| 9 p.m. ... 28  | 10 a.m. ... 8 |
| 12 p.m. ... 22 | 1 p.m. ... 13 |

Everything was on the skids today. The mercury skidded 43 degrees in a day and hundreds of motorists and scores of pedestrians skidded their way to work. And to make matters worse, the Weather Bureau said things aren't through skidding.

After experiencing a rare high of 51 degrees yesterday at 8:30 a.m., Pontiac area residents shivered after a 24-hour 43-degree drop to a spine chilling 8 degrees this morning.

On top of this, came a wind-whipped blizzard last night which dumped nearly three inches of snow and drizzle on rain soaked pavements and sidewalks. The rain was part of a two-day lull of spring weather which followed a 10-day plague of zero temperatures.

The thermometer will continue to skid downwards, the bureau said, until a near zero low of from five to one degree is reached tonight.

The high tomorrow is expected to climb slightly to around 14 to 18 degrees. Thirty m.p.h. winds are expected to add an extra arctic blast. The cold will continue Thursday night with a low near four degrees.

No new snow was forecast to accompany the dropping temperatures, the bureau said.

Law officers in the area reported just a handful of accidents, involving mostly bumped fenders, as ice failed to give way to nightlong efforts of road crews.

## SALT FAILS TO HELP

Both the Oakland County Road Commission and the City's Department of Public Works said some 500 tons of salt were failing to make much headway clearing ice because of rapidly falling temperatures.

"Generally slippery" was the report from both offices, as some 200 men worked around the clock to remove the snow and ice.

Last night's strong winds and snow put 375 Michigan Bell telephones out of service, a company spokesman said today. Eleven cases of ice-coated cables caused disruption of service in Pontiac, Drayton Plains, Commerce Township, Walled Lake and Clarkston.

## BUSES DELAYED

An official of the City Bus Lines, Inc. said service was 11 minutes behind schedule due to the icy conditions.

The severe snow was confined to a belt across Southern Michigan extending north to about a line from Saginaw to Muskegon.

Bus service into the Detroit area was three hours behind as traffic snarled in the vicinity of the Irish Hills where huge trucks jackknifed across the highways.

In other parts of the country, rivers and streams in western and central New York were spilling over their banks after heavy rains and melting snow. This is now changing to ice and snow.

Back in Pontiac, the lowest temperature preceding 8 a.m. in downtown was 10 degrees. The mercury registered 12 degrees at 1 p.m.

## All First Class Mail by Air for 5 Cents?

WASHINGTON (INS) — Postmaster General Arthur Summerfield, who couldn't get Congress to buy a four-cent stamp in four years, is trying to sell one today costing five cents.

One of Summerfield's selling points for increasing the cost of mailing a first-class letter is that he will do away with the airmail stamp. All first-class mail, whenever possible, would be sent by air.

Congressional sources said the Eisenhower administration is sounding out opinion on the idea of a five-cent first class rate.

Georges Newport will close Thursday at 2:30. To get ready made goods and hire more help for our big \$200,000 stock disposal sale.

## Monaco Hails New Princess

# Girl Born to Grace

MONTE CARLO (U) — Grace Kelly, Princess of Monaco, gave birth at 9:27 a.m. today to a dark-haired blue-eyed daughter weighing 8 pounds 2 ounces.

"The delivery went very quickly and in a normal way," said a medical bulletin signed by three attending physicians.

"Her Highness the Princess and the child are doing very well."

The bulletin added that the baby was "perfectly constituted."

A booming 21-gun salute announced the arrival of Princess Caroline Louise Marguerite, first child of reigning Prince Rainier III and the 26-year-old Hollywood movie star he married last April 18-19.

Princess Caroline — as she will be called — will succeed her father

on the throne of the 367-acre Riviera principality unless a son is born later to the royal couple. The 33-year-old Prince himself reportedly wanted a girl.

Monacans were jubilant at the baby's birth. If Rainier dies without an heir, Monaco becomes a French protectorate and its 4,000 citizens become subject to France's high taxes and military draft. Monaco's taxes now are negligible and its military service nil.

The news set off celebrations, the ringing of Monaco's 14 church bells and champagne toasts all over town. The telephone system

## Can Be U.S. Citizen

WASHINGTON (U) — The State Department says the daughter of Princess Grace and Prince Rainier of Monaco may become a U.S. citizen if the parents wish.

was swamped with calls from Monacans demanding further news from anyone they could get on the line.

## CANNON BOOMED

The tiny port of the 367-acre Riviera principality echoed with the booming cannon shots and piercing yacht sirens, including blasts from the big yachts of shipping magnate Aristotle Onassis and British motor magnate Sir Bernard Dicker.

It was a gray, misty morning. Crowds of Monacans and tourists gathered in the cafes and tensely counted the cannon shots. A boy child would have gotten 101 shots.

The baby was delivered by Paris gynecologist Emile Hervet and a (Continued on Page 2, Col. 6)

## Suggest Mesick Dem as State School Head

MESICK (U) — William E. Baker, superintendent of Mesick schools, today acknowledged reports placing him in the Democratic race for State Superintendent of Public Instruction, but took a "wait and see" attitude on developments.

Baker last fall was Democratic candidate for United States Congressman from the Ninth District. Today he said he knew many persons were recommending him as Democratic candidate for the state school post, but presumed Lynn M. Bartlett assistant superintendent at Grosse Pointe, would run again and be nominated. Bartlett was the Democratic candidate two years ago.

"I certainly will not stand in his way," Baker said. "Beyond that, I haven't even thought about it."

## Polio Shots for Royalty

LONDON (INS) — Queen Elizabeth has followed the example of 200,000 other British mothers and had her children inoculated against polio. Prince Charles is eight and Princess Anne is six.

## City's '57 Budget Given Approval by Commission

## Tax Rate of \$13.70 Should Remain Static, Says City Manager

The 1957 budget of \$5,381,779 was written into record last night by the Pontiac City Commission after no objections were voiced during a public hearing.

A near-empty chamber containing only five persons greeted city commissioners. Only one question was raised on the record expenditure, and that was a request to have the budget read.

City Clerk Ada R. Evans read the annual appropriation ordinance which outlined that \$3,424,990 of the budget would be raised by 1957 general taxation.

City Manager Walter K. Willman had outlined earlier that \$1,616,217 would come from sources other than taxes, while the balance of \$340,571 would be derived from the city's unappropriated surplus.

Willman reiterated to commissioners last evening his belief that residents probably could expect the \$13.70 per thousand of assessed valuation tax rate to continue this year. He said the city had been able to cut the rate down from its 1950 high of \$13.95 due to increased assessed valuations.

