Small Committed to Ionia

Moore Displays One Fancy Tailspin

AP Wirephoto

MIGHTY MISS ENDS IN SPIN—Light heavyweight champion Archie Moore keeps from falling by planting his left glove on the canvas after a mighty miss with a left in the 4th round of his title fight with Harold Johnson at Madison Square Garden. Waiting for Moore to recover his balance is Johnson, the challenger in their 15-rounder. Moore retained his title.

Detroit Dentist's Attempt to Win Freedom Fails

Judge Rejects Writ of Habeas Corpus; Says Action 'Premature'

ALLEGAN (AP) — Dr. Kenneth B. Small, acquitted in the slaying of his pretty wife's playboy-industrialist suitor, lost today his attempt to escape commitment to Ionia hospital for the criminally insane.

An hour and 15 minutes later the 31-year-old Detroit dentist was on his way by auto from Allegan County Jail to the hospital, some 75 miles away, in custody of Sheriff Walter E. Runkel.

Dr. Small was acquitted July 17 on ground of temporary insanity in the pistol slaying of Jules Lack, 45-year-old New Yorker. He claimed Lack stole the love of 30-year-old and independently wealthy Edith Small.

Circuit Judge Raymond L. Smith held commitment mandatory under Michigan law governing insanity acquittals. And he thus rejected a legal maneuver through which Small sought to escape hospital confinement:

"It is the opinion of the court that the respondent (Small) should be committed to a hospital for the criminally insane. It is the opinion of this court that the application for a writ of habeas corpus for the purpose of testing the sanity of this respondent is premature."

Small had sought a writ of habeas corpus, under which the state would have had to prove that he still was insane or give him immediate freedom.

Judge Smith ordered Small's commitment to the hospital 10 days ago, but the petition for a writ of habeas corpus held up effectiveness of the order.

Meanwhile, Dr. Small remained in Allegan County Jail. He had been there since May 29, when he admittedly pumped two bullets into Lack's chest. The dentist surprised his wife, Edith, 30, and Lack in a weekend rendezvous at a luxurious Lake Michigan summer cottage at nearby Douglas.

Identical Pair Pose Identity Problem

AP Wirephoto

WHAT'S ALL THIS FUSS ABOUT?—That's what the 16-month-old Hilderleine twins, Barry (left) and Dean, of Pittsburgh, seem to be wondering after being fingerprinted and footprinted for the second time. Identification bracelets of the identical brothers were discarded and then their parents Mr. and Mrs. Neil Hilderleine could never tell who was who.

U. S. Economy Looks Healthy, Prospects Good

President Asserts That Situation Is Better Than at Any Previous Time

WASHINGTON (AP)—President Eisenhower declared today that a recent decline in the state of America's economic health had "come to a halt" by the middle of this year. He said prospects for the future look good.

Making public an administration midyear economic survey, the President said the "recent economic decline" has been very small."

The Eisenhower report said economic activity of late "has been higher than at any time before this administration assumed responsibility."

Then the President declared:

"And since 1953 was a still better year than 1954 is turning out to be, it follows that over-all performance of the American economy thus far during this administration has been better than during any earlier time."

Eisenhower said 1952 was the best year before his regime took office.

The administration survey in this congressional election year seemed certain to provide political ammunition during the campaign for both Republicans and Democrats.

Last winter some Democrats were contending that, with unemployment increasing, the administration was leading the nation into a depression.

Eisenhower and other Republican leaders challenged this. The GOP said the over-all economic activity was on the upswing.

The President said in today's report that unemployment "is now greater than during the time of the Korean War."

But at that time he said joblessness in recent months has not been larger than in comparable months of 1949 and 1950.

"Moreover," he said, "the rate of unemployment has shown some tendency to diminish of late. This is one of the numerous signs of economic improvement."

Among other such signs Eisenhower said, are these:

"Retail sales have been recently rising again. Business expenditures on capital expansion and improvement are continuing at a high rate. New construction contracts are running well above the level of a year ago.

"Inventories have been reduced and are now in better adjustment to current sales. The financial markets have been displaying great strength. The level of business and consumer confidence in the economic future is high and improving."

The President said the economic program being enacted by the present Congress "marks a milestone in constructive legislation." He said the program, which he did not detail, will help reduce unem-

Birth Records in Pontiac City Run High in '54

The stork could probably slip into Pontiac's medical institutions blindfolded.

The legendary baby-bringer has made a record number of trips to both Pontiac General and St. Joseph Mercy Hospitals this year.

Both hospitals are ahead of 1953 when a record number of births for any year was recorded here.

Births through seven months of this year at St. Joseph totaled 2,082, compared with 1,695 during the same span in 1953. Pontiac General recorded 1,621 births through this July, contrasted with 1,392 at the time last year.

Local figures reflect a general birth-rate increase throughout Michigan that started prior to World War II, according to the State Department of Health.

Statewise, 1953 was the high year, but 87,915 births through the first six months of 1954 were 6,012 more than the same period last year.

Since 1940, when there were 99,106 live births registered, the figure per year has almost doubled, the health department says.

The sex ratio has remained about the same, the department adds, with 51.4 per cent of new births being boys in 1953 and 48.6 per cent girls.

School Enrollment Requires 44 New Classrooms, 1 Gym

A preliminary report made to Pontiac Board of Education last night indicated that 44 new classrooms and one gymnasium must be built at an estimated cost of $1,000,000 to house projected September 1955 enrollment here.

The report was prepared by Superintendent of Schools Dr. Dana P. Whitmer and his staff.

The board moved to hire the architectural-engineering firm of H. E. Beyster & Associates, Inc. of Detroit for one year to help plan the proposed construction program.

Board member Maurice J. Croteau objected to the Detroit firm's hiring, saying he felt local architects should be given "a chance to be heard."

Other board members, supporting the move, said they felt the Detroit company's services should be tried for a year.

The new construction program for the next year will be studied with the architects and a consultant from Michigan State College. It should be ready for final action by the board next month, said Whitmer.

The tentative building plan calls for:

A new 12-room elementary school on a Kennett road site owned by the schools. The school would relieve Owen, Hawthorne and Baldwin Schools of overflow pupils with two rooms available for future growth.

A six-room addition to the Whitfield School to accommodate students expected from new housing units going up in the area.

An eight-room school on a school-owned Lake street site to

Scandal Calls Adenauer Home

Chancellor to Interrupt Vacation to Deal With Dr. John Uproar

BONN, Germany (AP)—Chancellor Konrad Adenauer will interrupt his summer vacation to personally direct his government's handling of the Otto John scandal.

Government officials said today that the 78-year-old leader will return Monday from the Black Forest, where he has been resting since last month.

Acting Chancellor Franz Blucher went to Adenauer's mountain-top hotel near Baden-Baden today to discuss John's press conference statement yesterday that he voluntarily defected to the Reds and his charges of Nazi influence in the Adenauer government.

Bluecher took with him the top-secret opinions of the federal cabinet ministers who held an emergency meeting following John's public appearance in East Berlin yesterday under Communist auspices.

John, director of the West German security service when he went East July 20, charged that Adenauer is too old to know what is happening in his own government. He reeled off a dozen names including Adenauer's Minister for Refugees Theodor Oberlaender, to back up his claim that the Nazis have made a comeback in West Germany.

Officials here consider John's desertion and propaganda assault the most serious blow suffered by the pro-Western Chancellor in five years.

They fear anti-German feeling will be whipped up abroad, especially in Britain and France.

Mundt Predicts Report by 20th

Army Does Not Believe Officer Gave McCarthy Secret FBI Document

WASHINGTON (AP)—Sen. Mundt (R-SD) predicted today a report by Aug. 20 on the McCarthy-Army row, stirred up anew yesterday by an Army statement voicing disbelief in a portion of the sworn testimony by Sen. McCarthy (R-Wis).

The Army said it does not believe that any Army officer gave McCarthy excerpts from a secret FBI report on suspected Communists in the Army, as the senator testified during the 36-day hearings.

McCarthy commented that he had no intention of getting into a new debate on the issue.

With the ground being laid to start a new Senate Investigation of his official conduct on Aug. 30, McCarthy meanwhile called witnesses for resumption of public hearings his investigations sub-

4-H Fair Laurels Heaped on Helen Miles' Ayrshire

By HAZEL A. TRUMBLE

A red and white Ayrshire of regal lineage and stature and her 12-year-old mistress walked out of the ring Wednesday with top place in the dairy class competition at the annual 4-H Fair.

Windrow Stormy Janet, owned by young Helen Miles of 5610 Coolidge Rd., Birmingham, garnered one laurel after another. The prize Ayrshire first took top honors in the Senior Calf classification, then was named Grand Champion of Ayrshires and later went on to compete with other breeds in which she won the Champion of All Breeds title.

Climaxing her day of glory, Windrow Stormy Janet, guided by her young owner, topped the field in dairy showmanship class.

A member of the Bloomfield 4-H Club, Helen has been taught dairy showmanship by her father, Charles Miles. He is associated with the Wilson Windrow Farms.

Second day of the annual 4-H Fair again saw thousands of spectators visiting the projects of more

Picture on page 38.

than 2,200 young Oakland County 4-H youths who have their crops, vegetables, flowers, conservation and food projects on display.

Wednesday night the 4-H clubs from all over the county vied for top honors in the parade of clubs.

Colorful floats depicting the theme of 4-H life and the goal of the organization passed in review.

First place in the contest went to the East Orion Club and the Hi-Lo Club took second place. Third spot winner was the Lucky Leaf group from Northville.

Judging will be completed today with the hogs, sheep, beef and beef showmanship competition to be climaxed with the dress review tonight at 8 p.m. in the fairgrounds arena.

Besides the three permanent quonsets on the grounds, there is a new horse barn which houses the horses for the fair and 12 tents for other projects and dealer exhibits.

Machinery will be featured at the Friday fair program with a tractor field day event at 1 p.m. and an evening parade of machinery.

On Saturday, an all-day horse show will be staged with both English and Western saddle riding demonstrated.

Senate Curbs A-Bill Debate

Solons Slap Time Limit of 3 Hours on Disputed Legislation

WASHINGTON (AP) — A surprise Senate agreement to curb debate on atomic energy legislation today boosted chances for speedy congressional adjournment but left prospects for the disputed bill in doubt.

The agreement, reached late last night, brings the compromise measure to the Senate floor tomorrow under a talk limit of three hours.

When the bill went through the Senate last month it prompted 169 hours of argument, including four days of round-the-clock speechmaking, and majority leader Knowland of California said this week Congress' go-home date depends on whether there is "another filibuster" on the measure.

There was no objection and no questioning from the floor when Knowland offered the unanimous consent arrangement last night, saying Democratic leader Lyndon B. Johnson of Texas had helped him frame it.

This means the bill, a major feature of the Eisenhower legislative program already approved by the House, will go to the President for signing if the Senate concurs.

Bandit Holds Up Eagle Theater

Pontiac Youth, Nabbed After Police Fire Shots, Admits Theft

A lone bandit who held up a downtown Pontiac theater early last night was nabbed in a nearby alley after ignoring three shots by pursuing Pontiac Police.

The suspect, Harold L. Rush, 17, of 44 Lull St., who admitted the holdup, was cornered only 15 minutes after the robbery in an alley behind the Stewart-Glenn Furniture Store at 92 S. Saginaw St. by detective Sgt. Raymond Meggitt and Detective Herbert Cooley. He is being held on an armed robbery charge.

Miss Virginia Garcia, 19, of 256 Fisher Ave., cashier at the Eagle Theater at 13-15 N. Saginaw St. said a man opened the boxoffice door behind her at about 6:30 and demanded her receipts after "pressing a knife to my throat."

She said he took about $70 in bills and fled south on foot.

The doorman, T. W. Brown of 870 Cedar St., witnessed the holdup and followed the fleeing bandit on foot after calling police. Brown, who identified Rush, pointed out the youth walking at Saginaw and Chase Sts. to Meggitt and Cooley.

According to the officers, Rush ignored their order to halt and fled down the alley. Three shots, one warning and two at Rush, fired by Cooley failed to stop the fleeing suspect, who was nabbed only after he ran into a blind corner.

A jackknife and about $50 in bills were found in Rush's pockets, Meggitt said.

Rush denied using a knife, stating that he pressed his finger against the cashier's throat, police said.

Mrs. Henry Butzell Dies in Detroit at 68

DETROIT (AP)—Mrs. Mae Butzel, wife of Chief Justice Henry M. Butzell of the Michigan Supreme Court, died today at Detroit's Harper Hospital. She was 68 and long had been ill.

Mrs. Butzel was a member of the Schlesinger family of Chicago, which held extensive real estate there and founded the department store which became Carson, Pirie & Scott.

She and the chief justice were married 46 years ago when he was a young Detroit attorney.

Grand Rapids Coldest

GRAND RAPIDS (UP) — Grand Rapids was the coldest spot in Michigan's Lower Peninsula today. The temperature dropped to 45, lowest for Aug. 12 in the city's history, the Weather Bureau said.

Threatened Strikes Halted at Oak Ridge and Paducah

OAK RIDGE, Tenn. (AP) — Officials reported "business as usual" today at strike-threatened atomic plants here and at Paducah, Ky.

CIO production workers, who had threatened to strike today at the key atomic plants to enforce their demands for pay raises, backed down in the face of a federal court injunction issued last night. The plants produce all of a vital ingredient for atomic and hydrogen bombs in this country.

Spokesmen for both sides said there were no disturbances as the day shift reported for work and that it was "business as usual" at the atomic plants.

The Taft-Hartley injunction was whipped out last night by U.S. District Judge Robert L. Taylor at nearby Knoxville to block the strike of 4,500 workers ordered for 8 a.m. today. The move came just hours after President Eisenhower said the government could not permit a work stoppage at the plants for reasons of national security.

Emerson Pownall, president of

(Continued on Page 2, Col. 2)

Mercury to Remain Low Another Day

Not much change in temperature with partly cloudy skies is the forecast for the Pontiac area tonight and Friday.

The U. S. Weather Bureau predicts a low tonight of 53 to 57 degrees, with a high Friday of 75 to 79.

Yesterday's temperatures ranged from 50, the all-time low for this date, to a high of 71. The reading in downtown Pontiac today was 57 at 8 a.m. and 73 at 2 p.m.

Oliver Registers 32 in 'World' Tourney

CHICAGO (AP)—Ed "Porky" Oliver blasted a 4-under-par 32 on Tam O'Shanter's front nine today to give the men pros something to shoot at as they began the 1st round in the $150,000 "world" tournament.

The 38-year-old Oliver was among the 1st players teeing off in the start of golf's richest meet that will pay the winner $50,000 in cash and a $50,000 exhibition contract.

Oliver decorated his card with four birdies and five pars for his sensational breakaway that put him well to the front among early starters. Henry Ransom, 1950 "world" champion, also was making a fast start with a 33.

Sept. 22 Is Proclaimed National Day of Prayer

WASHINGTON (UP) — President Eisenhower has proclaimed Wednesday, Sept. 22, as a national day of prayer.

Congress in 1952 provided that the President would set aside at least one day each year other than a Sunday on which the people of the country would be asked to reaffirm their reliance on divine support.

Hustled Into Exile

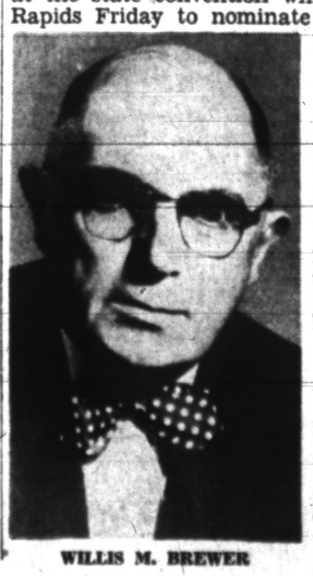

LIMA, Peru (AP)—Gen. Zenon Noriega, accused of attempting an armed revolt after his ouster this week as premier, has been hustled into exile aboard a Peruvian warship.

County Democrats Meet, Elect 106 State Delegates

By ROBERT F. MAHER

A resolution for adoption of the unit rule to govern the state convention was approved by delegates at the Democratic County Convention last night after a 20-minute argument, the only lengthy discussion of the smooth functioning meeting.

Delegates were elected to cast the county's 83 votes at the state convention which will convene in Grand Rapids Friday to nominate candidates for high state posts.

WILLIS M. BREWER

Willis M. Brewer was re-elected to his fourth term as county committee chairman by a unanimous vote at a dinner meeting prior to the convention and T. C. Holland of Pontiac was named secretary.

Other officers include Carlos Richardson of Waterford Twp., treasurer; and Margaret McCall of Holly and Jane Lee of Farmington, vice chairmen.

The well-organized meeting indicated that county Democrats have been working hard to establish a spirit of cooperation which they deem necessary for victory in November.

The whole-hearted support of Phil Hart for lieutenant governor was assured by resolution, and the 290 persons attending the

More Accurate Survey of Potential Population Asked by Sewer Group

From Our Birmingham Bureau

BIRMINGHAM — The advisory commitee of the Evergreen Interceptor District yesterday asked that a more accurate study be made of potential population for each participating municipality in the area before an Aug 25 meeting.

This request grew out of the fact that construction costs for the proposed interceptor sewer will be based on the ultimate number of connections in each community.

On Aug. 25 the committee will petition the Oakland County Board of Supervisors to create the district and begin engineering studies through the county drain commissioner's office.

Officials from Birmingham, Bloomfield Hills, and the townships of Bloomfield, Southfield and Troy instigated the project after pollution abatement of the Rouge River was ordered by the State Water Resources Commission.

"There isn't time for delay in this problem," City Manager Donald C. Egbert declared. Birmingham is faced with a difficult situation. "Our present sewage disposal plant is not of sufficient capacity to serve efficiently the city and Bloomfield Township."

Without taking immediate action on the interceptor the only other solution is to enlarge the plant, he said.

"But we don't want to spend money for temporary improvements. Basically we are agreed, so I hope we won't be picayune. The details can certainly be worked out."

Should enlargement of the plant be necessary, Egbert said the city could not afford to undertake the interceptor project.

"We're still shooting for Labor Day," James Spencer, chairman of the three-man board investigating the June fire at the Thomas Couper home, said yesterday.

The board is now waiting for more transcript of statements taken from residents who witnessed the fatal blaze.

"We expect to have all of the transcript on hearings held so far by next Tuesday," Spencer said. "There will be at least one more hearing, probably next week."

Final testimony will be given by fire and police officials.

The investigation was ordered by the City Commission after two neighborhood witnesses claim negligence on the part of the police and fire departments.

Mrs. Couper and her two sons, Larry and Danny, suffocated in the fire.

Members and friends of the Metropolitan Club, Spirit No. 9, will head for an evening of dancing at the Walled Lake Casino tonight, when the club's annual ball is held from 9 p. m. to 1 a. m.

The club is made up of members of the police, fire, postal and other federal departments in the Birmingham - Bloomfield Hills area.

* * *

Until City Planner Robert Boatman has a chance to secure recommendations from Oscar Gunderson, traffic consultant, on a traffic survey taken recently at the W. Maple - Cranbrook intersection, no action will be taken by the Oakland county Planning Commission.

The City Commission was advised of this at this week's meeting. The extension, which has long been deemed a "must" by the city, would extend 14 Mile road from a point west of the Birmingham Country Club to Cranbrook road.

Traffic which now must travel through Birmingham's congested business area, or which must use such residential streets as W. Lincoln, would be able to skirt the city, if the extension were carried out.

Residents living in that area, however, are opposed to the move.

* * *

Playoffs in the YMCA Softball League will continue at 6:40 tonight at Pembroke and St. James fields. Needing a win last week over Detroit Edison Co., in order to top Michigan Bell Telephone Co., Albans Food Service took the game, thus gaining second place for regular league play. Electronics Service placed first.

The first playoff games last week lost to darkness, when both games were called. At the end of six innings, Albans and Edison were tied 6-6. Another tie score was noted in the game between Sam Reeves Service and Michigan Bell. At the end of seven innings the 2-2 game was stopped.

County Democrats Elect 106 Delegates

(Continued From Page One)

meeting in the County Office Building were advised to push a program for voting a straight Democratic ticket in the coming election.

Temporary chairman Arthur J. Law of Pontiac called for a moment of silent prayer from the assembly for the swift recovery of Hart's seven-year-old daughter, Ann, who was stricken with polio last week.

Another silent prayer was offered in memory of Blair Moody who died in the midst of his campaign for U. S. senator last month.

The delegates unanimously approved a resolution to permit the appointment of representatives from each of the county's six districts by the county committee for more effective operation of the committee.

Another resolution provided for the appointment of delegates to fill vacancies created by the failure of a delegate or his alternate to appear at the state convention.

The election of Willis Brewer, Phil Hart and Murray VanWagoner as delegates - at - large was approved by one of the loudest voice-votes of the evening and Adeline Adams of Waterford, Jane Loud of Birmingham and Martha Sheppard of Royal Oak Township were named alternates.

An optimistic attitude for victory in November prevailed as the meeting neared its climax and Brewer told the audience that victory was possible only "if every Democrat in the state turns out in November."

Following is a list of state delegates:

PONTIAC—Each delegate to cast one-half vote—Harry Randall, Hayward Whitlock, George Hicks, Arthur Law, Leslie Hudson, Jack A. Hedlund, Gerald Roberts, Leaun Harrelson, Alan B. Greene Jr., David Simmons, Lorin McCray, Everett Spurlock, Otis Lawrence, Robert Grant, David Utley, Della Souriall, Donald Barrett, Mildred A. Burns, Robert Bowens, Janice Yeager, John Kent, Alsa Shaw, Linwood Flack, Louis Linteau, Glen J. Donahue, Donald Tews, Odin Johnson, Arthur Heaton, T. C. Holland, Emil Jarnorski, Stephen Bone, John Houston, Albert Orr and Eugene Sutherland.

WATERFORD TOWNSHIP—Each delegate to cast one-half vote—Carlos G. Richardson, Howard Sommerville, Robert Boyer, Almira Kerr, Billie Farnum, Donald E. Adams, Harry Stump, Clark J. Adams, Bincent Myers and Stan Sherman.

OAKLAND, INDEPENDENCE AND GROVELAND TOWNSHIPS — One-half vote—Ardie R. Grobaugh and Dorothy B. Spooner.

W. BLOOMFIELD TOWNSHIP—Bessie L. Weatherston.

PONTIAC TOWNSHIP—Donovan G. Gillmore.

SOUTHFIELD TOWNSHIP — Wesley Skowron, John Lampi and Donald Swanson.

AVON TOWNSHIP—P. T. Smith and Neil R. Crowe.

COMMERCE TOWNSHIP—Hugo Rolland.

ROSE, HOLLY AND HIGHLAND TOWNSHIPS—Margaret G. McCall.

ADDISON, OXFORD AND BRANDON TOWNSHIPS—Harry McGowan.

MILFORD, LYON AND NOVI TOWNSHIPS—Fred Elias.

FARMINGTON TOWNSHIP—Donald Lee and Joseph Tuma.

ORION TOWNSHIP—A. M. Boberg.

TROY TOWNSHIP—Ceville H. Mason and Melvin Kushinsky.

ROYAL OAK TOWNSHIP—Clare Dennis, John Archambut, Ann Edwards, Ann Ethridge and James C. Allen.

BIRMINGHAM — John Doland and Clark Hallock.

WEST BLOOMFIELD—Winifred E. Smelser.

FARMINGTON—George B. Heliker.

PLEASANT RIDGE—Patrick J. O'Mara.

CLAWSON—Michael Cox.

OAK PARK—Jack Moskowitz and Ray Lentasch.

HUNTINGTON WOODS—Harriett Phillips.

BERKLEY—Floyd E. Hubbard, Lloyd D. Utter, Clayton F. Johnson, William A. Demick and Mae Barnett.

FERNDALE—Frank Sierawski, Louie E. Fields, George A. Danuk, Helen Rengo, Clare Hammond, Robert Lilly and Victor J. Galine.

HAZEL PARK—Walter McMahon, Conrad Beaubien, Larry Best, Zigmund Niparko and William Dennis.

ROYAL OAK—Margaret A. Smith, E. E. Thomas, Paul Sutton, John J. Kroenberg, John W. Oliphant, John Tracey, Fred Hanscom, Margaret Sutton, K. E. Brown and Howard Arnold.

Atom Plant Workers Obey T-H Injunction

(Continued From Page One)

the local, promised last night that the workers would be back on the job today as another chapter was added to the four-month-old wage dispute.

The injunction provides for an 80-day cooling off period in which the workers continue on the jobs and management is barred from holding a lockout while negotiations continue.

Elwood Hain, regional representative of the union from Atlanta, Ga., accepted service of the injunction last night for both locals.

This was the second time the Taft-Hartley law has been invoked to stop a strike of the same workers. President Eisenhower ordered the injunction early last month, but the workers went back to their jobs voluntarily.

The Oak Ridge local of the CIO United Gas, Coke and Chemical Workers, has asked a raise of 21 cents an hour, then scaled demands down to 15 cents, from Carbide and Carbon Chemicals Co. operator of both Paducah and Oak Ridge plants. Oak Ridge employs about 3,000 CIO production hands and Paducah about 1,000.

The plants produce this country's entire supply of uranium-235, necessary to the manufacture of hydrogen and atomic weapons.

Reveals Driver of Death Car

Sole Survivor of Crash Says Kenneth Eskridge Was Behind Wheel

John Reneaud, 21, the only survivor of the Saturday morning automobile accident on Rochester road which killed five Oakland County residents, confirmed the beliefs of Troy Police that Kenneth B. Eskridge, 23, was driving the car at the time of the crash.

According to Reneaud, who lives at 300 Leroy in Clawson, the accident occurred while he and five others were on their way home from a dance at the Green Glen Amusement Park in Utica. Eskridge and June Alexander, 21, were riding in the front seat when the car crashed into a tree approximately 300 feet north of Long Lake road.

Reneaud told Assistant Oakland County Prosecutor Homer Gerue yesterday that he thought something must have gone wrong with the car, or that Eskridge had fallen asleep because the car was not going fast and the driver was not known to be reckless.

In St. Joseph Mercy Hospital with scalp cuts, a leg fracture and knee injuries, Reneaud is reported in fair condition today. The early morning crash took the lives of Eskridge, of 76 Vermont, Troy Township; Miss Alexander, 21, of 15653 Buckingham, Southfield Township; Ernest Day, 22, of 196 Vermont, Troy Township; Virginia Engelhardt, 18, of 1942 Villa Rd., Birmingham; and Donna Asher, 22, of 314 Lincoln, Clawson.

Record Entry Seeks Press Cup

PKC Show Lists 555 Dogs for Big Annual Show Aug. 22

A record field of 555 dogs will try for the Pontiac Press "best-in-show" award at the Aug. 22 all-breed show held by Pontiac Kennel Club.

This big annual outdoor show takes place in Wisner Stadium with events getting under way at 9 a.m. and continuing through 5 p.m. when the best-in-show will be selected. The Pontiac Press award has been one of long-standing.

A dozen judges will "work" the many divisions into which the show is split.

Largest single group is the sporting breeds, with 130 entries. Included in this division are the Cocker Spaniels with 44 and Brittanies, with 23. Hound group has a total of 53, with Beagles and Bassets each having 9.

In the working group, with 184 dogs (overall largest entry), Great Danes have the most, 44. List includes 48 terriers of many breeds. Wire-haired and miniature Schnauzers have 12 each; toy breeds have 38, with Pekingese and Pugs 7 each.

Non-sporting group lists 72 dogs, with Boston Terriers leading with 16.

About 45 entries have been filed for the obedience feature of the show.

Pontiac Man Facing Arraignment Monday

A Pontiac man, accused of taking $230 of his employer's money, waived examination on the charge yesterday and was bound over to Oakland County Circuit Court for arraignment Aug. 16.

Elmer Cook, 54, of a local hotel, was unable to furnish $5,000 bond set by Waterford Township Justice Willis D. Lefurgy. Cook had been employed at the Pub, 35 N. Telegraph Rd., at the time of the theft.

Unable to furnish bond, Cook is being held in Oakland County Jail until his court appearance. He had been employed about two weeks, according to the owner, Walter B. Finley of 292 Oakland Ave.

Ike Says Recession Over, Outlook Good

(Continued From Page One)

ployment and stimulate enterprise and development in all directions.

"In the months and years ahead, we must continue to bring knowledge, cool judgment, and a concern for people to the consideration of economic problems," the report said. "In the measure that we do this, we may look forward with great confidence to the future."

At the outset of his statement the President declared:

"The paramount fact about the economy at midyear is that the recent decline in economic activity has come to a halt."

In analyzing the economic activity of the first six months of this year, the President chose as a comparative base the first half of 1953 when he said "our nation was enjoying the greatest prosperity we have known."

Using that yardstick, he went on, "we find that industrial production has been running 8.1 per cent lower than in 1953."

But Eisenhower said other criteria must be taken into account —such as gross national product, which expresses the dollar value of the nation's total output of commodities and services; nonagricultural employment; personal income, which is the sum of all individual and family incomes; disposable personal income, which is the sum of individual and family income minus personal income tax payments; and bank debits outside New York City.

The President then cited figures to indicate that gross national product was 2.7 per cent less in the first half of this year as compared with the first six months of 1953; nonagricultural employment declined 2.6 per cent; personal income was up 0.2 per cent; disposable personal income up 1.4 per cent and bank debits, outside New York, up 0.9 per cent.

"It is fair to conclude from these facts that the recent economic decline, on an over-all basis, has been very small," Eisenhower summed up.

Using the same yardsticks for comparison of the first half of this year with the first half of 1952, the President cited figures to show that in each case the picture was better from January through June of this year—as much as 7.2 per cent in the case of personal income and 10.2 per cent in the case of bank debits outside New York.

Eisenhower, in rating 1953 as "a still better year than 1954 is turning out to be," said that means "the over-all performance of the American economy thus far during this administration has been better than during any earlier time."

Turning to wages, which the President described as one of the principal expressions of the progressiveness of the American economy, he said they have continued to rise.

In the case of wages in the manufacturing field, for example, he said that from the first half of 1952 to the first half of this year the increase was 9.1 per cent, and that from the first half of 1953 to first half of 1954, the climb was 2.9 per cent.

Board Reports Need of New Classrooms

(Continued From Page One)

reduce crowding at Bagley School.

Addition of six rooms and a gymnasium to Wever Junior High School to relieve crowding at Wever and Lincoln.

Construction of 12 elementary rooms on a site not yet determined.

Estimated cost of the program ranged from $980,000 to $1,420,000, depending on the outlay needed for each classroom.

Peak enrollment for 1954-55, said Whitmer, is expected to be 17,269 students, with an increase to 18,157 in 1955-56. Top enrollment during the 1953-54 school year was 16,312.

Pulmotor Helps Baby in Choking Seizure

BIRMINGHAM—David Harwood, 6-month-old son of Mr. and Mrs. Allen J. Harwood of 1932 Melton Rd. was snapped out of a choking seizure last night when firemen rushed a Pulmotor to his aid.

cal Republican committee and is assistant parts and accessories manager at Ford Tractor Division.

Income Tax Men to See McCarthy

Believe Senator Owes $25,000 but Not With Fraud Intention

WASHINGTON (AP)—The Washington Evening Star said today Internal Revenue agents, after an 18 months investigation, have concluded that Sen. McCarthy (R-Wis) owes additional income taxes and interest of about $25,000.

The newspaper said it had learned the revenue service will soon present the evidence it has gathered to McCarthy and give him a chance to explain data that the tax investigators do not understand.

"The tax agents do not contend that Sen. McCarthy acted with fraudulent intent," the story said.

* * *

"Instead, they assert the Wisconsin legislator erroneously classified as nontaxable some of the money he received and on which he should have paid taxes."

The case was described as covering the tax years 1946 through 1952.

Saying there was no claim of intent to defraud, the newspaper added:

"A taxpayer in these circumstances can clear himself by simply paying back taxes plus 6 per cent interest.

"If the taxpayer pays up, the revenue service does not make the case public. Thus Sen. McCarthy's federal tax returns again could escape public scrutiny—unless some congressional committee were to subpoena them.

* * *

"The tax agents' confidence in their claim against Sen. McCarthy stems partly from the fact that Internal Revenue Commissioner T. Coleman Andrews is taking a stern attitude toward Sen. McCarthy's lack of detailed records to support his tax returns.

* * *

"The law states that if Internal Revenue finds that a taxpayer has receipts that are not clearly classifiable as non-taxable, Internal Revenue can rule that the receipts are subject to taxation.

"This is the course Internal Revenue is following in the McCarthy case. It means that the 'burden of proof' falls on the senator. To avoid the taxes he must prove where he got the disputed money, and he must prove that the money is not subject to taxation.

"This may turn out to be a formidable task for Sen. McCarthy in view of his admittedly sketchy bookkeeping.

"At least part of the disputed money represents contributions to Sen. McCarthy, Friends, acquaintances and members of the public have sent him sums ranging from thousands of dollars down to pennies.

"Sometimes the donors specified the money was to be used to fight Communism. Sometimes the donors did not say how Sen. McCarthy was to use the money. . . .

"Internal Revenue agents are understood to be insisting that showdown conferences with Sen. McCarthy begin by Sept. 1 regardless of what other duties Sen. McCarthy might have."

Driver Slightly Injured as Car Strikes Tractor

BLOOMFIELD TOWNSHIP — A Detroit man was treated for head and leg injuries at St. Joseph Mercy Hospital last night after his car struck a tractor at the Woodward - Square Lake Rd. intersection.

Alexander Zamieski, 38, told police his brakes failed, causing him to hit a tractor driven by Warren Hall, 33, of Flint.

450 Boys, Girls Attend Field Day at Oakland Park

The summer playground program sponsored by the Pontiac Parks and Recreation Department was climaxed yesterday by the annual playground field day participated in by 450 boys and girls.

Events at Oakland Park included foot races, a softball throw, horseshoes and hopscotch, according to Leonard T. Buzz, supervisor of recreation.

Events held during the eight-week program attracted a total of 42,300 entries said Buzz.

Activities included 19 pet shows, a fishing rodeo, a zoo trip, field trips to places of interest in Pontiac, music, dramatics, arts and crafts.

Appliance Shop Marks 25 Years

H. Wayne Gabert Says His Business Began as a Hobby

A business that grew out of a hobby, the Wayne Gabert Appliance Store, will celebrate its Silver Anniversary this month commemorating 25 years in the electrical appliance and service business in Pontiac.

GABERT

H. Wayne Gabert, owner of the store, started the business in 1929 with a store in the old Masonic Temple. In 1936 he doubled the floor size and finally in late 1941 he moved into his current headquarters at 121 N. Saginaw St.

"I orginally started in this business as a hobby," Gabert says, "and worked for the Jewett Radio Co. here in Pontiac." His store now employs three men just to cover service calls. It also has a three-man sales staff.

Gabert is currently chairman of the Pontiac Better Business Board, a past director of the Chamber of Commerce, and president of the local Retail Merchants Assn. The silver anniversary celebration will begin this Friday, and run through the month of August.

Brother of Area Man Dies of Heart Ailment

FAIRFIELD, Conn. (AP)—Service for Alfred J. Porter, 59, of Fairfield, president and plant manager of Heppenstall Co. and vice president of the parent firm in Pittsburgh, will be held here Saturday morning. He died of a heart ailment yesterday.

In addition to his widow, Mrs. Dorothy Bennett Porter, he leaves two daughters, a sister and brother, Raymond T. Porter of Birmingham, Mich.

Pontiac Deaths

Infant Yeargan

Prayer service was held this morning at 10 a.m., at Sparks-Griffin Chapel for the infant son of Otis and Beatrice Wilson Yeargan of 2505 Longview Ave.

He died shortly after birth yesterday at Pontiac General Hospital. Burial was in Avon Cemetery at Rochester.

Sound Appeal for More Blood

Pontiac Area Donors Are Still Needed to Fill 720-Pint August Quota

An appeal was made today for Pontiac vicinity blood donors to meet a 720-pint quota during August after this area fell short of its quota by 523 pints last month.

Mrs. N. E. Durocher, chairman of the Pontiac area blood program, said a bloodmobile will be at the Elks Temple, 114 Orchard Lake Ave., Aug. 16 from 2 to 8 p.m.

She said appointments can be made by calling her at FE 5-4344 or the American Red Cross at FE 4-3575.

Three other area bloodmobile visits will follow this month at the West Bloomfield Township Hall Aug. 19, Pontiac State Hospital Aug. 20, and St. John's church in Royal Oak on Aug. 23. Appointments for the West Bloomfield visit can be made by calling Mrs. O. A. Koskinen at MAfair 6-2601, said Mrs. Durocher.

Last month blood was obtained from other counties to meet local demand, Mrs. Durocher stated, but 73 requests for blood from local persons went unmet.

In July only one pint of blood was turned over to the Department of Defense for use in emergencies or by the armed forces, she added.

Bill Tosheff, of the Milwaukee Hawks in the National Basketball Assn. is now pitching for the St. Petersburg Saints in the Class B Florida International League.

McCarthy-Army Row Report Due by 20th

(Continued From Page One)

committee is conducting on alleged Communist infiltration of defense plants. He declined to name the witnesses in advance.

And on another front a Senate rules subcommittee headed by Sen. Jenner (R-Ind) called Mundt and Ray H. Jenkins to give their views on whether the McCarthy-Army hearings showed a need for new "fair play" rules to govern Senate investigations. Mundt presided at those hearings and Jenkins was special counsel.

The prepared statement released at the Pentagon yesterday was in reply to reporters' questions about an Army investigation of McCarthy's sworn testimony in those hearings that a young Army intelligence officer gave him a 2¼-page document McCarthy offered in evidence. Members of the investigating subcomittee refused to read it.

The Army then announced it was investigating the story, contending it would have been a violation of his oath and of federal law for any officer to give the document to McCarthy, a view the senator disputed. Yesterday the Army released a typed statement which said:

"The Army has completed its investigation. The Army does not believe that the release of this document was committed to anyone who is, or was, an officer of the Army. The Department of Justice has been informed."

