Port Huron Buried Under Twelve-Inch Snowfall

UF Within 30 Pct. of Goal

Lacks $144,958 as Local Drive Nears Last Day

'Bill' Otto Will Speak at Awards Luncheon Set for Monday

Final plans for Pontiac Area United Fund's awards luncheon Monday took shape today as the drive climbed to within 70 per per cent of its $487,200 goal.

United Fund volunteers who have turned in outstanding service will be honored at the affair, scheduled for noon at Pontiac Elks Temple.

Meanwhile, United Fund workers found themselves with $144,958 left to raise.

Friday is the last day of the 1953 campaign.

Wednesday's returns, totaling $28,607, pushed the amount raised so far to $342,242.

This includes the industrial division's returns of $251,380, or 78 per cent of its goal; commercial division reports, including Waterford, of $73,008, or 56 per cent; and geographical division returns of $7,854, or 56 per cent; and $10,000 from Birmingham-Bloomfield-Franklin division.

Some 300 volunteers are expected to attend Monday's luncheon, open to all campaign workers. Reservations may be made at United Fund campaign headquarters, FE 2-0631, until Friday noon.

A key figure out of Pontiac's past, C. W. "Bill" Otto, will be main speaker at Monday's luncheon. Otto, now vice president and general manager of Lansing Chamber of Commerce, came to Pontiac in 1918 to help organize the Chamber of Commerce here.

His work so impressed local civic leaders that they asked him to stay as its first executive. He did so for several years, moving to Flint Chamber of Commerce for a short time before taking the Lansing position which he has held for about 30 years.

Edward A. Maier, lieutenant governor of Michigan Division, Kiwanis International, will act as chairman Monday. Maier, man-

Head of Cemetery to Get Loyalty Oath

SACRAMENTO, Calif. (AP)—Don't get Eugene O. Irving and his employes wrong. They're perfectly willing to take the loyalty oath as required of organizations asking a state tax exemption.

"I don't know why they would question whether we are undermining anyone's loyalty," Irving says. "But we'll be glad to file our oath right away so there will be no question about our underground activities."

Irving is superintendent of the Masonic Lawn Cemetery.

Hydramatic at Willow Run

INSPECT TRANSMISSION — Harlow H. Curtice, (left), president of General Motors Corp., inspects the first hydramatic transmission produced at Willow run. With Curtice is Edward A. Kaegi, general manager of GM's Detroit Transmission Division. The transmission rolled off the assembly line Wednesday.

• • • • • •

Hydramatics Roll Off Lines as GM Does 'Impossible'

DETROIT (AP) — General Motors Corp. has just accomplished what many industrial experts considered a virtually impossible task.

Twelve weeks after fire destroyed its huge hydramatic transmission plant in nearby Livonia it has begun manufacturing and assembling the units in rented space at Willow Run, west of here.

Announcement that the automatic transmissions have begun to roll from Willow Run was made late yesterday by Harlow H. Curtice, president of General Motors.

He said "recovery from the fire has been due largely to the extraordinary team-work within the General Motors organization and the generous cooperation extended to us by suppliers and other manufacturers."

Curtice said only limited volume has been attained at Willow Run, but added "we expect to increase output gradually until we achieve full scale production early in December."

To achieve production at Willow Run in only slightly more than two months, 2,300 machines from the Livonia plant were rebuilt. They were sent to some 356 machine tool builders and 18 other GM divisions. A large number of new machines also were built to supplement the salvaged equipment.

At Willow Run both manufacturing and assembly operations are carried out.

General Motors plans to produce at Willow Run the same volume of hydramatics as was maintained at Livonia prior to the fire.

Way for Power Project Cleared

Ike's Order Names N.Y. Partner With Canada in St. Lawrence Work

WASHINGTON (AP) — President Eisenhower today cleared the way for construction of the St. Lawrence River power project by the State of New York and the Canadian Province of Ontario.

The President signed an executive order designating the Power Authority of New York State as the United States partner in construction of the project.

The Canadian government already has designated the Hydro-electric Power Commission of Ontario as its agency.

The project has nothing to do with construction of the controversial St. Lawrence Seaway.

Judge Demands That Michigan Oust Hubbard

Seven-Term Mayor of Dearborn Is Cited for Various Misdeeds

DETROIT (AP)—A one-man grand jury today demanded ouster proceedings against Mayor Orville L. Hubbard of suburban Dearborn.

Circuit Judge Miles N. Culehan, the grand juror, issued a removal petition just two days after Hubbard was re-elected to his seventh straight term by a smashing majority.

Judge Culehan charged Hubbard with malfeasance and wilful neglect of duty in performance of his office.

Hubbard struck back by saying he would petition immediately for a 23-man grand jury to investigate the conduct of the Circuit Court, particularly the grand jury and the court's handling of funds.

At Lansing, Philip A. Hart, the governor's legal adviser, said Gov. Williams probably will make no comment until he receives and can study Judge Culehan's petition.

A copy of the removal petition was served on Hubbard as he appeared under subpoena before the grand jury this morning.

The 35-page petition contained several specific charges.

One accused Mayor Hubbard of ordering the lowering of the assessment on a Dearborn department store (People's Outfitting Co.) by more than $120,000.

Theat was done, the petition said, and later Hubbard accepted a television set from the store as a gift and the assessor won a salary increase from $3,500 to $9,200 a year.

Other charges accused him of:

Retaining a city controller (George E. Brady) who "was not a qualified, experienced and competent bookkeeper and accountant, as required by the Dearborn charter."

Using public funds, material, machinery, equipment and labor to pave parking lots for bars, businesses and churches.

Permitting city officials to take trips "to distant points in the U.S. and Canada at public expense" with no accounting required.

Failing to provide in the 1952-53 budget for an audit, though the charter requires one each year.

Failing and refusing "to follow recommendations made by certified public accountants year after year, regarding systems of accounts . . ."

To Quiz Eight on Radar Leaks

McCarthy Continues to Investigate Lapses in Security Program

NEW YORK (UP)—Sen. Joseph R. McCarthy planned to question eight witnesses today at a closed session of his permanent subcommittee investigating security leaks in the Army's radar program.

McCarthy, who did not identify the witnesses in advance of the hearing, said the session today would be the last this week.

The Wisconsin senator said he had not decided whether he would seek to have convicted atom spy David Greenglass brought before the subcommittee or whether he would question him at the Federal Prison at Lewisburg, Pa., where he is serving a 15-year sentence for his role in the Rosenberg spy ring.

At sessions yesterday and last night witnesses included Abraham Brothman, who served a prison term for conspiring to obstruct justice in the Rosenberg case, and Norman Gaboriault, a Port Jervis, N. Y., manufacturer who hired Brothman after his release from prison.

Kiwanis Annual Rummage Sale Today, Friday and Saturday, 7 South Saginaw Street, corner of E. Pike St. Open tonight until 9. Big stock of clothes, shoes, furniture, refrigerators, ranges, radios, kitchenware, toys, Christmas gifts. Doors open 9 a.m. to 9 p.m. daily.

Winter Weather Comes to Michigan

AP Wirephoto

TWELVE-INCH BLANKET IN PORT HURON —A storm that caught everyone unprepared in Port Huron today deposited 12 inches of snow in that area. Drivers all over the city had to dig out cars that were stuck like the one pictured. Drifts up to 18 inches were reported.

2 Autos Crash Headon; 8 Die

Pro Football Player Is One Victim in Missouri Speed Accident

PLATTE CITY, Mo. (AP)—Two automobiles collided headon on a highway near here last night killing eight young people including Dick Reinking, former college and professional football player.

Reinking, 27, and his wife, Camille, 25, were in one car. Six young men were in the other. The impact was so great the cars had to be pulled apart with chains attached to trucks.

Authorities, who blamed excessive speed for the crash, said the speedometer of the car in which the six men were riding was stuck at 85 miles an hour.

Reinking was a star left end at Southern Methodist in 1945 and 1946—during the college days of All-America Doak Walker — and was defensive signal caller on the 1947 team that tied Penn State 13-13 in the 1948 Cotton Bowl game.

He played pro football with the New York Giants.

The victims, in addition to the Reinkings, were Mike Nigro, 18; Mike J. Ferrera, 20; John Floyd Tittone, 19; Dean O. Stanley, 19; Carl J. Pace, 19; and Charles Disalvo, 29. All lived in nearby Kansas City.

Report Student Killed by Police in Trieste Riots

TRIESTE (AP)—Police opened fire on rioting pro-Italian students in this disputed Adriatic port city today. Unofficial reports said one student was killed and four or five others wounded.

It was the second day of rioting here by pro-Italian demonstrators. Before resorting to gunfire the motorized police used tear gas and clubs to break up the rioting. The students hurled bricks. There were many injured among both police and students.

At one point, police went after students who had sought refuge in the Church of Saint Anthony; in downtown Trieste, beating them and driving them out of the church and causing panic among persons praying there.

First reports said many were injured, including police and students, and taken to hospitals for treatment.

Police took several of the ringleaders into custody.

Today's demonstrations, following the violence yesterday in which 15 students were injured, began calmly enough.

Students skipped classes and began gathering in Trieste's main streets, waiving Italian and Trieste flags and shouting "Viva l'Italia" and "Viva Trieste."

Pontiac Press Photo

FIRST SNOW — Pontiac's first snowfall of the season prompts Stephen S. Hale, 38 Mohawk Rd., to scrape some of the white stuff into his hands. Snow started falling about 8 a.m., only a few hours after the mercury plunged to 26 degrees here.

Plead With 22 to Come Home

U.S. May Use Recorded Messages in Explanations

PANMUNJOM, Korea (UP)—American officers may use recorded pleas from the families of 22 turncoat GI's to help persuade them to come home.

Indian Lt. Gen. K. S. Thimayya said there was "no reason" why U. S. explainers could not play the personal tape-recorded messages from relatives of American prisoners who have refused to return home.

U. S. officers have asked the Neutral Nations Repatriation Commission for permission to play the messages when they meet the "pro-Communist" Yankees in explanation sessions.

The commission has not ruled formally, but Thimayya, the neutral group's chairman, said "I don't see any reason why that would not be permitted. Of course, we would have to listen to them first."

The dramatic taped messages, prepared by radio stations, patriotic organizations and news agencies, contain home-spun appeals from "mom, pop, brother and sister" begging their sons to come home.

Communist stalling tactics, meanwhile, slowed explanations to anti-Communist POWs today, but the Reds convinced only two of 136 Chinese interviewed to return to communism.

Earlier today, Thimayya warned that despite "absurd" Communist stalling tactics, the "explanation" program for unrepatriated prisoners ends Dec. 23 as scheduled. Thimayya personally intervened to break up prolonged Red propaganda explanations in six interview tents.

Red political officers subjected Chinese prisoners to long grueling interviews and seized on various pretexts to walk out of the "explanations" in slowing the "come home" program to a snail's pace.

Another Bid to Moscow

PARIS (AP)— The United States and France have agreed to send another message to Moscow which will leave the door open for Big Four negotiations on the future of Germany and Austria, a French foreign ministry spokesman said today.

Two Breakins Net $3,350 for Thieves.

Breakins at a service garage and a gas station netted thieves $3,350 Wednesday, according to Pontiac Police.

A wall safe, containing $2,900, was reported pried open at the Oliver Motor Sales, Inc., 210 Orchard Lake Ave. The building was entered through a side window.

Michael Kazokas of 454 Auburn Ave., attendant of a gas station at 700 W. Huron St., told police that $450, which had been stuffed in a cigarette machine for safekeeping, was stolen Wednesday night. Police said thieves gained entry through a rear window.

This Is Education Week

LANSING (UP) — Gov. G. Mennen Williams today urged citizens to learn more about school programs and problems during "Education Week" Nov. 8-14.

Pontiac Vicinity Hit by Flurries as Cold Arrives

Winter Weather to Ease Friday Afternoon With High of 40-44

A sudden blast of wintry weather smothered Port Huron with 12 inches of snow, brought snow flurries to the Pontiac area and sent the mercury plunging here to 26 degrees early today.

Pontiac area gas stations did a brisk business in anti-freeze and thawed out a few frozen radiators for motorists caught short by the season's coldest weather.

And the U. S. Weather Bureau said the wintry chill would stay for at least 24 hours.

Clearing and colder weather is forecast for this area tonight, with a low of 24 to 28 degrees. Pontiac is expected to warm up a bit Friday afternoon with a high of 40 to 44.

The mercury hovered at 26 degrees in downtown Pontiac from 4:30 to 6:30 a. m. today. The sub-freezing temperature beat this fall's previous low of 30 degrees reported early Wednesday.

The mercury began climbing out of its early-morning cellar shortly after 6:30 a.m., reaching 28 degrees at 8 a.m. and rising to 34 at 2 p.m. today.

The deluge of snow hit the Port Huron area early today, temporarily paralyzing traffic and making commuters late to work. Automobiles parked at curbs overnight were stuck in the heavy snow.

The Weather Bureau said the snowstorm was caused by northerly winds sweeping the length of Lake Huron. The winds gathered warm moisture and changed it to snow that pelted the city starting at 2 a.m. today.

Snow flurries struck other state areas and sections of the United States. Chicago, the northern Appalachians and Nebraska reported snow.

Sub-freezing temperatures chilled most of the northern half of the country between the Rockies and Appalachians, although readings reached the 60's along the Gulf Coast.

Pontiac area gas stations reported flurries of anti-freeze sales Wednesday night, with some men working well past regular closing hours to protect cars. Only a few cases of frozen radiators were reported today, however.

Meanwhile, crews of the Oakland County Road Commission and Pontiac Department of Public Works took stock of preparations for heavy snowfall—just in case.

The road commission said it has 75 to 100 snowplows ready to go.

Some 5,000 tons of road salt, chloride, and carloads of sand and gravel have been stockpiled over the last six weeks, the commission said.

Rochester residents had their baptism of snow Wednesday. The village was singled out for a half-hour deluge of snow so heavy that motorists had to switch on headlights from 3 until 3:30 p.m.

Reaching from the Rochester southern boundary to slightly north of the village limits, the snow "shower" melted as it touched the ground.

Diggs to Ask Recount in Win by Mrs. Wise

DETROIT (AP) — State Sen. Charles C. Diggs Jr., said today he will ask for a recount of Tuesday's city council election.

Diggs was edged out of ninth place and a council seat by Mrs. Blanche Parent Wise with a slim 4,948 vote margin.

No Baby Platypus

Penelope Lets Zoo Down

NEW YORK (UP) — Sweating Bronx Zoo keepers dug through more than 250 cubic feet of earth bank today to uncover the great deception of Penelope the Platypus. Penelope isn't a mama.

For four months, Penelope—an Australian duck-billed platypus—pretended to be a mother. She wasn't.

But that pretending threw zoo circles into a dither. The birth of a duck-billed platypus would have been an event of international import, as a baby platypus has never been born in the United States.

But hope faded at 11 a.m. today, when diggers cleared away the earth bank into which Penelope had carried leaves — allegedly to make a nest — last July.

Her burrows were there, and so was Penelope. Only one thing was missing: a baby platypus.

Santa Claus to Slide Down Main Street of Pontiac in Christmas Parade Dec. 5

Circle this date: Dec. 5.

Set aside 9:30 a.m.

Plan a way to reach downtown Pontiac—early.

For Santa Claus—a very special Santa—is scheduled to arrive a month from this Saturday in what promises to be the finest Christmas parade in Pontiac's history.

Parade marshal John A. Riley, briefing a 21-man production committee on parade plans Wednesday, confided that "this will be a bigger show than ever before."

The committee met for luncheon and a planning session at Pontiac Elks' Temple Wednesday with Pontiac Retail Merchants Association as host.

Next month's parade will include Oakland County Sheriff's Posse, marching bands, and the giant balloon figures — toys and animals—which have fascinated parade watchers in years past.

But Pontiac's churches this year will strive to put the Bible's Christmas story on wheels in a whole section of colorful floats, the manger scene, angels and shepherds, the Three Wise Men, and similar scenes will be displayed by the floats.

"A special committee has been working with churches of all denominations," Riley said. "Already, more than 20 churches have signed up to enter floats."

JOHN A. RILEY

Riley, John W. Hirlinger, assistant manager of Pontiac Chamber of Commerce, and Orville Tripp, experienced in building floats, met with some 15 church leaders Wednesday night to discuss technical problems. A similar session is scheduled for 3:30 Saturday afternoon. Both conferences are in Chamber of Commerce offices in Hotel Waldron.

Riley urged any church which can enter a float and hasn't been contacted to get in touch with Hirlinger at the Chamber office, FE 5-6148, or himself before Nov. 12.

Hirlinger pointed out Wednesday that the church floats are a return to the basic idea of Christmas.

"Our celebrations, toys, Christmas trees and such are surely symbols of the Yule season," he said. "But we hope that these floats will inspire a thought about the origin and full meaning of this holiday—will help put Christ back into Christmas."

Birmingham — Bloomfield — Franklin

Three-Area Torch Drive Reports 70 Pct. Collected Toward Goal of $152,718

From Our Birmingham Bureau

BIRMINGHAM — With eight days remaining in the Birmingham-Bloomfield - Franklin area United Foundation Torch drive, collections total $106,450, or 70 per cent of the 1953-54 goal.

"Because of the wonderful response of the community and the diligent efforts of the volunteers to reach everyone with the United Foundation story, we feel very confident of reaching our quota," General Campaign Chairman Everell E. Fisher has stated.

Goal of the drive for support of 150 health and welfare organizations is $152,718 in this area.

Two Birmingham high school students have been named winners in the UF editorial and poster contests, William Spence, schools and government chairman for the Torch drive has announced.

Robin Reed took honors for her writing entitled "Your Torch Lights the Way," and Elizabeth Williams' three-dimensional poster brought her a first place over more than 100 posters submitted.

Runner-up in the editorial contest was Louisa Roberts, followed by Roger Johnson and Dorothy Ojala tied for third place.

Bloomfield Hills student Lynn Harcke took second place in the poster contest, followed by Ruth Kalmback of Baldwin School, and Richard Bouchard of Holy Name School.

Mid-week meeting of the First Presbyterian Church will be at 7:30 tonight in the chapel.

• • •

Six $750 memorial scholarship awards are being offered internationally by Cranbrook Academy of Art for the session beginning the fall of 1954. Applications will be received until next February from painters, weavers, architects, ceramists, metalsmiths, sculptors and designers.

Awarded according to artistic merit, the scholarships provide funds for a year's tuition and a balance which may be used for supplies or applied toward fees for board and room at the academy.

The scholarships were established in memory of Eliel Saarinen, world-famed architect and first president of the academy, and George and Ellen S. Booth, founders of the six Cranbrook institutions.

• • •

An all-day rummage sale, sponsored annually by the Holy Name Altar Society, will be held from 8:30 a. m. to 9 p. m. tomorrow in the school auditorium.

• • •

The City Commission has passed a resolution of appreciation to the Halloween party committee and sponsoring merchants for their fine work on this year's parade and party.

Mayor Ralph Main said this was the first year he hadn't had his car windows soaped.

• • •

In its last game of the season, Coach Jim Braun's Holy Name School football team scored a last-quarter touchdown and point-after, O'Connor scored all seven points O'Connor scored all seven points.

The season total found Holy Name with four wins to its credit, against two losses.

• • •

A $35,000 one-story clinic building to be located at the southeast corner of Adams and Cole has been announced as the future plan of builder John W. Holmes, 665 Pleasant.

No definite date has been set for starting the construction, which will house six office units for doctors or dentists. The completed structure will measure 80x48 feet, with a patio in front.

• • •

The parent's point of view on the responsibility of primary and secondary schools in the moral and social education of children will be discussed at the semi-annual meeting of the Independent Schools Association tomorrow at Brookside School Cranbrook.

Parent representatives will join the faculty members of the association in presenting the topic as a panel discussion.

Steve Earl Johnson

Service and burial for Steve Earl Johnson, 58, of Detroit, who died yesterday in Detroit Memorial Hospital, will be Saturday afternoon in Hymera, Ind. He will be taken there late tonight from the Manley Bailey Funeral Home.

Surviving are his father, Charles L. of Hymera, and three brothers, Clay of Birmingham, C. Edgar of Paradise, Calif., and J. R. of Wayne, Neb.

Pontiac Deaths

Mrs. Cora S. Canterbury

Word has been received here of the death of Mrs. Cora S. Canterbury, 77, of 163 Clifford St. She died ealy this morning in Mt. Gilead Hospital, Mt. Gilead, Ohio.

Mrs. Canterbury, who had been ill two weeks, was visiting her daughter, Mrs. Gladys Thomas at Marengo, Ohio, when she was taken ill.

Herman Lee Cochran

Herman Lee Cochran, 75, of Hotel La Salle died in Pontiac General Hospital Wednesday.

Born in Carabue, Maine, in 1877, he was the son of David and Isabelle Wark Cochran. He was employed here as a cook.

Mr. Cochran is survived by a sister, Mrs. Pearl McLaughlin of Grand Rapids, Minn.

The body is at the Pursley Funeral Home.

John Dovin

John Dovin, 86, of 928 Boston Ave., died at 6:30 a. m. today after an illness of several weeks.

Born in Austria in 1867 he came to Pontiac a year ago from St. Joseph.

Surviving are four daughters and a son, Mrs. Grace Gergen of Chicago, Mrs. Louise Proctor of Pontiac, Mrs. Anna Hemberger of St. Joseph, Mrs. Mary Davidson of Dowagiac and Andrew Dovin of St. Louis, Mo. Also surviving are nine grandchildren.

The body will be at the Sparks-Griffin Funeral Home until Friday morning when it will be taken to St. Joseph for funeral and burial on Saturday.

The baby was born June 15 and died at 8:15 a. m. today.

Besides her parents she is survived by a sister, Lyvonne at home.

Birmingham Man Hurt in U.S. 10 Crash

Harold Kennedy, 52, of 632 Hawthorne St., Birmingham, was admitted to Pontiac General Hospital for injuried suffered in an auto accident Tuesday on US-10 north of Corunna St., in Waterford Township.

Reported in good condition, he suffered a possible concussion, a fractured rib and cuts.

Kennedy told State Police of Pontiac Post that he suddenly veered his auto toward the center lane to avoid an accident with an auto stopped in the right lane.

A stake truck driven by Joseph H. Cadroy, 25, of 6054 Nelson Ct., Flint, crashed head on into Kennedy's car.

Patient Jailed in Theft

ANN ARBOR (AP) — Harold P. Stoddard, 28-year-old patient in the Veteran's readjustment center here, was jailed on an auto theft charge after police, firing one shot, apprehended him in a car stolen from the rear of University Hospital.

Wire Break Cuts Power

BIRMINGHAM — Cause of the power failure which left the northeast section of the city without the use of electrical appliances for three hours yesterday morning was one wire of a three-wire circuit being broken, according to Detroit Edison District Manager Harold Hall.

Reports Auto Stolen

BIRMINGHAM — William G. Scholz reported to police this morning the theft of his 1949 automobile in front of his 1516 Melton residence.

Community Day Set by Church Women

BIRMINGHAM — World Community Day will be observed by the Council of Church Women at 2 p.m. tomorrow, with all faiths invited to attend the program at Embury Methodist Church, E. Fourteen Mile Rd.

Mrs. Beulah Whitby, acting chairman of Detroit Mayor Cobo's Inter-Racial Committee, will be the speaker.

"Helps for Homes" is the general theme this year, with people bringing used but good articles, to be distributed worldwide.

Items will include bedding, layettes, table cloths, curtains and draperies.

Cash gifts will be distributed by the Christian Woman's Action Program for Lasting Peace," to aid refugees sheltered in camps, orphanages and children's homes.

Crane Boom Injures Two DPW Workers

Claude Kirkham, 58, of 105 Euclid Ave., who suffered severe injuries when struck by a crane boom yesterday, is reported in "poor" condition at Pontiac General Hospital today.

Another DPW worker, Hubert Hardy, 29, of 387 Highland Ave., also was admitted for observation after he suffered slight injuries. Police said the boom knocked Kirkham into an excavation and fell into the hole where Hardy was standing.

Reckless Driving Costs Two Local Women $150

Reckless driving cost two Oakland County women a total of $150 this week.

Mrs. Catherine F. Begle, 32, of 9095 E. Commerce Rd., Walled Lake, paid a $75 fine and $25 costs after pleading guilty yesterday before Orion Township Justice Helmar G. Stanaback to the traffic violation.

Mrs. Betty Balletane, 27, of 393 Bloomfield Ave., appeared before Bloomfield Hills Judge Alva J. Richardson, who fined her $50 Tuesday.

Store Burglarized Again

YPSILANTI (AP) — Riley's Super Market in Ypsilanti township has been burglarized three times this year, the last time of $1,500 about a week ago. The store was also broken into in January and in September.

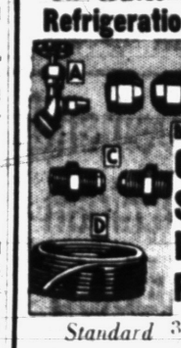

Both Mother, Baby Son Are Polio Victims

ANN ARBOR (AP) — Mrs. Edward Lewis, 24, of Pittsfield Township, is a patient at University Hospital, stricken by polio one week after her one-year-old son, Daniel fell victim to the disease.

Services for Manager

ANN ARBOR (AP)—Funeral service was held today for Earle D. Whitesell, 67, manager of the local Western Union office. Whitesell who had served his firm in Lansing and Pontiac, died in University Hospital Tuesday.

Leaf Blaze Destroys 3 Cottages, Damages 2

JACKSON (AP)—A fire blamed on burning leaves destroyed three cottages and damaged two at Pleasant Lake, 10 miles north of Jackson, yesterday.

It also damaged a telephone cable and power lines.

Total losses and damages were estimated to have exceeded $30,000.

Lake Level Drops

GRAND HAVEN (AP)—The level of Lake Michigan dropped three inches in October, to 581.5 feet above sea level. That is 1.2 feet below the 65-year high reached in 1952, the U. S. engineering office here reported.

U. S. Drops Licenses for Pig Iron Shipment

WASHINGTON (AP)—The Department of Commerce announced today it no longer will require individual export licenses for shipment of pig iron to free world or neutral nations.

The relaxation order, announced by the department's Bureau of Foreign Commerce, affects carbon steel ingots and bars and many other iron and steel products as well as pig iron.

Hail the Machine Age

ROCKFORD (AP)—A parking lot has been constructed here for the exclusive use of high school students who drive their cars to school.

Fast Buck

ALLEGAN (AP)—James L. Bushee 65-year-old Allegan archer, had been hunting only half an hour when he bent his 45-pound glass bow and felled an eight-point buck within two miles of the city limits.

The Pontiac Press is delivered by carrier for 40 cents a week; where carrier service is not available, by mail in Oakland and adjoining counties it is $12.00 a year, elsewhere in Michigan and all other places in the United States $20.00 a year. All mail subscriptions are payable in advance. Phone Pontiac FE 2-8181.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, NOVEMBER 5, 1953

No Place for Television

A question to which Attorney General Brownell no doubt is giving careful thought these days is whether television of court trials should be permitted.

It arose in a question and answer period during the recent convention of the Radio-Television News Directors Association. Mr. Brownell's first reaction was opposition to the proposal. Later, however, he promised to discuss it further.

★ ★ ★

With the television audience growing by leaps and bounds, it was inevitable that this question should arise sooner or later. While it could be argued that televising trials would spread knowledge of judicial procedure, we believe objections to the plan would outweigh by far any such advantage.

★ ★ ★

In the past our courts have been criticized for lack of dignity. Certainly, anything tending to turn a trial into a medium of entertainment should be avoided at all costs. Moreover, the invasion of a court room by Klieg lights and cameras couldn't help but prove distracting to principals, counsel, witnesses, spectators and the bench.

Mr. Brownell was right the first time. In the interests of judicial dignity and integrity we hope he stands by his original opinion that the court room is no place for television.

Assembly Backs Laniel

The decisive support given the Laniel government's Indochina policy was welcome news in Allied capitals.

For a time it was feared the issue might lead to another cabinet crisis. But when the resolution backing government policy and lauding French Union troops came to a vote, it was passed by the comfortable margin of 330 to 260.

★ ★ ★

In effect that vote confirmed France's four point policy in Indochina. It means the Republic will continue the fight there until an honorable peace can be achieved.

One aim of the policy is gradual replacement of French troops in Indochina by armed forces of the Associated States. Others are a negotiated general peace in Asia and the independence of the free Associated States within the French Union.

★ ★ ★

Paris observers credit Premier Laniel with turning the tide by treating the Viet Nam resolution of "secession" as inconsequential. By voicing sympathy for the legitimate aspirations of the Indochina people for freedom, he poured oil on the troubled waters in both Saigon and Paris.

His reward was the end of a political storm which had threatened the collapse of his government.

U. N. Aid Pays Dividends

In a report to the General Assembly, David Owen, chairman of U. N.'s technical assistance board, reveals solid accomplishments at low cost in many underdeveloped countries.

The report makes clear that technical assistance is no give-away program. For every dollar in aid that comes from international funds, the local areas benefiting from the programs are putting up several dollars.

★ ★ ★

One of the most dramatic improvements took place in Liberia's fishing industry. Two Dutch fishing experts sent by U. N. found natives fishing with hooks and lines from canoes.

The experts taught the natives how to use nets, which they now can pay for with one days' catch, and to build simple, rugged boats. As a result fish are more plentiful and cheaper. Fishermen's standard of living has gone up and the native diet is greatly improved.

★ ★ ★

In Afghanistan's sugar beet industry processing was efficient but the beet pulp was being thrown into the Khunduz River as waste. A U. N. sugar beet expert showed the processors how to turn this pulp into much needed cattle feed, ending the waste and increasing food supplies.

U. N. agencies also have been showing people in several Nations how to maintain and repair recently acquired farm, construction, logging and road machinery.

★ ★ ★

A new vaccine is now being used by U. N. specialists in fighting "shipping fever," a disease which kills a half million cattle in Southeast Asia every year.

These few examples surely refute the idea that teaching backward people to help themselves is a waste of money and effort.

"Florence Chadwick's swimming records are unique, in that she made round trips," says a sports writer. There was nothing unique in that. When we boys swam a river, we always swam back to the bank where we left our clothes.

Note to Russia: "We've got uranium to burn. We're preparing to burn some of it to produce electricity for peacetime use.

The Man About Town

Camp in Oakland

Dearborn Mayor Put Across Big Recreational Area Here

Daffynition

Adolescence. When children think it is time their parents were told the facts of life.

That fighting, colorful and spectacular

Mayor Orville E. Hubbard

of Dearborn has an Oakland County connection. Until recent years his city had no sites for suitable recreational facilities, although it was growing into the fourth largest city in Michigan. It attained that distinction in 1950, with a population of 94,994, exceeded only by Detroit, Grand Rapids and Flint. So Mayor Hubbard persuaded his people to buy several hundred acres near Milford, which has the hills, valleys, trees and water to make Camp Dearborn one of the nation's finest recreational areas. Winding through it are several miles of pavement, also nature trails galore. It has dozens of picnic sites and tables by the hundred, also ample bathing beaches. Now being made a year round resort, it is exclusively for Dearborn people. Don't try to get through the entrance gate unless you have a Dearborn sticker on your windshield.

Again loyal to the home team are a big majority of the 90 survivors in the Man About Town football contest. In next Saturday's game, 79 of them predict that Michigan State will win, 10 favor Ohio State, and one predicts a tie game.

A note paid off with 44 pounds of sugar in 1830, and another paid off with 12 bushels of wheat in 1838, **are among the interesting relics in the possession of**

Mrs. Ida E. Pittman

of Rochester. She also has copies of newspapers, manuscripts, etc., dating back a century or more, including exchange agreement for threshing wheat in 1825, to be paid in "good board."

Pheasants are coming inside the Pontiac city limits. A beautiful cock and a harem of at least three hens have taken up quarters for the hunting season around the Wisner Stadium, and

Johnson Fisher

who lives there says they have had several narrow escapes from being killed by cars on the new Cass Ave. cutoff.

Several Oakland County Korean PWs have told me of their gratitude to

Monroe M. Osmun

for the suits and complete outfits of wearing apparel he has given them.

Sign in front of business place on Elizabeth Lake Road: "We don't want all of your money—just most of it."

Returning from a two weeks vacation,

Mr. and Mrs. Bradley Stuart

of Pontiac Lake found that squirrels had filled their garbage can with acorns.

In response to an inquiry from

"Seeker of Knowledge,"

and numerous others, my encyclopedia says that an inch of rainfall is equivalent to one gallon of water spread over a surface of two square feet, and weighs 100 tons for each acre of ground.

Right here where so many U. S. automobiles are made, it is interesting to note that South America provides their largest foreign market.

Newly elected chairman of the Oakland County Board of Supervisors,

Floyd Andrews

frankly states that he thus inherits a pair of shoes he feels he will be unable to fill, unless everybody pulls together and helps him take up the slack.

Verbal Orchids to—

Mr. and Mrs. Robert Moule

of 272 Oakland Ave.; fifty-third wedding anniversary.

The Bear That Shouldn't Go Over The Mountain

Voice of the People

Distribution of Liquor to U. S. Servicemen Opposed; Weakens Health, Breaks Morals

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature.)

We are protesting the fact that liquor is to be distributed to our boys in the armed services throughout the United States.

By so doing we are placing a fifth column in the midst of our armed forces, undermining their mentality, weakening their health and breaking down their morals.

There are many men who enter the armed services who never have tasted liquor and who would never do so but for the ridicule of their buddies and the example of having it placed before them continually.

Can a young man protect himself and his country when intoxicated? Truly we can answer "no." Do we want another Pearl Harbor?

If our boys are not in a sober mind they cannot do their best. Why take a boy, tie his hands behind him and stand him up before the enemy? It's the same thing. Liquor renders them helpless when attacked.

Loyal American neighbors, let us raise our voices against this atrocity. Let us storm our law makers to withdraw this curse. Let us save our boys and our country!

Mr. and Mrs. Robert F. Wery
Holly

Says Whistle by Godfrey Will Bring Best Talent

In reply to the "Former Godfrey Fan" letter, I would like to vote Godfrey a salute of honor for firing a presumptuous upstart who considers himself above the ethics of society.

There is plenty of talent as good and probably better that comes from good American stock. As for a contract, Godfrey can get the best talent in the country, if not already under contract, by just whistling.

As for Godfrey's alleged tyrannical rule: why pick on Godfrey? I can show you dozens of little "big shots" who are key men in other fields. They stop at little indeed to protect their hard won positions of vantage and they're very small fry compared with Godfrey. He came up the hard way and is in turn giving many people an easy road to fame and fortune.

Still a Godfrey Fan

Says Keego Halloween Party Most Successful

This was the first year that Keego Harbor set a definite time for Halloween begging and held a street dance for all ages afterwards.

The begging began at seven and the curfew was at eight.

The local Methodist Church and the West Bloomfield Fire Department were co-sponsors of the street dance. Cider and doughnuts were served and prizes were awarded for the best costumes.

For several weeks the sponsors have been selling 15 minute flares to be used during the begging hours. The whole affair was extremely successful.

Supervised entertainment on Halloween has been going on in quite a few communities in the past and they too have found it effective.

However, many more communities in Oakland County do not have a supervised plan of this nature in effect. I'm sure they will find a similar plan useful next Halloween.

Duane Vogelsburg

Only Wishful Thinkers of Both Parties Make Trends Out of Local Skirmishes

By DAVID LAWRENCE

WASHINGTON — There was a pattern in Tuesday's election but it was local — not national.

The American people voted as they always have before — against corruption and candidacies tainted with a party record of improper conduct or maladministration and against extravagance in the handling of public funds.

They even voted against those who made "McCarthyism" the issue in the heart of New York City.

But the wishful thinkers will see national trends. Maybe the Democrats will gain in the 1954 elections, but there isn't the slightest evidence on the basis of Tuesday's elections to warrant any such inference.

For example, here are the most important election developments and some questions they raise:

1. New dealism was defeated in Virginia when tens of thousands of Democrats who supported Stevenson last year voted the Republican ticket for governor this time in an effort to defeat Sen. Byrd's candidate for governor.

Is Byrd's victory and the repudiation of New Deal policies a national trend?

2. The Republican organization in Philadelphia — driven from power two years ago for the first time in 70 years, as a "liberal" Democrat was elected mayor — came back this week by defeating Mayor Clark, one of the outstanding supporters of Gov. Stevenson in 1952. Is this a trend?

3. **A Republican candidate for governor in New Jersey who accepted the support of the former Democratic machine boss and who wrote a letter asking a parole for a labor leader convicted of extortion was defeated.**

The Republican Party retained control of the legislature. Scandals in the state house under Republican rule, showing a tie-up with gangster elements, and charges of "hot money" finding its way into Republican organization coffers, have made the headlines for months. Is this a trend?

4. Tammany Hall, long known as one of the most corrupt political organizations in America, elected a mayor of New York City on the Democratic ticket. The vote was split three ways, and the victor got about 50 per cent of the total. Is this return to the rule of a political machine a trend?

5. The Republican organization of Cook County — in and around Chicago — won seven out of thirteen judicial contests in an upset where Democratic rule usually prevails. This was an unexpected show of strength for the Republicans. Is this a trend?

6. A Democrat was elected to Congress in the sixth district of New Jersey in a special election wherein the Republican nominee was not endorsed by his Republican predecessor and the leading Republican newspaper in the area refused to endorse the Republican candidate. The party was split over rule by a Republican boss.

The supporters of the New Deal Republican who had held the office switched in large numbers to the Democratic candidate who pledged himself to support his predecessor's policies and won by a narrow margin. Is this a trend?

This correspondent voted the straight Democratic ticket for state offices in Virginia because he felt the Republican candidates favored New Deal spending and extravagance and were being supported by the Stevenson Democrats on a new deal platform.

Does this mean the writer is "trending" to the New Deal because of a vote for a Democrat in the gubernatorial race?

The upshot of it all is that locally party labels aren't what they used to be and that ideological points of view are being exhibited in both parties.

So trends aren't trends except with the wishful thinkers in both parties.

And anybody who can detect a mandate this week in the municipal and state elections and in one congressional district is discovering something which most of the Republican and Democratic leaders privately will not admit — though their publicity concedes or claims lots of things for reasons of future strategy.

This writer says we'd appreciate one another more, if we separated for a month, but I appreciate Pa plenty if he's gone only half a day.

Case Records of a Psychologist

Carelessness in Home May Drive Husband Away

Peter says he itches to get his hands around his wife's throat. But not to hug her. No he wants to strangle her. He says he is going berserk because of her selfish, slovenly habits. Wives, take care that you aren't unwittingly driving your mate away from you by carelessness in household duties.

By DR. GEORGE W. CRANE

Case J-334: Peter V., aged 36, is a dentist who recently married.

"Dr. Crane, I'm desperate," he spoke morosely. "Maybe it isn't gallant to criticize my wife when she isn't here to defend herself.

"But I literally feel like strangling her, and I'm not joking! She irritates me so much that at times my fingers just itch to take her by the throat and choke her.

"And I'll tell you why. I was a bachelor till the age of 35. I had my own apartment and did much of my own cooking.

"Maybe I'm too finicky too, for I always was scrupulously neat in my housework, as well as in my dental office.

"Let me give you some specific cases. After I take a shower, I always hang the wet towel neatly on the towel rack so the edges are even.

"My wash cloth is likewise hung in precise fashion. I methodically put the soap in the soap container and also wipe off the spots of tooth paste from the mirror after brushing my teeth.

"My wife was a beautiful woman from a fine family. But she is the sloppiest female I ever saw inside her own home.

"When she takes a bath, she may leave the soap on the bottom of the tub.

"Her wash cloth will be left

in the wash basin or dangling over one side.

"She also spills face powder on her dressing table and leaves it. It doesn't seem to disturb her at all to pare an apple and leave the peelings on the drain board to stain the enamel over night.

"Well, for a year I've cleaned up after her, as if she were a child. And maybe I might have continued without protest.

"But she is mentally slovenly, too. For she refused to join the choir in our church, though she has a good voice.

She was asked to teach a Sunday school class, too, which she declined, though her parents spent nearly $8,000 giving her four years of college.

"And she belongs to no constructive organizations except a Canasta club where a bunch of idle women gossip away their afternoons.

"I was brought up with the idea that to whom much is given, much will be expected. In other words, if a person has occupied valuable desk space in college for four years, he should return something to society in repayment of that specialized training.

"And playing Canasta doesn't justify four years in college: So I have become so nauseated by the sight of my wife that I literally can't kiss her anymore or even be civil to her. She disgusts my soul!"

Peter's wife was a spoiled, only child whose mother waited on her, hand and foot.

She wasn't taught the simple A-B-C's of household chores, such as cleaning out the tub after her bath, hanging up wet towels, etc.

And because she had gotten away with her inconsiderate actions for 30 years, she didn't even realize she was now a selfish thoughtless wife.

Her case shows that many parents are accessories to the divorces which their children later enter.

For if parents don't train their children to carry their proper share of duties and family chores, then those parents are negligent.

It isn't enough to vaccinate your child against diphtheria and small pox. You should likewise inoculate him against divorce by housebreaking him for domestic responsibilities while he is still a teen-ager.

Older Folks Break Their Bones Easier Because of Calcium and D Deficiency

By WILLIAM BRADY, M. D.

The reason why the bones of an elderly person or a person who has been long confined to bed or chair are more fragile than the bones of a younger person is—

Here we go again—calcium deficiency.

I keep preaching this, but to no avail, for when I do persuade some one to eat his daily ration of Ca and D, Mrs. Rich— returns from her two weeks "check-up" with the warning that an adequate daily intake of Ca and D will cause "deposits" of calcium in the arteries, joints and innards. . .

I never had the courage to use the simple treatment devised by Dr. Moore and recommended by Dr. Park for uncomplicated Colles' fracture.

It was foolhardy to use the Hodgen suspension treatment for fractured femur, in view of the total lack of knowledge of the Hodgen principle in the medical profession at that time.

When I had Colles' fracture it was impacted—that is, the lower fragment was firmly driven into the upper, with the hand somewhat displaced toward the thumb. The doctors hitched my shoulder to a hook in the wall and tried to pull the fragments apart in order to correct the slight deformity, but without success.

That was under local anesthesia. So I said let it go—not enough deformity to bother about.

A day or two later they suggested another attempt.

They were going to anesthetize the arm again but I said never mind the anesthetic—go ahead. This time I don't mind admitting it hurt. But again the fragments remained firmly impacted.

The hand is still slightly displaced, but the scarcely noticeable deformity does not impair use of the hand in an way.

My beef is simply this: Since the fracture was so firmly "set" by the impaction, why in the blue blazes didn't the doctors apply a simple Moore bandage and sling and let me go in comfort?

No, I get madder every time I think of it—they put my arm in a plaster cast, and what's worse, they applied the plaster directly on the skin without any padding whatever.

For several nights I was extremely uncomfortable from pressure of the cast, not on the fracture, but on bony prominences here and there. In my case the treatment was far worse than the disease.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed. Etc.

'Number' of Civilians in Far East to Be Fired

TOKYO, (AP)—The Army said today it will send dismissal notices by Nov. 10 to a "considerable number" of American civilians it employs in the Far East, because of a shortage of funds.

