Thirsty Blaze Swallows Dairy Barn

Pontiac Press Photo

\$65,000 FIRE IN BRANDON TOWNSHIP — A mid-day fire yesterday consumed a modern dairy barn on the farm of Clark J. Miller at Seymour Lake and Perry Lake roads. The blaze, which attracted hundreds of spectators, was battled by three fire departments. They rescued all 48 head of cattle and saved four nearby buildings.

Did Princess Get Scolded by Elizabeth?

LONDON (U) — Rumors flew today that Queen Elizabeth gave Princess Margaret a royal dressing down for seeing Peter Townsend last week. But as usual with rumored royal rows, nobody who really knows is talking.

All that is known publicly about yesterday's two-hour meeting between the royal sisters is this: Looking pale and worried, Margaret returned from a weekend visit to Germany after gaily dancing all night with officers of a British regiment of which she is colonel in chief.

A car was driven up to the plane ramp at the London airport to avoid news men. Margaret was driven straightaway to Windsor Castle to see the Queen.

There was no doubt that the sisters talked about Margaret's reunion with the ex-RAF hero she renounced in 1955 because he was divorced.

"People close to the royal family," retorted the Laborite Daily Herald, "say the Queen is cross because the meeting took place while she was out of the country on a state visit to Holland."

The tabloid Daily Sketch said the Queen was primarily upset over the "world publicity" given the reunion.

Townsend dropped out of sight over the weekend. He is expected to return early this week to the Continent.

By RABBI NATHAN HERSHFIELD

Judaism does not have any dogmatic theology. It is therefore difficult to interpret definitely its teachings in matters of belief. Religion came to the ancient Hebrew more readily than philosophy.

This non-dogmatic character of Judaism is especially true in its teachings about life after death.

RABBI NATHAN HERSHFIELD Before coming to Temple Beth Jacob in August, 1957, Rabbi Nathan Hershfield served congregations in Charlotte and Gastonia, N.C. A member of Rotary Club and the board of the American Red Cross, he participated in interfaith and community projects.

\$45,000 Barn Burns in Brandon Township

A modern dairy barn and equipment valued at about \$65,000 went up in flames Sunday on the Clark J. Miller Farm, 2885 Seymour Lake Rd. in Brandon Township, but not before 48 head of cattle were led to safety. The barn was valued at \$45,000.

No one was injured.

Fire departments from the villages of Ortonville and Oxford and Independence Township battled the noon blaze for two hours.

Cause of the fire was undetermined. Fire Marshal William Buckingham of the Ortonville-Brandon Township Fire Dept. said it started on the second floor where hay was stored.

The flames, fanned by a stiff breeze, set fire to a nearby tool shed but this was extinguished before it could cause much damage. Also saved were three other buildings near the barn.

The blaze was discovered by Miller just after he and his family had returned from church.

The Ortonville department, which was called first, was busy fighting a grass fire at the time and the alarm was relayed by two-way radio.

Miller estimated the value of the barn at \$45,000 and its contents at \$15,000.

His herd is being kept in barns on neighboring farms.

The Oakland County Sheriff's Department was on hand to direct traffic and keep back the hundreds of spectators who witnessed the mid-day blaze.

May Picket Chrysler

WARREN (INS)—Unemployed Dodge workers threatened today to put a picket line around the Chrysler missile plant here to protest what they claim is a refusal on the part of management to give first preference on jobs to idled Detroit area Chrysler workers.

Ford Meeting UAW Today

By Tomorrow, Big 3 Will Be Engrossed at Bargaining Table

DETROIT (U) — Ford and the United Auto Workers go to bat today in the second of the new and vital labor contract negotiations in the auto industry's Big Three.

By tomorrow, with Chrysler then to start talks, all three of the major firms of the industry will be at the bargaining table with the union over the UAW profit-sharing demand and other proposals.

General Motors talks began last week. They are now recessed until April 8 when the company is expected to come back with answers or proposals of its own.

Like the GM negotiations, Ford's opened against the background of mounting unemployment in the car industry because of production cutbacks tied to a car sales slump.

Ford took note of conditions in a public statement.

John S. Bugas, vice president in charge of industrial relations, said the decisions from the negotiations would have "widespread economic effects in the critical months ahead."

UAW President Walter Reuther, just home from the stormy Senate Rackets Committee hearing in Washington, was slated to sit in on the initial Ford talks today.

Tomorrow he will help to open the union's side in the Chrysler negotiations.

To Brighten Tomorrow's Press

Meet Miss Front Page---

A true breath of spring will brighten our paper tomorrow, as we present Miss Front Page for April. An avid sports enthusiast, this 17-year-old high school senior is used to evoking loud responses. She's a cheerleader at — whoops.

Almost told you. See her one Page 1 tomorrow.

Some Ideas on How Tomorrow's Foolishness Started

APRIL FOOLERY — Nobody knows for sure just when the custom of setting aside a day for foolishness originated. But it's old. People in ancient India used to play tricks on each other during the feast of Holi, which falls on March 31.

The French (1) can be blamed for our modern April Fool's Day observance. Back in 1564, Charles IX adopted the reformed calendar making the year begin on Jan. 1 instead of April 1. It had been the custom to exchange gifts on New Year's Day, so wags took to sending their neighbors mock gifts—like a ball of cotton dipped in chocolate to make it look like candy. The victim was tagged a poisson d'avril, or April fish.

A romantic legend has it that April Fool's Day saved the lives of the Duke of

Lorraine and his wife. Imprisoned in Nantes (2), they escaped in peasant garb. At the gate a woman recognized them and called to the guard. Knowing it was April 1, the guard merely laughed.

In England and Scotland (3) the custom caught on in the 18th Century. In Scotland, April Fools are called gowks, or cuckoos. Some kind of fool's errand was the favorite trick.

But no matter who started it all, April Fool's Day jokes (4) appear likely to continue with us for many generations. And most of us will probably fall for the old gags again this year.

Cars Crash Near Utica

Wild Auto Spree Kills 1, Injures 3

A wild driving spree by a Rochester man last night in the Utica area ended in sudden death for him and injuries to three other persons, including a Royal Oak minister.

Dead is Charles L. Jansen, 27, of 201 Mill St.

His car collided with an auto driven by James M. Gilchrist, 32, of Detroit, on Van Dyke between 25 and 26-Mile roads in Shelby Township.

Gilchrist suffered a fractured leg and multiple cuts. Passengers injured in his car were Dr. John Hunter, 50, of 2400 Rochester Rd., Royal Oak, a minister, and his son, David H., 26, of 1470 Granet St., Ferndale.

Dr. Hunter was cut about the face and suffered a broken arm and leg. His son received cuts on the face and head, fractured ribs and internal injuries. He was pinned in the car between the front seat and the dashboard.

All were taken to St. Joseph Hospital, Mount Clemens, where they were reported in fair condition today.

Shelby Township Police said they had received four complaints involving Jansen's car during the evening and were looking for him at the time of the crash.

One of them involved a hit-run collision with a parked car at Van Dyke and Hall Rds. in Utica.

Spring Finery Gets Okay; Fair Weather to Stay

New bonnets sprouted everywhere over the weekend, as warm, sunny weather gave indications that spring is here to stay.

And according to the weather bureau, the ladies can continue wearing their spring finery with assurance that rain will dampen neither their spirits nor the flowers on their new chapeaux, at least until late in the week.

The five-day forecast for this area says skies will be sunny and temperatures will average several degrees above normal, the normal high being 51 and normal low 33.

There will be little change until the weekend when light showers are expected.

Tomorrow Pontiac will have even warmer temperatures than yesterday, when the high was recorded at 57 and the low at 38 degrees. Tonight's low will be near 33 but the forecast for Tuesday is a high near 60, with light variable winds.

The winds this morning at 8 a. m. was 15 miles per hour from east-northeast. Downtown temperature at 1 p. m. was 57 degrees.

Police Rap 'Gawkers'

DETROIT (U) — Detroit police have a name now for one type of bad expressway driver. He's a "gawker." Traffic Director Louis J. Berg, in a report on expressway driving, says the "gawker"—whom he calls a "rea; menace"—is the driver who insists on slowing down to look at somebody else's accident.

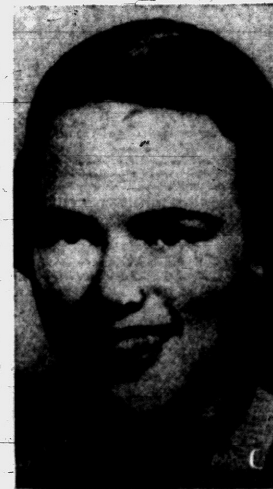

Agree to Summit Talks

PARIS (U) — The Western Big Three today sent a note to the Soviet Union agreeing to a summit conference if diplomatic negotiations plus a foreign ministers meeting come first, diplomats here said.

U.S. Replies to Reds on Test Ban Dictum

WASHINGTON (U) — The United States today questioned the reliability of the Soviet Union's one-country stop order on H-bomb tests, and called on the Kremlin to operate in that field in an "orderly" manner under the United Nations.

The State Department's quick response to today's Moscow announcement said: "The Soviet statement comes on the heels of an intensive series of secret Soviet tests."

Those tests themselves, it added, "should arouse world opinion to the need to deal in an orderly and dependable way with the testing and related aspects of the disarmament problem."

Moscow's announcement had been anticipated, and the U. S. statement obviously was ready in advance except perhaps in minor detail.

See Propaganda Blast at West in Latest Move

Bulgarian Picked by Khrushchev to Fill Top State Bank Post

MOSCOW (U)—The Soviet Union announced today it is halting tests of all forms of thermonuclear weapons.

The announcement was made by Foreign Minister Andrei Gromyko before a joint session of the Supreme Soviet.

The announcement, expected for some time, was interpreted as a new propaganda blow against the West, especially the United States which has held out for an iron-clad agreement that would both halt tests and production of nuclear weapons.

There was tremendous applause as Gromyko announced this decision of Premier Khrushchev's new Cabinet.

TO HEAD BANK

Khrushchev today appointed former Premier Nikolai Bulganin head of the Soviet State Bank and announced most of Bulganin's old Cabinet members and key executives had been retained.

Bulganin thus returned to a job he had held before World War II.

Those retained included Anastas Mikoyan as first deputy premier. Gen. Ivan Serov was renamed to his old post as chairman of State Security, and Andrei Gromyko reappointed foreign minister.

Supreme Soviet approved these nominations unanimously.

When the unilateral weapons decision becomes effective—once it is approved by the Supreme Soviet—and how long it would remain in effect was not immediately clear.

It was the impression of those who heard Gromyko that the ban would be applied at once.

