

Bandits Snatch \$12,000 at State Bank

Mendes-France Outlines Views to EDC Meeting

6 Nations Start Talks on Proposed Revisions in European Treaty

BRUSSELS, Belgium (AP) — French Premier Mendes-France, who wants to revamp the European Defense Community treaty, outlined his views of the continent's political aspects before foreign ministers of the five other prospective partners today.

Paul-Henri Spaak, Belgian foreign minister and president of the conference, appeared discouraged as the group broke up after a meeting of almost two hours on general aspects of the crisis provoked by Mendes-France's proposed changes.

Spaak refused to make any statement, saying it was too early to know what might develop. The ministers planned to continue the general discussion this afternoon.

Only 15 men attended this morning's meeting. The ministers sought an intimate atmosphere for a free discussion of their views. West Germany and Italy had three representatives present, and the other four nations—France, Belgium, The Netherlands and Luxembourg—two each. One member of the conference secretariat rounded out the group.

Those who attended the talks were reluctant to comment as they emerged.

It was reported, however, that Mendes-France had assured the ministers his great aim is to find some way to tie Germany to the Western alliance, to permit the rearmament of Germany, to give German Chancellor Konrad Adenauer help in his difficult internal political situation and to get a European organization started.

There was also a report he had sounded out the other ministers about a possible new Big (Continued on Page 2, Col. 7)

1954 Dog Hero Wins Bond and Gold Collar

CHICAGO (AP) — America's dog hero of heroes for 1954 is Tang, a Texas-owned collie that has saved four children from possible death. The title, \$1,000 in saving bonds, a gold medal, gold collar and a year's supply of dog food were given the 65-pound Tang last night by the manufacturer of a dog food, Quaker Oats Co.

On four different occasions Tang pushed children from the path of automobiles. Among those he saved were a son and daughter of Tang's owners, Air Force Capt. and Mrs. Maurice L. Dyer of Denison, Tex.

The award was presented by Chicago Fire Capt. Joseph J. McCarthy, who himself won the medal of honor as a Marine corps officer in World War II.

Was Friend of the West

Alcide de Gasperi of Italy Dies in Third Heart Attack

SELLA VAL SUGANA, Italy (AP)—Alcide de Gasperi, the lean old statesman who led Italy out of postwar chaos and onto the path of democracy, died today of a heart attack.

Death came to the former Premier as he rested here in his north Italy mountain retreat, far from Rome and the political wars in which he had battled without respite for nearly a decade.

His passing robbed the cause of European union of one of its staunchest supporters. Italy's struggles against communism lost one of its hardest fighters.

Although it was known the 73-year-old leader's health was failing, there had been no public hint he was seriously ill. Only after his death was it revealed that he had suffered a heart attack a week ago. His condition was not considered serious until Tuesday, when the heart pains became more intense.

He suffered another attack at 1 a.m. today and died an hour later after still another seizure. His family was at his bedside.

De Gasperi had stepped down (Continued on Page 2, Col. 2)

Giant Pangolin From African Wilds

ONLY TWO LIKE HIM IN U. S.—George Carroll (left) of Norwich, Conn. and Ivan Sanderson of Columbia, N. J., lead a giant pangolin to water yesterday. The 80-pound dinosaur-like animal was captured by Carroll in dense forests of Spanish Guinea, West Africa. The pangolin will be housed temporarily in Sanderson's Rare Jungle Zoo at Columbia.

Crash Victims All in Hospitals

M59-U. S. 23 Accident Kills 3, Injures Three; Conditions Reported

Persons injured in a two-car crash, which took the lives of three Wednesday at M 59 and U. S. 23 near Howell, are reported in from good to poor condition today by hospital authorities.

Mrs. Esther McKenzie, 57, of 339 W. Clarkston Rd., Lake Orion, is reported in good condition by authorities at the Ingham County Chest Clinic at Lansing. She was transferred there from McPherson Memorial Hospital at Howell after emergency treatment for severe chest and head injuries.

Reported in fair condition at Mellus Hospital in Brighton is Miss Minnie Kearney, 82, of Roseville. She suffered two broken legs and multiple cuts to the face and body.

Richard J. Larsen, 58, of Detroit, driver of one of the cars whose wife was killed in the crash, is listed in poor condition by authorities at Detroit Memorial Hospital. Extent of his injuries was not revealed.

State Police at the Brighton Post said a car driven by Mrs. Hazel Burman, 61, of 2536 Cole Rd., Lake Orion, one of the fatalities, failed to stop for a stop sign and warning flasher at the intersection, and crashed broadside into Larsen's car.

Riding in his car were his wife and Miss Kearney. They were on their way to visit the Larsens' son at Flint, police said.

Mrs. Emily Burdick, 51, of 2450 Marx Ave., Pontiac, the third person killed, was riding with Mrs. Burman and Mrs. McKenzie.

Ike Launches GOP Drive With Illinois Appearances

WASHINGTON (AP) — President Eisenhower flies to Illinois today for two speeches to start what ultimately will amount to a cross-country drive to strengthen his party's hold on Congress.

Appearances at Springfield and Evanston this afternoon are but two of six the President has definitely scheduled for the doubtful Senate election states of Illinois, Iowa, Oregon and California; and in Washington state, where seven House seats are at stake Nov. 2. Other speeches are planned but dates and places are yet to be determined.

Republicans from Eisenhower down are anxious to boost their hairline margin over the Democrats in Congress, whom they outnumber in the Senate by just one and in the House by five.

At Springfield, the President was scheduled to speak at Republican Day ceremonies at the Illinois State Fair. He planned another informal talk later on the Northwestern University campus at Evanston to the Assembly of the World Council of Churches.

White House officials gave no hint what the President might say, except that the Springfield talk would be on "domestic questions" and that at Evanston would be international in nature.

The Springfield visit was to have all the trappings of an old-fashioned political rally, with GOP candidates flocking to the presidential platform in a show of unity notably lacking before July 20.

It was on that day that the White House made public letters between the President and Joseph T. Meek, Republican candidate for the Senate in Illinois. In that exchange Meek pledged his loyalties and support to Eisenhower and the President gave Meek his blessing by saying he looked forward to greeting the November opponent of Democratic Sen. Paul Douglas next Jan. 3 as the junior senator from Illinois.

Meek has differed on several issues with the Eisenhower administration, but Eisenhower has said a candidate does not have to be 100 per cent for his program to have his support.

Republican Gov. William G. Stratton will introduce the President.

High of 83-87 Seen for Pontiac Friday

Cloudy and warmer weather is the forecast for the Pontiac area. Low tonight will be 58-62 and high Friday of 83-87, according to the U. S. Weather Bureau.

Downtown temperatures yesterday ranged from 54 to 75, with .07 inches of rain. Today at 8:00 the mercury registered 70 degrees and it reached 82 by 1 p.m.

Police Guard Factories

FRANKFURT, Germany (AP) — Hundreds of police guarded Munich's strike-bound factories today to prevent a repeat of yesterday's rioting in which 21 persons were injured.

Legislators OK Funds for Ionia Expansion Plan

Both Houses Earmark \$460,899 for Dorm, Other Prison Facilities

LANSING (AP) — In an unusually agreeable mood, the Michigan Legislature wound up an 11-hour special session last night appropriating \$460,899 for the emergency expansion of the state penal system by 283 men.

