

Sylvan Center Open to Public

6 Businesses Included in the Pontiac Area's Newest Shopping Unit

Sylvan Center, newest shopping unit in the Pontiac area, opened its \$400,000 six-story building this week with the grand opening planned for Friday and Saturday.

Located on Orchard Lake road near the Middlebelt road intersection, Sylvan Center is in West Bloomfield Township.

Further Drugs, Ben Franklin, National Foods, Sylvan Realty, Sylvan Hardware and Linda Lee are the six new stores in the modern beige brick masonry building.

Built by Jack Rabbin of the Sylvan Realty Co., the building was designed by Louis Redstone and Allen Agree of Detroit.

Parking area for 500 cars with expansion possibilities to 700 is provided in the shopping center plan and another building will soon be constructed, said Rabbin, for a large department store.

Dick Furney, owner of three other Pontiac drugstores, is managing the new pharmacy which has a drive-in prescription window. There is a 25-foot fountain and a lighted plastic dome which overhangs the prescription area.

National Foods, first of this grocery chain to come into the Pontiac area, will be managed by Robert Ames; Cliff Putner will manage the new Ben Franklin dime store which is a branch of the one operating in Keego Harbor.

Ed Verville will head the Sylvan Hardware, Harry Galperin, owner of the Linda Lee chain of clothing stores, has not announced the manager for the Sylvan Center shop.

Sylvan Realty has floor area for six office suites and a front office area for 14 desks.

Pontiac Delegation Split on Final Vote

Delegates of Pontiac Motor Division Local 653 (UAW-CIO) split on the actual vote on a dues increase for a strike fund at the UAW convention in Cleveland yesterday, according to Robert Boyer, the local's financial secretary.

Boyer said the 18-man delegation voted unanimously against a strike fund in a preliminary vote in the morning. But, he said, the delegates voted 3 in favor and 3 opposing, with 12 not voting on the legislative ballot in the afternoon.

A report in yesterday's Pontiac Press was based on the preliminary vote and stated that all delegates from Pontiac-area locals voted against the strike fund proposal.

Petitions Asking Governor to Halt Fluorine Support

DETROIT—A petition signed by 83 doctors and dentists demanded today that Gov. Williams stop the State Health Department from promoting fluoridation of municipal water supplies.

(There are approximately 2,300 doctors and 1,500 dentists in Detroit, and in addition several hundred osteopaths and chiropractors.)

The petition stated there was "documentary evidence of harm resulting from fluoridated water."

The signers also stated that persons desiring fluoride protection against tooth decay could apply fluorides directly to their teeth.

The program of adding fluorides was begun experimentally in some cities about ten years ago, and now 16 per cent of Michigan's population drinks fluoridated water.

Medical experts have stated several times that fluoridation is safe and prevents up to two-thirds of tooth decay in children who drink fluoridated water regularly during their early, teeth-formative years.

Spokesmen at the Governor's office in Lansing said the petition had not yet arrived.

The Weather

PONTIAC AND VICINITY—Increasing cloudiness tonight and tomorrow with showers likely by tomorrow. Not so cool tonight, low near 40. Continued mild weather, high near 60. Winds southerly 10-15 miles tonight. Mostly cloudy and cooler tomorrow night, low 35-39.

Has Her Own 'Oscar'

Judy Happy Grace Kelly Won Top Actress Award

HOLLYWOOD (AP)—Miss Judy Garland viewed the Motion Picture Academy Oscar awards by television in a hospital, where her son was born Tuesday. She said afterwards that she wasn't disappointed when Miss Kelly won.

Claims Dr. Waters' Evidence Is Spotty

(Continued From Page One)

the incidence of dental decay on a large scale.

"Further, we are in complete agreement that there is no reliable information suggesting that it represents any hazard to any group. As scientists interested in extending knowledge, we are interested in having researches continued in the basic causes of tooth decay."

"The fact fluorine is effective in reducing decay does not tell us what causes decay. From the public health viewpoint fluoridation is highly desirable, but it should not slow down basic researches out of which some day may come findings which will make possible full prevention."

"Dr. Felix H. Tornabene, Regional Health Officer at Aurora, Ill., replied to another telegram which told of Dr. Waters' quotation of a news item in an Aurora newspaper stating that there had been a tremendous amount of tooth decay in that city where there is 1.2 ppm of fluorine naturally in the water."

"Dr. Tornabene's telegram states that this was a very exaggerated statement made to the newspaper by a group which was interested in setting up a free dental clinic."

"Dr. Waters also listed Joliet, Ill., as a city with 1.3 ppm of fluorine in its water and 25 per cent fluorosis. Upon checking this statement, Dr. L. L. Fatherree, Joliet Health Officer, wired as follows:

"Joliet water contains natural fluoride concentration approximating 1.3 ppm with NO reported evidence of fluorosis. The erroneous report of 25 per cent fluorosis has been used before in other parts of the country. Apparently it is a part of stock propaganda. We have no knowledge of John E. Waters or his survey."

"Dr. Waters also quoted a Dr. George W. Heard of Hereford, Tex., as saying that while fluorine may reduce caries, that it also does harm. I checked with Dr. Edward Taylor, D.D.S., Director of Dental Health in the Texas State Health Department, who replied:

"Dr. Heard has no organized, authentic support for his statements. We found 63 per cent decrease in dental decay with fluoridation."

Fluoridation opponents have stated that 119 dentists and 10 physicians were violently opposed to fluoridation in Worcester, Mass. I checked up on that too. Following is the reply of Dr. Alexander Witkow, M.D., M.P.H., Commissioner of Public Health there:

"The Worcester District Dental and Medical Societies jointly initiated the recommendation that Worcester fluoridate its public water supplies in 1950. On three additional occasions, the Worcester District Dental Society has again endorsed such action. Such endorsement was unanimous on all but the last occasion, when a written poll was set up which would permit individual dentists to revise their stand at any time."

"The poll taken in March 1954 showed that of 227 members of the District Dental Society, 217 were polled (10 are in military service). Of this number, 171 were definitely in favor of fluoridation, 15 were opposed, and 9 were undecided. No reply was recorded from the remaining 22."

"I understand that there is a current attempt to bring this poll up to date. To the best of my knowledge, the current status is likely to be more heavily in favor of fluoridation."

"I understand several petitions have been circulated among dentists by anti-fluoridation forces. One such, signed by a number of dentists in 1951, requested further discussion of the subject."

"This petition was later publicized, with a paragraph added to the petition after the signatures were obtained, which made it appear to be an anti-fluoridation petition. The petition, approving additional discussion, had been signed by most of the pro-fluoridation dentists."

"Another petition which was circulated was signed by a number of dentists who did not read the petition, and who, apparently, were verbally misinformed as to its contents. On seeing the final petition, they requested that their names be removed. A number of such requests were filed with the Dental Society."

"It is obvious that if 171 out of 217 dentists are definitely reported as being in favor of fluoridation, there could not possibly be 119 local dentists who are opposed. There are on record only 15 such opponents."

"Our Worcester District Medical Society, after a presentation by a dentist opposed to fluoridation, reviewed the matter recently. Not one voice was raised in the Medical Society advocating a change in the Society's stand in favor of fluoridation. On three separate occasions within the past year the Massachusetts State Medical Society has endorsed and advocated fluoridation."

Voters to Rule on Pension Plan

Amendment Is Designed to Correct Misworded Regulation

Editors Note: This article explains the charter amendment No. 1 facing Pontiac voters in Monday's election.

Pontiac voters Monday will cast ballots on an amendment designed to correct a misworded charter amendment concerning city employees retirement passed overwhelmingly by the electors last November.

The mistake in the November amendment, which was aimed at modernizing the city's pension plan, was in the section dealing with "deferred retirement allowance."

City officials agree that as originally intended, the charter should provide that an employee who has served the city 25 years, or who has served the city 10 years and is over 50 years of age, can leave the staff before reaching "voluntary retirement age."

