

Kresge Foundation Gives MSUO Library

Trustees of the Kresge Foundation have agreed to underwrite the construction of a \$1,500,000 library for Michigan State University Oakland and to provide \$300,000 this year to permit immediate construction.

Architectural plans for the building have been completed and working drawings are now being made. It is expected that this can be let and work begun by Sept. 1.

Chancellor D. B. Varner said it will be ready for use by Sept. 15, 1961.

The structure will be square, consisting of a basement and three stories, and will house approximately 200,000 volumes. It can be enlarged by the addition of wings to three times its original size.

It is also planned for maximum flexibility — having only one permanent interior partition — and for maximum use of audio-visual aids.

The building will be on the highest point of the 1,600-acre estate donated by Mr. and Mrs. Alfred G. Wilson for the MSUO campus. It will occupy the central position in a 300-foot-wide area extending the length of the area devoted to academic buildings.

Stanley S. Kresge, president of the foundation, said, "We have been watching with interest the birth of this promising new university, with its emphasis on learning and its commitment to seek more effective and more efficient ways of doing the University's job."

INSURES OPEN DOOR

Chancellor Varner said the library gift "is the breakthrough that

insures that Michigan State University Oakland will be able to keep the door open to the increasing numbers of college-age boys and girls in southeastern Michigan.

"The Kresge Library," he added, "will be the dominant feature of the campus, not only in location, but in function. It will be the focus for every building and activity on the campus, and

beyond this we plan the library as something significantly different and of vital importance to our efforts."

The building will be 126 feet square and contain 72,000 square feet. The basement will be only partly finished and the third floor unfinished, to provide for expansion as need develops. All equipment will be free-standing so that it may be moved or adjusted later.

WILL HOLD 1,100

The structure when completed will accommodate 1,100 students at study desks, as compared with 150 in the present temporary library. The new structure not only will provide study space, which is already inadequate, but will free the present library for equally acutely-needed faculty offices.

STANLEY S. KRESGE

Avon Twp. Mother Died Here

FATAL SMASHUP — This picture shows the power with which a double-bottom trailer truck smashed into and demolished the car driven by an Avon Township mother yesterday. The accident happened at Rochester and Auburn roads.

Hold Trucker in Auto Death

Troy Man's Vehicle Rans Mother's Car in Avon Twp.

A Troy truck driver is being held today for investigation of negligent homicide in the death of an Avon Township woman Tuesday afternoon.

Killed in a truck-car collision at 4:15 p.m. at Rochester and Auburn roads in Avon Township was Mrs. Glenna M. Cooper, 55, of 589 South Blvd.

Being held is D. R. McCluskey, 50, of 1835 Eastport St.

Deputies said McCluskey was driving on a restricted chauffeur's license. A check with Lansing showed he had eight convictions since 1955, six for moving violations.

Those U.S. Jets—K's Finding Them a Nightmare

PARIS (U)—I've had enough of American jet planes," Soviet Premier Nikita Khrushchev told a photographer, "I'm sick of them."

"You know all about the one that flew over our country—the U.S. espionage plane."

"Then I come to Paris and they ruin my sleep."

Khrushchev spent last Saturday night at Soviet Ambassador Sergei Vinogradov's summer home in the country, near Orly Airport. He returned to Paris Sunday and thereafter slept at the Soviet Embassy. A photographer asked him why.

"The noise of those American Air Force jet planes taking off and landing at Orly Airport," he said. "They ruin my sleep."

No U.S. Air Force planes land or take off from France's largest commercial airfield, Khrushchev was probably disturbed by the dozens of commercial jets of various nations that take off and land there.

Hospital Future Bright as 2nd 50 Years Start

Pontiac General Hospital is 50 years old today. There was no public observance planned, but officials privately expressed relief that the long—and oftentimes stormy—expansion program was virtually finished.

The hospital is now "one of the most modern and best equipped" in the area, said Harold B. Euler, hospital administrator.

"We look forward with confidence and expectancy to even greater advances in hospital care and treatment," he said.

The hospital dates itself from May 18, 1910—the date its predecessor opened on West Huron street as the Oakland County Hospital, with a dozen or so beds.

The opening brought victory to the ladies of the Oakland County Hospital Assn., who had campaigned nine years for construction funds.

The original building eventually became the hospital's nurses home, until it was torn down to make way for the present west wing, which opened in 1933.

Drives for more money resulted in additions to the original building in 1912 and 1914.

The association gave the hospital to the city as a gift in 1915. Its value then was at least \$30,000.

Renamed Pontiac City Hospital, the facility continued to grow, thanks often to the support of the association.

A 1922 addition increased capacity to 100 beds.

Virginians Seek Shelter Data as Summit Expires

RICHMOND, Va., (U)—Failure of the Paris summit conference has swamped state Civil Defense headquarters with phone calls.

Officials said there have been so many queries on private bomb shelters and other precautions that it has been necessary to detail several employees just to handle the rush.

Nikita Warns Spy Flights Will Lead World Into War

Kennedy Victor 3-1 in Maryland

BALTIMORE (U)—A record-breaking wave of votes in the Maryland primary propelled Sen. John F. Kennedy of Massachusetts closer to the Democratic presidential nomination today.

Reeling off his sixth straight primary victory, the Massachusetts senator outdrew the combined opposition almost 3-1.

With Maryland's 24, he now has an unofficial total of 294½ votes toward the 761 needed for nomination at the Democratic National Convention.

He and Sen. Wayne Morse, a distant runner-up in Tuesday's balloting, took up in another primary Friday, this time in Oregon, Morse's home territory.

Returns from 1,333 of 1,356 polling places showed these totals: Kennedy 200,252; Morse 49,222.

The next biggest batch, 25,071, favored sending Maryland's delegation uncommitted to the July 11 convention.

The rest of the ballots were cast for two perennial also-rans who sometimes campaign in Uncle Sam suits—Lar Daly of Chicago with 7,467, and Andrew J. Easter of Baltimore with 3,853.

Kennedy's vote was about 73 percent of the total cast, which in turn came to about 33 percent of the 86,878 eligible Democrats.

But it exceeded by 66,000 the previous high of 134,000 received in the 1952 Maryland presidential primary by Sen. Estes Kefauver (D-Tenn). Kefauver ran only against the uncommitted—delegation choice that year, when 745,000 Democrats were registered.

"In six primaries we have broken the Democratic record," said Kennedy by telephone from his Oregon campaign site. He had won previously in New Hampshire, Wisconsin, Indiana, Nebraska and—in the big surprise over Sen. Hubert H. Humphrey (D-Minn.) last week—West Virginia.

Miles declined to give the name of the company that this morning (Continued on Page 2, Col. 7)

Russian Boss Roars in Anger at Press Boos

Threatens to Resume N-Test, Quit Geneva, Reopen Berlin Crisis

From Our News Wires

PARIS (U)—Nikita Khrushchev, almost incoherent with rage at repeated booing, told a press conference today that further American spy flights over Russia would lead inevitably to war.

He compared President Eisenhower to "a thief caught red-handed in his theft."

The booing and jeering among 1,500 to 2,000 persons at Khrushchev's farewell news conference was unprecedented treatment of a head of state. Khrushchev responded with a fist pounding display of pyrotechnics in which he reminded the crowd he was head of the powerful Soviet Union.

In a rapid series of angry statements and threats, Khrushchev renewed all of his insults of Eisenhower and the United States, threatened to resume nuclear bomb tests, to end the general disarmament talks, and to reopen the Berlin crisis at a time of his own choosing.

He threatened to break off the Geneva disarmament talks and was booed. He attacked West German Chancellor Konrad Adenauer in unusually bitter terms and was booed again. A few Communist correspondents applauded.

Khrushchev, red-faced with rage, peddled the summit talks and was jeered when he repeated an insult—that he would be glad to resume Big Four negotiations once Eisenhower had left the White House.

Khrushchev was booed earlier on the streets of Paris by angry Frenchmen who blamed him for breaking off the summit talks and throwing the world into a (Continued on Page 2, Col. 2)

BRIGHTER MOMENT — Nikita Khrushchev, flashes a rare smile during today's boisterous press conference in Paris. The friendly gesture belies the tone of the gathering at which Khrushchev compared President Eisenhower with a thief and threatened to plunge the world back into the frigid depths of cold war.

Paris Crowds Hoot Nikita; 3 Chiefs Depart Tomorrow

PARIS (U)—Soviet Premier Nikita Khrushchev was booed in the streets today as he rode about on farewell calls after blocking all Western efforts to revive the summit conference.

President Eisenhower, the Soviet Premier's target, drew shouts of "bravo" on a surprise visit to Notre Dame, the cathedral church of Paris.

Eisenhower, Khrushchev and British Prime Minister Harold Macmillan are all due to leave Thursday for their capitals.

Bags were packed in an atmosphere of bitterness and disgust, with Western experts expecting a new series of cold war blasts from Khrushchev before he finally heads off.

President Eisenhower will fly to Lisbon, Portugal, for an overnight visit—advancing a trip he originally planned to make next Monday. He expects to return to Washington Friday.

A special meeting of the 15-nation North Atlantic Treaty Council was called for Thursday to hear a report from the Western Big Three on the summit conference.

Foreign ministers of the United States, Britain and France were reported to have agreed that the total collapse of the Big Four talks means an increase in East-West tensions and grave new difficulties in disarmament negotiations.

The Soviet chief, accompanied by Marshal Rodion Malinovsky, defense minister, made a goodbye visit to Macmillan at the British Embassy and French President Charles de Gaulle at the Elysee Palace.

Khrushchev was first booed by a small crowd outside the British Embassy. He drove from there to the Elysee Palace, and spent 40 minutes talking with De Gaulle. Boos and whistles burst from the small crowd near the gates as he left.

The usually ebullient Khrushchev sat back in his pinnace and looked glum.

West Unites With Calls for Firmness

LONDON (U)—Western Europe angered and disappointed by the summit conference collapse reassured today with new calls for Allied firmness and unity to face looming cold war dangers.

Not since the Hungarian revolt of 1953 had Soviet Premier Nikita Khrushchev drawn such bitter criticism. Blame for the breakdown of the Big Four meeting was planted squarely on the Kremlin doorstep.

Resumption of bitter cold-war diplomacy was taken almost for granted, but there apparently was little fear at this stage that a shooting war was imminent.

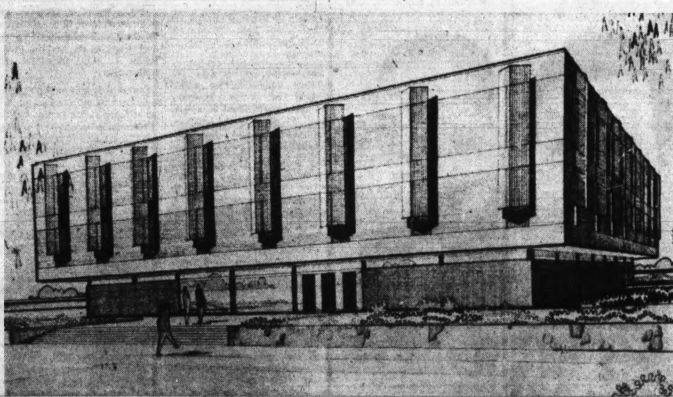

In the Soviet Union, the Communist propaganda machine moved into top gear in support of Khrushchev's tough line with the West. Press and radio poured out thousands of words denouncing President Eisenhower for his refusing to condemn U.S. reconnaissance flights over the U.S.S.R., and to punish those responsible for them.

PAGE IN PRAYDA

The newspaper devoted an entire page to dispatches and letters in which Sovietists voiced support for Khrushchev's stand. It reported that in Moscow alone 1,500 meetings attended by 1,250,000 people were held in factories, schools and offices to protest America's "aggressive behavior."

Huge banner headlines reflected Western Europe's dismay—and also its determination not to yield to Soviet threats.

To Be 'Dominant' Feature of MSUO

FUTURE MSUO LIBRARY — This is the library building which will be constructed at MSUO with funds granted by the Kresge Foundation. University officials say it will be ready for use by September, 1961, and will be able to house some 300,000 volumes.

Slate Concert Sunday in Area by GM Chorus

The General Motors Employee Chorus under the direction of Frank Murch will present its 10th annual spring concert at 3 p.m. Sunday, in the styling auditorium of the General Motors Technical Center in Warren.

The free, public program will range from South Pacific and Music Man selections to Strauss waltzes, a selection from the Nutcracker Suite and sacred music by Handel.

Guest soloist will be the popular Detroit organist Morgan Gareau who will play selections from Maytime and The Student Prince.

The 80-voice GM Chorus has won nationwide acclaim. Founded in 1933, it is made up of GM employees and their immediate families. Herbert Rupp is its accompanist.

Set Detroit Hearing on Water Diversion

LANSING (UPI) — Hearings on diversion of Great Lakes water by Chicago will be held starting June 13 in Detroit, Assistant Attorney General Nicholas V. Olds announced.

Olds said the hearings might take up to two weeks and would be aimed at getting the Michigan story on the controversial case.

Federal Judge Albert B. Maris, Philadelphia, named as special master in the case, will preside. Olds said. About 25 witnesses are expected to be heard.

A woman has reached middle age when salesmen stop asking her if her mother is in. A fellow just back from Hollywood reports that the gift shops are selling Father's Day cards in boxes of six. —Earl Wilson.

Might Take Neighbor's Kids to Zoo Doctors Say, 'Exercise' . . . but Where?

By HAL BOYLE
NEW YORK (AP)—Get more exercise, the doctors say, "if you want to have plenty of vim and vigor—and live longer."

But this is easier said than done, particularly if you live in a big city.

The bigger the city, the harder it seems to be for most people to get an adequate amount of exercise.

For one thing, exercising is too much like work. If you like to play golf, for example, it's practically a two-day ordeal to drive out to the suburbs and find a course that will let you on.

One can always lift bar bells or do calisthenics in the privacy of the home, but these forms of exercise get to be too solitary, insipid and uninspiring.

Some men and their wives embrace yoga and practice mutual head stands, but this is carrying togetherness too far. It has been my experience that few couples build either sound muscles or a mutual respect for each other while standing on their heads together.

However, if a fellow looks around him and has an inventive nature, he can find a number of ways in the city to keep in tiger-trim condition.

OFFERS IDEAS

Here are a few possibilities: Lie on the floor and have a number of your friends lift the entire edition of a Sunday newspaper and place it on your chest. Grasping the sides of the newspaper firmly with each hand, see how high you can push it up. I know of one man who, after three weeks of effort, was able to muscle up the complete editions of three Sunday newspapers at once. Shortly after that he was operated on for hernia.

Borrow six of the neighbor's children, all under 4 years of age, and take them to the zoo. See how many of the children you can keep from crawling into the lion's den at once. This will not only give you plenty of health exercise—the lion will enjoy the game, too.

On the way to and from work, when the bus driver snarls, "Move to the back of the bus"—take him at his word. Shove your way through the mob. In a month you'll have 3,612 mortal enemies who will hate you on sight. But you'll also have shoulders like a fullback.

RUN BACK AND FORTH

When the television commercials flash on, don't just walk to the refrigerator for a can of beer. Trot, and don't bring back just one small can. Bring two cans, then three, then four, then five. Before long you'll be able to race out and return with a case of beer under each arm before the program resumes. Warning: If you drink the beer, you'll look like a keg yourself.

Pedestrian roulette. A good way to build up your leg muscles is to try to race back and forth across a one-way street before the green light changes. Before undertaking this one, be sure your accident insurance is paid up.

Let your wife stay home and you go alone to the supermarket late Saturday afternoon to do the weekly grocery buying. This is the

Weekly Roundup of Editorials From Press Staff Members

(Editor's note: The editorials printed today are written by members of the editorial department who are ordinarily employed in other capacities.)

Hospital Anniversary Recalls Its Progress

That Pontiac General Hospital is celebrating its 50th anniversary today calls to our mind the role which community support has played in building this great institution.

It was thanks to the vision and unrelenting enthusiasm of a handful of women in the Oakland County Hospital Association that the funds were raised to construct the original hospital building, which opened on May 18, 1910.

At the beginning, the hospital had only a dozen or so beds. But it grew over the years even as Pontiac grew, thanks again to a public-minded citizenry who realized more hospital facilities were needed and who were willing to work hard and sacrifice to get them.

It is satisfying to note now that the turbulence surrounding the hospital in the past few years has all but faded away, that once again the hospital is winning its rightful place as one of our proudest community possessions.

In a few days or weeks the long expansion program will receive its finishing touches, and we will have one of the finest hospitals in the country for a city our size—a 400-bed facility with the latest equipment and top-notch training programs designed by our doctors to give us the best in medical care when we need it most.

The hospital has a long-range, three-point program nowadays and we applaud it:

1. Better patient care.
2. A balanced and efficient operation.
3. Community acceptance.

The hospital seems to be in a better position than ever to carry out these aims. The second 50 years are starting off as the best years.

New Park Fee Plan Provides Expansion

After wading through the weekend crowds at Dodge Park No. 4, the Pontiac Lake Recreation Area and other State parks in the vicinity all last summer and for many summers before that, residents of the area should cheer the new parks fee law. At last something has been done toward expanding existing facilities and building new ones.

It has been getting so bad that quite a few families have met the frustration of having to drive around and around the entrance to Dodge Park No. 4 waiting for someone to leave, after being told by attendants there was no place to park their car.

The money amassed through the \$2 window sticker fee and the 50 cent one-day charge will be used to repay bond issues that will provide the funds for the State to alleviate the overcrowded conditions that exist at State parks around the State.

Whether you agree with the plan or think the money should come from some other source, the prospect of improvement and expansion of the parks in the near future should make us all happy.

If you consider the fees just an added tax straw on our collective camel's back, remember that no matter how the expansion

might be paid for, it would be the taxpayer who would get the bill.

At least under the fee plan it will be the users of the State parks who will pay for improvement of the facilities, including those from other states who might not share the cost under some other financing plan.

Inconsistent Penalties Bring NCAA Criticism

College recruiting, a necessary evil for fielding successful athletic teams, has been a hot item of inter-collegiate sports for many years.

The NCAA, controlling body of inter-collegiate competition, has continually singled out schools and punished them for "illegal recruiting methods."

The latest and most severe sentence ever passed down by the NCAA was the five-year suspension of Indiana University. The Hoosiers were slapped hard for something which in reality is common practice in colleges all over the country. It's a matter of who gets caught and who doesn't.

