Santa's Helpers at Work

A TOY FOR EVERY CHILD — Chief Boiler-tenders Merrill Duge (left) and Robert G. Wade repair used toys at Naval Reserve Training Center. They and other naval reservists are working on the Center's annual Christmas project. "Give us the repairable toys," they said, "and we'll see that no child in the Pontiac area goes without one for Christmas."

Merchants Offer \$200,000 for Old Courthouse, Land

A group of downtown merchants has made an offer of \$200,000 for the 55-year-old county courthouse and the valuable property it is situated on at Saginaw-Huron streets.

The offer to buy was made in a letter to Robert Y. Moore, chairman of the Board of Auditors, from George Richman. He said he was a member of the independent group of merchants interested in the property.

Constitutional Confab Eyed

State League of Women Voters, Jaycees Move for April '61 Ballot

LANSING (AP) — An organized move for a vote in April 1961 on calling a constitutional convention was announced last night.

Mrs. Howard Lichterman, president of the League of Women Voters of Michigan, said a petition drive to get the proposition on the ballot will be undertaken jointly by her group and the Michigan Junior Chamber of Commerce.

She said the 300,000 necessary signatures were expected to be obtained in the first six months of 1960.

The plan calls not only for a con-con vote but for changing the basis of electing delegates to the special convention.

Under the proposal, the convention's makeup would parallel that of the State Legislature—one delegate elected for each representative and one for each senator.

The Constitution now calls for a convention comprised of three delegates elected from each of the state's 34 senatorial districts.

STUMBLING BLOCK — This provision has been a stumbling block to Democratic support for con-con propositions in recent years. Democrats have complained it would lead to a rural-dominated conclave, since Senate districts are based on square mileage rather than population.

If the petition drive succeeds, five changes would be written into the existing constitution—including the one affecting the convention makeup—at the November 1960 election.

The proposals that would be placed before voters at that time would:

1. Put the question of calling a constitutional convention on the April 1961 ballot.
2. Change the vote requirement to approval by a majority of those voting on the question. Approval now requires a majority of all those voting in the election.
3. Require an election of delegates to the special convention within four months after approval of the convention call.
4. Change the delegate basis.
5. Provide for convening of the convention in Lansing on the first Tuesday in October following the convention call.

Payroll Tax Out

—Senate OKs Nuisance Levy

\$34 Million Package of GOP Cracks Jamup; Await House Action

LANSING (AP) — The Senate last night approved a \$34-million-dollar Republican package of nuisance taxes to break a legislative log jam.

Senators moved swiftly on the 166th day of the record-long 1959 session, with majority Republicans galvanized to action by the threat of a Democrat 1 per cent payroll tax.

The four bills, all passed on party line votes of 18 to 13, were hustled to the House where the next move in meeting Michigan's cash crisis will come next week.

Their fate was uncertain. But if a final solution was built around them, the package was sure to be enlarged by 20 to 30 million dollars.

There were signs the House, with tacit Senate agreement, would boost the yield by a 26 million dollar, one-shot tap on corporations — to be repaid in tax credits in 1961 and 1962.

Gov. Williams, who has pegged new revenue needs at 110 million dollars, denounced the GOP Senate program as "miserable and inadequate, dictated by politics and devoid of either logic or equity."

Hit by the package as it left the Senate were liquor and beer drinkers, persons with the tobacco habit and telephone users.

One bill would hit cigar and pipe smokers, now exempt from state taxes, for four million dollars and cigarette smokers for an additional nine millions.

DOUBLE BEER TAB

Two others would double the state's \$1.25 a barrel tax on beer and the 4 per cent excise tax on liquor to produce 13 millions more.

The fourth would put a 3 per cent levy on bills of telephone, telegraph and intrastate leased wire users. The annual yield from this source was put at eight million dollars.

The four measures were rushed to passage a few hours after a (Continued on Page 2, Col. 3)

Defense Secretary Sworn In

NEW CABINET MEMBER — As one of his last official duties before departing on his world trip tonight, President Eisenhower witnessed the swearing-in ceremony yesterday of new Secretary of Defense Thomas Gates Jr., left. Gates, a Philadelphia banker, has been deputy secretary under Neil McElroy. He is sworn in here by Frank Sanderson, White House administrative officer.

WASHINGTON (AP) — President Eisenhower takes off for Rome tonight on the first leg of a jet-propelled good will tour of 11 nations.

His departure, immediately after a radio-television speech to the nation, will follow a full day's work schedule. It includes a series of conferences and the second meeting this week of the National Security Council, with which Eisenhower has been discussing budgetary and other matters.

The 15-minute broadcast, starting at 7:15 p.m. EST was expected to include both a new plea for settlement of the steel dispute, and an explanation of Eisenhower's purposes in making his extraordinary journey.

Eisenhower told his news conference Wednesday he wants to prove to the people of the world that the United States is a "good partner" with other nations in the quest for a just peace.

His travels have one other major objective, apart from the individual problems he will discuss with such leaders as India's Prime Minister Nehru. That is to lay the basis for future summit negotiations with Soviet Premier Nikita Khrushchev.

To that end he will meet in Paris Dec. 19-21 with French President Charles de Gaulle, British Prime Minister Harold Macmillan and German Chancellor Konrad Adenauer.

The presidential party of 21 persons, traveling by Military Air Transport jet liner, will take off from Andrews Air Force Base, Md., about 8 p.m. tonight. It is due in Rome at noon, Italian time.

Friday after a refueling stop at Goose Bay, Labrador.

Also arraigned on the same charge was Victor Hood, 25, accused of shooting Dale F. Newton in the back execution-style in a merciless attempt to prevent him from talking.

Roy J. Carl, Highland Township justice of the peace, ordered the two held under \$25,000 bond each for examination Dec. 10. That is the same day authorities hope juvenile court will waive jurisdiction over the third member in the holdup, 16-year-old Theodore A. Mendoza of Lake Orion.

If permission is gained to try Mendoza as an adult, Assistant Prosecutor Edward H. Shigley said he would ask for a postponement in the Dec. 10 hearing so that evidence against all three defendants can be examined together at a later date.

Examination is to take place before Elmer C. Dieterle, West Bloomfield Township justice of the peace.

The holdup Monday night was at a Highland road gas station about three miles from the township hall. Newton is still in serious condition in Pontiac General Hospital, paralyzed from the waist down by the bullet that lodged next to his spine.

"The whole area is up in arms" (Continued on Page 2, Col. 2)

Torrent Floods

French Valley During Night

Rupture Caused by Five-Day Storm Fills Morgues With Bodies

FREJUS, France (AP) — A massive torrent released by the thundering collapse of a dam left a sluice of death, silt and destruction today along the rich Reyran River Valley in the French Riviera.

At least 140 persons are dead, and 160 missing.

Millions of tons of water backed up behind the 185-foot high Malpasset Dam by five days of heavy rain were loosed upon the peacefully sleeping farm valley Wednesday.

The water smashed houses, uprooted trees, rolled over trucks, derailed trains and broke telegraph and telephone poles.

Hours after—as rescuers began arriving and the waters subsided into the Mediterranean—the full range of disaster became apparent. The four-mile wide valley, 16 miles southwest of Cannes, was a jumbled canal of wreckage and silt.

TOWNS OF 13,500

The rushing waters partly flooded this town of 13,500 which was founded by Julius Caesar in 49 B.C., and was one of the landing points in the Allied invasion of southern France in 1944.

The old Roman amphitheater, the town's main tourist attraction, was under water.

Lines of bodies lay in the morgues of Frejus and nearby towns.

Pierre Seraud, watchman at the dam, was picked up with his wife by helicopter this morning.

"About 9 o'clock I heard a terrific cracking," he said. "I screamed to my wife, 'We must save ourselves, the dam is breaking.' Forty-nine million cubic meters of waters (nearly 10 billion gallons) broke loose at one blow, carrying everything with it. My wife and I were able to get to high ground where we spent a horrible night."

MIGHTY ROAR

Sauver Gil, a railway worker, said he heard a mighty roar and the next thing he knew his door was burst open by the surging water.

