

## First for Auto Checkup

**OPEN SAFETY DRIVE** — The first motorist through the auto safety check lane on W. Huron at Saginaw this morning was Lynn Walker, of 921 Argyle St. He got a deluxe inspection and a safety sticker from the committee that planned the four day campaign. From left are Capt. Joseph Koren, police traffic bureau; Harvey Johns, head of the Pontiac Area Chamber of Commerce safety committee; Chief Herbert W. Straley; Robert Oliver, representing Pontiac auto dealers; and Harold Marshall, city personnel director and chairman of the safety check committee.

## Nebraska Killer Scrawls Confession on Prison Wall

LINCOLN, Neb. (AP) — Bantam killer Charles R. Starkweather, after his capture three months ago, inscribed a note on a jail cell wall in which he took the blame for nine killings but attributed two to his 14-year-old girl friend, Carl Ann Fugate, his attorneys disclosed today. Starkweather, a 5-foot-5 redhead who once acknowledged he always wanted to be a criminal, went on trial in Lancaster District Court today for murder in one of a string of late-January killings.

Selection of a jury was expected to take three days or more.

Court-appointed defense attorneys said Starkweather's note was scrawled on the wall of the cell at the Scottsbluff County Jail in Gering, Neb.

Starkweather was lodged there during an overnight stop while being returned to Lincoln after he and Carl had been captured near Douglas, Wyo., Jan. 29.

According to the attorneys, the note read:

"Carl is the one who said to go to Washington State. By the time anybody will read this I will be dead for all the killings, then they cannot give Carl the chair to 'From Lincoln, Neb., they got us Jan. 19, 1958.

"1958, killed 11 persons. Charles kill 9, all men. Carl kill 2, all girls.

"They have so many cops and people watching us I can't add all of them up."

The reference to Jan. 19 was not clear, and the count of nine "men" and two "girls" victims was faulty. Of 11 victims in whose slayings Starkweather has admitted involvement, six were male and five were female.

Conviction would bring a sentence of life imprisonment or death in the electric chair. The jury sets the penalty under Nebraska law.

Insanity apparently will be the defense plea, although court-appointed defense attorneys have run into reluctance not only from the 19-year-old defendant but from family members as well on this score.

## Reuther Says His Can't Be Beaten

# Figures on GM Pay and/or Investing Loosely Used

By MERRYLL S. RUKEYSER  
INS Economic Writer

Walter P. Reuther, president, United Auto Workers Union, in an attempt to diagnose the imbalances which led to the recession, contrasted the earnings since 1947 of a General Motors stockholder and those in the same period of a General Motors rank and file worker.

Reuther said challengingly that no one could question the accuracy of his arithmetic. He was testifying before the Kefauver Senate Subcommittee on antitrust and monopoly.

Reuther's testimony was that an investment of \$52,000 (in the stock market) early in 1947 would have acquired 1,003 shares of GM stock, which in the subsequent 10 years paid \$92,000 in dividends, which he compared with the

10-year full time earnings of a worker of \$46,000.

After much palaver, he concluded:

"I say that there is something wrong with the moral standard when \$9,000 gets you more income than 10 years of hard work. Yet there it is. No one can challenge the arithmetic of that."

"I am willing to stand before the world and say that something is wrong in our values when we have to fight giant corporations who defend this kind of what I think is cockeyed economics and distorted standards of human morality."

Reuther's arithmetic appears to be correct, but he has apparently missed the significance of the figures. His errors in interpretation illustrate the difference between a bookkeeper and an accountant.

The CPA puts figures in perspective, and undertakes to interpret their significance and meaning.

In relating the \$9,000 to human earnings, Reuther combines dividends with capital gains. In this connection, it should be pointed out that in our profit-and-loss society, capital gains should be interpreted together with capital losses.

Reuther is strong in harking back to Karl Marx's separation of capital and labor. Capital-savings—accumulates as a result of the thrift of those workers with forbearance who consume each year a little less than they produce.

General Motors has more shareowners than employees, and many of the

stockholders are workers for this company and for other employers. Likewise, the customers of General Motors are mainly workers or employees of this and other companies.

If Reuther intends to get into the act and assume managerial discretion over profit and price tags, then he should be held to the same accountability that business executives face from law and morals. The SEC, which supervises corporate accounts, is highly critical of material omissions.

In his presentation of figures, Reuther has made material omissions.

In tracing the relationship from 1947 through 1957 between a stockholder and a worker, Reuther failed to point out that (Continued on Page 2, Col. 2)

## '58 County Valuation Soars to \$1.8 Billion

An equalized valuation of \$1,808,669,648 for Oakland County, to be used for tax levying purposes this year, was being studied by the Board of Supervisors this morning.

The valuation total of the 45 cities and townships represents a large \$135,356,377 jump over the 1957 valuation as equalized. That valuation was \$1,673,313,271.

The Equalization Committee of the Board of Supervisors reported on its 1958 valuation which, it said, was designed to "produce relatively an equal and uniform valuation of the taxable property in the county."

After discussing the report, supervisors were scheduled to vote on its acceptance.

The City of Pontiac received a valuation of \$335,048,188, which is \$1,754,230 more than its 1957 valuation of \$333,288,958.

Twenty-five townships in the county were equalized for \$688,114,739. Twenty cities amounted to a total 1958 equalized valuation of \$1,120,554,909.