Competition for outstanding football and basketball prospects has become a cut-throat battle in college ranks and in its growth, the incentives to lure the best athletes have also brought charges of under-the-table payoffs.

Numerous stories have often been circulated about outstanding prospects who have had their scholarship benefits supplemented with monthly allowances from prominent alumni.

The fallacy of the entire matter is the severity of the punishment inflicted on a school like Indiana, which had the misfortune of getting caught.

Illegal recruiting practices should not be condoned by the NCAA. However, the penalties imposed by the NCAA should not be so severe unless the threat of the same severity hangs over the heads of future violators. In the past some schools have been warned and others have been put on probation.

This week, Big Ten officials meet in East Lansing with one purpose being to add further punishment on Indiana. These officials should well remember the adage about the black kettle and the black pot.

The Man About Town

Out of Ordinary Incidents that Have Not Run True to Usual Form

Michigan Week: An opportunity to show how Oakland County makes it famous.

Some muskrats dug a hole from the Clinton River to the basement of the George Requa home in Waterford, and then came up the cellar stairs to escape the flood.

Largest double tulips are reported by Mrs. Edwin Grison of Auburn Heights. They resemble peonies and some are five inches across.

Current predictions for this area, by the Old Farmer's Almanac:

"More rain; that's plain."

"Well, I Know You Weren't Out With Any Girls"

David Lawrence Says:

Nikita 'Playing Poker With Peace'

WASHINGTON — Is the world face to face with another Hitler? Will the next few months see another set of appeasement maneuvers in the West such as began at Munich in 1938? These are strange questions to be asking, but no less strange than a Reuters news dispatch from London last night which read as follows:

"The threatened breakdown of the Paris 'summit' talks tonight stirred a worldwide wave of pessimism and talk of war.

"Will there be war?" people in Paris were asking, echoing the anxieties of others elsewhere.

"Some West German newspapers said Khrushchev's conduct brought back grim memories of Hitler and the period of surprises with which the Nazi dictator opened what was called 'the most terrible period of history.' Another compared Khrushchev to 'Stalin in his best days' while a West Berlin daily said the Kremlin leader 'plays poker with peace.'"

WORLD JITTERY

Thus does a world in jitters speculate as it sees again what damage a one-man dictatorship can do.

But, just as at Munich a firm hand might have checked Hitler, so today a firm hand can checkmate a Khrushchev. While talking arrogantly and threateningly, the Soviet dictator knows that if there are no conferences to relieve tension and no progress toward agreements on outstanding issues, the people of Russia will get just jittery. They could get jittery. They could get jittery. They could get jittery.

He will discover that the Western alliance cannot be divided, and he will learn, too, that Americans will rally behind their President despite the minority of shortsighted politicians here who show signs of trying to get some political mileage out of an insinuation that President Eisenhower is somehow to blame for the torpedoing of the summit conference.

The Soviet leader cannot pose as a peace-maker and then suddenly be revealed as a maker of war. The reaction of the West indicates an apprehension that he may overplay his hand and that his arbitrary tactics someday will force a war.

The texts of the various communications indicate that the Soviet Premier is almost childlike in his defensiveness. Once President Eisenhower refused to go to a summit conference because

Khrushchev threatened the West with an ultimatum. So today the Soviet Premier says he, too, can refuse to go, under the duress of the spy-plane incident.

But, as any student of diplomatic history would tell Khrushchev, it's all right to make demands and to bluff; but it's also wise to leave a way out for the other side.

Thus, he could have construed President Eisenhower's decision to suspend the reconnaissance flights as a point that he had won. But Khrushchev wasn't satisfied and the Hitler—has demanded the humiliation of his adversary. This

can only lead eventually to a break in diplomatic relations and constant talk of war—something that will arouse the people of the Soviet Union even more quickly than the peoples of the West.

For the Russians have memories of many millions of their countrymen who died in the last war.

There could be a revolution inside the Soviet Union if tension increases and war threatens. Since the "satellite" nations behind the Iron Curtain would be in the path of a war, they, too, must inevitably rise up to protest. They would surely join any revolt that breaks out.

(Copyright 1960)

Dr. William Brady Says:

No Reason for Confusing Rheumatism and Arthritis

until its sales potentiality has been exhausted and the next great discovery becomes available.

So it shouldn't be confusing when I say that 98 per cent of cases of chronic joint disability (rheumatism) call for high calcium diet supplemented with extra calcium and vitamin D. But genuine arthritis does not. This is very confusing. (C.M.G.)

Genuine arthritis is inflammation of joint or joints. It accounts for one or two cases of chronic joint disability in a hundred. Treatment of rheumatism is a matter of primary importance in the physician's judgment in each individual case.

The cause of the joint inflammation may be subacute, typhoid fever, pneumonia, streptococcal, staphylococcal, gonorrhea, and treatment would be primarily the treatment of the cause.

Chronic rheumatism is just as prevalent today as it was in the days when the late Dr. Osler said it "comes on insidiously in persons who have passed the middle period of life." Genuine arthritis comes on more or less abruptly in persons of any age.

If you are under 45 and your joint troubles come on in the course of a few days it is very likely arthritis and needs medical care. If you have passed the middle period of life and your joint trouble comes on insidiously and lasts a year or more it is probably rheumatism, or, as I call it, chronic joint disability due to nutritional deficiency.

Dr. Osler, getting his experience almost entirely in hospital wards, associated chronic rheumatism with the poor, particularly washer-women, day-laborers.

So, as soon as he left the country the merchants of medicine began buttering up the 8000 acres by telling them they had "arthritis," which delighted the snobs and became as popular as chrome gingerbread and white sidewalks in Yankeeeland.

In the booklet Chronic Joint Disability (35c and stamped, self-addressed envelope) I say chronic rheumatism is not joint inflammation but degeneration of joint tissue.

If you don't want the truth about it, don't let me detain you—go back to the leading merchant of medicine who has tried the latest wonder drugs on you; by now he'll have still another high priced nostrum which "gives promise" of working miracles, at least

Case Records of a Psychologist:

Is Ocean Water Fountain of Youth?

Grandpa Miller's rejuvenation has been steady. In four months on sea brine therapy, he got out of an invalid's chair and began hobnobbing around with his aluminum walker.

The improvement in his arthritis hip was what surprised me most. Maybe ocean water is the real "Fountain of Youth" for it contains all the water soluble chemicals on this earth.

By GEORGE W. CRANE
CASE E-463: EN Miller, aged 57, is Mrs. Crane's father, and has been taking one teaspoonful of concentrated sea water every day.

After having been a chair patient for almost a year, during which time we had to lift him in and out of bed and often feed him by hand, he began to perk up.

After he had spent four months on the sea brine treatment, I was "fooling" the jaws at his house late one afternoon. As I passed the kitchen window, I saw Grandpa Miller hobnobbing around with his aluminum walker.

He went over to the kitchen stove and turned on the electric burner to heat water for coffee.

The window was open so I heard him grumbling in irritable tones: "Where's Cora? Does she think I'm gonna starve to death up here by myself?"

Whereupon, I called through the open window and told him to go to the table and I'd come in and prepare his supper.

When I called through the open window and told him to go to the table and I'd come in and prepare his supper.

REjuvenation AT 97
Please remember that he had

Voice of the People

'We Must Always Stress Basic American Ideals'

I recently received a pamphlet in the mail called Ideology of Coexistence. This article to me had a rather hidden meaning. The United States has always had a moral basic ideology in its Constitution—its individual rights. We made our choice in our original conception.

The hidden meaning "seems to be that American people have not been living up to their original ideology. In general, big masses take for granted their freedoms. Our schools are lax in many cases in not teaching our ideology—the Bill of Rights and Constitution lead to comprehension of these ideals.

It seems the article itself is telling us we need enlightenment in our own chosen ways.

Keego Harbor

'Truman's Offered Objects to Plan to 'Help Symington' of Vote-by-Mail

Harry Truman has come out for Symington and I would like to ask one question and that is, does that help or hurt Mr. Symington?

What would prevent someone else from using a registered voter's ballot? Signatures can be forged and then the ballot also would not be a secret. The expense of mailing out such ballots would be prohibitive. If people are too lazy and disinterested to vote they don't deserve the right to vote by mail. Those who walk or drive to the polls are at least interested and aggressive enough to practice their right to vote. The absentee vote is good for those unable to vote because of ill health or who will be out of town on election day.

If you wanted to vote and were in good health and in the City on election day, nothing would have prevented you from voting. The school isn't far from where you live.

Edward W. Keesh

'New Parks Fee Bill Hurts Poor People'

I'm writing about the bill requiring people to pay \$2 a year or 50 cents a day to get into our parks. It is outrageous.

Soon the poor people won't have any place to go for recreation. The only people that can have any enjoyment are the rich and the ones with good jobs. We formerly lived in Pontiac but had to move because of the conditions where we lived.

I like Pontiac very much and I enjoy reading your paper. I don't think there's another one like it. I would like to hear of other people's opinion on this matter.

Formerly of Pontiac

'Real Danger Lies in Socialist Trend'

The fact the Democrats are becoming Socialists doesn't bother me as much as the fact the Socialist element is becoming Communists. There's where the danger lies.

Leamy

Downes Replies to Letter From Griffin

In answer to Mr. Griffin, the Pontiac Taxpayers Association is a non-profit Michigan corporation and has been in existence for years.

Figures that appeared were based upon the present savings and the 1955 estimated debt for the long term debt of \$1 million. Dr. Otto Hildinger stated in public and by a letter signed by him in the minutes of your Board, "Personal property was going down and while real property was going up, the one would wash out the other." You must still believe that.

You and your associates are setting a very poor example of sportsmanship. Every school teaches good sportsmanship when you lose.

W. S. Downes

1801 Owyhee Road

Case Records of a Psychologist:

Is Ocean Water Fountain of Youth?

been a bedfast or chair-fast patient and was heading into his 97th birthday.

If any changes were to occur, it would be natural to expect Grandpa to continue growing MORE feeble and MORE senile, wouldn't it?

He began to perk up, both mentally and physically. He now would get up unaided in the morning and put on his clothes. Then he'd walk to the bathroom and wash, after which he'd come to the table.

The following night, Mrs. Crane motioned for me to come to his bedroom door and peek in.

What I saw was the greatest miracle as regards his rejuvenation. For he had an arthritis right hip for over 10 years.

When we'd dress him, he'd yell if we moved his right leg even gently. In fact, if his dog would accidentally bump that right leg Grandpa would yell so you could hear him a block away.

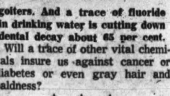

But now he lifted the arthritis right leg, crossed the right ankle over his left knee, and removed his shoe and sock; then let the right foot drop back upon the floor without letting out a peep!

And if you had been around him for the past 20 years, as Mrs. Crane and I have, you'd realize that some miracle must have happened to his arthritis right hip!

That was when I began to check back to see how we might expect his rejuvenation.

And the ONLY new items in his food or drink, has been the daily (teaspoonful of sea water concentrated 10 times the usual ocean strength).

DEFICIENCY ALIMENTS
If our human body needs a wide variety of chemicals to keep our various organs and glands up to

patterns. And a trace of fluoride in drinking water is cutting dental decay about 65 per cent. Will a trace of other vital chemicals insure us against cancer or diabetes or even gray hair and baldness?

Modern medicine regards this idea as probably the most significant innovation since the sulfas and antibiotics.

Always write to Dr. George W. Crane at 1801 Owyhee Road, Pontiac, Michigan; enclosing a long stamped, self-addressed envelope. Be sure to try typing and printing costs when you place the ad. (Copyright 1960)

Changing World Has Left Him Out

Chiang Watches Summit

By PHIL NEWSON
UPI Foreign Editor

A man once powerful in world councils sits virtually ignored today.

Scarcely a better example of a changing world could be found than Generalissimo Chiang Kai-shek of Nationalist China. Seventeen years ago another Big Four included the United States, Britain, Russia and Nationalist China.

France, prelate then, has taken China's place today and the Generalissimo finds himself out of step with the times.

While East and West seek some form of coexistence, Chiang Kai-shek clings to his belief that darkness over the world can be lifted only by the total elimination of communism.

In 1943, he helped the late President Roosevelt and former Prime Minister Winston Churchill draft Allied goals in Asia in World War II.

Today, among the Big Four, only the United States and France recognize Chiang's Kuomintang administration as China's legal government.

Today, as world leaders talk of peace, Chiang's navy and Quomong garrison are under a new emergency alert against a surprise attack from Communist China.

As in the summer of 1958, Chiang's aides are issuing new warnings of a Communist military buildup on the Chinese mainland. They claim the Reds are moving super sonic MIG 19's, jet bombers and submarines into the Formosa Strait area.

In Quomong, the Reds have an almost fool-proof sanctuary for igniting world tensions.

They can shell the offshore islands with impunity based on the expectation that the

Will Suggest Attendance Area for New Schools

Waterford Township Schools Supt. William Shunk will recommend an attendance area for the new Delta Lakes and David Grayson elementary schools, at tomorrow night's regular Board of Education meeting.

Both of the schools are now under construction and will be ready in September. The Delta Lakes School is located near the Pontiac Lake-Crescent Lake roads intersection and the Grayson School, on Walton boulevard, near Dill street.

Recommendations for the re-investment of the building and site fund into 1959 series United States Treasury Bills will be considered. The Board also will review recommendations made by engineers Johnson & Anderson regarding a road hole on the Schoolcraft School property.

Shunk will report on results of the night hours at the high school library for the past four months.

The building committee of the Board of Education will present a report on present and future building sites, and Shunk will recommend the placement of certain administrative personnel due to the opening of the new school buildings.

Waterford, Donelson PTAs Meet Thursday

The last meetings of two more Waterford Township Parent-Teacher Associations has been set for tomorrow night.

A lecture on water safety will be presented by Waterford Township police at the 8 p.m. meeting of the Donelson school PTA.

The Cub Scouts will have a display of projects made during the year, and there will be an installation of officers.

The Waterford Center PTA meeting also will have an installation ceremony with Mrs. Lewis Long, representative secretary of the Oakland County PTA Council, in charge. The school chorus will present a musical program, followed by a get-together coffee hour.

Two 'Fishermen' Hook \$13,000 Ring From Store

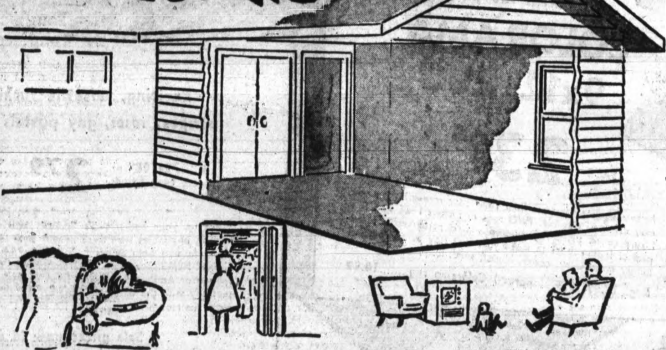

CHICAGO (AP) — Police today caught a pair of anglers who landed a \$13,000 diamond ring with light tackle Tuesday.

V. C. Baerby, manager of the swank Spaulding & Co. Jewelry on North Michigan Avenue, said the five-carat diamond solitaire apparently was lifted from its case with hook and line after the edge of a plate glass case top was raised.

He described two well-dressed men who visited the shop shortly before the ring was missed.

Domenico Scariatti, Italian opera composer (1885-1957), pioneered in sonata form.

State Delegates Favor Kennedy

Poll Shows Stevenson With Strong Support in Second Spot

LANSING, Mich. (AP) — Sen. John F. Kennedy of Massachusetts is far ahead of any other Democratic presidential possibility but probably lacks a majority of Michigan's 51 nominating votes, an Associated Press poll showed today.

The poll indicated considerable indecision among delegates to the party's national convention. It reflected a fairly strong undercurrent for Adlai E. Stevenson, party standard bearer in 1952 and 1956. Sen. Stuart Symington of Missouri found some favor, but trailed Kennedy in roughly a ratio of 1 to 3. Former Gov. Chester C. Bixby of Connecticut was mentioned by a few delegates.

The Michigan delegation, with the seventh largest bloc of votes at the Los Angeles convention in July, is committed to Gov. G. Mennen Williams as a favorite son until released by him.

Of the state's 102 delegates, each with one-half vote, 45 responded to a questionnaire asking their preference for president after Williams releases the delegation.

Twenty or just over 40 percent named Kennedy, eight named Stevenson, six chose Symington and two picked Bixby. On the basis of a mention either as a first or second preference, Kennedy drew 26 votes, counting six seconds, and Stevenson 23, counting 15 seconds.

INDIAN SHOW COMING — An honest to goodness Indian show will be one of the feature attractions at the Waterford Township Haviland School Fair from 4 to 9 p.m. Saturday. Mr. "Runs the Enemy," his wife "Good Woman" and son "Big Thunder," will sing folk songs, dance and give Indian demonstrations. Co-chairmen are Mrs. Raymond Bouneau, Mrs. Reginald Riehl and Mrs. Carl Douglas. The public has been invited to attend.

Uganda Women Object

CAIRO (UPI) — The Middle East News Agency has reported from Kampala that Uganda feminists have demanded amendment of tribal marriage laws. The feminists charged that tribal laws reduce wives to " chattels." The re-

port added that the feminists have concentrated their fire on the law whereby, when a husband dies, the wife inherits his property and his wife.

Puerto Rico has off-track betting.

'Reserved TB Beds Should Be Released'

DETROIT (AP) — Michigan's health commissioner said Tuesday more tuberculosis sanatoria beds should be converted to other uses.

Dr. Albert E. Heustis said county, city and state sanatoria now have facilities for 3,652 patients, or more than 400 beyond the number now under care.

Heustis' views were in remarks prepared for the annual meeting of the TB and health society of Wayne County.

The State Mental Health Commission now is in the process of taking over 300 beds at four TB institutions for mentally retarded patients. The conversion was ordered by the Legislature.

Gals, Don't Try to Fool Dr. Hahn About Your Age

LOUISVILLE, Ky. (AP) — Gals, don't try to fool Dr. Hahn Hahn of Transylvania College. He's likely to learn your age anyhow.

He told a safety conference that the speed of perception-recognition of objects—slows as a person grows older, and that a woman of 30 who takes his tests needn't claim she is 25.

Her speed of reaction to a flashing red light or buzzer will give her away.

