

Humphrey Predicts Balanced Budget

Estimate 30,000 Unfit Drivers in State

Pontiac Police Find 31 Illegal Motorists Here

Central Violations Files in Lansing Incomplete, Says Official

Secretary of State James M. Hare said today there are probably 30,000 Michigan motorists who should not be driving.

Hare made the estimate in Lansing while commenting on the report of Sen. William S. Broomfield (R-Royal Oak) that 15 motorists in one Oakland County community have racked up 145 violations.

"This would indicate that these 15 motorists are, in all probability, dangerous drivers on the highway, and should be called in for re-examination and possible suspension or revocation of their operators' licenses," Hare said.

Meanwhile, the Pontiac Police Dept. Violation Bureau revealed yesterday that out of the 255 persons whose operators licenses have been suspended or revoked since the first of the year, 31 have been apprehended while driving illegally.

FOLLOWS SURVEY

The bureau's report followed a survey by the Automobile Club of Michigan which indicated that half of the Michigan drivers whose licenses have been "lifted" by the state continue to operate vehicles illegally.

Police Chief Herbert W. Straley said he believed the survey to be correct and that the solution lies in imposing more severe sentences on such violators.

Oakland County Sheriff Frank W. Irons said:

"I believe the judges are doing a fine job in handing out the stiffest possible sentence, and this should continue."

Present law calls for a sentence ranging from 2 to 90 days in jail and/or a \$100 fine the first time a driver is caught with a suspended license.

The same offense a second time becomes a high misdemeanor and calls for examination in Municipal Court and trial in Circuit Court. A one-year sentence can be imposed upon conviction.

A driver's license may be taken for two years after two or three convictions for drunk driving, according to Homer G. Gerue, assistant Oakland County prosecutor. A license can be disapproved for a motorist for reasons of habitual negligence or if he is a habitual drunk, Gerue said.

Sheriff Irons said he believes persons with suspended licenses continue to drive because they feel they will not commit a violation or so would not have to produce a license for an officer's inspection.

FILES NOT COMPLETE

In Lansing, the secretary of state said the state's central files contain less than one-third of the probable 1,700,000 tickets issued in the course of a year.

A serious shortage of personnel and filing space are responsible, he said.

"It is conceivable that, if we had a dependable records system, we would find that we have as many as 30,000 motorists on the road who either should have never received their original license or who should be brought in for re-examination," Hare declared.

Earlier, Hare presented Governor Williams with a 12-point highway safety program. The governor is now reviewing the plan, with an eye toward submitting it to the Legislature at a special session.

Una Chooses Her Airman; They're on 'Honeymoon'

DELAKE, Ore. (AP)—Airman Daniel Schmidt and his wife, Una, were enjoying what they called their "first honeymoon" at a coastal resort cottage here today.

Schmidt, 23, and Una, 20, were reunited in Portland late Wednesday, nearly a week after he had filed suit for divorce in Red Bluff, Calif. He came home recently after 2½ years in a Communist Chinese prison camp and was told she had remarried.

He agreed to a reconciliation in a telephone call from his wife in San Jose, Calif.

He sent her plane fare and she arrived at the home of his mother Mrs. Ray Peters in Portland, about 90 miles northeast of here. After spending Wednesday night there they drove here, not disclosing their destination.

The Associated Press located them last night in a cottage off beautiful Devils Lake and Schmidt said, "We are very, very happy."

"We have no definite plans. We're just going to enjoy ourselves for awhile."

Schmidt said he was overjoyed to see his son Daniel Jr., 3, for the first time. The child was born while he was overseas. Una brought him from California to Portland, where he remained today with Schmidt's mother.

Una's mother, Mrs. Walter Ferguson, who accompanied Schmidt from California for his reunion with his mother Tuesday, left last night by bus for her home in Red Bluff. She said she left her car, in which they made the trip, so that Danny, Una and the child could visit her.

Mrs. Ferguson denied she ever had urged Schmidt to divorce her daughter.

"I prayed to God the whole 32 months Danny was gone that they would be united again," she said. Schmidt and Una had been married only a few weeks before he was sent overseas as a B29 crewman in the Korean War and was shot down and captured.

Both said their reunion was the first honeymoon they ever had had.

Hurricane Edith Seen Growing

Fifth Storm of Season Still Churning Far Out in the Atlantic

MIAMI, Fla. (AP)—Hurricane Edith, fifth of the year and third this month, churned far out in the Atlantic today and weathermen predicted it would grow in size and intensity.

Still small as hurricanes go, Edith had winds of 75 miles an hour (hurricane force) or more over a small area near the center after two days of whirling in the open sea.

Weather forecasters said it was too early to predict what course Edith might take once she reached maturity. A weather forecaster predicted the storm would have winds of about 125 miles an hour by tomorrow.