Random township valuations figures are: Southfield, \$155,526,602; Bloomfield, \$96,861,952; Waterford, \$80,867,582; Farmington, \$56,955,443; and West Bloomfield, \$45,736,677.

Next to Pontiac, the City of Royal Oak received the highest equalized valuation of the 20 cities. It was \$185,164,027.

Other city valuations are: Oak Park, \$99,620,275; Ferndale, \$93,769,988; Birmingham, \$87,385,725; Madison Heights, \$49,287,007; Troy, \$48,414,185; and Bloomfield Hills, \$17,310,568.

Brewery Workers Nix Latest Offer in Detroit

DETROIT (AP) — A new wage offer by Detroit's five strikebound breweries has been rejected by members of three Brewery Workers Union locals.

The offer, made Friday by the Michigan Brewers Assn., included a 10-cent-an-hour pay increase for each year of a three-year contract and a 20-minute paid lunch period the third year.

The union said the proposal was turned down 1,859-640 yesterday.

The brewery workers' went on strike April 1, seeking a wage increase, various fringe benefits and a shorter term contract.

MOSCOW (INS) — Soviet Foreign Minister Andrei A. Gromyko summoned the Western Big Three ambassadors for separate meetings later today at the Kremlin.

Maj. Robert MacVittie Killed in Bomber Crash

## Highland AF Pilot Buried

A military funeral was held today for a Highland pilot who died in a crash into Pike's Peak in Colorado.

Major Robert J. MacVittie, 35, of 134 Center St., was flying a B25 from Pueblo, Colo. back to his home base at Lowry Air Force Base near Denver Tuesday.

A snowstorm which reduced visibility in the area was blamed for the crash. Also killed were two crew members.

Rescue party members reached the wreckage 24 hours after the crash and brought the bodies down the mountainside.

A career Air Force officer, MacVittie joined the Army Air Force at Selfridge Field in 1939. He was promoted to major a month ago, and also recently received a commendation medal for "superior devotion to duty, excellent technical knowledge, and untiring efforts in establishing improved systems and procedures."

During World War II, he had 101 combat missions. He had served in Alaska, Hawaii, New

Guinea and participated in the first atomic bomb tests at Bikini.

Before his death, MacVittie and his four brothers had accumulated 37 years of duty in the armed services. He was a graduate of Uteia High School and had lived in the Uteia area prior to his enlistment.

Surviving beside his wife Marjorie and his three children, Sharon, 13, Robert, 12, and Cecilia, 6, are his parents, Mr. and Mrs. Harold MacVittie, and brothers John and Harold of the Milford area, and Walter, with the Air Force in Germany.

Burial was in Uteia Cemetery.

## Elected

**BACK IN OFFICE** — Colombia's former President Alberto Lleras Camargo was voted back into office yesterday. He had been a favorite under agreement by the two leading political parties to back him. Camargo called last week's attempted military coup to prevent the elections an act of lunacy.

## Dennis Crosby Weds Showgirl

**Ceremony Sandwiched Between Performances at Las Vegas Hotel**

LAS VEGAS, Nev. (AP) — Bing Crosby's son Dennis, 23, married showgirl-divorcee Pat Sheehan, 26 in a Protestant ceremony between her show performances last night.

The rites were performed at the Gretna Green Wedding Chapel by the Rev. James A. Herndon, pastor of the Las Vegas Church of the Nazarene.

Dennis is the first of Bing's four sons to marry. All were reared Roman Catholics.

Miss Sheehan, a shapely blonde, was Miss San Francisco of 1950. She has a 6-year-old son by her previous marriage.

She and the crooner's son were having dinner at a Mexican restaurant next door to the chapel when they decided to marry immediately. Miss Sheehan said later.

She said they wanted a quiet, simple ceremony rather than a more elaborate one that had been discussed.

After the marriage she made another dancing appearance in her supporting role in the show at the Tropicana Hotel.

Best man at the ceremony was Don Williams whose singing group appears in the show. Miss Sheehan was attended by Dotty Harmony and the witnesses were Mary and Marcia Darcy — all showgirls in the act.

Miss Sheehan said she and young Crosby had no honeymoon plans and that she might continue appearing at the night club another two months.

Dennis and Miss Sheehan have been keeping company for several months. Last Feb. 3, spokesmen at their homes said they planned to be married in the same Las Vegas Catholic Church.

## Swinging Banned in Boston

BOSTON (AP) — Boston today banned rock 'n' roll jam sessions from public auditoriums after 15 persons were injured after one at the Boston Arena.

Mayor John B. Hynes told a reporter those so-called rock 'n' roll musical programs are a disgrace and must be stopped.

As far as he is concerned, Boston has seen the last of them, he said.

The mayor also said promoters do not hire enough policemen to take care of the crowds and are not entitled to licenses.

No licenses will be issued in the future, the mayor said. Numerous flare-ups kept police busy Saturday night and early yesterday after a jam session at the Boston Arena.

Manager Paul Brown of the state-operated arena said, "The next rock 'n' roll show at the arena will be presented over my dead body."

Police reported that gangs of teen-agers left the arena after the jam session and attacked, robbed and "molested" passers-by.

Albert Raggiani, 19, a Navy man from Stoughton, suffered several deep stab wounds on the chest as he left the arena with two girls.

