State to Hold Tax Hearings in City Thursday

Eastern Harbors Quiet as Strike Throttles Trade

Produce Rots on Docks; Westinghouse Stalled; Packard Faces Vote

NEW YORK (AP) — The teeming activity of Atlantic Coast ports stilled today in support of New York's defiant longshoremen.

The cost of the stoppages mounted swiftly and was estimated at a million dollars daily in the vast port of New York alone.

Perishables rotted on piers while dockers here carried their fight against authority into its seventh day.

Their action is aimed not at employers but at the Waterfront Commission created by New York and New Jersey to police the piers.

Overland carriers moved to embargo consignments for abroad headed here. Detroit's Chamber of Commerce, warning of costly prospective delays along the East Coast, urged Michigan manufacturers to use that city's shipping facilities.

The state trucking association advised 1,500 members to halt export shipments into New York, and the Assn. of American Railroads was to decide today on a possible similar move.

The general strike of longshoremen in all ports on the East and Gulf Coasts was ordered yesterday by the International Longshoremen's Assn. (Ind). The union claims 100,000 members.

Meanwhile, negotiators planned another meeting in an effort to end another major labor dispute, the strike of 43,000 CIO workers at 27 Westinghouse Electric Corp. plants in nine states.

Negotiators representing the company and the CIO International Union of Electrical Workers scheduled another session today in Pittsburgh.

In New York City service returned to normal on the Long Island Railroad after yesterday's slowdown. Federal mediators are attempting to settle the dispute which involves wages and hours, working conditions and some 250 grievances.

In Detroit, CIO-UAW officials Local 190, called a strike vote for Wednesday and Thursday among the local's 11,000 members at three Detroit area Packard plants. The Union, whose contract expires Sept. 30, is seeking the same benefits granted by other auto makers, including layoff pay.

A strike also threatened by some 19,000 employes of the Northwestern Bell Telephone Co. in Nebraska, Minnesota and Dakotas.

A special mediator continued efforts to end the strike by some 40,000 CIO-UAW members in International Harvester Co., plants in six states. The union struck three weeks ago. It seeks a layoff plan and other benefits.

MANY HANDS NEEDED — Pontiac Area United Fund staff worker Miss Barbara Nichols, of 88 N. Marshall St., sat amidst a battery of empty typewriters yesterday before they were moved to the UF's campaign headquarters now operating in the Hotel Pontiac. Volunteer workers are needed to man the machines to help get a mountain of work done before the annual campaign starts Oct. 11. Persons without office skills are also needed for work during any free hours they might have throughout the day. Volunteer by calling FE 5-9451.

It Happened in Lake Leelanau

Boy Missing After Youths Crack Up in Stolen Boats

LELAND (AP)—Three inboard runabouts, speeding in foggy darkness, crashed on Lake Leeanau last night, costing the life of one of five teen-age riders.

Sheriff Robert White said 13-year-old Robert Deo was presumed killed outright or drowned. The body has not been recovered. His four companions escaped injury.

The sheriff said the boats had been taken without permission from boat liveries.

The sheriff withheld their names as juveniles. Their ages range from 14 to 17. The sheriff said he planned to question the boys further to determine whether any charges should be brought against them.

All the boys are from Leland.

Sheriff White, after questioning the boys, pieced together this account of the accident.

The same five boys took out three boats without permission Sunday night and then decided to go for a longer ride last night.

About 9:30 last night, Eugene Bauer of the Standard Motor Co., went to a boat house to get some heaters. He noted two boats were missing.

He heard engines roaring on the lake, then abrupt silence. Bauer jumped into a boat and headed out into the lake. He came upon the scene of the accident 15 minutes later.

Two of the boats had been speeding in circles. Only one of them was lighted. The lighted craft struck the unlighted boat smashing through the side and hanging there. The third craft struck from the rear, knocking the two boats apart. Its lone operator sped between the two disabled boats and headed for home.

Robert Deo was missing from one of the disabled boats. His companions yelled for him but received no answer.

One of the disabled boats was in danger of sinking when Bauer arrived. The engine of the other boat would not start. Bauer rescued the boys and towed both boats to shore.

The searchers found debris and anchored it as a marker for later dragging operations. The accident occured midway in the lake about one fourth mile from either shore.

Robert is survived by his mother, Mrs. Edna Deo, home demonstration agent for Leelanau and Grand Traverse Counties, and a sister, Betty Lou. His father, Elmer Deo, former Leelanau County agricultural agent, died several years ago.

Pontiac Schools Attacked in Suit

City Education System Charged With Practice of Segregation

Pontiac attorney Milton R. Henry today filed a suit in Detroit Federal Court alleging that segregation is being practiced in the Pontiac public schools.

Henry claims the school board is violating two U. S. Supreme Court rulings ordering integration in public school systems.

The suit, started on behalf of Henry's daughter, Shannon, 6, by his wife, Marilyn, asking $1,000 damages from each of the seven local school board members.

The bill of complaint claims the board is putting Negro and white children in separate schools

Cobo Concedes 'Politics' Talks

Summerfield By-Passes Questions on Discussion With Detroit Mayor

FLINT (AP)—Postmaster General Summerfield and Detroit Mayor Albert E. Cobo conceded today that they talked politics at their informal get-together at Summerfield's home here last night.

* * *

But Cobo would not confirm or deny reports that he was seeking support form the Postmaster General or other influential Republican leaders in a campaign for governor.

"Frankly," said Cobo, "I wouldn't talk or dine with the Postmaster General and not talk politics.

"I don't think I should comment on what we discussed. It was friendly and interesting and I'm finding out things and listening. I have gone to other places, too."

Then he added:

OTHER CANDIDATES

"We talked about some other matters, but it was not about other Republican candidates."

The reference to "other Republican candidates" added to speculation over Cobo's candidacy.

Summerfield's only comment on the dinner party with Cobo was: "I had a social meeting with Mayor Cobo and there was some discussion of the general situation in Michigan."

State Republican Chairman John Feikens said he had not known of the Summerfield-Cobo powwow.

It also was reported that Summerfield, former Republican National Chairman, discussed the possibility of Cobo's attending the Republican Conference at Mackinac Island this weekend.

Clifford O'Sullivan of Port Huron, Republican national committeeman, already has invited Cobo to attend the meeting. As yet Cobo hasn't answered.

He was asked earlier this year by state Republican legislators to seek the GOP nomination for governor.

At that time he said he would make no decision before Jan. 1.

Big Head Problem

BURBANK, Calif. (AP)—A big head is keeping tackle George Nelson out of football scrimmages at Burbank High School. The 225-pounder needs a size 8¼ helmet. Coach Hamilton Lloyd says no local sporting goods stores can supply one. Until a manufacturer turns one out, Nelson sits on the bench.

German-Russian Talkfest Resulting in a Big Nothing

PARIS (INS)—An Agence France Presse dispatch from Moscow reports that Russia and West Germany have reached agreement on release of German prisoners and establishment of diplomatic relations between the two countries.

MOSCOW (INS) — Soviet and West German leaders met this afternoon in perhaps a final attempt to salvage something from the talks designed to improve relations between the two World War II enemies.

West German Chancellor Konrad Adenauer and Soviet Premier Nikolai Bulganin held a special, lengthy conference in the morning before the fourth plenary session got under way at 3:10 p. m. (7:10 a. m. Pontiac time.)

A West German spokesman said there was a "hard working atmosphere" in the private morning session, but otherwise did not indicate whether there was a break in the deadlock.

The conference that began last Friday has been deadlocked on Soviet insistence that full diplomatic relations be established prior to discussion of other questions, including the German request that German prisoners of war be freed.

Adenauer also had hoped to go home tomorrow with a Soviet promise to release the prisoners.

One diplomat — who declined to be quoted by name — said: "Adenauer has won this round hands down. He has not yielded an inch."

French 'Hatchet' Group Will Oust Moorish Sultan

Faure's Cabinet Plans Deposition of Ruler as Part of Reform

PARIS (AP) — Premier Edgar Faure's cabinet today named a four-man "hatchet committee" to depose Sultan Mohammed Ben Moulay Arafa as the first step in a reform program for Morocco.

The four ministers are to supervise the decision stated in a letter to the sultan from France's President Rene Coty. Coty promised the monarch an honorable exit and a generous financial annuity.

This was France's answer to terms set by the sultan in an earlier letter to Coty. He demanded a guarantee that pro-Nationalist former Sultan Mohammed Ben Youssef would not be restored to the throne. On this point, according government was vague, replying to reliable informants, the French merely that France has no intention of reestablishing Ben Youssef in power.

Moroccan Nationalists regard Ben Youssef, whom the French ousted and exiled two years ago, as the legitimate ruler and Moulay Arafa as an usurper. The French have promised the Nationalists to bring Ben Youssef from Madagascar to France, pending a final decision on his future.

The four men appointed by the cabinet are Vice Premier Gaston Palewski, Pierre July, minister for Tunisian and Moroccan affairs, Justice Minister Robert Schuman and Overseas Territories Minister Pierre-Henri Teitgen.

The plan to remove Moulay Arafa, replace him with a three-man regency and introduce new measures leading to more self-government for the protectorate was approved unanimously by the cabinet last night.

A spokesman for the Nationalist Istiqlal party in Morocco predicted today that Moulay Arafa would leave voluntarily before the end of the week, probably on Friday. His prediction was in contradiction to a flat statement from the Sultan's palace that he is determined to stay.

In addition to the removal of Moulay Arafa and the establishment of a regency, the Faure program provides for:

1. Appointment of a new Moroccan government representing the main political movements in the protectorate.

2. Negotiation of political, economic, strategic and cultural accords between the new Moroccan government and France.

3. Transfer of former Sultan Mohammed Ben Youssef from exile in Madagascar to France.

Pontiac Legislator Reports on State Hospital Problems

State Rep. Leslie H. Hudson (D-Pontiac) today summed up current problems at Pontiac State Hospital before a special Senate-House interim committee meeting in Lansing.

Hudson conducted a survey of the hospital last week as a member of the committee investigating what action is needed to provide better care for Michigan's mentally handicapped.

The lawmaker outlined a plan for making use of government wheat surpluses which might reduce institutional food expenses.

The representative reported on information gained in talks with doctors at University Hospital in Ann Arbor pointing up why the state's mentally deficient population has increased and will continue to do so.

He described how more mentally-ill persons might be housed at Pontiac State Hospital if better use of state tuberculosis sanitoriums is made.

The hospital does not complain because it is 22 per cent overcrowded, "but simply asks that enough staff members be added to handle the load," he explained.

Last year the institution requested 179 more attendant nurses, but was granted only 39, Hudson stated. Its staff of doctors and psychiatrists totals only half the desirable number, he added.

FIRE HAZARD INCREASED

Fire hazards and possibility of violence are increased at Pontiac State because of understaffed conditions, said Hudson.

"There are an average 47 patients in each of 66 wards," he stated. "Many wards are large with several partitions. Often one attendant must watch over a ward which covers two floors."

Campbell Takes Amateur Lead With Easy Win

RICHMOND, Va. (AP) — Bill Campbell, the tall West Virginian who captained the U.S. Walker Cup team last spring, paced the field into the third round of the National Amateur Golf Championship today with an easy 4 and 3 victory over William J. Rendleman in a neighborly match between two clubmates.

Campbell and Rendleman both play at the Guyan Country Club at Huntington, W. Va., but they're hardly in the same class as golfers.

Ed Meister, 38-year-old Clevelander who was a semifinalist in last year's Amateur, also matched par with Campbell for the front nine and closed out Keeley Grice Jr., of Charlotte, N.C., 4 and 3.

The best golf of the cloudy, cool morning turned up in a duel between Frank Souchak, 40-year-old former football star from Oakmont, Pa., and Don Albert, a young Marine lieutenant who was a semifinalist in the 1953 Amateur. Souchak shot a 34 on the front nine and had to sink a long putt on the ninth green to take a one up lead.

Will Announce Changes Made Following Study

Many Township Levies May Be Revised Due to Equalization Review

The State Tax Commission will hold hearings here Thursday on results of its Oakland County's 1955 tax equalization review which apparently will make numerous changes in the amounts various townships will pay.

The review stemmed from an appeal by Waterford Township claiming the township had been slated by the county to pay an unduly high percentage of taxes.

The state apparently has revised county figures "all around the horn," said County Corporation Counsel Harry J. Merritt.

A general revision would not change the overall amount the county will raise for 1955 taxes, but could change the percentage of the whole that individual townships will pay.

At the 11 a.m. meeting in the office building at 1 Lafayette St., supervisors will have a chance to show why the state's figures shouldn't be made final, said Merritt.

TAX SPREAD DELAYED

Spreading of taxes was held up pending the state's ruling on the appeal.

In filing the appeal, Waterford Supervisor Lloyd Anderson said, "The County Equalization Committee has given Waterford a higher equalizing factor than it should have in proportion to the rest of Oakland.

"We contend that unless the factor is reduced by the state, Waterford will be forced to pay a larger share of county taxes this year than it legitimately should.

"A jump of two points in the factor raises taxes $6 on a home assessed at $3,000," he added.

Partly Cloudy, Warm Weather Is Due Here

Partly cloudy and warmer is the weather outlook for this area tonight and tomorrow.

Wednesday's peak temperature is expected to climb to the mid-80's, following a predicted low of 55-59 tonight.

Fair skies were expected to push the mercury to near 80 today. The thermometer reading was 50 in downtown Pontiac at 8 a.m. today, after an early-morning low of 43. At 2 p.m., the temperature was 73.

Indians Offer Series Tickets

Will Accept Orders for Four Contests in Cleveland

CLEVELAND (INS)—The Cleveland Indians today announced that they are accepting orders for World Series tickets for four games scheduled to be played at the huge Cleveland stadium.

A Tribe spokesman said that deadline for ordering the ducats, limited to one set per application—a set is one ticket for each game to be played here—is Thursday, Sept. 15.

The following procedure was announced:

(1) Send your application to World Series office, Cleveland Stadium, Cleveland 14, Ohio.

(2) A check for $28 for reserved seats and $40 for box seats, plus $1 for handling charges, and a self-addressed stamped envelope should be included in each application.

(3) When ordering box seats, enclose two checks, one for $28 and the other for $12. In the event your box seat request cannot be honored, a reserved seat will be substituted and your $12 check returned. Orders will be filled by lot.

Seeley Released by Jackson Prison

MUSKEGON (AP) — Palmer Seeley, 55, former right-of-way buyer for the State Highway Department convicted of conspiracy in land deals here, was released from Southern Michigan Prison yesterday.

Seeley, of Grand Rapids, was sentenced June 18 last year. He has repaid the state $37,340 restitution on a court order since going to prison and his parole was recommended by the state.

Seeley paid $36,217 in a civil action covering alleged profits he made on land deals plus $1,222 for his care and maintenance in prison.

A suit started in Muskegon to collect care and maintenance was dropped when he paid the amount.

Window Cleaner Firms and Union Halt Negotiation

Negotiations to end a 12-day walkout by 15 window washers broke off shortly before noon today when the union business agent reportedly walked out after presenting contract demands to the owners of two Pontiac window cleaning firms.

Mrs. Robert Bradley, wife of the owner of the Service Window Cleaning Co., said Thomas Martino, business agent for Local 139, AFL Window Washers Union, presented the contract and said there would be no arbitration on it. He then left the conference in her husband's office, she said.

According to Mrs. Bradley, nine employes of the Pontiac Window Cleaning Co. and six employes of Service Window Cleaning walked off the job Sept. 1 and joined the union in Detroit.

Taking part in the negotiations were Bradley and Charles Caldwell, owner of Pontiac Window Cleaning. The employes are seeking pay boosts of approximately 20 cents an hour, plus 7½-cent per hour insurance benefits along with other fringe benefits, Mrs. Bradley said.

Meanwhile, Pontiac Police are continuing to investigate the smearing of tomatoes, lard and oil on the windows of the Pontiac State Bank over the weekend. It was reported that Caldwell washed the bank windows himself last week.

Reports Pay Increase for Sherman Employes

Improved employe benefits, in addition to a 10 cents an hour pay increase, for hourly workers of Sherman Products, Inc., Royal Oak manufacturer and distributor of excavating and earth-moving equipment for small tractors, is announced by W. A. Romain, president.

In addition to the pay boost, retroactive to July 1, the benefits include doubling employes' life insurance coverage, to $5,000, at no additional cost to the workers, two "half-day" paid holidays in addition to the regular six paid holidays, and three weeks' paid vacation for employes with 10 years' service.

Pontiac Man Admits Charge of Breakin

Thomas Humphries, 30, of 107½ N. Saginaw St., yesterday pleaded guilty to one charge and stood mute on a second before Oakland County Circuit Judge George B. Hartrick.

Humphries admitted breaking into Hart's Service Station at 188 S. Saginaw St., last Aug. 28. He will be sentenced for the offense Sept. 19.

He stood mute on a charge of stealing $110 worth of goods from a car in Pontiac Aug. 27. Judge Hartrick entered an innocent plea for him.

Charges Segregation in Pontiac Schools

(Continued From Page One)

in Pontiac. It ask a court order voiding such a districting system.

Specifically named is the new Lake Street elementary school. The suit asserts Negro youngsters are being forced to go there even when they live closer to schools attended by white children.

A hearing is set for Sept. 19 before Federal Judge Theodore Levin at which the school board will attempt to show why the suit's demands should not be granted.

Mrs. Mary Killian, Lake Street school principal, said "Right now we have just one white child enrolled here, but several more are scheduled to be transferred from Crofoot School because they are now in this district.

"Enrollment is determined strictly by district and boundary lines. Whoever lives in this district goes there to school regardless of race, creed or color."

Dr. Walter L. Godsell, a school board member, said, "It's always been the board's policy to put schools where they are most needed. The Lake Street school was put up to take the load off Bagley. There is no stipulation that only Negro children must attend it."

City Man Is Injured as Train Hits Car

Roy O. Louis, 33, of 599 California Ave., was treated for bruises yesterday and released from Pontiac General Hospital after his car was struck by a train at the railroad crossing at Franklin Road.

Patrolman Wayne Long of the Pontiac Police said the Grand Trunk train was traveling at about 10 m.p.h. when it struck Louis' car in the left rear.

Donald Fuller, 49, of Clarkston, engineer of the train, told police that it appeared that Louis was going to stop and then suddenly tried to beat the train. Fuller and the towerman at the crossing, said the flasher warning was operating.

Glen Cox, 52, of Berkley, charged with driving under the influence of liquor, was sentenced to 15 days in Oakland County Jail yesterday after he pleaded guilty in Berkley Municipal Court. He appeared before Judge Ralph H. Finley.

SQUEEZE PLAY — Sixteen-year-old John Eldred didn't mean to "park" his car in this awkward position in Indianapolis, Ind. He accidentally bypassed a "road closed" sign, and the car ended up wedged sideways in the ditch of a new storm sewer. Eldred squeezed unhurt from the car.

Shopping Site Annexation on Commission's Agenda

Whether or not any action will be taken on the matter, annexation of 145 acres of Bloomfield Township land is on the agenda for tonight's City Commission meeting.

Although one of the developers of a proposed shopping center on the site last week notified the city clerk's office that he would like the controversial matter withdrawn temporarily from the agenda, the item must be listed because of action two weeks ago.

At that meeting, following a stormy three-hour discussion by the developers and downtown merchants who opposed the annexation, the Commission tabled the matter for two weeks.

In other business, the Commission is scheduled to consider:

A report from the Public Housing Commission on bids received for the sale of $1,425,000 worth of temporary notes.

Engineer's estimate for sanitary sewer on Columbia avenue from Baldwin to Hollywood.

Resolution to receive special assessment roll for curb, gutter and drainage on Sylvan court from Orchard Lake to 50 feet west of Myra.

Request to drop Everett Lacey as partner in a package beer and wine (SDM) license at 340 Osmun St.

Application of Vernon J. Burch, 158 Baldwin Ave. for a new SDM license.

Request of a local beer distributor to change from a partnership to a corporation.

Report from the City Plan Commission on rezoning to commercial classification three lots at Kinney Rd. and Oakland Ave. and a resolution to accept a deed for alley in connection with the rezoning.

Estimate for a water main on Telegraph road from Orchard Lake to Golf.

Communications from an attorney asking reinstatement of licenses for two Saginaw street used auto parts establishments.

Public hearings are slated on intention to construct the following:

Concrete base, bituminous recap and sidewalk on Carlton court from Saginaw to east end of street.

Storm drain in Lakeside Subdivision and assessor's plat 101 on Terry, Parkview, Parkdale, Dresden, Hollywood and Woodland.

Another hearing is set for rezoning to residential 1 a parcel of land on the west side of Stanley avenue, north of Ypsilantia.

Junior High Pupil Hit by Automobile

A 14-year-old Lincoln Junior High student was in poor condition this morning at Pontiac General Hospital after he was struck by a car on his way home from school yesterday, according to Pontiac Police.

John J. King, son of Mr. and Mrs. John J. King of 105 E. Brooklyn Ave., suffered a skull fracture and a fractured leg when he was tossed 20 feet and rolled another six feet after being struck by the car, police said.

The driver, Robert D. Hobson, 20, of 1832 Parkdale Ave., told Police officers he was going north on Baldwin Avenue near Montcalm Street when King ran from between a parked car and in front of his. Hobson said he could not stop in time.

Ingham Prosecutor to Pay City Visit

Ingham County Prosecutor Charles E. Chamberlain will be in Pontiac tomorrow for a briefing on Oakland County's "off-the-record-court" for juvenile offenders.

He will meet with Chief Assistant Prosecutor George F. Taylor who has directed the unique court here for the past two years.

Chamberlain said last Saturday he is "very interested" in starting a similar system in Ingham County. The court allows young offenders a chance to successfully go through a probationary period as penalty for an offense without acquiring a criminal record.

Placed on Probation

Placed on two-year probation yesterday and assessed $100 court costs by Oakland County Circuit Judge Frank L. Doty, was Harvey Loven, 19, of 52 E. Lincoln, Royal Oak.

Loven admitted Sept. 9 attempting a breakin at the Bob Frost Co., 850 Woodward Ave., Aug. 25.

Divorce Cases Set New Mark During August

A sudden increase in divorce cases filed in August, setting an all-time monthly record for Pontiac, is a source of conjecture for officials at the Friend of the Court's office.

A total of 168 cases were filed, an increase of 46 over the same period last year. Previous record was in June, 1946, with 136 cases.

The previous record also was during a war period, when divorce rate is usually higher, said W. Cadman Prout, friend of the court.

Questioned as to the reason for the sudden rush for divorces, Prout said:

"Facetiously speaking, I think it might be the humidity and excessive heat. August set records for hot, humid weather. During such times tempers are short, and perhaps a number of people who were already at the 'boiling point' made the decision to act when the thermometer hit the high 90s."

"It's the only reason I can think of for the unusual increase."