Takes Macmillan on Reminiscing Trip

Ike Journeys Into Past Near Paris

By MEREDITH SMITH
UPI White House Reporter

MARNE-SALA-COGNETTE, France (UPI)—President Eisenhower took British Prime Minister Harold Macmillan on a sentimental journey Tuesday to this small village outside Paris, where Eisenhower lived as commander of Allied Forces in Europe during the early 1950s.

The morning was gray, but the two leaders were protected from the weather by the "bubbletop" White House car as it left the British embassy.

Outside Paris, they drove slowly along narrow country roads into this village about 16 miles from the city. They went first to the white-walled house now the quarters of NATO Commander Gen. Lauris Norstad who is in a Munich, Germany, hospital recovering from a slight heart attack.

The home and grounds estate, known as Villa St. Pierre, was occupied by Eisenhower and his wife during his last assignment in Europe.

The President and Macmillan strolled around the grounds for 10 minutes.

Then the President with enthusiasm told Macmillan that he wanted to show him the small city hall of the village and visit with the mayor who made him an honorary citizen in 1951.

"I want to see the mayor because I'm one of his citizens," the president said with a broad smile.

When they arrived at the red stone city hall in the center of the village, the mayor, 67-year-old Jean Minot, was at his home about 10 yards away.

A village man, carrying a baby over his shoulder, raced down the street to the mayor's house and a moment later, the portly mayor lumbered toward the President's car.

"My dear President," the mayor burst out, "how are you and how is mankind?"

Eisenhower grinned happily, told the mayor in English that Mrs. Eisenhower was back in the United States and he

would like the mayor to meet "The Prime Minister of Great Britain."

"We are very happy to see you," Minot said to the Prime Minister as villagers, mostly children, gathered around the shining, long American car.

There was no interpreter at immediate hand and Macmillan in halting French explained to the mayor for the President that Eisenhower wanted to go inside the town hall and see the

municipal chamber where he was made a citizen.

They spent a few minutes in the building and returned to the car.

"I regret you cannot come back and see us," the mayor said to the President while Eisenhower shook hands with some of the children clustered about his auto.

"Maybe I will," Eisenhower replied. "After next January, maybe I'll come back and stay a while."

McElroy Has Praise for Ike at Summit

CINCINNATI, Ohio (AP)—Neil McElroy, who resigned as defense secretary last December, says he has only praise for President Eisenhower at the summit conference developments.

McElroy, board chairman of Praxair & Gamble Co., told a civic group Tuesday:

"Knowing as I do the very low ebb of the President, I'm especially full of admiration for his calm in the face of the rude and overbearing comments of the Russian government."

McElroy said he expects no war because "this country's de-

fenses are fully adequate to deter Russia and I think Russia knows this."

Pa and Ma Crane Whoop It Up Over New Baby

NEW ORLEANS, La. (AP)—Crip and Josephine, two members of the vanishing whooping crane population, are whooping it up for a new arrival.

The fuzzy brown crane appeared here sometime before daybreak Tuesday. He is one of about 30 whooping cranes known to exist.

Josephine is awaiting another arrival. The egg is expected to hatch in two days.

The average life span for men in Michigan, according to the Michigan Department of Health, was extended 11½ years between 1920 and 1950, and for women it was extended nearly 16 years in the same 30-year period.

Pontiac City Affairs

Foes Delay Curb, Gutter Plans

Public opposition has held up curb and gutter projects on Second, Third and Fourth avenues in District 5.

Protests at the City Commission meeting last night forced a week's adjournment in hearings on assessment rolls for Third and Fourth avenues and a two-week delay on Second.

The protests were the first this year against neighborhood improvements financed under the city's special assessment formula.

Some residents protested being assessed for drains because they already had paid for sewers once. Others said they couldn't afford the assessments this year.

City Manager Walter K. Wilman was asked to study past assessments on Third and Fourth avenues. Residents on Second avenue were given two weeks to file a protest petition killing the improvement in their street this year.

Involved are Second avenue, Joslyn to Laurel; Third avenue, Joslyn to Highland; and Fourth avenue, Joslyn to Highland. The projects had been decided upon in 1958, earlier this year by City Commissioner John A. Dugan.

The Commission ordered the administration to proceed with construction of a \$30,750 storm relief drain for District 3, substituting 12.18 inch line for the original 8.10 inch drain.

Declared a public necessity and scheduled for a hearing next week was a proposal for a combined sewer on Sheffield avenue, Ivy (extended) to Highland.

The estimated cost of \$19,922 was broken down into \$10,909 from special assessments and \$9,012 in city funds.

LOCKE STREET HEARING
Another hearing next Tuesday will be on the proposal for a Locke street water main at a cost of \$5,231, of which \$3,220 is to come from special assessments and \$2,011 from city funds.

Commissioner William H. Taylor Jr. was appointed to help Commissioner Robert A. Landry iron out wrinkles in the proposed ambulance control ordinance. Landry said they would meet with ambulance operators before making a preliminary report to the Commission in two weeks.

The commission took little note of the Berkley City Council's suggestion that all communities in Oakland, Macomb and Wayne counties protest the proposed Detroit income tax.

A letter from the Berkley council was filed away with no action. Mayor Philip E. Rowston had already noted that the proposed tax wouldn't affect Pontiac significantly.

OTHER HEARINGS HELD

There were no objections raised at several other hearings. They involved special assessments for curbs, gutters, grading, graveling and drainage on Roland road, from the south line of Assessor's Plat 159 to Argyle; the same work on Tennyson avenue, Fuller to Astor; a 300-foot sanitary sewer on the south side of Oakland avenue, south of Pershing; a combined sewer on the north side of Walton boulevard, Stanley to Richmond; a sanitary sewer on Astor street, from Michigan to a point

To Discuss Work on Dixie Cloverleaf

John E. Meyer, director of engineering of the State Highway Department, will be the guest speaker at the regular meeting of the Waterford Township Democratic Club at 8 p.m. Saturday in the Community Activities Building.

Meyer will discuss and answer questions on the progress of the "cloverleaf" traffic pattern at Dixie

highway and Williams Lake road.

The meeting is open to all interested persons, said Patrick Daly, club president.

President James A. Garfield was a preacher in the Disciples of Christ Church.

200,000 Motorboats Unregistered in State

LANSING (UPI)—About 200,000 of Michigan's 500,000 watercraft owners have failed to register their motor boats, Secretary of State James M. Hare said Tuesday. But Hare said the registrations,

which have been coming in at the rate of about 2,000 a day, will increase before the Memorial Day weekend.

3 Tots Die in Fire Near Charlotte

Phone Line Disabled, Farm Home Owner Drives 6 Miles for Aid

CHARLOTTE (AP)—Three children died in a fire that destroyed their farm home six miles north of Charlotte today.

The victims were Barry Wilmore, 7, and his brothers, Alan, 3, and Kenneth, 1.

Clare Wilmore and his wife Joyce managed to save themselves and two other of their children, Eileen, 5, and Bryan, 4.

Wilmore said he and his wife were awakened by smoke in their farm two-story home about 4:50 a.m. When he attempted to turn on an alarm, Wilmore said he found his telephone line had been burned to two. He drove to a neighbor's but he didn't have a phone, so Wilmore had to drive into Charlotte to summon firemen.

Eileen and Bryan suffered minor burns. They were brought to a hospital here.

The cause of the fire was not determined.

When Walt Whitman got a job as reporter on "The New Orleans Daily Crescent" he took the 14-day trip from Brooklyn to New Orleans via stage coach.

Measles Epidemic May Begin to Abate Soon

A measles epidemic has reached its peak in Oakland County, the Health Department reported today. A total of 2,216 cases have been reported to date this year, compared with 747 for the same period in 1959.

Dr. John D. Monroe, director, said he is sure there are many more cases than are being reported to the Health Department.

"This is the time of year," said Monroe, "There is quite a lot of it and we will continue to have a lot of it through June and some of July."

"I think we are at the peak now, though, and from now on it should be on the way down."

Monroe said he is not too concerned with the youngsters who contract the disease because it is not, in the vast majority of cases, seriously harmful to them. Contracting the disease is the way to build up an immunization.

He said, however, that many adults can become very sick with the measles. "It is a disease to be reckoned with because of the complications," the health director said. "Bronchial pneumonia is the main danger."

Monroe advised that parents keep their measles children quiet and see that they get plenty of rest in order for the disease to

run its course without complications. He also advised medical supervision for everyone with measles. There were 257 cases of measles reported during the past week to the Oakland County Health Department. For the comparable week ending May 15, 1959, there were only 26 cases reported. Monroe said measles runs heavy in cycles of two-and-a-half to three years.

Test Vote Scheduled on Ike Plan for Aged

WASHINGTON (AP) — The House Ways and Means Committee tries again today to agree on a health care plan for the aged.

A test vote was scheduled on a proposal resembling in some respects the Eisenhower administration plan for protection against catastrophic illness costs to be financed jointly by the federal government and the states. But Chairman Wilbur D. Mills (D-Ark.) said the proposal was distinct from the Eisenhower offering, for which the committee so far has shown no marked enthusiasm.

The issue of medical care for those 65 and older has occupied the committee at almost daily closed-door meetings for nearly seven weeks.

ROSES FROM MICHIGAN — House Speaker Sam Rayburn holds bouquets of roses presented to him Tuesday by sons of Rep. James O'Hara

(D-Mich.) Ray, 6, left, and Thomas, 5. The flowers, from Mt. Clemens, are to help call attention to Michigan Rose Week.

More than 200,000 gallons of paint and paint products were used in painting the Navy's carrier Independence, enough to paint 30,000 average homes.

6-Hour TV Program

HAVANA (AP) — One of the longest television programs in economic work of the Castro revolution, ended early today after nearly six hours. Prime Minister Fidel Castro talked more than two hours.

It's Our Livelihood Day

We Should Take Pride

By E. C. HAYHOW
Publisher, Hillsdale Daily News
Vast stretches of rich farmland yielding abundant crops... huge automobile plants, where a car is created from hundreds of separate parts in a matter of minutes... great excavations where iron ore, salt and copper are mined... large institutions, both public and private... small grocery and

MICHIGAN WEEK
MAY 15-21

hardware stores in every community. All of this is part of life in Michigan, the part which provides employment for thousands of Michigan people.

Today, the fourth day of the seventh annual Michigan Week, is dedicated to the recognition of these vehicles through which we make a living — Our livelihood Day.

We should all be proud to work in Michigan, proud of the great

Industrial and agricultural economy which our work has helped to create, proud of the young citizens of Michigan who are preparing for their future occupations in our state. Above all, we should take pride in the products and services produced through the work of the people of Michigan.

Few states can boast of a more diversified and well-rounded economic structure. For in Michigan can be found 81 per cent of all industry types recognized by the United States Census Bureau, as well as important agricultural enterprises, businesses which employ from one to hundreds of persons, institutions providing work for many of our people, tourist and resort industries, transportation lines and hundreds of other contributors to Michigan's economic stability.

Reviewing Michigan's enormous opportunities for employment, it is fitting that we pay tribute to our particular sources of livelihood through an extra effort to show appreciation for occupational advantages and the people who provide them, whether in a small grocery store in outstate Michigan, a Detroit automobile assembly plant, a college or university or a farm or in an insurance agency.

The earth's crust is about five billion years old, says the National Geographic Society.

Notes Jamming Stepup

RECKLINGHAUSEN, Germany (AP) — The British Broadcasting Corp. said today jamming of its Russian language service had increased notably. The Soviet Union stepped up jamming of Voice of America broadcasts after they shot down the American spy plane on May Day.

... and when we get married, Jimmy, do you promise to have our car washed each week at KUHN AUTO WASH?

Senior Scouting Awards Given Out by Area Council

Council president Mrs. Howard Fletcher, left, of Main road greets guest speaker Mrs. Robert McCurry, Garland street, of Pontiac State Hospital's staff. They were early arrivals at Northern Oakland County Girl Scout's May Council Meeting.

Awards and kudos to graduating Seniors were highlights of Tuesday evening's semi-annual council meeting of the Northern Oakland County Girl Scout Council.

Group singing and a flag ceremony opened the affair which was held at Madison Junior High School. Mrs. Wayne Hedrich's troop 86 were color bearers and gave the invocation.

The program, in charge of Mrs. Carlyle Bragen, followed the president's message and introduction of board members. Mrs. Harold Millsap presented Curved Bar Awards — Girl Scouting's highest achievement to Karen Farley, Bertha Hart, Linda Dale Eason, Susan Millsap, Romona Swanson, Sarah Tripp, Barbara Garner, Elaine Gatt, Ellen Bechtelmeier, Gloria McNally and Jo Alice Peterson. Others receiving the award

included Sue Latendresse, Trudy Donaldson, Linda Reid, Nancy Wilson, Laurel Gensley, Patricia Lou Horner, Gayle Louise Carman and Marcie Potter.

Completing the list were Rosalynn Tauti, Norma Craddock, Judy Gillett, Marilyn Curtis, Sandra Watkins, Mary Jane Stanker, Christine Thomson, Delores Artega, Darlene Kessler, Roberta Tibbitt, Linda Proulx and Rosemary Gardner.

Mrs. Millsap also presented certificates to graduating Senior Girl Scouts, many of whom will continue in Girl Scouting as assistant leaders and camp counselors.

Receiving certificates were Lois Arndt, Carol Mathew, Diane Slinker, Karen Farley, Pat Ladin, Barbara Bryant, Roberta Smith, Diane Frick, Virginia Pattison, Cornelia Riggs, Verna Belle Berner, Mary Phyllis Grile, Norma

Craddock, Rebecca Ruser, Sue Latendresse, Sonia Johnson and Kay Bendall.

Counselor in Training certificates were presented by Mrs. William Crommett to Bonnie Denham, Donna Welch, Sharon Noble, Patricia Daves, Kristy Pearson and Diane Slinker.

Mrs. Crommett also presented a special award, the Thanks Badge, to Mrs. Jay Bendall who was the group's volunteer of the year. Presenting the Thanks Badge to Mrs. Clifford Neville was Mrs. Cyril Davis.

Receiving district cookie awards from Mrs. Bragen were Troop 437 of Avon, Mrs. C. F. Noffert; Troop 503 of Midwest, Mrs. Richard Flora; Troop 16 of North, Mrs. Robert Quick; Troop 141 of Pontiac, Mrs. Howard L. Dell; Troop 363 of Southwest, Mrs. James Mc-

Curry; and Troop 574 of Waterford, Mrs. William McMillan.

In her speech, Mrs. Robert McCurry, director of Occupational Therapy at Pontiac State

Hospital, commended members of the large organization on the service they have rendered the hospital. A social hour in charge of Lincoln-Wisner-Alcott neighborhood concluded the evening.

Have You Tried This?

Cooks Always Welcome Quick Sandwich Snacks

By JANET ODELL

Pontiac Press House Editor In the past cookbooks would never have had a chapter entitled "Snacks." That is a new category but an important one in today's food picture. Mrs. John Jackson of Rochester has some suggestions for sandwich snacks.

SANDWICH SNACKS

By Mrs. John Jackson

When you have some left over ham, grind it up. Add grated sharp cheese, minced green pepper and onion. Bind with catsup. Spread on hamburger buns and broil.

Canned corn beef makes good barbecues. Break into pieces. Add minced onion, hot catsup and enough water to keep mixture from burning. Simmer until well mixed. Serve on toasted buns.

Gets Luncheon Report

Temple Sisterhood Hears Book Review

Sisterhood of Temple Beth Jacob members held a luncheon meeting Tuesday.

Mrs. H. Malcolm Kahn reported on the mother-daughter

luncheon observed Saturday at the temple. Mrs. Raymond Rapaport and her daughters Marjorie and Carol were named Mother and Daughter of the Year. A mother-daughter fashion show with apparel by Alvin's and the Lion Store followed.

School to Greet Visitors

The staff of the City and Country School for Gifted Children, Bloomfield Hills, is planning an open house from 2 to 5 p.m. Sunday. Supervised recreation is planned for the children.

Purpose of the program is to acquaint the public with the school's gifted child educational program, long range building plans and scholarships.

George Roeper, the school's director, will give a progress report.

Special feature of the day will be a talk on trends in gifted child education by Dr. Elizabeth Dwyer, associate professor, Michigan State University, and a consultant to the school.

Guests will see the school's facilities and talk with teachers. A nursery school for children two to five years will be open. Indoor activities are planned in the event of bad weather.

A nonprofit school, City and Country has 205 children who represent a cross section of economic, social and racial backgrounds in the metropolitan Detroit area.

The program originally was set up by a nationwide staff in the field of gifted child education.

All Saints Nursery School Mothers Meet

Mrs. Lowell Stuckmann was installed as chairman when All Saints Nursery School mothers held their final meeting of the year Monday at the church.

Others inducted were Mrs. James Wilkinson, first vice chairman; Mrs. Jack Kirksey, second vice chairman; Mrs. Alfred Hansen, treasurer; Mrs. John Murray, secretary; Mrs. Joseph Fox, health and enrollment chairman; and Mrs. William R. Armstrong, mother's helper chairman.

Epsilon Sigs Cop Top Posts

Honor Local Sorority

Pontiac Epsilon Sigma Alpha Sorority members brought home several honors from the group's annual state convention May 13-15 in Flint.

Mrs. Elmer Johnson was named state first vice president and Mrs. Harry Rhodes, state recording secretary.

Another localite Mrs. Ralph O. Allen Jr. was chosen "Outstanding ESA Girl of the Year" at the meeting. Further recognition went to Betty Lou DeGroot who was installed as vice president of the new State Presidents Auxiliary by Mrs. Frank Jabosky. All of the above represented Alpha Alpha Chapter.

Mrs. Betty Ritenour of international headquarters in Loveland, Colo., special guest at the convention, installed the new state officers.

Pontiac Epsilon Sigma Alpha members attending were Mrs. Ben Sweeney, Mrs. Lacey Schiffer, Mrs. Rhodes, Mrs. Jack Andrest, Mrs. Marshall Rose, Mrs. Ralph Wilson, Mrs. Robert Hasse and Mrs. Allen.

Others were Mrs. Edmund Smith, Mrs. Johnson and Miss DeGroot. Some 149 members from the state attended the convention. The 1960-61 convention will be sponsored next May by Pontiac's chapters, Beta Mu and Alpha Alpha.

Pontiac Couple Speaks Vows at St. Michael

MRS. ROBERT F. PETRUSKA

Couple Celebrates 30th Wedding Day

The Rev. Francis O'Donnell solemnized the wedding vows of Madama Ann Stark and Robert Frank Petruska, Saturday in St. Michael Church.