Gromyko said the Soviet Union hoped that the United States and Britain would join in the suspension of tests.

DANGER NOT AVERTED

Gromyko said the Soviet Union considers itself free to end the suspension if the other powers did not join in. He did not indicate how long the Soviet Union would wait.

"We realize that ending of tests does not avert the danger of war," Gromyko told the 1,578 deputies. "When one side tests a series of bombs, the other side tries to catch up."

The foreign minister ridiculed U. S. claims to having produced clean bombs relatively free of radioactive fallout.

"They write about them touchingly but all this is simply to divert people from the main problem—a choice between peace and an atomic war," he said.

"They do the same as did former President Truman, trying to justify the bombing of Hiroshima and Nagasaki. They are trying to make it seem that atom bombs are for the good of the people. But this conception is alien to the interests of peace and mankind."

"The opponents of banning tests fear that this will bring an end to the production of nuclear weapons. This is the strong point of the test ban. If the test ban turns out to be a cold shower for the hot-heads in NATO, then that alone is a good point."

Canada Voters Troop to Polls

Conservatives, Liberals in Heavy Competition for 265 Commons Seats

OTTAWA (INS) — Canadian voters went to the polls today to determine who will govern Canada for the next four years. Conservatives or Liberals, or whether both might be deprived of a clear majority.

Two hundred and sixty-five seats in Canada's ruling lower house of parliament, the Commons, were at stake in constituencies dotted all over the huge, semi-continental nation.

Newfoundland, where polls opened at 6:30 A.M. EST, was being carefully watched by Conservative Prime Minister John Diefenbaker and Liberal Party Chief Lester B. Pearson.

The Newfoundland results were expected to give an indication in the trend of the returns. Polls in every province were to close at 6 p.m.

Pollsters and predictors hedged much more on election day than they had during the campaign. However, despite apparent liberal gains in voter sentiment in the past two weeks, most Ottawa observers still conceded a slight edge to the Conservatives.

Haunting the election was the fear that this vote, like the one last spring which put the Tories in power after 22 years of Liberal administration, might produce a minority government.

Diefenbaker dissolved that stale-mated parliament last month. It had 113 Progressive Conservative members, 106 Liberals, 39 members for two minority parties and two independents.

A stormy election campaign seemed to guarantee that at least 7,000,000 eligible voters would take part in the election.

The greatest issue of the campaign was the economic recession which hit Canada as it did the United States. The parties were divided on a remedy.

By E. H. SIMS
Now that spring has arrived, what are its weather characteristics and what causes them?

Spring naturally brings warming weather, for in springtime each day is longer than the night. But it also brings more rainfall in most areas of the country. Usually rainfall builds up until early summer and then tapers off into the dry fall months.

Spring also brings gusty winds and short, hard rainfalls. It brings sticky, murky weather in the more southerly climates and the first "spring fever" attacks of the year. The reason for the rain lies in the gradual lessening of cold, dry air masses—in frequency of appearance.

The warmer weather and more sunshine produce more thunderheads and moisture and rainfall from them. Because the change of season to warmer air is not always quietly effected, tornadoes and brief severe storms often come in springtime.

Supplies Police Chief With Needed Indian

RICHMOND, Va. (P. P. Woodson, complaining to Personnel Administrator Melvin Lubman about the need for more police recruits, said he needed "more Indians, fewer chiefs."

Lubman replied by referring an applicant who is a full-blooded Cherokee.

A HATFUL OF SPRING — These 25 hats were selected by the Atlantic City Models Guild as being the most attractive spring chapeaux. Their owners, who also score well in the beauty department, pose with the hats on the Boardwalk in sunny, mild weather which brought out crowds estimated at 50,000 yesterday.

Authorities Seek to Determine Age, Sex

Boys Find Human Skull in Pond

A human skull was found in a pond, near Pontiac Lake, Waterford Township, Sunday morning by two boys who were "turtle hunting."

The boys, David Parks, 13, of 1271 Tull Dr. and Larry Downs, 11, of 1238 Tull, spotted the skull under water just off shore at about 10:15 a.m.

Thinking it was an animal skull, they fished it out with a stick and took it home. Parks' parents called the police.

Capt. Millard J. Pender, head of the Waterford Township Police Dept., investigated the find. A search of the pond, which is located on M59, near Pontiac Lake road, failed to disclose other bones.

Pender showed the skull to Oakland County Coroner Richard E. Olsen who said it was at least 18 months old and could be much older.

A YOUNG ADULT — He identified it as the skull of a young white adult and noted that a molar which was missing appeared to have been pulled out since the jaw bone had grown over the socket.

Pender said he would have the skull examined at Pontiac General Hospital today to see if its age could be more nearly fixed and the sex determined.

"There is no use in dredging the mucky bottom of the pond until we know whether the skull is recent. It could be that of an early settler," Capt. Pender said.

He added that he had no report of a missing person during the past few years that would fit the description supplied by the coroner.

Chairman McClellan (D-Ark) expressed similar hopes and Sen. Goldwater (R-Ariz), one of those who voted to hold the hearings, said if it takes more than two days "we ought to just give up."

The committee spent five weeks on hearings into a UAW strike against the Kohler Co., Wisconsin maker of plumbing fixtures. That hearing ended late Saturday.

Kennedy said the new hearings would stick to "violence on both sides" in the strike that became headline news when strikers and non-strikers engaged in a pitched gun battle outside Perfect Circle's New Castle, Ind., foundry.

A UAW contract for the New Castle foundry was negotiated in Chicago late in 1955, ending the strike. The union earlier had lost its bargaining rights for the employees at Hagerstown and Richmond.

UAW President Walter Reuther's testimony ended the hearings into the Kohler strike. Concluding on an emotional note, he urged an end to name-calling "for the sake of America." He called for a show of "democracy in depth," to show the Communist world that "we can argue out our differences without name-calling."

Kentucky Jail Empty for More Than Week

CORBIN, Ky. (P. P.) — The jailer here was a lonely man recently. For eight days no arrests were made and the cells went empty.

"You can say that either Corbin is a very good town or that the police department is no good," one patrolman joked.

Portable Monitor Made

WESTBURY, N. Y. — A Westbury manufacturer has developed a portable radiation monitor it says can be operated for more than 150 hours by two standard flashlight batteries. The product is said to be portable and quick measurement of low-level radiation.

March Showers Fall on East and Far West

By THE ASSOCIATED PRESS
It was more wet weather for sections of the East and the Far West today but it was fairly mild and pleasant in most of the mid-continent.

Precipitation was general during the night across the Atlantic Coast states from New York state southward through South Carolina, with rain in scattered sections of Georgia and Florida.

Although rain fell in most areas, snow was reported in some mountain areas of New York, the Virginias and Pennsylvania. Heaviest rainfall during the night was at Charleston, S.C., which was drenched with about 1 1/2 inches and making a 24-hour total of 2.28 inches.

Top Miami Industry

MIAMI — Aviation has outstripped metropolitan Miami's hotel industry, its marine industry, and its agriculture to become the area's largest industry. It now employs 20,000 persons, has a \$100,000,000 a year payroll, and has annual expenditures of \$120,000,000.

Judaism Extends Hope for Eternity

(Continued From Page One)

fillment through the further development of life's goodness. Immortality was not a gift freely given to anyone. It was something to be attained.

The primary element in this belief is its ethical emphasis. Man becomes immortal by his ethical nature and by continued striving towards ethical perfection. Hence, this becomes the criteria of immortality in Judaism, and not belief.

Thus it is possible for a non-Jew to inherit eternal life, as long as he lives righteously. "The righteous of all nations have a share in the world to come," states the rabbis in a sweeping statement.

As far as I am concerned, it is not just the biological survival that is important. It is rather the ideals in which man believes which must go on living.

The individual, during his lifetime on earth, must add all he can to the significance of his community. Thus, when he dies, the most important part of him lives on, through what he has added to the lives of others.

This is the kind of immortality that is within our grasp, and that we can all earn, regardless of our respective faiths.

Points to U.S. as 'Hottest' Spot for Radioactivity

NEW YORK (P. P.) — The United States is "the hottest place in the world" in terms of radioactivity in the atmosphere, says Dr. Willard F. Libby of the U.S. Atomic Energy Commission.

"A major fraction" of the fallout in the United States, according to Libby, is of Soviet origin. Libby, science member of the AEC, was one of several scientists on the CBS-TV program See It Now.

He contended in a filmed interview that continuation of nuclear weapons tests is "a risk that we can and should tolerate."

Among others on the program, Dr. Kenjiro Kimura, one of the discoverers of uranium-237, said the majority of Japanese scientists "believe that if hydrogen and atomic test explosions continue at the present rate the danger point to the human race will be reached in 15 to 20 years."

Dr. Linus Pauling, Nobel Prize chemist of the California Institute of Technology, said that fallout from nuclear tests thus far might "mean that about one million persons die of leukemia and other diseases than would have otherwise."

Mrs. Hitt Faces Murder Charge

AF at Okinawa Files Against Wife of Worker in Infant's Slaying

NAHA, Okinawa (P. P.) — Mrs. Madelyn Hitt of Livonia, Mich., faces a charge of murder in the death of her 6-week-old son, Brady Dean. The charge has been filed by the U.S. Air Force.

Mrs. Hitt told Air Force investigators March 16 she smothered the boy and buried him in her backyard. She previously reported the child missing from his crib, apparently a kidnapping victim.

The Air Force said its filing of criminal charges did not mean prosecution would be carried out by military authorities. As Mrs. Hitt is a civilian dependent, the Air Force does not have jurisdiction to try her.

Any trial probably would be conducted by a court of the U.S. Civil Administration of the Ryukyus.

Mrs. Hitt is the wife of Terrance Hitt, 28, a civilian electronics expert on contract to the U.S. Air Force at Kadena Air Force Base.

The Air Force said the charges were filed to allow military officials to complete investigation on circumstances surrounding the boy's death.

Mrs. Hitt is in custody under medical care.

King Brothers Will Be Closed Tuesday and Wednesday due to death of their beloved Father

Trophies for dressmaking were awarded by the Oakland County 4-H Club Saturday to Judy Crawford of Milford and Sharon Brodie of Birmingham.

The girls will represent the county in July at a statewide dressmaking contest in East Lansing. Their homemade dresses were judged the best out of more than 300 entries at a contest held in Eastern Junior High School.

STOP FOR BIG VALUES TURN to 21

The Day in Birmingham

Proposed Zoning Rules Head Tonight's Agenda

BIRMINGHAM — Heading to Cape Cod, Mass., and Mrs. Henry Prescott of Natick, and a brother, George, also of Natick.

The ordinance will regulate the size and number of buildings, density of population, location and use of buildings and land for all purposes, and establish penalties for the violation of its several sections.