Eight Plead Guilty to Vice Counts Here

Eight persons arrested Sunday by Pontiac Police detectives on vice charges all pleaded guilty yesterday when arraigned before Municipal Judge Maurice E. Finnegan.

Lewis Cummings, 28, paid a $100 fine for maintaining and operating a disorderly house at 265 Gillespie St.

For her part in the vice operations, Elizabeth A. Carpenter, 26, of 312 Fisher Ave., was sentenced to 15 days in Oakland County Jail.

The six persons arrested for loitering in the house paid $25 each. They were: Eddie Campbell, 52, of 211 Bassett St.; Henry Townsend, 32, of Auburn Heights; Donald Franks, 21, of Rochester; Lawrence Gamble, 32, of 221 Rockwell Ave.; Ivan Atkins, 27, of Rochester, and Roberta Jones, 21, of 380 Bagley St.

Hickory Grove Votes Push School Issue

BLOOMFIELD TOWNSHIP — Over half of the estimated 800 voters in the Hickory Grove School district turned out yesterday to push through a $550,000 bond issue for a new 8 classroom elementary school.

In the two-proposition ballot, a vote of 238 for and 185 against was cast for a six-mill increase to provide funds for purchase of the site and construction of the building; an additional three-mills for operating costs was approved by a vote of 248 to 181.

Dr. James Read, school board president, said it is hoped that construction will be started by the end of the year. The board holds an option on a 25 acre site on Lahser Road between Square Lake and Hickory Grove Roads.

"We are very pleased that the bond issue went over on our first attempt," said Read. "It will permit us to have a school before we have a crisis on our hands."

The present and only school in the district has four classrooms, serves 6th through eight graders. Some 180 children are attending the elementary school.

New Year to Begin at Sundown, Friday

Rosh Hashono, the Jewish New Year, will be observed in homes and synagogues throughout the world, beginning at sundown, Friday.

According to legend, this year's observance marks the beginning of the year, 5716, since the creation of the world. Jews do not make use of the Hebrew calendar on which this reckoning is based except for the timing of holidays and religious milestones.

Evening service for the New Year at Temple Beth Jacob will begin at 8:15 Friday evening. The morning service will be held at 10 o'clock on Saturday.

The children's service will begin at 2 p.m. of the same day.

Rabbi Sanford E. Saperstein will deliver the message at both services. The New Year's Eve sermon is entitled "Climbing Mountains." Saturday morning, Rabbi Saperstein will preach on "By the Skin of Our Teeth."

List 700 Measles Cases in Western Greenland

COPENHAGEN, Denmark (AP) — Seven hundred cases of measles have been reported in a new epidemic in the Holsteinborg settlement of West Greenland.

Almost half the settlement's inhabitants are bedridden — served by one doctor and nursed by half of the population still on its feet.

Greenlanders were hit by a serious outbreak of measles last year which caused several deaths. This year's outbreak is milder.

Alpena's Clerk Dies

ALPENA (AP)—Robert A. Davison, clerk of Alpena County since Jan. 1, 1930, died yesterday at the age of 74. He was a former president of the State Assn. of County Clerks.

Admits Drunk Driving

Herman Wilson, 32, of Keego Harbor, paid a $75 fine and $25 costs yesterday after he pleaded guilty to driving under the influence of liquor. He was arraigned before Sylvan Lake Justice Joseph J. Leavy.

Fined in Drunk Driving

Charged with drunk driving, Cecil Goines, 25, of Keego Harbor, paid a $50 fine and $25 costs after he pleaded guilty yesterday in Orion Township Justice Court. He appeared before Justice Helmar G. Stanaback.

Young Driver Is Fined

After pleading guilty to reckless driving yesterday, Robert Kinder, 17, of 85 Brooklyn Ave., paid a $25 fine and $25 costs. He appeared before Waterford Township Justice Willis D. Lefurgy.

Metropolitan Club Holds Meeting Here

Thirty-five members of Pontiac's Metropolitan Club Spirit 6 met last night and heard a report on the Metropolitan Club convention held last month.

The members also discussed plans for a possible civic function patterned after a "showboat" celebration held by the Chamber of Commerce in Chesney, Mich.

Further study of the proposed plan will probably be discussed at the club's next meeting scheduled for Oct. 3, club Vice-President Sgt. Walter A. Baerwolf said.

Couple Arrested in Girl's Death

Charge 2 With Abortion in Heiress Case; Duo Out on $5,000 Bail

PHILADELPHIA (AP)—The district attorney's office last night arrested the couple in whose apartment Mrs. Doris Jean Ostreicher died and accused them of criminal abortion.

* * *

Dist. Atty. Samuel Dash swore out warrants against Milton Schwartz and his wife Rosalie charging them with committing abortion resulting in the death of the Food Fair Stores heiress, and with conspiracy and perjury.

The Schwartzes were picked up at the West Philadelphia home of relatives and hustled off to City Hall for questioning.

They declined to answer any questions pending consultation with their attorney William A. Gray. Schwartz would only state his age — 48.

The Schwartzes were released on bail of $5,000 each, to appear at a hearing Thursday before Magistrate Elias Myers.

* * *

They will appear in the same small courtroom where Mrs. Gertrude Silver yesterday afternoon was found not competent to face charges of being an accessory to the death of her daughter.

Mrs. Silver was freed on $1,500 bail, with the recommendation that she be placed in a mental hospital until she is fit to face her accusers. Her attorney and physician agreed to the recommendation and said she would be placed in an institution soon.

Plane Carrying 4 Vanishes in West

LAKEPORT, Calif. (AP)—A ground and air search was to resume today for four young persons whose plane disappeared Sunday over mountainous forests about 120 miles north of San Francisco.

Air Force and Civil Air Patrol planes searched all day yesterday while rangers of the U.S. Forest Service covered on foot the area where the plane was believed to have gone down.

* * *

The missing:

Beverly Case, 22, daughter of the American Telephone & Telegraph Co.'s general financial supervisor, Frank H. Case.

Carol Hore, 22, daughter of E. Francis Hore, an executive of the Henry Hess Lumber Co. in San Rafael, Calif.

Charles Ise, 28, co-owner of the Monument Motor Co. of Concord, Calif., a son of Dr. John Ise, recently retired economics professor at the University of Kansas.

Paul Johns, 27, the pilot, of San Francisco.

The four-place Luscombe was reported late Sunday touching down at Fuller's Airport at Lake Pillsbury. But it departed without stopping and headed between two mountains.

Detroit Woman Dies After Holiday Accident

BLOOMFIELD HILLS — Police have been notified of the death of Mrs. Cecelia Braganiski, 68, of Detroit, following injuries she received when struck by a car while crossing Woodward Avenue on Labor Day.

The driver of the car, Homer L. Parker, 30, of Flint, was not held.

Her death Saturday raised the city's auto accident fatalities to three this year. Two of the victims were pedestrians.

Examination Demanded

Miguel Rodriguez, of 271 Going St., demanded examination yesterday when arraigned before Municipal Judge Maurice E. Finnegan on a charge of carrying a concealed weapon. He was released on a $100 personal bond to appear for trial Sept. 21.

Rita, Traveling Incognito, 'to Think About' Marriage

HOLLYWOOD (INS) — Rita Hayworth, reportedly disguised as Mrs. Average Housewife, is trying to make a secret jaunt to Europe today, apparently in the hope that the gay continental social whirl will help her "think over" her marriage to crooner Dick Haymes.

* * *

The screen beauty, her titian hair dyed black and traveling under an assumed name, slipped silently out of Hollywood by train for New York, leaving Haymes to sing the blues alone.

But a spokesman for the star said that before she left last Saturday, she instructed her attorney, Bartley Crum, not to file divorce proceedings against the sorrowful singer, at least for the present.

When she left him two weeks ago, Rita said she wanted to "think things over." Apparently she is still thinking.

With Rita on the surreptitious junket went her two daughters, Rebecca, 10, and Yasmin, 5. One report said Rita was wearing loose fitting clothes and was otherwise attempting to pose as just another woman, despite an entourage that includes a nurse and 20 pieces of luggage.

Special arrangements were reported being made in Washington to secure the members of the party passports as soon as possible so that they can leave for Europe before they are discovered in New York.

When Rita arrives in France, representatives of her former husband, Moslem Prince Aly Khan, will meet her and attempt to iron out details paving the way for Yasmin, Aly's daughter, to visit her grandfather, the endlessly wealthy Aga Khan.

Aly has been trying for some time to persuade Rita to permit the child to visit the Aga Khan. He even instituted court action to force her to comply with a divorce provision giving him the right to visit with Yasmin six weeks each year.

Haymes appeared calm over Rita's departure as he sang last night at the Cocoanut Grove of the Ambassador Hotel in Los Angeles and indicated he would not try to follow his wife. He has said repeatedly that he believes their marriage will be mended.

City Approves $130,000 Assessment on Parking

BIRMINGHAM — What could have dragged on interminably ended in just one hour last night when the City Commission, after hearing fairly mild opposition, approved the $130,000 assessments spread for financing the 223-car space parking lot on Pierce between Merrill and Brown Streets.

The $122,951.03 share to be paid by business property owners will be made in three equal payments over a two year span. The first is due immediately and the other two within a year of one another.

Of complaints registered, one was that the city should look to future business developments there and assess accordingly, rather than have existing businesses shoulder much of the burden.

Commissioners explained that the city charter, assessments must be spread on the basis of benefits to be received presently.

Another question answered was that, likewise, benefiting business property on the West side of Woodward will in all probability be assessed if a municipal parking lot is constructed east of Woodward.

"How can I get out of here?" asked Gerald Stamp, 1395 Holland Ave., as he was being led down to the Police Department from Municipal Court yesterday. With that, the 18-year-old prisoner rushed out the side door, escaping police minutes after he had been sentenced by Justice John J. Gafill to pay a $90 fine and $10 costs on a reckless driving charge.

In lieu of payment the youth was to spend 15 days in jail, where he was being taken. Not his first attempt to dodge justice, he was picked up Sunday for failure to reappear in court on Aug. 29. Gafill had postponed sentencing one week until Stamp tried to enter the service, but the youth then left town.

The original charge stemmed from a chase on which Stamp led police officers on Aug. 21. Another youth, Russell Clark, 17, of 288 George St. is still being sought.

The fall kick-off dinner meeting of the Birmingham Toastmasters Club gets under way at 6:45 tonight at the YMCA. Speakers will be James Beall, Robert Eastwood, Arthur Slemmons, Lloyd Smith and Dick Van Scholk.

This summer's national convention of the American Assn. of University Women, held in Los Angeles, will be the topic of discussion when Alice Beeman, AAUW state president, speaks before the local branch tomorrow.

Meeting at 2 p. m. at Cranbrook's Museum of Science, the group will hear similar talks by local members: Mrs. George Green, president; Mrs. Burley Laurimore, vice president and Mrs. Charles Shain, founder of the local branch.

* * *

Mrs. William Lomas, new president of the WSCS at Embury Methodist Church, will preside over the general meeting of the group at 2 p. m. tomorrow. A program has been planned by Mrs. Melvin Uppleger, assisted by Mrs. John Hutton and Mrs. Carl Honkaneu.

Mrs. Frank R. Alfred

Mrs. Frank H. (Maud B.) Alfred, 83, wide of the former president of the Pere Marquette Railroad, died Monday at her residence, 861 Henrietta. She was a member of the First Baptist Church here and a charter member of the Women's City Club, Detroit.

She is survived by one daughter, Mrs. Wilton W. Minto of Birmingham, and three grandchildren.

Service will be at 11 a. m. Thursday at Bell Chapel of the William R. Hamilton Co., with burial in Orlando, Fla.

Bag of Chips and Conscience Jails Ex-Con

A bag of potato chips and a guilty conscience has landed a 36-year-old Charleston, W. Va. ex-convict in Oakland County Circuit Court on a charge of breaking and entering during the nighttime.

It all began Saturday night when Joe Shelby Tincher walked into the county jail and surrendered to Sheriff Frank W. Irons.

Asked why he wanted to give himself up, Tincher told the sheriff he had broken into Earl's Market at 701 Orchard Lake Ave. Saturday.

Returned to the scene of the alleged crime, police discovered a window in a door had been smashed. One bag of potato chips was missing.

"I get the urge once in a while to do these things," Tincher told Irons.

Tincher told Detective Sgt. John Depauw of the Pontiac Police he was bothered by his conscience after he stole the bag of chips.

Municipal Judge Maurice E. Finnegan set a $2,000 bond on Tincher after he waived examination yesterday and was bound over to circuit court.

Water Sweeps Dirt Into Excavation Site

WASHINGTON (AP) — A water main burst with explosive force today dumping tons of earth into the excavation for the 22 million dollar new Senate Office Building.

* * *

Philip L. Roof of the Capitol architect's office estimated the burst ripped out 150 feet of sheet steel piling, pouring earth and water into the excavation. Roof said there had been no official estimate of the damage. Nor, he said, is it known yet whether the loss will be to the federal government, the city of Washington or to the contractors on the job.

Roof said no injuries had been reported as a result of the mishap. Police officers on the scene said the water main burst about 6:30 a.m. causing the earth fall with a roar which was heard for several blocks around. The main was located near the corner of Constitution Avenue and Shott's Alley, only a few feet from apartment houses.

* * *

The office building is to rise seven stories above the ground, providing additional office space for senators and senate committees.

Hurricane Hilda Imperils Florida

Storm's Present Path Leads to East Coast of Sunshine State

MIAMI, Fla. (AP) — Hurricane Hilda drifted toward the Bahamas today and offered a potential threat to the Florida east coast.

Hilda was only about 700 miles southeast of Miami, drifting toward the west-northwest at about 7 m.p.h.

This movement was expected to continue for the next few hours, with a gradual increase in size and intensity, the Weather Bureau said.

It was Hilda's potential path that put her in the spotlight. She was born yesterday about 840 miles east-southeast of Miami and 165 miles southeast of Turks Islands, at the eastern end of the Bahamas chain.

If Hilda moved fast enough to catch a low-pressure trough extending southward from Cape Hatteras, she would swing more to the north and away from Florida.

But if she misses the trough—and her slow pace indicated she might—she could head for the coast.

Pontiac Lawmaker Reports on Hospital

(Continued From Page One)

several food types are now allotted Pontiac State, said Hudson. "But wheat is our largest surplus and the hospital has received no flour from the government.

"If we could get a federal flour subsidy of four cents a day per patient in state operated institutions we could save $365,000 a year."

Sen. Patrick V. McNamara (D-Michigan) has said he will investigate the wheat-surplus idea at the federal level, Hudson stated.

Hudson said progress of medical science over the past 10 years is largely responsible for present overcrowding in mental institutions according to University Hospital doctors.

30 TB PATIENTS

The local hospital has 30 patients with tuberculosis, said Hudson. The men are kept in one ward and women in another.

"If they could be transferred to the State TB san at Traverse City, which has vacant beds, 59 more beds would be made available at Pontiac for mental care.

Addressing his remarks to State Superintendent of Education Clair L. Taylor, who attended the committee meeting, Hudson said, "There are 38 teenage youngsters at Pontiac State who have the ability to learn, but are not receiving any education whatever. Something should be done to educate all such youngsters in state institutions."

Final Action Slated on Sylvan Rezoning

Final action on a controversial proposal to rezone land on Orchard Lake road is expected at tomorrow night's Sylvan Lake City Council meeting, according to Mayor Anthony Kreps.

Opposition to the proposal, which would permit a lumber company to build a yard on Orchard Lake road, has sprung up from householders near the property in question.

Detroiter Imprisoned

Donald Shell, 20, of 5636 W. Warren, Detroit, yesterday was sentenced to one to ten years in Jackson state prison by Oakland County Circuit Judge Frank L. Doty.

Shell admitted Sept. 6 robbing a man of $9 and a wristwatch Aug. 15 in Ferndale.

Hyacinths Wreak Havoc in Africa

BRAZZAVILLE, French Equatorial Africa (AP)—A beautiful pale mauve flower in a bunch of green leaves has become a deadly threat to navigation on African rivers.

One day a year ago, people on the busy boats that ply the wide Congo River between Brazzaville and Leopoldville discovered the water hyacinth.

People put the flower into ponds. Natives cut them for sale on the market.

* * *

What started as an ornament has grown into a menace over a wide area of the Congo Basin. Ships are held up by giant floating islands, harbors and bays are clogged by flowery carpet, fishing grounds are blanketed.

Last month a floating island covering over 120 acres was blown by a strong wind into Bikoro Bay on Lake Tumba (Belgian Congo), while the villagers of the area were fishing. Scores of praus (native boats) were crushed and sank, others were pushed against the beach. Along the whole bay fishing became impossible.

* * *

The Congo Public Works Department hastily threw a giant net around the water hyacinths, while military detachments set out to collect smaller islands and destroy them before they grew unmanageable.

Despite this action, the pest is still spreading quickly.

The beauty of the flower adds to its danger. Natives and unwary Europeans still carry it with them upstream, to plant it in a garden or keep it in a bowl until the first rain of the season sweeps floating roots into the nearest creek, where the plant starts to proliferate.

* * *

The flower flourishes in the rice bowl of Indochina. It seems likely that someone coming to central Africa from Southeast Asia brought it to the Congo Basin.

French Equatorial authorities say a vast campaign to stamp it out or at least control it has just begun. The flow of goods over thousands of miles of river lanes in the heart of Africa depends on the success of this campaign.

Water hyacinths have long been a nuisance and a menace on the streams of Louisiana, Florida and other Southern states in America. Sen. Long and Rep. Willis (both D-La) are pushing a request to Congress for a two-million-dollar program to fight them with chemicals and by mechanical means.

The Case for Juvenile Decency

Arlington Has No Delinquency Headaches!

By JACK LOTTO
INS Staff Writer

In the revolutionary war, the minute men chased British redcoats through the streets of Arlington, Mass.

Two centuries later, the Bay State town of 50,000 inhabitants is proudly taking bows for its victory in another kind of fight.

* * *

The town has whipped the juvenile delinquency problem and has a "no delinquency" record hailed as the finest in the nation. It lies in the heart of greater Boston's 2,500,000 population, but bad boys keep out of Arlington. Police know the local boys, strangers are spotted instantly.

Most credit goes to Archie Bullock, former chief of police, who, in 1937, convinced a group of civic-minded townsmen put up their time and money to build the Arlington Boy's Club. They organized fully equipped baseball and hockey teams, a rifle club, classes in magic and an orchestra for free Friday night dances.

Today, there are no boy gangs or girl juveniles in Arlington.

"Baseball teams are our biggest asset," said Bullock. "It teaches boys a spirit of fair play and teaches them to abide by the rules."

WELL EQUIPPED

More than 2,000 belong to the club, which has a large gym, game rooms, library, a room for arts and crafts. The senior room has a pool table and card tables.

The police department operates 16 fully equipped baseball teams. All boys in town get a chance to try out. Those chosen get uniforms, bats, gloves, etc.

"Another thing about Arlington. We never take a boy to court for his first offense, unless it involves sex. We try to rehabilitate the boy, let him earn money to repay any damage, but we have to educate a lot of parents too," chief Bullock says.

Louis G. Maglio, director of the citizenship training group, declared court records show that "boys who are actively engaged in wholesome and constructive activities seldom become involved with the law."

* * *

Judge John J. Connelly of the Boston Juvenile Court said he handles an average of 1,500 cases a year but "seldom, if ever, do members of Boy Scout troops appear as delinquents before my court."

WEST COAST PICTURE

On the West Coast, Los Angeles, with a youth population of 40 times that of Arlington, has thrown more than 500 playgrounds, recreation centers and clubhouses into the battle to stem delinquency.

While official figures show that the police department last year handled 113,354 reports on boys and 14,994 reports on girls, experts say the Hollywood YMCA is doing an exceptionally good job of prevention work.

There is no set program in dealing with the kids as each boy's problem is considered unique and handled accordingly. The main problem is to gain the boys' confidence. Once that is accepted, the counsellors act as sort of "substitute fathers" to them.

LOS INDIOS CLUB

William Fredrickson, Jr., superintendent of recreation for Los Angeles, described the Los Indios Boys Club as "an outstanding example of success in the fight against juvenile delinquency."

Nearly half of the club's 40 members have appeared before juvenile authorities before joining the club.

The club's manager, Ben Ornelaz, said most of the boys come from broken or unstable homes where they feel neglected.

"It's my job," he declared, "to make them feel that they are not forgotten and that somebody does care about them and what they do."

Ornelaz feels this can best be accomplished by "building up their ego by allowing them to assume leadership of the club."

MEET WEEKLY

The boys, aged 16 to 21, meet every Thursday at the Benedict playground — one of the 100 operated by the city — and make plans for picnics, dances, excursions to nearby points of interest, camping trips and sporting events.

Ornelaz believes the size of the club is an important factor for it's success. The small membership enables him to give greater attention to the individual problems.

The boys, mostly of Mexican descent, all come from the "last chance areas" of the city where the delinquency rate is the highest. They lean on him for advice and guidance for problems which go far beyond the club's activities.

SUNAKAWA VILLAGE, Japan (AP) — Nearly 2,000 tough but well-disciplined Japanese police today smashed a leftist union demonstration against American air base expansion.

* * *

The stocky, young denim-clad policemen had armored cars, tear gas and fire hoses ready if necessary. But they did not use even their clubs and steel helmets as they waded barehanded into chanting, yelling lines of 4,000 angry Sunakawa villagers and union supporters from nearby Tokyo.

At least 74 were injured on both sides in a series of jarring clashes. The police held almost complete possession of the field.

APPROVES JET BASE

The incident was touched off by the Japanese government's latest attempt to start surveying Sunakawa farmland for extension of jet runways for the huge American air base at adjoining Tachikawa.

The police victory was enough to allow a symbolic peg driving by the surveyers, but no real survey was possible as the embattled thousands surged back and forth across the fields all day.

The lengthening of Tachikawa's runways to handle new-type atom bomb carriers is the first of five such scheduled air base expansions.

The extensions are violently opposed by anti-American, pro-Communist union leaders and politicians, as well as by more or less nonpolitical farmers embittered by loss of their ancestral lands.

No Americans were involved in today's dispute.

Americans Buy Health

NEW YORK — The number of persons in the United States holding hospital-expense insurance has increased nearly three times since 1945. Fewer than 28,000,000 workers and their dependents were covered then compared with more than 75,000,000 at the start of 1955.

Racial Barriers Down in D.C.

Negro, White Students Launch Second Year of Integration Plan

WASHINGTON (AP) — A second year of desegregation has begun in public schools of the nation's capital.

* * *

Racial barriers are almost completely down for the 106,000 pupils involved, though the problems arising from the mixing of white and Negro youngsters are not all solved.

Washington was the first big city to start complete integration in obedience to the May 1954 Supreme Court ruling that segregation in public schools is unconstitutional. It acted before the court issued its formal decree.

* * *

Now, 12 months after children of the two races began attending classes together, both white and Negro pupils are starting the new semester in virtually all the 163 public schools in the District of Columbia. Some schools, depending on neighborhood remain largely Negro or white.