He was treated at City Hospital and later transferred to the naval hospital in Chelsea. His condition was described as fair. Others were less seriously injured.

Brown said unrest developed when police ordered the dimmed house lights turned on at the arena after fans began dancing in the darkened aisles.

## Bus Strike Fails to Keep Workers From London

LONDON (AP) — More than a million Britons footlogged, cycled or hitchhiked to work in London today.

The city's mammoth fleet of bright red double-deck buses stayed in the barns, halted by a strike.

Some 50,000 men and women employees in the 2,000-square-mile greater London area stopped work at midnight demanding an increase of 10 shillings 6 pence—\$1.47 a week. Average weekly pay is \$28 to \$30.80. Union leader Frank Cousins said it might be a long and bitter struggle.

The entire government-run fleet of 8,400 vehicles was idle in 114 darkened garages.

For commuters, it was what British papers called "thumb-a-lift day" or "the big walk."

DETROIT (AP) — Passenger ship service between nearby Bob-Lo Island and Toledo, Ohio, will be inaugurated Memorial Day by Seaway Excursion Lines Inc. of Ohio. The firm says the 203-foot Canadiana will make three trips a day to the island, an amusement area in the Detroit River. The ship has a capacity of 2,700 passengers.

## Bing's Son Weds

QUICK DECISION — Dennis Crosby, twin son of Bing Crosby, and showgirl Pat Sheehan were eating dinner at Las Vegas Sunday when they suddenly decided to wed immediately to avoid a large formal wedding. So Pat, 26, and Dennis, 23, were married last night between Pat's performances at the Tropicana Hotel.

# Action Expected on Street Lights

## Waterford Board Will Consider Request for Indianwood Manor

The Waterford Township board is expected to take action on the establishment of a special street lighting district in the Indianwood Manor subdivision when they meet at 7:30 tonight.

A hearing was held from 9 a.m. to 4 p.m. today regarding the special assessment for 61 lots in the subdivision which is located near Walton boulevard and Sashabaw road.

In other business, board members will consider rezoning from residential to commercial four lots in the Maceday Gardens subdivision.

Action on the plat, located on Williams Lake road, adjacent to the Whitfield Estates, was tabled at last week's meeting for further consideration by the board.

Another area on Airport near Williams Lake roads is also up for rezoning from residential to commercial for additional parking space for the Waterford Drive-In theater.

The township has received a proposed ordinance to take over the Venice of the Lakes subdivision water system and, according to Clerk James Seterlin, the board will discuss adopting the new ordinance.

## Eaton Says Spy Tactics Peril U. S. Freedoms

NEW YORK (U. S. —) Snooping agencies are putting freedom in the United States in jeopardy, says Cyrus S. Eaton, Cleveland industrialist.

Adolf Hitler, at the height of his power, "never had such spy organizations as we have in this country today," Eaton said last night.

He said the FBI's importance is enormously exaggerated. "They make no contribution to the upbuilding of this country and its respect abroad," he said.

The FBI, he said, is just one of scores of agencies in the United States investigating citizens.

Eaton, sponsor of an annual international scientific meeting in Fagwask, N. S., was interviewed on a TV program.

## Rain Dampens South and East; Midwest Chilly

By THE ASSOCIATED PRESS

More rain dampened sections of the South and East today as cool, dry air from Canada chilled most of the Midwest.

The cool weather extended into the Great Lakes region, the Ohio Valley and the middle Mississippi Valley. Temperatures were as much as 20 degrees lower than 24 hours earlier in some areas.

The lowest readings, below freezing, were in the Lake Superior region. They were in the 30s in other parts of the Great Lakes and in the 40s in the middle Mississippi and Ohio valleys.

The cool, dry air shoved the rain southward to near the Ohio River. Showers and thunder showers hit wide areas in the warmer air from Missouri and Kentucky southward to the Gulf Coast.

More than an inch of rain fell in parts of Kentucky and Arkansas during the night. The rainfall measured 1½ inches at Tuscaloosa, Ala.

The rain tapered off in Eastern sections, but light rain fell in scattered areas in the mid-Atlantic Coast states and southern New England. Showers also were reported in scattered sections of Florida.

IN WASHINGTON — These six Lincoln Junior High School ninth graders place a wreath at the foot of the Lincoln Memorial in Washington, D.C., during their annual trip last week. Their school was named after the former president. Left to right are:

Edward Christie, 60 Blaine St.; Marsha Deeg, 497 Lowell St.; Karen Chester, 253 W. Yale St.; Tom Eley, 2360 Rosewood Dr.; Charlotte Cole, 37 Lehigh Ave.; and Garry Reynolds, 88 W. Colgate Ave.

## Bing's Son Dennis Marries Showgirl

(Continued From Page One)

church where widower Bing, 53, married actress Kathryn Grant, 23, last Oct. 24.

Two days later the Rt. Rev. John J. Ryan, pastor of the church, St. Anne's, issued this statement: "I wish to make it clear that no such marriage can be approved by the Catholic Church unless, after thorough investigation, it is found that the former marriage of Miss Sheehan was not a valid Christian marriage contract."

Miss Sheehan, a non-Catholic, told a newsmen that in 1950 she and George Douglas, then 30 and a representative of the American Guild of Variety Artists, were married at Carson City, Nev., by a justice of the peace. She said they later were divorced—in 1953, she thought.