Commissioner Floyd P. Miles (District 4) offered the resolution which formally approved the budget, which is \$245,500 over the 1956 plan.

"The city manager and his staff are to be commended on this budget," Miles said, "for being able to carry out all the necessary projects and still stay within the tax rate."

Final determination of the tax rate is reached after the city's Board of Tax Review meets in March and the equalized assessed valuations are determined.

## Two Children Killed in Fire

## Harbor Beach Mother Loses Frantic Attempt to Save Tots' Lives

HARBOR BEACH (U) — Two small children died today in a fire at their home when one ran back inside while the mother frantically attempted a rescue.

The victims were James Sands, 4, and Kathy, 2, children of Mrs. Anita Sands.

Mrs. Sands suffered serious second and third degree burns. She was carrying the children from the burning house two miles west of Harbor Beach when Kathy slipped from her grasp.

Mrs. Sands ran outside with James, then dashed back for the little girl. James followed his mother inside and died in the flames as Mrs. Sands was driven back.

The children's grandfather, William Plotter, 56, said he had gone to the barn to do his chores and looked out to see the small frame home ablaze.

He suffered face and arm burns trying to get to the house. He said he did not know what caused the sudden fire.

Mrs. Sands was divorced from her husband, James. He was reported living in Detroit or in Tennessee.

## They Were Lucky Ones

CRASH SURVIVORS — Wrapped in blankets against a driving snowstorm, survivors of the crash of a Navy transport plane two miles southwest of Willow Run Airport await transportation to a hospital. One Naval officer was killed, but six others aboard miraculously survived as the plane, carrying the body of a former Pontiac resident, crashed and burned last night.

## R5D Carrying Body of Former Local Resident

## Six Survive as Navy Transport Plunges and Burns in Snowstorm

The body of a Naval Reserve pilot rode another plane into a flaming crash last night, turning a funeral trip for the former Pontiac resident into another tragedy.

Lt. Cmdr. Charles R. Walton's body was on board the Navy R5D four-motored transport which crashed in a snowstorm near Willow Run Airport last night.

Killed in the crash was Coast Guard Lt. Cmdr. William Sale of San Diego, Calif. He died en route to the University of Michigan Hospital in Ann Arbor.

Six crewmembers of the plane survived the crash, which occurred as the plane was making a radar approach to a landing in the snowstorm.

Walton died Sunday when his jet fighter locked wings with another just prior to landing at a New Mexico base.

His body was being returned for funeral services, which will be held at 11 a.m. Thursday in the Bell Chapel of the William R. Hamilton Co., Birmingham. Burial is to be at Oak Hill Cemetery, Pontiac.

The plane was just two minutes from the airport when it struck the abutting edge of a gravel pit and burst into flames. The fuselage slid 100 feet as flaming wreckage scattered over a snow-covered area the size of a large city block.

## BRILLIANT ORANGE

"The sky was lit up by a brilliant orange from the flames near the gravel pit," said James Shea of Ypsilanti.

Shea was watching television with his family when they heard a "loud thud."

"I ran to the door and flung it open," he said. "It was like daylight outside. As I ran from the house toward the bright light I heard someone yelling for help. When I saw what it was I ran back to the house to get help."

Shea called Ypsilanti and Willow Run Fire Departments and the Ypsilanti State Police Post. His daughter, Margaret, 17, and a son, James Jr., 18, ran to the plane and gave aid to the injured. The six survivors managed to escape through an auxiliary hatch on the side of the plane.

Rushed to Beyer Memorial Hospital (Continued on Page 2, Col. 2)

## Waterford Pump Fee Explained by Engineer

In Tuesday's Pontiac Press story on the \$5,812,000 water system under study for Waterford Township, it was incorrectly said that there would be a monthly \$1 pump fee, in addition to the \$2.85 monthly water bill if the system were installed.

Actually, the \$1 would be the approximate saving to homeowners now paying this much to run their electric pumps, Felix Anderson, of the engineering firm said.

## Seeks Peace on Pacific Isle

## 'U.S. Traffic Is a Ratrace'

SACRAMENTO, Calif. (U) — "California is getting too darned crowded," complained Herbert E. Kurtz, 45-year-old civil engineer, as he headed for San Francisco today to stow 1,000 pounds of gear on a Tahiti-bound ship.

He said he would sail Jan. 30 on the New Zealand ship Waitomo.

He said as he plans to find a Pacific island, grow vegetables and take life easy.

His plans call for negotiating with the French government for the purchase or lease of an island in the Tuamotu Archipelago, about 300 miles north-east of Tahiti.

Mrs. Kurtz plans to follow next year if everything works out.

How come a landlubber like Kurtz—presently on leave from the U.S. Forest Service—is going to sea? "Just look at the traffic. This is a ratrace," he commented.

## The Perils of Snow, Plus Wheels

SNOW CASUALTY—Just another car that didn't quite make it through this morning's heavy blanket of snow—the scene above was repeated often this morning as local motorists inched

along slippery highways on the way to work. The remnants of yesterday's unseasonal rain formed a treacherous base for last night's 3-inch snowfall.

## Glad I Did It, Says Bomber

Only Regretted Injury to Victims; Now Awaits Psychiatric Exam

NEW YORK (AP)—George Metesky, the Mad Bomber, was in Bellevue Hospital today awaiting psychiatric examination. His 16-year reign of terror was at an end.

The court order committing the 54-year-old bachelor came less than 24 hours after police arrested him at his Waterbury, Conn., home.

"I'm glad I did it," Metesky said with a smile late yesterday as he was brought from Waterbury to New York City for arraignment.

A crowd of 300 persons, including some 150 newspaper, television and radio representatives, watched Metesky climb out of a police car. He was handcuffed between two detectives.

The smile never left his face. He appeared to enjoy immensely the fuss being made over him.

"Are you sorry you did it?" someone shouted.

Metesky's blue eyes twinkled. "Yes," he laughed, adding: "I'm sorry I injured people, but I'm glad I did it."

After his arrest, Metesky signed a statement admitting he was the bomber who had planted 32 bombs in public places since 1940. Twenty-two exploded, injuring 15 persons, one seriously.

The tall, balding Metesky was quoted as saying he never had intended to kill anyone and felt "hurt" whenever he read one of his devices had injured anyone.

He unleashed his bomb planting campaign, he said, to point up what to him was lack of compensation for an industrial injury 25 years ago.

