Indicate Police Expect 'Break' in Boat Death

W. Bloomfield Board Plans Crackdown on 'Floating Bar' Lake

A "break" was expected today in the case of the hit and run boating death on Cass Lake Monday night, an informed source told The Pontiac Press this afternoon.

It was the first indication that police were on the trail of any positive information that would lead to arrests.

Meanwhile, the West Bloomfield Township Board is going to crack down on what a law officer called the "floating bar," of Cass Lake.

Last night, trustees petitioned for an emergency hearing before the State Boating Control Committee to "improve conditions at the lake, where a 20-year-old Keego Harbor youth was killed Monday night."

Alan L. Akerley, 2184 Park Circle, was struck by a hit-and-run power boat while swimming in the marked-off "safety" area at Dodge State Park No. 4 shortly after 9 p.m.

According to a statement given by Akerley's companion, Sheila Brennan, to Prosecutor Richard B. Condit, the 18-year-old boy entered the swimming area, swimming two or three passes just outside the safety marker buoys a short time earlier.

Miss Brennan, 125 Chewton, Bloomfield Township, said the boat's spotlight was flashed on bathers each time and directly on her and Akerley before the craft bore down on them.

The conditions police have uncovered were reported to township trustees last night by the man who has been heading the investigation, Lt. Donald Kraft. (Continued on Page 2, Col. 1)

Thundershowers Due Tonight, Friday

Scattered thundershowers are expected to arrive late tonight and Friday with temperatures a little warmer, the low 62 to 68. Tomorrow's high will climb to the mid 80s.

Pleasant is the outlook for Saturday with skies clear and temperatures cooler.

Fifty-four was the low recording in downtown Pontiac preceding 8 a.m. The mercury had soared to 82 by 2 p.m.

Both Viet Nations May Testify

UNITED NATIONS, N.Y. (AP) — Diplomats predicted today the U.N. Security Council would invite both North and South Viet Nam to take part in debate on North Vietnamese attacks on American warships and U.S. retaliation.

Council President Sivert A. Nielsen of Norway suspended debate so he could sound out delegates to the 14-nation body on the proposal to hear representatives of the two Vietnamese governments. Nielsen said he believed he could convene the council again tomorrow to report results.

If the Communist North and pro-Western South both send spokesmen, it will probably produce a heated debate on the roles the United States, North Viet Nam and Red China play in South Viet Nam's war.

The debate opened yesterday at the request of the United States, which asked for an urgent council meeting to consider the "serious situation created by deliberate attacks of the Hanoi (North Viet Nam) regime on international waters."

The question of Vietnamese

participation in the debate was brought up by Soviet Delegate Platon D. Morozov, who introduced a resolution to have the council seek information from North Viet Nam relating to the U.S. complaint and to invite North Vietnamese representa-

TELLS OF ACTION — United States U.N. Ambassador Adlai Stevenson explains to the Security Council this country's reasons for its

attacks on North Viet Nam bases. The Soviet delegate stalled during his speech and labeled the U.S. action "aggressive."

Chinese should be asked too. Morozov said the United States could "do without the assistance of these hunkies," but he agreed to pull back his resolution and let Nielsen draw one up.

Stay on Alert for Red China Intervention

Officials Feel Peking Will Confine Itself to Propaganda Drive

WASHINGTON (AP) — The United States pressed its military buildup in Southeast Asia today as officials watched for any clue Red China might ignore President Johnson's warning and start its troops marching.

Many officials here doubted they would. They expressed belief Peking would, in general, confine itself to mounting a propaganda attack, which is already under way.

MOSCOW (UPI) — The Soviet Union tonight condemned the American air strikes against North Viet Nam as "aggression" and warned the United States not to "go too far." The government newspaper Izvestia said the American action "threatened the widening of the conflict" in Viet Nam.

The Communist Chinese charged the United States with aggression against North Viet Nam and declared "U.S. imperialism" has gone over the brink of war. They said the "Chinese people will absolutely not sit idly by without lending a helping hand" to prevent North Viet Nam from being "subject to aggression."

Secretary of State Dean Rusk termed the situation explosive in the aftermath of the "very successful" American air strikes against Communist North Viet Nam's patrol boat armada.

"We cannot be completely sure about what the days ahead of us may hold," Rusk said, and the administration braced for a siege of trouble in Southeast Asia.

As a precaution, the United States rushed more planes and ships — including the giant carrier Ranger and 12 destroyers from the West Coast — toward the crisis zone.

CLEAR WARNING
And the President delivered a clear warning to Red China, or any other national with a nervous trigger finger.

Addressing thousands of persons gathered at the Syracuse University campus, John F. Kennedy said (Continued on Page 2, Col. 6)

STRENGTHENING BORDER — Reports indicate a movement of ground and air forces from Saigon northward (arrow) toward the border between South and North Viet Nam in the wake of the American attack on Communist patrol boats.

General Denies U.S. Ships Were Convoying Viet Forces

WASHINGTON (UPI) — Gen. Earle G. Wheeler, chairman of the joint chiefs of staff, flatly denied today that U.S. destroyers took part in convoy duty for South Viet Nam forces in the area where the Red torpedo boat attacks occurred.

Wheeler made the statement in answer to questions at a joint session of the Senate Foreign Relations Committee and armed services committees which approved President Johnson's Viet Nam resolution.

He later repeated the statement to newsmen.

Sen. Wayne Morse, D-Ore., told the Senate yesterday that as a forerunner to attacks on the U.S. destroyers, there was a known bombardment by South Vietnamese naval vessels on "two North Vietnamese islands within three to five or six miles of the main coast of North Viet Nam."

He said the "clear implication" of that incident was that the U.S. Navy stood guard while the shelling took place.

Wheeler termed that charge "absolutely false."

FOR PREPARED

Wheeler said the fleet and plane buildup in the area was "purely precautionary" to be prepared for any eventuality.

Morse contended today "We are at war in Southeast Asia."

He told newsmen after the committee action on the resolution that this country, North Viet Nam and Communist China were equally responsible for the present armed conflict.

"The only solution now is to take this to the conference table immediately," he said.

Morse indicated he also would

oppose the administration's resolution later in the Senate.

House and Senate committees quickly approved the resolution and leaders scheduled it for Senate action later in the day and for house action tomorrow.

There was one vote against the resolution in a joint meeting of the Senate Foreign Relations and Armed Services committees and Sen. Morse cast it.

In the House Foreign Affairs Committee, two Republicans reportedly voted "present," but

not one voted against. Twenty-nine members approved it.

Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara and Gen. Wheeler appeared first at the joint meeting of the Senate committees. From there they crossed the capitol to testify before the House Committee.

In urging the resolution, Rusk asked that Congress leave Communist aggressors "in no doubt whatever" of the unity and determination of the American people to defend Southeast Asia against Red aggression.

JACKSON, Miss. (AP) — Federal and state authorities intensified their investigations today into the slaying of the three civil rights workers whose bodies were unearthed after an exhaustive 44-day search.

Rumors that arrests were imminent were heard from one end of the state to the other. But the FBI would neither confirm nor deny the reports.

In Honolulu, Negro comedian Dick Gregory said today he had relayed to the FBI three weeks ago a letter which told where to find the bodies.

Gregory also said he had given the FBI a tape recording containing names of the killers. Sources close to the FBI said today a former psychiatric patient with a penchant for writing letters wrote Gregory the letter.

The FBI refused to comment on this or any other aspect of the case. But the White House reportedly has been told that the three-page, typewritten letter — as well as tape recordings that Gregory said he received — were valuable.

The three bodies were found two days ago in an earthen watershed embankment in a remote area near Philadelphia, Miss.

POSITIVE IDENTIFICATION
Andrew Goodman, 20, and Michael Schwerner, 24, both white New Yorkers, were positively identified, the FBI said.

His last show on Broadway was last season's "Too True to Be Good."

Festive Parade to Launch Fair

Pinnacle of Efforts by County 4-H'ers

The pinnacle of a year's efforts by some 1,300 4-H'ers will be launched with a festive parade through Pontiac Monday — a prelude to the annual Oakland County 4-H Fair.

Once again it's the time of year when hundreds of visitors will pass through the metal quonsets and barns at the 4-H fairgrounds, on Perry just south of Walton.

The five-day event will begin 10 a.m. Tuesday, when entrants in the home economics competition troop into the exhibit halls with their flowers, vegetables and other products.

These, as well as exhibits including photography, rabbits and poultry will be showcased and judged Tuesday afternoon.

Featured in the evening will be the float contest, presentation of this year's 4-H king and queen and the traditional freckles contest.

KING, QUEEN
Reigning over the fair this year will be Tim Phillips, 17, and Janet Lessiter, 18, fellow members and officers of the East Orion 4-H Club.

Wednesday will begin, as will the other days of the fair with a 7:30 a.m. flag-raising. It will close with a pie-eating contest.

All beef judging will be held Wednesday, beginning at 9 a.m. Visitors will be able to view clothing, swine and vegetable judging as the day progresses.

English halter and flower identification competition are also scheduled for Wednesday.

EVENING PROGRAM
In the evening, a demonstration of tractor operation will be featured, along with beef showmanship.

Thursday some of the 4-H'ers staying in the recently-expanded main dormitory will finish grooming their sheep for the morning judging.

Demonstrations of western halter class and dog training skills will highlight the day. (Continued on Page 2, Col. 6)

Jets Sent to Saigon; 1 Bomber Crashes

SAIGON, South Viet Nam (AP) — About 30 U.S. Air Force B57 jet bombers, capable of carrying nuclear weapons, today joined American and South Vietnamese forces standing watch to meet any attack from the Communist North.

The fleet of high-flying, twin-engine planes sped to Saigon unbidden while a steady shuttle of transport planes completed overnight a buildup of troops and material in the area adjoining the North Vietnamese frontier.

But U.S. officials reported tonight there were casualties as the jet armada moved into the country under cover of darkness.

They said one bomber crashed north of Saigon, and that two pilots probably were killed.

Air traffic came to a virtual halt today. The general feeling in Saigon was that, if nothing important happened in the next 24 hours, the Gulf of Tonkin crisis probably would be past.

The alert status in South Viet Nam's capital was nowhere near what it would be if an attack were considered imminent.

NO ANNOUNCEMENT
There was no public announcement of the arrival of the B57s but they were seen by a correspondent on a runway again occupied yesterday by six supersonic F102 Delta Dagger fighters from Okinawa.

The F102s were said to have landed at Da Nang, a base on the South China Sea 280 miles northeast of Saigon. (Continued on Page 2, Col. 3)

READY FOR FAIR — These youngsters from the Drayton Plains 4-H Club display their special activities in anticipation of next week's 4-H Fair. Discussing their sewing project (from left) are Diane ... and

Special Events Planned for Lapeer Days

LAPEER — A fun-packed two days of special events are planned to please crowds numbering about 20,000 during Lapeer Days next Wednesday and Thursday.

Gov. Romney, State Highway Commissioner John C. Mackie and Secretary of State James M. Hare will be among the dignitaries to march in the big homecoming parade Thursday morning.

Other attractions will include a pet and clown parade Wednesday morning, a base-

ball game, bike and tricycle races, coronation of the Lapeer Day Queen and a pavement dance, all on Wednesday.

Besides the gala parade, which is expected to have some 120 entries, Thursday's program will include a welcome by Mayor W. E. Rowden at 10 a.m. The parade will follow at 10:30.

Included in the line of march will be floats entered by area service clubs, industries, churches, business firms and community groups. Bands and

marching units also will participate.

Acting as emcee will be local bank official Robert Grazer.

FORM AT SCHOOL

The parade will form at the high school on North Main at Neppesing, proceed through the main business district to Saginaw, then north to Oregon and on out to the Lapeer State Home and Training School.

It will continue through the state home grounds for the patients to enjoy.

After the parade awards for outstanding entries will be awarded on the reviewing stand in front of the courthouse.

A concert by the Lapeer High School band will be presented at 1 p.m. on the reviewing stand.

HORSE SHOW

The Huron-Kiwan Club will stage a horse show, plus trick riding events and contests at 2 p.m. at the Lapeer County Center Building lot.

The Sarnia Lionettes Sen-

ationals and Sarnia Highland band will provide entertainment at 3 and 4:30 p.m., respectively.

A featured attraction at 5 will be a balloon ascension at Cranston Park, East Neppesing Street.

Whirly Bird (helicopter) rides will be offered both days. A carnival also will be set up on North and South Court streets.

CHAMBER OF COMMERCE

The entire program is sponsored by the Greater Lapeer Chamber of Commerce.

Following is a list of events for both days and for those who insist on "not missing a thing," the Red Cross first aid tent will be on the courthouse lawn:

WEDNESDAY
4:00 a.m.—Flag Raising
4:15 a.m.—Judging and Entertainment of Youth Clubs
7:30 a.m.—Rides open all day and evening
10:00 a.m.—Whirly Bird at Annapark
10:30 a.m.—The 3rd Queen Parade
10:45 a.m.—Judging of Parade
11:00 a.m.—Music from Bandstand
11:30 p.m.—Organ—American Academy of Music
12:00 p.m.—Baseball Game—Inlay City Pony League All Stars vs. Lapeer Pony League at Junior High

5:00 p.m.—Hawaiian Dance
5:30 p.m.—Block Ball and Tricycle Races
6:00 p.m.—Bicycle Races—Wolverine Sports Club, Detroit
7:00 p.m.—Organ—American Academy of Music
8:00 p.m.—Crowning of Lapeer Day Queen by Mayor W. E. Rowden
8:15 p.m.—Hawaiian Dance—Jean Billew
8:30 p.m.—Ricky Buscemi—Drum Band
9:30 p.m.—Pavement Dance: Round and Square
THURSDAY
8:00 a.m.—Flag Raising
8:15 a.m.—Whirly Bird at Annapark
9:00 a.m.—Organ—American Academy of Music
9:30 a.m.—Welcome—Mayor W. E. Rowden
10:30 a.m.—Flag parade starts
Award of Parade Ribbons

Noon—Governor George Romney, Representative Roy Spencer and other dignitaries
1:00 p.m.—Crowning of Lapeer High School Queen
1:30 p.m.—Organ—American Academy of Music

NEW CHURCH — John DeLind wielded the shovel yesterday at groundbreaking ceremonies for the new building that will house the Episcopal Church of the Resurrection near Clarkston. Located on a four-acre site at Clarkston-Orion and Perry Lake Roads, the church is scheduled for completion early next year. Participating in the ceremony (from

left) were Rt. Rev. Archie Crowley, Suffragan Bishop; Rev. Alexander T. Stewart, vicar of the church; and Rev. Canon Allan Ramsay, executive director of administration for the diocese. At right is Ivan Rouse, organist-choir director of St. Andrew's Church, Drayton Plains.

Teen Is Bitten by Rattlesnake

Serum Rushed to Aid Livonia Boy Scout

LANSING (AP) — The State Health Department and state police cooperated in rushing anti-snake bite serum to help a 15-year-old Livonia boy scout bitten by a rattlesnake Wednesday.

Ronald Chope was rushed to Lapeer General Hospital, where he was listed in satisfactory condition Wednesday night.

He was bitten on the thigh at the D-Bar-A Boy Scout Ranch near Metrona, where a lake dredging project apparently has stirred up snakes, the department said.

The boy was bitten about 2:30 p.m. State police rushed the serum from the health department laboratories here to the Capital City Airport where it was put aboard a plane about an hour after the incident.

This was the second snake bite experienced at the ranch in nine days, the department said. The bite is rarely fatal, and not often serious.

Exhibitors Preparing for 4-H Fair Finals

Scores of 4-H'ers across the county are warming up for next week's annual fair, with winners of the "semifinal" contests getting their demonstrations ready.

Walking off with honors for their "Food and People" exhibit in the Preliminary Demonstration Contests were four members of the Oakhill 4-H Club: Marilyn Denton, Rosemary Theriot, Sandra Brooks and Nancy Mills.

Others who won an exhibition place at the fair include Jerro Bachelor, of the HiLo 4-H Club, who will show her "Exploring Foods and Nutrition" demonstration.

Also performing Thursday afternoon at the fair will be the following list of demonstrators, in their respective categories:

Dairy Foods (Senior)—Nancy Mills, Oakhill; Vegetable Use—Beryl Austin, Oakhill; Dairy—L. C. Scramlin, Oakhill; Dairy Foods (Junior)—Judy Hillman, Galloway Lake; Sheep Demon-

stration—Bonnie Rose, East Orion.

Dog Obedience—Barbara Junod, Skill 'N' Craft; Cherry Pie—Brenda Long, Milford; Child Care—Carol Wudacki, Oakhill; Bread—Gail Kilbourn, Orionville, and Conservation (Wild Flowers)—Jerro Bachelor, Hi-Lo.

The fair will begin Tuesday at the county 4-H fairgrounds, on Perry south of Walton.

Steam Engines to Be Featured

IMLAY CITY — "I think I can—I think I can—" And the old-time steam engine made the hill.

History and tales of old-fashioned locomotives will be recalled this weekend at the Live Steam Engine Convention here.

Sponsored by the Saginaw Valley Steam Club, the three-day event opens tomorrow at the Imlay City Fair Grounds and runs through Sunday.

The daily programs, all starting at 10 a.m., will feature slow races, tug-of-war, demonstrations, baker fare in action, a steam saw mill in operation and engines on teeter totters.

STEAM ENGINES
There will be 20 steam engines on the grounds, various shapes and sizes and many dating back a good many years.

Rochester Elks Ponder Next Move for Lodge

ROCHESTER — The next move in the Elks' quest for a new lodge will be decided at a meeting of the general membership tonight.

A request for a liquor license for the proposed hall on Ludlow has been refused by the Michigan Liquor Control Commission.

Novi Sewer Seen Ready by Sept. 1

NOVI—Public works construction is booming, according to Village Manager Harold Ackley. The village's \$1.5-million sanitary interceptor sewer is being installed "about as rapidly as expected," he said.

When the work was started in February it was slated for completion in September. Ackley now estimates it will be finished by Sept. 1.

The Huron-Rouge Interceptor will accommodate new development on 16 acres in southeast Novi and Novi Township. Initially able to serve 10,000 customers, it will replace a few septic tanks in the area.

Subdivision developers will be expected to build internal sewer systems to tap into the interceptor. The Oakland County Department of Public Works project is to be paid for entirely through connection charges.

CAN BE EXTENDED

The sewer lines can be extended in the future to serve about two-thirds of the village.

Also progressing rapidly is the drainage construction on Beck Road. The \$24,000 project to improve the mile stretch between Grand River and 11 Mile was started July 15.

Now about one-quarter complete, it should be finished late this month or early in September, Ackley said.

A contract for the sealcoating of South and West Lake Drives has been awarded to the Ann Arbor Construction Co. and the work is to begin immediately, the manager said.

The firm's \$5,500 bid for the 1.25 miles of sealcoating was the lowest of four.

For Orchard Lake

Print New Charter

ORCHARD LAKE — A new charter for a new city soon will be rolling off the presses and into Orchard Lake homes.

The charter is expected to be distributed early next week, five and a half months after a nine-member commission was charged with writing it.

A public meeting on the document will be held a month later.

"We want all residents to look it over and become familiar with it," commission chairman S. F. Leahy said. "At the meeting we'll discuss it and answer any questions."

Residents will have until Sept. 9 to scrutinize the proposed charter. All will be urged to attend the session that night at 8 in the West Bloomfield City Auditorium.

DECEMBER BALLOT

Balloting on the charter will be early in December.

"We want to get comments from the residents to see if we want to make any changes before submitting it to the governor," Leahy said.

The proposed charter must be approved by the governor 70 days before an election can be held on it.

Utica District Residents to Get School Analysis

UTICA — Residents of the Utica School District will soon receive a condensed version of the Citizens' Advisory Committee's 60-page school analysis report.

The four-page pamphlet is being issued to better inform district homeowners about school problems. It is the first step in the campaign for passage of a millage and bond issue in December.

AREA NEWS

ment of the residential community.

They wanted, they said, to preserve the community as a separate entity, keeping all of its attributes intact.

The line of reasoning then was that a charter commissioners

would be given little time to write the document and therefore would have to rely heavily on the existing village charter.

Leahy said today commissioners had not actually compared the proposed charter to the old one.

"We tried to write a new charter that we think meets the objectives of the residents as we understand them," Leahy said. Commissioners, he noted, worked toward devising a document that also would be easily understood.

The Michigan Municipal League reviewed the proposed charter and commented favorably on it.

"They suggested only a few changes which will be incorporated into the final draft," Leahy said.

BARREL RACING — A hard-riding cowgirl puts on the power at a turn in a barrel race, one of 13 events open to the public at 8:30 p.m. tomorrow at the Rafter M. Ranch, eight miles north of Rochester on M150.

contests will kickoff a two-day rodeo at the ranch. The Aug. 8-9 rodeo is sponsored by the Sheriff's Posse in behalf of the Leader Dogs for the Blind building fund.

2 Meetings Set by Board

WEST BLOOMFIELD TOWNSHIP—School board members have scheduled two special meetings for this month.

They will convene Aug. 17 to open bids on a core junior high school for the district.

Expected to cost nearly \$1-million, the unit will be constructed on the west side of Orchard Lake Road about a half-mile north of Maple.

An Aug. 31 meeting is planned for review of the list of teachers qualifying for tenure under the new state law which will become effective Aug. 28. Both of the special sessions will begin at 8 p.m.

Club Sponsors Party

WHITE LAKE TOWNSHIP—The Ladies Fun Club is giving a party in the store building on the corner of Ormond Road and Jackson Blvd. today at 8 p.m. It is open to the public.

MISS TEEN U.S.A. — Nancy Spry of Van Nuys, Calif., will reign over Michigan State Fair's special Teen-Age Fair Aug. 28-Sept. 7 in Detroit. The "fair of the fair" will feature exhibits and events planned for young people including non-stop record hops, hootenannies, fashion shows of hot rods, dragsters and surfing.

'Man in the Street' Is in Favor of Johnson's Viet Nam Action

By The Associated Press
Random interviews with men and women in the streets of America's cities show overwhelming support for President Johnson's action in Viet Nam.

It was about 25-1 for the president in the Associated Press survey made Wednesday. A sizable number thought he had waited too long.

Sample comments:
San Francisco — "Looks bad

Child Drowns in Canal

ALGONAC (AP) — Louis Pinski, 2, drowned Wednesday in a canal behind his home in adjoining Clay Township. The child wandered unnoticed from a yard.

— bad for the young fellows, not for an old goat like me," James Lyons, retailer.

New York — "It's time we took a stand. Either we do it now or we'll have to do it later, both at the risk of nuclear war," Larry Milan, assistant credit manager.

DOUBTS RISKS

St. Louis — "We should have

done it earlier. It might be a good thing to carry it further. I don't think the risks are as

Dies in Mexico City

Mexico city (AP) — Aquiles Elorduy, lawyer, journalist and firebrand politician for many of his 38 years, died Wednesday of a heart ailment.

great as many people imagine, Lou Covert, personnel analyst.

Memphis — "I'm of the opinion that they're finally going to fight and get through with it. I don't think we should like we did in Korea. We should either get through with it or get out," Alice K. Hoffman, retired.

New Orleans — "I don't think we ought to be dragged into a shooting war, but the President

may have waited too long before taking any kind of action and now it may be too late," Wilda Dykes, restaurant manager.

Philadelphia — "I'm frightened. I feel that Johnson did the right thing," Belle Gubert, housewife.

ONLY LANGUAGE

Chicago — "That's the only

language the Communists understand. I don't know why we waited so long to do it," Wayne Faulkner, salesman.

Indianapolis — "Anything I think his action could lead to all-out war. I'll go tomorrow if I'm needed," Larry Gunckle, 18.

Atlanta — "Our foreign policy of the past few years has been

an open invitation to such attacks. At this point we have no alternative than to retaliate," R. E. Sibley, bank employee.

Persons with a history of hay fever, asthma or other allergies should consult a physician immediately when stung by a wasp.

Hit-Run Boat Tragedy Shocks Community

Memory fails us in recalling many acts as dastardly as that perpetrated on Cass Lake Monday evening when a boatload of lawless riders invaded the "safety" area for bathers and rammed a helpless swimmer. Death came as the slashing blades of the boat's propeller inflicted ghastly wounds on the victim.

Alan Louis Akerley never had a chance. The boat had made several rounds and the victim and his companion were in the full glare of a spotlight as the craft bore down on them.

In dying, the young man rose to heroism, as he desperately pushed his friend to safety before the boat struck and then sped on into the night.

This is the second such occurrence on an area lake this summer. Although the previous one did not result in death, the victim is still hospitalized as result of multiple body lacerations.

Whether or not the pilots of the two crafts actually intended to hit the swimmers is beside the point. Their irresponsible disregard of all safety rules and imperilment of the lives of others makes them potential murderers — morally if not legally.

Law enforcement agencies are prosecuting an intensive search for those who brought grave injury to one young man and death to another. We urge that such efforts be continued unrelentingly until the culprits are apprehended and punishment to the full extent of the law meted out.

We urge, also, that those having any knowledge that might have bearing on the tragedies reveal it to the police, both as a humanitarian and a public duty.

LBJ Kills Six Hopefuls With One Verbal Stone

Few things happen, least of all in politics, without reasons. The reasons, however, may prove to have been good or bad depending often on the outcome of the action taken.

President LYNDON B. JOHNSON's action in eliminating a half dozen potential vice presidential nominees was an eyebrow-raiser.

A presidential nominee—such as Johnson is almost certain to be—has traditionally enjoyed the prerogative of naming the running mate he wants. But there is no precedent for an acknowledged nominee to name in advance those he does not want.

In scratching the names of six vice president possibilities, insiders think the President moved to eliminate his attorney general, ROBERT F. KENNEDY, without subjecting him to individual rejection and before sentiment for KENNEDY could snowball into embarrassing proportions for the President.

Supporting this theory is the fact that none of the others dropped had been given deep consideration for the office.

Polls had shown Kennedy running strongly both among rank-and-file Democrats and among delegates to the convention. Also, other members of his highly political family were urging his selection.

As a result of LBJ's move, Minnesota's senior senator, HUBERT H. HUMPHREY, emerges as the front

runner. He is known to be President JOHNSON's preference at this time. Also, of 836 convention delegates polled by The Associated Press, 341 favored HUMPHREY. KENNEDY ran second with 230 votes.

Only factors dimming the Senator's bright hopes are the leading part he played in pushing the civil rights bill through the Senate and the fact that Johnson has a leaning toward a Catholic candidate to balance the GOP ticket.

One of the most astute politicians on the American scene, it is a safe bet that JOHNSON at this moment has not irrevocably picked the Number Two man. No one knows better than he what the shifting winds of politics can do to decisions made too far in advance.

Pentagon Plans Ready for Crises

By ELTON C. FAY

WASHINGTON (U)—Crisis has become a way of life in the Pentagon.

The Red patrol boat attacks on American destroyers in international waters off the North Viet Nam coast are only the latest in a series of alarms that have been sounding with growing frequency in almost two decades of cold war tension.

With the exception of Korea, the incidents have been Communist testing of free world determination. In one, the Cuban missile showdown, nations hovered on the brink of atomic war.

Always there was the chance that a incident and its reactions could flare into major war. And this is true of the naval clashes between the United States naval vessels and the patrol boats of North Viet Nam. Red China, powerful ally of the Vietnamese Communists, is close — and watchful.

The Pentagon has files packed with plans for coping with contingencies. The plans have existed and been constantly revised for years. They cover a broad spectrum of probable, possible or remotely conceivable emergencies.

CONTINGENCY PATROL

Thus, it may be said that when the Defense Department ordered the close-in patrol by surface ships in the Gulf of Tonkin off Red Vietnam's coast, it considered and put into a contingency plan things that might evolve from the patrol.

The planners certainly were aware the destroyer patrols might draw Red reaction. They assessed the capabilities of the North Vietnamese to react, alone or in concert with their big neighbor, to the north.

When the destroyer patrols were started more than a year ago, a carrier was kept steaming near the mouth of the gulf, ready to send her planes to help the destroyers if they encountered shooting trouble.

When the Tonkin Gulf situation moved from a contingency situation into a sea battle, the plan went into operation. A quick radio message from the destroyer brought fighter plane help from a carrier.

In Tuesday's engagement, planes were in the area above the destroyers, Maddox and C. Turner Joy, on President Johnson's orders, when PT boats darted in through a storm and a three-hour battle opened.

In the opening incident Sunday, the Maddox radioed its call for help from the carrier without coding it because of the extreme urgency of the situation. This is accepted procedure in such critical moments.

Both military and civilian chiefs in Washington were informed of the attack almost before the echoes of gunfire had died away.

This is made possible under the elaborate worldwide communications system, maintained as part of the over-all command and control setup. With this system, all interested officials, from the President on down, can communicate with commanders in the field anywhere — instantly.

EXPANDED AND IMPROVED

A "command and control" system has existed since the beginning of World War II. But with improvements in equipment and the deadly danger growing out of missile warfare perfection, it has been expanded and improved.

Secretary of Defense Robert S. McNamara uses the communications network to make his own personal, surprise tests to see if everything is working.

The system also requires that the whereabouts of each military official in the upper and operating echelons be known constantly, including the President.

Verbal Orchids to —

The Paper Tiger Strikes Back

David Lawrence Says:

China Directed N. Viet Attacks

LAWRENCE

WASHINGTON — The Red Chinese government has started a war against the United States. President Johnson, as commander-in-chief of the armed forces, has ordered military action in retaliation. He has asked Congress to pass a resolution authorizing him to take "all necessary measures to repel any armed attack against the forces of States and to prevent further aggression."

The resolution also would authorize the President "to take all necessary steps, including the use of armed forces," to help those nations covered by the Southeast Asia treaty which may request assistance to defend their freedom.

Since American naval vessels were attacked during the last few days in international waters by North Vietnamese ships — supplied and directed by Red China — the grievance is not only against the government of North Viet Nam but also against the Peking government.

United States Ambassador Adlai Stevenson, in his speech yesterday to the Security Council of the United Nations, said the attacks on the ships were "part of a larger pattern with a larger purpose."

The United States has acted to repel what it calls "deliberate aggression."

