Homicidal Maniac Arrested as Drunk

PUEBLO, Colo. (INS) — A 35-year-old state hospital mental patient, described by authorities as a homicidal maniac, fled the institution early today, and a short while later was unknowingly jailed by Pueblo police on a drunk and disorderly charge.

The patient, Robert A. Harding Jr., was admitted for the second time to the Pueblo institution on Dec. 30, 1952.

He was diagnosed as a victim of a "chronic brain syndrome"—a brain disorder which strikes the patient with painful head seizures usually leading to patterns of violent misbehavior.

Harding, who slipped away at 1:08 a.m., was picked up in a Pueblo tavern and jailed as a drunk. In his jail cell he apparently collapsed and struck his head.

When medical assistance was called in for him it became known he was a mental patient escapee.