Gov. Williams, who had asked for \$660,000 for a 158-man expansion and \$318,000 to hire additional guards and other personnel, had kind words as the two houses adjourned.

"You have done the job well in providing enough funds to meet the major problem," he told the legislators in an informal appearance.

The legislative action provides \$400,000 for a new dormitory outside the walls at Ionia State Reformatory to house an additional 158 men. It provides that 78 cells be included and that the balance be built so it may be converted to cells later, if needed.

Williams had asked that cells be built for each dormitory inmate.

The Legislature appropriated \$50,000 the governor had not asked for to build a 100-man dormitory with prison labor at an unused farm outside Southern Michigan Prison.

The only remnant of the governor's request for additional personnel was \$10,899 appropriated to hire four additional guards at the Cassidy Lake training school. This appropriation was designed to permit a 25-man increase in the capacity of the school.

Williams said this was "only a nibble" at the personnel problem, but he added that he hoped the 1955 session of the Legislature would take the matter up in January.

The House stalled the heading pace of the one-day session about an hour on a bill to permit the state to enter into contracts with pharmaceutical houses for the manufacture of antibiotics and the like developed by the State Health Department.

The measure eventually passed both houses without a dissenting vote. It is designed to permit commercial production of synmetamol, an antibiotic developed by the Health Department to combat typhoid fever and other diseases.

Without any fuss both chambers unanimously approved a bill permitting unemployed to collect compensation for dependant husbands and wives. The measure was made retroactive to June 27, the date it would have taken effect if an error had not been made in the regular session this spring eliminating the provision.

The Senate Judiciary Committee killed a proposed constitutional amendment barring those convicted of felonies from Legislative membership.

Official Pollen Count Begins in Press Today

The official pollen count is listed for the first time today on page 1 of the Pontiac Press in the extreme upper left-hand corner.

The service to hay-fever sufferers is offered in cooperation with the Oakland County Health Department which has installed a pollen-counting machine on top of the county office building at 1 Lafayette St.

In progress now, the hay-fever season continues until the first frost usually about mid-September. When the count reaches 100, sufferers know they will have a bothersome day.

Chilean Miners Strike

SANTIAGO, Chile (AP)—Some 6,000 workers in the U. S.-owned El Teniente copper mine struck today after wage talks collapsed.

Tries Ike's Vacation Desk

TESTING FOR COMFORT — Airman Third Class George Dohn of Union Gap, Wash., leans back to test the comfort of a chair which President Eisenhower will use to conduct business when he vacations in Denver, Colo. Dohn and other airmen at Lowry Air Force Base have been cleaning the second floor ad offices to be used by Ike for his summer White House.

Congress Starts Last Lap, Might Adjourn by Tonight

WASHINGTON (AP) — The second session of the 93rd Congress reached its final stages today, with only three major matters to be disposed of before a final gavel on all legislative business.

The three are a compromise foreign aid bill providing \$2,781,000,000 in new cash, a bill to ban the Communist party and a bill to broaden and liberalize the social security system.

Lattimore Case to Be Bolstered

Government Will Seek New Perjury Indictment Against Asian Expert

WASHINGTON (AP)—The government will seek a new perjury indictment against Owen Lattimore, controversial Far Eastern specialist, U. S. Atty. Leo A. Rover announced today.

In December, 1952, a federal grand jury indicted Lattimore, one-time Far Eastern affairs adviser to the State Department, on seven counts of perjury growing out of his sworn testimony before the Senate Internal Security subcommittee.

Two of those counts, including the key one—that he lied when he said he never was a Communist sympathizer or promoter of Red interests—later were thrown out on appeal on the ground that they were too vague.

Rover said he will not appeal to the Supreme Court for reinstatement of those two counts, but instead will offer new evidence to a grand jury beginning Sept. 13.

Rover said the evidence will include "certain aspects" of Lattimore's sworn testimony before the committee in February, 1952, which were not included in the original indictment.

Should the grand jury vote additional charges against Lattimore, Rover said, the procedure will be to ask that they be consolidated with the five counts remaining in the original indictment.

In any event, Rover said, the government is prepared to bring Lattimore to trial on the five remaining counts.

Dulles May Visit Japan

WASHINGTON (AP)—Secretary of State Dulles was reported today considering a brief stopover in Japan on his way back next month from a conference in the Philippines to weld an eight-nation Southeast Asia defense alliance.

Victims Escape Vault Following Elsie Robbery

Police Sight and Chase Auto Near Owosso; 2 Men Hunted

From AP and UP Dispatches
ELSIE — Two bandits wearing baseball caps and dark glasses to hide their faces held up the Elsie State Bank today and escaped with \$12,000 after herding four employees and two customers into a vault at gunpoint.

Later, State Police reported they were chasing a maroon-colored car on M-21, near Owosso, believed to be the getaway car.

A speeding convertible, that was being chased earlier on Chandler road near Ovid, was overtaken and checked out. Police said the people in the first car "were found to be OK."

The chase of the second car started when a police officer saw the car halt, turn around on M21 and head back to Owosso at what was described as "a terrific rate of speed."

Police said the car disappeared after the chase started and apparently turned off on a side road. All nearby police vehicles were converging on the area to aid in the search for the suspected car.

The bandits, one of them carrying a blue revolver, entered the bank shortly after it opened at 9 a.m. and ordered the six persons to "lie on the floor and you won't get hurt."

After scooping up coins and bills from the tellers' cages and cash drawers, they ordered the six into the vault. The six escaped possible suffocation when the bandits failed to slam the outer airtight door.

A teller, Joan Sturgis, said she called police from a telephone in the vault. Neither the employees or the customers saw the men leave the bank, she said.

"The men entered quietly and told us to lie on the floor behind the cages," Miss Sturgis said. "After they stuffed the money into sacks they told us to get into the sacks and we wouldn't get hurt. One of the men was carrying a blue revolver."

Jeannette Cook, Esther Tweedie and Patricia Winann, the other bank employees, walked into the vault along with Miss Sturgis and the two customers, Bonnie Fizzell and Hazel Gieger. No one touched the telephone in the vault until they were sure the bandits had left the bank.

"It's a good thing they didn't slam the vault door," Miss Sturgis said. "We wouldn't have had any air. I guess they must have been amateurs, either that or they didn't want us to die."

The bandits were described as short and stocky with round faces. Both wearing khaki clothes.

Eye Threats of Reds

CANBERRA, Australia (AP)—Foreign Minister Richard Casey told Parliament today Australia is watching very closely Red China's stepped up propaganda campaign against the Nationalist China bastion of Formosa.

Unusual Pregnancy

Mother Has Twins, Awaits Birth of Third Child Soon

DETROIT (AP)—Mrs. Boyd Braxton, 28, who gave birth to twin girls last July 31, expects to return to the hospital in a few days for the birth of a third child.

Doctors said Mrs. Braxton has a double uterus which they termed unusual.

They described pregnancy in both sides as "very unusual" and twins on one side as "extremely unusual."

The twins, both girls, weighed under five pounds at birth. Dr. Thomas Y. Hum, who delivered the girls, said they were "premature in weight but not in time."