EMPLOY MEASURES

Under Article 51 of the charter of the United Nations, an individual government, alone or in cooperation with other governments, may employ measures of "self-defense," and these may be carried on "until the Security Council has taken measures necessary to maintain international peace and security."

The U.N. Charter also provides that any member nation which exercises its right of self-defense must immediately report such measures to the Security Council.

The United States government now has complied with the provisions of the charter by formally submitting the matter to the council.

The two unprovoked attacks

on American naval vessels were really acts of war. The responses by the United States in the air and on the sea were natural acts of war in self-defense.

STATE OF WAR

The resolution before both houses of Congress amounts to a declaration of a state of war as existing in Southeast Asia, where the interests of the United States have been militarily menaced.

The next move is up to the United Nations.

In the meantime, the United States will go ahead with any military measures deemed necessary to protect its position.

The procedure is well established by international law. The U.N., of course, will endeavor

to set up at once a machinery of mediation in the hope of bringing about a settlement of the dispute.

Why Did Red China decide to test American firmness at this time?

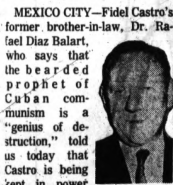

Was it believed that, because of the presidential political campaign in this country, the incumbent administration would hesitate to take any steps amounting to war and that the rival political party itself would not dare to demand such drastic action?

If Red China's government is seeking now to test American resoluteness and has had any idea that the United States would be hesitant to employ military force, this misconception has been dispelled.

Bob Considine Says:

U.S., British Navies Seen as 'Powers' Aiding Fidel

CONSIDINE

MEXICO CITY—Fidel Castro's former brother-in-law, Dr. Rafael Diaz Balart, who says that the bearded prophet of Cuban communism is a "genius of destruction," told us today that Castro is being kept in power partly by the United States and British navies.

"The chief function of the two navies in the Caribbean now seems to be to frustrate all efforts by Cuban exile groups to attack or land on Cuban soil," the former classmate of the dictator charged at the duplex apartment of Gen. Manuel Benitez Valdez, Batista's exiled Havana police chief.

"It is a mess, the United States generally has been noble and wonderful in its efforts to free Cuba. The influence it exerted on the OAS to issue diplomatic and economic sanctions against Castro is a step in the right direction. The CIA is doing a good and brave job in Cuba,

too. But then another arm of the government steps in and says we must not harass Castro."

Diaz Balart charges that a major effort to bring about a unification of all Cuban exile groups in the U.S., at the New York office of Rep. Victor Anzures (Dem.), in 1961 was frustrated when the State Department requested two prominent Cuban leaders not to attend.

He believes that with U.S. encouragement, and a training base somewhere in the hemisphere, a Cuban liberation force of 100,000 could be amassed.

ARM EXILES

He believes the U.S. should arm that force, "just as Russia armed Castro," and that armed invasion is the only answer to Castro.

He sees no hope of a counter-revolution from within Cuba. "It would be a butcher's cry. The people would be moved down by Russian tanks just as they were in Budapest."

The Cuban exile believes Cuba will be a major campaign issue in the U.S. this year, and he welcomes the prospect.

The dialogue between President Johnson and Sen. Goldwater, he feels, will give the American public fresh knowledge and an opportunity to analyze the major dilemma of the hemisphere.

Voice of the People:

Says VOP Letter Writer Filled With Prejudice

I could crawl up a wall every time I read a snide, prejudiced letter in the "Voice" column and very recently one appeared signed "Knows the Truth." What irony! If this writer really knew the truth, such a letter would never have been written. Truth makes us free—free of bigotry, hatred and misunderstanding of our fellow man. Once truth is fully recognized by our pseudo-saints and associates, their defamatory remarks will be quieted and their efforts to stir up dissension will come to an end.

After having read numerous documentaries on the insanity of the Hitler regime and of the atrocities performed in attempting the annihilation of an entire nation, I highly recommend this literature to these smug individuals who believe they know the truth. If they are so sure and still cast aspersions, then they would be the same type who, if Mary the Mother of Jesus had lived in Nazi Germany, would have placed her Babe in her arms and marched them off to die in the gas chambers along with the thousands upon thousands of other innocent mothers with their babies in their arms, and with little children clinging to them. Still we have our Rockwells, our Neo-Nazis, our hate peddlers trying to fan that spark of hatred into a flame in this beloved country.

If you will know the truth, read and study and learn for yourselves and stop listening to the venom spouters. The libraries are full of books to enlighten you.

WEEPING FOR THE DEAD OF THE CONCENTRATION CAMPS

Feels Newspapers Should Be Secular

In view of the recent mutterings of a "Disgusted Adolescent," and because of area sermons and other "preachers," I object to seeing religious and moral philosophies plastered about. If St. Paul only had had The Pontiac Press, the New Testament would be considerably thinner. If modern apostles must spread our important (!) views, let's use more than our pen fingers and leave the newspapers secular.

A GRUMPY TEEN-AGER

'Why Is It Rainbow Seldom Appears?'

Nearly 4,000 years ago God placed the rainbow in the sky to remind all mankind He would never again destroy the earth with a flood. As a child, the rainbow nearly always appeared in bright, vivid colors, but in recent years I have seen very few. Could it be that we have become wicked that God is not reminding us so often? I am wondering if many children today know the meaning of the rainbow.

JUST WONDERING

Says Right-Wing Extremists Dedicated

It is fortunate that we have patriotic Americans, so-called "right-wing extremists," who refuse to join our most vociferous politicians who cooperate with evil forces. These so-called "right-wing extremists" are neither hate or war mongers. They are dedicated Americans. Does history condemn our Saviour because he would not tolerate the money changers? Does history condemn George Washington, Nathan Hale, Paul Revere, and a host of other patriots who refused to tolerate tyranny and taxation?

The extreme right did not give billions of taxpayers' dollars to Communist Russia and other atheistic dictators. They did not sell captive nations down the Volga River at Teheran, Yalta, Potsdam and Geneva. They did not betray Nationalist China when, upon orders of high officials in Washington, the ammunition was dumped into the ocean to make the nationalists defenseless before the Communists of China and the Moscow stooges. They did not fire Gen. Douglas MacArthur. They did not withhold aid from Polish, East Berlin and Hungarian freedom fighters and forbid Franco to come to their aid. They did not withhold the victory from our Army and allow Russians to enter first and plunder Berlin. They did not forcibly remove 5 million refugees behind the Iron Curtain to face certain death. They did not withhold air and naval support at the Bay of Pigs. They are not giving away wheat, salad oil and feed grain to our enemies. They are not coddling home-grown Communists and Red agitators. They are not ridiculing the House Committee of Un-American Activities and smearing and suppressing all anti-Communist efforts of patriotic organizations.

Can you blame the Right-Wing Americans for trying to return this government to the dignity and respect that it once held?

S. OLSHANSKY
BLOOMFIELD HILLS

'John Coleman—an Asset to Waterford'

It was with regret that I read that John Coleman will be leaving Waterford Township. He has been a great asset to our school system and I have heard many creditable remarks made by our students and citizens about this man.

As a township board member he has worked only for the betterment of our community. Waterford will greatly miss this civic-minded person.

EUGENE C. PUGLISE
2545 GRANDVIEW

Agrees Clothing Stores Rush Season

Three cheers for the "Lady of the Lake" writer about the clothing situation in our stores. Last February I tried to buy a pair of boots and all I could find were summer coats. A month ago I tried to buy extra tennis dresses for my girls and all I could find were winter coats. I refuse to buy winter coats and dresses in July. When you have growing children how do you know whether the clothes will fit when winter gets here?

Also, I do hope Santa will stay out of the stores until after Thanksgiving. I will not buy toys for Christmas in July either.

OPEN EVERY NIGHT TO 9

Monday through Saturday

DOWNTOWN AND DRAYTON PLAINS

Hope Is Abandoned for Five Missing in French Limestone Mine

CHAMPAGNOLE, France (AP) — Hope was abandoned today for five men still missing deep in the Mt. Rivel limestone mine.

Mayor Andre Socie told newsmen "For us Mt. Rivel is now a mount of tragedy."

Three different attempts to reach the missing men from the side and above ended in failure, or were abandoned.

Two small vertical sounding drills continued to pierce the mountain in the hope of finding some trace of a truck containing one of the men entombed by a cave-in 10 days ago. But officials said it was too late to pull anyone out alive.

Fourteen men were trapped in

the huge underground labyrinth on July 27. Nine were rescued unhurt Tuesday.

NICOSIA, Cyprus (AP) — Greek and Turkish Cypriots fought a two-hour gun battle Wednesday night in downtown Nicosia. One Greek Cypriot fighter was killed and four others injured, U.N. observers said.

It was the heaviest street fighting since December, when the civil war erupted.

A U.N. spokesman said there were no reports of Turkish casualties.

BOMBAY, India (AP) — Three more people have been killed and 33 wounded in food

price riots at Ahmedabad, capital of Gujarat State in western India.

Officials said police fired on a mob of 6,000 demonstrating against spiraling food prices. Earlier in the day demonstrators beat a policeman to death.

TEL AVIV, Israel (AP) — An Israeli soldier was reported killed and another missing after a one-hour border clash early today between an Israeli patrol and a Syrian detachment.

An Israeli military spokesman said a patrol making a routine

border inspection crossed by mistake into Syrian territory.

HIROSHIMA, Japan (AP) — Residents laid wreaths today in

memory of Hiroshima's nuclear dead as this rebuilt city of half a million people marked the 19th anniversary of the U.S. atomic bomb attack.

Some 240,000 persons died in the attack when an American plane dropped the bomb over the center of the city on Aug. 6, 1945.

Delegates from 40 foreign nations to the Socialist-sponsored ban-the-bomb conference attended the memorial services.

viet Union to pay its \$56-million assessment for past peace-keeping operations.

The Soviet Union proposed that a permanent peace-keeping force be responsible to the Security Council, where it has a veto, and that the personnel and command structure include representatives of the Communist, Western and nonaligned nations.

UNITED NATIONS, N.Y. (AP) — Britain told the U.N. Security Council it is willing to discuss Soviet proposals for establishment of a permanent U.N. peace-keeping force. But the British said a primary consideration must be agreement on "equitable sharing of the costs."

The United States has not given its reply but has let it be known that it would like the So-

DON'T SCRATCH THAT ITCH IN JUST 15 MINUTES.

If the itch needs scratching, you're back at any drug store. You feel quick-drying ITCH-STOP! takes hold. Itching quiets down. Antiseptic action kills germs to help speed healing. Fine day or night for scours, insect bites, ringworm, foot itch, other surface rashes. NOW at Thrifty Drug, Simps Bros. Drug.

Perform Surgery Without Rare Blood

MUSKEGON (AP) — Sixteen-month-old Paul Raney was reported "doing real good" at Hackley Hospital today despite lung surgery performed without a blood transfusion which doctors had hoped to administer.

Blood, a rare I negative type known to be available from

only 10 persons in the country, N.D., whose was the only one among the 10 known I negative types that appeared to cross-match with the child's.

But it was found after arrival that the two bloods were non-compatible and surgeons went ahead without a transfusion.

News Briefs From Washington

Money Bill to Finance 26 Federal Agencies Clears Senate

WASHINGTON (AP) — The second largest annual money bill, a \$13.5-billion appropriation to finance 26 federal agencies, has cleared the Senate and gone to the House carrying \$5.3 billion for the National Aeronautics and Space Administration.

All efforts to cut the agencies' funds were rejected during Senate consideration Wednesday.

The House actually acted on the appropriation first, but knocked out the funds for the space agency because Congress had not completed approval of a separate space authorization. A conference committee of both chambers is expected to adjust the differences and send the measure to the President.

Only the \$47-billion defense appropriation carries more money.

WASHINGTON (AP) — President Johnson hasn't officially said he'd like to be nominated for president, but Democratic National Chairman John M. Bailey — like everyone else — is so sure, he's announced who will do the honors at the Democratic National Convention in Atlantic City.

Govs. Edmund G. Brown of California and John Connally of Texas will be the co-nominators at the appropriate time, Aug. 26, Bailey said Wednesday night. The length and number of seconding speeches have not yet been determined, he added.

WASHINGTON (AP) — By an almost straight party-line vote

Bridge Collapse May Result in Tax Increase

BIG RAPIDS (AP) — A city tax increase may be in store here as the result of the collapse last week of a 50-year-old bridge across the Muskegon River.

City Manager George Granger estimates "as much as a mill and a half" may be necessary to finance replacement of the structure which fell under the weight of a dairy truck loaded with 4,000 gallons of ice cream.

Driver Dale MacTavish, 46, of Cedar Springs, escaped injury in the mishap.

Granger told the city commission a new bridge would cost up to \$200,000, depending upon condition of midriver footings.

of 59 to 23, the Senate has accepted Pierre Salinger as the junior senator from California — at least temporarily.

Republicans have challenged the legality of the former White House press secretary's appointment by Gov. Edmund G. Brown to complete the term of Sen. Clair Engle, who died last Thursday. Engle was a Democrat, as are Brown and Salinger.

Republican George Murphy, who will oppose Salinger in the November election, filed suit in Los Angeles to nullify the appointment. Aug. 17 was set for a hearing.

Senate Republican Leader Everett M. Dirksen said Salinger is not a California voter and the state's law requires anyone appointed to a Senate vacancy to be a qualified elector.

ENTERED RACE

A native of San Francisco, Salinger lived in nearby Virginia in recent years. He quit his White House post last March 19 and went to California the next day to enter the Senate race.

In the vote to seat the one-time aide to President Johnson and the late President John F. Kennedy, California's senior senator, Republican Thomas H. Kuchel, jumped party traces and sided with the Democrats. So did Republican Sen. Milton R. Young of North Dakota.

WASHINGTON (AP) — Nearly \$2 billion has been distributed in benefits to soft coal miners and their families since the United Mine Workers' Welfare and Retirement Fund was established in May 1946, said an annual report released today.

Pensions to miners 60 years of

age and older accounted for almost \$1 billion. Hospital and their dependents cost fund report said.

At the close of the fiscal year, there were \$4,658 million in addition to Social Security June 30, there were \$4,658 million in monthly pension they receive in benefits.

300,000 Chinese Soldiers Said to Be in N. Viet Border Area

TAIPEI, Formosa (U)—Communist China sent about 300,000 troops to its border with North Viet Nam recently and now has an estimated 300,000 soldiers in the area, Nationalist Chinese military sources reported today.

Nationalist officials believe the troop movement and restrictions issued last June by Peking on sea travel in the Hainan Strait were connected with the attacks by North Vietnamese torpedos boats on U.S. warships this week.

The sources said the Communists also moved an air force division of more than 70 fighters to Hainan, on northern Hainan Island. Most of the

planes were Soviet-built MIG-17s and MIG-19s, they said. Earlier, the sources said, at least six Red Chinese submarines were sent to Yulin, a

southern port on Hainan.

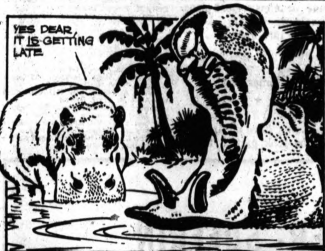

They said the Chinese Communists flew in the fighters after constructing an air field for jet planes in Hainan.

The sources believed the restriction on travel in the Hainan Strait was probably to prevent foreign ships from spying on the construction project.

The Chinese Reds last June barred all foreign warships from the strait and said advance notice of merchant ship movement in the waterway were required.

Meanwhile, U.S. military authorities said no orders have been issued placing more than 2,000 American servicemen on Taiwan on special alert.

A Junior Editors Quiz About ANIMALS

QUESTION: "Hippos" means horse, but why is it used in "hippopotamus"?

★ ★ ★

ANSWER: "Hippos" is Greek for horse and "potamus" for river, together they mean river horse. It does seem ridiculous to compare this ungainly creature . . . one of the ugliest of animals, with the graceful horse, to which it is not closely related.

Both belong to the "ungulates," animals with horny hoofs or hooflike nails. But the horse, with one hoof to a foot, belongs to the "odd-toed" ungulates, while the hippo with his 4 hooflike nails, is part of the "even-toed" group, like the pig.

However, the hippo has very horselike ears, even if small, and his heavy head with square muzzle has a certain grotesque resemblance to a horse's head.

Hippos love to lie in water with only the ears and eyes showing. Seen like this, a hippo does resemble a horse, and the resemblance grows as he shows the top of his head while pulling himself up a river bank. This is no doubt the basis for the name "river horse."

The huge size and extremely tough skin of the hippopotamus mean that these animals have few enemies.

They seem to enjoy their lives as they lie wallowing in the river water, the best place to be in the hot, tropical African country, which is the hippo's home.

★ ★ ★

FOR YOU TO DO: Find out more about the ungulates, and make a list showing which belong to the even-toed group and which to the odd-toed group. Besides horses, pigs and hippos, where do rhinos, tapirs, cattle, deer and sheep fit in?

Foundation Disbanded

Donates Last \$96 Million

NEW YORK (AP)—The James Foundation announced it has given away its last \$96 million and will go out of existence Dec. 31.

The fund was founded in the will of Arthur Charles James, who once owned a seventh of all the railroad mileage in the United States.

He died in 1941, leaving \$28 million to the fund, which was to operate for 25 years unless its trustees ended it sooner.

The fund grew and grew. Over the years the fund has given away \$42 million, in addition to the \$96,350,000 in the final grants.

★ ★ ★

The last gifts went to 92 institutions in amounts ranging from \$100,000 to \$5.5 million.

SCHOOL DONATIONS

Union Theological Seminary of New York got the most. Harvard University received \$4 million.

Amherst College, the New York Children's Aid Society, and the Metropolitan Museum of Art received \$3.5 million each.

Three million each went to Columbia University, Hampton Institute and Yale University.

Democratic Tradition

Tennessee Primary Is Today

NASHVILLE, Tenn. (AP) — Tennessee Democrats, with a tradition of electing U.S. Senators, and Republicans, who have carried the state in the last three presidential elections, select two senatorial nominees each today.

Sen. Albert Gore seeks a third term, but his token campaign against three political unknowns has been overshadowed by a fierce three-man Democratic fight for nomination to the old Estes Kefauver Senate seat.

Gov. Frank Clement, Rep. Ross Bass and businessman M. M. Bullard seek the two remaining years of the late senator's term.

County general elections are being held concurrently with the primaries, and two local races in rural Fayette County will test the Negro's voting strength. A Negro, the first to seek public office in Fayette since Reconstruction, is running for tax assessor and a white farmer with wide Negro support is a candidate for sheriff.

THE CHOICES

For nomination for the Kefauver seat — now held through appointment by Herbert S. Walters, Morrisstown Democrat — Republicans will choose between Howard Baker Jr., son of the late congressman; former University of Tennessee administrator Charles Moffett and young Maryville attorney Hubert Patis.

Dan H. Kuykendall of Memphis is unopposed for the GOP nomination to oppose Gore. In the other Senate race, both Clement and Bass are undefeatable.

Auto Accident Fatal

MIO (AP) — Lionel Rich, 63, of rural Traverse City was killed Wednesday when his car went out of control and overturned on M-72 in Oscoda County.

See Aug. 9

Rebels Occupy Stanleyville

Congolese Army Still Fighting on Outskirts

LEOPOLDVILLE, The Congo (A) — Congolese Army troops are reported still fighting Communist-backed rebel warriors on the outskirts of Stanleyville, the main city of the Northern Congo which fell to the rebels yesterday.

Brief messages reaching the Congolese capital from Stanleyville by a roundabout route said the rebels had occupied the city.

The messages added that troops of the Stanleyville garrison were still battling just outside the city in the neighborhood of the airport.

The airport control tower went off the air yesterday afternoon after a message saying that the "Popular Liberation Army" had taken over. The rebels are being financed and advised by Chinese Communist diplomats in the neighboring capitals of Brazzaville and Bujumbura.

Messages today indicated that U.S. Consul Michael Hoyt of Chicago and his staff of four other Americans in Stanleyville were alive and in good health.

REFUSES TO LEAVE

Hoyt, 33, had refused to quit his post "as long as there is still hope." With him in Stanleyville are vice consul David Grinwis, a radio operators James Stauffer and Donald Parkes and administrative officer Ernest Houle.

Trucks of paracommandos in full battle gear rolled through the streets of Leopoldville this morning. Other soldiers took up positions outside the capital's main post office and other key government buildings.

Army Officer Leaves Clues for Tracers

FT. MONROE, Va. (AP) — In midafternoon of July 14, Col. Oscar T. Buchholz telephoned his wife to see whether she wanted something from the store.

That telephone call five weeks ago was the last contact Buchholz made with his family here or with the Army, which had cleared him to handle top-secret information.

Since then Buchholz, 45, a decorated veteran of World War II and Korean service, has been reported in several areas of the country, including California. But a drunk-driving citation in North Carolina, some camping episodes in Virginia and North Carolina, some personal checks and a visit to a relative in his hometown of Pecos, Tex., are the only clues Army investigators have to go on.

At first Buchholz was listed as missing by the Army, but then an A.W.O.L. apprehension order was issued.

U.S. Names 2 Pilots Missing in Air Strike

WASHINGTON (UPI) — The Defense Department has identified the two Navy pilots missing in the air strike against North Vietnamese naval bases.

The pilots both flying from the

carrier, Constellation, were Lt. J.G. Everett Alvarez Jr., 28, husband of Tanager Alvarez of 1303 Madrona Ave., San Jose, Calif., and the son of Mr. and Mrs. Everett Alvarez of 2168 Bohannon Drive, Santa Clara, Calif., and Lt. J.G. Richard C. Sather, 26, son of Mr. and Mrs. Christian Sather of 339 West McKinley, Pomona, Calif.

Defense Secretary Robert S. McNamara said one of the two pilots may have landed in North Viet-Nam either by parachute or in his crippled plane. He said it was not known which one this might be.

The other pilot was presumed missing after his plane went into the sea, McNamara said.

The North Vietnamese have claimed they have an American pilot who took part in the air

Night Free of Disorder in Jersey City

JERSEY CITY (UPI) — Jersey City last night enjoyed its first peaceful night since bloody rioting broke out last Sunday.

A dance and basketball game were the only activities under way last night in the Negro slum neighborhood that had been rocked by pitched battles between rioters and police for three nights.

The only persons arrested last night were two New York men, Alex Rassikoff, 52, and Michael John Scott, 28. Police said a butcher knife was found on Scott.

Police said Scott, a British subject, was held on a narcotics charge.

"Good night; job well done," Mayor Thomas J. Whelan said to Police Chief Joseph Smith last night on a quiet street that had echoed with the sounds of sirens, bullets, bricks and gas-line bombs.

BARE-HEADED POLICE

At the Booker T. Washington housing project that had been a battleground for helmeted patrolmen and rock-throwing Negro gangs, policemen stood bare-headed and chatted amiably with civil rights workers.

Father Robert W. Castle, a white Episcopal priest who last month led a civil rights

demonstration that involved pushing a car in front of city hall, and told a group of clergymen Monday that "as Christians we might have to bleed tonight," dribbled a basketball and smiled broadly when he sank a jump shot.

It was the first peaceful night since the rioting started Sunday, and Negro youths were intent on keeping it that way.

Even routine horseplay was

ruled out for fear it would attract the attention of roving police and spark another night of violence.

'COOL IT!'

A good-natured wrestling match between two teen-age youths halted abruptly when a civil rights worker ordered: "Cool it!"

Earlier Mayor Whelan met with a committee of Negro and white clergymen to re-

store the communication that was severed Monday night when a delegation of clergymen, civil rights workers and neighborhood youths stormed the mayor's office declaring Whelan wanted to "solve the problem with a nightstick."

This meeting produced agreement and a joint statement urging law and order and condemning "the use of unne-

sary force on the part of police."

A four-hour meeting of clergymen at Christ the King Roman Catholic Church followed to map plans for rehabilitating the area. High on the list are plans for an improved recreational program that would mean reopening community rooms that were closed because of damage to facilities and the inability of the city to staff them.

Renewal Project Aided

WASHINGTON (AP)—A grant of \$201,584 and a loan of \$590,584 that will enable St. Clair shores,

Mich., to start on its 18-acre "9-mile industrial" renewal project was announced Wednesday by the Urban Renewal Administration.

In older days it was a customary good-luck gesture to insert a new coin under the foremast when it was stepped into place on a new sailing ship.

Another Side to Cuba Crisis

Only History Will Judge Real Hero

By DICK WEST

WASHINGTON (UPI) — The disclosure this week that a television reporter played an important role during the 1962 Cuban missile crisis has put me in a delicate position.

The story broke right at a time when I was trying with the idea of revealing my own activities during the big showdown.

If I now tell all, no doubt I will be accused of trying to steal the spotlight from John Scall, the network newsmen who served as a go-between in the tense negotiations.

On the other hand, if I keep silent an account of my part in the confrontation may be divulged by other sources, possibly with a wrong interpretation.

Scall, who was pledged to secrecy, almost got scooped on his own story, and I would not want that to happen to me.

So, at the risk of sounding sour grapes, I have decided to release all the facts as I remember them.

SOME SPECULATION

There was considerable speculation at the time that I was preparing for a fast getaway in event the situation deteriorated.

Well, now it can be told that I actually was keeping myself available in case the White House wanted me to carry a message to the Russian Embassy.

The disclosures this week make it clear why I was never summoned. They were using Scall instead. But we also serve who only stand and wait.

Likewise, there has been a certain element of mystery con-

cerning what I was doing out in my backyard with a shovel and flashlight.

NOT THE CASE

Those who jumped to the conclusion that I was frantically trying to construct a fallout shelter may be surprised to learn that such was not the case at all.

I can now reveal that I was

digging a hole in which to hide my secret memoranda that might be entrusted to me by "Mr. X," the Soviet intelligence chief who saw fit to contact Scall instead.

And finally there is the matter of why I tried to charter an airplane to fly me to the Sandwhich Islands. Appearances to the contrary, I was not acting

in panic out of a desire for self-preservation.

I simply felt that I should be time my services might be needed as a go-between.

To the best of my recollection that was the extent of my participation in the crisis. Was I instrumental in preserving world peace? Only history can judge.

FAT OVERWEIGHT

Available to you without a doctor's prescription, the ODRINEX plan. You must not use any fat or your money back. One of the basic problems of losing weight is your inability to stay in a planned diet. The ODRINEX plan contains a key tablet and is easily swallowed. When you take ODRINEX, you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food thus making it easier and more comfortable for you to diet. Your weight must come down because of your own desire with tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. Of course ODRINEX can't do all the work for you alone. But if you really want to cut down your eating, and lose weight ODRINEX can be a powerful helper. The ODRINEX plan costs \$12.95 and is sold on this guarantee: If not satisfied for any reason just return the package to your distributor and get your full money back. No questions asked. The ODRINEX plan is sold with this guarantee by: SIBBS CUT RATE DRUG STORE, 16 N. Saginaw, Mail Order Filled

Famous Marxist Head of Vietminh Is Chief U.S. Foe in Crisis

(EDITOR'S NOTE—Once a cabin boy, once a cook, once, perhaps, a visitor to America. Now he is ruler of North Viet Nam. But just what sort of person is Ho Chi Minh? In an intimate portrait of both Ho and North Viet Nam, veteran reporter John Roderick examines these and other timely questions.)

By JOHN RODERICK

TOKYO (AP)—A shadowy but famous Marxist ruler in Southeast Asia suddenly has become the direct adversary of the United States, his torpedo boat nests the targets of American bombs.

Strangely-bearded Ho Chi Minh, one-time cabin boy, cook and Soviet follower, is regarded by many in his Democratic Republic of (North) Viet Nam—and by quite a few in South Viet Nam—as his country's greatest patriot, the undisputed leader of Indochina's war for independence from France.

Behind his benign exterior hides one of the most single-minded, skillful and ruthless Communists. From his headquarters in North Viet Nam, he leads a force in the south that calls itself revolutionary fighters of the National Liberation Front, better known as the Viet Cong (Vietnamese Communists).

Its driving force is said to be about 25,000 men trained as guerrillas by Ho's northern Communist regime. These are the enemies of the expanded forces of American advisers to the Republic of South Viet Nam, which is fighting to beat the Communist stranglehold threatening its existence.

INDOCHINA WAR OFFSPRING

The two Vietnamese republics

that face each other across the 17th Parallel are the troubled offspring of the Indochina war which Ho Chi Minh brought to an end in 1954. By crushing the flower of French colonial armies at Dien Bien Phu, Ho's guerrilla army of 110,000 men that once totaled 700,000 men during the seven-year war.

Ho expected to dictate terms to the defeated French, but French and Soviet pressure forced him to postpone total control of Viet Nam in favor of a divided country.

Five years later, convinced that unity could never be achieved on their terms, Ho's Communists began the guerrilla campaign against the south, then led by Ngo Dinh Diem.

Even before Ho's torpedo boats attacked U.S. destroyers in the Gulf of Tonkin this week, there had been increasing talk in Asia and in the United States of the possibility of American attacks on North Viet Nam as a means of halting aid to the Communist guerrillas in the south.

HO SCOOPED
Ho previously had scoffed at this possibility.

"How can they talk about marching to the north when they cannot even control areas in the immediate vicinity of Saigon?" This is sheer stupidity, he said in an interview in April.

Despite his derision, Ho is probably deeply worried over the effects of an American South Viet Nam strike at the north or the possibility of open warfare between the north and the south. His anxieties are not over the damage which might be done to his almost nonexistent industry or to the remote possibility that his armies might be defeated by those of the south. He reserves his real fears for his giant neighbor, Communist China.

Should the Vietnamese mili-

tary situation deteriorate, Red China's Mao Tse-tung might well carry out his repeated promises to come to the aid of North Viet Nam. Ho, remembering Viet Nam's history as a racial and satellite of the old Chinese Empire for 1,000 years, no doubt fears his police Chinese friends even more than he does his anti-Communist enemies.

NOT REAL NAME

Though the name of Ho Chi Minh is famous throughout the world, it is not his real one. No one quite knows what this man of many aliases was called when he was born in Nghe An, in North Annam, in 1890.

Son of a Vietnamese nationalist, he left Viet Nam in 1911 as a cabin boy aboard a French merchant ship, said to have spent some time in the United States, worked as an assistant to the great French cook Escottier in London, and from Germany reached Paris, where he got a job retouching photographs.