McCarthy, after reading the Army statement, said he wouldn't argue the point, and he added:

"The important thing is that it is a summary of a 15-page document from the Army's files. It warned them about Communists and no action was taken on it.

City Treasurer

Golfmobile to Take Walk Out of Golfing

SNYDER, N. Y. (UP) — Some sportsmen will shudder when they see it, but one of the latest gimmicks on the golf course is a small electric-powered cart that puts an end to walking.

Richard H. Guelich Jr., a local real estate man, developed the cart similar to those used by the handicapped.

To insure that courses will not be torn up, tires are larger and starting speed is reduced. A golf bag rack is installed on the rear.

The vehicle, which weighs 600 pounds, gets around the course in an hour and a half, compared to tthe usual 3½ hours spent walking.

Two groups heartily endorse the golfmobile. Those who play early in the morning like to conserve their energy for the rest of the day. And golfers who play under a hot sun agree it takes a little edge off the heat.

Dog Knows French

PORTLAND, Me. (UP)—A 14-year-old fox terrier named Tootsie has always lived in this country but will heed only commands spoken in French. Dr. Perley Lessard, the dog's owner, said the terrier was taught to respond in French so his daughter would be encouraged to study and use the language.

Poor Reception Checks TV at Penitentiary

McALESTER, Okla. (UP)—Convicts in the state penitentiary here may some day enjoy television in their off-hours—but they'll have to wait until Warden Jerome J. Waters gets better reception on his own set.

"I've tried every way in the world to get decent reception," Waters said. "But there is too much interference from the machines and other things at the penitentiary.

The idea of television for the prisoners was suggested by the newspapers. The money for it would come from the prison canteen fund.

All Irritations Aren't Allergies

Doctor Says Sensitivity to Food Isn't Always Due to Allergy

CHICAGO (UP) — A noted specialist says all that itches is not allergy.

Dr. Samuel M. Feinberg said two or three out of every hundred persons have a serious sensitivity to food, but many of the symptoms ascribed to allergy are not due to that at all.

"This is far from correct. A large number of people have allergy to foods. Esimates of how many vary. Perhaps in two or three per cent of the population food allergy is more or less a major problem."

Many foods can cause irritation of the gastrointestinal tract or abdominal discomfort without being the result of an allergy, Feinberg said. He said allergy to foods will produce symptoms such as hives, eczema, asthma, nasal congestion and headaches.

Show Business

Gracie Allen Gets All the Laughs but George Burns Sets Them Up

By EDDIE CANTOR

America has been blessed with comedians, but even the best of them often suffer for want of a good straight man. For some reason, they're rare.

Considered the best straight man in the business is George Burns. It's Gracie Allen who gets the laughs, but it's George who sets 'em up.

Gracie tells me George stepped into this role early in their life. Even during his proposal, George threw her a lead line.

"Darling," he said, "I know I'm not worthy of you." Gracie promptly quipped, "George, if you'll just remember that, I'm sure our married life will be a happy one."

It was my good fortune to have this talented team on the bill with me back in the fall of 1931. We spent nine very happy weeks together at the Palace, although there were times I suspected Gracie of trying out material on me offstage.

I remember the day she invited me to a birthday party for George. Innocently I inquired, "Is it to be a surprise?" Gracie laughed, "I'll say—it's not even his birthday!"

Off-stage, I think it's a mistake to label George a "straight man." In a living room, he's the funniest man I know.

After a hilarious evening at Jack Benny's house, I heard a young starlet gush to Gracie, "Mrs. Burns, your husband is wonderful! He just made this party!" Gracie said, "You can't talk about George that way. I know he's faithful to me!"

Listening to a conversation between Ida and Gracie the other day, I began to wonder if I hadn't missed a bet all these years.

Ida told Gracie she planned to go shopping that afternoon. Gracie asked, "What time will you be back?" Ida answered, "Oh, in about fifty dollars worth!"

Putting Fats in Feeds Increases Palatability

CHAMPAIGN, Ill. (UP)—D. J. Bray, extension poultry specialist at the University of Illinois, says some fat products are now being added to poultry feeds.

The advantage of fats, he says, is in reducing the dust problem of the feeds, making them greener and more palatable.

The fats in starter rations speed weight gains, Bray said, but ghe rate of gain for broilers has not usually been increased.

Because of special equipment needed to mix the fats into feeds, Bray added that the process will not be practical for the average poultry raiser.

Circulation of Swedish daily newspapers is 3,568,600, an increase of 70,900 in a year.

Scientists Test X-ray

COLUMBUS, Ohio (UP) — Scientists at Battelle Memorial Institute here are developing a new method of sterilization whereby Xrays would be used to make everything from food to surgical equipment bacteria-free.

The present method of sterilization is by means of extreme heat or cold, to kill or inactivate the bacteria which cause spoilage. However, there are disadvantages.

Besides being cheaper and faster, Xrays would not damage or weaken products. The process could also be used after packaging, thus reducing danger of recontamination.

Some bugs still to be worked out in the process are possible changes in flavor, color or texture of food so sterilized.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, AUGUST 12, 1954

Oakland's Building Boom

If the present trend continues, it looks as though the all time Oakland County home building record set in 1950 will be surpassed before the end of 1954.

Up to June 30, reports the Metropolitan Area Regional Planning Commission, 5,717 permits have been issued for new homes in the county. This is a 33.2 per cent increase over the same period in 1953 and 66.2 per cent gain over the first six months of 1952.

★ ★ ★

Back in the record year of 1950 there were 9,614 homes built in the county. If in the second six months of this year 3,900 more are built, that record would be broken.

With a total of 1,024 permits the city of Oak Park maintains its position as Oakland County's fastest growing community. Southfield Township is second and Royal Oak Township third.

★ ★ ★

All this stands out as encouraging evidence that general economic conditions are sound and that the county's rapid population growth is continuing. It also is a forecast of continued high employment in the building trades.

Intolerable Hoodlumism

Pontiac Police and law enforcement officials can rest assured that they have complete public support for their crackdown on hoodlumism.

This local outbreak of youthful gangsterism was climaxed by an unprovoked attack on a 15 year old boy by three teenage youths he never saw before.

★ ★ ★

"We are not so busy in Pontiac," Municipal Judge McCallum told the youths, "that we can't handle the situation." Speaking to the parents he said "it seems that some parents in town know little about what their children are doing."

From the victim's story there appears to have been no reason for the assault beyond the possible desire of the three bullies to impress the young girl who was riding with them.

★ ★ ★

Chief of Detectives Wheaton and Assistant Prosecutors Long and Gerue are entirely right in warning that hoodlumism will bring severest measures.

No community can afford to permit it. Pontiac will not.

Russia's Sea Power

Admiral Jerauld Wright, supreme commander of NATO'S Atlantic forces, has drawn some thought-provoking conclusions from his study of Russia's growing sea power.

Among other things he reported that Russia now possesses the world's largest submarine fleet, between 375 and 400 units. Moreover, the USSR now has more high speed, modern cruisers in commission and is building good new ships at a rate faster than any other power.

★ ★ ★

Rapid though Russia's naval expansion has been, it still falls far short of the United States position as the foremost sea power. This naturally means that Russia doesn't even approach the strength that would be necessary to challenge the combined fleets of the 14 North Atlantic Treaty Nations.

★ ★ ★

What this development does do, however, as Admiral Wright has pointed out, is to emphasize the West's continuing need for collective security.

"As powerful in resources as the United States of America is today," he said, "it must face the hard reality that it is not rich enough to fight any future war alone. No single Nation can. But 14 Nations as an organized team stand a far greater chance of success than as 14 uncoordinated individuals."

Iran's Oil to Flow Again

In the final settlement of the three year long Anglo-Iranian oil dispute there is room for satisfaction in both Iran and the West.

The agreement with a consortium of eight oil companies, five of them American, ends a situation fraught with the danger that Iran might be drawn forcibly into the Soviet camp. It also means that Iran's oil soon again will be pouring revenue into its national treasury.

★ ★ ★

Lack of that revenue had weakened the country to a point of near bankruptcy, thanks to the misguided fervor for nationalization fostered by former Premier Mossadegh.

Americans played a prominent part in the negotiations which will result in the reactivation of the world's largest oil refinery at Abadan. News from Tehran indicates that special credit is due Herbert Hoover Jr.

★ ★ ★

Resumption of oil production not only will strengthen Iran financially and politically, but end one of the West's biggest Middle East worries.

"At a recent meeting of experts on genetics, it was agreed that man is no smarter than he was hundreds of thousands of years ago." — Press report. And he's probably little if any dumber, the margin in this respect being exceedingly small.

The Man About Town

For Nature Study

Our Own County Has One of Best Sites in State

Daffynition

Diploma: What some graduates find is not edible.

Right here in our own Oakland County is an area that offers opportunities for nature study that can hardly be excelled in the entire state. It is in the new 3,000 acre

Kent Lake Park

in Milford and Lyon Townships. While over a million dollars has been spent there by the

Huron-Clinton Metropolitan Authority

in the development of a recreational ground, much of it still remains in its original condition. Suitable trails have been laid out to bring visitors in close contact with our native wild life and its trees and other vegetation. According to its

Superintendent David Laidlaw,

very few of our county people are taking advantage of its opportunities. Most of its visitors are from Detroit. Free maps and full particulars can be secured by writing the authority at 1750 Guardian Bldg., Detroit.

The other day I cited the strange case of Louie Colombo who has twice seen his sister paired against his wife in the Bloomfield Hills club golf championship. This year they met in the semi-finals and a year ago it was in the finals. And now I stumble upon another.

Morgan Douglas Jr. discovers that his wife is playing his mother in the finals of the next flight.

It makes the whole thing relatively interesting.

For the past year Acting Medical Superintendent at the Oakland County Tuberculosis Sanatorium,

Dr. Lynn Webber

now is permanent man on the job. At their last meeting the Board of Trustees voted to remove the "acting" from his title.

Driving in from Clarkston every morning,

Howard W. Huttenlocher

is envied by many city residents who do not have such a daily opportunity.

Always attended by a great many from Pontiac, I am informed by

Mrs. Maurice Miller,

president of the Oxford Flower Club, that its annual show will be Aug. 29-30.

Practically passed out of existence are the many miles of osage orange hedges with which Oakland County farmers sought to replace their fences during the closing years of the last century. Their "fruit" was a nuisance.

Not the least bit superstitious and expecting plenty of excitement is

Quentin Dunigan,

130 S. Josephine, who will celebrate his 13th birthday on Friday the 13th.

First to report large dahlias is

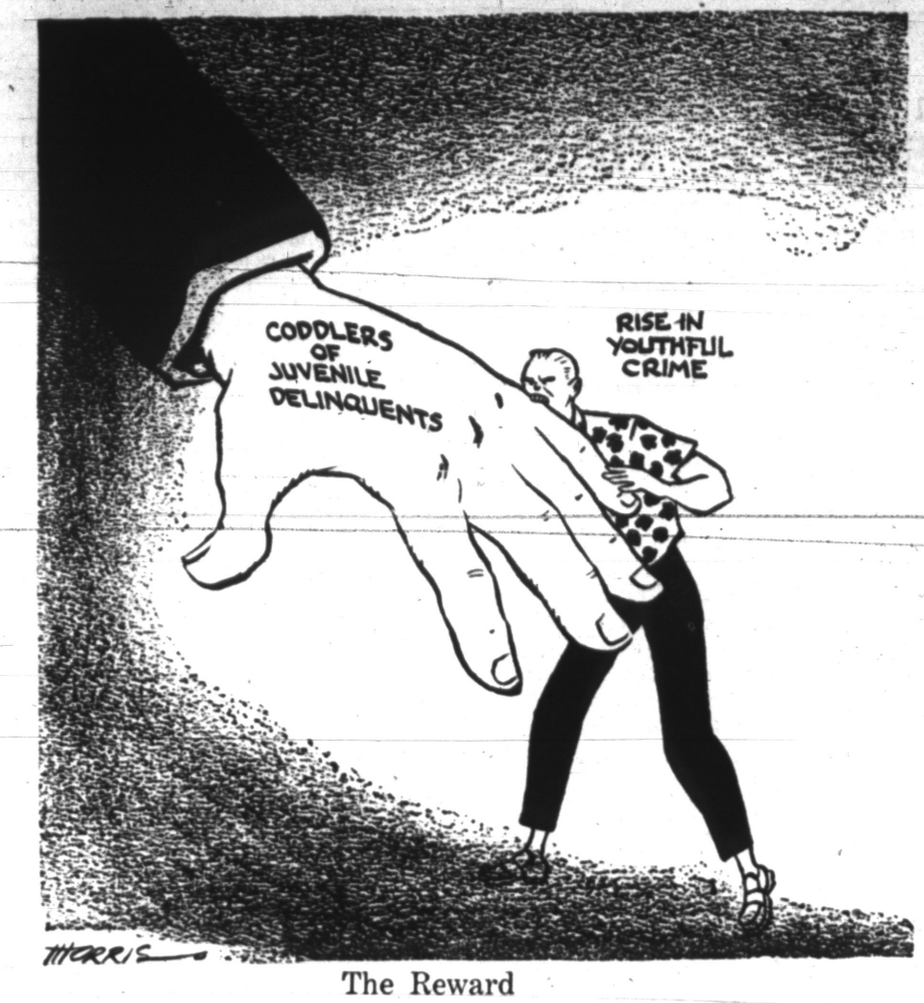

Mrs. Harrington Andrews

of Williams Lake, who has some blossoms that measure a foot across.

Juvenile Delinquents Should Be Lashed for the Brutal Beating of Younger Boy

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature.)

I am a mother who has had some experience with juvenile problems though not serious ones like beating up and half killing younger boys as I read in last Friday's paper.

I think instead of making the parents pay (as some suggested) these young men and boys should be given a few lashes. Let them feel how it hurts from someone older, etc. They are nothing but cowards to gang up on a young boy. The girl should be exposed and pay for keeping company like that.

Locking them up or sending them to the Oakland County Juvenile Home doesn't hurt them. They get their meals and a place to sleep. The put up with it as long as they are forced to and when let out they look up their victim and then make him pay for their confinement. The "Home" is excellent for younger boys who are not really bad, as my son said. The ones who run it are very nice.

Parents cannot know what their children are doing every minute of the day. We have five, all under 21 and over 14 and have had trouble with one. We tried to raise them right, too.

A Mother

Reader Relates Vision Seen of Land of Canaan

There are many whom have had visions or different experiences but because they have fear of ridicule they speak not of these things. That I know what one has to say or think about me when I tell of the visions from God our Father is of little avail in the long run, because experience has taught me the ignorance of their knowledge about such matters.

In a vision from God our Father, I was shown that the land of Canaan was running over with milk and honey and unless the city sanitation department and the health authorities took immediate steps to clean the refuse up that was flowing from garbage cans behind hotels, restaurants, etc. the flies, rats and vermine would carry the dread disease that would mean a famine of forms.

I was shown where the hospitals would be full and forms upon pallets on the floor. There would be no time to bury the dead in funeral action but trenches would be made and the forms laid in face down and the grim reaper was a guest that took toll count at "the feast of death."

To the lady who wished to know, "How dumb can we get?" The answer is "We don't know but we are learning." The above will teach much!

9583 Dartmouth Road
Clarkston, Michigan.

THOUGHTS FOR TODAY

The Lord was ready to save me: therefore we will sing my songs to the stringed instruments all the days of our life in the house of the Lord.—Isaiah 38:20.

★ ★ ★

Song is the tone of feeling. If song, however, be the tone of feeling, what is beautiful singing? The balance of feeling not the absence of it.—J. C. and A. W. Hare.

Case Records of a Psychologist

Schools Should Educate Our Children in the Management of Money, Banking

Would you have lent the ex-sergeant the $4,000 he requested below, if it were out of your own pocket? Then don't blame bankers, who are only custodians of the savings of their depositors. Most Americans receive almost no training at all in money management, but the "case method" below would aid our schools in correcting this "blindspot" in education.

By DR. GEORGE W. CRANE

Case L-382: Herbert W., aged 55, is a prominent banker.

"Dr. Crane, I wish you would give some advice to banking employes about human relations," he began.

"In fact, I think the banking field is most desperately in need of being sold to the public.

"For most people don't comprehend that bankers are simply custodians of other people's funds.

"When we are asked for loans, it is not our own money we may refuse to lend but that of our depositors.

"And many people offer no collateral at all and not one logical reason for borrowing, yet berate us for being hard hearted when we decline to let them have the money of our depositors."

Herbert is correct in saying that bankers need to be "sold" to the American public.

They render an unexcelled service to business and industry but are probably the most disliked, professionally, of any group in the land.

"I'd like to borrow $4,000," a recently discharged sergeant asked a banker friend of mine.

"Any collateral?" he was queried, and he shook his head.

"Well, what did you want to use the money for?" he was finally asked.

"Oh, I thought I'd get married

and take a wedding trip, and then maybe start a little mink farm."

"Have you had any experience raising minks?" the banker inquired.

"No, but I read that you can make big money at it," the ex-sergeant replied confidently.

And when the banker declined to lend him his depositors' $4,000, the ex-sergeant got sore at the banker.

Money management has been called the "blindspot" of our educational system.

People can graduate from college, yet not even know how to live on their pay checks. They can't budget their funds.

And they have juvenile, naive attitudes about the lending of money that parallels this case of the ex-sergeant.

You can't borrow unless you offer collateral that is priced at far more than the sum you wish as a loan.

For instance, you must put up diamonds or stocks and bonds, or real estate to back a loan. And your collateral must far exceed the amount you wish from the bank.

Suppose your house may be worth $12,000 in the present scale of values.

A banker couldn't lend you $12,000 of his depositors' money. For maybe a sudden recession would set in and that house wouldn't sell for $6,000.

So he couldn't offer you even a $6,000 loan on it, for in case of a quick forced sale, he might be lucky to get $4,000 or $5,000.

Well, that's the kind of specific case that school children should have presented to them to help them to a better understanding of the banking profession.

For bankers can't lend you money just on your "dreams" whether of a mink ranch or a successful restaurant.

And it is childish for a person with no experience to think he could make a success at mink farming or any other competitive business.

Competition is so keen nowadays that you better hire out to somebody else for 6 months and pick up your experience at his expense before you plan to sink money into a store, gas station or even a mink ranch.

(Copyright, Hopkins Syndicate Inc.)

Aunt Het

A nice woman don't marry for money, but I reckon every sensible woman is a little more willin' to marry if it means havin' plenty ever afterward.

James Marlow Says:

Immunity Bill Promises Startling Red Disclosures

WASHINGTON (AP)—It is up to President Eisenhower now to sign into law, and he probably will, the bill just passed by Congress to guarantee balky witnesses immunity to federal prosecution if they answer questions about subversion.

This measure, if it becomes law, almost certainly will have a stormy history and perhaps a sensational one. It will be fought in the courts as unconstitutional. If it works, it may lead to startling disclosures about Communism.

The bill goes like this:

1. It is aimed mainly at Communists, past or present. Immunity can be given only to witnesses in cases involving conspiracy to overthrow the government, treason, spying, and sedition. Immunity cannot be given for any other kind of offense.

* * *

2. A witness can't get immunity for the asking. He must first refuse to testify by invoking the Fifth Amendment which says a man can't be compelled to say anything which might incriminate him.

3. The immunity can be given only to a Fifth Amendment witness appearing before a congressional committee, a federal grand jury or a federal court and only if his testimony is important.

4. The immunity can't be granted at all unless two-thirds of the full committee before which he has been called votes to give it to him. Once the committee approves, then —

5. The committee itself can't grant the immunity. It must ask a federal judge to do so. The attorney general has no veto even though he objects, perhaps because he had been preparing to bring the witness to trial soon.

Once the witness gets immunity he cannot thereafter be prosecuted in federal court for any federal crime in relation to which he answers questions.

6. But, once given immunity, the witness must answer questions. If he spurns the immunity, insisting that under the Fifth Amendment he still doesn't have to answer questions, he can be cited for contempt of Congress, tried, and, if convicted, jailed.

* * *

7. The procedure is slightly different when a Fifth Amendment witness refuses to answer questions before a federal grand jury or in federal court. In that case a U.S. District Attorney, with the approval of his boss, the Attorney General, may ask a federal judge to grant immunity. If the witness still prefers the Fifth Amendment to immunity, he can be cited for contempt of court, tried, and, if found guilty, jailed.

This is where the trouble will arise:

The new law says only that the witness could never be prosecuted by the federal government for any federal crime related to his testimony.

* * *

It does not say the same witness could not be prosecuted in a state court. For example: suppose he admitted committing a federal crime and a state had a law making the same offense a state crime, too.

The state couldn't use his federal testimony in a state court trial. The Supreme Court has ruled on that.

But could the state use his federal testimony as a lead on which to gather evidence on which to try him in a state court? There's no answer. And there won't be until the Supreme Court some day gives a decision on it.

The first Supreme Court test might come the first time a witness received immunity from a federal judge but kept silent under the Fifth Amendment and was jailed for contempt. He could argue:

This new legislation was an attempt to get around the Fifth Amendment's protection and even destroy it by forcing a man to testify against himself and against his will.

Baering Down

By ARTHUR "BUGS" BAER
(International News Service)

Our one-man foreign policy with Syngman Rhee is to keep him contented without being happy.

That's a tougher job than argufying your wife out of a new hat after she's in it.

Syngman points out that Moscow is shopping for peninsulas. He says Korea is in apple-pie order if you mean being sliced in two.

Same thing happened in Indo-China when the French acted like my heavyweight. As a fighter he was out-standing.

Another peninsula unraveled its parallels when Indo-China was bifurcated on the seventeenth dotted line. It could be the fault of the UN which is fishing with live bait.

Time will tell and we've become a nation of clock watchers. Somebody pulled the plug and world peace is shooting the rapids in soapy water.

Rhee and Dulles signed a mutual plaster one year ago this week. If peace negotiations with Moscow flipped we were to do something about it. We are. We are flipping too.

There was no more peace at Panmunjom than there is in a jungle night. Now our job is to keep Syngman Rhee on the line with the other yo-yos.

If he starts bouncing along the 38th parallel he is liable to start more things than a monkey in a switch tower.

His army isn't strong enough to march uphill against the wind. But he's a hot-tempered patriot liable to fly off the handle like a ten-cent hammer.

Neither Simeon Bolivar nor George Washington ever fought sixty years for freedom. That's Syngman's record for Korean independence.

He deserves more than he's getting even if it's only another promise.

Portraits

Just A Smile

So Easy

Seated next to a young girl at a dinner party, an elderly man was making conversation.

"You know," he said, "I've seen so many changes in my rather long life that I really can't keep up with them. Take such a commonplace thing as radio; it's shameful to admit it, but even now I don't really understand how it works."

"Honestly?" said the girl, opening her eyes wide. "Why it's awfully easy. You just turn a knob and it comes on."

Better Be Careful

Two boxers chasing each other round the ring kept treading on the toes of the small referee. At last he lost patience and called them to the center.

"If you don't stop treading on my feet," he shouted, "there's going to be a fight."

Sedation Means Act of Making Calm but Brady Deplores Its Common Use

By WILLIAM BRADY, M. D.

In the past twenty years the word "sedation" has wormed its way into medical literature and in the past 10 years into medical parlance, at least into the shop talk of men in medical business.

You see, this term covers the use of almost any kind of drug, narcotic, sedative or dope. Also a guilty conscience. That is, if the doctor who prescribes, or sanctions regular or habitual use of the drug still has any conscience about cultivating drug habits.

Sedation means "the act of making calm."

A medical colleague who discusses medical questions with me does not applaud my attitude towards the use of analgesics such as acetyl-salisalic acid (aspirin) and acetanilid (the active ingredient in a dozen nostrums purporting to be good for "colds," grip, neuralgia, headache, fatigue, anxiety, worry or what have you) and sedatives or narcotics such as bromides and the barbiturates.

He believes the judicious use of these drugs has contributed as much to the march of medicine as the use of the antibiotics has.

Judicious use, the doctor says. If by that he means only under the attending physician's supervision and never at the discretion of druggist, patient or any one other than the attending physician, we'll make it unanimous.

But my attitude towards the popular use of such drugs remains uncompromising.

When doctors writing or speaking use the term "sedation" it seems to me they are trying to cover up—just as the old timers did by calling alcoholic liquor "stimulant."

If "sedation" means phenobarbital, barbital, neonal, seconal, amytal, trional, alurate, dial, ipral, ortal, evipal or any other barbituric acid derivative, why can't the doctor say so frankly?

Such diffidence is disturbing. It makes one give the use of these sedatives and-or narcotics by physicians another long, hard look. It is so easy to misinterpret a patient's condition when the patient is under the influence of such a drug.

And when the effects of the drug pass off and the true state of the patient becomes evident again, the temptation to repeat the dose is sometimes too strong to resist. That's the way addiction develops.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.

(Copyright 1954)

STRANGER THAN FICTION—He was the first Chinese in West Point, a general, a senator and president of a university. Fate's wheel turned and Ying H. Wen, above, now runs a laundromat in Washington. The business itself adds a further touch of irony since it was the traditional trade of the Chinese of the past—though his "laundry" is strictly modern with 20 automatic washers. The 67-year-old general was a student at Virginia Military Institute when appointed to West Point, class of 1909. In China he had an outstanding military and political career. Breaking with Chiang Kai-shek in 1951 he fled back to the U. S. A friend staked him in business. Son Patrick, also a distinguished military man, is a graduate of V. M. I. and is now a major on Formosa.

Judge Revokes Ticket in Missing Meter Case

ALBANY, N. Y. (UP) — John J. Bylancik dropped a nickel into a parking meter. When he reurned about 50 minutes later, he told the judge, the meter was gone and he had an overtime parking ticket.

The judge learned that the meter had been defective. A patrolman noted that it registered red and ticketed the car. Then meter repair men took it away for an overhaul.

The judge revoked the ticket.

Building Is Still Useful

PROVIDENCE, R. I. (UP) — The Shakespeare's Head House—office of this city's first newspaper, the Province Gazette and Country Journal — is used today to house several civic groups and an art gallery. The building was erected in 1763.

Woman Caught in Web of East Police Work

PENSACOLA, Fla. (UP) — "Extenuating circumstances" excused a woman driver from paying a parking fine at Pensacola.

The woman complained to the traffic bureau that she parked her car on a street with not a parking meter in sight. She returned several hours later to find both a meter and a parking ticket.

Investigation revealed that the meters had been put up while the car was parked. A passing policeman provided the ticket.

Anton Chekhov's Home Converted Into Memorial

MOSCOW (UP)—The small Moscow house where Anton Chekhov lived with his family from 1886-90 is being made into a memorial museum to the writer. In the house, not far from the present American Embassy building, Tschaikovsky, the composer, frequently visited. There Chekhov wrote many of his works.

Since World War II, more than 23,000 new houses have been built in Honolulu.

Tempus Fugit

FORT WORTH, Tex. (UP)—Toby Ersery reported to police he was crossing a downtown street in his wheel chair when a passing man paused, hooked a finger into Ersery's watchchain and ran away with the timepiece.

Trusted Worker Flees With $3,750 of Payroll

NEW YORK (AP) — Eleven years ago Albert Dorsey was paroled on a burglary sentence and given a job by a Brooklyn shoe factory.

The 54-year-old Dorsey became the firm's "most trusted employe."

Yesterday, as paychecks were being handed out at the plant, Dorsey suddenly grabbed $3,750 in payroll envelopes from a woman bookkeeper and fled.

Factory vice president Samuel Dones said:

"I would have trusted him with anything. I even let him keep a set of keys to this place. Why did he do a thing like that?"

Farmer Claims Acreage Control Unconstitutional

PHILADELPHIA (AP) — An 81-year-old Pennsylvania poultry farmer has asked the U.S. District Court to declare unconstitutional the price and acreage control features of the Federal Farm and Marketing Administration Acts.

In a suit filed with the court yesterday, Joseph Blattner of R. D. 3 Norristown, claimed that acreage controls on his wheat crop will put him out of business and deprive him of a living.

Blattner, claiming he requires all his land to raise feed for his chickens, seeded eight extra acres and refuses to pay $178.20 in penalties imposed by federal farm agents.

In the suit, Blattner contends that the government, by serving the penalty notice, is taking his property without due process of law and that by limiting acreage, the government forces the plantiff to buy at U.S. supported prices extra grain needed to keep his poultry.

TOWN GROWS ATOP WATER—Two-story buildings, built on pilings, house workers for a Soviet offshore oil field in the Caspian Sea, about 60 miles from Soviet Republic of Azerbaijan. A hospital, entertainment spots and a place of culture are also part of the settlement. The town and the many oil derricks are connected by 25 miles of pile-supported trestle. Photo and caption are from an official Soviet source.

Batista Will Resign Office to Run Again

HAVANA, Cuba (AP) — Fulgencio Batita, who vaulted back to power in a 1952 army revolt, says he will give up Cuba's presidency Saturday in order to run for the office in the November elections.

He is prevented by the constitution from seeking election while president.

An official announcement yesterday said Batista would name his successor at a cabinet meeting Saturday.

Batista was elected president by the Council of Ministers in April, 1952, a month after he threw out the government of Carlos Prio Socarras.

Botanist Plays 70 Holes to Mark 70th Birthday

MORGANTOWN, W. Va. (AP)—Dr. R. C. Spangler, a professor of botany at West Virginia University, played his annual round of birthday golf yesterday — 70 holes in honor of his 70th birthday.

Spangler toured the Morgantown Country Club in 328 for an average of 84.3 for each 18 holes. He one-putted 21 greens.

The professor started his marathon at 8 a.m. and, with an hour and a half off for lunch, wound up at 7:30 p.m.

Famous Boa Dead, 1 Purse Coming Up

CHARLESTON, W. Va. (AP) — They're making a purse out of "Blondie," one of the most deceptive boa constrictors ever to slither across a cage.

Blondie broke into the news last month when she underwent surgery, after gulping a poisoned guinea pig, and "died" in an oxygen tent.

Twenty hours later, however, she sudenly came to life at the home of her owner, George Hilton of nearby Nitro.

Hilton's joy was shortlived. Tuesday Blondie gave a couple of quivers and died again. After waiting a decent interval to make certain, Hilton had Blondie skinned yesterday — all eight feet of her.

Truck-Borne Cowboy Knows His Horses

NEWPORT NEWS, Va. (AP)—Paul Rice, an oil company employe, leaped from side of a commandeered truck and brought a runaway horse to rein after a wild chase through the city streets. Asked about his confident way with horses Rice said:

"I used to know a lot of them when I lived in Tennessee."

The slopes of the Great Smoky Mountains are drained by more than 600 miles of streams.

U. S. Drops 31-Year-Old Embezzlement Indictment

SAN FRANCISCO (AP) — The government has asked that an indictment against William M. Shuford, accused of embezzling $3,434 in postal funds, be dismissed.

Shuford was postmaster at French Gulch when he disappeared.

The government must finally have figured they couldn't find him. They've been looking for 31 years.

Smithsonian Reveals Some Strange Fish

WASHINGTON (UP)—Have you ever heard of a fish an inch long that carries 400 eggs in its mouth, another that looks like a piece of lead pipe and an eel more dangerous than a shark?

Such curiosities as these are described in a new 700-page book just issued by the Smithsonian Institution. The book, one of the most important contributions to the knowledge of fish in recent years is a joint work of Dr. Leonard P. Schultz, curator of fishes at the institution, and four collaborators.

A total of 356 types of fishes, taken from the waters around the Marshall and Marianas Islands in the South Pacific, are described in the book. Many of these fishes, the institution said, hitherto were unknown to science.

Maine Student in Rut

ORONO, Me. (UP) — Seems that a University of Maine student, Donald L. McAllister, just can't keep away from Norway. McAllister, who lives in Norway, Me., has been awarded a scholarship for eight weks of summer study at the University of Oslo in the Scandinavian country.

Coin-Counting Rig Takes 8,000 a Minute

BUFFALO, N. Y. (UP)—A jangling, banging machine developed by Niagara Frontier Transit System employes can count the receipts of bus drivers at the rate of 8,000 different sized coins a minute.

Installation of coin boxes required the use of a counting machine at NFT headquarters and suggestions of several workers were used in its design and development.

The coins are dumped out of small vaults taken from the buses into a hopper. An eight-foot revolving belt carries them into the air and they are dropped onto the first of six sorting slot levels. Constant agitation screens the various coins and tokens and they are bagged according to number.

The machine sometimes counts as many as 1,150,000 coins a day.

7 Birthdays in 10 Days

GLOUCESTER, Mass. (UP) — During a 10-day period, seven friends here celebrated birthdays totalling 597 years. They are Rutherford Smith, 90; Miss Jennie Smith, 88; Dan Woodbury, 84; Mrs. Ruth Rogers, 83; Francis Poole, 82; Miss Mary O'Hearn, 81, and Mrs. Elizabeth Knowlton, 81.

Number of Women Traffic Cops Grows

CHICAGO (UP) — More women are being hired as traffic cops, according to the American Municipal Association.

The association said the trend is most noticeable in the South, where it has been hard to recruit men for police work in recent years.

Among southern cities which have female traffic police are New Orleans, La., Charlotte, N. C., and Richmond, Va.

In other sections, women traffic patrols are employed in Seattle, Wash., Evansville, Ind., and Phoenix, Ariz., the association said.

The duties, powers and titles of the women vary from city to city. In New Orleans they are called traffic guards, and in Charlotte they are parking checkers.

But in Richmond they are patrolmen, drawing the same pay as male members of the fore. They also have the same authority and can carry pistols.

Indian hostilities which led to Custer's last stand in 1876 resulted in part from Indian protests at movements of whites into the Black Hills in one of the last big gold rushes.

Man Prefers to Keep Everything Mysterious

CHARLOTTE, N. C. (UP)—Mrs. R. O. Fortenbery, Mecklenburg Board of Elections clerk, reports a man telephoned her to inquire "Am I registered?"

"I'll see," she replied. "Where do you live?"

The man gave an address, and Mrs. Fortenbery selected the appropriate registration book.

"What is your name?" she asked him.

"That," said the man, "is information I wish to withhold."

Each American consumes about 3½ gallons of ice cream a year on the average.

Unexciting Truth

HARRIMAN, N. Y. (UP) — Theories that an unusual rock formation uncovered near this Catskill Mountain village represented an ancient horse-racing track or an old fort were exploded by a state historian, Dr. Albert B. Corey. He said it was simply a dumping ground for rocks colonists had cleared off their land.

Many Described as Blind Merely Refusing to See

BERKELEY, Calif. (UP)—There are some people who are blind only because they refuse to see.

That's the conclusion of Dr. Meredith W. Morgan, chief clinician of the University of California's subnormal vision clinic. More than 50 persons a year come to the clinic for help, and about half of them are significantly improved after treatment.

Although there are many cases of blindness that are completely incurable, Morgan has had success in restoring as much as 80 to 90 per cent of normal vision to people classified as "blind."

"But strangely enough," Morgan said, "many of the patients whom we do not help, will not be aided even though it is in our power to give them nearly normal vision. Those people are 'blind' simply because they will not see."

Morgan cited the case of a 15-year-old boy who was brought to the clinic by his parents. The boy had only 10 per cent normal vision. The clinic examined him, fitted him with special glasses, and restored his sight to 70 per cent of normal. But the boy had forgotten how to read. So his parents, working with Morgan, painstakingly taught him how to read again. In a matter of months he was on his way to a normal active life.

But one day the boy "lost" the glasses. He had deliberately thrown them off a ferryboat, Morgan learned later.

The clinic cured the child's blindness but hadn't counted on the boy who was afraid he could not compete in a seeing world. The sad end of the story is that the youngster was never fitted again with glasses and successfully retrated into his blindness.

There are other cases of people choosing the dark rather than the light, Morgan explained that some of them are looking for a complete cure and won't be satisfied with significant improvement. Others who have been blind or nearly blind for a long time adopt the "attitude of blindness." These people, who have given up hope of ever seeing, are rarely aided, morgan said.

IT WAS PEACHY—A grasshopper munches on a peach-tree leaf as stripped peach pits still hang on the branch on a farm in Columbia, Mo. Hordes of grasshoppers devoured crops of drought-stricken corn and wheat along with the fruit in this area.

Outline Rules for Vet Students

Enrollment in Foreign Schools Has Special Requirements

WASHINGTON (UP) — Veterans expecting to study in foreign universities under the Korean GI Bill have been cautioned to meet the requirements of the Veterans Administration check-list.

While the VA permits veterans to study in accredited foreign "institutions of higher learning," it sets up the five-point check-list to ensure compliance with VA regulations. These five points are:

(1) "Has VA approved the course the veteran wants to take?

(2) "Will the school accept the veteran as a student?" Almost all foreign universities have requirements that all students must meet. The ex-GI should be accepted before he leaves this country.

(3) "Has the veteran sufficient language ability to pursue his course with success?

(4) "Does the veteran-trainee have enough money of his own to tide him over until his first GI allowance check reaches him?" The VA must receive certification the veteran has attended classes one month before checks are processed for payment.

(5) "Has the veteran filed his application for Korean GI training, and has VA sent him a certificate of eligibility signifying that everything is in order?"

Informaton on universities and courses approved by the VA should be obtained from Washington headquarters. The VA accredits about 100 foreign universities in 27 countries.

Cambodia is working to restore part of the irrigation system of the ancient and abandoned city of Angkor, seat of the last Khmer civilization.

Beard-Grower Beats Questioners to Punch

NEBRASKA CITY, Neb. (UP) — Otoe Goff who is raising a beard for the city's centennial pageant is beating the kidders to the punch by handling out cards that read:

"I am growing this beard for the Nebraska City Centennial Pageant.

"Yes, it's real!

"You're right, it does bother me!

"Right again, the wife does NOT like it!

"I know it looks like hell, but I'm having fun."