The girls, Barbara Joyce and Betty Jean, left the hospital Wednesday.

Mrs. Braxton's husband is a 29-year-old Packard Motor Co. employee. They have six other children—Boyd Jr., 6; Barry Dean, 5; Christine and Christopher, 4, also twins; Darryl, 3; and Davis, 2.

"They tell me I am making medical history," said Mrs. Braxton. "I don't care about history. I just want my babies. If the doctors want to study my case, it is all right with me."

She said the fact that another baby was expected made her husband nervous.

"It makes him kind of nervous," she said. "He went back to work three weeks ago and has been working two to four days a week—just enough to keep him from drawing (unemployment) compensation."

Sept. 7 Winds Up Holidays for Youngsters and Adults

From Our Birmingham Bureau
BIRMINGHAM—The day after Labor Day spells the end of summer vacation and means another term of school for Birmingham youngsters.

Over at the Community House, it means the start of school, too, for that's the date "school" begins there.

Starting Sept. 7, the House will begin taking registrations for its fall adult education classes.

Mrs. Ewald Schaffer, director of adult education, said more emphasis has been placed on the high school age group this year. Youthful students will discover a 10-weeks bridge course available to them, the first time the course has been offered.

For another first, high schoolers are being offered a class in painting and drawing. This same course is offered to first through eighth graders on other days of the week.

"Tips for Teens," a series of informal discussions, will help high school girls with fashions, hair styles, dancing and other self-improvements. Instructor Edelgard Roach, a professional model, returned from Paris this spring after modeling in Christian Dior's show.

New classes for adults include a European traveler's course for travelers abroad or of the armchair variety. Previously combined with the silver classes, the art of enameling will this year be taught in separate classes.

Courses again being offered include bridge, creative pottery, design, free-lance writing, gardening (house plants), interior decorating workshop, millinery, painting, sculpture and sewing.

Also available are two Red Cross courses—first aid and home nursing.

City commissioners toured the sewage plant area with City Manager Donald C. Egbert last night to get a better perspective of what can be done to improve sewage treatment for Birmingham and Bloomfield Township.

Since recent meetings have shown that a proposed \$2,500,000 interceptor sewer may become a reality by 1956, Egbert was authorized at this week's City Commission meeting to work out necessary arrangements for the treatment of sewage from the township, during the interim.

Seeking the least expensive but efficient method of expanding Birmingham's sewage treatment plant facilities during this period, the commission favored a plan which would create ponds at the rear of the plant, constructed with earth dikes. Costs would be equally shared.

This system, in addition to taking some of the load off the already over-burdened plant, would lessen pollution of the Rouge River. A stop-pollution order from the State Water Resource Commission prompted Birmingham and five neighboring municipalities to undertake the interceptor project as a joint responsibility.

Berkley Man Awaiting Circuit Court in Forgery

BIRMINGHAM—Waiting examination when he appeared before Associate Justice John C. Emery Jr. yesterday on a forgery charge. Robert A. Eagles, 23, of Berkley was bound over to Oakland County Circuit Court.

Eagles was remanded to the Oakland County Jail when \$2,000 bond was not furnished.

Police said Eagles forged four checks totaling \$102.

Mrs. Betty Jean Brady, 1539 Humphrey, had reported the loss of seven checks, a tire and wheel, and a diamond wedding band, after Eagles roomed at her home. Police have recovered the ring.

Driver Pays \$60 Fine

BIRMINGHAM—Richard Saunders, 18, of 624 W. Lincoln, paid a \$60 fine when he appeared before Associate Justice John C. Emery Jr. yesterday on a charge of reckless driving.

A dance with 120 "stars" will be presented tomorrow, when 120 children attending City and Country School's summer program climax activities there.

All parents have been invited to attend a 2 p.m. performance of "The King Who Couldn't Dance," written by Mrs. Anita Gold, dramatics teacher there.

Backdrops for the play have been in the making for some time, with local artist Mrs. Charlotte Whitney directing the talents of the 6-through-9-year-olds.

Other art work, plus crafts and shop results, will be on display for parents to view.

Treats are on Kiwanians tomorrow, when they will take children from the nearby Baptist Children's Home (one of their projects) and any other children who have their parents' permission on an annual excursion to a children's amusement park on 8-mile road.

Transportation will be provided and nurses will be in attendance while the youngsters eat sandwiches and ice cream and ride to their heart's content, from 1 to 6 p.m.

Kiwanis Clubs in Highland Park, Oak Park, Ferndale, Royal Oak and Berkley will also take part in the festivities, with over 1,000 youngsters expected.

Any child interested in joining in the fun may call Gilbert Schrock, local club treasurer, at MI 4-3564.

Italy's Ex-Premier Dies at Age 73

(Continued From Page One)

from the titular leadership of his pro-Western, middle-of-the-road Christian Democrat party—Italy's largest—a little more than a month ago.

He ended his 7½ years as head of the Italian government a year ago, in July 1953, after losing a confidence vote in the Italian Parliament. But his party supplied succeeding cabinets and a protégé of De Gasperi, former interior Minister Mario Scelba, now holds the premiership.

A messenger brought the news of the death before dawn to Scelba and the Premier hurried from his own vacation spot, Foggia, to the scene of the death of his old mentor.

Known in the troublesome early days of the Italian republic as the master of political compromise, De Gasperi changed later to become a two-fisted foe of the growing menace of communism.

The tall, hawk-faced leader first became premier in December 1945 because he was leader of Italy's biggest party. A noted anti-Fascist imprisoned often by Mussolini, he had served since the previous April as foreign minister.

In his first two years as premier he tried to work with his nation's Communists and fellow-traveling Socialists, but in the spring of 1947 abandoned the effort and in the 1948 elections inflicted a smashing defeat on the Reds.

For five years after that he fought the Reds at every turn, battling to keep his nation closely allied with the United States and the anti-Communist West, pushing the cause of European unity.

In 1949 he brought Italy into the North Atlantic alliance against Communist aggression as a charter member.

The Schuman coal-steel plan, the Council of Europe and the six-nation European army all received his enthusiastic support.

Honoring his pioneer work, the Coal-Steel Assembly last May elected him its president. Ironically, he died only a few hours before the foreign ministers of Italy and the five other nations of the projected European Defense Community gathered in Brussels at a meeting which may mean the death of the long-cherished international army plan.

Under De Gasperi's leadership, Italy became one of the most politically stable countries in Western Europe. In recent years, however, this stability began to crumble under the nation's chronic economic distress and deepening inroads by not only the Communists, but the Monarchists and Fascists as well.

In the 1953 parliamentary elections, De Gasperi's Christian Democrats tried to capture a majority in the Chamber of Deputies but finally were forced to rely on an uneasy center coalition to hold precarious control of the government.

On July 28, 1953, the combined opposition of Communists, Socialists, Monarchists and Fascists defeated De Gasperi by the narrow margin of 282-283 on his bid in the Chamber of Deputies for a vote of confidence. Worn by eight stormy years of continuous political battling, the old man handed in his resignation to President Luigi Einaudi.

He remained the dominant member of his party but a little more than a month ago, after a siege of declining health, he relinquished his leadership.