But his tastes were predominantly for politics and reading. Soon he joined the "League for the Rights of Man," the French Socialist party, and met such French socialist leaders as Leon Blum and Marcel Cachin.

Known as Nguyen Ai Quoc, he spent much time in European jails for his Socialist views. In 1919, with Cachin and others, he became a founding member of the French Communist party and wrote a book that soon became famous, "French Colonization on Trial." Smuggled into Indochina, it inflamed the passions of young patriots and made Nguyen Ai Quoc a household name there.

VISITS MOSCOW

He went to Moscow in 1923 as a delegate of the French Communist party to the Peasant International and remained in the Soviet capital a year studying Communist techniques.

His next stop was Canton, in China, where he was secretary to Michael Borodin, the Soviet advisor to Sun Yat-sen's emerg-

ing Kuomintang. There he met Chou En-lai and many Chinese Communists then collaborating with the Kuomintang in its drive to unify China. In Canton, Nguyen Ai Quoc formed an association of Vietnamese revolutionary youth, the forerunner of the Communist party which he created in 1931 at Hong Kong. By that time, the Kuomintang and the Communists had quarreled, and Nguyen Ai Quoc had been forced to flee, first to Moscow, then to the British colony.

During World War II, the Allies in Chungking used the revolutionary movements in Indochina to gather intelligence and carry out sabotage against the Japanese. Nguyen Ai Quoc, known as a Communist, landed in jail in South China but he soon persuaded his captor, Gov.

HO CHI MINH

Chang Fa-kwei, that his group could do a better job than the Nationalists. To get him out jail and supplied with the funds he needed from Chungking, Nguyen did a simple and easy thing: He changed his name to Ho Chi Minh, "The Enlightener."

No one in the Nationalist capital knew the name, so they took

Chang Fa-kwei's word that he was the man for the job.

UNDERGROUND SUPPLIES

Thus, when World War II ended, Ho had an underground army supplied, equipped and encouraged by the United States and its Allies. He was able to enter Hanoi—no longer, on the face of it, a Communist, since he had with shrewd forethought abolished the party some months earlier. He knew that in the struggle which would follow, he could lead Viet Nam not as a Communist but as a nationalist. He kept up the fiction until 1951 when he formed the Lien Viet (United National Front) in which the Lao Dong (Communist Workers' party) was to be the leading element.

During the long years of war against the French, Ho was cold-blooded in liquidating those who threatened his power or that of the Communists. At the time of victory in 1954 he was in absolute control.

ECONOMY POOR

Today, 10 years later, the north is reported caught in the grip of economic hard times, with black marketing, corruption, food shortages, unemployment and low wages.

There seems to be no accurate information available on the size of the North Vietnamese military establishment, but the general view is that it has grown considerably since the victory of 1954. American intelligence sources say the army numbers 250,000 men, the navy 1,000 and the air force 300.

South Vietnamese sources say there may be as many as 500,000 in the army. Nationalist Chinese officials put the figure at closer to 300,000 or 350,000. The Chinese Nationalists say the regular armed forces are complemented by 1.4 million militiamen and women between the ages of 18 and 45 whose

main job is to maintain order.

AIR FORCE

According to the Nationalist Chinese, the air force has as many as 6,000 men and 139 planes, including 58 MIG's, six of them from Red China, 12 LA-7 fighters and 3 T-74 bombers acquired from Peking last year. The Nationalist Chinese list the navy's strength at 87 small craft including 20 gunboats, four transports, a minesweeper, eight torpedo boats and assorted other small vessels. A regiment of marines established in 1963 has 10 landing craft, 80 motorized boats and 25 other amphibious ships.

U.S. intelligence believed the North Vietnamese had 16 PT boats and about 30 motor gunboats.

The Nationalist Chinese say some 2,000 Chinese Communist military experts are assigned to North Viet Nam to train the Viet Cong guerrillas.

In addition, North Viet Nam sends more than 1,000 military personnel to Red China for training each year.

UNEASY BALANCE

In North Viet Nam today there is an uneasy balance between the pro-Chinese faction and the pro-Soviet faction headed by Gen. Vo Nguyen Giap, the victor of Dien Bien Phu who is minister of defense. Le Duan,

party secretary-general, is a close friend and protégé of Ho's and thus keeps the old man's influence alive and constantly felt. He and Premier Phan Van Dong are regarded by most observers as more favorable to the Soviets than to the Chinese.

He has maintained this precarious balancing act not only domestically but in the world Communist movement as well. In the early days of the Soviet-Chinese quarrel he sought frantically to patch things up, recognizing that he needed the assistance of both countries for his industrial program.

There are signs, however, that the pressures from Peking are increasing and that even the pro-Soviet are beginning to bend toward their next door neighbor and its hard line. But Ho refuses to come down in either side in the Chinese-Soviet quarrel.

"If South Viet Nam and its U.S. lackeys insist on attacking the Democratic Republic of Viet Nam, we shall not sit idly by with folded hands," the Chinese warn. And they add: "We always keep our word!"

OMINOUS

It is one of the ironies of pow-

er politics, particularly of the Communist variety, that these words may ring just as ominously in the finely lobed ears of the old revolutionary in Hanoi as they do in those of his enemies.

Three apartments available for immediate occupancy. Reservations now being accepted for October in final section.

Spangler Arlington Brugh Interviewed

Film Star 'Feels Pretty Good About Life'

By HAL BOYLE
NEW YORK (AP)—"I've seen them all come and go, and I'm still hanging around," cheerfully remarked Spangler Arlington Brugh, the famous movie star, who will be 53 Wednesday.

"I feel pretty good about life. There's nothing much that bugs me. I've always successfully avoided anything that bored too much."

"I've always just been a guy who tried to keep my nose clean, do my job and avoid conflict as much as possible. I've tried to do things that would make me happy and not hurt others."

ONLY THING

"The only thing I worry about is what's my next picture going to be."

Tanned, blue-eyed and still strikingly handsome, Spangler Arlington Brugh can look back on a career that has few if any parallels in filmdom.

As a boy back in Beatrice, Neb., he wanted to be a doctor like his father. As a youth he juggled a battered cello to California and hoped to become a musician.

But a talent scout saw him in a college play and he went to work for MGM in 1934 at \$35 a

week. He stayed there 26 years, the longest period any top star has ever worked for any one studio.

And Spangler Arlington Brugh did become a top star. He was mobbed by crowds of up to 5,000 people. A newsma-

London Guides Fight Robots

LONDON, (AP)—A revolt is on against automation in Windsor Castle, the Tower of London and Henry VII's palace at Hampton Court.

The rebels are members of the Guild of Guide-Lecturers, the bowler hat and umbrella brigade who show tourists around London's ancient monuments.

The object of their displeasure: "robot guides," recorded commentaries with earphones that the ministry of works wants to hire out to the rubbernecks.

Major Roy Battcock, the Guild's chairman, complained: "We have been asked to sell vouchers for the apparatus on coaches where we are acting as guides and have been offered a commission on each sale."

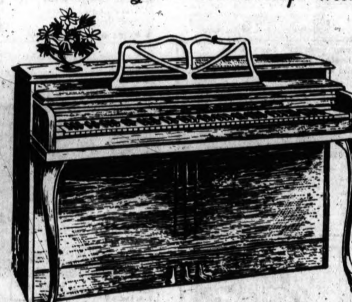

'IDEA DISTASTEFUL'
"The whole idea is distasteful and quite unbecoming to the dignity of the profession."

The ministry said the robot scheme at present is used only in the state apartments at Windsor. Queen Elizabeth's premier palace and guides are not allowed to lecture in the apartments anyway.

But the guide-lecturers, most of them retired army officers, say the ministry plans to extend the scheme. They believe it could put them out of business.

"We are going to discuss the whole question of robot guiding at an emergency meeting soon," said Battcock.

Goldwater, Miller Schedule Another Meeting Tomorrow

Barry Renews Drive for Unity in Confab With GOP Congressmen

WASHINGTON (AP)—Republican presidential nominee Barry Goldwater renewed his drive for party unity today at a closed-door session with Republican

members of the House and Senate. Goldwater's press secretary, Tony Smith, said most of the 100 legislators invited to the pre-

vide breakfast were at hand.

Another meeting with Goldwater and his vice presidential running mate, Rep. William

E. Miller of New York, is scheduled tomorrow for other GOP Congress members.

The 212 Republican members of Congress — 178 representatives and 34 senators — were invited in two groups to hear the party's nominees and ask them questions.

New York's two Republican senators, who have said they cannot, at least for the present, support Goldwater, both were expected to attend.

A spokesman said Sen. Jacob K. Javits had accepted an invitation to attend today's session. An aide to Sen. Kenneth B. Keating said he expected to be on hand for Friday's meeting.

Just back from a week's vacation in California, Goldwater kept to himself Wednesday. Aides said he spent the day at his Washington apartment.

Today's agenda takes him back to the Senate and the whirl of presidential politics.

For one thing, aides said Goldwater is due to move into a new office prepared for him at the Republican National Committee, the operations center for his campaign planning.

And he plans to be on the Senate floor for the vote on a resolution backing President Johnson's stand in the crisis touched off when North Vietnamese patrol boats staged two raids on

U.S. destroyers in international waters.

Goldwater Tuesday night declared his support for Johnson's decision to wage retaliatory air strikes against Communist bases and patrol boats.

A spokesman indicated Goldwater will vote for the resolution.

"Offices in Major Cities of U.S."

DOWNCAST—Wives and daughters of crewmen are downcast as aircraft carrier Ranger slides out of her berth at Alameda Naval Air Station yesterday en route to the

U.S. 7th Fleet in the Far East. The departure was described as routine, despite the present Viet Nam crisis.

Navy Ships Leave for Far East

Grim Wives Watch as Husbands Sail

SAN DIEGO, Calif. (AP)—Few were the faces that weren't tear-stained or grim as a knot of Navy wives watched the 12 ships of Cruiser-Flotilla II sail for the troubled waters of the western Pacific.

"It's a bad feeling," said Mrs. Thomas Pate, whose husband, a boatswain's mate second class, was one of the 4,000-man department yesterday to join the Seventh Fleet.

The departure, scheduled months ago, would have been routine last week, but a battle between U.S. and North Viet Nam forces in the Gulf of Tonkin yesterday cast a shadow over the leave-taking.

"Anything can happen over

there," said Mrs. Wallace Jones, wife of a gunnery officer aboard Pate's ship, the destroyer USS Parsons. "It's ominous."

Mrs. Jones brought two sons to the docks to say goodbye to their father. Mrs. Pate stood with her four children as her husband boarded the Parsons.

CUBA CRISIS

"I feel exactly as I did when my husband was called to sea in the Cuban crisis," Mrs. Pate said.

"Who knows what will happen before they get back? It gets worse and worse."

Other ships leaving in Flotilla II were the guided missile

cruiser Columbus; destroyers Morton, Bausell, Richard B. Anderson, Agerholm, Porterfield, Wedderburn, Richard S. Edwards and Hopewell; guided missile frigate Coontz and guided missile destroyer McCormick.

Sailors stationed in San Diego for sea duty know they can expect regular six-month cruises in the Far East.

Youth Killed in Crash

EATON RAPIDS (AP)—Robert Young, 18, of Dimondale was fatally injured Wednesday night when the car in which he was riding collided with another at an M-99 intersection nine miles north of Eaton Rapids.

CONTESTANTS MEET WINNER — Miss Michigan, Sally Jane Noble of East Lansing, and Gov. Romney, a pair of contestants, met a winner yesterday — the Faith 7 space capsule. Miss Noble soon will compete for the

title of Miss America. The governor is a candidate for reelection. The spacecraft proved a winner when it carried astronaut L. Gordon Cooper around the earth 22 times last year. It is on display in front of the State Capitol.

AP Photo

Wonder Where the Water Went?

WESLAO, Tex. (UPI) — Either the Weslaco water system has a king-size leak or someone is stealing 22 million gallons a month, enough to create a small lake.

City officials were confounded yesterday in their attempts to figure out where the water is going.

But it is going — at the rate of 700 gallons a minute.

"I'm at my wit's end," said water superintendent Wally Gilmore. "If it were a leak, it would spout four stories high."

City Manager Cecil Massey was equally puzzled. He doubted that anyone was stealing the water because "nobody could steal 20 million gallons."

CHECK FIGURES

The mystery popped up when someone checked the figures at the water works and discovered that out of 70 million gallons of water metered into the filtration plant, paying customers got only 48 million.

That meant nearly half of the total output of the water works for the period studied had disappeared. Inspectors looked long and hard for new leaks that might have popped up, but none were found. The sewers also were checked, but the water was not there.

A meeting was called to deal with the problem, because in dry Texas, water is a precious commodity. The only suggestion was one by Mayor Joe Stephens, who said "Maybe we should get a divining rod."

SIMILAR PROBLEM

Last October the city had a similar problem, but it only

involved 2.5 million gallons. It was discovered that a Robin Hood meter reader had been

cheating on his reports to give poor families lower meter readings.

'Ready Operators Not So Ready Now'

By DR. WILLIAM BRADY

A Western reader writes:

"It just makes me sick to see this picture in our paper yesterday—that grinning mother in the background looks as though she were really doing something clever. There was no obituary notice in the paper today, so apparently all the children survived the atrocity."

"When our son, now almost 6, was 5 months old he began having ear trouble. Ear-aches which caused him to cry all night. Nothing quieted him except rocking him and he'd go to sleep in my arms, but as soon as I put him down he'd wake and start crying."

"Our doctor lances the ear for ear-ache—he lanced the baby's ear about once a month and it seemed to relieve pressure so that the baby had no more ear-ache, for a while."

"When the baby was nearly 3 years old, the doctor insisted his tonsils and adenoids must come out, because of the ear-aches."

SHE'S THANKFUL

"But I dragged my feet—and how thankful I am I did. As I said, he is almost 6 now, and for the past three years he hasn't had a single ear-ache. Periodically I take him to the doctor for examinations, and the doctor has never since mentioned his needing his tonsils out. So I wonder just how important it was then."

"Thank you for your column. Please keep up the good advice. Who knows—maybe someone will heed your advice, and if just one child's life is saved, it'll be worth it!" (Mrs. R. S. L.).

The child's tonsils may have become smaller in the past three years. Most young children have large tonsils—a state which indicates, I think, that the child has a fair degree of natural immunity against the respiratory infections. Please notice I do not say "resistance."

And immunity is a specific state—for instance, a child or an adult may have a fair degree of immunity against diphtheria and little or none against staphylococcus or streptococcus or pneumococcus infections. As the child reaches school age, he or she, under favorable circumstances, will have acquired a considerable degree of immunity against the C.R.I. (Common Respiratory Infections)—"colds" to ignoramuses and stinkers—and the tonsils will be a good deal smaller.

By "favorable circumstances," I mean the chance to enjoy outdoor life—which varies with the level of intelligence of the parents. If the parents are obsessed by fear of cold, damp, drafts, insufficient clothing, sudden changes of weather, wet feet and all that almanac holism so profitably marketed by the patent medicine men of the 19th Century and the leading quacks today, the children will be deprived of the right and privilege of living outdoors.

In Pamphlet No. 9 "Tonsils," (for which send me 10 cents and stamped, self-addressed envelope), I plump for (a) no surgery in most instances, (b) tonsillectomy, not tonsillotomy, when the tonsils actually obstruct breathing, and (c) outdoor life with no more clothing or cover than is necessary for comfort. Don't send for the pamphlet if you think you know more than I do about tonsils.

White Pupils Get Tax Funds for Segregated Schools

FARMVILLE, Va. (AP) — After a highly organized, all-night operation, the white children of Prince Edward County have been given tax funds to help provide private, segregated schooling this fall.

The public schools of the county, closed since 1959 to avoid court-ordered integration, are scheduled to reopen this fall, but apparently with few if any white pupils.

The county's governing body the board of supervisors, at an unscheduled meeting Tuesday night, voted to authorize the use of \$100,000 in county funds so the county's white school children could attend schools of their choice.

Parents were notified about midnight that the funds would be available, and applications were filled out during the early

morning hours yesterday, some almost at dawn. Throughout the day, lines formed at the local bank as the patrons cashed the checks.

The unusual operation apparently was employed to forestall any possibility of an injunction against the use of the funds.

About 1,200 white pupils are expected to use the money—\$155 for high school pupils and \$145 for elementary. A second payment of equal amounts was

authorized for the second semester. A resident said: "That's the first time I've seen 500 people on Farmville Streets at 3 a.m."

Eat Your Fill of Delicious Melon

By JANET ODELL

Last summer when we were driving through southeastern Colorado, we passed through "the melon capital of the world," the little town of Rocky Ford.

Melons were selling at roadside stands for sixty-five cents a bushel! But the restaurant where we ate dinner wasn't even featuring their home product.

How we wished we could have brought home a dozen or so of those delicious cantaloupes.

Cantaloupe, watermelon and honeydew are the three melons most often seen in local stores. Occasionally you can buy Cranshaw Casaba or Persian melons.

IBM techniques are now being used to judge cantaloupes. Conclusions from their choice point out that the rounder the fruit, the sweeter the meat.

Store all melon in a plastic bag, plastic wrap or aluminum foil to hold the aroma within the fruit.

If you don't buy part of a cut watermelon, the only way of checking ripeness and flavor is to plug it. You want firm flesh texture, bright color, fairly thin rind and seeds that are dark brown or black.

One of the nice things about watermelon is that even the rind is good to eat. Use your melon first as a container for summer fruit salad. This time choose a melon with a heavy rind.

Begin with an extra large watermelon. Cut melon in half to form a basket. Just enough of the bottom is sliced with a sharp knife so that it will sit evenly on a plate. And the rim of the "basket" is carved in a decorative pattern.

Watermelon pieces which have been scooped out and diced are mixed with banana slices and green grapes and other available fresh fruits. A fruit salad dressing is poured over the fresh fruit pieces, piled high in the watermelon basket.

Fruit Salad Dressing
 1/2 teaspoon salt
 1/2 teaspoon paprika
 1/4 cup cider vinegar
 3 tablespoons lemon juice
 1 teaspoon grated onion
 1/4 cup salad oil
 1/2 cup ketchup
 1/2 cup light corn syrup
 Using rotary beater or elec-

tric mixer, blend first 7 ingredients into corn syrup until smooth. Cover; chill. Serve over mixed greens and fruit. Makes approximately 2 cups.

Now make one of the most delicious pickles ever to go on a relish plate — pickled watermelon rind.

Pickled Watermelon Rind
 3 pounds watermelon rind
 2 pounds sugar (4 cups)
 2 cups white vinegar
 4 3-inch cinnamon sticks
 2 tablespoons whole allspice
 2 tablespoons whole cloves
 Cut rind into 1-inch cubes; trim outer green skin and pink

meat. Seal each jar at once. Makes 3 pints.
 Fill jarred, add enough red or green food color to color the rind.

Note: For crisper and more attractive rind, soak rind overnight in lime water (get at drug store) instead of salted water. Use 1 cup lime water to 4 cups water.

Cranberry juice or sauce are excellent foils for the melon family. Here are three recipes to prove it.

Cranberry Melon Mold
 2 tablespoons (2 envelopes) unflavored gelatin
 3 cups cranberry juice cocktail

SALAD AND PICKLE

MELONS AND CRANBERRY

flesh. Soak overnight in salted water (3 tablespoons salt per 1 quart water); drain. Cover with fresh water and cook until tender; drain.

Heat sugar and vinegar to boiling. Add spices tied in cheesecloth bag. Add rind. Cook, uncovered, until transparent, about 45 minutes. Remove spice bag.

Pack watermelon tightly into hot, sterilized jars. Pour boiling syrup over watermelon to within 1/4-inch from top, making sure vinegar solution covers

1 can (6 ounces) frozen concentrated grape juice, thawed
 3 cups fresh cantaloupe balls
 Soften gelatin in 1 cup cranberry juice. Stir over low heat until gelatin is dissolved. Add grape juice concentrate and remaining cranberry juice; mix well. Chill until thickened. Fold in cantaloupe balls and pour into 1 1/2 quart mold. Chill until firm. Unmold and garnish with additional melon balls, if desired. Makes about 6 servings.

Cranberry Honeydew Delight
 1 medium-sized honeydew melon

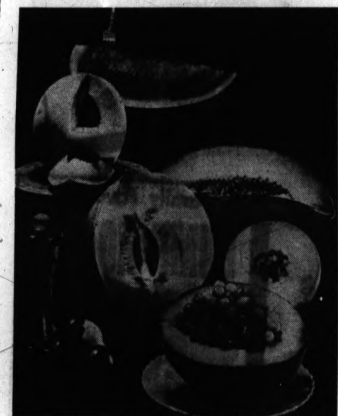

1 can (1 pound) jellied cranberry sauce
 1/4 cup lime or lemon juice
 Cut melon in half crosswise. Scoop out melon balls. Reserve shells. Cut a design on the edge of melon shells, if desired. Cut cranberry sauce into 1/4-inch cubes. Arrange melon balls and cranberry cubes in melon shells and sprinkle with lime or lemon juice. Makes about 4 servings.

Cranberry Watermelon Compote
 4 cups watermelon fingers
 1 1/2 cups cranberry juice cocktail, chilled
 Arrange watermelon fingers in serving dishes and chill thoroughly. Serve with a pitcher of chilled cranberry juice. Makes 4 servings.

Watermelon makes an interesting ice to serve with the meat course or as a light dessert.

Watermelon Ice
 1 quart watermelon pulp and juice
 1/4 cup sugar
 1/4 cup orange juice
 1/4 cup sherry
 Few drops red food coloring

Sieve watermelon pulp or press through fine strainer. Add sugar and mix. Add orange juice, sherry, mix. Add coloring. Pour into refrigerator ice-cube tray and freeze. Serves 8.

MELON VARIETY — In the front right corner is a Persian melon filled with seedless grapes. Similar to cantaloupe (just behind it), but larger, it has thick and mildly sweet orange flesh. Center is the Casaba, a furrowed and wrinkled charreuse-yellow globular melon with a pointed stem. To the right of this is a Santa Claus or Christmas melon which is ripened in storage and appears near holiday time. On the stand is a honeydew and at the 4 o'clock watermelon.

Pineapple Sauce on Hamburger

These warm summer days take meal-time outdoors. It's easier for mother and relaxing for the whole family as well. With a minimum amount of indoor preparation most of the cooking can be done outside.

The secret ingredient in these Hawaiian hamburgers is herb-seasoned stuffing, which contains a special combination of herbs that gives the added touch to the hamburgers. Stuffing is so convenient since it comes packaged and ready to use.

Cooking the hamburgers over a charcoal fire brings out all the natural flavor and goodness.

Serve these hamburgers along with grilled bananas and a tall cool pineapple drink.

Hawaiian Hamburgers
 1 can (10 1/2 oz.) condensed tomato soup
 1/4 cup water
 1 1/2 lbs. ground beef

1 cup packaged herb-seasoned stuffing
 1/2 cup chopped onion
 1 teaspoon seasoned salt

Freeze Beef Stock for Later Use

A sauce is no better than the stock it's made with according to Chef of the Howard Johnson restaurant and motel chain, who suggests this easy way to keep stock on hand in your freezer.

Make stock of meat bones (usually obtainable free from your butcher), herbs, onion and celery, simmering for two hours. Strain the broth, pour into ice cube trays, place in freezer. When solid, may be removed and wrapped individually to be used as needed.

1 can (8 1/2 oz.) pineapple chunks

Blend soup and water. Combine 1/2 cup soup mixture with beef, stuffing, onion, and seasoned salt. Shape into patties. Broil on charcoal grill, turning once, 10 to 15 minutes or until done.

Drain pineapple chunks. In saucepan, combine remaining soup mixture with pineapple chunks and beef. Serve over grilled hamburgers. Makes 4 to 6 servings.

Grilled Bananas — Peel three firm bananas. Slice in half lengthwise and moisten in a little lemon juice. Grill along with hamburgers.

Chilled Pineapple Cocktail — Combine 1 quart pineapple juice, 1 quart cranberry juice cocktail and 1 quart grapefruit juice. Chill. Serve in tall frosted glasses or pineapple shells.

Everyone Likes Chocolate Drink

The smoothest, coolest summer drink we know is this Orange Crush. It is made with whole milk, fortified with instant nonfat dry milk crystals for extra milk nutrition, plus orange juice and orange sherbet.

Can a drink packing this much nourishment possibly be a happy drink? ... an attractive and delicious one? Yes, indeed, we promise you a happy ending... smiles when they see the stunning drink in tall chilled glasses... its flaming color cooled with crushed ice... sighs of satisfaction when they taste all that milk and orange goodness! To make 8 servings: Stir 1 cup

instant nonfat dry milk crystals into 2 cups cold whole milk. Add 1 pint orange sherbet, 3 cups chilled orange juice and 1/4 teaspoon allspice. Beat or blend until foamy. Pour over crushed ice into glasses. Garnish with orange slices. Serve with straws.

Raisin Pot Roast

Toss a generous handful — about 1/2 cup — of dark seedless raisins in with the vegetables when preparing pot roast. The taste surprising little morsels of fruit contribute a delightful hint of sweet tangy flavor and develop a handsome rich brown color to the entire.

Pare eggplant, slice and then cut into thin strips; dip into fritter batter and fry in hot deep fat.

Exotic Drink Real Cool

Are you hot? And thirsty? Slip into the shade and try sipping this milk and banana punch. It has an exotic touch of the South Seas about it, but this pretty drink is made from simple, inexpensive ingredients usually stocked in your kitchen.

The delicate, delicious coolness of the drink is matched by the sound and sensible nourishment it contains. Instant nonfat dry milk crystals are combined with whole milk for a bonus of milk nutrition; honey and bananas add more valuable nutrients.

To make 6 servings: Stir 1 1/2 cups instant nonfat dry milk crystals into 1 quart cold whole milk. Add 1/4 cup honey and 3 fully ripe bananas, mashed.

Wheat Germ Cookies Are So Nutritious

Does the demand for snacks increase around your house when the kids are home for summer vacation?

If it does, stock up with these summer-spicy wheat germ cookies—spicy fruit drops and fruit-and-nut bars, both of which are made to stay moist enough but still firm during sticky hot weather ahead.

They are real good eating, taste-wise and health-wise—the wheat germ adding extra nourishment.

While the kids will feast on them at snack time, they can also be served with ice cream sodas (as shown), as a refreshing treat when the bridge club meets at your house.

WHEAT GERM SPICY FRUIT DROPS

- 1 1/4 cups sifted flour
- 1/2 teaspoon baking soda
- 1 teaspoon salt
- 1 teaspoon cinnamon
- 1 teaspoon ground cloves
- 1/4 teaspoon nutmeg
- 1 cup wheat germ
- 1 cup raisins
- 1 cup chopped dates
- 1/2 cup chopped nuts
- 1/2 cup shortening
- 1 cup (firmly packed) brown sugar
- 2 eggs
- 1/4 cup buttermilk or sour milk

Sift together flour, soda,

FOR SUMMER SNACKS—Wheat germ fruit and nut bars and wheat germ spicy fruit drops are tasty and nutritious additions to the snack larder during vacation time.

salt and spices. Stir in wheat germ, raisins, dates and nuts. Cream shortening, brown sugar and eggs until light and fluffy. Chill about 1 hour.

Drop by tablespoonfuls onto a greased baking sheet. Bake in moderate oven (350 degrees F.) until browned, 10 to 12 minutes. Yield: About 5 dozen.

WHEAT GERM FRUIT AND NUT BARS

- Crust
- 1/2 cup wheat germ
- 1/2 cup sifted flour
- 1/2 cup firmly packed brown sugar
- 1/2 cup melted butter or margarine

- Filling
- 2 eggs
- 1 teaspoon vanilla
- 1/2 cup firmly packed brown sugar
- 2 tablespoons flour
- 1/4 teaspoon baking powder
- 1/4 teaspoon salt
- 1 can (3 1/2 ounce) flaked coconut
- 1/2 cup chopped pecans

- Frosting
- 1 cup sifted confectioner's sugar
- 1 teaspoon grated orange rind

Bubbling Punch Looks Gay With Garnishes

Looking for gay garnishes for the bubbling bowl of summertime punch? Here are five, colorful easy-to-do toppers: melon balls, lemon, orange or lime slices, small scoops of sherbet, fresh mint, summer blossoms or well-washed ivy leaves.

- Two reminders for punch-lenders:
- 1. Ice dilutes flavor and cubes melt faster so, if you can, freeze your own block of ice in a bowl, mold or pan in the freezing compartment of your refrigerator.
- 2. Deep a good supply of canned ginger ale on hand—it's the ideal bubbling base for whatever punch you conjure up. Ginger ale in cans stores well, cools quickly and cans are disposable.

Shrimp Puts Color in Slaw

Cole slaw acquires a new look — and delicious flavor — by mixing the shredded cabbage with ripe olive wedges, chopped shrimp and salad dressing given a rosy hue with catsup. Easy to fix, "Olive-Shrimp Slaw" is also mighty easy on the palate these warm days.

- Olive-Shrimp Slaw
- 1/2 cup ripe olives
- 1 can (4 1/2 oz.) medium de-veined shrimp or 1 cup cooked deveined shrimp
- 2 1/2 cups shredded cabbage
- 1/4 cup salad dressing
- 1 tablespoon catsup
- Salt
- Lettuce

Cut 1/2 cup olives into wedges. Rinse, drain and coarsely chop shrimp. Combine in bowl with catsup; mix lightly with cabbage mixture. Add salt to taste. Serve on lettuce-lined salad plates.

Broiled Appetizers

Spread party rye slices with mixed peanut butter and crumbled crisp bacon. Top each slice with 1 teaspoon cherry or black cherry jam; broil and serve.

Choice of Wine Very Personal, Says Experts

For the many Americans who are intrigued by wine but shy away from it because of its seeming complexities, the popular wine growers of California have produced a new booklet entitled, "America's Twelve Favorite Wines, A Best Cellar List."

The twelve wines, selected on the basis of their appeal to the American taste, are listed on an easy-to-read chart with a description of each wine. This makes it possible for the beginner, embarking on the wine experience, to distinguish one wine from the other — and each is as different as tea is from coffee.

