Spice Trade Association have adapted the following authentic recipe to American use.

**Shrimp Marinara**

1½ cups chopped onion
½ cup finely chopped green pepper
8-ounce can Spanish-type tomato sauce
No. 2 can (2½ cups) tomatoes
2¾ teaspoons salt
1¾ teaspoons crumbled whole oregano leaves
½ teaspoon basil seasoning powder
¼ teaspoon garlic powder
2 tablespoons dried parsley flakes
½ pound fillet of haddock or other white meat fish
5-ounce can shrimp
5-ounce can crabmeat
Cooked spaghetti or rice

Combine first nine ingredients in a saucepan. Cook five minutes. Cut fish into 4x5-inch pieces and add. Cook, slowly, until fish is flaky, 10 to 15 minutes. Add shrimp and crabmeat.

Cook five more minutes. Serve, hot, over cooked spaghetti or rice. Yield: Six servings.

## Tomato and Curry Spark Celery Soup

Here's an entirely new and delicious way to fix canned soup.

**Savory Tomato-Celery Soup**

1 11-ounce can condensed cream of celery soup
¼ cup tomato paste
½ teaspoon sugar
½ teaspoon curry powder
Dried basil

Put condensed soup in saucepan; fill the soup can with water and add with tomato paste, sugar, curry powder and a pinch or two of basil.

Place over low heat and use a whisk or a fork to mix ingredients thoroughly so there will be no lumps.

Serve very hot, but do not boil. Makes four servings.

Surface mold on salami may be cut away and the meat used. But if the mold has grown right into the salami, it should not be eaten.

# Herb Biscuits Good With Soup

Rich oatmeal biscuits sharpened with cheese and herbs are wonderful things to eat. An Illinois woman who has a family herb garden originated them.

They're good to serve with rich vegetable soup for a quickly prepared snack lunch. If you don't care for the combination of herbs suggested below, you are free to mix your own.

**Herb-'n'-Cheese Tear-Offs**

2 cups sifted enriched flour
3 teaspoons baking powder
1 teaspoon salt
½ teaspoon ground thyme
½ teaspoon dill seed
1-3 cup shortening
¾ cup rolled oats (quick or old-fashioned, uncooked)
¾ cup milk
¼ cup sharp cheese spread
Garlic salt

Sift together flour, baking powder, salt and thyme into bowl; add dill seed. Cut in shortening until mixture resembles coarse crumbs. Add rolled oats and mix lightly.

**Add milk gradually, stirring lightly until dough can be formed in a ball. (Add a little more milk if necessary to make a soft dough.)**

Turn out on lightly floured board or canvas and knead gently a few seconds.

Roll out to one-half inch thickness. Cut with floured biscuit cutter.

Spread biscuit rounds lightly with cheese spread. Lay biscuit rounds on a cookie sheet overlapping biscuits and making two parallel rows.

Sprinkle lightly with garlic salt. Bake in a hot oven (425 degrees) for 15 to 18 minutes. Serve hot.

Cooking Brussels sprouts? Count on a pound yielding six half-cup servings.

**HERB 'N' CHEESE TEAR-OFFS**—Biscuits are excellent "go-withs" for soup and salad luncheons. These biscuits, made with oatmeal and a variety of herbs, are further pepped up with sharp cheese and garlic salt.

# Curried Beef Has Glamor Plus Thrift

Plentiful beef comes to the table enriched and glamorized but economical in this tested recipe for curried beef made with liquefied instant dry milk.

**Curried Beef**

1 medium-size onion, chopped
⅓ cup sliced mushrooms
2 tablespoons butter
1 pound boneless chuck, cut in 1-inch cubes
½ cup water
2 cups liquefied instant nonfat dry milk
5 tablespoons flour
1 teaspoon salt
1 teaspoon curry powder
½ teaspoon paprika
¼ teaspoon pepper

Saute onions and mushrooms in butter until mushrooms are browned. Add meat and brown on all sides. Add water; cover tightly and simmer 45 minutes or until meat is tender.

**Pour liquefied nonfat dry milk into 1-quart bowl. Sprinkle combined flour and seasonings over surface of liquefied nonfat dry milk. Beat with rotary beater until blended, and pour over meat mixture.**

Cook, stirring constantly, until thickened. Serve hot with fluffy rice.

## For Easy Entertaining

Take-it-easy cooks who are having company will find a cooked round boneless ham a good choice. Such a ham, weighing about 6 pounds, should be heated in a slow (325 degrees) oven for about two hours. For a buffet supper serve the ham with creamed potatoes, a raw vegetable salad and condiments such as mustard and pickle relish.

# Follow Six Hints to Spend Your Food Dollar Wisely

Sometimes it's more difficult to spend money wisely than it is to make it. The housewife who shops for food, for instance, must make her money do double duty.

She must make it buy food that will satisfy her family's appetite and tastes, and at the same time she must shop for hidden values—the vitamins and minerals that their bodies need for growth and good health. It is important that these vitamins and minerals are not lost during storage and preparation.

**It is not enough to have a shopping list that is well proportioned from a nutritive standpoint—she must also know how to conserve food values in the items she purchases. And she must be sure that every item is bought at its prime—that it is at its peak for flavor and for food values.**

1. Fresh fruits and vegetables lose their vitamin content, from the moment they are picked. The longer they're kept the more food value is lost. When possible, buy them as they are needed.

2. Vitamin C is destroyed by contact with air so fresh fruits and vegetables should not be crushed or chopped and then allowed to stand.

3. Some vitamins and minerals are destroyed by heat so cook vegetables and fruit until they are just tender. Do not overcook.

**4. Some vitamins and minerals are dissolved in water. In cooking fruits and vegetables use a minimum amount of water, and use or serve all liquid that remains. (Steaming is a good method for retaining the maximum food value.) Cooking with the skin on helps conserve nutriments in root vegetables.**

5. Canned and frozen foods retain a very high proportion of the original nutritive value of the food—make the most of them!

6. The vitamins and minerals that are locked up in enriched yeast-raised breads are stable and are the same after several days as they are the moment the bread comes from the oven. Don't be afraid to use stale bread.

Especially in January, when you're recuperating financially from an all-too-merry Christmas, it is important that every penny is buying what it is supposed to. And food values are the most basic ones of all.

Use these six hints to help you get what you pay for!

## To Protect Tea Kettle

If you have an aluminum tea kettle (of the non-whistling type) empty it and dry the inside after the last meal of the day; then rub the inside with ordinary steel wool and soap three or four times a week. This treatment will keep the inside surface free of small deposits of minerals contained in the drinking water in some communities.

● Helps greatly when washing clothes, less soaking, less rubbing.

# Mix and Match Soup Flavors

Matchmaking is a game most everyone enjoys.

Sometimes it's a game of hearts. And sometimes it's a kitchen game, because many cooks enjoy matchmaking with soups, mixing one with another for special new "soup mates."

You probably are an old hand at whipping up special soups from the standard kinds in cans. Which "soup mates" are your very own favorites?

**When you fix them, just think how many other "soup surprises" you can dream up. The possibilities are countless — almost. With the 34 regular soups in the canned line, you can match up many a new twosome to tantalize appetites.**

By mixing soups, you can quickly make an exact one to suit your liking, anytime. It may be as dainty as chicken rice mixed with cream of chicken. Or it may be as he-man as beef noodle with vegetable soup.

Put this one with that one. Go this way, go that way. You'll be rewarded with soups that taste like a million and show your own touch of genius.

**Full-of-Chicken Soup**

1 can (1¼ cups) condensed cream of chicken soup
1 soup can water
1 can (1¼ cups) condensed chicken with rice soup

Stir chicken soup until smooth; blend in water and chicken with rice soup. Heat but do not boil. Four servings.

**Country Kitchen Soup**

1 can (1¼ cups) condensed beef noodle soup
1 can (1¼ cups) condensed vegetable soup
1½ soup cans water

Blend soups and water; heat. Four servings.

## After-School Snacks Need Touch of Sweet

Serve a snack after school on cold winter days to satisfy a youngster's desire for something the least bit sweet. You'll need plenty for growing appetites.

Saute a slice of toast in 2 tablespoons butter. Sprinkle with 1 teaspoon sugar mixed with one-quarter teaspoon cinnamon. Top with about one-quarter cup hot applesauce and serve right away.

**QUICK TUNA SOUP**—Sharpen your appetite with this creamy, rich Quick Tuna Soup. It's almost a meal in itself. Serve it with crisp green pepper slaw and toasted crackers. Warm cherry pie and coffee add the finishing touch. Soup's on!

* * *

# 'Purse-Saving' Tunafish Lends Heartiness to Soup

For the busy homemaker who budgets her time as well as her money, it's a very real problem to plan nourishing meals. The wise cook knows the merits of canned tuna for speedy "purse-saver" cooking.

A real economy buy, where there's no waste whatsoever, is canned tuna. All meat and all edible, the tedious preparation has been done for you. Even the light-colored oil can be used for salad dressings, in sauces or in casseroles.

**Nutrition-wise, tuna is one of the best protein foods. In addition, it's rich in vitamins and minerals. And since tuna is easily digested, it's particularly good for children and elderly people.**

The value of this canned product, however, reaches beyond its nutritional qualities. One of its greatest advantages is its versatility. A flavorful dish when served alone, tuna offers good eating in soups, sandwiches, sauces and salads.

When combined with another food in casseroles, a single 7-ounce can will serve as many as four to six people.

You'll find canned tuna on the market in fancy, standard, chunk, flaked or grated packs. Fancy pack is all solid meat selected for color. It should be free from dark meat, skin, bones or flakes . . . especially good for salads or dishes calling for tuna in large pieces.

**Standard pack should be similar to the fancy, except that the fish may consist of 25 per cent flakes pressed into one part of the can; once again you'll find no dark meat, skin or bones.**

Chunk-style tuna, a newcomer to the family, contains bite-sized pieces of light meat. Flaked, grated or shredded tuna, the mose economical buy, consists of the smaller pieces of tuna. This pack is good for recipes calling for chopped or minced tuna.

Even the high-chair set can enjoy the bland flavor of tuna. Conveniently packed for babies in just-right-sized cans, a 3½-ounce can of strained tuna yields one-third cup. And for a hurry-up entertainment, these small packs make a perfect base for dips and spreads.

Another recent addition to the tuna family is the special dietetic pack. Canned in distilled water without added oil or salt, this product helps make meals appetizing and varied for those on limited menus—fine for the low-calorie meal plan, too.

**Tuna is classified according to the type of meat. The white meat tuna is canned only from albacore. It is of the same coloring as white meat of chicken.**

The other types of tuna, such as yellowfin, skipjack and bluefin, are known as light meat tuna. The meat of these fish is slightly darker in color and has rich, full flavor.

The budget-wise shopper buys the type of tuna best suited for the dish. An all round food for economy, nutrition, flavor and versatility, small fry as well as grownups will ask for more.

**Quick Tuna Soup**

1 can condensed cream of mushroom soup
1 can condensed cream of asparagus soup
2 cups milk or 1 cup milk and 1 cup light cream
1 can (7 ounces) tuna, drained and flaked
Chopped parsley or chives

Blend soups and milk or milk and cream; add tuna. Heat slowly, but do not boil. Sprinkle with parsley or chives. Four servings.

## For Sunday Supper, Try Apple Pancakes

For a change, serve German apple pancakes for Sunday night supper. Use your favorite recipe for puff pancakes, and add one-fourth teaspoon cinnamon to the flour and 1 cup finely chopped pared apples to the batter before cooking.

These measurements are proportional for a batch of eight 4-inch pancakes, so if you intend to make double the quantity, increase the amounts of cinnamon and chopped apples to correspond.

# Follow 3 Rules in Brewing Tea

There's more than meets the eye to many a slogan whipped up by some ambitious copywriter in an advertising agency. Since "Take Tea and See Week" is Jan. 14-22, let's take, for example, the tea industry's slogan.

This popular phrase with its rhythmic jingle heard frequently on television commercials and from the lips of alert youngsters in your home, suggests that you take tea and see what a pickup or what a lift it gives you. Then it goes on to show you exactly how to make a good cup of tea.

**Its message leaves you with three basic rules to remember, such as: 1. the water must be absolutely boiling (otherwise the tea will taste dull and flat); 2. use one tea bag or one teaspoonful tea per cup (otherwise tea will have no body or zest); 3. let tea brew three-five minutes (less than 3 minutes gives you only tea-colored water—more than five minutes is apt to make tea taste bitter).**

After receiving several communications from the Tea Council, where all this information comes from, we learned that these rules were not drawn up just to give the copywriter a job, but because they are important rules handed down by people who have been tea experts for many, many years, and who want to impress upon the public the importance of making tea properly so that they can get every penny's worth of flavor-goodness and pickup that's packed into every single tea bag.

And, incidentally, if you're planning to entertain 2 or 22 people, there's nothing more economical than a tea party. Brown 'n' serve biscuits make a delightful tea accompaniment.

Simply make a deep slit in each biscuit, spread with honey and insert a pecan. Bake according to package directions. Such finger foods are easy to manage with a cup of tea.

# *Apricot Dreams Hide Sweetness Beneath Crunch*

Apricot filling bakes into the bottom part of this cookie, while the top stays crisp.

**Apricot Dream Bars**

1 cup sifted flour
½ teaspoon baking soda
¼ teaspoon salt
2-3 cup firmly packed dark brown sugar
½ cup butter or margarine (melted)
1 cup uncooked quick rolled oats
Apricot filling.

Sift together the flour, baking soda and salt. Stir in brown sugar. Stir in melted butter until ingredients are mixed.

**Pack two-thirds of mixture into a buttered 8-inch square baking pan. Spread with Apricot Filling. Cover with remaining oatmeal mixture, packing lightly.**

Bake in moderate (350 degrees) oven 30 to 35 minutes. Cool and cut into 16 bars; remove with small spatula.

**Apricot Filling**

Mix 1 cup cooked drained dried apricots, one-half cup sugar and one-fourth cup water. Cook over low heat, stirring often, until thick.

Cool and mix in one-fourth cup chopped pecans and the grated rind of 1 lemon.

Add minced parsley to waffle batter when you are planning to serve the waffles with creamed chicken, turkey or ham.

# Team Up Pork and Cornbread

Roast pork is another of the many foods that take on added zest when combined with flavorful cornmeal.

A delightful main dish for a Sunday dinner is roast pork with cornbread dressing. Easy to prepare, the dressing can be made from either leftover cornbread or fresh cornbread dried slightly in the oven.

**Roast Pork**
**With Cornbread Dressing**

1 pork roast (loin or rib)
Season with 1 teaspoon salt,
⅛ teaspoon pepper per pound.

**Dressing**

¼ cup chopped onion
¼ cup bacon fat
4 cups crumbled cornbread
1 teaspoon salt
⅛ teaspoon poultry seasoning
¼ teaspoon pepper

Ask butcher to loosen back bone to make carving roast easier. Place meat on trivet in open roasting pan, fat side up. Roast in a moderate oven, 350 degrees, about 30 minutes per pound.

**While meat is roasting, prepare dressing, as follows: Brown onion in fat. Combine crumbled cornbread with remaining dry ingredients. Add fat and onion, and mix carefully.**

About 45 minutes before roast is done, pour excess fat from pan and transfer cornmeal dressing to roasting pan, stuffing it under and around the meat. Continue baking until pork is done and dressing browned.

**ROAST PORK**—With pork on the plentiful list, it's time to treat the family to a Sunday dinner of roast pork with cornbread dressing. This combination of flavors is excellent. Long, slow cooking insures a tender, well-cooked, moist roast. Forty-five minutes before the meat is done, the dressing is added.

## Spaghetti, Limas, Beef Make Up Skillet Trio

"Three's company" — and enjoyably so — when it's a skillet trio of spaghetti with lima beans and dried beef. You'll need about 4 ounces thinly sliced dried beef (about 1 cup); cut it into bite-size pieces. Frizzle dried beef in 2 tablespoons shortening; add 2 cans of spaghetti in tomato sauce (about 3½ cups) and 2 cups drained cooked green beans.

For extra flavor, pour in 2 teaspoons Worcestershire sauce. Let mixture heat till bubbly and hot through. Makes six servings. This Spaghetti and Beef is grand with a big dish of crisp vegetable relishes.

## Apples in Abundance

The first apple trees in the state of Washington were planted in 1827 and one of these same trees is still standing in Vancouver, Wash., and still bearing fruit. Today there are more than one and a half million apple trees in the state, the largest apple-growing area in the world.

# Unusual Vegetable Dishes Extra Welcome in Winter

New ways of serving vegetables are always welcome, especially in wintertime. Here are two recipes from Gaynor Maddox, food editor of the Newspaper Enterprise Association. Each one adds variety without upping costs, he says.

**Cabbage Goldenrod**

2¼ pounds head cabbage
½ inch boiling water in saucepan
½ teaspoon salt
Lemon-cheese sauce
2 hard-cooked eggs

Cut cabbage into six wedges. Place in a saucepan along with one-half inch boiling water and the one-half teaspoon salt.

**Cover. Boil 15 minutes or until tender. (For milder flavor lift cover three to four times to permit the acids to escape with the steam.)**

Place cabbage on a serving dish. Pour lemon-cheese sauce over all.

Put hard-cooked eggs through a sieve and sprinkle over the sauce. Makes six servings.

**Lemon-Cheese Sauce**

1 tablespoon butter or margarine
1 tablespoon flour
1½ cups milk
½ teaspoon salt
⅛ teaspoon ground black pepper
¾ cup shredded sharp Cheddar cheese
2 tablespoons fresh lemon juice

Melt butter or margarine. Blend in flour. Gradually stir in milk. Cook until medium thickness, stirring constantly. Add salt, black pepper, and cheese. Mix well. Stir in lemon juice.

**Vegetable-Filled Baked Carrot Ring**

3 cups (6 medium) shredded carrots
2 eggs, well beaten
10½-ounce can undiluted condensed cream of chicken soup
½ cup milk
½ cup finely diced celery
½ cup fine dry bread crumbs
1 teaspoon minced onion
¼ teaspoon salt
1/16 teaspoon ground black pepper
1/16 teaspoon ground nutmeg
3 cups fresh peas, snap beans or small whole white onions

Combine carrots, eggs, chicken soup, milk, bread crumbs and seasonings. Mix well.

Pour into a well-greased 1½-quart ring mold. Place in a pan of hot water.

**Bake in a slow oven (325 degrees.) 1 hour and 15 minutes or until firm when top is pressed with finger. Let stand 10 minutes.**

Turn out onto a serving plate. Fill center with cooked fresh peas, snap beans or small whole white onions. Makes six-eight servings.

# Team Barley, Lamb Shanks

Barley is stuffed into these lamb shanks for a novel twist your family will applaud.

Reba Staggs, home economist, suggests that you serve tomato salad, green beans, whole wheat bread, butter or margarine, prune whip and a beverage with the stuffed lamb shanks.