Woman Builds Own 'Cadillac'

Got Her Mechanics' Training While Serving in WASPS

NEW YORK (UP) — Owning a Cadillac presents no money problems, girls. Just make your own, as an Oceanport N. J., woman did.

Dorothy Ahlstrom, a white collar worker with a monkey - wrench mind, built a shiny, efficient car from an $80 junk heap.

For a while, she used the rebuilt 1941 model of the luxury car to drive to and from her job as file clerk for an oil company in Linden, N. J. Then she sold it for five times the purchase price.

Mrs. Ahlstrom, a small, amiable brunette, said she doesn't rejuvenate cars just to sell them for a profit. It's more a hobby with her, like some women crochet or garden.

Currently, three other battered automobiles litter her front yard, waiting for her mechanical know-how. In the meantime, she and her husband, a lathe set-up man for a New Jersey aviation plant, drive to their jobs in a 1951 model, which is practically the same as the manufacturer made it, or a 1935 car which she rejuvenated.

The Cadillac took a lot of work —most of it done on week ends. Mrs. Ahlstrom gave it a new electrical system, new doors, a new clutch, a general cleanup and overhaul, and a new paint job.

One of the cars she's working on now is a 1934 model, which she plans to keep, hoping someday it will be a collector's item.

Mrs. Ahlstrom's fame around the office as a mechanic has provided new fodder for that tired joke about the things women carry in their purses. Her purse is stocked with a four - inch adjustable wrench, a set of pliers and a small screw - driver.

"You never know when one of the fellows at the office is going to have car trouble," she explained.

Mrs. Ahlstrom, who's in her 30's, received basic training in mechanics during the war while in training for the WASPS, the women's group which helped to ferry aircraft.

But by the time she was ready to fly, the war was over.

Husband Allan, who's handy with the monkey - wrench also, said he heartily approves his wife's hobby.

"Keeps her out of the kitchen," he said. "I like to cook; do about half of it; and when I'm in the kitchen I'd just as soon not have any interference."

Mrs. Ahlstrom said women have as much mechanical knack as men, if they just develop it.

"If more women knew what makes a car tick, there'd be fewer of those jokes about women drivers," she said.

American imports of mink fur have doubled in the past seven years.

Huge Utah Uranium Boom Prevalent in Radio, Shops

By LAURA Z. HOBSON

SALT LAKE CITY, Utah (INS)—"Dig that crazy mine—nothing but gold!"

This wisecrack from my teenage son fractured his little brother—i. the uranium craze out this-a-way, such "humor" clicks like Geiger counters.

"Eureka — uranium" was another gag, and "uranium—you're on." It had begun back in the Rockies, where the road was still flanked by the good old touristy signs, "follow the gold rush trail," "Pan your own gold dust," "entrance to gold mine and the like.

But something new had been added—the magic word "uranium," and not just on billboards and signs either. The familiar white boxes of "ore samples, $1.00" still showed up at every cafe or stand—with the usual scraps of copper, silver, zinc, manganese, dolomite, sulphur, gold, etc. but now every blessed box also includes a silvery-white fragment labelled, "uranium."

Even easterners like us had known about the uranium boom from way back—hadn't claims been filed not long ago in Peekskill, N. Y., about 60 miles from Times Square? Hadn't "fortunes" been promised in plenty of ads?

But our on-the-spot uranium education had really begun in Denver. One single news story had listed 13 new companies that had filed their stock offerings with the regional sec—in just one week.

Even the names had a tingle all their own: Acme Uranium Mines, Atomic Power Uranium Co., Cherokee Utah Uranium, Strategic Minerals Development Co., Interstate Uranium, etc.—many of them offering millions of shares of "1-cent par value stock at 3 cents a share."

It all seemed unreal—just a retake of an old western film, a rewrite of history about the forty-niners. And once we were out of the Rockies, driving across the wide Yampa Valley toward Utah, we quickly forget the get-rich-quickers and their penny stocks.

But then we spent three days in beautiful Salt Lake City—and uranium started sprouting all over the place once more.

At dinner one night, four people at the next table talked loudly and learnedly about "Steen's Mi Vida Mine at Moab," about the claims office at Monticello, about the five million share days at the Sale Lake exchange.

Next day I heard that Horman's furniture store was offering "1,000 shares of uranium stock with every $400 living room set." On main street, the Java Broiler sold "uranium-umbrugers" at 45c, and Keely's Coffee Shop "Uranium Sundaes" at 35c.

Local radio and TV news programs never got off the air without some tidbit about mines, mills, processing and the atomic energy commission. That's how I learned about the two motor caravans sent out by the U. S. public health service, to study possible radioactive risks run by miners in the boom areas.

Everywhere it was uranium, uranium, uranium. Plenty of good sound business, I knew, was involved—not just the old malarkey. But I kept thinking about the countless thousands of bonanza babes who were bound to get their greedy fingers burnt in this blaze of white-hot speculation.

"Moab madness," I got calling the high fever out west.

The Moab we read about in Genesis and Judges, in Kings, Amos Jeremiah and Isaiah, was an "ancient city on the hilly region east of the Dead Sea."

Modern Moab, my map of Utah tells me, is east of "Dead Horse Point.

The coincidence of "Dead Sea" and "Dead Horse" started me prospecting the map for other names in eastern Utah, and I quickly found "Devil's Garden," "Desolation Canyon," West Water Ruins," and Ruin Canyon."

Maybe I'm in a pessimistic mood. Maybe there really is lots of uranium "in them thar hills." But penny-stock pincher or not, tomorrow does happen to be Friday the 13th, and that's no day for pollyannas.

It would take the work of a million men to repair the damage done in the United States by insects.

RICHEST—Texan Haroldson L. Hunt has been named by a United Press survey as the "richest man in the world." Hunt replaces the Nizam of Hyderabad as the top money-holder. Hunt's estimated worth is set at two billion dollars.

The Caine Mutiny

Copyright

CHAPTER 38

The Kamikaze:

Of all the people Willie encountered during the war Capt. Queeg loomed largest in his memory, forever after.

But there was another man who had an even greater influence on his life and character; a man whose face he never saw and whose name he never knew.

He was a Kamikaze pilot who destroyed himself in order to set the rusty old Caine ablaze at Okinawa.

Keefer was captain, and Willie was exec. Willie had become a senior-grade lieutenant on June 1; some of the old minesweepers even had jg's as execs.

The Bureau of Personnel had evidently decided that scattering the Caine's officers and crew was the best way to dissolve the bitterness of the Queeg days. Fully three-quatrers of the sailors were replacements.

Maryk had been detached from the ship a week after his acquittal, and sent to command an LCI, a humiliation which spelled the end of his naval hopes. Queeg had been put in charge of a Naval depot in Stuber Forks, Iowa.

Willie was running the ship. Keefer had retired into an isolation like Queeg's—except that he worked on his novel instead of solving jigsaw puzzles.

But Keefer had the conn when the Kamikaze hit.

"There she comes!"

Urban's yell on the starboard wing was almost gay. But there was no mistaking the fright in Keefer's voice, the next second:

"Commence firing! All guns commence firing!"

At the same instant, not in response to the captain's orders but spontaneously, came the popping of the 20-millimeters all over the ship.

Willie was in the charthouse, marking bearings along the course line. He dropped his pencil and parallel rulers and went scampering through the wheelhouse to the starboard wing.

Pink curved dotted lines of tracer bullets pointed to the Kamikaze, about a thousand feet up, well forward of the bow, brown against the clouds. It was slanting straight for the Caine, wobbling clumsily as it came down.

Its wings seemed to be stretching outward as it drew near, and the two red balls were plain to see. There were four streams of bullets converging on it; the plane was absorbing them all and floating down placidly. It was now quite big; a teetering, flapping old airplane.

"It's going to hit!" Keefer and Urban threw themselves to the deck. The plane, only a few feet away, tilted sidewise. Willie caught a glimpse of the goggled pilot through the yellow cockpit bubble.

"The crazy fool," he thought, and then he was on his knees, his face to the deck plates. He thought the plane was coming right at him.

It seemed like a very long time before the Kamikaze hit, and Willie experienced a race of vivid clear thoughts as he crouched with his face to the cold blue-painted deck. Above all his paralyzed terror towered the regret that he would never see May again.

The plant hit with the sound of cars colliding on a highway, and a second later there was an explosion. Willie staggered erect. He could see a puff of blue-gray smoke curling up from behind the galley deckhouse, where the gun crew still sprawled in individual gray lumps.

"Captain, I'll call away GQ and then lay aft and see how it looks——"

"Okay, Willie." Keefer rose, brushing himself with trembling hands, his unhelmeted hair hanging in his eyes. He had a dazed, vacant air.

Willie ran into the wheelhouse and pressed the lever of the p.a. box. "Now here this," he said loud and quick, "we have taken a Kamikaze hit amidships.. Set condition Able throughout the ship. Away forward and after fire-fighting and damage-control parties——"

He jerked the red GQ handle, and went out on the wing as the clanging began. He was amazed by the billow of smoke and blast of heat that struck his face.

"I thought you were going aft," Keefer shouted peevishly, his form dim in the smoke. He and the bridge gang were putting on life jackets.

"Aye, aye, sir. Just going——"

Willie had to use elbows and shoulders to make his way down the well deck and the passageway through milling, yelling sailors dragging hoses, snatching life jackets, or just running. Pieces of the plane's wings were scattered on the deck.

"What's the dope?" the exec yelled at a sailar staggering out of the air lock.

"Whole plane is down in there sir! Whole g--d--n place is on fire."

"Do you know how to open the safety valves?" Willie screamed above the noise.

"Yes, sir——"

"Okay, blow 'em off——"

"Aye, aye, sir——"

Willie fought through the thronged passageway, stumbling over hoses. Coming to the bridge ladder, he was startled to see Keefer pop out of his cabin, carrying a lumpy gray canvas sack.

"What do you say, Willie?"

Have we got a chance?" Keefer said as Willie stepped aside to let him up the ladder first.

"I think so, sir. What's the sack?"

"Novel, just in case——" Keefer dropped the sack by the flagbag and squinted aft, coughing and clapping a handkerchief to his nose.

"Captain, it doesn't look too bad yet—just one fireroom——" Willie began to describe the damage, but the captain was staring aft, his hands on his hips. Smoke streamed past his face. His eyeballs had an opaque yellowish look and were rimmed with red.

Clouds of screaming steam burst above the deckhouse. Keefer glared at Willie. "What went up then?"

"I told them to lift the safeties on number three, sir——"

On the galley deckhouse there was a sudden rattling explosion.

Three-inch shells began exploding in the ready box with terrifying cracks! and sheets of white fire. Keefer screamed, staggered and fell to the deck. Reeking waves of gunpowder smoke swathed the bridge.

Willie cruched beside the captain, and saw several blue-dungareed legs climb up on the rail and leap overboard. Keefer said, "My arm, my arm," holding his shoulder and kicking at the deck. Blood welled between his fingers and dripped.

"Captain, are you all right? The men are beginning to jump—"

Keefer sat up, his face twisted and sick. "Let's pass the word to abandon ship—Ch---, my arm feels like it's coming off—I think I took a piece of a shell——"

"Sir, I swear I don't think we have to abandon yet——"

Keefer got up on one knee and staggered erect. He stumbled into the wheelhouse, and grababed at the public-address lever with a bloody hand. "This is the captain speaking. All hands abandon ship——"

(To be continued)

Home of T. Roosevelt Draws Many Crowds

OYSTER BAY, N. Y. (AP)—Nearly 100,000 persons have visited Sagamore Hill, home of the late President Theodore Roosevelt, since President Eisenhower dedicated it as a national shrine June 14 last year. Callers have come from France, Germany, Egypt, Japan, Sweden, many South American countries and every one of the 48 states.

The home, filled with documents and trophies of "T. R.," has been restored by the Theodore Roosevelt Memorial Assn. It was the summer White House from 1901 to 1909.

Connecticut State Prison, built for 600 prisoners, now has nearly 1,000 in it.

Case of Diabetes Often Helpful to Middle Aged

ATLANTA (UP) — Dr. Christopher J. McLoughlin, president of the Atlanta Diabetes Assn., believes a middle - aged person with a mild case of diabetes is lucky in a sense because he has to follow rules that tend to insure good health generally.

While insulin treatment gives the diabetic a powerful weapon against his malady, he also must control his diet and activity and also is more likely than the non-diabetic to get frequent medical checkups and become more conscious of other health rules, Dr. McLoughlin said.

The presence of diabetes may thus safeguard a person from ailments he might otherwise incur in middle age from too little or too much eating and result in the early detection of other diseases while they are curable.

Dr. McLoughlin said one factor, being overweight, has been found present in 77 per cent of all diabetes cases, and often the diabetic condition itself can be removed by reducing the weight to normal.

Cop Forces Passenger to Drive While Drunk

RICHMOND, Va. (AP)—Patrolman V. A. Napier asked a man in the passenger's seat of a car parked in a prohibited zone to move it. The man complied, backed into another automobile and was charged with driving under the influence of intoxicants.

He was acquitted in court although tests showed he was intoxicated.

Radiation Effects Tulips

ATLANTIC CITY, N. J. (AP) — University of North Dakota scientists told a biologists' meeting here that a single tulip bulb exposed to cobalt radiation will produce up to four blooming plants at a time instead of the normal one. Cobalt 60, a radiactive element, was used in the experiments.

Quit Cussing, Soviets Warned

Youth Paper Launches Campaign to Wipe Out Vulgar Language

MOSCOW (AP) — The big Soviet press campaign to clean up Russia's morals has taken a new tack. Cut out the cussing, the men are told.

Komsomol Pravda, the organ of the Soviet Communist Youth League, is spearheading the effort to shush profane and vulgar language.

A drive against drunkenness and hooliganism already has been going on several months with good results, the papers claim.

* * *

Now Komsomol Pravda has cast a disapproving glance toward the Urals industrial center of Sverdlovsk. The youth paper spread over two columns a letter from a Sverdlovsk citizen complaining of vulgarities heard about town. "Clean these evil words out of our rich, expressive language," the paper admonished.

The letter writer had this to report about some workers in a big plant:

"One recently began to speak to a new girl worker there but the language he used was so bad the girl fled.

"There is also even a Komsomol member who continually uses vulgar and abusive language, in serious as well as jesting conversation.

"And still another worker, only 17, who feels he shows he's grown up when he uses evil language ..."

The letter added that nothing was being done about all this. It pointed out that "recently there was a case of a man using such language in a crowded tram and nobody stopped him. In another case, a man used vile words in a public place right in front of a policeman. . . ."

The Soviet government lent a hand in the campaign against excessive boozing by shutting down many of the drink-and-run vodka stands on the streets of Moscow and other cities.

One of the latest shots in the morals war was a newspaper article blaming American jazz for youthful waywardness.

Fedor Vasilevich Gladkov, a well-known novelist, wrote the long piece for the Literary Gazette. Seventy-one, he has left his youth far behind, but he said he knows what's good for young people.

There aren't many public places in Moscow where you can hear popular western tunes, but apparently Gladkov knows of some. He considers them too many.

Fall Into River Fatal for 2 Sisters, Lad

CAMDEN, N.J. (AP)—An 11-year old Camden boy and his two sisters drowned while on a fishing trip yesterday at Cooper River in Camden County Park.

The victims were Riley Drummond and his sisters, Terry, 7, and Mary, 8. A witness told police Mary stepped to a rock about a foot from shore to get her shoes and fell into the water. Terry and Riley, he said, jumped into the stream in an effort to save the girl but sank from sight.

Their mother, Mrs. Joseph Drummond, was driving nearby and was attracted to the scene by the crowd along the river bank.

Blames Church for Stay-Homes

Charles Taft Speaks to Anglican Congress on Attendance Problem

MINNEAPOLIS (AP) — A leading American Episcopal layman says that the church itself is to blame for keeping members at home on Sundays by failing to understand their worldly problems.

"Church leaders simply don't know enough about the areas of life where people work," Charles P. Taft told the World Anglican Congress last night. Taft, a Cincinnati attorney and brother of the late Sen. Robert A. Taft, is a former president of the National Council of Churches.

"In 1796 only 10 per cent of our people were church members and 160 years later nearly 59 per cent belong," Taft told the 670 delegates from all parts of the world, "but they don't come to church."

Taft said preachers and theologians "have often little idea how completely unintelligible what is said in the pulpit is to large classes . . . unintelligible in that it makes no effective contact with their experience."

"Once you leave the walls of the church," he went on, "the secular world presses in on you . . . Everyone belongs to a pressure group, if only the pressure of the neighbors to keep up with the Joneses.'

The conflicts, Taft added, can tear us apart, "unless the churches help to build the moral independence and responsibility of their members in these groups."

Taft, the only lay delegate to address the Congress, said many American Christians have no interest in the problems of religion in relation to secular work. "They are not interested in man as a worker; they are interested in him only as he has an immortal soul to be saved."

Others speaking on the conference's fourth general topic, "Our Work," were the Rt. Rev. Bravid W. Harris, bishop of Liberia, and the Rt. Rev. Leslie S. Hunter, bishop of Sheffield, England.

Drowns in Spring Lake

GRAND HAVEN (AP) — Theodore Coolsen, 42, of Grand Rapids, drowned late Wednesday when he fell from a sailboat in Spring Lake. Robert Kittner, also of Grand Rapids, was operating the sailboat.

South Korea to Get Former Red Land

SEOUL (AP)—Some 2,300 square miles of territory wrested from Communist North Korea by U. N. forces soon will be turned over to South Korea, the U.N. command announced today.

Most of the region, in which about 130,000 Koreans live, lies in the mountainous eastern sector. It extends in a rough triangle from Kosong on the east coast to Chorwon in central Korea and back to Yangyang. Some land north of Uijongbu in western Korea also is included.

The decision followed a recommendation by the U.N. Commission for Unification and Rehabilitation of Korea.

UNCURK declared "it is undesirable to keep a civil population under military administration for a prolonged period after hostilities have ceased." The Korean truce was signed July 27, 1953.

Reelected to GOP Post

GRAND RAPIDS (UP)—Charles R. Sligh Jr., former president of the National Association of Manufacturers, was relected chairman of the Kent County Republican Committee Wednesday night.

Tractor Mishap Kills Tot

BAD AXE (AP)—Mary Wisneski, 6, suffered fatal injuries yesterday when she was thrown from a farm tractor driven by her 12-year-old brother, James. The tractor overturned when it struck a furrow on the family farm near Kinde.

Great Lakes Steel Cuts Employe List

DETROIT (AP)—Great Lakes Steel Corp. plans to lay off 1,000 more employes next week and the company says further layoffs are due.

The firm attributed the newly-announced layoffs to a return to the five-day work week. It cited the agreement with the CIO United Steelworkers which does not provide for sharing work for extended periods of time.

About 1,000 other Great Lakes workers, including some supervisory personnel, had been laid off previously.

The company has cut back production in line with a decline in demand for steel from the auto industry.

Gluckman Flying to Newfoundland for Atlantic Hop

BEVERLY, Mass. (AP) — Peter Gluckman, the flying watchmaker, was scheduled to take off today for Newfoundland in his flight from San Francisco to England in a four-cylinder Luscombe Silveraire airplane.

He first set his plane down at Logan Airport, Boston, yesterday. He had left Albany, N. Y., earlier yesterday.

Gluckman will start his cross-Atlantic flight from Newfoundland.

Three-fourths of all U.S. bank employes are machine operators or clerks.

Police Seek Parents of Abandoned Baby

GRAND RAPIDS (AP) — Police Thursday sought the parents of a 10-day-old boy, abandoned Wednesday in the lounge of a downtown department store.

The baby's footprints showed he had been born in Butterworth Hospital, where he was taken for examination. Doctors say the infant is in excellent health.

Crash Kills 1, Injures 5

IONIA (AP) — Mrs. Ray Thuma, 67, of nearby Sunfield, was killed Wednesday in a two-car collision 10 miles south of Ionia. Her husband, daughter and granddaughter were injured. Mr. and Mrs. Benjam Van Dam of Holland, Mich., occupants of the other car, were treated for minor hurts.

The building's interior must still be finished and some outside grading and landscaping done. A community room and workshop will be located in the basement. The site will provide ample parking space.

Many Are Now Eligible for Tax Exemption on Sick Wages

By CHARLES F. BARRETT

WASHINGTON (AP) — Many millions of additional workers are now eligible for tax-exemption on wages received while they are sick.

And more liberal rules have been adopted for taxing other employe sickness or accident benefits, death benefits, and lump-sum payments under pension, profit or stock-sharing plans.

All these rules are spelled out in the huge tax revision act recently passed by Congress. They apply to such employe benefits received after last Dec. 31, if they are financed by employers under any systematic plan.

If you are covered by such a plan, perhaps the most important thing to remember is this:

* * *

If your pay is continued while you are off work because of sickness or injury, you pay no tax on wages of up to $100 a week after the first seven days of the sickness or injury.

* * *

Further, you pay no tax on wages up to $100 during the first seven days if your absence is due to accidental injury, or if you are hospitalized at any time during an illness.

Thus, for example if you make $100 a week or more and you are out three weeks with an injury or hospital illness, you can deduct $300 from your taxable income. Even at the minimum 20 per cent tax rate, that would be a tax saving of $60 for you. If you are sick but don't go to a hospital, your wages for two of the three weeks still would be tax-free, a tax cut of at least $40.

Here are other important benefits:

* * *

You pay no tax on payments which reimburse you for actual medical expenses paid by you or your dependents. Like sick leave wages, these payments simply are not counted as income.

* * *

Similarly you pay no tax on payments to you for the loss of limb or other part of the body, or for permanent disfigurement.

Under the old tax law some employes got these tax-free benefits and some didn't. Generally, if your employer had a commercial insurance contract to cover his sick and accident benefits, they were tax-exempt. But if the employer financed them himself — as many do, especially for sick leave pay — the benefits were fully taxable.

The new law wipes out what its sponsors called an unjust discrimination.

There is no limit on the sick-pay exemption. If you are out for six months, for example, you could get up to $2,600 in tax-free wages and save at least $520 in taxes.

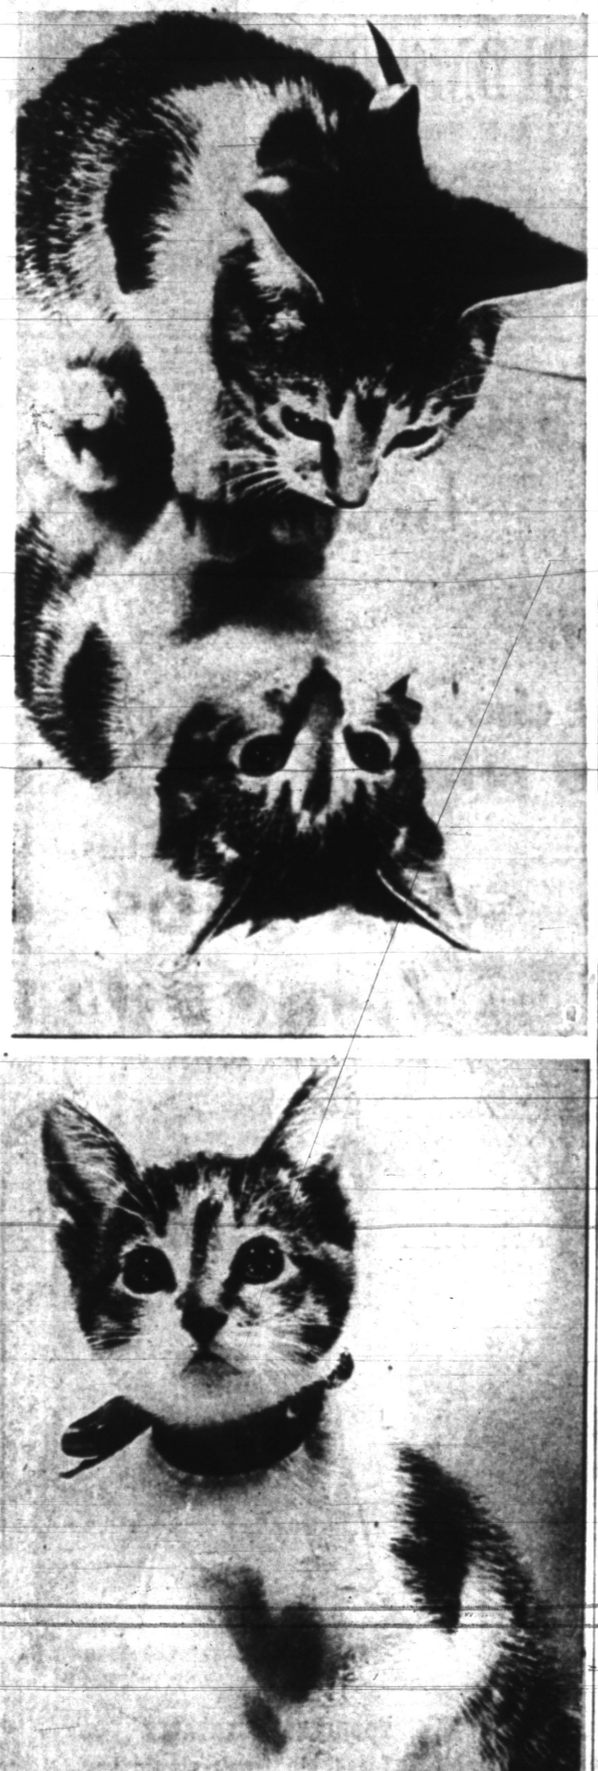

* * *

If an employe pays part of the cost of a sick or accident benefit plan, he pays no tax on the benefits for which he pays. The rules above would apply to that part of benefits financed by his employer.

* * *

The new act takes a similar step toward death benefits. Payments of up to $5,000 to beneficiaries could be tax exempt under the old law — but only if the employer was bound by contract to pay the benefit. The new act grants the exemption whether the benefit is paid under contract or not.

The new act also extends the $5,000 exemption to lump-sum death payments under qualified pension, profit-sharing or stock-bonus plans.

School Garage Repair to Cost $15,486

Pontiac Firm Gets Contract

Front Wall Rebuilding Will Begin Immediately at Patterson St. Site

The local construction firm of Gallagher & Schurrer was awarded a contract by Pontiac Board of Education last night to repair the front wall of the school-bus garage at 40 Patterson St. on a low bid of $15,486.

Work will begin immediately on the wall which is bulging and must be rebuilt from the foundation up.

In other action the board decided to invest $1,000,000 of operating funds in 90-day government securities to mature by Dec. 15, 1954.

Board Treasurer Vernon L. Schiller said the money would not be needed until after maturity of the securities and the board could get $1,800 profit from interest when they are redeemd.

Board members supported a recommendation from Superintendent of Schools Dr. Danna P. Whitmer that both a policy and a procedures manual be developed.

The policy manual, Whitmer said, would contain all policies of the board on organization and administration of the schools. The procedures manual would state all procedures to be followed by employes in carrying out board policies. Both would be available to the public, he added.

Included in personnel changes was the appointment of Warren Abbott as principal of Crofoot School.

SWEET GRATITUDE—In appreciation for blood donated to the mother of an ex-Marine, the San Diego Blood Bank donated a double-tiered cake to a platoon of the "Michigan Company," an all-Michigan unit now in training at San Diego Marine Corps Recruit Depot. Mulligan, son of Mrs. Nelson Mulligan of 17565 Meadowwood, Birmingham. They are part of a 319-man contingent that landed in California recently.

O'Dwyer Plans to Fight Probe

Tax Agents Question Former Mayor on His 1949-50 Returns

MEXICO CITY (AP)—Charging politics, William O'Dwyer says he will "fight every inch of the way" a probe by federal income tax authorities into his returns for 1949-50.

"When does this character assassination finally end?" the former New York mayor and ambassador to Mexico demanded yesterday after being closeted 90 minutes with income tax agent George Rutledge and Benjamin S. White, internal revenue attache in the U. S. embassy here.

O'Dwyer told newsmen he had asked Rutledge why he waited until an election year to open his investigation. He said he was particularly mystified because he knew Rutledge had completed a report three weeks ago and submitted it to the Internal Revenue Bureau.

Rutledge would make no comment in the investigation.

Declaring his tax status already had been investigated nine times, O'Dwyer said Rutledge apparently wanted to look over his bank accounts. He said he referred the agent to his brother Paul, his legal representative in New York.

He said the probe apparently dealt with $10,000 a former officer of the New York uniformed firemen's Assn. said he gave O'Dwyer as a contribution during the 1949 mayoralty campaign. O'Dwyer has repeatedly denied receiving the alleged payment.

Fitzgerald Expenses Listed at $69,091

DETROIT (UP) — George S. Fitzgerald, unsuccessful candidate for the Democratic nomination for lieutenant governor, listed $69,091 in campaign expenses in a report filed with Wayne County clerk Edgar Branigin Wednesday.

The report showed that the AFL Teamsters Union Council No. 43, headed by James A. Hoffa, contributed $22,000, the largest single contribution, to Fitzgerald's campaign.

Fitzgerald was defeated by a margin of 3 to 1 by Philip A. Hart in the Aug. 3 primary. Hart, who had strong backing from Gov. G. Mennen Williams, has not filed his campaign report.

Best State Guardsman to Get Award Saturday

CAMP GRAYLING (UP)—Michigan's "best soldier" in the National Guard will receive the Stewart award from Gov. G. Mennen Williams Saturday at Camp Grayling.

A five-member board of judges will make the selection from six enlisted men during finals Friday night.

London Bridge-Buzzing Wins Bride for Texas Flier

LONDON (INS) — A romantic young Texan confessed today that love for a hometown girl he met in a foreign land caused him to startle London crowds yesterday with a daring flight over one Thames River bridge and under another.

But starry-eyed Gene Thompson of Lubbock, not sure how romantic a British magistrate might be, prudently left his confession with a friend to be released after he and his bride-to-be were safely beyond the three-mile limit.

Thompson's delayed-action confession not only solved the puzzle of the mysterious bridge-buzzing pilot, but revealed the fairy-tale-come-true story of a boy and girl from the same city who traveled thousands of miles to meet for the first time and fall in love in another country.

The thousands of amazed spectators who saw Thompson's daredevil flight didn't know they were watching a son of Texas win his bride. Neither did London police, who launched an immediate search for the mystery pilot.

The lunch-hour throngs knew only that a small Auster monoplane whisked over Tower Bridge about 12 feet above the traffic and then roared neatly and precisely under London Bridge through a space only 30 feet high.

The startled crowds on Tower Bridge caught a glimpse of a young man wearing a broad-brimmed Stetson hat. They gasped when a gust of wind threatened to hurl the plane into a bridge tower and sighed with relief when the pilot expertly avoided the danger.

The unknown flier, skimming the wave-tops, shot under London Bridge, pulled up into the sky and did a triumphant victory roll.

Police immediately traced the plane to the Denham Flying Club and found it had been hired by a man named Thompson. But Thompson, described as "a tall, thoroughly nice fellow," had returned the plane and disappeared before club officials heard of his stunt.

The authorities didn't know it then, but the Texan had won his bride and was planning to sail with her for home at midnight.

With the young couple safely on the high seas today their story was made public.

Thompson, a 25-year-old veteran of the Korean War, told his friend that he met Helen Brown, also of Lubbock, while both were sightseeing in London about eight weeks ago. They had never met before, but love blossomed quickly.

Then somebody told them how a British pilot flew under seven bridges recently. Thompson, an experienced crop-dusting pilot, said Helen promised to marry him if he buzzed only two of the spans.

He explained:

"Tuesday night at the theater Helen challenged me to do two bridges. I have 3,800 hours of commercial flying time, so I decided to take her up on it."

"I joined the Denham Flying Club and had a trial flight. The bridge-busting cost me 10 dollars—and cheap at the price, because I got a bride.

"I should have flown under Southwark Bridge, but a ship got in the way, so I victory-rolled instead. Helen only demanded two bridges."

"She was furious because I didn't meet her for a midday date, but the newspapers convinced her."

Said Helen, delivering her own hold-for-release comment:

"Gee, I'm glad that's off my mind."

Police Seek Identity of Injured Woman

DETROIT (UP) — Police today sought to identify a woman hit by a car in Detroit Wednesday morning.

The victim was unconscious since the accident occurred and bore no identification. She was described as "serious" at Mt. Carmel Mercy Hospital.

Police said she is about 62 years old, five feet tall and weighs about 100 pounds.

The driver of the car that struck her, Elizabeth Balog, Dearborn, was released after questioning.

Grand Rapids Plagued by Lack of Water

(EDITOR'S NOTE—B. G. Brown, staff writer of the Grand Rapids Press, wrote the 24th in an Associated Press weekly series on Michigan cities—their changes, accomplishments and problems since the end of World War II.

By B. G. BROWN

Grand Rapids Press Staff writer

GRAND RAPIDS (AP) — Progress and politics have been two P's in the same pod through the last decade in Grand Rapids.

But progress has held its own even though municipal projects have had to run the gauntlet of criticisms from political factions.

Thus, when the veteran political "boss," George W. Welsh, who resigned in the face of a recall movement five years ago, was returned to power in the spring elections, there were fears that the progressive program of the four-year "reform regime" of Mayor Paul Goebel might be overturned, in view of rash campaign promises.

Welsh was named city manager, but thus far there has been no major upheaval.

The problem of supplying sufficient water to Grand Rapids and environs, long a political "hot potato," continues in front rank as an issue.

A six to ten-million-dollar program has been proposed. It includes a three billion-gallon reserve reservoir with additional filtration facilities as an alternative to constructing another costly Goebel administration had favored Lake Michigan pipeline. The wells along the Grand River aquifer as an inexpensive means of augmenting the supply.

Still intact following the political turnover is a $5,000,000 sewage disposal improvement program supported by a $3,800,000 bond issue and a sewage disposal charge to users, placed on a utility basis, for the first time.

Also progressing is a $22,000,000 city-county-state expressway project which Welsh now has indorsed.

Other accomplishments of the "reform administration" included adoption of a modernized zoning code, the construction of a municipal parking ramp and development of off-street parking areas as well as adoption of a major street and traffic plan.

Expansion of the park system, including development of the outstanding John Ball Zoological Gardens and promotion of a nationally recognized school-park plan by which the city and the board of education jointly develop recreational facilities, were other advances in municipal works.

Also approved in the spring election was the construction of a modern county jail at a cost of $1,500,000.

Regardless of politics, Grand Rapids has advanced economically on virtually all fronts since World War II.

At the turn of the year employment in Kent County reached a record high of 110,200, almost equally divided between manufacturing and non-manufacturing wage and salary workers. This virtually doubled the prewar totals and it has held up well in this year of economic adjustment.

Among many factors in this growth was the expansion of General Motors as the top employer with nearly 9,000 employes. Establishment of the Diesel equipment division and expansion of Fisher Body stamping plant operations have accounted for nearly 2,000,000 square feet of space in GM plants.

Senator Offers Substitute Plan

Magnuson for Delay, Asks Study of Method to Rid Unions of Reds

WASHINGTON (AP) — Administration leaders trying to strengthen the Anti-Communist flavor of their legislative record had a fight on their hands today from senators protesting the approach of a bill aimed at ridding labor unions of Red influences.

* * *

A first test of strength shaped up on a substitute proposal by Sen. Magnuson (D-Wash) to set up a 12-member commission to study the whole problem and report its findings by next Jan. 15.

* * *

Magnuson said he had made no vote count but "wouldn't be surprised" if his proposal carried after debate which the Senate agreed to limit to one hour today.

The substitute was offered for a bill of Sen. Butler (R-Md) under which labor unions found by the Subversive Activities Control Board to be "Communist-infiltrated" would lose the right to be certified by the National Labor Relations Board as bargaining agents.

Butler told the Senate last night that "the Attorney General approves this bill and Senate Republican leader Knowland of California told newsmen the administration is supporting it.

* * *

The measure is along the lines of a bill Atty. Gen. Brownell had asked, providing for the dissolution of Communist-infiltrated labor unions and business firms, as part of the administration's anti-communist program.

* * *

The House Judiciary Committee shelved the measure Brownell requested, along with another measure he proposed to let employers bar suspected subversives from defense plants in times of emergency.

In doing so, it approved a bill to set up a study commission with instructions to report back to the next Congress.

Magnuson cited the action of the House Committee in advancing his proposal for a similar study commission.

"As a practical matter," he told the Senate, "if we are going to do something about this, the substitute should be adopted."

An added element, however, was the approval by the House Un-American Activities Committee Monday of a bill similar to that before the Senate.

United Press Photo

FUNNY FASHIONS—Suggested apparel for the well-dressed man at the beach draws lots of laughter from women reviewers at this Berlin fashion show. According to the designer, a Turkish towel jacket in black and white, worn with straw hat, is just the thing for strolling the sands.

Alarm System Ditched, Burglars Make a Haul

CHICAGO (AP)—Milton Wishnick, 41, discontinued a burglar alarm service for his North Side drug store on July 1 because, he said, it was "too expensive and unsatisfactory." Burglars yesterday broke into the drug store, which also is a postal substation, and stole $1,020 in cash, $1,000 in stamps, 500 money order blanks, a quantity of saving stamps, a portable floor safe and $500 worth of cigarettes.

Fur dealers say that rabbit fur has practically disappeared from the American market because of new labeling regulations which prevent dealers and customers from calling rabbit fur by some other name.

Tuna fish weighing 200 pounds and Marlin weighing more than 1,000 pounds have been caught off American Samoa.

Soviets Design Race Cars to Compete With the West

LONDON (INS) — Soviet Russia is preparing to challenge the West with her touring and racing cars on road and track throughout the world.

Reports from behind the Iron Curtain say car designers at Kharkov, in the Ukraine, have almost completed two years of work on the development of a fast streamlined car which will soon be competing for world records.

The appearance of Russian cars would be the most exciting development in motor sport for many years, since both their cars and drivers are unknown to the outside world.

British racing drivers and car builders would welcome their appearance on British tracks, but at the present stage view the Russian challenge "with reserve."