The no-nonsense guide offers valuable advice about the so-called rules of wine service by recommending that you trust your own taste and "drink any wine you like, any time you like, with any food you like, or without food."

Let Starving Cowpokes Make Cooky Snacks

Do you have some hungry cowboys riding in from the range? Treat them to some Crunchy Delight Cookies. Your cowpokes will love making them with you as assistant cook.

Get everything ready in the chuck wagon; your kitchen, and then let the children do the mixing and baking. They'll enjoy measuring the ingredients, chopping the peanuts and crushing those delicious round shredded wheat biscuits.

They add such flavor and crunchiness — your cowboys and girls will blaze a trail to the kitchen to make themselves some homemade cookies. What a great idea for a rainy day — or any day for that matter.

When the cookies come out of the oven, cool them and pack a big box for the trail. Or, serve them with punch in the corral — the backyard.

Reach partner! Reach for another Crunchy Delight Cookie.

- Crunchy Delight Cookies
- 1/2 cup shortening, soft
- 1 1/4 cups firmly-packed brown sugar
- 1 egg
- 1/2 cup milk
- 1 1/2 cups sifted all-purpose flour
- 1 teaspoon salt
- 1/4 teaspoon soda
- 1/2 teaspoon baking powder
- 1 cup crushed round shredded wheat biscuits
- 1/4 cup chopped peanuts

Beat shortening and sugar together until creamy. Blend in egg and milk. Sift together flour, salt, soda and baking powder; add to creamed mixture, mixing well. Stir in crushed cereal and peanuts.

Drop by teaspoonfuls onto greased cookie sheets. Bake in preheated oven (350 degrees) 12 to 15 minutes.

DEPEND ON **SAVON** FOR THRIFTY FOODS

Keep Your Information on Frozen Foods Up to Date

The modern homemaker who wants to make the very most of the convenience and economy of her freezer compartment will do well to keep up to date on just what frozen foods will do... how long to keep them, how to unfreeze them and whether to refreeze them.

Here is a set of up-to-the-minute freezer facts designed to remove some common cobwebs of misinformation.

Frozen foods are not as perishable as you may think. Kept at the right temperatures, they will last for years.

Frozen concentrated orange

juice held at 0 degrees will be as good in three years as it was the day you bought it. And most other modern frozen foods are totally unchanged at the end of a year of proper storage.

You can refreeze your frozen foods. Millions of doubtful wo-

men have long been under the erroneous impression that food, once defrosted, cannot be frozen again.

As long as the contents of a package of frozen food remains cold to the touch, it can be refrozen with perfect safety. There may be a slight loss of

the quality of flavor, but there is absolutely no danger.

There's no need to worry about frozen foods thawing while you do your other errands. Unopened cartons of frozen food can stay out of the freezer for a couple of hours in 40 degree to 50 degree F. temperatures without thawing.

In mid-summer, of course, the time element changes somewhat, and you will do well to get frozen foods into the freezer within the hour.

You can choose your own way of defrosting frozen foods, depending on the item and your personal schedule. Generally,

the preferred method is to move the product in its unopened container from the freezer to the refrigerator shelf.

There, at the rate of about six hours to the pound, the food thaws slowly, without dripping or drying out.

If you are in a hurry, you

can defrost the package more quickly at room temperature, or even by holding it under warm running water. Some baked goods can also be defrosted by heating slightly in a moderate oven.

If you forget to take the meat out of the freezer ahead of time, you can cook it without previous thawing. Just allow extra cooking time. Large frozen roasts, for example, may take half again as long to cook as they would if they were defrosted first.

Frozen foods are no more perishable after they are defrosted than their fresh equivalent.

Pancakes Give Pep to Sailors

Mom can be busy baking Cereal Flake Pancakes on the Coleman stove set up on the dock or sea wall while dad is busy launching the boat or making it shipshape for the day. Early morning rising is sure to whip up appetites so a hearty breakfast is a must.

Start the meal with chilled orange juice. Have some ready-to-eat cereal and cold milk to satisfy those ravenous appetites until the pancakes and sausage can be cooked.

Serve stacks of piping hot cereal flake pancakes with sausage, topped with syrup, honey, or any other favorite topping. Add a cold glass of milk, coffee, if desired, and you have a satisfying breakfast that will keep everyone on his tiptoes throughout the entire morning.

Cereal Flake Pancakes

1 cup pancake mix
1 cup milk
1 egg
3 tablespoons melted shortening or cooking oil
1 cup corn flakes or whole wheat flakes
Combine pancake mix, milk, egg, and melted shortening or oil in mixing bowl; stir until dry ingredients are moistened and batter is fairly smooth. Stir cereal flakes into batter.
Pour 1/4 cup batter onto a hot griddle for each pancake; bake until underside of each pancake is browned and top is full of bubbles. Turn and cook until second side of pancake is brown. Yield: About 8 pancakes.

Pink and Green Filling for Tasty Sandwich

Dilly shrimp-cake sandwiches have that cool come-on for summer eating. Delicious on rye bread is this mixture: 1/4 cup cream cheese blended until fluffy with 1/4 teaspoons lemon juice, 1/4 teaspoon dill seed and 1/4 teaspoon salt.
Place in refrigerator for a while to subtly blend seasonings. Then add 1 1/2 cups each of brined, chopped cucumber and cleaned, peeled shrimp to complete filling for 5 sandwiches.

CEREAL FLAKE PANCAKES — Modern sailors need to be alert at all times. For safety's sake, eat a good breakfast, such as Cereal Flake Pancakes, to be alert all morning.

Chef's Salad Olivette

Summer Luncheon Salad

A bridge luncheon with "Chef's Salad Olivette" highlighting the menu will be one your friends will remember — no matter what their score may be! Large pieces of ripe olives lend distinction to this hearty salad. Their rich, handsome color and nut-like flavor provide appetizing appeal in a host of salads as well as in sandwich spreads, meat and fish casseroles and vegetable dishes.

Chef's Salad Olivette

1 cup ripe olives
1 cup cooked ham, cut into strips
1 cup Swiss cheese, cut into strips
1 1/2 quarts salad greens, shredded
3 medium-size tomatoes, dressed
Cut olives into large pieces. Toss lightly with ham, cheese and salad greens. Cut tomatoes into wedges; add to olive mixture. Toss with Dressing. Serve at once.

Dressing
1/2 cup salad oil

1/4 cup tarragon vinegar
2 tablespoons water
1/4 teaspoon salt
1/4 teaspoon dry mustard
1/4 teaspoon garlic powder
Coarsely ground black pepper
Dressing: Combine all ingredients in jar. Cover and shake thoroughly to blend. Makes 4 or 5 luncheon servings.

Deviled Eggs a New Way

For variety, instead of the usual deviled egg filling of mustard and mayonnaise, try this combination.

To yolks of six hard-cooked eggs, add: 1/4 teaspoon Italian salad dressing mix, 1/4 teaspoon freshly-ground black pepper, 1/4 teaspoon horseradish, 1 tablespoon Spanish olive oil, salt to taste.

Blend until smooth, fill the cooked egg whites with the mixture, piping lightly. Sprinkle with paprika.

Think Cool— Sip 'Cooler'

It may not actually cool you off on a warm day, but you'll "think cool" while sipping "Peach-Banana Cooler." It's a flavorome mixture of canned cling peaches, banana, milk and lemon juice whipped in a blender and served in glasses over pineapple sherbet. Even the canned cling syrup is used in this recipe to make sure that nothing tasty goes to waste.

Peach-Banana Cooler

1 can (1 lb.) cling peach slices chilled
2 ripe bananas, cut into chunks
1 cup milk
1 tablespoon lemon juice
Dash salt
1 pint pineapple sherbet

Combine peaches and their syrup in blender with banana, milk, lemon juice and salt. Whirl until well blended. Place small scoop of sherbet in each of 5 or 6 glasses. Fill with peach mixture. Makes 5 or 6 servings.

Jam and Jelly Serve Well in Many Recipes

Some of the best dishes can be put together right at the table, with an assist from the jelly or jam jar and its convenient "Twist-Off" cap.

Take a thin slice of pound cake, for example, and add a spoonful of tart currant jelly. Or make a dessert of crackers, cream cheese, and grape jam or jelly.

Try currant jelly or orange marmalade with roast or fried chicken. For a change of pace from mint, substitute a sweet jelly such as grape with lamb. Try almost any kind of preserves with beef and pork. You'll find they're all good.

And don't forget one of the best foods of all time — a crusty piece of bread spread with butter and jelly or jam.

If a recipe calls for a pound of cooked meat, you are safe in using two firmly packed cups.

Rough Texture of Batter Bread Resembles Country Loaf

Specialty breads have a way of perking up an otherwise pedestrian meal. If you're a beginner at the art of meal-planning, you probably have several main dish favorites that you rely upon for home-style and company meals. Take a look at the following recipe, for Thyme Luncheon Loaf and see if it doesn't look good. It's an easily made no-knead batter bread.

Batter breads have a characteristic rough texture which many people find more interesting and more "home-made looking" than the traditional kneaded loaves.

They can be baked in a round casserole dish or in regular bread pans, as shown.

Thyme Luncheon Loaf

1 1/4 cups warm water (105-115 degrees)
1 package or cake yeast, active dry or compressed
2 tablespoons margarine, softened

2 tablespoons sugar
1 1/2 teaspoons salt
1 teaspoon leaf thyme
2 3/4 cups unsifted flour
Melted margarine

Measure warm water into large warm bowl. Sprinkle or stir in yeast; stir until dissolved. Stir in margarine, sugar, salt, thyme and half the flour.

Beat 2 minutes at medium speed on electric mixer, or 150 vigorous strokes by hand; scrape sides and bottom of bowl frequently. With spoon beat in remaining flour until smooth.

Scrape batter down from sides of bowl. Cover, let rise in warm place, free from draft, until doubled in bulk, about one hour.

Stir down batter by beating 25 strokes. Turn into greased 9x5x3-inch bread pan. Bake in moderate oven (375 degrees) 45 to 50 minutes or until done. Brush top of loaf with melted margarine. Makes 1 loaf.

Add to Filling

If you have a few leftover string beans add them to chopped celery and finely chopped onion for a nutritious sandwich filling. Moisten the mixture with real mayonnaise or salad dressing.

New Soup Idea

Need just a touch of garlic flavor in a vegetable soup? Add one or two tablespoons of Italian corn oil dressing to the pot shortly before removing from heat.

Peanut butter and bacon sandwiches are good served with freshly-cooked applesauce.

What's Happened to the Old American Dream?

By RUTH MONTGOMERY

WASHINGTON — For a hundred years the United States of America was glorified around the globe as the "melting pot" — a land where all nationalities and creeds could live together in productive harmony.

During those years, our polyglot society was so effectively melding that by the second generation an immigrant's child could scarcely be distinguished from a Mayflower descendant.

Or was it melting? Although no one considered America perfect, we seemed to be working together toward a common goal: equality of opportunity. Now, suddenly, we are split six ways from Sunday.

Negroes demand equality "now." The ethnic minorities are exceedingly restive at their infinitesimal representation in the higher echelons of government.

MAJORITY SEX

Women, the majority sex, are pushing for more political recognition and equal working opportunities. Even the religious issues, which seemed buried forever with the election in 1960 of a Catholic president, shows signs of becoming a political football again. To consider these problems in reverse order:

● Since GOP standard-bearer Barry Goldwater selected his good friend, William E. Miller, as running mate, pressure is being brought to bear on President Johnson also to choose a Catholic for the number two spot.

It is doubtful that this pressure originates with the Church, since "America," the Jesuit weekly review, his hard at the premise that "Catholicism should be regarded as a required qualification" for the vice president.

It comes rather from politicians, who hope to capitalize on the so-called Catholic vote.

● Sex has also reared its head in an unlovely manner. A syndicated feminine columnist has taken "Goldwater forces" to

task for "sternly rebuffing" (Margaret Chase) Smith lieutenant's suggestion that each state delegation give her one vote on the first roll call at the recent Republican convention.

It would have been "a pleasant gesture to half the population, perhaps even politically wise," she wrote.

Have we really come to this? Are American women actually so small-minded that they crave to have such a meaningless bone tossed in their direction? We doubt it.

We also suspect that if Goldwater had bowed to the reported suggestion, many commentators would gleefully have interpreted such a voting pattern as an anti-Goldwater move by Republican women.

ETHNIC GROUPS

● And what of the ethnic groups? Some Polish-American leaders have warned that their people may take a walk from the Democratic party this fall.

Their resentment is reportedly two-pronged: lack of patronage, and fear that the civil rights bill will give their blue-collar jobs to Negroes.

● Negroes, who have switched almost solidly to the Democratic fold, say they will tolerate no further delay in integration, although they ardently hope to defeat Barry Goldwater in November, the violence of their unrestrained rousing could achieve the opposite effect.

Let's think about all this. Do we really want a nation in which all jobs and governmental appointments are parceled out on

the basis of sex, religion, race and ethnic origin?

ON THAT BASIS

Under such a criteria, while Protestant women would be entitled to the most and best jobs, while white protestant males second.

Catholic women and men,

of whom there are 41 million in our 180 million population, would get a goodly share of the jobs. However, since most of the ethnic groups are of the Catholic faith, the appointments would have to be rationed among Italians, Poles, Czechs and Slovaks, as well as the Irish.

Negroes, totaling 10 per cent, would be entitled to one job out of 10, but carefully divided between those of Catholic and Protestant faiths.

The Jewish population, estimated at more than 5½ million, would have its quota of appointments, split between men and women. Then, if Baptists and

Methodists laid claim to the lion's share of the Protestant allotment, we would really need a computer.

Surely, the time has come to think of ourselves once again as Americans, and to recall the immortal rallying cry: "United We Stand, Divided We Fall."

MOTHER LIKES HIM — Pierre Salinger gets a kiss from his mother, Mrs. Jehanne Carlson, in Washington yesterday after being voted in as Democratic Senator from California. The Senate vote was 59-29.

Antipoverty Bill Heads for Vote

WASHINGTON (UPI) — President Johnson's antipoverty bill, heavily lubricated to silence a potentially dangerous states' right squeak, rolled today toward a House showdown.

Although the battle still was far from over, managers of the President's top-priority bill felt the odds had tipped slightly in favor of approval for the legislation tomorrow.

But the best sign that they were still scrambling for every vote was the decision of House Democratic leaders to hold off voting on the \$962.5-million measure until after today's Tennessee primary.

They hope to get six or more votes from that nine-member delegation.

The bill, similar to a 1947-5 million measure passed last month by the Senate, would set up several new programs.

CCC TYPE
These include a CCC-type "job corps" to give youths new training, experience and earnings and provisions to help finance locally initiated antipoverty projects and offer new assistance to farmers and small businessmen in "poverty pockets."

The Botanist From Bonwit's

By MADELEINE DOEREN
Margaret B. Kreig in her new book "Green Medicine" devotes a chapter to Dr. Siri von Reis, a Harvard Botanical Museum Research Fellow whom she calls "The Botanist from Bonwit's."
Dr. von Reis is probably

the only botanist in the world, according to the author, who was a high fashion model while preparing a doctoral thesis.

With her husband, Arthur Altschul, investment banker of New York City, and their four-month-old son, she is visiting her parents, Mr. and Mrs. Gustav von Reis of Westview Road and her sister Mrs. Karen Newlander, also of Westview.

"It was a case of being in the world of Christian Dior and Balenciaga by day and delving into the literature of cologne stuff at night" writes Miss Kreig.

"Dr. von Reis has never been to the Amazon jungle and has no burning desire to go, but as a graduate student she became fascinated with the study of native drug plants of the New World," she continues.

This dedicated young woman is a graduate of Grosse Pointe Country Day School and University of Michigan, with a major in botany. In 1957, she earned her master's degree in biology from Radcliffe College.

Her doctoral thesis "The genus Anadenanthera: a taxonomic and ethnobotanical study" represents several years' research upon a group of trees in the legume family.

She combed through 450 sources and corresponded with some 60 authorities in

plant chemistry, pharmacology and experimental psychiatry.

FIRST WOMAN

While studying for her Ph.D. degree at Radcliffe Siri was the first woman to hold the position of teaching fellow in economic botany at Harvard University.

"The search for plants of medicinal value is approached through folk-lore and 'old wives' tales" she explains. "There is the endless poring over notes made by botanical experts all over the world and concerning all families of plants."

Aside from her interest in

New World narcotics, the botanist from Bonwit's has devised a unique method of drug plant exploration that absorbs all her professional time now.

Why would such a delicate, chic young woman spend part of her time in the Harvard University Herbarium, turning over its 2,000,000 sheets, one by one, asks Miss Kreig in her book?

PILOT STUDY

To this, Dr. von Reis answered "No systematic herbarium search of this magnitude has ever been carried out anywhere before. It is a sort of pilot study and perhaps eventually all of the major herbaria will be included with the data assembled in some central location for correlation on IBM equipment."

"There is a mingled fragrance of plants, papers and preservatives peculiar to herbaria... not just the odors of cinnamon, cloves or lemon grass, and the hope of discovering data useful in modern medicine."

The National Institute of Mental Health is now supporting Dr. von Reis' project and that of Dean Heber W. Youngken Jr., who evaluates her drug plant leads in his laboratory at the University of Rhode Island College of Pharmacy.

Renewal of a two-year grant from the NIMH has been applied for.

Primitive peoples found drug plants useful in treating digestive ailments, acute pain and wounds, pulmonary diseases, skin problems, fevers, and circulatory difficulties, to mention a few.

Native medicines were made from leaves, bark, root, fruits, sap or latex, stems, even flowers.

Pontiac Press Photo

Dr. Siri von Reis, daughter of Mr. and Mrs. Gustav von Reis of Westview Road, is the subject of a chapter in Margaret Kreig's new book "Green Medicine" published by Rand, McNally and Company. The book concerns the search for plants that heal.

WOMEN'S SECTION

No Top? We Should Stop! Our Depravity's Showing

By ABIGAIL VAN BUREN

DEAR ABBY: When I first heard about the topless bathing suits for women I thought it was just a lot of talk.

But yesterday I was shopping in one of our finest department stores, and I actually SAW one for sale! Is it possible that our American women would even consider wearing a topless swimsuit in public? If so, we have indeed reached the lowest point in our so-called civilization.

Even lower than the decadence which preceded the fall of the Roman Empire. Have we become so numb to indecency that nothing is sacred any more?

We are at the same time striving for world peace. Who cares if Khrushchev pushes the button?

What's left to save?

MOTHER OF GIRLS

DEAR MOTHER: The bottoms.

DEAR ABBY: My mother-in-law has five grandchildren, two of which are my children. Ever since I can recall, on the mornings of their birth-

days she would give me some cash and ask me if I minded buying them a present from her.

She said it was hard for her to get around etc., etc. I have always bought the gifts and said nothing.

The last time she asked me if I minded, I said, "Yes, I DO mind," and I told her why.

Abby, I have driven from one end of this town to the other while she personally shopped for birthday gifts for her other grandchildren—her daughter's children—and if she can ask ME to drive her around while she shops for THEM, she can ask her daughter to drive her around while she shops for MINE.

She told my husband, and he is furious with me. Was I wrong?

STANDING ALONE

DEAR STANDING: You were justified in feeling that you were not being treated fairly, but you'd have been wise to have said nothing.

The daughter versus the daughter-in-law competition is as old as the marriage law, and you won't win that battle in one round.

DEAR ABBY: There is a boy in my neighborhood who used to like me, but he hasn't paid any attention to me for a while now.

Would it be all right if I called him up and asked him

what I did to make him mad at me? I have asked all the kids he is friendly with if they know why he hardly ever says "hi" to me, and they say they don't know.

Maybe if I could talk to him I could get him interested in me again. I am 15 and so is he.

HUNG UP ON HIM

DEAR HUNG UP: Don't call him. And unless you want to kill any future interest he may have in you, don't ask his friends any questions about him.

Forward females finish last.

DEAR ABBY: I read your column daily. May I comment on the "baby sitting" issue?

When young people refuse to "sit" for their parents, or demand payment from their parents for this service, it is the PARENTS who have failed, not the children.

They should have been taught respect for their elders at an early age.

A CLERGYMAN AND FATHER OF 3

Troubled? Write to ABBY, care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, care of The Pontiac Press.

Auxiliary Views Film

The Pontiac Area Junior Chamber of Commerce Auxiliary met for a dinner meeting in the Waldron Hotel on Wednesday evening.

Following the dinner, Roger Upham of Consumers Power Company gave a demonstration on mouth-to-mouth resuscitation and showed a film explaining heart massage.

Mrs. Clyde Haskill presented a Sparkette award to Mrs. Roy Linn for outstanding service to the group.

Plans for a September dinner meeting were made.

Study Club to Meet

The next meeting of the newly organized Hawthorne Extension Study Group will be on Aug. 11 at 1 p.m. Mrs. Harry McPhail will open her West Princeton Road home for the meeting.

Chairman Mrs. Bessie Gwinn will discuss the preserving and freezing of foods. All local homemakers are welcome.

Ehrling to Conduct and Play at Festival

Sixteen Ehrling will serve as both piano soloist and conductor for the Detroit Symphony Orchestra's concert tonight, Friday and Saturday at 8:30 p.m. in the Howard C. Baldwin Memorial Pavilion of Oakland University.

As part of the Meadow Brook Music Festival, Ehrling will conduct from the keyboard Mendelssohn's "The Four Temperaments" at all three performances.

His program tonight and Friday will include Beethoven's Overture to "Benvenuto Cellini" and Beethoven's Symphony No. 7 in A major.

Saturday's program will include Rossini's Overture to "Semiramide" and Rimsky-Korsakov's "Scherzade."

AMERICAN DEBUT

Ehrling has his American debut with the Detroit Symphony in 1961 and was immediately signed as guest conductor for a six-week period in the '62-'63 season.

During the engagement, he was appointed permanent conductor by a unanimous vote of the Symphony's board of directors.

Born in Sweden, the 46-year-old Ehrling is well known in this country for his recordings

of the Sibelius symphonies and the violin concertos of Beethoven and Sibelius.

His vast repertoire includes more than 500 symphonic works, encompassing music from the early classics to present day works.

Ehrling is widely noted for his interpretation of modern orchestral compositions.

Extra seats have been added to the pavilion and tickets will be available at the university for all remaining performances.

Telephone Thanks for Nice Visit

By The Emily Post Institute

Q: My brother and his wife live in the suburbs. I occasionally go out and spend a weekend with them.

It never occurred to me to write a bread-and-butter letter after these visits, but I understand my sister-in-law thinks me very lax for not doing so.

I know a bread-and-butter letter is customary after a weekend visit, but isn't this unnecessary between members of one's family?

A: To write your sister-in-law a bread-and-butter letter would be unnecessarily punctilious.

However, not to show some appreciation for the extra work your visit entailed is very ungracious and you really should telephone her a day or so later to let her know that you arrived home safely and tell her how much you enjoyed your visit with her and John.

Q: I have only one tablecloth that fits my present dining table. This cloth, however, has only six matching napkins.

Very soon I expect to have eight people in to dinner and don't know what to do about the napkins.

Would it be better to use paper ones rather than have two odd napkins?

A: Paper napkins would not do for a dinner party. I would suggest that you and your husband use two odd napkins.

If at all similar to the others, it is unlikely anyone will notice that they don't match.

Q: When a table is set with place cards, do guests, after finding their places at table, sit down immediately or do they stand behind their chairs until the hostess is seated?

A: They may sit down immediately, but as it is customary in some communities for guests to wait until the hostess is seated, to avoid embarrassment, a stranger should wait to see what others are doing before sitting down.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Homosexuality

Roommate Has Problem

By DR. GEORGE W. CRANE
CASE T-48: Edith B., aged 19, was one of my psychology students on our downtown campus at Northwestern University.

About the middle of the semester, Edith asked for a personal interview.

During our session she wandered around for half an hour, DR. CRANE afraid to mention the thing

that really troubled her.

She had informed me that she had a roommate and it was this other girl who had caused Edith to ask for the interview.

BLURTS OUT

Finally, in desperation and embarrassment, Edith blurted out:

"Oh, Dr. Crane, she is one of those 'THINGS'!"

What Edith was trying to say was simply the fact that she thought her roommate was a homosexual.

For the girl had tried to pet and kiss and fondle Edith, much to Edith's shock and horror.

HOMOSEXUAL PROBLEMS

Many people, even in this late year of 1964, still look upon a homosexual of either sex as being very abnormal.

The majority shy away from such victims and treat them with almost as much

horror as the lepers engendered back in the Biblical times.

"Unclean! Unclean!" was the cry that lepers were then forced to make in order to keep normal folks from coming in contact with them.

But modern psychology urges everybody to take a scientific view of human deviations from the normal.

FORMS YARDSTICK

Remember, too, that whatever 51 per cent of people engage in generally forms the yardstick for "normalcy."

Being "abnormal" usually means you are statistically in the minority.

Yet many good acts, as measured by this statistical yardstick, are abnormal.

For example, is it thus abnormal for anybody to go to church on Sunday, since far less than 50 per cent are in church each Sabbath?

It is likewise statistically abnormal to go to college, since only a minority ever spend any time on a campus.

It is abnormal to be unmarried after the age of 30, for the majority marry before that age.

Obviously, I am showing you that there should be no hysteria about such words as "normal" vs. "abnormal."

Homosexuality is just one stage in the usual emotional development from infancy to mature adulthood.

At birth, we enter Stage No. 1, which is the "egocentric," wherein everything revolves around oneself.

That is the time when an infant has no concern for others but is solely interested in being fed, diapered and kept warm.

SEES PARENTS

State No. 2 arrives about kindergarten age, wherein the child admits his parents as important planets revolving around himself as the center.

Stage No. 3 is the "gang" or normal homosexual level at which boys prefer their own sex and girls have little use for boys. It runs till the mid teens.

But when we get into senior high school, maybe 45 per cent of us enter Stage No. 4 (heterosexual) in which we look to the OPPOSITE sex for romance.

LOWER STAGES

The other 15 per cent remain at one or another of those lower stages.

Thus, many brilliant adults never leave the selfish egocentric level, so they become psychopathic personalities.

Other confirmed fixateds and bachelors get "stuck" on their parents, while millions of people remain permanently attracted to their own sex.

Alice Hollingsworth of East Kennett Road was recently graduated from Wayne State University with a degree of bachelor of arts in sociology. She is with the Oakland County Friend of the Court office.

Numerous Ways to Use Spray Starch

Convenient new spray-on starch—so handy to spray-as-you-iron—has many clothing care talents beyond the ironing board. Spray-on starch is a star "clothes cosmetic" for many wardrobe items your iron will never touch.

Try these "pushbutton magic" tricks.

— Seersucker Skirts: A puff of spray-on starch will erase "sitting wrinkles" in straight, unlined seersucker skirts without flattening the seersucker "pucker." Just turn skirt wrong side out. Place the clean, completely-dry seersucker skirt on the ironing board. Spray lightly with spray-on starch, brush out wrinkles with your hand, then hand up to dry. Don't iron just smooth out the wrinkles with your hand.

— Veil Whimsies: Use spray-on starch to perk up limp hat veiling and wilted veil whimsies. Just make a form of crumpled tissue paper. Stretch the veiling over it. Spray-on starch and allow to dry.

— Fabric Gloves: A whisk of spray-on starch keeps white fabric gloves cleaner longer. After washing gloves, roll up in a towel to remove excess moisture. Shake out, spray evenly with starch and dry.

— Cotton Socks: Spray-on starch forms a dirtguard on white cotton socks, too. It also helps keep them neatly trim, prevents sagging. Spray freshly-washed, damp-dry socks and dry.

— Canvas Sneakers: Spray-on starch keeps canvas sneakers clean between washings. Spray freshly-washed sneakers evenly and allow to dry. After each wearing, brush off the starch and the dirt comes with it. Respray before wearing.

Role of UF Chairmen Is Stressed

To prepare for the 1964 Pontiac Area United Fund drive, 53 newly appointed district chairmen for the Waterford area met with campaign leaders and staff members at a at Pine Knob Resort.

Purpose of the meeting was to stress the important role district chairmen will play in the ten day campaign which begins Oct. 13.

They will be responsible for appointing some 500 solicitors who in turn will be contacting residences and neighborhood businesses in their assigned areas.

SET GOAL

Goal for the Waterford area women's campaign, which is under the direction of Mrs. Adrian Ish has been set at \$11,028.77. Last year Waterford women raised 115 per cent of their goal.

Mrs. Merrill D. Petrie, women's campaign committee chairman, presided at the orientation meeting.

Bruce J. Annett, general campaign chairman was guest speaker.

Also present were Donald Frey, executive director of the Pontiac Area United Fund; Virginia Loveland, women's division secretary; and Mrs. Richard Vasey, publicity chairman for the 1964 women's campaign.

AREA CHAIRMEN

Area chairmen assisting Mrs. Ish are Mrs. Ned Trisell, area I; Mrs. Ray L. Allen, area II; Mrs. J. D. Boardman, area III; and Mrs. Norman Cheal, area IV.

Bride Chooses Sheath Style for Her Gown

The former Sharon Kay Young chose a white sheath gown for her recent vows to John Bandy in the Orchard Lake Community Church.

A satin rose held her veil of tiered illusion. Phalaenopsis orchids, Stephanotis, and pink miniature roses formed her bouquet.

Attending the couple at the double ring ceremony performed by Rev. Raymond Rosche were Mr. and Mrs. Michael Daley. A buffet luncheon in Pine Knob Resort followed the rites.

The newlyweds are touring Vermont, Maine and Quebec and will reside in Farmington upon their return. Their parents are the Hugh Youngs of Hamilton Drive and Mrs. Herbert Jackson of Graves Road.

WNFGA Group Has Luncheon

Cranbrook Branch board members of the Woman's National Farm and Garden Association were recent luncheon guests in the home of Mrs. Edwin O. George on Barden Road.

Mrs. C. E. Dalton, chairman of ways and means, revealed her committee's plan for the major fund raising project.

Proceeds from the sale of a hand made needle point bag will be donated to the new Bloomfield Township Library, Pontiac State Hospital Horticultural Therapy, and for scholarships.

Status in Plastic

Surface-spongeable plastics are today's status "linens" in preference to the lavish textiles—to a laundress traditional of the past.