How is this "social revolution," as it's often been called, working out?

Mostly, the new order is being taken for granted by parents and pupils alike — with no public sign of the uneasiness that sparked short-lived strikes by groups of white pupil in nine junior and senior high schools early in the 1954-55 term.

* * *

School by school, the situation varies. In some, mainly in higher-income neighborhoods, integration has caused barely a ripple. In one school where less than one third of the pupils are colored, a Negro woman has been elected president of the Parent-Teacher Assn.

In other schools, however, authorities report an increase in such problems as truancy, misbehavior and poor classwork.

School Supt. Hobart M. Corning insisted high standards have been maintained in the schools. At the same time he ordered a stepping up in remedial teaching and other measures to bring lagging pupils nearer par.

* * *

As the new school year opened, the Washington Star made an exhaustive study of the whole picture and concluded, "Integration has worked much more smoothly than expected . . . Many of the problems have turned out less difficult than they were imagined originally."

Angel of Dien Bien Phu to Study Rehabilitation

NEW YORK (AP) — Genevieve de Galard Terraube, the French nurse who was feted across the country last year for her valor at Dien Bien Phu, has returned here to study rehabilitation of wounded veterans. She will study at the Institute of Physical Medicine and Rehabilitation, a part of New York University-Bellevue Medical Center.

She said she accepted an invitation to study at the institute, issued during her tour last year, "so that I can return to France to help disabled veterans there."

Tripower Parley Fails to End Cyprus Dispute

Failure of the Anglo-Greek-Turkish conference in London to find a solution of the touchy Cyprus issue was no surprise.

Neither were the anti-Greek riots in Turkey nor the anti-Turk riots in Greece, which may have been fomented by Communists. In a futile effort to resolve the deadlock in which the nine day parley ended, Britain had offered the 500,000 Cypriots a greater measure of self-government and hope of ultimate self-determination.

★ ★ ★

This satisfied neither Turkey nor Greece, however, but the parley did bring the Turkish position into the open. Premier Menderes made it clear that his government wanted no change in the island's political status. This attitude is understandable in view of the fact that 100,000 of the Cypriots are Turks and that Cyprus is nearer to Turkey than to Greece.

★ ★ ★

The position of Greece, which never owned Cyprus, is that the island should be transferred from British to Greek rule because a majority of the natives are Orthodox in religion and Greek in language, if not race.

All this seems to mean that until further developments Cyprus with its great military base will remain British. That base, of course, is of vital interest to the free world because of the shaky nature of the peace prevailing in the Middle East.

★ ★ ★

What the next step will be is anyone's guess. One possibility is that Athens will carry the issue to the United Nations General Assembly later this month. Meanwhile, it is to be hoped that wise leadership will regain the upper hand and that peace menacing riots will cease.

Harry S. Toy

Michigan and its Republican party have lost a brilliant battler against political bossism and criminal gangsterism in the untimely death of Harry S. Toy.

A native of West Virginia and a former resident of Orchard Lake, Toy came to Detroit at the age of 18 to make a career for himself. He worked his way through the Detroit College of Law and first came to public attention as Wayne County Prosecutor, a post he held for two years.

★ ★ ★

In that office he waged a tough and successful battle to rid Detroit gangsters in the era climaxed by the Jerry Buckley murder. His next service was as State attorney general to which he was elected in 1934. In that capacity Toy earned the displeasure of some politicians.

A year later he was appointed to a State supreme court vacancy by the late Gov. Frank D. Fitzgerald. In some circles this appointment was viewed as a maneuver to end his career as the State's chief law enforcement officer.

★ ★ ★

In 1937 Toy resigned from the supreme court to launch his unsuccessful campaign for the 1938 GOP gubernatorial nomination. His last public office was that of Detroit's police commissioner which he held from 1947 to 1950. At the time of his last illness, however, he was planning to enter next year's GOP gubernatorial contest.

Harry S. Toy was a man of ability and integrity. As a public official he served faithfully and well. His death is a loss to all the people of the State.

National Home Week

Deserved tribute is being paid the Nation's home building industry in the observance of the period September 10 to 18 as National Home Week.

As Gov. Williams pointed out in his proclamation endorsing State observance, the industry has done much to make America a nation of home owners by providing more and better houses. In so doing, of course, it has created an enormous demand for the materials and services essential to home building.

The effect of all this can be measured in the increased ratio of home ownership in the United States. Seven years ago, in 1948, some 18,500,000 American families owned their own homes. Today that number has increased by one-third to 25,000,000 of our 48,000,000 families.

A considerable share of the credit for the stabilizing effect of this increase on our economic and social structures belongs to the housing industry.

David Lawrence Says:

Democratic Investigating Committees May Unwittingly Vindicate McCarthy

WASHINGTON—Out of the oblivion, temporary or otherwise, to which the opponents of Senator McCarthy have consigned him, the Wisconsin senator may yet emerge vindicated, and the Democratic congressional investigating committees may perform that unintended service for him.

* * *

Thus in the last few days the Senate Subcommittee on Constitutional Rights—a part of the Senate Judiciary Committee—has taken it upon itself to interfere with the operation of the security system as handled by the Executive branch of the government.

Although the committee itself has not met, its special counsel has issued a demand upon the Civil Service Commission for information which, by every standard of measurement, has always been confidential and probably always will be.

Anyway, when Senator McCarthy asked for similar security information from the Department of the Army in the handling of the Zwicker case, he was told in unequivocal terms that he was encroaching on the powers of the Executive. A wave of denunciatory criticism came from the "Left Wing" at the time—mostly Democrats.

HOCKER LETTER

No action by the full committee directing the sending of the recent letter to the Civil Service Commission has been revealed, yet the newspapers are permitted to infer that the committee itself has taken the step because Lon Hocker, special counsel, made public his letter to the commission which says:

"We request that you prepare a report for use of the subcommittee in connection with its hearings next month on the handling of all cases in which unfitness for government employment has been determined by the Civil Service Commission in whole or in part through relationship by blood or marriage with some other person."

Here is an evident attempt to publicize all security cases. If the Civil Service Commission acceded to the request, it would be in the position of placing a stigma publicly on all such individuals, whether or not the employe or applicant was cleared. Then, when the cases came out into the open, the Commission would be blamed for damaging the reputation of government employes.

GUILT BY KINSHIP

Senator Hennings of Missouri, Democrat, who is chairman of the subcommittee, has announced that it will go into the controversial question of "guilt by kinship" at future hearings. He says that branding government workers as security risks either because of association with their parents or with certain groups appears to violate constitutional rights of peaceable assembly.

Here, therefore, is an instance of where a committee chairman makes a blanket charge against the Executive branch of the government without examining all the facts in the case and without taking into account the historic right of the Executive branch—affirmed by the Supreme Court—to hire or fire employes at will unless Congress by law states specific grounds for removal.

The basic principle in use today by the departments of the government, as set forth in the President's Executive Order, is that a person who might be subjected to pressure by enemy agents may or may not be a security risk and that the facts in each case have to be examined separately and judgment rendered after taking into account all types of information.

An individual may seem to be loyal but, if his associations may provide a risk to the government, the custom has been for the Executive branch to decide whether it wishes to continue the employe.

If the Democrats are going to take in the next campaign the side of the argument which says associations shall be ignored and membership in Communist organizations by members of the family of a prospective government employe shall also be ignored, then the American people will have another reason to ask themselves whether the Democrats, in the event they are returned to power, are again going to be "soft on Communists."

* * *

It looks as if the anti-Communist issue is slowly coming back into partisan politics.

Country-Born Readers Recall Real Wheat Taste

By WILLIAM BRADY, M.D.

The important cereal crop of a given region is called corn, says Webster, whether it happens to be wheat, as in England, or oats, as in Ireland and Scotland. In the United States and Australia corn generally means only Indian corn, otherwise known as maize.

* * *

It seems paradoxical, yet typical of Yankee indifference concerning food and health, that although wheat is America's important cereal, scarcely one in a hundred Americans knows good wheat when he sees it and not one in a thousand knows how to use wheat in the everyday diet and not one in ten thousand knows how good it is to chew in place of gum or tobacco.

Preparation of wheat for use as a staple of the diet requires a little knowhow such as you can get from the best of all cook books, Adelle Davis's Let's Cook It Right, published by Harcourt Brace, New York, $3.

To help stretch the food dollar, it says on the book's jacket, Miss Davis makes innumerable suggestions for buying wisely . . . and one of the best suggestions is how to make plain wheat popular in any family.

CHEW WHEAT

A good way to get acquainted with plain wheat, if you have acquired a vague notion that the grain as it comes from the thresher is fit only for poultry feed, is to chew a mouthful. Many readers who were raised in the country write nostalgically about how they used to enjoy this when they had teeth!

* * *

In Little Lesson 16, the 7 Keys to Vite, available for 35 cents free from stickum and goo, and stamped envelope bearing your address, I describe the pattern health, protective, corrective, regeneration diet, on which to build your own everyday diet. I have such a diet in mind when I say no medicine is required to prevent or cure the rheumatiz.

Even wishy-washy persons who haven't sufficient personality or character to buy a pound or a peck of plain wheat and restoring the real staff of life to their daily diet in place of at least half the refined white flour consumed every day do not require any medicine, but only a suitable daily ration of calcium, sunshine vitamin D, vitamin B complex and iodine to supplement the diet.

All of this applies to the diet of growing children as well as to the diet of mature adults.

BOOKLETS LISTED

Besides the Vite booklet and the regeneration diet these pamphlets should be especially helpful to any one who wishes to retard or prevent physical degeneration and stave off the rheumatiz:

Calcium and Rheumatiz
Wheat to Eat
Young Folks and Old Folks
The Iodine Ration

For any one pamphlet send a dime, name the one you want and inclose stamped, self-addressed envelope.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

Sylvan Ordinance Issue Brings Readers' Ideas

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature

The citizens of Sylvan Lake are arguing over whether their city council has the moral right to strip the community of its protective zoning ordinance. These zoning regulations are the only means whereby home owners can be assured that the money they invest can be safeguarded.

Without strong zoning ordinances, a home owner in a residential community is at the mercy of any business or industrial pressure group. He may suddenly find the nice residential area he chose to live in rubbing elbows with a stamping plant, junk yard, or lumber yard. Admittedly, these types of industry are necessary and there is a definite place for them, but that place is not in a community of homes.

Statements by the opposition that the proposed lumber yard would not lower residential values are not true. A little thought will convince anyone that residential property is not enhanced by being adjacent to such an establishment, particularly one in the millwork business.

This is the basic issue involved and it is time for the citizens to act. This they can do by joining the Sylvan Lake Citizens Committee and attending the City Council meeting at the City Hall Wednesday, Sept. 14, at 8 p.m, to express their opposition to this proposed plan.

A. C. Monteith
Sylvan Lake
Citizens Committee
2214 Avondale

Recently a spokesman for the Sylvan Lake City Council stated that there just wasn't any land available for industry in Sylvan Lake. This comment indicates a mistaken impression that railroad sidestracks are essential for industry. That idea became obsolete with the coming of the automobile. Living in the center of motor car and truck manufacturing, we see evidence to the contrary every day.

The piece of land now proposed for a lumber yard was zoned for residential use when the original zoning ordinance was adopted in September, 1942. Subsequently zoned for retail business, it is now proposed to permit wholesale and/or retail lumber business and railroad side tracks there and in any part of the city zoned for business.

The City Council can rezone to business or industrial use any part of the area now zoned residential. Such action would be capricious, arbitrary and contrary to the will of the people, but so is the proposed amendment rezoning the entire business district to permit lumber and millwork which is classified by all zoning authorities as manufacturing or industrial. Where will this rezoning stop and will Sylvan Lake be just another factory town in another 10 years?

Dems, GOP Should Tell How Their Parties Differ

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Do you know why you're a Democrat or a Republican—at least to the point of saying precisely what makes the two parties truly different?

* * *

This doesn't apply to the independent voter who shifts from election to election, making his choice on individuals and issues, but to the voter who regularly votes a Democratic or Republican ticket.

In a 2,500-word talk last Saturday in Denver to the 48 Republican state chairmen, President Eisenhower attempted to explain why Republicans should be able to go out with fervor to line up new recruits for the party.

The President said a political party should be held together by a common faith, a common conviction. The Republicans, he said, should be held together by a "cause."

* * *

He said: "Just remember the cause for which you are working is to make certain that government is to do for the people those things which they cannot do for themselves, or so well do, but we are not going to interfere with those things which are the proper province of the individual."

RENEWED THEME

This was a return to the Republicans' theme in the 1952 elections when, among other things, they complained there was too much government interference under the Democrats.

* * *

Democrats, reading Eisenhower's remarks, may feel he wasn't very precise. They'd probably argue: "We're as much against unnecessary government interference as the Republicans."

As evidence that the final judges—the people themselves—don't think the Democrats interfere too much, the latter might point to the 1954 elections in which the Democrats were returned to control of Congress.

A person watching both parties from a distance—across the oceans or the borders — must often be puzzled by what the Democrats and Republicans claim are their differences.

It would be helpful to the voters in the 1956 elections if Democrats and Republicans explained in precise and unmistakable terms what they claim makes them different even though, to a foreigner, they might still look like twins.

Case Records of a Psychologist

Deaf Children and Those Who Hear Merely Learn With Different Symbols

Supt. McClure stood at my right and interpreted by the sign language when I recently addressed the 450 students at the Tennessee School for the Deaf. He asked me to stress the same things which hearing students need during high school, as shown below.

By DR. GEORGE W. CRANE

Case P-338: William J. McClure, aged about 35, is the capable superintendent of the Tennessee School for the Deaf.

* * *

"Dr. Crane, I wish you could come out to our school and talk to our students" he said when I was in Knoxville on my last lecture tour.

"We have boys and girls from first grade through high school, and encounter many of the current problems of teenagers.

"For example, some of our high school boys want to quit school and get jobs because they can make pretty good money nowadays.

* * *

"So we wish you could stress the value of their staying in school till they receive their diplomas."

SIGN LANGUAGE

For five years I worked with the deaf under auspices of the National Research Council and the Carnegie Institution of Washington, D. C.

* * *

And for three of those years I was stationed in Washington where I spent most of my time at Gallaudet College for the deaf, the only such institution in the world.

So I gladly accepted Supt. McClure's gracious invitation. As I mounted the platform to face the 450 deaf students, plus the faculty, he stood a few feet on my right in order to interpret.

For I do not know enough of the sign language to speak therein. I simply gave my typical address for high schoolers, and he kept just a sentence behind my spoken words, for in the sign language you can convey ideas at normal speaking rate.

When I would tell a joke, maybe 25 people would laugh, for they were the teachers and other members of the staff who could hear.

* * *

In about 10 seconds, for Supt. McClure lagged a sentence behind

me, the 450 deaf students would laugh.

Since I had experienced this situation many times at Gallaudet College, it did not disturb me, but many new speakers before the deaf get a surprise if they tell a joke and only a dozen people laugh.

DELAYED REACTION

"That joke didn't go across very well," they may think to themselves. But about 10 seconds later, the whole audience may break out in laughter.

* * *

Great strides have been made in the training of the deaf. While sign language is used in ordinary conversation, because it is so fast, the manual alphabet, spelled on one hand, is the more precise method in science classes.

Lip-reading is likewise employed as a great aid, and sound amplification is often used to add a third dimension to lip-reading and also benefit these who have even a small percentage of residual hearing intact.

There is nothing wrong with the IQ of deaf students, for they are often brilliant, but they simply must utilize a different set of symbols than normally hearing children employ.

Apropos of Supt. McClure's suggestion, I stressed the fact that a high school diploma is worth $10,000 to a person as job insurance during his 50 working years after graduation.

ASK FOR GRADS

When 100 people apply for a job and the factory needs only 10, the first method for weeding out the unfit is to ask:

"How many of you are high school graduates?" If 50 are not, they are tactfully ushered out.

* * *

"How many of you are college men or women?" is usually the second query, and this weeds out maybe 25 more. The remaining 25 are then given various tests.

So a high school diploma and at least one year of college get you over the first two hurdles in seeking good jobs.

New Pipeline Work Begins

Added Natural Gas to Be Brought to Detroit Area by Summer

DETROIT (AP) — Workmen in Ypsilanti and Louisiana began simultaneously yesterday to lay a new, 1,000-mile pipeline that should bring added natural gas to the Detroit area by next summer.

* * *

The pipeline will extend from Michigan to the Tideland Gas fields off the Gulf of Mexico. It's a $500,000,000 project, expected to provide enough natural gas to permit the addition of 78,000 gas-fired home furnaces in the state.

Construction began at Ford Lake, near Ypsilanti, and at the other end in Louisiana, where workmen lowered sections of pipe into ditches.

Henry Fink, president of American-Louisiana Pipeline Co., builders of the line, said the pipeline will ultimately provide enough natural gas to supply the needs of the Detroit area.

He predicted 65 per cent of Detroit area homes will use natural gas for heating purposes in the future.

American-Louisiana will sell the gas to Michigan Consolidated Gas Co. and the Michigan-Wisconsin Pipeline Co.

The First American Schoolbook

Reading is a key to the treasure houses of the world. Books have something for everyone — travel, adventure, nature, history, all sorts of fascinating things.

You're lucky, you have thousands and thousands of books to choose from. A hundred years ago only a few books were brought out each year.

Paper was scarce and cost a great deal until the early 1800s. It had to be used sparingly. The first lessons of young children were written on a sheet of paper and pasted on a board with a handle. ... ...

The board was covered with a thin piece of clear horn to protect the paper. The child could read through the horn. On the paper was usually the alphabet, the Benediction, the Lord's Prayer and Roman numerals.

The handles of many hornbooks had holes in them so young students could wear them around their necks. The hornbooks were used in English schools and brought over with the colonists as the first American schoolbook.

To make your hornbook paste this page on cereal box cardboard. Color the back, handle and the edge brown like wood. Make the nails yellow, the center blue. Paste on it some poem or story you like to read or want to learn. Cut it out and put a string through the hole in the handle. Now, there you have a hornbook.

French Police Conclude Raids on Algerian Reds

ALGIERS, Algeria (AP) —French police early today concluded searches of Communist party headquarters throughout Algeria. Piles of documents were seized and carted off for study by the security services. Communist newspapers were also raided.

The action coincided with publication in the official journal in Paris of the recent French decree outlawing the Algerian Communist party and all its affiliates.

Oak Park, Southfield Pass Bond Issues Totaling $8,000,000

Plan to Build, Add to Schools

Allot $3,500,000 for Southfield; Oak Park Designates $4,500,000

OAK PARK — Oak Park voted 1,135 to 96, for a 30-year $4,500,000 school bond issue Monday night.

* * *

The money will be used for the building of a 14 room elementary school and one other elementary school; 11 classroom additions to Dewey School; a classroom wing addition and gym-auditorium to the high school, plus two other sites for additional buildings.

Oak Park will also enlarge the office space on Kipling for special education, administrative offices and a receiving and maintenance department.

Present facilities at Oak Park are so crowded that kindergartens are operating on a three-session-a-day basis.

CARRIES AT SOUTHFIELD

In spite of light voting, Southfield Township voted 1,142 to 294 in favor of the $3,500,000 school bond issue Monday night.

The money the school board has asked for will provide additions to three schools; complete the Nine Mile School as a junior high school; build another elementary school; a community high school swimming pool; buy six to eight new sites; continue improvements on present schools and provide equipment for the new classrooms.

The Southfield School Board has promised reduced school taxes for December, 1955.

Jap Beetle Is Active in One County Area

Farmington Township in Oakland County still is infested with Japanese beetles, State Agricultural officials report, although the beetles in Michigan in general are on the run.

Results of a large scale trapping operation to determine the spread of the pest shows that beetles remain only in Oakland County, Niles, and Lansing.

Last year some 1,400 acres were sprayed by air and the only areas to be sprayed from airplanes this year are 80 acres in Niles, 388 in Lansing, and 140 in Farmington Township.

Under the eradication program, cities, townships, and counties pay the cost of the insecticide. The state provides manpower and the federal government provides planes for spraying.

* * *

The bride wearing a princess style gown of pure silk taffeta with yoke and sleeves of rose pointe lace, presented a bouquet of white lillies at the Altar of the Blessed Virgin. The illusion veil was caught up with a cap of nylon tulle leaves and seed pearls imported from Paris, France.

The white prayer book was adorned with a white orchid and blue tinted stephanotis, ivy, and pearl streamers. The bride's only jewlery was a necklace and earrings of cultured pearls, gift of the groom.

Dr. Donita Sullivan, sister of the groom, and Arleen Block attended the bride.

Attending the groom were Robert Johnson, brother of the bride and Derrill Schneeberger. Seating the guests were Don Sullivan, brother of the groom, Don Rolph and Louis Zimmerman, Gary Sullivan, nephew of the groom was ring bearer.

* * *

Breakfast and reception immediately followed in the American Legion Hall, with approximately 150 guests in attendance.

After a honeymoon in North Carolina, the newlyweds will reside in Mt. Pleasant where both will receive Bachelor degrees and teaching certificates at Central Michigan College in June.

Three Specialists Teach Students in Walled Lake

WALLED LAKE — Walled Lake schools will have the services of several specialists which were not available in previous years, teachers learned recently.

Among these are a visiting teacher, a speech correctionist, and a teacher who will assist the mentally handicapped.

The visiting teacher, Jack Simonton, will work with students who have not made adequate personal or social adjustments. He will have the help of the classroom teachers, the administration, the school nurse, and the facilities of various community agencies to assist him in discovering the cause of the difficulty and in finding a solution for the pupils' problems.

The speech correctionist, Marilyn Snyder, will visit each elementary school weekly, hold classes and give individual instruction to students who have a definite speech defect. Some time will also be spent with parents so that exercises and instructions begun at school may be continued in the home.

Until a new elementary unit is built, the mentally retarded will remain in their regular classrooms. Teacher Myrtle Wierenga will aid other teachers in planning courses of instruction for the youngsters, who though mentally retarded, may become socially competent and able to take care of themselves in the future.

A committee will be organized in each building to find the students who need the help which is available through the services of a special teacher. The program is planned to adapt learning which will help each child.

Williams to Balk on Speed Law

May Avoid Suggesting Drivers' Highway Pace at Legislative Session

LANSING (AP)—Gov. Williams indicated today he may dodge recommending a controversial highway speed limit for Michigan when he calls the legislature into special session next month.

* * *

He told newsmen that he may suggest a study committee be created to consider whether Michigan should abandon its long-standing unlimited speed policy for general highway driving.

Williams said he feared the question of establishing a speed limit was so controversial that it would disrupt the special session he plans for about Oct. 25.

He said he would have a tentative program of highway safety legislation ready this weekend and would mail a summary of it to legislators, law enforcement officials and others interested. He declined to speculate what might be included in the plan.

