

Loren, Schell, West Side Story Academy Tops

By JAMES BACON
HOLLYWOOD (AP) — Sexy Sophia Loren, stern-faced Maximilian Schell and splashy "West Side Story" go into the records as top winners of the 34th annual Academy Awards.

But a sensational bit of gate-crashing stole the show.

Italy's Miss Loren is best actress.

Vienna's Schell is best actor.

Hollywood's "West Side Story"

is best picture, winner of a near-record 10 Oscars.

"New York's Stan Herman recalls his title as "world champion gate crasher."

Herman, 33, a cable who has made a career out of penetrating the impenetrable, stalked onto the stage in mid-telecast at Santa Monica Civic Auditorium, presented astonished emcee Bob Hope with an ersatz Oscar, and stalked off—leaving the film famous and a nation of onlookers flabbergasted.

IN 'JUDGMENT'

The handsome Schell was for his role as the defender of Nazi war criminals in "Judgment at Nuremberg"—reaching the top despite the handicap of starting in the shadow of his famous sister, actress Maria Schell.

The voluptuous brunette Miss Loren won her Oscar in absentia for playing the earthy war refugee in the Italian production "Two Women"—eliminating a rags-to-riches tale that began on the streets of Rome.

Hers is the first Oscar to a role played in a language other than English.

It was the first time since 1939, when Britniver Vivien Leigh and Robert Donat triumphed, that two foreigners have come out on top.

"West Side Story," a musical version of "Romeo and Juliet" set after last year's dramatic win by Elizabeth Taylor—until Bernadette on stage in the midst of a presentation by Vince Edwards, television's Dr. Ben Casey, and Shelley Winters.

Berman grabbed a pig-sized Oscar and held it up and said, "This is Bob Hope's Oscar for 'The Big Broadcast of 1959.' To the world's greatest comedian from the world's greatest gate-crasher."

Berman, who had his picture taken in the box with President Kennedy and his family at the inaugural gala, said stage crashing is a pushover.

"All you need is a tuxedo and the appearance of looking as if you belong," he said.

Miss Loren didn't come for the (Continued on Page 2, Col. 5)

JFK, Mac Issue N-Test Warning

Rep. Conlin Offers Solution Asks One Tough-Tax Year

LANSING (AP)—Michigan taxpayers can put the state and its ailing local governments on a sound financial footing if they will accept one year of "tough taxation," a legislative tax expert said today.

The legislature must help local governments to help themselves and, at the same time, solve the state's pressing money problems, said Rep. Rollo G. Conlin, R-Tipton, chairman of the House Taxation Committee.

Conlin pointed out what he said were weaknesses in Gov. Swainson's tax program and made another pitch for his own.

The only major difference between the two programs, he said, is the method of providing financial help to local governments.

Both propose a personal and corporate income tax, repeal of the business activities tax and other relief for business and industry.

Conlin recommended the state give up one cent of the four cent sales tax and let the counties decide whether they want to pick up the penny themselves. It would be collected by the state and returned to the counties.

Swainson proposed a 3½ per cent income tax, with half of one per cent to be returned to local governments. He also suggested removal of the sales tax from prescription drugs.

"The major problem in distributing revenues from an income tax is how to allocate it to each unit of government fairly," Conlin said.

If local units are to receive what their citizens pay, he said, "any tax expert will tell you the problem of distributing this fairly becomes a practical impossibility."

Most tax attorneys confided, he said, the food and drug exemption in the sales tax would be unconstitutional because the tax base is fixed in the constitution.

TWO CENTS EARMARKED

But even if the proposal were legal, it would take away \$45 million from school districts and requires the state general fund to make up the difference," Conlin said. The constitution earmarks two cents of the sales tax for schools.

"On the contrary," he said, "my proposal would provide more money for counties and school districts without upsetting the state treasury."

Detroit and Wayne County, both in dire financial straits, would pick up \$40 million a year with a special penny sales tax, Conlin said. This would permit the county to pay Detroit the \$20 million it owes, he said.

Until the sales tax revenues start coming in, he said, Detroit could give a half cent occupations, or payroll tax, for one year.

"It would be so small that it would not bear heavily on suburban people who work in Detroit," he said.

Airport Protest Placed in Hands of Committee

Supervisors Now Able to Proceed With Plans; Lessner Dissatisfied

The Oakland County Board of Supervisors today referred to the aviation committee a resolution that would have stymied any further expenditure for a proposed jet airport in Pontiac-Orion townships.

Orion Township Supervisor John Lessner, who presented the resolution, was dissatisfied with the action.

He had sought an immediate vote by the board to hold up further spending on the airport until a cost estimate has been completed.

Aviation committee member John L. Carey, Springfield Township supervisor, called for a "thorough study of all financial sides" of the question "because the people involved (living in the area of the proposed site) deserve it."

SET FIVE MONTHS

A rider to the resolution, restricting the aviation committee to come up with a cost estimate within five months, was made by William Ewart, supervisor from Pontiac. The motion carried.

In the meantime, the board is in no way prevented from spending money to acquire land within the proposed 3,000-acre site a mile north of Pontiac.

The county is in the process of exercising options on 445 acres that will form a nucleus for further expansion. Included in the nucleus is the Allen Airport, a private field, on Giddens Road.

SIXTY ON HAND

Approximately 60 residents in the affected area attended today's board meeting to support Lessner's resolution.

They applauded Avon Township Supervisors Cyril Miller's criticism of the alleged manner in which initial funds for the airport were raised.

Miller stated that the road commission had withdrawn its request for \$125,000 for bridge (Continued on Page 2, Col. 6)

Give Soviets Final Chance to Meet Terms

Joint Statement Says U. S. Will Start Blasts Unless Inspection OK'd

From Our News Wire

WASHINGTON — The United States and Britain gave the Soviet Union an apparently final warning today that unless there is agreement on an enforceable nuclear test ban the new U. S. test series scheduled to start late this month will have to go forward.

In a joint statement released at the White House, the two governments called on the Soviets to reconsider their position on the inspection issue and to accept the principle of international verification.

"If they will do this," the statement said, "there is still time to reach agreement."

The declaration then continued:

"But, if there is no change in the present Soviet position, the governments of the United States and the United Kingdom must conclude that their efforts to obtain a workable treaty to ban nuclear tests are not now successful, and the test series scheduled for the latter part of this month will have to go forward."

President Kennedy and British Prime Minister Harold Macmillan chose the joint statement technique for stating their position, in preference to forwarding another direct appeal to Soviet Premier Nikita Khrushchev. Some U. S. officials said the time is considered too late for the personal communication method.

SENDS NOTE

Nevertheless Macmillan sent a personal message to Khrushchev today urging him to give "the most urgent consideration" to the joint Anglo-American appeal for concluding a controlled test ban treaty.

"I feel that I must ask you to give the most earnest consideration to our proposal," Macmillan's letter said.

"I feel sure that once the principle in international verification (Continued on Page 2, Col. 7)

NAMED BEST ACTOR — Maximilian Schell gets a kiss from Joan Crawford at Santa Monica, Calif., last night after being named best actor of the year for his role in "Judgment at Nuremberg." Miss Crawford presented the Oscar for the Academy of Motion Picture Arts and Sciences.

HAPPY WINNER — Sophia Loren, winner of an Oscar for the best performance by an actress in 1961, warmly embraces her husband Carlo Ponti today in Rome. She was honored for her portrayal of the earthy war refugee in the Italian production "Two Women."

Russ Envoys Skip Trip to See Canaveral Launch

FROM OUR NEWS WIRE
CAPE CANAVERAL, Fla. — The U.N. Outer Space Committee flew here today to observe the launching of the world's first international satellite, but Soviet representatives expected to make the trip were not aboard the plane.

Francis Plimpton, U.S. delegate on the committee, said the Soviet Union at first accepted an invitation to tour this missile test center and to view the launching of the American - British satellite. But the Soviets then sent regrets that their two delegates would be unable to go.

Plimpton theorized the Russians declined because they did not want to be put in the position of touring a U.S. missile base when American observers are barred from Soviet launching facilities.

In New York a spokesman for the Soviet delegation said Ambassador Placdon D. Morozov "is a very busy man" and thus was not able to make it. Technical expert A. A. Bazarov was returned to Moscow, the spokesman said.

However, the 28-nation U.N. group had representatives from all other Communist bloc nations except Albania, whose delegate turned up sick before the committee left New York. Included among the 74 members were delegates from Yugoslavia, Poland, Romania, Bulgaria, Hungary and other Moslems.

They are the first Soviet bloc representatives to visit Cape Canaveral.

Yank Divers to Sell Story of Cuba Trip

POMPAHO BEACH, Fla. — Seven treasure hunters who received cold glove treatment from Fidel Castro after their boat went down in Cuban waters intend to turn their misfortune to profit.

The men have brief details of their apparently pleasant run-in with Cuba's Communist troops, but said they were negotiating to sell the account of their adventure to a magazine. They declined to answer more questions.

Questioned at Pompano Beach hotel, the seven men said Castro's militia were named to them. They said they were not jailed, but were billeted in a swank Havana mansion.

After lengthy interrogation which apparently satisfied the Cubans the men were not invaders, the treasure hunters were escorted by uniformed militiamen on a tour of Havana.

Mike Freeman, the group's photographer, said he took all the pictures he wanted and brought them with him on the flight to Miami yesterday. He said the pictures had been turned over to the magazine.

Fred Dickson Jr., 31, said their boat, the Pisco, a 46-footer, struck a reef in a storm about 1:15 a.m. April 12 and sank in about seven minutes. He said the crew was in ashore, saving only their clothing and one bag of diving gear.

The bag was kept by the Cubans, he said.

After reaching shore, the men approached a farm shack and the farmer notified Cuban authorities, Dickson said. They were taken to a building in Baracoa, a village in east Cuba, where the questioning began.

Dickson said the seven were questioned individually, and as a group. They were quizzed from 4 a.m. to 9 p.m. Thursday, and again all day Friday.

Oakland Board Names Leaders

Hamlin and Hulet Are Re-Elected Chairman and Vice Chairman

Delos Hamlin, city of Farmington supervisor, and Arno L. Hulet, Bloomfield Township supervisor, were unanimously re-elected today as chairman and vice chairman respectively of the Oakland County Board of Supervisors.

Hamlin, elected to his seventh consecutive one-year term as board chairman, told fellow board members "there is no job in the state of Michigan more exciting. I will continue to represent you to the best of my ability."

Hulet, named to a third straight term as vice chairman, also thanked the supervisors for their vote of confidence. Hamlin is 57, Hulet, 67.

William Ewart, supervisor from the City of Pontiac and temporary chairman of this morning's meeting, closed nominations when no persons were named for the two top posts were named. A motion suspending rules for a roll call vote was carried and a unanimous voice vote was registered.

To Reject Iran Idea

JAKARTA (AP) — President Sukarno indicated today he would reject a reported U. S. proposal to end administration of West New Guinea from Dutch control to Indonesia over a two-year period.

Liz Applauds Sophia for Winning Oscar

ROME (AP) — Elizabeth Taylor was one of those who helped swamp Sophia Loren with congratulations today for her Hollywood Oscar.

Miss Taylor, who won the award last year after a near fatal illness, sent a telegram congratulating the new winner of the best actress of 1961. She declined to disclose what she said.

Miss Taylor, who won the award last year after a near fatal illness, sent a telegram congratulating the new winner of the best actress of 1961. She declined to disclose what she said.

Mackie Sees Highway Dept. Setback

'Con-Con Plans Would Hurt Roads'

"Every action of the convention thus far would weaken the State Highway Department program," said Highway Commissioner John C. Mackie. "My position is supported by many charged with responsibility for Michigan's critical highway needs for the next quarter century," he said.

"The constitutional convention has given preliminary approval to a four-member state highway commission, appointed by the governor with advice and consent of the Senate. For 10 years, the commissioner has been an elected officer. The people have elected no public demand for a change," said Mackie.

"We may be proud that Michigan is the only state to elect its highway commissioner," he continued.

"In contrast to experiences of Indiana, New Mexico, Massachusetts and Florida where direct highway systems, Michigan has been free of corruption."

"Con-con would remove the de-

'Con-Con Plans Would Hurt Roads'

partment further from the people, the legislature and the governor," Mackie said. "Michigan's road program might be decided by political pressures rather than scientific determination of priority and statewide need."

"If the people do not like the highway commissioner they can vote him out of office as they have in the past. Michigan has many boards and commissions," the commissioner added.

"Dr. James K. Pollock, University of Michigan political scientist says:

"The legislature controls the State Highway Department and this bipartisan proposal impairs such control. The record of other states does not give dynamic, up-to-date leadership. Complaints do not justify changing."

"The legislature," Mackie went on, "would have authority to use highway funds for police operations or driver training in schools, and it might use funds for paving sidewalks as was done in Illinois or construct a state of Illinois building as was done in Arkansas."

Fair, Cool Tonight, but Rain Tomorrow

"We are building more roads faster than any state but our needs are not being fully met," said Mackie. "Traffic will increase (Continued on Page 2, Col. 1)

Today's sunny skies will continue fair tonight but April showers are likely to sprinkle the area tomorrow, the weatherman said.

Temperatures are expected to drop 20 tonight then shoot for a high of 58 Wednesday. Partly cloudy and a little cooler is the forecast for Thursday.

Morning winds west to southwest at 10 to 15 miles per hour will become light variable tonight.

Thirty-six was the lowest recording in downtown Pontiac preceding 5 a.m. The thermometer reading was 51 at 2 p.m.

Each weekday during Lent a prominent American invites you to join with him in his favorite prayer. Today, join with J. EDGAR HOOVER, Director Federal Bureau of Investigation.

Father and Center, heart to heart. From us from ignorance; guard us from fear. Give us the insight to ever prize liberty. — This gift, broadcast on our way may never last for us alone.

Guide us in our daily duties. Grant that we learn the lessons of love taught by Him in whose name we pray.

Flashes

BENTON, Ill. (AP) — A school bus plunged across a rural intersection and into a ditch 6 feet deep today, injuring most of its 16-passenger passengers.

DETROIT (AP) — Mayor Jerome P. Cavanagh today recommended to Common Council a property tax rate cut to offset in part his proposed city income tax.

Session Called in Buenos Aires

Congress Must Decide About Election Victories of the Peronists

BUENOS AIRES (UPI) — The Argentine congress has been summoned into an extraordinary session to decide what should be done about the Peronists—whose leaders have forecast a civil war if their election victories are not recognized.

The followers of ousted dictator Juan D. Peron won 49 seats in congress in the March 18 elections. Their victories were nullified under a section of the Argentine constitution, triggering a political crisis which propelled President Jose Maria Guido into power.

Guido last night called the special session to deal with the mounting problems that have beset the country since the elections.

Following a meeting of the caretaker government's cabinet, Minister of Agriculture Cesar Urien said congress would convene within 48 hours.

PRESIDENTIAL SUCCESSION

But informed sources said congress would deal only with one problem during the special session—the law of presidential succession.

Under the law, Guido took over the presidency after Arturo Biondini was ousted.

The law provides for a 30-day period before announcing new elections.

Congress could rewrite the law to allow Guido to continue in the presidency until the next regularly scheduled presidential election in 1964.

But tomorrow, the deputies and city councilors who won electoral votes are to be formally given victory certificates.

It was the military's dissatisfaction with the victories which led to the armed forces' ouster of Biondini, his arrest and his imprisonment.

Econ-Con Plans Would Hurt Road

Continued From Page One

average 51 per cent in the next 30 years. An estimated \$1 billion is required. Yet a joint study recently disclosed that roads from all existing sources of highway income will yield only \$25.5 million. With a potential shortage of \$2.5 billion, is Michigan's road situation really as bleak as it seems?

The changes lie in permitting the legislature to tap highway funds for other purposes.

"Good roads are too important to automotive, tourist and farming industry to leave anything to chance. The Federal Bureau of Roads considers Michigan's present condition a serious problem, one of the best in the nation," Mackle said.

For Safety's Sake

MEMPHIS, Tenn. (UPI) — Mrs. P. K. Wick who works in a church nursery had to remove a church offering envelope from a small boy's coat. Mrs. Wick said the mother had stapled the envelope to the coat, to make sure that the kid wouldn't lose it.

Bottom, Miles Vied in '60, Too

District 4 to See Rematch

The race for the District 4 City Commission seat in the April 16 general election will be a rematch of the 1960 election.

Candidates are incumbent commissioner Winford E. Bottom, secretary-treasurer of the Thomas Die & Stamping Co. in Pontiac, and Floyd P. Miles, who operates a religious book and supply store in Pontiac.

Miles, a former District 4 commissioner, was defeated by Bottom in the election two years ago.

Bottom, 36, of 174 Euclid Ave., is bidding for his second term. He

has been a Pontiac resident since childhood, went to local schools, and was once president of the former Pontiac Police Reserve Association. A Mason and Shriner, Bottom is married and has two children.

He is a graduate of the U.S. Naval Ordnance School and General Motors Institute. He was an assemblyman at Pontiac Motor Division before World War II and returned to join the sales and purchasing departments until going to his present position in 1952.

Bottom is a member of All

Saint Episcopal Church and has been active in Pontiac Boys Club activities on the north side.

Miles, 53, of 380 W. Columbia Ave., served six years as commissioner before he was defeated by Bottom.

A Pontiac resident for 48 years, he currently heads the city's transportation committee. An active church worker, he is a member of the YMCA and Gideons International.

ON BOOKSELLER BOARD

Miles has just completed a three-year term on the board of directors of the Christian Booksellers Association of America, two years of which he served as secretary. He is currently a director of the National Audio Visual Association and chairman of the association's religious council.

He once was full-time business manager for First Baptist Church. A native of Detroit, Miles attended Pontiac public schools and the Pontiac Business Institute.

Statements of candidates appear below their pictures.

Proud Leaves Schools Post

Request OK'd 3 Weeks After Official Accused of Morals Offense

The Pontiac Board of Education at a special meeting yesterday accepted the resignation of Asst. Supt. Philip J. Prosd, effective immediately.

The resignation came three weeks after Dr. Prosd had been apprehended by Detroit police after a complaint on a morals charge. However, the Wayne County Prosecutor's office on March 30 refused to issue a warrant because "investigation shows that evidence is not sufficient to warrant court action."

Prosd was superintendent in charge of personnel and public relations.

The action was taken unanimously by the full board in a brief formal session which followed a half-hour executive meeting. Acceptance of the resignation was formally moved by board member Monroe M. Osman.

"Under the conditions set forth in the letter of resignation," the motion was seconded by the Rev. J. Allen Parker.

There was no discussion during the several minutes of formal session. Also present were Schools Supt. Dana P. Whitmer and School Attorney Harold W. Dudley.

Dr. Prosd had written the following letter as released by the board:

"To the Board of Education: No matter how much I may believe that the presentation of certain facts may provide reassurance and perspective, it is clear that the best interests of nearly all concerned will be served by another course of action.

"It is my understanding that such a course of action will not inhibit my receiving full credit for sick leave and annual leave benefits accrued during my period of employment in Pontiac.

"I respectfully request that my voluntary resignation from employment with the school district of the City of Pontiac be accepted, effective immediately."

Supervisors Put Off Resolution for Money to Build Bridges

The Oakland County Board Commission will have to wait until Monday to learn the fate of its request for \$108,000 in county funds for bridge construction.

The board today put the matter over for further consideration at its next meeting.

A resolution, drafted by the commission, to spend 1/20th of a mill for the construction work in 1963, was presented by Farmington Township Supervisor Curtis Hall, acting as chairman of the board's roads and bridges committee.

The millage request it granted, would come from the 15-mill tax limitation on the county. It would amount to 5 cents per \$1,000 of assessed valuation.

Previously the road commission has received funds for such purposes from unallocated county money resulting from receipts for county services.

Following the board of supervisors meeting rural township supervisors met separately to endorse the Road Commission resolution.

LEADS INTO NEW

West Berlin border guards rushed out of the fire rescue squad. They spread a net and the boy jumped into it.

An East German policeman escaped to the West during the night by running through a subway tunnel, West Berlin police reported. He was a member of the transport police, responsible for patrolling railroad installations. He was in uniform and brought his pistol with him.

Orion Township Subdivision Still Hanging in the Balance

Fate of the proposed \$150-million Wildwood Subdivision in Orion Township was still doubtful today following the meeting of the Oakland County Board of Supervisors.

Supervisors delayed for at least five months any further action on decision on their tentative plan for a new jet airport immediately south of the proposed development.

A motion by Orion Township Supervisor John Lesiter to halt further expenditure on airport plans until accurate costs could be ascertained was sent to the aviation committee, with the provision that the committee report back with the costs in five months.

It is hoped the supervisors will change their minds about the airport when they learn how much it is likely to cost, Adler said.

Airport opponents also are writing letters to state and federal aviation officials urging that airport plans be rejected.

PLAN DREDGING

The development would include the Old Scripps estate, Voorhes Lake and Lake Sixteen. Dredging to provide additional lake frontage had been planned. The homes were to range from \$20,000 to \$40,000.

The Oakland County Homeowners and Taxpayers Association, formed to protest airport plans, is

No Chance of Breakup Says Happy Mrs. Burton

LONDON — Mrs. Sylvia Burton, 35-year-old wife of movie actor Richard Burton, went back into hiding today, after telling reporters there is no chance of a breakup in her marriage.

Friends said she obviously enjoyed her weekend in Paris with her husband. He flew there from Rome where he has been hitting the nightspots and the headlines with Elizabeth Taylor.

The Day in Birmingham

Mayor Florence Willett Elected to Third Term

BIRMINGHAM—Mayor Florence Willett was elected to her third one-year term last night by three commissioners.

The choice was unanimous, as was the re-election of Mayor Pro Tem William H. Burgum to his second term.

A city commissioner since 1955, Mrs. Willett was first elected mayor in 1960, the first time a

2 County Men 'Bow' for Oscar

Pair Played Big Roles in Production of Film 'Project Hope'

Two Oakland County men can take home today for their roles in producing an academy award-winning documentary film.

Ralph C. Charbeneau, of Frankfort, and Dale J. Brubaker, of Bloomfield Hills, handled key production duties during the shooting of "Project Hope," which last night won an "Oscar" as the best documentary short subject for 1961.

Charbeneau, a director of advertising and public relations for ExCello Corp. of Detroit, was project supervisor for the filming of "Project Hope," an account of the work of the American Red Cross in Southeast Asia.

Charbeneau said he had "high hopes" for an academy award but realized there was stiff competition.

A total of 135 children, ages nine through 13, comprise the choir.

The cantata, sung entirely in Latin, will be presented during the course of the service of Choral Evening, with Rev. David Van Dusen officiating.

Pergolesi's work is the first that was written for treble chorus alone and paved the way for future development of the oratorio and the concert mass.

All previous oratorios had been for full mixed chorus of treble and bass voices, interspersed with spoken and sung dialogue.

woman had held the top city office in Birmingham.

The duties of the position were not unfamiliar to Mrs. Willett when she was elected to the mayor's job. Her father, Raymond A. Jacobs, had been village president and first mayor of Huntington Woods.

COUNCIL TO MEET

Bloomfield Hills will hold its organizational meeting at 8 p.m. today.

James A. Berensford, re-elected to a two-year term in the April 2 election, has held the mayor's post during the past year, and John S. Bugas has been mayor pro tem.

It's likely that Bugas will be elected mayor unless precedent is broken. In recent years the mayor pro tem of the preceding fiscal year has been named mayor.

Bugas held the office about five years ago. Berensford has been mayor twice.

The eighth annual performance of the Lenten cantata, "Stabat Mater," by Pergolesi, will be presented Sunday by the boys' and girls' choirs of St. James Episcopal Church.

The work will be presented at 4 p.m. under the direction of Kent McDonald, organist and choirman.

A total of 135 children, ages nine through 13, comprise the choir.

The cantata, sung entirely in Latin, will be presented during the course of the service of Choral Evening, with Rev. David Van Dusen officiating.

Pergolesi's work is the first that was written for treble chorus alone and paved the way for future development of the oratorio and the concert mass.

All previous oratorios had been for full mixed chorus of treble and bass voices, interspersed with spoken and sung dialogue.

Mrs. Alfred J. Rotherburgh

Service for Mrs. Alfred J. (Marjorie S.) Rotherburgh, 65, of 942 Pilgrim St., will be 3 p.m. tomorrow at the Bell Chapel of Christ Episcopal Church.

Burial will be in Woodlawn Cemetery, Detroit.

Mrs. Rotherburgh died at home yesterday following a heart attack. She was a member of Christ Church Cranbrook.

Surviving are her husband; a daughter, Mrs. Jon B. Rogers of Greenwich, Conn.; and two sons, Peter S. and Alfred J. Jr.; and one sister.

Airport Resolution Goes to Committee

(Continued on Page 2, Col 1)

construction and repair, so that the money could be used for airport land, with "a promise from the Ways and Means Committee" that the money would be allocated in the 1963 budget.

Ways and Means Chairman David Levinson of Birmingham denied any such promise ever was made. The committee scratched the request from the tentative budget last month.

Miller said, "My criticism still stands." He called the Ways and Means Committee's action "not conducive to good business" because of the alleged breach of promise.

He said, "My criticism still stands." He called the Ways and Means Committee's action "not conducive to good business" because of the alleged breach of promise.

Ribicoff Cites Needs of Aged

Claims Demand is High for Those Providing Services

WASHINGTON (AP)—Secretary of Welfare Abraham A. Ribicoff said today the nation needs to train more people to provide services needed by the aging. It also needs health insurance financed through the Social Security system, he said.

Ribicoff, in an address prepared for a conference of state executives on aging, said progress has been made during the last year in tackling problems of the nation's senior citizens.

He cited enactment of legislation to provide federal aid for out-of-hospital health-service programs and to accelerate construction of housing for older citizens.

"But a great deal remains to be accomplished for our older people," Ribicoff said.

"We need to train more professional administrators and managers for public housing and homes for the aged and to establish facilities for such training. Now, there is no university offering work in this field.

"We need, of course, to train more doctors and dentists—in the interest of all our people."

"And—most importantly—we need a program of health insurance for our aged."

Slain Amish Man Buried in Cornfield

CENTREVILLE (AP)—Slain Amish farmer Joel P. Schwartz was buried here yesterday in simple rites that provided a stark picture of contrasts between the traditional and the modern.

The 57-year-old farmer, shot by an angry mob of his 15-year-old daughter, was laid to rest in a grove of trees in the corner of a windy cornfield.

Some 50 buggies brought strict members of the religious sect, men wearing their traditional beards and collared frock coats and the women in full length skirts and face-shielding bonnets.

But others, Amish who have broken away from the strictest traditions of the church and the way of life, followed at a distance in shiny automobiles.

There were close to 500 mourners in the farm home of Dan Bontrager, a close friend of Schwartz, for the services that included half-hour sermons by Ervin Yoder, of the Centreville Amish church, and Amos Yoder, of Lagrange, Ind.

Many went to the cemetery but only a handful of the mourners, including Schwartz's three sons, clustered at graveside when the rough wooden casket, covered with canvas, was lowered into the ground.

The victim's wife Vivian, 37, remained in a Three Rivers hospital where she is recovering from a chest wound inflicted by the same rifle that killed her husband last Thursday.

Held under police guard in the same hospital is Carlyle Allan Schragg, 21, of Centreville, whom authorities have charged with first-degree murder in the slaying of Schwartz.

Schragg was wounded in a struggle for the gun with Mrs. Schwartz after he allegedly shot the farmer dead in his hogpen.

7th Fleet Chief Talks to Press in Hong Kong

HONG KONG (AP)—Vice Adm. William A. Schoch said yesterday "the Far East area has the potential of erupting at any time," but there is no evidence Red China is building up its military forces opposite national-held Quemoy and Matsu.

The commander of the U.S. 7th Fleet, which guards the strait, talked with newsmen aboard the flagship Oklahoma City, a missile-carrying cruiser now tied up in Hong Kong Harbor.

"Among other things, the admiral said Schoch is pronounced 'Shay,' as in 'Furphy' slang, and he has been having some trouble for more than 50 years."

Teachers Delay School Strike

Will Meet Today to Plan Future Action in New York

NEW YORK (AP)—A strike of public school teachers scheduled to begin today was postponed for at least a day in a stormy session of the United Federation of Teachers' delegate assembly.

The assembly, meeting until 3 a.m., voted to reject terms of a strike postponement proposal offered by the city and to hold a full membership meeting at 4 p.m. today to determine a course of action.

Charles Cogen, union president, said the action put off any walkout of the city's 40,000 public school teachers until Wednesday morning at the earliest.

Such a walkout could affect up to one million of the city's pupils. The union's negotiating team had agreed last night to the city proposal, which included an agreement on wages and working conditions the negotiators had worked out with the Board of Education.

But when Cogen appeared before the delegate assembly at St. Nicholas Arena after midnight to plead for ratification of the agreement, he was greeted with cries of "strike, strike."

Cogen told the 700 assembly

members that about \$28 million is now available for salary raises and other benefits for the next fiscal year.

A storm of boos greeted this announcement. The teachers had asked \$33 million.

Cogen said the agreement also called for establishment of a three-man fact-finding committee.

To Fill Cheboygan Post

CHEBOYGAN (AP)—Candidates for the Cheboygan County civil defense director's post will be considered by the board of supervisors beginning today. The former director, Maxin A. LaCross, 51, died Saturday of a heart attack.

Judge Uses Recording When He Charges Jury

BRUNSWICK, Ga. (AP)—City Court Judge W. C. Little charged the jury in a civil suit by means of tape recording.

Little had to interrupt charging the jury last week because of high blood pressure.

He taped his charges in portions Sunday. With approval of attorneys for both sides, he sat on the bench yesterday as the tape was played in the courtroom.

CLASS G: MEDIUM-PRICED CARS	PONTIAC STAR CHIEF	19.48
CLASS H: HIGH-PRICED CARS	CHRYSLER NEW YORKER	18.11

*All cars except those in Class A have automatic transmissions.

This USAC-certified mileage record was scored by regular stock cars in the 1962 Mobil Economy Run—world's greatest official test of gasoline mileage economy. All of these cars used exclusively either Mobil Premium or Mobil Regular gasoline with the highest Megatane Ratings of any leading gasolines.

Now—Mobil® gasolines have been tested in almost every make of American car. This year 46 cars were entered in the Mobil Economy Run; they traveled 2,497 miles at normal speed from Los Angeles to Detroit—across deserts, over mountains, through crowded city streets... delivered convincing records of the mileage-economy potential of Megatane-Rated Mobil!

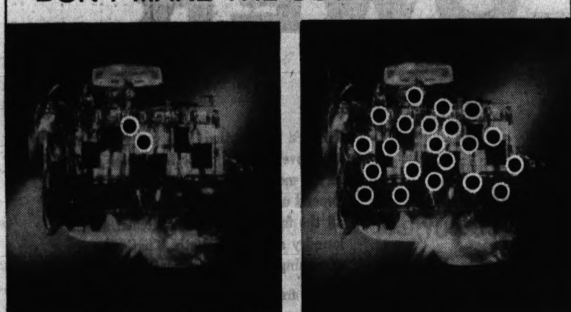

Certified Results!

