THEY GO TO THE FAIR — President Eisenhower and President Rajendra Prasad of India ride in an open coach to the fair grounds in New Delhi Friday. Eisenhower officially opened the American Pavilion at the 14-nation World Agricultural Fair. President Prasad entertained at an "at home" for the U. S. President today and 8,000 of New Delhi's elite came. They turned it into such a mob scene that security men had to lock arms in a double ring to protect the President.

Party Elite Mobs Ike; Nehru Also Thrilled

FROM OUR NEWS WIRES

NEW DELHI — President Rajendra Prasad entertained at an "at home" for President Eisenhower today and 8,000 of New Delhi's elite turned it into such a mob scene that Indian and U. S. security men had to lock arms in a double ring to protect the President.

Up until then it had been an off day for Eisenhower, who used it to rest up from the strenuous schedule he has been following in his "soft sell" peace tour which in the last week has taken him into five world capitals.

Earlier in the day, Prime Minister Nehru hailed Eisenhower's 11-nation good will tour as a "pilgrimage of peace", carrying a world-wide impact.

The Prime Minister said he welcomed Eisenhower's visit "at this particular juncture of world events, Asian events and Indian events."

Nehru spoke at an impromptu news conference during an inspection of the sprawling press headquarters set up by the Indian government for coverage of the President's stay here.

IS WORLD NEWS

"This visit is news for the entire world and it is right that its significance is recognized everywhere," Nehru said.

He told newsmen that the President's stay "is important news in view of this — if I may use the

HOWARD D. GLENN

Ex-Businessman Taken by Death

Howard D. Glenn Active in Civic Affairs Many Years; Service Monday

Howard D. Glenn, 80, a founder of Stewart-Glenn Furniture Co. and well known civil leader, died yesterday afternoon at his home, 127 Franklin Blvd. He had been in ill health several years.

★ ★ ★

From 1906 until 1917 he was manager of the Detroit Stove Works in charge of advertising and promotion. During five years of that period he served as secretary and sales manager of the Lincoln Stove Co. in Fremont, Ohio.

Mr. Glenn came to Pontiac in 1917 and with John Stewart purchased the Donaldson Furniture business. He was active as secretary and treasurer of the firm until 1949 when he retired because of ill health.

A member of First Presbyterian Church, he was vice president

Tense Nigeria Voting

LAGOS, Nigeria (UPI)—Eight million voters in tense and teeming Nigeria vote today for a government to lead the world's largest Negro nation to independence next October.

Clouds to Stay as Temperature Takes a Plunge

Skies will continue cloudy tonight and tomorrow and high temperatures will drop to the upper 30s, the Weather Bureau reports.

The low tonight will be near 30 and Sunday's high about 38.

Mostly cloudy with little temperature change followed by rain at night is the outlook for Monday.

This morning's winds northeasterly at 5 m.p.h. will become northerly at 15-25 miles late this afternoon and diminish late tonight.

A mild 41 was the lowest temperature recorded in downtown Pontiac preceding 8 a.m. The mercury read 37 at 2 p.m.

Commissioner Quits in Troy

Yanich Claims City Politics Have Reached State of Chaos

Troy City Commissioner Louis Yanich, long a foe of closed-door sessions, last night announced his resignation at a closed-door commission meeting.

He took office in April 1958. His present term expires in April 1961.

"I told the commission last night that I was going to resign and that it should look for a successor," Yanich said today. "I mailed the resignation this morning."

Yanich said the five other commission members, Mayor Robert Huber and City Manager David Hasse took his announcement as a joke.

"They didn't take me seriously," Yanich said. "They thought I was kidding."

He said Huber asked him, "What are you going to do if we don't accept your resignation?"

'AT ODDS'

Yanich said he decided to resign this week because the commission members were at odds with him and among themselves.

"Politics in the past year have been getting out of hand," he said. "The city is being hurt. Some of them are putting their political ambitions above the city. I just couldn't see it. I felt it best for me to step out."

Yanich said the city's governmental machinery has reached a point of chaos.

"Whatever I proposed at the table was always voted down with a flat no even before they listened fully to what I had to say," he said.

"Issues were tabled, tabled and tabled. It has been a waste of my time and taxpayers' money. Just because the ideas came from me they wouldn't go along with it.

★ ★ ★

"And I haven't attended one closed door session. Quite a few have been held that I walked out on. Last night's session was the first closed door meeting I attended."

2 Republicans Bolt to Swing House Tax Plan

But It Faces Probable Slaughter in the Senate — New Dem in Key Role

LANSING (AP)—A 90-million-dollar corporation profits tax plan, newest brain child of House Democrats, headed today toward a probable battering from a hostile Republican majority in the Senate.

Senator Frank D. Beadle (R-St. Clair), Senate majority leader, said the bill hadn't "a chance in the world" of clearing the upper chamber in its present form.

It would put a 6 per cent tax on net profits of corporations.

Some Republicans predicted glumly its passage in the House yesterday all but blacked out chances for a new revenue program from the 1959 Legislature.

Seizing voting control, with help from two maverick Republicans, House Democrats jammed the measure through without a vote to spare.

Republicans George W. Sallade (Ann Arbor) and John C. Morris (Midland) joined with all 54 Democrats present to give it the minimum vote needed for passage.

Then lawmakers headed for home until next Wednesday, when the Senate will make the next

(Continued on Page 2, Col. 3)

"The Democrats still think it's July in Lansing," said Rep. Farrell E. Roberts (R-West Bloomfield Twp.).

Roberts said the Democratic House leadership was repudiating a recommendation by Gov. Williams that the excise tax be passed. "The governor said earlier this month that if the tax passed in the Senate and was brought to the House floor he'd recommend passage. He did."

Roberts said, "The Democrats know the corporate profits tax will be killed in the Senate. The time for politics of this sport passed several months ago."

BULLETINS

Three children drowned today when they fell through the ice in Oakland Township, Oakland County Sheriff's deputies reported. Details of the tragedy were not immediately known.

CAPE CANAVERAL, Fla. (AP)—An explosion tore a giant international range Titan missile apart today just as it was launched in an attempt to fire its second stage for the first time.

The 98-foot missile was engulfed by fire after it rose only a few feet from its launching pad.

Goes Down Near Elmira, N.Y.

DEATH PLANE — This is the tangled wreckage of a single-engine Bonanza airplane which crashed near Elmira, N. Y. yesterday, carrying three industrial executives to their deaths. Two of the victims were Pontiac area men, William H. Cobb, 47, of 1720 Eason Rd., Waterford Township, and Roy W. Wilson, 40, formerly of 2377 Silver Lake Rd., Waterford Township.

Waterford Man Killed in Air Crash

Two industrial executives, one from Waterford Township and the other a former township resident, were killed Friday in a plane crash near Elmira, N.Y.

★ ★ ★

Dear are William H. Cobb, 47, of 1720 Eason St., Waterford Township, vice president of the Allied Welder Corp. of Dearborn, and Roy Wilson, 40, formerly of Waterford and a former vice president in charge of sales at Detroit Bevel Gear and later of Napco Industries, Inc.

Piloting the private plane was Wilson, who was named president of the Ward LaFrance Truck Corp. of Elmira last September. The treasurer of the trucking firm, Joseph Faehnbrich, 28, also died in the crash.

The plane had left the Chemung County airport bound for Newark, N.J., but turned back after running into heavy icing. The crash came 12 minutes after takeoff.

★ ★ ★

Rain was falling heavily when the plane crashed 2,000 feet west of the field.

Named vice president of the Dearborn welding firm last September, Cobb left the area Thursday on a business trip to Hazelton, Pa. The other two men were taking him to Newark airport to make airline connections. He was to return home yesterday.

Wilson and his wife, June, had moved from their home at 2377 Silver Lake Rd. to Elmira only two weeks ago. He was a native of Utica, Mich., and the father of a seven-month-old boy.

Cobb is survived by his wife, Effie; a son, Bruce; and a daughter, Judy.

Funeral arrangements were not completed. His body is being brought to the Donelson-Johns Funeral Home.

Herter, Flying Into Paris, Faces New NATO Trouble

WASHINGTON — Secretary of State Christian A. Herter, facing a new crisis in NATO, flew to Paris today with a call for serengthening the alliance's military might until Russia backs up its peace talk with deeds.

Herter took off in a steady rain at 8:23 a. m. (EST) without commenting on the situation caused by Gen. Nathan Twining's statement blaming France for a dangerous lag in NATO's defense program.

The secretary read a prepared statement before leaving. He said it was of "greatest importance" for the Western Allies to build up NATO militarily.

He conceded there had been "some easing" of world tensions but declared "certainly nothing has happened to date to justify lowering our guard."

The NATO ministers meeting begins Tuesday and the Western summit conference starts next Saturday.

PARIS (AP) — The respected newspaper Le Monde said today the Supreme Allied Commander in Europe, Gen. Lauris Norstad, has warned that he cannot accept responsibility for European defense if the North Atlantic Treaty Organization is further weakened.

France demanded and got an emergency meeting of the NATO Permanent Council today to "clarify" the statement blaming France for the dangerous lag in NATO's defense program.

The address which kicked up the storm amounted to "serious criticism" of French policy toward NATO dictated by President Charles de Gaulle and was based chiefly on military considerations, informed sources said.

In his speech Twining made a strong plea for a new effort to meet NATO's military strength goals for 1963 and said they would not be met at the present rate of growth.

NUCLEAR PLAN

He turned then to the military growth plan, agreed upon by all NATO members in 1957 and known as "MC70," which provided for American nuclear weapons to be stockpiled in France for use, if

Football Star Knifed to Death

Dearborn High School Gridder, 17, Dies in Street Battle

DEARBORN (AP) — Frank Kenneth Molinari, 17-year-old Dearborn High School football star, was stabbed to death today in a street fight.

He was slain across the street from a pizzeria. A knife blade was embedded in his back.

Police said the killing came in a fight between Molinari, a friend and two other youths.

Daniel Palka, 19, an unemployed Dearborn laborer, was held for investigation of assault without formal charge.

He refused to make any statement and appeared dazed when taken before an assistant prosecutor.

"If I Have to Fight to Get In the Front Door'

Says He Will Remain — Predicts That Eastman Won't Be Around

By MAX E. SIMON

Herbert W. Straley this morning vowed to return as Pontiac police chief.

"I'm coming back if I have to fight to get in the front door," Straley said, as he disclosed his future plans for the first time since a Circuit Court opinion reversed his firing by the Pontiac Civil Service Commission last spring.

"I won't have to fight," said Straley. "I have a court opinion."

Ionia County Judge Morris K. Davis Tuesday upheld Straley's appeal for reinstatement. He had been fired after the Civil Service Commission found him guilty of incompetence, insubordination, inefficiency, neglect of duty and failure to maintain good behavior.

"I'll have the same status I've had before," said Straley. "I'm the chief."

Straley said changes in the department under Public Safety Director George D. Eastman were "ridiculous."

★ ★ ★

"Eastman won't be at the police station when I come back," Straley promised. "If Willman (City Manager Walter K. Willman) doesn't fire him, then some action must be taken to rectify the situation.

"It will be rectified." Straley would not elaborate.

He also squelched rumors that he would not return as chief, or would take his former post for only a short period and then quietly bow out.

"I'm going to stay," he declared. "Police work is my life."

Straley proudly pointed out that he's spent 34 years in police work.

"I assure my supporters I'm not leaving shortly after my return," he said, "I have my principles."

"I've worked hard for what I've earned," he said.

"Would I go through the suffering and sacrifice of the past year if I weren't coming back? The answer to that question is obvious."

Straley called the majority of the city's policemen "good, loyal, hard-working officers."

He said the majority of the department's policemen want him to return.

"And the majority is going to have its way," he said.

Straley has maintained that a small clique within the Pontiac Police Officers Assn (PPOA) created the internal strife in the department and was responsible for his ouster.

"They used to sneak into Willman's office by the back door to sound off," Straley said.

"They're the ones who are spreading the rumor I won't

Pontiac Runways Must Be Greatly Extended

Jets to Decide Airport Expansion

By PETE LOCHBILER

What kind of expansion would Pontiac Municipal Airport have to see in order to handle jet aircraft 10 or 15 years from now?

The answer is difficult to come by since a good deal depends upon the technological progress of the aircraft industry.

This was the consensus of a number of air-minded experts who have taken under consideration the Landrum & Brown recommendation that Pontiac is a good spot to locate a second major jet airport whenever the Southeastern Michigan metropolitan area's air needs justify it.

A comparison however, is seen at Detroit Metropolitan Airport, which is the area's only jet field at present.

Joseph Gross, manager of Detroit Metro for the Wayne County Highway Commission, said the field had to be expanded to about five times its size to handle jets.

It now compromises about 2,600 square acres, he said, not including clearances.

Gross said a 7,200-foot parallel to the main runway is in the planning stage.

In comparison, Pontiac Municipal comprises 423 acres. The main, east-west runway measures 4,000 feet now, with 2,000-foot clearance at either end.

The major instrument runway for jets is 10,500 feet long, although it has been argued in some quarters that jets can operate on 7,200 feet.

NEED 9,000 FEET

Most experts think that at least 9,000 or 9,500 feet are necessary, Gross said.

Gross, who thinks more distance is wise, is planning an increase to 11,500 feet.

In its overall operation, the airport also uses a 7,600-foot and a 5,000-foot runway. Under expansion plans, these are to be lengthened to 10,000 feet and 7,000 feet, Goss said.

The main runway lies northeast-southwest and the two others are east-west and northwest-southwest.

This runway will be extended to 5,500 feet next summer.

★ ★ ★

The secondary, north-south runway is 2,500 feet long. Plans to lengthen this next year were recently turned down by the State Department of Aeronautics.

★ ★ ★

A third runway, lying southwest-northeast, measures 2,400 feet.

Along its eastern side, where the north-south runway is, the airport runs about three-quarters mile along Airport road, north of M59.

The east-west runway, when expanded to 5,500 feet, will stretch to about 500 feet east of Williams Lake road, the western boundary of the airport.

The distance between Airport and Williams Lake roads is about 8,000 feet, but the city doesn't own all of the frontage along M59, only the eastern half.

★ ★ ★

When thinking of expansion at Pontiac Municipal, thoughts first turn to the land owned by the Conservation Department west of the airport, between Williams Lake road and Pontiac Lake.

★ ★ ★

This area measures about 3,600 feet east-west and a 1,000-foot wide corridor stretches through it to the lake as clearance for the east-west runway traffic. Only about 500 feet of this corridor is officially earmarked as clearance.

The distance from the lake shore to the eastern end of the east-west runway measures about 9,600 feet.

Are You All in a Dither on Aunt Matilda's Gift?

By JANET ODELL
Pontiac Press Home Editor

Aunt Matilda will be expecting that package from you. Better go shopping for her gift today.

Since she's a feminine person, she would simply love one of those frilly cleaning tissue holders to put on her bedside table. Perhaps she would like a small mosaic-topped table to use as a bed table.

Is she a gardener? We saw a pastel pink plastic sprinkling can in one store. Don't forget that a gift of some bulbs is always a welcome one. Amaryllis is lovely.

Blue milk glass sherbets and goblets would grace Aunt Matilda's table — or anyone else's table who likes imported ware. These come from France.

Strictly modern are the cone-shaped salt, pepper and sugar shakers from Denmark. Being stainless steel, they need no polishing.

Some of the best looking trays we have ever seen are made of a gold colored metal with formica centers. That makes them impervious to stains and tarnish. They come in three different sizes.

ALUMINUM INEXPENSIVE

In the inexpensive category we would place the brightly colored aluminum wastebaskets and divided plates. The latter would be perfect to store away for next summer's outdoor meals.

Did you ever think of sending Aunt Matilda a small furry acrilan rug to put beside her bed? You might even buy yourself a Christmas present of one of these. Just imagine how good it would feel on a sub-zero morning.

If Aunt Matilda plays bridge with a group that smokes, send her some match books with contract bridge scoring rules on the covers.

Although a door knob is rather unusual as a gift, Aunt Matilda won't think so when she sees the handsome ceramic ones a local store carries. And she's sure to find space to put a set of ceramic jars in her bathroom. About three inches high, they're marked "Aspirin," "Gauze," "Adhesive," and "Vitamins."

Supervisors Will Make Vital Decisions Monday

By GEORGE T. TRUMBULL JR.

In its 13th and most important meeting of 1959, the Oakland County Board of Supervisors Monday will ring out the year with some vital decisions. Major among these will be:

1. Election of a new county road commissioner.

2. Decision of whether to ask county voters next year to elect a second probate judge.

3. Possible election of a new vice chairman for the 83 - member board.

4. Appointment of a new seven-member aviation committee of the Board to continue a study of long-range airport needs for this area.

5. A decision on whether the county should embody in its 1960 legislative program the repeal of a law limiting circuit judges' pay to $22,500 annually.

★ ★ ★

Supervisors were to receive a progress report from John L. Carey's study committee on government reform. It was criticized recently for lack of accomplishments by Harold K. Schone, outgoing head of the Department of Public Works.

Carey, however, said his report will be withheld until the January meeting.

City and township supervisors will wait until the end of their business to settle the question of who will complete Lee O. Brooks' $7,500-a-year term as road commissioner. He resigned due to ill health.

Since the last board meeting Oct. 26, the question has blossomed into a political contest between Hiland M. Thatcher, former West Bloomfield supervisor and vice chairman of the Board, and Clayton G. Lilly, former supervisor from Ferndale.

★ ★ ★

A third contender for the unexpired term, which runs out in 1962, has reportedly withdrawn. That is Marshall E. Taylor, Walled Lake supervisor.

The election could add fuel to the old on-again, off-again rivalry on the Board between city and township representation. In campaigning for the post, Lilly has solicited city supervisors' support claiming cities have not been properly represented on the three-member Board of Road Commissioners, occupied today by three former township supervisors.

Thatcher, reportedly the front-runner for the job, has been endorsed by an association of Oakland Township supervisors. Ironically, he'll be nominated for the post by Carl F. Ingraham, Birmingham city supervisor.

Because Thatcher had to resign as supervisor this past week to become eligible for Brooks' post, supervisors will have to name his successor as board vice chairman.

Saying there is "an apparent need" for a second probate judge, the Board's legislative committee will recommend a countywide vote next November on whether to add one.

Should supervisors approve the vote and voters say yes, the second judge would be an appointee of Gov. Williams and take office Jan. 1, 1961.

In discussing the question during the year, some cries of "politics" have stirred hot debate. More might come Monday.

With the release Thursday to the six-county Supervisors Inter-County Committee of a $30,000 study on future airport planning to 1957, it was deemed essential to have a committee to carry out far-reaching recommendations.

Creation of a jet airfield in the Pontiac area was one such recommendation.

★ ★ ★

Delos Hamlin, chairman of the Oakland Board and the SICC, is expected to name seven supervisors to the new committee.

The question of the circuit judges' pay is not a new one to the Board. At their September 1958, meeting, supervisors voted 48-26 to comply with a state law limiting the pay to $22,500, $12,500 from the state and not more than $10,000 from the county. The law, however, was ruled unconstitutional by an attorney general's opinion.

Oakland judges have been receiving $23,500.

The salaries committee, despite urgent pleas from the judges themselves, has decided to cut $1,000 out and pay $22,500 beginning the first of next year.

In the meantime, the legislative committee recommends repeal of the 1954 law so that in the future there would be no ceiling.

Planners of what legislative changes the county will strive for in 1960 Legislature have incorporated this suggested repeal as part of a package of proposals which supervisors will be asked to pass on Monday.

Following their busy last session of the year, supervisors will lunch after the dedication of the Michigan State University Oakland Student Center.

It's Curtains in Last Act of Tragedy

TORRANCE, Calif. (UPI)— Monumental tragedy haunted Mrs. Mary Louise Phillips.

She married three times. Two husbands died in automobile accidents. The third died of disease.

She gave birth to seven children. Four were killed in an automobile accident. Two died of disease.

The 35-year-old woman suffered from cancer and tuberculosis. She was scheduled for surgery next week.

Still Mrs. Phillips had not given up hope of finding happiness.

She planned to be married last weekend. But the plans collapsed when an industrial accident took the life of her fiance in the East.

As an aftermath she called a finance company and confessed she could not make the payments on her 1958 car.

It was the repossessor who summoned the landlord and found Mrs. Phillips lying dead yesterday in her apartment here.

Mrs. Phillips left a death note that said she had taken her life with a "good slug of scotch whisky," eight seconal pills and a dose of cyanide.

Rebels in Exile Enter Paraguay

But Country's Army Claims Attack on Pilar Successfully Crushed

ASUNCION, Paraguay (UPI) — Exile rebel forces attempted a two-pronged invasion of Paraguay today. The government later announced officially that its army crushed the attempt.

The announcement said Paraguayan exiles tried to attack across the Paraguay River against the port city of Pilar and across the Parana River against the City of Encarnacion.

It said the rebel bands crossed the rivers in extreme Southern Paraguay from Argentine territory at dawn today.

The announcement added:

"Defense forces intercepted them. Fighting took place, with some wounded reported and the attackers thrown back."

The mention of "defense forces" apparently referred to two battalions of infantry which have been stationed along the Paraguay side of the Paraguay River the past few weeks, and similar units stationed along the parana in the vicinity of Encarnacion.

DRIVEN OFF

The announcement said that supporters of the rebel movement inside the city of Encarnacion tried to seize the barracks of the local military garrison. But it said they were driven off.

The government of President Gen. Alfredo Stroessner added in its announcement that, meanwhile, a rebel light plane circled overhead dropping bombs on Encarnacion. It said none of these exploded.

Simultaneously, it said, more rebel units attacked at other places in southern Paraguay near Encarnacion.

NOVEL PARKING SPOT — Sharon L. Cipollone, 20, walked away shocked, but unhurt, in this freak early morning accident in Cincinnati. Miss Cipollone, cited for reckless driving, said her windshield became fogged and she did not see the auto transport carrier parked at the curb with its ramps in place to unload the cars. Her auto slithered up the one ramp on its undercarriage and stopped in this position.

Residents May Give Plane to Philippines

The people of Oakland County may give a $30,000 airplane to the government of the Philippines next March.

Such a plan was announced yesterday by Dr. H. H. Savage, pastor of the First Baptist Church of Pontiac, at a luncheon meeting attended by area businessmen and civic leaders.

The luncheon was held at Pontiac Country Club.

The plane would be a Helio Courier H391, five-passenger, single-engine craft specially built for jungle flying.

It would be used to reach inaccessible areas and populations in an effort to aid them and translate their languages, broadening the scope of communications in rapidly developing world areas.

'RED INFLUENCE GROWS'

Interest is becoming more keen in such projects as Communist influence grows in these underdeveloped regions, the Rev. Savage explained at the gathering.

★ ★ ★

"When you realize that only about 1,000 of the more than 3,000 languages in the world have been reduced to writing, and that governments where many of these unwritten languages exist are begging for help, you can see what a challenge it is," he said.

Intensely interested in the translating of languages is Wycliffe Bible Translators, Inc., an international organization which has already done much to put them on paper.

Outlining the project for local leaders were Dr. Donald H. Burns, Wycliffe's regional secretary for the eastern United States; Lawrence J. Montgomery, superintendent of Jungle Aviation and Radio Service, wings for Wycliffe; and L. W. Routh of Greensboro, N.C., chairman of the department's executive committee.

The plane can do almost everything a helicopter is capable of doing. It can take off and land at 30 miles per hour and climb at better than a 45-degree angle.

Dr. Savage has asked the Pontiac Area Junior Chamber of Commerce to sponsor the county-wide project. The plane would be dedicated here on March 19.

Ceremonies would be attended by local, state and national figures as well as the Philippine ambassador to the United States.

GOP Bolt Swings Tax Plan in House

(Continued From Page One)

move in an 11-month fight over Michigan's money problems.

CLIMAXES MANEUVERING

Passage climaxed four hours of strenuous maneuvering by Democrats to round up their full forces.

Rep. Adam Sumeracki (D-Detroit), who was ill, was the only Democrat missing when the show down came in midafternoon.

The key vote came from Rep. David S. Holmes, also of Detroit, who was sworn in as a House member only four hours earlier. He won a special election Tuesday to replace the late Rep. Charlene White.

Left hanging in the House were four "nuisance tax" bills the Senate approved last week.

Democrats chopped them down, then both sides joined to revive them for a possible second passage try.

The package would yield 34 million dollars from new or higher taxes on beer, whisky, tobacco and telephone and telegraph bills.

Rep. Joseph J. Kowalski of Detroit, Democratic floor leader, voiced hope the Senate "will come to its senses" and do something besides kill or gut the corporation tax measure.

"This will only provide our minimum revenue needs," he said. "All we have done so far is piddle around with piddling taxes that won't begin to end our cash crisis."

The gross yield from the measure would be 132 million dollars. But, firms which make no profit would have the existing four-mill corporation franchise fee cut to two mills. This offset of about 42 million dollars would result in a net yield of 90 million dollars from the bill.

Backers of the measure contended the actual additional burden on corporations would be only 45 million dollars because of federal tax credits.

The corporate profits tax, long a favorite of Gov. Williams and other Democrats, would raise the 90 million dollars before June 30. The Senate nuisance tax package, designed to start Jan. 1, would produce 15 millions in the same period.