The governor said he expected to spend most of the following week or 10 days conferring with law enforcement officials and others to obtain their views on his program.

* * *

He said he expects to use the first three weeks of October shaping a program of expanded care for mentally retarded children. This also will be submitted to the legislators if it is ready in time.

North Branch School Enrolls 860 Pupils

NORTH BRANCH — An announcement by Supt. Wesley Clayton reveals the following departmental enrollments for the North Branch Township Agricultural School:

Elementary, including kindergarten through sixth, 381; junior and senior high school (seventh through twelfth), 479. The kindergarten group is the only one whose two sections are under the same teacher. Enrollment for the combined morning and afternoon sections is 63.

The total enrollment is 860, compared to last year's total of 819.

Rochester Faces Packed Schools

Enrollment Is 3,112; Officials May Find Need to Rent Facilities

ROCHESTER — Community Schools here opened Monday to a record enrollment of 3,112. This is an increase of 274 since close of school in June.

As school officials expected, the largest number in any grade proved to be 346 new kindergartners, with only 114 twelfth graders.

Supt. Donald C. Baldwin stated that all elementary room sizes were low with the exception of kindergarten, the second grade at Hamlin School and third grade at Harrison Central.

Worst jam was being felt in junior high grades, where 288 seventh graders were creating seriously overcrowded classes.

Baldwin stated that it might prove necessary to rent additional temporary facilities in order to relieve the situation.

Board Presents Milford Improvements

MILFORD—Three recommendations were presented at the village council meeting last night, by the Milford Planning Board, to improve land uses in the village and to rework the old zoning ordinances.

Heading the committee was Chairman Harvey Stewart, with Don Houghton, Frank Coe, W. H. Gharrity and Charles Tressler assisting.

The industrial committee recommended that a definite building code be enacted. The board also recommened that alleyways be established and possible industrial sites be investigated.

Village officials feel that the new Ford plant to be built in nearby Novi will boost Milford's population to an all time high with at least $3,000,000 in the construction of new homes in the next five years.

TO HIRE 5,000

The plant will hire 5,000 employes and village officials estimate that 4,000 of these will be drawn out of the Milford area.

Car parking has been a major problem in Milford for the last five years and Don Breen, representing the chamber of commerce, proposed buying the Chester Arms home on Union street as a possible village parking lot. The home would be torn down and the land blacktopped and lighted.

* * *

The council agreed to postpone any action until something more definite can be provided by the group. However, President Bert Smith said that the council would probably go along with the chamber of commerce.

Supt. of Schools Harold Hansen recommended that the village post signs on Summit street because of the hot rodders "racing up and down the street, sometimes at a rate of 55 miles an hour."

Council voted to comply with with this request and should the signs fail, they will make that area a 15-mile-an-hour zone.

The McPherson Oil Co. was given permission to build two more 20,000 gallon tanks for their bulk oil and an ordinance prohibiting "U" turns on Main street was officially enacted.

Jews Adopting Multi-Weddings

Collective Settlements Find Idea Saves Money, Time and Labor

NAHAL OZ, Southern Israel (AP)—It is becoming a custom in many of the Israeli collective settlements to celebrate three or four weddings at the same time.

This seems in line with the community spirit, and it saves work hours and money for the settlement. The settlement, or kibbuz, bears all the expenses of the wedding since its individual members have no pesonal funds except a little pocket money.

Here is the way it went when four "kibbuz couples" were married a few days ago:

Six buses came from Tel Avis with guests. Work in the fields, in the stables and in the poultry runs of the communal settlement — one of hundreds in Isral — finished early.

* * *

Tables and benches for the 500 guests were put on the lawn, and all the tables covered with white cloths and decorated with flowers. There were large trays of cakes, sandwiches and bottles of beer and lemonade and some red wine.

The bridegrooms wore grey trousers and the brides chic white dresses.

Before the ceremony started, some kibbuz members performed old Eastern-Jewish folk dances. Then a boy acting as master of ceremonies introduced the couples to the guests, who then sat down at the food-laden tables.

* * *

The black-coated rabbi from Beersheba and his shamash (assistant) made their solemn entry. Four separate times the rabbi recited the benediction, as one couple after the other stood under the chuppah, the bridal canopy. But it was not an ordinary chuppah supported by sticks. The baldachin was gripped by four boys. Two held it out straight with rifles and the other two with long scythes — the two most significant symbols of an Israel frontier settlement.

Blush Test Questions May Prove Shocking

By PHYLLIS BATTELLE

NEW YORK (INS) — A British Psychologist has just determined—after questioning 200 innocents in London—that blondes blush more readily than do brunettes.

* * *

This seems not only nonsensical but the whole idea of the blush test has serious undertones. I think Inspector Fabian had best give up some of his U. S. TV work and go back to minding Scotland Yard, which is being teddibly slip-shod about the whole suspicious affair.

It looks to me like Dr. Joseph Sandler, who announced his discovery about blonde blushers before the "British Association for the Advancement of Science," is rather a Joe the Rapper.

For after all, this is a blase day and age even in quaint little old England, and how else could a psychologist test for blushes without asking questions too shocking to mention?

There are few women in this era who would redden at a remark like "madame, your slip is showing." Or a question like "don't you think, Mrs. Upstart, really, you could have broken a family with fewer children than lord so and so?

So what libelous, scandalous, heinous words were exchanged before it was established that blondes could be shocked or embarrassed more easily than brunettes?

THEORY'S RIDICULOUS

"I hate to imagine," said a friend of mine who happens to be a physician by the name of Winter.

"And I think it's ridiculous as a theory because there is no apparent relationship between a person's coloring and his nervous impulses which cause him to blush."

Besides, as the doctor pointed out, it's a matter of who is shocked by what. You could ask one blonde if she's ever been kissed and, if she's fresh from the country, she'll "pink up" no matter what her answer is. Ask another blonde, and she'll tell you the cold truth or the cold lie with a perfectly white face.

* * *

"Applies to any question the same way," he went on. "Every person, depending on environment, experience and dozens of factors, will be embarrassed, ashamed and confused by dozens of widely different situations. Ridiculous, utterly, to say blondes blush faster."

The blush, which Webster poetically describes as "a shining with broad brightness, as the sun," is actually caused by a highly technical word called "vasidilitation."

That is, there are nerve fibers which control the blood vessels, causing either constriction or dilation. These nerves are in turn controlled by the brain.

Now when the brain gets a certain kind of painfully embarrassing or emotionally shocking message from the outside, it sends the word to the fibers, which are so appalled they dilate the blood vessels, and fire strikes the cheeks.

* * *

"No two people probably blush at the same things," said Dr. Winter.

"For instance," he expanded, "I can think of several questions that would make you blush, but wouldn't embarrass me at all."

"Like what, doctor?'

"Oh . . . skip it," he replied, blushing fiercely.

Ike Appoints Three to Red Cross Board

DENVER, Colo. (AP) — President Eisenhower Monday named three administration officials to three-year terms on the board of governors of the American Red Cross.

He appointed Secretary of Welfare Folsom to succeed Mrs. Oveta Culp Hobby, who recently resigned from the Cabinet post Folsom now has; W. Randolph Burgess, undersecretary of the treasury; and Reuben B. Robertson, Jr., deputy secretary of defense.

At the same time the President accepted the resignation of Byron H. Carpenter as examiner in chief of the U.S. Patent Office.

Carpenter, who has served in the Patent Office for 32 years, wrote the President Aug. 30 that he had passed his 64th birthday and desired to retire.

Deport Official to Red China

Authorities Say Rocket Expert Is Member of Communist Party

LOS ANGELES (AP)—One of the world's foremost rocket experts, Dr. Hsue-shen Tsien, head of the nonmilitary jet propulsion center at California Institute of Technology, will leave for Red China Friday under a deportation order.

* * *

Immigration officials said the order alleged that Dr. Tsien was a member of the Communist party before he entered the United States in 1936. He was granted a permanent residence permit in 1947.

Robert Robinson, acting officer in charge of the Immigration Service here, said yesterday that in leaving the United States, Dr. Tsien would, in effect, be deporting himself.

* * *

Friends of the Chinese said, however, that he was bitter against the United States for first ordering his deportation and later refusing him permission to leave the country for five years. The ban on his leaving was lifted last Aug. 4 and Dr. Tsien resigned from Caltech shortly thereafter.

* * *

Dr. Tsien has denied membership in the Communist party. He was arrested Sept. 7, 1950, by immigration officers as he was about to sail for China. Eight cases of scientific papers were seized on the dock. They had been consigned to Dr. Tsien by himself for delivery in Shanghai. Examination of the 1,800 pounds of documents indicated that they did not include any classified material. Subsequently, they were returned to him.

GOP Campaign Group Appointed in Lansing

LANSING (AP) — A Republican House Campaign Committee was appointed today by Speaker Wade Van Valkenburg (R-Kalamazoo).

Rep. Herb Clements of Deckerville was named chairman. Other members are Reps. Robert E. Waldron of Grosse Pointe, John J. McCune of Lansing, George Wahr Sallade of Ann Arbor and D. J. Massoglia of Laurium.

CONTEST WINNER — Mrs. Butler Harris, 638 Lennox St., was awarded first prize in a nationwide "Name the Puppy" contest sponsored by Dash Dogfood. Mrs. Harris, who named the twin puppies in the annual contest, received a Lone Star cabin cruiser with a Johnson engine and trailer. The presentation was made Friday at the Wrigley Store, 536 N. Perry St., by Alfred Wallace, representing Armour & Co. and Sid Winstanley, manager of the Wrigley market, where Mrs. Harris obtained her entry blank.

Tippling Wives Offer Growing Alcoholic Worry

DETROIT (AP)—Tippling housewives are becoming a growing problem in the fight against alcoholism, a sociologist says.

Robert Straus, sociologist at the New York State University Medical Center, told the first annual International Institute on the Skid Row Alcoholic yesterday that insecurity is leading many women to become what he called "plateau drinkers."

He defined a plateau drinker as one who "prefers to maintain a limited level of obliteration through alcohol for as long a time as possible, rather than seek intensive but short-lived intoxication."

Pleads Guilty, Pays Fine

Theodore Newcomb, 39, of 234 Rapid St., pleaded guilty yesterday to driving while under the influence of liquor when arraigned before Municipal Judge Maurice E. Finnegan. He paid a $100 fine.

Democrat Johnson Scores Post Office Inefficiency

CHICAGO (AP) — Sen. Olin D. Johnston (D-SC) said today "many qualified observers believe 250 million dollars can be saved by elimination of waste" in the Post Office Department.

* * *

If this is so, said the senator in a speech prepared for the annual meeting of Associated Third Class Mail Users, "it is unfair to the taxpayer to do nothing about it and then require the users of the mails to pay for such waste through increased rates."

Johnston did not specify in his prepared remarks the time period involved in the "waste" of 250 million dollars, but an accompanying press release from his office spoke in terms of that sum per year.

Johnston said the Senate Post Office and Civil Service Committee, which he heads, will make an intensive investigation of the department looking for inefficiencies and ways to improve service.

IKE PUT PRESSURE

He said the Eisenhower administration had put "the severest pressures" on Congress to raise rates "to ruinous levels."

President Eisenhower and Postmaster General Summerfield have repeatedly urged a boost in rates to wipe out as much of the postal deficit as possible. The deficit was 362 million dollars in the most recent financial year.

Johnston said one question his committee would consider is whether the postal service should be treated as "purely a business" or as a "service to all the people."

Indians in Manitoba Begin Rice Harvest

WINNIPEG, Man. (AP)—Indians are gathering on the shores of shallow lakes and marshes in eastern Manitoba for the annual harvest of wild rice.

* * *

Dealers pay Indian pickers 25 cents a pound. The rice is sold by grocers for $2 or more a pound.

To get it, two Indians in a canoe slowly glide through the towering rice stalks. The one in the bow guides the canoe. His companion kneels amidships and bends the slender grasslike stems over the side of the canoe with an 18-inch-long picking stick. With a second stock in the other hand, he gently taps off the rice heads into the bottom of the craft.

Finally, the rice-laden canoes return to shore where the women slightly roast the green rice in battered basins and old pots to loosen the hulls.

* * *

Then the men and young boys "dance the rice" in a hole dug in the ground, holding onto a bucking beam and chanting a monotonous rhythmic tune while jiggling up and down on the rice in moccasined feet to remove the hull. The rice is then cleaned off chaff and is ready for cooking.

Given Jail Sentence

When arraigned yesterday before Municipal Judge Maurice E. Finnegan, Guadalupe Buenrostro, 43, of 605½ S. Paddock St., pleaded guilty to driving under the influence of liquor. He was sentenced to 30 days in Oakland County Jail after failing to pay a $100 fine.

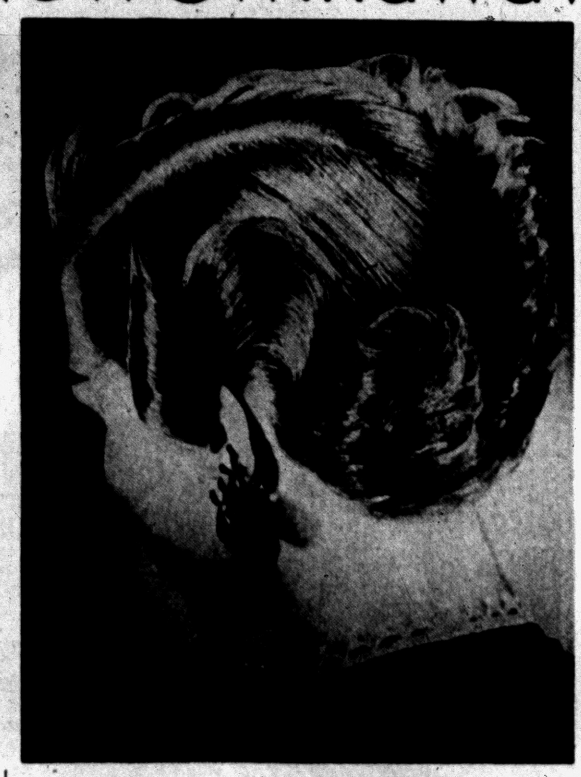
Hair Fashion Focuses on New Swirlawave for Autumn

Casual sophistication with a decidedly carefree and feminine flair inspires this campus coiffure in the new swirlawave trend designed by the official hair fashion committee. Note the upward movement at the temple line and the swirling sweep of the waves circling the head. The waves at the back of the head form an asymmetrical pattern in keeping with the new swirlawave trend, which requires a soft permanent wave to keep the hair, especially at the nape, soft and natural looking and within the lines of the coiffure design.



A lift at the temple line, with waves moving upwards and then swirling around the head in the new swirlawave trend, keynotes this coiffure of studied neatness, designed by the official hair fashion committee of the National Hairdressers and cosmetologists Association. Ideally suited for town wear and career girl requirements, this coiffure features the smooth crown of the swirlawave designed to complement fall and winter millinery. It is easy to care for in between beauty salon appointments, following a permanent wave which holds the lines of the coiffure and gives it a soft, natural appearance.

Latest Coiffure Accents Slim Garb

The swirlawave coiffure is the big news in the hair fashion picture for fall and winter, announces the official hair fashion committee of the National Hairdressers and Cosmetologists Association.

* * *

The new hair fashions were unveiled in New York City at the recent National Beauty Trades Show, before hairdressers from throughout the United States, Alaska and Hawaii.

After presentation in New York, the hair fashion authorities left for Europe where the new American fashions will be shown in seven countries, culminating with final presentation in Paris at the first Festival Internationale de la Coiffure Francaise.

What is a swirlawave? It's a new trend in American hair styling —a captivating movement of face-framing waves that literally swirl around the head creating an oval silhouette to the coiffure.

"With the whirl of the fall season on the horizon", say the hair fashion authorities, "the whirl of the curl will determine the flair in the hair." Flair, then, is one of the dominating characteristics of the swirlawave trend in coiffures, which are more elaborate and dramatic than in previous years to accent the slim lines and simpler clothes of the fall figure.

CASUAL SOPHISTICATION

The new note of elaborate detail in coiffures is called casual sophistication. These two terms, casual and sophisticated, have long been used by hair stylists to denote two completely different style treatments. Now they are combined in a fortunate mingling of natural charm required of hair fashions for American women.

* * *

"The uncluttered look of your fall silhouette", advise the hair fashion authorities, "will blend beautifully with the casual flair of your sophisticated swirlawave coiffure."

Hair length is to remain generally short, especially at the nape, continuing the popular "kissable neckline" of last year, which is especially adaptable for the luxury furs trimming collars of afternoon tunics and evening coats and dresses. Millinery also gains attention since each swirlawave has a gleaming crown for perfect harmony of hats and hair.

Coming in for special consideration in the new hair fashion picture are women past 30. No longer obliged to struggle through a slough of gamin and small boy cuts which have been completely inappropriate for their personalities, the swirlawave coiffures are designed to enhance individual characteristics, rather than subjugate individual personality to the dominance of a fad.

* * *

All swirlawave coiffures have a lift at the temple line, very important to women past 30, with waves moving upwards and then with a backward movement from the face. The coiffure is molded to the head and in silhouette must frame the face with feminine flair. None of the sleekness or severity which is already dominating the clothing silhouette can be tolerated in the coiffure.

BACK INTEREST

Back interest is also highly important. Waves swirling from the temples extend around the back of the head in a symmetrical pattern, usually oval, but dependent upon individual translation for each woman.

Because of the waves and fine definition required in the swirlawave, a professional permanent wave is advised. It gives substance and body to the hair and retains the swirling flair of its lines. In particular, it adds that soft natural look to the hair and controls the short hair at the neckline.

If you've taken heed of the warnings of hair fashion authorities to protect your hair this past summer from sunburn and wind and water damage, yours should be a healthy and vibrant head of hair that is now a must for the fashion picture.

All coiffures this fall and winter must be polished and gleaming is the edict. If your hair doesn't meet this requirement, you'll have to get some sound advice and professional beauty care treatments to recondition it into the gleaming tresses you must have for fashionable flair.

* * *

Hair coloring continues to be a striking feature of the hair fashion picture, taking its cue from the luxurious textures of fall fabrics. Depending upon your fall ensemble, your coiffure will either contrast brilliantly or blend dramatically with rare and unusual colors.

MOST DRAMATIC

Carbon tones burnished with brilliant highlights will be the most dramatic and unusual. Among them are such sultry shades as candlelight blond, carbon fox, and carbon mist grays and lavenders, all designed to emphasize indoor glamour.

* * *

Firelight red, peacock orange and smouldering ember are vivid new shades of striking brilliance in the red through amber groups. Chestnut flow, burnished umber and satin black are making news among the dark shades.

All tones and all lines in the coiffure picture for fall aim towards making your hair truly your crowning glory.

Attorney's Tardiness Upsets Plan

Guests Are Irked at Being Shunted Into Dining Room

By EMILY POST

"The other evening my husband and I had a business appointment at our house with our lawyer at 7:30. We had invited friends in later that same evening for bridge and we thought we would be finished with our business by the time they arrived, but our lawyer was detained and did not come until much later.

"Meantime our friends arrived and, as our business was of a personal nature, I asked them if they would please wait in the dining room until we had finished. Two of the women in the group took exception to this and felt that they were treated rather badly.

"Under the circumstances, was I wrong in doing what I did, and if so, how could I have handled the situation tactfully?"

Answer: I think you should have made another appointment with the lawyer as it was his fault that he came at the wrong hour.

"Dear Mrs. Post: We are members of a Protestant church and our minister stands at the door to shake hands with the departing members after services each Sunday.

"We feel some of his sermons are very inspiring and would like to tell him so. Would this be proper, and how do we go about telling him this?"

Answer: When he is shaking hands with you, it is entirely proper to make a comment on his sermon.

"Dear Mrs. Post: When a man and woman are seated at a table in a restaurant, should the man rise and remain standing only when a woman comes over to the table, or does he do the same for a man?"

Answer: Usually he rises only for a woman, but he would also show this courtesy to a really old gentleman.

"Dear Mrs. Post: Will you please tell me if it is necessary to send a present upon receiving an invitation to a debutante tea?"

Answer: Not unless you know the debutante or her family very well, in which case you would be expected to send flowers.

Maxine Mary Beebe exchanged nuptial vows with Thomas E. Slattery Saturday evening. She is the daughter of Mr. and Mrs. Wilfred Beebe of Elizabeth Lake road, and he is the son of the Thomas Slatterys of Ortonville.

MR. and MRS. THOMAS SLATTERY

Maxine Beebe Is Gowned in Chantilly Lace for Rite

The Rev. William Marbach of the First Presbyterian Church united Maxine Mary Beebe and Thomas E. Slattery in marriage at a candlelight ceremony Saturday evening.

* * *

She is the daughter of Mr. and Mrs. Wilfred J. Beebe of Elizabeth Lake road, and he is the son of Mr. and Mrs. James F. Slattery of Ortonville.

Her floor-length bridal gown of imported Chantilly lace over satin featured a Queen Anne style collar. Her three-tiered bouffant skirt swept from a lace bodice.

An arrangement of orange blossoms in her hair secured the fingertip veil and she carried a bridal bouquet of white carnations with a white orchid in the center.

* * *

Bridesmaids Shirley Ann Watts and Margaret Walls of Ortonville wore floor-length gowns of crystallette. Their gowns were garnet and turquoise, respectively.

Miss Watts carried a bouquet of pink carnations centered with roses and Miss Walls carried a bouquet of turquoise-tinted carnations centered with roses.

Loran Hamilton of Ortonville was best man. Arthur Beebe of Lansing, Louis Williams of Ortonville and Richard Valentine of Flint seated the guests.

* * *

Diane Beach sang the bridal recital.

A buffet supper was served to guests immediately following the ceremony at Waterford Community Center. Mrs. Beebe greeted the guests wearing a periwinkle blue taffeta dress with garnet accessories and a corsage of garnet roses.

Mrs. Slattery wore a champagne brocade dress with copper tone accessories. Her corsage was of copper-shaded roses.

* * *

For a honeymoon tour of the Smoky Mountains, the bride changed to a blue suit with navy accessories and wore the white orchid from her bridal bouquet.

On their return the newlyweds will reside in East Lansing where he is a junior at Michigan State University School of Engineering.

* * *

The bride is the former Doris Petersen, daughter of Mr. and Mrs. Peter N. Petersen of Ogden, and the bridegroom is the son of Mr. and Mrs. Avery R. Willis of Stanley drive, Pontiac.

The ceremony was performed in the First Ward Mormon Church by Elder Lewis J. Passey in the presence of 150 guests.

Attending the bride as matron of honor was Mrs. Shanna Lee Stanley. Other attendants were Sharon Petersen, Bonnie McFarland, Mary Lynn Hinckley, Joy Holfeson and Ann Carter.

Serving as best man was Carl Grose of West Virginia.

* * *

A reception was held immediately following the ceremony at Mansion House.

The bridegroom is stationed at Hill Air Force Base in Ogden.

