City Plans 2nd Vote on Hospital Expansion

Storm Dumps Hail in North Carolina

HAILEY VS. HAIL — B. W. Hailey, Atlantic Coast Line railway clerk at Fayetteville, N. C., after an ice-laden storm struck the city Thursday afternoon. The ice was a nuisance but no serious damage was reported.

Balloting Date for Bond Issue Likely in Fall

\$3 Million Plan Failed in April as 60 Per Cent Majority Is Needed

Pontiac City Commission has decided to make a second attempt to win property owners' support of a bond issue for expansion of Pontiac General Hospital.

The balloting will take place sometime between the Oakland County election Aug. 3 and the end of the year, according to a statement by Pontiac Mayor William W. Donaldson, in a letter received at the hospital board of trustees meeting last night.

A proposal to issue \$3,000,000 in bonds for a hospital addition was defeated at the April 1 general city election, with failure to obtain the required 60 per cent "yes" vote of city property owners.

A majority did favor the proposal, with 4,825 supporting it and 4,706 opposed.

Donaldson's letter to the hospital board said "it was decided by a majority of the city commission that it would be the city's policy to bring this (the hospital) matter before the voters again."

The election will not come before this fall, the mayor explained, because the city commission "feels a moral obligation" to wait until after the Pontiac School Board election June 14 and the Aug. 3 county balloting.

In a letter sent to the commission April 22 the hospital board said that if funds for hospital expansion were not forthcoming money would have to be spent to bring the old 20-bed section of the hospital up to standards set by the State Fire Marshall.

The board mentioned a remodeling plan which would cost \$140,000 and add 28 beds to the hospital. Commissioners, according to Donaldson's letter, feel that every effort should be made to hold off "expensive alterations in the expansion of the hospital."

Court Upholds Back Tax Claim

Former Auto President Get Bill for \$384,000 Owed to U. S.

WASHINGTON (AP)—The U. S. Tax Court has supported an Internal Revenue Service claim against Detroit automobile executive Charles E. Sorenson and his wife. The court Thursday upheld claims against Sorenson and his wife for approximately \$384,000 in additional income taxes for the years 1946-1949.

Sorenson in 1944 retired as executive vice president of the Ford Motor Co. after 46 years of service with that company.

He later became president of Willys-Overland Motors, of Toledo. Willys gave Sorenson a 10 year contract calling for a total payment of \$520,000. Sorenson also was given options to buy a total of 100,000 shares of Willys stock over a number of years.

The proceeds from these options led to the tax dispute. Sorenson did not exercise them himself, but sold the options to others. On his income tax he listed the receipts as long term capital gain, only half of which is taxable.

Internal Revenue officials contended that the proceeds were ordinary income taxable at regular income tax rates.

The court upheld the department contention stating that the stock options were a part of the compensation by the company for obtaining Sorenson's services.

Sorenson, now 72, retired from Willys in 1946. He still serves the company in an advisory capacity.

Lads See Brother Die in Raft Accident

FORLORN CRY — A cry breaks from the lips of 11-year-old Gary Sterba as he tells his mother, Mrs. Frank Sterba, how brother Mickey, 10, drowned when a raft rolled over in Carter Lake at Omaha, Neb. Gary and Richard Sterba, 9,

(right) nearly lost their own lives when the raft, before rolling over, broke in two. They had boarded the raft in an attempt to persuade Mickey to get off, but it drifted out into the lake.

Forecast Cloudy, Warmer Weather

Warmer weather and partly cloudy skies are expected in the Pontiac area tonight and Saturday. The U. S. Weather Bureau predicts a low of from 42 to 45 degrees tonight and a high of from 70 to 74 Saturday. Yesterday's temperature ranged from 38 to 58 degrees.

The mercury climbed from 49 at 8 a. m. today to 64 at 1 p. m. in downtown Pontiac.

Taken by Death

DR. ROY E. BAILEY

Pontiac Dentist Dies at Age 83

Dr. Roy E. Bailey Had Offices Here Since '93; Service Is Monday

Dr. Roy E. Bailey, 83, well known Pontiac dentist, died at Pontiac General Hospital at 2 a. m. today. He had been ill but two days.

Born in Troy Township May 10, 1871, he was the son of David and Prethepe Hutchins Bailey. He married Edith Voorhees Hammond in Detroit Oct. 6, 1930.

Dr. Bailey graduated from Troy Township schools and from U. of M. College of Dentistry at Ann Arbor in 1893.

He began his practice here after graduation, and was still working part time.

He closed his own office at the time of the fire in the Pythian Building, and became associated with his son Dr. Reame Bailey in the Riker Building.

Dr. Bailey was a member of the First Presbyterian Church, a member of the Riker Building.

Slaying Victim Former Planning Adviser Here

Maj. Everett S. Cofran, whose violent death in Germany in 1946 is charged to a former U. S. Army captain, spent a number of years at Cranbrook both as a student and consultant, from 1933 to 1938.

During a portion of this time he also was consultant to the Pontiac City Planning Commission. He left here in 1938 when he was employed by the United States Housing Authority, at Washington.

Records at Cranbrook show that his death in 1946 was at that time laid to work of the Nazi underground.

Juror to Probe Sale of Exams

Washtenaw Judge Will Conduct 1-Man Quiz on Chiropractic Reports

ANN ARBOR (AP)—A one-man grand jury investigation has been ordered into the alleged selling of state examinations to prospective chiropractors.

Circuit Judge James R. Breakey Jr., who will sit as the juror, ordered the investigation yesterday on petition of Prosecutor Edmond F. Devine.

Dr. C. W. O'Dell, chairman of the Michigan Academy of Chiropractic, recommended the inquiry. He acted after published reports that one chiropractic school graduate had bought and another had ordered copies of examinations given by the State Basic Science Board of Examiners.

Anyone practicing a healing art in Michigan must pass the basic science board's examination to obtain a license.

The purported \$600 sale of examination papers shortly before the board's examination were given last May was made at Willow Run Airport, which is in Washtenaw County and thus under Breakey's jurisdiction as Washtenaw circuit judge.

Breakey had delayed action on O'Dell's request pending action on a somewhat similar one pending in Ingham (Lansing) Circuit Court.

Former Pontiac Man, Two Others Slain in Germany

U. S. Seeks Extradition of Ohioan in Effort to Solve 8-Year-Old Killing

(From AP and UP Dispatches)

FRANKFORT, Germany —Murder charges in the ax-and-fire slaying of three American officers, one a former Pontiac resident, in Germany eight years ago were filed here today against James M. Leech of Lima, Ohio, former U. S. Army captain.

U. S. Dep. Dist. Atty. William Canfield said he was forwarding extradition papers seeking Leech's return to stand trial.

Victims of the slaying were Maj. Everett S. Cofran, formerly of Pontiac and Washington, D. C., whose wife lives in Seattle, Wash.; Capt. Adrian L. Wessler of New Rochelle, N. Y., and 1st Lt. Stanley Rosewater, Omaha, Neb.

Their charred bodies were found in Cofran's house on the banks of the Danube, in Passau, Jan. 7, 1946.

In Lima, Leech, now an oil refinery employee, said the charges brought against him in Germany are "all news to me."

He said he was stationed at Passau, Germany, where the alleged crime was committed, at the time the three Army officers were found dead in a burned-out, luxurious villa. "I was there then," he said, "but I don't want to talk about it."

(Leech said he has heard "nothing official" about the charges brought against him. "I don't know if I will hear anything," he added.)

The triple slaying was one of the most sensational in postwar Germany and lingered in police records as puzzling and unsolved.

Leech, Cofran's deputy as town commander of Passau, was an early suspect in the case but was released.

Canfield, of Hampden, Mass., said two of the three victims had died of ax wounds and the third by fire.

Canfield said the deaths of two of the men may have been a ghastly error on the part of the slayer. The two were overnight guests of Cofran and one was occupying his bedroom when he was slain.

This is how Canfield described what may have happened the night of the slaying:

The murderer entered the house, armed with an ax, and crept into Cofran's room, then occupied by Lt. Rosewater. He struck the sleeping Rosewater with the ax before discovering his error. Then he went to an adjoining bedroom and attacked Capt. Wessler, believing he was Cofran. When he learned of his second mistake, he went upstairs to the attic, where (Continued on Page 2, Col. 2)

MAJ. E. S. COFRAN

Diet OKs Pensions

TOKYO (AP)—A Diet committee voted today to pay government pensions to families of Japanese war criminals who were executed.

DeVliet Employees to Work so 16 Children Can Play

About 80 persons will work together all day Saturday so that 16 underprivileged children in Oakland County can have a two-week summer vacation.

The project will be a building bee at Camp Oakland where employees of the DeVliet Construction Co., of Ferndale, will meet at 5 a. m. to begin work on a summer cabin to house 16 children from 6 to 14 years of age.

James Hunt, director of Children's Services for Oakland County and director of Camp Oakland, said footing for the 38x18 foot cabin was supplied by the county.

"All other materials and labor are being supplied by the DeVliet company employees as a gesture of appreciation for the chances being given underprivileged children," Hunt said.

Some of the work on the cedar siding cabin is being prefabricated to speed construction, but the bulk of the building job will be done on the spot.

The addition of this cabin on the shores of a private 55-acre lake will bring to three the number of such structures available for use

McCarthy Will Be on Hand as Quiz Resumes Monday

WASHINGTON (AP)—Sen. McCarthy blasted at the Eisenhower administration's secrecy order today as "taking the Fifth Amendment," but said "I'll be there Monday" when Senate hearings resume on his row with Army officials.