Halibut have large mouths and sharp teeth and devour smaller fish.

Aquarina Street prior to the Wednesday orientation meeting at Pine Knob Resort. Mrs. Seiber is a district chairman from area I and Mrs. Ish will be serving in the same capacity from area IV.

Honeymooners Return Home From Niagara

At home on Brabb Road, Stony Lake, Oxford Township, after a Niagara Falls honeymoon, are Mr. and Mrs. Raymond Wayne Converse (Linda Gail Woody).

For the recent candlelight ceremony performed by Rev. Norman Sanders in The First Baptist Church of Oxford, the bride chose a gown and train of imported Chantilly lace over silk organza.

An illusion veil and small white lace Bible topped with miniature yellow roses completed her ensemble.

ATTENDANTS

Attending the daughter of Mr. and Mrs. Barney Woody of Minnetonka Road, Oxford Township, were Sharon Merz, Jean Barger and Sandra Cox.

Eloy Converse assisted his brother as best man. Their parents are Mr. and Mrs. Wayne Converse of Oxford. Other attendants were Jerry Phillips, New York City, Gary Whitterson and Conrad Misener.

After September, the couple will live on campus at Central Michigan University where he is completing his education.

Locals Score in Bridge

Donald Bowen and Ronald Fiscus of Pontiac placed second in the Goodrich Pairs at the recent Summer National Bridge Tournament in Toronto.

Other area bridge players who scored well in the tournament were Henry Georgia and E. L. Guy of Pontiac and Dr. Charles Patrick, Dr. Robert Segula and Donald Stephenson, all of Waterford Township.

Why Grow Old?
by JOSEPHINE LOWMAN

They say that nothing succeeds like success. The success stories of others inspire us to attempt self-improvement.

They give us confidence that we, too, can accomplish what others already have accomplished.

This is why I want you to see a few letters from women who have reduced so happily. Some of you may need a helpful push in order to get into your fall clothes.

The following letter may do the trick.

"Dear Mrs. Lowman: I had a career before my marriage. After 10 years of marriage—and 30 pounds of added weight—I found it necessary to return to the business world for financial reasons.

"Even though I am still skilled at my work, I found it impossible to get a job. I am 45 years old. I took a good look at myself and decided that an improvement in my appearance just might make a difference. About this time along came your eight-week BIP routine which I followed for ten weeks and lost those extra pounds.

GAINS SELF-CONFIDENCE

"Believe it or not, soon afterwards I landed a very fine position. Of course this may have been a coincidence but I do not think so. I believe that while my improved looks may have helped, the important element in my success was a subtle but real gain in self-confidence.

"Without realizing it I was much more confident. This changed my personality. Also, I just plain had more pep.

"It may also be that any employer who is aware of the health hazards of overweight

may hesitate to employ a woman who was as much overweight as I."

We never know just how much our appearance may affect our happiness or how overweight may affect our success as well as our health.

Plan which gives you a loss of about 20 pounds in eight weeks, send 25 cents (plus 15c for first class mail and special handling) with your request for the BIP KIT. This is the complete course and includes my unusual weight chart. You can plot your weight on it daily and watch your beauty line rise as your weight line drops. Address Josephine Lowman, care of The Pontiac Press.

A bachelor of arts degree from the College of Arts and Letters, Michigan State University, was awarded to Edward W. Johnson who makes his home with his sister and brother-in-law, the Ward J. Rathbuns of Fort Street. He is a member of Delta Phi Delta art honorary fraternity.

Many Birmingham and Bloomfield Hills Residents Are Enjoying Vacations

By SIGNE KARLSTROM

Letters coming to Mr. and Mrs. Eugene Shad from daughter Christy tell about the wonderful time she and three friends, Jackie Paulus of Glangary Circle and Mary Krupp and Martha Bailey of Detroit are having in Europe touring the various countries in a rented car.

The girls who graduated from University of Michigan in May left with a U. of M. chartered flight for Spain.

From there they have motored to France, Holland, Belgium, England and presently

are in Norway after having stopped in Denmark and Sweden. They will be returning late

Plan Wedding

September vows are planned by Wilena Drake, daughter of the Wilgus Drakes of Adams Road, Orion Township, and Charles Trevor Ebersole, son of the late Mr. and Mrs. Trevor Ebersole. He resides with his aunt, Mrs. Waldo J. Steward in Rochester.

in August but still have time to get an eye view of some additional European countries. The Shads have also had news from their son Sp. 4 Kenneth J. Shad who has been transferred from Army service in Korea to Taiwan.

News come from Harbor Point that the Don Ahrens are at the Colonial Inn and some of their young families are nearby. Travelers are talking about the perfectly beautiful new home the Walter Fishers have built.

Mrs. Fisher with their two young children are there for the summer and Mr. Fisher commutes over weekends.

Wash That Old Baseball Glove

Here's how to wash a dirty baseball glove: use thick soap or detergent lather to lightly scrub the leather until dirt is loosened. Then wipe the glove with a clean damp cloth.

Near the Fishers are the Bernard P. Costello Jr.'s. Mrs. Costello is Mr. Fisher's sister.

AT OLD MISSION

Mrs. Ralph Polk with son Stephen is enjoying their summer home at Old Mission for a few weeks.

Mr. and Mrs. Arthur Altschul of New York and young Arthur Jr., are visiting the Gustav von Reis, Mrs. Altschul's parents and her sister, Mrs. von Reis Newlander.

Spanish missionaries who followed the conquistadors into Latin America helped spread the ancient Inca language of Quechua. The missionaries learned the language, then imposed it on tribes that had never spoken it.

Less Attraction Than Adults Think

Teen Interest Low in Scout Organizations

Giuliet Research, Inc. Such organizations as the Boy Scouts, Girl Scouts or Campfire Girls don't hold as much attraction for today's teen-agers as many adults suppose. Of the 1,367 boys and girls we recently questioned, only 13 per cent are now members of scouting or similar organizations. Another one-third had belonged to such groups at one

time and the remainder had no such experience with the organizations. The greatest number—1 per cent—of those who now belong to these groups have been members for over one year. Among those who belonged to such organizations in the past, the average length of membership was also one year.

WORTHWHILE

Half of the boys and girls who were scouts attained the first-class rank or its equivalent, and almost all—78 per cent—felt the effort was worthwhile.

Many of the boys and girls joined scouting organizations because of parental pressure.

"My older sister was a scout and my mother was the leader," says Carol Gusdorf, 17, of Camp Hill, Pa., explaining why she joined.

George Mathieson, 17, of Winnipeg, Manitoba, Canada says simply, "My father made me."

FOLLOWED FRIENDS

Others became members of scouting groups because their friends joined.

"A friend of mine brought me to several of his meetings," says Glenn Fields, 16, of Hartford, Conn.

Andreanna Costi, 16, of Highland Park, N.J., says she joined because she "had developed an interest in scouting."

Many of the teens say they quit these organizations because they took too much time.

COULDN'T KEEP UP

"I couldn't keep up with scouting and my extracurricular activities in school," says Russell Goodwin, 18, of Louisville, Ky.

Kathy Wickson, 16, of Palos Verdes Estates, Calif., speaks for many when she says she left because "the clubs didn't seem to offer any more excitement or interest, they didn't grow up with the group they were serving."

The group work and companionship or scouting and similar organizations is cited by many of the teens as the best thing about such clubs.

"It teaches qualities of leadership and learning to live with other people," says Ellen McCandless, 17, of Atlanta, Ga. "The Girl Scouts taught you many things, and it gave me a chance to express myself freely," says Beth Korin, 16, of Le Moyne, Pa.

COMPLAINTS

The most common complaint about these groups was that there was not enough variety in activities.

"Every year we did the same thing," says Ellen Frankel, 15, of New York City.

Bob Lott, 15, of Silver, Md., voiced a complaint of many, saying, "The adult leadership was disorganized."

Several other teens blamed poor leadership for their loss of interest.

Most of the young people who participated in scouting or service clubs and attained a first-class rating are glad they had the opportunity to learn the new skills and subjects.

"I think it helped me to learn to get along with other girls and I learned to do several things," says Karen Hidy, 16, of Terre Haute, Ind.

William Musser, 17, of Camp Hill, Pa., adds "I was taught many lessons for consideration while living in the outdoors."

New Brides, Tips About Cleaning

Brides and cooking novices find that burned-on food is a constant cleanup problem in the kitchen.

To make cleaning of kitchen a more simple chore, the Scott Home Service Center recommends that the range be wiped immediately with a soft paper towel before grease or spilled foods are allowed to burn on.

This is one of a number of easier housecleaning tips which are available free. The sheet, "10 Tips for Easy Household Cleanup" includes tricks from experienced homemakers especially helpful to the new homemaker who may combine a full time job outside the home with her new responsibilities in keeping house.

For easy cleaning of the broiler pan, the Home Service Center suggests that the pan be placed in the sink as soon as the food is removed.

Sprinkle the pan with household cleanser and allow to stand during the meal, covered with a damp towel. When it is time for the cleanup, the broiler wipes clean.

Low-temperature cooking of roasts cuts grease spattering in the oven. A quick after-cooking wiping of the oven with an absorbent paper towel will help reduce the need for oven cleaning.

The Lloyd W. Graders of Washington, Mich., announce the engagement of their daughter Diane to Joseph E. Rohovsky Jr., son of the senior Rohovskys of Youngstown, Ohio. She attended Cleary College, Ypsilanti, and her fiancé is a graduate of Youngstown University.

MRS. JERRY G. SMITH

Relative Performs Ceremony

Patricia Ann Bell, daughter of the Eldon Bells of Lakeview Avenue, recently became Mrs. Jerry Glenn Smith in the Chapel Hill Methodist Church, Paris, Tenn.

Alencon lace enhanced her gown and chapel train of white silk peau de soie with which she wore an illusion veil with pearl tiara.

HOLDS BIBLE

A white orchid rested on the small Bible she held during the candlelight ceremony performed by her grandfather, Rev. Ray Bell of Henning, Tenn.

Glenna Bell of Henning, was maid of honor. Bridesmaids were Jane Flood and Jo And Wade of Paris, Tenn. Judy Stone of Wayne attended as flower girl.

The bridegroom, son of the D. L. Smiths of Puryear, Tenn. had Steve Smith for best man. Seating the guests were Dan Paschall and Rex Owens.

After the church reception, the couple left for a honeymoon at Kentucky Lake.

Gout Can Hit Women: Is Form of Arthritis

Gout, fabled as a disease of overindulgence, is actually a form of arthritis, according to the Arthritis and Rheumatism Foundation. And even though men suffer it more frequently, women are victims often enough to make them interested in the disease.

While there is strong evidence that a tendency for gout is inherited, diet does play an important role in preventing and controlling it. One comic strip character suffers acute attacks of gout of the big toe after overindulging in his favorite dish, corned beef and cabbage.

There is no medical evidence indicating these particular foods, but overweight and excessive eating and drinking can trigger painful attacks.

CHEMICAL DEFECT

Gout is caused by a defect in the body's chemistry (metabolism), which causes an increase in the amount of uric acid in the blood and tissues. Normally uric acid is excreted by the kidneys, but in gout it is deposited in joint cartilage, especially in the feet.

The big toe seem to be a favorite site. As these deposits grow, the joints swell and become increasingly painful.

As in other forms of arthritis, straight aspirin is considered a valuable and safe drug for relieving the pain and inflammation of gout. The physician will prescribe other medication, as well as a proper diet.

Once a gouty joint is inflamed, absolute rest is usually required to help bring it under control.

Can You Tell About Melon

Most varieties of cantaloupe are best if the netting is thick and close.

Ripeness is indicated by a smooth, not couped, stem scar, with color a yellowish buff or gray, and a fruity odor.

Honeydews are ripe when the rind has creamy to yellowish color and the blossom end has softened slightly.

Local Couple Honeymoon

Arthur John Lund and his bride, the former Shirley Ann Conner, are honeymooning in Northern Michigan and the Wisconsin Dells. They were married recently in St. John's Lutheran Church, Rochester.

Parents of the newlyweds are the Robert Conners and the Wilho J. Lunds of Rochester.

Tips for Selecting New School Wardrobe

If you're a mother of school-aged children, now is the time to start perking up their back-to-school wardrobe.

Here are some tips from Mrs. Anne Sterling, director of public relations for the American Institute of Laundering, on how to outfit your children in suitable, durable, and easily maintained garments.

The first thing to do in planning what to buy is to take inventory of what you already have. As you decided what clothing you need to buy, keep in mind some of the practical aspects of a planned wardrobe.

You will want your children dressed in style and, at the same time, to be protected and comfortable. You will also want carefully constructed garments that are easy to maintain.

Garments that mix and match with other items in the inventory will mean that a smaller wardrobe is necessary. Take your children along when you are ready to buy. By letting them try on articles before purchasing, you'll be able to see that they fit properly. Proper fit is essential to comfort and durability.

Also, if your children help make the selections their tastes in clothing may improve. They might even be encouraged to take better care of their clothing. Choose practical colors—colors that do not show soil

easily and do not require special handling. Solid dark colors will show dirt. Bright fall patterns are stylish, fresh-looking, and practical. Make sure that colors will not fade.

Be certain that trimmings and closures are colorfast, durable and can be laundered without being removed. Ruffles and frills are pretty, but they can be troublesome and clumsy for school wear. Linings should be preshrunk.

Select fabrics that are easy to maintain, and that will last through repeated wearings. Study hang tags.

Garments that are awarded the Seal must meet rigid standards, proving that they will retain their appearance, will not shrink out of use, and colorfast to both washing and sunlight.

Comedian Indicted

for Income Tax Evasion

LOS ANGELES (AP)—Comedian Ben Blue has been indicted by a federal grand jury in Los Angeles on six counts of income tax evasion.

Authorities said yesterday the 35-year-old comic and former nightclub operator failed to pay a total of \$39,334 in personal and corporate taxes for the years 1958-60.

Daughter Scores as Actress

'Terrified' Mother Can Relax

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD—How would a mother feel if her 18-year-old daughter left home for a life in the big, bad city?

"I was terrified," says Mrs. Lucille Cole, mother of actress Elizabeth Ashley. "I told everybody at the office where I work in Baton Rouge that she was still studying at Louisiana State University. I was so upset that I couldn't bear to talk about it without breaking out in tears."

She can talk about it now. And she did, while visiting daughter Liz on the set of "Ship of Fools." Miss Ashley is the electric brunette who scored on Broadway as Art Carney's daughter in "Take Her, She's Mine," then established her stardom with "Barbarella in the Park." In between she played George Peppard's sometime wife in "The Carpetbaggers," and was termed by several critics as the only worthwhile element of the movie.

EXPLAINS FLIGHT
Liz explained her flight from Louisiana:

"I felt it was something I had to do. I envisioned myself as a character out of a Hemingway novel—Lady Brett Ashley, perhaps, with a bit of Madame Bovary. I wanted to be a wild, tempestuous, larger-than-life character, and New York seemed like the only place for me."

After her plane fare, she had \$143 in savings from modeling. She didn't know a soul in New York. All she did was write ahead for reservations at the YWCA. "It was nice there," she recalled.

Liz got work right away as a model, then gave some thought to acting. She was accepted for study at the Neighborhood Playhouse and then faced her greatest challenge. Losing her Dixie drawl.

"I couldn't get jobs until I did," she explained. "I took some coaching and worked hard with a tape recorder, and I managed to get rid of most of my accent."

BROADWAY EMINENCE

The jobs began to come, and she rose to Broadway eminence, receiving the inevitable call to Hollywood. She came on her own terms.

"Of course the studios wanted to sign me to contracts but I wouldn't think of it," she said. "Imagine having someone else decide what roles you are going to play! I wouldn't think of it. Why, it's a denial of my rights to life, liberty and the pursuit of happiness."

SMILES NOW—Mrs. Lucille Cole (left), who was upset when her daughter, Elizabeth Ashley, left home for an acting career in the big city, is all smiles as she visits her daughter on the set of "Ship of Fools" in Hollywood. Liz rose to Broadway eminence, then received the inevitable call to Hollywood, where she starred in "The Carpetbaggers."

She dodged only two questions with "no comment"—Concerning her romance with George Peppard and her opinion of "The Carpetbaggers." About all she would allow is that the public likes the movie and she likes George.

JFK Dallas Drive
Nets \$200,000 Plus

DALLAS, Tex. (AP)—More than \$200,000 has been contributed to the John F. Kennedy Citizens Memorial Drive in Dallas.

Committee Chairman W. Dawson Sterling said Wednesday more than 500 business companies here had participated in the drive, expected to be concluded soon.

Funds will be divided between a Dallas memorial plaza two blocks from the site where Kennedy was assassinated last Nov. 22 and the John F. Kennedy Library in Boston.

Caste System Leads

India Lovers to Suicide

ALLAHABAD, India (AP)—Two young lovers, the boy a member of India's ranking Brahman caste and the girl an "untouchable," committed suicide today because their parents refused to let them marry.

Police said the couple hanged themselves and left a letter explaining their parents denied them permission to wed.

Eighty-five per cent of the public libraries in the nation were built before 1920, the American Library Association reports.

Killed by Pickup Truck

MUSKOGEE (AP)—A 75-year-old Muskegon woman was struck and killed by a pickup truck Wednesday while walking on a bridge over the Muskegon River in North Muskegon. She was Mrs. Frances Bouwsma.

EXAMINE SILVER INGOT — Martin Meylach (left), his wife, Mary, and Don Thomas examine one of the silver ingots they found around the disintegrated wreckage of

the 18th-century galleon Tres Puentes on the ocean floor off the Florida coast. Meylach estimates the ingot's value at about \$300.

AP Photos

Diver Finds Ocean Treasures

MIAMI, Fla. (AP) — Spanish treasure still twinkles off the Atlantic Ocean floor off Florida, and Martin Meylach says he can prove it.

The Miami weekend diver is happy enough to wave the proof to a doubter's nose—newly found 17-pound silver ingots.

Meylach won't say how many rough-cast, circular lumps of precious metal he clawed out of sand and coral around the disintegrated wreck of the 18th-century galleon Tres Puentes.

A sample ingot is about 10 inches across and Meylach said each one contains \$300 worth of silver.

LABORATORY ANALYSIS
The boatyard operator, 36, and his partner, Don Thomas, 28, say laboratory analysis showed a random chip of an ingot was 95 to 99 per cent pure silver.

"We found that wreck two years ago and we dug it almost every weekend," Meylach said. "Sometimes we were skunked. Sometimes we were glad to settle for a shoe buckle, a bit of hardware or anything still recognizable after 251 year on the bottom of the sea."

"Other divers came and worked the Tres Puentes too. They went through that site with the proverbial fine tooth comb—even tunneled it. Then, after they told us they were through, we took one more crack at it, and bang. We found the goodies."

Raid Cracks Gambling Ring

Said Largest Mutuels Combine in Detroit

DETROIT (UPI) — Detroit police and internal revenue agents raided a near northside office yesterday and cracked a gambling ring they called perhaps "the largest single mutuels combine in Detroit."

Authorities said the ring grossed about \$1,250,000 annually.

Eleven persons were arrested, and four more were being sought. The alleged leader of the ring, identified as Julius Simmons, was expected to turn himself into police today. His attorney contacted authorities with that promise. Racketeers Squad Lt. Robert Bullock reported.

Police said all the men arrested and those sought were from Detroit. He said they would be charged with conspiracy to violate the state gaming laws, and the federal government could also bring tax charges.

Twenty-four officers participated in the raid. They had to break down two doors to enter the building. They found the 11 persons covering in a basement room.

Confiscated in the raid were seven cars used for transferring gambling paraphernalia, four adding machines and more than 8,000 mutuel race bet tickets. Bullock said the raid was in the planning stages for about two months. He added that six of the ring members were currently involved in other gambling cases before Recorder Court, all stemming from a similar raid Jan. 21, 1964.

UAW Women Organizing to Have Voice in Union

DETROIT (AP)—UAW kingpins had better watch out for HER.

UAW stands for United Auto Workers. HER stands for "Help for Equal Recognition" and is being organized within the UAW by its estimated 150,000 women members.

HER's immediate objective is election in 1966 of a woman to the UAW's 25-member international executive board, which runs the union. After that, a bigger voice in union affairs.

A driving force behind HER is a shapely blonde who knows how to captivate men. She has to. She's one of five women among 1,500 men employed in the Rockwell-Standard auto plant at Newark, Ohio.

VITAL STATISTICS

She is 34-year-old JoAnne Wilson, whose other vital statistics include a 36-24-36 shape and a 5-foot-4½ height. She is a tool room attendant, who keeps track of the many tools used in her plant.

Mrs. Wilson and Elizabeth Jackson of Detroit were named co-chairmen of a national steering committee organized this year at the union's Atlantic City convention to get a women's 1966 election campaign underway for the 1966 convention.

It was the Ohio blonde bombshell that gave the women's movement momentum.

Individually women within the union had been voicing demands for "recognition" within the UAW hierarchy. When the caucus supporting UAW President Walter P. Reuther and his slate met at Atlantic City, Mrs. Wilson nominated Carolyn Davis, UAW women's director, for the executive board.

NOMINATED HERSELF

Mrs. Davis declined to attempt upset of someone on the boss' slate. So, JoAnne Wilson then nominated JoAnne Wilson, "because I knew I would accept."

The results shook up the Reu-

ther caucus and gained women unionists prompt attention. Mrs. Wilson got approximately 500 out of 1,500 votes.

Political campaigns are nothing new to Mrs. Wilson. She missed the Democratic Party's nomination for mayor of Newark by only 45 votes in 1963, and she won a spot on her local union's bargaining team.

JoAnne thinks she may give the mayor's job another fling in 1965, and she has, until now, a secret political ambition: to some day run for governor of Ohio.

OTHER ACTIVITIES

When she isn't keeping tab on tools at Rockwell-Standard, she's keeping books on the 30 apartments she and her husband Donald own, tending to her duties as vice president of a weekly newspaper at Heath, Ohio, or reporting for her union newspaper, or helping her father run his real estate business.

Incidentally, she now holds a real estate license herself and often considers shucking the \$105-a-week factory job she's held for 12 years.

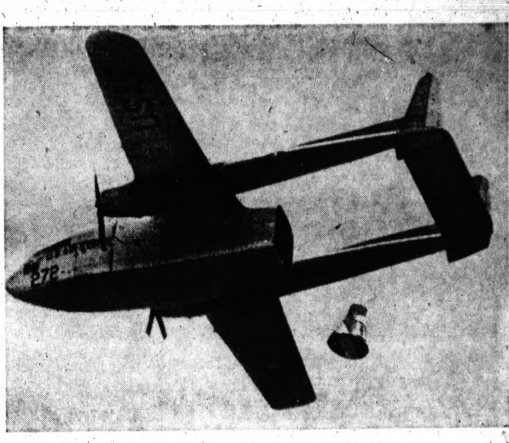

But that would come, she vows, "only after HER wins women the recognition they deserve."

When JoAnne finds time for her hobby, she listens to hill-billy music, and she even went home from Atlantic City via Roanoke, Va., to take in a "concert" there.

Ed Sullivan Treated for Intestinal Disorder

STATELINE, Nev. (AP)—Television personality Ed Sullivan is in a hospital for treatment of an intestinal disorder.

A spokesman for a casino in Stateline, Nev., said Sullivan became ill yesterday after his midnight show. He said the illness was not believed to be serious.

Believes South Won't Accept Humphrey

Mackie Pushing FDR Jr. for VP Bid

LANSING (AP)—State Highway Commissioner John Mackie, believing that Sen. Hubert Humphrey is unacceptable to Southerners, is waging a one-man grass roots campaign to win the Democratic vice-presidential nomination for Franklin D. Roosevelt Jr.

"I'm doing it with his (Roosevelt's) knowledge but not at his direction and possibly not with his permission," Mackie said Wednesday at his Congressional campaign headquarters in Flint.

Mackie said he understands the three most likely running mates for President Lyndon B. Johnson are Humphrey; Eugene McCarthy, another Minnesota senator, and Roosevelt.

"Assuming those three are being considered by the President and any one of the three may be acceptable," said Mackie, "then the deciding straw may be public opinion."

PUBLIC'S VIEW

"If the public liked FDR Jr., this might carry enough weight for the President to say, 'Any of the three is okay but I'll take FDR Jr.,' because the public likes him."

Roosevelt "certainly would accept the nomination if it were tendered," said the highway commissioner.

Mackie called Humphrey "a tremendous guy and capable," but added, "I understand he is not acceptable to most of the Southern states. I think FDR Jr. would be."

"My understanding is that there has been a poll in the Southern states that indicates almost 100 per cent opposition to Sen. Humphrey."

HUMPHREY LEADS

Mackie acknowledged that Humphrey is the apparent leader in the race, but said the race could broaden if the Minnesota is unacceptable to some groups.

Mackie cited Roosevelt's name, acceptability to all states, long record of congressional and public service, and liberal outlook as qualifications for the second spot on the Democratic ticket.

Roosevelt and Mackie have exchanged letters, telephone calls and personal visits since the first of the year, said Mackie.

"He, like myself, doesn't want to have this appear in any manner whatsoever that we are trying to force anything on the President."

MEETS FDR JR.

Mackie's highway work brought him in contact with Roosevelt, who is undersecretary of commerce for transportation, controlling unit for the Bureau of Public Roads. Roosevelt was the principal speaker at a testimonial banquet for Mackie earlier this year.

Mackie, an alternate on Michigan's delegation to the Democratic National Convention later this month in Atlantic City, said he plans to talk to delegates.

"If at the convention a ma-

jority of delegates privately preferred FDR, the President would know this fact," said Mackie.

Conversations earlier, he said, indicated many Michigan delegates favored Atty. Gen. Robert F. Kennedy for the nomination before Kennedy was eliminated from the race by President Johnson.

Fear Boom Backfire for Humphrey

By JACK BELL

WASHINGTON (AP) — Sen. Hubert H. Humphrey's vice presidential nomination boom is traveling so fast some backers are beginning to fear President Johnson may think they are trying to pressure his choice of a running mate.

Johnson has made it clear to all concerned he alone expects to choose the second place nominee. He has prodded state delegation leaders to produce statements rallying his undeniable political right to make his own selection.

From past experiences the Democrats with whom he deals almost daily know that the President is not a man who takes kindly to the application of pressure on him. His belief that preparations in that direction were being made by friends of Atty. Gen. Robert F. Kennedy was reported to have contributed to his decision to eliminate Kennedy and several others from consideration.

Humphrey said today in an interview that he isn't turning a spade to work up delegation support.

PRESIDENT'S DECISION

The Minnesota senator added: "This matter is entirely in the President's hands. He has never discussed it with me. He will make his own decision and the convention will honor it."

Humphrey conceded he had met recently with business groups in Chicago and New York. But he said this did not constitute campaigning for the nomination.

"Old friends of mine invited me to meet with some of their business friends," he said. "I told them the same things I have been saying for years. I have been a free enterprise man ever since I went to work in Humphrey's drug store." The senator was a registered pharmacist.

Humphrey's supporters now count seven democratic governors as favoring him for the nomination. Gov. Richard J. Hughes of New Jersey was the latest to join this group.

OTHER SUPPORTERS

Others on the list supporting Humphrey include the governors of Minnesota, Wisconsin, Nebraska, Iowa, Kentucky and Missouri. They think he is second choice in the California delegation if California Gov. Edmund G. Brown is not tapped.

North Dakota, South Dakota and Montana delegations, also have yielded indications of support for Humphrey.

Two Boys Buried Alive; Dramatic Rescue of Third

WARWICK, R.I. (AP) — Two 15-year-old boys were buried alive Wednesday night when trapped by a cave-in some 15 feet below ground—where they had dug out an underground room.

A third boy was rescued after two hours of frantic rescue work. He suffered only a minor head cut, apparently sustained when grazed by a rescuer's shovel.

Three other boys had just left the tunnel entrance when the cave-in occurred during a drenching rain. One of them, Bruce Charon, 15, said he fell backward as sand poured over him from the opening, but managed to dig himself out.

The victims were Michael J. Kasek Jr. and Frank J. Laprockina Jr., both of Warwick.

NEARER SURFACE

William E. Underwood Jr., 13, also of Warwick, was several feet nearer the surface than the Kasek and Laprockina boys when the heavy, wet sand came tumbling into the labyrinth of the tunneling.

"I didn't think about anything in particular," he said later. "But I sure was scared. I was trapped in a kneeling position and couldn't move."

Some 50 firemen, policemen and volunteers worked feverishly to reach the boys. A power shovel and two backhoes were brought in before the rescue was completed.

UP TO CHEST

The Underwood boy said he was buried up to his chest and the other two boys were buried completely.

A fireman, Duflo Kingma, was one of the first persons at the scene. The Charon boy had extended one foot down the hole in an effort to have the Underwood boy grab on to it, but left for help when he realized Billy was too far down.

Kingma dug Billy's arm free but when sand kept dropping in as fast as he could dig it out, he put an oxygen mask on the boy's face and got a rope underneath his shoulders.

More sand caved in and the boy was buried completely for a time.

HELD MASK ON

"I held the mask on with my left hand and prayed," the Underwood boy told rescuers.

He finally was brought to the surface after two hours and 17 minutes of rescue work. Treated at a hospital, he returned to the scene in time to see workers

bring up the bodies of Kasek and Laprockina.

The boys had been digging tunnels in the area, alongside a house foundation, for the past four or five years. They were digging a horizontal shaft when the cave-in occurred, the Underwood boy said.

Plan Forum for Hopfuls in Waterford

A candidate forum, sponsored by the Greater Waterford Community Council, will be held at 8 p.m. Tuesday at Pierce Junior High School.

Candidates seeking nomination in the Sept. 1 primary election for township, county, state and national offices have been invited to speak at the meet-your-candidate session.

Each candidate will be allowed a brief period to present background information and reasons why he seeks office.

Following the candidates' talks, a social hour is slated to enable face-to-face discussions with the office seekers.

Calls from candidates are being taken by Mrs. Norman Pankner and Mrs. E. L. Windeler. The public not only is invited to attend, but urged to do so to become better informed prior to voting, said chairman Millard James.

Dealers Yet Must Sell 1.25 Million New '64 Models

By CHARLES C. CAIN

AP Business News Writer

DETROIT — The U.S. auto industry has launched a massive sales effort to reduce its inventory of 1½ million new 1964 models before the 1965 hit the dealer showrooms about Sept. 23.

