

Showers Fall As State Goes to Polls

Here's Miss Front Page for April

Pontiac Press Photo

Yes, "April showers bring May flowers."

But this time they're bringing something a lot more exciting.

Welcome, Miss Front Page for April, in the person of Genevieve Dovre, 1200 Jay Street, Waterford Township.

Who wants to look at a bucket of rain or even some shining drops in transit when you can glimpse Miss Genevieve?

This comely blonde is a senior in Waterford High and she's the daughter

of Mr. and Mrs. Theodore Dovre. Her daddy's employed at the Stainless Ware Company in Walled Lake.

A passing shower or a torrential rain wouldn't phase Miss Genevieve, anyway. Swimming and water sports are her favorite activities.

She's majoring in stenography and after graduation in June she plans to find work along those lines. (Prospective employers will form on the left and no crowding at the back, please.)

Cheerio, Genevieve. We're happy to nod in your direction for April.

Desert Tragedy Spotlights Slave Trade

Iran Troops Hunt Slayers

TEHRAN (INS)—Hundreds of Iranian troops were reported tightening the ring today around the fierce desert outlaws who murdered pretty Anita Carroll.

Discovery of the 35-year-old American woman's body yesterday in the southeastern desert wastes of Iran served to intensify the hunt for the killers.

Meanwhile, an inquest and a scheduled news conference in the U.S. embassy in Tehran were expected to disclose the untold facts—so far as they are known—in the bizarre "Arabian Nights" case.

Mrs. Carroll's body was found just seven miles from the spot where her husband, Kevin, and another American aid official, Brewster Wilson, were slain in an ambush on March 24. The tragic ending to the story came after a week-long hunt for the bandit tribe that was thought

Iran's Ala to Resign

TEHRAN, Iran (AP)—Sources close to the Iranian government said today Prime Minister Hussein Ala has told associates he will resign as result of the desert bandit massacre of three Americans.

to have taken Anita alive and to have planned to sell her in the Arabian slave markets.

The U. S. Embassy said Mrs. Carroll, of Issaquah, Wash., apparently had been killed the same day as her husband. The spokesman, Charles R. Payne, said the woman had been shot but that she apparently had not been raped or tortured.

The woman's body was flown to Tehran last night and a special service was held for her in the American chapel. More than 500 persons attended, including several cabinet ministers.

In Issaquah, Wash., the parents of Mrs. Carroll went into seclusion today after being officially informed that their daughter's body had been found.

Plainly stunned by the tragic news, Mr. and Mrs. John Huovar refused to see anyone other than members of the family at the motel they operate in Issaquah. Up until the body was found by (Continued on Page 2, Col. 4)

Lansing Votes Bus Plan

LANSING (AP)—Lansing is voting today between private or public ownership of the city's bus system. With the bus system going steadily into the red, the council said, "The people should be informed that regardless of what choice they make it will require money from the local tax dollar."

Rackets Probe to Recall Beck

McClellan Plans Later Hearing, Urges Laws to Curb Fund Misuse

WASHINGTON (INS)—Possible criminal prosecution faced Dave Beck today as congressional support mushroomed for new laws to prevent misuse of funds or other misdeeds by union officers.

Testimony given in the Senate probe of labor racketeering has convinced many congressmen, administration officials and even some labor leaders that laws must be strengthened to insure that union members get a proper accounting of how their dues are used.

However, most of the advocates of legislation want first to give the labor organizations a chance to clean up their own houses.

Sen. John L. McClellan (D-Ark.), chairman of the special Senate committee investigating labor-management practices, said yesterday the hearings concerning the Teamsters union "clearly indicates to me now there should be federal legislation to insure the democratic processes in unions."

He also said Congress should act to "insure the security" of union funds "so they can not be dissipated or misappropriated or stolen or diverted to any other purpose than union purposes, except for the purpose of safe investment."

McClellan indicated the committee has more evidence against Beck and said Beck would be recalled by the committee later.

In the meantime, he said, the committee is ready to start new hearings within two weeks in any one of four cities—New York, Los Angeles, Philadelphia and Canton, Pa.

Sen. Irving Ives (R-N. Y.), vice chairman of the committee, said flatly there will be new laws passed to prevent some union leaders from abusing their power. But he said such legislation will not be framed until the committee hearings have gone deeper into the matter.

Gross Fees Led County

Salaries Favored by 2 Top Justices

Allen C. Ingle, Farmington Township justice of the peace who last year grossed \$29,146 on a fee basis, says he is for straight salaries instead.

Ingle, whose wages as justice were the second highest in the county, criticized the free system that makes income dependent on a big volume of police cases.

"I would rather be on a salary," said Ingle, "and I think most of the justices in the state would like to get away from fees."

As president of the Oakland County Judicial Association, which represents most of the county's justices, Ingle said he believed the change generally is favored locally, also.

"It probably would mean more taxes," he warned, "and would have to be set up by the state on a flexible basis for the benefit of justices in highly-populated areas."

The county's top money-making justice, Willis D. Lefurgy, also calls for "serious consideration of a change-over to salaries."

\$33,000 GROSS
Lefurgy, Waterford Township justice who grossed \$33,202 from township ordinance cases last year, said, "I know it sounds funny for (Continued on Page 2, Col. 1)

Showers Predicted, Mercury to Climb

The U. S. Weather Bureau predicts occasional rain this evening, with a low of 36 to 40.

Tomorrow will be partly cloudy with a few showers and cooler, with a high of 40 to 45. The mercury was expected to reach 54 to 58 degrees today, and at 1 p. m. the temperature was 50.

Temperatures are expected to the average near or slightly above the normal maximum of 51 and normal minimum of 33 for the next five days.

The lowest temperature recorded in downtown Pontiac preceding 8 a. m. was 39.

Check New Pot-O-Gold Rules

Use Numbers in \$200 Try

It looks as though we're having a winning streak with Pot-O-Gold, so now's the time to get busy on your entry. This week's puzzle on page 20 is worth \$200 if there isn't a winner for last week's puzzle, and with the new set-up to make it easier, you have even more incentive to try your luck.

Don't forget to read the new rules. And remember, it's the numbers which go in the blank spaces, not the words. We have no way of checking your puzzle if just the word is written in.

Deadline for this puzzle is Tuesday, April 2. Send your entry on a postcard, and on time.

Hospital Wing Cornerstone Laid

ANOTHER CIVIC MILESTONE — Another local milestone was marked Saturday when Pontiac General Hospital Director Miss Lauretta Paul (right) applied the mortar for the laying of the cornerstone for the 200-bed addition at the

city hospital. Watching Miss Paul are (l-r) Harold S. Goldberg, treasurer of the hospital's Board of Trustees, Judge H. Russel Holland, and Harold B. Euler, chairman of the public relations committee of the board.