The Wisconsin Senator left open, however, how long he might remain.

Living Costs Down for April

Government Reports Decline Due to Excise Tax Cut April 1

WASHINGTON (AP)—The government reported today living costs declined slightly in April. The drop, the third in three months, was almost entirely due to lower excise taxes effective April 1.

The decline means a penny-an-hour pay cut for about 1,250,000 workers in the auto, aircraft and farm equipment industries whose pay rates are geared by union contracts to the governing living cost index.

The Bureau of Labor Statistics reported its index declined two-tenths of one per cent from mid-March to mid-April, lowering the index to 114.6 per cent of the 1947-49 average.

This is seven-tenths of one per cent below the October 1953 peak when the index was 115.4. The April index, however, is eight-tenths of one per cent above a year ago.

Commissioner Ewan Clague of the bureau said the April decline was entirely due to the April 1 excise tax cuts and the index would have remained unchanged without the cuts.

Food prices rose in April by three-tenths of one per cent, mainly due to higher prices for fresh fruits and vegetables, potatoes, lettuce, some meats and coffee.

This was countered by lower prices for clothing, seasonal reductions in coal prices, and lower costs of house furnishings, household operations and personal care.

Auto workers shortly will get an automatic five-cent hourly wage increase. Salaried workers will get a corresponding increase. First boosts go into effect May 29.

The increase—the so-called annual improvement factor—will be the last of its kind under the current five-year contracts between virtually all auto makers and the CIO United Auto Workers. The contracts expire in 1955.

Italian Reds Still Idle

ROME (AP)—Italy's Communists continued their nationwide strike today to press their demands for higher pay. Seventeen cities were hit by Red-inspired walkouts yesterday and three more were on today's strike list.

Mail Trucks Get New Look With Patriotic Colors

Patriotic mail trucks—sporting a red, white and blue color scheme—blossomed forth on the streets of Pontiac today.

Although only two of the Pontiac Post Office's 26 vehicles have become "three-tones," the others are expected to follow suit in the next few months.

The patriotic colors, ordered several months ago by Postmaster General Arthur E. Summerfield, replace olive drab paint used since World War I.

Acting Pontiac Postmaster Leslie H. Dean said he believes Pontiac to be the first Michigan city mail trucks with the red-white-and-blue look.

CD Director Asks Troops Near Detroit

DETROIT (INS)—Brig. Gen. Clyde E. Dougherty, civil defense director for Detroit and Wayne County, today urged establishment of a garrison of at least 15,000 Army troops with a 30-mile radius of Detroit.

Detroit's Common Council will vote Tuesday on a resolution asking the federal government to establish such an Army camp. General Dougherty said disciplined troops would be needed immediately after an enemy bombing attack to take over the situation while civil defense workers, police, the National Guard, and other forces were regrouping.

NYC Train Kills Cook

SAGINAW (AP)—Millard W. Filmore, 49, of Bay City, was killed today when he fell beneath the wheels of a New York Central work train on which he was a cook.

Sunken Treasure 100 Years Old

Lakes Sailor Told to Drink 350 Barrels of Whisky

LANSING (INS)—Michigan Liquor Control Commission Chairman George Burke Jr. today solved a knotty problem for an 84-year-old weather-beaten Great Lakes sailor who has found 350 barrels of century-old whisky on the bottom of Lake Michigan.

Aged Julius Roth swayed with a sailor's stride into Burke's office and asked how he can legally dispose of the whisky which his diver found in the rotting hull of the package freighter West Moreland which foundered in a gale in December 1854.

Roth said his diver has been busy counting the barrels 75 feet under water about a mile out from Frankfort, and they are now ready to bring them to the surface.

Burke pondered the unusual question briefly and answered: "You can drink it."

Startled, Roth protested:

"But, Mr. Burke, there are 35 gallons in each of these barrels. It looks like we have about 350 of them—enough to supply the winter requirements of several lumber camps back in 1854."

Michigan Bell Adds Eight Cities and Towns to Direct Dialing for Birmingham

From Our Birmingham Bureau
BIRMINGHAM — Albert H. Warner, local Bell Telephone Co. manager, has announced the recent addition of eight communities which Birmingham residents can dial directly in the nationwide toll dialing system.

Added to the area are Michigan cities, Flint, Wayne, Clio, Fenton, Flushing, Holly, and Mt. Morris. A new Canadian point is LaSalle, Ont.

"It is the equipment which limits expansion," Warner said, "but as we receive proper equipment, the program will be expanded further."

"Customer dialing has been very successful here," he added. "The volume of calls is maintaining itself, and people are using the system to a very satisfactory degree."

Birmingham was the second city in the country to receive the coast-to-coast service. Without assistance from an operator, users may dial more than 13 million telephone numbers.

Other new direct dialing points added January 1 were Atwood, Bellaire, Benton Harbor, Boyne City, Central Lake, Charlevoix, Climax, Coloma, East Jordan, Eastport, Ellsworth, Petoskey, St. Joseph, Walloon Lake, and Water-vliet.

Oak Construction Co., low bidder for the city's summer paving program, was awarded the \$155,364 contract at this week's City Commission meeting. Paving of West Maple from Linden to Westchester Way accounts for a major portion of the work.

Prof. Frank L. Huntley, associate professor of English at the University of Michigan, will be the guest speaker when members and guests of the Unitarian Fellowship meet for dinner at 7 to-night at the Community House.

The son of medical missionaries, Dr. Huntley was born and raised in China and spent several years in Japan. He will speak on "The Far East."

Hoping to successfully end the financial drive to raise \$8,000 for next year's operation of Junior Achievement Companies here, Herbert H. Gardner, financial committee chairman, announced this week that \$4,978 had been received thus far.

"I'm confident we will reach our goal," Gardner said. "Thus we will be able to again provide the program which teaches American free enterprise to the boys and girls of Birmingham, by having them actually be business men and women, through the formation and operation of their own companies."

If enough funds are obtained the number of companies will be increased from eight to ten, which will involve about 300 boys and girls.

First Baptist Church will have its mother and daughter banquet at 7 to-night at the church, with a program to follow.

"The traffic accident toll for the first four months of 1954 continues to show a serious increase over the same period last year," Police Chief Ralph W. Moxley said in his April accident summary report.

The most alarming increase has been those in which persons were injured, he said. There

First Presbyterians to Hear Moderator

BIRMINGHAM — Two distinguished churchmen will preach to the congregation of the First Presbyterian Church Sunday.

Dr. Ralph Waldo Lloyd, who yesterday was named moderator of the General Assembly of the Presbyterian Church, U.S.A. in Detroit, will speak at a special service at 8:30 a.m. He is president of Maryville College, Maryville, Tenn.

The other guest minister, Dr. James W. Laurie, who is president of Trinity University, San Antonio, Texas, will preach at the 9:45 and 11:15 a.m. services.

Presbyterians to Act on Union

166th Church Assembly Expected to Approve Merger of 3 Bodies

DETROIT — Some 300 delegates to the 166th General Assembly of the Presbyterian Church in the United States of America were expected to act today on a proposal for a union of their denomination with two other Presbyterian Church groups.

The Assembly, which is the governing body of 2,581,580 Presbyterians in the northern United States, is in session here through May 26.

A spokesman for the Assembly yesterday predicted quick approval for the merger proposal.

Dr. Walton Rankin of Philadelphia said he expected the union plan to be "overwhelmingly approved."

The plan will then be sent to the 256 district presbyteries for the approval of church members.

If passed by the presbyteries, Dr. Rankin said final approval would be given at next year's meeting of the Assembly.

The Assembly is the first of the three church groups to act on the union proposal. The other church factions are the Presbyterian Church in the United States, representing the Southern states, and the United Presbyterian Church.

The three denominations have formed a Committee for the Union of the Church Under One Plan in the United States.

Dr. Ralph Waldo Lloyd, president of Maryville College in Tennessee, was elected moderator of the Assembly yesterday. He was elected unanimously on the second ballot to succeed the Rev. Alexander Mackay, president of the Princeton Theological Seminary, Princeton, N.J.

Dr. Lloyd received 571 votes. Running against him were Dr. Thomas Raymond Niven pastor of the First Presbyterian Church of Omaha, Neb., with 107 votes; and Dr. Charles Morton Hanna, president of the Louisville Presbyterian Seminary, with 181 votes.

Also slated for discussion today is the widely publicized "Letter to Presbyterians" circulated by the General Council last November. The letter dealt with communism and world affairs in reference to the church.

Donald Warner Goes on Trial

Charged With First Degree Murder of Wife Last Jan. 14

A Circuit Court jury of 12 women and two men began hearing testimony today in the first degree murder trial of Donald G. Warner, 29, accused of shooting his wife, Barbara, 21, last Jan. 14.

Dr. Isaac C. Prevette, Oakland County deputy coroner, said Mrs. Warner died from a bullet wound in the head, apparently inflicted while she lay sleeping in her home at 2645 Emmens St., Avon Township.

The case is being heard before Circuit Judge Frank L. Doty and Chief Assistant Prosecutor George F. Taylor is handling the prosecution.

Warner submitted a defense of temporary insanity to the prosecutor's office March 1. He was returned to Oakland County Jail after treatment in Pontiac General Hospital for a self-inflicted bullet wound in the head, the result of an unsuccessful suicide attempt.

Warner admitted the shooting in a statement to officials shortly after his arrest and said it followed divorce action taken by his wife.