This advertisement approved and the Mobil Economy Run data certified true by United States Auto Club.

For Mileage Economy and Top Performance Get Mobil with the Highest Megatane Ratings of Any Leading Gasolines!

DON'T MAKE THE OCTANE MISTAKE!

Octane Rating measures only 2 of your motor's needs

Megatane Rating measures 21 of your motor's needs

The Higher the Megatane Rating the Better Your Motor Will Run!

Octane rating measures only 2 of the qualities your car needs in a gasoline... 2 very important qualities—both dealing with anti-knock. The result: many people make the Octane Mistake! They consider only Octane ratings when buying gasoline and overlook many other important qualities made possible by brilliant scientific advances. Qualities that can truly give you a cleaner motor, more mileage

and power, longer life and fewer repair bills. That's why Mobil's engineers measure and express gasoline quality in a rating system called the Megatane System which enables you to judge not just Octane qualities, but the total performance of your gasoline. Megatane includes Octane, of course, but goes far beyond Octane to measure not just 2, but 21, of your motor's needs.

Whether your car is designed to run on Regular or Premium—the best gasoline for your car is Megatane-Rated Mobil!

How do you know before you buy? Mobil's Megatane Rating System tells you. While no gasoline has a perfect Megatane Rating of 21, Mobil Premium at 19† rates highest of any leading Premium. Mobil Regular at 16† rates higher than any leading Regular gasoline. Grade for grade, Mobil gives you more of the important qualities that combine to give outstanding performance and mileage economy.

At first, this Mobil difference may not be apparent to you, but five, ten, twenty thousand miles from now your motor will know the difference... in more mileage, in less loss of power, and in longer prime of life.

So, save your motor as well as your pocketbook! Get Mobil with the highest Megatane Ratings of any leading gasolines!

†Add 1 extra rating point for de-icer where use depends on climatic conditions.

Walker Claims
Newsmen Jabbed
Him With Elbow

DALLAS (UPI) — Former Maj. Gen. Edwin A. Walker said yesterday he punched a Washington newspaper reporter in the eye last week because the newsmen first jabbed him three times with his elbow.

The incident happened when Walker, a candidate for the Democratic gubernatorial nomination in Texas, went to Washington to testify before a Senate subcommittee studying "muzzling" of military officers.

The newsmen was Tom Kelly, a correspondent for the Washington Daily News.

Walker said he decided to tell his side of the story because "the liberal, left-wing press — especially in the East — would like to keep him quiet."

MSU Students
Face Discipline

2 Convicted of Selling
False Identification
Cards to Minors

EAST LANSING — Two Michigan State University sophomores, convicted of supplying under-age fellow students with false identification, will have to explain their actions before a faculty committee later this week, university officials said.

Both pleaded guilty last week to separate charges of furnishing false identification for the purpose of securing liquor. They will be called before a faculty committee on student conduct.

Theron P. Robinson, 20, a sophomore from Saginaw, was charged \$119 in fines and costs and sentenced to 45 days in jail in Lansing Township Justice Court last week. He has appeared in his sentence in Ingham County Circuit Court.

Robinson, police said, sold "identification kits" to students under 21 years of age. The kits consisted of a birth certificate, a University of Detroit student identification card and an intercollegiate press card.

Gerald F. Monkman, 21, a Lansing sophomore and a part-time employee in the secretary of state's office, supplied Robinson with drivers' licenses turned in for a name change by young, newly married women. He pleaded guilty and was placed on six months probation.

Seven of the kits were recovered from patrons of Robinson. Apparently all the drivers' licenses were recovered before he had a chance to sell them, state police said.

An investigation by campus and state police was touched off last week when an MSU student was arrested for a traffic violation by state police from the Traverse City post. The student had four pieces of false identification, police said.

Ex-German President
Placed Self in Hospital

LOERRACH, Germany (AP) — Former West German President Theodor Heuss entered a hospital yesterday complaining he felt sick. Heuss had come here for the confirmation of a grandchild. Exact cause of his illness has not yet been determined, doctors reported yesterday.

Heuss, 77, served two five-year terms as West Germany's president, from 1949 to 1959. Heinrich Lübke was elected his successor, the constitution barring any man more than two terms.

To Be St. Joseph Mayor

ST. JOSEPH (AP) — Clifford R. Emlong, 48, Monday was selected by his fellow city commissioners to be mayor of St. Joseph for the next three years. Emlong, elected to the commission by a 7-1 voter majority last week, replaces Tom H. Sparks, mayor since 1955.

Israelis Joyful
as Feast Nears

Small Nation Troubled
by Financial Problems
Awaits Passover

TEL AVIV, Israel (UPI) — Israelis will celebrate Passover on April 15 in an aura of well-being.

Passover, or Pessach, celebrating the Israelites' exodus from Egypt in Biblical days, comes this year at a time when many people here are beginning to discuss possible peace with Egypt.

Their joy may be tempered by considerable concern over the situation on the Syrian border at the Sea of Galilee.

The border has been quiet since the series of Syrian and Israeli attacks last month. But Israelis believe the matter is far from over.

RICH FEAST OFFERED

Passover tables offer a rich feast this year. Despite the recent currency devaluation and the subsequent rise in the cost of living, there is still plenty of food and enough wine for everyone to drink the traditional four cups, each symbolizing a different version of the redemption.

This atmosphere of prosperity and well being in the heart of trouble extends to the desert villages home of Prime Minister David Ben-Gurion. The nation's oldest statesman is spending Passover on his first vacation in more than a year.

Also resting is Ben-Gurion's fast-rising right-hand man, Finance Minister Levi Eshkol, who is closely watching the effects of the devaluation.

Prices on all goods—from cigarettes to railway tickets—have been rising steadily. The Socialists are demanding an immediate payment on the cost of living allowance, not due until July. Ben-Gurion's government split on the issue, has agreed to a raise for low-salaried workers.

The crux of the matter is the fact that raises now will cost the government millions of pounds in salaries.

Most hotels hold ceremonial meals in which translations of the various phases of the drama of exodus are recited in Hebrew and French. Thousands of tourists are here for the holiday.

For visitors from abroad, another ceremonial meal will be conducted on the eve of the second day. This extra meal was added to Passover years ago by Jews outside the Holy Land to make sure they coincided with observances here.

Swainson Inks Pay Hike
for Charter Townships

LANSING (AP) — A bill increasing the maximum annual pay of charter township trustees from \$500 to \$1,000 was signed by Gov. Swainson yesterday.

The measure boosts from \$10 to \$15 the maximum payment to trustees for each meeting they attend and eliminates language that requires the board to pay specific amounts, giving townships flexibility.

DISCUSS UNION — Leaders of four Protestant faiths discuss possible merger into one church at a meeting in Washington (D.C.) Cathedral yesterday. They are, from left, Bishop Glenn R. Phillips, resident bishop of the Denver area and chairman of the Methodist delegation; Rt. Rev. Robert F. Gibson Jr., of Richmond, Va., chairman of the joint com-

mission on approaches to unity of the Episcopal Church; Rev. James L. McCord, president, Princeton Theological Seminary, and chairman of the United Presbyterian delegation; and Rev. David C. Colwell, minister of the First Congregational Church in Washington, and chairman of the United Church of Christ delegation.

Margin Narrow on Test Votes

Senate Denies Con-Con More Funds

LANSING (AP) — Senators have momentarily stopped fighting among themselves over taxes to turn a critical eye on spending by the constitutional convention.

In a test vote last night, the Senate twice rejected a supplemental appropriation of \$125,000 for convention expenses. The added appropriation to the original \$2 million in expense money already voted was turned down by votes of 13-12 and 14-13.

Sen. Frank D. Beadle, R-St. Clair, Republican majority leader, said he would attempt to reinsert the added money before the issue comes to a final vote.

Democrats led the fight against the added appropriation for the convention, dominated by Republican delegates.

"A very extravagant operation," Sen. Garland B. Lane, D-Flint, said of the convention. "I don't think they should get another penny."

Beadle said he didn't think the request was excessive, noting it was shaved down to \$125,000 from an original request for \$777,000 additional.

"The mismanagement of funds has been going on for seven months," declared Sen. Raymond D. Dzendzel, D-Detroit. "As of now, we haven't seen any indication of a finished product of the convention."

Dzendzel objected that the con-

Annual Oscar Show
Long, Yawning Affair

By CYNTHIA LOWRY
AP Tele-Vision Radio Writer
NEW YORK (AP)—Hollywood's annual big moment—its Motion Picture Academy Awards show—meandered along for more than two hours Monday night and into this morning on ABC before the television audience finally learned the names of its best picture, best actor, best actress and best supporting players.

There were many other awards of Oscar statuettes, too, of mild interest to the television audience. But those were the five that kept the yawning public up through endless "I want to express my gratitude to—" speeches. But if you like to look at stars, there were a lot of them to see, and Bob Hope managed to keep things moving as a bright master of ceremonies to the bitter end.

"West Side Story" picked up so many awards that it almost became monotonous. I wouldn't miss watching this annual show, but each year I wonder why Hollywood can't manage to honor itself with a shorter, more interesting program—and also why a great industry like motion pictures must have its big event of

the year sponsored, this year by a manufacturer of home permanent waves and a tooth paste.

Mine Waste to Be Filled
on Northern State Road

LANSING (AP) — About 500,000 tons of mine waste will be used as fill material and for embankments on the modernization of five miles of U.S. 2 between Ironwood and Bessemer, the State Highway Department said today.

Waste is being used because of its availability in the Ironwood area and because it is cheaper and better than dirt, said department engineers.

2 Slash 3 Deputies
in Would-Be Escape

DETROIT (AP) — Two prisoners armed with makeshift knives slashed three deputy sheriffs last night in a futile attempt to escape from the Wayne County Jail.

Officers said the men had improvised knives by inserting razor blades into toothbrush handles.

They were identified as James Goodenough, 31, awaiting trial for murder, and George Mierzwinski, 27, of Montreal, who was sentenced yesterday to 10 to 20 years in Southern Michigan State Prison on robbery charges.

All electronic television was interrupted in a left in San Francisco in 1927 by Philip T. Farnsworth.

BUDMAN'S

Great Lakes Ice Lets
Freighters Through

DETROIT (UPI) — The U.S. Weather Bureau said today ice is deteriorating at a moderate rate on the Great Lakes and the first ship arrivals of the spring have already been logged at Sault Ste. Marie, Detroit and Cleveland.

In its weekly ice report, the weather bureau said Lake Superior is 80 per cent free of ice and a Canadian icebreaker smashed through Whitefish Bay to cross the lake to the Port Arthur, Ont., area.

The Port Arthur ice depth was placed at 30 to 36 inches, the Green Bay ice depth at 20 to 24 inches, and Whitefish Bay at 16 inches.

Navigation has proceeded through rotten ice fields of Lake Huron and Alpena without difficulty but a fast ice field still covers the northern half of Georgian Bay.

Big Brother of Year

Laud Meredith Willson

WASHINGTON (AP)—Meredith Willson, composer of "The Music Man"—a hit musical about a glib con man who sells hand instruments to kids who can't play them—received the 1961 Big Brother of the Year award today from President Kennedy.

"By giving so generously of yourself, your heart and your talent, you exemplify the philosophy of the Big Brother movement and are a source of lasting pride to every big and little brother," said

Kennedy in presenting the scroll at a White House ceremony.

Willson was selected for the award by Big Brother leaders in the United States and Canada for, said the citation, his "deep and abiding interest in the welfare of youth."

Big Brothers of America is an international youth movement with headquarters in Philadelphia.

Willson founded and was first president of the Big Brothers of Greater Los Angeles. He also is composer of "Chicken Frit," a theme song for the President's national physical fitness program.

The average hourly wage rate in the electrical manufacturing industry of Italy is 40 cents and Japan 56 cents.

Staebler Eyes Seat in House

Ex-Dem State Chairman Considering Running for At-Large Post

AMHERST, Mass. (AP)—Neil Staebler, the Michigan Democratic party's powerful man-behind-the-scenes for more than a decade, says he is considering a move to actively enter politics.

Staebler, 56, confirmed here that he is giving thought to becoming a candidate for at-large congressman from Michigan, filling a spot granted to the states in the 1960 census.

A wealthy Ann Arbor real estate businessman (Staebler retired in 1961 after 11 years as Michigan's Democratic party chairman, during which time he was credited with being the key figure behind former Gov. G. Mennen Williams' six terms in office.

Staebler is now a Democratic national committeeman and currently is serving as a visiting distinguished professor in practical politics at the University of Massachusetts here.

In response to questions about his reported political plans, Staebler said, "I am giving it very serious consideration, and it can be said I'm leaning in this direction."

He added that the prospect of running for Congress from Michigan "is a very interesting one" but carries a lot of uncertainties.

A final decision won't be made, Staebler said, until he confers with Williams, now assistant secretary of state for African affairs, and other key Democrats and analyzes the effect of an anticipated U.S. Supreme Court decision on a Michigan apportionment case.

Staebler said his decision really rests on whether the Michigan legislature pushes through a bill to create a new 19th district. If it does, then the Democratic party will have to select a resident of the district to run.

Gov. Swainson already has vetoed one Republican-sponsored bill to establish a 19th district and a second bill is tied up in the Senate.

Students Prove College Life Has Its Lighter Side

RIVERSIDE, Calif. (AP)—A new college sport takes its place today beside telephone booth stuffing, bed pushing, bed floating down rivers, small car cramming and darts.

The sport is cigarette-lighter lighting.

And student participants at Riverside City College have tossed a challenge to collegians everywhere.

Beat the 34 minutes, 34 seconds of continuous lighter hurrying achieved by Bobby Allen, member of Sigma Rho Chi fraternity.

Allen won in class A competition with about 20 members of several fraternities, they announced yesterday.

The collegians said the contest was supervised by two timers, two judges and two scorekeepers.

The lighter lighters admitted their record is in the unorganized indoor sport. The classes are based on fuel capacity.

Judge Slates Trial for Eugene Keyes

DETROIT (AP)—Wayne County Circuit Judge Joseph A. Sullivan set April 16 for trial after denying yesterday a motion for dismissal of election law violation charges against former Lt. Gov. Eugene C. Keyes.

Keyes is accused of obtaining faulty signatures on nominating petitions in the August, 1960 primary, in which he sought to be a Democratic candidate for his former office.

A change of venue earlier was granted to Keyes, allowing the case to be moved from Ingham County, where he was indicted, to Wayne County.

Keyes suffers from a heart ailment and is an invalid. He claimed a trial in Ingham County would be a personal hardship.

Rio Gets Milk Again

RIO DE JANEIRO, Brazil (AP)—Milk producers resumed deliveries to retail outlets in Rio de Janeiro yesterday after withholding milk for a week from this city of 3.5 million in a campaign for higher prices. Supplies were expected to be back to normal by tomorrow.

Detroit Public Hearing to Hash Out Income Tax

DETROIT (AP)—The public will have its say on the proposed Detroit city income tax at a hearing April 9.

Common council decided Monday to hold the hearing, a day after it begins discussions of Mayor Jerome P. Cavanagh's proposed 1962-63 budget, of which the 1 per cent tax is an integral part.

Animals are heavy fish eaters in Saskatchewan, Canada. The province's 10,000 lakes yield 19 million pounds of fish a year, of which 6 1/2 million pounds go to fur farms for feed.

ALL RIGHT, I'LL TALK—Resembling a medieval torture apparatus, this device is fitted to a student at Vanderbilt University Medical School, Nashville, Tenn. Called a scolometer, it charts breathing difficulties due to spinal curvature.

Goulart Takes Sick, Skips Mexico Plans

MEXICO CITY (AP)—Shortness of breath, probably caused by Mexico City's 1,800-foot altitude, forced visiting President Joao Goulart of Brazil to cancel most of his schedule today. An attending physician said his condition was not serious.

Goulart arrived yesterday for a two-day visit on his way home from a state visit to the United States. He became ill during a special performance of the national ballet and returned to his hotel.

Swerves to Avoid Dog, Man Dies from Crash

GRAND RAPIDS (AP)—Charles Hickock, 18, of Sand Lake, died Monday night in a Grand Rapids hospital of injuries suffered in a two-car collision.

State police blamed the wreck on Hickock's effort to avoid a dog that darted into U.S. 131 about a mile north of nearby Rockford.

Hickock, driving alone, swung into the opposite lane and met another automobile head-on, police said.

Legislators Join Forces to Break Stalemate

It took a coalition of Democrats and moderate Republicans to do it, but Gov. JOHN SWAINSON's tax proposal was forced out of committee in a history-making maneuver.

Lansing has not seen its like in 50 years.

The conservative Republican members of the tax committee had pledged that the proposals, which included an income tax, would never reach the floor of the Senate for debate.

It was a break with tradition, but one forced by the state financial picture which grows worse daily. The possibility arises of another "payless payday" which hurt Michigan badly in 1959. The State's reputation was smeared then in a way which will linger in the minds of many around the Nation for years. Such a black mark disappears slowly, if ever.

No one is really happy about the prospect of another tax, be it income or what-have-you. This paper has long called for economies in government, which would reduce the State's budget. But it takes more than hope that "something will happen" to stop the deficit from climbing.

Bringing the tax proposals to the floor for full debate was a necessary move. As Oakland's Sen. Farrell Roberts said, "If this power is used lightly, our legislative process could become unworkable." We agree. But this was the time for departure from tradition.

Alfred G. Wilson

Oakland County loses one of her fine pioneers in the death of ALFRED G. WILSON. A direct representative of the courtly era of the past, he typified the time when gentlemanliness was a fundamental quality.

When Mr. and Mrs. Wilson contributed \$10 million in property and cash to start MSUO, he became identified with one of the great philanthropic moves in the history of this area. He was associated with many worthy community activities and was one of the founders of the Pontiac Boys' Club. In fact, he was long an officer of the national association.

Mr. Wilson was approaching the fourscore mark and friends and associates of his can look back on a long and helpful life with steady assistance for those less fortunate than himself.

Pontiac, Tempest Win Honors in Mobil Run

The high showing of the Pontiac and Tempest in the Mobil Economy Run is another indication why the local products have risen to the high position they currently hold.

Tempest won its division, the large engine compacts, with 27.30 miles per gallon and even bested the records of those in the small engine compact test.

In the medium price field, Pontiac rolled home on top with 19.48 miles per gallon.

Of course we all realize that these are mile-per-gallon figures arrived at by use of extremely skillful drivers. At their side every mile of the way is a copilot-navigator who devotes full time for six days to helping the driver

by checking his speed and warning him of conditions ahead.

The average motorist driving to and from his job, or down to the supermarket, is not going to get this kind of economy, even with his wife as navigator or back-seat driver.

Nevertheless, the Mobil Economy Run proves what kind of mileage these engines are prepared to deliver if handled well. The capacity is there, and gasoline economy can be effected by careful driving.

So the poor mileage often attributed to many of today's cars is largely due to the poor driving habits and poor maintenance habits of motorists.

It also is worth noting that the women in the contest averaged better than the men. This point is best left without enlargement.

The Man About Town

3,623 in Contest

Who Made Entries in Quest of \$250 Prize

By JOE HAAS

A total of 3,623 good sports made proper entries in this column's baseball contest before it closed Monday noon. This is the largest number in the several years that the contest has been conducted.

Below is given the number of votes received by each player who had ten or more backers:

Cash, 217; Kalline, 148; Mantle, 137; Boros, 131; Howard, 125; Piersall, 105; Colavito, 101; Fox, 81; Gentile, 65; Power, 52; Robinson, 46; Francona, 44; Yastrzemski, 44;

Sikorski, 39; Howser, 37; Maris, 34; Killebrew, 29; Rummels, 28; Wood, 28; Brandt, 27; Lumpke, 24; Blanchard, 23; Smith, 22; Temple, 18; Berra, 14; Siebern, 14; Cunningham, 13;

Minoso, 13; Allen, 13; Landis, 13; Allison, 12; Fernandez, 12; Hanson, 12; Richardson, 12; Aparicio, 11; Phillips, 11; Tresh, 11; Taub, 11; Malone, 11; Martin, 11;

Woodling, 11; Kirkland, 10; Battey, 10; Held, 10; Green, 10; Boyer, 10; Rourke, 10; Landis, 10; Bruton, 10.

Then 147 other players received from one to nine votes each, covering both the regular men of former years and the rookies.

The prize of \$250 in U.S. bonds goes to the person who predicts which player who has been at bat at least 25 times will be leading the American League on the night of May 10, and who comes the nearest to his batting average.

Cussing: What's extra prevalent just before April 15.

Word is received that E. C. Haybow

formerly of The Pontiac Press, and now publisher of The Hillsdale News, is hospitalized, and recovering from a heart attack. We're all pulling for you, Ted.

Remembered by thousands in the Pontiac area, who have attended his sales, C. B. Smith,

of Williamston, veteran Michigan auctioneer, was taken ill while crying a sale at Bad Axe last week, and died in a hospital there, aged 64.

Your observance of Lent will be inspired by reading

"Pray With Me," written by prominent people, and appearing daily in these columns.

While they spent a few weeks in Florida, some potatoes at the home of Mr. and Mrs. Byron Barham

of Waterford grew sprouts two feet long, with white blossoms.

Mr. and Mrs. Bertram Brearley of Keego Harbor; 52nd anniversary.

Arthur Merriman of Bloomfield Hills; 82nd birthday.

C. A. Russell of Rochester; 82nd birthday.

'We've Tried Everything Else'

David Lawrence Says:

Bill Is Unfair to Small Taxpayer

WASHINGTON — If Uncle Sam orders a bank to take away from a depositor money that belongs to him and isn't owed to the Government as income tax, can this become an illegal act for which public officials could be required to stand trial?

The question arises as a result of the plight of many citizens of small income who are being told that, under a bill which has just passed the House of Representatives and is before the Senate, the Government can order a bank or company to withhold a certain percentage of interest or dividends although there may not be an equivalent amount due in taxes.

The effect of this action is described in a letter received from a woman in Atlanta, Ga., which reads as follows:

"I wish to call your attention to one harmful feature of the proposed withholding of 20 per cent on stock dividends, and which I have not seen mentioned in the news—that is, the effect it has on the man who owes just a small tax."

"It seems that if a man owes no tax, he may file an exemption certificate. But there is no relief for the man who owes just a small tax. My family is in the latter group."

"Our taxable income is approximately \$4,200.00 a year, all of it derived from dividends on stocks. My husband and I are past 65 years of age and therefore have double exemption of \$1,200.00 each—a total of \$2,400.00."

OTHER ITEMS

"We also have a retirement exemption, a 4 per cent credit on dividends, as well as other deductible items. Our taxes amount to something like \$50.00 a year, or less."

"Yet the administration proposes to withhold from our modest income the sum of \$840.00."

"What moral or legal right does it have to do such a thing? Except for the taxes we owe, that money is ours. It does not belong to the government, nor to anyone else. If the government withholds from us money we do not owe, that is confiscation. Promise of a refund does not alter this fact."

It is possible that many citizens will begin depositing their money in foreign banks or investing in securities in Canada and other countries which are not bound by American law to deduct interest or dividend payments.

They had never thought of eating the stuff—until she read some of my pieces about the use of plain wheat in the everyday diet. Cracking wheat for breakfast cereal and grinding it to flour for baking proved so very satisfactory that her family has insisted on real whole wheat bread and other items ever since.

Now she asks, "Why didn't somebody tell me about this before?" I have an idea, but why I left the refined food vendors more than I have to?

Some of the early and commonly unrecognized signs or symptoms of American beriberi are these:

Feeling of fatigue, heaviness or stiffness of the legs with areas of burning, prickling or numbness. Tenderness along nerve trunks. Headache, lo-

It's all very well to say refunds will be made by the Federal Government here, but not take could consume months of time, especially as it means singling out hundreds of thousands of income tax returns and giving them a special audit before paying the refunds.

Also, doesn't the Government really owe the taxpayer interest for the period it deprives him of a chance to earn interest on his own money?

It is possible, too, that the Administration may find itself in a legal tangle it has never faced before—an attempt by corporations and other institutions to obtain from the U.S. Treasury full pay-

ment of all expenses incurred in withholding interest and dividend payments.

COMPANY SUFFERS

It does not help much to say that a "tax deduction is permissible" as a business expense for such companies. For this would take care of only \$52 out of every \$100 expended.

Since the corporate tax rate is 52 per cent, how will a company or financial institution get back the other 48 of the expenses which it has incurred solely for the benefit of the United States Government?

(Copyright, 1962)

Dr. William Brady Says:

Grind It Up Any Old Way but Eat Whole Wheat

Original beriberi is associated with the use of polished rice as the main item of diet. Occidental beriberi is associated with the use of refined white flour as the main item of diet.

The process of milling (polishing) removes most of the vitamin B from rice. The process of milling (refining) removes most of the vitamin B from wheat.

Plain wheat is the best food source of vitamin B in the Occident. It doesn't matter whether the wheat is cracked or ground by millstone or by a little old coffee mill, or by a metal hand grinder or by a larger power mill, so long as it is consumed in not more than a week after grinding, better when it is less than 48 hours old, best when the wheat is fresh ground every morning.

Even before the uncalculated taste detects rancidity, the vitamin value of the flour, wheat germ or wheat germ oil (vitamin E) declines rapidly after the wheat is cracked or ground to flour.

Plain wheat is the richest, though not the only good source of vitamin B in the American diet. These foods supply good quantities of vitamins B: oatmeal, peas, beans, peanuts, fresh milk, condensed milk, evaporated milk, dried milk, egg yolk, beef, lean pork, ham, liver, greens.

A letter from a Nebraska reader typified modern American ignorance and credulity regarding the stuff of life. The reader said her family lived in the heart of the wheat land and, in fact, growing wheat was the family's livelihood.

They had never thought of eating the stuff—until she read some of my pieces about the use of plain wheat in the everyday diet. Cracking wheat for breakfast cereal and grinding it to flour for baking proved so very satisfactory that her family has insisted on real whole wheat bread and other items ever since.

Now she asks, "Why didn't somebody tell me about this before?" I have an idea, but why I left the refined food vendors more than I have to?

Some of the early and commonly unrecognized signs or symptoms of American beriberi are these:

Feeling of fatigue, heaviness or stiffness of the legs with areas of burning, prickling or numbness. Tenderness along nerve trunks. Headache, lo-

sonia, loss of appetite, difficult breathing or breathlessness on mild exertion, rapid pulse, tenderness of calf when squeezed, weakness or cramps in legs, legs give out when the individual tries to walk more than a mile.

If you have any of the manifestations mentioned above, it can do no harm, and may do much good, to boost your vitamin B complex intake.

Signs listed, not more than use may be used long time, pertaining to personal health and not disease. Theoretical discussion of disease. Dr. William Brady, a self-addressed envelope, sent to The Pontiac Press, Pontiac, Michigan.

Questions Mistakes Made in Newspaper

Vive la news services, especially The Pontiac Press for good editorials, etc. Not being a wonder woman, I cannot watch TV, listen to a radio or read a newspaper, smoke a cigarette, do housework and concentrate on good, bad or amusing news all at the same time. Therefore, all articles in print are appreciated. However, the few misprints sometimes make me wonder who proofed.

Why was a comic page a reprint of an earlier issue, lines in the Lenten prayers mistyped or left out and what might be an important article missing?

The sports pages had an amusing misprinting in an article about golf (Bermuda greens being "sewn" with different types of grass). Wonder if a Singer electric was used to sew 'em?

Thank you for printing my letters.

Thorough Reader
and Former
Spelling Champ

Editor's Note: Timidly, hesitatingly and almost apologetically, we corrected your misprinting of "misprinting." OK?

Can't Seem to Get Service From City

When we called the health department about unsanitary circumstances they gave us the run around. Four neighbors think their backyard is a public dump. All their tin cans and other garbage are heaved out the back door. Other neighbors called the sanitation department and were told it would be taken care of. Nothing happened and we called again.

Now it is ten days and we have had no action.

I have a further complaint. I called the Housing Society about a neighbor's dog tied to a porch and had no shelter, food or water. When they got the dog, she was nice looking and now she looks like a skinny greynose. She is lying out in the cold with no food or water. What are we to do when we need these services?

Mrs. Donald Bestwick
Clarkston

Smiles

We'd be a lot happier if we all left it to the dentist to look down in the mouth.

A passing problem those who blunder but go on. Does that make you feel any better?

Case Records of a Psychologist:

Service Clubs Vitaly Important

By DR. GEORGE W. CRANE
CASE 1-48: Ralph Fordham, aged 45, recently asked me to address his Rotary Club while I was in St. Petersburg.

"We are inviting our wives to be the luncheon," he said, "so you will please tell us of the importance of the service clubs."

"Furthermore, we have some very desirable widowers in our Rotary Club throughout America, so I think all Rotarians will be vitally interested."

In my lecture trips around the country, I have addressed hundreds of such service men's clubs, including Lions, Kiwanis, Civitan, Optimist, Exchange, Rotary, etc.

At some clubs, a lot of horse play attaches to the "filing" of members to raise funds for special projects.

But this Rotary Club simply asked the chairman of a local charity project to come forward.

"Today," he said, "we'll spin the wheel to determine every member's contribution."

On the wall was a homemade type of roulette wheel, with sections designated for 10 cents, 20 cents, 30 cents, 40 cents and 50 cents.

He spun the wheel and the pointer stopped at 40 cents, so each

Takes Firm Stand Defending Trucks

I resent this anti-Hofa campaign among the political aspirants and the reference to trucks as "monsters on our highways."

Pictorial the effect on our economy if drivers decided to park these monsters. They could place them in the parking lots of the motels and restaurants.

We build trucks in our city, we buy trucks from Michigan manufacturers and these trucks give employment to our Michigan citizens.

Truck Driver's Wife

'Let State Residents Vote on Ski Laws'

Although we are owners of expensive lake property, we do not believe property owners nor any powerful or moneyed group (nor local government officials) should decide on laws controlling lake activities.

Power boaters and water skiers want control over all activities. We believe that every Michigander should have a say and not just the ski-suits and water cowboys.

"Mrs. C. B." mentioned fishermen were litterbugs. Water-jockeys clutter up the lakes with more junk than fishermen. A power boater with beer in him, pulling a skier, is potentially more dangerous than a fisherman pulling in a fish. Why not outlaw beer, etc., on the lakes?

Some lakes are too small for big boats and skiing should be outlawed. We need new laws and the ones we already have, enforced.

We Believe in the Golden Rule

Taxpayer Follows Government's Way

What's good enough for our federal, state, city, county and township governments is good enough for me. I'm determined to live by their examples. I now owe for a new home, two news cars, and I no longer deny myself any luxury or frill that catches my fancy.

The minor problem develops that my income only covers half of my expenses. This seeming obstacle will be easily surmounted tomorrow when I advise my employer that he must now double my salary.