An announcement said the Army also will send dismissal notices to 5,007 Japanese nationals by the same date.

Small Atom Smasher Being Built

BERKELEY, Calif. (AP)—A poor man's atom smasher, called a swindletron because it seems to get something for nothing, is being built at the University of California.

This relatively small instrument will produce a beam of atomic particles bearing charges of one million volts each, even though it uses only a half-million volt power source.

* * *

It is intended to do work now done by larger and more expensive apparatus, such as the Van De Graaff generator and the Cockroft-Walton voltage multiplier. They are much used in low energy atomic research.

* * *

A full-sized 4-million volt swindletron can be built for $10,000 to $50,000 while the other machines of that caliber cost $100,000 to $200,000, said Dr. John R. Woodyard. The one-million volt pilot model is being built under his supervision.

The new machine was conceived by Dr. Luis W. Alvarez, professor of physics, who learned later that the same idea had been developed in 1936 by Dr. Willard Bennett of the Naval Research Laboratory, Washington, D. C. Dr. Bennett patented the idea.

* * *

The pilot model consists mainly of a tube 6 feet long with a few gadgets surrounding it.

It uses hydrogen atoms for ammunition. A hydrogen atom is composed of a positively charged nucleus, called a proton, and a single negatively charged electron. This makes the normal atom electrically neutral.

At the starting end of the tube the electron is burned off the atom with heat. The resulting positively charged proton is started through the tube with a modest 30,000-volt jolt of electricity.

* * *

First the proton passes through a very thin sheet of aluminum, from which it picks up two negative electrons and thus becomes negatively charged.

Further down the tube is a second sheet of aluminum bearing a half-million volt positive charge. The negative particle is attracted to this positive surface with a half-million volt burst of speed.

As it goes through the second aluminum sheet it is robbed of its two electrons and becomes positive again. Because the second aluminum sheet and the particle now are both positive, the particle is repelled. Already traveling at a half-million volt clip, it picks up another half-million volts of energy because of the repulsion. Then it bangs into a target at the tube outlet with a total energy of a million volts.

Technically called a charge exchange accelerator, the new gadget already has shown its builders some new things about electrical circuits and has pointed the way toward new uses for plastics in electrical insulation, Dr. Woodyard said.

Two Fraternity Houses Will Be Burned Down

COLLEGE PARK, Md. (AP)—Two fraternity houses will be burned down at the University of Maryland Sunday—for the sake of science.

Robert C. Byrus, director of the university's fire extension service, said they'll go up in smoke to get "factual information on how fire spreads through a building."

Firemen from throughout the state have been invited to watch the burning Delta Tau Delta and Sigma Alpha Epsilon houses, whose occupants have moved to new quarters.

No point in Nova Scotia is more than 35 miles from the sea.

Report Undersheriff Better After Crash

WILLIAMS, Ariz. (AP) — Jackson County (Mich) Undersheriff Fred Hammer was to be released from community hospital here today where he has been undergoing treatment of head injuries resulting from an auto accident.

Hammer was "coming around nicely," Dr. John Cawley said yesterday. However, the doctor said the Michigan law officer's wife was much more seriously injured. Her condition was listed as serious. She has a fractured vertebrae and possible internal injuries.

Hammer and his wife were injured in an auto accident near Seligman, Ariz., Tuesday.

Bethlehem Steel Worker Elected as Tax Collector

JOHNSTOWN, Pa. (AP) — Joseph Tomaskovich, an $85-a-week steelworker, got himself a new job yesterday — tax collector of nearby Franklin borough at about $50,000 for four years.

Tomaskovich copped both the Republican and Democratic nominations in the primary last spring and easily won in Tuesday's election over an independent candidate, Mrs. Sadie Salem. He'll take office the first of the year.

Tomaskovich's regular job is at the Bethlehem Steel Co. plant. But as tax collector he'll take down a 2½ per cent commission on approximately $400,000 a year taxes paid by the steel plant and an additional $100,000 revenue by other property owners.

Tax collecting from the nation's second largest steel company is no problem nor time-consuming endeavor. Actually it takes only about an hour's work annually.

Wiley Calls for Stronger Continental Defenses

GRAND RAPIDS (AP) — The United States "should take extraordinary measures" to strengthen its continental defenses in the opinion of Senator Wiley (R-Wis).

He told the Grand Rapids Council on World Affairs last night that this nation faces "the terrible prospect that very soon they (the Soviets) will possess sufficient power to blast our major cities into seething heaps of rubble."

Ithaca Shorthorn Steer Winner at Ionia Show

IONIA (AP) — A Shorthorn steer owned by Donald Wetzel, 13, of Ithaca, is grand champion of the 1953 Ionia fat stock show. Wetzel's steer was the first Shorthorn ever to win the championship.

Runner-up was an Aberdeen Angus shown by William Swift, of Nashville.

The 155 head of cattle competing in the show will be auctioned today. Amos Fox, animal husbandry expert from Michigan State College, was judge of the show.

The first aerial bombing raid in history took place in 1849 during Austria's siege of Venice. Austrians released hot-air balloons, each carrying a bomb equipped with automatic release.

Has No Proof U. S. 'Meddling'

But Philippine President Charges Electioneering as Campaign Issue

MANILA (AP) — President Elpidio Quirino said today he has no information that the United States is meddling in Tuesday's Philippines election, but indicated he is going to keep right on charging U. S. intervention as a campaign issue.

The dapper Quirino told 35 foreign correspondents he could see nothing inconsistent or wrong in his position.

Filipinos elect a president Tuesday, and Quirino has charged throughout his campaign that the United States is meddling by supporting his opponent, Ramon Magsaysay. The U. S. Embassy has denied the charges.

In a 90-minute news conference with foreign correspondents—most of them American—Quirino said good U. S. - Philippine relations must continue. He said that if re-elected he will see that friendly relations are preserved.

A few minutes later Quirino accused correspondents of backing Magsaysay and of writing inflammatory and distorted dispatches.

Asked if he had any positive information of official American intervention in Philippines affairs, Quirino said he had none.

Hal Boyle Says

Go Into Politics to Learn What's Wrong With You

NEW YORK (AP) — A curbstone Plato on politics and politicians:

Millions of American mothers secretly yearn to have a son grow up to be president, but what mother ever raised her boy to be a politician?

"Politics. . .are but the cigar-smoke of a man," wrote Henry David Thoreau, and Will Rogers put the same thought into the native tongue when he said, "I tell you, folks, all politicis is apple sauce."

Actually, politics is the true American national pastime, yet in no other country, except perhaps France, is the politician more distrusted.

Why? This land has created some of the greatest figures in the history of politics.

But if a man today wants to find out the real defects in his character, the quickest and easiest way is to run for public office. He'll learn more about what's wrong with him in a five-week campaign than a psychiatrist could discover in a year of carefully couched questions.

"Man is a political animal," said Aristotle. Any man who says "I'm not interested in politics" can be written off as a simpleton who isn't interested in living either. For all living is politics.

There is much politics in love, but the first lesson a politician learns is there is little love in politics.

A fellow who goes into politics because he feels it is his natural bent just hasn't discovered the difference between being bent and broke. Few lifelong politicans die rich. Even Thomas Jefferson, America's greatest political philosopher, lived his last few years largely on the cuff, supported by friends.

"Politics is perhaps the only profession for which no preparation is thought necessary," wrote Robert Louis Stevenson. But that was before candidates had to learn the art of television makeup.

One of the safest rules in politics is to get somebody else to blow your horn for you. Ever hear of a tuba player getting elected?

In mud-slinging campaigns politicians are often heard "pelting each other for the public good."

But the more towering the political figure, the more towering are the lies and accusations hurled against him. They finally got under George Washington's skin, and it is doubtful whether even Abe Lincoln, for all his sense of humor, enjoyed being repeatedly cartooned as an ape.

A man's physiognomy as well as his public record are on trial when he seeks office. The most devastating quip on Calvin Coolidge was the line, "He looks as if he had been weaned on a pickle."

His past phrases also are death.

brought up to haunt the man in public life, such as Herbert Hoover's inaugural address:

"In no nation are the fruits of accomplishment more secure. . .I have no fears for the future of our country. It is bright with hope."

Later that year came an event still known as "the depression." In the years since then Hoover has probably wished many times that when he was sworn into office he merely had responded by saying, "Thanks."

A politician who runs for the white house and wins has one thing in common with a guy who runs for dog catcher and loses. They are equally lonely.

Since politics is so lonely, thankless and poorly paid a profession, why does anybody enter it?

Well, every politician hopes he can in time become a statesman.

A statesman is a politician so eminent that even his oldest friend would hesitate to ask his help in getting a traffic ticket fixed.

3 Psychiatrists Study O'Brian

Examinations Made to Determine if Confessed Slayer Is Psychopath

Three Pontiac psychiatrists examined confessed rape-slayer Donald V. O'Brian, 27, Wednesday to determine if he can be classed as a criminal sexual psychopath.

Separate written reports on results of the examinations are to be filed soon with Oakland County Circuit Judge Frank L. Doty.

The action was ordered by Judge Doty Friday following the filing of a petition by O'Brian's wife, Patricia, 19, to have him declared a psychopath.

O'Brian has admitted the Aug. 4 slaying of Mrs. Hallie O. Perkins, 55, of 76 W. Longfellow Ave, and is being held in Oakland County Jail on a first-degree murder charge.

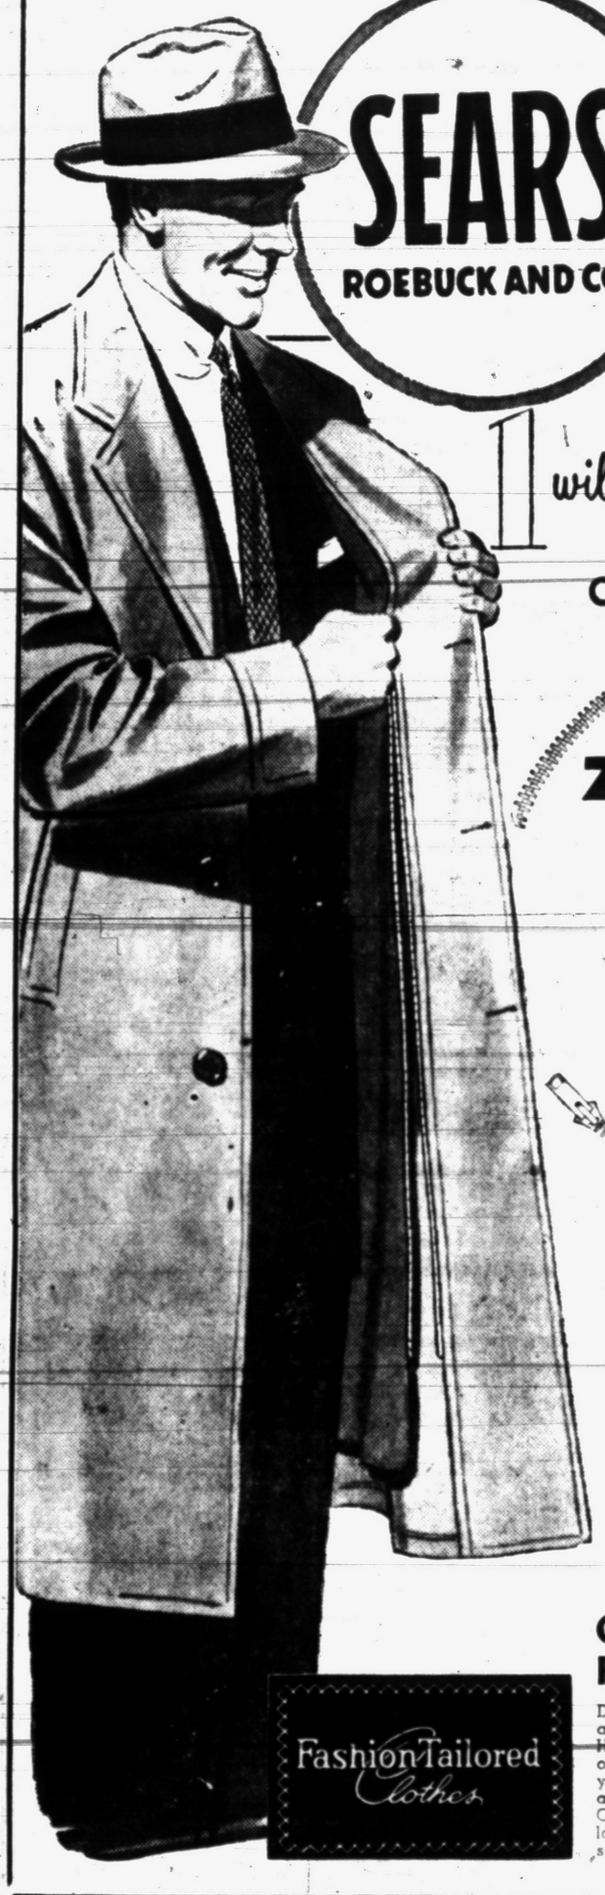

He was captured Sept. 9 following an attempted attack on a Pontiac housewife.

Drs. L. Jerome Fink, Clinton J. Mumby and Abraham Tauber conducted their separate examinations of O'Brian at the OLAND County Jail.

If all three agree he is a criminal sexual psychopath, a hearing will be held in Circuit Court to determine whether he should be committed to a mental institution or face trial in Mrs. Perkins'

'Think It Over' Best Defense

Housewife Must Have Own Method Against Door Salesman

By RICHARD KLEINER

NEW YORK (NEA)—When your front doorbell rings, do you get cold chills? If so, you have experienced that great American phenomenon known as the door-to-door salesman.

And it is only fair to warn you that this brood is even now reading a book on salesmanship called, frighteningly, "The Sale Begins When the Customer Says 'No.'"

There's a chapter in the book called "Turn the Cold Canvass Into the Hot Sale."

The "cold canvass," friends, is you — the honest, hard-wrking home owner or apartment dweller. And author Elmer G. Leterman, a selling wizard, is arming the door-to-door men on how to break down your resistance.

What's fair is fair, so here's what Leterman tells the doorbell ringers. Perhaps, if you know their strategy, you can prepare yourself for a last-threshold defense.

• • •

First, they're not going to let you get away with a flat "no." They expect that. They like it.

"Why, in cold canvassing," says Leterman, "if the customer does not start in by saying, 'No, I'm not interested,' then something has surely gone astray."

So your first "no" is expected. Say it anyway. You might as well go down fighting.

Your next course is to find some objection. . . you don't need it, you already have six, it's too expensive. But the salesmen who follow Leterman's advice won't give you a chance to voice that objection.

"The entire course of conversation can be under the control of the salesman," he says. "The more the prospect is given the opportunity to put into words his objections, to express them specifically, the more they become concrete and crystallized in his own mind."

So if the salesman doesn't let you speak your mind, fox him by crystallizing your objections silently.

You're not even home free if you're obviously not a prospect—when the salesman is offering children's books, for example, and you have no children.

Leterman instructs him to get from you the names of your friends—poor innocents that you are informing on.

It's only natural for you to ask the price of a slaesman's wares. Will he tell you? Not too early in his pitch.

"The astute salesman," Leterman advises, "must know how to ignore the question. . . he must continue without being sidetracked to the dangerous domain of price."

Suppose you finally get an objection in edgewise, and say you already have, say, a gold-plated toothpick. That won't stop a salesman who's read Leterman.

From that point, he is told to continue with enthusiasm, and find out if you like it. If so, you'll soon find yourself informing on your gold-plated-trothpickless friends.

Suppose you keep on saying that it's nice but you just can't afford it. You won't get away with it.

"With studied deafness," says Leterman, "these interruptions are ignored just as if they had not been at all audible."

The only thing to do is shout and scream—then see how studied his deafness is.

Your last chance—"I'll think it over." A salesman who has read Leterman knows that you're giving him a polite "no." So he'll say, "Think it over? Tell me your objections so that we can discuss them now."

Don't do it. If you want to think it over, you jolly well think it over. This is a free country.

But the odds are still 7-5 that he'll get you on the dotted line. There is only one sure defense against a door-to-door salesman. Be out.

The okapi is the only living representative of the giraffe family, except the giraffe itself.

Cottonseed Boxes to Aid Fight Against Cancer

HAMPTON, S. C. (AP) — Hampton County cottonseed is being collected to fight cancer. The county cancer fund campaign committee devised this plan at the opening of the cotton picking season:

Each cotton grower is asked to give a handful of seed from his ginned cotton. Gins, where the seed is spegrated from the lint, are cooperating and boxes are provided there for the seed contributions.

At the end of the season, the seed will be sold and the proceeds will go to the fund.

Conclusion Is Obvious, in Sporting Logic

BLOOMINGTON, Ind. (U) — Branch McCracken, Indiana's veteran basketball coach, was discussing a likely prospect with Ernie Andres, his assistant.

"He's seven feet tall and a good sutdent," the coach said.

"How do you know he's a good student" Andres asked.

"He must be," McCracken shot back. "He's seven feet tall."

About one-third of the world's annual supply of commercial arsenic is produced in the U. S.

Child's Literal Mind Causes Nude Stroll

GREENVILLE, S. C. (AP) — Adults just have to make themselves clear to a 4-year-old Greenville girl — or suffer the consequences. Little Sandra Ward, dressed in her gown and ready for bed, went strolling in her yard one evening. She was promptly shooed back into the house and told she should not go into the yard wearing her gown.

A few minutes later, obedient Sandra again went for a stroll — this time minus her gown.

Ring Around

WARWICK, Va. (UP) — O. R. Evans went swimming in the James River 10 years ago and lost his school ring. This summer his cousin, David Earnest, 11, went swimming near the same spot. He found the ring.

Cheboygan Puts Away Meters Until Spring

CHEBOYGAN, Mich. (AP) — Put this city along the Straits of Mackinac down as likely having the nation's strangest harbinger of winter. It is the disappearance of parking meters.

City Council has ordered them picked up Nov. 10 and stored until spring. Icy winds whipping between Lakes Michigan and Huron chill the oil and they don't work properly in winter.

Montana has an Indian population of about 15,000.

Bashful Students

BERLIN, Conn. (UP)—Kindergarten pupils wear name tags here now because they were too bashful to tell the driver where they lived. The driver said he spent two hours getting the youngsters home because they wouldn't tell him who got off where.

MESSAGE FROM THE CHIEF—President Eisenhower's Middle East trouble shooter, Eric Johnston, left, looks on as Egypt's strongman leader, Gen. Mohammed Naguib, reads a personal message from the President. Johnston is in Cairo, to discuss with Egyptian leaders U. S. economic projects for the Middle East.

Senator Chavez Hails U.S.-Spain Military Pact

MADRID, Spain (AP)—Sen. Dennis Chavez (D-NM), on an inspection tour of sites for proposed U.S. military bases in Spain, said today he feels the new Spanish-American military agreement is the best the United States has in Europe.

The senator, who is here for the Senate Appropriations Committee, said in an interview the accord "was made in good faith by both sides. I am sure the United States and Spain have the intention to fulfill every part of that agreement."

He refused comment on U.S. Air Force Secretary Harold Talbott's reported prediction that U.S. atomic bases would be set up in Spain.

• • •

In Madrid Monday, Talbott was quoted by newsmen as saying the U.S. eventually will have atomic bombs in this country. Later in Athens, he denied making the statement.

Asked for comment, Chavez replied that he had talked with Talbott but, "I don't know what the secretary told newsmen."

Air mail stamps were first placed on sale June 16, 1924.

Senators Prepare for Juvenile Probe

WASHINGTON (AP) — Senators called a strategy meeting today to advance plans for turning a spotlight of publicity on the problem of juvenile delinquency.

One announced goal of the special Senate judiciary subcommittee is to expose adults who have profited from recruiting teen-agers into prostitution, the drug traffic and robbery.

Sen. Hendrickson (R-NJ) said in advance of the closed door meeting he hoped to fix a schedule of cities in which to hold public hearings. Only the nation's capital has been chosen definitely. Hearings are tentatively set here about Dec. 7.

Hendrickson, the subcommittee chairman, said the senators also would discuss plans for a public hearing at which J. Edgar Hoover, FBI director, will outline the juvenile delinquency problem nationwide.

Takes Cats—and Food

NASHUA, N. H. (UP)—A burglar who entered Clifford Nadreau's home stole two tiger kittens —and a can of catfood.

There are about 27,000 officers in the Salvation Army.

Three of every five fatal traffic accidents occur at night.

DOES IT LIGHT OR BITE?—This orange velvet chapeau by Chante of New York raises another question: Is it charming or charmed? For the coil of rolled velvet topped with a large diamond bears a resemblance to a charmed cobra, or perhaps a dynamite fuse.

Says Alcoholics Drink in Teens

Doctor Urges Clamping Strict Liquor Control on Youth

LOMA LINDA, Calif. (UP) — Nearly three-quarters of the nation's 4,000,000 alcoholics began drinking when they were in their teens, according to Dr. Andrew C. Ivy, of the University of Illinois.

He urged that efforts to check alcoholism start with the country's youth.

"Young people, especially high school youths, are under relatively greater pressure to drink than adults, considering their less developed maturity and judgment," he told the 4th annual Institute of Scientific Studies for the Prevention of Alcoholism.

Dr. Ivy, a militant non-drinker, also gave information on factors which can increase or decrease alcohol's effect on the drinker.

"In a hot room or in a hot climate a small amount of alcohol intoxicates to a greater extend than it does in a temperate climate. If you add alcohol, and the impairment it causes, to the impairment that hot, humid weather causes, then one will show the symptoms of his alcohol more quickly or with smaller doses," Ivy reported.

He said poor physical condition also knocks down the individual's tolerance for alcohol, as do high altitudes. The decreased oxygen supply of rarified air to the brain hinders its working and therefore decreases its tolerance for alcohol, Ivy explained.

Any program advocating moderation in drinking for youth receives only skepticism from Dr. Ivy. "Teaching or partial enforce- of abstinence pays," he said.

Tombstone Records Trouble Back in '21

LORAIN, Ohio (AP) — Things were tough back in 1921, too, according to a tombstone epitaph in nearby Wellington.

The inscription says in part: "Stranger, I lived in an age when corruption was in our government and the ballot box was begged for. When martyred presidents and riots echoed over the land. When law and respect clung to the rich and shunned the poor. When money and fashion had the brains, and talent went over the watgr for want of free schools of art supported by our government. XXX."

The stone belongs to Otis G. Pratt, an artist who died in 1921 at 76.

Foxes Imported to Wage War on Island Rabbits

DUBLIN (UP)—On the Saltee Islands, six miles off Ireland's south coast, a strange hunt has begun. Michael Neale, 46, self - styled Prince of the Saltee Islands, and their owner, organized it.

Three years ago, in an effort to rid these islands of the many rabbits, Neale flew about 500 cats into the islands, but the rabbits bred faster than the cats killed them.

The uninhabited islands, regarded as Ireland's finest bird sanctuary, have now been subjected to a new invasion—this time by foxes.

Neale, determined to rid his property—which he once stated he hoped to develop as a tourist attraction—of the rabbits, made an 800-mile tour of Ireland in search of foxes.

He collected 20 cubs by digging them out of their lairs and they were taken to the house of a friend in County Wexford and kept in captivity until they were big enough to hunt.

The foxes have now been landed on the islands, with the inevitable result that bird-lovers throughout Ireland are up in arms, maintaining that the birds will prove easier prey for the foxes than the rabbits.

But Neale, who recently spent three days and nights on the islands, said he never saw any of the foxes go near the birds.

Some months are expected to elapse before any consideralbe diminution in the rabbit population can be expected.

Europe is the most densely populated of the continents with an average of more than 130 to each square mile.

Free school textbooks were provided by Philadelphia in 1818.

Small Library Fans Hunt Hidden Door

CLEVELAND (UP) — Young fry in suburban Parma are searching the shelves of their library more diligently than ever this year. They're looking for "the door."

"The door" in this case is a panel leading to the new story room. It is a secret, and will remain so — unless some small-edition Sherlock uncovers it — until the pew adjoining building is completed.

Librarian Raymond Lindquist will give no hints except to say the panel looks just like an ordinary book shelf.

"The children are such mystery fans we thought they'd enjoy entering the story room through a special door that will look just like ordinary book shelves from the outside," Lindquist said.

Why Not Have Fun!

HALIFAX (AP)—Dr. Leslie Bell of Toronto, director of the famed Leslie Bell Singers, said here "the trouble with music is that too many people are trying to take the fun out of it. We are without doubt the most self-conscious and apologetic people in the world about our culture."

Card Old but It Works

TOLEDO, Ohio (AP)—Mrs. Marie W. Murray, a school teacher, wanted to borrow a library book, so she handed in a library card which had been lying between the pages of one of her own books. The librarians, after a huddle, decided to issue a new card to replace it. It had been issued to Mrs. Murray in 1912.

An average lightning stroke carries 20,000 amperes, about the same current required by a modern city of up to 15,000 population.

Old Mansion Now a Wreck

Tramps Sleep on Floor of Cyrus McCormick Home in Chicago

CHICAGO (UP) — The ornate mansion built by Cyrus McCormick, inventor of the reaper, is now a sad relic of a long-dead era. Its 45 rooms are littered with trash, the windows are broken and the carved woodwork hangs loosely from walls.

Tramps and other habitues of the nearby Clark Street "skid row" sleep on the floors where Chicago's high society once danced in gala soirees. The front door hangs open, giving the derelicts easy entry. Every window in the building is broken.

McCormick spent several million dollars to build the home and furnish it between 1874 and 1879. It is located at 675 Rush Street, once a "silk stocking" district that is now a street of night clubs.

After McCormick's death, his widow, the former Netty Fowler of Clayton, N. Y., continued to live there as one of the town's leading socialites and philanthropists.

Now the rooms are littered with tin cans, milk cartons and whisky bottles.

Two years ago, a development company planned to build a 12-story apartment building on the site at a cost of $2,000,000, offering 120 suites of three, four and five rooms.

A receiver was named for the company, however, and the plans were tied up in court action. An architect who drew up plans for the new structure said his firm still hopes to see the building erected.

Drivers' Tricks Cannot Outwit Radar Control

ROCHESTER, N.Y. (UP)—Think you can beat a radar speed-clocking meter?

People here, where radar has been in use for 14 months, certainly have tried. They have put tinfoil and steel marbles in auto hubcaps, dragged steel chains behind their cars and put lead shields between grille and radiator, all in the hope of disrupting the radar clocking.

None of the schemes has worked.

Police Sgt. William Hamill said no one has yet been arrested for seeking to obstruct justice but more than 2,000 have received summonses based on the results of the radar speed detector.

The apparatus, now used in 40 states, throws a microwave beam that records, instantaneously, the speed of passing vehicles.

Hamill said the devices on cars are discovered when irate motorists insist the radar does not work. Hamill said he lets such motorists sit in the police car and he drives by in their autos. The speed is accurately recorded, as usual.

Of course, a motorist could "win" by buying a transmitter and sending signals as he drove past the radar station.

But the transmitter would cost more than $500 and the user would be violating Federal Communications Commission regulations.

The easiest way out is just not to speed, Hamill said.

Three Cars Damaged by Washing Machine

MONTPELIER, Vt. (AP)—Supposedly washing machines only pull buttons off clothes, but in Vermont one damaged three automobiles.

According to a police report, a washing machine fell from a pick-up truck and the driver stopped. The car behind the truck halted to avoid a collision but the next two cars in line piled into each other, accordion-style.

About $100 damage was done to one car, lesser damage to the other cars, and no report was made on the washing machine.

They Went Thataway

SHEHO, Sask. (AP) — Some youngsters in this district have been racing on horse-back through Sheho's streets when they were trying to get to school on time. Now the police have warned that horses should proceed at no faster than a trot.

Mineral on Crabs May Prove Clue

VANCOUVER (AP)—A black substance on the bellies of crabs caught at the mouth of the Naas River in northern British Columbia may be a clue to a mineral treasure.

Fishermen found the crabs almost unsaleable because of the black coating and sent samples to the Pacific Fisheries Experimental Station here to see if anything could be done to make the crabs more presentable on fish store counters.

Dr. D. R. Idler and R. A. MacLeod scraped the offending substance off and discovered it was almost 24 per cent manganese, one of the world's most prized minerals used in making steel and chemicals.

Man Just Talks, Catches Skunks

HARTFORD, Conn. (AP)—James R. Parker, agent for the Humane Society, is proud of his record as a skunk catcher. He's the man who goes out whenever a plea for help comes from a householder who spots one in the kitchen, the hallway or the cellar.

"I must have a way with skunks," says Parker, "I have handled hundreds of them. I just talk to it and start to move closer. When you see that tail coming up, you just stop and talk some more.

"There are frequent stops, but finally pick it up and put it into a box."

A standard barrel as required by the U. S. must have a capacity of 7,056 cubic inches.

PICCARD TWINS MEET—The twin brothers Piccard, who have brought fame to their name through exactly opposite types of scientific endeavor, are reunited in Zurich, Switzerland, for the first time in 30 years. An unidentified friend looks on. Professor Jean, right, of Chicago, Ill., journeyed to Switzerland to congratulate Professor August, left, upon the latter's record-setting descent into the Mediterranean. Professor Jean still holds the Swiss record for ascent into the stratosphere, set in 1934.

'Coon in Wrong Spot: Wool Coats, Not Furs

CINCINNATI (AP) — Employes of the Cincinnati Wool Stock Co. weren't quite sure recently whether they were preparing wool for wool coats or pelts for 'coonskin coats.

When women workers opened a sack of wool out popped a raccoon. Men employes went to the rescue of the screaming women and captured the animal.

Texas successfully grows more than 100 different agricultural crops.

Shopkeeper Hedges, Sells Kinsey, No Sex

NEW YORK (AP) — An eastside shopkeeper wanted to boost sales of a magazine with articles on the Kinsey report, but didn't know how the church-going family neighborhood would react. He compromised.

The placard advertising the magazine read "Kinsey's report on behavior of the American female," and had a hole cut out above "behavior."

Customers who didn't know already could buy one of his magazines to find out that the type of behavior Dr. Kinsey was reporting on had to do with sex.

Manitoba was the first province in the Dominion of Canada to set aside not less than two sections of land in each township district for public school purposes.

Edible Traffic Hazard

WEST HAVEN, Conn. (AP)—Policeman Alexander Duduks, investigating a sudden slow up in traffic on a busy highway, neatly took care of the offender. He hauled a 50-pound snapping turtle off the road and took it home—for turtle soup.

Golden Wedding Family Adds Up 169-Year Total

LOUDON, Tenn. (AP) — Mayor and Mrs. E. E. Watkins recently celebrated their 50th anniversary but golden anniversaries are routine in the Watkins family — on hand for the celebration were three of the mayor's brothers and their wives who have been married a total of 169 years.

The dean of the clan, 79-year-old J. W. Watkins and his wife have been married 61 years while Mr. and Mrs. G. B. Watkins and Mr. and Mrs. W. S. Watkins have been wed 54 years.

And in four more years a fifth brother and his wife, Mr. and Mrs. James P. Watkins, will be eligible for membership in the family's "golden wedding club."

The mayor is a lawyer and his brothers are farmers.

Fawn Eats Crackers, and Is Schoolgirl's Pal

EAGLE ROCK, Pa. (AP) — Carol Myers has company these days when she heads for the kitchen for milk and crackers after school — a fawn.

It enjoys a daily afternoon snack of graham crackers and milk as much as any youngster. The fawn has been cared for at the Meyers farm since early this spring when it was found too weak to walk.

Health Agency Maps Diphtheria Immunity Survey

Pontiac Press Photo

AWARD FOR SMOKEY—Mrs. Helen G. Ferguson of the Oakland County Animal Welfare Society presents the Puss 'n Boots Bronze Award to Smokey, held by her owner, Mrs. Kaare Haaseth of 963 La Salle Ave. Smokey was awarded the medal by the American Feline Society, Inc. for nursing the two motherless Pomeranian pups held by their owner, Mrs. Einar M. Haaseth of 2541 Middlebelt Rd.

50,000 Children to Be Checked

School Systems, Parent Units to Aid Tabulation of Answers

Are enough of Oakland County's children immune to diphtheria to forestall any possible epidemic?

Oakland County Health Department will survey some 50,000 children this month in an effort to find the answer.

Dr. John D. Monroe, health department director, announced that letters will be sent home Nov. 16 with all kindergarten through fifth grade children in county schools outside Pontiac.

Parents will be asked to fill out blanks showing if, when and against what diseases their youngsters have been immunized. Forms should be returned to schools by Nov. 20.

The health department has enlisted the help of school systems, parents' groups and other volunteers to help tabulate the filled-out blanks and come up with some statistics.

"At least 60 per cent of a community's children should be vaccinated," Dr. Monroe said, "if that community is to be protected. Then, although an occasional youngster contracts the disease, enough of the other children are immune so diphtheria can't gallop wildly through the population."

Dr. Monroe pointed out that 1951 brought a sudden upswing of diphtheria in certain communities.

For some reason—probably because the number of immunized children was too low—diphtheria struck 19 youngsters that year, killing four. Last year, 1952, was a little better, with 10 cases and 1 death.

In 1949 and 1951, by contrast, only three youngsters were stricken each year. None died.

Health department personnel hopes to have the information compiled by Dec. 4. Results will be publicized.

The county-wide project is being handled through the health department's nursing division. Each nurse will meet with groups of volunteers in the school districts she regularly serves to map plans for that area's work.

SIFT LAKE MYSTERY—James McCann, left, shows his younger brother Jim Martin a piece of wreckage found in Lake Michigan near the town of St. James on Beaver Island. They believe the debris is a clue to the disappearance of the Griffin, the first sailing vessel on the Great Lakes.

U. S. Advances in Health Work

Medical Research on Verge of Control for Many Killers

WASHINGTON (AP) — Surgeon General Leonard A. Scheele predicted today that public health victories over communicable diseases, like smallpox, will be followed by prevention of non-communicable scourges like cancer and heart trouble.

Dr. Scheele, in a prepared address, told a conference of state and territorial health and hospital authorities:

"The nationwide research effort . . . will produce, sooner than we think findings capable of turning public health work upside down . . .

"Medical research is on the verge of remarkable advances in our knowledge of chronic diseases, viral diseases and mental diseases, as well as in our basic understanding of the human organism and its functioning. . . .

"A goal of public health in communicable disease control has been at least to reduce a specific infection to manageable proportions. We are now learning how to accomplish the same goal in non-communicable diseases."

Nelson A. Rockefeller, undersecretary of health-education-welfare, and Dr. Martha M. Eliot, chief of that department's children's bureau, shared the speakers' rostrum with Dr. Scheele at the conference.

Rockefeller, filling in for Secretary Hobby, said in his prepared speech that state-federal cooperation must be continued in the field of public health. But he said federal aid, financial as well as technical, must be accompanied by a minimum of federal control.

South Lyon Man Found Dead in Adjacent County

BRIGHTON (UP)—George Roy, 61, of South Lyon, was found dead in his car early today near the intersection of Nine Mile Road and Marshall road in Livingston County.

Investigating State Police said the man apparently was a victim of accidental carbon monoxide poisoning. The car had no exhaust pipe.

Gets Puss 'n' Boots Award

Local Feline Is Recognized During National Cat Week

This is National Cat Week and a Pontiac mouser has won nation-wide recognition.

Smokey, a six-year-old cat owned by Mrs. Kaare Haaseth of 963 La Salle Ave., has been presented the Puss 'n' Boots Bronze Award by the American Feline Society, Inc., for "commendable characteristics and achievements worthy of recognition."

Smokey won the award for nursing two motherless Pomeranian pups belonging to Mrs. Haaseth's sister-in-law, Mrs. Einar M. Haaseth of 2541 Middlebelt Road.

The pups' mother died giving birth to Goggles and Fella, now seven months old.

The Bronze Award Selections Committee makes its presentation to deserving cats to further "an appreciation of these animals as companions of man."

The citation to Smokey read:

"Mix 'em or match 'em, but increase 'em — that's how Smokey feels about families. And so she gladly expanded her nursing and mothering activities to include two orphaned Pomeranian puppies, as well as her own lone kitten.

"To Smokey, whose maternal instincts transcend even ancient and natural misgivings, this tribute."

The award was presented to Smokey by Ms. Helen G. Ferguson of the Oakland County Animal Welfare Society.

Less Than Half U. S. Kids Make 'Good Citizens'

ANN ARBOR (UP)—Less than half of the children born in America turn out to be "good citizens," according to statistics compiled by a University of Michigan child expert.

William C. Morse, associate professor of educational psychology, said that one or two out of an "average group" of American children "commit major crimes as a career."

Four or five others, he said, spend time in mental institutions and another four or five receive private treatment.

"Three or four are retarded and need special help in training," Morse said. "Thirty to 40 are maladjusted, neurotic, unhappy or making the grade but not in a successful way.

"That leaves only 44 to 48 good citizens who have to carry the social order for the rest."

Morse spoke Wednesday at the university's 24th annual Parents Education Institute.

Teamwork Improves

NAPLES, Italy (UP) — The second test this year of southern Europe's air defenses ended today with commanders hailing improvement in allied teamwork.

Science Board Gets New Head

Gov. Williams Drops Dr. Madison, Appoints Dr. Carl Hoppert

LANSING (UP)—Gov. Williams has dropped the president of the State Board of Examiners in Basic Science, an agency which he has accused of blocking the admission of qualified physicians into Michigan.

Williams named Dr. Carl A. Hoppert of East Lansing, professor of chemistry at Michigan State College, to the board to replace Dr. Orin E. Madison of Wayne University, for a term expiring Oct. 29, 1959.

The governor reappointed F. Gaynor Evans of Grosse Pointe, professor of anatomy at Wayne, to the board for the same term.

Williams said the law forbade him to reappoint Dr. Madison for a third term, but he ducked a reporter's question whether he would have reappointed Dr. Madison if the law had allowed it.

The governor has been needling the board for what he called an unnecessarily restrictive policy toward the admission of applicants for the medical examination.

Under Michigan law, applicants for licenses in the healing arts must first pass the basic science board examination before they can take an examination for physician, osteopath or chiropractor.

Disasters Held Local Problem

Red Cross Volunteers Told Unit Can Provide Relief Framework Only

Terry Townsend, Michigan field service director for American Red Cross, told some 250 local volunteers Wednesday that "disaster is a community responsibility."

Townsend spoke at the quarterly dinner-meeting of Oakland County Chapter, American Red Cross, at Christ Church Cranbrook. Bradlee Pruden of Birmingham, chapter disaster chairman, introduced Townsend after brief remarks by Harold B. Euler, chapter chairman.

Townsend emphasized that no one should get the impression that a disaster is only a Red Cross responsibility.

"The Red Cross," he said, "provides a framework within which the whole community can help—as organizations, as individuals, as businesses, as govevrnment."

He pointed out that Red Cross and government responsibilities overlap in certain fields, such as public health, sanitation, and warning, evacuation and rescue services. Red Cross, for instance, trains first aid teams for civil defense, recruits nurses and medical volunteers.

"The theme for our disaster services," he said, "has always been to give help on the basis of need, considering a family's income, cash on hand, and loss. We can't help on a basis of loss alone. The money isn't available to pay for all the loss in a disaster."

Townsend also detailed disaster relief work in Flint after the tornado. He pointed out that Oakland County Chapter enlisted the aid of nurses and skilled office help.

Search for Cow Killer

YPSILANTI (UP)—State police are looking for a man who shot a 700-pound cow on the Iram Godwin farm near here recently. Officers said the man slaughtered the heifer in a nearby woods and then drove away, leaving only remnants.

Veteran Chorus to Appear Here

Will Present Series of Four Concerts at PHS, Beginning Friday

The American Male Chorus, composed of Pacific Theater veterans of World War II, is coming to Pontiac Friday for a series of four concerts in the Pontiac High School auditorium.

Organized in Manila at the end of the war under the direction of Lewis Bullock of Kalamazoo, the servicemen toured armed forces installations in the Pacific before they were recalled to the United States to entertain at Army hospitals.

When the men received their discharges as a unit, they organized a National Goodwill Tour and have sung before an estimated 5,000,000 people from coast to coast.

The concerts in Pontiac are scheduled for Friday and Saturday evenings at 8:30, with Sunday performances at 3:30 and 8:30 p.m.

They also will appear at the Federal Department Store at 5:30 p. m. Friday.

The program, which includes 20 numbers ranging from classical and religious music to popular ballads, is financed by free will contributions at each concert.

IN TUNE—The American All-Male Chorus directed by Lewis Bullock of Kalamazoo practices for series of concerts starting Friday at Pontiac High School. The chorus, composed of veterans of Pacific fighting in World War II, is scheduled to appear Friday and Saturday at 8:30 p. m. and Sunday at 3:30 and 8:30 p. m. The group also will sing at Federal Department Store at 5:30 p. m. Friday.

First Lakes' Vessel Vanished

Beaver Island May Hold Clue to Early Ship's Fate

ST. JAMES, Beaver Island (UP)—Beneath the sands of this historic Lake Michigan harbor may lie the secret to the mysterious disappearance of the Great Lakes' first sailing vessel in 1679.

Did the ship sink in a violent southwester, or did Indians kill its crew and set it afire?

Two brothers, Emmet and James McCann, descendants of a long line of Irish boat builders who came here in 1778, think the harbor sands may hide the tale.

The 60-ton Griffin sailed up Lake Erie under command of Henry de Tonto, one of LaSalle's lieutenants and put in at Detroit in May of 1679. It left Green Bay, Wis., on Aug. 25, 1679, with a cargo of furs and probably some gold.

Somewhere on Lake Michigan the Griffin disappeared.

"Wooden ships don't disappear without a trace," James McCann says, "especially a light center-board craft which probably wasn't too heavily ballasted."

The Griffin supposedly was prefabricated in France and put together at Niagara during the winter of 1678-79 for fur trading with the Indians.

The McCanns' theory of the disappearance results from their knowledge of boats and legends told to them by Indians of the upper lakes.

A 90-year-old Ottawa Indian, Pete Ninegeau, told a tale to the McCann brothers' father in 1924 just before the Indian died:

"Indians, many snows ago, board ship here in harbor, kill everyone, set fire."

High water recently uncovered wreckage of an ancient sailing vessel buried under a 43-year-old sawmill dock on the northern beach of St. James Harbor. Emmett McCann calls it the Griffin.

He thinks a cosmic ray test—to evaluate age — might be run on hand-wrought nails pried from the wreckage before it was buried by the dock.

"I've always felt it was the Griffin," says James McCann. "The whole picture fits logically into place for a seafaring man. She would have come here for shelter in a storm and this is where she would have drifted after burning."

Kent County Registers Near-High Employment

GRAND RAPIDS (UP — Kent County employment rose to 108,700 by mid October, a gain of 1,400 in a month, the state Employment Security Commission reported today.

The all time record employment was 108,800 in July.

1 of 5 Die Before Age 45

One of every five deaths in the United States still occurs at ages under 45 despite progress made in reducing premature loss of life, according to the Metropolitan Life Insurance Co.

Since 1900 the proportion of deaths at ages 45 to 64 rose from 18 per cent to 28 per cent of the total; and at ages 65 and over, the proportion increased from about one-fourth to more than one-half of the total.

This shift in mortality to the older ages reflects to some extent the rise in the proportion of older people in the population, but it is principally due to the more rapid reduction in the death rate at the younger than at the older ages.

