# WELCOME

---

Welcome to the 31st season of the Meadow Brook Music Festival. Oakland University is proud to sponsor this internationally renowned cultural program. Countless patrons have enjoyed stellar performances on the Baldwin Pavilion stage, and this season promises to continue that long tradition of excellence.

We are pleased to announce that Meadow Brook Music Festival is now operated by Arena Associates, Inc., which may be familiar to you as the Palace of Auburn Hills and Pine Knob Music Theatre in Clarkston. This alliance ensures a diverse selection of entertainment, one that I am sure you will enjoy.

Our goals as a public university are to provide excellent teaching, the finest in research, and first-rate community service programs. This past year has been an exciting one in the life of the University. To share just a few of our accomplishments, Oakland was rated by *U.S. News and World Report* one of the 10 "best values" among the top 124 accredited Midwestern colleges and universities; our men's and women's swimming teams both won national championships; and a study by our School of Health Sciences that evaluated links between moderate exercise and prevention of cardiovascular disease in older African-Americans was cited a model community health program by the U.S. Department of Health and Human Services.

My husband, Martin, and I welcome you to visit all of our campus. Each time you visit, we hope you discover something new and interesting, from the many outdoor art sculptures to the historic Meadow Brook Hall. Thank you for becoming a part of the Oakland community by your attendance at the Meadow Brook Music Festival. We hope you come back to visit us often.

# Oakland University: In the National Spotlight

*It was another banner year for women's and men's swimmers. The women's team won its fifth consecutive NCAA Division II national title, and the men captured their first since 1980. Pete Howland was named national Coach of the Year for guiding his men's team to victory.*

Oakland University continues to receive national attention for the quality of its academic and athletic programs.

The university is rated one of the 10 "best values" among the top 124 accredited Midwestern colleges and universities for 1994 by *U.S. News & World Report*. The magazine ranked Oakland in the top 10 for "sticker price" (tuition plus room and board) and for "discounted price" (tuition plus room and board, fees, books and estimated personal expenses less the average of need-based grants-in-aid) measured against the academic quality of the institution.

One of the factors that sets Oakland University apart is its prime location in suburban north-east Oakland County. The university offers a comprehensive selection of courses, including 73 undergraduate majors, 27 master's degrees and four doctoral programs. The programs are rooted in the university's traditional liberal arts focus and offered through six academic units:

- The College of Arts and Sciences
- The School of Business Administration
- The School of Engineering and Computer Science

- The School of Education and Human Services
- The School of Health Sciences
- The School of Nursing

This year has been one of change and preparation for the future at Oakland. The university began construction of a \$39 million science and engineering complex that will include two new buildings and the renovation of the existing Hannah Hall of Science. The new classroom and laboratory space will directly benefit students studying in the sciences and engineering.

In turn, the new complex will aid in the university's collaborative research efforts with business and industry. Oakland is involved with Chrysler, Ford and General Motors and their suppliers, conducting research to help bring innovative advances to cars and trucks. For example, the School of Engineering and Computer Science and the School of Engineering and Computer Science faculty works with Chrysler Corporation to develop a real-time signal processor that detects engine misfires at any speed. The detectors are expected to begin appearing on 1995 models sold in California and on 1997 models nationwide. Also, the faculty works with Eaton Corporation to test engine valve materials and their resistance to wear, with the goal of developing a million-mile diesel engine.

Oakland was selected by Governor John Engler to house the Michigan Quality Council for the next three years. Members of the council, representing businesses, industry, government and education, will present prestigious Michigan Quality Leadership

*A \$39 million science and engineering complex to break ground this month will expand the teaching and research capabilities of Oakland faculty and students. Two new buildings will adjoin existing facilities. The state of Michigan is funding the project.*

Awards annually to organizations that exhibit a commitment to total quality.

Oakland has also made its mark in NCAA Division II athletics. The women's swimming and diving team won its fifth consecutive national title in 1994 and the men's team captured its first national crown since 1980. The women's basketball team ended the season with a 23-5 record after earning a berth in the NCAA post-season tournament. The women claimed a first-place league finish and the league tournament championship. Meanwhile, the men's basketball team made its first-ever appearance in the NCAA tournament, finishing at 21-10, which included a record-setting

189-107 win over Madonna University early in the season. The men's team set or broke 28 school records this season. The men's soccer team made its eighth consecutive appearance in the NCAA tournament; the team has the longest active Division II tournament-appearance streak in the country. The soccer squad has been to the tournament in 11 of the past 12 seasons. The women's volleyball team made it to the NCAA tournament for the first time ever, after a season that began with a school-record win streak of 14 matches.