Simple, isn't it?

I. M. Brooks

And they are dedicated to very arduous "home missionary" projects, such as sending young kids to a summer camp, furnishing free eye glasses or crutches to needy children who require such medical aids.

"You girls," I added, "have your special Ladies Aid Societies in your local Protestant, Catholic or Jewish churches, and do wonderful missionary work thereby."

"Well, by the same token, our husbands in 'no service clubs are handed together in similar 'voluntary' activity but as an interfaith basis, so be glad they attend such meetings."

Note the origin dates — Rotary (1905); Boy Scouts (1910); Kiwanis (1915); Lions (1917); Optimist (1919); and Civitan (1920).

Never in all previous human history have so many altruistic male organizations been founded in so short a span of years.

SMF REPORT

"Dr. Crane," one of the women asked, "you say there are more men under the age of 35 in the SMF than women. Does this mean

every girl under 35 is thus matched with a suitable mate?"

No, and that's what needs to be remembered. Suppose we have 1,000 men, aged 35, and only 800 girls, aged 35.

It looks on first glance as if all the girls could be matched one-to-one with the men, but due to the tobacco habit alone.

Always write to Dr. George W. Crane, c/o The Pontiac Press, Pontiac, Michigan. Enclosing a long 4-cent postage stamp and 25 cents in cash to cover reply and printing costs will be appreciated.

BRAKESBlasts Fatal to 16
at Explosives Plant

PONT-SAINT-ESPRIT, France (AP)—Sixteen persons were killed and 12 were injured in the explosions and fire that wrecked an explosives plant yesterday at St. Just d'Ardeche, four miles from this southern French town.

Officials said about 75 civilian workers and 20 soldiers were at the plant when the first explosion set off a chain reaction. The plant produced explosives for farm blasting and munitions for the French army.

Old Detroit Newsstand
Ordered Torn Down

DETROIT (AP)—Harry Hoenigman's downtown newsstand, for 52 years a landmark to Detroiters, has been banished.

The common council refused yesterday to approve a petition by Hoenigman to operate his stand at the corner of Michigan and West Lafayette, facing Cadillac Square, on grounds that the stand was a hazard to pedestrians.

WHERE BERLINERS ESCAPED — A GRP was left in the Communist wall between the French sector and East Berlin after two East Berliners rammed through with a heavy truck

and successfully escaped to West Berlin. In the background are Communist military vehicles posted after the incident to prevent further escapes.

Heart Disease
Seems to Affect
All Immigrants

TUSKEGEE, Ala. (AP) — Dr. Paul Dudley White, heart consultant to former President Dwight D. Eisenhower, says that heart disease is a threat to all immigrants coming to the United States.

Dr. White told a group at Tuskegee Institute Monday that heart disease occurs in immigrants from every country. He said people from southern Japan, where heart disease is rare, have the trouble as easily as anyone else when they come to the United States.

He put the blame for heart disease, the nation's No. 1 killer, on the "soft life" which he defined as too much food, television and physical indolence.

Copper mines are being worked in northwest Africa.

Vote Test Regulation
Asked as Remedy

WASHINGTON (AP)—Atty. Gen. Robert F. Kennedy said today "we ask for nothing more than new remedies for old wrongs" as he pressed for enactment of a bill to ban any unfair use of literacy tests to prevent Negroes from voting.

"This administration believes states may legitimately require their voters to have the ability to inform themselves about election issues," Kennedy told a Senate judiciary subcommittee.

"The wrong lies in the manner in which literacy and understanding are determined," he said.

Dies During Surgery

CHEYBOYGAN (AP)—Clyde Barnes, 80, newly elected city treasurer of Mackinaw City, died here Monday while undergoing surgery. He was elected March 12.

Convict Hitches Ride
Out of Penitentiary

ROCHESTER, N.Y. (AP)—A 5-foot-6 prisoner rode out of Monroe County penitentiary on the rear axle of a bakery truck yesterday, penitentiary officials said. He was recaptured a few hours after his escape while trying to thumb a second ride.

Officials said the prisoner, Milton Fehlman, 32, of Fredonia, was serving a one-year term for unlawful entry.

WHEN THEY SAY "NEW SIZE"

They really mean Rambler size!

There's a lot of chest-thumping by some 1962 cars which claim to be "new size." Fact is, six years ago, we brought out a new size car—a big-room, high-performance Rambler. Newest version is today's Rambler Classic—which Chevy II and Fairlane have tried to copy. In outside dimensions they come fairly close. In room and performance, they fall short. Rambler Classic is still the only car with the BEST OF BOTH: big-car room and performance; compact-car price, economy, handling ease.

COMPARE ROOM AND PERFORMANCE*				
	RAMBLER Classic 6	CHEVY II	FAIRLANE	
MOST HEADROOM	YES	NO	NO	
MOST SHOULDER ROOM	YES	NO	NO	
MOST HIP ROOM	YES	NO	NO	
MOST HORSEPOWER	YES	NO	NO	
MOST TORQUE (Passing Power)	YES	NO	NO	

*Standard 6-cylinder 4-door sedan

Rambler Classic Six "400" 4-Door Sedan

They can copy the size, but they can't
match Rambler's customer benefits!

Rambler's "new size" idea has made it one of America's top best sellers. In the past six months alone, Rambler has set a sales record above any corresponding period.

The soaring sales are due, in good measure, to the greater room and power Rambler has—compared to imitators. Rambler is the only car within hundreds of dollars of its low price that gives six big 6-footers full headroom, hip room and shoulder room. Biggest reason for Rambler's best-selling success is unmatched excellence of design, quality, and its host of advanced features.

Just compare and see.

Rambler's Double-Safety Brake System provides separate braking front and rear

(only Cadillac, no other U.S. car, has a similar system). It's standard on 1962 Ramblers—as are self-adjusting brakes.

Rustproofing. Rambler spills more than others use—literally—in the exclusive Deep-Dip bath where each body is immersed up to the roof in rustproofing primer paint.

Ceramic-Armored muffler and tailpipe. We'll pay the cost if either rusts out, for original owner—collision damage excepted. Just go to a Rambler dealer for free replacement. No time limit.

Interiors are the most comfortable of any car, with comfort options like Airliner Reclining Seats, Reclining Bucket Seats, Adjustable Headrests, Lounge-Tilt Seat.

Full-size wheels and tires are standard on Rambler—instead of small 13" foreign-car size on Rambler's imitators.

These are just a few examples of the great lengths Rambler goes to—to bring you a better built, longer lasting, safer, more useful automobile—at a lower price.

Get the complete facts in the 1962 Car X-Ray Book—free at your Rambler dealer's!

Ted Kennedy Resigned District Attorney Post

BOSTON (AP) — Edward M. Kennedy, the President's youngest brother, resigned as an assistant district attorney of Suffolk county nearly a month ago, it was disclosed yesterday.

Dist. Atty. Garrett H. Byrne said Kennedy, 30, tendered his resignation March 14, the day he announced formally as a Democratic candidate for nomination to the U.S. Senate.

FORMULA FOR DISASTER

Do you know the formula for disaster? It's simple. Just add a careless spark to dry woods in the open air. Nature provides the fuel and the air, but, in 9 out of 10 cases, man provides the spark.

So, when the woods are hot and dry, be extra careful, won't you? That little spark from your campfire, your cigarette, or your trash fire can loose a raging demon, that charges through the forest destroying as it goes. Don't you let disaster strike!

Remember—Only you can PREVENT FOREST FIRES!

TRYING IT OUT — Fire fighter Bob Lamson of 464 Harper St. takes a practice slide down a pole in the new central fire station which was opened yesterday at 111 E. Pike St. Mayor Philip E. Rowston and other city officials took part in ribbon-cutting ceremonies yesterday afternoon at the new station. (Other photos on page 10.)

Judd Announces He Won't Seek New House Term

MINNEAPOLIS (AP) — Rep. Walter Judd, R-Minn., 10-term member of the House of Representatives, said last night he would not be a candidate for re-election this year.

Judd announced his intention at a Minnesota 5th Congressional District convention. He said he had been struggling with the decision two or three months and "couldn't quite get the consent of my conscience" to run again.

Judd acknowledged that "nothing is ever final, but this is my intention."

Judd, 63, said he would continue to work for the GOP and that his efforts would be directed toward building up a conservative movement among the young voters.

Republican Gov. Elmer L. Andersen indicated he would head a draft-Judd movement.

Stands Mute on Charge of Raping Novi Girl, 15

A Farmington Township man accused of raping a 15-year-old girl in Novi last month stood mute at his circuit court arraignment yesterday.

Arnold L. Hopkins, 22, is charged with two counts of statutory rape and taking indecent liberties. He is being held in lieu of \$10,000 bond pending trial.

Swainson Asks Leaders to Help

Writes Letters to Many Top Businessmen to Push Tax Reform

LANSING (AP) — Gov. George W. Romney said he had written letters to many top business and labor leaders today to publicly swing their weight behind immediate revision of Michigan's tax structure.

With the legislature on the verge of deciding whether and how to undertake fiscal reform, he said, their influence could be great in pushing lawmakers to an early decision.

The governor made his appeal in 1,500-word letters to John Gordon, president of General Motors Corp.; Henry Ford II, board chairman of Ford Motor Co.; Lynn A. Townsend, Chrysler Corp. president; Walter L. Cronkite, president of the Michigan State Chamber of Commerce; Willis H. Hall, general manager of the Greater Detroit Board of Commerce; Walter F. Reuther, United Auto Workers president; and August Schelle, president of the Michigan AFL-CIO.

"As you know, we have reached a critical point in the legislative process with respect to fiscal reform," the governor wrote. "I believe we stand very near to the achievement of a sounder, more equitable tax structure in Michigan."

"Whether we succeed or fail will depend in a major part upon people of great influence in our state, such as yourselves. Whatever may be your reluctance to speak out publicly on a matter that has been the subject of great controversy, I believe that each of us has a responsibility to the state and its people that outweighs all other considerations."

The Democratic governor reminded the group that his tax program was worked out after consultations last year with them or their predecessors.

Subways are partially ventilated by the piston action of trains driving the air through the tubes.

Earth Tremors Shake Vermont

No Damage Reported but 'Quake' Felt in Neighboring States

MONTPELIER, Vt. (AP) — Earth tremors described as "severe" shook buildings in Vermont today and also were reported in several New Hampshire and New York communities.

The disturbances were felt in Burlington, Rutland, Barre and Montpelier, Vt., but no damage was reported. The tremors lasted 10 seconds in Montpelier.

Frederick Mould, director of the Fairbanks Museum at St. Johnsbury, described the Vermont tremors as an earthquake.

FELT TREMOR

Residents of Warren and Washington Counties in New York State reported feeling a tremor at 9:34 a.m. Several solid glasses and dishes rattled but no breakage was reported.

Meanwhile, the southern zone of Chile, in South America, was shaken by several earthquakes.

No casualties were reported in Chile and damage was believed slight. The tremors were felt in Concepcion, Lebu, Los Angeles and Angol—all Chilean communities in an area devastated by quakes in 1960.

BUILDINGS SHAKE

In New Hampshire, buildings rattled in Hanover, Lebanon and other communities near the Vermont border.

The tremor was so strong in Montpelier that the state police headquarters was evacuated.

The U.S. Weather Bureau at Burlington said the shock was evidently the result of a disturbance in the earth's surface and described the tremor as a "not infrequent occurrence."

U. S. Treasurer Reportedly Quits to Enter Politics

WASHINGTON (AP) — Elizabeth Rudel Smith is reported to have submitted her resignation as treasurer of the United States.

Informal sources said the resignation has been sent to the White House and probably will be accepted later this week.

Mrs. Smith, who has served since the beginning of the Kennedy administration, will be succeeded temporarily by her deputy, William T. Howell, who will be acting treasurer until a permanent successor is named.

Mrs. Smith, a Democratic national committeewoman, has been planning to resign for several months. She is reportedly anxious to become active again in California politics.

The signature of the treasurer appears on all U.S. currency, along with that of the secretary of the Treasury.

DON'T BE MISLED BY "APPEARANCES"

CONSIDER THE 'LEGAL REALITIES' AND PROTECT YOUR SAVINGS!

A federal appellate judge in Washington says that Savings and Loan Associations appear to "look and act more and more like Banks." However, in considering the true difference between Banks and Savings and Loan Associations the judge says he is "concerned not with appearances but with legal realities."

Your federal appellate court judges in Washington have stated "the legal realities" of the difference between Bank DEPOSITS and Savings and Loan Association Share ACCOUNTS in this way:

1. A share account holder "in a federal association is not a creditor as is the depositor in a bank." As a creditor, you can demand the return of your deposit and the Bank, as your debtor, must return your money to you.
2. The holder of an account in Savings and Loan Association "is an investor." His money is not a deposit, but instead purchases "share interests" in the mortgage loan business conducted by the Savings and Loan Association. If you are an account holder in an association you are not a creditor, but a stockholder, and the association does not have to return your money upon demand. If the association does not have the money to pay upon demand, your name may be placed on a list to receive repayments if and when the association has the money available.
3. With respect to money placed in Savings and Loan Association accounts, it was said: "Calling them 'payments' on 'savings accounts' does not alter their legal status. That the payment may be regarded by the customer as a 'deposit' or even called at times a deposit by the association does not make it a legal counterpart of a deposit in a Bank. The 'depositor' in a federal association is not a creditor as is the depositor in a Bank. Anderson National Bank v. Luckett, 321 U.S. 233, 241-2(1944). He is an investor, as the very language of Section 5 (b) of the Home Owners Loan Act describes the relationship."

"All 'association' references apply to federally-chartered Savings and Loan Associations. Most state-chartered associations operate under similar regulations.

YOU CAN ONLY 'DEPOSIT' YOUR MONEY IN A BANK AND ONLY A BANK GIVES YOUR MONEY THE LEGAL PROTECTION WHICH A DEPOSIT ENJOYS.

U.S. Court of Appeals for the District of Columbia Circuit, Case No. 16212, decided July 13, 1961.

Russia Matching the U.S. in Arms, Supplies to Laos

By ANTOINE YARED
VIENTIANE, Laos (AP)—The Soviet Union is still matching military aid the United States

gives the conservative government of Laos by pouring in supplies to the divided kingdom's pro-Communist and neutralist forces.

This reporter last week visited the headquarters in the Plain des Jarres of neutralist Prince Souvanna Phouma and his half-brother, Prince Souphanouvong, the leader of the pro-Communist Pathet Lao.

During a four-hour period at the area's main airstrip, six Soviet two-engine transports landed.

At least 48 cases of small arms and ammunition were unloaded from each of four planes. The other two discharged bags of sugar.

A Laotian standing nearby said the planes had flown in from Hanoi, capital of Communist North Viet Nam. He said nine planes of that type regularly brought in supplies from Hanoi. Two single-engine transport planes were loaded with supplies for pro-Communist and neutralist front-line troops. They took off, returned half an hour later and loaded again. Each plane made three sorties.

A double-decker helicopter with a Soviet pilot at the controls discharged cargo ranging from food to petrol barrels and arms. It shuttled back and forth several times to a nearby area.

At least 50 Russians moved about the area supervising operations.

International communism is represented in the Plain des Jarres by the Soviet Embassy, a Czech delegation and economic and cultural missions from Red China and North Viet Nam. The Communist countries, recognize Souvanna Phouma as the legal premier of Laos; the Western powers recognize Prince Boun Oum in Vientiane.

OK Millage Extension

ST. JOSEPH (AP)—The Lake-shore School District south of here approved Monday a proposal for a one-year extension of the present 2.5 mill tax for operations of schools. The vote was 211 yes and 87 no.

FIND THE TEACHER — There were Indians all around Mrs. Geraldine Bonneson as her fourth and fifth grade social studies pupils dramatize Michigan history by dressing as braves and squaws. There was even a witch doctor in the group to

help make the program at Pontiac Lake School more authentic. The youngsters are using a text book devoted exclusively to the history of our state.

Pontiac Press Photo

TWO WEREN'T LISTENING — Most youngsters in Mrs. King's kindergarten class at Pontiac Lake School thoroughly enjoy hearing their teacher play the piano as evidenced by their

attentive listening. However, two children in the group were overcome by curiosity and stole a quick glance at the cameraman.

SCIENCE CLASS — Pierce Junior High School students listen attentively as eighth grade science teacher Donald Maxwell discusses physics. The introductory course to high school science

touches on physics, chemistry and biology and serves to prepare the students for the more detailed studies of the sciences as they advance in their educational process.

Teachers in Waterford Area

Plan Open House April 26

Designated as "Teaching Career Month" by the National Education Association, April is the time of year when public attention is focused on the role of the teacher in America's schools and colleges.

"Aim for Excellence" is the theme of this year's observance. The importance of obtaining and keeping good teachers is being stressed during April and teachers are trying to attract promising students to the teaching profession.

Teachers in the Waterford Township school system already have held many special activities this month and more are planned.

Teaching Career Month will be highlighted by an open house April 26 at the Isaac E. Crary Junior High School beginning at 4 p. m. Guest speaker will be Dr. Roy E. Robinson, director of the Detroit Metropolitan Bureau of School Studies.

Pictures on this page show typical scenes of teacher and pupil at work in the Waterford schools.

where some 321 teachers and 13,308 youngsters are busily engaged in the vast program of education. Heading up the planning for the April observance by the Waterford Department of Classroom Teachers is Charles K. Bryan, sixth grade teacher at Houghton School.

Assisting Bryan are the following committee people: Invitations, Mrs. H. D. McDieter, chairman; Barbara Frophet, Dorcas Wolfe, Mrs. Howard Armstrong and Mrs. Colin Carson; refreshments, Mrs. Arthur Lake, chairman and committee members Helen McCallum and Mrs. Wade Williams.

The decorating committee is headed by chairman LeRoy Conley, assisted by Mrs. Melvin Teig, Anna Bufka, Mrs. Duane LaVeen and Mrs. Hollis Solberg. Mrs. Suzanne Beber is chairman of the reception committee. Aiding her are Aldene French, Rita Berglund and Mrs. John Madole.

Helping to promote Teaching Career Month across the nation are: Department of Classroom

Teachers of America, the Student National Education Association, National Commission on Teacher Education and Professional Standards, National Congress of Parents and Teachers, American Association of Colleges for Teacher Education and other educational and civic groups.

A wide variety of pamphlets related to careers in teaching has been prepared by the National Education Association for distribution during April.

Vandals With BB Gun Damage Local Store

Vandals armed with a BB gun did about \$700 damage to the National Food Store at 1249 Baldwin Ave., it was reported to Pontiac police at 11 a.m. yesterday.

A 117-by-61-inch window, a front door glass, three floodlights and an outside vent were damaged.

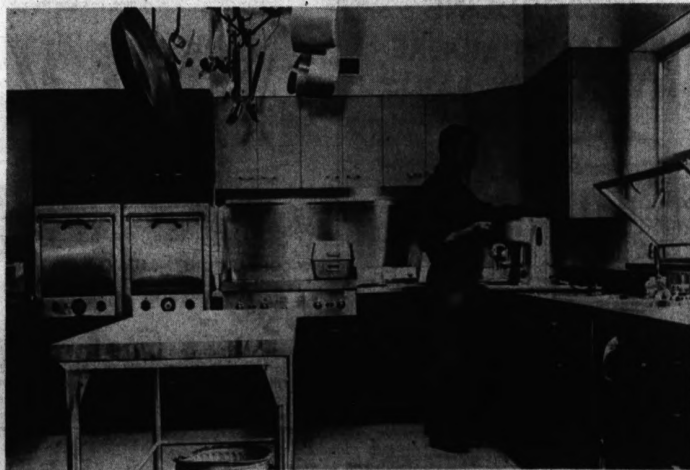

TRAVEL EXPERT—Mrs. Barbara Drake, second grade teacher at the Grayson Elementary School, donned this kimono as she explained the cultural differences of children around the world to her social studies class.

Interior of New Central Fire Hall Glistens

SLEEPS TWENTY-ONE — A portion of the dormitory in the new central fire station at 111 E. Pike St. is shown here. It is located above the apparatus room at the rear of the second floor. The alarm and loudspeaker which rouse firemen from

sleep in an emergency are seen on the wall at the right. One of two poles which provide firemen with quick access to engines in the room below is at the back. The dormitory accommodates 21 fire fighters.

MODERN KITCHEN — The stainless-steel surfaces in the kitchen at Pontiac's new central fire station are in sharp contrast to the outdated cooking facilities at the old main fire hall on East Pike and North Perry Streets. Cook Gerald Fritz

of 7068 Mather St., Waterford Township, is shown preparing coffee for the crew. Fritz cooks for about 20 firemen at each meal. Nearly all the kitchen appliances are built-in, allowing the cooks plenty of room to work.

Pontiac Press Photo

Drayton to Get CD Uniforms, Also

Vote More Lights at Ball Park

Installation of eight new outfield lights at the Drayton ball park and the purchase of seven uniforms for the civil defense police force were both authorized by the Waterford Township Board last night.

Expenditures for the additional lights that will double the present illumination of the outfield area will amount to \$376. An appropriation of \$344 was budgeted for the purchase of uniforms. The CD force will now have 25 uniformed officers and 53 men in the inactive reserve.

Cole and Supervisor Elmer Johnson, favored the measure.

As proposed the ordinance would have permitted warrants to be issued by the township justices of the peace rather than the Oakland County Prosecutor's office. Proponents argued that this would have saved time and also would provide added funds to the township.

Opponents of the proposal ex-

pressed the view that the county personnel would be more qualified to handle cases of this type than local personnel.

A requested transfer of a beer and wine license in the township was voted down by the board based on the report of the police department. Another request for transfer of both an SDM and an SDD license from Genevieve Parsons to Richard Puertas was approved.

Area Senior Awarded Prize for Science Exhibit

Alan R. Watson, senior at Waterford Township High School, received an award today from the Michigan Patent Law Association for his exhibit in the recent Metropolitan Detroit Science Fair.

His Linear Particle Accelerator which ranked in the top ten of the physics entries at the Cobo Hall event was judged the most creative at the fair by the MFLA. Watson and his physics instructor, Alfred Pavlish, accepted the award at a noon luncheon at the Engineering Society of Detroit building in Detroit.

The award was a framed copy of the historic Patent Number 1 issued to John Ruggles July 13, 1836 for his engine traction device.

The high school senior worked on his display more than a year including preliminary planning on paper and the actual construction. He is the son of Mr. and Mrs. James V. Watson of 1280 Beechland Blvd., Waterford Township.

Watson's project will be among

those on display at the high school during the Waterford Township Science Fair Thursday, Friday and Saturday.

ALAN R. WATSON

To Hand County School Budget

City Board Estimates Needs at \$10,225,934 for Tax Purposes

A \$10,225,934 Pontiac public school budget is slated to be presented to the Oakland County Tax Allocation Board this year.

The figure does not constitute the final word by the Board of Education on actual planned expenditures but constitutes an estimate of 1962-63 needs which must be made at this time for tax allocation purposes, according to Asst. Supt. Otto C. Hutzinger.

The total includes \$9,790,790 in preliminary budget estimates, which would keep the current school program operating at the same level. Also included is \$435,144 in additional needs proposed by staff studies.

It is expected that many of the staff studies will not find board approval because of a lack of funds.

Approval of the budget for tax purposes at this time will be asked of the board at its 7:30 p.m. regular meeting Thursday at 40 Patterson St.

Final adoption of the 1962-63 operating budget will be made after June 1, when income is definitely known, Supt. Dana P. Whitmer stated.

Nehru, Cabinet Begin Five-Year Term in India

NEW DELHI — Prime Minister Nehru and his fourth cabinet were sworn in today for a five-year term by President Rajendra Prasad at a ceremony in the presidential palace.

It was the 72-year-old prime minister's first public appearance since he was laid up with a cold March 30.

Symbol of Status Switching to the 2-Shelter Family?

WEST CHESTER, Pa. — The Edward Trosts worked evenings, weekends and through vacations to build a fallout shelter in their back yard.

They dug a huge pit, mixed mortar and placed concrete blocks. Then, the job done, they visited some other shelters on display at a downtown store.

Along with hundreds of others they filled out a card entitling them to a chance on a free shelter.

Yup. They won.

Astronaut Awarded Medal; Lacks Theory on 'Fireflies'

WASHINGTON (AP)—Astronaut John H. Glenn Jr. doesn't believe the "fireflies" he saw during his orbital flight were flecks of paint from his space capsule.

This theory was put forward last week by some officials of the National Aeronautics and Space Administration.

But Glenn disagreed Monday night and said, "We will have to wait more information on the next flight."

Glenn addressed an audience of 6,000 at the National Guard armory where America's space Columbus received the Hubbard Medal—an emblem won by only a score of the century's foremost explorers.

AS A PIONEER

Glenn's citation reads: "For extraordinary contributions to scientific knowledge of the world and beyond as a pioneer in exploring the ocean of space."

Dr. Melville Bell Grosvenor, president and editor of the National Geographic Society, read Glenn's achievement "with those

of the great explorers who have gone before him—Columbus, Magellan—"

Vice President Lyndon B. Johnson presented the medal—named for Gardiner Greene Hubbard, first president of the National Geographic Society. It has been awarded to only 20 other men since it was struck in 1905.

The first winner was Adm. Robert E. Peary, discoverer of the North Pole. Others were Adm. Richard E. Byrd, Charles Lindbergh and Sir Edmund Hillary, conqueror of Mt. Everest.

Glenn gave an account of his flight and showed the official color film of the "Friendship 7's" voyage.

He also brought up the theory of the point flecks.

At a symposium last Friday on Glenn's flight, Dr. John A. O'Keefe, assistant chief of NASA's theoretical division, and some of his associates posted the theory the fireflies were paint flakes from the spacecraft mixed with some snowflakes.

Glenn said, "My feelings on (the luminous particles) do not

Kennedys Back Home

WASHINGTON (AP)—Mrs. John F. Kennedy and the Kennedy children are back at the White House after a week's vacation at Palm Beach, Fla. The First Lady and the youngsters, Caroline and John Jr., returned late Monday in the family plane after visiting the President's parents, Mr. and Mrs. Joseph P. Kennedy.

Claim 5 U. S. Planes Burned by Saboteurs

TOKYO (AP)—The Communist New China News Agency said today five American airplanes were destroyed on the ground in Laos by saboteurs on April 3.

Quoting the radio of the pro-Communist Pathet Lao, the Red Chinese agency said the planes were "burned out on April 3 during a storm by people who found a way into the airport."

The report indicated the airport

was in Savannakhet Province in southern Laos but gave no other details.

Ex-Alcoa Executive Dies

PITTSBURGH (AP) — Norman R. Althaus, 65, former vice president and controller of the Aluminum Company of America, died yesterday after a short illness. Althaus, who was born in Freeport, Pa., became ill three weeks ago in Singapore during a cruise to the Far East with his wife. He returned to Pittsburgh and was hospitalized.

**Now...wash everything
cleaner...wash everything
safer...in the new
Kelvinator
automatic washer!**

**and get this
5-year Parts
Guarantee!**

**At last! A washer drive mechanism so reliable
it is guaranteed for 5 years!**

With this new Kelvinator you not only get the standard one-year warranty on the entire washer, but also 4 years' additional protection on the drive mechanism.

Here's real proof of reliability—not just claims. It's your assurance that Kelvinator will wash dependably year after year after year.

And you don't sacrifice a thing to get it. In fact, you're ahead. Kelvinator Deep Turbulent Washing Action is so thorough, pre-scrubbing by hand is completely unnecessary...so safe it can even wash a paper napkin without tearing it.

You get all these features of higher-priced washers with Kelvinator!

Automatic pre-scrubbing • Deep Turbulent washing and rinsing • Choice of wash and rinse water temperatures • Normal and small load cycles • Special wash-water cycle • Unit filter-bleach dispenser • No gears to cause trouble.

* Kelvinator will repair or provide a new part for any defective part during the first year after purchase, and for any defective drive mechanism part during the next four years. These are the drive mechanism parts which are covered for five years: agitator bolt, drive and crankshaft, seal assembly, washer and post assembly, bolt seal, tube and seal assembly, pulley and bearing assembly, right or left hand spring, front washer, lower bearing, ball bearing and bottom housing assembly. Replacement and service-call labor and transportation of the parts, if any, are the responsibility of the customer.

**Only
\$199⁹⁵
With Trade**

(Suggested suggested retail price for this area)

Here's why Kelvinator can offer such a guarantee!

Kelvinator doesn't waste money making costly annual model changes—mere "change for change's sake." Instead, Kelvinator concentrates on making appliances more useful, more dependable and more economical to operate. Just as soon as improvements are tested and approved, they are introduced. Because of this policy of Constant Basic Improvement, you are always sure of the newest improvements and greatest reliability with Kelvinator.

Come in now for our sensational Kelvinator Bonus Buys!

Little Woman Can Help With Insulation

A housewife can speed up a home building or remodeling job by helping install the insulation. She can staple batts or blankets of mineral wool in place while her husband measures and cuts them to fit in walls, floors and ceilings. A fully insulated home will be comfortable summer and winter because mineral wool helps keep heat out in summer just as it keeps it in during the winter.

Complete insulation adds economy as well as comfort to family life. Fuel bills for both heating and air conditioning are considerably lower than those for poorly insulated houses. In addition, original cost of both heating and cooling systems is lower since smaller units are sufficient in well-insulated homes.

A warm current that surges southward from the tropics along Peru's Pacific Coast, killing fish, is expected late this year.

Claims His Dog Is the Dumbest Bob Considine to Give Talk

By JACK V. FOX
OLD GREENWICH, Conn. (UPI)—A claim in a suburban development here lays man to owning one of the most unusual dogs in the United States.

He contends that his pet, D'Artagnan, a golden cocker, is the dumbest dog extant.

Here is how this man backs up that claim:

The cocker was purchased three years ago in Pittsburgh during an auto trip back from a vacation in the Midwest. The man had finally given in to the entreaties of his two children for a puppy.

So D'Artagnan was brought to the split level home in Connecticut, where he had lavished upon him the loving care of a little girl and the training of a boy.

ONLY WAY BACK

Now this man swears that for six months D'Artagnan did not discover there was a way of getting from the front yard to the backyard other than going through the house.

He also tells this story:

Last winter the 14-year-old boy went skiing for a week in New Hampshire. For three years, he and D'Artagnan had shared the relationship that only a boy and his dog can have.

So, when the boy returned, he anticipated the yapping and frantic jumpings of welcome from his dog.

It was not to be. The cocker stared at the boy in suspicion, he growled slightly. Then, almost imperceptibly, his tail began to wag.

"Wait," cried the boy to his mother. "He's getting it. He knows me from somewhere."

Kuhn Gets Strong Support

Con-Con Bans Titles on Ballots

Pontiac con-con delegate Richard Kuhn received overwhelming support yesterday for his proposal to prevent state lawmakers from using their titles on election ballots.