When voluntary retirement age is reached, he would begin receiving "deferred retirement" pension payments based on the years of service he had actually put in for the city.

Voluntary retirement age is 60 years for general city employees and 55 for policemen and firemen. The mis-phrased section uses the words "age 65 years" instead of "voluntary retirement age."

Monday's charter amendment, if given approval by a majority of the voters, will change the section back to "voluntary retirement age," the same requirement which has been in the plan since its inception in 1946.

It should be noted the employee would receive his deferred retirement allowance, or pension, only if he has not withdrawn any of his own contributions credited to his account in the pension fund.

Edmond O'Brien, the only nominee the forecasters agreed on, won the best supporting actor Oscar as the harried procuring press agent of "The Barefoot Contessa."

In other awards, Walt Disney made his familiar trips to the podium. He added two more Oscars this year, bringing his all-time total to 24.

"I know now why he always drives here in a truck," commented Hope.

"Three Coins in the Fountain" was named the best song and "The High and the Mighty" the best music score. This brought a satirical thank-you speech from Dimitri Tiomkin, who said: "I want to thank all my collaborators, Johann Strauss, Richard Strauss, Brahms, Beethoven Mozart and George Gershwin."

The Academy, via an honorary award, partially rectified one of its most grievous oversights. It made a special award to Greta Garbo "for her series of luminous and unforgettable performances."

Miss Garbo, often acclaimed as the screen's greatest dramatic actress, never won an Oscar in her long career.

Pontiac Deaths
Mrs. Daniel M. Reese

Service will be held for Mrs. Daniel M. (Lottie Ann) Reese, 68, of 70 S. Francis St. Friday at 2 p.m. from the Pursey Funeral Home. Dr. Tom Malone of the Emmanuel Baptist Church will officiate with burial in Oak Hill Cemetery.

Mrs. Reese died Tuesday at her home after several months illness.

Phillip Worth

Phillip Worth, 53, of 2220 Montroyal Ave. died early this morning at St. Joseph Mercy Hospital after a short illness.

Born April 10, 1901 in Fargo, N. D., he was the son of John Worth and came to Pontiac 28 years ago. He was married to the former Mary Callahan in New York in 1923.

During World War I, he was with the Canadian Cavalry. Mr. Worth had been employed by the Texas Oil Co. here for 28 years and was a member of F. & A.M. No. 21.

Besides his wife, he is survived by a brother, Edward T. North of Bay City.

Funeral arrangements will be announced later by the Hinton Funeral Home.

Among all the ticket punches used by more than 10,000 railroad conductors in the United States, no two punches make a hole of the same shape.

Man Admits Purchases With Bad Credit Cards

A man pleaded guilty yesterday in Circuit Court to purchasing about \$2,000 worth of tires and gas with two unauthorized oil company credit cards while traveling from Seattle, Wash. to Pontiac.

Lawrence M. Haddix, 35, will be sentenced April 11, according to Oakland County Prosecutor Frederick C. Ziem.

Haddix was arrested here March 25 after using one of the cards to buy eight tires valued at \$341 from a local dealer, then reselling them at 4 for \$30.

The Day in Birmingham

New Junior High School Bids Opened, Tabulated

BIRMINGHAM — Further steps toward the building of a new junior high school to serve the northeast section were taken last night.

At a special meeting of the school board bids were opened and tabulated for general construction mechanical and electrical contracts.

Costs of approximately \$2,200,000 were listed from about 40 bidders. The board will act on the bids at a later meeting.

The new school is to be built on 20 acres, of land between the Grand Trunk Railroad and Adams road south of Derby.

Amendments Deal With Sewer Issue

BLOOMFIELD HILLS — Voters will be asked to decide on amendments to the city charter at the April 4 election. By unanimous recommendation, city commissioners state adoption of the amendments would be in the best interest of all the citizens.

The State Water Resources Commission has ordered the city to discontinue pollution of the Rouge River and the city commission has been working on the problem.

The cheapest method, city commissioners believe, is to combine with the communities to the south in the proposed Evergreen Interceptor District. Alternate methods will provide only temporary relief at a greater cost, officials say.

Amendments to the charter necessary to take this step are the proposed amendments to Chapters 12 and 14 essential to the project. Proposed amendments to Chapter 10 would revise the special assessment procedure, and make possible the payment of the City's share of the cost of the proposed sewer in 20 rather than 10 years.

The proposed amendments to Chapter 4 and Chapter 9 have no bearing on the sewer problem but are proposed at this time when the other proposals are under consideration. The amendment to Chapter 9 would bring procedure in line with the general state law which has been changed since the charter was written.

State Enforcing Rules Governing Truck Weight

LANSING (AP)—The state Highway Department reported that as of noon truck weight restrictions will be enforced as follows:

On all blacktop and gravel state trunklines in the Upper Peninsula and in the Lower Peninsula north of U.S. 12.

On all concrete-base trunklines in the Lower Peninsula only north of and including M46 between Port Sanilac and Newaygo and north of but not including M 82 and M20 between Newaygo and Muskegon.

Normal loadings will be allowed on a route between Saginaw and Midland via U.S. 10 and between Saginaw and Bay City via U.S. 23.

Merchant marine means the commercial vessels of a nation exclusive of yachts.

Voice of the People Letters

(Continued from Page 6)

non-support of the American Academy of Pediatrics.

Our local health department sent a telegram immediately after this statement was released to get the truth about their stand on this issue. In less than 48 hours, we did have the truth which was published by your press.

If in doubt about the authenticity of any information, contact your local medical society, your local dental society or the local health department. Let's have less guess work and more scientific facts.

M. M. B.

The front page of the March 23 issue of the Press carried a pro-fluoridation article quoting Dr. J. Knutson, a U. S. Public Health official. In his statement favoring fluoridation he said that there was no other effective or public health or clinical method of preventing tooth decay.

In the September, 1953, issue of a current magazine, an article appeared quoting a University of California experiment, in which Dr. Herman Beck fed 1,500 persons a high protein, low sugar diet for a year and achieved an 80 per cent reduction in dental decay.

This experiment certainly indicates that there are other effective means of reducing dental decay. Is Dr. Knutson unfamiliar with this material?

If, apparently, one of his statements is unreliable, can we believe his other claims that no harm comes from drinking water treated with sodium fluoride?

Mrs. Mary D. Walter
Route 2, Lake Orion

If PTA members would start a campaign against candy, gum, and soft drinks they would benefit, not only small children's teeth, but

those of everyone and their bodies also.

Parents can kill their children with kindness. A diabetic child can die from excessive sweets and be seriously harmed by fluoridated water—the last according to Dr. Waldbott, famous allergist.

All people, young or old, with heart or kidney disease, high blood pressure, etc., cannot use sodium in any form. Some people selfishly want others to pay their dental bills. Many who will have this fluoridation cost assessed for taxes, will have to buy cooking and drinking water.

Our pure well water needs no fluorine or other medication. Parents could do without liquor and cigarettes and pay for fluoride treatment of their children's teeth and be healthier themselves.

Calcium and fluorine are combined in natural water. Sodium fluoride, the most harmful, would be used because it is much cheaper.

Vote "Yes" for the ordinance to stop fluoridation!

Mrs. Lulu Luby
400 Lowell St.

Many of the people in this area work in factories. If you were working on the line, would you be taking your orders from the designing engineer? Of course you wouldn't.

Then why should you take the word of Dr. Waldbott regarding fluoridation? He is a specialist of allergies and in my estimation far removed from being a specialist in dental health.

Most of our physicians are so busy caring for their patients that they do not have time to be going all over the state to oppose something which has been proven safe by all the major health agencies in the country.

D. S.

Have you ever had the opportunity to examine the teeth of children in an average school in

an average income neighborhood? If you have, you would know that a large per cent of these children have badly decayed six-year molars, which are the first permanent teeth.

They are six-year molars but at the age of seven are already so badly discolored that extraction is the only solution. Are you interested in doing something about this?

