Taxpayer Rebellion Is in Full Swing Across Nation

ONE COLOR

By The Associated Press

Another mass protest — this one featuring the middle-class, middle-income and middle-aged — is now in full swing.

An Associated Press survey turned up signs of taxpayer resistance in state after state.

Example:

Gov. Raymond P. Shafer of Pennsylvania stumped across his state pleading for establishment of a state income tax to help balance a proposed $2.52 billion budget.

However, in Harrisburg, Shafer was presented a suitcase filled with the names of 50,000 voters opposing the proposed state income tax.

In Georgia, Gov. Lester Maddox ran into trouble with the legislature, which refused to approve major tax hike proposals resulting from the governor's $1.1-billion budget.

In one week, Ohioans voted on 117 local school tax issues and rejected nearly 55 per cent of them.

In New York City's suburbs, voters have rejected 34 out of 55 school budgets so far this year.

In Garden City in Long Island, voters rejected the school budget for the first time in history.

In Great Neck, N.Y., voters rejected a $22.2-million budget and elected two school trustees militantly opposed to busing Negro students in from New York City.

Voters turned out in greater numbers than ever before in Mahtomedi, Minn., a suburb of St. Paul, to turn down bond issues for a new senior high school and swimming pool. It was the first time a bond issue ever was rejected in the community.

Two antitax leagues have been formed in Pennsylvania.

One of them, the Jefferson County Taxpayers League, is seeking injunctions to halt a $1.7-million addition to the Punxsutawney High School and a $2.3-million school expansion at Brookville.

The San Diego, Calif., Unified School District lost its first bond election in 30 years with the defeat March 13 of a $91.3-million measure intended to finance, among other things, improvement of school buildings declared unsafe in the event of an earthquake.

Los Angeles voters roundly refused to pass three school propositions.

ABE FORTAS

'Fortas Will Resign—Soon'

WASHINGTON (UPI) — Sen. Paul J. Fannin, R-Ariz., said today he had been advised by a "very reliable" attorney that Justice Abe Fortas plans to resign shortly perhaps early this week — from the Supreme Court.

Fannin said the word was passed to him with the suggestion that Fannin's announced plan to seek a special Senate inquiry into the latest Fortas controversy would not be necessary.

★ ★ ★

At the White House, meanwhile, President Nixon's press secretary Ronald Ziegler, denied that the President was putting pressure, through Atty. Gen. John N. Mitchell, on Fortas to resign.

However, Mitchell said shortly after noon that he did, as first reported by Newsweek magazine, visit Chief Justice Earl Warren last Wednesday to inform him of "certain information" in connection with Fortas' receipt of a fee from the family foundation of financier Louis Wolfson.

UNDISCLOSED MATERIAL

The Newsweek report says that Nixon asked Mitchell to see Warren in hopes of getting him to persuade Fortas to resign because of "far more serious" information about Fortas that had not yet been disclosed.

The Justice Department issued a seven-line statement in Mitchell's name shortly after Ziegler said Nixon was not "directly or immediately involved" in any effort to get Fortas to quit.

Fannin did not reveal the source of his report that the justice would resign but said "I consider the person very reliable." Fannin added, "I'm expecting it to occur this week."

The White House said Nixon and Mitchell had discussed Fortas case in general terms, but added: "To draw the conclusion that the President is directly or immediately involved in any matter relating to Justice Fortas is wrong." Nor, said Ziegler, did Nixon ask Mitchell to see Warren.

In his statement—which aides refused to expand on—Mitchell said only: "At my request, the chief justice was kind enough to see me in his chambers last Wednesday, May 7, 1969, at 11:30 a.m.

"As a courtesy to the chief justice, I felt it incumbent on me to inform him of certain information known by me which might be of aid to him."

On Capitol Hill, Senate Republican leader Everett M. Dirksen indicated he knew nothing about either the Newsweek report that Nixon was seeking Fortas' resignation or of Fannin's statement.

★ ★ ★

The same position was taken by Senate Democratic leader Mike Mansfield.

Sen. James B. Allen, D-Ala., in a speech, called for the resignations of both Fortas and Justice William O. Douglas.

Fannin told UPI the information he got about Fortas' resignation was in response to his announced plan to seek a special inquiry.

Car Kills One, Injures 12 at State Speedway

CAMBRIDGE JUNCTION (AP) — A racing sedan spun into a crowd of spectators, killing a Lansing auto official and injuring 12 persons yesterday at the Michigan International Speedway.

Durward Fletcher, 43, an American Motors Corp. official, died at Foote Hospital in Jackson shortly after the mishap.

Fletcher's wife, Lorna, 48, was listed in fair condition at the hospital. She suffered lacerations of both legs and possible rib and head injuries. Officials said that two daughters of the Fletchers also were attending the race but escaped injury.

Nine of the 12 injured were treated at hospitals in Jackson and Ann Arbor. The other three were treated at an infield infirmary at the speedway.

Related Story, Picture, Page C-1

The race continued after the smashup, and Parnelli Jones, former Indianapolis winner, was awarded the victory late last night after a recheck of the scoring. Officials at first gave Mark Donohue of Media, Pa., the checkered flag in the four-hour Wolverine Trans-American Sedan event.

Officials said one of the injured was in critical condition. He was identified as Dean Yinger, 12, of Livonia, suffering a compound leg fracture and possible pelvic and internal injuries.

Pound, Dollar Bounce Back

LONDON (AP) — The pound and the dollar, embattled throughout last week's speculative rush to buy West German marks, recovered in tense money markets today as central bankers mounted a big squeeze against the speculators.

But there was little sign of a rush to convert deutschemarks back into dollars, pounds, French francs or any of the other beleaguered currencies.

★ ★ ★

The pound jumped nearly half a cent in London to $2.38735, against Friday's floor-level closing at $2.3825.

★ ★ ★

The dollar snapped back to four marks in Zurich, from Friday's 3.915, but declined from 4.33 Swiss francs Friday to 4.3185 at today's opening. The deutschemark also dropped sharply, from 110-110.50 Swiss francs for 100 marks to 107.75108.

TECHNICAL REACTIONS

But dealers in all markets called these technical reactions and said business was small.

★ ★ ★

Investors and speculators appeared to be waiting to see the effect of the measures taken by the central bankers to "recycle" speculative money back to its countries of origin.

★ ★ ★

The chiefs of the non-Communist world's 11 leading central banks spent most of their monthly meeting in Basel trying to figure out how best to return to circulation an estimated $5 billion which speculators poured into West Germany in anticipation that the mark would be revalued.

★ ★ ★

In a three-paragraph statement at the end of the meetings early today, the bankers said they have been working on the "recycling" plan for months. Part of it includes short-term loans to such countries as France and Britain of the money they lost to Germany.

Reds Launch Massive Assault

From Our News Wires

SAIGON — Enemy troops raked 159 allied military positions and towns with rockets and mortars during the night and into today in the largest number of attacks in a 24-hour period since the Tet offensive of February 1968.

U.S. military sources said they considered the heavy round of attacks a "prelude" to the new summer offensive. They said they expected the main blow to fall later this month, possibly around May 19, Ho Chi Minh's birthday.

★ ★ ★

Rested and with new supplies, Communist soldiers had been reported moving into position for another offensive, this one with Saigon as its major target.

The overnight attacks may have been a screening move to allow regional and local force units to move into position for an attack on the capital, the sources said.

WOULD TIE DOWN TROOPS

They said they believed local force and regional Communist units would be used in an attempt to attack Saigon, while regular Communist units would have the task of tying down allied troops guarding infiltration corridors that lead from Cambodia toward Saigon.

The attacks were followed by infantry strikes, with the heaviest fighting centered northwest of Saigon, near the Cambodian border, and south of Da Nang, South Vietnam's second largest city.

'300 REDS KILLED'

First reports, still incomplete, listed more than 300 North Vietnamese and Vietcong soldiers killed in ground fighting. U.S. casualties were put at 17 killed and 136 wounded in the ground fighting alone.

The U.S. Command did not disclose casualties from the rocket and mortar attacks, but headquarters said over-all casualties and damage to the American side were light.

★ ★ ★

Far from complete South Vietnamese reports listed 11 government soldiers killed and 73 wounded.

Two Weekend Crashes in Area Kill Mother, Boy, 16

A Highland Township mother of five and a 16-year-old Warren boy were killed in separate weekend traffic accidents in the area.

Dead are Mrs. Burhl DeGarmo, 41, of 2685 Engelman and William E. Schatow.

Mrs. DeGarmo was killed about 3:35 p.m. Saturday in Waterford Township when a car driven by her husband collided with one driven by Angela L. Cook, 22, of 2526 Grandview, also Waterford.

★ ★ ★

The mishap occurred when DeGarmo attempted a turn off M59 onto Pontiac Lake Road in the path of the oncoming Cook vehicle, township police said. They believe DeGarmo failed to yield the right-of-way.

DEAD ON ARRIVAL

Mrs. DeGarmo was pronounced dead on arrival at Pontiac General Hospital about 4 p.m.

Her husband and three daughters escaped serious injury. They were treated and released according to hospital authorities.

State Traffic Toll, Page A-4

Reported in satisfactory condition is Louise Adams, 48, of the Grandview address. She was a passenger in the Cook car.

Both Mrs. Cook and her 7-month-old daughter, Corynn, were reported treated and released.

PONTIAC TWP. CRASH

Schatow was killed shortly after midnight yesterday at South Lapeer and Bald Mountain roads in Pontiac Township.

Oakland County sheriff's deputies said the youth apparently failed to yield the right-of-way to a car driven by Eldon L. Jones, 27, of 25 Matthews.

★ ★ ★

Neal Rice, 16, of Warren, a passenger with Schatow, is reported in fair condition in Pontiac General Hospital. Jones, a passenger from his car and two other passengers with Schatow all were treated at Pontiac General and released.

Angler Drowns in Boat Mishap

One fisherman drowned and another was rescued after their boat overturned in a Springfield Township lake Saturday afternoon.

Oakland Drownings in '69

Last Year to Date 3

The body of Lewis E. Yager, 72, of Hamtramck was found in Eliza Lake about three hours after the nine-foot aluminum boat overturned.

Francis S. Kucmierz, 67, of Detroit, who was rescued, told Oakland County sheriff's deputies they hung onto the side of the boat and screamed for help for at least 30 minutes before Yager started coughing and let go.

★ ★ ★

Two men heard the calls for help and rowed out from opposite sides of the lake and rescued Kucmierz, who was given oxygen and treated at Pontiac's St. Joseph Mercy Hospital and released.

★ ★ ★

The men who rowed out to help Kucmierz were William Lantz of Livonia and Ken Van Natta, who lives near the lake at 9056 Tindall.

Kucmierz told deputies the two were seated in the opposite ends of the boat fishing when the boat started to rock. Kucmierz shifted his weight and the boat rolled over.

Nixon Confers With Abrams

WASHINGTON — President Nixon conferred today with the U.S. military commander in Vietnam, Gen. Creighton Abrams, and will address the nation Wednesday night on prospects of peace as he sees them.

There was no indication of any major breakthrough in this direction.

★ ★ ★

Abrams flew in from Vietnam yesterday and is returning this afternoon.

This morning he met with Nixon, Secretary of Defense Melvin R. Laird, Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, and the President's national security adviser, Henry A. Kissinger.

REVIEW OF SITUATION

White House press secretary Ronald L. Ziegler said this first meeting between the President and the top U.S. military man in Vietnam was a review of the situation there, with three factors uppermost.

Nixon sought Abrams' views on enemy military activity, including the possibility of new offensive actions.

★ ★ ★

He wanted information on the state of training of the South Vietnam army.

And he wanted to discuss the level of U.S. forces in Vietnam.

FORCE-LEVEL DECISIONS

On the latter point, Ziegler said he wanted to emphasize that any decision on force levels will be made on the basis of the three criteria he said Nixon has mentioned on numerous occasions:

- "The ability of the South Vietnamese to defend themselves in the areas we now are defending them.

★ ★ ★

- "Progress of the Paris talks.
- "The level of enemy activity."

FLINT (AP) — Five persons died in the explosion of a gas tanker-truck shortly after noon today on Flint's northwest side. Officials have not yet determined the cause of the blast.

Threat of Showers Will End Tonight

Variable cloudiness and the threat of showers will continue to plague the Pontiac area today. Tonight skies will clear and temperatures will remain cool with a chance of light frost. A low of 32 to 35 is expected.

Tomorrow's sunshine will coax the thermometer to climb into the mid-to-high-50s. Outlook for Wednesday calls for more sunshine and mild temperatures.

★ ★ ★

Probabilities of precipitation in per cent are 30 today and 20 tonight and tomorrow.

Low mercury reading in downtown Pontiac prior to 8 a.m. was 40 degrees. By 2 p.m. the thermometer registered 50.

Horse Fills In for Street Dept.

PITTSBURGH (UPI) — Ronald Peters has been cited for filling potholes in his street with horse manure.

He said it was his way of protesting alleged delays by officials of nearby Glenfield borough in having the street repaved.

★ ★ ★

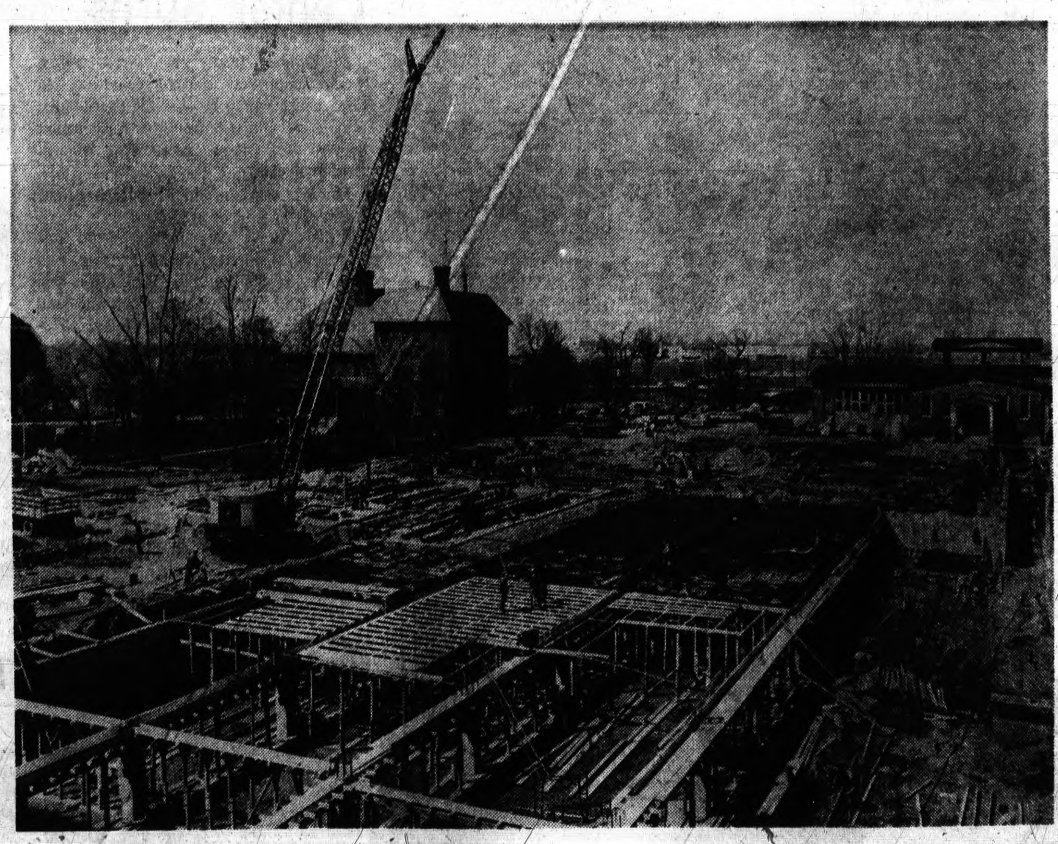

Glenfield Mayor John A. Morley, who issued a summons against Peters, set a hearing for next Friday.

The mayor said the maximum fine for "placing horse manure in holes" is $10.

★ ★ ★

Peters said none of his neighbors objected.

"They say it gives them a pretty smooth ride," he said.

PLANNED FOR 15 YEARS — Construction has started on Pontiac State Hospital's $3-million food-service building, which has been in the planning stages since 1954. It will replace the patients' present dining room — an old chapel condemned 10 years ago as a fire hazard by the state fire marshal.

U. S. to Scatter N-Bombers to Cut Threat

WASHINGTON (AP) — The Pentagon plans to scatter the U.S. nuclear bomber fleet over twice the airfields now used to cut the planes' growing vulnerability to a Soviet missile strike, defense officials say.

★ ★ ★

Under the new plan, to be announced soon, the Air Force will redistribute its 538 B52 and B58 bombers over some 70 American airfields in order to complicate the Soviet targeting problem.

★ ★ ★

Currently the nuclear equipped bomber squadrons of the Strategic Air Command are stationed at 35 bases.

★ ★ ★

The dispersal program is a direct result of the Soviet Union's stepped-up deployment of submarines which could launch nuclear missiles while submerged 1,500 miles from U.S. shores and its development of a fractional orbital bombardment system— FOBS.

CUTS WARNING TIME

Either weapon sharply reduces the amount of warning time which U.S. bombers could get during an attack and raises the possibility that an unacceptable number could be lost on the ground to nuclear bursts.

★ ★ ★

The Nixon administration's Safeguard antiballistic missile program provides for seaward and southward-looking radar to watch for submarine-launched missiles and the depressed-trajectory warheads of the FOBS system being tested by the Soviets.

★ ★ ★

But the radar is not enough of a countermeasure, officials say. Too many SAC bases are located near coastlines where they could get at best two or three minutes warning of an approaching missile.

This would not be enough time for starting the engines, getting the planes off the ground and reaching a safe distance from the base before the nuclear burst.

PLAY DOWN THREAT

The ABM reports recently distributed by Sen. Edward M. Kennedy, D-Mass., played down the threat to American bomber bases, saying Navy submarines should be able to handle Soviet Polaris-type vessels approaching U.S. shores.

The report said the Pentagon is making a "far-fetched" set of assumptions:

★ ★ ★

"That the Soviet Union will have a substantial leap of Polaris-type submarines by 1975, that it would be willing to use them for an attack on the United States bomber bases, that the U.S. antisubmarine warfare capability is so poor a large fleet of hostile submarines can come into positions close to U.S. shores without being challenged and that their navigation and command and control capabilities is such that they could carry out such an attack."

Birmingham

Woman Files for Seat on School Board

BIRMINGHAM — Mrs. Elizabeth Renfrew Campbell of 741 N. Shady Hollow Circle, Bloomfield Township, will likely be the lone challenger running against incumbent George A. Schmidt, 945 N. Glenhurst, for a four-year term on the board of education.

Schmidt's expiring term is the only seat on the school board coming up for election this year. Schmidt has served on the board for one term.

★ ★ ★

Mrs. Campbell, who filed as a candidate for the annual June 9 school election Saturday, decided to run "because I have a definite interest in education and believe some changes are necessary in the Birmingham School District."

BLOOMFIELD HILLS—Robert Anderson, a former resident here, has been elected executive vice president of North American Rockwell Corp. He and his family now reside in Pittsburgh, Pa.

ANDERSON

Prior to joining Rockwell in 1967 Anderson was an officer with the Chrysler Corp. He was a vice president and general manager of the Chrysler-Plymouth Division from 1965 until 1967.

★ ★ ★

Anderson joined Rockwell as head of the commercial products group. In his new position he will assist the president in directing the company's expanding corporate and organizational development.

BLOOMFIELD HILLS — William T. Gossett of 420 Goodhue, president of the American Bar Association and former civil rights commissioner, will be honored at the seventh anniversary dinner of the American Civil Liberties Union May 25 in Detroit.

'Food Plan Fought Where Farmers Are Paid Not to Plant'

WASHINGTON (AP) — The poor in 425 U.S. counties are "deliberately excluded" from federal food programs while farm production is aided by federal subsidies, an Illinois congressman told the House today.

"What makes this practice truly astonishing," said Rep. Paul Findley, a Republican, "is that it is so extensive in the very counties which bar poor people from access to free or low cost food.

"Plainly, the political leadership of these counties finds federal handouts to wealthy farmers something they can live with, but federal handouts to hard-core poor something else."

Findley said it is the "large, wealthy farmers, with sales in excess of $20,000 per year, who receive almost one-half of the $3 billion plus in government payments each year," for curbing production.

TRIED TO BAN AID

He said the national pattern shows that local officials in the 425 counties have tried to keep out federal food aid programs — either food stamps or surplus food distribution.

"Of the non food-aid counties, the one whose farmers received the largest total in federal payments is Lynn County, Tex. with $8,903,000," he said.

★ ★ ★

"This is especially noteworthy," he said, "because Lynn showed a population total of only 10,914 with 2,282—nearly 25 per cent — classified as hard-core poor."

He said Tuscaloosa County, Ala., according to federal poverty standards (a family of four with annual income under $2,200) has a population of 21,000 hard-core poor while 48 farmers in that county get $605,000 in subsidy payments to keep land barren.

99 COUNTIES WITHOUT

A table Findley supplied the House showed that Texas has 99 counties without food aid programs while farmers in the state reap $457,205,685 for curbing production.

Findley proposed legislation last year which would limit the amount of payments to prevent farm production at $20,000 annually. The measure passed in the House but was quietly dropped by a House-Senate conference committee.

Boating Mishap Kills 4 in Family

MUSKEGON (AP)—The bodies of a Kalkaska business executive, his wife and their two children and the wreckage of their 30-foot boat were found scattered along the Lake Michigan shoreline yesterday.

The victims, clad in life jackets, died from drowning or exposure in the cold lake waters, reported Sgt. Harold Clever of the Muskegon County Sheriff's Department.

It was not immediately determined how the boat broke up. The Coast Guard said it was investigating the possibility of a small explosion.

They were identified as Earl Enness, 34, manager of the American Made Veneer Co. plant in Kalkaska; his 33-year-old wife, Marlys and their children, 6-year-old Allen and 7-year-old Carrie.

Count for Apollo 10 Starts at Midnight

CAPE KENNEDY, Fla. (AP) — The Apollo 10 countdown starts at midnight tonight. If all goes well, three astronauts will be launched on a trail-blazing moon orbit next Sunday.

The mission is to take man within 50,000 feet of the moon. That will pave the way for the Apollo 11 team to attempt a lunar landing in July.

Flying Apollo 10 will be an all-veteran crew: Air Force Col. Thomas P. Stafford and Navy Cmdrs. John W. Young and Eugene A. Cernan. Stafford and Young have made two space trips each and Cernan one.

The countdown will take 93 hours, but it will be spread out over 5½ days. The additional time will be used up in several planned holds to give the crew rest and time to correct any problems which may arise.

ONLY FIVE DAYS

There are only five days this month when the moon is in a favorable position to receive visitors from earth.

If Apollo 10 cannot get off the ground during this period, the launch will have to be postponed until the next opportune interval in mid-June. That could delay the planned July 16 liftoff of Apollo 11 until August.

★ ★ ★

Stafford, who will command Apollo 10, says the flight "is designed to tie together all the knots, to try to sort out all the unknowns and pave the way for a lunar landing mission — do everything exactly as on the landing mission except the final descent to the lunar surface."

Two Men Rob Bar, Patrons

Pontiac police are looking for two men who held up a city bar and eight customers and escaped with $975 in cash and a $50 watch Saturday night.

The holdup men entered the Jet Bar, 714 Woodward, brandishing a sawed-off shotgun and wearing stockings over their heads, witnesses told police.

★ ★ ★

One of the men told the people to lay on the floor and then he went through their pockets, ripped the telephone off the wall and left.

The victims were Ellis Watts, 54, of 310 Central, $85; Rolena Roden, 31, of 56 N. Francis, $165 cash and watch valued at $50; George Harris, 43, of 140 S. Edith, $360.

ROBBERY VICTIMS

Gerald Daugherty, 42, of 53 Bloomfield, $270; Everette James, 54, of 9054 Patrick, Davisburg, nothing; Frank Hecht, 62, of 26 Sherridan, $25 and wallet;

Alex Newman, 40, of 44 Euclid, $40 and $45 certified check; and Victory Luthe, 26, of 17 Hovey, Oxford, $30 and wallet.

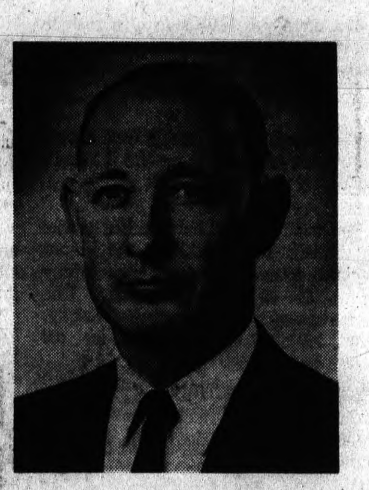

★ ★ ★

Both holdup men were Negroes, witnesses said. One they described as about 24 years old, 5 feet 9, 150 pounds and wearing a blue turtle neck sweater, blue pants and a gray coat.

The other was about 24 years old, 5 feet 6, heavy-set and wearing dark clothing. He had a moustache and goatee.

JAMES H. FAXON

DAVID L. FULKERSON

2 Pontiac Div. Employes in Waterford School Race

Two Pontiac Motor Division employes are among the four persons who have filed as candidates for a single four-year term on the Waterford Township Board of Education.

Previously filed for the June 9 election were incumbent Mrs. M. Virginia Ross and former board member Michael G. Patterson.

★ ★ ★

Joining them are David L. Fulkerson, 42, of 2945 Onagon and James H. Faxon, 31, of 26 Baycrest, both Waterford Township.

Fulkerson, an assistant plant superintendent, served as a Cub Scout leader for two years, is a Little League football coach, was president of the Crary Junior High School PTO for two years and served two years on the finance committee of the Waterford school board.

FATHER OF 6

A past chancellor of the Knights of Pythias Lodge 277 and a member of the Elks, the Indian Guide Club of the YMCA and the Pontiac Chamber of Commerce, he is married and the father of six children.

Faxon, also an assistant plant superintendent, was a member of the Waterford Citizens School Advisory Committee in 1967. He was president of the Edgelake Improvement Association in 1966 and a member of the association board for the previous four years.

★ ★ ★

A member of the American Foundrymen's Association, he is married and the father of two children.

NATIONAL WEATHER — Rain is forecast tonight for parts of Florida, Texas, New Mexico, Arizona, Arkansas, Oklahoma, Missouri, Kansas, Nevada and California. Rain also is predicted for a belt extending from West Virginia and Ohio northeast through New England.

W. Bloomfield Center Burns

Equipment from five area fire departments was needed yesterday to quell a fire which leveled the three-story Middle Straits Community Association center, 3950 Green Lake, West Bloomfield Township.

The West Bloomfield Fire Department received the call at 3:25 p.m.

A department spokesman reported that a nearby resident reported seeing two boys leaving the building. Soon after, she added, she heard two explosions and saw fire coming out of a rear window. The building doors were supposed to have been locked.

The loss of the building and contents was estimated at $38,000, according to a fire department spokesman.

The Commerce Township, Walled Lake, Highland Township, and White Lake Township fire departments assisted in fighting the fire.

The four-hour fire is still being investigated.

China to Discuss River With Russia

HONG KONG (UPI) — Communist China today said it has accepted a Soviet proposal to discuss navigation on their disputed Ussuri River border, where battles have cost both sides heavy casualties.

Peking Radio said Chinese delegates would attend the meeting of the joint Sino-Soviet River Commission next Monday at Khabarovsk as proposed by the Soviet Union April 26.

City Parts Firm Report Due

A report on three auto-parts firms roundly criticized by the City Commission will be ready for today's 8 p.m. commission meeting at City Hall, East Wide Track and East Pike.

Tonight's meeting is a switch from the regular Tuesday night meeting. Commissioners plan to attend a banquet for Pontiac General Hospital employes tomorrow night.

The three parts firms were censured for the unsightly appearance of their properties and the commission withheld approval of their license renewal requests. They are: General, 543 S. Saginaw; M & S, 401 S. Saginaw, and Royal, 1130 University.

Among other items to be considered are proposals for expansion of Pontiac General Hospital.

Mideast Spark Ignites

TEL AVIV (AP) — Another artillery battle raged across the Jordan River early today.

Both sides denied suffering any damage or casualties. But Jordanian forces said they had destroyed an Israeli tank and an observation post and silenced a gun position near the Allenby Bridge.

Corvair to Be Dropped

DETROIT (AP) — General Motors Corp. announced today it will discontinue production of its Corvair models effective Wednesday.

Residents of Zap 'Learn a Lesson'

ZAP, N. D. (AP) — "We learned our lesson and learned it cheap," says village grocer David Schaper after the big "zap-in."

"Too much publicity and not enough police in town," he added yesterday. "We thought at first, the less law the better."

★ ★ ★

The western North Dakota prairie community of Zap was placed under martial law Saturday morning when about 500 National Guardsmen moved in to evict more than 2,000 college-age young people, some from as far away as Toronto, Canada, and Florida.

The "Zap-in," started as a lighthearted lark, but turned into a destructive spree. The original tongue-in-cheek suggestion came from the North Dakota State University student newspaper.

The mayor said he figured on a few broken windows "but nothing like this."

Hunger Strike Enters 3rd Day at Ohio College

By the Associated Press

Nearly 100 students at Marietta College in Ohio began the third day of a hunger strike to protest the expulsion of the student body president. City College of New York is holding its first day of classes under a new president, while protests continue at several other campuses.

In Marietta, 94 of the school's 1,800 students started a hunger strike Saturday after the school's president, Dr. Frank E. Duddy, expelled Earl Maiman, newly elected head of the student body on Thursday. Duddy said Maiman had used "inflammatory language" and there was no place for him on campus.

A student boycott Friday was called off after a court scheduled a hearing next Monday on why Maiman should not be reinstated.

At City College Dr. Joseph J. Copeland, named acting president Saturday, faced continuing protests by black, Puerto Rican and white radical students.

FIVE DEMANDS

The protesters want the school closed until five demands of the minority group students are met. They include a separate school of black and Hispanic studies and matching the school's enrollment of 20,000 to the ethnic makeup of the city's high school, which are 40 per cent Negro and Puerto Rican.

Dr. Buell G. Gallagher resigned Friday as president, charging "politically motivated outside forces" made normal education impossible. He had been president 17 years.

The campus on the edge of Harlem was the scene of 11 suspicious fires and clashes between students of different political persuasion after the Board of Higher Education ordered the school opened last week under pressure from court orders.

★ ★ ★

Black and Puerto Rican faculty members announced they would join a strike by student protesters until the demands were met. They said they were supported by 200 white instructors.

OTHER CAMPUSES

At other campuses:

Olean, N.Y.—The Very Rev. Reginald Redlon, president of St. Bonaventure University, banned Students for a Democratic Society from the campus. He termed the radical group "antidemocratic, anti-American and anti-Christian." He made the announcement at a Mother's Day Mass, after unidentified students broke into a school office Friday night and stole confidential files.

★ ★ ★

Washington—Howard University reopens nine of 10 academic divisions today, but the college of liberal arts remains closed. An official said its classrooms were damaged extensively during a student occupation of six campus buildings at the predominantly Negro school of 8,200 last week.

★ ★ ★

Twenty-one students were arrested Friday when federal marshals ended the protest over demands for a larger student role and a voice for the community in school affairs.

★ ★ ★

Jefferson City, Mo.—About 75 students continued a sit-in at Lincoln University's Student Union to demand a larger role in running the school of 2,000.

★ ★ ★

Jersey City, N.J.—Twenty teachers at St. Peter's College have vowed to back a student strike, entering its third day, demanding that two theology professors who have been fired be given new contracts.

★ ★ ★

CONCORD, N.H.—A U.S. District Court judge refused a writ of habeas corpus to free 45 young persons, jailed for contempt of court in a Dartmouth College sit-in last week.

Somebody Made Wine Into Water . . .

ASCOLI PICENO, Italy (UPI) — It was bad enough when Italians learned their countrymen had been accused of making wine with ox blood, ammonia and no grapes.

Today it was worse.

★ ★ ★

Somebody has stolen 2.76 million gallons of allegedly impure wine which was Exhibit A in the Italian Government's case against 270 winemakers.

"Fantastico," said police. They estimated the wine would have filled 300 tank trucks.

COLORED WATER

More fantastico was that whoever removed the wine from four sealed cellars replaced it with an equal amount of colored water.

The big switch was discovered Saturday during a routine cellar check. Police searched more than 50 other storage cellars in the area but found none of the evidence.

Italy began court proceedings last July against 270 persons, including internationally known winemaker Bruno Ferrari and several of his relatives and employes.

The 270 were charged with conspiracy, falsehood, commercial fraud and other crimes in the making of wine.

The trial was in recess when the theft of the evidence wine was discovered. No one was saying when — or if — the trial would resume.

The government alleges water was changed to wine in an eight-hour factory process which used everything from banana skins to ox blood and ammonia. Sometimes the wine was so full of foreign matter there was no trace of grapes, the prosecution said.

★ ★ ★

The trial has already become one of Italy's longest, costliest and most complex.

TALE OF A WAYWARD HORSE — Roper strayed into the neck-high mud at Middle Creek Basin near Brooklyn's Belt Parkway yesterday, and it took the manpower of 30 men to free him. When he first got stuck, a police helicopter was called; but the horse and the mud were too much for the light machine. So 10 policemen joined 20 spectators in a free-for-all mudbath that eventually returned Roper to his stable. At top, emergency service policeman William Dailey prepares to attach a rope around the steed's midsection; and, at bottom, the horse is safely on his feet with a rope still attached to his tail after being hauled free by his human friends.

Bill Helps Seaway Users

WASHINGTIN (AP) — A bill to relieve users of the St. Lawrence Seaway of a $13.1 million charge for repairs of the two American locks on the Seaway was proposed today by Rep. Henry S. Reuss, D-Wis., and 10 other Midwest House members.

★ ★ ★

The measure would authorize the cost of repair work on the Eisenhower and Snell Locks be paid from general revenues rather than from seaway tolls.

Reuss said the two locks are in urgent need of repair because of rapid deterioration of concrete.

★ ★ ★

Reuss said the estimated $13.1-million repair cost cannot be financed out of tolls without seriously disrupting the seaway's over-all financial position.