They Bring Your Daily Bread

Teamster Drivers Grip Reins of U. S. Trucking

WASHINGTON (AP)—Practically everything you own and use — your furniture, bread, milk, laundry, clothes, beer, even the hearse that takes you on that final ride — is handled by a member of the Teamsters Union.

It's an organization with 1½ million members, mainly truck drivers and chauffeurs, but also production workers in various fields.

Nearly one out of every hundred people in the nation belongs and pays dues to the Teamsters Union.

It collects about 100 million dollars a year in dues and controls welfare funds several times that amount.

CONTROL SYSTEM

The teamsters hold quite a grip on the nation's transportation system, which is not to say that in itself is a bad thing. The union has cooperated to the hilt with truck operators to develop the industry into a valuable American asset.

The statistics furnish an inkling of the inherent economic power of the giant labor union which, for more than a month, has been the main target of Senate rackets investigators.

When James R. Hoffa, Teamsters Midwest kingpin and vice president, was arrested here on charges of bribing an investigator for the rackets committee, Chairman McClellan (D-Ark.) said Hoffa "controls the nation's transportation system, except for railroads from the Rocky Mountains to the Atlantic Ocean."

This left out the Far West, but there Frank W. Brewster, another union vice president, wields similar influence.

Over them, nominally at least, stands Dave Beck, the Teamsters Union general president. Beck has refused to tell McClellan's

committee under oath—invoking the Fifth Amendment—what he has proclaimed publicly away from the committee; that he borrowed some \$300,000 to \$400,000 in union funds, but repaid it.

The Teamsters Union has been on the American scene a long time. Originally the teamsters were all wagon drivers.

The exact title of the union to (Continued on Page 2, Col. 8)

Farmington Dem Denies Choking Parade Opponent

Farmington Township Democratic candidate for supervisor Frank J. Stephenson today denied he choked a Republican in a political parade incident yesterday.

A warrant charging assault was issued by Farmington Township Justice of the Peace Allan C. Ingle, on the complaint of Frank J. Williams, 20.

According to Stephenson, Williams kept bumping the truck he was riding in in the course of the parade which Republicans started and Democrats joined.

Stephenson said he went back to the driver, Williams, and shook his finger under Williams' nose, but did not touch him.

Stephenson is accused of ripping a Republican banner off Williams' truck, and then choking him.

Don't Gamble Your Life Away With Neglect

Always Watch for Cancer Danger Signals

By JOSEPHINE LOWMAN

The American Cancer Society crusades all year against that dread disease. It crusades constantly by alerting the public against the danger signals of cancer, and also through brilliant and dedicated research.

It begs you to investigate any symptoms such as any unusual discharge or bleeding, a persistent cough or hoarseness, any unexplained lumps, persistent indigestion, a sore that does not heal or a mole or wart that changes in appearance, or any change in bowel or bladder habits.

Not so long ago I printed in this column the rewarding percentages of cancer cures which were effected because of early diagnosis and treatment. That makes all the difference!

I know it is frightening to investigate a symptom which could come from cancer, but it would be much more frightening to find that you have done so too late. Usually the symptoms are due to some other condition, but do not gamble your life away because of neglect!

During April the American Cancer Society makes a special effort to bring essential information to the public. We never think of cancer as a hazard for young folks. Actually, percentage-wise, it isn't. However we, the public, are beginning to realize that cancer is not confined to older age groups but can and does strike the very young.

LIFE PROLONGED
Leukemia is one of the most usual forms of cancer in children and young people. It seems to be an aftermath of an acute infectious illness. In the past, leukemia was swiftly fatal. Today certain treatments and drugs can bring relief and prolong life, although there is not yet a cure.

Although cancer is rare in children it happens often enough to warrant parental education concerning it.

The American Cancer Society has given me permission to offer my readers its booklet "Cancer in Children" free of charge.

If you would like to have this booklet, send your name and address with your request for it to the American Cancer Society, 521 West 57th St., New York 19, N.Y. Remember, too, that any donation you may send will help finance further research which may save thousands of lives.

**OLDER PEOPLE, TOO
CAN BE FASCINATING**

As refreshing as a breeze on a mountain top to those of us who have been graduated from the teenage set, comes word that all is not yet lost. As a matter of fact we are supposed to have the capacity for being right bright.

Dr. Hugh Cabot, sociologist and executive director of Age Center of men and women are cranky in

later years they were that way in their youth.

He says in the American Medical Association's magazine "To-day's Health," "The same goes for mental sluggishness unless it

is caused by disease. Many teenagers show sluggish thinking if their environment bores them. This would be laid to old age if they were 40 years older."

Don't gamble your life away. If you have any unusual symptoms, see your doctor.

Woman Should Be More Than Reflection of Hubby

Her First Duty Is to Make the Most of Opportunities for Self-Development

By RUTH MILLETT

A woman is something more than the reflection she sees of herself in her husband's eyes.

Most of the advice written for her overlooks that fact. She is forever being told to "keep up with her husband." But she is rarely told to develop her own potentialities to the utmost simply because doing so will enable her to lead a full and happy life.

She is warned that she must not let herself go or her husband may turn to some other woman. She is rarely told that staying as attractive as she possibly can will add immeasurably to her own self-esteem. And also keeps

her from feeling unhappy and dissatisfied with herself.

She is told over and over to share her husband's hobbies. But the importance of having enjoyable hobbies for their own sake and not just to make her companionable is hardly ever stressed.

She is often warned that her husband and children might suffer if she combines homemaking with a full-time job. But who bothers to tell her that she may be cheating herself by spreading herself so thin she never can do either job to her entire satisfaction?

She is taught a lot of tricks for holding onto a man instead of be-

ing encouraged to be the kind of woman that a man wouldn't want to lose.

What is so often overlooked in the advice given women is that a woman is a person. And that being so, her first duty is to make the most of her potentialities and opportunities, not just for the sake of husband and children, but for her own sake.

She is important, too.

Noted Lawyer Dies of Cancer

Slocum Led in Fight for Freedom of Press on Philadelphia Paper

PHILADELPHIA (AP)—Richard W. Slocum, 55, lawyer turned newspaperman who became executive vice president of the Philadelphia Bulletin and a leading voice for freedom of the press, died yesterday of cancer in University Hospital.

He had entered the hospital March 4.

A tall, impressively built man, Slocum began his association with the Bulletin in 1938 as general manager. He came to the attention of Publisher Robert McLean while representing the afternoon newspaper in a labor relations case.

His early newspaper interests included work of the American Newspaper Publishers Assn. and its bureau of advertising. He became vice chairman of the bureau in 1945 and chairman in 1947.

Slocum also served as secretary, director and vice president of the ANPA and became president of the organization in 1954, serving through 1955.