If so vote "No" against the ordinance prohibiting fluoridation of the city water supply.

Ruth E. Toepfer
Dental Hygienist
Pontiac Board of Education

Now that we have heard the pro and con on the fluoridation issue, one can't help coming to a conclusion that it should be voted out. Why spend the taxpayers' money on something so controversial?

Our City Manager says and we all know that we need additional sewage and water in Pontiac. To quote Walter K. Willman, "It depends on what kind of a summer we have. If we get a little rain, we may do all right. If we have a protracted dry spell, we may have trouble. It depends on the temperatures and sufficient help from the heavens."

Joseph W. Gable, Water Department chief, said things can get rough "if industry and commercial users keep on using water at the rate they have for the past six months." There's at least 1,000 new homes going up this summer. Let's all vote "Yes" to stop fluoridation.

Common Sense

One disturbing thought about this whole fluoridation business is this: It appears one group claims it's all good and does no harm; another group feels there is a possibility of good to some, but cite evidence of harm to others. This group wanting such feels it should force everybody to drink it.

Personally, I am undecided as to the pros and cons of this dispute. However, even if I felt that fluorine was all good and did no harm, I would feel compelled to vote against this pro-

cedure. In our country for any minority or majority to try to force an idea or medication on others is contrary to the personal rights guaranteed by our Constitution.

Those desiring this medication have the freedom to use fluoride tablets or another such form. By what authority are they striving to force their opinion on everyone else?

I am sorry to see the U. S. Public Health Service take part in such an undemocratic movement showing no respect for the rights of the American citizen.

John W. Seddon
253 Michigan Avenue

In a few days we registered voters of Pontiac will have the opportunity to decide the local fluoridation issue. Most of us freely add common table salt to our food. In fact we add it at the table if a sufficient quantity was not added in the kitchen. Yet this salt, sodium chloride, is the nearest chemical relative to sodium fluoride, the salt used in fluoridation.

The natural level of sodium fluoride in Pontiac water is insufficient for the therapeutic levels needed to adequately reduce dental caries. Why not add that tiny, though effective, amount of fluoride salt to our water supply just as we liberally add the desired amount of chloride salt to our food?

True, hydrofluoric acid will etch glass, but hydrochloric acid will dissolve metal. The sodium salt of both halogens is different in its action from the acid form. The sodium salt is required by the body and is harmless in both cases.

I have grown up in Pontiac and have a mouthful of filled cavities. Let's give the next generation of Pontiac children the real advantages of scientific progress. As a citizen of Pontiac and a student presently in medical school, I intend to vote "against the ordinance" next Monday. Won't you join me?

John E. Slater
187 E. Huron Street

It is comical how wrought up some folks can get over side issues on a subject like fluoridation.

One writer appears much concerned that some speakers and writers against this movement are from out-of-town areas.

By the same token those opposing such could express the same concern over the pro-fluoridationists. One of the much quoted dentists lives and works in Birmingham; a pathologist quoted lives in Lake Orion; at a PTA meeting two State employees from out of town were doing all the promotional work.

There are both dentists and medical doctors in the Pontiac area who oppose this program but due to the code of ethics of their professions they prefer to remain in the background of this dispute.

To quote another "out-of-towner," Dr. Charles Busch, B.S., M.D., director of Cambridge Medical Center, "Artificial fluoridation is fraught with dangers. Sodium fluoride is a highly toxic protoplasmic poison, 15 times stronger than arsenic. The smaller the dose, the greater the activity."

Do you want this in your water? Vote "Yes" to pass the law stopping this foolishness.

Mrs. John E. McCormick
20 Thorpe Street

Dr. Monroe stated in his article of last week that there were many people against smallpox vaccination but it proved very valuable. There is one difference that Dr. Monroe didn't mention. It is that no one has to be vaccinated that doesn't want it. If fluorine was put into our public water supply, it would be almost impossible for a person, not wanting to drink fluorine, to avoid it.

He would be unable to drink a glass of water in a public drinking fountain, a restaurant or at a friend's home. He wouldn't even be able to drink a cup of coffee in the above places.

I have read every article for fluorine and against fluorine and not one has mentioned what might happen to the family pet. Will fluorine harm our cats, dogs and birds? I believe they are important, too.

Please people of Pontiac, let's vote "Yes" on April 4 and let those who wish to give fluorine to

their children buy it and give it to them.

Anne Gagne, R. N.
230 S. Parke

Starts Unionizing Drive
PITTSBURGH (AP)—The CIO Government and Civic Employees Organizing Committee has started a

drive to unionize 250,000 municipal, state and federal employees in Pennsylvania, Ohio, West Virginia, New York and Michigan.

1 Penny Per Cuss Word

Café's 'Swear Pot' Helps Collect Change for Polio

THREE RIVERS (UPJ) — The Squeeze In restaurant reinstated its "swear pot" today to help improve the language habits of its customers and at the same time collect some change for next year's polio fund.

"I didn't know people could talk so sweetly until I started passing around the swear pot last July," said Mrs. Josie Beck, who operates the little coffee shop with her husband.

"It doesn't take long for people to change their speech habits if they know they'll have to pay for all their cuss words."

Mr. and Mrs. Beck emptied the swear pot last month and found they had more than \$20 to turn over to the polio fund. They set the pot out on the counter again today in the hope of coming up with a larger amount for next year's drive.

"It started off as a sort of joke last summer," Mrs. Beck explained. "Our little place is usually filled during coffee breaks and lunch hours. I guess people don't realize how many cuss words they use in ordinary conversation, but it seemed to me there was an awful lot of swearing and we decided to do something about it."

Mrs. Beck first set a milk bottle on the counter and let the customers know they would have to contribute to the swear pot for the privilege of cussing in the Squeeze In restaurant.

"The rates will be a penny a cuss and double on Sundays," she told the customers.

It wasn't long until the milk bot-

tle was full of change and the honor of being a "swear pot" went to a big, half-gallon jar.

Mrs. Beck said some people contributed dimes and quarters, "probably because of a guilty conscience."

"Sometimes a customer in the course of a conversation will take a deep breath, start to turn purple—and then drop a few coins in the swear pot without saying what he had on his mind," the young woman said.

"At least it's a good way to make people think twice before saying something naughty in public, and the money goes to a good cause."

Crippled Boy Gets Union's Gift Check

CHICAGO (U)—The AFL Chicago journeyman plumbers union's \$10,000 gift to its business agent is being handed over to a union member's hopelessly crippled son.

Stephen M. Bailey, the business agent, said a \$10,000 check was given to him by 6,200 fellow members in recognition of his 25-year service. He said last night he turned the check over to the parents of 15-year-old Daniel Ellis, who lost both hands and his right eye in an explosion Jan. 29.

The money, he said, will be used to provide artificial limbs for an education for the boy, who was injured when his toy chemical set exploded.

Robinson Jr. Facing Drunk Trial May 18

BEVERLY HILLS, Calif. (U)—Edward G. Robinson Jr., 22, son of the actor, will face a jury trial May 18 on a drunk charge. He was arrested yesterday by

police who said he tried to get into the wrong car in a parking lot. His attorney posted \$50 bail. Robinson pleaded innocent on arraignment.

Last year he was arrested twice on drunk charges.

Treated Like Human, Fined \$8 for Speeding

PORTLAND, Ore. (U)—George T. Lamb, 61, a carpenter, went before Municipal Judge Philip Bagley on a charge of driving 35 miles an hour in a 25-mile zone.

Lamb, admitting his offense, said he understood courts had found a dog was entitled to his first bite and he thought a motorist should be entitled to his first violation without penalty.

"I wouldn't want anyone to think I treat people like dogs," said the

judge. "I think you like a hot man."

Need a kerosene lamp? COLUMBIA, Mo. (UP)—George Gunderson recently purchased a garage here and found in it 25 sets of unused kerosene lamps for 1914 Model T Fords. He is open to bids.