"The ax found by divers was definitely identified as one belonging in his own house. And he knew of the existence of stored gasoline in the attic."

"His uniform was analyzed for bloodstains and he told an investigator blood would probably be found on it because he had cut his hand. No blood was found. There was gasoline on his clothing, but he said he splashed himself pouring gas in his car that evening. A German witness testified Leech had filled his car the day before."

Canfield said it may be a difficult case to press because of the time interval and the difficulty of finding all witnesses. He did not know when Leech was transferred home.

Birmingham Mechanic Suffers Smashed Toe

BIRMINGHAM — Donald A. Gould, 29, of 224 Bernville St. suffered a badly smashed toe and was treated at St. Joseph Mercy Hospital, Pontiac, yesterday.

A mechanic with the department of public works, Gould was injured when a heavy piece of steel, which he and several other men were carrying, dropped on his foot.

Blaze Damages Roof of David Drope Home

ROCHESTER — Fire caused by sparks on a wooden roof did between \$1,000 and \$1,500 damage to the roof and second floor of the David Drope home, 1352 Pontiac Rd. yesterday. Fire Chief George Ross reported today. The blaze was discovered by a passerby. There were no injuries.

French Air Assault Halts Red Advance Near Hanoi

HANOI, Indochina (UP) — A massive French air assault halted four onrushing Communist divisions today 75 miles west of jittery Hanoi.

The situation was so serious that three senior French generals flew from Hanoi today to Saigon, en route to Paris, with a secret report urging drastic changes in French Indochina strategy.

In Saigon, the French military leaders will confer with British Air Marshal Sir John Sanderson, Britain's Far East air commander, who will fly to Saigon Saturday from Singapore.

Sanderson's first-hand look at the Indochina situation undoubtedly will influence the British attitude in five-power military staff talks on Indochina to be held soon in Washington.

He probably will be briefed on the shakeup the French military leaders plan to recommend to their government.

The changes were believed to include the replacement of Gen. Henri-Eugen Navarre as supreme commander in Indochina and the rushing in of 30,000 reinforcements to save the rich delta area.

Gen. Paul Ely, French chief of staff sent here to survey the worsening crisis was reported ready to tell the French government the entire Indochina strategy must be radically revised if anything in the north is to be saved.

Reliable sources said Gen. Paul Salan, former commander in Indochina, and Deputy Chief of Staff Gen. Pierre Follisier, commander of the French air force in the north, seconded his emergency plan.

While the generals held their top level meetings French pilots dropped a curtain of bombs, machinegun bullets and blazing napalm across Highway 41 leading from Dien Bien Phu to the Red River Delta.

Returning air patrols said the advance had been halted at Moc Chau where advance units of the four Red divisions which conquered Dien Bien Phu arrived Thursday.

Long-Time Sheriff of Kent County Dies

GRAND RAPIDS — Hugh M. Blacklock, sheriff of Kent County for the past 20 years, died today in Butterworth Hospital after a long illness. He was 61.

A legendary athlete reminiscent of the great Jim Thorpe in both Grand Rapids Central High School and at Michigan State College, Blacklock underwent an operation a year ago. He had been in ill health since that time.

Blacklock had been in police work since he was 21 years old, serving as a deputy until first elected sheriff in 1934. A Republican, he was known as one of the best "vote-getters" in the county for two decades.

City Plans 2nd Vote for Hospital Wing

(Continued From Page One)

It is the commission's opinion, he stated, that the large sum needed to repair the old wing cannot be "justified under present operating conditions, and with the hospital's expansion undecided."

It is expected that the hospital proposal, if presented again, would be the same one voted on April 1.

Donaldson said that a majority of the city commissioners feel that hospital expansion "is of vital necessity" to Pontiac and "they will extend . . . all cooperation possible in bringing this expansion about."

Shorted TV Starts Fire

BIRMINGHAM — A fire caused by a shorted television set at the home of Harry Mudge, 279 Hamilton St., Thursday night, was put out before any damage was caused to the house, firemen reported this morning.

It was a 40-year-old Lapeer father was killed and his 6-year-old son is in critical condition after he apparently drove into a freight train this morning.

Dead is Samuel Raymond Summers of 3710 Bronson Lake Rd. His son John is in Lapeer Hospital. The accident occurred at 9:40 a.m. at a crossing on Bronson Lake Road, about five miles northwest of Lapeer.

A witness to the accident, Maynard Russell, who lives near the crossing, said he heard the train whistling for some distance and then saw Summers' car swerve up the tracks and strike the oncoming freight train.

Seven Cited Under Dog Law

Owners of Unlicensed Animals Balk at Rabies Shot Requirement

With two test cases already looming on Oakland County's dog vaccination-licensing law, seven more persons were charged today with keeping unlicensed dogs.

The seven, all of Farmington Township, face arraignment Saturday before Justice Allen C. Ingle.

Two men who earlier were served with similar warrants pleaded innocent to the charge. They objected to the county law requiring dogs to be vaccinated against rabies before they can be licensed.

Appearing yesterday before Justice Ingle on the charge of possessing an unlicensed dog, Cloys Heaths, of 21228 Cass, Farmington Township, pleaded innocent. Trial was set for May 28.

Rex Abney, of 3125 Mann Rd., Waterford Township, pleaded innocent to a similar charge before Waterford Township Justice Willis D. Lefurgy. Abney demanded a jury trial, which was set for May 27. He was released on personal bond.

Abney has been fighting the vaccination order since he applied for a dog license last December. His request for a writ of mandamus to force the treasurer's office to issue the license was denied last March by Oakland County Circuit Judge George B. Hartrick.

The vaccination law was adopted by the Oakland County Board of Supervisors May 5, 1952. It makes vaccination a prerequisite for obtaining the dog tags. Violators could get a maximum fine of \$100 and three months in jail.

Warrants issued for Abney, Heaths, and Floyd Teddy, of 21149 Cass, Farmington Township, were the first issued under the law. Teddy also appeared before Justice Ingle and had his case adjourned until June 5. He said he would have his dog vaccinated and obtain a license.

The men, named in warrants signed today by Ransom Vliet, Oakland County chief deputy dog warden, are: George Jenner, of 21223 Flanders, Leslie Luark of 21214 Flanders, William Dull of 34035 Harlow, Don McBride of 34010 Kirby, K. C. McBride of 22237 Cass, Hugh Young of 21470 Gill and Wesley Smith of 20917 Cass.

Lapeer Father Dies as Car Rams Train

LAPEER — A 40-year-old Lapeer father was killed and his 6-year-old son is in critical condition after he apparently drove into a freight train this morning.

St. Mike Students Go Hawaiian May 26

Starlight Island Is Prom Theme

Committees Working Hard on Decorations for Coming Dance

Prom plans were the theme of two high schools this week with St. Michael students deciding to go Hawaiian for their big event titled "Starlight Island."

The 9 p.m. to 1 a.m. affair will take place May 26 in the St. Michael Hall with Wally Earl and his orchestra furnishing the music.

Chosen chairman for the annual junior-senior festivity was Homer Durso who has charge of refreshments, Marjorie Hill and Carl McKinnon supervising decorations, and Marsha Borer head of the entertainment group.

Buzzing busily with paint and brush are Decorations Committee members Pat LaBarge, Dorothy Burch, Marsha Borer, Pat Kucera, Marjorie Allen, and Bonita Moody.

Other students busy with palm leaves are Joan Dark, Mary Carol Trudell, Michael Lauinger, Joseph Wilhelm, Charles Schwartz, Jerry Paquette, Mary Lozano and Barbara Cooper.

Completing the decorations list is Darleen Farrell, Mary Dee Smith, Mary Ann Meyer, Judy Ohngren, Catharine Schneider, Marlene Cook, Janet Fenlon and Beth Baser.

Helping with refreshments are Pat Kucera and Joan Dark. The invitations were written by Marsha Borer, Judy Ohngren, Ella Powers, Pat LaBarge, and Beverly Barton.

Trophy Is Presented to St. Fred's Players

St. Fred senior varsity players are boasting proudly of the trophies presented them by Father Maurice Verseyer, athletic director and coaches Charles Talbot and Joan Mazza.

The citations were presented at the athletic banquet, Monday evening.

Elected football co-captains of the 1954-55 season were Don Cox and Mark Peck with boy's basketball leader position going to Jerry Bradley, Girl's basketball captain is Jean McHugh.

Width of Norway varies from a maximum of 260 miles in the south to 20 miles in the north.

Feature Photo

DESTINATION—STARLIGHT — Planning a senior dance can be exciting fun—especially with interesting decorations to work on. "Starlight Island," is the intriguing destination of the May 26 prom at St. Michael High School, and upperclassmen lost no time in preparing for the event.

Marcee Hill, of 47 Chamberlain St., (left to right) and Gerald Paquette, of 43 Gingell Ct., watch Pat Kucera, of 59 Oliver St., try on a hula skirt for size. Mary Lozano, of 56 Foster St., stands by in case a helping hand is needed. The dance will run from 9 p.m. to 1 a.m.

PHS Hi-Y Club Names Officers

Jerry Richards Takes Presidency for the Fall Semester

New officers for the fall semester have been selected by the Hi-Y Club of Pontiac High School.

Taking over the presidential gavel in September will be Jerry Richards, with Gary Montgomery as vice president.

Serving as treasurer will be Fred Roeser and secretary for next term is Joel Goldberg.

Don Alter is sergeant-at-arms and Douglas-McCull is chaplain.