Australian Speaks Before Sunset Club

The Sunset Club, sponsored by the Pontiac Department of Parks and Recreation, had as its guest speaker, Mrs. Daisy Picknell of Australia, when members met Thursday evening.

Mrs. Picknell described activities of Old Folks' Club and the Pensioners' Club of Manly, New South Wales, Australia. She also showed pictures of the country.

The next meeting of the club will be held at Wilson School on Sept. 22 at 1 o'clock.

Elementary Teachers to Tour City

To familiarize the new elementary teachers of Pontiac schools with the city, surrounding communities and countryside, the Association for Childhood Education (ACE), is sponsoring a "Know Your City" tour on Thursday afternoon following classes.

Sharing their cars with the new teachers will be Mrs. Malissa Brice of Bagley School, Lila Redmond, Baldwin School; Elizabeth Halsey, Emerson; Mrs. Martha Larsen, Hawthorne; Josephine Stilwell, McConnell, and Mrs. Louise Baldauf, LeBaron.

Also sharing in the program will be Mrs. Florence Pappert, Linda Vista School; Mrs. Marjorie Cotterman, Longfellow; Mrs. Mary Hodges and Mrs. John Kish, Malkim; Mrs. Alfred Rothweiler, Webster; Mrs. Thomas Dodson, Whitfield; Mrs. Ralph Lee, Whittier; Mrs. Lawrence Coolman, Willis, and Mrs. Scott Bonham, Wisner.

Betty L. Kelley Becomes Bride in Birmingham Rite

Before an altar banked with pink candles and flowers, Betty L. Kelley became the bride of Raymond F. Brenneman Friday evening. The Rev. Theo Wuggazer of Lutheran Church of the Redeemer, Birmingham performed the wedding service.

* * *

Betty is the daughter of Eldred Smith of Birmingham, and Raymond is the son of Mr. and Mrs. Jack Brenneman of Gambrills, Md.

The bride's gown was of champagne-colored Chantilly lace featuring a sweetheart neckline. Her bouffant skirt of nylon tulle was shaded in tints of cocoa.

She wore a matching lace cap with a short veil and mitts, and she carried a prayerbook with three bronze orchids, ivy and ivory streamers.

* * *

Maid of honor Helen Bruestle wore a mint green lace and tulle gown with a sweetheart neckline and matching headdress. Her colonial bouquet was of pink gladioli and rosebuds.

MRS. RAYMOND BRENNEMAN

Kay Kelly wore pink tulle with a matching headdress for her duties as bridesmaid. She carried a colonial nosegay of baby pink rosebuds.

ATTEND BRIDEGROOM

Orval Brenneman of Gambrills, Md., was best man. Jack Bell of Clawson and James Hengemuehle of Birmingham seated the guests.

* * *

After the church reception, guests also met at the home of the bride in Birmingham.

When leaving for a honeymoon tour of the East, Florida and Cuba, the bride wore a cola-colored dress with champagne accessories. On their return the newlyweds will reside in Birmingham.

Married Saturday were Patricia Ann Mooneyham and William David Brooks. She is the daughter of Mrs. Eleanor Mooneyham of Forest avenue, and he is the son of Mr. and Mrs. Glenn Brooks of Fairmount avenue.

MR. and MRS. WILLIAM D. BROOKS

Patricia Ann Mooneyham Repeats Vows Before 150

Wearing a ballerina-length white crystal gown, Patricia Ann Mooneyham became the bride of William David Brooks Saturday at Oakland Avenue United Presbyterian Church. The Rev. Theodore Allebach performed the ceremony before 150 guests.

* * *

The bride is the daughter of Mrs. Eleanor Mooneyham of Forest avenue, and he is the son of Mr. and Mrs. Glenn Brooks of Fairmount avenue.

The bride was given in marriage by her uncle, Wayne Cronk of Gladwin.

The princess-style bridal gown of crystal silk was accented by a single strand of pearls, the bride's only jewelry. Her fingertip veil fell from a seed pearl and rhinestone tiara. Her flowers were a cascade arrangement of white roses and ivy.

Nancy Mooneyham served as her sister's maid of honor wearing a powder blue brocaded silk ballerina-length gown. She carried a colonial bouquet of pink carnations.

Jessie Brooks, bridesmaid, wore a dusty rose brocaded silk gown and carried a colonial bouquet of red carnations. Their gowns were styled like the bride's.

* * *

Donald Brooks served as best man. John Gazette and William Beckett seated the guests. The bridal recital was sung by Carl Matheny.

For the reception held in the church parlors immediately following the service, Mrs. Mooneyham wore a white crepe dress with black accessories and a corsage of baby red roses.

Mrs. Brooks wore a gray crepe dress with white accessories and a corsage of pink roses.

The newlyweds will reside in Pontiac.

Exchange Club Holds Meeting in Avon Park

The Teachers Exchange Club met in the pavilion of the Avon Park in Rochester for a cooperative dinner and a social hour Friday evenings.

Guests of the group were Mr. and Mrs. Casey Roback, Rhea Jogoe, Norris Smith, Herbert Crelley and Elmer Thorpe of Pontiac. Stewart Knapp of Rochester and Paul Baughan of Auburn Heights also attended.

Mrs. H. Erwin Gottschalk and Mrs. Stewart Knapp were cohostesses for the dinner.

Hardware, Paint, Linoleum Dealers Are Headquarters For Autumn Fix-Up Needs

These dealers have innumerable Do-It-Yourself Items. 'Beacon Wax' is highly recommended.

The local hardware, paint and linoleum dealer swings into the national spotlight this time of the year. The middle of September is historically the time that the biggest Autumn home fix-up is done.

These dealers are experts on many home repairs and supplies. It is because of their vast experience in home items like waxes, that Beacon Wax likes to sell its products through this type of dealer.

Beacon Wax Company is the famous maker of one of the world's largest selling floor waxes, 'Beacon Wax.'

Beacon also makes an amazing new remover for every brand of floor wax--all without any scrubbing; this product, aptly called 'Beacon All Brands Wax and Dirt Remover,' gives fine results.

When it comes to paste wax, Beacon Paste Wax is a tremendous favorite amongst paste wax devotees.

'Thrill' is Beacon's new furniture wax that comes in two different shades: dark for dark furniture, light for light furniture. Without any rubbing, 'Thrill' shines all furniture to a new-like appearance.

All these four Beacon products are available at hardware, paint, department and linoleum stores.

California Fashions Stress Slim Silhouettes for Fall

A convertible tunic—this is Francine of Gallina of California at her most inventive. She has designed a slim sheath in peau de peche, with a square neckline that can be worn alone, or as shown topped by a completely detachable tunic of black Chantilly type lace which buttons from neckline to waistline in back, then flares open from the waistline down.

Simplicity of form and color denote this Addie Masters cocktail dress of black jersey. The square neckline, cut low in the back, is piped in black satin, repeated at the slot pockets and for the little belt. The dress makes the most of the narrowing silhouette for fall.

Clean-up time will be easier if you place a light coat of grease in the pan in which chocolate is to be melted.

Gerald Wallaces Are Honorees at Open House

Mr. and Mrs. Minto Wallace of Neome drive entertained 100 guests at an open house Friday in honor of their son and daughter-in-law, Mr. and Mrs. Gerald Wallace. She is the former Carolyn Lautenschlager of Buffalo, N.Y.

* * *

The couple was married in Amsterdam, N. Y., in the Zion Evangelical and Reformed Church. The ceremony was performed by the bride's brother, the Rev. Henry Buege of Louisville, Ky.

Edward Lautenschlager of Charlottesville, Va., gave his sister in marriage. Juanita Wallace of Pontiac was maid of honor and Dr. Ralph Wallace of Rochester, N. Y., was best man.

Ushers were George R. Jenkins, Pittsburgh, Pa., and Thomas Hewitt, Natrona Heights, Pa.

After a reception at the church, the couple toured New England and Canada.

* * *

The new Mrs. Wallace is a graduate of Madison College, Harrisburg, Va., and Vanderbilt University, Nashville, Tenn.

Mr. Wallace is a graduate of Adrian College, Adrian. Both are now employed with school systems in the area.

The couple is now residing in Waterford.

Amvets Auxiliary Installs New Officers

Mrs. Charles Zuk, department president of Amvets Auxiliary, installed the new officers and addressed the District Three Council of Amvets Auxiliary at the meeting held Monday at Bemis-Olsen Post home on Oakland avenue.

* * *

In her message, Mrs. Zuk reported that the Department of Michigan won the national award for outstanding work in Americanism for the past year. Highlights of the national convention held during the past week in Philadelphia were also given.

Mrs. Marie Bernaski, department hospital chairman, was also a guest. She spoke of the good work the members of this district are doing for hospitalized veterans.

Officers installed were Mrs. William MacDermaid, vice president; Mrs. Duane Bell, secretary; Mrs. John Allen, treasurer, and Mrs. Roland Dennis, chaplain.

* * *

Others taking office were Mrs. George McCombs, sergeant-at-arms; Mrs. James Parry, public relations, and Mrs. William Callow, parliamentarian.

District Director Mrs. James Houck was previously installed at the department convention.

MRS. CHARLES ZUK

Past district directors' pins were presented to Mrs. Carl Bartlett and Mrs. Allen in appreciation of their service to the organization.

Talk Slated by Medical Assistants

The Oakland County Medical Assistants Society will meet Wednesday at 7:30 p.m. Guest speaker will be Dr. George Evseeff, who will talk on "Psychology of a Sick Person."

* * *

The group will be hosted by the Merrill Medical Laboratories of Royal Oak.

The group is sending 12 members to represent it at the Michigan State Medical Assistants Society Convention in Grand Rapids. The convention is being held Sept. 28 and 29, in conjunction with the Michigan State Medical Society Convention.

The Oakland County Medical Assistants Society is a newly organized group and membership is composed of women employes in medical or administrative capacities in offices or laboratories of members of the Oakland County Medical Society.

Pilgrim Group Holds Luncheon

Mrs. Robert Reynells or North Johnson avenue was hostess to the Pilgrim Group of First Congregational Church for a luncheon meeting Friday. Mrs. Ora Travis, Mrs. Milo Cross and Mrs. Glenn Griffin assisted the hostess.

Mrs. Griffin gave devotions, using "Christian Friendship" as her theme and quoting from "The Prophet" by Kaheil Gibran.

The Rev. Lawrence Graves, associate minister of the church, spoke to the group on the part women play in the Christian church. He emphasized "putting first things first."

Mrs. Don Thomas, dinner chairman, announced that the group will serve the parish dinner tomorrow at the church.

Alex Colman, famed California designer, features "that go-together look" in a reed slim wool tweed skirt, buttoned down the front, and a Lebanon wool jersey blouse with matching tweed and button trim.

The coat-jacketed suit by Jeri Holmes of California is made in tweed with a definite trend-setting flair. The longer double-breasted jacket, emphasizing the importance of the slim line, is strongly related to the tunic look for fall.

Take Volunteer Duties Seriously

By ANNE HEYWOOD

"Nobydy pays any attention at all to my volunteer experience," women frequently complain to me.

"They act as if it were just busywork of an amateur sort and yet I did work very hard. And now, when I really need a job, I can't find one anywhere, because they say I really have no experience.

"Why won't they face the fact that volunteer work is real work?"

One reason is that too many volunteers have a casual approach to their work. Most women, of course, do a conscientious job, take the work seriously, show up regularly and in every way are good workers.

* * *

But there is a minority—and a noisy one—who regard volunteer work as a conversation piece. They take it to get their picture in the papers or to meet socially eminent people.

They usually do a terrible job—appearing only when they feel like it and doing the work most half-heartedly.

UNPLEASANT RESULTS

As a result, they give the whole field a bad name. That, I think, is why so many employers think so little of volunteer experience.

* * *

One way of overcoming this is to stay with the same organization during all the years of your volunteer work.

"Too many women skip around. This is bad, because you never really get well-trained unless you stay with an organization and get to know all its policies, its personnel, its way of working.

For example, a lovely woman whom I met in New Jersey had a good answer to this problem. She had always done volunteer work at one of her city's hospitals.

She worked there year after year, doing a good job, keeping regular hours and helping out in all departments.

* * *

Later, when she suddenly became a widow, she had a call from the personnel director of the hospital. He knew her tragedy and felt that work would help her get over her sorrow.

The hospitality shop of the hospital needed a paid director to handle it. The salary wasn't big, but it would be a real job with regular hours and a regular salary.

GOOD RECORD

"We know you and you know the whole place," he said. "You have a good work record and we think you're the woman for the job."

This is a typical example of what can happen to the woman who takes her volunteer work seriously.

Here's Tobacco Origin

MADRID — Before American tobacco was introduced to England and the Continent, noblemen got limited supplies of a different type of tobacco from Spanish colonies in the tropics. The Spaniards called it "tabaco" after the South American word "taboca," a sort of pipe smoked by the Carib tribes.

Bob Considine Says:

Bad Golfer Has All Winter to Lick Wounds

By BOB CONSIDINE

NEW YORK (INS) — The end of summer has its compensations for a bad golfer. He goes back to the city liberated from one of the most wicked, frustrating and treacherous experiences of his life. The disease from which he suffers can attack him thereafter only in his nightmares until winter melts deceptively into spring, at which time he'll join the march of lemmings and blindly pursue further his distressing inability to control a little ball he could normally eat with his TV popcorn.

Unless he's unlucky enough to live in a temperate place like Florida, California, Arizona, Texas or somesuch, the summer golfer now is through with the so-called sport for months to come. He can forthwith devote perhaps one-fifth of the energy he wasted on this losing cause to the problem of feeding and watering his spawn.

He has reached a time of year when he can come to a conclusion and say to himself, "This is right, and that is wrong, and I'll defend this stand to the death."

RUNS GAMUT

He could never say anything that positive in golf. He took lessons from nine pros during the summer and read all the latest books and articles on the game.

* * *

His swing belonged to everybody except himself. He played all summer with the muscles of Ben Hogan, Sam Snead and Cary Middlecoff. Unfortunately, none of the aforementioned gents would let him have theirs, so he had to fake it with his own. And his muscles were intended only for sitting down.

Non-golfers, a lucky breed, have no comprehension of what goes into swatting a golf ball. They see a dub shank a ball, or hook, slice, or top it, or miss it completely and they snarl "boob" and pass on.

They cannot know that in the act of rearing back and hitting—which takes about a second—as many as 50 manifestos, edicts and warnings may flit through a dub's brain. This blizzard across his mental screen is further complicated by the fact that few of the pronouncements agree.

HOW TO DO IT

("Hit the ball off your left heel. Don't hit the ball off your left heel. Get that left hand over. Move that left hand back. Stay behind the ball. Get those hands out ahead of the ball. This is a left-handed game. Smack the hell out of the ball with your right hand. Keep that weight on your right leg. Move that weight forward. Stay down. Don't stay down like that. Keep that left arm straight. Don't keep that left arm so straight. Use a whippy shaft. Use a stiff shaft. Double dimple dreadnaughts are the only ball for you. Triple triangle tourneys are the only ball for you").

The duffer becomes so inured to unnerving experiences on a golf course that they become a part of his subconscious. He dreams he is within one shot of winning the British Open only to find that his ball is lying at the bottom of a 300 foot deep snake pit and he can't improve his lie.

Worse, his dreams may swing into high geared technicolor and he dreams he can do nothing wrong. His woods and irons are riper than eight dollar celery and he's sinking 50 foot putts easier than breaking match sticks. Dreams like this often tempt the summer duffer to borrow money and take off in the dead of winter for more clement climes where golf is a year round business. Their letdown is most grevious. Suicide is scant relief.

HE'S A NATURAL

Took a close relative of mine named Mike out to play his first round the other day. I lavished upon him the total learning of a lifetime of bad golf. This bum had never taken a lesson, never read a book or article on golf.

* * *

Through the first 17 holes I showed him exactly how to hold the club, how to pivot, follow through and so forth. He must have averaged 20 shots a hole, not counting the whiffs. Then as we stood on the 18th tee the lad said, politely, "Pop, you mind if I hit one naturally?"

"Go right ahead," I said, stiffly, knowing this would be his worst.

The poor soul held the club incorrectly, stood wrong, looked up, and hit one 200 yards down the middle. He used the wrong club on his second but somehow hit it another 200 yards. The ball rolled off the green into a deep trap.

He hit a perfectly ridiculous shot out of the sand, but it came to rest on the green. He was lining up his putt for the first par of his life when he, too, realized that he needed further instruction. I gave him the putting stance, stroke and philosophy of Harry Vardon, Ted Ray, Francis Ouimet, Hagen, Hogan, Sarazen, all the Smiths, and John Montague.

It was the first time I ever saw anybody seven-putt a green.

Texas Farmers Plagued by Tumbleweed Growth

SAN ANGELO, Tex. (AP)—A great many farmers around here face some pitchfork drill this fall and winter. They'll harvest a crop they can't sell, can't eat, can't feed their cattle, can't afford not to harvest.

* * *

The plant is the tumbleweed—a joy to romping children, a ghost to a scary horse and a burden to dryland farmers.

Many billions of the weed are ripening in unused fields. High winds last weekend loosened a few million.

They whipped across level ground until they hit a fence or other barrier and then they piled up. They buried the fence.

Sheltered lawns also were buried several feet deep.

FIRE HAZARDS

Tumbleweeds range from knee to waist high. Their limbs grow into a light, ball-like mass of tough branches. They break from the ground easily and children like to race them as the wind rolls them along. A nervous horse shys away from them almost as fast as from a rattlesnake's buzz.

Where the weeds pile up, they can burn as if they were gasoline-saturated. If they're left along a fence row, winter winds bury them in silt and can completely cover the fence in dirt. Nothing less than a bulldozer moves them successfully.

* * *

Soil conservationists blame two things for the severe infestation: dry weather in the early summer which caused fields to be abandoned for the season, and later rain which nurtured the tumbleweeds.

Elmer Kelton, San Angelo Standard-Times agricultural editor, has his own explanation:

"The tumbleweed is nature's way of trying to provide cover for bare ground.

"Nature can't abide a bare spot, and where man fails to cultivate or removes the grass, the old dame steps in and puts tumbleweeds or other weeds as her own conservation measure."

Wandering Elephant Likes Her Freedom

CHARLOTTE, N.C. (AP)—Vickie, the wandering elephant, continued to play a waiting game today.

Vickie is a 6-year-old female who wandered away from an amusement park Sunday and headed for a wooded area where she remained throughout yesterday.

Her owner, Jack Partlow of Rock Hill, S.C., assisted by police and volunteers whistled, hooted and pleaded for Vickie to come home. The more fervent the pleas, the deeper into the woods Vickie went.

In desperation, Partlow lined the way home with grain, which Vickie loves. Whether it will work, only time will tell.

Flames Destroy Five Buildings

Estimate Five Million Dollar Industrial Loss in Rhode Island Fire

CUMBERLAND, R. I. (AP) —Five big industrial buildings on the banks of the Blackstone River were destroyed last night by flames that roared uncontrolled "until there was nothing left to burn."

* * *

Loss was estimated unofficially at five million dollars.

Nearly 600 employes fled from burning structures uninjured. One fire fighter was injured and required hospitalization.

Two of the buildings were occupied by the Royal Electric Co. A third was used as a storage warehouse by the Owens Corning Fiberglas Corp. The others were occupied by the Atlantic Wool Combing Co. and the Allen Wool Waste Co.

* * *

The plants suffered heavy damage in last month's flood and only recently resumed operations. An estimated 2,000 persons will be idle.

A staff of 24 persons handles the White House mail, which averages 4,000 pieces a day.

17 Per Cent at Fair Had Poor Eyesight

DETROIT (AP) — In an eyesight check at the Michigan State Fair 17 per cent of 7,368 persons examined were found to have defective vision.

That's what Secretary of State James M. Hare said was found at a booth set up at the fair to check the eyesight of the average citizen.

Reporting the figures, Billie S. Farnum, assistant secretary of state, said the 17 per cent included persons whose scores were 20-40 or poorer. Par is 20-20.

Many of those tested showed poor depth perception and many others couldn't tell red from green, Farnum said.

Widow of Editor Dies at Funeral of Relative

SAN RAFAEL, Calif. (AP)—Mrs. Florence M. Salazar collapsed in the arms of a funeral director yesterday and died while attending the funeral of her brother-in-law John Barr.

Mrs. Salazar, who apparently suffered a heart attack, was the widow of Marion T. Salazar, sports editor of the old San Francisco Bulletin. Among her seven brothers and sisters is Prescott Sullivan, sports columnist for the San Francisco Examiner.

A recent study shows that the average time it takes to get action on U.S. jury cases in court is 11.4 months.

More than $2,600,000,000 has been spent on new religious structures in the United States in the last five years.

Nearly $3 Millions Ready for Hospitals

LANSING (AP) — The state Office of Hospital Survey and Construction said it will have $2,695,957 in federal funds to distribute for local hospital construction this year.

A revised state plan establishing priorities for spending the funds indicates that Grayling, Howell, Hudson and Wayne will receive the bulk of the federal money.

A spokesman said that Caro, Newberry and Bad Axe also are listed in the top priority group but that there has been no recent local action to raise the communities' share of the costs.

The office reported that part of the fund may be available for constructing a psychiatric unit in a general hospital, for a public health center and a school of nursing if applications for those are received.

Husband Hunters End Biggest Year on Record

By EARL WILSON

NEW YORK — The greatest husband-hunting summer in history is ending and the huntresses are back from their safaris—some of them without a man to call their own . . . or even to call.

★ ★ ★ ★

It's comic in a way — the weaker sex hunting the beeg strong male through bushes and beaches with only a bikini as a weapon —yet it also makes me sad.

(Sad that it wasn't that way 25 years ago.)

A man I know suddenly found himself single after 20 years.

He had his teeth fixed, got two new shirts with French cuffs and sent his double-breasted suit out to be converted to single-breasted . . . and started looking for some young girls.

"I found you don't have to look nowadays," exclaimed this Rip Van Wolf to me. "They're looking for you! They whistle at you on the street corner!"

He became a prospective victim in the Great Man Hunt.

"In my day, you were chivalrous," he said. "You might send candy or flowers, you were discreet, you harnessed your tenderer emotions—"

But by today's standards he was a square. Not too square, however. Indeed, several girls have already swept him off his feet.

"Is it any worse now than it used to be in Hollywood?" I asked Jane Russell who happened to be in town.

"It couldn't be any worse now than it used to be!" Jane said.

One of the Happy Hunting Grounds for gals, of course, is the summer hotel circuit in New York, Pennsylvania, New Jersey and New England.

"Our big problem is getting more guys up here," Irving Heller of the Hotel Waldemere in the Catskills told me, "but we did well this year."

SAFARIS OVER

As soon as the unattached girls arrive, they say to the management, "Where are all the guys? What's gonna be with the men?"

For a while men were given 10 or 20% off, but the gals resented that. Other steps were taken. Waitresses—possible opposition to the women guests for the hands of any menfolk — were replaced with waiters.