Coincidentally with his marriage, Dennis disclosed he plans to follow his brother Gary and their father in a singing career. He said he has been "practicing in the morning over coffee" with an arranger of Bing's and will soon sign an RCA recording contract in Hollywood.

Gary, a specialist third class, last month completed 17 months of Army service in West Germany as a singer and comedian.

Interviewed in a hotel corridor while his bride did her late show, Dennis said both were "afraid to go in alone" for the wedding, for which the chapel could have supplied witnesses. So they asked the other entertainers, sitting at another table in the restaurant, to accompany them.

The blond youth added: He and Miss Sheehan have made no plans. He is moving to her apartment here but later they'll live in Los Angeles. He has no objections if she wants to continue in show business.

He'll return to Los Angeles tomorrow. His bride probably will remain here. The hotel show closes June 10.

Also, Dennis said, he hadn't had time to tell Bing of the wedding.

## News Flash

WASHINGTON (U. S. —) The International Union of Electrical Workers has handed a check for \$300,000 to the United Auto Workers to bolster the finances of the auto union in its negotiations with the major auto producers. A spokesman for the IUE said the donation reciprocated help given by UAW during the 156-day Westinghouse strike which ended in March 1956. The UAW contributed \$800,000 then.

## 'No Reason, Just Did It' Boy, 15, Imprisons Tot

ST. LOUIS (U. S. —) The fate of a youth who left little Kathy Hampton tied and naked in a vacant house without food or water for three days rested today with a juvenile court judge.

Robert Martin Reich, Jr., 15, told police step by step how he gave the pretty blonde tot a ride on his bicycle to the ramshackle house 30 blocks from her home, then tore her dress off and tied her up.

She wriggled free and was found scratched and dirty but otherwise unharmed. She had not been sexually molested.

The polite, slightly built boy told officers he was scared to go back to the house and intended

never to tell where Kathy was. "I had no reason. I just did it," he said.

Reich is only a shade over 5 feet tall and weighs just 90 pounds. Police said he suffered from rheumatic heart disease and missed a lot of school. He attends special classes for mentally retarded children.

The boy has lived most of his life with his widowed grandmother Mrs. Bessie Dillman, who said: "I can't believe he did it, but if he did, he needs psychiatric attention."

Robert's father, an epileptic, is in a mental institution. His mother has remarried.

The boy's teacher said he had never been a behavior problem at school. His grandmother said he was a gentle youth and good to children.

Robert went to police the day after Kathy's disappearance with a story that he had given her a bike ride and left her at her home, where he had last seen her talking to a man. He admitted the abduction three hours after the 6-year-old girl was found.

Kathy was back home with her parents and five brothers and sisters a few hours after she was examined at City Hospital.

Mrs. Hampton said, "Now I want the people to know there's another mother who needs their prayers . . . and a boy who needs their prayers too."

## Benefit Extensions Bill Due in Senate

WASHINGTON (U. S. —) Sen. Harry F. Byrd (D-Va.) called the Senate Finance Committee into session to set a date for hearings on a House-passed bill to extend the benefits for workers whose payments are exhausted before April 1, 1959.

The extended payments would be made from federal funds which the states would have to repay from added taxes or, otherwise, four years hence. But Byrd said the states now have nearly eight billion dollars of reserve funds.

"Before we vote on this bill or any other proposals the committee would like to find out why the states are not drawing on the huge reserve funds to extend these benefits," Byrd said in an interview.

Meanwhile a group of Senate Democrats planned to meet this week, seeking ways to broaden the bill's coverage to include those not now covered by state systems, and to provide federal grants rather than advances to meet the cost.

## NATO Ready for Big Parley

But Doubts Growing That Summit Meeting Will Ever Materialize

COPENHAGEN, Denmark (U. S. —) NATO Secretary General Paul-Henri Spaak said today the 15-nation North Atlantic Alliance would present a solidly united front if an East-West summit conference materializes. But conviction grew here that there would be no top-level parley before next year.

Spaak opened the three-day foreign ministers' meeting in Copenhagen's Christiansborg Palace with a warning against Soviet political, economic and psychological moves designed to weaken Western unity.

Similar cautions were issued by Luxembourg's Joseph Bech, chairman of the NATO Council, and Danish Prime Minister H. C. Hansen, host to the conference.

Hansen said NATO would fail in its responsibilities if it did not explore all the possibilities of bringing about a relaxation of present international tension.

Outside the building six men were arrested for putting up anti-NATO posters. Four of the men were inmates of a camp for conscientious objectors north of Copenhagen.

The foreign ministers sat in a semicircle in the oak-paneled chamber of Denmark's parliament.

Picks Asian Games Team  
TOKYO (U. S. —) The Japan Track and Field Assn. Sunday named 46 men and 17 women to represent Japan at the third Asian Games in Tokyo May 24-June 1.

The horseshoe crab is not a crab but a distant relative of spiders and scorpions.

## The Day in Birmingham City Commission to Eye Petition of 47 Owners

BIRMINGHAM — When the Taulon street paving hearing comes before Birmingham city commissioners tonight, they also will consider a recent petition signed by 47 property owners for the extension of the special assessment district.

The city has proposed a permanent paving from Lincoln avenue to approximately 50 feet south of Melton street. Residents have asked the inclusion of all Sheffield Estate's properties within the Torry School district.

The petition was filed because of the traffic problem at the school. Cars pulling off the pavement have created an almost permanent mud hole, residents claim.