Commissioners also will discuss the costs of publication of the ordinance and the additional cost of booklets for distribution to persons interested in it.

A letter from John S. O'Gorman Jr. will suggest to commissioners the establishment of a \$500 fund, to be awarded for the best plan for the development of Shain Park. Last week commissioners allocated \$5,000, plus some \$2,100 remaining in the park improvement fund, to begin work immediately on improving the area.

Extensive plans have been proposed for the park. O'Gorman says considerable interest would be created through the competition idea. He recommends that civic organizations such as the League of Women Voters, Garden Club, American Association of University Women, Chamber of Commerce and City Planning Board be considered as judges.

Meeting for sewing at 10 a.m. tomorrow, the women of North Congregational Church will plan an afternoon program. Mrs. V. B. Johnson will interpret the world-famous Leonardo de Vinci painting, "The Last Supper." A Lenten service, conducted by the Rev. John Metter at noon, will precede the luncheon.

The Suburban Women's Republican Club will be under the leadership of Mrs. A. D. Sheldon for the coming year. Others elected to office in Birmingham are Mrs. Marshall Chambers, first vice president; Mrs. Olive Whitcroft, corresponding secretary and Mrs. George Witherspoon, treasurer.

Arthur Barratt
Service for Arthur Barratt, 54, of 1221 Hillside Dr., Birmingham, who died Saturday at William Beaumont Hospital after a heart attack, will be held Wednesday at Natick, Mass. The body was sent there from the Bell Chapel of the William R. Hamilton Co. at noon today.

A resident of Birmingham for eight years, he was an automotive engineer with the U. S. Ordnance Tank Automotive Center, Mr. Barratt was a retired Army colonel.

Surviving are his wife, Kathleen; two sisters, Mrs. Peter Valle of

Use of Wool Increases

CANBERRA — The world consumed 8 per cent more wool in 1956 than in the year before, according to Australian officials. In the first quarter of 1957 consumption was 5 per cent higher than in the like period of 1956.

Deaths in Pontiac and Nearby Areas

MRS JOHN CERVENKE

Mrs. John (Mary Eva) Cervenke, 82, of 736 Orchard Lake Ave. died at her home yesterday after a four-month illness. A member of St. Vincent de Paul Church, she belonged to the Rosary Altar Society of the church, League of Catholic Women and C.Z.E.C.H. Catholic Union.

Surviving are a daughter, Mrs. George Reha of Monrovia, Calif., and three sons, George, also of Monrovia, and Joseph and Frank both of Pontiac.

Rosary service will be at the Melvin A. Schutt Funeral Home Tuesday at 7 p.m. Funeral service will be at 10 a.m. Wednesday from St. Vincent de Paul, with burial in Mt. Olivet Cemetery.

JACOB HAUSER

After a two year illness, Jacob Hausager, 58, of 533 DeSota Place, died yesterday at St. Joseph Mercy Hospital.

A member of Grace Lutheran Church, he was last employed as a machinist at Pontiac Motor Division. He was also a member of Amvets.

Surviving besides his wife, Marie, are two sons, Clarence of Baker, Oregon and Vernon of Astoria, Oregon, a brother, John, of Pontiac, and two sisters, Mrs. Martha Bucks of Aberdeen, S.D., and Mrs. Mary Klein of McCluskey, N.D.

Funeral service will be at 2 p.m. Wednesday from Sparks-Griffin Chapel, the Rev. Richard C. Stuckmeyer of Grace Lutheran Church officiating. Burial will follow in Perry Mount Park Cemetery.

HUBERT KEYLON

Hubert Keylon, 58, of 2450 Dixie Highway, died Sunday after an illness of 17 months.

He was manager of Ran Keylon Gardens on Dixie Highway. Surviving are his wife, Stella, seven children, Robert of Texas, Mrs. Robert Highfield of Pontiac, Mrs. Herbert Smith of South America, Don of Clarkston, and Ford, Loys and Charles, all of California; brothers Howell of Pontiac, James of Tennessee, and sisters, Mrs. Bonnie Donofrio of Clarkston and Mrs. Ruby Fairchild of Florida.

Twelve grandchildren also survive. Funeral service will be at 1:30 p.m. Wednesday at the Huntington Funeral Home, with burial in Waterford Center Cemetery, with Rev. James Deeg officiating.

MRS. ADA POLLEY

Mrs. Ada Polley, 85, of 38 Elaine St. died Saturday at Pontiac Gen. She is survived by a daughter, Mrs. Charlotte Reame of Drayton Plains and two sons, George and Frank, both of Pontiac. Also surviving are two sisters, Mrs. Lillian Kimball of Bloomfield Hills and Mrs. John Smith of Pontiac.

The Rev. Theo Allebach of Oakland Avenue Presbyterian Church will officiate at funeral services at 2 p.m. Tuesday from Pursley Funeral Home. Burial will be in Oak Hill Cemetery.

MRS. FRED RAPSON

Mrs. Fred (Myrtle L.) Rapson, 57, of 99 Calvert St., died yesterday at Pontiac General Hospital after a four month illness.

Surviving besides her husband and mother, Mrs. Dave Thurlow, are four daughters, Mrs. Gloria Kessler of Toledo, O., Mrs. Margery Murray of Detroit, Dorothea and Bonnie Rapson, both of Pontiac, and a son, David, of Pontiac.

Funeral services will be at 1 p.m. Wednesday from Pursley Funeral Home, the Rev. Tom Malone of Emmanuel Baptist Church officiating. Burial will follow in Oak Hill Cemetery.

MRS. EDWARD J. THOMAS (ANNA)

Mrs. Edward J. (Anna) Thomas, 83, died Saturday at her home in Detroit. She was the mother of the Rev. Richard W. Thomas, pastor of St. Benedict's Catholic Church. Surviving besides Father Thomas is another son, Edward, of Detroit.

Funeral service will be at 10:30 a.m. Wednesday from Annunciation Church in Detroit. Rosary will be recited at 8:30 p.m. Tuesday at DeSantis Funeral Home at Chalmers and Charlevoix in Detroit.

ANTHONY W. DeCONIK

Funeral Service for Anthony W. DeConick, 74, of 5745 W. Maple Rd., Orchard Lake, will be held at 10 a.m. Wednesday at Our Lady of Refuge Church, with burial in Mt. Hope Cemetery by the C. J. Godhardt Funeral Home.

A maintenance employee at Pontiac Motor Division, he died today in St. Joseph Mercy Hospital after a two-month illness.

Surviving are his wife, Eva, a daughter, Mrs. Kenneth Hahnefeld, a son, Phillip, and a brother Joseph, all of Orchard Lake.

The Rosary will be said at 8 p.m. Tuesday. His body will be at his home until Wednesday morning.

BABY BOY HOWELL

LAKEVILLE — Graveside service for the infant son of Mr. and Mrs. Jerome Howell, of 4330 Curtis Rd., who died yesterday at the Saratoga General Hospital, Detroit, 15 hours after birth, will be held at 3 p.m. today at Lakeville Cemetery. Officiating will be the Rev. Robert G. Morris.

Funeral arrangements were by Flumerfelt Funeral Home, Oxford. Surviving besides the parents are three sisters and a brother.

MRS. MARY J. HOUGHTALING

Mrs. Mary J. Houghtaling, 90, of 71 E. Glass Rd., Ortonville, died at her residence Sunday of a heart attack.

Surviving are a daughter, Mrs. Margaret Kline of Pontiac, three sons, Harold of San Luis Obispo, Calif., Burdette of Pontiac and Bernard, of Ortonville; 19 grandchildren, 43 great grandchildren, and three great great grandchildren.

Funeral will be the C. F. Sherman Funeral Home at 2 p.m. Wednesday, with the Rev. James Luther officiating. Burial will be in Lum Cemetery.

MRS. CASSIUS INMAN

ROMEO — Service for Mrs. Cassius (Myrtle) Inman, 84, of 158 Tillson St., will be conducted at 3 p.m. tomorrow at Roth's Home for Funerals by the Rev. Ellis A. Hart of the First Methodist Church. Burial will be in Romeo Cemetery.

Mrs. Inman, who died Saturday at the home of her daughter, Mrs. Frederick Pank, 115 Hollister St., was the oldest member of her church.

Surviving besides her daughter is a son, Kenneth of Oakland, Calif.; five grandchildren and five great-grandchildren.

GEORGE H. KING

ROCHESTER — Service for George H. King, 73, of 500 N. Adams Rd. who died yesterday at St. Joseph Mercy Hospital, Pontiac, following a heart attack, will be held at 1:30 p.m. Wednesday at St. John Lutheran Church. Officiating will be the Rev. Walter C. Gerken. Burial will be in White Chapel Cemetery.

A resident of Rochester for 14 years, he leaves his wife, Ida; five sons, Harvey G. of Pontiac, James C. and Calvin F., both of Rochester, Jerry R. of Milford and Albert R. of Clarkston; one sister, Mrs. George Hill of Birmingham, and 13 grandchildren.

ROBERT W. LAMB

LAPEER — Service for Robert W. Lamb, 66, of 1862 Grave Rd., will be held at 3:30 p.m. Wednesday at Baird Funeral Home. Officiating will be the Rev. Raymond R. Lamb of the Monroe Street Methodist Church with burial in Stiles Cemetery.

Mr. Lamb was found dead by his wife, Opal, Saturday in a field near his home. Dr. Lyle Riddell, coroner, said death was due to natural causes.

Surviving besides his wife are his mother, Mrs. Dora Warren, of Squeam, Wash.; two brothers, an administration-sponsored bill to Francis P. and Eldred, both of Yakima, Wash.; and two sisters, Mrs. Lloyd Cross of Presho, S.D. items for the government.

and Mrs. Merle E. Henry of Port Angelus, Wash.

JAMES STACKHOUSE

ROCHESTER — Service for James Stackhouse, 72, of 410 W. Fourth St., will be held at 1:30 p.m. tomorrow at the William R. Potere Funeral Home. Officiating will be the Rev. E. John Yuells of First Congregational Church. Burial will be in Mt. Avon Cemetery.

Mr. Stackhouse, who died at his home yesterday, was a retired Rochester merchant.

Surviving are his wife, Lila; a stepdaughter, Mrs. Don-Hopper of Rochester; and three sisters, Mrs. Jane Correll of Bangor, Pa., Ida Carley of Ferndale and Mrs. Mae Reeves of Royal Oak.

Dems, GOP Both Claim Credit for Easing Slump

WASHINGTON — The Democrats say things they have done and are doing "will in all probability bring the Eisenhower administration through its second recession."

But the Republicans say that actions taken or requested by the administration itself — they mentioned 50 steps involving nine billion dollars — will have "immeasurable" impact.