The university continues to maintain its close ties with the community through public service programs. A study that evaluated

*continued on next page*

*Bi-weekly educational seminars for Chrysler Corporation's managers and engineers are often presented by professors from Oakland University's School of Engineering and Computer Science at the Chrysler Technology Center in Auburn Hills. The CTC seminars feature technical topics, from "fuzzy logic" applications in advanced suspension systems to electromagnetic compatibility problems in measurement systems.*

*It wouldn't be the holidays without the annual favorite, "A Christmas Carol," at Meadow Brook Theatre. This will be the 13th consecutive year that Ebenezer Scrooge has taken the stage.*

the links between moderate exercise and prevention of cardiovascular disease in older African-Americans in Pontiac and Detroit was cited by the U.S. Department of Health and Human Services as a "model community health program."

In addition, the university offers numerous cultural offerings, from student and faculty music, theatre and dance programs, to the professional Meadow Brook Theatre productions. The university's Meadow Brook Music Festival, Meadow Brook Art Gallery and historic Meadow Brook Hall round out enrichment programming.

Meadow Brook Health Enhancement Institute provides exercise and disease-prevention programs to the community, and Katke-Cousins Golf Course is acclaimed as one of the state's best.

Oakland University continues to flourish, thanks to the vision of its founders, Matilda R. and Alfred G. Wilson, who in 1957 donated \$2 million and their 1,500-acre estate for a new educational institution. The Wilsons demanded excellence in the new university, seeking outstanding young educators from around the world. That spirit continues today as the university evolves to meet the challenges of the coming century. ■

## Mr. and Mrs. Edward E. Hagenlocker

---

We are pleased to have Sylvia and Ed Hagenlocker chairing the 1994 Meadow Brook Executive Committee. The support of great volunteer leadership has helped us meet the challenge of providing a secure future for the University's cultural programs. Since 1964, we have been fortunate to have the Executive Committee's energy and commitment to assist us in reaching our goals. We are most appreciative of the Hagenlocker's dedicated interest and support.

## THE KRESGE FOUNDATION

The Meadow Brook Music Festival expresses its appreciation to one of its most important benefactors — The Kresge Foundation.

In 1964 when the Festival was a dream, the Kresge Foundation made a \$76,000 gift to the capital fund in memory of civic leader and foundation trustee, Howard C. Baldwin, for whom the pavilion is named. A second gift, a year later, of \$50,000 made possible the permanent seating in the pavilion. Subsequently, the Foundation provided an additional capital grant of \$33,000 which provided additional dressing rooms below stage, new electrical circuits, a sound reinforcement system and new restroom facilities. A grant of \$145,000 provided for repair work in the pavilion and a box office addition in 1977. Most recently, a grant of \$100,000 has been used to upgrade the lighting system, structural improvements in and around the stage area, paving the service road and loading dock area, painting of the seats and girders, and general repair.

## LULA C. WILSON TRUST

The original gifts of the Lula C. Wilson Trust provided the concert shell for the stage house of the Music Festival. The Meadow Brook acoustics distinguish the Music Festival as one of the front-ranked concert and amphitheatres in North America.

The continuing support of the Lula C. Wilson Trust assists the Music Festival in providing the finest cultural programs to enrich the community as a whole.

## MRS. GEORGE T. TRUMBULL

The original gift of Mr. and Mrs. George T. Trumbull made possible the construction of the Trumbull Terrace dining facility; and patrons of the Meadow Brook Music Festival continue to benefit from their generosity. Mrs. Trumbull has provided improvements to Trumbull Terrace, the magnificent flower bed for the Meadow Brook Gardens and her most recent endowment gift. We are grateful for her continued interest and support.

## FESTIVAL WOMEN'S COMMITTEE

Special appreciation goes to the Womens Committee which has contributed over \$853,000 to the Festival since 1980. The Treble Clef Gift Shop, the automobile raffle, and the annual summer fashion show continue to be highly successful ventures.

We are grateful for the dedication of the members and appreciate the many hours of hard work which have made the committee one of our most important benefactors.

## MEADOW BROOK THEATRE GUILD

The many actors and directors who come to Oakland University to perform at the Meadow Brook Theatre rave about the special treatment and hospitality provided by the Guild. In recent years the Guild's financial support has provided for renovations of the box office and trailer dressing rooms as well as the many significant contributions to meet the needs of the Theatre. In addition the community has enjoyed the social aspects of the Guild's many projects such as the Holiday Benefit, Luncheon on the Aisle and SPOTLIGHTS. We are grateful for their support.