He was taken to court on charges of felonious assault, malicious mischief and violation of the Sullivan Law, meaning the possession of dangerous weapons such as bombs. Bond of \$100,000 was set. He had voluntarily waived extradition from Connecticut.

The three counts could carry a maximum sentence of 42 years but could easily stretch into several life terms if he is tried and convicted separately for each of the 32 bomb plantings he admits.

## Police Suspect Suicide in Shooting of Mother

A 29-year-old mother of two children was found dead of a gun wound police believe was self-inflicted in her West Bloomfield Township home Tuesday afternoon.

Mrs. Rosilee J. Ketchum's body was discovered in a bedroom by her husband, Elmer, when he returned to their home at 1906 Saronia lane. She reportedly had been despondent and under treatment for a nervous condition.

Investigating Oakland County Sheriff's detectives said the Ketchum children, one and two years old, were asleep in another bedroom when the incident occurred. A .22 caliber rifle was found lying across the woman's body.

## Struck While Crossing, Man's Condition 'Good'

Pedestrian Edward J. Aerbersold of Tecumseh was reported in good condition today at Pontiac General Hospital after his left leg was injured when he allegedly darted in front of a moving auto Tuesday, police say.

Driver of the auto, Stanley John Vitasinsky, 82 Franklin Blvd., told officers Aerbersold ran in front of the car after hesitating in the center north-bound lane while attempting to cross Telegraph road.

## Buses Serve Perry Park

City Manager Reveals Coaches Resumed Runs Following Complaints

City Manager Walter K. Willman informed the City Commission last night that because of numerous complaints, the City Bus Lines, Inc. had restored service to aid residents in the Perry Park Subdivision area.

The schedule will be beginning next week: Weekdays on 30-minute intervals from 5:15 a. m. until 5:55 p. m.; Saturdays on one hour intervals from 7:45 a. m. until 6:20 p. m.; and on Sundays on two hour intervals from 8:20 a. m. until 8:50 p. m.

Willman said the firm would operate these runs for a two-week trial and submit a report back to the commission. He emphasized that the route was dropped because of lack of patronage.

## Grace Gives Birth to Girl at Monaco

(Continued From Page One)

Monacan colleague, Charles Bernasconi.

WANTED BOY

"Oh, shucks, I wanted a boy," John B. Kelly, father of Princess Grace, said in Philadelphia when told the news. "That's six girls now."

Kelly had five granddaughters before the latest addition.

"Is the princess all right?" he asked. "I guess I'll be hearing from Margaret soon."

Mrs. Margaret Kelly, Grace's mother, is in Monte Carlo.

The Prince and the beautiful Philadelphia actress first met on the French Riviera in January 1955 while she was attending the Cannes Film Festival. Rainier visited the United States in December of that year and won her heart. Their betrothal was announced Jan. 5, 1956.

Their wedding celebration was a gala affair of fanfare and pageantry which drew one of the century's biggest assemblages of reporters. After the religious ceremony in the Monaco cathedral April 19, the couple honeymooned on the Prince's yacht.

The name Caroline was picked by the prince in memory of the wife of his great-grandfather, a woman of strong character who still is well remembered in the domain. She traced her ancestry back to Louise de Marillac, who was canonized in 1920 and founded the order of the Daughters of Charity of St. Vincent de Paul.

SCHOOLS DISMISSED

The baby was weighed on scales brought by Mrs. Kelly from the United States.

The swank hotels and the gambling casino immediately broke out the red and white flags of the principality.

Crewmen on Rainier's yacht decked the gleaming white vessel with bright pennants. Other vessels in the harbor followed suit.

Shortly after his daughter arrived, Rainier went to his personal chapel to give thanks. He declared a national holiday tomorrow for his happy country.

Schools were dismissed for the day.

Printers started to roll off posters to plaster all over town.

The Monte Carlo casino's game rooms opened as usual at 10 a. m., but with the birth announcement they were quickly deserted. Everyone headed for the bar to toast the new princess.

## The Day in Birmingham

## Dr. Robert C. Page to Be Here Thursday, Friday

BIRMINGHAM — The second of Town Hall's January speakers will be heard at the Birmingham theater, Thursday, beginning at 11 a. m. Dr. Robert Collier Page will address local audiences Thursday and Friday on "Constructive Medicine."

A native of England, Dr. Page grew up in Canada and came to the United States as a student at the University of Detroit and later to spend his first year at the medical school of Northwestern University. He broke into his studies to return to his homeland as a research assistant at the University of Leeds.

After his work in trying to stop the deaths among silicotic miners, rather than find out "when they were going to die," he came back to Northwestern and in 1935 received his medical degree.

Since that time his work has been largely in the field of industrial medicine, with some time spent with the Armed Forces.

He has gained a wide and favorable reputation in the field of medicine as a writer and author and is a member of numerous medical committees and organizations.

"We may expect a program of unusual interest and information," a Town Hall spokesman says, "when the doctor makes his first appearance in Birmingham. He offers a fresh approach to problems of universal interest, as he deals with the 'whole man' — his adjustment to his home, job and community."

Lt. Cmdr. Charles R. Walton, Service for Comdr. Walton who died Sunday in a jet plane crash near Albuquerque, N. M., will be held from Bell Chapel of the William R. Hamilton company at 11 a. m. Thursday. Burial will be in Oak Hill cemetery, Pontiac.

The 38-year-old flyer, a former Pontiac resident, is survived by his wife, Loretta of Wheaton, Ill., two children, Robert C. and Denise, his father, H. L. Walton of Lake Angelus, and a sister, Mrs. Charles O'Neal of Birmingham.

Mrs. Alice H. Starkey

A resident of the Detroit area for 45 years, Mrs. Starkey, 88, died Monday in Bennington, Vt., where she was visiting. She had been making her home with her daughter, Mrs. Harrison L. Gates, of 618 West Maplehurst St., Ferndale.

Other survivors include two other daughters, Mrs. William G. Toward and Mrs. Eugene Burt, both of Bennington, six grandchildren, five great-grandchildren and two sisters, Mrs. Anita Stecker of Birmingham and Mrs. Mayme Dunn of Minneapolis, Minn.

Service will be held from Bell Chapel of the William R. Hamilton company at 1 p. m. Thursday, with burial in Grand Lawn Cemetery, Detroit.

The division has paid \$870,002 in awards for 13,629 suggestions since adoption of the program in 1942.