**Stuffed Lamb Shanks**

6 lamb shanks
2 tablespoons lard or drippings
1 teaspoon salt
¼ teaspoon pepper
2 cups water
¼ cup barley

Brown the lamb shanks in lard or drippings. Season with salt and pepper. Add water, cover and simmer until tender, about 1½ to 2 hours.

**Remove meat from broth. Cool and remove bones. Cook barley in lamb broth adding water if necessary.**

Stuff lamb shanks with cooked barley. Thicken remaining lamb broth with flour for gravy.

Pour gravy over stuffed shanks, cover and cook on top of range or in a moderate oven (350 degrees) until heated through. Six servings.

## Start Lunch or Dinner With Hot Tomato Juice

Sparkling red tomato juice always starts a luncheon or dinner successfully—especially when it's served hot.

For an intriguing change of flavor, spice the juice with curry powder, garlic salt or juice, or herbs (thyme, marjoram, basil). Easy does it. Stir in a bit, heat, and taste before you add more. Tomato juice with seasoning is often good served hot on these wintry days.

## Follow Garnish Rules

If you enjoy making food look pretty you'll be interested in these basic garnishing rules. Garnishes should always be edible. They should complement the flavor and color of the food they are accompanying. Garnishes should never be overhandled or allowed to crowd a platter or other serving dish. Odd numbers of garnishes are usually the most effective. Garnishes should be placed so that the food they accompany can be served easily.

# Combine Ham and Asparagus

Ham and asparagus bake is a fine combination of distinctive flavor, eye-catching color and economy.

And it's practically a meal in one dish since it contains luncheon meat, a vegetable and bread along with cheese, eggs, evaporated milk and lively seasonings.

**It bakes in less than an hour and in the process the flavorful mixture puffs up beautifully and browns lightly. With green tips of asparagus showing through along with chunks of luncheon meat, it's certainly a tempting sight.**

Economical evaporated milk is used only partially diluted so that it imparts extra richness to the dish. Hot from the oven, it's hearty, warming food just right for wintry days.

**Ham and Asparagus Bake**

1 package frozen cut asparagus (about 10 ounces)
8 slices soft bread
2 tablespoons softened butter
1 cup shredded process cheddar cheese
1 12-ounce can luncheon meat
3 eggs
1 2-3 cups evaporated milk (1 tall can)
Asparagus liquid plus water to make 2-3 cup
1 tablespoon grated onion
¼ teaspoon dry mustard

Bring one-half cup water to boiling in saucepan. Add block of frozen asparagus, and cook until asparagus is almost tender. Butter an 8x8x2-inch baking dish.

Butter the bread slices and cut into one-half-inch squares. Place half of the bread in bottom of baking dish. Cube luncheon meat.

**Place half of the meat over bread in baking dish. Add a layer of half the asparagus. Sprinkle with half the cheese. Repeat these layers.**

Beat eggs. Add milk, asparagus liquid, onion and mustard. Pour over ingredients in baking dish. With a spatula, press ingredients down so bread is well moistened.

Bake in moderate oven (350 degrees) until lightly browned and puffy, about 45 minutes. Makes six servings.

# Cheese Sauce Adds to Appeal of Vegetable Pie

Good, fresh vegetable dishes that are different but not too fancy are always welcome. This potato and onion pie is a great dish for a hungry family.

**Potato and Onion Pie**

1½ pounds small white onions
½ pound (4 medium) carrots
½ inch boiling water in saucepan
1½ teaspoons salt
1 teaspoon butter or margarine
1 tablespoon flour
½ teaspoon salt
1-16 teaspoon ground black pepper
1½ cups milk
¼ cup carrot and onion stock
½ cup shredded sharp Cheddar cheese
3 cups fluffy mashed potatoes

Peel onions, leave whole. Peel carrots, quarter and cut into 2-inch pieces. Put both onions and carrots in a saucepan with the one-half inch boiling water and salt.

Cover. Boil 10 minutes, or until almost tender. Drain vegetables (save water to use in the cream sauce), and put into a 9x9x2-inch baking pan.

**Melt butter or margarine in a saucepan. Blend in flour. Stir in milk and the carrot and onion stock. Cook until slightly thickened. Add cheese.**

Pour sauce over the vegetables. Top with fluffy mashed potatoes.

Bake in a preheated moderate oven (375 degrees) for 30 minutes or until potatoes are brown. Makes six servings.

The 4 Season Seasoning!

THE FRANK TEA & SPICE CO.
CINCINNATI 2, OHIO

**MINTY BAKED APPLES** — A good old-fashioned dessert gains new flavor and extra health value with peppermint candy and wheat germ. These Minty Baked Apples top off a hearty dinner and are also grand appetite coaxers for a child's lunch or after-school snack.

# Sweet Tartness of Apples Accented by Wheat Germ

The apple barrel is past history in the average home, but today's wise homemakers will always manage to keep a generous store of apples on hand throughout the winter. For apples go with winter meals; their fresh, juicy crispness contrasts with roasts, stews and all heavier foods that we enjoy in cold weather.

And apples team well with wheat germ, another good food that should be in winter meals. Wheat germ, the nutrition-packed heart of wheat, is a protective food. It supplies an abundance of B-vitamins, protein and iron; a full quota of these nutrients every day is important in building resistance to winter ills.

**You'll like the toasted nut-like goodness of wheat germ combined with the sweet tartness of apples. And wheat germ can be adapted to almost all of the wonderful variety of apple recipes.**

It can be mixed in applesauce, or tossed like nutmeats in a Waldorf salad. Add wheat germ to the batter or mix it with the apple slices of an apple cobbler; substitute it for half the crumbs in a Brown Betty.

Your family is sure to enjoy this delicious new version of an old favorite, Minty Baked Apples.

**Minty-Baked Apples**

6 medium-sized baking apples
¼ cup brown sugar
1-3 cup honey
½ cup wheat germ
¼ cup melted butter or margarine
1-3 cup crushed peppermint stick candy
½ cup water

Core and pare upper half of each apple. In a small bowl, combine brown sugar, honey and wheat germ; mix thoroughly. Stuff each apple with this mixture.

**Brush pared surface of each apple with melted butter or margarine and sprinkle pared surface with crushed peppermint candy. Place apples in a 8x12x2-inch baking pan and pour water in bottom of pan.**

Bake in a slow oven (300-325 degrees) 45 minutes, or until tender. When done, place in individual dishes and pour syrup from pan on apples.

# Salad Goes Well With Cold Meats

This refreshing salad is delectable with leftover cold sliced meat.

**Grapefruit and Apple Salad**

¼ cup mayonnaise
1 tablespoon Bahama-type mustard
2 teaspoons lemon juice
Paprika
2 medium-sized or large grapefruit
1 medium-sized or large red Delicious apple
Lettuce

Mix together the mayonnaise, mustard, lemon juice and a dash of paprika.

Peel grapefruit so no white membrane is left; with small sharp knife cut grapefruit segments away from membrane sections; do this over a bowl to catch juice; put sections in another small bowl.

**Cut apples in quarters and core; do not peel. Slice apple in thin lengthwise pieces into the grapefruit juice to keep from darkening.**

Arrange lettuce on serving plates, alternate grapefruit and apple slices on lettuce, using a couple of apple slices for each grapefruit segment.

Top with dressing. Makes four servings.

To season boiled potatoes add a dash of celery or poppy seed to the melted butter or margarine you use.

# Presbyterian Union Unlikely

## Southern Group Fights Proposed Merger of Three Branches

PHILADELPHIA (AP) — The chances of a merger of the three United States branches of the Presbyterian Church appeared somewhat dim today as the result of opposition from Southern presbyteries.

The union would unite the three groups now in the process of voting on the proposal, the United Presbyterian Church, the Presbyterian Church in the U.S.A. and the Presbyterian Church in the United States (Southern). They have a combined membership of about 3½ million.

* * *

Unanimous approval of the three is necessary.

Thirteen Southern presbyteries have voted on the issue and 12 have opposed it. A three-quarters majority of the 84 presbyteries in the Southern branch is necessary for the group's approval.

Only ten more negative votes are thus needed among the Southern presbyteries to kill the plan and one of their leaders said Saturday, "We'll get those in the next two weeks."

* * *

The statement was made by Dr. Henry B. Dendy, secretary of the Association for the Preservation and Continuation of the Southern Presbyterian Church. Dr. Dendy, who is also editor of the Southern Presbyterian Journal, in Weaversville, N.C., predicted there would be twice as many antiunion votes as were needed.

Most presbyteries of the 720,000-member Southern church, with headquarters at Atlanta, will vote Jan. 18, 19 and 25 and a few will ballot in February.

* * *

The only Southern group to vote for the merger is the Texas Mexican presbytery, whose congregations, consisting mainly of Mexican people, are scattered through Texas.

# Paris Theater Reform Started

## No Tips to Usherettes, No Excess Applauding, No Latecomers

PARIS (AP)—For generations Parisis playgoers have complained about tip-hungry usherettes, latecomers who ruin the first act and amateur claques that stop the show with applause whenever their favorite actors enter or exit. Now a man has appeared with a mission to do something about it.

* * *

He is Jean Vilar, director of the Popular National Theater (Theatre National Populaire), a classic repertory group subsidized by the government. His reforms apply to only one house, but they may be imitated if they succeed.

* * *

First Vilar got the show started at 8 p.m., instead of 9. That makes it possible for suburbanites to catch the last trains easily. At the same time, he opened the theater at 6:30, provided cheap light meals and hired a small orchestra to entertain until curtain time.

The next step was drastic; any member of the audience arriving after the curtain goes up receives a small printed sheet advising him that he can be seated only after the first scene, and supplying a resume of what it contains. He gets a comfortable seat in the lobby, where he can listen over a loud-speaker system.

* * *

Then all tips were abolished: tips for the usherettes, tips for the checkroom, tips for washroom attendants.

The final reform scheduled is an edict from Vilar abolishing applause until a curtain goes down, on the plea that it interrupts the rhythm of the show. This was bound to be a hard blow to some emotional playgoers, who enjoy applauding the stars at every opportunity.

## Heifer Project Asking Other Nations to Help

NEW WINDSOR, Md. (AP) — The board of Heifer Project, Inc., has announced that this year other countries of plenty, as well as the United States, will be asked to provide livestock for distribution in war-ravaged and agriculturally undeveloped areas.

The group hopes to obtain and distribute 1,200 head of cattle, 500 goats, 400 pigs, 1,000 chicks and 400 packages of honey bees to needy areas this year. Much of the work will be done in Austria and Germany, to help set up refugees from Communist countries on farms of their own.

## Japanese to Take Over Northern Radar Post

KUSHIRO, Japan, (AP)—The advance party of a Japanese radar unit arrived today to take over duties from U.S. troops on the northeast tip of Hokkaido within sight of Soviet-held territory.

The unit will replace Americans at Nemuro, within sight of the Russian-held Habomai Islands, after it receives training.

U. S. and Soviet planes have clashed five times over the area since October 1952.

SUITCASE SCOOTER—This motor scooter which can be taken apart and folded into a suitcase makes its debut in Paris, France. It can travel about 50 mph over almost any kind of terrain, and is being ordered by the French army for use in airborne divisions.

## Leisure Time Club to Honor 4 Oldsters

CHICAGO (AP) — The four oldest members of the Leisure Time Club, composed of retired men residents of three western suburbs, will be guests of honor at a meeting today. The four have a combined age of 376.

The purpose of the club is: "doing nothin well." The only requirement for membership is retirement from business or employment. The club, organized in 1944, has a membership of 75 men living in La Grange, La Grange Park and Western Springs.

The four men to be feted today are George Randall, 95; John C. Clark, 94, William G. Clark, 94 (no relation), and Sidney C. Savage, 93.

## Boys Will Be Boys

CORPUS CHRISTI, Tex. (AP) — Police yesterday confiscated a submachinegun from two teen-age boys who had been holding "target practice" in a field near here.

## Against Lifting Barrier on Mixed Marriages

ANNAPOLIS, Md. (AP)—The plan of Sen. Harry A. Cole, Maryland's first Negro state senator, to seek repeal of a ban on interracial marriages failed to draw any backing today from Minority Leader Robert Kimble.

"He has come to discuss a great many things," said Kimble, but he has not mentioned this to me. If he does, I'll certainly advise him against it."

Cole, a Republican, said yesterday he had not decided when he would introduce the repealer.

An 1880 law prohibits marriages between Negroes and whites, Malayans and whites, and Malayans and Negroes, and provides for a prison term of from 18 months to 10 years.

## 100 Sets of Teeth Stolen

NEW LONDON, Conn. (UP)—A thief may have a hard time getting a market for the contents of a package he took from a hallway outside an office. The package contained 100 sets of false teeth.

## South Korean Movie Breaks Smooch Ban

SEOUL (AP)—Chalk up a first of sorts for the 20-year-old Korean motion picture industry.

In "Hand of Fate," a film of political intrigue, the Red spy heroine falls in love with a South Korean army counterintelligence agent, renounces communism, kisses him and they live happily ever after.

The first is the kiss, previously taboo in Korea.

Styling that's stealing the thunder from the high-priced cars!

It costs no more to form a sheet of steel into a graceful shape than it does an awkward one—so price has nothing to do with styling. Only the talent of its designers determines whether a car is a delight to the eye or it isn't.

You couldn't find more pointed proof of this than the 1955 Chevrolet—for here is a low-priced car that has snatched the styling spotlight, overshadowing even the highest-priced creations with its subtle sweep of line, the bold rake of its deep-curved windshield.

**New V8 and two new 6's**

But the Motoramic Chevrolet has advances in engineering that even surpass its styling. There are three ultra-efficient new engines—the 162-h.p. "Turbo-Fire V8" and two "Blue-Flame" 6's. There is a whole new chassis design, with spherical-joint front suspension that spurns bumps like a swallow skimming a lake, and Anti-Dive braking control to check that sharp "nosing down" of the front end.

There are three new drives—sturdier Synchro-Mesh and, optional at extra cost, a silkier Powerglide automatic transmission or the flexibility of Touch-Down Overdrive . . . plus all the power helpers you could wish. Try a 1955 Chevrolet—now—and find out why it is stealing the thunder from the high-priced cars.

# Solons Think Page Boys Need Motherly Guidance

WASHINGTON (INS)—The 78 boys who run errands for the nation's lawmakers need a home and somebody to look after them.

At least that's what Reps. Charles Bennett (D-Fla) and Sterling Cole (R-NY) think.

**Cole said: "It's been quiet in the last year or so, but we know there's been drinking and carousing in the past." Cole asked Congress to hire a matron to look after their needs.**

Bennett told a newsman: "It's only the good luck of the good Lord that there hasn't been a scandal so far." The Florida congressman introduced a bill to provide them a home.

The 78 page boys—50 in the House and 28 in the Senate—live now in rooming houses all around Washington. They come from all over the country as patronage of the party that controls Congress.

**The page boys go to school from 6:30 a.m. until 10:30 a.m. when Congress is in session, and then go to work for the congressmen. Six teachers give them regular high schohol courses at the special school set up in the Library of Congress.**

But after Congress quits for the day, the boys are usually on their own.

The boys range in age from 14 to 18 and are paid $235 a month for their services. Out of this must come their room and board.

Bennett said: "Congress has had pages for more than 100 years and still has given them no guidance and no supervision. It's astonishing that Congress has run away from its responsibility."

**The Florida Democrat said he's going to do his best to awaken fellow members to this responsibility. He added that he has already received the support of leading businessmen and clergymen in the nation's capital.**

Cole said his idea is to have a middle-aged woman check on their roms, see that they get good food and make sure they are living in the proper environment. She'd be paid $2,600 a year under the proposed bill.

But Bennett would go farther. He wants them under one roof near the Capitol with someone "of mature years" to supervise the place.

## Singer Sued by Wife

BURBANK, Calif. (AP)—TV singer Joe Graydon, 35, has been sued for divorce by Mrs. Grace Graydon, 36. She alleged cruelty in her complaint, filed yesterday.

## Smoker Gets Big Lift as Pipe Sets Off Blast

OAKLAND, Calif. (AP)—A sauntering pedestrian stopped to light his pipe yesterday and half a block of sidewalk began to burn with a bang.

The startled pipe smoker fled like a turpentined cat and police never did find him to learn if he'd been burned. Firemen found that a leaking gas main beneath the pavement caused the explosion and the trail of fire which ran along the cracks.

French traders and missionaries settled in Wisconsin in 1670.

## Labor Party Losing in Jamaica Election

KINGSTON, Jamaica (AP) — Chief Minister W. A. Bustamante's 10-year dominance of Jamaican politics apeared at an end today.

Returns from yesterday's House of Representatives election indicated the opposition People's National party, led by Bustamante's first cousin and bitter enemy Norman Washington Manley, would win 18 of the 32 seats in the British colony's Parliament.

Early tallies gave 14 seats to the PNP and 12 to Bustamante's Jamaica Labor party. In the other six races, the PNP was leading in four while the JLP was ahead in only two.

Bustamante, as veteran labor leader, split with the PNP in 1940 and formed his own faction. The JLP swept the 1944 elections and has controlled the House of Representatives ever since.

## Eagles Attack and Die

CARLSBAD, N. M. (AP) — Louis Panoz says an eagle dive-bombed his car as he drove to Carlsbad Caverns. Last week another eagle rammed through the windshield of a bus. Both birds were killed.

## ROK Police Warned Against Third Degree

SEOUL (AP)—South Korean policemen received a fresh warning from their headquarters yesterday against using physical pressure while questioning criminal suspects a national police source said today.

The warning came after the arrest of two Seoul policemen on suspicion of torturing a 29-year-old housemaid accused of stealing a gold ring from her employer.

Newspapers reported one policeman flogged her with an iron rod. The woman insisted she was innocent.

## Ike Not Willing to Judge Case of Ladejinsky

WASHINGTON (AP)—President Eisenhower said today he has reached no judgment personally in the Wolf Ladejinsky case, and that Foreign Operations Administrator Harold E. Stassen must take full responsibility for whatever is the eventual outcome of keeping Ladejinsky in government service.

The President discussed the controversial security case at his news conference and emphasized that he had only one side of the story when he once remarked to Secretary of Agriculture Benson that Ladejinsky's background was the sort that would scare him.

* * *

But Eisenhower said he upholds the decision by Stassen to hire Ladejinsky despite the Agriculture Department's ousting of the man on security and technical grounds.

Ladejinsky, 55-year-old Russian-born naturalized American became agricultural attache in Tokyo as a State Department employe.