"By the time I got out of bed the water was at my shoulders," he said. "My wife, her mother and I clung to a mattress. The water kept coming into the house and we were pressed against the ceiling before it started to go down."

Many bodies were discovered in a sea of mud in Frejus.

Fifteen persons, including two children, clung to a shuddering old mill through the night and were saved just before the building collapsed.

The French government proclaimed the valley a disaster area.

The French aircraft carrier Lafayette, formerly the USS Langley, served as a floating hospital and flight deck for 15 rescue helicopters. The U. S. Air Force offered to parachute aid if necessary.

Top French officials rushed to the scene to assess the need for relief. The navy prepared initially to feed 10,000 people. Army engineers loaded equipment on boats to get emergency housing started. The French radio appealed for money for relief.

The navy prowled the shore of the Mediterranean, which was strewn for miles with wreckage, seeking survivors. It was feared many victims had been washed out to sea.

The disaster disrupted rail and telephone traffic throughout southern France. The coastal rail line was swept more than a mile from its roadbed.

Reservists Seek Toys for Tots

Members of the Pontiac Naval Reserve Training Center are beginning their annual toy drive in an effort to fill the Christmas stockings of underprivileged children in the Pontiac area.

"What we need now are the toys," said Chief Boiler-tender Robert G. Wade, who is in charge of the project. "Some come from local merchants each year, but many are donated by families in the area."

Anyone wishing to donate articles may call the training center at 469 S. East Blvd.

"All we want are toys that have outgrown their use, are broken or worn," said Wade of 228 Edison St. "Once we get enough, we can swing into high gear."

The reservists will spend their spare time between now and Christmas repairing, mending and painting the donated toys.

Last year they repaired enough toys for 100 families, or an estimated 300 children.

"We've put more men on the project this year and are hoping to make more youthful eyes twinkle on Christmas morning," Wade says.

Wade and Lt. Cmdr. William C. Remick, commander of the Center, will draw their list of deserving families from area church groups.

Final deliveries will begin two or three days before Christmas.

Truck Owner Dreaming

DALLAS, Tex. (UPI) — A dilapidated pickup truck was noted on a Dallas street yesterday bearing this sign: "Will trade for yacht!"

Will Depart After Talk to Nation

Ike Starts World Jaunt Tonight

WASHINGTON (AP) — President Eisenhower takes off for Rome tonight on the first leg of a jet-propelled good will tour of 11 nations.

His departure, immediately after a radio-television speech to the nation, will follow a full day's work schedule. It includes a series of conferences and the second meeting this week of the National Security Council, with which Eisenhower has been discussing budgetary and other matters.

The 15-minute broadcast, starting at 7:15 p.m. EST was expected to include both a new plea for settlement of the steel dispute, and an explanation of Eisenhower's purposes in making his extraordinary journey.

Eisenhower told his news conference Wednesday he wants to prove to the people of the world that the United States is a "good partner" with other nations in the quest for a just peace.

His travels have one other major objective, apart from the individual problems he will discuss with such leaders as India's Prime Minister Nehru. That is to lay the basis for future summit negotiations with Soviet Premier Nikita Khrushchev.

To that end he will meet in Paris Dec. 19-21 with French President Charles de Gaulle, British Prime Minister Harold Macmillan and German Chancellor Konrad Adenauer.

The presidential party of 21 persons, traveling by Military Air Transport jet liner, will take off from Andrews Air Force Base, Md., about 8 p.m. tonight. It is due in Rome at noon, Italian time.

Friday after a refueling stop at Goose Bay, Labrador.

Also arraigned on the same charge was Victor Hood, 25, accused of shooting Dale F. Newton in the back execution-style in a merciless attempt to prevent him from talking.

Roy J. Carl, Highland Township justice of the peace, ordered the two held under \$25,000 bond each for examination Dec. 10. That is the same day authorities hope juvenile court will waive jurisdiction over the third member in the holdup, 16-year-old Theodore A. Mendoza of Lake Orion.

If permission is gained to try Mendoza as an adult, Assistant Prosecutor Edward H. Shigley said he would ask for a postponement in the Dec. 10 hearing so that evidence against all three defendants can be examined together at a later date.

Examination is to take place before Elmer C. Dieterle, West Bloomfield Township justice of the peace.

The holdup Monday night was at a Highland road gas station about three miles from the township hall. Newton is still in serious condition in Pontiac General Hospital, paralyzed from the waist down by the bullet that lodged next to his spine.

"The whole area is up in arms" (Continued on Page 2, Col. 2)

Cigar-Lover Lodge Breaks Own Heart

For more reasons than one, Sen. L. Harvey Lodge (R-Oakland County) voted reluctantly last night for a 20 per cent tax on cigar and pipe smokers.

Lodge, a heavy cigar smoker, said he figured it would cost him \$150 a year.

The portly Lodge, who smokes upwards of a dozen 30-cent stogies daily and gives others away, buys his cigars monthly in lots of 500. The habit costs him \$700 a year, he said.

Two Yule Stories for Children Starting Monday

"Read me a story about Santa Claus, Mommie!" Does this sound familiar?

The Pontiac Press, next Monday, will start a Christmas serial for children, entitled "Santa and the Ice King." It is an adventure story about an Eskimo boy named Oonik, who starts out to find Santa Claus and the Ice King.

Also starting on Monday in The Press is "Little Gabe and the Golden Stars," an illustrated strip story.

Little Gabe is an angel who plays a trumpet. But, sometimes he plays his hymns in swing time. Watch for this panel to find out what Little Gabe's punishment is.

Pontiac Goodfellows Sell Papers Saturday

More than 50 Goodfellows, members of the Metropolitan Club, made up of Pontiac city employees, will take up their annual posts on city streets Saturday to sell Goodfellow editions of The Pontiac Press.

Similar sales will be held Friday and Saturday in Waterford Township, Troy, Avondale, Addison Township and Highland Township.

More than 5,000 Goodfellow editions of the paper are expected to be sold in Pontiac and approximately 2,500 in Waterford Township.

Businessmen, civic clubs and volunteers are joining in the annual pre-Christmas event. Proceeds will go into the Goodfellow fund for needy families.

IKE'S ITINERARY — This map shows the route President Eisenhower will take on his journey to understand which will begin to-night when he leaves for Rome. The trek will cover more than 22,000 miles all by air except for a trip aboard U. S. Navy cruiser from Athens to Toulon, France.

Cleveland, Pittsburgh Eyed

Draft Air Service Pleas

Reasons why, Pontiac should have air service to Cleveland and Pittsburgh were being assembled in document form today for submission next week to the Civil Aeronautics Board.

The document supports the city's claim of a "community of interest" between auto manufacturers here and their suppliers in industrial towns in Ohio and Pennsylvania.

John W. Hurlinger, manager of the Pontiac Area Chamber of Commerce, and Homer D. Hoskins, manager of Pontiac Municipal Airport, were reviewing an initial draft prepared by Sherwin M. Birnkrant, assistant city attorney.

At the request of the City Commission, the three officials have worked several years to bring airline service to Pontiac.

They already have filed an official exception to the proposed plan which the CAB has under study for more short-haul air service in Pontiac.

ARGUMENTS PREPARED

In support of this exception, the officials are preparing written arguments favoring such service as has been recommended for Pontiac—connection on a north-south route between Detroit and Cheboygan—but contending that even more service is necessary.

The six-page initial draft has more than a dozen pages of exhibits, including letters from industrial leaders expressing the desirability for their businesses of air service to and from Ohio.

The written arguments must be in the hands of the CAB by month-end. A representative from Pontiac is expected to argue orally in behalf of more air service when the CAB conducts hearings next month.

A number of Michigan cities plus several airlines and the

Dry, Pleasant Weather Holds for Most of U.S.

By THE ASSOCIATED PRESS

Dry weather, with moderate temperatures, prevailed in most parts of the country today.

The only wet spots during the early morning were in areas from Georgia northward and in the Far Northwest.

Light rain was indicated during the day from the Carolinas northward, with a change to snow flurries in most of New England. Scattered showers in western Oregon and Washington were expected to become mixed with light snow or freezing drizzle through the interior sections and extend into parts of Montana.