Pre-Yule Circulars a Burden

Mail Later, Firms Asked

Pontiac Acting Postmaster Robert C. Miller today appealed to businesses for help to relieve some of the burden of Christmas mail.

"I'd especially appreciate the cooperation of all business firms in postponing the mailing of circulars and catalogues until after Dec. 25 to keep the mails clear for the Christmas rush," said Miller.

To the "inevitable last minute mailers" he suggests that air mail postage be used for every Christmas card or gift going distant places.

"The time to talk about mailing early for Christmas has passed," Miller said.

The Postmaster announced that service window hours will be extended at the main office on W. Huron street and the federal station at Perry street and Huron street.

Stamps and parcel post windows will be open on the two remaining Saturdays before Christmas until 5 p.m.

The Main Post Office will be open the two Sundays, Dec. 13 and 20, from 1 p.m. to 4 p.m. for the sale of stamps and the handling of parcels.

Weekdays beginning Dec. 14 through Dec. 22, hours will be 8:30 a.m. to 6 p.m.

"You can avoid the noon hour and late afternoon lines at the windows by mailing your packages either before 10 a.m. or between 1:30 and 3:30 p.m.," the Postmaster advised.

West Coast Jarred

SEATTLE, Wash. (UPI)—A sharp earthquake jarred an area reaching from Victoria, B.C., to Seattle Friday night, but apparently did no major damage.

Car Hits Tree, Man Is Injured, Then Booked

William H. Swartz Jr., 23, of 3010 Woodlawn St., Commerce Township, was treated at Pontiac General Hospital this morning for injuries suffered when his car hit a tree.

Swartz lost control of his car and smacked head-on into a tree while driving east on Cooley Lake road west of Union Lake road, Commerce Township, according to Pontiac State Police.

He suffered minor head and arm injuries and was booked at the Oakland County Jail on a charge of being drunk and disorderly, police said. The accident happened shortly after 6.

Ludwig Bachor Dies in Lansing

All-American Gridder, Assistant Prosecutor Lived in Rochester

A long-time Rochester resident, assistant prosecuting attorney for Wayne County and a University of Detroit football All-American, Ludwig A. Bachor died unexpectedly Wednesay in his Lansing home. He was 58.

A University of Detroit Law School grauate in 1927, he was a member of the Michigan State Bar Assn. He was last employed by the Michigan State Highway Dept.

Service will be at 10 a.m. Monday in St. Andrews Catholic Church. The rosary will be recited at 8:30 p.m. Sunday in the William R. Potere Funeral Home in Rochester. Burial will take place in Mt. Olivet Cemetery, Detroit.

"While many things have been discussed and have happened here," he said, "everything has been in the context of peace, cooperation and freedom."

Eisenhower's spectacular visit to India led an Indian diplomat to predict that it will open "a new chapter in world history."

M. C. Chagla, Indian ambassador to the United States, reported that Nehru estimated the massive crowds that welcomed Eisenhower here Wednesday at 2½ million — three times the size of New Delhi's reception for Soviet Premier Nikita Khrushchev in 1955.

Roosevelt Lodge Installation Tonight

Pontiac's Roosevelt Lodge 510, F&AM, will hold its annual installation of officers tonight at Roosevelt Temple, 22 State St., at 8 o'clock.

Charles R. Buell of 15566 Kirkshire Rd., Birmingham, will be the new worshipful master. Among other new officers are Harold B. Rynerson, Norton Graham, Roy W. Wilton, William Pfahlert, and William Cousins.

Installation services will be performed by Clifford McLean, past master, acting as the most worshipful grand master.

He will be assisted in the ceremony by Wayne Reeves, Sidney S. Fellows, Oscar Forslund and Sam Johnson. The Pontiac Central High School girls ensemble will furnish vocal music for the ceremony.

No Progress in Bus Talks

Three-Hour Session in Saginaw Breaks Off as Stalemate Continues

Pontiac remained busless today as negotiations to end the week-old walkout by drivers and mechanics in Pontiac, Saginaw and Kalamazoo broke off yesterday.

Leonard Bennett, state labor mediator, reported "no progress" toward settlement after a three-hour bargaining session in Saginaw.

"Both sides have the same position as last Friday and no other meetings are scheduled," he said.

Mediators sat separately with both sides and then jointly yesterday. Similar negotiations were held in Kalamazoo Wednesday and in Pontiac Thursday.

The Pontiac City Bus Line Co. is a subsidiary of the National Bus Line of Chicago. Subsidiary lines of the same parent company are in Saginaw and Kalamazoo.

Bennett said yesterday's meeting concerned only the Saginaw contract. Contracts in all three cities have expired.

Plan Sun Rocket for Next Week

WASHINGTON (UPI) — The United States hopes to launch a sun rocket next week in a test of solar-powered radio communications at interplanetary distances.

The launching is tentatively scheduled for Tuesday at Cape Canaveral, Fla., according to information here.

The National Aeronautics & Space Administration (NASA) has not officially confirmed that the firing is imminent.

But the NASA is known to have developed equipment designed to transmit information more than 50 million miles through space.

The forthcoming shot will be an attempt to intersect the orbit of the Planet Venus with a payload carrying scientific instruments and transmitters powered by batteries which would be recharged from time to time with solar energy.

Firms Must Utilize Old Sales Tax Scale

The Pontiac Office of the State Department of Revenue has announced word from Attorney General Paul L. Adams that merchants are to collect sales tax in accordance with the former scale.

A revenue department spokesman said Adams advised it was unconstitutional to use the bracket recently suggested by the Michigan Retailers' Assn. because "no one may enrich himself by the collection of sales taxes other than the State of Michigan."

The bracket merchants will now continue to use is as follows:

17 to 49 cents—one cent
50 to 83 cents—two cents
.84 to $1.16—three cents
$1.17 to $1.49—four cents

The Day in Birmingham

Poppleton Park Pool Proposal Is Opposed

BIRMINGHAM—Talk of swimming pools in December . . .

"Maybe by summer," hopes the Forest Hills Swim Club, Inc.

The Club's latest site choice has met with disdain from City Manager L. R. Gare.

Leslie W. Fleming, Club president, had suggested his organization lease a portion of Poppleton Park for the pool.

After having been legally advised that such a transaction would be possible, Gare will submit the matter for consideration Monday to the City Commission . . . but without a favorable recommendation.

The private club some weeks ago had sought purchase of a portion of Manor Park property between Mapor road, 16-Mile road, the Grand Trunk Railroad and Shepardbush, but was turned down because of zoning limitations.

NOT IN FAVOR

Said Gare:

"Basically, I was not in favor of using the Manor Park property for the use of a private swim club.

"I did feel, however, that serious consideration should be given to providing whatever aid was possible to the group for the very reason that anyone who would provide recreation for a group of 400 to 500 people at its own expense was relieving the city to a certain degree for providing recreation facilities.

"But, I cannot go along with the proposition that a private group lease from the city a portion of Poppleton Park for its use only without the opportunity of membership by the general public.

"In my opinion it is not in the best interest of the public to lease any portion of this property for the sole use of a private group."

★ ★ ★

Gare had been advised by counsel that "even if there has been an implied dedication of the area for park and recreation purposes, the proposed lease would still be proper if either the pool's use were available to all citizens of the city on an equal basis or if the area involved in the lease were not sufficient to result in substantial interference with the public use of the park."

★ ★ ★

At last Monday's Commission meeting Fleming stated "it would be probably impossible" for his group to operate a pool as had been planned if it had to be opened up to the public.

Benny Makes No Bones About Canned Laughter

By EARL WILSON

NEW YORK — Jack Benny would like to confess right now that he used canned laughter recently — with no less a guest star than Harry Truman.

★ ★ ★

WILSON

When all that furor about "honesty" and "realism" in TV was raging, CBS president Frank Stanton said canned laughter would have to go—but Jack figures there was a misunderstanding because nobody from the CBS brass asked him to drop it.

"When you film a show, you almost have to have it," Jack remarked a few days ago while relaxing late in the afternoon in a dressing gown.

"We filmed the Truman interview in the library in Independence. He was saying some very funny things.

"For him to have said these things without any laugh response would have been deadly. Furthermore, I know that when Harry Truman says something funny, an audience is going to scream more at him than at a comedian."

BENNY

And so the canned laughter was inserted — with Jack personally doing the editing.

"Could this have been the canned laughter from some old Fred Allen show, the laughs being from people who are now dead?" I asked Jack.

"I don't know where we get them," Jack shrugged. "I just know that they're important."

Since most of Jack's shows are "live," he uses canned laughter seldom. Sometimes, he said, when editing a filmed show, he tells his crew, "Look, fellows, that joke didn't deserve that big a laugh — take that out."

All of which points up the fact that the laugh's the thing to Mr. Benny.

"The trouble is," Jack explained, "some new producers with little shows don't know how to edit laughs.

★ ★ ★

"You have to know which joke is worth a tiny giggle, which one gets a shriek, and which one gets a roar that will lead to applause."

Probably Jack's attention to such details of laughter is responsible for his reputation for having such great timing.

Jack's "pauses," generally accepted as the secret of his timing, have had strange results. Playing the Palladium in London, he permitted Phil Harris to insult him onstage.

Phil had been pretty smart-alecky about his boss in the routine and had strutted off after saying, "I'll be back again, folks, because the old man needs me."

"I got a big laugh just standing there glaring at the audience," Jack said. "The audience could read my mind: 'I'm paying this so-and-so big money and all he does is insult me.' I could keep the laugh going as long as I wanted to. The laughing went on so long one night, that finally somebody up in the gallery yelled, 'For God's sake, Mr. Benny, say something! That got the biggest laugh of all."

Jack thought of planting a spectator there to do it every night but decided against it because impromptu laughs generally are better than planned ones.

Possible Now, Says Research Director

Electric-Run Cars in 5-10 Years?

By JACK VANDERBERG
UPI Automotive Editor

DETROIT — New fuel gases developed by Allis-Chalmers Mfg. Co. make electric cars which could compete with gas buggies possible now, Dr. H. K. Ihrig, research director for the company says.

Dr. Ihrig says the new fuel gases can be fed into fuel cells which generate electricity to power all types of vehicles on a basis competitive with gasoline-powered cars, trucks, tractors and military vehicles.

The new system was tested recently on a tractor which plowed a field with only a 20 horsepower electric motor.

The electricity that drove the experimental tractor came from 1,008 individual cells. A mixture of gases, largely propane, fueled the cells along with oxygen. The gases were fed to the cells through a system of tubing and, once in the cells, reacted to an electrolyte.

CONTROLLER REGULATES

The chemical reactions within the cells cause a direct current to flow to an external circuit which is connected to a controller which regulates the electricity supplies to the motor.

In this way the speed of the vehicle can be controlled by varying the amount of current going to the motor. The vehicle can be reversed by changing the polarity.

"At the moment, we don't see any reason why this couldn't be applied immediately to all types of vehicles, passenger cars, trucks, tractors or military vehicles," a spokesman said. "We don't know of any serious shortcomings but it is still in the experimental stage and we plan no commercial applications in the near future.

IN 5 TO 10 YEARS

"It might be as long as five to 10 years, depending upon the problems we run into as we are testing the possible uses of the fuel cell."

The fuel cell doesn't store electricity like the batteries used in electric cars that have appeared on the market previously or the battery used to start a gasoline-powered car. It converts chemical energy in the fuel gas to electrical energy, or direct current. The gases are consumed much like the gasoline is consumed in an internal combustion engine.

No attempt has been made to measure the fuel economy of the cell but a spokesman said, with further refinement, it was definitely possible that it would be competitive with gasoline engines.

The big advantage of the fuel cell power plant, Dr. Ihrig says, is that it is much more efficient that gasoline or diesel engines, which give off much of their energy in the form of heat.

Theoretically, it is possible to use up to 100 per cent of a chemical energy with a fuel cell while a diesel engine, for example, converts only about 40 per cent of a chemical's energy into usable power.

Another big advantage is that the fuel cell has no moving parts and therefore has a long life.

INEXPENSIVE, TOO

The fuel cell is inexpensive to make because its major parts can be built with tolerances of 1/16 of an inch, making it easily adaptable to mass production. It would be easy to repair because any unit, composed of nine connected cells, could be pulled out and replaced.

Like battery-powered electric cars, a car powered by the fuel cell would be quiet and the sources of energy could be distributed throughout the car, making use of otherwise unusable space.

It has an exhaust — water and carbon dioxide — but it is relatively safe and doesn't contain the hydrocarbons which help create smog, an Allis-Chalmers spokesman said. The fuel cells would be lighter than the storage batteries used in older electric cars but heavier than a gasoline engine.

★ ★ ★

It would have the same type of unlimited range as a gasoline-powered car, stopping only to take on a new fuel supply, while a storage battery electric car is limited to a practical range of 80 miles.

Legion Answers Accusation

Who's a Puffed Up Patriot?

WASHINGTON (UPI) — American Legion National Commander Martin B. McKneally has accused Sen. Stephen M. Young (D-Ohio) of using "offensively intemperate" language in calling an Ohio legion group "puffed up patriots."

★ ★ ★

McKneally backed the Hamilton County, Ohio, legion council, which passed a resolution censuring Young for agreeing to speak Dec. 15 at a New York dinner sponsored by the Emergency Civil Liberties Committee (ECLC).

Two congressional committees have branded the ECLC a Communist front.

★ ★ ★

Young's office said the senator had not received any complaints about his bristling reply to the censure. It said the lawmaker had received about 30 telegrams and 12 telephone calls praising his remarks.

★ ★ ★

McKneally said in a statement last night that he hoped "most Americans do not consider a publicly expressed alarm over the advancement of Communist objectives in our country is 'puffed-up patriotism'."

★ ★ ★

He said the Ohio legionnaires were "not the only ones who are disturbed" by Young's agreement to speak at the dinner.

Sees State With Rosy Glasses

Economic Official Says Purchasing Power Will Grow by 146 Pct.

DETROIT (UPI) — An official of the Michigan Economic Development Department outlined a rosy picture of a rapidly-growing consumer market in Michigan Friday.

Dr. Paul A. Herbert, chief of the department's research division, said studies show that by 1965, Michigan as a whole will increase its net effective purchasing power by 146 per cent, more than any other state except for Nevada.

He said Kalamazoo, according to the tabulation, would grow fastest of 13 major cities as it climbed 117 per cent in population and 173 per cent in buying income.

He listed other cities in somewhat the same category as Bay City, Benton Harbor-St. Joseph, Muskegon, Jackson, Ann Arbor and Battle Creek.

Herbert, speaking to Michigan industrial ambassadors at a regional meeting at Wayne State University, said only Florida and Alaska had a greater percentage increase in income since September 1958 and only California had a higher dollar increase than Michigan.

Two Lumber Firms to Merge in Detroit

DETROIT (UPI) — Two of the Detroit area's largest lumber firms, Restrick Lumber Co. and Erb Lumber Co. will merge Jan. 1.

Fred Erb, president of the Erb company which has headquarters in Royal Oak, announced the two would become Erb-Restrick Lumber Co. with headquarters in Royal Oak. Restrick was founded in Detroit in 1884.

Each of the companies does an estimated million-dollar business annually.

Britons Prefer Cologne

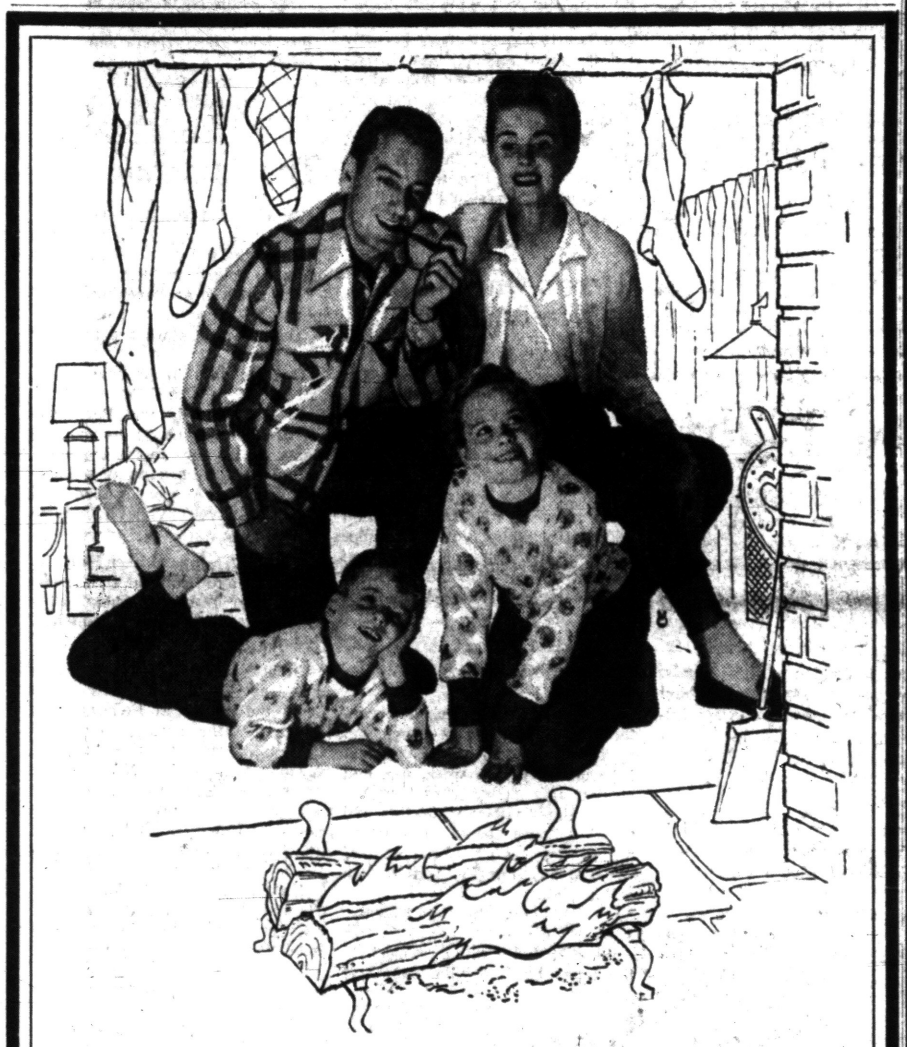

LONDON (UPI) — British tourists liked Cologne better than Americans did this year. A total of 9,214 British tourists spent the night in the German city, compared with only 8,088 Americans.

It Seems to Me . . . .

United States Is Setting Fine Example of Democracy at Work

Our 1960 race for the Presidential nominations is already providing Americans with one of the country's most exciting preliminary political battles.

★ ★ ★

The early Democratic struggle is especially interesting. The boys are active but no one has lifted himself appreciably above the pack in the early skirmishes. They're jockeying for position and each fervently hopes his rivals will commit irreparable errors.

★ ★ ★

The two outstanding liberal challengers are Kennedy and Humphrey. The former has a more winning manner for nature blessed him with an inherent friendliness that attracts everyone —except a rival candidate. On the other hand, the Massachusetts Senator crossed the labor leaders from whom he expected to derive his main support and rumor says they're giving him the well known brush-off. If both of these liberals fail, the old work horse, Adlai Stevenson is always "available." I've maintained for a year that Adlai would ultimately get the nod because of a deadlock.

★ ★ ★

The conservative Democrats probably lean toward Senators JOHNSON and SYMINGTON. HARRY TRUMAN is expected to cast his lot behind SYMINGTON and JOHNSON, in that order. The old "give-'em-hell" kid is just as violent in his dislikes as he is in his likes; and behind the scenes he can hardly stomach ADLAI STEVENSON. Also, he indicates unofficially that he doesn't think KENNEDY would make a good race.

And don't write off HARRY'S influence.

He'll "be around" when the shooting starts.

★ ★ ★

The GOP battle is a bit closer than it was. For a time it looked as though Vice President Nixon were a cinch. But Nelson Rockefeller has gained in national stature and prestige. Nixon is still an odds-on favorite, but the nomination isn't actually in his pocket.

These activities are a part of the orderly processes of a democracy at work.

It's good for the nation.

It's good for the candidates.

And the bulk of the world looks on in openmouthed envy.

Say It Ain't So . . . .

In today's Voice of The People is a letter signed "Skeptic." It says that an editorial wish expressed here has been laid away in the sweet peas where it can wither and fade.

★ ★ ★

When Senator Philip Hart went to Washington, I offered the belief that he would be a reasonably independent thinker. Surely everyone's entitled to exercise party affiliations by voting with the group on partisanship matters. But I felt he would "be on his own."

★ ★ ★

"Skeptic" says that already HART dutifully watches for the same REUTHER nod that controls WILLIAMS, MCNAMARA and other subservients. "Skeptic" says otherwise he would take a hand in the Pontiac postmastership.

I won't quite admit that "Skeptic" is right.

But I'm weakening.

★ ★ ★

I feel like the little boy who ran up to Eddie Cicotte when he emerged from the baseball commissioner's office where he faced charges of selling out the White Sox. Remember — the little boy called out: "Eddie, say it ain't so."

Cicotte walked away, head down.

Mr. Senator — please — "say it ain't so."

Pontiac Gained Good Man . . .

Residents of this area will be interested in a current editorial in The Dayton *Journal Herald*. It pertains to our newest GM official, CALVIN J. WERNER:

★ ★ ★

"The news of Calvin J. Werner's promotion to general manager of the GMC Truck and Coach division in Pontiac, Mich., gave us mixed feelings.

★ ★ ★

"Naturally, we rejoice in the advancement of a home-town boy who has already made good and is on the road to still higher executive responsibilities in a corporation which he began to serve 36 years ago as a toolmaker apprentice at Delco Products. CAL WERNER has risen from the ranks on merit and we congratulate him on his achievement.

★ ★ ★

"But the gain for Cal Werner personally and for GM means the loss to the Dayton area of a mighty good civic leader. He brought a genial spirit and a keenly analytical mind to every cause that enlisted his personal participation, and the causes which had the benefit of his energetic leadership were many. All will miss him."

★ ★ ★

Pontiac doubly welcomes an individual with this fine recommendation from his old hometown.

And in Conclusion . . . .

Jottings from the well thumbed notebook of your peripatetic reporter:

If you had 20 guesses, could you tell which state has the most airplane pilots per capita? It's Alaska . . . . . Our new GMC boss, CALVIN J. WERNER, built his own amateur radio station long before he was twenty . . . . . Who says you shouldn't cry over spilt milk—at current prices? And JIM NYE, don't bother to write . . . . . Purely personal nomination for an especially good looking young lady. MARGARET MCGILL. In fact, she's super.

★ ★ ★

New York State collected 47 million dollars in taxes from horse racing this year . . . . . "Under cover" announcements from National Democratic officials: "Women will get equal committee jobs with men at the 1960 convention." Wanna bet? (And that goes for the GOP, too) . . . . . Incidentally, the Dem gathering will be covered by a thousand newspapermen . . . . . Some nations around the world are accusing us of "going soft" with the Russians since John Foster Dulles died . . . . . These Christmas Clubs at the banks are the easiest way I know to save money. If you don't belong, join at once and acquire the sum you want in the most painless method ever devised.

★ ★ ★

GLENN MCCARTHY, hotel entrepreneur extraordinary (he built The Shamrock) is planning a new hostelry for Houston that will cost $110 million. It would be the largest in the whole wide world . . . . . An especially staunch, loyal and valuable citizen: DAVE EWALT . . . . . Senator JOHN KENNEDY was asked how he became a war hero. "It was involuntary," said he. "They sank my boat." KENNEDY is a very human individual and packs crowd appeal . . . . . And this — all the way from Cape Town: "Men still prefer well-formed women to well-informed women . . . . .

. . . . .There have been 25 million letters sent to the dead letter office this year. Let that be a lesson to YOU.

The POWER of FAITH

by Howard Brodie

An orphan grew up to become a bishop in Asia Minor in the Third Century. He fed the hungry, redeemed debtors, gave gifts to children and brought a convoy of grain ships to relieve a famine. He suffered long imprisonment by the Romans for his faith. His reputation for kindness made him one of the most reverred and popular Christians, St. Nicholas.

It is said that he compelled robbers to return stolen goods, that he gave bags of gold to a destitute father secretly at night as dowries for his daughters. When seen, he asked the father not to reveal his good deed. In remembrance, his holiday was celebrated by secretly leaving gifts for children at night.

St. Nicholas became the patron saint of Russia, Greece, and Holland, guardian of maidens, merchants, sailors, scholars and children. Dutch colonists introduced St. Nicholas, whom they called Sinter Klaas, to America. Gradually the bishop in robes was depicted as "a jolly rosy-cheeked little old man, with a low crowned hat, a pair of Flemish trunk hose." So the spirit of a generous man of faith lives today in Santa Claus.

Days of All Faiths

St. Lucy Inspires Feasts of Light

By DR. HOWARD V. HARPER

Remember those high school and summer camp days of our youth, when our voices blended in the strains of the Italian folk song Santa Lucia? We sang it loudly and with great feeling, but with little idea of what it was about. Well, it concerned St. Lucy, the patron saint of the Sicilian city of Syracuse and of all poor laboring people. She was also the protector against diseases of the eyes.

This much we know about her. Lucy was born in Syracuse. She was wealthy and of noble birth. In 314 she was martyred during the persecutions of the evil Emperor Diocletian. St. Lucy is the most famous of all virgin-martyrs in the Western Church. She is still remembered every day in the Roman Catholic mass but beyond that everything is the wildest kind of legend.