NOTICE OF SPECIAL MEETING OF THE QUALIFIED ELECTORS OF CLARKSTON COMMUNITY SCHOOL DISTRICT

To the qualified electors of said school district:

Please take notice that a special meeting of the qualified electors of said school district will be held in the High School in said district located on Church Street, Clarkston, Michigan, on the 20th day of January, 1955, at 8:00 o'clock p.m., for the purpose of submitting the following proposition:

(a) Upon receipt by the Board of Education of said School District of a suitable conveyance releasing and extinguishing a certain mutual right of way, easement or lane twenty-five feet in width and more particularly described in a certain deed June 10, 1948, recorded in Liber 2275 Oakland County Register of Deeds Records on page 334 as running from the north line of Section 29, Independence Township, Oakland County, Michigan in a southeasterly direction adjacent to and along the westerly line of a certain 6.39 acre parcel of land described in said deed to the East and West ¼ line of said Section 29, shall the Board of Education of said district have authority to join in a certain plat to be recorded, for the purpose of dedicating to the use of the public as a public road, that portion of the school district property situated in the Township of Independence, Oakland County, Michigan, described as follows:

Part of the Northeast quarter of Northeast quarter of Section 29 described as commencing at a point on the north boundary line of Section 29, bearing North 89°57' West 139.50 feet from the northeast corner of said Section 29; thence South 1°18'45" East 773.20 feet; thence North 89°55'45" West 60.00 feet; thence North 0°58'45" West 773.09 feet; thence South 89°57' East 55.50 feet to point of beginning. Said parcel contains 1.03 acres.

This notice is given by order of the Board of Education of Clarkston Community School District.

Dated: January 10, 1955.

WALTON ROBBINS, Secretary

Jan. 13, 14, 15, 1955

TODAY'S ASSIGNMENT FOR:

# JUNIOR EDITORS

**A PAPER PARROT**

Many years ago parrots were favorite companions of sailors. There are many different kinds of parrots, and most of them can be trained to talk. They don't really say much, but repeat phrases they hear—such as "hello" or "it's time to eat." The best talker of all these tropical birds is the African gray parrot, which has a red tail. Here's one you can make from paper.

1. Color today's picture with water colors or crayons. You can make the stand bright yellow, and the bird's beak and feet orange. Make its tail feathers and the feathers around the head red. Its chest is gray, as are most of the wings. The tips of the wings red or orange.
2. Paste the picture on stiff paper. Then cut out the bird and its standard, following the heavy line around the outside. Cut along the dark lines of the wing and tail feathers and fold the wings along the dotted lines. Then they'll flutter when the bird is moved.
3. Paste the stand on which the parrot is sitting to the side of a pencil if you want to carry it around with you.

## *Car Registrations Seen Up 50 Pct. in State by 1975*

LANSING (AP)—Vehicle registration in Michigan can be expected to increase by at least 50 per cent in the next 20 years, an engineering survey of Michigan's highway system said yesterday.

The Straits of Mackinac Bridge, proposed toll roads, the St. Lawrence Seaway and the rapid growth of suburban areas will place a heavy burden on the state's highways, the report said.

**During the eight-year period from 1946 to 1954, motor vehicle registration increased 77 per cent in the state. Motor vehicle travel climbed nearly 70 per cent, the report said.**

Michigan will have to turn to new methods of finance to pay for needed highway improvements, the report said. Highway construction prices have soared almost 29 per cent during the last eight years.

The foundation report was an interim one, to be followed by a full-scale report before September.

Home-brewed coffee costs about two-cents a cup, according to present estimates.

KRESGE'S JANUARY Sale

ALL STORES

Shop and save! These specials go on sale tomorrow as we start the second week of our January Sale!

SAVE 16¢ lb. Chocolate Covered PEANUTS
27¢ ½ lb. 53¢ lb.
Regularly 69c lb. Temptingly good to eat! Delicious Virginia peanuts . . . double dipped in tasty milk chocolate

# Crosby's 'Clambake' Attracts Colorful Entry

PEBBLE BEACH, Calif. (AP) — Bing Crosby stages his 14th annual national pro-amateur golf tournament for a $15,000 purse starting Friday and today this bright, wintry green Monterey Peninsula country teemed with activity.

More than 250 professional and amateur players are on deck for the 54-hole event, one that is officially designed the Crosby Clambake.

* * *

On hand are the nation's top pros and a wealth of amateurs, most of them more famous as personalities rather than golfers. It appears you get invited to this Crosby party if either you play a top game, entertain, or have no less than three $5,000 automobiles in the family.

* * *

The leading pros include last year's low-score pro winner, consistently dangerous E. J. (Dutch) Harrison, and the winning pro-amateur team of amateur Harvie Ward and pro Bud Ward.

Here, too, is the recent victor in the rich Los Angeles Open, Gene Littler. He is teamed with amateur Bob Littler of Seattle and Palm Springs. And it might be noted that the Ward-Ward and Littler-Littler teams are not accidental. The Crosby brand of humor is not restricted to any one field.

Also here are previous Crosby winners, including Jimmy Demaret, National Open champion Ed Furgol, Lloyd Mangrum and Byron Nelson, the latter making an annual but infrequent tournament appearance.

* * *

The golf is serious enough but there is time for fun and frolic—about 24 hours per day, from all reports to a newcomer to the scene. As Phil Harris, the comedian, might say, this can be real stimulating country.

Harris, you may recall, won the pro-amateur honors with Dutch Harrison in 1951, nor will Phil let anyone not recall it. He sank a putt that time has enlarged to 120 feet. Actually it was 60 and it was truly a beaut.

The weekend affair may be predicated on a certain amount of high jinx, but they couldn't have picked three tougher golf courses on which to play.

* * *

The big field is split. Half plays over the Cypress Point and Monterey Peninsula Country Club courses Friday. The two sections switch courses for the second 18 holes Saturday. Then the low 60 twosomes come over for the final 18 to the famed Pebble Beach championship course.

All have par of 72. Cypress Point measures 6,317 yards, Monterey 6,246 and Pebble 6,701.

Pontiac Press Photo

STORY-TELLER — Three branches of major sports were represented in the above lineup, Wednesday night at Pontiac Lodge 810 BPOE, at the annual Father-Son banquet. In the middle is the ebullient Jack Adams, white-thatched Red Wing hockey boss. Jack was telling a story (about hockey, of course) and (from left) the listeners were Dorne Dibble, ex-MSC star, now a Detroit Lion end; Capt. Ted Lindsay of the Wings; big Guy Sparrow (Pontiac) University of Detroit star cager and Edgar Meads (Oxford) University of Michigan's 1955 football captain.

* * *

## Lakers Shave Pistons' Lead

### Minneapolis Relies on Free Throw Accuracy to Defeat Royals

By THE ASSOCIATED PRESS

It looks as if the Minneapolis Lakers have started to move in the fight to retain their supremacy in the Western Division of the National Basketball Assn.

* * *

The Lakers chalked up their second straight triumph in the only league game Wednesday night, defeating the Rochester Royals 102-88. The two victories in as many nights coupled with Fort Wayne's setback by Boston Tuesday shaved the Pistons' lead over the Lakers to six games.

* * *

Minneapolis and Rochester matched field goals, 38 each, but the Lakers connected on 26 of their 30 attempts from the free throw line compared to 12 of 21 by Rochester. Big Clyde Lovellette paced the Lakers with 23 points, four more than Vern Mikkelsen.

*4 Sports Pages in Today's Pontiac Press*

## More Than 400 Take Part in Colorful Sports Party

With a guest list that read like a "Who's Who" of sports, annual Elks Father and Son banquet Wednesday proved to be a highly entertaining and colorful affair.

All major sports in the metropolitan district were represented in the room-long speakers' table of personalities.

**They ranged from the complement of Red Wing players and their white-thatched boss, Jack Adams, to representatives of the Detroit Lions, Detroit Tigers, University of Michigan and Michigan State college football and basketball players to bowling and other performers.**

Budd Lynch, "Red Wings Voice" directed the program. He was a capable "emcee." He introduced the sports figures, among whom the following were heard briefly:

Captain Edgar Meads (Oxford) U. of M. football; Don Mason, MSC coaching aide; Jack Blott, U. of M. football line coach; Wally Fromhart, U. of D. coach, and athletic director Ray Null; Guy Sparrow, Pontiac's gift to big-time college basketball; Dorne Dibbie and Sherwin (Sonny) Gandee, Lions players; Jack Adams, Ted Lindsay of the Red Wings; Joe Paulis, Buzz Fazio and Lou Sielaff, bowling; Charles Gehringer for the Tigers; Charles (Chuck) Kocsis, golf, and Norbert Schemansky, world champion weightglimpse of the huge muscles that have brought Norbert world acclaim in his specialty.

St. Mary's college (Orchard Lake) singers were heard in several fine numbers.

Russell Dodd, Elks exalted ruler, was also heard briefly.

In the course of the evening, Adams and Lindsay remarked that the Wings aren't out of the running yet. "If we can win Thursday (tonight) and this weekend," said the Wings' captain, "then I feel we will catch the Canadiens. Nobody else is going to beat them for us." Lindsay returns to action tonight after a long layoff following an injury.

### Another Long Shot

ARCADIA, Calif. (AP) — Trainer Hirsch Jacobs, who scored with Blackbird at $91 on Jan. 5, came up with another long shot at Santa Anita Wednesday. It was Edgar J. M., who paid a juicy $101.80 for $2 in winning the fourth race.

### Only One Mat Coach

EAST LANSING — Fendley Collins, appointed Michigan State wrestling coach in 1929, has been the only one to hold that position.

## Boone Signs Bengal Contract for 1955

DETROIT (U) — Ray Boone, veteran infielder who found the switch from Cleveland to Detroit a tonic for his ball playing, has signed a 1955 contract with the Detroit Tigers.

The 31-year-old power-hitting veteran was 2nd leading hitter for the Tigers last season. Where he had drawn boos from Cleveland fans, he soon became the favorite of Tiger fans following his trade to the Tigers in 1953.

Terms were not announced. But it was believed Boone has received a pay boost over 1954.

## Spartans, UM Meet in 'Must' for Both Fives

### MSC Could Fall Out of Big 10 Contention; 'M' Shares Lead

EAST LANSING (UP)—Michigan State and Michigan, sporting their best basketball squads in recent years, meet Saturday night in "must" games for both teams.

**MSC has a 1-2 record in Big Ten play and a defeat might put the Spartans out of title contention. Michigan, with a 2-1 mark, is in a four-way tie for the conference leadership but will have to win to stay on top.**

Michigan State turned in what coach Forddy Anderson called "Our worst game of the year" in losing to Iowa Monday night, 94-81, on the Hawkeye court.

Anderson looks for improvement against the Wolverines and he may have it in a new "one-two punch" of center Bob Armstrong and Duane Peterson.

Sharing the pivot duties, Armstrong and Peterson have averaged better than 11 points apiece and both have hit on better than 44 per cent of their field goal attempts.

Michigan State has a 4-5 season record and the Wolverines have won eight while losing three. Both squads have averaged better than 80-points a game.

## Mays, Gomez Friends Again After Fight

### Both Players Refuse to Discuss Incident in Puerto Rico

SAN JUAN, Puerto Rico (AP) — Usually affable Willie Mays and Ruben Gomez, key players in the New York Giants' drive to the National League and World Series titles last fall, apparently were on good terms today after a fist fight.

The two players, members of the Santurce club of the Puerto Rican League, engaged in fisticuffs during a practice session Tuesday. Mays knocked Gomez down before other players stopped the squabble.

But today both players refused to discuss the incident and teammates said they had shaken hands.

"There's nothing to it," said Gomez. "We both consider the case closed and are good friends."

Newspaper reports said Gomez attempted to intervene in a scrap between Mays and batting-practice pitcher Milton Ralat. Mays mistook Gomez' intentions and threw a punch, knocking the Giants' righthander down.

## Ram Owners Huddle on Coach Selection

LOS ANGELES (AP) — The Los Angeles Rams' president, Dan Reeves, is home from a coach-hunting trip to New York, but as of today the Rams still were without a successor to Hampton Pool, who resigned after the close of the 1954 season.

Reeves said he completed his investigation and interviewing of prospective candidates and that he will huddle with his partners, Hal Seley, Ed Pauley and Fred Levy, before announcing the selection.

### Hunting Ban Proposed

LANSING (AP)—Sen. William S. Broomfield (R-Royal Oak) introduced legislation today to forbid hunting with firearms in Southfield Township of Oakland County. The bill would be subject to a referendum if it passes the legislature.

## Owen Released as Player by Boston Club

### Mickey Will Return, However, as Coach of Red Sox

BOSTON (AP)—One of the most colorful and varied careers as an active player has ended with the unconditional release of catcher Arnold Malcolm (Mickey) Owen by the Boston Red Sox.

However, the Sox have given Mickey a contract as a coach for the 1955 season with the parent club.

* * *

Owen thus concludes 20 years as a player in professional baseball. He probably will be working in the Boston bull pen when the season opens.

* * *

The 39-year-old veteran, a steady workmanlike performer, spent much of his time trying to live down two incidents in his career—the jump to the Mexican League and the dropped third strike in the 1941 World Series.

In the '41 classic Owen, Brooklyn's regular catcher, dropped a third strike tossed by pitcher Hugh Casey past Tommy Henrich of the New York Yankees. Henrich reached first base on the play and although the Dogers held the lead at the time the Yanks went on to capture the game and the series.

Owen reached the major leagues with the St. Louis Cardinals in 1937 after three years in the minors. He was traded to the Dodgers after the 1940 season.

Mickey jumped to the Mexican League after the war when he returned from Navy service. Later, after serving out a suspension, he returned to the majors in 1949 with the Chicago Cubs.

* * *

The highlight of Owen's last active season was a 10th inning grand slam homer that beat Baltimore 9-7.

* * *

Commented Sox Gen. Mgr. Joe Cronin:

"If he gets the kids to hustle like he hustles he'll be a success."

## Near Free-for-All Aftermath of Castellani-Mims Decision

CLEVELAND (AP)—Rocky Castellani's unanimous decision over Holly Mims last night almost carried over into a dressing room rematch as the Mims entourage burst into the winner's quarters screaming various versions of "we was robbed."

* * *

Castellani had been lounging in his robe. His eyes widened in surprise, and then he lunged to his feet, fists clenched, and muttered in flat, cold tones:

"I'll show 'em who won it."

* * *

Quick grabs by Castellani's trainers stopped what might very well have become a free-for-all, out of sight of the 5,348 fans in the arena and the television viewers who watched the 12-round middleweight bout.

Mims, along with his manager Nick Trottao and his trainers claimed that Castellani butted him in the clinches and rubbed him on the ropes.

Castellani's manager Al Naiman said later the rhubarb "was only the result of the heat of battle, and disappointment."

"They didn't really mean it. Everything's ironed out now. Everybody's happy."

Castellani's victory, which probably earned him another crack at Bobo Olson's middleweight crown, was fairly impressive. He let Mims take the offensive in the early rounds, but outboxed him all the way and dumped him to the canvas for a mandatory eight count in the eighth round with a hard left hook.

After the fight, Al Naiman, Castellani's manager, said Olson "has definitely agreed to fight Rocky within the next 90 days."

* * *

"Maybe," qualified Olson's manager Sid Flaherty, who sat with the champion at ringside and watched the fight. But Flaherty conceded that the only major obstacles in the way were arrangements, "money for instance."

The 27-year-old Castellani, at 159½, was four pounds heavier than Mims, 25, in last night's fray. He was rated No. 2 among middleweight contenders, behind Joey Giardello, while Mims was No. 3.

Castellani fights out of Cleveland. Mims is from Washington, D. C.

## Archaeologist Says Indians Were Athletes

CHICAGO (INS) — Americans were crazy about sports long before the appearance of the paleface.

John Rinaldo, assistant curator of archaeology at the Chicago Natural History Museum, reports that Hohokam Indians, who lived in Southwest Arizona 1,200 years ago, were great athletes. He said:

"They played a spectacular ball game resembling tennis, soccer and basketball. It was played on a court divided in halves and bounded by walls against which the ball was played."

## Ameche Honored

## 'Horse' Taken for Ride by Fans in Home Town

KENOSHA, Wis. (AP) — "The Horse" who carried Wisconsin's football fortunes for four years got a ride himself Wednesday night.

Alan Ameche, the Badgers' All-America fullback and the greatest ground gainer in collegiate football history, came home to a banquet in his honor perched on a fire engine at the head of a motorcade. With him were his oldest son, Brian, just under two, and his wife, Yvonne.

The noisy ride through the streets of his hometown—young Brian enjoyed the screaming sirens more than anybody — was only a prelude, though, to a lucrative evening. By the time it was over the Ameches had netted something like $6,000 in cash and assorted gifts, including a palomino horse and the title to a brand new automobile.

And "The Horse" also received a scroll, official recognition of being selected on the All-America team by The Associated Press.

The banquet climaxed "Ameche Day," officially proclaimed in this industril city of 50,000 where Ameche and the girl he married grew up. And, fittingly, it was held in the Eagles Club, right across the street from Lake Front Stadium where the big fullback earned his nickname and first football fame as a high school star.

Highlight of the dinner was the collection, by Ameche and his wife, of $3,212 in one-dollar bills strung end-to-end and festooned across the dining room. The Ameches pulled them in, hand over hand, and the pile of greenbacks filled a bushel basket. The amount represented one dollar for each yard Ameche gained in Badger cardinal during his 36-game career and was contributed by Kenosha fans.

## Coach Is Among Those Surprised by Adrian Five

### Senior-less Bulldogs Winners of 9 Straight Contests

ADRIAN (AP)—With a 9-0 record, Adrian College is the lone unbeaten college basketball team in Michigan, and nobody is more surprised than coach Joe Fortunato.

**"I never expected anything like this," said Fortunato. "We had a 6-16 record last year. I expected a little improvement, but I never dreamed we'd come along this far."**

In rolling past nine opponents, Adrian has won by from one to 49 points. Bulldogs have never won an MIAA basketball title, but they're on top now with a 4-0 record.

And the strange part of it all is that there's nary a senior on the starting team.

The leading scorer is sophomore Henry Hughes, a 6-foot-3 center from Inkster High School near Detroit. A deft one-handed shooter, Hughes has scored 214 points in nine games for a 23.7 average.

Furthermore, Hughes leads the MIAA in scoring with a four-game mark of 88 points and is No. 1 in grabbing defensive rebounds, with 37.

Teaming with Hughes are two other 6-foot-3 players—sophomore forward Joe Davis and freshman forward Leon Harper.

Adrian has 14 games left to play and Fortunato, wisely, refuses to talk about an undefeated season.

"We play them as they come—one by one," he said. "And I won't predict whether we can win our first MIAA title. I've been coaching basketball for 13 years and I know what an unpredictable sport it can be. One bad night can ruin a team for an entire season."

## Friday Prep Contests to Clear Loop Chaos

Some order may be forthcoming out of the chaos prevailing in Oakland County's prep basketball leagues Friday night and crucial contests are listed in two of the out-lying conferences in the area.

**Four teams share first place in both the Inter-Lakes and Oakland-B Conferences going into Friday night activity. In the Wayne-Oakland, two are tied and another pair is right on their heels.**

**Pontiac plays at home against Saginaw. Waterford, Keego Harbor and Avondale all play away from home, but Birmingham, Clarkston and Walled Lake each have home games.**

Oxford and Lake Orion are on the road at Ortonville and Lapeer, respectively, and Rochester is idle.