Mostly fair weather was the outlook for all other areas.

The Day in Birmingham

Harlan Building Slated to Be Finished in January

BIRMINGHAM — The 19-suite Harlan Building now under construction is scheduled to be ready for occupancy early in January.

The new de luxe office building is being erected on Martin street, between Bates and Henrietta streets.

The building, designed to meet the growing business and professional demands in the area, will

have parking in the rear for most of its tenants.

The building is located a half block from city offices, close to municipal parking lots and the downtown district.

Louis G. Redstone, architect, with offices at 10811 Puritan St., Detroit, said the two-story building is designed to provide the executives and their employees with cheerful and colorful surroundings.

The individual offices are arranged around a large skylighted court on each floor.

The building will be entirely air-conditioned, he said. Ceramic and mosaic murals will be placed on the walls at the ends of the spacious corridors.

He said sculptures will enhance the court.

The building is owned by C. Allen Harlan and Mr. and Mrs. Ernest A. Baumgarth.

General contractor for the building is the Chisnu Construction Co., 870 Bower St., Birmingham.

University of Michigan President Harlan Hatcher will speak to members of the U. of M. Alumnae Assn. this evening following a dinner at Devon Gables.

Hatcher, who toured Russia last Spring, will report on his impressions of that country and its educational system.

He will be introduced by Mrs. Stewart Cram, 1580 Oxford Rd., Birmingham, chairman of the program.

Marian High School, Lahser at 14-Mile road will welcome parents and friends at an Open House Sunday from 2 to 5 p.m.

Margaret O'Reilly of Old Orchard drive, president of the Student Council will have a prominent role in the day's activities.

Other area girls involved are Susan Diehl of Birmingham, general chairman, and Judy Lahey, also of Birmingham, refreshment chairman.

Broomfield Hits Farm Subsidies

Waste in Government Topic of Congressman Before Rotary Club

Giving federal subsidies to large farming interests and depriving the small farmer is "probably the best example of waste" in Washington, declared Congressman William S. Broomfield (R-Oakland County) yesterday.

He said the farm subsidy program, which has now mounted to \$10 billion in agricultural products, costs taxpayers \$3½ million a day.

Speaking at the noon luncheon of the Bloomfield Hills Rotary Club, Broomfield attacked the farm subsidy program and unappropriated public works program which, he said, were attached to a bill "solely to assure that certain congressmen and senators would be re-elected."

Broomfield, a Republican, criticized the expenditure of \$5 million to buy a Washington hotel to provide offices for members of Congress. He said after the purchase it was found that the floors were too weak.

When they were building the tunnel to connect the new Senate Office Building with the Capitol, "they missed the Capitol and ended up in a park," Broomfield said.

"It cost several thousand more dollars to find it," he said.

Of the Landrum-Griffin labor reform bill, Broomfield told Rotarians President Eisenhower's appeal to the people helped produce "the minimum bill a responsible Congress could pass."

Legislature Deals Bagwell a Slap

LANSING (AP).—Politically, the Senate's nuisance tax decision was a slap in the face to Paul D. Bagwell, defeated 1958 Republican candidate for governor.

And it possibly provided a foretaste of a clash for the 1960 GOP gubernatorial nomination between Bagwell, Michigan State University faculty member, and Sen. Carlton H. Morris (R-Kalamazoo).

As his party's titular leader, Bagwell last week counseled a payroll tax solution to Michigan's "dire" cash crisis.

Directors of Goebel to Pick New President

DETROIT (AP).—Directors of Goebel Brewing Co. will meet next week to pick a new president to replace Leroy J. Wallace who confirmed yesterday that he resigned two weeks ago.

Wallace became president last June, succeeding Edwin J. Anderson who left the post to become president and general manager of the Detroit Lions, professional football team. Wallace gave no reason for his resignation.

Fire Lieutenant Quits Over Fuss

Though Assault Charge Is Dropped, He Says Publicity Is Harmful

A Pontiac Fire Department lieutenant against whom a felonious assault charge was withdrawn Tuesday has resigned.

In a letter to Pontiac Fire Chief James R. White, Lt. Raymond R. Fay, 35, wrote:

"I know that there are some who may feel that the publicity created by this occurrence may have been harmful to the department and you as its head.

"I indeed regret this unhappy and unfortunate situation."

Fay said he hoped his resignation would result in eliminating "any embarrassment to the department."

Fay's resignation was accepted by White upon its receipt yesterday.

The felonious assault charge against Fay was dropped after two Orion Township brothers who signed a complaint against the fireman asked that charges be dismissed.

He had been charged with assaulting William H. Whitmore, 19, and his brother, Robert, at their home at 3715 Grafton Rd. on Nov. 6.

The brothers decided to drop the charge Tuesday shortly before a scheduled hearing in Orion Township Helmar G. Stanaback's court.

Fay also had been placed on six months probation after appearing before the Pontiac Civil Service Commission.

Fay originally joined the Fire Department in 1949. He was promoted to lieutenant last year.

\$200,000 Offered for Courthouse, Land

(Continued From Page One)

people consisting of several downtown merchants interested in buying the property, developing it, and risking their capital to do so," Richman remarked.

He said the site might be used for a large department store, or turned over to a real estate developer to see what best use it could be put to.

When questioned about whether an offer had been made, Moore refused to say anything other than admit an offer had been received.

"I don't even want to tell you about it," Moore said. "It was disgusting."

Richman said his group considered the \$200,000 "a realistic figure on the basis of today's market value of downtown property."

One veteran county official said he'd heard a price tag of \$900,000 had once been placed on the building and site.

Luther Heacock, chairman of the supervisors' building and grounds committee, said his committee would meet Monday to discuss the offer.

Like Moore, Heacock refused to disclose how much the offer was for or from whom it came.

In discussing the receipt of the proposal, however, Heacock said the bid "wasn't big enough."

Richman said he had been assured by Moore that the county could produce a clear title to the courthouse property before the written offer was delivered.

Jaycees Search for the Year's Top Young Man

The Pontiac Area Junior Chamber of Commerce is conducting its annual search for the outstanding young man of the year.

Copchairs of this year's Distinguished Service Award committee are Charles L. Lewis and Richard M. Fitzgerald.

The award will be presented at the Jaycees' annual banquet Jan. 20 at the Elks Temple.

The Committee is considering nominations from any person, group or organization. Candidates need not be Jaycee members, but must be between 21 and 35 years old.

They need not be residents of Pontiac, but should have made community contributions here.

Jaycees are also accepting nominations for the title of "Boss of the Year."

Winners in both contests will be picked by an independent panel of judges.

Payroll Tax Plan Out—OK Nuisance Levy

(Continued From Page One)

caucus in which Republicans, badly split for three weeks, closed ranks under the payroll tax threat.

On each of last night's roll calls, only one Republican strayed. Sen. John P. Smeekens (R-Coldwater) joined Democrats in opposing the telephone levy.

Sen. John Minnema (R-Traverse City) defected on the other bills.

The emergency tax bills all carry cutoff dates of June 30, 1961.

Republican leaders said that in November 1960 they looked for a favorable statewide vote opening the way for a penny sales tax increase as a lasting solution to state revenue woes.

The nuisance tax package was a stripped down version of the 73½ million dollar program the GOP majority had ditched only 24 hours before.

\$30 MILLION DROPPED

Conspicuously missing was 30 million dollars in new taxes on laundry, dry cleaning, auto repair and similar services.

Backers of last night's program hailed it as an answer to the state's immediate revenue needs that was by far preferable to the "evil" of the state income tax Williams has urged.

They relied heavily on predictions of bonanza yields from existing taxes they said diminished need for additional levies.

In the background, but not specifically mentioned, was the likelihood of cashing the 50-million-dollar veterans trust fund to give the ailing state treasury an immediate transfusion.

As a prelude to the nuisance tax votes, GOP strategists brought on the payroll tax for a 10 to 19 turndown, with 18 affirmative votes required.

Her Birthday Present? Hubby Gift-Wrapped

EL CENTRO, Calif. (AP)—Staff Sgt. Richard J. Marcum showed up at home the other day—wrapped as a birthday present.