According to these stories Lucy vowed her virginity to the Lord and jilted the young man picked out to be her husband. Like any other young man, he was not pleased. In his pique he reported to the authorities that Lucy was a Christian, and since this was a time of violent anti-Christian persecutions, Lucy was at once hauled before the magistrates. Refusing to sacrifice to the Roman gods she was sentenced to be placed in a house of prostitution.

But when the police tried to take her away Lucy stayed firmly rooted to the spot. They bound her with ropes yoked to oxen, but she did not move. Magicians tried their spells in vain and a fire was built around her, but Lucy remained unmoved and unharmed. Finally, a soldier stabbed her in the neck and killed her.

MIRACLE OF LUCY'S EYES

Another story says she had gorgeous eyes which infatuated at least one young man. To discourage the lad, Lucy plucked out the lovely eyes and sent them to him on a dish. This action converted him to Christianity and Lucy miraculously got her eyes back more beautiful than before. Another story of her eyes tells that at the time of Lucy's martyrdom her persecutors blinded her. A church in Naples even now claims to have Lucy's eyes.

In spite of such preposterous reports one cannot dismiss St. Lucy or make fun of the legends. There must be something behind a saint whose cult once swept Europe and whose name is still spoken daily in the holiest service of her Church. Perhaps we can get at it another way.

The name Lucy means "light." The many references to her eyes (the "lights" of the body) and the placing of her festival day at this darkest time of the year, must have some now-forgotten significance.

Dr. William Brady's Mail Bag:

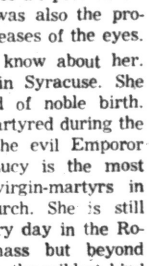

You Probably Can't Live on Only Hominy, Eggs

Can a person live on nothing but eggs and grits? I consume six eggs a day, two at each meal, with toast . . . (S.M.)

Ans. — If by grits you mean hominy grits, I would say no. If you mean plain wheat cracked or ground fresh daily, I'd say yes. Remember, this is just my opinion — I know of no actual test of such a diet.

★ ★ ★

Husband chews on both sides of his mouth simultaneously and makes horrible noise. I chew on one side, change from one side to other . . . Which is correct? (P. H.)

DR. BRADY

Ans. Either way.

★ ★ ★

Grandson, 11 months old, sucks his thumb. I have been told it will cause buck teeth. (Mrs. E. J. W.)

Ans. — Recent investigations throw much doubt on the old belief that thumb sucking may cause deformity of teeth or mouth. Send a stamped, self-addressed envelope for free pamphlet on Thumb Sucking.

I would like for you to write in your column the symptoms of Bright's disease and diet for same. (Mrs. K. A.)

Ans. — No, this is a health column. YOU should tell the doctor your symptoms.

★ ★ ★

We have a child 11 months old that likes pop and we give it to her. Is it all right for her health? (T.C.D.)

Ans. — What you need is a good spanking and a copy of The New Brady Baby Book — which I'll send you with my compliments if you provide a stamped envelope bearing your address. Others who would like a copy may send 35c and stamped, self-addressed envelope for it. You want your baby to be healthy and happy, don't you? She can't be, on cheat food.

Your salve for dandruff and itching scalp has worked wonders. There was a change for the better after I started to use it If it is not a cure it is the next thing to it. The trouble was of such long standing that I thought nothing could help. (Mrs. F.B.M.)

Ans. — Instructions for preparing and using the salve are given in the booklet The Hair and Scalp, for which send 35c and stamped, self-addressed envelope.

Signed letters not more then one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People

'Pontiac Press Forecast Just Wishful Thinking'

When Philip Hart went to Washington as our U. S. Senator, The Pontiac Press carried an editorial and expressed the belief that he would be a reasonably independent Senator and not a second McNamara.

★ ★ ★

He was a Democrat and the editorial granted him the right to proceed as one, but the idea was advanced that he wasn't in Reuther's hip pocket and under the iron thumb of the party.

★ ★ ★

Well, The Pontiac Press can write that off as wishful thinking and a bad dream. Apparently Hart is refusing to do justice in the Pontiac postmaster deal where only violent party politics could force him to look out the window when he should do his duty.

★ ★ ★

Well, there he stands beside old Patrick and he's even beginning to have the same shape to his face.

Skeptic

'How About Help for Fixed Income?"

I'm one of those that must live on a small income and social security and it's time voters thought about us a little and gave us the help we need so much.

I can only earn $1,200 a year and if they made that $2,400 than I could live some better and not depend on my married children to come in with groceries every so often and buy the coal, etc.

★ ★ ★

I'm willing to work and earn the extra money, but the law says, "No, we'll have inflation for everyone but you old folks and you can starve for all we care."

Shoved Out

'Why's Dem Money So Much Better?"

People say Governor Rockefeller's wealth will be a big handicap if he runs for national office and then I'm told Kennedy is really worth more money than Rockefeller and no one ever talks about him. Governor Williams and Senator Hart are very wealthy men and no one ever bothers about them, so why do all the rich Democrats run scot free while a Republican gets some kind of a brush-off?

Republican (Poor One)

'Here's One Way to Win for Sure'

If one of these half dozen Presidential candidates out and says he'll run on a platform with a national lottery with the money to go to cut the tax burden, he'll be elected by a very wide margin. People that don't believe in a lottery don't need to buy and their share of the tax reduction will be paid by those who do. It's one tax that only falls on those who want it to fall on them.

Little Man

Two More Want Stores to Close

In answer to the clerk who's interested only in her paycheck and no day off Dec. 26, your boss must be proud of you. I work, too, and need money as badly as you, but that's the trouble with this old world of ours today. Too many people are taking Christ out of Christmas and replacing it with a dollar sign.

Another One Who Knows

I'll add full-hearted support to the letter by One Who Knows. It would make a wonderful Christmas for everyone concerned, employe and employer alike. It would also add greater harmony to working conditions and feeling on both sides. Merchants' sales volume that day wouldn't be enough to pay overhead. May I wish both factions a very Merry Christmas and prosperous New Year.

'Gen. deGaulle Steals Britain's Thunder'

England was very paternalistic towards France for years and perhaps it was necessary and a good thing. But now General deGaulle has stepped into the spotlight so far that Britain is a little uneasy over the fact he may have too much power. And I say, more power to him.

The Almanac

By United Press International

Today is Saturday, Dec. 12, the 346th day of the year, with 19 more days to follow in 1959.

The moon is approaching its full phase.

The morning stars are Mercury and Venus.

On this date in history:

★ ★ ★

In 1792, Ludwig von Beethoven — at the age of 22 — paid 19 cents for his first music lesson.

In 1850, the book many publishers consider America's first best Warner's novel, "The Wide, Wide World."

In 1937, Japanese planes bombed and sank a U.S. gunboat near Nanking, China, killing two crewmen and wounding nearly 30.

In 1947, John L. Lewis withdrew his United Mine Workers Union from the American Federation of Labor for the second time.

In 1953, Maj. Charles "Chuck" Yeager flew a Bell X-1A jet research plane at more than two and one-half times the speed of sound at Edwards Air Force Base, California.

★ ★ ★

Here's a thought for today: George Bernard Shaw said: "Everything happens to everybody sooner or later if there is time enough."

Case Records of a Psychologist:

Use 'Mood Music' to Spur Family

Mothers, try to imitate Marilyn's clever Sunday morning religious strategy. Give your family the proper "mood" music when they awaken. It not only inspires them now, but will mold their future lives constructively, for music is a mighty force for good character development.

By DR. GEORGE W. CRANE

CASE D - 424: Marilyn Baugher, aged about 32, is a very charming wife and mother in Wilmette, Illinois.

"Dr. Crane," her husband Bill informed me, "Marilyn certainly uses psychology on Sunday morning.

DR. CRANE

"For she has me place a long-playing record on our Hi-Fi set. It contains many of the familiar church hymns. Thus, she wakes up our children to the sound of these stirring religious tunes and creates what she calls 'mood' music for Sunday School.

"Last Sunday morning such fine old hymns as 'When the Roll is Called Up Yonder' roused our youngsters from their sleep.

"Don't you think this use of church music is a fine idea, Dr. Crane?"

"MOOD" MUSIC

Yes, indeed, and all religious parents might well pattern after the clever plan used by the Baugher family.

★ ★ ★

Marilyn later told me that Bill is the "bugler" who gets the record player in action.

Often the whole family will sing the verses to the music, too, even while they are still abed.

And this inspirational song fest on Sunday morning will become a lifelong blessing to the children.

In later years, as they look back with nostalgia to their childhood and revere their splendid parents on Mother's Day and Father's Day, they will always cherish such a lovely melodic custom.

In fact, you can "condition" your children to music so that whenever or wherever they hear the familiar tunes, they will bark back instantly to the original setting where they first learned such music.

USE MORE MUSIC

"Music," said John Erskine, "is the only language in which you cannot say a mean or sarcastic thing."

★ ★ ★

And music is thus an international language. The verses may be written in a foreign language, but the notes transcend all racial and geographical barriers.

Music is thus a form of melodic Esperanto.

It buoys up our spirits, even more than caffeine drinks, and I say that advisedly.

If I am feeling low and face a heavy day at the typewriter, I can perk up my energy and creative imagination by drinking coffee, tea or the cola beverages.

But I can do an even better job of stimulating my mind by using my record player and loading it with pieces that give me an emotional tonic.

★ ★ ★

My children can't stand my method, however, for I may play the same piece over and over for several hours.

They get bored by its monotony, but I am not conscious of the song. It simply revives submerged memories that were "conditioned" to the tune and they spur me on like caffeine or a shot of adrenaline.

As you would surmise, Marilyn and Bill are an ideal couple. They are launching their children properly into a useful, happy life.

★ ★ ★

"Dr. Crane," Marilyn told me recently, "Bill and I tested each other on your 'Tests for Husbands

& Wives.' He rated 113. Isn't that a record?"

It certainly is, for all scores of 76 and above, rate "Very Superior."

So send for those helpful tests, enclosing a stamped return envelope, plus 20 cents (non-profit). They dissect marital behavior into 200 parts.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

GAVEL CHANGES HANDS—Receiving the gavel as chairman of the Oakland County Young Republican Club for 1960 is Miss Irene Giacobbi, 30, of 170 Roth Blvd., Clawson. Presenting the gavel is outgoing chairman Joseph P. Bianco Jr., of 43 Bloomfield Terrace. Miss Giacobbi is the first woman ever to hold the position.

Clawson Woman Heads Young Republican Club

A petite brunette secretary from Clawson, who's against women becoming politicians, now holds the gavel as new chairman of the Oakland County Young Republican Club.

Miss Irene Giacobbi, who, like most women, reluctantly disclosed her 30 years, was elected to the top post, succeeding Joseph P. Bianco Jr. of 43 Bloomfield Terrace.

A graduate of Clawson High School in 1948 and the Detroit Business Institute, Irene is a secretary with the accounting department with the Chevrolet Division at the General Motors Technical Center in Warren.

The new chairman was vice chairman last year.

She promises a continuation of the 80 - member club's monthly meetings featuring top GOP politicians as speakers, a drive to increase the membership, and assistance to the senior GOP county committee in next year's election.

ALL FOR NIXON

She's a Nixon man, she said. Although she said he probably won't accept the second spot, Irene picks New York Gov. Nelson Rockefeller for the vice presidential nomination.

Asked why she was a Republican, she replied, "I'm a thinking woman."

"I didn't even know a political organization existed in Oakland County until I dated a lawyer who was interested in politics," the new chairman said.

She said she opposes women becoming politicians. "I think they should take an active interest and help out, but that's far enough," she said.

Miss Giacobbi, of 170 Roth Blvd., is the first woman ever to hold the post as YR chairman in Oakland County.

Named vice chairman was Bill Powell, 28, of Waterford, a Pontiac Motor Division engineer and former naval officer.

Other officers elected include: Al Magnus, Bloomfield Hills, treasurer; Barbara Borgen, of 94 Dwight Ave., recording secretary; Shirley Thorpe, Southfield, corresponding secretary.

Shirley Cousins, Birmingham, Art McWood, Detroit, Phil Seelinger, Birmingham, and Bill Whitfield, Birmingham, were named to the executive board.

Madrid Will Name Traffic Circle for Ike

MADRID, Spain (UPI) — City Council voted today to immortalize the place where President Eisenhower enters Madrid Dec. 21.

The President wil lland at the U.S. air base at nearby Torrejon and be driven into the city. A traffic circle on the city limits, where the President will enter, will be named "Plaza del President Eisenhower."

The Plaza now has no name. The city fathers said they would mark the spot with a monument.

Lear Names Two VPs

GRAND RAPIDS (UPI)—Lear, Inc., President Albert G. Handschumacher announced Friday the election of T. Kenneth Greenlee, 54, of Grand Rapids and William P. Lear Jr., 31, of Geneva, Switzerland, as vice presidents of the firm. Greenlee has served recently as general manager of the newly established Lear electromechanical division. Lear is the son of the company's founder and in his new post will be director of the European sales and service division.

Home Building in High Volume

Sets 9-Year Record but Cost of Loans Will See Drop in 1960

WASHINGTON (UPI) — Home building is setting a nine-year high in 1959 but a 1960 downturn is in store.

The Commerce Department's annual review and outlook for the construction industry estimates that private housing starts in 1959 will total 1,325,000 dwelling units.

★ ★ ★

This would top the 1,310,000 starts posted in 1955 and be second only to the 1,352,000 units begun in 1950.

The official forecast for 1960 is 1,200,000 dwelling units, A goodly volume in comparison to most recent years but, according to some authorities, not not enough to meet the country's housing needs.

The reason given by the Commerce Department for the downturn is the tight supply of mortgage funds. Construction is picking up in other lines and business investment generally is expanding. The result is a mounting demand for the supply of loan dollars, which the Federal Reserve Board is not letting grow apace — its way of preventing excessive demand pressures on prices and inflation.

A noteworthy feature of the residential building pattern the experts sketch for 1960 is more apartments and fewer houses. This would continue a trend of multiple dwelling units gaining on one-family houses.

★ ★ ★

According to housing officials, apartment house construction is less vulnerable to the squeeze of high interest rates bescause such projects are more speculative. Investors in them are not deterred by an extra quarter-point in interest charges. Lenders are said to prefer a big project because it lowers incidental lending costs.

French Flier Picked Outstanding Aviator

WASHINGTON (UP)—Vice President Nixon Friday presented the Harmon International Trophy to Maj. Andre Turcat of France as the world's outstanding aviator of 1958.

Turcat flew a Ramjet fighter plane, the Griffon, at twice the speed of sound and to an altitude of 60,000 feet, thus opening the possibility of Ramjet airlines crossing the Atlantic in less than two hours. The presentation ceremony was held in the Senate's reception room. It was crowded with dignetaries and distinguished aeronautical figures of America and France as Nixon told the 38-year-old pilot that President Eisenhower would be making the award as usual but for his absence on a three-continent peace mission.

Alaska has eight mountains higher than any mountain in the old 48 states.

Ike Sees Much Poverty; but Also Much Courage

By BOB CONSIDINE

WITH EISENHOWER — well, what's it proved so far?

It's proved to the eyes of the President of the foremost country in the world that many of our friends are in a deplorably underprivileged condition but friendly and generally determined to live under a system usually described as democratic.

They all demand something, with various degrees of grievousness. Most have reservations about one another, in some cases downright hatreds.

One of President Eisenhower's principal duties as he wends his circuitous way back to Washington by Christmas is to impress on each leader two things that in his mind clearly take precedence over their individual bickerings: 1— The need to stick together on the major problems confronting the free community of the world, and 2 — America's determination to continue its interest in improving the lot of mankind in general with few if any strings attached.

★ ★ ★

There is no question that the trip must wipe out remaining vestiges of the old Communist line that the United States is the reigning war-mongering nation.

Indeed Communist parties of each country along the route have been making much of the "Spirit of Camp David" and urging that members join even with extreme rightists in whooping things up for Ike.

In Italy, Europe's most rabid Communist membership even tried to take credit for bringing the President there.

Home Is Where You Make It

JACKSONVILLE, Fla. (AP) — Kermit Whisenhunt wanted to be home for Christmas, he told Federal Judge Bryan Simpson. Whisenhunt, charged with forgery, asked the judge to reduce his bail from $1,500.

"I haven't made it home for Christmas in 25 years, judge," he said Friday.

Why not? the judge wanted to know.

★ ★ ★

"I seem to be in prison every Christmas," Whisenhunt replied. enhunt had a police record dating back to 1928 including robbery, burglary, forgery and jailbreaking he refused to reduce the bail.

★ ★ ★

"I don't blame you a cotton pickin' bit," the prisoner said as he turned away to go back to jail.

Space Agency Drops Moon Rocket Vega

WASHINGTON (UPI)—The federal space agency today scrapped its 65-million-dollar moon rocket Vega in order to make powerful boosters and added money available for pushing other projects — perhaps including a new attempt to launch another moon satellite.

★ ★ ★

In discarding the Vega, the National Aeronautics & Space Administration (NASA) will be able to divert six Atlas Intercontinental Ballistic Missile boosters to other programs.

★ ★ ★

These programs include development of the Centaur and Atlas-Agena rockets.

In cancelling its Vega contracts with the Convair Division of General Dynamics and the General Electric Co., NASA will lose about 17 million dollars.

Poultry Status Is Reassuring

Health Dept. Claims State Uses Hormone Very Little

LANSING (AP) — Michigan housewives were assured Friday that poultry treated with a possible cancer-producing agent will never reach their dinner tables.

"This department will take any action necessary to see that such products don't reach the consumer," said J. L. Littlefield, chief of the State Agriculture Department's Food and Standards Division.

★ ★ ★

The announcement followed a federal government report Thursday that a hormone called stilbestrol, used to fatten some chickens, can cause cancer when taken in large doses.

"We will start immediately to round up all information about poultry supplies on the warehouse and retail level," Littlefield said.

He added that the effect of the federal report on Michigan could not be evaluated until the sources of all treated poultry could be pinpointed.

The impact on the state's broiler industry could be quite heavy, said Dr. Howard C. Zindel, head of the poultry science department at Michigan State University.

However, he pointed out that Michigan has a relatively small broiler industry, importing about 98 per cent of the total consumed.

Dr. R. K. Ringer, MSU poultry researcher, reported the school had done considerable experimenting with stilbestrol.

He said the hormone is used in feed or injected into a type of roasting chicken called a caponette. The purpose, he added, is to produce a heavier, tender bird.

He noted that it is never used on egg-producing chickens, the more important part of Michigan's poultry industry.

Area Man Admits Making Moonshine

A Farmington man pleaded guilty to operating a moonshine still in Barry County when brought to trial yesterday in Federal Court at Grand Rapids.

Marlin Belcher, 48, of 21234 Jefferson St., Farmington, admitted he was distilling whisky without giving bond and removing it without paying federal taxes.

He was in possession of 400 gallons of the moonshine whisky when apprehended by federal officers.

Judge Raymond W. Starr released Belcher on $2,500 pending sentence Jan. 4.

State Department Man Moved in European Post

WASHINGTON (UPI) — President Eisenhower Friday appointed Foy D. Kohler to succeed Livingston T. Merchant as assistant secretary of state for European affairs.

Kohler, 51, entered the diplomatic service in 1931 and has served in a number of foreign posts. He has been deputy assistant secretary for European affairs since 1958.

Merchant has been promoted to the key post of undersecretary of state for political affairs to replace Robert Murphy, who is retiring.

Kohler's appointment is the latest in a series of State Department shakeups since the death of John Foster Dulles.

University Fees Show Increases

Tuition Follows Trend of Bigger Enrollments but Not Change at MSU

By United Press International

Fees at many of the nation's colleges and universities are on the rise, following the pattern of increased enrollments during the past few years.

Rising costs, including higher faculty salaries, were given as the main reason for the increase in fees and tuition.

A survey of colleges and universities, both privately endowed and state supported, showed increases ranging from $33 to $375 a year for the current school year.

Other institutions reported salary and fee increases are under consideration for the 1960-61 school year.

Stanford University (privately endowed), reported a tuition increase from $750 to $1,005 per school year during the current semester. A salary increase also was reported but it will not be announced until spring.

California Institute of Technology, Pasadena, a private school, said tuitions were raised from $900 to $1,275 in September and the teaching staff was granted a general pay boost during the year.

The state - supported University of California, with nine campuses throughout the state, reported a $50 raise in tuition for out-of-state students. The university was not planning to increase salaries.

Marquette University, Wisconsin's largest privately endowed school, reported a rise in tuition of $150 a yar, beginning Sept. 1. 1960.

Both Michigan State University, East Lansing, and the University of Michigan, Ann Arbor, reported they were not planning to raise fees.

More Nuts for You

WASHINGTON (UPI) — The Agriculture Department has good news for almond nut fanciers. The U.S. crop of shelled nuts this year is estimated at 35,000 tons compared with a scant 9,900 tons last year.

2nd Fire Finishes Hotel

SAUGATUCK (AP) — Fire early Friday leveled remains of the blaze-ruined Mount Baldhead Hotel. Village fire officials said workmen Thursday were clearing and burning rubble from a fire which destroyed the tourist landmark last September. They blamed sparks for the new outbreak which destroyed the building remains.

Hare, Senators Study Scholle

Have Until Tuesday to Act on Claim of Illegal Representation

LANSING (UPI) — Republican senators said Friday they would act as "interested citizens" in fighting an effort by August Scholle, Michigan AFL-CIO president, to have the state Senate declared illegal.

Scholle Tuesday asked the state Supreme Court to restrain Secretary of State James M. Hare from conducting the 1960 senatorial election unless districts are reapportioned under the 1950 census.

★ ★ ★

Hare and other parties have until next Tuesday to file answering briefs.

Hare, who supports Scholle's argument that the 1952 apportionment of seats was unfair to urban areas, nevertheless will be defended by Attorney General Paul L. Adams.

Adams was expected to decide at a staff conference Sunday whether to split his staff and argue both sides of the question.

Senate Republicans caucused yesterday to draft strategy for the court fight.

"We are concerned and are going to do something about it — not as representatives of the Senate but as interested citizens," said Senate majority leader Frank D. Beadle (R-St. Clair).

Beadle and other Senate leaders conferred with former state Solicitor General Edwin E. Shepard but Beadle declined to elaborate on the discussion.

Beadle said he did not know how legal counsel, if retained to act on behalf of GOP senators, would be paid.

Internal Revenue Hesitating on Trip Deduction

WASHINGTON (AP)—The Internal Revenue Service said it has not decided whether to accept as a precedent a court ruling that a New Jersey lawyer can claim tax deductions for Florida trips prescribed by his physician.

★ ★ ★

An IRS spokesman said under the law the agency has 90 days in which to reach a decision. That makes Jan. 24 the deadline. The conclusion could be that each case will be fought out on its individual merits.

The U. S. tax court held that lawyer Robert M. Bilder of Mountainside, N.J., could deduct both travel and housing expenses of trips he made to Fort Lauderdale in 1954 and 1955. It said the trips were "a primary part of necessary medical treatment."

Bilder suffered four heart attacks before his physician advised him to spend the winter in a warm climate.

IRS refused to allow the deductions. The lawyer appealed to the tax court and his claims were upheld there, with one exception. The court allowed him to deduct only one-third of his apartment rent in Florida because his wife and daughter accompanied him on the trips.

★ ★ ★

While IRS sometimes has allowed —deductions for travel expenses in such cases, it has never permitted deductions for lodgings.

Hospital Drive Success

LAKEVIEW (AP) — Pledges totaling $185,583 for additions and remodeling at Kelsey Memorial Hospital in Lakeview were announced Friday to end a campaign which sought $150,000. The drive drew support from at least 10 Montcalm communities.

HERE'S WHAT GOES INTO THE PRICE OF A PRESCRIPTION

You give the pharmacist a piece of paper. A little while later, he hands you a package of medication. What you get for your money is not just a bottle of tablets or capsules or liquid. It's a great deal more. As follows:

RESEARCH

Thousands of man-hours and millions of dollars have been expended by the manufacturer to find the drug that will do exactly the job the doctor wants done. For every 20 drugs tested, at great expense, only one usually turns out right. Only after costly research . . . in the test tube, on animals, on human patients . . . is the product ready to go.

PRODUCTION

To mass-produce today's wonder drugs . . . so that all who need them may have them . . . requires the most fantastically complex equipment. Moreover, complex and costly procedures must be followed to make sure that safety and potency and efficacy are guarded every step of the way — from raw materials to finished medication.

AVAILABILITY

The finest drug in the world is useless if it's not available to the person who needs it — when he needs it. To deliver the newest drugs to every city and hamlet — overnight! — the drug industry maintains a highly organized distribution network.

Strategically located manufacturers' depots . . . wholesalers' warehouses . . . thousands of men and women and vehicles — all play a vital, indispensable role in getting every new life-saving drug into the nation's pharmacies in the shortest possible time.

DISPENSING

To make sure he learns how to dispense your medication safely and accurately, the law requires your pharmacist to undergo 5 years or more of rigorous, costly education and training.

To do his job right, he must then invest thousands of dollars in stocking at least 3,000 different drugs, many of them rarely called for. He must also invest in a wide array of precision equipment — expensive equipment — designed for the proper storage, compounding, and packaging of each prescription.