Public Responds to Little Burn Victim's Plight

SALLIE KYLLONEN

AVON TOWNSHIP — Shortly after The Pontiac Press article on 6-year-old burn victim Sallie Kyllonen, daughter of the Ronald Kyllonens of 2035 Walton, the public responded.

More than 200 cards and letters flowed into Children's Hospital, Detroit, only two days after the April 24 article. Hundreds more poured in after the Associated Press picked up the story and sent it nationwide.

★ ★ ★

Donations to the Sallie Kyllonen fund at the Wayne-Oakland Bank, P.O. Box 220, Rochester, 48063, began pouring in as well. To date, more than $500, mostly in change and $1 bills, has been added to the fund.

The letters show that Sallie's biggest well-wishers are children, some of whom were burn victims themselves.

Karen Benson, 9, the daughter of Mr. and Mrs. Donald E. Benson of 273 Highgate, Waterford Township, wrote Sallie:

"I was burned once when I was 5 too . . . I know it hurts bad sometimes, but listen to your mother and father, doctors and nurses and you will be able to go home soon and play with your friends."

★ ★ ★

Karen was burned severly on her entire right leg when a playmate accidentally kicked a can of flaming kerosene in her direction. She was the 1965 Kenny Girl, honored by the Sister Elizabeth Kenny Foundation.

A letter from another burn victim, Miss Sue Wirth, 17, of 31 Charlotte, Pontiac reads:

"I was burned also, when I was 5 years old . . . I too was too young to understand what had happened and I was in a depressed state for four months. But I soon came out of it.

★ ★ ★

"Now that I look back, it was a horrible experience. When I think what my parents must have gone through, I want to stretch my arms and hug them and thank them for helping me and giving me the love and attention I needed.

"I am 17 now and will be married in the fall . . . I guess God looks out for you and makes sure you are loved. Please remember that you have all my prayers, as I have had many others."

★ ★ ★

A letter from Mrs. Rollin DeCamp of 1053 Oxford, Pontiac, probably typifies the way Oakland County readers have opened their hearts for Sallie:

"Thousands of people all over America are already praying and thinking about you. You have many, many new friends. So you see, out of bad always comes some good.

"You're only 5 years old and already the world has called on you to be a soldier.

"My father was also badly burned once. His ship was blown up and he had burns over 75 per cent of his body also. For quite awhile, just like you he was very sick.

★ ★ ★

"My dad is now 80. He looks wonderful. You would never know about that day of the explosion. Some day you will be running and playing again, Sallie. You keep working at it."

Sallie begins her skin graft surgery this week. Her parents report that her progress is good and that her outloook has improved greatly.

Sallie knows, thanks to the response, that she is, above all, not alone.

BEAUTIFUL TOT — Heidi Rowe, age 1½, was winner of the recent Oxford Baby Beautiful contest. She is the daughter of Mr. and Mrs. Lynn Rowe, 870 Seymour Lake, Oxford. The contest was sponsored by the Orion Area Jaycees Auxiliary as a fund-raiser to help finance a Far East trip for Oxford High School students Mike Bilgren and Paul Weckle, who will travel to Japan this fall with the Michigan Youth Chorale.

State Highway Toll Is 19 for Weekend

BY THE ASSOCIATED PRESS

One triple-fatality and three double-fatality accidents pushed the weekend traffic death toll in Michigan to 19.

The Associated Press weekend traffic fatality count began at 6 p.m. Friday and ended at midnight yesterday.

The victims:

Barbara Jankie, 22, of Beverly Hills, whose car went out of control on I-96 in Livingston County's Genoa Township last night and overturned.

Lewis Kopka, 76, of Dundee, who died yesterday from injuries suffered in a two-car accident at an intersection of M-50 east of Dundee Saturday.

HIT GUARD RAIL

Margaret Bell Broski, 69, of Grand Rapids, whose vehicle hit a guard rail on U.S. 131 in Grand Rapids yesterday.

Stanley Hazel, 32, and John Conklin, 33, both of Owosso, when their car collided with another auto Saturday in Genesee County's Creighton Township.

Michael Davis, 7, of Saginaw, struck by a car in Saginaw County's Buena Vista Township Saturday.

Garth Stephens, 18, of Fostoria, in a three-car smashup Saturday in Saginaw County's Lumfield Township.

HIGHLAND WOMAN

Barbara DeGarmo, 41, of 2685 Engelman, Highland Township in a two-car collision Saturday in Oakland County's Waterford Township.

Martha Tackett, 17, of Temperance, a passenger in a car which was hit broadside by another auto Saturday in Monroe.

Joann Serigo, 28, of Detroit, and John Albert Driscoll, 20, of Roseville, in a crash involving two cars and a truck Saturday on I-94 in Macomb County Harrison Township.

Dennis Maurice Hart, 14, of Saginaw, in a two-car collision Saturday night in Saginaw County's James Township.

HEAD-ON COLLISION

David Lee Womack, 19, and Cathy Miller, 18, both of Harbor Springs, and Wanda Peterson, 17, of Good Hart, when a Volkswagen Womack was driving was involved in a head-on collision late Friday in Emmett County's Cross Village Township.

Lynn Burtley, 17, and Lawrence Aube, 16, both of Ossineke, when their auto crossed the center line of U.S. 23 about a half mile from Timm Drive in Alpena County's Alpena Township and struck the left side of another car Friday night.

Louis Lovell, 31, of Manton, in a single-car accident U.S. 131 in northeastern Wexford County early Saturday when a car in which he was riding went out of control, rolled over four times and pinned him underneath.

Troy Teachers Aim for Amity

TROY — The Troy Education Associated (TEA) adopted five resolutions at a recent general membership meeting, all having to do with efforts to create better understanding of ethnic and racial minorities.

In the resolutions, TEA said it:

- Considers race relations and other critical social issues as appropriate in-service training and curriculum workshops. Further, the TEA will actively support administrative efforts to develop such programs.
- Actively supports administrative efforts to hire only teachers that demonstrate willingness to work cooperatively with minority group students and teachers.
- Endorses and will actively support curriculum revisions and textbook adoptions that reflect a sensitivity to and understanding of minority group social contributions. Specifically, the TEA supports inclusion of Negro history in the Troy curriculum.
- Recognizes the need for opening channels of communication between all minority groups. The TEA president will establish a special committee whose responsibility will be the investigation of recruiting student teachers of all minority groups.

Also at the meeting, officers for the coming 1969-70 school year were elected. They are Lowell Crandall, president; Melvin Schmittel, vice president; Joyce Appleyard, secretary; and Larry Quince, treasurer.

West Bloomfield OKs Drain System

WEST BLOOMFIELD TOWNSHIP — The Township Board has voted to proceed with development of a $4-million drainage system. The new system will serve the southern portions of both West Bloomfield and Bloomfield Township.

This township will pay $2,810,000 towards the cost of building the drain, to be called the German Drain.

★ ★ ★

The new drain will connect with the Mullen Drain in the West Maple-Farmington road area, and with the DeConick drain.

A hearing on the German drain will be held at 10 a.m. May 20 at the Oakland County Drain Commission.

★ ★ ★

A contract to extend the Township Hall parking lot area has been awarded to Nelson Scott of Holly. The new area, to cost $3,500, will hold some 50 cars.

W. Bloomfield to Open New High School Bids

WEST BLOOMFIELD TOWNSHIP — Bids for the general mechanical, electrical and supplementary and food service contracts for the new high school will be opened at a special school board meeting at 8 p.m. Thursday.

The meeting originally was scheduled for last Wednesday.

Plans Told for JA Program

WEST BLOOMFIELD TOWNSHIP — Class officers and student council members of West Bloomfield High School will join some 6,000 Junior Achievers at an awards program tonight in the Ford Audtorium, Detroit.

Awards will be given to 10 top teen-age executives in Junior Achievement prgrams in the Metropolitan Detroit area.

Those attending from West Bloomfield High represent the more than 50 high school leaders who attended a luncheon at Centaur Restaurant last week to announce the opening of a Junior Achievement center in the fall at Abbott Elementary School. The latter school is being used because of its central location.

In Junior Achievement programs, teenagers set up and run mock companies to better understand the system of free enterprise.

Schools Supt. Dr. Anthony Witham, in announcing the new center, urged listening teen-agers to join in the JA program that is supposed to help draw the sprawling school district together.

Witham said, "I am recruiting you to help me get our students interested in joining Junior Achievement.

JA is celebrating its 50th anniversary.

JUNIOR ACHIEVERS—Dr. Anthony Witham (right), West Bloomfield Township schools superintendent, and Henry Moses, a member of the Southeastern Michigan JA board of directors, discuss the JA program coming to West Bloomfield schools in the fall.

Novi Council Okays Street Paving Project

NOVI — The City Council has authorized the city manager to have plans and specifications prepared for the paving of Meadowbrook between Nine and Ten Mile Roads.

The city council also approved purchase of a a new Plymouth police car for $2,666 from Colony Chrysler of Plymouth.

County to Receive $3.12 Million in State Road Funds

Oakland County will receive $3.12 million in motor vehicle highway funds for the first three months of the year, the State Highway Department reports.

A new state high of $131.46 million was collected through March, state officials said. Most of the $21 million increase over last year is attributed to a one-cent-a-gallon jump in the state gasoline tax and higher license plate fees.

★ ★ ★

Under the disbursement formula, the state Highway Department will retain $60.47 million, counties will receive $44.69 million, and $26.29 million will go to the cities and villages.

The division is made after deduction of collection costs, allocation of 1.5 per cent for the State Waterways Commission and a $3.5 million annual grant for the Straits of Machinac Bridge.

★ ★ ★

Wayne County receives the largest slice of all — $8.25 million — followed

White Lake Board to Meet Semimonthly

WHITE LAKE TOWNSHIP — Township Board meetings will be held twice a month beginning this month. The sessions will be at 8 p.m. on the first and third Tuesday of the month.

Supervisor James Reid explained that an increasing number of special meetings have been called of late in order to handled the increased volume of township business.

★ ★ ★

He indicated that the additional monthly meeting should decrease waiting time significantly for residents wanting board aid.

Township Official Hits Inaction, Delay on Proposed I-275

JOHN DOHERTY

By LOIS FRIEDLAND

WEST BLOOMFIELD TOWNSHIP — Township Supervisor John Doherty has strongly objected to continuing inaction and delay in building the proposed I-275.

He cited cases in which economic growth has been held back and residents kept from using their land for years because of the delay.

The proposed I-275, to take a south-north route from I-696 to a proposed extension of Northwestern Highway, was originally a high-priority roadway. It had been passed over continually, however, in the division of federal and state highway aid.

Doherty's remarks stemmed from the township planning commission's letter sent to the Township Board, concerning the proposed right-of-ways for major highways in the township.

The letter generally agreed with the right-of-way requirements requested by the Inter-County Highway Commission (IHC) which submits requests annually. Disputed were the right-of-ways needed for several smaller streets in the township.

★ ★ ★

The letter suggested that the Township Board meet with the IHC and the Oakland County Road Commission in an effort to determine a uniform roadway.

★ ★ ★

Doherty explained, "Through the years the planning commission has kept the route and the right-of-ways there to cooperate. Every time we are ready for construction, however, it's put off for another five years.

★ ★ ★

"I think that the highway department has wronged us right down the line," he added.

DISCUSSED IN 1929

Doherty claimed that the highway was discussed as early as 1929 and that some residents have had their land along the proposed route held inactive for years.

★ ★ ★

Several large-scale residential and commercial developments have also been held back, according to Doherty. Long-range township planning is also hindered by the inaction, he said.

★ ★ ★

I-275 originally held second place in the list of high-priority roadways compiled by the State Highway Department. When the federal government authorized a 1,500-mile expansion of the interstate system last year, the development of I-96 from I-94 to I-75 at Flint was chosen.

The federal government claimed that the choice of I-96, rated after I-275 on the high-prioirty list, was made with the knowledge of the State Highway Department.

'NO PREVIOUS KNOWLEDGE'

Deputy Director J. P. Woodford claimed that the State Highway Department had no previous knowledge of the decision.

★ ★ ★

Doherty is working with Commerce Township Supervisor Robert H. Long, White Lake Township Supervisor James L. Reid, Farmington Township Supervisor Curtis Hall and others to contact area senators and representatives to create additional interest in the proposed highway.

Doherty pointed out that I-275 would relieve the traffic situation on most of the major north-south routes in West Bloomfield.

West Bloomfield Plans Summer Driver Class

WEST BLOOMFIELD TOWNSHIP — Residents of the school district may register for the summer driver training course before May 29.

★ ★ ★

Applicants must be 16 this year and be legal residents of the school district. There is no fee.

★ ★ ★

Additional information is available and registration will be held at school district offices at 6000 Orchard Lake.

Oregon Man Active Again After Using This Pile Treatment

Treatment Shrinks Piles, Relieves Pain In Most Cases

Eugene, Oregon Mr. Chuck Gray of Eugene states: "Thanks a billion for Preparation H. Until Preparation H, I had almost run the gamut of preparations. But with Preparation H, I'm active again!"

(Note: Doctors have proved in most cases—Preparation H® actually shrinks inflamed hemorrhoids. In case after case, the sufferer first notices prompt relief from pain, burning and itching. Then swelling is gently reduced.

There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.)

Labor Pledges Its Support to Striking Hospital Workers

CHARLESTON, S.C. (AP) — The nationwide financial and moral support of 16 million union members has been pledged to 400 Negro workers on strike against two Charleston hospitals.

That backing came Sunday from Walter Reuther, president of the 1.9-million-member United Auto Workers union, and William Kircher, a member of the executive council of the AFL-CIO, a 14-million-member alliance.

★ ★ ★

Their announcements officially sanctioned a union-civil rights drive to organize menial-task workers, not only in the South but throughout the nation.

★ ★ ★

The Rev. Ralph David Abernathy, head of the Southern Christian Leadership Conference, marched in a milelong parade with labor leaders, religious officials and members of Congress through the heart of Charleston.

CLOSE WATCH

National Guardsmen and local police kept close watch, but there was no violence.

★ ★ ★

The two-hour march over a six-mile route ended shortly before a 9 p.m. curfew, now in its 12th day. The dusk-to-dawn curfew was imposed by Gov. Robert McNair because of window-breakings, fire-bombings and other vandalism that have accompanied the strikes against the state-supported Medical College Hospital and the Charleston County Hospital. The walkouts began March 18.

★ ★ ★

Reuther presented a check for $10,000 to Mary Moultrie, president of Local 1199B of the National Drug and Hospital Workers Union. He told her the UAW will provide as much as necessary to win "this fight for human dignity."

★ ★ ★

Reuther also gave Abernathy the first of weekly $500 checks to defray expenses of the SCLC in spearheading the unionization drive.

$1,000 DONATION

The Negro American Labor Council donated $1,000.

★ ★ ★

The strikers are seeking recognition of Local 1199B as their bargaining representative and an unspecified pay raise from their present $1.30 to $2.05 an hour.

★ ★ ★

Gov. McNair said Sunday the cost of maintaining 600 to 800 National Guardsmen in Charleston and of supplying state highway patrolmen and other law enforcement officials is $1,000 to $12,000 a day.

For Southern Theater Benefit

Celebrities Dine on Soul Food

NEW YORK (AP) — "Soul" reigned supreme at the Waldorf-Astoria Hotel last night as 1,000 persons—including scores of celebrities—gathered for a unique, $100-a-plate dinner that featured fried chicken, collard greens and rice with black-eyed peas.

Gregory Peck, Ava Gardner, Rosalind Russell and Harry Belafonte were among those who sat at long, narrow tables covered with red and white checked cloths and passed around huge platters of food and pitchers of beer, cheerfully helping themselves to food.

★ ★ ★

The "Soul Food Dinner" was a benefit for the Free Southern Theater, a group that travels through the South, bringing theater to people in poor, Negro communities.

The evening's program was informal. The only speech was a brief welcome given by Brock Peters, board chairman of the theater.

HEAD SHAVED

The guests—clad in a variety of costumes ranging from African gowns to velvet evening suits—sipped cocktails and nibbled "nonsoul" hor d'oeuvres before moving into the hotel's grand ballroom for dinner, dancing and entertainment. One young woman was clad in a fairly traditional gown, but had shaved almost her entire head except for an Indian-style topknot.

The food was prepared in the hotel's kitchen by the regular Waldorf staff—a group more used to turning out roast beef and mashed potatoes.

★ ★ ★

They had some help, however, from Georgine Carter, a native of King George County, Va., and a friend of Peters.

"I think it's coming out very nicely," Mrs. Carter said after a last-minute trip to the kitchen. "They know how to cook. It's just a question of seasoning."

BEAN PIE

Guests danced to the music of Duke Ellington and Chico Hamilton, then, after finishing dessert of sweet potato or bean pie, settled back to an entertainment program that included Jack Lemmon, Liza Minnelli, Miss Gardner and the Free Southern Theater.

Among the guests were Mayor John V. Lindsay, Muhammed Ali, James Earl Jones, Myrna Loy, Godfrey Cambridge, Ann-Margret, Lauren Bacall, David Janssen, James Coburn and designer Geoffrey Beene.

BETTER THAN A CHEETAH — Ranch Manager Bert Stegenan has a pat for Gertrude the hippo as she heads for her mud hole on the Allan E. Smith ranch near Seattle.

Hippo Owner Goes Ape for Unusual Pets

SEATTLE (AP) — Why would a man want to own a hippopotamus?

"Oh, I don't know. It's better than owning a cheetah," said Allan E. Smith, Seattle realtor who has bought a 2,000 pound hippo for his Plain, Wash., ranch.

When Smith went to an animal dealer here to buy a cheetah, the dealer offered him an elephant. They settled on a hippopotamus.

Her name is Gertrude. She's a Denver native, whose older sister resides at Seattle's Woodland Park Zoo.

"Amazing as it may seem, Gertrude has a personality that's out of this world," said Smith. "She expresses affection by opening her mouth and letting you rub the inside of it."

Gertrude has joined a growing menagerie on the Smith farm which also harbors llamas and Scottish longhorn cattle. Smith also is thinking of buying some kangaroos.

"I just like animals," he said. The ranch produces only alfalfa and timothy hay commercially. The animals are for Smith's pleasure.

"Hippos are very economical for their bulk," he says. "More economical than an elephant." She stows away half a bale of hay each day plus vegetable trimmings from a Leavenworth, Wash., market.

When she arrived at the ranch last month, Gertrude lived in the basement of the barn, sleeping in an insulated stall. Ranch manager Bert Stegenan dug a six-foot-deep pit near the barn and filled it with water, and Gertrude spends most of her time there these warmer days.

This winter, Smith plans to convert half the barn basement for her.

"I'm planning on getting a couple of kangaroos to keep Gertrude company during the winter," said Smith.

"She gets very loney."

It Seems to Me...

Disturbances on Campus Arouse Public Indignation

Current campus riots have aroused the general public across the Country to a new level of indignation. The latest wave of undergraduate rebellion has prompted citizens to speak out as they never have before.

★ ★ ★

The demand to expel illegal demonstrators is almost universal. Tax-supported institutions are finding the taxpayers declaring in no uncertain terms that they no longer propose to have their monies go for the education of miscast youths. These troublemakers are actually "on campus" because of hundreds of millions of general tax dollars.

★ ★ ★

Attorney General JOHN D. MITCHELL said in his Law Day speech:

"The time has come for an end to patience. The time has come for us to demand, in the strongest possible terms, that university officials, local law enforcement agencies and local courts apply the law.

"I call for an end to minority tyranny on the Nation's campuses and for the immediate establishment of civil peace and the protection of individual rights.

"If arrests must be made, then arrests there should be.

"If violators must be prosecuted, then prosecutions there should be. It is no admission of defeat, as some may claim, to use reasonable physical force to eliminate physical force. The price of civil tranquility cannot be paid by submission to violence and terror."

★ ★ ★

Mr. MITCHELL urges college officials to apply for a court injunction as soon as a disturbance occurs. "This," he said, "takes the University out of the law enforcement business, where it does not belong, and replaces it with the court which is better suited for the purpose."

★ ★ ★

Universities sense the change in public sentiment. They are aware that general opinion is against disruption and anarchy. Congress is awakening equally. Editorials across the Country in all manner of public media express sharp condemnation of illegal troublemakers. This same word has been hammered into President Nixon's current schedule and he realizes the gravity of the situation.

★ ★ ★

Those bent upon illegal activities on U.S. campuses will find themselves flung out on their ears. Peace and orderly education must prevail for the sake of the 99% of loyal citizens on campus and the public in general.

No Court-Martial . . .

They've decided not to court-martial Commander LLOYD BUCHER.

Isn't that dandy!

A man and his crew are sent to sea unprotected in an unguarded tub that couldn't hold off a well-armed rowboat. Then, when they capitulate before warships, they're threatened with court-martial at home a year later.

★ ★ ★

Who were the blockheads that sent 83 American citizens into dangerous and controversial waters armed with a cap pistol, a bow and arrow and slingshot? Let's institute a ringing demand for immediate court-martial proceedings against the Navy nincompoops responsible for this predicament. They should face full charges with all the attending publicity and notoriety that they deserve.

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

If you're the first child born to your mother and it's after her 35th birthday, statistics indicate you should be considerably smarter than average. . . . . A University of Chicago professor says one of the reasons we're having campus troubles is because there are a lot of youngsters in college that haven't any business being there, anyway. . . . . Overheard: "Women not only drive as well as men, but they do it on both sides of the road." . . . . Is the City going to do anything to correct that Wide Track Drive eyesore—the rear view of Arcadia Court apartments?

★ ★ ★

GLORIA

Purely personal nomination for one of the most attractive of the new gal golfers on the pro circuit: Gloria Ehret. . . . . If you think English isn't the toughest language in the world, consider the pronunciation of these words that are spelled alike: tough, though, cough, hiccough, plough and thorough. Note they are all "ough." . . . . Many thanks to A. Robinson for sending a Michigan football program of 1917 with an article by Con Church and one by me. . . . . It may be tough to "keep up with the Joneses" but pity the struggling Joneses to stay ahead.

★ ★ ★

A Great Big Round of Hearty Applause for JOHN W. FITZGERALD for his long, constructive and honorable association with The PRESS. . . . . An acoustic signalling device helps the blind distinguish between "stop" and "go" at corners. When the light's red, a device ticks 75 times to the minute. When it's green this leaps to 750. . . . . Overheard: "My son got his first pair of long pants this week. So did my wife." . . . . Rep. JAMES B. UTT (California Republican) says Communists have wormed their way into all manner of clergy ranks to destroy moral standards. . . . . Dept. of Cheers and Jeers: the C's—Mother's Day; the J's—Naval handling of the entire *Pueblo* affair.

Another Casualty Of The Campus Riots!

David Lawrence Says:

Senate Has Right to Oust Fortas

WASHINGTON — Proposals are being made by some members of Congress calling for the impeachment of Justice Abe Fortas of the Supreme Court. But the Constitution limits the impeachment power of Congress solely to "treason, bribery, or other high crimes and misdemeanors."

LAWRENCE

A different section of the Constitution would have to be invoked, as there is no proof that Fortas engaged in any acts covered by the above phraseology.

Life magazine, in its article exposing the affair, says no evidence of bribery was found.

★ ★ ★

Fortas received a fee of $20,000 for services to a charitable foundation created by Louis Wolfson, but returned the payment when Wolfson was indicted in a stock - manipulation case. Wolfson was later convicted and now is in jail.

Justices usually disqualify themselves from sitting on any matter coming before the court that, directly or indirectly, involves their family or relatives, former clients or personal investments.

DIDN'T PARTICIPATE

Fortas declares that he did not participate in any way in the Wolfson case.

Congress, however, does have a broad power which could bring about the removal of any justice who has committed an indiscretion that casts a shadow on the prestige of the court of which he is a member.

★ ★ ★

The Constitution says: "The judges, both of the Supreme and inferior courts, shall hold their offices during good behavior."

No mention is made of "life tenure," and no definition is given of "good behavior." But it may be assumed that, once the Senate has confirmed an appointee, the upper house has a right to terminate his service provided the president also decides to declare a vacancy.

ASSSERTION OF POWER

If, for instance, the Senate and the president concluded that a judge had violated the concept of "good behavior," the passage of a resolution concurred in by the president might well be regarded as a logical assertion of constitutional power.

"Good behavior" could be construed to cover any personal action which would be deemed an impropriety.

★ ★ ★

This is something which may be considered by the judiciary committee of the Senate in connection with a thorough inquiry into the facts and circumstances surrounding some alleged "mishavior" on the part of a justice.

Certainly, even if no adverse conclusions were reached by the committee concerning the behavior of Justice Fortas, the proceedings would clear up doubts as to what Congress thinks is proper or improper, and judges could be guided thereby in the future.

Bob Considine Says:

Groom Strike Microcosm of Strife on Campuses

NEW YORK—"I can't say it because of my connections in racing, but those striking grooms at Aqueduct are dead right," a famous former jockey said as he watched the police pry open a lane through the angry blacks in the stable area.

CONSIDINE

The brainless thoroughbreds, bred and overbred into becoming the dumbest of the dumb beasts, were led through that smouldering lane to the track's starting gate.

There they were shoved into their respective slots and then, after the startling clang of the starting bell, were whipped on their way.

The crowd in the stands made sounds very much like those heard around feeding time at the zoo.

THEIR 'CRIME'

The shouts of greed drowned out the grumbles of 40 stable hands being led away by the cops, to be booked for "criminal trespass."

Their "crime" was, in effect, that their spokesmen had asked the state of New York, which runs these horse roulettes, for a pension fund—to be paid for by four additional days of racing beginning next season.

★ ★ ★

Gov. Rockefeller dissented. The men were told to stay away from the place where they earned their meager living.

Like the jockey quoted at the beginning of this piece, a number of racing officials and owners feel sympathetic toward the grooms and believe that justice is on their side but their "connections" still their tongues.

EASY SOLUTION OUT

Here we see in microcosm the cause of violence and dismay on our campuses. The bloodletting and bashed heads on the campus of the City College of New York was the culmination growing out of a situation once as simple and receptive to negotiations as Grooms vs. State.

But now at CCNY it has passed all hope of easy solution, just as is the case at a dozen seats of learning from which we hope to gain our next generation of leaders and wise men. Things will get worse. Students in school solely to learn are beginning to fight those who would thwart that ambition.

When the majority is as well organized and armed as the microscopic minority, we might well see an American campus that resembles Hue during the Tet offensive.

There could come a day when a forbidding-looking groom, who once asked for very little and got considerably less, barges into a meeting of the distinguished Jockey Club, interrupts its pontifical proceedings and demands reparations for the Negro dating back to George Washington's racing days.

DECAY OF REASON

There could come a day when reason has decayed to a point where a groom complains bitterly to a TV interviewer that he and other grooms are being harassed by the owners.

"But you've got the owners locked up in Man O' War's old stall," the astonished TV fellow might say.

Views on Vietnam War Submitted by Minister

Our troops and the Vietnamese people continue to be killed in behalf of a suppressive, totalitarian regime in South Vietnam.

Students, professors, labor union leaders, editors and others in South Vietnam who have come out for peace have been harshly suppressed by the government and subjected to arrest, exile and torture.

★ ★ ★

I believe that it is clear that the regime of Nguyen Van Thieu and Nguyen Cao Ky knows itself not to be representative of the people of South Vietnam and their desires for peace, and knows it cannot speak credibly for them at the peace table. It is not justifiable for Americans to kill and be killed for the sake of continuing such a regime.

Tells of Poor Attendance at School Concert

Congratulations to Mr. Peterson, Mr. Mason and the Pontiac High School orchestra for the excellent concert presented May 6. I apologize to the students for the community's neglect to attend this function. Although the concert was excellent, no more than 50 people attended. If I were a student in the orchestra I would have lost enthusiasm long ago.

Opinions Continue on Fight Against Smut

Congratulations to the Chief of Police on his stand against filth and obscenity in our community. Our County is one of many loaded with this, and no one seems to care enough to fight it. The lack of "will" is caused by the prosecutor who refuses to prosecute cases brought before him. The owners of the stores must be accused, not the clerks who just work there. We have plenty of laws on our books if only our police are allowed to enforce them and the prosecutor backs them up. We are pleased to see The Press give the chief of police good coverage. This is a needed communication with the people.

MRS. HIRAM TERRY

Congratulations to The Pontiac Press for the editorial on the smut issue. Also, to Chief Hanger for his moral stand against selling of obscene books, etc. Let's all stand behind him and his force. They need our help and the young people need our help. This could be a turning point in our moral decay. Young people of today will be our leaders and society of tomorrow. What kind do you want?

ROBERT RUSHING

Freedom of the press is one of our greatest liberties. I remind Chief Hanger that this is the United States and not Nazi Germany. I feel the Pontiac law enforcement officials should devote more time to other matters, such as the murder and looting that go on in this City. No one man has been given the right to infringe upon the rights of others. Any person who thinks he has this power to crash the rights of others should not be allowed to wear the badge of a law enforcer. Chief Hanger wants to suppress freedom of the press, speech, thought and free enterprise.

Frequently I drive by some condemned houses on the corner of Branch and Gillespie. A large number of children live in the nearby projects, and I feel the dilapidated houses with broken windows and sagging roofs present a hazard. They've been this way for a long time. Can't something be done?

REPLY

Ralph Florio in the Planning and Urban Renewal department, tells us it is a problem of absentee landlords and has involved complicated title search. However, legal action has been started, and a 30-day notice of demolition will be published. After that the matter will be submitted to the City Commission for demolition action, and the houses should be removed within a week or two after expiration of the notice.

Middle age has been described as the time of life when a man tells himself he'll feel better in a couple of weeks. Some doughty spirits refuse to accept the wheezy lungs, the knocking heart and creaking joints which attend the so-called prime of life.

Warned . . .

The New York Times

The Council of Europe has warned Greece's junta to restore basic human rights by December or face expulsion from the eighteen-nation body. Greek democrats had hoped that the Council at its twentieth anniversary meeting in London would at least suspend Athens; but the colonels would be wise to take this milder action for the conditional reprieve it was.

★ ★ ★

Up for consideration in London was the recommendation of a huge majority of the Consultative Assembly of the Council that Greece be ousted for "serious violation of the conditions of membership" regarding the rule of law and human rights.

★ ★ ★

At any rate, the colonels now have seven months in which to restore basic liberties and put Greece on the road back to democracy and the rule of law. It would solve many problems — for Greece, the Council of Europe, NATO and also for the United States — if Colonel Papdopoulos and his henchmen took this opportunity to carry out a few of their promises.

Miami Jury Says Kiss Is Worth $85,000

MIAMI (UPI) — How much is a kiss worth?

A Circuit Court jury has answered this question in part by awarding a former Iowa state senator and his wife $85,000 because their smooching has been hampered by an accident in which negligence was established.

Mr. and Mrs. Howard Reppert received the sum as a judgment in a negligence suit they filed against the owners of a Miami apartment house. Mrs. Reppert tripped over a concrete parking stop at the apartment house Jan. 30, shattering her jaw, loosening teeth and injuring a wrist and shoulder.

She charged the owners with negligence because the parking lot was poorly lighted.

★ ★ ★

Howard Reppert testified that he can't kiss his wife on the lips without causing her pain. He says he has to kiss her on the cheek instead.

The kissing problem, together with occupational disabilities which Mrs. Reppert says resulted from the mishap, won the couple the $85,000 judgment.

State Post Open

LANSING (AP) — The State Agriculture Department reports it is looking for an agricultural resource analyst to fill a post that will pay between $10,000-$13,000 a year plus fringe benefits. The applicant must have an advanced degree or experience in land and water management, agricultural economics, resource planning or agricultural industry management and marketing.

Japan Embarrassed at Trade Surplus

LONDON (UPI) — Japan's balance of payments surplus has become the subject of mild embarrassment to some of the country's senior financial officials.

During the financial year just ended the surplus worked out at comfortably over $1 billion and, during the year which is just beginning, it will almost certainly be $500 million or more.

★ ★ ★

To gather in foreign exchange at such a rate in a world which is chronically short of international liquidity is liable to be classed as bad manners in places like the Organization of Economic Cooperation and development (OECD) of which Japan is one the newer members. But not to gather it in could pose even more problems for the frugally minded Japanese.

To begin with, the balance of payments surplus was pure good fortune.

★ ★ ★

At the beginning of 1968 when Japan was laboring to boost its exports and fend off pressures on its currency it looked as if the development of the economy might have to be held back in the interests of international solvency.

★ ★ ★

Japan's reserves at the time were only a little over $1.8 billion which is not much for a country with annual imports of something over $1 billion.

Bridge Toll Proves Strain

BANDUNG, Indonesia (UPI) — The chief of Arimalang village near Bandung has complained to government authorities about a low bridge on the Jakarta-Bandung rail line.

★ ★ ★

Official statistics show 150 passengers who have been killed by riding atop the coaches and been decapitated by the bridge at 5 miles an hour that worry him.

It's the hundreds of persons injured by the Arimalang Bridge who strain the scanty medical facilities of the village.

Official statistics ssow 150 passengers killed by the bridge in the past 10 years while riding atop the carriages rather than crowd inside. Fifteen died in the first three months of 1969 alone.

New Jersey Considers Swamp a Gold Mine

SECAUCUS, N.J. (AP) — A giant swampy wasteland in north New Jersey that has been called the most valuable stretch of real estate in the world is finally due to realize its potential.

The 60-square-mile area—a valley of dry reeds and dumping grounds—is known variously as the Jersey meadowlands, meadows, or the tidelands. It stretches 15 miles from Hackensack to Harrison shadowing Manhattan island, only two miles away. You can see the New York City skyscrapers from the desolate meadows.

★ ★ ★

For New Jersey commuters, the meadows are the offensive stench of decay that must be endured between city and suburb.

For the state of New Jersey, the meadowlands are a prize as valuable as if all the garbage landfills there had been packed with gold.

MAGNET FOR FUNDS

New Jersey legislators have long known that, with the proper coordinated planning, this enormous swamp could be made a money-magnet, luring huge federal funds and massive private investment.

After 10 years of haggling, the state has formed a Meadowlands Commission. The commission is charged with creating a master plan that will make roads where now there are streams, make houses where now there are marshes, make industry where now there is only pollution—and most of all, make money.