Committees have also been selected, with David Robinson, Herb Boss and Russell Anderson on the membership committee and Donald

Blacklaw, Bruce Mumbroe and Louis Schimmel serving on finance. Composing the athletics group are Robert Kline, Duane Whitson and Monte Tipton, with Jerry Winkly, Ted Wiersma and Jim Jones on the program committee.

PHS Seniors to Tour Pontiac Business Firms

Senior plans, senior proms, senior parties form the gay merry-go-round that busy Pontiac High School upperclassmen are riding.

More than 500 12th graders will tour Pontiac business organizations to study job opportunities Tuesday. The project is sponsored by the Pontiac Chamber of Commerce.

The big event of the school year is the boat trip to Mackinac Island. The seniors embarked today and will return in time for classes Monday.

St. Fred Will Give Festival on May 23

The annual Spring Festival, dedicated to Mary in this Marian Year, is an anticipated event at St. Frederick High School. The ceremony is scheduled for May 23 at 8:15 p.m. in the Parish Hall. Included in the program will be choral, dance, piano and band numbers.

The festival which will mark the first performance of the St. Frederick School Band under the direction of Larry Haver, M. A. will include the songs of 139 Choral Club voices. They will present several American favorites.

Mrs. Betty Smith is dance director with Mrs. Helen Hoyt accompanist. Choral and piano numbers are under the direction of the sisters, Servants of the Immaculate Heart of Mary.

Colorado has 10 percent of the coal reserves of the U. S.

Seniors Take Star Roles at All 3 City High Schools

With the advent of late spring, senior activities always come into prominence as upperclassmen get ready for graduation.

This year is no exception, with the city high schoolers planning two proms and an annual banquet.

Both Pontiac High and St. Michael let their imaginations stray to the Hawaiian Islands, choosing the tropical locale for the theme of their senior proms. PHS seniors will travel on a "Hawaiian Holiday" and St. Mike students will be transported to a "Starlight Island."

At St. Frederick High School, in lieu of the prom, the juniors and seniors are planning a banquet, complete with prophesy and background music, as the big event of the year.

As usual, underclassmen are taking a back seat and letting the seniors have their day.

PONTIAC HIGH

Reporter Vicky Micu, writes that a sure sign of impending summer is the close of the radio workshop series "It's Story Time." The program, under the direction of Vera Mae Adams, will offer the last show of the season titled "The Lovely Summer" this Wednesday.

While seniors left the halls strangely empty (for a day) and departed on their boat trip, students were kept busy with the usual round of activities. The Future viewed a color film "What Greater Joy," and geometry students burned the midnight oil with their latest projects.

The teenagers displayed intriguing geometric patterns as part of their studies. A source of much pride and joy to eager PHSers was the arrival of the rings and pins this week, in the old vine-covered teepee.

ST. FREDERICK

Mary Drake, school scribe, with a gay twinkle, confided that the senior girls finally decided to "tell all—and that was plenty."

The reason for the laughter, blushes and smirks? Why the special election May 17 and the results which are, best-looking senior boy Phil Adams, best personality, Gary Crake, best physique Mike Murray, most popular upperclassmen Jerry Mazza and

the best dancer Jim Ritter. Also receiving recognition from the fair sex were Norm Miller and Dave Grosse.

One of the busiest groups at St. Fred's is the Choral Club which is practicing for the annual "Spring Festival," slated for Sunday.

Another highlight this week was the speech presented by Dr. Maurice Thome before senior class members.

ST. MICHAEL

Various classes brought a wide range of enjoyment to the ever-searching brains of the Michaelites, writes school reporter Margaret Martin.

In biology class the excitement centered on a crayfish which was undergoing dissection. Anticipation ran high at the prospect of taking apart a frog next week. On the agenda for senior and sophomores historians was the study of the world wars in modern and American history classes.

Meanwhile St. Mike students gathered Thursday evening for the honor of the Blessed Virgin Mary. The University of Detroit will be the destination of a group of Michaelites, Sunday. The students will attend Sodality Day there.

An election of Student Council officers for the fall semester was announced at St. Michael High School this week. Jack O'Dea was elected president of the governing group with Frederick West claiming the vice-presidential office. Joan Dark was elected secretary.

St. Michael Elects Officers for Council

An election of Student Council officers for the fall semester was announced at St. Michael High School this week. Jack O'Dea was elected president of the governing group with Frederick West claiming the vice-presidential office. Joan Dark was elected secretary.

PHS Recreation Group to Attend Baseball Game

The Pontiac High School Girls' Recreation Association plans to attend a Detroit Tiger baseball game tomorrow. The girls also prepared to participate in a softball game at Vaughan School Bloomfield Hills.

The athletes attending Monday's game will be Jo Van Tassel, Brenda Lehman, Karen Badenhop, Mary Davis, Millie Davis, Connie Simmons, Jeanne May, Joy Kelly, Cecile Dumbriege, Barb Schroder and Delores Lutzkiw.

Banquet Slated at St. Frederick

Junior-Senior Event to Be Staged Tuesday in Parish Hall

The St. Frederick senior class colors, gold and white, will provide the color scheme for the traditional Junior-Senior Banquet to be held Tuesday in the parish hall.

Michael Wells, junior class president, will act as toastmaster and will give the welcome address. Marlene Green will give the toast to the pastor, the Most Rev. A. M. Zaleski.

The address to the assistant priests will be given by James Kraus, with the episcopal welcome presented by Rose Moody.

Jean McHugh will toast the senior class, and the reply will be offered by Ted Reaver, the president of the senior class.

A song parody written by the juniors and called "Senior Stars" will be a highlight of the evening.

Furnishing the musical background for the event will be television star Leonard Stanley.

Serving as chaperones for the 7 p.m. to midnight affair will be Mr. and Mrs. Harold Wells, Mr. and Mrs. H. C. McHugh, Mr. and Mrs. Frederick Green and Mr. and Mrs. Carleton Johnson.

An average American uses eight pencils a year.

Ike Postpones Tariff Request

President Averts Fight With Congress During an Election Year

WASHINGTON (AP)—President Eisenhower appeared today to have averted a threatened election-year clash with some key congressmen in his own party over the tender topic of tariff walls.

He did so by putting off—until next year—his request for a three-year renewal of the Reciprocal Trade Act with power to lower tariffs an additional 5 per cent each year.

In a letter released late yesterday, Eisenhower said he still regarded this hotly controversial program as "indispensable" in the national interest. But he suggested that Congress only hold thorough hearings on it this year, and take it up for action early in 1955.

Meanwhile, he said, Congress could renew the act as it stands for one more year. The present law expires June 12.

Several high-ranking Republicans in Congress who have been ready to fight for higher instead of lower tariffs indicated they would be happy to postpone the threatened battle for another year and simply renew the present act.

One of the leading advocates of higher tariff protection for some American industries is Rep. Daniel A. Reed (R-NY), chairman of the House Ways and Means Committee and oldest Republican in continuous service in the House. Reed's committee handles tariff bills—and also such matters as taxes and social security which have an important place in Eisenhower's legislative program.

Reed said today he was "gratified" at the President's new stand, expressed in a letter to Charles H. Percy, president of the Bell and Howell Co. of Chicago.

Reed promised full hearings by his committee and termed it "especially important" that his group hear testimony from industries and labor groups who say they are being hurt by imports.

Joe Louis Faces Arrest for Unpaid Traffic Tickets

NEW YORK (AP)—Former heavyweight champion Joe Louis has been informed he will be arrested if he does not appear here by May 28 to answer six traffic tickets.

Chief Magistrate John M. Murtagh signed a warrant of arrest yesterday for use against the former fight king if he doesn't show up by then.

Louis' address was given as 2100 McDougal St., Detroit.

Religious Groups Deliver \$52 Million in Relief Food

NEW YORK (AP)—Protestant, Jewish and Catholic relief services have shipped \$52,226,015 worth of government surplus foods to needy areas overseas in the past year.

In a joint announcement yesterday, the services said the shipments included 155 million pounds of butter, cheese and powdered milk.

The surplus was released by the government on condition the relief agencies take over distribution. The religious groups also took care of the handling costs.

By substituting hollow steel for solid aluminum in airplane propellers their weight is often reduced by as much as 75 pounds.

Educator Cites Need for More Discipline

THEFTORD, Neb. (AP)—Educator Dale D. Welch told the Nebraska Sandhills Cattle Assn. meeting he viewed "with alarm" what he termed the lack of discipline in modern education.

"We spend so much time trying to understand the rising generation, when above all they need firm discipline," Dr. Welch, president of Hastings (Neb.) College, said.

"Genuine teaching takes place when you have great teaching in an atmosphere conducive to learning," he said. "I find myself unable to believe that the best atmosphere is one in which the students vote each day on what they shall do on that particular day."

Piano Snatcher Gets Jail for Grand Offense

LOS ANGELES (AP)—Grand theft of a grand piano—has brought three months in jail for Mrs. Dorothy Potet, 19, who pleaded guilty.

Investigators said she rented a \$684 piano at \$26 a month and that within an hour after it was moved in another crew moved it out. It was sold, they reported, for \$250.

CONSUMERS POWER COMPANY**CANDID "SNATCH"**—The catch of the season by a candid camera-man is, by a long shot, this scene showing screen star Ginger Rogers snatching a bit of cotton candy from husband Jacques de Bergerac.

The two were making the rounds of a Copenhagen amusement park during their European vacation.