Commissioners also will consider several Planning Board reports on zoning change requests. The largest area for which rezoning has been requested is the Cumiskey property on Hunter boulevard-Oakland avenue. The change sought is from residential to business use.

A summary of money-raising projects has been prepared by City Clerk Irene Hanley and will be presented this evening.

Arthur Ruhl, administrative assistant at Wayne County Juvenile Court, will speak Wednesday afternoon before the Women's Auxiliary of St. James Episcopal Church.

Plans will be completed at the gathering in the church for the auxiliary's 39th annual pet parade Saturday, May 24.

J. Howard Groves Service for J. Howard Groves, 68, of 175 W. Frank St., Birmingham, will be held at 1 p.m. tomorrow at Bell Chapel of the William R. Hamilton Co.

Mr. Groves died Saturday at St. Joseph Mercy Hospital, Pontiac.

Son of a pioneer Oakland County family, he spent his entire life in this area. He was associated with the Leonard Electric Co. for 35 years and for 10 years was electrical engineer for the Detroit Edison Co., retiring in 1944.

Mr. Groves was a member of

playmates rescue boy buried under dirt pile

DETROIT (U. S. —) Joseph Doule, 9, of suburban Wyandotte, has a broken pelvis and a broken leg—but he's lucky to be alive.

Two quick-thinking playmates were credited with saving the boy's life Saturday night after a pile of dirt collapsed, burying him under 12 feet of earth at a playground near his home.

Michael Murray, 8, who was playing nearby, shouted for help and was joined by Nancy Lee Stevenson, 11, who scraped dirt away from Joseph's face. She and Michael then freed him.

## Dreary Weather Keeps Toll Low

Five Killed as Fewer Motorists Use Michigan Roads During Weekend

By THE ASSOCIATED PRESS

Five persons died in weekend traffic accidents in Michigan as wet, dreary weather held down the usual numbers of springtime motorists.

Two persons were killed in one accident near Brighton Sunday.

The Associated Press weekend traffic fatality count begins at 6 p.m. Friday and ends midnight Sunday.

Elias Bliss and his grandson, Roy L. Jackson, both of Pontiac, were killed Sunday in a collision near Brighton.

Raymond Morehouse, 13, Vermonthville, was killed Sunday when the bicycle he was riding was struck by a car southwest of Charlotte.

Jack R. Vecker, 19, Mass., was killed Saturday when his auto ran onto a soft shoulder and overturned between Mass and Ontonagon.

Buddy Quick, 26, of Kalamazoo, was killed Sunday when his car left a Kalamazoo street and struck a tree.

## Rukeyser Challenges Reuther's Figures

(Continued From Page One)

those who provided the capital — the tools and facilities of production — during that period not only continued to provide jobs for those employees in 1947, but by expanded capital investment, through retained earnings and otherwise, financed job availability for many additional workers in each year following 1947.

For example, last year there were 200,857 additional GM employees over the number employed in 1947. Thus in that one year—1957—the total additional dollar labor income which the investment of stockholders made possible, amounted in that single corporation to \$1,009,105,568.

Thus, while a single employee in 1957 earned \$5,024, the total number of employees financed in 1957 by the 1,003 shares—or .000021 of GM capitalization which Reuther mentions—amounts to 12.35 workers receiving \$62,050.

In January 1947 the investment in tools represented by 1,003 shares provided facilities to employ 6.52 employees who were paid \$25,850, not merely facilities, for one worker at \$3,034 as indicated in Reuther's example.

Thus, for the 11-year period mentioned

# STOCK MARKET Rustlers in Imlay City Area

IMLAY CITY — Cattle rustlers were at work Saturday night at a farm southeast of Imlay City, Romeo State Police said today.

A 10-month-old bull was found missing by its owner, Mile Belzake, of 7809 Rider Rd., Imlay City.

Belzake said he followed the animals' tracks which led him to the head and entrails 500 feet away from his pastures.

## Hazel Park Police Station Shaken Bomb Cut-Rate Barbershop

HAZEL PARK — A homemade bomb last night was thrown at the rear of a Hazel Park barbershop, next door to the city's Police Station.

Someone apparently attempted to toss it through the rear window of Adam's Barbershop, 23100 John R., according to Detective Lt. Harold J. Hill of the Hazel Park Police Department. It fell about five feet short.

Sgt. Charis W. Young said the blast shook the station and "nearly knocked me off my chair." No one was injured and

## Bringing Cheer to Romeo Grandma Taft, 98, on Her Feet Again

ROMEO—Miss Malvina Taft, who will be 99 years old next September, is up and walking around again.

She broke her hip about five months ago, and, although handicapped by advanced age, "Grandma" Taft—as she is affectionately called—was determined to walk again. All her friends and the

lodge whom she keeps amused with her gay yrepartee. And she has two regular visitors every Sunday—her minister, the Rev. Vernon Boshart of the Free Methodist Church in Romeo, and a longtime friend, 60-year-old Clarence Edgerton, caretaker of Miss Sarah Van Hoosen Jones' farm in Rochester.

For persons who are distressed in mind, Sammond recommends a talk with this delightful old lady to cheer them up. "She's a tonic for anyone," he said.

Even when she was flat on her back for so many weeks, Miss Mallie never complained, her nurses said. Her prime concern in life is to cause no extra trouble and to bring joy wherever she can.