Daughter of Mrs. Leo W. Stark of Monticello avenue and the late Mr. Stark, the bride chose white Chantilly lace and tulle styled with a cathedral train.

The fingertip veil of French illusion was caught by a pearl tiana. A white orchid centered a hand-cascade of white carnations.

Mary Ann Stark, her sister's honor maid, wore pink nylon chiffon and carried blue carnations.

The bride's cousins, Mary Beth Belisle of Pontiac and Bernadette Stark of St. Paul, Minn., bridesmaids, wore pink blouses and held pink carnations.

Best man Gary Petruska stood as best man for his brother. They are the sons of Mr. and Mrs. Louis John Petruska of Oliver street. Eugene Zimmerman and Joseph Berry seated the guests.

At the reception in the Greek Orthodox Hall, Mrs. Stark appeared in beige organza and lace, with corsage of pink tea roses. Rose carnations complemented Mrs. Petruska's dress of rose pink lace over taffeta.

On their return from a honeymoon at Sunfish, Ky., the couple will live in Pontiac.

Four Pages Today in Women's Section

St. Hugo Guild Bowlers Receive Year's Prizes

St. Hugo of the Hills Bowling League closed its season with a luncheon Tuesday at Sylvan Glen Inn.

Trophies for the winning team were awarded to Mrs. Orrin McQuaid, Mrs. Rudolph Reganold and Mrs. Frank Trudell.

Rebekahs Meet

Some 100 guests were present when Pontiac Rebekah Lodge No. 46 was host to Oakland County District No. 6 of Rebekah Lodge in Malta Temple.

Luncheon was served after the Friday meeting by Mrs. Water Goodrich and her committee.

No-Season Coats

UPH — The white coat on one hand and the dark trend coat on the other epitomize a seasonless look in spring coats and answer the big demand for travel wear.

Girl Scout Awards were numerous at the local council's semi-annual meeting Tuesday evening at Madison Junior High School. Volunteer district chairmen and board members making preparations were

assisted by one of the new staff members. From left are Mrs. Paul Pearce of Oxford, Mrs. Richard Flora of Milford, staffer Carolyn Brown of Nevada avenue and Mrs. Herbert Huber of Orchard Lake.

Have Faith and Courage, Says Abby

Take Problem to Your Minister

By ABIGAIL VAN BUREN

DEAR ABBY: My husband holds a position of trust that he is unworthy of. He has been stealing from the company. I couldn't believe it until I was faced with the proof.

I discussed it with him and he promised to stop. But his promises mean nothing because I have proof that he has been at it again. The more he gets away with, the more he wants.

We have three children. Abby, and if he is caught he will lose his job and he might even be sent to prison.

I love him and want to help him, but I can't go on living with a thief and taking a chance on his bringing disgrace to me and the children. If you can't help me, Abby, please tell me who can. I am sick at heart. MOTHER OF THREE

DEAR MOTHER: If you have never asked a clergyman for help—ask him now. If you don't belong to a church, go to one. I doubt if any clergyman would refuse to help you. Beyond that, your husband might need a doctor. Stick with him and give him the strength, support and incentive to overcome his weakness. It can be done.

DEAR ABBY: My secret ambition has always been to earn a college diploma. I started college once, but stayed only four months because my father took sick and I had to

return home to get a job and take care of the family.

I am 38, Abby. If I take courses three evenings a week, I figure it will take me eight years to earn the credits required to graduate. I wonder if it's sensible. If I go, in eight years I will be 46.

WANTS A COLLEGE DIPLOMA

DEAR WANTS: And how old will you be in eight years if you DON'T go?

DEAR ABBY: After going steady with Russ for three years I married him. I was only 18 at the time. We've been married for five miserable years and have two children. I realize now that I was too young to know my own mind

when I married. Now I finally met the man I should have married.

His name is Frank and, Abby, we were meant for each other. He's married, too, and his situation is exactly like mine. He married too young and all he and his wife do is fight.

He says he is happy only when he is with me. Frank and I have been seeing each other on the sly. Is it wrong to continue these meetings? Nobody knows and nobody is hurt.

We are very much in love and suffer terribly when we are apart. Why should we suffer the rest of our lives just because we didn't meet until after we were married?

DYING BY INCHES

CONFIDENTIAL TO MITZIE: Truth serum is not 100 per cent reliable, and I doubt if it is available to the public. If I were you, I'd bounce the bun. He's not worth the salt in your tears.

Spring Festival Slated Friday by Area PTA

Benjamin Franklin School's PTA will sponsor a spring festival from 6 to 10 p.m. Friday.

General chairman Mrs. Alva J. Carter and PTA president Mrs. Samuel J. Whittier have announced a spaghetti luncheon will be served at 6 p.m. Refreshments will be available throughout the evening.

Booths will include fish pond, silhouettes, novelties, baked goods, make-up, refreshments and a country store.

Games will be featured in the multipurpose room from 6 to 7:30 p.m., followed by a dance and a movie. Hay rides also will be offered.

Teachers and PTA members will supervise activities. Proceeds will benefit the playground recreational program.

Continuing through May 23, the annual Student Pottery Sale at Cranbrook Academy of Art is anticipated eagerly by local art lovers.

Ishmael H. Soto, left, of East boulevard and Anne Sanders of Howe, Ind., sit midst pots and bowls at the crafts court where the sale is taking place.

Success of the "Hush Puppies" stems from the development of a machine which makes large quantities economically and efficiently.

It added that more than one million Americans are wearing the new product manufactured by the Wolverine Shoe and Tanning Corp. of Rockford.

The corporation, directed by Adolph K. Krause, produces about 10,000 pairs of the plaid shoes each day.

It operates factories employing more than 1,200 persons in Joliet, Greenville, Big Rapids, Howard City, Reed City and Rockford.

"Hush Puppies" provide an "outstanding example of Michigan dynamics," said T. Austin Saunders of Muskegon, Michigan Week chairman.

Michigan's product of the year.

The brightly hued leisure shoes were the unanimous choice of the Product of the Year Board which announces the award annually during Michigan Week.

Last year's winner was the book "Anatomy of a Murder" by John Voelker, former State Supreme Court justice.

"Hush Puppies" provide an "outstanding example of Michigan dynamics," said T. Austin Saunders of Muskegon, Michigan Week chairman.

Farm and Garden Assn. Will Hold Flower Show

As a community project, the Waterford branch of the Woman's National Farm and Garden Assn. will sponsor a flower show, "Springtime Serenade," from 1 to 9 p.m. Saturday at the Waterford Community Activities Building.

Area garden and extension clubs, as well as the general public, can participate in the show. There will be no admission charge.

Entries must be in place and ready for judging by 10:30 a.m. Saturday. Only one entry is allowed as exhibitor in each class, but exhibitors may enter any number of classes.

In arrangement classes flowers need not be grown by the exhibitor, but entries in the horticulture class must have been grown by the entrant.

Classes include entries on the theme "Come Dance With Me," mood interpretations of dances; "Spring Melodies," arrangements suggesting song titles; "Color Rhapsody"; "All White"; and arrangements for desk or coffee table and natural containers such as driftwood.

Summer terrace and miniature arrangements also will be featured. Junior exhibitors, ages 8 to 14, may arrange May baskets.

Table settings, entries in the horticultural class and house plants also will be on display.

General chairman Mrs. Norman Hill is being assisted by Mrs. Ralph Bump, co-chairman; Mrs. Lloyd Thornton, singing; Mrs. Carl C. Koehler, properties; Mrs. Arthur Arnold, classification; Mrs. Dalton Eltinger, judges; Mrs. William K. Baer, hospitality; Mrs. Fred Ehlman, publicity; and Mrs. A. W. Emery, removals.

Others are Mrs. Eugene Cleland, conservation and wild flower gardens; Mrs. William Cobb, tea table; Mrs. James Green, finance; and Mrs. Robert Materna, garden sales.

Mrs. Hill, Mrs. Cleland, Mrs. Green, Mrs. Bump, Mrs. George Stout and Mrs. Cobb will be clerks.

Entries chairman are Mrs. Donald Gilchrist, artistic arrangements; Mrs. Stout, table settings; and Mrs. Paul Herbst, horticulture.

Members of the Waterford Branch, Woman's National Farm and Garden Assn., held a workshop recently in preparation for their flower show slated Saturday. Mrs. Norman Hill, right, general chairman, shows Mrs. Frank Fisher, left, and Mrs. Carl C. Koehler, properties chairman, a tulip arrangement for the horticultural class display.

Graceful forsythia arrangements were being made by, from left, Mrs. Mark Stewart, Mrs. William Cobb, Mrs. Eugene Cleland and Mrs. Ralph Bump when this picture was taken at Waterford's branch, WNFGA, recent workshop. There will be no admission charge for the group's Saturday "Springtime Serenade" flower show at Waterford's CAI building.

Becomes Labeled Lift-Out Tray Luggage Leaf Helps Packing

By GAY FAULLEY
UPI Women's Editor

NEW YORK (UPI)—Take a leaf from the book of one well-traveled miss when you do your own vacation packing. Use luggage "leaves" to ease the job.

These "leaves" are the do-it-yourself variety—layers of nonwoven material which you can buy at any yard goods counter and which seamstress use for clothes interfacing.

Cut several layers to fit your suitcase (seven will do for most packing jobs) and stitch on handles, or lifts, made of the same material.

The "leaves" become lift-out trays, separating into layers various parts of the wardrobe. Use a ballpoint pen to label each handle according to contents of the tray.

"The leaves help in three ways," said Carol Lane, who is women's travel director for the Shell Oil Co. "They give a flat surface so you can get more in a suitcase, they absorb wrinkles, and they provide a filing system so you can lift out an item without disturbing everything else."

Mrs. Lane travels 60,000 miles a year gathering information on vacation spots, and talking with women's groups about packing methods or traveling with children.

She said that with the layer method a girl can get all she needs for a two weeks vacation into one 26-inch suitcase.

She suggested that any packing start with a list. Stick with one basic color—black, navy, gray or beige—in suits and dresses and use bright accessories.

Use the two weeks at a summer resort. Miss Lane would divide a wardrobe into five basic parts:

- The travel suit with scarf, blouse and necktie for a change of its appearance;
- A costume which can go from day into evening, preferably a two-piece dress with a flared skirt if the travel suit has a straight skirt;
- A costume for spectator sports; it could be a cotton knit or a sheath which you can "dress up or down" with jewelry and other accessories;
- A simply cut skirt, reversible if possible, and three or four blouses to go with it;
- And active sportswear of one or two bathing suits and Bermuda shorts.

Pack all heavy items, such as shoes, travel iron and cosmetics other than those you will need for an overnight stop, in the bottom of the suitcase.

Missionary Speaks to Church Unit

Mary Murray, Trailer Court missionary in the Detroit area, spoke of her work at the May meeting of Bethany Baptist Church's Women's Society.

First assignment for Miss Murray, a graduate of the Baptist Missionary Training School in Chicago, was serving the Crow Indian Mission at Pryor, Mont., where she worked for several years before coming to the Trailer Court mission field.

Mrs. D. R. Veazey, program chairman, introduced the speaker and also Mrs. Hayden Henley who led in a devotional "The Open House," elaborating on the Michigan Baptist Convention, of which Bethany Baptist is a member, by Raymond Firestone, president of the Firestone Tire and Rubber Co. The property will be used for an all state Baptist conference and camping area.

Three State Women's House Parties will be held at Hillsdale College June 13-14. The northern House Party will be June 13-14 at Lake Louise Baptist Camp.

Two scholarships from the fund "Lett Webb" scholarship fund have been awarded to Gary Relyea and James Winger.

Mrs. George Lang, closed the meeting with a solo. Naomi group members were hostesses under chairmanship of Mrs. Etta Hilber and Mrs. Maurice Baldwin.

There's nothing appealing about a peeling skin. Take it easy when tanning. Start with a few minutes the first time out.

Head Visits Auxiliary

District III Amvets Auxiliary members were visited by their state president, Marie Bernacki, at Monday's meeting. Mrs. John

To Display Tulips

The Dirt Gardeners will display their tulips Thursday and Friday at the new post office on Huron street, according to Mrs. Vivian Potts, club parliamentarian and chairman of the display.

Allen opened her home for the affair with Jimmy Day Post 12 Auxiliary members as hostesses. Officers elected for District III Auxiliary were Mrs. Robert Brown, president; Mrs. William Marshall, vice president; Mrs. John Allen, secretary; Mrs. Harold Willis, treasurer; Mrs. Albert Emley, public relations; Mrs. Edward Mason, Chaplain; Mrs. Jack Marner, sergeant-at-arms; and Mrs. Robert Adair, liaison.

One out of three American workers is a woman according to the National Industrial Conference Board. Biggest increase is in married women over 35. Number of single women in the labor force has declined in the last 20 years.

Win in Card Play

Seven tables were in play when Pontiac Bonaventure Bridge Club held its weekly duplicate bridge tournament in Hotel Waldron.

Winners at the Saturday event were Mrs. Charles Davis and Carl Vobsey, Ernest Guy and Henry Georgis, Mr. and Mrs. John Jarno, Richard McCarus and Dr. James St. Louis.

County Ruths Honored at Chapter Meeting

Ruths of Oakland County and past Ruths of Azusa Chapter, OSS, were honored at a meeting Monday evening.

Introduced by Mrs. Victor O. Bodamer, worthy matron, were Mrs. William Vogel, Mrs. Harry Vernon, Mrs. Byron Cole, Mrs. Royal Clark, Mrs. Edward Pritchard and Mrs. Harry Lunsford.

Others were Mrs. John Watt of Clawson, Mrs. Howard Sents of Wall Lake, Mrs. Frederick Mahoney of Farmington, Mrs. Everett W. Collins of Southfield, Mrs. Rick Walden of Birmingham, Mrs. Clarence Falls of Orionville and Mrs. Melvin Thompson of Royal Oak.

Completing the guest list were Mrs. Cecil Gravitt of Atlanta, Mrs. Jack DeArmond, worthy matron of Clawson's chapter, Tom Rhodes, worthy patron of Royal Oak's chapter; Mrs. Eugene Perko, secretary-treasurer of Oakland County Chapter; past worthy matrons Mrs. Pritchard, Mrs. Eugene Perko, Mrs. Harry Vernon, Mrs. Theron Taylor; and past worthy patrons, Norton Graham and William Cosens.

Initiated were Marilyn Vernon, Mrs. John Sallenger, Mrs. Edgar Walling and Mrs. Charles E. Henderson.

Hostesses were Mrs. William B. Cox, Mrs. Lyle Vennier and Mrs. Albert Hallom. Mrs. Pieny Newingham, Mrs. Halton and Lester Oles presided at the birthday table.

Refreshments were handled by Mrs. Daniel Peterson, Mrs. M. B. Holmes, Mrs. Grover Remley, Mrs. L. H. Dean Jr., Mrs. Byron Rogers and Mrs. George Brash.

Instead of the traditional white, try a mauve blouse, scarf, gloves with your navy blue suit. It creates a fresh, different look.

Reads From Bible for Church Unit

Mrs. Elaine Malone read Biblical passages telling of David and Bathsheba when September-October group of First Presbyterian Church met for dessert luncheon at the church.

Mrs. Charles Allen was in charge of the Friday meeting. Plans were discussed for a rummage sale June 11.

Ticket Sale Annoying to Guests

Dear Mrs. Post: We had a small gathering of friends at our house last Saturday evening. During the course of the evening, I asked these friends to take chances on a car that was being raffled off by a charitable organization in which I am especially interested.

The chances were fifty cents apiece and the friends present could easily have afforded several chances. However, after they left, my husband was furious with me for having asked them to take chances and said that I was taking unfair advantage of our guests.

He has made such an issue of this that I am writing to ask you if I was really wrong?

Answer: The ability of your guests to afford taking the chances was not the point, and you, as hostess, should not have made it embarrassing for them to refuse the chances they may not have wished to take.

Dear Mrs. Post: I am a housekeeper and have been for a great many years. The other day a package arrived for the people for whom I work.

I was startled to see on the front of the package in bold letters, "Att. Housekeeper—Do Not Open." I thought this last not only incorrect but a direct insult to me. Wasn't this a most improper way to address a package?

Answer: It seems impossible that anyone could be as rude as the sender of this package seems to be, and there must be some explanation. Perhaps "Do not open" was to have been followed by "Until Mrs. Smith's birthday" etc. and these words then carelessly forgotten.

Dear Mrs. Post: I am going to be married soon and both my fiance and I have several unmarried friends whom we would like to invite to the wedding. We would like to give them the privilege of bringing a friend to the reception. Will you please tell me how the invitations should be addressed in this situation?

Answer: You address the outside envelope to each of these friends and on the inside envelope write, "Miss Smith and guest."

Practical Nurses to Meet Thursday

The Ann Arbor Practical Nurse Alumnae will meet at 8 p.m. Thursday in Pontiac General Hospital's auditorium. Mrs. Fran Zaleski will show films and speak on the subject of alcoholism.

It's Womankind's Duty

Smell Good, Look Pretty!

In warm weather we not only need a couple of baths a day but also a deodorant.

Poppy Sale Will Begin

VFW 1008 Post and Auxiliary members will join other area patriotic organizations Thursday in launching the annual sale of pop-

pies. The sale will run through Saturday.

Frank Peoples, commander of the 1008 Post and Mrs. Peoples, Mrs. Lucie Wright, president of 1008 auxiliary, Mrs. Otto Zandies and Mrs. Archie Tryon attended the District 5 joint meeting of VFW posts and auxiliaries May 15 in Royal Oak.

By JOSEPHINE LOWMAN.

The time of year is here when even more care is essential if we are to remain appealing. Perspiration is a trial, but without it we would be in a bad condition indeed.

There are two kinds of sweat glands: the more numerous are called the eccrine glands and are widely distributed over the entire surface of the body.

The most important duty of these glands is to cool the body. The evaporation of perspiration cools the skin and the blood in the little blood vessels. This blood flows back and cools other portions of the body.

The apocrine sweat glands are located only in certain areas of the body, the one we are most concerned with being the underarm area. The sweat glands have another important function, that of ridding the body of waste materials.

In a moderate climate about one-fifth of the water we drink is lost through evaporation from our outer coating.

In hot weather we not only need a couple baths a day but also a deodorant. While perspiration is important to us no harm can be done to health by using an antiperspirant under the arms.