Bob Considine Says:**Doolittle's Pioneer Days
Saw Diplomatic Faux Pas****NEW YORK (INS)**—Nobody can talk aviation quite like Jimmy Doolittle.

Twenty eight years ago Doolittle was selling Curtiss fighter planes in South America, bucking the challenge of German aircraft manufacturers and their crack pilots.

Doolittle tried a handstand on the ledge of a hotel window during the South American sales tour. The ledge collapsed. He fell, landed on his feet and broke both ankles. But there remained the problem of selling the Curtiss fighter. So he had himself lifted into his plane, ordered that his plaster-casted feet be strapped to the controls, and flew a German rival into the ground.

"I was a pretty big fellow for about 10 minutes," Doolittle recalls. "But then I made a speech at a dinner in Buenos Aires. I was reckless enough to try it in Spanish. I had been impressed with a long plateau in Argentina—you could have landed on any part of it for a couple of hundred miles—and I said, in what I thought

was Spanish, that Argentina was a flyers' paradise. 'Chata' I kept saying, to describe how flat it was. But the silence deepened. Turned out I was calling Argentina a bed-pan."

Doolittle added that then he left Mato Grosso of Brazil.

"I followed a little railroad line for a time, that being the custom in those days," he said. "The practice then was to follow the tracks, come down low when you saw a station, read the sign, gain altitude, look at your map and decide where you were."

"Well," he went on, "There I was over this place and finally I saw a station, so I took the plane down and read the name on the station. It said 'Migitorio.'"

"I pulled up and studied my map for a long time. There wasn't any Migitorio on my map. So I flew on and finally there was another station. So I went down and, by gosh, it was named Migitorio, too. So were a lot of others before I found my way to where I wanted to go."

"First thing I did after landing was spot a Brazilian Air Force officer and I said the maps that Brazil gave to pilots were lousy. They made no mention of Migitorio. Well, he seemed a bit surprised for a moment then he said, 'You were

flying from the west along this railroad. Our gentlemen's rooms at a railroad station are all located on the west side of the station. That's what you were reading.'"

Doolittle pulled off what historians will remember as one of the greatest military missions of all time, the Tokyo raid of April 18, 1942. This strike altered the course of World War II. It forced startled Japanese war lords to pull back their fighter-plane strength to protect the homeland.

But the general didn't even mention it the other night. In the valor department he was bewitched, instead, by a story he had been told recently in Greenland, about an Air Force major from Notre Dame who beat a Polar Bear unconscious with a crowbar. He said he plans to take a lethal

weapon of this type along with him on an upcoming search for Kodiak in Alaska, instead of a gun.

Walks 149,000 Miles**MERIDIAN, Miss. (UP)**—A. L. Young, who walks 15 miles a day on his mail route, began his 35th year as a postman recently. Wisner, Central and Emerson PTAs Report Upon Varied Programs

To Be Served Sunday

League Plans Breakfast

The League of Catholic Women has planned its annual May Breakfast for Sunday following 7:30 Mass, in St. Vincent Hall. Guest speaker will be Betty Hogan of St. Catherine Home, Detroit.

Guild Section Elects President

Mrs. Harvey Little was elected president of Queen May Section, Needlework Guild, to replace Mrs. John Newton, who will leave soon to make her new home in Florida. Mrs. Charles Clark is vice president.

The group met with Mrs. David Bickerstaff on Seneca street Thursday afternoon, and reports were given by Mrs. Alex Joss and Mrs. Clark.

Mrs. John Gemmell invited the group to her home on Pingree avenue for a cooperative luncheon June 3. Former members are also invited.

Mrs. Arthur Crawford is chairman of the breakfast, and on the reception committee are Mrs. James Clark, Mrs. Frederick Gottschalk, Mrs. George Winters and Mrs. James Pendergast.

The board of directors has charge of the dining room; St. Joseph Guild, the kitchen and Mrs. Frank Zwicker and Mrs. W. J. Hinds, decorations. Members and friends of all parishes are invited.

Two Are Initiated by Pythian Sisters

Mizpah Temple Seven, Pythian Sisters, initiated two new members Thursday at Fellowship Hall on Voorheis road.

Mrs. Lewis Reidling and Mrs. Frank Allen were initiated by Mrs. Dean Peterson, most excellent chief.

Bethelsen Circle Meets for Luncheon

Bethelsen Missionary Circle of Emmanuel Baptist Church met Tuesday for luncheon with Mrs. Violet Leininger on Myra avenue. Mrs. Earl Hoover used "Faith" for her devotional subject, and each member gave a verse on faith.

Attending the luncheon at Devon Gables Thursday were Mrs. Standish Sibley of Oriole road, Mrs. Don Stackable of Clarkston and Mrs. C. R. Gately of Oneida road (left to right), all members of the National Farm and Garden Club. The Pontiac Branch was responsible for decorations for the luncheon which is part of the convention held this week.

Speaker Stresses Need for Brazilian Friendship

Coffee Situation Outlined for GOP Club

Mrs. Gerald Schroeder, a Detroit attorney who was sent to Brazil as a delegate to study

the coffee situation, was guest speaker at the Thursday meeting of the Pontiac Republican Women's Club.

The speaker told the members and guests gathered at the Waldron that the delegates, all housewives, were sent to relieve some of the ill feeling in South America over U. S. housewives' threats to boycott coffee.

The reasons for the coffee shortage, the speaker said, can be laid to the atmospheric

Wednesday with Fred Kendall, Detroit tenor, as guest artist.

frosts and droughts, and the increased consumption throughout the world.

The delegates came to this conclusion after careful study of the situation, after traveling 7,000 miles throughout the heart of coffee land, and after visiting the agricultural university and the warehouses.

From 1930 until 1939 there was over production of coffee and by 1937 coffee was being used to run engines. With price control from 1940 until 1949, very little planting was done, all of which adds to the shortage.

Most important of all, said Mrs. Schroeder, is that we maintain good relations with South America as Brazil "is the beachhead for communism in this hemisphere."

"We cannot underestimate the strength of alliance with Brazil today," the speaker continued, "and a little thing like coffee can make the difference between war and peace."

President Mrs. George L. Brown conducted the meeting and introduced state and county candidates. Mrs. Albert Kohn, program chairman, introduced the speaker. Mrs. Fred Ziem led the salute to the flag.

Installations and Talks Are Included

Plans Are Outlined for School Picnics Next Month

Varied programs were on the agenda for this week's PTA meetings. It was the last meeting of the year for Wisner PTA. Music by the Wisner Band was the highlight of the afternoon Thursday.

Conducted by Eldon Rosegart, the band opened with a chorale.

A flute solo was played by Nancy Cunningham with Mrs. Ralph Gardner as accompanist. The band played two waltzes and a march, closing with "America." Gary Allen presented a bass solo.

Also on the program was a hillbilly jamboree including a square dance by the "Mixers." Talking part were Mrs. Opal Allen, Mrs. Ariel Davis, Mrs. Fred Froede, Mrs. Erwin Christie, Mrs. Leroy Busse, Mrs. Irving Coking, Mrs. Morris Cuckey and Mrs. Leonard Saari.

A pantomime act, "Dear John," was given by Mrs. William Thomas and Mrs. Cuckey. Mrs. Gardner accompanied a quartet composed of Mrs. Froede, Mrs. Paul Webster, Mrs. Thomas and Mrs. Claude Cook who presented two numbers.

"The Danton Mystery," a surprise three-act Russian drama, was presented by teachers, Mrs. George Cox, Mary Mitchell and Jane Danton.

At the business meeting Mrs. Donald Weiss, Mrs. Grant Carlson and Mrs. Gordon Paul were named to serve on the auditing committee and annual reports were read.

Central Glenn Griffin of the school board explained the millage proposal that will be on the June 14 ballot to the Central School PTA Thursday.

Mr. Griffin said that citizens will be asked to vote for an increase of 4.25 mills to finance the building of classrooms. He explained that a large increase in the school population has brought about the need for more money to operate our schools.

He stressed the fact that the voter need not be a property owner to vote on the issue as long as he is registered. In closing, he said that the average tax increase would be about 13.

Lola Stokoe's fourth grade room provided the afternoon's entertainment. Also on the program were songs by the fifth and sixth grade rooms of Mrs. Oral Pellissier, Mrs. Charles Mitchell, Mrs. Ray Meiser and Mrs. Sam Hale. Mrs. Meiser directed the group and Mrs. Dean Yocom was accompanist.

Mrs. Charles Neidrett installed Mrs. Lawrence LaFay as president; Mrs. Robert Holderman, vice president; Mrs. George Smith, secretary, and Mrs. Junior Horral, treasurer.

Mrs. James Marinos is historian and Charles Strobe is father vice president; Council delegates are Mrs. Frank Brown, Mrs. Douglas Martin and Mrs. John Parent.

Emerson Installation of officers highlighted the program at Emerson PTA meeting Wednesday.

Mrs. L. D. McLaughlin will assume presidential duties for another year. Installed as vice president was Mrs. Thomas Johnson, and Mr. McLaughlin and Mrs. Evelyn Woodworth are father and teacher vice presidents, respectively.

Mrs. Fred Henry is secretary; Mrs. Keith Mortimore, treasurer; Mrs. Gilbert Williams, historian; Mrs. John Schatzley, parliamentarian, and Mrs. Stephen Kives, Mrs. Charles Collison and Mrs. William Cox, council delegates. Mrs. Anton Koenig is alternate.

Maurice Croteau and F. N. Thieffels of the Board of Education were guest speakers, giving details of the new millage proposal to be voted on in June.