League leaders come to grips in the Bi-County and Southern Thumb loops, while Imlay City has a chance to solidify its South Central lead against North Branch. In the Bi-C, Center Line and Utica, both unbeaten, collide at Utica while Capac and Almont meet on the latter's court.

Center Line has zipped past five straight opponents, including two in the league, while Barney Swinehart seemingly is molding another powerhouse at Utica. The Chieftans have won 3 in a row, including a league game with Warren.

**Capac takes a 5-2 record to Almont, with all wins coming in league play. Since losing its non-conference opener to Imlay, Almont has bowled over eight straight foes and won the Southern Thumb holiday tourney.**

Farmington and Van Dyke, co-leaders in the Inter-Lakes, meet while Berkley and Walled Lake also tied for the top with 2-1 records, are at home for games with Waterford and Southfield.

Walled Lake is seeking its 5th win in 8 games, while Berkley (3-3) meets a Waterford team which tasted victory for the first time Tuesday night.

In the Oakland B, either Roseville or Fitzgerald will fall from the lead, but Troy and Madison will be favored to hang on against Avondale and Clawson, respectively.

**Clarkston, with four straight victories, will be the choice to stay atop the Wayne-Oakland as the Wolves play Brighton, but co-leader Northville must face the high scoring Milford aggregation on the Redskins' court.**

Keego Harbor, tied with Milford just back of the leaders, goes to Holly. The Presidents have won three out of four games.

Elsewhere, Oxford will be looking for its 4th win in a row at Ortonville, while Lake Orion and Lapeer meet in an interesting test at Lapeer. Birmingham hosts Hazel Park in Eastern Michigan League action, as co-leaders Port Huron and Mt. Clemens go to Ferndale and East Detroit, respectively.

**The schedule:**

**Saginaw at Pontiac; Waterford at Berkley; Southfield at Walled Lake; Farmington at Van Dyke; Keego Harbor at Holly; Brighton at Clarkston; Northville at Milford; Oxford at Ortonville; Lake Orion at Lapeer; Avondale at Troy; Madison at Clawson; Roseville at Fitzgerald; Hazel Park at Birmingham; Port Huron at Ferndale; Mt. Clemens at East Detroit; Imlay City at North Branch; Millington at Mayville; Cranbrook at Romeo; Royal Oak at Highland Park; Dexter at South Lyon; St. Rita at St. James; RO St. Mary at OL St. Mary; Center Line at Utica; Warren at South Lake; Lake Shore at Lakeview; Capac at Almont; Armada at Brown City; Dryden at Otter Lake; Memphis at New Haven.**

## It's Time Out!

"She's a lousy skier all right, but let's hurry and see if we can catch up with her!"

Jack Nichols of the Boston Celtics in the NBA is studying at Tufts to be a dentist.

## Hurdles Ace Jack Davis Competes in KC Event

BOSTON (AP) — Olympian Jack Davis of Glendale, Calif., tops a field of 33 entries in the 45-yard hurdle event in Saturday night's Knights of Columbus games at Boston Garden.

Davis, a former Southern California star now a Navy ensign, recently returned from duty aboard a destroyer. The 24-year-old athlete is aiming for a spot in the Pan-American Games in Mexico in March.

### First 300 in 30 Years

GRAND HAVEN (AP)—John Peoples rolled a 300 game Tuesday night—the 1st perfect game in 30-years of sanctioned league bowling at Grand Haven.

Peoples, 34, carries a 186 average as a member of a recreation league team. The 300 game helped him to a 627 series.

His best previous single game mark was 289.

The American Bowling Congress tournament will be held March 26-June 4, 1955 at the Allen County Memorial Coliseum, Fort Wayne, Ind.

## Undefeated 'D' Leaders Hit 90 Points in Victory

Elks, undefeated co-leader in the City Basketball League's "D" division, stole the spotlight in last night's circuit action.

Five Elk players hit double-figure totals as they routed Keego Kiwanis, 90-39, to post a season scoring record. Felix Brooks led the onslaught with 23 points.

**Don Walker collected 12 points to pace Irwin-Rose to a 37-31 victory over Wolverines in another Class D contest.**

Clarkston, 2nd place team in the city's "A" loop, trampled Harry's Recreation, 80-57, in exhibition play. Ed Hintz was high for the winners with 25 points, while teammate Dunstan had 18.

Courtesy Floors, winless in five Class B starts, caught fire to hand Stadium Inn a 54-35 trouncing in an intra-league exhibition. Jim Lee, of the losers, took game scoring honors with 19 points.

TONIGHT'S GAMES—Exhibition games, 7 and 8:30 p.m., PHS.

| | | | | |

## Goodwin Selected President of PCL

SAN FRANCISCO (AP)—Claire V. Goodwin, a one-time 2nd baseman who wants the challenge more than than the money, is the new president of the Pacific Coast League.

The unanimous selection of the 59-year-old vice president of Lucky Stores, Inc., was announced yesterday.

Goodwin said he'll work for an improved PCL despite the talk of major leagues moving in on the west coast.

### Lands Two Big Pike

Lyle Karr of 4060 Manitoba used both a tipup and a spear to land two pike, the largest of which measured 34 inches in length, on the ice at White Lake. Karr took the two lunkers Wednesday morning.

## Two 100-Point-Plus Sprees Boost Furman Five Into Leadership in Offensive Cage Statistics

NEW YORK (AP)—Furman, an old hand at high-scoring team assaults, vaulted into the lead this week in offense statistics among the nation's major college basketball teams.

* * *

Two 100-point-plus sprees—one a all-time single-game record—sent Furman spiraling into first place in pursuit of its third straight scoring title. Only one other major college—the rampant Rhode Island teams from 1946 through 1949—ever has succeeded in pulling off the triple.

* * *

Furman's 154-67 mauling of the Citadel capped the Paladins' rise to the No. 1 spot with a 99.2 average for 10 games through Tuesday. Furman also had a 102-85 trouncing of Erskine in the records through the streak—as well as a 105-81 reversal by North Carolina State which helped boost the Wolfpack, No. 2 team in this week's Associated Press poll from 17th to 7th.

The romp against The Citadel topped Furman's own one-game record of 149 against Newberry last season and the Paladins' 61 field goals fell just shy of the record 63 hit in the 1953-54 record performance. In running up the one-game mark, Furman scored 84 points in the first half—also a major collegiate record for half a game.

Connecticut (93.8) held on to second place behind Furman in the scoring statistics compiled by the NCAA Service Bureau while Marshall (92.0) fell from first to third.

San Francisco not only retained its team defense lead, but improved on it—allowing 11 foes a bare 48.3 points a game, the best record at this stage since 1952. The Dons were almost air-tight in their only game of the week, holding San Jose State to 30 points—the lowest score any team has been held to this season.

* * *

Oregon State is the runner-up with a 52.0 opponent average and Oklahoma A&M is third at 54.0.

* * *

George Washington, the defending champion, took over the field goal percentage lead from Manhattan with a 47.3 figure, but lost its top spot in free throw accuracy to Richmond's 73.3 mark.

## Cards Get LaPalme in Swap for Wade

ST. LOUIS (AP)—The St. Louis Cardinals Tuesday traded right-handed pitcher Ben Wade to the Pittsburgh Pirates for southpaw Paul LaPalme. No cash was involved.

Wade, 32, came to the Cardinals from Brooklyn on waivers late last season. He appeared in 36 games during the season and compiled a 1-1 record with a 7.28 earned-run average.

LaPalme, a 30-year-old knuckleball specialist, appeared in 33 games in 1954 and finished with a 4-10 record with an earned run mark of 5.50.

### Bruins Retain Brown

BOSTON (AP)—The Boston Garden Arena Corp. has re-elected president and general manager Walter A. Brown and voted to acquire all minority stock of the Boston Bruins Hockey Club.

Brown was first chosen general manager in 1937, succeeding his father, the late George V. Brown, and became president in 1941.

# Busch Stadium Alteration May Aid 'Man'

ST. LOUIS (AP)—Stan (The Man) Musial, St. Louis Cardinals veteran outfielder who already owns most of baseball's batting honors, may find the key to an elusive home run crown through a bit of carpentry work on Busch Stadium.

* * *

The Club decided Wednesday to take down the screen in front of the right-field pavilion—a move which cuts 25 feet, 2 inches off the distance needed for a homer.

The screen, which since 1930 has been known as a pitcher's friend, extends from the right field foul line 156 feet toward center field. A batter, in the past, had to loft the ball over the screen to the pavilion roof, which is 36 feet 8 inches above ground level.

Now only an 11-foot-6 inch concrete wall stands between southpaw sluggers such as Musial and a quick trip around the base paths.

* * *

"I think it will be a tempting target," Musial remarked, obviously thinking about the 310-foot distance to the base of that wall. The distance at the point the screen ends is 354 feet.

Stan led the Cardinals with 35 homers last season and belted 10 balls off the screen, hits that will go out of the park this season. Ted Kluszewski of Cincinnati led the National League with 49 and Big Klu, incidentally, bounced three off the screen to lead the opposition in this department. But he didn't belt a homer in Busch Stadium.

Musial, a six-time National League batting champion, has yet to walk off with home run honors. His largest production was 39 in 1948—a year he led the league in runs, hits, doubles, triples, runs-batted-in and batting average and was only one under Ralph Kiner and Johnny Mize in homers.

* * *

But Stan figures the pitchers won't work the same without the screen. "They'll be trying to keep that ball away from you, just like at the (New York Giants) Polo Grounds," he said.

The distance to right field there is only 257 feet.

* * *

Cardinal officials, who kept tabs on off-the-screen blows last season, said 35 drives by the home club bounced back into fair play then against only 18 for the combined opposition.

"For years, the Cardinals have had a predominately left-handed hitting lineup," General Manager Dick Meyer said. "I do not see any point in maintaining an artificial barrier, like the screen, which has a tendency to reduce the efficiency of our left-handed batters."

BROTHERS AID TECH HOCKEY TEAM—Two sets of brothers play on the Michigan Tech hockey team. From left are Jack McManus, wing and his brother Bob, goalie, and co-captain; Andy LaHaye, goalie, and his brothers, Lorne, and Tommy. The McManus brothers are from North Bay, Ont., and the LaHayes from Soo, Canada.

## Bucks' Freeman Averaging 37 Points in Big 10 Play

CHICAGO (AP)—Ohio State's Robin Freeman, 5-11 guard, is averaging 10 points per game better than the all-time Big Ten scoring pace set last season by 6-10 Don Schlundt of Indiana.

**Official Big Ten statistics today showed Freeman with a 37 point average in two league games. Schlundt, who is 2nd in scoring with a 31.3 average in three games, set the Big Ten record average of 27.1 through a 14-game schedule last year.**

The lofty Hoosier continues to increase his career scoring record as he starts his 4th season. It is now expanded, to 1,176, far ahead of the old mark of 1,027 by Ohio State's Paul Ebert in three campaigns.

Schlundt tops Freeman in percentage of shots made, hitting 56 per cent to 41.9 by the Buckeye star.

The percentage leader, however, is Michigan State's Duane Peterson with 70 per cent. But he has taken only 20 shots, hitting 14 times, for a scoring average of 25.5 in two.

Seven clubs are averaging be-3rd on the scoring list with a 29 average in three games and Northwestern's Frank Ehmann 4th with 2..5 in two.

Seven clubs are averaginb between 80 and 86 points per game, topped by Iowa with 86.7. Illinois, Minnesota and Northwestern have the best defensive marks, each yielding about a 75-point average.

## Saddler Agrees to Face Davis in Title Bout

### Sandy to Take Crown Out of 'Deep Freeze' in Feb. 25 Match

NEW YORK (AP)—Sandy Saddler has agreed to take his featherweight title out of the deep freeze for a Feb. 25 defense against Red Top Davis at Madison Square Garden.

Saddler hasn't given anybody a crack at the crown since the September night in 1951 when Willie Pep "quit" in the other corner, a ninth-round TKO victim. Of course, Sandy was in the Army for two years and didn't get out until last April.

* * *

Davis, veteran of 107 fights with a 58-47-2 record, is 31, three years older than the champion, who has a gaudy 137-12-2 career mark for 151 fights. Sandy has knocked out 97 opponents including Pep three times.

* * *

Contracts will be signed later but the two managers have a verbal agreement with the International Boxing Club. Sandy will get 40 per cent and most of the TV cash.

President Anthony Etronella of the National Boxing Assn. said the NBA undoubtedly will recognize the winner as the world champion but he "would still prefer to recognize Davis as champion before the fight." He said the matter would head the agenda at the organization's quarterly executive committee meeting in New York tomorrow.

### Large Home Arena

The Boston Bruins of the National Hockey league play their home games in Boston Garden which can accommodate 13,909, one of the largest in the loop.

Seeks Proof of Worth

## Rookie Spooner Gets Chance to Show Dodger Fans He's No 'Flash in the Pan'

NEW YORK (AP)—Remember this couplet that became almost a lament in Brooklyn last September? "Just one trouble with Karl Spooner . . .

* * *

"They shoulda had him sooner."

Spooner is the young man who astounded the baseball world by striking out 27 Giants and Pirates within five days for two consecutive shutout victories following his promotion from Fort Worth to the Dodgers last September.

The 23-year-old southpaw will be out to prove he's no flash in the pan when he reports to the Dodgers' Vero Beach, Fla., training camp along with 17 other rookies on March 1. All veteran observers agree that Spooner is a top pitching prospect.

**Good Record**

One look at the kid's record at Fort Worth, let alone his brief stay with the Dodgers, is enough to prove that Karl has the equipment. Despite a knee injury which sidelined him for a month, Spooner won 21 while losing 9 and struck out 262 batters in 238 innings to easily pace all Texas League. If he had not suffered injury, Spooner probably would have threatened Dizzy Dean's 1931 mark of 330 strikeouts.

* * *

Young Karl is not the only bright rookie prospect on the Dodger roster. The list includes nine players who were named to all-star teams in their respective leagues.

Chico Fernandez, the flashy Montreal shotstop and Charley Neal, the St. Paul second baseman, who may form a Brooklyn keystone combination in the near future, won all-star honors as did Ken Lehman, an 18-game winner at Montreal; Bob Darnell, 12-game winner at St. Paul; Bert Hamric, .350-hitting outfielder at St. Paul; Norm Larker, .326 hitting first baseman at Mobile; Southpaw Chuck Templeton (9-2) at Union City; Spooner, and Joe Pignatore, Brooklyn-born catcher at Elmira.

## Women Anglers Take Over in Sailfish Test

WEST PALM BEACH, Fla. (AP)—Women anglers took over today in the International light tackle sailfish tournament.

The 89 men anglers competing in the three-day tournament took the day off and will wind it up with Friday's fishing.

Pacific Anglers Club of California took the lead Wednesday with 190 points, followed by a three-way tie for second.

Ted Williams, Boston Red Sox baseball star who was individual leader in the tournament last year, has drawn blanks so far this time.

### Big Sturgeon Gives Anglers Tough Fight

CHEBOYGAN (AP)—It took two men to overcome a 6-foot-4 sturgeon in Black Lake, 15 miles west of Cheboygan, Tuesday.

The sturgeon, weighing 121 pounds, put up a terrific battle when Mike Glenn of Cheboygan speared it through the ice.

The big fish was just about to get away when Wendell Barker, another ice fisherman from Cheboygan, came a-running from his nearby shanty to offer aid.

With two spears in it, the sturgeon finally gave up.

It was the 2nd sturgeon caught in Black Lake since the start of the season Jan. 1.

### Japan to Send Skaters, Officials to World Test

TOKYO (AP) — Japan will send four skaters and three officials to the World Speed Skating championships in Moscow Feb. 19-20.

The Japanese team led by Takeji Asazaka, Japan's No. 1 speedster, will leave Jan. 29 for 10 days of training in Sweden before going to the Russian capital.

## Bob Kuzava Is Ninth Oriole Player Signed

BALTIMORE, (AP)—The addition of pitcher Bob Kuzava brought to nine the number of contented Orioles in the Baltimore fold.

Kuzava, obtained from the New York Yankees last August signed Wednesday for an undisclosed amount estimated to be about $12,000.

Kuzava, a 6-foot-2, 185-pounder from Wyandotte Mich., won 1 and lost 3 for the Yankees last season and had the same mark with the Orioles.

### Hockey Player Injured Janice Antona to Talk

BOSTON (AP)—Dartmouth hockey player Dave Tonneson, injured Tuesday night in a collision with Boston University's John Burns in a game here, was reported in good condition tdoay following an operation on his fractured nose. Burns suffered a two-stitch head cut.

## Flip of Coin Settles Loser in Pheasant Case

### Hunter Takes Rap for Killing Bird Out of Regular Season

NILES (UP)—In a real display of sportsmanship, three Niles hunters flipped a coin to see who would "take the rap" for shooting a pheasant out of season, conservation office Arnold Suomi reported.

Wiley N. Bryant, 33, lost and was charged with shooting game out of season. His companions, Robert A. Coplen, 30, and Keith Arbuckle, 28, didn't get off free, however. They were charged with hunting without a license.

Suomi said he and state police troopers who nabbed the three probably would have had a hard time determining which one shot the bird if they hadn't flipped a coin.

### Date Shift Approved

CHICAGO (UP)—Detroit Tigers were granted permission by the American League yesterday to cancel their home game against Washington on May 31.

The cancelled game will be played as part of a double-header against Washington at Detroit on July 23.

### Shelton Out of Test

BOSTON (AP)—K. of C. track meet Director Clarence Dussault Wednesday received word of an injury to high jumper Ernie Shelton of the University of Southern California which will keep him from participating in the 29th ranking at Boston Garden Saturday.

## Bill Would Delay Start of Deer Season

LANSING (UP) — Rep. Kenneth O. Trucks (R-Baldwin), chairman of the house conservation committee, said today he is preparing legislation calling for a Nov. 20-Dec. 5 deer season.

The season now is Nov. 15-Dec. 1.

"The present season often forces hunters to go out before snow gets on the ground," Trucks said.

Trucks, who put his name on a bill yesterday to provide for a Saturday opening, said he did so only to "get it out for discussion."

The bill, co-sponsored by Rep. Walter K. Nakkula (R-Gladwin), calls for a season opening the 1st Saturday following Nov. 15 and running up to and including Dec. 5.

### No Snow, No Meet

HANOVER, N. H. (AP)—Lack of snow has caused cancellation of the Hanover Invitational cross country relay and jumping ski meet scheduled for next Saturday and Sunday.

## Mexico's Chamaco Pads Billiards Lead

CHICAGO (AP)—Joe Chamaco of Mexico City widened his lead by defeating Harold Worst of Grand Rapids, Mich., 50-46 in their exhibition 600-point three-cushion billiard match Wednesday night.

Worst, current world champion, took the afternoon block 60-50.

Chamaco now leads the week-long series 300 points to 286 and 4 blocks to 2.

# Rules Changes May Make Football More Honest

NEW YORK (AP)—Football will be more honest next fall—on the field, at least— if the wishes of the NCAA Rules Committee are respected.