"See that happy table of girls over there?" Heller said to me. "Sitting with the waiters off duty now. All nice college boys, those waiters, all potential husbands!"

Chorus gals aren't needed at these places — they, too, are dangerous competition to the women guests.

★ ★ ★ ★

The hunting will now be switching to Florida. The male's getting wilier and wilier and yet millions are getting shot down every year.

When two people get married at one of the summer hotels, they frequently ask for a free honeymoon the next year—and the lady does the asking.

"Listen," says the management, "we think you ought to pay us double for getting you a husband." So far this has not brought a pleasant response.

Movie Studio Allows TV to License Films

LOS ANGELES (AP)—An antitrust consent judgment has been entered against Republic Pictures Corp. under which the studio agrees to offer for licensing for television within 90 days, 80 per cent of the studio's feature folms produced before Aug. 1, 1948.

* * *

This is the first crack in Hollywood studios' stand against making their films available for TV.

Under the judgment the studio also agrees to undertake with the Screen Actors Guild negotiations for making available to TV the films produced since the 1948 date. Within two years after completion of the negotiations at least 25 per cent of the studio's feature films are to be licensed for TV three years after they have been released for national theatrical showing.

* * *

Thereafter, Republic agrees to offer for TV licensing in each calendar year at least 50 per cent of the films released three years earlier for U.S. theatrical distribution.

Tot Gets in the Swim

LYNCHBURG, Va. (AP) — Folks hereabouts have been startled to see Jimmy Hanel leap off the dock at his parents' lakeside home. Jimmy is just 3 years old. His parents say his strokes aren't found in any swimming manual, but the youngster is able to swim about as he wishes until he gets tired and comes ashore.

Sinatra Discloses Reasons for Walkout on 'Carousel'

By BOB THOMAS

HOLLYWOOD (AP)—Frank Sinatra says he is sorry to miss doing "Carousel" on the screen, "but I just don't work that way."

* * *

He referred to the making of the film in two processes. He walked off the Boothbay, Maine, location when he discovered the musical would be made in Cinemascope and another wide-screen method. Twentieth Century-Fox replaced him with Gordon MacRae and sued Sinatra for a million dollars.

"I would have been insulted if they had sued me for less," remarked the crooner-actor. "They haven't got a case. I never even signed a contract for the picture."

The studio declined comment on Sinatra's remarks, but cited its statement at the time the suit was filed: that making films in two processes is common practice in the movie industry.

HIS SIDE

Sinatra gave this version of the incident:

The "Carousel" deal happened suddenly. When Sinatra was called, he agreed to do the film, provided it could mesh with his other plans.

"When I got up to Maine, they sprang this two-process gimmick on me," he declared. "I just don't work that way. It would have meant five or six weeks more work.

"I stayed on the location hoping they would get it straightened out. Nothing happened. I even waited in New York. Money was no object; they were paying me well ($150,000) and you can't keep it anyway.

"Somebody printed that I didn't intend to do the picture anyway. That's a lot of nonsense. If I didn't want to do it, would I have gone all the way to Maine? Would I have worked like the devil on the prerecordings here?

* * *

"I have wanted to do 'Carousel' for seven years. It broke my heart not to."

Sinatra is going ahead with a multitude of plans. Besides his records, TV and films, he's activating his own production company in December with a western, "Johnny Concho." That's right—Frankie in a western. There's nothing the guy won't attempt.

Soviets to Plan More Farm Visits

Red Farmers Satisfied With U.S. Hospitality; Now Flying Homeward

NEW YORK (AP)—Leaders of the Russian agricultural mission predict their two-month tour of the United States and Canada will be followed by more and more U.S.-Russia exchanges.

* * *

Eleven members of the group held a final news conference at Idlewild Airport last night before leaving for home.

Their leader, Vladimir V. Matskevich, said:

"It is difficult to make out what was the most interesting part of the United States. The most memorable impression was that of the hospitality of the American farmers. They tried to show us everything on the farms and all their methods."

* * *

Alexander V. Tulupnikov, director of the Soviet's All-Union Scientific Research Institute of Agricultural Economics, told reporters before the news conference that the visit of the 12-man mission to the United States will be "of great benefit to our two countries."

This sentiment was echoed at the conference by Matskevich, the Soviet Union's first deputy minister of agriculture, and Arkady Sobolev, head of the Soviet Union's permanent delegation to the United Nations.

* * *

Matskevich said the group's most valuable souvenir of the trip is the 60 head of Santa Gertrudis cattle and three Herefords they are having shipped to Russia. Yuri F. Golubach, Soviet deputy minister of state farms, remained behind to complete arrangements for purchase of the Santa Gertrudis cattle in Texas.

About 300 million road maps are given away each year.

Bleeding Piles
No Longer a Problem
Medical research has developed a miracle medicine called RECTORAL. It does away with the continual use of old-fashioned ointments, suppositories, injections etc., that give little, if any, even temporary relief. RECTORAL has a tendency to shrink the piles and usually in a few days, the bleeding, soreness, irritation and pain start to disappear and in a few days more are completely gone. Thousands of sufferers have used this remarkable medicine and have never had any further trouble, even years afterwards. Many of these people had been advised that only an expensive and painful operation would help them. Why suffer any longer? Get well NOW! Stay well! Get a bottle of RECTORAL today at

Flooded Texans Alerted Again

Weary Raymondvillers Pelted With More Rain; 50 City Blocks Deluged

RAYMONDVILLE, Tex. (AP) — Flood-damaged Raymondville asked for help today as the lower Rio Grande area eyed heavy clouds with apprehension.

* * *

Forecasts indicated more rain.

The state civil defense office warned yesterday that Gulf squalls that sent rain-laden clouds scudding over the low border country might bring more floods such as the one that has ravaged this south Texas town for days.

City and county commissioners last night appealed for aid to this town of some 10,000 persons as more rain fell. More than 4 inches hit nearby Weslaco. Lesser amounts peppered the whole rich vegetable and citrus-growing area.

* * *

Tropical storm Gladys last week left three to four feet of water over a 50-block area of Raymondville. Much of the water still remains and a blocked sewage system caused concern over health. A powerful odor spread over the town.

Typhoid vaccine was administered to thousands, insecticides were sprayed over the area, and part of the water which sent about 900 persons scurrying from their homes was pumped away.

* * *

Raymondville Mayor Mary Frost said she was getting calls from all over Texas offering help for the flood-stricken, most of whom are housed in an old migrant labor camp near the town's outskirts. She said the immediate problem was how to feed, house and clothe the evacuees. The Red Cross was helping.

Rubberized Drunk Tank

World's Glassiest Clink Has Iced Evidence Room

LOS ANGELES (AP)—The glassiest, classiest police building in the world opened officially for business here yesterday.

* * *

It has:

Jail cells with three miles of unbreakable glass partitions, used in place of bars in some areas to permit easier supervision of prisoners by 120 jailers.

A "drunk tank" with rubber floors, so inmates can't hurt themselves in falling.

* * *

A 400 seat auditorium with a "show up" screen which permits victims to identify suspects without being seen. Electric controls make it possible to reproduce lighting conditions under which victims saw the suspects during a criminal act.

A huge, walk-in refrigerator and deep freeze which can keep evidence, from butter to mink coats, as fresh as the day they were stolen.

The eight-story, modernistic reinforced concrete structure rises amid a hodge-podge of buildings at Civic Center, looking much like a luxury hotel. It brings under one roof police facilities formerly scattered all over the city. The cost was 7½ million dollars.

One drafting error, caught just in time, would have put the lights on the showup screen facing the wrong way.

"That would have been a switch," one officer said. "The prisoners would be identifying police and witnesses."

Boy Saved Serious Hurt by Quick-Acting Police

LOS ANGELES (AP) — Four-year-old Saul Rodriguez, being an inquisitive little fellow, opened a second-story window yesterday a few minutes after his mother had left to take her daughter to school.

Saul leaned out, lost his balance, fell and wound up hanging from the window sill by his fingertips, 20 feet above a concrete walk.

Just then a police car came by. Officer Robert Lea ran to the spot below the window, just as Saul let go. The boy landed squarely in the policeman's arms, unhurt but tearfully scared.

Renowned Title Quickly Fading in Modern Life

WASHINGTON (AP)—A title that has been borne by world-renowned Americans from Benjamin Franklin to Perle Mesta seems about to disappear.

* * *

It's "envoy extraordinary and minister plenipotentiary."

Until 1893 this was the highest title given any U.S. diplomatic representative. In that year the first U.S. ambassador was named. He was Thomas Francis Bayard, accredited to Britain's Queen Victoria.

* * *

Since then the upgrading of legations headed by ministers to embassies headed by ambassadors has gone on apace. The total of embassies reached 72 last week with the promotion of the U.S. legation to the grand duchy of Luxembourg — where Mrs. Mesta had served as minister for a time until 1953.

There are only five U.S. legations left— in Hungary, Romania, Iceland, Yemen and Tangier.

In the year 809 A. D. the Emperor Charlemagne issued an edict which outlawed the pressing of wine with bare feet because it was unsanitary.

Graybiel Picks Starters for Friday's Opener

By H. GUY MOATS

With a terrific reversal of form, spirit, and drive, from Saturday's listless workout, Pontiac High School's 1955 gridiron squad gave evidence last night that it was just about ready for the start of the new season.

Head coach Ed Graybiel reported today that he could hardly believe what he saw out there on Wisner field yesterday. "After the disappointing drill last Saturday, I was completely surprised to see that crew get down to business last night", Graybiel said.

"The squad didn't have any fire or spirit, no life, and lacked drive. Last night the conditions were entirely reversed. It was the best scrimmage session I've seen since I came to Pontiac."

"If we could go in every game like we did in that workout, we would really be a tough team to beat. It was a real football club. But, of course, we can go either way."

Graybiel and his aides have selected a starting squad to face Wyandotte's eleven here at 8 p.m. Friday, on Wisner's turf. Coach Dick Hoffheins of the 'Dots also announced his probable starters today.

A glance at the "probables" shows a lot of speed, good height at the ends and plenty of heft where it is needed most. Chiefs will start this season with a flock of lettermen, including experienced backs and linemen.

Here's the probable starters:

Offensive team — backs — Bob Castell(qb), Charles Spann(fb), James (Red) Taylor(rh), either Freeman Watkins or Kennie Fusilier(rh); ends — 6 foot 1 inch Bill Kennedy or Frank Whitlock, 5 foot 11 inches, and Marv Cagle (re) 5-10; tackles — Karl Walker (190 pounds) and Dick Kohrs (rt, 165 pounds); guards — Bruce Baker(165) and Dick Nevis(175); center — Don Hardy(165).

Defensive team, averaging over 190 pounds — Ends, Whitlock and Cagle; tackles — Kennedy and Marvin Conwell(195 pounds); guards — Walker and Bob Holloway(230 pounds); linebackers — Castell, Watkins or Whitely Larson(165); safety man — Jim Shorter(150).

Chiefs defeated the 'Dots in last season's opener at Wyandotte, 27-13 and today were rated favorites to repeat Friday night.

Hoffheins' crew this year consists of some 15 lettermen, plus some new players of considerable promise.

He announced his starters, as of today: ends, Gary Bufe brother of MSU's Noel Bufe, and Joe Antalovic, who also goes on defense; tackles — Wally Merritt and Jack Heins, another two-way man; guards — Ken Boriso and Gene Noles; center — Steve Stieler; backs — Carl Younkman, Sam Contino, Ken Orr and Frank West. Heins and Antalovic were regulars last fall.

Both Chiefs and 'Dots had similar records for the 1954 season. Pontiac won four, lost five. Wyandotte broke even with four wins and four defeats.

Tribe, Senators in Spotlight

By THE ASSOCIATED PRESS

Can Cleveland's 1½-game lead survive the Washington jinx? That's the next question in the American League pennant quiz—and the flag may be riding on the answer.

The Indians look as if they may have packed away the pennant when they came from behind to earn a double-header split Sunday against the secondplace New York Yankees, but Tribe Manager Al Lopez remains cautious. He's not predicting a thing "until after tonight's two games at Washington."

* * *

"If we get by Washington," says Lopez, "we ought to be in an excellent position, although it still won't be a cinch. I still think it will be real tough all the way."

It's a crazy race that puts the spotlight on a three-game set between the leaders and the seventh-place club. But that's the way the race has been since the All-Star game break—just plain crazy.

The Senators, a whopping 36 games behind, somehow have managed to take five straight from the Indians while whipping them in 12 of 19 games so far. No other club has an edge over the Tribe this season.

* * *

Oddly enough, another second-division club, fifth-place Detroit, also threatens the Indians, who have lost one game less than the Yankees with 11 games to play. Detroit fills up six of the remaining dates.

The Tigers also could raise a fuss with the Yanks as they wind up the '55 series against New York with a two-game set starting this afternoon.

* * *

Third-place Chicago, still hopeful though 3½ games back, has a twi-night twinbill at Baltimore tonight and a day double-header tomorrow. And fourth-place Boston, reduced to a spoiler's role with 7 games remaining against New York, plays an afternoon doubleheader against Kansas City.

Lopez again is throwing his best against Washington, choosing Bob Lemon (17-8) and Mike Garcia (10-12) tonight. Maury McDermott (9-9) teams with Bob Porterfield (10-16) for the Senators.

* * *

The Yankees, who with Chicago have 12 games remaining, go behind Bob Turley (15-13) today against Detroit's Bob Miller, a 20-year-old bonus guy just back from the minors.

Chicago has Jack Harshman (10-7) and Virgil Trucks (13-7) ready for the last-place Orioles. They'll face Ray Moore (7-10) and Erv Palica (5-11).

* * *

Only one game was scheduled in the majors yesterday and Pittsburgh won it 9-3 at St. Louis. Dale Long broke it up with a three-run homer in the fourth. Stan Musial had two of the six hits off winner Lino Donoso—a pair of homers that gave him 100 or more runs batted in for the eighth time in his career.

STARTERS — Here are the probable starters for Pontiac High School's backfield in Friday night's opening football game for 1955, at Wisner Stadium. Chiefs meet Wyandotte in the opener. From left (above) are Charles Spann (fullback), Ken Fusilier (left half), Bob Casteel (quarterback), and Jim (Red) Taylor (right half). Spann and Taylor were members of the PHS state championship track team of last spring.

'Beat You' Player

Top Yankee at Short? How About 'Scooter'

By BILL CORUM

NEW YORK (INS)—This is a piece about Philip Fancis Rizzuto. There's a ball player for you, The Scooter, the kind you don't forget.

With due respect to Frank Crosetti and Everett Scott, the iron man, the opinion here is that Phil is the greatest shortstop the Yanks have ever had. Nor have many teams in the history of the game, figures or no figures, every boasted a better.

Rizzuto is what I call to myself a "beat you" ball player; the sort that stands out there with the bases full and figuratively begs the batter, "hit it to me."

I recall once when Tommy Henrich was hurt, maybe in Chicago, in a tight pennant race. The sports writers said it might be a mortal blow to the Yankee hopes. But Henrich, no gum-drop blue-chip player in his own right, said: "Don't worry about me, just don't let anything happen to that little guy at short."

While I think that Phil has been the Yanks best and is today, this late in his career, the fellow who is holding Stengel's team together, (even more than Berra because of the position he plays), it would be my feeling that both Scott and Crosetti played on better Yankee teams, for the most part.

My memory is that Joe McCarthy sent Rizzuto in for an injured Crosetti and that Frank never got his job back. Gordon, the acrobatic 2nd baseman, must have been playing then. But since then little Phil has played with them all.

And always, Phil has been great, just great. It's an overworked word, I know. But that's Philip. That's Rizzuto.

Buffalo Readies Drive for Funds to Buy Bisons

Purchase of IL Team Before Option Deadline Is Goal of Plan

BUFFALO, N.Y. (AP)—A drive will be launched here to raise $150,000 from the public before Oct. 8. to purchase the Buffalo Bisons from the Detroit Tigers.

Preliminary plans to meet the option deadline granted by Detroit for the purchase of the International baseball League franchise were revealed yesterday.

* * *

The details were disclosed following a meeting of John C. Stiglmeier and Harry Bisgier, two of the local sponsors for a community-owned club, and Bisons General Manager Hillman Lyons.

It was announced that incorporation figures would be set at $275,000 and that stock certificates would be placed on sale at $1 per share.

* * *

Purchasers of each dollar share also will be pledged to include $8 additional to cover the purchase of five tickets for season games. The tickets would be good for any date except Sundays and holidays.

In addition to Stiglmeier and Bisgier, the names of J. Eugene McMahon, an attorney, and Thomas W. Ryan, former New York State Commissioner of Public Safety, will be listed in the incorporation papers.

Harris Aims for 7th Straight Win

Undefeated Buddy Harris, Pontiac lightweight, seeks his 7th straight professional victory tonight at Detroit's Motor City Arena when he meets highly-touted Eli Leggett in a four-round preliminary.

Leggett is currently the No. 1 contender for Kenny Lane's state lightweight title. Harris' last effort was a unanimous decision over former Michigan lightweight king John Barnes, now ranked 3rd. The bout will be televised over WWJ-TV, Channel 4, at 10 p.m.

Hector Peralta, son of Joey Peralta, one-time ring great, makes his Detroit debut tonight against Yama Bahama in the eight-round welterweight headliner. Two other bouts complete the card.

The lightest of the heavyweight champions was Bob Fitzsimmons who never weighed in at more than 158 pounds.

Puck Chasers Start 39th Season Oct. 6

MONTREAL (AP)—The 39th season of the National Hockey League will open Oct. 6, earliest in the league's history, and end March 18, the league announced today.

Four clubs will see action on the opening date—the Toronto Maple Leafs at the Montreal Canadiens and the Chicago Black Hawks at the Detroit Red Wings.

The Hawks have their first home game the following night, Oct. 7, against the New York Rangers. Toronto's home opener is Oct. 8, against Detroit. Canadiens open the Bruins' home season in Boston Oct. 9. Rangers, traditionally the last team to open at home, will have their curtain-raiser Oct. 19, against Toronto.

Each club will again play 70 games.

Tam O'Shanter Names Its 1955 Champions

Morris Werney defeated Milton Elson in the finals of the championship flight to win the 1955 Tam O'Shanter Country Club title. Mrs. Leo Mellen won the ladies' crown over Mrs. George Simons.

Stu Teal won the Class A Junior championship and Stu Bloch took the Class B Junior title. The Warren Orlick Trophy, named after Tam's professional, was won by Harold Sarko over Dave Muskovitz. David Schwartz captured the Veterans championship by downing S. H. Jacobson.

Chiefs, Trojans Pre-Season Favorites in Valley Play

SAGINAW (AP)—A wild scramble for the football championship, captured last year by Saginaw Arthur Hill, is in prospect during the 1955 Saginaw Valley Conference season.

Hard-hit by graduation, Arthur Hill's coach, Kurt Kampe, believes there is little chance of the Lumberjacks repeating last year's performance of parading through a five-game SVC schedule undefeated.

Three teams which finished in the lower half of the standings last year—Pontiac, Bay City Central and Saginaw—will pack the most experience this season.

Always dangerous Flint teams, Northern and Central, will feature individual stars backed by untried material.

Pre-season nomination for the SVC's best back goes to Flint Central's 195-pound hard-hitting Charles Thrash, beginning his 3rd season as the Indians' mainstay.

Other backs expected to assume starring roles are Bay City Central's speedy brother combination of Namon and Willie Smith; Pontiac's Charles Spann, Jim Taylor and Freeman Watkins; Saginaw High's Charles Ruffin and Jim Sherley; and Arthur Hill's Floyd Wright and Gary Lee.

With most coaches employing their own versions of the T-formation attack, the quarterbacks will be on the spot in conference competition.

Ed Graybiel, Pontiac coach, appears to have his Chiefs ready to shake their SVC football jinx. With 10 regulars among the 19 lettermen, Pontiac ranks as a serious title contender.

Elmer Engel, who guides Bay City Central's destinies, will field a lighter but fresher team which rates with Pontiac and Saginaw as pre-season favorites.

PITCHING—Lino Donoso, Pirates, went the route, giving up six hits in 9-3 victory over Cardinals.

BATTING—Dale Long, Pirates, batted in four runs with a single, double and three-run homer against Cards.

The Dodgers' 13-game margin in 1953 was the biggest to take the National league pennant in a 10-year span.

Albany Set to Continue Eastern League Play

ALBANY, N.Y. (AP) — Eastern League baseball is slated to continue in Albany for at least another year.

Tom McCaffrey, owner of the Albany Senators, announced yesterday that he would operate the club in Albany again in 1956.

Area Gridders on State Teams

More Than a Dozen County Players Try for Places

Four small Michigan colleges—Western Michigan at Kalamazoo, Eastern Michigan at Ypsilanti, Central Michigan at Mt. Pleasant, and Olivet College—list 13 Oakland County area gridders on their 1955 football rosters.

Leading the area contingent is Milford's Jerry Ganzel, co-captain and star quarterback of Western's Broncos. Tackle Floyd Bailey of Rochester, guard Ron Rolph of Birmingham, and back Jim King of Ferndale are members of Central's Chippewas.

Seven of the group are playing for the Hurons at Ypsilanti. They include tackles Carl Elliott of Lapeer and Max Foley and Frank Piccinni, both of Fenton, and backs Kerry Keating of Pontiac, Larry Wigner of Waterford, Gerald Wedge of Birmingham, and Jack Perona of Van Dyke Fitzgerald.

Olivet, a denominational school, is employing the services of tackle James Hawisher of Pontiac and back Stewart Fall of Royal Oak.

Jackson Horse Wins

DETROIT (AP)—Sir Dixon Spencer won the AA trot feature at Wolverine raceway last night, traveling the mile in 2:08 4/5. The 7-year-old gelding, owned by Mr. and Mrs. F. J. Johnson of Jackson, was driven by Jack Williams Sr.

Shake With Ted Brings $25 Fine for Interruption

BOSTON (AP)—Charles W. Kwedor, 20, of Cambridge, was fined $25 in District Court yesterday—and he said he was glad to pay it.

Kwedor was fined on the technical charge of disturbing an assembly.

He jumped onto the playing field at Fenway Park last Saturday while the Red Sox were playing the Cleveland Indians.

He wanted to—and did—shake hands with Ted Williams, Red Sox outfielder. That's when park attendants grabbed him.

After the fine, Kwedor said: "It was worth it."

In an average year 800 hunters are killed and 3,000 are wounded in the U. S.

Babe Zaharias Out of Hospital for More Golf

Doctors Are Hopeful Cancer Eliminated; Plan Detection Fund

GALVESTON, Tex. (INS)—Babe Zaharias leaves a Galveston hospital tomorrow apparently on the way to winning her second match in two years with cancer—the chief threat to her supremacy among women athletes.

Physicians at John Sealy Hospital guardedly said she is in "good condition" and they are "hopeful" she is on the way to beating the dread disease again.