He was a constant advocate of a strong and unfettered press, free of any type of censorship.

William Dwight, present president of the ANPA and publisher of the Holyoke (Mass.) Transcript-Telegram, issued a statement praising Slocum for inspiring "us to press forward in a crusade for the 'precious right of the American people to know, a right that is fundamental to a free society.'"

"He gave unsparingly of his talents, his wisdom and his energy to this and to other causes pertaining to service to the American people," Dwight said.

Vice President Nixon expressed his "deepest sympathy" to the family over the death of Slocum, whom he called "a close personal friend."

He is survived by his wife, the former Catherine Luden of Reading, and two sons and six daughters.

Funeral services will be held here Wednesday.

Dig for 6 Workers in Japanese Slide

OBIIHRO, Japan (AP)—Rescue workers dug through 30 feet of snow today in search of six men missing after avalanches crumpled a group of construction sheds.

Twelve men were killed and 10 others injured.

A snowstorm hampered rescue work by more than 200 soldiers, police and villagers.

Two slides—caused by rising temperatures and weekend rains—rambled down the mountainside yesterday, cutting a 30-foot swath. The first smashed two wooden office buildings and a bunkhouse. The second crushed two bunkhouses occupied by 65 workers.

Forty men got out unhurt.

Willow Run Expressway Has Biggest Road Sign

DETROIT (INS)—The world's largest outdoor highway advertising sign is being constructed on the Willow Run Expressway, about 20 miles west of Detroit.

The 80 x 100-foot aluminum sign pictures a giant size box of aluminum foil. The sign is hung from cables suspended from two towers.

More than 100,000 cars pass the sign location each day.

BORDER GUARDS—Two Israeli settlers look down from a high sentry tower as they talk with an armed guard along the Gaza Strip. Since the restoration of the Strip to Egyptian administration, the Israelis have complained of raids into their settlements from the Arabian side of the border, bringing resumption of 24-hour patrols.

Festival Opens in James River

State of Virginia Marks Year of First Settlement

JAMESTOWN, Va. (AP)—The state of Virginia opens an eight-month historical festival today on this tiny James River island where, 3½ centuries ago, the new world was born.

A nearly perfect replica of the first permanent settlement in the new world has been built.

Offshore lie duplicates of the three flaxen-sailed ships which, in 1607, brought the 105 colonists from England—the Susan Constant, the Godspeed and the Discovery.

There are duplicates too of the palisaded fort built by the settlers for protection from the Indians; of Powhatan's lodge, home of the famed Indian chief; and of the glasshouse, where the colonists manufactured glass.

Real Indians in authentic costumes will staff Powhatan's lodge.

The festival opens officially with a brief address by Virginia Gov. Thomas B. Stanley at the "Court of Welcome" on Glasshouse Point. Participating also are Secretary of Commerce Sinclair Weeks and Viscount Hailsham, British minister of education and leader of a British good will mission to the festival.

Virginia hopes that by the end of the year, more than three million visitors will tour the festival park. Among expected guests: Queen Elizabeth II of Great Britain and President Eisenhower.

Truck Driver Held; Detroit Tot Injured in Fall Downstairs

DETROIT (AP)—A 28-year-old truck driver was held for questioning today after a 2-year-old girl with whom he was baby sitting was found to be injured critically.

Detective Melvin Backman of the homicide bureau said Lifford Sovo of Detroit told him the child, Kathleen Solomon, was injured in a fall down a 20-step stair flight.

Children's hospital authorities said Kathleen suffered a severe concussion, internal bleeding, numerous bruises and a possible skull fracture.

Sova is an acquaintance of the child's mother, Mrs. Stella Solomon, 25. Mrs. Solomon said she left Kathleen and her brother David, 5, in Sova's care while she went shopping Saturday.

Sova told homicide detectives he took the children to his apartment where he planned to shave before taking them to visit his relatives. He said he sent the boy to the attic to sleep and told Kathleen to nap on a sofa.

The trucker told detectives the child refused to obey him and began playing on the dirty floor. He said he spanked her.

After shaving, Sova said, he and Kathleen went to the attic and awakened David. He said as the three came down the stairs Kathleen refused to hold either his hand or David's. She fell and tumbled down the stairs, Sova said.

Sova said he took the children to their own home and put them to bed and then searched for the mother. He found her in the back yard.

He told police Mrs. Solomon became hysterical when he told her of Kathleen's fall. Frightened, Sova said, he drove to Toledo and spent the night there before returning yesterday and calling an attorney who advised him to surrender to police.

He was picked up while preparing to give himself up, his attorney, John Gillis, said.

Police said Sova's account of Kathleen's fall was supported partially by David's account of the day's activities.

Slate Beaumont Lecture

ANN ARBOR (AP)—The chairman of the University of Michigan Department of Surgery, Dr. Frederick A. Collier, will deliver the 36th annual William Beaumont lecture in Wayne State University Medical Auditorium in Detroit today.

The lecture honors Beaumont, who was an army surgeon on Mackinac Island in 1822. It is sponsored by the Wayne County Medical Society.

Winners in the Southeast Michigan contest will compete in the National Industry Award Contest to be held in New York City.

Los Angeles Sees Boom in Back Yard Oil Drilling

LOS ANGELES (AP)—A back yard oil boom is sprouting here.

In this deal the oil man calls and pays you say \$10 or more just to sign your name to the papers. Then if the company gets oil you get one-sixth royalty or more. How can you lose?

Oil companies are leasing up large residential areas within the city limits. If the City Council approves, the companies will start slant drilling under the homes from a removed, or even secluded, drill site.

Oil men say this current activity probably was set off by the successful drilling on the lot of 20th Century-Fox film studio, which is

within the city limits and immediately adjacent to Beverly Hills. Also, the rate of oil production in California has been declining and oil men are sniffing around for new fields. Eleven electrically powered wells on the 20th Century-Fox lot are producing about 3,000 barrels a day.

Last Friday the City Council approved a 35-square-block oil-drilling district adjoining 20th Century-Fox studio. Universal Consolidated Oil Co. was granted permission to slant drill from the studio site under the nearby residences. Owners of approximately 2,000 homes have been signed in this deal.

Union Oil Co. and other firms are leasing a large residential area southeast of the Hollywood business district. It takes 51 per cent of the property owners in any district to give a company drilling rights.

If oil is found how much can the owner of an average 50-by-150-foot lot expect to receive? Some sources estimate \$30 a month might be reasonable, depending on production.

Circus Rolls Into East Minus Familiar Tent

NEW YORK (AP)—The circus rolled into town yesterday with its roaring animals, painted clowns and trapeze artists.

The 1957 edition of the Ringling Brothers, Barnum & Bailey show opens in Madison Square Garden Wednesday. After the circus leaves on tour May 13, it will appear only in covered arenas, stadiums and ball parks around the country without the big top.