Today these products have been as greatly improved as have hair dyes. They are no longer harsh and they are more effective. Today there are new products which dry quickly but leave the skin soft and which act as both a deodorant and an anti-perspirant. You also can feel sure that your clothing will not be damaged.

Really, life is very kind to us women today! I am glad that I

Summit Flop Spurs Nixon

Says He's the Man to Take On K as Cold War Mercury Drops

SYRACUSE, N.Y. (AP)—Vice President Richard M. Nixon is laying the groundwork to ask the voters to elect him president as the man best qualified to deal firmly with Nikita Khrushchev.

Nixon reacted swiftly to the collapse of the summit conference on a brief campaign excursion into New York. With hopes dimmed for early progress toward peace, he clothed himself in the armor of an aggressive champion of the free world.

The vice president told a cheering crowd at a dinner in honor of Rep. John Taber (R-N.Y.) in Auburn Tuesday night that the country is going to need not only strong and determined leadership in the presidency but moral and economic stamina on the part of the people.

Nixon left no doubt he thinks he is just the man to take on Khrushchev, an antagonist he said would test the best the West has to offer.

"I know this man reasonably well," he said. "He is very astute. He is quick on the trigger. He thinks things through coolly and objectively and more often than not he uses his temper rather than loses it."

The way to deal with the Soviet Premier, Nixon said, is to "make it clear that surrender of the rights of the free people is too high a price to pay for a settlement with the Soviet Union."

In a day in which he traveled, acted, and was greeted like a candidate already nominated by his party for the presidency, Nixon defended on every possible occasion Eisenhower's role in the long-heralded summit meeting that flopped.

Nixon got a rousing cheer from a Syracuse airport crowd, which included many school children, when he said "all of us can be very proud of the way the President has represented us at the conference."

Fairlawn Staff Member Talks on Disturbed Child

Tonight at the Oakland County Assn. of Handicapped Children meeting in Pontiac, Mrs. June Davis, staff member of the Fairlawn School for Emotionally Disturbed Children at Pontiac State Hospital, will speak.

Her topic at the 8:30 meeting at the Community Services Building on Franklin boulevard will be "The Emotionally Disturbed Child in the Classroom."

Mrs. Davis will also show the award-winning film on the hospital, "The Lonely One."

Military to Show Power This Week

The biggest Armed Forces Week display in the Pontiac area will get under way tomorrow night at the Miracle Mile Shopping Center, Telegraph and Square Lake roads.

The show is being presented by the Pontiac Army Reserve Training Center, 40 Walnut St., under the direction of Capt. Claude H. Reed, commanding officer.

Reservists will fill the shopping center with colorful booths, displays, demonstrations and exhibits of modern warfare.

On Thursday and Friday night from 7 to 9 there will be sound movies shown almost continuously. The films will be shown all Saturday from 10 a.m. to 9 p.m.

Store windows will feature displays of war souvenirs and equipment, including complete uniforms. Three booths will be recruiting stations and information centers. Small arms demonstrations will be featured at the booths.

Free coffee will be served in the bazaar area.

Highlighting the programs each night and all day Saturday will be artillery demonstrations as well as those by drill teams and bayonet teams.

There will also be open house at several area military installations Saturday and Sunday.

Policeman Tells of Trilck Payoff

DETROIT (UPI)—One of eight men charged with conspiracy to obstruct justice in River Rouge justified his wife found the money and spent it.

Bronough J. Bridges, 54, a suspended police sergeant, told Wayne County Circuit Judge Edward S. Piggins he didn't split up the payoff with three fellow officers because his wife found the money and spent it.

He said the money was part of a payoff of \$25 a month to himself and eight other River Rouge policemen for overlooking Trilck's gambling operations.

Trilck and seven others are charged in the case.

Lindsay, Okla., ranks as the largest broomcorn shipping point in the nation.

City Picks Firm for Wage Study

Police, Firemen Agree on Yarger Associates for \$2,500 Project

City Manager Walter K. Willman reported to city commissioners last night that the municipal pay study they asked for would be done by James O. Yarger Associates, a West Virginia firm.

Willman said that Yarger, an independent personnel consultant, would complete the study in five or six weeks at a cost of \$2,500 plus an extra \$75 a day for a couple of days work reviewing the city's job classification plan.

He said that firemen, who had been granted a voice in the choice of the consultant, had no objections to Yarger.

The study will compare with other cities the Pontiac pay scales for all municipal employees including the firemen and policemen who have most outspokenly called for extra wage hikes this year.

The Commission promised at budget time that a study would be made.

It was promised then that if wage hikes are indicated and the funds are available, pay adjustments will be made at midyear, retroactively, if possible.

Canyon Collision Blame Decided

Jury Says TWA Partly at Fault, Clears UAL, Damages Awarded

LOS ANGELES (AP)—A federal jury has held Trans World Airlines partly at fault in the June 30, 1956, collision of two airliners over the Grand Canyon which killed 128 persons.

The other company involved, United Air Lines, was cleared of the blame for the tragedy.

The jury late Tuesday awarded \$250,000 in judgments to survivors of the United Airlines pilot and navigator.

It was the first court action brought by survivors of crewmen killed in the crash. Other damage actions by relatives of passengers are pending.

United pilot Robert S. Shirley's widow, Mary S. Shirley, and their daughter, Linda, were awarded \$200,000 damages. The jury awarded \$55,000 to Mr. and Mrs. Santolo Fiore, parents of Shirley's navigator, Gerard Fiore, and Fiore's brother John.

The plaintiffs argued that TWA was negligent because its plane was flying at 21,000 feet at the time of the collision—the altitude assigned the UAL plane. The plaintiffs also contended the UAL plane had the right-of-way.

The jury's unanimous verdict came after a 10-day trial and two days of deliberation.

State Freeways Prove 78 Pct. Safer in State

LANSING (AP)—Michigan's new freeways are more than four times safer than highways they replaced, the State Highway Department reported.

A report showed a 78 per cent accident decrease on 212 miles of freeways compared to the 22 miles of highways they replaced.

Casualties totaled 229 including six deaths on the freeways compared with 831 including 33 killed on the old highways.

Mount Rainier National Park in the State of Washington covers 229,303 acres.

It was the first court action brought by survivors of crewmen killed in the crash. Other damage actions by relatives of passengers are pending.

United pilot Robert S. Shirley's widow, Mary S. Shirley, and their daughter, Linda, were awarded \$200,000 damages. The jury awarded \$55,000 to Mr. and Mrs. Santolo Fiore, parents of Shirley's navigator, Gerard Fiore, and Fiore's brother John.

The plaintiffs argued that TWA was negligent because its plane was flying at 21,000 feet at the time of the collision—the altitude assigned the UAL plane. The plaintiffs also contended the UAL plane had the right-of-way.

The jury's unanimous verdict came after a 10-day trial and two days of deliberation.

4 Injured in Crash on Union Lake Road

Four persons injured in a two-car head-on collision on Union Lake road last night are in fair condition at Pontiac General Hospital.

Sheriff's deputies said the drivers were Alfred Farr, 66, of 8775 Cascade St., Millford, and Richard C. Keeser, 35, of Green-ville, S. C.

Also injured were Lee G. Sutherland, 62, of 4285 Cooley Lake Rd., White-Lake Township, riding with Farr, and Roy G. Maddox, 25, of 133 Elizabeth St., in the Keeser car.

The accident occurred at Meridian street in Commerce Township at about 7 p.m.

Unknown U2 Pilot Now Famed World Over

BY JAMES DEVLIN
Associated Press Staff Writer
A man the public never heard of two weeks ago was a key figure at the angry summit conference though he wasn't there. Now the name of Francis Gary Powers, the U2 spy plane pilot, is known the world over. Less well-known is Powers himself—even to friends of the 36-year-old flier.

He finds himself the center of an international radio-drama that led to withdrawal of President Eisenhower's invitation to visit Moscow and the apparent collapse of the summit meeting.

Yet Powers' background is so routine that his friends can scarcely recall an anecdote about him.

They do remember that he never was called Frank or any other nickname. It was always Francis.

QUIET AND POLITE

They recall he was quiet, polite and pleasant, but as for anything special that might point up his personality they just ponder and shake their heads.

"Francis was a quiet sort of boy, the kind you enjoyed talking to, never any trouble," commented John C. Mead, his high school principal in Grundy, Va.

"He just wasn't particularly outstanding."

The most a flight instructor could remember about him was that he never once got lost on a night training flight—but this has happened to many pilots.

Powers ranked 22nd scholastically among the 69 seniors of his high school class. He played football, as a guard. He also was a member of a fire-fighting patrol. He also once was a lifeguard.

Powers spent four years in a premedical course in Milligan College, Johnson City, Tenn., and completed a B minus average. He again finished 22nd in his class, this time among 59 seniors.

But the unobtrusive Powers had one passion—flying.

He took his first flight at the age of 14 as a passenger paying a \$2.50 fee to a woman pilot who was making short joy-riding hops from an airport at Princeton, W. Va.

His report on the flight to his father, Oliver W. Powers, a coal miner, has been described variously.

One report has the quiet youth exclaiming lyrically: "I left my heart up there, pap, and I'm goin' back to git it."

Another version has him saying more matter-of-factly: "Daddy, I like it up there. It does something to you. It gives you something. Someday I'll have to go back there and find out what it is."

On graduating from Milligan in 1950, the year the Korean war broke out, he enlisted in the Air Force as a private. He advanced to second lieutenant as a jet fighter pilot. But he never saw action in Korea.

Powers resigned from the air force in 1956.

FRANCIS G. POWERS

A short time later, personnel officials of Lockheed Aircraft Corp. were making a routine check of former Air Force pilots and looked over Powers' apparently uneventful record.

They were impressed by something—or everything—that they saw. They sent a routine questionnaire to him, via respondent and was hired in May 1956, as one of 17 pilots in the company's U2 program.

There followed four more years of obscurity before his name showed in headlines.

Powers was assigned to a group that was to operate planes, ostensibly for weather research, and was sent to Adana, Turkey in August 1956.

With him went his wife, the former Barbara Moore, 24, of Albany, Ga. He made repeated flights. Then, last April 30, he remarked casually that he was flying again the next day. He asked his wife to help pack his bag.

The next day he was captured near Sverdlovsk, deep in the Soviet Union—shot down on a spy mission, the Soviets said.

The Michigan State Police began as the State Troops for home defense during World War I in 1917 when the Michigan National Guard left for foreign duty. They were reorganized as the State Police in 1919.

The Michigan State Police co- and photography laboratories, license tag ticket files, and in operate with all police departments detector service, fingerprint identifying investigative and police as in the state in use of their crime identification, gun registration and distance on request.

NOW DO DISHES FASTER, CLEANER

New Imperial DISHMASTER

Fits any sink!

IT'S BOTH . . . A FAUCET and a DISHWASHER!

Indeed, it is the world's finest faucet and the world's finest dishwasher as well. And it converts from one to the other in the flash of an eye . . . simply by lifting the diverter button.

- Engineered to last and last!
- Designed to complement the decor of any kitchen!

- Washes dishes faster—cleaner!
- Easy to operate!
- No charge for installation!

West German Document Shows Tremendous Red Spy Efforts

By PHIL NEWSOM
UPI Foreign Editor

International espionage activities having taken a front and center position in world news, an official document of the West Ger-

man government is of special interest.

Filled with photostatic copies and documented case histories, it was prepared a year ago and bears the title, "Eastern underground activity against West Berlin."

Besides case histories, it also contains a complete table of organization illustrating the tremendous efforts of the Soviet and satellite spy networks to penetrate West Germany. These efforts range from cloak-and-dagger attempts to spy on the armed services, to subversion through various "front" groups and to actual abduction.

Here is an example: "Wolfgang Hoehner, a former police officer and a member of a Western intelligence organization, was drugged on Feb. 13, 1953 during a meeting with a contact, Horst Kirwan, with a cigarette impregnated with a soporific drug.

"Under the eyes of a passer-by and in a semiconscious and apparently drunken state, he was taken off to East Berlin. According to the report of a man who had met Hoehner in a Russian prison, the latter was temporarily blinded."

The report notes that since Berlin is the headquarters for such organizations, not only for the Soviet Union but for such others as Poland, Rumania and Czechoslovakia.

Altogether, they employ thousands, and as a cross-check, also spy on each other.

East Germany maintains three intelligence services—The Ministry for State Security, the Department for Coordination, and the intelligence branch of the East German Frontier Police. Each has specific duties and each has many departments specializing in different assignments.

One plans and directs abductions and thefts of files.

Another exploits business contacts for espionage purposes. And still another seeks to infiltrate West German and West Berlin police forces.

No phase of Allied activity is omitted from the Communist spy chart, including NATO forces and the Allied garrison in West Berlin.

The official report notes that "all the weapons of slander, deception and blackmail are brought to bear" by the Communist master-minds to recruit their agents. A common method for obtaining an agent in the West is the threat of harm to members of his or her

family still living in the East. Espionage letters alleging misconduct on the part of a husband or wife often are the start toward leading a victim into enforced espionage.

"Front" organizations and infiltration of labor unions also receive special attention. For these, there are special schools.

Industry Taxes Help Treasury

**\$70 Million Pays Part
of State Debts but July
Deficit Will Be High**

LANSING 18—Collection of 70 million dollars in corporation franchise taxes enabled the state to clear up a big share of its debts Tuesday.

Gov. Williams said the state administrative board divided 68 million dollars in ready cash 14 ways. The payouts cut the state's general fund obligations to a little over 42 million dollars.

The deficit, however, will soar past the 70-million-dollar mark again by July 1 to start off the 1960-61 fiscal year, State Treasurer Sanford A. Brown told the board.

The board agreed to send 64 million dollars in support of payments to the University of Michigan, Michigan State University and Wayne State University. It also earmarked \$3,000,000 for cities, villages and school districts.

"These represent 'odds-and-ends' taxes such as tuberculosis subsidies, swamp taxes and taxes on state-owned lands," Brown explained.

Another \$4,400,000 will meet Thursday's payroll to 26,000 state employees and \$16,300,000 was set aside as a reserve for the heavy cash deficiency expected in early June.

The board also agreed to pay \$10,400,000 to categorical welfare programs such as aid to dependent children and old age assistance.

Rose Through Ranks

MABEL, Minn. (UPI)—Paul R. Norby, postmaster here, is one of the few persons in the history of the U.S. Naval Reserve to retire as an admiral after once having been a seaman. Norby was a seaman in 1936, was commissioned as an ensign in 1939, and was an admiral in 1944.

Tigers Cash-in at Plate to Beat Reds

Norm's Hitting Streak Keeps Bengals Alive

Lary Gets 3rd Verdict as Senators Let Ramos Down Again, 3-1

DETROIT — The hitting streak of first baseman Norm Cash might turn out to have been the secret of any success of the Detroit Tigers this season. At least, it has been keeping them alive.

Cash, the one-time extra hand from whom little of sensation had been expected, led the way to a 3-1 Tiger and Frank Lary victory over the Washington Senators last night.

The victory, snapping Detroit's latest losing streak of two straight games, resulted in large part from Cash's two hits as the Tigers still had to struggle to get any punch at the plate.

The two blows, a single and double and both of which figured in runs, boosted Cash's batting average to an illustrious .357, far better than anyone else among the Tigers. At this rate Cash would have to suffer complete collapse in order for Steve Bilko to regain first base.

With the season now into mid-May, no one else on the club is even close to .300.

Lary, winning his third game against two defeats, came out ahead in a duel with Pedro Ramos, loser of his fifth straight. Lary allowed only seven hits while striking out six men and walking only one. He retired the last 13 men in order.

Cash scored Detroit's winning run on his double to left in the second inning, which was followed by the triple by Chico Fernandez for the latter's first RBI of the season.

In the fifth Cash singled home Neil Chrastley, who also had singled and gone to second on Al Kaline's walk.

Detroit got its first run in the opening inning on singles by Eddie Yost and Chrastley and a double play off Al Kaline's bounce.

The Senators again let Ramos down. The Cuban right hander has been supported by only five Washington runs in six games that he has started.

Lary, coming up with another next hit, furnished the Senators to score only in the third on Faye Thronberry's single. Bob Allison's double and a foul fly by Jim Lemon.

Cash, incidentally, made a spectacular catch of the fly down the right field foul line.

The work of Lary was so impressive that manager Jimmie Dykes became eloquent.

"He's pitching better now than at any time last year," Dykes said.

WASHINGTON (AP)—Detroit's 3-1 victory over the Washington Senators last night was the first of the season in which the Tigers won a game without a home run. Cash's two hits and Lary's pitching were the key factors in the win.

DETROIT (AP)—The Detroit Tigers won their first game since May 10, 1959, when they defeated the Washington Senators 3-1.

DETROIT (AP)—The Detroit Tigers won their first game since May 10, 1959, when they defeated the Washington Senators 3-1.

Big Dodger Wrecks Buhl and Braves With Circuit Blow

Howard Clouts Grano Slam

By The Associated Press
When Frank Howard, the latest of the new Babe Ruths, first showed up in the majors they called him "The Thing" and "The Beast." But he's strictly a 6-foot-7, 245-pounder of beauty for the Los Angeles Dodgers at the moment.

The sometimes temperamental thumper, who couldn't decide whether to pout or clout in spring training, squashed the Dodgers' top nemesis Tuesday night, beating right-hander Bob Buhl and the Braves 6-4 with his first grand slam home run in the National League.

It was Milwaukee's sixth greatest 10 games and left the third place Braves just one game over .500, five lengths back of front-running San Francisco. The

Giants shook a run-scoring slump and whipped Cincinnati 9-3, retaining their one-game edge over second place Pittsburgh. The Pirates defeated Chicago's Cubs 11-4 with the help of six unearned runs.

The other NL game, St. Louis at Philadelphia, was rained out. Howard's third-major league homer, first since being recalled from the minors Friday, overhauled a 4-1 Milwaukee lead in a

five-run eighth-inning. Larry Sherry (5-3), winning his fourth in a row in relief, also homered in the rally against Buhl (3-2). The Milwaukee right-hander had won four in a row from the Dodgers and seven of eight since 1957. This was only his ninth loss in 30 career decisions against them.

Ed Mathews and Hank Aaron, taking the major league lead with his ninth, homered for the Braves' first three runs off Don Drysdale.