Life Badges Hon by Scouts

Pop 244 to Award
Emblem to Eight
Members Monday

Eight members of Boy Scout Troop 244, sponsored by Grace Church, will receive the eagle badge—highest rank—scouting—at ceremonies Monday night in Washington Junior High School auditorium.

They are John Blamy, 13, Mike Cummins, 13, Ricky Erickson, 13, Gordon Jackson, 13, Jesus Jenks, 14, Gary Pace, 14, at Milford, Jerry Powers, 13, and Raymond Smith, 13.

All are students at Washington except Erickson, who lives in Waterford, and Pace, who recently moved to Milford.

Mothers of the eight scouts will present the badges to their sons at a court of honor following demonstrations of scouting skills in the gym. The program begins at 7 p.m.

Other boys who will be advanced Monday are:

Life scouts—Richard Jackson, Jim Benson, Ricky Smith, Mike Strong, Greg Higgins and John Watson.

Star scouts—Steve Miller, Jim Fair, Roger Manning, Ty Munnell, Larry O'Brien, Mike Rogers, Mike Schultz and Paul Scheraga.

First class—Chris Boyer, Ray Davis, Ted Oasthouse, Ken Mackie, David Pinks and Jim Smith.

Second class—Doug Carney, Lynn Carson, Phil Francis, Sam Hartman, Bob Hayward, Geoff Herriman, Arnold Jensen, Tony Jerome, Van LeDore, Bob Newman, Russell Reed, John Richman and Terry Wilkins.

Tenderfoot—Dick Dotter, Phil Gaskin, Jay Hall, Tom Hanks, Gary Kayashall, Gary Kuehry, Charles Nissen, Duane Richards, Harold Shout, Gerald Thompson, Ed Van Tassel and Ray Wicklesman.

Program was arranged by Dr. John J. W. Bell, scoutmaster, and troop committeemen Web Boyles, John Blamy, Claude Trimm, Dick Wilton, Glenn Smith, Howard Powers and Joe Manning.

Sparkman Slams GOP Yalta Report

WASHINGTON (AP)—Sen. Sparkman (D-Ala.) said today a GOP summary of the Yalta conference papers was an attempt to disgrace former President Franklin D. Roosevelt.

He predicted the 51-page document, compiled by the staff of the Senate Republican Policy Committee and released late yesterday, would react against that party.

"This effort to pin the label of disgrace on Roosevelt is bound to react," Sparkman said. "The American people will always remember his great leadership that won for his country the most terrible war in history."

The GOP document says Roosevelt knew three months before the February 1945 conference between the United States, Britain and Russia that Russia was prepared to enter the war against Japan; that "the A-bomb was in Mr. Roosevelt's pocket one month before Yalta"; and that Alger Hiss was "given all documents and top secret files which set forth what the United States delegation planned to do at Yalta."

Bob Considine Says:

Ike's Teacher Earned \$50,420 for 55 Years in Profession

NEW YORK (INS)—Dear President Eisenhower: Here's a letter I received today from an old friend of yours—95-year-old Elmer S. McCormick. Remember him? He taught you in the fifth and sixth grades at Abilene, saw you briefly in the press crowd during the 1952 campaign, and you've written him occasionally since reaching the White House.

Mr. McCormick, who lives at 3355 Murdock avenue, in the Bronx, New York, wrote:

"We are living two of us on my pension of \$81 a month and they tax our little shack which is worth about \$5,000 some \$370 a year, which leaves little for fuel, light, food, and medicine."

"I lived in Abilene 15 years and

taught our Ike two years, his years in grades five and six. I'll bet if Ike knew how tough my going is, he would get me some dinky job here in New York. At present I am confined to the house but I still work all I can as a salesman from door-to-door."

"They seem to be trying to make things tough for Ike but I'll bet he will come out on top."

Mr. McCormick explained a little more when I reached him. His daughter is living with him, and things are tough because lately he hasn't been able to do much door-to-door selling.

"I've been selling refrigerator defrosters off and on since I left off teaching in 1945," he explained. "It's not much. Most boxes come equipped with defrosters these days. But it's better than nothing, when I can do it."

I asked him if he had ever appealed to you for help, and he seemed a little surprised.

"No, I couldn't do that," he said. "He's got enough on his mind, with all those people and problems around him. He probably thinks I'm rich."

"He was a real good boy when I had him," the old teacher went on

in his kindly way. "Quite a help to me around the playground. He could sure handle boys, just as later in life he could handle men. I didn't see him for thirty-four years until one day here in New York when he was campaigning. I was just another face in the crowd, but he remembered me and we shook hands. Didn't have time to tell him, how I was getting along, but that was hardly the place anyway."

Mr. President, the next time you people issue a report on the teaching profession in this country, and the state it is in, it might be wise for one of them to look up Mr. McCormick. I wonder if there's any greater living authority on the trials and tribulations of the teachers of our young through the years.

He has painstakingly compiled and typed out a summary of his earning as a teacher from the time he began in Saline County, Kansas, in 1890 until he came to the end of his teaching rope in 1945 at Paisley, Oregon. In passing on the document to me he chuckled a bit and said, "All of which shows how rich a fool teacher may become."

Between the years 1890 and 1901

he totaled \$3,055. One year of unemployment during that period brought his average pay for the span down to less than \$280-a-year.

He made \$500 a year helping to shape the mind and body of the future supreme commander of the crusade against Hitler and the president of Columbia University and of the United States. That was just after the turn of the century.

Mr. McCormick became Dickinson County (Kans.) superintendent in 1905 and held the job until 1909 at \$1,200 a year. The academic grass in Oregon looked a little brighter after that and he spent most of his time there, after a tour of duty in Idaho, Oregon pays him his pension. He was unemployed from the time of the stock market crash until 1936, when he looked on at Columbia City, Oregon, for \$1,800 a year. His last job, the one at Paisley, paid him \$2,250 for the year.

Mr. President, it all adds up to \$50,420 for 55 years in the profession. Ask your general accounting office to figure out the average. I know you'd want to know about him.

Respectfully—
Bob Considine

Unit Charter Presented to Cub Pack 29

Presentation of the unit charter and court of awards highlighted this week's meeting of Boy Scout Cub Pack 29, sponsored by Hawthorne School fathers.

James Card, institutional representative, received the charter for the new pack from Glenn Lackey of the Pontiac District Commissioner's staff.

Edward Burling, pack committee chairman, presented registration cards to committeemen. Awards included: Bobcat badge, Michael Parks; wolf badge, Terry Mills; Robert and Ronald Carr; bear badge and gold arrow, James Johnson; lion badge, Billy Grayson; silver arrow, Richard Brockie.

An Indian dance, song and handicraft display completed the program. Neil McClelland is cubmaster.

Guess Who Needs It

DENVER (AP)—This note, signed by assistant city editor Wes French, was left on the Rocky Mountain News city desk last night: "Dear Boss: You told me to send reporter Bob Slapp to get a story on the memory course at Denver University. I forgot."

Soviet to Shuffle Farm Leaders

Will Appoint Tens of
Thousands in Effort to
Increase Output

MOSCOW (AP)—Pravda said today the Communist party and the Soviet government plan to appoint new managers for "tens of thousands" of Soviet collective farms in a further effort to step up production.

The party organ's account said the new bosses would include "particularly experienced workers of the party and government organizations and enterprises, scientific research institutes and other establishments."

The plan was made public by Nikita S. Khrushchev, the party's first secretary, in a speech to farmers and party workers at Voronezh yesterday. Pravda quoted him as saying the decision was made by the party central committee and the Soviet Union's Council of Ministers (cabinet).

Khrushchev said the plan would apply "primarily to farms which are lagging behind" and was aimed at weeding out inefficient and corrupt managers.

The party chief also warned tractor operators and farmers they must make maximum use of their machinery. Anyone who damages or treats tractors and other implements negligently, he said, should be punished the same as anyone damaging growing crops.