The Air Force veteran was swathed in paper and bedecked with a ribbon-courtesy of his buddies.

Tuesday was Mrs. Marcum's 22nd birthday. And Marcum had a letter for her from his topkick saying:

"No birthday without a husband present could be enjoyable. I'm detailing your husband to you—to work or use as you see fit."

"I recommend that he start out by serving you breakfast in bed, wait on you hand and foot and do the floors and dishes."

Marcum, 27, from Flint, Mich., followed orders.

Marcum's superior, Chief Warrent Office Lawrence "Ambert," sends the same letter whenever

the wife of one of his men has a birthday. Why?

When Lambert was a youngster on a farm near Saxon, W. Va., he recalled, "my birthday was the one day I didn't have to work."

But when Lambert joined the Army in 1935, he was astounded to learn "no one there appreciated my birthday."

Lambert vowed he'd do something about this if he ever got a position of authority. And he did.

"For the last 20 years ever since I made back sergeant," he recalled, "I've been giving my men off for their birthdays, and their wives' birthdays. I reckon I've given about 2,000 days off."

Lambert switched to the Air Force after World War II and now heads 14 rugged paratroopers at the tiny El Centro Auxiliary Landing Field.

Pastel Shades in Nursery Have Dark Side, Too

This year's room-darkening window shades must be seen to be appreciated. A dainty bedroom or nursery can have pastel colored

window shades that are also light-proof. This "miracle" is brought about by first painting closely woven shade cloth with dark colors to shut out every ray of light. Then they are finished with enough coats of special pastel paint to hide the basic dark colors.

Priced a bit higher, they are worth every penny of their extra cost, as they are also washable, flame-proofed and extremely pretty.

Peat, or decayed vegetable matter, is the basic fuel of Ireland.

Pine Row Wins 'Dairyman of the Year' Honor

End to Shelby Battle Nears

Civil Service Ponders Fire Chief's Ouster

SHELBY TOWNSHIP — The fate of suspended Township Fire Chief Clyde Schmidt is now in the hands of the local Civil Service Commission.

Final testimony was taken last night.

Now the commission is faced with the task of weighing the evidence to determine if ouster or reinstatement of the chief is in order.

A series of hearings was held with witnesses appearing either to corroborate the actions of the suspended fire official or to substantiate the charges brought by Township Supervisor Steve Skula.

Skula had charged Schmidt with inefficiency, insubordination, discourtesy and mismanagement stemming from an investigation of the fire department conducted in September.

Three final rebuttal witnesses for the suspended chief were examined last night. Eight were scheduled for the final session, but the attorneys dispensed with the other five to hasten a judgment in the matter.

Appearing on the stand were Acting Chief Marvin E. Meitz, Sgt. Earl Radtke and Simon Chapple, lieutenant of the Highland Park Fire Dept. who is president of the Michigan Firefighters Assn.

Meitz apparently was reluctant to give direct testimony although prompted several times by Skula's attorneys and the commission itself.

75 WATCH

He obviously did not want to put Schmidt on the spot, spectators said. About 75 people crowded into the Township Hall to watch the proceedings.

Raymond Witzke, commission chairman, noted after the hearing was closed that the commission was faced with the sizable task of studying voluminous records before arriving at a decision.

He promised, however, that a ruling will be handed down "as soon as humanly possible."

In his closing remarks, Schmidt's attorney, John J. Goetz of Mount

Clemens, asked that the chief's salary be paid retroactive to his suspension and up to the final ruling of the local Civil Service Commission, no matter what the decision.

He reminded the commission that the burden of proof is on the appointing official, in other words, Skula.

Township attorney William V. Wendt of Mount Clemens said the commission is faced with the problem of deciding if the appointing official was justified in seeking Schmidt's removal.

He remarked that he had never seen "such discordance" as there was between the plaintiff and defendant in this case.

Farm and Home Courses Begin

MSU Classes to Last for 10 Weeks, Meeting Every Thursday

Many young Michigan farmers and their wives today are starting weekly classes in a unique short course at Michigan State University, East Lansing.

These young homemakers will arrive at the Michigan State campus each Thursday for 10 weeks to attend classes in the advanced farm and home training short course.

"This course is only four years old but has already grown into a popular program," said Harold Henneman, director of short courses. "Farmers have found it an excellent way to keep abreast of agricultural changes and current economic trends and to secure new ideas generally."

Classes start at 9:45 a.m. each Thursday and continue until 3:30 p.m. Morning sessions deal with farm management and are for both men and women.

In the afternoon, the men may choose one of three sessions: advanced dairy feeding and management, beef cattle feeding and management and farm building layout and construction.

Women will attend classes on home economics subjects in the afternoon.

Some enrollees drive many miles each week to attend the course. "So far, folks have come from a wide area extending from Allegan County on the west to Wayne County on the east and from Lenawee and Branch counties on the south to Bay, Montcalm and Tuscola on the north," Henneman said.

Twenty-five counties have been represented in the three previous classes. Some of the students have attended two or three years.

Information about the program and registration costs may be obtained from the Department of Short Courses, Agricultural Hall, Michigan State University, East Lansing.

WIN DAIRY TROPHY — Adolph Engler, right, accepts The Pontiac Press "Dairyman of the Year" trophy for Pine Row Farm, which he manages, while farm owner Greene Fenley Jr. looks on. Making the presentation is Dick Hanson, suburban editor of The Pontiac Press.

Royal Oak Again Asks Tax Boost

ROYAL OAK — For the third time this year residents will be asked to approve an increase in millage for the support of their public schools and \$2 million for school construction.

The proposed increase is 2.25 mills for five years. About \$1,500,000 of the \$2 million for school building would go for construction of a junior high school; the balance of the money would be used to relieve overcrowding in the elementary schools and for fire prevention and sanitary improvements.

The building program is being proposed as a bond issue requiring an increase of .75 mills for one year.

Both of these proposals failed in a special March election and in June at the regular school board election.

Students in the existing junior high schools are attending half-day sessions for lack of space.

Wixom PTA to Hear Christmas Concert

WIXOM — The Wixom Elementary PTA will meet at 8 p.m. today in the multipurpose room of the school.

After a short business meeting, the school band and chorus will present a program of Christmas music.

Liisa Hintikka, a foreign exchange student from Finland, will give a talk on the customs of her homeland and her impressions of this country.

County Goodfellow Sales Planned Friday, Saturday

Goodfellows in four Oakland County communities will be out in force to sell their annual, special editions of The Pontiac Press within the next two days.

Money collected in the paper sales will go toward helping needy families at Christmastime, to provide toys for underprivileged children, and for Christmas parties in the area schools.

The special editions will be sold Saturday afternoon in Highland Township at four different locations.

They are: M39 and Duck Lake road in East Highland; M59 and Milford road; at the stoplight in the village of Highland; at the M59-Green Ridge road intersection in West Highland and at Clyde.

Sales chairman in Highland Township is George Volkert.

The Goodfellow edition of The Pontiac Press will be sold in Addison Township Friday evening and Saturday, according to Elmer Powell, paper sale chairman.

The Goodfellows will be stationed at the main intersections in Leonard and Lakeville and at Campbell's Corners.

Money raised by the sale is used for the annual Christmas party for Addison Township youngsters and Christmas baskets for needy families.

TROY SALE

The Goodfellows in Troy will be selling The Press at all main street intersections in the city tomorrow afternoon and evening. Proceeds will be used to fill Christmas baskets for families in dire straits during the Christmas season.

Robert White has charge of the Troy Goodfellow paper sale.

The four crossings where Avon-

Plan Introduction of School Official at Avondale

AVON TOWNSHIP — New Avondale Schools Superintendent LeRoy K. Watt and his wife will be honored at a reception from 2 to 4 p.m. Sunday at the high school.

Schools in the district are combining their efforts to offer this opportunity for residents to meet the new administrator and his family.

The affair is open to the public.

India Asked to Act in Marine Kidnaping

BOMBAY, India (AP) — The United States has asked India to take criminal action against members of Communist China's consular staff in Bombay for the alleged kidnaping of Marine Sgt. Robert Armstrong last Friday.