For the age groups under 45, the decrease in the death rate since 1900 is about 65 per cent, and at ages under 15 about 85 per cent. The decrease at ages 45 to 54 is 43 per cent, and at ages 65 and over only 25 per cent.

Would Cut Size of New Prison

Commission Is Backing Idea of Quarters for Smaller Groups

MARQUETTE (UP)—Reduction of the size of the proposed new state medium security prison for first offenders from 1,200 men to 600 today had the strong backing of the State Corrections Commission.

The group, meeting at Marquette Branch Prison, followed the recommendation of acting corrections commissioner Gus Harrison in the matter.

He reported that under present prison standards, a 1,200-man institution would be outmoded by its size before it was built.

The action preceded a Nov. 10 meeting of department officials with the state building division to work out preliminary plans under a planning appropriation provided by the last legislature.

The institution, the commission said in a resolution, should provide a full academic and vocational training program to help rehabilitate youthful offenders.

The location of the institution has not been decided, but Ionia and Manistee are the leading contenders.

Turning its attention to Southern Michigan Prison, the commission went on record as favoring spending $250,000 appropriated by the legislature to provide facilities for the segregation of psychopaths, homesexuals and other special groups.

The money was provided to remodel cell blocks, move the disciplinary barracks from the center of the prison yard, build gun galleries and like purposes.

C. of C. Nominates 10 Board Directors

The nominating committee of the Pontiac Chamber of Commerce has nominated 10 men for the board of directors for the term expiring Dec. 31, 1956.

Those nominated are Henry E. Gotham, Dr. Leonard F. Klausmeyer, Homer C. Jackson, Maurice Barnett, William H. Knudsen, Floyd H. Baker, John P. Niggeman, Norman Pattison, Claire J. Hinckley and D. B. Eames, announced Harold A. Fitzgerald, committee chairman.

Ballots will be sent to members Dec. 1 and balloting will close Dec. 15.

Train and Auto Crash Kills Birmingham Man

BIRMINGHAM — A 40-year-old Birmingham factory employe was killed yesterday when a fast New York Central Railway diesel struck his car at a Sixteen Mile Road crossing.

Dead was William Hannah, of 728 Colonial Ct., an employe of Chrysler jet engine plant in Detroit.

State Police said Hannah's car was dragged a half-mile down the tracks. The crash occurred when the victim was on his way to work.

Man Awaits Sentencing in Collision Death

ANN ARBOR (UP) — Adelor Fournier, 44-year-old Paw Paw farmer will be sentenced on a charge of negligent homicide here Dec. 1. Fournier entered a "no defense" plea in circuit court on the charge of negligence in a truck-car crash in which Ross Hague ws killed here Oct. 21, 1952.

1952's Grubby Yellow Smog Killed 4,000

London Fears 'Black Weekend' Might Come Again

LONDON NEA — Unlike Chicago's fog, which is said to arrive on little cat feet, London's smog has been likened to a dirty, yellow tiger. It is a killer.

Sometimes — as in The Great London Fog of 1952 — the killer pounces without warning, mauling its victims without distinction to age, sex or station in life.

Over 4,000 Londoners lost their lives as a direct result of the filthy smog that blanketed the city from Friday, Dec. 5 to Monday, Dec. 8 — known as "The Black Weekend."

It was a major disaster, the worst of its kind in history. By comparison, the 1948 fog episode of Donora, Pa., in which 20 died, was a minor incident.

Only the cholera epidemic of 1854 and the influenza epidemic of 1918-19 have taken greater toll of human lives in London in modern times.

This month, as the dirty, yellow killer took up its winter abode, Londoners were warned: It can happen again. The warning came from C. J. Regan, chemist-in-chief of the London County Council.

Nothing has been done to alleviate the air pollution which snuffed out 4,000 lives in one weekend, Regan reminded city dwellers.

Nor were they reassured by a proposal to broadcast warnings in advance when the filth in the air has reached a saturation point.

"What are we supposed to do? Stop breathing?" a hack driver observes. "They'd better start issuing gas masks soon."

There were other unpleasant reminders: The number of deaths in the United Kingdom from lung cancer has risen from 3,400 in 1935 to 12,000 in 1950.

Certain chemicals known to be causes of cancer are found in the atmospheric dust above Britain's industrial cities — notably, benzpyrene, which is present in coal smoke.

SMOG HELMETS—Mindful of London's "Black Weekend" last December when 4,000 Britishers died from the effects of a three-day smog, fashion designers have come up with hat snoods which double as masks when soot-laden fog closes in on Piccadilly.

Britons are faced with the bitter fact that of the elements—food, water and air—necessary to their existence, only the purity of air is not safeguarded by law. Their natural element is slowly being poisoned.

Over two million tons of black smoke are belched from Britain's chimneys each year, about half of it coming from domestic hearths.

The result is a continuous pall over London, the Black Country, south Lancashire, the West Riding, the Clyde, the Tyne and the Tees—a pall through which the sun occasionally blinks like a bloodshot eye.

As early as the 16th Century Britons had begun to complain. With the coming of the industrial era, gases were added to the air pollution, which had increased with the increased use of coal.

Just how foul the air over London can get when the weather cooperates is indicated by The Great Fog of 1952, in which weather played an important role.

On Dec. 4, the atmosphere over London was in a state of "inversion" — low ground temperature plus an almost complete absence of wind or air movement.

Reveals Benson Parity Promise

Solon Says Secretary Believes New Policies Acceptable to Farmers

MADISON, S. D. (UP) — Sen. Karl E. Mundt said today that Secretary of Agriculture Ezra Taft Benson has pledged himself to full farm parity and believes a new farm policy, now in the making, will soothe worried farmers.

The agriculture secretary was also quoted as saying that his farm policy is identical with that of President Eisenhower.

The South Dakota Republican senator said he received a letter yesterday from Benson in which the cabinet member said present farm legislation should be altered with the goal of "attaining full parity on farm prices."

Mundt said that President Eisenhower had backed full parity in a crucial speech at the national plowing contest at Kasson, Minn., during the 1952 presidential campaign.

Benson's views, Mundt said, applied only to such farm products as grains and not to the sagging livestock industry.

The senator quoted Benson's letter as saying that many farmers' fears will be "allayed" when the secretary makes his recommendations to Congress in January.

"The proposals on which we are working give promise of maintaining or raising farm income while serving to mitigate some of the difficulties which now beset us, such as the loss of markets, the accumulation of excess reserves, and the problem of diverted acres," the letter said.

Mundt said Benson wrote that "the farmers must receive their fair share of the national income."

The secretary of agriculture wrote there is only one agricultural policy in the present administration and "that is the view held by the President, which I fully support."

Benson's letter came in reply to a demand by Mundt that Benson state that he stands behind President Eisenhower's farm views.

Auto Strikes Pole, Motorist Is Held

A Pontiac motorist is in Oakland County Jail today after his auto side-swiped a parked car and sheared off a telephone pole at Huron St. and Telegraph Rd., according to Oakland County sheriff's deputies.

Witnesses told deputies that they saw Donald Brandon, 27, of 22 Jefferson Ave., get out of the car after it struck the pole. Brandon stated he was not driving the car.

Brandon was arrested at a nearby restaurant by Sylvan Lake police and turned over to Deputies Merrill Finkle and Harry Jnes who jailed him on a drunk and disorderly charge.

Plane Strafes Occupied Homes in Ghost Town

GOLD HILL, Utah (AP) — Gold Hill, like many other Western mining towns, probably has seen its share of flying lead, but it wasn't 50-caliber and it didn't come from the sky.

That's why the seven remaining residents of this ghost town in the desert near the Nevada state line are up in arms over an airplane strafing on a recent moonlit night.

Mrs. Leatha Millard, a resident of Gold Hill since 1907, says she had just got into bed when she heard the plane.

"I thought at first it was in trouble because of the sudden chatter and roar," she said. "But when the bullet hit my house and crashed through the ceiling I knew what was happening."

Other slugs hit a cellar across the road and only 10 feet from a house occupied by Mrs. Thelma Davis.

A gunnery range used by planes from several western bases is on the desert about ten miles east of Gold Hill. The Air Force so far is reticent, saying only that the plane and pilot are unidentified and that an investigation is continuing. An investigation team, headed by a major, visited Gold Hill to study the damage.

"I told the major . . . that the Air Force better buy out the town of Gold Hill or else give me a machine gun so I can shoot back," Mrs. Millard said. "My shotgun won't reach far enough.

"I told the major if it happens again I'm really going to take on the Air Force — single handed if I have to."

Chiropody Group Meets

FLINT, Mich. (UP) — The semi-annual Chiropody Convention will be held here Saturday and Sunday. Election of officers will be held Saturday afternoon.

Youth, 17, Enlists for Third Time

GRAND RAPIDS (UP—Edd L. Scrote, who is only 17 years old, has enlisted in the armed forces for a third time.

Scrote, who was discharged by both the Army and Navy, has joined up with the Air Force this time, and it's legal.

He enlisted in the Navy when he was 14 by falsifying his age and lasted three months before his true age was discovered and he was discharged in 1950. On May 12, 1951, when he was 15, he enlisted in the Army with a false birth certificate under the name of Edward Phillip Schmitt. They caught up with the facts four months later and Army authorities discharged him.

Bans 4 Right Turns

LANSING (AP)—The city council has authorized a 30-day trial ban on right turns at four major downtown corners, to run between Thanksgiving and Christmas.

Delegate Dean Tells Dumb Story on Self

PANMUNJOM (AP)—Arthur Dean, New York attorney given the rank of special ambassador for his mission to set up a Korean peace conference, said today two soldiers were overheard talking about him in a base camp washroom.

"One of them," he related, "said, 'Why is this fellow Dean walking around here as a special ambassador?'

"The other soldier said, 'Because the regular ambassador was too bright to take the job'."

Gets Educational TV

WASHINGTON (UP)—The Federal Communications Commission Wednesday awarded regents of the University of Michigan an educational television permit for a channel 26 station at Ann Arbor.

Brazil has an estimated 300 million wild rubber trees.

Air Force Officials Visit Closed Bases

WASHINGTON (AP)—The Air Force said today that installation officials visited eight former military air fields yesterday to bring their records up to date.

An Air Force spokesman said discussions were held with local officials but no commitments will be made on possible future use of the fields.

The fields are at Marquette, Traverse City and Ironwood, Mich.; Miles City and Glasgow, Mont.; Green Bay, Wis.; Minot, N. D.; and Klamath Falls, Ore.

Similar visits were made Monday to fields at Fargo, N. D., Houghton, Mich. and Medford, Ore.

Zeeland Church to Open

ZEELAND (AP)—A new congregation, the Third Reformed Church, is being formed here. The first service is scheduled Nov. 15 in Lincoln School Auditorium.

Democracy in Philippines Faces Big Test Next Week

By PHIL NEWSOM
United Press Foreign News Editor

Democracy's Philippines "show window" goes on special display next week.

Some 5,000,000 Filipinos are expected to cast ballots Nov. 10 in a bitterly contested presidential election which could have repercussions throughout the Far East as well as in the Philippines.

In a sense, both Philippines and United States prestige are at stake.

Contestants are the opposition Nacionalista Party of candidate Ramon Magsaysay and the entrenched Liberal Party machine of President Elpidio Quirino.

Newspaper reporters covering the campaign generally seem to believe Magsaysay will win.

It is possible they count too much on Magsaysay's glamour with the voters and too little on Quirino's experience.

The 46-year-old Magsaysay is a popular hero in the Philippines where, as Quirino's secretary for national defense, he broke the back of the Communist-led Hukbalahap movement and persuaded many of the Huks to settle peacefully on government-donated lands.

Now he is turning that same persuasiveness on the Filipino voters, including an intensive campaign in the "solid north" where the Quirino supporters count most heavily on victory.

Magsaysay says he'll win by a million and a half votes.

Quirino men have not estimated the exact margin but claim their victory will be substantial.

Quirino, 62, still is thin and obviously not well after recently undergoing two operations in the United States for stomach ulcers.

But he, too, has campaigned hard and remains a polished speaker.

Philippines election campaigns have always been turbulent and, despite "peace conferences" this has been no exception.

There have been daily reports of terrorism and eight, and possibly 10 killings, have been attributed to politics.

Issues are reasonably clear cut.

Magsaysay and his supporters charge the Quirino government with being inept, wasteful and graft-ridden and say that high officials and their relatives have made millions while failing to carry out basic agricultural reforms and to provide schools, roads and health services.

Quirino, on the other hand, points to a favorable budget and to the construction of a steel mill, irrigation and hydroelectric projects and to widespread repair of war damage.

In theory at least, the Philippines are set up in the image of the United States.

And the present danger lies not in who is elected nor in what occurs between now and election day. Rather, it is what may occur on election day and afterward.

Both sides have been free in their charges of terrorism against the voters.

Some Magsaysay supporters have said they will not allow the senate to confirm Quinino as president, if he wins and there is evidence of fraud in the election.

They also have charged that the Quirino administration plans to keep itself in power by martial law, if necessary.

Fraud in the election or trouble later can only be a blow both to the Philippines and the United States and provide fresh ammunition for the Reds in the Far East.

Banged-Up Driver Can Only Blame His Wife

HOUSTON, Tex. (UP) — It's a small world — too small for the Charles Morris family.

Mrs. Morris, 21, graguated from the Memorial Nursing School, was driving home with her mother after the ceremonies and rammed full speed into the rear of a parked vehicle.

Mrs. Morris got out to survey two badly damaged automobiles and saw the driver of the other. It was her husband, in their car, driving home from the same ceremonies with Mrs. Morris, father.

Protective Beacon

ONEONTA, Ala. (UP) — Verben Robbins, a poultryman, has installed a revolving beacon light at his chicken house. Robbins said the moving light protects his chickens from night animals.

Space Ships but No Green Martians

TV's 'Atom Squad,' New Science Tale, Praised for Efforts to Raise Standards

NEW YORK — The TV science-adventure - fiction - mystery program, Atom Squad follows the activities of a team of scientist-detectives who run down those who would use atomic energy and other scientific discoveries for their own ends or to gain power over the world.

Investigating and combating nefarious schemes and villians — such as enemy agents trying to flood the entire country, spies and saboteurs attempting to divert atomic energy to destructive purposes, strange radioactive objects from outer space — are some o fthe many assorted duties of the "Atom Squad."

The program is the latest entry into the science-fiction field.

Unlike most of its radio, television novel and magazine counterparts, Atom Squad scripts emphasize believability without a green-skinned Martian or five-armed Venusian included in the cast.

However, space ships, rockets, futuristic inventions and such devices are frequently necessary for the story line.

Atom Squad is also a serious business. After the weekly story conference, which is conducted three weeks before an episode is produced, writer Paul Monash vanishes from the communicable world to write the script. The complete story is sent to the executives for approval.

Rehearsals begin Monday morning with every actor having previously memorized his lines. Each day's rehearsal starts at noontime and continues right up to broadcast time.

The regular cast of Atom Squad includes Bob Courtleigh, who stars as Steve Elliott; Bob Hastings, who plays Steve's friend and coworker, Dave Fielding; and Chief Larsen, head of the Squad, played by Donald Hylan. Since other players are "removed" — atomically or by arrest — by the end of each weeks' adventure, the supporting cast is extremely changeable.

The recent World Science-Fiction Convention in Philadelphia expressed the sentiments of both science fiction fans and Atom Squad fans when it praised the series "for its outstanding efforts to raise the standards of science-fiction programming on television."

Red Flannel Queen

CEDAR SPRINGS (AP) — Michigan's senior Republican senator, Homer Ferguson of Detroit, Saturday will crown 16-year-old Waltraud Gruber queen of the annual red flanel festival.

Patrolman Tickets Man With Same Name as His

BOSTON (AP)—Patrolman Thomas F. Kennedy looked up eagerly in Municipal Court yesterday when the name of a parking law violator was called.

The defendant was Thomas F. Kennedy of Brookline who paid a $1 fine for an overtime parking tag issued by Patrolman Kennedy, no relation.

"I'd been wondering what you looked like," Patrolman Kennedy commented. Citizen Kennedy, still smarting about the fine, smiled wanly and left the courthouse.

Post Office Closes

LUDINGTON (AP)—Tallman Community post office, one of the oldest in Mason County, has been closed by the Post Office Department. Tallman residents will get their mail on a rural route out of Fountain.

Baby Rumble-Seat

LUBEC, Me. (UP)—Mrs. Ryerson Johnson, a young mother, devised a baby carrier. Baby occupies a sort of rumble seat attached to mother's back. The device leaves mother's hands free to do the chores.

Deaths Last Night

IOWA CITY, Iowa—Eugene A. Gilmore, 82, widely known educator and lawyer, president of the state University of Iowa from 1934-40, at one time vice governor general and secretary of the Philippine Islands and in 1927 acting governor general. Born in Brownville, Neb.

BLACK RIVER FALLS, Wis.—Frank Cleveland, 76, veteran midwest newspaperman and circulation field representative for the Milwaukee Sentinel since 1938.

NEW YORK—Abraham Krotoshinsky, 82, the famed doughboy of World War I who made his way through German lines to get help for the lost battalion in the Argonne and was awarded a Distinguished Service Cross for his deed.

DENVER—Walter P. Steele, 56, veteran of two world wars who served as model for the "typical American soldier" statue for the John Philip Sousa Memorial Auditorium in Washington. Born

Third Set of Twins Born to Massachusetts Couple

EVERETT, Mass. (AP)—Mr. and Mrs. Ralph S. Trufant Jr., both 30, are the parents of a third successive set of twins.

Twin girls were born to Mrs. Trufant at Whidden Memorial Hospital yesterday.

Their first set, both girls, was born in 1948. The second, both boys, was born in 1951.

Holland Plans Dedication

HOLLAND (AP) — Holland's new municipal recreation building, if completed in time, will be dedicated as a feature of next year's Tulip Festival, the committee has decided. The festival is May 12-15.

The Cold Facts

PORTLAND, Me. (UP)—Jimmy Phillips, 15, forgot his camera when he and his uncle climbed 6,288-foot Mt. Washington in New Hampshire. He had to have something to show the gang, so he stuffed his thermos jar with snow and ice and thereby erased doubts in the minds of his friends.

Urges Solution of Refugee Issue

Representative Warns Arabs and Israeli, U.S. Cannot Bear Burden

UNITED NATIONS, N. Y. (AP)—The United States has warned Israel and neighboring Arab states that America cannot bear indefinitely the financial burdens imposed by their failure to agree on a settlement of the Palestine refugee question.

The warning was voiced yesterday by U. S. Delegate James P. Richards, a Democratic congressman from South Carolina, in speaking to the 60-nation special political committee.

* * *

Richards urged Israel and the Arab nations bordering on the Jordan River to join in the irrigation and hydroelectric development of the river and help the 800,000 refugees driven from Israeli soil by the Palestine War.

He called on Israel to start thinking about compensating the refugees for their land or allowing them to return, asserting it would be in the best interests of both sides if something were done as soon as possible.

* * *

The refugees are now being supplied with necessities through a 200-million-dollar U. N. fund, designed to keep them going until mid-1955. The bulk of the money was contributed by the United States.

Richards said the United States gave full backing to a Jordan River development plan, drawn up by the Tennessee Valley Authority. The 121-million-dollar project would water land for the refugees and supply power for industries in Israel, Jordan and Syria.

* * *

Although President Eisenhower has sent Eric Johnston, former head of the U.S. Chamber of Commerce, to the Middle East in an attempt to sell the idea, Arab reaction thus far has been negative.

There has been no official Israeli reaction to the plan. The Israeli government, however, has temporarily suspended work in its own Jordan irrigation scheme while the U.N. Security Council debates Arab claims that the project disturbed Middle East peace.

Deer Rams Car Twice Causing $500 in Damage

MORGANTOWN, W. Va. Paul Gregg, 42-year-old coal miner, said yesterday he was driving to work in his new car in the Cheat Mountain section and met a deer.

Said Gregg: "The deer lowered his head and charged the front of my car. He backed off and charged again. Then he strolled off into the woods.

"Cost me $500 to fix that car."

Artist Reveals Anger at World on Tombstone

WELLINGTON, Ohio (UP)—Otis G. Pratt was bitter over treatment he had received as an artist and sculptor, so he had his resentment carved on his tombstone.

The stone, standing over the grave of Pratt and his mother in Greenwood Cemetery here, attracts many tourists. Pratt died in 1921 at the age of 76. The inscription reads:

"Stranger, I lived in an age when corruption was in our government and the ballot box was begged for. When martyred Presidents and riots echoed over our land. When law and respect clung to the rich and shunned the poor. When money and fashion had the brains and talent went over the water for want of free schools of art supported by our government. Such were the conditions which caused my landscape to decay with me as nature shows it. Farewell."

Pratt himself spent a good deal of time in Europe studying art. When he came back he earned a tiny income by sketching portraits of townspeople and selling them for a pittance.

He painted murals on the inside of his house but just before he died he destroyed them all.

Isabella County Fears Loss of Health Service

MT. PLEASANT (AP) — Isabella County will be without a health department by the end of 1954 unless more money is provvided, Dr. Paul J. Christenson, head of the tri-county service, said.

The board of supervisors lopped $1,500 off the servvice's budget for the next year. Mt. Pleasant officials said they might withdraw their $2,500 contribution if the county continues its economy.

Dean Proposes Subcommittees

Commies Will Answer Tonight on Conducting Lower Level Talks

PANMUNJOM (AP)—Arthur Dean, U.S. envoy, suggested today that top Allied and Communist diplomats abandon temporarily efforts to arrange a Korean peace conference and turn over to subcommittees disputes which have stalled the preliminary talks.

The Communists promptly said "no," then agreed to think about it overnight. They promised an answer at 11 a.m. tomorrow (9 p.m. today EST).

* * *

Dean, noting the high level negotiators have gotten nowhere, told newsmen he felt staff advisers could have a "freer exchange of ideas." They presumably would meet in closed sessions.

Dean said the top delegates now "sit like bumps on a log" and have "no give and take" in their deliberations.

The envoy also said the lower-level negotiators might divide up with one group debating the time and place for the conference and another thrashing out the major issue—who will attend.

* * *

The preliminary talks to arrange the peace parley have been stalled from the start over Red insistence that neutrals be invited and that this question lead the agenda for the Panmunjom discussions.

But Dean, speaking for the nations which fought against the Red armies in Korea, insists only the belligerents and possibly Russia attend the conference and wants the first order of business here to be a decision on time and place for the conference.

The U.N. Assembly has fixed composition of the conference and Dean is not authorized to change it.

* * *

Dean picked Kenneth Young, director of the office of northeast Asian (Japan and Korea) affairs of the Department of State and Col. Stanton Babcock, a senior adviser, to represent him at lower level meetings if they are held.

Higher Education Meet Slated for Ann Arbor

ANN ARBOR — Approximately 225 presidents, deans and faculty members of Michigan colleges and junior colleges will attend the Conference on Higher Education, to be held at the University of Michigan Nov. 17-18.

The event is sponsored by the U-M Committee on College Relations and is designed to give educational leaders in Michigan the opportunity to review some of the long-run problems in the state's higher education program.

Angler Gets All Prizes With Only One Catch

MANCHESTER, N. H. (UP)—Insurance man Jack Bracken hit the jackpot with one catch while in a deep-sea fishing contest with 20 other insurance men.

Bracken landed a three and one-half foot sand shark which subsequently gave birth to nine baby sharks, each one eight inches long.

Bracken walked off with all the prizes—the biggest fish caught, the smallest caught and the most landed.

Youth Shoots Himself While Loading His Rifle

A Union Lake outh who accidentally shot himself in the hand while loading his rifle was treated at Pontiac General Hospital yesterday.

John Switzer, 18, of 1566 Malcolm St., Commerce Township, shot himself with his 22-caliber rifle, injuring fingers of his left hand.

The small clay tiles used on bathroom floors are known as ceramic mosaics.

AP Wirephoto

MIGHTY MOPPET—The parents of Philip Myers, 3, of Jersey City, N. J., would have a hard time recognizing their moppet as he tries on a space cadet uniform and equipment. Phil was visiting the annual Christmas preview of the Toy Manufacturers of the U. S. in New York.

2 More Nobel Prizes Complete '53 List

STOCKHOLM, Sweden (AP)—The list of 1953 Nobel Prize winners was completed with awards in chemistry and physics yesterday.

Dr. Hermann Staudinger, 72, whose research in giant molecules paved the way for production of such synthetic products as nylon hosiery and plastic dinnerware, won the $33,840 cash award in chemistry. He is a professor emeritus at Freiburg in West Germany.

The physics award of like sum went to Prof. Fritz Zernike, 65, of the University of Groningen, The Netherlands, for his development of a phase contrast microscope which gave new insight in the study of living matter.

Writing 251st Novel

BROAD CLYST, England (AP) — Author Eden Phillpotts took time off from writing his 251st novel to celebrate his 91st birthday yesterday.

Planet Mercury to Pass Between Earth and Sun

ANN ARBOR (AP)—A tiny black dot will appear on the sun's surface Nov. 14, presenting a rare astronomical spectacle.

However, you won't see it without a telescope, Dr. Hazel M. Losh, University of Michigan associate professor of astronomy, reported today.

It's the planet Mercury passing directly between the earth and the sun. The passage occurs about 13 times every century, Dr. Losh said.

The last transit took place Nov. 11, 1940. Seven more are scheduled for the 20th Century, according to Dr. Losh, who explained the first "authentically observed" transit of this plaet was made in Paris, France, Nov. 7, 1631.

29 Vietminhese Slain

HANOI, Indochina (AP) — The French high command announced 29 Communist-led Vietminh soldiers were killed today in two minor actions in the Red River delta.

Fire Hazard Causes City to Be Treeless

URANIUM CITY, Sask. (AP)—This uranium boom town, most modern and scientifically laid-out community in Saskatchewan, will be a town without trees, even though it sits smack in the center of thousands of square miles of heavy bush and timber in the northwestern part of the province.

In the planning stage, almost every thoroughfare in the new community was laid out as a wide, tree-bordered boulevard.

However, officials of the Natural Resources Department, with one eye on the masses of trees that reach right to the town limits and the other eye on the forest fire hazard this summer, ruled that Uranium City must be treeless.

Producing Rat Cancers Gives Science New Tool

BOSTON (AP) — A sure new way of producing breast cancers in female rats gives science a new tool to study treatment and prevention of cancer. It's done by dissolving certain cancer-producing chemicals and female sex hormoes in fat, emulifying the fat, and injecting it by vein.

This technique is reported in the journal Cancer Research by Drs. Robert Geyer, Jean Bryant, Virgil Bleisch, Elizabeth Peirce and Fredrick Stare of the department of Nutrition, Harvard School of Public Health.

About 800 languages are spoken in the world today.

Kansas Town Aims to Top Big City Tree

HAYS, Kan. (UP)—If $3,550 will do it, Hays will have a Christmas tree taller than the Rockerfeller Center tree in New York City.

Hays wants a Christmas tree 100 feet high, or 10 feet higher than the one in New York.

Merchants hope the tree and all its trimmings are worth the money. They figure the tree may be seen for many miles with its string of 500 lights.

FIRST in popularity because of its pure orange flavor, accurate dosage.

20th Century-Fox Drilling for Oil on Studio Lot

HOLLYWOOD (UP)—A glamorized oil well is being drilled on the lot on 20th Century-Fox's movie studio.

Its steel skeleton is costumed in glass cloth stuffed with a 1½-inch blanket of fibre glass to muffle its sound. This fireproof covering has been painted a blue gray to blend with the sky. Electric motors, quieter than more commonly used diesel or gasoline engines, turn the rotary drill.

• • •

Actor Rory Calhoun threw a lever that spudded in the well yesterday. Marilyn Monroe had been recruited for the chore, but tin-hatted workmen vetoed her approach. Seems there's an old oil field superstition against women on drill rigs. Bad luck.

Spokesmen said the studio will get slightly less than 10 per cent of any profits from the oil venture.

C. G. (Tommy) Williams, vice-president of Universal Consolidated Oil Co., which has leased the ground, said 13 holes are planned if the test well is successful. All will be drilled with the one derrick.

• • •

After the drilling is completed, the 136-foot derrick will be taken down. Underground electric pumps and buried pipes will carry the oil to refineries 20 miles away.

Four million barrels of oil were produced from 34 comparatively shallow wells in the area back in the 20s. Some dried up and movie-making and real estate took precedence, although two of the old wells are still pumping nearby. A well drilled below 5,000 feet in 1925 indicated rich petroleum deposits at such depths. The well failed mechanically and never produced.

Uniforms All the Same to Befuddled Motorist

BAYTOWN, Tex. (UP)—Highway Patrolman Glen Prater found out his officer's uniform wasn't as impressive as he thought.

Noting a man driving from one side of the street to another, Prater followed the vehicle to a service station, got out of his patrol car and walked to the side of the other auto.

Before Prater could utter a word, the driver looked at him through bleary eyes and said, "Fill her up with regular."

Seeks Lost Relatives

BENTON HARBOR (UP)—Hans H. Hoeppner, 69, is enroute to Germany with his Missouri-born wife, hoping to locate, if he can, two brothers and two sisters whom he hasn't seen since he left Germany 54 years ago. He expects to be gone a month.

WED 67 YEARS—Mr. and Mrs. Ernest C. Dankert are celebrating their 67th wedding anniversary. They live in St. Charles, Mich. He is 86 and she is 85.

Talk Plan Postponed by Indian Delegate

UNITED NATIONS (UP)—Current cold winds in the international climate have convinced India's delegate V. K. Krishna Menon, the time is not ripe for his idea of a U. N. assembly for a top-level Big Four conference.

Menon told the Assembly last September he might propose a resolution in which the 60-nation organization would appeal to the chiefs of state of the United States, Russia, Britain and France to get together personally in an attempt to solve present world tensions.

Now, however, sources familiar with his views said today he has decided to wait for more favorable conditions.

The sources said he has no desire to push his suggestion in the face of the present U. S. opposition and the stand-off attitude of some other nations. The sources said Menon would prefer to be assured of unanimous passage of any such proposal in the Assembly.

Salvation Army Drive Destroys Old Iceboxes

FLINT, Mich. (UP)—The Salvation Army reported today it collected and destroyed 108 old ice boxes in its campaign to rid the city of potential death traps for children.

Officers said the organization conducted a house-to-house canvass for old refrigerators with the aid of the Junior Chamber of Commerce.

They said locks were removed from many old boxes whose owners wanted to keep them.

It is estimated that there are 2796 spoken tongues in the world, exclusive of dialects.

Experience, Inc. to Use Brains

Retired Business and Professional Men Plan to Aid Others

ST. LOUIS, Mo. (UP)—Experience, Inc., unlike other groups of retired business and professional men, is not wasting its combined years of experience, ability and wisdom.

The group, made up so far of 18 former executives and professional leaders, plans to use its talents helping others on an individual and community basis.

Taking the lead from an organization in Wilmington, Del., called Consulting and Advisory Services, Inc., the new group is spark-plugged by two men — William Charles and A. P. Greensfelder.

Charles, a retired accounting firm head, explained the need for such an organization.

"Too many men," he said, "think that when they retire they'll fill their time with golf, travel and fishing. That's all right for a while, but they soon get tired of it. This (Experience Inc.) will give them something to do which will not only help others, but help themselves as well."

"Just walk into the lobby of any business club and you'll see millions of dollars worth of brains and ability sitting around doing nothing," added Greensfelder.

Experience, Inc. will furnish, free of charge, men of demonstrated ability and well-rounded experience singly or in groups to guide community activities and help out younger and less experienced businessmen.

Membership is limited to men between the ages of 60 and 80 who have retired from an industry or profession in the St. Louis area.

The dues are figured on the basis of the man's age—the difference between his current age and 100. Thus a man of 65 pays $35 a year and a man 80 gets by for $20.

One of the greatest fears of the retired man is the fear of becoming useless, said Dr. E. V. Cowdry, an ex-officio member and head of the gerontology department at Washington University medical school.

"That's the greatest virture of Experience, Inc.," Cowdry added. "In fact, the idea is so valuable and the plan has been so well organized that it should spread to other cities and in time become a national organization. The benefits both to others and the members themselves would be beyond estimate."

"In case some large and wealthy corporation should be benefited by the help of one of our members, and should wish to pay him a fee, there's no rule against it," Charles said.

World War Red Spy Jailed by Switzerland

LUZERN, Switzerland (AP) — Rudolf Roessler, Russia's World War II master spy, was sentenced today to one-year imprisonment for reviving his espionage service for Red Czechoslovakia after the war.

A Swiss federal court also handed his contact man, Dr. Xavier Schnieper, a nine-month term. The eight months both men have been jailed awaiting trial are to be deducted from their sentences.

Petroleum companies produced and delivered a record of 136,532,246, gallons of gasoline per day during 1952. This would be enough gasoline to drive an automobile for more than 376,122 years!

FIVE 'SCENTS' WORTH OF CHEESE—Visitors to London's Olympia Dairy Show can look at all the delectable exhibits, but aren't allowed to touch. This quintet gets a bonus of enjoyment with a long, yearning, collective sniff.

Raccoon Has Real Virtues Despite Mischief-Making

DETROIT—"Mischief - maker of the forests" is a good way of describing the raccoon—that animal with the distinctive black mask and ringed tail that is practically a native American.

Distributed throughout Michigan, the raccoon is common in the southern part of the state, but rare in the Upper Peninsula. American pioneers first gave the name of "aroughcun" to this comic, gray-furred fellow but later shortened it to raccoon.

Dr. Charles W. Creaser, chairman of the biology department at Wayne University, says the raccoon is more numerous in Michigan today than in pioneer days.

The species is increasing annually, he added, due to the favorable environment, greater food supplies, and a general acceptability of the animal. He also emphasized that today the value of the raccoon for hunting and trapping purposes is minor.

Although the raccoon has been involved in damage complaints such as poultry thieving and corn field raids, Dr. Creaser views this as insignificant compared to its worthy characteristics. Raccoons make fine pets, being easy to domesticate, he said. They are clever, curious animals, exceptionally adept with their front paws which resemble the hands of a human being.

Like man, the raccoon is omnivorous, that is, he eats a variety of food. Vegetable products are included in the diet at all seasons.

He devours eggs eagerly, is particularly fond of fish and considers his prize treat an ear of corn. He is a refined diner, preferring to wash his food whenever possible. For this habit he has been given the name of "lotor" or washer.

Raccoons do not hibernate in the strict sense of the word as many people believe. They "den up" or go into partial hibernation during severe stormy or cold weather and become active upon the slightest disturbance or whenever mild weather comes along.

Nocturnal by nature, raccoons rarely are seen in daylight at any time of year, although occasionally one is seen stretched out on a limb lazily enjoying a sunbath. They insist upon privacy and generally make a home for the family in a hollow tree.

In Michigan the mating season for the raccoon runs approximately from the first week in February through the first week in March, the average number in litters being four.

Novelist Hails Public Library

Obtains All Information for Historical Writings in New York City

NEW YORK (INS) — A young New York television executive, who writes authentic historic novels in his spare time, plans to dedicate his next one to the New York Public Library.

Gerald Green, author of the newly published, sixteenth-century novel of Peru, "The Sword and The Sun," regards the library as one of the great and lasting cultural institutions in the world.

"Practically all of the research for the book," Green says, "was done right inside the walls of the New York Public Library. Practically every Spanish chronicle, no matter how rare, is available in their vaults."

Green contends that the impressive old building at 42nd Street and Fifth Avenue is better than a tour of the world for taking people to different places.

For example, his last book, "His Majesty, O'Keefe," was so authentic in its description of South Sea Island life that he kept getting calls and letters from people who regarded him as a legitimate expert on Yap Island, who must have lived there several years.

"I have no more been on Yap than I have in Peru," Green confesses, "but the old reliable library can tell you what villages, rivers, and streams look like and even what the weather is. It is only a matter of digging for it long enough."

"His Majesty O'Keefe" has been made into a technicolor movie starring Burt Lancaster. It will be released early in 1954. Green hopes his new book meets with the same success.

"Thanks to the magnificent reference books in the public library," he says, "this is one historical novel that is genuinely accurate and complete. There probably was never a more romantic and adventurous period than the sixteenth century in Peru."

In his free time, Green is again haunting the library. "This time, I am investigating the Celebes, a rare and enchanting part of Indonesia, where the natives are something like television executives. Only instead of picking brains, they eat them.

New Way to Weight Control makes You the Thin Twin of Your Stout Self
The New CAL-O-METRIC Way to WEIGHT CONTROL Automatically Helps Re-adjust Your "Appestat," the Appetite-Regulator in Your Brain, to Overcome Overeating, the Only Known Cause of Overweight ...Thus Controlling Your Weight ...Without Abnormal Hunger Pangs, or Your Money Back
DOCTORS now know that, located in the hypothalmus of your brain is the appetite-regulating mechanism of your body, called the "Appestat." When your "Appestat" is in normal working order, you tend to eat no more calories than your body needs for energy. But, when your "Appestat" is set too high you tend to overeat, to stoke your body with more fat-building calories than you can burn up as energy.
The new CAL-O-METRIC Way To WEIGHT CONTROL helps re-adjust your "Appestat," helps you follow the true, basic principle that can make your weight loss *permanent*, as you enjoy three generous, delicious meals, *plus* a bedtime snack, each day, and get all the vitamins, minerals, proteins and food nutrients you need in correctly balanced proportions.
Discover the new you, the trim, thin twin of your old stout self. Start the CAL-O-METRIC Way To WEIGHT CONTROL, today! Start looking lovelier, feeling better, living longer, tomorrow!

California Jaunt Taken by Barretts

Mrs. Pearce Uses Hawaiian Motif for Luncheon

The Charles J. Barretts of Mohawk road have returned home after nearly a month's vacation in California.

They visited Mrs. Barrett's brother-in-law and sister, Mr. and Mrs. Guy Sensibaugh of Pasadena. While in Santa Ana they were the guest of her nephew and niece, Mr. and Mrs. Robert Barnett.

Before returning home the Barretts visited friends in Santa Barbara and Corona, Calif.

* * *

Entertaining luncheon guests Wednesday was Mrs. Harry S. Pearce of Oneida road. Hawaii was the motif in placecards and prizes, and orchids completed the tropical decorations.

* * *

Mrs. J. L. Slaybaugh of Glenwood avenue was hostess to a family gathering Monday evening. Among her guests were Mrs. Mary Bringman and Mrs. Florence McLain of Van Nuys, Calif., and Mrs. Carolyn Petcher of Adrian.

Others were the Fred Jacksons of Mount Vernon, Mrs. Ada Miller, Mr. and Mrs. Joe Robichaud, the Derwin Hallers, Olive Haller, Mrs. Leota Thomas and the Franklyn Slaybaughs.

* * *

Back in town are Mrs. Frank Beach of Seminole avenue and Mrs. Henry Loper. They returned together after staying at the Loper home on Hammond Bay.

Mrs. Loper will spend the winter at the home of Sara Losee on Cherokee road.

* * *

Mr. and Mrs. Matt Shelton returned Tuesday to their home on Charlotte avenue.

Mrs. Shelton was gone a month, visiting friends and relatives in Miami and attending a meeting of Daughters of Mokanna in St. Petersburg. She returned by way of Nashville, Tenn., where Mr. Shelton joined her.

* * *

Mrs. William Vann will be hostess to the Fireside Club Friday at her home on South Shore drive at Watkins Lake.

* * *

Mr. and Mrs. Charles F. Carson (nee Ruth Hall) are announcing the birth of a son, David Hall, on Oct. 29 in Sinai Hospital, Detroit.

Officers Elected by Study Club

Mrs. Harry Vernon was elected president of Parlimentary Study Club when the group met Wednesday afternoon at the Masonic Temple.

Other officers elected include Mrs. Joseph Phillips, vice president; Mrs. Clayton Rule, secretary; Mrs. Leonard Saari, corresponding secretary; Agnes Baynes, treasurer, and Mrs. Aden Thornton, auditor.

Mrs. John Gemmel was announced as sponsor of the new demonstration group, and Mrs. F. L. Bowman was elected to membership.

Pontiac Press Photo

Mrs. Jack Hodges (left), president of Cora Bailey PTA, looks over the poster for the school fair to be held Friday. Mrs. Galen Dawson of Augusta avenue (center) and Mrs. Graydon Broadwater of Close street point out that the fair is from 5 to 8 o'clock and dinner will be served from 5 to 7 o'clock. Booths and entertainment will also be features of the fair.

Ham and Fish Dinners Featured

Bailey Fair to Be Friday

Final plans for Cora Bailey School Fair are being made by committee members so everything will be ready Friday at 5 o'clock.

President Mrs. Jack Hodges has appointed Mrs. Galen Dawson and Mrs. James Hight cochairmen for the event, which will feature dinner, booths and entertainment.

Mrs. Graydon Broadwater has charge of the tearoom, and homeroom mothers will serve ham and fish dinners from 5 to 7 o'clock.

Mr. and Mrs. Harry Evens are in charge of the Coke bar and Mrs. Bruce Allen and Mrs. Ray Burhand will sell popcorn.

Other committees include Mrs. Sydney Cunningham and Mrs. Henry Reid, fish pond; Mrs. T. W. Dovlin, gift shop and white elephant sale, with the assistance of Mrs. John Fields and Mrs. Frank Rogers.

Mrs. Richard Young and Mrs. J. H. Fox are directing the bakery and canned goods sale, and Mrs. Eual Barnett and Mrs. Belmer Francis, rummage sale.

On the finance committee are Mrs. Orville Humphreys, John Waldo and Mr. Hodges.

Thelma Schlink to Become Bride

Announcing the engagement of their daughter, Thelma Arlene, to Eugene Charles Folk are Mr. and Mrs. Alfred Schlink of Devondale road.

Eugene is the son of Mrs. Josephine Folk of Berwick, Pa. The couple have not yet set a date for the wedding.

Tuesday Will Be Club's Guest Day

Musicale to Hear Folk, Ballad Singer

Tuesday Musicale of Pontiac will hold its second meeting of the year Tuesday in Grace Lutheran Fellowship Hall at 2 p.m. The meeting has been set aside as Guest Day for the benefit of members who may wish to bring guests.

The program will be presented by Mrs. Florence Hall of Royal Oak, singer of folk songs and American ballads. Mrs. Hall, who accompanies herself on the guitar, is a collector of folk music and a serious student of ballads and their sources.

Mrs. Hall will make a comparison of ballads as sung in their earlier classic form with the later versions sung in different places by different people. For example, the same ballad sung in the Appalachian Mountains and in Michigan will show regional differences.

Mrs. Hall has delved deeply into the origin and history of the ballads and in many cases she has hunted down as many as 30 or 40 versions of a single ballad.

She is well-qualified to relate to her audiences the history of the ballads she sings, and she delights in doing just this.

Only recently Mrs. Hall was guest artist at the Detroit Institute of Arts in a folk song concert. This marked the fourth time Mrs. Hall has appeared before audiences in Detroit, where she has been received with great enthusiasm.

Mrs. Hall comes of a family deeply absorbed in classical music, but she evinced no interest in either piano or violin.

"I like the loose quality of folk music," she explains. "It's an opportunity to be creative and yet it has a link with the past.