Represented in the total were six maximum awards — (\$2,500 each), 14 awards below the maximum but more than \$1,000, and 30 awards ranging between \$500 and \$1,

# Hundreds of Dairymen to Assemble at Romeo Jan. 24

## Leave War-Torn Europe Same Time, Unaware of Same Destination

**AMERICA WILL BENEFIT** — Dr. Gerhard Voigt, his wife Hilde, and their two sons, Heinz Peter, and Reinhard (top photo), were "pushed" out of Europe through Red aggression, however, GM Proving Ground officials are lining him up as a potentially valuable engineer. Dr. Voigt speaks four different languages and holds a de-

gree in mathematics and scientific engineering. All situated in their new home at 711 E. Huron St., Milford, are German-Polish refugees. Stanislaw and his wife Romana, with their three children, Natalie, Paulina and young Stefan. They have learned three English words — "Good people here!"

### Romeo Fire Officials at Training School

ROMEO — In an effort to keep up with the latest practices in fighting fires and handling other emergencies, 10 officers of the Romeo Fire Department are attending Officers' Training School in East Detroit.

The classes are held one night a week for six weeks ending Feb. 14. Each session lasts three hours.

The local Village Council, striving to provide the most modern equipment for the rescue unit, recently authorized the purchase of a 10-ton porta-power lift. It will be used primarily in automobile and farm machinery accidents, Rescue Squad Captain Maurice Foltz said. Other uses, he explained, will be to extricate persons caught in tight places such as pipes, to raise windows and to lift heavy objects.

### Board OKs Lowest Bid

WEST BLOOMFIELD — The School Board here has accepted the lowest of three bids received on \$900,000 in building and site bonds—that of Braun, Bosworth & Co. The funds will finance a new addition to the high school, now under construction, and an addition to Scotch School and a new elementary on Walnut Lake road.

### Farmington Township: Give Engineers OK

FARMINGTON TOWNSHIP — Early this week Albert Gain, township supervisor, notified Pate and Hirm Engineers, to go ahead with cost estimates for the township's proposed water system as originally planned.

This move will eliminate a water authority which has been proposed between the township, the city of Farmington and a part of Southfield Township.

Gain said yesterday that "we can't stall around any longer. The city is already paying off one water bond issue and South-

### Harold Mitchell Elected Director Hold Annual Banquet for Soil Conservation

CLARKSTON — Robert R. Linck, secretary and treasurer of Michigan's Soil Conservation Assn., was guest speaker at the 11th annual banquet of Soil Conservation District at Independence Township Hall in Clarkston last night. He addressed a group of 55, stating that planning and understanding of the area was necessary to insure "every acre to its best use."

The need of soil conservation, he said, is larger and more varied in urban areas because of development of subdivisions. Industrial revolutions the past few years affect farmers most vitally because the more specialization the less is known about all things.

The result, he added is that most urbanites have no understanding of rural people and their needs.

Soil conservation is divided into three parts: education, planning and conservation. Linck stated that in Oakland County the job requires the work skill and cooperation of all to develop the recreation and farming areas to their best ability per acre.

Harold Mitchell was elected County director. Janet Long, Mil-

ford 4-H Club gave a reading. Bill Middleton and Betty Braid of the East Orion 4-H Club presented a farm pond demonstration. The women of the Oakland County Farm Bureau served a turkey dinner.

### Sponsor Dinner in Utica School for Kidd Fund

UTICA — The Teachers Club here is sponsoring a cafeteria style dinner on Thursday in the Senior High School, from 5 p.m. to 7 p.m., in order to finance the Rose Kidd Scholarship.

Mr. Richard Hyman, Chairman of the Scholarship Board, announced that tickets are available from teachers and Utica business places.

Immediately following the scholarship dinner, a basketball game between the Utica Teachers and the Troy Teachers will be held in the gym. Proceeds of this game will also go to the fund.

### Presents Charter, Award at Westacres

WESTACRES — Cub Scout Pack 36 here, meeting at Union Lake School, recently received its charter from Donald Milligan of the Pontiac office. Presentation was received by the Rev. William Grafe of St. Mark Church, sponsoring organization. An "Onward for God and My Country" award was also given.

Cub master Dave Elcher distributed various awards to pack members for achievement.

### Itch of Eczema No Joke

The itching torment of eczema is enough to make anyone wretched and anxious for relief. Sufferers from itch of eczema, pimples, angry red blotches or other irritating blemishes, get Peterson's Ointment, 50c all druggists. One application must delight you or money refunded. Also for itching feet, cracks between toes.

By REBA HEINTZELMAN

Fate seems to have had a hand in bringing two German refugee families all the way from war-torn Europe to the little town of Milford.

The Dr. Gerhard Voigt and Stanislaw Boksa families left Europe two weeks ago, total strangers—boarded the same boat, landed in New York City and took the same train bound for Detroit, and eventually to Milford.

Not once did either family realize that they were both headed for the same town in Michigan, U.S.A.

A casual acquaintanceship was started on-board the ship and both families were happy when they met on the same train, however, they never disclosed to each other their final destination.

When Rev. Charles Ritchey, Presbyterian Church sponsor of the Voigts, and Rev. Robert Bickley, sponsor of the Boksa's for St. George Episcopal Church in Milford, met the two families at Grand Central Station, both were overjoyed. They will live within one block of each other.

Dr. Gerhard Voigt, 47, his wife Hilde, and two sons, Heinz Peter, 16, and Reinhard, 8 were literally "pushed" out of Europe.

The Gerhards first lived in East Germany, where he worked as a scientific engineer with 30 young engineers under his jurisdiction.

As the Russians moved in closer, Dr. Voigt decided to take his family to safer ground—West Germany. The recent uprisings proved to the Voigts that there must be a better place to raise their sons—and again Voigt feared that he would be forced to work as a scientific engineer for the Russians.

They sold everything and through Church World Service, came to Milford. A home was acquired and completely furnished. Clothes were provided and the cupboards were stocked with food.

In perfect English (the doctor speaks four different languages) Voigt said, "We are completely overwhelmed by this America. We had heard wild tales of this magnificent land, but never dreamed they were true."

Officials of the General Motors Proving Grounds plan to interview Dr. Voigt, and hope to employ him at the world-famous testing ground.

Stanislaw Boksa, 33, his wife Romana, 31, and their three children,

Natalie, 7, Paulina, 3, and Stefan, 2, originally came from Poland.

They moved to West Germany when the Russians overran the land, but worked at forced labor in a Red camp before going to East Germany.

The Boksa's, like the Voigts, wanted to raise their children in a land of freedom and the only place they could go from East Germany was back to Red Poland.