Actress Returns Home to Treat Finger Injury

HOLLYWOOD (AP)—Actress Mamie Van Doren is in town for treatment of an ailment incurred in the line of duty.

Miss Van Doren the wife of band leader Ray Anthony, flew in from Chicago wearing a small bandage on the middle finger of her right hand.

She told newsmen the finger was accidentally nicked while she was getting a manicure in preparation for a personal appearance to boost a recent movie. Blood poisoning set in and she decided to return here for treatment.

INDIAN RELIC—Fred A. Proffitt, of Pontiac, holds the Indian tool he found recently during a stroll near Clarkston. The stone has been identified as dating back before the white man and was probably used as the blade of a hoe or adze.

Relic of Indian Civilization

Pontiac Man Uncovers Sharp-Edged Stone Tool

A large, heavy stone implement, said he had seen similar ones found in Illinois, but not as large. There is no way to determine just how old it is, Dr. Hatt said, but the Indian who made it apparently did not finish the job.

Fred A. Proffitt, of 213 Parkdale Ave., found the relic while taking a stroll Saturday, March 24.

He showed it to Dr. Robert T. Hatt, director of the Cranbrook Institute of Science, who said it is an Indian tool, probably used as a hoe or adze blade.

Dr. Hatt told Proffitt the tool undoubtedly was used before the white man came to Michigan. He

Bruins Go 1-Up in Stanley Cup Semis

Detroit Rally Erased by Cal Gardener, 4-3

His Late Goal Brings Boston 2-1 Lead Over Wings in Playoffs

BOSTON (U.P.) — The Boston Bruins, "a bunch of guys who have fought back all season," have the edge on Detroit in the semifinal Stanley Cup hockey playoff series but realize their task has only begun.

"It's half of what we want here," Coach Milt Schmidt said last night after the Bruins defeated Detroit 4-3 to take a 2-1 lead in the best-of-seven series.

"Now we have to win our second game here (at home tomorrow night)," Schmidt added. "We can't afford to lose that one."

The teams split the first two contests in Detroit. The Bruins made mistakes which cost them a 3-1 lead but came back to win on veteran Cal Gardener's 20-foot shot at 13:28 of the third period.

Gardner, 32-year old center from Leaside, Ont., fittingly produced the winner.

Gardner scored the deciding goal in the final game of the 1948-49 Stanley Cup playoffs as Toronto defeated Detroit 3-1.

"I took a pass from Vic Stasiuk and picked out the lower corner," explained "iron man" Cal who now has played in 447 consecutive NHL games as part of his 11-year service.

"I wasn't rushed too much and found the opening," Gardner added. "It felt great to see that puck go in."

"It just shows once again what guys these fellows have," Schmidt said of the team. "They just don't know the word quit. They're a bunch of guys who have fought back all season."

"Simmons (rookie goalie Don Simmons) played a darn good game for us."

"Mistakes cost us the last two Detroit goals. Fleming Mackell made a bad mistake on the first when he cut in front of the net. Then another defensive lapse cost us the second goal."

With Boston leading 3-1, Detroit scored twice early in the third period as Gordie Howe and rookie Billy Dea did the honors.

Capt. Fernie Fiaman, No. 1 Boston defenseman, came out of the game with a twisted ankle, a recurrence of an old injury. He hopes to be fit for tomorrow. Otherwise the team survived in good shape.

Favored Montreal, leading 2-1, meets New York at home tomorrow night following its 8-3 conquest of the Rangers Saturday night.

PHS 3rd; Ray Sets High Jump Mark

Maples Top Relays at Ypsi

Pontiac's All-County basketball star Hudson Ray made the rapid switch to the track in easy fashion Saturday as he set an unofficial state high jump record of six feet, five and seven-eighths inches in the highlight of the 2nd annual Huron Relays held at Eastern Michigan College.

Ray easily bested the state record of six feet, four but cannot be considered the all-time leader unless he breaks the mark in the state meet at the end of the season. The leap also was a new high for the meet, the fieldhouse and PHS.

Birmingham and Flint Northern were rated the outstanding teams in the 18-school event with the Maples given a 26-35 edge in the unofficial totals. Pontiac ranked 3rd, Berkley 7th, Waterford 9th, and Royal Oak 15th. The Chiefs had 27 points.

Walled Lake was the only area school represented in Class B with two 3rds by Larry Hughes and a 2nd in the pole vault by Frank Fink pacing the Vikings.

Jim Hawkins was the only other PHS entry to gain a 1st. His

leap of 20 feet 13 and 1/4 inches won the broad jump.

A record-setting performance by Tom Segal and an impressive triumph in the two mile relay paced Birmingham to victory.

Segal vaulted 12 feet, six and 3/4 inches to establish a new meet and school mark. Dick Boyd, Phil Ingraham, Gary Schack and Lynn Benn also set a record taking the two mile relay in 8:47.7.

The Maples also had seconds in

the 880-yard and medley relays and Bob Stephenson with ex-Chief Gene Lawson of Highland Park deadlocked for runnerup in the high jump. Pat Barry had a 4th in the 60-yard dash.

Pontiac's shuttle relay team gained a 2nd in that event as did Roger Contes in the mile. Bill Cole and Stan Jones had 4ths for Waterford in the hurdle races. The Skipper shuttle hurdle team ranked 3rd.

Jerry Meyers sparked Berkley with two runnerup finishes, while Bob Walsh of Royal Oak also had a 2nd place.

Pontiac shot putter Mike Hardman set a new PHS record of 48 feet, 11 inches to rank 4th. He hurled the shot 51 feet during the meet but it was nullified by a foul.

Gonzales Plans to Quit Troupe After May 26

MONTREAL (U.P.) — Big Pancho Gonzales, the king of professional tennis, today decided to quit Jack Kramer's professional troupe after its last American match on May 26.

Plagued by a cyst on his racket hand, Gonzales, who has taken on and licked all comers since he began playing for Kramer, said: "I need a rest. I've been playing continuously for 18 months and I want to give my hand a chance to heal."

He is leading Ken Rosewall, 28, 12, in their 100-match series. But the series won't go that long. Thirty more, and Gonzales is pulling out.

Rosewall won the last match in nearby Sherbrooke, 6-4, 6-1, Saturday night.

Palmer Takes Azalea Open

WILMINGTON, N. C. (U.P.) — Although he outshot only four of the 24 other money winners in the Azalea Open golf tournament's final round, Arnold Palmer's 54-hole lead stood up and he eased out with a one-stroke victory that added \$1,700 to his earnings.

The 27-year-old Latrobe, Pa., professional finished yesterday with a lack-lustre 75, three over par on the 6,800 Cape Fear Country Club Course, but it was good enough for a winning 282 total, one shot less than runner-up Dow Finsterwald of Jupiter, Fla., needed.