Amid the political jockeying, the House moved toward passage of an early flying record with a non-stop flight across the Pacific in 1931, died Saturday of a pulmonary condition. The first nonstop

Deaths Elsewhere

VATICAN CITY — Alessandro Cardinal Verde, 93, oldest cardinal of the Roman Catholic Church, died Saturday. His death brought to 14 the number of vacancies in the College of Cardinals, whose full complement is 70. He was made cardinal in 1925 and was the senior member of the college.

MOSCOW — Col. Gen. Nikolai P. Pukhov, 63, one of the top Soviet field commanders, died March 28, the Soviet press announced yesterday.

BOURNEMOUTH, England — Sir James Swinburne, 100, known as father of the British plastics industry, died yesterday. He founded the \$11,200,000 Bakelite Co., and retired as chairman of the firm five years ago.

BOSTON — Joseph E. Sharkey, 81, pioneering foreign correspondent with 40 years Associated Press service, died Saturday of pneumonia. Sharkey covered wars, riots, revolutions, assassinations and coronations throughout Europe and Asia. He was born in Cambridge, Mass. He retired from The AP in 1937.

NEW YORK — Clyde Pangborn, 63, aviation pioneer who set an early flying record with a non-stop flight across the Pacific in 1931, died Saturday of a pulmonary condition. The first nonstop

hop across the Pacific, it started near Tokyo and ended in Wenatchee, Wash.

OSSINING, N.Y. — William H. Taylor, 55, president of Lamparas General Electric de Mexico City, an affiliate of General Electric Corp., fatally shot himself Saturday, police reported.

SAN JOSE, Calif. — Pietro Costa, 56, retired member of the New York Metropolitan Opera company, died Saturday. Costa, a baritone, was associated with the Met for 17 years after coming from his native Italy and retired 10 years ago.

ZEPHYR HILLS, Fla. — Rudolph Loomis, 92, a former mayor of Lansing, Mich., and onetime president of the Capital Auto Co. of Lansing, died Saturday.

LINCOLN, Neb. — Richard Rees Wilkinson, 73, a Lincoln city councilman for 11 years, died yesterday. He had organized the National Auto Insurance Co. in 1917 and later entered the real estate business.

GLASGOW, Scotland — Six William Burrell, shipowner, and art fancier who gave Glasgow a six-million-dollar art collection in 1944, died Saturday. He was 96.

Seven out of ten U.S. homes receiving a newspaper have it carrier-delivered. This means newspapers have a constant—not shifting—audience.

Six Persons Die in State Traffic

Three Teenagers Killed in Separate Accidents During Weekend

By THE ASSOCIATED PRESS

Three teenagers were among six persons killed on Michigan highways during the clear spring weekend.

The Associated Press weekend fatal traffic count begins at 6 p.m. Friday and ends at midnight Sunday.

Charles Jansen, 27, Rochester, was killed Sunday night in a head-on collision near Romeo.

Edward Carl Green, 31, Cornell, died early Sunday when he lost control of his car and was thrown from it on U.S. 241, west of Escanaba.

Earl Botten, 32, Hesperia, and Keith Rittenhouse, 18, Hart, died Saturday night when their car rolled over and struck a tree in Oceana County.

Beverly Newvine, 17, Saginaw, was killed Saturday night when her car struck a utility pole on a Saginaw County road.

Sharon Reichard, 16, Monroe, died early Sunday when her car left a Monroe County road and struck a tree.

Boy Drowns in Ditch

EAST LANSING — Paul Hissong, 7, drowned when he fell into a water-filled excavation ditch near his home yesterday. He was the son of Mr. and Mrs. Max Hissong.

Only five presidents of the United States have died in Washington, D.C.

Six big reasons why FORD is the big wagon favorite

1. Ford wagons outcomfort them all

To begin with, Ford wagons for 1958 are the only wagons in the low-price field that give you the comfort of foam-rubber cushioned front seats in all models. Ford wagons give you a 15% softer ride. And Ford's new Magic-Circle steering is up to 12% easier—makes toughest parking and maneuvering problems a breeze.

2. Ford wagons set the style

The brilliant new 4-passenger Thunderbird—1958's on-the-road dream car—inspired the style of each and every one of Ford's six new wagons. That means you get trim, sculptured lines . . . front-end

and rear-end styling so advanced that it will stay in style for years to come.

3. Ford wagons are built to stay built

Of all the wagons in Ford's field, only Ford offers so many braces in the roof (Ford has 6, while others have but 4). And only Ford has 18 rubber body mounts and extra insulation against weather and noise. Ford wagons are standouts for stand-up!

4. You can have the Thunderbird's own V-8 GO

Enjoy thrilling Thunderbird GO in your choice of all new V-8's . . . up to 300-horsepower strong. With new Precision Fuel Induction, these great engines

bring you a new brand of responsive power . . . particularly in your normal driving range.

5. You can save up to 15% on gas

Team one of Ford's all-new V-8 engines with Cruise-O-Matic Drive (the newest, thriftiest, most versatile automatic going) and you can save up to 15% on gas! Or choose Ford's Mileage Maker Six . . . the most advanced, gas-savingest Six in its field!

6. It's the lowest-priced wagon of the low-price 3*

In the low-price three, you can't find a lower-priced 2-door wagon! In fact, all six Ford wagons are priced lower than comparable competitive models. Just one more of the many reasons why Ford sells nearly half again as many station wagons as anyone!

*Based on comparison of manufacturers' suggested retail delivered prices

9-passenger Country Sedan is just one of Ford's six style-setters for 1958. You can pay more but you can't find a better wagon buy.

Junior Editors Quiz on FISH

QUESTION: Do Fish Talk?

ANSWER: Scientists say they are pretty sure fish can hear and make noises. So if dogs, or birds, or cats, or crows talk, then fish probably do, too.

It has been known for some time that some fish make noises. The croaker, a kind of snapper that we have pictured, makes a sort of grunting noise when it is taken from the water. Within the last few years a woman scientist has discovered that most fish make noise. Dr. Marie Poland Fish of the Narragansett Marine Laboratory at the University of Rhode Island recorded the noises of deep sea fish.

She found that shrimp click their claws, make noises with air bladders or by rubbing together teeth, bones or fins. Here are some of the noises she heard: Toadfish, coarse guttural growls; seahorse, a click made by snapping its head backward; porcupine fish, a shrill whine; black triggerfish, a rasp, grate or bark; and sculpin, a long sustained droning like the hum of a generator.

★ ★ ★
FOR YOU TO DO: Paste this picture on cardboard and color the fish blue, stones white and plants green. Then draw in a fishing line and hook with a worm on it. Make believe one fish is the mother and the other her son and write down what they are saying about the fishhook.

★ ★ ★
(For this question, we have mailed \$10 to Kathy Massey of Rock Hill, S. C. Send your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of The Pontiac Press. Tomorrow: How did April Fool's Day start?)

Aluminum Hunts New Markets

Believe Its Many Uses May Up Consumption by 750,000 Tons

By SAM DAWSON

NEW YORK (U)—In the battle of the metals aluminum has slugged hard — and heavily. Price cutting today is but one of its weapons.

Aluminum was fighting vigorously for new markets in the days when it was in short supply and old customers were standing in line. Now, spurred by general recession and over supply, it's eyeing new fields with what producers call confidence instead of cockiness.

Some predict that new uses will raise total consumption by 750,000 tons within the next three years. Lower prices could help.

But there are sales problems too. Long the darling of the airways, aluminum now is shaping up to the day when many planes will go so fast that more heat resistant metals must be used.

Aluminum is making a big bid for wider use in ground transportation. With some 1,500 U.S. rail passenger cars using as much as 32,500 pounds of aluminum each, a big push is now going on for more use in freight cars.

Aluminum cars are said to be cheaper to operate because of their lightness, and cheaper to keep in repair.

Aluminum Co. of America figures the average home now uses 40 pounds, thinks this can be raised to 1,000 pounds. Its metal also is going into a hi-fi band shell built by Overly Manufacturing Co., Greensburg, Pa., said to let full tones reach the audience with minimum of amplifying equipment.

Aluminum foil is making big inroads in cooking techniques and the metal is getting a foothold in the can industry. Reynolds Metals will supply 35 million quart cans for motor oil to Esso Standard Oil, Kaiser Aluminum & Chemical has an order for 6 1/2 million cans from a food processor. It's also building all-welded aluminum tugboats for use in shallow water and making all aluminum boxcars and gondolas.

Every day, 58,000,000 newspapers are purchased in the U.S. and 3,900,000 in Canada.

Bob Considine Says:

Electronic Brain Probes Dead Sea Scrolls

NEW YORK (INS)—The Bedouin herdsman who in 1947 sought shelter in a cave in Jordan, near the west coast of the Dead Sea, and therein discovered certain ancient scrolls, found them incomprehensible.

He would have even more trouble understanding the newest chapter in what has become the exciting continuing story of the Dead Sea Scrolls. The latest wonder was unveiled in New York the other day. An IBM "electric brain" has been harnessed to produce the first complete index of a major portion of the scrolls.

The incredible machine has memorized each of the almost countless words of the scroll, and not only that, the shadings of meaning of each word. And where it appears in the text. There are still tens of thousands of recovered fragments of the scrolls, scattered about the Dead Sea caves for 2,000 years, which await being placed in the most engrossing and scholarly jigsaw puzzle of our time. Some contain but a single word.

The machine could hint, or perhaps even tell, where such a word—so formed—belonged in the treasured library and public papers of the people who lived at Khirbet Qumran. They were a long-disappeared Jewish religious order called the Essenes. Some scholars have suggested that Jesus may have lived with them between the period when he founded the wise men of the temple, as a boy, and the period when his public life began, at 30.

There are striking similarities between some of the phrasing found in Dead Sea scrolls believed to have been written around 100 B.C. and passages in The New Testament—which began to take shape around 70 A.D. There has been no comparable "find" to bemuse man since Domenico Fontana and his successors scraped the first ash off Pompeii in 1748, ending its beautifully preserved sleep of 16 centuries. Or since Lord Carnarvon broke through the final brick to the golden splendor of Tutankhamun's tomb in 1922.

The work of hitching the IBM-705 to the task of making future study of the scrolls more rewarding as well as infinitely easier fell upon the capable shoulders of Father Roberto Busi, a young Jesuit archaeologist assigned to the Aloisium in Gallarate, Italy; Prof. James Mullenburg of Union Theological Seminary and Paul Tasman, an IBM engineer.

Nuns and seminarians at Gallarate made IBM punch cards for 30,000 words from the scrolls. A card was punched for each word to indicate its exact location by scroll, column, line and sequence, and its distinguishing characteristics.