When word came that they had been "adopted" by the Milford Episcopal Church, they were overjoyed and left the continent with very few personal belongings.

According to Rev. Bickley, "There is an over-abundance of everything here for these people. Milford residents have certainly taken them to their hearts."

The Boksa's have also found a good friend in Milford, Mrs. Gertrude Dudinski, who acts as their interpreter.

Boksa will begin work at the Hi-Mill Manufacturing plant on M59 as soon as his papers are cleared. "Such kindness and friendliness we have never seen in our entire lives," he said.

### Oxford Out of School After Final Exams

OXFORD — Final examinations this week are concluding semester studies for Oxford High School students. There will be no school for them Thursday and Friday while teachers work overtime correcting papers and averaging marks.

Elementary students of Oxford Area Schools will have a free day Friday while their teachers attend a science workshop at the Daniel Axford School.

### Lathrup Bond Issue Vote

LATHRUP — Citizens here will vote on a \$500,000 sewer bond issue April 1. The funds will provide for storm relief improvements and construction of a sewer interceptor.

### County Births

Oxford — Mr. and Mrs. Larry Bell announce the birth of a son, Robert Larry, on Jan. 9. Grandparents are Mr. and Mrs. Morley Wright and Mrs. Robert Bell, both of Oxford and presently living in Florida.

### Your PTA Is Planning:

## Avondale Event Thursday; Carpenter Club Program

AVONDALE — The Avondale High School PTA meets tomorrow at 6 p.m. in the school. A potluck supper will start the meeting.

Attending families are asked to bring a dish to pass and table service for themselves. Coffee, rolls and butter will be furnished.

Students will present a talent program after the supper and a short business meeting will conclude the evening.

Waterford Township — Mrs. Ina Kent, principal of McVittie Elementary School here, will

### PTA Drafts Proposal on Movie Standards

A committee of representatives from Oakland County PTA Councils met Monday to draft a proposal for higher moral standards for the movies. They contend that the new code adopted by the Motion Picture Assn. of America last December, reflects a lowering of moral standards. If the draft is approved by 15 PTA councils in District 7, it will be sent to the resolutions committee of the State Convention of the Congress, April 23-25, in Traverse City. This convention represents 15 million PTA members in the county.

hold her annual staff luncheon at 12:15 Thursday at the school. The school's PTA will provide the luncheon as a project towards furnishing the kitchen.

Lake Orion — Virgil Foster, executive in the Manito district Boy Scouts will present the overall cub program to parents at a meeting in Carpenter School Thursday.

The new pack to be sponsored by the Carpenter School PTA will have a first training session for volunteer leaders at that time.

Mrs. Wallace Stevens, PTA chairman, and George Rachels, principal of the school, also will be present.

Milford — The first meeting of the PTA will be held tonight at 7:30 at the High School here.

This is an organizational meeting and representatives from Berkley and Oak Park High

Schools will compose a panel for questions and answers from the audience.

Mrs. Mark Goddard, director of district 7, Oak Park PTA, will be the moderator.

### County Deaths

Berkley — Service for Erwin E. Spicer, 74, of 30005 Southfield, who died Tuesday at his home will be held Friday from the Sawyer Funeral Home here at 10 a.m. Requiem Mass will be held at 10:30 from the Shrine of the Little Flower. Rosary will be on Thursday at 8 p.m. The Rev. Fr. Florence will officiate with burial in Franklin Cemetery.

Mr. Spicer is survived by his wife, Charlotte; two sons, Olin E. of Berkley and Charles R. of Southfield; one daughter, Kathryn Gray of Bloomfield Hills; three brothers, Leonard and William of Birmingham and Fred of Pontiac; two sisters, Mrs. Edna Stoll and Mrs. Minerva Book, both of Florida, and seven grandchildren.

### Dial Telephones Are Celebrated at Imlay City

IMLAY CITY — A dinner was held at the Homestead restaurant here to celebrate the coming of dial telephones to this city. Attending this function, sponsored by the General Telephone Company, were about 43 guests consisting of businessmen, village officials and staff personnel of the phone company.

Following the dinner, guests were introduced by Mr. C. D. Lamphier, who is district manager. A presentation of service was accepted by the Village Mayor, E. C. Muzzey.

At the gathering the group had the opportunity to view and discuss the dial demonstration equipment.

### County Calendar

Imlay City — There will be a meeting Wednesday evening at the Imlay City High School of the school administrators of Lapeer County.

## Homer Martin Rallies Support

Ex-Labor Organizer to Talk Federal Order, Answer Questions

ROMEO — Several hundred area dairymen are expected to assemble in the high school auditorium here at 8:30 Thursday evening to hear Homer L. Martin discuss current problems affecting milk producers throughout the state.

Martin, former UAW-CIO international president is now rallying support for his new Dairy Farmers Cooperative Association of Michigan.

During the past year he has acted as advisor to the Fair Share Bargaining Assn. and after a split with its head, Roland Brengle, organized a rival faction, the Fair Share Milk Bargaining Assn.

Martin told reporters that he and his Lt. Sam Bailo, now DFCA secretary, spent last summer studying the dairy farmer's role in the milk industry. He is still advancing the proposition that the farmers power should be mobilized through collective bargaining. This new organization is designed to carry out this objective through a state-wide farmer-endorsed program, he said.

The former labor organizer will lead discussion on the Federal Milk Marketing Order and on current agreements between the Michigan Milk Producers Assn., its members and creameries. He will also answer questions about the state order for price-fixing in the milk industry.

The evenings' agenda will include a report on the formation of a woman's auxiliary of the DFCA. Mrs. A. E. Lloyd of Richmond has been named state chairman of the women's branch of the new organization.

### Appeal Blood Donations Feb. 5 for Rochester

ROCHESTER — Mrs. Russell W. Nowels, Chairman of the American Red Cross Blood Bank for this community, after releasing 14 pints of blood for Rochester residents last week, says the bank is now 92 pints over drawn.

Officials for the bank are hoping the citizens of the area will make an appointment to donate blood on Feb. 5, from 2 to 8 p.m., in St. Andrew Church.

Siren Costs 50c More  
for Ambulance Rider

LOS ANGELES (U)—If you're conscious and you hear the siren in a private ambulance you'll know the trip to the hospital is going to cost you 50 cents more. City officials so decreed in adjusting upward the rates for private ambulance service—from \$10 to \$12 minimum, and from \$2 to \$2.50 for sounding the siren. If it's dark you're stuck again. Extra fees for service after 5 p.m. went from \$2 to \$2.50. A night ride—with siren—will cost a minimum of \$17.