Palmer's score, on rounds of 70-67-70-75, was the highest posted in nine years of Azalea Open play. As a matter of fact, three years ago, while still an amateur playing out of Wake Forest College, he tied for seventh here with a 280.

Palmer, who went on to win the National amateur title that year, is the No. 2 money winner this year with official earnings just under \$12,000.

Palmer headed for Augusta.

Ga., and the Masters tournament today.

Bert Weaver of Beaumont, Tex., won his biggest prize of the tour, \$1,100, with a 72 finish for 287 and third place.

3rd in Swim Regatta

MIAMI, Fla. (U.P.) — Dick Lade of Grand Rapids, Mich., finished third in the men's 100-yard backstroke in the Miami International Swim Regatta here yesterday.

Watrous to Play in International Golf Tournament

Al Watrous, pro at Oakland Hills, will be the American representative in the International Senior Professional Trophy Match to be played at the Pollok Golf Club in Glasgow, Scotland, June 28.

His opponent will be the winner of the Teachers' Senior Tournament to be played at Fulwell Golf Club near London April 10-12.

Present holder of the International Trophy is Bob Kenyon of England who defeated Pete Burke last year. Watrous is the 1957 PGA Seniors champion.

Cranbrook 9 Drops 3rd Straight Game

Saturday was another bad day for Cranbrook's traveling baseball team. The Cranes were defeated by Greensboro (N.C.), 10-4, for their 3rd setback in as many games.

Greensboro tied the decision with five runs in the 2nd inning on a walk, an error and four hits, including a homer by Bill Mock. Lloyd Asbury paced Cranbrook's seven-hit attack with a single and double.

The Cranes resume their southern tour today and tomorrow with games against the Pfeiffer College freshmen at Misenheimer, N.C. Dave Campbell will start on the mound today for the Cranes.

MSU Finishes Tied for Baseball Title

TALLAHASSEE, Fla. (U.P.) — Michigan State rolled over Yale 17-8 and finished in a three-way tie for the championship of the Florida State University baseball tournament here over the weekend.

The Spartans finished in a tie Saturday night with Duke and FSU. Each team won four games and lost two.

Yale, the other entry in the tournament, lost all six games.

Schoendienst Named

PHOENIX, Ariz. (U.P.) — Red Schoendienst has joined an imposing group of New York Giants' captains.

The 34-year-old second baseman was given the distinction yesterday. The captaincy carries with it a \$500 salary.

Pontiac, Keego Bowlers Win Women's Tournament

Pontiac swept the team and doubles titles and a Keego Harbor woman gained the singles championship as the 24th annual Pontiac Women's Bowling Association tournament came to a close last night.

The Wards Furniture team, captained by Viola Cargal, won the team crown for the 2nd straight year with a 2979 handicap total by rolling a 2467 actual score.

Other victors were the Gerry Hintz-Shirley Pointer pair in doubles and Eleanor Baxter in singles. Hintz and Pointer, who was the 1956 singles and all-events star,

combined for an impressive 1289 to easily defeat another Pontiac duo of Mary Ann Toles and Greta Swanson. The latter pair had dominated the event from the opening weekend with 1259.

There were no final weekend threats to Mrs. Baxter who had tallied her 725 on the 3rd round. Closest was Juanita Tarlton of Drayton Plains at 713.

Air Force Five AAU Champions

DENVER (U.P.) — Two former collegians now in uniform — Stanford's Ron Tomasic and St. Louis' Dick Boushka — can take much of the credit today for the first National AAU basketball crown won by the Air Force.

The 1956 U. S. Olympic teammates powered the Air Force All-Stars to an 87-74 triumph over the San Francisco Olympic Club and the title Saturday night.

The decision

of Arthur Maxwell

There once was an intelligent young man named Arthur Maxwell. He thought he would like to "step up" to a "medium-priced" car. So he went and looked at a model just "a few dollars more" than a Ford. At first glance it looked good. But when he got inside he exclaimed, "No radio? No heater? No automatic transmission? You call this *Luxury*?" He soon saw that a *medium-priced* car with equipment he wanted became a *high-priced* car. So, being an intelligent young man he dashed off to his Ford Dealer and bought a *Ford Fairlane 500*—the true luxury car in the low-price field—with all the equipment he wanted for less money than the stripped-down model he had thought he wanted.

Why don't you do as Arthur did?

The Pontiac Board of Education recently adopted a resolution at a special meeting congratulating coach Art Van Ryzin and his coach staff, Fred Zittle and Ralph Grubb, for leading the Chiefs through an unbeaten season in the Saginaw Valley Conference.

Two Pontiac men, Dick Mine-weaver and Dick Wheldon, are the donors of a trophy which will be awarded at the YMCA state championships in Battle Creek April 5th and 6th. The trophy is for the Intermediate "B" division for boys from 15 through 17.

Warren Orlick, Tam O'Shanter pro, and president of the Michigan Section of the PGA, has been appointed to serve on the rules committee of the Masters Tournament in Augusta this week. The tourney starts Thursday and goes through Sunday.

Bill Ebben, U. of D's cage sensation, amazed New Yorkers in the East-West all-star game by hitting on six of eight shots including five straight. He led the West team, which lost a 73-63 decision, with 13 points.

Dave DeBusschere of Detroit, Austin Catholic, Ron Scott of Harper Woods, Joe Lucchi of Negaunee and Ed Burton and Ron Robinson of Muskegon Heights were named to the all-tournament basketball team picked by Michigan sports-writers attending the state school-boy tourney. DeBusschere nosed out Burton in the voting for the most outstanding player. Burton was the only unanimous choice for a team berth.

Ohio City May Stage
Dupas - Martinez Bout

NEW ORLEANS (AP)—The Ralph Dupas-Vince Martinez lightweight fight, center of a controversy, may be held in Indianapolis May 29 if it is barred here.

Lee Farb, Indianapolis promoter, last night offered Heard Regas, local sponsor of the fight, to co-promote the bout in Indianapolis if he cannot stage it here next Monday night.

Farb telephoned Regas that the fight between Dumas, fourth-ranking lightweight from New Orleans, and his Paterson, N.J., opponent "is the top ring attraction in the country at present and Indianapolis would be honored to present it as such."

The controversy arose when the Louisiana State Athletic Commission opened a stormy hearing last Friday night on the racial background of the New Orleans light-

weight. The commission reached no decision and recessed until tomorrow night.

Then City Judge Rene Viosca scheduled a hearing for tomorrow morning on an injunction requested by Regas that could stop the commission from continuing its inquiry on Dumas.

Dupas, who was called a Negro, vigorously denied he had Negro parents. Louisiana law bars athletic contests between white and Negro opponents. Martinez is white.