★ ★ ★

The tract they control is an 18,000-acre valley of swampy land lying between two long extrusions of igneous rock. The area was once a lake, and even today, at high tide, much of the land is flooded.

★ ★ ★

The Hackensack River runs through the meadowlands and into Newark Bay, and its tributaries cross and recross one another.

BIG WASTE DUMP

Much of the meadows is used for the dumping of the waste of metropolitan New York. At the middle of the valley is the Joint Meeting Sewage Plant, a romanesque building surrounded by huge revolving fountains.

★ ★ ★

Swamp wildlife has lived here, disguised by the wide fields of tassled brown reed. Beneath the reed has been found, within one small area, some 20 varieties of plant life, including such exotic varieties as skunk grape, swamp rose-mallow, purple loosestrife, Rutland Beauty, and Joe-Pye weed.

★ ★ ★

As late as the 1930's, the streams were filled with huge water snakes. In fact, the name Secaucus, which is now the only town entirely within the confines of the meadows, comes from the Indians' word-'Siskakes," meaning "where the snake hides."

The area is so low that high tidal waters lack up through the Hackensack River and flow over the muddy land. Once the receding tide left a smell of brine, the odor of a beach at ebb tide. Today the high tides bring the sewage of 500,000 people that is dumped each day into Newark Bay. This pollution settles over the land and in the streams. Fish cannot live in the meadow streams.

DAM 1st TASK

One of the first tasks in the reclamation of the meadowlands will be building a dam at the mouth of the Hackensack River, blocking the high tides and the bay sewage. The dam, as well as landfills, will be constructed by the Army Corps of Engineers for an estimated $300 million, with most of the money coming from federal funds.

The Army says its plans will be ready in two months.

★ ★ ★

Meanwhile, the Meadowlands Commission has promised to have preliminary development plans ready by August to insure that current building doesn't interfere with reclamation activities.

Clifford A. Goldman, acting executive director for the commission, says a master meadows zoning plan will be ready in about a year.

NO DELAYS

Goldman says no delays are likely. "Naturally, it's a long term project. Cost benefits aren't due for 30 years. But we're proceeding without delays."

The main delay is expected to lie in assuring title to the lands. The state has laid claim to all lands that have been washed by tidal waters, and proceeds from these lands will go to the state public education fund.

★ ★ ★

Six Superior Court judges have been granted special powers to rule in title cases so that claims may be quickly settled, but it could still be years before the title situation is cleared.

No More 'Red Eye' for 'Cool' Bob Hope

By BOB THOMAS

HOLLYWOOD (AP)—"From now on call me 'Cool Eye Luke,'" Bob Hope said cherrfully. "I'm having it monogrammed on all my towels."

THOMAS

America's favorite quipster sounded chipper over the telephone from his Palm Springs home. He was having a few days of enforced rest after his second treatment for an eye ailment this year.

Last week he was released from New York's Columbia Presbyterian Medical Center, where he underwent "exonon-arch photocoagulation" to cauterize tiny blood vessels that had burst in his left eye.

★ ★ ★

"They zapped it with that beam," said Hope. "Man, I can't live without that fix."

SOME CONCERN

Beneath the quips there seemed to be an undercurrent of concern, plus impatience with anything that slows down the furious Hope pace. He was relieved to learn that except for the eye he was in excellent health.

"They examined me from stem to stern," he remarked, "and decided I was, in perfect shape, except for that left orb. I mean they tested me for everything. Like the sugar test. They fed me sugar and then took blood out of my arm every half hour. Those doctors are just like the government: they keep taking, but they don't give you anything."

★ ★ ★

Before his release from the hospital, Hope was lectured by an internist—"he put me down like a little boy." The essence of the lecture: that Bob can't expect at age 65 to have a rehersal, golf game and show in the same day. "Okay, I'll cut out the show," Hope replied.

He received more instructions from his wife Dolores on the plane trip to California. Finally he said, "Don't bug me; I've already had it from the doctor. These lectures are worse than the operation."

SERIOUS THINKING

He and Dolores went immediately to his Palm Springs hideaway, which is the only place he can escape from the multifarious Hope enterprises. He admitted that he has done some serious thinking on the desert.

"My only problem is to keep away from hypertension," he remarked. "I don't have high blood pressure, but when I get in a condition of fatigue, those vessels in my eye can pop. Looking back on it now, I can see how it happened each time."

One of the busiest performers in show business, Bob has long been noted for remaining calm in any situation. But twice this year he blew his cool, and the eye hemorrhage followed.

"The first time was in January, when I was editing the Vietnam TV show," he recalled. "I returned from the Pro Bowl game at midnight and I had to get the show finished for the deadline.

'IT WAS SILLY'

"I couldn't find what I needed, and I started yelling, "where the hell is reel 9?' I really carried on like a madman. "The next time was this month when I was waiting around to go on the Roosevelt Grier Show. I had a plane to catch and I was ranting, 'I gotta get the hell out of here.' Then I got on the freeway and drove like it was the Indianapolis Speedway. That was silly, because I could have caught a later plane."

Within a day or so after both incidents, Hope saw "a network like a spider's web" cover his eye. The last time it happened was while he gave the commencement address at the University of Miami.

To prevent a recurrence, Hope vows to be Cool Eye Luke. Or so he claimed as he prepared to depart for a benefit in Omaha.

Jobless Training

LANSING (AP) —The U. S. Labor Department has approved a $47,280 grant for the Ambassador Steel Co. of Detroit to train 20 jobless workers for full employment over a two - year period.

He Gets a Choice---Either Leave Town or Go to Jail

ERIE, Pa. (AP) — A man accused of taking part in a riot says he'd rather switch towns than serve 11½ to 23 months in jail.

The option was given to Benny Walls, 27, after he pleaded guilty to assault and battery and pointing a deadly weapon during a riot two summers ago.

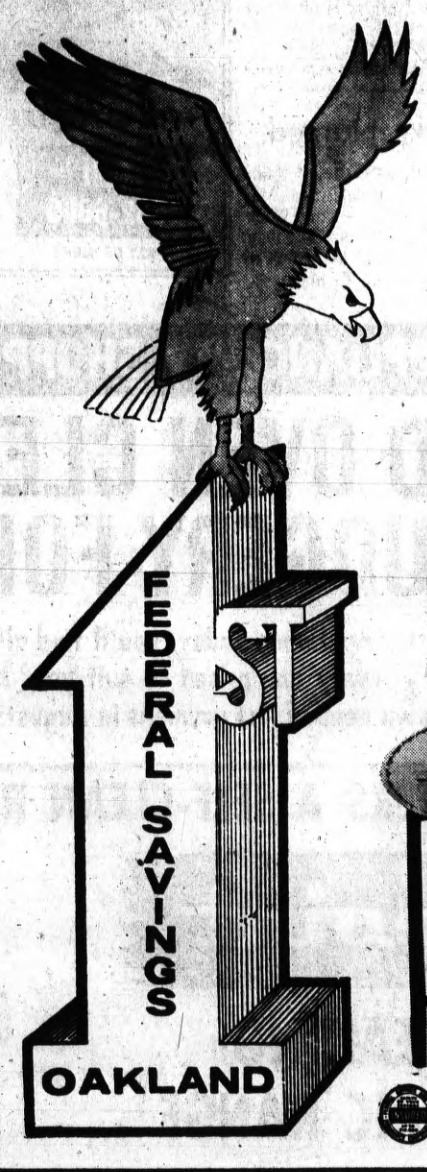

Judge Lindley McClelland, who sentenced Wall, told him he could get out of jail in a week if he agreed to leave the city in 24 hours and never return.

Wall indicated he would leave and head for Detroit, Mich. He was accused of assaulting two television newsmen during a riot on the city's East Side in 1967. The judge dismissed charges of rioting and obstructing a policeman against Wall.

His New Bucket Comes in Handy

ST. LOUIS (AP) — Robert Valentine 54, told police that as he was walking out of a hardware store with a newly purchased bucket, a man approached and offered to sell him a pistol. Valentine refused, whereupon the man used the pistol to rob him of $4.

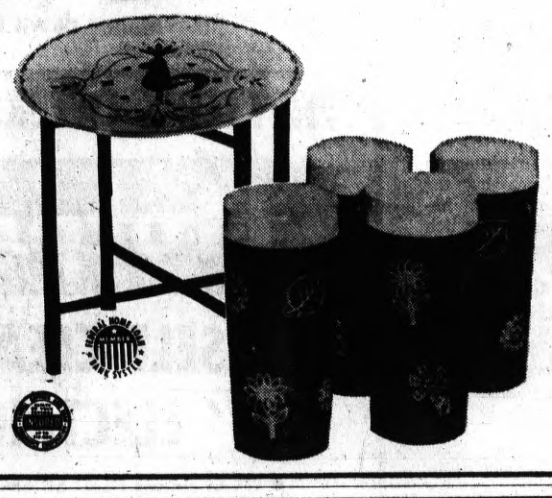

The holdup man then fired at Valentine's abdomen, but the bullet glanced off the bucket and struck Valentine's hand.

luxurious underarm dryness

When you discover Mitchum Anti-Perspirant, you enter a new world of underarm comfort and freedom. It keeps you drier than *any* anti-wetness agent ever put in an aerosol spray can! By anybody.

Even if you perspire heavily you will find that it gives positive protection—keeps underarms absolutely dry for thousands who could never find that protection before. If you perspire moderately, Mitchum Anti-Perspirant will give you a new sense of fastidiousness. Its positive protection does not grow less with use, but builds up. After the first four days of use, most women find that they need use Mitchum Anti-Perspirant only every third or fourth day regardless of bathing.

So whether you perspire heavily or moderately, doesn't it make sense to move up to the luxurious dryness of Mitchum Anti-Perspirant. With this positive protection you get complete gentleness to normal skin —complete safety to clothing. And full deodorant effectiveness, too. Liquid or Cream, 90-day supply if used daily, $3.00. Available at your favorite drug or toiletry counter.

Mitchum ANTI-PERSPIRANT

When he can talk, he'll need a phone

A baby's first words may be spoken to a grandmother across town or across the country. They'll be the occasion for a happy telephone call.

But as he grows up, his demands for the future as well as your needs today must be met.

To meet today's growing needs in Pontiac, Michigan Bell will spend $6,880,000 this year for additional dial switching equipment, telephone cable, wiring, and connecting hardware in homes and businesses.

We are making this investment today to make sure there's a telephone tomorrow for the child who will someday be a man.

Bias-Ply Types to Be Standard

Auto Industry Shifting Tires

DETROIT (UPI) — There has been no fanfare about it, but, as predicted last February, the American auto industry has begun a quiet shift in the type of tires being provided as standard equipment on cars.

For many years, the auto industry has equipped cars with bias-ply tires made of cotton, rayon, and in some cases, polyester cords.

Radial ply tires, used in Europe for several years, were used also in the United States, but always on an optional extra-cost basis.

Then, in 1966, a new bias-belted type of tire was developed in the United States.

PROVIDES COMPROMISE

This new tire provides a compromise between the "no squirm" quality of the radial tire, and the softer ride of the bias ply variety.

These too, were offered as an extra-cost optional item because they cost more, though not as much as radials, and because they were built in premium grades with greater mileage potential.

* * *

Early this year, the industry made a decision to switch from the conventional bias-ply tires. But switching was not easy.

Many of the tire companies supplying original equipment to the auto industry were not set up to manufacture the bias-belt tires in mass production quantities.

All of them began setting up lines to make them, but the time involved made it impossible to do a complete switch from one day to the next.

So the decision was reached to make the switch-over on a sort of phase-out basis. That is, certain lines of cars would be equipped with the bias-belt tires as the tire makers reached a production schedule sufficient to meet the demands of that particular line of cars.

* * *

General Motors has now started. Some of its biggest volume lines, Chevrolet and Pontiac, are coming off the assembly lines with the new bias-belted tires, but the company is charging for them as an extra option.

Previously, the belted tires were not available at all on these models. Oldsmobile and Buick are expected to be the next lines on which the belted tires will be offered at an extra price.

TO SUPPLY ALL CARS

Beginning with 1970 models, the auto industry hopes that tire manufacturers will have developed production lines to the point where they can supply all cars built with the belted tires, thus switch, to the item as standard equipment.

Bias-belted tires consist of the conventional plies running at an angle to the tread surface. But they also have two plies of fiber glass running as a belt directly beneath the tread.

* * *

The fiber-glass belts give the tires far greater resistence to penetration by glass, nails or stones, and they also reduce the "squirm" of the tread as it meets the road, particularly in hard-braking situations. This lack of squirm in the tread results in surprisingly more control of the car.

Controllability was one of the outstanding features of the radial ply tires from Europe, which are built with plies running at right-angles to the tread. But building tires this way is vastly more expensive.

First Open Debate in the Legislature on Parochiaid Is Near

LANSING (AP) — The controversial parochiaid question faced its first open legislative debate this week as the House prepared to take up the $845.4-million state school aid bill.

Two substitute bills and at least 53 amendments — including one to appropriate $100,000 in state aid to nonpublic schools — were before the legislators whose votes were to be matters of record at each step of the way.

Democratic House leaders announced last week they would move to avoid repetitious arguments or maneuvers.

"We could see the way things were shaping up," said Majority Floor Leader George F. Montgomery. "I don't know how the speaker will keep us on the subject. They're going to be wearing themselves out banging that gavel up on the hill."

UNDER SOME PRESSURE

All ammunition would be brought to bear on arguments, Montgomery predicted, possibly on-the-spot motions to reform state taxing procedures.

"Somebody's going to ask how we'll pay for something," Montgomery said, "and somebody else is going to get up and tell him. We may be under some pressure."

★ ★ ★

Under the timetable worked out by House leaders, public school allocations were expected to be the first subject, since that is the first chapter of the bill.

The parochiaid discussion could get under way on Tuesday, although few legislators were placing much faith in schedules.

EMOTIONAL ISSUE

Other emotional issues before the House this session frequently have been immersed in involved points of order and procedure.

With money and principle at stake, observers predicted the House was unlikely to streamline itself on this occasion.

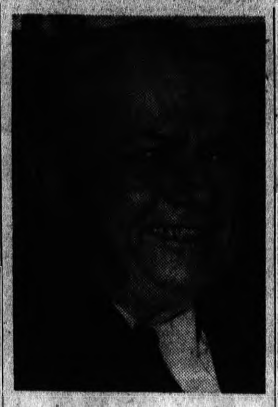

★ ★ ★

Meanwhile, the Senate planned to convene Tuesday night, after a long weekend ordered following long hours of committee work before the deadline for reporting out bills last week.

Among priority items on the Senate calendar was a bill setting up the formula by which a major chunk of the $335-million water pollution control bond issue money would be allocated.

★ ★ ★

The Senate passed the $285-million measure earlier and sent it to the House. When the lower chamber approved and returned the bill, there were some 20 amendments.

EX-GOVERNOR DIES — W. Lee O'Daniel, a flour salesman who became a Texas governor and U.S. senator, died yesterday in Baylor Hospital, Dallas, where he had been a patient for about three weeks. He was 79. O'Daniel was elected governor in 1938 and served until 1941 when he was elected to the Senate. He retired from public office in 1948.

Preliminary Arguments Today

Algiers Motel Trial Begins

MASON (UPI) — Surrounded by a web of legal entanglements, the Algiers Motel case — holding the prmise of one of the most startling civil rights trials of the decade — to begin today at the Ingham County Circuit Court.

At stake in the high-ceilinged, polished oak courtroom in this nearly all-white community southeast of Lansing was whether the alleged confession of a former Detroit policeman should be admitted in evidence against him when the trial proper begins. Jury selection is slated to begin tomorrow after preliminary arguments on motions today.

★ ★ ★

The 22-month-old Algiers incident centers on former patrolman Ronald J. August, 29. The good-looking, slightly built August is charged with first-degree murder of Aubrey Pollard, 19, one of three Negro youths whose bodies were found in the Algiers Motel in July 1967, during the frenzy of Detroit's riot.

★ ★ ★

Two other former Detroit police officers and a Negro private guard, all who were with August at the motel, are bound in a net of charges, appeals and counterappeals that could take federal and Michigan courts years to pry apart.

JULY 26, 1967

At the root of it all is what happened on July 26, 1967, when Detroit and State Police and National Guardsmen arrived at the inner-city motel to investigate a sniper report. There they found 10 Negro males and two white prostitutes.

★ ★ ★

According to rumors which swept the black community the Negroes were beaten, the two girls partially undressed and the three youths finally "executed."

★ ★ ★

Police sifted through these rumors, and further investigation resulted in the charges against August.

Oakland County Circuit Judge William J. Beer, who is presiding, made the change of venue to this community — where only about 1 per cent of the 5,900 residents are black — while he was a visiting judge in Detroit Recorder's (criminal) Court. Legal arguments, pretrial publicity and motions for a change in venue accounted for the switch.

Boy, 15, Fails to Save Sister, Brother in Fire

GREENVILLE (AP) — Fifteen-year-old Mark Hubbard was left in charge of his younger brothers and sisters and, when the family home caught fire, he made a manly attempt to save them but two — the youngest — perished.

Mark told police he was awakened by screams shortly before midnight Saturday. He saw the house was afire and rushed to a garage to get a fire extinguisher. But the blaze was too much for him and he fled to safety.

Two other youngsters escaped but 6-year-old Jannette and 7-year-old Rex died.

Mark was burned on the arms and hands. His sister, Teresa Ann, 12, escaped injury but 9-year-old Jeff Allen had to be treated for burns on both feet.

★ ★ ★

Police said the children's parents, Mr. and Mrs. Lawrence Hubbard, were visiting friends and had left Mark in charge. The home, located in northwest Kent County, was badly damaged, police said. Officers said it appeared the fire started in the furnace room.

Blacks to Repair Flint Vandalism

FLINT (UPI) — A group of prominent Negroes, who asked to remain anonymous, over the weekend launched a drive to raise funds to repair damage to the DeWaters Art Center by some 50 chain-swinging black youths.

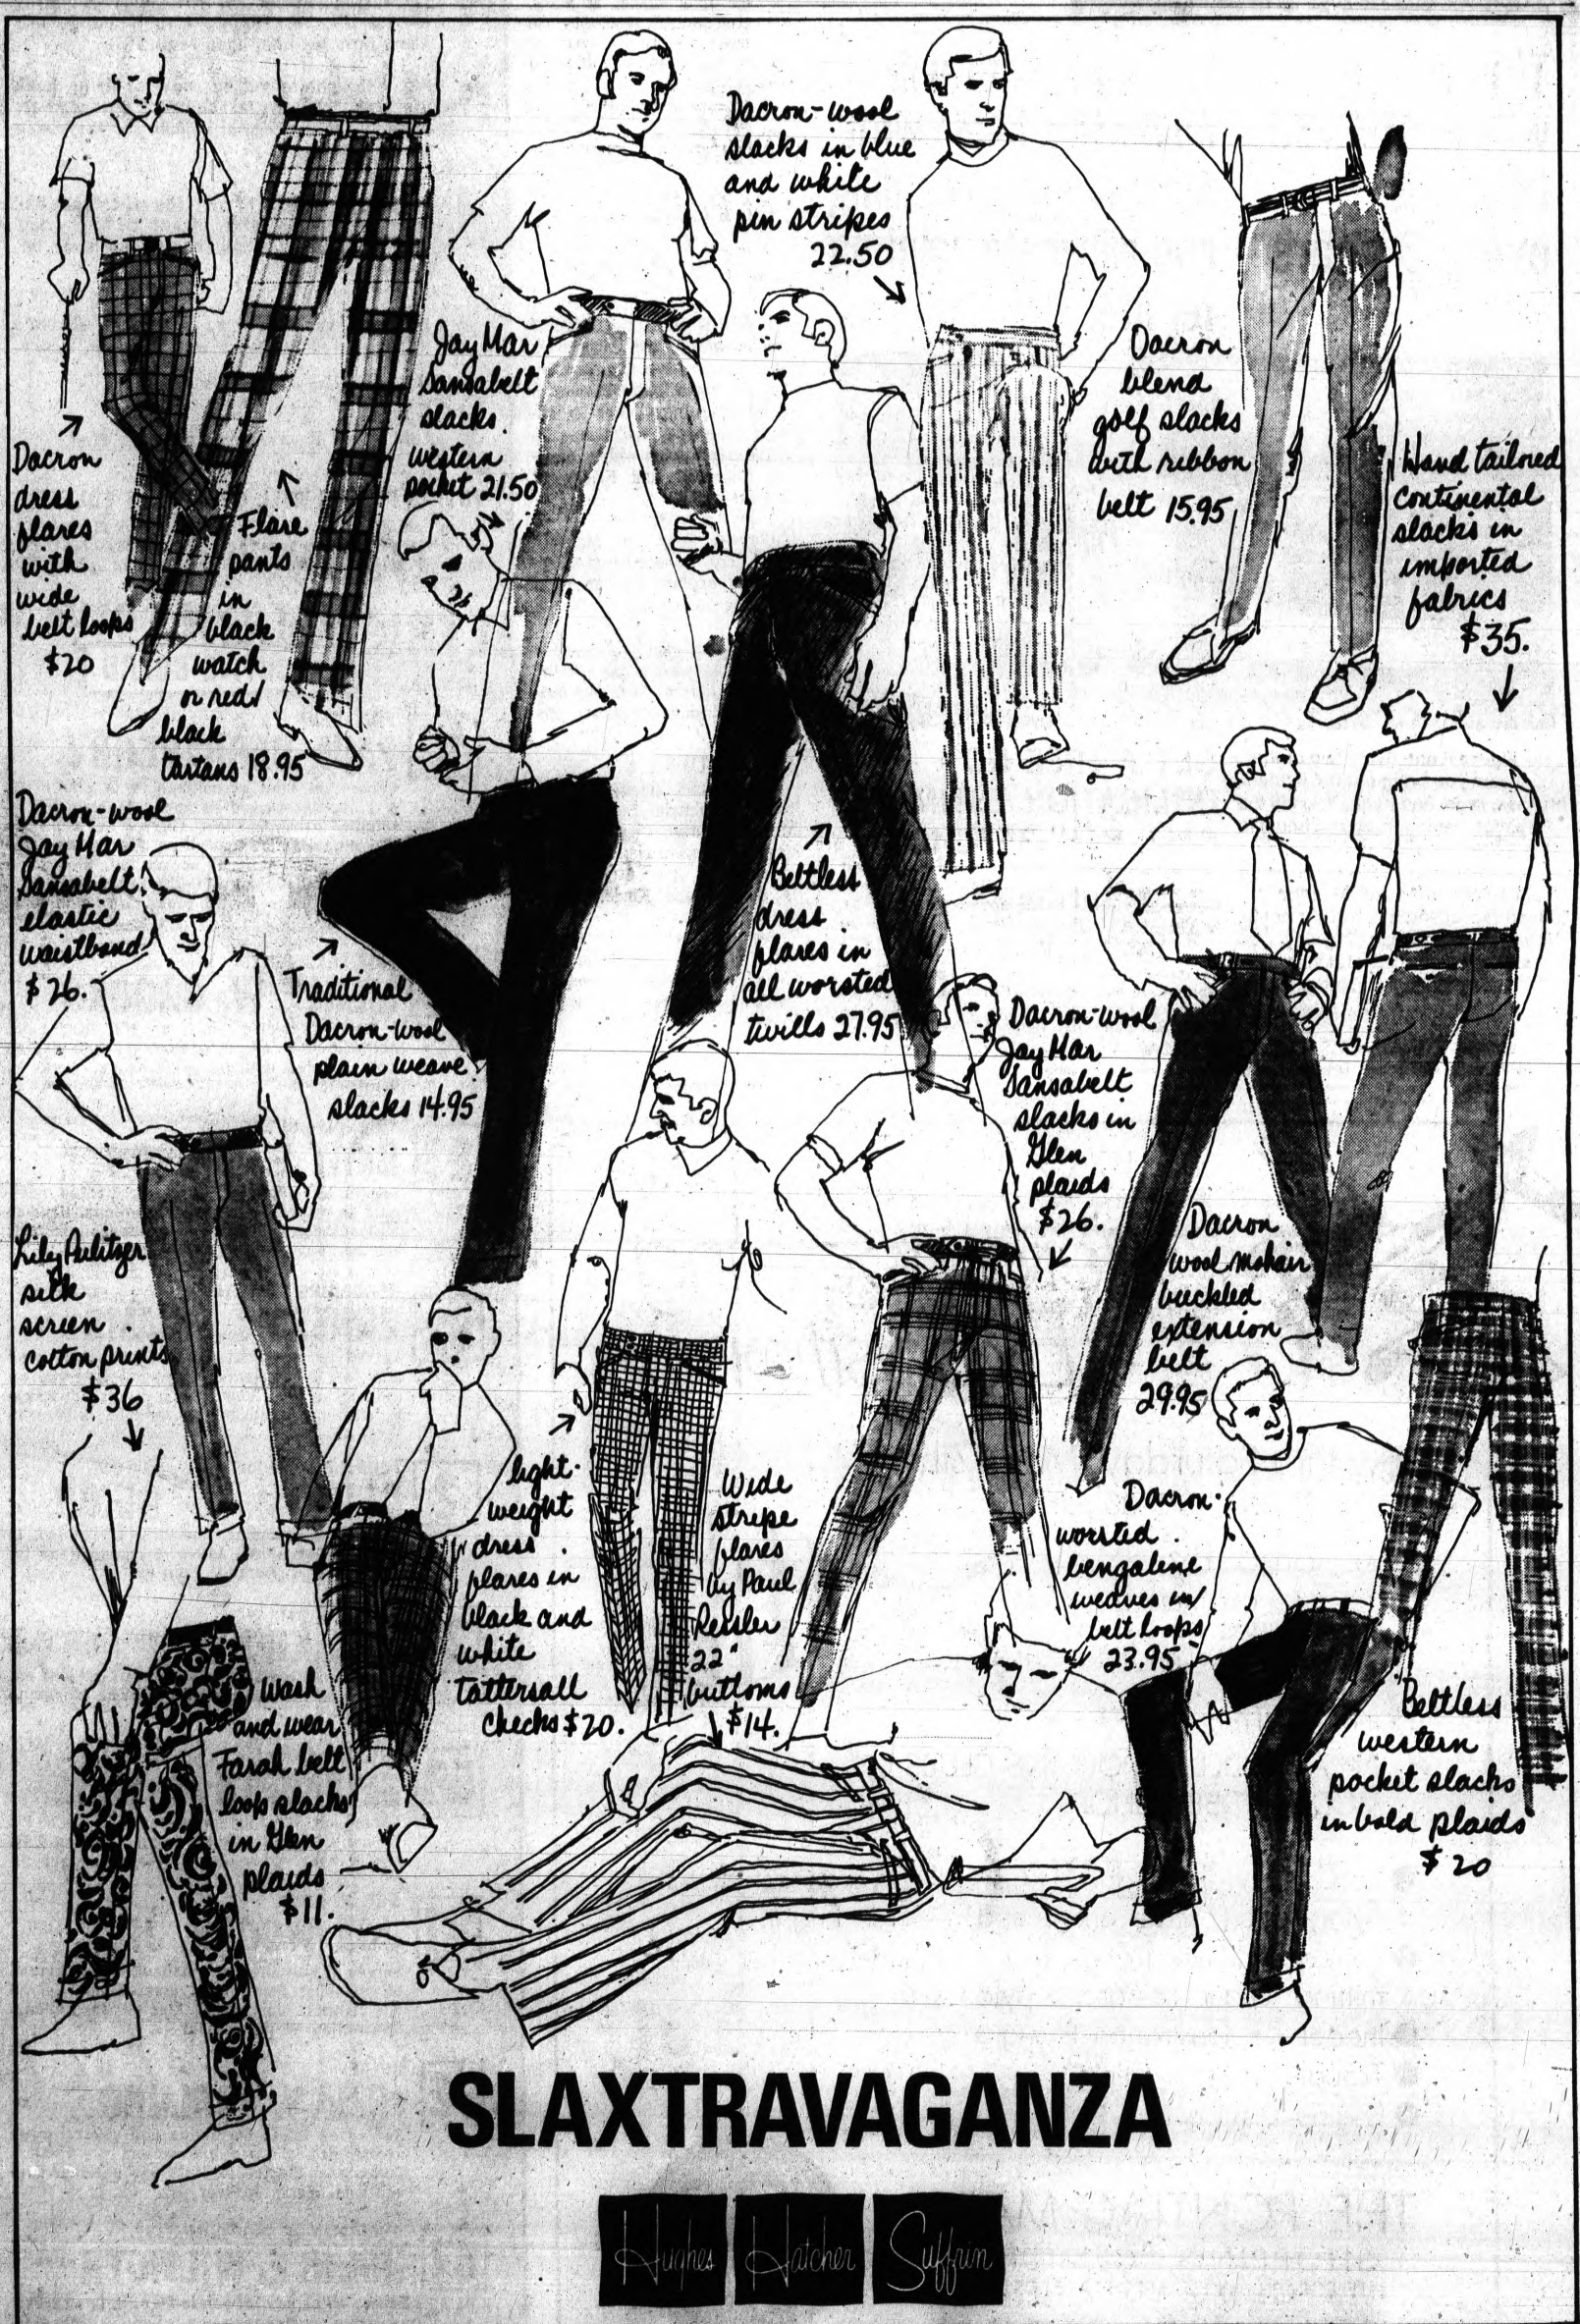

The vandals swept into the art institute May 1 and smashed windows, doors, paintings and sculptures before escaping to nearby Flint Community College buildings.

Blue-Collar Workers Turning the Air Blue

CHICAGO (UPI) — If you don't want to hear profanity, don't talk to factory or construction workers.

Dr. Paul Cameron, Wayne State University psychology, says a recent study indicates workers use a profane word for every five words they utter.

Cameron, addressing a meeting of the Midwestern Psychological Association Friday, said secretaries use the least profanity.

He said a secretary may use one profane word for every 100 to 200 other words they speak, but pointed out that's when they're talking among themselves.

AMONG TOP 100

Cameron said his study indicated profane words were among the 100 most commonly used words in the English language.

For his study, he said, profane words were divided into three classes: sexual functions, excretory processes and religious meaning.

★ ★ ★

Cameron said 150 student interviewers listened to conversations of 3,000 persons under varying conditions.

The most popular profanity, Cameron said, is the word "damn."

'SHADY' STORIES

The two-year study also confirmed the belief coeds tell as many "shady" stories in bull sessions as do the male students.

The study showed students, either girls or boys, use a profanity for every 14 words they speak.

★ ★ ★

Adults at leisure are more profane than adults at work, Cameron said. At ease, they use one profane word for every 10 spoken but at work it drops to one in 20.

State Charges of Pollution to Be Aired

LANSING (AP) — Several communities and industries have been ordered to appear before the State Water Resources Commission next week to answer charges of pollution.

The commission will be meeting Thursday and Friday at Traverse City.

★ ★ ★

Chrysler Corp. and McLouth Steel Corp. were ordered to appear to explain discharges of polluting wastes into the Detroit River.

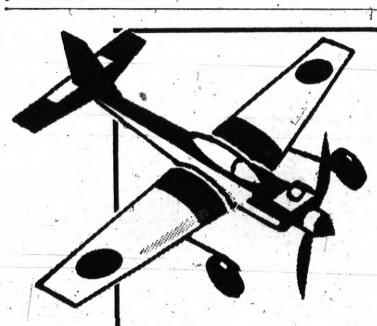

The commission will make a decision on whether to ask the attorney general to invoke penalty provisions against McLouth.

COMMUNITIES

Communities charged with pollution include Big Rapids, Mecosta County; Custer, Mason County; Roscommon, Roscommon County; Reed City, Osceola County; and Kinde, Huron County.

Packaging Corp. of America, of Filer City, Manistee County, will be asked to submit an improved program for waste control.

Blowing bubbles may seem like child's play, but when it's something that has to be learned all over again, it takes on a more serious note. Mrs. Dan Burman of Keego Harbor blows as volunteer occupational therapist, Margaret Coutts of Whitfield Street, measures today's success.

Volunteer Work Points Out Career

By JEANNE NELSON

Margaret Coutts (Peggy to most) claims to be a typical young adult; but, she is anything but average when it comes to serving others.

There are just not that many 22-year-olds willing to give 40 hours per week to volunteer hospital work. Peggy had been taking a food service course at Oakland Community College until last January when she discovered that this wasn't what she wanted at all.

What to do? Well, there were several choices open, but since her mother works at the Oakland County Sanatorium, she thought doing some volunteer work there would be a good beginning.

★ ★ ★

Now that she has been serving in the hospital therapy department for some time, she would like to switch to a nurses aid program, working with bedded down patients. Her sights are definitely set now on a nursing career.

Two of Peggy's strongest qualities are a good sense of humor and an ever-ready smile.

★ ★ ★

Her interest and talents in arts and crafts and ceramics has added a new dimension to the hospital's program of keeping patients busy and happy by doing. The occupational therapy room is filled with their finished and yet-to-be-finished ceramic pieces.

While dreams of managing a restaurant have fallen by the wayside for the young, blond — everyday practical cooking for the family hasn't.

★ ★ ★

She does all of the cooking at home, including huge holiday dinners. And her carpentry skills aren't minor either, as she and her dad recently built a backporch on her grandmother's home.

★ ★ ★

Still something of a tomboy, Peggy loves to sail, swim and play touch football with the kids on the block.

Average? Not Peggy whose altrustic and happy-go-lucky personality should take her far.

There's lots of activity taking place in and about the cheerful halls and rooms of the Oakland County Sanatorium these days in anticipation of the hospital's open house week now in progress.

★ ★ ★

Hospital public relations director, Margaret Evans is hoping area residents will take this opportunity to view the facilities during National Hospital Week. Tours have been scheduled daily at 10 a.m., 2 p.m. and 7 p.m.

Oakland County Sanatorium is the only accredited hospital in this area without an auxiliary and Mrs. Evans thinks that one is long overdue.

★ ★ ★

Women interested in forming such an organization are asked to contact her office. Such an auxiliary raises funds to provide those "extras" not included in the overall budget in addition to giving volunteer service.