A convention report and annual reports were given. Mrs. Ruth Wait, principal, announced that registration for kindergarten will be June 1 in the morning and afternoon. The PTA will serve refreshments.

The school picnic is scheduled for June 3 at Bloomer State Park. Refreshments were served by mothers of the first grade and the morning kindergarten.

PATSY SCHROEDER

The engagement of her daughter, Patsy, to Thomas D. Mackie is announced by Mrs. Mary Schroeder of Putnam avenue. Thomas, son of Mr. and Mrs. Walter Mackie of Tilden avenue, will be graduated from General Motors Institute of Technology in August. The wedding has been set for Aug. 14.

GLEENDA JO FISHER

The engagement of Glenda Jo Fisher to Jerry May is announced by her mother, Mrs. Audrey Fisher of West Hopkins street. Mr. and Mrs. William D. May of East Walton boulevard are William's parents. The couple has set July 19 as the wedding date.

Mrs. Kyes Is Luncheon Guest

Attends White House Fete

Mrs. Rogers M. Kyes has returned to her home on Cranbrook road from Washington, D. C., where she attended a luncheon given by Mrs. Dwight D. Eisenhower at the White House Tuesday.

Mrs. Kyes, Mrs. Marcus E. Cunningham, Mrs. S. V. Norton and Mrs. Max B. Tunncliffe were Bloomfield hostesses Thursday to members of several farm and garden clubs who toured gardens in this area.

Mr. and Mrs. Gordon Leaman and family of Tulsa, Okla., are visiting Mr. Leaman's family.

Opti-Mrs. Club Now Directed

Mrs. Irving Gillies was elected president of Opti-Mrs. Club Thursday at Mrs. Robert Taft's home on Shore View drive.

Mrs. Gay Harrington is first vice president; Mrs. Thomas Hruska, second vice president; Mrs. H. A. Miller, secretary, and Mrs. Taft, treasurer. New officers will be installed at a dinner meeting with the Optimist Club in June.

Mrs. Hruska assisted the hostess and Ora Hallenbeck reviewed "The River Is Home" by Pat Smith, an interpretation of life in the swamp-land of Mississippi.

Report was made on new layettes purchased for Michigan Children's Aid Society.

Charlotte Collins to Become Bride

Mr. and Mrs. Alfred Collins of Wolfe street announce the engagement and approaching marriage of their daughter, Charlotte Louise, and John David DeShetter.

John is the son of Mr. and Mrs. Harold DeShetter of West Iroquois road. A June 19 wedding at St. Benedict Church is planned by the couple.

DOLORES SOWLES

Mr. and Mrs. Clarence Sowles of Drayton Plains announce the engagement of their daughter, Dolores, to William Brown, son of Mr. and Mrs. William Brown of Oliver street.

the Arthur Leamans of North Marshall Street. They arrived today.

Planning an open house for Saturday are Mr. and Mrs. Archie E. Allen of South Squirrel road. The open house, in observance of their 25th wedding anniversary, will be held from 7 until 10 p.m.

Assisting them for the evening will be their daughter, Mrs. LeRoy Voorheis of Detroit, and Mrs. Hazel Martin and Mrs. Grace Martin, both of Cleveland, Ohio.

Dean James Newcomer of Olivet College recognized Donald Card of Drayton Plains for his work on the best float in the homecoming parade, at a recent honors convocation at the college.

Mrs. Guy Shotwell and Mrs. Evelyn Rivard attended the Brown and Gold Fantasies "Goodness and Life" at Western Michigan College, Kalamazoo, recently. They were guests of Janice Rivard at Seidenschlag Hall.

Mr. and Mrs. Roy E. Anderson of South Marshall street are parents of twins born May 18. Timothy Edwin and Kimberly Edith are the names they have chosen.

Grandparents are Mr. and Mrs. Clyde E. Anderson of Sherbourne street and Mrs. Edith A. McKee of Murphy Avenue.

A son, Steven Reuter, was born to the junior John G. Lewises of Detroit May 18 at Mount Carmel Hospital, Detroit. Grandparents are Mr. and Mrs. John G. Lewis of Owego drive and Mr. and Mrs. Arthur Reuter of Hudson.

1953 and '54 Group Holds Luncheon

Mrs. Charles Holmes, retiring president of the 1953 and '54 Group of Oakland Park Methodist Church, was presented with a gift Wednesday at the Joseph Wagley home on Hammond street where the group met for a cooperative luncheon.

Mrs. Archie MacDonald was a guest and Mrs. Ralph Clara conducted the devotions. Members have been assigned to new groups for the coming year.

Initiation Is Planned by Eagles Auxiliary

Plans for an initiation Sunday at 4 o'clock were made Wednesday by Huron Gardens Auxiliary to Eagles 2887 at the hall on Highland road. The newly formed drill team will officiate. Delegates to the convention June 3, 4 and 5 in Detroit are Mrs. Thomas Devine and Mrs. Randall Strickland.

Going Street Group Has Birthday Party

Mrs. Carl Patterson and Mrs. George Thompson were honored recently when Loyal Neighbors of Going Street entertained with a birthday party.

Mrs. Eric Larvick of Elm street was hostess, and Mrs. Grace Bollman, Mrs. James Benning and Mrs. Delbert Hammett assisted her.

'Bridgework' Gives Army New Bite

The Army has added a new "weapon" to aid its troops in action. It is a nine-ton aluminum bridge which can be dropped in battle areas by C-119 Flying Boxcars. Three planes recently airlifted parts of the bridge across the Ura River at Oita in southern Japan during training exercises.

A truck carrying part of the 474-foot aluminum bridge rolls up to a Flying Boxcar which will drop the span for a troop-training mission.

Combat Troops, carrying their weapons, race along the bridge's long span. Two maintenance men in the water keep a sharp eye on the condition of the bridge.

Salk Polio Test Coming Fine

No Serious Reactions or Deaths in 644,138 Children Injected

CHICAGO (U)—Not a single case of serious reaction or death has been reported from among more than 600,000 of the nation's school children given inoculations of the Salk polio vaccine.

Dr. Robert F. Korns, a member of the national polio vaccine evaluation team, made the first official report on the mass experiment yesterday to the annual convention of the Illinois State Medical Society.

At the same time, Dr. Hart E. Van Riper, medical director of the National Foundation for Infantile Paralysis, said in New York that the first phase of the nationwide polio tests is completed and is a success. He said 644,138 children in 44 states have now received the first of a series of three injections.

Since the trials started, Dr. Korns said, polio has broken out in Florida, Texas and Michigan and three polio cases have occurred among the 644,000 children in the study group.

One of the polio cases is that of a first-grade pupil in Florida who is included in the study but who did not receive shots of the vaccine.

The other two cases, one in Michigan and one in Texas, received either the vaccine or an injection of a blank substance of no medical value. Half of the children in those two states got vaccine and half got the blank substance, and which substance was given will not be disclosed until the final stages of the study.

Dr. Korns said a final evaluation of the effectiveness of the Salk vaccine probably will not be possible until next year. Dr. Korns, an Albany (N.Y.) Medical College associate professor, is on leave to the Poliomyelitis Vaccine Evaluation Center at the University of Michigan in Ann Arbor, Mich. The evaluation team is now in its fourth week of observation.

Dr. Van Riper said more than half the children already have received their second shots and the final third inoculation will begin the week of May 31.

Village May Become City

CEDAR SPRINGS (UP)—Residents of this northern Kent County community will vote June 7 on a proposal to change Cedar Springs from a village to a city.

BRITISH AMPHIBIOUS MANEUVERS — A Royal Marine officer is helped from his waterproof suit after coming ashore by liferaft at Southsea, England, to organize "resistance" during Exercise Runaground V. Marine and Army units took part in the annual amphibious and cliff assault for students at Navy, Army and Air Force staff colleges.

SERIOUS CONVERSATION — President Eisenhower pulls at the lobe of his left ear as he engages in serious conversation with Sen. Charles E. Potter (R-Mich.), a member of the Senate investigating subcommittee, on the porch of the White House.

Costello Must Pay Up

NEW YORK (AP)—The government has moved to enforce collection of the \$30,000 fine imposed on gambler Frank Costello for federal income tax evasion.

In addition to the fine, the 61-year-old Costello was sentenced to five years in prison. An appeal has been announced.

Federal Judge Henry W. Goddard signed an order yesterday for Costello to appear in court next Thursday to be examined under oath about his property and assets. The order forbade Costello to transfer or make "other disposition" of his property.

The order was requested by Asst. U. S. Atty. Clarence Ferguson.

Costello, who was sentenced Monday by Judge F. X. McGohey, is being held temporarily at the federal house of detention.

Board Wants to Talk Over Agreement on Grievances

Pontiac General Hospital Board of Trustees last night decided to ask a meeting with union groups which have criticized methods of settling hospital employees' grievances.

Mrs. Edna Roush, board secretary, was directed to arrange a meeting with representatives of the Oakland County CIO Council and Local 100, Government and Civic Employees Organizing Committee, CIO.

A letter explaining the board's position was drafted to be sent to the union groups in reply to a CIO Council resolution claiming that "unsettled employee grievances are piling up at Pontiac General because the present working agreement is not functioning properly."