Next 200 Years to Be Warmer, Says Geologist

PRINCETON, N.J. (INS) — A Princeton University geologist says that the world can expect two centuries of warmer weather although the winters will be somewhat chillier until 1965.

"The average temperature has been rising gradually since the last ice glacial age about 12,000 years ago," Dr. Erling Dorf pointed out, adding that the trend since 1900 has been toward higher temperatures.

Dr. Dorf said the last cool period came to an end 100 years ago. He added: "A study of the graphs going back to 1880 indicates that the winters for the decade ending in 1965 should be somewhat colder. After that warmer winter weather except for continued rhythmic fluctuations should continue."

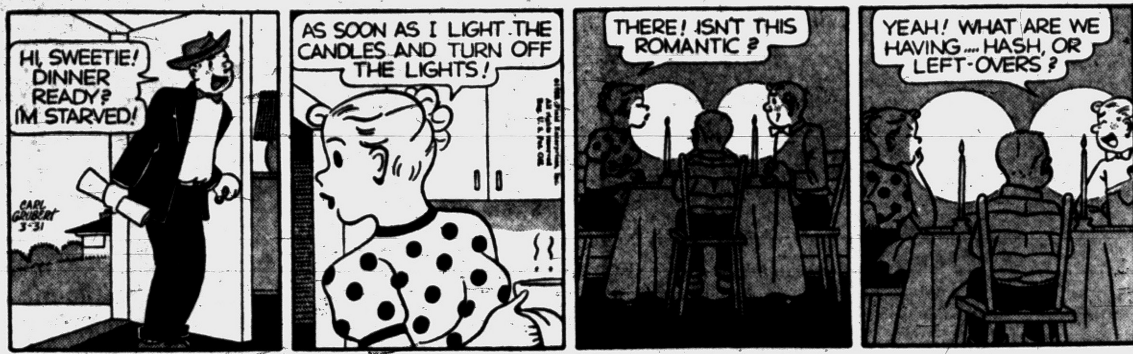

"We find ourselves today about two-thirds of the way out of a cold glacial stage," he added. "To prognosticate the future on the basis of the past has its dangers, but this warming trend should continue with minor cold fluctuations for at least a few more centuries."

Dr. Dorf is a geology professor at Princeton University.

Profits on 'Ghosts'

WHITTLESEY, England (INS) —Mysterious moaning noises frightened members of farmer Russell Gidden's family. But brave farmer Gidden pried up the floorboards, discovered that the ghosts were a huge swarm of bees, and marketed 80 pounds of honey.

THE BERRYS

By Carl Grubert

Plan Three New Ways

DETROIT (U)—Detroit City Council approved Friday a 300 million dollar contract for construction of three new expressways and for the planning of two others to cost 150 million dollars. The 10-year contract provides for construction of the Chrysler, Fort-Vernor and Southfield expressways. A one million dollar contract provides for planning a Detroit-Muskegon expressway and extension of the John C. Lodge expressway.

Romance Travels Hand in Hand With Springtime

AMY ROOSEVELT

Mrs. Dorothy Kemp Roosevelt of Birmingham announces the engagement of her daughter, Amy, to John A. F. Wendt Jr. of Denver, Colo. He is the son of Mrs. John A. F. Wendt of Winnetka, Ill., and the late Mr. Wendt.

BARBARA ANN SCHWALM

At a Saturday evening dinner party Mr. and Mrs. R. O. Schwalm of Silver Lake road announced the engagement of their daughter, Barbara Ann, to David Henry Ward, son of the Frederic S. Wards of Wards Point drive. The bride-elect attended Eastern Michigan College and University of Michigan. Her fiancé, a junior at Dartmouth College, is a member of Gamma Delta Chi fraternity and will enter Tuck School in the fall. A Sept. 6 wedding is planned.

Jean Martha McLeod, daughter of the Gordon M. McLeods, and Charles R. Binder, whose parents are Mr. and Mrs. Russell W. Binder, were united in marriage Saturday in Central Methodist Church.

MRS. CHARLES R. BINDER

Jean M. McLeod Weds in Double-Ring Service

In a candlelight ceremony Saturday evening Jean Martha McLeod and Charles R. Binder exchanged wedding vows. The Rev. Milton H. Bank performed the double-ring ceremony in Central Methodist Church before 200 guests.

Parents of the bride are Mr. and Mrs. Gordon M. McLeod of Old Orchard drive, and the bridegroom is the son of the Russell W. Binders of Tawas City.

FAMILY GOWN

The bride wore a gown of Chantilly lace and tulle over white satin which her twin sister, Mrs. Robert Hutton Jr., also wore for her wedding. It featured a portrait neckline, long, pointed sleeves and a bouffant skirt accented with side panels of lace.

Her headpiece of matching silk and lace secured a fingertip veil of silk illusion. The

bride carried a lace-covered Bible with a white orchid and hyacinth petals.

Mrs. Jack Harrigan of Mount Pleasant was matron of honor and Sally Strawson of Corunna was maid of honor.

Both wore gowns of white dotted organza over maize taffeta with full skirts featuring bands of maize. Taffeta bandeaux held tiny rose veils. They carried star-shaped arrangements of white hyacinth and miniature yellow roses.

Serving as his brother's best man was Robert Binder of Tawas City. Kenneth Rollin of Tawas City, Charles Wilson of Okemos and John Engstrom of East Lansing seated the guests.

GOWNED IN BLUE

For a reception in the church parlors Mrs. McLeod chose an ice blue embroidered silk organza sheath dress with matching satin trim, blue accessories and a white cymbidium orchid corsage.

The bridegroom's mother wore a navy silk dress with white trim, matching accessories and a corsage of white cymbidium orchids.

Before leaving for northern Michigan the bride changed to a powder blue wool sheath dress with navy accessories and the orchid from her bridal bouquet.

The new Mrs. Binder attended Central Michigan College and the bridegroom attends Lawrence Institute of Technology.

To Tour Hospital

Oakland County Citizens' Committee for Pontiac State Hospital will hold a combined meeting with Macomb County April 8 at 7 p.m. A tour of the hospital is planned in preparation for the annual open house, April 27 through April 30.

Photographed at her home in Bloomfield Hills is Marynell Anderson. With her is Richard Gerken Williams of Detroit, to whom she is engaged. She is the daughter of Mr. and Mrs. Edwin John Anderson of Bloomfield Hills and he is the son of Mrs. Edgar A. Williams of Detroit and the late Mr. Williams. Following graduation at Finch Junior College, Marynell made her debut at a tea in 1951. Her fiancé was graduated from the University of Michigan.

Girl Scouts Accepting Registrations for Camp

Registration for the four regular two-week sessions at Camp Sherwood, the northern Oakland County Girl Scout resident camp near Lapeer, as well as for the special counselor-in-training and senior skills instruction sessions, will be open to Girl Scouts and Brownies beginning Tuesday.

Non-Scouts and out-of-county Scouts may register beginning May 1. Camp folders are available at the Girl Scout office.

CANOE TRIPS

In addition to the usual camp program which includes nature study, crafts, badge opportunities and waterfront activities, Camp Sherwood offers, during specific sessions, one-day, three-day and seven-day

canoe trips for those with adequate camping experience to meet the requirements, a senior skills course and a four-week counselor-in-training course.

According to Mrs. Evelyn Copeland, executive director of the Northern Oakland County Girl Scout Council, who will direct the camp this summer, Camp Sherwood and its staff fulfill all state health and safety requirements and adhere to national camp standards.

The waterfront staff is composed of qualified Red Cross safety instructors, lifeguards and small craft specialists. The waterfront regulations are necessarily strict.

ACCOMMODATES 400

During the course of the summer Camp Sherwood provides a summer vacation for a maximum of 400 girls between the ages of 8 and 17, with roughly 100 children at a session.

Mrs. Richard Balmer, camp chairman, states that registrations will be taken on a first come, first served basis at the Girl Scout office.

Figure Clubs to Pick Queen

Figure Clubs of Pontiac, Waterford and Rochester and Fashionettes of Pontiac are discussing plans for a "Queen of the Day" contest. The queen will be chosen June 12.

Fashion Your Figure Club of Pontiac will hold its annual banquet April 17. Mrs. Archie Hunt may be contacted for reservations.

A new club is being organized.

20 Years Celebrated by Youngs

Mr. and Mrs. Horace H. Young of Riviera Terrace entertained at a cocktail party and buffet supper Saturday evening in celebration of their 20th wedding anniversary.

Included on the guest list were Carol Young, Wayne Pyke, Mr. and Mrs. Melvin Small, Mr. and Mrs. Laymon Young, Mr. and Mrs. Cash Bond, Mr. and Mrs. Otto Deyo and Mrs. Bert Griffin.

Others were Mr. and Mrs. Linnie Young, Mrs. Ralph Barrows, Mr. and Mrs. Ariel Davis, Mr. and Mrs. L. Z. Monroe, Mr. and Mrs. Allan McIntock, Mr. and Mrs. Clifford Majson, Mr. and Mrs. Louis Austin of Farmington and Mrs. Ed Schulz of Greencastle, Ind.

Couple Plans April Rite

To be married April 26 in Boulder, Colo., are Amy Roosevelt of Birmingham and John A. F. Wendt Jr. of Denver, Colo.

Amy is the daughter of Mrs. Dorothy Kemp Roosevelt and the late G. Hall Roosevelt, brother of Mrs. Franklin D. Roosevelt. She is the granddaughter of the late Mrs. Frances Polk Kemp of Detroit and the late Elliott Roosevelt, brother of President Theodore Roosevelt.

She received a B.A. degree at Swarthmore College and a master's degree from Graduate Teachers' College, Winnetka, Ill.

Mr. Wendt, son of Mr. and Mrs. John A. F. Wendt of Winnetka, was graduated from the University of Michigan and from the University of Colorado School of Law. He is a member of Phi Kappa Psi and Phi Delta Phi fraternities.

Republican Women Slate Style Show

Mrs. Floyd Andrews, Mrs. Robert Lamb and Mrs. John C. Finnegan are cochairmen for an April 25 luncheon and fashion show to be given by Republican Women of Oakland County.

County, 18th Congressional District.

Other chairmen for the conference are Mrs. Farrell E. Roberts, secretary; Mrs. Daniel T. Murphy Jr. and Mrs. Richard Van Dusen, publicity; Mrs. Frank Rockwell, invitations, and Mrs. Robert Eoff, decorations.

Included as chairmen are Mrs. Henry Kane and Mrs. Charles Campbell, hostesses; Mrs. James Van Dusen and Mrs. Harry Henderson, telephone; Mrs. W. Arthur Vernon and Mrs. Robert Sutton, reservations, and Mrs. Fred Ziem and Mrs. Leslie Consterline, tickets.