Claim Socialite Widow Beat Mate With Crop

ELIZABETH, N.J. (AP)—A prominent widow was under indictment today on charges that she beat her husband with a riding crop several hours before he died in what police called an apparent suicide.

The indictment, returned yesterday by a Union County grand jury, accused 51-year-old Mrs. Lucille Schroeder, of Summit, of atrocious assault and battery.

Her husband George Baker Schroeder, 50, a lawyer, was found dead in his bed Jan. 19. At the time, County Physician George Hoerre said the cause of death was an overdose of a barbiturate.

Augustana Choir Thrills Audience Wednesday

By GEORGE PUTNAM
The famous Augustana Choir appeared last night before a capacity house at Pontiac High School Auditorium. The program was arrayed with the finest literature which was appreciated by the average concert-goer and the educated musician alike by its excellence of performance.

The perfection of this highly trained college chorus gripped the audience so that music as a communicative art was at its best.

The choir was organized by Dr. Henry Veld in 1931 when he combined two organizations of the Augustana Campus—The Jenny Lind Singers, a ladies group, and the Wennerberg male chorus for an Orchestra Hall appearance in Chicago.

The group, the majority of which are not soloists, or even members of the Music department, are selected singers. They demonstrated all the qualifications necessary for good vocal technique and gave proof of excellent discipline and training by their ability to withstand a most difficult and extremely taxing program.

They have sung consistently two and three concerts each day for the past two weeks. The summation of this tour will be in Chicago April 2. Their stamina and vitality were apparent throughout the evening.

To Dr. Veld goes the full credit for establishing and maintaining throughout the past 24 years the excellent results which were produced in the Pontiac concert.

His judgment in selecting the finest music in vocal literature from all periods gave his singers an opportunity to execute their abilities in all styles of singing. With the exception of "Silent Strings" and the Benjamin Britten "Ceremony of Carols" the program gave the listeners a most interesting and most satisfying experience.

Dr. Veld stands as a peer among collegiate choral conductors. The response from the group came not only from his conventional conducting movements, but also from his fingers, his eyes, and his face.

One realized that even these outward gestures were dwarfed by an even greater response—that of the awareness of an inner feeling between singers and their conductor. The sixty-four singers produced a success of effect in

their appearance in dress as well as their ensemble singing.

The program opened with the massive motet "Blessing, Glory, and Wisdom" by Bach. This accompanied work with its contrapuntal development gave ample opportunity for deep expression.

Majestic in its manifestation praising God, the various sections were sung with careful attention as the work developed.

Precision in the attacks and releases, delicate nuances, and tonal colorings were all skilfully handled. The pianissimo and fortes were all that one would desire whether in the moving passages or in the stentorian chords.

A pleasant contrast greeted the audience in the appearance of the Jenny Lind chorus when they sang the "Ceremony of Carols." This modern work by the young English composer gave the women ample opportunity to demonstrate the extent of the female voice as to timbre, range, and dynamics.

The six contrasting carols were sung with each section carefully blended. "Deo Gratias" with its rousing, synopated passages was well received, as was the sweet, plaintive "There is No Rose of Such Virtue." For an encore the girls sang Brahms' "The Sandman" in a delicate and ethereal manner.

Accompaniment for these selections was provided by Roger Nyquist, a member of the choir. His sympathetic playing could not be underestimated in providing the colorful background for the changing moods of these selections. It was a brilliant, artistic performance. Mr. Nyquist was also at the piano with the Wennerberg Chorus.

The men opened their group with "The Last Words of King David" by Virgil Thompson. This virile composition with its dissonances and suspensions produced a rich, well-blended group of singers. "Silent Strings" by Bartok was appreciated by all with the effortless crescendos and sustained passages.

This group closed with "Make Me Merry" — a 15th century carol arranged with solo flute skilfully played by Bonnie Church. The men responded effectively with a German folk song "Guten Nacht" in which they seemed to caress each note in their fond farewell to their loved one.

A highlight of the evening for many listeners was the "Mass in G" by Vaughan-Williams. In this extremely difficult motet for double choir we again were able to see the choir at its best — namely, the organ-like tone and clean entrances. It was a tremendous undertaking to program this work.

The second part of the program was highlighted with "Jesus and Traders" by the Hungarian Kodaly. This description of Jesus driving the money changers from the temple is one of the favorites of the choir. The emotional appeal with its sharp contrasts makes this selection a challenging number to sing.

In Rachmaninoff's "Blessed is the Man" the long phrases were well handled, as were the pianissimo passages. The singing of "Requies Venit du Printemps," in the original old French, and the rhythmic and choral changes made this selection another outstanding number. It was particularly well done.

In addition to singing in French,

BARBARA HAGERMAN

Mr. and Mrs. Albert D. Hagerman of Barker drive announce the engagement of their daughter, Barbara, to Gary B. Hiscock of the U.S. Navy. He is the son of Mrs. Elmer Hartz of Williams Lake road. No date has been set for the wedding.

Shirtwaist Hits Las Vegas' Top Resort Spots
LAS VEGAS, Nev. (INS)—The classic shirtwaist is stylish '55 wear even in the plush resorts like Las Vegas.

Done in formal fabrics, like sleek satin or featherweight raw silk, the shirtwaist promenade fashionably at evening in the glittering showrooms of the big hotels on the famous Las Vegas "strip."

And cotton shirtwaists make equally stylish appearances daytimes either in the gambling rooms or at nearby scenic spots like Hoover Dam and Lake Mead.

Judging from well-dressed women seen at such spots as the Desert Inn, The Sands, The Sahara and the Flamingo, the shirtwaist as evening wear is definitely a la mode.

Most women wore pastel colors, and used all the regular dress-up accessories—fancy evening slippers, beaded purses, plenty of jewelry (mostly baroque pearls) and fur or fancy wraps.

The full-skirted shirtwaist with full-length or three-quarter sleeves was favored. All were street-length, and some were two-piece affairs instead of dresses.

Dance Club Elects New Officers
Decorations with an election motif set the scene for 40 couples of the Allemanders Square Dance Club meeting held recently at Donelson School. A box lunch preceded election of officers.

Lester McKinney was named president, with B. H. Klinkhamer, vice president; Mrs. Mary McFadyen, secretary; and Peter Martin, treasurer. Elected to the board of directors were Egon Walser, Gene Denham and Marion Baumgartner.

Serving on the decorating committee were Mr. and Mrs. Walser, Mr. and Mrs. George Stout, Mr. and Mrs. Emil Brustle, Mr. and Mrs. Fred Peckart and Mr. and Mrs. Chris Whitmore.

St. Joseph Guild to Fete Husbands

Plans are in the offing for a cooperative dinner to fete husbands of members of St. Joseph Guild of St. Benedict Church, following a meeting held last evening.

Thirty members of the group were entertained by Mrs. Nelson Hunter of West Huron road, who was assisted by Mrs. Otis Allen and Mrs. Eugene Wellman.

Projects for the ensuing year were taken up and will be discussed further at a meeting scheduled for April 18.

Latin, and German, the group did two songs in Swedish — "Tonerna", or "Vision" by Sjoberg, a Swedish folk song with exquisite sustained humming accompaniment, and "Tryggare Kan Ingen Vara, a traditional Swedish hymn.

The program came to a glorious conclusion with "The Great Angelic Host" by Grieg, a stirring religious folk song rich in harmony and deep in religious feeling. For a second encore the audience sat in complete silence for "Carol of the Dawn."

The response of the audience was ample proof of our appreciation of the finest music we have by a truly great choir. As this is the only appearance of the choir in Michigan, it was a rare privilege to have a singing organization of the highest calibre appear in our city. This concert was sponsored by the St. John's Lutheran Church of Pontiac, and Christ Lutheran Church of Waterford.

Foxy Kids Scheming to Avoid Polio Shots

WHEELING, W. Va. (AP)—Some youngsters in Ohio County tentatively scheduled to receive the Salk polio vaccine in April apparently have found what they think is a way to escape the dreaded needle.