Neville Lloyd, spokesman for the British Racing Drivers' Club, said it seemed incrediable that the Soviet motor industry could be able to develop a super racing car in two years. He explained:

"The Russians heretofore have only copied American and British designs. The only speed car they are known to have developed is the Zis, and that is a poor replica of an American Packard.

"Anyway, before they can race in Europe or the Americas they must apply for entry into the International Automobile Association, and moreover agree to all its provisos.'

According to the Russian reports, hundreds of motoring clubs have been formed throughout the Soviet Union during the past two years. They have held hundreds of race meetings and compete with all kinds of machines, from special competition models to ordinary taxis and even trucks.

The two best-known Soviet driving aces are V. Nikitin and A. Ambrosenkov, who claim to have broken a number of world records for small and medium cars. Their claims, however, are not recognized outside Russia.

Solons Approve Court and PO for Ann Arbor

WASHINGTON (AP)—The House Public Works Committee late Wednesday gave the administration the green light to build a combined $1,850,000 post office and court building at Ann Arbor.

The building was one of 22 in 18 states which the House group approved. Total cost of the building is $33,429,000.

The buildings will be built on the installment plan. The action was the first taken under a new law permitting the government to arrange for the "lease-purchase" under long-term contract of post offices and other government buildings owned or to be built by private enterprise.

The proposed contracts, recommended by the General Services Administration and the Post Office Department, also must be approved by the Senate Public Works Committee and the Budget Bureau.

Normally the Budget Bureau would approve the projects before the congressional groups act, but the procedure was reversed this time because of the impending adjournment of Congress.

100 Young Turkeys Decapitated by Owl

SYKESVILLE, Md. (AP)—More than 100 young turkeys on a nearby farm were killed yesterday by a dive-bombing hoot owl.

Leonard S. Brushwood, who operates the turkey farm, said the owl got into a pen where he had about 250 turkeys. Shortly after sunrise, Brushwood said he saw the owl using its big wing-spread to corral the turkeys, all 8 weeks old and weighing about 4 pounds each, into a corner.

Brushwood said he shot the owl and found it had bitten off the heads of more than 100 birds.

Probes Deaths of Boston Infants

Massachusetts Studies 14 Fatalities in 5 Months at City Hospital

BOSTON (AP) — An investigation into the deaths of 14 newborn infants at the Boston City Hospital in the past five months continued today, although Atty. Gen. George Fingold said "there is no evidence yet of any criminality."

The babies, some of them premature, were said to have died of infectious diarrhea. Seven of them died last month.

Fingold conferred for two hours yesterday with state, city and hospital officials and later said: "If persons are found to be responsible at the completion of the investigation, these will be publicly revealed."

The investigation began after the Massachusetts Public Health Department wrote to Richard Condon, president of the hospital board of trustees, charging "gross" violations of standards by the hospital.

Fingold said a report submitted to him by Dr. A. Daniel Rubenstein, director of the State Public Health Department Hospital Division, contained 21 allegations of violations of procedure.

The investigation turned up the fact that the hospital has been operating without a license since July 9, 1953.

Dr. John F. Conlin, city of Boston director of hospitals and superintendent of the City Hospital, said the license renewal was refused because of defects in building and of improper care of patients.

Touhy Returns to Prison Life

Prohibition Gangster Enjoys Only Two Days of Freedom

CHICAGO (AP)—After two days of freedom, Roger (the Terrible) Touhy, was back in jail today and faced the possibility of spending the rest of his life in prison.

The 56-year-old prohibition era gangster's brief period of liberty, after more than 20 years in prison, was ended yesterday on order of the U.S. Court of Appeals. The Court ruled Touhy must be held in Stateville Prison pending a hearing of the state's appeal of his release.

Touhy was freed on $10,000 bond Monday by Federal Judge John P. Barnes. He ruled that the Capone era gang leader's 99-year-sentence of 1934 for the kidnaping of John (Jake The Barber) Factor was procured on perjured testimony.

A few hours after the appeals court ruling, Touhy surrendered in the U.S. Marshal's office and was taken to the Cook County jail and held overnight.

Touhy, who was fishing in the nearby Fox Lake region when news of the court action reached him, had little to say. "Not very long out," was his only comment.

Robert S. Johnstone, Touhy's attorney, said he will test in the U.S. Supreme Court yesterday's ruling by the appeals court.

Ben Schwartz, Illinois assistant attorney general, had asked Judge Schnackenberg to order Touhy's seizure, terming him "a danger to the general public."

In addition to the 99-year-sentence Touhy was serving for the kidnaping of Factor, onetime internationally known confidence man, he had been sentenced to 199 years for a prison break in 1942.

Radio Air Raid System Introduced in California

LOS ANGELES (AP) — An electronic trigger to set off air raid sirens by radio was announced today by Howard Earl, civil defense director of Los Angeles County.

He said the system is the first of its kind in the nation. It incorporates an inaudible sub-sonic impulse that can be flashed over a standard radio broadcasting system.

The earth's magnetic pole has been found to move slowly over a period of many years and one theory is the earth's magnatism comes from the liquid core of the earth which does not rotate quite as fast as the earth's surface.

Drunk Pleads Guilty After Confusing Police

ASHEVILLE, N. C. (AP) — Highway Patrolman R. A. Queen began filling out a citation form for drunken driving.

"Make of vehicle?" Horse.
"Type of vehicle?" Plow.
"Model?" Three years old.

Finally Queen decided to charge the driver with public drunkenness. The defendant pleaded guilty and paid court costs.

Pray for Travelers

BEMIDJI, Minn. (AP) — The 30 sixth grade children in St. Philip's Catholic School each morning offer prayers for the safety of those guiding moving vehicles. In addition to motorists, prayers are said for airplane pilots, ship captains and train engineers. Mentioned by name are the drivers on bus lines serving the city.

Thomas Jefferson and John Adams, signers of the Declaration of Independence and former Presidents both died July 4, 1826, 50 years to a day after the Continental Congress adopted the Declaration.

Snake bites kill from 30,000 to 40,000 people a year, most of them in Asia.

Return of Iraqi Strongman Is Hopeful Sign for Britain

BEIRUT, Lebanon (AP) — The return to power of a veteran Iraqi warrior who once hanged Communists in the streets may herald a new British agreement in the Middle East — a revision of the British-Iraqi treaty.

Iraq's new premier, 66-year-old Nuri Said, recently returned to Baghdad after a lengthy stay in London. He formed a tough-fisted cabinet, dissolved parliament, and announced two major objectives—crushing of subversive activity and revision of the treaty with Britain.

Following closely British settlement of knotty problems in Egypt and Iran, agreement with Iraq may be another major step in London's drive to set her Mid-East house in order.

* * *

If a fresh British-Iraqi agreement is in the offing, Nuri Said is considered the man to push it through. He has long been a friend of Britain and has kept his country in the Western camp. The unquestioned strong man of Iraq, his current cabinet is the 12th he has headed since 1930. He usually takes power in times of crisis.

Nuri never has been the popular type of leader. Nationalists have bitterly criticized his pro-British leanings. Intellectuals consider him reactionary and undemocratic. Three times he has been chased out of the country. But always he has come back—with rare exceptions he has been boss of Iraq since 1930.

* * *

Part of Nuri's preparation for a settlement with Britain will be a drive against internal communism. Leftists and fellow travelers gained their first parliamentary foothold in Iraq in the June 9 elections this year. While Nuri was ill in a London hospital, seven left-wingers of the National Front coalition were elected to parliament on a platform assailing American military aid and adherence to the Turkish-Pakistani pact.

If Nuri reaches a new agreement with Britain, this small bloc could use the floor at parliament to launch a popular campaign against it. This is one of the chief reasons Nuri dissolved the chamber on his return, even though it had had only one meeting.

* * *

New elections probably will be held in September. Between now and then, Nuri is expected to use every form of pressure at his command to crush leftist activity and to guarantee a parliament which will back any new agreement strongly.

If this is Nuri's objective, it means bad news for leftists. Iraq's Communists still shudder at the memory of 1949, when Nuri hanged five Reds in the streets of Baghdad and left their bodies swinging for half a day.

Crushing of Communists would eliminate the most dangerous internal opposition to closer Iraqi association with the west. The 1930 British-Iraqi treaty's main feature was the granting of RAF bases in Iraq. Some believe a new agreement will involve a broader arrangement with the west on a regional defense basis.

700 Buried Alive in Tibetan Buildings

—KALIMPONG, West Bengal, (INS) — Reports reaching West Bengal from Tibet today said some 700 people were buried alive when two buildings, weakened by recent floods, collapsed in the Tibetian town of Shigatse.

The death toll is not known, but it is expected to be high.

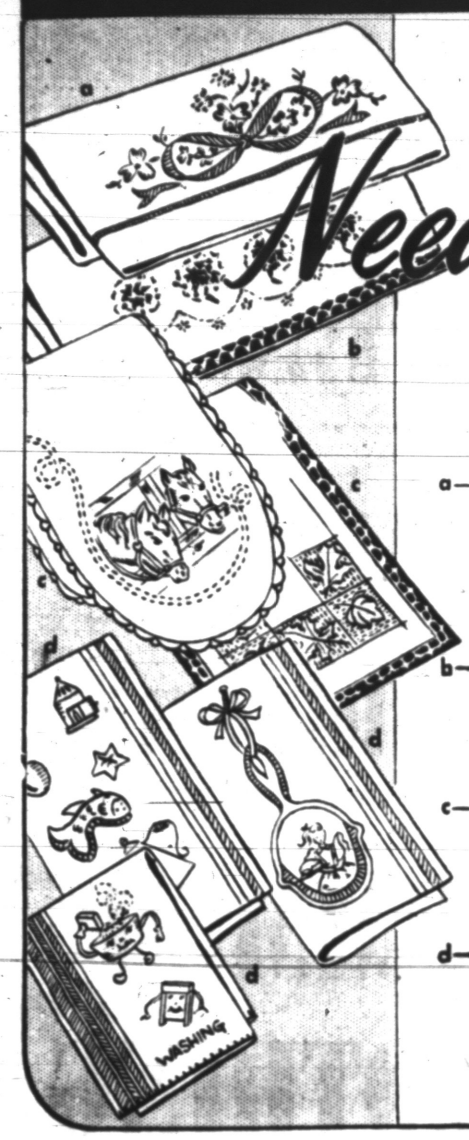

One of the buildings was reported to be the palace of the Panchen Lama, believed by Tibetans to be the Tulku (reincarnation) of Amitabha, the Buddha of Infinite Light.

Some 200 persons were said to have been trapped when the palace, undermined by floods, caved in.

Over 500 Chinese Communist soldiers also were reported to have been buried when a barracks collapsed.

The Salton Sea in Southern California was formed in 1905-1906 when the Colorado River broke through its levees and is now maintained at a stable level by drainage of irrigation waters which balances evaporation.

UP IN THE AIR—Carol Jean Abney, a pretty acrobat, makes it look easy to reach back and grab a footful of hair as she apparently hangs from a beach ball at Miami Beach, Fla.

Persian Cat Assumes Burdens of Motherhood

POTTSTOWN, Pa. (AP) — When Poochie, a thoroughbred beagle, walked out on her eight puppies a day and a half after they were born, Sandy took over. Sandy, a three-year-old part Persain cat owned by Mr. and Mrs. Clarence Gauger, has had five litters of stillborn kittens, and seemed delighted to play the role of mother.

The ice cap of Greenland is twice the size of Texas.

Citizens Donate Funds to Pay Off National Debt

HARTFORD, Conn. (AP) — A housewife sent $1 to Gov. John Lodge, saying she wanted it applied to the reduction of the national debt. A clergyman followed with a $100 contribution. Lodge forwarded both contributions to U.S. Treasurer Ivy Baker Priest together with the housewife's suggestion for an annual drive to reduce the debt through voluntary citizens' contributions.

Bus manufacturers estimate that the United States will need 25,000 new school buses each year for the next three years.

Parents Invited to Y Open House

Youngsters to Display Fun Club Handiwork, Swimming Skills

Some 300 parents are expected to review their children's progress Friday when the Pontiac YMCA, 131 Mt. Clemens St., will hold open house night as the final event of the 6-week Summer Fun Club.

The club's total membership of 220 youngsters, ranging from 8 to 15 years of age, will put on a swimming demonstration and exhibit various handiwork made in craft classes.

T. N. Slosson, executive secretary, said the parents also will have opportunity to meet the Y staff and talk over mutual problems.

Also highlighting the last week's activities will be a pajama party Thursday night for 60 girls, members of the club. Following a songfest in the YMCA playfield, the girls will take a midnight dip in the swimming pool and make their beds for the night in the Green Room. Friday morning the girls will take a dip, eat breakfast and bid farewell to the club for another year. Similar activities were held for the boys Monday and Tuesday.

George C. Balch, boys and girls activities director and head of the Summer Fun Club, said the youths have visited the Detroit Zoological Park, Belle Isle, and the Detroit Historical and Children's museums during the past weeks. Wednesday the children went to Bob-Lo Island.

Crack Shot Puts Pesky Starlings in Dinner Dish

WELLINGTON, Ohio (UP) — Humane societies may not approve, but Mrs. Kathryn Clisby has a way of getting rid of starlings, or at least of making use of them.

She adopted her method a few years ago when the birds began swarming into this area. At first, residents used horns, sirens, fireworks and shotguns to try to rid themselves of the persistent, songless birds.

Mrs. Clisby, who was a member of her school rifle team, joined the shotgun brigade, but instead of just banging away, she decided there was no point in wasting the game.

She tried them fried in butter, adding red wine when they were browned, and found they make a tasty dish with wild rice.

Now she has rigged up a large suet cage to attract the starlings and has three eager Brittany spaniels to do her retrieving. In swarming time, she uses a shotgun, but the rest of the year she prefers a rifle.

The birds don't have too much meat, but Mrs. Clisby figures on "four bites to each breast and five breasts for each dinner guest."

Lost 12 Lbs. In 4 Weeks

"The visible loss of weight and the much nicer figure of a friend caused me to ask. The answer was Rennel Concentrate. It took me just four weeks to lose 12 lbs. with the help of Rennel," so writes Mrs. E. H. Keyes, 1494 W. Grand Blvd., Detroit, Mich. "I work in a bakery and that food has always been my weakness. Now thanks to Rennel when I find myself putting on a few lbs. from overeating or too many sweets I go back to Rennel for a week and all is O.K. again. I shall always recommend Rennel for those in need of it."

You too can regain your pride, health and your natural figure. If you are value minded and Rennel wise you will ask your druggist for liquid Rennel. Ask for free booklet. If not pleased with the very first bottle return it to the manufacturer for your money back. Price $1.40 at your druggists.

Nearing Agreement on Age of Earth

BERKELEY, Calif. (UP) — The birth date of the universe, as controversial a subject as the age of a woman, is now being set by scientists at about five billion years ago, according to Dr. George Gamow.

Dr. Gamow, visiting professor of physics at the University of California, explained that astronomers and geologists are nearing agreement on the development of the universe.

The view of science is that the universe started about five billion years ago as a very hot, dense gas.

This gas then expanded, cooled and broke up into giant clouds called "protogalaxies." Individual stars developed as gas in the protogalaxies condensed. The release of nuclear energy made the stars burn, as we now see them.

Leonard Takes Neutral Stand

Shows No Preferences in GOP Maneuvering Over State Ticket

IONIA (UP) — Donald S. Leonard, Republican nominee for governor, says he won't take sides between those who want more new faces on the Republican state ticket this fall and those who want to renominate all the incumbents.

Leonard declared himself neutral to reporters at the annual politicians' gabfest, Governor's Day at the Ionia Free Fair.

The Republican standard-bearer conceded there are groups in the party who want to dump the present members of the State Administrative Board and start all over again.

He conceded also that another portion of the party wants to renominate without opposition Attorney General Frank G. Millard, Auditor General John B. Martin, State Treasurer D. Hale Brake and Secretary of State Owen J. Cleary.

The decision will be made at the party's state convention in Grand Rapids Aug. 21.

"I won't express a preference unless the convention becomes deadlocked," Leonard said, "and I am asked my preference. That is a candidate's place. I don't intend to take sides."

A few feet away, while the pacers sped past the grandstand, Sen. George N. Higgins (R-Ferndale) was telling one and all that he intends to knock Cleary off the ticket and win the secretary of state nomination himself.

Gov. Williams and Leonard sparred gracefully on the hot windy racetrack in the highlight of the day.

Williams said he had enjoyed so much being introduced to the Ionia fair crowd on six occasions that he had decided to seek two more.

Leonard, former State Police commissioner, said "I was a part of the Williams' administration, although I was appointed by one of Gov. Williams' predecessors.

"I think the people are interested in a discussion of political issues and not in mudslinging and vilification campaign on that basis. One of us will be back next year and may the best man win."

Accuse Suspect of '53 Robbery

Man Found in Florida; Police Seek $190,000 Taken in New York

JACKSONVILLE, Fla. (INS)—Agents of the Federal Bureau of Investigation today sought to learn what happened to more than $190,000 taken in a New York bank robbery a year ago by a suspect arrested in Jacksonville.

The suspect, George Patrick McKinney, 27, was taken into custody yesterday. He first was arrested on a fugitive burglary warrant issued in California. But a fingerprint check identified him as the man who robbed the Floral Park, N. Y., bank of $190,319.55.

The fingerprint was taken from the rear vision mirror of a car in which the robber abducted the bank manager.

McKinney's bank account showed a balance of only $400. He recently disposed of a car agency at Jacksonville where he was living with his wife under an assumed name. McKinney claimed he lost $86,000 in the auto venture and the $400 represented his only assets.

McKinney is being held under temporary bond of $200,000, awaiting the arrival of papers and witnesses from New York for a preliminary hearing.

Army Mistaken Twice

SAGINAW (AP) — Army Capt. William A. Fahanstiel usually gets a $50 uniform allowance. The last check, by mistake, was made out for $23,928. "That wasn't so bad," he said, "but they transposed the 'ie' in my name so I could'nt cash it."

Vito Marcantonio to Be Buried Today

NEW YORK (AP) — Non-sectarian last rites will be held today for former Rep. Vito Marcantonio, denied a church funeral by the Roman Catholic Archdiocese.

After Marcantonio died of a heart attack on Monday, an archdiocesan chancery office spokesman refused permission to hold his funeral in the church of Our Lady of Mount Carmel, where Marcantonio was baptized and confirmed.

The spokesman said the controversial ex-congressman "had not practiced his religion in a great many years and was not reconciled with the church at his death."

Women in Marcantonios East Harlem district circulated petitions against the ban, but an archdiocesan spokesman said yesterday:

"Definitely and absolutely there will be no change in the ruling."

New Job for Goebel?

GRAND RAPIDS (AP) — Reports circulated here Wednesday that Paul G. Goebel, former Grand Rapids mayor, has been offered a post as assistant secretary of the Navy. Goebel declined comment on the report.

Cigarette Cartons Stolen

GARY, Ind. (AP)—Seven cartons of cigarettes were stolen from the supply locker of the snack bar in the juvenile wing of the police headquarters.

Scholar Feels at Home

NEW YORK (AP) — Gilbert A. Burrows has a new diploma from City College of New York with high honors. He lives at 43-33 Smart St. in Queens.

Smart Twins Split

CORN, Okla. (AP) — The race for high school valedictorian ended in a dead heat between twins Richard and Roger Siemens who had identical grades. Half the valedictory address was made by each boy.

Ceremonies Sunday at Forest Lake

Club Will Dedicate Pool

On Sunday, Forest Lake Country Club will formally dedicate its swimming pool. The existing pool has been completely rebuilt under the direction of Fred C. Handren of Birmingham and Alan R. Pfaff of Detroit.

The pool is ideally located between the clubhouse and the lake, affording a beautiful view from the clubhouse terrace. A spray pool for the children will be adjacent to the main pool. Ground-breaking ceremonies for the spray pool will also be held this Sunday.

The dedication will open with a formal reception at 3 o'clock. This will be followed by a water ballet in which Kitty Krin, Lois Gibbons and Linda Miller will take part.

Tom McDonald and Roger Hood will give a diving exhibition, followed by synchronous swimming, racing and stroke demonstrations.

The dedication by the club president, Blaine E. Eynon of Birmingham, will be followed by a buffet supper.

All arrangements for the day were made by William M. Hutchins and Gordon P. Deneau of Birmingham.

Aids Hair Curling

Pipe cleaners make good hair curlers for children. They won't split the hair and are soft to sleep on.

IRIS J. WHITAKER

Mr. and Mrs. Wofford Whitaker of South Saginaw street announce the engagement of their daughter, Iris, to Pvt. Charles W. Brannon, son of the Aaron Brannons of Parma, Mo. A September wedding is planned.

Mrs. Harold Walter Hostess to Circle

Mrs. Harold Walter of Calvert street entertained the women of the Carder Missionary Circle of Emmanuel Baptist Church Tuesday evening at a wiener roast.

Mrs. Ruth Greene opened the business meeting with prayer. A layette was made during the evening to be sent to the Canary Islands. Erma Walter closed the meeting with prayer.

Are Honor Guards at Lodge Convention

Members of the Daughters of Pontiac 186 who served as honor guards this week at the Supreme Convention of the Orange Lodge in Detroit were Mrs. Earl Brobst, Mrs. Paul Antilla, Mrs. Jesse Jeffrey, Mrs. George Dickie and Mrs. Florence Carter.

Mr. and Mrs. Charles Coppersmith and children, Peggy and Ross, returned to their Woodland avenue home Tuesday after a week's visit with Mrs. Coppersmith's mother, Mrs. T. R. Spratt, and relatives in Monroe, Iowa.

* * *

Mr. and Mrs. William Sax returned to their Birmingham home Sunday following a two-week tour of Florida. Daytona Beach, Lido Beach, Sarasota and Miami were among the places where they stopped, as well as Tennessee and Tampa, where they visited relatives.

* * *

Mrs. Harold St. John Jr. of Drayton Woods was honored Wednesday when eight friends gathered for a luncheon at the Berkeley Voss home on Keithdale lane.

Hostesses for the party were Mrs. Gerald Millar of St. Clair Shores and Mrs. Noyce Strait Jr. of West Iroquois road.

The first of September Mr. and Mrs. St. John and son, David, will travel to Chicago where they will make their new home.

* * *

Mrs. Ed Shaw recently arrived by plane from her home in Norman, Okla., to visit with her family, the J. C. Langfords of Pine street, the Lesley Langfords of South Johnson avenue and the A. V. Witbecks of Cranbrook road.

* * *

Sharon Hubbell of Wayne street and her grandmother, Mrs. Leah Martin of Owosso, returned to their homes Tuesday. They flew to Michigan from Las Vegas, Calif., after spending the month of July with the Riley W. Hubbells.

* * *

Mr. and Mrs. Eugene Hickson were honored Monday evening at a reception given by his parents, the Frank Hicksons of Winding drive.

Among the 100 guests were the Milton Hicksons, the Howard Hicksons, and daughters, Carol and Mary Lou, and Dorothy Hickson, all of Wheatley, Ont. The Eugene Hicksons exchanged their wedding vows in a ceremony performed in Lombard, Ill., Saturday.

* * *

The A. H. Websters of Birmingham are guests at Jasper Park Lodge, a resort in the heart of the Canadian Rockies.

* * *

Barbara Ann Guttmann, daughter of Mr. and Mrs. Ralph M. Wood Jr. of Emerson avenue, left Tuesday evening for Los Angeles where she will attend the Chaunard Art School for one week. She will also travel to Taos, N. M., where she will be the houseguest of her grandparents, Mr. and Mrs. J. I. Dominguez, and will visit the Bisttran School of Fine Art where she has studied for the past four years. She will return from New Mexico the first part of September.

* * *

Mr. and Mrs. James Leon Young of Keener avenue announce the birth of a son, David Leon, Aug. 8 in the Mississippi Baptist Hospital in Jackson, Miss.

David's grandparents are Mr. and Mrs. Frank Wignall and Mr. and Mrs. J. Will Young.

Staff Sgt. and Mrs. William D. McDonald and daughter, Darlene Kaye, of Travis Air Force Base, Fairfield, Calif., arrived Wednesday to visit with her parents, the George Bonds of Long Lake, until the end of August. They will also travel to St. Helen for a visit with his parents, the Newt Oslanders.

Busy Tot Needs Roomy Clothes

When Baby starts to creep, he'll need great freedom for reaching, getting around on hands and knees and trying first steps. It's most important that he have this freedom in his clothes during the creeping stage.

You should buy or make his clothes with extra room in such places as the armholes and crotch. Overalls and sun suits get in Baby's way less than dresses.

Those with fasteners in the crotch can go on and off easily, and allow for changing the diaper without taking them off. Those that can be laid out flat for ironing are time-saving.

Brighten 'Windows of Your Soul'

By ANITA COLBY

Care and feeding of the eyes—"Early in the morning, while the dew is still on the flowers, go to the fields and pick some eyebright. Tie with a thread from a mare's tail and boil—" No, no, no, no.

No dark doings with cauldron and herbs. Just take care of your eyes, and learn—or relearn, if you've forgotten—the innocent but productive arts of eyebrow shaping, eye penciling and mascara.

Guard Your Sight

Keep in mind that eyesight is a miraculous and precious possession. Don't read or sew in a bad light. Do your fine work with light coming over one shoulder.

Don't squint and strain in bright sun—use dark glasses, wear visored caps for sports or driving. And see an ophthalmologist once every two or three years—after 40, once a year.

But eyes want special care and feeding besides, if they're to make contacts and conquests for you with their beauty and clarity, their expressive "going without saying" power.

With your mouth, they're the most magnetic members of your face. So give them:

Sleep—First and foremost. Nothing kills luster, builds wrinkles, reddens whites like plain lack of sleep. Give them enough.

Rest—Even with enough sleep, a hard-working eye wants daytime rest. Cup palms over closed eyes, make yourself "see black," a deep, pure, velvety black.

At first you may have hundreds of little comets chasing one another, or busy pink balloons. Open, close again, wait until you see black.

Diet—Vitamin A foods mean sparkle for your orbs—greens, dairy products, whole-grain foods. Fresh air is a top "must," too.

Blink Like a Baby

Exercise—Blink a good deal, like a baby — stimulates circulation. Look away from close work often and far, blinking between looks.

Look at an imaginary clock at 10 after 10—rolling eyes right and up, left and up, 20 times, closing them between looks.

Lotions—Give your eyes the cleansing, soothing balm of good lotions, eyewash or boric solution. These are alkalines, same as your own eye fluids. They renew moisture to dried-out mucous membranes, wash away dust and grit, just as nature's tears do.

Lay witch hazel or eye lotion pads on lids for swelling or redness. In case you don't have an eyecup, a teaspoon is a good pinch hitter. Fill brimful with eye lotion, lean over, press spoon gently against eye socket, and flutter lids in the lotion.

Oils—The skin around the eye is different from the rest of your face. Gently pinch cheek—then under eye, and you'll feel that there's almost no fatty tissue here—nothing to keep lubrication up from within.

So, with first finger, lightly pat in rich, oily cream, pure lanolin or baby oil. This is the only place you should leave oil on overnight.

Use cream or vaseline on lids before you mascara—makes that dewy luminous look.

Your lashes and brows, like the rest of your hair, collect dust, so clean as you clean your face. Then, since mascara is drying, give them vaseline to grow on.

Now for Mascara

Ask any man and he'll say that a fringe of dark lashes makes any eyes twice as "come hither." If you're smart, he needn't know that mascara makes up most of your fringe. Nor that:

ANITA COLBY

You can create the illusion of wide-set eyes (ideal is an eye width between) by emphasizing your mascara on outer, upper corner lashes. This gives that "shadowed sweep," the "sidelong glance" effect.

You can create the illusion of larger eyes by using mascara on both upper and lower lashes, if eyes are small. If eyes are large, do only your upper lashes.

Using a clean brush, moisten mascara with eye lotion or skin freshener—not saliva or water.

You get more body without beading, smoother, lustrous finish.

Hold hand mirror out below face. Look down; brush up, against lashes. Repeat dose on outer upper corners.

While mascara is still damp, press back lashes to set in the curl. Now, there's vaseline on your lids, remember—just run a finger through that oiliness, and feather across your lashes. That's for radiance.

Cover Girl Touch

If you want a still larger, longer, lashier look, learn the cover girl touch with a black—or brown—pencil. Keep it sharp, and before using run it over a hot light bulb to soften it.

Pull upper lid back Oriental fashion with first finger. Run pencil at root in back of lashes from center lid to a soft up-curve at outer corner—like another lash. Remove any excess—blend with fingertip.

Here's one last thought for the day:

Remember the greatest exercise you can give your eyes is to close them and see black. Your eyes work harder and longer than any other part of your body, so they need rest and relaxation.

And since they're the "windows of the soul" they'll give you away when you're unhappy or tense. So relax.

(Continued Friday)

The trim of this dainty nylon-orlon petticoat is being finger-pressed as it drip-dries. Newspapers catch dripping water.

Gathering Held by Fellowship

The Christian Women's Fellowship of the First Christian Church met Tuesday evening in the church parlor. Mrs. John Radenbaugh led the group in the devotional period and the business meeting was conducted by Mrs. Brady Adams, president.

It was decided that the groups will be known by Bible names instead of numbers in the future. Group One will be the Mary Martha Group; Group Two, Elizabeth; Group Three, Naomi, and Group Four, Lydia.

For the program Mrs. William Elam presented Mrs. Harry Kunse, Mrs. James Vaughn, Mrs. William Hoyt and Mrs. David Collison in a panel discussion on "Stewardship."

Toilet water is excellent for an emergency hair setting. Moisten each strand with a scented fragrance before winding pin curl.

Juanita Rawlins Feted at Shower in Irwin Home

Sharlene and Juanita Irwin were hostesses in their Tregent street home Tuesday evening for a miscellaneous shower honoring Juanita Rawlins, bride-elect of Vernon Verch.

Juanita is the daughter of Mr. and Mrs. Glendell Rawlins of Lincoln avenue, and Mr. and Mrs. Carl Verch of Drayton Plains are his parents.

Guests at the shower were Mrs. Rawlins, Mrs. Charles E. Rawlins, Juanita's grandmother; Mrs. Verch, Mrs. Ken Hartman of Cleveland, Mrs. Bill Whitney, Mrs. Teddy Cooper, Mrs. Gibson Bryan and Mrs. Ralph O. Roush.

Others were Mrs. Joseph Weber, Mrs. Helen Irwin, Pauline Burt, Lottie Burt, Mrs. W. R. Burt, Ida Weber and Peggy Bryan.

JoAnn Roush, Peggy Verch, Cleo Verch, Hazel Sogles, Marie Pollina, Barbara Wurm of Lake Orion and JoAnn VanTassel completed the list.

Sleepers Steal Playtime Togs

Sleepwear designers have borrowed from daywear fashions this season. Pajamas come with man-tailored shirts, dickey-fronted, loose-fitting tunic tops, Bermuda shorts and the tapered-leg look.

Nightshirts could double for middy dresses. The "little lady" look appears in quilted cotton dusters. Robes in nylon fleece are pretty enough to wear as evening coats.

Dorthy Hawley Reveals Names of Bridal Party

A bridal shower Tuesday evening was the occasion chosen by Dorthy Hawley, bride-elect of John Salow, to name the attendants who will take part in her wedding Aug. 28 in First Presbyterian Church.

Dorthy is the daughter of the Virgil Hawleys of South Paddock street and he is the son of the Floyd Salows of Harper street.

Mrs. Gene Jonas will attend her sister as matron of honor and other attendants will be Mrs. Vernon Haney, Mrs. George Rhodes and Mrs. Ronald Salow.

Hostesses for the shower, which was held in the Prospect street home of Mrs. Lillian Fink, were Mrs. Haney and Mrs. Rhodes.

Guests included Mrs. Hawley, Mrs. Salow, Mrs. George Acha, Mrs. John DeMeyer, Mickey Koroldon, Betty Feldpausch, Mrs. Jonas, Mrs. Don Ryden and Betty DeArmon.

Others were Lucille Yapo, Gerri Luna, Mrs. Jim White, Norma Coleman, Mrs. Roy Hopewell, Mrs. Jack Nickels and Mrs. Fink.

Amvets Group Organizes Sale

Final plans for the annual White Clover Sale to be held Friday and Saturday have been made by members of Jimmy Dey Post 12 Amvets Auxiliary.

This event is a memorial to those who have died in service. Proceeds from the sale are used to aid veterans and their families.

Mrs. Peter Metes presided at a meeting of the group held Wednesday evening in the Dover road home of Mrs. Willard Johnston. Hostesses for the evening were Mrs George Wyman and Mrs. Louis Sadler.

Cancer pads were made by the group during the evening. The next meeting will be held Sept. 14 in the YWCA.

Drip-Dry Fabrics

Whether you're washing Fiberglas curtains or an acetate taffeta petticoat, avoid wringing and squeezing which "craze" the surface of any crisp fabric. Instead, just swish the article through soapsuds and rinses, and hang it to drip-dry; that way, there's no danger of setting in fine creases which tend to disfigure a stiff fabric permanently.

Politicians' Wives Take to the Stump

Devote 'Vacations' to Getting Votes for Their Spouses

By JANE EADS

WASHINGTON (AP)—Vacation time this summer for most congressional wives means long hours of travel, one-night stops in little hotels, platform appearances, a lot of hand-shaking and in many cases, speech-making. Their husbands are up for re-election.

For some, this is an old story. Take Mrs. George Bender, wife of the Republican congressman from Ohio. She's been at it for 34 years.

She's gotten so adept she even takes over the mike when her husband gets winded.

He takes off his coat and sits on the platform beaming while she tells the voters what a good man he is for the job.

This all began back in their courting days in 1920 when he was running for his first term in the Ohio State Legislature. He took her to political ralfies instead of parties or the theater.

"He even wanted to spend our honeymoon at the Republican National Convention and he never quite forgave me for talking him out of it," Mrs. Bender said.

Mrs. Styles Bridges, good looking blonde wife of the Republican senator from New Hampshire, has been commuting to her home state every weekend and has lined herself up for some arduous speaking trips before election time.

Mrs. Lyndon Johnson, wife of the Democratic senator from Texas, says she's her husband's "night-time secretary," chauffeur, bag-packer and phone answerer.

She's taken their two little girls to visit their grandparents in Marshall, Tex., and will spend part of the summer with them at the Johnson ranch in Stonewall.

Mrs. Karl Mundt, wife of the Republican senator from South Dakota, left the breakfast dishes in the sink when she went up to the Senate caucus room to listen in on the Army-McCarthy hearings.

She probably won't have any dishes to leave when she accompanies her husband on his campaign trip. She knows many of her husband's constituents by name.

Sometimes she makes speeches, but she says the women voters would rather see the wives of the candidates than hear them.

Mrs. Homer Ferguson, wife of the Republican senator from Michigan, despite a broken ankle, has been weekending in Michigan, helping stump the state for her husband's re-election.

This requires some 15,000 miles of driving, sometimes 15 hours a day, over 83 counties.

Her main job, she confides, is keeping her husband in good health and good spirits.

Beach Wear Fun

For your cotton shirts, beach and otherwise, get some really big cuff links just for fun. Oversize coins look particularly well; so do links with pretty designs on white enamel.

EUGENE BEGO

Receiving his degree Friday from General Motors Institute was Eugene Bego. The son of Mr. and Mrs. Anton Bego of Osceola drive, Eugene was selected for membership in Sigma Beta Tau, honorary scholastic fraternity for business administration students at the Flint school.

Bride-Elect Entertained at Shower

Mrs. Harry Long and Mrs. Daniel Owen were hostesses at a miscellaneous bridal shower honoring Sandra Hodge. The Long home on Commerce Lake road was the setting for the Wednesday evening shower.

Sandra will speak her vows with Theodore H. Carlson Aug. 28 in First Congregational Church. She is the daughter of Mr. and Mrs. Ronald Hodge of Neome drive and the Walter Carlsons of Ferndale are his parents.

Guests included Mrs. Hodge, Mrs. Francis Deckard, Mrs Joseph Schneider, Mrs. Douglas Baker, Mrs. F. J. McCue, Shirley Loucks, Sue Schaad, Mrs. John Thompson, Mrs. Bengt Pulls and Carol Carlson.

Othes were Merry Carlson, Mrs. Walter Carlson, Mrs. Estella Sutherland, Mrs. John Carlson, Mrs. Loyle Hodge of Moline, Ill., and Mrs. Charles Erickson and daughter, Sharon, from California.

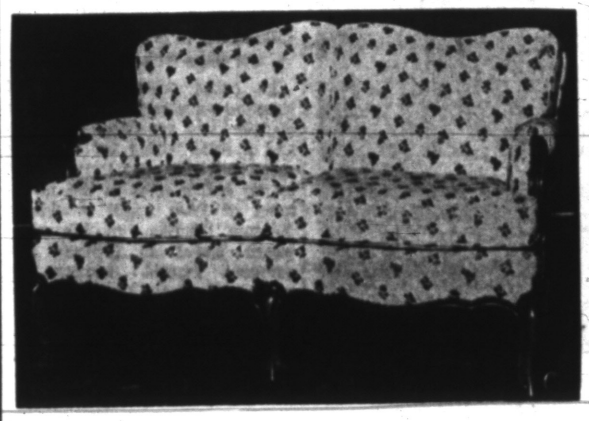

MR. and MRS. ANTHONY FISHER

Married Saturday in St. Michael Church were Beverly Haley and Anthony Fisher. She is the daughter of Mrs. Arthur Haley of East Rundell street and Mr. Haley of Ferndale avenue. His parents are the Peter Fishers of Waterly street.

Husband-Insulting Spree Replaces Separate Vacations Among Indians

Try It

Weave Dishcloth Purses

Here is something new which you will all like to do. You boys might think that making a handbag is "out of your line," but how about weaving one for mother? These look like they were made on a loom, but guess what they are made of!

If you saw these bags being carried by someone, you would think that they had been made on a weaving loom, but they have a dishcloth base. I would suggest that they be made from the large-sized dishcloths, for this will give a larger bag.