Farb estimated the fight in Indianapolis on the eve of the Memorial Day Speedway Classic, would draw \$50,000 to \$100,000.

Get Blasted in Early
Innings

LAKEHILL, Fla. (AP)—Manager Jack Tighe's plans call for Tiger pitchers to start going the route—all nine innings—but there are bound to be days the opposition will make that a tough assignment.

Little Duke Maas, a righthander who worked in 26 games with the Tigers last season without finding a single victory, is getting the nod as the first pitcher to go all the way in a spring exhibition game.

And if the Tigers' opponents for today act like they usually do, Tighe's plans could be altered on short notice.

Maas will face the New York Yankees.

Considerably less than the Yankees played havoc with Tighe's strategy yesterday. The Charleston Senators, the Tiger farm club in the American Association, rolled over a lineup of Detroit second stringers for an 8-2 victory.

Tighe sent his regulars home before the first pitch and Charleston promptly chased around three runs in the second inning—all that was needed for victory in the end—and added three in the third and two in the fourth for good measure.

Hal Woodeshick and Max Simmons took the brunt of the Charleston attack. Woodeshick started the game and gave way to Simmons in the third. Chuck Daniels, who moved to the mound in the fourth inning, held Charleston scoreless until the ninth.

After the game Tighe announced that catcher Charley Lau, a product of Romulus, Mich., is going back to Charleston. The change cut the Tiger roster to 33 players.

Divers Lead Way in NCAA

'M' Tankers Champs

CHAPEL HILL, N. C. (AP)—Michigan stood at the top of national collegiate swimming teams today thanks to its divers, a great medley relay team and Yale's failure to qualify more men.

Yale was unable to send as many men into the finals as veteran Coach, Bob Kipphut anticipated, and Michigan came from behind to win the 1957 NCAA crown here Saturday night.

The stirring rally by Michigan, which trailed Yale 61-57 going into the final event, climaxed a record-breaking meet that saw Yale's Tim Jecko emerge as the individual star.

Jecko, 19-year-old sophomore of Bethesda, Md., won three events for 21 points to become the first triple titleholder since 1951. He

won the 200-yard individual medley and set meet records in the 200-yard butterfly, 2:09.5, and in the 100-yard butterfly, 1:54.6.

Michigan's medley relay team finished in a dead heat with Michigan State for first place in the 400-yard race to grab 12 points and the team championship, 69-61.

Michigan State was third with 52 points. Other teams scoring were: Indiana 48, Harvard 27, North Carolina 24, Oklahoma 23, Iowa 15, Northwestern 12, Southern Methodist 10, Amherst 9, Miami of Ohio 7, Army, Illinois and Bowdoin 5 each, Syracuse and Wisconsin 4, California, Purdue and Texas 3, Denver 2, and Knox and Stanford 1 each.

Led by Dick Kimball, Michigan pulled down 24 points in the diving. Kimball won the low board and high board diving.

Other double winners were North Carolina's Charlie Krepp, in the 100 and 200-yard backstroke, and Indiana's Bill Woolsey of Hawaii, who retained titles in the 220 and 440-yard freestyle events.

Denver Winner
of Ski Crown

Takes NCAA Title in
Utah Test; Dartmouth
Ace Top Performer

SNOW BASIN, Utah (AP)—Denver University won its fourth straight National Collegiate (NCAA) ski championship yesterday but Dartmouth's Ralph Miller, 23-year-old pre-medical student, was the individual star.

Miller got the Skimeister award for his showings in all four events of the three-day meet in which 20 colleges competed. He won the downhill, was third in the slalom, 11th in jumping and 12th in cross country.

But the Pioneers of the Rocky Mountains, featuring some Norwegian stars, piled up 577.95 team points as All Vincelle of Highland Park, N.Y., won yesterday's jumping and Peder Pytte of Kongsberg, Norway, was second.

D.U.'s Henning Arstøl of Moss, Norway, was fourth in the downhill yesterday and second in Saturday's slalom.

Vincelle won the jumping with leaps of 128 and 104 feet. Pytte made the longest jump of the day—129 feet. But the event is judged both on form and distance.

Meyer Succumbs at 65

Former Buc Manager Dies

KNOXVILLE, Tenn. (AP)—Death has claimed baseball's William Adam (Billy) Meyer, major league "Manager of the Year" with the underdog Pittsburgh Pirates in 1948. He died in a hospital yesterday.

The 65-year-old veteran of 46 years as player, manager, scout, and "trouble shooter" died of a heart and kidney ailment after a prolonged illness. He retired in 1955 after a stroke left him partly paralyzed in the left side.

Services for Meyer will be held here tomorrow afternoon. He is survived by his wife; two brothers, and three sisters, all of Knoxville.

Meyer managed the Pirates four

MEYER DIES—William Adam (Billy) Meyer, former manager of the Pittsburgh Pirates, died in a Knoxville, Tenn., hospital yesterday of a heart and kidney ailment. He was 65.

Meyer's baseball career started when he signed with his hometown Knoxville club in 1909. He had a brief trial as catcher for the Chicago White Stockings in 1913, and played with the Philadelphia Athletics in 1916 and 1917.

Beginning in 1918, he played for eight years with the Louisville Colonels of the American Assn., where he was roommate of Manager Joe McCarthy. He succeeded McCarthy as manager of the Colonels and won a pennant his first year.

McCarthy, who has since managed world championship Yankee teams, commented yesterday in Buffalo: "Billy was a great little manager, a great little catcher, a great little guy. We were very good friends."

After leaving Louisville, Meyer managed several teams in the Yankee farm system and turned down offers to manage the Cleveland Indians, Boston Braves, and Chicago Cubs before taking the Pittsburgh post.

He said at the time, "I waited a long time, but I know I made the right move. This outfit has the real romance of baseball."

Meyer became a scout and "trouble shooter" for the Pirates in 1952 and retired three years later because of his health.

Favor Duke for
Kentucky Derby

By THE ASSOCIATED PRESS

Horse racing in New York, site of the next important test for 3-year olds with designs on the May 4 running of the Kentucky Derby, swung into action on two fronts today with Gen. Duke's thrilling victory over Bold Ruler in Saturday's \$123,600 Florida Derby still a live conversation piece.

As "two buck Benny" and his richer cohorts headed toward Jamaica for the opening of the flat racing season while others waited for the inauguration of the trotting campaign at Yonkers tonight, they talked of what they saw on Saturday's television screen.

They saw Gen. Duke from Mrs. Gene Markey's Calumet Farm establish himself as the favorite for the Kentucky Derby in a race run so fast that all five entries bettered the track record. The Brown son of Bull Lea, with Willie Hartack handling the reins, hit the finish line in 1:46 2-5 to equal the world record.