Convention delegates voted 92-24 in the committee-of-the-whole to adopt the proposal. Present state law, adopted in 1957, allows legislators to place their titles on ballots.

Kuhn said some election experts believe a special designation is worth as much as 25 percent of the vote to an incumbent candidate.

A major complaint was that convention delegates had no right to deal with the matter — that it is statutory, not constitutional business and should be handled by the legislature.

Raymond King, Pontiac con-con delegate, argued that the legislature would never change the present law because it originally voted itself the special privilege.

Sen. Raymond Drendel (D-Detroit) said "the convention is going beyond the realm of its duties." He insisted many voters vote on basis of, so they can vote against the incumbent.

Another Detroit Democrat, Rep. Michael J. O'Brien, said:

"Of course, it's easy to see what these convention delegates are up to," O'Brien said. Two-thirds of them plan to run for legislative seats eventually. I would guess, and they want to make it easier for themselves to get elected."

MEASURE DEFEATED

In other action, a proposal which would have returned a system of closed primaries to Michigan lost by a narrow margin.

The dog does have some of the fortitude of his namesake cavalier from "The Three Musketeers."

So long as any washing is hanging on the drying lines in the backyard, D'Artagnan lies beneath on guard. He will not stir from that post.

Every morning at 11, the postman brings the mail to the box on the front porch.

Every morning at 11—unless clothes are drying—D'Artagnan makes a savage mock attack on that postman. He has seen him six days a week for three years.

HE'S CONSISTENT

He submits to affectionate petting once the attack is concluded. But every morning he goes on the offensive again.

Recently a meter reader entered the house through the backdoor. The wife was sitting by the picture window of a house across the street, playing bridge.

She saw the man enter. She waited to see what D'Artagnan would do. What did he do? He wagged his tail when the stranger went in and he wagged his tail when the stranger came out.

D'Artagnan has learned one trick. He knows how to sit up. He sits up constantly, for no reason, for no enticement. He can be observed in a corner all alone — just sitting up.

The little girl, age 9 took D'Artagnan to the Greenwich Pet show last summer. And do you know, that dog won a prize!

He got honorable mention for "most loving eyes."

New I know that this man's story is true.

For I am D'Artagnan's master.

Syndicated Columnist Will Appear Thursday at MSUO

Syndicated columnist Bob Considine will speak Thursday at Michigan State University Oudaud.

Considine, syndicated reporter and writer appearing regularly in The Pontiac Press, is visiting MSUO to meet with the staff of the student newspaper, The Oakland Observer.

A veteran Washington reporter, Considine joined the staff of International News Service in 1938 and was INS' China-India-Burma correspondent during 1960.

Among Considine's many honors and awards is a citation as "Best Foreign Correspondent, 1957-58" from the Overseas Press Club.

He is the author of several novels and a dozen books, including "General Walworth's Story" and "Thirty Seconds over Tokyo."

Considine's talk will be at 1 p.m. in the Gold Room of the Oakland Center. The public is invited.

You're Never Through With Home Work

It's rather astonishing (note that the amount Americans paid last year for home remodeling and repair was nearly twice as much as the total national investment in new one family homes.

The National Home Improvement Council estimates the gross expenditure for house additions, renovation, repairs, repainting and other forms of maintenance at \$20 billion.

According to Dodge reports, total contracts for new one-family homes amounted to a little more than \$11.5 billion.

In part, this ratio reflects the growing national interest in bringing older homes up to date, and making small ones larger and more livable. It also indicates that the first cost of owning a home is seldom the last.

After his initial payment, the buyer is usually confronted with interest, insurance, taxes, maintenance, repairs and service costs. Each time he has to fix the floors, repaper the walls, repair the planter, or repaint the exterior, something is added to the cost of home ownership. If such needs are excessive, his dream house can be turned into a nightmare.

Nationalization of Mines Big Mistake

Little Bolivia's Economy on Skids

By THOMAS J. STONE
LA PAZ, Bolivia (AP)—This South American country has been free of revolutions for 10 years. Despite the stability of one-party rule, Bolivia seems as much on the skids as it did when the National Revolutionary party ousted a military regime in an upheaval that began 10 years ago today.

It has taken \$225 million in U.S. funds to keep Bolivia alive since 1952. Per capita income for the nation's 5.5 million people is \$95 a year, although the Bolivian Andes yield about 15 per cent of the world's tin.

The ruling party, called the MNR, was founded during World War II by Nazi and Communist sympathizers. It seems likely to hold power for many years to come.

The MNR stamps out any outside political opposition if it gets out of line or shows signs of gaining popular strength.

On the heels of the 1952 revolution, thousands of Bolivians in all walks of life fled to neighboring countries to live in exile.

EATS HIS BOOK

Foes of the party were cap-

tured. Some were killed and others tortured. One man who wrote a book critical of the regime said later he was forced to eat it page by page.

The party is leftist but of varying degrees, and therein lies the cause of almost constant feuding and bickering within. Communists are well-entrenched, especially in

the lower echelons of the government.

The leaders of the party in 1952 are the leaders today: President Victor Paz Estenssoro; Vice President Juan Lechin, leader of the miners; and former President Hernan Siles Zuan, now ambassador to Uruguay.

When the MNR came to power it proposed universal suffrage, ambitious land, social and educational reforms. The army was dissolved and arms handed out freely to the peasants.

Then, as now, the landlocked country high in the Andes, was one of the hemisphere's most backward countries.

LITTLE FOREIGN TRADE

Without a seaport, it could do little foreign trade. Although almost twice the size of Texas, it is mostly barren and only a tiny portion of land is under cultivation.

It has two million Indians, almost all of them illiterate and downtrodden since the 18th century when their Inca forefathers were enslaved by the Spanish Conquistadors.

One of the first major acts of the MNR was to nationalize the tin mines, operated then by the great tin barons—Patino, Hochschild and Aramayo. Under private management, the mines paid off. The government shared in profits and collected heavy taxes. Nationalization of the mines was a grave mistake, which the party now admits.

Skilled foreign engineers and technicians quit. Equipment wore out. Efficiency dropped. Production costs went up. Control of the 28,000 miners fell into the hands of Communists. There were strikes.

In 1952 the rate of exchange was

130 bolivianos to \$1. Now, it is 12,000 bolivianos to \$1. That is one of the worst cases of inflation in the world.

Business is generally bad. Gold reserves are near zero. Cost of living is up.

Aid from abroad is trying to help Bolivia put its mining industry back on its feet through a three-year program launched in 1961.

Ford Foundation Gives Millions to Universities

NEW YORK (UPI)—Grants totaling \$2.56 million were awarded yesterday by the Ford Foundation to aid institutions with programs studying improvements in preparing future teachers and to iron out problems of college admissions.

The largest single grant went to the University of California at Los Angeles (UCLA) which received \$750,000 for improved patterns in the preparation of school teachers. Five other universities—Arizona, Denver, Georgia, Southern Methodist and Tulane—received a total of \$1,535,000 for experiments to recruit students for college teaching careers.

Other grants:—\$150,000 to the Educational Testing Service of Princeton, N.J., to introduce in schools in seven states an electronic student-record system to report to total performance throughout the precollege years.

—\$125,000 to Williams College for a 10-year study of the achievement of the "calculated risk" student.

Rochester Budget Calls for 1.5-Mill Tax Hike

ROCHESTER — A 1½-mill tax increase, the first tax hike in 16 years, is part of the proposed 1962-63 budget presented to the Village Council here last night.

The \$418,100 budget, prepared by City Manager Paul York, is based on a tax levy of 18½ mills. The village tax has been 17 mills (\$17 per \$1,000 in assessed valuation) since 1931.

Last tax increase here was a two-mill jump from 17 to 19 in 1946. It was cut to 18½ in 1949, to 18 in 1950 and to 17 the following year.

Rochester residents will have a chance to air objections and ask questions concerning the proposed budget at 7:30 p.m. April 23 at the Municipal Building.

The council last night designated its regular April 23 meeting as a public hearing on the budget.

The total budget figure is \$500,000 higher than last year's although the general fund budget of \$275,000 is \$15,000 higher. (The total includes separate budgets for the water and sewer department, the automobile parking system and the general fund.)

An estimated \$12,000 would be added to village revenues by the millage increase, York said. It would add only \$4.25 to the yearly tax bill of the average homeowner, he said.

TO COVER SERVICES

The tax hike is needed to pay the increased cost of village services and of new services and improvements, York explained.

"If Rochester is to maintain a high level of services to residents, a tax millage increase cannot be delayed any longer," he said.

Final adoption of a budget is scheduled for May 14. Addition of a patrolman to the village police force and salary raises for village police account for most of the \$3,000 boost in police department expenses.

In addition, policemen will get longevity increases that add \$50 to \$80 to annual salaries depending on years of service.

PARKING SYSTEM

Shrinking revenue from parking meters is reflected in a \$1,000 decrease in the automobile parking system budget.

Along with his presentation of the budget, York recommended keeping new equipment purchases at a minimum in order to accumulate funds to start construction next year of a new DFW garage.

Largest portion of the council meeting was taken up by a detailed explanation of the federal urban renewal program by Edward J. Hutches of Villan-Leman & Associates, Inc., the village's planning consultants.

Villan-Leman recommends the program for rehabilitation of the East Third Street area between the railroad tracks.

Three-fourths of the cost of a project under this program would be paid by the federal government, Hutches said.

The council took no action on this recommendation, but did follow a recommendation by John J. Proke, also of the Villan-Leman firm, that the village invite Pontiac Township to join the Avondale Heights Planning Commission. The council voted to send a formal invitation, setting a 30-day time limit for acceptance.

In other action, the council authorized Village President Roy Rewold to proclaim May 1 as Law Day in conjunction with the national proclamation.

NEWS OF THE AREA

Final adoption of a budget is scheduled for May 14.

several with the addition, will receive pay raises of from \$100 to \$150 a year in a new pay schedule included in the budget. The scale will go from \$5,100 to \$5,700.

Rochester policemen, to total longevity increases that add \$50

county band, and is an amateur radio operator.

He plans to major in aeronautical engineering at Massachusetts Institute of Technology.

Richard, son of Mr. and Mrs. D. Louvet of 51137 Baitree

Chosen to share honors as salutatorians are Richard Louvet, 18, Lorraine Leibold, 17, Mary Ann Dezio, 17, and Janet Penzien, 17.

James ranked at the top of his class with an honor point average of 4.32 (4.0 equals a straight-A record but extra points are credited for special honors classes).

Son of Mr. and Mrs. William O. Lash of 48714 Wright St., he was a member of the school's swimming and cross-country teams as well as drum major in the band and oboe player for the school's last three musical productions.

EXCHANGE STUDENT

A member of the Latin and Washington clubs and the National Honor Society, he was a foreign exchange student last year, was a member of the all-

MIXED EMOTIONS — Facial expressions tell the story of the Keego Harbor drawing last night for the one council post that ended in a tie in the April 2 election. Michael M. Victor, 33, of 2110 Maddy Lane, shows former Mayor Russell Greig the slip of paper that won Victor a three-year term. The drawing was necessary because each had received 16 votes. Greig, a councilman for three years, drew first, eliminating the need for Victor to take a chance. Milton Perry was elected mayor and Samuel Whitmore, mayor pro tem, following the drawing.

Pioneer Book Project Set by Area Schools

A junior version of the highly successful Great Books Program will be launched officially next week with 20 Oakland County schools pioneering the reading-discussion course to become nationwide next year.

More than 600 educators and school administrators from Michigan, the bulk of them from Oakland County, will attend a public meeting 10 a.m. Monday at Marygrove College, Detroit, to learn more about the Junior Great Books Program.

Dr. Mortimer J. Adler, director of the Institute for Philosophical Research, San Francisco, and co-founder of the Great Books Discussion Program, will explain the supplementary reading program for students in the fifth through twelfth grades.

The purpose of the discussions, held on Saturday or after school hours, is to develop valuable skills: reading more accurately, communicating ideas clearly and intelligently and listening to the opinions of others with respect and understanding.

The junior program, which is expected to have over 1,100 Oakland County students participating next year, was conceived a year ago by Mrs. James Worley of 2435 Fernhill St., Royal Oak, coordinator of the southeastern Michigan Great Books Program.

The method of education in the Junior Great Books Program is group discussions, in the school or library, of the classics read at home.

Students, like their adult counterparts, meet in an informal, conference-style atmosphere to talk about what the books say, what they mean and whether they agree with the authors' conclusions.

ADULT LEADERS

Each group has two adult leaders to guide and organize the discussions by asking questions that stimulate thinking. They do not provide answers but help the students discover their own answers raised by the books.

The Oakland County schools participating in the Junior program are: Barmen Junior High, St. Columban and Marian High in Birmingham; Our Lady of Sorrows, Farmington; Washington and Lincoln Junior High schools, Ferndale; Franklin Burton in Huntington Woods; and Highland Junior High, Highland.

Others are Pepper, Roosevelt and Key in Oak Park; Our Lady of Refuge, Orchard Lake; Washington Irving, Pontiac; Jefferson, Royal Oak; and Southfield's 10 School, Lederle Junior High, St. Bede and St. Michael.

The success of the program in these schools has prompted the Great Book Foundation, a non-profit corporation, to develop a nationwide course.

Jet Airport Opponents Encouraged by Letters From State

Board Appoints L. Rex Bebout

Pontiac Township - Ends Arguments by Replacing Attorney Gordon

PONTIAC TOWNSHIP — The Township Board last night ended a controversy that had been smoldering for several months.

It appointed L. Rex Bebout as township attorney, replacing Herbert W. Gordon. Gordon had been the township's attorney for the past three years.

Though originally appointed by the board, Gordon was continued as township attorney in 1961 by a vote at the township's annual meeting.

Gordon and trustees have been feuding for several months over a number of matters.

At the 1962 annual meeting March 31, a motion returning the responsibility for hiring an attorney to the board passed by eight votes.

Gordon, who had asked those at the meeting to decide whether he was to be retained, says he resigned at that time.

Trustees, however, say that he simply was not retained.

The feuding arose out of his attempts to bring township practices up to date, Gordon said.

Four Chosen Salutatorians Named Utica High Valedictorian

TICA — James Lash, 17, has been named valedictorian of the 1962 Utica High School graduating class.

He plans to major in aeronautical engineering at Massachusetts Institute of Technology.

Richard, son of Mr. and Mrs. D. Louvet of 51137 Baitree

Chosen to share honors as salutatorians are Richard Louvet, 18, Lorraine Leibold, 17, Mary Ann Dezio, 17, and Janet Penzien, 17.

James ranked at the top of his class with an honor point average of 4.32 (4.0 equals a straight-A record but extra points are credited for special honors classes).

Son of Mr. and Mrs. William O. Lash of 48714 Wright St., he was a member of the school's swimming and cross-country teams as well as drum major in the band and oboe player for the school's last three musical productions.

Ask New Phone Exchange for 498 Troy Residents

TROY — Almost 500 residents will have their telephone exchange changed, it appeared today.

The City Commission last night instructed City Manager David Firestone to write a letter requesting Michigan Bell Telephone Co. to transfer 498 phones from the Ullyses to the Trojan exchange.

The action was taken after tabulation of a joint city-telephone company survey of the 498 UL customers showed 287 in favor of the change.

Michigan Bell had agreed to make the change if a majority wanted it.

Of the 498 questionnaires mailed, 129 voted to stay with the UL exchange and 25 indicated no preference. No reply was received from the rest.

The change was originally requested by a number of residents in northwest Troy who complained of toll charges on calls from their numbers to TR numbers in Troy.

Mayoral Ballot Tied Up -- Again

WALLED LAKE COUNCIL DEADLOCKED, ADJOURN TO AVOID '61'S MARATHON

WALLED LAKE — Another election, another deadlock.

But last night Wall Lake councilmen decided to adjourn their meeting to elect a mayor until 8 p.m. tomorrow rather than continue voting until someone was named. Last year it took nearly three hours of hallooing to pick the city's top official.

Actually, the voting could have been continued longer than the hour that it took, but Councilman Harold Ackley had a previous appointment and had to leave, so the organizational meeting was postponed.

Fifty ballots, or a total of 250 votes, were cast before the meeting came to a close.

Getting the most votes, but never the necessary majority of four, were Mayor Marshall E. Taylor and Councilman Clyde Motz.

When Taylor was elected last April, he took 169 ballots and a total of 1,130 individual votes to break the deadlock.

Couch-Schlusser Rite Couple Weds at Utica

UTICA — A dinner-reception at the Sunnybrook Golf Club followed the recent wedding of P. Michael Couch and Luann Schlusser, who exchanged their nuptial vows at the Utica Methodist Church.

The service was read by Rev. Russell Sarsaw.

Parents of the bride are Mr. and Mrs. Carlton Schlusser of 4605 Hecker Drive. The bridegroom is the son of Mr. and Mrs. C. W. Couch of 6249 Campground Road, Washington Township.

For her wedding the bride chose a gown of silk peau de soie headpiece fashioned in the shape of a rose and fringed with tiny pearls held her illusion veil. She carried a bridal bouquet of white roses, stephanotis and ivy.

Attending the couple were Mr. and Mrs. William Couch of Washington Township. Others were Richard Ojala, Jack Markey and Donald Komars, all of Romeo.

The couple honeymooned in Northern Michigan after which the bridegroom returned to duty at Fort Leonard Wood, Mo. The bride will join him in about two months.

Mental Health Expert to Address Dem Club

WHITE LAKE TOWNSHIP — Mrs. Mary Ostrowski of the Special Education Parents Unit of Retarded will be the speaker at the meeting tomorrow of the White Lake Township Democratic Club.

The 8 p.m. meeting will be held at the White Lake Township Hall. Mrs. Ostrowski will discuss "Mental Health Problems in Michigan."

Eagle PTA Slates Talk on Water Safety

FARMINGTON — Donald Kratt, safety director of the Oakland County Sheriff's Department, will be speaker at the 8 p.m. meeting next Monday of the Eagle Elementary School Parent-Teacher Association.

Chairmen of all area PTAs are invited to attend the meeting, which will have water safety as its theme.

An instruction film on mouth-to-mouth breathing will be shown, followed by a demonstration of this technique.

Program chairman is Earl Teeples, who heads the Eagle School PTA safety committee.

Commerce Methodist Announces Services

COMMERCETOWNSHIP — Palm Sunday services at the Commerce Methodist Church will be held at 8 and 11 a.m. with Rev. Floyd W. Porter, preaching on "The Stone the Builders Rejected."

The Chancel and Wesleyan choirs of the church will present the sacred cantata "Olivet to Calvary" by Maunders at 7:30 p.m. They will be directed by George Scott and accompanied by Mrs. Lester Richter.

GIVES SWIMMING POINTERS

Schultz, water safety instructor at Clarkston Elementary School gives tips on the correct way to swim to Jimmy Johnson while Danny Hallman and Patricia Pohibotte look on. Water safety will be the theme of the school's Parent-Teacher Association meeting at 7:30 p.m. Thursday at the school, important information on the dangers of Deer Lake, suggestions for beginning swimmers and a movie on month-month respiration will highlight the public meeting.

Calling Citizens to Organize Over Schools

FARMINGTON TOWNSHIP — A meeting to organize a citizens committee, a result of the recent defeat of millage and bond proposals in the Clarenceneville School District, will be held 8:30 p.m. Thursday at the high school.

The meeting was called by Bernard S. Otis of 2363 Fargo St., Livonia. He is chairman of the Heartstone Homeowners' Association Education Committee.

The decision of voters in the March 27 school election in rejecting a request to continue expired millage and a \$1.25-million bond issue for construction is one that not only affects the future of children but the value of property as well, Otis said.

The defeat of the millage proposal meant a \$120,000 loss in tax annually to the school district.

Auburn Heights, Avondale Hunt Singing Talent

A search for singing talent is under way in the Auburn Heights Avondale community.

The Avondale High School Parent-Teacher-Student Association is looking for men and women volunteers to sing in its variety show "Anza," to be presented May 5.

Some 30 to 35 male voices and an equal number of female voices are needed for the program.

The PTSA desires them in singing groups of from four to 10, according to Mrs. Marvin L. Norris of 246 Nichols Road, Pontiac Township.

Anyone interested in helping to provide singing and other talent may contact Mrs. W. A. Lewis of 2746 Auburn Road, Auburn Heights, or Mrs. Norris.

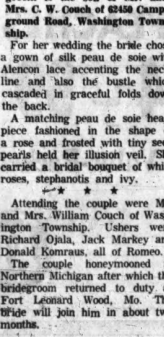

Couple at North Branch to Mark Golden Date

NORTH BRANCH — Mr. and Mrs. Clinton J. Barger of 3645 Old State Road will celebrate their 50th wedding anniversary April 21 with a family dinner at Hawaiian Gardens in Holly Township.

The couple, formerly of Royal Oak, was married April 22, 1912, in Detroit. They have seven children and 17 grandchildren.

Illinois Expects Light Turnout

Few Races to Excite Voters in Off-Year Primaries Today

CHICAGO (AP)—Illinois holds off-year primary elections today with indications of a light voter turnout.

Generally favorable weather prevailed but there were few races to excite the voter in the nation's first state primary this year.

Estimates of the vote count varied widely, but most fell between 1,300,000 and 1,600,000—25 to 30 per cent of the 5,140,000 eligible registrants.

Polls are open from 6 a.m. to 7 p.m. (CST). Voters at the 10,344 precinct polling places could choose ballots in either the Republican or the Democratic primary. Republicans had the greatest number of candidates, but many nominations in both parties already were decided by lack of competition.

Some nominations—barring elections—were tantamount to election. U.S. Rep. Robert H. Michel of Peoria, a Republican, had no opponents, either of his own or the Democratic primary.

Sen. Everett M. Dirksen of Peoria, the Republican minority leader seeking his third term, was challenged by Harley D. Jones, a Chicago lawyer. U.S. Rep. Sidney R. Yates of Chicago, seeking the Democratic nomination to run against Dirksen, had as a rival Lar Daby, Chicago furniture jobber and perennial candidate.

U. N. Unit Shelves Defining Aggression

UNITED NATIONS, N.Y. (AP)—A 21-nation U.N. committee decided yesterday to shelve for another three years the problem of trying to define aggression.

The committee approved a resolution submitted by Cyprus proposing postponement. The resolution said many new members had not yet expressed their views on definition of aggression, and there was not sufficient indications from member states as to when they wanted another General Assembly debate on the issue.

The question came up in the 1961, 1962, 1964 and 1967 assembly sessions.

Priest Still Alive at 102; Expected to Die at 43

CHICAGO (AP)—The Rev. Thomas J. McCormick, who was told he had only a year to live when he became a missionary to the Indians in South Dakota 60 years ago, observed his 102nd birthday Monday.

Father McCormick, believed to be the nation's oldest Roman Catholic priest, lives in retirement at the Victorian Novitate in suburban Arlington Heights.

Lured by Stage Lights, Applause, Big Chance

Into NY Flutter the 'Birds of Broadway'

By DICK KLEINER
NEW YORK (NEA)—Actor John McGiver, the "American Churchill," was the first one to notice the regularity of their migratory habits and call them with Winstonian eloquence: "The Birds of Broadway."

"They flock here with the warm weather," McGiver remarked. "And they busily seek for work, gradually either taking jobs in restaurants or department stores, while still maintaining the fiction of looking for parts on the stage. But none of them steadily fly away home. By the following spring, perhaps two per cent of them are in the theater. The rest are either working in some other field or they've gone back home."

"And the way is open for the next year's flock."

The birds still come, year after year, class after class, as the high school and college terms come to a close.

Over the next few months they will fly in, as thickly as ever, although the quantity of Broadway productions is declining, although Hollywood's movie and television studios offer far greater opportunities for work, although living costs in New York are higher than ever.

Why? It is the glamor of the stage which calls them. For most young people, the idea of being "an actor" or "an actress" on Broadway still conjures up daydreams: curtain calls, flowers, make-up, the star on the dressing room door.

There are other reasons, too. For some there is the honest desire to act. For others there is simply the need to get away from the dullness of their small town lives. For a few it is the call of possible riches. For a large group it is the hunger for recognition which makes the migration a psychological necessity.

Whatever the reasons, or combination of reasons, they arrive in large flocks in the late spring and summer. There is a striking similarity in their first few days, as they scramble for comfortable perches.

Most of them have a room to go to—usually, at the "T" or a cheap hotel. They unpack their one suitcase, full of the fanciest clothes they could get at the Bon Ton bought with what was left over from the \$20 earned working in the drug store last summer—after the purchase of a bus ticket.

They stand at the stage door of the theaters, watching last year's birds (who now look so sophisticated in their pony tails, black sweaters and tight

pants) trip into the theater with awesome nonchalance.

And then they go back to their rooms and can't sleep a wink. The next morning at 8 they present themselves at The Office with The Letter. They all have a letter from someone—their local disc jockey, their dance teacher, their mother—to someone—generally a distant cousin who is a receptionist in some second-rate producer's office.

SONG OF THE BIRD

Their first lesson happens then with the discovery that 8 a.m. is too early; nobody is there. And their second lesson comes with the

arrival of the distant cousin. They first hear the phrase which could be called the song of the Broadway bird:

"I'm sorry, nothing today. We'll call you."

The glow is gone from the trip, the alibi is out of the eyes. The sensible birds catch on quickly; they get outside jobs to tide themselves over, they go to drama classes and learn how to audition, they buckle down to dreary months of hard work.

The silly birds keep fluttering around producer's offices, grad-

ually getting thinner and thinner and eventually flying home with a bitter taste they'll never get over.

But just enough do make it to encourage the ones who will come next year. If it happened to one, they say, it could happen to another. And why shouldn't that, other one be me?

Next: One who made it.

About 325,000 new cancer cases are diagnosed in the U.S. each year.

We Do Have IN-CAR HEATERS

It's a small wonder!

How many times have you seen a little boy trying to repair something; a bike, his toy car, a pair of roller skates, an old clock? Most of us have, and, in most cases, to Daddy's dismay when he starts wondering about the whereabouts of his tools. We must agree however, the most amazing thing of all is the way this little fellow does the seemingly impossible for one his size.

This too, applies to those of us who have experienced the many replies received from Pontiac Press Want Ads. For those of you who have not tried a Pontiac Press Want Ad, you should, today! Then you too will agree these 'little fellows' get things done for their size too! The results you get from Pontiac Press Want Ads are truly "a small wonder!"

2 Lines 6 Days Only \$3.84

THREE COLORS

Fashions Flower Fresh for Teen-Agers, Tots

Spring and summer's fashion outlook for tots and teens is "flower fresh."

Vivid hues and gay patterns bloom in simple, uncomplicated lines. Color, trim and design add femininity to the tailored look.

Little girls' washable crisp cotton blends have many extra features this season, such as dyed-to-match sweaters, matching hats, attached petticoats, perky detachable aprons, popovers and dusters.

Predominating in the floral fashion bouquet are citrus colors—lemon, lime and orange. Neutral backgrounds are enlivened with accents of orange and melon, and lime and lemon-colored stripes parade gaily across fine check-pastel shades.

'YELLOWED' PINKS BOW

Traditionally pink and blue moppets' frocks now abound in maize. "Yellowed" pinks also are bowing.

Petite editions of Big Sister's stylings are being designed for the 7 to 14 age group. Shirtwaist dresses, the ensemble look, shirt blouses and skirts with unpressed pleats in sanforized broadcloth make nifty school outfits.

For the junior miss it's boldly patterned, bright-colored separates — classically styled in easy-to-care-for fabrics.

CONTRASTING STITCHING

Clear blues with contrasting stitching and embroidered motifs are fashioned into ranch jackets with matching skirts and/or skirts in chambray or denim, basics for the high school or collegiate wardrobe.

Youthful silhouettes this year range from the fashionable A-line to fullness. It's still overblouses, teamed with gently flared skirts. Frocks and blouses sport the neat collarless neckline—and new as the season is the collarless shirtwaist in sunny citrus tones.

Whipped and airy sums up the fabric story for spring, with the appearance of gossamer sheer wools in citrus shades — "yellowed" apricot, pineapple, lemon and lime.

Judy Eames of Cherokee Road reflects spring "suitability" in her boxy wool suit and coordinated accessories. The beige suit with its brown braid trim features a zip-up jacket over a box pleated skirt. Judy's bone leather clutch bag, matching bone calf shoes by Town & Country and beige rayon gloves complete the picture. The little straw circle with veil logs off her spring ensemble. Fashions by Wait's Department Store.

Daffodils, orange blossoms and bluebells are blooming in little girl fashions this spring. These young ladies have chosen Joseph Love's daffodil yellow for their spring frocks. At left is a silk and rayon hopsacking duster with matching dimity floral print

dress. Daffodil yellow (at right) is topped with a matching apron embroidered with yellow flowers.

Chaperone in House Sufficient

By the Emily Post Institute
Q: I would like to know if it is proper for a parent to stay in the room with her 19-year-old son when he has a visiting female guest in the house. I always thought that after greeting the guest and exchanging a few words, the parent went into another room and, if she felt it necessary, checked with them several times. A certain mother I know insists that the boy's mother remain with her son and his guest at all times, even if she does not contribute to the conversation. I think she is very wrong about this and would be very mistrustful of them. I would like your opinion on this matter.

A: You are right. The young man's mother must remain in the house, but not necessarily in the room with her son and his guest, who will be sufficiently chaperoned by the knowledge that she may come in to see them at any moment.

Q: A friend of mine is hurt because a relative invited her and her husband to dinner and asked her not to bring the children along. I think it is within the hostess's right to make such a request and I told her so, but she still feels the hostess was wrong. Perhaps a word from you will convince her that the hostess intended no discourtesy.

A: The only discourtesy might have been in what the hostess said. To have explained, "It's to be a dinner party, which means we can't include the children this time" would have been entirely courteous.

Q: My son and his fiancée have set the date for their wedding but her parents have not called to discuss the wedding plans with me. Shouldn't I be consulted about these before final arrangements are made?

A: The bride's parents tell the groom's parents how many guests they may ask to the ceremony and the reception and invite this number of persons from a list supplied by the latter. The bride's parents are, however, solely responsible for every detail of the wedding and reception and need not consult the groom's family who are their honored guests.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Women's Section

In an easy-to-wash, wrinkle-resisting fiber blend are these separates for spring by Mademoiselle Modes. The cheerful pink ensemble is in crisp poplin darcron polyester fiber and cotton. It's styled with pleated skirt, delicate print sleeveless blouse and cardigan

jacket. For a sporting look, the soft blue chambray gathers gently into a full skirt with giant pockets, one boasting a large white anchor. Matching shirt in chambray has tiny pearl buttons, roll sleeves.

Jr. High Pupils Pay African's Tuition

BY MARVIN MILLER
Of the Lancaster New Era
LANCASTER, Pa. (AP)—Tom Dugha, 23, is a first year student at Millersville State College whose tuition and living expenses are being paid by junior high school pupils of suburban Manheim Township. It comes to \$1,200 a year.

In return all they are asking of Dugha is that he share the culture of his homeland, Sierra Leone in Africa, with the classes of the junior high school.