Last night Edith was within 100 miles of the area where Hurricane Diane was plotted Aug. 12. Diane, sweeping northward five days behind Hurricane Connie, lashed the populous Northeastern states with torrential rains, causing damage estimated at \$1,600,000,000 or more.

And in New Orleans, the Weather Bureau today warned of a low pressure area in the middle Gulf of Mexico carrying squalls and winds of 20 to 30 miles per hour toward the Louisiana coast.

The bureau issued the following advisory this morning.

Warmer Weather Seen for Weekend

The weekend weather outlook is for mostly fair skies and somewhat warmer temperatures, although widely-scattered showers may dampen some areas Sunday.

The U. S. Weather Bureau forecasts temperatures ranging from 5-10 degrees above normal for the next five days, with cooler weather returning in mid-week.

Today's high in Pontiac was expected to hit between 85-89 degrees. The mercury will drop to the mid-80's tonight and rise to around 93 Saturday.

Yesterday's peak temperature was 74. The thermometer registered 70 in downtown Pontiac at 8 a. m., rising to 82 by 1 p. m.

OK Detroit Garage

DETROIT (AP)—A Cleveland engineering firm's offer to build and operate an underground parking garage beneath Detroit's Grand Circus Park was approved yesterday by the Municipal Parking Authority.

New Loan Fund Made Available for East States

900 Million Earmarked for Reconstruction of Defense Industries

WASHINGTON (AP)—Six Northeastern states, struggling to rebuild flood-wrecked towns and factories, have been given another hefty lift from a sympathetic federal government.

President Eisenhower yesterday made available up to 900 million dollars for loans to reconstruct, repair or replace defense industries.

A preliminary estimate by the Army Engineers set damage at \$1,600,000,000 in Massachusetts, Rhode Island, Connecticut, New York, New Jersey and Pennsylvania.

The President's latest flood relief move was made at his Denver summer headquarters after a flying visit to the flood area and conferences with state governors and federal officials.

Before leaving Washington Wednesday, the President had marshaled the resources of a host of government agencies to help in reconstruction of public facilities and to aid the homeless, the farmers, small businessmen and others.

ORDERS LOAN

On top of this emergency relief program—which may cost more than 100 million dollars—he ordered the loan program to spur restoration of the defense industries.

The plan also calls for granting of accelerated tax write-off privileges to cover new capital investment. The loans—to come out of an Office of Defense Mobilization fund—are to be available to defense and defense-related firms which cannot obtain commercial loans on reasonable terms.

Army Engineer units were busy helping dispose of flood debris and repair damaged roads, bridges and like facilities. Sturgis said one of the most pressing tasks facing federal disaster workers is the removal of dangers to health and safety.

GONE FISHING

In Denver, President Eisenhower takes another crack at trout fishing today—and plans to turn chef on the bank of the stream if his luck is good.

He arranged an early start on a drive to the ranch of Bal F. Swan at Pine, Colo., about 45 miles southwest on a fork of the South Platte River. Swan, a Denver businessman, is an old friend of Eisenhower and the stream always is well stocked for the President's visits.

\$175,000 Flood Gift

NEW YORK (AP)—The Red Cross today announced receipt of a \$175,000 contribution to its flood relief fund from the Ford Foundation. It is the biggest gift to date.

Bonanzagram No. 25, last of the series, appears on page 27. Answer to last week's puzzle, No. 24, worth \$1,000, appears on page 26.

Japanese Diplomat in U. S. for Talks

ARRIVES WITH DAUGHTER—Foreign Minister Mamoru Shigemitsu of Japan addresses crowd at National Airport in Washington last night as he arrived for talks with Secretary of State John Foster Dulles and defense officials. Shown with him is his pretty daughter, Kanako. The visiting diplomat said the three-day round of talks starting Monday "will prove of lasting mutual benefit signifying a fresh start of collaboration between our two great countries."

Commissioners Show Mixed Reactions to Shopping Site Annexation Opposition

Pontiac's seven city commissioners had mixed reactions today to indications of mounting pressure from downtown merchants and businessmen against the proposed annexation of a 145-acre shopping center site in Bloomfield Township.

A group of downtown businessmen and property owners, who yesterday began circulating petitions calling for a delay in annexing property at Telegraph and Square Lake Rds., are expected to present arguments against the proposal at Tuesday night's Commission meeting.

Said Commissioner Floyd P. Miles (District 4), himself a downtown merchant:

"I am interested in every forward move and in doing the best for Pontiac as a whole. If any group has evidence that the proposed annexation is not for the best interest of the greatest number of people, I will be interested in such information."

"Shopping centers in other cities are apparently meeting with great success and they must be serving the community. There are two factors to consider: influx of population and the fact that folks have more money to spend today."

"I just don't think this is just going to blow up downtown Pontiac."