Atlanta Peke Wins
Best of Show Honor

CHICAGO (AP)—Ch. Chik T'Sun, a Pekinese who was runner-up in the toy group last year, won "best in show" honors last night in the 17th annual International Kennel Club all-breed dog show.

Owned by Mr. and Mrs. C. C. Venable of Atlanta, Ga., and handled by Clara Alford, the champion picked up his 22nd best in show trophy and his 10th since January 13.

Matthews-Hargreaves Hits
Century Mark in Tourney

Matthews-Hargreaves passed the century mark with a 104-4 victory over Keego Harbor and Philgas, Boys Club and General Motors were other 1st round winners Sunday in the Gold Medal basketball tournament at St. Frederick.

Six players hit double figures for Matthews-Hargreaves, led by Gary Shore and Jerry Bradley with 20 points apiece. The winners had a 54-26 lead at halftime. John Wassel scored 21 for Keego.

Ken Titteridge tallied 15, Mel Taylor 14 and Cy Simpson 13 as General Motors dumped Philgas 61-44. Chet Woodmore with 13 and Felix Brooks with 10 were tops for Griff's.

Marv Caswell scored 12 points to lead the Boys Club to a 45-40

triumph over the Pontiac Merchants, Bill Buck and Jack Bailey each made 13 for the losers.

Philgas defeated the 6th & Woodbine quintet from Redford Township, 40-21. Mort Kluesner and Gerry O'Shaughnessy led Philgas with 12 and 11 respectively.

The tourney resumes Tuesday night with Drayton Drug meeting Booth Homes at 7 o'clock and the St. Fred Alumni playing Stadium Inn at 8:30. Yesterday's winners clash Wednesday, with the tourney windup slated Saturday and Sunday.

Milwaukee Bowlers
Take ABC Spotlight

FORT WORTH, Tex. (AP)—Two guys from Milwaukee stole the spotlight yesterday in the American bowling Congress tournament.

Little Jimmy (Moe) Miller, 26, one of the smallest bowlers in the big time ranks at 5-6 and 115 pounds, moved into second place in the singles standings, missing by a single pin a tie for the lead.

He shot a 3-game total of 707 on games of 205, 234 and 268. Miller missed the 6 pin in his 10th frame, foiling his chance to overtake Dean Overholser of Chicago. Overholser holds the singles lead with his 708 posted March 17.

Townships Approve Budgets and Annual Reports

Most Meetings Held Saturday

Commerce, Pontiac, Orion, Independence Boards Convene

COMMERCE TOWNSHIP—Residents of Commerce Township Saturday approved a proposed budget of \$98,754.68 at the annual meeting held in the Township Hall.

The budget covers township operating expenses for the period from April 1, 1957 through March 31, 1958.

A breakdown of the budget follows: Salaries and wages, \$22,000; fire department, \$19,500; township building maintenance, \$2,500; street lights, \$1,200; contribution to county fund for extra Sheriff's deputies for night patrol, \$9,304.68; election costs, \$1,000; car allowances for supervisor, fire chief, township building inspector and township assessor, \$2,000; bonding and insurance, \$800; legal and auditing, \$2,000; postage, printing and tax statements, \$1,200; zoning, \$2,500; miscellaneous, \$1,000; deficiency road maintenance, \$18,000; office machines (fax spreading machine and calculator, \$5,000; payments on purchase of Oakley Park fire station, \$1,750.

Pontiac Township Three motions were passed at the annual township meeting held Saturday, before adjournment ended the meeting after one-half hour.

The township's clerk report for the past year was accepted and approved. Establishments of a two-mill tax levy to support the township fire department was approved, and a one mill tax levy for general operation of the township was also approved.

Orion Township Keeping in mind the fact that township growth in the past 10 years had increased tax rolls from \$105,000 to \$407,000 here, township officials Saturday allocated funds for general purposes and raised the clerk's salary.

Board voted approval of the raise from \$1,800 to \$2,000 when it was pointed out that a fulltime clerk would reduce the amount for two part-time assistants who receive \$2,524. Supervisors'

Raise Officials' Salaries at Avon Area Session

ROCHESTER—More than 50 Avon Township residents attended the annual meeting held Saturday in the Avon Township Hall with Supervisor C. E. Miller presiding.

Officials' salaries were raised according to the growth of the township and extra work resulting thereby. The salary of the supervisor was raised from \$4,800 to \$8,000, clerk from \$5,000 to

\$7,500 and treasurer from \$4,500 to \$7,000.

Resolutions were made and voted upon favorably by the assembly on the spreading of one mill for township purposes and for the fire protection in Avon Township, all outside the village limits. The adjourned meeting set 60 days or the first meeting in June for the presentation of the financial statement.

salary was approved at \$4,800 and treasurer, \$4,800.

Funds set aside this year include: \$5,000 toward needed Township Police Dept.; \$2,000 sewers; \$2,000 future fire hall, and \$2,000 garbage disposal site on Kern road.

Independence Township

The budget for the coming fiscal year has been set for \$33,655. The salaries of the supervisor, clerk and treasurer were raised by a unanimous vote. The supervisor will get \$8,000, clerk \$5,500 and the treasurer \$6,500. Floyd Andrews stated that plans were under way to hire two assessors to set up a card system on the 8,800-acre parcel of land in the township. This system has proved to end 80 per cent of disagreements over tax assessments. It would be based on cubic content of buildings which is a much fairer form of assessment than the system now in use.

Set Record Figures for Southfield Year

SOUTHFIELD TOWNSHIP—A record budget of \$79,255 for 1957-58 presented by the township board was approved at the annual meeting held here on Saturday.

Last year's approved budget was \$515,000.

Supervisor Eugene Swen estimates the accepted budget to be \$126,000 higher than anticipated revenues.

Swen said the board will submit tax millage for approval before the 60-day limit.

School Party to Buy Flashers

Elmwood Parents Plan Wednesday Event for Safety Benefit

AVON TOWNSHIP—Elmwood School district residents had planned the installation of two flasher lights here, one on each side of the school, to slow traffic to 35 miles an hour.

However, after all requirements were filled, the parents found the price too much for the traffic committee to pay.

So residents have planned to give a "Stanley Party" Wednesday at 8 p.m. at the school, headed by Mrs. Leon Stewart.

All profits will go into the fund for the flashers, which will cost about \$365.

Elmwood School mothers will help and there will be prizes and refreshments. The group is asking that all purchases be cash at the party to eliminate extra bookkeeping.

Parents and friends interested in the safety of the children are urged "not to wait until tragedy strikes before action is taken."

County Calendar

Metamora Emeritus Educators of Lapeer County will hold annual meeting on Wednesday at 2:30 p.m. at the home of Mrs. May Thompson, 243 Clay street, Lapeer.