Dugha does this by speaking to various classes about native customs and ways of life. "I really don't understand why these children do this for me, but I am very grateful," Dugha says.

His presence in America is not related to the foreign exchange student program. It is free enterprise from the start, the idea coming from the junior high school pupils as a school-wide project. His name was obtained from the African-American Institute, which recommended him to the children.

It has turned into quite a project. Pupils being pupils, didn't realize how much money \$1,200 can be. They have set about raising it by sponsoring dances and selling items. Their latest enterprise venture is a student-formed company to sell finger rings.

MADE AT SCHOOL

The rings will be made in the school metal shop. Their sale price will be from between \$1 to \$1.50. Committees have been formed for distribution of the rings, which can be ordered complete with the engraved initials of the purchaser.

The nickel silver rings came about because the "Tom Dugha Fund" is running out of money. The children are committed to completion of his education, another three

years at nearby Millersville. Money to set up the student corporation came from the student council, which advanced a \$50 loan to buy supplies and begin mass production of the rings. Dugha is studying industrial arts at Millersville because he feels it is in this line of endeavor that he can be of the most benefit to his native country when he returns as an instructor.

Filter Out Injurious Spring Sol

As we head into spring, we take gladly to the open road. Visits to the country, dinner at a rustic inn, picnics or a hunt for antiques lure us out into the sunshine and fresh air.

But some of us tend to forget that the sun of springtime packs a wallop. It seems deceptively mild after the long, gray days of winter. But it's not.

You need sunglasses on these early outings to protect your eyes from sun glare just as you need them against the razor-dazzle of sun on glittering white snow in winter.

This year, one of the newest sunglasses shapes for women is small, elegant and oblong. This frame is done in white or black with tiny gold and silver stones set in the corners. Actually, it's a small version of the wide wrap-around and it is intended to give complete eye protection from the sun's rays.

Tuck a pair into the glove compartment of the car and have another pair for your handbag. This way, you're certain not to start out without them.

Two-year-old Elizabeth Ann Carrs of Tilden Street ponders April's unseasonable snow showers and wonders if they'll postpone her entry into spring's style parade. Regardless of the weather, this little miss has a bright fashion forecast in her powder blue lightweight wool coat and matching bonnet. Peeking out from under her coat is a perky organdy pinafore. Spanking white gloves and a flowered purse add just enough snap to a pink 'n' blue portrait. Fashions by Arthur's Women's Apparel Shop.

Group Plans State Day

Michigan Alpha Chi Omega Sorority members will meet Saturday at Oakland Hills Country Club to observe their annual State Day celebration. Hostesses for this year's event are the North Woodward Suburban chapter, Alpha Omega Alpha. Alumnae will greet active delegates from the University of Michigan, Michigan State University, Western Michigan and Central Michigan universities and Albion College.

Special alumnae guests are Mrs. David W. Noble of East Lansing, newly elected province president for Michigan, and Mrs. Charles D. Crawford of Flint, district alumnae chairman and guest speaker. Hostess chapter president Mrs. E. T. Burroughs of Bir-

mingham will give the opening address and Mrs. Rowe A. Balmer of Birmingham, general State Day chairman, will serve as toastmistress.

A musical program, featuring the works of Edward MacDowell, has been planned by Mrs. William J. Thompson. Participants include: Mrs. Thompson, Mrs. R. M. Cuddey, Mrs. John Nielson, Mrs. Edwin Tower, Mrs. Martin Donders Willson and Mrs. Celia Merrill Turner.

Other committee chairmen are: Mrs. Bruce Maynard and Mrs. Warren Rockefeller, invitations; Mrs. William C. Gidley and Mrs. J. B. Johnson, reservations; Mrs. Robert E. Dawson, publicity; and Mrs. William H. Anger Jr., decorations.

On Highway to Health

Start Children Exercising

By JOSEPHINE LOWMAN

I recently received the following letter from a reader.

"Dear Mrs. Lowman: I share the sentiments of the reader you quoted not long ago, the one who wrote about the popularity of sports clothes and watching sports, but not taking an active part in them. The letter was amusingly written but certainly spoke the truth.

"As the mother of young children I am constantly incensed by the promotion of sedentary habits among young people, especially among young girls. Many parents and most school authorities seem completely disinterested. The parents transport the children to school even when they live only a few blocks away.

"Many children are not encouraged to take advantage of the summer sports programs many communities offer, such as free tennis lessons, wonderful swimming programs and various other worthwhile activities. There are wonderful swimming programs at the Y for a small fee.

"Active physical sports would develop health and take children out of themselves. It would also combat the self-consciousness so prevalent during the pre-adolescent years. It would give young people a chance to develop new friends and lay the foundation for a happy, mentally stable adulthood.

"But the children grow obese and dull. They are not learning about the exhilaration that comes from a good swim, a game of golf or a brisk walk. They will not have these inner resources to fall back on when the pressure of adulthood weighs on them."

If you encourage your child to take advantage of exercise and sports now, she'll thank you for it later. Exercise during childhood and youth builds stamina which will be badly needed to meet the stresses and responsibilities of more mature years.

I am printing this letter because I feel so strongly that exercise during childhood and youth builds stamina which will be badly needed to meet the stresses and responsibilities of more mature years.

I do not think I ever would have been able to meet the obligations of a home and a family and a career without the backlog of health which swimming and basketball, hiking and tennis built as a girl.

Swimming I have brought along with me. Now walking and golf and dancing must take the place of basketball.

In my estimation you will be doing your children a tremendous favor if you promote exercise, not only because of health but because of fun. Young folks miss so much if they do not indulge in sports!

If you would like to learn some folk dances, you will want my letter, "Put Your Little Feet." If so, send a stamped, self-addressed envelope with your request for leaflet No. 25 to Josephine Lowman in care of The Pontiac Press.

St. Michael Class of '47 Will Meet

St. Michael's Class of 1947 will hold its class reunion at the Elks Temple, June 23 at 7 p.m. Plans were made during an organizational meeting recently at the home of Mrs. Richard Schaeffer of Tilmor Drive.

Letters have been sent to members of the class. Anyone not contacted may call committee members: Bert Schmidt, Meadowdale Lane, president of the class; Lawrence Lyons, West Fairmont Street, vice president; Mrs. William Schroeder, Fremont Street; Mrs. James Parsons, Pasadena Street; Mrs. Bruce King, Silverdale Drive; and Mrs. Schaeffer.

Audubon Club To Show Film

May Bride-to-Be Diann L. Meyers Feted at Shower

May bride-elect Diann Lucille Meyers was honored at a miscellaneous shower Saturday evening in the home of Mrs. Claude Goff on Seminole Avenue.

Places were marked for Mrs. William J. Meyers, East Huron Street; Mrs. Russell Dorman, Union Lake; mother of bridegroom-elect Wayne Dorman, and Mrs. James Meyers, Mrs. Dale Seets, Mrs. Ed Mann, Hazel Slater and Arminde Earhart.

Also present were Linda Harroun, Nancy McKown, Barbara and Betty Dorman, Mrs. Mel Ferrett, Flint, Mrs. Harold Meyers and daughter Annette of Howell; Mrs. Ivan Russell, Silver Lake, and Mrs. Arthur Goff, Drayton Plains.

A May 5 wedding in First Baptist Church is planned.

Club at Waterford Will Meet Monday

The Waterford Book Review Group will meet Monday at the home of Mrs. K. B. Valentine of Phelan Road. K. B. Valentine will be cohostess.

Mrs. Carmi J. Odell will review Irving Stone's "The Agony and the Ecstasy."

Luncheon Slated by Webford Club

The Webford Club's cooperative luncheon is set for 12:30 p.m. Thursday at the home of Mrs. Vito Paladino on Carlos Drive, Waterford Township. The group will also sew cancer pads at the gathering.

Sorority Hears Talk by Firemen

Mrs. Gene Shell of Edmore Drive, Drayton Plains, opened her home for the April meeting of the Phi Kappa Tau Chapter of Phi Omicron National Sorority.

Two members of Pontiac Fire Station No. 5 showed films of the Chicago school fire in 1958 and answered questions on fire prevention.

An evening card party and fashion show is planned for May 24 in the club rooms of First Federal Savings and Loan Association of Oakland. Proceeds will benefit the Carolyn Carr Chapter, Oakland County Children's Leukemia Foundation.

Mrs. Maynard Holmes was elected delegate to the state convention May 19-20 at the Morison House, Grand Rapids. Mrs. Thomas Ross was named alternate.

May breakfast for Phi Kappa Tau and Iota Eta chapters will be at 10 a.m. May 6 at Devon Gables. The last lecture for the two groups will be given April 19 by Dr. Sam Shapiro at Michigan State University Oakland.

Serving on the nominating committee for the election of officers at the May meeting in the home of Mrs. Holmes will be Mrs. Earl Noodel, Mrs. Robert Angel and Mrs. Shell.

Chapter Meets for Dessert

Members of Rho Chapter, Alpha Delta Kappa Sorority, met Thursday evening in the Instructional Materials Center at Webster School. Mrs. Morrell Jones and Mrs. Alyce Hagood served dessert.

Margaret Scott, audio-visual consultant for Pontiac Public Schools, explained to her sorority sisters the materials and equipment available at Pontiac teachers.

Officers for the coming year will be installed at a dinner meeting May 3 at Devon Gables. Several members of the chapter will attend the state dinner at Ann Arbor, May 11.

Masters Win Proves 'Palmer Era' Is Here

By MERCEUR BAILEY
AUGUSTA, Ga. (AP) Golf is in its "Palmer era."
Once it was the Jones and Haggen era.
Then it was the Snead and Hagen era.
Now it is the Palmer era. And it's Arnold Palmer's all alone. No one shares it with him.
In any major tournament today,

Arnold Palmer, the one-time steel worker from Latrobe, Pa., must be given the favorite's role.
And what makes him greater than the rest is his tenacity, aggressiveness and refusal to concede defeat.
STRONG RALLIES
Twice in two days, en route to his third Masters Golf Championship, this friendly, bronzed Go-

liath of the fairways proved no one can equal his ability to rally sensationally just when it appears all hope is gone.
In Monday's playoff with Gary Player and Dow Finsterwald, Palmer trailed Player by three shots after nine holes, but prospects were far from bright.
Then that characteristic Palmer comeback began unfolding. He birdied No. 10 with a 30-foot putt. Player took a bogey. On No. 12, Palmer got a birdie deuce with a tee shot 3 1/2 feet from the cup. Again Player took a bogey and, for the first time, Palmer on the

next two holes and now it was just a question of how big his victory margin would be. He had birdied five out of seven holes in his magnificent run.
Palmer wound up with a 4-under-par 68. Player had a 71 and Finsterwald, who never got started, finished with a 77. They had finished the 72-hole tournament at 290. For the 6,596-yard Augusta National course is 36-36-72.
Palmer's \$30,000 first prize check was handed to him by the club. Ford and Cary Middlecott of the top of the PGA official money win-

ning list for the past 15 years, since official records first were kept. Palmer has collected \$288,788 in official PGA purses. Ford, \$287,037 and Middlecott \$283,232, although Arnold has been a pro only since November of 1954.
SECOND MONEY
Player, who failed in his bid to become the first Masters champion to successfully defend his title, won \$12,000 second money and Finsterwald pocketed \$3,000.
Palmer's rally, which electrified a milling gallery of about 18,000 who stretched and craned and raced from one vantage point to

the next, was his second in a row. Leading Finsterwald by two shots and Player by four at the start of the fourth round Sunday, Palmer skidded to a 39 on the front nine, took a double bogey-4 on No. 10 and coming into 16 needed two birdies on the last three holes to gain a tie. He got them—chipping in on No. 16 and sinking a long putt on 17.
These rallies have become a Palmer trademark. His greatest came in the 1960 U.S. Open at Denver when he went into the final round tied for 15th place and seven shots behind leader Mike Souchak. Palmer stormed back with a 30-55—85, the best closing round of any U.S. Open winner.
In his second Masters victory, in 1960, he trailed Ken Venturi by one shot with two holes to play. He birdied both to tie the tour. Gary's wife is expecting their third child within a week.

AUGUSTA, Ga. (AP) — Cards on Monday for the 1962 Masters Golf Championship:
Palmer 68
Player 71
Finsterwald 77
Total 216
Palmer 68
Player 71
Finsterwald 77

NEW MASTERS CHAMP — Arnold Palmer (left) presents Bobby Jones the hall he used in winning yesterday's Masters tournament playoff. Jones, the grand slammer, is president of the Augusta National Club where the tourney was played. Cliff Roberts, tournament chairman, looks on.

When Arnie Tugs, Jerks Look Out for Comeback

AUGUSTA, Ga. (AP)—Arnold Palmer's long time caddy says it's easy to tell when the Pennsylvania strong boy is going to make one of his now fabled charges on the golf course.
"He just jerks at his glove tugs at his trouser belt and starts walking fast," Nathaniel (High Man) Avery said Monday.
"When Mr. Arnold do that,

Arnie Tops All Pros in Money Earnings

AUGUSTA, Ga. (AP) — Arnold Palmer's victory in the Masters Golf Tournament Monday vaulted him into the lead of professional golf's official money winning list for the last 15 years.
The professional Golfers Association said Palmer's earnings since 1947, when PGA records were started, total \$298,738.09. Palmer has been a pro only since November 1954.
He moved from third place ahead of Doug Ford, now second, with \$187,037.18, and Cary Middlecott, with \$285,232.25.

GRANDSTAND PLAY — Detroit catcher Mike Rothenb diverges into the grandstand to try for a foul off the bat of Washington's Danny O'Connell. A spectator caught the ball.

Tigers Give Mossi Little Help for Fresh Start in '62

Yanks After 3rd Straight Flag

Orioles Face Ford

By The Associated Press
President Kennedy has thrown his last pitch of the season, and today Whitey Ford is scheduled to fire his first as the world champion New York Yankees start their campaign for a third consecutive American league pennant.

The President officially opened the baseball season yesterday, throwing out the first ball amid the traditional pomp and circumstance in the nation's capital, then staying to watch Washington whip Detroit 4-1 behind Bennie Daniels' five-hitter.

The two teams take the day off today while the remainder of the league races the carousel with Baltimore at New York, Cleveland at Boston, Los Angeles at Chicago and Minnesota at Kansas City. All are day games.

Ford, the little southpaw who won the Cy Young award as the outstanding pitcher in the majors last season after compiling a 25-4 record, will be backed by the powerful Yankee attack that numbers Roger Maris and Mickey Mantle among its homer hamsters.

Shortstop Tom Tresh, filling the post vacated when Tony Kubek went into the army, is the lone new face in the starting lineup.

High Man said he suggested the wrong club to Palmer Sunday on the fourth day of the tournament and caused Arnold to take a double-bogey 6 which almost cost him the championship.

"After that hole, Mr. Arnold look at me and say, 'Well, High Man, we lost the tournament there.'"

"I say, 'We ain't lost nothing.' Mr. Arnold, we got eight more holes to play. He don't say nothing. He just look up in the sky like he is wishing for some miracle to come down."

"And the miracle come down—like somebody was answering him."

ell in left field, trade acquisition Johnny Temple at second and Jerry Adair at shortstop in place of Ron Hansen, like Kubek a member of Uncle Sam's forces. Manager Billy Hitchcock also is a new face.

New Cleveland skipper Mel McGaha will unveil rookies Ty Cline and Al Luplow in the outfield and send Dick Donovan

(10-10 at Washington) to the mound against the Red Sox.

Boston will go with Don Schwall (15-7), rookie of the year in 1961, and start newly acquired Ed Bresnahan at shortstop.

The White Sox, returning to the go-go formula that won the pennant in 1959, will have trade acquisitions Joe Cunningham and Charlie Smith at first and third base, respectively, while rookie Mike Hershberger will be in center field in place of injured Jim Landis.

Juan Pizarro (14-7) will handle the pitching, facing the Angels' El Cid (11-11).

Vic Power, obtained from Cleveland, will be at first, rookie Bernie Allen at second and first-year man Dick Rollins at third.

Dr. Paul A. Miller, who will be inaugurated tomorrow as president of West Virginia University, is a rarity in the academic world. He is a former standout collegiate boxer.

Paul Fender, who regained the title, and England's Terry Downes each earned \$44,670 from their middleweight championship fight.

Detroit Bill Chambliss, sophomore center who helped Dayton knock the University of Houston out of the National Invitational basketball tournament this year, yesterday led the voting on Houston's all-opponent team.

Left-hander Billy Hoft (7-4) will start for the Orioles, who'll have rookie sensation John (Boog) Power in right field.

The OLL coach said he would seek a ruling as to whether St. Charles' Joe Bono illegal pitched in an event.

Bono won both hurdles, the shot put and placed second in the 800-yard run. Minewasser claims that Bono should not have been allowed to run in the half mile.

Did Waterford OLL Win 1st Track Meet?

Waterford Our Lady of the Lakes should know tomorrow it won Sunday's track meet with Detroit St. Charles.

At the moment, coach Bob Minewasser of the Lakers is claiming a 54 7-10 to 54 3-10 triumph. St. Charles left Wisner Field with a score sheet that said the Dragons were 57 3-10 to 51 7-10 victories.

Minewasser is taking his claim to Ralph Owen, director of all-

letics for the Catholic League. Owen is expected to be available tomorrow.

The OLL coach said he would seek a ruling as to whether St. Charles' Joe Bono illegal pitched in an event.

Bono won both hurdles, the shot put and placed second in the 800-yard run. Minewasser claims that Bono should not have been allowed to run in the half mile.

ONE TOO MANY?
He is basting his charge on a state track rule that says a runner cannot compete in an event over 440 yards if he runs in more than one shorter race.

Disqualification of Bono in the 800 would move OLL runners into second and third place. This would give the Lakers an additional three points and take the same number away from the Dragons.

It Ovens rules in favor of OLL, then the Lakers claim of a fourth of a point victory will be valid. A ruling favoring St. Charles would give the Dragons the meet by over five points.

The Lakers won six of the 13 events.

Terry Lilley was a double winner for the Waterford school. He captured the 100 and 200-yard dashes. George Sharpe was the high jumper. He and Lilley ran legs on the winning half mile relay team.

Merle Schultz was the mile star. Don McNamee and Bob Schaefer tied for first in the pole vault.

Bengals Can't Be Consistent for Lefthander

Daniels Puts Handcuffs on Detroit Bat to Gain 4-1 Victory

WASHINGTON — Don Mossi's afflicted with holdover luck — all of it bad.
The Detroit Tigers, somehow can't hit with consistency in support of their veteran left hander — not even when given a fresh chance in 1962.

Bennie Daniels handcuffed the Tigers on five hits in yesterday's traditional Presidential opener, pitching the Washington Senators to a 4-1 victory.

The Tigers were about as futile with the bat as they were in last season's "strangest-point game Sept. 1. That night, with Mossi pitching his heart out, the Tigers led 1-0 to the New York Yankees and started dropping from sight in the pennant race.

Many other times Mossi pitched well enough to win. While the usually productive Detroit hitters gave their bats a rest.

It was much the same yesterday before President Kennedy and 44,382 fans in the dedication game of the gleaming \$20 million D. C. Stadium.

ONE MISTAKE
Mossi pitched beautiful ball for six innings, making only one damaging pitch. It was to Bob Johnson, who cranked a four-hitting home run with Willie Tasby on base.

But the hitters weren't the only ones to fall before the President.

The Tigers looked drab except for Mossi, Jake Wood and Rookie Doug Gailagher. Rookie Kline, manager Bob Scheffing's new hope for bullpen strength, was handcuffed around by the right-hitting Nats.

The outfielders had a difficult time navigating in the rain-soaked outfield. Three fly balls fell to outfielders like Al Kaline and Billy Bruns would be expected to catch on a dry day.

But for some reason the Tigers couldn't take advantage on the same soaked field while Washington performed like a first-place club. And That's just what the Senators are for — for one day anyway — a first-place team.

And the Tigers? They're in last place, already a half-game behind the Yankees in the pennant race. And the Yankees don't even play until today.

Mossi struck out six Senators, gave up only six hits and walked just one before retiring for a plunk after six innings.

The only run the Tigers could squeeze out was Kline's force out grounder that would have been a double play but for a wild throw. It came in the sixth following singles by Wood and Bruns.

Bengals Fast Start Quickly Ends

Senators Use Mud Cleats to Combat Mud

WASHINGTON — The Tigers zombied off to that fast start manager Bob Scheffing had talked about.

Jake Wood drilled the first pitch following President Kennedy's traditional opening day pitch yesterday into left field for a single.

Don Mossi started by striking out the side in the Washington Senators' half of the first.

What a way to start! And what a flop it turned out to be.

The Tigers flailed out like a soggy cigarette. And there were plenty of those in the new \$20 million D.C. Stadium.

It rained most of Sunday and yesterday morning. The infield was covered and neither team was able to take pre-game batting practice. It turned out the Tigers could have used it.

The Senators pulled a mouse-trap on the Tigers. They equipped their outfielders with borrowed mud cleats from their pro ball brethren, the Washington Redskins.

Tiger outfielders skidded and slugged through the drenched turf. The Washington outfielders

flitted across the field like ballerinas.

Right in the second inning, Jimmy Piersall raced back and caught batting champion Norm Cash's drive in front of the center field fence.

But there were no such flitting games from the Tigers. Billy Bruns, normally a pensive in center, watched two balls drop over his head. Piersall got a fly-ball triple that dropped between Al Kaline and the right field foul line. Kaline would have made a routine catch on it on dry day.

FIRST INAUGURAL
This was the Tigers' first appearance in the annual presidential inaugural. They clustered along the first base line with the Senators to skirmish for the ball thrown by Kennedy.

Marty Kutyna dove and came up with the valuable keep-alive. And by then, the Senators were the Tigers' day. Kutyna is a Washington relief pitcher.

Bob Johnson, who accounted for the Senators' first two runs with the first homer in the new stadium, was playing on a reprieve.

Johnson is an army reservist.

Attempt to Rebound From 12-4 Whipping

Reds First NL Team in 10th

By The Associated Press
Cincinnati's defending champion Reds, first National League team to occupy 10th place since the turn of the century, will try to climb out today as the expanded circuit gets its 57th season rolling with a full program of second day openers.

The Reds, as original franchise holders in the NL, traditionally

are accorded the privilege of officially opening the season at home each year. They raised the curtain for the 78th time Monday and were unceremoniously drubbed 12-4 by the Philadelphia Phillies.

They'll be trying to register on the other side of the ledger when they invade Los Angeles and help the Dodgers get under way before an expected sellout crowd of

56,000 in the new \$18-million Dodge stadium.

MAKE DEBUTS

Houston and New York will make their debuts under different circumstances, the Colts opening before the home folks against Chicago while the Mets are at St. Louis for a night game.

Milwaukee is at San Francisco and Philadelphia at Pittsburgh in the other openers as the National

League unveils a 10-club circuit playing a 162-game schedule for the first time in its venerable history.

The Reds sent 21-game winner Joey Jay against the Phillies Monday and the ace of the staff lasted 2 1/3 innings before leaving with the score 3-0, including a homer by Clay Dalrymple in the second.

The Reds are expected to come back today with left-hander Jim O'Toole, 19-9 last season when Cincinnati won its first National League pennant in 20 years. Southpaw Johnny Podres (18-5 last year) will oppose him for the Dodgers, who launched their new ball park in Chavez Ravine Monday with a dedication program.

FOUR ROOKIES

The Colt's send their cast of hand-me-downs front and center in a temporary stadium that will serve as home until a new domed ball park is completed. The Cubs will start with four rookies in the line-up—Lou Brock in centerfield, Ken Hubbs at second, Elder White at short and Cuno Barragan catching Don Cardwell (15-14). Bobby Shantz (6-3) will open for Harry Craft's Colts.

The Mets open with a host of old faces—Richie Ashburn, Charlie Neal, Gil Hodges, Gus Bell and Frank Thomas, pitcher Roger Craig (5-6)—and Manager Casey Stengel. Stan (The Man) Musial, operating in the No. 4 batting position for the Cardinals, can set another league record if he scores two runs. Larry Jackson (14-11) will be the pitcher.

The league-leading Phils will send Jim Owens (15-10) against Bob Friend (13-10) at Pittsburgh.

LOSES NO. 2—Tennis player Gussie Moran, 27, sits in a Los Angeles court room where she won a divorce yesterday from her third husband, Pasadena attorney Frank Simpson III.

Wolverines Defeated Despite Triple Play

TEMPE, Ariz. (AP)—Arizona State yesterday handed the touring University of Michigan baseball team its fourth straight loss, 14-6, despite a triple play by the visitors.

Arizona State had a 9-2 lead after three innings and 14-2 after five. Michigan's David Campbell socked a three-run homer in the eighth. U-M catcher Joe Merullo started the triple play in the third inning on a bunt.

Vote Is 95-0

House Passes Bill on Ski Lift Inspection

LANSING (UPI)—A bill setting up the machinery for inspection of safety devices at ski areas passed in the House last night without debate.

A 95-0 vote sent the bill to the Senate, where another measure was passed previously. The Senate-approved proposal died in a House committee, which preferred the measure introduced by Rep. Walter Nakkila, R-Gladwin.

The Nakkila proposal included a \$6,000 appropriation to set up an inspection system of new and existing ski areas.

Bills to issue state permits to resorts using mechanical ski lifts

were introduced in a flurry this year following several accidents, including one death during the New Year's weekend near Petoskey.

The measure would provide a seven-man ski area safety board,

under the state labor department, to set rules for safe construction and operation of mechanical devices. It also authorized the state labor commissioner to hire inspectors to accomplish the purposes of the bill.

The North American Ski Operators Association will hold its annual meeting at Cadillac May 1-5. The association includes ski resort operators from five states and Quebec. Nakkila will be one of the guest speakers.

Lakers-Celtics Resume Playoff Action Tonight

LOS ANGELES (AP)—Tied at one game each, the Los Angeles Lakers and the Boston Celtics resume their battle tonight for the National Basketball Association championship.

The defending champions from Boston couldn't do anything wrong as they won the opener, 122-108 and they had a fantastic scoring spree in the second half of the second game, won by the Lakers 129-122.

Coach Fred Schaus of the Lakers says he cannot recall seeing a basketball team close so wide a gap as fast as did the Celtics when they moved from a 98-76 deficit in the third period to go ahead in the final period.

A nurse at Presbyterian Hospital said Lewis Hymn, Long Island, N.Y., was able to open and close his eyes upon request Monday. He was resting easier, the nurse said.

M' Gymnast Shows Some Improvement

ALBUQUERQUE, N.M. (AP)—A 19-year-old Michigan University athlete who has been unconscious in an Albuquerque hospital since he was injured in a gymnastics meet a week ago has shown signs of improvement.

A nurse at Presbyterian Hospital said Lewis Hymn, Long Island, N.Y., was able to open and close his eyes upon request Monday. He was resting easier, the nurse said.

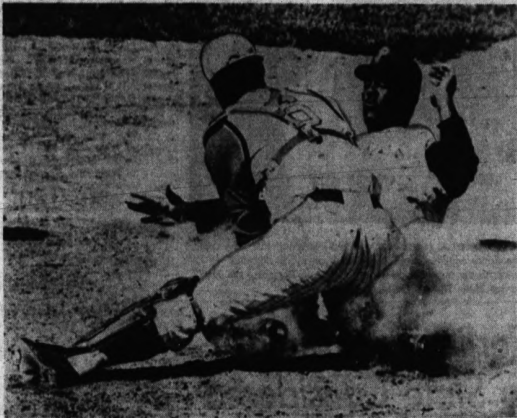

Hyman underwent brain surgery after falling during a trampoline routine at the NCAA Gymnastics Championships at the University of New Mexico March 31.

Aussie Wins Again in Tourney Spree

ST. PETERSBURG, Fla. (AP)—Australia's Roy Emerson, who appears to be on a non-stop victory spree, headed for Houston, Tex., today with the St. Petersburg Masters Invitational tennis title tucked neatly in the record books.

Emerson has won five of the six tournaments he's played on the Florida-Caribbean tour this season. Emerson, defending champion and No. 1 seed, easily defeated his Davis Cup teammate Rod Laver Monday, 6-2, 6-4, 6-1. Laver was seeded No. 3.

In the women's division, Brazil's Maria Bueno, No. 1 seed, defeated 25-year-old Darlene Hard of Long Beach, Calif., 6-4, 3-6, 6-4. The tournament victory is the second in three times out this season for the 22-year-old Miss Bueno who was off the tournament circuit for 10 months because of illness.

Investigation Begins Hunsaker Still Critical as Fund Drive Starts

BLUEFIELD, W.Va. (U) — Tunney Hunsaker, a veteran heavy-weight, remained in critical condition today while steps were taken to:

- (1) Investigate circumstances surrounding the fight in which he suffered a severe brain injury, and
- (2) Launch a fund-raising drive to meet the fighter's mounting medical and hospital costs.

Gov. W. W. Barron announced yesterday that he would ask the state athletic commission to give him a report on the fight. Barron said he was particularly interested in the kind of physical examinations given fights in West Virginia.

George McLaughlin, a Beckley sports writer, was named chairman of a committee to solicit funds in Hunsaker's behalf. McLaughlin said donations would be sought from throughout the state. He said an amateur boxing card would be held in Beckley later this month with the proceeds to go to Hunsaker.

The 32-year-old fighter remained in an oxygen tent following two brain operations. Dr. E. L. Gage reported that there was little change in his condition, although his blood pressure had dropped considerably from a high of 192 to 132 late last night.

Hunsaker was knocked out in the 10th round of a fight with Joe Shelton of Cleveland in the head-line of a boxing card at nearby Beckley last Friday night. He collapsed while being helped to his corner and was rushed to the hospital here.

In Cleveland Ohio, Shelton said he was "real sorry it happened this way." He sent Hunsaker a message expressing his hopes for the West Virginia recovery.

Dr. Ward Wiley, secretary of the West Virginia Athletic Commission, said Hunsaker was reported in excellent condition following his pre-fight examination. Wiley said the commission would comply with Barron's request for a full report.

Talented, Poised, Confident Teams in NHL Cup Finals MSU's Grid Camp Has Gaping Holes

EAST LANSING (U) — Missing players leave some gaping holes in Michigan State's football lineup this spring.

Coach Duffy Daugherty saw some 30 hopefuls report yesterday for the start of spring drills despite the chilly, below 40 degree temperature.

The squad will work four days a week during five weeks leading up to the game against an Old-Timers team May 12.

The lure of other sports is taking an unusually high toll this spring.

year. The three top quarterbacks — Pete Smith, Dick Porchelle and Doug Miller — all are out for baseball.

Charlie Migvanka, who saw no quarterback action last year as a sophomore, was filling in as signal-caller. He and Ken Binkley, equally inexperienced, will be running the squad.

Sherm Lewis, second leading rusher last fall, and Herman Johnson, who alternated between offense and defense in the backfield, both are with the track team.