Howard, 23, was signed for an \$80,000 bonus off the Ohio State campus, where he starred in basketball, in 1958. His three homers in the majors were driven in nine runs. Tuesday night's jolt was a 450-foot rocket to center at Milwaukee and gave him two of the Dodgers' 10 hits.

The big guy is batting .357 (5-for-14) since his recall from Spokane after a spring of glowing reports and glowing training camp incidents when the Dodgers assigned him to "B" games for more experience.

The Giants, matching their run production of the last five games, soaked across seven runs in the first three innings. They scored four in the first against young Jim O'Toole (3-3), who had a shutout string of 18 innings. Willie Kirkland, Willie Mays and Orlando Cepeda homered as the Giants collected 14 hits after Manager Bill Rigney loaded his line-up with right-handed hitters. Jack Sanford (4-1) was the winner, giving up a two-run homer in the fourth by Ed Bailey, who had half of the Reds' six hits.

The Pirates also got things squared away last, scoring eight runs in three frames and chasing Gene Hobbie (3-4) after a four-run first. Don Hoak had three of their 13 hits and three RBIs, bringing in the deciding run with a single in a three-run third. Bob Friend, who lost his first seven years ago, won his 11th straight game, up 11 hits, one Ernie Banks' three-run eighth homer in the first inning.

Sox Regain Lead With 7th Straight at Home

By The Associated Press
There's no place like home for those Chicago White Sox, who are as yet unbeaten in Comiskey Park—that southside joint with the big garden and surrealistic scoreboard.

The defending American League champs popped back into first place with their seventh straight home victory Tuesday night, defeating Boston 11-6. They did it with 14 hits off Tom Brewer, the right-hander who blanked them two hits a week ago in Boston.

Kansas City helped by defeating Baltimore 4-2, ending the Birds' one-day stay on top and clipping their winning streak at five games. The loss dropped Baltimore to third, a half-game behind and in a virtual tie with Cleveland for second place. The Indians dropped New York to fourth 7-6. Detroit plunked Washington into the cellar 3-1.

From The PRESS BOX

Chuck Oertel of Pontiac came up with a big hit recently in a rare start for Vancouver of the Pacific Coast League. He walloped a triple and went down to bat in two runs and score one. "Ducky" also started a double play from his left field post. The local boy has been pinch-hitting most of the spring.

A \$300,000 bowling establishment is expected to be ready for operation in Commerce Township when the 1960 season opens next September. Four partners will build a 24-lane place to be called "Wonderland."

Third baseman Steve Demeter, a former Tiger, was optioned by the Cleveland Indians today to Toronto on a 24-hour recall basis.

Pontiac's first baseman, playing his final year in the CYO League, scored a 5-3 victory over Guardian Angel of Chicago when the 1960 season opens next September. Four partners will build a 24-lane place to be called "Wonderland."

Pimlico to Open Infield at 'Buck a Head'

BALTIMORE (AP) — Not so many years ago, the Maryland Jockey Club that puts on the Preakness at Pimlico stepped on a lot of toes with widespread advertising that "Marylanders know a horse race from a carnival." Things have changed some what.

The jockey club is doing all it can to make Saturday's 84th running of the Preakness a picnic. The 2 1/2-acre infield of the track is to be thrown open to the public at an admission price of a "buck a head."

A new entrance gate has been opened for the infield patronage. It will have its own betting window and odds board, rest rooms, refreshment stands, and bleacher seats for 10,000.

Pimlico is urging the folks to come out and make it a family picnic affair.

Two bands, one featuring Dixieland style imported from New Orleans, will provide entertainment. And before the regular races start, there'll be a "Preakness Preakness" with girls doing the jockeying.

Behind it all, is an effort to boost the Preakness crowd by an atmosphere similar to the Kentucky Derby.

It was the Derby at which the ad of several years ago was directed. The Louisville track annually announced crowds of 100,000 while the best ever recorded for a Preakness is 42,370 in 1946 and some suspect that figure was padded.

The same ad that produced a Pimlico apology to officials of Churchill Downs also crowded that many great horses, such as Man o' War, skipped the Derby to purposely wait for the Preakness.

Present Pimlico officials are glad this wasn't the case this year. Without the first three finishers in the Derby, the Preakness wouldn't amount to much of a horse race.

There are only three prospective starters in addition to Sunny Blue Farm's Derby winner Vandyke, and Windfield Stable's Victoria Park.

The other three, Llangollen Farm's Divine Comedy, Green Dane Stable's Celtic Ash, and Chase Farm's T.V. Lark already were beaten last Saturday by Vandyke at Ache in the Preakness Prep.

Mrs. Marquardt Survives Bogies to Win Tourney

Despite an attack of bogeyitis, Mrs. H. C. Marquardt won the weekly Women's District Golf Association tournament Tuesday at Tam O'Shanter Country Club.

Mrs. Marquardt staged a birdie-putt finish to post a 69-69-69 score for a three-stroke edge over Miss Helen Grinnell, who took runner-up honors with 44-41-85. Mrs. F. L. Thompson took 3rd place with 64-44-55.

After taking double bogies on the 13th and 14th holes and bogeying the 15th and 16th, Mrs. Marquardt was handy with the putter, requiring only 28 putts for the 18-hole route.

A field of 71, including 23 in the championship flight, competed in the 3rd WDGA tourney of the season.

Milford Sweeps to 7th W-O Title Chiefs Roll Over 2 Foes

Pontiac Central's thineads yesterday achieved a bit of "must" performance in a three-way meet at Grosse Pointe. They wiped out the lingering sting of a tight defeat at the hands of a Redford squad, early in the season, and settled a question as to the relative power of PCH and the Pontiac.

Chiefs rolled over their foes with a convincing 75-40, total to 40% for the Pontiac and 54 for Redford. On the way to the victory PCH athletes hung up four new marks, including a terrific shot loss of 58 feet 11 inches by Bredell (Bill) Pritchett, best performance ever by a Michigan high school weight man.

Leon Prentiss set a low hurdles mark and Bill Ratcliff chalked up another in the century, along with Lee's 6-foot jump mark.

Waterford was favored, along with Pontiac Northern and Walled Lake for today's Inter-Lakes Conference championships at Southfield, in an afternoon and night event.

Performing in the rain last night, Milford came through with its seven straight Wayne-Oakland conference title. It was an exciting meet with Milford and Bloomfield Hills, the ultimate one-two finishers tied with 38 points at end of the season.

Flanagan Beats Greaves with a unanimous decision over Wife Greaves of Winnipeg, Man., ST. PAUL, Minn. (AP) — Del in their 10-round bout before a Flanagan moved a step ahead on crowd of 3,000. Flanagan weighed his comeback trail Tuesday night 161.

They Stole Cup, Too

MINNEAPOLIS (AP) — Early bird golfers at Theodore Wirth municipal course got a shock Tuesday. No. 6 greens was missing.

During the night thieves using a professional tool cut out a 44 square foot of expensive creeping grass and carted it away.

They also took the cup.

I-L Title at Stake

Pontiac Northern, Waterford and Cranbrook posted baseball victories yesterday as the Inter-Lakes League prepared to crown a champion.

By beating Walled Lake 8-1, Northern boosted its record to 7-4 and got ready for its league showdown game Friday night at Berkley. Winner gains the title.

Soph Don Glowatz gave up five hits as PNH got three runs in the 6th and two in the 7th.

Waterford's 6-5 win over Farmington was the result of a 6-run 6th inning on three hits, two errors.

Wins for 3 Local Nines

and a walk, helped by doubles by Crankbrook and Bill Bryce. Both teams are 3-5 in the league.

Cranbrook's record is now 11-2 as the Cranee beat Grosse Pointe University School 10-2 on a score-bitter by Dick Mosher. Brother Bill Mosher got two hits, one three runs and George Martin got two hits and drove in three runs.

Holly won its first Wayne-Oakland game by beating Brighton 9-4, with 10 players batting in the 7th inning for four runs including a 350 foot triple by Krause, who homered earlier in the game. Mel Reid, winning pitcher, also homered.

W-O SUMMARY

Prep Front

By CHUCK ABRAH

There are more and more coaching changes being made around the area high schools as another prep year nears the end.

However, most of the large local places of learning are expecting to go with the same head men all the way around in 1960-61. The list includes Central and Northern. St. Fred and St. Mike are also likely to stand pat.

Waterford, Walled Lake, Farmington, Southfield, Clarkston, Bloomfield Hills, West Bloomfield, Troy, Orchard Lake St. Mary and Romeo are some of the others planning to have the same leaders. Walled Lake could be an exception.

A swimming change will be made at Birmingham Seaholm with Jay Myers retiring after turning out several strong teams. Some other schools have been trying to get Jay to stay in coaching. One in the Turkish Naval Academy at Istanbul which offered him a salary of \$2,000 a month plus the use of a house.

Avoiding will have to come up with a new track director with Ken Kaestner leaving to take a teaching position at Livonia Bentley. He had also been a football assistant.

Clawson and Clarenceville are seeking basketball coaches. Ron Morse will be a teacher only at the Oakland B. school. Lee Kempf will leave Livonia for two years to teach in Spain.

Tom Urban is currently finishing his duties as baseball boss at Rochester High. That school will also be adding cross country and wrestling coaches or one man to handle both new sports.

Four of the South Central Conference schools will have new faces on hand next season. Oxford High has not signed a replacement for departing football-track skipper Dick Figg. Ron Johnson is stepping out—as Ortonville—grid coach to teach and work for his masters degree. Syd McCulloch moves up from backfield coach to head man at Imlay City with John Laskarides going to Cheboygan. Phil Marazita, now at Mt. Pleasant Sacred Heart, will handle football and basketball at North Branch. George Glinke leaves that school to coach freshman football at Ulster.

Dale Jesse, who has been assisting in other sports at Lake Orion, will become a boss on his own as the school adds wrestling. Ed Consolo is being promoted from backfield man to big chief at Madison.

Track mentor Jim Glick of Royal Oak Kimball is another guy who will be a team only starting next fall. That school is seeking a combination track-cross country man and also someone to coach wrestling.

Marlin Carey, veteran grid coach at Memphis, has been hired by Richmond. A hoop change may also be made at MHS. Port Huron has a wrestling opening with John Heering dropping the mat duties to concentrate on football and baseball.

Berkley named Fetouky's Ace Zographopoulos to handle the future basketball fortunes after screening several candidates, some from local schools. Northville has yet to announce a football replacement for Ken Schipper.

Elsewhere, Walt Wilson is leaving his cage job at Dowagiac to teach at Benton Harbor. John Hollander will switch from Franklin to Belding as football coach and athletic director. Jim Bowser has signed to head basketball at Grant.

EXTRA ITEMS

A new league is being formed in Berrien County to open in 1962. Five teams have entered and more are anticipated. Rich Lamphere of Northern, Stan Kroguski, O.L. St. Mary, and Millard's Eddie Miller keep rolling along as top prep pitchers. Lamphere and Miller whiffed 17 each on the same day recently. Kroguski is rated highly but has not had much help from his mates. Lot of local

Fuller Hurls First No-Hitter

The infant City League softball race had its first no-hit game of the 1960 season last night at Northside Park when pitcher Mary Fuller of O'Neill Realty moved down Herk's Auto Parts.

Fuller struck out nine batters and only four men reached base—one error, two hit batsmen and one walk—as the O'Neill team handed Herk's club an 8-0 whitewash.

In the other half of the Northside twin bill, First Presbyterian scored four runs in the bottom of the 9th inning for a come-from-behind 11-10 win over Universal Oil.

The winners were outthit, 13-10, Presbyterian's Chuck Young and Universal's Jim Carter and Bruce

Red Sox Trade Leaves Braves One Man Short

MILWAUKEE (AP)—The Milwaukee Braves were down to 24 players, one under the limit, today after sending veteran infielder Ray Boone to the Boston Red Sox.

The Braves traded Boone to the Red Sox Tuesday in exchange for first baseman Ron Jackson, a one-time White Sox bonus choice. Jackson was assigned immediately to Milwaukee's farm at Louisville in the American Assn.

Jones each had three safeties. The scheduled City League softball doubleheader at Beaudette Park was washed out by a sudden and heavy rain shortly before game time.

MILWAUKEE — NL mark for games is held by the Braves' 23 drawing walks in consecutive the Mathews with 10.

Outdoor Editor, Pontiac Press

Anyone for Archery?... Morning, Noon, or Night

By The Press Outdoor Editor

For many years field archery had been a sort of genteel backyard, or meadow, pastime for lethargic persons who had a lot of leisure time on their hands. It didn't require too much physical exertion, was handy, and not expensive. That is, it was something like that up to a comparatively few years ago. Now look at the business of shooting the longbow!

The bow and arrow sport, for fun, for competition, for hunting, has become one of the really big and burgeoning outdoors activities of the country. It has a lot to recommend it.

Archery meets the needs of health-giving action in the outdoors, without the physical drain of many other sports. That's what the addicts claim, and there seems to be merit in the premise.

It is comparatively inexpensive for equipment. Most any one can enjoy it, barring the bedridden, or physically ill!

NEW MORNING LOOP READY

It's big business, now, too, with the annual bill for equipment, supplies and attire, running into the millions. Michigan is one of the top states for the sport with scores of clubs, thousands of tourney bowmen and women, and a vast array of bowhunters who each fall account for many deer and other game.

Competitive shooting keeps archers busy in the summer. They now shoot in the afternoon and at night. But a new league is getting under way here, probably one of few morning archery activities in the state.

Beginning Thursday, at Oakland County Sportsmen's club, a new morning circuit gets under way. This group is designed for the night workers in the Pontiac area, and will operate in conjunction with the OCS regular afternoon league. Both men and women are invited to register. Rounds begin at 8 a.m. run to 11 a.m. each Thursday at the Waterford club's range.

Beginners are welcome, and competent instructors are available to all. A limited amount of equipment is on hand for those who have never before tried the sport.

NEW LIGHTED RANGE AT MIDLAND

Up at Midland the Mid-Michigan Bowmen have installed 14 lighted targets for one of the few night lighted field archery ranges in out-state Michigan. There are a number of lighter ranges in the Metropolitan area. Mid-Michigan has scheduled a number of nocturnal tourneys, for the first and third Saturdays, of each month, open to bowmen from any other state clubs.

Another Midland club is sponsoring its 2nd annual carp shoot May 28. The Midland Archery club offers \$400 worth of prizes for winners.

Incidentally, there's some good carp-shooting in the shallows of many Oakland county lakes. Some really big ones have been taken around here in other seasons.

MUST MAKE DECISION ON 'FEE' PARKS

One of many angles to be worked out for administration of the new state parks admission fee plan, is which parks shall be designated for collection of the 50 cent daily fee. The new measure also provides for a \$2 car sticker for season-long usage at any park.

Because of the number of fine state parks in Oakland county, and their popularity with metropolitan area recreation-seekers during the summer seasons, the designations will be watched here with a great deal of interest.

It would appear, at this time, that most state parks would fall into the fee classification. The question goes before the conservation commission at its session this month. The law is effective Aug. 18.

Fee Plan Becomes Effective This Fall

Parks Get Multi-Million 'Shot in Arm'

LANSING (AP) — After a four-year tug-of-war, Michigan's overworked and underfinanced state parks system is going to get a multi-million dollar shot in the arm for improvements and expansion.

Though he still is opposed to the idea in principle, Gov. Williams has allowed the controversial plan to finance park programs with admission fees become law without his signature. State conservation officials and private conservation and camping groups greeted the decision with happy smiles. Since 1957, while the Democratic governor and the Republican-controlled legislature tangled over park financing, improvements and expansion programs have been at a standstill.

Meanwhile, attendance at the 60 parks and recreation areas shot up last year to more than 19 million, a new high. Given good weather, the figure may top 20 million this year.

The new fee plan authorizes the

TAKES BIG SAIL — Here's a mighty proud and successful Pontiac angler. Mrs. Virginia Hawkins, 105 Mohawk, landed the fine sailfish with which she is pictured, off Miami Beach, Fla., during a recent vacation. The fish was 7-foot 5-inches in length, weighed 46 pounds. It was taken in the gulf stream.

Metro Authority Holds Seminar

Session for Recreation Groups Set Thursday at Park Headquarters

The Huron-Clinton Metropolitan Authority will conduct a "Nature Education Seminar" for recreational personnel in Livingston, Macomb, Oakland, Washtenaw, and Wayne counties at Kensington Metropolitan Park near Milford on Thursday, May 19.

Ernest V. Bloom, executive secretary, Inter-Agency Council for Recreation of Lansing, will be a key speaker at the seminar.

Purpose of the seminar is to explain authority facilities for organized recreational groups, including special features of the nature program.

Authority speakers include Kenneth L. Hallenbeck, director; William Hopkins, chief naturalist; Robert Bills, landscape architect; Dave Laidlaw, Kensington Park manager and Edward Mallonen, park planner.

Charles Damm and Rainey Brooks, park naturalists, will show how to conduct a guided nature hike and explain special exhibits at the Nature Center.

Tiny Shrew Big Eater

The pigmy shrews are the smallest shrews, weighing only 1/4 ounce—less than a dime. Because of their activity and small size, they consume several times their weight in food every day.

hiring of personnel and selection of parks where admission will be charged.

State conservation authorities estimate fees will produce about \$1,000,000 a year, about \$500,000 over the figure needed to finance 10 million dollars in 20 year bonds at prevailing interest rates. Surpluses, after payment of interest and principal, also will be earmarked for parks purposes.

The new law authorizes a 10 million dollar revolving bond issue, which will enable the State Conservation Commission to put up more bonds for sale once any issues are retired.

There are a couple of major stumbling blocks to an early start in park improvements.

The fee plan can't take effect till mid-August. By then, the park season will be nearly over.

Conservation authorities say it is unlikely that fees will be charged this year, although an attorney general's opinion may be sought on the question. It would seem unfair, they say, to charge a \$2 fee at the tail end of the summer.

The department wants \$1,600,000 to buy 8,000 acres to block in recreation areas in populous southeastern Michigan, and the rest for buying new parks areas or enlarging existing ones.

Some major questions remain to be settled before the plan can get going — construction of toll gates,

Double-Header Dog Show Set This Weekend

Fanciers of fine dogs will have double opportunity this weekend to see some of the country's top show dogs in action.

There'll be a double-header, with a Jig entry, in set for exhibition on Saturday and Sunday's Oakland County Kennel club's benched show providing the lure.

Lansing Civic Center is site for the Ingham show, OCKC show, with a Jig entry, in set for Detroit Artillery Armory 15000 Eight-Mile Rd.

