Reds Proclaim Rival Lama as Tibet Head

Peiping for First Time Admits to Rebellion in Himalayan Kingdom

TOKYO (AP)—Red China today set up the Panchen Lama — pro-Communist rival of the Dalai Lama—as head of a new regime in rebellious Tibet.

Peiping Radio, acknowledging revolt in the Himalayan kingdom for the first time, announced the abolition of the previous Tibet government nominally headed by the Dalai Lama, 23-year-old god-king.

The broadcast confirmed what various sources in India, Formosa, and Japan have been saying for some time — that the Dalai Lama is with the rebels who rose against the Red Chinese overlords last week.

★ ★ ★

But Peiping asserted that the Dalai Lama was with the rebels only under duress. Peiping carefully refrained from assailing the Dalai Lama, who is the living Buddha to Tibetans.

The shake-up in the land of the lamas was announced by Premier Chou En-lai. He said the Panchen Lama will be chairman of a committee set up for what he called the Tibet Autonomous Region.

ORDERS FROM PEIPING

This committee, as in all so-called autonomous or self-governing regions of Red China, will take its orders from Peiping.

The elevation of the Panchen Lama to head a new regime had been expected. The 21-year-old Panchen Lama long ago threw in with the Chinese Communists.

When the Dalai Lama proved hard to handle after the Chinese Red invasion of 1950, there was much speculation that the Panchen Lama was being groomed by Peiping to take over in Tibet.

★ ★ ★

The Panchen Lama by tradition is the spiritual equal of the Dalai Lama. But he never has had political power.

The Panchen Lama and the Dalai Lama are supposed to be the incarnations of two great disciples of the 15th century holy man of Tibet, Tsong Ka Ba.

The Peiping broadcast indicated that the revolt was still in full swing.

The rebellion broke out nine days ago, Peiping said, with a general uprising in Lhasa against the Communist forces occupying the Tibetan capital on the roof of the world.

ADVISERS BLAMED

Peiping Radio said the Tibetan local army "launched a general offensive against the people's liberation army garrison in Lhasa."

The Dalai Lama's leading advisers among the monks were blamed for masterminding the revolt that broke out in Lhasa.

There have been reports that the rebellion has spread to every corner of the mountain plateau.

Peiping carefully refrained from directly attacking the Dalai Lama.

All Ready for the Easter Parade

PARADE OR BUNNY?—The big chocolate bunny in the basket is as enticing to these two little Commerce Township girls as promenading in the Easter Parade. Both Vickie Ann Huff, daughter of Mr. and Mrs. Frank Huff, 3202 Adele St., and Jeanie Watson, daughter of Mr. and Mrs. Jess Watson, 9090 Pittsfield St., have been told, however, that the rabbit will be waiting for them after the parade.

Rites of Easter Week Near Joyous Climax

By The Associated Press

Easter Week ceremonies today approached a joyous climax with solemn Holy Saturday rites in the Basilica of the Holy Sepulchre at the altar near the scene of Christ's burial and resurrection in Jerusalem.

★ ★ ★

Hundreds of pilgrims and tourists crowded the church within the old walled city shortly after dawn broke on a clear, bright day.

Outside, warm spring sunlight flooded the basilica courtyard as Christians of many creeds from all corners of the globe prepared to celebrate the anniversary of Christ's resurrection.

TAKEN FROM CROSS

At the ornate Byzantine Altar of the Crucifixion, which marks the traditional spot of Calvary, the figure of the crucified Christ was taken from the cross. While the choir, priests, and altar boys sang hymns, priests lifted the crown of thorns and withdrew the three nails.

Atop mountains and in glens, in the open or within the confines of amphitheaters and churches, Americans will celebrate Easter by the millions.

Most of them will mark the holiday in churches but many also will take part in traditional public observances.

Of course the day will bring out paraders in new bonnets and frocks too, and the biggest gathering of these is on New York's Fifth Avenue.

★ ★ ★

Fair weather is expected over most of the nation.

One of the great outdoor observances will be the sunrise service in the Hollywood, Calif., Bowl. There some 20,000 persons are expected to hear a sermon by Secretary of Agriculture Ezra Taft Benson, one of the 12 apostles of the Latter-Day Saints Church.

In Oklahoma's Wichita Mountains near Lawton, other thousands gather for a similar observance. Other dawn or predawn services are scheduled for Boston Protestants aboard the USS Constitution at a Naval dock there; for Moundsville, Ala., at the site of Indian mounds where early American tribes once gathered; for Indianapolis, 300 choristers will greet the sunrise in Monument Circle.

At Sierra Madre, Calif., the Youth for Christ movement will hold dawn services beneath a 45,000-square-foot canopy of Wisteria blossoms.

★ ★ ★

In New York, Radio City Music Hall will be transformed by lighting and other stage effects into a giant cathedral for the Protestant Council's "The Glory of Easter" service.

TO BUILD CROSS

In southern Illinois, there will be a nondenominational groundbreaking ceremony for a 111-foot lighted steel cross to be installed atop 1,030-foot Bald Knob hill at Alto Pass. A crowd of 6,000 is expected.

Mountain amphitheaters will be the setting for services for some 30,000 near Colorado Springs and Denver, Colo.

During the week a helicopter lifted a new cross to the summit of Mt. Rubidoux near Riverside, Calif. It will be in place in time for Sunday services, replacing one burned last fall by vandals.

Methodist Bishop John Wesley Lord will conduct services for more than 12,000 worshipers at the famed Cathedral of the Pines, a national arboreal shrine for all faiths near Rindge, N.H.

For the 18th Easter in a row, Marion, Ind., will stage a community pageant, and thousands are expected to mark the holy day at services atop Mt. Davidson at San Francisco and Halfdome in Yosemite National Park.

Anchorage Rolls Out Carpet for the 59ers

ANCHORAGE, Alaska (AP)—This booming city was in complete surrender today to a weary but happy band of modern pioneers who call themselves the Michigan 59ers.

The 37 men, women and children who came from the Detroit area in a 5,000-mile trek to a new life on this new state's Kenai Peninsula rolled into town Friday.

With them were 7 dogs — no other pets—and 5 strangers they picked up along the way.

Their 17 cars and trucks, 6 house trailers and 2 cargo trailers were packed to overflowing with all of their worldly possessions, including tools with which to carve a living from the wilderness.

Fun-loving, boisterous Anchorage gave them a welcome they'll probably not soon forget.

There was a noisy escort from the outskirts of Anchorage to City Hall, where the 59ers stepped up a red carpet to a greeting by Mayor Hewitt Lounsbury and other dignitaries.

There was a wonderful feast at a modern restaurant and there was friendship all around them.

Ronald Jacobowitz, leader of the caravan, said the weekend would be devoted to rest and to acceptance of only a few of the many offers of hospitality the 59ers have had.

"It's a wonderful group of people we're with and it's a wonderful group of people we have met," Jacobowitz said. "The way our people have worked together getting here, I don't think we will have too much trouble on the peninsula."

The homesteaders will remain together in a cooperative venture on the Kenai, 224 miles from here. They will pool all of their resources, their tools, their labor and their yield.

News Flashes

MIAMI (UPI)—Vice President Richard Nixon said today that the United States will enter a summit conference opposite Russia with U.S. - British relations better than at any time since World War II.

Nixon also told newsmen he believes U.S. prestige and relations with Latin American countries "on the average are better than they were a year ago."

★ ★ ★

FLINT (AP)—A 33-year-old father of six young children was found dead of carbon monoxide poisoning today in his parked car along U.S. 10 near suburban Mt. Morris. He was Carl Lemaster of nearby Millington.

State Police said he apparently had pulled off the highway and gone to sleep with the motor running. Lemaster was an employe of the Chevrolet Parts warehouse here. The oldest of his six children is 10.

Nixon, in Miami, Buys Groceries Like Good Hubby

MIAMI, Fla. (AP)—Vice President Richard M. Nixon is in town again, this time for an Easter vacation.

He stirred a mild commotion Friday when he and a friend, C. G. Rebozo, shopped at a supermarket.

One housewife who was present said Nixon acted "just like any good husband buying the groceries for the family."

Nixon was also seen strolling the beach in bathing trunks, occasionally tossing a football with secret service men.

City to Hail Risen Christ Tomorrow

The story of Christ's Resurrection will be hailed in Pontiac churches Easter Sunday, with song, sermons, plays and pageants.

Choirs will sing the joyful "Alleluias" and long-rehearsed anthems and cantatas.

On Sunday morning families will attend church and sing together age-old hymns such as "When I Survey the Wondrous Cross" and "Christ, the Lord Is Risen Today."

★ ★ ★

Church-goers will listen to junior, senior and adult choirs sing familiar melodies as "The Holy City," "Open the Gates of the Temple" and "I Know That My Redeemer Liveth."

Altars and sanctuaries will be decked with lilies, and other plants will emphasize the triumphant day. Families will remember loved ones by sending flowers to the church of their faith.

★ ★ ★

Easter Sunrise services will begin long before dawn. The earliest services are scheduled for 5 a.m. at both the St. John Methodist and Liberty Baptist churches.

Young people will be in charge of most early services with ministerial students bringing the Ressurrection message.

Mass will be celebrated in all Catholic churches at the regular hours of Sunday Mass except at St. Vincent de Paul where a High Easter Mass will be sung at 10 a.m.

Easter is a time of joy following the 40 days of Lenten fasting—a day in which Christians proclaim the majesty of Christ.

Housing Construction Jumps in February

NEW YORK (AP)—February was a banner month for new housing, a construction news firm reported today.

★ ★ ★

Contract figures compiled by F. W. Dodge Corp. showed an all-time record for all types of construction—18 per cent above February 1958.

"By far the strongest element in February was housing," said George Cline Smith, Dodge economist. The number of new dwelling units covered by contract during the month was 85,206 or 44 per cent above the previous February.

★ ★ ★

All construction contracts totaled $2,307,037,000 compared with $1,953,422,000 for February 1958.

Nearly every major category rose above last year's level.

Easter Bonnets to Glow Under Sunny Skies

Easter bonnets will bloom under sunny skies in Pontiac, the weatherman promises.

★ ★ ★

Temperatures in the city will reach a high of 48 tomorrow, with some cloudiness.

Today will be sunny and cool with a high of 42. It will be fair and cool tonight with a low of from 20 to 26 degrees.

Light northeasterly winds tonight are expected to become southerly Sunday.

★ ★ ★

An outside chance exists that it will rain late Sunday.

Some sections of the country won't have it so good. Showers on Easter, expected from Nevada to the Rockies will be joined by snow flurries in the mountain areas of Colorado and Wyoming, it was forecast.

And showers will dampen the nation from Eastern Texas into Georgia.

The lowest recorded temperature in downtown Pontiac preceding 8 a.m. was 20 degrees. The mercury rose to 35 at 1 p.m.

Sub Achieves Missile Range

Nuclear-Powered Skate Surfaces Through Ice Near Enough to Russia

WASHINGTON (AP)—The nuclear submarine Skate is heading homeward today after dramatically proving that atomic subs can maneuver under Arctic ice within missile range of the Soviet Union any time of the year.

★ ★ ★

The Navy said the Skate had completed a 12-day voyage under the Polar ice cap—and in the process smashed through the ice several times to come to the surface.

The Navy mentioned only the scientific aspects of the trip but the military significance was obvious.

The 267-foot submarine surfaced 10 times during its 3,090 polar journey—either in open rifts in the ice or through thin spots in the ice pack. Once, on March 17, the Skate surfaced exactly at the North Pole.

FULL DATA TO COME

The Skate, which made a similar trip last summer, is now headed for New London, Conn., the same base from which it departed several weeks ago. Until it arrives there April 6 full details of the voyage will not be known.

★ ★ ★

The Navy insisted the trip was a "scientific exploratory voyage" to obtain data on under-ice conditions in winter temperatures and to chart the bottom of the Arctic Ocean.

All this, of course, is information that would be vital for wartime use of missile submarines, which are expected to join the fleet late next year.

Fuel Sprays 2 Couples Seconds Before Blast

By DICK SAUNDERS

A Good Friday explosion that ripped through a two-room Troy garage apartment killed one man, critically injured two women and left another man near death today at St. Joseph's Mercy Hospital.

Dead is Harry Fogus, 25, of 6910 Montclair St. Near death is Ralph LaBarge, 31, of 6735 Montclair.

Their wives, Mrs. Fluvanna Fogus, 20, and Mrs. Yvonne LaBarge, 27, were reported in critical condition at the hospital, with second and third-degree burns covering 20 per cent of their bodies.

Seconds before the explosion, a small oil burner in the room broke and sprayed oil over the couples, igniting instantly and turning the room into an inferno. The two men, their clothing soaked with oil, were transformed into torches.

The couples were at the Fogus residence preparing a converted two-car garage for summer living quarters.

Mr. and Mrs. Fogus and their two children, Dean, 1, and Dale, 2, lived with her grandparents, Mr. and Mrs. Otto C. Martin.

The garage apartment was located directly behind the Martin house and the LaBarges had come over to help Fogus and his wife work on the two-room apartment.

★ ★ ★

The two men were fixing a space heater in one corner of the front room and had a smaller oil burning device nearby on the floor.

Troy Police described the device as a "miniature flame thrower" which had previously been used for killing weeds and similar tasks. Officers said it was not a blow torch, but a device with two small tanks, a neck and nozzle.

It held an estimated three gallons of oil in one tank. The other contained compressed air.

VALVE CONTROL

A valve on the nozzle controlled the device which was burning at the time "to keep the room warm enough to work in," Mrs. LaBarge told officers at the hospital.

She told police "something happened to the pipe the nozzle was on. It broke or sprung a leak and sprayed oil all over us and the room."

"Then," she continued through swollen lips, "all of a sudden there was a 'poof' and everything was on fire."

★ ★ ★

A single-unit aluminum garage door was used as one wall of the apartment. It was jarred by the blast and tipped at an angle with flames shooting out from under the door.

Windows were blown out and the only door in the front of the structure was cut off by flames. The two men and Mrs. LaBarge ran from the wood frame garage through the door. Mrs. Fogus was trapped in the rear bedroom.

Neighbors said they didn't hear any explosion but as soon as flames were noticed, men and

(Continued on Page 2, Col. 1)

Neighbor Saves Woman's Life

Eddie Campbell Pulls Explosion Victim Out of Garage Home

"I could hear someone crying inside so I went in to find her."

With this simple statement, Eddie Campbell told of his rescue efforts, which Troy Police said saved the life of a woman who was critically burned in a garage apartment explosion last night.

Campbell, who lives at 6885 Montclair St., Troy, was among a group of neighbors who rushed to the aid of Mr. and Mrs. Harry Fogus, of 6910 Montclair St., and Mr. and Mrs. Ralph LaBarge, of 6735 Montclair, victims of an explosion at the Fogus house.

Campbell, clad in work pants and a work shirt, went to the rear of the garage apartment and climbed through a window. The only exit was cut off by roaring flames.

★ ★ ★

"When I got inside I had trouble seeing. I wear thick glasses and they steamed up. I had to take them off," he said.

He felt his way around the bedroom. "I could hear her (Mrs. Fogus) whimpering. I thought it might be one of the kids at first. But I couldn't tell where she was."

Campbell said he finally reached the bathroom door through choking smoke. "It was a heavy, black oily smoke."

"I looked in and there she was lying on her side.

★ ★ ★

"She was crying. I lifted her and groped my way back to the window. I couldn't see it but I could smell the fresh air," he explained.

There he handed the woman out to Charles Dykeman, a neighbor, and O. C. Martin Jr., her uncle. Then he climbed out himself.

Ike Enjoying Easter Holiday at Gettysburg

GETTYSBURG, Pa. (AP)—President Eisenhower, enjoying a Easter holiday at his farm home, hopes for clearing weather and a round of golf today.

A day-long misty rain kept the President off the golf course Friday.

★ ★ ★

Earlier the President and his wife had attended Good Friday church services after he had worked for a while on two foreign policy speeches he will make next week.

On Thursday in Washington he will address the opening session of the 10th anniversary meeting of the North Atlantic Treaty Organization Council.

★ ★ ★

A week from today he will speak at Gettysburg College's spring convocation. James C. Hagerty, White House press secretary, said the college speech will be an important one on the international situation.

Scene of Fatal Blast

Pontiac Press Photo

OIL BURNER BLAMED — This is the garage apartment where one person was killed and three others critically burned by an explosion. One of the victims told police a portable oil burner broke and sprayed oil over the two couples and the room seconds before the blast. The interior of the two-room apartment was gutted.

Lenten Guideposts Help Repay Debt

God's Answer Comes in a Whisper

By MORRIS COHEN
Blind Los Angeles Teacher

At first I could not identify the strange sound. I listened hard, as I sat there on the porch of the resort hotel, and I thought: It sounds something like a duck. But I hesitated to say anything.

COHEN

I had been blind 11 years, and sometimes it was still difficult for me to be fully aware of all that was happening around me. So, I thought it best just to sink back in my chair and enjoy the winter sun.

★ ★ ★

I heard someone sit down nearby and recognized the voice of the resort owner. "How are things going at school, Morrie?" he asked.

"Fine," I said. "I'm in my third year at Columbia; won't be long before I have to start thinking about earning a living."

"Any problems?" he asked, and I detected the sympathy in his voice.

"No. People have been very helpful."

"What are you studying?"

"English," I said, "and speech."

"Corrective speech?" There was a change in his tone.

"I may go in for that."

★ ★ ★

"Good," he said. "We need specialists like that. I could use one myself for my 12-year-old daughter, Frances. She has a cleft palate."

Then I knew what it was that had sounded like a duck. "Maybe I can help," I said.

Looking back, I know now this was an outrageous suggestion for me to make. I knew little about correcting speech defects, but I also knew I wanted to help the girl, as I had been helped.

I had lost my sight at 15, the result of an accident at play. My family spent a lot of money on tests, examinations and operations, but my vision was not restored. I had to learn to live all over again, going to special schools and relying greatly on my family and friends.

At last when I was able to get about on my own, I resumed my normal studies, but again with much help from everybody I met.

Receiving so much help, I wanted to give help to others, but this is difficult for a blind person, who is obviously the first person to be assisted wherever he goes.

At the next college term, I told the head of the speech department that I wanted to learn about corrective speech. He gave me the books which others read to me, and I studied hard all year, returning to the New Jersey resort the following summer.

Still I wasn't of much help to Frances, nor was I during the next two years.

★ ★ ★

Frances, had, from early childhood, tried to conceal her handicap by wriggling her nose and barely opening her mouth when she tried to talk. As a result she was a severe speech cripple.

One night I tossed sleeplessly in my bed, searching for answers, begging God for help. The thought occured: try a speaking method she hasn't used before.

The only such method I could imagine was whispering, in which the breath would be forced through the mouth and not permitted to go through the nose, as the girl was now doing. It was worth a try.

★ ★ ★

We started work early in the morning and continued many hours every day for weeks. Progress was painfully slow, but each day Frances managed to whisper a little more intelligibly. Then we began increasing the voice volume gradually, until it was almost normal.

One day the telephone rang and the girl answered it. Except for a sound like a head cold, she gave no indication of having had a speech defect; she did not have to repeat herself once.

I knew Frances realized what was happening: I could hear the smile in her voice, and kept thinking: "Thank God, thank you, God."

Later I wrote a report on the whispering technique which was published in a magazine for instructors. That was nine years ago, and letters still come from others, who have found the method effective.

★ ★ ★

To me, each letter is a reminder of that sleepless night when I prayed for a way to help someone else, in return for all the help granted to me . . . and God's answer came in a whisper.

HELP FROM ABOVE—An Air Force helicopter drops ropes from a giant cross it carried to the top of famous Mount Rubidoux, location of the original Easter Sunrise services, after the old cross there half a century was burned by vandals. Air Force officials offered to help get the cross up by Easter Sunday.

Troy Oil Explosion Kills 1, Badly Burns 3

(Continued From Page One)

women living in nearby houses rushed to the aid of the victims.

Charles Dykeman, of 6900 Montclair, who lives next door, was first on the scene. Mr. and Mrs. Martin were both home but said they didn't hear a thing and didn't know anything had happened until someone ran up to their door.

According to Dykeman and other neighbors, the three survivors ran in different directions. "Ralph and Harry were both a mass of flames but Yvonne wasn't on fire," Dykeman said.

"I grabbed a blanket from my house, shouted to Jane (his wife) to call the fire department, and ran out to put the blanket around Ralph."

SMOTHER FLAMES

Dykeman said he succeeded in smothering LaBarge's burning clothes with the help of Mrs. Elaine Campbell of 6885 Montclair.

★ ★ ★

Then, the two threw the blanket around Fogus who had run to the rear of the garage.

"Charlie (Mr. Dykeman) got the flames out and went back for a rug but then Harry started burning again and we had to smother the flames a second time," she said.

"Then we made him lie down on the grass and left a blanket on him." Fogus died moments later.

Mrs. Campbell said she had seen the flames and ran out into the street with her husband Edward. There they found Mrs. LaBarge running wildly around the Martin front lawn crying for help.

★ ★ ★

"She cried 'My hands hurt' several times and kept saying 'Where's Ralph' " according to Mrs. Campbell. She was clad in toreador pants and a blouse, her face and hands burned and hair singed. Campbell took her to his mother's house, next door to his home.

Then he rushed to the flaming garage. LaBarge was crying hysterically, "Is there anybody in there? Where is Yvonne? Is there anybody in there?"

When told Mrs. Fogus was still inside he cried, "Oh my God." Campbell then crawled through a rear window aided by Dykeman and O. C. Martin Jr., the trapped woman's uncle, who had run from his home a block away at 455 W. South Blvd.

"We could hear someone in there but didn't know who it was," Campbell said. "I got inside and finally located Sis (a nickname for Mrs. Fogus) in the bathroom."

Campbell then lifted her through the window to the two men. Semiconscious, she was carried into her grandparents' house and stretched out on the living room floor.

"WHERE IS HARRY?"

"My babies, my babies," she moaned, and then "Harry, where is Harry." Her aunt took care of the children. Her husband was dead.

Troy firemen arrived on the scene in short order. All the rescue work by neighbors had taken place in about five minutes. Firefighters brought the blaze under control in less than 10 minutes.

Ambulances were dispatched to the scene and police blocked off all traffic on the street. Oakland County Deputy Coroner Dr. E. J. Geist of Rochester pronounced Fogus dead at the scene.

★ ★ ★

Fogus was an unemployed factory worker.

The LaBarge's five children had been left with a baby sitter for the evening. The couple has four girls and one boy, ranging from seven months to 9 years. LaBarge is a self-employed truck driver.

A doctor at the hospital, in describing the extent of burns to LaBarge, said:

"He's worse than Frank Kierdorf was last August."

Pleasant Easter Seen as Storm Takes to Ocean

A vicious cross-country storm blew out to sea today, leaving behind the promise of mostly pleasant weather for the Easter weekend.

★ ★ ★

The storm piled up to eight inches of snow in New England and battered the Atlantic seaboard with hail as far south as the Carolinas.

Rain and sleet swept the eastern half of the nation from Kentucky to Rhode Island while sleet and snow flurries tangled traffic in New York City.

In northwestern Illinois, the usually placid Pecantonica River, gorged by a heavy rain earlier in the week, rose three feet above flood stage and battered the tiny town of McConnell.

NO DANGER

Sheriff's deputies said no lives were threatened.

The upper Midwest, still partially paralyzed by the storm, began to assume a semblance of normalcy after one of the worst winters in decades.

Western and central Michigan dug out from under eight inches of snow that nearly isolated the city of Waukegan and caused a 12-hour traffic jam on U. S. 45 in Wisconsin.

★ ★ ★

The three-day storm, which ripped from the Rockies eastward to the Atlantic, was blamed for at least seven deaths—three in Wisconsin, and one each in Colorado, Iowa, Nebraska and New York State.

The near-blizzard stayed at full force as it drove east, striking hard yesterday at the New York towns of Rochester, Bonneville, Buffalo, Cobleskill, Utica, Syracuse, Binghampton and Oneonta.

A mid-afternoon thunderstorm in Washington, D.C., brought rain clouds 30,000 feet high, blotting out the sun and turning light into midnight darkness in a matter of minutes.

Actor's Suicide Final Tragedy

Grant Withers Swallows Overdose of Sleeping Tablets

NORTH HOLLYWOOD, Calif., (AP) — The tempestuous career of movie actor Grant Withers has ended in suicide.

His body was found propped up in bed at his apartment Friday. He was wearing glasses, his left hand clutched a telephone receiver. A novel, "Home Before Dark," was open before him.

Detectives said he had been dead about 24 hours when his landlord discovered him. He had swallowed an overdose of sleeping tablets and there were two notes explaining his act. He was 55.

When actress Loretta Young was 17, she and Withers eloped by airplane to Yuma, Ariz. Her mother met the plane as they arrived back and started annulment proceedings. That was the end of their honeymoon.

"Oh, I'm so sorry," she said as she was told of the death when she returned from Good Friday church services.

"It's better this way; thanks to my friends, sorry I let them down," read one of Withers' notes. "I was so unhappy."

He had been married five times.

In 1954 Withers almost died from an overdose of probanthine tablets used for treatment of ulcers. Financial difficulties piled up on him and overdue bills dogged him right up to his death. Although he had been a leading man and had good roles in the '30s, stardom eluded him, and he had not been very active in recent years. His acting was confined to small parts in television and in western movies.

Born in Pueblo, Colo., Withers was an oil company salesman before he became a bit actor in Hollywood. For 18 months he tried his hand as a newspaper reporter with the old Los Angeles Record. His first assignment on that newspaper was the funeral of Wallace Reid, top movie star who became a drug addict.

Reds Declare Rival Lama Head of Tibet

(Continued From Page One)

who is revered by Tibetans and Buddhists the world over as "the living Buddha."

But the Communists charged that 18 "traitorous elements"—apparently officials in the Tibetan local government — had been relieved of their posts and would be "punished individually under law."

The Communists were believed to have complete control of Lhasa and most of the important Tibetan towns but not the general countryside.

The fighting in the capital was heavy, according to reports in Darjeeling, with estimates that up to 5,000 Tibetans had been killed.

The Communists — according to this unverifiable report—spent two days burning their bodies.

One cabinet minister, identified as Ngapoe, was reported hospitalized in Lhasa. There was speculation that the other seven cabinet ministers—four members and three laymen—were with the resistance forces and may try to cross into India.

A delegation of 80 Tibetans arrived in New Delhi to plead with Prime Minister Nehru for help in the struggle against the Chinese Reds.

The delegation declined to discuss contents of a petition, but the Tibetans were expected to ask Nehru to mediate with Peiping to restore self-government to Tibet.

Ex-Asst. Prosecutor Dies in Metamora

Robert J. Peretto, former assistant prosecuting attorney of Wayne County, died early this morning at his Metamora home following a long illness.

★ ★ ★

Peretto, 65, of 4418 Baldwin Rd., was Lapeer County Democratic chairman. He was assistant prosecuting attorney in Wayne County from 1933 to 1939.

★ ★ ★

His body was taken to the McCabe Funeral Home in Detroit. His wife, Selma, survives.

Driver of Auto Only Slightly Hurt in Truck Crash

A Clarkston man early this morning escaped serious injury when his auto collided head-on with a tractor-trailer truck on U.S. 10.

Oakland County sheriff's deputies said Bruce Watson, 29, of 17 N. Holcomb St., apparently fell asleep at the wheel just north of Scott Lake road in Waterford Township.

His auto swerved across the center line and rammed head-on into the truck driven by Theodore VanBuren, 53, of Saginaw.

VanBuren, who was uninjured, said he was traveling about 40 miles an hour.

★ ★ ★

Watson's car was almost a total wreck, said deputies. He was treated for only minor head cuts at Pontiac General Hospital and released.

State Income Rebounds

DETROIT (UPI) — Per capita income in Michigan fell 8 per cent during 1958, but rebounded sharply in January this year, the national magazine Business Week said today.

Waterford MSU Cadet Attends Air Conclave

Cadet Lt. Jack Reynolds, son of J. Chester Reynolds, of 4872 Elizabeth Lake Rd., Waterford Township, is attending the 10th National Conclave of the Arnold Air Society in Pittsburgh, Pa.

He is attached to the society's Phillip L. Bek Squadron (C4), at Michigan State University. The conclave, with "Peace Through Air Power" as its theme, began Wednesday and ends today.

Goodwill Survey Scheduled on Center for Handicapped

A survey on the need and potential of a workshop center and planned training program for Pontiac and Oakland County handicapped residents will be made next week by a field agent of Goodwill Industries of America.

Robert C. Watkins will arrive Tuesday from Washington, D.C., to conduct the survey. He has been invited by the Board of Directors of a local, yet-to-be-named, organization which is seeking to provide a program and center here to aid the handicapped.

Watkins, who will be here through Thursday, is expected to arrive at one of three conclusions and recommendations following his investigation: They are:

To set up an independent unit in the county and be associated with the national Goodwill organization; to become a branch of Goodwill of Detroit which is already operating in Oakland County; or to take no action locally on such a project with Goodwill.

The board is undecided whether to be an independent governing body in the county or become an agency of Goodwill.

★ ★ ★

A Ways and Means Committee of board members has been appointed by George Williams, president of the board, to gather ideas for potential revenue and equipment which could be obtained to organize a workshop. Committee members are Fred Haggard, Donald Carros and Sylvia Cole.

The board requested Williams and Dr. Harold Bussey to speak at the next meeting of the Association for Handicapped Children, Inc. at 8 p.m. Wednesday in the American Legion Cook-Nelson Post 20, 206 Auburn Ave.

They will discuss the progress and future plans of the new group because of the association's request.

★ ★ ★

Williams reported to the board this week at a meeting held at Pontiac General Hospital that the group will not be able to receive federal aid to finance its work unless bills, now in the Senate and House, are passed. If so, the group would be able to apply for funds after July through the State Office of Vocational Rehabilitation.

John Hirlinger, a member of the board who plans to go to Washington in April, agreed to contact Congressman William S. Broomfield and Sen. Philip A. Hart to support the bills now up for approval concerning vocational rehabilitation aid.

★ ★ ★

Williams also reported to the group on the Flint and Jackson Goodwill agencies he visited this month and discussed a report he had received concerning the organization of the Muskegon County group.

Registrations Drop in Oakland

But Auto Tax Levies Jump, Says Annual Report by Sec. Hare

Total registrations of all motor vehicles in Oakland County decreased from 299,033 in 1957 to 295,567 last year, according to an annual report issued recently by James M. Hare, secretary of state.

★ ★ ★

However, motor vehicle tax collections in the county jumped from $4,691,509 in 1957 to $4,742,109 in 1958, Hare said.

A breakdown by types of vehicles registered in Oakland County in 1958 shows 243,230 passenger cars, 23,957 commercial, 1,140 farm vehicles, 20,498 trailers, 1,724 trailer coaches, 3,071 motorcycles, and 1,947 municipal or local government owned cars.

The total number of registrations of all types of vehicles in the 83 counties fell 83,485 below that of last year. The 1957 figures show 3,578,656 registrations compared with a total of 3,495,171 for the 1958 plate sale year.

★ ★ ★

"This decrease is less than three per cent." Hare pointed out. "Normally registrations increase each year. The downward dip reflects the state of business we had in 1958."

HELPING HAND—President Eisenhower assists his wife, Mamie, down the front steps of the First Methodist Church after attending Good Friday interdenominational services yesterday in Gettysburg, Pa.

The Day in Birmingham

Open Air Easter Service to Begin Day's Worship

BIRMINGHAM—Young people of the First Baptist Church will open the Easter worship in Birmingham when they hold their traditional open air service at 7:30 tomorrow morning in the park on West Maple avenue near Quarton Lake.

A University of Michigan student, James Henry of Dearborn, will speak. Following the service a youth breakfast will be served at the church.

Dr. Albert R. Gage, interim pastor, will deliver the 9:45 a.m. sermon at the church with Dr. Richard Cummings, executive secretary of the Detroit Association of American Baptist Churches, speaking at 11 a.m.

At the Kirk in the Hills, the Rev. Harold C. DeWindt will speak at the 7:15, 9:15 and 11:30 a.m. services.

★ ★ ★

Four services at 6, 7, 9 and 11:15 a.m. are scheduled at St. James Episcopal Church tomorrow.

Christ Church Cranbrook will hold its service at 6:30, 8, 9:30 and 11:30 a.m.

At First Presbyterian Church, the eight choirs will participate in services at 8:15, 9:45 and 11:15 a.m.

Redeemer Lutheran Church will have a service for children at 9:30 when Duane Wuggazer, son of the pastor, speaks. The Rev. Theodore Wuggazer will conduct adult services at 8 and 11 a.m.

The First Methodist Church will hold services at 8, 9:30 and 11 a.m. with a baptism service at 3 p.m.

The Rev. Raymond Fenner will conduct his first Easter services at 9:30 and 11 a.m. in the Congregational Church of Birmingham.

At the Catholic churches, special services of rejoicing will be held throughout the morning. Holy Name Church will include an Easter vigil, beginning at 11 tonight with a solemn High Mass at midnight to be sung by the men's and boy's choirs.

Smith, Tarapata, MacMahon, Inc., local architects, have won the top award in the eighth annual competition for better school design. The award was won for their design of the $4-million junior-senior high school now being constructed in Birmingham.

Sponsor of the contest was The School Executive Education Business Magazines of the American School and University Publishing Corp.

Baldwin Public Library is encouraging tours of its facilities for teachers and their classes in the Birmingham School District.

★ ★ ★

Jeanne Lloyd, head librarian, said children are shown how to select books and the various reference rooms and the repair department. Tours may be scheduled with Mrs. Dorothy Burns, children's librarian.

The Ladies Auxiliary of the Metropolitan Club, Spirit-9, will meet at 8 p.m. Wednesday at the home of Mrs. George Scott, 787 Hazelwood St.

There will be no program. The evening will be spent sewing cancer pads.

3 Die as Car Rams Steel Truck in State

KALAMAZOO (AP)—A mother and two of her sons were killed last night and three persons were injured when the car in which they were riding went out of control and smashed head-on into a truck on U.S. 12 two miles south of Kalamazoo.

★ ★ ★

Killed were Mrs. Helen L. Gordon, 48, of Grand Rapids, and her sons, David H., 20, and Mark L., 9.