Daugherty was able to field an experienced line when he called up an eleven to start demonstrating plays.

Ernie Clark and Matt Snorton were at end, Ed Budde and Jim Bobbitt at tackle, Steve Mellinger and Mike Currie at guard and Dave Belman at center.

Most are offensive players — graduation took a heavy toll of the defensive line. The team will have 24 players back this fall but 20 will be missing.

Daugherty said the losses are forcing him to junk the platoon system. Instead, he will play the best 11 players both ways and back them up with a second team.

"Platooning is a luxury we won't be able to afford," he said.

Danny Bolstrupe, former defensive backfield coach, has moved up to offensive backfield coach to replace Bill Yeoman. Assistant coach Vince Carroll will coach the backfield on defense.

Individual hitting was to start today with team scrimmages due before the end of the week.

DELAWARE GAME
Sharmar hurried his team from the small Rockhurst College gymnasium where the delayed final game was played Monday night and wasn't available for comment.

The Pipers, Eastern Division champions, failed to show up for the scheduled fifth game Sunday because of a squabble over the playing site. They really came to play Monday night.

Dick Barnett, whose last second fielder beat Western division king Kansas City 116-114 in the third game at Cleveland last week, and Connie Dierking, who repeated the last pitch trick to a 100-98 Piper victory Saturday, combined for 46 points. Barnett got 25 and Dierking 20.

The Steers, who had the leading scorer in Bill Bridges with 31 points, stayed in the game well into the second half. They led 76-72 in the third period when Barnett, Dierking and Bob Keller found the range to pull the Pipers in front to stay.

CONTRIBUTION LIST OF PWBA REPORTED

Another highly successful bowling season has been reported by the Pontiac Women's Bowling Association, with an outstanding list of contributions to area service organizations.

The PWBA reports this list of contributions for the 1961-62 season:

Bowling Victory Legion	\$100.00
Veterans' Hospital	\$50.00
Pontiac Area United Fund	\$50.00
Goodwill Christmas—Pontiac	\$50.00
Goodwill Christmas—Morton	\$50.00

SWITCH JOBS
Fullback and team captain George Salines, the 1961 leading ground-gainer, was on hand to anchor the backfield. Dewey Lincoln — third in yardage gained — was at right half. Tom Rubick was at left half — a switch in positions for the pair.

Daugherty was able to field an experienced line when he called up an eleven to start demonstrating plays.

Ernie Clark and Matt Snorton were at end, Ed Budde and Jim Bobbitt at tackle, Steve Mellinger and Mike Currie at guard and Dave Belman at center.

Most are offensive players — graduation took a heavy toll of the defensive line. The team will have 24 players back this fall but 20 will be missing.

Lotus Lake Ends Slump

Emerging from a slump, Lotus Lake swept three games from the Stumble Bums, 15-10, 15-10, 15-4, to increase its first-place margin to 3½ games in the Waterford Township Recreation Department men's volleyball league.

Second-place Williams Lakes took two of three from Lake Oakland Heights, 15-4, 15-8, 15-7. In other action, Wilson Street split in a six-game match (three of them make-ups) with Pontiac-Scott Lakes.

Boxing Changes Scheduled to Take Effect Next Month on Trial

TRENTON, N.J. (AP)—Boxing rules designed to prevent serious injuries or death will take effect in New Jersey on a trial basis next month.

Rules changes were announced after a meeting Monday between Gov. Richard J. Hughes and Joseph P. Walker, the State Athletic Commissioner.

The changes provide:

1. That 10-ounce gloves be used in all bouts. Previously, 6-ounce gloves were used in non-championship fights and 6-ounce gloves in title events.

2. That the rest period between bouts be increased to 90 seconds, instead of 60.

3. That each boxer be examined between rounds. The present practice is for a doctor to examine a fighter only when the need is apparent or the referee requests it.

Hughes said the changes would be invoked after a 30-day waiting period. He said they would not apply to a boxing show scheduled at Gladiators Arena in Totowa April 27.

Walker said results of the new rules would be studied for six months, that he would discuss their effect with boxing officials and others and then submit a report to the governor.

Americans Get Booted
DUBLIN, Ireland (AP) — The Three Rock Rover selection defeated the Privateers, a touring American field hockey team 3-1 Monday.

McDevitt Pitched in 36 Games for the Twins last year, compiling a 14 record and a 2.36 earned run average. Earlier in the season he pitched in eight games for the Yankees, with a 1-2 record and a 7.62 era.

His home is Greenwood, Miss.

Chicago Invades Leafs' Arena for 1st Contest

TORONTO (AP)—The Chicago Black Hawks and the Toronto Maple Leafs, a pair of talented, poised and confident hockey teams, square off tonight in the opener of a best-of-seven series for the Stanley Cup Championship.

Fresh from scoring four straight triumphs over the National Hockey League champion Montreal Canadiens, the Black Hawks feel they have all the credentials necessary to retain the coveted cup, which they captured against Detroit last year.

Toronto, finishing second in the regular race, one notch above the Hawks—is ready to claim its first cup since 1961.

HAWS UNHAPPY
"The Hawks are a bit peeved over what they feel is a lack of credit for their accomplishments, namely, winning the cup last year and coming from behind to oust Montreal this year."

"Nobody is willing to admit that we have a great hockey team," says Coach Rudy Plous.

"So we'll just have to go out and show them," he continued. "I'll make only one prediction and that is the Black Hawks will win the last game of this series."

Plous said the players themselves know the Hawks have a great team. "The split is high and we're mentally fit. We can play any kind of hockey necessary. If a team wants to skate, we can skate. If a team wants to play in the alley, we can do that too. You name it, we can do it."

In Bobby Hull we have the league's leading goalmaker. In Glenn Hall we have the best goalie. We also have two of the best defensemen in the league, Stan Mikita and our defense is about the best I've seen this season. What more can you ask of a team?

ROAD EDGE
The Maple Leafs are just as confident as the Hawks. Coach Punch Imlach pointed to the season record between the two teams, in which the Hawks won one, lost four and tied two in Toronto while the Leafs won three, lost two and tied two in Chicago.

"They'll dictate the kind of game we'll play," said Imlach. "We're not a hitting club but if they want it that way, we'll accommodate them."

Imlach said he is planning no special defense for Hull, who scored 50 goals during the season. "We'll respond to him by playing against Hull at the time we have the job of checking him," said Imlach.

Toronto is a slight favorite only because of the series' seven games, four will be played in Maple Leaf Gardens. After tonight, the two teams play in Toronto Thursday and the series shifts to Chicago for games Sunday and next Tuesday. Necessary additional games will be played in Toronto April 13, Chicago April 22 and Toronto April 24.

Attempt for Record in Hydros Delayed

GUNTERSVILLE, Ala. (UPI) — Roy Doby's first delay attempt to set a world record for unaided hydroplanes, has been postponed until April 16.

In his fourth attempt yesterday, the Detroit speedster encountered wind and rough water. His Miss U.S. 1 has been ready since Friday to attempt to eclipse the current record of 192.01 miles per hour.

The 430 horsepower craft clocked a practice run of 180 mph over the measured mile at Gunterville Lake Friday but then problems began.

George Simon, president of the U.S. Speedboat Assn., said "We'll try again next week but it will be a minimum danger of wakes from pleasure boats."

"Our boat and the course are, however, well suited to the line and we'll wait for the water to flatten out then we will go."

Two other Detroit boats, Gale V and Gale VI, were also standing by here as Doby shot for the mark.

Atletics Buy Pitcher McDevitt From Twins

KANSAS CITY (AP) — The Kansas Athletics bought Denny McDevitt, 29-year-old left-handed pitcher, from the Minnesota Twins Monday night on the eve of their season opener.

The amount of money involved was not disclosed.

McDevitt pitched in 36 games for the Twins last year, compiling a 14 record and a 2.36 earned run average. Earlier in the season he pitched in eight games for the Yankees, with a 1-2 record and a 7.62 era.

His home is Greenwood, Miss.

NEW NEW NEW NORTH HILL LANES
Coming to Rochester Soon!

11th Frame

By CHUCK ABRAH

DID YOU KNOW? That the Greater Detroit Bowling Association bowling tournament is among the richest in the country for a \$2 entry fee. Total prize fund is \$18,085. Rolloff will be Saturday night.

That open bowling is starting to slip at all houses due to the good weather coming on. Many prefer to be outdoors. That the Michigan Women's State tourney will be in Bay City next year and Cadillac in '64.

That Monroe Moore got his start in bowling by reading a book on the game written by Ned Day. He found it in the library at Rochester High where he was a student and followed it closely.

Later he and the book were re-united when he was in the service at Iwo Jima. Those instructions and long hours of practice have paid off in thousands of dollars this season.

That Shirley Pointer will go to a women's pro tourney April 28-30 at Norwalk, Calif., following the WIBC Queen's meet Friday. That the Moonlight scotch mixed doubles at West Side run eight weeks with partners alternating in gunning for spares.

That a Tacoma, Wash. golf club has ten consecutive splits in a game. A Long Beach, Calif., converted seven in a game. That Thunderbolt in Allen Park will host the pro loop playoffs next month.

That Faylis Nelson of Huron, 1st, finished rolled 244-244-675. She was in league at old Huron. That several leg places will close down for re-surfacing during summer.

That Carol Shevlin had 277-985 in one league and 277-484 in another the next night at Buffalo, N. Y. That Holly High girls have 'loop at Jet Lanes.

That bowling apparel manufacturers have booklet out entitled "How to Form a Bowling Team and Find a Sponsor." It is estimated there are some 2200,000 open leagues.

That a Baltimore firm is building bowling places in England. Sports keep growing everywhere. That the Ladies All Star League has been going since 1945 here with 300 Bowl newest competing site. Eve Miller has been secretary 12 years. That People's Market has best record and high series of 2,390 in Ladies Classic there paced by capt. Marge Fields whose best efforts have been 218-592.

SKIPPING AROUND
In Thursday's House League at 300 Bowl, George Conbar rolled 221-206-224-651 while Rusty Fortino hit 237-192-214-643. In the GMC truck league, Dave Lemard picked up the 8-10 split. . . . Blatz holds the lead in the Sylvan House League with Hapa leading the team's total pinfall. . . . Top pinfall in the league belongs to Kirm of the third place Gorman team. Is Lightheavy Title Fight Set for Europe?

PHILADELPHIA (AP) — Pat Olivieri, manager of record of National Boxing Association light heavyweight champion Harold Johnson, said today George Gainford of New York arranged an "unauthorized deal" matching Johnson in a title bout against Gustav Scholz of Berlin.

Promoter Fritz Gretschel displayed a contract in Berlin Monday which he said matched Scholz and Johnson in a June 16 title bout. The promoter said Johnson would receive \$50,000 for the fight and had already collected \$3,500 as an advance.

Johnson, who is suing Olivieri for dissolution of their contract in favor of Gainford as his manager, said Monday he had no knowledge of the match and had received no \$3,500 advance.

"Gainford made the deal," said Olivieri. "I know it because Gainford called up Johnson's lawyer and asked him to get my okay."

Johnson has signed to meet Doug Jones of New York in a title bout May 12 at the Arena here.

Palmer's Goal Is Grand Slam

NEW YORK (UPI)—The psychological spark for which he is always looking put Arnold Palmer on grand slam "schedule" today by producing a devastating finish which won his third Masters title.

"I got a birdie at the proper moment, just when I need a psychological lift, then I figure, I can birdie them all from there on," he explained as he headed into the Masters. "If it doesn't come, you just keep plowing."

It came for him on the 16th hole of the Masters, a birdie against a heavy for four-run golfer Gary Player to cut Palmer's deficit to one shot, and he was on his way.

The "way" will be a long one. "What I want is the big slam," he said in laying out his plans for the year. "I want the Masters, U.S. Open, P.G.A., and British Open."

Open, P.G.A., and British Open while he lost the Masters' to this all in one year. But you have to win the Masters first to have the chance. "Now he has it again."

STRONG IN '60
The brawny Pennsylvanian with the crumpled power had it in 1960 when he topped the Masters and then took the U.S. Open. But he finished one shot back in the British Open at St. Andrews. The incentive gone, Arnie finished well back in the P.G.A.

"After losing the British, I guess I just ran out of steam," he said. "The letdown was too much. If I'd won the British I'd have rolled into the P.G.A. on sheer momentum."

It still was a magnificent year for him in '60. He won two of the big ones and led the money winners with a record \$75,262. And

organized in 1927. Lyle Trapp led the team with 597.

DES MOINES, Iowa (AP)—Brentwood Bowl of South San Francisco, made a futile attempt to defend its Classic Division title in the American Bowling Congress Tournament Monday night.

The Californians, who won the first professional title last year with 2963, opened their campaign Sunday night with a dismal 2879 series. They came back stronger Monday with 2916, but their 5795 total placed them 27th among the 43 pro teams who have concluded their six-game slumps.

HEAD FROGS
Joe Jacques, a member of the team when it won the title in Detroit a year ago, was the only man to average 200. He shot 635.

Mohab-Ally-Labrics of Atlanta totaled 5971 in their six Classic games, bolstered by a big 3101 series Monday night.

THE DON CARTER GLOVES OF ST. LOUIS lead the pros with a record 624 six-game total.

The Twin City skippers of the National Bowling League, one of the last major threats to the Carters, got off to a poor 2880 start. The Minneapolis-St. Paul club, which is currently leading the NBL by seven games, bowls its second three game block tonight.

CARROLL LANES OF MT. CARROLL, Ill., took first place in the Booster Division Monday night with a 2961 series to tie the third best series since the low average bracket was

organized in 1927. Lyle Trapp led the team with 597.

Open, P.G.A., and British Open while he lost the Masters' to this all in one year. But you have to win the Masters first to have the chance. "Now he has it again."

STRONG IN '60
The brawny Pennsylvanian with the crumpled power had it in 1960 when he topped the Masters and then took the U.S. Open. But he finished one shot back in the British Open at St. Andrews. The incentive gone, Arnie finished well back in the P.G.A.

"After losing the British, I guess I just ran out of steam," he said. "The letdown was too much. If I'd won the British I'd have rolled into the P.G.A. on sheer momentum."

It still was a magnificent year for him in '60. He won two of the big ones and led the money winners with a record \$75,262. And

organized in 1927. Lyle Trapp led the team with 597.

DES MOINES, Iowa (AP)—Brentwood Bowl of South San Francisco, made a futile attempt to defend its Classic Division title in the American Bowling Congress Tournament Monday night.

Rookie Driver From Dearborn Assigned Car

INDIANAPOLIS, Ind. (UPI)—A Dearborn rookie racing driver was today among the speedsters assigned to drive in the famed Indianapolis 500 auto-race.

Ronnie Duman will drive for commercial interests at Collegeville, Pa. Another rookie entered in the race, Jim Hammings, North Vernon, Ind., was slated to drive a car entered by Leonard G. Smith, St. Clair Shores.

The first foreign car was nominated yesterday for the 46th running of the classic. No driver accompanied the entry form signed by Pierre De Villiers for the four-cylinder supercharged English machine which has a displacement of 152.5 cubic inches, which is under the maximum limit of 176.5.

Speedway officials said it was possible that a foreign driver would be assigned. One foreign car was entered last year, a British Cooper Climax driven to ninth place in the Memorial Day chase by former world champion Jack Brabham of Australia.

Wayne State 9 Opens
DETROIT (UPI)—Wayne State opens its baseball season here Wednesday against Albion College. The game will also mark Albion's season opener. The visitors won last year's game, 6-5.

MANCHESTER, England—John Morris (Manchester, England) and **John Morris** (Manchester, England) are the only two men in the world who have won the world championship of billiards.

West to Present Plea for N-Ban in Geneva

GENEVA (UPI) — The United States and Britain will present to the 17-nation disarmament conference tomorrow a plan for Russia to end all nuclear tests, it was announced today.

Chief American delegate Arthur H. Dean told the 17th plenary meeting of the conference that Anglo-American statements on the nuclear testing issue will be made at tomorrow's session.

This morning, the delegates discussed a proposed preamble to a disarmament treaty. They also directed the Soviet and American co-chairmen to try again to resolve differences on such matters as the necessity to be given to the establishment of a United Nations peace force.

Earlier, the Soviet bloc had insisted on discussion of measures that could knock out NATO's nuclear punch in Europe. The Communists had insisted that nuclear-free zones be the next order of business at today's session.

The main body of the conference still was dealing with the objectives and principles that should govern disarmament, with Russia demanding approval of its scheme

Hear Executive of Retail Unit

80 Pontiac Leaders Attend First of New Breakfast Programs

A new program, the "Business Information Breakfast," initiated by the Pontiac Area Chamber of Commerce, got off on the right foot this morning at the Pontiac Elks Temple.

An enthusiastic group of some 80 business, civic and industrial leaders turned out to hear Richard C. Cook, executive vice president of the Michigan Retailers Association.

The event was an chamber of officials hoped it would. It wasn't so much of a "breakfast" by Cook as it was an informal question and answer discussion between speaker and audience over eggs, sausage and coffee.

Major topics covered included the so-called Sunday closing bill now in the state senate, taxes, and the effects of constitutional convention recommendations on retail business.

Cook praised local businessmen for their interest. "There are very few communities in this state, he said, that could have such a large turnout to discuss things as far as legislation and taxes," he said.

Cook explained the Sunday closing bill, emphasizing that it merely prohibits the sale of some goods on both Saturday and Sunday, the choice of day being left to the individual merchant.

"It is not connected with religion. It merely limits the sales week to six days," he said. In answer to questions, Cook said the bill would be locally enforced, has a 50-50 chance of Senate passage, and is aimed primarily at big supermarkets, not small groceries.

He said the MIRA "has no reason to think the governor might veto it if passed by the Senate. It is up for a vote this week."

On taxation, Cook told businessmen that a tax structure that would bring more equity to personal property taxes was needed and a realistic ceiling would be 50 per cent of the dollar value, rather than 100 per cent as the state law now reads.

He said the MIRA "has no reason to think the governor might veto it if passed by the Senate. It is up for a vote this week."

Would-Be Thief Flees Following Shot at Owner

An armed man fled after firing a shot at the owner of a Pontiac grocery store in an apparent robbery attempt last night.

John Phillips, 68, owner of Phillips' Market, 360 Franklin Road, said he encountered the would-be thief as he was getting into his truck behind the store about 8:25 p.m.

The assailant, armed with a blue steel revolver, tapped on the left window of the truck as Phillips was getting into the right door, he said.

Phillips said he started to back out through the same door when the man suddenly fired and ran. The bullet crashed through the window and side of the car. Police theorized that the man intended to rob Phillips, but was frightened away after firing the shot.

The assailant, armed with a blue steel revolver, tapped on the left window of the truck as Phillips was getting into the right door, he said.

Coeds Offered Course to Build Their Bodies

STILLWATER, Okla. (UPI) — Coeds at Oklahoma State University are offered a course in body mechanics. Miss Ruth Lindsey, the professor, said 95 per cent of the girls who have taken the

physical education course have improved their figures.

The course primarily involves exercises—push-ups and sit-ups—routines. Miss Lindsey said before and after tests showed girls improved their endurance 25 per cent and flexibility 15 per cent.

Committee in Cuba to Get Ransoms Cut

HAVANA (UPI) — Four Cuban exiles representing the families of 1,173 captured Cuban invaders arrived today to bargain with Fidel Castro on his \$60-million ransom demand for the prisoners' freedom.

The delegation, which flew here from Miami, has been authorized to offer \$28 million in "goods and products" to meet Castro's still-ransom demand.

The Cuban premier is seeking cash for the release of the men sentenced last Saturday to 30 years at hard labor in an unprecedented four-day mass trial at Havana's Principe Prison.

(In Washington, U.S. officials estimated Cuba is holding an estimated 25,000 to 50,000 political prisoners in overcrowded jails.)

(They made the point that the 1,173 invasion prisoners represent only a small fraction of the total political inmates of Cuba.)

(However, the Kennedy administration, while keeping out of the invaders-for-ransom affair, is placing no obstacles in the way of the private negotiation effort by Cuban exiles, officials said.)

The three men and a woman represent the "Cuban Families Committee for the Liberation of Prisoners of War." Before leaving Miami they expressed confidence their mission would be successful and they expected to meet personally with the Cuban leader who authorized their visit here.

He said bombers en route to target areas could be recalled, something impossible in the case of a launched missile. He added the effectiveness of bombers is increased by the fact the Soviet Union might "develop an effective defense against missiles."

Power said it is too early "to be specific about the vast potentials of military operations in space," but added that the United States has "no choice but to take whatever precautionary measures may be needed, in spite of our desire to reserve space for peaceful purposes."

The SAC commander said the future needs of the agency would include spacecraft, "maneuverable," and "able to defend itself."

"We must take into account," Power declared, "that, sometime in the future, the Soviets may develop an effective defense against missiles which would force us to place greater reliance on the bomber again."

Weather Damp, Chilly in North; Nice in Dixie

By The Associated Press

It was wet and a little chilly across northern sections of the nation today but fairly pleasant spring weather prevailed in most of the southern half of the country.

Most of the wet weather was in areas from the northern Pacific Coast to the northern upper Great Lakes region. Light showers fell in the far Northwest and there were showers and snow flurries in the central and northern Rockies and western sections of the central and northern Plains.

Khrushchev's Goal: AN EGG A DAY FOR EVERY RUSSIAN BY 1980

We hear a lot these days about our "farm problems." Yet how many of us realize that American agriculture—problems and all—is the envy and the wonder of the world?

Witness Mr. Khrushchev's recent 7 hour speech to the Communist Central Committee. He openly admitted that Soviet agriculture has fallen critically short of its goals—in spite of concentrated efforts. He also made a sweeping promise and set an heroic goal for Soviet farms: an egg a day for every Russian by 1980. Significantly, he refrained from such a rash commitment on milk and dairy products.

Witness a few more facts: (1) Our farmers make up only 8% of our population, yet they produce abundant food for all of us at the lowest cost in history. Russian farmers

represent 45% of the population, yet there is a constant threat of food shortage. (2) Food takes less of our income than ever before—only 20%. In Western Europe food takes 30% to 50% of the average income—in Russia, 60%.

Does this mean that the United States has no farm problems at all? Of course not. Fortunately, however, ours are not problems of shortage and near-famine.

Let's keep this in mind next time we read about our "farm problems." Let's remember, too, that "farm problems" are not altogether "farmers' problems." At stake, don't forget, is the food supply of 180 million Americans. You and me.

Let's not take our egg a day, our quart of milk entirely for granted.

Quik-Stal

DOCK STANDS

FAST, EASY INSTALLATION

SELF-GRIPPING BOTTOM PLATES

STURDY, ATTRACTIVE CONSTRUCTION

"The Floating"

"Quik-Stal" takes the work out of putting up docks. No posts to drive...No nails to pound... simply assemble on the beach and place stand at each dock intersection.

Self-gripping bottom plates "hold fast" in almost all types of lake bottoms.

Rust-resistant painted aluminum & galvanized construction insures long lasting & neat appearances. No more battered or rotting wood posts.

Completely adjustable cross supports allow for any changes in water levels. Merely loosen two and band nuts & raise or lower cross

Death Notices

ANNOUNCEMENT OF THE DEATH OF
Mrs. Anna M. Jones, nee Smith, 84, died at her home, 1234 Main St., on October 18, 1961, at 10:30 a.m. after a long illness. She was born in the town of Smith, N.Y., on October 18, 1877. She was the wife of the late Mr. John M. Jones, who died on October 18, 1955. She is survived by two sons, Mr. John M. Jones, Jr., and Mr. Robert M. Jones, both of whom are in the U.S. Navy. She is also survived by three daughters, Mrs. Mary M. Jones, Mrs. Elizabeth M. Jones, and Mrs. Susan M. Jones. She was a member of the Methodist Episcopal Church and the Ladies Aid Society. Her funeral will be held on Monday, October 23, at 10 a.m. from the First Methodist Church, 1234 Main St. Burial will be in the cemetery adjacent to the church. Friends are invited to attend.

Announcements

CHURCH OF THE HOLY TRINITY
The church of the Holy Trinity, 1234 Main St., will hold a service for the late Mr. John M. Jones on Monday, October 23, at 10 a.m. The service will be held in the church sanctuary. Friends are invited to attend.

NUCLEAR TEST AREAS — Map shows enlargement of the previously announced test site for nuclear weapons around Johnston Island as well as a second area just designated.

Name Keeping 'Merm' From Matrimony

By EARL WILSON
NEW YORK — They're saying that Ethel Merman and Songwriter Jimmy Van Heusen would get married (they really did each other) except that "the Merm" couldn't get used to the married name of "Ethel Babcock." (Jimmy's honest moniker is "Chester Babcock.")
FLASH: "Eddie Fisher's calling Kim Novak." (They both deny it — so we'll see you at the wedding.)

I phoned Rome to talk to Richard Burton. His secretary wanted me to speak to her instead. I'll bet I sure scared Burton. "Listen here," I thundered menacingly, "you just tell Burton that if he doesn't speak to me, I'll ruin him—I won't mention his name!"
The Anti-Liz Taylor mail is starting to pour in on the columnists, and it's rough. Some is vicious. The theme is that Liz pictures should be boycotted because of her marrying habits. If it gets rough enough on her, then a strange thing'll happen: she'll come under such heavy attack, that she'll become the underdog, and therefore will receive the sympathy of some people. Crazy world!

"Ben Casey" — Vince Edwards, or "Vincent Zolno" of Brooklyn, who went to the U. of Hawaii and Ohio State on athletic scholarships — just made a recording deal with Decca that'll merely make him rich. He used to be a rock-'n' roller.

THE MIDNIGHT EAR...
Japan Collins missed her plane to Rome, but packed herself and poodle on the next one. Kyle Rose, decision to quit football next season or stay with the Giants hinges on an expected sportsbook job... Robert Cummings'll do summer stock in the comedy, "Tunnel of Love"... Huntington Hartford hopes to buy some paintings from Somerset Maugham's collection for his Columbus Circle museum.

EARL'S PEARLS: Middle age is when you wish your stomach was thinning out the way your hair is.
TODAY'S BEST LAUGH: A fellow mentioned that his TV set gives him great pleasure: "It keeps my wife quiet in the evening..." That's art, brother.
(Copyright, 1962)

Liz Promises to Care for Adopted Baby

MUNICH, Germany (U.P.) — Elizabeth Taylor has promised the mother of the baby German girl she adopted that she will care for the child the rest of her life. Miss Taylor's German attorney said today.
Lawyer Walter Haas said the actress sent this telegram yesterday to Mrs. Wilhelmine Hefst, the baby's mother:
"I want you to know how eternally grateful I am to you and that I will love your baby and take care of her for the rest of my life."
The 33-month-old baby, who has been living with Miss Taylor since last December, suffers from a congenital dislocation of the right hip. Miss Taylor has three children of her previous marriages to producer Michael Wilding and the late Mike Todd.

American Governors Meet, Talk in Japan

HAKONE, Japan (UPI)—Eight visiting American governors and 16 of their Japanese counterparts today wound up a joint conference with a pledge to "encourage the flow of trade and culture."
In a joint statement that ended the conference, which began in Tokyo last Friday and shifted here yesterday, the governors also pledged "efforts to continue uninterrupted exchange of views, inspection and research" to promote better relations between Japan and the United States and the prefectures and states of both countries.

State Lawmakers Against Tax on Boats

LANSING (UPI)—The House of Representatives was urged last night to go on record opposing the federal administration recommendation to tax pleasure boats to pay for development of park and recreation areas throughout the nation.
House members cited the hardships to the tourist industry in Michigan which would occur if the many boat owners contributed the \$4 million it was expected to cost.

Seek Viet Cong Unit That Killed Two GIs

SAIGON, South Viet Nam (U.P.) — South Vietnamese forces were reported still searching a jungle area in Central Viet Nam today for a Communist Viet Cong unit that killed two U.S. Army enlisted men and presumably captured two others.
An American military spokesman said the searchers had not reported any contact with the Red guerrillas. The Americans were accompanying a Vietnamese platoon on a training mission in An Chau, 360 miles north of Saigon, when the Viet Cong ambushed them Sunday.
The missing Americans were officially listed as "missing in action," but the U.S. Army spokesman said there was little doubt that the Viet Cong had taken them prisoner.
The names of the dead and missing Americans have not been announced.

Stars' Daughter Pleads Guilty to Drug Charge

SANTA MONICA, Calif. (UPI) — Manuela Thies, 18-year-old stepdaughter of actor Robert Taylor, yesterday pleaded guilty to a misdemeanor charge of being under the influence of drugs in public.
Miss Thies, daughter of Taylor's wife, German actress Ursula Thies, was ordered to return May 4 for sentencing.

Want Balloting on Income Tax

State GOP Lawmakers Sponsor Bill Similar to Geerling Measure
LANSING (U.P.)—Republican House members moved last night to set up a statewide vote on whether Michigan should adopt an income tax.
A similar move in the Senate has failed to pick up much support so far.
Rep. Homer Arnett, R-Kalamazoo, led sponsors of a constitutional amendment to allow a flat rate income tax of up to eight per cent.

Takes Bridgman Post

BRIDGMAN (U.P.) — The city commission Monday elected Wayne Mahry, a first-time member of the commission, to the mayor's office. Mahry will take the place of William Bohan, mayor since 1961.

Loren, Schell, West Side Story Academy Tops

By JAMES BACON
HOLLYWOOD (AP) — Sexy Sophia Loren, stern-faced Maximilian Schell and splashy "West Side Story" go into the records as top winners of the 34th annual Academy Awards.

But a sensational bit of gate-crashing stole the show.

Italy's Miss Loren is best actress.

Vienna's Schell is best actor.

Hollywood's "West Side Story"

is best picture, winner of a near-record 10 Oscars.

New York's Stan Borman retains his title as "world champion gate crusher."

Borman, 35, a cubbie who has made a career out of penetrating the impenetrable, stalked onto the stage in mid-telesat at Santa Monica Civic Auditorium, presented astonished emcee Bob Hope with an ersatz Oscar, and stalked

off—leaving the film famous and a nation of onlookers flabbergasted.

IN 'JUDGMENT'

The handsome Schell won for his role as the defender of Nazi war criminals in "Judgment at Nuremberg"—reaching the top despite the handicap of starting in the shadow of his famous sister, actress Maria Schell.

The voluptuous brunette Miss

Loren won her Oscar in absentia for playing the earthy war refugee in the Italian production, "Two Women"—climaxing a page-to-riches tale that began on the streets of Rome.

Here is the first Oscar to a role played in a language other than English.

It was the first time since 1939, when Brits Vivien Leigh and Robert Donat triumphed, that two foreigners have come out on top.

"West Side Story," a musical version of "Romeo and Juliet" set among the juvenile street gangs of New York, lost just one Oscar short of equalling the record of 11 set by "Ben-Hur" in 1959.

Its sweep included support awards for George Chakiris and Rita Moreno, costume design, film editing, scoring of a musical, sound, color cinematography, art and set decoration.