Lake Orion The second meeting for the mothers of teenagers will be held Tuesday at 8 p.m. in the high school study hall.

Two Injured as Driver Hits Parked Car

ROMEO—A farmer's wife and her three-year-old grandson were slightly injured when the car in which they were riding hit a parked car here yesterday afternoon. The accident happened in front of the James H. Winborn home, 271 W. St. Clair St.

Injured were Mrs. Rosebelle Fox, 51, of 65747 S. Van Dyke, Romeo, and her grandson, Allen, who were treated by a local physician and released.

Mrs. Fox's husband, Henry, 58, who was driving, was unable to explain how the accident happened, police said. He and two of his other grandchildren were shaken up but unhurt.

The Winborn car, parked on the pavement in front of their house, was damaged considerably. The

Wheat Futures Remain Firm

CHICAGO (U) — The May wheat futures contract was firm in early board of trade dealings today but the new crop deliveries faltered a bit in fairly active trading.

Export news caused buying in the nearby delivery, but the distant contracts were sold because of continued favorable reports on the condition of southwestern winter wheat.

Corn was slightly weak at the start on heavy receipts here, but the market showed a tendency to firm somewhat. Oats showed little change and soybeans were mixed with only fractional changes in early dealings.

Near the end of the first hour wheat was $\frac{1}{8}$ higher to $\frac{1}{4}$ lower, May \$2.24, corn $\frac{1}{4}$ lower to $\frac{1}{8}$ higher, May \$1.31, oats $\frac{1}{4}$ lower, May 71, soybeans were $\frac{1}{4}$ lower to $\frac{1}{8}$ higher, May \$2.42, and lard was unchanged to 3 cents a hundred pounds lower, May \$14.32.

Now You Just Pick a Number for Pot-O-Gold

Here's another of the new, easier Pot-O-Gold puzzles for you to try. Just select the right words and write the numbers in the appropriate blanks. If your entry has all the right numbers you will win at least \$100 and possibly \$200. It's as simple as that. How about getting busy?

The new puzzle contains a series of squares which are alphabetically lettered and a corresponding list of sentences with two clue words. Each of the words is numbered. The object is to select the word which you think best fits the clue sentence. You then place the number of that word in the square which has the same letter as the clue sentence.

In other words, you will read the clue labeled A and decide which of the two words makes the most sense in the sentence. You then write the number of that word in the puzzle square marked A.

Do the same with all other squares. Read all the clues carefully and be sure the right numbers are in the right squares.

OFFICIAL CONTEST RULES

- Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employees or their immediate families.
- A contestant may submit as many entries as he or she wishes but they must be on official entry blanks printed in this newspaper.
- To submit an entry the contestant must print his answers in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be accepted if they are in envelopes. Entries for Puzzle No. 44 must be received by Tuesday, April 9 postmark (or before). No entries received after that time whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.
- Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.
- The Pontiac Press will award a cash prize of \$100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.
- Winners will be awarded an extra cash bonus of \$25 each if they are Pontiac Press subscribers of record on the day winners are announced. Only one such bonus can be awarded to each prize-winner no matter how many weekly prizes may accumulate.
- Each week's puzzle will be published Monday Wednesday and Friday until the contest is ended. Either or all will be considered as official entry blanks.
- Winners and correct solutions will be announced each Friday of the week following individual contests. Official keepers of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.
- There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries becoming the property of The Pontiac Press and none can be returned.
- Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

Ambassador to Germany
Marlette Boy Named

MARLETTE — Jim Belitz, Marlette junior, has been selected the student to make the trip to Germany this summer as Marlette's own ambassador.

Jim was selected by a panel of seven judges composed of school and community leaders. He was picked from a field of nine applicants after each applicant had been interviewed and individually considered by the judges.

Jim was selected as the most typical representative of the Marlette community and as the best qualified to bring back information about Germany to the people here at home.

This trip is under the auspices of the Student Council, locally, and of the Ann Arbor-Washtenaw Council of Churches.

Jim is a college prep student in the Marlette community school. His major field of academic interest is math and science.

Care of Dentist May Save Cow From Slaughter

Cows with toothaches? Yes, says the American Foundation for Animal Health. What's more, it adds that toothaches and other dental problems in cattle can cause hidden losses to dairy farmers.

The foundation explains that cows with decayed or abscessed teeth sometimes stop eating because of the pain. Some eat, but spit out their cud instead of chewing it.

A cow with bad teeth, says the foundation, is apt to waste away, grow thin, or fall off in its milk production unless properly treated. Lumps or balls of unchewed food discovered around cattle quarters is a sign that one or more of the herd is in need of dental treatment.

Many cows probably have been butchered needlessly, the foundation concludes, when they would have returned to form if given dental care by a veterinarian.

Merchants Give 100 Per Cent to Goodison Cubs
GOODISON — The merchants of this town went all out the past week for a good cause.

The modest men, declining to be named, contributed 100 per cent to a concentrated drive for a complete set of flags for Cub Scout Pack 106 here.

John Tyson, chairman of the committee for the Cubs, says the group's next aim is to get the use of Baldwin School here for pack meetings.

Card of Thanks
THE FAMILY OF LITTLE PATRICIA, who passed away on March 21, 1957, wishes to express their sincere thanks to the many kind friends, relatives and neighbors who have shown sympathy and acts of kindness during the last illness of Patricia. In Memoriam
IN LOVING MEMORY OF LEONA Maria Mangold, who passed away on March 21, 1957. Her love and courage will be forever in our hearts. Sadly missed by her Mother and Sister.

IN MEMORY OF MY WIFE
Gladys Ellen Sharratt, who passed away on March 21, 1957. There is a husband who misses her sadly. And finds the time long since you went. And I try to be brave and content. But the tears I shed in silence. And breathe a sigh of relief. For you were mine and I remember. Though all the world forget. Kim Sharratt.

IN LOVING MEMORY OF MY MOTHER
Arvilla M. Shaver, who passed away on April 1, 1957. Sadly missed by her family and all who knew and loved her. Barbara Combs.

In Memoriam
IN LOVING MEMORY OF LEONA Maria Mangold, who passed away on March 21, 1957. Her love and courage will be forever in our hearts. Sadly missed by her Mother and Sister.

IN MEMORY OF MY WIFE
Gladys Ellen Sharratt, who passed away on March 21, 1957. There is a husband who misses her sadly. And finds the time long since you went. And I try to be brave and content. But the tears I shed in silence. And breathe a sigh of relief. For you were mine and I remember. Though all the world forget. Kim Sharratt.

IN LOVING MEMORY OF MY MOTHER
Arvilla M. Shaver, who passed away on April 1, 1957. Sadly missed by her family and all who knew and loved her. Barbara Combs.