Elsie Inselman, alto (left) and Karen Tuttle, violist, will appear as soloists at the Saturday afternoon concert during the third Bach at Cranbrook Festival May 16-17. Miss Inselman, a district winner in the Metropolitan Opera auditions, is a member of the Kenneth Jewell Chorale. Miss Tuttle is head of the departments of viola and chamber music at Curtis Institute, Philadelphia. Tickets are still available at Hudson's or Grinnells' stores. The afternoon concert begins at 3 p.m.; the evening concerts at at 8:30 p.m.

Edible Gifts for the Hostess Are Unwelcome

By ELIZABETH L. POST
Of The Emily Post Institute

The following letter has been chosen as the prize-winning one for this week. A copy of Emily Post's Etiquette has been sent to the writer.

★ ★ ★

Dear Mrs. Post: When several friends are invited to dinner, what is the rule about descending with edible gifts? Just recently when attending a dinner, three of the guests came with some kind of cake. This is embarrassing to the guests who come empty-handed.

Also, it puts the hostess on the spot since the donors remark that the others should sample their baking. That results in the dessert which she has prepared remaining untouched.

★ ★ ★

This annoys me no end, and has on occasion ruined my dessert plans. I can very well see the desire to bring or send something if a weekend was spent, but not just for a little dinner party.—Mrs. A.D.

★ ★ ★

Dear Mrs. D.: No matter how kind the thought, it is not in good taste, without warning, to take a gift of food to a dinner hostess. It does put her "on the spot" especially if it is a food which should be eaten immediately. Frequently the specialty does not fit in at all well with the meal the hostess has planned, and yet she feels she must offer it, or hurt her guests' feelings.

★ ★ ★

There is no need to take a present at all when you are invited to dine, and those who have not done so are often embarrassed by those that do. If you feel you must, I suggest that you send flowers beforehand.

Three-Year Affair Ends Leaving Woman Bitter

By ABIGAIL VAN BUREN

DEAR ABBY: I am a 49-year-old divorcee who had a three-year affair with a married man when he visited my city (twice a month) on business.

Well, all of a sudden his conscience started to bother him so this dirty rat told his wife everything — in detail. He even turned over to his wife all the letters I had written to him, and she sent them to MY mother along with a complete list of hotels and dates I met him in his room.

He tells me that this is the only way he knows to relieve his wife of all the anguish she has suffered because of me, and now he wants to make it up to her and start over again with a clean slate.

★ ★ ★

What about me? I bought him an expensive watch, which his wife soaked in salt water and returned to me—ruined!

Is there any way I can get back at him legally? I have letters from HIM, too. BITTER

DEAR BITTER: If I were you, I'd quit losers.

★ ★ ★

DEAR ABBY: My son got a girl in trouble and they got married, and now they have a wonderful baby boy they both love. They love each other, too, and are very happy together.

The problem is my husband. He refused to go to the wedding when these kids got married, and he wouldn't go to see the baby when it was born. In fact, the baby is nearly a year old, and he still hasn't seen it.

He says, "Those kids will pay for their shame. I want nothing to do with them!" If he sees them on the street he won't even speak to them.

Abby, I know my son did wrong, but I am willing to forgive and forget. My son doesn't know this but his father hasn't led such a clean life that he can cast stones at anyone.

This is breaking my heart. What can I do? HEARTSICK

DEAR HEARTSICK: Don't nag your husband about it. If you haven't been able to make him see how wrong he is for "playing God" and sitting in judgment, ask someone whom your husband respects (a clergyman, perhaps) to talk to him.

A grudge-bearer invariably punishes himself far more than those he hopes to punish.

DEAR ABBY: I know you can't publish every letter you receive, but even though this is a very delicate subject, I hope you will print it, as it contains a very important message for many wives. Perhaps I should be completely honest and confess that it is meant for my own wife whom I cannot bring myself to tell.

Wives write to you by the dozens, complaining that they do not get the physical love they need. Have they ever considered that perhaps there is a reason? I know of no better way to say this than, "feminine hygiene."

Nothing turns a man on quicker than a freshly bathed, sweet smelling woman. And nothing turns him off quicker than one who is not.

I love my wife. She keeps a spotless house, and a man couldn't want a better mother for his children. But she is careless about her person. I realize she is tired, but if she would add 10 minutes to her day by taking a bath, dabbing on a little body powder, and a dash of cologne, she could add years to her love life. Believe me, I know. Fredericksburg City Park Named for Lady Bird Now

FREDERICKSBURG, Tex. (AP) Former President Lyndon B. Johnson watched Sunday as residents of this old German community opened a new city park named for his wife.

After presenting several gifts to Lady Bird Johnson at the informal ceremony, Mayor Sidney Henkey confessed there were no presents for her husband.

★ ★ ★

"But since this is the first public occasion we neighbors have had a chance to convey our thanks to you for serving as our president," the mayor went on, "I want to thank you . . .

"You have been the greatest humanitarian president. You brought more to the have-nots than anyone else."

There was a standing ovation for Johnson, who ducked his head and waved a hand.

★ ★ ★

Mrs. Johnson inspected a metal place reading, "Lady Bird Municipal Park," and said, "I am touched by that name."

★ ★ ★

Among her gifts were two from the Grandmothers Club of Fredericksburg—a miniature branding iron for the future ranch of her grandson Lyn Nugent and a handmade doll for granddaughter Lucinda Robb.

Nuptials Held Saturday in Ann Arbor Church

St. Nicholas Greek Orthodox Church, Ann Arbor was the setting Saturday for vows uniting Joy Kambas and Stevan Melzian.

Attended by her twin sister, Christine, the bride was gowned in a Bianchi, designed fashioned from cameo ivory silk organza and reembroidered Alencon lace.

A colonial arrangement of roses, carnations and Stephanotis comprised her bouquet.

Attending the daughter of Mr. and Mrs. Louis Kambas of Ann Arbor were Mrs. Donnelly W. Hadden of Detroit, Mr. Charles W. Joiner Jr. of Kokomo, Ind., and Evy Eugene of Ann Arbor.

BEST MAN

Best man for the son of Mr. and Mrs. Harley H. Melzian of Orchard Lake was Charles W. Joiner Jr. Donnelly W. Hadden, William Bockrath of Dearborn, Brian D. Melzian and William J. Nexamis of Kalamazoo assisted as ushers.

Rebecca Hadden and Peter Nexamis were flower girl and ring bearer.

The newlyweds, who are honeymooning in the Caribbeans, were feted at the Statler Hilton Inn. They will make their home in Ann Arbor.

Artist to Show 'Progress of Portrait' Film

The "Progress of a Portrait," will be shown on film at Pontiac Creative Arts Center Thursday. Michigan portrait artist, Joseph Maniscalco, used the time lapse film technique in which the painting of former Michigan Governor George Romney evolves from a blank canvas into a finished portrait, much as Walt Disney made flowers bloom before our eyes on the screen.

The musical accompaniment was composed and played by Maniscalco's son. Commentary on the film is by Bill Flemming, well known sports commentator.

BACKGROUND

Maniscalco, who received his art education at the Students League in New York, has lived in Michigan for 15 years. He is a member of the Scarab Club, where he maintains his studio, and serves on its board of directors.

Admission is free to the 7:30 p.m. event.

Case No. H-528

Get Rid of Notions

BY DR. GEORGE W. CRANE

CASE H-528: Hilda D., aged 46, is a tearful neurotic.

"Dr. Crane," her husband irritably informed me, "Hilda is a very attractive woman, slender and good looking.

DR. CRANE

"But she has become insanely jealous of me the past few years, and without any justification whatsoever.

"When we go to bed at night, she begins to cry and accuses me of no longer loving her.

"She dabs at her eyes and makes a scene until I finally grow so angry I shout at her: 'You know doggone well I care for you, for you are the only woman I ever loved.'

"That shuts her up for the time being, but the next night she starts the same accusations all over again.

"I'm getting fed up with it! Dr. Crane, is she losing her mind?"

MENOPAUSAL WIVES

Hilda lives in a town where this column is not running in her local newspaper, so she still has false notions about the menopause.

For her womb stopped its regular monthly function three years ago.

But Hilda has been reared, like billions of women since Eve, to believe that the womb is the barometer of a wife's sexual charm.

That's medically false!

For the womb is no more vital to a wife's being a thrilling and thrillable mate, than is her vermiform appendix essential to her enjoyment of food at the dinner table.

Both the womb and the appendix are what we medics call "excess baggage."

They can both be surgically removed, or the womb may cease its regular function at about the age of 45, yet that fact does not interfere with her being a thrilling and thrillable wife, UNLESS.

And that bit "UNLESS" means, UNLESS she has absorbed the false notion since antiquity that the womb is a romantic organ.

★ ★ ★

Actually, it is primarily a maternal organ but not a sweetheart organ!

It is no more erotic than a kangaroo's pouch. And even male kangaroos have no interest in the female's pouch! Wives, get hep!

But if a menopausal wife firmly believes she will no longer be physically attractive, then she can grow haggard, neurotic and nagging, just like Hilda.

Likewise, if a woman is sure she has a cancer, she can also grow thin, anemic, and even die, though she has no cancer at all!

And an impotent husband is usally a victim of his own mind, for it is his fear that makes him unable to function in the marriage relationship.

★ ★ ★

The mind is thus so powerful that if it becomes filled with false ideas which the victim wholeheartedly believes, then the dire results on the victim's health can be the same as if he actually had cancer or syphilis or impotence.

Because the female womb starts functioning at about the middle teens and usually stops in the mid forties, women have subconsciously decided it is the main barometer of their charm to the opposite sex.

Actually, in primitive tribes, the males don't even know women have a womb.

And in modern civilized nations, it can be removed surgically via a hysterectomy, yet the husband wouldn't know the difference if he were not told.

Teen Helpers Are Needed

All over the nation, teenage boys and girls, 14 years and older, will be joining the Summer Corp of Student Volunteers to serve in health-welfare agencies, hospitals, human rights programs, cultural and recreational centers.

★ ★ ★

Opportunities for students to gain prevocational experience or simply to create happiness for others are boundless.

Teens, from this area, who wish to participate in the Summer Volunteer Corp, may register for an interview with the Oakland County Volunteer Bureau in Birmingham on May 16, 2 p.m. to 6 p.m.; or on May 17, 9:30 a.m. to 2 p.m.

Sailors' Duds 'In'

This spring, women get to wear sailor suits without enlisting. Red, white and blue ensembles feature middy blouse tops, big sailor collars and lots of navy blue anchor emblems, not to mention big sailor's knots.

When cleaning venetian blinds, a snap clothespin makes a handy marker if the doorbell or the telephone should ring. Just snap a clothespin on the last slat cleaned, and you can see at a glance where you stopped.

Miss Tedder Repeats Vows

Recent evening vows were exchanged in St. Michael's Catholic Church by the former Sherry Lynn Tedder and Spec. 5 Nicholas Ochoa Jr., USA.

White lace and satin was fashioned in a traditional style for the bride who chose a matching petal headpiece to hold her illusion veil. White carnations and red rose buds comprised her bouquet.

ATTENDANTS

Attendants for the pair who greeted guests at a reception in Waltz Hall, were Christine Tedder, Sue Ochoa, Diana Robertson, Patricia Taylor, Robert Ochoa, Richard Perez, Ralph Monroe and Thomas Bollman.

Parents of the couple are the Vaughn A. Tedders of South Midland Street and the Nicholas Ochoas of Melrose Avenue.

Mrs. Liverance Attends Status of Women Confab

Mrs. Howard J. Liverance, of Bloomfield Hills, 1968's chairman of the Michigan Commission on the Status of Women, attended a conference in Washington, D. C. last week.

Mrs. Elizabeth Duncan Koontz, appointed by President Richard Nixon as director of the Women's Bureau of the Department of Labor, presided.

★ ★ ★

Forty-seven states and three cities have established commissions to watch over the "Status of Women," according to Mrs. Liverance, who represented Michigan at the request of Gov. William Milliken.

★ ★ ★

All states, three cities and Puerto Rico were represented at the conference which set up a committee to review the possibility of establishing an over-all organization which would be helpful to the individual commissions.

★ ★ ★

John C. Chapin, special assistant to Secretary George Romeny in the HEW Volunteer Action program, spoke on "the importance of people being willing to volunteer their services to help others."

The representatives were hosted by Mrs. Nixon at a coffee in the East Room of the White House, Wednesday.

Pearls a 'Must'

Not only are single-strand, long, 1920s-type pearls a "must" fashion accessory, but the newest look in pearls is two separate strands — one worn tied in a low knot and the other hanging long and loose, serving as a kind of frame for the knotted strand.

GIs at 'VIP Center' Want Beer and Baths

TAY NINH, Vietnam (UPI) — The weary combat soldiers crowded around the ice chests in stiff new jungle fatigues and seized cans of iced beer and sodas.

"This is what they want first — an ice-cold beer and a hot shower," Sgt. 1.C. John Williams, 43, of Baltimore, Md., said. "We have trouble keeping enough ice and hot water for them."

★ ★ ★

The sergeant spoke from experience. For the past five months he has run the 1st Air Cavalry Division's "VIP Center" that offers the troops a 48-hour break from the fear and tedium of the field.

"We try and get each company in here every six weeks, as long as combat operations allow it," the sergeant said.

HE KNOWS

A combat veteran himself with five tours in the Korean War and one in Vietnam, Williams knows what the soldiers want.

"Getting something cold to drink is the most important thing," he said. "A 100-man company will consume 60 cases of beer and 30 cases of sodas every night they are here."

★ ★ ★

Letters home, lots of hot food and plenty of sleep follow in preference.

By U.S. standards, the VIP Center is not the Hotel Ritz. The folding cots are hard.

GOOD PLACE

Dust sifts through the screened windows and Communist rockets and mortars occasionally fall nearby. But for dehydrated men, who have six bathless weeks surviving on cold food and lukewarm water while patrolling unfriendly jungles, it is a good place indeed.

★ ★ ★

"This is just like coming to town," said Pfc. John Sherrill, 22, of Crossville, Tenn. "I didn't expect it to be as good as this."

Eagerly, he gulped a beer.

"This is what I wanted most," he said. "You can't ever get anything cold to drink in the field.

And what do they want after quenching their thirst?

TIME TO WRITE

"Sleep and write a lot of letters," said Spec. 4 Larry Hinson, 19, of Eugene, Ore. "Out there you don't have a lot of time to write."

According to Williams, most of the men feel like Sherrill and Hinson.

★ ★ ★

"They are all the same," he said. "The first day they normally get boozed up, then they spend the second day writing letters."

The remainder of the time they rest, watch movies and talk about home. They are also treated to a floor show, but it seems to be the comradeship among themselves they enjoy most.

★ ★ ★

"We never have any trouble with the soldiers here," the sergeant said. "They act like they are all brothers."

Phone Firm's Offer Rejected

MUSKEGON (AP) — Members of the International Brotherhood of Electrical Workers have rejected the latest contract offer by General Telephone Co., which has headquarters in Muskegon and serves 400,000 telephones in 61 countries. The union's contract expired May 5 but was extended through May 23 by agreement of both sides. The company said the contract rejected would have been worth $1.5 million over a two-year period.

Senate Eyes Troop Commitment Voice

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield says he will seek passage next month of a resolution calling on President Nixon to consult with the Senate before sending U.S. troops into any future Vietnam-like situation.

The resolution, which would not be binding on the President, would put the Senate on record as saying the chief executive should not send American forces into fighting abroad without prior consultation unless national security was directly involved.

The action, sponsored by long-time Vietnam critic Sen. J. W. Fulbright, D-Ark., is an outgrowth of criticism against President Lyndon B. Johnson's use of the Tonkin Gulf resolution to justify his expansion of the U.S. role in Vietnam.

That resolution approved Johnson's ordering American air raids against North Vietnam following alleged attacks on U.S. destroyers in the Tonkin Gulf in 1964.

ERODED POWERS

Mansfield said passage would help "restore the powers and the responsibility which the Senate has permitted to erode away willingly."

"It would establish a partnership in foreign affairs between the legislative and executive branches," he said. "It would not encroach on the President's powers in any situation calling for instant action. It would not diminish the power of the presidency, it would give it added strength."

★ ★ ★

Mansfield conceded he had personally intervened to delay action on a similar resolution when Johnson announced last year he would not run again.

But he insisted that his decision to ask for action next month on the proposal involves no attack on Nixon's presidential prerogatives.

DIRKSEN UNSURE

Senate Republican leader Everett M. Dirksen of Illinois was not so sure that passage of the resolution by the Democratic controlled Senate would not be interpreted as an attack on Nixon's prerogatives as commander-in-chief.

He said in a separate interview that State Department officials had complained to him the resolution was loosely drawn.

★ ★ ★

But Dirksen said opposing it would involve a "difficult decision" since he shares the common yearning among senators for a greater voice in foreign policy decisions under the Constitution's advise and consent clause.

"It's a question of how you whack up this authority," he said. "It depends on how you interpret the advise and consent clause."

MAGICIAN-CLOWN-MINISTER — The Rev. Donald Brewer of Girard, Pa., a small town in western Pennsylvania, is a minister but he also is a magician, clown and a red-hot circus buff. Here he practices balancing a unicycle on his chin as part of his circus act which he puts on during his vacations.

Astronaut to Become '1st Rendezvous Ace'

CAPE KENNEDY, Fla. (AP) — Astronaut Thomas P. Stafford claims he is about to become the "first rendezvous ace in space history."

Stafford, an Air Force colonel, will command the Apollo 10 moon orbit flight scheduled for launching from Cape Kenney May 18.

"This will be my fifth space rendezvous," he said, "and also the most important."

A combat pilot who shoots down five enemy planes is called an ace.

Stafford and Navy Cmdrs. John W. Young and Eugene A. Cernan are to hurtle into an orbit 70 miles above the moon.

TO INSPECT SITE

Then Stafford and Cernan are to transfer into a lunar module, or LEM, and descend to within nine miles of the surface to inspect a site where two Apollo 11 astronauts hope to land in July.

After flying twice to this low altitude, they will execute a complex rendezvous maneuver to catch and link up with Young in the Apollo command ship.

★ ★ ★

"This is one rendezvous we have to make," Stafford said.

The LEM is designed to operate only in airless space and on the surface of the moon. It could not reenter earth's atmosphere, so the two pilots must rejoin their mother ship to get home.

There maneuvers will be almost identical to those the Apollo 11 astronauts plan after they launch themselves from the moon to their command vessel.

Stafford, Young and Cernan have extensive space rendezvous experience.

Navy Capt. Walter M. Schirra and Stafford flew the world's first space rendezvous in 1965 when their Gemini 6 spacecraft pursued and caught the Gemini 7 astronauts, Air Force Col. Frank Borman and Navy Capt. James A. Lovell Jr.

Stafford and Cernan later flew together in Gemini 9 and guided their craft to three separate rendezvous missions with an unmanned satellite during three days in 1966.

Young commanded Gemini 10, and he and Air Force Lt. Col. Michael Collins guided themselves to tricky meetings with two different unmanned satellites.

"There were a total of 11 rendezvous on the Gemini missions," Stafford commented.

"Gene and I flew four of them and John two, so we have about 60 per cent of the Gemini rendezvous experience. We're in good position for Apollo 10."

★ ★ ★

During the around-the-moon mission, the two spaceships will be apart for more than eight hours and will reach a maximum separation distance of 350 miles.

"We've often thought of tying about a 350-mile steel clothesline between the two vehicles just to make sure," Cernan quipped. "But we've sort of given up on that."

Magical Cleric Brings God to Circus People

GIRARD, Pa. (AP) — Many people like to think of their minister as a religious magician, but the Rev. Donald Brewer really is a magician.

★ ★ ★

He's also a clown, and can balance swords, poles and a unicycle on his chin. His wife has a dog act, using the four family poodles. Sometimes she flies merrily on the trapeze.

★ ★ ★

Brewer is pastor of St. John's Lutheran Church in Girard.

He's a circus buff. Last year, during his summer vacation, he and his wife, Melody, and their two daughters, Melody, 4, and Cheri Rose, 1, traveled with the Boas Brothers Circus through central Pennsylvania. They performed in two shows daily, six days a week—without pay.

'TRIED TO HELP'

"I tried to help," he says, acting sometimes as a sideshow manager and announcer. And doing his balancing act.

While traveling with the circus, and performing, he doesn't neglect his ministry.

"I don't hold services," he says. "My purpose is just to be there, to talk with and counsel those who have a problem, who want to know about God, who may have forgotten religion.

"Circus people long have thought the church looks down on them, and that's wrong. I'm just filling the gap the church left unfilled for a long, long time."

NEW ENTERPRISE

This June, for a month, he's going to travel through Pennsylvania with a new enterprise, "Youth Ministry Circus."

"It will be unique," he says, "because it will be composed only of teen-agers and college youths who have some entertainment ability."

Center Started

WINDSOR, Ont. (AP) — Construction has begun on a $15-million shopping center in Windsor, just across the river from Detroit. The center is designed to recapture some of the business the city's 40,000 residents bring to the United States.

MITT-SHAPED ROCK

Local Boy, 10, Finds Rock With Unusual Shape

It wasn't gold that young Tony Patton found but, from the attention adults are giving his find, it might have been.

Ten-year-old Tony, a ffith grader at Herrington School, found an inch-long, multicolored stone in his back yard at 1153 Neafie that is shaped almost perfectly like the state of Michigan.

Then again, maybe the mitt belonged to a leprechaun, or something equally small.

Ford Local Votes

DEARBORN (AP) — Walter Dorosh has been elected to his third term as president of the nation's largest United Auto Workers local. Dorosh defeated Al Wilson by a two-to-one margin in balloting at Ford Local 600, representing workers at Ford's Rouge plant in Dearborn.

Housing Construction Down in County in '68

New housing construction in Oakland County dropped 19.3 per cent in 1968 compared to the previous year, according to the 17th annual residential construction report issued by the Planning Division of the Southeast Michigan Council of Governments (SEMCOG).

Last year a total of 9,225 permits were issued compared to 11,426 permits in 1967.

According to the report, the decline cannot be attributed to any one factor, but possibly a combination of the protracted construction strike, a shortage of money and across-the-board inflation.

In Oakland County single-family units accounted for a substantial part of the total, despite a fall-off in single-family construction in other parts of the SEMCOG area. There were 5,448 homes built here last year, a drop of 871 from 1967.

TOP COMMUNITIES

Troy led with 714, followed by West Bloomfield Township with 540, Southfield with 488, Farmington Township with 394 and Bloomfield Township with 298.

The construction of multiples in Oakland County which accounted for 3,739 units in 1968 revealed a decline of 1,486 units in 1967. The laader in this category was Southfield with 726, followed by Troy with 708, Pontiac with 546 and Waterford Township with 361.

★ ★ ★

Since 1961, the SEMCOG reports permits for multiples as compared to other residential construction areawide have gone from 8.3 per cent to 50.7 per cent in 1968.

★ ★ ★

Major growth communities based on total Esidential units authorized in 1968 were: Sterling Heights, 3,137; Detroit, 2,163; Westland, 1,614; Troy, 1,438; Taylor, 1,270; Ann Arbor, 1,266; Clinton Township, 1,214; Southfield, 1,214; Livonia, 957; and Warren, 808.

Auto Fumes Ruled Cause of 3 Deaths

JACKSON (AP) — Carbon monoxide poisoning has been ruled as the cause of the deaths of three persons, who were found in a burning auto early Saturday near Grass Lake.

Jackson County Coroner George Visson said the autopsy revealed the three had been dead before the car caught fire.

★ ★ ★

Time of death was placed between midnight and 4 a.m. Saturday.

State Police, who are continuing their investigation, said the three persons were found in a car which apparently became stuck in the mud alongside a road.

The victims were identified as Lawrence Moran, 18, of Grass Lake; Raymond G. Peck, 18, of Fall River, Wis., who had been staying with Moran; and Mrs. Wilma A. Hewitt, 29, of Detroit.

Mrs. Hewitt was the mother of seven children.

Black Militants Tell Reparation Demands in 3 New Churches

By The Associated Press

Black militants interrupted church services in Los Angeles, New Orleans and Paris Sunday to demand $500 million reparations for racial injustice, while their leader had a more orderly confrontation in New York.

James Forman, spokesman for the National Black Economic Development Conference, returned to Riverside Church, where last week he took over a service to read the Black Manifesto.

★ ★ ★

Forman announced from the church steps that the congregation's response was "totally inadequate and insulting," then went inside. About 2,500 worshipers packed the nondenominational church and 100 policemen were on hand ready to enforce a court injunction against disrupting the service.

When the pastor, the Rev. Ernest T. Campbell, began his sermon, Forman rose slowly from his seat in a front pew. Wearing a blue African robe, the bearded militant leaned on his cane, but remained silent throughout the sermon.

'HOW MUCH, TO WHOM?'

After the service, the Rev. Mr. Campbell told Forman, "The church can be rightly charged with contributing to inequities." But they disagreed on how much and to whom the payments should go. The church had announced Saturday it would set apart an unspecified share of its income for the poor.

In New Orleans, five Negroes were arrested when they insisted on reading their manifesto to the St. Charles Avenue Presbyterian Church. A spokesman yelled their demands at the departing congregation as the organ played recessional hymns. Police charged the men with refusing to leave the scene, disturbing the peace and criminal mischief.

Two men, a woman and seven children were arrested at Los Angeles' First Methodist church when they blocked exits and demanded to speak to the congregation. They were charged with suspicion of a felonious conspiracy to disrupt a religious meeting.

Two elegantly dressed black girls interrupted the morning service at the American Church in Paris to read the manifesto. The Rev. Emerson G. Hangen let the girls read their statement and asked them to hear his reply, but they walked out.

DEBATING DEMANDS — Militant black spokesman James Forman and the Rev. Dr. Ernest T. Campbell, senior minister of Riverside Church in Harlem, debate Forman's demand that the church pay "reparation" to Negroes. The encounter came at a news conference following morning services.

Rogers, Viet Leaders to Discuss Cong Plan

WASHINGTON (AP) — Secretary of State William P. Rogers opens a series of intensive consultations with South Vietnamese leaders in Saigon later this week on issues posed by the Vietcong's new -10-point peace plan.

Rogers' flight schedule had him leaving this morning and arriving in Saigon late Wednesday with an overnight stop in Hawaii.

★ ★ ★

The secretary, who is making his first trip since taking office, expects to spend at least two days in consultations with Saigon officials and representatives of other nations fighting in Vietnam. He also hopes to visit U.S. bases in the war zone during his four-day Vietnam stay.

Following his meetings with South Vietnamese President Nguyen Van Thieu and other officials in Saigon, Rogers will fly to Bangkok, Thailand, next Monday for a meeting of foreign ministers of the Southeast Asia Treaty Organization — SEATO.

He also will hold a followup session with countries which have troops fighting in South Vietnam.

Apart from the issues raised by the Communist's latest settlement proposals, made in Paris last week, Rogers is expected to be questioned in detail about possible U.S. troop withdrawals from South Vietnam. There have been persistent reports that as many as 50,000 American soldiers might be pulled out of the country by the year's end.

Washington officials indicate President Nixon has not reached a final decision on reduction of U.S. forces.

The President's basic policy is to determine troop withdrawals in the light of Saigon's readiness to take over more of the fighting; progress in the Paris talks, and the level of enemy offensive operations in South Vietnam.

BRIEF VISITS

Rogers' trip will also take him on brief visits to New Delhi, India; Lahore, Pakistan; and Kabul, Afghanistan.

From Kabul he will fly to Iran May 25, for a meeting of the Central Treaty Organization—CENTO.

Dahomey Near 'Biennial' Coup

COTONOU, Dahomey (AP) — Dahomey had its last biennial coup in December 1967 and seems to be heading for another, right on schedule.

The workers are yelling because President Emile Derlin Zinzou is threatening to cut family allowances from about $10 a month per child to about $3.

Students have been on strike in Porto Novo and Cotonou, the two main cities of this French-speaking sliver on the West Fricay coast. About 1,400 striking boys at the Lycee Behanzin in Porto Novo spent the weekend in the school compound, apparently afraid of the gendarmes patrolling outside.

In the capital, Cotonou, postal and telegraph workers talked about a strike.

20 ARRESTS REVEALED

President Zinzou, who took over from a military government 10 months ago, announced last week that his government had arrested about 20 members of the Dahomeyan Democratic Union for plotting to overthrow him.

Speculation that neighboring Nigeria was taking a hand in antigovernment activities was aroused three weeks ago when one of Dahomey's four exiled ex-presidents, Sourou-Migan Apithy, appeared in Lagos and had talks at the Foreign Ministry. The Nigerians have been unhappy with Zinzou since he agreed in February for the International Red Cross to fly a relief airlift at night from Cotonou to Biafra.

Opening lead—♠5

By OSWALD and JAMES JACOBY

Jim: "Here is a hand from the qualifying session of the Open Pairs in Cleveland that may well be recorded as the silliest hand of all time."

Oswald: "It will have to go some to beat many of the hands I've seen thrown back and forth in the 42 years contract has been played. Let's see it."

Jim: "North and South were having a bad session and South was rather annoyed with the whole thing. We don't know whether he opened one no-trump by mistake or annoyance. Anyway, he bid it and North responded two spades, which was a minor-suit transfer bid.

"South rebid three clubs and then tried three hearts over his partner's three-diamond call. I don't understand North's three-spade bid but South decided that it might be showing spades. Hence his bids of four and six spades. Eventually North went to six no-trump and with East and West playing some form of give-away, South brought that contract home."

★ ★ ★

Oswald: "Let's see if I can work it out: West starts with the lead of his fourth best spade. South wins in dummy and takes a club for a finesse. He continues until left with one in his hand. West discards one spade and one heart."

★ ★ ★

Jim: "That's close. Actually South held the third club in dummy and finessed his jack of hearts. Then he led his singleton diamond and played dummy's jack. East ducked and South played a second heart to his hand. Then he led his king of spades. West took the ace and continued that suit. Now South cashed his hearts. West discarded another spade on the last heart and South's spades were all good."

Oswald: "You are right. The combination of bidding and play makes this the silliest hand of this year, if not of all time."

♥♣CARD Sense♦♠

Q—The bidding has been:

West	North	East	South
			1♥
Pass	1♠	Pass	?

You, South, hold:
♠A65 ♥KQJ1087 ♦K4 ♣A6
What do you do now?

A — Bid three hearts. Your heart suit is almost self-sufficient.

TODAY'S QUESTION

You bid three hearts and your partner continues to three spades. What do you do now?

Button Society Fit to Be Tied

ALBANY, N.Y. (AP) — The New York State Button Society has lost its buttons.

An estimated $3,000 worth of buttons were reported stolen from a convention exhibit. Some were said to date back to the 16th century. Others depicted the military history of the United States and characters from children's fables.

The first airline stewardesses were employed in 1930.

British Navy Wins Transatlantic Race

LONDON (AP) — The British navy won in record time, a prince tore his pants and an American entrant in the great transatlantic air race reached London in a Gay Nineties swimsuit and skis.

The weeklong rush between the top of the General Post Office Tower in London and the top of the Empire State Building in New York ended Sunday. There was $144,000 in prizes for winners in 21 categories and a rich harvest of tall tales and publicity for the not-so-fast.

★ ★ ★

With several prizes not yet announced, four Americans were among the winners in the competition sponsored by the London Daily Mail. The race marked the 50th anniversary of the first transatlantic flight by Sir John Alcock and Sir Arthur Brown.

The Royal Navy waited until the last day for its best of three record-breaking efforts—5 hours, 11 minutes, 22 seconds by Lt. Cmdr. Peter Goddard, 32. The 4 hours, 46 minutes and 57 seconds his Phantom supersonic jet was in the air was a record for the New York-to-London crossing, an average of 723.8 miles per hour. Strong tail winds helped, and Goddard refueled six times on the way from Royal Air Force flying tankers.

Goddard took a helicopter from the airport to a construction site near the post office tower. He claimed $14,400 in prizes.

RAF Squadron Leader Tom Lecky-Thompson also won $14,400 for the fastest London-New York flight—6 hours, 11 minutes and 57 seconds in a Harrier jump jet.

★ ★ ★

Among the nearly 400 competitors, American prize winners were R. W. Selph, Sandy Hook, Conn., fastest subsonic aircraft London-New York, 7 hours, 6 minutes, 24 seconds, $9,600; Miss S. M. Scribner, Garden City, N.Y., New York-London unsponsored personal attempt, 6 hours, 55 minutes, 48 seconds, $6,000; Mrs. Nancy Kelly, Pennsylvania, woman light aircraft New York-London, 22 hours, 32 minutes, 57 seconds, $2,400; and Stephen Wilkinso, Florida, man light aircraft London-New York, 20 hours, 23 minutes, 32 seconds, $2,400.

A group of bowler-hatted British businessmen who flew to New York May 4 rushed back home with a prize and said they also negotiated millions of dollars of export orders with the Americans.

EXPORTS BOOSTED

The prize in the chartered business jet group went to Tony Drewery, 23, who clocked in at 7 hours, 3 minutes and 5 seconds —13 minutes faster than former auto racer Stirling Moss.

"We've achieved more for British exports in five days than the government has in five years," said one of the businessmen.

★ ★ ★

Among the losers was Prince Michael of Kent, a 26-year-old cousin of Queen Elizabeth II, who was competing on a scheduled airliner. The plane had to wait more than an hour to take off from Kennedy Airport in New York, and the prince tore the seat of his white flannels on the door of the helicopter in which he completed his trip.

Ben Garcia, 32, an East Brunswick, N.J., trucking contractor who switched to airliners after his light plane crashed early in the race, arrived Sunday on his sixth unsuccessful try for a prize.

★ ★ ★

Garcia, in a turn-of-the-century pink-and-orange swim costume with skis screwed onto roller skates on his feet, said his wife could not bear the thought of another air race.

"But I'll be racing to the moon in two years," he said.

Several awards, including $12,000 for the most meritorious British loser, will be announced later.

John Eisenhower said he was "buried in luggage" trying to get things ready for his departure today for Brussels where he will assume his duties as U.S. ambassador to Belgium.

— The son of the late president said yesterday in Valley Forge, Pa., he passed up a Mother's Day visit with Mrs. Dwight D. Eisenhower at Gettysburg to finish packing for his trip.

Mrs. Richard M. Nixon, her son-in-law, David Eisenhower, and her daughter Julie drove from Washington for a brief afternoon visit with Mrs. Eisenhower.