PIZZAMAKE OVER  
HOLLYWOOD HEADLINESGregory Peck Calls Off  
'Thieves Market' Movie

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—The trip to Spain where Gregory Peck planned to film "Thieves Market" is off, temporarily that is. Greg has bought a new property called "The Big Country," which is an all-American story and will be filmed right in the U.S.A. before he does anything about "Thieves Market."

In telling me about it, Greg said, "Willy Wyler will direct, and I play a tenderfoot from Texas. I just closed the deal for the story, and I don't know how you found out about it so quickly."

"We never did have Ava Gardner's name on a contract for 'Thieves Market,' even though everybody printed that she would co-star with me."

Now I am wondering if Ava will come to this country when Walter Chiari is here.

Among the very late arrivals at the cocktail party given by June Allyson and Universal-International at Romanoff's honoring O. W. Fischer were Lana Turner and Lex Barker. I must say it was very profitable because Lex and Ed Muhl made a deal then and there. Lex will have a highly important role in "Stalin Is Alive!" opposite Zsa Zsa Gabor. This is a mystery tale and assumes that Stalin might be alive (heaven forbid!). Russell Birdwell is directing this eerie tale, and Albert Zugsmith will produce it. I am assured it's a strong indictment against communism.

## SIGNS FOR STAGE

Tommy Noonan wires that he's just signed to star on Broadway in "The Joker," by Arthur Sheekman, one of the writers of "Bundle of Joy," in which Tommy appears with Debbie and Eddie.

Says Tommy, "I signed with George Kondolf, producer of 'The Fifth Season' on Broadway, and I'll be directed by Bretna Windust. It's a very funny play about a TV comic in trouble because he can't stop making gags in private life." Anyone you know, Tommy?

Rehearsals start next month and the play opens March 7 in New Haven, and April 2 in New York.

When I was introduced to Anna

Maria Durringer, Viennese stage star, at the O. W. Fischer party, everyone said, "She's another Bergman."

I thought she looked more like the young Marlene Dietrich whom I met first years ago when she came to Hollywood. Isn't bad to look like either one.

Anna Maria starred in Gottfried Reinhardt's "Before Sundown," and she was disappointed that I hadn't seen the picture. She is under personal contract to David Selznick, and if she photographs the way she looks we'll have another star with us.

## SON TO MARRY

Snapshots of Hollywood collected at random: Dennis Morgan's son Stanley Frank Morner (Dennis' real name is Morner), is marrying his college sweetheart, Sally Telford, in late summer. Stanley, 22, is a senior at Occidental and Sally a junior at the same college.

Gary Cooper told me that he ate practically nothing but fish in Europe—and lost pounds. (Not that he needed it). He said he ate three dozen oysters at a time.

Robert Stack had only 24 hours to admire his new baby and then had to go back to San Diego on location.

Bill Lundigan, who took his 19-month-old baby to Washington for the inauguration so she could tell her grandchildren, telephoned long distance to tell me that Stacy cut a molar there.

The sixth Motion Picture Community Breakfast will be held at the Hollywood Palladium Feb. 3, preceded by Mass celebration by his eminence, James Francis Cardinal McIntyre, at the Blessed Sacrament Church. Same day, New York holds its communion breakfast at the Waldorf-Astoria.

## Sal Mineo Registers

HOLLYWOOD (U)—Movie actor Sal Mineo, who observed his 18th birthday Jan. 10, has registered for the draft. Since he is a resident of the Bronx in New York, his records will be transferred there. Mineo started his theatrical career when he was 11. He has appeared in eight films and four plays.

COZY IN THE COLD—With the temperature flirting with zero and wind howling in from the Atlantic, this couple finds a cozy haven from which to watch the waves roll in at Jones Beach, Long Island. Huddled in the boardwalk ventilator are James' Wintermantel, of Scranton, Pa., and Eileen Southwick of Baldwin, N. Y.

Reds Try to Tame  
E. German Students

BERLIN (U)—Hoping to tame its restive students, East Germany's Communist rulers have announced plans for sending some of them into factories and fields one day a week.

Communist party boss Walter Ulbricht said students in the last year of grammar school and the last year of high school would be affected.

"We are interested, he said, 'in having the contact between youth and questions of production and the building of socialism become stronger.'"

Ulbricht said—as he has become—that because the young East Germans are growing up in a Communist society they can't appreciate its advantages over capitalism. The party chief spoke to students at Halle.

Unrest among East German students became acute after the anti-Soviet eruptions in Hungary and Poland. The students have been demanding freer discussions and an end to compulsory studies of the Russian language and Communist theory.

Jonathon Winters Says  
He's Not 'Show Biz'

By EARL WILSON

NEW YORK—Jonathan Winters, take the stand! "I think you're hilarious on TV, but why is it you've been pretty blunt offstage?"

"It's because I'm not Show Biz, Earl. Orson Bean made the statement that all comics are sick and should go to psychiatrists. I've been looking for him to tell him I'm not only sick—but I'm sponsored. 'You don't think you're sick, sick, sick?' 'Oh, I've been told I'm completely off! I tell 'em. 'Why, you fool, don't you know I'm really Mrs. Woodrow Wilson?' To me psychiatrists are just professional sympathizers."

"I heard you didn't like Hollywood? 'Oh I asked one character out there, 'Why do you wear dark glasses at 10 o'clock at night?' I said, 'You're a phony.' He said, 'I did 28 pictures. That takes guts to say what you did.' I said, 'You ain't got pink-eye or anything. Wearing dark glasses at night is just asking for more recognition.'"

"I even heard a nasty rumor that you try to save money?" "You gonna print that? It might hurt me. Yeah, some of the big successful men say I should buy a couple Cadillacs, go in hock for a house, buy me some shoes—not \$18.95 stuff, but \$75 a pair—and be seen in the smart places. They say if I don't I'm acting insecure. I tell 'em this TV business is just full of insecurity."

"You're 31... how long do you think you can last in TV?" "I think a guy has only two good seasons, three at the most. What a frightening thing to think that 1958 I'll be washed up!" "You'll retire then?" "No, they'll retire me. I figure all of us got a great future going back to pumping gasoline."

THE MIDNIGHT EARL... Jeff Chandler's lady fans try to crash his hotel suite here and shower him with love... When twitted about when HE is going to do a single, Dean Martin retorted, "I'm in no hurry to be a flop."