The seven-week sales campaign will be a time of "wheeling and dealing" with car buyers, in a good position to get some healthy price reductions on the '64s.

Records indicate the current inventory of '64s is a new high, about 25 per cent over the average model-year end inventory.

Auto sources say that part of this is due to recently settled 31-day strike by the Teamsters union which tied up some 115-

000 new cars and trucks in East Coast auto plants.

Flow of those cars to dealers resumed shortly after the strike was settled on July 24, but the additional vehicles placed an extra load on dealers and their salesmen.

CURRENT PACE

Most industry sources feel the 1½-million inventory will be pretty well disposed of by mid-September, if sales hold their current pace.

Dealer profit margins will be shaved somewhat as buyers go from dealer to dealer seeking the best buy.

One key question in this year's model cleanup is the auto labor talks now under way in Detroit. If there should be a strike, pro-

duction of 1965s in volume would be held up, perhaps for a considerable time in at least one company, and the 1964s would thus become more valuable property.

Feeling among auto observers is divided, but at the moment, the majority appears to believe there will be no major strike; they believe there will be some local plant walkouts, as there were in 1961.

SIZE OF JOB

The size of the selling job that lies before the auto industry is reflected by 1963 figures which showed that 717,000 new cars were sold between Aug. 1 and Sept. 20. In 1965, sales set a late summer record of 1,946,000 for a similar period.

Thus it seems possible dealers could carry over a minimum of 250,000 new 1964s—probably more—into the '65 selling season.

ONE EFFECT OF THE TEAMSTERS'

strike is that some customers, irked by the delay in getting the car they had ordered, canceled their purchase and settled for some other make. That meant salesmen on the dealer level faced the additional task of selling a car which was practically tailor-made for one individual insofar as its options and accessories went.

Another aspect of the heavy inventory of '64s is concern by dealers about what would happen to used car prices of 200,000 of the '64s were

dumped onto the market in early fall.

Almost every auto company executive is confident the '64s will be disposed of without too much trouble and without deflating the auto market.

Intensified advertising campaigns, both on the national and local level, are being used to let customers know the market is favorable for them. Most of the ad emphasize prices as the primary attraction.

The general theme of the sales campaign is—why wait for a '65 when you can get a real good deal on a brand new 1964?

Most industry leaders are convinced the sales campaign will pay off and the transition to '65 will be made without too much trouble.

Orient Golf Champ in World Open

Oakland Hills Is U. S. Debut

Yong Yo Hsieh Set for Tournament

One of the Far East's top golfers, Yong Yo Hsieh, will make his United States debut in the \$200,000 Carling World Golf Championship at Oakland Hills Country Club, Aug. 27-30.

The 30-year-old Hsieh has won the Hong Kong Open the last two years. He birdied four of the last five holes to win the 1963 championship.

This year he was 15 under par with a total of 289 on rounds of 65, 70, 68 and 66 to tie with Allan Murray of Australia. The 5-foot-9, 122-pound Hsieh holds an 18-foot birdie putt to the Murray on the 72nd hole.

Then Hsieh dropped a 25-foot birdie putt on the third over time hole to win the sudden death playoff with Murray at the Royal Hong Kong Golf Club, which is just a mile and a half from the Bamboo Curtain.

Hsieh hails from Taipei, Formosa. He has been the professional at the Taiwan Golf & Country Club for ten years. He is no stranger to international competition, having played in the Canada Cup six times.

Tickets are on sale at 30 Detroit-Pontiac area outlets, as well as at Oakland Hills and other golf clubs.

Season books, priced at \$20, are good for admission on all four days of the tournament, plus the three previous days which are being held for official practice rounds.

Daily admission for the practice rounds Monday, Tuesday and Wednesday, Aug. 24, 25, and 26 will be \$2. Admission to the first two rounds of the actual tournament Thursday and Friday, Aug. 27 and 28, will be \$5, with the tickets Saturday and Sunday, Aug. 29 and 30, priced at \$6 each.

Unveil Trophy for Tourney at Cranbrook

The unique trophy which awaits the winner of the forthcoming Carling World Golf Championship to be played at Oakland Hills Country Club late this month was unveiled here today in a special noon ceremony at Cranbrook Academy.

Mrs. George Romney, wife of Michigan's Governor, sculptor-designer William M. McVey, and Harrison W. Wilder, president of Oakland Hills and general chairman of the tournament, participated in the unveiling on the steps of Cranbrook's Academy of Art.

Cranbrook was selected as the appropriate site for the event because McVey formerly was an instructor at the Cranbrook Academy of Art.

Internationally known for his accomplishments as a sculptor, McVey now resides in Cleveland. He is head of sculptor at the Cleveland Institute of Art and has been visiting sculptor at Ohio State University's School of Art.

VICTOR'S AWARD—To the winner of the World Open golf tournament at Oakland Hills will go this silver trophy unveiled today at Cranbrook school.

Coach Gene Woodling of the Baltimore Orioles broke in with Mansfield in the Ohio State League at age 17 in 1940.

Qualifies for State Playoff

Big Inning Carries UAW to Win

A seven-run third inning carried UAW Local 594 to a 10-1 triumph over Elks No. 810 last night at Beaudette Park and the victory boosted the union crew into the state Class C playoffs.

The union squad won the series, 2-1, and will now join the other American League teams in the Michigan Softball Association playoffs—300 Bowl (A), Arro Realty (B) and S & M Reeves (D).

Berry Door moved into the finals of the National League's upper bracket with an 11-1 decision over Orchard Lanes, and Buckner Finance took a 1-0 lead in its two-of-three series with Lytle - Colegrove with a 1-0 rout.

Jake Mazur struck out 12 and held the Elks to three hits and he banged out a pair of singles to share the offensive load. Shortstop Mel Taylor clubbed a first-inning home run to send the union squad ahead 1-0, and the winners added seven in the third on two doubles, three singles and two walks. Third baseman Earl McKee picked up two safeties in the rally.

Berry Door cracked out 13 hits in the easy triumph over Orchard Lanes. The winners posted seven markers in the third and ended the game via the 16-run rule with four in the fourth.

Ron Reid and Tom Holler homered for Berry in the fourth. Ron Nordquist silenced the Orchard bats, giving up only one hit and fanning four.

Berry Door will meet unbeaten Bob & Larry tonight at 7 at Northside in the upper bracket finals. A Berry win would force a second game between the two.

Second basemen Bill Cumberland hung out a triple, a double and two singles to pace the 16-hit Buckner attack. Centerfielder Lloyd Clancy picked up three safeties and three other players had two each.

Buckner scored in every inning to end the game at the fifth of five innings. Gene Hoffman spaced five hits to take the decision.

PONTIAC SOFTBALL PLAYOFFS (Upper Bracket) Orchard Lanes 25-14 1-1 Berry Door 10-1 1-1

(Lower Bracket) Buckner 10-0 1-1 Lytle-Colegrove 0-2 0-2

International League (Class C Division) Elks 8-10 1-1 Berry Door 10-1 1-1

Local 294 10-0 1-1 Berry Door 10-1 1-1

Local 294 takes series, 2-1. Team will represent Pontiac in state Class C playoffs.

Pontiac Still Best in U.S.?

Skating Coach Is Worried

Bert Anselmi, coach of the Rolladium Skating Club, talks like a football coach whose team is rated No. 1 in the pre-season forecasts.

He points out every possible avenue where the team may falter and not wind up on top. The comments are familiar: "Lack of depth; unknown quality; key injuries; other teams improved."

Mixed in between are optimistic statements: "Our best speed team; several possible first-place winners."

The opposition in the North American Roller Skating Championships starting Sunday at Convention Center in Louisville, Ky., has digested all this information and has come up with some finding for the 11th straight year—Pontiac Rolladium will be heavily favored to win the team trophy.

Twenty-eight skaters from Rolladium are entered in the week-long event. Only Pasadena, Tex., can come close to this number.

And this is the team Anselmi figures will have the best chance of making off with the large trophy that has graced the Rolladium showcase for nine of the last 10 years.

"It's true we won nine first places in the regional," Anselmi pointed out, "but we didn't get as many seconds and thirds as in the past."

"This lack of depth could keep us from bringing the trophy back," Anselmi, Rolladium manager, also said some of the team

members have never skated in the national "and we don't know how they will react."

KEY INJURY

Injuries to a key performer in 1957 kept Rolladium from entering three events in which it figured to gain points. The result was that the trophy "got away" by 12 points.

The same situation has come up this year.

Ron Robovitsky, expected to place high in junior boys figures and also a member of highly rated pairs and fours teams, is not expected to compete. He suffered a severe ankle sprain in practice and it has not responded to treatment.

Under meet rules, no substitutions are allowed in pairs or fours so this could eliminate these local teams.

Young Scott Harrity leads what Anselmi calls "the best speed skating group we've ever had."

He won the Juvenile C boys championship last year and, although he has moved up a class, containing older opponents.

Scott is favored to cop the "B" division.

POSSIBLE FIRSTS

Others rated by Anselmi to have a good chance of winning are Joan Hartley, juvenile C girls speed; Diana Bielicki and Michael Leincke, junior girls and boys speed, respectively; Jerry Charter, intermediate men's speed; and the men's and ladies' speed relay teams.

Diane Grassi rates high in intermediate ladies freestyle. She and Dennis Horral are among the favorites in senior pairs.

Gerry McNieve and Cecelia Davidson, runner-up in the North American and World Invitational last year, are co-favored in senior dance.

Charles Howard and Janice Wilson have impressed in novice dance and the senior fours team is a contender.

The meet concludes Aug. 15. A portion will be taped for television presentation later in the month.

In National Shoot

Waterford Archer Leads

WANTAUGH, N.Y. (AP) — Davis Keagy of Drayton Plains, Mich., and Victoria Cook of Minneapolis took the lead Wednesday for the men's and women's senior titles in the National Archery Championships at Jones Beach.

Keagy, 17-year-old defending champion, won the international round with a point score of 1127 and after completion of the York round had a total of 1696.

CHAMP THIRD

The men's world champion, Charles Sandlin of Flagstaff, Ariz., finally got into the run-

ning when he finished third in the York round. He still is far behind Keagy and Allen Muller of Minneapolis, who has 1,565 points.

Miss Cook, the world's title holder, took over first place in the over-all scoring from Mrs. Nancy Vanderheide Kleinman who has 1657 and Miss Ardelle Mills of Minneapolis, Minn. was third with 1618.

Mrs. Kleinman set a national record in the international round with a score of 1143 but she fell behind in the York round.

Still leading the intermediate boys division is Max Lingo Jr. of Evansville, Ind., while Carol Hinckley of Springfield, Mass., continued to pace the girls.

After completing three of the four sections of the Junior American round, Hardy Ward of Mt. Pleasant, Tex., the Texas State and Tri-State champion, moved to the front with a score of 2256. Runner-up is Greg Reeder of Evansville, Ind., with a 2226.

Special to The Pontiac Press

BELLEVEILLE — A Pontiac swimmer and two from Birmingham were winners here yesterday in the fourth annual age-group meet at Lower Huron Metropolitan Park.

John Mason of the Pontiac Swim Club won the 40-yard backstroke and 40-yard butterfly for boys 12 and 14 years old.

Birmingham's Richard Phillips, representing the Maple Swim Club, took the 40-yard style and 40 backstroke for boys under 10.

Kevin Tooms of Birmingham, competing unattached, won the 80 freestyle for boys 15-17.

ning when he finished third in the York round. He still is far behind Keagy and Allen Muller of Minneapolis, who has 1,565 points.

Indiana Woman Champ in Horseshoe Tourney

GREENVILLE, Ohio (AP) — An Indiana woman won the women's championship at the World Horseshoe Pitching Tournament Wednesday night by winning all seven of her games.

Sue Gillespie of Portland, Ind., had an 81.1 ringer percentage in winning the women's title. In the last game, she beat the defending champion — Vicki Winston of Lamonte, Mo. — 51-23.

The world championship pitching begins at 5:30 p.m. today. Each competitor will play every other competitor once, the title being decided on a games won-lost basis. They will pitch three games a night from tonight through Monday night, and five games next Tuesday night, when the championship will be decided.

Miss Gillespie also was the 1963 women's champion. Harold Tuttle of Youngstown, Ohio, won the seniors' championship for men 60 or older with six victories and one loss for a ringer percentage of 64.9.

The juniors' championship went to Gary Roberts of Lucasville, Ohio, with six victories, one loss and a 67.6 ringer percentage.

MINNEAPOLIS, Minn. (AP) — Mickey Szilagyi, of Milwaukee became the surprise of the 11th annual Jaycee International junior tennis tournament Wednesday, scoring a pair of upsets in 18 and under boys singles to move into Thursday's quarter-finals.

Szilagi defeated fifth-seeded Bobby Goeltz, Washington, D.C., 2-6, 6-3, 6-4 after taking out ninth-seeded Miguel Lingre of Mexico, 6-2, 6-3.

Top-seeded Jeff Brown of Carmichael, Calif., had some trouble, but gained the quarter-finals by beating Darrell Snyder of Winfield, Kan., 3-6, 6-3, 6-1, and Bob Hubbard of Baton Rouge, La., 6-4, 6-3.

Also moving up was Chuck Darley, Rochester, Minn., who beat both Ted Russel of Albuquerque, N.M., and Jim Novitsky of Hamtramck, Mich., by identical 6-2, 6-3 scores.

Ailing Mays Sparks Giants

By The Associated Press

"I shouldn't be playing," said Willie Mays. "I'm doing it only to help the manager."

The San Francisco Giants' star center fielder showed up at Shea Stadium Wednesday night nursing a heavy cold and when Manager Alvin Dark made out his line-up, Mays wasn't in it. But five minutes before game-time Willie decided to play. The

Say-Hey Kind then clouted two home runs — his 30th and 31st of the season — and the Giants coasted to a 4-1 victory over the Mets.

"These guys are trying to get Dark fired," Mays said. "I've got to help the man." Mays came to his manager's defense the best way he knew how — with his bat.

Dark's position as manager was reportedly shaky following his racial remarks attributed to him which appeared in Long Island newspaper. Dark denied the quotes to reporters Tuesday and then held a club meeting to explain his position to the players Wednesday.

ANGRY AT REPORTS
Mays, angry at the reports

that Dark might be fired, took on his wrath on the Mets. His fourth-inning homer tied the score at 1-1 and before the inning was over, San Francisco had taken the lead on his by Willie McCovey and Tom Haller.

McCovey tagged his 15th homer in the seventh and Mays clubbed No. 31 in the eighth.

The power show whipped the Mets but didn't help the Giants in the National League pennant race.

Despite winning, San Francisco fell two games back of the Philadelphia Phillies who swept a two-night doubleheader from Houston 4-1 and 2-1. St. Louis topped Chicago 4-2, Milwaukee downed Cincinnati 6-3 and Pittsburgh edged Los Angeles 4-3 in other NL games.

Richie Allen's leadoff homer in the ninth inning gave the Phillies the second game after three runs in the opener. Allen tagged reliever Hal Woodeshick's first pitch in the ninth for his 19th homer.

Pinch hitter Cookie Rojas drove in Tony Taylor with the winning run in the seventh inning of the opener. Taylor, who had knocked in the first Phillies' run in the second, tripled and scored on Rojas' sacrifice fly. Philadelphia wrapped it up with two in the eighth.

Bill White's 14th homer, a three-run shot, helped the Cardinals trip the Cubs. Bob Humphreys, who relieved starter Gordon Richardson in the sixth, bunted four innings of shutout ball to preserve the victory.

Eddie Mathews' two-run homer, his 15th of the year, started a five-run Milwaukee spurt in the eighth inning that gave the Braves the victory. Leo Cernan and Don Pavlich homered for the Reds.

The Dodgers nursed a 3-2 lead into the ninth but Jim Paggiaroni's leadoff homer against Ron Perranoski tied it. After Dick Schofield singled, Bob Miller replaced Perranoski and walked Bob Bailey. Roberto Clemente's base hit scored Schofield from second winning it for the Pirates.

Drought Hinders Ducks

WASHINGTON (AP) — The Interior Department announced Wednesday that drought affecting major duck nesting areas across North America will lead to smaller flights this year in the Pacific and central flyways. The department noted that the breeding conditions in Michigan were below average this year.

Mets Deny Casey Not Coming Back

NEW YORK (AP) — The New York Mets denied today an Associated Press report that they had made a decision concerning Casey Stengel's return as manager in 1965.

And the San Francisco Giants were mum on the report that Alvin Dark would be dismissed as manager of their team.

Casey's contract expires at the end of this season. Dark's contract expires Sept. 1.

M. Donald Grant, chairman of the Mets' board of directors, commenting on an AP report that Stengel and the Mets will reach a parting of the ways at the end of the season, said:

"No decision has been made. There has been no discussion as to whether or not Casey will return next year. We will not discuss it until the end of the season when Casey will come to George Weiss (club president) and tell him what his plans are."

for next year. This has always been the procedure."

NOT YES OR NO

Asked whether he would say that Stengel can have the job as long as he wants, Grant wouldn't say "or no."

A printed statement was distributed among the reporters before the start of the game between the Mets and Giants which, in effect, said the same thing. The statement concluded:

"Casey has always insisted on being free to decide on the following year at the end of the season, and the same procedure will be followed this year."

Dark's status remains unchanged. Horace Stoneham, owner of the Giants, who makes the decisions, has been silent and probably will remain so for some time.

Dark, who had expressed his views in a Tuesday press conference on the controversial racial issue which he had become involved earlier, had a short meeting with his players in the privacy of the clubhouse before the game Wednesday.

"I let them know what I always believed and what I will continue to believe," he said. "The players did not ask any questions."

Two-Game Knockout Starts Sunday

CLASS A LEAGUE STANDINGS

Huron-Airway	18	5	CIO #394	18	5
Clippers	18	5	W. G.	18	5
Cranbrook	18	5		18	5

Huron-Airway put the lid on the regular season in the men's Class A baseball league last night with a 3-0 triumph over Cranbrook.

Four hurlers combined in the two-hit shutout with starter Steve Wilson picking up the victory.

Center fielder Ron Murry singled in the first and the fifth for Cranbrook's only safeties.

John Lucadamo's single chased catcher Charlie Johnson across the plate in the eighth for Airway, and the winners added their final tally in the fifth and seventh frames.

H-A (16-2) will now move into the playoffs with the Clippers (11-7), Cranbrook (9-9) and Pontiac Business Institute (10-8).

PBI and Cranbrook will open the two-game knockout series Sunday at 8 p.m. The Clippers will meet H-A Monday at 8 p.m. After two teams have been eliminated, the remaining two will enter a three-out-of-five series to determine the city champion. The winners will represent Pontiac in the state playoffs.

Golf Champ Moves Ahead

WAUKEGAN, Ill. (AP) — The women's Western Junior Golf Tournament moves into quarter-final and semifinal rounds play Thursday with defending champion Janis Ferraris of San Francisco obviously the young lady to beat.

Miss Ferraris, also 1963 national junior champion, scored the easiest triumph in Wednesday's eight-match second round at Glen Flora Country Club's par 37-36-73, 6,084-yard course.

Miss Ferraris, 17, eliminated Jacqueline Flados, 16, Duquesne, Iowa, 7 and 6. Her quarter-final round for Wednesday morning was Carmen Piasick, 15, South Bend, Ind.

Chance, Lee Shackle Orioles

By THE ASSOCIATED PRESS

Dean Chance, who shares his escapades with Bo Belinsky now has hooked onto a guy to share his shutouts.

Chance usually works alone on the mound but needed a collaborator Wednesday night and found rookie Bob Lee willing to accede as the two combined efforts in the Los Angeles' 14 shutout over the pennant-hopeful Baltimore Orioles.

It was the Angels second successive shutout against the Orioles, their ninth in the last

month and their 18th of the season — tops in the American League. And Chance and Lee have had their hands in an even dozen.

Lee, who got to be a reliever with the Angels because he didn't want to be a reliever with Pittsburgh now has shared six shutouts with his Angel teammates, pitched scoreless ball for 23 1/3 innings over a 10-game stretch and lowered his earned run average to a brilliant 1.58.

CONTENDERS LOSE
The defeat didn't cost the Ori-

oles in the pennant chase as all three leading contenders lost for the second night in a row.

The first-place New York Yankees remained one percentage point in front despite a 10-1 beating by Kansas City and the third-place Chicago White Sox stayed a full game off the pace after a 3-1, 13-inning loss to Detroit.

Elsewhere, Harmon Killebrew hit his 38th homer as Minnesota belted Boston 6-1 and Cleveland walloped Washington 9-0.

Lee allowed only one hit and struck out four over the final three innings after Chance, who got the victory for a 12-5 record, kept the Orioles scoreless for six innings despite allowing eight hits. The Orioles stranded 10 runners, including two each in the second through sixth inning.

Tony Oliva and Killebrew hit consecutive homers in the first inning and Bernie Allen connected in the second inning for the Twins and that was more than enough for Camilo Pascual, 11-8 with his first victory since July 11, allowed only three hits, one a homer by Carl Yastrzemski.

Chico Salmon and Leon Wagner hit back to back homers in the fourth inning, powering the Indians to their victory over the Senators. Lee Stange and Gary Bell combined for the shutout, allowing seven hits.

2 Slam Aces in Area

Two Detroiters have found hole-in-one success on Pontiac area courses.

James Binder, 46, aced the 135-yard, No. 8 hole at Pontiac Country Club Saturday using an 8-iron, and Leo Mellen banged a three wood shot into the hole on the 190-yard, No. 2 at Tam O'Shanter yesterday.

PGA Reaches TV Accord on Tourneys

CHICAGO (AP) — The Professional Golf Association of America, including all its players, and the International Golf Spendors Association reached a complete agreement on television programming Wednesday.

The agreement ended months of bickering, challenges, threats and behind-the-scenes maneuvers. The TV issue came to a head in Phoenix last February.

The International Golf Spendors Association had balked at the contract because of a clause which stated television rights belonged to the players.

At one point the Phoenix Open was called off and at another time the players threatened to boycott the tournament even if it was staged. Eventually, however, the tournament went off as scheduled with the controversial clause remaining in the contract.

The agreement, coming after two days of meetings, was announced by PGA President Warren Centrell and IGSA President James L. Hyde Jr. of New Orleans.

It provides that the PGA, through its New York television office, will market the rights to PGA-co-sponsored tournaments. The proceeds will be shared between the tournament sponsors and the players, who will add their share to the tournament purse.

Orchard Lake Golfers WDGA Team Winners

The Orchard Lake squad finished on top in the Blue Division of the Women's District Golf Association season team play following an outing at Dearborn Country Club yesterday.

The Orchard Lake team posted a point total of 56 1/2 in four season tournaments. Dearborn was second with 56, Lochmoor third and Oakland Hills fourth.

Members of the winning team are Mrs. Ted Guething and Mrs. F. M. Adams of Birmingham, Mrs. Charles Weir, Mrs. W. L. Mosher Jr. and Mrs. Ferd Brook of Bloomfield Hills and Mrs. Sylvester Leahy of Orchard Lake.

The Forest Lake team captured first place in the association's Red Division. On the team are Mrs. Sally Werner, Mrs. Albert Yost, Mrs. R. Downey, Mrs. William Clark and Mrs. Carol Dunham.

Huge Boxer Scores TKO

Two Olympic Hopes Win Detroit Matches

DETROIT (UPI)—Giant Buster Mathis, the 285-pounder from Grand Rapids who hopes to win the heavyweight boxing crown in the Olympics, scored an impressive victory last night during the Mayor's Athletic League bouts.

Mathis caught Detroit Golden Glove champion Willie Williamson with a roundhouse left at 1:28 and scored a TKO the third round to take his match.

Ron Harris, a Detroit Olympic hope at 135 pounds, showed style and punching ability in a three round decision over Asst. Gabriel, an Ivory Coast Olympic boxer.

Both Mathis and Harris are members of the U. S. Olympic team.

More than 4,000 fans watched the bouts, staged along with professional boxing and wrestling for the benefit of the Olympic Fund and the Detroit Police Youth Program, held at Cobo Arena.

Army Sergeant Leads U. S. Pistol Shooters

CAMP PERRY, Ohio (U)—The Army, Navy and Air Force are shooting it out for the 1964 pistol championship here with Army Sgt. 1. C. William B. Blankenship Jr. of Richmond, Va., well on his way to a fifth straight championship.

He had a total aggregate of 1,765 out of a possible 1,800 after Wednesday's center fire five matches. Close behind is Navy PO 1. C. Donald L. Hamilton of Pembroke, Mass., with an aggregate score of 1,760.

AFL Champ Signs Two; Raiders Declared Ready

SAN DIEGO, Calif. B — The San Diego Chargers signed two more players Wednesday as they prepared for their American Football League exhibition Saturday with the Denver Broncos.

Fullback Keith Lincoln and halfback Paul Lowe, both Chargers veterans, turned in their contracts. That leaves six players left to sign.

Lincoln gained 349 yards in the championship game last year when the Chargers beat Boston 51-10. He got a salary increase.

Lowe was the second leading rusher in the league last year with 1,010 yards gained.

SANTA ROSA, Calif. (P) — Offensive tight end Jan Barrett of the Oakland Raiders was declared fit for action Wednesday for Sunday's exhibition opener against the Kansas City Chiefs. Barrett's recovery from a

Eight More Qualify for Putt-Putt Berth

Eight more newboys qualified for the Pontiac Press Carriers' Putt Putt tournament to begin next week at the course on Dixie Highway.

All carriers are eligible to enter the tournament and those scoring 130 or less in qualifying will enter the tournament proper on Monday.

Those who qualified include Frank LeClair with 119; Leigh Dushane, 121; Randy Reight and Gerald Walton, 126; Ron McPherson, 127; Dave Crawford, 128; Gene Bauer and Skip Upchurch, 129.

Qualifying continues today and tomorrow at the Putt Putt course.

puller muscle in his left leg left four Raiders on the injured list for the contest at Oakland's Frank Youell Field.

The Raiders went through their last double workout Wednesday in preparation for the Chiefs.

\$37,240.20

Twin-Double Ducat Holder

DETROIT (AP) — A \$37,240.20 twin-double came up at the Detroit race course Wednesday, but the better holding the lone winning ticket didn't put in an appearance at payoff windows.

The ticket is collectable, however, any time in the next year. The payoff was a Michigan record. The previous twin-double high was \$11,303.80 which three fans won on opening day last Friday. The payoff is on the fifth, sixth, eighth and ninth races.

Wednesday's record was completed when Indian Nation won the ninth, paying \$18.00 for \$2.1 Regret won the fifth at \$53.40, Bo Bo Girl the sixth at \$16.80 and Speeding West the eighth at \$4.20.

The winners numbers were 8-34-7, and Danny Gargan, 20-year-old jockey from New York, rode three of the winners home.

Grid Tilt Sold Out

AUSTIN, Tex. (UPI) — The 1964 Texas-Oklahoma football game, scheduled for Oct. 10 in the Cotton Bowl, is a sellout.

The University of Texas Athletic Department announced Wednesday that for the 19th consecutive year all 75,544 tickets have been sold. The game will be televised nationally.

Trio Shoots 70 in Jaycee Golf

SOUTH ST. PAUL, Minn. (P) — Chuck Taylor, Chattanooga, Tenn., Jeff Heard, Visalia, Calif., and Glynn Johnson, Warsaw, Ind., were the early leaders in the 19th annual International Jaycee junior golf championship at Minniedakota Country Club.

Taylor shot 34-36-70, Heard 35-35-70 and Johnson 37-33-70, two under par over the 6,265-yard 37-35-72 course.

Close behind the leaders were three players grouped at 71, Reid Goodlife, Brigham City, Utah, Gary Pratt, Austin, Minn., and John Richard, Ann Arbor, Mich.

Sixteen-year-old Taylor scored four birdies on the front side, making an 8-footer on the ninth.

MIDAS MUFFLER SHOPS

Spencer Class B Champs

Spencer Floor Covering came up with an unearned run in the seventh inning last night to down Howe's Lanes, 2-1, and take the Class B softball championship in Waterford Township.

Louis Seay reached first safely in the seventh on a fielder's choice and scooted around the bases with the winning run when the first baseman fielded a bunt and tossed it into right field.

Jerry Thomas, winning his second game in two nights, held the losers to six hits. Harry Dearborn led the winners with a triple and single

and he knocked in the first run.

In Class C, Don Weichert fired a two-hitter and struck out 14 in Dixie Bar's 1-0 decision over Lakeland Pharmacy.

Dixie picked up the lone run in the fifth on an infield hit by Ralph Radford, an error and Norm Tick's single.

Huron Bowl and Lakeland Pharmacy will tangle tonight at 7 with the winner meeting Has-kins Chevrolet in the second game at 8:30.

Winner of the second game will meet Dixie Bar tomorrow at 7:30 p.m. for the Class C title.

READY FOR BARBECUE?—Despite the appearance, this sea gull is not on a spit waiting to be barbecued. An arrow became lodged in the lower part of its body. The only one not concerned by its presence was the bird, which flew away when would-be rescuers came near. It was spotted on a Vancouver, B.C., beach yesterday.

Weather Detector

First Michigan Satellite Fired

COPPER HARBOR (AP)—Michigan's first weather-detecting rocket was fired successfully Wednesday in an unannounced launching on the Keweenaw Peninsula in Upper Michigan.

The launching by a University of Michigan team was almost simultaneous with a statement that the firing—aimed at putting the state in the meteorological rocket network—would be held next week.

The Michigan Department of Economic Expansion, financing the project, announced Wednesday the first launching was set for Aug. 12, then said later it had just been told of the launch.

A slender Arcas rocket was fired with a payload of meteorological instruments and transmitted signals for 14 minutes back to ground equipment, said Art O'Connor of the Economic Department. He called the launch a success.

MORE DATA

The project will determine the feasibility of gaining more weather information for the meteorological network by adding a firing station at mid-continent.

Keweenaw Peninsula is the northernmost portion of Michigan.

Four other experimental launchings are planned by Sept. 4. Most of them are set for Wednesdays at noon.

The launch equipment is essentially portable, but a permanent installation could be built at Keweenaw Point.

