CAMPUS POTENTIALLY TORN BETWEEN TWO PROPOSED CITIES

Oakland University will ask to be excluded from the proposed city of Pontiac Heights, an incorporation of the portion of Pontiac Township between Opdyke Road and Galloway Creek. A public hearing on the proposed incorporation is set for Wednesday in the Oakland Center Gold Room. University Attorney James Howlett will submit a formal statement indicating the University's opinion at that time.

Chancellor O'Dowd said the official position will emphasize disadvantages that would result if the University were split between Pontiac Heights and the similarly proposed city of Rochester Hills, which would embrace Avon Township. About one-fourth of the campus's 1,600 acres lies within Pontiac Township and the rest is within Avon Township. Given a choice, the chancellor said, the University would prefer to become a part of Rochester Hills because it is potentially larger and because the University community is traditionally oriented toward Rochester. Pontiac Heights, if approved as an incorporated city, would extend from Featherstone Road to Tienken Road.

RIDING RING TO BE SCENE OF MEADOW BROOK RUMMAGE SALE

OU faculty, staff and students will have an opportunity in two weeks to browse through a garage sale to end all garage sales. The date will be Saturday, October 3, and the site the riding ring on the Meadow Brook Farms estate. There will be displayed a potpourri of junk which has been gathering dust for untold years in various garages, basements, and outbuildings on the estate. Most of the stuff consists of items from the early housekeeping days of Mr. and Mrs. Wilson. Exact times and other details of the sale will be announced later in the STAFF BULLETIN.

OFFER HEBREW COURSES OU, in a cooperative arrangement with Midrasha College of Jewish Studies, is offering for the first time courses in Hebrew language and culture. They will be taught on campus by faculty of Midrasha, a private undergraduate institution in Southfield. The school has a similar cooperative arrangement with the University of Detroit. William F. Sturner, acting vice chancellor, said the courses will not entail a study in religion, but will be concerned with the analysis of Hebraic studies as a scientific, academic discipline.

COOPER POLITICKING Elmer B. Cooper, assistant chancellor for urban affairs, has taken a two-month leave of absence to work on the Political campaign of John Tunney, who is opposing Sen. George Murphy of California in his bid for re-election. Tunney is a Democratic congressman.