Another son, Joseph, 17; his girl friend, Margaret Hayes, 16, of Grand Rapids, and the truck driver, Claude Miller, 49, of Benton Harbor, suffered minor injuries.

★ ★ ★

Deputies said the Gordon family was en route home after picking up David from Wheaton (Ill.) College.

★ ★ ★

Sheriff's men said David was driving when he apparently missed a turn, lost control and crossed the centerline into the path of the truck. The truck was loaded with 41,000 pounds of steel. It turned over, scattering its load across the highway.

3 Cars, Showroom Lost in Vassar Fire

VASSAR (UPI)—Fire today destroyed three news cars and the showroom and parts department of an automobile dealership.

Robert McKee, the dealer, estimated loss at $35,000 to $40,000.

★ ★ ★

The fire, of undetermined origin, was discovered by men in a bowling alley across the street, including Vassar City Clerk J. Arthur Haley.

Equipment and volunteer firemen from Vassar, Millington, Richville and Reese fought the blaze for three hours before bringing it under control.

The service department at the rear of the showroom suffered smoke and water damage but no automobiles in that area were destroyed.

Iraqi Reds Press Split With West

Nasser Condemned as 'Cat's Paw'; Kassem Neutrality Quivering

BEIRUT, Lebanon (AP) — Iraqi Communists are putting new pressure on Premier Abdel Karim Kassem to break with the Western Powers by suggesting Gamal Abdel Nasser is the West's "cats paw."

There were growing indications today that Gen. Kassem is being overridden in his "forget Nasser" campaign to check hotheads of his revolutionary regime.

★ ★ ★

The Iraqi Communist party organ Ittihad al Sahaab ignored this advice and declared the recent Mosul uprising should be looked upon as an imperialist reactionary one in which the President of the United Arab Republic "played the role of cats paw."

Kassem has publicly proclaimed a policy of positive neutrality and has given the impression he wants to keep friendly ties with the West, despite his increasing reliance on the Soviet Union for econmic and military aid.

★ ★ ★

The Communists found an influential ally inside the Kassem regime in keeping alive the bitter feeling towards Nasser — and the West.

He is Col. Fadhil Abbas Mahdawi, president of the People's Court in Baghdad, which has been carrying out the purges. The Egyptian press has repeatedly implied he is under Communist influence.

★ ★ ★

Four Iraqi air force officers brought to court this week in the first trial arising out of the recent anti-Kassem uprising in Mosul are expected to be sentenced tonight.

Attempts to whip up the street mobs against Nasser were still going on in Baghdad despite Kassem's plea to "forget Nasser."

Wind Moves Ice Down River to Lake St. Clair

ST. CLAIR (AP)—The St. Clair River, where ice jams threatened property damages yesterday, virtually was free of flow ice today.

A shift in winds late yesterday quickly slowed ice being blown into the river from Lake Huron, north of Port Huron. Strong winds had broken the ice out of jams into which previous winds had piled it on the Canadian shore.

★ ★ ★

At times ice choked the entire width of the St. Clair River. Minor damage was reported to docks in the Algonac area. Ferry service to Harsens Island was interrupted, but the winds shifted from Northeast to Northwest and the jams quickly eased into Lake St. Clair where they had plenty of room to spread out.

★ ★ ★

A deer seen floating on one downbound floe is presumed by State Police to have made shore when the floe it was riding finally eased into a jam stretching from shore to shore. The deer was spotted about midway between St. Clair and Marine City.

Says Children See Too Many TV Westerns

WASHINGTON (UPI) — A firearms manufacturer stated that children spend too much time sitting in front of TV sets watching gun-play when they should be out playing.

Fred R. Roff Jr., president of the Colt Patent Firearms Co., said in a radio interview he doesn't object to westerns as such.

But he said it's a bad idea to let children watch them all day long. About 5 p.m. is soon enough to allow youngsters to take in the blood letting, he said.

"I used to watch them myself," Roff said, "only then we called them silent movies."

A man who admits to enjoying an occasional TV western himself, Roff isn't as unhappy about the medium as a businessman as he is a critic. Sales of old style six shooters went up about 35 per cent last year because of the western craze.

Issue Gets Out Voter

OKLAHOMA CITY (AP) — "It's a free country, everyone has a right to vote," said Nettie Watts, 75, when she registered. Mrs. Watts will vote for the first time in Oklahoma's repeal election April 7. She is reported to be a strong prohibition advocate.

'Easter' Theme of Sunday Hour

New Sound System to Amplify, Project Sacred Music

The Rev. Clifford Haskins will preach on the meaning of Easter at the 11 a. m. worship hour Sunday at the Sashabaw Presbyterian Church.

The sound system recently installed in the belfry will amplify and project hymns and sacred music over the church area before and after worship services.

The recordings are played over a special electronic system to reproduce the bell tones.

The church family night dinner will be at 6:30 p. m. Wednesday. With the theme of the evening on Alaska, pictures will be shown showing the work of the church there, along with historical background.

Mrs. Ross Woodworth, chairman of arrangements, will be assisted by Kenneth Jones, John Dowling, Ward Poole and Nancy Walker.

PRACTICING EASTER MUSIC — Miss Elda L. Sutter is shown practicing music for anthems, "Easter Joy" and "Alleluia, Death Is Conquered," which the Senior Choir will sing Easter morning at Bethany Baptist Church. Minister of music at Bethany, she is also director of the choirs and organist.

Pontiac Press Photo

Church Leader to Speak at Stake Center Sunday

Elder Henry D. Taylor, a church representative from headquarters in Salt Lake City, will address the quarterly conference of the Detroit Stake of the Church of Jesus Christ of Latter Day Saints today and Sunday at the Stake Center, Woodward at Chesterfield in Bloomfield Hills.

General sessions will be open to the public at 10:30 a.m. and 2 p.m., Stake president George W. Romney said.

A former businessman in Provo, Utah, Mr. Taylor gave up his career to become president of the California Mission in 1955. He is now assistant to the Council of Twelve Apostles.

The next world-wide semi-annual General Conference will be held April 4, 5 and 6 in the Mormon Tabernacle in Salt Lake City.

Easter Services Announced

A High Easter Mass will be sung at St. Vincent de Paul Church at 10 a. m. tomorrow in addition to the regular Sunday Masses.

Young people of Silvercrest Baptist Church will be in charge of the sunrise service at 6:30 tomorrow. The Rev. James H. Luther will bring the message on "Truths of the Resurrection" at 11:15 a. m. A film, "The Preacher's Kid," will be shown at 7:30 Sunday evening. The church is located at 2562 Dixie Highway.

Festival services will be held at 7:15, 9:15 and 11:30 Easter morning at Kirk in the Hills, Bloomfield Hills.

Holy Communion will be celebrated at the sunrise service at 6:30 Sunday at St. Trinity Lutheran Church. The Rev. Ralph C. Claus will preach on "Were You There When Our Lord Rose from the Dead?"

Anthems by the choir will include "Christ Is Arisen" and "Christ, the Lord, Is Risen Today." The Junior Choir will sing "Angels, Roll the Rock Away."

An Easter play will be given by the young people of Messiah Baptist Church at 3:30 p. m. Sunday. Regular worship services with sermons on the Resurrection will be conducted at 11 a. m., and 6 p. m.

An Easter sunrise service is scheduled for 6:30 tomorrow at Sunny Vale Chapel, 5311 Pontiac Lake Rd. Other services will be held at 8:30 and 11 a. m., with a nursery provided for small children.

Easter morning services at Grace Lutheran Church are set for 7, 9, and 11 a. m. The children's and Senior Choirs will sing the anthem, "I Know That My Redeemer Liveth" by Handel during the 9 and 11 o'clock worship hours.

Bill Brandenburgh, a student at Southern Baptist Theological Seminary, Louisville, Ky., will preach at 7:30 p. m. Sunday at Keego Harbor Baptist Church, the Rev. Paul Anderson, pastor, announced.

The congregation of St. John Methodist Church will hold a service before dawn at 5 a. m. Sunday. Breakfast will follow. The Rev. Martin L. J. Bellinger, pastor, will preach at 11 a. m.

A 5 a. m. service is planned by Liberty Baptist Church for Easter morning. The Rev. S. M. Edwards will preach on "All Scriptures Were Given by God" at the 11 a. m. service.

The cradle roll and junior program is scheduled for 3:30 p. m. Sunday. The intermediate and senior groups will be in charge of the 7:30 p. m. program.

The Rev. Mel Johnson of Minneapolis, Minn. will be guest speaker at 11 a. m. and 7:30 p. m. Sunday at Calvary Baptist Church, 3750 Pontiac Lake Rd.

William Hertel, a ministerial student at Adrian College, will deliver the Easter message at the annual sunrise service and breakfast of the Youth Fellowship at 7 a. m. in Oakland Park Methodist Church.

Others taking part in the breakfast program will be Martha Deeg, Steven Foster and Ruth Ann Bandy. The Rev. James W. Deeg, pastor, will preach on "The Sacrifice in Victory" at the 10 and 11:15 a. m. services. Both Junior and Senior choirs will sing.

The Unity Church of Oakland County will worship at 11 a. m. Easter with Mrs. Blanch Joki conducting the service. Her subject will be "Fulfillment."

The senior young people will sponsor the Easter sunrise service at 6:30 tomorrow at Marimont Baptist Church. The Rev. Charles Roub, missionary from Pakistan, will speak at the Sunday School hour at 10 a. m. He will also speak at 11 a. m. The Rev. Philip Somers, pastor, will preach on "Consummation."

At 7:30 p. m. the Senior Choir will present the cantata, "The Christ Everlasting."

'Missionaires' to Bring Gospel in Music, Song

Christian and Missionary Alliance Church will mark a festive Easter Sunday with a worship service at 11 a. m. and a special musical program at 7 p. m., in addition to the 9:45 a. m. Sunday School.

At the morning service, the Rev. C. J. Bersche, pastor, will preach on "The Power of the Resurrection." Special music by the choir will carry out the jubilant Easter theme.

The Nyack College "Missionaires" will present the old-fashioned gospel in music, message and song at the 7 p. m. service. Under the direction of Dr. Harold W. Boon, the Missionaires comprise three groups from the missionary college in Nyack, N. Y.

They include the Campus Caroleers, a vocal trio of young women students; the Trumpeteers with spirited arrangements of favorite hymns; and the Pontiac Trio comprised of Ron McPherson, Bernard Wright, and John Bersche, son of the local pastor. Bruce Jackson accompanies the Missionaires as pianist, soloist and accompanist.

The Missionaires are appearing in Pontiac as part of a 15-day Easter tour of 20 cities in Michigan, Ohio, Illinois, Pennsylvania and Canada.

Church of God to Hold Services at Junior High

Sunday School and morning worship services will be held at Eastern Junior High School tomorrow with Mrs. Homer Miller, evangelist from Tennessee, speaking at the 11 a. m. and at 7 p. m. services.

The Rev. Harold F. Douglas will baptize a class of 25 candidates at 3 p. m. Last Sunday, nine new members were received into the fellowship of the church.

Following the morning worship hour, a turkey dinner will be served in the church basement at 587 E. Pike St. under the auspices of the Ladies' Auxiliary with Mrs. Leonard Yocum, president.

Plan Sunrise Worship

A 6 a. m. sunrise service will open Easter observances at Joslyn Avenue United Presbyterian Church. A breakfast will follow.

Two other services, at 8 a. m. and 10:45 a. m., will be held, in addition to the 9:30 a. m. Sunday School hour.

The Rev. E. J. Watkins, pastor, will be preaching on the theme of the resurrection of Christ.

Young People to Present Pageant at Early Service

Easter services at Oakland Avenue United Presbyterian Church will open with a Sunrise service at 6 a. m. in Fellowship Hall.

Young people will present the pageant, "Cross of Light," by Mattie Shannon.

Those having speaking parts are Karen Allshouse, Sonja Cox, Judy Lembke, Ruth Benner, Gay Ann Talmage, Bob Bell, Judy Williams, Sara Wood, Penny Shafer, Marilyn Coffing, and Carolyn Talmage.

Also taking part will be Gary Greene, Gordon Messer, Janet Henry, Nancy Bain, Kethy O'Brien, and Karen Marien. Morning soloists will be Judy Cox, Karen Oxley, Marilyn Bell and David Powell.

★ ★ ★

Instrumental music will be given by Mrs. Fred Froede, Judy Williams and Melvin Williams. The junior choir will sing "Hosanna, Be the Children's Song."

Easter lilies will bank the altar for the 8:30 and 10 morning services. The choir will sing "Christ the Lord Is Risen Today," "Triumph," and "They Have Taken Away My Lord."

The Rev. Theodore R. Allebach will preach on "Easter, the Day of Hope."

★ ★ ★

Youth groups will meet as usual at 5:45 p. m. and at 7 p. m. the pastor will speak on "The Afterglow of Easter." Karen Marien and Karen Allshouse will present "In the Garden."

Breakfast Set at Orchard Lake

Mrs. Shirley Carpenter Soloist for Two Easter Worship Services

The Orchard Lake Community Church (Presbyterian) will observe Easter with services at 6:30, 9 and 11 a. m. The Easter breakfast, sponsored by the Women's Association, will be served at 8 a. m.

"The Greatest Event in History" will be the topic of the Rev. Edward D. Auchard's Easter sermon.

The Westminster Choir will sing "In Joseph's Lovely Garden," "One Early Easter Morning" and "Easter Alleluis" at the early service.

The Westminster and Chancel Choirs will take part in the 9 a. m. service. The Chancel Choir will be heard in "Easter Alleluis" at 11 a. m.

Mrs. Shirley Carpenter will sing "I Know That My Redeemer Liveth" at the two later hours.

The Christian Education Committee will meet Wednesday under the leadership of Howard Shadfenberg.

St. Paul Methodist Announces Services

The Methodist Youth Fellowship will be in charge of the Easter Sunrise service at 6:30 Sunday at St. Paul Methodist Church, 165 E. Square Lake Rd. Methodist Men will serve the breakfast which follows.

Sunday School classes will meet as usual at 10 a.m. with Donald A. Tews, superintendent.

"Easter's Triumphant Note" will be the sermon subject of the Rev. Easton H. Hazard, pastor, at the 11:15 a.m. service. Music will be under the direction of Juanita Wallace.

Anthems to Add Air of Jubilance

Special Choir Numbers to Enhance 2 Services at St. John Lutheran

Jubilant Easter anthems will ring out in St. John's Lutheran Church when the choirs present their special music at both 9 a.m. and 11 a.m. services.

The senior choir, under direction of Mrs. Eugene Danielson, will sing "The Holy City" and "Glad Easter Day." There will be special solo numbers, and the newly organized teenage Luther League Chorus will sing "Jesus Christ Is Risen Today." Mrs. Roy Lewis also will present special organ music.

"Christ is Risen" will be the sermon topic of the pastor, The Rev. Carl W. Nelson.

A memorial "garden" of Easter lilies and plants, contributed by members of the congregation, will decorate the chancel of the church.

I can do all things through Christ which strengtheneth me.

Convert Hero of Novel

NEW YORK (AP)—More novels are being based on religious themes these days. Latest in the trend is Gabriel Fielding's "Eight Days," published this month by Wm. Morrow & Co. It deals with a new Catholic convert's struggle to keep his faith in a highly charged unreligious atmosphere.

Reflections
EASTER:

J. L. VOORHEES

Christ was crucified, buried and rose to everlasting life; this miracle is re-enacted every spring. Easter is a festival of joy; everywhere you look you see this miracle, animals recreating their kind, gray hillsides turn green, tree-buds burst their cocoons and leaves emerge. Chattering birds obey that miracle, carry string and twigs to a hidden spot, bees stir to noisy activity, gophers and deer, rabbits and squirrels, eagle and man each in his own way feel the miracle of spring and respond to fulfill this miracle of all living things.

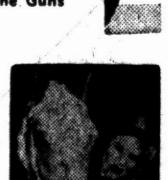

M. E. SIPLE

Children are sedate in new bonnets, shoes and dress while parents proudly hold hands as they enter their church, add their voices to the multitude in glorious praise. Every note bursting from their throat is a new creation, their pounding heart swells with love, and pride, as their voices recreate the age-old miracle.

Happy Easter to all of you.

Reportedly Bombed Tibet Monasteries 2 of Greatest

(Lowell Thomas, noted world traveler, is probably America's leading authority on Tibet. In 1949, Thomas made a 300-mile journey across the "Roof of the World" accompanied by his son, Lowell Jr. They were the seventh and eight American citizens ever granted permission to visit Tibet. During the expedition, the Thomases visited the capital city of Lhasa and were received by the Dalai Lama, spiritual and political ruler of the country.)

By LOWELL THOMAS

LOS ANGELES (UPI) — Recent news dispatches from the Himalayas tell us that the Chinese Communists have bombarded or dropped bombs on two of the great monasteries near the city of Lhasa.

★ ★ ★

These two are the Drepung Gompo and Sera Gompo. If they have destroyed these Lamaseries, in a way it wonuld be comparable to the destruction of the great Alexandrian Library that once was so important in the ancient city of Alexendria at the mouth of the Nile.

For Drepung and Sera are two of the most important centers of Tibetan Buddhism.

When Lowell Jr. and I visited Lhasa just before the Chinese Communists overran Tibet, we spent some time in these two monasteries. They are the largest in the world — or were.

10,000 MONKS

In Drepung we were told there were some 10,000 mongs; in Sera, approximately 8,000. There is a third large monastery on the outskirts of Lhasa, Ganden Gompo — Ganden meaning the "joyous."

The total number of monks in these three is around 25,000, and the civilian population of Lhasa, the Dalai Lama's capital, is another 25,000.

If Drepung and Sera have been destroyed by the Reds, it would be like demolishing two towns. Drepung, for example, is a vast honeycomb of buildings, all tied together in one mass at the foot of a mountain.

★ ★ ★

On the roofs of these structures are scores of turrets and towers sheathed in gold.

And each monastery is a depository for large stores of Tibetan treasurers — sacred books and sacred images and objects of many kinds covered with layers of gold.

We were told by the chief abbots both at Sera and Drepung that there were more than a quarter of a million monks, or lamas, in Tibet. As a rule, one boy from each family goes into a lamasery.

The boys do this for a number of reasons. For centuries it has been traditional for at least one son to devote himself entirely to religion. And then, it is one way for a boy of low birth to become an important man in Tibet.

Naturally, Lowell Jr. and I are wondering how greatly these huge monasteries have been damaged in the recent fighting. We also are wondering about the incredible building, the Potala, Palace of Gods, which dominates the scene at Lhasa. This structure is one of the wonders of the world.

NO STEEL

From its base to its golden dome it is nearly as tall as the Empire State Building. One remarkable thing about this picturesque structure of 1,000 rooms, is that no steel was used in its construction.

During winter months the Dalai Lama lives in an apartment near the top of the Potala.

During the summer months he lives in a lesser palace, on the outskirts of Lhasa, a place called Norbu Lingka, in a park of poplar trees. Dispatches say this has been bombarded by the Reds in the recent fighting.

The architectural secret of the Potala is that the building is built against and supported by a small mountain. The much-reverend Tibetan ruler Song-Tsan-Gumpo began construction of the fabulous building in 1641.

In a way, it was a little like building the Pyramids. The most primitive tools were used, and each stone had to be carried from a distant quarry on the backs of men and women and the backs of yaks and Tibetan horses.

"The Great Fifth" Dalai Lama died in 1680, before the Potala was completed. But his chief minister did not let the Tibetans know the Dalai Lama had died.

He was afraid that if they did learn of this it might interrupt the building of the Potala. His explanation was that the Dalai Lama had gone into seclusion and was spending his days in prayer and contemplation.

For nine years, Sang-Gye-Gyatso hid the Dalai Lama's body and went on with construction of the Potala.

In it today, in addition to the appartment of the Dalai Lama, there are the golden-domed tombs of several of his predecessors, great assembly rooms, velveted offices, and there are said to be many rooms filled with treasure.

Recent dispatches have been vague as to the whereabouts of the young Dalai Lama.

THROWN FROM SUMMIT?

We are wondering whether he has been spirited away to Red Peiping, or whether he may even have suffered the fate of a top Tibetan official, who was hurled from the summit of the Potala.

That was in 1912. In 1910, a Chinese army fought its way to Lhasa. The Dalai Lama was forced to flee, and his life was saved by a Tibetan who then bore the name of Tsen-San.

When the Dalai Lama returned to Lhasa in 1912, he found that the richest man in the country had been collaborating with the Chinese.

He called him to the roof of the Potala, and had him hurled down to the rocks below. Whereupon he gave the rich man's estates, all his wealth, his wives, and his name to the man who had saved him. He also made him his prime minister.

★ ★ ★

We are wondering now what has become of Tsarong-Shape, who was our host.

I mentioned the Dalai Lama's summer palace, which dispatches say has been damaged or destroyed in the fighting.

This was where we first met the young Dalai Lama. At the time he was seated on his throne, blessing a long column of pilgrims as they presented themselves one by one.

We noticed that no one looked up at the Dalai Lama. He blessed each one by touching him lightly with a yak's tail. But Lowell Jr. and I did not keep our eyes lowered.

He looked at us, and smiled, and instead of touching us with a yak's tail he blessed us by placing his hands on our heads.

INFORMAL WELCOME

Later, we saw more of the young Dalai Lama, when he welcomed us informally.

He seemed to be a poised, thoughtful, spiritual young man, much interested in the future of his country, anxious to keep it from falling into the hands of the Communists.

So we are anxiously waiting to hear what has happened to him.

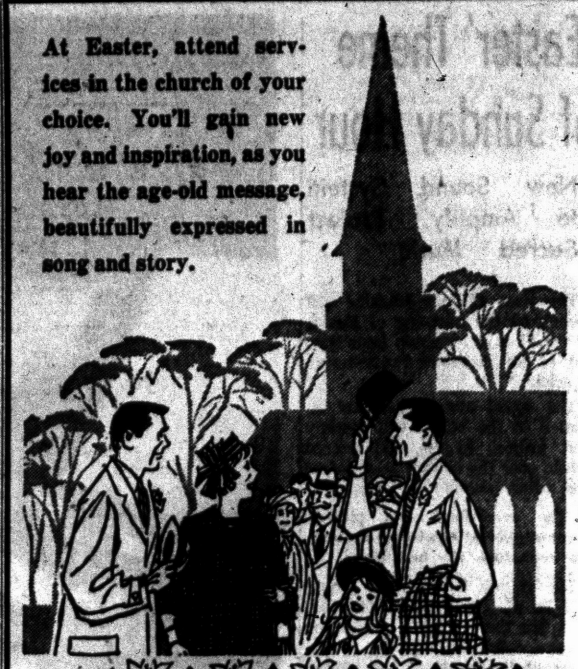

LIVING BUDDHA — The 25-year-old Dalai Lama, above, is revered by Tibet's three million people as a "living Buddha."

PALACE IN TIBET—This is Potala, palace of the Dalai Lama of Tibet. The spiritual and political seat is in Lhasa, the capital.

At Easter, attend services in the church of your choice. You'll gain new joy and inspiration, as you hear the age-old message, beautifully expressed in song and story.

Mayor Miriani Asks Exchange One Day Earlier

DETROIT (AP)—Mayor Louis Miriani of Detroit can't be in two places at one time so he is trying to arrange a compromise.

★ ★ ★

The mayor is supposed to be in New York May 18 to sign municipal bonds. He also is supposed to be in Lake Linden, Mich. as part of Mayor's Exchange Day.

Miriani has written Walter J. Kline, Lake Linden village president, that "At present I have one idea for a solution if it meets with your approval. Would it be possible for me to visit Lake Linden May 17? I can arrive by plane about noon, and I would plan to depart about 4 p.m."

Kline hasn't replied yet.

★ ★ ★

Lake Linden is in the Upper Peninsula, about 570 miles from Detroit.

Harriet Beecher Stowe, author of "Uncle Tom's Cabin," said the most memorable moment of her youth was in finding a copy of "The Arabian Nights" at the bottom of a barrel of her father's sermons.

3-in-1 Vanguard Ground Tested

Similar Atlas Tryout Ended by Explosion at California Site

CAPE CANAVERAL, Fla. (AP) — A Vanguard rocket bound for an upcoming three-in-one satellite shoot roared into action Friday in a preliminary ground engine test.

At Edwards Air Force Base, Calif., however, a mighty Atlas missile undergoing a similar test exploded on the stand due to some unexplained cause, but no one was injured.

★ ★ ★

The 80-foot Atlas, which was never intended to fly during the Edwards test, performed most of its static objective before it was destroyed, the Air Force said.

On the Vanguard captive test, a workout for a launching expected within the next two weeks, the engine appeared to ignite successfully for several seconds.

In effect, the National Aeronautics and Space Administration will attempt to shoot three separate satellites into orbit in the next Vanguard venture.

★ ★ ★

The components are a plastic sphere 13 inches in diameter, with an extended arm to measure the earth's magnetic fields; an expandable balloon 30 inches in diameter, used to provide more precise information on atmospheric drag; and the empty hulk of the 52-pound third stage launching rocket.

In eight launchings, with three more to go, the Vanguard twice has launched satellites into orbit successfully.

Vanguard I, a 3¼ pound sphere, was fired March 17, 1958, and Vanguard, II, a 21½-pound "weather eye" orb, soared into orbit Feb. 17.

Iowa Man, 37, Sees Brother for First Time

ST. JOSEPH, Mo. (AP; — Robert Boling, 37, of Waterloo, Iowa, met Edwin Boling, 60, of Marion, Ind., his oldest brother, for the first time Friday.

★ ★ ★

Next November Robert hopes to get acquainted with another brother he's never seen, Loren Boling of Pangborn, Ark.

Friday's introduction was made by a fourth brother, Jim Boling, 47, of St. Joseph.

★ ★ ★

The reason Robert had never met Edwin and Loren was that they left home before he was born. All except Robert were born at Barnes, Kan. Robert was born here.

Looks Like at Least 5½ Million Year

Quarterly Car Sales Near 1.3 Million

By DAVID J. WILKIE
AP Automotive Writer

DETROIT (AP) — New car sales for this year's first quarter will total close to 1,300,000 units. That would be nearly 235,000 more than were sold in the same 1958 period. It would bolster industry expectations of more than 5½ million deliveries this year.

★ ★ ★

Estimated in many industry quarters for the April-June quarter are retail sales of at least 1,600,000 cars.

The January-March quarter brought numerous significant developments in the car industry. These included:

A tightening of the sales battle between Chevrolet and Ford.

A continued broadening of the market for American Motors' Rambler and Studebaker-Packard's Lark models. Both are shorter wheelbase cars.

Increased sales volume for the even smaller imported cars.

★ ★ ★

A qualified statement from Ford Motor Co. that it will introduce its smaller, economy car line for 1960. A Chrysler statement that it will be ready with a smaller vehicle should GM and Ford get into that market.

A General Motors indication that it is prepared to enter the smaller car market with an American-produced vehicle if the market promises continuing profit.

Factory output for this year's January-March quarter will total more than 1,600,000 units. In the like 1958 quarter it came to 1,239,000 cars.

★ ★ ★

The sales battle between Ford and Chevrolet is a continuing affair. The big General Motors Division has topped the industry through most of the last quarter century. Currently Chevrolet claims leadership for the calendar year to date; Ford says its sales for the 1959 model year which began about last Oct. 1 topped those of its major rival.

In production Chevrolet leads Ford Division for the calendar year to date by about 51,000 assemblies.

★ ★ ★

Reflecting the steadily mounting demand for more compact automobiles, American Motors has built approximately 100,000 of its Rambler models already this year. Studebaker-Packard, also cashing in on the smaller wheelbase car market, has built nearly 50,000 of its Lark models so far in 1959. In last year's first quarter S-P built 9,500 cars.

★ ★ ★

Surveys indicate there has been no softening of the demand for the small imported cars. Earlier this year some industry chroniclers said there were signs of an easing in sales.

★ ★ ★

Figures so far available do not support this view. The cars are reaching this country in increasing volume. Current estimates are that 425,000 import-cars will be sold in this country this year. Last year's total was 377,000.

★ ★ ★

Just why Ford Motor Co. disclosed its smaller car plans so early in the current model year has caused some speculation. Ford said introduction for 1960 was planned barring a change in the market or other circumstances.

One suggestion has been that the disclosure was required because of the Ford Foundation's plan to put another block of its Ford Motor Co. stock on the market.

GREAT OAKS FROM LITTLE ACORNS GROW

Just as great oak trees grow from little acorns, so do fine, big industrial plants have humble beginnings.

As with that sturdy oak, many things happen before a small plant becomes a large one.

The oak tree depends on favorable soil and weather during its early years. Our town, if it is to have good industrial payrolls, must provide a good climate for industry.

Climate for industry boils down to how present industry is treated. Good climate for industry makes our town grow stronger.

Good industrial climate helps small industry, like good climate helps the oak tree. And it attracts new industry.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

Judge Scores Car Parts Firm

Raps New York Office of Jacobs Concern but Praises Detroit One

DETROIT (AP)—U. S. District Judge Thomas P. Thornton yesterday denounced the New York office of the F. L. Jaacobs Co. as a "cesspool of violations."

★ ★ ★

Then he refused to move a reorganization hearing to New York, holding that evidence left him no choice other than to keep the proceeding in Detroit.

Judge Thornton acted last night after voicing his criticism of the auto parts company's New York office earlier in hearing a motion to move the hearing.

★ ★ ★

He said it was "repulsive" to him that the New York office could be "associated with legitimate business." He said the office practiced "connivery, thievery and misapplication of stock."

On the other hand, Judge Thornton said Jacobs' Detroit office has the finest of reputations."

★ ★ ★

Alexander Guterma of New York, president of the firm, is under indictment in New York for alleged conspiracy to violate Securities and Exchange Commission regulations. He has pleaded innocent.

Directors, stockholders and creditors of the company testified they preferred that control of the company remain with two recently appointed Detroit trustees during the reorganization proceedings.

Six Denounce Collections in London Church

LONDON (AP)—Six men and women wearing black armbands marched on Westminster yesterday denouncing church collections.

The demonstration was in support of Mrs. Beatrice Therese Snowden, who chained herself to Westminster Anglican Cathedral railings last December to protest "commercialism and idolatry" in churches. Mrs. Snowden was given a suspended sentence of seven days after refusing to pay a 20 shilling ($2.80) fine.

"Beatrice Therese is innocent," proclaimed banners carried by the little group of demonstrators. Their spokesman, Donald Good, said:

"She was sentenced for upholding the very thing the church teaches. Buying and selling inside churches is strictly forbidden by the Bible, but they are selling pamphlets and books even on a Sunday. And we say collections are wrong too."

Bradley Needed Some Fixing Up

Captain Says Ship Was 'Pretty Ripe for Too Much Weather'

DETROIT (AP)—A member of counsel for damage plaintiffs in the freighter Carl D. Bradley's sinking says the Bradley's captain described the vessel 10 days earlier as "pretty ripe for too much weather."

Attorney Victor G. Hanson said yesterday that Capt. Roland Bryan made the remark in a letter in which he, Bryan, also said he would be "glad when they get her fixed up."

The Bradley, with Capt. Bryan as one of the victims, sank in a Lake Michigan storm last Nov. 18, losing all but two of her crew of 35 men.

An official finding on the cause of the disaster, one of the worst in Great Lakes shipping history, remains to be made. Millions of dollars in surviving families' damage suits are pending.

Attorney Hanson said Capt. Bryan wrote the letter Nov. 8 to Mrs. Florence Herd of Port Huron, a school teacher.

Hanson said that in a paragraph describing lake shipping conditions Bryan made this statement:

"This boat is getting pretty ripe for too much weather. I'll be glad when they get her fixed up."

Hanson said Mrs. Herd gave the letter to Capt. Bryan's brother, Arnold Bryan of Loudonville, N.Y. The attorney said Mrs. Herd, a widow, and Capt. Bryan, a bachelor, had been friends. The captain's home also was in Loudonville.

The freighter Bradley, a 21-year-old limestone carrier that sailed out of Rogers City, flew the flag of the Bradley Transportation Line of the Michigan Limestone Division of U.S. Steel Corp.

Modern Day Pioneers to Get State Awards

LANSING (AP)—Thomas R. Reid, director of Civic Affairs for the Ford Motor Co., has been named chairman of the New Frontiers Day Committee for the May 17-23 Michigan Week.

The committee will select five Michigan citizens for Wolverine frontiersman awards in recognition of "distinguished attainment in opening new horizons."

Security for You

You Can Check on Boss

By RAY HENRY

From A. R. of San Pedro, Calif.: "I believe my boss is taking Social Security tax out of my pay, but isn't turning it over to the Social Security Administration. Is there some way I can check up on this without letting him know I'm doing it?"

Yes. Write for or pick up at the nearest Social Security office a special postcard form entitled "wage statement request." Fill in the form and mail it to the address on the card. Within a few weeks, you'll receive a form showing a breakdown of the wages credited to your Social Security record. If this breakdown doesn't show the correct amount of wages on which your employer deducted taxes, get in touch with your Social Security office and ask for an investigation.

From Mrs. H.E.W. of Tampa, Fla.: "How much Social Security tax was taken out of my pay last year as an employe? How much did my employer have to pay?"

The Social Security tax for you in 1958 was 2¼ per cent of all your wages up to $4,200. Thus, if you had wages of $4,200 or more, your tax was $94.50. Your employer matched the amount of your tax.

From D. M. of Cleveland, Ohio: "Out of disappointment that I wasn't a girl, my mother gave me the name of Dorothy, but I've always used the name Don. My Social Security records shows my name as Don. If I should show a birth certificate with the name Dorothy will the Social Security office question my right to payments?"

Probably. I suggest you get a special form from your office which will make it possible for you to list both names on your Social Security record. Then when you apply for payments there'll be no delay or misunderstanding.

Blames Liner for Crash

'Our Engines Were Off,' Says Captain of Tanker

NEW YORK (AP)—Capt. Louis Murphy, skipper of the tanker Valchem, contends that the Grace Line's Santa Rosa hit his ship as he lay hove to in thick fog.

Murphy's statement to newsmen Friday, after his smashed vessel reached Brooklyn under tow, directly contradicts a Grace Line statement that the Valchem crossed in front of the luxury liner in perfect weather.