Commissioner Harry W. Lutz (District 7), a building contractor and block manufacturer, said:

"I hope the merchants will present facts that will help us decide what to do. At the present time, it looks to me like a promotion and until proved different I would be against it."

John E. Carry, commissioner from District 6, and a salesman, said:

"To date there hasn't been any concrete objections to the proposal to annex and I hope this will bring forth some with some solid foundations."

Said Mayor William W. Donaldson (District 3), an insurance agent with an office downtown:

"I resent the feeling that anyone feels they can stampede the Commission into doing something. I still have an open mind and am willing to be convinced but not pressured."

"I think there is a feeling among the commissioners that they will do what they feel is best for the whole community."

Dr. Roy V. Cooley, District 1 commissioner, and a physician, said:

"I think annexation is the best means to control the problems this project would necessarily create, such as police, traffic, public safety and health (raised by sewage disposal)."

"So far, no other plans contrary to annexation have been presented."

Commissioner John A. Dugan (District 3, a Pontiac Motor Division plant employee):

"I hope they are going to be able to convince me that the city will not lose revenue from this shopping center or some other one built in another nearby area."

"We can annex this land. Some time in the future a shopping center might be built off Telegraph road in Waterford Township, for instance. We might want to annex that one and the township wouldn't want to let it go."

"In other words, when we have the opportunity we should take it."

Philip E. Rowston, commissioner from District 3 and an attorney, said:

"I have not made a final decision. I am interested in having specific facts presented to us which would show it would have a deteriorating effect on downtown."

"I requested a survey from the Chamber of Commerce of downtown business before and after the Tel-Huron Shopping Center was built, which so far has not been presented."

"I am interested in what the majority of the citizen want and I will be guided by that when the final conclusion will be made. The question is what is best for the entire city, including residents as well as merchants."

Pontiac Reservists Move to Ft. Knox Firing Ranges

By AL LOWMAN
Pontiac Press Staff Writer

FT. KNOX, Ky.—Field training for officers and men of Pontiac's 703rd Reserve Tank Battalion got under way in earnest today when elements of the unit moved equipment to firing ranges preparatory to blasting targets with their 90mm guns.

Under command of Lt. Col. Lloyd A. Gabler of Royal Oak, the 703rd moved its 45-ton M48 tanks into the field early Thursday.

Firing at both stationary and moving targets began at 6 a. m. today and will last throughout the daylight hours of the week. Each man in the unit takes his turn triggering the heavy guns under the guidance of trained Army personnel. Officers, sergeants and the 19 civilian observers from Pontiac, Detroit and Grand Rapids were high in their praise after viewing (Continued on Page 2, Col. 2)

But Secretary Won't Promise Lower Taxes

Says U. S. Government 'Should and Can' Align 1956 Finances

WASHINGTON (AP)—Secretary of the Treasury Humphrey, using words he has cherished ever since he took office 2½ years ago, now says the government "should and can" balance the budget this fiscal year. But he added at a news conference yesterday that is "entirely too early" to pledge himself to recommending tax cuts when Congress returns in January.

The official summer budget revision by the Treasury Department stopped \$1,700,000,000 short of Humphrey's optimism about the budget outlook. The Treasury still predicted a deficit of that amount by the end of fiscal year 1956, next June 30.

That was 700 million dollars lower than the figure President Eisenhower forecast in his budget message to Congress last January. The cut was based on the following revised estimates:

1. Spending will total \$63,800,000,000 this fiscal year—\$1,400,000,000 more than the January estimate, but 700 millions less than spending of 64½ billions in fiscal 1955, ended June 30.

2. But the government's income will be swelled enough by the rapid economic expansion now in progress to more than overbalance the rise in the spending estimate. Receipts for the current fiscal year are now estimated at \$62,100,000,000—\$2,100,000,000 above the estimate made last January, and \$1,800,000,000 higher than the fiscal tax yield of \$60,300,000,000.

3. The budget deficit is now estimated at \$1,700,000,000 for the fiscal year, instead of the \$2,400,000,000 forecast in January. The deficit for fiscal 1955 was \$4,300,000,000.

The new deficit would be the lowest in five years, and would be (Continued on Page 2, Col. 4)

French Premier to Compromise

Moroccan Appeasement Move May Result in Sultan's Removal

AIX LES BAINS, France (AP)—Premier Edgar Faure seemed to be moving today toward a Moroccan compromise junking the present Sultan to satisfy the native nationalists and Resident General Gilbert Grandval to appease die-hard ranch colonists.

The idea was to clean the slate in preparation for giving home rule to the violence-ridden North African protectorate.

"We are making progress," Faure told reporters last night after meeting with leaders of the strongest nationalist faction, the Istiglal Independence party.

"Everything has not been settled yet, but I now see my way clear," the Premier added.