A spokesman for the U. S. consulate general said a formal complaint was filed with Indian authorities Tuesday.

Indian police reported today that the key Chinese in the incident, Chang Chien-yu, had not been arrested.

Chang is believed to be hiding in the Communist Chinese consulate.

Efforts of Three Men Bring Gas Fumes Farm Annual Press Award Overcome 3 in Shelby

This year's Oakland County "Dairyman of the Year" award was won through the efforts of three men.

The trophy was presented last night to Pine Row Farm at 611 Snell Rd., north of Rochester, owned by Greene Fenley Jr. and managed by Adolph W. Engler, with Harold Hill as herdsman.

The coveted trophy is awarded annually by The Pontiac Press when dairymen from throughout the county get together at their banquet. Last night's event was at the Commerce Masonic Temple.

Pine Row Farm was judged by Dairy Herd Improvement Assn. managers as having the best dairy herd in Oakland County for the past year.

The award was presented to Engler and Fenley by Dick Hanson, Pontiac Press suburban editor.

Factors considered in choosing a winner are:

High production of milk and butterfat as shown by records; improvements during the year in production, housing, breeding and feeding; a satisfactory breeding program that will constantly improve the herd; and approved practices of management and feeding.

Judges Gerald Brooks, Mr. and Mrs. Charles Rogers and Paul M. Salmon agreed that Pine Row Farm has been carrying out a sound dairy program for a number of years.

CITE CONTRIBUTION

Both the farm owner and manager have made a great contribution to dairying in Oakland County through use of approved operating methods, they said.

The winning record was made on a herd of 48 registered Holstein cows. They set an average last year of 12,850 pounds of milk and 164 pounds of butterfat per cow.

Altogether there are 112 head of registered Holsteins on the 287-acre farm. Of these, 60 head are milkers. The farm rents an additional 160 acres.

Serving as toastmaster of the evening last year's winner of the Dairyman of the Year trophy, Frank Ruggles, introduced guest speaker Dr. G. Malcolm Trout of Michigan State University Dairy Department.

Dr. Trout spoke on experiences during his recent visit to Russia and showed films taken during the tour.

He told of the difficulty in trying to see a Soviet milk processing plant in operation.

Communist officials refused him permission to make the plant tour, so he went to such a plant in Moscow without their permission.

He talked his way in at the gate and made a complete tour of what he described as the most modern and largest milk processing plant he has ever seen.

'GOOD TO GET OUT'

But the real high point of his Russian visit came when he finally boarded a plane to leave that country, said Dr. Trout. It was good to get out, he commented.

Observations made by Dr. Trout when he left the Red officials behind to discuss his wishes clearly showed that behind a facade of marvelous development, life in Russia is a "very drab affair."

His films illustrated this when pictures taken of Moscow's main street showed row after row of log cabins serving as homes—this in the fourth largest city of the world, he remarked.

The banquet was served by women of the Commerce Order of Eastern Star.

Wins Bull Award

CHICAGO (AP) — C. B. Smith of Williamston was awarded the reserve championship in the Junior Holstein bull category at the International Livestock Exposition here Tuesday.

5 From Area Hurt in Crash

Win \$157,500 Judgment

A Taylor Township couple, their two children and a Walled Lake man have been awarded a \$157,500 consent judgment as the result of a traffic accident in which they were involved.

Most of the money goes to Mrs. George F. Lehr, 37, whose spinal nerves were severed, leaving her partially paralyzed. Wayne County Circuit Judge Miles N. Culehan awarded her \$100,000.

The judgment was approved against E. & L. Transport Co. of

Gas Fumes Overcome 3 in Shelby

SHELBY TOWNSHIP — Three workmen, one from Shelby Township and two from Detroit, were overcome by carbon monoxide fumes while working 25 feet underground at the Curtiss-Wright plant here last night.

Stricken were Peter Weber, 19, of 53224 Gariand Dr., Shelby Township, and John Krencewicz, 44, and Bill Strange, 41, both of Detroit.

They were installing a test cell in a pit using a gas-driven welding machine. According to Acting Shelby Township Fire Chief Marvin E. Meitz, the canvas they had put up around them had cut off their fresh air intake.

The three were removed from the pit and taken to the plant protection gate on 23-Mile road where firemen gave oxygen to the two Detroit men.

Weber was able to sit up and ride to St. Joseph Hospital, Mount Clemens, in a police car. The other two were taken by ambulance.

Weber and Strange were treated and released. Krencewicz is listed in satisfactory condition but will remain in the hospital for observation, doctors said.

Cub Scout Pack Bazaar Saturday in Brooklands

BROOKLANDS — Den mothers of Brooklands Cub Scout Pack 63 are making final preparations for a Christmas bazaar. It will be held Saturday at the Community Hall, corner of Auburn and Emmons roads.

This bazaar, the one money-raising project of the year for the local Cub Scouts, will feature booths and holiday music, according to the general chairman, Mrs. Billy Ireland.

Den mothers have charge of the decorations, and the handicraft work done by the young scouts will be sold at a booth called "The Cub Corner."

There also will be a baked goods booth, a Christmas decorations center, gift booth, snack bar and "sewing basket."

The Brooklands Boy Scouts will have their own booth where centerpieces, baked goods and snack trays will be offered for sale.

Proceeds from this booth will go into the Boy Scout scholarship fund. The older scouts hope to send two boys to the Jubilee Jamboree at Colorado Springs next summer.

The bazaar will open at noon.

To Examine Youths in Police Acting

Two youths charged with impersonating police officers will be examined tomorrow before West Bloomfield Township Justice Robert F. Scott at 2 p.m.

The two held in Oakland County Jail are Richard B. Whitney, 17, of 156 Linden St., Birmingham, and John E. Bennett, 18, of 715 Square Lake Rd., Bloomfield Township.

Charges against two other boys arrested with Whitney and Bennett Sunday evening: were dropped at their arraignment Monday.

They are to appear as witnesses when the case goes to Circuit Court.

The four were arrested when a Bloomfield Township patrolman caught them issuing a phony traffic ticket to another driver they had stopped on Woodward avenue.

The youths used a vehicle with a blinking red light in the front window to pull the driver over to the curb, according to the arresting officer.

Group Hopes to Sink Ann Arbor Dry Law

ANN ARBOR (AP) — This city's "dry" law, which bans the sale of liquor by the glass, is all wet and just a hangover from prohibition days.

That's what a group of local bar and restaurant owners contend.

Twenty-five of them recently banded together in an effort to get rid of the law by putting the question on next fall's ballot.

The group, called the Ann Arbor Licensee's Assn., has opened a drive against city ordinances which permit sale of liquor only by the package—not by the glass—in local establishments. Beer and wine have long been sold by the glass.

GREET'S APPLE QUEEN — Michigan's new Apple Queen, Carole Peterson, 20, of Ludington, at right, is congratulated by Judith Ann Chapman, 17, of Walled Lake; Judith, daughter of Mr. and Mrs. Ray Chapman, 41295 14-Mile Rd., represented Oakland County in vying for title at Grand Rapids, along with eight other pretty girls from throughout Michigan's apple-growing district. The new queen is a Michigan State University coed.

A Reminder For Those Who Want To Be Richer!

Tie a string around your finger... get an elephant (they never forget)... bribe the kids to remind you... or just concentrate... but **DON'T FORGET** to take an inventory of your "don't needs." Search the attic... the basement... closets... the garage and find all the things you no longer use. You will discover dozens of articles... appliances, furniture, sporting equipment, clothes, antiques... that are still in good condition, but useless to you... and **WANTED** by someone.

Take a pencil and paper with you, make a list of all those things... and then...

Gen. Snyder, 78, Ike's Doctor, Sticks Close by Him on Trips

WASHINGTON (AP)—A sprightly man 78 years old has an important assignment among those accompanying President Eisenhower on his grueling trip abroad.

Eisenhower takes off tonight on a 23,000-mile tour to three continents, and at his side will be Maj. Gen. Howard McCrum Snyder. As personal physician to the President, Snyder seldom is far from Eisenhower's side—even when off duty. He and his wife live in an apartment not far from the White House.