## Perform 'Hansel and Gretel' at Romeo Beware the Witch's Oven

ROMEO—The music department of the Romeo Elementary School will present an adaptation of Humperdinck's familiar operetta "Hansel and Gretel" at 8 p.m. tomorrow in the auditorium in Romeo High School.

Grade School Vocal Music Director Miss Marguerite Crawford has charge of the production. Her assistants include fourth, fifth and sixth grade teachers whose students, 135 strong, are members of the chorus.

## Princess Anne Mending After Tonsillectomy

LONDON — Seven-year-old Princess Anne lost her tonsils and adenoids today.

The operation was performed at the Hospital for Sick Children and a communique announced the condition of Queen Elizabeth's daughter immediately after the surgery was very satisfactory.

Anne's governess Mabel Anderson brought her to the hospital last night and spent the night in a separate room.

Queen Elizabeth, who had been staying at Windsor Castle just outside London, came back to remain at Buckingham Palace last night.

## Car Flips in Commerce, Youth in Hospital Here

"I can help you save gasoline and get back 20 to 30 horsepower stolen by Spark Plug Miss"

# TCP adds Anti-Miss to anti-knock

I'M NOT JUST TALKING off the top of my cap when I tell you that spark plug 'miss' is today's greatest cause of power loss, a threat to 30 million cars. Yours is probably one. And I have the remedy for spark plug 'miss' in the white pump.

It's Super Shell with TCP\*. It adds anti-miss to anti-knock, which means you get across-the-board protection from Super Shell.

You get protection against knock because Super Shell has higher octane, so that engine knock is no longer a problem. But in today's modern engines, anti-knock alone isn't enough.

That's why Super Shell adds anti-miss to anti-knock. Super Shell, with its exclusive TCP additive, stops spark plug misfiring caused by harmful combustion deposits. TCP neutralizes them, restores 20 to 30 lost horsepower!

You'll save gasoline, too—because the extra combustion energy of the aromatics in Super Shell converts automatically to give you extra mileage! Get your car's full power the way thousands of other motorists do. See your Shell Dealer.

\*Shell's trademark for this unique gasoline additive developed by Shell Research

## Super Shell with TCP

The most powerful gasoline any car can use—Plus TCP for Anti-Miss

Use Regular Grade?

Get the one with TCP

Now Shell Regular Gasoline gives you the benefits of TCP, plus higher octane than the finest premiums of only a short time ago.

Mr. and Mrs. Raymond P. de Steiger of East Detroit announce the engagement of their daughter, Sylvia Loretta de Steiger of Monroe street, to James Heath Cole of Milford. He is the son of Mr. and Mrs. Harold Cole of Clearwater, Fla., and Drummond Island.

SYLVIA L. de STEIGER

## Engagement Revealed

At a cocktail party in the home of her parents Sunday evening, the engagement of Sylvia Loretta de Steiger of Monroe street and James Heath Cole of Milford was announced.

The bride-elect is the daughter of Mr. and Mrs. Raymond P. de Steiger of East Detroit, and the prospective bridegroom's parents are Mr. and Mrs. Harold D. Cole of Clearwater, Fla., and Drummond Island.

### PLAQUE TELLS NEWS

A plaque with the inscription, "Milestones in Sylvia's Life" revealed the announcement in the de Steiger home. A floral arrangement in the shape of an engagement ring surrounded by tapers in silver candelabra lighted the setting.

## Youth Tour Pictures Are Shown

Mrs. Benjamin Minford of LaPeer, formerly of Pontiac, showed colored slides of Presbyterian missions in the Southwest Friday evening at First Presbyterian Church.

Mrs. Minford, who accompanied a youth caravan which visited 10 of the national Presbyterian missions in the Southwest, explained to members of the Women's Association attending that high school students of Michigan Presbyterian churches were carefully selected to make the 4,000-mile trip. Those attending camped out most of the time, Mrs. Minford said.

Following a cooperative dinner with the February-December group as hospitality chairman, Mrs. Leslie Ellis presided at a business meeting. Mrs. Davy Gilpin introduced the speaker.

## City VFW Auxiliary to Join Hospital Tour

Mrs. Archie Tryon, Mrs. Loren Beach, Mrs. Allen Hersee, Mrs. Paul Boelter and Mrs. Martie Pike will spend Wednesday at Battle Creek Veterans Administration Hospital.

A tour of the grounds and hospital facilities is planned for members of Ladies Auxiliary to VFW 1008, as well as 19,000 other auxiliary members in the state.

The occasion is to dedicate a patio and recreation room which the auxiliary endowed this year.

If you want a friend to fill in at a bridge party for a guest who cannot come, explain the situation when you invite her.

## Charm Chats

By Rowena Wilson Especially for You

There is nothing more important to add to your greater attractiveness than a hairdo that is becoming and flattering as well. Your hairstyle must be designed to suit your individual personality and at the same time cooperate with the current fashion trends. Most women can wear any number of hair arrangements but there is one especially for you.

We have a permanent especially for you, regardless of your type of hair. Our suggestion is a practical one. Give Mother a gift of beauty for her special day. How about a new permanent for Mother's Day?

You'll make her so happy with a wave at Rowena's Beauty Salon. 4821 Dixie Highway, Drayton Plains, OR 3-3541, 14 So. Main, Clarkston, MA 6-1090, 1216 Baldwin, Pontiac, FE 5-3735.