Faure arranged to meet today with representatives of the French colonials, a delegation from Morocco's Jewish community, and a group of Moslem religious leaders.

The Premier's plan was understood to run something like this: Unpopular old Sultan Mohammed Ben Moulay Arafa would retire from the throne he has occupied uncertainly over the past two years since the French kicked out his predecessor Mohammed Ben Youssef.

Grandval, sent to Morocco six weeks ago to seek peace, would follow the sultan out of office. The French colonials charge his "soft" ideas of a compromise with the nationalists caused the North African massacres last weekend in which an estimated 2,000 persons were killed.

Ben Youssef, the ex-sultan who has become the focus of nationalist agitation, would be allowed to move from his present place of exile in Madagascar, off East Africa, to France.

An interim regency, called the "Council of the Throne," would be set up to organize a widely representative Moroccan government.

Representative Moroccan government.

Metropolitan Area Growing Faster Than in 40s

Busy Oakland County Adds 47,000 Homes in 5 Years

Almost 47,000 family dwelling units have been added in Oakland county during the past five years, or a gain of better than 42 per cent over the 109,239 family units available in the spring of 1950.

This rapid growth of Oakland County suburban and incorporated areas is revealed in a current report of occupied dwelling units in the Detroit metropolitan area by the Detroit Metropolitan Area Regional Planning Commission.

Trend to suburban living is indicated by the fact that Detroit city gained but 6 per cent in dwelling units in five years while suburban areas comprising Wayne, Oakland and Macomb Counties and four townships of Washtenaw gained 45 per cent.

Total increase in dwellings from April 1950 to July

1 of this year, has been about 174,000, according to W. P. Edmonson, assistant director of the commission.

Oakland County's current number of dwellings is estimated at around 156,000. Estimates for the entire area are compiled from utility customers, private surveys and compilation of building permits made by the planning commission.

The increase alone in homes (174,000) for the tri-county area supplies living quarters for a population equivalent to that of Buffalo or Houston in 1950, Edmonson comments.

During the past five years Macomb County added more than 29,000 dwelling units and Wayne 97,000, of which some 30,000 were in the city of Detroit.

Fastest growing incorporated area in the three counties was Oak Park, with a 432 per cent gain.

Of the 50 units of government in the region with high numerical gains, 20 were townships. Warren Township (in Macomb), Royal Oak, Waterford and Southfield Townships (in Oakland) and Dearborn, Ecorse and Taylor (in Wayne) all had increases of 2,500 or more dwelling units.

(Dwelling unit is a single-family house, or an apartment, or a group of rooms designed to accommodate one family.)

Six new cities and villages have been incorporated in the region in the past three years. Five were in Oakland County: Franklin, Keego Harbor, Lathrup, Walled Lake and Wolverine Lake.

Total dwelling units in the metropolitan area as of July this year is estimated at 1,002,000, as against (Continued on Page 2, Col. 5)

Cyprus Expects Violence Sunday

Turks Predict Massacre by Greek Partisans on Eve of Conference

LONDON (AP)—Turkey has warned Britain that disturbances may break out on the troubled island of Cyprus next Sunday in which the Turkish minority might be massacred, the Foreign Office disclosed today.

British authorities here said they doubt disorders can take such a drastic turn on the troubled Eastern Mediterranean island. But, they added, precautions have been taken against disorders likely on the eve of the three-power conference to debate the future of Cyprus.

The 400,000 Cypriots of Greek descent have been agitating violently for union with Greece. They have strong support in the home land. The 100,000 islanders of Turkish origin oppose Greek union and prefer that Cyprus remain a British crown colony. They are backed by the Turkish government.

The foreign ministers of Britain, Greece and Turkey are to begin a conference here Monday to seek a settlement.

A Foreign Office spokesman told a news conference that a Turkish note two days ago reminded Britain of the dangers to which the Turkish minority in Cyprus is exposed by the acts of the Union With Greece (Enosis) partisans.

The Turkish government has been assured, the spokesman went on, that Britain will take all possible steps to maintain law and order.

Both as a warning and as a training exercise, British troops and anti-aircraft squadrons of police this week joined in a demonstration of what they intend to do at the first signs of disorder. In a six-hour operation, roadblocks were thrown up and traffic through the island was held up and screened.

In Athens, an emergency Cabinet meeting was called last night to discuss Turkish Premier Adnan Menderes' recent statement promising to defend the Turks on Cyprus.

Man Shoots Wife, Daughter and Self

CHATHAM, Ont. (AP)—A 14-year-old girl staggered downstairs yesterday with bullet wounds in her back and neck to phone neighbors and relatives in a bid to save her parents' lives.

"My father has just shot me and I think he's going to shoot mother and himself," police quoted her as saying.

Police and neighbors arrived a few minutes later. They found the mother dead and the father wounded.

Jeanette Gonerman, 14, was taken to the hospital where authorities said she was not seriously hurt.