Jerry Lewis' weekly Las Vegas take, solo, was 250's; his top salary there with Dean Martin was \$17,500... RKO asked Susan Strasberg to stay off her motorbike till she finishes "Stage Struck"... Arthur Loew Jr.'s hosting Joan Collins AND her mother around Las Vegas...

Erin O'Brien, en route to a H'wood screen test, was brought back from the airport for more Steve Allen shows... Ethel Waters rejected an offer for a film bio—it didn't have an acting role for her. (Not the type?)... Meg Myles, USO'ing in Africa, got a virus and lost 15 pounds... Clifton Webb's medics ordered him to rest... Sugar Ray Robinson watched Elvis and told him, "Man, you teach me those dance steps and I'll teach you to fight."

Earl's Pearls... An economist says borrowing money is the same as borrowing trouble. Oh, yeah? We can borrow trouble any time.—J. O. Jewett.

WISH I'D SAID THAT: "A smart husband is one who isn't so busy bringing home the bacon that he forgets the apple-sauce."—Quote.

TODAY'S BEST LAUGH: Mark Richman visited a smoky jazz joint where the star was advertised as "Brought here at great expense—\$5,000 bail." "That's earl, brother." (Copyright 1957, The Hall Syndicate, Inc.)

Quickie Meal Team  
to Begin Schooling

Home Demonstration leaders will begin training sessions for the lesson on "Quickie or Thrifty Meals," Mrs. Mary Hixon, home demonstration agent, has announced.

The all-day sessions will begin at 10 a.m. and last until 3 p.m., Mrs. Hixon said.

Lessons are scheduled in the Rochester District at the Avon Township Hall on Jan. 25. The Royal Oak District leaders will gather at Northland Auditorium on Jan. 29. Milford District will meet at Milford Presbyterian Church. Pontiac District leaders will meet

at Independence Township Hall and Holly District will gather at Davisburg Methodist Church. Oxford and Lake Orion will meet in the Veterans Memorial Building in Oxford.

Truckloads of native labor for the big Kariba Gorge hydro project are moving through Northern Rhodesia as contractors build up their labor forces, Lusaka notes.

Bulgarian Production  
Quotas Not Fulfilled

VIENNA (U)—Satellite Bulgaria, like its master Russia, is having to cut back its too-ambitious five-year plan.

The government-controlled Radio Sofia said today that the plan was failing because of shortages of money and raw material. It said Bulgaria's agriculture also had not fulfilled its production quotas in 1956.

"The Soviet Union has helped us with raw materials and also with credits to keep our unemployed off the streets," the broadcast said.

"Now we have had to reduce our national investments in the economy by 750 million leva (about 125 million dollars at the official rate). We must mobilize all our workers reserve to drive up production and also the quality of our products. At the same time we must economize in work, money and materials."

Venezuela's latest livestock census showed 5,674,000 head of cattle, 1,451,000 swine, 397,000 horses and mules, 357,000 donkeys and 1,375,000 goats and sheep.

### Lakes Skipper Dies

PORT HURON — Funeral services were scheduled Wednesday for retired Great Lakes Captain Robert M. Crawford in Fort Lauderdale, Fla., where he died Sunday. Crawford, 68, a native of Port

Huron, retired in 1954 as fleet captain for the Pittsburgh Steamship Division of U. S. Steel Corp., where he served 40 years.

An American firm sold 300 refrigerators at the 1955 Bogota, Colombia, Trade Fair.

### Name Outstanding Man

DETROIT — E. Dawson Fisher, publicity director for the J. L. Hudson Co., was named Detroit's outstanding man of 1956 Tuesday by the Junior Board of Commerce. The 31-year-old Fisher was cited

for personal qualifications and civic leadership when presented with the distinguished service award.

India's Congress has urged the Government to step up output of scientific instruments.

### Jackson to Sell Water

JACKSON — The city of Jackson will sell water at a wholesale cost to the tri-township water authority if a rate acceptable to both can be negotiated. This was decided at a meeting of representatives of Summit, Blackman and

Leonia townships with city officials Tuesday. The three townships are adjacent to the city.

Ceylon's irrigation heads, in Colombo, are buying diesel-powered crawler tractors.

### No Ax Over His Head

ANNAPOLIS, Md. — There was only one dissenting vote when the Maryland House of Delegates belatedly approved the 19th Amendment to the U. S. Constitution which gives women the

right to vote. Orlando Ridout, who cast the only nay, explained his vote this way: "My wife is a native of the District of Columbia and has no vote."

Americans average three tubes of tooth paste per year.

# Thank-You Note Addressed to God

By JOSEPHINE LOWMAN  
I wrote the following with no thought of publishing it. I was simply talking to myself on the typewriter. However, when I read it over several days after writing it, the thought occurred to me that many of you may have felt the same way and that it might therefore appeal to some of you.

"I feel very thankful during many days of each year. However, have a need to express this thankfulness in a special way, by spoken word or on the typewriter, on this Christmas Day.

"Thank You, God, for this life on this earth. Thank You for its challenges, its excitement, its rewards and its happiness. Thank You also for its frustrations, its heartbreaks and its disappointments.

"Life cannot be life and have only highlights, moments of exhilaration, mountain peaks and joy. Living is made up of mountains and valleys, of laughter and tears, of sunshine and storm, of hope and despair.

"It seems to me that the only dread we should ever have is the dread of having nothing matter much any more, of being incapable of either suffering or gladness. Then we will be dead, and only then, on any plane of existence.

**MORE OF THE SAME**  
As to the future, please give me more of the same if You can. I do not mean to indicate a lack of belief in the next existence after this

earthly life is finished. It is just being alive. We probably will continue to build our own individual hells and heavens.

"Thank-you, God, for this life on this earth."

"Perhaps there is an after-life where there will be no problems and therefore no challenges, where we all will be much wiser and therefore much more aware.

"Anyway, thank You for the ability to feel and to think, for the capacity to be bold or afraid, happy or distressed. Thank You for the gift of life!"

As you can tell, this was written by a person who is hopelessly in love with life.

Luxury Gifts

## Lobster a la Newburg Is Yummy

Mrs. Hixon's Typical New England Dish Rich With Cream

By JANET ODELL  
Pontiac Press Home Editor

A transplanted New Englander is today's cook, Mrs. Mary Hixon was born in Massachusetts, but worked for seven years in Maine as a home demonstration agent. Now she is doing the same kind of work in Oakland county.

On the side she is an avid camera fan, is a member of a local camera club and has had her pictures on display. She also likes to refinish old furniture.

Gloucester Lobster Newburg sounds just like the glamorous dish it is. Of course, Mrs. Hixon's original recipe calls for fresh lobster; but you may substitute canned or frozen lobster.