## Mary Sipe to Marry in August

BIRMINGHAM — Guests at a cocktail party Sunday afternoon learned of the engagement of Mary Jo Sipe and Humbert A. Mularoni. Hosting the party were Mary Jo's parents, Mr. and Mrs. Edward P. Sipe.

The prospective bridegroom, son of Mr. and Mrs. Humbert M. Mularoni of Clarendon road, was graduated from the University of Detroit. Mary Jo attended Michigan State University.

The couple plans an Aug. 9 wedding in Christ Church Cranbrook with a reception to be held at Kingsley Inn.

## Miss Duke Honored at Shower

Phyllis Marie Duke, daughter of Mr. and Mrs. John L. Duke of Glenwood avenue, was feted at a bridal shower Saturday evening. Hostess was Mrs. Donald Lumsden of Avonlea drive.

The honoree will become the bride of Gregory T. Walker of Melbourne, Australia, May 10 at St. Michael Church.

Attending the affair were Phyllis Horton, Christine Zafina, Marilyn Songareth, Annabelle Lobdell, Mrs. Donald Moore, Mrs. Charles Hotchkiss and Mrs. Richard Barcome.

Others were Georgine Campus, Mrs. Jack Chappell, Mrs. Findlay Crowe, Mrs. William Earle, Mrs. Walter Pontasch and Mrs. Donald Wurst.

# Historic Concert Set by Pontiac High Band

By SYLVIA de STEIGER

History will again be made by the Pontiac high school band next week when it presents the 31st and final Spring Band Concert.

This year's performance will be a milestone for the band since it will be the last time students of high school age throughout the city will have the opportunity to play together as members of one band.

## JOIN NEW GROUP

In September, when the new \$3 million high school named Pontiac Northern opens, at least 15 of the present band members will have to join the band organized at the new school since they will live in its area. A conductor for the new band has not been appointed to date.

The band, which today consists of 80 teenage musicians, has been known throughout Michigan and the Midwest for the first place ratings it has received in the district and state class "A" high school band competition.

For 27 consecutive years of the 31 it has been formally organized as a part of the student curriculum, first place trophies, plaques and certificates have been awarded to this band.

It is the only Michigan class "A" high school band to have received unanimous first division ratings in state competition from judges of both concert playing and sight reading during this same period.

Dale C. Harris, supervisor of instrumental music for Pontiac schools, has been the conductor of the band since it was organized in 1927.

Besides the annual spring concert, bandmen have performed for school activities including football and basketball games as well as assemblies.

★ ★ ★

Since the present high school has been renamed from Pontiac High School to Pontiac Central High School, this will be the first concert presented under the new name. The program will be held May 16 beginning at 8:15 p.m. in the high school auditorium.

Guest conductor for the special event will be Richard F. Goldman, internationally known composer, conductor, teacher, lecturer and author of music texts. Goldman, who will conduct the second half of the concert, is chairman of the Department of Literature and Materials of Music, Julliard School of Music in New York City.

★ ★ ★

Michigan State University's professor of music and band director, Leonard Falcone, will play two euphonium (baritone) solos for the occasion.

Pontiac Press Photos by Ed Vanderberg  
BABY AND PAPA — Nancy MacAfee, a sophomore, of 110 Thorpe St., plays the baby of the woodwind instruments of the band, the piccolo while Jim Williams, a junior, 321 Dick Ave., fingers the bassoon, the largest of the woodwind instruments. The two are practicing portions of Kallinikow's "Symphony I" which includes concentration on this section in the concert.

TIMPANI TIME — Terry Wilkins, a sophomore, of 66 Waldo St., looks as if he is sneaking up on this timpani drum nicknamed the kettle drum. This percussion instrument will be featured in the selection, "Pontiac Fanfare" next week at the Pontiac Central High School band's spring concert.

LAST TRY — Head band manager John Howell, senior clarinetist, of 243 Judson St., (left) assists Linda Stoner, another senior clarinetist, try on her uniform jacket for size since this is the last time both will perform in the high school band's concert. Cornetist Charles Laverque, another senior, 172 S. Jessie St., (right) is the head of the uniform committee.

NEWCOMER LEAVES — Linda McGlothlin, a sophomore, of 491 First St., (right) is practicing with a mute on her cornet for the first and last concert she will participate in with the Central Band. Next fall she will join the Pontiac Northern High School band at the new school. Delmar Benson, a senior, of 18 Newton St., points out a few complicated bars in "Carousel," which calls for the mute in the brass section.

## House to Be Public Shrine

BEDFORD VILLAGE, N. Y. — Chester Board of Supervisors to take the first fiscal step toward buying the property for \$136,000. The county then will give the property to New York state for operation as a public shrine.

Edwin G. Michaelian, Westchester County executive, helps save the 30-acre site from house-wreckers today as he asks the West-

## City Naval Center Sponsors 'Ham' Club

By DICK SAUNDERS

The Pontiac Naval Reserve Training Center has formed a non-military alliance with area civilians. The center recently sponsored a new club designed to offer aid and instruction to the area's ham radio operators and those interested in amateur radio operating as a hobby.

At present they refer to themselves as the Pontiac Amateur Code Group No. 1, but as new members flow in, the organization is expected to add several more groups.