The weaving is done with carpet yarn, and perhaps you and a friend can make one together so that you can each buy one color of yarn and share them for a two-color bag.

Use a bobby pin for a needle, and try several patterns. The one shown is over five and under one. Make your threads 2 inches longer than the cloth on either side, then when the weaving is finished, sew up the sides, and make a yarn drawstring for the top.

You can use three or four colors of yarn too, if you like. The top drawstring can be made by braiding three strands of yarn. How about making one of these for a gift?

Dad Says She's Too Young

Boarding School Girl, 13, Would Like to Meet Boys

By ELIZABETH WOODWARD

"Dear Miss Woodward: I go to a girl's boarding school, and during the summer it's hard to get along with boys. I'm 13, and I don't think I'm too young to talk or have fun with boys my own age.

"My mother is dead, and my father doesn't like me doing anything with boys. He thinks I'm too young, and says I have my high school days for that.

"But I want to get used to boys now, so in high school I'll know how to act. Please help me."

You figure that your dad's being a stuffy old tyrant. He can't know how it feels to be cooped up in school with a lot of girls. He can't understand how exciting boys are, particularly to a girl who has no brothers.

He can't even imagine that you might feel awkward and shy and terrified of boys—scared because of your lack of experience and knowledge. He can't appreciate that a girl might like to get in some good solid groundwork before she's really ready to date. That's the way you figure it.

Your dad has other ideas entirely. He feels mighty responsible for you. He sends you to boarding school so you'll be well taken care of, supervised and organized.

He can't keep both eyes on you and go to work at the same time. His plan for keeping you busy and safe at school seems to him the best solution.

Summer vacation, with nothing in particular to occupy your time and energy, is a big headache to him. During his vacation he can be with you. But the rest of the time he has to count on your obedience and cooperation for his own peace of mind.

He's perfectly aware of your inexperience with boys. And he's probably not really opposed to your having fun with boys your own age. It's easy to understand how he might dislike the idea of your hanging around where boys are and merely killing time.

He could be persuaded to approve activities that are organized—sports, square dances and the like. There are places, times, limits to such activities that are definite and fixed. There's none of that vague, blurry fooling around that is so disquieting to a responsible parent.

If such activities are not available to you and other young people your age during the summer, knuckle under and cooperate with your dad.

Actually, there's considerable difference between boys of 13 and the boys who will interest you in high school. You don't really have to rehearse on younger boys in order to know how to act when the time comes.

Bad Break Can Lead to Success

Turn Failure Into Stepping Stone to Brighter Future

By ANNE HEYWOOD

The big difference between success and failure lies, it seems to me, in the manner in which we react to bad breaks.

Some people let a bad break demoralize them, render them incapable of further effort, and make them feel justified in bitterness and failure the rest of their lives.

Mr. and Mrs. Moseman of Schoharie, N. Y., have a very successful restaurant, one which people visit from all over the country, and one where broiled chicken is still a specialty.

I say "still," because the whole thing was started with chickens — 20 chickens, to be exact.

In 1937, Mr. and Mrs. Moseman, living in a charming white farmhouse, had raised a flock of chickens to bring in "fancy poultry" prices at the market.

They had put sweat and money into the project. Then poultry prices dropped seriously.

Instead of bemoaning their bad luck, the Mosemans decided to serve the chickens broiled. They opened a small restaurant right in their own house.

They advertised by newspaper and handbills, and that first Sunday four customers came for broiled chicken dinners. The next Sunday eight came.

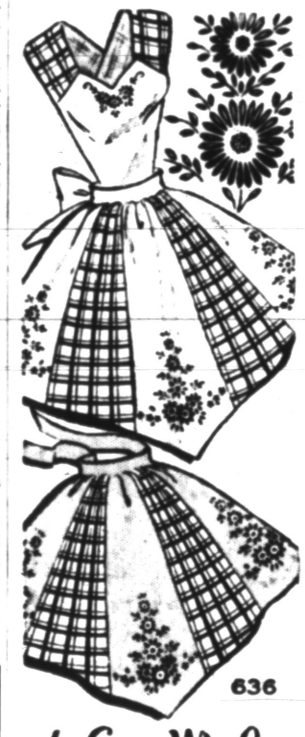

Nowadays, on a good typical Sunday, the Mosemans serve about 100 people. They have had to expand and move the restaurant to their big barn.

They installed huge picture windows, so the lovely hills and valleys are part of the decor. Their reputation has grown tremendously, and motorists stop in from all over the country.

The restaurant is open the year round, except for January and February. Then the Mosemans travel around, eating at other restaurants, keeping their ideas up to date.

They've enlarged their menu by now, of course, but chicken is still the specialty.

It's so nice to be near a woman whose hair appeals dramatically to the sense as well as to the eye. There's an exciting shampoo which not only leaves the hair clean, lustrous and manageable but also lastingly perfumed. This fragrance shampoo includes the actual essence of a beloved perfume in its formula.

Help Her Break This Annoying Habit

Friend's Repetition of Tales Is Boring

By EMILY POST

A letter this morning explains: "I have a friend who has a habit of repeating herself. She has told me things that I have heard time and time again and I am bored to death hearing about them, but hesitate to say anything to her for fear of hurting her feelings.

"Would it be considered rude to tell her that I have heard the story, or incident, before? Or do good manners demand that I listen attentively and say nothing. I would very much appreciate hearing from you on this matter."

Answer: It is not considered rude to tell a real friend, "Mary, dear, you've told me that," and help her break a habit which will become an even greater detriment to her if it goes on.

Dear Mrs. Post: The other evening after the movies I asked my date into the house for a cold drink before going home. My parents were seated in the living room and had guests visiting them. I did not go into the living room but went straight to the kitchen.

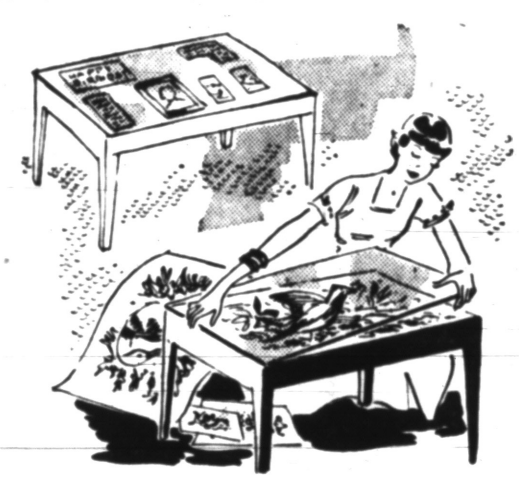

After the guests had gone, my mother took me to task for not bringing my date into the living room to meet the guests. She said I was very rude. Will you please tell me if this was necessary?

Answer: I'm sorry, but I cannot agree with your mother. To go out into the kitchen, have a drink, let him go home and then join your mother's guests was the proper thing for you to go.

Dear Mrs. Post: I am going to be married next month and am not sure how my wedding invitations should be worded. Both my parents are dead and I am living with my grandmother.

I have an older married brother of whom I am very fond and who is giving me away. Should my brother's or my grandmother's name head the invitations?

Answer: Since you are living with grandmother, the invitations should go out in her name.

Conversation Starter

Coffee Table Holds Prints

By ELIZABETH HILLYER

"A story you wrote about coffee tables was interesting to me because I use mine in so many ways," writes Mrs. J. E. S.

"I have four good prints of which I am very fond, but the cost of framing all four is too exorbitant, and they take up more wall space than I have. So I alternate them under the glass top of my coffee table.

"In this way I have the pleasure of seeing the paintings and never grow tired of them, due to the change-about.

"I also place magazine and newspaper clippings under the glass, or recent photos and snaps of family and friends.

"At Christmastime, my favorite cards are on display. My coffee table has been a conversation starter on many occasions.

"Friends dropping in ask what's new and head for the coffee table. It speaks for itself."

Thank you, Mrs. S., for sharing your idea with us. It's delightful to read a letter in which a warm personal enjoyment of home shines through as much as it does in yours.

* * *

Mrs. R. E. S. "In our new house the bedroom which will be used by our 4-year-old daughter has pale chartreuse walls. Her furniture is maple.

"Which would be better for bedspreads, curtains and dressing table skirt—pink or yellow? I intend to make the spread, curtains and skirt of crinkle crepe."

A pale shade of blue appeals to me more than either pink or yellow with the chartreuse.

Very few shades of pink would look good, although you might find one if you did not limit yourself to one fabric. Yellow offers so little contrast.

Dainty patterning in shades of blue on white might be even more attractive.

Mrs. P. R. D. "A royal blue rug has made color scheming our living room difficult ever since the first time I tried to change it, and now that we are ready to buy a new rug I want to be sure I don't make another mistake.

"Do you suggest gray as the best color, so that color schemes can be changed?"

Yes, I suppose gray can be worked into more varieties of color schemes than any other color—except white or black, which aren't the best rug colors.

However, if your taste naturally runs to beiges and browns, choose a warm medium beige which is very adaptable. Green is also adaptable, but less so than gray.

Mary Margaret McBride Says:

It's Cheaper Than Holiday

"My big days in the winter are Saturdays and Sundays when whole families eat out," the owner of a popular New York restaurant said, surveying ruefully the empty seats of an August Saturday dinner hour.

"In summer, as you see, I might as well close up on weekends. My big business is all during the week—summer bachelors having a fine time blissfully ordering rare steaks, ignoring green vegetables and salads. The summer bachelor, alone in the hot city, wife and children all away in the country, is supposed to be a pitiable figure, but I doubt that he suffers much."

MISS McBRIDE

Not every husband can afford to send his family to Lake-in-the-Pines for the hot months and travel up, the brave and weary breadwinner, each Friday night. But from the popularity of the idea, I suspect that the restaurant owner is right and most men don't mind being mid-week bachelors.

I heard some young couples being quizzed not long ago on the subject of separate vacations for husbands and wives, and a lovier-dovier session there surely never was. So much so that I suspected some of them, at least, were talking not from the heart but for the record.

My own unofficial observation of apparently happy homes causes me to opine that Mama sighs with deep relief when Papa must depart for Pittsburgh and the week-long locksmiths' convention. And I haven't noticed Papa being too unhappy when duty or affection carries Mama out of town solo to spend a few days with the folks.

In cases where even brief separate vacations are out of the question and yet change of pace and a little letting off of steam seem desirable, the example set by an Indian tribe in the mountains of Peru might provide a pleasant solution. In this area, where travel is difficult and summer resorts unknown, a special six-week period is set aside in which the women are expected to insult their husbands.

The idea, evidently, was originated by the men who believe—as do men the world over, and they are always saying so—that a woman is easier to live with if she is allowed to blow her top now and then.

So during this period they put up with anything their gentle spouses care to dish out—belittling jingles, sarcastic songs, jeering dances. Some of the women forego sleep for most of the time and simply give themselves over to getting the accumulation of a hard year off their minds.

But the very instant the six weeks are up, the girls meekly shut up and return humbly to their appointed tasks of cooking, cleaning, raising the children, and the males become once more the lords of the mountains.

Presumably during the strange interlude the husbands have to pot-wallop, babysit and even feed their demonstrating wives, in addition to enduring the slings and arrows of scorn. But even at that, it must be less expensive than six week in the mountains or at the seashore.

Unless, of course, the husband happens to be the thin-skinned variety who takes the whole business so personally that he goes into a decline or a nervous breakdown.

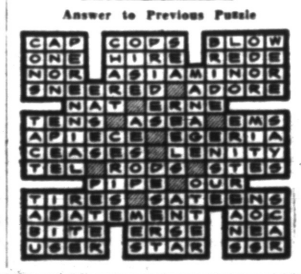

Easy to make! Easy to launder! Wonderful for chore time! Side-front wrap-around with the newest Princess lines — the newest yoke treatment! Choose three-quarter, short sleeves, or no sleeves at all! Make several in solid color and printed cottons.

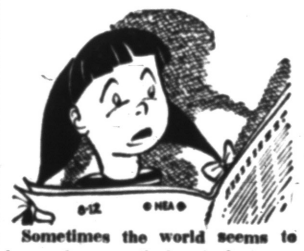

Pattern 4681: Misses' sizes 12, 14, 16, 18, 20; 30, 32, 34, 36, 38, 40, 42. Size 16 takes 4¼ yards 39-inch.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

Hospital Visits Draw Comments

Administrators Split Over Visiting Hour Regulations

CHICAGO (UP)—Which is better for the hospital patient—strict visiting hours or a more liberal policy that gives him longer periods with friends and relatives?

Two hospital experts presented opposing views in Hospitals, official journal of the American Hospital Association.

J. Vinson Adams, administrator of the Valley Memorial, Hospital at Sunnyside, Wash., said he favors tight restrictions because the "many visitors coming, going and milling around the corridors interfered with proper care of the sick."

Actually, he said, it has been found that patients "don't want too many visitors."

However, Fred W. Schmid, administrator of Grove City Hospital at Grove City, Pa., said his hospital has found that there are fewer problems of policing, parking and public relations with more liberal visiting arrangements.

His hospital permits visitors to wards from noon to 8 p. m.; to semi-private rooms from 11 a. m. to 9 p. m.; to private rooms from 9 a. m. to 9 p. m. with the same rules in force in the maternity wing except during feeding hours for babies.

"The hospital now is quiet," he said. "Visitors come and go and the hospital personnel are unaware of their presence. We have encountered no difficulty with visitors staying when the patient needs attention by the nurse or doctor.

"The visitor is encouraged to feed the patient at lunch and dinner and to do other minor services for him, thereby releasing the nursing personnel to carry out their professional duties."

Process Server Catches Up With Sally Rand

LOS ANGELES (UP) — It took process servers 14 years to catch up with Sally Rand, the fan dancer.

William Lawson managed to serve the summons yesterday, issued in connection with a judgment obtained in 1940 by Mrs. Olive Kephart, who charged that Miss Rand had failed to repay some loans.

Lawson, hearing Miss Rand was appearing at a home exhibit here, bought a ticket, waited in line, got a smile from Sally and then handed her the summons.

The judgment, for $4,334, has grown with interest to $8,050.

Americans historically spend relatively the same percentage of their disposable income for meat—around 5 to 6 per cent. In 1924, $35 of the $597 disposable income per person was spent for meat—or 5.8 per cent.

Children Are Blamed as Park Train Derails

BALTIMORE (UP) — "Mischievous kids" have been blamed by assistant manager Hal Stewart for the derailment of the miniature train at Gwynn Oak Amusement Park in which 13 persons were injured.

Stewart said 35 to 40 persons were aboard when the train derailed and two cars overturned yesterday. Nine of the injured were children.

Stewart said the man operating the train had told him "he had stopped the train two or three times earlier in the day to take rocks off the tracks."

Quarter Found in Fish

BRYSON CITY, N. C. (UP) — While cleaning a catfish he caught in the Tuckaseigee River here, 14-year-old Johnny Splude found a quarter. The theory is that the fish struck at the shiny coin when it was tossed into the stream by a tourist in the Great Smoky Mountains.

Racing City Detectives Find Joke Is on Them

SAVANNAH, Ga. (UP)—City detectives raced out of police headquarters last night on a telephone tip that "a burglar is trapped inside a building at 323 East oglethorpe Avenue."

They were speeding away in a car before the awful truth dawned—the address given was that of police headquarters.

Lost Specs See Again

ORLANDO, Me. (UP) — Alvertie E. Gray, 69, is back to wearing his old gold-rimmed eyeglasses again. His son, Foster, found them in a woodland cart road where they had lain since Gray lost them 14 years ago while chopping wood. "The specs are good as new," says Gray, "so I loaned my new ones to a neighbor."

About half the homes in the United States are more than 30 years old.

X-Rays Cut Down on Deaths at Birth

CHICAGO — (UP) — Skillful X-ray examinations have been one of the most important factors in lowering the mortality rate during child birth, according to an editorial in Radiology.

The magazine, published by the American College of Radiology, said X-rays frequently disclose the condition known as placenta praevia.

Placenta praevia is the abnormally low attachment of the placenta in the uterus. The condition can interfere with childbirth and it can result in hemmorrhage.

"The X-ray examination has long since proven itself to be a safe and relatively accurate procedure and has contributed significantly to lowering the mortality rate incident to this condition," the magazine said.

U.S. savings have grown from less than 69 billion dollars in 1940 to an estimated 250 billion today.

Oklahoma Students Give Legal Counsel to Sailors

NORMAN, Okla. (UP) — Sailors in legal trouble take their woes to University of Oklahoma law students. Most problems, say Naval Air Technical Training Center officers here, are settled on the spot. The toughies are referred to the county bar.

"One of the best and most unusual legal aid programs in the United States," comments Junius L. Allison, Chicago, field director for the American Bar Assn.'s legal aid committee.

Fish in Accident - Lives Out of Water

DALLAS (UP)—In 34 years of driving Mrs. Clarence Kimber had never dented a fender. Then she bought a gold fish in a small carton of water. She put it on the front seat of her car.

As she rounded a curve on the way home, the carton started to slide off the seat.

Mrs. Kimber grabbed for the fish, the car jumped a curb and smashed into a tree. It cost $50 to repair.

The gold fish lost its water supply and apparently was dead by the time Mrs. Kimber got home. She put it on the kitchen drainboard and forgot it. Some time later she put the fish in water. It revived and was apparently none the worse for wear.

Makers of photographic materials estimate that Americans are taking pictures with their cameras at the rate of more than five million a day.

Indiana Man Starts 4-S Clubs in Brazil Farmland

NOBLESVILLE, Ind. (UP) — The farm country in Brazil is getting to know 4-S clubs the way Yankee farm children know 4-H clubs, because O. V. Winks passed through. Winks is back on his job as Hamilton County agricultral agent after a two-year leave of absence to teach Brazilans the "American way" of planting and tilling crops.

Remembering 4-H clubs, Winks organized 30 such clubs in the South American farmlands. To translate the four H's—head, hand, heart and health—into the Brazilians' Portuguese, he used four S's—saber, senier, server and saude, which stand for know, feel, serve and health.

Detailed Holdup Report

RICHMOND, Va. (UP)—Richmond Patrolman R. E. Ferrell got himself a part-time job at a garage to supplement his salary. He was able to give a good description of the gunman, who held him up at 4:15 a. m. and took $20 from the till.

Easier to Remember

PORTLAND, Me. (UP) — Maureen Lynch, 5, couldn't remember where she lived when she became lost from her older sisters on the way home from the movies. Dave Glovsky, who found her wandering, asked in an off-hand manner, "What did you say your telephone number was?" Maureen replied cheerily, "4-0934." Glovsky called the number. Case closed.

The Great Pyramid of Giza in Egypt is 767 feet square and 479 feet high.

A small deposit will hold any garment of your choice until wanted.

This famous annual Hub event gives you the pick of the coats that will be most wanted next season —at important pre-season savings! Choose now and get the widest possible choice!

Why do you suppose a box of **all** is packed in new automatic washers?

A box of *all* in your new machine is the washer makers' way of starting you right. They prescribe *all* because its controlled suds let your machine wash and rinse cleaner!

all **IS SUCH A BLESSING IN YOUR AUTOMATIC WASHER!** This new and wonderfully different kind of detergent doesn't foam into thick, wasteful suds that float *on top* of the water.

Every ounce of ***all*** goes to work *down in the water* where your clothes are sloshing around.

Clothes washed in ***all*** come out cleaner looking, sweeter smelling and softer feeling.

That's why so many automatic washer manufacturers not only *approve* but actually *prescribe* ***all*** for cleanest possible washing and rinsing.

Suds make trouble

The men who first made automatic washers asked for this new kind of detergent that washes with *controlled suds*. Tests proved that regular washing powders choked up the machines with thick, heavy suds and slowed down washing action.

all was created to wash with controlled suds. The exclusive secret that makes ***all*** so effective in your automatic has been patented (U. S. Patent No. 2550691 and No. 2594453).

Why *all* works better

all's controlled suds let your clothes slosh around with the greatest of ease. Your machine isn't stuffed up with a smothering blanket of suds that interferes with washing action.

It's the free sloshing and tumbling of clothes that coaxes out every particle of grease and grime. And once dirt is loosened, a special ingredient in ***all*** holds on to it until it is carried down the drain. Dirt is never deposited back on your clothes or left to form a film of scum in your washer.

Suds scum gone!

You know how hard it is to get rid of thick, heavy suds when you're doing dishes in your sink. Suds are even more difficult in your automatic washer. They glue themselves stubbornly to clothes and are so hard to rinse away.

all's controlled suds rinse out *instantly* and *completely*. There is no dried-up suds scum on nappy fabrics like diapers that can irritate baby's tender skin . . . no graying film on tightly-woven materials like broadcloth to dull their brightness and make them hard to iron.

Save money and bother

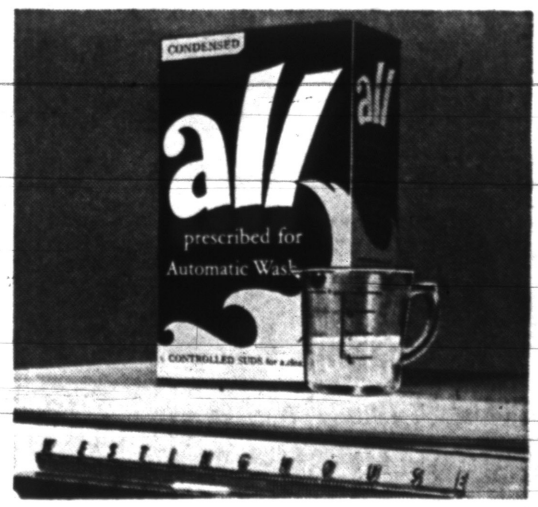

Every box of ***all*** contains everything you need for perfect washing. You don't have to bother buying a bleach, bluing or water softener.

All the "extras" are included in ***all***. Just the right amount of water softener and whitener is blended in with the detergent to guarantee the kind of clean smelling, bright looking wash your dealer promised you when he sold you your machine.

You risk no money

Try ***all*** next time you wash. It's wonderful for the grimiest work clothes, for dainty lingerie, for baby's things. It's unconditionally recommended for the new miracle fabrics like Acrilan, Orlon, Dynel and nylon.

If you cannot see the wonderful difference that ***all*** makes the first time you use it in your automatic washer, your dealer has been instructed to refund your money. Monsanto Chemical Company, St. Louis, Missouri.

all **is made by MONSANTO where creative chemistry works wonders for you** MONSANTO

Beef Dinner Cooks in Minutes

Mock Cutlets Are Main Dish

Broiled Tomatoes and Cheese Top Off Tasty Summer Meal

Hot meals, that require less than 15 minutes cooking time, are a blessing these days, especially when the vegetable and meat can be cooked together. This broiler meal, consisting of savory, well-seasoned ground beef cutlets and grilled tomatoes, sprinkled with cheese, falls into this class.

A crisp, fresh vegetable salad and rolls will complete the meal.

Savory Beef Cutlets With Grilled Tomatoes

1½ cups oven-popped rice cereal
1½ pounds ground beef
¼ cup chili sauce
1 egg, slightly beaten
1 teaspoon salt
1 teaspoon Worcestershire sauce
2 teaspoons prepared mustard
3 tablespoons grated onions

Crush cereal into fine crumbs. Combine with remaining ingredients and mix well. Divide meaat mixture into 6 portions; shape each to resemble a cutlet. Wrap in waxed paper; chill.

3 small tomatoes
¼ teaspoon rosemary
¼ teaspoon thyme
6 tablespoons grated cheese

Cut tomatoes in half crosswise; sprinkle cut surfaces with rosemary and thyme. Arrange chilled cutlets and tomatoes, cut side up, on broiler rack. Broil about 8 minutes. Turn cutlets with pancake turner, sprinkle tomatoes with cheese and broil about 5 minutes longer? Serve immediately. Yield: 6 servings.

SAVORY BEEF CUTLETS—All ground beef need not go into hamburgers. It can make delicious cutlets. Oven-popped rice cereal is used to bind the meat mixture together. Broiled tomatoes provide the vegetable. Both cook in fifteen minutes. Wonderful for hot days!

Hearty Appetizer Doubles for Salad

No need to serve a salad when this hearty raw vegetable and fish appetizer is on the menu.

Tomato-Sardine Appetizer

4 medium-size tomatoes (1 pound)
Romaine or other salad greens
One 3¼-ounce can Norway sardines
1 tablespoon lemon juice
1½ teaspoons finely grated onion (pulp) and juice)
¼ cup mayonnaise or mayonnaise-type salad dressing
6 slices cucumber (fluted)
Paprika

Halve tomatoes, cutting a thin slice away from each end. Arrange 2 tomato halves on romaine on 4 individual salad plates. Mash sardines with oil from can in small bowl; mix in lemon juice and onion.

Mound sardine mixture over top of tomatoes; spread sardine mixture with mayonnaise; top each with a cucumber slice. Sprinkle cucumber and mayonnaise edges with paprika. Serve at once.

For weight-watchers: Omit mayonnaise from appetizers but top with cucumber.

Combine Cream Cheese With Nuts, Apricots

Mash ripe apricots. Add cream cheese. When of spreading consistency, stir in ½ cup nuts. Spread generously on whole wheat bread for a delicious and very nutritious sandwich.

This spread is unusually good when toasted on bread. Lightly toast whole wheat bread. Spread with apricot-cheese mixture. Broil until bubbly, about 1 minute. Serve at once.

Always Sift Flour

Flour should be sifted before measuring and then poured into the measuring cup. Otherwise too much is used and the cake or muffins will be imperfect.

Roasts may be salted before, during or after cooking

Baked Acorn Squash Makes Different Treat

Is acorn squash your dish? Try it this way. Halve and scoop out acorn squash — one squash will make 2 servings. Bake, cut-side down, in pan containing ½ inch water. When tender, remove from oven, drain and turn up. Sprinkle with brown sugar and brush with melted butter.

Combine contents family size can of deviled ham with ½ cup chili sauce and 1 tablespoon chopped onion. Drop spoonfuls of mixture into squash and return to oven for 20 minutes. Makes enough filling to flavor 6 squash halves.

From 1950 to 1954, about three million new homes were built in the United States.

Herbs Flavor Baked Halibut

Halibut steaks are on the National Fisheries Institute's plentiful list again. Although the Pacific Northwest's halibut season ends in July, the institute reports more than 10 million pounds frozen, ready for good eating for months to come.

Most of the halibut is caught in the North Pacific, with only a negligible amount fished from the North Atlantic, it's true; but the demand for this giant flounder satisfied through modern freezing, packaging and distribution methods, has made it available nationally.

Its firm whit-meated flesh makes it easy to prepare and serve regardless of the method of cooking. To combine the delicate flavor of the fish with those of vegetables and herbs, this recipe was developed.

Herb-Baked Halibut Steaks

3 small halibut steaks, or 2 large steaks
Salt and pepper
1 small onion, minced
2 tablespoons chopped parsley
½ teaspoon thyme
1 bay leaf, crushed
3 tablespoons butter or margarine

Season fish with salt and pepper. Mix together onion, parsley, bay leaf and thyme. Place two of the small steaks (or one of the large) in a well-greased casserole.

Sprinkle with half of the seasoned onion and parsley. Dot with 2 tablespoons butter. Place the remaining slice of fish on top. Sprinkle with rest of seasoned vegetables and dot with remaining butter.

Bake 25 minutes in a preheated hot (400) oven or until fish flakes easily when tested with a fork. Maks four servings.

Fruits Bring Out Flavor of Meat, Fish and Poultry

Meat and fish—poultry, too—cooked with fruit have an excellent and surprisingly pleasant variety of flavor. The choice of the fruit should be made carefully to give flavor blends that bring out the best of the meat.

Upside-Down Orange Ham Loaf

½ cup brown sugar
¼ cup butter or margarine
Thinly cut orange slices
1½ pounds lean pork shoulder, ground
1½ pounds smoked ham, ground
1½ cups milk
2 eggs, well beaten
1½ cups soft bread crumbs
⅛ teaspoon pepper

Combine sugar and butter or margarine. Blend thoroughly. Spread evenly in shallow baking pan. Cover with orange slices.

Combine remaining ingredients in order given. Blend thoroughly. Place on top of orange slices. Form a thin loaf by pressing meat down evenly.

Bake in moderate (350) oven about one hour. Invert on serving plate. Cut in squares to serve.

Pineapple Pork Chops

1 No. 2½ can (3½ cups) sauerkraut
1 cup chunk pineapple
4 medium pork chops, browned

Drain juices from sauerkraut and pineapple. Cover bottom of well-oiled casserole with thick layer of sauerkraut. Add layer of pineapple. Add two untrimmed pork chops.

Repeat sauerkraut and pineapple layers. Place remaining chops on top. Combine juices. Pour 1 cup liquid over chops. Bake in moderate (350) oven one hour.

Italian-Roast Coffee Is Fine Summer Drink

Brew Italian-roast coffee — the kind designed for demi-tasse — in the standard way, using two tablespoons of coffee to each six ounces of water. Pour the hot coffee over ice cubes in tall glasses and pass the cream and finely granulated sugar.

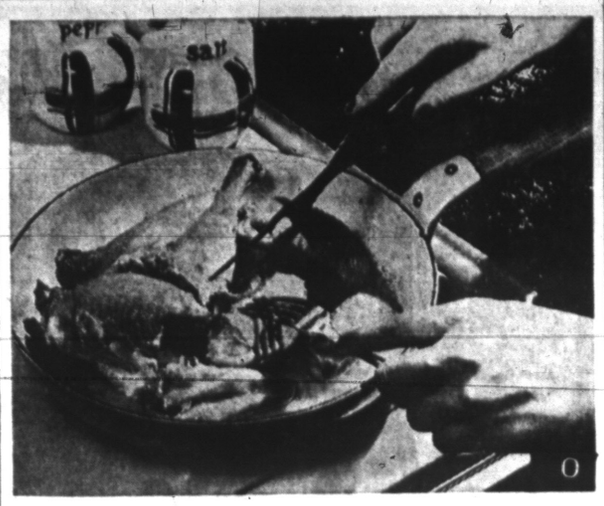

You'll have a cool beverage with dark rich color and excellent flavor, even though it has been poured over ice, because this type of coffee is double-roasted and of good strength.

DOUBLE STRENGTH

SKILLET THAWED CHICKEN—Thawing frozen chicken in hot fat cuts the usual 3-hour thawing period at room temperature to a mere 16 minutes. This tip comes from a national test kitchen and is one of a series of timesaving suggestions for making everyday foods taste better.

Pork Shoulder Butt Good Buy for Couple

If there are just two in your family, you'll find a smoked boneless pork shoulder butt is a good buy.

You can use it sliced hot for one meal, sliced cold for another, and have some leftover to serve with eggs at breakfast or in sandwiches for lunch or evening snacks.

Hot Fat Thaws Frozen Chicken

A new approach to food preparation has led to a whole series of interesting new cooking tips from a famous test kitchen. The following method for frying frozen chicken is just one example. The unique aspect is the quick "skillet thaw" in hot fat which cuts the usual 3-hour thawing period at room temperature to a mere 16 minutes.

Chicken fried this way is bright golden-brown in color and has a delicate, appetizing savor. It has moist tenderness underneath a crisp, brown crust.

Skillet-Thawed Fried Chicken

Heat ½ cup homogenized shortening in skillet. Remove wrappings from a 2-3 lb. frozen frying chicken. Put frozen "block" of chicken in skillet, cover, and fry on medium heat for 8 minutes. Turn block of chicken over, cover, and fry for another 8 minutes. Then separate chicken into pieces. Remove giblets. Sprinkle chicken with salt and pepper. Fry till brown on both sides. Add ¼ cup water and cook on low heat for 20 minutes, or until chicken is tender. Arrange chicken on hot platter; if desired, make pan gravy. Makes 4 servings.

Peppermint Pie With Ice Cream Easy to Make

On a hot day, an elegant dessert you can make without turning on your oven is welcome indeed. You'll certainly want to make frozen Peppermint Pie next time you plan a cool dessert for a hot day.

Mix crushed chocolate wafers with softened butter for the easy-to-make crust. The filling is refreshing peppermint ice cream—made with flavored freezing mix that needs no stirring while freezing. Takes just minutes to put this pie together and you have eating enjoyment for 8 persons.

Frozen Peppermint Pie

2 cups light cream
1 package vanillin freezing mix
¼ cup crushed peppermint candy
2 cups crushed chocolate wafers
½ cup softened butter

Whip light cream in a deep bowl until a deep layer of foam forms. Takes 1 to 2 minutes. Add vanillin freezing mix. Beat one more minute to dissolve. Stir in crushed peppermint candy. Pour into freezing tray. Freeze until firm, but not too hard.

While ice cream freezes, mix crushed chocolate cookies and softened butter until thoroughly blended. Press into a 9" pie pan. Chill. When ice cream is frozen firm, spoon into crust, spreading evenly. Sprinkle top with 2 tablespoons crushed candy, if desired.

Chuck Roast Is Good Buy

Price Cut 4 to 10 Cents; Many Stores Offering Sale on Smoked Ham

By The Associated Press

Chuck roast at prices ranging from four to 10 cents a pound below last week will be the favorite feature in the nation's food stores this week end.

And if you're looking for a change in pace, check your local market's price on smoked ham. Numerous stores plan to advertise that item at lower prices.

Meat men point to several other good buys for Sunday dinner—leg of lamb will be down a couple of cents a pound in many cities, there'll be lots of specials on fryers and roasting chickens, and legs and rumps of veal will be on the bargain counter again.

Prime ribs will be spotlighted by some stores at reductions of two to four cents a pound, but in most areas price tags will remain the same as last week. Reflecting rising wholesale prices, pork chops will be a bit higher in many outlets.

Beef went up slightly at wholesale this week, but there seems to be no likelihood of a sharp rise ahead.

Eggs will be cheaper in most sections ofthe country. One big chain is cutting prices on large grade-A whites by two to four cents a dozen.

Broil Kraut and Franks

Pile sauerkraut into split frankfurters and broil. Serve on toasted frankfurter rolls. If desired, the frankfurters may be spread with mustard before the sauerkraut is added.

Frosty Garnishes, Grapes Whet Lagging Appetites

By JANET ODELL
Pontiac Press Food Editor

Nobody — but nobody — wants to spend hours in a hot kitchen during warm summer days. Even if your kitchen is on the coolest side of the house, the temperature soars by late afternoon, and the cook can be mighty uncomfortable.

Hot weather sometimes affects the family too, and they don't want to eat. Then it's up to you to tempt their appetites, for it is as essential to have a well balanced diet in the hot months as in the cold.

You can make cooking a cooler process by doing as much as possible early in the day. And you can plan meals that take a minimum of hovering over a hot stove. This issue of the Market Basket is devoted to ideas for cool meal preparation.

If it is so hot that the family doesn't want to eat, try serving their food on glass plates. Restaurants have found that sales more than doubled when glass dishes were used.

Make liberal use of garnishes for summer dishes. There's something very cool looking about watercress or lettuce or even grape leaves under a fruit salad.

Frosted grapes are cool looking. Dip the grapes in slightly beaten egg white, then in granulated sugar. Let dry and use to garnish a summer fruit plate.

Have you ever frosted the tops of your glasses before serving a cold drink? Dip them in lemon juice, then in powdered sugar. Put in the refrigerator until ready to use.

There is no need to serve an all-cold meal in order to escape hot preparation. Fresh vegetables cooked in the pressure cooker the last minute before dinner is put on the table can be the one hot dish. With it serve a cool gelatin salad, bread or rolls and a dessert. For this sort of meal try Ham Mousse.

Ham Mousse

1 tablespoon unflavored gelatine
¾ cup cold water
1½ cups hot water
3 cups ground, cooked ham
½ cup India or sweet pickle relish
1 tablespoon grated horseradish
2 tablespoons lemon juice
2 teaspoons salt
1 teaspoon dry mustard
¼ cup nonfat dry milk

Soften gelatine in ¼ cup cold water. Let stand 5 minutes. Pour hot water into large bowl. Add softened gelatin. Stir in ham, relish, horseradish, 1 tablespoon of the lemon juice, salt and mustard. Chill until slightly thickened. Combine remaining ½ cup water and lemon juice in 1 quart bowl. Sprinkle nonfat dry milk powder over surface of water. Beat with rotary beater or electric mixer until stiff, about 8 to 10 minutes. Fold whipped nonfat dry milk into ham mixture. Rinse a 1½-quart mold with cold water. Pour in mixture. Chill until firm, about 4 hours. Unmold. Garnish as desired.

Another way toward cool cooking is to have a whole meal salad such as your favorite macaroni salad, a big plate of relishes, iced tea or coffee and a hot bread or rolls. Popping a pan of rolls or muffins into the oven is not hot work.

Take the blueberry muffin mix, for example. Prepared primarily for blueberry muffins, the mix also makes excellent blueberry coffee cake. This is a delicious hot bread for any meal. Try it and surprise the family.

Blueberry Coffee Cake
With Sugar Crumb Topping

Set oven at 400 degrees. Drain blueberries; grease 8-inch square or similar pan.

Crumb mixture:

Mix 1/3 cup flour, ¼ cup brown sugar and ½ teaspoon cinnamon. Work in 2 tablespoons cold butter or margarine. Mixture should be crumbly and quite lumpy. (Add ¼ cup chopped nuts for added flavor.) Set mixture aside.

Batter:

Now mix batter as directed for muffins, except use additional 1/6 cup water and do not fold blueberries into batter. Spread batter in pan.

Toss blueberries lightly into crumb mixture and spread evenly over top of batter. Press most of the mixture down into batter. Bake 30 minutes.

Let cool slightly. Serve as coffee cake, or top with whipped cream and serve as dessert. Makes six or more servings.

GET THE CAN WITH THE LITTLE MAN!

Leftovers Make Tasty Beef Puff

When your refrigerator reveals cooked roast beef left from dinner here's the serving—Beef Puff.

Cooked beef is ground and mixed with mayonnaise and seasonings, then spread on bread to make sandwiches. The sandwiches are refrigerated in an egg-milk mixture before baking in a moderate oven for a flavorsome serving.