Jack Clemm, administrative assistant in the City-County Health Department, said today that many of the consent forms sent to parents via the first and second graders in the county schools have never reached home.

Clemm said, "Evidently in some cases the children either feared the inoculation or lost the paper and said nothing about it at home." He said the matter was called to his attention by queries from parents.

Insurance Firms Pay Big '54 Hurricane Bill

NEW YORK (AP)—Insurance companies have paid out or are paying out about \$25 million dollars in damage claims for three major hurricanes last year, it was estimated today.

Carol, Edna and Hazel caused about one and one-third billion dollars damage to the northeast, but only a small part of this whopping destruction was covered by insurance.

The National Underwriter, a trade newspaper, figured the total.

To Raise Funds for Gym

TRAVERSE CITY (AP)—A group of 61 businessmen volunteers has launched a community campaign to raise \$40,000 to equip the new St. Francis School gymnasium for added service as a civic center and banquet hall.

Patty Andrews Opens Alone at Latin Quarter

By EARL WILSON

NEW YORK—When Patty Andrews opened her dancy act at the Latin Quarter, Comedian Joey Bishop glanced around at the shapely showgirls and told the audience:

"I'd like to apologize to you people for coming out here with all these clothes on."

Steve Allen—who's going to Hollywood to play the life of Benny Goodman, and take his TV show there for several weeks—recently got \$10,000 for a couple of afternoons of extra work. He told his manager, Jules Grossman, "You know something? I'm not worth this much!"

Marlon Brando told Ed Murrow—whose "Person to Person" show he'll be on—that he practices daily on the bongos drums. And that as a child he had one idol. In Chicago he followed his hero for 10 blocks to get his autograph, and he still has it. His idol, whom he still tries to emulate, was and is Gene Krupa.

A lovely blonde had just moved into the neighborhood. She asked the boy next door if he would run an errand for her.

"I'm sorry I can't go for you," said the boy—as Gardner Campbell of the Wakefield (Mass.) Item tells it—"but I heard Daddy saying HE could."

Is Broadway again moving uptown?

With the Coliseum going up in Columbus Circle, a 50-story office building due to replace the B. & O. station, and more and more TV theaters uptown, it's possible. Naturally Bob Olin, the restaurateur, foresees his spot at 60th and Central Pk. West becoming the "new center of Broadway." He has what he calls a "mental option" on the first floor of Brooks' Costumes for expansion when the hordes start coming. Personally, though, I figure there'll always be an England and a Lindy's.

THE MIDNIGHT EARL...

ANA MORENA Nicky Hilton becomes a veep of the Shamrock Hotel in Houston... Martha Raye's husband Ed Begley's with his parents in Ansonia, Conn... The cast of "Ankles Aweigh" liked the fired Sonny Tufts so much they gave him a party, a watch and other gifts when he finished in New Haven.

Betty Hutton and new mate'll go to Cuba on a delayed honeymoon when she finishes at the Miami Beachcomber... Morey Amsterdam was barred from the Stork Club after doing the TV show... Joe & Marilyn were at 21, Reuben's and the Copa (where a fan told MM, "You know, you look a lot like Mamie Van Doren?")

Faulette Goddard denies she and Erich Remarque are hitched—but in N. Y. last month she kept referring to him as "my husband"... The Chateau Madrid show goes international with Ana Morena, an Argentinian singer. Mitch Miller is sore at Frank Loesser 'cause the "Damn Yankee" songs will be recorded by Victor... "House of Flowers" is the first show ever reviewed by Sexology Magazine.

Erica Steele (of the Selk trial) is part-owner of a mid-town beauty shop... The deal to hire Betty Cloney for the Robt. Q. Lewis show fell through. Zsa Zsa's making a movie in H'wood and Rubi's off to Palm Beach... Now there's a Tony Curtis Hairdo—in a beauty parlor for women... Warner Bros. bought the dramatic hit, "Bad Seed."

(Copyright 1955)

Kitty Kallen Gains Fame the Hard Way

By BOB THOMAS

HOLLYWOOD (AP)—Sometimes fame comes fast, sometimes you have to work like the dickens for it.

Kitty Kallen took the latter route. She has been a name in the show world since the early '40s, when she sang with the Jimmy Dorsey and Harry James bands. She went on to success as a single, replacing Ella Logan in "Finian's Rainbow" and singing in the better clubs. She also became a regular with Martin and Lewis on their personal tours.

She made good money, but she worked hard for it too. She knew that the only way for a singer to get firmly established nowadays is via hit records, and she had never been able to make much of a dent on discs.

She sank \$5,000 into a recording session, Decca liked the number, "Are You Looking for a Sweetheart?" and offered to release it. The firm agreed to sign her to a contract if the platter sold more than 20,000 copies. It sold 240,000, and she got her deal.

One day she was in the Decca office when a new song arrived from a couple of amateurs of Richmond, Va.—newspaperwoman Edith Lindeman and disc jockey Carl Stutz.

Kitty took a fancy to the tune and recorded it. The title was "Little Things Mean a Lot," and she reports that it has sold 1,900,000 copies in this country and is now No. 1 in England and Australia.

tralia. She followed it with "Chapel in the Moonlight," another big hit.

"Sure, the records have changed my career," she admitted. "I was doing all right before. But when I played a club, I had to use special material and I had to work hard. Now they just want to hear the records I've made."

Decca is the parent company of Universal-International, so it was natural that the studio put in a call for Kitty's services. She now has one of the leads in "The Second Greatest Sex" and there's talk of a one-picture-a-year deal.

Nebraska Governor for Death Penalty

LINCOLN, Neb. (AP)—Gov. Victor Anderson says he is a "firm believer in capital punishment."

He made the comment in reviewing the "wait them out" fight with eight mutinous inmates who holed up in the state penitentiary jail building with two guards as hostages. The rebellion began Sunday morning and ended early yesterday without bloodshed when the convicts gave up and released the guards.

"If there is ever a bill in the Legislature to abolish capital punishment, I'll be the first to oppose it," Anderson said.

While he did not say so directly, he indicated he felt the threat of death in the electric chair may have saved the lives of the guards.

Marks Date—With Ax

JUKA, Ill. (UP)—H. H. Cheeley, a farmer, recently celebrated his 91st birthday by splitting his winter's supply of firewood.

Ex-POW Fined as an AWOL

Private Held 6 Years by Russia to Pay \$396 for Absence

FRANKFURT, Germany (AP)—Pvt. William Al. Verdine, a Soviet prisoner for six years, was fined \$396 today by a military court which convicted him of being absent without leave.

He could have been sentenced to six months in jail, dishonorable discharge and forfeiture of all pay and allowances. The 28-year-old Sarks, La., soldier will not receive pay for his time spent in Red prisons. A military spokesman said his pay would begin as of Jan. 29, 1935—the day the Soviets released him in Berlin.

The court, made up of three officers and four enlisted men, deliberated only for 10 minutes before returning a verdict. It reconvened to consider a sentence.

Verdine told the court he was tortured but resisted during his imprisonment including two years in the Soviet labor camp at Vorkuta in Siberia.

After the sentence an Army announcement said Verdine had been "returned to duty."

It was his first night as a free man since a roving patrol of East German police picked him up the night of Feb. 5, 1949.

Verdine did not disclose the circumstances of his crossing into East Germany.

SHOCKING! THE WEAK AND THE WICKED

Canine Mayor of South Miami Buried in Style

SOUTH MIAMI, Fla. (AP)—There was a funeral procession, flowers, tears and silent prayers yesterday for Stinky.

"Some people might think it silly that we could love a dog so much, but he brought us so much happiness and enjoyment," said Mrs. S. Wilhelm.

She and her husband, who own a funeral home, made burial arrangements. There was a custom-made casket.

Stinky, a 7-year-old brown and white mongrel, had been unofficial canine mayor of South Miami for

six years, since the day a group of University of Miami students left him home. He was killed by an automobile.