Pope May Visit San Francisco in 1970

PAUL VI

Is Pope Paul VI going to visit San Francisco about a year from now to dedicate a cathedral? Maybe.

That's what the Pope said when Msgr. Thomas J. Bowe invited him to California during the recent consistory in Rome, Msgr. Bowe told newsmen over the weekend.

"There is an Italian expression, 'If there are flowers, they will flower,'" Msgr. Bowe said. "This means that if the right circumstances occur, a papal visit to San Francisco would be possible."

Baseball's Tony C, Actress Dating

CONIGLIARO

Boston Red Sox outfielder Tony Conigliaro says he and blonde actress Mamie Van Doren have dated in Los Angeles and New York. "We're good friends," Conigliaro, 24, said yesterday in Anaheim, Calif. "She's a lot of fun to be with."

Miss Van Doren, 36, was married to band leader Ray Anthony and Lee Meyers, a one-time minor league pitcher now 22 years old. She was once linked romantically to former major league pitcher Bo Belinsky.

Boycotters Set Hunger Strike

DETROIT (UPI) — Three leaders of the Michigan boycott of California table grapes might be getting a little hungry today if they're sticking by a weekend pledge for a hunger strike.

State Sen. Roger E. Craig, D-Dearborn, told a wet crowd here Saturday at the end of an Ann Arbor-Detroit boycott march that the Rev. Robert Baldwin and Hijinio Rangel would quit eating Sunday. The starve-in was to try and get 40 A&P food stores in the Detroit area to continue not stocking California grapes.

★ ★ ★

At a rally at the Central Methodist Church, Craig blamed the Nixon Administration for shipping grapes to Vietnam. He said the government will send roughly eight pounds of grapes for each serviceman in the first six months of this year, "making Vietnam the leading grape-consuming country in the world."

Senate to Vote on Resolution for Job Corps

WASHINGTON (AP) — Senate Democrats made their first floor challenge to President Nixon today with a resolution asking him to hold up the decision to close down 59 Job Corps centers.

Sen. Alan Cranston, D-Calif., chief sponsor of the resolution, said he believed he was in sight of the votes necessary to win passage. A vote is expected tomorrow.

★ ★ ★

Sen. Jacob K. Javits, R-N.Y., opposing it, predicted a close vote but said the Democrats were trying to make it a party-line matter as they did in winning approval of the resolution in the labor committee.

There was a question whether the 16 southern Democrats would support the resolution. They could hold the balance of power.

NO BINDING EFFECT

The resolution simply would express "the sense of the Senate" that the closing of the centers be delayed until Congress has had a chance to act on anti-poverty legislation for the next year. Even if passed, the measure would have no binding effect.

The closings would about cut the Corps in half and are expected to save $100 million in the next fiscal year.

★ ★ ★

Javits says he will offer a substitute for the Cranston resolution which would, in effect, put the Senate on record as favoring the administration approach.

It would state that each enrollee at a closed camp should be given a chance either to go to another center or to enroll in a different training program.

YOUTHS DISILLUSIONED

Democrats say many of the camps already are breaking up and that the youths are going back to poverty-stricken homes in disillusionment.

Republicans say that careful investigations have shown Corps training has not been successful in fitting the enrollees for jobs.

★ ★ ★

The administration also is reported to have accumulated files showing gang rapes, homosexuality, extortion and drug use at the centers. No direct use has been made of this.

'Won't Be Symbol'

Negro Quits Dem Unit

DETROIT (UPI) — Michigan's black legislators were undecided over the weekend over what to do about the reported resignation of Sen. Basil W. Brown, a Negro, from the Senate Democratic Caucus.

Brown, a veteran legislator from Highland Park, reportedly quit because he felt Democratic senators were not truly interested in the welfare of black people.

★ ★ ★

In a letter Brown sent to Senate Minority Leader Sander W. Levin more than a month ago, Brown said "the Democrats don't really care about the problems of the Negro. They only want them around when it is convenient to use them to their advantage. I will not be the symbolic Negro for the party or the labor union."

Tom Greene, Lansing bureau chief for WJBK-TV, Detroit, who obtained the copy of the letter, said Brown's resignation from the party was triggered by the controversy over Recorder's Court Judge George Crockett in Detroit.

Three of Michigan's state senators are black. Levin had been trying to persuade Brown to change his mind.

AT LAST, HERE IS A PLAN THAT ACTUALLY PAYS YOU: ■ extra cash up to $10,000 ■ extra cash from your first day in hospital ■ extra cash direct to you ■ extra cash to use any way you want to ■ extra cash in addition to Medicare or any other insurance!

Act Now—GET FIRST MONTH'S PROTECTION FOR ONLY $1

Money back in full if not 100% satisfied. No age limit. Join NOW—This Introductory Offer lasts only 3 more days.

NOW... you and your family can join this Extra Cash Income Plan with no red tape, no questions to answer, no medical examination, no age limit, without having to see a salesman and *without any qualifications whatsoever.* But you must mail your Enrollment no later than Midnight, Thursday, May 15, 1969

Why You Need This EXTRA CASH Plan In Addition To Ordinary Hospitalization And Medicare

You know, of course, that the tremendous jump in hospital costs has forced millions who already have hospitalization to dig into savings or go into debt. Even with Medicare, they risk using up their savings or, worse yet, turning to family and friends for help. In fact, *very few people* have enough savings, hospitalization or income to cover the TOTAL cost of being sick or injured.

How long could *you* stay in the hospital without worrying about the pile-up of daily expenses? Who will pay for the expenses of costly X-rays, doctor bills, drugs and medicines? And how about the expenses at home—rent, food, telephone and others that just go on and on? With expenses like these, could you avoid having your savings wiped out and your family life upset?

Better Safe Than Sorry

Wouldn't it be comforting to know these problems could be solved by your Extra Cash Income Plan—the plan that gives you $100.00 a week—IN CASH—*tax-free*—from the very first day you're in the hospital for up to 100 full weeks.

PAYS YOU CASH ... $100.00 a week tax-free cash from first day in hospital!

PAYS YOU CASH ... to a maximum of $10,000.00 for any hospital stay lasting 100 weeks!

PAYS YOU CASH ... Money mailed direct to you—not to the doctor or hospital!

PAYS YOU CASH ... in addition to hospitalization, Medicare and Workmen's Compensation!

Even If You Are Over 65
This Extra Income Plan Pays You Cash in Addition to Medicare and Other Insurance!

An absolute must now that YOUR share of hospitalization costs has increased 10% under Medicare!

Even though Medicare will pay most of your hospital expenses, it just can't cover everything. Your Extra Income Plan helps solve this problem by paying *$100.00 a week, in cash, direct to you,* for as long as 100 weeks . . . and gives you the privilege of spending this money any way you want to. With your total benefit amounting to $10,000.00 you'll never have to turn to your children or charity. You'll keep your financial independence and enjoy the *peace of mind* that this Plan's EXTRA CASH will give you.

Absolutely NO LIMIT On Age

This Plan welcomes you no matter *what* your age is —and *without any qualifications whatsoever!* Even if you're over 75 you're still eligible . . . provided, of course, that you fill in and mail the Enrollment Form with just ONE DOLLAR during this limited enrollment period.

EXTRA CASH Gives Peace Of Mind and Security, Helps Replace Lost Income

Everything costs more these days. (Who knows better than you?) Hospital costs alone have TRIPLED in just a few short years . . . and they're expected to DOUBLE soon. While 7 out of 8 Americans have *some* hospital insurance, most find that benefits *simply don't cover ALL the bills* that mount up when sickness or accident strikes.

Union Fidelity created this low-cost Hospital Income Plan to help cover your *UNCOVERED* expenses while hospitalized . . . to put EXTRA CASH in your hand for bills from the doctor, the surgeon, the nurse, the druggist or anyone else who provides service and treatment you need and want. You may even have enough left over to help *REPLACE* any income you lose because of your confinement.

And remember: Your EXTRA CASH is paid *direct to you* . . . and *you use it any way you want to.*

These Are The Only Exclusions!

The *new* Union Fidelity "Extra Income Hospital Plan" has NO WAITING PERIODS. It covers you immediately for every possible kind of sickness and accident except, of course, hospitalization caused by mental disorders; act of war; pregnancy, childbirth or miscarriage; or care provided in a government hospital. It even covers you for any chronic ailment or pre-existing condition after your policy has been in force for only 2 years. EVERYTHING ELSE IS COVERED!

Special $1.00 Offer Expires Midnight of Date Shown On Coupon Below!

To introduce you to this remarkable new Plan we make this unusual offer with a *Money-Back Guarantee.* Just fill in the Enrollment Form on this page and mail it with just $1 before Midnight of the Expiration Date. A *full month's protection* will go into effect on the very day we accept your Enrollment Form.

When you receive your policy, take your time to examine it carefully. It's written to be easy to understand. There is NO FINE PRINT. *Show it to any trusted advisor*—your doctor, your lawyer, your clergyman. *In fact, show it to your own insurance man . . . even though he probably works for another insurance company!* If he is a personal friend, he wants what is best for you. So you can believe him when he tells you there is no better value available anywhere.

Even then, if you're not completely satisfied, return the policy within 30 days and your money will be cheerfully refunded with *no questions asked.* However, if you decide to continue this worthwhile protection, you may do so at these low rates:

Union Fidelity Monthly Renewal Rates

Age at Enrollment	Monthly Premium
0-18	only $2.50
19-39	only $3.80
40-54	only $4.80
55-64	only $5.80
65-74	only $6.80
75 and over	only $9.10

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the exact amount you will continue to pay for the life of your policy. It will never increase because you pass from one age bracket to the next! It won't even change because of frequent claims or the amount of money you collect. It can change only if there is a general rate adjustment affecting all policies of this type in your state.

How Can We Offer All This Protection for So Little?

If you're lucky, you can buy ordinary insurance at any time and pay regular rates. But NOW—with just a stroke of your pen—you can get Union Fidelity's $100.00 a week ($14.28 per day) Extra Cash Income Plan for the special low cost of only $1.00 for the first month. And how is this possible? BECAUSE UNION FIDELITY ENROLLS A LARGE NUMBER OF PEOPLE AT ONE TIME . . . *direct by mail.* This highly efficient "mass enrollment" cuts our costs to the bone. We are able to issue thousands of policies in a few short days. By this method our overhead expenses are reduced drastically. And the savings are passed on to you!

After the first month you continue your protection at Union Fidelity's low monthly rates. And bear this in mind: *the rate you pay now will never be increased because of changes in your health or age—nor will your benefits ever be reduced!*

A Nationally Respected Company

As important as the cash income itself, the low cost and ease of enrollment, is this *one vital fact:* Your policy is backed by the resources, integrity and national reputation of Union Fidelity Life Insurance Company of Philadelphia, an old line legal reserve company licensed in 49 states and Washington, D.C.

Easy To Join—No Red Tape— No Salesman Will Call

Join NOW. During this limited enrollment period there are *no qualifications whatsoever* . . . but you *must* mail the Enrollment Form BEFORE the Midnight deadline. We will issue your "Extra Income Hospital Plan" and *put it in force* the very same day we receive your Form.

Why not take a moment right now to fill in your Enrollment Form and mail it with only $1.00, the "introductory" cost for your first month's coverage.

$1.00 No Risk Money-Back Guarantee!

Because we're so confident this Extra Income Plan that PAYS CASH *direct to you* is the best low-cost protection now available, we make our famous Money-Back Guarantee. When you get your policy look it over. You *must* be 100% satisfied that your Plan is exactly what *we* promise and exactly what *you* want. If you're not, send the policy back to us within 30 days and we will REFUND YOUR MONEY IN FULL . . . AT ONCE. But meanwhile, you will be *protected.* And if you decide to continue this wonderful protection, you do so at the low rate that will *never be raised* because you grow older!

JOIN NOW—"TOMORROW" MAY BE TOO LATE!

This is a limited enrollment. *YOU MUST ACT NOW!* The expiration date shown below *can't be extended.* If your Enrollment is mailed later, *it can't be accepted.* TIME IS PRECIOUS! Get your Enrollment Form and $1.00 in the mail . . . *today!*

18 Important Questions Answered

That tell you how Union Fidelity's $100.00-A-Week Extra Cash Income Plan gives you the protection you need—at amazingly low cost!

1. ***How much will this policy pay me when I go to the hospital?***
   You will receive $100.00 per week.
2. ***When will my hospitalisation benefits start?***
   The day you enter the hospital.
3. ***Will I be paid if I am in the hospital for less than a full week?***
   Yes. This new Plan pays if you are in the hospital for only a day, or a week, a month, a year.
4. ***Does this policy have any "waiting periods" before I can use it?***
   No. It will go into force on the same day we accept your completed Enrollment Form and $1.00 premium for the first month's coverage.
5. ***How long will I continue to receive my Extra Cash?***
   For every day you are hospitalized for as long as 100 weeks for every covered accident or sickness.
6. ***Is there any red tape to join?***
   No. We only ask you to complete and mail your Enrollment Form before the deadline date shown. No questions to answer. No salesman will call.
7. ***Suppose I collect benefits for a certain sickness or accident. What happens if I am hospitalized again for the same condition?***
   You go back to collecting your $100.00 a week until you've been hospitalized for a total of 100 weeks and have collected $10,000.00. Then, if the same condition puts you back in the hospital after you've resumed your normal activities for six months, you become eligible to receive $100.00 a week again, for up to 100 additional weeks. Any new condition will be covered immediately, of course.
8. ***How may I use these benefit payments?***
   You may use them any way you wish—for hospital and doctor bills, rent, food, household expenses or anything else. You alone decide how to use the money.
9. ***Why do I need your Extra Cash Plan in addition to my other insurance?***
   Chances are your present hospital insurance won't cover all your hospital and medical expenses. Even if it did, you will still need extra cash to cover all your household expenses.
10. ***May I join if I am over 65?***
    Yes. You are welcome to join no matter what your age is. This Plan has no age limit.
11. ***Can you drop me? Can you raise my rates?***
    No. Your policy is GUARANTEED RENEWABLE FOR LIFE. We will never cancel or refuse to renew your policy for any reason whatsoever as long as you make your premium payments on time. Also, we guarantee that we will never adjust your rate unless we take the same action with regard to all policies of this type in your state. You, of course, can drop your policy on any renewal date.
12. ***What is not covered by this policy?***
    The only conditions not covered are hospitalization caused by mental disorders; act of war; pregnancy, childbirth or miscarriage; or care provided in a government hospital. You are even covered for any chronic ailment or pre-existing condition after your policy has been in force for only two years. Everything else is covered.
13. ***Can other members of my family take advantage of this special offer?***
    Yes. Just add their names to the Enrollment Form when you fill it in.
14. ***Why is this offer good for a limited time only?***
    Because by enrolling a large number of people at the same time our underwriting, processing and policy issue costs can be kept at a minimum. These savings, of course, are passed on to you.
15. ***Do I need a medical examination or a statement from my doctor?***
    Definitely not. Just fill in the Enrollment Form and send it off today with $1.00.
16. ***What other advantages are there of joining this Plan now?***
    By joining now you do not need to complete a regular application—just the brief form in the lower right-hand corner of this page. Also, during this enrollment period, there are no other qualifications—no "waivers" or restrictive endorsements can be put on your policy.
17. ***How does the Money-Back Guarantee work?***
    Examine your policy carefully in the privacy of your home. If for any reason you are not completely satisfied, return it within 30 days and we will promptly refund your money. Meanwhile, you will be protected while making your decision.
18. ***How do I join?***

ONE BASE TOO MANY — Minnesota's Bod Carew (right) lined a lead-off double to left field in the sixth inning yesterday at Tiger Stadium but he wanted three bases and that was his downfall. Detroit third baseman Don Wert tags the Twins' second baseman on the hip as he tries for an extra base in vain. Willie Horton made the throw to the infield in time to catch Carew. Carew had additional miseries later when he took reliefer Pat Dobson's final pitch for a called strike to end the game with the Tigers struggling to retain a 3-2 lead.

Denny Slightly Singed, but Tigers Edge Twins

DETROIT (AP) — Denny McLain walked through the flames kindled by Minnesota bats and emerged nearly unscathed Sunday, despite being in continual trouble for his 7⅔ innings.

"We had him in trouble enough to beat him," said Twins Manager Billy Martin after the Detroit Tigers edged Minnesota 3-2 on solo home runs by Jim Price and Al Kaline, a run-scoring single by McLain, and a save by reliever Pat Dobson.

"He wasn't throwing the ball good to the first two hitters but then he came around," said Tiger Manager Mayo Smith of McLain.

"I was tight," McLain said. "My shoulder was tight and I wanted to come out of there after a while." The win gives last year's 31-game winner a 5-3 record this season.

BIG HITTERS

The Twins, who had won 10 of their last 11 games before Sunday, collected 10 hits. Six of the regulars went into the game hitting more than .300.

★ ★ ★

Detroit collected eight hits off starter and loser Jim Kaat (2-1) and relievers Jim Perry and Bob Miller. Price's home run was his third in four games as a regular and came off Kaat in the second to make the score 1-0. Kaline connected with his sixth homer on a blast off Kaat in the third.

"It's nice for the guys in there to get a run from an unexpected source once in a while," Price said in the happy Detroit dressing room.

The winning run scored when McLain laced a single to center in the sixth after Willie Horton and Don Wert walked.

★ ★ ★

Minnesota had several opportunities to grab a lead. In the first Ted Uhlander and Rod Carew collected consecutive singles before the next three batters went out, Rich Reese led off the second with a double but was stranded.

★ ★ ★

In the sixth Carew smashed a double to left and Horton fired to Don Wert at third who tagged Carew trying to stretch it to a triple. Carew took a third strike to end the game and Martin said, "Those two plays cost us the ball game."

MARTIN STEAMS

"It was a lousy call to end the ball game," Martin steamed as he angrily tossed clothes into his traveling bag. "That ball was outside and high."

"And Carew was safe at third base," he added. "That guy (Wert) tagged him on the neck when Carew's foot had already reached the bag."

★ ★ ★

Today is an off for the Tigers but they open a three-game series against Chicago Tuesday night at Tiger Stadium. Mickey Lolich (2-1) is scheduled to pitch for Detroit, with Joel Horlen going for the White Sox.

Shift of Trio Creates Two 13-Team Loops

NEW YORK (AP) — The best kept secret in pro football history is out, and Baltimore, Cleveland and Pittsburgh are in—the American Football League.

The switch of the three National League teams were made Saturday night, solving pro football's realignment problem for 1970 by creating two 13-team conferences.

Actually, agreement on the moving trio was reached at about midnight Friday, and the AFL realigned itself into three divisions within 45 minutes.

The decisions, however, were kept secret for 21 hours, until 10 o'clock Saturday night when Commissioner Pete Rozelle disclosed them to the world.

"All day I was scared that it would leak out," Rozelle said. "I didn't have much confidence that we could keep it secret."

Why did he keep it a secret instead of announcing it immediately?

WANTED PACKAGE

"We wanted to do it in a package," the commissioner said. "We wanted so desperately to make it a package. We just wanted to wrap the whole bit up."

What Rozelle meant was he was waiting for the NFL to realign itself from four divisions of four teams each into two groups of four and one of five.

But while the remaining 13 club owners tried unsuccessfully to do that, the AFL owners continued meeting under voluntary house arrest at the plush pro football offices on Park Avenue while two blocks away, at the St. Regis Hotel, dissheveled newsmen waited like expectant fathers all night and all day.

When the announcement finally came, most people were surprised. And, as could have been expected, fans in the three cities were not wildly enthusiastic about the developments.

The surprise came because the AFL got the NFL's defending champion, Baltimore, and its defending Eastern Conference titlist, Cleveland.

Baltimore had been considered a possibility, but certainly not with another NFL power. Pittsburgh, meanwhile, moved in tandem with the Browns.

"I would not move unless the Steelers moved," Art Modell, president of the Browns, said from his bed in New York's Doctors' Hospital, where he is resting his ulcers. The Steelers and Browns have had a strong rivalry going for years.

"Actually, there were two conditions. We had to be in the same division with Pittsburgh and we had to be in the same division with Cincinnati."

Those three teams are in one division, with Houston the fourth team. Baltimore is grouped with the world champion New York Jets, whom they lost to in the Super Bowl, Miami, Buffalo and Boston. The third division has Oakland, Kansas City, San Diego and Denver.

Modell's desire to be linked with Cincinnati is interesting because he is the man who fired the Bengals' boss, Paul Brown, as Cleveland coach in 1963. They since have been pictured as hostile to each other.

But Modell said: "We're very good friends. We're not going to get out on the field and duel. Cleveland and Cincinnati is a natural rivalry, a good intrastate rivalry that will endure for years after we're gone."

Project Includes Golf Stadium

'Great One' Plans Greatest Tourney

FORT LAUDERDALE, Fla. (AP) — Jackie Gleason says he is going into the recreation field with a "golf stadium" that will feature a $300,000 super golf tournament starting in 1971.

★ ★ ★

The television comedian said he has applied to the Professional Golfers Association for tournament dates in February or March on the 1971 pro tour.

The tournament, Gleason said, would be held on a golfing layout to be included in a multimillion dollar recreation and residential complex to be developed by him and Kenneth E. Behring, a Fort Lauderdale builder.

SIX COURSES

The golfing layout will encompass six courses, with the main course to be called The Great One. Scheduled for completion within a year, the course is designed so that it can be stretched to 8,000 yards and to accommodate 100,000 spectators.

"It's something I've always dreamed about," Gleason said. "We'll put on a $300,000 tournament with a first prize of $75,000.

"On the final day of the tournament, only the low eight players will be playing and we will televise all 18 holes. If anyone comes up with a richer tournament, we will increase our purse.

★ ★ ★

"When we hold our tournament, it will be the richest in the world."

Gleason said Minnesota Mining and Manufacturing will sponsor the tournament.

MAKESHIFT PRESENTATION — While Mark Donohue received all the applause and the spotlight as the apparent winner of Sunday's Wolverine Trans American Sedan Race at Michigan International Speedway, Parnelli Jones is the one who'll receive the $5,000 first prize check. Jones was listed in fourth place when the race ended, but a check of the lap charts proved that he actually finished first. Some four hours after the race ended, former Miss U.S.A. Sharon Brown makes a symbolic presentation to the veteran Jones, using paper plates and cups plus greens.

Controversy Mars MIS Sedan Race

CAMBRIDGE JUNCTION, Mich. (AP) — Parnelli Jones, a 15-year veteran of the track wars, won what he termed the toughest auto race of his career Sunday in an event that started with tragedy and ended in controversy.

Jones, 35, of Torrance, Calif., was declared the winner of the four-hour, Wolverine Trans American Sedan Race four hours after Mark Donohue of Media, Pa., had been ushered to victory lane and given the plaudits of a crowd of 21,648 at Michigan International Speedway.

TEAM CAR

Jones was driving a team Mustang, one of a pair prepared for racing by famed stock car builder Bud Moore of Spartansburg, S.C.

After the finish, Homer Perry, a Ford Motor Co. official and manager of the Mustang team, asked Sports Car Club of America officials for a recheck of the timing charts.

★ ★ ★

Perry said his own charts showed Jones the winner. It was learned that at least two other private charts had the Mustang out front.

After four hours of poring over the charts, lap by lap, SCCA officials determined that Parnelli had not been credited with at least three circuits of the 3.31-mile course.

The oversight apparently occurred at about the three-hour mark.

As it turned out, Jones officially was listed as having completed one lap more than Donohue, who was handling a Camaro owned by Roger Penske, former championship driver from Philadelphia.

NO PROTEST

Penske was given 30 minutes to protest the reversal but did not do so.

During the early stages of the race, which got under way after a rain, hail and snow storm, one of the powerful small sedans spun off the course and crashed into a group of spectators gathered near the 11th turn.

★ ★ ★

A Lansing, Mich., man, Durward Fletcher, 43, was killed and 12 persons were injured, including Fletcher's wife, Lorna, 48.

"This has to be the longest race of my career," said Jones, who sat in the pit area as Donohue was ushered to the postrace victory celebration.

★ ★ ★

"It would have been unfortunate for Bud Moore and my crew to have lost the race due to a misinterpretation of the scoring charts."

Team, Doubles, Singles Leaders New in Keg Meet

GRAND RAPIDS (AP) — With only two weekends of tournament play remaining, new faces are in the lead in the actual team, singles and doubles events of the Men's State Bowling Tournament at Grand Rapids.

Detroiters Vytout Petrul and Verner Hansen rolled 1,395 over the weekend, taking over as doubles leaders from veteran bowlers Ed Lubanski and Bill Spargo of Detroit, who had 1,371. Petrul and Hansen also moved into third place in handicap doubles, with 1,425.

Robert Fox of Lansing rolled 729, taking over the actual singles lead from Rick McCardy of Detroit, 722.

Klein Industrial Painting of Grand Rapids rolled a 3,179 series, displacing as actual team leaders Alexander Hornung of Detroit.

Price 'Flips' Home Runs While Trying for Singles

Jim Price has stopped trying to be a power hitter — and as a result has blasted three home runs and a double for his four hits this year.

"When I started out they tried to make me a pull hitter," Price said after hitting a home run Sunday as the Detroit Tigers beat Minnesota 3-2.

★ ★ ★

Price, backup catcher to Bill Freehan, started out in the Pittsburg Pirate organization and was sold to Detroit in 1966. He has been with the Tigers two full seasons.

★ ★ ★

"They (Pirate coaches) wanted me to hit home runs," he said. "But Wally (Moses) told me to just flip the bat. If you muscle up and try to hit it far you can't do it."

AFTER SINGLES

He said Moses, the Tiger batting coach, worked with him quite a bit in spring training trying to make him swing for singles rather than power hits.

★ ★ ★

"It just made sense to me all of a sudden," Price said.

Price is hitting just .211, but as a regular his average is .333 with four hits in 12 at bats.

"That pinch hitting messed me up," he said.

★ ★ ★

The former three-sport prep star from Hershey, Pa., who spurned 25 college football offers to sign with the Pirates in 1960, said his home run Sunday off Jim Kaat came on a fastball down and in.

★ ★ ★

"It's nice for the guys in there to get a run from an unexpected source once in a while," he said. "It perked them up a little bit."

Price has started four games. His homers came in the last three and he also doubled Sunday.

NATIONAL CHAMP — Bill Davids of Hazel Park, who captured the state high school 103-pound title earlier this year, picked up National AAU Greco-Roman wrestling championship Saturday in competition in Detroit. Davids, a junior at Hazel Park, took the 105-pound crown.

DETROIT (AP) — The U.S. Army team from Ft. Sill, Okla., walked off with the National AAU Greco-Roman wrestling title at the State Fairgrounds Saturday, and the Michigan Wrestling Club showed its style by grabbing individual titles in two events.

Bill Davids, a 17-year-old Hazel Park High School junior, won the 105-pound event and 36-year-old Rudy Williams took his fifth Greco-Roman title at 180.5 pounds.

★ ★ ★

Dave Hazewinkle won the 125.5 division and his brother, James Hazewinkle, the 136-pound class, to pace the Army team to victory.

★ ★ ★

The Army team — garnered 39 points. Nebraska Olympic Club was second with 28, and Michigan third with 26.

★ ★ ★

Others included Mayor Daley's Club with 20 and New York Athletic Club with 18.

Two Derby Entrants Coming to Michigan for Hazel Park Race

HAZEL PARK (AP)—Two horses that competed in the recent Kentucky Derby are among five top prospects to race in the $50,000-added Michigan Derby at Hazel Park Race Track June 7.

★ ★ ★

Racing Secretary Ray Hopton and Bert Thompson, director of racing, say Top Knight and Traffic Mark may be available for the rich Michigan race. They say owners of the two horses are considering shipping the mto Hazel Park for the event.

★ ★ ★

Top Knight finished fifth in the Kentucky Derby, although a second favorite behind winner Majestic Prince. Traffic Mark was fourth.

PNH, Rochester Win Track Meet Crowns

There were too many Rochester Falcons flying around the Oxford Invitational track meet Saturday.

Meanwhile, down at Dearborn Schafer, Pontiac Northern's Huskies decided to stick around and were rewarded with the school's first championship track trophy.

Rochester won seven first places and gained six other placements to win the Oxford meet with 52 points. West Bloomfield was second with 44 and Holly third with 23. Fifteen schools were entered.

★ ★ ★

Weather conditions were poor at Schafer and several teams pulled out after arriving. After some hesitation, PNH's thinclads decided to compete and were rewarded by tying for the crown.

PNH and Southgate each scored 16 points. Schafer was next with 15.

RECORDS SET

Three records were broken in the Oxford meet which was moved to Waterford Township's all-weather track when Friday's rain made the Oxford oval unusable.

Keith Wattles of Rochester outlasted Jim Goodfellow of Oxford in 9.45.4. The top four runners were under the former mark of 9:59.

★ ★ ★

Kevin Gawronski of West Bloomfield set a new pole vault standard by clearing 12-6 and Kettering's Kevin Reabe ran away from the field in the 880 to win in a record 1.56.6.

Mike Hall of Rochester and West Bloomfield's Randy Bevier were double winners. Hall won the 100 in 10.5 and the 220 in 23 flat. Bevier stepped over the high hurdles in 15.5 and the lows in 21 seconds. Rochester also won the 880 and mile relays.

DOUBLE WINNER

John Morrison, Redford Union's premier hurdler, was withdrawn from the Schafer Relays along with his teammates after winning his high hurdles heat in 14.1. This opened the way for PNH's Mel Reeves to take first in both hurdles.

Sandy Seay was fifth in the lows. Rufus Hannah placed second in the long jump with a leap of 20-5 and James Kyles third for Northern's other points.

The Huskies needed help in the mile relay — Southgate had to win for a tie. Livonia Bentley tried hard, but was nipped by Southgate's 3:23 and this set up the flip for the trophy — won by PNH.

★ ★ ★

Larry Williams of Farmington was second in the two-mile and Mike Klawender of the Falcons was third in the high jump.

Although 71 schools were entered, this figure was cut when several withdrew because of the all-day rain.

VALLEY MEET

Pontiac Central bids for the Saginaw Valley Conference track championship this afternoon and evening at Flint Northwestern's Houston Stadium.

Midland is a slight favorite, but Pontiac Central and Flint Southwestern are rated strong contenders. Finals will start at 7:30 p.m.

ABC Tourney Ends After 79-Day Stand

MADISON, Wis. (AP) — Larry Lichstein of Hartford, Conn., won the all-events, and finished third in the singles and doubles in the classic (or pro) division of the 66th annual American Bowling Congress Tournament.

The richest ABC tournament in history—with a $658,497 purse—wound up its 79-day run Sunday.

Lichstein, who rolled 2,060 in the all-events, 726 in the singles and teamed with Mike Collins of Hartford for a 1,348 in the doubles, won a total of $1,600.

CLASSIC SINGLES

Nelson Burton Jr. of St. Louis rolled a 732 for first in the classic singles, winning $500, while Don McCune of Munster, Ind., and Jim Stefanich of Joliet, Ill., split $1,000 for winning the classic doubles with 1,355.

For Stefanich, it was his sixth ABC title, an all-time record.

Paced by Jim Chestney's 720 series, the Dick Weber Wrist Masters of Santa Ana, Calif., won the classic team division and $4,000 with a 6,413.

In the regular division, Eddie Jackson of Cincinnati won the all-events and $1,200 with a 1,988, and teamed with Charles Edmonson of Cincinnati to split $1,900 for their second place in the doubles. They totaled 1,373.

★ ★ ★

Charles Guedel and Robert Mashmeyer of Indianapolis, Ind., took the doubles with 1,379, winning $2,000.

Greg Campbell of Florissant, Mo., picked up $1,000 for winning the singles with a 751, and P.A.C. of Lansing, Michigan, totaled 2,165 to win the team competition and pick up $5,000.

Coleman of Rock Island, Ill., took the booster team division title.

There were 1,504 cash prizes in the tournament.

Low to cash figures—lowest totals collecting prize money in the regular divisions—were 2,737 in the team, 1,098 in doubles, 555 in singles, 1,720 in all events and 2,613 in the booster team.

Homers by Petrocelli Spurs Red Sox Victory

ANAHEIM (AP) — Rico Petrocelli drove in four runs with his ninth and 10th homers Sunday as the Boston Red Sox pounded the California Angels 7-3, extending their winning streak to eight games.

★ ★ ★

Petrocelli capped three-run bursts in the fourth and sixth innings with blasts over the left field wall, helping right-hander Sonny Siebert square his pitching record at 3-3.

★ ★ ★

Russ Gibson tagged loser Rudy May, 1-3, for a bases-empty homer in the second inning.

Carl Yastrzemski's single, a walk and errors by May and center fielder Jay Johnson on an attempted pickoff at second produced a fourth-inning run before Petrocelli slugged his first homer.

Yastrzemski led off the sixth with a double, took third on a throwing error by Johnston and scored on Reggie Smith's squeeze bunt. Smith was out stealing, but Gibson singled and Petrocelli hit another two-run homer, giving Boston a 7-0 lead.

★ ★ ★

Rick Reichardt's double keyed a two-run sixth for the Angels and Jim Fregosi homered in the eighth before Siebert gave way to reliever Vicente Romo, who finished up.

Game-Winning Hit Fails to Cool Off Irate Cepeda

PHILADELPHIA (AP) — Orlando Cepeda was unhappy, which is unusual for a fellow who had just gotten the game-winning hit.

After the big first baseman singled home the winning run in the ninth inning to help Atlanta beat Philadelphia 4-3 Sunday, he was incensed with official scorer for not giving him a hit earlier on a misplayed infield pop-up.

"I don't keep anything inside, that's been my trouble," Cepeda said. "I explode quick. I can't help it."

DROPS FAIR

Cepeda was referring to his sixth-inning pop-up that dropped fair 95 feet from home plate. The ball ticked off first baseman Rich Allen's glove, and Allen Lewis of the Philadelphia Inquierer, the official scorer, ruled an error.

Cepeda glared toward the press box when he reached third base after Allen threw the ball away. And when he reached the dugout after scoring, Cepeda made a gesture.

So Lewis went down to the dressing room after the game for a translation.

"He wants a hit on a pop fly, for goodness sake," Lewis told other reporters who had gathered around.