Winding up 2½ days of deliberations, the committee Wednesday adopted six changes in the rules and made two strong appeals to coaches for more honest and careful observance of other important rules.

* * *

Two of the three rules changes were designed to prevent unfair deception on offense—the outlawing of the "hideout" play and a new proviso concerning plays where a middle lineman (tackle, guard or center) becomes eligible to receive forward passes. Another will help keep the defense "honest" by providing more opportunities for fake place kicks.

* * *

The most important change was in the substitution rule—a short step backward from the "no-platoon" rule adopted two years ago. This will permit any player who starts a quarter to leave the game and re-enter once during that quarter. Collaterally, the 4-minute "segment" in the second and fourth quarters was eliminated.

But the committee decided not to try this time to solve two of its biggest headaches—false slants and elbow blocks—by changing the rules. Intead, a strong appeal will be addressed to officials and commissioners for stricter enforcement of the rules and to coaches to observe them.

It was the second straight year the committee had declined to change the rule on false starts after a hullabaloo over "sucker shifts" in 1953. Last year an appeal to coaches and officials, plus some fresh interpretations, brought "considerable improvement", according to Committee Chairman H. O. (Fritz) Crisler of Michigan.

Explaining that discussion had taken up about a third of the committee's discussions, Crisler said any rule limiting the movement of linemen could lead to any number of complications.

It might eliminate shift plays entirely. It could lead to penalties when a player misses a signal and wants to re-huddle. It could give the defense an advantage on punt formations. And it could be an unfair penalty on the majority of coaches who observe the spirit of the rule.

## Bowling Clinic

By BILLY SIXTY

**CASE—Sneak-up Habit.**

Wrecks Timing — A point that can't be repeated enough is: Don't vary your starting position. Pick a board or a mark of some kind on the approach, or set yourself in line with the Newell post—but be certain that your starting spot is identical each time, once you have found the proper "strike" angle.

**A mistake quite common among big-timers is a subconscious sneak-up, or a little shuffle forward toward the foul line.**

**What happens? Footwork comes to an abrupt halt, as sketch shows. No slide. The body pulls upward because the left knee is rigid.**

About the sneak-up habit: You've got it when your arm is stopping short, and you dump the ball either on or behind the line. Solution: Simply move back a few inches; maybe as much as a foot, until you slide again at the finish of your footwork, and your arm swings out and through.

---

Two brothers have important jobs at Hialeah race track. Marshall Cassidy is senior steward. Brother George is the starter.

## KC Park to Be Ready April 1

### Nearness to Opening of '55 Season Doesn't Bother Officials

KANSAS CITY (AP)—Sidewalk superintendents may be worrying about the progress on the Kansas City Athletics' baseball park but the construction officials aren't—even though at present it looks something like the ruins of an ancient amphitheater.

The park—now known as the Kansas City Municipal Stadium—is being remodeled to seat 36,000. It used to hold 17,000.

The construction officials said Wednesday the job is progressing on schedule with April 1 still the completion date for all major work. The Athletics play their opening game here April 12.

## Steelers Sign Chandnois for Sixth NFL Season

PITTSBURGH (UP)—Pittsburgh Steelers announced the signing of halfback Lynn Chandnois yesterday for his 6th season of play with the National Football League entry.

Chandnois, former star at Michigan State, is considered one of the best running halfbacks in the league. He was injured last season during a game with the New York Giants and missed several contests.

The six-foot, 215-pound Chandnois, who sells insurance here during the off season, was the fourth Steeler to sign.

## Wears Gloves Again

Jack Dempsey donned boxing gloves for the first time in 15 years when he sparred briefly with Rocky Marciano in an exhibition last September.

## Newhouser Puts OK on Indian Contract

CLEVELAND (UP) — Veteran left-handed Hal Newhouser has signed a contract for the 1955 season the Cleveland Indians announced yesterday.

Newhouser came to Cleveland from Detroit last year after he was given an unconditional release because of a sore arm. His record in 26 games for the Tribe, all but one in relief, was seven wins and two losses.

Pontiac Press Photo

**FAMILY TEAM SCORES**—Kay and Bob Neldrett of 62 Mariva street used a tipup to pull eight pike through the ice at Pontiac Lake Sunday. Six of the fish are shown above. Kay, 18, and Bob, 20, are the daughter and son of Mr. and Mrs. Charles W. Neldrett.

## Richmond Leans Heavily on Dynamic Warren Wells

RICHMOND, Va. (AP)—A dynamic little ball hawk who can't see over the shoulders of most of his teammates is the big reason Richmond's Spiders have cracked the top 20 of national college basketball.

Warren Mills, a 5-foot-9 midget among the human skyscrapers of the game, is called by his coach "the greatest competitor in the world."

"If I had to choose one player in the country to be on my team," says Coach Lester Hooker, "it would have to be Mills. He's the only man I have ever seen who can beat you even if he doesn't score a point."

* * *

Mills does score points—plenty of them in the clutch—but his 12-point average (168 points in 14 games) is far from spectacular and, in fact, is the lowest among the Richmond regulars. It is as a playmaker, strategic dribbler and ball-stealer that he has become the driving spirit behind the achievements of the nation's 13th-ranked team.

Seven or eight times a game—sometimes more—Mills will charge up the court, swipe the ball from the opposition and instantaneously set Richmond's fast break in motion.

---

The New York Giants never relinquished their National League lead after taking over first place on June 15.

## Double Shutout Helps Lumley's Vezina Record

### Toronto - Rangers Play 0-0 Tie; Bruins-Hawks in 1-1 Deadlock

By THE ASSOCIATED PRESS

Veteran goalie Harry Lumley of the Toronto Maple Leafs is aiming for his second straight Vezina Trophy in the National Hockey League.

Lumley, now in his 11th NHL campaign, captured the award last season and also was selected to the All-Star team for the first time. The trophy annually is awarded to the "goalie who has played in the most games for the team with the fewest goals scored against it."

**The 28-year-old netminder posted his sixth shutout last night as Toronto and the New York Rangers played a scoreless tie. It was the first scoreless deadlock in the league this season and also the first in New York since 1945.**

In the only other game, Cal Gardner's third period goal gave the Boston Bruins a 1-1 tie with Chicago before a crowd of 2,340—the smallest ever to see a Hawk game in Chicago Stadium.

Red Sullivan was credited with the Hawks' goal, but Boston's Leo Labine actually pushed the puck in his own net.

Lumley, who has allowed only one goal in his last three games, also blanked the Rangers last Saturday night. The Leafs have had 70 goals scored against them in 42 games.

Lumley played in 41 of the games and leads in the race for the Vezina Trophy and the $1,000 check that goes with it.

## 92-Year-Old Coach

Amos Alonzo Stagg, grand old man of football, engaged in his 66th year of coaching in 1954 when he had attained the age of 92 years.

## Lane Too Busy With Deals to Sign Minor Hopefuls

NEW YORK (AP)—Trader Frank Lane is so busy making multiple trades with rival major league clubs that he simply has little room on his Chicago White Sox roster for minor league hopefuls. As a result only a dozen rookies will be on hand at the White Sox training quarters in Tampa next March.

Several outstanding prospects adorn the small group of newcomers, however. These include pitchers Connie Johnson, Dick Donovan, catcher Earl Battey, outfielder Ed White and infielders Jim Marshall, Stan Jok and Joe Kirrene.

Lane is most enthusiastic about the possibilities of Johnson, the towering Negro righthander who posted a 17-8 record at Toronto last year. According to the Sox energetic general manager, Johnson finally has learned to pitch at the age of 32. Lane also thinks Donovan, 18-8 at Atlanta and Bill Fischer, 14-12 at Memphis, will make the club.

## Top Equestrians to Get Awards at Convention

SAN FRANCISCO (AP)—The nation's top equestrians—champions in their classes—will be awarded trophies today at the American Horse Show Assn.'s convention.

Among the six young riders to receive the awards is 17-year-old Margaret McGinn of Norristown, Pa., who won the national championship in the hunter class last November at Madison Square Garden, New York.

The others are Patty Read, Caldwell, N.J., reserve champion in the hunter class; Luann Beach, La Jolla, Calif., winner of the stock saddle entries; Bernard Eckels, Napa, Calif., runner-up; Martin Rosensweig, New York, winner of the saddle horse (English) seat, and Tatiana Wood, Montclair, N.J., reserve champion.

# Dons' Defensive Play May Lead to NCAA Berth

By THE ASSOCIATED PRESS

While college basketball rambles along in what may be its most prolific scoring season—with 100-plus game totals popping up all over—the lads who bump into San Francisco are having a tough time getting 50 points. And that stingy treatment may lead the Dons into the NCAA title tournament as an at-large representative.

The Dons, ranked fifth in this week's Associated Press poll, shackled Santa Clara by a 54-44 count last night for their 11th victory in 12 games and their ninth straight. The lean Santa Clara point production chopped San Francisco's nation leading team defense average to a scant 47.9 allowance a game.

San Francisco, which lost to UCLA 47-40 but reversed it with a 56-44 triumph, went into a seven-minute stall against Santa Clara at the close of the California Basketball Assn. game. Kenny Sears—who has starred for Santa Clara in three NCAA playoffs—was high with 17 points.

* * *

Only four other teams ranked among the nation's top 20 were in action—and two of them were knocked off. LaSalle (No. 4) had a rough second half, but finally defeated Muhlenberg 88-79, while George Washington (No. 8) was sending William and Mary to its first Southern Conference defeat 79-65 with Corky Devlin canning 29 points for the Colonials.

* * *

Thrice-beaten Cincinnati trounced Dayton (No. 12) 85-78 and Louisville, tied for 20th with Auburn, dropped a home court decision to remarkable Marquette 82-78. It was Marquette's 12th straight victory after an opening defeat.

* * *

The LaSalle game had a couple of surprises. First, the Mules moved ahead of the Explorers early in the second half and only a zone defense and some clutch shooting by Alonzo Lewis regained the lead for LaSalle. The second surprise was that Lewis, with 24 points, took the scoring honors away from All America Tom Gola, who scored 23 along with teammate Charlie Singley for LaSalle.

Duke's Ron Mayer was stopped with seven points before fouling out midway in the second half, but substitute forward Kerky Lamley hit for 20 as the Blue Devils defeated South Carolina 82-64 in an Atlantic Coast Conference game.

Penn State, a newcomer to the nation's leading offense statistics at the No. 10 spots, clobbered Syracuse 107-85.

## Hoak and Zimmer Sign Dodger Pacts

BROOKLYN (AP)—Don Hoak and Don Zimmer, a pair of infielders, have signed their Brooklyn Dodger contracts, making a total of 17 Dodgers in line.

Hoak alternated with Billy Cox and Jackie Robinson at third base last season, batting .245 in 88 games. With Cox traded to Baltimore, he is expected to see more action.

Zimmer, a shortstop, came up last season from St. Paul when Pee Wee Reese was injured. After resting for a week, Reese recovered and never gave Zimmer another chance. The youngster hit .182 in 23 games but was batting .291 at St. Paul where he had hit 17 home runs.

### Knockout Route

Rocky Marciano had 11 fights in 1948 and won them all by knockouts, eight of them in the first round.

## *All-America Soccer Team Is Announced*

NEW YORK (AP)—Penn State and Temple each placed two players on the 1954 All America soccer team announced Wednesday by the National Soccer Coaches Assn.

The Temple players are Leonard Oliver, left half, and Jack Dunn, inside right, while Richard Packer, center forward, and John Pinezich, outside left, are from Penn State.

Others on the first team are Bruce Newell, Yale, goal; Robert Siemons, Allegheny, right forward; Hector J. Riquzes, Duke, left forward; Vincent J. Palmieri, Cortland, N. Y., State Teachers, right half; Norman Thoms, Oberlin, center half; Paul Clark, Wheaton, outside right; and Richard Packer, Army, inside left.

Palmieri and Oliver are repeaters from last year's team.

## Jones, Salas Meet 7th Time Tonight

SAN FRANCISCO (AP) — Middleweights Oakland Bobby Jones and Charley Salas of Phoenix and Los Angeles, fight for the seventh time in a 10-rounder tonight.

Jones has won three, Salas two and one was a draw.

Jones, eighth ranked, is pointing for a fight with Sugar Ray Robinson, who returned to the ring only this month. Salas is bucking for a match with champion Bobo Olson.

## Kramer Big Aid in Improvement of Michigan 5

### Gives Pivot Williams Opportunity to Hit 20-Points a Game

ANN ARBOR (AP) — There's a "strong man" in center court for the University of Michigan basketball team — and he's partly the answer for the improved Wolverine showing this season.

**He's the same strong man who helped pull Michigan's failing football fortunes together. He's the sensational sophomore end and now a forward from East Detroit.**

He's Ron Kramer. With Kramer's muscular 6 foot 3 under the basket, Harvey Williams, the center, finds he has more maneuverability. Opposing players can't afford to gang 6 foot 8 Williams.

If they do, they're leaving themselves open for a charge by the wild bull of East Detroit. This has helped Williams to nearly 20 points a game.

Fans used to the deft touch of the lithe-limbed basketball player will have trouble getting used to Kramer. He is neither awkward nor graceful.

He's just a muscular power plant of coordination and woe be to him who gets in his way. His strength enables him to continue the hard-pounding game all night.

And coach Bill Perigo, who upped Kramer from a sometimes substitute to a starter in half a dozen games, will agree: "Kramer is big and strong and awfully well coordinated."

### Off to Fast Start

Art Fowler and Corky Valentine each won 12 games as rookies for the Redlegs during the 1954 season.

**WINS TOP HONORS**—Ginny Bug, 7-year-old mare owned by Harry S. Nichols of Bloomfield Hills, recently was awarded 1st prize in the brush division of the 2nd annual United Hunts Racing Association awards. The horse is shown above with jockey Melvin Ferral up. She won seven straight races during 1954.

## Drug Trims Poole to Remain Unbeaten

League-leading Drayton Drug continued its unbeaten streak in Waterford Recreation Basketball League play Wednesday night. Drug trounced Poole Lumber, 75-41, as Chuck Beers and Bob Thatcher each tossed in 17 points.

**Dick Mineweaser was high for the Lumber quintet with nine points. Manny's Ringside whipped Johnson-Anderson, 51-22, in the first game at Crary Junior High gym. Wally Riley paced the Ringsiders with 14 points.**

Action resumes Monday with Beattie Motor and J-A meeting at 7:30 and Manny's and Poole tangling at 8:50.

Jim Davis, Chicago Cub pitcher, works for an San Francisco furniture store during the off-season.

## UCLA's Cage Coach Signs Long-Term Pact

LOS ANGELES (AP)—UCLA basketball coach Johnny Wooden has signed a long term contract which becomes effective with the expiration of his current one this year.

Salary terms and length of the contract were not disclosed, but Wooden, a star at Purdue, is believed to have agreed to coach the Bruins for the next five years.

## Joan Crawford Bored Unless Making Movie

By BOB THOMAS

HOLLYWOOD (AP)—It was cold, bitterly cold. There was Joan Crawford, standing in the frigid night air in a flimsy evening gown with bare shoulders.

On one of the coldest nights of the year, the movie queen was filming outdoor scenes for her latest picture, "Female on the Beach." It was a tense scene with Jeff Chandler, who grabbed her, got slapped, then crushed her in his arms.

It was getting toward midnight when a dinner break was called, and the set workers rushed for the shelter of the dining tent. Together with a half dozen of her friends, I followed Joan to her trailer dressing room.

* * *

Joan lifted her arms and showed what the violent lovemaking had done to her. She was covered with black and blue bruises. She had also torn half the nail off one of her fingers, and she was shivering from the cold.

"Why do you work so hard?" I asked.

"Why?" she replied as she wiped her makeup off with oil. "Because there is nothing in the world I would rather do. Call this work? Making pictures is the greatest pleasure in the world to me. I'd die if I didn't have them to do.

* * *

"When I am between pictures, it's pure hell. I go crazy trying to find things to do. When I go out to dinner, I'm bored unless I have the next day's shooting to think about.

"The worst time in my life was the period after I left MGM and before I made 'Mildred Pierce.' It was two years, and I nearly went crazy. It has been a year between this picture and — this is a dirty word — 'Johnny Guitar.' It was rugged going for me to stay away that long.

"I think I really start living the moment I step into a movie set."

* * *

I hazarded a guess that she didn't have to continue working. Weren't there annuities and real estate here and there to comfort her?

"No," she replied flatly. "If I quit pictures tomorrow, I'd have to scrub floors to support my children.

"Lots of people have the idea I'm loaded because I have been in pictures many years. Sure I collected a salary in the old days—$175 a week. When the studio decided to give me a big raise, wham!—then came the big taxes."

## Red Tank Commander, General Khmylow, Dies

MOWCOW (AP)—The Soviet armed forces newspaper Red Star announced today the death of Maj. Gen. Kalin Trofimovech Khmylow, veteran tank corps commander.

The paper said Khmylow, who joined the army in 1931 and held many decorations, died suddenly and unexpectedly.

## ROKs Seeking Foreign Capital

### South Korea Decides to Switch Over to Free Enterprise

SEOUL (AP)—South Korea plans a revolutionary switch to the free enterprise system by opening its doors to foreign capital, a top government spokesman said today.

Virtually all enteprise is now run by state - controlled corporations.

* * *

Finance Minister Lee Joong-jai said the government next month will introduce a bill in the National Assembly to attract foreign investment to a wide field of industrial and mining activities, and to insure free remittance of profits from Korea to the investor's country.

Lee said foreign shares will be limited to less than half of those in a single firm.

He also announced an administrative measure to eliminate or reduce taxes on capital invested in vital industries, the banking system and pioneering enterprises, regardless of the sources of the capital.

* * *

This will contribute toward the full mobilization of private capital, and will be coupled with the opening of a stock market this year, Lee said.

In addition, he said, the government wil submit to the National Assembly a bill covering foreign exchange as another internal measure to attract foreign capital.

The ROK government is also hoping to conclude soon a commodity, commerce and navigation treaty with the United States, officials said.

* * *

The government plans to denationalize banks and other enterprises except such public-interest enterprises as electric power, coal industries, and railroads.

## Full Marine Division Activated in Korea

SEOUL (AP) — Defense Minister Sohn Wohn Il today announced the activation of South Korea's first full-strength Marine division.

A spokesman said the division, of three brigades, includes about 24,000 Marines, roughly comparable to the U.S. 1st Marine Division now in Korea.

Previously the Korean Marine Corps, integrated in the U.S. Marine division on the Korean front line, had only one brigade.

Sohn also said the South Korean navy would be increased by 27 ships, including two destroyers, on loan from the United States. He said the vessels will triple the size of the South Korean Navy.

Other plans to strengthen South Korea this year include the introduction of a wing of F86 Sabrejets and a wing of C47 transports, Sohn said.

All military expenditures are expected to come out of the 427 million dollars in the U.S. military aid program for fiscal 1955.

## Predicts Quick Death for Postal Rate Hike

WASHINGTON (AP) — Rep. Hayworth (R-Mich) says he favors a pay raise for postal employes and other federal workers as proposed by the administration but is against making the postal pay raise depend on an increase in postal rates.