Those are **some** of the things you get when you pay for a prescription. But over and beyond all these, you also get better health . . . speedier recovery from illness . . . fewer hospital bills . . . and an ever longer life. They all add up to the undeniable fact that:

Sole and Soul Are Kindred Spirits

Your Shoe Reveals All!

By GAY PAULEY

NEW YORK (UPI) — Security to some of us is a matter of bank balance. To others, a matter of how the shoe fits.

This observation on relation of peace of feet to peace of mind comes from a shoe company executive, who also holds a doctor's degree in psychology from Harvard University.

"Aside from their functional use as a foot covering, the primary motivation in buying shoes is based on the customer's desire for love," said Richard Sears. "Not necessarily physical love, but the secure feeling that the average person craves in his daily living. The better fitting the shoe, the more secure people feel."

SOLE AND SOUL

Check through history, mythology and customs, said Sears, and you'll see that sole and soul always have been related.

Sears said that for three years he had delved into the subject — first to provide a solid background for his job as executive vice president of the Bates Shoe Co., Webster, Mass., and then simply from continuing curiosity.

★ ★ ★

Sears said that he talked with other psychologists and the security motivation kept cropping up. They pointed out also that certain types of persons were associated with certain types of footwear — "The gambler for instance, with high fashion shoes. Usually flashy."

He then did a questionnaire type of survey of prospective shoe buyers. Said Sears, "I was pretty much convinced that the psychologists' evaluation was correct and that references to love in mythology, history and literature were representative of our attitude today.

"After all, we still tie shoes to the backs of cars in which newlyweds travel."

★ ★ ★

He cited these other customs:

—The Scots fling shoes at newlyweds or anyone else embarking on a new venture;

—The ancient Greeks believed that a faithless lover could be brought back to his beloved by fumigating his sandals with sulphur and chanting suitable love songs;

—The Hebrew bridegroom breaks a glass with his heel during the marriage ceremony to insure good luck;

—A German superstitution holds that if the bride accidentally steps on her husband's shoes at the altar, she will rule the roost;

—The Anglo-Saxon father gave his daughter's shoe to a prospective son-in-law;

—The Persians used to doff their sandals as an expression of love for royalty;

—Moslems remove their shoes when addressing Allah;

—In Scandinavia, shoes lined in a row on Christmas Eve signify a family's love for one another and the desire to live together amicably for another year.

★ ★ ★

I asked Sears whether there was any connection between security and those pointed toes and skinny heels stylists have put us women into — I fear forever.

Said Sears, "Here it is not so much a case of security, as it is a woman's desire for a slim look head to toe. I suspect that comfort hasn't a chance."

Turn Off Heat, Says Abby

Honest Hard Day's Work Will Also Make Man All Tired Out

By ABIGAIL VAN BUREN

DEAR ABBY: My husband stays home nights, but I'm sure he runs around in the daytime. I have been married to this chiseler for 32 years and I can tell.

He is almost 60 and I am 53. When I want a little affection he tells me he's tired. Of course he's tired. He gets tired from chasing women all day. He sells real estate so you know he can get around plenty and make it look all right. He tells me I am imagining things.

ABBY

Our children are married and we could settle down to a happy old age together if only he would behave himself. He is a good provider and doesn't smoke, drink or gamble. Can you help me?

SUSPICIOUS

DEAR SUSPICIOUS: What makes you think a man of sixty can't be tired just doing a day's work? Unless you have more than just your "hunches" to go on, you'd be wise to give your husband a warm welcome when he comes home instead of a lot of heat.

★ ★ ★

DEAR ABBY: I am a 14-year-old boy who wishes he were dead. I feel so left out of things. I am a big failure. My teachers say "I don't apply myself" (whatever that means). My father says I think only about myself. He is probably right, too. Look at all the sentences with "I" in them.

Everything I do is wrong. Is there any hope for me?

HATE MYSELF

DEAR HATE: Everyone on this earth has a duty to live. You aren't a "failure" because a real "failure" is satisfied with himself. You recognize your weaknesses and want to improve.

★ ★ ★

You need a mature, straight-thinking adult to talk things over with. Your father should be that person. But if you have a father you can't talk to (and unfortunately there are many), I suggest that you go to your coach, a favorite teacher or your clergyman. You've won the first round. You've admitted you need help. Now, go get it! Good luck!

★ ★ ★

DEAR ABBY: It is obvious that neither you nor the person who complained that her hi-fi was too loud knows anything about hi-fi. Hi-fidelity means TRUE reproduction and the closer you are to it, the more it sounds like the real thing.

How quiet do you think a 100-piece symphony would sound in your living room? Anything less than this would be a plain phonograph. And who wants that?

HI-FI EXPERT

DEAR EXPERT: I (and according to my mail, several thousand other people) want it. A 100-piece symphony in my living room would shatter the chandelier and burst my ear drums. If THAT is true hi-fi, I am going to shop for the lowest of low-fi.

Drayton Plains Girl Married to Keego Man

Mr. and Mrs. Eugene Wilson of Independence road, Drayton Plains, announce the marriage of their daughter, Mary Ann Wilson Pender, to Gerald Neeley, son of Mrs. Floyd F. Neeley of Pridham street, Keego Harbor, and the late Mr. Neeley.

The Rev. Theodore R. Allebach read the service Dec. 4, in Oakland Avenue United Presbyterian Church, in the presence of the immediate families.

Blue and white lace over taffeta fashioned the bride's dress. Her only attendant, Mrs. James E. Smith, appeared in pink lace and chiffon over taffeta.

Charles Brustick of Keego Harbor was best man.

Art Display Is Praised

By MARJORIE EICHER

The foyer display of works by members of the Pontiac Society of Artists was well received at Tuesday evening's Pontiac Symphony performance.

★ ★ ★

Irene Cotcher, exhibit chairman, assembled many works in a variety of mediums.

Bertha Dumbrigue, vice president of the society, who teaches art therapy at Pontiac State Hospital, expressed pleasure at the setting, which was the spacious auditorium lobby of Pontiac Northern High School.

"It was the largest and most adequate facility we have had to house an exhibit in our 12 years of existence," she said.

Non-objective paintings were in the minority. Among those exhibited were "College" by Mrs. Cotcher; "Flight" by Hazel Nauman; and two works by Charito Bitanga, young Philippine student, a society member who is taking her master's degree at the Cranbrook Institute of Art.

Portraits, landscapes and still lifes were numerous.

MUCH SCULPTURE

Of particular note was the large number of sculpture pieces. Artists in this medium have been accepted to membership only for the past five years, according to society president, Mrs. Nauman.

Mary Fink's slab method creche in terra cotta expressed the season's mood with simplicity and grace.

Grouped with this were pieces by Virginia Lakkari, first sculptor to exhibit with the society; the Rev. Perry Thomas' exultant "Canticle"; and Mrs. Nauman's prize-winning "Consolance" and "Prayer."

Philatheas Have Party

Some 60 members of the Eunice Philathea Class of the First Baptist Church met for a Christmas party Thursday evening at the home of Mrs. Alice Thomas on Pontiac Lake Road.

Rev. Jack McCurry, the class president's son gave a Christmas message.

Mrs. William Hakes and Mrs. Betty Eastham gave a vocal duet and led the group in singing "Silent Night."

Mrs. Glen Ebey and her committee had charge of refreshments, after which gifts were exchanged.

Sorority Holds Yule Doings at Devon Gables

Devon Gables was the setting for the annual Christmas dinner party for Xi Chapter, Delta Kappa Gamma sorority Wednesday.

Dr. Edith Roach Snyder entertained members with organ selections at her Lockridge road home, Bloomfield Hills. Mrs. Donald Hogue played a group of piano numbers. Mrs. Harold Laudenslager directed the singing of carols. Vera Mae Adams read a Christmas message.

Assisting the hostess were Virginia Luther, Mrs. Everett Peterson and Adeline Hook.

Weight Watchers Convene

The Fashionette Club, sponsored by Pontiac Parks and Recreation, met Tuesday evening at Adah Shelly Library.

Mrs. David Cowan relinquished the trophy for greatest weight loss to Mrs. Al Fantana, this week's winner.

Mrs. James King was appointed nominating chairman for election of new officers. She will be assisted by Mrs. William Woodruff and Mrs. Edward Cook.

Gifts will be exchanged at the final meeting of the year Tuesday.

Guild Holds Yule Party

The Grace Lutheran Altar Guild held its annual Christmas party Wednesday evening at the Vinewood street home of Mrs. Erwin Rogge.

★ ★ ★

A cooperative dinner was served to the 21 members present. Slides of the Christmas story were shown and gifts were exchanged. Group singing of Christmas carols followed.

The Rev. James Savage of Quito, Ecuador, will speak at the next meeting Jan. 6.

The surest way to lose a friend is to tell him what's wrong with the way he plays poker.

Program by Pupils

Daniel Whitefield School pupils in the first, second and third grades presented a Christmas program to parents Wednesday afternoon. George Woodworth, music instructor, directed the program.

★ ★ ★

First graders portrayed dolls, robots, teddy bears and clowns usually found in toyland. There were snowflakes and elves, also a matching rhythm band.

Dances from Sweden and Germany and a square dance were performed by third grade pupils. The chorus sang a group of numbers and called for the square dance.

★ ★ ★

Second graders presented the Nativity scene and sang "Silent Night," "Little Child of Bethlehem" and the "Echo Carol."

Readers were Patty Roy and Craig Velts.

"COMMON RELIGIOUS ERRORS NOT ENDORSED BY THE BIBLE"

Last week I began an article on the subject of "Miraculous Instantaneous Healings." Modern religious healers (so called), are bewitching many into ignoring the capable physicians of our day and deluding them into thinking that they can be permanently healed through them. Many are claiming they can heal exactly like Christ and His Apostles and many of the first century. SUCH IS NOT TRUE NOR IS SUCH IN HARMONY WITH THE WILL OF GOD AS REVEALED IN THE BIBLE. To prove that this is truth and not opinion or theory, I point you to the following passages. In refering you to these scriptural references, I trust you will be honest.

In Mt. 8:1-3, we have an account of a leper whose leprosy was cleansed. The record informs us that IMMEDIATELY HIS LEPROSY WAS CLEANSED.

In Mt. 20:30-33, we have an account of two blind men having their eyes opened. In verse 34, the record informs us that IMMEDIATELY THEIR EYES RECEIVED SIGHT.

In Lk. 8:43-44, we have an account of a woman having an issue of blood for twelve years being healed. The record informs us that when she touched the border of his garments, IMMEDIATELY HER ISSUE OF BLOOD STANCHED.

In Lk. 8:49-55, we have an account of a ruler's daughter being raised from the dead. The record informs us that the master took her by the hand saying, "maid arise," her spirit came again and she arose STRAIGHTWAY.

In Mt. 8:5-13, we have an account of a servant being healed of the palsy and grievously tormented. The record informs us that Jesus did not even enter the house. He simply said, "Go thy way and as thou hast believed, so be it done unto thee." And his servant was healed in the SELFSAME HOUR.

In all honesty, are such miraculous healings as are stated in these passages being exactly duplicated today by these highly publicized, commercialising religious healers? NO!

In Acts 3, we have an account of the lame man healed. This man was lame from his mother's womb. However, he was healed IMMEDIATELY, verse 7, and it was a notable miracle which could not be denied. Acts 4:16.

Are such miracles of healing as these being wrought today? I answer no! For these Religious Healers like Simon in Samaria, are for the most part guilt of only fooling the people. See Acts 8:9. BELIEVETH THOU THIS?

Putnam to Lead Carol Singing

Families to See Film Concerned With Spirit of Christmas

George H. Putnam will direct the singing of Christmas carols following the family night dinner at 6:30 p.m. Wednesday in Central Methodist Church.

A special program of Christmas music will be sung by the chancel and junior choirs.

A family film, "The Guiding Star," will be shown. It concerns the true spirit of Christmas in daily living throughout the year.

At the baptismal service at 10:45 a.m. Sunday, Dr. Milton H. Bank, pastor, will preach on "The Everlasting Light." The quartet will sing "Lo How a Rose" by Praetorius.

At 7 p.m. Sunday, the Flint District Youth group is sponsoring a Christmas carol sing in the sanctuary under the direction of Mr. Putnam. The pastor said everyone is welcome.

Following the sing, Aldersgate Fellowship will meet at the parsonage on M59. The discussion topic will be "Problem Parents."

Protestant Evangelists to Work in Brazil Plants

Six industrial evangelists — the first to work in Latin America — will shortly be on the job alongside fellow workers in Brazil's mines, factories and steel mills.

During its two-day fall meeting last week, the National Council of Churches' Committee on Cooperation in Latin America also heard a series of reports on actual conditions confronting the Protestant churches working in Latin American countries. Dr. Howard W. Yoder is executive secretary of the CCLA.

In the opinion of one of the six, the job of the industrial evangelist is to create a nucleus of Protestants in factories, mines and mills who can "get the Christian message across to the man at the bench next to him."

Another candidate for this new mission pointed out that "only when the Protestant message is pro-Christ can it combat successfully the antireligions of communism and nationalism." Both are ordained Presbyterian ministers.

★ ★ ★

In the face of local nationalism, they agreed, the native-born Protestant, because he is closest to his compatriots, has the best chance of success in reaching and training laymen, who can continue the work after the evangelist moves on to another job.

Wide experience outside their own countries and training in methods of dealing with communism are also important prerequisites, they agreed.

Although it has been "underground" for many years, reports indicate that the Communist party in Brazil has succeeded in infiltrating trade unions and many college campuses committee members were told.

"In addition, rural people coming into crowded industrial areas "an easily believe Communist promises of a better life now, while all that most churches have to offer them is a better life in heaven."

A thorough understanding by church workers of the economic, social and cultural patterns in Latin American countries was called for by the speakers.

Spring Arbor JC Trio Will Sing Here

The Spring Arbor Junior College Jubilette Trio will present selections of sacred music at the 10 a.m. Sunday School and 11 a.m. worship hour in the First Free Methodist Church Sunday.

The Rev. V. James Mannoia, college chaplain and counselor, will be guest speaker.

Established 87 years ago, Spring Arbor College operates under the Free Methodist Church.

The conviction that religion, morality and knowledge are essential to good government and the real happiness of mankind, is the guiding principle of the coeducational institution, said the Rev. Lyal H. Howison, pastor of the local church.

Congregation to Visit Detroit Baptist Church

The Rev. Amos G. Johnson and his congregation of New Bethel Baptist Church will worship with the Mt. Zion Baptist Church of Detroit at 3 p.m. Sunday.

Special music will be provided by the senior and celestial choirs of New Bethel.

Young people especially have been invited to the 5:45 p.m. service at the local church to hear Waldo H. Hostetler of Detroit.

Besides his Christian message, the speaker will show slides of the Holy City of Bethlehem. Mr. through the Middle East. He is Waldo has traveled extensively through the Middle East. He is part-time instructor at the Great Lakes College of Detroit.

Salvation Army Major Preaching at Citadel

Major and Mrs. C. C. Briggs of the Salvation Army Men's Social Service Center of Detroit will be guests at the local citadel, 29 W. Lawrence St., Sunday night.

Major Briggs will give the evangelistic message and Mrs. Briggs will sing. The Citadel Band and Songster Brigade will also be featured.

Phillip Steinhaus Accepts Kirk-in-the-Hills Position

Phillip Steinhaus, organist and choir director for the past six years at All Saints Episcopal Church, will become organist and choir director at the Kirk in the Hills Jan. 1.

★ ★ ★

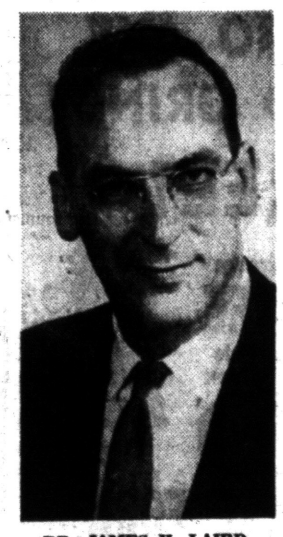

A graduate of the University of Michigan, he came to All Saints Church in 1953.

During the summer of 1955 he spent three months in Europe in the study of organ construction and design, visiting 40 old organs in Holland, Germany, Italy and France.

It was under Mr. Steinhaus' direction the new Aeolian-Skinner organ at All Saints was designed and installed.

He has built two adult choirs and a boys' and girls' choir.

Under his leadership the choir has presented several outstanding musical performances among which are Bach's cantata, "God's Time Is Best," "Requiem" by Faure, Bach's "St. John's Passion," "Magnificat," by Pachelbel, Schubert's "Mass in G Minor" and Bach's "The Mass in B Minor."

Members of the Luther League of Christ Lutheran Church will meet in the fellowship room of the church Sunday evening to decorate the Christmas tree.

★ ★ ★

They will then visit shut-ins to sing Christmas carols. In charge of arrangements are Gary Achenbach, Electra Harris, Kirk Jacober, Mary Goshen, Allan Larson and Bonnie James.

Counselors for the 30-member youth group are Mr. and Mrs. John Wiley, the Jerry Mejeurs, Mr. and Mrs. Richard Blasey and Pastor Arvid E. Anderson.

On Dec. 20 the group will present a program of Christmas carols for patients at the Pontiac State Hospital. The annual Luther League Christmas party will follow.

Missionary From Egypt to Preach at Joslyn

The Rev. Bernard Quick, a missionary from Egypt, will preach at the 10:45 morning service Sunday at the Joslyn Avenue United Presbyterian Church.

The Women's Assn. will hold the annual cooperative dinner and exchange of gifts at 6:15 p.m. Tuesday. All women of the church are invited, the Rev. E. I. Watkins said.

Pastoral Training Plan Laid With Prison Bureau

Through the first agreement of its kind, clergymen will be able to get clinical pastoral training in residence at Lewisburg (Pa.) Federal Penitentiary.

The Rev. Mark Shedron, executive director of the Department of Pastoral Services of the National Council of Churches, declared last week that the plan will make it possible for pastoral internes to study from 3 to 12 months at the institution.

Announcing the agreement with the U. S. Bureau of Prisons, Mr. Shedron declared that it means that the bureau recognizes the need for more intensive training of prison chaplains as well as the value of rehabilitation work among inmates of the prison system.

"This training will be in addition to the ecclesiastical background required of any minister who serves in our public institutions," he said.

The churches will be directly involved in the selection of the clergymen to receive this training.

★ ★ ★

"The Department of Pastoral Services will nominate prospective trainees for this program who have been endorsed by their respective denominations," Mr. Shedron explained, adding that ministers with some orientation in clinical training will receive preference.

★ ★ ★

Trainees will be paid $4,040 a year by the U. S. Bureau of Prisons and openings will be announced at regular intervals during the year.

Santa and the ICE KING

by LUCRECE HUDGINS BEALE

(SYNOPSIS: After a long journey across the ice sea, Oonik has finally reached Santa Land. Much to his dismay, he finds Santa suffering from the Ice King's wrath as much as the Eskimos of his own village.

Chapter 6

Oonik ran down to the barn. The door was blocked by snow. He knew someone was inside because he could hear voices and every now and then the tap of a reindeer's hoof.

Oonik went around to the side of the barn. There he found a ladder leading up to an enormous window high above. He had never seen a ladder before. He climbed it fearfully.

When he was near the top he looked down and when he saw Keotuk way below he grew so dizzy he almost fell. Shutting his eyes, he went up the rest of the ladder and climbed in the window.

He found himself at the top of a vast pile of hay. At the bottom of the pile was Santa Claus. He knew it was Santa because he was fat and round and wore a red suit and had silvery whiskers. But he didn't look gay and merry the way Oonik had always pictured him. He looked sad and worried.

REINDEER SKINNY

He was talking to a crooked-legged dwarf with large, flappy ears and the two of them were gazing unhappily at eight skinny reindeer.

"It's no use, Tweedleknees," Santa said. "I'm going to let them go. I can't keep them here to starve."

At last Santa said, "Very good son. We will go."

"If only they'd eat meat," grumbled the crooked-legged dwarf. "Or cookies. Or vegetables. Or something."

"They want moss," murmured Santa Claus. "They can't understand why summer has not come. "I'll turn them loose. They can go somewhere where there's bound to be summer in August as it should be."

★ ★ ★

"But what will you do when Christmas comes?" exclaimed Tweedleknees. "With no reindeer how will you make your rounds?"

"I don't know," Santa shook his head. "Perhaps there won't be Christmas any more. Who knows? Anyway, I'm turning them loose."

"We'll never get the door open," protested Tweedleknees. "It's blocked by snow."

"They can fly out the window," replied Santa. "That is if they still have the strength to fly."

"Come now," he said gently, patting the reindeer. "Fly away and find some summer feeding ground."

The reindeer looked around uncertainly and then, tapping their hooves three times on the floor, they flew gracefully upwards straight to the window where Oonik sat.

"Wait, wait!" cried Oonik rising to his feet. "Don't let them go!"

But it was too late. The reindeer brushed past him, one by one, into the sky.

Then Santa called out, "Who on earth are you?"

Oonik slid to the bottom of the pile of hay. He landed with a plop at Santa's feet. "I'm Oonik the Eskimo boy," he said "And I came to you because my people are being destroyed by the Ice King's anger."

SAME EVERYWHERE

"Ah," said Santa, "so are we, my boy. And it is the same everywhere. Only yesterday I had a letter from a child who said that though it was August she had not yet had a chance to use the bathing suit I brought her last Christmas. Another child wrote that he was still using the ice skates I brought to him. So you see, the whole world is cold."

"But you must stop the Ice King!" cried Oonik.

"I?" said Santa.

"Of course! You are the most powerful, the bravest, the wisest one on earth. You are the only one who can stop the Ice King."

Santa pulled his pipe from his pocket and slowly filled it. "Tell me," he said. "How shall I stop the Ice King?"

"Why," said Oonik simply, "by going to him and telling him to stop."

Now the crooked-legged Tweedleknees growled, "What nonsense! If Santa went to see the Ice King who knows what might happen to him!"

"I'll go, too," protested Oonik "I—I could help!"

"You!" snorted Tweedleknees.

"Hush, Tweedleknees," said Santa. Then he looked for a long time into Oonik's eyes. At last he said, "Very good, son. We will go."

Actress Values Sex in Proper Perspective

By VERNON SCOTT

HOLLYWOOD (UPI) — Everybody discussed morals and sex in movies except the individuals most closely connected with eyebrow raising scenes — the glamor girls themselves.

In a new movie Janet Leigh — Mrs. Tony Curtis in private life — strolls on screen in the opening scene clad only in brassiere and a half slip for an intimate bedroom shot.

★ ★ ★

As a wife, mother and actress, Janet sees nothing wrong with sexy movie passages.

"It all depends on what purpose sex is used for," she said. "If pictures play up sex for sex sake, or for shock value, then I don't approve. But if it is used in story context — if it advances the plot — then I'm all for it.

"What I'm trying to say," Janet tried to say, "is that if sex is an essential part of the movie then it's valid and necessary."

As costar with John Gavin in Alfred Hitchcock's "Psycho," the blonde beauty worked several days in the near-nude. How did she feel about appearing in such abbreviated costumes?

NOT SELF-CONSCIOUS

"I wasn't at all self-conscious," she said.

"People are only self-conscious when they have a guilty conscience. If the script calls for me to wear next to nothing it is all a part of my work.

"I try to put everyone on the set at ease.

"First of all I made an effort not to appear modest. That would have given the idea that I was parading around nearly nude for other reasons. There was no leering or whistles among the cast and crew.

"Sex is part of what I'm doing for a living."

Janet said good taste is a personal matter.

"If seeing a woman dressed in a bra and slip throws youngsters off the track morally, then they haven't been raised correctly," she went on. "It shouldn't upset anyone, in my opinion.

"As for showing adults in bed in a film, that's not as bad as some of the things I read my children from 'Ali Baba' — murders and all — which they realize is make-believe.

"My children will be exposed to many things which are right and wrong. I think they are entitled to make their own decisions and exercise their own judgment."

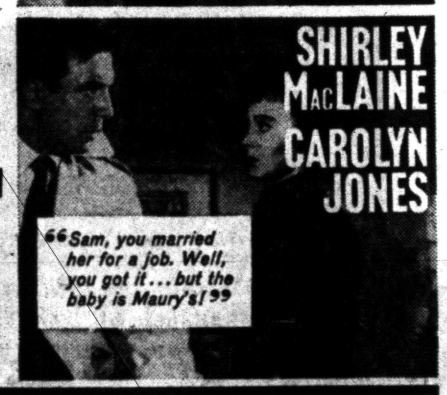

Some girls run away from home to wind up marrying men who never seem to come home . . . You get a sneaking suspicion the honeymoon is over when your wife gives you an apron for Christmas, instead of a tie. — Earl Wilson.

LITTLE GABE AND THE GOLDEN STARS — A Christmas Story — By Walt Scott

Bloomfield Area Man, 26, Dies Following Injury

A 26-year-old Bloomfield Township man, Murrie C. Betts Jr., died in St. Petersburg, Fla. of injuries suffered when he was struck by a train Dec. 1.

Betts, who lived with his parents, Mr. and Mrs. Murrie C. Betts, of 4989 Stoneleigh Rd., died Thursday.

He had been vacationing with his parents in Florida for several weeks. Betts was fishing from a railway trestle with an uncle and another person when a diesel bore down on the three.