Michigan English Setter club, English Springer Spaniel club of Michigan, the Norwegian Elkhound association of Michigan, Michigan Boxer club, Doberman Sportsmen's club, Chihuahua club of Michigan, and Michigan Chow Chow club will have the specialties at the OCKC show.

Multi-Lakers Hear About African Safari

Back after a year's absence, Floyd DeLamater of Detroit will show his colorful African safari film tonight at Multi-Lakes Conservation Assn. clubhouse. Another film will be a short about artificial respiration.

Pontiac Press Photo

LUNCH-TIME — Just a little more than two weeks old, little "Rocky" Raccoon, refuge from a chimney born litter at the C. L. Church home, is getting a well-liked lunch from a medicine-dropper held by Mrs. Mable Church. Mrs. Church hopes to raise the little fellow.

The National League has had only 10 presidents since it was founded in 1878.

1959 Archery Licenses Just Miss State Record

The sale of archery deer hunting licenses fell just short of a new record in Michigan last fall.

According to the Michigan Bow Hunters Association, the 1959 total of 41,103 bow and arrow licenses is second only to 1956 figures. Sales of bow tags hit a peak of 42,356 that year.

Non-residents accounted for 3,992 archery licenses last season, also the second highest in Michigan history. That figure compares with the record 4,541 outside archers who hunted here in 1956.

In addition, MBH records show that Michigan's bowhunting ranks have more than tripled in size in just 10 years. In 1949, bow and arrow license sales totaled 12,065.

Only one bowhunting accident was recorded during the 1959 season. An archer jammed an arrow into his thigh while running to get a clear shot at a deer.

'Yoke-Toed' Polly

The feet of the parrot are "yoke-toed," with the first and fourth toes extending backward. They are used like a hand for holding food.

New Horns Yearly

Bucks drop their antlers every year. The new ones start to grow immediately after the old ones fall away. They are true bone and while developing, are the fastest growing bone found in mammals.

Packaged Potatoes Lead New Foods List

By JANET ODELL
Pontiac Press Home Editor

We're being overwhelmed with packaged potato products. Soon we won't even know what a real spud looks like. Several national companies have come out with scalloped potatoes. As grain potatoes come in boxes too. One scalloped version calls for adding only water, the other needs milk.

The package we tried was well flavored and of good consistency. We might add for the benefit of budget-conscious readers that they are expensive in comparison with your own scalloped potatoes.

There's new a Italian salad dressing on the store shelves. This is the first one to be made with corn oil.

Ever since we received the publicity in April we have been looking for the new frozen punch

concentrates. We found them last week.

There are four: fresh lemon juice is blended with strawberry grape, raspberry or pineapple puree, then frozen. There is no artificial coloring or flavoring used. Each six-ounce can makes one quart of punch. It is good and refreshing. Children will love it.

Use these punches in interesting recipes as well as in their liquid state.

Fruit Punch Filling for Cakes
1 tablespoon cornstarch
1/2 cup water
1/2 cup fruit punch concentrate. Stir fruit punch, water, cornstarch.

Mix cornstarch, salt and water in saucepan; cook over medium heat until thick and clear. Stir in thawed punch, blending well; cool. Fold in whipped cream. Spread filling between layers of cake and over top.

Sunshine-yellow flatty lemon

freezing mix is the newest in that line. It's a boiled-type frosting that needs only boiling water for mixing.

You've probably read elsewhere that a national mail order house is taking orders for frozen meat. We received the catalog. The pictures

made us hungry. Another nationally known company is providing the most which is top quality. But it's not for anyone on a medium or low cost budget.

Still having trouble finding Springgreen onions? Ask for Texas Whites.

Parsley Serves as Brush to Baste Lobster Tails

In the past decade, frozen South African rock lobster has become so popular in the United States that women use it to solve dozens of menu problems. It is prepared in salads, in newburgs, in thermidors, plain boiled with fancy sauces.

But, for many, the most appealing way of preparation remains broiling. South African rock lobsters are broiled in steams, on hibachies, on big outdoor grills.

People vary the presentation by new barbecue sauces, new accessories of cooking. Here's an entirely new way of broiling the delightful seafood.

The sauce is allowed to mix with the "milk" of the rock lobster and is basted over the broiling tails by means of a "brush" made of parsley. A more subtle combination of flavors is hard to find, impossible to beat. Delightful!

BROILED ROCK LOBSTER TAILS

6 South African rock lobster tails (1 1/2 lb. family pack)
1/2 cup oil
1/2 cup wine vinegar
1 teaspoon thyme
1 teaspoon salt
1/2 teaspoon black pepper
1 tablespoon chopped parsley
1 clove garlic, quartered

Stuffed Head Lettuce

Remove the core from a small head of iceberg lettuce and stuff with a well-seasoned cream cheese mixture. Wrap the lettuce tightly and chill. Cut into wedges so each portion has some greens and some filling and serve at salad-time.

Rice Casserole Is Thrifty Dish

We're reminded by the U.S. Department of Agriculture that there's more rice than usual these days, which is good to keep in mind if your budget needs stretching and you're looking for a high energy food.

Just in case you're wondering where all this rice came from it was grown right in these United States — mostly in Arkansas, Louisiana, Texas and California. Our rice farmers today produce the finest rice in the world, and it comes to you untouched by human hands, and needs no washing.

Rice combines so amiably with other foods, that you've probably got your own favorite recipes for making use of this thrifty food. However, here's a recipe for a rice and vegetable casserole you'll serve often once you see how your family goes for it:

Brown 1/2 cup of uncooked rice lightly in 2 tablespoons of heated shortening, stirring frequently to prevent burning. Arrange 1 cup diced carrots and 1/2 cup of coarsely cut celery in the bottom of a 2-quart casserole. Cover with rice, one 13-ounce package of French style green beans thawed, and one medium-sized onion, thinly sliced. Sprinkle with 1 1/2 teaspoons salt and 1/4 teaspoon of pepper.

Pour 2 cups of water over the rice and vegetables. Cover. Bake in moderate oven (350 degrees F.) about one hour, or until the rice and vegetables are tender. You'll have enough for six 1-cup servings.

The best shingle is a 300-pound heavyweight asphalt shingle that withstands all types of weather.

LEG CRAMPS?

One of the most common causes of painful muscle cramps is a prolonged deficiency of calcium.

So says a famous doctor and widely-read newspaper columnist, formerly with the Mayo Clinic, and other well-known health authorities.

When meat, constantly deficient in calcium, are fortified with DYNAL-CAL Calcium Tablets, fortifying calcium deficiency muscle cramps can be promptly relieved. But don't confuse DYNAL-CAL Tablets with ordinary calcium-phosphorus products. DYNAL-CAL Tablets contain no phosphorus, which frequently interferes with the absorption of calcium. And DYNAL-CAL Tablets contain a special ingredient which helps to put calcium into the blood stream quicker—bringing faster relief to cramping, calcium-starved muscles. Pleasant-tasting DYNAL-CAL Tablets with calcium, glutamic acid hydrochloride, and vitamins D and C contain no drugs. They are safe, harmless, calcium food supplements. If you are suffering from muscle cramps, and suspect you are not getting enough calcium, ask for DYNAL-CAL Tablets, today. Bottles of 90 tablets, \$1.50.

See dealer for more information or write to: DYNAL-CAL, Inc., 1000 N. 1st St., St. Paul, Minn. 55101.

CHECK 'CASUALTY' — An eighth grade student at Imlay City High School is checked at the Community Hospital near Almont after being tagged a "victim" in yesterday's simulated bomb disaster. Preparing to admit her for

"surgery" are, from left Mrs. Marie M. Wilson, a member of the hospital office staff, and Dr. Edward G. Krug of Romeo. The drill was staged by Imlay City Civil Defense unit.

Imlay City Conducts CD Test

IMLAY CITY—A "bombing" at Imlay City High School shortly after noon yesterday sparked into action a Civil Defense drill in which about 75 people took part.

Arrangements were made to have a plane from Selfridge Air Force Base fly over the school at 1 p.m. This was the signal for the test to begin.

Eighth grade students acted as "bombing victims" and were "treated" by local doctors and nurses at the school.

Preliminary examination of the "casualties" determined whether they were to be transferred to the Community Hospital near Almont for further medical or surgical treatment.

11 SERIOUSLY HURT
The 11 more seriously "hurt" were tagged with cards bearing their names and the nature of their injuries and transported by station wagons to the hospital for "treatment."

Also taking part in the drill, besides civil defense personnel, doctors, nurses and students, were members of the local police and fire departments.

The test was designed to determine capabilities of the hospital and civil defense personnel operating under a joint disaster plan.

Observing procedures at the hospital were Macomb County Deputy Civil Defense Director Clement Sikla.

He said he was pleased to see a local unit from Lapeer County with such a sense of responsibility for preparedness in the event of a natural or man-made disaster.

Imlay City's Acting Civil Defense Director H. W. Heilmann reported that the drill, first of its kind in the community, was "most successful."

Welder at Dynamic Bombed on the Job

TROY — A 39-year-old Pontiac man was burned on the leg when a light bulb "bombed" filled with paint thinner was hurled at him while he was welding at the Dynamic Manufacturers plant here yesterday afternoon.

Union shop steward William L. Barton of 814 Stirling St. was treated for first and second degree burns at Boileau Clinic, Birmingham. The paint thinner was set ablaze by the welding torch he was using.

Troy police said there were no witnesses to the incident which is the first outbreak of violence since the 81-day strike by Local 935, Electrical, Radio and Machine Workers, AFL-CIO ended May 6.

Only six of the some 285 workers who walked off their jobs in a wage dispute Feb. 15 have been rehired. About 60 nonunion employees, hired by the company during the strike, are still on the job.

Barton said he did not see who threw the bomb because he had a welding hood over his face.

Commuter Train Kills Woman in Ferndale

FERNDAL — A woman was killed instantly early yesterday evening when struck by a Detroit-bound Grand Trunk Western commuter train at Camden road, three blocks north of Eight Mile road.

The woman has been identified as Mrs. Floride Griffin, 44, of 22213 Barton St., St. Clair Shores. Train engineer Hugh H. Mosey of Detroit told Ferndale police he saw the woman walking along the tracks in the same direction as the train was heading.

He said he blew the whistle several times but she ignored the warning.

Spurred by 'No Hands' Driver

Careless Driving Law Adopted by Walled Lake

WALLED LAKE — Traffic violators will be given a break here because of a problem Police Chief James A. Decker had recently when he issued a ticket for reckless driving.

Decker explained to the City Council last night that he had issued a reckless driving ticket to a man for driving with his arms around his passenger.

"I don't think the violation was that serious," Decker said. "But I had no alternative since we have no other traffic law to cover the situation."

"The man had both arms around his wife," Decker said. "And it was only for a short distance. He explained to me that he was teasing her."

LOST CASE IN COURT
"I still had to give him the reckless driving ticket and then I lost the case in court."

Council decided to rectify the problem by putting a new traffic violation on the books—careless driving.

The new violation won't carry nearly the penalty the reckless driving ticket does, Decker said.

He said that according to the point system set up by the state, the new violation ticket will carry a two-point penalty instead of the six points for reckless driving.

City Attorney Albert Herzog said the new setup follows the scheme of the state and has been upheld in the State Supreme Court.

The City's youngest councilman, Michael Mahaney, 28, submitted his resignation to the Council last night.

MOVING TO COMMERCE
Mahaney said he would have to

leave the Council since he is moving out of the city and into Commerce Township. Council is expected to make a new appointment at the next meeting in three weeks.

Avondale to Register for Kindergarten

Kindergarten registration day is Friday in the Avondale School District, school officials announced today.

Parents may register their children in the elementary school in their area, except Auburn Heights and Stone schools, which will combine their registration at the Stone School.

Parents of children whose last names begin with A through L will register at 10 a.m. and those with last names starting with M through Z at 1:30 p.m.

A program of orientation and information is planned. A nurse also will be present to discuss the health factors of children entering school for the first time.

Registration is for those youngsters who will be five years old on or before Dec. 1. Each parent is requested to bring the child's birth certificate.

The three schools where registration programs will be conducted are Elmwood at 2750 Auburn Rd., Stiles at 3978 Liverpool Rd. and Stone at 3741 Adams Rd.

Banquet in Clifford

CLIFFORD—The local Rebecca lodge is sponsoring a mother and daughter banquet at 6:30 p.m. tomorrow in the Clifford Hall. Hypnotist Bert Elliott of Caro will be the guest speaker.

Rochester Contest Will Be May 25

9 to Vie for Independence Day Crown

ROCHESTER — Nine girls have been chosen to compete for the Miss Rochester Independence Day Queen title in the annual contest May 25, Mrs. Walter V. Sawyer, contest chairman announced today.

They are Sharon Dodman, Karen Patrick, Donna Kay Brannick, Jolette Beauchamp, Jane Booth, Jo Ellen Schaffer, Pamela Roberts, Diana Almas and Barbara Curtis.

Each girl will sing, dance, play a musical instrument or give a dramatic reading to display her talents.

The winner of the contest, to be

staged at 8 p.m. in the high school gymnasium, will reign over the Kiwanis 4th-of-July celebration here on Independence Day.

She will be given a scholarship to the Patricia Stevens Modeling School, Detroit, and a wardrobe donated by Mitzel's, Linda Lee, the Lucille Shoppe, Selma's, B-Bar-B Western Supply Store and the Doris Hayes Shop.

Each contestant will receive a gift from Lakeview. The five judges also will pick the queen's two attendants. The master of ceremonies will be Lloyd Christensen, who works at the General Motors Technical Center and makes his home in Rochester. Carol Bird, Chechnick, 1959 Kiwanis queen, will crown the new queen. The crown is on display in the Lucille Shoppe window on Main street. Tickets are on sale at Young's Men's Wear Store and will be available tomorrow and Friday in other local stores and at the box office the night of the contest.

Sardine Appetizer

Here's a tarty party snack or appetizer: to the sauce of a can of mustard Maine sardines (3 1/4 or 4 oz.), add the juice of half a lemon and two teaspoons of grated onion. Pour this mixture over the

sardines and let stand several hours. Piquant, palate-pleasing result -- a real treat for your lucky guests! The first practical byproduct was invented by Christopher Columbus of Milwaukee in 1868.

Lemon Garnish

For a baked Tuna Loaf with a built-in garnish, try this quick trick: Cut two lemons into quarters. Arrange on bottom of greased loaf pan, with sprinkling of minced parsley. Pour in tuna loaf mixture

and bake. Turn upside down on platter to serve. Asparagus beds started from seed will begin producing well almost as soon as a bed started from roots. A bed in good soil will last a lifetime.

Creamy Soup

Strain or finely chop 2 cups any cooked vegetable. Melt 2 tablespoons butter; blend with 1 tablespoon flour and 1 tablespoon prepared mustard. Gradually add 2 cups milk, stirring constantly, add

vegetables and season with salt and pepper to taste. Heat thoroughly. Weight watchers can cut 200 calories out of a meal by substituting a tasty broiled frankfurter for a regular serving of beef or lamb.

Smoothie Pie Topping

A "whiz" of a topping for baked (frozen) individual apple pies is this: Combine 1/2 cup of cottage cheese with 1 tablespoon frozen concentrated orange juice. Beat until smooth in electric blender.

Spread over pies and top with chopped toasted almonds. Makes about 1/2 cup. Dr. Hu Shih, Chinese ambassador to the United States from 1942-1945, is a graduate of Columbia University.

Candy Adds Zest

Want a sweet twist to ordinary meal preparation? Try crushed peanut brittle in cold slaw, pulverized mints sprinkled on fresh strawberries, whole candies as decorations for frosted cakes or cookies, crushed hard candies sprinkled over ice cream, and candy bars for a simple dessert, suggests the National Confectioners Association.

Once you develop your own favorite barbecue sauce, you can use it with spare ribs as well as chickens, crushed hard candies sprinkled over ice cream, and candy bars for a simple dessert, suggests the National Confectioners Association.

Ginger Ale Pear Salad

A molded ginger ale and lime pear salad is quick and can be made ahead. Dissolve one package lime gelatin in 1 cup hot water; add a 7-oz. bottle of ginger ale; chill until thick and syrupy. Dip 8 canned Bartlett pear halves in

juice of one lemon; arrange in shallow pan or mold. Pour thickened gelatin over the pear halves. Chill until firm. Unmold in crisp lettuce and garnish with mayonnaise.

Nathaniel Hawthorne said, "Moonlight is sculpture."

For Candy Making

If you make candy at home often, it's worth having a candy thermometer in the kitchen. If candy is cooked to a higher temperature than necessary, the concentration of sugar will affect the

result. If cooked to a lower temperature than necessary the liquid will not be in the best proportion.

Eating long unbroken spaghetti strands? Wind the spaghetti around your fork, using a dessert spoon with the other hand behind the fork as a help.

Pop Bottle Cap Replaces Fragment of Clay in Pot

An easy way to cover the hole in a clay pot, when a fragment of broken clay pot is not handy, is to place a soft-drink bottle cap over it. The bottle cap will let the excess water in the pot drain; the pot itself will retain enough water to maintain a constant water condition.

Because a clay pot is porous, injurious salts in the soil will leach out, preventing a concentration of these salts from souring the soil and killing the plant.

Move In Close Before Snapping

Get Baby Gurgling for Picture

By PHYLLIS BATTLELLE
NEW YORK — I have had it up to here (I am pointing toward my cowlick) with people I scarcely know who open their wallets and show me pictures of babies I don't know at all.

What do you say?
"Cute" is an inadequate word to satisfy the kind of people who show baby pictures to near-strangers, and what's more, it is dishonest. The infant home snapshots I have been underprivileged to see are studies in expressionless lassitude.

Probe Official's Outside Deals

Food, Drug Director
Defies Medical Advice
to Testify at Hearing

WASHINGTON (AP)—The propriety of outside business dealings by an ailing government official comes under public scrutiny today in the Senate drug hearings.

The man in question, Dr. Henry Welch, was reported by his counsel as determined to disregard medical advice and testify if anyone challenges his integrity in the hearings of the Senate Antitrust and Monopoly subcommittee.

Welch has applied for disability retirement from his post as head of the Food and Drug Administration's antibiotics division, which polices sections of the drug industry. He was described as suffering from a heart ailment.

DEMANDS PRECAUTIONS
The subcommittee Tuesday launched, but suddenly halted, the inquiry into Welch's earnings through the sale of reprints of scientific articles to firms his division regulates. The firms use the reprints to advertise and promote their products.