"We should not tie their (postal workers) raise to postal rates," he said in a statement yesterday. "The children of a post office employe eat just as much as the children of any other government worker."

Hayworth predicted House Speaker Rayburn's opposition will be enough to kill the administration proposal to boost the letter rate from three to four cents.

## Patrolman Reports Theft of Town's 1 Police Car

VERONA, Pa. (UP)—Patrolman George McDade was a bit embarrassed today.

It seems he parked Verona's only police car outside a neighborhood store yesterday and when he came out it was gone.

Police Chief W. A. Bright said the best description he could give of the missing prowl car was that it had "Verona Police" painted in big block letters on each side.

## Snow in Las Vegas . . . but Nobody Sees It

By EARL WILSON

LAS VEGAS — Snow in sun-baked Las Vegas!

There was an inch or two on the ground when we got up. America's unusual weather is becoming usual . . . its abnormal weather, normal.

**The snow caused vast excitement, even among gamblers. Gorgeous George, the wrestler, and a few others went so far as to leave their games for a minute or two to go to the window to look out on it. Gamblers don't pay much mind to weather; as they say, "Whoever goes outdoors?"**

★ ★ ★ ★

Gorgeous George was plunging—$7,000 ahead in a dice game at El Rancho Vegas, betting on the field.

However, he wasn't wiped out. His secretary had got some of his money from him when he was ahead . . . and stashed it away.

GORGEOUS

★ ★ ★ ★

**While Jimmy Durante roamed from table to table at the Desert Inn, I learned of the most fabulous gambler yet—"Mr. Lard" (that's his real name) from Texas.**

"Mr. Lard" comes in every few weeks, always with an enormous stack of money, sometimes plays a couple of days without stopping — and insists on playing in two roulette games at once . . . one game not being fast enough for him.

Yet there's a kind of religious air about.

Fred Waring does some spirituals at the Sahara. One of his performers is dressed like a minister.

**"I felt like I was in church," said one spectator, who realized he wasn't when the click of dice floated in from the casino—and a woman shrieked when she hit the jackpot.**

★ ★ ★ ★

Mae West's revival meeting had just closed at the Sahara and Sally Rand's well-known evangelical act is just down "the Strip"—you'll pardon the pun.)

DIANNE

Youngsters like Lena Horne are at the Sands—and Polly Bergen at the Thunderbird—but never forget teenager Sophie Tucker.

**Sophie was 67 last week. There was a big party for her at Beldon Katleman's El Rancho Vegas, where she's packing them in.**

★ ★ ★ ★

### THE MIDNIGHT EARL IN N. Y. .

Marilyn Monroe bought herself a white ermine wrap during her short N. Y. stay . . . Diana Barrymore's choice to play her father, John, in his screen bio is—Marlon Brando . . .

Frankie Laine's doing so well in the stock market he told his agents to cut his theater dates by half . . . Curvy Dianne Foster's the reason men get violent in the movie, "The Violent Men."

**The Iranian Gov't asked Horace and Gregg Sherwood to give a party for the Shah in Palm Beach . . . "Lunatics and Lovers" paid its backers back 25% in three weeks, a record. Katherine Hepburn dined with CBS brass at Manny Wolf's. (A TV'er due?)**

Zsa Zsa Gabor's flashing diamond-and-ruby bracelet Rubi gave her . . . Dave Schine's due for a promotion to corporal.

★ ★ ★ ★

Fran Warren started "Pajama Game" rehearsals Monday, 10 days after having her baby . . . Lionel Hampton, a hit in Berlin with his piano, says they call him "Ach, du Lieber-ace."

**TODAY'S BEST LAUGH: It's George Gobel's definition of his own TV personality: "Everybody acts like they're a head-waiter and I got no reservations."**

"The old narrow trails where two cars could hardly pass," notes H. G. Hutcheson, "are being replaced with splendid wide highways where six cars can collide at a time." That's earl, brother.

(Copyright 1955)

## Legion Protest Bars Chaplin's Films to Public

ALLENTOWN, Pa. (AP)—Muhlenberg College has decided to go ahead with its planned showing of four Charlie Chaplin films, but only to students and faculty.

A week ago, Dr. J. Conrad Seegers, Muhlenberg president, said the presentation—originally scheduled for the public as part of the college English department's Great Film Series—would be canceled because of a protest by an American Legion post.

* * *

Allentown's Lentz post adopted a resolution in December protesting the showing of the old films because of Chaplin's "anti-American record of recent years."

Dr. Seegers announced yesterday in Washington, where he is attending the annual convention of the Association of American Colleges, that the films would be shown on campus "as part of our own educational program."

"The distinction between what is part of an educational program and what we offer for the entertainment of the general community, is, in my thinking, a very clear distinction," he said.

## Florida Racists Menace Family

### Object to Part-Indians Attending White High School in Eustis

EUSTIS, Fla. (AP) — A family of citrus pickers planned to leave Eustis today, the father said, because of threats by midnight callers who objected to his stepsons attending the white high school.

Monroe Taylor said the boys, Floyd and Lloyd, 15-year-old twins, are part Indian. They enrolled in the Eustis schools Monday as transfers from the Avon Park white school.

* * *

Taylor reported that a group of roughly dressed men approached his garage apartment Tuesday midnight and that a spokesman said: "We don't want any trouble in our schools. You get out of Eustis."

Two of the men offered him money to help leave town, he said. He added that he told them his family planned to leave because he and his wife had lost their jobs.

Taylor did not report the incident to authorities at first but later visited Police Chief Harvey L. Nicholson upon receiving back pay from his former employer, Elmer Cheatham. The chief said Taylor showed him an envelope containing a piece of paper with the words "Ku Klux Klan, Mount Dora" printed in large block letters.

Cheatham said he laid off the Taylors because of a surplus of citrus at packing houses.

* * *

Taylor said his family would return to Avon Park or South Carolina, their former home. He said there had been no trouble regarding the boys in white schools they attended at Avon Park or in South Carolina.

## New MSC 'Students' Just Can't Commute

EAST LANSING (AP) — Michigan State College boasted today that it now has "students" both at the Ionia Reformatory and the State Prison of Southern Michigan.

MSC has 48 Ionia inmates and 20 from Jackson enrolled in its television extension courses.

**The college said it has been verified that a group of eight Ionia prisoners taking a course in art appreciation last fall were the first prison TV students in the nation.**

The new set of courses has 51 men enrolled in writing fundamentals two afternoons a week and 17 studying a music appreciation course three evenings a week.

The prisoners pay a small college registration fee and are eligible for credits if they complete the work satisfactorily.

## British Gone, Aroma of Tea Lingers in Iran

ABADAN, Iran (AP) — Although doddering ex-Premier Mohammed Mossedegh kicked the British out of Abadan and kept them out for three years he failed to dull this refinery town's taste for English-style tea. An order for 220 tons tops the list of "vital requirements needed for stocking the refinery stores, depleted during the virtual stoppage that followed expropriation of the Anglo-Iranian Oil Company's assets in 1952.

According to officials of the eight-company international consortium reactivating the refinery, efforts by the Iranian operators to keep refinery employes happy with tea grown in Iran never made the grade.

Other items ordered for refinery stocks: 90 tons of margarine from Holland, a month's supply; a month's stock of 22 tons of soap, probably coming from Britain; a year's supply of shoes, 45,000 pairs, also from Britain. Operators of the refinery stores will also need 1,000 miles of cloth

# Lie Tests Sought in Carver Hassle

## Some Involved Agree to Measure as Recall Controversy Boils

Chief Assistant Oakland County Prosecutor George Taylor said yesterday that lie detector tests have been agreed to by several persons involved in the George Washington Carver school board controversy.

The scheduled tests are the result of an investigation of an assault on the Royal Oak Township school board secretary, Mrs. Loretta Baker at her 21384 Majestic St. Oakland Gardens home.

**Mrs. Baker has told police she was beaten by three hooded men who demanded recall petitions for another board member, James E. Harrison.**

The majority group of the school board has started recall action against Harrison, one of the two-member reform minority on the strife-torn board.

Taylor said he hopes to get additional persons to undergo the test, including Mrs. Baker, when she is able to leave her home.

Soil conservation has been established embracing about 950 million acres in the United States.

# *Edwin L. Brown, Gail Lynn Wed at Auburn Heights*

KEEGO HARBOR — Gail Ruth Lynn and Edwin Lee Brown spoke their nuptial vows in a civil ceremony at Auburn Heights last week.

The bride is the daughter of Mr. and Mrs. Joe M. Lynn of Keego Harbor. The bridegroom is the son of Mrs. Elmer Lahde of Auburn Heights and George Brown of St. Louis, Mo.

* * *

For the ceremony, attended by the immediate families and close friends, the bride wore a two piece dress of charcoal gray with pink trimming.

Mr. and Mrs. Elias Costopoulos of Auburn Heights were the couple's attendants.

* * *

A reception was held at the home of Mrs. Lahde following the ceremony. The newlyweds are making their home on Auburn avenue in Auburn Heights.

## Or Maybe Somebody Could Issue Programs

CHICAGO (UP) — Lost parakeets have created quite a problem for Chicago's Anti-Cruelty Society because they all "look alike."

Chief Veterinarian Dr. Erich Maschgan said today owners of the pets should use identification tags.

"I'm getting tired of interviewing parakeets," he complained.

# 2 'Dead' Fliers Wives Rewed

## Hint Airmen Shot Down Over Baltic Sea in '50 May Be Red Captives

PASSAIC, N. J. (AP) — The wives of two Navy airmen, who may still be alive in a Soviet slave labor camp after being presumed dead for four years, have since rewed, it has been revealed.

Joe H. Danens Jr., formerly of Cut Bank, Montana, and Jack Thomas of Blairstown, N. J., were among eight fliers shot down over the Baltic Sea on April 8, 1950, and officially listed as dead a year later.

* * *

Families of the men rejoiced over reports from one of the two Americans freed by the Soviets that the pair may still be alive behind the Iron Curtain and related how the wives tried to begin life anew after the Navy declared the men legally dead.

Danens was married on Feb. 2, 1948, in North Africa to the former Ruth Feinberg, daughter of Mr. and Mrs. Joseph Feinberg of Passaic.

The Feinberg family, in an interview today, said their daughter was working for the government in Casablanca at the time and in August 1952 married another Navy man, CPO Robert J. Miney, in the North African port.

The Mineys now live near Westover Air Force Base at Chicopee Falls, Mass.

Virtually the smae story was told by Charles Bobe, stepfather of Thomas.

* * *

He said Thomas, who was born in Waterbury, Conn., enlisted in the Navy in 1946 at the age of 18 and was married to Mrs. Lacy McCord Thomas, an employe of the Rhode Island State Infirmary, Howard, R. I.

Mrs. Thomas, according to Bobe, remarried after receiving notice from the Defense Department in 1951 that Thomas was presumed dead.

# TB Expert to Speak at Nurses' Institute

Oakland County public health nurses tomorrow will host public health nurses from Macomb and Monroe counties at a one-day institute on tuberculosis.

MISS SOUTH

The institute will be held from 9 a.m. to 5 p.m. in Birmingham's Community House and will feature as guest speaker Jean South, R. N.

Formerly an instructor at Johns Hopkins University, Miss South is public health nursing consultant in tuberculosis for the National League for Nursing.

In addition, she is director of the NLN's Tuberculosis Nursing Advisory Service. She has written a handbook and a study on public health and tuberculosis.

## Detroit Steel Executive Awaits Chicago Trial

CHICAGO (UP) — A Detroit steel executive and part-owner of the Detroit Lions was free on $400 bond today pending trial next month on a drunk driving charge.

Ozzie Olson of Grosse Pointe Park, a Detroit suburb, demanded a jury trial yesterday when he appeared in Traffic Court here on the charge. His trial was set for Feb. 20.

Olson, president of the Swedish Crucible Steel Co., Detroit, was arrested in downtown Chicago last Oct. 2 by Patrolman Jack Muller for drunk driving, failing to have rear license plate lights and refusing to produce his driver's license.

## Bruised as Car Flips

Robert Smith, 25, of 6787 Elizabeth Lake Rd., was treated at Pontiac General Hospital for bruises suffered yesterday when his car overturned near his home. Waterford Township police said Smith lost control of his car on icy pavement.

**TAKEOFF WITH MOBILE RUNWAY**—Aided by thrust of its revved up engines and a booster bottle attached under the tail, an Air Force jet zooms into the air from the newly-developed zero-length launcher in tests at Edwards Air Force Base, California. The launching platform, developed by Martin Aircraft, is mounted on a truck for mobility and is designed to eliminate the conventional airport runway under necessary combat conditions.

# *Issue Stray Dog Warning After 3 Pupils Are Bitten*

Pontiac officials cautioned residents about stray dogs today after one of three 6-year-old Webster School pupils, bitten by a blond cocker spaniel Tuesday, started taking the Pasteur treatment for possible rabies.

The child, Tommy Wheaton, son of Mr. and Mrs. Lester W. Wheaton of 5 Elizabeth Lake Rd., suffered two bites just below the eyebrow. The other two youngsters, Christine Emerson of 572 W. Iroquois Rd. and Thomas Jenkins of 62 Wenonah Dr., suffered less severe bites, not requiring the treatment, said Dr. John D. Monroe, acting director of public health.

**The stray dog, being held in the Oakland County Animal Shelter, is not licensed and no claim of ownership has been made, according to Dog Warden Forest Zell who seized the animal in the school playground.**

A 14-day period is required, according to Dr. Monroe, for medical authorities to determine whether the animal is rabid. Meanwhile, Dr. Frank Bates, director of the shelter, said the dog has been reacting normally so far and hasn't shown any signs of rabies.

Mrs. Wheaton said Tommy was playing in the school playground with other children when the dog jumped up and bit him.

Dr. Monroe said, "This points up a problem for the people to keep their dogs under control."

**He explained that dog bites above the neck can be serious, since rabies develops faster in that region.**

Police Chief Herbert W. Straley said dog owners are held responsible by law for any damage their pets may cause, whether to property or people. He said that a city ordinance calls for a $50 fine and/or 30 days in jail maximum sentence for persons allowing their unlicensed dog to run astray.

The ordinance, said Straley, specifies a quarantine period only from May 15 to Sept. 30 of each year when dogs must be restrained by leash or kept on private property. He also reminded dog owners that licenses expire Dec. 31 of each year.

# County Deaths

**Mrs. Orin S. Atherton**

KEEGO HARBOR—Service for Mrs. Orin S. (Marion Caroline) Atherton, 46, of 2476 S. Cass Lake Rd., will be held at 1:30 p.m. Saturday at West Bloomfield Community Church, with burial in Oakwood Cemetery. The body will be at the C. J. Godhardt Funeral Home until 11 a.m. Saturday. She died Wednesday.

Surviving are her husband; three sons, Gerald and Dennis of Keego Harbor, Robert of Pontiac; four daughters, Margaret, Donna, Mrs. Helen Killiane, Mrs. Francis Haslip, all of Keego Harbor; four brothers, George Knapp of Durand, Harold Knapp of Jackson, Robert Knapp of Battle Creek, Earl Knapp of Owosso; one sister, Mrs. Opal Hansut of Owosso; and her stepmother, Mrs. Verna Knapp of Owosso.

**George S. Losee**

LAPEER—Service for George S. Losee, 75, of 2511 Greenwood Rd., will be held at 1:30 p.m. Saturday from Baird Funeral Home, with burial in Mount Morris Cemetery. He died Wednesday night.

He is survived by his wife, Alice; four sons, Lester of Columbiaville, M. Sgt. Wallace of Larson AF Base, Moses Lake, Wash., Ernest B. of Clio, Gerald DeLude of Flint; two daughters, Mrs. Everett Smith of Lapeer, Mrs. William Davis of Detroit; two brothers, Edwin of Davison, Mert of Flint; three sisters, Mrs. Emaline Kitzer of Valencia, Pa., Mrs. Gladys Barkham of Mount Morris, Mrs. Verna Jones of Kent, Wash.; 12 grandchildren and 7 great-grandchildren.

## Hubbard May Not Run if No Successor Named

DEARBORN (INS)—Mayor Orville Hubbard of Dearborn said today he is virtually assured council will appoint his successor before the deadline for withdrawing his nominating petitions for Wayne Circuit judge Jan. 20.

Hubbard also set that date as his deadline for resigning as mayor.

Hubbard asked the council yesterday to appoint either councilmen Edward J. Dombrowski or Robert Vezzosi as mayor.

He added:

"If, however, the council can not agree on an appointment I will withdraw my petitions rather than leave the city in the lurch."

## Third Doctor Joins AF

PETOSKEY (AP) — Dr. Thomas Kirk, Petoskey pediatrician, will be the city's third doctor to join the Air Force since November when he leaves soon for duty at Elmendorf Air Force Base, Alaska. Dr. Kenneth Vanderkolk left Monday for Alabama to await assignment to the Far East. Dr. Gerald A. Drake, who joined the Air Force in November, already is on far eastern duty.

---

The kettledrum is a very ancient instrument which was well known to the ancient Greeks and Romans but probably reached them from the countries to the east of them.

# Freed GI Suffering Liver Enlargement

BERLIN (INS)—Pvt. William T. Marchuk, the American soldier released last Saturday after five years in Soviet prisons, is suffering from an enlarged liver due to vitamin deficiencies.

Army authorities made the announcement today in Berlin, where Marchuk of Norristown, Pa., is in the guard house on an absent without leave charge.

**Marchuk was released along with John Noble of Detroit, a civilian who was arrested in Dresden, East Germany, in 1945.**

The official Red army newspaper in Berlin, Taegliche Rundschau, today charged Noble and his father, who was arrested at the same time but released in 1952, acted as American intelligence agents during World War II and radioed information to the American Army Air Force. The Nobles were caught in Germany by the conflict.

# *Keego Girl Wed to Pontiac Man in Church Rite*

KEEGO HARBOR — At home in Holiday Farms, Waterford Township, are William and Georgina Brown who were married in a double ring ceremony at Emmanuel Baptist Church on Dec. 31.

Georgina is the daughter of Mr. and Mrs. George E. Harris of Keego Harbor. The bridegroom is the son of Mr. and Mrs. William Brown of Oliver street, Pontiac.

The bride's sister, Marcella Harris, was her attendant, and her brother-in-law, Fred Best of Pontiac, served as best man.

A post-wedding reception was held Sunday at the home of the bride, with some 50 guests present.

# Diaper Derby Nearing Finish

## Naval Officer, Adopted Greek Daughter Due Home Today

PATUXENT, Md. (INS)—U.S. Navy Lt. Norman K. Donahoe and the 17-month-old baby girl he adopted in Athens are scheduled to end early today their long trip home from the Greek capital.

Donahoe, known to his friends as "Moose," took off from Shannon Airport, Ireland, in a military transport plane at 7 o'clock (EST) last night and was due at Patuxent Naval Air Station this morning.