Burial was in the back yard of Mrs. Sylvia Martin, the town clerk.

"He was a real gentleman dog," Mrs. Martin said. "He was a real politician, or rather a diplomat. He made friends with everyone. A lot of people could have learned a lot from Stinky."

ALL IN COLOR DANNY KAYE THREE HOURS TO KILL KNOCK ON WOOD

Moyie to Depict Hitler's Finish

Austrian Film to Show
Last Days and Death
of Dictator

VIENNA (UP)—A grim-faced group of men wearing Nazi SS uniforms carried two blanketed human forms to a shallow grave near Vienna's Schwechat Airport a few days ago and doused them with the contents of gasoline cans.

As one of the troopers knelt to strike a match, a bawling voice cried:

"Stop! Stop! we're going to do it all over again."

The "Nazi" relaxed and lit cigarettes. The "bodies" rolled out of the blankets and stretched. Troopers refilled the gasoline cans with water.

Then G. W. Pabst, the director, gave final instructions for shooting the most dramatic sequence in a new film called "The Last Act," a re-enactment of the last 10 days of Adolf Hitler and his mistress, Eva Braun.

The film's climax depicts the burning of their bodies outside Hitler's Berlin bunker in April 1945.

Erich Maria Remarque, who wrote "All Quiet on the Western Front," has scripted the new film from the book, "Ten Days to Die," in which Judge Michael Musmannov of Pittsburgh, Pa., reconstructs the violent series of events that led Hitler and Eva to suicide and death.

Original blueprints used in the construction of Hitler's underground bunker were used to build replicas in suburban Vienna. Most of the film is being shot inside the bunker.

Furniture, carpeting and wall pictures duplicate the real thing as closely as possible.

Hitler's private secretary, Mrs. Traudl Junge, who escaped from the bunker, came here to act as technical adviser.

The film is being made by the Gumpel Film Company, with Carl Seckoll as producer. Seckoll, a member of the Austrian resistance movement against the Nazis, also produced "The Last Bridge," Austria's most successful postwar movie.

Seckoll, already under heavy fire from German newspapers and illustrated magazines, which claim the film's subject is "too delicate," said that "Hitler actually is not the main figure of my new film although he is in the center of the story."

"I simply want to hit dictatorship, show how dangerous it is if a nation's fate is in the hand of a single man, a manager of catastrophe such as Hitler was," he explained.

The picture stars Albin Skoda as Hitler.

Lotte Tobisch, a rising young Viennese actress, was selected for the role of Eva Braun.

Mail Delayed a Bit

SALISBURY, N. Y. (UP)—Harry Twombly received a letter nearly 49 years after it was mailed. The letter had fallen behind a board in the post office of a local store sometime in January, 1913. The store owner discovered it while making renovations.

Adams Says Canucks 'Will Be Rougher Than Ever'

DETROIT (AP)—Many think it's merely a psychological maneuver, but General Manager Jack Adams of the Detroit Red Wings warns that the Montreal Canadiens "will be rougher than ever" if and when they reach the finals of the Stanley Cup playoffs.

"They've forgotten about the Richard incident, and are playing serious hockey," Adams said. "Even though the Rocket is out, the Canadiens still have plenty of good players."

"If they beat Boston to get into the finals, they'll be rougher than ever. Remember, they would like to get even with us."

The Canadiens are within one game of getting another crack at the Wings. They lead the Boston Bruins, three games to one, in their best-of-seven semifinal series. The two teams play in Montreal tonight, and a victory will send

the Frenchmen into the finals, which would open in Detroit Sunday night.

With 13 straight victories—one shy of the all-time National Hockey League record—the Red Wings are backing the law of averages, and Adams admits it.

"The percentages are against us," he said. "There has to be a letdown sooner or later."

It is in fear of this letdown, many experts feel, that Adams is warning his team to beware of the big, bad Canadiens.

The Red Wings reached an emotional peak in the closing weeks of the season to nose out the Canadiens for their seventh straight championship. Whether they can continue the same brilliant brand of hockey in the finals remains to be seen.

At any rate, one more triumph and the Wings will tie the record of 14 consecutive victories, established by the Boston Bruins in the 1929-30 season.

The Detroit players are surprisingly calm about it all. They were

Team 9 Victor in Archery Loop

Waterford Township recreation archers completed their season Tuesday night with Team No. 9 taking the championship with 48 points. Team one was runnerup with 45 points, just ahead of 3rd place team four with 43.

Members of the winning team are Tom Adams, Frank Lawrence, Polly Babin, Helen Orr and Joe Gannon. Adams also posted the season individual high score (free style) with 265 of a possible 300.

Jim Hargraves was high in instinctive shooting with 213. Polly Babin's 193 led the women shooters instinctively, while Sue Smith had 155 for the high free style mark.

The league will hold its banquet Tuesday, April 5, at 6:30 p.m. in the Drayton Presbyterian Church with dinner and archery movies planned. The league was sponsored by the Waterford Township Recreation department and was instructed by Jack Smith.

No Assistance Needed

EAST LANSING—Ted Lemox, Michigan State's blind wrestler, makes his way easily without cane, dog or other assistance over State's rolling 628 acre campus.

relaxed as could be on the train ride from Toronto after completing the four-game annihilation of the Maple Leafs.

Inter-City Amateur Bouts Slated Tonight in Chicago

CHICAGO (AP)—The nation's best amateur boxers will mix it up tonight at Chicago Stadium in the 28th annual Inter-city bouts between Chicago and New York.

The big show is expected to draw 13,000 fans. It climaxes more than three months of city and sectional tournaments in 48 states and Cuba and will bring together the best available 16 amateurs from an original field of 25,000.

New York will be trying for an unprecedented second straight team victory in the series, having won 5 matches to 3 in last year's intercity bouts.

The Gotham battlers, however, lag far behind in the rivalry, having won only six times while Chicago has piled up 14 triumphs. There have been seven ties.

Chicago's chances for a 1935 team crown may have been lessened by the loss of two outstanding team members. Jess Bowdry, St. Louis 160 pound winner of Chicago's Tournament of Champions, was dismissed from the squad for disciplinary reasons. Dick Wall of Idabel, Okla., the 147-pound titlist, had to pass up the intercity competition because of studies at the University of Oklahoma.

Eight preliminary fights, starting at 9:30 p.m. (EST), will be followed by the championship bouts.

Their only gripe, in fact, was that Capt. Ted Kennedy of the Leafs refused to congratulate them after the final game. Kennedy

State Outlines Stream Projects for This Year

LANSING (AP)—Work will start on seven river and watershed projects as soon as weather permits, the state conservation department said today.

Channel work, stream bank fencing and upland planting will complete a major watershed project on the Cedar River in Clare and Gladwin counties.

Workers will plant some 100,000 spruce trees along the north upper branch of the Cedar in Gladwin County.

Tree plantings and channel work is scheduled on the headwaters of the Manistee River in Crawford County. Upland plantings are scheduled on the Fox River in Schoolcraft County. Channel work is planned for the Huron River in Washtenaw County.

Survey and study work is planned on two other streams, the White River in Newaygo County and Pine Creek in Dickinson County.

shook hands with Bob Goldham, an old teammate, then skated off the ice. He didn't even look back at the other Red Wing players.

Underdog Bruin Team in 'Last Ditch' Stand

Lose Henry and Flaman for Rest of Series With Canadiens

MONTREAL (AP)—The underdog Boston Bruins, down two games and beset by injuries, make a last-ditch attempt tonight to keep their Stanley Cup NHL playoff hopes alive against the Montreal Canadiens.

The Bruins trail Montreal 3 games to 1 in their best-of-seven semifinal series. Their chances received a severe jolt yesterday when it was learned that goalie Sugar Jim Henry and defenseman Fern Flaman will be sidelined the rest of the series.