The ancient Greeks believed that the tongues of snakes had healing properties hence the snake in the symbol used by doctors.

GIFT TO SCHOOL—President of B'nai Brith Rudy LoPatin (right) presents a sample calendar to J. Cecil Cox, assistant superintendent of Pontiac schools. Some 600 of the calendars, with notations of all holidays, will be presented to local school instructors by the group for the second straight year. Looking on at left is Dr. Maurice Thome, chaplain of the B'nai organization.

Pontiac Deaths

Gifford M. Andrews

Clifford M. Andrews, 80, of 870 Glendale Ave. died yesterday after an illness of 11 years.

Born Oct. 5, 1873, he was the son of Elkanah and Sarah Lyons Andrews.

He was married to Jessie Pennell and came to Pontiac 25 years ago. Besides his widow, he is survived by a daughter, Mrs. Herman Cole of Pontiac and two grand-children.

Also surviving are two sisters, Mary and Minnie Andrews of Bristol, N.Y.

Funeral will be at the Farmer-Snover Funeral Home at 11 a.m. Saturday, with the Rev. Fred R. Tiffany of Bethany Baptist Church officiating.

Burial will be in Andersonville cemetery.

Charles Henry Burch

Charles Henry Burch, 58, of 73 Glenwood Ave. died suddenly at his home yesterday.

Born Oct. 6, 1895, in Mount Pleasant, he was the son of William and Julia Kallagher Burch. On July 9, 1918, he married Norine Murphy in Rosebush.

For the past 23 years he had lived in Pontiac, coming here from Coleman, Mr. Burch was employed at the Pontiac Motor Division for 27 years.

He served in World War I and was a member of St. Michael Catholic Church.

Besides his widow, he is survived by seven daughters and seven sons. Mrs. John Keeling of Rockaway Beach, N.Y., Mrs. Herbert Clark of Laporte City, Iowa, Mrs. Theodore Galatis of Fort Lauderdale, Fla., Mrs. Raymond Villeneuve of Upper Lake, N.Y., Mrs. Delbert Yarker, Mrs. Robert Richer, Dorothy Burch, Charles H. Jr., William, Jesse, Daniel, Donald, John and Michael of Pontiac.

Also surviving are 13 grandchildren.

Recitation of the Rosary will be at 8 p.m. Friday in the Voorhees-Siple Chapel.

The funeral will be Saturday at 9 a.m. in St. Michael Church with the Rev. Michael J. O'Reilly officiating. Burial will be in Mount Hope Cemetery.

Mrs. Ralph B. Burdick

Mrs. Ralph B. (Emily) Burdick, 51, 2450 Marx Ave. died at 10:30 a.m. yesterday as a result of an auto accident.

The daughter of Eli and Ellen Grant Reame, she was born in Turner Feb. 1, 1903, and married Mr. Burdick in Pontiac Dec. 21, 1922. She came here from Bay City 34 years ago.

She was a member of the American Legion Auxiliary of Oxford, Honorary 40 & 8, VFW Auxiliary of Oxford, MOMS Club of Gingsville, and was past president of Blue Star Mothers of Orion.

Surviving besides her husband are four children, Mrs. Florence Kell of Charlotte, Mrs. Betty Harvey of Pontiac, Mrs. Violet Balanecki of Roseville and Ralph L. Burdick at home.

Also surviving are two sisters, Mrs. Leafy Long of Pontiac and Mrs. Orpha Hoffman of Detroit, and two brothers, Warren Reame of San Marino, Calif., and Charles Reame of Bay City.

Funeral services will be held from the Hutton Funeral Home Saturday at 1:30 p.m.

Mrs. Charles L. Carsten

Mrs. Charles L. (Rose) Carsten, 88, 23 Bliss, died at 9 a.m. yesterday after an illness of 25 years.

Born in Monroe County she was the daughter of Philip Beaubien. She came to Pontiac in 1911 from Fenton.

Besides her husband, she is survived by two daughters; Mrs. Pearl Doyle of Pontiac and Mrs. Ruth Hart of Clawson.

Also surviving are two brothers; Isaac and Fred Beaubien, both of Flint.

Funeral services will be held Friday at 11 a.m. from the Hutton Funeral Home. Officiating will be the Rev. E. Watkins of the Joslyn Avenue United Presbyterian Church. Burial will follow at Oak Hill Cemetery.

July Home Building Dips

WASHINGTON—Home building activity declined 7 per cent between June and July but the 112,000 home units put under construction were 16 per cent above July 1953, the Bureau of Labor

4,200-Mile Tour

3 Explorer Posts Send Scouts on Western Trip

Three Pontiac Explorer Scout posts will leave Friday night on a 17-day motor camping trip in the Rocky Mountains of Colorado, Wyoming and New Mexico.

Making the 4,200-mile tour of 10 states will be members of posts 4, 13 and 66.

First major stop is to be Rocky Mountain National Park for mountain climbing. Near Boulder, Colo., the Scouts will tour ghost mining towns and a gold mine. In Denver, they will inspect the U. S. Mint and the gold-domed state capital building.

Those in the group who are Order of the Arrow members will attend the organization's national convention at the University of Wyoming in Laramie. The Order is a national honor society of Scout campers.

Sues Policemen for Broken Jaw

Motorist Asks \$20,475 for Damages, Naming 3 City Officers

A \$20,475 damage suit is being heard today in Oakland County Circuit Court against three Pontiac Police officers who allegedly broke the jaw of a Detroit man stopped for reckless driving Aug. 16, 1952.

The suit, before Judge Frank L. Doty, was brought by Gerry Sanders, 32, who claims Officers James Bale, William Bailey and Richard Evans forced him from his car near Franklin Rd. and South Blvd. and inflicted the injury with a "metallic object."

Sanders claims he was held overnight in the OAKLAND County Jail without treatment for the injury. He was fined \$50 the following day for reckless driving.

The officers deny they treated Sanders roughly and say if he had any known injuries he would have been treated before admittance to jail.

Attorney for Sanders is Milton R. Henry, with City Attorney William A. Ewart defending the officers.

Luncheon Honors Irons

The Republican nominee for Oakland County sheriff, Frank Irons, was honored at a luncheon at the Birmingham Country Club Tuesday by the club's president, Drew C. Haneline.

Industry Is Harnessing Water Power Along the Inside Passage to Alaska

By JOE HAAS

PONTIAC PRESS STAFF WRITER

OCEAN FALLS, British Columbia—There's a mighty industrial race under way to harness the potential hydro-electro power going to waste in Southern Alaska and the Pacific Coast of British Columbia.

Financed largely in the United States, corporations already have tied up the franchise rights over an area of several hundred thousand square miles and some mills already are in operation.

These produce wood pulp for the manufacture of paper and extend into several other older lines where cheap power is a large factor.

But the greatest development is in new lines, one of the most important of which is in the manufacture of aluminum.

Just getting under production at the new town of Kitimat, B. C., is the largest privately owned hydro-electro plant in the world. It turned out its first aluminum on Aug. 3.

This event clamaxed three years of labor for 10,000 men, and the expenditure of \$300 millions, which will be extended to \$500 millions

Solons Cleaning Up Final Lawmaking

(Continued From Page One)

measures remained to be hammered out in conference.