**The 27-year-old naval officer has been en route with his brown-eyed adopted baby daughter since Jan. 8. He gave up his 30-day Christmas leave to go to Greece for young Roni Marie.**

Donahoe has been hitching rides on military transport planes that took him first to Naples, then to Port Lyautey, North Africa, and finally to Shannon.

The good-looking Korean War veteran started out with a supply of 48 disposable diapers, and although there were no late reports on how his inventory was running, experts in the field predicted the diapers had long since been used.

**Donahoe's wife, Helen, 25, was waiting for her husband in Brooklyn. They have been married five years but are childless.**

The Donahoes tried, for more than six months to adopt a child in the U.S. Finally, his wife, of Greek descent, arranged the Athens adoption.

# Cut in Excise Tax Asked by Bentley

WASHINGTON (AP) — Rep. Bentley (R-Mich) today offered a bill to provide that present excise taxes on automobiles, trucks and automatic products be reduced as scheduled April 1.

His measure calls for a cut from 10 per cent to 7 per cent in the tax on autos and 8 per cent to 5 per cent in the taxes on trucks and automotive parts and accessories.

**These cuts are scheduled to take effect April 1 but President Eisenhower has urged for extension of the present rates on the ground the government cannot afford the loss in revenue.**

"The benefits to the economy of Michigan and the nation accruing from a reduction in auto and truck excise taxes this year will greatly offset any possible loss in federal revenue and should not impede the administration in its drive for a balanced budget in 1956," Bentley said in a statement.

## Detroiter Held for Court on Illegal Driving Count

Farmington Township Justice Allen C. Ingle yesterday bound a Detroit motorist over to Oakland County Circuit Court for arraignment on a second offense of driving with a revoked operator's license.

Defendant Leo Burch, 25, of 8824 Prest, unable to furnish $500 bond, was ordered to Oakland County Jail to await his circuit court appearance Jan. 17.

Burch, who waived examination on the charge, may be sentenced to six months in jail, fined $1,000 or both, if convicted.

## Main at Convention

Oakland County Drain Commissioner Ralph A. Main is attending the annual convention of Michigan drain commissioners at Owosso which began Wednesday and ends today.

# Italian Fascists Rally at Funeral

## 100,000 Romans Shout and Sing in Last Salute to Ex-Marshal Graziani

ROME (AP)—With their arms upthrust in the now-forbidden Fascist salute 100,000 shouting, singing Romans gave ex-Marshal Rodolfo Graziani a bigger tribute today in death than he ever received as Mussolini's commander.

The grizzled old "Desert Lion" of fascism died Tuesday at a Rome clinic after an operation for an ulcer. He was 72.

His funeral today was the noisiest and one of the largest this country has seen since World War II. It gave ample evidence that fascism is not dead in postwar Italy. But despite the noise and the banned blackshirt salute, there was no violence.

Women battled through the crowd to throw mimosa and violets on the flag-draped coffin as it was carried past on the shoulders of Italy's new Fascist leaders.

In the coffin, Graziani's body was clothed in his old "Sahariana," the uniform of his North African campaigns. But all his many medals were missing, stripped from him along with his rank in a 1950 war crimes trial that named him a traitor to Italy.

Atop the coffin was his old khaki and gold braid general's field cap.

Behind were massed scores of the black standards of his old regiments, and the red, white and green flame banners of the neo-Fascist Italian Social Movement.

A mile-long funeral cortege, which passed through streets jammed from wall to wall, sang the old Fascist battle hymns while the crowd gave the blackshirt salute.

"Italia! Italia!" the crowd roared in the familiar broken-syllable cadence with which it used to shout "Duce! Duce!"

# Schoolmen to Study Financial Problems

DETROIT (AP) — School superintendents from five southeastern Michigan counties will meet in Detroit tomorrow to study proposals for increasing state financial aid to distressed schools.

Superintendents from schools in Wayne, Oakland, Macomb, Washtenaw and Genesee counties are expected to attend the meeting.

One proposal to be discussed at the meeting is an amendment to the state constitution to allow the state to pledge up to $200,000,000 of its credit in support of school construction bonds.

Another invokes the asking the state of a $2,500,000 special grant to aid schools in "hardship districts."

# County Calendar

**Keego Harbor**

Blue Star Mothers have issued an open invitation to women with sons in the service to visit their regular meeting at 7:30 p.m. Monday at the home of Mrs. A. W. Dalyrymple, 2385 Birch St.

# Fantastic Planes, Missiles Take Shape at Bell Aircraft

BUFFALO (INS) — A trip to Buffalo for a fine sports awards dinner that raised $20,000 for the needy March of Dimes gave this flying - machine buff a chance to be brought up to date on what is happening at Bell Aircraft.

Bell, at nearby Niagara Falls, stands unique in the picture of U. S. Airpower. It has delivered only three airplanes to the Air Force since the close of World War II. (We except its swarms of helicopters.) But the company yields to none other in the respect held for it in the fixed-wing field.

**Its three postwar wing-planes are the X-1, the X1A and the X5. The X5 can tuck in its wings as it gains height and speed, thus offering less resistance as it smashes through the air wall. In the X1, now strung up in the Smithsonian Institution in Washington, D. C., Maj. Chuck Yeager made history by becoming the first man to fly faster than the speed of sound. The X1 opened a new air age.**

The same Yeager flew 1,650 m.p.h., which is better than twice the speed of sound, in the X1A. And, a bit later, Maj. Kit Murray shot the same rocketship up to 90,000 feet, from which airless height he made a dead-stick landing.

Larry Bell is the industry's most seasoned dreamer. He drew his first aviation pay check from Glenn Martin in 1912. But his shop and his zestful thinking would fit into any science - fiction pull. Except that some of the readers might scoff incredulously.

**His convertiplane, for example. It is the offspring of a marriage between a standard plane and a helicopter. For the verticle take-off its propellors, mounted rather far out on each wing, assume a helicopter fan's position — parallel to the ground. Once airborne, the propellers gradually assume their normal position . . . and a-w-a-a-a-a-y we go!**

With the convertiplane Bell expects to bridge one of aviation's toughest problems, the blending of helicopter safety factors with standard plane speeds.

But that's only one hybrid in Bell's barn. His V T O L (vertical takeoff and landing) plane borrows ideas from the convertiplane but uses jet engines. Unlike the Convair and Lockheed tail-sitting experimental ships, which use jet-driven propellors, V T O L rises and descend on even keel.

**For takeoff, the engines are swiveled so that the tail pipes squirt their violence at the ground. The ship takes off. When it has gained sufficient height the engines are tilted forward and the plane assumes the configuration and speed of the conventional jet.**

In landing, the engine thrust, used in diminishing proportions, allows the plane to settle straight to earth.

Bell has not forgotten the sometimes lush airliner market. His turboprop passenger plane will be ready if the British Viscounts, which Capital Airlines soon will have, ate rousingly accepted by the flying public — as I believe they will be. The Visount, and the Bell turboprop for that matter, are 100 m.p.h. faster than the Convair Liner and the Martin 404, quieter, and vibration free.

**The Bell Company, in good financial shape, hums with the production of more prosaic flying craft. It makes bits and parts of planes which eventually bear the trade mark of other companies. And because it was first into the rocket field (as it was first in the jet line in this country, with the smoky P-59) Bell is swamped with rocket-engine and guided missile orders. Some, it isn't permitted to mention even in a whisper.**

Against the day when the rocket engine is domesticated to a peaceful world, Bell's engineers have marked up more than one rocket-powered intercontinental airliner on luncheon tablecloths. They don't stop there, either. In theory, they're already into satellites and space travel. In fact, at Bell they've explored every means of flight. But not even Larry has been able to do what he and every other pioneer dreamed of, build and ornithropter — a mechanical bird.

## They Went Thataway

PROVIDENCE, R. I. (UP)—New England's second largest city had two parades on Veterans' Day. Part of the main parade swung down the wrong street and everyone else marched on.

# Custer's Last Pay Roll Saved

### Yellowed Sheet Found in Army Salvage Dump at Ft. Hood, Texas

FORT RILEY, Kan. (UP)—A yellowed payroll sheet for the period from Feb. 29 through April 30, 1876, has shed a bit of new light on one of the bitterest tragedies in U. S. Army history—the massacre of Custer and his men at Little Big Horn.

The payroll recorded the last pay received by the men of Troop C before the rampaging Soux slaughtered them in a ravine on June 25, 1876.

**Until recently, Sgt. Lawrence R. Sisson had used the payroll as an exhibit in teaching. He found it in an Army salvage dump at Fort Hood, Tex., in April, 1946.**

When Sisson was transferred to Fort Riley, he lined the sheet to the Custer affair and the form now has been placed under glass and hung in battalion headquarters.

Capt. Thomas W. Custer commanded Troop C. He died alongside his famous brother, Maj. Gen. George A. Custer, at Little Big Horn.

The massacre occurred five days before the next bi-monthly payday for Troop C. The document is important because it further identifies positively many of the victims of the Soux.

**Troop C and four other troops of Custer's 7th Cavalry Regiment made up the only squadron the general had at Little Big Horn. It was roughly one-third of the regiment.**

Troop C and Troop E fell as they formed a skirmish line some 300 yards from Custer and completely outside his defense position. The men of C and E were in no position to defend themselves, nor could they take advantage of the small facilities the ground offered for defense.

One of the Indian chiefs, Lame White Man, and his men closed with Troop C and broke it. The soldiers were tumbled into the ravine and crushed.

BOARDING HOUSE

# Most Grains Gain Slightly

CHICAGO (AP) — Most grains registered small advances in very quiet dealings on the Board of Trade today.

A somewhat better tone was shown in oats than in any other cereal, largely on hopes of exports. Such exports hopes also were a sustaining factor in wheat. Selling pressure was very light in all pits.

Wheat near the end of the first hour was ⅛ to ⅜ higher, March $2.31¼; corn ⅛ lower to ⅛ higher, March $1.54⅝; oats ⅜ to ½ higher, March 77⅞; rye ⅛ lower to ¼ higher, March $1.21 ¾; soybeans 1¼ lower to ¼ higher, January $2.81¾; and lard 8 to 13 cents a hundred pounds higher, January $12.75.

## Grain Prices

CHICAGO GRAIN

CHICAGO, Jan. 13 (AP)—Opening grain:

# Hit-Run Strikes Hinted by UAW

## Director of Ford Locals Suggests New Strategy in Annual Wage Fight

DETROIT (UP)—The CIO United Auto Workers hinted today they might use a "hit and run" strike strategy to gain a guaranteed annual wage late this spring.

Ken Bannon, director of the Ford department of the UAW, indicated at a wage conference of delegates for Ford locals that all 83 local agreements the union has with Ford would be reopened this spring as well as the national contract.

"This year when we give notice to the company on our desire to reopen the agreement, there will be contained in the letter notice to the effect that all local agreements, where so desired by the local committee, will also be reopened; and where such notification has been given by the local committee, such negotiations will run concurrent with the national negotiations," he said.

**Delegates to the Ford conference and the General Motors conference of the UAW are meeting simultaneously this week to polish up demands to be presented to the automobile companies late in March or early in April.**

The five-year Ford-UAW contract runs out May 29 and the long GM-UAW pact ends June 1. The union intends to seek an unprecedented guaranteed annual wage plan in the negotiations.

If negotiations fail to produce a settlement, the union has said it will strike to back up its demands. Either Ford or GM, the two biggest automobile producers, is expected to be singled out for a strike in that event.

Reopening of all local agreements could permit the union to adopt the strategy of harassing one of the firms with a series of local strikes, rather than one nationwide strike.

Delegates at the two conferences are expected to approve the national demands formulated in November at a national conference.

## Auto Totally Wrecked as Truck Cargo Spills

A Waterford Township motorist's car was totally wrecked yesterday when two rolls of steel from a jack-knifed truck-trailer hit his outo on Telegraph road just south of U.S. 10.

The left side of a car driven by Emerson Lange, 26, of 825 Tyrone, was smashed when the steel broke loose from a truck driven by John Novinski of 5952 Gulley Rd., Dearborn, as Novinski tried to bring his rig to a stop.

Oakland County sheriff's deputies said Novinski's truck overturned and the loosened steel pushed Lange's auto partway up an embankment. Neither driver was injured.

CHICAGO POTATOES

CHICAGO, Jan. 13 —Potatoes: arrivals old stock 51, two new stock; on tracks 178 old stock, two new stock; total U.S. shipments 877; old stock supplies light, demand good, and market firm but practically no track trading account of limited offerings, and some sold to arrive at higher prices. New stock supplies very light, demand good and market firm but too little trading to quote, and some sold to arrive at higher prices. Carlot track sales, old stock; Minnesota North Dakota Pontiacs, washed and waxed $2.85.

CHICAGO BUTTER AND EGGS

CHICAGO, Jan. 13 (AP) — Butter steady; receipts 1,349,625; wholesale buying prices unchanged; 93 score AA 57; 92 A 57; 90 B 56.25; 89 C 56; cars: 90 B 56.75; 89 C 56.5.

Eggs steady; receipts 14,659; wholesale selling prices ½ to 1 higher; U.S. large whites 32; mixed 32; mediums 30; standards 30; current receipts 28.5; dirties 26; checks 26.

DETROIT EGGS

DETROIT, Jan. 13 (AP)—Eggs, f.o.b. Dtroit, cases included, federal-state grades:

Whites—Grade A large 37-38, weighted average 37½; medium 33-34, wtd avg 33½; small 29-30, wtd avg 30; B large 34-35, wtd avg 34½.

Browns—Grade A large 36; medium 33; small 30; B large 34; C large 27-29, wtd avg 28.

Checks 26-28, wtd avg 26½.

Comment: Market steady. Overall trading just fair. Jobbing trade slow. Supplies of top quality large fully ample and meeting some price resistance. Demand fair to good on lower priced offerings with mediums, smalls and large grade B's in light supply and short. Uncandled receipts and undergrades clearing fairly well.

## Poultry

DETROIT POULTRY

DETROIT, Jan. 13 (AP) — Prices paid per pound f.o.b. Detroit for No 1 quality live poultry up to 10 a.m.

Heavy hens 20-22, light type 12-13; heavy broilers or fryers (2½-3 lbs); Whites 26-27; gray crosses 30; Barred Rocks 30-31½; heavy ducks 25; caponettes (4½-5 lbs) 29-30.

Comment: Market full steady price wise, but overall trading slow and supplies fully ample. Receipts of both hens and fryers in excess of orders, are difficult to clear and freely offered.

CHICAGO POULTRY

CHICAGO, Jan. 13. (AP)—Live poultry; steady, except barely steady to weak on caponettes; receipts in coops 451 (yesterday 585 coops, 92,476 lbs.); f.o.b. paying prices unchanged; heavy hens 18-21; light hens 13.5-14.5; fryers and broilers 25-28; old roosters 12-12.5; caponettes 25-27.

## Livestock

DETROIT LIVESTOCK

DETROIT, Jan. 13 (AP)—Hogs—Salable 50. Not enough hogs offered to make a market, undertone higher.

Cattle—Salable 200. Slaughter steers and yearlings strong to higher; cows and bulls slow at week's 50 cents to $1.00 lower levels; load high choice 958 lb. steers 28.50. Compared last Thursday: Market fairly active, but spotty; supplies moderate; fair clearance; broad demand choice and prime fed steers and heifers, steady to strong; some late sales unevenly higher; lower grades steers and heifers mostly steady; cows fully 50 cents to $1.00 lower; bulls 50 cents to $1.00 lower; stockers and feeders scarce, firm; bulk good and choice fed steers 24.00-27.00; few small lots and individual head high choice and prime fed steers 28.00-30.00; high prime absent; most sales high commercial and low good steers 18.00-20.00; short load choice 923 lb. heifers 23.50; few head high choice and prime up to 26.00; bulk utility and commercial steers and heifers 13.00-18.00; some cutter kinds down to 9.00; bulk utility and commercial cows 10.00-11.50; canners and cutters mainly 8.00-10.50; late bulk utility and commercial bulls 13.00-15.00; few sales good and choice stockers and feeders 18.00-22.00.

Calves—Salable 100. Vealers about steady. Compared last Thursday: market mostly steady, but less active on top grades; most good and choice vealers 22.00-31.00; few high choice and prime individuals 32.00-34.00, mostly 32.00 and 33.00; utility and commercial 14.00-21.00; cull and low utility 8.00-14.00, not many below 10.00.

Sheep—Salable 100. Market about steady. Compared last Thursday: slaughter lambs uneven, but fully $1.00 higher; utility to choice grade lightweights up most sheep scarce, strong; most good to prime wooled slaughter lambs under 106 lbs. 20.50-22.00; numerous lots at 22.00; 100-150 head choice and prime 90-95 lb wooled lambs 22.25 and 16 head prime lightweights 22.85; utility and low good wooled lambs 18.00-20.00; good to prime shorn lambs, No. 1 and 2 skins, 20.00-20.80; cull to choice slaughter ewes 5.00-9.00.

CHICAGO LIVESTOCK

CHICAGO, (AP)—Salable hogs 10,000 market active, generally 50-75 higher on all weights butchers; full advance on all weights under 230 lb; cows mainly 50 higher; most choice 190-220 lb. 17.50-18.25; mainly 18.00-18.25 on choice No. 1 and 2 grades; around one deck No. 1's 210 lb at 18.50; most 220-250 lb. 16.50-17.50; a few choice No. 1 and 2's around 230 lb. 17.50-17.75; most 260-320 lb. 15.50-16.75; most sows around 400 lb. and lighter 14.75-15.50; larger lots 425-600 lb. 13.50-14.75 early clearance.

Salable cattle 3,000; salable calves 300; prime cattle absent; steers and heifers choice and below steady to 50 lower; cows slow, steady to 25 lower; bulls weak to 50 lower; vealers steady to 1.00 lower; stockers and feeders active, strong; a few loads and lots choice steers and yearlings 26.50-30.00; good to low choice 21.00-26.00; commercial to low good 17.00-20.50; small lot high choice and prime mixed steers and heifers 29.00; good to low choice heifers 20.00-23.50; commercial to low good grades 15.00-19.00; a few commercial cows 12.00-13.00; utility to low commercial 9.00-11.50; canners and cutters 7.00-8.75; utility and commercial bulls 13.50-15.50; good and choice vealers 23.00-29.00; medium and good feeding steers and yearlings 18.00-21.50.

Salable sheep 1,500; moderately active; most slaughter lambs and ewes steady; good to prime wooled lambs 105 lb. down 19.50-21.50; utility to low good grades 16.00-18.50; a few lots choice 115-130 lb. wooled skins 19.00-19.75; three double decks choice and prime 106 lb. fall shorn lambs 20.00; cull to choice slaughter ewes 5.50-7.00.

## 2 Orion Women Hurt as Car Strikes Truck

Two Lake Orion women were injured early yesterday in an auto accident just north of Oxford when their car struck the rear of a truck, according to the auto's driver, Earl Bixby.