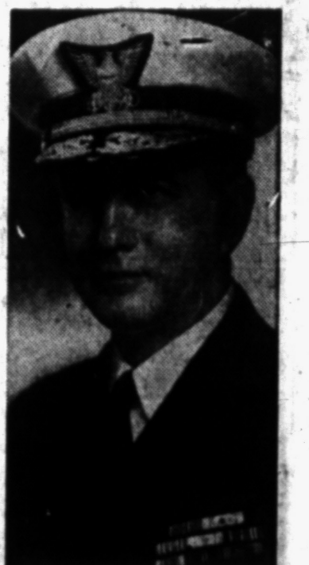

The letter states that a union charge that Local 100 is fighting for existence at Pontiac General Hospital "is not borne out by the facts."

A working agreement was established by the union and hospital in 1953 to "provide a method for the redress of any grievance," the letter states. "It seems . . . that both parties . . . should adhere to its provisions and work . . . to determine its adequacy. Only then . . . can it be determined that we have a workable instrument."

If proven not adequate, "then it should be rewritten. If sound, it should be followed."

Board members William P. Babcock and Charles E. Yaeger said that grievances which were handled through the working agreement had been settled.

Board members said they were ready to rule on anything presented to them through the proper procedure.

NEW CHIEF — Rear Admiral Alfred C. Richmond has been appointed by President Eisenhower as Commandant of U.S. Coast Guard succeeding Vice Admiral Merlin O'Neill.

6 Boston Reds Indicted by Jury

Party Leader in State Arrested; One Member Still Sought

BOSTON (U)—Three men and three women faced Superior Court action today on charges of conspiring to overthrow by force or violence the government of Massachusetts or the United States.

All were arrested last night after a Suffolk County grand jury investigating communists in Boston returned seven secret indictments. Still being sought is Daniel Boone Schirmer, 39, once an avowed member of the Communist party of Massachusetts.

Otis Arthur Hood, 54, four times Communist party candidate for governor and self-admitted titular head of the party in Massachusetts for many years, was arrested in his Boston home.

Ann Burlak Timpane, 43, also of Boston, known as the "Red Flame" when she led demonstrating striking textile workers in the early depression years, said her arrest was "a campaign stunt by Dist. Atty. Garrett H. Byrne . . . who believes the way to get elected is to prosecute Reds."

The two other women seized and taken to the Suffolk County jail are Mrs. Barbara Bennett Rosenkrantz, 31, of Springfield, and Mrs. Edith Abber, 33, of Boston.

Also arrested were Franklin P. Collier Jr., 48, of Melrose, head of the party's bookstore on Boston's Beach Street for many years, and Herbert I. Zimmerman, 29, who authorities said was education director of the Communist party in the Greater Boston area.

Port Huron Opens Her Doors

Editor's Note—Louis J. Dunn, news editor of the Port Huron Times-Herald, wrote the 14th in an Associated Press series on the problems and accomplishments of Michigan cities since the end of World War II.

By LOUIS J. DUNN
Port Huron Times-Herald News Editor

PORT HURON (U)—A tornado that ripped through Port Huron a year ago today dented but did not break a multimillion-dollar civic like a twister—ever since World War II.

When the tornado swept on into Canada and spent itself after 10 terrible minutes of destruction on the afternoon of May 21, 1953 a lot of Port Huronites wondered if their city still as on the map.

No one knew exactly what had happened. Communications were paralyzed. All electric power was off. Hundreds of century-old maps and plans lay sprawled across main streets in a half-mile-wide section.

Property losses were estimated \$3,000,000. Nearly 400 homes either were destroyed or damaged. No one knew exactly how many persons were dead or injured.

Gradually order was restored. The injured—the count was fixed at 42—were rushed to Port Huron Hospital as fast as ambushed by debris and trees. Only one person was found dead. One of he injured died later.

In sister Sarnia, Ont., across the St. Clair River the storm took a 57 hurt. Damage was estimated at \$8,000,000.

Today a casual visitor would have difficulty tracing the storm Port Huron path. Most of the homes have been restored. Only the scars remain: the trees that aren't there and those that are maimed.

Port Huron stolidly shook off the storm without breaking its stride in pushing ahead a redevelopment program that promises big things. A \$30,000,000 city-county building is nearing completion. It is in a St. Clair River front area set aside as a civic center.

A 600,000 addition has boosted Port Huron Hospital to a 200-bed institution. A new hospital, to be operated by the Sisters of Mercy is almost ready to be opened. The addition and new hospital were built with the help of \$1,400,000 pledged in a public campaign.

Civic leaders have organized a study committee to explore the idea of establishing a port authority and building a ships terminal.

Voters recently approved a tax increase to build a new high school and two elementary schools to make improvements at seven, other schools and to pay teachers higher salaries.

Plans are being made for a \$1,000,000 project to move substandard housing from a 17-block area in the vicinity of the new civic center and sell the land for redevelopment into a business district.

A four-lane by-pass highway to carry traffic around the west side of the city is under construction. It will form a link with the Blue Water Bridge leading into Canada and is a part of an improved traffic network.

Port Huron believes it is on the threshold of bigger and better things. It hopes no more tornadoes come along. But as a safeguard, officials have set up a 50-member volunteer spotter force throughout St. Clair County to scan the skies whenever storm alerts come.

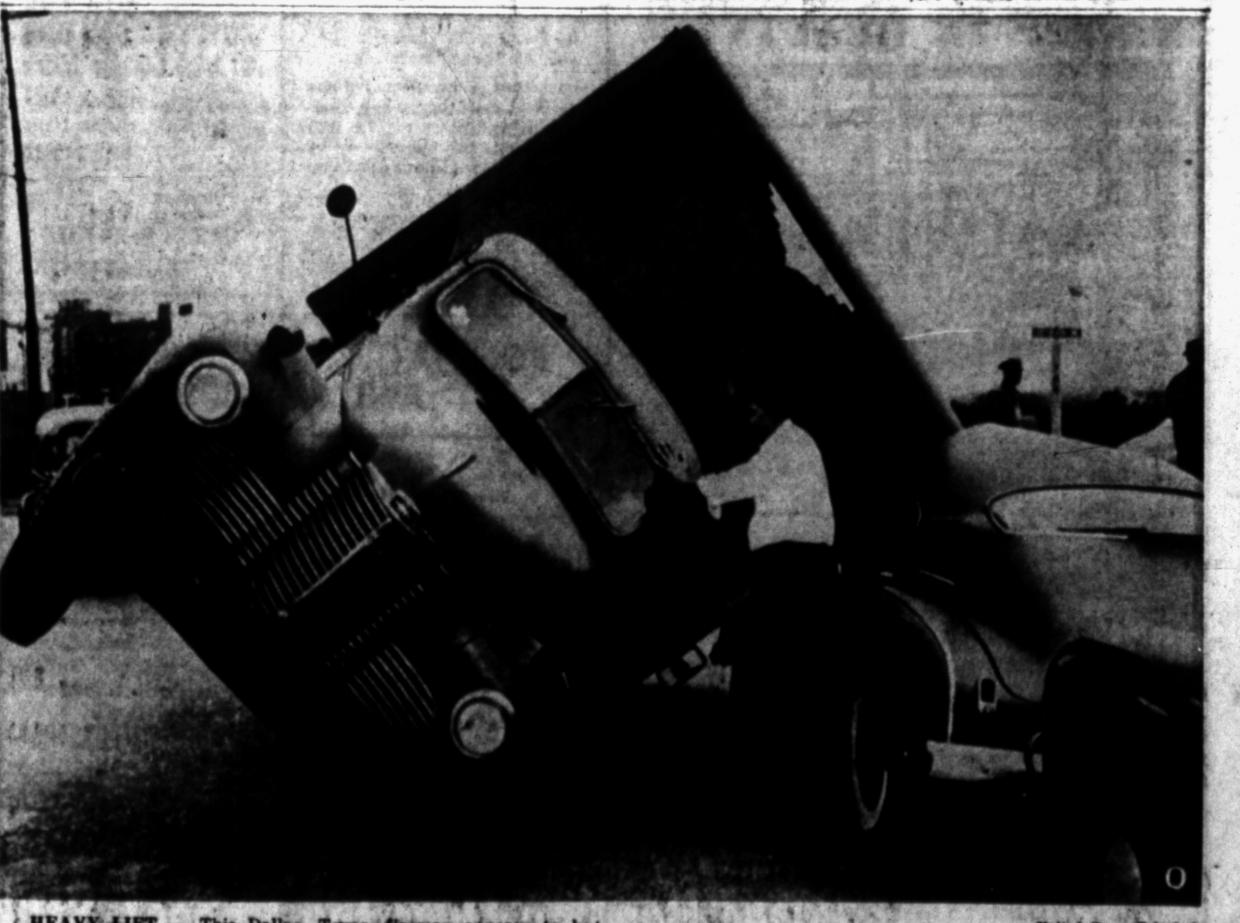

Everyone agrees one tornado is enough—for a long, long time.

Tractor Flips on Boy, 10, Pins Him Under Water
GRAND RAPIDS (UP)—John C. Tiemeyer, 10, of nearby Byron Center, drowned Thursday in Buck Creek when the tractor he was driving overturned, pinning him in three feet of water.

The boy was driving the tractor to a pasture on his parents' farm and apparently drove too close to the creek, police said.

YUCCA BUCKAROO — Too young to handle the reins on a real horse, 2-year-old Patti Jane Hart adopts a yucca plant as her mount while on a family picnic near Las Vegas, N. M. The little lady displays a lot of poise and some day may become a fine equestrienne.

HEAVY LIFT — This Dallas, Texas, fireman appears to be trying to raise the listing cement truck which tipped recently while turning a corner. Drivers of the truck and car were uninjured.