In an upstairs bedroom her mother, Louella Gonerman, 34, lay dead, shot through the chest. The father, Ralph, 34, lay in a pool of blood in the hallway, with pistol close by. His condition was described as critical.

Gonerman's parents, Mr. and Mrs. Paul Gonerman of Wallaceburg, told police they left the couple quarrelling, a few hours before the tragedy.

Printed Card Message Just Wasn't Learned

LOS ANGELES (INS)—James Smart, a 19-year-old youth who died today in a traffic accident, was carrying his own obituary with him.

On his body, police found a printed card that read:

"Sing while you drive
"At 45 miles per hour, sing—
"Highways are happy ways."
"At 65 miles, sing—
"Nearer my God to thee."
"At 85 miles, sing—
"Lord, I'm coming home."

Police said the car in which Smart was riding was traveling 85 miles an hour when the crash occurred. The driver, Steve Alley, 18, was critically injured.

The Weather

Russia Becomes Tourist Mecca

Western Embassies Get Constant Visa Requests for Soviet Visits

MOSCOW (U)—In the past 10 years not a diplomat in Moscow thought he'd live to see the day. But Western embassies are being pestered—that's the accurate, not the diplomatic word—by tourists from home.

These tourists range from look-see businessmen to congressmen to sports fans. And just plain old-fashioned rubberneck sightseers. There are strange sights in these historic streets these days.

A batch of 28 British tourists arrived here Wednesday and checked into the National Hotel off Red Square. Then, whoops, off they went with eyes and camera lenses wide open. They came in just as 1,500 Germans left after witnessing a big international football match over the previous weekend.

The tourist schedules call for more parties from Sweden, France, Denmark, Holland and the United States. Norway has some big batches but France is sending 800, expected at Leningrad soon aboard the liner Batory.

Now, what does a tourist do in Moscow? First he lingers for Red Square and the Lenin-Stalin Tomb. Then to the big Gum department store across the square. Then he starts roaming and he finds Moscow is no Paris and if he's like the West Germans who just left, he'll be ready to go home right soon.

If he's intent on studying the Soviet Union, however, he'll try for a permit to tour the interior. If he's a congressman or a senator, he can have lunch with U.S. Ambassador Charles E. Bohlen.

Moscow Radio Offers Resume of Ike's Speech

LONDON (U)—Moscow radio today gave the Russians an abbreviated version of President Eisenhower's Philadelphia speech that skimmed over the wrongs he laid at the door of the Communists.

The broadcast was put out first for foreign listeners, then for the home service with selected British and American press comment.

The account, from the Tass news agency, stressed the President's plea for world peace in his address Wednesday to the American Bar Assn.

But it omitted Eisenhower's remark that "division of Germany cannot be supported by any arguments based on boundaries or language or racial origin."

Nor did it report his assertion tries cannot longer be justified by any claim that this is needed for purposes of security.

Instead, the broadcast said, "Eisenhower expressed some views regarding the philosophy of the two social systems which he pointed out were struggling against each other for the support of the peoples of the whole world."

Adenauer Plans Russian Confab

Chancellor Will Fly in U.S. Plane on Non-Stop Flight to Moscow

BONN, Germany (U)—Chancellor Konrad Adenauer will fly nonstop from Bonn to Moscow in an American-built plane for his conference with Russian leaders, the Foreign Office announced today.

Adenauer and his top advisers will leave Bonn airport Sept. 1 in a four-engine Constellation plane chartered from the German Luft-hansa Airline, the announcement said. The Chancellor is due back today from a six-week vacation at Murren, Switzerland.

His talks with Soviet Premier Nikolai Bulganin and other Soviet leaders on establishing normal German-Russian relations, the outlook for German unity and the release of war prisoners will start Sept. 9.

The Foreign Office said the Russians have obtained special flight permits for Adenauer's plane to fly over Communist East Germany and Poland. A Soviet copilot probably will be included in the plane's crew, it said.

Between 100 and 125 experts will leave for Moscow on Sept. 3 or 4 by a special train.

Dog Rips Man's Clothes So He Pays Owner \$20

DETROIT (U)—Mrs. Ruth King, a widow with seven young children, was ticketed by police for allowing her dog to run at large.

The dog had ripped the trousers of Louis Collins.

In court two weeks ago, Referee Andrew C. Wood suggested to Mrs. King that she pay Collins \$20 for the damage to his pants.

When her case was called again yesterday, Mrs. King told the court she was trying to scrape up the money last week when Collins visited her home, looked around and insisted on paying her \$20. "It's for the kids," Collins told her.

Average human hair grows about one-half inch per month. An average single hair lasts between two to four years before it falls out.

Uncovers Bill From Greenlease Ransom

ST. LOUIS (U)—Another of the missing Greenlease ransom bills has turned up but the FBI won't say whether it is making any real

headway toward solving the two-year-old mystery.