★ ★ ★

Four crewmen of the Valchem died in the collision early Thursday 22 miles off Atlantic City, N.J. The 10,000-ton Valchem's stern was almost cut in half. The 20,000-ton Santa Rosa's bow was crushed above the water line, but there were no injuries to passengers and crew. The Santa Rosa was returning here after a 12-day Caribbean cruise.

Murphy, 33, read the following statement:

"I was on the bridge when the collision occurred. It was thick fog. Visibility was less than a quarter of a mile. We had been sounding fog signals for over an hour and traveling at reduced speed.

"The Santa Rosa was sighted on our radar at about eight miles away, practically dead ahead. We changed course to the right to pass her port to port in the customary way.

"She then apparently changed course to her left. When her fog signal was heard about 3 o'clock, our time, my engines were immediately stopped and were never put ahead again.

"When my ship had lost her headway, we sounded fog signals of two prolonged blasts, which is a signal for a vessel with no way on her.

★ ★ ★

"The Santa Rosa kept coming and hit us on the port side near the stern at high speed. We were stopped in the water when she hit."

The two versions of the crash foreshadowed a stormy session when the Coast Guard opens its inquiry Monday.

Capt. Frank Siwik, 50, skipper of the Santa Rosa, declined to discuss the accident prior to the Coast Guard inquiry. A few of his crew and some passengers mentioned fog or haze at the time of the crash. But the version of the Grace Line, owners of the Santa Rosa, said the ship was proceeding "in perfect weather."

More Planes for Japan

TOKYO (AP) — Japan hopes to have an air force of 1,300 planes by March, 1963. It now has 900 planes including 300 jet fighters.

GOP Chief Calls Gov. Williams 'Laughing Boy'

LANSING (AP)—Lawrence B. Lindemer, Republican state chairman is trying to pin a new nickname on Gov. Williams — "Laughing Boy."

★ ★ ★

"Democrats now are trying to laugh off the governor's trips to California, North Dakota and Wisconsin at a crucial stage of the Legislature's attempt to solve the state's money problems," Lindemer said.

"When he was in Washington, the governor attempted to laugh off the money problem itself."

★ ★ ★

Lindemer added that the governor had been "discreetly silent" about the Highway Department purchase of land from Darling Freight Lines at Grand Rapids — "Although it is obvious that the department paid $47,000 just to get air rights over the property for some electric lines."

★ ★ ★

"The 'Laughing Boy' and 'silent treatment' technique by the Democrats in regard to state problems is just one of the reasons why the people will register a protest vote against them on April 6," Lindemer said.

Shift in Wind Burns 50 Pickets at Sarnia

SARNIA, Ont. (AP)—About 50 men, all strikers on a picket line, suffered face and eye burns from ash blown from an oil refinery yesterday.

★ ★ ★

All were treated at hospitals. Burns of three of the men were reported serious.

A strong wind blew the ash from the nearby Imperial Oil Refinery on pickets at Polymer Corp., a government-owned synthetic rubber plant.

★ ★ ★

The pickets, members of the Chemical and Atomic Workers Union, became partly blinded. Their faces turned a yellowish color and they suffered from coughing.

★ ★ ★

Union officials from strike headquarters 200 yards away came to their aid along with other strikers.

Imperial Oil officials apologized for the incident and offered to pay all hospital bills.

6-Foot Easter Bunny Sent to Sec. Dulles

WASHINGTON (AP)—Secretary of State John Foster Dulles found a six-foot-high, paper Easter bunny today among his morning mail and newspapers.

★ ★ ★

The bunny, sent by 7th grade pupils at Kensington Grammar School, Berlin, Conn., was the largest of more than 20,000 get-well messages sent to Dulles since he entered a hospital Feb. 10 for cancer treatments. An aide said the messages have come from all over the world.

Pickets Pulled at Paper Plant

New York High Court Justice Issues Edict in Bitter Strike

MECHANICVILLE, N.Y. (AP) — Pickets have been withdrawn from the local plant of the West Virginia Pulp and Paper Co., scene of two bitter fights within a week.

They withdrew Friday under an injunction issued by Justice Andrew Ryan of State Supreme Court.

★ ★ ★

The plant's 940 hourly workers, members of the United Papermakers and Paperworks Union, struck Jan. 20 over contract clauses governing seniority, grievances and management rights. Wages are not an issue.

A week ago the mill's 250 salaried employes were split into three shifts to operate the plant on a limited basis. When shifts were changed that night, the first battle broke out.

Thursday night, some 200 strikers, nonstriking salaried workers and police engeged in a 3½-hour street brawl.

Several persons were kicked but no one was injured seriously. No arrests were made.

Meanwhile a state mediation panel working to settle the strike has asked plant officials to halt production pending its settlement recommendations and this has been done.

Bandit's Effort Becomes Just Lootless Joke

NEW YORK (AP) — A bandit was laughed out of a $3,282 payroll Friday because he wore a "monster" rubber mask.

The man with the mask walked into a downtown fish warehouse office and announced "This is a stickup."

Lorraine Waldron, a secretary, and switchboard operator Alice Griska, thinking it was a gag, just laughed. Warehouse manager Neil Foldal walked in, thought it was an employe pulling a stunt, and said "stop kidding."

The masked man fled. But truck driver John McKelvey, seeing the man and thinking it was a good joke, ripped off the mask.

The intruder, whom police said was carrying a gun, was identified as Philip Albanese, 19 ,who two weeks ago worked a day for the firm as a truck driver. Authorities said Albanese has been out on bail in a Brooklyn robbery case. Albanese was charged with assault and robbery.

State Jobless Office to Lay Off 25 Employes

DETROIT (AP)—The Michigan Employment Security Commission will lay off 56 employes April 3.

An MESC spokesman said 81 employes will be laid off from Detroit area offices and 25 employes will be added in outstate offices.

The commission said the number of jobless workers exhausting their benefits is snowballing so rapidly that less help is needed to man MESC offices.

Inspiration of Easter Remains Unchanged

Tomorrow the free world celebrates Easter, the most inspiring of all Christian festivals. The message of this sublime spiritual concept is that hope and faith crushed to earth will rise again with increased vigor.

Easter comes at a most appropriate time. It is in perfect harmony with springtime and the awakening of all nature from winter's sleep. It gives mankind a joyous opportunity for reaffirmation of faith in Christ's teachings.

★ ★ ★

As it has for nearly 2,000 years and will as long as man survives, the great inspiration of Easter remains unchanged. It springs from the story of the Crucifixion and Resurrection. No matter how Truth and Decency may be crucified and distorted for mean ends, they, too, will rise again.

Eternal truths are imperishable and stand for all time.

Editor's Note: "It Seems to Me" and "And in Conclusion" are omitted during the balance of March while the publisher is on vacation. Both will be resumed April 4th.

U.S. Interests Served by Freedom to Travel

WILLIAM WORTHY, a newspaper correspondent who went to China in 1956 against the wishes of the State Department, is asking the Federal Court of Appeals to hold unconstitutional the department's ban on travel to Communist China.

★ ★ ★

One of the few Americans to give this country a first hand report from there, Mr. Worthy's passport was cancelled when he returned. He has applied for a new passport repeatedly but the State Department refuses to issue one unless he promises to stay away from China. This he won't do.

The newspaper man contends that the right to travel is guaranteed by the Constitution and, except in wartime, the Government can not forbid any American to travel anywhere. He does not expect the U.S. to protect him in Red China but only that he be permitted to travel at his own risk.

★ ★ ★

Certainly it is in the national interest to know what is going on in China. We should have first hand reports from trained observers. As it is our newspapers have to depend upon newspapermen from other countries or even Communist China's own press releases.

The tremendous upheavals in the world's most populous nation is of vast interest to this country and there should be no barriers to our finding out all we can of the Communist regime.

Sen. Byrd Bucks Party, Backs Balanced Budget

Perennial watchdog of our pocketbooks Sen. HARRY F. BYRD (D-Va) is speaking out in defense of President EISENHOWER'S balanced budget. Three cheers fos this Southern gentleman who will go counter to his party view on Government spending.

★ ★ ★

He is speaking from years of experience, plus the business acumen we so dearly need. Byrd said in an interview that he had urged the President to veto Democratic sponsored spending bills and take his fight for a balanced budget to the people.

His opposition to views of many of his fellow Democrats is commendable. The Democratic Congress on one hand has thumbed down new revenues by increasing gasoline and postal rates which were figured in the President's 77 billion dollar budget.

★ ★ ★

Then to build votes back home they have gone on a spending spree. Included would be housing, airports, area redevelopments and about any measure that would be popular with the folks back home. On top of all this they are even asking for an increase in defense outlay.

It seems reasonable to believe that some place down the line a ceiling should be reached. This is the contention of Senator BYRD and The PRESS heartily concurs.

★ ★ ★

Our own plight right here in Michigan might serve as an example of free spenders to perpetuate votes. It's a pleasant change to see one of our lawmakers stand by his convictions, even though he realizes it will go against the grain of most of our free spending Congressmen.

1st Quarter Report:

Glorious Ending

Business in U. S. Soars Despite Dim Background

By WALTER BREEDE JR.
AP Business News Writer

NEW YORK (AP) — Business wound up the first quarter of 1959 in a burst of glory this week.

★ ★ ★

Echoes of recession lingered. There were new uncertainties on the international scene—new hints that Khrushchev might have won another round in his insistence on a summit meeting of "big four" chiefs to settle the Berlin crisis.

But statistics don't lie, and for the economy as a whole they showed that January, February and March of 1959 added up to the biggest quarter on record.

What's more, the betting was that the second quarter — from now through June — would be bigger still.

★ ★ ★

Economists placed the sum total of all business activity, or gross national product for January-February-March at a sizzling 464 billion dollars a year.

That compares with an average of 437 billions throughout 1958 and the previous quarterly high—453 billions a year—in the three months to last Dec. 31.

One big factor in the increase was the confidence of American consumers—a confidence that translated itself into booming retail sales.

You could see proof of this confidence in the latest weekly retail indicators.

Department store sales in the week ended March 21 scored a 17 per cent increase over 1958 (partly because Easter is one week earlier this year, but also because people have more confidence and more cash).

★ ★ ★

Reports from major retail centers point to a record Easter season.

New car sales in mid-March hit their fastest stride this year, with customers buying 1959 models at the rate of 19,400 cars a day.

Living costs, which hit new highs last year, continued on an even keel. A downward trend in food prices lowered the Government's cost of living index in February one-tenth of a percentage point.

The latest index is 123.7 per cent of the 1947-49 average, meaning it would cost you $123.70 at today's prices to buy what $100 would have purchased 10 years ago.

Wholesale coffee suppliers cut their prices about two cents a pound this week. The retail price is at a 10-year low.

★ ★ ★

Ham is down eight cents a pound from a year ago; eggs are down six to 10 cents a dozen and turkey is six cents a pound cheaper.

But, say government experts, the cost of just about everything else that goes into your family budget is up. And when food prices start their seasonal climb, the overall cost-of-living index will probably push to a new record.

President Eisenhower bore down hard on steel management and steel labor. He said they'd better agree on a new wage settlement that won't push steel prices up. Contracts in the industry expire in June.

The POWER of FAITH

by Howard Brodie

He is risen. (Mark 16-6)

Days of All Faiths

Sabbath Changed by Resurrection

By DR. HOWARD V. HARPER

It is impossible to believe that anyone needs to be told that Easter is the commemoration of Christ's resurrection from the dead.

Mary Magdalene, who went to the tomb early on Sunday morning "while it was yet dark," found that He had already risen. (John, chapter 20, verses 1 and 2). She hurried back to tell the Apostles, and Peter and John ran in tremendous excitement to verify the happy incredible story. (John, chapter 20, verses 3 to 10).

The startling discovery took place, as the New Testament says, on the first day of the week. This is why Sunday became, not suddenly but gradually over the years, the big religious day of the week for Christians replacing the Jewish Sabbath. It is also why the Christian Sunday does not have the somber tone of the Sabbath. Every Sunday is a festival day, a day of rejoicing.

★ ★ ★

This departure from the Old Testament command to consecrate the seventh day seems unjustified to many people. There are thousands of Christians who still do not accept it. Some of them point out that although the fact of the resurrection was discovered on Sunday, there is nothing to indicate that it had not happened some hours earlier.

Also, some objectors call attention to the lack of any definite New Testament statement that might be considered as authority for the change of the weekly holy day from Saturday to Sunday. These people have a good deal on their side. The change was a slow evolutionary development, not a divine command or a legislative action of the early Church.

Because the record of that first Easter tells mainly about things that happened in the morning, the early hours of the day have always had a special importance—in both custom and superstition. There will be scarcely any Christian community that will not have its sunrise service.

People used to believe that if you saw the sun when it rose on Easter you could see the Christian symbol of the lamb at its center.

Long before the resurrection there were, of course, great pagan festivals at this spring season. It is surprising how many of the ancient rites found their way into the Christian observance. For example, in pre-Christian times new fires were lighted symbolic of new life. It is more than a coincidence that many Christian churches made a ceremony of lighting new candles for the Easter season.

The egg is perhaps the most obvious carry-over from pagan times. Modern children frolicking in search of colored eggs left by the rabbit are unknowingly following an ancient fertility ritual. Both the egg and the rabbit have from time immemorial been fertility symbols.

★ ★ ★

The egg, however, has another and more respectable page in its history. It was connected in the minds of early peoples with a semireligious concept of the renewal of life, though probably no one thought as we think today in terms of a definite resurrection.

The Egyptians used it to symbolize the re-beginning of the human race after the flood. It is believed that the Jews, having seen the egg's symbolic use in Egypt, adopted it as an emblem of their departure from slavery in that country, which was certainly a renewal of Jewish life.

Christians carried it one step further and saw the egg as containing within itself an apt illustration of the doctrine of the resurrection. "An egg at Easter," said one Christian writer, "is an emblem of the rising up out of the grave, as a chick that has been entombed in the egg."

Easter is the key day around which the whole year's calendar pivots. It is always the Sunday following the spring full moon—this was decided at the Council of Nicea in 325, after two centuries of argument. Now all the Church seasons except Advent and all the big days except Christmas revolve around that day. Epiphany, Lent, Ascensiontide and Pentecost all get their dates each year from the date of this one big central festival.

Dr. William Brady's Mailbag:

What—Boosting Vitamins? Medicine Making Strides!

"Six years ago our doctor poohpoohed the "vitamin craze," insisting that a "well balanced" or "reasonably varied" diet gives one all the vitamins one needs. Yesterday he recommended that we supplement our regular diet with the very same B-complex which you usually suggest. Further, he says innumerable common complaints are . . ."

DR. BRADY

(Mrs. O. R. F.)

Answer — And the "well balanced" hokum has gone to the museum? No question about it, medicine is making giant strides these days.

★ ★ ★

"Had bursitis in right shoulder for years, but since I began supplementing my diet with calcium and vitamin D it has all disappeared. I can now sleep on my right side, which I couldn't do before." (Mrs. K. E.)

Answer — Since most Americans suffer from calcium deficiency it can do no harm and may do good to supplement the diet with a good daily ration of Ca & D for a few months. Many bursitis sufferers have assured me that this has cured them.

★ ★ ★

"For hiccough, have glass of water ready and immediately after a hic take a deep breath and while holding your breath take 12 or more quick small swallows. Done right this is a sure cure . . ." (G. S. F.)

Answer — Guaranteed? It seems to be a variation on the carbon dioxide treatment — hold a paper bag over nose and mouth and breathe in it for a minute.

★ ★ ★

"Please send me all the information you have on the menopause." (Mrs. C. J. S.)

Answer — Postage on the material would amount to four or five dollars, but while you're making up your mind about it study the FREE pamphlet THE MENOPAUSE which is available, on request, if you provide a stamped, self-addressed envelope.

★ ★ ★

"The doctor found I have cholesterol in my blood and I have been on a strict diet . . ." (E. A. W.)

Answer — There's some cholesterol in every cell and a variable amount always present in the blood of a healthy person. Low fat diet may be beneficial for many invalids and for many sedentary adults who have no serious complaint as yet. But in my opinion it is not good medicine trying to regulate diet by the level of cholesterol in the blood.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright 1959)

Case Records of a Psychologist:

What of Religion on Other Planets?

Notice the striking question which Maurice Williams propounds. Then discuss the answer in church or Sunday school tomorrow. It will be good for your soul. If other planets are inhabited and mankind thereon evolves, does each one require the personal crucifixion of a Messiah?

By DR. GEORGE W. CRANE

CASE A—490: Maurice H. Williams, aged about 58, is the versatile Sales Manager of the newspaper syndicate that handles this column.

★ ★ ★

He used to be a YMCA Secretary at Indianapolis, and has been active in church work all his life.

DR. CRANE

When I am away from Chicago on Sunday he often teaches my Bible Class at the St. John's Church.

"Dr. Crane," he began recently, "if planets of other distant suns are inhabitable, and if some of them may have human beings like us thereon, what about their religious development?

"Would they need to evolve from primitive worship of many gods until they attained the high level of Abraham, who worshiped the ONE true diety?

★ ★ ★

"And if, in the evolution of religion, those people on distant planets reached the limit of their ethical development, without the advent of a Messiah, would Christ then have to be sent to a Calvary experience on those other planets?"

WIDEN YOUR SOUL

Such profound questions are helpful in widening the horizons of our soul.

Religion is a constantly enlarging thing and not a fixed category of ancient ethical development that stopped thousands of years ago.

Medicine and engineering and music have been zooming with the new discoveries of recent centuries, and religion should likewise expand.

★ ★ ★

Suppose Mr. Williams is correct in his surmise that among the millions of planets revolving around distant suns, some are inhabited.

Maybe those other planets likewise must go through the geological periods when vast forests furnished the layers of coal and oil that formed our Earth's great deposits of those fuels millions of years ago.

And if primitive man started out on those other planets from an original pair of creatures, comparable to Adam and Eve, they may have evolved some crude ideas of religion, just as our forefathers did.

★ ★ ★

At length, an Abraham may have risen far above his contemporary generation to talk with God and become the Father of Ethics on those distant globes.

But in every religion that mankind evolves, it is likely that the time would come when a Messiah would be needed to show the expansiveness of God's love.

For a man-made religion inevitably would picture God as a Judge or Dictator, or an "Almighty King" as we still sing in one of the Christian church hymns.

★ ★ ★

So a Messiah would be needed to add the missing piece to the jigsaw puzzle of ethics and man's mystery as to why he were placed on those other inhabited planets in other solar systems.

But would Jesus need to become incarnate thereon and again go through the suffering of Calvary?

Couldn't our planet, if it rates tops in such ethical evolution, soon send space missionaries to evangelize those other worlds?

It wouldn't have been efficient for Christ to have died in Africa and then come to America to be crucified for the Indians and to China for the Chinese.

★ ★ ★

No, just one crucifixion establishes the fact: Thereafter, the story of that one crucifixion is enough to evangelize all continents here on earth.

Doesn't it seem that cosmic efficiency would preclude Christ's crucifixion elsewhere? Discuss this at church tomorrow and widen your soul's horizons.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Voice of the People

'Man Bites Dog' May Be Theme for This Group'

Waterford people think they have problems because they have no ordinance, but if they had one that works no better than ours in Sylvan Lake, it would only be a waste of time.

Two dogs in particular roam from morning until night and our yard looks worse than a barnyard. The owners have been reported to the police, but if they've even been warned, nothing has been done about it. We own a dog but we don't let him ruin neighbors' property. A fine, as the law states, might help.

Children are also allowed to roam across, over and around others' property, so between the dogs and the children, we have much to contend with, too.

One Who Believes in Fairness

All those in Waterford who complain about the dogs, if you'd do something besides complain, maybe we'd get rid of them. The dogs in our subdivision look like ponies, but we're doing something about it. If you want to get rid of them, help us.

Mrs. O'Neall
1433 Irwin Dr.
OR 3-8241

Today in school I witnessed the most horrifying sight imaginable. A brown dog at the school doors was just sitting there. He wasn't even trying to get in the school. Between classes a member of the faculty kicked the dog until it lay down and bled from the mouth like fury.

★ ★ ★

Is such cruel and vicious treatment due the canine world when they don't know any better. I believe in keeping a dog tied, naturally, but don't blame the dog. Whose fault is it they're loose?

★ ★ ★

And who is it that makes a dog mean? They don't get that way by themselves. The human race made the dog "man's best friend." Why not treat him like it?

Joan Mayer
498 S. Saginaw St.

It isn't fair to those who spend money for fences to keep their dogs in when the rest are allowed to run, destroying lawns, shrubs and gardens, to say nothing of the mess they make.

After several people have been killed at a railroad crossing, they do something about it. Will lives have to be lost and people suffer before anything is done to enforce the Michigan law? Perhaps if enough people get up in arms they'll do something.

★ ★ ★

If we need another warden, let's get him. We have to pay enough taxes for other things, a little bit more won't kill us, and it may save some child a lot of pain and parents a lot of grief.

Near Victim

The shame of dogs running in Waterford isn't all. When you look out your window anytime of day or night and see from two to seven running through your garden and yours are kept in, how would you feel? Some of them are just skin and bone. Doesn't Michigan have a dog law? If not, why not?

Disgusted With Dog Owners

'Why Should I Pay While They Don't?'

Why isn't there an income tax applied to the gigantic income of the unions as there is against my little five and ten cent business? Why should they go free with great wealth at their command while I have to pay ever year? I ask for more justice in the U. S.

Little Feller

Let's All Hope His Prediction Is True

I would like to make a prediction. We will have the greatest spring and summer of all time and you can bank on this and plan accordingly. It will rain enough for good crops but mostly at night. The sun will shine nicely and outdoor picnics will be held as scheduled. My garden will be its very best and all Pontiac is invited to come and see it.

Mazie

'Pontiac Streets Better Than Most'

Anyone that thinks Pontiac streets are bad should look around before he sounds off. I just finished an 800-mile drive and we have boulevards paved with gold compared to some.

★ ★ ★

When I was in Chicago the papers said it would cost them a million and a half extra to repair the streets. One small city has two blocks closed to traffic.

★ ★ ★

Our street department did a swell job most of the winter.

L. G. Lomer

'My Vote Will Go to Soapy Forever'

When anyone says anything against Governor Williams I just burn. Not many states have a governor that is known from one end of the country to the other and who has been labor's great friend from the first day he took office.

He is a very friendly and kindly man and four years ago he went through the place I work and shook hands with at least a hundred people and no other office holder ever did that. I would vote for him for governor for life.

Angela B.

'Let's Spread Work Around a Little'

Why don't all businesses and industries cut to a 30-hour work week and spread the employment so everyone will have something? This would just be temporary.

J. K.

'How Many Leave Future Address?'

My former husband decided he wasn't going to support his children, so he walked out of town and never returned. I was informed that unless my former husband had a definite address, he couldn't be found.

How many men who decide to desert their responsibilities ever stop by the Friend of the Court's office to leave a "definite forwarding address?"

Weary and Disgusted Mother

Easter

Choirs of Central Church to Sing at Sunrise Service

The Youth and the Senior choirs will sing "By Early Morning Light" and "Unfold, Ye Portals" at the Sunrise service at 7 a.m. Sunday in Central Methodist Church.

Russell Curtis will sing "The Holy City" and guest organist, Robert Stasink, will play "Prelude in E flat" and "Alleluia."

The Junior Choir, under Mrs. George Putnam, will present "On Wings of Living Light," a German folk song, at the 8:30 service.

Mrs. W. Henry Sink will play "Easter Morning on Mount Rubideaux" and "March Pontificial" for both this service and at 10:45 a.m.

Anthems for the third worship hour will be "Ye Sons and Daughters of the King," a French carol, and "Worthy Is the Lamb" from Handel's Messiah. Introit will be and the choral benediction will be "Christ, We Do All Adore Thee."

Joseph Davis will sing "The Holy City" by Adams.

Methodist Men of the Pontiac Sub District will meet for dinner at 6:30 p.m. Tuesday in Central Methodist Church.

Evening speaker will be Dr. Robert B. Pierce, pastor of Metropolitan Methodist Church of Detroit. His subject will be "The Power of a Dream."

Dedicate Organ in Easter Rite

Noted YFC Musician Ron Huff to Play at Church of Nazarene

Williams Lake Church of the Nazarene will dedicate its new Conn organ at the 11 a. m. worship service Sunday in the sanctuary at Hatchery and Airport Rds.

Featured in a 10-minute recital at the dedication service will be an outstanding young church musician, organist Ron Huff.

Ron was winner of the Youth for Christ International Music Contest and has made two overseas tours to Europe and South America with the Youth for Christ organization. He has been accompanist for many leading gospel singers.

Mr. George Huff, Ron's father, will direct the congregational singing and sing several solos.

The Rev. Paul Coleman will preach on the subject, "If a Man Die, Shall He Live Again?" at the 11 a. m. worship, and the choir will sing "The Cross Triumphant."

★ ★ ★

At the 10 a. m. Sunday School hour, Ron Huff and his father will present several special numbers.

At the 7 p. m. worship service, the Huff family will present a one-hour program of instrumental, solo, duet and trio numbers. The Girls Trio from the local church, Bonnie Hartzman, and the Church Choir will present additional numbers.

The pastor's evening meditation will be entitled, "We Too Shall Live." All services are open to the public.

Douglas Norris to Preach at Salvation Army Citadel

Guest speakers for all three Easter services at the Salvation Army Citadel, as well as at a 9:45 a. m. special Sunday School program, will be Lt. Col. and Mrs. Douglas Norris of Chicago. Col. Norris formerly was stationed in Pontiac.

The Sunrise service will be held at 7 a. m., followed by a fellowship breakfast. Later, the Citadel Band will visit hospitals with music for shut-ins.

★ ★ ★

The Norrises will have full charge of the 11 a. m. worship service, and will be heard again at 6 p. m. during the young people's meeting. Their final appearance will be at the 7:30 p. m. service.

At this evening worship, self-denial missionary funds will be turned in. Plants will be awarded to the oldest and youngest mothers present, as well as to to the mother with the most children. The person bringing the most guests also will receive an award.

Special Easter music will be featured by the Citadel Band, Songsters Brigade, and soloists—among them Lt. Col. Norris who is known as an outstanding Gospel singer.

The Citadel is located at 29 W. Lawrence St. Capt. J. William Heaver has invited the public to attend any or all services.

Easter Sunrise Service at 6 A.M.

Congregation Approves Construction of New Educational Building

An Easter Sunrise service will be held at 6 a.m. at Columbia Avenue Baptist Church tomorrow.

"Significance of the Resurrection" will be the subject of the morning sermon at 10:55. Frank Dillon, training union director, will show the film, "The Road Back" at 6:30 p.m. A baptismal service is scheduled for the 7:30 evening service.

The new church visitor of the Columbia Church will be JoAnn Kimbrell who has been attending Cape Gireadeau College.

The church board has authorized the hiring of another full-time minister to be in charge of religious education.

Houston Lovett, chairman of the building committee, has announced the congregation has approved the construction of a new educational building.

The two story structure, 134 long and 82 feet wide, will enable the church to care for an additional 500 more members.

Baptist Choirs to Sing Cantata

'No Greater Love' to Be Presented Sunday at Memorial Church

"No Greater Love," a cantata depicting the life, death and resurrection of Christ, will highlight Easter observances at Memorial Baptist Church tomorrow. The cantata will be presented at 7:30 p.m.

It will feature the Senior Choir, Women's Chorus, Men's Chorus, and soloists Nancy McKown, Doug Brown, Edward Justin Jr., Diann Meyers, Linda Lankford and Marshall Causbie. Narrator will be Wayne Wilson. Choir director is William Mayers, and Pat Brown is accompanist at the piano.

The young people will have a sunrise breakfast at 6:30 a.m., followed by a devotional hour at 8 a.m.

At the regular morning worship, the pastor, the Rev. G. H. Rapelje, will preach on "The Resurrection of Jesus Christ." The Junior Choir, directed by Mrs. Della Justin and accompanied by Linda Lankford, will take part, in addition to the Senior Choir.

Our Plea for Christ
Christ said, "All authority is given unto me in heaven and on earth." We plead for His authority to be respected. It is not necessary to respect Him or His authority because we plead for it, but it is necessary to respect Him because He asks and commands it. The consequence of disregard for His word is most serious. So, if one wishes to be at peace with Him at the great judgment, an attempt must be made to heed His word here. First, let us notice the promises made to the Apostles which make their word His. Notice a summary of John 14-16-26. Jesus said that He would send a comforter, the Spirit of Truth, the Holy Spirit who would bring to their remembrance all He had said unto them. Therefore, what they taught is what Jesus had taught. Would you notice that if anyone today had the Holy Spirit as the Apostles did, that person would be nearly two thousand years of age, for the Holy Spirit was to teach ALL Jesus had said unto THEM. John 16:13 says, "When the Spirit of Truth comes, He will guide them into all truth, thus they taught the TRUTH and ALL of the TRUTH. Occasionally someone makes slighting remarks about the Apostle Paul, but hear the Lord in Acts 26:16, "You are to be a minister, and a witness of these things in the which I will appear unto thee." Here the Savior promised to guide the Apostle Paul and don't you believe He kept both of these promises? Our plea for Christ is: He is trustworthy, He kept His promises to the Apostles and He will always keep them. This being true, the Bible being His Word and man wanting to be saved, he should trust God and obey the Gospel plan of salvation as given in the New Testament. More than that, the curse of God is pronounced on anyone who will preach any other gospel than that preached by the Apostles. There has been no new revelation. If Christ told the truth . . . and He did . . . Gal. 1:6-10. There shall be no adding to it. Rev. 22:18-19. No one should ever think of men above that which is written. I Cor. 4:6. Jesus said just before he ascended into heaven, "Preach the gospel to every creature. He that believeth and is baptized shall be saved." After convincing his hearers that Jesus Christ is the Son of God, Peter said, "Repent and be baptized everyone of you in the name of Jesus Christ for the remission of sins and ye shall receive the gift of the Holy Ghost." Acts 2:37-38. Paul said the Romans had died to sin and had been buried by baptism into Christ's death and raised to walk in a new life. Romans 6:1-5. By W. W. Hall. Believe Thou This.

Catholic Men to Attend Parley

Pontiac Laymen to Be Among 2,000 at Detroit Convention

Representatives from four Catholic churches in the Pontiac area will be among local men attending the biennial convention of National Council of Catholic Men April 1-5 in Detroit.

Some 2,000 leaders from among the nine million Catholic men in the United States will attend workshops on laymen's apostolic activities, hear internationally known speakers and exchange ideas at the five-day parley, being held in the Hotel Statler.

"The Catholic Layman in the Crisis of Modern America" will be the convention theme.

Saturday, April 4, will be the big day of the meeting. Its program will explore specific areas of American family life, and examine the goals of the layman in the parish, the community, and his profession or job.

Ninety delegates from the Northwestern Deanery, which inclules Pontiac, will include these local men:

From St. Michael Church, Judge Maurice Finnegan and Maurice Croteau; from St. Vincent de Paul, George Tewksbury; from Sacred Heart Church in Auburn Heights, Frank Bilyeau and William Palmer; and from St. Benedict Church, Dr. John Schmitt, A. J. Moloney and Melvin J. Boomer.

EASTER IN AFRICA — Dr. and Mrs. Dwight M. Slater, medical missionaries to the Belgian Congo, and daughter, Linnea, are showing Mrs. Albert M. Slater (left) of 187 E. Huron St. the style of dress natives will wear to the Easter services in the Congo. Home on furlough for a year, the Slaters with Linnea and their other small children, Bruce, Dwight and Brent, will return to their mission work in January. Mrs. Slater, the doctor's mother, has another son, Dr. John Slater, who is in Belgium completing studies prior to going to the Congo as a medical missionary.

Pontiac Press Photo

In Talks by Dr. Dwight M. Slater

Pontiac Gets Look at Easter in the Congo

"What is Easter like in the Congo?" is one of the many questions asked of Dr. Dwight M. Slater, medical missionary, home on furlough from the Belgian Congo, when he speaks and shows pictures of his work there.

★ ★ ★

Dr. Slater and his wife, Barbara, have appeared at a number of churches in the area, and will continue their talks during their one-year leave. Of the Congo Easter, he said:

"The Resurrection of Christ is celebrated in the Beigian Congo, first by an Easter Sunrise Service at 6 a.m., followed, at 10 a.m. by a hillside baptismal service.

"Four to five thousand Africans, both Christian and heathen, gather on the hillside overlooking the baptismal pool to witness this ceremony.

"At Katwa, there is a second baptismal pool where members of the leprosy colony hold their baptisms at the same time.

GATHER AT CHURCH

After the baptism, the people walk over to the Katwa church which holds about 1,000 people. The rest of the crowd stands near the open doors or windows to hear and participate in the Communion service."

Dr. and Mrs. Slater, graduates of Pontiac Central High School and members of First Baptist Church here, are serving under the Conservative Baptist Foreign Mission Society. They are the parents of four children.

They sailed for Belgium in August 1954, where both studied and passed the course in tropical medicine required by the Belgian government in order to practice medicine or nursing in the Congo.

STUDIED HARD

Arriving in Congo in 1955, time was spent in practic in a government hospital, and studying Congo Swahili.

Their first term of service was spent in Katwa where the Palmer Memorial Hospital was begun in 1950. Since then more than a million medical consultations have been given and over 5,000 operations performed.

Besides the hospital and outpatient dispensary, there is a pavilion for 90 tuberculosis patients and a leprosy colony in which 500 patients are treated.

★ ★ ★

Safaries are made to station and jungle dispensaries at regular intervals, Dr. Slater told us. Elephants create a traffic hazard in some sections as they wander along the road and sometimes hold up our cars for as long as 45 minutes.

WORK BLESSED

"Each year the Lord has blessed the evangelistic work of the hospital with the conversion of from 250 to 400 patients. Child evangelism classes for children with beriberi are held three times a week," he said.

Mrs. Slater began classes for the wives of hospital nurses, teaching them basic hygiene, child and home care with fellowship in Bible study and prayer.

Attendance at the hospital chapel service is required before a chart is issued for medical care.

If hospitalized, the patient is visited daily by the hospital evangelist, African nurses, and missionary doctor and nurse. In this way 500 to 600 come under the sound of the gospel each day.

When the Slaters return to the Congo next January, they will be helped in the work by Dr. and Mrs. John Slater, also of Pontiac. The doctors are brothers.