The administration is opposed to a provision written into an anti-Communist bill by the Senate which would slap heavy penalties and fines on individual party members.

The conferees were seeking some way to meet administration objections, and still satisfy the majority in both Senate and House which have voted to ban the party through individual penalties. The Justice Department has expressed fear that making membership in the party illegal will interfere with prosecution of Red leaders under present laws.

The social security bill, a must item on the President's list and also that of nearly all of the lawmakers, is hung up over a controversy as to coverage.

The administration is seeking to extend social security coverage to 3,600,000 farm operators and 500,000 professional people but was turned down on this by the Senate.

The House accepted the President's position on coverage in large part, and its conferees are demanding that the two groups be included in the compromise bill. The Senate representatives have been just as adamant against it.

A controversy over a pay raise for 500,000 postal workers and 1½ million civil service classified workers still could delay adjournment.

But chances for the raise dimmed considerably yesterday after administration leaders again made clear that the President would not approve one without a postal rate increase.

The Senate kicked the matter around for a while yesterday, then put it back on the shelf. But the lawmakers have been under intense pressure to vote the pay hike before they leave town.

The Senate also has numerous minor bills it could act on, but most of these appeared certain to go down the drain in the rush of the weary lawmakers to quit.

Yesterday the Senate completed action on a whopping \$1,659,000,000 catch-all money bill.

It also passed and sent back to the House, somewhat amended, one of the anti-subversive bills asked by Eisenhower. It would strip U.S. nationality from citizens convicted of advocating the overthrow of the government by force and violence.

The House, meanwhile, sent to the President by voice vote a measure to broaden the unemployment compensation program to include another four million workers, mostly federal employees and workers in small firms now exempt. The act would take effect Dec. 31, 1955.

Motorcycle Patrolman Hurt, Driver Ticketed

A Pontiac patrolman was injured yesterday when a Milford housewife failed to yield right of way to his motorcycle and caused the officer to swerve and skid along the pavement at Auburn Avenue, and Jessie St., according to Pontiac Police.

Patrolman Howard E. Lenigan, 24, of 4 Williams St. was treated at Pontiac General Hospital for hip bruises. The motorist, Mrs. Erma R. Pachal, 39, of 254 Ruppert, was ticketed for failing to yield right of way. Officers stated that a bus obscured Mrs. Pachal's view.

Dog Aids Phone Calls

ATLANTA—Mrs. Dennis Meadows of Atlanta has a dog who answers the telephone for her—well, practically.

She leaves the pooch in the house when she's working in the yard. When it rings, the dog lifts the handset off the hook and gives Mrs. Meadows time to get inside before the caller gives up.

Firemen Battle 2 Area Blazes

Golf Range and Truck Keep Waterford Dept. Busy Today

Fire caused an estimated \$2,800 damage to the office building at Brode's Miniature Golf and Driving Range, 2045 Dixie Hwy., early today, according to Waterford Township Firemen.

When firemen arrived flames had engulfed most of the building, which was a total loss. The cause has not yet been determined. Fire Chief Rudy Boss said.

The fire was first noticed about 2 a.m. this morning, and two engines and firemen battled the flames for almost two hours.

The building, Boss said, was valued at \$800, but the contents, including a jeep and golfing equipment added another \$2,000 to the loss.

Firemen had just returned equipment to the station when they were summoned to a second call at 485 Marian St., where a flood light truck was burning. Loss to the truck, owned by Robert Danton of 394 Ferry St., was estimated at \$150. The cause was not known, Boss said. Waterford Township firemen finished a busy morning at 5:45 a.m.

6-Nation Conference Opens at Brussels

(Continued From Page One)

Four meeting with Russia to seek a German peace settlement. The United States and Britain oppose such a meeting at this time.

Russia recently approached the West with two proposals that appeared designed primarily to torpedo the EDC.

One was for an early Big Four foreign ministers' parley in Germany. The other was for a conference of all European countries, the United States and Red Chinese observers to work out an East-West security or nonaggression scheme.

J. W. Beyen, Dutch foreign minister, was said to have spoken extemporaneously, in a critical tone, of Mendes-France's assessment of the European political situation. Spaak's address was reported to have been mild.

Lagoon Swans Attack Ducks in Davenport Park

DAVENPORT, Iowa—An annual rivalry goes on here without decision. The swans in Vander Veer Park lagoon attack the semipalm ducks which share the pond with them.

The swans presumably are trying to clear a nesting area. But the ducks plunge under water when attacked, swim submerged 10 or 15 feet and come up again out of sight of the attacker.

Former Right-of-Way Chief Returns \$39,000 of Fraud Money

MUSKEGON (U) — G. Palmer Seeley, jailed former right-of-way chief for the Grand Rapids district of the State Highway Department, has made restitution of \$39,000 to the state.

Seeley's attorney yesterday handed Circuit Judge Noel P. Fox a check for \$35,000. It was the second payment the judge has received. And he said he would look over the records in the highway fraud case to see if Seeley has made full restitution.

Seeley and Mrs. Lois Moon Ley, Muskegon house mover, pleaded guilty recently to charges of conspiring to defraud the state of right-of-way purchase money.

Seeley is serving from 2½ to 5 years in Southern Michigan Prison while Mrs. Ley is serving 1½ to 5 years in the Detroit House of Correction for her part in the case.

Judge Fox said the total restitution due from the pair is \$78,583. He indicated he doesn't intend to recommend a minimum sentence for either of them until he knows whether the entire amount will be returned to the state.

Meanwhile at Lansing, Atty. Gen. Frank G. Millard said he expects Mrs. Ley to make restitution before Sept. 9. Her payment is protected by securities in the hands of the court, he added.

Forum on Security Slated at Convention

OMAHA (U) — A forum on "Security in the Hydrogen Age" is slated to be the big discussion of the Air Force Assn. convention and reunion opening here today.

It is on the schedule for Friday and will have Lt. Gen. James H. Doolittle, director and past president of the group, as moderator.

The association boasts a membership of 40,000 former and present members of the Air Force and salesmen for air power. Its president is Gen. George C. Kenney, now retired and who was World War II Chief of Allied Forces in the Pacific.

Secretary of the Air Force Harold Talbott is scheduled to address an award banquet Saturday evening. At the dinner the association will present the H. H. Arnold Trophy to "Aviation's Man of the Year."

Mother-in-Law Worth Money to Home Buyer

HOLYOKE, Mass. (U) — A mother-in-law is worth money, under the terms of an advertisement appearing today in the Holyoke Transcript-Telegram.

The advertisement inserted by Jeremiah T. Downing of the Downing Realty Corp. offers a nine-room brick house on a 1½-acre plot at the following prices:

To single persons, \$25,000; couple, \$22,000; couple with child, \$21,000; couple with two children, \$20,000; couple with "houseful of kids," \$18,000; couple with houseful of kids and mother-in-law, \$17,500.

49 Bottles of Beer Found in Boys' Car

DETROIT (INS) — Three boys were arrested early today when officers stopped them after a minor hit-and-run accident and found 49 bottles and cans of beer stowed in various parts of the car they were driving.

Jerry Curtis, 18, the driver; Eddie Milinowski, 20, and Rush Guigar, 18, all of Detroit, will be taken to court today on a charge of possessing and transporting alcoholic beverages.