MR. and MRS. ROBERT M. BERDEN

Married Saturday in St. Michael Church were Shirley A. Lawson, daughter of Mrs. Ora Lawson of Front street, and Robert M. Berden, son of the James M. Berdens of Midway avenue.

Shirley A. Lawson Wed

At 9 o'clock Saturday morning in St. Michael Church, Shirley Ann Lawson became the bride of Robert M. Berden, son of Mr. and Mrs. James C. Berden of Midway avenue.

The bride, daughter of Mrs. Ora Lawson of Front street, wore a light blue suit with navy blue accessories and a corsage of pink rosebuds and white carnations.

Mrs. William Kellogg was matron of honor in a toast-colored suit with a yellow carnation corsage, and Mr. Kellogg was best man.

Ushers were the bride's brother, William Lawson, and the bridegroom's brother, Gerald Berden.

The bride's mother was wearing a black dress with a pink carnation corsage, and a gray dress with pink carnations was worn by the bridegroom's mother.

Thanksgiving Plans Made by Sorority

Plans for a Thanksgiving basket were made Tuesday evening when members of Gamma Psi Chapter of Beta Sigma Phi met at Hotel Waldron.

Final plans were also made for the pledge ritual and tea to be held Sunday at the home of Betty Bryan on Fairgrove avenue from 3 to 5 o'clock.

Mrs. Robert Graham, formerly of Philadelphia, was a guest, and Mrs. Richard Benham led the evening program in which members gave song titles in pantomime.

Movie Shown to Mothers

Raymond E. Best of the Ground Observer Corps showed a movie, "One Plane, One Bomb." for members of the Boys' Club Mothers who met Tuesday evening to make plans for a Christmas party.

New members welcomed included Mrs. Henry Engholm, Mrs. John Bridgewater, Mrs. Virgil Honchell and Mrs. Millton Batchelor.

Mrs. Carlton Fink and Mrs. Leona McLane presided at the tea service and Mrs. Everett Warner attended as a guest.

Hostesses for the evening were Mrs. Lester Christiansen, Mrs. Kenneth Nichols, Mrs. Herman Dinnis and Mrs. Clara Richards.

Society to Collect Clothes for Koreans

Plans to collect new clothing for Korean children were discussed when the Altar Society of St. Vincent de Paul Church met Wednesday in the Parish Hall.

Contributions will be accepted by the members until Dec. 9. Reports were given on the Oct. 25 turkey dinner, and the NCCW meeting was conducted by Mrs. Frank Zwicker.

Mrs. Eldon Dobbe Honored at Shower

Mrs. Eldon Dobbe of Washington street was honored Tuesday evening at a stork shower given by her sister, Carol A. Beale of Melrose avenue.

Guests included the honoree's mother, Mrs. Edward H. Tutty, Mrs. Lizzie Hodgkinson, Mrs. Mary Ann Thornton, Mrs. Leslie Ferguson, Mrs. Charles Kreher, Mrs. Daniel Bailey and Mrs. Alfred Murphy.

Bettie Lynn, Mrs. Paul Morse, Sherron Mack and Mrs. Francis Mack, George Sutter and Diane, Mrs. Edgar Arnold, Susan and Betty Jane Arnold and Mrs. Frank A. Dobbe complete the list.

GM Girls Club Plans 2 Trips

A trip to Chicago in February and a trip to Washington, D. C., in April were planned by members of GM Girls Club when 125 members met for dinner at Rotunda Inn Wednesday.

Hostesses for the meeting were members from the GM Truck and Coach Division.

The group was entertained by the Variety Four Barbershop Quartet, and movies of South America and Bermuda were shown.

The Dec. 13 Christmas tea was discussed. The girls are dressing 150 dolls for the veterans in Dearborn Veterans Hospital to give to their children.

Couple Is Residing on Cooley Lake Rd.

Residing on Cooley Lake road are Mr. and Mrs. Francis E. Smith, who were married Oct. 17 in Deckerville Bible Church.

The bride, the former Esther E. Wing, is the daughter of Mr. and Mrs. Sam Wing of Leati, Kan., and the bridegroom is the son of Mr. and Mrs. Everett Smith of East Deckerville.

Matron of honor was Mrs. Winston Decker, and groomsman was the Rev. Mr. Decker.

After the ceremony, a family dinner was held at the parsonage, and later the family received guests at the church.

Helps Ike, Mamie Launch Social Whirl

Reporter Joins White House Crowd

Editor's Note: The U.P.'s veteran White House reporter put on white tie and tails and joined a select company of dignitaries who dined at the White House Tuesday night in the formal opening of the Washington social season. In the following dispatch, he makes his report.

By MERRIMAN SMITH

WASHINGTON (UP) — The secretary of state leaned over his gold-bordered plate of melting ice cream and reminded the President that only a year ago he led the Republicans to victory.

The President got up slowly from his high-backed chair in the stately dining room of the White House. He stood in the flickering light from golden candelabra, and looked pensively at the elite of his administration.

Champagne goblets were lowered among gold knives and forks on the snowy white tablecloth.

"I feel almost like bawling on my own shoulder," the President confessed.

Thus Mr. Eisenhower summed up his feeling a year after his 1952 election as he and his wife opened the first full-fledged White House social season since 1947 by entertaining at dinner for members of the Cabinet and their wives.

The formal affair, governed by protocol dating back at least a century, was a signal for Washington hostesses that the 1953-54 social season is open.

My wife and I were among the 72 dinner guests who arrived at the east wing of the White House shortly before 8 p. m.

Charles Claunch, one of the White House ushers, supplied each male guest with a small map of the U-shaped dinner table, identifying the gentleman's dinner partner and showing the location of his seat.

I was studying my map when a Marine Corps captain in dress uniform spoke into a microphone. The announcement, "Mr. and Mrs. Merriman Smith," rumbled through the East Room and in we marched.

Another aide took my wife's arm and, with me loping along behind, led us to one of several groups waiting around the edges of the huge room.

We met our dinner partners and stood chatting until the orchestra from the Marine Corps band struck up "Hail to the Chief." Down the broad hall leading to the East Room walked the President and his wife.

He was an erect and trim figure in handsomely tailored white tie and tails. Mrs. Eisenhower wore a floor-length, full-skirted evening gown of deep ruby-red dull satin.

The guests formed a circle and moved slowly by the Eisenhowers, shaking hands and exchanging brief greetings. Then there was sort of a mixed-up Paul Jones as the men deserted their wifes and began searching out their dinner partners.

The circle soon reformed and we marched slowly across the White House and into the State Dining Room.

The President sat at the head of the table flanked by the wives of Secretary John Foster Dulles and Henry Cabot Lodge Jr., head of the U. S. delegation to the United Nations.

Mrs. Eisenhower sat directly across the table from the President and between Dulles and Lodge.

It seemed like much more, but the dinner actually was only six courses with four wines—sherry, sauterne, red burgundy and champagne. The menu was high calorie—cream of almond soup, a fish course of fried red snapper, roast turkey with wild rice and for dessert, a frozen rum pudding with sliced peaches and butterscotch sauce.

There was also a crabmeat cocktail, celery and olives, a green salad with wine sauce and cheese straws, plus nuts and bonbons.

As I looked around the room, I was surprised to see so little jewelry on the women. Not a tiara in the crowd.

While the guests were sipping the icy champagne served just before dessert, the secretary of state got up and spoke directly to the President, reminding him that "one year ago today, the American people chose you for this office—and the American people chose well." Dulles saluted the President for his "tremendous . . . unselfish contribution" to the nation.

Here's how you'll be fitted in your new Perma-Lift Girdle and Bra at Peggy's 16 N. SAGINAW ST.

Measuring

First, one of our experienced corsetieres will determine your waist measurement. Perma-Lift Girdles are designed with a 12-inch allowance between waist and hip. If your waist measures 26 inches, your Girdle will fit a 36 to 38-inch hip comfortably.

Correct Length

Length of a Girdle is important, if it's too long, it will rub and irritate . . . if it's too short, it will ride up. The bottom of your girdle should anchor from 1 to 1½ inches below your derriere. Perma-Lift Girdles are made in 13 to 16-in. lengths.

The Magic Inset

Perma-Lift Girdles have a soft, yet firm, Magic Inset which eliminates uncomfortable bones in the center panel. It accomplishes wonders; your Girdle won't roll over, won't bind, it will give wonderful tummy control.

Measuring

Here's how we will determine your brassiere size. Our corsetiere will measure around your diaphragm—add six inches—the total is your bra size. Perma-Lift brassiere cups are size A, B, and C—the corsetiere will tell you which of these sizes you need.

Pull down in back

When you put your brassiere on, make certain that it is pulled down in the back. Adjust the shoulder strap comfortably. In a Perma-Lift bra, the support will come from the base of the bra cups—not from tight shoulder straps.

The Magic Inset

The famous Magic Insets—only in Perma-Lift bras—are important to you. Here's why . . . . they gently support your breasts from below—give you lasting uplift, beautiful curves. What's more, neither washing nor wearing will effect its uplift or support.

A. **New High-Waist Girdle** really defines waistline. Nylon power net. White $8.95

Longline Bra assures you a smooth diaphragm line. Nylon taffeta and lace. White.... $5

B. **The Diamonet Panty Girdle** holds tummy in with its double panel. Nylon power net. White $5.95

Girdle $5.95

Padded Bra subtly accentuates your figure, adds enchanting new curves. Foam rubber padding. Cotton. White..... $4

C. **Magic Insert Girdle.** Nylon power net. White. 14-15-inch, $8.50

16-inch, $8.95

Stitched Cup Bra with Magic Insets. Cotton. White..... $3

Hints Given on Reducing Moist Air

Excess Dampness Causes Sweating Windows

By HUBARD COBB

Last week we did an opus on sweating windows and we stated that in some homes the moisture content of the air was so high that there would always be some condensation in very cold weather unless the moisture content were lowered. Today we'll tell you a few ways how this can be achieved.

Many central heating plants have an attachment called a humidifier which adds moisture to the air. If your heating plant has such a device and you are troubled with too much moisture, either turn the humidifier off completely or turn it down considerably.

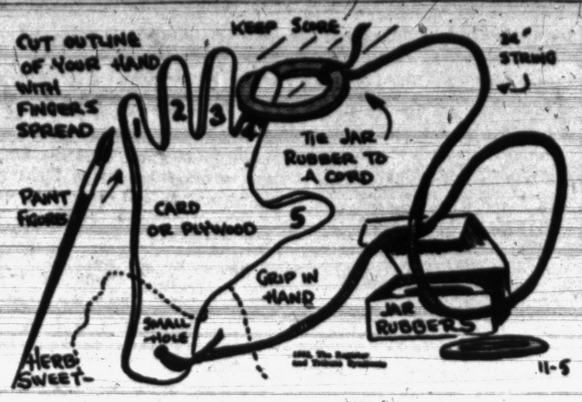

The steam from baths, showers and the kitchen will add to the moisture content of the air in the house. The best way to deal with this is to install exhaust fans in the bath and kitchen to draw off this moist air.

The same holds true of the home laundry and is especially important if a dryer is used, for this will add several pounds of water to the air each time a batch of laundry is dried.

Even wet laundry hanging in the basement to dry will increase the moisture content of the air. If you must hang it inside, open a window or use a fan to remove the damp air.

If you like to keep a lot of potted plants indoors during the cold weather you'll be troubled with excessive moisture, and there isn't much to do here but put up with the moisture or get rid of the plants.

Last but not least, check over the exterior of your home carefully to be sure that there are no leaks which allow water to get inside.

Make 'Handy' Toss Game

Here is a novel toss game which can be made by Try-Iteers of all ages—and they will like to play with it. This suggestion was sent in by Robert C. Cefals of Medford, Mass. Thanks for a fine new type of game!

It is a good idea to always have one game on hand which can be played with just one person. This game does not "wear out" for it is fun to test your skill with it time and time again.

You will need to cut a hand from plywood or very heavy card board. To get the pattern for the hand, simply cut out a pattern of your hand with the fingers outspread. If you want to make it real fancy, stain or paint it, then number the fingers from one to five as shown.

You will need to have a small hole in the middle of the wrest part. Tie one end of a 24-inch string through the hole, then tie a rubber jar ring to the other end. If this is to be used by a very young child, shorten the string a little.

The object of the game is to get the jar rubber on the finger with the highest number of points. If you play against someone else, each take five turns and see who has the most points.

Keep Storm Door From Banging

A storm door will not bang open against the wall or porch railing in high wind, if you chain it to the door frame.

Measure the length of the stretched spring when the door is open the proper distance. Then buy a light chain the same length as the stretched spring at a hardware store and install it.

Handsome Bases

Wood-grained paper plates make handsome bases for fall fruit, leaf or gourd arrangements.

Iraq Caldron Names Committee Heads

Committee members for 1953 and 1954 were named Wednesday evening when Iraq Caldron 70, Daughters of Mokanna, met in the Grotto Hall on West Pike street.

Mrs. A. Murray White is publicity chairman; Mrs. Dee Pritt, refreshments; Mrs. Benjamin Richardson, sunshine, and Mrs. Eugene Douglas, telephone.

Serving on the finance committee are Mrs. William Anderson, Mrs. Victor Bodamer and Mrs. Glenn Jolly.

Thelma Anderson and Mrs. Albert Kugler head ways and means; Mrs. Ray Haertter, Mrs. Eugene Bragan and Mrs. Russell Woodbury, hospitality, and Mrs. Haertter and Mrs. Douglas, pro tem officers.

Reports were given by the delegates attending the Supreme Session held recently in St. Petersburg, Fla. Mrs. Jolly, junior past might chosen one, gave the report on legislation, and the report on activities was given by Mrs. Edward Pritchard, mighty chosen one.

Mrs. Haertter, Mrs. Charles Kugler and Mrs. Albert Kugler served on the refreshment committee for the evening.

Shower Presented

Mrs. Alexander Tioran was honored Friday at a pink and blue shower. Hostess for the occasion was Mrs. George Tioran of West Howard street.

Pioneer Highlands Plans Teen Dance

A teenagers' jean dance sponsored by the Pioneer Highlands Civic Association will be held Friday evening from 8 to 11 in the Knights of Pythias Hall.

Chairmen for the event include the Harold Croziers, the Robert Trickers, Emma Wolgemuth and the Robert Potes.

Bride-Elect Showered With Linen

Virginia Shearer Feted Wednesday at Kremer Home

Virginia Shearer, bride-elect of James Bensken, was honored Wednesday evening at a linen shower given by Mrs. Lee Kremer at her home on Dwight avenue.

The daughter of the George Shearers of West Iroquois road, Virginia will speak her vows with Mr. Bensken, son of Ralph Bensken of Portland, Ore., and the late Mrs. Bensken, on Dec. 11 in Bethany Baptist Church.

Marilyn Shearer will be maid of honor for her sister and Mrs. John Kish and the prospective bridegroom's sister, Mrs. James Laing, will be the other attendants.

Guests at the shower included Janet Fairbanks, Mrs. Laing, Mrs. Henry Gallardo, Shirley Gesch, Mrs. Jack Farms, Nancy Aldrich, Mrs. Orval Fairbanks and Mrs. Earl Phillips.

Others were Mrs. John P. Shearer, Lois Leighton, Mrs George Shearer, Norma Strickland, Dona Wall, Mrs. Kish, Mary Ann Pickering and Marilyn Shearer.

Square Set Has Harvest Theme for Wever Party

Sam Joan introduced a new dance when the Square Set Dance Club met Wednesday evening in Wever School in a setting of harvest moons.

Decorations were arranged by the Melvin Norbergs and the Robert Bunces. Members of the refreshment committee included the Sid Olsons and the James Thompsons.

Mr. and Mrs. Ralph Ellsworth, Mr. and Mrs. Max Miller and Mr. and Mrs. Joe Lynch were welcomed as new members. Callers for the evening included Mr. Olson, Harry Anderson, Mr. Thompson, Mr. Bunce and Fred Kline.

Alice Nichols and Leslie Winegar were guests of the Sam Healanders, and Mr. and Mrs. Larry Laure came with the Eugene Wilsons.

Dinner Served to Emes Group

Marian Lehner was chairman for the annual "Cloudy-Sunshiny" dinner of the Leal Emes group of the First Presbyterian Church held Wednesday evening at the church.

Dinner was provided by the "Cloudy" group and the tables were decorated in the Thanksgiving theme with yellow and lavender umbrellas as placecards.

Barbara Hall conducted the business meeting. Plans were made to reveal secret pals at the December meeting to be held in the home of Elsie Benson. Mrs. Paul Blystone led devotions.

Guests for the evening included Mrs. Harold Mock, May Ladd and Donna Anderson.

M. A. Calbi to Talk at Sunday Meeting

M. A. Calbi will be guest speaker for the Student League of Tuesday Musicale when the group meets Sunday afternoon.

Hostess will be Nora Lee Braid at her home on Rosewood avenue, assisted by Lee Patterson.

Program committee members and officers will meet at 1:30 o'clock and members will convene at 3 o'clock, when Mr. Calbi will speak on "The Piano."

Members to perform are Harold Cameron and Jerry Libby at the piano and Jean Hilton singing a solo accompanied by Carol Hobart at the piano.

Chi Omega to Visit Sculpturing Studio

A visit to the Marshall Frederick sculpturing studio will highlight the November meeting of the North Suburban Chi Omego Alumnae.

Mrs. Frederic W. Sevin of Fairfax road, Birmingham, will open her home for the 12:30 p.m. luncheon on Nov. 13, preceding the tour.

Mrs. Robert W. Page of Birmingham is chairman for the affair. She will be assisted by Mrs. David G. Barnett of Pleasant Ridge.

Mother Hurt at Receiving Wedding Bid

Resents Invitation to Her Own Son's Marriage

By EMILY POST

A mother writes: My son is going to be married in a few weeks. In this morning's mail I received an engraved invitation to his wedding from the bride's family. I was quite taken back at this and a little hurt at receiving an invitation to my own son's wedding.

"I thought our presence was taken for granted. I would appreciate your opinion of this. Also, must this invitation be acknowledged by a formal acceptance?"

Answer: It's absolutely customary to send invitations to the bridegroom's family. It would be inconsiderate not to let them see what the invitations look like, and that's why they are sent. Of course, they're not answered.

Dear Mrs. Post: A very dear friend of mine was married rather suddenly four months ago at the base where her husband was stationed. As this was a good distance from here, none of her friends was present at the wedding.

She will be coming home soon for an extended visit with her parents and I would like to know if it would be proper to give a shower for her at that time.

Answer: I think it would be very thoughtful, as well as proper.

Dear Mrs. Post: I have never liked the "mixed-up" arrangement of placing page two of a four-page letter on the third sheet of double-fold paper, and page three on the second sheet.

Someone has told me that this is the correct procedure and that I am socially incorrect in putting my pages in sequence. I don't see how anything in order can be incorrect. Please explain.

Answer: You can write a long letter in any order that you like best. But when writing a short letter, it is correct to write on the first page and end it on page three, leaving two and four blank.

Dear Mrs. Post: Is it permissible for a young woman to wear a birthstone ring, or any other ring, on the third finger of her left hand, or is this finger reserved for the wedding and engagement rings only?

Answer: Certainly you may wear a ring on your third finger if you want to, but don't be surprised if those who see the ring think you are engaged.

Wall Treatment

Panels of scenic wallpaper become inexpensive and attractive substitutes for conventional wall pictures when placed in simple frames. They can be found among wallpaper dealers' scraps.

Here is excitingly new, decidedly different kind of hand and body lotion that actually relieves the causes of chapping, roughness and redness. It does not just smooth the skin superficially. Its exclusive difference lies in the ingredients which give it a property which enables it to penetrate the surface of the skin to nourish and replenish the fluid bath of the living cells below.

Manners MAKE FRIENDS

The man you wanted to talk to isn't at home and you decide to leave a message with his wife. Don't ask her to have him call Mr. Blake. Tell her you are James Blake and you wonder if he would call you at such and such a number when he comes in.

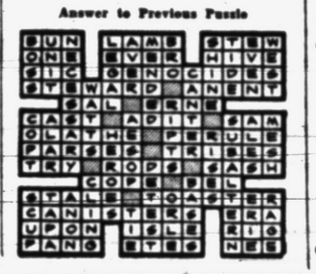

Wives don't mind taking telephone messages, but they don't like to be talked to like servants.

Power Brakes Allow Faster Stop

After you've had a trial run in a car equipped with power brakes, you'll have a hard time denying the salesman's story that "you can't afford to be without them."

Power brakes enable the motorist to swing from accelerator to brakes in half the time needed to raise your foot onto the conventional, high brake pedal.

Simple Pumps Disguise Foot, Leg Problems

Some women past 40 have been fortunate enough to retain the slim beauty of their legs and feet. They can wear any of the high fashion shoes and look smart.

If you are not one of the fortunate ones, you would do well to select your shoes with care. Probably the most satisfactory shoe is the simple pump.

A perennial fashion favorite, the pump lends a dignified background to any costume without calling attention to broad feet or heavy, veined legs.

The best pump is one whose sides are high enough to give full support to the heavier foot and leg. It should be of a good, soft leather and have a medium-high heel.

To detract further from unattractive legs and feet, wear stockings that are neither overly sheer nor too light in color. And choose conventional heels and seams.

Too many speakers finish their speeches before they stop talking.

The drum is perhaps the oldest musical instrument.

5 Unusual Ways to Use Your Pressure Cooker

Below are a number of unusual uses for your pressure cooker:

Caramelize condensed milk in the pressure cooker — 1 hour at 15 pounds pressure. Place on rack with 2 cups water. It's excellent for toppings and yummy for pie filling.

Precook watermelon rind in the pressure cooker when making pickles for 8 minutes at 15 pounds pressure. It saves hours of time.

Precook tomato catsup mixture 5 minutes at 15 pounds pressure. Add only enough water to furnish steam.

Hard to crack nuts, place on rack with 1 cup water in cooker, cooked five minutes at 15 pounds pressure releases nut meat in one piece with a slight tap of a hammer.

Remember your pressure cooker for popping corn.

You can dice sliced pineapple easily before emptying it from the opened can by inserting a sharp knife in the center and cutting outward.

Blueberries Are Stars of Topsy-Turvy Pudding

As delectable a dessert as you've run into in a long time is this Blueberry Topsy-Turvy Pudding. Juicy blueberries are baked into a pudding that's served with its own sauce spooned over it and with a crown of whipped orange topping made with evaporated milk. (The orange flavor of the topping and the flavor of the blueberries are an irresistible taste combination.)

The pudding is good served either warm or cold—although if it's within sight of the family, it's not likely to last until it's cold.

Blueberry Topsy-Turvy Pudding

1½ cups sifted flour
1½ teaspoons baking powder
¼ teaspoon salt
⅓ cup shortening
1 cup sugar
1 egg
1 teaspoon vanilla extract
½ cup evaporated milk
½ cup water
1 No. 2 can blueberries (2¼ cups)
¼ cup sugar

Sift the flour, baking powder and salt together. Cream the shortening. Add the 1 cup sugar gradually and continue creaming until light and fluffy. Beat in the egg. Stir in vanilla.

Mix the milk and water. Add to the egg mixture alternately with the sifted dry ingredients, beginning and ending with the dry ingredients. Turn into a greased 3-quart baking dish.

Empty blueberries and juice into a saucepan. Add three-quarters cup sugar. Heat to the boiling point, stirring occasionally. Spoon over the unbaked cake batter in an even layer. Bake in moderate oven (350) until done, about 45 minutes.

Cut into pie-shaped wedges. Lift out carefully and place pieces blueberry side up on serving plates, then spoon sauce over. Serve warm or cold with whipped orange topping. Makes 8 to 10 servings.

Whipped Orange Topping

½ cup evaporated milk, chilled icy cold
1 tablespoon lemon juice
1 tablespoon orange juice
½ cup sifted confectioners or granulated sugar
¼ teaspoon grated orange rind

Whip chilled milk until it is stiff and will hold a peak. Add lemon and orange juices and whip just to blend thoroughly. Fold in sugar and grated orange rind.

If not used immediately, chill topping until ready to serve. When kept chilled, topping will hold up well from 45 minutes to an hour.

Salad Is Perky, Tangy

Perky as a new hat, this salad goes equally well with dinner or luncheon. Slide chilled jellied cranberry sauce from the can and slice. Put each slice on a bed of salad greens, top with a mound of cottage cheese. Garnish the top and base of cottage cheese with drained canned orange sections. Serve with mayonnaise if desired.

More and More Tuna Being Used

Hot Taffy Buns Brunch Trick

If you are planning a brunch like the one we wrote about recently, try these Taffy Buns for your hot bread. They are similar to old-time Philadelphia Sticky Buns, but with a brand new easy-to-fix trick. Prepared biscuit mix is the secret.

Taffy Buns

2 cups prepared biscuit mix
2 tablespoons sugar
⅔ cup milk
1 teaspoon cinnamon
⅓ cup molasses
2 tablespoons melted butter
⅓ cup sugar
¼ cup raisins
¼ cup chopped nuts

Combine biscuit mix, sugar and milk and stir vigorously. Turn out on lightly floured board or pastry cloth and knead for 30 seconds. Roll into an oblong 6x16 inches. Sprinkle dough with cinnamon.

Combine remaining ingredients and spread one-third over dough and remainder in a greased 8-inch round or square pan. Roll up dough from the long side and cut into 1-inch slices.

Place biscuit slices in pan, cut side down. Bake in 375 oven 30 minutes. Cool 5 minutes. Invert on serving dish and serve immediately. Makes 6 to 8 servings.

Revitalize Vegetables

Wilted vegetables will perk up if you soak them for an hour in cold water to which a dash of vinegar or the juice of a lemon has been added.

TUNA-STUFFED PEPPERS—In celebration of National Tuna Week we present an eye-catching, mouth-watering tuna dish. Green pepper rings top the casseroles of creamy corn. Chunky pieces of canned tuna fill the rings. Perfect for Friday dinner.

Green Peppers Color Casserole

Corn Makes Base for Individual Dishes With Fish Bits on Top

Canned tuna is 50 years old in 1953. More tuna is coming to the stores all the time at a lower price than a few years ago. Serve this colorful oven-baked tuna casserole tonight or any night. Crisp red cabbage slaw is an appetizing accompaniment.

Tuna-Stuffed Green Peppers With Corn

2 tablespoons butter or margarine
¼ cup finely chopped onion
1 12-ounce can whole kernel corn
1 12-ounce can cream-style corn
2 small green peppers
1 7-ounce can solid-pack tuna, drained

Melt butter or margarine over low heat; add onion and cook until tender. Add whole kernel and cream-style corn; mix well and pour into individual greased casseroles.

Clean green peppers by removing all seeds and membrane; cut into 4 thick crosswise slices. Place green pepper on top of corn. Break tuna into large pieces with a fork; place in pepper rings. Cover and bake in 350 oven for 30 minutes. Four servings.

Roll Sweet Potato Balls in Almonds for Garnish

If you like to garnish the vegetable course, try these. Pineapple Top Hats: Mash cooked sweet potatoes, season, shape into balls. Roll in chopped almonds.

Strawberry Treat Light Yet Festive

When a heavy meal calls for a light dessert, this is your dish. Frozen strawberries are featured in a wonderfully fresh flavored fruit 'n' gelatin combination.

Superlative in flavor, this simple dessert is "just enough" to top off a round of hearty eating. And, what's more, with gay color and festive appearance, this dessert treat is ideal to serve at any holiday occasion.

Festive Strawberry Dessert

1 package strawberry flavored gelatin
1 cup hot water
1 12-oz. package frozen strawberries, defrosted
½ cup grape halves
½ cup coarsely chopped walnuts
1 or 2 bananas, sliced
8 marshmallows, quartered

Dissolve gelatin in hot water. Cool slightly then add strawberries and juice; add remaining ingredients. When gelatin mixture has partially set, divide into individual molds.

Amount: Six to eight servings. Serve with whipped cream if desired.

Dates Make Good Filling

Sliced dates, cooked with a little sugar, water, lemon juice and a dash of salt, make a delicious filling for rolled oatmeal cookies. Or use the date filling to layer between chocolate cake.

Blueberry Sauce on Sponge Cake 'Licking Good'

If you've become a blueberry enthusiast, you can expect to find the fresh product in market until November. Blueberry sponge cake is a treat made with either fresh or processed (canned or frozen) berries.

Beat one cup of heavy cream until it is thick as mayonnaise. Then beat in two tablespoons of sugar, gradually.

Fold in four cups of fresh berries. If processed berries are used, drain them.

Cut a sponge cake, purchased from your baker, into generous pieces. Spoon this cream mixture over the slices.

The crushed berries add a rich purple note of color to the dessert.

Blend Sardines, Eggs

Add sparkle to your next cold plate or salad luncheon with tasty sardine deviled eggs. Slice six hard cooked eggs lengthwise and scoop yolks into a bowl. Mash them with a fork, and mix with 1-3 cup sandwich spread or mayonnaise, 2 teaspoons prepared mustard, salt, pepper, and a small can of drained sardines cut into pieces. Stuff the mixture into the whites, and sprinkle with paprika if desired.

Pep Baked Potatoes With Deviled Ham

When you're buying deviled ham, keep this product in mind as a flavor booster. It is so easy and inexpensive to glorify any plain foods. Here is a suggestion to prove the point:

Deviled Baked Potatoes

4 large baking potatoes
1 can (2¼ oz.) deviled ham
1 tablespoon minced parsley
½ cup light cream or evaporated milk
Salt, pepper and MSG to taste

Split baked potatoes and spoon potato into bowl, reserve shells. Combine remaining ingredients with potatoes and beat until light and fluffy.

Pile potatoes into shells and bake in hot oven (400) 15 minutes, or until heated through and browned on top. Serve at once. Makes eight servings.

Your Spices Old?

How long can spices be stored? Spices do not improve with age. Never purchase more than you will use in a year's time. Spice oils which give flavor evaporate with exposure to heat and air. Keep them tightly covered and away from hot ovens.

REVOLUTIONARY NEW COFFEE!

Not a powder! Not a grind! But millions of tiny "FLAVOR BUDS" of real coffee... ready to burst instantly into that famous MAXWELL HOUSE FLAVOR!

Utterly unlike old-style "instants"... just as quick but tastes so different!

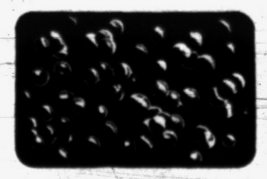

An amazing discovery from America's leading coffee company! So different—so *delicious*—it's already the nation's largest-selling instant coffee! In the famous Maxwell House kitchens this superb coffee is actually brewed for you. At the exact moment of perfection the water is removed—leaving the miracle "Flavor Buds"!

100% Pure Coffee... No Fillers Added!

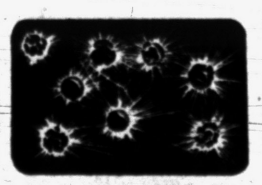

Just add hot water... and the bursting "Flavor Buds" flood your cup with the richest coffee you've ever tasted. One sip and you'll never go back to old ways!

Saves money, too! The large economy-size jar saves up to 75¢, compared to three pounds of ground coffee!

See how Flavor Buds "come to life" in your cup!

MAGNIFIED VIEW of new miracle "Flavor Buds" shows how utterly different they are from old-style powder and grinds. Secret of true coffee flavor is locked in these tiny hollow spheres.

THE INSTANT you add hot water, "Flavor Buds" burst—releasing flood of delicious Maxwell House flavor. *This is coffee*—as perfect as any you've ever tasted!

The only instant coffee with that GOOD-TO-THE-LAST-DROP flavor!

Oriental BRAND SHOW-YOU-SAUCE

Puff Pancakes Newest of New

Puff pancakes, so new the recipe isn't even on the biscuit mix box yet, is the latest idea of a famous flour company.

Twice as high, twice as light, and of chiffon cake texture, this new kind of pancake doubles as a breakfast treat and a delightful dessert.

Puff Pancakes

2 eggs
1 cup milk
2½ cup biscuit mix
2 tablespoons sugar
¼ cup salad oil or melted shortening

Beat eggs at high speed in electric mixer or by hand for five minutes. Blend in milk. Add biscuit mix and sugar. Mix until thoroughly dampened. Mix in oil.

Spoon onto medium-hot, ungreased griddle. When puffed up, and bubbles begin to break, cook on other side.

Serve with syrup or as dessert with warm fruit and whipped cream. Makes about 15 to 20.

Pineapple Slices Can Glamorize Simple Dinner

To "glamorize" a simple dinner party—garnish. It's a chef's device that home cooks all too seldom employ.

Garnishes should be gay and colorful, chuck full of eye appeal, but still taste good.

Here are a few varied possibilities for using colorful pineapple to glamorize your menus.

Minted and cinnamon pineapple adds a festive air to baked ham, hot or cold.

Just heat pineapple slices in their own syrup to which have been added a bit of green vegetable coloring and mint extract.

For the "blushing" pineapple, just add a handful of red cinnamon candies, or red coloring and cinnamon bark; allow to stand several hours or overnight, or seal in sterilized fruit jars.

Sugar, added to yeast bread, gives color to the crust.

Flavor Green Beans With Pickle Juice

Fix green beans in the way given below and you'll never throw away a drop of pickle juice.

Extra-Special Green Beans

1½ pounds green beans
⅓ cup spiced pickle juice (juice from canned sweet cucumber pickles)
½ teaspoon salt
¼ pound bacon
1 onion, diced

Wash beans, string and leave whole. Place beans and diced onion in saucepan. Add pickle juice and salt. Cook on high heat until steam escapes—about 5 minutes. Simmer for 20 minutes or until beans are tender. Cut bacon in small pieces and fry crisp in a skillet. Add bacon and drippings to beans just before serving.

Wipe off newly-bought fresh fruit with a clean, slightly damp cloth before you put it away. This not only cleans the fruit but helps to check rot that may have been transferred from other fruits.

Nutrition in Egg Solids Same as Fresh Ones

To obtain egg solids, farm fresh eggs are candled, broken and separated; they are blended and strained to remove any membrance or shell particles; they are pasteurized, homogenized and stabilized before being dehydrated and packed.

Scientific and sanitary controls are maintained during every step of processing. Egg solids are the same as fresh shell eggs with only the moisture removed—the nutritional and functional properties of the shell egg are retained.

Pep Up Asparagus

Asparagus takes on new life when served in a tangy mustard sauce. Use the liquid drained from a can of asparagus to make a white sauce, adding 1 tablespoon prepared mustard. Add asparagus and heat. In another pan, brown dry bread or cracker crumbs in butter and sprinkle over the asparagus just before serving.

FALL'S FIRST PUMPKIN PIE—Having pumpkin pie to eat offsets somewhat having to endure cold, wet fall days. This traditional spicy pumpkin pie favorite is topped with chopped nuts and whipped cream flavored with maple syrup.

Oranges and grapefruit are more easily peeled if you put them in boiling water for a few minutes first.

Spicy Pumpkin Takes to Maple

What could be a nicer welcome to family and friends than that of the fragrance of spicy pumpkin pie baking in the oven. Add the taste of that same wonderful pie as the perfect ending to a meal. M-m-m.

For pumpkin pie symbolizes hospitality and friendliness today as it did in the time of our Pilgrim fathers.

With evaporated milk, canned pumpkin, eggs, and a variety of spices, even the newest of homemakers can make perfect pumpkin pies every time. And using evaporated milk results in a rich, smooth-textured pumpkin pie.

Pumpkin Pie

¾ cup dark brown sugar, firmly packed
1½ cups cooked or canned pumpkin
½ teaspoon salt
2 teaspoons cinnamon
½ teaspoon ginger
¼ teaspoon mace
¼ teaspoon nutmeg
2 eggs, unbeaten
1 tall can evaporated milk (1⅔ cups)
1 9-inch unbaked pie shell

Add the sugar, salt, and spices to the pumpkin. Add the eggs and mix well. Gradually stir in the evaporated milk. Pour into an unbaked 9-inch pie shell and bake in a 400 degrees oven for 35-40 minutes. If a glass pie plate is used, bake at 375 degrees for approximately 55 minutes.

Garnish with whipped cream and chopped nuts. For maple flavored whipped cream add ¼ cup pure maple syrup to the cream after it has been whipped.

Pumpkin Custard Will Please Family

Pumpkin custard may be an old family favorite at your house — or a yet-to-be-discovered taste surprise. In either case, there's no easier way to get a wonderful dessert than with the recipe below.

The can't-fail custard base is custard flavor dessert which adds wholesome flavor and creamy smooth texture to the pumpkin-spice mixture in only three minutes cooking time.

Chill the pudding, top it with whipped cream, serve, and see what a happy family you have.

Pumpkin Custard

1½ cups canned pumpkin
¼ cup brown sugar
¼ teaspoon cinnamon
¼ teaspoon nutmeg
⅛ teaspoon ginger
1 cup cold milk
1 package custard flavor dessert

Combine pumpkin, brown sugar and spices in saucepan. Cook over medium heat, stirring constantly, until thickened (about 10 minutes).

Remove from heat. Gradually add milk, stirring to keep mixture smooth.

Add custard flavor dessert and mix in well. Return to heat. Bring to a boil over medium heat; boil for three minutes.

Pour into custard cups. Chill until firm. If desired, top with whipped cream. Makes four servings.

Different Breakfast Uses Red Apple Rings

Here are apple ideas for better breakfasts:

1. Serve broiled or fried Jonathan apple rings with link sausages. Glaze apple with brown sugar and a little of the sausage drippings during the cooking.
2. Dice Jonathan apple and add to muffin or pancake batters. The red skinned bits of apple add color and texture appeal as well as flavor.
3. Serve baked Jonathan apples for breakfast. They may be baked the preceding day and reheated or served cold with cream. To bake apples, wash and core the apples and peel about one-fourth of the way down. Bake at 400 degrees about one hour or until tender.

Sensible Weight-Watching Simplifies Pound-Paring

AP Newsfeatures

It's easier to diet than you think—if you follow the Sensible School of Weight-watching.

Let us make clear that we are not advising persons who are greatly overweight. They need to consult their doctors. We're talking to the women on whom last year's suit feels a little tight.

That telltale roll of flesh around your middle making your waistband bulge? The mirror—to say nothing of the scales—silent witness to the fact that you've gained some extra pounds? Then you are hereby elected to our club.

First rule of the Weight-Watchers' Association is that every day you eat the protective foods that give you the protein, vitamins and minerals you need.

That means you eat meat, poultry or fish; dairy foods, vegetables and fruit. You also eat cereal and bread for the food values and satisfaction they contribute.

Second rule of the club is that you always have breakfast. Three evenly-spaced meals a day, with midmorning and mid-afternoon pickups, will help prevent you from getting over-hungry at any one time and keep your body functioning at its best.

But it's right at breakfast that weight-watching starts. You have an egg without fat—poached or soft-cooked, never fried. You drink orange juice or eat grapefruit without sugar.

You're used to cream in your coffee? Well, if you must, you start by adding one teaspoon instead of a couple of tablespoons; most of the time you take it black.

You spread your crisp slice of toast with one teaspoon instead of a large square of butter or margarine. Or if you like the crisp, crunchy taste of ready-to-eat cereal, you take it without sugar and with nonfat milk.

At lunch and dinner you enjoy meat, chicken or turkey, fish or cottage cheese. But you cut the fat away from those chops or that steak; you quietly leave the gravies.

You eat your vegetables without sauces, your salads without mayonnaise or oil dressings. You learn how delightful an herb-flavored vinegar — garlic, basil or tarragon—tastes on hot cooked vegetables and salads.

You have a mid-morning or afternoon snack: a glass of tomato juice, nonfat milk or buttermilk. Maybe a cup of coffee or tea—but no Danish pastry.

You have one dessert a day, but you choose the low-fat, low-sugar desserts and cut down on quantities. You make, for instance, a grapefruit and orange gelatin dessert and put it in your prettiest mold.

Soon you enjoy the clean tangy taste of such a dish and are ready to bypass the fudge cake a la mode except when you go on an occasional splurge.

Pretty Fruit Mold

1 package lemon-flavored gelatin
1 cup very hot water
1 cup unsweetened grapefruit juice (fresh or canned)
Dash of salt
1 cup diced membrane-free grapefruit sections (fresh)
1 cup halved seeded white grapes

Dissolve gelatin in hot water. Stir in grapefruit juice and salt. Chill until slightly thickened. Fold in grapefruit and grapes. Pour into mold. Chill until firm. Makes seven servings.

Foil for Pie Tins

Aluminum foil pie pans—in different sizes and shapes—are wonderful for deep-freezing homemade pies, cupcakes, custard, etc. They're easy to pack and blessedly inexpensive!

Coffee for Crowd Made Post-Haste

Next time you entertain your club group, or are responsible for the beverage at the church supper, have this trick up your sleeve.

It only takes seconds with no effort at all to make coffee for 25 people using the recently developed streamlined method and instant coffee.

Instant Coffee for 25 People

1 two-ounce jar instant coffee
1 gallon very hot water

Empty the jar of instant coffee into a large container. Add the hot water and stir. Serve with cream and sugar to taste. Makes 1 gallon (25 5-ounce servings.)

Foam Rubber Cushions

The divan or studio couch never looks so inviting as when decked with comfy looking pillows. They're easy to make yourself if you buy foam rubber cushion shapes (square or round) and cover with bright corduroy, velveteen or antique silk.

A tough crust on a cake may be caused by too much flour, not enough sugar or shortening, too hot on oven or baking the cake too long.

Food Like New in Airless Wrap

NEW YORK—One day soon shoppers may be buying plastic film packs of cold cuts, frankfurters or bacon that were packaged months before—and the food will still be fresh, according to a current trade magazine.

This is possible because of a new and unique machine which has proven successful in the pilot plants of several major food processors, the magazine says. Five commercial units are installed in production lines in packaging plants throughout the country.

The meat in unsealed film packs is fed into the machine which then evacuates the air from them, blankets the product with a controlled quantity of inert gas and electrically seals the package. The machine handles more than 50 units a minute.

The inert gas is jetted into the package because a high vacuum produces a strain on the container, making it liable to rupture in rough handling.

Sealed, the package filled with gas can withstand the weight of a 200-pound man, the magazine says.

The amazing keeping qualities of the samples tested in laboratories are attributed to the extra removal of oxygen which the system achieves. It takes the package down to about 0.5 per cent oxygen and then seals it effectively.

CORNED BEEF HASH — Here is a choice, easy-to-prepare dinner that the whole family will love . . , canned corned beef hash, fried apple slices and the scones shown above or your own baking powder biscuits. Add a green salad and dessert.

Canned Corn Beef Hash Rates High With Menfolk

Favorite among many housewives is one brand of corned beef hash which contains no onion as do many brands. The makers say it is easy to add onion, but impossible to take it out.

Canned corned beef hash is a particularly good buy. Another advantage of this product is that it's so perfect for children's lunch. High in meat proteins, it makes an easy-to-serve, hot noonday meal. It can actually be tumbled into a pan and heated in four minutes.

While we are on the subject, did you know that 90 per cent of the restaurants in the nation serve corned beef hash at least once a week, principally because men do not get it at home?

It's too hard to make, so most homemakers skip it until they discover canned corn beef hash, which has such uniform high quality that it has grown and grown in popularity.