Called from retirement three times since 1945, Snyder still is on active duty in the Army. He has been a doctor and a soldier for half a century.

For years he was a crack surgeon, but no longer wields a scalpel. Snyder will be 79 Feb. 7 and still is as lean and erect as a young cadet.

A handsome man with a crop of white hair, Snyder is a popular favorite around the White House—with the Eisenhower family and all the others.

A WEARING TRIP
Eisenhower's 19-day goodwill mission to 11 nations in Europe, Asia and Africa adds up to perhaps the most wearing journey any president has ever undertaken. And at 69 with a history of three major illnesses in the last four years, Eisenhower is not a man about whom any doctor could rest easy on this trip.

Snyder and other Army physicians gave the President a head-to-toe physical examination just a few weeks ago and pronounced him in excellent health except for chronic bronchitis.

That's a generally comforting finding for Snyder. But he and his colleagues never forget that previous medical checkups flashed no warning in advance of Eisenhower's 1955 heart attack, the surgery he underwent for ileitis in 1956, and the minor stroke he suffered late in 1957.

On this tour, as in the case of all other Eisenhower trips away from Washington, it can be taken for granted that Snyder has arranged all along the three-continent route for any emergency medical care Eisenhower might need.

Snyder or the assistant White House physician—Air Force Col. Walter R. Tkach—accompanies Eisenhower on every trip he makes. They always are on duty or on call when the President is in Washington. One doctor or the other also always is available for any care Mrs. Eisenhower may require when she is not with the President on his travels.

The two physicians have no outside practice, but they sometimes advise and care for top members of the White House staff.

Expecting Jump in Liquor Sales

Holiday Gifts to Bring Total for Fall Months to \$560 Million

NEW YORK (AP)—Americans are expected to spend more than \$560 million dollars on holiday gifts of distilled spirits this Christmas.

"This represents a 10 per cent increase over the unofficial estimates of \$511,896,000 spent during the 1958 holiday season," says Walter Jahn, marketing director for Schenley Industries, Inc.

The estimates are based on quarterly sales figures, Jahn says.

In 1958 the apparent consumption of distilled liquor in October, November and December was 68,612,000 wine gallons while the average for each of the first three quarters was slightly more than 47 million wine gallons.

"The excess—which gives us our \$511,896,000 when converted from wine gallons into dollars—is attributed to holiday gift buying because no other factor can explain the marked difference," Jahn says.

Coach Aubrey (Dit) Clapper of Buffalo in the American Hockey League, scored 228 goals in 20 years as a hockey player.

Deaths in Pontiac and Nearby Areas

ELIZABETH A. ADOMITIS
Prayers were offered at 1:30 p.m. Tuesday at the Donelson-Johns Funeral Home for Elizabeth A. Adomitis, infant daughter of Mr. and Mrs. John Adomitis of 3277 E. Walton Blvd. Burial was in White Chapel Memorial Cemetery.

Surviving besides the parents are a sister Patricia, and two brothers, John T. and Richard P., all at home.

The baby was dead at birth yesterday at Pontiac General Hospital.

MRS. FRED J. ANDRUS
Mrs. Fred J. (Lillian O.) Andrus, 74, of 3536 Lakewood, Drayton Plains, died unexpectedly of a heart ailment at her home yesterday. She was a registered nurse. Surviving are her husband; three daughters, Mrs. Lillian Jacobs of Kansas City, Mo., Mrs. Dorothy Shepard of Flushing, N.Y. and Mrs. Nancy Hoops of Drayton Plains; two sons, Alfred B. Bote of Phoenix, Ariz. and Craig Bote of Auburn Heights; 10 grandchildren and five great-grandchildren.

Service will be held at 11 a.m. at the Coats Funeral Home, Drayton Plains, with burial in Roseland Park Cemetery.

EDWARD C. BRADSHAW
Edward C. Bradshaw, 81, of 78 S. Ardmore St., died unexpectedly yesterday at Pontiac General Hospital after a brief illness.

He was a retired employee of the Economy Furniture Store. Mr. Bradshaw leaves a daughter, Mrs. Eugene Douglas of Pontiac; a son, Edward A. of Pontiac; a granddaughter; a great-grandson; and two sisters, Mrs. Lydia Daniels of Pontiac and Mrs. Katherine Runyan of Fenton.

Service will be held at 2 p.m. at the Voorhees-Siple Chapel with burial in Perry Mount Park Cemetery.

ALBERT OLSON
Albert Olson, 70, of 396 Oakland Ave., died yesterday at Pontiac General Hospital after an illness of six weeks.

He was a member of St. John Lutheran Church.

Surviving are a daughter, Mrs.

Melda Nelson of Pontiac, five grandchildren, a brother and a sister.

Service will be held at 2 p.m. Friday at the Sparks-Griffin Chapel with burial in Oak Hill Cemetery.

JAMES CALDWELL
IMLAY CITY—Service for James Caldwell, 90, of 405 N. Main St. will be held at 1 p.m. tomorrow at Muir Brothers Funeral Home here. Burial will follow at Imlay Township Cemetery.

Mr. Caldwell died Tuesday in Martha T. Berry Hospital, Mount Clemens, after an extended illness. Surviving are a daughter Mrs. Pearl Buzzell of Romeo, two sons, seven grandchildren and 16 great-grandchildren.

MRS. GEORGE CHAPMAN
DRYDEN TOWNSHIP—Service for Mrs. George (Mary) Chapman, 77, of 4276 Hollow Corners Rd., will be held at 2:30 p.m. Sunday at Muir Brothers Funeral Home, Lapeer. Burial will follow in Mount Hope Cemetery.

Mrs. Chapman died today at her home after a brief illness. Surviving besides her husband are four sons, Kenneth and Ralph, both of Dryden, and Donald of Fremont, Ohio; a daughter, Mrs. Oliver Braidwood of Dryden; 15 grandchildren and six great-grandchildren.

DAVID COSTELLO
ELBA TOWNSHIP—Service for David Costello, two-year-old son of Mr. and Mrs. Wilson Costello of 1640 S. Elba Rd. will be held at 1 p.m. Saturday at Muir Brothers Funeral Home, Lapeer. Burial will follow in Stiles Cemetery.

David died yesterday at his home following a short illness. Surviving besides his parents are three sisters, Laura, Maria and Diana; and three brothers, Eugene, Brian and Bradley, all at home.

FRED VAN EVERY
FARMINGTON TOWNSHIP—Service for Fred Van Every, 85, of 29205 Greening Rd. will be held at 1 p.m. tomorrow at Spencer J. Heeney Funeral Home, Farmington. Burial will follow in Franklin Cemetery.

Mr. Van Every died yesterday after an eight-year illness.

Surviving is a son Lawrence Van Every of Farmington Township and three grandchildren.

MRS. ERNEST GATES
ROMEO—Service for Mrs. Ernest Gates, 82, of 178 Tillson St. will be held at 2 p.m. Saturday at Roth's Home for Funerals. Burial will follow in Romeo Cemetery.

Mrs. Gates died unexpectedly yesterday of a heart attack. Surviving are six sons, Ray of Ferndale, Bruce of Flint, Mac of Malvern, Ark., and Hugh, Ivy and Ernest, all of Romeo; a sister, Mrs. Mary McInnis of Romeo; a brother, Ford Stuart of Rochester; and 17 grandchildren.

JOSEPH MIHALIC
ROCHESTER—Service for Joseph Mihalic, 70, of 236 W. First St. will be held at 2 p.m. Saturday at Pixley Funeral Home. Burial will follow in Mount Avon Cemetery.

Mr. Mihalic died today at Pontiac Osteopathic Hospital after a brief illness. Surviving are his wife Jessie; two daughters, Mrs. Elsie Guillett of Gagetown and Mrs. May Lambert of Madison Heights; four sons, John of Detroit, George of Pontiac, Joseph Jr. of Rochester and Frank of Saginaw; 17 grandchildren, and nine great-grandchildren.

Two stepsons also survive.