Curtis also was ticketed for leaving the scene of a non-injury accident.

In another instance of alleged youthful waywardness, Thomas Angott, 21, told police he was on his way home from visiting a girl friend early today when he was yanked from his car and beaten by three boys about 19 whom he had never seen before.

Henry Kaiser May Build Auto Factory in Brazil

RIO DE JANEIRO (U) — Henry J. Kaiser is considering establishing an auto plant in Brazil, the Brazilian government news agency announced yesterday.

Kaiser discussed the possibility with President Getulio Vargas Tuesday, the agency said. A company spokesman confirmed that such a plan is under consideration but that it is strictly in "a very preliminary stage."

Boy Plays Water Game, Drowns Staying Under

MIAMI, Fla. (U) — Police pulled the body of 9-year-old Jimmy Berrian from the Coconut Grove Yacht Basin yesterday but efforts by a fire department respirator unit failed to revive him.

Homicide Detective W. P. McClure said witnesses told him the boy and a playmate had been trying to see who could stay under water longer.

CARRYING THE GOOD WORD—Rev. Basil Malof, of Boston, Mass., who calls himself "God's Smuggler," holds one of the Bibles printed in Russian which he is smuggling across the Iron Curtain. He has already placed over 83,000 Bibles in Russia and plans to print an additional 1,000,000 Bibles and 5,000,000 New Testaments all in the Russian language. The smuggling methods are only known by Reverend Malof and his followers.

A-Workers OK 6-Cent Increase

Rebuffed CIO Leaders Are Still Holding Out for 15-Cent Boost

OAK RIDGE, Tenn. (AP)—By voting to accept a previously rejected 6-cent hourly wage increase, AFL atomic production workers put the squeeze on disturbed CIO union leaders who said today the AFL vote would not block their demands for a 15-cent boost.

The AFL workers put teeth into their leaders' recommendations by voting about 2-1 in secret ballot yesterday to accept the 6-cent wage hike suggestion handed down June 15 by the President's atomic energy labor relations panel.

Disappointed CIO Local President Emerson Pownall said today, "We thought that they would back us up. We wanted their support but they're not going to stop us."

And he added: "We think we'll win out in the end." Always in the past, Carbide and Carbon Chemicals Co. has granted identical increase to the CIO and AFL at bargaining time. The company operates all four atomic plants involved here and at Paducah, Ky., for the Atomic Energy Commission. A wage increase won't cost Carbide anything for, under the cost-plus contract, the firm will pass along the increase to the government.

Leaders of the unions, which represent about 4,500 workers each,

have been requesting more money to offset rent increases in government-owned housing here. Pownall said the increases ranged from "28 to 51 per cent." Both unions draw scale ranging from \$1.38 to \$2.40 an hour.

The next action in the four-month-old wage wrangle probably will come Aug. 23 when CIO representatives meet in Washington with AEC officials. The meeting was approved by the Labor Department when the CIO workers returned in July from a four-day strike here and at Paducah, where the country's entire supply of uranium-235 is produced.

The CIO workers—members of the Gas, Coke and Chemical Workers—sought 21 cents an hour at first, then scaled demands to 15 while the AFL—members of the Atomic Trades and Labor Council—had asked 19 cents.

Battle Creek Shows Big Traffic Progress

BATTLE CREEK, (AP)—Battle Creek has been awarded first place by the American Bar Assn. for showing the greatest improvement in traffic courts in cities of comparable size.

Last year the local municipal court was rated fifth among 196 cities by the national safety council for its method and record of handling traffic cases.

In 1952, before the municipal court was established and when the city was operating with justice courts, it was rated 92nd among 196 cities.

Guatemala is about the size of Ohio.

SEARS 154 N. Saginaw Ph. FE 5-4171

**Wrong City Receives
CD Leaflet Barrage**

RIALT, Calif. (AP) — The ground observer corps for civil air defense went through its paces for a whole week and scheduled for the end of the week a shower of leaf-

lets on the town from several air-planes.

Civil defense workers manned their posts throughout the city, scanned the skies and waited for the leaflet attack. No leaflets. After an hour of waiting and practicing the work to be done when the

leaflets fell, the civil defense workers went home.

The 20,000 leaflets were dropped over nearby Fontana. The pilots got their signals crossed.

Easternmost point of Mexico, in the state of Quintana Roo, lies slightly east of Chicago.

**Manufacturer Lauded
for Helping Employees**

PASADENA, Calif. (AP) — When P.H. Hammond, a manufacturer, found it necessary to lay off a few men he advertised in the local paper to get the men new jobs. Scores of persons who read the ad

called Hammond to commend his action.

And 19 employers called to bid for the men's services. All but one were hired by a competitor who thanked Hammond for the experienced help and promised to hire the last man too, when he returned from sick leave.

Robbers Get Bonus

WATERBURY, Conn. (AP) — The city court found itself with a dozen unclaimed crullers used as evidence in a case. The court ordered that they be distributed among six men in the prisoner's cage. The man charged with stealing the

crullers got two of them—plus 15 days in jail.

Sizes of stars vary over an enormous range. Largest known are 500,000,000 miles in diameter, while the smallest are around 50,000 miles or less, smaller than some of the planets.

FALLS FOR HER—Mary Ann Young, of Columbus, Ohio, is not only by a waterfall she is *IN* a waterfall. Looks like the greatest thing to combat hot weather since the invention of ice.

Print Traced to Doctor's Son

**Identification of Palm
Mark Weakens Case
for Sheppard**

CLEVELAND (U)—A Cuyahoga County official says identification of a palm print found in the lake-front home where pretty Marilyn Sheppard was slain knocks the props from under a defense argument of her osteopath husband.

The print, which had puzzled investigators since Mrs. Sheppard's battered body was discovered July 4, belongs to her 7-year-old son Chip, Asst. County Prosecutor John J. Mahon said yesterday.

Now, Mahon said, Dr. Samuel H. Sheppard, 30, can't use the print to support his story a stranger was in the house the morning of the murder. Sheppard has been indicted on a charge of first-degree murder.

He says a prowler murdered his 31-year-old wife, an expectant mother, and then injured him when he answered her call for help.

Authorities had collected prints from dozens of persons who might have been in the house before obtaining those of the youngster, who had been at a summer camp in Pennsylvania from the morning of the killing until last week.

Police fingerprint expert Jerome C. Peolking said it was the only legible print found after the bludgeoning. It was on a desk in the study, where papers had been

strewn and drawers pulled out. Sheppard reaffirmed his innocence yesterday in a 900-word statement released by his brother, Dr. Stephen Sheppard. In it, he said:

"I am more interested in the capture of my wife's murderer than any other person in the world."

Norwegian Jailed After Producing 5 Billion Kroner

TRONDHEIM, Norway (U)—A crackpot counterfeiter who made more than five billion kroner in fake Norwegian currency was behind bars today because he wanted to make music too.

Police refused to name him, saying he was mentally deranged and they would ask a court to commit him to a mental institution.

The money-maker was arrested yesterday in the nearby village of Selbu after he mailed an order for a harmonica to an Oslo dealer in musical instruments. He enclosed a 50-kroner note from his own press.