Corned Beef Hash Slices and Fried Apple Slices

2 cans corned beef hash
4 apples
Parsley

Open both ends of chilled cans of corned beef hash, slide out contents and cut in four slices. Place in lightly greased hot skillet and cook until brown and crisp.

In another skillet, place quartered apples (peeled or unpeeled) in butter or shortening. Let cook slowly until tender and somewhat transparent. Watch them carefully so they don't burn.

Surround the browned corned beef slices with the fried apples. If desired, sprinkle the apples lightly with powdered sugar. Serves four.

Left-over Storage

Waxed-paper sandwich bags make dandy small containers for dibs and dabs of food that have to be refrigerated. A little grated or sliced cheese, a few pieces of meat or some drained cooked left-over vegetables will all store well in these bags.

Use That Food Blancher

A large aluminum food blancher, so useful in preparing foods for the home freezer, may also be used for cooking spaghetti, sterilizing a baby's bottles, frying in deep fat and for boiling a smoked tongue, ham or fowl.

Children love its good

A big glassful goes down in a hurry! Little boys and girls (and big ones, too) love that fresh-milk flavor. Gives them *all* the bone and muscle-building nourishment of milk, too ...and costs only about 9¢ a quart!

NEW EASY MIXING because it's low-heat processed

Mixes fast with water right out of the cold-water faucet.

NEW AIRTIGHT SCREW-TOP GLASS JAR

Won't cake, lump, harden, or "sift" onto shelves.

IN TWO SIZES AT YOUR GROCER'S

Zippy Horseradish Sauce Perfect With Croquettes

Croquettes, crusty and golden brown from deep fat frying, are the ideal end for the ham left over from Sunday dinner.

Green pepper, chopped onion, celery salt and thyme make sure the flavor is something more than ordinary, and by adding the zip of horseradish sauce, you have a combination that's sure to bring requests for seconds.

Evaporated milk used in the croquettes keeps them moist inside — used in the horseradish sauce it assures extra creaminess.

Incidentally, the horseradish sauce doubles as a good complement of meat loaf.

Ham Croquettes

6 tablespoons butter
1 tablespoon chopped green pepper
1 teaspoon chopped onion
⅓ cup flour
1 cup water
1 egg
¾ cup evaporated milk
2 cups diced cooked ham
½ teaspoon salt
Few grains pepper
½ teaspoon celery salt
1-16 teaspoon powdered thyme
⅓ cup fine dry bread crumbs
¼ cup evaporated milk

Melt butter in saucepan over low heat. Add green pepper and onion, and cook gently until pepper is tender. Blend in flour. Stir in water, then cook until thickened, stirring constantly.

Beat egg, then add the three-fourths cup milk. Add slowly to flour mixture, stirring rapidly all the while. Cook for five minutes, continuing to stir constantly. Remove from heat and add the ham, salt, pepper, celery salt and thyme.

Spread in shallow pan and chill thoroughly, about two hours. When chilled, cut mixture into 12 portions. Lift out each portion and form into a roll about 2½ to 3 inches long by rolling between palms of hands. Roll each croquette in crumbs, then in the one-fourth cup milk, then in crumbs again.

Drop into deep hot fat (365) and fry until golden brown, about two to five minutes. Drain on absorbent paper. Serve hot with horseradish sauce, if desired. Makes 12 croquettes (six servings).

Horseradish Sauce

2 tablespoons butter
2 tablespoons flour
1 cup water
1 cup evaporated milk
3 tablespoons prepared horseradish
1 tablespoon lemon juice
½ teaspoon salt

Melt butter in saucepan over low heat. Blend in flour. Add water gradually and cook until thickened, stirring constantly. Add milk and heat to serving temperature, stirring occasionally.

Add horseradish, lemon juice and salt. Serve immediately on ham croquettes or meat loaf. Makes six to eight servings.

FILLED APRICOT COOKIES—These sweet Filled Apricot Cookies are easily made and most attractive . . . any season of the year. Delicate brown cookies with sun-gold apricot filling and cups of hot tea establish a feeling of well-being among your guests.

Tales Surround Coffee, World's Favorite Drink

By JANET ODELL

When you poured that fragrant cup of hot coffee this morning, did you wonder how coffee became such a universal favorite?

Several legends account for the discovery of coffee as a beverage. One relates the story of an Arab chief who was taken ill in Persia. A wise Persian cured him with a drink brewed from some wild berries. Carrying some of these precious berries back to Arabia with him, the chief planted them and thus started coffee growing in that country.

The other legend is more fanciful. Shepherds observed sheep grazing on a certain shrub and becoming wakeful; they tried the same berries, liked them, and coffee has been drunk ever since.

But regardless of legend, Arabia and Ethiopia are the original homes of the coffee tree, even though now two-thirds of the world's supply is grown in Brazil.

Coffee, as a food, is fairly recent. The Greeks and Romans knew nothing about it. By the 15th Century it was being drunk in numerous countries. It had to fight its way, as new things often do.

Objections ranged from religious prohibition by the Koran to a complaint in the 1600s that people would dwindle into pigmies if they continued to drink coffee.

Happily, for coffee drinkers, most of the objections died away and coffee is a favorite drink the world around. Although the United States leads the world in total coffee consumption, the amount per capita is below that of some of the European countries.

We drink about 12 pounds per person each year, whereas the Dutch use 15 pounds per person.

Ripeness of the berries when picked and length of roasting time determine the taste of coffee. Each kind of coffee has its own taste and many are blended. It is purely a matter of individual preference. When you find a favorite brand, stay with it.

Less than a hundred years ago, home-roasting of coffee was a matter of course. People resisted commercial roasting. But final acceptance of it increased the consumption of all coffee.

Ground coffee was available as far back as 1863—in a paper bag. Although many kinds of containers have been tried since, only two have stood the test of delivering fresh coffee to the consumer—vacuum cans and paper bags.

Each of us has his favorite way of making and drinking coffee. So it is with nations who each have a special way of preparing coffee.

Cafe au Lait (French)

Use equal parts of hot milk and coffee. To serve in the true French manner, pour both into the cup at the same time. Serve at once.

Turkish Coffee

8 heaping teaspoons extra fine ground coffee
4 teaspoons powdered sugar
8 cups boiling water

Pour ingredients into a pot, bring to a boil and remove from flame. When bubbling stops, put back on stove and bring to a boil again. Repeat this three times.

Let pot stand off flame for a few minutes before serving. Eight to 10 servings.

Whole Family Likes Orange Crackles

We all want to be sure that our children get plenty of vitamin C. Here's an interesting way of providing it. You'll please the whole family.

Orange Crackle Cookies

8 tablespoons (¼ pound) butter or margarine
1 cup sugar
1 can (6 oz) frozen orange juice, undiluted
3 cups all-purpose flour
½ teaspoon baking soda
Glaced fruit for garnish

Place butter or margarine over low heat until melted. Cool slightly, then blend with sugar. Add frozen orange juice, undiluted and mix well. Sift flour with baking soda and add gradually to orange mixture. Knead on floured board until dough is blended. Roll out ⅛-inch thick. Cut into rounds with 2-inch cooky-cutter.

Place on greased cooky sheets and garnish with glaced fruits (optional). Bake in moderate (375) oven 10-12 minutes until golden brown. Place on cooling rack immediately. Approximately 4½ - 5 dozen cookies.

Potatoes bake mealier if a bit of each end of the vegetable is cut off before it hoes into the oven.

Apricot Cookies Fill Every Need

As the weather gets colder, more home baking is done. The fragrant aroma of freshly baked cookies is pleasing to everyone.

Mothers who keep the cookie jar filled have top rating with youngsters and oldsters alike. And these cookies are ideal when afternoon callers drop in unexpectedly.

The season is at hand when there will be many demands for cakes, pies, cookies and all kinds of tempting desserts. Add this recipe to your file of holiday season cookies.

Filled Apricot Cookies

3½ cups sifted enriched flour
1 teaspoon salt
1 cup shortening
1 cup sugar
2 eggs
1 teaspoon vanilla extract
Apricot Filling

Sift together flour and salt. Cream together shortening and sugar until light and fluffy. Add eggs and vanilla extract. Beat well. Add flour mixture to creamed mixture, mixing until well blended. Chill. Roll out ⅛ inch thick on floured board or pastry cloth.

Cut half of dough with biscuit cutter and other half with doughnut cutter. Put about 1 teaspoon filling on plain rounds. Cover with doughnut rounds, pressing edges together with fork. Bake on ungreased baking sheets in 400 oven 10 minutes.

Apricot Filling

1 cup chopped cooked dried apricots
½ cup sugar
½ cup water
2 tablespoons butter or margarine

Cook apricots, sugar and water together until thick. Remove from heat and add butter or margarine. Cool.

Makes about 2½ dozen 2-inch cookies.

Third Recipe Given for Anniversary Pie

Here's recipe No. 3 for making that wonderful Anniversary Fudge Pie from quick fudge mix. This is the Orange Coconut pie.

Orange Coconut Anniversary Pie

1 unbaked 9-inch pastry crust
1 package coconut quick fudge mix
2 large eggs
1 teaspoon grated orange rind
⅓ cup orange juice
¼ cup melted butter
¾ cup pecan halves

Put quick fudge mix into bowl. Add eggs, grated orange rind, orange juice and melted butter. Beat with rotary beater until thoroughly blended. Stir in pecan halves.

Pour into unbaked crust. Bake at 375 degrees for 40 minutes until filling is set. Cool. Serve with whipped cream. Makes 8 to 10 servings.

There's an Art Serving Fresh Fruit Dessert

There's an art to serving fresh fruit for dessert. Apples should be washed and rubbed with a soft towel until they are shiny. Pears, too, should be rinsed and then lightly polished with a towel.

Grapes should be rinsed in cold water, dried on a soft towel and then cut into serving-size bunches.

If you have a grape scissors to place on your fruit bowl, it is not necessary to precut the fruit, ivy or huckleberry leaves around the edge of your fruit bowl will make it most attractive.

Use a potato masher to flatten drop cookies — you'll discover the baked cookies have interesting geometric designs on their tops.

Tomato Soup Tops for Lunch

What on earth would mothers do without peanut butter? For that matter, what did children eat for lunch before there was any peanut butter?

Used it for a tasty sandwich, along with a filling tomato soup. The soup is a bit different; it's made with tomato juice, salami and elbow macaroni.

Tomato-Roni Soup

2¼ cups tomato juice (No. 2 can)
2¼ cups water
¼ cup diced salami
3 ounces elbow macaroni

Combine tomato juice, water, salami and macaroni in saucepan. Simmer 10 minutes. Serve hot. Makes 4 servings, 1 cup each.

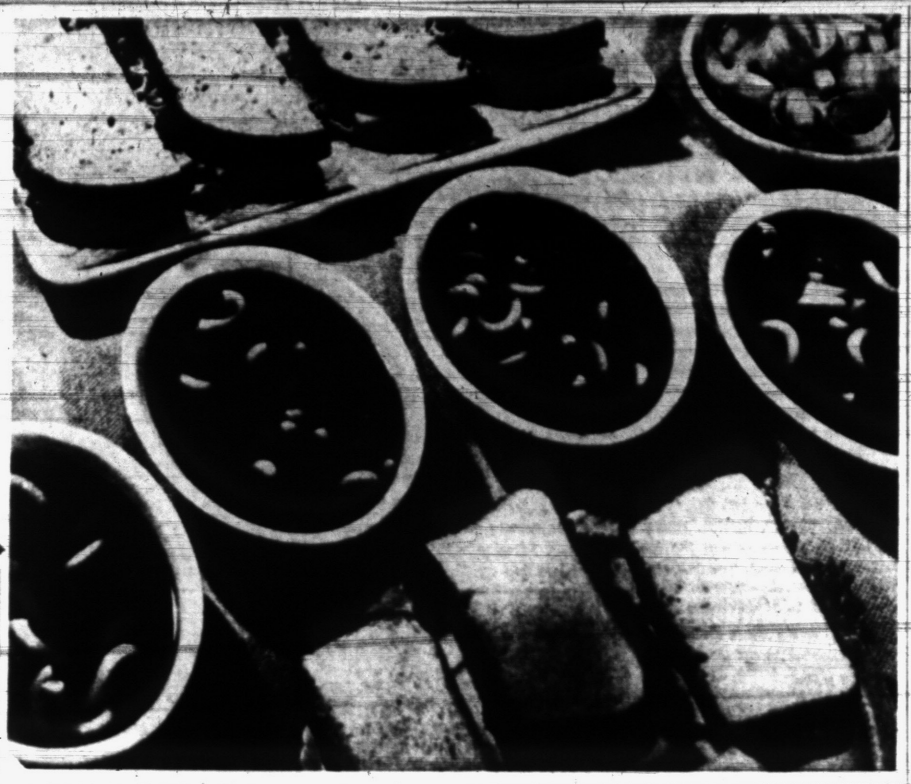

Lemon Adds Tang to Barbecued Ribs

Citrus fruit juice adds tang to meats. Try this recipe for barbecued ribs and see what the lemon does for taste.

Lemon Barbecued Ribs

3 to 4 pounds spare ribs
½ cup lemon juice
½ cup catsup or chili sauce
1 teaspoon horseradish sauce
1 teaspoon salt
Dash Tabasco sauce
1 tablespoon Worcestershire sauce
½ cup fresh orange juice
2 teaspoons dry mustard
½ teaspoon paprika
¼ cup honey or brown sugar
1 clove garlic
2 lemons unpeeled and sliced

Cut ribs in pieces; place in roasting pan and brown at 450 for 30 minutes. Drain off fat. Combine remaining ingredients except the sliced lemons; brush over spareribs. Place a slice of lemon on each piece of meat. Reduce heat to 350 for one hour, basting frequently with sauce. Serves five to six.

SCHOOL DAY LUNCH—Youngsters will go for this lunch: American cheese and lettuce on whole wheat bread, peanut butter and lettuce on enriched white bread, carrot curls and Tomato-Roni Soup.

Puddings Attractive Steamed Individually

Puddings are attractive when they are steamed individually in six-ounce jelly glasses. Just be sure to grease the glasses well and fill them about half full with the pudding batter.

Cover them closely by tying several thicknesses of waxed paper over their tops with string.

Nut Crunch Candy Rich in Molasses

A candy excellent for gifts or for home enjoyment is molasses nut crunch. Simple of ingredients and preparation, this candy also offers the nutrition of iron-rich molasses and the food values of nuts.

Molasses Nut Crunch

1 cup unsulphured molasses
1 cup sugar
1 tablespoon butter or margarine
½ teaspoon baking soda
2½ cups chopped peanuts or other nuts

Combine unsulphured molasses, sugar and butter or margarine in a 2-quart saucepan. Place over low heat and stir until sugar is dissolved. Cook over medium heat until syrup, when dropped in very cold water, separates into threads which are hard but not brittle, or until candy thermometer reaches 270.

Remove from heat; stir in baking soda. Add nuts. Turn into a greased 8-inch square pan; spread quickly. When candy is slightly cool, cut into squares. Wrap in waxed paper. Yield: About 1¾ pounds.

Custards Are One Way

Custards are a good way to give your family more milk. It's easy to serve smooth, velvety, stirred custards. The trick is to heat them only until they coat the spoon — then cool them quickly. Vanilla flavoring is good, but you can also give variety to custards. Try a good tested recipe that uses a combination of flavorings.

Sandwich With Cheddar and Don't Forget Salad

Here's a nutritious, good-tasting and easy-to-prepare lunch for that day when you're doing a big cleaning job. Serve canned cream of tomato soup, toasted cheddar cheese sandwiches and salad of unpeeled red apple mixed with celery and mayonnaise.

Spoon the salad into big lettuce cups and arrange the sandwiches, cut into triangles, on the side of the salad plates. It pays to make food look appetizing — even when you're in a hurry!

Tempting 'Cake' Low in Calories

Sometimes the hardest restriction to face on a diet is the cutting down on desserts . . . or eating desserts that have little eye-appeal.

A happy solution is this no-bake refrigerator cake made with unflavored gelatin. It has beauty and dessert satisfaction and very few calories into the bargain.

In the first place, unflavored gelatin which creates the chiffon texture is all protein . . . no sugar added. When the gelatin is combined with eggs, whipped evaporated milk, fresh lemon rind and non-caloric sweetening tablets the dessert adds up to only 86 calories per serving.

Low Calorie Chiffon Cake

¼ cup cold water
Non-caloric sweetening tablets (20 ¼ grains saccharine, or 20 ⅛ grains sucaryl)
¼ teaspoon salt
1 teaspoon grated lemon rind
¼ cup lemon juice
1 envelope unflavored gelatin
3 eggs separated
⅔ cup icy cold evaporated milk, whipped
6 chocolate cookies, finely rolled

Line an 8-cup loaf pan with waxed paper which has been cut to fit. Combine in top of double boiler, water, non-caloric sweetening tablets, salt, lemon rind and lemon juice. Soften gelatin in liquid; stir in slightly beaten egg yolks.

Cook over hot, not boiling, water until mixture thickens. Remove from heat; cool. Beat egg whites until stiff; fold in gelatin mixture. Fold in whipped evaporated milk.

Spoon one-third of the mixture into prepared loaf pan; sprinkle with one-half of the crushed cookies. Repeat, ending with gelatin mixture. Chill until firm. Unmold; if desired, garnish with additional cookie crumbs. Makes 10 servings.

Boiling water poured over nuts before cracking will help to make the meats come out clean and whole.

Rich Beef Stew Easy on Purse

Don't sigh over broiled steaks and rib roasts. Be delighted that fall brings an abundance of lean, grass-fed beef to market; cool wet days are just the time to simmer a beef stew.

Add only enough liquid at first to cover the bottom of the pan. Add more as needed. Keep the vegetables out until about 30 minutes before serving time; they shouldn't be overcooked.

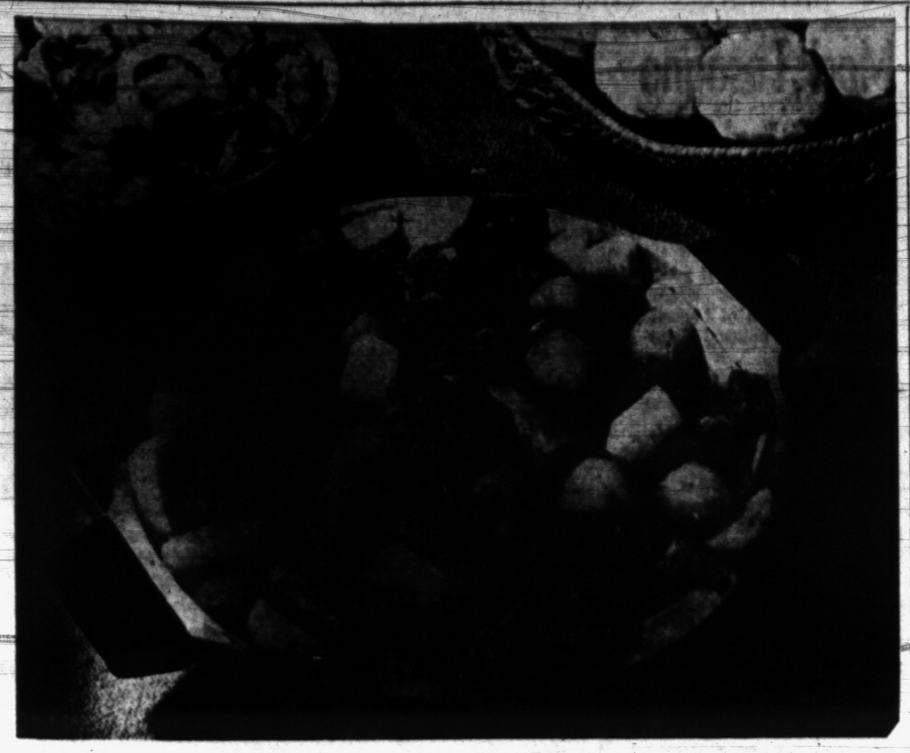

Brown Beef Stew

1 lb beef or veal shoulder (boneless)
1 teaspoon salt
¼ teaspoon pepper
½ teaspoon paprika
¼ cup flour
2 tablespoons fat
1 cup water (or leftover vegetable juice)
1 tablespoon Worcestershire sauce
1 teaspoon kitchen bouquet
1 tablespoon catsup
4 medium potatoes (pared)
4 medium carrots (scraped)
4 medium onions (peeled)

Cut meat into bite-size pieces. Roll in blended salt, pepper, paprika and flour to coat each piece and brown in fat in a heavy kettle.

Add water or juice and seasonings and simmer about two hours. Add the prepared vegetables. Cover and cook until vegetables are tender. Serve piping hot.

If the broth is too thin, thicken it with a tablespoon of flour mixed with one-fourth cup cold water. Boil, stir and taste.

BROWN BEEF STEW—Stew makes a delicious dish that is also easy on the pocketbook. The less tender cut of meat can be used, and all sorts of vegetables add to its goodness. Be glad if some is left, for stew always tastes better after standing a day.

Try Banana Milk Shake

A chocolate banana milk shake will delight a small boy or girl. To make it, press a banana through a coarse sieve and mix it with a cup of cold milk and chocolate syrup to taste.

Orange and Gingersnaps Tint Pie in Autumn Hues

Of course, fresh-frozen orange juice is good for something beside the morning eye-opener. Today we put it in a pie—a delicious orange gingersnap pie with the orange and brown tints of fall leaves.

You get a good, concentrated orange flavor when you use the undiluted juice. It's a fresh, tangy taste, something to put the sparkle in an everyday pie, and add a touch of glamour.

Now for some hints on preparing your pie filling. Seems as though it's always open season for cooking tips doesn't it? When you separate the eggs, if some of the yolk should get into the whites (and this happens to the best cooks on occasion) you can get rid of it quickly by floating that yellow streak into the half eggshell. This is much more effective than trying to fish it out with a spoon.

You know, don't you, that you never, never allow an egg mixture to boil? That is why we recommend the double boiler here. You have a much better chance of getting that smooth, velvety look when you cook eggs over hot water.

Used to be that many a cook would try to save on washing the rotary beater twice by beating the egg whites first, and then the yolks. We know now that this is very poor management. When egg whites are whipped up and then allowed to stand, those delicate air cells break down.

So, to lift the spirit of your pie, or any chiffon dish, pay attention to the egg whites just before using. They don't take kindly to the wallflower treatment.

And one last reminder, egg whites cooperate much better when you beat them at room temperature. So let them stay out of the refrigerator a while before beating — you'll get that much more volume.

Orange Gingersnap Pie

Gingersnaps
1 tablespoon (1 envelope) unflavored gelatin
¼ cup cold water
1 cup sugar
1 cup (6 oz) frozen orange juice (undiluted)
3 large eggs, separated
1 tablespoon lemon juice

Grease a deep 9-inch pie plate and line with gingersnaps. Soften gelatin in cold water five minutes. In top of double boiler combine one-half cup sugar, three slightly beaten egg yolks, undiluted frozen orange juice and strained lemon juice. Cook over hot water until mixture thickens and coats back of spoon.

Add softened gelatin and stir until dissolved. Remove from heat and allow to cool.

When mixture is cool, beat egg whites until they form moist peaks. Add remaining one-half cup sugar, about 2 tablespoons at a time, beating with rotary beater after each addition.

Fold meringue carefully into cooled orange mixture. Pour into pie plate lined with gingersnaps and chill in refrigerator at least four hours. May be garnished with whipped cream if desired.

Deluxe Baked Potato

To serve a really deluxe baked potato, try this: Slit and scoop out the insides of each baked potato, mash and add vitaminized margarine, salt, warm milk and one or more of these — chopped bacon, grated cheese, finely chopped onion, or pimiento. Refill shells, place in oven until lightly browned and serve piping hot.

Molded Plums Dramatic Dish

An exceptionally handsome and delectable salad ring is this plum and cottage cheese one. Canned blue plums, pitted and halved, are placed in the mold first so that when it is turned out they form a dramatic crown for the delicate pink-toned salad ring.

The salad base is made with a package of orange flavored gelatin. For extra savor, the plum syrup is utilized in preparing the gelatin.

Creamed cottage cheese, chopped celery and pecans are added for substance and texture interest. And whipped evaporated milk imparts to the gelatin mixture taste-pleasing richness and a creamy lightness.

Plum and Cottage Cheese Salad

1 No. 303 can blue plums
1 package orange flavored gelatin
Plum syrup plus water to make 1 cup
1 cup creamed cottage cheese
½ cup chopped celery
½ cup chopped pecans
2 tablespoons lemon juice
½ cup evaporated milk, chilled ice cold

Drain plums and save syrup. Cut plums in halves, remove and discard pits. Place plum halves fairly close together in the bottom of an 8-inch ring mold or in 8 individual molds.

If any plum halves remain, save for use for some other purpose. Empty gelatin into a medium size mixing bowl. Heat syrup and water to boiling. Add to gelatin and stir until gelatin is dissolved.

Chill gelatin until it begins to the cottage cheese, celery, pecans and lemon juice. Whip milk until it will hold a stiff peak.

Fold into chilled gelatin mixture. Spoon carefully over plums. Chill until firm, about 2 to 3 hours. When ready to serve, unmold on chilled platter. Garnish with orange or grapefruit segments, if desired. Makes 6 to 8 servings.

Gelatin Parfait Light, Sparkling

There's more than one way to use a package of orange-flavored gelatin. Its fine clear flavor blends well with other foods for many dessert and salad ideas. Not surprising then is the latest recipe, an exciting cranberry parfait.

Here orange-flavored gelatin serves a twofold purpose—it helps to thicken the strained cranberries, and it adds an exciting flavor lift.

The mixture is blended with meringue and heaped in parfait glasses for chilling. A wonderful dessert for those who like something "a little different" in the round of holiday feasting ahead.

Cranberry Parfait

3 cups fresh cranberries, washed and picked over
1 cup cold water
1 package gelatin (orange flavor)
¾ cup boiling water
3 eggs, separated
¾ cup sugar
¼ teaspoon salt

Measure cranberries into saucepan. Add cold water. Bring to a boil over medium heat and continue cooking until all berries pop. Force cooked berries through a strainer.

Empty gelatin into a bowl. Add boiling water and stir until dissolved. Beat egg yolks until light. Add one-fourth cup of the sugar and beat in. Pour hot gelatin mixture slowly over egg yolks, stirring constantly.

Stir in salt and strained cranberries. Chill, stirring occasionally to keep mixture smooth, until slightly thickened.

Beat egg whites until foamy. Gradually add remaining one-half cup sugar and beat in. Continue beating until mixture forms soft peaks. Fold beaten egg whites into thickened gelatin mixture.

Pile into parfait glasses. Chill until firm. If desired, top with whipped cream. Makes six to eight servings.

Temperature Important for Juicy Roast Beef

Beef roasts that turn out tender, but very dry, probably have been roasted at too high a temperature for too long a time. Roast beef in a slow oven (300). Allow 18 to 20 minutes per pound for rare and 27 to 30 minutes per pound for well-done meat.

A meat thermometer gives you an absolute test for doneness of roasts. Meat should not be rinsed in water. Wipe it with a clean damp cloth and you'll preserve all the flavor and goodness.

To vary sugar cookies, divide your dough in half; use lemon extract to flavor one half, almond extract in the other.

Plastic Fish for Table Squeezes Lemon Juice

A little plastic fish will do your lemon squeezing without any squirts on the tablecloth. Made of hard plastic vinyl, the little fish squeezes juice from a lemon inside when you press on the tail. The juice flows into a fish-mouth, and is served through a pit-straining spout.

The gadget costs 69 cents, is said to be tasteless and odorless, and washes by rinsing.

Toast Round Spread

Make delicious canapes for a snack by mixing softened cream cheese and chopped canned pimiento; spread on toast rounds. Add elegance with a garnish of pimiento strips or a slice of ripe olive.

NOW! Nonfat milk in an instant!

Borden's STARLAC, America's finest nonfat milk, NOW AVAILABLE IN 1-QUART ENVELOPES!

Don't mess around with spoons! Starlac is now self-measuring. No muss or fuss. Tear open envelope. Pour contents into 1 quart water. Mix. Chill. Drink.

New, 3-envelope RED PACKAGE makes 3 quarts

Open envelope, empty Starlac into 1 quart of water. Beat or shake. Chill.

Starlac gives you proteins for muscle, calcium and phosphorus for sound teeth and bones, lactose for energy, and B-vitamins for "get-up-and-go" the same as whole milk.

In "made-with-milk" recipes, enjoy the flavor and rich nourishment of Borden's Starlac, too. Use it for cakes, puddings, cookies, custards, and save money on food bills.

Drink the finest! Enjoy the rich-tasting, dairy-sweet flavor of Starlac. Guaranteed to be top-quality, pasteurized milk from tested herds (minus water, fat). At your grocer's!

STARLAC makes dairy-sweet nonfat MILK for as low as 9¢ a quart!

MORE WOMEN BUY STARLAC THAN ALL OTHER BRANDS COMBINED. TOPS IN QUALITY...TOPS IN FLAVOR.

Tuna Boasts Protein Value Above Beef, Equal to Milk

By JANET ODELL

Because the expected number of sardines failed to appear off the West Coast in 1903, the tuna industry was begun. Until that time tuna had been well known to Southern California fishermen, but had not been regarded as a food fish. In 1953 canned tuna will lead the canned fish in value, topping even the favorite canned salmon.

Nov. 5 to 14 is National Tuna Week. In celebration of the fiftieth anniversary of the tuna industry, you can expect to find plenty of this protein-packed food on the grocer's shelves.

Price-conscious Mrs. America will welcome the news that canned tuna now costs less than before World War II.

Edwin L. Morris, executive director of the Tuna Research Foundation, explained the lower cost as due to "increased production, greater efficiency and faster methods of canning."

Nutritionally speaking, tuna is an unusual food. Its protein value is somewhat above beef and equivalent to milk. Numerous vitamins and minerals, such as iodine which prevents goiter, add to its importance as a food. And doesn't it taste good?

Tuna fishing is a fascinating story all by itself. Commercial tuna fishing is an honorable, highly respected, but dangerous occupation.

Most of the fishermen are descendants of European seacoast dwellers, with son following father for generation after generation. Since the tuna is a fish of the open ocean, the tuna clippers are at sea for as long as two or three months.

But their incentive is great, for a full load of tuna is worth $100,000. After expenses are paid, the men and the owner share the profits.

A little more than two pounds of raw fish are needed to make one pound of canned fish. Live tuna weigh anywhere from 12 to 250 pounds, depending on the species. In the beginning, only albacore, or "white-meat" tuna was canned. Now 90 per cent is light-meat tuna, canned from five other species of the fish.

Every housewife is familiar with the three grades of tuna and buys according to her need.

The solid-pack which comes in the largest size can is mainly loin with a small percentage of smaller pieces to fill out the can; the chunk-size tuna; and the flake or grated tuna which consists of the small pieces left when the other two grades are packed.

For sandwiches and any type of filling this last is the best buy.

Mock Lasagne Made in Hurry

Italian Lasagne is delicious, but it takes ages to make. That is fine if you have lots of time to prepare a meal. But if you are in a hurry, try this streamlined American version of Lasagne, developed by a national dairy concern.

Biscuit Mock Lasagne

1 package ready-to-bake biscuits
1 cup cottage cheese
1 8-ounce can spaghetti sauce
2 slices sharp process cheese

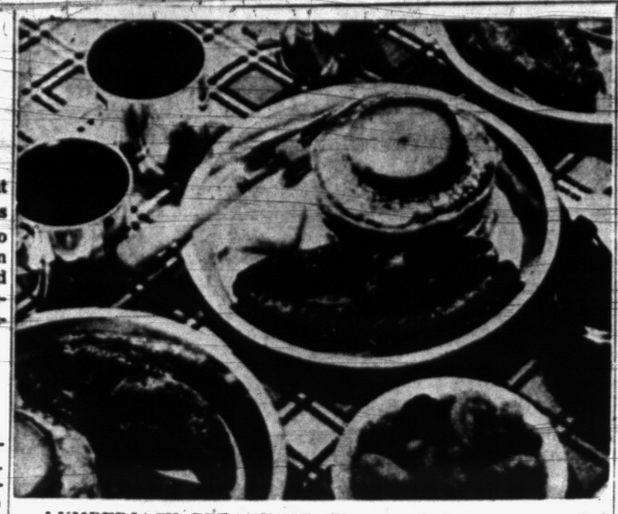

Arrange unbaked biscuits in oblong baking dish (10x6x2 inches). Pat out biscuits to make top surface even. Bake in hot oven (425) 8 to 10 minutes. Remove from oven. Lower oven heat to (350).

Spread cottage cheese over hot biscuits. Pour spaghetti sauce over all. Place cheese slices over sauce. Return to moderate oven (350) and bake 10 to 15 minutes or until cheese is melted and lightly browned.

Serve at once. Makes four servings.

Pastry Brush Is Handy

Keep a pastry brush within easy reach in your kitchen, and use it to grease pans, to spread melted shortening over yeast doughs while they are rising, and for glazing pie crust.

LUMBERJACK BREAKFAST—There won't be an ax to grind in the whole family when you start the day with this tasty combination of succulent fresh pork sausage, flapjacks, fried apple rings, stewed fruit and a beverage.

Masculine Smiles Won by Lumberjack Breakfast

To please big and little jacks alike, surprise them some morning with this hearty, mouth-watering breakfast. It's fun to use shiny tin plates and serve the beverages in tin cups.

Remember that breakfast should supply one-third of the day's food needs, and protein is an essential part of the meal.

Lumberjack Breakfast

Stewed fruit
Fresh pork sausage
Flapjacks
Fried apple rings
Coffee or milk

To cook the sausage, place it in an unheated frying pan and cook it over low heat. Let the sausage cook slowly, turning each sausage once or twice and pouring off fat as it accumulates.

It will take about 12 to 15 minutes to cook the meat thoroughly. Be careful not to puncture the casings. That way you keep the juices in the sausage where they belong.

The drippings should be saved for later use in flapjacks, white sauces, and for frying eggs.

You'll want to use some of the flavorful sausage drippings to fry the apple rings. Cut one-half-inch thick apple slices and sprinkle them with a little brown sugar. Fry them in the sausage fat about eight minutes.

Salty Pretzels Perfect to Serve in Any Course

An ancient order of monks once used pretzels to reward children for good behavior. Today, you can reward all the family and your guests, too, by serving crisp pretzels with every course.

They come in many different shapes, including regular pretzels, miniature pretzels, nuggets, rods and sticks.

With appetizers: Pretzels are really good with tomato and fruit juices and add zest to the flavor of your favorite salad. Place several pretzels on each individual serving plate.

With soups: Serve always-fresh pretzels with all your soups. They give just the right touch of salty crispness that brings out the true flavor of your favorite soup. Heap pretzels in two or three bowls placed conveniently around the table.

With fish and meats: Fish and oysters, shrimp and lobsters, naturally take to the salty crunchiness of pretzels. Serve the pretzels on your bread and butter plates. (They are good, too, when crushed and used in the stuffing of roast duck, chicken or turkey.)

With desserts: Have you ever tried eating pretzels with ice cream, pies, or fruit desserts? You will be surprised how pretzels, with their large salt crystals, accent the flavor of your best desserts and make them taste better. Arrange the pretzels around each dessert plate.

When you are pan-broiling steak or chops, be sure to pour off any fat that accumulates in the skillet as the meat cooks.

Flakes Top Off Apple Strudel

Apple days are here again. Actually, with our wonderful systems of transportation, apples never go completely off our market.

But, it's the fall of the year when everyone seems to get apple conscious. We're reminded of all the happy apple-ducking parties — and of the wonderful desserts that can be made with this palatable, healthful and comparatively inexpensive fruit.

For instance, here is a perennial favorite: Apple Strudel. This streamlined Apple Strudel is made with a layer of cornflakes—rather than a crust. Quickest one we know to do:

Apple Strudel

6 cups cornflakes
3 tablespoons butter or margarine
3 cups sliced apples
¾ cup sugar, granulated or brown
1 teaspoon cinnamon

In buttered 1½-quart casserole, place a layer of 2 cups cornflakes, 1½ cups apples and one-fourth cup sugar. Sprinkle with half of the cinnamon and dot with 1 tablespoon of butter. Reapeat.

Top with remaining cornflakes and sugar; dot with remaining butter. Cover casserole. Bake in moderate oven (375) about 35 minutes or until apples are tender. Serve hot or cold with cream. Six servings.

Note: If apples are not juicy, add about 2 tablespoons of water to strudel before baking; if not tart, sprinkle a few drops of lemon juice over apples.

Proper Choice of Wines Adds Gourmet Touch

Dining in or dining out, wine makes the meal for those who enjoy it — if you know how to choose the right one! Armed with the fundamental facts about wine, you'll be able to buy the best wines and will know how each one will taste.

The five best-known table wine types, says a current magazine, are claret and burgundy (red wines) and sauterne, Rhine and chablis (white wines).

Most red and white table wines are simply variations of these five main themes. However, because of the differences in the grapes used in the vintners' blending methods, skill, and standards of quality, they differ widely in character and merit.

Most of the red wines are completely dry. They have a rich, sometimes tart or even astringent flavor that blends well with red meats, game and highly seasoned food.

White table wines range from the dry and tart to the sweet and full-bodied. Their delicate flavor blends best with white meats, fowl and seafoods.

White wines differ from red wines in a very significant way. Most white wines are fermented from the juice alone, which is drawn off from the grapes immediately after they are crushed. Because of this, white wines have little of the astringency that red wines get from the tannin of the grapes skins and seeds.

Harvest Rabbit Yummy Served on Toast Slices

You can harvest a surprisingly colorful meal for autumn supper from your refrigerator. Start with your favorite recipe for rabbit. Add cooked vegetables, such as whole kernel corn, peas, chopped celery and a little chopped pepper. Just before serving, add fresh tomato wedges.

Toast bread slices on both sides. To serve Harvest Rabbit, alternate two layers, each, of toast slices and the vegetable-cheese mixture, starting with toast.

Cracker Cake Fancy but Easy

Quick cracker cake is that "something good to have in the house" when folks just drop in for a friendly visit. You keep it in the refrigerator and slice it to serve it. Sliced thin, it looks fancy, tastes wonderful.

You needn't even wash a baking or molding pan when you make this cake, because you can pack it right into a butter carton to mold in tidy shape.

What is left over can be rolled into a cylinder shape in the same way that you prepare refrigerator cookies, and used as wanted. The difference is that these "refrigerator" cookies don't even require baking. Just slice them, and there they are, ready to serve.

Grand with a cup of tea or coffee, or with ice cream, you can also spot festive little slices of quick cracker cake among plainer cookies on a platter, and dress things up for unexpected company.

Quick Cracker Cake

1 package (1 cup) semi-sweet chocolate morsels
½ cup peanut butter
1½ cups sifted confectioners' sugar
1 tablespoon shortening
¼ teaspoon salt
2 teaspoons instant coffee
⅓ cup boiling water
1 teaspoon vanilla
1 egg
3 cups finely crumbled unsalted crackers

Melt semi-sweet chocolate morsels over hot, not boiling water. Blend in peanut butter, confectioners' sugar, shortening and salt. Combine instant coffee and boiling water; stir into chocolate mixture. Remove from heat; cool. Stir in vanilla and egg. Add rolled crackers; mix well.

Pack firmly into a small loaf pan or butter carton. Shape any remaining mixture into a roll 1¼ inches in diameter. Chill in refrigerator several hours or overnight. Cut into quarter-inch slices. Serve with ice cream.

Try Fish Fillets Rolled Up With Herb Dressing

Instead of broiling the next fish fillets you plan to serve the family, try this interesting idea that puts an herb dressing in rolled-up fillets. We think you'll like it.

Fish Roll-ups With Herb-Stuffing

1 pound fillets of sole or flounder
¼ teaspoon salt
⅛ teaspoon pepper
4 cups cornflakes
1 egg
1½ tablespoons water
2 tablespoons butter or margarine melted
½ teaspoon crushed basil

Cut fillets in serving sized pieces, if necessary. Sprinkle with salt and pepper. Place about 3 tablespoons herb stuffing on each fillet; roll up and fasten with toothpicks or tie with string.

Crush cornflakes into fine crumbs. Roll fish roll-ups in crumbs then dip in egg beaten with water. Roll again in crumbs.

Place fish in bottom of shallow pan which has been greased with butter and basil combined. Bake in moderately hot oven (400) about 30 minutes, basting several times with butter in pan.

Yield: Five to six servings.

Herb Stuffing

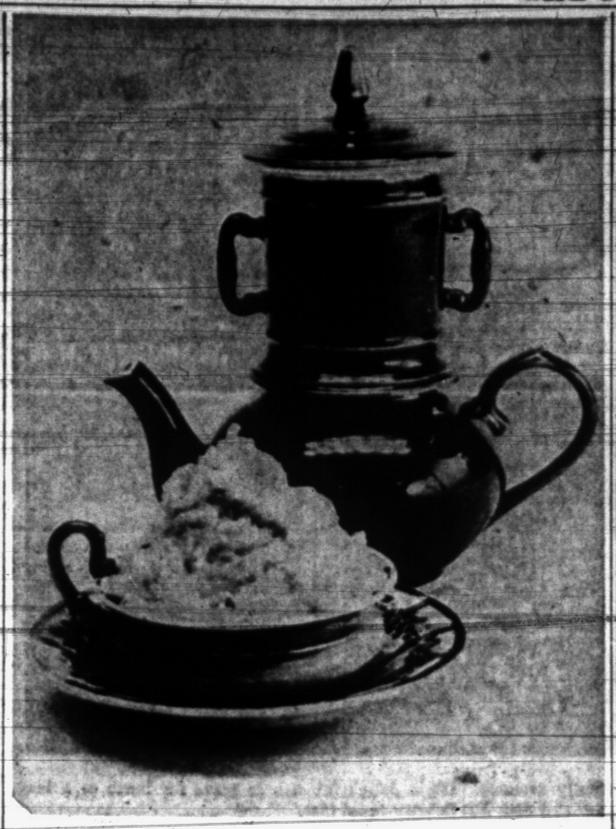

3 tablespoons butter or margarine, melted
1 tablespoon lemon juice
½ teaspoon salt
dash pepper
2 teaspoons chopped parsley
½ teaspoon paprika
1 teaspoon crushed basil
¼ teaspoon crumbled dried dill or dill seed
1 tablespoon minced onions
1 cup soft bread crumbs

Combine all ingredients except bread crumbs. Add to bread crumbs and toss lightly with a fork, mixing well.

To Clean Suede Shoes

Because those suede shoes lead such a busy life, running from morn till night, keep a bottle of suede dressing on hand to give them that ever "ready to step out" look.

During the Russo Japanese war (1904) great care was taken to serve rice properly to the Japanese soldiers. Energy-giving rice balls were distributed to the men even during the heat of an engagement.

KAFFEE SCHLAGG—Shown here is the favorite coffee concoction of the Viennese. Definitely not for dieters, with its huge mound of frothy whipped cream, it is the sort of drink to be enjoyed on a cold fall or winter afternoon.

All Nations Love Coffee, but Names, Flavors Vary

The Viennese call it Kaffee; the Arabs call it Qahwah; Persians call it Qehve; the Russians (who don't claim to have invented it) call it Kophe; in China, where all the tea comes from, they call it Kia-fey. We Americans know it better as "draw one," "Java," "ink" or just plain "cup of coffee."