The show was plodding duly along, seeming especially tame after last year's dramatic time by Elizabeth Taylor—until Borman strode on stage in the midst of a presentation by Vince Edwards, television's Dr. Ben Casey, and Shelley Winters.

Borman grabbed a pint-sized Oscar and held it up and said, "This is Bob Hope's Oscar for the big broadcast of 1955. To the

world's greatest comedian from the world's greatest gate crusher."

Borman, who had his picture taken in the box with President Kennedy and his family at the inaugural gala, said stage crashing is a pastime.

"All you need is a tuxedo and the appearance of looking as if you belong," he said.

Miss Loren didn't come for the (Continued on Page 2, Col. 5)

NAMED BEST ACTOR — Maximilian Schell gets a kiss from Bob Hope at Santa Monica, Calif., last night after being named best actor of the year for his role in "Judgment at Nuremberg." Miss Crawford presented the Oscar for the Academy of Motion Picture Arts and Sciences.

HAPPY WINNER — Sophia Loren, winner of an Oscar for the best performance by an actress in 1961, warmly embraces her husband Carlo Ponti today in Rome. She was honored for her portrayal of the earthy war refugee in the Italian production "Two Women."

Happy Sophia Cries 'Ho Vinto! I've Won!'

ROME (AP)—Congratulations swamped Oscar winner Sophia Loren today, and Elizabeth Taylor's studio said hers would be along.

A spokesman for Miss Taylor, who won the same best-actress trophy last year in the wake of her near-fatal illness, reported some six hours after the news reached Rome from Hollywood.

"Miss Taylor has just heard of

"I would be happy to hear from her," said Miss Loren.

"I feel like a merry-go-round—I can't tell you how happy I am," said the beauty from the back streets of Naples after the announcement that Hollywood had judged her the best film actress of 1961.

Her husband, producer Carlo Ponti, a stalwart support on her rise to fame, had waited with her (Continued on Page 2, Col. 7)

Hamlin Re-Elected to Head Supervisors

Delos Hamlin, Farmington supervisor, was re-elected today to his seventh consecutive term as chairman of the Oakland County Board of Supervisors.

Arno L. Huel, Bloomfield Township supervisor, was re-elected by fellow supervisors to his third term as vice chairman of the board. Both men were elected unanimously to the new one-year terms.

Businessmen's Breakfast at Elks a Success

80 Industrial and Civic Leaders Turn Out for New Program

A new program, the "Business Information Breakfast," initiated by the Pontiac Area Chamber of Commerce, got off on the right foot this morning at the Pontiac Elks Temple.

An enthusiastic group of some 80 business, civic and industrial leaders turned out to hear Richard O. Cook, executive vice president of the Michigan Retailers Association.

The event went as chamber officials hoped it would. It wasn't so much of a "speech" by Cook as it was an informal question and answer discussion between speaker and audience over eggs, sausage and coffee.

Major topics covered included the so-called Sunday closing bill now in the state senate, taxes, and the effects of constitutional convention recommendations on retail business.

Cook praised local businessmen for their interest. "There are very few communities in this state, regardless of size, that could have such a large turnout to discuss things as dry as legislation and taxes," he said.

Cook explained the Sunday closing bill, emphasizing that it merely prohibits the sale of some goods on both Saturday and Sunday, the choice of day being left to the individual merchants.

"It is not connected with religion. It merely limits the sales week to six days," he said.

In answer to questions, Cook said the bill would be locally enforced, has "a 50-50 chance of Senate passage," and is aimed primarily at big supermarkets, not small groceries.

EXPECTS NO VETO

He said the MRA "has no reason to think the governor might veto it if passed by the Senate."

On taxation, Cook told businessmen that a tax bill would bring more equity to personal property taxes was needed and a realistic ceiling would be 50 per cent of the dollar value, rather than 100 per cent as the state law now reads.

Mackie Sees Highway Dept. Setback

"Every action of the convention thus far would weaken the State Highway Department program," said Highway Commissioner John C. Mackie. "My position is supported by many charged with responsibility for Michigan's critical highway needs for the next quarter century," he said.

"The constitutional convention has given preliminary approval to a four-member state highway commission, appointed by the governor with advice and consent of the Senate. For 50 years, the commissioner has been an elected officer. The people have raised no public demand for a change," said Mackie.

"We may be proud that Michigan is the only state to elect its highway commissioner," he continued. "In contrast to experiences of Indiana, New Mexico, Massachusetts and Florida where boards direct highway systems, Michigan has been free of corruption.

"Can you would remove the de-

Reds With Crowd to See UK-1 'Go'

CAPE CANAVERAL (UPI) — U.S. scientists, looking for a break from the weather, went ahead with plans to launch the world's first international satellite today under the watchful eyes of a U.N. delegation that included Russian representatives.

A three-stage Delta rocket was poised on its launching pad for an attempt to hurl the 128-pound Anglo-American satellite dubbed "UK-1," into orbit to study the ionosphere — a sort of

"mirror" of ionized gas that surrounds earth and makes possible long-range radio communications.

Yesterday, the United States sent up another "mystery" satellite, either a Midas or Samos "spy-in-the-sky," from its launching center on the coast of California. The shot was a success.

CAPE CANAVERAL, Fla. (AP) — The U.N. Outer Space Committee flew here today to observe the launching of the world's first international satellite, but Russian representatives expected to make the trip were not aboard the plane.

The U.N. committee on the peaceful uses of outer space included about 50 representatives of 25 nations, was scheduled to leave New York City aboard a U.S. Military Air Transport Service (MATS) airliner this morning for the flight to Cape Canaveral and a one-day visit.

Russian and other Communist bloc representatives included in the group made up a "first." Hereafter, Cape Canaveral has been "off-limits" to Soviet visitors.

The launching today was scheduled as the first major display of international cooperation in the exploration of space.

The UK-1, sometimes called the "Octopus," was built by the United States and carried experiments developed by Great Britain.

To Reject Irian Idea

JAKARTA (AP)—President Sukarno indicated today he would reject a reported U.S. proposal to shift administration of West New Guinea from Dutch control to Indonesia over a two-year period.

Mackie Sees Highway Dept. Setback

"Every action of the convention thus far would weaken the State Highway Department program," said Highway Commissioner John C. Mackie. "My position is supported by many charged with responsibility for Michigan's critical highway needs for the next quarter century," he said.

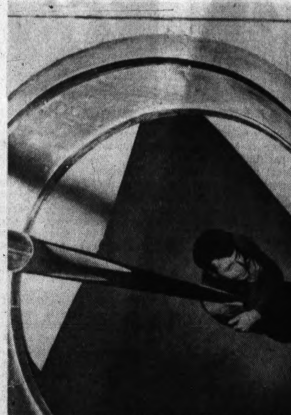

"The constitutional convention has given preliminary approval to a four-member state highway commission, appointed by the governor with advice and consent of the Senate. For 50 years, the commissioner has been an elected officer. The people have raised no public demand for a change," said Mackie.

Shipwrecked Divers Home From Havana

MIAMI, Fla. (AP)—A shipwrecked party of skin divers is home from Cuba with tales in agreeable contrast to those told by some Americans falling into the hands of Fidel Castro's men.

The seven men—treasure-hunters—said Castro put them up at a swank hotel and treated them as honored guests. Cuban authorities also offered to try salvaging the Americans' equipment which went down with their 42-foot motorboat near a reef off Baracoa, eastern Cuba.

"I had butterflies in my stomach about landing on Cuban soil," said Fred Dickson Jr., 33, when he and his companions flew to Miami from Havana Monday.

The shipwrecked party's first contact with revolutionary Cuba was not reassuring.

"They were arrested as soon as they swam ashore by soldiers who thought they might be anti-Castro invaders."

As soon as they convinced the (Continued on Page 2, Col. 4)

Many Prisoners Figure in Talks

Efforts to Free 1,179 Discover That 50,000 Detained by Castro.

From Our News Wire — WASHINGTON — Reports from Cuba indicated today that the Castro regime has 50,000 political prisoners crowded into Cuban jails.

This was one of the considerations listed by U.S. officials in discussions by Washington authorities from President Kennedy down on Prime Minister Fidel Castro's offer to free the 1,179 Cuban invasion captives for \$62 million.

Four Cuban nationals left Miami today for Havana in hopes of making the \$62-million deal with Castro, whose collateral is 1,179 lives.

All the captives were sentenced last week to 30 years in prison at hard labor if Castro's ransom demands are not met.

The three men and a woman making the trip expressed confidence their mission would be successful and expected to meet personally with the Cuban dictator.

The invaders who unsuccessfully attempted to topple Castro a year ago were Cuban refugees who had considerable U.S. support short of direct combat participation.

American officials said the Washington discussions have not resulted in the setting of any hard and fast U.S. policy on the invasion prisoners.

Western Note Says Series to Begin as Slated

'If No Change in Soviet Position, Will Conclude Ban Efforts Failed'

WASHINGTON (AP)—The United States and Britain gave the Soviet Union an apparently final warning today that unless there is agreement on an enforceable nuclear test ban the new U.S. test series scheduled to start late this month will have to go forward.

In a joint statement released at the White House, the two governments called on the Soviets to reconsider their position on the inspection issue and to accept the principle of international verification.

"If they will do this," the statement said, "there is still time to reach agreement."

The declaration, then continued: "But, if there is no change in the present Soviet position, the governments of the United States and the United Kingdom must conclude that their efforts to obtain a workable treaty to ban nuclear tests are not now successful, and the test series scheduled for the latter part of this month will have to go forward."

President Kennedy and British Prime Minister Harold Macmillan chose the joint statement technique for stating their position, in preference to forwarding another direct appeal to Soviet Premier Nikita Khrushchev. Some U.S. officials said the time is considered too late for the personal communication method.

The statement was not presented as a Kennedy-Macmillan declaration but as one from the two governments.

PRELIMINARY TALKS

The 600-word statement reviewed the latest round of U.S.-British negotiations with Russia on a treaty to ban further testing of nuclear weapons.

The negotiations began at Geneva a month ago when Secretary of State Dean Rusk met Foreign Minister Andrei Gromyko. (Continued on Page 2, Col. 6)

PRAY WITH ME

Each weekday during Lent a prominent American invites you to join with him in his favorite prayer. Today, join with:

J. EDGAR HOOVER
Director
Federal Bureau of Investigation

Father and Creator, teach us Thy Will. Free us from ignorance; guard us from sin; give us the insight to ever pierce liberty — Thy gift. Strengthen us that we may never barter it for false promises.

Grant us that we may be faithful in our daily duties. Guard that we learn the lesson of love taught by Him in whose name we pray.

—Published by the Laramie Religious Committee and Laramie Press

Session Called in Buenos Aires

Congress Must Decide About Election Victories of the Peronists

BUENOS AIRES (UPI) — The Argentine congress has been summoned into an extraordinary session to decide what should be done about the Peronists—whose leaders have forecast a civil war if their election victories are not recognized.

The followers of ousted dictator Juan D. Peron won 43 seats in congress in the March 18 election. Their victories were not recognized.

Under a section of the Argentine constitution, triggering a political crisis which propelled President Jose Maria Guido into power.

Guido last night called the special session to deal with the mounting problems that have beset the country since the elections.

Following a meeting of the caretaker government cabinet, Minister of Agriculture Oscar Urdan said congress would convene within 48 hours.

PRESIDENTIAL SUCCESSION But informed sources said congress would deal only with one problem during the special session—the law of presidential succession.

Under the law, Guido took over the presidency after Arturo Frondizi was ousted.

The law provides for a 30-day period before announcing new elections.

Congress could revise the law to allow Guido to continue in the presidency until the next regularly scheduled presidential election in 1964.

But tomorrow, the deputies and city councilors who won electoral posts are to be formally given victory certificates.

It was the military's dissatisfaction with the victories which led to the armed forces' ouster of Frondizi, his arrest and his banishment.

Con-Con Plans Would Hurt Road

Continued From Page One

crease 15 per cent in the next 20 years. An estimated \$11 billion is required. Yet a joint study recently disclosed that receipts from all existing sources of highway income will yield only \$8.1 billion.

With a potential shortage of \$2.9 billion, is Michigan collecting more highway money than necessary? The dangers lie in permitting the legislature to tap highway funds for other purposes.

"Good roads are too important to automobile, tourist and farming industry to leave anything to chance. The Federal Bureau of Roads considers Michigan's present eminent domain system one of the best in the nation," Mackie said.

For Safety's Sake

MEMPHIS, Tenn. (UPI) — Mrs. T. P. Keck who works in a church nursery had to remove a church offering envelope from a small boy's coat. Mrs. Keck said the boy had stapled the envelope to the coat, to make sure that the kid wouldn't lose it.

Bottom, Miles Vied in '60, Too

District 4 to See Rematch

The race for the District 4 City Commission seat in the April 16 general election will be a rematch of the 1960 election.

Candidates are incumbent commissioner Winford E. Bottom, secretary-treasurer of the Thomas Diehl Co. in Pontiac, and Floyd P. Miles, who operates a religious book and supply store in Pontiac.

Miles, a former District 4 commissioner, was defeated by Bottom in the election two years ago.

Bottom, 36, of 174 Euclid Ave. is bidding for his second term. He has been a Pontiac resident since childhood, went to local schools, and was once president of the former Pontiac Police Reserve Association. A Mason and Shriner, Bottom is married and has two children.

He is a graduate of the U.S. Naval Ordnance School and General Motors Institute. He was an assemblyman at Pontiac Motor Division before World War II and returned to join the sales and shipping departments until going to his present position in 1952.

Bottom is a member of All Saints Episcopal Church and has been active in Pontiac Boys Club activities on the north side.

Miles, 33, of 160 W. Columbia Ave., served six years as commissioner before he was defeated by Bottom.

A Pontiac resident for 48 years, he currently heads the city's transportation committee. A member of the YMCA and Gideons International.

ON BOOKSELLER BOARD Miles has just completed a three-year term on the board of directors of the Christian Booksellers Association of America, two years of which he served as secretary.

He is currently a director of the National Audio Visual Association and chairman of the association's religious council.

He once was full-time business manager for First Baptist Church. A native of Detroit, Miles attended Pontiac public schools and the Pontiac Business Institute.

Statements of candidates appear below their pictures.

WINFORD E. BOTTOM

"Today Pontiac's industrial and business climate is being questioned. Whether Pontiac will continue to attract new enterprises and keep present business and industries, so essential to our future well-being, is dependent upon a favorable business atmosphere.

"This atmosphere can only be controlled by the City Commission with a sound and realistic approach to the problems of taxation, distribution of the tax burden and economies in the management of city funds.

"Pontiac has modern, up-to-date factories. Industries have been leaving the state. Steps to prevent Pontiac from suffering similar reversals must be taken.

"Available jobs make a prosperous community. Why have so many business enterprises left Michigan? Because of high taxes.

"Reasonable taxation is necessary to retain our industries and create employment. Wasteful expenditure of tax funds causes high taxes. The present trend of fiscal irresponsibility in all levels of government must be stopped.

FLOYD P. MILES

"A commissioner's two-fold responsibility to the city as a whole and to the people of his district is quite natural.

"During my six years on the City Commission I supported the other commissioners in a program for Pontiac which few, if any, cities can match. This was done on a pay-as-you-go basis. At the same time a very extensive program of improvements were constructed in District 4.

"It is my firm conviction that not only the people of Pontiac but the people of the country as a whole want economy at all levels of government. This economy must start at the local level. It is only right that our approach to local government should be one which could promote more efficiency and better service at no increase in taxes to the property owners. I pledge this approach to running the city of Pontiac.

"It is my conviction too, that with the increase valuation from industry and new construction in our city and economy of operation we still can hold the line on taxes. The city must be able to pay for its present commitment without any increase in taxes.

"The City Commission is responsible for a sensible budget, fair and just taxes. I want Pontiac to become a better city. Our citizens need continued employment.

"The City Commission must create favorable tax conditions for business, labor and our home owners in order to maintain a prosperous community. City taxation problems overshadow the false issues injected into this campaign.

"I re-elected, I will vigorously oppose extravagant spending. Our citizens are entitled to this protection against the ever increasing tax burden. Spend less, tax less, is my platform."

BERLIN (AP)—An 11-year-old East German boy jumped from the roof of a five-story building to safety in West Berlin today.

Eye witnesses said the youngster appeared on the roof of a house overlooking Bernauerstrasse, the French sector street that marks the border. The sidewalk is Western territory while the houses belong to the East.

West Berlin border guards rushed out the fire rescue squad. They spread a net and the boy jumped into it. He was rushed to a hospital for a checkup.

"I'm respectfully request that my voluntary resignation from employment with the school district of the City of Pontiac be accepted, effective immediately.

"To each of you individually, to the school system and its fine personnel, and particularly to Dr. Proud, I extend wishes of much success, accomplishment and achievement. It has been a privilege to serve in this school district."

Shipwrecked Divers Home From Havana

Continued From Page One

Cubans they were bona-fide divers in distress they were welcomed by the divers said.

TREATMENT GOOD "We were shipwrecked sailors and our treatment was fair," Dickson said. "I would say it was good."

With Dickson, a former Ocean City, N.J., resident, were the expedition's leader, Gordon S. Patton, 62, of Ocean City, N.J.; Bernie Nistad of Brooklyn, N.Y.; Mike Freeman, 37, John E. Johnson, 21, and Joe Campbell, 20, all of Washington D.C., and John Stryer 28, of Brewster, N.Y.

They said they were heading for Jamaica waters to explore a sunken bulk when their boat struck a reef.

Stan Bertram, holds an Academy Award as he poses for photographers after crashing the gate at Hollywood's Oscar presentations last night, and awarding Bob Hope an ersatz Oscar.

Loren and Schell, West Side '61 Tops

Continued From Page One

Chakiris came in from Hawaii and Miss Moreno spent 18 hours on a plane flying from a movie location in the Philippines.

"I spent the whole 18 hours wondering how it would feel to ride this far and then lose and have to fly back again," said the flashing-eyed Puerto Rican performer.

Chakiris, who has been around movie studios dancing for eight years, got his Oscar in his first major film role.

As Bernardo, leader of the Puerto Rican street gang in "West Side Story," Chakiris stole the picture from its better known stars.

So flabbergasted, so surprised, so wonderful that I know I won't believe it until I read about it in the papers tomorrow," Chakiris said.

Said Schell: "There are many people I can thank, but I must give a special thanks to Spencer Tracy. I played all my scenes off that finest of actors. If I looked good, it was because he made me look good."

Big Real Estate Plan Waits Airport Ruling

(Continued From Page One)

the less chance there is that the project will continue," Adler said.

He declined to say how much firm already has invested in the project.

Company officials said they hope the county supervisors will change their minds about the airport when they learn how much it is likely to cost.

The project, known as Wildwood, would include the old Scripps estate, Voorhies Lake and Lake Sixteen. Drafting to provide additional lake frontage had been planned.

The Day in Birmingham

Mayor Florence Willet Elected to Third Term

BIRMINGHAM—Mayor Florence Willet was elected to her third one-year term last night by fellow commissioners.

The choice was unanimous, as Mrs. Willet was first elected mayor in 1950, the first time a woman had held the top city office in Birmingham.

The duties of the position were not unfamiliar to Mrs. Willet when she was elected to the mayor's job. Her father, Raymond A. Jacobs, had been village president and first mayor of Huntington Woods.

COUNCIL TO MEET Bloomfield Hills will hold its organizational meeting at 8 p.m. today.

James A. Berensford, re-elected to a two-year term in the April 2 election, has held the mayor's post during the past year, and John S. Bugas has been mayor pro tem.

It is likely that Bugas will be elected mayor unless precedent is broken. In a recent year the mayor pro tem of the preceding fiscal year has been named mayor.

Bugas held the office about five years ago. Berensford has been mayor twice.

The eighth annual performance of the Lenten cantata "Stabat Mater," by Pergolesi, will be presented Sunday by the boys' and girls' choirs of St. James Episcopal Church.

The work will be presented at 4 p.m. under the direction of Kent McDonald, organist and choralmaster.

A total of 135 children, ages nine through 13, comprise the choirs.

The cantata, sung entirely in Latin, will be presented during the course of the service of Choral Evensong, with Rev. David Van Dusen officiating.

Pergolesi's work is the first that was written for treble chorus alone and paved the way for future development of the oratorio and the concert.

All previous oratorios had been for full mixed chorus of treble and bass voices, interspersed with spoken and sung dialogue.

Mrs. Alfred J. Rosborough Service for Mr. Alfred J. (Marjorie S.) Rosborough, 65, 642 Pilgrim St., will be 3 p.m. tomorrow at the Bell Chapel of the William R. Hamilton Co. Burial will be in Woodlawn Cemetery, Detroit.

Mrs. Rosborough died at home yesterday following a heart attack. She was a member of Christ Church Cranbrook.

Surviving are her husband; a daughter, Mrs. Jon B. Rogers of Greenwich, Conn.; two sons, Peter C. and Alfred J. Jr.; and one sister.

U.S. Alert Plan Best Defense

Gen. Power, Chief of SAC, Sees No Way to Combat Missiles

NEW YORK (UPI)—Gen. Thomas S. Power, chief of the Strategic Air Command (SAC), said today there is "no defense" known against ballistic missiles.

But the former Air Force chief of staff said the constant airborne alert maintained by SAC missile and bomber crews enables the United States "to maintain combat readiness without the risk of inadvertent nuclear war."

Power, in remarks prepared for delivery to the United League Club, said President Kennedy and his military advisers would "have several hours of decision time" before U.S. retaliatory forces would be given final instructions to attack enemy targets.

He said bombers en route to target areas could be recalled, something impossible in the case of a launched missile. He added the effectiveness of bombers is increased by the fact the Soviet Union might "develop an effective defense against missiles."

Power said too early "to be specific about the vast potentials of military operations in space," but added that the United States has "no choice but to take whatever precautionary measures may be needed, in spite of our desire to reserve space for peaceful purposes."

The SAC commander said the future needs of the agency would include spacecraft, "maneuverable satellites," and "space defense."

"We must take into account," Power declared, "that, sometime in the future, the Soviets may develop an effective defense against missiles which would force us to place greater reliance on the bomber arm."

The SAC commander said the U.S. currently is relying on Minuteman, Atlas and Titan intercontinental ballistic missiles in addition to the bomber force.

FIRST FREIGHTER DUCKS ICE—The first freighter to pass through the straits of Mackinac in 1962 is the Canadian vessel Black River, shown passing under Mackinac Bridge Sunday afternoon. The ship en route from Thorold,

Ontario, to Chicago carries a cargo of newsprint. After fighting ice east of the bridge for several hours, the ship had some clear sailing for about five miles only to become stuck in the ice west of the bridge.

FORMULA FOR DISASTER

Do you know the formula for disaster? It's simple. Just add a careless spark to dry woods in the open air. Nature provides the fuel and the air, but, in 9 out of 10 cases, man provides the spark.

So, when the woods are hot and dry, be extra careful, won't you? That little spark from your campfire, your cigarette, or your trash fire can loose a raging demon, that charges through the forest destroying as it goes. Don't you let disaster strike!

Remember—Only you can PREVENT FOREST FIRES!

'Counterfeit Spy' Is Thrilling

By BOB THOMAS

AP Movie-Television Writer

HOLLYWOOD—The full panorama of wartime Europe is captured in "The Counterfeit Spy," a well-made new film that follows the adventure pattern of "The Guns of Navarone."

Parmaut hopes that his new film will follow the same money-making pattern, since "Navarone" was the most profitable film of 1961. "The Counterfeit Spy" could also be a blockbuster. It offers equally exciting wartime heroics with an added factor that "Navarone" lacked: Credibility.

The basic facts of "The Counterfeit Spy" are patterned after the real-life adventures of Eric Erickson. He is an American-born Swedish businessman who did business with the Nazis while reporting oil targets for Allied bombers.

Producer William Perlberg and director-writer George Seaton have done a marvelous job in recreating the look and sound of

Germany, Sweden and Denmark during the war. They wisely cast actors in the countries where they filmed, William Holden, Lilli Palmer and Hugh Griffith are the only players recognizable to the American public.

'Industry Alone Can't Aid Buyer'

Self-Regulation Unable to Correct Deceptive Packaging, Says Hart

NEW YORK (U.S. Sen. Philip A. Hart, D-Mich, chairman of the recent Senate hearing on deceptive labeling and packaging practices, said today he did not believe industrial self-regulation would correct practices about which consumers complain.

He spoke before 600 persons at the opening session of a national packaging conference sponsored by the American Management Association in conjunction with AMA's National Packaging Exposition.

The senator said witnesses at the hearings which ended last week generally agreed "rational labeling is not possible in today's market place because of the many unsatisfactory packaging and labeling practices."

He added, "I doubt self-regulation alone can correct these practices because of the complexity, low profit margin and competitive structure of the industries involved."

Sen. Hart said that while none of the subcommittee's members "imputed the motives or integrity" of the manufacturers, they were concerned with the right of the consumer to be informed about the 7,300 items on the shelves of the average supermarket.

Seaton embroiders episode on episode until the audience is completely involved in the pattern of espionage. The film starts slowly and sometimes clings to coincidence. But once it starts rolling, there is no escape from the tension of suspense.

It is hard to imagine any actor doing as good a job as Holden in the role of Erickson. He assumes the work as spy reluctantly; circumstances later bring his total involvement.

The Holden art has perhaps never been fully appreciated. He won his Oscar for playing a heel in "Stalag 17"—typical of the academy's perversity in rewarding offbeat casting.

What Holden does best—better than any other actor—is to play the American hero of today: Realistic, tough, but basically fair. Though Erickson was a naturalized Swede, Holden's portrayal is obviously American.

When he was filming final scenes in Stockholm last summer, Holden told me that he preferred making films abroad because he feels his most successful roles are those that place him as an American in international situations.

Holden has been here for a couple of months to look after his business, but he'll soon be taking off. "I tried to find a good script to do in Hollywood," he said, "but I couldn't."

DON'T BE MISLED BY
"APPEARANCES"

CONSIDER THE
'LEGAL REALITIES'
AND PROTECT
YOUR SAVINGS!

A federal appellate judge in Washington says that Savings and Loan Associations "appear to 'look and act more and more like Banks.'"

However, in considering the true difference between Banks and Savings and Loan Associations the judge says he is

"concerned not with appearances but with legal realities."

Your federal appellate court judges in Washington have stated "the legal realities" of the difference between Bank DEPOSITS and Savings and Loan Association Share ACCOUNTS in this way:

1. A share account holder "in a federal association is not a creditor as is the depositor in a bank." As a creditor, you can demand the return of your deposit and the Bank, as your debtor, must return your money to you.
2. The holder of an account in Savings and Loan Association "is an investor." His money is not a deposit, but instead purchases "share interests" in the mortgage loan business conducted by the Savings and Loan Association. If you are an account holder in an association you are not a creditor, but a stockholder, and the association does not have to return your money upon demand. If the association

does not have the money to pay upon demand, your name may be placed on a list to receive repayments if and when the association has the money available.

3. With respect to money placed in Savings and Loan Association accounts, it was said: "Calling them 'payments' on 'savings accounts' does not alter their legal status. That the payment may be regarded by the customer as a 'deposit' or even called at times a deposit by the association does not make it a legal counterpart of a deposit in a Bank. The 'depositor' in a federal association is not a creditor as is the depositor in a Bank. Anderson National Bank v. Luckett, 321 U.S. 233, 241-2(1944). He is an investor, as the very language of Section 5 (b) of the Home Owners Loan Act describes the relationship."

"All 'association' references apply to federally-chartered Savings and Loan Associations. Most state-chartered associations operate under similar regulations."

YOU CAN ONLY 'DEPOSIT' YOUR MONEY IN A BANK AND ONLY A BANK GIVES YOUR MONEY THE LEGAL PROTECTION WHICH A DEPOSIT ENJOYS.

On Highway to Health

Start Children Exercising

By JOSEPHINE LOWMAN

I recently received the following letter from a reader:

"Dear Mrs. Lowman: I share the sentiments of the reader you quoted not long ago, the one who wrote about the popularity of sports clothes and watching sports, but not taking an active part in them. The letter was amusingly written but certainly spoke the truth.

"As the mother of young children I am constantly incensed by the promotion of sedentary habits among young people, especially among young girls. Many parents and most school authorities seem completely uninterested. The parents transport the children to school even when they live only a few blocks away.

"Many children are not encouraged to take advantage of the summer sports programs many communities offer, such as free tennis lessons, wonderful swimming programs and various other worthwhile activities. There are wonderful swimming programs at the Y for a small fee.

"Active physical sports would develop health and take children out of themselves. It would also combat the self-consciousness so prevalent during the pre-adolescent years. It would give young people a chance to develop new friends and lay the foundation for a happy, mentally stable adulthood.

"But the children grow obese and dull. They are not learning about the exhilaration that comes from a good swim, a game of golf or a brisk walk. They will not have these inner resources to fall back on when the pressure of adulthood weighs on them."

If you encourage your child to take advantage of exercise and sports now, she'll thank you for it later. Exercise during childhood and youth builds stamina which will be badly needed to meet the stresses and responsibilities of more mature years.

May Bride-to-Be Diann L. Meyers Feted at Shower

May bride-elect Diann Lucille Meyers was honored at a miscellaneous shower Saturday evening in the home of Mrs. Claude Goff on Seminole Avenue.

Places were marked for Mrs. William J. Meyers, East Huron Street; Mrs. Russell Dorman, Union Lake; mother of bridegroom-elect Wayne Dorman, and Mrs. James Meyers, Mrs. Dale Seets, Mrs. Ed Mann, Hazel Slater and Arminia Earhart.

Also present were Linda Harroun, Nancy McKown, Barbara and Betty Dorman, Mrs. Mel Ferrell, Flint, Mrs. Harold Meyers and daughter Annette of Howell; Mrs. Ivan Russell, Silver Lake; and Mrs. Arthur Goff, Drayton Plains.

A May 5 wedding in First Baptist Church is planned.

Audubon Club to Show Film

Pontiac Audubon Club presents "Out of the North" to the public Wednesday at Pontiac Northern High School's little theater, 7:30 p.m.

The color film depicts the life span and habits of ducks and geese of the North American continent. The setting is Alaska, British Columbia, Quebec, Mexico, Arkansas and the Eastern Seaboard.

Club at Waterford Will Meet Monday

The Waterford Book Review Group will meet Monday at the home of Mrs. K. B. Valentine of Phelan Road. Mrs. Ralph Easton will be cohostess.

Mrs. Carmi J. Odell will review Irving Stone's "The Agony and the Ecstasy."

I am printing this letter because I feel so strongly that exercise during childhood and youth builds stamina which will be badly needed to meet the stresses and responsibilities of more mature years.

I do not think I ever would have been able to meet the obligations of a home and a family and a career without the backlog of health which swimming and basketball, hiking and tennis built in a girl.

Swimming I have brought along with me. Now walking and golf and dancing must take the place of basketball.