The spunky Babe, however, is more optimistic. She already is making plans to compete next January in the Women's Open golf tournament at Tampa, Fla., her home, where she will go to recuperate.

She also wants to play in the National Women's Open but admits she will not "be able to play in as many small tournaments" as she used to.

Simultaneously with revealing plans for leaving the hospital, Mrs. Zaharias announced establishment of the "Babe Didriksen Zaharias Cancer Fund" for cancer detection.

The fund will be operated by Babe and her husband, ex-wrestler George Zaharias, in cooperation with the American Cancer Society and the Damon Runyon Cancer Fund.

Third Position Eyed by Boston, 6 Games Behind

'Don't Count Us Out,' Pilot Higgins Asserts, 'Anything Can Happen'

BOSTON (AP) — Boston's "Heart and Hustle" Red Sox haven't given up hope for a higher finish but have set their immediate sights on third place in the American League as they open a three-game series with Kansas City today.

Boston is six games behind league leading Cleveland in fourth position and Kansas City is 7½ games ahead of Washington in sixth place going into today's doubleheader.

* * *

"We're going to hurt somebody yet," Sox Manager Mike Higgins says of the club which made a tremendous surge since early June to contend for the pennant.

"We're not out of it ourselves," adds Higgins. "Nobody can count us out until the gong rings, and it hasn't rung. Anything can happen in baseball. Nobody expected us to be pennant contenders and we haven't been eliminated with only two weeks left to play."

* * *

But the facts indicate nothing short of a sweep of their remaining 13 games would give the Sox more than a remote shot at the pennant.

Cockell Fights Valdes Tonight in London Ring

LONDON (AP) — Don Cockell of England, making his first appearance since being laid low by heavyweight champ Rocky Marciano, was a 4-5 underdog in a comeback bid against Cuba's Nino Valdes at White City Stadium tonight.

Isaac Logart Replacing Kid Gavilan as Favorite

NEW YORK (AP)—Isaac Logart, a young Cuban welterweight from Kid Gavilan's hometown of Camaguey, is making rapid strides in taking over as the boxing idol of New York's Latin-American set.

The 22-year-old speed merchant soundly drubbed Al (Sugar) Wilson of Englewood, N.J., in a telecast 10-rounder at St. Nicholas Arena last night.

* * *

It was Logart's fifth win in six scraps this year. He may get a chance to avenge that loss to contender Virgil Akins of St. Louis—on Oct. 3. It depends on how Akins fares in his bout with Harold (Baby Face) Jones in Indianapolis tonight. The return would be put on in St. Nicks where they fought the first time.

* * *

Like the Gavilan of seven or eight years ago, Logart is a fast, flashy puncher, speedy afoot, and solid-chinned.

He even wears high white boxing shoes like the Keed does and has Gavilan's former trainer, Mendito Medina.

"Some day I be champion like Gavilon," said young Isaac.

After the first four rounds with Wilson, Logart took full charge of his tall, skinny rival. He had him bleeding from the nose and hurting all over from his rapid-fire attack.

Half of Regulars Out for Practice at Wing Camp

9 Veterans Remaining After Summer Trades by Jack Adams

SAULT STE. MARIE (AP) — Only half the regular members of last year's championship Detroit Red Wing hockey team were back for the opening of fall practice yesterday. The rest of the 73 candidates who turned out were newcomers.

The nine veterans were centers Dutch Reibel and Alex Delvecchio, wings Gordie Howe, Bill Dineen, Ted Lindsay and Marty Pavelich and defensemen Red Kelly, Marcel Pronovost and Bob Goldham.

To these old Detroit hands manager Jack Adams planned to add 10 newcomers drawn from either the farm system or from two big mid-summer trades which sent the other Red Wing veterans to Boston and Chicago.

Adams already has made up his mind who'll be on his 19-man starting squad. A change in rules permits the Wings to play 19 players until Dec. 1. After that they must drop one.

As Adams visualizes it the season will start with the nine veterans plus centers Ed Sandford and Norm Ullman; wings Jerry Toppazzini, Norm Corcoran, Real Chevrefils and John Buyck; defensemen Larry Hillman, Warren Godfrey, and Bucky Hollingworth, and goalie Glenn Hall.

"Things may change," Adams said. "Some youngster may show such great improvement that he can win a spot or some of those 19 might not deliver as expected. But I believe that those 19 players will be in a Red Wing uniform for our first game," he said.

Adams, who is starting his 29th season as general manager, will try to steer the Wings to their 7th straight NHL championship.

His job for the next two weeks will be cut out for him—uniting his squad into forward lines and defense duos. Only the production line of Reibel-Howe-Lindsay is definitely set.

Winner Suggs Quitting for '55

ST. LOUIS (AP)—Louise Suggs says she's "through for this year" on the tournament golf circuit after her victory in the $5,000 St. Louis Women's Open, which brought her winnings for the year to $13,331.

The 32-year-old Sea Island, Ga., pro shot four successive sub-par rounds on the par 75 course at Norwood Hills Country Club to finish with 289, or 11-under-par, on rounds of 71-72-74-72.

* * *

She received first prize money of $900. It was her fifth tournament victory in 24 meets this year.

Mary Lena Faulk of Thomasville, Ga., had a 74 yesterday for a 295 total, six strokes back in second place, worth $630. It was the fifth time this year she's finished runner-up, but as she put it, "It's not a bad habit."

* * *

Patty Berg of St. Andrews, Ill., the first day leader with a 68, had a 76 for a total of 296 and third money of $540.

In fourth place was Betty Jameson of San Antonio, Tex., with 302 and earnings of $450.

Harness racing's triple crown is the Hambletonian and Yonkers twin futurities.

Another Defensive Record?

UM Tackle Posts Remain Wide Open as Jack Blott Creates Forward Wall

ANN ARBOR (AP) Michigan football relies strongly this season on the line-building talents of coach Jack Blott.

Blott is relying just as strongly on five burly young tackles.

From these five, Blott needs at least three with the ability and fight to supplement two of last season's regulars, Bill Kolesar and John Morrow.

Blott has had plenty of experience in fashioning rugged forward walls out of raw youngsters. He's coached lines on at least six Big Ten champion teams and his line last year was the main reason for Michigan's No. 1 defensive record in conference standings.

This year Blott's line looks like one of his best—strong and deep at guard, center and end.

But tackle, one of the hardest-hitting posts in the single wing, is still up for grabs.

Two youngsters showed last Saturday that they already had passed up the known favorites for the job and were leading the field at the present time. They are stocky 5-foot-11, 235-pound Lionel Sigman of Ann Arbor and lanky Jim Orwig, nephew of former Michigan end coach Bill Orwig.

Blott and coach Bennie Oosterbaan still are hoping for the tardy development of Big Ten shotput champion Dave Owen. Oosterbaan says, "Owen is fast and has good techniques, but he isn't coming along as fast as we had hoped. This sometimes happens."

Nevertheless, Owen, a 6-foot, 216-pound junior, is in his 1st year on the Michigan squad and has three years of eligibility to go.

Behind these three is an outstanding sophomore, Dick Heynen of Grand Rapids, and Jim Davies of Muskegon Heights.

Washington Senators Standing Between Indians Repeating 1954 American League Pennant Win

WASHINGTON (AP) — The Cleveland Indians put their 1½-game American League lead on the line tonight against a Washington team which swept the last three-game series the two teams played here.

A twi-night doubleheader tonight and a third game Wednesday night loom as a major obstacle to Cleveland's hope of repeating its 1954 pennant victory.

"If we get by Washington," said Cleveland Manager Al Lopez, "we ought to be in excellent position although it won't be a cinch."

* * *

The Senators are only a seventh place club, but they go into the series with a 12-7 lead over Cleveland in games this season. Washington won seven of the last nine between the two—including that series sweep Aug. 5-7.

By contrast, Washington trails every other club in the league—even the last-place Baltimore Orioles—and Cleveland, tied with Boston 11-11, holds a lead over each of the other five.

Vice President Calvin Griffith said the Washington team is "really eager" about the Cleveland series, and added:

"The boys figure they're going to knock the Indians off the top."

But it will be a matter of beating the Indians, not of helping the second-place New York Yankees, said Manager Chuck Dressen. He's hoping to do the same to the Yankees next week.

* * *

"I don't care anything about helping the Yankees," Dressen said. "That isn't the point. It would just give us satisfaction to make a good showing against Cleveland in this series and scramble the American League race again.

* * *

"Then we'd like to duplicate that when we play the Yankees next week."

The Indians, with Larry Doby back and others hitting better, may be harder to beat than the last time they met the Senators. Doby was on the injured list for most of the Indians-Senators games last month.

* * *

Lopez plans to use two of his best pitchers, Bob Lemon and Mike Garcia, tonight. The Senators are expected to call on Bob Porterfield and Mickey McDermott.

The Indians had no explanation for their poor showing against the Senators this year.

Bob Miller Has Yanks Guessing in Wonderment

Bucky Harris Selects Southpaw for Opener of 2 Game Series

NEW YORK (AP)—When 21-year-old Bob Miller was announced as the Detroit Tigers' pitcher for today, most of the New York Yankees looked at each other and wondered, "Who's he?"

Tiger Manager Bucky Harris, clean out of capable starters, nominated the 20-year-old left-hander to open the two-game series that could make or break the Yanks' dreams of the American League pennant.

* * *

They're a game and a half out with only 12 games to play. They've only broken even in 20 games with the fifth-place Bengals, so they don't face a push-over.

"We're not giving anything away," said Harris when eyebrows were raised at the thought of sending a boy on what looks like a man's errand. "If I find Miller doesn't have it, there'll be a full bullpen ready to pitch. I won't waste any time getting him out of there.

* * *

"Since he rejoined us last week from Augusta (Class A Sally League), he has looked very good loosening up. He's a better pitcher than he was when we sent him down in June. He has improved his curve ball considerably and that's what he needed."

"I remember him," muttered Casey Stengel of the Yanks as though he had more important things on his mind which he does. "He pitched a couple of innings of relief against us early in the season. He had good control for a kid. Looked like a prospect."

* * *

Steve Gromek would have gotten the starting assignment for the Tigers, but Harris apparently has given up on him. He hasn't pitched a complete game since June and has been battered out 12 times in a row.

Stengel, still shaking his head over the split with the first place Cleveland Indians Sunday, opened with Bob Turley on the mound. He said he would go with Don Larsen in the second game.

Andrews Defeated by Gene Fullmer

OGDEN, Utah (AP)—Gene Fullmer was looking for a rated opponent today after slugging his way to a unanimous 10-round decision over Al Andrews of Superior, Wis.

Fullmer, fifth-ranking middleweight from West Jordan, Utah, is aiming for a title bout with champion Bobo Olson—as soon as he can get a few more victories under his belt.

Cyclone Gene, weighing 159½ to Andrews 160, swarmed over Andrews from the opening bell last night and won at least eight rounds before an outdoor crowd estimated at 7,000.

Field Trial, Bench Show Scheduled by Fox Hunters

Michigan Fox Hunters Association wil hold its 11th annual Field Trial and Bench Show, Thursday through Sunday, Sept. 15-18, at Lapeer County Center.

Center building is located at 425 N. Elm St. in Lapeer, two blocks east of M21 at the M24 junction to Brinkly St. After turning right on Brinkly to the railroad tracks, arrows will lead the way.

Bench Show will start at 8 p.m. Friday in the Lapeer Center auditorium. George Hayes of Dixon, Ky. is the bench show judge. Field judges will be present from three states—Illinois, Kentucky and Michigan.

Hounds will be entered Thursday at 8:30 p. m. and cast at dawn Friday, Saturday and Sunday. Derby and all-age dogs will run together, but be judged separately. A large barn is available for stabling dogs.

A business meeting and election of officers will be held Thursday at 7:30 p. m. Present MFHA officers are James R. Abney of Davisburg, president; Virgil Williams of Royal Oak, vice-president, and William "Clay" Shaw of Pontiac, secretary.

Public is invited to the four-day show. There is no admission charge.

DeVette Takes Over as Hope Grid Mentor

HOLLAND (AP)—Russ De Vette is returning to Hope college for the fifth time—but it's a little different this time.

He's head football coach. In the past he was student, player and assistant coach.

De Vette is one of the state's two new coaches this season. The other is Herb Smith at Wayne University, and he isn't exactly new. Smith has coached Wayne before.

But De Vette will be getting his first crack at being grid boss. He has 21 lettermen to call on in an effort to better Hope's disappointing 3-6 record of last season.

"I honestly can't say how we'll be this season," De Vette said, quick to learn that rash statements in September can prove costly in November.

"I'll say this, though: our backfield is 50 per cent of the team. We are weak in the line because of inexperience at tackle and guard."

Backs Released on Colt Waivers

Rookie Leroy Vaughn, Veteran Zollie Toth Out; Scarbath Returned

BALTIMORE (AP)—Fullback Zollie Toth, a veteran of five years competition, and rookie halfback Leroy Vaughn were released on waivers today by the Baltimore Colts.

Vaughn is a former Virginia Union star.

* * *

The release of Toth leaves Dick Young and Alan Ameche to handle the fullback spot.

Last night the Colts announced that quarterback Jack Scarbath was being returned to the Washington Redskins.

* * *

The Colts accepted Scarbath conditionally. They were to have given Washington one of their high draft choices if Scarbath was kept.

Chicagoan Turns in One-Hitter in ABC

BATTLE CREEK, Mich. (AP)—John B. Ozich held Battle Creek Archway, Mich., to one hit last night in pitching Chicago to a 6-2 victory in the final game of the third round of the Eastern playoffs of the American Baseball Congress.

* * *

The hit was a home run by Howard Fryman with no one on base in the fourth inning.

Jack Massucci accounted for five of Chicago's runs, including two homers that netted four allies.

Other results (third round):

Battle Creek Behnke Mich., 4, London, Ky., 3 (eliminated) Knoxville, Tenn., 12, Menominee Falls, Wis., 0 (eliminated); Pittsfield, Mass., 4, Perrysburg, Ohio, 1; East Chicago, Ind., 5, Oates, S.C., 2 (eliminated).

Midget Football Starts Saturday at Wisner Field

Program for Grades 5-7 Runs 6 Weeks; Boys End With All-Star Show

Ninth annual midget football program, sponsored by Pontiac Parks and Recreation Department in conjunction with the Board of Education and the Junior Chamber of Commerce, starts Saturday, Sept. 17, at Wisner Field.

This program will run for six consecutive Saturdays, climaxed by a Midget All-Star night on Saturday, Oct. 22.

Midget football program is designed for 5th, 6th and 7th grade boys. All 5th and 6th graders are eligible who have not attained their 13th birthday by Nov. 1 of this year and who do not weigh more than 100 pounds.

Junior High School 7th grade boys will have their age and weight classifications determined after they have been checked and registered at Wisner Field.

All boys who participate regularly in the Saturday morning programs of instruction and play in the basic fundamentals of football will take part in the All-Star program under the lights at Wisner Stadium.

Elementary 5th and 6th graders will begin their gridiron activity Saturday at 9 a. m. Junior High boys will report at 11 a. m.

All players must furnish their own helmets and shoulder pads. Football shoes cannot be worn—only tennis shoes or sneakers are allowed. Instructors will check all equipment before a boy is permitted to play.

Every boy participating in the midget football program must have written permission from his parent or guardian. Permit cards can be picked up at Wisner Field this Saturday when the boys report for opening play.

Vejar-DeMarco Go May Give Title Shot

BOSTON (AP)—Welterweights Tony DeMarco and Chico Vejar will be fighting for a possible title bout with champion Carmen Basilio in their 10-rounder at Boston Garden tomorrow night.

The fight is booked for national television (ABC, 9 p.m. EST) with New England blacked out. The bout will be broadcast (ABC) with no restrictions.

DeMarco, the ex-champ, is a 2-1 favorite.

Upsets Sideline Stars in US Amateur

RICHMOND, Va. (AP)—Two winners whose names never will appear on the scoreboard already have made a deep impression on the upset-riddled National Amateur golf championship.

They are Connie and Diane, a couple of hurricanes that lumped tons of water on the Country Club of Virginia's James River Course last month and left the greens an enigma to the 200 competitors in the Amateur, which began yesterday.

* * *

As a result of this drenching and the uncertain putting conditions, form went out the window in yesterday's opening round and two ex-champions, Charley Coe and Dick Chapman, crowd-pleasing Joe Patton and a whole flock of other players who figured to do well wound up on the sidelines.

* * *

Most of them—even the winners—blamed the greens for the first day's wreckage of form. The torrential rains last month left the greens in bad shape. In an effort to bring them around, they were clipped, rolled and given a top-dressing just before the tournament opened and they were slick and hard for the first round. The result was a lot of high hopes that vanished with three putts.

"Those greens were awfully slick. You couldn't put a shot up there and have it stick anywhere near the pin," said Jimmy McHale, one of the few favorites who came through.

* * *

Walker Cup captain Bill Campbell, another winner, noted the greens on the back nine were faster than those on the front side, and others compained of their inconsistency.

The biggest sufferer probably was Patton, the colorful, talkative North Carolinian who scrambled his way to prominence last year. Erratic always, Billy Joe three-putted his way out of the tournament in an extra hole match after saving himself on the 17th and 18th.

Patton's conqueror was George McCalliser, 45-year-old ex-pro from Los Angeles whose best previous performance was going to the final of the 1944 North and South Amateur championship.

* * *

In addition to Patton, Coe and Chapman the first round saw the last of such players as Don Bisplinghoff, the big Florida kid who went to the quarter-finals of the British Amateur and the finals of the French Amateur last spring; Dr. Ted Lenczyk, a semifinalist last year; and ex-college aces Jimmy Vickers and Eddie Merrins.

There were a couple of notable victories, of course, and one helped set up what looks like the No. 1 event in today's 64 second round matches.

Slender, graying Bob Sweeny, runner-up to Arnold Palmer in last year's championship and winner of the British Amateur in 1937, played even par golf to close out Tom Pritchard of Washington 7 and 6. He was one of the few who came close to James River's par of 35-35—70.

* * *

Today Sweeny tackles Willie Turnesa, the 1938 and 1948 champion, in a fourth quarter headliner. Turnesa, like other such "name" players as British champion Joe Conrad, favorite Harvie Ward, Walker Cupper Bruce Cudd and Tam O'Shanter "World" champion Doug Sanders, drew one of 56 first round byes.

FOUR FROM STATE SURVIVE

Four Michigan golfers moved into the 2nd round while three others were eliminated. Glenn Johnson of Gross Ile, 1954-55 state amateur champion, defeated Anthony Cullinane of Bethesda, Md., 3 and 2. Ray Palmer, also of Grosse Ile, downed Robert Kuntz of Larchmont, N. Y., 2-up.

Tom Draper from Red Run bested Robert R. Reilly of West View, Pa., 1-up after 19 holes, while Bill Nettle of Pine Lake advanced with a 2-up victory over William H. Williamson of Charlotte, N.C.

Michigan casualties were Detroit's Tom McMahon and Jim Funston and veteran Harold Brink of Grand Rapids.

POWER — Here's a sample of what eventual winners of American League pennant will see when they meet the Brooklyn Dodgers, National League winners, in the forthcoming World Series. Batter is Brooklyn catcher Roy Campanella. Roy is currently batting .327, second only to league leader Ritchie Ashburn with .338.

Barbers Here Sept. 21

After enjoying their own Oakland County annual Barber's Golf Tournament for many years, area barbers have been influential in securing a state Barbers tourney this year.

The 36 hole event will be held at Glen Oaks Sept. 21, with some 50-75 registrants participating, chairman Pere Secord said today.

The tourney is open to anyone holding a state barber's license, Secord said, and post registrations will be accepted at the club before the 8 a.m. starting time.

Included in the activities will be a driving contest, pitching and putting tilts, and a senior men's division for those players 50 and over.

Trophies and awards will be made for each winner.

"We hope to get players from Ann Arbor, Jackson, Saginaw and Flint," Secord said. Registrations may be made at 580 W. Huron St.

A former Oakland County Barber's tourney winner himself, in 1950, '51 and '52, Secord is being assisted by Everett Arthurs, of Bloomfield Hills 1953 and '54 winner, and Joe Vejack of Royal Oak. The American Federation of Labor's International Barber's Assn. is also lending a helping hand.

"This is the 1st year we have had the state tournament, and we hope a large enough turnout arrives to make it a success," Secord added.

Those who lay down the clippers for the wedge and 3-wood will have to face Jack Gundry, Birmingham's winner in the 1955 county tournament recenty held at Edgewood.

Gundry posted a 176 for the 36 holes, as 35 barbers left their chairs to battle for the local honors.

Secord emphasized that barbers are eligible, regardless of lack of union affiliation.

Bowling Clinic

By BILLY SIXTY

There are certain fundamentals that are simple, yet they lay the groundwork to sound scoring. While it is true that few bowlers look exactly alike, all the top-flighters have one thing in common: They put the ball into swing by pushing it outward, forward, toward the pins.

This action begins, as the sketch shows, by holding the ball in the palm of the left hand as they take their stance or starting position. By palming the ball, the hand is fitted (fed) into the thumb and fingerholes in exactly the same position each time.

Note that the right elbow is close to the side so that, in stride, the ball will swing straight back in a perfect groove. Good bowling is built on smooth footwork, coordinated with the swinging ball, as subsequent articles will illustrate.

Batting Champions of 1955 Not Playing on Top Teams

NEW YORK (AP)—Unlike last season, the major league batting champions this year probably will not be members of the pennant-winning teams.

As the campaign heads into its final two weeks, Al Kaline of the fifth-place Detroit Tigers paces the American League with a .340 average while Richie Ashburn of the fourth-place Philadelphia Phillies heads the National League with .338.

* * *

In 1954, Willie Mays of the New York Giants and Bobby Avila of the Cleveland Indians captured the batting titles while helping their clubs win pennants.

Kaline slumped eight points in last week's games however, Al Smith of Cleveland and Vic Power of Kansas City, Kaline's closest pursuers, are well in back of the Detroit star in a deadlock at .312.

Roy Campanella of Brooklyn lost considerable ground to Ashburn last week. He dropped four points to .327 while Ashburn gained five points with 11 safeties in 25 trips.

* * *

Ted Kluszewski of Cincinnati continues to lead the National League in homers with 45, although the race has by no means been decided. Ernie Banks of the Chicago Cubs and Mays are next with 43 while Duke Snider of Brooklyn is fourth with 42 four-baggers.

Mickey Mantle of the Yankees heads the American League with 37.

4 Game Baltimore Series Crucial One for White Sox

BALTIMORE (AP)—The Chicago White Sox, still in the fight for the American League pennant, invade Baltimore tonight for a crucial four-game series that will figure heavily in their chances of posing out Cleveland and New York.

* * *

Their record against the lowly cellar-dwelling Birds is far from impressive. They've won only 10 of the 18 contests with Baltimore, a team which has lost 93 league games against 45 victories.