The sheriff at Selbu rounded up the culprit and also his printing production. When police finally finished counting last night, the total came to 5,004,074,610 kroner—\$714,856,388 worth had it been real.

Experts said most of the bills were faithful replicas of genuine notes, ranging from 5 to 1,000 kroner denominations. But there were such fanciful productions as a billion-kroner bill, four million-kroner notes, and a few decorated with small poems to an unidentified girl.

Try Heavenly Lime Chiffon Pie

Refresh Family
With Cool Treat

Extra-Luscious Crust
Easily Made With Split
Ladyfingers

There's something especially cool looking and tasting about limes. It's their color, first of all, then the tangy flavor.

Make a chiffon lime pie with a ladyfinger crust and watch the looks of appreciation on the faces of those who taste it. Use thin slivers of unpeeled lime for a spot of color in the whipped cream ring on top. Try it for cool eating.

Heavenly Lime Pie

12 ladyfingers
1 envelope unflavored gelatin
1 cup sugar, divided
1 egg, separated
1/2 cup water
1/2 cup lime juice
1 teaspoon grated lime rind

For ladyfinger pie shell, split ladyfingers. Cut one-half inch off end of ladyfingers; stand, cut side down, around edge of 9-inch pie plate.

Put remaining whole ladyfingers and pieces evenly in bottom of pie plate.

Mix together gelatin and one-half cup of the sugar in top of double boiler. Beat egg yolks slightly; stir in water and lime juice. Add to gelatin mixture.

Place over boiling water and cook, stirring constantly, until gelatin is dissolved and mixture is slightly thickened. Add lime rind.

Chill until mixture is slightly thicker than the consistency of unbeaten egg white. Beat egg whites until stiff, but not dry.

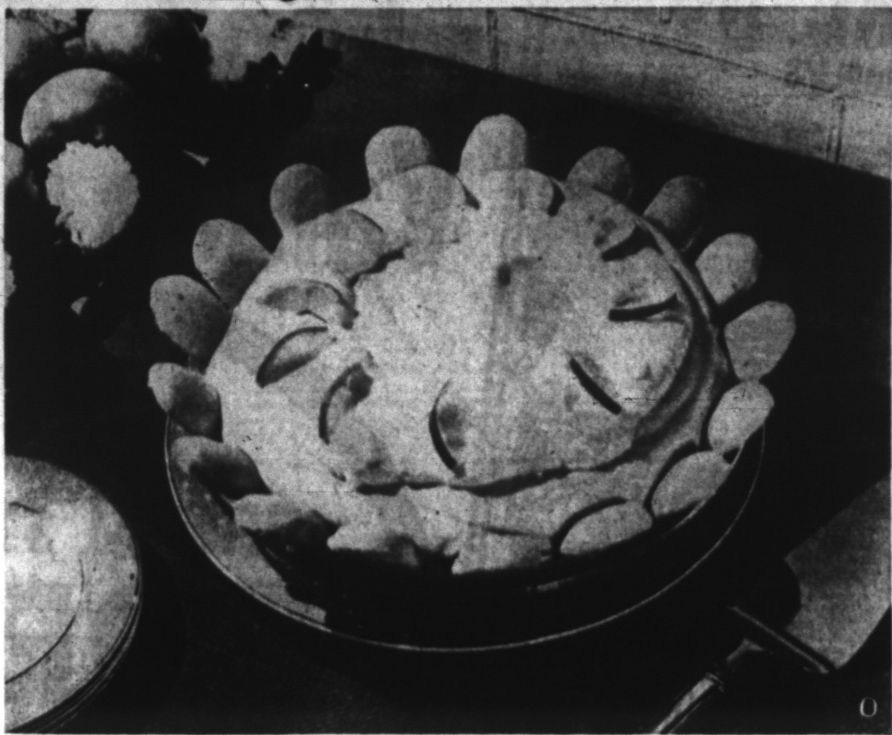

Gradually add remaining one-half cup sugar and beat until very stiff. Fold egg yolk mixture into egg whites.

Carefully pile into prepared shell. (Mixture should be thick enough to hold its shape.)

Chill until firm. If desired, garnish with whipped cream.

Sandwich Is Tasty

For a summer lunch serve corned beef sandwiches with a salad of lettuce (or other greens) tomatoes and cucumber. To make the filling for the sandwiches, mix tiny cubes of corned beef with mayonnaise-type salad dressing and prepared horseradish.

HEAVENLY LIME PIE—Make a summer pie with tangy lime chiffon filling. You won't even have to bother with a crust. Just split ladyfingers and make a decorative shell. Garnish with a ring of whipped cream and dot with pale green slivers of lime.

Peach Filling for Pie Made in New Way

Here's a new way to thicken a fresh peach filling for a pie.

Spicy Fresh Peach Pie

Pastry for 2-crust pie
3 cups sliced peaches
1/2 cup lemon juice
1/2 cup granulated sugar
1/2 cup firmly-packed brown sugar
1/2 cup quick-cooking rice cereal
1/2 teaspoon salt
1/2 teaspoon cinnamon
1/2 teaspoon nutmeg
2 tablespoons butter or margarine

Prepare pastry for 2-crust pie. Line bottom of 9-inch pie plate with pastry. Place peaches in a large bowl; mix with lemon juice. Stir sugars, quick-cooking rice cereal, salt, cinnamon, nutmeg and cloves together; stir gently into peaches, then fill pie shell. Dot with butter. Top with lattice crust.

Bake in 400 oven until lightly browned — about 45 minutes. Serve hot or cold.

Serving ice tea? Accompany it with attractive slices of lemon: just score the lemon and then slice very thin so you have a pretty fluted effect.

Flavor Whipped Cream With Powdered Coffee

Vary the flavor of whipped cream next time you want a topping for shortcake or custard.

Just add two teaspoons of instant coffee and two tablespoons of sugar to one cup of whipping cream before you begin to whip. It's a wonderful way to bring delicious coffee flavor to desserts.

Clam Cocktail Tops Cool Summer Meal

Here's a cool and refreshing first course.

Rosy Clam Cocktail

1 cup tomato juice
1/2 ounce bottle clam juice
1 teaspoon lemon juice
1 teaspoon Worcestershire sauce
Freshly ground pepper

Have tomato juice and clam juice chilled. Mix with lemon juice and Worcestershire sauce. Add pepper to taste. Makes about 3 cups — use about 1/2 cup for each serving in small juice glasses. Makes 4 servings.

Recipe Gives New Flavor to Potatoes

Here's a new way to give flavor and interest to potatoes.

Emmie's Potatoes

3 cups freshly-prepared or leftover mashed potatoes
1 tablespoon finely grated onion (pulp and juice)
1/2 tablespoon minced green pepper
1/2 teaspoon curry powder
1/2 tablespoon butter or margarine
4 tablespoons fine dry bread crumbs

Use mashed potatoes, seasoned with salt and pepper, that have had a little hot milk and butter beaten into them so they will be fluffy. Beat in onion, green pepper and curry. Spoon into 8-inch pie dish.

Melt butter and mix with bread crumbs. Sprinkle buttered bread crumbs over top of potatoes. Put under broiler or in moderate or hot oven until heated through and crumbs are lightly browned. Makes 4 to 6 servings.