James Milnes, agent in charge of the FBI here, reported last night a second \$20 Greenlease note had been found this month. It was discovered by an FBI agent at the Federal Reserve Bank of St. Louis Tuesday. The federal bank handles

receipts from hundreds of banks in several states.

Three other Greenlease bills previously reported found are believed to have been from the money Carl Austin Hall, the kidnap-killer of 6-year-old Bobby Greenlease of Kansas City, spent shortly before his arrest.

Archbishop Foresees No Peace in Argentina

LOS ANGELES (U)—Unless Juan Peron resigns there will be no peace in Argentina, says Archbishop Jose Maria Cuenca of Manila, visiting in Los Angeles after a

four of Central and South America. "Peron does not permit the public manifestation of the Catholic faith in Catholic Argentina," the Archbishop said. "The people have no freedom of worship. Unless Peron resigns I foresee the outbreak of widespread revolution in that once peaceful country."

**Austrian Physicians
on Strike Stage Row**

VIENNA, Austria (U)—Fist fights
broke out today between striking
Vienna doctors and employees of
several nonstriking clinics. Two
doctors were reported hurt.

The clashes occurred on the sec-
ond and final day of a nationwide
strike of Austrian doctors and den-
tists. A majority of Austria's 15-
400 medics are protesting a gov-
ernment proposal to extend the
national health insurance to the
entire population. It now applies
only to employed persons.

The strikers agreed only emer-
gency calls at hospitals and clinics
would be answered. However, the
strike call was disregarded by sev-
eral hundred doctors working in
clinics operated by Vienna city
health insurance companies, which
are backing the proposed law.

The clashes occurred when
groups of picketing young doctors
tried to prevent the nonstrikers
from going to work in their clinics.

About 25 per cent of renters of
non-farm dwellings were paying
\$50 or more a month in rent in
1950, whereas in the 1940 census
only about 7 per cent of renters
paid that much.

Rookie Southpaw Stops Tribe for Yanks

By THE ASSOCIATED PRESS
Ol' Casey Stengel and rookie Rip Coleman were taking the bows for the New York Yankees today, and

whether you love 'em or hate 'em, you've got to admit that when the chips are down the Bronx Bombers usually come through.

Manager Stengel calmly selected Coleman, an almost unknown 24-year-old lefty just up from Denver to oppose the Indians in the first game of their crucial three-game series at Cleveland last night. The result was a 5-2 Yankee victory, and New York now rides in first place by 1½ games over Chicago who dropped a 6-1 decision to Washington.

Before the game, Cleveland sports headlines called Stengel's mound selection a "shocker" and the Troy, N.Y., southpaw certainly proved the executioner for one night at least. The loss dropped Cleveland two full games behind New York.

Stengel's choice is emphasized by the fact that Early Wynn was the Cleveland starter, and he was seeking his fourth victory over the Yankees. But, Wynn was hustled to the showers in the second inning after allowing four runs.

More heat was taken off the

Yankees when the best the fourth place Red Sox could do was a split in a doubleheader with the Tigers. Detroit won the opener 6-1, and Boston grabbed the nightcap 6-4, falling five games behind New York. In the other American League contest, the Athletics clobbered the Orioles 9-2 at Kansas City.

National League action in the East was spotlighted at Ebbets Field where the Dodgers were slapped down by the Redlegs, 8-5 and 6-5. It was the first time the Bums had lost a double bill this year, and coupled with Milwaukee's 3-2 victory over the New York Giants, it left the Braves 11 games behind Brooklyn in second place.

Philadelphia nabbed a pair from St. Louis 11-9 and 8-3, and the fourth place Phillies are now only a half game behind the struggling Giants. The Pirates edged the Cubs 2-1.

The Yankees called Coleman up from their American Assn. farm, and he made his first start Aug. 15 going 5 1-3 innings to beat Baltimore 12-6. In his only other appearance, also against Baltimore Aug. 28, he pitched one third of an inning to preserve a 3-2 victory for Bob Grim.

It was the other way around last night when Coleman got into trouble with two away and a run home in the eighth. Grim came in and applied the stopper the rest of the way. Joe Collins's two-run homer was the big blow of the Yankee second inning and Andy Carey contributed one in the sixth. Al Rosen homered for Cleveland in the sixth. Washington, in seventh place and beaten 15 times previously by Chicago, refused to play dead as Bob Porterfield won his third game from the Sox. The Senators knocked out Connie Johnson with a four-run fourth inning, and collected 13 hits in all.

Swimmer Makes Erie Crossing

Windsor Man Battles Exhaustion, Completes 18-Mile Journey

KINGSVILLE, Ont. (AP)—Marathon swimmer Ray Muench climbed out of Lake Erie at 4:20 a.m. (EST) today, after completing an arduous 22 hour swim across the 18-mile passage between Pelee Island and the mainland.