Just because it is a universal drink doesn't mean that you would recognize it in every guise. Each nation makes it in a special way.

You can try some of those ways at home if you follow the directions below. We'll start with the pictured Kaffee Schlagg from Vienna.

Kaffee Schlagg

Prepare coffee in usual way. Pour into cups and pile a huge mound of fresh whipped cream on each cup. Close your eyes and you'll imagine you're in old Vienna.

Cuban Coffee

½ cup regular ground coffee (not brewed, just the ground coffee)
2 cups milk
1 cup cream

Simmer ingredients in pot for five minutes. Strain through an extra-fine sieve or cloth filter and serve with sugar and whipped cream. Serves two-three.

Arabic Coffee

Many Arabic families like to have cinnamon and cloves with their "Qahwah" (coffee). They grind these spices and add it to their coffee at the table.

Shut That Freezer Door

A freezer should not be opened oftener than necessary. When you do open it remove the food you want as quickly as possible and close the freezer at once. Paying attention to this rule will help prevent a freezer from frosting over too rapidly.

Mom Will Score Touchdown With Spaghetti Meal

Menus that "kick goal" first run interference in the kitchen for Mom. Good planning and teamwork will find her carrying the ball with cheers from the family when they return from the game to find that dinner is ready in a jiffy.

Today mother is free to go to the game because she wisely chooses foods that require only a minimum of preparation time just before serving.

Her main dish is spaghetti with meatballs, using dry bread crumbs and topping all with Parmesan cheese. The dish has a perfect accompaniment—French bread spread with garlic butter.

A tossed salad adds the desirable taste contrast, while apple pie wins with a new play — a walnut whip topping. She wins the final score for good management by setting the table just before leaving for the game.

Garlic French Bread

1 garlic clove
⅓ cup (¼ pound) soft butter or margarine
1 (1 pound) loaf French bread

Cut garlic clove into four pieces; cream garlic pieces into butter. Let stand for 30 minutes to allow flavor to permeate butter; remove garlic.

Cut French bread diagonally, almost through to bottom crust, in even slices about 1½ inches apart. Spread garlic butter generously between slices. Wrap loaf in aluminum foil. Heat in a hot oven 400 about 20 minutes, or until piping hot and crusty.

Walnut Whip Topping

1 tablespoon sugar
½ cup heavy cream, whipped
2 tablespoons chopped walnuts

Fold sugar and walnuts into whipped cream. Serve with apple or cherry pie. Makes two-thirds cup topping.

Bedspread Ryffle

If you're tired of your bedspreads and are in the mood for something different, make a flouncy dust ruffle to show under a gay patchwork quilt cover. For the ruffle: straight strips of sheeting (about 12 inches deep) dyed a pretty color with all-purpose dye, hemmed and gathered at the top. Fasten according to the type bed you have.

Use for That Juice

Leftover juice from canned peaches or apricots may be mixed with orange juice and served as a first course for luncheon or dinner. Leftover juice from canned raspberries teams well with pineapple juice.

Salad ingredients prepared ahead of time should be stored in the refrigerator without dressing until serving time.

Savory Lamb Cubes

For a savory combination braise cubes of lamb in a barbecue sauce until tender. Serve them in the sauce over boiled rice.

Try Spicy Ham in Any Egg Dish

No need to point out how important eggs are in providing essential nutrition elements — but perhaps there is need to suggest new ways to serve this vital food which should be eaten frequently.

The new way is to add deviled ham to any egg dish. This zestfully seasoned product performs a valuable service in making egg dishes always appetizing, and adds extra nourishment, too.

When your family calls for ham and eggs—they'll be delightfully surprised to have deviled ham and eggs.

Try any kind of egg dish — poached eggs on hot toast spread with deviled ham; eggs scrambled with deviled ham; eggs benedict, or perhaps this simple yet appealing Deviled Creole Egg recipe will tempt your family:

Deviled Creole Eggs

3 tablespoons butter
1 small onion, chopped
4 eggs
1 can (2¼ oz) deviled ham
4 slices toast

Sizzle butter in large covered skillet. Stir in onion and sauce. Drop in eggs, then drop in spoonfuls of deviled ham being careful not to break the egg yolks. Cover tightly, reduce heat and cook slowly until whites coagulate. Serve hot on toast.

A loaf pan that's about 10x5x3 inches is fine for yeast breads, breads made with baking powder and loaf cakes.

DEVILED CREOLE EGGS—Zestfully seasoned deviled ham gives a special lift to any egg dish as this Deviled Creole Eggs supreme demonstrates. It's a delightful dish to serve for lunch or a lazy Sunday breakfast.

New Oleo Fries Foods Without Sputtering

Frying foods in margarine gives them a delicious flavor. There was a time when margarine spattered and sputtered in the skillet. But that time is past.

Food technologists found that by adding ½ of 1 per cent of lecithin to margarine they could stop the spattering. Lecithin is one of the components of egg yolk — the one that helps egg yolks make good mayonnaise.

There is, however, one precaution to observe when using margarine for frying: keep the temperature low. High temperatures scorch the milk solids which separate out when margarine melts, just as they separate out when butter melts.

Eggs Disguised as Novel Cutlets

There are probably more ways of serving eggs than any other single food. And, no wonder, for whatever their disguise, they are usually well received and eaten with pleasure.

Egg cutlets is one of the more imaginative uses for eggs in main dishes. A delicately seasoned egg mixture is made and chilled until firm. Then molded into cutlet shapes, dipped in egg and cereal crumbs, and fried in hot fat.

An excellent dish for any meal served with asparagus and rice.

Egg Cutlets

2 tablespoons finely chopped onions
2 tablespoons finely chopped green pepper
1½ cups milk
½ cup flour
4 tablespoons melted fat or drippings
1½ teaspoons salt
¼ teaspoon pepper
2 teaspoons Worcestershire sauce
8 hard-cooked eggs, chopped
2 eggs, slightly beaten
3 cups oven-popped rice cereal

Heat onions and green pepper in milk. Blend flour with fat; stir into hot milk mixture. Add seasonings and cook slowly, stirring constantly until smooth and thick. Remove from heat; fold in hard cooked eggs.

Spread about three-fourths-inch thick in shallow greased pan; chill until firm. Cut into squares; mold into cutlet shapes. Crush cereal into fine crumbs. Dip each cutlet in egg, roll in cereal crumbs.

Fry in hot fat one-fourth-inch deep until browned, turning only once. Serve very hot. Makes six servings (12 cutlets).

Nutrition for Oldsters Is Found in Gelatine

Since protein is such a suitable source of nourishment for the older person, unflavored gelatine can be counted on to supplement the day's needs.

This plain gelatine is all-protein; it contains no sugar. It can be used in jellied salads with diced meat, fish, fruit and vegetables, and because of its texture is easy to eat and digest.

As a mid-morning or mid-afternoon snack, the gelatine can be taken in fruit juices or milk to give staying power. For this protein drink, empty an envelope of unflavored gelatine into a glass of liquid; let gelatine absorb liquid; stir briskly and drink. If the beverage thickens from the gelatine; add more liquid.

Bake Liver Patties With Kraut, Apples

Today most mothers know the importance of serving vitamin-rich variety meats, for their high nutritional qualities are a "must" for growing youngsters.

Here's an extra-flavorful dish that's ideal for children. Inexpensive pork liver is combined with sauerkraut and apples.

Kraut and Liver Patty Bake

(Makes 4 to 6 servings)

½ pound pork liver
½ cup dry bread crumbs
2 tablespoons milk
¼ pound fresh pork sausage
½ teaspoon salt
¼ teaspoon pepper
¼ teaspoon sage
2 tablespoons minced onion
2 tablespoons chopped parsley
1 No. 2½ can sauerkraut
1 cup chopped onions
1 Jonathan apple, cored and chopped

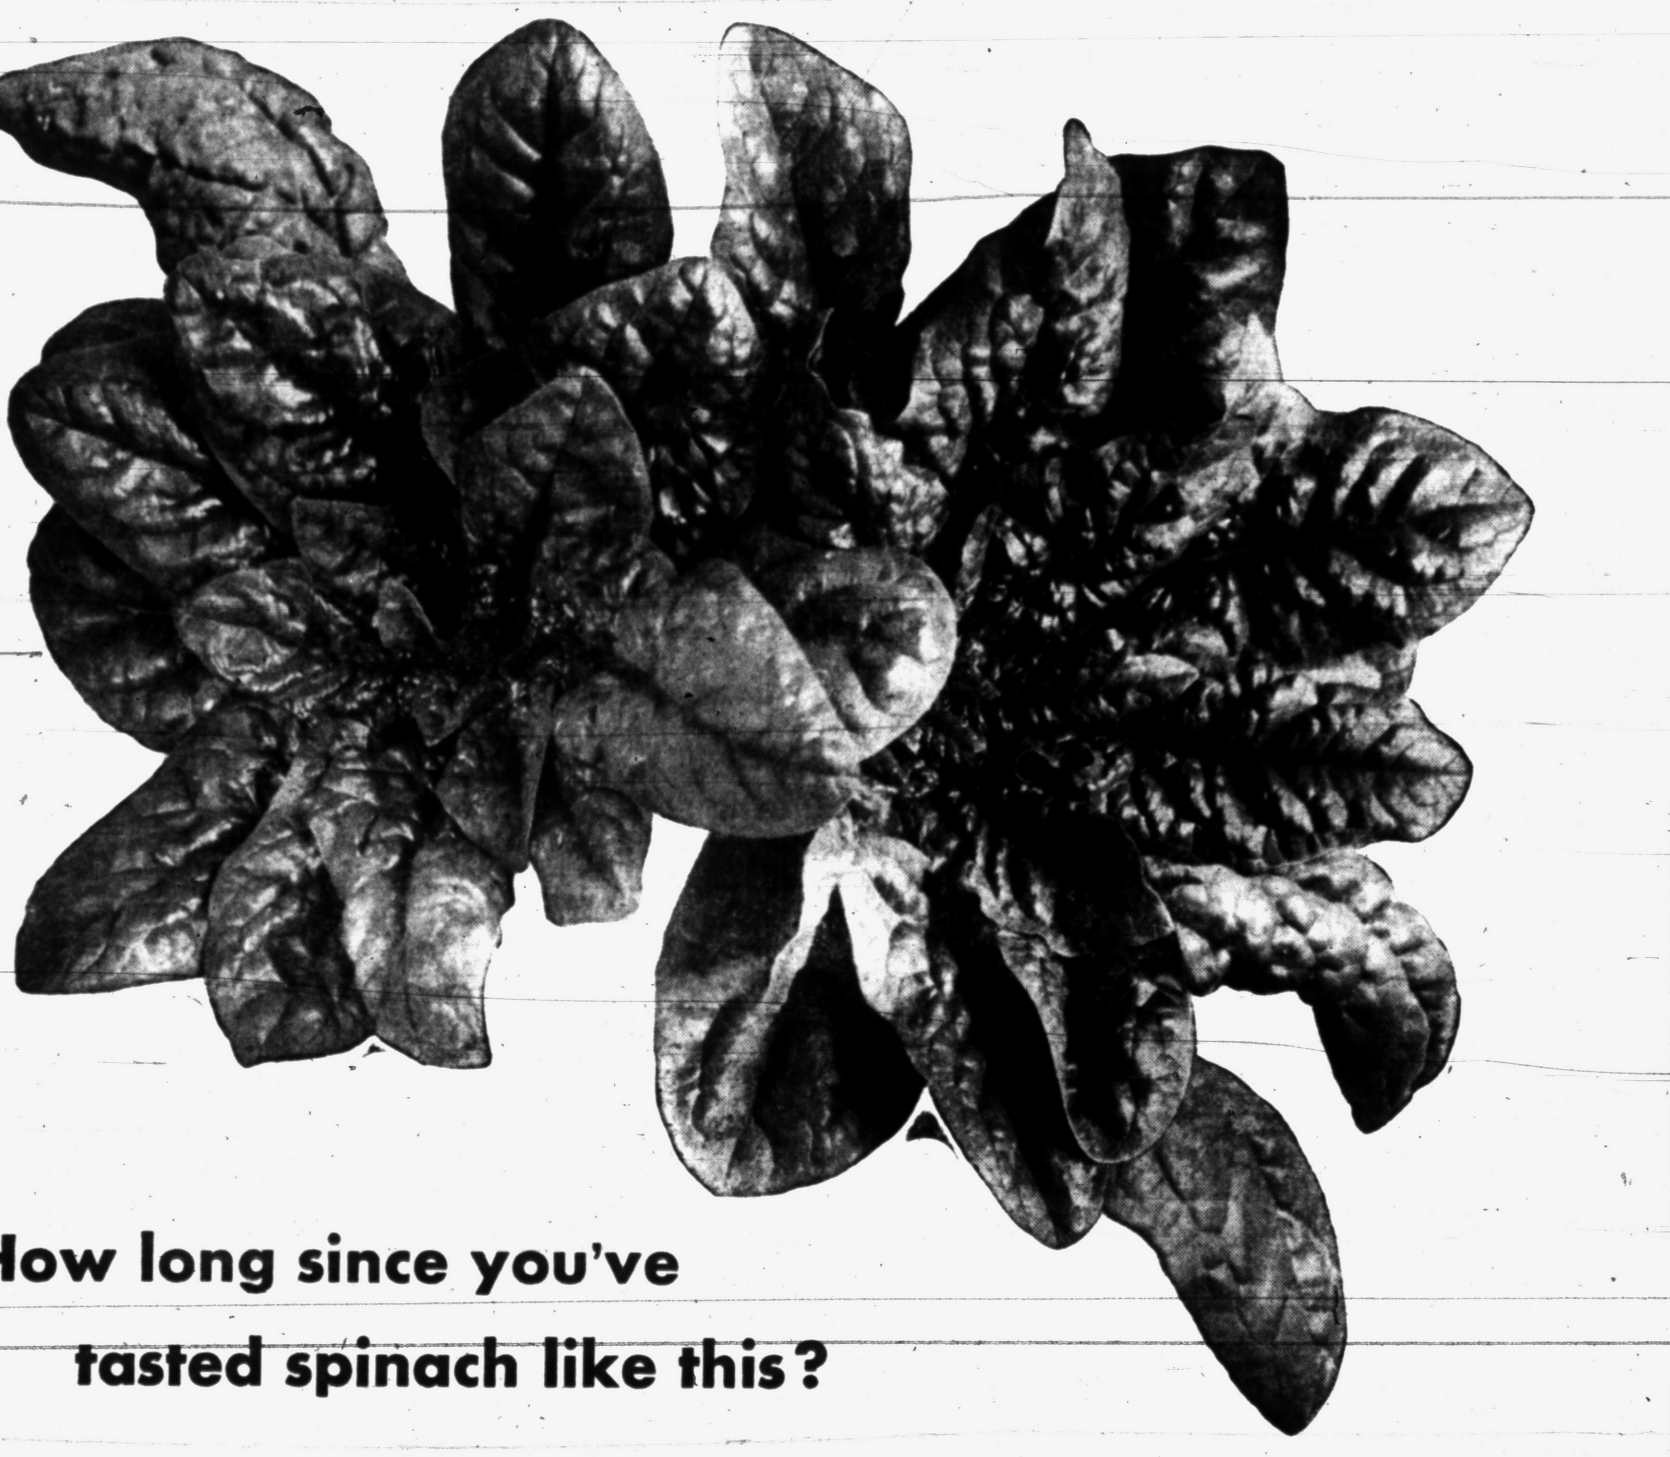

Clean liver and grind or chop finely. Soak bread crumbs in milk. In a bowl, combine liver, softened bread crumbs, sausage, salt, pepper, sage, minced onion and parsley; mix thoroughly. Chill until firm enough to shape into patties.

In a 2-quart casserole combine sauerkraut, onions and apple. Shape liver mixture into four to six patties and place on top of sauerkraut mixture.

Bake, covered in moderate oven (350) one hour. Uncover and continue baking 15 or 20 minutes or until patties are browned.

For colorful scalloped potatoes add a layer of sliced, raw carrot. Bake as usual — but the flavor will be very unusual.

How long since you've tasted spinach like this?

Have you ever eaten spinach fresh from the garden—crisp, young, tender, still rich with the flavor of slanting rains and warm summer sun?

For dinner tonight, try Seabrook Farms spinach, frozen right on the farm that grows it within minutes after cutting.

You'll taste the difference in every succulent forkful of farm-frozen spinach from Seabrook—the world's biggest vegetable farm, the world's biggest freezing plant.

Shiawassee Sportsmen Ask for Dam at River

OWOSSO (AP) — Sportsmen's organizations are imploring the Shiawassee County Board of Supervisors to buy several acres of land and the dam across the Shiawassee River at Shiawasseetown for development as a recreational center.

The site is owned by Consumers Power Co. which has abandone a generating substation there and has offered the land to the county for $3,500.

The skeleton framework for modern skyscrapers was perfected in Chicago around 1885.

HELEN KELLER "SEES" PRESIDENT—Blind Helen Keller, a pioneer in aiding the handicapped, runs her sensitive fingers over President Eisenhower's face as she meets him at the White House. Later the 73-year-old Miss Keller, speaking through her companion, Polly Thompson, said she could feel Ike's "courage" and "gentle smile."

3 Youths Sent to Jail for Pre-Game Prank

CHARLOTTE (UP) — Three youths began 45-day jail terms today for smearing orange paint over athletic facilities at Eaton Rapids High School to drum up enthusiasm for Friday night's football game.

Police said they were told the youths recently had "flunked out" of Charlotte High School. They were Allen Taylor, 18, and Warren Atkins and John Clark, both 19.

1st Grand Haven Judge

GRAND HAVEN (AP) — Louis H. Osterhous, dean of Ottawa County attorneys at 72, has been appointed by the city council as Grand Haven's first municipal judge. He will serve until a judge is elected next spring for a six-year term. The salary is $6,000 a year.

America's merchant fleets began to decline after 1840 when steam engines and iron ships in which the English held advantages began to be used extensively.

Loses Car, Cracks Ribs, Cited—All in One Day

PHOENIX (AP)—It was a rough day for Francisco Gutierrez, 60-year-old farm laborer.

He drove onto the railroad tracks and his car was smacked by a switch engine. The car was carted off to the junk yard.

Gutierrez went to a hospital with cracked ribs.

Then he was issued a citation for failure to see that a locomotive was coming before driving onto the tracks.

Broadcasting Group Names Officers

GRAND RAPIDS (AP)—The Michigan Associated Press Broadcasting Association last night elected Dan Jayne, manager of radio station WELL, Battle Creek, as its president.

He succeeds Milton Greenebaum, general manager of station WSAM, Saginaw.

Rob Downey, news and special events editor of WKAR, East Lansing, was elected first vice president, and Frank G. Benesh, news director of WKZO, Kalamazoo, was elected second vice president.

Members of the group discussed ways to improve the exchange of news by radio and television and other members of the Associated Press.

The group met in conjunction with the annual convention of the Michigan Association of Broadcasters at the Pantlind Hotel.

Earliest meat animal domesticated by ancient people (in what now is Iran) probably was the goat.

Batteries, Tools Taken

HOLLY—Two car batteries and a box of tools were taken from the Holly Sand and Gravel property on Grange Hall Road in Holly Township yesterday, according to Oakland County sheriff's deputies.

Masons Confer Degree

METAMORA — A special meeting will be held here tonight by Metamora F & AM for conferring the Master Mason degree. Eastern Star members will serve a dinner beginning at 7 p. m.

Cage League to Start Dec. 1

Play Will Take Place in the Waterford Township Gymnasium

WATERFORD TOWNSHIP — A men's basketball league will be formed here again this year with play to start Dec. 1, and the Recreation Board requests team rosters to be submitted by Nov. 23.

Sponsors and managers of prospective teams may call in their rosters to the recreation office, OR 3-9152, according to Tom Belton, recreation director.

Games in the league will again be played in the gymnasium of Waterford Township High School. All men out of high school living or working in the township are eligible to play.

First meeting of Young Men's Athletic Club was held Monday. The club will meet every Monday night until spring for evenings of basketball, volleyball, weight lifting, boxing, table tennis, shuffleboard and wrestling at the CAI building.

All men out of high school and senior high boys are invited to join. The evenings begin at 7:30.

Forty members of the Waterford Township Camera Guild, also sponsored by the Recreation Department, attended an awarding ceremony and photography program held last week.

President Edward Krem received a cup for winning the 1952-53 color picture contest as did James Burke, vice-president, in the black and white contest.

The guild is open to all adult township residents interested in photography. Information regarding the activities can be secured at the recreation office.

A few more registrations will be taken for women's ballet lessons by Mrs. Carol Wolfe, according to Belton. Classes are held each Thursday. Those interested may register at the recreation office.

MR. AND MRS. MELVIN HUNT

Newlyweds Will Reside in Pontiac Following Trip

DRAYTON PLAINS—Altar vases of mums, palms, pew bows and candelabra decorated United Presbyterian Church here Saturday, Oct. 24, as Margaret Reed of Drayton Plains became the bride of Melvin Hunt of Pontiac.

Margaret is the daughter of Mr. and Mrs. Josiah Reed of 4429 Walton Blvd., and Melvin's parents are Mr. and Mrs. Clarence Hunt of 36 Euclid St.

Some 200 guests attended the double ring, candlelight ceremony.

The bride chose a floor-length gown of lace over satin with a fitted bodice, long fitted sleeves and sweetheart neckline. A seed pearl headpiece held her nylon veil. She also wore a pearl choker, a gift of the bridegroom, and carried a bouquet of pale lavender orchids with matching streamers on a white Bible.

Miss Betty Jo Reed, a sister of the bride, served as her only attendant. Best man for the bridegroom was Berdine Hunt, his brother.

Serving as ushers were Gerald and Marvin Copenhaver of Pontiac, cousins of the bridegroom, Frederick Verney, brother-in-law of the bride, and Allan Pearson of Pontiac.

A reception followed the ceremony in the parlors of the church. Guests were present from Adrian, Rochester, Flint and Detroit.

Returning from a honeymoon of two weeks in Florida, the new Mr. and Mrs. Hunt will live in Pontiac.

Avon Township OKs Subdivision

Walton Boulevard Plat Will Provide Site for 60 New Homes

AVON TOWNSHIP — Township Board members at their regular meeting last night gave their approval for a new subdivision, the Hitchman-Haven No. 1 Plat.

Located on Walton boulevard just west of Rochester, the site provides for 60 homes. The board approved the subdivision subject to the approval of the County Road Commission and the Township Zoning Board.

By a unanimous vote the board also revoked the license of Peter Christianson and Son, proprietors of a dump on Hamlin road.

The action was taken after hearing a report by the health department that complaints had been received of continuous burning of refuse on the property, obnoxious to residents in the area.

Supervisor C. E. Miller said the owners had no license for burning the refuse.

The board heard requests from Supervisor Frank Voll and John Nelson of Oakland Township for cooperation in the gravel truck problem on Orion road.

Nelson stated that the trucks were a menace and had been known to pass school busses on the road.

Miller suggested that special deputies, such as in Avon Township, might help solve the problem.

Rochester Council OKs Jerome Bid

ROCHESTER — A low bid for supplying a new police car for Rochester by Larry Jerome Motor Sales here was accepted at a special meeting of the village council recently.

Jerome's low bid was $1,576. Other bids submitted were by Houghton and Son, $1,885; and Davis Motors, $1,694.

The new patrol car, which will replace one wrecked recently, will be delivered in three weeks, according to Frank Rewold, council president.

Urges Report to School Board

Building of Elementary, High Structures Among Recommendations

ROCHESTER — A group of representative Rochester citizens at a recent meeting unanimously endorsed the findings of the Citizen's Advisory Committee and urged that the group present their recommendation immediately to the Rochester Community Board of Education.

The building of a high school and several elementary school additions plus a new elementary school is needed, according to the organization headed by Wallace Hodges.

"Remember the kids," said Hodges, "will be the bond issue slogan to be recommended by this citizen's committee. We have made many compromises. What we have come up with will help all age groups of our student body."

A bond issue, recommended the committee, will be put before the people sometime in December if th board of education concurs with their findings.

Hodges said that they figured an issue in the amount of $1,700,000 would build a high school, purchase a 40 acre site and build several elementary school additions. It would also construct an elementary school on the McGregor site, provided this meets with the approval of the McGregor's, he pointed out.

This issue would require a 9.75 increase in millage on the equalized valuation.

"If we pass this issue successfully we can plan on some elementary schools by next September, but a high school will take at least two year," declared Hodges.

Commending the committee for the several months of extensive study and survey they had done, the nearly 100 citizens assembled in Rochester High School to hear the report, said they would back the proposals.

A five-point program is recommended by the committee:

1 — An addition of five rooms and a multi-purpose room to the Baldwin school at Goodison.

2 — An addition of four rooms and a multi-purpose roo mto the Hamlin school.

3 — A kindergarten through sixth grade elementary unit for the northeast section of Rochester, preferably on the McGregor site. This property is ideally located for this needed school and provides room for doubling or tripling its size as the need arises in the future.

4 — Purchase of additional playground area at Avon school.

5 — Purchase of a site for a future elementary school in the northeast part of the school district, encompassing the Snell, Brush, Kline and Mt. Vernon districts.

Avon Township Library Adds 125 New Books

ROCHESTER—The Avon Township Library here has placed 125 books on its lending-library shelves, it was announced today.

The books are provided by the American Lending Library Association. Some of the more popular books are:

Villa by the Sea, by Ann Carter; Julie, by Jane Morris; Salome, by Henry Denker; Bluegrass Doctor, by Ethel Hamill; and Blood Royal, by Robert Payne.

Worthy Matron of OES Installed by Mother

ORTONVILLE — Mrs. Elwyn Leece was installed as worthy matron of OES 286 here last week with her mother, Mrs. Jennie Saunders serving as installing matron.

Other officers for the candelight installation service were Mrs. Elva Jean Long, installing marshal; Mrs. Ann Uloth, installing chaplain; and Mrs. Lillian Durban of Sarnia, Ont., installing organist.

Varsity Club Sponsoring Dance at North Branch

NORTH BRANCH — Varsity Club of North Branch Rural Agricultural School, dedicated to good sportsmanship, will sponsor its first annual homecoming dance tomorrow night after the North Branch-Imlay City football game.

A queen will be elected in connection with the homecoming and will be crowned at halftime by William Laur, club president and football captain. Candidates are Joanne Repic, DeAnn Hoffman, Marge Thompson, Barbara Tatar and Elizabeth Schlaud.

Church Bazaar Friday

SOUTHFIELD TOWNSHIP — Christ Lutheran Church will sponsor its annual bazaar and supper tomorrow at the church, 10 Mile and Southfield roads, with a bake sale as one of the highlights. Doors will open at 1 p. m. and supper will be served starting at 5 p. m.

Mrs. W. D. Byrd Slated to Talk for Garden Club

ROCHESTER — "Creating a Picture with Table Settings" will be the topic of Mrs. Walter D. Byrd of Royal Oak who speaks at a meeting of Rochester Garden Club next Tuesday.

The meeting will be held in Avon Public Library at 2 p.m. The executive board of the club will meet at 1 p.m.

Members are asked to invite guests. Mrs. Marvin Mitzelfeld will be the social chairman and Mrs. A. R. Dillman the hostess.

County Calendar

Oxford

Oxford OES will hold their regular meeting tonight at 8 in Masonic Temple. Meeting at the temple at 6:30 will be 1952-53 officers.

Metamora

Metamora PTA will hold a "hard time" dance at Hunters Creek Community Hall Saturday night.

WSCS Harvest Dinner Set for Saturday at Five

KEEGO HARBOR—The annual WSCS harvest dinner here Saturday at Trinity Methodist Church will feature swiss steak with serving scheduled to begin at 5 p.m.

Mrs. William Avery and Mrs. James Rogers will be dinner co-chairmen, with the dining room under the direction of Mrs. Bryan Manigold.

The annual bazaar will open at 1 p.m. under the direction of Mrs. Edward Hermoyian. Tea will also be served.

MISS MARY ELLEN SADLER

Mr. and Mrs. Edward Sadler of Milford announce the engagement of their daughter, Mary Ellen, to Robert LaVern Richardson of Commerce. Robert is the son of Mr. and Mrs. Vern Richardson.

A July wedding is being planned.

It is believed that the cotton pest, boll weevil, originated in Mexico or Central America.

Reflecting Your Own Good Taste . . .
It has often been said that a home reflects each family's individual personality.
Owning your own home gives you that chance to reflect your personality and your own good taste. Not only in a decorative sense but in your way of life, your pursuit for happiness, and, even if only in a small way, to contribute something to the building of our history and traditions.
In its best sense, a home of your own is a place where roots grow deepest and becomes a solid basis for a strong and progressive community.
Owning your own home is truly an opportunity to reflect your own good taste.

New Ruling Limits Names for Horses

MANILA (AP) — What's in a name? Well, the Philippines Games and Amusement Board thinks there is quite a lot when it comes to naming race horses.

The board has passed a resolution ruling that horses can't be named after countries, saints, races (human), persons, societies, titles, or indecent and immoral acts.

The ruling grew out of a complaint from fans over a horse named "Filipino," which ran second in a sweepstake race.

Slicked-Up Travelers

BOSTON (UP) — Some 3,600 combs are sold yearly through dispensing machines at Logan Airport.

Doak's Opening-Game Points Match '52 Total

DETROIT (AP) — Doak Walker, halfback for the Detroit Lions, was sidelined with a leg injury for most of the 1952 season and scored only 14 points. He kicked five extra points and three field goals.

He matched his entire 1952 output with a 14-point display in the Lion's opener this year. The Doaker scored a touchdown, kicked a field goal and five extra points.

Icy Sea Water Is Being Used in Fish Storage

VANCOUVER (AP)—Use of chilled sea water in place of ice to transport fish has produced favorable results here. Pacific Fisheries Experimental Station officials say the new method may prove of major importance to the fishing industry.

Scientists stored freshly-caught fish at a temperature of 30 degrees F., in sea water chilled by a condensing unit. The new system can be installed in wooden fishing craft without insulating the hull. It also eliminates carrying and handling of ice.

When the first lot was landed, the plump, wholesome, fresh-looking appearance of the spring salmon from the sea water tank could scarcely be distinguished from freshly-caught fish. The skin was without bruises, which often are present when ice is used.

Penny-Wise Plan

RUTLAND, Vt. (UP) — One dollar is worth $1.05 at the Killington Bank & Trust Co. — if it's in pennies. When the bank needs pennies it buys them from Boston and has to pay shipping charges. So it's cheaper for the bank to pay its depositors a bonus to get the pennies locally.

Those Pesky Squirrels

MADISON, Wis. (U)—Squirrels have got the telephone company and the Wisconsin Conservation Department in a tizzy. The nut chewers have been attacking the lead coverings of telephone cables, causing short circuits. Conservationists said the squirrels must have something hard to to sharpen their teeth on and have decided the lead cables are just to their taste.

Lingual Problem Plagues India

Battle of Languages Spoils Hope to Make Hindi Universal Tongue

WASHINGTON — India's "battle of the languages" is entering its fifth year and may continue for several decades more despite the original hope of the new nation's leaders to make Hindi used universally within 15 years.

In 1947, when India obtained her independence from Great Britain, the sub-continent's 350,000,000 people were speaking 179 different languages and 544 dialects, says the National Geographic Society. Since 44 per cent of the populace customarily used Hindi, this was made the official language, but the constitution had perforce to recognize 13 other tongues.

One of these is Telugu, the language of 21,500,000 citizens of Andhra on the southeast coast. Andhra recently became India's 29th state.

Modern Indian languages belong to four linguistic families—Indo-Aryan, Dravidian, Austric and Sino-Tibetan. About 75 per cent of the people speak an Indo-Aryan tongue, of which Hindi, the most widely used, is spoken by more of the world's inhabitants than any other language except North Chinese and English.

More than 63,000,000 Indians, including many of the nation's outstanding poets and novelists, use Bengali, another Aryan tongue. Gujerati, mother tongue of Mohandas Gandhi; Marathi, Oriya, and Assamese are other leading Aryan languages.

Indo-Aryan languages descend from a race which migrated to India from the Eurasian plains south of the Ural Mountains in the period 600 B. C. to A. D. 1000. Sanskrit, major vehicle of ancient Indian culture, is the basis of all Indo-Aryan tongues.

Approximately 20 per cent of India's populace, mainly southern peoples, speak Dravidian languages. Telugu is the native tongue of nearly 30,000,000. Tamil, Kannada and Malayalam are other important Dravidian forms. All stem from the highly advanced race which entered India probably from the Mediterranean and Asia Minor prior to 3500 B. C.

Austric languages are spoken by less than 1.3 per cent of the population — mostly residents of the hill sections of central and northeastern India. Sino-Tibetan is used by less than one per cent, primarily small tribes along the southern slopes of the Himalayas and in North Bengal and Assam.

Almost all North Indian languages reflect the influence of Persian and Arabic. Urdu, a Persianized version of Hindi, is the leading language of neighboring Pakistan.

Although India was a British possession for 150 years, only a small percentage — some 300,000 Indians — can speak or write English. However, it continues to be the language of higher education throughout the nation.

Carolina Golfers Hold Tourney by Moonlight

GREENSBORO, N. C. (AP) — The Carolina moon affects golfers as well as songwriters.

Drawn by the light of a full harvest moon, 25 golfers joined pro Ernie Edwards at the Gillespie Park course. Only for finished the nine night-time holes. The foursome lost only one ball.

Edwards and amateur Dick Meacham registered four over par 39's and promptly claimed the "after-dark" course record.

Day Has Good Day

UNIVERSITY, Miss. (AP) — Eagle Day, University of Mississippi sophomore quarterback, threw a 63-yard touchdown pass the first time he engineered an aerial play in a varsity game. That game was a 39-6 win over Chattanooga. In his first running attempt against Kentucky he handled a "keep" play for nine yards and the Rebel's second touchdown in a 22-6 decision.

Bob Considine Says:

U.S. Air Force Showing Enough to Scare Off Reds

NEW YORK (INS) — The young Air Force Sabrejet pilot spoke very casually. "I'm starting my dive now," he chatted. "I will keep you informed of my speed as I approach mach one . . . Ah, there it is now." Simple as that.

Mach one is the speed of sound. Capt. Green, the speaker, was piloting an F-86F. He was breathing pure oxygen at 45,000 feet when he went into his dive.

At 760 m.p.h. his 9-ton projectile shuddered as it reached a speed where air congeals into a stubborn and unyielding mass, and plunged through. His speed picked up, once he was through the barrier.

On the ground at Elgin Air Force Base, Florida, members of the Joint Civilian Orientation Conference, there to witness a slab of our airpower, could not hear the roar of the captain's plane, or that of the three other F-86Fs that followed him down his incredible roller coaster.

Most of us could not see the plane at that height, nor would we have known they were there at all except for the captain's laconic voice coming out of nearby loudspeakers, and thin and delicate vapor trails against the blue dome of the sky.

But we knew soon enough. Suddenly, startlingly, the stand shook with a series of apparently nearby explosions. These were sonic bombs, the world's newest sound.

Man in his endless search for a better life has found a new way to break windows. But in doing so we developed in the Sabrejet the "superiority" plane of the Korean War.

The professional and business leaders, on this indoctrination trip to various military installations, heard a lot about "superiority" craft during our brush with the Air Force.

If the MIG 15 had been the best plane in the air over Korea it could have chewed out the UN installations south of the 38th parallel, or shepherded bombers doing the same job.

Instead, the F-86 gained superiority by a breathtaking margin of about 12 kills to one. So it is North Korea that is a desert of rubble today, not the uninvaded part of South Korea.

It would be so in World War III, the Air Force told us. The owner of the "superiority" plane in that war will win the war, just as Britain won the Battle of Britain with the Spitfire.

We saw much other stunning evidence of what the Air Force has been doing with your tax dollars. Four F-84 Thunderbirds demonstrated precision flying that had some of the spectators covering their eyes.

The incredible day ticked on with split-second timing. B-36s, looking archaic with their propellors, destroyed a "railroad marshaling yard," to the good-natured indignation of Fred G. Gurley, president of the Atchison, Topeka & Santa Fe, who was present.

Sixteen F-84s, answering a realistic call from a trapped infantry unit, wiped out enemy gun emplacements.

An army 'copter fanned down and scooped up a downed airman, while planes strafed the enemy away from him and it.

An '84 "tossed" two bombs, letting them go during a jolting zoom from low altitude. The fighter was a couple of miles away before they exploded — and this may be the method of delivering small A-bombs to an enemy installation.

And finally, while our bleachers shook and we all winced and marveled, an indescribably majestic B-36 spilled 500 pounders—one after the other — for what seemed to be miles of Florida terrain.

If what we saw at Elgin is a sample, one can understand more fully why the Russians don't want to order the full repast.

Damage Suit Lists Pages of Complaints

HAMILTON, Ohio, (AP)—It took three typewritten pages to list the troubles Mrs. Florence H. Woolford says she has been having with her neighbor, Mrs. Ada Krebs.

The list of woes was contained in Mrs. Woolford's suit for $35,000 damages filed yesterday in Butler County Common Pleas Court against Mrs. Krebs. It included:

Pouring hot grease on her rose and lilac bushes; pushing the nozzle of a hose in the ground so that the flow of water damaged the foundation of her home; pushing a burning tub so close to a trellis it scorched the roses; cutting cushions of a glider; trampling down a fence; smearing crayon marks on a newly painted garage; cutting down flowers and rose bushes.

Ain't You Heard? He's Illegible— No Good Marks

DALLAS, Tex. (AP) — A man buying cigarettes in his neighborhood grocery last night overheard a teenage discussion that was out of character.

It was most un-Texan. It was downright Brooklynese.

Said the boy, "Say why ain't Herman playing football this year?"

Said the girl, "Haven't you heard? He's ineligible."

The man knkew better, but he couldn't resist.

The answer: "An illegible football player is the guys that ain't got no good marks."

"That's what I like about the South," said the cigarette buyer to the grocery clerk.

Ambassador Declares Reds Violating Truce

HOUSTON, Tex. (AP)—The South Korean ambassador to the United States, here for a lecture today, says the Communists are violating the Korean truce and will launch "the most horrible of all wars."

Dr. You Chan Yang, in an interview last night, said the Reds are using the Korean truce to stockpile bombs and planes and settle their internal troubles.

When the time is ripe, he continued, "they will start the most horrible of all wars." He said the Reds had rebuilt 30 North Korean airfields and despite truce pledges are bringing in crated planes.

Students to Toboggan Under Arizona Sun

TUCSON, Ariz. (AP) — The temperatures will probably be in the 80s, but there will be toboggans skimming down an icy slope at the University of Arizona Saturday night.

It will be a 150-foot course fashioned from 10,000 pounds of ice at the Lambda Chi Alpha fraternity house.

The slide will be placed in the parking lot. The stunt was dreamed up as an attraction for the fraternity's "Gemuetlichkeit" (Swiss for happy times) party.

Helping Shove Costly to Stalled Motorist

ROCHESTER, N. Y. (UP) — James H. Jones, 26, has vowed to abandon his auto and call a garage if his car ever stalls again.

Jones stalled in traffic here and received a push from a stranger. The pusher increased speed and Jones became alarmed and slammed on the brakes. His car sideswiped a parked car, brushed a pedestrian, sideswiped another, went over a curb and hit a light pole.

While waiting for an ambulance to help the pedestrian, Jones' wife fainted from the nightmare ride.

The speedy pusher? He disappeared.

CRACKER'S NECK GI TALKS—Cpl. Edward S. Dickenson, left, who chose freedom after first staying behind in North Korea, tells Cpl. Bill Brown at a Tokyo news conference, he dedicated himself to gaining revenge on the Communists by "exposing their lies to the world." The 23-year-old resident of Cracker's Neck, Va., also said American POW's who refused repatriation were promised high positions in the Communist government of the U. S., after a Red revolution planned for 1958.

Economy Talks Get Under Way in New York

HARRIMAN, N. Y. (AP)—The third American Assembly opens at Arden House today to discuss all phases of economic problems affecting the average American.

The theme of the four-day assembly, a non-partisan conference and research group, is "economic security for America"—based on a report compiled by leading economists and other experts representing business, farm, labor, political and professional groups.

The assembly was founded in 1950 by President Eisenhower while he was president of Columbia University.

The 65 delegates representing various interests will consider such questions as: What have we paid for our attempts to make life more secure? Are the plans working? Can we do better?

Some advance data about economic security in this country deals with farmers, inflation, social security and pension plans.

Herrell DeGraff, Cornell University economist, reports that farmers are "more potentially vulnerable to economic collapse now than they were in the 1930's."

* * *

DeGraff says: "farm operating costs have increased so much . . . that in a time of adversity farmers can go broke much more quickly than ever before."

And what affects the farmers, the report says, consequently involves the rest of the country.

The sun is the world's greatest source of energy.

Warm! Colorful! Fine quality shirts of pinwale corduroy, unusually low-priced! Styled with spread collars, rayon yoke linings. Royal, rust, teal, maroon, kelley, gold, scarlet, toast. Sizes S-M-L.

Kiss in the Dark Startling to Both

TOLEDO, Ohio (UP) — Tom Adair reached over the bedside in St. Vincent Hospital here and planted a kiss on his wife's cheek. The day before, his wife, Mildred, had undergone surgery. He said he would come back that night.

On his return he found the shades down in her room, and the room dark. Not wishing to awaken her, he tiptoed to the bed, reached over and planted a light kiss on the cheek.

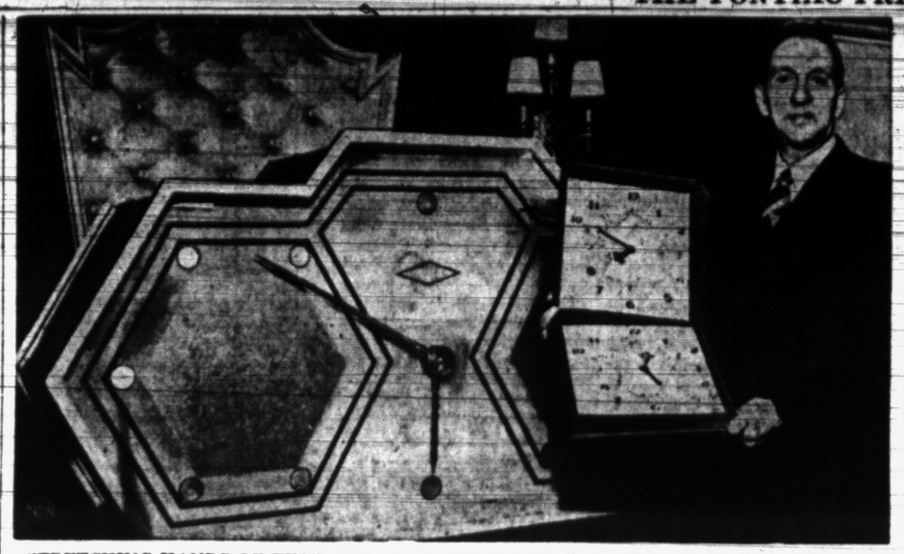

There was a startled groan from the bed, where a heavybearded man cocked open one eye.