Theme for the April event will be "Campaign Techniques," and Congressman William S. Broomfield (R-Mich) is scheduled to speak.

Teachers of English Hold Talks

Dr. Harry T. Hahn, director of instructional services of Oakland County, was a key speaker at the weekend conference of Michigan Council of Teachers of English.

Chairman of the session on reading at the conference held at St. Mary Camp near Battle Creek was Mrs. Theodore E. Wiersma, who was also a member of the program planning committee.

DIRECTED PANEL

Robert Beauchamp led a panel on "Critical Thinking," which included a talk by Philip Hillaire, director of reading services of Oakland County Board of Education.

Robert Rickard entertained at the Friday evening session with ballad singing. Peter Everts was a member of the planning committee and state membership committee.

Other delegates were Gertrude Overton, Thomas Metzger and John English.

Dartmouth Club to Give Concert

Climaxing a tour of 16 cities in 16 days, the Dartmouth College Glee Club from Hanover, N. H., will present a concert Friday at 8:30 p.m. in Cranbrook School auditorium.

The Dartmouth Glee Club was seen in the movie production, "Cineama Holiday," and has appeared on numerous television shows.

The Injunaires, a 10-man ensemble, will offer an interlude of close harmony including some pop tunes, calypso and semi-classics.

Sorority Chapter Selects Officers

Lillian Bullock has been named president of Epsilon Rho Chapter of Beta Sigma Phi sorority.

Officers serving with her are Mrs. Keith Morgan, vice president; Mrs. Thomas Eggleston, corresponding secretary; Gail Arthur, recording secretary, and Dorothy Phelps, treasurer.

Engagement Told

Mr. and Mrs. Max E. Traxler of Elizabeth Lake road announce the engagement of their daughter, Sharlene, to Charles Long, son of Mr. and Mrs. Lorin Long of Elizabeth Lake road. No wedding date has been set.

Joins Story Club

Mrs. W. J. Dawson has been welcomed as a new member of the Pontiac Story Tellers League. The group's April meeting will be held at the home of Mrs. Theodore Fauble on Snellbrook road.

Dear Abby

Ex-Smokers Tell Their Secrets

By ABIGAIL VAN BUREN

DEAR ABBY: I was a chain smoker for 40 years so if I could quit smoking ANYBODY can. I had my last smoke three years ago and a d quitting was the smartest thing I ever did.

Tell your readers the only way to quit ALL AT ONCE. No tapering off. Tapering off is like cutting off a puppy's tail an inch at a time so it won't hurt so bad. Don't brag about your will power! I worked side by side

with people who smoked and nobody noticed I wasn't smoking for five months.

When I knew I had the habit licked I did something I hadn't done in 30 years. I went into a strange church, got down on my knees and thanked God. I knew I didn't do it all alone.

AN EX-SMOKER
DEAR ABBY: May I tell "Cigarette Slave" how I accomplished the impossible and gave up smoking? I was one of those women who reached for a cigarette as soon as I opened my eyes in the morning.

One New Year's Eve my husband offered me a hundred dollars to quit, so I took him up on it and swore off. I didn't

hide the cigarettes, but instead of smoking, when I got the urge to smoke I'd take a cigarette from the pack and slowly grind it to pieces, depositing the shreds in an ashtray. I got lots of satisfaction from that.

I chewed gum and sucked mints like crazy in between. I haven't had a puff in two years and don't miss it. Oh, yes, I took the hundred dollars and bought my husband a present with it.

FREED
DEAR ABBY: My wife does the family wash for four grown people every four weeks instead of every week like everybody else. It takes her all day and all night to get it done and the wash is so big it is hanging all over the house. What should I do?

IRRITATED
DEAR IRRITATED: If you can't sell her on the weekly system, better start saving for a clothes dryer.

DEAR ABBY: I started going around with an old man who told me he was 68 years old and harmless. Well, he was 68 years old but he wasn't harmless. I am a widow with children, all grown up, and I am even a grandmother (a young one).

I don't care for this man enough to marry him. Please tell me where I can go to get this matter taken care of. I certainly don't intend to have a baby at MY age.

UNWED
DEAR UNWED: I don't know where you can go to have this matter taken care of. I can recommend a home for unwed mothers. They also accommodate an occasional unwed grandmother. Good luck!

CONFIDENTIAL TO ALMA:
The way to a man's heart is through his EAR. Tell him you love him.

CONFIDENTIAL TO CHUCK:
He who boozes, loses. Get back on the wagon. She loves you.

For a personal reply, write to Abby in care of The Pontiac Press. Enclose a self-addressed stamped envelope.

Beth Regan Feted

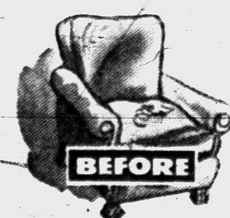

Beth Regan was honored at a bridal shower given by Mrs. M. A. Calbi of Linden street. The hostess was assisted by Mrs. Kent Erwin, Mrs. James L. Casey, Mrs. Vere Cargill and Mrs. G. A. Gargill.

Tag Days to Aid Girls' Ranch

Girl, 13, Yearns for Trip

By EMILY POST

"Dear Mrs. Post: I am 13 years old and have been invited by my aunt and uncle to spend a month with them when I finish school. They live on a ranch and I would love to go. The trip will require a day and a night on the train.

"My mother thinks I am much too young to travel this distance on the train alone and is reluctant to let me go. If I can get your approval I am sure she will give her consent. I am counting on you, Mrs. Post."

Answer: If you can be put on the train in the care of the conductor who will keep his eye on you until you are met by your aunt and uncle, it will be quite safe for you to take the trip alone. But if you have to change trains, then I must agree with your mother that you are too young.

"Dear Mrs. Post: Our daughter is being married this June—reception to be held in the basement of the church. Guests will be seated at small tables and served. Is it proper to use paper plates with a wedding design on them?

"The dishes supplied by the church are the heavy restaurant type and not very pretty. If paper is proper, could the bride's table have good china from home, or would this call attention to the paper?"

Answer: If you are having a caterer provide and serve the food and drinks for your reception he will be able to supply the china and glasses that will be needed.

On the other hand, if there will be no caterer, pretty paper plates will be better than unattractive heavy china. I think the same plates should be used for the bride's table.

General chairman of Girls' Ranch Tag Days is Mrs. Leslie Langford of South Tilden avenue. Here she pins one of the tags on her cochairman, Mrs.

John Napley of Menominee road. Additional funds are needed to begin building the ranch at the site in Oxford.

Pontiac Press Photos

Couple Plans April Wedding

Mr. and Mrs. Michael Matway of Detroit announce the engagement of their daughter, Carol Ann, to Frederick William Sickenberger, son of Mrs. E. H. Sickenberger of Birmingham.

The wedding has been set for April 19 at Assumption Grotto Church in Detroit.

Students to Present Easter Production

First Church of God will present an Easter play, "The Shadow of a Cross," by students of Anderson College, Anderson, Ind.

The collegiate group will appear Tuesday at 8 p.m. as part of an 11-day tour of Michigan, Indiana and Ohio. Professor Malcolm Grossman directs the group.

From The PRESS BOX

Guy Sparrow of Pontiac was nosed out of the honor of "rookie-of-the-year" in the National Basketball Association by Woody Saunders of Philadelphia. A \$200 award went with the honor.

Bill Veck, former boss of the Cleveland Indians, will be the guest of the Pontiac Optimist Club luncheon at the Elks Temple, Wednesday noon.

Jimmy Archer, former Major League catcher, died Saturday at the age of 74 in a Milwaukee hospital.

Leading outfield candidate at Michigan State is John Fleser of Birmingham who recently blasted out a couple of homers for the Spartans on their Southern tour. Fleser is a sophomore and son of Don Fleser who played at MSU in 1926-27 when John Kobs just started coaching the Spartans.

The elder Fleser still holds the two highest batting marks in MSU history, .589 in 1925 and .677 in 1926.

H. Peterson drew plenty of cheers in the Ball & Chain league recently when he converted the difficult 4-7-10 split.

Former NBA scoring ace Neil Johnston reported on his way out as a Philadelphia player if the Warriors can obtain players or a good price in return. Team officials claim he no longer fits their system.

The Stanley Cup octopus made its 6th annual visit at Detroit's Olympia Stadium Sunday night in the 3rd period of the Red Wings-Canadians game. It has been customary for some balcony fan to toss an octopus onto the ice during the first playoff game at Detroit. The octopus arrived on schedule and Detroit's Marcel Pronovost skated over and carried it off after the referee declined the honor.

Pontiac Press All - County selections Leroy Parks and Earl McNeal and Class B selection Jim Drake were the only repeaters from last year's "dream" teams selected by the coaches of Oakland County. Wayne Figley moved up from 2nd team to 1st in "B" as did Tom Derocher, Chuck Graves and Stan Moniuszko on the C-D unit. Most of the other 1937 picks were seniors.

They took closing 68s yesterday for 282 totals, four shots ahead of their nearest rival, Billy Casper of Apple Valley, Calif.

This is the 10th year of the tournament and no player has ever successfully retained his title or, for that matter, ever won it any two years. In addition, today's playoff is the first tournament has had, despite many close finishes. Palmer won here last year and at St. Petersburg, Fla., last week.

Johnson, who sold insurance for six years until turning pro two years ago, never has won a major event. His golfing background includes play for the University of Minnesota and the Public Links Championships of Texas and Minnesota.

Casper took third money of \$1,200 with his 286. Sharing fourth place, with \$862.50 each on scores of 287, were George Bayer of San Gabriel, Calif.; Roberto De Vincenzo of Mexico City; Art Wald of Pocomo Manor, Pa.; and Dow Finsterwald of Tequesta, Fla.

WILMINGTON, N. C. (AP)—A history-making playoff was scheduled today when Arnold Palmer met Howie Johnson to determine the \$2,000 first prize winner in the \$15,000 Azalea Open golf tournament.

Palmer, Johnson Tie at 282, Settle Title and Cash Award Today

Wings Game Away From Elimination

Sowell, Manning Set Winning Pace

PCH Tops Ypsi Relays Field

By H. GUY MOATS

Paced by sterling performances by a pair of transfer athletes, plus some sharp running and leading by three relay quartets, Pontiac Central High's thinclads spread-eagled a fast field Saturday in the annual Eastern Michigan College Huron Relays. Five records fell, two by Pontiac.