The almost exhausted swimmer was barely able to stumble up to a sandy beach when he landed. It took him more than 10 minutes to crawl to the beach. He had entered the water at 6:15 a.m. (EST) Thursday.

The swim marked the end of an amazing example of endurance by the 29-year-old Windsor man. It took him more than four hours to complete the last mile of the swim.

For most of that time, he rolled helplessly in the lake swell, with in sight of the tired crowd of about 100 persons who had waited more than 10 hours to welcome him.

He finally seemed to gather his strength for a last effort, and he stroked up to the beach. For the last 200 yards, he was accompanied by an unidentified swimmer who jumped into the water and swam along side him.

Trainer Alex Henderson said Muench was extremely tired, and wanted only to rest.

During the last nerve-racking hours before Muench gathered his strength, reports said the swimmer seemed to have lost all control of his arms, and was barely able to kick.

Muench stubbornly refused to be lifted from the water, even when it was all he could do to keep his head above the surface. He kept insisting he would recover his strength after a rest in the water.

College Golfer Wins Indiana State Open

INDIANAPOLIS (AP)—Joe Campbell of Anderson, 19-year-old National Collegiate Golf champion, swept the list of Indiana tournaments today by winning the Indiana Open. Campbell, a Purdue student, previously had won the Indiana Junior and the Indiana Amateur, the latter for the second straight year.

His 282 total was two over par for the 72-hole open and two strokes ahead of the top pro, Sam Drake of Richmond, Ind.

'Middle Seniors' Take Over; Polly Riley Eliminates Wiffi

CHARLOTTE, N.C. (AP)—The uprising of the teenagers had been put down and golf's "middle seniors," as Jane Nelson refers to the group in the twenties, had taken complete charge of the Women's National Amateur Golf Tournament heading into this afternoon's semifinals.

The first 18-hole match, set for 2 p.m. (EST), paired Miss Nelson, a relaxed, wise-cracking, 27-year-old history teacher from Indianapolis, against Mrs. Scott Probasco Jr., of Chattanooga, Tenn., 25-year-old mother.

The other match paired Polly Riley, advertising specialist from Fort Worth, Tex., who'll be 29 tomorrow, against Pat Lesser of Seattle, a Seattle University senior who at 22 is the "baby" of the quartet.

Misses Nelson and Lesser scorched the 6,413-yard Myers Park Country Club course with the best performances of the week in yesterday's quarterfinals. Each was three under par in an impressive victory. Jane trimmed 20-year-old Barbara McIntire of Toledo, Ohio, 5 and 3, and Pat smothered Mrs. H. S. Covington of Orangeburg, S.C., 7 and 6.

Mrs. Probasco and Miss Riley had to travel all the way, each gaining a hard earned 1-up victory. Mrs. Probasco, who as Betty Rowland of Lexington, Ky., and Rollins College, was National Intercollegiate champion a few years ago, was two down with four holes to play but rallied to edge 17-year-old Anne Quast of Marysville, Wash.

House League Meets

West Side Senior House League will meet at the alleys, 199 Orchard Lake Ave. at 7 p.m. Monday, Aug. 29.

Purpose of the meeting is to organize for the coming year. Individual bowlers, or teams that would like to bowl in a fast league are invited to this meeting.

Miss Riley ousted 18-year-old Margaret (Wiffi) Smith of St. Clair, Mich., in a grim struggle that saw Polly unable to win a hole after the 10th as they halved the last six in an unyielding struggle.

Miss Lesser has long had her eye on the national title. The tall, bronzed Seattle star won the Western Amateur last month and a couple of Florida winter tournaments. Seven months ago after taking the Helen Lee-Doherty tournament at Miami, Fla., Pat went on record this way:

"Now I want to win the National."

Modern pitchers striving to win 20 games in one season should look back at Charles (Hoss) Radbourne who won 60 games in 1894 for Providence when that city was in the National League.

THIS IS NO FISH STORY!

With NEW **MULTI-FLOAT®** RUBBER BALLOON TYPE FLOAT

New MULTI-FLOAT is the fisherman's dream! Catch fish on multiple hooks on the same float! Draft bait where fishing's best! Inflates rubber balloon to size required for number of hooks used, set air valve, attach to line — and start fishing! ZIP-HOOK attachment eliminates knot tying — keep hooks and bait clear of line. Complete set includes 3 colored balloons, patented nipple air valve, 3 ZIP-HOOK attachments, illustrated instruction sheet, handy styrene storage case that fits in your palm!