While Adair was absent, his wife had been transferred to another room.

17,430,000 Apple Pies —How Much Cheese?

CONCORD, N. H. (UP)—State officials estimated 1,162,000 bushels of apples in New Hampshire in fall of 1953.

That's roughly 174,300,000 apples —enough to make a stack of 17,340,000 pies. Or, enough apples, which, if laid end to end, would stretch from Boston to Los Angeles and back—and then some.

STRETCHING HANDS OF TIME—Not restricted by orthodox clock faces, Georges Gehel has invented clock hands that extend and retract in telescopic fashion to indicate the correct time no matter the shape of the clock's face. The application of the French inventor's "timely" idea is evident in the large clock above. Gehel is shown in Paris, holding other clocks of his design.

Cat Won't Chase Mice, but Is Good Fire Alarm

DURANGO, Colo. (UP) — Roy Boughman's cat won't catch mice, but he makes a splendid fire warden.

Puss pawed and purred until he got Boughman out of bed at midnight. Boughman arose, thinking the cat wanted out for a nocturnal stroll.

On his way back from the door, Boughman found the kitchen filled with smoke. He noticed it in time to put out a fire in the wall before serious damage resulted.

Mice apparently started the blaze by chewing on kitchen matches—the same mice the cat steadfastly refuses to chase.

South America's great Amazon river is 4,000 miles long.

Smart Pharmacists Team Up for Life

LAWRENCE, Kan. (UP) — The smartest pair in the University of Kansas School of Pharmacy have joined forces.

Walter Haskins married Margaret Follet recently. They are seniors who almost have a corner on scholastic honors in their chosen field.

Haskins has a scholastic average of 2.96 of a possible 3.00. His lone B came while he was a pre-pharmacy student at Kansas City Junior College — and he graduated first in his class.

Mrs. Haskins has a 2.90 average. She made two Bs in three years of college work at the same two schools.

In KU, the then Miss Follett took top honors in the sophomore class, while Haskins went ahead in the junior year.

Who will win this year?

"We don't care," Haskins said. "Our main object in school is to learn as much as we can and do the best we can."

The couple expects to live in Lawrence the next three years while Haskins works toward a Doctor of Philosophy degree in chemistry.

Five Korean Orphans Under Sailors' Care

INCHON, Korea (UP)—The unofficial mission of some 100 American sailors stationed with the Naval Fleet Activities Unit here is the care and welfare of five Korean orphans.

The five boys, all under 15, live in the naval compound near the enlisted men's barracks. One room for the boys was formed by erecting oil drums around a hole in the ground 15 feet square then covering the top with sheet metal and sand. The floor is wood and straw mats.

Ailing Marshall Has 'Another Good Day'

WASHINGTON (AP)—Gen. George C. Marshall, stricken with an inflamed lung after influenza, continues in good condition at Walter Reed Army Medical Center.

"Another good day" was the hospital's summation of the 72-year-old soldier-statesman's response to treatment yesterday. Marshall, winner of the 1953 Nobel Peace Prize, has been at Walter Reed since Sunday.

Ray Bolger's TV Film Show Gets Praise

By BOB THOMAS

HOLLYWOOD (AP) — Well, Sam, you ought to see how they shoot that Ray Bolger TV show.

I dropped by the other day, and you'd think it was an Arthur Freed musical. Bolger was doing a dance number with Betty Lynn, and they finally got a print after seven takes. Seven takes in a TV film, Sam! Ain't that something?"

The Bolger show ("Where's Raymond" on ABC-TV tonight) really is something, as far as TV films go.

"We call it the MGM of TV," bragged Bolger as he panted between dances. "ABC gave us a budget of $32,500. But we often go over that to the tune of $2,000 or $2,500. I absorb the difference.

"I don't mind at all. It's important to me to get that extra quality."

The $32,500 figure is a whopping budget in these times. This compares to an estimated $27,000 weekly for "I Love Lucy." The added expense shows in "Where's Raymond." It is well-written, importantly cast and has production values seldom seen on TV.

For instance, it is the only filmed TV show I know of that pre-records the music for dance numbers. Few TV films have musical numbers at all. (They add greatly to costs).

Previously Bolger's great success has been before live audiences in Broadway shows. I asked why he chose to throw his lot with the audienceless TV films.

"The reason I got into TV sounds corny," he explained. "You know how actors rave on about 'their public.' Well, they're the ones who did it.

"Last year I did a comedy hour on TV. I got mail such as I have never received before. They all said how much they enjoyed the show and that they would like to have it in their living rooms more often. I was overwhelmed.

"When I thought about doing a show, I had to decide between live or film. I did a sample show live. In it I had a shoe store comedy number that I knew was sure-fire. But the big laughs came only when the camera could get in close so my face could be seen. I decided film would be better since we could get closer shots and also get the perfection you can't achieve on a live show.

"Do I miss an audience? Sure But there are other compensations to make up for it. One is the camaraderie you get working with the different people on the set."

The Bolger Show has a strange method of operation. TV films usually shoot: 1. A three-day stretch (Ford Theater, most dramatic shows) or 2. In an hour or so before a live audience (Lucy, Our Miss Brooks).

Bolger's week starts on Saturday with preliminary rehearsals. After Sunday off, the company rehearses dialogue and dances on Monday, Tuesday and Wednesday. Shooting starts Thursday morning and continues until the show is completed. That is usually around midnight.

"We do it that way so I can have two days off," said Bolger, who relaxes on Friday. "Also we get a more sustained performance by not stopping.

"There's only one drawback: I have never seen the show on TV. We're always working Thursday night and we can't afford to stop. By that time we're in 'Golden Hours,' and production is costing $500 an hour. It would cost at least $250 for me to watch myself on TV."

DISNEY MAKES PICTURE FOR ADULTS—"The Sword and the Rose," a frank and full-blooded love story—the most adult subject Walt Disney has ever filmed, will be shown beginning this Sunday at the Oakland Theater here. Above is a scene from "The Sword and the Rose," starring Richard Todd and Glynis Johns.

Padre Gives Relic to U. S. Chaplain

ORLEANS, France (INS) — A sacred relic is helping promote better relations between the French people and U. S. servicemen and their families stationed in France.

The relic, part of the 14 Century-old skull of St. Benedict reposing in a small silver case with a replica of the Saint's original medal on the reverse side, was presented by the Bishop of Orleans, Msgr. Picard de la Vacquerie, to Col. H. F. Donovan of Baltimore, Md., command chaplain of USAREUR Communications Zone.

Chaplain Donovan said the relic was symbolic of the "very cordial Franco-American relations" which have developed during the past few years through U. S. Army chapels and French churches.

"I regard it as a rare and valuable token," he said, "a true momento of the high esteem in which the Bishop and the people of Orleans and of France hold the men of our Army and their families."

Texas Hospital Installing Mammoth X-Ray Device

HOUSTON, Tex. (AP)—The University of Texas Hospital for Cancer Research here is installing a 10-ton, 22-million-volt betatron.

The mammoth X-ray research weapon is housed in a vault with six-foot thick walls and augments the hospital's three-million-volt cobalt-60.

Combined, the two machines are $150,000 worth of hope that some new inroad can be made against cancer.

RAF Jets Accompany Nixon to Hong Kong

HONG KONG (AP) — Vice president Richard M. Nixon landed at this British crown colony today, accompanied on the last 40 miles of his flight from Indochina by 12 Royal Air Force Vampire jets.

A 19-gun salute welcomed Nixon.

Thousands jammed the tiny airport to get a glimpse of the first U. S. vice president to visit here since World War II.

Husband Makes Wife's Clothes

Ohio Man Tinkers With Sewing Machine, Now Finds Himself Busy

CANTON, Ohio (UP) —It's so nice to have a man around the house — especially one like Robert Earhart Jr.

His wife, Evelyn, is happy about it anyway.

About a year ago, Earhart was puzzled as to what to give his wife for her birthday. He finally hit on a sewing machine.

"I brought it home," he explained," and began tinkering with it. Then I said to myself, 'Well, shucks, I might as well make something.' And that's how I started."

Since then he's been turning out blouses, skirts, slacks, shorts and dresses for his wife, drawing heavily on his former trades of both photographer and commercial artist.

At first Mrs. Earhart had to teach her husband the ins-and-outs of sewing, but it wasn't long before "I turned around and taught her a few things."

Earhart is very proud of a skirt he made his wife for 70 cents and a red house dress he made for $4. "We've saved all kinds of money," he said. There is one hitch, though.

"My wife doesn't always like my designs," he added. "She sees them in pencil. Then she picks up a magazine and sees all kinds of dresses there in color and that's what she wants."

He admitted his designs are somewhat conservative of line and severe of shape, but he does lean toward sports' wear with two-tone pockets. His approach is this:

"First, you visualize it. Then you draw it. Then you set it out in pattern form — which is a doozie of a job."

He also has found that the choice of material is of vital importance and is influenced by the intended activity of the garment and the season.

Memories of the roguh-and-tumble of the free-lance market makes the Earharts wary of plunging into designing and making clothes, but:

"I'm not saying we won't get into the business. Wouldn't that be something?"

Trick for the Needy

LAWTON (AP) — Girl Scouts and Brownies of the area gathered more than six bushels of non-perishable foodstuffs Halloween trick or treat night to be used for holiday baskets for the needy.

"POP" MUSIC—Sally Sweetland, whose first love is opera, switches to "pop" music for a time. She celebrates start of a tour with a radio show to college functions across the country, by breaking a supper-club-type balloon.

Technicalities Don't Bother Village Voters

SPRINGFIELD, Ohio (AP)—The voters of the Village of Clifton—population 220—don't go in much for technicalities.

Tuesday they sent four men into a dead heat for a village office that doesn't exist—the board of public affairs.

They they elected the same man mayor and councilman. If he decides to be mayor it means a straw-drawing contest between two men who finished in a tie behind him in the Council voting.

What's more. The voters elected a military man to the Council. There is strong suspicion that a soldier on active duty may not hold public office in the village.

All votes were write-ins.

2 Jailed, Woman Fined for Helping Escapee

PAW PAW (AP) — Two men must serve the next 90 days in jail and the wife of one must pay a $50 fine for aiding an escaped prisoner from a state prison camp near Traverse City.

Horace Kinney, 32, and Noble Root, 34, of Lawton pleaded guilty to sheltering and giving transportation to Dennis Ockerman, 35, who fled from the prison camp with George Alband, 45, on Oct. 11. They got 90 days apiece and Kinney's wife, Roahinte, 34, drew the fine.

Dulles Is on Four-Day Vacation at Island Camp

WATERTOWN, N. Y. (AP)—Secretary of State Dulles is spending a four-day vacation at his camp on Main Duck Island in Lake Ontario.

He and Mrs. Dulles plan to return to Washington Sunday.

Envoy Reports to Nehru

NEW DELHI, India (AP) — U. S. Ambassador George Allen gave Prime Minister Nehru a first hand report today on the prisoner repatriation situation in Korea. The American envoy recently returned from a two-week fact-finding trip to the war-torn peninsula.

U-M Gets Cash to Study Student Group Thinking

ANN ARBOR (AP)—The University of Michigan announced today its sociology department has been granted $240,000 by the Rockefeller Foundation for a two-year study of student group thinking and interests.

Fourteen single male students will participate in the experiments, living together in a former fraterniry house and submitting to questions, interviews and group discussions three to five hours weekly.

Has 20th Traffic Death

FLINT, Mich. (UP)—Mrs. Delo Brander, 63, became Flint's 20th traffic fatality of the year when she died Wednesday of injuries she suffered in a collision at a city intersection last Oct. 15.

Democrats Want More Voice on Committees

WASHINGTON (AP) — Sen. Hunt (D-Wyo) suggested today that Democrats should demand the right to name vice chairmen on at least some key Senate committees when Congress meets again in January.

He said Senate Democrats, who now outnumber the Republicans by one, "have no desire to take over the committees" or the chairmanships. But, he added in an interview, he believes they are entitled to a greater voice in Senate affairs than apparently has been contemplated.

Forests cover about 630,000,000 acres, or one third of the land area, of the United States.

Say Kitchen Is Still Most Used Room

STATE COLLEGE, Pa. (UP)—The kitchen still is the center of activity in the farm home, according to a survey conducted by two Penn State faculty members.

Dr. M. E. John, professor of rural sociology, and Francena L. Nolan, instructor in housing, said the survey showed the kitchen "was by far the most used room, both in terms of amount of time spent in these rooms and the number of activities performed."

Nearly one-third of the 53 families surveyed had no dining room, and for the two-thirds that did, it was the least used of the three major rooms—kitchen, living room and dining room.

Many of the families eat in the dining room only on special occasions but use it for other activities such as sewing and ironing, the study showed.

Boulder dam and its power plant cost $114 millions.

Has 300 Varieties but No Customers

FLINT (UP) — Rudy Luethold owns a bar offering 300 varieties of liquor—but it's never had a customer.

Luethold, a bartender at the Hotel Durant, has a mineature bar he built as a backdrop for his collection of more than 300 miniature liquor and beer bottles.

During a year of work, he made the bar complete in every detail. The taps flow beer and running water and cooling cabinets actually are refrigerated.

The bar itself is 13 inches high, six inches deep and six feet long. There are twelve stools built of chrome with foam rubber cushions, mirrors, a cash register and built-in cabinets to hold the tiny bottles.

Indirect lighting comes from small bulbs of blue, green, red white and amber.

The bar even has a tiny deer's head for decoration.

10-Ton Monument Honors 1st Canadian Governor

NIAGARA - ON - THE - LAKE, Ont. (UP)—The first governor of Ontario and his lady were honored here recently by erection of a 10-ton monument carved from limestone.

Likenesses of John Graves Simcoe and Elizabeth Posthuma Gwillim Simcoe, as they appeared in 1792, were varved in the 12-foot high stone by Miss Wyn Wood, noted Canadian sculptress.

The monument overlooks Navy Hall where Simcoe convened the first provincial assembly Sept. 17, 1792.

Steal Golf Balls

HOUSTON, Tex. (UP)—Golfers at Hermann Park course are finding more than the usual hazards to send scores soaring. Several have reported that squirrels in the wooded park have punced on their balls before they could reach them. A. C. Uphaus, an engineer, said the one that grabbed his ball carried it 50 yards—well into the rough.

Toss of Coin Brings Death to U. S. Chaplain

LOUISVILLE, Ky. (AP)—A toss of a coin decided that Capt. Herman Felhoelter, O.F.M., of Louisville, would be the first Catholic chaplain killed in the Korean War.

A solemn Requiem Mass was held here for Capt. Felhoelter recently.

He was killed July 16, 1950, after he and a Baptist chaplain tossed a coin to see who would remain behind to tend the wounded along the Kum River. The Franciscan priest lost and the Protestant minister, badly wounded, left with the retreating Allied troops.

Vaulted Violins

WATERBURY, Conn. (UP) — Theoretically, the Waterbury National Bank is one place where depositors may fiddle around. Sixty-three violins were placed in the bank's vault for safe-keeping. They were part of the estate of the late Toffie Thomas, a music teacher, which the bank is administering.

Defense Is Stressed in Chiefs' Drills

Maples Meet Skippers Friday

Waterford High School's football team has double incentive for victory Friday afternoon when it meets Birmingham on the WHS gridiron at M-59 and Crescent Lake Road.

1—A win would assure the Skippers their best football season in five years, and of course, the best in Walt Ashley's three-year-tenure as head coach.

2—Waterford has lost three straight decisions to the Maples.

Vince Secontine's team also has good reason to strongly desire a triumph for Birmingham has won only one game in its last five outings.

Waterford, which began football in 1947, has been over the .500 mark only once. Skippers had a 5-2 mark against varsity competition in 1949. Caliber of opposition has increased each year as the school reached Class A status and joined the Inter-Lakes Conference.

Birmingham won the 1st meeting of the two teams in 1950, 20-6, in Sam Ortiz' last season as Waterford mentor. The 1951 Maples, powered by Tom Tracy, rolled to a 35-0 victory.

Last year, it was much closer, Birmingham winning, 14-6. This year's game should be the best in the series.

On the record, superior defensive play should determine the winner and both teams have shown effective defense. Until bumping into all-conquering Port Huron last week, Maples were yielding only slightly more than one touchdown per game.

Their principal job Friday will be to contain the Skippers' great breakaway artists, Kerry-Keating and Ray Campbell. In Waterford's six games Keating has amassed 748 yards and an average of 6.6 per try. Campbell's mark is 6.5 and his total, 298.

Keating and Campbell are the sparkplugs of the offense, but the Waterford defensive backs also have been effective, with pass interceptions setting up a number of scores.

Members of the secondary are linebackers Dave Larkin and Larry Wigner and deep men Laine Hetherington, Keating and Loren Bray or Campbell. Skippers have given up 6.5 points per game, but four were tallied by Van Dyke, only two in the five other contests.

Each team may be minus the services of a regular end. Howard Christie is a doubtful starter for Birmingham, while Skipper Dick Tims suffered a shoulder injury in practice Tuesday and may miss the game.

Waterford, however, regains guard Chuck Koches, out since early in the season with illness, and Birmingham has halfbacks Dave Allen and Payson Chapman ready for action.

FRIDAY'S GAME FACTS

OPPONENTS—Waterford and Birmingham.
TIME—8:30 p.m.
PLACE—Waterford High School field.
COACHES—Waldo Ashley (W); Vince Secontine (B).
NICKNAMES—Skippers (W); Maples (B).
1952 RECORDS—Waterford 5-4-1; Birmingham 5-3-1.
1953 RECORDS—Waterford 5-2-1; Birmingham 7-3-1.
PROBABLE STARTERS:
BIRMINGHAM
ENDS—Bill Watkinson and Chris Christie.
TACKLES—Jerry Beck and Dick Thalacker.
GUARDS—Howard Blake and Ernest Teichman.
CENTER—Bill Hohmeyer.
BACKS—Jerry Wedge (qb); Dave Allen and Payson Chapman (hbs) and Tom Beck (fb).
WATERFORD
ENDS—Lou Fitzgerald and Dick Time or Jerry Krueske.
TACKLES—Chuck Schack and Dick Cloutier.
GUARDS—Ron Cordray and Chuck Koches or Al Nestor.
CENTER—Walter Perry.
BACKS—Larry Wigner (qb); Kerry Keating and Ray Campbell (hbs) and Pat O'Neill (fb).

SKIPPER MAINSTAYS—Waterford High School football fortunes this season have risen or fell with this brilliant pair of climax runners. Shown with Skipper coach Walt Ashley are Ray Campbell (left) and Kerry Keating. The pair, who have rushed over 1,000 yards and accounted for 13 touchdowns this season, lead Waterford against Birmingham Friday afternoon.

Vikings Bring Speedy Attack Here on Friday

Wilson Moved to End in Effort to Combat FN's Fleet Backs

VALLEY STANDINGS

	W	L	PF	PA
Flint Northern	3	0	58	18
Flint Central	2	0	55	31
Bay City	2	1	50	18
Arthur Hill	1	1	42	46
Saginaw	0	2	6	47
Pontiac	0	3	20	60

Friday's schedule: Northern at Pontiac; Bay City at Arthur Hill; Saginaw at Flint Central.

By BILL MARTIN

Pontiac High's football Chiefs have become defense-minded this week as they prepare to wind up their home season Friday night against Flint Northern's Saginaw Valley Conference co-leaders.

Coach Ed Graybiel has been stressing defensive drills all week and plans to make at least one change in his lineup to combat the dangerous over-all backfield speed of the Vikings.

Willie Wilson, who next to Jimmy Williams is the fastest man on the Pontiac squad, will be used at end on a 7-man defensive line and at outside linebacker on a 6-man setup. Regular end Leroy Moore will move to tackle on the 7-man alignment.

One possible switch on offense may give sophomore guard Dick Navis, brought up from the junior varsity last week his 1st varsity starting assignment. If Navis isn't considered ready, Gene Vaughn will get the nod.

Northern brings to Pontiac an impressive record of five victories, including an 18-12 triumph over previously-unbeaten Bay City Central, against a single loss. Defeat was to unbeaten Ann Arbor.

Spearheading the Viking attack is halfback Art Johnson, who has averaged 10.6 yards in 61 rushes and has scored eight touchdowns. Jerry Miller, the other halfback, and fullback Dick Ruhala also are dashmen on the track team and give Coach Burt Smith one of the fastest trio of backs in the state.

Northern, while not considered a passing team, has just enough of an aerial threat to keep opponents worried. Vikings have just under a .300 completion mark in 30 throws.

Pontiac Press Photo

STEADY PERFORMER—One of the steadiest performers on the Pontiac High School football team this season has been right halfback Bill Rose. The 5-foot 6-inch 160-pound junior currently is tied with Homer Harrison in scoring and is 2nd only to Jimmy Williams in rushing with a 5.4 yard average in 37 tries. He has scored two touchdowns and kicked seven of 11 conversions for 19 points. Rose also has caught four passes for 60 yards. He has been a defensive standout all season as a linebacker.

Keego, Avon in Key Games

Football Season Ends for 16 County Prep Teams; 15 Others Wait a Week

Sixteen Oakland County high school football teams ring down the curtain on 1953 activities this weekend, while 15 others prolong the season for at least another week.

Those winding up their campaigns include Walled Lake, Farmington, Southfield, Milford, Clarkston, Rochester, Lake Orion, Troy, Clawson, Madison, Ortonville, South Lyon, Shrine, St. James and St. Mary of Royal Oak and Orchard Lake.

Non-league action forms the bulk of the schedule, but six games are pertinent to the outcome of four conference races. In the Interlakes, Van Dyke is assured no worse than a tie for the title and will be favored over Berkley to win the crown tonight.

Avondale needs only to down hapless Madison to clinch a share of the Oakland B championship. 'Jackets are tied at the top with Fitzgerald and Roseville. Winner of their meeting would tie for the title.

Should the Roseville-Fitzgerald tilt wind up in a tie and Avondale beat Madison, the Auburn Heights eleven would pick up all the marbles.

Keego Harbor, tied with Northville atop the Wayne-Oakland, faces a rough foe at Clarenceville in the feature W-O game. Northville is expected to keep stride by beating Brighton.

North Branch, undefeated in its last 15 games, can win the South Central for the second straight year by besting Imlay City.

Imlay would tie by winning, Lyle Powers' Spartans also take a shot at another unbeaten team (Capac) in their season windup next week.

Capac, idle this week, already has won the Southern Thumb title, Warren has wrapped up the Bi-County, and Port Huron has at least a tie cinched in the Eastern Michigan. Big Reds close with Hazel Park one week hence.

Leading games on the non-league list send Birmingham to Waterford, South Lyon to Milford, Clarkston to Holly, Rochester to Cranbrook and Oxford to Lake Orion.

Other contests involving county schools have Walled Lake at Trenton, Livonia Bentley at Farmington, Plymouth at Southfield, Clawson at Romeo, Troy at Dexter, Royal Oak at Ferndale, Detroit St. Joe at Hazel Park and Ortonville at Mayville.

International Race Has Turf World Stirred

Saturday's Laurel Park Event to Match Horses From Six Nations

LAUREL, Md. (AP) — Greatest international horse race in history had turf people around the world stirred up today as thoroughbred stars from six countries awaited the $65,000 Washington, D. C. International at Laurel Park.

Never in thoroughbred racing have horses been brought together from so many nations, and it's anybody's guess which one will gallop off with the $50,000 winner's share.

Turf stars from Europe, South America and the United States will battle it out Saturday at 4 p. m. EST, in the mile and one-half spin around Laurel's infield grass course. The management has invited horses bred in England, Ireland, France, Argentine, Chile and the United States for the dazzling sports show which was inaugurated last year.

"We also could have had horses from Japan, Australia, Italy, and other countries," said Joseph Cascarella, former Washington Senators' pitcher who is Laurel's general manager.

The International was invented last year by John Schapiro, Laurel president, and the main conversation then centered on which foreign horse would come in fourth after the three Americans finished.

It turned out that Wilwyn, Robert Boucher's English star, fought off six rivals to take the prize in as thrilling a race ever seen in this country. One American horse, Ruhe, finished second.

Wilwyn is here again, and will be backed heavily at the mutuel windows.

Mr. and Mrs. Charles Cohen's Crafty Admiral, American star who won the Empire Gold Cup last Saturday may be the favorite — but don't bet on it.

Pontiac Press Photo

AERIAL 'TEAM'—Birmingham's football offense has produced only two touchdowns in the last five starts, while Waterford, the Maples' Friday opponent, has displayed a stiff defense. Vince Secontine's team may be forced to the air against the Skippers. If so, the principal figures are quarterback Jerry Wedge (center) and the Maples' fine set of ends, Bill Watkinson (80) and Chris Christie (82).

Rules Review Group to Meet in Lansing

LANSING (AP) — The 17-man—less one — commitee named to review Michigan's high school athletic rules will hold what may be its final meeting here Nov. 23.

The committee was called to meet by Dr. C. L. Taylor, state superinendent of public instruction, who appointed it.

The committee will review rule changes recommended last month which have been re-edited by Dr. Taylor's staff.

One member of the committee, Francis P. Kelly of Lansing, representing game officials, has resigned from the committee on the grounds it failed to recommend reinstatement of 10 prep school athletes suspended for accepting merchandise awards.

TODAY A YEAR AGO—Georgia Tech accepted an invitation to play in the Sugar Bowl.

Notre Dame Grid Future Depending on Youngsters

SOUTH BEND, Ind. (AP)—Undefeated Notre Dame is reaching for football's pinnacle again after winning only 18 of 29 games in the past three seasons.

That relapse from 1950 through 1952 came after Frank Leahy's Fighting Irish had lost only seven games in nine preceding seasons and were unbeaten from 1946 until early 1950 in 39 straight games.

The current Irish team, No. 1 in the Associated Press national poll as a whole falls below comparison with the 1946, 1947 or 1949 Irish squads.

Yet the Irish have marched to victories over Oklahoma, Purdue, Pittsburgh, Georgia Tech and Navy. And the odds are increasing for Leahy's 3rd perfect Notre Dame season since he took over in 1941.

If against Penn, North Carolina, Purdue, Southern California and Southern Methodist, Leahy can fully utilize a half dozen or so promising sophomores the Irish may definitely have a world-beater.

On those youngsters hinge the chances for Notre Dame to continue as king of the football hill.

Leahy often has said that Notre Dame is finding it increasingly difficult to lure standout prep football players, who can meet the school's scholastic standards.

A brilliant season this year could beckon the prospective stars who chose to perform elsewhere the past few years. But the freshmen of next year won't do him much good until 1956 or 1957.

It is calculated that Notre Dame has only 24 or so freshmen football players on what might be termed scholarships.

Prep Schedules

FRIDAY

Flint Northern at Pontiac; Birmingham at Waterford; Walled Lake at Trenton; Van Dyke at Berkley; Bentley at Farmington; Plymouth at Southfield; Keego Harbor at Clarenceville; South Lyon at Milford; Clarkston at Holly; Northville at Brighton; Rochester at Cranbrook; Oxford at Lake Orion; Flint St. Mikes at Lapeer; Clawson at Romeo; Madison at Avondale; Troy at Dexter; Fitzgerald at Roseville; Royal Oak at Ferndale; Hazel Park at St. Joseph; East Detroit at Hamtramck; Grosse Pointe at Port Huron; Owosso at Mt. Clemens; Lakeview at Utica; Eastland at Center Line; South Lake at Lake Shore; Ortonville at Mayville; Imlay City at North Branch; Millington at MSD.

SATURDAY

RO St. Mary at St. Frederick (Wisner Stadium).

SUNDAY

OL St. Mary at St. Michael (Winner); Warren at MC St. Mary; Lourdes at Shrine; St. Rita at St. James.

Briton Stars in Horse Show

NEW YORK (AP) — Col. Harry Lewellyn, 41, British ex-jockey, and his equine partner, Foxhunter, today decided to show the crowds at the National Horse Show just how Olympic medals are won.

They'll have two chances in Madison Square Garden and if they perform as they did last night in winning the Royce A. Drake Memorial Challenge trophy, no one is going to beat him.

In winning the Drake trophy, Foxhunter went around the course twice without coming even close to the timber. Pat Smythe and her Princess Pat also cleared all the obstacles the first time around, but flunked out on the fourth hurdle in the jumpoff.

Mrs. Caroll Durand and Arthur McCashin of the United States team salvaged a share of third place by tieing with Britain's William Hanson.

Bratton Confident He Can Beat Kid Gavilan

CHICAGO (AP) — Johnn Bratton, a 9-year ring veteran at the age of 26, is confident he will defeat Kid Gavilan for the welterweight crown in the 3rd meeting of the two at Chicago Stadium Nov. 13.

Gavilan scored a unanimous decison over Bratton for the undisputed world title in May 1951. Six months later they fought to a draw in Chicago in an overweight nontitle bout.

Other Changes Minor

Batter Given Option Under New Balk Rule

NEW YORK (AP)—When the umpire yells "balk" next season the pitcher better not follow through. The batter might hit a home run. And it would count.

The balk rule came in for considerable revision yesterday as the baseball rules committee, a nine man group representing the majors and the minors, ended its first rewriting session in more than two years.

• • •

Under the new rule a batter who hits a pitch on which a balk has been committed has the choice of taking the balk called on the pitcher or the result of his swing.

• • •

In the past the ball was dead as soon as the balk was called by the umpire. The runners could advance only one base and the batter had to resume his place at the plate. In case the pitch is wild after a balk is called runners may advance as much as they can safely. On a fourth ball the batter can take the base on balls.

• • •

Four other minor changes were recorded as the committee finished its three-day meeting at the office of Commissioner Ford Frick.

• • •

An umpire now may use his judgment on how far base runners can advance after an overthrow has been interfered with by fans leaning over the box seat railings. Previously, the advancement was set by ground rules as well as baseball rules.

Players who run the bases in reverse to confuse the defense now will be automatically out without having to be tagged out.

Another change concernes defensive interference. A batter will be awarded first base if any defensive player (in the past only the catcher) interferes with a batter's attempt to swing at a pitch. The rulemakers cite that a first baseman, charging for a bunt, might grab the ball before it reached the plate.

The rule on base runners being out when hit by a fair batted ball was clarified. A line was added to include batters, who, naturally, become base runners as soon as they hit the ball.

Williams Calls Sports Confab

LANSING (AP)—A state-wide conference to promote winter sports in Michigan Dec. 15 at Gaylord has been called by Gov. Williams.

He said it was open to anyone interested in the subject.

State, regional and local leaders in winter sports promotion will attend, in any event.

The conference will consider promotion of skiing, skating, tobogganing ice fishing and hunting.

Williams said he sought the expansion and development of the Michigan winter sports program which "now draws an estimated 300,000 participants annually."

At the same time, the state tourist council reported that 38 ski centers will operate in Michigan this winter. The council said it would provide a list of the centers to anyone interested.

Missaukee Mountains Winter Park near Lake City is a new addition this year and the Boyne Mountain Lodge near Boyne City now boasts a heated outdoor swimming pool.

TWENTY YEARS AGO — The Athletics purchased outfielder Ray Radcliffe from St. Paul.

Terps' Defense Most Effective

NEW YORK (AP) — **If you want to claim unbeaten Maryland has the most effective defense in major college football, you don't have to go hunting for a special statistical column to prove it. Just about any statistical column will do.**

Coach Jim Tatum's Terrapins rank 1st in least points allowed, 1st in ground defense, 4th in total defense, 3rd in punting, 1st in kickoff returns and 2nd in punt returns, NCAA service bureau figures showed today.

And since they also rank in the top ten in scoring, total offense and ground attack, their perfect record comes as no surprise either to statisticians or opponents.

Only in pass defense is Maryland missing from among the leaders. The top team in this respect is Richmond, the only team that hasn't permitted a scoring pass. It has allowed only 35.6 yards a game through the air and only 23 completions in 76 tries.

UM Stopped Karras, Now There's Two

Caroline, Bates Pose Big Problem for Defense of Wolverines

ANN ARBOR (AP) — Michigan is faced with another Illinois team that boasts tremendous running speed at Champaign, Ill., Saturday.

The situation is somewhat similar to the 1949 tilt with Illinois when the lightning-fast halfback Johnny Karas was the big wheel.

Michigan came up with a tremendous game that year to win their last victory to date over the Illini.

The whole Michigan team made 118 yards on the ground. Karras made 122 yards all by himself, including a brilliant 58 yard sprint on a double reverse.

But the Wolverines played brilliant defensive ball when the chips were down. A 51-yard pass play from Chuck Ortmann to end Harry Allis gave the Wolverines a 7-0 lead. And fullback Tom Peterson plunged one yard in the fourth period for the 13-0 victory.

An almost exact duplicate of that game will have to be played if Michigan is to stop the 1953 Illini, who are powered by two great halfbacks, Mickey Bates and J. C. Caroline.

Buckeyes Plan Revenge for '51 Defeat by MSC

COLUMBUS, Ohio (AP) — Ohio State's Bucks are still smarting a bit from the "transcontinental" surprise pass which Michigan State used to pull out a 24-20 victory in the closing minutes of the 1951 game — and they're planning vengence Saturday.

In fact, a spirit of confidence is in the air around the campus these days despite the fact the Spartans have won 29 of their last 30 games.

Gene Fekete, Ohio State assistant coach who has scouted Michigan State the last three weeks, declared today:

"It looks to me as if we're pretty evenly matched, with Michigan State having a little more depth. But I don't believe they are invincible."

And Woody Hayes, boss of the Bucks, summed it up with:

"We believe strongly in our offense, and our defense has improved each of the last three weeks. Against Northwestern our passing was the best it has been all year (14 of 27 completed for 238 yards).

"We have come from behind to win four of our five games. It is a great thing to me, as a coach, to see the boys stay in there and fight, and when a break comes their way, take advantage of it.

"We'll do mighty little rough work this week — we'll get plenty of that Saturday."

Ohio has a decided weight edge — 202 to 195 in the line, and 182 to 172 in the backfield — and the Bucks have speed and passing power.

Bobby Watkins at right half is the big scorer with 10 touchdowns in six games. He gained 605 yards in 93 attempts for a 6.5 average.

3 Six-Round Scraps for Motor City Fans

DETROIT (UP) — Three six-round bouts and one four-rounder between heavyweights Noel (Bull) Reid of Detroit and Pete Jackson of Chicago will highlight action at the Motor City Arena tonight.

In the six-rounders it's middleweight Tommy Leedle of Detroit against Harry Budniewski of Buffalo, N. Y.; Eddie Simms of Chicago versus Detroit middleweight Chuck Coleman, and Detroit heavyweight Ken Hammer against Bob Biehler of Rochester, N. Y.

Portions of the Leedle-Budniewski and Simms-Coleman bouts will be televised between 9 and 10 p.m. (EST).

Writer Salutes Many Careers of Herman Hickman; Weinmeister Lauded, Hubbard, Henry Recalled

By GRANTLAND RICE

NEW YORK—Was there ever a fellow who was involved in more varied careers than Herman Hickman?

• • •

Here is a fellow who has been a star college football player, a pro football player, a professional wrestler, a poet, a raconteur, a big-name coach. I have probably left out something important which has to do with food.

You might say—

Past master of the crashing block
The sonnet and the hammerlock.
The ode—the dashing roundelay.
The dreaded toe hold on its way.
All mixed up in a wild turmoil
All ready for the coming boil.
And now the wild off-tackles fell
With forward pass and doggerel.
And now the straight arm lands paw
With rhythm on the tingling jaw,
While still the ballad rings across
The offside and the six-yard loss
Herman, I'd think 300 pounds
Would often take you out of bounds,
And leave you skittered in the fold
From roundelay to stranglehold.
From muscular to mental art
How do you keep them all apart?

• • •

Steve Owen has a tackle on his Giants that Steve figures is the best of all time. What's a big order. His name is Arnie Weinmeister, a big, fast, intelligent football player who certainly rates high. But the greatest?

Just a few weeks before at the Yankee Stadium we had a long talk with a pretty fair old-time tackle. His name is Cal Hubbard. Val is 6 feet 6 and weight around 260. There is no fat on Cal.

• • •

Shipwreck Kelly once sent out a vote to 60 football coaches, asking them to name the greatest football player they ever saw or coached.

The late Bo McMillin named Cal Hubbard. Bob Neyland of Tennessee named McEver, one of his backs. The only man who got two votes was Jim Thorpe. Bronko Nagurski was on that list. So was Ernie Nevers.

• • •

McMillin wrote that Hubbard was so far ahead of everybody else there could be no 2nd place. Cal was a smart tackle. He knew the weakness of most coaches and what they were likely to do.

• • •

Fats Henry, the famous tackle at W. and J., was certainly one of the greatest. He is on many all time grid teams. "He could rack up a whole half of a line," Lou Little tells you. "He was pure murder."

It is enough to be ranked with the best four or five men in any position.

Giel, Lattner Top Candidates for All-America

By BOB HOOBING

NEW YORK (AP)—Halfbacks Paul Giel of Minnesota and Johnny Lattner of Notre Dame appear to be strong bets to repeat as football All-Americas this year but they've got plenty of competition among the crop of backfield candidates.

According to progress reports from Associated Press regional All-America boards Giel and Lattner so far rate tops on their impressive all-around abilities in this first year of the return to limited substitutions.

Lattner, who is just one of several excellent runners in the nation's leading backfield, adds his exceptional talents as a blocker, pass receiver, tackler and pass defender to achieve a kingpin status at Notre Dame. Giel needs no introduction after his nationwide television debut last week against Pitt. Both were named to the All-America team in '52.

Among the other halfbacks Illinois' sophomore speedster, J. C. Caroline, has been singled out as another Midwesterner who can't be overlooked.

UCLA tailback Paul Cameron continues to draw commendations from Far West experts. Sports Editor Paul Zimmerman of the Los Angeles Times calls Cameron "the best back in the (Pacific Coast) conference." Cameron's wingback mate, Bill Stits, is another nominee along with Washington State's Wayne Berry.

Veryl (Joe) Switzer, Kansas State Negro, is the name heard the length and breadth of the Central Plains region with Oklahoma's Larry Grigg also in contention.

* * *

Steve Meilinger, the guiding force behind Kentucky's upset victories who plays every position in the backfield and end as well, is a favorite in the South.

Other halfbacks named include Bobby Watkins of Ohio State, Joe Mastrogiovanni of Wyoming, Ken Cardella of Arizona and Bob Cavazos of Texas Tech.

Maryland's Bernie Faloney is one of the most frequently mentioned of an impressive list of quarterbacks. West Virginia's Fred Wyant, another split-T pilot of an unbeaten squad, is a solid nominee.

Elsewhere in the South Zeke Bratkowski, Georgia's pass and punt expert comes in for consideration along with Jackie Parker of Mississippi State and Bobby Freeman of Auburn.

Three Eastern signal-callers have outstanding records despite the fact their teams are not nationally rated. They are Tony Rados of Penn State, Dick Lalla of Colgate and John Ford of Pitt.

Stanford's Bob Garrett, Oregon's George Shaw, California's Paul Larson and Utah's Don Rydalch are the Far Western quarterback standouts.

Cotton Davidson of Baylor, perhaps the slickest T-formation ballhandler in the country with an accurate passing arm and defensive ability to go with it, is a natural from the Southwest.

Nor could the nominator overlook Ralph Guglielmi who masterminds Notre Dame. Detroit's Dave Kline has also received attention.

Hoople Presses His Luck; Picks OSU to Trip State

By MAJOR AMOS B. HOOPLE

Egad! The wolves have been routed!

The chattering jackals have been silenced! Your humble gridiron prognosticator has crammed their words down their throats!

(Editor's Note: I wish he'd hurry up and tell us what he's talking about!)

My zillions of loyal readers know what I'm exulting about. It is those few who raised their voices in howls of derision when I picked Purdue to beat Michigan State toward whom this essay is aimed!

Yes, folks! Hoople has come through again with the upset of the season. And I think I deserve a small accolade, because one has to have courage to announce these form reversals in the face of the experts who are always ready to carp.

Another dandy I gave you the same day was Penn to defeat Navy, and this, too, came through just as predicted.

This week I have selected Ohio State to duplicate Purdue's victory over the Spartans, (20-13), Missouri over Oklahoma (21-20), and Washington to nose out California by a touchdown (21-13). These are my specials.

Now to go on with the rest of the scintillating forecast:

Columbia 14, Dartmouth 7; Syracuse 18, Cornell 7; Navy 20, Duke 13; Harvard 14, Princeton 13; Notre Dame 20, Penn 13; Penn. State 28, Fordham 13; Illinois 27, Michigan 14; Minnesota 20, Indiana 7; Iowa State 20, Nebraska 14; Purdue 7, Iowa 0; Kansas 13, Kansas State 0. Northwestern 20, Wisconsin 14; Rice 28, Arkansas 21; Baylor 20, Texas 14; Georgia 20, Florida 13; Kentucky 20, Vanderbilt 6; La. St. 20, Tennessee 13; Miss. State 13, Tulane 7; No. Carolina 28, So. Carolina 20; Tex. A. and M. 28, So. Meth. 21; So. California 21, Stanford 7; Tex. Christian 28, Wash. State 7.

Dykes Is Out, Joost Becomes Manager of A's

Mack Declares Change Necessary After 'Poor Job' This Season

PHILADELPHIA (AP)—A couple of baseball men were doing some mental juggling today but for vastly different reasons.

Eddie Joost, who was just another shortstop up to 10 a.m. yesterday, was saying to himself: "Let's see now, there's me at shortstop, Gus Zernial in the outfield, Eddie Robinson at first and Bobby Shantz on the mound——"

And rotund, jovial and temporarily unemployed Jimmy Dykes was mumbling: "Now if I go to Baltimore, there are a couple of nice golf courses right outside town—"

Joost was being primarily concerned with his new job as playing manager of the Philadelphia Athletics—a job that was handed him yesterday at the same press conference that brought Dykes his walking papers.

It was a sort of surprise move but no one seemed too astounded but Dykes himself. He was informed of his sudden demise after making an appearance as a luncheon speaker at nearby Norristown.

Dykes—who had managed the hapless Athletics since he took over from the club's first and only previous manager, Connie Mack, in late 1950—pointed out he had been in the A's office Tuesday.

"Nobody said anything to me," commented Jimmy. "Why didn't they tell me?"

Roy Mack, Connie's son and current executive vice president of the team said Dykes had done a "poor job with the 1953 Athletics and a change was necessary."

The 37-year-old Joost, idle much of the past season because of injuries stemming from relative old age, was rewarded for seven years of service with the A's since his purchase from Rochester in 1946.

Joost said yesterday he expects to don a uniform as a playing pilot next season.

Joost's new one-year contract reportedly calls for a $30,000 yearly salary.

Spartans Fly to Columbus Tonight for OSU Contest

EAST LANSING (AP)—After a week of frantic preparation, Michigan State was ready today for the 1st of two make-or-break games in the Western Conference title race.

Scrimmage over for the week, the Spartan traveling squad was to fly tonight for Columbus and a crucial game with Ohio State Saturday.

The capacity-plus crowd of more than 80,000 in the huge, double-decker Ohio Stadium will be listening anxiously for the score from Champaign, Ill.

If Michigan can beat Illinois there, it will mean that the winner of the Michigan State-Ohio State game will be among the teams with one loss and sharing a tie for the lead in the Big Ten battle.