Ex-Cong. Engel, 73, Dies of Accident

GRAND RAPIDS (AP)—Former Congressman Albert J. Engel (R-Mich.) of Lake City, a vigorous foe of waste in military expenditures, died today at Butterworth Hospital in Grand Rapids. He was 73.

Engel was transferred Oct. 2 from Mercy Hospital at Cadillac to recuperate following injuries suffered Sept. 30 in a car-truck collision near Lake City. Death was attributed to medical causes.

A native of Ohio, Engel gained his first public office in Michigan as Missaukee County prosecutor in 1916. He was elected to the State Senate in 1921 and served three other terms starting in 1927.

GEORGE'S

More Building Spending Seen

Commerce Dept. Says 1960 Rise Will Bolster Nation's Economy

WASHINGTON (UPI) — The Commerce Department predicts that the nation's economy will be aided in 1960 by a greater dollar outlay from the building and construction industry that will top the record pace of 1959.

The report said that home and highway building will be down next year, but this will be offset by increases in such projects as new school construction, commercial and industrial projects.

In a generally favorable outlook report, the department said construction dollar outlays will rise to \$55,300,000,000 in 1960, about 2 per cent above the record \$54,000,000,000 estimated for 1959.

However, the increase will reflect higher prices, not a physical rise in construction.

"Therefore," the department said, "new construction in 1960 should act as a stabilizing force but not contribute to the overall economic expansion as it did in 1959."

The department hedged its forecast on the assumption that the steel strike will not resume. Even if production is not interrupted again, supplies of structural steel may lag a bit but overall will be adequate for planned construction, it said.

Home building is expected to dip from this year's high level of 1,325,000 starts to about 1,200,000 units. Highway construction was said to be headed for its first post-war cutback, although a very small one.

Premier Kishi of Japan to Visit Here in January

WASHINGTON (AP) — President Eisenhower, at his news conference Wednesday, announced that Premier Nobusuke Kishi of Japan will visit the United States probably in January.

For some time this country has been negotiating a revised treaty with Japan, the President said, and the two heads of state will discuss any questions remaining on that problem at the time of the premier's visit.

Bay City Man Gets Post

BAY CITY (UPI) — Norman A. Witzleben, 44, Bay City, has been named secretary-treasurer and a director of National Electric Welding Machines Co., it was announced Wednesday.

IT'S LAUGHTON, NOT SANTA — Behind a flowing beard and long locks is Charles Laughton who let his whiskers and hair grow for a role as King Lear at Stratford-on-Avon, England. The actor shown as he left London for a brief trip to Paris, said "I'll be glad to get the lawn mower on this lot."

Some Receive as Others Pay

Many Americans Aided by Flow of U.S. Interest

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—With interest rates still rising, a lot of individual Americans are benefiting. The punch on borrowers isn't the entire picture.

The federal government alone is paying out more than nine billion dollars a year to those from whom it borrows and you may be among the millions getting some of that as a partial offset to the taxes you pay.

Individuals are getting more of that nine billion dollars than you might suspect. They also are collecting on state and municipal bonds, as members of savings and loans associations and credit unions, as holders of corporate debt securities and on savings accounts in the banks.

Millions of Americans also expect sooner or later, one way or another, to get returns on investments in life insurance, mutual funds, and private pension and retirement funds. Some are getting such returns right now.

The banks and other financial institutions may be getting a smaller portion of the increasing total of interest payments than you think.

PAYS BOND INTEREST
The U. S. Treasury says it pays out 1 1/2 billion dollars a year in interest to the 40 million persons who own U. S. savings bonds. It pays another half-billion to individuals holding other forms of its securities.

The next largest volume of interest goes to various government investment accounts, like Social Security, which put their idle funds in Treasury securities; and to the commercial banks, each getting 1 1/2 billion a year on their holdings.

Federal reserve banks holdings of the U. S. debt bring in 800 million dollars a year, according to the latest available figures. Nonfinancial corporations get 600 million a year or more at latest count.

State and local governments also get interest from Uncle Sam. About 400 million dollars a year. Insurance company holdings are good for 300 million dollars and mutual savings banks for 200 million. The Treasury lists the rest as going to miscellaneous investors.

In a recent study of people who had purchased homes within a 90-day period, 60 per cent said that newspaper ads were their principle source of information about homes for sale. Real estate advertisers know that people shop newspapers—that's why, on a typical Sunday this spring they placed 2,700,000 lines of advertising in U. S. newspapers.

Southern Judges Fighting to Get Integration Going

By The Associated Press

A pupil placement plan was rejected Tuesday by a federal judge in Virginia as "nothing short of contemptuous" and there were indications that an Atlanta plan is in for a rough time.

Elsewhere in the troubled South, two moderate members of the school board at Little Rock, Ark., won election over women running as independents, and a white man beat a Negro for the Dollarway School Board in an election split clearly along racial lines.

Judge Walter E. Hoffman told the school board at Newport News, Va., to submit a new pupil placement plan by March 15. He warned the school board and the State Pupil Placement Board they will face contempt proceedings if they continue to deny qualified Negroes admission to white schools.

Hoffman threw out a one-paragraph plan that simply said pupil assignments would be left to the state board.

The judge told the two boards at the start of the hearing: "You have a perfect right to defy the court; the day you do it you know what ticket you will write."

The Atlanta plan, ordered by U. S. Judge Frank Hooper, will be argued in Hooper's court Dec. 14. Patterned after an Alabama law that has been upheld on its face by the U. S. Supreme Court, it lists many qualifications for pupil placement, none of which specifically mentions race or color. It would gradually integrate Atlanta public schools, starting with the 12th grade next year.

Gov. Ernest Vandiver and lawyers for Negro parents seeking to integrate the Atlanta school system rejected the plan, adopted by the Atlanta Board of Education.

Wrap Yourself in Beauty This Holiday

Home entertaining means a housewife ought to be the most sparkling decoration around. Get into the holiday spirit early and keep yourself looking like a Christmas package all season long.

Ellen Noreen Baum, beauty authority, says you can do this in a matter of minutes. Her pet theme of color and costume coordination is the key and is especially appropriate.

Mrs. Baum suggests co-ordination of costume, furs, jewelry and, most of all, you.

Either as a highlight or an accent, hair and face make-up should complement an outfit. Choose a color that's a little different, something really festive.

The possibilities are extensive for a quick-change! A little extra jewelry on neck and wrist, plus a golden shimmer in your hair, if you are a blonde, might do the trick. A temporary color hair rinse is the answer.

The Negro attorneys called it inadequate; The Georgia governor repeated oft-spoken pledges to fight any move to place Negroes in white schools.

Vandiver can close any integrated school under state law.

Says Far East Policy Is Not Tied to Chiang

GREENWICH, Conn. (UPI) — Undersecretary of State Walter S. Robertson declared Tuesday night that it was absurd to believe that this country's Far Eastern policy "is tied up to the regime and political future of one man, Chiang Kai-shek."

Robertson said that "Chiang is a fact and a time-tested friend and loyal ally. If he should die tonight the free world would lose one of its staunchest allies in Asia, but the validity of our policy would prevail. We are supporting not a man nor a regime, we are supporting Free China."

The total value of insurance pre-10 years — from 14 million dollars in 1949 to more than 34 million in 1959. The FBI has estimated the cost of crime to U.S. citizens at 22 billion dollars a year.

U.A.R. Angers Britain Already

Relations Back a Day;
Report of Museum at
Death House Stirs

LONDON (AP)—One day after resuming diplomatic relations with the United Arab Republic, the British government was stung Wednesday night by a report that the U.A.R. is going to make a museum out of the house in which a captive British officer was suffocated during the Suez invasion.

Foreign Secretary Selwyn Lloyd cabled Britain's newly appointed charge d'affaires in Cairo, Colin Crowe, to find out the facts from the Egyptian government and report back to London.

The Cairo newspaper Al Ahram said the museum will show the rope with which 2nd Lt. Anthony Moorehouse was tied and sketches showing how Egyptian partisans kidnapped him.

Moorehouse was seized by Egyptian commandos in Port Said about a month after the cease-fire which ended the 1956 war.

When British troops began combing the area, he was locked in a small metal cupboard. The Egyptians returned once to feed him, but as the hunt intensified, they felt it unsafe to return again.