One man jumped. Betts and his uncle stepped back out of the train's immediate path but the engine struck Betts' head before he could step clear.

Hit, Run Sentence Due for Son of Les Brown

BEVERLY HILLS, Calif. (AP) — Lester Raymond Brown Jr., 19-year-old son of bandleader Les Brown, will be sentenced Dec. 30 on a hit and run driving charge.

He pleaded guilty to the misdemeanor charge Friday.

Police said the youth left the scene after his car struck a pedestrian in West Los Angeles Nov. 1.

Goodfellow Edition Today

Goal: To Provide Good Christmas for Needy in Area Communities

"No child without Christmas."

This is the goal of Goodfellows selling special editions of The Pontiac Press today in several Oakland County communities.

★ ★ ★

Proceeds from the sales will be used to provide food baskets and gifts for the needy.

The Goodfellows are on the streets in West Bloomfield Township, Sylvan Lake, Keego Harbor, Oxford, White Lake Township, Lake Orion and Pontiac Township, excluding Auburn Heights and Springfield Township.

In West Bloomfield Township, including Keego Harbor and Sylvan Lake, Ben Moshier has a sales force of 50 firemen and policemen, along with members of the Kiwanis Club, Chamber of Commerce and the Loafers Club.

★ ★ ★

White Lake Township firemen and policemen are being assisted by members of the Metropolitan Club, Spirit 78, under the direction of Andrew Plano. They have a goal of $1,000 for Goodfellow baskets.

Sales in Springfield Township are headed by Charles Rahn and Alfred Colombo. The papers will be sold from door to door by 20 members of the civil defense department.

Proceeds will be used to provide gifts for needy youngsters.

Oxford Lions Club Goodfellows will use the proceeds from their paper sales to outfit underprivileged children during the Christmas season, according to sale chairman Donald Awrey.

★ ★ ★

Fire Chief Carl Schimgeck, in charge of the Pontiac Township Goodfellow paper sale, said his newsboys' goal this year is $1,000. Members of the Metropolitan Club, Spirit 60, and the American Legion Hills-Gazette Post, have joined the firemen.

★ ★ ★

Proceeds are used to fill baskets for needy families and to stage three Christmas parties for township children.

Avon Housewife Escapes Injury in Gas Explosion

An Avon Township housewife escaped injury Friday when a gas stove exploded while she was cleaning it, according to Oakland County sheriff's deputies.

Mrs. Raymond Johnson, of 3433 Devondale St., told deputies and Avondale firemen that she was taking the burners out of a gas stove in the basement of her home to clean them when the accident occurred.

"Suddenly the gas exploded, setting the stove and basement on fire," deputies said she told them.

She was uninjured. Firemen had the blaze under control in less than 30 minutes.

Flames were confined to the basement.

Flying Club Will Hold Stockholders' Talks

The Land-o-Lakes Flying Club will hold its second annual stockholders' meeting Monday night in Panky's Restaurant at the Pontiac Municipal Airport.

The board of directors and officers will be elected. The club is made up of businessmen in the Detroit and Pontiac area using executive aircraft.

Reflections

BILL OF RIGHTS

J. L. VOORHEES

We will celebrate December 15th. It was on this date that Congress gave each man inalienable rights at home, in court, in business, church, school — everywhere.

Freedom would have perished without our Bill of Rights. Liberty would have vanished, without them. Churches would have been preaching a code conceived by one man for his individual agrandizement. Our Bill of Rights is a pledge to people yet unborn that our United States will hand them a torch of liberty — it's light undimmed by the mock light of tyrany.

M. E. SIPLE

Minorities and majorities are equal under our Bill of Rights. We may defend our home and be defended by our Bill of Rights. The least affluent and the wealthiest among us are equal under our Bill of Rights. Think of the consequences that could and would have arisen without our Bill of Rights. Our Bill of Rights is our bulwark to freedom. Tell your children its significance; make them fully conscious of its importance to their happiness.

Background for LIVING

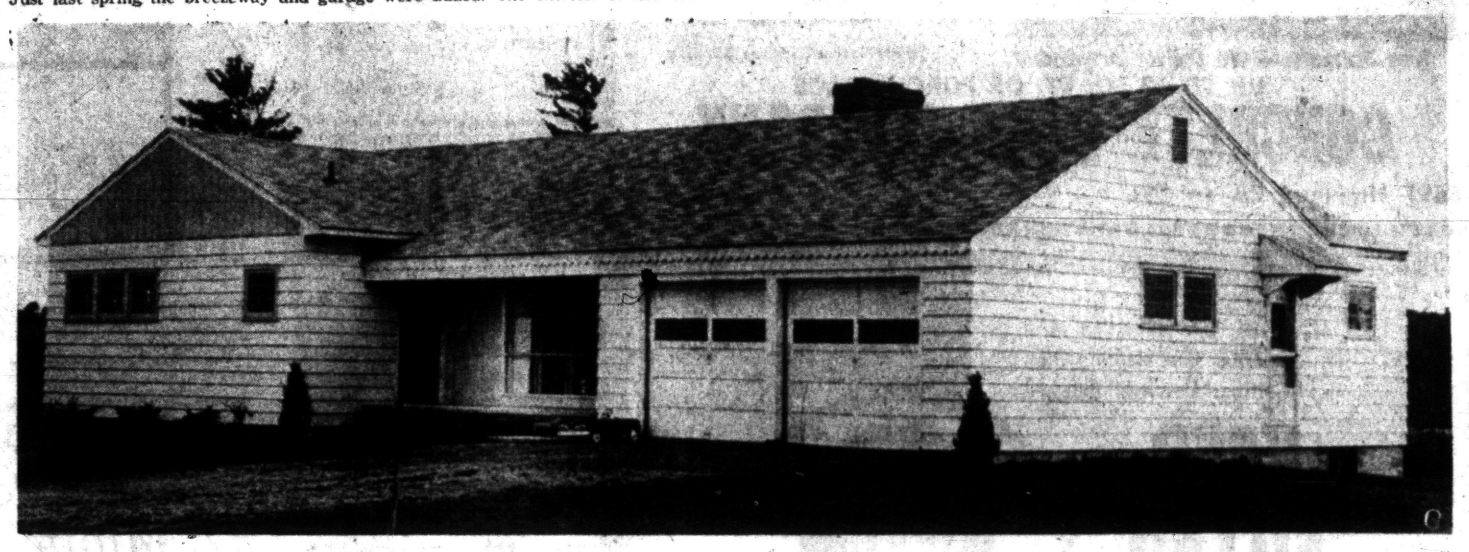

MODERN LIVING ROOM — Five-year-old Craig Hetherington assumes a typical small-boy pose in the modern living room of his home. Sandalwood walls, beige carpeting make a pleasing background for the cinnamon leather chair and the sofa striped in pale orange and brown. The other end of this room is the dining area.

Pontiac Press Photos by Vanderwerp

HETHERINGTON HOME — Gary Hetherington, his father and two brothers cooperated in building this ranch home on Gateway drive in Elizabeth Lake Estates. Just last spring the breezeway and garage were added. The exterior of the house has gray cedar shakes with aqua trim. Inside there are five rooms upstairs and a full walkout basement downstairs. The Hetheringtons' lot is a double one, situated on a corner.

STILWELL HOME — With no previous experience in building, Chuck Stilwell tackled this six-room ranch home with full basement. Situated on a 100x140 foot lot on Davis Lake, near Oxford, the Stilwell home is an attractive white with pink trim. The job so far has taken over three years. The Stilwells have two children. Mrs. Stilwell says the only member of the family to get a 1959 car was two-year-old Holly. Her vehicle is parked outside the double garage.

Your Neighbor's House

Do-It-Yourself Still Popular

By JANET ODELL
Pontiac Press Home Editor

Earlier in the fall we photographed some do-it-yourself projects. Today we'd like to tell you about them. We'd also like our readers to tell us about other such projects.

★ ★ ★

Susie and Chuck Stilwell bought a lot on Davis Lake, west of Oxford, and began building their home over three years ago. Except for one bedroom, all the rooms have windows overlooking the lake. Their lot is 100 by 140 feet.

★ ★ ★

The Stilwell house is an Aladdin Redi-Cut home. A stock plan was used and all lumber was cut to size. Even so, it has been a long slow process for Chuck Stilwell who has done most of the work. The fireplace, furnace, plastering and tile work was done by professionals.

Since the house was started the Stilwells have added two children to their family. Holly is two and Lee is eight months old.

★ ★ ★

The house has a full basement with six rooms and a bath and a half on the first floor. Our photographer took a picture of the living room fireplace.

SUNNY ROOM

Measuring 18 by 21 feet, the living room has big windows on two sides. These are curtained in white muslin. Walls are sandalwood. The floor is polished oak.

Furnishings are Early American. There's a brown oval braided rug in front of the buff brick fireplace. On either side is a part of a rust tweed sectional sofa. The coffee table is maple.

Both the deacons bench and the arm chair have yellow cushions and Hitchcock designs.

★ ★ ★

In the dining room which can be seen through the wide doorway there is birch wainscoting on the walls with blue and white wallpaper above. This same color scheme is carried into the kitchen. Dining room furniture is maple.

★ ★ ★

The Stilwells still have many plans for their home. However, they've made a good start.

Miles away, in Elizabeth Lake Estates, is the Gary Hetherington home. The story behind this do-it-yourself is a little different from the Stilwell story.

Like the Stilwells, the Hetheringtons have a boy and a girl, but both are older. Craig is five and already goes to school. Cori Lynn is two and a half.

★ ★ ★

Gary Hetherington, his father and his two brothers, undertook to build a house. One of the men is a plumber and pipe fitter, but the others are not skilled in building trades. They have, however, put up nine homes to date, pooling their growing knowledge and their labor.

The Hetheringtons have two lots on a corner. Her parents live behind them and the two families share a common back yard. Like the Stilwells' lot, their lot slopes so that a walk-out basement is possible. Just last spring a breezeway and garage was added to one side of the house.

This house has a living room-dining room, a kitchen and three bedrooms. The exterior is gray cedar shakes with aqua trim.

★ ★ ★

Inside, a ribbed glass partition closes off the front door from the dining room end of the living area. A metal table and metal chairs with plastic upholstery are used here.

In the living room the floor is covered with beige carpeting. Walls are sandalwood. The beige draperies depict a brown and light coral street scene.

Except for the striped orange and brown sofa, most of the furniture is leather. There are two off-white arm chairs and a cinnamon lounge chair and matching sofa.

RIDLEYS BUILD

Four years ago the Richard Ridleys bought a wooded lot near Maceday Lake. Ever since they cleared off the unnecessary trees they have been working on their house.

With the help of Mrs. Ridley's father—and some hired specialists — they have just about finished their five-room house. They have a living room with a dining ell, kitchen, den, two bedrooms and a bath. Except for some closing in of closets and some finish woodwork, the house is completed.

The exterior of this attractive little home is vertical siding, painted white.

★ ★ ★

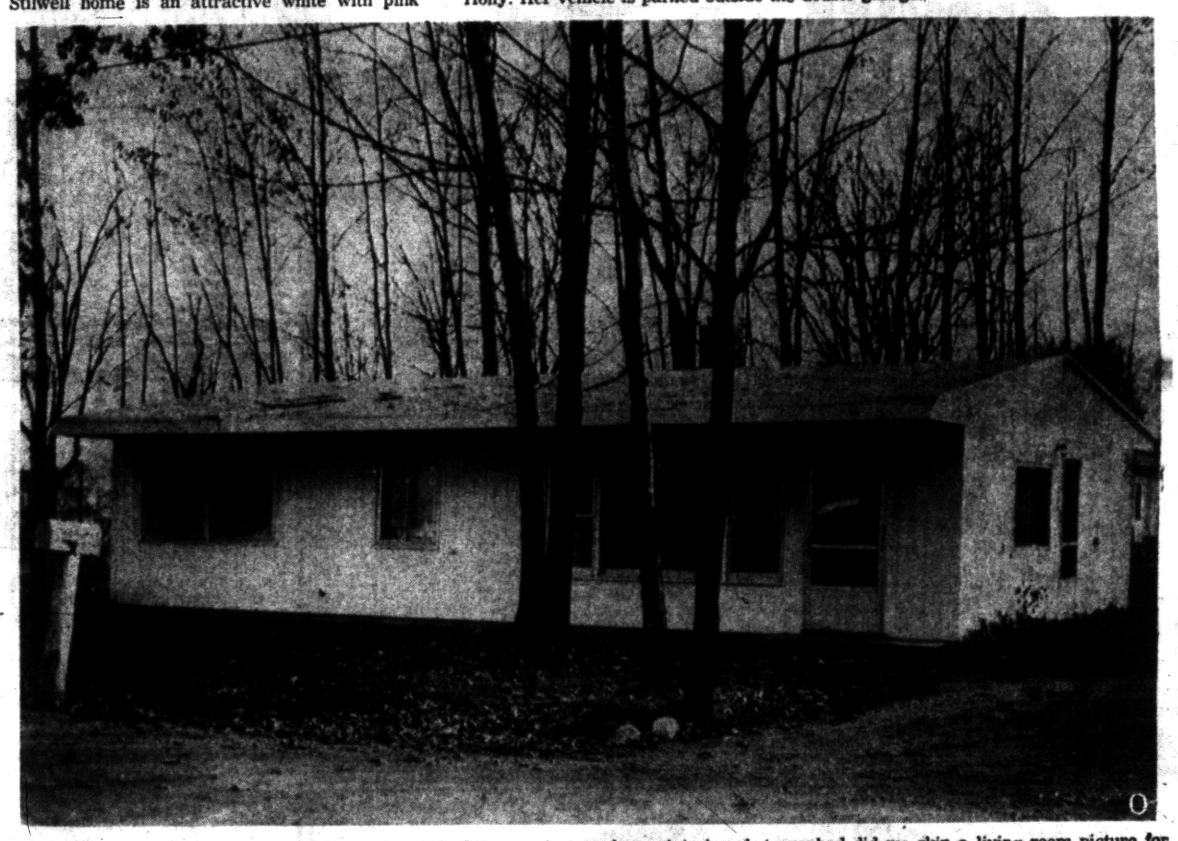

Our other picture is a do-it-yourself remodeled kitchen. The George Larsons of Hamilton street completely redid their kitchen. They tore out all the old cupboards and had new ones built to order.

★ ★ ★

Larson did the carpentry work and Mrs. Larson took care of details like laying the pink tile floor and painting the walls. It was a leisurely job and one they fully appreciate now that it is done.

Clothespins' New Role

There are many uses for the clothespins you don't need when you buy a new gas clothes dryer. Make up three or four dye baths in saturated colors. Let the clothespins soak up the brilliant colors. The clip-type pins can be used as desk organizers for bills, pictures, ads, note, etc. The pencil-type pins make wonderful toys for pre-school children.

RIDLEY HOME — Another long-term home building project was tackled by the Richard Ridleys. Ridley and his father-in-law did most of the work on this five-room ranch home. This is a slab home. Only because the Ridleys were not ready to have the house interior photographed did we skip a living room picture for this house. It is located on a lot about 80 feet wide a few blocks from Maceday Lake. The exterior is made of vertical siding painted white.

EARLY AMERICAN — The Stilwells chose Early American furniture for their new home. The buff brick fireplace with its raised slate hearth is decorated with wrought iron roosters. That braided rug is in shades of brown. The sectional sofas on each side are rust tweed. Tables are maple. In the dining room, seen through the wide doorway, there is birch paneling halfway up the walls with blue and white paper above. This is a sunny, cheerful home.

UPDATED KITCHEN—The George Larsons of Hamilton street brought their kitchen up to date by installing all new birch cabinets, a pink marbelized vinyl tile floor and a double stainless steel sink. The old cupboards were tongue and groove construction — very difficult to keep clean and space wasters. Mrs. Larson now has more counter space; it's pretty as well as useful, being pink Formica. Other conveniences are a corner lazy Susan, a pull-down lamp over the sink and a faucet dishwasher. Larson did most of the work over a period of months. But Mrs. Larson painted the pink walls and laid the tile floor.

Construction of the Washington monument here was at a cost of $1,187,710.

Peg Board Table Used for Model Train

Model railroad enthusiasts and children receiving their first electric train will derive more enjoyment from their model railroad system if it is mounted on an easy-to-assemble table.

By using a single panel of quarter-inch Peg-Board as a table top for a model train, it is easy to string the wires along the underside of the table. The circuits can be completed through any of the hundreds of perforations.

For a free plan showing how to build a model train table, write a postal to the Home Service Bureau, Suite 2037, 111 W. Washington St., Chicago 2, Ill., requesting plan No. A-E - 328.

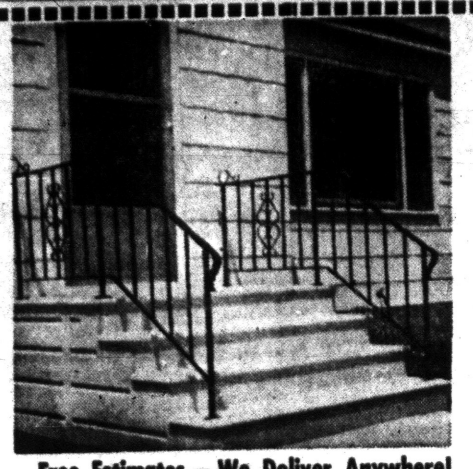

The reason why ceramic tile can withstand almost any heat is the fact that it is made in kilns where the temperatures go up to 2000 degrees.

EASY ON THE POCKETBOOK — This three-bedroom ranch home covers only 806 square feet and was tailored to the FHA minimum property standards. As a further economy measure, the basement was eliminated.

Michigan is said to have more than 11,000 lakes.

Today's Asphalt Made of Refined Petroleum

Man has taken over from nature in the production of one of the earth's most important resources, asphalt. Today's fire-resistant asphalt roof shingles are made from a refined petroleum product that is exactly the same as nature's asphalt, yet is cleaner.

★ ★ ★

Asphalt, the most effective waterproofing agent and preservative known to man, is found in its natural state on every continent on earth and in most major countries. One of the world's richest deposits is in Oklahoma.

Home Fits Pocketbook FHA Minimum Size

By DAVID L. BOWEN

There's one overriding virtue in this cleverly designed three-bedroom ranch plan: it should be cheap to build.

It has other advantages. The exterior lines are clean and uncluttered, with glass areas and porch panels creating pleasing geometrical patterns. The kitchen is up in the front handy to the front door. Everything is on one level. Bedrooms are in the back for privacy. And a covered porch links up the main entrance with the carport.

But Architect Rudolph Matern's main consideration in designing X-88 in the House of the Week series was to get as close as he possibly could—without forgetting the home-owner's essential comforts—to the FHA minimum property standards which went into effect last July.

These federal regulations set the minimum standards a home must meet to qualify for an FHA guaranteed mortgage.

In shooting for the minimums, Architect Matern aimed to offer a home as inexpensive to build as any that could qualify for an FHA loan.

There is no minimum total square footage specified in the minimum property regulations. The rules do specify minimums for certain important areas.

For instance, in a three-bedroom house the total square footage of sleeping rooms must be 280 sq. ft. (X-88 has 299 sq. ft. in bedrooms). The regulations say living and dining rooms combined must total at least 200 sq. ft. (X-88 has a 208 sq. ft. living-dining room combination.)

Minimum kitchen size in the regulations is 70 sq. ft. Architect Matern considers this too low for comfort, so departed substantially from the minimum for kitchens by laying out one of 105 sq. ft.

The house is built on a slab foundation as a further economy measure and is a perfect rectangle, with no extra corners. Sloping ceilings in living room and kitchen save the expense of ceiling joists and eliminate waste attic space. They also have a pleasing architectural effect.

A coat closet to the left of the main entrance creates a foyer-like effect and helps define the two areas in the living-dining combination. Four large windows in this room give plenty of light and ventilation.

The slanted ceilings lend a feeling of spaciousness to the kitchen and living rooms. Ceiling height at the inside wall is 10 feet. The wall at the dining end is finished in wood panel.

Two of the three bedrooms at the rear have cross ventilation. Bedroom No. 3 can be used as a den, if desired, and the closet there is optional.

The kitchen is 12x8'9" with two floor-to-ceiling windows at the breakfast corner, with glass continuing over the service door. A light trough along inside wall provides both direct and indirect illumination.

Reversing the modern trend away from front porches, Architect Matern put one on this house. Linking front door with carport, the front roof extension sets off a 6x20 porch with chair room for five to six people. For more private outdoor living, a terrace may be built behind the carport or house.

Twenty-nine lineal feet of closets inside and out (one is under carport) offer over 7' each to a family of four. Dimensions of the house are 45' width (including carport) by 30' 4" depth. Minimum recommended lot frontage is 60'.

High and Low

Housing starts for the fourth quarter are expected to be mostly in the "quite high" and lower priced homes, report building material authorities of Allied Chemical's Barrett Division. These extremes are defined as over $37,500 and under $12,000.

Second Kitchens Get Outdated Appliances

More and more kitchen appliances are ending up elsewhere than in the kitchen.

There's no mystery as to where they're going — they're being installed in dens, playrooms and family rooms.

Sometimes it's the brand new appliance which ends up here. More often, the new unit goes in the regular kitchen and the old one goes into the family room.

Either way, thousands of appliances which arrive as a family gift this Christmas are going to make possible the beginnings of a second kitchen in the family room.

All this is happening because the concept of a second living room, playroom, family room or whatever you may want to call it is catching on rapidly.

Time was, of course, when the family room was a spartan affair with sparse furnishings. But today many families are showing considerable originality in designing and furnishing these rooms. In situations like this, a "second kitchen" is a natural.

If new appliances are purchased specifically for this extra kitchen, the chances are good that they're scaled down slightly from those in the regular kitchen.

On the right now are a number of small refrigerators which furnish "spot" refrigeration and which are ideal for storing the food and beverages likely to be needed when the gang gathers for a party. Likewise, small ranges and compact sinks are ideal for such rooms.

But more and more families are furnishing their second kitchens with the used appliances which become available when new models are purchased for the big kitchen. That's particularly so nowadays when many a refrigerator in good working order is re-wife can get a modern unit which placed simply so that the house-incorporates the latest convenience features.

Odorless Thinners

Paint scientists have spent millions to develop odorless paints. Some of these are water-thinned and are called latexes. Others use an odorless solvent.

FAMILY AFFAIR — Making decorations should be a family affair. There is no better way to kindle a real holiday spirit. Pattern 321, which shows how to make wreaths of greens and gives actual-size guides for a plywood Christmas card tree and a sled center piece for table or mantel, is 35 cents. This pattern also is one of five full-size patterns in the Indoor Christmas Decoration Packet 43 for $1. The Pontiac Press Pattern Dept. Bedford Hills, New York.

Painter Turned Actor Gets Self Monotonous Task

A fine example of a fellow "who has his cake and eats it too" is Jack Klugman, noted television actor and co-star of Broadway's hit musical "Gypsy." A few years back, Ethel Merman's leading man was a house painter with a strong desire to act.

After house-painting his way through college and the first struggling years of summer stock and bit parts, Jack's star began to rise. Soon he was an established actor, and needless to say he was delighted except for one thing: He found himself an actor with a strong desire to paint!

Living in hotel rooms isn't the most comfortable existence and it certainly didn't give Jack the opportunity to wield a paintbrush. But this past summer everything changed.

Jack found a wonderful, rambling house in Valley Cottage, New York, a rustic area that's within commuting distance to Broadway. The Klugmans, including actress-wife Brett Somers, two children and a couple of large, amiable dogs were never happier than the day they moved in.

Jack's happiness was double-fold: they not only had a huge country house, but it was also in dire need of repainting. This gave Jack, a third generation house-painter, the chance he was waiting for. He could hardly wait to bring out the brushes and paint buckets. This was going to be the most attractive and colorful home in all New York.

Jack began his painting spree in the master bedroom. After some careful thought the Klugmans decided on white. This color would emphasize the spaciousness of the room. Mrs. Klugman was so delighted with the effect, she selected white for the nursery. Jack was happy to oblige.

Then the older Klugman youngster demanded to be included in the white treatment, so white was the paint color for that bedroom, too. By this time Jack decided to "throw in the paint bucket" and paint all the guest rooms in the same color.

Anxious to begin working with some bright colors, Jack eagerly moved on to the kitchen. He felt a bright, sunny yellow would be a wonderful choice. However, Mrs. Klugman was not in accord with his plan. "The kitchen's small, so we must use a color that will make it look larger," advised the lady of the house. And so with disappointment clearly written on his face, Jack drove to town for some more white paint.

Next on the agenda were the foyer and living room. The foyer was very dark and its stairway to the living room made it a hazardous area. For safety's sake, it had to be painted in a very light color. This time it was Jack who decided white would be best. But Jack was the victim of his own demise. The white appealed so greatly to the rest of the Klugmans, it was selected as the paint color for the entire living room.

The white interior of the Klugman home is most attractive and reaped lots of praise from admiring friends and neighbors. This compensated for Jack's disappointment in not being able to use all the colors he had planned. All the painting projects are done between performances of "Gypsy," which doesn't give him much time.

However, Jack's so proficient with a paintbrush that he'll soon be starting to paint the exterior. What color? White, naturally. But Jack's not thinking about that right now. He's in his glory painting the upstairs bath.