Cepeda then stepped from the showers and said: "You see what the wind did to that ball. It's not the first time it happened to me here. A couple of times before this year, I hit ground balls to Richie—error.

"I do not know who is the official scorer each time. But everytime Richie's involved, they want to get a base hit, but everytime they mess Richie up, everytime put Richie on the spot."

Tommie Agee's Bat Aids Mets

11-7 Victory Salvages Split of Double Bill

NEW YORK (AP) — Don't overswing and you won't under hit. That's Tommie Agee's way to relieve tension. And the easy way he swung Sunday, no little blue pill could beat his formula.

The normally nervous New York outfielder was certainly a relaxed man in the clubhouse after the Mets had pulled out an 11-7 victory following a 4-1 loss in their doubleheader against the Houston Astros. And why shouldn't he have been? He not only hit the ball more times than he struck out, he hit the ball out of the park more times than he fanned.

Agree struck out twice in the twin bill, but he also stroked three long home runs, doubling his total for the season.

Ex-Cardinals Bring Miseries to Hometown

ST. LOUIS (AP) — Roger Craig, the San Diego Padres' pitching coach, got a Mother's Day card from the expansion club's pitching staff. He likes to kid about how young they are.

"They're so young," says Craig, "they got kinks in their arms from sucking their thumbs."

★ ★ ★

But it was pitcher Clay Kirby and some other ex-Cardinals who aggravated the St. Louis hometown miseries 4-2 Sunday. The Cards are 3-14 at home and 9-4 on the road.

Kirby is one of the players the Cardinals lost in last year's expansion draft. Some other players who started in the Cardinals' organization also showed you sometimes hurt the ones you leave.

Nate Colbert, an ex-Cardinal, socked a two-run homer in the seventh inning to pull the Padres into a 2-2 tie. Then Chris Cannizzaro rapped a two-run double in the ninth to win the game.

Chisox Uprising Halts Indians

CLEVELAND (AP) — Sunday Alomar cracked a three-run double in the eighth inning Sunday, breaking a 4-4 deadlock and boosting the Chicago White Sox to a 7-5 victory over the Cleveland Indians.

Cleveland—Add White Sox-Indians, SB38, xxx Indians.

Alomar's double, which produced his first runs batted in of the season, climaxed a four-run rally in the eighth and carried the White Sox to their fourth straight victory.

Chicago, trailing 4-3 going into the eighth, filled the bases on singles by Bill Melton and Duane Josephson and a walk.

No Rest Says Pro Beman After Taking Texas Open

SAN ANTONIO, Tex. (AP) — Dean Beman, his first professional victory in the bag is happy—but far from satisfied—young man.

"No day of rest for me," Beman said after beating veteran Jack McGowan in a sudden death playoff for the $20,000 first prize Sunday on the first extra hole. "It's back to the practice tee, back to the drawing boards.

"Winning is something very special, and, of course, I'm very happy," the 31-year-old former U.S. and British Amateur champion said.

WITH PUTTER

"But I won it with my chipping and my putter. I've tried to play so that when I finally did win a tournament, I'd win it with all my clubs. But I guess when it comes time to win, you're going to win."

He won it with rounds of 70 and a course-record-matching 65 on the 7,138 yard, par 71 Pecan Valley Country Club course, then rammed in a 20-foot birdie putt on the first extra hole for his first professional victory.

Vet Golfer Takes Ladies' Southern Title

ATLANTA (AP) — Experience has conquered youth in the 54th annual Women's Southern Amateur Golf Tournament.

Mary Ann Rathmell, a Houston veteran, withstood the challenge of Bobbie Jo Gabrielsen of Athens, Ga., Saturday to capture the title 1-up.

Mrs. Rathmell broke a tie in the 36-hole match on No. 34 when Miss Gabrielsen, a University of Georgia coed, missed a five-foot putt to go one down.

Halves on the final two holes insured the victory for the Texas mother of four. In the championship consolation, Maureen Crum of Lakeland, Fla., defeated Vi Givens of Charlotte, N.C., 3-2.

Gophers Command Big Ten Race

CHICAGO (AP) — Minnesota's Gophers are on the doorstep of clinching a second straight Big Ten baseball championship.

★ ★ ★

Although the conference race has another two weeks to go and rainouts have thrown the league schedule into a turmoil, the Gophers have grabbed a four-game lead over Michigan and are in the driver's seat.

Minnesota whacked Illinois 4-3 and 12-5 Saturday and Michigan became the closest contender by sweeping a Sunday doubleheader from Northwestern, 2-1 and 1-0.

Ohio State, a perennial conference baseball power, fell back into the pack behind the Wolverines by dropping a pair Sunday to Indiana, 6-3 and 2-0.

Both of the Sunday twin bills had been wiped out by rain Saturday and rescheduled to try to keep some semblance of order to the league schedule which has been disrupted by foul spring weather.

Michigan State kept its championship door open by sweeping a doubleheader from Wisconsin, 1-0 and 5-2, Saturday, with the first game going 11 innings.

Minnesota has only six games to play and if the Gophers manage a split, nobody can catch them.

★ ★ ★

Minnesota's Noel Jenke, a doubtful starter, again led his team to victory.

Jenke, who twisted an ankle in a doubleheader sweep over Purdue Friday, singled to drive home the winning run in extra innings of the first game. He finished the day with three hits in eight appearances.

Chicago Lefty Blanks 'Frisco

CHICAGO (AP)—Home runs by Billy Williams and Randy Hundley backed southpaw Ken Holtzman and powered the Chicago Cubs to an 8-0 victory over the San Francisco Giants Sunday.

Williams slammed a two-run homer in the first inning off Ray Sadecki, and Hundley led off the second inning with his fifth homer of the season.

The Cubs scratched out a run in the fifth inning and put the game beyond reach when they slugged reliever Ron Herbel for four runs in the seventh with Ron Santo and Hundley coming up with two-run singles.

Holtzman, 5-1, scattered nine hits but was helped by three double plays as he posted his second shutout of the season.

Birds Avenge Sneak Attack

BALTIMORE (AP) — The Baltimore Orioles rapped out nine hits, including Frank Robinson's 11th homer, but the loudest retort in Sunday's game came from the Kansas City bull-pen.

With Don Buford at bat, leading off the Baltimore third inning, a fireworks explosion rocked the Royals' bullpen.

As the smoke cleared, two Oriole players were seen racing behind the center field scoreboard and hedge toward their own bullpen.

"We thought some kids had thrown something from the bleachers," said Moe Drabowsky, the Kansas City reliever whose rock-throwing assault on his former teammates Friday night led to Baltimore's counter attack.

"But after some older people told us it was two Oriole pitchers;" Moe said, "I figured it must have been Eddie Watt and Pete Richert. They're the only two guys crazy enough to do stuff like that."

ADMITS SHELLING

Drabowsky admitted he sneaked behind the Orioles' bullpen shed Friday night and peppered it with "about 20 rocks."

The Orioles claimed a few baseballs crashed against the shed, too, and Watt said, "Retaliation was the only answer, and we smoked him."

★ ★ ★

Harry Dalton, Baltimore's director of player personnel, immediately telephoned the bullpen to call a halt to the pranks, but said after Baltimore's 5-0 victory he wasn't too perturbed.

"I like to see color and fun in the game," Dalton said. "I just don't want anyone getting hurt through some silly action.

"I was more interested in the exploding fast ball of Jim Palmer." Dalton said of Baltimore's 23-year-old comeback pitcher who hurled a three-hitter.

Huge Howard Wastes Blast at Seattle

SEATTLE (AP) — Diego Segui has strong doubts that any pitcher can throw a ball that Frank Howard can't reach with his home run swing if they're playing in the same park.

"I throw him fork ball way outside but he reach out and knock it over fence," said Diego, who survived that seventh-inning, two-run blast by the Washington giant Sunday to gain credit for a 6-5 Seattle victory.

The triumph gave the expansion team a sweep of its three-game series with the Senators.

BOUNCES TO FIRST PLACE — Lee Roy Yarbrough (car 98) and Bobby Allison sideswipe in the second turn near the end of the Rebel 400 Saturday at Darlington, S.C. The two were battling for the lead when Allison's car went into the rail and bounced into Yarbrough's car. Allison was knocked out of action and Yarbrough went on to win.

Foyt's Time Still Best at 'Indy'

Activity Resumes After Rain

INDIANAPOLIS, Ind. (AP) — A burst of activity Sunday after two rainy days at the Indianapolis Motor Speedway failed to erase A. J. Foyt's best practice lap of 169.237 miles per hour, but Al Unser came close.

Les Scott of Livonia, Mich., who has never started in the 500, escaped injury when his turbocharged Watson-Rambler hit the mainstretch wall. The car was badly damaged. It was the season's first crash at the track.

Al, brother of last year's 500-mile race winner Bobby Unser, did 160.141 in a turbocharged Lola-Ford.

AFTER NO. 4

Foyt, of Houston, is driving a turbocharged Coyote-Ford of his own design and hopes to become the first four-time winner of the Memorial Day classic. He recorded the fastest lap this season last Wednesday.

★ ★ ★

Bobby made his first appearance of the season on the Speedway Sunday and turned a lap of 164.775 in a turbocharged Lola-Offenhauser.

That was the eighth-best performance this year, keeping both Albuquerque, N.M., brothers among the leaders as they usually are.

★ ★ ★

Bobby won the U.S. Auto Club championship last year after winning the 500. Al lost a wheel in the 500 but finished third in USAC standings.

Denis Hulme, a New Zealander now living in England, took his first Indianapolis run of the year Sunday, shaking down a new turbocharged Eagle-Offenhauser.

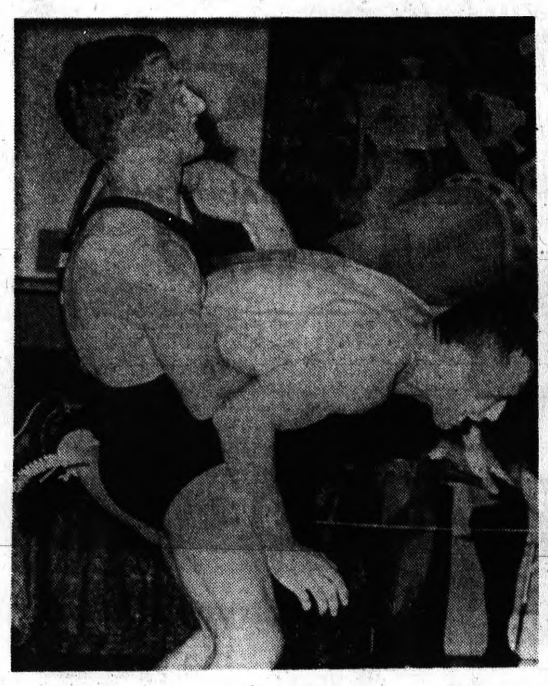

★ ★ ★

Johnny Rutherford, Fort Worth, Tex., also made his season debut in another Eagle.

Mario Andretti of Nazareth, Pa., who twice has topped 500 qualifiers and won the pole position, turned the season's third best Speedway lap Sunday at 168.697 in turbocharged Lotus-Ford.

All of the 10 best practice speeds have been made in cars with turbocharged engines—five Fords and five Offenhausers.

Sixty-four cars are at the Speedway but only 40 have passed technical committee tests required before practice or qualification runs. The first of four days of the 10-mile trials will be Saturday.

BIG LIFT — Army's Dave Hazewinkle throws Masaaki Hatta of the Michigan Wrestling Club during the final match of the 125-pound class at the National AAU Greco-Roman championships in Detroit Saturday. Hazewinkle won the bout, 7-2. His twin brother, James, also claimed a title, the 136-pound class, and their efforts enabled Army to take the team crown.

Racing Vet Claims Foul in NASCAR Track Mishap

DARLINGTON, S.C. (AP) — Bobby Allison and Cale Yarborough have long been fierce competitors on the NASCAR circuit. But now a new element is involved—bitterness.

Allison claims Yarborough put him into the wall at the Rebel 400 stock car race Saturday and caused him to collide with Lee Roy Yarbrough, who went on to win the race.

Later, Allison, 31, of Hueytown, Ala., commented:

"It was the worst thing that ever happened to me in racing.

"The guy Yarborocgh put me right into the wall."

Yarborough finished second with Dodge's Paul Goldsmith placing third. Allison, whose red and gold Dodge struck the pit wall, was awarded fourth place. David Pearson was fifth.

AVERAGE SPEED

Yarbrough, who drives a Mercury, won $14,700 from the $68,890 purse. The average speed for the 291 laps was 131.971 miles per hour beforea record crowd of 40,400 in clear, mild weather.

★ ★ ★

Allison dominated the race almost from the beginning. After leading briefly during the first 100 laps, he charged in front on the 104th circuit and never was seriously challenged until he went into the pits late in the race and turned the lead over to Yarbrough.

★ ★ ★

Yarborough, last year's leading money winner, trailed the others by more than a lap as the finish neared. He was immediately behind Allison as the three cars went into the first turn with four laps remaining.

Allison said Yarborough dipped low into the turn and forced him to go high. Allison collided with Yarbrough after bouncing off the guard rail.

"I think the way we swing more approaches what the average male golfer can benefit from," Miss Mann said Sunday after she came from four strokes off the pace to win the 14th annual tournament.

Teen-Age Miss Outguns Guys in Trapshoot

RENO, Nev. (AP — Sue Nattress, 18, is the only girl and the first Canadian to win the Golden West Grand American Trap Shooting Tournament.

Miss Nattress, whose home is in Edmonton, Alberta, tied with five men at the end of the finals with a score of 99 out of a 100 Sunday.

In the final shootout, she hit 25 straight for the title.

Miss Nattress also won the women's over-all honors with a score of 945 out of 1,000 targets.

Dan Orlich, casino manager and former Green Bay Packers football player, took the men's over-all with 974 out of 1,000. He also won high all around with 394 out of 400.

Aussie Golfer Wins in 'Bama

BIRMINGHAM, Ala. (AP) — Touring pro Bruce Devlin of Australia has taken home the $4,000 first prize with a 36-hole total of 141 in the Birmingham Golf Association's $20,000 pro-am tournament.

Devlin shot a one-over-par 72 Sunday to finish two strokes ahead of Johnny Pott. The total was one-under-par over the Birmingham County Club course.

★ ★ ★

Pott tapered off to a 73 Sunday after pulling even with Devlin through 14 holes. He posted three bogeys after that, while Devlin was making three pars. Pott won $2,000.

Tied for third with 148s, good for $800 each, were Ray Floyd, Tony Jacklin and Bobby Nichols.

Jet's Jeter Sparks Team Over Toledo

By The Associated Press

There ought to be a big difference in the quality of pitching in the Class AAA International League and the all-rookie Appalachian League, but if there is, John Jeter doesn't seem to have noticed it.

Jeter, 24, played outfield, batted .296 and hit 18 home runs for Salem in the "Appy" last year, and when Salem manager Don Hoak moved up to Columbus of the IL, he brought "John the Jet" along with him.

He's glad he did, for in 18 games for the Jets, Jeter is batting .289 with 15 runs-batted-in and already has socked seven homers. Despite his speed, however, he has thus far stolen only one base.

Jeter has been especially pesky against Toledo — he's hitting .353 in four games against the Mud Hens - and was never more pesky than Sunday when his single and three-run homer helped the Jets beat the Mud Hens 7-1.

The Columbus - Toledo game was the only one that survived the weather Sunday. Rain and wet grounds forced postponement of all the rest.

Paradoxical Dashman Carlos Equals Record

FRESNO, Calif. (AP) — It was 7 p.m., an hour before he would go out and tie the world record for the 100-yard dash. Fun-loving John Carlos was in the stands signing autographs, drinking iced soda and bantering with the press.

Carlos is a paradox: a full-blown, three-dimensional character who has been type cast as the militant who, with Tommie Smith, was kicked off the 1968 U.S. Olympic team for a black power demonstration.

He is 6-foot-3 and sometimes weighs as much as 220 pounds, though he claims he is under 200 now.

Carlos is garrulous, friendly and open when relaxed; suspicious and tight-lipped when angry and his moods seem to vary rapidly between these extremes. Instead of the black socks he wore when racing at Mexico City, now he wears none at all on the track.

But he ran his 9.1 in the 100 Saturday night at the West Coast Relays with a big gold watch on his wrist.

Of the official timers that did clock the race, two caught him on the fast side of 9.1 and another had him at 9.0, an alternate watch also read 9.1.

★ ★ ★

Second to Carlos was Ronnie Ray Smith of San Jose at 9.4 with Bill Gaines, running unattached, third in the same clocking.

★ ★ ★

The 100 mark was originally set by Bob Hayes in 1963, and was later tied by Harry Jerome in 1966 and Jim Hines and Charlie Greene in 1967.

OTHER EVENTS

Other winners at the meet were: Jay Silvester, discus, 200-5; Mark Murro, javelin, 275-0; Ron Whitney, 440-yard hurdles, 50.5; Willie Davenport, 120-yard hurdles, 13.5; Birmingham's Jack Bachelor, two-mile 8:31.8; Kerry Pearce, 3,000-meter steeplechase, 8:47.6; Seppo Mantella, 5,000-meters, 14:30.8.

Big Upset in Harness Stakes Race

WESTBURY, N.Y. (AP) — Bye Bye Sam astounded the harness racing world by winning the Messenger Stakes at Roosevelt Raceway last Saturday night.

Was it just racing luck or is the son of the famed pacer of a decade ago, Bye Bye Bird, destined to win pacing's triple crown this season with Stanley Dancer in the sulky?

★ ★ ★

The Messenger, the first leg in the triple crown, seemed to be at the mercy of Laverne Hanover, the Billy Haughton-driven colt, who had won 24 of 25 career starts. He was such a stickout that he was barred from the betting.

Coming into the stretch, Laverne was leading by 1½ lengths and appeared a certain winner. Bye Bye Sam and Dancer were four lengths back in the sixth place.

What happened?

"He just stopped," Haughton said of his colt. "He had no excuse."

Bye Bye Sam paced the mile in 2:02 3-5 and paid $9.60, $5.60 and $4.40. After Tempered Yankee came Laverne Hanover, Historic Time, Bad Moe, Byron Dares, Santa's Fury and Shadow Rocket.

Barons, WKHS Beat Showers, W-O Rivals

A couple of the challengers for the baseball title in the Wayne-Oakland League managed to sneak in victories between rain showers Saturday.

While pacesetting Milford (7-0) and Northville were rained out, Waterford Kettering (6-1) whipped West Bloomfield, 7-4, and Bloomfield Hills Andover (4-2) halted Clarenceville, 3-0, in a game called after five innings because of rain.

DROPS PAIR

Elsewhere, Romeo dropped a twinbill to L'Anse Creuse, 6-2 and 9-2.

★ ★ ★

Pinch-hitter Doug Richardson broke a 2-2 deadlock with a bases-loaded double in the sixth and teammate Tom Setter followed with a two-run single to assure the victory for Kettering. Winning pitcher Dennis Wooster and Joe Beseau chipped in with two hits apiece.

HOMER DECISIVE

First baseman Dick Souther clouted his first home run of the season to provide Andover with its fourth win. Souther's blow, in the bottom of the fourth, came after walks to Scott Roley and Bob Heussner. Pitcher John Schmidt gave up only one hit, an infield single to the first batter he faced.

★ ★ ★

Unearned runs spelled downfall for Romeo's Bulldogs who committed eight errors in the two games. L'Anse picked up three unearned markers in the opener and five in the nightcap.

Dan Klein knocked in a run in the first game and Mike Semp chased home a pair in the second game for Romeo (8-9).

★ ★ ★

Today dangerous Northville attempts to snap Milford's undefeated string while third-place Clarkston and fourth-place Andover have a showdown.

STEP 5 THE MIRROR CHECK

IF YOU HAVE A FULL-LENGTH MIRROR, ASSUME YOUR ADDRESS POSITION AND CHECK TO SEE THAT IMAGINARY LINES ACROSS YOUR TOES OR THROUGH YOUR HIPS AND SHOULDERS WOULD PARALLEL A LINE FROM THE BALL TO YOUR TARGET. EVEN THE PROFESSIONALS INTERMITTENTLY HAVE TO CHECK THEIR ALIGNMENT. SO IT IS ESPECIALLY EASY TO BECOME MISALIGNED EARLY IN THE SEASON.

SWINGING IN FRONT OF YOUR MIRROR (IF THERE IS ROOM) IS ALSO A GOOD CHECK-POINT FOR FAULTS THAT MAY CREEP INTO YOUR SWING.

Gals Ex-Champion Second on Keg List

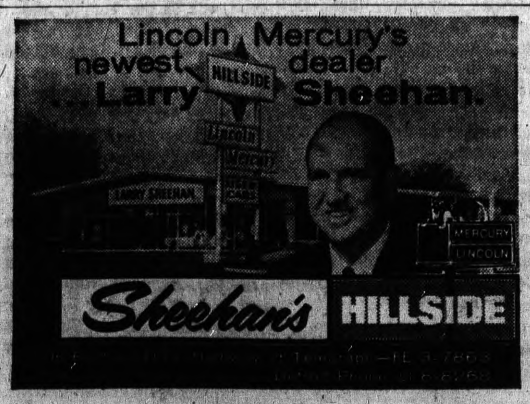

SAN DIEGO (AP) Two-time champion Grace Werkmeister of Chicago leaped to within two pins Sunday of taking first place in the open division all events in the Women's International Bowling Congress championship tournament.

Miss Werkmeister rolled series of 608, 615 and 621 for a nine-game total of 1,844 pins. The leader, Betty Cook of Alexandria, Va., rolled 1,846 on Saturday.

★ ★ ★

Georgene Pahl of Redding, Pa., moved into fourth place in open singles with a 647 series and Marylyn Cole of Westland, Mich., moved into ninth in all events with 1,761.

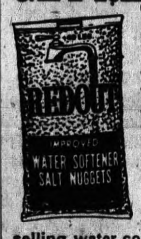

The 40th day of the 54-day tournament at University Lanes is scheduled for today.

Superstars Moving

AFL Scores in New Pro Realignment

(Continued from Page C-1)

Johnny Unitas of Baltimore and Leroy Kelly of Cleveland also will be gone after some years, but for the immediate future, 1970, they are two of the NFL's superstars who will be playing in the AFL, or American Conference, as it probably will be called.

Besides getting these glamor guys, the AFL gets the best home drawing team in pro football—the Browns average about 80,000 a game; the No. 1 attraction, the powerful Colts with Unitas, John Mackey, etc., and a new stadium, Pittsburgh's Three Rivers Satdium, with a 53,000 capacity.

GET INDEMNITY

In return, each of the three teams will get somewehre from $2 million to $3 million as indemnity for moving to be subsidized by the remaining NFL clubs; owner Carroll Rosenloom gets a permanent crack at the Jets, and the Steelers get a chance for a fresh start after 36 nonchampionship years in the NFL.

★ ★ ★

"One of the big things, as far as we're concerned," Rosenbloom said, "is that Baltimore has a natural rivalry now and for what we think will be a long time with the Jets. They beat us, and this is the only way we can get back."

The Steelers are one of the oldest NFL teams, having entered the league in 1933, and their owner, Art Rooney, is one of the best-liked men in the game.

"It's hard for him emotionally to accept that he's leaving the National Conference," said his son, Dan, the team's vice president. "But it's one league, and we're just playing in the American Conference."

As expected, the three teams began getting reaction from their fans immediately.

"I'm kind of disappointed because I don't think the quality of the games will be as good," said Bob Walters of Pittsburgh, who has watched the Steelers struggle to a 40-66-6 record in the eight years he has been a season ticket-holder.

"The Browns were knifed in the back by the NFL and Pete Rozelle," said Robert Crowed of Brookpark, Ohio. Added Nathaniel Flynt of Cleveland, "I think it stinks." "Is there any way it can be rescinded?" asked Roger Hedberg of Cleveland.

★ ★ ★

But the only thing Modell would like to rescind now is the fatigue he suffered through the 36 hours the owners negotiated without stopping Friday and Saturday.

★ ★ ★

"I violated the doctors' orders and was in touch with the meeting almost all around the clock," he said. "Rooney, Rosenbloom and others came to discuss things during breaks, I was on the phone constantly.

"In fact, the phone was ringing so much the woman in the next room wanted to move to another hospital or have me move to another hospital." But Modell only moved to another league.

NEW YORK (AP) — Here is the alignment of professional football's new American Conference agreed upon Saturday night and to take effect in 1970.
Division I—Cleveland, Cincinnati, Houston and Pittsburgh.
Division II—Baltimore, Buffalo, Boston, Miami and the New York Jets.
Division III—Denver, Oakland, San Diego and Kansas City.

Grid Shift Gets Rams Out of QB's Hair

DETROIT (UPI) — Earl Morrall, quarterback for the Baltimore Colts, sees one good thing coming out of the realignment of the American and National Football leagues:

"We don't have to face the Los Angeles Rams twice a year."

Baltimore went 11-1-2 two seasons ago but Los Angeles tied them and went on in the NFL playoffs by virtue of more points in the team's two games. Last season the Colts, finished barely in front of the Rams as Morrall was the top league passer.

BIGGER THINGS

"Naturally, you hate to shift out of the league you've been in for 13 years," said Morrall, who came out of Michigan State to wander around the NFL before striking stardom with the Colts when Johnny Unitas was hurt.

"But changes are for the best . . . we're looking for bigger and better things."

★ ★ ★

Baltimore was placed in the American conference along with the Cleveland Browns and Pittsburgh Steelers. The Colts are in the same division with the New York Jets, Boston Patriots, Buffalo Bills and Miami Dolphins.

"That'll be good," Morrall said about the prospect of facing Baltimore's conqueror — New York — in last season's Super Bowl. "We'll be looking forward to facing them twice a year.

"Of course, we hope to see them again in the Super Bowl.

"At this stage the realignment is a year away yet," he said. "Le'll just have to take it as it comes."

Peaches Wins Net Title

'Consolidating Gains'

Stock Market Moves Lower

NEW YORK (AP) — The stock market moved lower in moderately active trading this afternoon, with brokers reporting that it apparently was consolidating the gains it made in its recent sharp advance.

The Dow Jones industrial average at noon was off 6.01 at 955.60.

★ ★ ★

Losses led gains by about 175 issues.

Brokers said the market apparently was resuming the consolidation phase that got under way last week.

"The market has been somewhat overextended on the upside following its recent sharp advance," an analyst said, "and the profit-taking which hit it periodically last week seems to have begun again."

CAUTIOUS STANCE

Some investors also were maintaining a cautious stance, brokers said, while waiting to hear what President Nixon says Wednesday night when he is to address the nation on Vietnam peace prospects as he sees them. Reports said there was no indication of any major breakthrough in this direction.

★ ★ ★

The Associated Press average of 60 stocks at noon was off 1.2 at 339.9, with industrials off 2.9, rails unchanged, and utilities, off .3. Conglomerates had a lower tone, with Glen Alden off 1 at 13⅝. Steels and aircrafts were lower. Among electronics, Zenith was off 1⅜. Motors and utilities were mixed.

Asamera Oil was the most active issue on the American Stock Exchange, off 3 at 35½.

Police Report Abuse in Quelling Fight

Two Pontiac policemen claimed they were pushed and kicked while they were attempting to break up a fight at the Hayes Jones Center, 235 Wessen, about 1 a.m. today.

★ ★ ★

Patrolmen William Bookie and Michael J. Pender said they were kicked from behind in a crowd of 100 people while trying to breakup an apparent fight at the center. They were not injured.

★ ★

They were called to the center to investigate a stabbing. A young girl is a suspect in the stabbing of Eddie Black, 18, of 409 Branch in the left shoulder. Black was treated at Pontiac General Hospital and released.

Gunman Robs Three Golfers

Three men were robbed while playing golf at the Municipal Golf Course yesterday afternoon. There were two separate robberies by the same suspect, police said.

Taken was $31 in cash and a watch.

★ ★ ★

The suspect reportedly pulled a pistol on two men on the eighth hole and a single man at the third hole. Both thefts occurred about 6:15 p.m.

The suspect was last seen fleeing toward the Miracle Mile shopping center, police said.

★ ★ ★

Another armed robbery was reported at the B & J Gulf station at 684 N. East Blvd. where $115 was taken from the attendant by two men who overpowered and beat the victim.

Direct primaries to nominate candidates began in the South but Wisconsin in 1903 was the first state to enact statewide primary laws.

High-Accident Corners Eyed

Intersection Study Grant Is Announced

Will the State Highway Department ever be able to eliminate high-accident intersections?

It may, if a study funded by an $11,500 federal grant, bears fruit.

★ ★ ★

The grant and the project were announced by Gov. William G. Milliken. The Office of Highway Safety Planning secured the funds and the Michigan Department of State Highways will conduct the study, Milliken said.

★ ★ ★

At the present time, the only method of identifying the degree of traffic hazard at a highway intersection is by examining the accident record over a two or three-year period.

GM TECHNIQUE

The new project hopes to use a method of hazard detection developed by General Motors Technical Center, Warren. With the GM technique, driver errors or actions that could cause accidents at intersections are observed and recorded for a number of hours and then correlated to the condition of the highway and traffic flow.

★ ★ ★

The project will be conducted in two phases, each of a one-year duration. The grant covers half the anticipated first-year costs of the project. A matching amount is to be made available by the Michigan Motor Vehicle Fund.

★ ★ ★

Highway officials hope to use results of the program as a tool for establishing highway improvement priorities and eliminating hazards before accidents occur.

Locoweed and certain other plants are poisonous to man and animals because they contain toxic forms of alkaloids.

Bids for Six Road Jobs in County OK'd

The State Highway Department has announced low bidders on 40 highway construction and maintenance projects, including six in Oakland County. Total cost is $30.45 million.

This was the second highest bid-letting in department history, officials said. It was topped only by the $42 million in contracts let in December 1960, when bids were taken for six freeways.

★ ★ ★

Oakland County projects and successful bidders included:

●● Grading and drainage structures and dual pavement on 1.2 miles of U.S. 24 (Telegraph Road) between north of 14 Mile and north of 15 Mile, Anderson & Ruzzin, New Baltimore, $1.7 million.

● Paving on four miles of southbound U.S. 10 (Woodward Avenue) in Roayl Oak, Huntington Woods, Pleasant Ridge and Ferndale, A & A Asphalt Paving Co., Birmingham, $1 million.

● Construction of turning lanes and widening and paving on M24 at Drahner Road in Oxford Township, Edward R. EWhite Co., Berkley, $38,059.-

★ ★ ★

The bid lettings also included two roadside mowing jobs at the went end of the county for a total of $8,000 and paving of the Highways garage at I-696 and U.S. 24 in Southfield. Low bidder on the latter project was Detroit Concrete Products Corp., Novi, $24,697.

Draft 5-1-69

ORDINANCE NO. 1599

AN ORDINANCE DEFINING GARBAGE, RUBBISH, WASTE MATTER, REFUSE, AND DISPOSAL SITE: PROVIDING FOR THE REGULATIONS FOR KEEPING, GATHERING, RECEIVING, AND LICENSING THE DISPOSAL THEREOF BY THE CITY OF PONTIAC; PROVIDING PENALTIES FOR VIOLATION OF THIS ORDINANCE; AND REPEALING ORDINANCE NO. 797 AND ALL OTHER ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT HEREWITH.

Adopted: May 6, 1969
Effective: May 16,1969

THE CITY OF PONTIAC ORDAINS:

Section 1. Definitions:

1.1 The word "Garbage" as used in the Ordinance shall mean putrescible animal, fish, fowl, fruit, and vegetable wastes resulting from the storage, handling, preparation, cooking, or consumption thereof.

1.2 The word "Rubbish" as used in this Ordinance shall mean nonputrescible solid wastes, consisting of both combustible and noncombustible wastes, such as ashes, paper, wrappings, cigarettes, cardboard, tin cans, yard clippings, leaves, wood, glass, bedding, crockery and similar materials.

1.3 The term "Waste Matter" as used in this Ordinance shall mean tree stumps and tree branches over one inch in diameter; construction materials such as stones, bricks, plaster, lumber, shingles, concrete, sand, gravel, and earth; old car bodies, or large parts of car bodies; dangerous materials which are radio-active, highly inflammable, acid, caustic, or explosive, excrement; dead animals; and other similar items which are impractical for the City to collect or dispose of their excess weight, volume, or dangerous nature.

1.4 The word "Refuse" as used in this Ordinance shall mean garbage and rubbish, as defined in this ordinance, in combination.

1.5 The term "Disposal Site" as used in this Ordinance shall mean any location designated by the City of Pontiac, within its boundaries, as the place where garbage, rubbish, refuse and certain waste matter shall be delivered for disposal.

Section 2. Refuse Accumulation:

2.1 It shall be the duty of any owner, agent, lessee, tenant, or occupant of any house, building, or apartment, where refuse is generated to provide water-tight containers, no less than 10 or more than 20 gallons in capacity and constructed of galvanized steel, plastic, or other non-rusting materials as approved by the Director of Public Works and Services, and equipped with tight-fitting covers, in sufficient numbers for the proper storage of refuse on the premises for one week; provided, however, the Director of Public Works and Services may authorize and approve for use, containers of larger capacity in the case of multiple family dwellings and/or commercial establishments. The refuse containers shall be maintained by the user in a good, clean, and sanitary condition.

2.2 All refuse shall be prepared for collection in accordance with regulations issued by the Director of Public Works and Services.

Section 3. Collection:

3.1 The City of Pontiac shall make residential refuse and commercial garbage collections from within the limits of dedicated street rights-of-way in accordance with regulations and schedules issued by the Director of Public Works and Services; Provided, however, the Director of Public Works and Services or his duly authorized representative may designate or authorize collections from other locations when in his judgment the public interest may be served, said collections to be made in accord with rules and regulations established by the Director of Public Works and Services to meet the particular situation.

Waste matter shall not be collected by the City of Pontiac but shall be disposed of by the owner or agent of the owner of such waste matter by a procedure hereinafter described.

3.2 Every person engaged in the commercial collection of garbage, rubbish, waste matter and/or refuse within the City of Pontiac, shall obtain a license from the City Clerk. The fee for such license shall be for all or any part of a year beginning each January 1, and shall be set by the City Commission by resolution.