That would give the 5-year-old network a station between present installations at Wallops Island, Va., and Fort Churchill, Manitoba.

STATION COST

Such a station would cost about \$150,000 to build and \$100,000 a year to maintain, say project officials.

The University of Michigan and Michigan Technological University have received a \$62,850 project grant from the Economic Expansion Department, which seeks to diversify and add to the state's economic base.

U. of M. spokesmen said the rocket blasted off at 10:07 a. m. and soared to a height of 41 miles before plunging into Lake Superior 20 miles east of the launching site five minutes later.

The Arcas measured temperature, air pressure and density and wind velocity and radioed back to the ground until the rocket was destroyed on impact. No attempt was made to recover it.

U. of M. officials hailed the firing as a significant step toward demonstrating that the peninsula would be a useful addition to the network.

Buxom Blonde Switches to Trucking

NEW YORK (AP)—The buxom blonde crossed her dungaree-clad legs, tilted the peaked cap to shadow her baby-blue eyes, and explained why she switched from teaching music to driving a truck: "I was getting stale."

She is Miss Jeanie Manning, 26, 5 feet 3 inches tall, 122 pounds, and 38-25-36. Wednesday was her first day on the job with the National Auto Renting Co., and her first assignment was taking a 9-ton, 20-foot truck from the main terminal to a garage warehouse.

She has been doing this on trial solo runs for the past week and had her hectic moments. In the Midtown Tunnel from Manhattan to Queens there had been an accident in the tube, and she "skinned the side of the tunnel," swearing the big truck around stalled vehicles.

DIN OF HORNS

Another day, on 19th Avenue, "I lost the second gear. So while I was figuring where it was, all around me was traffic and the din of horns. But I found it."

A native of Kingville, Tex., the young woman's real surname is Meurer. She was born in San Antonio and was graduated from the Texas College of Arts and Industries with a degree in music.

She came to New York six years ago with theatrical aspirations. That's why, she said, she changed her last name.

For three years she taught music and English in Oceanside on Long Island. But she also worked in an electronics factory, a dance studio, a handbag factory, and cocktail lounges, playing the piano.

ROUGH LANGUAGE

All the girls who tried out for the job had been asked about their reaction to possible rough language from male truck drivers.

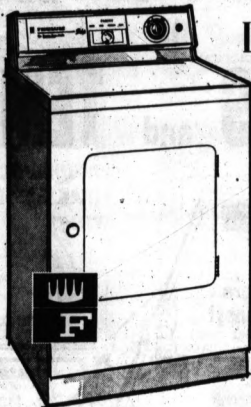

Said Miss Manning: "They've all been wonderful. The other truck drivers and the cabbies always give me the right of way. And I haven't heard one harsh word."

She says her boy friend, a psychiatrist, worries about her

and in turn "he worries me." "He won't try to analyze why I am driving a truck," she said.

"But every day I'm on the road I have to check in with him by phone to tell him I'm O.K."

SEN. KENNEDY'S OPPONENT — "It's going to be tough," is the way Howard Whitmore Jr., Republican nominee in Massachusetts for the Senate seat now held by Edward M. Kennedy, sums up the coming campaign.

Heat Wave Grips South Central U.S.

By THE ASSOCIATED PRESS
The worst heat wave in several years kept its intense grip on the south central states today. Oklahoma sizzled in the heat. The record breaking 100-degree reading at Tulsa Wednesday was the highest temperature recorded there in more than ten years. Ada, Okla., also marked up 110 degrees and Hennessey, just northwest of Oklahoma City posted a mark of 111.

Oklahoma City's 106 was the highest so far this year. It broke the record of 105 for Aug. 5 set in 1929.

Violent thunderstorms lashed southeastern Texas and at least one tornado roared through the area late Wednesday night. The tornado injured five persons and destroyed one house in the Keith Lake area between Fort Arthur and Sabine Pass.

WIND DAMAGE

Tuscaloosa, Ala., had winds up to 70 miles per hour with 1.92 inches of rain. Winds caused some damage to house trailers, boat houses and trees in the Shreveport area.

One-hundred-degree temperatures were recorded Wednesday in the Dakotas. But later heavy thundershowers whipped across the Dakotas in advance of an eastward moving cold front.

The Weather Bureau said continued dry weather was having an adverse effect on corn and some other crops in sections of the Midwest and Southwest. Showers fell today in New England, across the western mountains and through most of the Gulf states.

Early morning temperatures ranged from the 40s in the northern Rockies to around 90 in the Fort Worth-Dallas, Tex., area.

Celestial 'Fireworks'

Expected Next Week

ANN ARBOR (AP)—The sky will be filled with the year's biggest celestial fireworks Monday or Tuesday night, says University of Michigan astronomer Hazel M. Losh. The annual Perseid shower is expected to reach its peak then, with as many as one shooting star or meteor per minute, she said.

Big Factor in U.S. Fleet Buildup

Chinese Able to Replenish N. Viet Navy

WASHINGTON (AP) — The United States must reckon with the possibility that the North Vietnamese Navy can make a quick comeback from the blasting given its patrol boat force by American planes and destroyers.

Red China, the big neighbor, is quite capable of seeing to that.

Secretary of Defense Robert S. McNamara said Wednesday that in addition to the damage to the North Vietnamese bases for the craft, about 25 of the boats were damaged or destroyed. That was in addition to three or four believed sunk in

the two battles in the Gulf of Tonkin.

McNamara estimated that there might be only one-fourth to one-third of the patrol boat force left in operating condition.

46 VESSELS

The patrol boat fleet was estimated to consist of about 16 torpedo boats and 30 motor gunboats before the first of the two attacks on the destroyers — and resulting hot American reaction.

The U.S. Navy is reasonably sure that three and possibly four torpedo boats were sunk in the two engagements this week. Damage presumably has

knocked others out of use for some time or made their rebuilding impossible.

Some of the patrol boats and much of the crew training for the Red Vietnamese is known to have been provided by Red China.

The possibility or perhaps probability that China will draw some of her estimated fleet of 200 patrol boats to put the North Vietnamese force back flowing some of the deployment of U.S. units into the Southeast Asian area.

BEST WEAPONS

Carrier-based aviation and destroyers are the two best weapon systems against a PT boat, as has been demonstrated in these recent days.

The huge carrier Ranger sailed out of San Francisco Wednesday with 12 destroyers casting off lines later in the day for departure from San Diego. In both instances, Navy public

relations officials had prompt and pat explanations.

The carrier was going on "routine deployment" with the 7th Fleet and her departure had long been scheduled. The destroyers, too, were leaving for officially described routine, six months operation in the Western Pacific. It was, said one spokesman, coincidence.

REASON FOR BUILDUP

The threat of a replenishment or actual expansion of the Red patrol boat force, of course, is only a part of the reason for buildup of U.S. military power in Southeast Asia.

There are other menaces looming up in the background of the tightening tension in Southeast Asia, among them the possibility of air attack by Red Chinese planes or of submarine menace to the warships and supply ships in the Asian seas. This is aside from the buildup of ground forces which may be needed if open aggression comes.

By OSWALD JACOBY

South was one of those players who hates to waste time before playing the first card from the dummy. So he promptly played the five of hearts on West's eight. East won the trick and East went into a huddle.

JACOBY knew that the time to think is before you make a mistake, not after it is too late.

East didn't see any future for his side unless it should turn out that South had a rather weak suit for his spade bid. Therefore, East abandoned his heart suit and led back the four of spades.

Now South really did take time out. He thought and thought and played a trifle longer. Then he played a trick of spades. West won and returned the deuce.

Astrological Forecast

—By SYDNEY OMAR
For Friday
The sun man controls his destiny. Astrology points out that ARIES (Mar. 21 to Apr. 19): New Moon highlights change, creative energy, and the need to make known your true feelings. Aries may be restless to leave home. Taurus (Apr. 20 to May 20): Check your temper. Aries may be restless to leave home. Gemini (May 21 to June 20): New Moon highlights change, creative energy, and the need to make known your true feelings. Gemini may be restless to leave home. Cancer (June 21 to July 20): Take special care where you go. Gemini may be restless to leave home. Leo (July 21 to Aug. 20): New Moon highlights change, creative energy, and the need to make known your true feelings. Leo may be restless to leave home. Virgo (Aug. 21 to Sept. 19): New Moon highlights change, creative energy, and the need to make known your true feelings. Virgo may be restless to leave home. Libra (Sept. 20 to Oct. 20): New Moon highlights change, creative energy, and the need to make known your true feelings. Libra may be restless to leave home. Scorpio (Oct. 21 to Nov. 19): New Moon highlights change, creative energy, and the need to make known your true feelings. Scorpio may be restless to leave home. Sagittarius (Nov. 20 to Dec. 19): New Moon highlights change, creative energy, and the need to make known your true feelings. Sagittarius may be restless to leave home. Capricorn (Dec. 20 to Jan. 19): New Moon highlights change, creative energy, and the need to make known your true feelings. Capricorn may be restless to leave home. Aquarius (Jan. 20 to Feb. 18): New Moon highlights change, creative energy, and the need to make known your true feelings. Aquarius may be restless to leave home. Pisces (Feb. 19 to Mar. 20): New Moon highlights change, creative energy, and the need to make known your true feelings. Pisces may be restless to leave home.

CHIRD, Sense

Q—The bidding has been: North East South West 1 4 Pass 2 3 Pass 3 2 Pass 4 1 Pass. You, South, hold: A 10 9 8 7 6 5 4 3 2. What do you do now? A—Bid five no-trump to ask for kings.

TODAY'S QUESTION

Your partner bids six hearts to show two kings. What do you do now?

LITTLE GOLD MINE

The slickest, busiest little restaurant in town. Police across the street to carry your money to

the bank. Locked in success on
5-lane highway. High school and
city hall across street keeps you
busy even between meals. Within
your grasp is the privilege of
making bundles of money. Owner
retiring and will sell for \$2,000.
You will have to hurry on this.

WOW! WHAT A VALUE!

A neighborhood grocery, meat,
beer and wine store with no com-
petition! This is a solid future for
you. Present owner, has packed

A FORTUNE-BUILDER

At the helm of this restaurant, you can start laying your plans for being a millionaire. This is the "holiest package" to come along in some time. Well known for its location in Shinjuku, Japan, this restaurant has

57 without spending a fortune. Your patrons may have beer or wine with their delicious dinners. This is a lucrative restaurant business for a smart investor and operator. Present owner has made it and now retiring. Will give you the same opportunity for \$15,000 down.

Tax Teaching Program

Ready for Area Schools

Pontiac area high schools have been notified by the local office of the Internal Revenue Service that the 1965 edition of Teaching Taxes is now available.

The IRS educational program is designed to teach students how to assist their parents in filling out income tax returns and give them "an insight into the taxpaying responsibilities of citizens in a democracy."

Bette Davis 'Healthy'

LAGUNA BEACH, Calif. (UP)—Actress Bette Davis had undergone a lengthy physical check-up at a hospital in Laguna Beach, Calif., and a doctor said she is in good health.

Pontiac Press Photo

CHAMBER OUTING — Watching David Ogg, controller of Ogg Cleaners, tee off at Pontiac Country Club are (from left) Russell Doolittle, Pontiac office manager for Lawyer's Title Insurance Corp.; Richard Mineweaver, representative of Equitable Life Insurance Co.;

and Derril Looney, assistant cashier at Pontiac State Bank. The foursome was part of better than 400 area business and professional men attending the annual summer meeting of the Pontiac Area Chamber of Commerce yesterday.

OK Proposal for School Plan

Members of the Waterford Township Recreation Board last night added their unanimous approval to the proposal to establish a community school program approved Monday night by township board.

Consent of the school board to night will pave the way for the program's launching.

The three boards together would contribute to the program, which seeks to more extensively utilize school facilities by providing a variety of programs for both children and adults.

A \$50,000 grant from the Mott Foundation has been offered to aid establishment of the Waterford community school program.

The grant, which will span four years, was extended on a matching fund basis.

The American bison or plains buffalo is the largest big game animal in the western hemisphere.

OU Aide to Serve on Health Unit

J. Duncan Sells, recently appointed associate dean of Oakland University, was named yesterday to the Oakland County Community Mental Health Services Board.

Announcement of the appointment to the county's mental health policy-making group, was made today by DeLois Hamlin, chairman of the board of supervisors.

Before his recent promotion, Dean Sells served three years as dean of students at Oakland.

He had previously spent five years on the counseling staff of Cornell University.

He replaces Dr. Kenneth R. Roose, who resigned from the mental health board recently to accept a position in the East.

Dean Sells is married and has four children. The family lives at 3621 E. Walton, Pontiac Township.

- 57 Observe

DOWN

- 1 They're on the road
- 2 Some roads lead here
- 3 Retentive
- 4 Sat for portrait
- 5 Winged

Answer in Previous Puzzle

Planners Nix Trailer Park

Developers Wanted Rezoning in Pontiac

The City Planning Commission last night turned thumbs down on a request to rezone some 20 acres on the East Side for development of a proposed 150-unit trailer park for senior citizens.

Commissioners voted 6-0 to recommend that the City Commission deny the requested zoning.

The parcel has 500 feet of frontage on the north side of Mount Clemens immediately east of the Grand Truck belt line railroad tracks.

Nearly residents opposed the zoning change and were supported by City Commissioner John A. Dugan who attended the meeting.

Tyler Realty Investment Co. of Detroit, had asked for the change from Residential-1 to Residential-4, which is specifically for mobile home sites.

Planners said that the land had recently been rezoned from manufacturing to residential for future development of single family dwellings when the area has city sewers.

Although planners questioned the advisability of a single entrance and exit off Mount Clemens, spokesmen for the Detroit firm said they had no traffic jams in other trailer courts of 250 to 500 units with one entrance.

Their plans called for each unit to be fully equipped with a kitchen, plumbing, 1 1/2 bathrooms and up to two bedrooms.

The recommendation will go to city commissioners next week for concurrence or rejection.

Receive Bids on 3 Projects

Bids were received on three Oakland County road construction and improvement projects yesterday at the office of the County Road Commission.

Largest of the three projects calls for 1.16 miles of grading, drainage, 50-foot and 90-foot concrete pavement with curbing on 14 Mile between Rochester Road and John R. in Royal Oak Township and Troy.

The Cooke Co. was also low bidder on 43 hundredths of a mile of grading, drainage and 50-foot concrete pavement on Middlebelt between Eight Mile and Grand River in Farmington Township.

The Detroit firm submitted a bid of \$186,510. The only other bid submitted was for \$191,653.

ONLY BID

Max Frisinger Construction Co. of Ann Arbor submitted the only bid on widening and relocation of the Eight Mile-Novi Road intersection in Novi Township. The project was bid at \$104,764.

Contracts for the three jobs will be awarded by the Road Commission at its next regular meeting Aug. 17.

Car Hits Boy Riding Bike

Nicholaus Vitmaris, 12, of 49 Clark was hit by a car while riding his bicycle at Pike and Roselawn streets at 12:20 p.m. yesterday.

Mrs. Robert L. Arnold of 869 Slocum, the driver of the car, said that the boy failed to yield the right of way and pulled out in front of her.

Nicholaus is in satisfactory condition at Pontiac General Hospital with a fractured left leg.

There are an estimated seven million stepchildren in the nation, the Census Bureau reports.

ATTENTION CHARITABLE ORGANIZATIONS

DOES YOUR ORGANIZATION NEED MONEY?

This is the opportunity to raise funds for
your charitable projects!

Participate in Our
BIRTHDAY FAIR

"HARVEST FESTIVAL"

FRIDAY and SATURDAY, OCTOBER 2-3

The Bloomfield Miracle Mile Shopping Center extends a cordial invitation to all civic organizations, clubs, churches, youth groups and educational groups to sponsor their own booth and concessions for the purpose of raising funds for their own use. Two big days in the Bloomfield Miracle Mile Shopping Center . . . We will give your group an area 15'x15' with minimum light and power furnished.

All proceeds from the operation of your concession are yours to use in the furthering of your group projects. All booths will be placed in a designated area of the parking lot. Cash prizes will be awarded for the most attractive booths.

U.S. Speeds Forces to S. Viet Nam

Soviet Delegate Delays, Charges Aggression...

Keeping Watch on Red China

WASHINGTON (AP)—The United States pressed its military buildup in Southeast Asia today as officials watched for any clue Red China might ignore President Johnson's warning and start its troops marching. Many officials here doubted they would. They expressed belief Peking would, in general, confine itself to mounting a propaganda attack, which is already under way.

MOSCOW (UPI)—The Soviet Union tonight condemned the American air strikes against North Viet Nam as "aggression" and warned the United States not to "go too far." The government newspaper Izvestia said the American action "threatened the widening of the conflict" in Viet Nam.

The Communist Chinese charged the United States with aggression against North Viet Nam and declared "U.S. imperialism" has gone over the brink of war. They said the "Chinese people will absolutely not sit idly by without lending a helping hand" to prevent North Viet Nam from being "subject to aggression."

Secretary of State Dean Rusk termed the situation explosive in the aftermath of the "very successful" American air strikes against Communist North Viet Nam's patrol boat armada. "We cannot be completely sure about what the days ahead of us may hold," Rusk said, and the administration braced for a siege of trouble in Southeast Asia.

As a precaution, the United States rushed more planes and ships—including the giant carrier Ranger and 12 destroyers from the West Coast—toward the crisis zone.

And the President delivered a clear warning to Red China, or any other national with a nervous trigger finger.

Addressing thousands of persons gathered at the Syracuse University campus, Johnson declared yesterday: "To any who may be tempted to support—or to widen—the present aggression, I say this. There is no threat to any peaceful power from the United States of America."

But there can be no peace by aggression, and no immunity from reply. That is what is meant by the action yesterday. Two top Senate committees overwhelmingly approved today (Continued on Page 2, Col. 4)

30 Jet Bombers Land in Saigon

Capable of Carrying Nuclear Weapons

SAIGON, South Viet Nam (U)—About 30 U.S. Air Force B-57 jet bombers, capable of carrying nuclear weapons, today joined American and South Vietnamese forces standing watch to meet any attack from the Communist North.

The fleet of high-flying, twin-engine planes sped to Saigon unheralded while a steady shuttle of transport planes completed overnight a buildup of troops and material in the area adjoining the North Vietnamese frontier.

Air traffic came to a virtual halt today.

The general feeling in Saigon was that, if nothing important happened in the next 24 hours, the Gulf of Tonkin crisis probably would be past.

The alert status in South Viet Nam's capital was nowhere near what it would be if an attack were considered imminent.

NO ANNOUNCEMENT There was no public announcement of the arrival of the B-57s but they were seen by a correspondent on a runway apron occupied yesterday by six supersonic F-102 Delta Dagger fighters from Okinawa.

The F-102s were said to have landed at Da Nang, a base on the South China Sea 220 miles northeast of Saigon.

A U.S. Embassy spokesman discounted two Saigon rumors, which also lacked confirmation elsewhere.

One was a story that Ho Chi Minh, president of North Viet Nam, had been replaced by a pro-Peking subordinate in the North Vietnamese Communist party.

TWO SQUADRONS The other was that two squadrons of Soviet-made MIG fighters (Continued on Page 2, Col. 3)

While Stevenson Explains Reason For Attacks

Predict Council Will Hear North and South Viet Nam

UNITED NATIONS, N.Y. (AP)—Diplomats predicted today the U.N. Security Council would invite both North and South Viet Nam to take part in debate on the proposal to hear representatives of the two Vietnamese governments, Nielsen said he believed he could convene the council again tomorrow to report results.

The debate opened yesterday at the request of the United States, which asked for an urgent council meeting to consider "the serious situation created by deliberate attacks of the Hanoi (North Viet Nam) regime on United States naval vessels in international waters."

Rep. Broomfield said he backed Johnson's action, but "it does not take the Viet Nam issue out of the presidential election campaign."

"Viet Nam is going to be discussed," he said. "We have been maintaining right along that the administration hasn't been doing enough to win the war."

Rep. Broomfield has been one of the backers of an amendment to the foreign aid bill which would allow more money for defense of Viet Nam.

Minority party members in Congress made it clear they had "no choice" but to unite behind the President in replying to Communist aggression with retaliatory attacks on North Vietnamese coastal installations.

STRONG QUALIFICATION But there was a strong "at this time" qualification in their comments on whether the war in Viet Nam was entering a political sidetrack.

Former Vice President Richard M. Nixon, in town for discussions with presidential nominee Barry Goldwater and other Republican leaders, told a reporter:

"It's too early to take Viet Nam out of the campaign. I hope the President's action presages more decisive moves, but what has happened is only part of the problem. The major problem is guerrilla war—on that we need a plan."

While Rep. William E. Miller, R-N.Y., the GOP vice presidential nominee, agreed that the President's stern action had removed Southeast Asia as an issue "as of now," he suggested the situation might be different by October or November.

DUTY TAKES HIM — A sailor hugs his girlfriend before boarding a guided missile frigate at San Diego, Calif. The craft along with 11 other ships, is part of a cruiser-destroyer flotilla that left yesterday to join the U.S. 7th Fleet on alert off North Viet Nam. (See Story, Page A-15).

Intensify Probe Crackdown Planned in Mississippi After Lake Death

Arrests in Slayings Rumored to Be Near

JACKSON, Miss. (AP)—Federal and state authorities intensified their investigations today into the slaying of the three civil rights workers whose bodies were unearthed after an exhaustive 44-day search.

Rumors that arrests were imminent were heard from one end of the state to the other. But the FBI would neither confirm nor deny the reports.

In Hattiesburg, Negro comedian Dick Gregory said today he had relayed to the FBI three weeks ago a letter which told where to find the bodies.

Gregory also said he had given the FBI a tape recording containing names of the killers.

The three bodies were found two days ago in an earthen water-filled embankment in a remote area near Philadelphia, Miss.

POSITIVE IDENTIFICATION Andrew Goodman, 20, and Michael Schwerner, 24, both white New Yorkers, were positively identified, the FBI said.

The third body was tentatively identified as James Chaney, 22, the Meridian Negro who had accompanied Goodman and Schwerner on a trip to Philadelphia from Meridian on June 21.

The University of Mississippi Medical Center here—where the decomposed corpses were brought for autopsies—said all three were shot to death.

The bullets were recovered, it was reported.

The West Bloomfield Township Board is going to crack down on what a law officer called the "floating bar" of Cass Lake.

Last night, trustees petitioned for an emergency hearing before the State Boating Control Committee to improve conditions at Cass Lake, where a 20-year-old Keego Harbor youth was killed Monday night.

Alan L. Akerley, 2184 Park Circle, was struck by a hit-and-run power boat while swimming in the marked-off "safety" area at Dodge State Park No. 4 shortly after 9 p.m.

Police today were continuing their search for the driver.

According to a statement given by Akerley's companion, Sheila Brennan, to Prosecutor Richard B. Condit, the hit-and-run boat entered the swimming area after making two or three passes just outside the safety marker buoys a short time earlier.

Miss Brennan, 125 Chewton, Bloomfield Township, said the boat's spotlight was flashed on her and Akerley before the craft bore down on them.

The conditions police have uncovered were reported to township trustees last night by the man who has been heading the investigation, Lt. Donald Krait. (Continued on Page 2, Col. 1)

These, as well as exhibits including photography, rabbits and poultry will be showcased and judged Tuesday afternoon.

Featured in the evening will be the float contest, presentation of this year's 4-H king and queen and the traditional freckles contest.

KING, QUEEN

Reigning over the fair this year will be Tim Phillips, 17, and Janet Lessiter, 18, fellow members and officers of the East Orion 4-H Club.

Wednesday will begin, as will the other days of the fair with a 7:30 a.m. flag-raising. It will close with a pie-eating contest.

All beef judging will be held Wednesday, beginning at 9 a.m. Visitors will be able to view clothing, swine and vegetable judging as the day progresses.

English halter and flower identification competition are also scheduled for Wednesday.

EVENING PROGRAM In the evening, a demonstration of tractor operation will be featured, along with beef showmanship.

Thursday some of the 4-H'ers staying in the recently-expanded main dormitory will finish grooming their sheep for the morning judging.

Demonstrations of western (Continued on Page 2, Col. 6)

Daughter Scores 'as Actress

'Terrified' Mother Can Relax

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD—How would a mother feel if her 18-year-old daughter left home for a life in the big, bad city?

"I was terrified," says Mrs. Lucille Cole, mother of actress Elizabeth Ashley. "I told everybody at the office where I work in Baton Rouge that she was still studying at Louisiana State University. I was so upset that I couldn't bear to talk about it without breaking out in tears."

She can talk about it now. And she did, while visiting daughter Liz on the set of "Ship of Fools." Miss Ashley is the electric brunette who scored on Broadway as Art Carney's daughter in "Take Her, She's Mine," then established her stardom with "Barefoot in the Park." In between she played George Peppard's sometime wife in "The Carpetbaggers," and was termed by yseverall critics as the only worthwhile element of the movie.

EXPLAINS FLIGHT

Liz explained her flight from Louisiana:

"I felt it was something I had to do. I envisioned myself as a character out of a Hemingway novel — Lady Brett Ashley, perhaps, with a bit of Madame Bovary. I wanted to be a wild, tempestuous, larger-than-life character, and New York seemed like the only place for me."

After her plane fare, she had \$143 in savings from modeling. She didn't know a soul in New York. All she did was write ahead for reservations at the YWCA. "It was nice there," she recalled.

Liz got work right away as a model, then gave some thought to acting. She was accepted for study at the Neighborhood Playhouse and then faced her greatest challenge. Losing her Dixie drawl.

"I couldn't get jobs until I did," she explained. "I took some coaching and worked hard with a tape recorder, and I managed to get rid of most of my accent."

BROADWAY EMINENCE

The jobs began to come, and she rose to Broadway eminence, receiving the inevitable call to Hollywood. She came on her own terms.

"Of course the studios wanted to sign me to contracts but I wouldn't think of it," she said. "Imagine having someone else decide what roles you are going to play! I wouldn't think of it. Why, it's a denial of my rights to life, liberty and the pursuit of happiness."

Police said the couple handed themselves and left a letter explaining their parents denied them permission to wed.

Eighty-five per cent of the public libraries in the nation were built before 1920, the American Library Association reports.

SMILES NOW—Mrs. Lucille Cole (left), who was upset when her daughter, Elizabeth Ashley, left home for an acting career in the big city, is all smiles as she visits her daughter on the set of "Ship of Fools" in Hollywood. Liz rose to Broadway eminence, then received the inevitable call to Hollywood, where she starred in "The Carpetbaggers."

AP Photos

JFK Dallas Drive Nets \$200,000 Plus

DALLAS, Tex. (AP)—More than \$200,000 has been contributed to the John F. Kennedy Citizens Memorial Drive in Dallas.

Committee Chairman W. Dawson Sterling said Wednesday more than 500 business companies here had participated in the drive, expected to be concluded soon.

Funds will be divided between a Dallas memorial plaza two blocks from the site where Kennedy was assassinated last Nov. 22 and the John F. Kennedy Library in Boston.

Caste System Leads India Lovers to Suicide

ALLAHABAD, India (AP)—Two young lovers, the boy a member of India's ranking Brahman caste and the girl an "untouchable," committed suicide today because their parents refused to let them marry.

Police said the couple handed themselves and left a letter explaining their parents denied them permission to wed.

Eighty-five per cent of the public libraries in the nation were built before 1920, the American Library Association reports.

Killed by Pickup Truck

MUSKEGON (AP)—A 75-year-old Muskegon woman was struck and killed by a pickup truck Wednesday while walking on a bridge over the Muskegon River in North Muskegon. She was Mrs. Frances Bouwsma.

POSSIBLE SUCCESSOR — Ford Frick (left), has announced he will not seek another term as commissioner of baseball and Joe Cronin, American League president has been named as possible successor. Also being mentioned are Judge Robert Cannon of Milwaukee and Republican Sen. Kenneth B. Keating of New York.

Tigers Thwart Chicago Bid

Homer Wins in 13th Inning

McAuliffe Frustrates Chance for 1st Place

CHICAGO (UPI) — The Chicago White Sox must feel today a little like that Jason fellow did when he let the Golden Fleece slip through his fingers a few times.

The Pale Horse failed to take advantage of a golden opportunity to assume possession of first place in the American League for the second time in a row last night.

Thanks to the Detroit Tigers and the smoking hot Dick McAuliffe.

McAuliffe, one of Detroit's leading hitters in the extra bases department, hammered his 20th home run of the season with a man on to break up a 1-1, 13-inning tie and send the Tigers to a 2-1 victory.

Chicago has been one-half game behind New York and Baltimore for the past two nights and two victories over the seventh-place Detroit club would have provided them with a nice cushion — all alone in first. But, they lost both night games, and today finds them still one-half game in back of the Yankees and the Orioles.

The game was deadlocked at the end of nine innings, with both sides having one run. Detroit and Chicago settled down to a pitchers' duel for the next three innings until the 13th.

Don Wert opened the inning with a single to left of Juan Pizarro, who went the distance and absorbed his sixth loss.

INTO FIFTH ROW

McAuliffe worked the count to 1 and 2 before he drove the ball into the fifth row of the lower deck in right field. It was the fourth game in the last five between the two teams in which Tiger home runs have produced late-inning wins over the White Sox.

Pizarro allowed only seven hits in the 13 innings and would have won in the regular nine except for an unearned run by the Tigers in the sixth when Jerry Lampe reached base on an error by Pete Ward, advanced on a walk and scored on Al Kaline's single.

The White Sox collected nine hits off three Tiger pitchers and the victory went to Juan Navarro, who worked the last three innings, yielding three hits. It was his first win of the season.

The Tigers meet Chicago again tonight before returning to Detroit for a weekend series with the Kansas City A's.

Frick to Retire From Baseball

NEW YORK (AP) — Ford Frick, under whose guidance the major league baseball map underwent vast changes and expanded from coast to coast, has announced his retirement as baseball commissioner when his present term expires next year.

Frick's statement, although not unexpected, came without any advance notice Wednesday when the 60-year-old former newspaperman who rose to the top.

HOCKEY FIGURE DIES — Art Ross, 78, the first coach and later general manager of the Boston Bruins hockey team, died in Medford, Mass., yesterday.