Women Tell Kitchen Wants

"Sound off — one, two," is the familiar call of the drill sergeant whose purpose is to keep a platoon of men in step.

The American housewife has her own version of "sounding off," except in her case the men she is aiming to keep in step are the manufacturers and builders who make and assemble the materials for her home. And the count doesn't stop with "one, two" either!

Take kitchens, for example. Here is just a sampling of the ideas and desires American women are "sounding off" right now; and the producers and builders with their eyes turned toward future profits are cocking their ears toward the din.

"Place the laundry near, but not in, the kitchen. Soiled clothes and food preparation don't mix."

"Give us a desk in the kitchen. It's almost as necessary these days as a stove."

"We want food-preparation and cooking 'islands' — off the floor, if you please, to prevent collection of dirt and grease."

"If possible, keep all appliances off the floor, which should be surfaced with ceramic tile and come complete with a drain. We'd just love to clean the whole floor in a jiff with a hose."

"Give us countertops without chrome edging that only collects dirt. Make them continue, without interruption, right into the splashbacks. That's another good spot for ceramic tile, incidentally."

"We want more drawers and sliding shelves, fewer deep cabinets."

"Give us walls and floors with rich earth colors."

And so it goes. Not all women are in complete agreement on all the particulars, but they all have definite ideas — ideas that will make themselves felt strongly in the design of tomorrow's homes.

Just One Hazard of Building Boom

LIVINGSTON, N. J. (AP) — The fast pace of the building boom is beginning to tell on overworked contractors.

A bulldozer recently plowed up a staked-out plot of land. The contractors then poured the concrete foundation for a new split-level house.

It was only after the foundation was finished that they realized they were on the wrong plot of land.

They removed the foundation, flattened the land with a steamroller and moved down the street to try again.

Need Only Scissors to Cut New Molding

Rubber molding, suitable for replacing broken, peeling or otherwise unsightly wooden baseboards, fits flush against the intersection of floor and wall. It's available in a do-it-yourself kit: 20 feet of molding, waterproof cement, application brush and instructions.

The only tool needed for installation is a pair of scissors. It comes in black, brown, gray, green.

Questions and Answers

QUESTION: We bought a house seven years ago, taking over a GI mortgage at a low interest rate compared to today's rates. We now plan to sell the house. Will the buyer be able to take over the same mortgage?

ANSWER: If the new buyer can put up cash above the mortgage, he generally can take over the mortgage. But there are so many angles connected with this that it is best to consult a lawyer. Since you will need a lawyer (at least, you're wise to have one) at the closing, he can advise you ahead of time what the facts are about the particular mortgage you have.

★ ★ ★

QUESTION: How can we go about putting in a permanent outdoor lighting installation in our backyard without getting involved in too much expense?

ANSWER: Your expense in such an installation will be cut considerably if your municipal building code permits the use of neoprene-jacketed direct burial cable. In this case, your electrician installs the necessary house connections and switches while you lay the cable. The electrician does his work first and tells you where to connect the cable.

Plan the route for your cable to follow. Dig an 18-to-24-inch deep trench, fill the bottom with sand or fine soil, lay the cable, then recover with soil and sod. Install a waterproof fixture or outlet where the cable comes out of the ground.

Question: About a year ago I decided to make a wall of glass blocks on one side of our sun porch. I shopped around a bit, but finally discarded the idea when I had to go out of town for several months. I'd like to undertake the project now. I recall reading somewhere about glass blocks that cut down on heat transmission, but don't remember that I saw any last year. Can you help me on this?

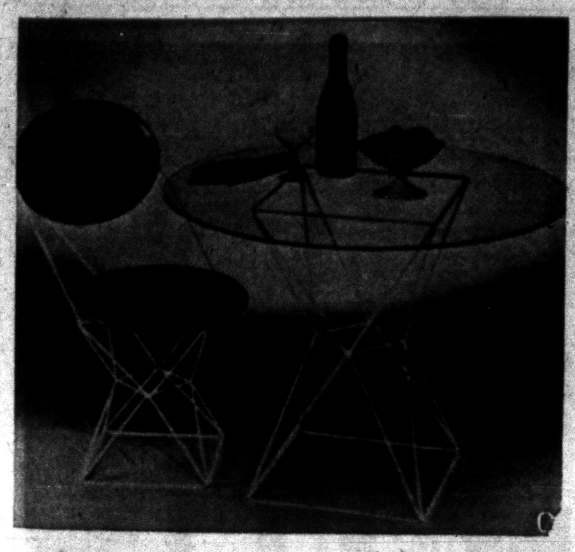

Answer: A fairly recent development on the market is a glass block with a blue-green color called "shade green." As far as we know, this is the only regular glass block with color in it, although ceramic-faced glass blocks come in several colors.

The blue-green tint was selected because experiments showed that it cut solar-heat transmission and was most effective on east and west exposures of the home, which receive the most direct sunlight.

Question: I have decided to put wooden gutters around our house, which has never had any. Are these attached with hangers the same as metal gutters?

Answer: Wooden gutters can be attached with hangers, but generally are installed with wooden nailing blocks. The blocks are nailed to the face board of the house—and the gutters then are nailed to the blocks. In some cases, wooden gutters are nailed directly to the face board, but this should not be done unless you are certain that the face board itself is secure. In any case, be sure to use rust-resistant nails.

MATHEMATICAL TABLE — Frankly forward-looking, this geometrically patterned furniture from the drawing board of Waldheim & Koepke is completely unparalleled in contemporary design. Upholstered ovals of color contribute warmth and luxurious comfort to the side chair, while the glass tabletop permits the unobstructed flow of its mathematical pedestal. Obviously scaled perfectly for dining nooks, patios and breakfast rooms, the steel frames are weather proofed for backyard placement as well. The naugahyde upholstery, available in a bevy of delightful colors, is particularly smart in contrastive or complementary combinations: the designers suggest middy blue with cerulean blue or mustard with ginger brown. The frames are finished in white or coffee brown baked enamel.

Rely on Dealer

When you are planning a do-it-yourself project, or a home painting project, your local paint dealer has or can quickly get every kind of material you are likely to use. If you can give your dealer a brief description of the job, he will come up with the right material and needed advice on how to handle many situations. There is no limit to the products he may carry or can get on special order.

75 Years Marked by Thermostat

The year 1960 will mark the 75th anniversary of the invention of automatic temperature controls for heating systems.

★ ★ ★

The automatic temperture control industry started in 1885 because a man in Minneapolis, who loved to tinker got tired of chasing up and down the cellar stairs to tend the furnace.

★ ★ ★

Thermostats had been in use for some time before this but they were only remotely related to the heating system. They rang bells and caused lights to flash when the room air temperature got out of control and then someone had to stir himself and do something about it.

There was a missing link between the thermostat and the heating system, and this man with the weary legs decided to do something about it, and did. He came up with a spring wound motor that opened and closed the dampers on a coal-fired furnace or boiler in response to a signal from the thermostat.

It was an ingenious mechanical device. It used dry cells for the thermostat circuit. But it worked and thus became the first "damper flapper." It was the missing link between the furnace or boiler and the thermostat, says the Plumbing-Heating-Cooling Information Bureau.

★ ★ ★

When the first set was sold in 1885, the control of the residential heating system was taken away from leg power and made automatic. That was when the automatic temperature control industry was born and it has since had a profound effect upon the health and living comfort of people the world over.

Fir Plywood Versatile, Easy for Amateur's Use

Fir plywood is the nearly perfect material for the home craftsman, says the December issue of a home magazine.

It is easy to work with, easy to finish—as well as economical. The mistake many homeowners make is in thinking of plywood only for large panels. While this is plywood's natural use, there are many times when ordinary fir plywood cut into boards will outperform a solid material. This is true particularly with 1 x 10 or wider lumber which has a tendency to warp.

To help you select the type of plywood best suited for your need, it is good to remember some basic information about some of the various grades which are available.

"G 1S" stands for Good One Side plywood. When only one side of the stock which you are going to use will be visible, you can save money by paying for smoothness only on one side. Only if both sides are to be displayed, will you need the more expensive "G 2S," Good Two Sides, plywood.

"Exterior Grade" plywood is put together with waterproof glue, and will not separate because of moisture. For slightly higher prices there is an exterior grade plywood so water resistant that boats are made from it. Interior grade plywood, however, must never be used where it may be exposed to moisture.

"Sheathing Grade" is quite inexpensive because it is usually concealed and therefore not sanded at the mill. However, it can be used for visible surfaces, as its texture can produce some beautiful effects under paint.

"Texture Plywood" comes in various patterns of swirls, striations, or grooves, which produce more interesting painted surfaces, invited special finisher, and obscure the uncontrolled pattern of rotary-cut fir. Textures often come in exterior or interior grades.

Dip Before Roofing

If you dip your shingles in paint or stain before applying them to the roof deeper and more complete penetration will give them longer life and insure all surfaces are thoroughly coated. Use a large tin or wash tub and dip them into the paint so that they will be stained at least two inches beyond the part exposed to the weather. Be sure they are completely dry before using.

Paint Lowers Ceiling

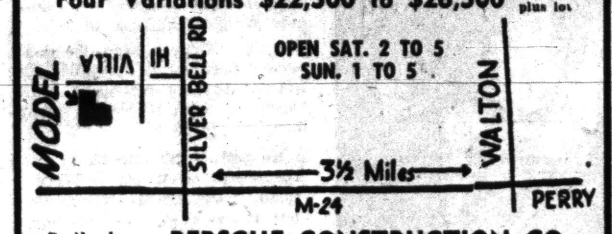

If your ceiling is too high, you can "lower" it by painting it a dark color. Another way is to extend the ceiling color down the side walls in a band of a width that looks attractive.

Wool Batts Are Easiest to Use

Climate control often means pocketbook control.

If the only things that stand between the indoors and outdoor are uninsulated walls and roof, much of your fuel dollar this winter is going to waste.

Clarence Hausmann, heating authority of Allied Chemical's Barrett Building Materials Division, reports that it is possible to save as much as 40 per cent in fuel by insulating the walls and ceilings. The addition of weatherstripping and storm sash can bring savings up to 60 per cent.

"Of course, a 60 per cent fuel waste is at the extreme end of the scale. Expectations of savings with the addition of insulation, weatherstripping, caulking and storm sash start at 30 per cent—and go all the way up," says Hausman. "But even 30 per cent of your fuel bill amounts to a considerable saving over the years."

Hausman says that rock wool batts are designed to be applied as insulation in houses under construction or in attics and other unfurnished sections of existing buildings where studs and framework are exposed.

"This blanket-type batt is easy to handle, quick to install, and provides dependable insulation against heat and cold," notes Hausman. "The long 'spun' wool gives it greater resilience, roughness, stability and makes for a neater job.

The simple application of such batts makes them particularly attractive to do-it-yourself enthusiasts," comments Hausman.

Rock wool batts are generally available in three thicknesses for varying climates and working conditions, and may be cut to any size. They fit snugly in walls, floors and roofs between studs, joists or rafters.

Ceramic Tile Looks Better as It Ages

One of the unique characteristics of a natural building material like ceramic floor and wall tile is improvement with age. All ceramic tile—whether glazed, unglazed or quarry — looks better as time passes, because of the constant conscious and unconscious comparison the eye makes with synthetic materials.

Unglazed tiles in particular grow more mellow after years of use on floors. This graceful aging is known in the ceramic tile trade as 'foot polish.'

Rabaja Sparks Valley Conquest of Arthur Hill

Chiefs' Chunky Guard Scores 19 of His 22 Points in 2nd Half

By BILL CORNWELL

Pontiac Central's battle-scarred basketball team learned in a hurry that it's going to be a long, hard road to another Saginaw Valley Conference title.

The Chiefs opened defense of their Valley crown Friday evening in the PCH gymnasium against rangy Saginaw Arthur Hill and had to fight for their very lives to eke out a hair-raising 56-55 triumph.

Coach Art Van Ryzin's cagers trailed from late in the 1st quarter until the final two minutes when stubby Phil Rabaja clicked on a two-handed set shot to give them a 52-51 edge and climax a bitter, uphill struggle.

★ ★ ★

Some phenomenal 2nd-half shooting by Rabaja, who wound up the game with 22 points to capture individual scoring honors, sparked the PCH rally and enabled the Chiefs to remain undefeated in three starts. Rabaja fired 19 after intermission.

Rabaja, who stands only 5 feet 7, personally took charge of the PCH offense in the 3rd quarter by firing 12 of his team's 14 points to narrow a 32-24 halftime deficit to 42-38 entering the 4th period.

The little guard pumped five shots through the hoop from distances of 25 to 30 feet, using the old-fashioned two-handed method, and added a pair of foul tosses to provide the spark that resulted in victory.

★ ★ ★

Pandemonium reigned in the PCH gym when Rabaja bagged the field goal that gave his club a 52-51 lead. Seconds later Rabaja netted another fielder, this time a one-handed jump shot from the circle, to hike the margin to 54-51.

Arthur Hill forward Dave Tingler made a layup shot with a minute left to narrow the gap to 54-53, then Central's Booker Hurner provided the clincher in the last 15 seconds by driving the baseline for an easy two-pointer.

Tom Dawson of the Hillites connected on a jumper with five seconds remaining, but the Chiefs had their winning 56-55 margin and they clung to the ball near midcourt as the final buzzer sounded.

★ ★ ★

Although the Chiefs had the scare of their lives, in their behalf it must be said that they never lost their poise. Even the loss of 6-foot-4 Bill Pritchett and 6-foot-2 George Fed via five personal fouls in the 4th period failed to rattle them.

The Hillites also were hurt by personal fouls. Pete Datema, their 6-6 center, and guard Paul Bishop both fouled out in the hectic 4th stanza.

Altogether, 35 personals were called, 18 against Arthur Hill. Both teams did well at the foul line, the Hillites sinking 17 of 25 and PCH 16 of 25. Charity tosses helped to keep the Hillites ahead in the 4th quarter before Rabaja changed things.

★ ★ ★

Arthur Hill's zone defense and ganging tactics under the backboards gave PCH all kinds of trouble in the 1st half. During the first two periods Tingler (6-2), Dawson (6-0) and Datema were quite successful at crowding the Chiefs outside.

A miserable 2nd quarter almost proved fatal for the Chiefs. They tallied just six points during the session to fall into their eight-point halftime deficit and force the long, hard 2nd-half pull. They were nine down early in the 3rd, 33-24.

The Chiefs trailed by a 19-18 count at the end of a see-saw 1st period after being down 19-13 two minutes earlier. To complicate matters, the Hillites were shooting a blazing 52 per cent in the 1st half.

Fed aided Central's rally with some great rebounding until his enforced absence and Bill Hayward made several key defensive plays to further help the cause.

★ ★ ★

Tingler claimed individual scoring laurels for the Hillites with 20 points, eight from the foul stripe. Dawson was a close 2nd with 19 and Datema contributed 10. The Hillites now have a 1-2 record.

PCH had just two players in double figures, but slightly better balance on the attack. Hurner, whose clinching layup shot was his only 2nd-half field goal, followed Rabaja with 15 points. It was the best scoring night of Rabaja's career.

Rochester Bounced; Romeo Also Falls

It was a sad day for members of the Tri-County league, Rochester, Romeo and Lapeer, all playing non-league foes, went down to defeat.

New league member Roseville also got trampled by East Detroit, 61-36.

Rochester helped Utica open its season in good style by losing to the Chieftains, 49-44.

The Falcons were behind most of the way and finally took the lead 42-41 with three minutes to play on a field goal by Bill Mason.

★ ★ ★

But Fred Sattler dropped a bucket for Utica and Rochester never got back into the lead.

Sattler was the night's top scorer with 20 points, followed by Ed Weycker with 11 and Dan Moshenko with 10 for Utica.

Mason led the Rochester scoring with 17 and even though the Falcons outscored Utica from the floor, the difference was told at the free throw line.

Sattler made 8 of 11 free throws and Utica had 13 charity tosses compared to only four for Rochester.

Romeo led in its game all the way but South Lake took a 60-58 lead and then went on to win 66-62.

Jim Black dropped in 10 field goals and nine free throws to lead Romeo with 29 points. Steve Richard had 23 for South Lake.

Lapeer never had the lead as it lost 64-48 to Flushing with Bob Rowe getting 18 for the winners.

★ ★ ★

Dick Schwerin led the Lapeer attack with 17 points.

Roseville could not match the balanced East Detroit scoring led by Ernie Kesckes with 15, Kurt Copper with 13 and Bill Bos with 12.

LaVerne Willis and Duane Soine each had 10 for the losers.

Saginaw Edges Flint Northern

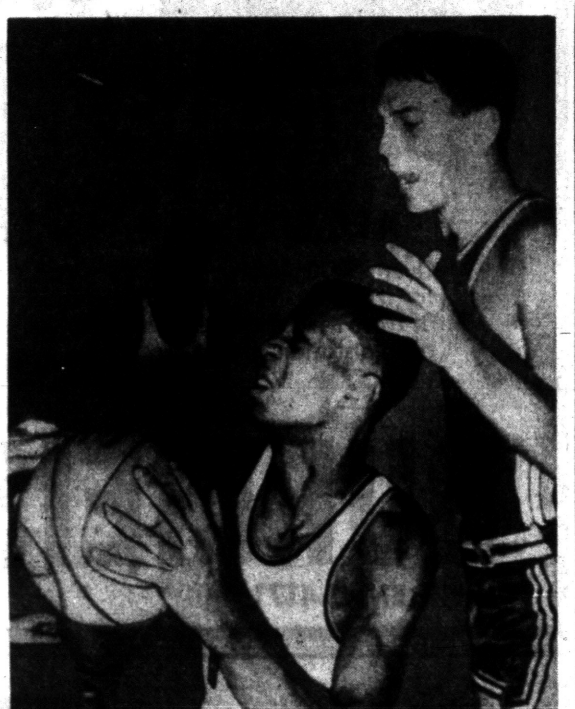

Saginaw High and Flint Central joined Pontiac Central in the victory circle Friday night as the 1959-60 Saginaw Valley Conference basketball race got under way.

Although outscored from the floor, 23 field goals to 17, Saginaw capitalized on free throw opportunities to slip past visiting Flint Northern, 54-53.

Flint Central led all the way in handing Bay City Central an 82-58 licking at Flint. Pontiac Central nipped Arthur Hill, 56-55, at Pontiac to round out last night's Saginaw Valley program.

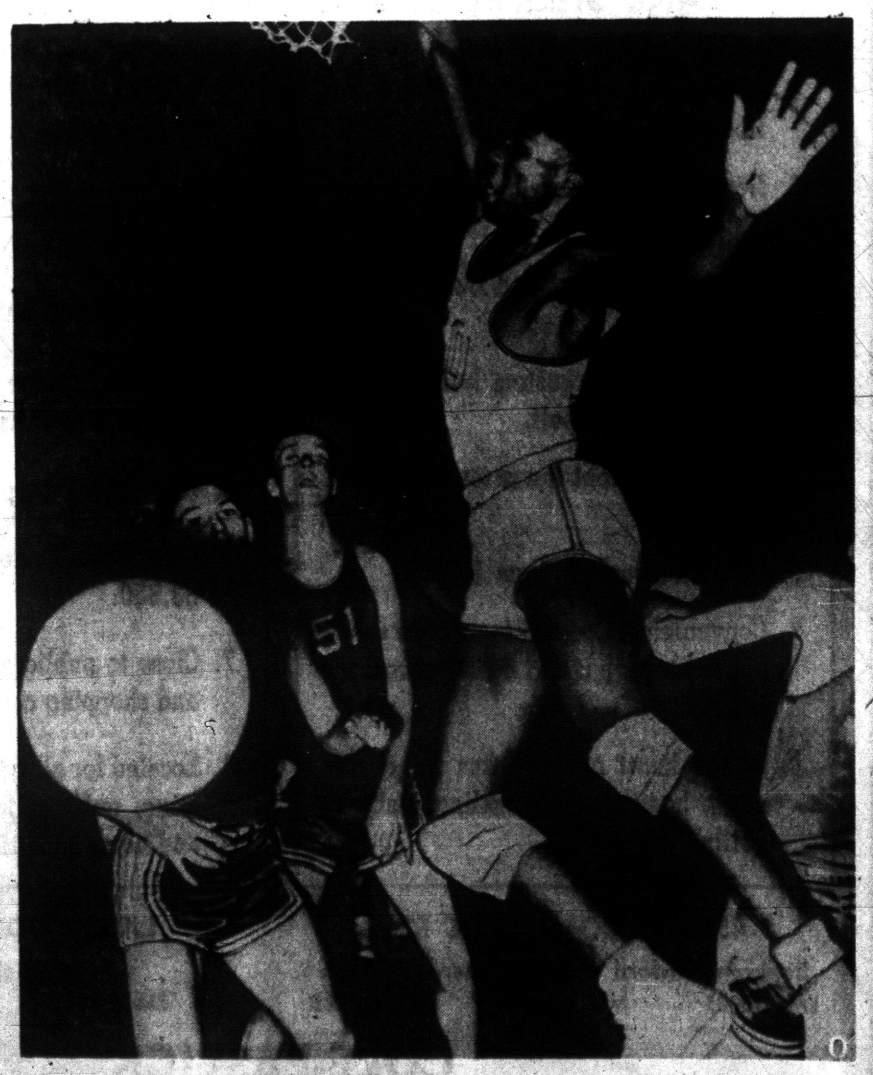

Saginaw bagged 20 of 34 foul shots compared to only 7 of 19 for Northern. Ernie Thompson's two charity tosses in the final 41 seconds iced the decision for Saginaw.

Jerry Tillman scored 15 points to lead the Trojans, but Northern's Gene Summers captured game honors with 22.

Pontiac Press Photo

IT'S NOT POLITE — Pontiac Central's Booker Hurner would like to take a shot, but an unidentified Arthur Hill player has every intention of stopping him from behind with an impolite over-the-shoulder maneuver. PCH won a thriller, 56-55.

AW SHUCKS, I LOST IT — Leaping George Fed, Pontiac Central's 6-foot-2 forward, lets the ball get away from him on a rebound attempt in last night's Saginaw Valley Conference basketball game with Arthur Hill at PCH. No. 51 is Pete Datema of the Hillites. The Chiefs won their Valley opener, 56-55.

Northern Team Very Improved in 62-44 Victory

Play of Fedynik, Norton and Vincent Paces 1st Triumph

By CHUCK ABAIR

Everything came around at once last night for the Pontiac Northern basketball team.

The Huskies, shaking off the doldrums caused by two opening beatings, turned in a strong showing in walloping Southfield 62-44 at the Bluejay court.

All departments were improved — shooting, defense and rebounding — as PNH came to life in its third straight away contest.

"It was like night and day," commented winning coach Dick Hall comparing the play with Tuesday's loss at Hazel Park.

★ ★ ★

His charges picked the right night to get rolling since Friday was opening day in the Inter-Lakes League.

Mike Fedynik and Bruce Norton, regaining some of the scoring form they showed a year ago, led the offensive surge with 19 and 17 points, respectively.

Third in scoring but right on par with the others in a starring role was center Dennis Vincent. The tallest Huskie at 6-1½, he did an excellent job on both backboards while contributing 10 digits. Steve Thompson aided Vincent on the boards and added eight.

★ ★ ★

Northern led most of the way but had its hands full throughout the opening half.

An eight-point 1st quarter by Fedynik paced the victors to an 18-12 lead. Southfield sliced the difference to four at halftime after going ahead twice during the 2nd period.

Ed Schlaff, who sparked the home team with 15 for the game, swished a one-hander to make it 33-31 starting the last half. But two free throws by Vincent and successive baskets by Norton and Fedynik put the Huskies in front to stay. It was 48-37 at the end of three quarters and no contest from there on.

Fedynik shook off a slump of seven straight misses from the field in helping to lead the last half romp. Norton made nine of his total from the foul line including six in the final seven minutes.

Mike averaged 16.3 for 15 games in 1958-59 but had totaled only 13 in two starts this term. Norton, an 11-per-tilt man before, had only nine this year as an indication of their about face.

Fifth starter Jim Capistrant and reserves Marty Everett and Dennis Harbert worked with the others in tightening the defense which had shown glaring weaknesses earlier. There were a few lapses in the 2nd quarter when "free" Southfield boys made easy goals but the overall play was much better.

★ ★ ★

It was Southfield's second setback in three starts under new skipper Will Steinke, who had high praise for the Huskies.

Northern, which had a creditable 38.6 shooting percentage to 30.9 for the Jays, plays its home lid-lifter Tuesday against West Bloomfield and hosts defending I-L champ Berkley next Friday.

RO Shrine Rolls, 63-43

Royal Oak Shrine rolled to a 63-43 victory over St. Theresa last night with Stan Gracki, Jerry McCullough and Pete Saputo getting 19, 15 and 12 respectively.

WINNING FORM — Shots like this one by Ed Stigers helped Waterford pull out another close one last night. He was 2nd in scoring with 12 as the Skippers edged Walled Lake, 58-56 on Bob Newman's big basket on the last play.

Skippers Edge Vikings 58-56 in Last Seconds

Newman's Jump Shot Decides 2nd Squeaker; Farmington in Breeze

A 10-foot jump shot by Bob Newman with only two seconds to play enabled Waterford to pull out another home squeaker — 58-56— over Walled Lake last night.