Paul Richards' Orioles have consistently played their best baseball against Chicago for reasons unknown.

The Birds have a better winning mark in Sox contests than they can show with any other team in the league except Washington.

Manager Marty Marion figures he can win the close flag race by taking 10 out of 12 remaining games.

Marion is pitching Jack Harshman (10-7) and Virgil Trucks (13-7) in today's twi-night doubleheader and will offer Billy Pierce and Dick Donovan in tomorrow's twin bill.

* * *

Before leaving Boston Monday, Marion said if the White Sox can sweep the Baltimore series, "We'll be in pretty good shape and I think we'll have a chance."

Attendance Lower, but Betting Climbing

SARATOGA SPRINGS, N.Y. (AP)—Attendance was down from last year but pari-mutuel betting was up at Saratoga Raceway's 65-night summer meeting.

The harness-racing track yesterday reported a total turnout of 248,981 for the meeting, 12,775 below the number that attended 70 nights of summer racing in 1954.

However, the betting handle, swelled by nine-race programs, rose from last year's $8,946,194 to $9,039,716.

Miracle Material to Take Many Forms in U. S. Homes, Industries Next Year

NEW YORK (AP)—American companies are tooling up to produce a new synthetic material called plyurethane which promises to find its way into your everyday life in short order.

* * *

You'll see it in the shape of flexible foam in powder puffs, carpet pads, seat covers, toys, sponges and many other articles.

In other forms it will be used as insulation in refrigerators, as structural elements in building, as filler for airplane wings, as wire coatings, mar-proof paints and adhesives.

It may even make the 100,000-mile automobile tire possible, say the men who make the basic materials.

Last year, Bayer and Monsanto formed Mobay Chemical Co. to introduce the material to the U.S. Mobay currently is building a plant to manufacture isocyantes and polyesters—the basic materials—at New Martinsville, W. Va.

Licensees of Mobay include Sheller Mfg. Co. and such rubber companies as Sunlop, Goodyear and Dayton. Before Mobay was formed, Bayer had licensed Goodrich, General Tire and Curtiss-Wright. Thsee firms are expected to have commercial products based on plyurethane on the market in quantity early next year.

Special machinery is vital. Within three seconds after the chemicals are combined, foaming action starts and the entire action—an expansion in original volume by 40 times—is completed in about 30 seconds.

It is simple to launder, resists all commonly-used cleaning solvents and is not affected by air or sun.

* * *

Allied Chemical officials say that plyurethane has this advantage: by changing the formulation, you can get varying degrees of lightness, flexibility, rigidity or resilience, a fine or coarse-grained foam, open or closed pore structure. Besides that, the material can be colored.

About 75 per cent of the current consumption of gasoline is used to move ordinary traffic along America's paved city streets and the network of intercity highways.

Lincoln Motors Announces New Model Increase

DETROIT (AP) — Lincoln Motors, first of the car makers to disclose its price tags for 1956 models, today announced increases ranging from $10.90 to $243.90 on the new 1956 model Lincoln Capri cars.

The smaller increase is on the coupe and the larger on the four-door sedan.

With the increases the suggested list prices of the Capri series start at $3,735 for the coupe and range up to $3,821 for the four-door sedan.

The new cars go on dealer display in some areas tomorrow and in others on Sept. 16. The cars are powered with a new 285 horsepower V-8 engine. Power steering and windshield washers, optional on 1955 models, have been standard on both the Capri and Premiere series.

Also standard are new deep center steering wheels, safety door locks, safety (non-shattering) mirrors and non-reflecting instrument panels.

Chrysler Aims at 20 Per Cent

Colbert Sees Demand Strong in Race for Fifth of All Sales

By DAVID J. WILKIE

DETROIT (AP)—L. L. Colbert, president of Chrysler Corp., said today the record number of cars sold so far this year is not a temporary phenomenon, that there is "every reason to expect a continued high level of demand."

He made the statement at a press preview of Chrysler's 1956 line of Plymouth, DeSoto, Dodge, Chrysler and Imperial cars, at the corporation's proving ground near Chelsea.

Colbert noted that during the first seven months of 1955—before it started the model changeover—the corporation had accounted for 18.1 per cent of the industry's output. At the same time, he said, its retail sales also were 18.1 per cent of the industry total.

(Chrysler wound up 1954 with around 12 per cent of the industry total in output and sales.)

Colbert said that including the month of August when model changeover cut into production Chrysler's production for eight months this year was 17.3 per cent of the industry total and its retail sales 17.7 per cent.

"Last year," he said, "I told you we were shooting for 20 per cent of the market and that when we hit that target we would raise our sights. That still goes. The target we set then is still the target for this company. In the past year we have made some good gains. But we are far from satisfied. We are out to get 20 per cent of the automobile business and more."

Colbert disclosed it cost approximately 175 million dollars to develop and put the corporation's 1956 model cars into production. This was in addition to an expenditure of 130 million this year for new plants or engineering facilities, he said.

Earnings

AKRON, Ohio (INS) — Firestone Tire and Rubber Co. reported today net income for the nine months ended July 31 of $37,584,918, equal to $4.62 a common share. This compared with $28,314,009, or $3.51 a common share, in the same period last year. Sales set a new record at $804,542,173 as against $688,033,661 in the comparable 1954 period.

NEW YORK, Sept. 13 (INS) — J.P. Stevens & Co., Inc. announced net income for the nine months ended July 31 of $5,765,085, equal to $1.45 a common share. This compared with $2,202,079, or 56 cents a common share, in the same period last year. Sales increased to $230,425,800 from $203,066,309 in the 1954 period. For the quarter ended July 31, net income amounted to $1,647,855, or 41 cents a common share, as against a net loss of $376,538 a year ago.

CHICAGO (INS) — Montgomery Ward & Co. announced net income for the six months ended July 31 of $11,771,690, equal to $1.70 a common share. This compared with $12,401,602, or $1.80 a common share in the same period last year. Sales totaled $423,092,027 as against $401,321,602 in the initial half of 1954. John A. Barr, chairman, said part of the decline in profits was caused by the proxy contest earlier this year. He placed the cost to the company at $692,250.

Report Causes Wheat Tumble

CHICAGO (AP)—A government report on impoundings on 1955 crop wheat under the loan brought an end to the current wheat price rally on the Board of Trade today.

Wheat fell for losses extending to more than a cent in quite active dealings. Impoundings under the loan were considerably less than the trade had expected.

Other cereals did not follow the trend in wheat. Corn was quite firm and rye inched higher. An irregular trend prevailed in soybeans and oats.

Wheat near the end of the first hour was ¼ to 1 cent lower, September $1.96¾; corn ⅞ to 1⅛ higher, September $1.28¾; oats ⅛ lower to ¼ higher, September 57; rye unchanged to ¼ higher, September $2.22½, and lard 2 to 13 cents a hundred pounds lower, September $10.07.

A local delegation is attending the 41st annual convention of the Michigan Real Estate Assn. at the Grand Hotel on Mackinac Island this week.

They include Bruce J. Annett, president of the MREA and Mrs. Annett; P. T Smith, president of the Pontiac Real Estate Board, Edward A. Maier, the board's secretary; Mrs. Thelma M. Elwood, Mrs. Ellen K. Gantzer, Floyd Kent and John K. Irwin.

National speakers in the real estate field are included on the program.

National Assn. of Medical-Dental Bureaus will convene for its 17th annual convention at Atlantic City next Monday through Wednesday.

Professional Service Bureau, the only NAMDB member in Oakland County, will be represented by John Meddaugh, who will exchange ideas for better bureau operation with more than 300 associates from throughout the nation.

Chevrolet Expands Lead Over Ford

DETROIT (AP)—Chevrolet is continuing to expand its lead over Ford in new car registrations.

Figures tabulated for this year's first seven months showed the big General Motors division registered 905,912 new passenger units throughout the United States in this year's January - July period compared with Ford's 884,300 Ford passenger cars.

Ford led through most of this year until figures were tabulated through June.

The January - July figures also show Buick holding tightly to third place in new car sales with 446,441 registrations against Plymouth's 402,209.

Price of Copper Rising

NEW YORK (INS)—Metal industry circles reported today that copper fabricators have paid as much as 51 cents a pound for copper. This is sharply above the official domestic quotation of 43 cents a pound. The higher price was attributed to a tightening of supplies as a result of the walkout of Atlantic coast longshoremen. This has prevented unloading of foreign copper urgently needed by U.S. industry.

Pontiac Guardsmen at Training Course

Two members of the 107th Ordnance Battalion, one of Pontiac's National Guard Units, are attending an 8-week basic military training course at Ft. Leonard Wood, Mo.

The men, Pvts. Charles J. Spain, of Auburn Heights, and John U. Tatu, of Lake Orion, left here Saturday and are scheduled to return Nov. 12.

Part of a Guard speedup program, the course allows men with less than a year's service to undergo basic training in a short period so they can participate in full-scale unit specialized training at home.

Golf Outing Slated

Pontiac Life Underwriters will hold their annual golf outing at Sylvan Glen Golf Club Wednesday afternoon.

Metals, Motors Raise Market

NEW YORK (AP) — Metals and motors combined to send the stock market higher today in early dealings.

Prices were up around 2 points at the best while losses went to about a point.

* * *

Trading was brisk, and the tape lagged momentarily shortly after the opening in reporting the flood of transactions, the first time the tape has been late in many weeks.

Coppers, aluminums, steels and automobiles were just about alone among major divisions to rise. The railroads were mixed while aircrafts were definitely lower. Chemicals were quietly mixed.

* * *

U. S. Gypsum, up 29½ yesterday on a proposed five-for-one stock split, added another 10 points at the most today at 335.

Show to Mirror This Century

'Nightmare in Red,' the First Program, Is Due November 13

The Pontiac Division of General Motors Corp. has bought NBC's "Project 20," which the network describes as one of the most ambitious undertakings in television history.

* * *

"Project 20," named after the century in which we live, will be on the air at regular intevals, starting in November, in prime evening time to be pre-empted by NBC. The first program, "Nightmare in Red," will be telecast Sunday, Nov. 13, from 9 to 10 p.m., EST.

Henry Salomon, who made the award-winning "Victory at Sea" for the network, will produce "Project 20." He will have with him the same production unit responsible for the earlier series.

Robert W. Sarnoff, NBC's executive vice president, stated, "We are gratified to have Pontiac pioneer in this new type of TV programming. Pre-emption of prime evening hours will assure maximum viewership for 'Project 20,' a large-scale plan that will attempt to give 20th Century man a chance to take a long look at himself and the world in which he lives.

* * *

"Each separate program will be a self-contained unit, yet will be part of a composite drama of our age that will, we hope, add to man's understanding of man."

DRAMAS SLATED TOO

Pontiac also will sponsor a full-hour dramatic program seires on NBC-TV to be telecast on alternate Tuesdays from 8:30 to 9:30 p.m., EST, starting Oct. 4.

* * *

Salomon will write the "Project 20" scripts with Richard Hanser. Robert Russell Bennett will compose and conduct the original orchestral scores. Isaac Kleinerman will be film editor. Donald Hyatt will be assistant producer. All were with "Victory at Sea."

The first three "Project 20" shows will be "Nightmare in Red," "The Jazz Age" and "The Rise and Fall of a Dictator." Among the others to follow in this series will be "Austria" and "Three, Two, One—Zero."

"Nightmare in Red" will be the drama of Russia in this century, the Russia that changed the world by bringing communism into practice. The story will be told with film, most of which has never been seen in this country—footage derived from 76 different foreign and domestic sources, some from behind the Iron Curtain, some from Czarist archives.

The drama will re-create the splendor of the imperial court, the shattering impact of the Russian revolution, the whole spectacle of a society in upheaval.

ALLEN TO NARRATE

"The Jazz Age," an authentic reconstruction of the extraordinary 1920s will have Fred Allen as narrator. It will draw upon more than 100 different film sources in its coverage of the period from the end of World War I to the great crash of '29.

* * *

"The Rise and Fall of a Dictator" will re-create the story of Adolf Hitler. Through this story, told in film hitherto impounded in the vaults of the Third Reich, the program will seek to dramatize the convulsion that threw Germany and with it most of Europe, back into the Dark Ages.

It will attempt to portray what makes a dictator, what makes a nation yield to one, and what happens to a nation that does yield.

Pontiac Motor Division of General Motors is represented by McManus, John & Adams, Inc., of Bloomfield Hills.

Tremor Shakes Algiers

ALGIERS, Algeria (AP)—A fairly strong earth tremor shook this North African city of 400,000 persons today.

MR. "E" MOVES UP — Samuel Clark Waugh, State Department economic chief and former Lincoln, Neb. banker, cleans out his desk in Washington. Mr. "E" (for economics) moves to head the Export-Import Bank on Oct. 4. He will administer the world's biggest financial institution.

Samuel Waugh Appointed Import-Export Bank Head

WASHINGTON (AP)—Samuel Clark Waugh, a genial, stocky, red-haired fellow, doesn't look at all like the popular caricature of banker.

But he's been in the banking business for more than 40 years, and on Oct. 4 he becomes head of one of the world's biggest financial institutions — the government's Export-Import Bank.

* * *

Waugh has a smile as expansive as a corn field in Nebraska, the state where he made his banking reputation. He talks about economics as simply as men discuss weather and crops.

He served for years on various key trade committees of the American Bankers' Assn. and the U.S. Chamber of Commerce. Since becoming the State Department's economic chief on June 4, 1953, he has traveled 125,000 miles as a government trade expert.

MR. "E"

Around the State Department he is known as "Mr. E" —for economics.

"Military and political alliances are important and fundamental," he says, "but they are built on sand unless they have sound economic foundations."

Waugh is to succeed retired Maj. Gen. Glen Edgerton, noted as an Army engineer and administrator, as head of the Export-Import Bank. The bank presidency pays $17,500 a year — a modest salary for an institution with lending authority of five billion dollars. Like Edgerton, Waugh will make a financial sacrifice to serve in the post.

* * *

Waugh was born in Plattsmouth, Neb., April 28, 1890. He looks like a man of 50, rather than 65, but obviously is not the trim athlete who made something of a name in basketball, baseball and football at University of Nebraska.

He went to work for First Trust Co., Lincoln, Neb., July 1, 1913, and has been with the bank ever since. He resigned as president and obtained leave as a director to become assistant secretary of state for econmic affairs in 1953.

* * *

He likes baseball, often sees the Washington Senators play. Occasionally he plays golf. "I try to break 90 but don't do it."

The Waughs have two daughters and a son, all marrier, and 10 grandchildren.

Says Red Farm Adoption Faulty

MSU Head Tells Agents Soviets May Discover Vital Point Missing

EAST LANSING (AP)—Pres. John A. Hannah of Michigan State University, said today Russia may find it is not enough to adopt American farming methods and machinery to improve its food production.

* * *

He told 1,200 persons attending the National Association of County Agricultural Agents' Convention that Russian farm leaders who recently visited the United States may have missed the point in their interest in American farming methods and machines.

If they failed to see the farmer's success was due to his "initiative and self-reliance then they may be sorely disappointed when the American methods and machines they copy fail to produce for them the results produced in our country," Dr. Hannah said.

Peace and prosperity, he said, are not to be had by exploiting the weak and helpless "but by making it possible for the little man, the common people, to improve their way of life."

Today Raymond C. Firestone, executive vice-president of the Firestone Tire & Rubber Co., declared that more promotion and distribution of farm products to needy nations is the solution of the farm surplus problem.

"Why is it," Firestone asked, "that so many people in the world have to suffer undernourishment while we juggle with a great national problem in the disposal of mountainous stores and food that we, ourselves, cannot consume?"

* * *

Firestone said "It seems to me there is something seriously wrong when there are people, especially helpless children, who have to exist on a borderline of starvation while we struggle with our surplus problem. And I think we can do more to get people on our side by putting food into their mouths instead of guns in their hands."

There are about 1,200,000 high school graduates in the U. S. annually.

Send Anti-Polio Funds to 7 Michigan Counties

LANSING (AP) — The national Foundation for Infantile Paralysis today sent $52,100 in emergency aid to seven Michigan chapters.

Counties receiving aid are: Delta, $6,200; Eaton, $5,800; Kalamazoo, $6,700; Kent, $14,000; Manistee, $2,700; Newaygo, $7,200, and Van Buren, $9,500.

The latest grants boost to $271,800 the amount of emergency aid sent to Michigan chapters by the National Foundation so far this year.

Only California, which has received $292,000, has received more emergency funds, the foundation said.

While Girding U. S. for Chemical War, Scientists Convert Finds for Home Use

AP Science Reporter

MINNEAPOLIS (AP) — Chemical science girding for war has brought you great peacetime dividends, from insect control to cancer treatments, a scientist said today.

* * *

An unusual account of these benefits, from just one phase of wartime science, was given today to the American Chemical Society by Dr. C. B. Marquand, Army Chemical Corps advisory council, Army Chemical Center, Md.

For years the Chemical Corps has been engaged in intensive studies of weapons for — and defenses against — chemical, biological and radiological warfare, he said.

Many of its discoveries or developments have been put to peacetime use. A partial list, said Dr. Marquand, runs like this:

Aerosol bombs to kill insects or spread shave cream or deodorants or hair lacquer. Drugs for epilepsy turned up in a search for controls of convulsions from exposure to nerve gases. Chemical clues to protect you from accidental exposure to deadly doses of certain insecticides. Paints to keep ship bottoms free of barnacles.

* * *

Use of a war gas, chloropicrin, to control soil-borne fungi or bacteria or weeds or as a fumigant in mills, cereal bins and ships. Gas masks to protect against carbon monoxide and tear gas, or smoke threatening firemen.

Flame throwers to kill weeds. Equipment to broadcast "fogs" of insecticides. Sprayers for weed killers or plant-growth regulators, or to dose cattle with DDT. Smoke pots to protect crops from frost.

* * *

Studies contributing to development of drugs — based on the wartime poison gas nitrogen mustard — which are helpful against the blood cancer leukemia. Filters to take bacteria from water. Spraying crops from airplanes. A safe method for fumigating ships. A new type of dosimeter to tell you how much radiation you may have been exposed to. Contributions to a vaccine against the dangerous disease anthrax.

Last year alone there were nearly 177,000 forest fires in the U.S.—500 a day! They burned a total area larger than the states of Massachusetts, Connecticut and Rhode Island combined, at a cost of one billion dollars. The terrible thing is that 9 out of 10 of these fires could have been prevented if folks had been more careful with cigarettes, campfires, etc. Remember—only you can prevent forest fires!

Hal Boyle Says:

Offers Disarming Answer to Disarmament Problem

NEW YORK (AP) — The Pavement Plato writes an open letter to President Eisenhower and Soviet Premier Bulganin:

* * *

Both you gentlemen would like to end the worldwide arms race. Well, I've figured out a new and disarmingly simple way to achieve disarmament.

You let Russia disarm the United States, and the United States disarm Russia.

Wait now! Don't throw away this letter unread. The idea isn't quite as weird as it sounds.

A STORY

Let me illustrate my disarmament theory with a story:

Once upon a time a poor Texas oil man, who had sent his air-conditioned Cadillac into town to have a dented gold fender replaced, sought to buy a horse on which he could carry his day's earnings from his ranch to the nearest bank.

As prosperity had caused the elderly Texan to lose his boyhood skill in the saddle, he wanted the safest, tiredest, slowest horse he could find.

* * *

Two Indians, Bearhead and Eaglefoot, showed up with mounts for sale. Each swore by the Great White Father that his horse was the slowest thing since Pegasus wore pinfeathers.

Now which Indian was telling the truth? The wily old oil man, trusting neither, thought and thought, finally said:

"The only way to find the slower horse is to have a race, boys. But if you ride your own horses you'll both be trying to lose, and a frog'd hop past you both. To keep everybody honest, suppose you boys just ride each other's horse."

Naturally Bearhead, wanting his own horse to lose, spurred Eaglefoot's horse as hard as he could. And Eaglefoot, to prove his horse was slower, had the problem of whipping Bearhead's horse across the finish line first.

They say it was the darnedest race ever held in Texas. But the oil man had no problem. The losing horse was the slower one. He bought him and rode him to the bank without even pausing to get him air-conditioned.

* * *

How does this tale apply to the international armament race? Easy. Instead of fidgeting around seeking a formula by which each nation can be trusted to disarm itself, why not simply agree to let all the suspicious nations disarm each other at the same time?

YOU, BULGANIN

You, Premier Bulganin, pick your top military leaders and 1,000 trusted muscular Communist commissars armed with crowbars, and send them to Washington. You, President Eisenhower, pick your top military chieftains and 1,000 crow-bar carrying muscular Republican officeholders — including maybe a scattering of loyal Democrats to keep it bipartisan — and send them to Moscow.

* * *

The other Allied countries and nations in the Soviet would similarly exchange wrecking crews.

At a given signal these thousands of crowbars would go to work. Each crew would fan out across the potential enemy's countryside trying to destroy its military strength as fast as it could—beating up jet planes, tanks, gun stores, arsenals, atom bomb dumps, and purely defense factories.

What a disarmament race! Daily progress reports on the extent of destruction would fly between the capitals, with each leader urging his crew in the other country to whack harder with its crowbars and raise its boxscore.

* * *

Would this program work? Never mind the cannon, gentlemen. In six months, East or West, there wouldn't be a cap pistol left in firing condition.

The only remaining problem would be to disarm the wrecking crews. That wouldn't be hard. They'd be glad to toss away their crowbars.

Peace would reign, for a while at least, in a world disarmed. We could turn the Moscow War Office into a vodkar bar and the Pentagon into the world's largest hot dog stand.

* * *

Shall we give it a try?

Sincerely,
The Pavement Plato

Episcopalians Debate Site of '58 Congress

HONOLULU (AP)—Racial segregation today appeared the big issue before delegates at the Protestant Episcopal Church convention in selecting a site for its next convention in 1958.

* * *

The issue arose yesterday when the Joint Committee of Bishops and Deputies met to consider invitations from Miami Beach, Fla., and New York.

The present convention was shifted from Houston, Tex., to Honolulu because of segregation in Texas.

Supporters of Miami Beach said there would be no segregation between Negroes and whites. New York supporters said they had the facilities and no segregation problem.

* * *

The House of Deputies quickly approved yesterday a $6,807,947 budget for each of the next three years. It represents an increase of nearly one million dollars over the current budget.

Ohio Official Planning Reciprocity Meetings

COLUMBUS, Ohio (AP) — Robert Moulton, chairman of Ohio's reciprocity board, says he hopes to arrange meetings with similar boards in Michigan and Illinois to negotiate new motor vehicle agreements.

"I haven't been able to get them (the meetings) set up yet but hope to arrange one or both of them for this week," said Moulton.

Ohio last week carried out its promise to cancel motor vehicle reciprocity agreements with most states. These were states which declined to amend the agreements to exclude Ohio's axle-mile tax from the provisions.