★ ★ ★

"We hope to increase the surgical and rehabilitation care of the leprosy patients; increase time spent in evangelistic-medical safaries to outlying areas; and continue the training and integration of African personnel in the direction of the hospital program and administration," said Dr. Slater.

First Presbyterian Plans Four Services, Breakfast

Easter services at First Presbyterian Church will begin with a 7 a. m. Sunrise service, followed by an Easter breakfast. Music for all the services of the day will be under the direction of Lyndon Salathiel. The Women's Association of the church has charge of the breakfast.

★ ★ ★

Gary A. Miller will play a trumpet solo at the early service, and Patricia Brown, Lois Carlson, David Ladd, Susan Coleman and Robert Newman will assist in the worship service.

Lyndie Salathiel will sing Knapp's "Open the Gates of the Temple"; Ruth Ann Tower will sing Handel's "I Know That My Redeemer Liveth"; and "The Holy City" will be sung by Dorothy Dawson.

A youth quintet made up of Nancy Ohanesian, Jeannette Ohanesian, Ruth Ann Tower, Dorothy Dawson and Lyndie Salathiel will sing Dickenson's "In Joseph's Lovely Garden."

The Revs. William H. Marbach and Galen E. Hershey will direct the service.

Infants will be presented for baptism at 8:45 a. m.

At the 9:30 a. m. service, the Rev. Mr. Hershey will preach on "If Christ Be Not Risen." Mrs. Jack Nicols will sing "If God Be for Us" and "I Know That My Redeemer Liveth."

★ ★ ★

"The Meaning of Easter" will be Dr. Marbach's sermon topic at the 11 a. m. service. Special choir music will include Handel's "Halleujah Chorus."

Baptist Service to Be Conducted at New Building

The congregation of Donelson Baptist Church will worship on Easter Sunday in the recently purchased Lord's warehouse, Elizabeth Lake and Tilden. A remodeling program is under way.

★ ★ ★

The Rev. Lee LaLone will preach on "Resurrection Wonders" at the 11 a.m. service and the Adult Choir will sing under the direction of Mrs. Levi Crivea. Sunday School is at 10 a.m.

★ ★ ★

The Junior Choir will sing at the Baptismal service at 7:30 p.m. and the Adult Choir will present the cantata, "The Living Redeemer," narrated by Arthur Ewald.

A reception will be held honoring new members at the close of the service. Parking space is available at the rear of the building.

Church of God Slates Two-Week Revival

A sunrise service will be held at 5:30 a. m. tomorrow at the Church of God in Christ, 252 Wessen St. Sunday School will be at 10 a. m. and an Easter program will be presented by the children at 4:30 p. m.

A revival service will begin at 8 p. m. The series will continue for two weeks with the Rev. Charles L. Upchurch of Milwaukee, Wis., the evangelist.

Youths Sponsor Early Service

Pastor to Administer Sacrament of Baptism at Auburn Heights

A Sunrise service sponsored and conducted by the Youth Fellowship will be held at 6 a.m. Easter Sunday at the Auburn Heights United Presbyterian Church.

The Rev. F. William Palmer will speak on "When It Was Yet Dark." A breakfast will follow.

"Clouds Around the Tomb" will be the pastor's theme at the 11:15 morning hour. The Senior and Junior choirs will present "Chimes of Easter."

Those who have recently joined the church will be recognized and the Sacrament of Baptism administered.

The monthly congregational potluck supper will be held at 6:30 p.m. Wednesday. A business meeting will follow with building plans up for discussion.

Breakfast to Follow Early Church Hour

"The Early Visitors" will be the sermon topic of the Rev. Amos G. Johnson at the Easter Sunday service at 7 a. m. in New Bethel Baptist Church. He also will administer the ordinance of Baptism.

Following the service, breakfast will be served by the ushers.

At the 11 a. m. worship hour, the pastor will preach on "Alive for Evermore." An Easter program sponsored by the Sunday School will be given at 6 p. m. with Mrs. Alberteen Jackson, chairman.

A DREAM COME TRUE — Pastor of St. Michael Catholic church, the Rev. Michael J. O'Reilly will know the fulfillment of a dream when he serves his first Easter Mass in the beautiful sanctuary of the church tomorrow. At the right, he stands at the altar table. Above, the unusual painting of Christ in a scene depicting the mystical feast of the Eucharist forms a focal point for the eyes of worshippers. The altar table is of beige marble, fronted with gold rocaic with a white mosaic cross in the center. Father O'Reilly has been pastor of St. Michael's for over 25 years. Although services are being held in the new church, dedication will not be made until the arrival of several statues being imported from Italy.

Men of Baldwin Avenue Methodist Church will present a pageant at the sunrise service. Infants, children and adults will be baptised at the regular worship service.

Rite of Baptism to Open Service

First Christian Youth Groups Will Sponsor Sunrise Events

The youth groups of First Christian Church will sponsor a 6 a.m. sunrise prayer service and an Easter breakfast at 7 a.m. tomorrow.

The service will open with the rite of baptism. Presiding officer will be Donald Morgan, and the message will be delivered by Donald McColl.

Both the service and the breakfast are open to the public.

An Easter cantata, "The Divine Redeemer," will be presented as part of the 11 a.m. worship.

Directing the choir in its presentation will be Mr. and Mrs. Lowell Mount. Other special numbers will be "O Divine Redeemer," "Resurrection," and "Redemption."

"The Resurrection of Christ" will be the theme for the sermon by the Rev. D. D. McColl, minister.

To Observe Communion at Sunrise Service

Holy Communion will be observed at the 7:30 Sunrise service of St. Stephen's Lutheran Church in the Veterans of Foreign Wars Hall on West Walton boulevard just off Dixie highway.

The festival service is scheduled for 9:30 a. m. with the children of the Sunday School singing Easter songs. Sunday School will follow at 10:45 a. m.

Congregational Women Observe Annual Breakfast

Pontiac Press Photos

The women of First Congregational Church observed their annual Good Friday breakfast with a special program emphasizing three aspects of faith yesterday. Mrs. Ian Kiltie, left, was on hand to greet three arrivals for the gathering, from left to right, Mrs. Arthur Sweet, Mrs. Harry Hays, and Mrs. Frank Marsh. The Song Spinners from Pontiac Central High School provided special music for the group.

Mrs. Sidney Olson, left, general chairman, and Mrs. Karl Ostberg, center, who pronounced the benediction, chat with Mrs. John D. Rose who gave the address at the breakfast. Mrs. Rose presented a message entitled "The Three Roads to Faith," explaining the significance of the Road to Bethlehem, Via Dolorosa, and the Road to Damascus.

Before serving gets underway at the Good Friday breakfast Ora Hallenbeck, dining room chairman, left, and Mrs. James Absher, kitchen chairman, center, confer to be sure all details in the culinary department are in order. They are joined by Mrs. Robert Sanford, decorations chairman.

Could Have Added Tip to Her Fare

By EMILY POST

"Dear Mrs. Post; My mother-in-law visited me from another state recently. During her visit we used the local taxi cab quite frequently. My mother-in-law insisted upon paying the cab fare and rather than make a scene I let her do so, but I noticed she didn't tip the driver. I wanted to tip him myself but was afraid of hurting her feelings. I felt embarrassed and am asking you what should have been done.

"There is only one cab around here and if I ever needed one again, I am sure the driver would remember me. Would it have been all right and not insulting to my mother-in-law to have tipped the driver?"

Answer: You might have told your mother-in-law that you and your neighbors have made it a practice to tip John, your only taxi driver and asked her if she would let you add your usual tip to the fare.

"Dear Mrs. Post: You say it is incorrect to write a return address on the envelope of a wedding invitation unless there is doubt about the correct address. How do guests invited to the reception who are friends or relatives of the bridegroom but strangers to the bride, know where to send their replies, or wedding presents? I would very much appreciate hearing from you on this matter."

Answer: If the bride's address is unknown to many of the wedding guests, correctly her address is put under the R.s.v.p. on the reception invitations. For example: R.s.v.p. to 10 Main Street.

"Dear Mrs. Post: On occasion, I have noticed that some people before drinking a toast, clink glasses together. Is this proper, and what is the reason for doing this?"

Answer: The glasses should not be "clinked" but just touched together. This friendly custom comes to us from very ancient history.

News of Personal Interest

Mr. and Mrs. M. H. Addis of Judson court will entertain at a family dinner Sunday. Among their guests will be Mr. and Mrs. Lee Wirick and children Dorinda, Drew and Leigh Ann.

★ ★ ★

Elizabeth C. Bennett of Kingswood School Cranbrook, Bloomfield Hills was among teachers especially honored at a dinner and reception held at Princeton University last week.

More than 152 English teachers from across the country spent last week in Princeton reading College Board Tests administered for the College Entrance Examination Board.

Miss Bennett was one of 13 teachers who read these tests 20 times or more.

Grandparents are Mrs. Corrine Cappell of Perkins street and Mr. and Mrs. John Annis of Sanford street.

★ ★ ★

Announcing the birth of a daughter, Mary Kay, are Mr. and Mrs. Robert Winowiecki (nee Mary McNear) of Pontiac Lake Road. Mary Kay was born March 13 at St. Joseph Mercy Hospital.

Grandparents are Mrs. Irene McNear of West Rundell street and Mr. and Mrs. Paul Winowiecki of Traverse City.

Helen Prizant, daughter of Mr. and Mrs. Irving Prizant of West Iroquois road, is spending her Spring vacation from the University of Michigan with Lynn Brandman in Chattanooga, Tenn.

Don't Let Pills, Coffee Become Your Crutch

Fortunately, nature has equipped most of us to get comfortably through life without the help of sleeping pills, pep pills or other crutches. That is, she has equipped us if we will use the means she has given us.

If you know that coffee keeps you awake at night, don't give in to that temptation to have just one cup. If you find it hard to unwind at the end of a busy day, find something to do that relaxes you.

At Herrington School

Children Mark Easter

Children of Herrington School presented a special Easter assembly Wednesday afternoon, under the direction of music teacher Gerry Cheal.

First graders of Mrs. Anna Marsh opened the program with a play entitled, "The Little White Rabbit Who Wanted Red Wings."

Members of Mrs. Emma Clark's second grade class sang, "My Easter Bonnet", with the girls wearing hats they had made themselves.

Also participating in the special assembly were Mrs. Jane Reynolds' fifth graders who offered choral speaking poems, "Spring Almost" and "Spring;" and kindergartners of Mrs. Eleanor Beaver who gave the play and songs, "Five Little Bunnies", and "Little Bunny Pink Ears."

Jim Marsh, Mike Godoshian, and Mike Dyer, safety patrol boys, explained bicycle safety rules to the group.

A baritone horn solo, "Italiana" was presented by Dale Cheal and a tap dance by Diane Cheal, children of Mr. Cheal, music teacher.

"Peter Cottontail" was sung by first graders in the classroom of Mrs. Sally Lefler, while children in Mrs. Isa Vogel's second and third grade room gave an Easter Parade modeling hand-made hats. The youngsters sang, "The Easter Parade" with Kenneth Racine as soloist. The school's Glee Club also took part in the program.

Good Lighting Is Essential in Laundry

EAST LANSING (UPI)—Good lighting is essential in the laundry — and here are two tips from Michigan State University home management specialists on how to get it:

Proper reflectors on laundry lights may give as much as 35 per cent more light on work areas.

Reflectors reduce glare and concentrate the light.

Use Foil Wrap to Grace Table

If you are planning a 25th wedding anniversary try taping strips of aluminum foil together to cover the table then place a white lace tablecloth over it.

Use a pretty pink, white and green centerpiece in silver container and white candles in silver candlesticks.

This casual Spring dress designed by Oleg Cassini is fashioned of glen plaid worsted. The laced bodice and slim sheath lines show that the "sack" look is a thing of the past. The white silk linen collar is detachable.

Village Club to Hear Pianist Boris Goldovsky

Dr. Boris Goldovsky will be the guest of the Village Woman's Club when members meet at 2 p.m. April 1 at Birmingham Community House. He will present a recital and lecture entitled "Romance of the Piano."

★ ★ ★

Born in Moscow, Dr. Goldovsky came to this country in 1930. He has earned musical honors and degrees at the Moscow Conservatory of Music, Berlin Academy, Budapest Conservatory, and the Curtis Institute of Music in Philadelphia where the degree of Doctor of Music was conferred upon him in 1933. He is a frequent commentator for the Metropolitan Opera broadcasts.

★ ★ ★

Hostesses for the tea will be Mrs. George Jacoby, Mrs. Richard L. Bernhard, Mrs. Howard Steggall, Mrs. Norman Ellis and Mrs. A. Dale Kirk. Reservations chairman is Mrs. E. Govan Hill.

Hosts Homemakers

Mrs. Daniel Peterson of McCormick street was hostess for the Modern Homemakers Extension Group Tuesday evening. Mrs. Volly Yaniszeski gave a lesson on interior decorating.

Women Fix Up for 'At Home'

"At home" evenings are becoming dressier reports a shoe institute.

The reason: Women's desire to pretty-up for the men in leisure hours, television, saving of wear and tear on daytime clothes, and an increase in home entertaining. This trend shows in fancy flats, such as a pair in bright red velvet trimmed with rhinestone bars and green "cat's whiskers."

Here's a new, non-spillable, kind of make-up, called "French Flair," in a new type of compact. The makeup gives the natural "loose powder" look and comes in 13 different shades. The compact is lightweight and refillable.

Girl Scout Camp Offering Activities for Fun and Skill

Registration for the Girl Scouts' Camp Sherwood opens April 1 at the Community Services Building on Franklin boulevard.

Scouts will be given preferance on a first come—first served basis.

Non-Scouts may register on May 1 and are free to call the Scout office for camp folders.

★ ★ ★

Near Lapeer, the camp offers many forms of recreation in addition to the regular crafts and waterfront activities.

For girls entering the 11th and 12th grades there is a special four-week counselor-in-training course available. There also are one, three and seven day canoe trips during specific sessions.

★ ★ ★

Mrs. Walter Ainsworth, camp director of the Northern Oakland County Girl Scout Council, will direct activities this summer. The camp fulfills all state health and safety requirements and adheres to National Camp standards.

The waterfront staff is composed of qualified Red Cross safety instructors, lifeguards and small craft specialists. There is a special session for girls learning lifesaving, one for experienced campers who will take an outpost camping trip, and one for girls going into the 10th grade to review all their outdoor skills in preparation for counselor-in-training or other specialized Girl Scout activities.

Do-C-Do Holds Easter Dance

Do-C-Do Square Dance Club held an Easter Parade Dance at McCarroll School Thursday evening.

Winners of the Easter Bonnet contest were Mr. and Mrs. William Brown, Mr. and Mrs. Gene Shaw and Grace Harkless.

Mrs. Shaw had charge of decorations and Mrs. Russell Fahr was in charge of refreshments.

A dinner dance will be held at St. Benedict Hall, April 25. The last regular dance of the season will be held April 9 at McCarroll.

Dear Abby . . .

This Sounds Like a 'Raw' Deal!

By ABIGAIL VAN BUREN

"DEAR ABBY: My wife and I have been married for four years and this winter we went to Florida to visit her family for the first time. I've discovered that her family are 'home nudists.' They don't belong to a group or anything like that but they all go around with so little clothing that I am shocked. I include her mother (who is a grandmother) and her father and sister and brothers of all ages.

ABBY

"When they take a swim in the pool (night or day) I never know how much they will have on, if anything. They say it is a matter of health and I am old-fashioned to be shocked. Set me straight, please. They think I should join them."

NO NUDIST

DEAR NO: Enough coverage to eliminate embarrassment wouldn't interfere with the healthfulness of their frolicking Decline their generous offer of a "nude-deal."

★ ★ ★

"DEAR ABBY: I am 19 years old and a junior in college. I don't want to sound conceited but I've had plenty of chances to be Number One girl with some of the biggest wheels on campus. I've turned down these chances because, to put it delicately, 'they expect too much.' When I don't respond affirmatively to their romantic advances they just disappear.

"I am what you'd call a 'good girl,' Abby, and intend to stay that way. Am I being foolish and prudish or not? And how can I get a guy interested in me if he doesn't take me out twice?"

DATELESS

DEAR DATELESS: You must be attracting the biggest HEELS on Campus—not the biggest WHEELS. You're better off dateless than putting up with those characters who buy you a hot fudge sundae and then try to squeeze it out of you.

"DEAR ABBY: After living with this husband of mine for 12 years I just can't take it any more. There are just the two of us. I'm a good cook and I love to cook, but my husband simply does not care one thing about food. I can knock myself out preparing a meal fit for a king and I might just as well put a bale of hay in front of him. He never compliments me on a thing. He says, "Honey, why bother—you know I like plain food." Can you tell me what to do before I go batty?"

WASTED EFFORT

DEAR WASTED: YOU had better simmer down before you find YOURSELF on an ulcer diet. Give your husband what he wants the way he wants it. There's more than one way to a man's heart.

★ ★ ★

"DEAR ABBY: I have been married to a construction worker for 2 years. He is gone from 2 to 6 months (and longer) at a time. Maybe he's home a week and then he's gone again. We have two fine children. I used to plead with tears in my eyes for him to stay home but now I am glad when he goes.

"While he is here the children whisper. 'I wish Daddy would leave.' He upsets their routine when he's home. He won't let us eat supper on trays in front of the TV set like we do when he's gone. He is a stranger to his own children. He loves them (and they love him) but they aren't used to each other. The extra money his job brings in doesn't go far as I have to pay it out to hire things done which he could do if he was here. So you see, he sold the family's love for a few extra dollars.

Quit Slumping

Prevent Aging Neck and Chinline

By JOSEPHINE LOWMAN

The neck and chinline often make a woman look older than she is, or at least mar an otherwise youthful appearance. This may be true because the throat is crepe or the chinline blurred because of drooping or fatty deposits.

The crepe throat is due to several factors. Extreme dryness is one of them. Then, too, the muscles underneath the chin may have become lax or stretched, or may have shortened. As we grow older the layer of fat between the muscles and the skin decreases and there is a general loss of tone.

There are measures we can take which will delay or minimize this condition. In the first place regular lubrication is absolutely essential. Circulation creams are sometimes helpful since they whip up circulation in this area.

Exercises for toning the muscles also are indicated. Good nutrition has an effect on the entire body. Lines on the neck usually are due to defects in posture. If you have the habit of ducking the chin into the neck, you will have lines on the front of your neck.

If you slump through the region of the neck, you will find the lines most noticeable on the back of the neck. Many women who have fairly good posture collapse at the back of the neck.

A double chin is due to poor posture and also to fatty deposits in this spot. However, many women who are the correct weight have a double chin. Improvement in posture and special exercises are the medicine.

Try these. Stand tall. Keep the shoulders relaxed as you roll your head in a circle, first in one direction and then in the other.

Stand with the feet separated. Lower the head backward until you feel the muscles stretch. As you do so pull the arms back, palms facing forward. Return head to usual position and arms to side. Continue. Do this exercise very slowly.

I believe that it is much better to pat the neck after applying a lubricating cream than to massage it. Unless massage is done by an expert the skin is likely to become stretched.

If you would like to have my exercises for the chinline and neck, send a stamped, self-addressed envelope with your request for leaflet No. 10. Address Josephine Lowman in care of this newspaper.

Here's an exercise for a sagging chinline. Tip the head backward and pat the area under the chin with the back of the fingers of the hand.

Informed Sitters Do Best Job

A family's attitude determines the kind of job a baby sitter does, says an extension specialist.

The more accurate information given the baby sitter, the better the results, according to John Shultz, of Ohio State University.

★ ★ ★

Parents should tell sitters how to lock and unlock doors, where to find main switches, telephones, and children's clothing and how to regulate furnaces.

★ ★ ★

The child's routine also is important, he said. The sitter should understand what time the child goes to bed, if he says prayers, if a light is left on in the room or hall, and if the window should be open.

★ ★ ★

Parents must make it clear whether the sitter's friends are allowed, and whether she may use the telephone, radio and television or raid the refrigerator.

Also leave a note giving a number where you can be reached, the hour you expect to return, and the name of a reponsible neighbor in case of emergency. Finally, Shultz added, arrange for return of the baby sitter to her home.

Spadea's american designer pattern

"Kasper was here" is the fashion-handwriting on the wall that is welcome news everywhere. He believes in dresses that feature the wearer, making the most of her figure, making a definite point of her own good looks. Here, a dress that is guaranteed to explode an applause machine.

★ ★ ★

A fitted sheath, it has a high Empire bosom line, still the prettiest of them all when the waist is shaped. The top, lapeled and squared in front, has a V neckline in back with a surplice drape.

Choose plain and embroidered linen, plain and printed cottons, faille and lace if you're about to be a member of a wedding party. Save the pattern for next fall to make all in one fabric or contrast satin with wool, lace with wool.

From this size chart select the one size best for you.

Sizes	Bust	Waist	Hips	Length From Nape of Neck to Waist
			Inches	
10	34	24	35	16½
12	35	25	36	16¾
14	36½	26½	37½	17
16	38	28	39	17¼
18	40	30	41	17½
20	42	32	43	17¾

Size 12 requires 1⅛ yards of 39 inch material for midriff and skirt and 1 yard of 36 inch material for contrasting waist and ¾ yard of 42 inch material for lining. To order Pattern No. 1371, state size, send $1.00.

For 96-page Pattern Book No. 15, send $1.00. Address Spadea, Box 535, G.P.O., Dept. P-6, New York 1, N.Y. If paid by check, bank requires 4 cents handling charge.

(Next week look for an American Designer Pattern by David Goodstein).

Christ Lutheran Program Slated

Easter services celebrating the Festival of Christ's Resurrection will begin at 7 a.m. Sunday at Christ Lutheran Church, Airport at Williams Lake roads.

The Youth Choirs under Mrs. John Wiley will sing Easter anthems at the early service. The Rev. Arvid Anderson will preach on "Prisoners of Hope."

The Luther League will serve an Easter breakfast for the congregation following this service.

At 11:30 a.m. the Senior Choir under Mrs. Martin Wager will sing "O Morn of Beauty," and the pastor will preach.

At the 9:30 Sunday School service, children will see the Easter story in colored films and each pupil will receive a gold cross. Larry Rottar and Gosta Lindman are the school superintendents.

Curly Tresses Often Present Styling Problem

Offhand, it would seem that girls with slightly curly hair have no problems in that department at all. Actually, curly or partially curly hair can present as many problems as straight hair.

For one thing, not many stylists understand the cutting of such hair. They tend to want to razor-cut or taper curly hair. This spoils the curl and makes the hair impossible to handle. Curly and coarse hair should be blunt cut. You should ask your hairdresser each time to be sure to use this cutting technique in cutting.

Further, curly hair should be cut with the wave. Cutting it or curling it against the wave simply pulls out the curl and creates a head full of sticklike ends.

If your hair is only partially curly, it may need flat beer in the setting process to give it the needed body.

Tip to Dog Owners

After a walk on streets that have been sprinkled with snow-melting chemicals, be sure to wipe off your dog's feet with a baking soda solution. The soda removes the chemicals which may make your pet sick if he licks his paws. It also soothes the burn which induces licking.

Gloria Grahame Prefers Babies to Movie Award

By DOROTHY ROE
Associated Press Women's Editor

A baby is more important than an Academy award any day, says blonde and beautiful Gloria Grahame, who gave up her movie career at its height to stay home and take care of her baby daughter.

★ ★ ★

For two years Gloria has been concentrating on formulas and playpens rather than Klieg lights, giving full attention to Marianna Paulette, now 2, and her son David, now 10.

"All of a sudden I just felt it wasn't fair to the baby just to leave her with a nurse when she was so little," she said. I felt lonesome for her and I wasn't around her. So I just dropped everything and went in for being a fulltime mother."

Gloria, who has starred both on Broadway and in Hollywood, now is making a new picture, "Odds Against Tomorrow," filmed in New York. She arranged her schedule, however, so she would be away from her home in Van Nuys, Calif., only two weeks.

"I call up the children every night. It's awful to be so far away from them," she said.

★ ★ ★

Little Marianna was born in Paris, soon after Gloria completed the London filming of "The Man Who Never Was," with Clifton Webb. Soon after the baby's birth Gloria and her husband, writer-producer Cy Howard, were divorced.

"I guess that had something to do with my feeling," says Gloria. "I felt that the baby deserved the full-time attention of at least one parent."

Gloria was born in Pasadena, Calif., daughter of Jean MacDougall, a British actress. She started her stage career immediately after graduation from high school, first making a name on Broadway, then going to Hollywood, where she won an Academy nomination for her first picture, and got an Oscar for the best supporting performance of the year in "The Bad and the Beautiful."

★ ★ ★

"I hope now I'll be able to make a few pictures and still spend most of my time with the children," says Gloria. "A career is nice, of course, but children are nicer."

Crescent Hills Children to Sing Easter Anthem

The Cherub Choir of Crescent Hills Baptist Church will present special music at the 10 a. m. worship service tomorrow. Directed by Mrs. B. A. Bohn, the children will sing the anthem, "Lilies" by Tillotson, and will wear their new robes for the first time.

"The Call of the Risen Christ" will be the sermon topic of the pastor, the Rev. Benjamin A. Bohn. Miss Jane Osarnder, youth leader, will assist him in the service.

An Easter program will be presented by pupils of the Sunday School at the 11 a. m. Sunday School hour. Two additional rooms will be opened into the church sanctuary to provide ample seating space for the Easter congregation. A white Bible will be presented to Miss Virginia Kilgore for faithful attendance.

Velvet covers in purple and gold for the pulpit and Communion table and a matched set of brass candle holders and flower vase were presented to the church on Palm Sunday by Mr. and Mrs. Earl Hall, members of the church.

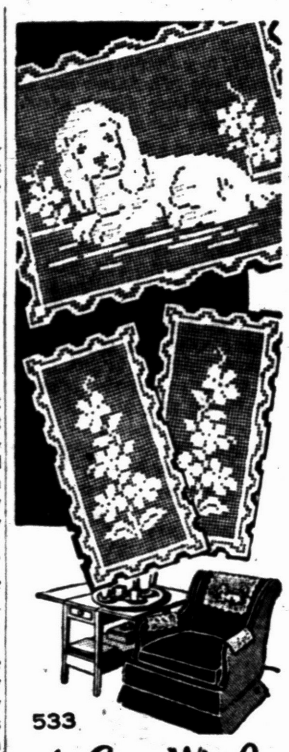

Cantata Scheduled at Central Christian

"When They Saw the Grave Closed" will be the sermon topic at the 11 a. m. Easter service at Central Christian Church. The Rev. Gerald W. Gibson, pastor, will speak.

★ ★ ★

An Easter cantata, "The Way of the Cross," will be presented by the choir at 7 p. m. Soloists will be Mrs. Grover Renneley, Merlin Sanderson, Wallace Lacey, Mrs. Jack Storm, Mrs. Champ Hoenstien and Stait Lloyd.

Accompanying the choir will be David Wilson at the organ and Mrs. Hoenstien at the piano. Mr. Lloyd is choirmaster.

533

Everyone loves a puppy. This handsome chair set features this favorite subject.

Simple filet crochet for chair set or scarf ends. The whole family will admire it. Pattern 533: charts, directions for 13 x 16 inch chair back, 6 x 12 armrest.

Send Thirty-five Cents (coins) for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to The Pontiac Press, Needlecraft Dept., P. O. Box 164, Old Chelsea Station, New York 11, N. Y. Print plainly PATTERN NUMBER, NAME, ADDRESS and ZONE.

Send for a copy of 1959 Laura Wheeler Needlecraft Book. It has lovely designs to order to order: embridery, crochet, knitting, weaving, quilting, toys. In the book, a special surprise how to make a little girl happy—a cut-out doll, clothes to color. Send 25 cents for this book.

United Brethren Youth Sponsoring Sunrise Service

A sunrise service, sponsored by the young people, will open Easter Sunday observance at Baldwin Evangelical United Brethren Church.

★ ★ ★

Special music at the 6:30 a. m. worship will include a duet, "His Love," sung by Ruth Bell and Marlene Kitchen, and quartet numbers by Charles Parrott, Ronald Metz, Grant Kitchen and Robert Everett. "Christ — Our Living Friend," will be the sermon topic.

★ ★ ★

At the 11 a. m. worship, "The Easter Challenge" will be the subject. New members will be received by the pastor, the Rev. Myron R. Everett, and the Chancel Choir will sing "The Lord Hath Triumphed" by Harris.

A family fellowship vesper service at 7 p. m. will be highlighted by a film "Peter and the Resurrection."

Hypnosis Talk Sparks Meeting of Pi Omicron

Anthony Rogers, president of Detroit Society of Hypnology, gave a lecture and demonstration of hypnosis at the meeting of Iota Eta and Phi Kappa Tau Chapters of Pi Omicron National Sorority, held Thursday evening in the auditorium of Consumers Power Co.

★ ★ ★

Hostesses for the evening were Mrs. Robert Gaylord, Mrs. Buhl Burt, Mrs. Maynard Holmes, Mrs. Paul Hoskins, Mrs. Robert Scharf Jr. and Mrs. Donald Steele.

Phi Kappa Tau will hold its next meeting at the home of Mrs. Stuart Hutchinson, and Iota Eta will meet at the home of Mrs. Nettie Collins.

How to Get Along? Just Be Neighborly

RUTH MILLETT

If you want to get along in your new neighborhood —

Be nice to the kids. Get a reputation for being a "crank" with the children — and there won't be much of a welcome for you from their parents.

Don't encourage a gossipy neighbor to tell you all about the other neighbors. If you do, you'll have preconceived notions that may influence your own judgment.

Be considerate of your neighbors in small ways, such as keeping your yard neat, not letting your children become a nuisance, seeing that your dog doesn't bother anyone, not being a habitual "borrower."

Be friendly and neighborly without making a nuisance of yourself. Your neighbors may not have as much time to kill as you do — so don't waste theirs.

Take advantage of opportunities to be helpful. These arise in every neighborhood from time to time and taking advantage of them requires only a little imagination and a readiness to be of help.

Never run down one neighbor to another. If you don't especially care for a particular person, at least stay on speaking terms and do nothing to influence others to feel as you do.

Don't take up your children's squabbles. Left alone, fighting children will soon be friends again, but let the parents get into the fight and there will be real and lasting bitterness in the neighborhood.

Following these few rules ought to enable you to get along happily in any neighborhood you choose to live in.

Rebekahs Confer Degrees

The degree was conferred on Mrs. William Sharp and Mrs. Amy Markham at the meeting of Welcome Rebekah Lodge 246 held Thursday evening at Malta Temple.

★ ★ ★

Members from Pontiac Rebekah Lodge 450 were introduced and Mrs. Richard Rohrer, noble grand, took part in the meeting.

Plans were made to entertain Mrs. Zetta Timpson on April 9. A cooperative dinner will precede the meeting. A rummage sale will be held April 4.

In charge of the social hour were Mrs. Russell See, Mrs. Richard Brownell, Mrs. William Tyte and Mrs. Elsie Piddington.

Attend Funeral

Mr. and Mrs. M. H. Addis of Judson court attended the funeral of Mrs. Addis' brother-in-law, Ben ReWaldt of Grosse Pointe Park, Friday.

Can't Ask Gratitude for Unwanted Help

By MURIEL LAWRENCE

At 29 she had never dated a man. Because of a tremor in her hands, she sought psychoanalytic treatment.

One night she had a dream. She dreamed she had invited her out-of-town parents to Easter dinner. She'd planned the meal with care —meat loaf of her own invention, carrots, macaroni, tossed salad, the wonderful apple strudel made by the little Viennese bakery down her block and coffee.

She was mixing her meat loaf when her parents arrived. In her dream her mother brought a huge shopping bag into the kitchen, and shoving aside the meat loaf, started pulling food from the bag — an unending stream of expensive turkeys, hot house vegetables and fantastically rich pastries.

She woke up when her mother cried, "Why don't you thank me? Don't you appreciate all this wonderful food I've brought for your dinner?"

She woke up because she could no longer pretend to feel gratitude.

One of the best ways to stifle protest in children is to overwhelm them with obligation for help they don't want.

★ ★ ★

We all use this device occasionally. If John is bogged down with arithmetic homework, it's easier to do his example for him than to show him the principle that would produce his own answer for him.

★ ★ ★

If the store doesn't have the pink sweater Gloria asked for, it's easier to buy her a blue one than to go home without any, saying, "The shop didn't have a pink sweater. What other color could you use?"

If Joan is doing a clumsy job of pressing her skirt, it's easier to say, "Give me that iron," instead of showing her how to dampen a pressing cloth and remove the old hemline marks herself.

TIME A FACTOR

We don't always have time to respect children's right to achievement. So we musn't reproach ourselves if occasionally we do John's examples for him or buy the sweater Gloria hasn't asked for. But we can register the fact that we've substituted our achievement for theirs, and refrain from demanding gratitude for our highhandedness.

It's when we demand, like the mother in the dream, to be admired for stealing others' achievements that trouble begins. It's then that protest goes underground. It can emerge, not in words, but in refusals to study at all, in overweight that makes the blue sweater unwearable, in hands that tremble with the need to shove us away.

Wolverines Clinch National Swim Title

From The PRESS BOX

Sites selected for the Michigan qualifying rounds May 18 for the 1959 National Open are Lochmoor Country Club and Blythefield Country Club in Grand Rapids. Grosse Ile Country Club will be the scene of the sectional qualifying rounds June 1.

★ ★ ★

Hayes Jones will get another crack at the 60 yard high hurdles' record tonight in the Chicago Relays. He tied Milt Campbell's mark of seven seconds flat last year.

★ ★ ★

Charles Klein, Anderson College (Ind.) senior, received this third football letter at the school's banquet this week. He lives on Opdyke Street in Pontiac.

★ ★ ★

Bob Gajda of Forest Lake Country Club, shot 39-36—75 and was five strokes behind leader Bob Goalby after the first round of the Azalea Open yesterday.

★ ★ ★

The Dundee soccer team of Scotland will play in seven American cities on a tour of the U. S. and Canada. They will be in Detroit June 10th.

★ ★ ★

Assistant coach Bob Stevens and star center John Green of the Michigan State basketball team will be the guest speakers at a banquet honoring the Romeo High hoop contingent Tuesday at the Bulldog gym.

★ ★ ★

Lee Weyer, a former Imlay City High athlete, is in Florida to start his second season as a Southern Association umpire. He is currently working exhibitions of the Washington Senators.