Henry suffered a fractured jaw Tuesday night when he was hit by a shot off the stick of Calum Mackay. He finished out the game despite the injury and was beaten 4-3 on rookie Don Marshall's overtime goal. Flaman received a Charley horse in the second period of the game.

Coach Milt Schmidt of the Bruins said Long John Henderson, who alternated with Henry most of the season, will be in the nets tonight. Don Cherry, a defenseman recalled from Hershey of the AHL, may fill in on defense for Boston.

Lynn Patrick, general manager of the Bruins, said he thinks Boston still has a chance to win the series and advance into the finals against defending champion Detroit. The Red Wings eliminated Toronto in four straight games.

Montreal Coach Dick Irvin said he plans to go along with the same lineup as he used Tuesday, meaning that goalie Jacques Plante will play the entire game. For the first three games Plante and Charlie Hodge shuttled back and forth in the nets.

Veteran Ken Mosdell of the Canadiens pulled a groin muscle in Tuesday's game but is expected to play tonight.

Nine-Game Schedule for Tartar Grid Team

YPSILANTI (AP)—Michigan Normal announced today it will play a 9-game football schedule this fall. Only new team on the slate is Baldwin-Wallace, which replaces Wayne University.

The schedule:
Sept. 17—Hope; Sept. 24—Hillsdale; Oct. 1—St. Albans; Oct. 8—Western Illinois; Oct. 15—Illinois Normal; Oct. 22—Southern Illinois; Oct. 29—Eastern Illinois; Nov. 5—Central Michigan; Nov. 12—St. Northern Illinois.

BIGGER THAN 'DA FREEM'—South African heavyweight Ewart Frederick Potgieter, seven-foot-two and 310 pounds, spars with trainer Johnny Holt in Johannesburg. He has won five bouts, none of which went over two rounds.

Kaycee Park to Be Ready for AL Opener, April 12

KANSAS CITY (AP)—Municipal Stadium will be ready for 35,000 customers when the Kansas City Athletics make their American League debut against the Detroit Tigers here April 12.

That's from Bert Senter of the Winn-Senter Construction Co., which took on a special trades partner, Del Webb of New York Yankee affiliation, for the job of rebuilding old Blues Stadium up to major league standard.

Bill MacPhail, public relations director of the Athletics, said advance season ticket sales and requests for single game tickets indicate all of the 30,920 permanent seats will be occupied for the opener and that standees will boost the crowd to about 35,000.

Season ticket sales, including boxes and reserved seats, total about 5,100. The number is expected to rise.

Heights' Burton Ruled Out of Spring Sports

LANSING (AP)—A basketball player just can't be allowed to slug the referee—accidentally or on purpose.

That was the official finding of the executive committee of the Michigan High School Athletic Assn., meeting on the case of M. C. Burton, star center of the Muskegon Heights team.

Burton remembered "grabbing" the official and the official said he was hit during a mob scene that followed one of the state high school tourney quarter-finals.

Burton, husky 6-3 Negro, was ruled ineligible for high school competition for the remainder of the year.

Modern Living Making College Gridders 'Soft'

Unconditioned Knees. Easily Injured Due to Lack of Exercise

LOS ANGELES (AP)—Modern living has made the knees of college boys so loose that they have to be conditioned before they are ready for football and other violent sports, the nation's family doctors were told today.

Many boys are so enthusiastic about entering competition that they have to be held back, and the help of doctors is needed to restrain them in some cases, said Eddie Wojcicki, head athletic trainer at Rice Institute, Houston, Tex.

Wojcicki was backed up by Coach Lynn (Pappy) Waldorf, University of California football coach, who said that the human knee was not made for the stresses of the gridiron.

Both Wojcicki and Waldorf participated in a panel discussion before the American Academy of General Practice. They urged the family doctors to take more of an interest in injuries to athletes.

Unconditioned knees, Wojcicki said, are subject to sprain because in modern everyday life the legs do not get enough exercise to develop muscles strong enough to resist twisting stresses.

Injured Boxer Still in Poor Condition

TRENTON, N. J. (AP)—Bryan Thompson entered his second day on the critical list at St. Francis Hospital today after being knocked out in his first professional fight Tuesday night.

Hospital authorities said the 23-year-old Philadelphia Negro middleweight regained consciousness for a short time last night, long enough to learn where he was. Then he lapsed back into a coma.

Something Wonderful Has Happened To Refreshment!

JOHNNY FIFER says, "Here's good news! There's more enjoyment in today's Pfeiffer's Beer." Two important qualities of Pfeiffer's offer you greater refreshment:

1. Mildness to please your thirst.
2. Deep flavor for true taste satisfaction.

Enjoy the beer that's brewed for more refreshment, more good taste in every glass you pour. Try Pfeiffer's soon!

Give-Away to Deal in Unclaimed Property

Walt Framer Plotting Again

Strike It Rich Producer Creates Surprise Show for Unlocated Heirs

By WAYNE OLIVER

NEW YORK (AP)—Television producer Walt Framer, who made a fortune giving away other people's money, now has cooked up what he describes as a billion-dollar give-it-back show.

Framer, who owns and produces the daytime Strike It Rich and Big Payoff, says there's more than one billion dollars floating around the country unclaimed. It consists of forgotten bank deposits, corporation stocks owned by shareholders who can't be located, unclaimed real estate and the like.

He plans to bring the owners and their unclaimed property together on a TV show tentatively entitled Billion Dollar Bankroll. He estimates he can restore an average of at least \$50,000 a week to the rightful owners with the aid of a firm that specializes in locating people who have moved about a lot.

The unsuspecting owner of unclaimed money or property would be persuaded on some pretext to attend the telecast as part of the regular studio audience. Then during the show he'd be called to the stage and presented with his windfall.

Starting date of the show and the network haven't been decided yet.

Mrs. Ike Sends Roses, Prayers to Doomed Girl

WASHINGTON (AP)—Mrs. Dwight D. Eisenhower has sent a bouquet of roses and "my prayers" to a 6-year-old blonde girl suffering from a brain tumor.

The girl, Linda Carpenter, of nearby Kent Village, Md., is not expected to live. The tumor was discovered after she injured her head last month in a sledding accident.

The White House said yesterday the first lady sent the roses to Linda in George Washington University Hospital after reading about the little girl's plight. Accompanying the bouquet was this note:

"Dear Little Linda, 'I do hope that when this little note reaches you it will find you greatly improved. The thoughts and prayers of all of your friends have been with you ever since the accident on Feb. 3 and I wanted you to know that my prayers, too, are numbered among them. My best wishes to you, Linda, Mammie Doud Eisenhower."

Says Mental Illness in 'Epidemic' Stage

WASHINGTON (AP)—Senators received testimony today that mental illness has reached proportions "in the nature of the greatest epidemic or plague" this country ever experienced.

Dr. Leo H. Barmetstein of Baltimore, chairman of the American Medical Assn. council on mental health, joined other spokesmen for medical and psychiatric groups in testifying before a Senate Public Welfare subcommittee.

Subcommittee Chairman Hill (D-Ala.) and 29 other senators are sponsoring a bill to provide federal grants to some representative group of medical, psychiatric and rehabilitation experts.

Two Escape as Rock Ignites Car Gas Tank

SILVER SPRING, Md. (AP)—Two persons scrambled to safety last night just before their automobile exploded when its gas tank was ignited by sparks from a flint rock.

Mrs. Ruth Brilhart, a school teacher, and Edward Caldwell, her 31-year-old father, escaped unhurt but their car was a total loss.

Police said three teenage boys rolled the rock down a hill and into the street as the car was passing. The boys, charged with destroying property, were released in custody of their parents.

Careful With Clothes

UNION, S.C. (AP)—Fire Chief J. W. Sullivan entered a smoke-filled dry cleaning establishment on his hands and knees to find the source of a fire. Inside, he saw a man checking slips on a long row of clothing. The man selected a pair of trousers and walked out. Later he sought out the owner of the shop and paid the charges for his trousers, explaining he hadn't wanted them damaged by smoke.