The application for a license shall contain the names, addresses, types of business to be served by the applicant; and shall be limited to commercial and industrial places of business and shall not include private residences. Changes or additions of the names and places to be served shall be made by filing notice of such change with the City Clerk designating the names, addresses, and types of business added or substituted. The application shall contain such other information as may be required by the Director of Public Works and Services. No license shall be granted until the application therefor has been approved by the Director of Public Works and Services. Such application shall also contain an agreement by the applicant that he will comply with all the terms and conditions of this Ordinance; and his license may be revoked at any time if he should violate any provisions of his application. All vehicles used by commercial collectors shall be equipped and maintained in a manner so as to keep the contents thereof covered and contained within the vehicle at all times while being transported, and shall be operated and maintained in a sanitary manner, and shall be approved by the Director of Public Works and Services or his duly authorized representative prior to the issuance or renewal of the license required hereunder. All commercial collectors shall be responsible for the prevention of spillage from their vehicles of the items collected during the process of loading and transporting, and shall cause their vehicles to be available for inspection by the Director of Public Works and Services or his duly authorized representative during regular City business hours.

All commercial collectors shall agree, in writing, to hold the City of Pontiac harmless from all claims and legal proceedings related to their operations as a condition that must be compiled with at the time of or prior to the issuance of a license hereunder and shall continue in full force and effect until the termination of said license.

Section 4. Disposal:

4.1 The City of Pontiac shall provide a disposal site which shall be maintained by the City or its agent for the purpose of disposing of garbage, rubbish, refuse and/or certain waste matter, generated within the boundaries of the City of Pontiac, and said disposal site may be used by any private, non-commercial person or licensee hereunder, lawfully transporting garbage, rubbish, refuse and/or certain waste matter collected from within the City of Pontiac.

Through contract arrangements, approved and authorized by the City Commission, the City of Pontiac disposal site may be used for the purpose of disposing of garbage, rubbish, refuse and/or certain waste matter collected outside of the City of Pontiac.

The disposal site shall be used and operated in a manner and during designated hours in accord with regulations, proceedures and schedules established by the Director of Public Works and Services.

4.2 Certain waste matter, such as radio-active, highly inflammable, acid, caustic or explosive materials or waste matter resulting from commercial demolition, or any other waste matter, not approved by the Director of Public Works and Services, will not be accepted at the disposal site.

Section 5. Penalty:

Any person violating any provision of this Ordinance shall, upon conviction thereof, be guilty of a misdemeanor and shall be punished by a fine not exceeding One hundred ($100.00) Dollars, or by imprisonment, for a term not exceeding ninety (90) days, or both, at the discretion of the Court.

Section 6. Validity:

If any section, sub-section, paragraph, sentence, clause or phrase of this Ordinance is, for any reason held to be invalid or unconstitutional, such decision shall not affect the validity or constitutionality of the remaining portions of this ordinance.

Section 7. Repeal:

Ordinance Number 797 entitled, "Garbage and Rubbish Ordinance," passed October 16, 1928, and any other ordinances or parts of ordinances in conflict herewith, are hereby repealed.

Section 8. Effective:

This Ordinance shall take effect ten (10) days from and after its passage by the Commission of the City of Pontiac, Michigan.

Made and passed by the City Commission of the City of Pontiac, this 6th day of May, A.D. 1969.

Exec Named at GM Truck

Robert F. Keller, plant engineer of the Chevrolet Gear and Axle Plant in Buffalo, N.Y., since 1963, has been named general superintendent of plant engineering for GMC Truck and Coach Division in Pontiac.

KELLER

Keller succeeds John E. Gottchalk, 2732 Woodbine, Waterford Township, who was transferred to The Argonaut Realty Division of General Motors in March.

★ ★ ★

A graduate of General Motors Institute, Keller started with Chevrolet as a GMI cooperative student at the Buffalo plant in 1942.

He was advanced to production foreman in 1949 and later to general foreman of maintenance. He was named assistant superintendent of maintenance and plant engineering in 1962.

OFFICIAL NOTICE OF SALE
$1,200,000.00
BLOOMFIELD HILLS SCHOOL DISTRICT
COUNTY OF OAKLAND, MICHIGAN
TAX ANTICIPATION NOTES

Sealed bids for the purchase of the above notes will be received by the undersigned at the Board of Education offices, 4200 Andover Road, Bloomfield Hills, Michigan, until 8:00 o'clock p.m., Eastern Standard Time, on the 20th day of May, 1969, at which time and place they will be publicly opened and read.

The notes will be dated May 1, 1969, will mature May 1, 1970, and will bear interest at a rate or rates not exceeding five per cent (5%) per annum. Both principal and interest will be payable at a bank or trust company qualified under Michigan or federal statutes to act as paying agent, to be designated by the original purchaser, subject to approval by the School District. Form and denomination of the notes shall be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at time of delivery.

The notes shall not be subject to redemption prior to maturity.

For the purpose of awarding the notes, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from June 1, 1969, to their maturity, and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Bloomfield Hills School District, Oakland County, Michigan. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

The loan is in anticipation of the 1969 operating tax due and payable December 1, 1969.

A certified or cashier's check in the amount of two per cent (2%) of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the Board of Education, Bloomfield Hills School District, Oakland County, Michigan, must accompany each bid as a guaranty of good faith on the part of the bidder. Checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, attorneys of Detroit, Michigan, approving the legality of the notes, to be secured at the School District's expense. The School District will furnish notes ready for execution at its expense. Notes will be delivered at Detroit, Michigan. The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Notes."

A Look at TV

'Mirror' Reflects D.C.

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK — Highlights, sidelights, facts, figures, sights and sounds — all were packed like sardines into Sunday night's NBS special, "Mirror of America."

The hour program was a skillful mixture of armchair tourism and capsuled history of Washington, D.C. It skipped from century to century, event to event, and used all sorts of visual devices. There were the archive pictures, of course. They used drawings to show the burning of Washington by the British; old and very interesting photographs for events of the Civil War period; plus newsreels and television films and tapes. It was all bound together artfully and coherently.

★ ★ ★

The program's thesis was that the city is every American's second city—his first being his birthplace and that it reflects like no other place, the mood and temper of the nation.

"Its major industry is politics," said narrator Burgess Meredith, "its principal product, history."

TOURISM

And its second biggest business is tourists—16 million a year. It showed an assortment of them as well as the places they visit—the memorial buildings to past presidents, the White House and the Capitol.

Occasionally the producers indulged in some interesting film editing to make a point. They showed, for instance, the continuity of government by running film showing presidents from Roosevelt to Nixon, a few seconds of each, taking the oath of office, so that the oath from beginning to end came in an assortment of voices.

★ ★ ★

America's involvement in war was shown by victory marches in the city from the end of the Civil War to the end of World War II. There were also scenes of Coxey's army, the bonus marchers and the 1963 March on Washington.

It was a well-conceived, professionally executed program. One may logically wonder why NBC in this season of reruns, could not have found an early evening hour for the broadcast. It was the sort of thing that should have had a big audience of teens and preteens.

CASUAL, BEGUILING

Rod McKuen's casual and beguiling performing style was on view in a half-hour NBC special, "The Loner," Saturday night. It was an intimate solo performance of his own work by the husky-voiced poet, and since poetry readings are about as rare as bullfights on television, it had a charm of its own.

"Hidden Faces," an NBC soap opera that started earlier this season, will be dropped—poor ratings—at the end of June. It will be replaced by "You're Putting Me On," another of those game shows using celebrities and studio contestants.

More Blacks Get Star Billing

By RICK DU BROW

HOLLYWOOD (UPI) — It was not too many seasons ago that Bill Cosby became the first Negro to emerge a television idol by starring successfully in his own network series, NBC-TV's "I Spy."

And, actually, you couldn't say he was the sole star because he and Robert Culp shared the billing.

This past season, in fact, was the first in which a black performer triumphed singularly as star of a video series, and that was Diahann Carroll in NBC-TV's "Julia." And of course she was — and is — a great popular hit.

Come next season, the changing times will be more obvious than ever on the home screen when four regular, weekly television series appear with Negroes as the principal headliners.

SHE'LL RETURN

"Julia," of course, will be returning — with Miss Carroll continuing to portray the widow of a serviceman killed in Vietnam, a working mother with a young son.

Cosby, meanwhile, will return to NBC-TV for his weekly outings. His program will be called "The Bill Cosby Show," and he willl portray a physical education teacher in a high school. Quite obviously, the half-hour entry will be a situation comedy with attempts to offer human touches.

★ ★ ★

ABC-TV will also offer a half-hour comedy-drama about a black high school teacher. This one is called "Room 222," and Lloyd Hanes will play a teacher of American history.

In view of the current furor over black studies programs on the nation's campuses, and the controversy over how Negro achievements have been treated in the teaching of American history, this series is going to find itself scrutinized very carefully if it gets into textbook subject matter.

The fourth series this fall that will star a black performer is CBS-TV's Leslie Uggams show, which only recently was added to the network's roster because of the cancellation of the Smothers Brothers program. Miss Uggams will have a weekly hour of variety entertainment: music and comedy.

In addition to these four series, viewers can also expect a steady steepping up of shows that feature Negroes in key roles. And, of course, there are the series such as NBC-TV's "Laugh-In" and ABC-TV's "The Mod Squad" which already have black performers as regulars in significant recurring parts.

★ ★ ★

A cynic might observe that none of the four series next season that star Negroes will present them in which might be termed wholly realistic situations representative of the black race in general.

That is, two of the four shows are about high school teachers, and undoubtedly will emphasize a good deal of light material. Miss Uggams, meanwhile, will be a musical comedy star. And Miss Carroll is a lady who lives quite luxuriously in her series despite her normal means.

CHIEF SIGNIFICANCE

On the other hand, the more realistic observation about these four series is that their chief significance is simply that they are on — and that blacks do star in them. For they will surely be no less representative of the black race as a whole than many other series on the networks are nontypical of the white race.

If the majority leads the way, as it usually does on television, realism will be more recurrent in Negro-oriented series when it becomes an integral part of the white-dominated shows as well.

Detroiter Aboard Ill-Fated Bomber

SPOKANE, Wash. (AP)—M. Sgt. Harold B. Deel, 39, of Detroit, has been identified as the gunner of the B52 Stratofortress bomber which crashed into the Pacific Ocean on takeoff from Anderson Air Force Base at Guam.

Five other crew members from Fairchild AFB in Washington were reported missing following the crash Saturday.

A spokesman for the Strategic Air Command said the plane, loaded with 750- and 500-pound bombs, was starting on a strike against targets in South Vietnam.

Movie Beauty Writes Earl About Boyfriend's Rascality

By EARL WILSON

NEW YORK—A well-known movie beauty has written me a sad letter saying she found "what a phony my former boyfriend is."

Their engagement was announced. They got a license . . . and considerable publicity about it.

"Then I learned more about him," her letter says. "He was using me. He stuck me with hotel and restaurant bills. Not only that, he beat me up."

WILSON

Her letter just alerts me to the fact that, although women are supposed to have become wiser since their liberation, there are many who are still allowing men to live off of them. Curiously, the women taken advantage of by male phonys are very often the most beautiful gals around. Which will make all the plain girls say, "Sure, beautiful but dumb. We always knew that."

Dustin Hoffman ("The Graduate") set out to keep his marriage a secret and succeeded. He and Anne Byrne are in hiding here, honeymooning, after a small wedding in a Chappaqua synagague.

★ ★ ★

After a reception at the bride's parents' home, they eluded the fan magazines and made their way to a Manhattan sneakaway. Hoffman's parents came in from L.A. Hoffman, 31, and his 25-year-old bride, a former ballerina, plan a longer honeymoon later.

THE MIDNIGHT EARL . . .

Barbra Streisand's dating **Charles Evans**, handsome textilionaire brother of **Bob Evans**, head of Paramount Pictures . . . **Robin Moore's** book, "The French Connection," about the drug traffic here, may cause the assassination of a huge narcotics huckster because it reveals that he "voluntarily" testified before a Grand Jury.

One of the rare visitors to **Howard Hughes'** Las Vegas penthouse reportedly was ex-film star **Richard Arlen,** a couple of weeks ago . . . Restaurateur **Joe Kipness** sold Kippy's and (with **Irving Karter**) bought out his former partner **Arthur Schindler** in Hawaii Kai.

TODAY'S BEST LAUGH: Bob Hope's Chrysler sponsors asked if he'd entertain our fighting men next Christmas. "Only," said Bob, "if they let me on the campus."

WISH I'D SAID THAT: Joe E. Lewis told Vince Lombardi at Toots Shor's birthday drinkathon, "Don't mind Toots. He may be loud and rude but in spite of that he's very annoying."

REMEMBERED QUOTE: "Universities are full of knowledge, Freshmen bring a little in, seniors take none away, so knowledge accumulates." —Abbot Lawrence Lowell.

EARL'S PEARLS: Jim Woelm of Minneapolis wasn't very proud of his job: "I was the only employe paid from petty cash and I had to go on unemployment to get a raise."

Sargio Franchie says his filming of "Secret of Santa Vittoria" lasted months: "I began with a bedroom scene with Virna Lisi. Well, that took care of June and July . . ." . . . That's earl, brother.

Rocky to Get Look at Central America Disparity

MEXICO CITY (AP) — Gov. Nelson A. Rockefeller gets an intimate look this week at Central America's two faces on the first leg of his policy-searching mission for President Nixon.

Mexico, Latin America's brighter side, spent $2 billion abroad last year—mostly on capital goods—to fuel a swiftly expanding economy that still isn't big enough for its 50 million people.

★ ★ ★

Underdeveloped Central America makes up the shabbier face. The six minuscule nations are trying, with a measure of success, to make the long leap from the burro era to the jet age.

The New York governor began an eight-day, seven-nation swing here Sunday. He's spending 48 hours in the Mexican capital, then will fly Tuesday to Central America.

20-MAN TEAM

He and a 20-man team will talk to government, business and political leaders, and possibly student groups, in the quest for a new policy the Nixon administration can apply in its future relations with Latin America.

There's sharp interest here, much of it centering on Mexico's endemic trade deficits with the United States.

★ ★ ★

The United States' fifth best customer in the world, Mexico purchased $1.23 billion of American goods last year while selling only $707 million.

Actually, over-all business between the two countries in 1968 nearly came out even. Mexico made $1.14 billion on tourism and border business while spending $627 million on the same categories. The next $500 million in profit nearly balanced out the $528-million trade deficit. Tourism and border trade figures seldom are cited in Mexican statistics relating to U.S. trade.

SIGNS OF PROTECTIONISM

Mexican anxiety with U.S. dealings has been aroused largely by signs of protectionist policies in Washington to curb unfavorable commercial balances draining U.S. gold reserves.

Exporters of produce from Mexico were hurt early this year by import restrictions on certain kinds of tomatoes. Border transactions sharply declined several years ago when liquor and cigarette imports by tourists were curtailed.

★ ★ ★

Guillermo Briones, president of the National Association of Importers and Exporters, says his group will ask Rockefeller to (1) define Washington's policy concerning Mexican exports of tomatoes, cotton, coffee, sugar; (2) say if there's a possibility the United States will reduce its import tariffs on Mexican-manufactured and semimanufactured goods, and (3) say if the Alliance for Progress will be canceled or continued.

Briones said that in the event Washington wants to discontinue the alliance—"as conjectured because of the Nixon administration's opposition to it"—the government will be asked to summon a hemisphere foreign ministers' conference to request that the United States formally announce "the liquidation of the obligations assumed 10 years ago at Punta del Este."

COOPERATION

The Alliance for Progress, a State Department idea endorsed by Latin-American nations at Punta del Este, Uruguay, established the bases for hemisphere cooperation.

Francisco Cano Escalante, president of the National Confederation of Chambers of Commerce, representing some 650,000 businessmen, says the Rockefeller mission provides an opportunity for the United States to reevaluate its Latin-American relations and place them on a "realistic basis of interdependence."

★ ★ ★

A sixth of all U.S. income for goods and services exported comes from Latin America, Cano Escalante said. Since 1960, he added, Mexico had spent $10 billion in the United States while selling $6 billion there.

In Central America, the Rockefeller mission will visit six countries with a total population smaller than the governor's own New York State.

MANY ILLITERATES

More than half the area's 13 million people are illiterate. The life expectancy in part of the six republics is under 45 years of age.

Some Central Americans do their washing in modern automatic laundries but most do it in riverbeds or in the lakes at the bottom of extinct volcanoes.

★ ★ ★

Central Americans are slowly inching out of their backwardness, however. The main vehicle for this is the Central-American common market through which the countries are moving toward economic integration. The obstacles have been more political than economic thus far.

U.S. aid has been instrumental in getting the common market off the ground and in shoring up the more anemic economies. Between 1961 and 1967, the United States poured into the area, in direct and indirect loans, a total of $482 million.

As in Mexico and the rest of the hemisphere, Central-American businessmen are concerned with what they regard as "negative aspects" of U.S. investment.

They would like to see U.S. investors "supplement but not dominate" local capital. Through mixed capital venture, Latin Americans hope to correct growing commercial payments imbalances by reducing remittances abroad of profits.

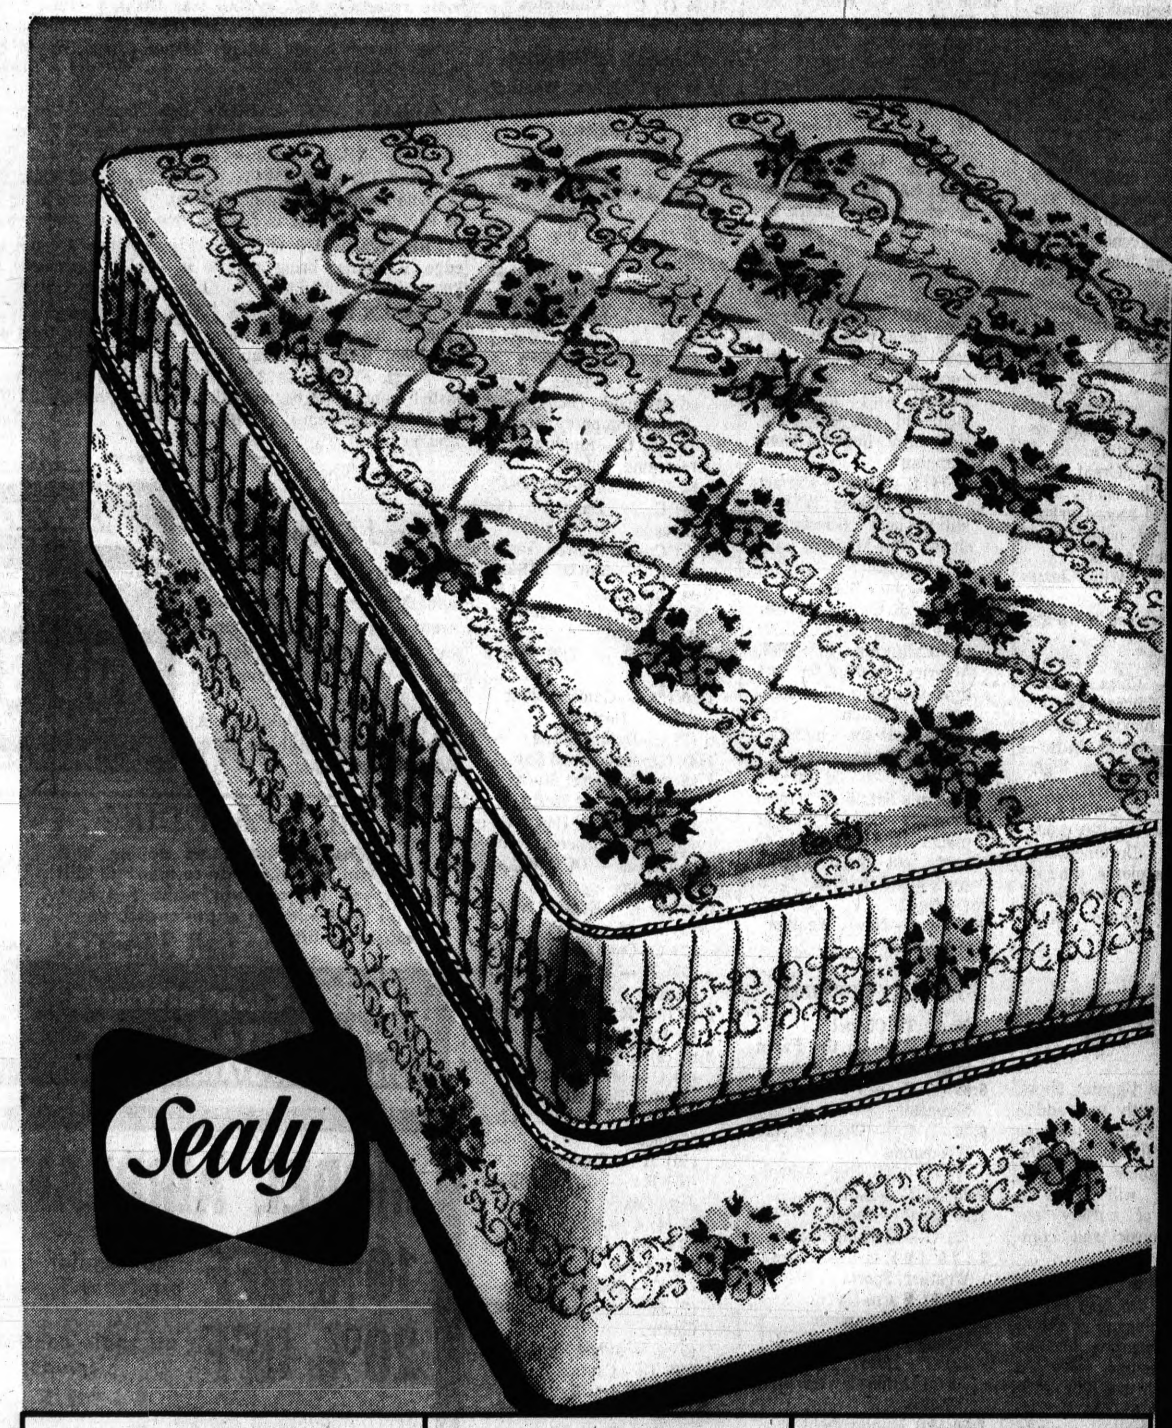

★ ★ ★

This is expected to be one of the key topics the Rockefeller mission hears. U.S. investments in Latin America are estimated to total $12 billion—and are increasing.

Taxpayer Rebellion Is in Full Swing Across Nation

ONE COLOR MAKE OVER PAGES

By The Associated Press

Another mass protest — this one featuring the middle-class, middle-income and middle-aged — is now in full swing.

An Associated Press survey turned up signs of taxpayer resistance in state after state.

Example:

Gov. Raymond P. Shafer of Pennsylvania stumped across his state pleading for establishment of a state income tax to help balance a proposed $2.52 billion budget.

However, in Harrisburg, Shafer was presented a suitcase filled with the names of 50,000 voters opposing the proposed state income tax.

In Georgia, Gov. Lester Maddox ran into trouble with the legislature, which refused to approve major tax hike proposals resulting from the governor's $1.1-billion budget.

In one week, Ohioans voted on 117 local school tax issues and rejected nearly 55 per cent of them.

In New York City's suburbs, voters have rejcted 34 out of 55 school budgets so far this year.

In Garden City in Long Island, voters reejcted the school budget for the first time in history.

In Great Neck, N.Y., voters rejected a $22.2-million budget and elected two school trustees militantly opposed to busing Negro students in from New York City.

Voters turned out in greater numbers than ever before in Mahtomedi, Minn., a suburb of St. Paul, to turn down bond issues for a new senior high school and swimming pool. It was the first time a bond issue ever was rejected in the community.

Two antitax leagues have been formed in Pennsylvania.

One of them, the Jefferson County Taxpayers League, is seeking injunctions to halt a $1.7-million addition to the Punxsutawney High School and a $2.3-million school expansion at Brookville.

The San Diego, Calif., Unified School District lost its first bond election in 30 years with the defeat March 13 of a $91.3-million measure intended to finance, among other things, improvement of school buildings declared unsafe in the event of an earthquake.

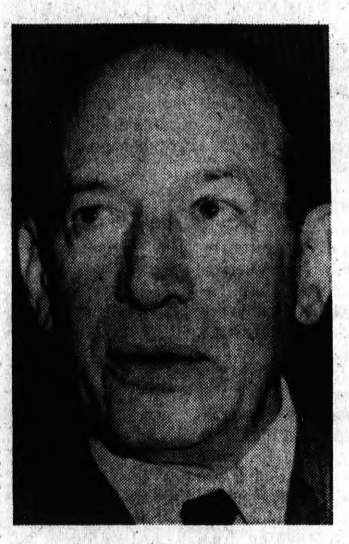

Los Angeles voters roundly refused to pass three school propositions.

ABE FORTAS

'Nixon Presses Fortas to Quit'

From Our News Wires

NEW YORK — President Nixon is putting pressure on Supreme Court Justice Abe Fortas to resign because of undisclosed new information about his association with convicted stock manipulator Louis E. Wolfson, Newsweek magazine said today.

In its current issue, Newsweek says Nixon secretly sent Atty. Gen. John Mitchell to see Chief Justice Earl Warren last week in hopes of getting him to help persuade Fortas to resign.

★ ★ ★

White House press secretary Ronald Ziegler, asked about the report that Mitchell had talked to Warren, said, "No information I have. . would indicate that would be the case."

Rep. H. R. Gross, R-Iowa, said yesterday he has prepared articles of impeachment against Fortas and will present them in the House unless the justice resigns in a "reasonable time." He did not say what he views as a reasonable time.

'MALFESANCE, MISCONDUCT'

Gross said his resolution accuses Fortas of malfeasance, misconduct and impropriety, based largely on the fee from the Wolfson foundation.

A few hours before Gross' statement, Sen. Walter F. Mondale of Minnesota became the first Democratic senator to say publicly that Fortas should resign.

★ ★ ★

At a news conference in Minneapolis, Mondale called the situation a national tragedy and said he was acting "because no one else seemed willing to do it."

Newsweek also said President Nixon discussed Fortas at the regular White House strategy session last week, urging party leaders "not to involve this matter in partisanship" and expressing hope that no one would rush toward impeachment.

'IT'S HIS AFFAIR'

Rep. Gerald R. Ford of Michigan, the House Republican leader, said yesterday the impeachment move in Gross' affair alone and the GOP leadership has neither taken a position on the matter nor considered taking one.

Newsweek said Nixon sent Mitchell on his mission after the president had told Ford it would be "improper" to start impeachment proceedings.

If the House were to approve impeachment articles by a majority vote, the Senate would sit as a trial court with a two-thirds majority of those voting required for conviction and removal from office.

Rep. Emanuel Celler, D-N.Y., said Sunday Fortas should give "some further explanation" of his involvement with Wolfson. Celler is chairman of the House Judiciary Committee, which would have to act on impeachment proceedings.

Newsweek expressed some doubt about the effectiveness of the Mitchell approach.

Car Kills One, Injures 12 at State Speedway

CAMBRIDGE JUNTION (AP) — A racing sedan spun into a crowd of spectators, killing a Lansing auto official and injuring 12 persons yesterday at the Michigan International Speedway.

Durward Fletcher, 43, an American Motors Corp. official, died at Foote Hospital in Jackson shortly after the mishap.

Fletcher's wife, Lorna, 48, was listed in fair condition at the hospital. She suffered lacerations of both legs and possible rib and head injuries. Officials said that two daughters of the Fletchers also were attending the race but escaped injury.

Nine of the 12 injured were treated at hospitals in Jackson and Ann Arbor. The other three were treated at an infield infirmary at the speedway.

Related Story, Picture, Page C-1

The race continued after the smashup, and Parnelli Jones, former Indianapolis winner, was awarded the victor late last night after a recheck of the scoring. Officials at first gave Mark Donohue of Media, Pa., the checkered flag in the four-hour Wolverine Trans-American Sedan event.

Officials said one of the injured was in critical condition. He was identified as Dean Yinger, 12, of Livonia, suffering a compound leg fracture and possible pelvic and internal injuries.

Pound, Dollar Bounce Back

LONDON (AP) The pound and the dollar, embattled throughout last week's speculative rush to buy West German marks, recovered in tense money markets today as central bankers mounted a big squeeze against the speculators.

But there was little sign of a rush to convert deutschemarks back into dollars, pounds, French francs or any of the other beleaguered currencies.

★ ★ ★

The pound jumped nearly half a cent in London to $2.38735, against Friday's floor-level closing at $2.3825.

★ ★ ★

The dollar snapped back to four marks in Zurich, from Friday's 3.915, but declined from 4.33 Swiss francs Friday to 4.3185 at today's opening. The deutschemark also dropped sharply, from 110-110.50 Swiss francs for 100 marks to 107.75108.

TECHNICAL REACTIONS

But dealers in all markets called these technical reactions and said business was small.

★ ★ ★

Investors and speculators appeared to be waiting to see the effect of the measures taken by the central bankers to "recycle" speculative money back to its countries of origin.

★ ★ ★

The chiefs of the non-Communist world's 11 leading central banks spent most of their monthly meeting in Basel trying to figure out how best to return to circulation an estimated $5 billion which speculators poured into West Germany in anticipation that the mark would be revalued.

★ ★ ★

In a three-paragraph statement at the end of the meetings early today, the bankers said they have been working on the "recycling" plan for months. Part of it includes short-term loans to such countries as France and Britain of the money they lost to Germany.

Reds Launch Massive Assault

From Our News Wires

SAIGON — Enemy troops raked 159 allied military positions and towns with rockets and mortars during the night and into today in the largest number of attacks in a 24-hour period since the Tet offensive of February 1968.

U.S. military sources said they considered the heavy round of attacks a "prelude" to the new summer offensive. They said they expected the main blow to fall later this month, possibly around May 19, Ho Chi Minh's birthday.

★ ★ ★

Rested and with new supplies, Communist soldiers had been reported moving into position for another offensive, this one with Saigon as its major target.

The overnight attacks may have been a screening move to allow regional and local force units to move into position for an attack on the capital, the sources said.

WOULD TIE DOWN TROOPS

They said they believed local force and regional Communist units would be used in an attempt to attack Saigon, while regular Communist units would have the task of tying down allied troops guarding infiltration corridors that lead from Cambodia toward Saigon.

The attacks were followed by infantry strikes, with the heaviest fighting centered northwest of Saigon, near the Cambodian border, and south of Da Nang, South Vietnam's second largest city.

'300 REDS KILLED'

First reports, still incomplete, listed more than 300 North Vietnamese and Vietcong soldiers killed in ground fighting. U.S. casualties were put at 17 killed and 136 wounded in the ground fighting alone.

The U.S. Command did not disclose casualties from the rocket and mortar attacks, but headquarters said over-all casualties and damage to the American side were light.

★ ★ ★

Far from complete South Vietnamese reports listed 11 government soldiers killed and 73 wounded.

The North Vietnamese 1st Division mounted the heaviest attacks of the night against the U.S. 1st Air Cavalry Division in War Zone C bordering Cambodia northwest of Saigon.

North Vietnamese troops from the 1st Division slammed more than 500 rounds of rockets and mortars into three U.S. 1st Air Cavalry Division bases blocking the northwesterly approaches into Saigon.

Nixon Confers With Abrams

WASHINGTON — President Nixon conferred today with the U.S. military commander in Vietnam, Gen. Creighton Abrams, and will address the nation Wednesday night on prospects of peace as he sees them.

There was no indication of any major breakthrough in this direction.

★ ★ ★

Abrams flew in from Vietnam yesterday and is returning this afternoon.

This morning he met with Nixon, Secretary of Defense Melvin R. Laird, Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, and the President's national security adviser, Henry A. Kissinger.

REVIEW OF SITUATION

White House press secretary Ronald L. Ziegler said this first meeting between the President and the top U.S. military man in Vietnam was a review of the situation there, with three factors uppermost.

Nxixon sought Abrams' views on enemy military activity, including the possibility of new offensive actions.

★ ★ ★

He wanted information on the state of training of the South Vietnam army.

And he wanted to discuss the level of U.S. forces in Vietnam.

FORCE-LEVEL DECISIONS

On the latter point, Ziegler said he wanted to emphasize that any decision on force levels will be made on the basis of the three criteria he said Nixon has mentioned on numerous occasions:

- "The ability of the South Vietnamese to defend themselves in the areas we now are defending them.

★ ★ ★

- "Progress of the Paris talks.
- "The level of enemy activity."

Dead are Mrs. Burhl DeGarmo, 41, of 2685 Engelman and William E. Schatow.

Mrs. DeGarmo was killed about 3:35 p.m. Saturday in Waterford Township when a car driven by her husband collided with one driven by Angela L. Cook, 22, of 2526 Grandview, also Waterford.

★ ★ ★

The mishap occurred when DeGarmo attempted a turn off M59 onto Pontiac Lake Road in the path of the oncoming Cook vehicle, township police said. They believe DeGarmo failed to yield the right-of-way.

DEAD ON ARRIVAL

Mrs. DeGarmo was pronounced dead on arrival at Pontiac General Hospital about 4 p.m.

Her husband and three daughters escaped serious injury. They were treated and released according to hospital authorities.

Reported in satisfactory condition is Louise Adams, 48, of the Grandview address. She was a passenger in the Cook car.

Both Mrs. Cook and her 7-month-old daughter, Corynn, were reported treated and released.

PONTIAC TWP. CRASH

Schatow was killed shortly after midnight yesterday at South Lapeer and Bald Mountain roads in Pontiac Township.

Oakland County sheriff's deputies said the youth apparently failed to yield the right-of-way to a car driven by Eldon L. Jones, 27, of 25 Matthews.

★ ★ ★

Neal Rice, 16, of Warren, a passenger with Schatow, is reported in fair condition in Pontiac General Hospital. Jones, a passenger from his car and two other passengers with Schatow all were treated at Pontiac General and released.

Angler Drowns in Boat Mishap

One fisherman drowned and another was rescued after their boat overturned in a Springfield Township lake Saturday afternoon.

The body of Lewis E. Yager, 72, of Hamtramck was found in Eliza Lake about three hours after the nine-foot aluminum boat overturned.

Francis S. Kucmierz, 67, of Detroit, who was rescued, told Oakland County sheriff's deputies they hung onto the side of the boat and screamed for help for at least 30 minutes before Yager started coughing and let go.