Getting set for the long Labor Day week end? Then, rely on the skilled hands of your Standard Oil Dealer. He knows how to keep your car in the best possible running condition. He recommends STANDARD WHITE CROWN and RED CROWN Gasolines—raised to the highest octane levels in our history, to assure smooth, knockfree performance in modern high compression engines and older ones, too. He features Super PERMALUBE, the multi-grade, all weather motor oil that cuts friction drag to save up to 2 gallons of gasoline in a tankful . . .

reduces combustion chamber deposits to hold down your engine's octane requirements. He knows how to protect every vital point on your car with STANDARD Specialized Lubrication Service. His complete line of fine ATLAS tires, batteries and accessories assures you many miles of trouble-free driving. And, for your comfort, his rest rooms are spotlessly clean! Trust your car to your Standard Oil Dealer and his finer products and services. Stop at Standard today—then drive away with confidence!

You expect more from **STANDARD** and get it!

Watrous, Sheehan Defend Pro-Am Title

Tam O'Shanter Host to Evnt This Weekend

Oakland Hills Team Shoots for 4th Title, Share of \$1,500

By H. GUY MOATS

Veteran Al Watrous, Oakland Hills professional, and his partner, Tommy Sheehan, long a top-rated district golfer from Al's club, today were primed for their 4th try at the Michigan Pro-Amateur Championship.

This team captured the event last year at Battle Creek, and in 1947 and 1952 as well. They will set off on their 4th try Sunday at 8:51, over a somewhat revamped Tam O'Shanter Country Club layout. The test will go 36 holes and is a best-ball competition. They are the event's only 3-time winners.

Sunday's tournament at Tam O'Shanter is the 1st time it has been held in the Metroplitan area, since its inception in 1935.

The pros will shoot for a share of the \$1,500 purse.

Field includes most of the top professionals of the state, along with an equal portion of highly regarded amateurs. There were 60 teams in the starting list today.

Among the talent registered, besides Watrous and Sheehan, are former National PGA champion Chick Harbert and Steve Purdo; ex-U. S. pro champ and current state PGA titlist Wally Burkemo and Harvey Hubar of Franklin Hills; a pair of Johnsons (not related), Jimmy of Farmington and Glenn, current state amateur champion from Grosse Ile; Al and Sammy Kocis (Sam is the 1955 National Public link); John Barnum and Harold Brink of Grand Rapids; Horton Smith and Bob Babbish of DGC, plus many others.

The Burkemo-Hubar duo, and Roy Beattie and Carl Sielaff of Detroit will set the parade moving at 7:45 a.m. Sunday.

Host club will have its assistant pro, Gene Bone, former PHS star, and his partner Harry Radom in the field. Pro Warren Orlick will be too busy with details of the tourney to do any playing.

Pearl Creed Winner of \$25,100 Pace

DETROIT (U)— Pearl Creed, owned by Delbert and Wayne Smith of Galveston, Ind., captured the \$25,100 Motor City Pace in two dashes last night to collect \$9,287.

The purse, a record for a Michigan trotting track, boosted Pearl Creed's earnings for the year to \$25,857.

The 4-year-old chestnut, driven by Jim Wingfield, won the 1st dash in 2:04 two-fifths. Chief's Star was 3 1/4 lengths behind. Date Knight was 3rd.

Pearl Creed won the 2nd dash beating Cal by half a length. Mrs. Galvin was 3rd.

NABF Semi-Finals Today

ALTOONA, Pa. (U)—Four teams, led by unbeaten Cincinnati with a 4-0 record, compete today in the National Amateur Baseball Federation Junior Tournament semi-final round.

Air Force Netters Win Service Crown

QUANTICO, Va. (U)— The U.S. Air Force has the best collection of tennis players in the military service.

The Air Force team proved as much here Thursday by winning the Inter-Service Tennis Championship for the second straight time. Its No. 1 entry, Whitney Reed of Alameda, Calif., won the singles crown and teamed with Hugh Ditzler of Berkeley, Calif., to take the doubles championship.

All seven of Michigan's 1955 home football games will start at 1:30 p.m., (EST).

Native of Kansas

Ron Kramer, University of Michigan's great football end, is Kansas-born, although raised in Michigan. Kramer was born in Girard, Kansas, June 24, 1935, but came to Detroit with his parents as an infant, moving to East Detroit, his present home, at the age of 5.

Bettenhausen Victor in Stock Car Event

MILWAUKEE (U)—Tony Bettenhausen, Tinley Park, Ill., set a new record as he won the 150-mile national AAA stock car race at Wisconsin State Fair Park Thursday. Bettenhausen, driving a 1955 Chrysler, finished the distance in 1 hour 49 minutes 52.37 seconds, about nine minutes faster than the old record. His average speed was 80.9 m.p.h.

Walker Busiest Gridder

Art Walker, All-American tackle, played more minutes than any other player on the University of

Michigan football squad last season with 479 minutes and 53 seconds. Ron Kramer, end, played 400 minutes to rank 3rd in minutes played.