Veal lacks fat, and so it may be necessary to cover it with salt pork, pieces of suet or bacon when you are roasting it.

Meat in Salad Is Good News

Refreshing meat salads make news these summer days. For this salad, cubed cooked pork and peas are marinated in French dressing, then combined with chopped celery and nut meats.

The salad is garnished with hard-cooked eggs and stuffed olive slices.

Swiss Salad

2 cups cubed cooked pork
1 cup cooked peas
1/2 cup French dressing
1/2 cup diced celery
1/2 cup walnut meats, broken
lettuce leaves
Paprika
Mayonnaise
2 hard-cooked eggs
8 stuffed olives

Marinate meat and peas in French dressing and chill. Add celery and nuts and arrange on lettuce leaves. Sprinkle with paprika and dot with mayonnaise.

Cut each egg into 6 slices. Remove egg yolk from egg slices. Arrange the white rings around the salad. Cut each olive into 4 slices. Overlap 2 olive slices inside each ring of egg white.

Press the egg yolks through a sieve and sprinkle over the salad. 4 to 6 servings.

The planet Mercury is 3,010 miles in diameter.

Cold Cut Platter Tempts Warm Weather Appetites

By JANET ODELL

Pontiac Press Food Editor

Cold cuts are a wonderful help in hot weather. They are quick to buy, require no extra preparation and allow of enough variety to please even the most discriminating taste.

You can buy a number of different kinds of cold meat and arrange an attractive platter; or you can plan to have some of Sunday's roast left over to be served cold. There are people who prefer cold roast beef or roast pork to the hot variety.

When you plan a cold meat platter, just remember the three "do's." Choose meats which contrast (1) in flavor, (2) in texture, and (3) in color and shape. Slices of bologna may be rolled into cornucopia shape. Square sausage may be cut diagonally from corner to corner.

Cold meat is the foundation of a Dutch lunch platter. This is a treat greatly liked by men. Serve a meat platter, one of assorted cheeses, pickles and other relishes, several kinds of bread (be sure to include rye bread) and a beverage. This can be served for a regular meal or as a midnight snack. Everyone makes his own Dagwood sandwich.

Instead of saving this type of meal just for company, use it occasionally for the family. Treat them to a buffet supper. With the cold cuts serve potato chips, a quickly prepared hot vegetable,

sliced tomatoes or a salad and fresh fruit and cookies. Easy on Mom and fun for all the family.

An especially nice accompaniment to serve with cold cuts are relish molds. These are sophisticated little jellied salads that lend color and flavor to the meat platter. If you do not have individual molds, pour the gelatin mixture into small paper cups. You can peel off the paper when you are ready to serve them.

Individual Relish Molds

2 envelopes unflavored gelatin
1 cup cold water
1/2 cup mayonnaise
1/2 cup sour cream
2 tablespoons prepared mustard
1/2 teaspoon Tabasco sauce
1/2 teaspoon grated onion
1 10-ounce jar pickle relish
1/2 cup diced green pepper
1/2 cup chopped cucumber
1/4 cups diced celery
1/2 cup chopped stuffed olives

Sprinkle gelatin on cold water to soften. Place over boiling water and stir until gelatin is dissolved. Add salt; cool.

Combine mayonnaise, sour cream, prepared mustard and Tabasco; gradually add gelatin mixture, stirring until blended. Mix in remaining ingredients. Turn into 12 individual molds; chill until firm. Serve with assorted cold cuts. Makes 12 servings.

Topping for Vegetables

You can make a delicious topping for vegetables by beating a cup of medium white sauce into a lightly beaten egg yolk mixed with a tablespoon of lemon juice.

Garnishes Add Piquant Touch

Colorful garnishes add an enchanting personal touch to that favorite summer-pickup — fresh lemonade!

A plump, juicy lemon wedge or a notched lemon slice on the rim of a tall, frosty glass is the most popular, of course.

Try an orange slice for variety — and fresh mint sprigs or green and red maraschino cherries are a colorful addition to lemonade.

A squeeze of lemon adds a tasty and vivid flavor note to any canned fruit juice — or tomato juice.

For a frosty lemonade glass, dip the rim of the glass in lemon juice; then in powdered sugar. Chill, right side up, until edges are frosted.

You can have an extra party air — just add fancy ice cubes to your lemonade. To make these special cubes fill ice tray 1/2 full of water, put twist of lemon peel or maraschino cherry in each section and freeze. When firm, fill the rest of tray with water and continue freezing.

There's no diluting of that satisfying lemon flavor when you use lemonade ice cubes — just pour plain lemonade into ice trays and freeze.

Fluid milk can be successfully frozen at home — if you use homogenized milk, say food specialists at Michigan State College.

NOW FOR EDC—French Premier Pierre Mendes-France is shown as he appeared at the Finance Commission Council of the French Republic after winning two more votes of confidence in the National Assembly. Mendes-France has summoned his cabinet for talks on the delayed European army plan.

Soviet Children Get Red Dose

All Schools Saturated With Communist Lore in Russia

MOSCOW (INS)—Soviet school children receive a heady dose of patriotism and politics along with reading, writing and arithmetic. Soviet youngsters who begin English-language studies in the third grade, for instance, learn "map" is a wall chart of the red-colored Soviet Union.

By the 14th session they've added "red star" to their growing list of useful words and "slogan" (illustrated with a red banner which proclaims "Long Live the Red October!")

In Lesson 31, titled "We Love Our Mother Country," the 9-year-olds (Soviet children begin the first grade at seven, finish high school 10 years later) read in large type, under a head-and-shoulder shot of Generalissimo Stalin in uniform:

"We are Soviet children. We live in the Soviet Union. The Soviet Union is a great country. The Soviet Union is our Mother Country."

"We love our Great Mother Country. We love our Great Leader Comrade Stalin! Long live the Soviet Union! Long live our Great Leader Comrade Stalin!"

Though Stalin died in March, 1953, the Malenkov administration has not altered the English language course series and the text is still being used.

Fourth-graders meet a photograph of Stalin—still in military tunic, but without cap—in the seventh lesson, titled "Our Slogans."

They read that four boys named Nick, Bob, Pete and Alec have stayed after school to decorate banners with slogans which include: "Long Live the Great October Revolution!" and "Long Live our Soviet Army and Navy!"

As their knowledge of English expands, the lessons become more concrete. Sixth graders, for instance, read about "Two Little Patriots" who spot a stranger in the woods and call the border guards. The story ends, ominously, "the man was a spy."

By the time they reach the high school senior reader, the Soviet students of English are able to master Stalin's World War II victory speech, a Stalin biographical sketch of Lenin, tales—some of them pretty grisly—of wartime valor and an article on the first postwar Five-Year Plan which includes this paragraph:

Some people think that figures are a dull matter. But the figures of the new Five-Year Plan sound like music. . . a solemn and stately marching song created by a victorious people who have returned to peaceful labor."

Hungary Probes Crime

PARIS (INS)—Hungarian refugee circles in Paris said the Ministry of Education has created a special commission in Hungary to investigate "growing crime among youth." Black-marketing and robberies top the crime list.

The U. S. Commodity Credit Corporation, owns more than six billion dollars worth of commodities purchased in price support operations.