## GLoucester LOBSTER NEWBURG

By Mrs. Mary Hixon  
Meat of 2 medium lobsters or 3 cans (7 oz. lobster)  
4 tablespoons butter or margarine  
1/4 teaspoon salt  
1/4 teaspoon pepper  
1/4 teaspoon nutmeg  
Yolks of 4 eggs  
1 cup light cream  
Melt butter, put in sliced lobster meat and cook slowly for 5 minutes. Add salt, pepper and nutmeg. Stir cream into beaten egg yolks. Stir both into lobster mixture. Stir until thickened. Serve over toast or in ramekins, bubbling hot.  
One-fourth to one-half cup of sherry may be added just before serving. For chorlie watchers add 2 teaspoons flour to the butter and use 1 cup whole milk instead of cream.

## Pair Speaks Vows at First Methodist

Announcement is made of the Dec. 28 wedding of Barbara June Leininger and Stanley K. Hubbell. Her parents are Mr. and Mrs. Harvey Leininger of Clarkston, and his parents are Mr. and Mrs. John Beaudin of Avon street.

The ceremony was performed in First Methodist Church by the Rev. Paul Hart. Fifty members of the immediate families and close friends attended.

Ecuador is adopting the pay-as-you-earn income tax method this year.

## Ann Arbor Festival Set for May 2-5

Six leading singers of the Metropolitan Opera Company, in addition to Leontyne Price of "Porgy and Bess" and Donald Gramm, renowned American bass-baritone, will participate in the 64th Ann Arbor May Festival to be held under the auspices of the University Musical Society May 2-5 in Hill Auditorium.

Eugene Ormandy will conduct the programs Thursday, Saturday and Sunday nights. Thor Johnson will conduct Friday night and Sunday afternoon.

William Smith, assistant conductor of the Philadelphia Orchestra, will conduct Saturday afternoon, and on the same program Geneva Nelson will present the Festival Youth Chorus.

Keeping bread in the refrigerator aids staling, but prevents molding.

## Practical Nurses Plan Card Party

Twenty-six members of Oakland County District of Michigan Practical Nurses Association met Friday evening in the home of Mrs. William Beske of Birmingham.

Plans were completed for a card party to be held Feb. 27 at Pontiac Federal Savings and Loan Building, and members heard the final reading of the constitution and by-laws before being voted for acceptance.

The Feb. 5 meeting will be a joint meeting with the Psychiatric Aides of Pontiac State Hospital.

## Youth Brunch Held

Mrs. Sidney Siegel and Mrs. Reuben Berzon handled arrangements for the brunch held by the Youth Group of Temple Beth Jacob. The recent brunch was served at the temple.

## Gail E. Blanchard Weds in First Baptist Service

In an o'clock ceremony Friday evening at First Baptist Church, Gail Evelyn Blanchard became the bride of Edwin Brooks Cavell III. Mr. and Mrs. Frank W. Blanchard of Wadsworth drive are parents of the bride, and Edwin's parents are Dr. and Mrs. Edwin Brooks Cavell Jr. of Tawas City.

The service was conducted by the Rev. Henry Walsh of First Presbyterian Church, Plymouth.

For the ceremony witnessed by 100 guests, the bride chose a floor-length gown of Chantilly lace and tulle over ice blue satin. The neckline was round and the gown buttoned to the waist in the back.

She wore a white lace headpiece with a pearl trim securing a circular veil. Her flowers were a white orchid and stephanotis on a white New Testament.

Jerry Blanchard, sister of the bride, was her maid of honor. She was gowned in a waltz-length powder blue crystallette featuring a round neckline and a pleated back panel with a bow at the waistline. She wore a daisy headpiece with a small blue veil.

## ATTEND BRIDEGROOM

Paul S. Shoemaker of Detroit was best man. Seating the guests were Arnold Kappeler of Sidney, N.Y., and Richard Sasso of Clinton, Panama.

For the reception held in the church parlors, Mrs. Blanchard wore a steel blue lace dress with pink accessories and a corsage of pink gladiolus.

Mrs. Cavell chose a beige and gold brocade sheath with black accessories and a corsage of pink gladiolus.

The bride changed to a brown suit dress with matching accessories and the orchid corsage from her bridal bouquet for traveling.

On their return the newlyweds

# Ike Sees Prosperity--If . . . !

## Edsel Models Expected to Top Goal of 200,000

SAN FRANCISCO, Calif. (AP) — Richard E. Krafve, vice president of the Ford Motor Co., says the firm has raised its sights on sales of the new Edsel line of cars to be introduced next fall.

Krafve, who is general manager of the Edsel Division, predicted that sales will top the originally announced first-year goal of 200,000 units.

In a speech prepared for the Industrial Economic Conference of the Stanford Research Institute,

Krafve said the 200,000 sales figure given last November when the new car was officially named "was

"Actually," Krafve said, "we expect to do much better. And we have set our sights higher for each succeeding year."

## A. O. Maloney to Head Chrysler Corp. Plant

DETROIT (INS)—A. O. Maloney, factory manager of Chrysler Corporation's Lynch Road Plant since 1952, has been appointed plant

Maloney replaces R. A. Thomson, who has retired. R. K. Kraebber has been named to the newly created position of manufacturing manager at Lynch Road.

## 'Big Inch' Gas Pipeline Explodes in East

YORK, Pa. —The "Big Inch" natural gas pipeline exploded 15 miles northwest of here early to-

There was no immediate word of any casualties. A member of the York Gazette said the explosion occurred three miles northeast of East Berlin, Pa. in an isolated section.

STATE OF MICHIGAN  
In Probate Court for the County of Saginaw.  
At a session of said Court, held at the Probate Office in the City of Saginaw in said County, on the 14th day of January A.D. 1957.  
Present, Hon. Fred J. Borchard, Judge of Probate.  
In the matter of the estate of James A. Presley, deceased. It appearing to the court that the time for presentation

of claims against said estate should be limited, and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said court:

It is ordered, that creditors of said deceased are required to present their claims to said court at said Probate Office on or before the 29th day of March, A.D. 1957 at ten o'clock in the forenoon, said time and place being here-

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in The Saginaw News and The Pontiac Press, Pontiac, Mich., newspapers printed and circulated in Saginaw and Oakland counties respectively and that the petitioner shall, at least four-

teen (14) days prior to such hearing. Because a copy of this notice to be mailed to each party in interest in this estate at his last known address by registered mail, return receipt demanded.

Attested a certified copy.