Moorehouse was left for two days. He lapsed into a coma and died from suffocation. Later his body was handed over to the U.N. Emergency Force and was flown back to England.

In the corridors of the House of Commons members called the Cairo newspaper report "shocking and insulting."

BRINGS \$2,000 PRIZE — Anne Hunt of Chicago looks at the unusual rust brown iron sculpture titled "The Self" which won a \$2,000 award at the Chicago Art Institute's 63rd American Exhibition of Painting and Sculpture Wednesday. The sculptor, Isama Noguchi, is American born of Japanese descent. The award was one of nine totaling \$9,250. Forty-six artists exhibited 136 works.

Town Has New Mayor

SWARTZ CREEK — This new city southwest of Flint elected William Young its first mayor

Tuesday night through the City Council at its first meeting. The town has a population of 3,399.

Some olive trees 500 to 600 years old are still productive.

Road Post Race Augurs City-Township Shuffle

By GEORGE T. TRUMBULL JR.

The way things are shaping up in the run for Lee O. Brooks' Oakland County road commissioner job, the Board of Supervisors will soon have to name a new chairman pro-tem.

Should present Chairman Pro-tem Hiland M. Thatcher, currently said to be out in front for the \$7,500 post, be elected Dec. 14, supervisors will have to name his successor on the Board.

It is expected that supervisors will waste no time. They'll probably elect a new chairman pro-tem following the election for road commissioner.

All this might not be necessary if Thatcher were to lose. Talk around West Bloomfield is that should this happen, Thatcher would be reappointed to succeed himself as supervisor, and would probably hang onto the job as chairman pro-tem.

Already two supervisors—both of them from townships—are being mentioned for Thatcher's job. Relative newcomers to the Board, they are Frank Webber of Addison Township and Arno L. Hulet of Bloomfield Township.

Webber, in his fourth year on the Board, and Hulet, in his third, were mentioned from among 24 township supervisors at a township supervisor meeting held last month. Thatcher said they undoubtedly will be nominated from the floor Dec. 14.

Election of the chairman pro-tem, then, will be a key one,

with the possibility that he could be the Board's next chairman. Each April the two top men on the 83-member Board are elected.

Although for the past several years the custom of alternating the two posts between township and city supervisors each year has been skipped, due to Chairman Delos Hamlin's and Thatcher's popularity, Thatcher's possible departure could signal its return.

3 YEARS AT POST
Representing West Bloomfield Township, Thatcher has been chairman pro-tem since 1956. Hamlin, in that position in 1955, was first elected chairman in 1956.

"I expect they (supervisors) will name a rural vice chairman," predicted Hamlin of the city of Farmington.

He said everything, of course, depends on whether Thatcher gets Brooks' old job, which will become vacant Dec. 31. Brooks resigned in October due to ill health.

Thatcher, a supervisor since 1948, is counting on the election. He resigned, effective Dec. 10, as supervisor at a November meeting of the township board.

MANY IN WINGS
The singling out of Webber and Hulet leaves several veteran town-

ship supervisors with 10 or more years service on the Board in the background. They, like any city supervisor, however, could be nominated for the chairman pro-tem post from the floor.

Township supervisors are expected to push hard for a successor to Thatcher from a township, hoping he will be next year's chairman.

Although Hamlin is respected by city and township supervisors alike, there has persisted on the Board for some time a friendly rivalry between the two blocs. City supervisors outnumber those from townships more than two to one.

Bidding for Brooks' position with Thatcher are Clayton G. Lilly, former Ferndale supervisor, and Marshall E. Taylor, Walled Lake supervisor. There may be other unannounced candidates.

In letters sent out recently, Lilly is attempting to win endorsement from city supervisors to outdo Thatcher's endorsement by an association of township supervisors.

All supervisors will nominate and elect Brooks' successor at their December meeting.

The legal whisky industry pays two and a half billion dollars in taxes annually.

Saginaw's Churches Oppose Race Track

SAGINAW — The Saginaw Council of Churches says it plans to protest to the State Racing Commission about a proposed \$1,500,000 parimutual harness track at nearby Birch Run.

The council said yesterday it will present protest petitions to Racing Commissioner James H.

Ingals at a Dec. 17 public hearing. In the council's resolution, it urges the racing commission not to give license to "this gambling vehicle."

The proposed track would be located at the Dixie Motor Speedway about 12 miles south of Saginaw on U.S. 23 and U.S. 10.

\$9,200,000 was spent last year for men's and boys' wear in the United States. Shop the pages of your local newspaper for the best values in clothing.

Hungarian Red Gives Warning

'Bourgeois Ideology' Still Strong, Claims Politbureau Man

VIENNA, Austria (UPI) — A top-ranking Hungarian Communist Wednesday warned the Party Congress in Budapest that "bourgeois ideology" is still strong in Hungary.

"Bourgeois ideology" is Communist terminology for anticommunism.

The warning was made by Gyula Kallai, a member of the ruling polit bureau, who discussed problems of education, culture, science and schools.

Only yesterday Soviet Premier Nikita S. Khrushchev praised Hungarian Communist leaders for recapturing the confidence of the people in a speech before the congress. He said the fever generated by his denunciations of Stalin coupled with the mistakes of the then Hungarian party leaders sparked the 1956 freedom revolt.

Kallai said intensive and effective ideological and political education of the people must be pursued. He also advocated acceleration of the "Marxist-Leninist" education of the Hungarian army.

Research by AEC Rises 11 Per Cent

WASHINGTON (UPI) — The Atomic Energy Commission (AEC) reported today its research and development work on nuclear weapons increased 11 per cent last year despite a virtual halt in test atomic explosions.

The AEC said in its annual financial report that nuclear weapons development and fabrication costs amounted to \$492,000,000 for the year which ended last June 30, up to 11 per cent over the previous year.

The report showed that the net cost of AEC operations last fiscal year reached \$2,500,000,000, up 9 per cent over the previous 1958 fiscal year.

Father Divine's Krum Elbow Is Being Sold

POUGHKEEPSIE, N. Y. (AP) — One of Father Divine's heavens, Krum Elbow, across the Hudson River from the Hyde Park estate of the late President Franklin D. Roosevelt—is being sold.

The late Howard Spencer, a bitter political foe and distant relative of Roosevelt, sold the 350-acre tract to the Negro cult leader and his followers in 1938.

Spencer said at the time he wanted to test Divine's theories against Roosevelt's. He said Roosevelt's New Deal was ruining the country through expenditures. Father Divine opposed debt.

Divine's shouting followers, who took such names as Faithful Mary and Bunch of Love, gathered at Krum Elbow, one of several heavens operated by Divine, during the 1930s and 1940s. They could get a room for \$2 a week and eat chicken dinners for 15 cents.

"Peace—it's wonderful!" they shouted.

Father Divine, once a Baltimore odd jobs man, asked his followers to turn over to him all their worldly goods. In return, he provided them with their needs. He has been out of the limelight in recent years.

Spencer died in 1957.

Walter R. Seaman, a Highland, N. Y., hardware merchant, said Tuesday he is buying Krum Elbow, possibly for use as a club for the aged. He said the asking price was \$92,000, but declined to say what he is paying.

The estate has not been used in recent years by Divine's followers. A custodian has been caring for the property.

23 Notables Rally to the Defense of Chessman

WASHINGTON (UPI) — Convict-author Caryl Chessman's bid to escape the gas chamber has gained support from 23 professional people, including noted psychiatrist Karl A. Menninger, TV star Steve Allen and writer Aldous Huxley.

Dr. William F. Graves, former staff physician at San Quentin Prison, where Chessman has been held in Death Row for 11½ years, also signed the "friend of the court" plea submitted Monday to the Supreme Court by Chessman's attorneys.

The Supreme Court is expected to decide within a few weeks whether to grant the convicted rapist a hearing. The appeal is against a California court decision that directed the death penalty for the eighth time.

In the past two decades there has been a sharp decline in the average patient's hospital stay. Twenty years ago, the Health Information Foundation says, the average stay was 12.5 days. Now it's only 8.5 days.