West Bloomfield Shows Residential Development

Pontiac Press Photo

GROWTH SIGN — Under construction at Commerce Rd., Orchard Lake Rds. is the new \$800,000 West Bloomfield Township High School. Voters will cast ballots June 14 on a 3.5 mill levy to furnish and

equip the structure, in exchange for lowering the debt limit by 3.5 mills. Supt. of Schools Leif Hougen says the student population of 1,400 is expected to rise to 1,762 by 1958.

Bares Growth in Many Ways

Police Force, New Fire Station, Voting Set-Up Reflect Surge

By HARRY J. REED

Signs by the dozens point out the great strides in residential development being made in West Bloomfield Township.

Growth shows in the increased police force, doubled from two men to four. It shows in the new fire station at Walnut Lake, and a proposed \$25,000 station at Green Lake and Commerce Rds.

Further evidence that West Bloomfield Township is playing a major role in the expansion of Oakland County is the increase of voting precincts from four to seven, and the rising steel of a new high school at Commerce and Orchard Lake Rds.

"Our boom began about three years ago, and it's beginning to run away with us now," Township Supervisor Hiland M. Thatcher says.

Building reports since 1950 bear him out. Construction of homes has jumped one million dollars annually since that year.

Figures for 1953 show 248 home permits issued, valued at \$3,225,430, plus another \$371,708 in alterations, additions, and commercial construction.

The 1950 census figure of 9,416 has been eclipsed by the present estimated population of 11,500. The Village of Orchard Lake, which had 16 homes built last year, already has half that number constructed in 1954.

The influx has been only residential, with slight commercial increase to date, since no land is zoned for industrial use. However, the Planning Board is currently considering zoning several sections of land for industrial development, Thatcher said.

West Bloomfield has been a popular recreation area for many years, providing a number of lakes for summer enjoyment. Included are Orchard Lake, Cass Lake, Upper and Middle Straits Lakes, and numerous smaller bodies of water.

Keego Harbor, on the shores of Cass Lake, has experienced a decided change in the years of Oakland County expansion. Primarily a summer colony of renting residents not too many years ago, a change to year-round residents is now taking place.

"There is a lot of remodeling along the lakefront cottages," remarks resident Otto Mehrkamper. "Since more people are buying the cottages now and fixing them up. It's nice to see some pride of ownership developing here."

Expressing the same sentiment is Justice of the Peace Elmer C. Dieterle of Keego Harbor. "There used to be a large transient population here with the summer cottages, but the housing shortage ended that," he said.

"The lakefront homes were converted to all year usage, and now we have many more home owners locally."

Acres of staked-out subdivisions and large sections of land scarred by heavy equipment indicate the development which is yet to come to West Bloomfield Township.

One of the largest of the home developments is that of the Northwood Building Co. The Orchard Lake Road-Middlebelt road site will eventually contain 400 three- and four-bedroom homes.

In the same area is a 200-home development of Sylvan Manor. Seventy of the three and four bedroom brick and frame homes have already risen. A shopping center is also in the plans for this area.

Partially in West Bloomfield Township and Novi Township is a 500-home project at Middlebelt and Northwestern and Middlebelt and Fourteen Mile road.

One hundred ranch-type homes have been completed at the Northwestern site, with 50 more due before August 1.

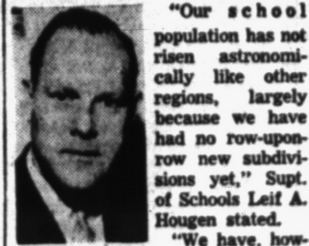

Another 350 are scheduled by the Certified Realty Co. for the next 18 months, broker Robert Trombley stated.

Pine Center, located at W. Long Lake and Middlebelt Rds., is a collection of contemporary California-style homes, on lots of one-half to three-fourths of an acre. Thirty-four homes are being erected there.

Westwood Village, off Maple Road in the southern section of the township, is a 50-acre tract divided into 55 homesites.

An adjoining 103 acres will be subdivided later for additional ranch and colonial-type homes. Pine Lake boat livery owner

Mrs. C. Cronk has felt the growth of the area in increased demand for her boats. "I've doubled the number of boats for rent recently, and now have 25," she said.

HOUGEN ever, just completed a \$100,000 addition to the Scotch School, and our new \$800,000 high school is well under construction now," he added.

Voters will be asked June 14 to approve a levy of 3.5 mills for furnishing and operating the new high school, in exchange for lowering the debt levy by 3.5 mills. The student population of 1,400 is estimated to rise to 1,762 by 1958.

Housing another 200 pupils in Our Lady of Refuge Parochial School on Commerce road. Designed to accommodate 400 pupils, it was completed in 1953, Sister Mary Idalia, C. S. S. F., school principal said.

Much of the future expansion in the remaining undeveloped land, about one-third of the township, depends on the extension of Northwestern highway, supervisor Thatcher feels.

He added that the proposed overpass at Orchard Lake and Telegraph Rds. will eliminate some congestion there, making it easier for residents to get to Pontiac stores.

Police, Firemen Will Sponsor Benefit Dance

ROMEO — A benefit dance will be co-sponsored by the Romeo Village Police and Fire Departments at 8 p.m. today in the Romeo High School.

Proceeds from the event will be used to purchase equipment for both departments.

Modern and old time dancing will be featured as well as floor show acts and refreshments. Donald S. Leonard, Detroit police commissioner will attend.

Tickets may be purchased from any volunteer fireman or police officer and are also available at the police station in the village clerk's office.

Waterford Issues 34 Home Permits

WATERFORD TOWNSHIP — Permits totaling \$265,500 for 34 homes were issued last week.

Twenty permits for additions and remodelings added \$13,865, six garages equalled \$4,150, one breezeway and garage added \$1,600 and two commercial additions brought the total to 63 permits and \$286,665 for the week.

Reverend Will Conduct Methodist Installations

SEYMOUR LAKE — Installation of officers for two Methodist Church organizations will be conducted by the Rev. Edward Humphrey Sunday morning.

To be installed as Belle Sherwood Circle president is Millicent Solley. Other new officers are Mrs. Elroy Scott, vice president; Betty Solley, secretary; and Mrs. Keith Cooper, treasurer.

WCSO president will be Mrs. Iva Miller, with Mrs. Stanley Miller taking the vice president's post. Carrie Buckindall and Mrs. Clark Miller will be secretary and treasurer, respectively.

Brown City Alumni Plan Reunion for Tomorrow

BROWN CITY — The 35th annual banquet and dancing party of the Brown City High School Alumni Assn. will be at 7:15 p.m. tomorrow in the high school gymnasium.

The program will feature musical numbers and a talk by Stanley Mahaffy, former Lapeer County agricultural agent now taking a post graduate course at Michigan State College.

VFW Post, Auxiliary to Sell Buddy Poppies

KEEGO HARBOR — A Buddy Poppy sale will be conducted here tomorrow by Heart of the Lakes VFW Post and Auxiliary, under the direction of Kenneth Simpson. Proceeds from the sale will go toward the organization's welfare activities fund.

C. of C. Official Due Here

Bernard Roach, of the U.S. Chamber of Commerce, will be in Pontiac May 26 to discuss pending federal legislation with local business and industrial men, according to Robert J. St. Clair, Pontiac Chamber of Commerce manager.

County Births

Notations — Mrs. and Mr. Harold Trimble announce the birth of a daughter May 12.

Mrs. and Mr. Earl Kennedy announce the birth of a daughter May 13.

Won 9 Letters at Walled Lake High

Westacres Youth is Named Best Athlete of 1954 Class

WALLED LAKE — Best athlete of the class of 1954 was the title awarded Mike Ryan, son of Mr. and Mrs. William Ryan of Westacres this week.

Walled Lake High School Athletic Director Tom Evans made the presentation at the Rotary Club's All-Sports dinner for senior lettermen. Mike received nine letters during his high school career.

The letters and final award were of special significance to Mike, who spent one of his early years downed by tuberculosis.

The danger of becoming overtired led him to keep strict training rules.

He won four letters in golf, two in football, and three in basketball.

In addition to his prowess on the athletic field, he becomes a member of the National Honor Society and was president of his class for the past two years.

The eldest of the Ryan's four children, Mike has lived in Westacres most of his life. Future plans include attending General Motors Institute.

Art Club Draws 9

CASS CITY — The May meeting of the Art Club drew nine members and one guest to the home of Mrs. Ralph Ward recently. Entertainment was arranged by Mrs. E. A. Livingston. The June meeting is scheduled for Mrs. Christina Goodall's home.

Corn, Oats, Rye Move Weakly

CHICAGO (AP)—After a little early hesitancy, grains settled around previous closing levels on the board of trade today. Soybeans and hard wheat were weak. Trading was slow throughout the market.

Corn, oats and rye hardly seemed to know which way to turn in response to a department of Agriculture announcement it would offer for export its holdings of the grains at 10 to 15 cents a bushel less than current market prices.

Wheat softened a little on the opening on favorable growing weather reports from the southwest. Later trade recovered lost major fractions.

During the first hour wheat was 1/4 cent higher to 1/2 lower, July \$1.55, corn was 1/4 to 1/2 lower, July \$1.53 1/2; oats were 1/4 higher to 1/2 lower, July 71, and rye was 1/4 higher to 1/2 lower, July \$1.04. Soybeans were 4 1/2 cents lower to 1 1/2 higher, July \$3.53, and hard wheat was 2 1/2 to 4 1/2 cents a hundred weight lower, July \$16.47.