Smoke Clears at Gun Club

RENO, Nev. (AP) — Alex Kerr of Beverly Hills, Calif. was named "world" champion and Steve Hanzel of San Antonio, Tex. junior champion in 20-gauge competition tonight of the 1964 World Champion Shooting Tournament.

Kerr emerged victorious when the smoke cleared after a 15-gauge sudden-death shootout as the journey ended its fifth day in Harold's Gun Club.

The winner from Texas fired a near-perfect 99x100 to win the junior division title. Runrunner to Kerr was William Rogers of Atherton, Calif., while William Sesson of Los Angeles took the Class A title.

The first leg of the Western Open, a 12-gauge event ending 250 birds through Saturday, gets under way tomorrow with 100 targets.

No. 1 position in baseball told The Associated Press:

"It's just what I have said all along. Now I've just made it official."

Frick has been commissioner since Sept. 20, 1951 and has a contract through Sept. 21, 1965. He, however, said he was ready to step aside as soon as the club owners elect his successor and had so notified the 20 club owners by letter Tuesday night.

"I'll stay on as long as they want me to — that is, until the end of my term," he said. "If they want me to stay around and work with the new commissioner for awhile, I'll be happy to do that too."

SPECULATION STARTS

Speculation as to his successor immediately centered around Joe Cronin, president of the American League; Senator Kenneth B. Keating of New York, and Judge Robert Cannon of Milwaukee, who has been counselor to the Major League Player Association for the past five years.

Cronin praised Frick by saying "the commissioner has had the best interests of baseball at heart all his career." As for Cronin, who rose from the ranks of player to manager to club official to league president, was elected president of the American League Jan. 31, 1959. The Hall of Famer is in the second half of a seven-year term.

In Washington, Sen. Keating said, "I have heard nothing about the baseball commission-ership from anyone except newspaper reporters." He declined further comment.

Judge Cannon was not immediately reached for comment.

Under Frick's 13-year tenure as commissioner the baseball map, which was cut off at the Mississippi River, stretched to the West Coast with the Boston Braves moving to Milwaukee, the St. Louis Browns to Baltimore, the Philadelphia Athletics to Kansas City, the Brooklyn Dodgers to Los Angeles, the New York Giants to San Francisco and the Washington Senators to Minnesota.

League presidents Cronin and Warren Giles of the National League said they would ask that an Executive Council meeting be called in Chicago on Monday, to present recommendations to a joint meeting of the major league to consider procedure to be followed in selecting Frick's successor.

Top Women Bowlers

COLUMBUS, Ohio (AP) — Mrs. Jeannette Bopp of Milwaukee averaged 229 in league play during the 1963-64 season, the new Mrs. Rita Modzeleski of Wyandotte averaged 208 to erase the old record of 206, the Women's International Bowling Congress announced Wednesday.

Beathard to Start at QB for All-Stars

Pros After Records at Tam O'Shanter

CHICAGO (AP) — Tam O'Shanter's 36-35-71 par was ready to go into mourning Thursday with golf's greatest shooters charging it in the first round of the first Western Open.

A field of 153 teed off on the 6,666-yard layout, scene of some of the game's most fantastic tournaments during the late George S. May's promotions, which ended in 1957.

EXPERT RECORD SCORE

Some of the top players, shooting for winning money of about \$11,000, foresaw such par-pounding that the 72-hole Tam record of 269, set by Byron Nelson in 1945 and the course mark of 63, shared by Lloyd Mangrum and Gene Littler, might be broken.

"Given good weather, I wouldn't put anything past these fellows and I think chances would be good for a crack at 269," said eighth leading money winner Mike Souchak, who fired a 68 in Wednesday's pro-am.

Defending champion and master titlist Arnold Palmer doubted that a 63 would be matched.

"But I think there is an excellent chance of taking aim on the 269 record," he said. "I'm playing the course this week for the first time since the last World championship in 1957. And it is easier now."

Low Worsham, whose eagle deuce wedge shot in 1953 on the

72nd hole won the World with 278, said that 271 "is a good winning target—the greens are bouncy in some cases."

"Under ideal conditions," added British Open champion Tony Lema, who is seeking his fifth tourney victory of the year, "possibly both the 63 and 269 can be cracked. I think the course is a good test of golf."

National Open winner Ken Venturi was highly analytical. "I think the records of 63 and 269 are safe. Because of the heat and moisture, there is soft grass on top of hard ground."

You can't get the proper spin on your shots and a lot of times they fly on you."

In Wednesday's pro-am, Souchak eagle-deuced the 434-yard 13th. His long drive left him needing to play a low second shot under tree limbs to the green 100 yards away. He punched a 6-iron. The ball rolled into the cup.

Jack Rule, a comer from Cedar Rapids, Iowa, also had a 68 with an eagle 3 on the 444-yard second hole. He planted a 2-iron two feet from the pin.

AP Photos

TO FACE PROS — Quarterback Pete Beathard of the University of Southern California will get a chance tomorrow night to lead the College All-Stars against the Chicago Bears.

Draft Choice Who Shunned Lions Named

Graham Lists Starters for Clash With Bears Friday Night

CHICAGO (UPI) — Coach Otto Graham said today Pete Beathard of Southern California would start at quarterback Wednesday night when his College All-Stars clash with the Chicago Bears at Soldier Field.

Beathard got the nod over two other All-Stars who performed smoothly in training camp — George Mira of Miami and Jack Concannon of Boston College.

Beathard is the No. 1 draft choice of the Detroit Lions who spurned the Motor City offer to sign with the Kansas City Chiefs of the AFL.

Mira, who is rounding into shape after an army injury, and Concannon are expected to see their share of action, however, since Graham has been a great believer in trying all his passers until he finds the right one for the right night.

Graham broke with tradition in releasing his starting line-ups, an announcement he has habitually withheld until the day of the game.

This time, however, a rash of injuries has trimmed his roster, knocking many of his athletes out of contention for starting assignments.

Tony Lorick of Arizona State and Willis Crenshaw of Kansas State are Graham's selections to start the game as his running backs.

If Lorick is unable to make it because of a knee injury which has hampered him in training, the All-Stars can call on a few other fleet sprinters such as Matt Snell of Ohio State, Charlie Taylor of Arizona State, and Bobby Smith of North Texas State.

STARTING ENDS

Graham listed his starting pass catchers as Paul Warfield of Ohio State at flanker, Chuck Logan of Northwestern at the split end, and Ted Davis of Georgia Tech at the tight end. The interior of the starting offensive line consists of tackles Lloyd Voss of Nebraska and Ernie Borghetti of Pittsburgh, guards Hack Rodahl of Penn State and Dick Evey of Tennessee, and center Ray Kubala of Texas A&M.

Tentative starters listed by Graham for defense are: George Beals of Missouri and Ed Lohmeyer of Michigan State at ends; Tom Keating of Michigan and George Bednar of Notre Dame at tackles; Wally Hilgenberg of Iowa and Dave Wilcox of Oregon at linebackers; and George Ross of Auburn, Perry Dunn of Mississippi, Mel Renfro of Oregon, and Jerry Richardson of West Texas State at Defensive backs.

Skins' QB Out Against Lions

Bears to Take Aerial Route

Cards' Coach Doubts Stars' Strength

CHICAGO (AP) — If the Chicago Bears live up to the role of solid favorites over the College All-Stars in Friday night's game at Soldier Field they probably will do it in the air.

Although the Bears won the National Football League title last year by ball control football, Bill Wade will be tempted to limber up his arm with a few bombs against the college boys.

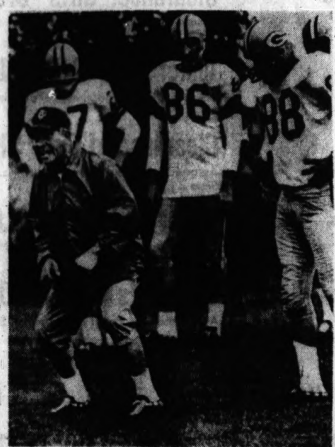

"The All-Stars may have trouble with their pass defense," said Wally Lemm Wednesday at the camp of his St. Louis Cardinals at Lake Forest, Ill.

Lemm should know for his Cards scrimmaged the All-Stars last week. The Cardinal coach also thinks the collegians may not be able to mount a strong pass rush on the Bears' quarterback.

GREEN BAY, Wis. (AP) — The Green Bay Packers worked against St. Louis defenses and then wound up with their first "two-minute" drill of the season Wednesday in preparation for Saturday night's exhibition with the Cardinals in New Orleans.

In the two-minute drill, the Packers attempted to move the length of the field for either a touchdown or a field goal. It took them only seven plays to move to the opponent's five, from where Paul Hornung booted a 12-yard field goal.

The drive was sparked by Bart Starr passes to Hornung, Mac McGee, Ron Kramer and Jim Taylor.

PACKER LECTURE — Vince Lombardi, coach of the NFL Green Bay Packers gets plenty of action into his lecture in preparation for tomorrow's game with the College All-Stars. Listening are (from left) Gary Kroner, Boyd Dowler and Ron Kramer.

Golf Entry for U. S.

Arnie, Nicklaus Picked

NEW YORK (UPI) — Jack Nicklaus and Arnold Palmer, who scored a brilliant personal and team triumph in last year's competition, were named today to represent the United States in the 12th annual International golf championship and Canada Cup matches at Maui, Hawaii, Dec. 3-6.

The tournament brings together two-man teams from 34 nations, who compete for a team title as well as individual laurels.

Nicklaus won the individual competition last year at Paris with a score of 237 for the 63 holes to which the tournament was limited by fog.

Palmer was fifth in the individual standings with 245 and together he and Nicklaus won the team crown with a 482 total against 495 for Spain.

Jurgensen Hurt in Scrimmage

First Exhibition Game Saturday Night

By BRUNO L. KEARNS Sports Editor, Pontiac Press

The Detroit Lions wanted to give their "remodeled" defense unit a good test in the opening exhibition game against the Washington Redskins Saturday night at Charlotte, N.C., but the quarterback who was prepared to do that, Sonny Jurgensen, will not be in the lineup.

Jurgensen, whom the Redskins obtained from the Philadelphia Eagles in exchange for Norm Snead, injured his left knee in scrimmage yesterday and a medical report disclosed that the former Duke star will be sidelined for at least three weeks.

The team physician said Jurgensen suffered a partial tear of medial ligaments.

Another injury Redskins' coach Bill McPeak is upset about is defensive halfback Dale Hackbart.

The quarterback duties will thus go to veteran George Izo and rookie Dick Shiner. Jurgensen's last meeting against the Lions was in the Miami NFL playoff bowl in 1962 and in this game he suffered a broken shoulder.

The Lions will take a 47-player squad to Charlotte and three new faces among the veterans and seven rookies will see most of the playing time.

Game time Saturday night is 8 p.m. and it will be broadcast by radio and also videotaped, for replay on Sunday at 1:30 p.m.

The Lions will leave Friday afternoon.

Coach Dick Sisler of the Cincinnati Reds decided the 1956 National League pennant when he hit a home run against the Brooklyn Dodgers in the final game. He was a Phillie outfielder that season.

\$37,240.20
Twin-Double
Ducat Holder

DETROIT (AP) — A \$37,240.20 twin-double came up at the Detroit race course Wednesday, but the better holding the lone winning ticket didn't put in an appearance at payoff windows.

The ticket is collectible, however, any time in the next year. The payoff was a Michigan record. The previous twin-double high was \$11,300.80 which three fans won on opening day last Friday. The payoff is on the fifth, sixth, eighth and ninth races.

Wednesday's record was completed when Indian Nation won the ninth, paying \$18.00 for \$2.1 Regret won the fifth at \$53.40. Bo Bo Girl the sixth at \$16.80 and Speeding West the eighth at \$4.20.

The winners numbers were 8-3-4-7, and Danny Gargan, 20-year-old jockey from New York, rode three of the winners home.

SIGNALS SET — Past gridiron great Otto Graham imparted a little signal knowledge to August 7. They are (l-r): Jack Conannon of three of the quarterbacks who will play for the Boston College, Pete Beathard of USC and College All-Stars against the Chicago Bears George Mira of Miami.

Eight More Qualify for Putt-Putt Berth

Eight more newboys qualified for the Pontiac Press Carriers' Putt Putt tournament to begin next week at the course on Dixie Highway.

All carriers are eligible to enter the tournament and those scoring 130 or less in qualifying will enter the tournament proper on Monday.

Those who qualified include Frank LeClair with 119; Leigh Dushane, 121; Randy Reight and Gerald Walton, 126; Ron McPherson, 127; Dave Crawford, 128; Gene Bauer and Skip Upcott, 130.

Qualifying continues today and tomorrow at the Putt Putt course.

Spencer Class B Champs

Spencer Floor Covering came up with an unearned run in the seventh inning last night to down Howe's Lanes, 2-1, and take the Class B softball championship in Waterford Township.

Louis Seay reached first safely in the seventh on a fielder's choice and scooted around the bases with the winning run when the first baseman fielded a bunt and tossed it into right field.

Jerry Thomas, winning his second game in two nights, held the losers to six hits. Harry Dearborn led the winners with a triple and single and he knocked in the first run.

In Class C, Don Weichert fired

a two-hitter and struck out 14 in Dixie Bar's 1-0 decision over Lakeland Pharmacy.

Dixie picked up the lone run in the fifth on an infield hit by Ralph Radford, an error and Norm Tick's single.

Huron Bowl and Lakeland Pharmacy will tangle tonight at 7 with the winner meeting Haskins Chevrolet in the second game at 8:30.

Winner of the second game will meet Dixie Bar tomorrow at 7:30 p.m. for the Class C title.

Coach Al Widmar of the Philadelphia Phils began his pitching career with Canton, Ohio in the Mid-Atlantic League in 1942.

Trio Shoots 70 in Jaycee Golf

SOUTH ST. PAUL, Minn. (U) — Chuck Taylor, Chattanooga, Tenn., Jeff Heard, Visalia, Calif., and Glyn Johnson, Warsaw, Ind., were the early leaders in the 19th annual International Jaycee junior golf championship at Minndakota Country Club.

Taylor shot 34-36-70, Heard 35-35-70 and Johnson 37-33-70, two under par over the 6,265-yard 37-35-72 course.

Close behind the leaders were three players grouped at 71, Reid Goodlife, Brigham City, Utah, Gary Pratt, Austin, Minn., and John Richart, Ann Arbor, Mich.

Sixteen-year-old Taylor scored four birdies on the front side, making an 8-footer on the ninth.

'War Scare' Seems Over

Market Back on Even Keel

NEW YORK (AP)—The stock market remained on a fairly even keel today in moderate trading. Wall Streeters were pleased with the "resilience" shown in Wednesday's vigorous recovery from "war-scare" selling.

The Viet Nam situation was seen as no worse, at the moment, and traders took profits on some of the gains of late.

Wednesday, notably the aerospace defense stocks which advanced on prospects of beefed-up defense.

United Aircraft was off nearly a point while fractional losses were shown by Boeing, General Dynamics and Douglas Aircraft.

STEELS, MOTORS

Steels and motors were unchanged to a shade higher. U.S.

Steel, General Motors and Chrysler were among small gainers.

Wednesday's Associated Press average of 60 stocks dipped 3 to 315.5.

Prices were higher on balance in American Stock Exchange trading. Changes were mostly fractional.

Kennedy Says 'Sorry, Fellows'

Note to Cabinet Aides Spoofs VP Elimination

WASHINGTON (AP)—With a grin, Atty. Gen. Robert F. Kennedy said today he had written a note to fellow cabinet members to the effect:

"I am sorry to have taken so many nice fellows over the side with me."

This was a reference to President Johnson's announcement last week that no Cabinet member, and nobody who sits regularly with the Cabinet, will be tapped as Johnson's vice presidential running mate.

Kennedy and other Cabinet members, ineligible all, spoke a sort of school for democratic congressional candidates advising them how to present the issues and put their best foot forward in the drive for Democratic victory in November.

Kennedy called for the election of Johnson, saying this is the way to carry out programs "begun in 1961," when the late President John F. Kennedy took office.

ELIGIBLE FOR VP

Looking over the audience of about 200 candidates and their families, convened by the Democratic National Committee for the opening of a three-day session, Kennedy said, at the outset:

"I am a little bit in awe of you when I think of my own position."

"You are not members of the Cabinet, and you don't meet regularly with the Cabinet, and therefore you are eligible for vice president."

When the President's decision came out, Kennedy said, a lot of people asked him how he felt.

LITTLE PREMATURE

At first, he said, "I thought of saying that I thought the President was a little premature in eliminating Dean Rusk."

But he decided against making that comment, he said, and instead sent the little note to Cabinet members, generally.

By SAM DAWSON

AP Business News Analyst

NEW YORK—Business executives are likely to take a calmer view of the Viet Nam military showdown than they have traditionally more emotional stock traders.

The stock market's quick drop after the U.S.-North Viet Nam naval encounter was its normal reaction to uncertainty.

Business executives are more prone to keep an eye on the economy itself and find scant reason as yet for overhauling their plans.

Neither stock traders nor business management like uncertainty. And the possibilities they might read into the dramatic developments in Southeast Asia will give both pause.

VOLATILE TRADER

But it's the volatile stock trader who will react first—either selling some stocks in a flight from uncertainty and a cash in on paper profits, or buying on the chance of a pickup in orders from a shooting war.

The economy is too strong, however, for what is still a brush war—and could prove to be only a minor one—to upset U.S. stocks.

ELIGIBLE FOR VP

Much of the excitement in the stock market comes from the in-and-out traders. They look for the quick profit, move fast to cut a feared loss. When they don't know what might happen, as was the case Tuesday, their instinct is to get out of the market while they're still ahead.

And many of them have a good chance just now to take sizeable profits. The market has been climbing most of the time since November. Many stocks bought last December or January have sizable paper profits for the taking, and now are in the six months range for long-term gains.

Successful Investing

By ROGER E. SPEAR
"If I am 40 years of age. I know that I have bought some poor stocks but do not know what to do. I own Bethlehem Steel; St. Louis Francis & Ryan; Ohio Electronics; Philadelphia Cola; Tenney Corp. Class A. I am not worried about Tenney and Ohio. Please advise me what to do."

A) My first advice to you is to stop worrying. If you can't sell the stock, you can't lose it. The bid price for Tenney Class A is 50 cents, so there is very little to be gained by selling this stock.

I believe Ohio is a good speculative hold (not buy) around its present level of \$5. I expect the stock to earn \$0.50 a share in 1964 and consider some recovery is possible.

I do not advise you to hold Bethlehem Steel, which is very cyclical, but would switch this stock into Scott Paper, leader in consumer paper products. Your remaining holdings are satisfactory.

Q) "A very old friend of mine who needed and received financial assistance from me for many years left me a legacy of some Federal Coal Company shares. He died in 1960, and I have been holding them ever since. He was a very old man and I am not sure I should hold them. Can the debenture be sold before the due date?"

O.S.

A) Federal Coal stock is quoted at 10 cents bid, and the debenture at 23 bid or 23 1/2. They are traded flat—i.e., without accrued interest, they have paid none for the past two years and are very much in arrears. At maturity, all arrears are supposed to be paid off, but this action appears unlikely considering the price of the debentures.

If you have enough of them to make it worthwhile, I would sell them. If you have only a few, they are at all times to be sold and the shares, since the amount to be realized from their sale is negligible.

(Copyright 1964)

Seeks Discrimination End in U.S.-Aided Programs

LOUISVILLE, Ky. (AP)—The National Urban League disclosed today a list of hundreds of federally aided programs in which it has asked President Johnson to end racial discrimination.

A shooting war in Viet Nam, if it doesn't spread into a much wider conflict, won't upset the general prosperity. Nor will it enhance it.

A few companies may hope for more defense orders. Most U.S. corporations will expect orders and sales to stay on the present course—some companies helped by existing defense orders, many more prospering from high consumer demands.

And except in times of a world war, consumer purchases are far more important to American business than is government spending. And a peacetime economy can bring much greater prosperity than a frenzied war economy.

The ups-and-downs of the stock market in the tense days just ahead could be far less significant for the economy in the long run than the headlines may make them seem. And most business decision makers are well aware of this.

The conference heard Carl T. Rowan, U.S. Information Agency director, call Wednesday night on "my fellow Negroes" to free "the civil rights movement from the taint of street rioters, looters and punks who terrorize suburbs."

"Demonstrations—with possible rare exceptions—have served their purpose for the time being," Rowan said.

Federal funds are going to hospitals, schools, public housing projects and other programs in which Negroes are barred either wholly or in part, said the league, which concluded its national conference today.

FUNDS

There was no estimate given of the total funds being allocated but the league said it apparently exceeded one billion dollars annually.

"The right of every taxpayer, whatever his color, to benefit from programs supported by his taxes, ought to be incontestable," Young said.

All southern states were included in the list along with many northern and border states. Among the latter were New York, Pennsylvania, Michigan, Ohio and Nebraska.

The report cited discrimination in more than 600 public housing projects; in more than 60 hospitals receiving federal Hill-Burton aid; in federally aided retraining programs; school lunch programs and funds for general educational purposes. It also cited segregation of National Guard units in 10 southern states.

COLLEGE PROGRAM

More than half of some \$100 million paid out under the college housing loan program and \$2.6 million through the National Science Foundation went to southern universities which excluded Negroes, the report said. Young, in his letter to the

Papers, Union Meet for 1st Time Since July 20

DETROIT (AP)—Representatives of Detroit's daily newspapers and two striking car unions which closed them down by a walkout July 13 were to resume negotiations today, following their first meeting Wednesday since July 20.

The 24-day-old strike against the morning Free Press and an evening News called in support of new contract demands by Local 10 of the Plate and Paperhangers Union and Local 13 of the Printing Pressmen and Assistants Union.

Principal disputes reportedly center around premium pay and size of work forces.

Three bargaining sessions were held Wednesday, broken only by recesses for lunch and dinner. Overnight adjustment came shortly before 11 p.m.

Federal and state mediators sat in on Wednesday's meetings.

White House with the list, asked Johnson to obtain "compliance." Cutting off federal aid is considered a last step to be taken only if compliance fails, the league said.

The conference heard Carl T. Rowan, U.S. Information Agency director, call Wednesday night on "my fellow Negroes" to free "the civil rights movement from the taint of street rioters, looters and punks who terrorize suburbs."

"Demonstrations—with possible rare exceptions—have served their purpose for the time being," Rowan said.

Federal funds are going to hospitals, schools, public housing projects and other programs in which Negroes are barred either wholly or in part, said the league, which concluded its national conference today.

There was no estimate given of the total funds being allocated but the league said it apparently exceeded one billion dollars annually.

"The right of every taxpayer, whatever his color, to benefit from programs supported by his taxes, ought to be incontestable," Young said.

July Car Sales Lower Than '63

DETROIT (AP)—Ward's Automotive Reports said today that July sales of new cars marked the first month in 1964 in which auto sales failed to exceed the comparable period last year.

The statistical agency said the downturn in sales was due to the aftereffect of an East Coast teamsters strike for five weeks beginning in June.

Total July sales reached 603,007, compared with 665,457 units in the comparable period last year.

Ward's predicted that sales would bounce back during August to easily exceed the 501,696 units realized in the same period of 1963.

FORD SHARE

The service said July sales marked the largest monthly share for the year for Ford Motor Co. with 77 per cent, General Motors reached 51.9 per cent, Chrysler Corp. 14.8 per cent, and American Motors, 3.3 per cent.

Studebaker Corp., which recently quit producing cars in the U.S., captured 0.4 per cent.

Less Attraction Than Adults Think Polly's Pointers

Teen Interest Low in Scout Organizations

Gilbert Youth Research, Inc. Such organizations as the Boy Scouts, Girl Scouts or Campfire Girls don't hold as much attraction for today's teen-agers as many adults suppose.

Of the 1,387 boys and girls we recently questioned, only 13 per cent are now members of scouting or similar organizations.

Another one-third had belonged to such groups at one time and the remainder had no such experience with the organizations.

The greatest number—1 per cent—of those who now belong to these groups have been members for over one year.

Among those who belonged to such organizations in the past the average length of membership was also one year.

MRS. JERRY G. SMITH

Relative Performs Ceremony

Patricia Ann Bell, daughter of the Eldon Bells of Lakeview Avenue, recently became Mrs. Jerry Glenn Smith in the Chapel Hill Methodist Church, Paris, Tenn.

Alecon lace enhanced her gown and chapel train of white silk peau de soie with which she wore an illusion veil with pearl tiera.

HOLDS BIBLE

A white orchid rested on the small Bible she held during the candlelight ceremony performed by her grandfather, Rev. Ray Bell of Henning, Tenn.

Glenna Bell of Henning was maid of honor. Bridesmaids were Jane Flood and Jo Ann Wade of Paris, Tenn. Judy Stone of Wayne attended as flower girl.

Gout Can Hit Women: Is Form of Arthritis

Gout, fabled as a disease of overindulgence, is actually a form of arthritis, according to the Arthritis and Rheumatism Foundation. And even though men suffer it more frequently, women are victims often enough to make them interested in the disease.

While there is strong evidence that a tendency for gout is inherited, diet does play an important role in preventing and controlling it. One comic strip character suffers acute attacks of the gout of the big toe after overindulging in his favorite dish, oiled beef and cabbage.

There is no medical evidence indicating these particular foods, but overweight and excessive eating and drinking can trigger painful attacks.

CHEMICAL DEFECT

Gout is caused by a defect in the body's chemistry (metabolism), which causes an increase in the amount of uric acid in the blood and tissues. Normally uric acid is excreted by the kidneys, but in gout it is deposited in joint cartilage, especially in the feet.

The big toe seems to be a favorite site. As these deposits grow, the joints swell and become increasingly painful.

As in other forms of arthritis, straight aspirin is considered a valuable and safe drug for relieving the pain and inflammation of gout. The physician will prescribe other medication, as well as a proper diet.

Once a gouty joint is inflamed, a absolute rest is usually required to help bring it under control.

Can You Tell About Melon

Most varieties of cantaloupes are best if the netting is thick and close.

Ripeness is indicated by a smooth, not gouged, stem scar, with color a yellowish buff or gray, and a fruity odor.

Honeydews are ripe when the rind has creamy to yellowish color and the blossom end has softened slightly.

Tips for Selecting New School Wardrobe

If you're a mother of school-aged children, now is the time to start perking up their back-to-school wardrobe.

Here are some tips from Mrs. Anne Sterling, director of public relations for the American Institute of Laundering, on how to outfit your children in suitable, durable, and easily maintained garments.

The first thing to do in planning what to buy is to take inventory of what you already have. As you decided what clothing you need to buy, keep in mind some of the practical aspects of a planned wardrobe.

You will want your children dressed in style and, at the same time, to be protected and comfortable. You will also want carefully constructed garments that are easy to maintain.

Garments that mix and match the selections their tastes in clothing may improve. They might even be encouraged to take better care of their clothing.

Choose practical colors—colors that do not show soil easily and do not require special handling. Solid dark colors will show lint. Bright flat patterns are stylish, fresh-looking, and practical. Make sure that colors will not fade.

Be certain that trimmings and closures are colorful, durable and can be laundered without being removed. Ruffles and frills are pretty, but they can be troublesome and clumsy for school wear. Linings should be preshrunk.

Select fabrics that are easy to maintain, and that will last through repeated wearings. Study hang tags.

Garments that are awarded the Seal must meet rigid standards, proving that they will retain their appearance, will not shrink out of use, and are colorfast to both washing and sunlight.

Also, if your children help make the selections their tastes in clothing may improve. They might even be encouraged to take better care of their clothing.

Choose practical colors—colors that do not show soil

the look you love is

the Mall

Baker's

Pontiac Mall

"My older sister was a scout and my mother was the leader," says Carol Gussdorf, 17, of Camp Hill, Pa., explaining why she joined.

George Mathieson, 17, of Winnipeg, Manitoba, Canada says simply, "My father made me."

FOLLOWED FRIENDS

Others became members of scouting groups because their friends joined.

"A friend of mine brought me to several of his meetings," says Glenn Fields, 16, of Hartford, Conn.

Andreanna Costi, 16, of Highland Park, N.J., says she joined because she "had developed an interest in scouting."

Many of the teens say they joined these organizations because they took too much time.

COULDN'T KEEP UP

"I couldn't keep up with scouting and my extracurricular activities in school," says Russell Goodwin, 18, of Louisville, Ky.

Kathy Wickson, 16, of Palos Verdes Estates, Calif., speaks for many when she says she left because "the clubs didn't seem to offer any more excitement or interest, they didn't grow up with the group they were serving..."

The group work and companionship or scouting and similar organizations is cited by many of the teens as the best thing about such clubs.

Most of the young people who participated in scouting or service clubs and attained a first-class rating are glad they had the opportunity to learn the new skills and subjects.

"I think it helped me to learn to get along with other girls and I learned to do several things," says Karen Hidy, 16, of Terre Haute, Ind.

William Musser, 17, of Camp Hill, Pa., adds "I was taught many lessons for consideration while living in the outdoors."

New Brides, Tips About Cleaning

Brides and cooking novices find that burned-on food is a constant cleanup problem in the kitchen.

To make cleaning of kitchening, rather than a regular job, the Scott Home Service Center recommends that the range be wiped immediately with a soft paper towel before grease or spilled foods are allowed to burn on.

This is one of a number of easier housecleaning tips which are available free. The sheet, "10 Tips for Easy Household Cleanup" includes tricks from experienced homemakers especially helpful to the new homemaker who may combine a full time job outside the home with her new responsibilities in keeping house.

For easy cleaning of the broiler pan, the Home Service Center suggests that the pan be placed in the sink as soon as the food is removed.

Sprinkle the pan with household cleanser and allow to stand during the meal, covered with a damp towel. When it is time for the cleanup, the broiler wipes clean.

Low-temperature cooking of roasts cuts grease splattering in the oven. A quick after-cooking wiping of the oven with an absorbent paper towel will help reduce the need for oven cleaning.

Local Couple Honeymoon

Arthur John Lund and his bride, the former Shirley Ann Conner, are honeymooning in Northern Michigan and the Wisconsin Dells. They were married recently in St. John's Lutheran Church, Rochester.

Parents of the newlyweds are the Robert Conners and the Wilho J. Lunds of Rochester.