Beef Puff

2 cups ground cooked beef
1 teaspoon salt
⅛ teaspoon pepper
2 tablespoons chopped parsley
½ cup mayonnaise
8 slices bread, Butter or margarine, softened
3 eggs, slightly beaten
2 cups milk
¼ teaspoon salt
¼ teaspoon sage

Combine meat, salt, pepper, parsley and mayonnaise. Spread four slices bread with butter or margarine, cover with meat mixture and top with slices of bread. Place sandwiches in greased shallow casserole dish. Combine eggs, milk, salt and sage and mix well. Pour over sandwiches and let stand in refrigerator at least an hour before baking.

Bake in 350 oven about 45 minutes or until brown and puffed. Four servings.

Zippy Mayonnaise Good on Pineapple

Mayonnaise, fixed this way, and served with a pineapple salad is a perfect companion for ham.

Pineapple Salad With Mustard Mayonnaise

1 number 2 can (1 pound and 4 ounces) pineapple chunks
Romaine
½ cup mayonnaise
1 tablespoon Bahama-type mustard
1 tablespoon lemon juice
Paprika

Drain pineapple; reserve syrup to use in a cold drink or sauce. Arrange pineapple on romaine on four individual salad plates.

Stir mayonnaise, mustard and lemon juice together vigorously until smooth; spoon over pineapple; dust with paprika.

Prepare Jellied Shrimp Cocktail on Sultry Days

Here's a refreshing dish for the dieters in your family these hot, sultry days—a jellied shrimp cocktail, high in protein and flavor, low in calories. Shrimp keep slim with all that swimming, and since the ydon't have a chance to get fat, they can't build extra pounds on you.

This dish is a new version of an old favorite, for the shrimp cocktail is jellied in a seasoned tomato-juice mixture to make a mouth-watering ring mold. Individual molds of this recipe are especially attractive for a first course, but if you use it for a buffet salad, one large mold would be better.

This recipe makes six generous servings at just 118 calories each, according to the Shrimp Association of the Americas.

Jellied Shrimp Cocktail

2 pounds fresh or frozen shrimp
1 quart tomato juice
4 bouillon cubes
1 bay leaf
4 peppercorns
4 whole cloves
Few springs parsley
2 envelopes unflavored gelatine
½ cup cold water
2 teaspoons sugar
Salt and pepper

Clean and devein shrimp. Cook by boiling in 1½ quarts salted water 3 to 5 minutes. Heat tomato juice with bouillon cubes, bay leaf, spices and parsley. Cover and simmer 10 minutes. Strain. Soften gelatine in water, add tomato juice and stir until gelatine dissolves. Add sugar, salt and pepper to taste. Chill until slightly thickened. Fold in shrimp. Pour into 1½ quart ring mold. Chill until firm. Unmold and garnish with salad greens. Makes 6 servings.

Sure-Jell pectin*

*WHAT IS PECTIN? It's the natural jellying substance found in all fruits in varying amounts. You need the right balance of pectin, acid and sugar for jams and jellies to "set." Sure-Jell is a concentrated natural fruit pectin. Follow recipes exactly and you will *be sure* to have the *right amount* of pectin for perfect "set."

A Product of General Foods

If you prefer a liquid pectin product, get CERTO natural fruit pectin.

Homemade Jams and Jellies Taste Best —Cost Less!

COCONUT TEA CRISPIES—Quick as a wink you can have afternoon refreshments on a hot day with very little work. Shown here are crisp salted crackers topped with a delicate coconut and brown sugar topping. Pop them into the oven for a few minutes, and they're ready to serve.

Serve Crispies With Beverage

Light and appetizing snacks to serve as tasty "extras" with long cool drinks are summertime favorites everywhere. Delicious new ones called Coconut Tea Crispies offer a surprise flavor combination of coconut, brown sugar and crisp salt crackers.

Here's the quick-as-a-wink way to make them.

Coconut Tea Crispies

¾ cup shredded coconut
⅓ cup brown sugar, firmly packed
Dash of salt
¼ cup melted butter or margarine
24 crispy crackers

Combine coconut, brown sugar, salt and melted butter. Blend well. Arrange crispy crackers on baking sheet. Spread tops generously with coconut mixture. Toast in broiler 5 inches from heat for 2 to 3 minutes, or until coconut mixture is bubbling hot and slightly browned. Serve at once. Makes 24 Coconut Tea Crispies.

Special not to busy hostesses: The coconut mixture will keep for days in your refrigerator. Make up a large amount at one time and use it as needed, whenever guests drop in for a visit!

Make Tender Pastry

Use all-purpose or pastry flour when you are making pie dough. You'll find that all lard or hydrogenated fat makes a more tender pastry than all butter or margarine; but part lard or hydrogenated fat and part butter or margarine may be used for tender pastry, too.

Cold Cuts Lend Flavor to Meals in Main Dishes

Besides being good fare for dinner parties, cold cuts come to the fore in main dish salads, casseroles and sandwiches. Here are examples of the distinctive ways you can use cold cuts for family or guest dishes:

1. Add strips of meat (bologna, salami or summer sausage, for example) to a tossed salad to give it color and flavor appeal as well as added nutritive value.

2. Roll bologna, spiced ham or veal loaf to form cornucopias; secure with a toothpick. Fill with cottage cheese, potato salad, cold baked beans or cole slaw.

3. For sandwiches, combine one or more of the following with your choice of cold cuts, finely chopped or ground: chopped pickles, onion, celery, grated carrot, grated cheese, chopped hard cooked egg, mustard or horseradish and mayonnaise to moisten.

4. In a little hot fat, fry sliced bologna until edges curl. Fill with hot potato salad, scrambled eggs, creamed potatoes or baked beans.

5. Add cubes of your favorite cold cut to potato or macaroni salad.

6. Fry liver sausage or braunschweiger in a little hot fat. Serve in toasted buns with fried onion slices and a sliced dill pickle.

To Remove Beet Skins:

To remove skins from beets easily, dip them in cold water after they've been boiled.

You can give white sauce good flavor by cooking a little onion in the butter used in making the sauce—particularly good with spinach.

Jumped Starter Gun for Race With Stork

OKLAHOMA CITY (AP) — A Braniff airliner won a race with the stork yesterday, but as it turned out there was really no contest.

The excitement started when Mrs. R. E. Byrd of Houston, Tex., was seized by labor pains — or so she thought — about 20 minutes before her flight from Denver reached Oklahoma City.

The pilot radioed ahead and arranged for an ambulance and hospital room to which she was taken minutes after landing. Examined at the hospital, Mrs. Byrd was told to relax. The storck wasn't due for a few days yet.

Politician Electioneers Right Across State Line

BEULAH, Wyo. (AP) — State Rep. E. Keith Thomson got carried away with himself in campaigning yesterday for the Republican nomination for Congress.

Finally a rancher tipped him off. He had crossed the state line and was soliciting votes in South Dakota.

Signpost Marks Shopping Center

Rochester's $600,000 Store Group Will Start Next Month

ROCHESTER —A new signpost was erected at North Main St. and Tienken Rd. this week marking the site of the proposed $600,000 North Hill Center.

Construction on the shopping center is scheduled to begin next month.

The shopping center, which will include a supermarket and 10 other stores, will be built on 10 acres of a 50-acre tract purchased from Henry W. Axford.

The remaining 40 acres to the west eventually will be used for home sites, according to Max Hartwig and George E. Markley, realtors who plan development of the home-site section.

The business development will front on Main street.

At this week's Village Council meeting, Markley stated that the McMahon Enginering Co. would like to meet with the council and the village engineer to discuss water and sewer service to the development. The McMahon firm is in charge of engineering for the project.

President Clarence Burr told Markley that Village Manager Robert Slone would handle the engineering contacts. Slone is on vacation this week and did not attend the meeting.

Lapeer County 4-H Set to Pick Winners

LAPEER — Final eliminations for members of the Lapeer County Four-H Club will be made today and tomorrow, with the winners going to the Michigan State College campus to compete in the State Show Aug. 31 and Sept. 1.

Winners of the state dairy judging contest will receive a trip to the National Dairy Cattle Congress in Iowa and the International Dairy Show in Chicago, according to Walt Messer, Lapeer County club agent.

Other awards will include trips to the International Livestock Show in Chicago and the Westinghouse Laboratory in Columbus, Ohio.

Pontiac Press Photo

QUEEN OF THE DAIRY—Walking away with top honors in the 4-H Fair dairy judging classifications Wednesday was Windrow Stormy Janet. Shown with her young owner, Helen Miles, 12, of 5610 Coolidge Rd., Birmingham, the Ayrshire, whose ancestors hail from Scotland, took Grand Champion of her own breed, first place in the senior calf classification and Grand Champion of all dairy breeds. To climax the day, the animal also received first place award in dairy showmanship. (See story, page one.)

Meeting Votes Census at Keego

Area Population Count Is Step in Movement to Incorporate as City

KEEGO HARBOR—As a step toward incorporation as a city, the newly appointed Incorporation Committee for Keego Harbor voted for an area census at its Monday meeting.

At the meeting it was announced that petitions are available for all those who would like to take part in the incorporation movement.

Clayton Bozung, Paul Miller, Charles Leaf, Russell Gregg, Lewis Doyle and Mrs. William Billingsley have been named to distribute the petitions.

It was announced that John Estes has been employed as attorney and R. J. Betzing was engaged to map the boundaries of the proposed city.

Another public meeting will be held soon to acquaint residents with the benefits of incorporation and the procedure necessary, it was stated.

Blue Daisy Sale Slated at Keego Friday, Saturday

KEEGO HARBOR — Blue Star Mothers Chapter 39, will hold its annual Blue Daisy Sale Friday and Saturday.

Members of the chapter will be stationed at street corners to sell the flowers made by disabled veterans.

Proceeds from the sale will go toward the club's hospital and welfare work and the Christmas boxes of local men and women in the armed forces, according to Mrs. Wright Madill, publicity chairman.

Mrs. Edward Sadler of Highland Road, president of the club, entertained members and their guests at a picnic Tuesday in preparation for the sale.

New Hudson Women Do Cancer Work Again

NEW HUDSON — A community group met today at the Methodist Church to continue its project of making cancer pads for the American Cancer Society.

So far the group has made more than 400 pads from materials furnished by the society. This is the fourth month of local operation of the project.

Honeymooning in northern Michigan are Mr. and Mrs. Douglas H. Collins of Auburn Heights. The newlyweds were married Saturday. The bride is the former Virginia May Bowden.

Pair Honeymoons in Upper Peninsula

Bowden-Collins Rite Read at Candlelight Ceremony

AUBURN HEIGHTS — Virginia May Bowden became the bride of Douglas H. Collins at a candlelight double ring ceremony Saturday evening.

The bride is the daughter of Mr. and Mrs. Earl W. Bowden of Auburn avenue. Parents of the groom are Mr. and Mrs. Kenneth M. Collins of Crooks road.

A floor-length gown of bridal lace over silk taffeta with a fitted bodice accented by long pointed sleeves and tiny button trim was worn by the bride, who fashioned the gown.

A matching crown of lace and pearls held her finger-tip veil of tulle with appliqued rosettes. She carred a bridal bouquet of white rosebuds, white carnations and stephanotis with streamers.

Virginia Upchurch was the maid of honor, and the groom was attended by his brother, Kenneth, as best man.

A reception at the Legion Hall on Churchill Rd. followed the ceremony. The newlyweds will honeymoon for two weeks in Upper Michigan.

Ralph Quades Announce Engagement of Daughter

LAPEER — Mr. and Mrs. Ralph Quade have announced the engagement of their daughter, Audrey Arlene, to Larry Hagemeister, son of Mr. and Mrs. Linwood Hagemeister of Lum.

No wedding date has been set.

Student Gets Degree

BROWN CITY — Richard C. Neuman, son of Mr. and Mrs. W. R. Neuman, has received his B.A. degree from the School of Business Administration at Michigan State College. He majored in accounting.

Mrs. Witsoe Is Hostess to Home Extension Club

ROCHESTER — "Color in the Home" was the lesson presented by Mrs. George Trevethan at a recent "E-Z-Do-It" Home Extension Club meeting. Mrs. Jessie Witsoe served as hostess and chairman.

During the business section of the meeting, Mrs. Bill Collins was elected new vice chairman, Mrs. Gilbert Green, recreation chairman, and Mrs. Lawrence Trevethan, community chairman.

Next meeting of the club will be at the home of Mrs. Bill Collins for a wiener roast, Sept. 1.

MOMs Unit 19 Names 2 Convention Delegates

AUBURN HEIGHTS — Mrs. Samuel Sprague and Mrs. Malcolm Scantland have been named delegates to represent MOMS Unit 19 at the Michigan State Convention to be held in Detroit Oct. 7-9. Mrs. George Funk and Mrs. John Sruytyer are alternates.

The public is invited to a park supper at the old fire hall Saturday at 5 p.m.. The proceeds will go toward the work fund of the Auburn Heights MOMS.

Final Inspection OKs Fire Communication

ROCHESTER — Final inspection of the new Avondale Fire District communication system was made at noon yeaterday.

All residents of the district should now call OL 1-9611 in case of fire alarms.

Chicken for Homecoming

SEYMOUR LAKE—A fried chicken dinner will highlight the annual Seymour Lake Homecoming Saturday. A program is being planned for 2 p. m. in the church. The Woman's Society of Christian Service will serve the noon dinner.

Honey Queen Crowned

IONIA (AP)—Maxine Koss, 18, was crowned Honey Queen at the Ionia Free Fair Wednesday by Gov. G. Mennen Williams. She will compete for the title of Miss Michigan at the Michigan State Fair in Detroit next month.

Bentley School Graduates Plan Reunion Saturday

LUM — Bentley School graduates will hold their annual reunion Saturday at the home of President William Bentley on Mitchell Lake Road. Former teachers, students, parents, and friends are expected to attend. A potluck dinner will be served at noon.

Goodwill Industries Tour Planned by Troy WSCS

TROY TOWNSHIP—A tour of the Goodwill Industries has been planned for next Thursday by the WSCS of the Troy Methodist Church.

Luncheon will be served after a tour of the plant. Reservations must be made by Monday. Transportation is being arranged by Mrs. George Hutchens.

Deaths in Nearby Communities

Clifton H. Goodell

WHITE LAKE—Word has been received here of the death Wednesday of Clifton H. Goodell, in Detroit. He was a resident of White Lake for 30 years.

Service wil be held Saturday at 2 p.m. at the Richardson-Bird Chapel, with burial in White Lake Cemetery.

Mr. Goodell is survived by his widow, Hazel.

Mrs. Anna Jones

CASS CITY—Service wil be held for Mrs. Anna Jones, 76, at 2 p.m. Friday in the Douglas Funeral Home with burial in Elkland Cemetery. Mrs. Jones died Tuesday night following a long illness.

Two sons preceded her in death.

Mrs. Anna M. Babylon

AUBURN HEIGHTS — Service will be held at 2 p.m. Saturday for Mrs. Anna M. Babylon, 91, 2921 Auburn Rd., at the R. V. Cromes & Sons Funeral Home in Sydney, Ohio. Burial will be in Houston, Ohio cemetery. She died this morning after a long illness.

Surviving are two sons, Carl R. Chrisman of Auburn Heights, and Herman Earl Chrisman of Tipp City, Ohio.

James Pepper Fagan

HOLLY — Service for James Pepper Fagan, 2½-year-old son of Mr. and Mrs. Robert William Fagan of 116 Clarence St., will be held at 9 a.m. Friday at St. Rita Catholic Church, with burial in Hadley Cemetery, Groveland Township. Arrangements are by Dryer Funeral Home.

He died yesterday in St. Joseph Mercy Hospital, Flint.

He is also survived by a brother and a sister, grandparents and great grandparents.

Seek Opinions on High School

Rochester Educators to Consult 2 Additional Architectural Firms

ROCHESTER — Before proceeding with the high school building program, the Rochester Board of Education will consult two additional architectural firms, it was announced this week.

The action was taken in accordance with the recommendations of the Citizens Advisory Committee.

While declining to name either of the two firms, School Supt. Donald C. Baldwin said each will be given an opportunity to make suggestions to the board for the best possible use of the 50-acre site approved by voters last December. The land is at Pontiac and Livernois Rds.

H. E. Beyster Associates, who served as architects for the Hamlin and Baldwin School additions now being built, will also be given an opportunity to make suggestions, Baldwin said.

"This action in no way implies that the board has been dissatisfied with the services being offered by the Beyster organization," he declared.

"However, it seems like good business to see what is being done in the field of high school construction before we begin the major part of our building program."

Baldwin said the other two architectural firms have built a number of high schools and have national reputations for work in this field.

Rochester Board of Education in New Offices

ROCHESTER—New offices of the Rochester Board of Education were opened this week in the Townsend home at West Pontiac and Livernois Rds.

On the site of the proposed high school, this building will house the offices of Supt. Donald C. Baldwin and Assistant Supt. Richard Huiszenga.

A large room on the second floor will be used for board of education meetings.

Baldwin stated that the office will house a staff consisting of two administrators, a bookkeeper, secretary and janitor. A blue-prints room also is located on the second floor.

Original Wedding Guests to Be at 50th Celebration

COLDWATER (AP) — The golden wedding anniversary of Mr. and Mrs. Harry McDougall of Coldwater Saturday will be attended by three persons who attended the wedding 50 years ago.

They are Mrs. Percy Kolf of Helen, Mont., a nice of McDougall; his siste, mrs. Mattie Miller, and Mrs. McDougall's sister, Mrs. Mae Smith, both of Coldwater.

County Births

Rochester

Mr. and Mrs. Howard Musick of 276 North Rochester Rd. announce the birth of a daughter, March Marie, in the Pontiac General Hospital Sunday.

Asking Waiver on Juvenile Who Shot Youth

DETROIT (UP)—Police said today they will ask Juvenile Court to waive jurisdiction over a 15-year-old boy who shot the leader of a rival gang with a stolen pistol.

Police said the boy shot Calvin Martin, 17, Ferndale, Tuesday night to avenge the "roughing up" of a member of his gang.

Martin was reported in good condition in receiving hospital with a flesh wound in his hip.

Cass City Farm Groups Meet for 2 Discussions

CASS CITY — Two farm groups in this area met recently for discussion sessions.

Sixteen members of the Cass-Valley Farm Bureau met at the home of John Koepf. Hugh Connolly was discussion leader.

Mrs. Clare Carpenter led a discussion on "Farm Inheritance and Should a Farmer Make a Will," at a meeting of the Elkland Farm Bureau in the home of Alfred Goodall.

VFW Fifth District Meeting Set Sunday

The first meeting of the Fifth District of the Veterans of Foreign Wars under the newly elected officers will be held Sunday afternoon at the Roseville Post 2358.

Fred K. McDaniels, newly installed commander, will preside, with plans for a membership drive the major business of the day.

Discussion will center on the current Michigan legislative program to increase funds to Korean War Vets.

University Conducts Blind Flying Project

CHICAGO (UP)—Since nothing can be done about the root cause of most plane crashes, bad weather, the University of Illinois Institute of Aviation is doing something about the pilots.

The university is using a $4,000 grant from the American Aircraft Owners and Pilots Foundation for research in "blind flying."

More than 1,000 persons die annually in private plane crashes. Most of them are victims of unsuccessful attempts to reach the ground in bad weather, and most of these pilots are not trained in instrument flying.

The university intends to develop a one-instrument control to replace the present three-dial system. The object is to make the operation simple enough so that any instructor can train non-instrument pilots in blind flying maneuvers.

Pilots who complete the course will receive a "life-saving rating."

Police Foil Freeloaders

MACON, Ga. (UP) — Police have resorted to numbering parking meters here to prevent motorists from using traffic tickets placed on their cars at one meter for a bit of free - loading at other meters. Now the ticket bears the number of the meter involved and overparking beside some other meter will mean an additional ticket.

American production of mink fur has doubled in the past seven years.

Committee Urges India Adopt Single Calendar

NEW DELHI, India (UP) — A new calendar, called the national calendar, has been prepared by the calendar reform committee and will be presented to the Indian Council of Scientific Research this year.

The committee said the national calendar should have its New Year on the first day after the vernal equinox on March 22. It said that days must be reckoned from midnight to midnight for civil purposes, while calculations of days from sunrise to sunrise may be followed for religious purposes.

India has a bewildering variety of calendars used in various regions for administrative and religious purposes, some lunar, some solar and others luni-solar. At the present time there are more than 30 different calendars.

In the holy city of Benares, there are four and it is common to find important Hindu festivals being celebrated on different days in different parts of the country. In Calcutta this year one Hindu festival was celebrated on different days in the same city.

Father Given Cigars

DETROIT (UP) — When Tony Fox, a county auditor's clerk, became a father for the 14th time, County Auditor Charles Edgecomb didn't wait for him to start passing out cigars. He reversed the procedure and presented Fox with a box of cigars.

Hi-Fiers Speak Unique Language

CLEVELAND, Ohio (UP)—High-fidelity music has moved into a basement at Fenn College here in a big way.

A Hi-Fi Club has been organized. The college has bought equipment and interested faculty members, lead by Prof. William Davis, chairman of the electrical engineering department, have pitched in to construct the necessary and involved installations.

A bulletin board advises newcomers of the definition of terms needed to comprehend this new medium. Among the terms are:

Woofers — Large speakers to carry low tones.

Tweeters — Small speakers for high tones.

Highs — Vibrations above high C up to 20,000 cycles.

Flattie—A recording with none of the sound filtered out.

Baffle — A speaker mounting board.

Urges Outdoor Camping for Young, Old Cardiacs

NEW YORK (AP)—Outdoor camping can be good for children with heart trouble — and for their parents, too, says Dr. Katherine Dodge Brownell, head of New York Heart Assn.'s public health committee.

She says cardiac children too often are overprotected, denied group experiences and "tied to their mothers' apron strings." Specially supervised camps, she says, can help child morale — and improve parents' attitudes.

LAST OF THE APACHES—Jean Peters portrays the beautiful Indian girl, Nalinle, opposite Burt Lancaster, in the savage story of a brave warrior's last battle. Lancaster is the warrior, Massai, famed in American legend as the fierce brave who alone held off an American army. The picture "Apache," in Technicolor, in its first test-run at drive-in theaters, is being shown on the giant panoramic screen of the Pontiac Drive-In, starting Friday.

Berkley Singer Will Be Heard With Flanagan

Connie Mavis, a Berkley girl who is the featured vocalist with the Ralph Flanagan band, will make her first local appearance with the orchestra Saturday at Walled Lake Casino Ballroom.

Also highlighting the Saturday night engagement will be the Ralph Flanagan Dance Contest, with a gold cup to be awarded to the winner and RCA Victor record albums going to runners-up.

To take place during a regular dance set, the contest will be judged by several leading Detroit disc jockeys.

On Friday and Sunday Don Pablo and his orchestra will play for dancing at Walled Lake Casino Ballroom.

Cream Causes Crash

OMAHA, Neb. — (UP) — Spilled cream on a highway south of here had seven vehicle owners crying after an involved smashup. The cream—four inches thick in spots—was spilled from a cream truck after it struck a car. A day later, six cars and a truck piled up at the spot after the first car skidded on the creamy pavement.

Japan's milk production in 1953 was 182,208,000 gallons, 21.9 per cent above the previous year.

Sufferers From Hayfever Get Some Bad News

LANSING (AP) — The state health department had some bad news for hayfever sufferers today.

The department said the hayfever season—which generally starts about Aug. 15—will be worse than usual this year.

A greater amount of ragweed, the chief irritant, can be anticipated because vegetation is generally more abundant due to increased rainfall.

Medication can provide temporary relief, health experts advised. But the best advice, they said is —"go north"—since relief from the irritant of ragweed generally can be found in the Upper Peninsula and northern Lower Peninsula.

Savings Recalled

HARTFORD, Conn. (UP) — Checking a list of unclaimed bank accounts, James Spicer Jr., remembered one he opened years ago. He got in touch with the bank and records proved he had a dormant account. Shortly afterwards he received a dime, the amount he deposited when he was a fifth grader.

Political Crises Past for Brazil President

RIO DE JANEIRO, Brazil (UP)—Tough old Getulio Vargas—former dictator turned constitutional president—appeared today to have surmounted one of the gravest crises of his long, turbulent career.

The 71-year-old leader apparently has weathered a wave of military and civil unrest that might have forced his resignation, but it may be one of the last major battles for the wily old politician. is term expires Jan. 31, 1956, and under Brazil's constitution he cannot run again until five years—one term—later. By then he would be 77.

The crisis was touched off by an assassination attempt last Thursday on anti-Vargas editor Carlos Lacerda in which a popular air force officer, Maj. Ruben Vaz, was killed. When employes at the presidential palace were linked to the crime, Vargas was accused of laxity. Two persons were injured in rioting yesterday.

Cargo Volume Increases

TOKYO (UP) — Volume of cargo carried by Japan's oceangoing vessels increased 24 per cent during the 1953-54 fiscal year, but proceeds jumped only one and a half per cent, according to the transportation ministry. The relatively small increase in earnings compared with the sharp jump in tonnage carried was due to a 30 per cent decrease in freight rates as a whole, the ministry said.

Fire Alarm Clogged by Hornets Nesting

NORTH CHESTERVILLE, Me. (UP)—Hornets, not bats, in the belfry caused the trouble.

Volunteer firemen were summoned by telephone and by knocks on their doors to fight a fire in the home of Bessie Bonney. They quickly doused the fire and then took on the more delicate job of removing the hornets' nest that was clogging the fire siren.

The two-year Buddhist council in Rangoon, Burma, is scheduled to end in May, 1956.

State Advises Farmers on Williamston Plan

LANSING (AP)—Farmers who want to organize a "Williamston plan" hunting cooperative should make application not later than Sept. 1, the State Conservation Department said today.

The department explained that the basic plan is for farmers in two or more square miles of adjoining lands to band together and post their lands as a unit. This provides for a regulated harvest of the area's game and a control of trespass problems.

Tickets for hunters and boundary, gate and zone signs are provided free by the department.

Danger and Hope to Reign as Religious Men Meet

EVANSTON, Ill. (AP)—Churchmen from the East and the West headed today for a religious arena which is charged with tensions—both religious and political.

The gathering is in the cause of Christianity.

But around this central purpose swirls a haze of doubts and discords that could roll in to frustrate the meeting—the Assembly of the World Council of Churches here, starting Sunday for two weeks.

"There are dangers, but there also are hopes," said Dr. G. K. A. Bell, Britain's Bishop of Chichester and chairman of the council's Central Committee.

"The danger in a great body of churches meeting in a time of so much strain, antagonism and hostility is that some may seek to reflect their own political and national points of view.

"But there is hope that they will all come together in a mood to submit various experiences and insights, even ideologies, to the mastership and judgment of Christ."

Although the council faces a host of touchy social and religious questions, probably the most explosive is the relationship of Christianity and communism, and the presence of delegates from Communist countries.

At least 18 churchmen from Red-ruled lands—8 from East Germany and 5 each from Hungary and Czechoslovakia—will be among the 1,500 representatives. Others from Poland and Yugoslavia also may attend.

"Communist collaborationists" is the label applied to them by Rep. Alvin M. Bentley (R-Mich), who says he will hold hearings simultaneously with the assembly to show their "false pretenses."

He said they are "servants of world communism who masquerade as men of God.'

Others, including two Midwestern American Legion posts, also have denounced admission of the delegates. Daniel A. Poling, editor of the Christian Herald, called them "puppets of atheistic communism," and said:

"Evanston must declare communism antireligious, anti-Christ and utterly antagonistic to everything for which the church should stand, or Evanston will divide the American Protestant community."

However, none of the 161 Orthodox, Old Catholic, Anglican and Protestant denominations in 48 countries belonging to the council have opposed representation of the Iron Curtain churches.

Dr. W. A. Vissert Hooft, the council's general secretary, said some of us may disagree" with positions taken by Iron Curtain churchmen, but council membership is based solely on a "spiritual criterion"—recognition of Christ as divine Lord and Savior.

He added it is "terribly important for this movement to keep in touch with the churches" behind the Iron Curtain, and so "everything we can to strengthen the links with Christians in those countries."

Secretary of State John Foster Dulles, who as a church leader clashed with Iron Curtain delegates at the council's founding assembly six years ago at Amsterdam before he entered the government, backed their admission now.

The State Department made detailed inquiries before approving the visas. It said the importance of the meeting to worldwide Christianity was so great the government should not bar anyone legally admissible.

This implied none were found to be Communists or Fascists, who are barred under the McCarran Act.

Dr. O. Frederick Nolde, chairman of the council's International Relations Commission, called the decision a "clear demonstration of our belief in religious freedom," which would hearten people under totalitarian rule.

Most vociferous attack on admitting the Iron Curtain churchmen has come from the Rev. Carl McIntire of Collingswood, N. J., head of a small faction of fundamentalists called the International Council of Christian Churches.

Describing the delegates as "agents of the Kremlin," he has urged a wave of rallies, resolutions, speeches, advertisements, letters and demonstrations to protest their coming.

Experts estimate there will be more than 15 million people over 65 in the United States in 1960.

Notice of Special Assessment: Curb, Gutter, Drainage and Related Work on Mansfield Avenue from Joslyn Avenue to Laurel Street

To: Susie Butler, Edward Karnoogian, P. Kelly, Roland Centers, Mary C. Fuller, Wm. Tatu, Alberta Bailey, Clinton George, R. G. Lawson, William G. Gibson, M. Church, John Kresnak, Lusien S. Moore, H. Graham, Mr. Pearson, Wm. J. Drouin, John J. Coyal, Chas. I. McClement, Lennie Erickson, Raymond V. Nonaker, Fred S. Lynch, Cowell Barnes, John Ritter, Capital Sav. & Loan, Mr. Martin, Filmore A. Moore Wins 'Called Shot' TKO Over Johnson

By MURRAY ROSE

NEW YORK (AP)—A spectacular "called shot" technical knockout over able Harold Johnson in the 14th round added luster to light heavyweight champion Archie Moore's great record today.

* * *

Now the 37½-year-old fistic marvel will seek to fatten his bankroll with a Sept. 23 title fight in Omaha against either Joey Maxim or Jimmy Slade.

* * *

After stopping the fast-punching, solidly-built Johnson in dramatic come-from-behind fashion for his 19th straight victory, Moore said he'd like to fight either heavyweight champion Rocky Marciano or Don Cockell, the British heavyweight king.

Manager Johnston, a realistic soul, said "Marciano has that Sept. 15 title fight with Ezzard Charles and I know Cockell doesn't want any part of Archie. We want the dough and they're offering Archie $100,000 to fight in Omaha. We're ready."

Moore was ready, too, when his manager told him to go out and "get" Johnson in the 14th.

"I'll knock him out in this round," Johnston said Moore calmly told him. He did, in 56 seconds.

The crouching champion tore after his tiring rival, staggered him with a right to the chin, and then rained blows on his sagging rival. Johnson fell on his back in his own corner.

The Philadelphia Negro got up at six but his legs were rubber. Referee Ruby Goldstein, forgetting that the eight-count knockdown was not in force for this championship contest, continued tolling until eight.

Then the aroused champion smashed Johnson with both hands. As Johnson started to sag again, Referee Goldstein stepped in and stopped the slaughter.

Although Moore was trailing going into the 14th (two of the three officials had him behind), the 175-pound champ said he had no doubts about the outcome.

"I knew I'd get him," said Archie. "He started to tire in the eighth. He got a little life back with the knockdown (in the 10th) but in the 13th I stung him and knew then I'd catch him in the 14th."

Johnson decked Moore in the 10th with a right behind the ear to win the round. If the fight had not been over the 10-round limit, Johnson would have won. All three officials had him ahead at this point.

* * *

Johnson, off fast while Moore fumbled through the early rounds, built up his margin with fast counters while backing away for the most part. It was Archie moving in and Johnson snapping back with jabs, hooks and occasional left-right combinations. Midway in the scrap, Archie started the softening-up process with body blows.

Moore recorded his 118th triumph. He has lost 19. The champ's surprisingly low weight of 173 was the lightest he has scaled since he was 172½ when he won the title from Joey Maxim Dec. 17, 1952.

* * *

With New York blacked out of the national telecast, the bout drew 8,327 and grossed $34,024. Moore supposedly got 40 per cent and Johnson 20, but it was believed that the champion got Johnson's share of the $50,000 TV money. All told Archie collected about $37,000 and Johnson about $6,000.

AP Wirephoto

MOORE DOWNED—Light heavyweight champion Archie Moore gets up on his hands and knees after being floored with a right to the ear by challenger Harold Johnson in 10th round of their title fight in Madison Square Garden last night. Although he appeared to be up at the count of three or four, the official count mounted to six before the bell ending the round rang. Moore won on a TKO when referee Ruby Goldstein stopped the fight in 56 seconds of the 14th round.

U. S. Opens Cup Play

By JOE FALLS

LONDON, Ont. (AP)—Bolstered by four "rookies," the United States' Americas Cup golf team—composed of the finest amateurs in the land—opened defense of its title today in the second international matches against the best from Canada and Mexico.

Jack Westland, non-playing captain from Everett, Wash., termed his team "good enough to represent our country in the Walker Cup matches" in St.Andrews, Scotland, next May.

* * *

This is indeed high praise, but Westlands exuberance is easily understood. On his side will be three thoroughly tested veterans and four brilliant newcomers whose names were only names when the first Americas Cup matches were held two years ago in Seattle.

* * *

Leading the U.S. bid over the par 35-35—70, 6,480-yard London Hunt and Country Club will be Bill Campbell, 32-year-old Huntington, W.Va., insurance agent who was runner-up in the recent British Amateur; Charley Coe, three-times Walker Cupper from Oklahoma City, and handsome Harvey Ward, San Francisco automobile salesman who won the British Amateur in 1952.

All three were members of the United States team which squeezed to victory in the first Americas Cup matches, edging Canada 12 points to 10. Mexico was a poor third, scoring only five points.

* * *

Leading the U.S. newcomers is dynamic Billy Jo Patton, the Morgantown, N.C., lumberman who showed Ben Hogan and Sam Snead a few tricks in this year's Masters and U.S. Open championships.

The other newcomers on the Americas Cup team are Dale Morey, Western Amateur champion from Indianapolis; Don Cherry, the Wichita Falls, Tex., crooner who will defend his Canadian Amateur title in London next week; and Joe Conrad, 24, the youngest member of the team. Conrad, a steady tournament winner in the Southwest, is from San Antonio, Tex.

Today's play was somewhat intricate. Three 36-hole "sixsome" matches were on tap. Each country had two players in each match, with players hitting alternate shots.

GMC Wins Opening Test in 'A' Baseball Playoffs

City Class A Baseball League playoffs got under way yesterday at Wisner Field, with General Motors downing Oliver Buick, 8-6, in opening-round action.

Today's contest matches the regular-season champion Pontiac Jets and Auburn Merchants at 5:30 p.m.

GMC built up a 5-0 lead before Oliver scored its 1st run on a homer by relief pitcher Dick Goldsworthy in the 5th.

Coachers added three more runs in the top of the 6th, but Oliver broke loose with a 4-run rally in their half of the frame.

Don Ernst relieved GMC starter Herm Bishop at that point to retire the Buckmen. Roy Bone took over pitching duties in the 7th and was nicked for one final run.

Bishop, who struck out five and walked one, was credited with the victory.

GMC	001 403 0	8	4
Oliver	000 014 1	6	4

Bishop, Ernst, Bone and Berg; Cates, Goldsworthy, Womack and Stack.

It's Time Out!

"I guess our training idea of not letting him have dates or eat any sweets the last six months wasn't so good after all!"

Shaw's Girls Reach Finals

Defeat GMC to Earn Berth Against Giles Team Tonight

Shaw's squad advanced to the finals of the City Girls' Softball League playoffs last night after eliminating General Motors, 4-3, at Northside Park.

Championship game is set for tonight at 7 p.m. at Northside.

5 Sports Pages in Today's Pontiac Press

with Shaw's taking on undefeated regular-season champion Giles Realty.

GMC scored two runs in the opening frame and moved into a 3-0 lead when Madeline Hoffman slammed a bases-empty homer in the 3rd inning. Shaw's took advantage of five walks in the following inning to score all four of its runs.

Shaw's	000 400 x	4	2

Bender and Hoffman; Sories, Jones and Polina.

Sees Game Hard Way

RICHMOND, Va. (AP)—Richard Ashworth, 9, wanted to see the Richmond Virginians of the International League play against Ottawa. Not having any money, he attempted to scale the left field fence. Instead he snagged his leg on a piece of wire.

After emergency treatment Richard was given a box seat by the team's physician, Dr. E. E. Haddock, who is also Richmond's mayor and a team booster.

Stool Pigeon Dogs

OKLAHOMA CITY (AP)—A couple of man's best friends are stool pigeons, from their boss' point of view.

Game ranger Milton Stalcup reports that he was tracking down a game violator and lost the trail when two hounds came joyfully out of a hiding place in the grass to greet him. Eagerly the dogs led him into the prairie grass to greet their master in his hiding place.

Jolly Milwaukee Manager Passing Out 'Bouquets'

ST. LOUIS, Aug. 12 (AP) — Manager Charlie Grimm isn't exactly predicting a pennant for his jet-propelled Milwaukee Braves, but "if we keep going as we are, anything may happen."

"The boys are going great," Grimm said. "Spirit is fine."

The boys, as Grimm puts it, had won 15 out of 17 going into Wednesday's game with the St. Louis Cardinals.

They trailed the league-leading New York Giants by 7½ games and the Brooklyn Dodgers by 3½. The Milwaukee manager called attention to the "two tough clubs we still have to catch."

The Braves could cite the case of the 1951 New York Giants to those who think their pennant hopes are far-fetched. Three years ago today the Giants, 13 games behind the Dodgers, started the drive that put them into the world series.

Manager Grimm, jollier than usual, was passing around bouquets in great profusion.

He singled out Del Crandall, the husky young catcher, as having as much to do with the Milwaukee pennant dash as any other player.