In my estimation you will be doing your children a tremendous favor if you promote exercise, not only because of health but because of fun. Young folks miss so much if they do not indulge in sports!

If you would like to learn some folk dances, you will want my leaflet, "Put Your Little Foot." If so, send a stamped, self-addressed envelope with your request for leaflet No. 29 to Josephine Lowman in care of The Pontiac Press.

St. Michael Class of '47 Will Meet

St. Michael's Class of 1947 will hold its class reunion at the Elks Temple, June 23 at 7 p.m. Plans were made during an organizational meeting recently at the home of Mrs. Richard Schaeffer of Timor Drive.

Letters have been sent to members of the class. Anyone not contacted may call committee members: Bert Schmidt, Meadowleigh Lane, president of the class; Lawrence Lyons, West Fairmont Street, vice president; Mrs. William Schroeder, Fremont Street; Mrs. James Parsons, Pasadena Street; Mrs. Bruce King, Silverdale Drive; and Mrs. Schaeffer.

Luncheon Slated by Webford Club

The Webford Club's cooperative luncheon is set for 12:30 p.m. Thursday at the home of Mrs. Vito Paladino on Carlos Drive, Waterford Township. The group will also sew cancer pads at the gathering.

Jiffy-Cut blouses. Pin pattern to fabric— presto! Cut out complete blouse instantly. Top slacks, skirts.

Printed Pattern 4784: Misses' Sizes 12, 14, 16, 18, 20. Size 16 top style 1 1/4 yards 35-inch; middle 1 1/4; lower 1 1/4. Jiffy-Cut.

Print plainly name, address with zone, size and style number. Special Summer Pattern Catalog. More than 100 styles—sun, sport, day, dance, work, travel. All sizes! Send 35 cents.

Winter laying by hens has doubled in the U.S. in the last 25 years.

Sorority Hears Talk by Firemen

Mrs. Gene Shell of Edmore Drive, Drayton Plains, opened her home for the April meeting of the Phi Kappa Tau Chapter of Phi Omicron National Sorority.

Two members of Pontiac Fire Station No. 5 showed films of the Chicago school fire in 1958 and answered questions on fire prevention.

An evening card party and fashion show is planned for May 24 in the club rooms of First Federal Savings and Loan Association of Oakland. Proceeds will benefit the Carolyn Carr Chapter, Oakland County Children's Leukemia Foundation.

Mrs. Maynard Holmes was elected delegate to the state convention May 19-20 at the Morton House, Grand Rapids. Mrs. Thomas Roe was named alternate.

May breakfast for Phi Kappa Tau and Iota Eta chapters will be at 10 a.m. May 6 at Devon Gables. The last lecture for the two groups will be given April 19 by Dr. Sam Shoup at Michigan State University.

Serving on the nominating committee for the election of officers at the May meeting in the home of Mrs. Holmes will be Mrs. Earl Noodel, Mrs. Robert Angel and Mrs. Shell.

Chapter Meets for Dessert

Members of Rho Chapter, Alpha Delta Kappa Sorority, met Thursday evening in the Instructional Materials Center at Webster School. Mrs. Morrell Jones and Mrs. Alyce Hagood served dessert.

Margaret Scott, audio-visual consultant for Pontiac Public Schools, explained to her sorority sisters the materials and equipment available to Pontiac teachers.

Officers for the coming year will be installed at a dinner meeting May 3 at Devon Gables. Several members of the chapter will attend the state dinner at Ann Arbor, May 11.

20 MAKE OVER PAGES TWENTY-TWO
Investigation Begins
Hunsaker Still Critical
as Fund Drive Starts

BLUEFIELD, W.Va., (AP) — Tunney Hunsaker, a veteran heavy-weight, remained in critical condition today while steps were taken on:

(1) Investigate circumstances surrounding the fight in which he suffered a severe brain injury, and

(2) Launch a fund-raising drive to meet the fighter's mounting medical and hospital costs.

Gov. W. W. Barron announced yesterday that he would ask the state athletic commission to give him a report on the fight. Barron said he was particularly interested in the kind of physical examinations given fights in West Virginia.

George McLaughlin, a Beckley sports writer, was named chairman of a committee to solicit funds in Hunsaker's behalf. McLaughlin said donations would be sought from throughout the state. He said an amateur boxing card would be held in Beckley later this month with the proceeds to go to Hunsaker.

The 32-year-old fighter remained in an oxygen tent following two brain operations. Dr. E. L. Gage reported that there was little change in his condition, although his blood pressure had dropped considerably from a high of 192 to 132 late last night.

Hunsaker was knocked out in the 10th round of a fight with Joe Shelton of Cleveland in the headliner of a boxing card at nearby Beckley last Friday night. He collapsed while being helped to his corner and was rushed to the hospital here.

In Cleveland Ohio, Shelton said he was "real sorry it happened this way." He sent Hunsaker a message expressing his hopes for the West Virginia recovery.

Dr. Ward Wylie, secretary of the West Virginia Athletic Commission, said Hunsaker was reported in excellent condition following his pre-fight examination. Wylie said the commission would comply with Barron's request for a full report.

Offer Is Made Patterson for Los Angeles Fight

LOS ANGELES (AP) — A \$500,000 offer has been made to heavy-weight champion Floyd Patterson to defend his title against either Cassius Clay or Eddie Machen in Los Angeles July 30.

The offer was made Monday by John L. Horn of United World Enterprises, whose matchmaker is Joe Louis, former heavy-weight champion. UWE's first card is to be held at the Los Angeles Sports Arena April 23.

Monday's Fight
PROVIDENCE, R.I., (UPI) — Read, 124-126, Providence, topped, 2-1, Mendez, 126-128, New Bedford, Mass., in the main event.

Talented, Priced, Confident Teams in NHL Cup Finals
MSU's Grid Camp Has Gaping Holes

EAST LANSING (U) — Missing players leave some gaping holes in Michigan State's football lineup this spring.

Coach Duffy Daugherty saw some 90 hopefuls report yesterday for the start of spring drills despite the chilly, below 40 degree temperature.

The squad will work four days a week during five weeks leading to the game against an Old-Timers team May 12.

The lure of other sports is taking an unusually high toll this year. The three top quarterbacks — Pete Smith, Dick Porchelle and Doug Miller — all are out for baseball.

Charlie Migavans, who saw no quarterback action last year as a sophomore, was filling in as a signal-caller. He and Ken Bankey, equally inexperienced, will be running the squad.

Sherm Lewis, second leading rusher last fall, and Herman Johnson, who alternated between offense and defense in the backfield, both are with the track team.

Guard George Azar, a letterman linesman, is another with the baseball team.

SWITCH JOBS
Fullback and team captain George Simms, the 1961 leading ground-gainer, was on hand to anchor the backfield. Dewey Lincoln — third in yardage gained — was at right half. Ron Rubick was at left half — a switch in positions for the pair.

Daugherty was able to field an experienced line when he called up an eleven to start demonstrating plays.

Ernie Clark and Matt Soorton were at end. Ed Budde and Jim Bobbitt at tackle. Steve Mellinger and Mike Currie at guard and Dave Behrman at center.

Most are offensive players — graduation took a heavy toll of the defensive line. The team will have 24 lettermen back this fall but 20 will be missing.

Daugherty said the losses are forcing him to junk the platoon system. Instead, he will play the best 11 players both ways and back them up with a second team.

"Platooning is a luxury we won't be able to afford," he said.

Danny Botsch, former defensive backfield coach, has moved up to offensive backfield coach to replace Bill Yeoman. Assistant coach Vince Carroll will coach the backfield on defense.

Individual hitting was to start to day with team scrimmages due before the end of the week.

DELAIED GAME
Sharman hurried his team from the small Rockhurst College gymnasium where the delayed final game was played Monday night and wasn't available for comment.

The Pipers, Eastern Division champions, failed to show up for the scheduled fifth game Sunday because of a squabble over the playing site. They really came to play Monday night.

Dick Barnett, whose last second fielder beat Western division king Kansas City 116-114 in the third game at Cleveland last week, and Connie Dierking, who repeated the last pitch trick for a 100-98 Piper victory Saturday, combined for 46 points. Barnett got 26 and Dierking 20.

The Steers, who had the leading scorer in Bill Bridges with 31 points, stayed in the game well into the second half. They led 76-72 in the third period when Barnett, Dierking and Bob Keller made the range to pull the Pipers in front to stay.

CONTRIBUTION LIST OF PWBA REPORTED

Another highly successful bowling season has been reported by the Pontiac Women's Bowling Association, with an outstanding list of contributions to area service organizations.

The PWBA reports this list of contributions for the 1961-62 season:

Bentley's Victory Legion (Veterans' Hospital) — \$700.00
Pontiac Area United Fund (Goodwillies Christmas—Pontiac Goodwillies Christmas—Waterford) — \$50.00
Walled Lake White Lady (Ford's) — \$50.00
West Bloomfield, Independent (Pontiac Township Christmas Bazaar—BPOC 10) — \$50.00
Pontiac General Hospital—Building Fund — \$50.00
St. Joseph's Mercy Hospital—Building Fund — \$50.00
Pontiac Hospital—Building Fund — \$50.00

Fullback and team captain George Simms, the 1961 leading ground-gainer, was on hand to anchor the backfield. Dewey Lincoln — third in yardage gained — was at right half. Ron Rubick was at left half — a switch in positions for the pair.

Daugherty was able to field an experienced line when he called up an eleven to start demonstrating plays.

Ernie Clark and Matt Soorton were at end. Ed Budde and Jim Bobbitt at tackle. Steve Mellinger and Mike Currie at guard and Dave Behrman at center.

Most are offensive players — graduation took a heavy toll of the defensive line. The team will have 24 lettermen back this fall but 20 will be missing.

Daugherty said the losses are forcing him to junk the platoon system. Instead, he will play the best 11 players both ways and back them up with a second team.

"Platooning is a luxury we won't be able to afford," he said.

Danny Botsch, former defensive backfield coach, has moved up to offensive backfield coach to replace Bill Yeoman. Assistant coach Vince Carroll will coach the backfield on defense.

Individual hitting was to start to day with team scrimmages due before the end of the week.

DELAIED GAME
Sharman hurried his team from the small Rockhurst College gymnasium where the delayed final game was played Monday night and wasn't available for comment.

The Pipers, Eastern Division champions, failed to show up for the scheduled fifth game Sunday because of a squabble over the playing site. They really came to play Monday night.

Dick Barnett, whose last second fielder beat Western division king Kansas City 116-114 in the third game at Cleveland last week, and Connie Dierking, who repeated the last pitch trick for a 100-98 Piper victory Saturday, combined for 46 points. Barnett got 26 and Dierking 20.

The Steers, who had the leading scorer in Bill Bridges with 31 points, stayed in the game well into the second half. They led 76-72 in the third period when Barnett, Dierking and Bob Keller made the range to pull the Pipers in front to stay.

CONTRIBUTION LIST OF PWBA REPORTED

Another highly successful bowling season has been reported by the Pontiac Women's Bowling Association, with an outstanding list of contributions to area service organizations.

The PWBA reports this list of contributions for the 1961-62 season:

Bentley's Victory Legion (Veterans' Hospital) — \$700.00
Pontiac Area United Fund (Goodwillies Christmas—Pontiac Goodwillies Christmas—Waterford) — \$50.00
Walled Lake White Lady (Ford's) — \$50.00
West Bloomfield, Independent (Pontiac Township Christmas Bazaar—BPOC 10) — \$50.00
Pontiac General Hospital—Building Fund — \$50.00
St. Joseph's Mercy Hospital—Building Fund — \$50.00
Pontiac Hospital—Building Fund — \$50.00
New Market of Thomas Dept. — \$10.00
New Market of Thomas Dept. — \$10.00
Pontiac Dental Association (C.D.B.) — \$10.00
Oakland County Society for Crippled Children — \$10.00
Total — \$2,010.00

Lotus Lake Ends Slump

Emerging from a slump, Lotus Lake swept three games from the Stumble Bums, 15-10, 15-10, 15-6, to increase its first-place margin to 2 1/2 games in the Waterford Township Recreation Department men's volleyball league.

Second-place Williams Lake took two of three from Lake Oakland Heights, 15-4, 15-8, 15-17. In other action, Wilson Street split in a six-game match (three of them make-ups) with Pontiac-Scott Lakes.

Boxing Changes Slated to Take Effect Next Month on Trial

TRENTON, N.J. (AP) — Boxing rules designed to prevent serious injuries or death will take effect in New Jersey on a trial basis next month.

Rules changes were announced after a meeting Monday between Gov. Richard J. Hughes and Joseph F. Walker, the State Athletic Commissioner.

The changes provide:

1. That 16-ounce gloves be used in all bouts. Previously, 6-ounce gloves were used in non-championship fights and 6-ounce gloves in title events.
2. That the rest period between rounds be increased to 90 seconds, instead of 60.
3. That each boxer be examined between rounds. The present practice is for a doctor to examine a fighter only when the need is apparent or the referee requests it.

Hughes said the changes would be invoked after a 30-day waiting period. He said they would not apply to a boxing show scheduled at Gladiators Arena in Totowa April 27.

Walker said results of the new rules would be studied for six months, that he would discuss their effect with boxing officials and others and then submit a report to the governor.

Americans Get Booted

DUBLIN, Ireland (AP) — The Three Rock Rover selection defeated the Privateers, a touring American field hockey team 31 Monday.

McDevitt Buy Pitcher

KANSAS CITY (AP) — The Kansas Athletics bought Danny McDevitt, 29-year-old left-handed pitcher, from the Minnesota Twins Monday night on the eve of their season opener.

The amount of money involved was not disclosed.

McDevitt pitched in 16 games for the Twins last year, compiling a 1-0 record and a 2.36 earned run average. Earlier in the season he pitched in eight games for the Yankees, with a 1-2 record and a 7.82 era.

His home is Greenwood, Miss.

Chicago Invades Leafs' Arena for 1st Contest

TORONTO (AP) — The Chicago Maple Leafs and the Toronto Maple Leafs, a pair of talented, poised and confident hockey teams, square off tonight in the opener of a best-of-seven series for the Stanley Cup Championship.

Fresh from scoring four straight triumphs over the National Hockey League champion Montreal Canadiens, the Black Hawks feel they have all the credentials necessary to retain the coveted cup, which they captured after Detroit last year.

Toronto, finishing second in the regular season—one notch above the Hawks—is ready to claim its first since 1918.

HAWKS UNHAPPY
The Hawks are a bit peeved over what they feel is a lack of credit for their accomplishments, namely, winning the cup last year and coming from behind to oust Montreal this year.

"Nobody is willing to admit that we have a great hockey team," says Coach Rudy Pilous.

"So well just have to go out and show them," he continued. "I'll make only one prediction and that is the Black Hawks will win the last game of this series."

Pilous said the players themselves know the Hawks have a great team. "The spirit is high and we're mentally fit. We can play any kind of hockey necessary. If a team wants to skate, we can skate. If a team wants to play in the alley, we can do it. You name it, we can do it."

"In Bobby Hull we have the league's leading goalmaker. In Glenn Hall we have the best goalie. We also have two of the best centers in Red Hay and Stan Mikita and our defense is about the best I've seen this season. What more can you ask of a team?"

HOLD EDGE
The Maple Leafs are as just as confident as the Hawks. Coach Alvin Epstein points to the season record between the two teams in which the Hawks won one, lost four and tied two in Toronto while the Leafs won three, lost two and tied two in Chicago.

"They'll dictate the kind of game we'll play," said Imlach. "We're not a hitting club but if they want it that way, we'll accommodate them."

Imlach said he is planning no special defense for Hull, who scored 50 goals during the season. "Whoever happens to be playing against Hull at the time will have the job of checking him," said Imlach.

Toronto is a slight favorite only because if the series goes seven games, four will be played in Maple Leaf Gardens. After tonight, the two teams play in Toronto Thursday and the scene shifts to Chicago for games Sunday and next Tuesday. Necessary additional games will be played in Toronto April 19, Chicago April 22 and Toronto April 24.

Attempt for Record in Hydros Delayed

GUNTERSVILLE, Ala. (UPI) — Roy Doby's oft-delayed attempt to set a world record for unlimited hydroplanes has been postponed until April 16.

In his fourth attempt yesterday, the Detroit speedster encountered wind and rough water. His Miss U.S. 1 has been ready since Friday to attempt to eclipse the current record of 192.001 miles per hour.

The 4,800 horsepower craft clocked a practice run of 190 mph over the measured mile at Gunterville Lake Friday but then problems began.

George Simon, president of the U.S. Equipment Co., said, "We'll try again next week but it will be late in the week when there will be a minimum danger of wakes from pleasure boats."

"Our boat and the course are ready. We will sit on the line and wait for the water to flatten out when we will go."

Two other Detroit boats, Gale V and Gale VI, were also standing by here as Doby shot for the mark.

Tobaccos Recover Losses

Stock Market Slumps Slightly

NEW YORK (AP) — The stock market declined irregularly early today with tobaccos recovering. Trading was fairly active.

Losses of most key stocks were fractional and a good many were unchanged.

Some of the chemicals and building materials declined more widely.

The tobacco, shaken down by anti-cigar campaigns in Europe, recovered, American Tobacco gained a fraction, Lorillard and Liggett & Myers recovered about a point. Philip Morris erased an early 1-point loss.

Reynolds Tobacco, after opening on a big block of 15,000 shares, of

Chrysler Officials Say Company Engineers Are Pleased With Engine

NEW YORK (AP) — The man who decides what products the Chrysler Corporation develops said today the company's turbine powered automobile "has had and continues to have a top priority."

Test models of the vehicle, which burns almost any type of liquid fuel, recently completed a nation-wide tour that began Dec. 27 in New York.

Robert Anderson, vice president and director of corporate product planning, said Chrysler engineers were highly pleased with the unconventional engine.

He said it averaged 19.4 miles to a gallon of diesel fuel and that every part of the engine was in excellent condition after the tour.

"MOST SIGNIFICANT" "We feel the passenger car gas turbine engine is the most significant development in the automobile industry," Anderson said at a news conference called to publicize the turbine powered car.

The engine operates similarly to a jet airplane engine in that it draws in air and heats it in the point where it expands and seeks escape through a rear forward, thrusting the car forward.

Anderson said development of the vehicle has reached a stage where Chrysler plans to make 50 to 75 turbine-powered cars for sale to selected customers late in 1963.

"Currently Chrysler Corporation is not soliciting customer car orders for turbine cars," Anderson said.

Hints City of Detroit Will Get IRS Center

DETROIT (AP) — Detroit's Mayor Jerome P. Cavanagh hinted yesterday that his city would be the site for a new \$30-million Internal Revenue Service data-processing center.

Cavanagh told the Committee for Economic Growth that Detroit has an "80 per cent" chance to become the site.

Port Huron Mayor Ray L. Matheson responded he was certain his city still was in the running for the center. He said that Cavanagh was "taking a lot for granted" unless he has a special plea.

Detroit and Port Huron both have been considered for the IRS facility, which will employ 800 full-time and 500 part-time employees.

Free billing if the IRS-proposed center would locate there.

Eat Your Oatmeal

WASHINGTON (UPI) — Cereal foods provide more than one-third of the third in the average American diet, a fourth or more of the nation, iron and calories, and one-fifth of the protein, according to the Department of Agriculture.

Crime Rode on His Mind

HOPKINSVILLE, Ky., (AP) — A little crime was a big load on the conscience of a 25-year-old Hopkinsville man, Sherman E. Harris, turned himself in to police and admitted a crime he said he had committed two weeks earlier: theft of a bicycle.

State Businessmen Urged to Be Active in Politics

LANSING (AP) — George M. Van Peuren, Republican state chairman, urged Michigan business executives to take a more active role in politics.

The interests of the general public are "inseparably interwoven with those of business and industry," he said.

Democratic State Chairman John J. (Joe) Collins asked the support of the same group for Gov. Swainson's fiscal reform program to help Michigan out of its financial difficulties.

Swainson's income-tax-based program, he said, would help Michigan to get out of its financial difficulties.

Jobless Figures Down in March, but Still High

DETROIT (AP) — The total unemployment in Michigan was reduced as of March 31 compared to a month earlier but was still 8.7 per cent, according to the Michigan Employment Security Commission (MESCC) said today in its monthly preliminary report.

The 8.7 per cent jobless figure is above the rate on which the government bases its distressed area classification.

Statewide unemployment March was 251,000 or 12,000 less than a month earlier, the commission said.

In the Detroit area, the jobless total was 122,000, or down 8,000. This was 8.8 per cent of the labor force.

Roll Out Red Carpet

PARIS (AP) — The Shah of Iran and Empress Farah were given a red carpet welcome by the government today during a short refueling stop on their flight to the United States for a state visit.

Nike Missile Profits Still Bother Probers

WASHINGTON (UPI) — Senate investigators recalled the President's promise of a "no profit" rule in questioning about alleged "profit pyramiding" in the production of the Nike guided missile.

Sen. J. William Fulbright's permanent investigations subcommittee's opinion Donald W. Douglas Jr. to open the second week of its inquiry.

QUESTIONS TIME ELEMENT

Among other things, the subcommittee said last week, took a profit on subcontracted work for the Army at least five years to get out from under a pyramid of Nike contractors.

The subcommittee is trying to build a case against the "single manager" procurement system, under which \$1.5-billion worth of Nike production orders were channeled through the Western Electric Co.

Western Electric subcontracted to Douglas all components of the contract, including the guidance system, the electronics, and the launchers.

According to the subcommittee, the pyramid of contractors led inevitably to pyramiding of profits. Douglas and Western Electric, investigators said last week, took a profit on subcontracted work for the Army at least five years to get out from under a pyramid of Nike contractors.

Chris Craft Signs Pact With Union

CADILLAC (AP) — Union carpenters, painters, and machinists accepted a new one-year contract with Chris-Craft Corp. at Cadillac yesterday.

Spokesman said a five-cent hourly wage increase and improved company pension plan, employee insurance premiums are the major provisions of the new pact.

Company officials and union representatives declined to disclose the average hourly wage paid under the old contract.

The new contract is similar to the one approved last week at Chris-Craft's plant in Holland, where the employees had averaged \$2.20 an hour under their old contract.

Union to Reopen Talks With Michigan Bell Co.

DETROIT (AP) — The Communications Workers of America told Michigan Bell Telephone Co. that it would reopen negotiations in its present contract changes in 15,000 employees.

The current three-year contract between the company and the union dated in June of 1960, provides for a reopen this June on pay and classifications.

35 Birds Flee Cages, End Up in the Kettle

NEW YORK (AP)—A truck loaded with 35 chickens and 50 turkeys crashed into a girder in Brooklyn yesterday. Four cases of the birds fell off the truck and broke open.

The birds were dashed for freedom, but it went a-dowl. "Gobble, gobble," went the turkeys, and a lot of scrambling Brooklynites took them at their word. They grabbed the poultry and headed for the nearest stewing pot.

A headcount by the truck driver showed 10 turkeys and 25 chickens had found new homes.

A LICK FLEA—While 3-year-old Kevin MacRitchie works on an oversized lollipop, his dachshund pet, Jill, stages an appealing begging act at Toledo, Ohio.

Stands Mute on Charge of Raping Novi Girl, 15

A Farmington Township man accused of raping a 15-year-old girl in Novi last month stood mute at his circuit court arraignment yesterday.

Arnold L. Hopkins, 22, is charged with two counts of statutory rape and kidnapping. He is being held in lieu of \$10,000 bond pending trial.

Subways are partially ventilated by the piston action of trains driving the air through the tubes.

Strike Happy Medium Fed-Up Employee Takes Receipts From Restaurant

HOMESTEAD, Fla. (AP)—Sponsors of the Homestead Rodeo, who found south Florida, mayors aren't good bronco-busters think they have found a western, but safe arena for their quest mayors.

Two years ago Hialeah mayor Henry Milander was nearly thrown when his steed began bucking. So last year Opa-Locka mayor Richard Bennis took his bows from a box seat.

But this year Miami Mayor Robert King High rode past the stands in a horse-drawn survey.

Foreign Trade Supports 4.5 Million Americans

NEW YORK (UPI)—The Rockefeller Brothers Fund estimates that at least 4.5 million Americans are directly dependent upon foreign trade for their livelihoods.

This means one of every four Americans depends wholly or in part upon foreign trade for his job, the Fund concludes.

Install Fast Elevators in Fort Worth Jail

FORT WORTH, Tex. (UPI)—The shady segment of Fort Worth society can now be whisked off to jail at a speed of 350 feet per minute.

Westinghouse Electric Corp. says that's the speed of its special elevators being installed in the new criminal courts and jail building here.

The elevators are also equipped with an emergency return and intercom system in the event of trouble with unruly passengers.

Finish Paneling Off the Walls

While factory finished wood paneling is becoming increasingly popular, most homeowners still buy the unfinished variety and complete the job themselves. Here are some suggestions on how to do it.

You'll find it easier if you finish the panels before they are attached to the wall. To save your back, place the panels on sawhorses or a suitable table or workbench.

Regardless of the type of finish being used, the wood should be rubbed with fine steel wool to remove any dirt, dust or surface roughness. Any oil or grease must be wiped away with odorless paint thinner or denatured alcohol.

When the color of the wood is uniform and the shade you want, be sure to complete the work of applying two coats of clear, quality varnish, sanding lightly after the first coat is dried hard.

If a dull finish is wanted, use a gloss or semi-gloss varnish for the first coat and a low gloss or satin varnish for the final coat. Follow label instructions as to whether the first coat should be thinned and whether a seal coat should be applied first.

Varnish, incidentally, should not be shaken or stirred; this produces bubbles in the dried film. It should be stirred with a well-soaked brush with a minimum of stroking.

First with the grain and then across it. Finish with a nearly dry brush, again parallel to the grain.

It's a good idea to coat all edges at the same time. In this way unfinished edges will not be exposed if the wood should happen to shrink.

ST. LOUIS, Mo. (AP)—Henry Algenstien, owner of the Prime Steer Restaurant in North St. Louis, reached inside his office safe expecting to find the weekend receipts.

Instead, he found only a note signed by an employee. It read: "Henry, I'm sorry but I am fed up with my family and I am going to places unknown. You will get your money back in full."

Police are searching for the note writer, who was not identified.

University's Museum Gets Indian Artifacts

KNOXVILLE, Tenn. (UPI)—The University of Tennessee's new Frank H. McClung Museum has been given an amateur archaeologist's life-time collection of Indian artifacts.

The collection of the late H. F. Werning, filling about 100 small boxes, includes specimens of pottery, chipped stone tools and ground stone tools. Most of them were found by him in the Chattanooga area, but some came from Alabama, Georgia, North Carolina and Kentucky.

Noodle Making Machine

SAN DIEGO (AP)—The crew of the navy destroyer USS Black bought a complete noodle-making machine.

It then gave it to the Catholic relief service in Hong Kong, during a visit of the ship there, for making noodles and like products from American relief flour to feed refugees from Communist China.

Watch for Big Thief

BUFFALO, N. Y. (UPI)—Willie Edridge of Buffalo is wondering why anyone would want to steal a sports coat, a jacket and five pairs of pants from his car.

Edridge, who weighs 340 pounds, told police all the clothing was size 60.

Army Planning New Campaign to 'Buy American'

WASHINGTON (AP)—The Army is planning a renewed "buy American" offensive among its men and families in Europe in a bid to retard the gold-dollar drain.

The new drive would be related to an expected resumption of government-paid travel to Europe by dependents of Army officers and men after a freeze of more than six months.

Pentagon action to permit such dependent travel again is likely soon.

One main reason why the travel ban has been kept in force this long has been a need, as government officials view it, to keep down the volume of dollar spending in Europe. The original reason for ordering the dependent travel suspension was to avoid impeding the movement to Europe of 40,000 Army reinforcements during the Berlin crisis.

Driver Not Held in Death

DETROIT (AP)—Philip Lewis, 4, Detroit, died yesterday in Receiving Hospital of injuries suffered Sunday when he was struck by a car. The driver told police Philip ran into the street from between parked cars. The driver was not held.

4 Rescued From Cave

MADRID (AP)—Four holidaying employees of the Spanish Nuclear Energy Board were rescued Monday, hungry but apparently unharmed, after being lost for more than 33 hours in a deep cave about 45 miles north of Madrid.

Leading Architects Design NY Theaters

NEW YORK (UPI)—Some of the nation's best known architectural firms have designed the theaters of the Lincoln Center for Performing Arts.

The new Metropolitan Opera House is the work of Wallace K. Harrison; Philharmonic Hall has been designed by Max Abramovitz; the New York State Theater by Philip Johnson Associates; Juilliard School, Pietro Belluschi; Repertory Theater, Eero Saarinen & Associates; Library-Museum, Skidmore, Owings & Merrill.

Judd Announces He Won't Seek New House Term

MINNEAPOLIS (AP)—Rep. Walter Judd, a Minnesota 5th Congressional District member, said last night he would not be a candidate for re-election this year.

Judd announced his intention at a Minnesota 5th Congressional District convention. He said he had been struggling with the decision two or three months and "I couldn't quite get the consent of my conscience" to run again.

Judd acknowledged that "nothing is ever final, but this is my intention."

Judd, 63, said he would continue to work for the GOP and that his efforts would be directed toward building up a conservative movement among the young voters.

Republican Gov. Elmer L. Andersen indicated he would head a draft-Judd movement.

MAKE OVER YOUR PHYSICAL

Carefully Offered Course in physical education courses have been designed by Miss Ruth Lindsey, a physical education teacher at the University of Oklahoma State University. The course primarily involves exercises—push-ups and sit-ups—plus a lot of stretching and body mechanics. Miss Lindsey said the professor, said 95 per cent of improved their endurance 25 per cent and flexibility 15 per cent.

Khrushchev's Goal: AN EGG A DAY FOR EVERY RUSSIAN BY 1980

We hear a lot these days about our "farm problems." Yet how many of us realize that American agriculture—problems and all—is the envy and the wonder of the world?

Witness Mr. Khrushchev's recent 7 hour speech to the Communist Central Committee. He openly admitted that Soviet agriculture has fallen critically short of its goals—in spite of concentrated efforts. He also made a sweeping promise and set an heroic goal for Soviet farms: an egg a day for every Russian by 1980. Significantly, he refrained from such a rash commitment on milk and dairy products.

Witness a few more facts: (1) Our farmers make up only 8% of our population, yet they produce abundant food for all of us at the lowest cost in history. Russian farmers

represent 45% of the population, yet there is a constant threat of food shortage. (2) Food takes less of our income than ever before—only 20%. In Western Europe food takes 30% to 50% of the average income—in Russia, 60%.

Does this mean that the United States has no farm problems at all? Of course not. Fortunately, however, ours are not problems of shortage and near-famine.

Let's keep this in mind next time we read about our "farm problems." Let's remember, too, that "farm problems" are not altogether "farmers' problems." At stake, don't forget, is the food supply of 180 million Americans. You and me.

Let's not take our egg a day, our quart of milk entirely for granted.