Dan Sowell and Bob Manning, the transfers, accounted for three of the Chiefs' first places. Sowell won two and Manning another. Bob also anchored the record-setting half-mile relay team. Sowell won the broad jump (21 feet 3/4 inch).

the high hurdles (.08.3) and was 2nd in the lows besides anchoring the winning shuttle hurdle relay team. Manning took the 60-yard dash (-06.4) after doing .06.3 in a preliminary for a new record.

Other firsts for Dean Wilson's squad, pointing this season for an unprecedented 4th straight MHSAA title (at Ann Arbor) included in the list of five a record 1:34.2 in the 800-yard relay. Runners were, in order, Jim Keller, Marcus Turner, Joe Hill and Manning. Keller also led off the hurdles relay, followed by Manning, Jim Hawkins and Sowell.

Chiefs compiled a total of 47 1/2 points, with Valley rival Flint Northern far back at 29 1/2, and Flint Central at 26. Birmingham was 4th with 18.

Others, in the 29-team field figuring in the scoring were: Inkster 11 1/2; Lansing East 10; Ypsi Central 8 1/2; Farmington 8; Lansing Sexton 6 1/3; Edsel Ford 5 1/2; Detroit and Toledo Libby 3 1/2; E. Detroit and Toledo Lake 2; Redford Union and Walled Lake 2; Waterford and Ann Arbor 1; Battle Creek 1/2 point. Belleville, Berkley, Dearborn, Fordson, Mt. Clemens,

Monroe, Romulus and Wyandotte were shut out.

Fred Brooks tied for 1st in the high jump, and the PCH 2-mile relay team of Pete Cox, Charlie Barge, Walt Chance and co-captain Rog Coats had 8:36 for 3rd place. But the feature of this test was the 2:02.9 anchor half-mile by Coats, who this year will run the 880 instead of the mile. He was the 1937 state mile champion.

Canadiens Hold 3-0 Edge After Win at Olympia

Andre Pronovost's Goal in Overtime Pins 2-1 Loss on Redshirts

By BILL CORNWELL

DETROIT — The punchless Detroit Red Wings now have two alternatives in their Stanley Cup semifinal playoff with the Montreal Canadiens.

1. They can beat the Canadiens here Tuesday night — if they're lucky — and prolong their misery until Thursday when they would be forced to return to the Montreal Forum.

2. They can get the whole nasty business over and done with by succumbing to the Canadiens on Olympia Stadium ice tomorrow in the 4th game of their best-of-seven series.

The high-powered Canadiens weren't their normal explosive selves last night, but they were still good enough to hand the Redshirts a 2-1 setback in sudden death overtime before 14,066 cash customers at Olympia.

Andre Pronovost's unassisted goal after 11 minutes and 52 seconds of overtime handed Montreal a 3-0 advantage in the Stanley Cup series and put the Detroiters on the brink of elimination.

There was a time yesterday when it looked like the Wings might dent the win column against the skating artists from north of the border and bounce back into contention in the battle for professional hockey's most coveted prize.

Forbes Kennedy scored for the Wings at the 14:07 mark of the 2nd period to give them a 1-0 lead, the first time they had been ahead in the series.

But an injury to Montreal goalie Jacques Plante 25 seconds later resulted in a costly Detroit penalty and set the stage for Dickie Moore's tying goal following a delay of nearly 30 minutes for repairs to Plante.

At 14:38 of the middle stanza, Bob Bailey barreled in on Plante who had moved out of the goal crease to stand aside a Detroit shot. Plante was flattened by a blow on the head from Bailey's stick and play was halted.

Bailey was given a two-minute cross checking penalty by referee Frank Udvari plus a 10-minute misconduct for not immediately retiring to the penalty box. The teams went to their dressing rooms after some heated discussions on the rink and the remaining 5:22 was tacked on to the start of the 3rd period.

One minute and 22 seconds following the resumption of action, Moore evened the score on a power play. He took Maurice (Rocket) Richard's pass just to the right of Terry Sawchuk and beat the unprotected Detroit goaltender with a short blast.

Kennedy's goal for the Wings was a long bounce from the Montreal blue line which fooled Plante. He stepped out of the crease and tried to block the puck with his hands, but it took a crazy skip and slipped between his pads into the net.

Some lax defensive work by Nick Mickoski enabled Pronovost to score the winning goal. Pronovost skated around Mickoski on a solo dash and had Sawchuk at his mercy, drilling a six-footer into the cage to send everyone home.

Plante appeared none the worse for wear after his ordeal and stopped everything that came his way. Both goalies made several spectacular saves, Sawchuk getting credit for 27 stops and Plante 34.

Udvari called seven penalties in the game, four against the Red Wings.

Clarkston Faculty Quintet Battles Athletes Tonight

Members of the Clarkston High School faculty and Varsity Club will tangle Monday night at 7:30 at the CHS gym in a big basketball double header.

The event, which concludes the hoop season each year, will be the 7th annual game.

Such stars as Leroy Parks, Dick Lippert and Bill Noles will head the delegation out to break the string. Coaches Dom Mauti, Ed Hintz, Gus Bertand and principal "Stretch" Goedde, who is 6-8, are among the faculty cagers.

The opening game on the program will match the "rinkydinkies" of both groups.

WEEKEND FRONT

By The Associated Press

BROOKLYN—Irish Eddie Lynch, 193%, New York, outpointed Julius Rhodes, 193%, Norristown, Pa., 5.

PATERSON, N. J.—Sietan Ben, 193%, Paterson, outpointed Johnny Dittie, 197%, New York, 12.

HOLLYWOOD, Calif.—Wes Willie Norton, 193%, San Jose, Calif., outpointed Earl Dennis, 193%, New York, 10.

ACQUIRED — Two new Tigers acquired yesterday in a deal for pitcher Pete Wojciechowski and infielder Milt Bolling, brother of Frank, now on the team.

Tigers Acquire Another Bolling, Sell Greengrass

LAKELAND, Fla. (AP)—The performance of the Detroit Tigers' newest player acquisition will be watched with more than passing interest by second basemen Frank Bolling.

Infielder Milt Bolling, Frank's older brother, became Detroit's property yesterday in a deal with the Cleveland Indians. Also acquired was pitcher Vito Valentini, The Tigers gave up Charleston pitcher Pete Wojciechowski and a reported \$20,000.

General manager John McHale says Milt will be used as a utility infielder. Bolling, 28, batted .227 with Boston and Washington last year before a winter trade with the Indians. His brother, Frank, is 26.

Manager Jack Tighe was pleased. He said the deal was "just what we need."

The Tigers today also sold outfielder Jim Greengrass back to Sacramento of the Pacific Coast League. Terms were not disclosed.

Greengrass, 30, was acquired from Sacramento last October. He previously had played with Cincinnati and Philadelphia of the National League.

Valentini, 25, posted a 2-2 mark with Cleveland last year after the Indians brought him up from Los Angeles of the Pacific Coast League where he had a 9-5 record. Earlier in the season he had 9-0 for the Chicago Cubs.

Wojciechowski, 34, had an 8-11 record with Charleston last year. He is from Mobile, Ala., also the home of the Bollings. Valentini is from New York.

The Tigers' exhibition game with the Philadelphia Phillies yesterday was rained out. Today they were billed against the Kansas City Athletics at West Palm Beach.

Detroit now has 32 men in camp. During the week five men are to be dropped, however, and the squad will go north with 28 players.

At present the Tigers have 14 pitchers, four catchers, eight infielders and six outfielders. The plan is to cut loose three pitchers, and a catcher this week.

Parkers Win State Boys' Club Title

Highland Park Boys' Club cagers came through the two-day Michigan Association of Boys' Clubs tournament in the Pontiac club's gymnasium Saturday with a title-winning victory over the hosts, Pontiac, 34-33. The win was achieved in the final half-dozen seconds, when Pontiac missed a chance to knot the count.

After the game, tournament officials announced the all-tourney outstanding players and the all-star teams.

Lead changed hands many times in the finale, but Pontiac had a chance to tie it up when Gene Gidcomb hooped one of two gift shots, missed the other, to leave the count at 34-33. Gene had 18 points and was named No. 1 outstanding player, with Parkers' Jerry Genter No. 2.

Detroit Barber defeated Ypsilanti 43-30 for the consolation spot. All-tourney selections:

First team—Gidcomb (P), Jack Taylor (D), Genter (HP), George Mayo (P), Bob Harris (Aub. H.), Second team—Don Carina (HP), Jack Zader (HP), Jerry McDev (Det.), Tom Sorrell (Ypsi) and Bob Hall (Ypsi).

Enter the hot stove league and play YOU'RE THE MANAGER (Sixteenth of a series)

By BEN OLAN

There's nothing like an error to upset a pitcher, particularly when it's the ninth inning and he's only three outs away from victory.

In the following situation, a defensive miscue touched off a rally that enabled Cleveland to win a game. The triumph was gained by a neat bit of strategy. Take a look at the problem — then see what really happened. Your managerial rating hinges on your decision.

Detroit leads Cleveland 3-2 in the top of the ninth at Detroit. Billy Hoelt (L) is on the mound for the Tigers. Chico Carrasquel, the first Indians' hitter, reaches first safely when third baseman Ray Boone fumbles his grounder. Jim Hegan (R) is the next batter with pitcher Don Mossi (L), Larry Raines (R) and Al Smith (R) to follow.

CHICO CARRASQUEL

SPORTS

ANOTHER MISS — Detroit center Alex Delvecchio makes a first period stop at the Montreal Canadian goal but was unsuccessful despite help from Billy McNeil (21). Montreal goalie Jacques Plante at right makes the stop. The Canadiens won 2-1 at the Olympia to take a three game edge in the series.

Wolverines Win NCAA With Balance

ANN ARBOR (AP)—Michigan has begun its second year of collegiate swimming rule. But the NCAA champions are somewhat guilty of breaking the theory—"don't change tactics in mid-pool."

A glaring contrast was seen between their eighth national triumph Saturday and the one they scored in 1937. When the three-day meet ended, the Wolverines had 72 points, Yale 63 and Michigan State 62.

This year it was potent team balance that gave the crown to Michigan. Only in two of the 16 events did the Wolverines finish first. Their victory was scored by garnering points in 14 events.

Michigan won its 1937 title by capturing five individual championships. None of those was repeated.

Double 1937 diving champion Dick Kimball was twice dethroned by Ohio State's Don Harper. The 400-yard medley relay team placed third instead of tying for first as in 1937.

Fritz Myers, the 1937 1,500-meter freestyle king, graduated. Cy Hopkins had his 200-yard breaststroke title snatched away Saturday by Frank Modine of Michigan State. Modine nipped Hopkins in 2:34.4.

Only sophomore Tony Tashnick was able to provide Michigan with individual accomplishments. He added to Friday's 200-yard butterfly victory by taking the 100 Saturday in record-equaling time.