Bob (The Bartender) Grim Is Yanks' Candidate for Rookie of Year Honors in American League

By JACK HAND

NEW YORK (AP)—Bob the bartender is the New York Yankees' candidate for Rookie of the Year honors in the American League. They call Bob Grim the barkeep because his family runs a tavern in Brooklyn and he mans the spigots during the off season.

* * *

When Grim beat the Philadelphia A's Tuesday night, he became the first Yank rookie to win 15 games since Hank Borowy in 1942. Spec Shea might have made it in '47 if he hadn't come up with a sore arm and Whitey Ford might have done better in '50 if he had been with the club all season. But those are "might have beens."

Grim's feat is an accomplished fact. With 42 more games to go, the 24-year-old righthander could hit the 20 mark.

* * *

Casey Stengel was talking about the youngster in his office at Yankee Stadium after he had beaten the A's.

"The kid came down for our school," he said. "He was just out of the Marines and never played higher than class A ball so he didn't figure.

"Every time we pitched him, he got the hitters out. Jim (Turner) liked him and so did everybody else. When we go to Vero Beach to play Brooklyn, I pitch him and he shuts out the regular Brooklyn lineup for six innings. They finally get some runs on him in the seventh after Phil Rizzuto makes an error.

"I want another look. So he goes against Brooklyn. By the end of the spring training season, he looks like about the best pitcher we've got in camp so I said to George Weiss 'I think this fella can beat the bad clubs in our league.'

We put him in right spots until he got used to things. Then we started pitching him against the big clubs. It's a good thing we've got him, the way some of our pitchers are going. Whitey Ford, Grim and Johnny Sain, that's about our pitching."

Grim, a pleasant youngster, never figured he'd make the Yanks last spring. "I'd have been happy to make Kansas City," he said. In his last year before the Marines he was a 16-5 winner at Binghampton in Class A under Bill Skiff, veteran minor league manager.

If the Yanks ever catch Cleveland and win their sixth straight, young Mr. Grim, a wiry six-footer, will deserve a good share of the credit.

Chicagoan Ken Hulslander Named St. Fred's Coach

A 29-year-old Chicagoan has been named head coach at St. Frederick's High School, it was announced today by Rev. Maurice Veryser, athletic director at the Pontiac southside parochial school.

Kenneth Hulslander, who last year coached at Roseville's Eastland High School, will assume the post with the start of this fall's football season.

Hulslander graduated in 1950 for Western Illinois State Teachers College, where he played four years of varsity football and two years of varsity basketball. He was an all-conference selection as a tackle in football his last two years.

In his one season at Eastland, Hulslander's team had a 1-6 record in the Bi-County League. Prior to coming to Roseville, he was freshman football coach for two years at his alma mater.

HULSLANDER

He will teach general science and American history at St. Frederick, in addition to his coaching duties. Al Serra, former Ram athletic star, will assist Hulslander in football.

Hulslander is married, and became the father of a son two weeks ago. The Hulslanders plan to move to Pontiac late this month.

Field Archers to Hold Inaugural Test Sunday

Southern Michigan Field Archery Association will hold its inaugural tournament at Imlay City, Sunday.

Archers may register and start shooting anytime between 8 and 10 a. m. There will be merchandise awards and all archers are invited.

Yesterday's Stars

PITCHING—Virgil Trucks, Chicago White Sox, became the first American League pitcher to win 17 games as he pitched his fifth shutout, 1-0 over Baltimore.

BATTING—Ted Williams, Boston Red Sox, hit two home runs, each with a man on, to run his lifetime total to 359, tieing Johnny Mize for sixth on the all-time home run list.

Fair Picks Up Sixth Feature

Pontiac Driver Tops Field in Return of Hardtops at M-59

Hardtops returned to action at the Pontiac M-59 Speedway Wednesday night after missing 2 meetings because of rain. Joy Fair of Pontiac picked up his 6th feature event triumph of the season.

Fair sped into the lead in the 17th lap and was holding that position when a 6-car pileup forced the stopping of the race in the 20th lap. George Moore of Lake Orion was awarded 2nd place and Chuck Partello of Rochester, 3rd.

Moore earlier had captured the Australian pursuit, and Partello took the trophy dash. Rusty Kelly qualified very slow, but raced to an easy win in the semi-final. He and Partello also took heat races as did Doc Wheeler, Ray Fraley and Sid Keller.

One heat of old model stocks was run with Harman Wilcutt winning.

Marathoner Believed Fit for Travel Now

VANCOUVER, B. C., Aug. 12 (AP)—Marathon runner Jim Peters, who collapsed a dozen times in trying to reach the finish line in the British Empire Games Saturday, will leave for home with the English team today.

England's team manager, Les Truelove, said Peters, in the hospital since his collapse in Empire Stadium, now is "quite fit for travel."

Peters was disqualified when his trainer grabbed him 220 yards short of the finish line of the 26-mile race after he fell to the track 12 times. Truelove said Peters' doctors "feel that there will be no permanent ill effects arising out of his exhaustion."

Weight-Lifting Contest at Metropolitan Beach

Michigan weight lifters will display their brawn and muscular coordination at Metropolitan Beach on Saturday, Aug. 14, competing for trophies and the title of "Mr. Metropolitan Beach." The event is the 3rd annual Odd Lift and Physique Contest sponsored by the Michigan A.A.U. and begins at 2 p.m.

A judo exhibition by the Detroit Judo Club will be an added attraction.

Munn Recalls Crucial Score in '47 Season

EAST LANSING—Biggie Munn's own idea of the most important touchdown scored by a Michigan State team during his seven glamorous years at the helm is the one which beat Mississippi State 7-0 in the second game of 1947.

It was Biggie's first season at State, his team had lost the opener to Michigan 55-0, and a morale-boosting victory was badly needed. A pass, Bob Krestel to Warren Huey, beat Mississippi State and put the Spartans back on the high road toward a fine season of seven wins and two losses.

2 Recreation Nines Move to State MRA Title Trials

Pontiac's Class F and Midget champions advanced to the Michigan Recreation Association state tourney field at Jackson next Monday by eliminating Roseville entries on the Columbia-Joslyn diamonds Wednesday morning.

Lunsford Market, the Class F champs, whipped Roseville, 13-3, as Joe Tinson and Dennis Evans limited the losers to 2 hits. Midget kings Boys Club blanked Roseville, 9-0, on Tom Mayes' 1-hitter.

Meanwhile, Griff's Grill, the Class D winners, made an unnecessary trip to Flint, due to a schedule misunderstanding. Grill nine will return today for a 2 p.m. district game with Flint at Barston Field.

Mayes fanned 8 and walked 2 in his 1-hit performance, while the hitting was led by Bob Rabaja, with 3 singles in 4 tries. Roseville's Art Wolcanski was tagged for 8 hits despite his record of 15 strikeouts.

He whiffed the side in each of the 1st 4 innings, yet trailed 3-0. Pontiac added 2 more runs in the 5th and 4 in the 7th.

Lunsford's accumulated 14 hits in routing their foes. Jim Skinner was the pacesetter with 3 hits.

CLASS F

Pontiac Lunsford's	400 342	0	13	14	5

Yanks May Not Realize on Hope Tribe Will Fold

Indians Appear to Be Thriving on Pressure, Win Close Ones

NEW YORK (AP) — Cleveland's reputation of folding in the stretch may wind up only a forlorn hope of the New York Yankees if the Indians continue to thrive under pressure.

Al Lopez' surging crew is traveling at a phenomenal .700 pace, but what's more important, psychologically, they're winning the close ones.

* * *

Figures compiled by The Associated Press show Cleveland has the major leagues' best record in one-run and extra-inning games.

The Indians have won 22 games and lost only nine by the margin of a single tally. In 13 overtime contests, they've produced 10 victories. Including its 2-0 victory over Detroit yesterday, Cleveland has captured 11 games by two runs and dropped four.

* * *

The Yankees have done well enough in the one-run games with a 21-10 mark, but have floundered in extra-innings with five triumphs against five setbacks.

The Chicago White Sox, in third place, have won only 15 of 34 one-run tilts and two of six overtime tussles.

In the National League, Brooklyn has an 18-11 record in one-run games for the top slate while the pace-setting New York Giants are in front in the extra-innings department with 8-3.

* * *

The onrushing Milwaukee Braves probably wouldn't have had to make up so much lost ground if they had done better in the tight games earlier in the season. They have won 17 and dropped 22 of the single-tally contests and six of 15 in overtime.

Power Proves Payoff in All Type of Sports

By PAT ROBINSON

NEW YORK (INS)—After watching jut-jawed Lewis Hoad, young Australian tennis ace, blast an opponent off the court the other day, an old-timer remarked: "I see they still pay off on power."

When you combine raw power with skill, finesse, speed and brains—as Hoad does—you have the makings of a champion. The delicate touch may be nice to look at for a while but fans in all sports quickly grow bored if there is no power in evidence.

A baseball fan appreciates a skillful bunt now and then but a Babe Ruth blasting one over the fence is what brings him to his feet. Walter Johnson had no curve worth mentioning but the sheer brute power in his fast ball is what stirred the fans.

And you may recall what a thrill Ecanco Nagurski gave the football fans as he blasted his way through an opposing line or bowled over all opposition while running his own interference around the ends.

And who can ever forget the overwhelming power and speed of Howie Morenz or Ching Johnson in hockey?

What moves the crowd as a Man O'War, Citation, Tom Fool or Native Dancer comes roaring down the stretch? It's sheer power isn't it? Even in track and field, power is still paramount. Ever see Jesse Owens turn it on in the last 50 yards? Or watch Roger Bannister in his closing rush to the tape.

As for the ring, million dollar fight gates are not built with cream puff punchers. It takes a Jack Dempsey or a Rocky Marciano to pack them in.

Williams Moves Up on All-Time Home Run List

2 Wednesday Gives Ted 359, Trails DiMag Total by 2

BOSTON (AP)—Ted Williams, Boston Red Sox slugger, has moved into a sixth place tie with Johnny Mize in the all-time major league home run derby with 359.

* * *

Ted's two-run homers in the first and third innings of the first half of a doubleheader with Washington yesterday raised his season's total to 22—four behind league-leading Larry Doby of Cleveland. Boston won 10-1 in the first but dropped the night contest 5-4.

Williams is just two home runs behind fifth place Joe DiMaggio's lifetime total of 361. From there it's a long jump to Lou Gehrig's 493.

* * *

Here's a look at the leading home run hitters of all time:

Babe Ruth	714
Jimmy Foxx	534
Mel Ott	511
Lou Gehrig	493
Joe DiMaggio	361
Ted Williams	359
Johnny Mize	359

* * *

Williams, who has 65 runs batted in and has scored 59 times off his .359 batting average, could break DiMaggio's Mark, a longtime goal of Ted's, in the former home of the Clipper—Yankee Stadium—this weekend. The Red Sox are scheduled for a three-game series with New York Friday night, Saturday and Sunday.

Drug Wins 1st Playoff Contest

Waterford Township Men's Softball league playoffs began Wednesday night, while the Junior League title series concluded at Township Park in Drayton Plains.

Drayton Drug handed Gidley Electric a 3-0 shutout to open the Men's tourney. Meanwhile, White Brothers won the Junior League title by whipping Drayton Drug, 14-2. Seven runs in the 4th inning decided the contest as Bob Johnston tossed a 3-hitter.

The Men's Drug nine climbed on Gidley's Dick Shafto for 5 hits in the 1st inning and scored both its runs. Dick Edginton doubled and Don Seeterlin singled him home, but was out stretching the hit.

Rick Jones singled, went to 3rd on Jerry Hesse's single and came in on an error. Gary Boe gave Gidley's only 3 hits and struck out 8. Tom Healey had 2 of the loser's 3 safeties.

Gidney Electric	000 000	0	3	2	
Drayton Drug	200 000	x	2	10	2

Shafto and Studt; Boe and Keelean, Shell.

Chicago's Virgil Trucks Blazing Way to His Best Season in Major Leagues

By BEN PHLEGAR

Associated Press Sportswriter

At an age when most fast ball pitchers are relaxing with their press clippings, Virgil (Fire) Trucks of the Chicago White Sox is blazing his way to his best season in the majors.

The 35-year-old speed merchant needs only three more victories to equal his previous high of 20. In his present form this looks like a cinch.

Except for 1952 Trucks has been a consistent winner. Even in his bad year two of his victories were no-hitters. Last season, when he reached 20 for the first time, he won his 17th game on Aug. 23. He pitched five shoutouts over last year.

Now he's 12 days ahead of that pace. He whipped the Baltimore Orioles 1-0 yesterday for his 17th triumph and his fifth shutout against five setbacks.

The White Sox failed to gain in the pennant race since Cleveland and the Yankees also won. The Indians edged Detroit 2-0. New York beat Philadelphia 3-1. Boston pounded Washington 10-1 in an afternoon game but lost to the Senators at night 5-4.

Cleveland leads the Yankees by three games and the White Sox by seven.

In the National League the Brooklyn Dodgers clipped the idle New York Giants' lead to 3½ games with a 3-2 squeaker over Philadelphia. Third-place Milwaukee moved within seven games by shading St. Louis 6-5 in a game shortened to seven innings by rain. Cincinnati hit five home runs, beating Chicago, 8-1.

* * *

Yogi Berra and Joe Collins hit home runs and the Yankees benefitted from nine walks by Philadelphia rookie Johnny Gray. Harry Byrd held his former mates to four hits in winning his seventh game.

* * *

Ted Williams hit a pair of two-run homers, his 21st and 22nd of the season, in Boston's daylight triumph. His career total now is 359, good for a tie for sixth with Johnny Mize on the all-time list of home run sluggers.

County Senior Golfer Among Tourney Winners

William Lear of Indianwood Country Club yesterday finished on top in Class A (78 years plus) of the State Seniors Golf tourney at Detroit Golf Club. He shot 42—43—85. In Class B (70-74 years) R. J. (Bob) Dawson of Pine Lake was tied for 3rd with Bert Ackles of DGC. Dawson had 84-90-174 and Ackles 88-86-174.

Top bracket winners were Chris Brinke of DGC and Walter Clark of Lochmoor, tied for the title at 148. The event has no provision for playoffs, hence there are two co-champions this year.

Only 1,092 fans paid to see the Athletics play the Orioles at Connie Mack Stadium on June 4.

Flyweight Champ Wins

BUENOS AIRES, Aug. 11 (AP)—World flyweight champion Yoshio Shirai of Japan outpointed Alberto Barenghi of Argentina in a 10-round non-title fight tonight. Each weighed 112½.

Tribe Turns Tiger Errors Into Win

DETROIT (AP)—Other things being equal, it's the breaks in a ball game that make the difference.

That was precisely the case in Cleveland's 2-0 victory over the Detroit Tigers yesterday.

Tigers collected four scattered hits off Early Wynn—all singles. Indians got only three—also all singles—off Steve Gromek. About the only difference was that Cleveland did put two singles by Bobby Avila and Larry Doby together in the 3rd inning.

But the hitting had nothing to do with the outcome. The league-leading Indians had won the game—as it developed—before they had got a hit.

In the 2nd inning, with one out, Al Rosen walked. Dave Pope bounced one to Tiger 1st baseman Wayne Belardi. He threw to second attempting to start a double play, but his throw pulled Harvey Kuenn off the bag. Kuenn then dropped the ball and, in trying to recover, threw hastily back to first. The ball sailed wildly past Belardi and into the Cleveland dugout. Each runner was entitled to two bases, so Rosen scored and Pope went to third. Pope scored later on an infield out.

From then on Gromek's determined effort to win his 14th game was in vain. Instead, he went down to his 12th defeat as his mates were helpless against the strong-armed Garcia, who scored No. 14 against only five losses.

Kuenn had managed a hit in the 1st inning, Al Kaline got one in the second, Hoot Evers singled in the fourth and Kuenn got a 2nd one-baser in the eighth. That was the extent of the Tiger attack.

From the 2nd inning on, Cleveland was unable to get a runner past second. Indians' only hit after the Avila-Doby combination in the third was another single by Avila in the seventh. Bob Miller took over from Gromek in the ninth and gave up no hits.

The victory kept Cleveland three games in front of the pressing New York Yankees, who defeated Philadelphia. It also evened up the current series at a game apiece.

George Zuverink (7-6) and Bob Lemon (15-5) were named as starting pitchers for today's rubber game of the series.

Old Model Cars to Open Race Season

Independent Old Model Racing Association will start its season of racing tonight at the Lake Angelus Speedway with qualifying at 6:30 and races at 7:30.

No more hardtop races will be held at the Lake Angelus track with old models operating both Thursday nights and Sundays.

Independent group is a local association and information on rules and regulations can be obtained from Chuck Fitch, Perry street, Pontiac. A surprise race and a powder puff derby will be held each Sunday.

Skiers to Compete

First water ski tournament ever to be staged in the Detroit area is scheduled for Friday and Saturday, Aug. 20 and 21 at Metropolitan Beach. This First Annual Metropolitan Beach Water Ski Tournament will include trick, slalom and jumping events, from 9:30 to 6 p.m. each day. Entries close Aug. 19.

Use your clubs by ED FURGOL

The 5 iron is the key club.

Once you learn to play the 5 properly, you'll find the door opened to all the irons down through the wedge.

Expect no more than 150 yards with this club.

For the first time, the position of the ball in relation to the feet changes. Instead of the shot being made off the left tee, the ball is played midway between the feet.

You do not us a closed stance. The feet are squared away.

Here, too, you begin to hit on the downswing. Formerly, you were hitting on the upward arc because the ball was forward. But, as noted, it is back a bit now and you are catching it on the downswing.

Another important point in connection with the 5 iron is that your backswing begins to shorten up.

From this club on, it continues to tighten.

Another in a series written by the U.S. Open champion for NEA Service. Next: The 6 iron.

State Caddie Test Scheduled Friday at PCC

Two Low Competitors to Enter Next Week's National Meet

Michigan's caddies will have a chance to show their prowess with the working end of a golf club Friday in the annual Michigan Caddie tournament at Pontiac Country Club.

Twenty-one clubs, mostly from the Detroit area, have entered 4-man teams thus far. Post entries will be accepted. Competition is open to boys 17 years and under only.

Two low players in the field will qualify for the PGA-sponsored national tournament starting Monday at Columbus, Ohio.

Tee-off time is at 11 a.m.

Stanaback, Tharr Top Silver Lake Golf Loop

Mrs. Ralph Stanaback and Mrs. Olin Tharr of Pontiac took low gross honors Tuesday in Women's Silver Lake Golf League play at Silver Lake Golf Club. Mrs. Stanaback was low in Flight A, with Mrs. John Myers of Watkins Lake taking net honors.

Mrs. Tharr topped the list in Flight B, while Mrs. Glenn Theobald of Pontiac headed the group in low net score.

The Tour of France is to bicycle racing what the World Series is to baseball.

Minor Leaguers Dump National Loop's Leaders

Millers Surprise Giant Club With 6-5 Victory in Exhibition

MINNEAPOLIS (AP)—The Minneapolis Millers of the American Assn. scored two unearned runs in the last of the eighth inning and went on to defeat the National League leading New York Giants, 6-5, in an exhibition last night.

Monte Irvin, playing first base for the Giants, let a two out throw by Bobby Hoffman get by him and the tying and winning runs scored.

Paul Giel, University of Minnesota $60,000 bonus pitcher, worked five innings for the New Yorkers. He would have left the mound unscathed but for a fly ball that Irvin let drop in front of him in the first inning with the bases full.

The blow went for a double and scored three Miller runs.

Hank Thompson paced a three-run Giant third inning with a two-run homer. Bill Taylor, a former Miller, put the visitors in front with another two-run blast in the seventh.

WEDNESDAY'S HOME RUNS

Williams 2, Piersall 2, Consolo, Jensen, Red Sox; Yost, Senators; Berra, Collins Yankees; Snider, Dodgers; Kluszewski 2, Greengrass 2, Bailey, Reds; Mathews, Braves.

Rickey Doesn't Regret Pirate Player Deals

By JOE BRADIS

PITTSBURGH (AP) — Branch Rickey, baseball's mastermaker of pennant teams, took command of the National League's last place Pittsburgh Pirates in 1950 by choice—not by mishap or circumstances.

Rickey left Brooklyn in what he calls a "poor but solvent" state. He sold his 25 per cent interest in the Dodgers for $1,025,000.

* * *

Ralph Kiner, the National League home-run king was with the Pirates. So were Wally Westlake, Murry Dickson, Bob Chesnes, Danny O'Connell, Gus Bell, Bill MacDonald, Paul Pettit and others.

* * *

In 1952, the promising MacDonald and several others were drafted into the Army. Chesnes came up with a sore arm—so did Pettit, the Pirates' $100,000 bonus baby. Pierro almost died of encephalitis.

"My disillusionment in the spring of 1952," recalls Rickey, "was complete. I realized I had nothing at all substantially to hold onto. The club was not as strong as my St.Louis (Browns) club of 1919 and St.Louis only had a total of 23 players in the entire organization.

"I felt, however, I had a promising advantage over the St.Louis 'build up' because I had no money in St.Louis and I had an ownership in Pittsburgh that urged me to produce a winner as quickly as possible and regardless of the cost.

"This I proceeded to do, and in my first year here I spent $496,000 for free agents and material. Part of the money was not wisely spent, as history proves. But I worked fast and with my very best judgment following the recommendations of scouts whose opinions I regarded highly.

"I felt then and I do now, that I could not build the Pittsburgh club of men whose 'days' had passed. A pinch hitter like Johnny Mize who could really help the New York Yankees in his declining years could not help the Pirates.

"I made the Kiner deal thinking at the time that first baseman Preston Ward was indeed worth all of the players I gave the Chicago Cubs, plus all the players I got in return and also cash to boot. But cash was incidental in the deal. Ward was the man I wanted and Ward has been a disappointment.

"I have been much criticized for the Gus Bell deal. When I made the deal I believed and believe now that Bell would not have been the player in Pittsburgh that he would have been elsewhere.

* * *

"He had all the tools. He could run, throw—incorrectly, but strong. He had no adventure, he has none now. But he could hit and he was young. If I were to do it over again, I would wait awhile. I would get more for him.

"Other than that, I do not know of any move player-wise in the field of exchange of players' contracts that I have any reason whatever to regret. I would do them again—even now."

Americans Win in Canada Test

Ex-Champion, 2 Other U. S. Golfers Advance in Women's Open

HALIFAX, N.S., Aug. 11 (AP)—Grace Lenczyk of Newington, Conn., twice winner of the Canadian Women's Open golf championship, and two other U.S. contenders advnaced with little difficulty today in the 1954 tournament.

Miss Lenczyk dusted off Noreen aing of Port Credit, Ont., with ease, 7 and 5.

Barbara Bruning of Armonk, N.Y., forged ahead with a 5 and 3 victory over Mrs. D. MacDougall of Saskatoon.

Mrs. Maurice Glick of Baltimore, who has displayed one of the most consistently powerful styles in the Open, eliminated Ontario champion Ann Sharp of Fonthill, 4 and 3.

But the upset of the day occurred when Miss Fry outplayed Mrs. C. F. Spalding of Greenwich, Conn., 5 and 4 to advance with the other eight victors who will tee off in the third round tomorrow.

Time, Date Announced for Salad Bowl Game

PHOENIX, Ariz., Aug. 12 (AP)—The next Salad Bowl football game, pitting all-star performers of the Border Conference against like selections from the Skyline Loop, will be staged on Jan. 1, 1955 at 11 a.m.

'Home' Offers May Have Inside Track

PHILADELPHIA (AP)—Homegrown offers to buy the Philadelphia Athletics ball club appeared today to have the inside track in the maneuvering designed to end the 54-year-old regime of the Mack family.

But there is still nothing definite that either the hometown offers or the proposal from Chicagoan Arnold Johnson will be accepted by the Macks involved—Connie Mack Sr., and his two warring sons, Earle and Roy.

Dodge Park Visitors Total Nearly Million

LANSING (AP)—Three state parks are nearing the million mark in attendance for the summer, the State Conservation Department reported today.

Holland State Park tops the attendance with 937,000 visitors to date. Grand Haven has had 918,000 visitors and 910,000 visitors have been counted at Dodge Park 4 (west of Pontiac).

Berkley Loses 1st

Birmingham Assumes Leadership in Legion District's 'Pennant' Chase

Birmingham's Reds moved into 1st place in the 2nd half race for the 18th District American Legion junior baseball championship Wednesday night.

Reds nosed out cellar-dwelling Clawson, 3-2, while Birmingham's Blues handed Berkley its 1st setback of the 2nd half, 4-1. Reds have won 5 games, while Berkley has 3 wins and 2 games yet to make up.

Larry Milford and Dan Cornila teamed up to furnish the Reds with their victory over Clawson. Cornila yielded only 5 hits, while Milford drove in all the runs with a homer following singles by Tom Beck and Bill Watkinson in the 1st.

Blues pushed over 3 runs in the 4th to beat Berkley. With 2 out, singles by pitcher Dick Covera, Ray Podulka and Arnauld Issette and an error accounted for the tallies.

Covera hurled a 3-hitter. Sunday's games send Berkley to Birmingham to meet the Reds and the Blues to Huron Valley.

Birmingham Reds	300 000 0	3	7	1
Clawson	100 010 0	2	5	0

Cornila and Flack; Raines and Nolan.

Berkley	000 010 0	1	3	3
Birmingham Blues	010 300 x	4	8	2

Blackwell, Duncan and Bishop; Covera and Podulka.

Monday Is Deadline for Tennis Entries

Oakland County tennis players have only until 5 p. m. Monday to enter the Pontiac Parks & Recreation Department's 2nd Amateur open tennis tournament Aug. 21-22 at Oakland Park.

Test is open for all Oakland County residents 16 years of age and over. Competition will be held in men's singles and doubles, women's singles and doubles and mixed doubles.

Entrants should register with the department at 35 Hill street, telephone FEderal 3-7131.

'Young Set' Given Chance in World Test

By CHARLES CHAMBERLAIN

CHICAGO (AP)—For the first time in a dozen years, golf's younger set is given a good chance to crash through the so-called old guard and cash in on the richest tournament in history—the "World" championship opening today at Tam O'Shanter.

Only the more hard-bitten pros have come through in the past, the youngest winner of any Tam title being Byron Nelson who took the honors in the 1941 inaugural at the age of 29.

* * *

With $50,000 in cash and a $50,000 exhibition contract going to the winner this time, favoritism rests with such seasoned campaigners as Sam Snead, Cary Middlecoff, Lloyd Mangrum, Jimmy Demaret, Peter Cooper and the recent All-American winner, Jerry Barber.

* * *

All are over 40 or pushing it and the experts think it will take such crusty fellows as these to shoulder the pressure of what amounts to about $360 per shot for the potential champion.

But there are at least three youngsters who are not too awed by the big prize as the 72-hole stampede starts today and will shoot for it with some degree of calmness.

They are British Open champion Peter Thomson of Melbourne and Gene Littler, each barely 24, and 27-year-old Bob Toski, now registering from Livingston, N.J.

The broad-shouldered Thomson is one of the hottest tourney pros of the moment. He finished third in the All-American phase of the Tam carnival that closed Sunday.

Toski, a little 127-pounder, is having his greatest tournament season, with a collection of $14,938 so far, third best in the official PGA money-winning list.

Littler, National Amateur champion last year, is a stoical fellow of Ben Hogan's old school who turned pro nearly seven months ago and has been runner-up in three of his last big tournaments—the National Open, Kansas City Open and All-American.

* * *

Each is ready to take golf's biggest money plum at Tam.

"I won't even think about the big winning prize until Sunday," said Thompson. "Then if I'm in the lead, or close to it, the pressure will really be good. But I can take it."

Toski agreed. "I'll start out just like this in any other tournament," he said. "Then by the final day if I have a chance, I'll probably start worrying. But I don't think the pressure will bother me too much."

Littler will take it all in stride. "Of course this is more than just another tournament," he said. "With all that money at stake there is bound to be some jitters along the way. But I won't think about it until Sunday. That's the day that the leaders will prove if they are champions."

Cockell Is Sure He'll Face Rocky

SOUTHAMPTON, England, Aug. 12 (AP)—Don Cockell, British heavyweight boxing champion, returned from America yesterday fully confident he will meet Rocky Marciano in a world championship bout next June — possibly in New York or Seattle.

Cockell moved into line for a possible crack at Marciano by stopping Harry Matthews in seven rounds of a scheduled 10-rounder at Seattle July 31. It was the third time the fighting farmer from Sussex had beaten Matthews — twice in Seattle and once in London.

"I shall never be worried about fighting over in the states in the future for I know that I will get a square deal," Cockell said.

Manager John Simpson said "everybody in America is talking of Cockell as the logical contender for Marciano" after the champion's fight with Ezzard Charles in Sept. 15.

61-Year-Olds Are Tied in Southpaw Seniors Test

DAYTON, Ohio, Aug. 12 (AP)—Two 61-year-olds were deadlocked for the seniors championship in the National Lefthanders golf tournament here.

* * *

Al Douglas of Napa, Calif., and Frank Crum, Inez, Ky., both posted 240s at the end of 54 holes of medal play spread over three days. Crum had 81-80-79—240, and Douglas had 80-91-79—240 for three trips around the 6,723-yard, par-71 Miami Valley course here.

They will play off for the championship tomorrow over 18 holes.

* * *

David Baldwin, South Orange, N.J., and Don Wearley, Toledo, Ohio, won their way into finals for the title of champion lefthander as each posted a double victory today. They will battle for the championship over 36 holes tomorrow.

Baldwin, 25-year-old New Jersey Open champion who recently was released from the Army, defeated Jimmy de Zern of Durham, N.C., 3 and 2 after conquering Jack Butler of Atlanta 4 and 2.

Wearley, 35-year-old automobile dealer, eliminated Ray Stockmyer of Dayton 4 and 3 after winning from Nelson Cullenward of San Francisco 1-up.

Five-Year-Old Shaver Holds Up Bathhouse Line

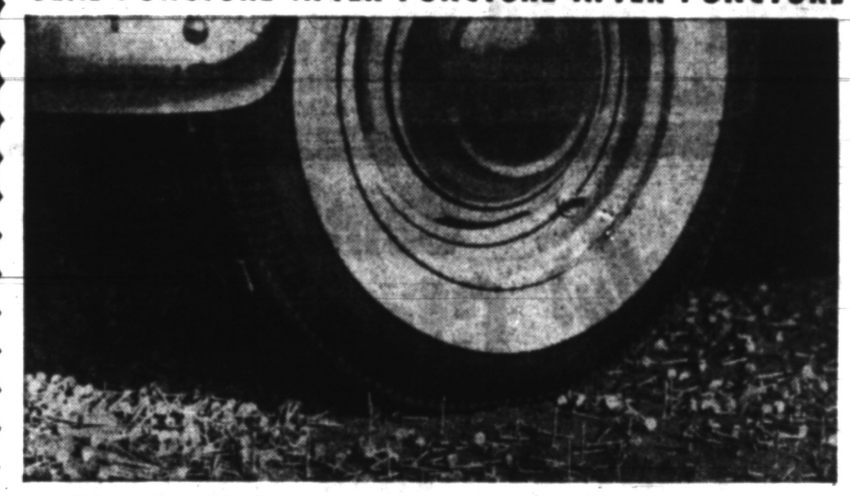

LANSING (AP)—Manager Victor J. Haas of Indian Lake State Park reported that he investigated recently when he noticed that something was holding up the line at the men's bath building.

Haas discovered that the bottleneck was a 5-year-old, who was gravely shaving. He explained the situation to the impatient lineup and all agreed to wait until the youngster had completed his moment of glory.

Single-Platoon Rule Could Backfire on Collegians

By CARL BELL

CHICAGO (AP)—It's more than remotely possible that a rule calculated to give the College All-Stars a better chance of winning will backfire into their undoing when they tangle with the Detroit Lions tomorrow night.

The Lions, National Football League champions for two years running, have been openly defiant of the fact that the charity classic will be played under the limited substitution rule of college football. And that defiance might well be just what the pro kingpins need to get fired up for the contest.

Lion Coach Budd Parker is peeved, not onl because the rule will deprive him of using separate offensive and defensive platoons and full utilization of his man specialists, but also because it has required him to change his entire system.

* * *

Parker has had to key the Lions' practices especially for the All-Star game, rather than using the sessions to get ready for the all-important pro title defense that lies ahead. Meanwhile, the other NFL clubs have been honing themselves for the race without interruption.

Angry or not, the Lions are favored to score their second successive victory in this annual grid show to be witnessed by 90,000 fans who'll pay their way into Soldier Field and millions of others who'll snuggle up to their television sets.

They're favored despite Parker's vow that he'll use his great quarterback and passer, Bobby Layne, sparingly, if at all, rather than risk getting him injured on defense.

* * *

With Layne on the bench, halfback Doak Walker is due to handle passing chores for Detroit. Reportedly, Walker will operate as the deep man in a spread formation. This formation will give the Doaker an opportunity to flash the great versatility that brought him All-America laurels as a collegian at Southern Methodist.

* * *

Sharing the lead with Walker in a makeshift backfield probably will be Jack Christiansen, Tom Dublinski and Bob Hoernschemeyer.

The All-Stars are expected to rely chiefly upon an aerial attack.

In this series the pros have won 12 times to the All-Stars' six, two tilts ending as draws.

The kickoff is set for 8:30 p.m. (EST). The telecast will be by Dumont; the radio broadcast by Mutual.

Pontiac Junior Tennis Tourney Set for Friday

Pontiac youngsters who participated in the junior tennis clinic conducted by the city's Parks & Recreation Department this summer will compete in a tournament Friday at Oakland Park.

Competition will be held in boys' singles and doubles and girls' singles and doubles. All entrants will be 15 years and under.

* * *

Opening matches are scheduled for 9 a. m. Don Groethe, who was in charge of the clinic, will supervise the tourney.

Seixas Upset in Newport's Tennis Tourney

Youthful California Player Dims Davis Cup Chances for Vic

NEWPORT, R.I. (AP)—The tennis fortunes of Vic Seixas continue to slip and with each passing tournament it becomes increasingly apparent that he won't be in the Davis Cup singles picture this year.

* * *

The annual Newport event entered the round of 16 today and Seixas was among those watching from the sidelines, the victim of a 2-6, 6-3, 6-4 upset at the hands of 19-year-old Jack Frost of Monterey, Calif., yesterday.

Seixas had not played singles for more than two weeks, but young Frost was the master of the match and even the former Wimbledon king refused to offer any alibis.

"The layoff had nothing to do with my defeat," said the downcast Seixas. "Frost was simply red-hot after the first set and hungry for the victory."

* * *

So young Frost, a student at Stanford University not long out of the junior ranks, projected himself squarely into the spotlight. He faced Chile's Luis Ayala today—the same fellow who whipped him in the Southampton tournament two weeks ago.

Frost is a smart lad and scored the triumph over Seixas by playing to his opponent's weakness, his service return.

* * *

Ken Rosewall, half the Australian Gold Dust twins, sailed past Joe Blatchford of Beverly Hills, Calif., 6-0, 6-0 and he seems to be the likely finalist in the upperhalf of the draw. In the lower half, the main American hope is Art Larsen, the former National champion from San Leandro, Calif., who turned back Donald Dell of Los Angeles, 6-2, 6-4.

However, if Larsen hopes to get into the final, he'll probably have to get past both Lewis Hoad, Rosewall's partner, and Rex Hartwig, another tough Aussie.

State Commission to Ask 55-Day Waterfowl Season

By JAMES A. O. CROWE

LANSING (AP) — A 55-day waterfowl hunting season, the same as last year, was recommended to the state conservation commission today.

The commission, meeting today and tomorrow, will act on the waterfowl season and proposals for a limited special season on deer in the northern Lower Peninsula.

The conservation department game division today gave the commission its recommendations for this fall's season on ducks, geese, woodcock, jacksnipe and other migratory birds.

The 55-day season is the maximum allowable under federal regulations, published this week. As last year, the season would start at noon Oct. 1 and run through Nov. 24 throughout the state. Shooting hours would be unchanged—from one half hour before sunrise to sunset.

The woodcock season would coincide with other upland game seasons—from Oct. 1 to Nov. 1 in the Upper Peninsula, Oct. 1 to Nov. 9 in the northern Lower Peninsula and Oct. 20 to Nov. 9 in the southern Lower Peninsula.

The jacksnipe season would remain at Oct. 1 to Oct. 15 statewide.

Bag limits would remain at four ducks, five geese, four woodcock, and eight jacksnipe a day.

Frank Sullivan, rookie righthander for the Boston Red Sox, was a combat infantryman in Korea.

Arroyo's No-Hitter Texas' 1st Since '50

DALLAS, Aug. 12 (AP) — Houston lefthander Louis Arroyo Wednesday turned in the Texas League's first no-hit, no-run game since 1950 as the Buffs beat Dallas 3-0.

The fastballing Cuban, who joined Houston only a month ago, defeated Dallas Negro Jim Tugerson in a duel broken only by a three-run Houston outburst in the fourth inning.

Arroyo struck out six and walked one as he faced only 29 batters. He walked Wilcy Moore in the fifth inning, and an error allowed Buzz Clarkson to reach base in the ninth.

In four appearances in All-Star competition, Mel Harder of the Cleveland Indians pitched 13 innings without giving up an earned run.

Shuffleboard, 'Shoes Entries End Friday

Entries close tomorrow at 5 p.m. for the Pontiac Parks & Recreation Department's horseshoes and shuffleboard tournament Aug. 17-18-19 at Oakland Park.

Competition will be held in a junior division, for entrants under 16 years, and adult division, for competitors 16 and over. Singles and doubles will be held in each event.

Application for entries should be made at the department office, 35 Hill street.

Confiscated Firearms Will Be Sold by State

LANSING (AP) — Confiscated firearms will be sold to the highest bidders at the annual conservation department disposal sale at Lansing Sept. 9.

The department said 81 rifles and shotguns will be sold under the sealed bid system.