If the Skippers keep up their present pace, coach Jerry Wallace will be battling ulcers or heart trouble or both before too many more games go by.

He had 32 full minutes of excitement a week ago as Wayne finally bowed with 12 seconds left. It was even worse this time and with much more at stake in the Inter-Lakes opener.

Newman, turning in his second good showing as a new starter, came up with his BIG basket after making a good strategic move. He immediately called time out just as he took the rebound of a missed Walled Lake foul setting up the clincher.

The six-foot junior forward then hit from the side of the foul circle. Walled Lake could not get the ball in play before the final buzzer sounded.

Waterford had led 17-11 at the opening quarter and 31-27 at halftime before Walled Lake bounced back in the closing minutes of the 3rd quarter to trail only 41-40.

The Vikings, who had divided two non-loop starts, went ahead for the first time 48-47 on a bucket by Gary Wilkoff with three minutes gone in the final session.

★ ★ ★

After the lead changed hands twice, Ed Stigers tossed in three fouls and Ray Robinson hit from the field to give WTHS a 56-52 advantage with two minutes remaining. Two fouls by Bill Allen and one by John Maragos made it 56-55 with 26 seconds left. Then came the climax.

Walled Lake center Ken Johnson was fouled with 16 seconds to go. He converted for a tie on a 1-and-1 situation but his 2nd try bounced off the rim and was grabbed by Newman. The wrap-up heave followed sending the home fans into hysterics.

Bill Bryce paced the Waterford offensive with 14, followed closely by Stigers' 12 and 11 apiece for Newman and Robinson. Allen topped both teams with 16 followed by Johnson's 15, while Wilkoff added 14.

The Skippers are home for the 3rd successive contest Tuesday against Dearborn Fordson. Walled Lake is idle until next Friday when the Vikings host Farmington on another league night. Southfield visits Waterford at the same time.

Farmington, pre-season I-L favorite, made the rating look good by slamming Berkley, 51-32.

A big second half sparked the Falcons. Featuring a balanced attack, Farmington compiled a 32-17 advantage over the last 16 minutes after a slow opening session.

Bill Smith, who had to hold up the game once to find his dropped contact lens, excelled on rebounds and topped Farmington in points with 18. Harvey Chapman was close behind with 16. Dale Perry hooped 13 in defeat.

Yanks Acquire Maris, Swap Four Veterans

NEW YORK (AP) — The New York Yankees and Kansas City Athletics, old hands at swapping players, have completed their 15th transaction with outfielder Roger Maris the key player in the seven-man deal.

★ ★ ★

Thwarted in an attempt to trade with other clubs in both leagues, the Yankees yesterday obtained Maris, on whom they have had designs to plug an outfield hole since they wound up third in the American League last season.

Besides the 25-year-old, long-ball hitting outfielder they also got veteran shortstop Joe DeMaestri and first baseman Kent Hadley. A Yankee spokesman said DeMaestri probably will be used as trade bait in an effort to strengthen the pitching staff.

★ ★ ★

To Kansas City, the Yankees sent Norm Siebern, a hard-hitting but weak fielding outfielder; pitcher Don Larsen, plagued with a sore arm virtually since he wrote his name in the record books with a perfect World Series game in 1956, Hank Bauer, 37-year-old outfielder and Marv Throneberry, first baseman, outfielder.

The deal came only four days from the end of the inter-league deadline and five days after the champion Chicago White Sox and the runner-up Cleveland Indians apparently strengthened themselves in another seven-player swap.

★ ★ ★

"We have tried unsuccessfully to trade with other clubs in both leagues," said Yankee General Manager George Weiss. "The Yanks and Kansas City have faith in each other."

A total of 59 players have shuttled back and forth between New York and Kansas City since the Athletics moved from Philadelphia during the winter of 1954. Several have made the trip both ways.

DeMaestri, whom Kansas City General Manager Parke Carroll said didn't figure in their plans, is the last of the Athletics who played in Philadelphia.

★ ★ ★

The departure of Bauer leaves catcher Yogi Berra as the only Yankee who was on the club when Casey Stengel took over as manager in 1949.

Bauer, who lives near Kansas City, expressed satisfaction over being traded since "I will be home more."

The trade caught Maris by surprise, so much so he didn't believe it when first told by a friend in a supermarket near his Raytown, Mo., home.

"Believe it or not I had rather stayed with the Athletics," said Maris. "But I'll do my best for the Yankees."

★ ★ ★

Maris, who began his major league career with Cleveland, batted .273 with 16 homers and 72 runs batted in last season. DeMaestri hit .244 and Hadley .253.

Siebern, who had defensive difficulties in the Yankee Stadium left field, hit .271 with 11 homers and 53 RBI. Bauer, who has played all of his 11 seasons with the Yanks, wound up with a .238 mark and Throneberry with .240. Larsen compiled a 6-7 won-lost record and a 4.32 earned run mark.

OL Sorrow Sad, 64-45

Our Lady of Sorrow of Farmington could not stop Tom Baker and Joe Munor of St. Leo and thus lost a 64-45 decision. Baker had 24 and Munor 19. John Hirzel had 21 for OL.

Dryden Is Beaten, 45-44; Almont and Armada Win

New Haven put on a last minute rally to defeat Dryden 45-44 and Anchor Bay needed an overtime period to beat Memphis 45-42 in a pair of Southern Thumb games.

Other league contests saw Almont trip Brown City 53-43 and Armada whip Capac, 56-41.

Dryden blew a five point lead in the final minutes and the loss of rebounder Ron Dittman helped the New Haven cause. Jerry Conn had 16 for Dryden while Chopp and Schein each had 10 for the winners.

Don Eschenberg with 15 and three others in double figures was Almont's means to victory. It was 28-26 at halftime but in the 4th quarter when it closed the gap, Brown City lost Dale Baccman, J. Leibler and Jim Miller on fouls.

★ ★ ★

Armada kept a good lead throughout led by Julius Traub's 22 and 12 by Terry Wills. Ken Kobayashi had 17 for Capac.

It was 41-41 at end of regulation. Dick Rivard's field goal and Dick Burr's 2 free throws won it for Anchor Bay.

Reggie Brown led the winners with 14.

Dragons Gain Second Victory by Defeating Madison, 42-35

Someone forgot to tell Troy high school that Avondale was picked in pre-season forecasts of the Oakland B.

Avondale not only got beat but the Jackets were bombed right from the start in losing, 72-42.

Troy coach Peyton Goodwin admitted that the Colts played one of their sharpest games especially on defense.

Troy double teamed Darryl Thorpe and held him to six points while Bud Acton led the winners with 25.

★ ★ ★

Troy held a 36-16 bulge at halftime. Avondale led 8-7 but the Colts went ahead 21-8 after the first quarter and there was never any doubt of the outcome.

Lake Orion had a hot first half in trimming Madison 42-35 for its second win and Fitzgerald never was pressed in drubbing Clawson 66-36.

Orion led 30-14 at halftime but in the second two stanzas the Dragons managed only 12 points as the invisible shield fell over the hoop.

Tom Reed was Lake Orion's top scorer with 15 although eight players shared in the pointmaking.

Gene Schooltz with 17 and Ralph Hamlin with 13 were tops for Madison.

★ ★ ★

Bob Radlinski paced the Fitzgerald victory with 15 followed by Bob Bagley with 13.

Jim Thomas was high for Clawson with 12.

Milford Upset by Hills; Keego, Brighton Bow in W-O

Holly Rally Tops Clarkston

Holly and Clarenceville are perched atop the Wayne-Oakland League basketball standings with 2-0 records today following important victories last night.

Holly did it the hard way, staging a big 4th-quarter rally in Clarkston's small gymnasium to hand the Wolves their 3rd straight defeat, 50-41.

Clarenceville pulled away from visiting West Bloomfield early in the 3rd period and coasted to a 62-49 triumph over the Lakers.

Bloomfield Hills uncorked the biggest surprise of the evening by dumping Milford, 43-38, and Northville popped up with another surprise by nosing out defending champion Brighton, 53-52.

The 2nd and 4th quarters were fatal for Clarkston. The Wolves scored only seven points in each of those two stanzas.

Holly began hitting the bucket from all over the court in the 4th period and collected 21 points during that stretch to win going away after falling behind the Wolves at the end of the 3rd session, 34-29. Holly led at halftime, 24-20.

The Broncos put a full court press on Clarkston in the 4th quarter and the Wolves were forced into many floor violations and other costly errors.

Clarkston did a good job of stopping Ron Morlan, but Holly responded with Don Mackenzie who meshed 19 points to take game scoring honors. Morlan was held to seven. Bill Powell was Clarkston's leading point-maker with 14.

Clarenceville maintained a lead of 10 to 15 points throughout the 2nd half after West Bloomfield battled the Trojans virtually on even terms during most of the 1st half.

Keego cut Clarenceville's lead to 26-24 in the final three minutes of the 2nd period, then the Trojans scored eight straight points for a 34-26 halftime edge and the Lakers trailed the rest of the way.

Chuck Christensen led West Bloomfield with 13 points, 11 from the foul line, and Denis Alix tallied 12. Gene Scholes paced the Clarenceville attack with 21 points and teammate Ron Warren bagged 19.

Don Hayes was the hero for Bloomfield Hills. Hayes replaced Art Tregenza in the 4th quarter and rifled three buckets as the Barons outscored Milford, 12-6, to post their upset win.

★ ★ ★

After trailing at the half, 19-16, Milford rallied to take the lead entering the 4th period, 32-31. When the Barons regained the advantage, they played a stalling game for the last six minutes of the contest.

Tom Maron was the top point-getter for the Hills with 16 and Bruce Billings added 12. Gene Schuett and John Sheffler scored 12 apiece for the Redskins.

Brighton enjoyed a 25-19 halftime bulge over Northville, but the Mustangs stormed back with a 14-point 3rd quarter for a 33-32 lead going into the finale.

Brighton never had the lead in the 4th quarter, although the Bulldogs managed to tie Northville three times.

The game was marred by 47 personal fouls, 26 against Brighton.

Northville's well-balanced attack had three players in double figures with Steve Juday, who did not play in the 1st half, leading the way on 16 points. Don Appleton was tops for Brighton with 24 points, a dozen from the foul stripe.

Oxford, Ortonville Show Strength in Loop Race

Ortonville and Oxford may be gearing for the day they play each other as both figure as strong contenders in the South Central League.

Oxford rolled over North Branch 58-44 and Ortonville made it three straight last night in trouncing Millington 58-49.

North Branch held a 27-25 lead over Oxford at halftime but the Wildcats found better shooting in the third quarter and never fell behind after taking the lead.

Dick Miller and Norm Williams were the kingpins of the third period scoring, although scoring honors for the night went to Jeff Brady who had 10 field goals and eight free throws for 28 points.

Williams finished with 14 points. John Ribner was the top scorer for North Branch with 19.

Ortonville's big three, Earl Richardson, Jim Hutchings and Mead Myers, again led the victory with 17, 14, 13 points, respectively.

Ortonville led 24-15 at halftime and then put together a 29-point third quarter to make it a waltz.

Mike Zink with 17 and Ned Lockwood with 10 were Millington's top pointmakers.

The big game between Ortonville and Oxford takes place on the Ortonville court right after the holidays, Jan. 8.

THAT'S MY BALL — Rudy Yapo, husky St. Frederick's cager, holds the ball high, just beyond reach of an OLSM player behind him. However, Rams didn't keep the ball away from Eaglets enough, as they dropped a 51-43 verdict, last night.

Aaron Crowned NL Bat Champ

CINCINNATI (AP) — Hammerin' Hank Aaron of the Milwaukee Braves, who led the National League batters from the opening week to the season's end, Saturday was crowned the official champion for 1959.

★ ★ ★

Aaron wound up with a .355 average to win the senior circuit title for the second time. The Braves' outfielder won his first crown in 1956 with a .328 mark. Joe Cunningham of St. Louis finished second with a .345 average last season, official averages released by National League headquarters disclosed.

Eddie Mathews, another Milwaukee slugger, edged Chicago's Ernie Banks for the home run championship. Mathews hit one in the final playoff game against Los Angeles, giving him 46. Banks had 45. Ernie led in 1958 with 47.

Banks, however, salvaged the 1959 runs batted in crown. He drove in 143 tallies, 14 more than his pace-setting total of 1958.

★ ★ ★

Aaron is only the third Braves' player to take batting honors in the modern era. The others were Rogers Hornsby in 1928 and Ernie Lombardi in 1942—when the Braves were still in Boston. Overall, Aaron pounded out 223 hits, including 46 doubles, 7 triples and 39 home runs.

Top-ranked Cincinnati, led by point-a-minute Oscar Robertson, North Carolina's No. 5 Tarheels and North Carolin State, rated No. 20, headed a parade of victories over other high standing teams in Friday night's college basketball action.

Cincinnati racked up its second highest point total in history by whipping 11th-ranked St. Joseph's (Pa.), 123-79, North Carolina swept by Kansas' ninth-ranked Jayhawks, 60-49, and N.C. State upset the No. 14 Kansas State Wildcats, 66-59.

All-American Robertson, seeking his third straight major college basketball scoring crown, gained a season high with 48 points as the Bearcats fell four short of the record 127 points scored against North Texas State on Jan. 1 1958. The Big O's point production brought his average up to 43 per game.

Solomons Confident

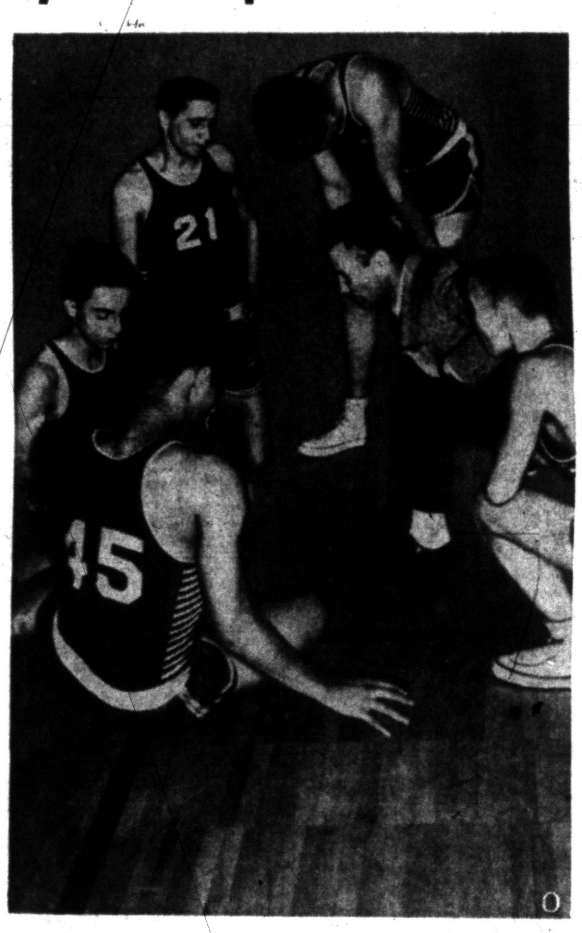

LONDON (AP)—British promoter Jack Solomons flew back from Sweden Friday confident he will be able to stage a fight between heavyweight champion Ingemar Johansson and British ruler Henry Cooper in London next May 31.

No Bargaining for Pros at Wimbledon

LONDON (AP) — Wimbledon's lawn tennis officials said Friday they will strike no financial bargain to attract the star professionals of Jack Kramer into an open Wimbledon—the tournament regarded as the unofficial world amateur championship.

"We do not intend to bargain with Kramer or anybody else," Herman David, chairman of the All-England Club which organizes Wimbledon, told a news conference.

OL St. Mary Dumps Freds; Mikes Win

RESPITE — A brief respite from a hot splurge in the third period, was taken by St. Frederick's five, during last night's game with OL St. Mary. Rams had just pulled to within three points (46-43) of the Eaglets, but couldn't hold on. Coach Gene Wright talks to Mike Reed at lower right, Ted Dobski (bending over), Phil Bieri (21), Dave Lufkin and Rudy Yapo (45). Eaglets won, 51-43.

Eaglets Score 51-43 Triumph Against Rams

St. Michael Gains 47-35 Victory From RO Five at Madison

Orchard Lake St. Mary, defending champion of the Suburban Catholic League, is still holding the driver's seat again this year.

The Eaglets dumped St. Freds 51-43 in a game played at Pontiac Northern Friday night.

On the same grounds just across the way at Madison Junior High School, St. Mike was scoring a 47-35 victory over Royal Oak St. Mary.

In other league games St. James defeated St. Clement, 54-40 and St. Benedict won over St. Rita, 54-31.

★ ★ ★

Orchard Lake took a 27-19 halftime lead and the Rams biggest threat came late in the 4th quarter when they got within three points.

Glen Hass topped the Orchard Lake scoring with 14 followed by Tom Tomaszewski with 13.

Mike Reed had 16 for St. Fred and Jim Kennedy made 11 before fouling out in the third quarter.

★ ★ ★

St. Mike got good scoring from Tom Dabbs with 16, Pat Campbell with 13 and Al Tunny with 10.

There were only three personals called on St. Mikes while RO St. Mary had 9. After getting 35 points in the first half, the Shamrocks got only 12 in the final two periods.

St. Mary got only one free throw out of four attempts at the line.

Doug Christie had 27 points for St. James' victory while Bob Mayernik had 11 for Clement.

Youngsters Set Pace for Dog Training

Young owners dominated the graduation "exercises" for the Southern Michigan Obedience Training club backed classes at Daniel Whitfield School, this week. Classes were under direction of Reg Armstrong, and new classes will begin there following a demonstration set for Jan. 14. Information about the class may be secured by calling Armstrong at FE 2-7749.

Winners of the three Whitfield group included:

Novice (7:30 class)—Lorraine Motsinger, with Sunny, a cocker, 191½; Shirley Lyons, Boots, 174½; Thomas Hanss, golden retriever, Poko, 169½; Mary Coward, miniature Poodle, Shawnee, 167. (8:30 class)— Lenhard Schell, Brittany, Suzie, 197; Richard Beskin, Birmingham, cocker, Larky, 196½; Marilyn L. Donaldson, miniature poodle, Mi Lady Pamper Minette, 196½; Mrs. F. Clark, standard poodle, Pompeii, 189.

Advanced (review)—Michele Gibson, age 12, with Roulette, standard poodle, 196½ (her 2nd dog finished, now has another on the TV show, Our Lady of Charm, Fridays at 11:30 a.m.); Bert Mosher, Brittany, Mandy The Second, 194; Barbara Vahlbusch, 14, Orchard Lake, standard poodle, Pifi, 190.

Trophies, ribbons and certificates were awarded the "graduates."

Tangle Tonight at U-D

Detroit, Purdue Unbeaten

Two unbeaten college basketball teams, hoping for glory on different roads, meet tonight at the University of Detroit fieldhouse.

Purdue, considered as a strong contender for the Big 10 cage crown, along with Ohio State and Indiana, will pit its 3-0 record against Detroit, also boasting a 3-0 mark.

The Boilermakers have defeated Valparaiso, Penn State and Pitt.

U. of D. made an impressive showing Thursday night in Madison Square Garden where the Titans defeated Iona, a perennially strong Eastern team which was unbeaten in three starts until falling to U. of D.

The Titans have probably the most colorful college quintet in Michigan this year because of a pair of outstanding sophomores Dave DeBusschere and Charley North.

★ ★ ★

Veteran Ray Albee, a sharp set shooter, and Walled Lake star Larry Hughes, make up the guard positions for U. of D., with big George Heger at forward with North.

★ ★ ★

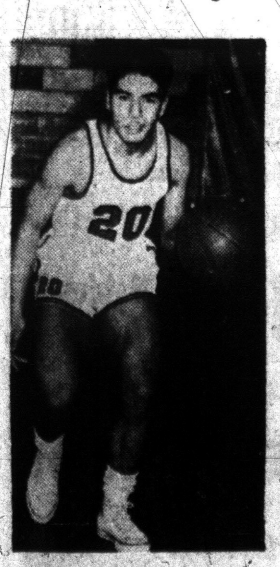

Just how strong are the Titans, will be told in the next week. After tonight's game with the Boilermakers, the Titans will host powerful NIT entry Xavier on Monday night and then travel to Indiana next week to meet a strong Hoosier quintet.

Friday Night's Prep Stars

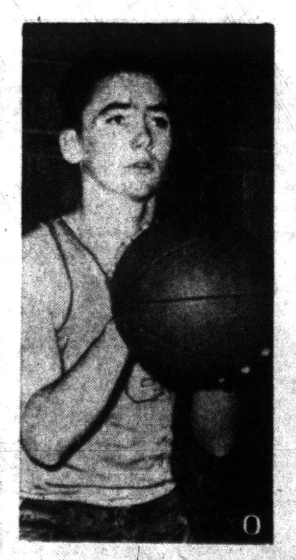

PHIL RABAJA

Outside sharpshooter of the Pontiac Central Chiefs, Phil got 19 of his 22 points in the second half to lead the PCH rally to a 56-55 victory over Arthur Hill.

DENNIS VINCENT

The "giant" of the Northern team at 6-1½. Vincent dominated both backboards and scored 10 points as the Huskies rebounded to belt Southfield last night, 62-44. He is a senior.

TOM DABBS

St. Mikes gained a victory over Royal Oak St. Mary last night and the top pointmaker for the Shamrocks was Tom Dabbs, a senior who hit 16 points.

MacPhail Is Named Oriole's New Prexy

BALTIMORE (AP)—Lee MacPhail is officially the new president of the Baltimore Orioles, but outgoing Jim Keelty says he'll keep a hand in the team's operation.

MacPhail, tapped for the job by Keelty when the latter announced his resignation, was formally promoted from general manager to president at yesterday's board meeting.

Ending speculation that he might also sell his stock in the club, Keelty agreed to remain on the board.

Contract Seems Sure for George Wilson

Lion Thoughts Turned Toward Bears' Contest

Executive Committee Gives Coach Support at Meeting Yesterday

DETROIT (AP) — In a football season notorious for its losses, George Wilson seems to have won the biggest battle of all.

Wilson is almost certain to return next season as coach of the Detroit Lions.

★ ★ ★

President-General Manager Edwin J. Anderson, in the same precarious position as Wilson, likewise is expected to return in his same capacity next year.

Both men had been under fire from some of the Detroit football Co.'s 13 directors and some fans in recent weeks. The Lions, who end their National Football League season against the Bears in Chicago tomorrow, have won only three of 11 games.

The Lions' executive committe supported Wilson and Anderson in a statement yesterday after a meeting. The committee consists of 16 of the thirteen directors. Only four attended the meeting.

★ ★ ★

The full board meets next Friday when official approval is expected.

The committee's statement said the group "gave its complete backing to Anderson and will recommend to the board of directors that George Wilson be offered a one-year contract (such as he now holds) for 1960."

The likely retention of Wilson and Anderson represents a truce in the divided ranks of the club's directors.

Only two weeks ago some unhappy irectors talked of ousting the president and coach. The revolt apparently was nipped before it got too much headway. But the seeds still may be there.

Anderson had been denounced by some directors for a muddle over Tobin Rote's contract. The quarterback has played this entire season without signing a pact with the Lions. He played on an option from his 1958 contract, which is permissable under NFL law.

Rote, technically, can choose to become a free agent and sign a contract with another team — or league — as soon as the Lions finish playing the Bears.

The Bears retain an outside chance of tying for the Western Division title. They are seven-point favorites.

The Lions yesterday placed fullback Nlick Pietrosante on the injured reserve list. The rookie from Notre Dame who has been the Lions' top ground gainer, injured his knee last Sunday.

★ ★ ★

Free agent Gene Cook will fill Pietrosante's place on the Lions' roster for the one game. Cook, an end from Toledo University, has had previous trials with Green Bay and Cleveland.

Spy-in-Tree Act Revealed at Last Big 10 Session

CHICAGO (AP) — A football spy-in-the-tree violation stole the spotlight from TV, Rose Bowl and internal policy discussions at the Big Ten's winter conclave Friday.

Conference Commissioner Tug Wilson reported that a part time Purdue athletic staff member was fired after a cloak-and-dagger episode before last fall's Purdue-Iowa football game.

Virtually yanked from a tree near an Iowa football session, Walter Cudzik, an assistant grid freshman coach at Purdue, was charged with illegal scouting before the Oct. 24 Iowa at Purdue contest. Purdue won the game 14-7.

Shelved for further study were items dealing with television, the financial aid plan and the Rose Bowl question.

Michigan State was awarded the golf and tennis championships to be held May 20-21 but may relinquish the latter to host the loop outdoor track meet that weekend. Soldier Field is being sought for that event.

All Other NFL Final Games Sunday

Colts Go After Title Today

United Press International

The Baltimore Colts snapped one-half of their California jinx last week. They plan to smash the other half today at Los Angeles and gallop to their second straight Western Division title in the National Football League.

The Colts (8-3) never had won at San Francisco until they defeated the Forty-Niners last Saturday, 34-14. They've won only once in seven previous appearances at Los Angeles but are 10-point choices to trample the Rams (2-9) this time.

Baltimore leads the Forty-niners and Chicago Bears (each 7-4) by a game and needs a victory or tie in its regular season windup to qualify as host to the New York Giants in the championship game. The Colts and Giants clashed in the 1958 title game at New York with Baltimore winning the league's first overtime thriller, 23-17.