Forming the code group with cooperation of the Michigan Six-Meter Network, the center offers competent instruction in the various stages of ham operating while offering its \$30,000 worth of

transmitting equipment in training interested parties.

There are no fees. The group is not affiliated with any one ham club or group. It's a civic project open to the public. All one needs to join is to attend one of the weekly Saturday afternoon meetings at 2 p.m. at the center, 469 S. East Blvd.

theory behind microphone work and transmission, they are given tests for higher licenses by F.C.C. authorities in Detroit.

Members start with a "novice" license. As they learn more they graduate to the "technician" class-

sification and finally to the "general" class. With a "general" license, they are free to transmit from their own set at home.

### EMERGENCY SYSTEM

Authorities are quick to point

out that beside being an enjoyable hobby, licensed ham radio operators can play a major role in combating any natural or man-made disaster which may strike their community, as an emergency communications system.

SHOWING EQUIPMENT — From left to right, Peter Saa, of 8889 E. Vernor Highway, Detroit, and Jack Smeiser, of 4755 Hales Road, Walled Lake, get a good look at equipment being shown them by Radoman Z.C. Carl Mandahl. This is part of some \$30,000 worth of equipment, being used by ham operators joining the civilian code group at the Naval Reserve Training Center, 469 S. East Blvd.

## Two Women's Clubs Contest Winners

SAGINAW — Royal Oak Women's Club and the Rochester Junior Women's Club have been named winners of first prizes in the Michigan State Federation of Women's Clubs community achievement contest.

Royal Oak won for clubs over 75 members and Rochester for

clubs with 75 members or under. The Greenville Federation of Women's Clubs was runnerup to Royal Oak. Baldwin Women's Club was second to Rochester.

The contest — one is held in each state — was sponsored by the General Federation of Women's Clubs and the Sears Roebuck Foundation.

A national achievement award will be presented at the General Foundation's annual convention in Detroit next month.

HELLO, CALIFORNIA? — Frank Prano, president of the Michigan Six-Meter Network, sits at the Pontiac Naval Reserve Center surrounded by equipment. He is a ham radio operator. The ham on the other end of the line is the station of the network's reporter, a ham operator who reports on the weather permitting, someone on the west coast.

# Tokyo Transport Clogged

TOKYO (INS) — Imagine every person from the state of California jamming the buses, trains and trolleys of a single city in a single day, and you have a picture of Tokyo's current plight.

For the world's biggest city squeezes more than 12 million passengers into her over-taxed transportation facilities every day.

Vehicles are so packed that a local wag says pick-pockets can no longer make a living on trolleys and buses.

For Tokyo's city fathers, however, the problem is no joke. Facilities are taxed three or four times beyond their capacity, particularly at peak traffic hours.

Biggest headache is surface transport. More than 1,000 trolleys and 3,000 buses toll along Tokyo's teeming, serpentine streets carrying a staggering four million persons daily.

## NARROW ROUTES CLOG

They follow routes no wider than alleyways or main avenues clogged with weaving taxis, bicycles and three-wheeled trucks.

Also above ground are 11 electric lines that haul seven million passengers a day. During rush-hour, some lines have trains running every 110 seconds.

Shinjuku Station, a major connection for several surface lines, sees 650,000 persons pass through it in a single day. Tokyo Station in the heart of the city's business district handles a half-million passengers every 24 hours.

Underground, two subway lines running 13.5 miles under major shopping and business areas carry more than one million customers a day.

## RUSH HOUR FIERCE

Tokyo's rush-hour is fierce enough to make the most hardened New York strap-hanger cringe.

# Senators Resume Teamster Hearings

WASHINGTON (U) — A special Senate committee resumes hearings today in its investigation of Teamsters Union activities in the Philadelphia area.

Witnesses were not named in advance of the afternoon hearings but chief counsel Robert F. Kennedy said the testimony would deal with allegations of shake-downs and larceny.

He said the committee will look into the activities of Benjamin Lapensohn, a former business agent of Teamsters Local 107 in Philadelphia, in connection with his past operation of two publications, the Pennsylvania Federationist and the New York Federationist.

Kennedy said that Lapensohn is reported to be out of the country.

## No One's Celebrating About These Fireworks

DAYTON, Ohio (U) — An aerial fireworks display which lit up southwest Dayton gave firemen and the United Fireworks Manufacturing Co. no cause to celebrate.

The company's president, Walter Bachler, estimated damage to a two-story display building at about \$70,000. Lightning hit the building, used to show fireworks to wholesale sellers and customers and set off the fire.

## HALF ACRE CASTLE

John Morris

## THE GIRLS

by Franklin Folger

"You and me, both!"

# Picnickers, Goodies Turned Back by Fog

NEW YORK (U) — Fog close d in yesterday on a lot of hardboiled eggs, fried chicken, pickled herrings and veal and peppers.

The food embarked with teenage members of the Alpha Phi Omega fraternity of the Polytechnic Institute of Brooklyn on an excursion boat. Destination: Bear Mountain, 46 miles and two hours from Manhattan. Occasion: the fraternity's annual picnic.

Twenty-six miles later, at Hastings-on-Hudson, the fog was thick the vessel tied up and the picnic was called off.

Back to Manhattan went the teen-agers, a five-piece band and much of the hardboiled eggs, fried chicken, pickled herrings and veal and peppers.

Chittagong is the principal port of East Pakistan.