Persons interested in submitting bids can obtain lists describing the weapons from the department's field administration division at Lansing.

Improve Your Driving Vision!

INSIDE SUN VISOR
HOLLYWOOD "GLARE-MASTER"

Transparent green plastic. Optically correct to act as sun glasses, eliminates glare. Self adhesive. Universal. Fits all cars. Each 72c

Hal Boyle Says:

Film-Struck Models Find Tough Going in Filmdom

NEW YORK (AP)—Many stage-struck girls dream of becoming a fashion model—and going on from there to fame and fortune in Hollywood.

If you have that dream, girly, you might as well ditch it now, unless you like to play the long odds.

This is on the advice of Mona Freeman, the exception who proves the rule. She won attention as a child model, and her pretty face adorned many a magazine cover before she made the grade in the movies.

* * *

"But modeling isn't generally a big stepping stone to a film career," she remarked, "although many people seem to think it is.

"Offhand, the only former models I can recall who went into the films are Lauren Bacall, Gene Tierney, Jinx Falkenberg, Phyllis Kirk and...uh...Marilyn Monroe. There are probably a number of others but, comparatively speaking, they are few."

Mona, who at 28 still looks like a blonde college freshman, quit modeling at 17 to try her luck in the movies. She has made between 25 and 30 films, the latest being "Battle Cry," based on a best-selling novel about the Marines by Leon Uris.

* * *

After working her way into that $1,500 a week and up bracket, Mona is in a good position to compare her careers as model and actress.

"Modeling is an art, but it is comparatively simple to learn," she said. "A girl who can learn to model at all can do so in a year.

"And if she hits the top, she can make $600 a week or more. A girl doing that well at modeling quite often doesn't see why she should throw away that kind of money to take a chance on flopping in Hollywood.

* * *

"It is a big chance to take, too. A model merely has to photograph well. All she needs is looks and poise. But an actress has to develop a personality that appeals to the public."

Mona also believes (her old modeling friends may stick out their claws at this) that an actress has to do something every moment at her work that few models are required to do. She has t o T-H-I-N-K!

"Acting is a job, a really tough job. But I like it. It is never a grind—never a dull existence. But even after you learn your craft and practice it well, that doesn't mean success necessarily. You still have to put yourself over with the public."

* * *

The public is a strange and capricious god to all entertainers. Mona, still as stage-struck as the day she played Little Eva in "Uncle Tom's Cabin" during her high school days, retains a wondering awe over the mysterious factors that influence the public.

"The thing that gains you the most attention may be something that as an actress you regard as the least of your efforts," she said.

"For example, when they were filming, 'Dear Ruth,' I was told to make a noise to annoy my father. He had grounded me and was trying to read the paper.

"Without even thinking, I let out something between a long sigh and a groan of exasperation. It wasn't even rehearsed. But that ridiculous sound caught on. Teen-age kids all over the country picked it up and made it popular.

* * *

"Isn't it funny? You can work over a scene for weeks, and nobody pays any attention to it. Then one day's work, something you thought nothing of at the time, may put you over in a big way.

"You never know in this business what will be the thing that attracts attention. I suppose it is this doubt and gamble that makes acting interesting."

Campaign to Replenish Polio Foundation Coffers

An "Emergency March of Dimes" is scheduled in Oakland County Aug. 17-31 to replenish exhausted polio prevention funds, according to Carl W. Donelson, chairman of the county chapter of The National Foundation for Infantile Paralysis.

He said the staggering cost of patient care and a two-point prevention program have created a crisis. County residents will receive a mail appeal and also will be able to drop donations in canisters. Local National Foundation directors are planning special fund-raising events.

Karakul sheep, new born lambs of which produce Caracul for fur, are grown chiefly in the Soviet Union.

Reliance on Isotopes in Research Grows

CHICAGO (UP) — Armour Research Foundation reports that industry is relying more and more on radioactive isotopes to solve research and production problems.

The foundation, a component of the Illinois Institute of Technology, said it used more than 100 times as much radioactivity in 1953 as it did in 1951.

Dr. Leonard Reiffel, supervisor of nuclear physics, said rapid strides have been made in making radioisotopes available for research.

Radioisotopes are various elecdioactive by exposure to nuclear radiation from an atomic reactor, from an "accelerator" such as cyclotron, or from a portable radiation source.

Radioisotopes are used by Armour Research Foundation, he said, to help solve problems in ore separation, muscle composition analysis, wear studies of turbine blades, direct generation of electrical energy, soil permeability and automatic machine control.

Vacuum Cleaner Better Than Elbow Grease

LINCOLN, Neb. (UP) —Shaking scatter-rugs to clean them is not good for the rug or the housewife, says Clara Leopold, extension home management specialist at the University of Nebraska.

Miss Leopold said the rugs should be cleaned with a vacuum cleaner, "the efficient, thorough, simple method."

The specialist also urges a daily cleaning of bare floors with the vacuum. "No matter what the floor or floor surface," she said, "each and every one collects dust."

Miss Leopold said housewives should use all the tools and attachments for the vacuum.

Injured Son First User of Community Crutches

PORTSMOUTH, Va. (AP) — On a wall of his general store John J. Kirchmier hung a pair of crutches to be loaned to any customers who might need them.

First user was John J. Kirchmier Jr., who broke a leg in a high school football game.

Soybeans Take Small Losses

CHICAGO (UP) — Soybeans suffered small losses while other grains were irregular on the board of trade today. Dealings were very quiet.

Some more rain in the form of showers was forecast for parts of the midwest, including Central and Southern Illinois, and that had some influence on soybeans during the early trade. There was little news to cause much price change in other cereals.

Wheat near the end of the first hour was ½ to 1 cent higher, September $2.10⅜, corn ½ lower to ½ higher, September $1.63½, oats ⅛ to ⅜ higher, September 72⅜, rye ¼ to ⅞ higher, September $1.13⅞, soybeans ½ to 1½ lower, September $2.96¾ and lard 5 to 15 cents a hundred pounds higher, September $15.57.

GOP Factions Needle Nominee

Admirers of McCarthy, Taft Undermine Case's Bid for Senate Seat

NEWARK, N.J. (UP)—Admirers of two famed Republicans—Taft and McCarthy—are causing the New Jersey GOP candidate for the U.S. Senate an occasional headache these days.

Even though President Eisenhower has stepped in three times with strong endorsements of Clifford Case, the candidate has run into sporadic opposition in his own party. Some want him to quit the race.

As a result, the Democrats—better unified than they have been in years—figure they have their best chance to elect a senator since 1936.

Charles R. Howell, 49-year old Trenton insurance underwriter who has been in Congress since 1948, is the Democratic candidate. A New Deal-Fair Deal Democrat, he has joshed that his support of Eisenhower's program has been so good that the President might "want to support me."

Case, 50-year-old Rahway lawyer, self-styled liberal Republican and supporter of Eisenhower for President, has come under attack from various conservative backers of the late Sen. Robert A. Taft (R-Ohio).

They found fault with Case's voting record in Congress and began working against him soon after his nomination for the seat of Republican Sen. Robert C. Hendrickson, who did not seek re-election.

Then Case lost favor with some backers of Sen. Joseph R. McCarthy (R-Wis) when, in one of his first major campaign statements July 7, he called McCarthy "a deeply divisive force" and said he thought McCarthy should be unseated from the Committee on Government Operations.

No party leader has been associated with the criticism of Case. The opposition has come from small units in the party.

"Annoying elements. . .trying to create political dissension where none exists," GOP State Committee chairman Samuel L. Bodine termed them yesterday in a statement.

County Deaths

Laura Jean Stover

WHITE LAKE TOWNSHIP — Word has been received here of the death of Lt. Laura Jean Stover, 27, in a USAF infirmary in Germany July 27. Lt. Stover was the daughter of Mr. and Mrs. Dewey Stover of 7285 White Lake Rd.

Service will be held Saturday at 10 a.m. in the Huntoon Funeral Home with burial in Oakland Hills Memorial Cemetery.

She is survived by her parents; a sister, Mrs. Geraldine Bornman of Duncannon, Pa.; and a brother, Lawrence of Walled Lake.

Mrs. Howard G. Young

CLARKSTON—Service for Mrs. Howard G. (Ethel) Young, 62, of 8460 Oakhill Rd. will be held at 2 p.m. Saturday at Donelson-Johns Funeral Home, Pontiac, with burial in North Farmington Cemetery.

In addition to her husband, Mrs. Young is survived by two sons, Russel of Plymouth and Wilson, at home; four sisters, Mrs. Opal Grace of Plymouth, Mrs. Myrtle Knight of Berkley, Mrs. Pearl Turo of Pontiac and Mrs. Thelma Wiseman of Detroit, and five grandchildren.

George H. Clausen

ROCHESTER — Funeral arrangements are pending for George H. Clausen, 89, who died Wednesday evening after a long illness. The body is at Pixley Funeral Home.

Mr. Clausen is survived by a son, Herbert of St. Petersburg, Fla.; two daughters, Hazel Howell of Los Angeles, Calif., and Alice Flemington of Birmingham; a brother, Herbert of Pasadena, Calif., 10 grandchildren and 13 great-grandchildren.

Far East: Hong Kong dollar 17.60, unchanged.

Stock Market Prices Down

NEW YORK (UP)—The stock market slipped a little lower on balance today in a reaction from the higher performance yesterday.

Aircrafts were the first to come under selling guns, and they displayed losses running to around a point. Most minus signs in the list were small. Gains went to about a point at the best.

As prices backed down in an irregular manner, the pace of trading slowed considerably at a rate around two and a half million shares for the day. That compares with 3,440,000 shares traded yesterday in a rising market.

Lower on balance with the aircrafts were the steels, motors, airlines, and the railroads. The oils had some good plus signs but weren't outstanding. Otherwise the market was mixed.

Among lower stocks were Bethlehem Steel, General Motors, Boeing, Douglas Aircraft, United Aircraft, Zenith Radio, American Telephone, and Southern Railway.

Higher were Studebaker, Curtiss-Wright, Radio Corp., Consolidated Natural gas, American Tobacco, General Dynamics, Corn Exchange Bank, New York Central, and Kern County Land.

Cincinnati Milling Machine, which shot ahead 5½ yesterday, maintained its hot pace today up around 6 points at one time.

American Stock Exchange trading was lively with many active issues higher. Going up were Cenco Corp., Claude Neon, Creole Petroleum, Flying Tiger, Menasco, Pacific Petroleums, Piper Aircraft, Raymond Concrete Pile, Servomechanisms, and Tilo Roofing. Lower were such issues as Lear, Pittsburgh Metallurgical, Webb & Knapp, Ainsworth, and Associated Laundries.

The bond market was higher. U. S. government issues in the over the counter market were steady.

WATER WRESTLING—Polar bears at the Rome, Italy, zoo enjoy a romp in the pool under sweltering summer sun. Among zoo's chief attractions they're the envy of perspiring visitors.

Ike Seen in Starring Role in Struggle for Congress

WASHINGTON (UP) — President Eisenhower appears to be inching into a leading role in the battle for control of Congress despite his avowed plans to remain aloof from local political skirmishes.

Administration leaders said today Eisenhower hopes to go on television and radio with a 30-minute talk on the administration's legislative record within 24 hours after Congress ends its regular work, probably next week.

* * *

Eisenhower told his news conference yesterday he was planning what he called a little bit of a talk to review Congress' record since he took office in January 1953. He added he didn't want to cheat on himself by saying any more at this time.

But administration officials who asked anonymity said preparations for the appearance have been under way for a long time.

Although the President's talk will be billed as a report to the nation, Democrats indicated they may demand equal time to counter what some of them said they regard as a Republican kickoff for the congressional campaign.

* * *

Despite Eisenhower's repeated statements that he would avoid getting involved in local political fights, his schedule already includes appearances in Illinois, New Jersey and Kentucky. Pressure is reported beginning to build up heavily from other areas. The President has also taken time to pose for pictures with more than 100 GOP House members.

GOP National Committee officials have turned to Vice President Nixon to carry the heavy burden of a political stumping tour. Nixon starts his active campaigning with a speech at the Ohio State Republican Convention Sept. 15 and is expected to make several excursions to different parts of the country before the November voting.

Many Republicans say, however, that there is no voice equal to Eisenhower's in defending the record of the GOP-controlled Congress. Eisenhower has insisted that the Republicans must stand or fall on the record made on the administration's program.

As expected, there is a sharp division of political opinion on that record.

* * *

Sen. Carlson (R-Kan) said he thinks the Eisenhower administration "can be proud of the record it has made in reducing taxes and expenditures and in handling foreign affairs," and he added: "I'm going out in the campaign and talk about it."

* * *

Sen. Symington (D-Mo) said he doesn't believe the farmers are satisfied with the administration's program in that field and will show it with their votes.

However, Sen. Aiken (R-Vt), who piloted the President's flexible price support program through the Senate, said he believes farm prices are going to strengthen.

"If the farmers believe they are in good shape in November, they'll vote Republican," he declared.

Sen. Monroney (D-Okla) said it is his opinion that Eisenhower will have difficulty in finding anything "to brag about" in the Republican record of the Congress coming to a close.

* * *

"As of now, the administration's batting average is extremely low," he declared. "Eisenhower's big victory—and he is welcome to claim it—is in reducing farm prices on the five basic crops which have cost the least in government supports in the last 20 years."

Mayor, Two Others Die Inhaling Fumes

WELCOME, Minn. (UP) — Fumes from acid used to clean the municipal water pumping system late yesterday killed the mayor and constable of this small southern Minnesota village and a third man who was overseeing the project.

Victims were mayor Arthur Riem, 47; Melvin Schultz, 52, the constable, and Roy Labore, 26, St. Paul plumbing firm employe.

Sheriff William Musegades said Schultz was using muriatic acid to clear the lime film from the town pump, sunk in a 20-foot casing resembling a tank. He completed the job, removed his mask and started up a ladder. Schultz was overcome on the ladder and fell backward into the pit.

Reim and Labore attempted to rescue him but quickly lost consciousness in the fumes.

The bodies were removed with hooks and ropes.

Civil War Widow Gets President's Message

FLINT (UP) — Mrs. Hannah E. Hill, one of the few remaining pensioners of the Civil War, received a congratulatory letter from President Eisenhower on her 101st birthday.

"Please accept my sincere congratulations upon your birthday," the President's message said. "May good health be yours through many more happy years."

Mrs. Hill's husband, Joseph, had joined the Union army at the age of 17.

Bureau to Ask Questions of Part-Time Employes

Special questions of part-time workers will be incorporated into the usual inquiries made on employment and unemployment in the August Current Population Survey, according to District Supervisor Edward T. St. Arnold of Detroit's U.S. Census Bureau.

The survey, to be conducted in this area during the week of Aug. 16, will endeavor to provide information on the number of people who work only part-time and the reasons for their doing so.

Detroit Dairies Cut Milk Price

Union Agrees to 3-Cent Rebate for Those Using 30 Quarts or More

DETROIT (UP) — Union employes of five Detroit dairies agreed Wednesday night to cut the price of home-delivered milk by three cents a quart.

A sixth dairy had agreed to the price cut previously.

The proposed cut would affect only those customers who buy more than 30 quarts of milk a month.

Brunson Gilbert, president of the Milk Drivers and Dairy Employes Local 155 (AFL), said the workers first asked a $12-a-week pay hike but decided to forego it and the companies agreed to cut their prices the equivalent of $12 a week per route.

Gilbert said the men felt they could increase their sales volume enough to make up for the $12 a week and at the same time help their customers by providing cheaper milk

He estimated that the six dairies serve a total of about 60,000 home delivery customers.

Customers who buy between 30 and 89 quarts of milk a month will get rebates of three cents on each quart over 30. Those who buy 90 or more quarts a month will get the rebate on all the milk they purchase.

A codfish will produce as many as 4½ million eggs in a spawning season

Eye Studebaker Pay Cut Vote

U. S. Industry Awaiting Workers' Decision on 15 Per Cent Reduction

SOUTH BEND, Ind. (UP)—Thousands of Studebaker automotive employes prepared to vote today on an issue of immense potential importance to the whole of American industry — whether to accept a cut in pay so that the company can cut its costs.

Studebaker officials have told local union of the CIO United Auto Workers that the wage adjustments are necessary for competitive reasons.

* * *

Union officers who worked out the proposals in lengthy negotiations with the company have urged the membership to accept.

The reductions would be effected by elimination of piecework and incentive pay.

The cuts amount to an average 14 per cent of the payroll.

A union official estimated that the reductions would range from a minimum of $12 to a maximum of $20 per week.

* * *

The company contends it is paying an average hourly wage of $2.39, compared with $2.03 by its principal competitors. Studebaker reported a net loss of nearly nine million dollars for the first six months of this year.

Top executives last April accepted salary reductions ranging from 20 to 30 per cent on all salaries above $20,000 a year.

Today's balloting is the second vote on the proposal for pay reductions of the other employes.

Nearly 5,000 members of the union a week ago rejected the proposed agreement. Union officials said the vote was "very close." They said, however, that the attendance at the original meeting represented less than half the union's present membership of 10,500.

Two days later, the company gave notice that it would end its present contract with the union in 60 days.

* * *

Louis J. Horvath, president of the local, then announced a second meeting would be held to reconsider the proposal. He said the decision to take another vote was made unanimously by the 20-man executive board. Horvath said the board had received a number of petitions asking to reconsider.

He estimated that nearly 8,000 members of the union would attend today's meeting.

A full explanation of the proposed new contract has been prepared, Horvath said. Arguments on both sides are expected. When they are finished a secret ballot will be taken, supervised by a firm of certified public accountants.

Relief Sergeant Seeking Relief for Black Eye

Deputy Thurman Sauvage, 41, found his job as acting relief sergeant at the Oakland County Jail anything but a relief for him yesterday.

And he has a black eye to prove it.

Sauvage was leading Fancis McGrain, 47, of Flint, who had just been booked on a drunk and disorderly charge, to a cell when McGrain swung around, landed a haymaker on Sauvage's left eye, and collapsed under a bench.

Asked if he planned to prefer charges on McGrain, who is scheduled for arraignment in Pontiac Municipal Court Friday the deputy said, "No—the guy probably didn't know what he was doing."

"But this sure hasn't been a day of relief for me," he said as he nursed the swelling eye.

News in Brief

Charles L. Miller, 21, of 193 Wolfe St. was fined $100 and $20 costs yesterday by Waterford Township Justice Willis D. Lefurgy, after Miller pleaded guilty to reckless driving.

If your friend's in jail and needs bail. Ph. FE 5-5201. C. A. Mitchell.

McNamara Blasts Republican Pledges

MASON (UP) — Patrick V. McNamara, Democratic candidate for U.S. Senator, blasted Republicans Wednesday night for "setting an all-time high for broken campaign promises."

McNamara was the keynote speaker at a meeting of the Ingham County Democratic Convention.

He accused Republicans of "pledge and hedge" tactics and said the "worthless promises of the Republicans presented a sorry spectacle in Washington."

He attacked the administration's farm policy, promised to do something about unemployment and the "big steal" of the country's resources through its "throw away" policy in respect to offshore oil and atomic power.

Sticker Candidate Asks Recount of Benzie Votes

BEULAH (UP) — Benzie County Sheriff Fay W. Bryan, who sought the Republican nomination as a sticker candidate in the recent primary and lost by 75 votes, has filed a petition for recount in Benzie's 13 precincts.

William Hannula, of Elberta, a former Detroit police officer, won the nomination.

Taylor to Sing for Senate Seat

Idaho Nominee Plans Comeback Campaign With Sound Truck

POCATELLO, Idaho (AP) — After a day or two for rest and repairs to his sound truck, it will be back to beating the bushes with an occasional song and a steady attack on administration foreign policy for Glen H. Taylor, former singing cowboy senator from Idaho.

"There is no substitute for hard work," said the man who put his job on the block when he bolted the Democratic party to run for Vice President on the Progressive party ticket of Henry Wallace in 1948.

Taylor Tuesday made the first big hurdle in his attempt at a political comeback when he won the Democratic nomination for senator in the state's primary election. His victory margin over political science instructor Claude Burtenshaw was slim, but it was enough to put him opposite the veteran Republican Sen. Henry Dworshak in what promises to be one of the top senatorial campaigns this fall.

Taylor attributed his primary victory to hard work and his drumfire attack on administration foreign and farm policies.

He said he was never so hard up for money in a campaign before. But he hit virtually every city and hamlet in the state with his sound truck, holding political rallies wherever it appeared he could find a few listeners.

Taylor left no doubt that he is still a liberal with the same views he had when he served his first term from 1944 to 1950.

"I'm a liberal — a disciple of Roosevelt," he said in an interview. "I believe in keeping money moving and don't like the tight money philosophy of the Republicans."

On foreign policy, he said he plans simply to point to his record.

"I told them then our foreign policy would be disastrous," he said.

He added we have now got to have a complete reversal of foreign policy, "start over again and live according to the golden rule. Point four foreign aid was fine but we never did anything with it — all we gave was military aid.

United Press Photo

FOUR OF A KIND—It looks like a full house here as Rebecca Arnold of Tampa, Fla., frolics with these kid quadruplets, which she found were neither crazy nor mixed up. The baby goats are two weeks old, Rebecca, four years old.

Drops Charges in Theft From Collection Plates

GRAND HAVEN (AP) — Circuit Judge Raymond L. Smith has dismissed larceny charges against Irwin Lubbers Jr., of Holland, accused of taking money from collection plates in two Grand Rapids and Zeeland churches during services May 16.

Otawa County Prosecutor James Bussard who petitioned for dismissal said Lubbers was undergoing treatment for mental illness.

Libraries Will Get New State Histories

LANSING (AP) — The State Historical Commission reported today that it is preparing to distribute copies of a new history of Michigan to every library in the state.

The book is "Michigan in Four Centuries", a 512-page new and comprehensive history of Michigan written by Prof. S. Clever Bald of the University of Michigan, assistant director of the Michigan Historical Collections.

Dr. Beeson said 1,500 copies of the volume would be sent to Michigan libraries. Money for the distribution was made possible through a bequest from the late Dr. John M. Munson, former president of Michigan State Normal College at Ypsilanti.

Catches Giant Sturgeon With Perch Equipment

MANISTEE (AP)—John Zygaj, fishing in Manistee Lake with perch equipment and nightcrawlers for bait, hooked a 43-pound sturgeon and landed it after a two-hour struggle.

Zygaj climaxed the battle by plunging into the water and wrestling the sturgeon ashore. Conservation officer Roy Copeland said it was 63½ inches long and its girth measured 21½ inches.

Britain Returns Red Hospitality

Malenkov, Top Soviet Officials Wined, Dined at Moscow Embassy

MOSCOW (AP)—The British Embassy wined and dined Premier Georgi Malenkov and other top Soviet officials last night as its part of the Moscow social whirl for former Prime Minister Clement Attlee and six other visiting Labor party leaders.

It was Malenkov's first visit to a Western embassy, and more evidence of the Soviet effort to bring Britain closer to Russia and away from solid alliance with the United States.

The party ate, exchanged eight champagne toasts and talked until well after 1 a.m. The Russian Premier joined in Ambassador Sir William Hayter's traditional British drink to the health of Queen Elizabeth II, then proposed his own toast to "peaceful coexistence."

* * *

The guests, who included Communist party secretary Nikita S. Khrushchev, Foreign Minister V.M. Molotov and other top Soviet officials, talked with the Britons for an hour and a half after dinner. Commenting on the unusual length of the after dinner conversation, one of the visiting Laborites, party chairman Wilfrid Burke, said: "The liquid was scotch but the conviviality was Irish."

Burke added that he was convinced Malenkov is "very, very friendly" and "very anxious to establish peaceful relations with the Western powers."

* * *

The Labor party delegation leaves tonight for Peiping and a three-week visit to Communist China. They arrived in Moscow Monday.

The Soviets began their attentions to the visitors—unprecedented in postwar years—with a dinner Tuesday night at a country villa 22 miles from Moscow. Malenkov attended that function also and amazed the guests by plucking a bouquet in the garden for the Labor group's only woman member, Dr. Edity Summerskill, former national insurance minister.

Today the visiting Britons toured the Kremlin palaces, churches and museums, and visited the tomb of Lenin and Stalin.

Niles Farm Hit by Fire

NILES (AP)—A $15,000 fire destroyed a large barn on the Dr. Elmer Ruthsmatz farm three miles southwest of Niles Wednesday. Large stocks of hay and grain were consumed. The fire was believed to have started from spontaneous combustion.

Notice of Special Assessment: Curb, Gutter and Drainage on Smith Drive from Josephine Avenue to James K Boulevard.

To: Delbert Haviland, Robert Schapler, R. Kibbey, Dick S. Voorheis, Edwin Gaukler, Robert M. Whitfield, Proctor & Company, Charles E. Sarver, Martin C. Wolfe, Clarence Humphries, Dr. Benj. Bisgeier and to all persons interested, take notice: That the roll of the Special Assessment heretofore made by the City Assessor for the purpose of defraying that part of the cost which the Commission decided should be paid and borne by special assessment for the construction of curb, gutter and drainage on Smith drive from Josephine avenue to James K boulevard is now on file in my office for public inspection.

Notice is also hereby given that the Commission and the Assessor of the City of Pontiac, will meet at the Municipal Court in said City, on the 17th day of August A.D. 1954 at 8:00 o'clock p.m., to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

ORDINANCE NO. 1252

An Ordinance to Amend the Building Zone Map of Ordinance No. 944, Known as the "Building Zone Ordinance."

Adopted August 10, 1954

Effective August 20, 1954.

An Ordinance to Amend the Building Zone Map of Ordinance No. 944, Known as the "Building Zone Ordinance."

The City of Pontiac Ordains:

Section 1. The building zone map of the Building Zone Ordinance is hereby amended to provide that the land in the description hereinafter set forth, be classified as Commercial I.

Lots 9 and 10 Citizens Development Company's Addition, providing a 20 foot alley is deeded across the north of Lots 1 and 2 and the east side of Lot 2 Citizens Development Company's Addition.

Section 2. The change in the building zone map in the above area to Commercial I is made pursuant to the recommendation of the City Plan Commission and said Commission is hereby appointed to make a final report upon this amendment to this Commission previous to the public hearing to be held before this amendment is adopted, pursuant to Section 4 of Act No. 207 of Public Acts of 1921, as amended.

Section 3. That not less than fifteen (15) days notice of the time and place of the public hearing on the final passage of this amendment shall be given in a newspaper of general circulation in this city; that such public hearing is hereby fixed at August 10, 1954.

Section 4. This ordinance shall take effect ten (10) days from and after the date of its passage by the City Commission of the City of Pontiac.

Made and passed by the City Commission of the City of Pontiac, this 10th day of August, A.D. 1954.

WM. W. DONALDSON,
Mayor.

ADA R. EVANS,
City Clerk.
Aug. 12, 1954

ORDINANCE NO. 10

An Ordinance Amending Ordinance No. 8 (Amended Interim Zoning Ordinance) of the Township of Pontiac, Oakland County.

The Township of Pontiac Ordains:

That the following described lands be changed from R2 district to C2 district: from the South line of the Willis School property to the South line of Lot No. 61 on the east side of Opdyke Road which is Lots 10, 11, 12, 13, 14, 15, 16, 17, 18, 19 of Supervisors Plat No. 2 and Lots 58 and 61 of Galloway Lake Farms.

That this Ordinance shall become effective thirty (30) days after publication in a newspaper circulating in the Township of Pontiac. This Ordinance enacted by the Township Board of Pontiac Township, Oakland County, Michigan at a regular meeting held on the 9th day of August, 1954.

Vote on said Ordinance: Yeas 6. Nays 0.

GRETA V. BLOCK,
Clerk.

SUBURBAN RANCHO
Nestled among towering maples and surrounded with beautiful lawns and shrubbery is this lovely 3 bedroom home with attached garage. The neighborhood is A-1 and so are the neighbors. Cooling breezes drift from the lake and there is an excellent sand beach just 500 ft. from the front door. Plenty of room to breathe here and lots of space for the children to play. The home is low and rambling. Well built, and very attractive inside and out. Located 30 minutes west of town. $5,000 down and $100 per month. We really like this home and so will you.

She's the Mom, He's the Boss

Arnaz Pair Has Three Full Days Free to Spend With Children

By CHARLES DENTON

DEL MAR, Calif. (INS)—No one "loves Lucy" more than Lucy.

And it isn't only because Lucy has brought Lucille and her husband, Desi Arnaz, wealth—an estimated $1,500,000 last year—and almost unbelievable fame.

Far more important to Lucille is the fact that Lucy has given her what money and fame alone never brought her — a happy home life, the opportunity to put her strong maternal instinct to work and a chance to gratify her compulsion to be everyone's friend.

"We love our work," she said thoughtfully, "but more than that we're so grateful to it — so appreciative of it — because it keeps us together."

She smoothed the knees of her pink striped pedal pushers, wet from a romp in the surf with her children, 3-year-old Lucie Desiree and 18-months-old Desi IV, the most publicized baby in America.

"One of the big reasons I went into television in the first place was so that I could spend more time with the children. I only work four days a week now, so I have three full days to be with them. In pictures I couldn't get a chance to see them at all."

It was TV's Lucy who brought them together for keeps and gave them the time to make a real home for their first child, born almost simultaneously with the launching of the I Love Lucy show.

Today, having helped build I Love Lucy into a corporation valued at $10,000,000, Lucille's favorite role is that of Mrs. Desi Arnaz.

As a couple, Lucille and Desi enjoy picnics, barbecues and wiener roasts. They both love horse racing (Lucy bets all long shots in every race), and they entertain a great deal, usually informally.

Not that they are just like the folks next door. Far from it. They are business - wise professional people, trained in the unsympathetic school of experience and given to the distinctive jargon on show business.

Neither can resist acting out the events they describe in conversation, to the delight of their guests. Lucille insists she's a good listener, though, explaining: "That's the only way I can observe."

Wearing the pants in a family that includes one of the most famous women in the world is no cinch for any man, but for Desi it is only one of an awesome array of accomplishments.

"I just worry about my lines, and Desi takes care of the rest of the business," his lithe, flame-haired wife went on proudly. "Oh, he comes to me with personality problems. I know more people in this business than he does, you know.

"But he makes the decisions. I have other things to worry about —the houses, the kids and so forth."

Anyone who doubts that Desi is the man of the house as well as president of Desilu Productions—Lucy is vice president—needs only to sit for a time and watch her quietly pop her chewing gum while her spouse outlines his ambitious plans for the organization.

Only in the exercise of strictly housewifely duties does her natural feminine authority show though in such commands as, "Desi, the feet, not on the table" or "Honey, not so loud. The children are asleep."

Like most husbands, Desi likes to kid his wife about the joys of single-blessedness, quipping with a wink:

"They're the smart ones, the single ones. They know what they doing."

"And just what would you have done that you hadn't already done if you hadn't married?" Lucy demanded archly.

"Don' you worry," Desi replied with a grin, "I left lots of things undone."

The British ordered extermination of the Barbary Apes of Gibraltar in 1923 as a nuisance, but after remembering the tradition that the British would leave the base when the apes left they then placed them under the care of an army officer with the title "keeper of the apes."

Hoover's Little Iowa Town Is Refreshingly Provincial

CEDAR RAPIDS, Ia. (INS)—The provincialism of small-town America has been a source of material for generations of novelists, assayists and feature writers.

But there is another and generally overlooked provincialism, and that is the insularity of a person reared in a big town and with no intention of leaving it except for a suburban cemetery.

It was an eye-opening experience for some of the New Yorkers, Philadelphians, Bostonians and Washingtonians who journeyed to Cedar Rapids and nearby West Branch the other day to sit and walk through Herbert Hoover's 80th birthday celebration.

This is another world, a quieter, happier and a good deal more secure world than that of hard pavement and towering temple of finance or pleasure. Hoover's grandparents found it in a covered wagon, and thought it paradise in Iowa.

I ate fried chicken, home-made bread, sweet corn and applesauce off "First Methodist Church" dishes under a tent with Hoover the other day. The sweet scent of the fields around his incredibly tiny white birthplace came to us in freshening little bursts of breeze that billowed the tent and brushed away the flies.

Across the wooden table from where I sat was a fine looking young woman named Mrs. Harold Heick, her little daughter and husband, who wore his "ruptured duck" button in his lapel. Mrs. Heick baked, frosted and decorated the 6-layer, 50-pound, 80-candle birthday cake. She was too shy to leave her place and go through the crowd watching Hoover cut the first piece, until I pressed a press-badge on her.

"I'm afraid it might not cut well," she said.

But it did, and the old man liked it, and so did a couple of hundred others. And there will never be another day in the lives of the Heicks quite like the early afternoon of August 10, 1954.

No broadway star, taking a sixth curtain call on opening night; no Hollywood babe, wet with tears and streaked with mascara as she accepts her Oscar, could top the quiet pride of Mrs. Heick. Each slice was a curtain call and an award.

All this area has a scrubbed look, to the eye of a New Yorker who has come to accept littered streets and the piled garbage of the night-watch as standard horizons.

Here and there, across green rolling fields placidly stood small fat herds of Herefords. Field birds were busy, and you could buy any kind of pop or ice cream near the little Hoover house, itself adorned with an almost over-powering trumpet vine.

The people of West Branch hope Herbert Hoover will come home again. They hope, too, that one of these years—still remote—he will come home for keeps and sleep beside his blacksmith father and hard-working farm-wife mother for eternity. He deserves the West Branch type of repose after all those trying 20 years in the city, they feel.

Ferguson Lauds Defense Policy

Says President Takes Deep, Personal Interest in U. S. Buildup

WASHINGTON (AP)—Sen. Ferguson (R-Mich) said today President Eisenhower has taken an intense, personal interest in seeing that the nation's defense program is the best that can be devised and "our people need have no fear."

Ferguson, chairman of the Senate Republican Policy Committee, said in a speech prepared for the Senate that the Eisenhower administration has replaced a Democratic policy of "commitments everywhere and strength nowhere" with "a comprehensive military program at a price the national economy can afford."

* * *

The Michigan senator said this program was aimed toward keeping world peace, and built around "a flexible, mobile military force which is capable of being supported by men, weapons and supplies in many far-flung areas throughout the world."

Ferguson's 6,000-word explanation of the administration's military aims presumably was intended as a reply to criticism by many Democrats that the "massive retaliation" policy enunciated by Secretary of State Dulles leaves much to be desired in total defense.

* * *

Ferguson said that "massive retaliation"—the ability to strike back quickly with atomic and hydrogen bombs against any aggressor—was only one element of a rounded program.

He said "brush fire" wars set by the Communists would be dealt with by using "conventional as well as atomic weapons."

"In putting out brush fires, we hope to rely as much as possible on indigenous military strength," he said. "To that end we offer military training, military defense support, economic support and logistic support."

As for "massive retaliation," Ferguson said that "although we cannot guarantee that this deterrent principle will be foolproof in the future, certainly it has worked to prevent a major war thus far."

Ferguson said he hopes Sir Winston Churchill was right in saying that both sides may avoid a war which begins with what both dread most—atomic bombing.

The Michigan senator said military officials decided that "we could get maximum defense at minimum cost over a long period of time by emphasizing the role of air power." But he said this did not mean the Army and Navy would be neglected.

Ted Kluszewski of the Cincinnati Redlegs received the most votes for the 1953 All-Star game—1,652,803.

Car Hits Utility Pole, 2 Detroiters Injured

Two Detroiters were injured early today when their car went out of control on Commerce and Shore Rds. in Orchard Lake and sheared off an Edison pole, according to Orchard Lake Police.

Reported in good condition today at Pontiac General Hospital were Charles Lafferty, 28, of 20076 Seminole, who had head and chin cuts and a fractured arm, and Roy Butler, 26, of 1419 Averhill, who sustained a possible skull fracture and head cuts.

Orchard Lake Police said the accident occurred about 2:45 a.m. when the back of the auto skidded into the pole, cutting the car in two. Police stood by for eight hours, while workmen labored to clear the road and put electric lines back in operation.

Changes Hospitals

ALBION, (UP) — Ernest L. Forbes, administrator of Sheldon Memorial Hospital here since 1946, has resigned to become administrator of Methodist Hospital in Mitchell, S.D.

Detroiter to Be Charged With Murder in Stabbing

DETROIT, (UP) — Police said today that Melvin Camak, 22, Detroit, will be named in a first-degree murder warrant in the death of a 20-year-old youth who died Wednesday in Receiving Hospital of stab wounds.

The victim, Leroy Jarret, Detroit, suffered the wounds in a tavern brawl. His heart stopped beating while on the operating table last Thursday night but doctors massaged his heart for 15 minutes and kept him alive.

Porcupine Quill Puzzler Solved by Dead Animals

CARROLLTON, Mo. (AP)—Farmer John Sherwood got curious when his dog showed up with its muzzle stuck full of porcupine quills. The nearest known porcupine range is about 600 miles north or west of his northern Missouri town.

Conservation Agent John Madden solved the puzzle. He found a dozen dead porcupines in bales of hay shipped from Montana as emergency drought feed.

Buyer Must Carry On Half-Century Tradition

MONTFORT, Wis. (AP) — Wanted: A buyer for a weekly newspaper that has been in continuous publication for 54 years. There's one hitch—all the type for the Montfort Mail has to be set by hand just as Rufus D. Quick, 77, the editor, has done since 1900.

Quick said today that he was forced to suspend publication because of illness and now plans to sell the newspaper that serves this community of 550.

Pure Drinking Water Extracted From Sea

SAN FRANCISCO (AP) — A device that extracts pure, fresh drinking water from the sea has been constructed at the Los Angeles engineering school of the University of California.

Actually a membrane, the device was developed by Gerald Hassler, who believes a cubic yard of the material can produce 2,000 gallons of fresh water daily. The unit would cost about $1,000 and last 20 years.

The "osmotic oil membrane" was made while Hassler was working under a $10,000 research grant from the Department of Interior's saline water project.

Ft. Necessity where George Washington, in command of a small force, was defeated by the French in 1754 has been restored.