Tashnick was clocked in :54.6, which tied the meet mark set by Yale's Tim Jecko in 1937. Tashnick thus became one of the meet's three double winners.

Jecko, a triple winner last year, held only a portion of a championship this time. He was yanked from the 100-yard butterfly and placed on the Elks' 400-yard medley relay team.

This strategy paid huge dividends for Yale. The Elks were able to win the relay, last race of the meet, and slide into second place by a point over Michigan State. A relay victory was worth 14 points in the team standings. An individual victory earned seven.

The Spartans had been favored to take the relay.

Michigan State rivalled Michigan's 1937 showing by grabbing five individual championships. Modine and Billy Steuart equalled Tashnick's twin triumphs.

Steuart won the 440-yard freestyle Saturday in 4:34.3 while Carl Woolley gave Michigan valuable points with a third place.

No 'Mid-Pool' Changes for 'M'

One of the biggest fields of bounds ever to run in the annual spring trial for the Pontiac Coon Hunters' association, Sunday, provided a series of unusually hot runs over the Grange Hall trails at Ortonville.

Entries totalled 116, requiring 11 heats, three semifinals to fix the final field. The final day was held responsible for the heavy turnout.

First line and first tree went to a fast-running bound (Sugar-cane) owner by Vic Vozel of Ferndale. Second line and second tree also was taken by one dog, (Ranger) owned by Pontiac's Pete Hainline. Third line was taken by T. Willouby of Utica with Red Arrow, and James Berden (Alabama Red) of Pontiac, took third tree.

Cash awards went to the winners.

Double 1937 diving champion Dick Kimball was twice dethroned by Ohio State's Don Harper. The 400-yard medley relay team placed third instead of tying for first as in 1937.

Fritz Myers, the 1937 1,500-meter freestyle king, graduated. Cy Hopkins had his 200-yard breaststroke title snatched away Saturday by Frank Modine of Michigan State. Modine nipped Hopkins in 2:34.4.

Only sophomore Tony Tashnick was able to provide Michigan with individual accomplishments. He added to Friday's 200-yard butterfly victory by taking the 100 Saturday in record-equaling time.

Tashnick was clocked in :54.6, which tied the meet mark set by Yale's Tim Jecko in 1937. Tashnick thus became one of the meet's three double winners.

Jecko, a triple winner last year, held only a portion of a championship this time. He was yanked from the 100-yard butterfly and placed on the Elks' 400-yard medley relay team.

This strategy paid huge dividends for Yale. The Elks were able to win the relay, last race of the meet, and slide into second place by a point over Michigan State. A relay victory was worth 14 points in the team standings. An individual victory earned seven.

The Spartans had been favored to take the relay.

Michigan State rivalled Michigan's 1937 showing by grabbing five individual championships. Modine and Billy Steuart equalled Tashnick's twin triumphs.

Steuart won the 440-yard freestyle Saturday in 4:34.3 while Carl Woolley gave Michigan valuable points with a third place.

Don Patterson provided the other Spartan victory by shading Gary Morris of Iowa in the 100-yard freestyle. Patterson overhauled Morris in the last 25 yards. The finish was so tight, both were clocked in :49.5.

'Saturday's other winner was Jim Dolbey of Yale in the 100-yard backstroke. This was a surprise to coach Bob Kipphut, who planned Yale's relay upset over Michigan State.

County Dog Repeat Winner

'Lazy Bones' Takes Blue Ribbon at Chicago; Two From Livonia Honored

CHICAGO (AP)—Three Michigan dogs walked off with blue ribbons at a show here.

Ch. Seifenjaghenheim Lazy Bones, a baset owned by Chris Teeter of Birmingham, was judged best in the hounds class for the second straight year.

Ch. Ben Dar's Winning Stride, an English setter entered by the Highland Lane Kennels of Livonia, Mich., was judged best of the sporting group at the International Kennel Club dog show here.

In other judging yesterday, Ch. Bouquet Nouvelle Ami, a French bulldog owned by Mr. and Mrs. Ralph M. West, also of Livonia, was declared best in the non-sporting group.

Winning Stride came from the same litter as the best of the sporting group last year, Ch. Ben Dar's Replica, owned by Mrs. Christine Squiers of Burr Oak, Mich. Replica was entered this year but not shown.

KC Bowling Team Whips Elks Again

The Knights of Columbus bowling team defeated Elks Lodge 810 for the 3rd straight year in their annual Inter-Fraternal bowling tournament held Saturday at the Elks-Motor Inn and Huron Bowl.

Forty teams competed for the two clubs with the KC's winning out by a 48-32 score.

The victory enables the Knights to retain a tournament rating trophy, a banquet for all the bowlers was held at the KC hall following the event.

Clarkston Faculty Quintet Battles Athletes Tonight

Members of the Clarkston High School faculty and Varsity Club will tangle Monday night at 7:30 at the CHS gym in a big basketball double header.

The event, which concludes the hoop season each year, will be the 7th annual game.

HOLLYWOOD, Calif.—Wes Willie Norton, 193%, San Jose, Calif., outpointed Earl Dennis, 193%, New York, 10.

Udvari called seven penalties in the game, four against the Red Wings.

Brooklynite Leads at ABC

SYRACUSE, N.Y. (INS)—Fred Gioia, a 41-year-old salesman from Rochester, N.Y., stole the individual spotlight in the American Bowling Congress yesterday as the tournament's minor events opened.

Gioia, who nearly passed up the competition because of a bad back, took the lead in both the singles and all-events competition. His top singles series is 675 and his pace-making all-events total is 1,519.

He had 551 in the team event and 538 in doubles in addition to his singles score.

A Brooklyn, N.Y., doubles pair, Jim Morrison and John Fortin, lead in that division with 1,257. Morrison had 648 and Fortin 609. There were no changes registered in the team standings.

Some 28,000 bowlers will compete in the 55th annual ABC championships for a total of \$354,478 in prize money before the 72-day marathon draws to a close June 3 at the Syracuse war Memorial Auditorium.

This is how Michigan entrants fared in the 55th ABC tournament yesterday:

Singles: Max Eggleston, Lansing, 650; Dennis Lynn, Lansing, 650 (2nd game high in tournament);

Doubles: Loren Teal-Bob Pettit, Kalamazoo, 1193;

All events: Robert Pettit, Kalamazoo, 1782.

VILLAGE of ROCHESTER NOTICE to CONTRACTORS

1958 Sidewalk Construction

Sealed bids for sidewalk construction and repair will be accepted at 117 East Fourth Street, Rochester, Michigan, until 7:30 P. M., Monday, April 14, 1958. Specifications and proposal forms are available at the Village Office, 117 East Fourth Street, Rochester, Michigan.

MAXINE ROSS, Village Clerk

Car Jumps Curve; County Man Hurt

A Walled Lake man escaped serious injury Saturday night when his car jumped a curve at a high rate of speed, said Oakland County sheriff's deputies.

Robert G. MacIntyre, 25, of 1196 Beta Rd. was admitted to Pontiac General Hospital with a concussion and back injuries. He was reported in satisfactory condition today.

Deputies said a witness described MacIntyre as approaching a sharp curve on Union Lake Rd. at Kenwick St. White Lake Township, at about 70 miles an hour.

MacIntyre's car skidded nearly 100 feet into an embankment, then rolled another 81 feet where it came to a stop upside down in a ditch.

Deputies found him pinned in the car unconscious, they said.

Mortgage Record Set

NEW YORK — The nation's life insurance companies acquired real-estate mortgages totaling a record \$6,800,000,000 in 1956, an increase of \$200,000,000 over the year before, \$1,500,000,000 more than in 1954, and \$5,100,000,000 more than 10 years ago.

NATIONAL HONOR — Sherwin Birnkrant, center, chairman of the Fire Prevention Subcommittee, presents a certificate of merit to Harvey Johns, chairman of the Safety Committee of the Pontiac Area Chamber of Commerce. Johns headed the Fire Prevention group last year when it put on the parade and demonstration for Fire Prevention Week. For its work, the group was honored by the National Fire Protection Assn. Watching the presentation is Pontiac Fire Chief John F. Schroeder.

Plant Blast Kills 3 in Texas City

150 Workers Escape as Chemicals Explode at Union Carbide Co.

TEXAS CITY, Tex. (AP) — A chemical plant explosion killed three men yesterday in this Gulf Coast port, where 512 died 11 years ago next month in a series of ship blasts.

This time a two-story brick and steel building blew up at the Union Carbide Chemicals Co. Its force was felt 12 miles away in Galveston.

Those killed were S. V. Crider, 39, La Marque, Tex., father of five children; R. E. Stoner, 35, Texas City; and H. F. Smith, 37, Houston.

They were working with 150 men whose shift ended just 22 minutes after the 7:08 a.m. explosion. None of the others were injured.

State police estimated damage at about a million dollars.

T. A. Wilker, plant superintendent, said the cause of the blast had not been determined. It occurred in a unit handling liquid nitrogen, liquid oxygen, acetylene and a newly developed gas—all "highly volatile materials," Wilker said.

City Policeman Struck on Head

Pop Bottle Wielded in Melee; Assailant Arrested at Scene

An off-duty Pontiac police officer was struck on the head with a pop bottle in a melee Saturday night on University avenue, near E. Longfellow.

At 7:45 p.m. Officer James A. Teal Jr., 25, of 26 Spokane, was driving a patrol truck south on University. With him were his wife Lorraine and Howard Crampton, 18, of 448 Northfield Ave.

Another car coming north swerved into Teal's path and forced him to stop.

In a dispute with the five occupants which followed, Teal was struck from behind with the bottle.

He identified his assailant as Gene C. Goodman, 25, of 633 N. Perry St. Police called to the scene found Goodman struggling with Teal.

Teal was treated at Pontiac General Hospital, while Goodman was arrested for assault with intent to do great bodily harm less than murder.

Detectives are further investigating the case today.

Area Firm Cited for School Design

The Birmingham architectural firm of Smith, Tarapata, MacMahon Inc. has been cited by the American Association of School Administrators for its architectural design of the new Bloomfield Hills Junior High School.

The firm, located at 894 S. Adams Rd., was one of nine companies, from among 105 entries, honored in Cleveland recently by the association for architectural achievement in school design.

The new school is now under construction on Quanton road at Wing Lake road.

MARKETS

The following are top prices covering sales of locally grown produce brought to the Farmer's Markets by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets, as of Wednesday.

Produce

Fruits	Vegetables
Apples, Delicious, bu. \$4.75	Beets, topped, bu. 2.25
Apples, Jonathan, bu. 3.00	Cabbage, standard, bu. 2.00
Apples, McIntosh, bu. 3.75	Carrots, topped, bu. 3.00