Coach Biggie Munn has been busier than the ring-master at a three-ring circus preparing for this one.

One cheering note has been the quick comeback of quarterback Earl Morrall of Muskegon who has been back in the scrimmage sessions.

Sellout Crowd of 71,119 Will Watch Contest

Only an Upsurge in 'M' Spirit Could Produce Win, Observers Say

By JOHN F. MAYHEW

ANN ARBOR (AP) — Michigan's chance for glory arrives at 2:30 p.m. (EST) Saturday in a Big Ten football contest with unbeaten Illinois.

A sellout crowd of 71,119 will jam Illinois Memorial Stadium expecting to see the Illini, rated fourth in the Associated Press weekly poll, win their fourth consecutive game over Michigan, a feat never before accomplished in the 55-year-old rivalry.

The huge homecoming throng will be all set to watch Mickey Bates and J. C. Caroline, Illinois' skyrocketing halfbacks, make Michigan the fourth conference victim of the season. That could send the Illini to the Rose Bowl.

Michigan's chances of stemming the Illini tide depend to a large extent on an upsurge in team spirit. Coach Bennie Oosterbaan's Wolverines have nothing new with which to do the job.

Ted Kress and Tony Branoff, fine Michigan halfbacks, will carry the running load with line plunging responsibilities in the hands of fullback Dick Balzhiser. Quarterback Lou Baldacci will call the signals and share the passing with Kress and Duncan McDonald.

As big a load will fall on the Michigan defense. Return of tackle Art Walker is expected to bolster the line. And improvement in the linebacking of Balzhiser and center John Morrow is looked for.

That defense is faced with the job of stopping a snappy Illinois offense that has averaged 393 yards and 30 points a game in three conference starts.

In Michigan's favor, along with the chance for glory, is the incentive of returning the favor to the Illinois club that upset Michigan 22-13 last season.

Before that Illinois took a pair of 7-0 victories in stormy weather games after Michigan's last triumph, a 13-0 victory in 1949.

Halas Not Quitting

CHICAGO (AP) — George Halas will never step down as head coach of the Chicago Bears until the team "is back on top," says assistant coach Luke Johnson.

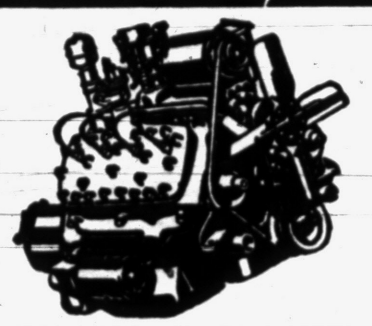

The Bears are in the midst of one of their most dismal seasons, losing five of their first six National Football League starts. They face the Green Bay Packers, only club they have beaten, at Wrigley Field Sunday.

Cubs Seek 3rd Baseman for Shortstop Smalley

CHICAGO (AP)—Chicago Cubs and Philadelphia Phils are working on a deal that would exchange Cub shortstop Roy Smalley for Phil third baseman Willie Jones, the Daily News said Wednesday.

Cubs already have three third basemen, including Ransom Jackson, Bill Serena and Bruce Edwards. Eddie Miksis and two Negro rookies, Ernie Banks and Gene Baker, are Cub shortstop candidates.

Phils soon expect to lose their rookie shortstop, Ted Kazanski to military service.

Illini Expected to Toss Tricks at Michigan 11

Ace Runner Caroline Also Called Threat as Forward Passer

By CHARLES CHAMBERLAIN

CHICAGO (AP)—Illinois, one of the most talked-of teams in the country, undoubtedly has some football tricks stored up for use against Michigan Saturday in what should be the unbeaten Illini's severest test of the season.

A spread formation can be expected. Some passes thrown by J. C. Caroline, sensational runner who leads the nation in rushing, can be unexpected.

Sophomore Caroline accounted for 50 touchdowns in his high school career at Columbia, S. C. He either carried the ball across, or passed for them.

He hasn't tossed a pass yet for Illinois, but that doesn't mean he won't. It would make a tantalizing change of pace for the 6-foot, 185-pound Negro halfback who already has set a modern Illinois season record of 891 yards rushing.

Illinois may not have to resort to something new to defeat Michigan in this great homecoming classic. But it may take tricks to win, especially if rain dampens the gridiron enough to handicap the Illinois's blistering rushing attack that has averaged 330 yards in three Big Ten victories.

Rain—and the long-range forecast says it is possible for Saturday—would hamper Illinois more than Michigan.

Wolverines easily can shift to the air if the footing is treacherous. They have 11 backs who can throw the ball, and at least four can do it with authority.

Andrews-Graham Bout Off

By JOE FALLS

DETROIT (AP) — Newcomer Al Andrews is good enough to beat Chuck Davey twice but his manager doesn't think he's good enough to beat Billy Graham once. Not now, anyway.

Ike Bernstein, 76-year-old sage of the ring, said this today after Andrews had beaten Davey for the second time.

• • •

"I don't think my boy is ready for Graham," Bernstein said. "He's too green. Graham is a veteran. He's too smart."

Andrews, a promising welterweight from Superior, Wis., scored a split decision over the fading Davey in a close 10-rounder at Olympic Stadium last night. That, it was generally understood, earned him a Dec. 2 shot at Graham, the veteran New York craftsman.

• • •

But now it looks as though the fight won't come off at all.

Andrews injured his right hand in the first round and Bernstein, who got out of a sick bed to attend the fight, said:

• • •

"We'll have to see how his hand comes along."

And what about Davey? Is he through?

"No," says trainer Issy Kline. "He'll fight again."

But Davey . . . he's not too sure. It was his third loss in his last five starts. He also had lost to Andrews in a 10-rounder last September.

"Don't ask me about that now," he said frankly. "I never make quick decisions. I thought I fought fairly well, but not as well as I expected. When you lose—well, that could change things."

• • •

Writers covering the fight also thought Davey fought well. In fact, a ringside poll showed 13 writers favored Davey and only one Andrews. The AP called it even.

But the ones who decide such matters—the officials—gave it to Andrews by a 2-1 margin.

AP Wirephoto

RINGSIDERS LEND HAND—One of the officials at the Chuck Davey-Al Andrews bout at Olympia last night (in which the clinches were numerous) braces an arm to keep Andrews from falling through the ropes as he was pushed by Davey. Referee is Morrie Sherman. Andrews was awarded the televised bout on a split decision.

James (Red) Smith, Duke halfback, is a major league baseball prospect. He's a left-handed hitting outfielder.

There is a former member of the Chicago Black Hawks on every team in the National Hockey League.

BRAKE Adjustment $1.19

HERE'S WHAT WE DO:

- Remove front wheels and inspect lining.
- Inspect, clean and repack front wheel bearings
- Inspect brake drums. Check and add brake fluid if needed.
- Adjust brake shoes to secure full contact with drums
- Carefully test brakes.

Spitball Still Outlawed, but Pitchers Won't Mind

By GAYLE TALBOT

NEW YORK (AP)—An unidentified member of the baseball rules committee proposed at that body's meeting here this week that the spitball, which was forced to go underground more than 30 years ago, be restored to the list of legitimate pitches.

• • •

While he got nowhere—and probably had not expected to—the unnamed magnate deserved commendation we feel, for having at least given the outlawed toss a final chance to regain respectability.

One of those who voted against the return of one of the most effective pitches the game ever knew explained "it's a horrid word," and that, if you want to know something, always was the principal rap against the delivery.

Those who fought originally for abolishment of the spitter claimed it was unsanitary, though it never was entirely clear who might have suffered from the brief amount of moisture involved. Every oldtime spitballer we ever talked to said bitterly that the whole thing was a plot to favor the batter.

There is a whole new generation of fans which never has knowingly seen a spitball thrown. For their benefit it perhaps should be explained that a spot of moisture about the size of a dollar will make a baseball do some weird things when it is thrown properly. Don't ask me why.

Those pitchers who depended upon the delivery were permitted to go on using it after the anti-saliva rule was passed, and they lasted remarkably well, the last of the clan not disappearing until around the mid-thirties. Since then the pitch has been used by many of the game's top stars, and is a popular number to this day, but mention of the fact is not considered ethical.

Woman Plans to Sue Briton Randy Turpin

NEW YORK (UP—British middleweight Randy Turpin sailed toward Europe today but faced a return match, in court, with an American woman who claims he beat her up.

Adele Danils, 24, withdrew her assault charges against the boxer yesterday but announced she would sue him for $100,000. She has charged he hit her and kicked her on several occasions before and after his recent unsuccessful title bout with Bobo Olson.

Miss Daniels said she withdrew the charges voluntarily and was not offered any money to do so.

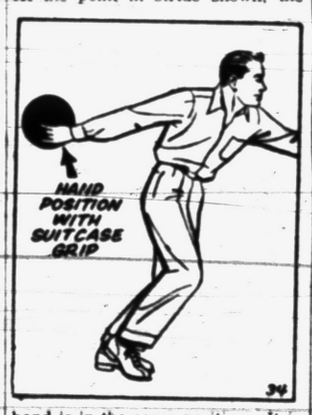

Bowling Clinic

By BILLY SIXTY

CASE—Turn of the Wrist.

Hand Moves Around — Here is illustrated the position the hand assumes without any wrist turn during the back-swing if held with a "suitcase" grip.

To begin with, the thumb is toward the body; the fingers to the right or outside of the ball. At the point in stride shown, the

hand is in the same position. It is the simple method I reccomend, because with it sufficient hook spin can be applied to be very effective. And it is easy to groove and control.

Some experts, like strong wristed Junie McMahon, twice world match champion, turn the wrist to the right (behind the ball) to create greater hook turn, as the next article will show.

Wheat Flashes Sudden Strength

CHICAGO (AP) — Wheat raced up on a burst of buying at the start on the Board of Trade today and managed to hold onto most of its gains in subsequent dealings.

The sudden flash of strength in wheat helped the rest of the market, which moved ahead for fractional gains. After the start, trading quieted down but still was at a better pace than in yesterday's session.

Wheat was bought at the start by mills and export houses. The mill buying reflected a revival in domestic flour trade while purchases from export houses followed overnight acceptance by Spain of offers of 3,700,000 bushels of American red wheat.

Wheat near the end of the first hour was ½-1¼ cents higher, December $1.98¼; corn was ¼-½ higher, December $1.48⅝, and oats were ¼-½ higher, December 78. Soybeans were unchanged to ½ cent higher, November $2.78, and lard was 5 to 20 cents a hundred pounds lower, November $14.50.

National Advertising Higher in September

NEW YORK (AP)—National advertising, after a slight dip in August, moved upward in September for a 15 per cent gain over the corresponding month in 1952, Printer's Ink said today.

The publication's general index of national advertising for September also was up four per cent over August.

Newspapers showed a seven per cent gain over August and 18 per cent over September 1952. Network television was unchanged from August and 26 per cent ahead of September 1952.

For the year to date, national advertising investments are 10 per cent ahead of last year, said the weekly magazine of advertising, management and sales.

Poultry

Notice of Special Assessment: Sidewalk on the West Side of Joslyn Road from Columbia Avenue to Walton Boulevard.

To: City of Pontiac, Pontiac Union School Property, G.T.R.R., G.M.C.-Pontiac Motor Division and to all persons interested, take notice: That the roll of the Special Assessment heretofore made by the City Assessor for the purpose of defraying that part of the cost which the Commission decided should be paid and borne by special assessment for the construction of sidewalk on the West Side of Joslyn Road from Columbia Avenue to Walton Boulevard is now on file in my office for public inspection.

Notice is also hereby given that the Commission and the Assessor of the City of Pontiac, will meet at the Municipal Court in said City, on the 10th day of November A.D., 1953 at 8:00 o'clock p.m., to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

Dated: November 4, 1953.

ADA R. EVANS,
City Clerk.
Nov. 5, 1953

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.

In the matter of the petition concerning Larry and Doris Walters, minors. Cause No. 13288.

To Laura Lou and Hudson Arthur Walters, parents of said children.

Petition having been filed in this Court alleging that the present whereabouts of the parents of the said children is unknown and the said children are dependent upon the public for support and that said children should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House in the City of Pontiac in said County, on the 17th day of November A.D. 1953 at two o'clock in the afternoon and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in the Pontiac Daily Press a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 4th day of November A.D. 1953.

(Seal) ARTHUR E. MOORE,
Judge of Probate.

Livestock

DETROIT LIVESTOCK

DETROIT (AP)—Hogs — Salable 150. Market not established, undertone lower.

Cattle—Salable 250. About steady for small receipts. Compared last Thursday general market spotty, but moderately active; good clearance; high good to prime fed steers and heifers mostly steady to weak; lower grades unevenly 50 cents to $1.00 lower; cows weak to 50 cents lower, with extremes 75 cents off for utility and commercial grades; bulls fully steady; stockers and feeders in small supply, strong; twelve head high choice 1043 lb. fed steers 26.50, top; no strictly prime steers offered; bulk high good and choice fed steers and yearlings 22.50-25.50; most average commercial and good steers and yearlings 17.50-22.00; some good and choice fed heifers 19.00-22.00; bulk utility and commercial grass steers and heifers 11.00-16.00; late bulk utility and commercial cows 10.00-12.50; canners and cutters mostly 8.00-10.50; bulk utility and commercial bulls 13.00-15.00; most good and choice stock calves 350-500 lbs. 18.50-22.00; mostly good 638-820 lb. feeders 17.00-18.50.

Calves—Salable 50. Market mostly steady. Compared last Thursday vealers unevenly steady to $1.00 lower; bulk high good and choice 28.00-30.00, latter price freely; most prime individuals 31.00; commercial and low good mostly 15.00-23.00; cull and utility ranged 5.00-14.00.

Sheep—Salable 300. Slaughter lambs very dull and weak; sheep steady. Compared last Thursday: Slaughter lambs after being 50 cents higher; sheep scarce, steady; feeder lambs unchanged; late bulk high good to prime slaughter lambs 19.00-21.00; early week top 22.50; late top 21.00 sparingly; most utility and low good slaughter lambs 14.00-19.00; culls down to 1.00; most slaughter ewes cull to good at 3.00-6.00; scattering choice under 130 lbs. 7.00; bulk good and choice 85-70 lb. feeder lambs 15.00-16.00; popular price 16.00; plainer feeder lambs down to 12.00.

CHICAGO LIVESTOCK

CHICAGO (AP)—Salable hogs 11,000; active, 15-25 lower on butchers and around 25 lower on sows; most choice 180-270 lb butchers $20.25-20.50; few loads 190-220 lb $20.60-20.65; few 160-170 lb $19.00-20.25; most 325-550 lb sows in larger lots $17.50-19.25; good clearance.

Salable cattle 2,500; salable calves 600; slaughter steers and heifers slow, about steady with Wednesday's low close; cows steady to 25 lower; spots 50 off; bulls and vealers fully steady; moderate supply good to high-choice steers $19.50-26.25; few commercial to low-good steers $14.50-19.00; short load choice to mostly prime 1,000 lb steers and heifers mixed $26.00; few loads and lots good and choice heifers $17.00-23.50; most utility and commercial cows $10.25-13.00; bulk canners and cutters $8.50-10.00; utility and commercial bulls $11.00-14.00; bulk commercial to choice vealers $18.00-22.00; cull and utility $7.00-13.00.

Salable sheep 2,500; slaughter lambs and yearlings slow; opened fully 50 lower than Wednesday; ewes about steady; good to prime wooled slaughter lambs $18.00-20.50; latter price paid sparingly; cull to low-good $8.00-17.00; lead good to mostly choice 90 lb fall-shorn yearlings $16.00; cull to mostly good slaughter ewes $4.50-5.50.

Funeral for Lake Orion Man Held in Tennessee

LAKE ORION — Funeral service was held yesterday in Louden, Tenn., for James W. Bright, 29, Lake Orion resident. Burial was in Corinth Church Cemetery.

He was killed Oct. 31 when his car struck the rear of a truck near Urbana, Ohio. His wife Sue, and children, Phyllia and Edward were injured.

Bright, a native of Louden, is also survived by two sisters, Mrs. Howard Fisher and Mrs. Rankin Blankenship, both of Tennessee.

Market Rallies Briskly Today

NEW YORK (AP) — The Stock Market rallied briskly today in a general forward movement.

Virtually all sections of the market joined in the advance which extended to between 1 and 2 points at the best.

Volume expanded on the rise and hit a pace a little better than yesterday's 1,480,000 shares, which is above the daily average so far this year.

Among the best of the major divisions were steels, rails, motors, oils, rubbers, chemicals, aircrafts, and coppers.

Buying was attracted to the market after the price level pushed upward with enough vigor to rekindle bullishness that has lagged a bit in the past few days.

Top gainers included Illinois Central, Northern Pacific, Johns-Manville, Celanese, Allied Chemical, U. S. Steel, Goodyear, Goodrich, and Kennecott Copper.

Columbia Broadcasting shares stepped ahead after directors declared a special dividend of 25 cents, the first in some years.

Marlette Voters OK School Bond Issue

MARLETTE — Marlette Township voters Tuesday overwhelmingly approved a $390,000 bond issue for the construction of a new intermediate school, 850 to 276.

The new grade school, designed by architects Warren and Holmes of Lansing, will be built on property purchased from the Frank McGunegles adjoining the athletic field.

The building will contain 14 classrooms. Also earmarked for financing the project are $18,000 in the building and site fund.

Art Club Is Organized at Southfield High School

SOUTHFIELD TOWNSHIP—The Art Club, sponsored by Miss Gertrude Wesley, has been added to the list of new organizations in the high school here.

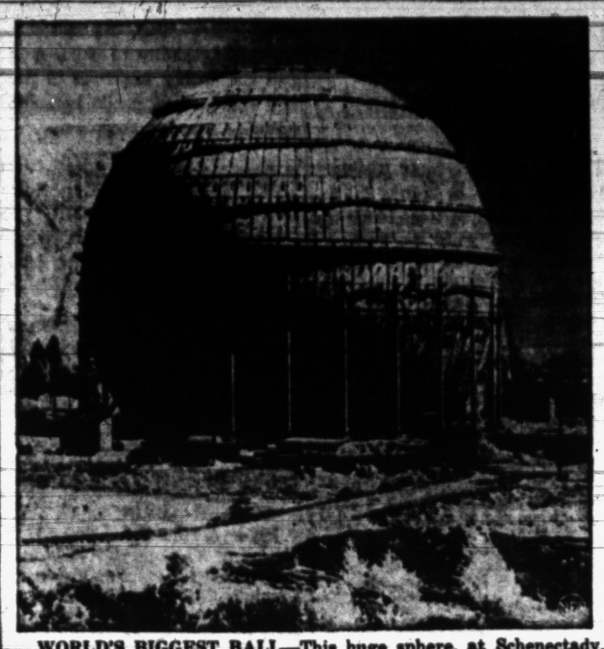

Officers of the club are Lucia Spiccuzza, president; Marion Yoki, vice-president; Margaret Gray, secretary; and Elaine Parker, treasurer.

Nineteen members recently visited Franklin Cider Mill which has long been a favorite site for painters.

Mental Illness Hits Aged

HARTFORD, Conn. (AP) — The longer you live, says Psychiatrist John Donnelly, the greater be-becomes the danger of mental illness. Dr. Donnelly, clinical director at the Institute of Living, says the rate for persons who are 50 years old is four out of 100. It jumps to six and a half persons out of a 100 at age 65.

An average American housewife spends as much as four years of her adult life washing dishes.

WORLD'S BIGGEST BALL—This huge sphere, at Schenectady, N. Y., said to be the largest in the world (3850 tons of steel), is ready to house the prototype of an atomic power plant for submarines. Inch thick steel plates are joined together by more than five miles of welding to make ball as high as an 18-story building.

Business Briefs

Henry D. Price and Douglas W. Booth of Pontiac are among 450 tax experts attending the 12th annual Institute of Federal Taxation which opens today at New York University.

One hundred tax experts from government and private practice will give lectures and conduct discussions during the 10-day conference.

Although 12 ships of U. S. Steel's Pittsburgh Steamship Division have been drydocked for the winter, most of the fleet will continue to load and move ore on the Great Lakes until Dec. 1 unless weather interferes, according to Donald C. Potts, division president.

Earl H. Todd of Detroit is the new president of the Michigan Retailers Association. He is treasurer of the S. S. Kresge Co. Other officers elected yesterday included Lucius Mills of Mills Dry Goods Co., Lansing, vice president, and J. B. Webber Jr., vice-president and general manager of the J. L. Hudson Co., Dettroit, treasurer. Members elected to the executive committee included Thomas Pitkthly and John Wernicke, Flint, and Howard M. Preston, Battle Creek.

Brown City Women's Club Discusses Leisure

BROWN CITY — Women's Club held its hobby night meeting Monday night in the home of Mrs. Walter Miller answering "What I Like to Do in My Leisure Time" for a roll call.

A display of ceramics and a demonstration of her work in art was given by Mrs. Kenneth Brenan of Capac.

Jaycees at Holly Elect Officers for Next Year

HOLLY — Jerry Shearer was elected president of the Junior Chamber of Commerce for the coming year at its meeting Wednesday evening.

Other officers elected are: Vice president, Virgil Keener; secretary, Robert McKenney; treasurer, Ray Hill; directors, James Baker, Allen Hill and John Diefenbaker.

Lakeville School PTA Planning Box Social

LAKEVILLE — Lakeville School PTA will hold a box social and square dance tomorrow at Leonard Town Hall.

The event is scheduled to begin at 7:30 p.m. Funds will be used to beautify Lakeville School grounds.

Store's Manager Takes Much Needed Vacation

PLEVNA, Kan. (AP)—Hinshaw's general store closed its doors recently for the first time in 50 years.

Mr. and Mrs. Jack Hinshaw decided to take a three-day vacation trip. They've managed the store 35 years. Hinshaw's parents bought it a half century ago.

Plan Chrysler Plant

WINDSOR, Ont. (AP)—E. C. Row, president and general manager of Chrysler Corporation of Canada, Ltd., said today the corporation will erect a parts plant costing in excess of half a million dollars at Red Deer, Alta. It is hoped to have the building ready for use next summer.

Red Threatened With Contempt

Judge Warns Wellman Against Calling Witness 'Stool Pigeon'

DETROIT (UP)—The threat of a contempt citation hung over one of the six Michigan Communists who returned to federal court today for another round in their stormy conspiracy trial.

Saul Wellman, identified by the FBI as the top Communist in Michigan, was warned by Judge Frank A. Picard Wednesday when he interrupted testimony by John Lautner and called the government witness a "stool pigeon."

At the outburst, Picard banged his gavel to restore order. Then he warned Wellman:

"If you say that again you will be in contempt of court and I will deal with you accordingly."

Lautner, a 51-year-old former Communist who left the party in 1950, was called to the stand again today to describe his activities during his 21 years in the Red hierarchy.

His testimony frequently was delayed when the three defendants, acting as their own counsel, interrupted to ask questions on court procedure.

Luncheon on Monday Set for UF Workers

(Continued From Page One)

ager of the Abstract and Title Guarantee Co.'s Pontiac office, is a member of Pontiac Day Nursery Board of Directors.

Invocation and benediction will be by Rev. Walter Teeuwissen Jr., of Community United Presbyterian Church of Drayton Plains.

Dwight S. Adams, United Fund executive director, said Monday's program will become an annual affair.

Highlight of the awards ceremony, he said will be presentation of key awards to four local men "who have distinguished themselves through outstanding year-round service to the United Fund and its agencies."

Michigan Bell Telephone Co. will be host for the luncheon.

United Fund headquarters today released another list of $50-and-over contributors to the United Fund drive.

Matilda R. Wilson Fund donated $650, with Mrs. J. S. Tuttle giving $500.

Other contributors listed include:

R. H. Bookmyer	$150
The A & P Tea Co.	350

Call Music Effective Way to Fight Nervous Tension

CHICAGO (INS)—Music is now being prescribed by psychologists for all members of the family to combat the tensions of modern living and to promote family unity.

Dr. Edward Podolsky, noted music therapist, has established through experiments that certain kinds of music stimulate specific behavior in a predictable pattern.

This psychological influence of music can be made to create and modify moods of individuals or groups and is effective in building the strong home ties that bind families together.

Within the last few years psychologists have proved that music can be a healthy influence in combating nervous fatigue. They now report that music can relieve emotional pressure, reduce tension, quiet anger or stir action, just as it can soothe a baby to sleep or put life in a party.

Various characteristics of music induce various moods, according to Dr. Charles Disernns. Songs like Debussy's "Clair de Lune" generally create a mood of relaxation.

Anger and frustrations can be "taken out" by playing or listening to spirited music. Monotony is cured by music with a strong beat. Even sorrow and worry can succumb to the magnetism of melodic rhythms.

Each member of the family finds personal gratification in a musical outlet, and the whole family benefits as a unit by the common interest, the experts say.

For many business men the bustle of the business day is tempered by a few minutes with music. One advertising executive admits: "I work the agency out of my blood every night before supper. When I get home I go directly to the den and play the piano for a while, then I feel like eating and find I'm more pleasant to my family!"

Housewives are also finding music is the answer to those occasional dreary days when repetitious chorse seem endless and futile.

The lives of children offer the most profitable potential for music as a psychological support, the psychologists say. Music has been found to benefit the entire life of a child, helping to build sound study habits, concentration and the ability to work with a group. These benefits are in addition to the beauty music brings into the lives of children.

Most important of all is the emotional and social outlet music provides in the lives of children. They find the confusions of growing up modified by the satisfactions of musical accomplishment.

Taking a part in a group music program such as their school bands and recreation organizations helps them develop a feeling of worth in their own circles. Psychologists agree that a feeling of importance to the group and sound self-confidence should be established in a person early in life.

Because music is creative and imaginative, it develops a capcity for abstract thinking. The ability to play music has always been recognized as important to a child's social success; it is now seen as important to his personal life as well.

While all the individual members of the family derive their personal advantages from playing musical instruments and listening to their favorite music they are also building a strong bond between themselves by strengthening their common interest, the experts point out.

The family that plays music together is using one of our culture's most effective devices for binding human relationships.

Chinese Reds Adopt New Buying Tactics

HONG KONG (UP)—Communist China's purchasing agents are more choosey in the buying of supplies from abroad following the Korean truce.

Red authorities issued orders suspending rush purchases of materials, trade sources said here. They still want imports of strategic items but can now afford to be more leisurely in buying them and more selective in the prices paid.

At the same time they were lowering the boom on private importers at mainland ports, "suggesting" that they re-invest in industry. If there is going to be continued "intermediate exploitation" the state trade organization is going to do it, according to reports that say the squeeze is being tightened on individual importers. They are finding its harder to get import licenses from the government.

Kentucky Is Getting More Bookmobiles

LOUISVILLE, Ky. (UP)—A project is under way to raise Kentucky from 47th place to first in the nation in providing books for its citizens. The goal of the Kentucky Bookmobile Project is to achieve this in one year.

Ten Bookmobiles are now operating in Kentucky, provided by the Friends of Kentucky Libraries, and the Kentucky Library Association. Already pledged are 18½ more bookmobiles.

An $800,000 campaign is being conducted to raise funds for the undertaking. The state has been asked to contribute $200,000 for additional books. Private citizens and corporations are being asked for $300,000 to pay for 100 bookmobiles. And local communities are being asked to pay $300,000 opering expenses of the bookmobiles.

Mrs. Barry Bingham, chairman of the project, gives as an example of its effectiveness, the fact that the reading ability of children in Bell County has improved 60 per cent since a bookmobile began to operate there two years ago.

Prisoners in Indiana May Kiss Once Again

MICHIGAN CITY, Ind. (UP) — Indiana State Prison inmates may again kiss their wives or sweethearts who visit them.

But the new order instructs guards to watch embraces closely so no escape tools are passed.

The kissing policy was discontinued several years ago for unannounced reasons.

Bullet in Leg 73 Years

WEBSTER SPRINGS, W. Va. (UP) — A rifle bullet, lodged in the leg of Alf Cogar for 73 years, was removed at Webster Memorial Hospital. The 87-year-old Webster County man said he decided to have the operation performed because his leg started hurting.

Report on Fund in Huron Valley

Schools Double 1952 Gifts, Turn In $1,400; United Drive Half Over

MILFORD—Students and faculty of the Huron Valley school system more than doubled their contribution this year to the United Fund, it was revealed at a round-up meeting Tuesday night in Milford.

Total collected by the group was over $1,400, according to Mrs. William Dildine, co-chairman.

At the mid-point of the campaign, 40 per cent of $13,601.12 quota has been reached. Over $5,387 was turned in Tuesday night with four women collecting over $100 each.

To date, Mrs. Hugo Beck, one of the four personally has contacted over 100 families, with Mrs. Lawrence Kinstle running a close second in house calls.

Mrs. Clarence Schuette and Mrs. Manley Baker were the other two women with top collections.

About 40 per cent of the solicitors have not reported, as well as the Main Street merchants and the Ford Motor Company in Milford.

The General Motors Proving Ground has turned in $1,283 but collections there are not complete, according to Mrs. Dildine.

Highest collector so far is Mrs. Helen E. Grayson with a total of $417.25.

All volunteers in the Huron Valley area United Fund collectors are urged to complete their canvassing as soon as possible and report to Sandford Burton, campaign chairman. The deadline is Nov. 15.

Reveal Plans at Roosevelt

School District Program Outlined at PTA Meeting

KEEGO HARBOR — Dr. Leif Hougen, superintendent of West Bloomfield School District, and board members discussed phases of the school program at a Roosevelt PTA meeting Monday night in the auditorium here.

Supt. Hougen gave a resume of the physical aspects of the district, which contains 16 square miles, educates some 1,400 children in three buildings, employs 50 instructors and ten other full-time workers, and spends nearly one-third million dollars a year.

"In spite of housing over 1,000 children in the Roosevelt building," Hougen said, "the educational program is better than average."

Board member Edwin R. Dreyer told of an instrumental music program soon to be instituted here after having no band for over a year when no practice room was available. Present plans call for after-school practice four days a week for seventh through 12th graders.

Kern Murphy discussed the football field. With grading and seeding now in progress, he reported, the district has an investment of $40,000 in the 11-acre plot.

A new well, pump and enclosure will be needed next, plus a maintenance man, Murphy said.

Also speaking was Mrs. Charles Leaf, newest board member, who serves as secretary.

Roosevelt School will hold "open house" next week, it was announced. Parents are invited to visit both grade and high school. Several rooms have arranged special programs in connection with American Education Week.

A special exhibit of books for children is located in the main lobby, according to Mrs. Gertrude Ealy, elementary instructional consultant.

Lapeer Farmers Set Muck Day Dec. 8

IMLAY CITY—Muck farmers of Lapeer County will hold their annual "Muck Day" in Masonic Hall here Dec. 8, it was announced today.

The program, from 9:30 a.m. to 3 p.m., is arranged in cooperation with the Extension service and the local Chamber of Commerce. Noon lunch will be furnished by the chamber.

Muck farmers are urged to take their samples which they want tested to the county agent's office or leave them with Joe Shull.

Dr. Bob Lucas of Michigan State College will make recommendatons at the meeting regarding the proper fertilizer.

County School Districts Receive Loan Approval

Three Oakland County school districts have received approval for school loans against future state aid payments.

They are Avon Township, $40,000, Independence Township No. 3, fractional, $40,000, and Waterford Township, $50,000.

To Visit Nativity Scene

NORTH BRANCH — Local unit of the Lapeer County Hospital Auxiliary voted Monday night to go to Cass City in early December to witness the Nativity scene at the home of Mrs. Lucille Champion.

Fair Is Scheduled by Commerce PTA

COMMERCE — Square dancing, a snack bar, needlework and doll exhibits will be some of the features of Commerce School PTA Fair scheduled for tomorrow at 6:30 p.m. in the school.

Other features of the fair will be a chicken and tuna a la king dinner, a bake sale, fish pond, movie, potted plant display, costume jewelry display, sideshow, and white elephant sale.

Rounding out the affair will be a wrestling match between "Gorgeous George" and "Lone Eagle."

Chairmen of the various sections of the fair are Mrs. Arthur Thompson, Mrs. Arthur Hazen, Mrs. George Skarritt, Mrs. Clarence Wein, Mrs. Herman Gall, Mrs. L. C. Fodal and Mrs. Joseph Wetmore.

Others are Mrs. Mel Sundberg, Mrs. Melvin Crysler, Mrs. Edward Beaupre, Mrs. Edward Vander Velde, Mrs. Carmi Odell and Mrs. Harry Cwikiel.

County Men Waive Arson Examination

Two Oakland County men waived charges and were bound over to Oakland County Circuit Court on $1,000 bond each by Ferndale Judge Earl N. Nash.

Charles G. Henrion, 25, of 366 W. Webster, Ferndale, was released after he furnished the bond. The second man, Billie L. Bargy, 23, of 426 E. Kenilworth, Royal Oak, was unable to furnish bond and was taken to Oakland County Jail to await arraignment tomorrow.

Both are charged by Michigan State Police Detectives Glen Tanner and Russell Leengreven of the Redford Post with setting fire to Henrion's auto Oct. 27.

Announce Plans for OES Bazaar in Clarkston

CLARKSTON — Plans were announced at a meeting of Joseph C. Bird Chapter 294 of OES Monday night for an annual bazaar to be held in Clarkston Masonic Temple Nov. 20.

Featured at the bazaar which begins at 10 a. m. will be booths of baked goods, fancy work, gifts, white elephants and other items.

Luncheon will be served from 11:30 to 1 p. m. Dinner for the public will be from 5:30 to 7:30.

Mrs. Donald Harris, worthy matron, also announced that initiation would be held Nov. 16 at 8 p. m. and that an annual Christmas party would be held Dec. 7 after the regular meeting.

County Deaths

Mrs. Charles Carmey

ORTONVILLE — Service for Mrs. Charles (Louise) Carmey, 17, of 1140 M-15, Ortonville, will be Saturday at C. F. Sherman Funeral Home, with burial in Ortonville Cemetery. She died of gunhome.

Surviving besides her husband are her parents, Mr. and Mrs. Floyd Harmon of Ortonville; three sisters, Ruth, Phyllis and June at home; and six brothers, Donald of Chicago, Calvin in Japan, and Floyd Jr., Robert, Harold and Harley at home.

William C. Cage

NORTH BRANCH — Service for William Claiborne Cage, 69, who died here Monday, was scheduled for 1:30 p.m. today at Blackburn Funeral Home, with burial in Maple Grove Cemetery.

A resident here for 35 years, he is survived by a brother, Charles C. of Jonesboro, Ark., and two sisters, Mrs. Catherine Wise and Mrs. Fanny Huston of Louisville, Ky.

Farm Society Elects Officers

Rename Kenneth Ruby Head of Lapeer County Agricultural Group

IMLAY CITY — Kenneth Ruby was re-elected president of the Lapeer County Agricultural Society at its annual meeting here recently.

Also re-elected were James D. Morrice as first vice-president and A. C. Bryant as second vice-president.

By-laws of the society were amended to elect nine directors instead of 21 as in the past.

Elected for three-year terms were Morrice, Ruby and Robert Churchill. Elected for two-year terms were Frank Wiegersma, George Turner and Bryant. Douglas Metcalf, C. Clair Gross and Ralph Crego were elected for one year.

The secretary and treasurer will be elected later, it was announced.

Reports on the Eastern Michigan Fair showed some 16,000 attended, the same as last year. However, bad weather interfered with programs cutting down receipts.

Premiums amounted to $5,250. Total receipts were $19,103, and 1,946 membership tickets were sold. Permanent improvements amounted to $2,000. Estimated value of the real estate is $17,000 and of the buildings $15,000. Total indebtedness for the year was a mortgage of $3,300, $200 less than last year.

The Belgian Congo has an area of one million square miles and a population in excess of 14 million.

Proper School to Stage Festival Saturday Night

GINGELLVILLE—Old fashioned horse and buggy rides, crystal ball fortunes, a talent show and the crowning of a queen will highlight a PTA Fun Festival at Proper School Saturday night.

The affair will begin at 7 oclock. Also featured will be a fish pond and art exhibit directed by Mrs. Willis Church. Mrs. Lee Buckle will be in charge of a candied apples and popcorn booth.

In charge of a country store will be Mrs. Henry Frazer. A game room for all ages will be directed by Mrs. Cordell Hudson.

Other features will be white elephants, fancywork, a cakewalk and a bake sale. A "service squad" is gathering talent for the talent show headed by Mrs. Howard Vanaman. Crowning of the queen and presenting corsages to her court will climax the evening.

General chairman of the fair is Mrs. Albert Latendresse.

2 Youngsters Win in Baking Contest

SASHABAW PLAINS — Youngsters took two of the first places in the baking contest held recently in conjunction with the bazaar of the Women's Congregation of Presbyterian Church here.

A 10-year-old boy, Duane Baumgras of Mann road, took first prize in the cookie division for his iced sugar cookies. Ten-year-old Delores Denise won second place with her white bread.

Other winners were Mrs. Eddie Sadler with a Swedish tea rig, Mrs. Bruno Wolosiewicz with her banana layer cake, and Mrs. Tom Gray with a yellow chiffon cake.

The bazaar neted over $225 for the church building fund.

Hold Fall Harvest Party on Saturday

ORCHARD LAKE — A fall harvest party will be held by the Rosary Altar Society of Our Lady of Refuge Church Saturday as the first fall activity in its new school building on Commerce road.

Plans for other activities were also discussed at a meeting of the society in the school Tuesday with 60 members attending.

A Christmas bazaar sponsored by St. Anne's Guild was discussed with the date to be announced later.

Mrs. Rollin Sisung and Mrs. Sam Angott gave a report of the buying committee for the sisters' home.

Homicide Charge Dismissed by Judge

WALLED LAKE — A negligent homicide charge against Thomas W. Marsh, 20, of 9427 Boncrest St., Walled Lake, was dismissed yesterday following an examination before West Bloomfield Township Justice Elmer C. Dieterle.

Dieterle said he dismissed the charge because of lack of evidence.

According to a statement to the Oakland County Prosecutor's office, Marsh said he momentarily dozed while driving his auto Aug. 20 in Commerce Township, Robert Wheeler, 17, 220 Keweenaw Rd., Milford, who died after the accident, was a passenger in Marsh's auto.

Valley Schools PTA to Sponsor Fair Friday

MILFORD—PTA of Huron Valley schools will sponsor a fair at 7 p.m.

Featured will be a cake walk, fish pond, gift booth, and game room. There will be dancing and movies. Kenneth Goodell is general chairman of the committee.

Death Notices

Interment in Romeo, Mich.

In Memoriam 1

IN LOVING MEMORY OF ELSIE C. Minto who was taken from us 9 years ago, Nov. 5, 1944.
'Oh but for the touch
Of a vanished hand,
And the sound of a voice
That's still.'
Sadly missed by mother brother and sisters.

IS THE "BIRD" TO SEE
TALK TO THE RIGHT MAN WHEN YOU WANT TO BUY A BUSINESS

A WOODS & WATER Trailer Park Site
Bar, Beach, Picnic

So many ways here to make other people happy while making big money for yourself. It's a beauty spot of 19 acres near Pontiac. Dining, dancing, big Class "C" bar room seating 200, boating, fishing, picnicking on 100 tables or just about anything that goes for enjoyment. 6 room bungalow, an apt., and 4 cabins with room for many more. Lots of parking, over 900 ft. of lake shore. Plenty of room for soft ball, horseshoes, and other games. Best of all there's room for 100 trailer homes. It's also ideal for a private club or camp. We say it's opportunity plus! plus! plus! Takes just $25,000 to handle.

Here's Your

chance to get into a restaurant that has a good steady trade. Located in a brick building on a main street near downtown Pontiac. The music & pinball machines easily pay the rent. It has lease. Cash or terms with only $1,500 down. Call for an appt today

Bowling, Grill

HEROINE HONORED — Capt. Valerie Aimee Andre of the French army salutes after receiving the U.S. Legion of Merit medal from U.S. Air Secretary Harold E. Talbott, in Paris. A brain surgeon, Capt. Andre has served with the French army in Indochina for nearly four years, is credited with saving the lives of more than 100 French fighters.

Censorship Suspended Pending New Press Law

BOGOTA, Colombia (AP)—President Gustavo Rojas Pinilla has told delegates of the National Newspapermen's Congress which winds up a session here today that Colombia's press censorship will remain suspended until the government draws up a new press law.

Censorship was lifted by the President during the newspapermen's congress. It will continue to be suspended, he said yesterday, except when a publication endangers peace.

Ton of Christmas Gifts Go to Orphans of Pusan

TOKYO (AP)—A ton of Christmas gifts for the orphans of Pusan was flown to Korea today on a U. S. Air Force 374th Troop Carrier Wing C124 Globemaster, along with a regular shipment of military cargo.

The gifts, from Alabama citizens, had been airlifted from Alabama across the Pacific by Military Air Transport Service.

There are 450,000 acres of game refuges in North Carolina.

Disband 10th Air Force Band to Save Money

MT. CLEMENS, Mich. (AP)—So far as Selfridge Air Force Base is concerned, the Defense Department has tootled a very sour note on its economy calliope.

The 10th Air Force Band, founded six years ago, has been ordered disbanded Nov. 18 to save money.

Mexico is three times larger than Texas, four times larger than Spain, and is one fourth as large as the United States. Her 1940 population was almost 20 million.

Ike, Dulles Tire of Rebuffed Bids

Doubtful That West Will Ask Russia to Attend Conferences Soon

WASHINGTON (AP)—President Eisenhower and Secretary of State Dulles apparently have despaired of negotiating major world problems with Russia any time soon on a basis acceptable to them.

The Soviets two days ago rebuffed the latest invitation from the United States, Britain and France to attend a foreign ministers' meeting on Germany and Austria.

The Western powers are due to consult today on their next move. Informed sources said it was questionable whether any further bid would be sent to the Kremlin.

• • •

The Western governments are far more concerned about the impact of Moscow's latest message on opinion in France and elsewhere in western Europe than they are about Russia's behavior in the present circumstances. The United States in particular has been pressing for early approval of the projected six-nation European Defense Coomunity (EDC).

If, for reasons of western European politics, there is pressure to send another message to Moscow, it very likely will be sent. But if, as officials here hope, Russian opposition to negotiation about Germany or anything else on terms acceptable to the West is now sufficiently established to promote EDC ratification, then the long series of East-West exchanges will be dropped.

President Eisenhower, in an extraordinary statement issued yesterday at his news conference, accused the Soviet Union of blocking all along the line attempts by the United States and its allies to "get to grips with the Soviet" on major world problems.

She Shoots Spouse, Collects Insurance

LOS ANGELES (AP)—A woman convicted of fatally shooting her husband has been awarded half the proceeds of his life insurance policies, exceeding $25,000.

Superior Judge Ernest A. Tolin made the award yesterday. He held that because the policies existed before Dr. Telford Moore's death, they must be considered community property.

The other half will go to the couple's son, Telford I. Moore Jr., and to a daughter of Mrs. Patricia Moore by a previous marriage, Antenie Jane Thomas.

Mrs. Moore pleaded self defense, was convicted of manslaughter and sentenced to one to 10 years in prison. She has appealed and is at liberty under $10,000 bail.

Negro spirituals first were popularized by the Fisk Jubilee Singers in 1871.