Spring Training in Havana

Records Tumble as 'M' Tankers Win 3rd in Row

Michigan Has 80 Team Points Entering Final Day of NCAA Meet

ITHACA, N.Y. (AP)—They'll be hollering next to "break up" Michigan's mighty swim dynasty.

The aquatic marvels from Ann Arbor have rolled over their opposition like a tidal wave in the NCAA Swimming and Diving Championships here at Cornell.

★ ★ ★

More of the same undoubtedly will be dished out again this afternoon and tonight when the final seven of the 16 events are reeled off in Teagle Hall's 25-yard pool.

Michigan, with its third straight team title all wrapped up in Maize and Blue, led the onslaught on four American, five NCAA and six meet records Friday.

Coach Gus Stager's Wolverines already have piled up 80 points—they won last year with a total of 72—and appear headed for a record 120 or more. The top thus far is the 96½ amassed by Bob Kiphuth's' Yale team of 1953.

★ ★ ★

Michigan has won three of the nine titles in this meet and had piled up more points with five seconds, four thirds, three fourth-placers, two fifth-placers and one sixth. They were almost tempted to toss back the last.

Far back in second place came Ohio State with 26 points. Michigan State has 20, Indiana 19 and Stanford and Yale 16 each. The others are out of sight.

Michigan's winners were soph Dave Gillanders, who took the 200-yard butterfly by a touch over teammate Tony Tashnick, the defender, in American record time of 2:02.5, Olympian Dick Hanley, 220-yard freestyle, in 2:04.3, and the 400-yard freestyle relay in meet record time of 3:21.6.

★ ★ ★

The other three American record-busters, which also became NCAA and meet marks, were: Frank McKinney, Indiana, 200-yard backstroke, 2:01.4; Gordon Collet, Oklahoma, 100-yard breaststroke, 1:03.02, and George Harrison, Stanford, 200-yard individual medley, 2:06.7.

11th Frame

By CHUCK ABAIR

With the bowling season heading into the final weeks of league play, the Press will discontinue printing loop standings as sent in by the various secretaries and proprietors.

Persons handing such publicity should instead forward highlights of their closing action to the Press to be included in either a regular news story or this column.

There are many items which could be classified as highlights worthy of calling or mailing in. Among them would be a new team taking over 1st place, the clinching of a championship, a sweep of points by a bottom team over the leader, triplicates or unusual splits downed, new high games or series by teams or individuals and a person bowling way above his average. There are many others that might occur.

Although the league excitement is starting to fade out, there is still plenty doing on the tournament front. Besides the local events, the WIBC at Buffalo, the Elks National at Toledo and the American Mailographic Handicap Team Tournament for youngsters are coming up in April.

★ ★ ★

A big feature for area women to be held soon at Lakewood Lanes will have Marion Ladewig, the queen of the sport, competing against six local performers. Proprietor Bill Kuklinski is still trying to settle the date for the final of a "Beat the Pro" program. The list of prize-winners will be determined after the appearance of Mrs. Ladewig.

East Highland Recreation has also come up with something for the ladies. A singles event is set for next weekend. Annual events at Royal Oak and Detroit, the latter sponsored by the Greater Detroit Bowling Proprietor's Association are others right around the corner.

SKIPPING AROUND

Champion Hart Window Cleaning, Perry Cleaners, Dishmaster and General Fabricating of Pontiac, Smith Silo of Oxford, Milford Floor Covering, Goebel's of Utica, Fetters' Drugs of Rochester, Gillies Shoes of Milford all will receive squad prizes when the City Women's awards are handed out April 5 . . . A Troy Post won the state AMVETS crown at Mt. Pleasant with a 2737 actual and 3145 handicap score.

Elaine Vanitvelt rolled the first all-spare game in the Lake Orion Royalettes League in three years recently . . . Seventeen of the 18 teams in the Birmingham Newcomer's loop at Birmingham Bowl go by the names of drinks. The Manhattans, Stingers, Martinis and Screwdrivers are included in the group. The 18th team—Teetotalers.

Norman Tests Borderline Pitchers

SPORTS

AP Wirephoto

BUTTERFLY—Tony Tashnick of the University of Michigan swimming team was in perfect form Friday during the 200-yard butterfly stroke time trials in the NCAA meet at Ithaca, N. Y. His time was two minutes, 4.7 seconds. He will enter the finals this evening.

Burnside, Lee, Susce Fighting for Trip North

Doby Plays Left Field Today as Tigers Meet St. Louis

ST. PETERSBURG, Fla. (UPI)—Still shuffling his pitching staff to see who he'll take north, Detroit Tiger manager Bill Norman scheduled three of his borderline cases for duty today.

Southpaw Pete Burnside was set to start against the St. Louis Cardinals in St. Petersburg and the 28-year-old hurler could practically seal a spot on the roster with another good performance.

Norman designated Don Lee, who spent nearly all of last season at Charleston, to face George Susce back in Lakeland. Susce appeared in 27 games for Detroit last season but along with Hank Aguirre has been one of the "forgotten men" of the camp.

Aguirre has seen little action lately although he appeared in more games last season than any other Tiger pitcher.

★ ★ ★

It was an open date for the Bengals in the Grapefruit League in which they have posted a 9-6 record, with 11 games still to go.

The curtain also went up today on a battle for the Detroit Tigers' left field job between Larry Doby and Charlie Maxwell.

The Tigers acquired Doby from the Cleveland Indians just a week ago in a trade that sent outfielder Tito Francona to the Tribe.

Norman chose Doby to start today's game while putting Maxwell on the bench. Maxwell hasn't been hitting well so far.

Left field is the only open outfield spot on the Tiger team. Harvey Kuenn and Al Kaline have the other two cinched.

Hawks, Celtics Seek 3-2 Leads

By The Associated Press

The St. Louis Hawks and the Boston Celtics will take the lead today in the National Basketball Assn. divisional final playoffs if the home court trend continues.

As the series now stand, the Hawks and Minneapolis Lakers are all-square at 2-2 in their best-of-seven series for the Western Division playoff title. So are the Celtics and the Syracuse Nationals in their battle for the Eastern Division championship.

So far each team has won twice on its home court. Today's games are at St. Louis and Boston with the latter scheduled for televised treatment—NBC—at 3 p.m. EST. The sixth game of both series will be played Sunday at Minneapolis and Syracuse.

Golf Seniors in Final

ST. AUGUSTINE, Fla. (AP)—Bruce Coffin of Marblehead, Mass., and Leon Sikes of West Palm Beach, two "youngsters" in the American Seniors Golf Assn. Tournament, met for the title today.

Coffin at 56 is making his first appearance in the tourney for amateurs 55 and over. Sikes at 57 is competing for the third time. He won it two years ago in his first try.

Huron Relays Today

"A" Schools at Ypsilanti

Five area Class A schools will be among 37 prep teams competing today in the Huron Relay at Eastern Michigan College in Ypsilanti.

Pontiac Central and Birmingham are among the leading contenders with Waterford, Southfield and Farmington as the other Oakland County entries.

Yesterday, Ecorse walked off with the Class B title ahead of favorite River Rouge. Ecorse had 34 1/6 points, Rouge 28½, Marysville 25, Willow Run 18 1/6, Flint Bentley 17 and Milan 16 1/6.

Four records were set, headed by an :08.3 mark in the 65-yard high hurdles of Jack Larimer of Genoa, O. He also won the low hurdles in :07.9.

★ ★ ★

Jim Bauer of Shepherd won the mile in a 4:45.5 record and Leonard Folmer of Romulus won the high jump with 6 feet 1¾ inches.

Flint Central is expected to give Pontiac Central, unofficial team champion of last year, the biggest battle for the team trophy in effect for the first time in three years.

The Chiefs under coach Dean Wilson will have 14 lettermen on a 22-man squad to make the trip today.

Birmingham has 10 seniors among 11 lettermen, headed by Bill Alcorn, who is practically conceded a pole vault victory. Alcorn is the state prep vault champion.

The Maples have a potent medley relay team in Bill Green, Doug Booth, Les Danielson and Jim Reilly.

Waterford will have 15 lettermen back this season hoping to make a good showing at Ypsi today.

Preliminaries start at 3 p.m. with the finals beginning at 6 p.m.

Purkey Fires 3rd Complete Game Win; Yanks Lose

Reds' Pitching Outstanding

By The Associated Press

Look here, what's happening to the pitchin'-poor Cincinnati Reds?

A 4-1 victory over St. Louis on Wednesday as Orlando Pena goes the nine-inning distance on a five-hitter. A 2-1 victory over Los Angeles Thursday on a complete game seven-hitter from Brooks Lawrence. And now a 12-1 whipping of Philadelphia as Bob Purkey matches Pena and Lawrence with a five-hit job.

Three complete game, low hit victories back to back—and this for a club supposed to be long on power and short on pitching. Every manager should have the kind of pitching "shorts" Mayo Smith sems to have.

The Reds' victory came at Tampa, Fla., in the feature of a Good Friday exhibition baseball program limited to three games. At Fort Myers, Fla., the Pittsburgh Pirates edged the St. Louis Cardinals 4-3 and at St. Petersburg, Fla., ex-Yankee Whitey Herzog slammed four hits and led Kansas City to a 5-2 decision over New York.

★ ★ ★

The Phillies, who fired Smith as manager last season, scored their only run in the first inning on two walks, an infield out and a sacrifice fly by Harry Anderson.

Then the Cincinnati power went to work, winding up with 15 hits off Ruben Gomez and Ray Semproch. The Reds' Del Ennis hit two home runs, Roy McMillan drove in three runs with a homer and two singles, and Johnny Powers — obtained in the Frank Thomas deal—had three RBIs on a homer and double.

★ ★ ★

R. G. Smith, Bennie Daniels and Joe Gibbon combined on a five-hitter for the Pirates, who broke a 3-3 tie to beat St. Louis after two were out in the eighth inning. A double by Ray Mejias, a wild pitching and a throwing error by rookie St. Louis shortstop Julio Gotay produced the winning run. Daniels, who pitched the middle inings, allowed all three St. Louis runs on a double by George Crowe and singles by Bobby Gene Smith and Cardinal Manager Solly Hemus.

Herzog, one of 10 ex-Yankees on the Kansas City roster, led a 10-hit assault on Johnny Kucks with a double and three singles in support of steady pitching by A's left-hander Bud Daley. Daley limited the champions to seven hits in seven innings, including a first inning homer by rookie outfielder Ken Hunt. Kucks, trying to get back into the Yanks' starting corps, is having a rough spring with 25 hits and 11 earned runs allowed in 20 innings.

Casualty reports furnished most of the developments at the camps of the idle clubs.

Each Good for $3,350 With Cup Win

Hawks Get Unsigned Checks for Playoffs

CHICAGO (AP) — Each Chicago player will be carrying an unsigned check for $3,350 tonight when the Hawks meet the Montreal Canadiens in Chicago Stadium and resume their National Hockey League semifinal playoff series.

Beaten in their first two games 4-2 and 5-1, the Hawks hope to find the home rink more to their liking.

And in a psychological move to bolster team play, owner James D. Norris issued the checks with the instructons:

"Bring them back to me after you win the Cup and I'll sign them."

The amount represents the Hawks' minimum share for winning the Stanley Cup—an achievement which at the present seems almost impossible.

★ ★ ★

To win the cup, the Black Hawks would have to take four of the next five games with the Canadiens and then defeat the winner of the Boston-Toronto semifinal in another best-of-seven series.

The Black Hawks have been accused of not trying, not skating — almost everything except trying to beat the champion Canadiens who are gunning for their fourth straight Cup.

An expected crowd of 17,000 will be cheering for the Chicagoans to prevent the Canadiens from making a four-game sweep. If Montreal wins tonight, even the most optimistic Hawk backers concede the Canadiens would end the semifinal playoff with a victory here Tuesday night.

★ ★ ★

Coach Rudy Pilous has been bitter over his team's play.

"If these players don't have enough pride to come back and get the Canadiens in the Stadium then they just don't belong in the National Hockey League," he said.

Norris, who watched the Hawks go through an afternoon workout, was not quite so harsh.

★ ★ ★

"We didn't look bad in the first game," said Norris, "but we weren't even skating Thursday night. They seemed to lack desire. We were playing the greatest team in hockey and we helped them prove it."

The Canadiens were scheduled to arrive early today following a 22-hour train ride.

Ex-City Diamond Star Webster Dies in California

Michael Webster, a well known local baseball star during the 1920s, died Friday morning in Long Beach, Cal., at the age of 74.

He was an outstanding 1st baseman for various teams during his diamond career here and went on to play professional ball in Missouri.

The former Sylvan Lake resident had a big benefit game staged in his honor here in 1932 after he had to have his left foot amputated due to a shooting accident. The late Steve Griffin arranged the game.

A retired Grand Trunk worker and former plumber, Webster is survived by his wife, Sue, of Long Beach, a daughter, Mrs. Glen Zolman of Lake Orion; a son, Marvin of Milford, five grandchildren here and a great-grandchild in California. His funeral will be Tuesday morning in Long Beach.

MSU's Hitting, Pitching Too Much for Ft. Knox

FT. KNOX, Ky (AP) — Michigan State blanked Ft. Knox 10-0 in baseball yesterday with the pitching of Dick Radatz and a barrage of early hits.

Jerry Lumianski hit three singles in four trips to the plate, scoring two runs. John Hendee got two for three, including three rbis.

State Ace May Be 1st Choice

Cincinnati Wants Green

CINCINNATI, Ohio (UPI)—Johnny Green of Michigan State was one of the three college stars being considered today as the top choice of the Cincinnati Royals in next week's National Basketball Association draft.

A spokesman for the Royals said the first player picked by the Cincinnati club would either be Green, Bailey Howell of Mississippi State or Bob Boozer of Kansas State.

But this week, a member of the Pistons' organization, said Detroit was not considering drafting Green because he was not big enough by pro standards.

Pepper Wilson, general manager of the Royals, said results of the East-West game at Kansas City tonight would have some bearing on their No. 1 draft choice. Cincinnati, by virtue of finishing last in the NBA, will have first choice in the draft.

Wilson said, "Right now, with our chief need a good rebounder, it appears we will pick Howell, Green or Boozer as our first choice."

LSU Will Open TV Grid Series

NEW YORK (AP)—Louisiana State, the nation's top-ranked football team in 1958, will appear in the first college football telecast next season.

The National Broadcasting Co. said Friday the LSU-Rice game at Baton Rouge, La., Sept. 19 will be televised nationally.

The remainder of the NCAA-

★ ★ ★

controlled TV program will be announced later. LSU was unbeaten and untied last fall, won 10 regular season games and The Associated Press poll as the No. 1 team in the country. It also defeated Clemson in the Sugar Bowl.

Nearly 100 Exempt From 1st of Two Open Trials

NEW YORK (UPI)—Almost 100 top-flight golfers will be exempt from the opening qualifying rounds for this year's National Open championship, it was announced today by the United States Golf Association.

In past years, many "name" golfers failed to survive the qualifying rounds when more than 2,000 men battled it out for approximately 140 berths in the championship flight.

This year, in order to provide the most capable players with an added opportunity to qualify, a double series of trials will be held for the first time.

★ ★ ★

The opening series will be staged at 60 local qualifying sites, with about 20 per cent of the total entries moving into the sectional qualifying rounds, which will be held at 13 sites.

The survivors of both series then will join exempted players in the championship field at the Winged Foot Golf Club, Mamaroneck, N.Y., June 11-13.

The following players will be expemt from the opening (local) qualifying tests:

All former Open champions, all former National Amateur champions, all former P.G.A. champions, all former British Open champions, members of the 1959 Walker Cup team, members of the 1959 Ryder Cup team, the 20 lowest scorers in the 1958 Open, the 20 lowest scorers in the 1958 P.G.A. championship, and the 20 leading money-winners on the current P.G.A. tour at the date of closing entries.

Those who have been awarded automatic berths in the championship proper include:

The last five Open champions, the 1958 champions in the National Amateur, P.G.A., British Open and British Amateur tournaments, the head professional at Winged Foot, and the 10 lowest scorers in the 1958 Open.

All Open (local) qualifying tests will be staged May 18 except the Chicago trials, which will be held May 19. The second (sectional) series will be staged June 1. Both series will be 36-hole stroke play events.

The 72-hole championship at Winged Foot will carry a record purse totaling $40,000—$5,000 more than last year. The winner's share has been increased from $8,000 to $10,000.

6 Keglers Join Elite in ABC

Joseph Among Latest Group to Average 200 for 10 Tourneys

ST. LOUIS (AP) — Six newcomers have joined the elite group of bowlers who have averaged 200 or better for 10 consecutive American Bowling Congress Tournaments.

★ ★ ★

They are Billy Welu, Pat Patterson and Dick Weber of St. Louis, Pete Carter and Joe Joseph of Detroit, and Al (Lindy) Faragalli of Paramus, N.J.

★ ★ ★

The total of 10 tournament 200 shooters is 18. Of that number, all but three have rolled in the 1959 tournament, now in the 42nd of its 76 days. They are Joe Kissoff of Cleveland, George Young of Detroit and Junie McMahon of Fair Lawn, N.J. Young and McMahon are not likely to compete this year because of illness.

★ ★ ★

Young was the 1958 leader with 206-75, McMahon was No. 14 with 200-26, and Kissoff was No. 16 with 200-17.

Bob Goalby Leads by One in Azalea

WILMINGTON, N.C. (AP) — Twenty-six golfers were blanketed by four strokes going into today's second round of the $15,000 Azalea Open Tournament.

Twenty-five of them were chasing earnest young pro Bob Goalby, who plays out of Belleville, Ill.

One of the late first-round finishers in the field of 125, Goalby went on a late birdie binge yesterday to shoot a 2-under-par 70 for a one-stroke lead.

Amateurs Buddy Baker of Florence, S.C., holder of the U.S. Golf Assn. junior title, and Claude King, Virginia Beach, Va., shared runner-up honors with pros Don Whitt of Borrego Springs, Calif.; Bert Weaver of Beaumont, Tex., and Joe Worrell, Charlotte, N.C.

Wayne Foil Ace Bows

ANNAPOLIS, Md. (AP) — Two defending champions lost one of their three first-round bouts today as the 15th annual national collegiate fencing championships got under way at the Naval Academy.

★ ★ ★

Bruce Davis of Wayne State, two-time national titlist in foil, dropped his first bout 5-1 to Gene Glazer of NYU, co-holder of the Eastern title and a member of the U. S. Olympic team. It was Davis' fourth loss of 45 championship duels.

Roland Wojmack of Navy, defending champ with the epee, lost his second bout 5-4 to Bob Peterson of Buffalo.

Some 80 fencers are representing 29 colleges in the three-weapon round-robin tournament. Each man will fence every other entrant in his weapon division, or about 26 bouts.

background for LIVING

AQUA AND PINK — Mrs. DenHerder has a large sunny kitchen. It is mostly pink with accents of aqua and beige. Natural birch doors contrast with the pink paint on the cupboards. Counter tops are beige, as is the breakfast set. The floor combines all three colors. Curtains are aqua chintz.

Pontiac Press Photos by Tom Gerls

ALL THE COMFORTS — A fireplace, a big easy chair with ottoman and a television set; they all add up to the comforts of a modern home. Walls, carpeting and draperies are sandalwood in color. The fireplace is framed in white marble. This room has windows on both the lake and road sides of the house.

Your Neighbor's House

James DenHerders Build Bi-Level

By JANET ODELL
Pontiac Press Home Editor

Three parts of the house they planned to build had to be on the lake side—the kitchen eating area, the master bedroom and the living room. The James DenHerders achieved all three in their home on Lotus Lake in Mountain View subdivision.

For 20 years the DenHerders lived in Drayton Plains. Over five years ago they bought their lakefront lot, a lot measuring 70 by 250 feet. Mr. DenHerder designed the house the family wanted; Gerald Shell of Drayton Plains built it; and last October the family moved in.

The family includes two daughters, 13-year-old Ann and 11-year-old Martha.

From the road the house looks like a ranch home. But from the lake side it is a two-story house. The exterior is buff brick with white trim. The double garage takes up about half of the back of the house.

From the garage a long hallway leads to the kitchen. Just inside the garage door are the basement stairs.

Mottled linoleum in pink, blue and beige is used on the floor. Counter tops are beige Formica in the linen pattern. Stove, refrigerator, oven and cupboards are pink, although the cupboard doors are natural birch.

There is a window over the double sink and another, larger one on the front of the house. The dining area is in front of this window. A side door opens onto a cement porch.

The window wall is papered in a fruit design on a white background. Curtains are aqua chintz. The breakfast set is beige plastic with brass trim.

FRONT DOOR

In the living room the front door of the house is set off by a planter-topped bookcase. Textured sandalwood carpeting covers the floor, except for the area just inside the door. Here and on the hearth multi-color slate is used.

★ ★ ★

Draperies and walls are sandalwood like the carpeting. White marble and an outside wooden frame, also white, set off the fireplace. Mr. DenHerder has chosen the spot next to the fireplace for his deep red leather lounge chair and matching ottoman.

The sofa on the long wall is green. Occasional tables are Victorian antiques. The low coffee table has a marble top.

A tall window near the door lights up the dining part of this room. In front of it is a mahogany dropleaf table. The china cupboard is built into the wall. This area also has a mahogany desk in it.

The master bedroom is a large room with long windows on the lake side. Walls and carpeting are aqua. Draperies are aqua chromespun. All window sills in the house are marble.

The walnut furniture is Drexel's Italian Provincial. The bedspread is pale gold quilted taffeta.

Martha has the back bedroom. She has rosy walls and a rose beige rug. White muslin curtains have pink embroidered borders. Her bedroom set is dark wood.

STARS IN THEIR BATH

In the bathroom between these two bedrooms the floor and wall tile are blue. The white vanity top is flecked with gold. Gold, blue and black comets, stars and meteors flash across the white wallpaper and matching shower curtain. On the minute window there is a sheer ruffled curtain.

Ann has a large bedroom on the lower level. Her walls are paneled in Philippine mahogany with doors of birch. Her curtains at the windows overlooking the lake are flowered.

The rest of the ground level has 'His' and 'Her' workroom; this room also houses the utilities. There is a shower for swimmers.

In the summer living room one end serves as a kitchen with stove, refrigerator and work table. The floor is cork tile.

The walls are aqua. At the windows there are gray and white vertical Venetian blinds in place of curtains.

Down here there is a second fireplace set in a cement block wall. The blocks have been painted white with each block outlined in gold. At one side there is a hole for wood storage. A stone slab tops the raised hearth.

Get Head Start on Job of Fixing Summer Home

Now is the time to prepare your vacation cabin for a soothing summer.

After the family and the guests take over, there will be little time for needed upkeep and repair. Simple steps taken now can save time and money — and reserve the summer for relaxation.

Nature carries on constant warfare against the buildings of man, and is especially militant against dwellings not occupied the year around.

AIRING — The number one enemy of most summer homes is moisture in all of its many forms — rain, snow, vapor. It enters by many means — leaks, absorption, condensation. So on the first dry day open all the windows and doors to clear out moisture and mustiness. Open closets and cabinets so the fresh air can whisk away odors. Take mattresses and bedding outside for cleaning and airing in the sunlight.

ELECTRICITY — Check drop, or wires leading from pole to cabin, for damage. See that all outside connections are tight, especially on main ground, the wire leading from service box to ground bar or water pipe. See that fuses are tight and of the right size. Disconnect all appliances and see that lights are off, then close main switch. A blown fuse indicates a short and movement of the meter a "leak" and may call for the services of an electrician, unless you know how to trace down trouble by circuits.

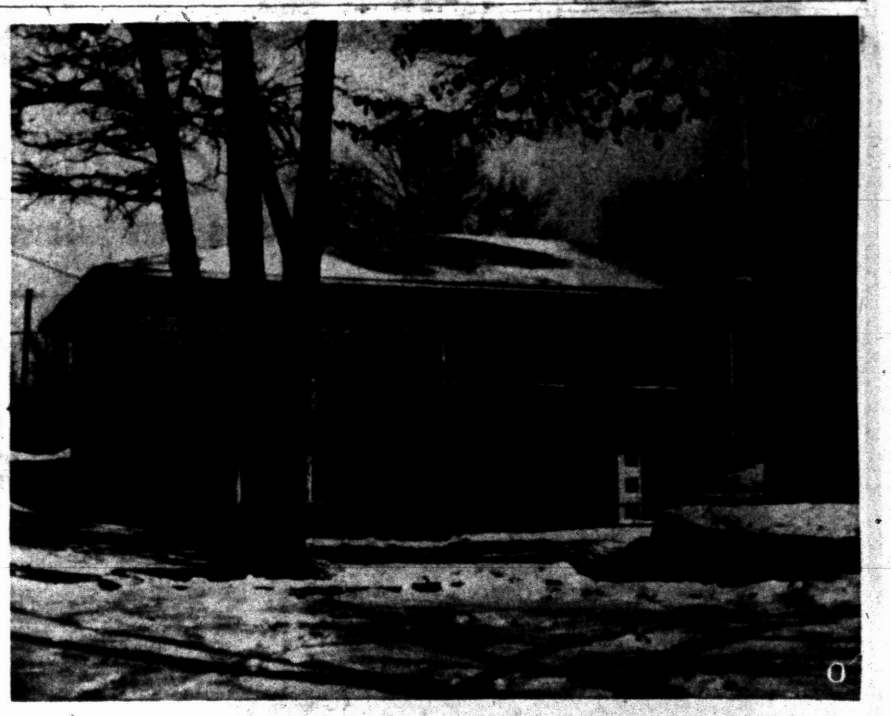

PUMPS AND MOTORS — See that connections and mountings are tight. Sealed units require virtually no care. Lubricate others according to manufacturer's instructions.

WATER—Now the water can be turned on. There may be some discoloration, so let water run until clear. Broken pipes will make themselves all too evident with a spray of water. There may be slow leaks at connections with gaskets or packing, so allow time for swelling that will probably stop the drip. See that water traps on sewer and drains are filled so odors and gasses can't enter cabin.

If the cabin doesn't boast a pressure water system, see that the natural supply is made safe. Clean out and protect springs and wells.

HEATING PLANT — Little to do here. The only real check comes from lighting up. If the chimney has been capped to protect against snow and rain, be sure to uncover before even thinking about a fire.

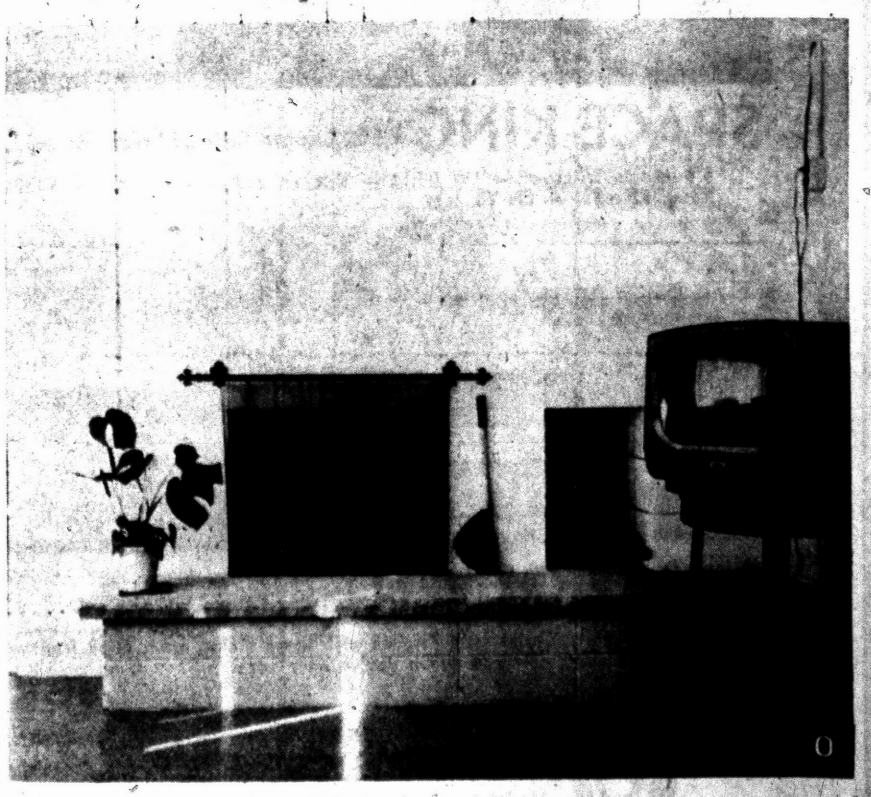

(Continued on Page 17)

BI-LEVEL ON LOTUS LAKE—This is a lake side view of the James DenHerder home on Lotus drive. Two huge trees provide ample summer shade. Mr. DenHerder designed this buff brick home and Gerald Shell of Drayton Plains built it. The DenHerders have lived here since last summer. The picture was taken several weeks ago while we still had snow on the ground.

DINING EL — The bookcase planter shuts off the dining section from the front door. Here a china cupboard has been built into the wall. The desk matches the mahogany drop leaf table and uses one of the chairs from the dining room set. The chair in the foreground is beige. Doors throughout the house are birch.

BASEMENT FIREPLACE — In the summer living room even the fireplace has a cool look. The fireplace wall is made of cement blocks which the DenHerders painted white, then outlined in gold. Built-in storage for wood is conveniently near. Ann's room is on the other side of the fireplace.

Learn More Facts About Latex Paints

Contrary to some preconceived notions, the latex family of paints is made by mixing various chemicals in numerous formulas with water, instead of dissolving them in solvent such as mineral spirits or turpentine. The great popularity of latex is due to its fast drying and odorless characteristics.

There are so many interesting uses for this type of paint and so many hundreds of advantages in doing so that anyone contemplating a paint job might do well to learn all about latex.

The booklet entitled "Latex" is yours for only 10 cents to cover postage and handling. Just send your name and address to National Paint, Varnish & Lacquer Assn., 1500 Rhode Island Ave., N. W., Washington 5, D. C.

A long, narrow hall will appear wider if one wall is painted light, and the other dark.

PREPARE IT FIRST — Prepare aluminum for painting by a good wash-down with a solution of one of the phosphoric acid compounds.

Protected Aluminum Pays Dividend of Good Looks

Increasing use of aluminum in the home calls for some how-to knowledge on the part of the handy man in caring for this versatile metal.

Aluminum won't "rust" in the sense of turning reddish-brown, it's true, but it will weather and it will oxidize.

Unless specially treated at the factory, it will develop a dull, grayish coating on exposure to weather.

Salt air and airborne contaminants can act on unprotected aluminum. Under certain conditions, aluminum becomes mottled in appearance and can become badly pitted.

That is why many manufacturers offer aluminum windows, screens, doors, awnings and siding materials with finishes factory-applied.

What can you do to protect aluminum against the weather?

If the aluminum surface is prepared properly, protecting aluminum is no more difficult than any other painting job. Here's how:

New, unfinished aluminum should first be washed with one of the commercial phosphoric acid compounds containing grease solvents. Dilute according to instructions on the package. While doing the job, wear rubber gloves.

After five or 10 minutes, depending on instructions, rinse aluminum surface **thoroughly** with clean water.

When aluminum has dried thoroughly, apply a coat of zinc chromate or other metal primer. Let dry thoroughly.

Brush, spray or roll on the top coat. In the case of aluminum siding, one or two coats of good house paint will do the job.

For windows, screens, doors and other areas subject to frequent washing and hard wear, trim-and-trellis paint or exterior metal enamel is suggested.

If you want to retain the soft sheen of natural aluminum, you can protect the metal with either quick-dry exterior metal lacquer, which is sprayed on, or you can use clear exterior varnish.

Recall, however: non-pigmented coatings weather less well than enamels and paints, usually. They will have to be renewed more often.

Weathered aluminum must be cleaned of dirt and aluminum oxide, by using a stiff-bristled brush or wire brush. Very bad spots require sanding or a rubdown with steel wool.

Oil and grease should be removed with detergent or paint thinner. Primer and top coat follow.

Repainting aluminum requires about the same technique as any other repaint job. Brush off loose dirt and remove oil or grease with a solvent. Prime bare spots and proceed with painting.

Paint in bad condition should be removed by wire brushing or with a paint remover. Prime and then apply top coat.

Go, Ask the FHA Office

If you are thinking of applying for an FHA loan, remember that whether you are building a new house or buying one already built, you get the same favorable loan terms. Any property that meets FHA standards is eligible for financing under the FHA plan of home ownership. All the details are yours for the asking. Go to your preferred local lending institution which handles FHA matters.

Yard Fireplace Needs Planning

Next to two weeks with pay, the best vacation is a summer of outdoor living with a backyard fireplace.

An approach to outdoor fireplace construction that's easy on the pocketbook and the back muscles has two requirements:

1. Economy, realized through such practical materials as concrete block, ceramic tile and steel reinforcing rods. These materials are economical, because they are durable, inexpensive and widely available at hardware stores, lumber yards and building supply shops.

2. Planning a leisurely timetable that provides for brief periods of manual labor broken by evenly spaced, prolonged breaks for beer or lemonade. Who wants to wind up such a glorious contribution to gracious living with a sprained sacroiliac?

★ ★ ★

Beginning with the excavation, spend the first round cautiously; feel the project out. Keep in mind the vicious left hook thrown during cold months. Counterpunch with bed of interwoven steel reinforcing rods for pouring concrete slab. Two-by-four's make good form.

Sound the bell for round two after slab sets for three or four days, keeping it damp. Lay two rows of concrete block to form fireplace base. Pour in sand or other fill to top of base and cover with concrete to form fire bed.

★ ★ ★

Next time you feel energetic, go out and lay the sides of the fire box, install the grill (using steel reinforcing rods for economy, you remember). If the timekeeper is careless, interrupt action yourself at a point where the steel lintel supporting the chimney will go.

★ ★ ★

The last round includes setting lintel in mortar, laying remaining blocks to form chimney and installing damper.

The decision? Unanimously in favor of outdoor living, still champion.

New FHA Standards Inspire This Ranch

By DAVID L. BOWDEN

After three years of study, the Federal Housing Administration last fall made public new Minimum Property Standards which go into the first stage of effectiveness April 1.

This graceful three-bedroom ranch, designated X-51 in the House of the Week series, was designed with the new regulation in mind.

Architect Herbert C. Struppmann pored over the 300 pages of the new national building "bible" to determine what kind of a house would result from conformance to the bare minimums.