Bixby's wife, Bertha, 42, of 355 Park, is listed in good condition today at St. Joseph Mercy Hospital with a fractured knee.

Another passenger, Miss Virginia Baker, 52, of 27 S. Broadway, was treated for cuts. Bixby was not injured.

# Steels Leading Mild Advance

NEW YORK (AP) — Steels were outstanding today in a moderately advancing stock market.

Prices in the early afternoon ranged from 1 to 3 points higher to 1 to 2 points lower.

Trading was quiet on the rise at a rate below yesterday's modest 3,400,000 shares.

**Up with the steels were the oils, radio-televisions, and utilities. Sinking a little were motors and chemicals. The rest of the market was mixed.**

At the opening, the market was mixed in trading that was active enough to put the ticker slightly behind in reporting actual dealings on the floor of the stock exchange. Prices firmed somewhat thereafter with the list presenting a spotty appearance.

Higher stocks included Granite City Steel, Armco Steel, U. S. Steel, Youngstown Sheet & Tube, United Aircraft, Radio Corp., Consolidated Natural Gas, Wilson & Co., Armour & Co., Chesapeake & Ohio, Texas Pacific Coal & Oil, and Texas Gulf Producing.

Latin America: Argentina (free) 7.24, unchanged. Brazil (free) 1.36, unchanged. Mexico 8.02, unchanged. Venezuela (bolivar) 30.03, unchanged.

Far East: Hong Kong dollar 17.80, unchanged.

Scientists estimate there are more species of insects than of all other types of animals in existence.

**OPERA STAR AND FIANCE**—Roberta Peters, Metropolitan Opera star, and her fiance, Bertram Fields, 33, a New York hotel executive, present this happy picture at a theatrical agent's office in New York City after their engagement was announced. They plan to marry sometime in July. Miss Peters, 24, one of the Met's youngest singers, was divorced from opera baritone Robert Merrill in June, 1952.

# Expand Agenda for Supervisors

## Contracts, Insurance to Be Discussed at Special Meeting Jan. 21

Several items have been added to the agenda for the Jan. 21 special meeting of the Oakland County Board of Supervisors in the office building at 1 Lafayette St., according to County Clerk Lynn D. Allen.

They include awarding of contracts for constructing an addition to the County Tuberculosis Sanitorium and considering appropriation of funds for constructing a proposed health center at the county center on Telegraph road.

**Supervisors are also expected to discuss letting a contract for appraisal of all county buildings for insurance purposes.**

Also slated is consideration of moves needed to relieve crowded conditions in county offices. The board is scheduled to probe possibility of employing an acting civil defense director during the illness of Director Lewis C. Jarrendt.

# Credit Union Names Officers at Meeting

Norman O. Ryden was elected president of Pontiac Motor Federal Credit Union at its fourteenth annual meeting in St. Benedict Church Hall. Other 1955 officers are Thomas H. Thrower, vice president; Francis H. Schneider, treasurer and Gordon W. Rice, secretary.

RYDEN

Other directors are Earl R. Stitt, Michael O. Jockwig, Eddie Walker, Paul P. Dowling, Albert P. Hudson and Benjamin P. Pawley. Joy Van Hise was elected to the credit committee and Robbert Poorman to the auditing committee.

The credit union reported assets of $2,051,000 and a net profit of $50,000, with a new all time high of 7,300 depositors. A dividend of four per cent was declared.

# Says New Economy Resistant to Decline

DALLAS (AP) — A Ford Motor Co. spokesman said today American business has proved it has "cross-bred into our economy a resistance to decline."

Irving A. Duffy, of Birmingham, vice president and general manager of the tractor and implement division, made the statement in an address dedicating the new general headquarters of a company distributor.

"Our economy has proven that inflation can be controlled, that even a cold war hypodermic will not throw our economic system completely out of kilter any longer," he said.

## 2 Area Women Injured as Cars Skid, Collide

Two Pontiac-area women were injured yesterday when an auto crashed into their car on M59 west of Cass Lake road, according to Waterford Township Police.

Treated at Pontiac General Hospital were Marcella Ann Johnson, 25, of 2021 Garland, Sylvan Lake, one ofthe drivers, and Sharon Lou Coon, 15, of 49 Dwight Ave.

Mrs. Gladys S. Downer, 48, of 93 Adelaide St., driving west on M59, told police that her car left the road and when she tried to steer it back, the auto skidded into Miss Johnson's car.

The first Lutheran service on American soil was held on Christmas Day, 1619, when a group of Danish settlers, ravished by scurvy, held services on the shores of Hudson Bay before returning to Denmark.

# Business Notes

James F. Fulks of the Ex-Cell-O Corp., Detroit, has been elected president of the Michigan Post of the American Ordnance Assn. Included in the election of officers of the non-profit society was Elisha Gray II, Whirlpool Corp., St. Joseph, second vice president.

In connection with the offering to be made common stock shareholders to subscribe for additional common stock, General Motors Corp. today listed the following agents: J. P. Morgan Co., New York, N. Y.; National Bank of Detroit, Continental Illinois National Bank and Trust Co. of Chicago, and the Bank of America National Trust and Savings Assn., San Francisco and Los Angeles, Calif.

M. F. Rummel, purchasing agent for Pontiac Motor Division will speak on "What the Purchasing Agent Expects from the Supplier" when he addresses the monthly dinner meeting of the Society of Manufacturers Agents Jan. 24 at 58 Lothrop, Detroit. The meeting is scheduled to get underway at 6:30 p.m.

Ethyl Corp. of New York said yesterday it will build a plant at Sarnia, Ont., to manufacture antiknock compounds. The plant will be the first to produce ethyl compounds in Canada.

The Detroit Stock Exchange announced today the election of Lawrence H. Dilworth of R. C. O'Donnell & Co. as president for 1955.

N. J. Anderson has been named controller of the Ford Motor Co. Stamping Division, it was announced today. Anderson, with Ford since 1949, has been controller of the Stamping Division's Buffalo, N. Y. plant since 1952.

Sam L. Stolorow, Pontiac parking lot operator, this week was among 25 other parking operators attending a National Parking Assn. meeting in Washington, D.C. The group drafted and approved a parking code of ethics, discussed employe training, municipal parking and the national highway program.

# *Christmas Tree Still Growing in Pontiac Home*

There is at least one evergreen tree in town that's living up to its name.

A spruce, cut for the Christmas season in a Northern Michigan woods five weeks ago, is continuing to grow in the living room of the Harold T. Jones home at 97 S. Tasmania.

**The six-foot tree, sitting in a regular stand with its base in water, started sprouting new branches around Christmas, Mrs. Jones says.**

"We didn't pay attention at first because we thought they were just buds. But when they started growing we were really surprised."

William Aho, Pontiac city forester, who inspected the unusual tree yesterday, says it is the first time he has seen anything like it.

**He says the new growth probably is due to the fact that the tree had a good supply of food stored in it when it was cut.**

That, combined with the warm atmosphere of the house, is the reason the Jones residence has taken on a woodsy smell and look, he says.

But he predicts the tree will begin fading when the food supply runs out.

In the meantime, the Jones have removed the decorations and placed the sturdy spruce in a bucket of water, marveling over the wonders of nature.

## Hurt in Fall From Car

Linda Rife, 16, of 4180 Chinlot Rd., suffered a knee injury when she fell from a moving car on Cass-Elizabeth Lake road in Waterford Township last night. She was a passenger in a car driven by Wilbert L. Verpooten, 19, of 467 Raeburn St. Miss Rife was treated at Pontiac General Hospital.

# More Leisure Expected for '65

## Official Also Predicts Higher Pay, Increased Output in 10 Years

PHILADELPHIA (AP)—By 1965 the American working man will have more leisure time at higher pay, with increased output, Dr. Grover W. Ensley, staff director for the Congressional Joint Committee on the Economic Report, said today.

In a speech prepared for a luncheon meeting of the 8th annual Forecasting Conference of the Chamber of Commerce of Greater Philadelphia, Ensley made the following predictions for the United States economy in 1965, barring "an overtime economy such as would be expected in an emergency":

**(1) An increase in population of one-fifth—from 160,000,000 in 1953 to about 190,000,000 in 1965.**

(2) A reduction of the average annual hours of work by nearly 10 per cent.

(3) An increase in output per man-hour of 40 per cent in agriculture and 35 per cent in private industry.

(4) An increase in total national output of nearly 50 per cent in constant prices, to about $535,000,000,000 in 1965.

**5) A rise in real disposable income per capita of nearly 30 per cent, to about $360,000,000,000 in 1965.**

He presented his predictions as a summary of the "major findings" of the recent report by the staff of the joint committee.

# Court Dissolves Tax Injunction

## City Now Could Seize Auto Agency Property to Collect Tax

A temporary court order to keep Pontiac from seizing personal property of Matthews - Hargreaves Chevrolet to cover a $2,939.80 city and school tax assessment for 1954 has been set aside.

Oakland County Circuit Judge H. Russel Holland yesterday said he has dismissed the injunction obtained last Nov. 26 by Jack Habel, former operator of the auto agency. Habel leased his building at 22-24 Mill St. to Matthews - Hargreaves in April 1954.

City Treasurer M. M. Ashbaugh informed Matthews - Hargreaves last Oct. 1 that they had replaced Habel in responsibility for payment of the personal property tax.

**When the payment deadline passed, Ashbaugh was stopped from seizing and selling some of the agency's property to pay the tax by the restraining order.**

Dissolving the injunction clears the way for Ashbaugh to take seizure action if he desires. Yesterday he said he was waiting definite word of a rumored agreement between Habel and Matthews-Hargreaves to pay the assessment. "But I can't wait too long," he added.

In dismissing the injunction, Judge Holland cited a law which states, "No injuntion shall issue to stay proceedings for the assessment or collection" of proper taxes.

The case, he ruled, does not warrant "deviation from the general rule."

If the assessment is considered unfair, Judge Holland said, the proper action would be to pay the tax under protest, then sue the city to get a court ruling on the assessment itself.

# Traffic Club to Fete Past Presidents

The 16 past presidents of the Pontiac Traffic Club will be honored at the organization's second annual Past Presidents' Party tomorrow night at the Gingellville Community Center.

Each will be presented with an engraved plaque and an honorary life membership in the club, according to Emil Still, party chairman.

Expected to head the list of past presidents is E. B. Rogers, former Pontiac Motor Division traffic manager, who was the club's first head.

Assisting Still in arranging the affair are Charles Costa, William Fisher and Walter Ward.

## Woman, 52, Found Dead in Car at Camping Area

A Waterford Township woman was found dead yesterday in her auto which was parked in some heavy brush at the Pontiac Recreation camping site, southwest of Pontiac Lake.

Dr. Isaac C. Prevette, deputy Oakland County coroner who examined the victim, Mrs. Jessie B. Humphrey Wilson, 52, of 3300 Elizabeth Lake Rd., said she died of carbon monoxide poisoning.

The body was discovered by Clyde Tottingham of 8059 Gale Rd., White Lake Township, a park ranger, during an inspection of the camping site.

The population of the United States multiplied rapidly after the Civil War, a gain of almost threefold between the years 1865 and 1910.

## Four Injured in Crash at Auburn and Paddock

Four persons were injured yesterday in a two-car accident at Auburn Ave. and S. Paddock St.

Reported in fair condition at Pontiac General Hospital is Mrs. Margaret Franklin, 43, of Flint, who suffered cuts and a fractured pelvis while a passenger in an auto driven by Sarto J. Doyon, 46, of 80½ S. Paddock, who was treated for minor injury. Also treated was his wife, Ruby, 43.

Admitted to St. Joseph Mercy Hospital for head cuts was Ethel Morse, 30, of 100 Mechanic St., who, was a passenger in the auto driven by her husband, Clell L., 37.

Patrolman Medford Pittman quoted witnesses as saying the Doyon auto was attempting a left turn when struck by Morse's car.

# Power Bills Cut 5 Pct. for REA Customers

WASHINGTON (AP) — The Rural Electrification Administration said today there was a 5 per cent drop in 1954 in the unit cost of electrical power furnished residential users by rural power concerns which it financed.

The cost was said to have averaged 3.06 cents a kilowatt hour compared with 3.22 cents in 1953.

The REA reported also that such users increased their use of electricity last year an average of 13.9 per cent.

The agency said its borrowers added 38,700 miles of lines and 151,000 new consumers last year. Loans approved for rural power projects totaled 171 million dollars compared with $144,200,000 in 1953.

# GOP Dinner Tickets on Sale Tomorrow

Tickets for the annual Oakland County Lincoln Republican Club banquet Feb. 9 will be available starting Friday, according to Mrs. George Brown, publicity chairman.

The $2.75 tickets are being handled by Assistant Prosecutor Donald A. Brown in the county's south end and County Clerk Lynn D. Allen in the north.

U. S. Secretary of the Interior Douglas McKay will speak at the dinner at 6:30 p.m. in the Waterford CAI Building. General chairmen for the event are Mrs. Floyd Andrews and Mrs. Paul Jans, both of Clarkston.

## Classes Are Scheduled for School Custodians

Oakland County school custodians this month will have the opportunity to attend Michigan State College school custodianship classes in Pontiac.

Two sets of classes will meet at the Wilson School Jan. 17-20 and 24-27. One set will be conducted from 10 a.m. to noon, the other from 7 to 9 p.m.

Under the direction of Julius Barbour, the course will provide 30 clock hours of training towards the certificate offered to qualifying custodians by MSC and the State Dept. of Public Instruction.

The classes have been arranged by the Pontiac Board of Education.

## Waives Examination on Narcotics Charge

John Laing, 45, of Ypsilanti waived examination yesterday on a charge of possession of narcotics when he appeared before West Bloomfield Township Justice Elmer C.

# New Show to Feature Inventors and Wares

HAPPY FAMILY—The Robert Sterlings are all one happy family of stars. Robert and his wife, Anne Jeffreys, are teamed weekly on TV's "Topper" series, and their five-month-old son, Jeffreys Hart Sterling, is star of the household every day. Here they try to get a look at his two teeth.

## 'The Big Idea' Starts in March

### Philadelphia Program Has Brought Success for Many Gadgets

PHILADELPHIA (INS)—Necessity has long been known as the mother of invention, but she's getting a valuable assist these days from a mello-voiced personality who uses the television screen as a showcase for genius.

He is Donn Bennett, creator and mastermind of "The Big Idea," a TV show which has mushroomed into a gigantic market place where industry meets the inventor and his wares while the public watches.

**The weekly "live" half-hour, to be syndicated nationally on film in March, has been a Philadelphia favorite since 1949, during which time it was attracted inventors and their brainchildren from all over the world.**

To date, Bennett has communicated with some 25,000 inventors, and interviewed about half of them. Only four are televised each week, and records show that better than three of the quartet meet with some success.

That's a whopping proportion, compared to U.S. Patent Office figures disclosing that only a meager three per cent of patented inventions each reach the market.

**One of the program's top success stories is that of Lloyd Rudd and Cy Melikian, who went to Bennett with the idea of a hot coffee vending machine. They parlayed that appearance into a business now grossing around $6 million a year.**

First approaching that financial epic is the story of a biochemist from New Zealand whose big idea remained just that for 32 years, until he got in touch with Bennett.

The invention is a "garbage digester" conceived by Dr. G. H. Earp-Thomas, of Wellington. The device, which treats waste with bacteria and converts it into fertilizer, is now on sale throughout the world.

The types of inventions demonstrated are as varied as the persons who brought them into existence.

**There was a priest with a coin-sorter; an airline engineer with a vacuum cleaner; a boy with a bicycle lock; a secretary with a blouse clip; a bank official with a safe-deposit box identifier; a fireman with a "fireball" Christmas tree ornament which doubles as a fire extinguisher; a garage mechanic with a new tire chain.**

The program has won praise from inventors and industry alike. More than 6,000 firms—from small shops to huge corporations—have consulted Bennett about inventions shown on "The Big Idea."

Sometimes inquires want ideas. Like the pneumatic tool maker who wanted to convert a pneumatic riveting gun into a nailing machine. Bennett aired the problem on his show, and within two weeks he had 1,500 replies.

**It's jobs like these that keep his staff working overtime, and have converted the TV show into an institution.**

**Inventors do not fall into any special class, Bennett said, except that they all possess a zeal and perserverance.**

"But," he added, "they generally are poor salesmen and don't know what to do with their inventions, or haven't the facilities to market them once developed."

Sometimes success is immediate, as was the case of Michael de Gemma, of Massapequea, L. I., whose non-spilling water paint palette was taken up by a manufacturer three days after his TV appearance.

Some inventors don't care much about the money. Said Bennett: "They're just satisfied they invented something that works."

SGT. FRIDAY TAKES WIFE—Former Actress Dorothy Towne sips champagne from a huge glass held by her new husband, television star Jack Webb. The happy couple was married in a private ceremony in the penthouse of the Ambassador East Hotel, Chicago.

## Advises Against Censoring TV

### Higgins Recommends That FCC and Stations Regulate Beer Ads

LANSING (UP)—A Senate committee today recommended the state drop any attempts to censor beer and wine advertising on television.

It recommended the state leave that problem to the Federal Communications Commission and to self-censorship by the stations.

**The report was filed by former Sen. George N. Higgins of Ferndale, who conducted hearings last summer into demands for a state law regulating TV ads.**

The committee grew out of the Senate's refusal to pass the House's McCune Bill a year ago to ban television advertising of intoxicants.

Higgins said he was told by federal officials that television advertising was in interstate commerce and could only be regulated by federal agencies.

Stations should be allowed to regulate themselves until it becomes apparent their measures are ineffective, Higgins said.

**He cited nine stations which he said had signed commitments to stop showing beer drinking. These he listed as WJBK-TV, WKOZ-TV, WPBN-TV, WJIM-TV, WOOD-TV, WNEM-TV, WWJ-TV, WXYZ-TV and WILS-TV.**

The commitments were made last October, Higgins said. Since then, he said, there have been only isolated instances where violations have crept in advertently and the stations have taken immediate steps to stop it.

One station, he said, cuts out of films pictures of persons opening beer bottles. He expressed hope other stations will follow suit.

### 3 Freshmen State Dems Named to 5 Committees

WASHINGTON (UP) — Three freshman Democrats from Michigan were assigned to five committees in the House of Representatives yesterday.

They were Reps. Martha W. Griffiths and Rep. Charles Diggs Jr., both of Detroit, and Rep. Donald Hayworth of East Lansing.

Mrs. Griffiths was placed on the banking and currency committee and the government operations committee. Diggs was assigned to the Interior and Insular Affairs Committee and the veterans affairs committee. Hayworth was placed on the Interstate and Foreign Commerce Committee.

### Firemen Reap Reward

BRIDGEPORT, Conn. (UP) — Firemen doused a small kitchen fire as a group of women were preparing a church dinner. They saved the turkey and were invited to the affair.

### Pop Threw a Natural

TOPEKA, Kan. (UP)—Seven is the lucky number of the Edgar Dean's baby daughter. She was born at 7:07 p. m. on the 7th. Her weight? Seven pounds, seven ounces.