Sen. Everett M. Dirksen (R-Ill.), a subcommittee member, demanded precautions to assure a fair presentation. He voiced fears that the evidence could murder the reputations of Welch and his partner in the medical journal publishing business, Dr. Felix Marchand of New York City.

Chairman Estes Kefauver (D-Tenn.) promised a fair hearing. Secretary of Welfare Arthur S. Flemming said in a statement he laid down rules last October under which "activities such as those engaged in by Dr. Welch should not and could not be approved. If they were carried on without approval, they would lead to dismissal."

Yet I have never had courage enough to snuff that splendid equivocation. "Now there's a baby that IS a baby." Some wise parent might just take it the way it's intended.

So usually I wind up muttering "He looks like you, doesn't he?" which should get me a punch in the nose, but somehow always pleases.

The disenchanted truth about most home photos is that the baby is lost in a maze of home decor and simply doesn't have enough character to hold his own against the venetian blinds and flower drapes. So if someone should remark about your baby pic, "I just can't see it," he may mean literally.

AUTHORITY TALKS

This was confirmed today by Josef Schneider, for 20 years one of America's top baby photographers. He has been commissioned to travel all over the world, snapping the kiddies of royalty and celebrity status, and he says:

"The most important thing food parents should remember and rarely do — is to pose their child against the simplest of backgrounds, and then move in close, so that the baby is

reasonably large and the background unimportant. The baby isn't afraid of the camera. It's the parents who are afraid the baby is afraid.

"Hand in hand with this important technical aspect, comes the importance of luring the baby into a good facial expression."

To some doting parents, Schneider realizes, their baby is so wondrous that merely a bland stare at the camera is sufficient to satisfy them. But the majority of parents prefer the "gurgly" contentment, and most infants are easily persuaded to gurgle.

He recommends two rarely-fail gimmicks he uses to convince cry babies they should laugh: (1) Fun them with a piece of cardboard, or (2) Tickle their tummies with your head.

"At the two-year age level, and again at four, children go through a contrary age when they will say 'no' just to assert themselves," says Schneider, a graduate in child psychology. "Never meet them head-on. Outmaneuver them."

"Never say, 'You want to have your picture taken?' Say, 'Come on, we're going to take your picture.'"

Some babies may be hard to hold still. They want to be on the move. To keep them happy in camera range, Schneider suggests two techniques — put Scotch tape on a foot and a child will always stop, fascinated, to pull it off; put a raisin between his toes, and he'll stop to eat it.

"For a very shy child, I often use 'props.' I always have some select toys, to draw them out. You know, play to a kid is attempted living — so giving him some 'forbidden pleasures' that he is not allowed to have in the course of everyday life almost always succeeds in perking him up."

Examples: Nail polish for a little girl, boxing gloves for a little boy, bright colored play telephones for both sexes.

In other words, make it exciting and/or fun for baby, and get the camera up close, and you'll get pictures that even strangers may love — Schneider says here.

Several Indicators Turn Up

Business Outlook More Cheerful

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—With the second quarter of 1960 half way over, business is getting a better idea of what to expect. And the view is more cheerful.

The steel industry's March slide in many industries ended in April. Early May found a number of important business indicators turning higher.

But also a number of important ones—steel output and home building, for example—stay weak or trend lower. The stock market has continued to back and fill. Neither declines nor rallies have as yet set a strong, definite pattern after the tumble early in the year.

On balance, therefore, the mixed view of the economy would seem to persist. We're in what is sometimes called a sideways motion.

That's often galling to impatient Americans who aren't happy un-

Exchange Visits to Be Continued

Soviets Still Planning for Delegations but U.S. Is on Guard

WASHINGTON (AP)—The United States intends to press ahead with its people-to-people exchange program with the Soviet Union despite the blow-up of the summit conference.

The State Department will suspend the program, however, if American public opinion becomes hostile to the idea of welcoming Soviet visitors.

Top officials, watching for repercussions to Nikita Khrushchev's anti-American tirade, reported there was no sign yet that visits by Soviet delegations would be resumed.

The officials detected no sign at this time that Americans visiting the Soviet Union under the program might meet with a less-than-friendly treatment. A delegation of American railroad experts is due to leave Thursday for a Soviet tour. Visas for the group have not yet arrived but authorities said this need not be a reflection of cold war tensions.

American delegations occasionally have left for Moscow before visas were provided by the Soviet Embassy. In such cases, visas were picked up en route either at the Soviet Embassy in Paris or in Copenhagen or Helsinki.

The only Soviet visitor now in the United States under the exchange program is Nina V. Popova. She is chairman of the President of the Union of Soviet Societies for Friendship and Cultural Relations with Foreign Countries.

The Soviet Embassy is giving a reception in her honor Thursday evening. Numerous State Department officials have been invited.

Department officers who keep in day-to-day contact with Soviet Embassy diplomats on the program reported there was no sign of any lessening of enthusiasm on the Soviet side. Talks have been friendly, with the Soviets indicating they intend to carry out the full two years of exchanges.

Some 3,000 Soviet and American scientists, industrial managers, education specialists, entertainers, and other specialists are due to travel back and forth under the program, which expires at the end of 1961.

Top officials said they operate under the theory that when Soviet-American relations worsen, the need for such visits becomes stronger unless the physical safety of those involved might be endangered.

Golden Agers Pot-Luck Supper Set for Friday

"Bring a dish to pass, and your own table service" is the theme set for Friday's 6:30 p.m. Golden Age Club dinner at the Waterford Township Community Center.

Any person past 60 years of age has been invited to attend the potluck dinner and an evening of entertainment has been planned for older folks.

Each member and guest has been asked to bring one can of food. Hostesses are Mrs. Francis Stierman, Mrs. Elise Kasper, Mrs. Beckie Bechtel and Mrs. Mabel Detrick.

DONALD DUCK

less everything is always bigger and better.

But those who feared the second quarter might see the start of a real downturn are taking comfort that it is holding strength.

Those who wanted more of a rebound after winter relaxed its hold are perhaps disappointed. But they, too, have a number of reasons to read today with pleasure.

Industrial production as a whole held steady in April at 109 per cent of the 1957 average after two months' slide from the record of 111 per cent in January. The April figure compares with 107 per cent in the same month last year.

It was a pickup in consumer goods output that did the trick. More autos, furniture and TV and radio sets were built, more clothing produced. This increase offset the drop in output of steel and other industrial materials and equipment.

SALES GAIN

The upswing in consumer goods output was sparked by the overall retail sales gain of 3 per cent in March.

Auto sales have continued to rise in May. The first third of the month shows 3 per cent more sold than in the early days of April, and 6.5 per cent more than in early May 1959.

The gain in retail sales, in turn, may be linked with the rise in total employment, although the number of factory jobs didn't advance, and with the drop in total unemployment, despite its continuing at a higher than hoped for level.

In the heavy industrial sector the figures are less comforting. Steel output is down to around 70 per cent of capacity, and the flow of new workers forecasts further cutbacks.

BOARDING HOUSE

OUT OUR WAY

THE WORRY WART

For steel customers there's comfort, however, in the signs that steel price cuts—and not the feared steel price rises—are in the news.

Iron Age, the industry weekly, notes a flurry of cuts in price of some steel products. The publication stresses that signs of general weakness are lacking. But the elective cuts tend to ally earlier fears that the last steel wage settlement would lead inevitably to general price hikes, with widespread results in other industries.

THIS IS JUST WHAT HE WANTED—WHY THE VERY FIRST THING HE SAID WAS...

DISC! CAVALI!

GRANDMA

WELL, GRANDMA, WITH ALL TH' BUG SPRAYS THEY HAVE NOWADAYS...

...FLY SWATTIN' IS JUST A WASTE O' TIME...

YES, GRANDMA, FREE-HAND FLY SWATTIN' AS WE KNOW IT, IS A LOST ART!

Business and Finance

Grain Market Steady in Dull Trading

CHICAGO (AP)—The grain futures market started off today in a mostly steady range with trade dull.

All contracts were within small fractions of previous closes and little upward or downward movement was seen.

Commercial activity was almost at a standstill although a considerable export business was expected to work with Poland and India for wheat.

The Department of Agriculture cleared about 14 million bushels of corn for export on subsidy bids of 1 to 4 cents. One dealer said that approval probably boosted the total now approved for overseas sales to well over 10 million.

Grain Prices

CHICAGO GRAIN	May 18 (AP) - Opening
Wheat	1.14 1/2
Barley	1.14 1/2
Oats	1.14 1/2
Flour	1.14 1/2
Feed	1.14 1/2
Seed	1.14 1/2
Hay	1.14 1/2
Straw	1.14 1/2
Other	1.14 1/2

Say Red Sphere Will Burn Soon

Scientists Give Moon No More Than 3 Weeks —We May Never See It

CAMBRIDGE, Mass. (AP)—Scientists estimated today that Russia's big Sputnik IV will disintegrate in the earth's atmosphere within the next three weeks. They say Americans in continental United States may never see it again.

The Smithsonian Astrophysical Observatory astronomers said the Russian space ship has a very limited life because its orbit brings it within the earth's atmosphere.

The observatory made its forecast after Americans apparently had their last opportunity during the early morning darkness today to glimpse the heavy satellite as it circled the earth.

Meanwhile Pioneer V, America's way-out spacecraft, was due to reach the 10-million-mile mark of its flight from the earth early this afternoon.

It is still sending clear radio signals but space agency officials said it apparently has developed battery leaks. They were unable to say yet, however, whether this means it will not transmit out to the 100 million miles previously predicted.

Laws Back Stand on Pointes: Adams

DETROIT (AP)—Definite legal grounds exist for revoking charters of property groups that discriminate against prospective home buyers in the suburban Grosse Pointes, State Atty. Gen. Paul S. Adams said today.

Adams said action could be brought under public policy statutes of the Michigan constitution or under U.S. Supreme Court rulings against restrictive covenants.

In addition, the attorney general said, the groups could be found in violation of state securities and corporation regulations.

Adams listed the possible actions in reply to demands of the Grosse Pointe Property Owners Assn. and the Grosse Pointe Brokers Assn. that he proved they had violated any laws.

The two groups earlier this week defied Adams' order that they abandon a point system for grading prospective home buyers in relation to nationality and other factors.

Adams gave the groups 30 days to abandon their point system, which he called "immoral," or face prosecution.

\$2,000 Fire Strikes Home in Leonard

LEONARD — Fire caused an estimated \$2,000 damage to the upstairs of the Leonard home on East Elmwood road early this morning, according to Addison Township Fire Chief Edward Porter Jr.

Mrs. Mary was roused from her sleep when she thought she saw a light on in the closet.

She decided it must be a fire when she realized there was no fire in the closet.

The Addison Township fire department confined the blaze to the south half of the upstairs of the new home. No one was injured.

MARKETS

The following are top prices covering sales of locally grown produce brought to the Farmer's Market by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets, as of Tuesday.

BEFORE — A confident, smiling Ed flashed the V-for-victory sign as he leaped the U.S. embassy in Paris for what he hoped would be the resumption of the summit talks. He waited at Elysee Palace with Charles de Gaulle and Harold Macmillan for Nikita Khrushchev to show up. They waited in vain.

Timetable of Failure

It Was the Day the Summit Died
By BOB CONSIDINE
PARIS — Any reporter who had hatched his watch was a dead duck in Paris Tuesday.

The chronology of Khrushchev's bailing phone calls to the summit session, demanding to know whether or not it was really a summit meeting, or an informal one in which he could resume his attacks on President Eisenhower, could not have been followed without a watch.

As Jim Hagerty said later, Moscow, Khrushchev, de Gaulle and Macmillan couldn't get a thing done during their 2-hour talk with Khrushchev's people on the phone every five minutes.

On the street outside the Elysee Palace reporters watches got a workout too. Here's what it was like in Rue du Faubourg Saint-Hippolyte in a blind when it was closed as the hopes of millions of people for a successful summit died.

2:31 P.M.—Prime Minister Macmillan, gray of hair, face and neck, arrives in his Rolls Royce, tooling up the one-way street the wrong way. It proves prophetic.

2:54 — A tiny Renault police car with an angry horn races past the palace, clearing a path.

There is an off-stage fusillade of motorcycle engines, growing louder and louder.

2:55 — He is borne on stage in a blue Lincoln "bubble top." The crowd of perhaps 1,000 on the environs of the scene gives him warm applause.

He grins, waves, then makes a "thumbs up" gesture.

2:58 — Secretary of State Herter puts up in a Cadillac, adjusts his aluminum hand-crutches, and works his way up the steps of the palace past the brass-helmeted garde maitre.

3:00 — The silence of death. Where's Khrushchev? What about the report that said he was coming? Does he dare do a thing like this? What time do you have? I've got 3 on the dot.

3:02 — A French cop with a face like Ferdinand looks steadily at the assembled reporters and soundlessly says it all with the most expressive Gallic shrug I've ever seen.

3:04 — A car is coming into the street at high speed. A thousand heads wheel, a thousand hearts beat faster, then slower. It is a sausage truck.

3:10 — Pierre Baraud arrives. Pierre Baraud? Is he important? He is important and his arrival is dishearteningly significant. He writes De Gaulle's communiqués. The sad one.

3:11 — A shrill whistle. Fresh hopes. But it is only the cop on the corner mowing traffic that it is now clear that the street again. Big K ain't coming, the whistle says.

3:15 — A boy rides past on a bicycle carrying a funeral spray of lilies and carnations.

3:15-4:00 — Predictions: He ditched them at the altar. He can't get away with this. He can get away with this. How can they afford to sit in there, dithering their thumbs? He won't.

Russell, saying the cold war has been intensified and a hot war is possible, added in a statement: "This country should make every effort to get its defense establishment in order and on the alert in order to repel and annihilate any aggressor."

Sen. Thomas J. Dodd (D-Conn.) said the conference failed because "we could not further compromise with or appease communism."

"Let us hope that this puts an end to appeasement in all forms," Dodd declared, "but particularly in the critical fields of nuclear development and the fate of Berlin."

Sen. Mike Mansfield (D-Mont.) said that "all we have to do is sit it out and keep our shirts on." "Let us hope that this puts an end to appeasement in all forms," Dodd declared, "but particularly in the critical fields of nuclear development and the fate of Berlin."

Sen. John Sherman Cooper (R-Ky.) said the crisis will reflect the will, not only of the American people but of the Western nations. "We have tested the Soviets in Paris and found them lacking. Now we have to test the United States and its ally with its allies," Cooper told a reporter.

TV News and Reviews

'Journey' Is Gloomy; 'Eyewitness' Brighter

By FRED DANZIG
NEW YORK (UPI) — A TV news hour tonight was a study in contrasts.

Perhaps it was in keeping with the tradition of up-beat endings that CBS-TV's "Eyewitness to History" picked its video-taped view through the summit rubble last night and somehow ended the half-hour on an optimistic note. "Journey to Understanding," on NBC-TV, concluded on a gloomier pitch.

"Doble Gillis" included a couple of dead, sparkling vignettes last night — Marjorie Bennett as a scheming grocery store customer and Doris Fucker as a cronelet-mad society matron.

Arlene Francis limped on-stage after injuring herself at a dance rehearsal for NBC-TV's "Arthur Murray Party" last night. Kathryn indicated it was a must-go-on gesture by Arlene but that she was in the book plug-go-on tradition.

Last week, when Mrs. Murray told the inside color about why she changed her hair color from brunette to blonde — it was Arthur's idea — she asked her fans to write in and tell her how they felt about the switch. On last night's show, her guests — Miss Francis, Basil Rathbone and Murray Party — last night. Kathryn indicated it was a must-go-on gesture by Arlene but that she was in the book plug-go-on tradition.

2,000 Chicago Dockers Join Others on Strike

CHICAGO (UPI) — The International Longshoremen's Association called its 2,000 Chicago dock workers out on strike today when bar-

gainers failed to reach agreement on a new contract.

The Chicago stevedores joined 1,000 longshoremen already on strike at the Great Lakes ports of Milwaukee, Toledo, Cleveland, Erie and Buffalo.

Former Radio-TV Editor Herschell Hart, 68, Dies

DETROIT (AP) — Herschell Hart, 68, retired radio-television editor of the Detroit News, died Tuesday of a heart attack at his Detroit home.

A native of Dunkirk, Ind., and the son of an Irish journalist, Hart worked on several Ohio newspapers before moving to Detroit in 1919 to join the Detroit Times.

He joined the Free Press later and moved to the News in 1924. He retired last August.

Michigan, through the efforts of the Michigan Department of Health, was the first state to provide for free distribution of polio vaccine for children and pregnant women as a result of a two-million-dollar grant from the Legislature for that purpose.

Black Mesh Pumps
by Mr. Thom!

How to raise the devil with young men, older men, rich men, the stag line at dances, international playboys and your girlfriend's boyfriend: show up in Black Mesh Pumps by Mr. Thom. Take this style, so pointy it's sinful, with a black faille sash that knots and flares. The black faille-covered heels are unbreakable and the lifts will never wear out. This is true of our entire Black Mesh Pump collection (high heels and Louis heels) of Mr. Thom Designer Fashions. Only.....\$5.99

For More summer fun Motorola FM Car Radio for Hi-Fi on the road

Motorola's compact, exclusive radio design fits
most any domestic 12-volt car on the road . . .
even cars that already have radios.

Operates independently
of your present radio.

MODEL
FM 300
PLUS INSTALLATION AND ANTENNA

Full-Range Tone Fidelity
Delivers hi-fi-like sound for "living room" performance. 15 watts of peak power output. Special 6" x 9" Golden Voice® speaker.

Virtually Static-Free
Dual limiters minimize static and AM modulation . . . assure crisp, clear reception even in high-interference areas.

Transistor Construction
3 lifetime transistors extend reliability 60% as compared with radios without transistors . . . cut battery drain up to 50%.

Automatic Frequency Control
Locks in stations to minimize drift . . . eliminates need for continuous fine tuning.

Separate Tone Control
Varies tone from full rich bass to sparkling clear treble to satisfy any personal preference.

Rear-Seat Speaker Control
Balances sound of dash speaker with rear-seat speaker for maximum fullness and depth.

Price and specifications subject to change without notice

- Operates as an independent unit
- 90-day guarantee on all parts and labor.
- Easy to move from car to car

See and hear it at your nearest Motorola or Automobile Dealer

MOTOROLA