Some of the rule changes give an architect more leeway than he enjoyed before in assigning space for various uses; others increased the area required for functions such as storage.

The bulk of the regulations, however, deal with techincal details of construction itself. They are aimed at insuring lasting value in a home financed with an FHA-guaranteed mortgage. The new regulations may be followed, if the builder chooses, after April 1 and must be followed after July 1.

Architect Struppmann found that the house conforming exactly to the minimum standards, while providing adequate shelter, would not in his opinion provide for the living comfort modern Americans expect in a home. Thus the house he designed is substantially above the minimum FHA requirements in all major respects.

Aiming for a plan with maximum economy and minimum sacrifice of any aspect of modern American living, Architect Struppmann came up with this arrangement of 1,200 square feet of living space:

★ ★ ★

A room divider set inside the front entrance creates an entry hall. An open lattice planter separates living and dining rooms. These divisions were carefully worked out so that there is no loss of wide, sweeping space. The living room measures 24 feet from optional fireplace to the opposite wall.

Kitchen and stairway to basement are at the rear corner of the house, handy to breezeway and garage. Kitchen utilities are in an L-shape, leaving a corner for a dinette out of the way of Mother's work triangle.

SLEEPING AND CASUAL AREAS

The bedroom section is well zoned, with a short hall feeding all three bedrooms and the bath. The master bedroom is comfortably oversize, a luxury feature rare in an economy house.

The open breezeway becomes an outdoor room during the summertime, shielded at front and back by latticework. This area could be enclosed by louvres, glass partitions or screens.

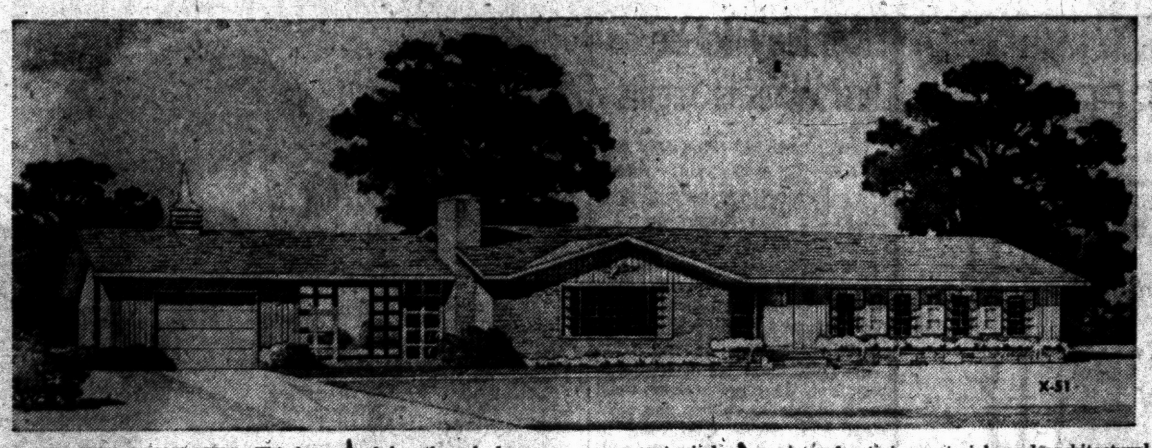

★ ★ ★

If a fireplace is included in living room, an outdoor barbecue could back up to it from the breezeway at little additional cost, making the area a delightful space for outdoor living. For further room for relaxation, a part of the basement could be finished during or after original construction.

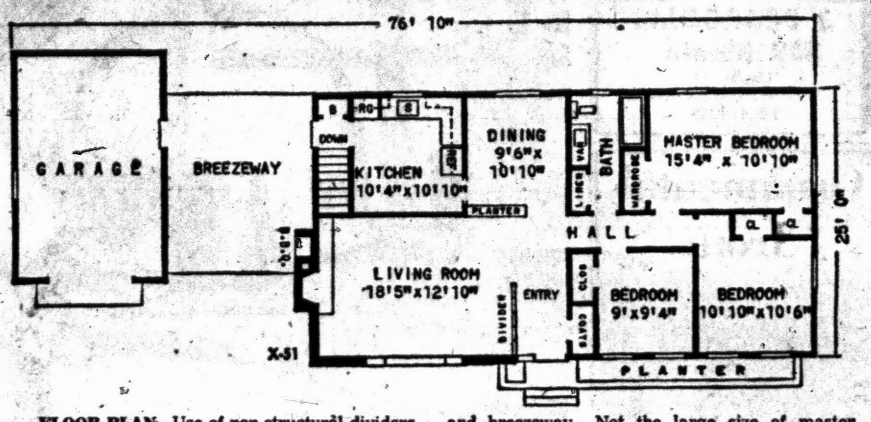

The trim look of this house is obtained by combining vertical siding and brick veneer, with accents provided with casement tween bedroom windows, breeze-way lattice and a charming prefabricated cupola. A floor-to-ceiling strip of frosted glass gives an unusual effect — and plenty of light — to the garage.

★ ★ ★

X-51 is 76' 10" wide by 29' deep, including breezeway and garage. Living area is 1,200 square feet. The garage covers 300 square feet.

NEW FHA STANDARDS—This long ranch has three bedrooms, one bath, and dining, living room and kitchen—a comfortable minimum for most American families. Yet breezeway and garage, casement windows, variety of exterior materials and architectural decorations give it the appearance of a far more expensive home.

FLOOR PLAN—Use of non-structural dividers set apart entry and dining space. Kitchen is convenient to basement stairs and breezeway stairs and breezeway. Not the large size of master bedroom.

Use a Check List to Ready Cottage

(Continued From Page 15)

See that no animal or birds has built a nest in the chimney and that no mortar has been lost.

ROOF — Check for loosened shingles and other signs of wind, snow and storm damage. Inspect valleys and gutters, clearing out leaves. Inside, check underside of roof for stains that indicate leaks.

STRUCTURAL — Don't panic if the windows and doors stick and **DO NOT** start whittling away. They are probably swollen by moisture and should be allowed plenty of time to dry.

GENERAL INSPECTION—After the specific checks are made, inspect the entire cabin, inside and out, to spot damage or things that **MIGHT** give trouble later on. List what you find.

REPAIRS — While the list is fresh, make needed repairs and do the necessary fixing up. Things left until vacation are likely never to get done.

PAINTING — If the weather permits, this is the time to get painting behind you too. Later your hand will probably be too occupied with fishing pole and lemonade glass.

Based on current selling prices, over 150 billion dollars' worth of new homes will be built during the next ten years, researchers at Allied Chemical's Barrett Building Materials Division report.

Corner Problem Settled With China Cupboard

As long as most rooms are rectangular in shape, homes will have problem corners.

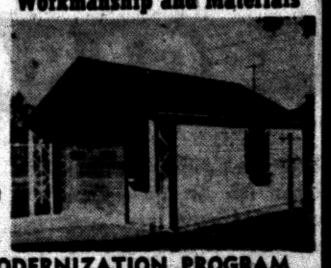

One of the best ways to solve the problem of empty corners is with a china cabinet of ponderosa pine.

These cabinets can be used successfully in any room of the house, and are ideal because they offer storage space below in addition to protected, dust-free display shelves for cherished items that shouldn't be hidden away.

China cabinets come in a wide variety of styles, ranging from contemporary to early American.

Building materials dealers carry them in stock. They come in clear, unfinished ponderosa pine that can be painted or stained to harmonize with room decor.

Many of the cabinets are shipped in handy cartons. Usually, the fronts are assembled, with the body portion in parts for quick assembly.

Floor May Not Be Just What Is Seems

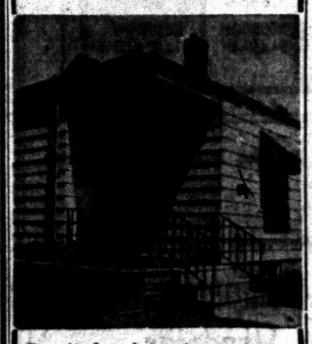

What's underfoot these days may be deceiving. New styles in rubber and solid vinyl flooring take their inspiration from classic marble.

The translucent effects in solid vinyl closely follow the delicate veining of quarried marble. Marbelized effects in resilient rubber tile combine a wide variety of gay hues with white.

Synthetic tiling has come a long way. Now there are realistic wood grain effects in rubber and solid vinyl tiles. These even come in plank effects as well as the conventional tile shapes.

OR 3-7715

FOR THE GALS — Give your kitchen a new look this spring by refinishing your old wooden chairs and table. You'll find the project truly exciting as the like-new furniture emerges — and you'll find it easy to do a professional-type job with the aid of a portable electric sander such as this as this young housewife is using to refinish a kitchen chair. First get off the old stain or paint with a liquid remover. Then use the sander to remove irregularities and assure a perfectly-smooth, completely-clean surface for the new finish.

Have Exterior Redwood Clean, Then Bleach

Many ultra-modern homes feature redwood in their outdoor living areas. And bleaching enhances the rustic beauty of redwood.

However, it is important to start with freshly scrubbed surfaces — and then apply the bleaching agent. Fortunately, a stiff brush and plenty of soap or detergent suds will do the trick.

Stain Insurance

One of the areas most exposed to finger marks is the wall alongside your stairway. If the wall is papered or covered with other stainable material the marks may soon become difficult or impossible to remove. This problem will not arise if the wall is covered with a stain-proof and easy-to-clean material such as genuine ceramic tile.

Great Potential Seen in 'New Look' Ceilings

There may be some confusion in apparel circles about the "Italian look," the "French look," high hems or low hems, but in home fashions the big news for 1959 is the "new look" in ceilings.

Decorative ceilings, neglected by the American homeowner for over 20 years, are coming back strong, according to Jay Simpson, home improvement specialist for Allied Chemical's Barrett Division.

Simpson estimates that there is a potential market this year of 25 million homes where decorative fiberboard tiles can be used to build a lively new ceiling or revive an old ceiling.

Simpson divides the 1959 market for decorative tiles into six main groups:

1. The 10 million homes that will require repairs this year. In many of these homes, Simpson says, decorative tiles will be used to cover cracked, broken or warped ceilings.

2. The 9 million homes that will require interior painting or papering. Simpson feels the owners, in increasing numbers, will prefer to install decorative ceiling tiles to eliminate the need for periodic painting.

3. The 1.2 million new homes to be built. Simpson reports decorative fiberboard tiles in game rooms and other areas of new houses.

4. The 2.5 million older homes to be sold. New owners will utilize ceiling tiles in redecorating or modernizing projects, according to the Barrett specialist.

5. The 1.4 million homes where basements and attics will be converted into living and recreation areas.

6. The 1.4 million homes where additional rooms will be built.

The potential for decorative tiles in hotels, motels, restaurants, schools, officers and other public buildings will probably equal the home market, Simpson adds.

"Decorative ceilings are nothing new," Simpson says, "They have been with us since ancient times. Ceiling decoration has always been considered just as important as wall decoration."

Emphasis by builders and homeowners after World War II on cost savings, however, limited ceiling decoration to a few coats of paint, Simpson reports. The popularity of low-cost sound-reducing perforated tiles in playrooms and finished basements revived interest in ceiling decoration, he adds, and now the availability of fiberboard tiles with imprinted patterns has made the use of ceiling tiles fashionable in living rooms, dining rooms and bedrooms as well.

In addition to their relative low cost and attractive designs, Simpson ascribes the popularity of decorative ceiling tiles to their ease of installation.

Utilize That Space

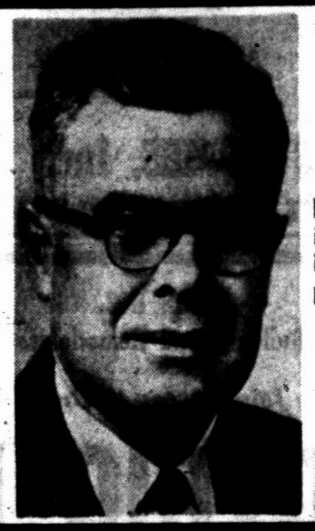

The space over your radiators can be put to good use by installing shelves in this area. Cover the shelf with colorful ceramic tile and it will make an attractive spot for vases and other ornamental pieces.

Army, Air Force Set Maneuvers for This Spring

WASHINGTON (AP)—A make-believe "brush fire" war will be fought by Army and Air Force units in North Carolina maneuvers later this spring.

★ ★ ★

The war games will be held near Ft. Bragg. N.C. from May 23 to June 7, the Pentagon says.

★ ★ ★

Some 17,000 regular Army troops, including the 82nd Airborne Division, will join more than 1,800 Air Reservists and Air Guardsmen in operation "Dark Cloud-Pine Cone." Two hundred Air Reserve and Guard aircraft will be used.

Twice as Hot Above Arctic

Space Probes Discover Radiation Belts Have Peculiar Variation

WASHINGTON (AP)—It's twice as hot high above the cold Arctic than at equal altitudes over warmer parts of the earth, scientists have learned.

This phenomenon—made public Friday—has helped scientists visualize one of the world's newest discoveries, the Van Allen radiation belts that hover miles above the earth.

★ ★ ★

U.S. space probes first proved the existence of these bels.

Dr. Robert Jastrow, chief of the National Aeronautics and Space Administration's theoretical section described the experiments.

More than 100 miles above Churchill, Manitoba, in northern Canada readings of 4,000 degrees fahrenheit have been recorded—more than 20 times the heat of boiling water.

But at similar heights above highest temperature recorded has White Sands, New Mexico, the highest temperature recorded has been about 2,000 degrees.

★ ★ ★

Dr. Jastrow said the difference depends on the shape of the Van Allen radiation belts. Instead of circling the earth uniformly, they end to bend toward the earth at the poles. In fact, they may not cover the poles at all, he said.

★ ★ ★

Over the Arctic and Antarctic, Dr. Jastrow explained, high energy particles from the belts apparently collide with the few air molecules at an altitude of 125 miles. This causes intense heating. But over the rest of the earth, the Van Allen belts are too high for their particles to collide with air molecules. No extra heat results.

Gamblers in Havana Clamor for Licenses

HAVANA (AP)—Licenses to run Havana's gambling casinos are at a premium.

★ ★ ★

Business at the tables hasn't been so good and taxes are high — but this hasn't discouraged would-be operators.

Mrs. Pastora Nunez, who is in charge of regulating the gambling parlors said she has a long list of applicants.

If any casino operator quits, she said, another is ready to take his place.

★ ★ ★

There have been rumors that American gangsters — supposedly driven out after the fall of Fulgencio Batista — are moving back into the casinos.

But Mrs. Nunez said that the background of all operators is minutely investigated. The revolutionary government bars anyone with a criminal record.

Job Was a Mistake, Says 25-Year Judge

CHESTER, N.S. (AP) — A 97-year-old magistrate who says he never should have had the job is retiring after nearly 25 years in office.

★ ★ ★

Cottnam Smith became a justice of the peace in the early 1920s and in 1935 was appointed a magistrate. He stopped holding regular court sessions several years ago, but police continued to bring him legal papers to sign and an occasional case to try.

★ ★ ★

Smith said he left school after the seventh grade and never had the education for the bench.

"I was a farmer and a blacksmith," he said, "and that's what I should have stuck with."

13 States Face Loss of Seats

Census to Reshuffle House

WASHINGTON (UPI)—Thirteen states face the loss of House seats and presidential electoral votes because of population shifts and the granting of statehood to Alaska and Hawaii.

★ ★ ★

A Census Bureau projection of the results of next year's population count, which starts April 1, 1960, shows that California is expected to pick up seven seats. Florida would gain four.

The reshuffle of House seats will take effect with the 1962 elections. The first presidential election affected will be in 1964. A state gets one presidential elector for each representative and senator.

★ ★ ★

The expected reapportionment would result in 19 seats being lost by the 13 states. New York and Pennsylvania would suffer the greatest loss, with three each.

MICHIGAN TO GAIN

Arkansas and Massachusetts would lose two each while one seat would be taken from each of these states: Alabama, Georgia, Iowa, Kansas, Maine, Minnesota, Mississippi, North Carolina and West Virginia.

Only six states are expected to gain House seats. In addition to the gains in California and Florida, one seat each would be picked up by Hawaii, Michigan, Texas and Arizona.

Although 19 seats would be lost, only 17 would be gained by other states. This is because the reapportionment would reduce the House to its permanent 435 seats from the temporary 437 created by the admission of Alaska and Hawaii.

★ ★ ★

Hawaii, voted into the union with one representative, would get two under the projected census results. Alaska would keep the one House seat it gained with statehood.

The expected seat shift would leave New York still with the largest representation in the House, 40. California would be in second place with 37 as Pennsylvania dropped to third with 27.

If the census experts are right, it will be the biggest reapportionment of House seats since the 1930 census when there was a 27-seat shift. Each state's representation in the House is based on its population.

★ ★ ★

The new projection was made public by Chairman John Lesinski (D-Mich) of the House post office and civil service subcommittee on census and government statistics.

Phone Booth Squeeze Record Claimed at 33

OKLAHOMA CITY (AP) — Students at Oklahoma City University crammed for a telephone booth stuffing record here Friday night and claim they made it.

★ ★ ★

Egged on by disc jockey Chuck Boyles, 33 Lambda Chi Alpha fraternity brothers jammed into a phone booth on the lawn of a local radio station.

"We've made history tonight," exclaimed Boyles, but the claim may be challenged. Three or four students had only hands or feet inside the booth.

★ ★ ★

Modest (Calif.) Junior College claims the record, saying 32 scholars wedged into a booth there last week.

Other newly-installed officers are Emerson Brown, vice chairman; Charles T. Gaffney, second vice chairman; Neil Martin, secretary; and Walter H. Morris, treasurer.

Pick State Bean Queen

ITHACA (AP)—Rose Mary Crumbaugh, 17, St. Louis High School senior, has been named winner in the Gratiot County Bean Queen Contest. Miss Crumbaugh, a brunette, will represent the county at the state contest next summer.

NOTICE OF HEARING ON ACQUIRING certain private property by condemnation in Southfield Township, Oakland County, Michigan, for use and benefit of the Evergreen Sewage Disposal System.

To whom it may concern, particularly: Leon B. Miller & Lillie B. Miller, his wife; Blanche Heth Navin, Gateway Building Company; Ivon O. Shepard & Margaret D. Shepard, his wife; Marie A. Jepsen; and all owners of property described herein, pursuant to the provisions of Act 185 of the Public Acts of 1957, as amended.

You are hereby notified that pursuant to the Statute, the Department of Public Works on behalf of the County of Oakland, had caused to be filed in this Court a petition praying for the acquisition by condemnation of easements across certain private property herein described, to-wit:

"The W. Part of the NE ¼ of Section 15, T1N R10E, Township of Southfield (now City of Southfield), described as commencing at the ¼ post between Sections 10 and 15; th E. 7.80 chains; th S. 2.5° to centerline of said Section 15; th W. on said centerline 8.35 chains; th N. on centerline of said section to beginning, containing approximately 33.6 acres";

and also:

"The E. 20 acres of the following described lands: Commencing at the quarter post on the N side of Section 15, in Southfield Township; th running W. on said Section line 30 chains, 80 links to a point; th S. and parallel to section line, 7 chains, 67 links to a post; th E. and parallel with section line, 11 chains, 44 links to a post; th S. and parallel with quarter section line 12 chains, 35 links to a post; th E. and parallel with quarter section line, 19 chains, 25 links to a point on quarter line, th N. on quarter line to the place of beginning, being in T1N, R10E";

and also:

"SE. ¼ of the SW. ¼ of Section 2, T1N R10E, Township of Southfield, Oakland County, Michigan";

and also:

"A parcel of land in the SW ¼ of the SE ¼ of Section 2, T1N, R10E, Southfield Township, Oakland County, Michigan, described—as commencing at the S. quarter corner of said Section; th E. along the S. line of said Section 555 ft. to the point of beginning; th E. along the S line of said Section 141.95 ft.; th N. 0°59' E. 300 ft.; th W. 141.95 ft.; th S. 0°59' W. 300 ft. to the point of beginning; said parcel of land containing 0.97 acres more or less";

and also:

"Part of SW ¼ of SE ¼ Section 2, T1N, R10 E. described as beginning at a point distant E. 696.95 ft. from S. ¼ corner; th E. 162 ft.; th N. 0°14' W. 300 ft.; th W. 155.85 ft.; th S. 0°59' W. 300 ft. to beginning, containing 1.09 acres, more or less."

You are further notified that the hearing on the petition will be held in the Circuit Court for the County of Oakland in the Court House in the City of Pontiac, Michigan, on Thursday, the 16th day of April, 1959, at the opening of Court on that day at 9:30 a.m., or as soon thereafter as Counsel may be heard.

You are further notified that upon said date the petitioner will ask this Court to determine the necessity for appointing three (3) commissioners whose duty it shall be to determine whether it is necessary to take for public use and benefit the property described in the petition and, if so, to appraise the damage to be paid as compensation for such taking.

BIENNIAL SPRING ELECTION
To the Qualified Electors:

Notice is hereby given, that a Biennial Spring Election will be held in the Township of Pontiac, State of Michigan at the following places:

Precinct No. 1—Town Hall, 2060 Opdyke Road.
Precinct No. 2—Fire Hall, 3426 Auburn Road.
Precinct No. 3—Old Fire Hall, 3432 Auburn Road.
Precinct No. 4—Fire Hall, 3253 Joslyn Road.
Precinct No. 5—Fire Hall, 3426 Auburn Road.
Precinct No. 6—Town Hall, 2060 Opdyke Road.

within said Township on Monday, April 6, 1959, for the purpose of electing the following officers, viz:

State Officers—Two Regents of the University of Michigan; Superintendent of Public Instruction; member of the State Board of Education; two members of the State Board of Agriculture (Michigan State University); six members of the Board of Governors of Wayne State University.

Non-Partisan Officers—Two Justices of the Supreme Court. Circuit Court Judge. Township Officers—Supervisor, Township Clerk, Township Treasurer, 2 Trustees, Justice of the Peace (full term), Justice of the Peace (to fill vacancy—if vacancy exists), member of the Board of Review, 4 Constables (not to exceed four), Commissioner of Highways. Also any additional amendments or propositions that may be submitted.

Notice relative to opening and closing of the polls.

Election Law, Act 116, P.A. 1954.

Section 720. On the day of any election the polls shall be opened at 7 o'clock in the forenoon, and shall be continuously open until 8 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote.

The polls of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

GRETA V. BLOCK,
Township Clerk
March 28, 30, '59.

GM Announces Service Plan

Guardian Maintenance Program Plugs Quality Auto Repair Theme

DETROIT — "Guardian Maintenance"—a new automotive service program directed to all GM car and truck owners, was announced today by John F. Gordon, president of General Motors Corporation.

Keynote of the new service program, to be featured by all GM dealerships beginning late in April, is "Quality Service Pays in the Long Run."

Gordon said the program is designed to bring owners of General Motors products more driving pleasure, better performance, lower operating costs and higher trade-in value through proper care and service.

"The tremendous engineering advancements which make today's automobile so much easier, safer and enjoyable to drive," Gordon added, "also make expert maintenance by factory-trained technicians more important than ever before.

"General Motors and its dealers are fully aware of this need for better service. Since 1953, the corporation has established 30 completely equipped and staffed GM Training Centers across the country where more than half a million GM dealer mechanics have been trained in skills essential to serve better the owners of GM cars and trucks."

★ ★ ★

Gordon pointed out that only this reservoir of trained technicians, using replacement parts approved by the engineers responsible for designing and building GM cars and trucks, make the "Guardian Maintenance" program possible.

Gordon further explained that the new program will supplement the corporation's Owner Protection Policy. This policy, which outlines factory-recommended maintenance operations for the first 12,000 miles, already has resulted in a better understanding by owners of how best to protect their investment, he said.

"Our dealers always have placed great emphasis upon quality maintenance work and have invested large sums of money in special equipment to make better use of the skills of their factory-trained mechanics," he added.

"It is our firm belief," Gordon said, "that the Guardian Maintenance program will further strengthen the partnership between the customer and GM dealer."

Can Sloppy Thief Deduct These Losses on Tax?

SEATTLE, Wash. (AP) — Two boo-boos by a butter-fingered bandit cost him a bundle of cash in a bank robbery here.

★ ★ ★

The robber poked a gun at bank teller Georgia Wolfe during the rush hour, handed her a sack and ordered her to fill it. She put $2,587 into it.

The bandit stuffed $1,278 into his pockets. He dropped the sack and the remaining $1,309 and ran out the door without bothering to pick it up.

★ ★ ★

He fled down a crowded street and into a department store.

Money in his pockets worked out and when he cleared the other side of the store he had left a trail of $740.

★ ★ ★

Police are still looking for the robber and the $538 left in his pocket.

News in Brief

Mrs. James Stuart of 1170 Predmore Rd., Oakland Township, told sheriff's deputies Friday that someone entered her home through an aulocked door, pried open a gun cabinet and stole an antique six-shot .22 caliber revolver and a standard .22 automatic pistol.

Thieves broke into Mansfield Service, 1076 aldwin Ave., and stole three tires and an undetermined amount of change from a cigarette machine, it was reported to Pontiac Police yesterday.

More than 600 species of wood are found in Venezuela's vast virgin forests.

BRANDON TOWNSHIP NOTICE
To the Qualified Electors: Notice is hereby given, that a Biennial Spring Election will be held in the Township of Brandon, Precinct No. 1 & 2, State of Michigan at the Township Hall, 486 Mill St., Ortonville, within said Township on Monday, April 6, 1959 for the purpose of electing the following officers, viz:

State Officers—Two Regents of the University of Michigan; Superintendent of Public Instruction; Member of the State Board of Education; two members of the State Board of Agriculture (Michigan State University); six members of the Board of Governors of Wayne State University.

Non-Partisan Officers—Two Justices of the Supreme Court. Circuit Court Judge.

Township Officers—Supervisor, Township Clerk, Township Treasurer, 1 Trustee, Justice of the Peace (full term), member of the Board of Review, 2 Constables, Commissioner of Highways.

Township Proposition—"Title" Setting up Brandon Township, Oakland County, Michigan as a Special Assessment District for Fire Protection.

Also any additional Amendments or Propositions that may be submitted.—Three State Constitution Proposals.

The Polls of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

Dated March 24, 1959.
HELEN M. JENCKS,
Township Clerk

Pontiac Press Photo

TREE DOWN—A gale-like wind yesterday afternoon sent this large elm tree crashing down on the house of H. F. Brodie, 1730 Cass Lake Front, West Bloomfield Township. The tree knocked a large hole in the roof and caved in a side of the front porch. The amount of damage has not yet been determined. The Brodies are in Florida.

Poll Finds Area View Is for Lid on U.S. Spending

A poll of Oakland County residents shows the majority tired of seeing federal debt climbing each year to almost unbelievable heights.

So, the residents suggest, put the lid on millions of dollars worth of federal-aid programs, such as for airports and housing.

Congressman William S. Broomfield received this suggestion after analyzing results of a voter opinion poll he sent out to 12,000 county residents in his 18th Congressional District (Oakland County).

Although but 25 per cent replied to the 20-question poll, Broomfield said he was delighted with the number that took the time to answer.

★ ★ ★

"This is the first time a Congressional poll has been tried in my district, and I am very satisfied with the results. I intend to continue the practice in the future."

Broomfield, a Republican, questioned voters on how they would vote on 10 proposed expenditures of fellow Congressmen, which would be beyond President Eisenhower's $77 billion 1959-60 budget. The additional expenditures would mean an extra burden of approximately $3,900,000,000, he said.

Seven of these proposals got a predominance of "no" votes in the poll, in addition to a sprinkling of "no comments."

★ ★ ★

Opinion ran strongly against any increase over the President's request for aids to housing, "soil bank," increased payment to the Civil Service retirement fund, postal subsidy, aids to mineral industries, community facilities and airports.

Opinion split almost evenly, however, on questions of federal aid for school construction, payments to a highway building fund, and aid to depressed areas.

Aid for school construction ($480 million) showed 46 per cent for, 49.7 per cent against, and 4.3 per cent with no comment. Forty-six per cent favored payments to the highway building fund ($250 million), 48.6 per cent said no, while 5.4 per cent had no opinion. Aid to depressed areas ($100 million) showed an identical 46.7 per cent for and against, with 6.6 per cent taking neither side.

★ ★ ★

Of those polled who said they favored one or more of these additional beyond-the-budget spending proposals, 64 per cent said they favored an increase in taxes rather boosting the federal debt any higher to pay for them.

Thirty-six per cent said they opposed such a tax increase, while 77 per cent said no to an addition to the federal debt. Twenty-three per cent said yes to a hike in the debt.

Broomfield's bill to increase the limit on outside earnings for those receiving Social Security benefits from the present $1,200 to $3,000 per year received a healthy backing from those polled. Saying yes were 81.2 per cent. No answers reached 14.5 per cent.

Oakland County residents are willing to pay an additional 1½ cents per gallon in the federal gas tax so that the "pay-as-you-go" federal-aid highway building program can be maintained, the poll shows.

Too, those replying to the Broomfield questionnaire said they were for a freer flow of political leaders, students, farmers, and businessmen between the United States and Russia.

A cool response was given to a trial test for pay television.

This country's farm subsidy program was also overwhelmingly opposed. Eighty-two per cent—the second highest percentage recorded throughout the poll—said they do not approve of the support program where the prices of 12 farm commodities are supported by federal law at prescribed minimum levels.

Extra funds for veterans hospital facilities also received a majority of no votes.

★ ★ ★

Raising the minimum wage from the current one dollar an hour pulled in 40 per cent for, 57.2 per cent against, and 2.8 per cent undecided.

"The answers have certainly been a great help to me," Broomfield said. "They have given me a good sampling of the feelings of those I represent on matters which affect our people's pocketbooks."

Deaths in Pontiac and Nearby Areas

FRANK ATTWOOD

Service for Frank Attwood of Daytona eBach, Fla.a former Pontiac resident, will be held at 2 p.m. Monday at the Baggett-McIntosh Funeral Home in Daytona Beach.

A native of England, Mr. Attwood had been manager of the Wellington Apartments. He moved to Florida 16 years ago.

Surviving are his wife, Lilly; a daughter, Mrs. Kurt (Lola) Kuhne of Pontiac; a son, Richard of South Bend, Ind.; a brother; and a sister.

Mr. Attwood, 77, died at his home Thursday after a brief illness.

MRS. WILLIAM BRADSHAW

Mrs. William (Clara I.) Bradshaw of 621 Second St. died yesterday after a long illnes. She was 86.

Surviving are two sons, Charles A. of Pontiac and Martin R. of Fenton; three daughters, Mrs. R. J. Stanton of Drayton Plains, Mrs. Grace Reddeman of Milford and Mrs. Henry Schlauefer of Pontiac; 18 grandchildren; 21 great-grandchildren; and 14 great-great-grandchildren.

Service will be held at 1:30 p.m. Monday at the Voorhees-Siple Chapel with burial in Oakwood Cemetery at Fenton.

ARCHIE FULLER

Service for Archie Fuller, 75, of 65 Euclid St., who died yesterday at his home, will be held at the Skinner Funeral Home in Eaton Rapids Monday. Burial will be in the Aurelius Cemetery.

The body is at the Huntoon Funeral Home.

DONALD J. CUMMINGS

Service for Donald J. Cummings, 20, of 4721 Maycrest St., Waterford Township, will be held at 11 a.m. Monday at the Dryer Funeral Home, Holly. Burial will follow in Lakeside Cemetery, Holly.

Mr. Cummings was killed Thursday when the auto he was in was struck by a passenger train near Davisburg in Rose Township. The accident occurred at the marked crossing on Eagle Road about 6:30 p.m.

His uncle, Eugene L. Kirchmeyer, 40, of 661 Broadway St., Davisburg, who was also in the car, was killed instantly, too.

Surviving are Cummings' wife, Kaye; a son, Donald Jr. and a daughter, Lori Kaye, both at home; parents, Mr. and Mrs. Everett Cummings of Drayton Plains, grandparents, Mr. and Mrs. W. W. Cummings of Buncombe, Ill., and Mr. and Mrs. Percy Pinson of Pontiac; and a sister.

EUGENE L. KIRCHMEYER

DAVISBURG — Service for Eugene L. Kirchmeyer, 40, of 661 Broadway St., will be held at 11 a.m. Monday at the Dryer Funeral Home, Holly. Burial will follow in Lakeside Cemetery, Holly.

Mr. Kirchmeyer was killed Thursday when the auto in which he was riding was struck by a passenger train near Davisburg in Rose Township. The accident occurred at the crossing on Eagle road about 6:30 p.m. His nephew, Donald J. Cummings of Waterford Township, who was also in the car, was killed instantly, also.

He was a member of the Oakland County Sheriff's Posse.

Surviving are his wife, June; his mother, Mrs. Mary Kirchmeyer of Pontiac; a sister, and a brother.

ARCHIE R. MITCHELL

METAMORA — Service for Archie R. Mitchell, 69, of 2489 Dryden Rd., will be held at 1:30 p.m. Monday at Muir Brothers Funeral Home, Lapeer. Burial will follow in Grand Lawn Cemetery, Detroit.

Mr. Mitchell died Thursday at Lapeer County General Hospital following a short illness.

Surviving are his wife, Viola; two sons, Richard of St. Clair and Archie of Lincoln Park; a daughter, Mrs. Margaret Archibalde of Milford; three sisters, Mrs. Maybelle Laffrey of Keego Harbor, Mrs. Gladys Fuller of Detroit, and Mrs. Myrtle Edwards of Kingsville, Ont., three grandchildren and two great-grandchildren.

Deaths Elsewhere

TRAVERSE CITY (AP) — William Pennington, noted Michigan conservationist, died yesterday. He was 86. Pennington was influential in convincing the state to buy 200 acres of virgin pine timber in the Interlochen area and turning it into a state park. He was active in establishing the National Music Camp at Interlochen.

NEW YORK (AP)—Frederic J. Whiton, lawyer and banker and believed the oldest graduate of Cornell University, died Friday. He was 101.

BOWLING GREEN, Va. (AP)—Ruth W. Crawford, 66, director of admissions at Smith College, Northampton, Mass., from 1932 to 1956, died Thursday night. Mrs. Crawford, a native of Louisville, Ky., retired from Smith in 1956. She was a graduate of the University of Louisville and took her master's degree at the University of Michigan.