The other 10 N.F.L clubs end their regular seasons Sunday.

★ ★ ★

Thus the Forty-Niners and Bears will know whether they still have a chance to tie for the Western title when they start play. The Forty-Niners are five-point favorites for their San Francisco game with the Green Bay Packers (6-5). The Bears play host to the Detroit Lions (3-7-1) and are favored by 7½.

New York clinched its second straight Eastern Division crown last Sunday with a 48-7 victory over the Cleveland Browns. The Giants are nine-point choices to boost their regular season record to 10-2 by downing the Redskins (3-8) at Washington.

The Philadelphia Eagles (7-4) are onepoint favorites over the visiting Browns (6-5) and the Steelers (5-5-1) are favored over the Chicago Cardinals (2-9) at Pittsburgh in the other games.

★ ★ ★

Cleveland can tie Philadelphia for second by winning. If the Eagles win and the Steelers defeat the Cardinals, the Browns will wind up fourth. The only time the Browns, who were slight favorites to win Eastern honors for the eighth time in 1959, ever finished that low was in 1956 when they tied for fourth.

If the Rams upset the Colts Saturday, a two or three-way tie for the Western title could pop up Sunday. If Baltimore loses and either the Forty-Niners or Bears win, the Colts would play host in a Dec. 20 playoff. The winner would entertain New York in the championship game Dec. 27. If Baltimore loses and both the Forty-Niners and Bears win, the Colts would entertain San Francisco Dec. 20. The winner would visit the Bears Dec. 27 with the survivor of that game entertaining the Giants Jan. 3.

Carter Called Greatest After World Title Win

CHICAGO (AP) — Don Carter, 33-year-old St. Louis native, is being hailed today as the greatest bowler in the land after winning the World's Invitation Bowling Tournament for the second time in three years.

★ ★ ★

Carter's performance, which was all the more spectacular since he was in 71st place last Saturday, ranked among the greatest comebacks in athletic history.

Going into the final four games of the position round last night, Don needed one victory. When Billy Golembiewski of Detroit won the first two games, the pressure was on the stoop-shouldered veteran.

Don actually won the title in the third game when he doubled in the 10th frame to win 186-180 and end Golembiewski's hopes for the title. Carter also won the final game, 205-204.

★ ★ ★

This left Carter with a Petersen point total of 320.32 while Golembiewski had 316.27. In third was Andy Rogoznica of Chicago with 313.05 points.

While Carter was winning the men's title and a check for $5,000, Mrs. Olga Gloor, a spunky 39-year-old housewife and bowling instructor from Chicago, was capturing the women's crown before a jam-packed Chicago Coliseum and a national television audience.

Mrs. Gloor also came through in the final position round match to win her first major individual title.

★ ★ ★

Olga beat Donna Zimmerman of Akron in the two final games to take the title, worth $2,500.

Mrs. Gloor, who injured her knee in an automobile accident just six weeks ago, returned to competitive bowling only shortly before the start of the tournament.

She finished with 149.02 Petersen points while Miss Zimmerman had 145.41 for second. Third place went to Janet Harman, Whittier, Calif., who had 145.34.

Individual scoring honors for the tournament went to balding, 41-year-old Lou Frantz of Louisville, Ky., who had a perfect 300 game in the qualifying round last Saturday and to Miss Sylvia Wene of Philadelphia who matched Lou's feat with a 300 in the finals last night.

★ ★ ★

For Miss Wene, it was her second sanctioned 300 and she became the only woman ever to shoot two. Her last was in 1951.

Leads Knicks With 57 Total

Guerin Sets Garden Mark

NEW YORK (AP) — Richie Guerin, a 6-4 "little" man among the National Basketball Giants, is the proud possessor today of the all-time Madison Square Garden individual scoring record for a professional or college player.

★ ★ ★

The 27-year-old former Iona, N.Y. star collected 57 points last night in a dazzling display of shooting as the New York Knickerbockers crushed the Syracuse Nationals 152-121.

In the only other NBA game of the night, the Celtics turned back the St. Louis Hawks 122-99 in Boston for their eighth straight victory.

Garden and Knickerbocker records, both team and individual, were shattered, but it was Guerin who stole the spotlight. Richie hit on 18 of 31 field goal attempts and 21 of 26 free throw tries. His previous high was 41 points against St. Louis.

★ ★ ★

Guerin's 18 field goals tied both Garden and Knick records while his 21 free throws bettered previous Garden and Knick marks.

The Knicks' 152 points broke their own team and Garden record of 142 against Minneapolis Dec. 31, 1957. The two-team total of 273 points also surpassed the former standard of 265. St. Louis (137) and New York (128) set that mark Dec. 11, 1956.

In his fourth season with the Knicks after two years in the Marines, Guerin scored 20 points in the first quarter and 12 in the second stanza for 32 at halftime. He slumped to seven in the third period but wound up with a flourish as he netted 18 in the last 12 minutes against a Syracuse team that had beaten the Knicks eight straight times.

Guerin explained that in the first half "it was a matter of being in the right spot at the right time." After the intermission he said, "I became more confident and was looking for my shots."

★ ★ ★

Guerin broke Carl Braun's Knick scoring record of 47 points, set 12 years ago. He also eclipsed the Garden pro mark of 50, established by Philadelphia's Neil Johnston in February, 1954 and the college standard of 56 set two seasons ago by Oscar Robertson of Cincinnati.

Jim Bottomley Is Dead at 59

ST. LOUIS (AP) — Sunny Jim Bottomley, the only player in major league baseball history to drive in 12 runs in one game, died of a heart ailment while Christmas shopping yesterday. He was 59

★ ★ ★

The former first baseman, the National League's Most Valuable Player in 1929 and a veteran of 15 seasons with the St. Louis Cardinals, Cincinnati Reds and old St. Louis Browns, lived up to his name until the end.

He was joking with a friend only moments before he was found slumped over the wheel of his car in a downtown parking lot.

It was on Sept. 16, 1924, that James Leroy Bottomley wrote his name into the record books with six hits good for 12 RBI against the Philadelphia Phils. The hits included two home runs, a double and three singles.

★ ★ ★

He repeated his 6-for-6 achievement on Aug. 5, 1931, against Pittsburgh, this time with a double and five singles. He is the only National Leaguer to go 6-for-6 two times.

★ ★ ★

The cocky first baseman, who wore his cap at a rakish angle and was noted for his sunny disposition, had a lifetime batting average of .310 and fielded .988 during his 1,991-game career, most of it with the Cardinals.

Cheer Ike's New Doctrine

By WILLIAM L. RYAN

NEW DELHI, India (AP)—Less than three years ago the Eisenhower Doctrine boomeranged. Today it seems highly likely a new Eisenhower doctrine is emerging — and this one has every chance of being a rousing success.

★ ★ ★

The message brought by the American President to India plus the impact of his personality may prove in the long run a big help in mending U.S. fortunes in areas where they have been sagging.

OUTLINED IN INDIA

The new Eisenhower doctrine is suggested in salient points of his pronouncements in India.

★ ★ ★

These are the U.S. stands for peace and genuine disarmament, determination to help friends against aggressors, need for people-to-people contacts, need for recognition of world law and, most important in this area, the need for a massive "noble" war against hunger.

Since the end of World War II Asians, Africans and Middle Easterners have exhibited a strong bond springing from common history, common woes and common problems.

★ ★ ★

The leaders of these areas underscored this four years ago in Indonesia where they created what they called the Spirit of Bandung in the city of that name.

At Bandung Red China was much in evidence, bidding for recognition as the acknowledged paramount Asian power. The same year — 1955 — the Communist bloc, led by the Soviet Union, used the Egyptian arms deal to vault into an Arab Middle East bitterly angry with the West.

★ ★ ★

The Eisenhower Doctrine was proclaimed after the Suez crisis as a warning to the Communists against armed intrusion in the Middle East. But the Arabs — just attacked by Britain, France and Israel — complained "We suffer from cholera and Dr. Eisenhower offers to treat us for measles."

MIDEAST BLOWOFF

Finally there was a dangerous Middle East blowoff sparked by the little Lebanese civil war in 1958, bringing U.S. troops to Lebanon and British troops to Jordan.

Many Arabs and Asians called that Western imperialism.

Egypt's President Gamel Abdel Nasser used every means to promote what he called Asian-African solidarity. The Communists were swift to offer support, advice and sympathy.

★ ★ ★

Two men stood out as Asian-Arab leaders: Nehru of India, Nasser of Egypt.

Implicit in the Asian-African solidarity idea was the fellow feeling among nations emerging from colonialism. The reasoning went this way: the United States was an ally of the colonial powers and often sided with them when the chips were down for fear of damaging NATO. Thus, there were undercurrents in the Asian-African solidarity idea of resentment against the United States.

★ ★ ★

Soviet Premier Nikita Khrushchev had all along been taking advantage of such a notion, coursing all over Asia, offering solicitude, arms and economic help to the Arabs, playing big brother to all colonial and ex-colonial peoples.

Nehru, a symbol of anticolonialism to Asians and Africans, echoed Khrushchev's peaceful coexistence phrase and frequently seemed to scold the West for persisting in a posture of strength.

★ ★ ★

A change set in after Eisenhower accepted Khrushchev as a U.S. guest and Red China began belligerent gestures toward India. Now India has given Eisenhower an enormous welcome as a symbol of its hopes.

★ ★ ★

The unprecedented Eisenhower welcome in Asia indicates the Asians want to believe he stands for peace and that Asians still look toward the United States hopefully.

1959 Compacts Half Ramblers

Total Output of U.S. Small Cars Estimated at 753,000 Units

DETROIT (AP) — Ward's Automotive Reports Friday estimated 1959 production of the five American-made compact cars — Rambler, Lark, Falcon, Corvair and Valiant — at 753,000 units, more than half of them Ramblers.

The figure would be 13.5 per cent of Ward's estimated total industry production for the year. In 1958, with only American Motors and Studebaker-Packard building the small cars, the compact car share of the production total was 6.5 per cent.

Ward's gave these estimates for the year: American Motors 401,200; Lark 154,700; Falcon 100,400; Corvair 77,700; Valiant 19,300.

★ ★ ★

In addition, Ward's said, American manufacturers have imported 160,800 of their "captive" makes from Europe. These are Opels, Vauxhalls, English Fords, Taunus (German Ford), Metropolitans and Simcas.

Was Noted Poet — Now He Curses Whittier's Verses

LANSING, Kan. (AP)—A Kansas State Prison inmate won a prison poetry contest with some lines from a John Greenleaf Whittier poem.

★ ★ ★

Floyd E. Ireland signed his own name to the lines. Three judges quickly gave him the first prize—two cartons of cigarettes.

★ ★ ★

One judge, however, got to thinking about it and wrote to the New York Times. Back came a letter from the Times, citing book and page of "Andrew Ryklan's Prayer."

★ ★ ★

Ireland had smoked the cigarettes by then, so he was placed in solitary for a while.

★ ★ ★

All this came out Friday as the State Parole Board considered a plea by Ireland for parole from a 1-to-5 year term for forgery. He didn't get the parole.

F105 Jet Reportedly Sets World Record

EDWARDS AIR FORCE BASE, Calif. (AP)—An F105 Thunderchief fighter-bomber has surpassed the world speed record for a closed course several times in the last few days, the Air Force said Friday.

★ ★ ★

The existing record of 1,100.426 m.p.h. on the 100-kilometer course is held by the French air force.

The new mark was not announced, pending confirmation by the National Aeronautics Assn.

BOMBAY, India (AP)—Raliyat Ben, elder sister of Mohandas K. Gandhi, father of the Indian nation, died Friday. She was in her 90s.

PARIS (AP)—Mrs. Pierre Laval, 70, widow of the Vichy premier of France during World War II, died Thursday night. Laval was executed in 1945 for collaboration with Germany.

DENVER, Colo. (AP)—U. S. District Court Judge William Lee Knous, 70, governor of Colorado from 1947 to 1950, died Friday of a heart attack.

Three More Convicts Recaptured Friday

HARLAN, Ky. (AP)—Three dangerous convicts from a mass breakout in North Carolina were recaptured Friday night when they became lost in this mountain town.

★ ★ ★

State police Sgt. James Cox said one prisoner was arrested downtown and his two companions fled—only to return by mistake when they became lost again.

He identified the fugitives as: Wilder Cummings, 39, convicted of armed robbery at Wilkesboro, N.C.; John R. Kilbourn, 39, convicted of armed robbery at Winston-Salem N.C., and Johnny Lee Miller, 28, sent up for manslaughter from Henderson County, N.C.

★ ★ ★

The three were among 20 convicts who broke out of the maximum security prison at Ivy Bluff, N.C., Tuesday, taking a small arsenal with them. Three still are at large.

Police Raid Hypnotic Cult Home

BERN, Switzerland (AP) — A black magic cult whose disciples were reported ruled by hynotism and torture behind electrified barbed wire has been broken up by Swiss police raiders.

★ ★ ★

Paul Baumann, 42, former patient in a mental home, is under arrest as the master mind on charges ranging from interference with personal freedom to embezzlement.

Police commissioner Ernest Spoerri gave these details at a news conference Friday night:

The raid was made last week on the fenced secluded Friedberg (Mountain of Peace) estate at Linden, a village 12 miles south of Bern.

Inside, raiding officers found 68 men, women and children in various stages of hypnotic trance.

All of the disciples were in a state of fear and subjection to Baumann.

★ ★ ★

The group, made up of Swiss and Germans, included a 15-year-old girl and Baumann's wife.

Several had to be transferred to mental homes for psychiatric treatment.

The estate compromised five houses, a chapel with an altar dedicated to magic spirits, a movie theater and mechanical workshops.

New disciples, found by personal contact, were taken to the estate and told they had been chosen by the spirits to join the community.

They had to swear an oath of allegiance to the sect on an electrified book of magic which sent a heavy charge through their bodies.

★ ★ ★

Incoming disciples were required to turn over all their cash and belongings to Baumann. The officers found a small fortune in cash and valuables.

Sailor's Wife, Now Aged 15, Delivers Son

LONDON (AP) — Barbara Scruggs, 15, wife of a U.S. sailor who caused rumpus when she arrived in Britain a year ago, gave birth to a son Friday.

★ ★ ★

The event went almost unnoticed in British newspapers. Yet only 12 months ago they were demanding she be sent home and questions were asked about "this child bride" in Parliament.

★ ★ ★

Barbara, who comes from White Plains, Va., is still the youngest bride in Britain. The minimum legal age here—with consent of parents—is 16.

He Foiled 'Em but . . .

SAN FRANCISCO (UPI)—Anton Magliocco threw away $14,000 yesterday, but lost only $11,270. Held up by three paper bag-hooded gunmen, Magliocco, a restaurant owner, threw the cash for cashing payroll checks into the air. The gunmen scrambled for the loot but finally fled leaving $2,730 in scattered bills.

Romney Pushing CFM; Positive He Will Not Run

TRAVERSE CITY (AP) — "If drafted I would not accept and if nominated I would not run."

With this statement, industrialist George Romney emphasized last night his determination not to seek public office while crusading for better government in Michigan.

The American Motors Corp. president spoke at a meeting here promoting his Citizens For Michigan movement. He has been mentioned as a possible candidate for governor.

Romney organized Citizens For Michigan to make a study of the state's needs and seek enactment of constitutional and statute revisions.

Romney said he considered the success of Citizens For Michigan more important than who holds public office. He said responsible representative government has broken down in Michigan.

★ ★ ★

Romney outlined the factors which he believes have been brought out by the state's financial crisis:

1. Deep political and economic cleavages which he believes have been building up for many decades.

2. The use of basic instruments of government, including the Constitution, to intensify these conflicts.

★ ★ ★

"We are not financially bankrupt in Michigan, but politically bankrupt," Romney said. "Selfish minority groups are responsible for the perversion of our political parties."

Citizen apathy also is a factor, Romney said. He declared there has been "too much of a delegation of our rights to leaders of various economic organizations."

An intesification of the conflict, he said, has resulted in a deadlock in state government.

★ ★ ★

Romney said there has been an accumulation of archaic practices in state government and the most important purpose of his movement is to stimulate citizens to participate in government.

In Memoriam 2

IN MEMORY OF OUR SONS AND daughter, Tyrus passed away December 8th, 1952; Richard, May 20th, 1936, and Beverly, March 10, 1929.
We cannot bring the old days back;
Their hands we cannot touch.
But we treasure happy memories
Of the ones we loved so much.
Weldon Family.

IN LOVING MEMORY OF OUR BEloved husband and father, John K. Denton, who passed away December 12, 1958.
You're not forgotten, father, dear,
Nor ever shall you be;
As long as life and memory last,
I shall remember thee.
Sadly missed by his wife, child & grandchildren.

IN LOVING MEMORY OF OUR dear son and brother John L. Fromm, who passed away 1 year ago, Dec. 13, 1958.
The depths of sorrow we cannot tell,
Of the loss of one we love so well;
While he sleeps a peaceful sleep,
His memory we shall always keep.
Sadly missed by Mother, Stepfather, Brothers and Sisters.

Burned in Murder Try

BAHREIN, Persian Gulf (AP) — Sayed Ahmed Bin Ibrahim, Muscat's interior minister, suffered severe shock and burns in a bombing assassination attempt at sea Friday.

Speckled trout are reported increasing in many of the lakes in Ontario.

Young's Mother 'Very Relieved'

Calls Son's Escape in Cuba Foolish; Will Care for His Family

PALM BEACH, Fla. (UPI) — The mother of American soldier of fortune Austin Young Jr. said Friday she is "very relieved" that he was recaptured by Cuban authorities.

★ ★ ★

Mrs. Austin Young Sr. called Young's escape from prison "a very foolish thing."

Young was sentenced Tuesday to 30 years in prison for activities against the Cuban government. He escaped Wednesday from the prison at Pinar Del Rio and was recaptured yesterday in a Havana Hotel.

"This ends the waiting and worrying," said Mrs. Young when she heard the news of her son's arrest.

"This escape was a very foolish thing, very foolish. I can't understand why he did it. He should never have tried it. We felt so thankful when the death sentence wasn't imposed."

Mrs. Young, wife of a wealthy retired General Motors executive, said she and her husband would make no efforts to obtain their son's release.

★ ★ ★

"We feel our duty now is to his wife and children," she said. "We've done everything we could for him, and naturally we're still concerned. But now we feel his wife and family need our help and we're going to think of them first."

Former Policeman Convicted in Slaying

GRAND RAPIDS (AP) — Former city park policeman John Pruitt was convicted of manslaughter last night in the shotgun slaying Sept. 24 of his estranged wife, Ozzie.

A Circuit Court jury of seven men and five women brought in the verdict after five hours deliberation. Sentencing was deferred pending a probation report.

Pruitt, 33, shot and killed Mrs. Pruitt, 28, mother of his three children, at her apartment after failure of an attempt at reccciliation. Pruitt had been charged with murder.

Nine Navy Men Give Electricity to Leper Colony

WASHINGTON (UPI) — The Navy has disclosed how nine of its officers and men brought electricity to inmates of a West Indies leper colony which previously hand only kerosene lamps.

Lt. Cmdr. T. G. Miskill, of Greensburg, Pa., commander of the U.S. Navy Base on nearby Antigua Island, asked the lepers what they wished for most. He said "electricity" was their unanimous reply.

Miskill and eight other Navy men gave a benefit dance that netted $300 and built a carnival parade float that won $150. Miskill also received $339 from the Tenth Naval District charity fund in San Juan, Puerto Rico, and various other donations.

With the money, the group brought a generator, fuel tanks, wiring, street lights, telephone poles and enough fixtures to serve the colony's 33 buildings.

Answer to Previous Puzzle

Kefauver Sees Need for New Drug Laws

WASHINGTON (AP) — Chairman Estes Kefauver (D-Tenn) of the Senate Antitrust and Monopoly subcommittee said today an investigation of drug prices already has shown a need for federal legislation.

★ ★ ★

He made the comment to newsmen as E. G. Upjohn, president of the Upjohn Co. of Kalamazoo, Mich., was called for questioning about his firm's pricing of anti-arthritis drugs.

The Upjohn company was listed by the subcommittee as one of the three principal manufacturers of cortisone derivatives used in treating persons afflicted with arthritis.

★ ★ ★

Officials of the other two drug firms, Schering Corp. and Merck & Co., were heard earlier in the week.

WILL CLOSE INQUIRY

Kefauver said Upjohn's testimony would close out the subcommittee's inquiry into the pricing of arthritis medicines. But another round of hearings, possibly dealing with the prices of antibiotics, is planned for late next month.

While Kefauver said the need for new legislation already is evident, he said it is too early to say what form it should take. Before deciding on that, he said, officials of the Food and Drug Administration and other federal agencies will be consulted.

★ ★ ★

He said, however, that he expects legislation to be offered in the coming session of Congress.

A small New Jersey drug maker, Seymour N. Blackman, told the subcommittee Friday the prescription drug industry should be treated as a public utility, with its profits and advertising expenditures regulated by the government.

Blackman, executive secretary of Premo Laboratories, Inc., South Hackensack, N.J., contended that the public is being overcharged for drugs to the tune of three-quarters of a billion dollars annually.

He blamed high prices for drugs on what he called the "huge profits and huge advertising expenditures" of the big pharmaceutical firms.

Won't Achieve Ore Ship Goal

Steel Industry to Miss Lake Superior Plan by 1,750,000 Tons

DULUTH, Minn. (AP) — The steel industry will fall about 1,750,000 tons short of its goal of moving 10 million tons of Lake Superior iron ore to lower lake steel mills by the end of the shipping season, an ore movement survey indicates.

★ ★ ★

Shipments of ore and taconite pellets from western Lake Superior ports since the steel strike recessed Nov. 7 are expected to approach eight million tons by the end of the shipping season late next week.

★ ★ ★

Shipments from Ashland, Wis., and points in Michigan are expected to bring the total to about 8,250,000 tons.

The steel industry had hoped to move 10 million tons of ore, an amount figured sufficient to carry mills through until spring along with foreign imports and scrap.

Mining spokesmen said shipments by rail during the winter are being considered.

A decision is expected in a week or so, said E. L. Joppa, Duluth, general manager of Pickands Mather & Co., agent for Erie Mining Co., operator of a taconite processing plant.

HE RE-GREW HAIR

Before Erickson Treatment

A Few Months Later

Thomas A. Melton Jr. (above), shows he re-grew hair by the Erickson Home Treatment method.

Hair Specialists Here Monday; Will Show How to Save Hair and Prevent Baldness

CHICAGO — New home treatment methods for saving hair and improving its growth will be demonstrated in Pontiac, Michigan on Monday, December 14th, 1959, only.

Trichologist L. E. Schroer will be in charge, representing the dynamic Erickson Hair & Scalp Specialists organization. He will personally examine hair-worried men and women from 12:30 to 8:30 p. m. Monday at the Waldron Hotel. Phone FE 5-6168.

At the home office of the Erickson organization, a new, even more successful method of treatment was announced — a treatment that you can easily administer yourself at home.

This new treatment is neither "mail order" nor "cure-all." It is adapted to the individual after a personal examination and progress is checked at regular intervals by an Erickson expert.

Who Can Be Helped?

For many years now Erickson Hair & Scalp Specialists have been checking the hair of thousands of people across the country. They have encountered and dealt with hundreds of cases of every kind of hair trouble. From this experience has grown the scientific knowledge leading to the development of the new Erickson home treatment.

Will the new Erickson treatment cure baldness? "No!" For we cannot help men and women who are slick-bald after years of gradual hair-loss. But if you still have fuzz and your scalp is still creating hair, you can at least save and thicken what you have. Some conditions, such as "spot baldness" usually have complete coverage if caught in time!

Other conditions that usually bring on excessive hair loss—dandruff, itching, over-oiliness or dryness, follicle clogged with sebum or seborrhea—can be corrected by the Erickson home treatment if caught before the "hair factories" are destroyed.

Evidence of the success of the Erickson method is that the organization has expanded to serve over 400 cities in 32 states.

The most important thing is: "Don't wait until it's too late."

Surveys among men and women in all walks of life show that the worst enemies of your hair are (1) skepticism and (2) procrastination. The average balding person justifies his condition with one or the other of these two statements:

"I don't think anybody can stop hair loss"—or "Oh, I'm going to see an expert when I get around to it."

Baldness won't wait for doubters to be convinced or for procrastinators to take action later. You're going to keep right on losing hair till you're bald...unless you get your scalp in healthy, hair growing condition again.

Satisfy 95%

"Actually, our biggest problem is not in doing what we claim," says D. W. Erickson, director of the organization, "for we satisfy at least 95% of our clients which, when you consider that almost every person is a 'doubter' or a 'putter-offer' where hair is concerned, is an excellent showing. Getting these doubters and putter-offers to come in for an examination is really the problem."

Examine You Free

We want to make it clear that you incur absolutely no charge or obligation by coming in for an examination.

Your only obligation is to yourself to ease your mind of hair worries by learning how to save and thicken your hair at home. We will tell you frankly and sincerely whether or not you can be helped, how long it will take and how much it will cost. We do not accept cases that will not respond.

Guarantee Satisfaction

The Erickson Hair & Scalp Specialists will give you a guarantee that you must be satisfied within 30 days or it costs you nothing.

You won't be obligated or embarrassed in any way. Examinations are given in private. Hours are from 12:30 to 8:30 p.m.