WILMINGTON, N.C. (AP) — Sumner Dean Quarton, 69, retired lawyer, died aboard the German ship Sonderburg at sea Friday. Before his retirement, Quarton served as counsel for the Des Moines Press Register.

NEW ORLEANS (AP)—Clarke Salmon, 67, advertising agency executive and former managing editor of the old New Orleans Item and morning Tribune, died Friday night in a hospital. Salmon, a native of Omaha, Neb., suffered a stroke March 12. At one time, he was night city editor of the Kansas City Star and director of the Associated Press Managing Editors Assn.

MRS. ALBERT REID

LAKE ORION—Service for Mrs. Albert (Nettie) Reid, 93, of Lake Orion will be held at 11 a.m. Monday at Allen's Funeral Home, Lake Orion. Burial will follow in Eastlawn Cemetery here.

Mrs. Reid died Friday at a Pontiac nursing home following a long illness.

She was the great-granddaughter of William and Marie Beardslee who came from St. Albans, England, in 1635 to settle in Boston. Her grandfather, Lewis Beardslee, and his wife, Mary, were pioneers in Oakland County when they came here from Sussex County, N.J., in 1837 and settled in Orion Township. She was the daughter of William P. Beardslee.

Mr. Reid was a member of the Lake Orion Methodist Church and the Orion Chapter 340, OES.

Surviving are one stepson, Earl Reid of Edwardsville, Ill.; one stepdaughter, Mrs. William Bacon of Oxford; two nieces and two nephews.

MRS. EMMA WRIGHT

HOLLY — Memorial service for Mrs. Emma Wright, 89, of Sacramento, Calif., a former Holly resident, will be held 2 p.m. Monday at the Dryer Funeral Home, Holly.

Mrs. Wright died Feb. 18 in Sacramento where funeral services and cremation were held on Feb. 20.

Surviving are two sons, Major Frank W. Wright of Sacramento, Calif., and Henry D. Seeley of Holly; and five nieces and nephews.

HARRY FOGUS

TROY — Harry Fogus, 25, of 6910 Montclair St., was killed last night following an explosion at a garage-apartment behind his home.

Funeral arrangements are being made by Price Funeral Home.

Lake Orion Man Hurt in Auto Accident

Billy J. Snell, 29, of 799 Highview St., Lake Orion, was in fair condition at Pontiac General Hospital today after being involved in a two-car smashup Friday night.

Snell, according to Oakland County sheriff's deputies, was driving on John R road at about 55 miles an hour when he struck another auto broadside near Hanlin road, Avon Township.

The other auto, belonging to William R. Griffin, 29, of 1081 Hamlin Rd., was parked crossways in the road. Griffin was attempting to pull a third auto out of a ditch and was standing alongside the road at the time.

Brazil now is consuming 200,000 tons of tin plate a year, about four times as much as it used during the period immediately after World War II.

2 Auto Crashes Claim 7 Lives

Occur in Same Area of Pennsylvania Only 2 Hours, 10 Minutes Apart

WASHINGTON, Pa. (AP)—An auto ran off a highway and smashed against a tree near the town of Slovan early today, killing all five occupants.

Two hours and 10 minutes earlier a headon collision on Route 40, a half mile east of Washington, killed two persons and injured five others.

★ ★ ★

Killed in the Slovan crash were Reymond Ayers Jr., 21; his wife, Mary, 20; their two children, Dolly, about 5, and Robert, about 8 months; and Ayers' sister, Hazel.

State police said the Ayers lived in Cleveland, Ohio, and apparently were returning home after visiting relatives in Shinnstown, W. Va., where they formerly lived.

★ ★ ★

Officers said the car operated by Ayers failed to negotiate a sharp curve and ran off the highway and rammed against a tree. The car was demolished. The crash occurred about 2 a.m. on Route 18, about 16 miles north of Washington.

★ ★ ★

The crash east of Washington claimed the lives of Walter W. Boswell, 56, chief deputy recorder of deeds for Washington (Pa.) County; and Miss Geraldine Swead, 21, of Cleveland.

Miss Swead was a passenger in the auto driven by her mother, Stella, 41. The mother suffered a leg fracture and other injuries.

★ ★ ★

Others hurt were Patty Swead, 17; Jo Ann Wojek, 21, of Wolfdale, Pa.; Boswell's newphew Harold R. Boswell, 43, of Washington, and Gerald Snyder, 18, also of Washington. All were admitted to Washington Hospital. The Washington crash happened shortly before midnight.

Dr. Arnold Mulder Dies; Editor, Educator

KALAMAZOO (AP) — Dr. Arnold Mulder, retired Kalamazoo College faculty member and a former Michigan newspaper editor, died of a heart attack at his Kalamazoo home last night. He was 73. Dr. Mudler suffered the attack shortly after chopping leftover ice in his backyard.

He retired as head of the Kalamazoo College English Department in 1953. He had joined the faculty in 1929, interrupting a newspaper and novel-writing career to enter teaching. Dr. Mulder was editor of the Holland Sentinel from 1910 to 1915 and again from 1919 until 1929. It was while a newspaper man that he wrote four novels.

Named to High Posts

DETROIT (AP) — Vaughan A. Knudsen and Norman J. Niebel have been named vice presidents of Redisco, Inc., appliance subsidiary of American Motors Corp.

Barrymore Faces Court

BEVERLY HILLS, Calif. (AP)—Actor John Drew Barrymore must face trial on felony hit-run and drunk driving charges.

The son of the late actor John Barrymore was held Friday to answer in Municipal Court. He was involved in a traffic accident March 6.

Death Notice

BRADSHAW, MARCH 27, 1959, Clara L., 621 Second St.; age 86; dear mother of Mrs. R. J. Stanton, Mrs. Grace Reddeman, Mrs. Henry Schlauefer, Charles A. and Martin Ray Bradshaw; dear sister of Charles A. Lee; also survived by 10 grandchildren, 21 great-grandchildren and 14 great-great-grandchildren. Funeral service will be held Monday, March 30, at 1:30 p.m. from the Voorhees-Siple Chapel with Rev. William J. Richards officiating. Interment in Oakwood Cemetery, Fenton, Mich. Mrs. Bradshaw will lie in state at the Voorhees-Siple Funeral Home.

FULLER, MARCH 27, 1959, ARCHIE, 66 Euclid; age 75; dear father of Robert C. Fuller. Funeral service will be held Monday, March 30, from the Skinner Funeral Home, Eaton Rapids, Mich., with interment in Aurelius Cemetery. Arrangements by the Huntoon Funeral Home.

In Memoriam 2

IN LOVING MEMORY OF HUSband & father, Thomas James Martin Senior, who passed away 8 years ago, March 29th, 1951. Not dead to us who loved him, Not lost but gone before He lives with us in memory, And shall forever more. Sadly missed by his wife Mabel and family.

Murder Suspect Wasn't in State

Report From Spokane Sheriff Disproves Hazy Report of Attack

MARSHALL, N.C. (AP) — A young North Carolinian who told police a hazy story about the strangling of a nine-year-old girl in Spokane, Wash., actually was in Colorado at the time of the crime, authorities say.

★ ★ ★

Sheriff E. Y. Ponder, who questioned Tommy Lee Miller, 23, for several hours, said Sheriff William Riley at Spokane informed him that Miller was in Eaton, Colo. on March 6.

★ ★ ★

That was the day Candice Elaine Rogers, making the rounds of her neighborhood selling candy for the Camp Fire Girls, was raped and strangled. Her body was found in a wooded area last Sunday.

★ ★ ★

Sheriff Ponder said Miller was picked up for questioning wednesday after he left a bus at Hot Springs, N.C., and began trying to get into moving automobiles.

"Miller made a vague, rambling statement," the sheriff said, "in which he said he recalled seeing a little girl in a park in Spokane."

★ ★ ★

Ponder said he would hold Miller for a while to see if anything else turns up, then probably would release him. Miller, whose parents are separaed, was reared by grandparents in nearby Candler. His mother, Oppie Cogburn, lives in Denver, Colo., his father in Spokane.

Critical Heart Surgery Done on Detroit Child

DETROIT (AP)—Patricia Johnston, 6, was reported in fair condition today at Children's Hospital following surgery to correct a hole in her heart.

Physicians said her rare type of blood called A2B negative complicated the case but surgery was made possible by Detroiters with the right type of blood volunteering as donors.

Large quantities of the blood were required for a mechanical heart which kept up Patricia's circulation while her heart was repaired.

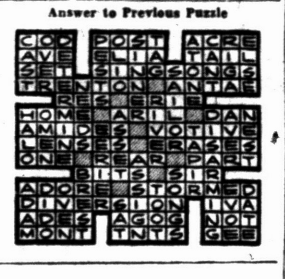

no regular employment for two not regular employment for two years. Her mother underwent surgery for cancer 2½ months ago.

Ford's Ore Fleet Begins Operations on April 1

DETROIT (AP)—Two of the Ford Motor Co.'s ore-carrying freighters, the Henry Ford II and the Benson Ford, will leave the Rouge plant dock at Dearborn April 1 to begin the fleet's 1959 Great Lakes shipping season.

The Ford fleet's newest and largest ship, the William Clay Ford, will leave the Rouge April 16 on a trip to Duluth, Minn., for a cargo of iron ore. The initial trip of the Henry Ford II will be to Toledo for a cargo of coal. The Benson Ford's first cargo will be limestone, loaded at Rogers City.

Answer to Previous Puzzle

Success Is in a Name for Little Jennie Smith

By EARL WILSON

NEW YORK — A funny thing happened to bonny little Jennie Smith from the hills of West Virginia before she became Arthur Godfrey's TV singer at the tender age of 20.

WILSON

Her mother was up from Charleston one night when she did the Steve Allen TV show. Jennie introduced her mom to a Broadway columnist—this one.

"How do you do, Mrs. Smith?" I said politely.

Her mother choked back a laugh. Her name isn't Smith. Neither is Jennie Smith's name Smith. Fate tried to conceal, Jennie Smith by naming her Jo Kristof.

"It sounds corny but it's true," Jennie said the other day in her W. 58th St. bachelorette apartment. "When I met Mike Stewart (one of her two managers), he said he'd always had a perfect name for a girl singer—Jennie Smith—but never had the girl to fit it.

"He said I fit the name — and he felt whoever got that name would be a star."

★ ★ ★

"What did your parents think of you changing your name?" I asked her.

"They said 'Really?' Just like that. That's all they said." (Her father, John Kristof, a TV newscaster, isn't easily shocked.)

JENNIE

Besides becoming a regular on the Godfrey show, Jennie was selected by composers Robert Allen and Richard Adler as the gal they wanted to write a song especially for. They wrote "Hugging My Pillow" which she's recorded as a "double": one side rock 'n' roll, one side with strings and chorus.

"How did a newcomer attract two such successful composers?"

Busty, 5-foot-2 Jennie said: "Robert Allen is a partner of my manager (Mike Stewart) in a music publishing company. And he's a writing partner of Dick Adler's.

★ ★ ★

"They felt my need for a song. You just get to know people."

At first Jennie was tongue-tied around Godfrey and also on the show.

"If you can't talk, you're lost on that show," Jennie says.

"One day he called me into his office. He said 'I've got the feeling you're afraid of me.' I told him it wasn't that I felt he was a monster, but that I was afraid to talk.

"We talked about an hour and a half and now everything's fine. I love the show and I'm not afraid to talk any more."

Jennie worked briefly as a secretary at Look and now sometimes goes from the Godfrey show to a restaurant where she used to go while secretary-ing.

★ ★ ★

"I got fired for lack of interest in my job—I was the worst secretary in the world. I hated it so much . . . but at least it helped me stay here until I could get started singing."

Her hobby seems to be sassing cab drivers. "They used to scream 'Watch it, lady!' or 'Hey where you think you're goin' lady?' I used to cringe and get scared.

"But I don't any more. I'm a New Yorker now. I scream back at them!" . . . **That's earl, brother.**

Blaze Fed by Gas Destroys Building

PITTSBURGH, Pa. (AP) — An old three-story manufacturing building burst into flames here Friday night and was destroyed in less than two hours.

★ ★ ★

The blaze, fed by gas from a ruptured valve, quickly mushroomed. Fire Chief Stephen Adley guessed the loss at $100,000. A Cadillac was buried under the debris.

★ ★ ★

The building housed the original Cripsy Pizza Crust Co., the Edward Kiessling Co., a screen-process sign printing firm, and the Casey Manufacturing Co.

It's a Fact!
THE EASTER EGG
IS NOT OF CHRISTIAN ORIGIN

© LOCAL TRADEMARKS, Inc.

In both India and Egypt rabbits and eggs, as the symbols of fertility and reproduction, were closely identified with the spring festival which corresponds to our Easter. Easter was the festival to welcome the return of spring, the season of new birth.

And It is also A Fact

Hatcher Cites College Need

Holding Faculty Problem

LANSING (AP)—The president of the University of Michigan, Dr. Harlan Hatcher, says colleges face an increasingly serious problem in retaining the faculty needed to cope with growing enrollments.

★ ★ ★

Hatcher spoke to the Lansing U. of M. Alumni Club at a meeting observing the school's 142nd anniversary.

He noted that 29 members of the literature, science and arts faculty at U. of M. received salary increase offers ranging up to $15,000 in the past year from other schools and industry.

"They talk about business moving out of the state, but this is really serious," he added.

"But," Hatcher continued, "we were proud that of the 29 who received offers, we lost only six — a tribute to the university's recognition of growth and advancement for its faculty members."

He stressed the need for bringing in more young educators and giving them the necessary equipment for research and teaching.

"Education affords us the critical key to the future of the nation," Hatcher said. "Nothing more disastrous could happen than to cut back our efforts in this field."

Top-Level Bid Eyed to End Coal Strike

FRANKFORT, Ky. (AP) — Efforts to solve the eastern Kentucky coal mine strike may shift to Washington.

★ ★ ★

Representatives of mine owners and the United Mine Workers have agreed to meet in Washington after conferring with Gov. A. B. Chandler, who acted as mediator. Chandler said talks would resume on a state level later if necessary.

Some 7,000 workers have been idled by a walkout affecting six counties. The union demands a $2 wage boost to raise to $24.25 a day. The owners say they cannot afford it.

★ ★ ★

Tension has eased lately but mining operations are at a snail's pace.

Joan Caulfield Hurt in Head-On Collision

PALM SPRINGS, Calif. (AP)—A head-on collision slightly injured actress Joan Caulfield, 36, between Palm Springs and Indio Friday night.

★ ★ ★

Her passenger, Josephine Anderson, 62, of Beverly Hills, and the driver of the other car, Arthur J. Wise of Indian Wells, also suffered minor injuries. All three were treated in a hospital.

America Loans Jordan Four Million Dollars

AMMAN, Jordan (AP) — The U.S. government has turned over to Jordan $4,400,000, an American embassy spokesman here said, the final payment of American special assistance for the fiscal year 1958-59.

The spokesman said a total of $43,230,000 was granted by the United States as budgetary support for 1958-59. He added that total dollar aid to Jordan since 1952, when the U.S. government made its first grant, is now $126,441,798.

20,000 Students of College Start Florida 'Party'

FORT LAUDERDALE, Fla. (AP)—"The party is over," the patrolman told 20 Ohio State students and stopped their wee-hour fun-making.

He was wrong. The party is just beginning for about 20,000 or more college students coming down for the Easter holidays.

★ ★ ★

Nobody knows for sure why students at about 100 colleges head for Fort Lauderdale at Easter time. It could be the sun. Or the surf and sand.

The beginning has been traced to 1938 when the city sponsored a swimming forum and invited collegians.

"The kids came down, liked what they saw and passed the word around," said Tample Jarrell, city recreation director.

★ ★ ★

After World War II, the movement was in full force. The city, in 1953, noted their arrival officially. The mayor sent invitations to colleges.

Fort Lauderdale still wants the students. But officials are sending another kind of letter to the colleges now. It is from the chief of police and it tells students to behave while here.

The pranks for which the season is noted already have started. This week, firemen answered a false alarm and were doused with beer.

A bartender says "They drink a few other things—but not much; mostly beer."

The average age of United States federal officials is 52 years.

CITY OF PONTIAC

1958 ANNUAL REPORT

Progressive Pontiac salutes GMC Truck & Coach Division for its great surge forward with OPERATION "HIGH GEAR"--the industry's finest engineering, design and quality control program

GMC TRUCKS

GM COACH

The City of Pontiac proudly dedicates this report of progress to GMC Truck and Coach Division. As the world's foremost exclusive commercial vehicle manufacturer, GMC has helped give Pontiac world-wide recognition as a leading industrial center. Established here in 1905, GMC has grown from a small plant on Rapid Street to a dynamic enterprise having over five million square feet of building space and employing some 10,000 persons. The finest buses and trucks in the business bear the "Made in Pontiac" label, thanks to the exacting craftsmanship of the people of Pontiac and the progressive manufacturing plant that gives these skills an outlet. With the future of commercial vehicles one of the brightest stars on our industrial horizon, GMC Truck and Coach Division — and the City of Pontiac as well — look forward to continued progress in this important activity for years to come.

CITY OF PONTIAC

Dear Fellow Citizens:

The City Commission is proud to dedicate this 1958 Annual Report to the General Motors Corporation and the General Motors Truck & Coach Division in honor of the 50th anniversary of General Motors.

It is fitting that we recognize the contributions of GMTC and their employees to our city and to our community life.

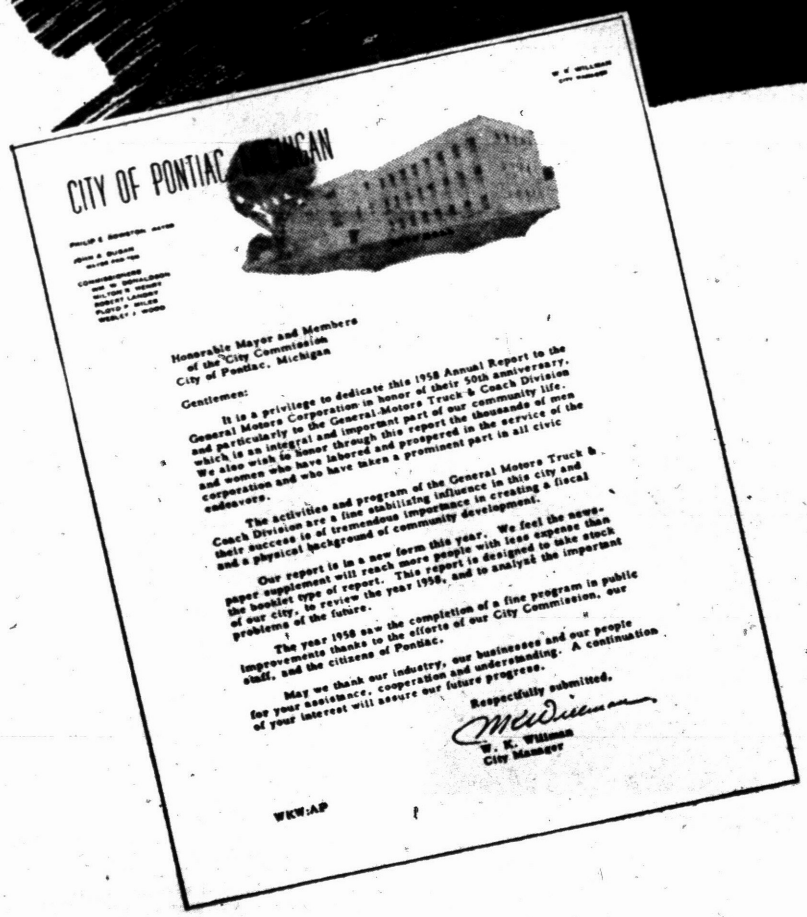

The tradition of reporting annually to the citizens of Pontiac on the work of your government is continued in this report. We feel much progress has been made in our program of neighborhood improvements, airport construction and development, urban renewal, traffic planning, and many other aspects of community life. We are especially pleased that a new main public library will be under construction in 1959. This new building in our civic center will be a focal point of our Centennial celebration in 1961.

The cooperation and support of our citizens in 1958 has made this record of improvements possible, and we express our appreciation to you, the citizens of Pontiac. With your assistance and support we will continue a program of progress and advancement in our city.

Yours most sincerely,

Philip E. Rowston
Mayor

RAS:AP

CITY OF PONTIAC

Honorable Mayor and Members
of the City Commission
City of Pontiac, Michigan

Gentlemen:

It is a privilege to dedicate this 1958 Annual Report to the General Motors Corporation in honor of their 50th anniversary, and particularly to the General Motors Truck & Coach Division which is an integral and important part of our community life. We also wish to honor through this report the thousands of men and women who have labored and prospered in the service of the corporation and who have taken a prominent part in all civic endeavors.

The activities and program of the General Motors Truck & Coach Division are a fine stabilizing influence in this city and their success is of tremendous importance in creating a fiscal and a physical background of community development.

Our report is in a new form this year. We feel the newspaper supplement will reach more people with less expense than the booklet type of report. This report is designed to take stock of our city, to review the year 1958, and to analyze the important problems of the future.

The year 1958 saw the completion of a fine program in public improvements thanks to the efforts of our City Commission, our staff, and the citizens of Pontiac.

May we thank our industry, our businesses and our people for your assistance, cooperation and understanding. A continuation of your interest will assure our future progress.

Respectfully submitted,

W. K. Willman
City Manager

Latest Improvements

Highlights of 1958

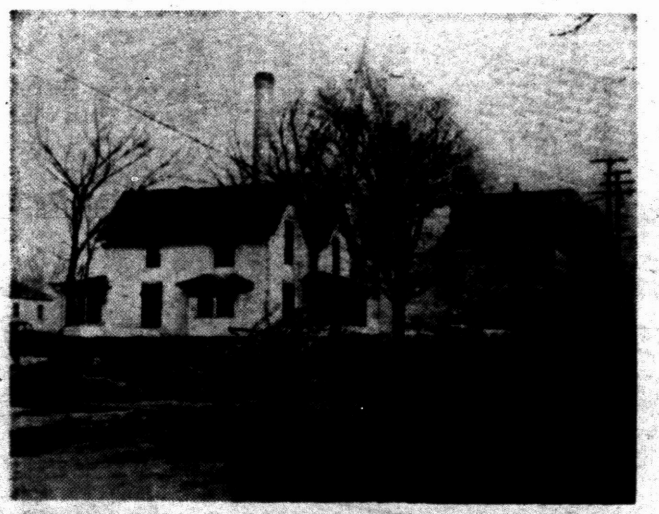

- Completion of widening and repaving of Perry Street from Huron Street to Opdyke Road, with state financial aid and supervision.
- Completion of Perry Park Storm Drain.
- Completion of West Huron Relief Sanitary Sewer.
- Widening and recapping of Opdyke Road.
- Approval of Survey and Planning Application for Urban Renewal Project — CBD Fringe No. 1—received in March.
- Preliminary planning for Urban Renewal Project filed with Urban Renewal Administration for approval in November.
- Transportation Study of Pontiac completed by George W. Barton and Associates, in cooperation with Geer Associates in May. Approval of new city thoroughfare plan as recommended by Barton.
- Approval of new State Trunkline Plan for Pontiac, including perimeter road, by State Highway Commissioner John C. Mackie in December.
- Property acquired for parking lot for Pontiac General Hospital.
- Completion of new West Wing of Pontiac General Hospital, Full occupancy in September.
- Department of Sewage Treatment established.
- Planning begun for new Main Library.
- Acquisition of property north of new Public Safety Building on Pike Street for future Main Fire Station.
- Review of Civic Center Plan begun by Geer Associates and City Plan Commission.
- P.A.S. Report on Police Department received in April.
- Sewage Treatment Plant bond issue defeated in November.
- Fencing, lighting, land acquisition and plans for Terminal Building in Municipal Airport improvement program.
- 5.3 miles of blacktop pavement.
- 2.71 miles of curb, gutter and drainage.
- 1.7 miles of sidewalks.
- Value of building permits issued during the year for residential and business purposes—$6,818,597.
- City tax rate reduced to $13.27 per thousand from $13.70.

Studying the area marked for re-development under the Urban Renewal program are: Henry C. Smith, City Planner, Ernest L. Ethier, Ass't Urban Renewal Co-ordinator, and Robert A. Stierer, Urban Renewal Co-ordinator.

Work of widening, paving, surfacing and lighting Perry Street (M-24) was completed. A project jointly shared by The City of Pontiac and Michigan State Highway Department.

Property acquired for development of a parking area adjacent to Pontiac General Hospital.

Plans for 1959

- Ground broken for new Main Library in Civic Center.
- Final plans completed for Urban Renewal Project, and Application for Loan and Grant to begin land acquisition program.
- Preliminary plans for downtown perimeter road.
- Remodeling of East Wing of Pontiac General Hospital and completion of hospital building program.
- Completion of parking lot for Pontiac General Hospital.
- Completion of revised Civic Center Plan.
- Completion of major sections of revised Master Planning Guide by Plan Commission and Geer Associates.
- Progress on location of new source of water supply.
- Ground-breaking for Auxiliary Sewage Treatment Plant if bond issue is approved April 6th.
- Financing Plan for new Main Fire Station on E. Pike Street across from Public Safety Building.
- Completion of Highway & Street Needs study and submission to Michigan State Highway Dept.
- New arterial lighting for Saginaw and Huron Streets in downtown area.
- New traffic signals and timing on Saginaw from Oakland-Saginaw to South Boulevard, and general synchronization of downtown signals.
- Ground breaking for new Terminal Building at Pontiac Municipal Airport, and development of terminal area, including entrance road, parking lot and fencing.
- Action by Federal Civil Aeronautics Board on application for scheduled airline service at Pontiac Municipal Airport.
- Continuation of neighborhood improvements including blacktop, concrete paving, curb and gutter, sewers, drains and sidewalks.

Administration

City Commission

The City of Pontiac has had the Commission-Manager form of government since 1920. Seven City Commissioners are elected on a non-partisan basis by the people in each of seven districts for a two year term. The Commissioners appoint the City Manager who is the chief executive officer of the city. Basic-policies of the city as set forth in ordinances and resolutions are considered by the Commission at their regular weekly meetings on Tuesday evenings. Meetings are held in the Commission Chamber of the City Hall and are open to the public.

The Mayor and Mayor Pro-Tem are elected by the Commission from among their members. At the organization meeting of the Commission for 1958 Commissioner William W. Donaldson was elected Mayor. Later in the year upon his resignation as Mayor, Commissioner Philip E. Rowston was elected Mayor.

In the April General Municipal Election three men, new to the Commission were elected: Commissioners Robert Landry, Milton R. Henry and Lesley J. Wood. These men replaced former Commissioners Dr. Roy V. Cooley, John E. Carry and Gilbert W. Long.

A total of fifty-seven meetings, regular, special and adjourned were held during the year. Ordinances adopted numbered twenty-eight, many of which amended existing ordinances.

Keeping up-to-date records of voters is Mrs. Olga Barkeley, Deputy City Clerk.

City Clerk

The City Clerk is the official records keeper for the city. Responsible for the recording of all activities of the City Commission, registration of all voters, administration of elections and voting precincts, keeping of contracts and agreements, records of property acquisitions and ordinances concerning citizens' homes and businesses and serving too as clerk of the Civil Service Commission. Issuing of licenses and collection of fees therefrom are a part of the work of this office.

Receipts from licenses handled by the Clerk last year amounted to $41,931.22.

Inspection of new construction is being made by W. Raymond Ransom, City Assessor and Edward Bloe, Assistant City Assessor.

City Assessor

The money to operate the city and provide services to the people is derived mostly from taxes based on assessments on property, personal or real estate. Each year the City Assessor's office inspects 35,000 pieces of Real Estate and 2,200 commercial and industrial properties paying Personal Tax. The city rate per thousand valuation on real and personal property was reduced this year to $13.27 from $13.70. Our rate adjusted to State equalized valuation is one of the lowest in Michigan.

The Board of Review held sessions on 19 days in March at which time appeals were heard and action determined to make re-assessments deemed justified.

Financial Department

Modern machine methods and systems are used for accuracy and expediting the city's finance accounting. Marvin Alward, Director of Finance counsels with Mrs. Ivah Gallagher and Mrs. Josephine Gamester.

Where the money comes from and what service it provides is the Finance Department's major concern as the chief accounting office for the city. In this capacity it maintains the appropriation and revenue control ledgers. The City Treasurer's division sends out all tax, and special assessment bills, and all tax, assessment, and water and sewage bills are paid at this office.

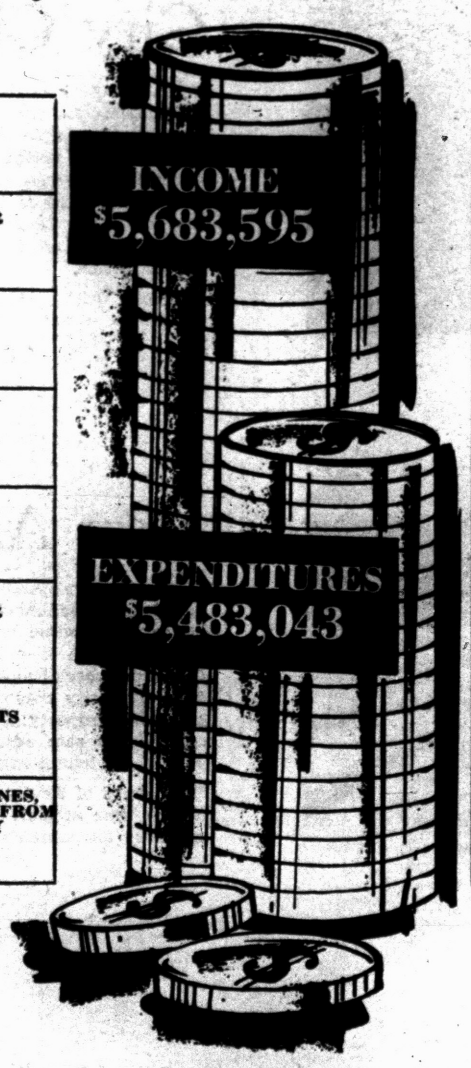

Total valuation for 1958 as placed by the Assessor and the Board of Review.

	Real	Personal	Total
Assessor's Valuation ...	$140,727,850	$131,327,850	$272,055,700
B of R Deductions	-1,058,850	-49,650	-1,108,500
State Tax Com. Deductions	-20,700		-20,700
Final Assessed Valuation for 1958	$139,648,300	$131,278,200	$270,926,500

1958

Where the Money Comes From

40%	TAX LEVY $2,277,327
17%	REVENUE FROM OTHER AGENCIES $956,500
5%	WASTE COLLECTION & DISPOSAL $274,673
4%	SALE OF SERVICES AND COMMODITIES $241,025
2%	DEBT RETIREMENT (HOSPITAL) $100,000
8%	REVENUE FROM OTHER SOURCES $455,700
16%	CAPITAL IMPROVEMENTS $910,000
8%	LICENSES, PERMITS, FINES, PENALTIES, REVENUES FROM MONEY AND PROPERTY $468,370

What Services It Provides

29%	PUBLIC SAFETY $1,610,576
16%	PUBLIC WORKS $864,851
13%	GENERAL ADMINISTRATION $711,711
7%	PARKS, RECREATION, LIBRARY $367,365
4%	AIRPORT, CEMETERY $210,256
3%	HEALTH, HOSPITAL $169,102
23%	EQUIPMENT, CAPITAL IMP. $1,236,491
5%	PENSIONS, INSURANCE AND SOCIAL SECURITY TAX $312,691

City Attorney

The year 1958 was one of solid achievement for the City Legal Department. Following court decisions in favor of the city in two cases involving the city hospital and amendment to the state home rule act was drafted for the Legislature which will give cities the right to control the practice of surgery in public hospitals. An amendment to the state home rule act which will give cities the right to control the practice of surgery in public hospitals was delivered to the legislature for submission in 1959.

The preparation of ordinances, settling of claims against the city(police and fire civil service meetings, court appearances, legal documents in properly acquisition and processing workmen's compensation claims also fall into this Department's scope.. In handling these and many other complex municipal legal problems the city legal department, according City Attorney William A. Ewart, must always be available on all municipal problems, and has resolved many of the controversies of 1958 in a satisfactory manner.

The legal aspects of running a city are many, varied and complex. William A. Ewart, City Attorney handles these problems.

Municipal Court

The Pontiac Municipal Court received its second consecutive award for outstanding progress in its traffic court practices and procedures.

A total of $672,691.95 was disbursed to creditors through the Personal Receivership function of the court which arranges equitable debtor-receiver arrangements designed to avoid debtor bankruptcy.

Total cases handled in 1958 were 14,794 and total revenue was $87,482.81.

Cases before the court's two Judges were: Civil 10,512, Criminal City Ordinance 1,461, City Traffic 2,379, State Law 442. Promptness in handling each case has been accomplished with the aid of the Court Clerk and his staff and the scheduling of hearings with the courts.

The ordinance and procedure to transfer the Violation Bureau from the Police to the Court on January 1, 1959 was completed in December.

Scheduling of cases to come before the courts is arranged by Municipal Judge Cecil McCallum, Court Clerk Leo F. McDonald, and Municipal Judge Maurice E. Finnegan.

Personnel

Labor turnover averaged less than 1% per month this year. Total number of city employees at the end of the year was 670, a decrease of 40 from the previous year. Fifteen examinations were given for municipal employment Retirements from the departments reported.

An employee picnic was held at Murphy Park on August 14.

Retired:	Chesile Singleton	Waste Collection	10 years
	Margrata Campbell	Hospital	14
	Edward Rockwell	Fire	22½
	George Timoff	Water	25½
	Don McMahon	Treasurer	30
	Carl Leonard	Fire	30
	Charles Nichols	Waste Collection	16
	Roy Gordon	Fire	35
	Philip Ewald	Lake Street	12
	Jess Steward	Parks	12½
	Oscar Eckman	Finance	25
	Lydia Collins	Hospital	11
	Florence Corfixsen	Hospital	15
	Dennis Bentley	Water	14½
	Anthony Latonas	Golf	16
	Glenn Stephens	Fire	30½
	Lula Buckler	Hospital	16
	Walter Krause	Police	24
	Earl Rogers	Lake Street	26
Died:	Bert Oliffe and Wilhelmina Nelson—Part time employees.		4 years
	Olivia Gladstone	Hospital	2
	Glenn Thompson	Hospital	6
	Olivia Marcum	Hospital	1

Special Service

The Citizens' Service Bureau handled a total of 5,677 complaints and requests for service in 1958, an increase of 242 over last year. Complaints about "red" water predominated with 1,436. Street complaints again declined from 595 in 1957 to 325.

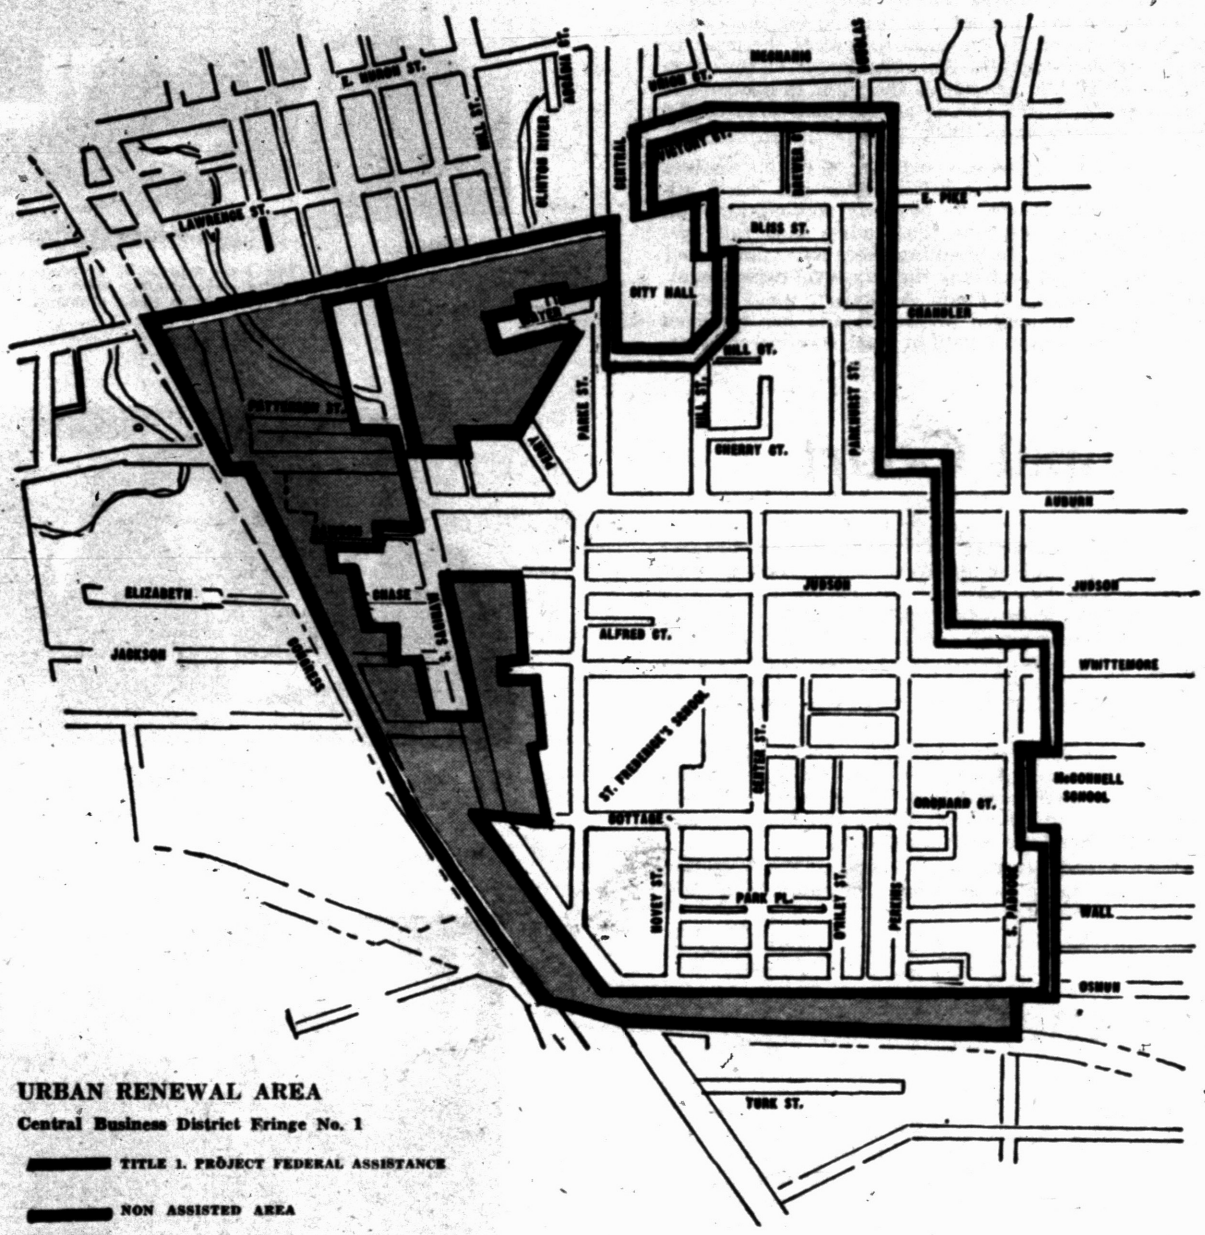

City Safety Committee meets regularly in the Commision Chambers for instruction from Harold E. Marshall, Personnel Director and Clyde Christian, Assistant Superintendent, Department of Public Works.

Calls for service or complaints from citizens are directed to Mrs. Marion E. Mottshak who quickly dispatches them to the appropriate department for action.

Urban Renewal Area

URBAN RENEWAL AREA

Central Business District Fringe No. 1

TITLE 1. PROJECT FEDERAL ASSISTANCE

NON ASSISTED AREA

ACT 344 PROJECT

The City of Pontiac became interested in an urban renewal project early in 1956 when the Mayor, City Manager, and several other top officials and business leaders decided to seek Federal help under the Urban Renewal program to deal with a section in the central business district known as "Skid Row" and to check other deterioration and decline. Also, older residential areas immediately adjacent to the central business district were showing signs of blight.

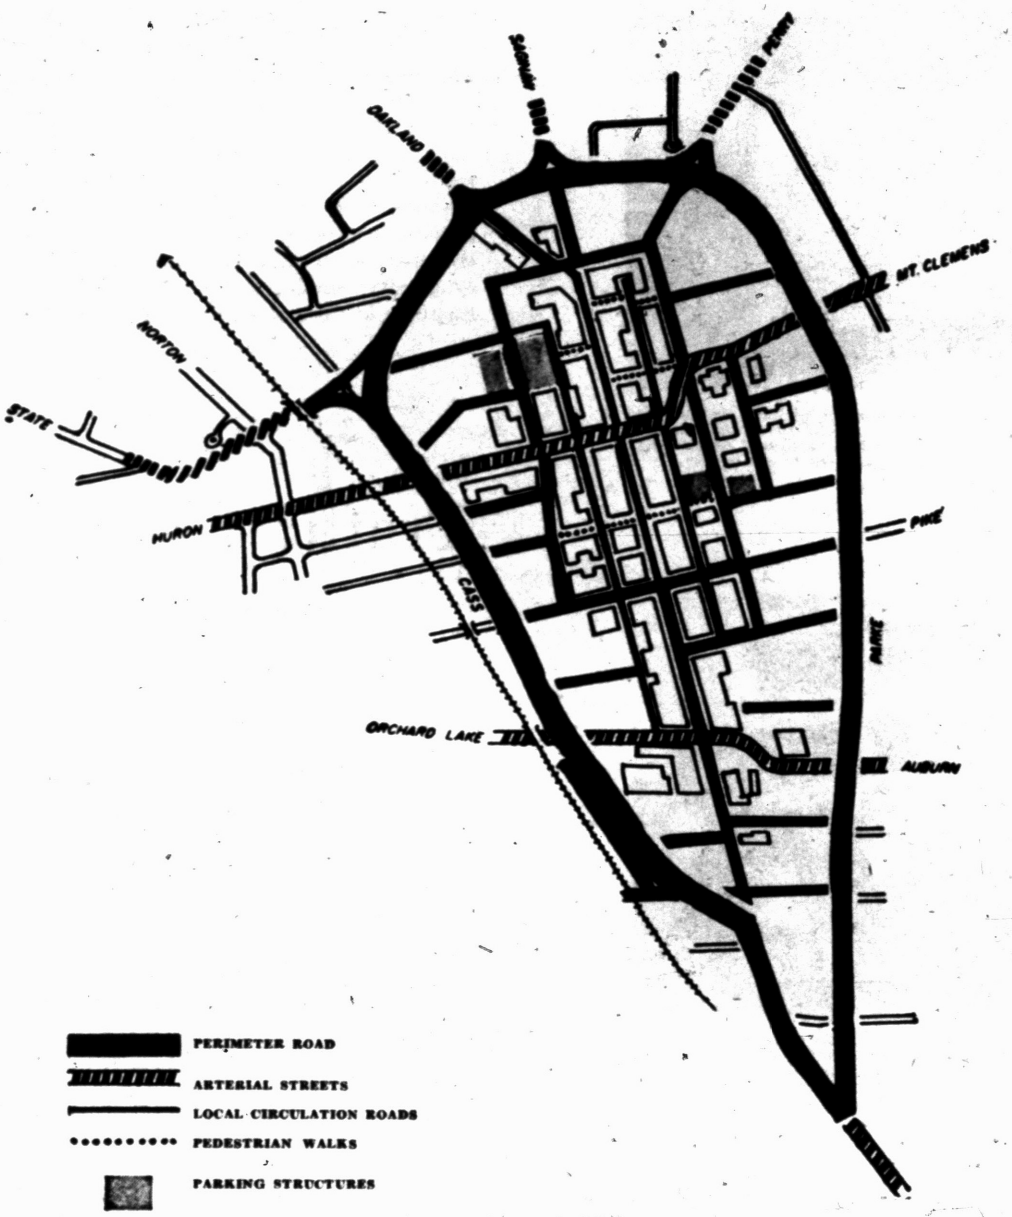

Urban Renewal officials late in 1956 confirmed the possibility of a project which would combine rehabilitation of the residential area east of Saginaw and south of City Hall with the rejuvenation of the "Skid Row" area and an expanded Civic Center site. Greer Associates of Bloomfield Hills were retained as consultants on planning and urban renewal in March, 1957. The Survey and Planning Application for Federal aid was prepared and submitted to the Urban Renewal Administration (URA) in November, 1957. The application was approved in March, 1958, subject to justification of boundaries of the 145-acre area by the city when surveys and studies were completed. A grant of $90,112 was reserved for planning. A capital grant of $1,705,000 was reserved by URA for the final stage of the project as the Federal share of the project costs. Without federal aid the city could not undertake the project.

In June, 1958 a public meeting was held at City Hall for all residents and property owners in the project area to explain the project and answer questions. In November, 1958 a preliminary plan, known as the Project Eligibility and Relocation Report, was submitted to the Chicago Regional Office of Urban Renewal Administration, and approval was awaited at the end of the year. Community improvements and the need for rehabilitation of downtown business areas, as well as older residential areas, have been supported by citizens, by civic leaders, and by the City Commission and city administration. It is hoped that this urban renewal project will spark the rehabilitation of an important area in our city and will stimulate improvements in the downtown area and in other sections of Pontiac.

The project time-table calls for completion of the Final Project Plan by October 1959, and approval by URA early in 1960. Carrying out the project plan is expected to take three to five years.

ONE COLOR

Central Area Traffic Plan

A comprehensive Highway Transportation Study of the Pontiac area was completed in May, 1958 for the City of Pontiac by George W. Barton and Associates, Consulting Engineers of Evanston, Illinois, in cooperation with Geer.Associates, the city's planning consultants. The study, known as the Barton Report came about as a result of meetings between city officials and downtown businessmen in the summer of 1957. The Downtown Pontiac Association offered to help finance a transportation study of Pontiac, including the downtown area, as a contribution toward the revitalization of the downtown area and to assist in planning the urban renewal project.

The cost of the report was $23,000 of which $17,600 was paid by the Downtown Pontiac Association, and the balance by the City of Pontiac. The recommendations in the study were a result of colse cooperation between Barton and Geer, the Michigan State Highway Department and the City of Pontiac. The four subjects covered in the report were: 1. Location of the proposed Interstate Expressway; 2. Traffic planning in central business district (CBD); 3. Major thoroughfare planning for the city; and, finally, 4. Recommendations on how to put the plan into effect, including an initial program of 5 to 8 years.

The main recommendation for the CBD was a perimeter road to carry through traffic around the congested business area rather than through it. The perimeter road, which is pictured above, has been approved by the City of Pontiac and the Michigan State Highway Commissioner as part of the new State Trunkline Plan. Negotiations are in process to speed up the detailed planning and construction of the road. Estimated construction cost is approximately 2.4 million dollars, with over 85 per cent to be paid by the State of Michigan and the Federal government. Planning is closely tied in with the Urban Renewal project.

A new thoroughfare plan, as recommended in the Barton Report, has been approved by the City Commission and will be implemented as funds and community plans permit.

The Barton Report, has already produced rather dramatic results for the perimeter road and location of the Interstate Expressway by utilizing cooperative planning and community support.

Public Safety

Sergeant Ted C. Goines is pictured on duty at the main lobby desk of the new Public Safety Building. Police Division, Municipal Courts and the Fire Chief are quartered in the facility.

Maintenance of meters in city owned parking lots is a year 'around activity of Andrew Kulich of the Electrical Department. There are over 1450 metered parking spaces throughout Pontiac.

Installation operation of modern street lighting on N. Perry Street.

Police Department

"Maximum Service Within a Reasonable Budget." These are the aims set forth by George D. Eastman, Director of Plblic Safety. Toward this end, a new organization-chart was adopted on January 1, 1959. Mr. Eastman was appointed in August to revitalize the Police Division.

There was a distressing increase of nearly 300% in traffic fatalities (from 4 to 15) over the previous year. Injuries from traffic declined and total accidents remained almost the same. A total number of 1,046 criminal cases were reported in 1958, an increase of 196 over 1957. Early in October, 1958 the Police Division, according to Eastman initiated a program of long range planning aimed toward the creation of high efficiency and morale. Many gratifying advances as a result of this planning are reported by Eastman in the annual Police Division report.

Traffic Department

In order to meet the demand for a consistently smooth flow of traffic and adequate parking facilities the Traffic Engineering Department with aid of the Michigan State Highway Department completed an extensive program of studies in the downtown area resulting in a new signal system. Railroad grade crossings were also analyzed for safety and signal systems.

The number of parking meters was decreased from 475 to 443 which was offset by the addition of 33 stalls in a new parking lot at Mill St. and E. Pike St.

A downtown Pontiac traffic safety study has been completed to secure permission and financial assistance from the Michigan State Highway Department for a new downtown traffic signal system.

Increased parking facilities for Pontiac General Hospital and installation of 1170 new signs rounded out the extensive program designed to answer the city's pressing traffic problems.

The Department participated extensively in writing material for the Barton Transportation Study.

Electrical Dept.

Three miles of modern lighting on Perry Street was one of the major projects of the city Electrical Department this year. A total of 82 new street lights were added in Pontiac in 1958 including four high-output lights installed at N. Saginaw St. and Oakland Ave.

Maintenance of parking meters, electrical inspection, new traffic signal construction, re-wiring Mechanic Street well and the wiring of the new Arlene Street pumping station rounded out a complex modernization program. Recommendations on the city Fire Alarm system were made in compliance with recommendations by the National Board of Fire Underwriters as well. Revenue totalled $6,091.95 and permits numbered 1691, a decrease of 9% and 8½% respectively from 1957.

Fire Department

It was a busy year for the Pontiac Fire Department. Chief Schroeder's men were called upon to extinguish an unusual number of major-loss blazes. Largest among these was the McCandless, Inc. fire which caused an estimated $129,000 in damages. Other fires of major proportion ravaged Goodman's Department Store, United Furnace Company and WKC, Inc. Four persons died as a result of area fires and losses totalled $439,367.70, an increase of $68,054.74 over the previous year. Prompt and alert response to the alarms from these highly critical areas prevented more extensive property damage and demonstrated that your Fire Department can be counted among the nation's finest.

To maintain this high degree of efficiency the Fire Department is constantly holding drills and engaging in competitions like the one which earned it a Certificate of Merit in the National Inter-Chamber Fire Safety Contest of the Chamber of Commerce of the United States.

In addition, the department sponsors a continuing fire prevention program. Known as the Junior Fire Inspectors Program it has, according to Fire Marshal Charles Metz, proven both effective and popular with the youngsters.

Education, Prevention and Prompt Action have been the major achievements over the past 12 months. In the face of an increasing number of extremely critical alarms this is indeed a record Pontiac can be proud of.

LARGEST FIRE OF THE YEAR. The McCandless Inc. fire which caused an estimated damage of $129,000.

Fire Chief John F. Schroeder making one of his regular inspection tours of Pontiac's newest Fire Station No. 5, located at W. Huron and Genesee Streets.

Civil Defense

"Operation Readiness" was the watchword for 1958. Training exercises for Rescue Service Crews and Radiological Monitors were held in conjunction with refresher courses to maintain a high degree of readiness in CD ranks.

Additional Communications Equipment for the Fire departments was acquired at a cost of $6,763.40, one-half paid by the Federal Government.

R. A. Stierer, Deputy CD Director, made a number of speeches stressing Civilian Defense and Tornado Safety to many civic and industrial groups.

In addition there were high school discussion groups, practice alerts and participation in the drafting of The State Survival Plan. Distribution of CD "Handbook for Emergencies" by Boy Scouts was a fine civic action.

Training exercise using Civil Defense Radiation Survey Meters is conducted by Roland H. Bourke Jr., Captain Walter C. Krause and Charles S. Cohen.

Services - Construction

AIRPORT

Plans for the city's first air terminal building and tower highlighted 1958 at Pontiac Municipal Airport.

Funds available through the accelerated federal aid to airports program were allocated in 1958 and then increased in early 1959 to meet the greater demands Pontiac users are putting on the airport, which continued to be the third busiest in the state.

The final amount earmarked for 1959 construction totalled $390,000 of which the federal government contributed one-half and state and local government one-fourth each.

Of the total, $310,000 was set aside for construction of the terminal building and tower and $80,000 for site improvements, such as a 125-car parking lot, an entrance road, grading and drainage.

Preliminary plans for the two-story building were drawn up in 1958 by the architects, William C. Zimmerman Associates, and approved by the Michigan Department of Aeronautics and the Federal Aviation Administration in January, 1959.

It was expected that working drawings would be completed in time to begin construction by mid-summer, 1959.

Besides paying for preliminary plans, the city also bought the 20-acre site for the terminal building, located off Highland road (M59) west of most of the existing airport development. This cost $22,600.

The site is adjacent to the improved east-west runway, which carries most of the airport traffic and is scheduled to be lengthened from 4,000 to 5,500 feet in 1960.

Another $110,000 in unmatched federal funds was allocated to equip the new tower with radio equipment, and the airport was selected as the site for a $280,000 "Vortac" unit, a radio device being installed by the federal government throughout the country to improve air traffic control.

The airport put in $201,155 worth of improvements with the help of federal and state aid.

Two sizeable concrete taxiways were installed and five smaller ones.

Lights were installed along the east-west runway and taxiway. Four miles of five-foot high chain-link fence were erected, completing fencing of the entire airport.

The western approach to the main runway was cleared of trees, and power lines along Williams Lake road were rerouted to provide clear approach for aircraft.

It was expected that the airport would win approval soon for regularly-scheduled passenger flights by commercial airlines. Regularly-scheduled cargo flights may follow afterwards.

Construction of the terminal building and tower were bound to improve the city's chances for such service.

The airport continued to encourage private enterprise to construct hangars on leased airport property. Four concerns signed leases in 1958.

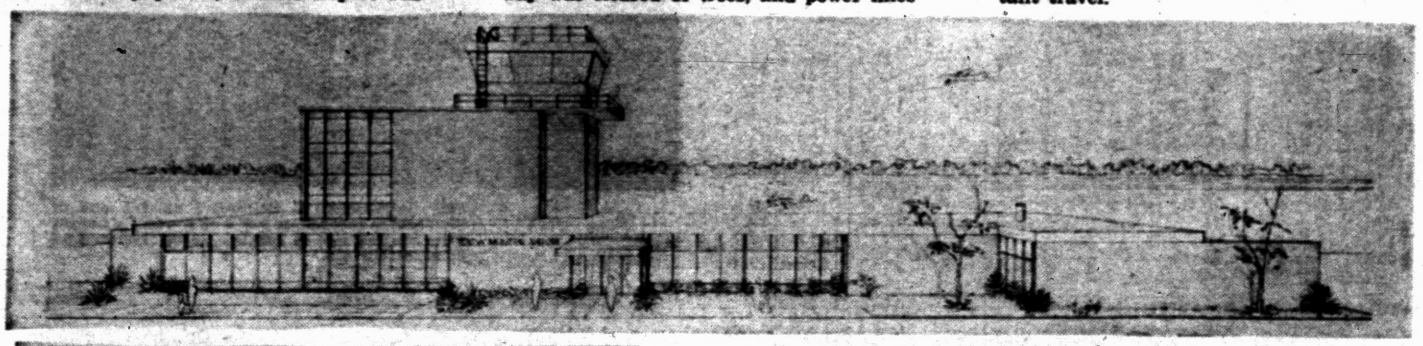

Two new sales and service firms set up offices at the airport. Flite Line, Inc. moved into its own building and Valley Flying Service rented space in a hangar.

Flight operations increased and so did gasoline sales. There were 83,950 flights recorded in 1958, compared with 80,000 the year before. There were 214,535 gallons of gasoline sold, compared with 205,762 the preceding year.

Although flight operations were on the increase, there were only a few mishaps, with no personal injuries and only minor damage to aircraft.

Of the average 165 aircraft based at the airport in 1958, about 82 per cent were owned by businesses or corporations. An estimated 60 per cent of the transit traffic was by corporation-owned aircraft.

These figures indicated the airport was keeping pace with the growing trend of business to use its own aircraft for distant travel.

Developing the plans for a public improvement project are Assistant City Engineer James N. Carlisle and Department Head Lewis M. Wrenn, City Engineer.

Snow removal was a major operation at the year's end. Joseph B. Jewell inspects two heavy units at work.

Engineer

Public improvements received the emphasis throughout the year. Concrete paving, bituminous roadways recap, construction of combined sewers, storm sewers, sanitary sewers, curbs, gutters and drainage were projects throughout every area of the city. Surfacing with asphaltic concrete on gravel base was done to more than five miles of streets. Sidewalks were built, others repaired.

Street and sewer projects were designed in the department and inspection was provided on contract jobs to insure quality work. In total 21.13 miles of work was accomplished at a total cost of approximately $2,400,768,00.

Public Works

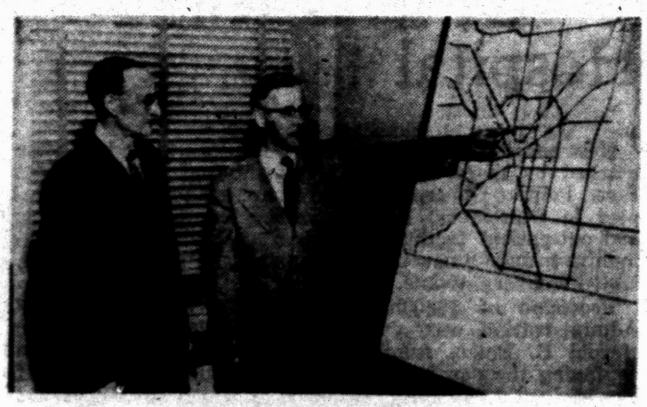

The Department of Public Works is the construction and housekeeping unit of your city. Miles of streets, sewers, curbs and gutters were built this year. Street and road maintenance took thousands of man hours. Street snow removal was a gigantic task piling up huge figures in man and equipment hours. The promptness in meeting regular schedules of garbage and trash collection brought commendation letters in the local press. Work was done for almost every other department of the city to provide improved services or facilities for our citizens.

Planning

The City Plan Commission in thirteen regular and five special meetings cleared one hundred-fifteen items. Major activity by the Commission and Staff was the processing of applications for zoning map amendments. Twenty-two applications were received and completed. Fourteen recommendations were made for ordinance amendments to the map and text.

The Plan Staff assisted in the preparation of the City Annual Report which was awarded First Place in a statewide contest sponsored by the Michigan Municipal League.

General work of bringing and keeping up-to-date city maps and plats continued throughout the year. Approval was given, after study, of the important programs of the Barton Transportation Study, State Highway Trunkline re-location plan and Urban Renewal Project. Exterior and interior survey of structures within the renewal area were completed. Proposals by the Planning Consultant for Civic Center plan and comprehensive City Plan were reviewed.

Studying a phase of planning already completed to the map stage are Daniel R. Veasey, Chairman of the Planning Commission and Henry C. Smith, City Planner.

Water Supply

Water usage was up from 1957. Gallonage pumped was 3,435,022,000. A demand such as this requires constant and vigilant maintaining of wells, pumping equipment and lines. 374 new meter installations were made and some relocations of existing mains completed. Complaints on "red" water were handled promptly by flushing mains. The Calgon-Chloride treatment program to break up encrustation in mains was continued. Studies relative to obtaining new water sources were carried on.

Flushing water mains is continually being carried on by department workers.

Health Department

Many functions are under the jurisdiction of this department, including—Vital Statistics, Communicable Diseases, Sanitation, Health Education, Inspections and Controls. The Laboratory Division on August 2, 1958 entered its second year of the joint operation of the Oakland County Pontiac City Health Laboratory. This arrangement has proven completely satisfactory in handling the diagnostic work of the two governmental units and at an outstanding economical cost. Fifteen thousand specimens were examined. Reports were completed and follow-up made when indicated.

The General Sanitation Section made investigations numbering in the thousands. These covered a wide scope from housing, rodent control, hospitals, sewage, waste disposal and almost every condition that might be hazardous to health.

During 1958, 1,109 inspections of dairy farms and 1,183 inspections of pasteurization plans were made. Housing Inspections numbered 1,770 out of a total of 4,935 investigations. Samples of milk were collected and examined as part of the continuing control program. A new milk ordinance was adopted in November. Food and beverage sanitary standards were enforced and a food handlers' school conducted.

The Alcoholism Information Center worked closely with industry, labor, clergy, A. A., and courts and schools. The constant stream of requests coming to this center are studied carefully and services are made available to everyone seeking assistance.

During 1958 all budgeted nursing positions were filled in the Nursing Division. This made it possible to give higher quality nursing service to more families and to provide a continuity of nursing service not previously attained. A nutritionist was added to the County Health Staff whose services were made available to Pontiac. Programs of immunization were carried on in every area possible.

Public information and education consisted of newspaper coverage, clinical pictures, schools for expectant parents, child programs, radio programs, films, posters and pamphlets.

Mrs. Ursula Skinner, Public Health Nurse, administers a shot at one of the immunization clinics conducted by the Health Department.

Making one of the housing inspections, which is a regular activity of the Health Department are Roland H. Bourke Jr., Sanitarian and Charles S. Cohen, City Sanatarian.

Hospital

New hospital facilities were put into operation in a year marked by more efficient treatment and better patient care. Pontiac General Hospital's new wing was fully occupied in September, 1958, providing improved diagnostic and out-patient facilities. Other new services to the community include 8 new operating rooms, 7 emergency rooms, and 4 delivery rooms.

Provision of $950,000 by the City Commission and Administration was a major contribution, according to Harold B. Euler, Adminstrator, toward completing and equipping the new west wing. The Hospital medical staff has pledged a further $100,000.00 of which $57,000.00 has already been contributed. Plans to complete repairs to the east wing were under discussion at the end of the year.

In-Patient admissions at the Hospital totalled 11,844 for the year, beds totalled 264, the medical staff consisted of 167 persons and paid personnel averaged about 530.

The new, modern west wing addition to Pontiac General Hospital. Entrance and reception lobby relocated to Seminole Avenue.

Parks and Recreation

Providing and maintaining recreational activities and park facilities, allowing full scope to the citizens' leisure time indicates the responsibilities of the Parks and Recreation Department. Under a total City appropriation of $332,383.61 the Department took meaningful steps in this direction.

Excellent co-operation from the Board of Education, according to David R. Ewalt, Director, contributed to the success of the recreation program. Typical was the inception of a family night program using Public School facilities. Open to adults and children the program has been an outstanding success from the start.

Indoor evening skating activity for families in a school gqym. Parks and Recreation Department Supervisor Ray White is in the dark suit.

At work trimming in the tree is Earl Meyers of the Parks and Recreation Department. Operating the new branch and limb chipping machine is Leo Crivea.

1958 was a season of park improvement and development which proved to be the most productive since the organization of the Department. Increased demands for more park facilities were met by construction of two new parks, an archery range, toboggan slide and further development of Hawthorne and Aaron Perry Parks.

Tree trimming on streets and in parks continued. Dutch Elm disease is under control the Forestry Division reports. In the weed control program 3,488 lots were checked. At the golf course 49, 411 nine-hole rounds were played, up 30% from the past year.

Library

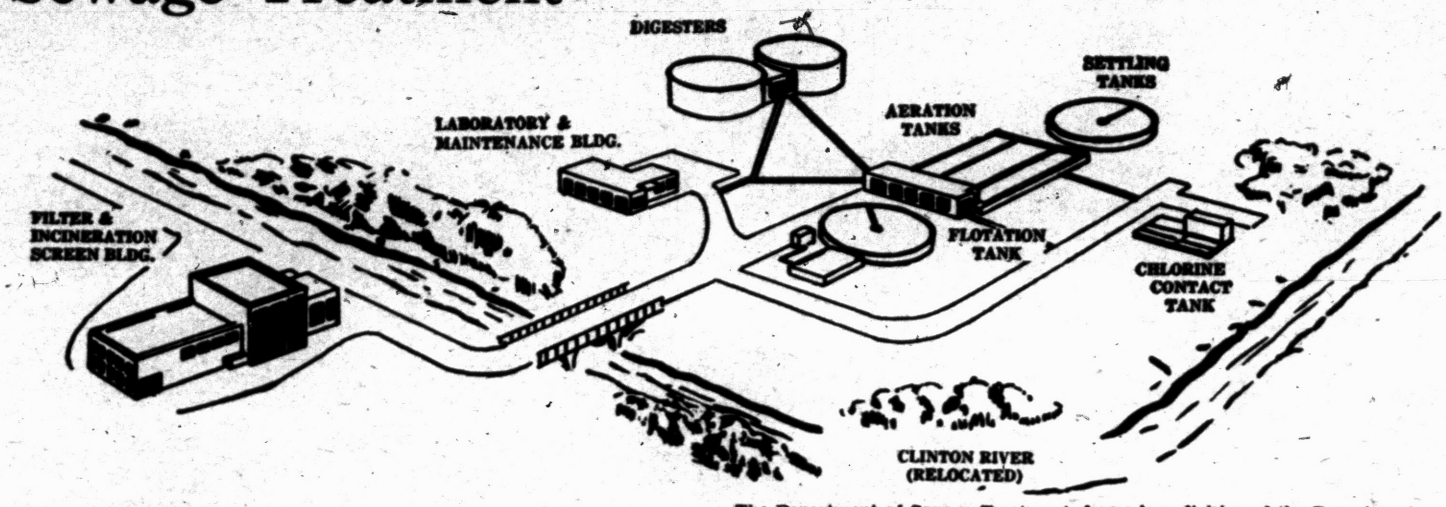

The North Oakland Library Project begun in 1957 expanded its operation. This program established jointly by Pontiac and the Michigan State Library makes available to area residents a wider selection of reader materials as well as increased Bookmobile Service. Library services continue to increase. Story Hour, Book Fairs, Book and Library talks, more Bookmobile Stops, and a summer reading club are but a few of the increasingly comprehensive services rendered by this vital cultural service.

Most important news for the year was approval of a new main library by the City Commission with planning to begin in 1959. The Commission pledged $200,00.00 from 1958 capital funds toward a total construction and equipping cost of $600,000. The new library is to be a central feature of the 1961 City Centennia.

Cemetery

In addition to the general maintenance and beautification of city cemeteries, employees of this department performed such regular duties as conducting grave-side or chapel services for 331 interments, and made excavations for the erection of 203 new memorials. Many major beautification projects in Oak Hill and Ottawa Park Cemeteries contributed to the serenity and loveliness of these final resting places. Over 1,500 stones were re-set in the realignment program at Oak Hill. At Ottawa Park an area enlargement program was begun.

Sewage Treatment

The Department of Sewage Treatment, formerly a division of the Department of Public Works, was re-organized as a separate department this year.

Present treatment facilities, while operating at capacity, are not able to properly treat the volume of waste being received. It was necessary to by-pass 72.2 million gallons of waste to the Clinton River either with partial or no treatment. This practice cannot be continued according to State Health Department directives.

A bond issue to increase treatment facilities failed by a narrow margin in November. Another bonding ssue will be placed before voters on April 6, 1959 asking them to provide funds with which to enlarge treatment facilities to adequately and properly handle the volume of waste being received.

Above is the proposed addition to the sewage treatment plant. It will provide a capacity of 5 million gallons per day and will provide sludge disposal for both the old and the new plants. It will remove all odors in the vicinity of the plant. All sludge will be incinerated and sterile ash will be the end product. Unsightly and open drying beds for sludge can be eliminated. It will make possible the installation of combined sewers to serve the eastern and northern sections of the city. With this new plant Pontiac will be in a position to provide capacity for industrial and residential growth.

Housing

During the year the local employment situation resulted in an appreciably lowered income as rents are based on total family incomes. Because of this an adjustment was made March 1, 1958 which put rents at $30.00 per month. Now operating costs including utilities are $40.00 per month and negotiations have been completed with all agencies providing public assistance to establish rents at this figure. During the year aluminum combination storm and screen doors were installed on all kitchen doors by contract at a cost of $12,655 for 358 units.

There still continues to be a waiting list of from one to three hundred families who are eligible and anxious to move into Lakeside homes.

There has been no change in the Commission: Karl A. Walter is Chairman, Vernon M. Page, Theodore E. Wiersema, Mrs. Harry F. Killian are Commissioners and Roy B. MacAfee is Executive Director.

Boards and Commissions

PLANNING COMMISSION
Philip E. Rowston*