★ ★ ★

Two men heard the calls for help and rowed out from opposite sides of the lake and rescued Kucmierz, who was given oxygen and treated at Pontiac's St. Joseph Mercy Hospital and released.

★ ★ ★

The men who rowed out to help Kucmierz were William Lantz of Livonia and Ken Van Natta, who lives near the lake at 9056 Tindall.

Kucmierz told deputies the two were seated in the opposite ends of the boat fishing when the boat started to rock. Kucmierz shifted his weight and the boat rolled over.

Threat of Showers Will End Tonight

Variable cloudiness and the threat of showers will continue to plague the Pontiac area today. Tonight skies will clear and temperatures will remain cool with a chance of light frost. A low of 32 to 35 is expected.

Tomorrow's sunshine will coax the thermometer to climb into the mid-to-high-50s. Outlook for Wednesday calls for more sunshine and mild temperatures.

Probabilities of precipitation in per cent are 30 today and 20 tonight and tomorrow.

Low mercury reading in downtown Pontiac prior to 8 a.m. was 40 degrees.. By 1 p.m. the thermometer registered 51.

Horse Fills In for Street Dept.

PITTSBURGH (UPI) — Ronald Peters has been cited for filling potholes in his street with horse manure.

He said it was his way of protesting alleged delays by officials of nearby Glenfield borough in having the street repaved.

★ ★ ★

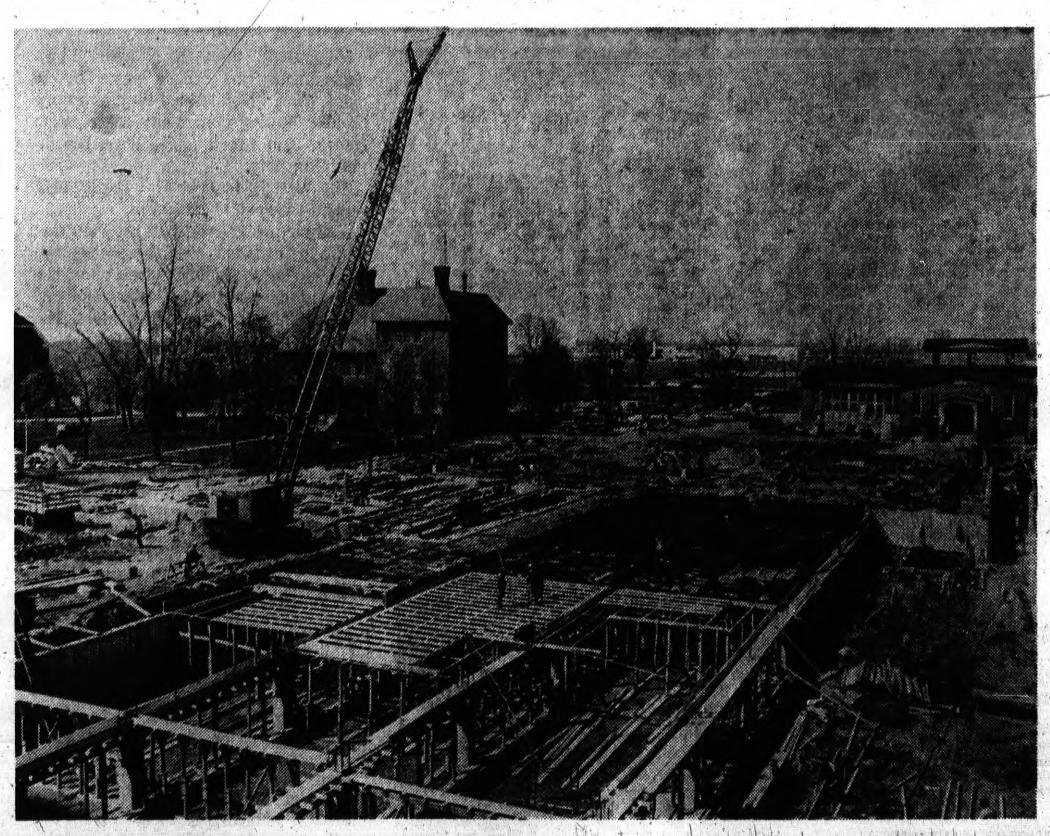

Glenfield Mayor John A. Morley, who issued a summons against Peters, set a hearing for next Friday.

The mayor said the maximum fine for "placing horse manure in holes" is $10.

★ ★ ★

Peters said none of his neighbors objected.

"They say it gives them a pretty smooth ride," he said.

U.S. to Scatter N-Bombers to Cut Threat

WASHINGTON (AP) — The Pentagon plans to scatter the U.S. nuclear bomber fleet over twice the airfields now used to cut the planes' growing vulnerability to a Soviet missile strike, Defense officials say.

★ ★ ★

Under the new plan, to be announced soon, the Air Force will redistribute its 538 B52 and B58 bombers over some 70 American airfields in order to complicate the Soviet targeting problem.

★ ★ ★

Currently the nuclear equipped bomber squadrons of the Strategic Air Command are stationed at 35 bases.

★ ★ ★

The dispersal program is a direct result of the Soviet Union's stepped-up deployment of submarines which could launch nuclear missiles while submerged 1,500 miles from U.S. shores and its development of a fractional orbital bombardment system— FOBS.

CUTS WARNING TIME

Either weapon sharply reduces the amount of warning time which U.S. bombers could get during an attack and raises the possibility that an unacceptable number could be lost on the ground to nuclear bursts.

★ ★ ★

The Nixon administration's Safeguard antiballistic missile program provides for seaward and southward-looking radar to watch for submarine-launched missiles and the depressed-trajectory warheads of the FOBS system being tested by the Soviets.

★ ★ ★

But the radar is not enough of a countermeasure, official say. Too many SAC bases are located near coastlines where they could get at best two or three minutes warning of an approaching missile.

This would not be enough time for starting the engines, getting the planes off the ground and reaching a safe distance from the base before the nuclear burst.

PLAY DOWN THREAT

The ABM reports recently distributed by Sen. Edward M. Kennedy, D-Mass., played down the threat to American bomber bases, saying Navy submarines should be able to handle Soviet Polaris-type vessels approaching U.S. shores.

The report said the Pentagon is making a "far-fetched" set of assumptions:

★ ★ ★

"That the Soviet Union will have a substantial leap of Polaris-type submarines by 1975, that it would be willing to use them for an attack on the United States bomber bases, that the U.S. antisubmarine warfare capability is so poor a large fleet of hostile submarines can come into positions close to U.S. shores without being challanged and that their navigation and command and control capabilities is such that they could carry out such an attack."

Woman Files for Seat on School Board

BIRMINGHAM — Mrs. Elizabeth Renfrew Campbell of 741 N. Shady Hollow Circle, Bloomfield Township, will likely be the lone challenger running against incumbent George A. Schmidt, 945 N. Glenhurst, for a four-year term on the board of education.

Schmidt's expiring term is the only seat on the school board coming up for election this year. Schmidt has served on the board for one term.

★ ★ ★

Mrs. Campbell, who filed as a candidate for the annual June 9 school election Saturday, decided to run "because I have a definite interest in education and believe some changes are necessary in the Birmingham School District."

'Food Plan Fought Where Farmers Are Paid Not to Plant'

WASHINGTON (AP) — The poor in 425 U.S. counties are "deliberately excluded" from federal food programs while farm production is aided by federal subsidies, an Illinois congressman told the House today.

"What makes this practice truly astonishing," said Rep. Paul Findley, a Republican, "is that it is so extensive in the very counties which bar poor people from access to free or low cost food.

"Plainly, the political leadership of these counties finds federal handouts to wealthy farmers something they can live with, but federal handouts to hard-core poor something else."

Findley said it is the "large, wealthy farmers, with sales in excess of $20,000 per year, who receive almost one-half of the $3 billion plus in government payments each year," for curbing production.

TRIED TO BAN AID

He said the national pattern shows that local officials in the 425 counties have tried to keep out federal food aid programs — either food stamps or surplus food distribution.

"Of the non food — aid counties, the one whose farmers received the largest total in federal payments is Lynn County, Tex. with $8,903,000," he said.

★ ★ ★

"This is especially noteworthy," he said, "because Lynn showed a population total of only 10,914 with 2,282—nearly 25 per cent — classified as hard-core poor."

He said Tuscaloosa County, Ala., according to federal poverty standards (a family of four with annual income under $2,200) has a population of 21,000 hard-core poor while 48 farmers in that county get $605,000 in subsidy payments to keep land barren.

99 COUNTIES WITHOUT

A table Findley supplied the House showed that Texas has 99 counties without food aid programs while farmers in the state reap $457,205,685 for curbing production.

Findley proposed legislation last year which would limit the amount of payments to prevent farm production at $20,000 annually. The measure passed in the House but was quietly dropped by a House-Senate conference committee.

Boating Mishap Kills 4 in Family

MUSKEGON (AP)—The bodies of a Kalkaska business executive, his wife and their two children and the wreckage of their 30-foot boat were found scattered along the Lake Michigan shoreline yesterday.

The victims, clad in life jackets, died from drowning or exposure in the cold lake waters, reported Sgt. Harold Clever of the Muskegon County Sheriff's Department.

It was not immediately determined how the boat broke up. The Coast Guard said it was investigating the possibility of a small explosion.

They were identified as Earl Enness, 34, manager of the American Made Veneer Co. plant in Kalkaska; his 33-year-old wife, Marlys and their children, a 6-year-old Allen and 7-year-old Carrie.

Count for Apollo 10 Starts at Midnight

CAPE KENNEDY, Fla. (AP) — The Apollo 10 countdown starts at midnight tonight. If all goes well, three astronauts will be launched on a trail-blazing moon orbit next Sunday.

The mission is to take man within 50,000 feet of the moon. That will pave the way for the Apollo 11 team to attempt a lunar landing in July.

Flying Apollo 10 will be an all-veteran crew: Air Force Col. Thomas P. Stafford and Navy Cmdrs. John W. Young and Eugene A. Cernan. Stafford and Young have made two space trips each and Cernan one.

The countdown will take 93 hours, but it will be spread out over 5½ days. The additional time will be used up in several planned holds to give the crew rest and time to correct any problems which may arise.

ONLY FIVE DAYS

There are only five days this month when the moon is in a favorable position to receive visitors from earth.

If Apollo 10 cannot get off the ground during this period, the launch will have to be postponed until the next opportune interval in mid-June. That could delay the planned July 16 liftoff of Apollo 11 until August.

★ ★ ★

Stafford, who will command Apollo 10, says the flight "is designed to tie together all the knots, to try to sort out all the unknowns and pave the way for a lunar landing mission — do everything exactly as on the landing mission except the final descent to the lunar surface."

Two Men Rob Bar, Patrons

Pontiac police are looking for two men who held up a city bar and eight customers and escaped with $975 in cash and a $50 watch Saturday night.

The holdup men entered the Jet Bar, 714 Woodward, brandishing a sawed-off shotgun and wearing stockings over their heads, witnesses told police.

★ ★ ★

One of the men told the people to lay on the floor and then he went through their pockets, ripped the telephone off the wall and left.

The victims were Ellis Watts, 54, of 310 Central, $85; Rolena Roden, 31, of 56 N. Francis, $165 cash and watch valued at $50; George Harris, 43, of 140 S. Edith, $360.

ROBBERY VICTIMS

Gerald Daugherty, 42, of 53 Bloomfield, $270; Everette James, 54, of 9054 Patrick, Davisburg, nothing; Frank Hecht, 62, of 26 Sherridan, $25 and wallet;

Alex Newman, 40, of 44 Euclid, $40 and $45 certified check; and Victory Luthe, 26, of 17 Hovey, Oxford, $30 and wallet.

★ ★ ★

Both holdup men were Negroes, witnesses said. One they described as about 24 years old, 5 feet 9, 150 pounds and wearing a blue turtle neck sweater, blue pants and a gray coat.

The other was about 24 years old, 5 feet 6, heavy-set and wearing dark clothing. He had a moustache and goatee.

NATIONAL WEATHER — Rain is forecast tonight for parts of Florida, Texas, New Mexico, Arizona, Arkansas, Oklahoma, Missouri, Kansas, Nevada and California. Rain also is predicted for a belt extending from West Virginia and Ohio northeast through New England.

W. Bloomfield Center Burns

Equipment from five area fire departments was needed yesterday to quell a fire which leveled the three-story Middle Straits Community Association center, 3950 Green Lake, West Bloomfield Township.

The West Bloomfield Fire Department recieved the call at 3:25 p.m.

A department spokesman reported that a nearby resident reported seeing two boys leaving the building. Soon after, she added, she heard two explosions and saw fire coming out of a rear window. The building doors were supposed to have been locked.

The loss of the building and contents was estimated at $38,000, according to a fire department spokesman.

The Commerce Township, Walled Lake, Highland Township and White Lake Township fire departments assisted in fighting the fire.

The four-hour fire is still being investigated.

China to Discuss River With Russia

HONG KONG (UPI) — Communist China today said it has accepted a Soviet proposal to discuss navigation on their disputed Ussuri River border, where battles have cost both sides heavy casualties.

Peking Radio said Chinese delegates would attend the meeting of the joint Sino-Soviet River Commission next Monday at Khabarovsk as proposed by the Soviet Union April 26.

City Parts Firm Report Due

A report on three auto-parts firms roundly critized by the City Commission will be ready for today's 8 p.m. commission meeting at City Hall, East Wide Track and East Pike.

Tonight's meeting is a switch from the regular Tuesday night meeting. Commissioners plan to attend a banquet for Pontiac General Hospital employes tomorrow night.

The three parts firms were censured for the unsightly appearance of their properties and the commission withheld approval of their license renewal requests. They are: General, 543 S. Saginaw; M & S, 401 S. Saginaw, and Royal, 1130 University.

Among other items to be considered are proposals for expansion of Pontiac General Hospital.

Mideast Spark Ignites

TEL AVIV (AP) — Another artillery battle raged across the Jordan River early today.

Both sides denied suffering any damage or casualties. But Jordanian forces said they had destroyed an Israeli tank and an observation post and silenced a gun position near the Allenby Bridge.

India-Soviet 'Plot' Seen

TOKYO (AP) — Red China said yesterday the Indian government has been plotting with Moscow and carrying out "incessant provocations" along the Himalayan border. Peking threatened retaliation.

Pentagon Stresses Threat of Soviets

WASHINGTON (UPI) — A Soviet nuclear attack on the United States by 1975 could wipe out perhaps 90 per cent of the U.S. strategic missile force, according to the Pentagon's research chief.

Dr. John S. Foster Jr. made the esimate yesterday — the first time the Pentagon has done so publicly. He said the possibility of such a missile loss is the reason President Nixon wants to build an antiballistic missle (ABM) system to protect the nation's missile installations.

★ ★ ★

The United States has had a land-based force of 1,000 Minutemen and 54 Titan intercontinental ballistic missiles (ICBM) all capable of carrying nuclear warheads across the world. Foster predicted that "fewer than 100" of these ICBMs would survive a Soviet attack by 1975.

Blowing bubbles may seem like child's play, but when it's something that has to be learned all over again, it takes on a more serious note. Mrs. Dan Burman of Keego Harbor blows as volunteer occupational therapist, Margaret Coutts of Whitfield Street, measures today's success.

Volunteer Work Points Out Career

By JEANNE NELSON

Margaret Coutts (Peggy to most) claims to be a typical young adult; but, she is anything but average when it comes to serving others.

There are just not that many 22-year-olds willing to give 40 hours per week to volunteer hospital work. Peggy had been taking a food service course at Oakland Community College until last January when she discovered that this wasn't what she wanted at all.

What to do? Well, there were several choices open, but since her mother works at the Oakland County Sanatorium, she thought doing some volunteer work there would be a good beginning.

★ ★ ★

Now that she has been serving in the hospital therapy department for some time, she would like to switch to a nurses aid program, working with bedded down patients. Her sights are definitely set now on a nursing career.

Two of Peggy's strongest qualities are a good sense of humor and an ever-ready smile.

★ ★ ★

Her interest and talents in arts and crafts and ceramics has added a new dimension to the hospital's program of keeping patients busy and happy by doing. The occupational therapy room is filled with their finished and yet-to-be-finished ceramic pieces.

While dreams of managing a restaurant have fallen by the wayside for the young, blond — everyday practical cooking for the family hasn't.

★ ★ ★

She does all of the cooking at home, including huge holiday dinners. And her carpentry skills aren't minor either, as she and her dad recently built a backporch on her grandmother's home.

★ ★ ★

Still something of a tomboy, Peggy loves to sail, swim and play touch football with the kids on the block.

Average? Not Peggy whose altrustic and happy-go-lucky personality should take her far.

There's lots of activity taking place in and about the cheerful halls and rooms of the Oakland County Sanatorium these days in anticipation of the hospital's open house week no[illegible]

Miss Tuttle is head of the departments of viola and chamber music at Curtis Institute, Philadelphia. Tickets are still available at Hudson's or Grinnells' stores. The afternoon concert begins at 3 p.m.; the evening concerts at at 8:30 p.m.

Edible Gifts for the Hostess Are Unwelcome

By ELIZABETH L. POST
Of The Emily Post Institute

The following letter has been chosen as the prize-winning one for this week. A copy of Emily Post's Etiquette has been sent to the writer.

★ ★ ★

Dear Mrs. Post: When several friends are invited to dinner, what is the rule about descending with edible gifts? Just recently when attending a dinner, three of the guests came with some kind of cake. This is embarrassing to the guests who come empty-handed.

Also, it puts the hostess on the spot since the donors remark that the others should sample their baking. That results in the dessert which she has prepared remaining untouched.

★ ★ ★

This annoys me no end, and has on occasion ruined my dessert plans. I can very well see the desire to bring or send something if a weekend was spent, but not just for a little dinner party.—Mrs. A.D.

★ ★ ★

Dear Mrs. D.: No matter how kind the thought, it is not in good taste, without warning, to take a gift of food to a dinner hostess. It does put her "on the spot" especially if it is a food which should be eaten immediately. Frequenlty the speciality does not fit in at all well with the meal the hostess has planned, and yet she feels she must offer it, or hurt her guests' feelings.

★ ★ ★

There is no need to take a present at all when you are invited to dine, and those who have not done so are often embarrassed by those that do. If you feel you must, I suggest that you send flowers beforehand.

Three-Year Affair Ends Leaving Woman Bitter

By ABIGAIL VAN BUREN

DEAR ABBY: I am a 49-year-old divorcee who had a three-year affair with a married man when he visited my city (twice a month) on business.

Well, all of a sudden his conscience started to bother him so this dirty rat told his wife everything — in detail. He even turned over to his wife all the letters I had written to him, and she sent them to MY mother along with a complete list of hotels and dates I met him in his room.

He tells me that this is the only way he knows to relieve his wife of all the anguish she has suffered because of me, and now he wants to make it up to her and start over again with a clean slate.

★ ★ ★

What about me? I bought him an expensive watch, which his wife soaked in salt water and returned to me—ruined!

Is there any way I can get back at him legally? I have letters from HIM, too. BITTER

DEAR BITTER: If I were you, I'd quit losers.

★ ★ ★

DEAR ABBY: My son got a girl in trouble and they got married, and now they have a wonderful baby boy they both love. They love each other, too, and are very happy together.

The problem is my husband. He refused to go to the wedding when these kids got married, and he wouldn't go to see the baby when it was born. In fact, the baby is nearly a year old, and he still hasn't seen it.

He says, "Those kids will pay for their shame. I want nothing to do with them!" If he sees them on the street he won't even speak to them.

Abby, I know my son did wrong, but I am willing to forgive and forget. My son doesn't know this but his father hasn't led such a clean life that he can cast stones at anyone.

This is breaking my heart. What can I do? HEARTSICK

DEAR HEARTSICK: Don't nag your husband about it. If you haven't been able to make him see how wrong he is for "playing God" and sitting in judgment, ask someone whom your husband respects (a clergyman, perhaps) to talk to him.

A grudge-bearer invariably punishes himself far more than those he hopes to punish.

DEAR ABBY: I know you can't publish every letter you receive, but even though this is a very delicate subject, I hope you will print it, as it contains a very important message for many wives. Perhaps I should be completely honest and confess that it is meant for my own wife whom I cannot bring myself to tell.

Wives write to you by the dozens, complaining that they do not get the physical love they need. Have they ever considered that perhaps there is a reason? I know of no better way to say this than, "feminine hygiene."

Nothing turns a man on quicker than a freshly bathed, sweet smelling woman. And nothing turns him off quicker than one who is not.

I love my wife. She keeps a spotless house, and a man couldn't want a better mother for his children. But she is careless about her person. I realize she is tired, but if she would add 10 minutes to her day by taking a bath, dabbing on a little body powder, and a dash of cologne, she could add years to her love life. Believe me, I know. "TURNED OFF" IN TEXAS

Fredericksburg City Park Named for Lady Bird Now

FREDERICKSBURG, Tex. (AP) Former President Lyndon B. Johnson watched Sunday as residents of this old German community opened a new city park named for his wife.

After presenting several gifts to Lady Bird Johnson at the informal ceremony, Mayor Sidney Henkey confessed there were no presents for her husband.

★ ★ ★

"But since this is the first public occasion we neighbors have had a chance to convey our thanks to you for serving as our president," the mayor went on, "I want to thank you . . .

"You have been the greatest humanitarian president. You brought more to the have-nots than anyone else."

There was a standing ovation for Johnson, who ducked his head and waved a hand.

★ ★ ★

Mrs. Johnson inspected a metal place reading, "Lady Bird Municipal Park," and said, "I am touched by that name."

★ ★ ★

Among her gifts were two from the Grandmothers Club of Fredericksburg—a miniature branding iron for the future ranch of her grandson Lyn Nugent and a handmade dol for granddaughter Lucinda Robb.

MAGICIAN-CLOWN-MINISTER — The Rev. Donald Brewer of Girard, Pa., a small town in western Pennsylvania, is a minister but he also is a magician, clown and a red-hot circus buff. Here he practices balancing a unicycle on his chin as part of his circus act which he puts on during his vacations.

Astronaut to Become '1st Rendezvous Ace'

CAPE KENNEDY, Fla. (AP) — Astronaut Thomas P. Stafford claims he is about to become the "first rendezvous ace in space history."

Stafford, an Air Force colonel, will command the Apollo 10 moon orbit flight scheduled for launching from Cape Kenney May 18.

"This will be my fifth space rendezvous," he said, "and also the most important."

A combat pilot who shoots down five enemy planes is called an ace.

Stafford and Navy Cmdrs. John W. Young and Eugene A. Cernan are to hurtle into an orbit 70 miles above the moon.

TO INSPECT SITE

Then Stafford and Cernan are to transfer into a lunar module, or LEM, and descend to within nine miles of the surface to inspect a site where two Apollo 11 astronauts hope to land in July.

After flying twice to this low altitude, they will execute a complex rendezvous maneuver to catch and link up with Young in the Apollo command ship.

★ ★ ★

"This is one rendezvous we have to make," Stafford said.

The LEM is designed to operate only in airless space and on the surface of the moon. It could not reenter earth's atmosphere, so the two pilots must rejoin their mother ship to get home.

There maneuvers will be almost identical to those the Apollo 11 astronauts plan after they launch themselves from the moon to their command vessel.

Stafford, Young and Cernan have extensive space rendezvous experience.

Navy Capt. Walter M. Schirra and Stafford flew the world's first space rendezvous in 1965 when their Gemini 6 spacecraft pursued and caught the Gemini 7 astronauts, Air Force Col. Frank Borman and Navy Capt. James A. Lovell Jr.

Stafford and Cernan later flew together in Gemini 9 and guided their craft to three separate rendezvous missions with an unmanned satellite during three days in 1966.

Young commanded Gemini 10, and he and Air Force Lt. Col. Michael Collins guided themselves to tricky meetings with two different unmanned satellites.

"There were a total of 11 rendezvous on the Gemini missions," Stafford commented.

"Gene and I flew four of them and John two, so we have about 60 per cent of the Gemini rendezvous experience. We're in good position for Apollo 10."

★ ★ ★

During the around-the-moon mission, the two spaceships will be apart for more than eight hours and will reach a maximum separation distance of 350 miles.

"We've often thought of tying about a 350-mile steel clothesline between the two vehicles just to make sure," Cernan quipped. "But we've sort of given up on that."

Magical Cleric Brings God to Circus People

GIRARD, Pa. (AP) — Many people like to think of their minister as a religious magician, but the Rev. Donald Brewer really is a magician.

★ ★ ★

He's also a clown, and can balance swords, poles and a unicycle on his chin. His wife has a dog act, using the four family poodles. Sometimes she flies merrily on the trapeze.

★ ★ ★

Brewer is pastor of St. John's Lutheran Church in Girard.

He's a circus buff. Last year, during his summer vacation, he and his wife, Melody, and their two daughters, Melody, 4, and Cheri Rose, 1, traveled with the Boas Brothers Circus through central Pennsylvania. They performed in two shows daily, six days a week—without pay.

'TRIED TO HELP'

"I tried to help," he says, acting sometimes as a sideshow manager and announcer. And doing his balancing act.

While traveling with the circus, and performing, he doesn't neglect his ministry.

"I don't hold services," he says. "My purpose is just to be there, to talk with and counsel those who have a problem, who want to know about God, who may have forgotten religion.

"Circus people long have thought the church looks down on them, and that's wrong. I'm just filling the gap the church left unfilled for a long, long time."

NEW ENTERPRISE

This June, for a month, he's going to travel through Pennsylvania with a new enterprise, "Youth Ministry Circus."

"It will be unique," he says, "because it will be composed only of teen-agers and college youths who have some entertainment ability."

Center Started

WINDSOR, Ont. (AP) — Construction has begun on a $15-million shopping center in Windsor, just across the river from Detroit. The center is designed to recapture some of the business the city's 40,000 residents bring to the United States.

MITT-SHAPED ROCK

Local Boy, 10, Finds Rock With Unusual Shape

It wasn't gold that young Tony Patton found but, from the attention adults are giving his find, it might have been.

Ten-year-old Tony, a ffith grader at Herrington School, found an inch-long, multicolored stone in his back yard at 1153 Neafie that is shaped almost perfectly like the state of Michigan.

Then again, maybe the mitt belonged to a leprechaun, or something equally small.

Ford Local Votes

DEARBORN (AP) — Walter Dorosh has been elected to his third term as president of the nation's largest United Auto Workers local. Dorosh defeated Al Wilson by a two-to-one margin in balloting at Ford Local 600, representing workers at Ford's Rouge plant in Dearborn.

Housing Activity Down in County in '68

New housing construction in Oakland County dropped 19.3 per cent in 1968 compared to the previous year, according to the 17th annual residential construction report issued by the Planning Division of the Southeast Michigan Council of Governments (SEMCOG).

Last year a total of 9,225 permits were issued compared to 11,426 permits in 1967.

According to the report, the decline cannot be attributed to any one factor, but possibly a combination of the protracted construction strike, a shortage of money and across-the-board inflation.

In Oakland County single-family units accounted for a substantial part of the total, despite a fall-off in single-family construction in other parts of the SEMCOG area. There were 5,448 homes built here last year, a drop of 871 from 1967.

TOP COMMUNITIES

Troy led with 714, followed by West Bloomfield Township with 540, Southfield with 488, Farmington Township with 394 and Bloomfield Township with 298.

The construction of multiples in Oakland County which accounted for 3,739 units in 1968 revealed a decline of 1,486 units in 1967. The laader in this category was Southfield with 726, followed by Troy with 708, Pontiac with 546 and Waterford Township with 361.

★ ★ ★

Since 1961, the SEMCOG reports permits for multiples as compared to other residential construction areawide have gone from 8.3 per cent to 50.7 per cent in 1968.

★ ★ ★

Major growth communities based on total Esidential units authorized in 1968 were: Sterling Heights, 3,137; Detroit, 2,163; Westland, 1,614; Troy, 1,438; Taylor, 1,270; Ann Arbor, 1,266; Clinton Township, 1,214; Southfield, 1,214; Livonia, 957; and Warren, 808.

MAKE-OVER PAGES Ruled Cause of 3 Deaths

JACKSON (AP) — Carbon monoxide poisoning has been ruled as the cause of the deaths of three persons, who were found in a burning auto early Saturday near Grass Lake.

Jackson County Coroner George Visson said the autopsy revealed the three had been dead before the car caught fire.

★ ★ ★

Time of death was placed between midnight and 4 a.m. Saturday.

State Police, who are continuing their investigation, said the three persons were found in a car which apparently became stuck in the mud alongside a road.

The victims were identified as Lawrence Moran, 18, of Grass Lake; Raymond G. Peck, 18, of Fall River, Wis., who had been staying with Moran; and Mrs. Wilma A. Hewitt, 29, of Detroit.

Mrs. Hewitt was the mother of seven children.

Belli to Talk Plea With Sirhan Family

LOS ANGELES (AP) — Attorney Melvin Belli of San Francisco said after meeting with the mother of Sirhan Bishara Sirhan that he will discuss Sirhan's murder conviction again this week with members of the family.

★ ★ ★

Belli met with Mary Sirhan and one of her other sons Saturday in the lawyer's Los Angeles apartment. An associate of Belli said the Sirhans want him to appeal the conviction and death sentence given the 25-year-old Jordanian immigrant for killing Sen. Robert F. Kennedy.

★ ★ ★

Grant B. Cooper and Russell Parsons, Sirhan's lawyers in the recent trial, said they still expect to make the appeal.

May Hint of Slowdown

Stock Market Opens Steady

NEW YORK (UPI) — Stocks opened steady in moderately active trading today.

Signs that the nation's economy may be slowing could snap an almost uninterrupted two-week upswing.

The National Association of Purchasing Management reported a sharp order rate decline last month, possibly a tip-off to a futu E cooling of the economy.

★ ★ ★

This comes on the heels of recent reports of a slower growth rate of consumer installment credit in March and a sizable slump in new factory orders in the same period.

On the other hand, Vietnam peace hopes remain a constructive force, as was the case during the Ecent upswing.

Steels and motors were mixed. Oils also followed an irregular pattern, while electronics showed scattered strength.

★ ★ ★

U.S. Steel added ¼, but Bethlehem gave up ⅛. Jones & Laughlin also fell ⅛.

Rocky to Get Look at Central America Disparity

MEXICO CITY (AP) — Gov. Nelson A. Rockefeller gets an intimate look next week at Central America's two faces on the first leg of his policy-searching mission for President Nixon.

Mexico, Latin America's brighter side, spent $2 billion abroad last year—mostly on capital goods—to fuel a swiftly expanding economy that still isn't big enough for its 50 million people.

★ ★ ★

Underdeveloped Central America makes up the shabbier face. The six minuscule nations are trying, with a measure of success, to make the long leap from the burro era to the jet age.

The New York governor begins an eight-day, seven-nation swing here Sunday. He'll spend 48 hours in the Mexican capital, then will fly Tuesday to Central America.

20-MAN TEAM

He and a 20-man team will talk to government, business and political leaders, and possibly student groups, in the quest for a new policy the Nixon administration can apply in its future relations with Latin America.

There's sharp interest here, much of it centering on Mexico's endemic trade deficits with the United States.

★ ★ ★

The United States' fifth best customer in the world, Mexico purchased $1.23 billion of American goods last year while selling only $707 million.

Actually, over-all business between the two countries in 1968 nearly came out even. Mexico made $1.14 billion on tourism and border business while spending $627 million on the same categories. The next $500 million in profit nearly balanced out the $528-million trade deficit. Tourism and border trade figures seldom are cited in Mexican statistics relating to U.S. trade.

SIGNS OF PROTECTIONISM

Mexican anxiety with U.S. dealings has been aroused largely by signs of protectionist policies in Washington to curb unfavorable commercial balances draining U.S. gold reserves.

Exporters of produce from Mexico were hurt early this year by import restrictions on certain kinds of tomatoes. Border transactions sharply declined several years ago when liquor and cigarette imports by tourists were curtailed.

★ ★ ★

Guillermo Briones, president of the National Association of Importers and Exporters, says his group will ask Rockefeller to (1) define Washington's policy concerning Mexican exports of tomatoes, cotton, coffee, sugar; (2) say if there's a possibility the United States will reduce its import tariffs on Mexican-manufactured and semimanufactured goods, and (3) say if the Alliance for Progress will be canceled or continued.

Briones said that in the event Washington wants to discontinue the alliance—"as conjectured because of the Nixon administration's opposition to it"—the government will be asked to summon a hemisphere foreign ministers' conference to request that the United States formally announce "the liquidation of the obligations assumed 10 years ago at Punta del Este."

COOPERATION

The Alliance for Progress, a State Department idea endorsed by Latin-American nations at Punta del Este, Uruguay, established the bases for hemisphere cooperation.

Francisco Cano Escalante, president of the National Confederation of Chambers of Commerce, representing some 650,000 businessmen, says the Rockefeller mission provides an opportunity for the United States to reevaluate its Latin-American relations and place them on a "realistic basis of interdependence."

★ ★ ★

A sixth of all U.S. income for goods and services exported comes from Latin America, Cano Escalante said. Since 1960, he added, Mexico had spent $10 billion in the United States while selling $6 billion there.

In Central America, the Rockefeller mission will visit six countries with a total population smaller than the governor's own New York State.

MANY ILLITERATES

More than half the area's 13 million people are illiterate. The life expectancy in part of the six republics is under 45 years of age.

Some Central Americans do their washing in modern automatic laundries but most do it in riverbeds or in the lakes at the bottom of extinct volcanoes.

★ ★ ★

Central Americans are slowly inching out of their backwardness, however. The main vehicle for this is the Central-American common market through which the countries are moving toward economic integration. The obstacles have been more political than economic thus far.

U.S. aid has been instrumental in getting the common market off the ground and in shoring up the more anemic economies. Between 1961 and 1967, the United States poured into the area, in direct and indirect loans, a total of $482 million.

As in Mexico and the rest of the hemisphere, Central-American businessmen are concerned with what they regard as "negative aspects" of U.S. investment.

They would like to see U.S. investors "supplement but not dominate" local capital. Through mixed capital venture, Latin Americans hope to correct growing commercial payments imbalances by reducing remittances abroad of profits.

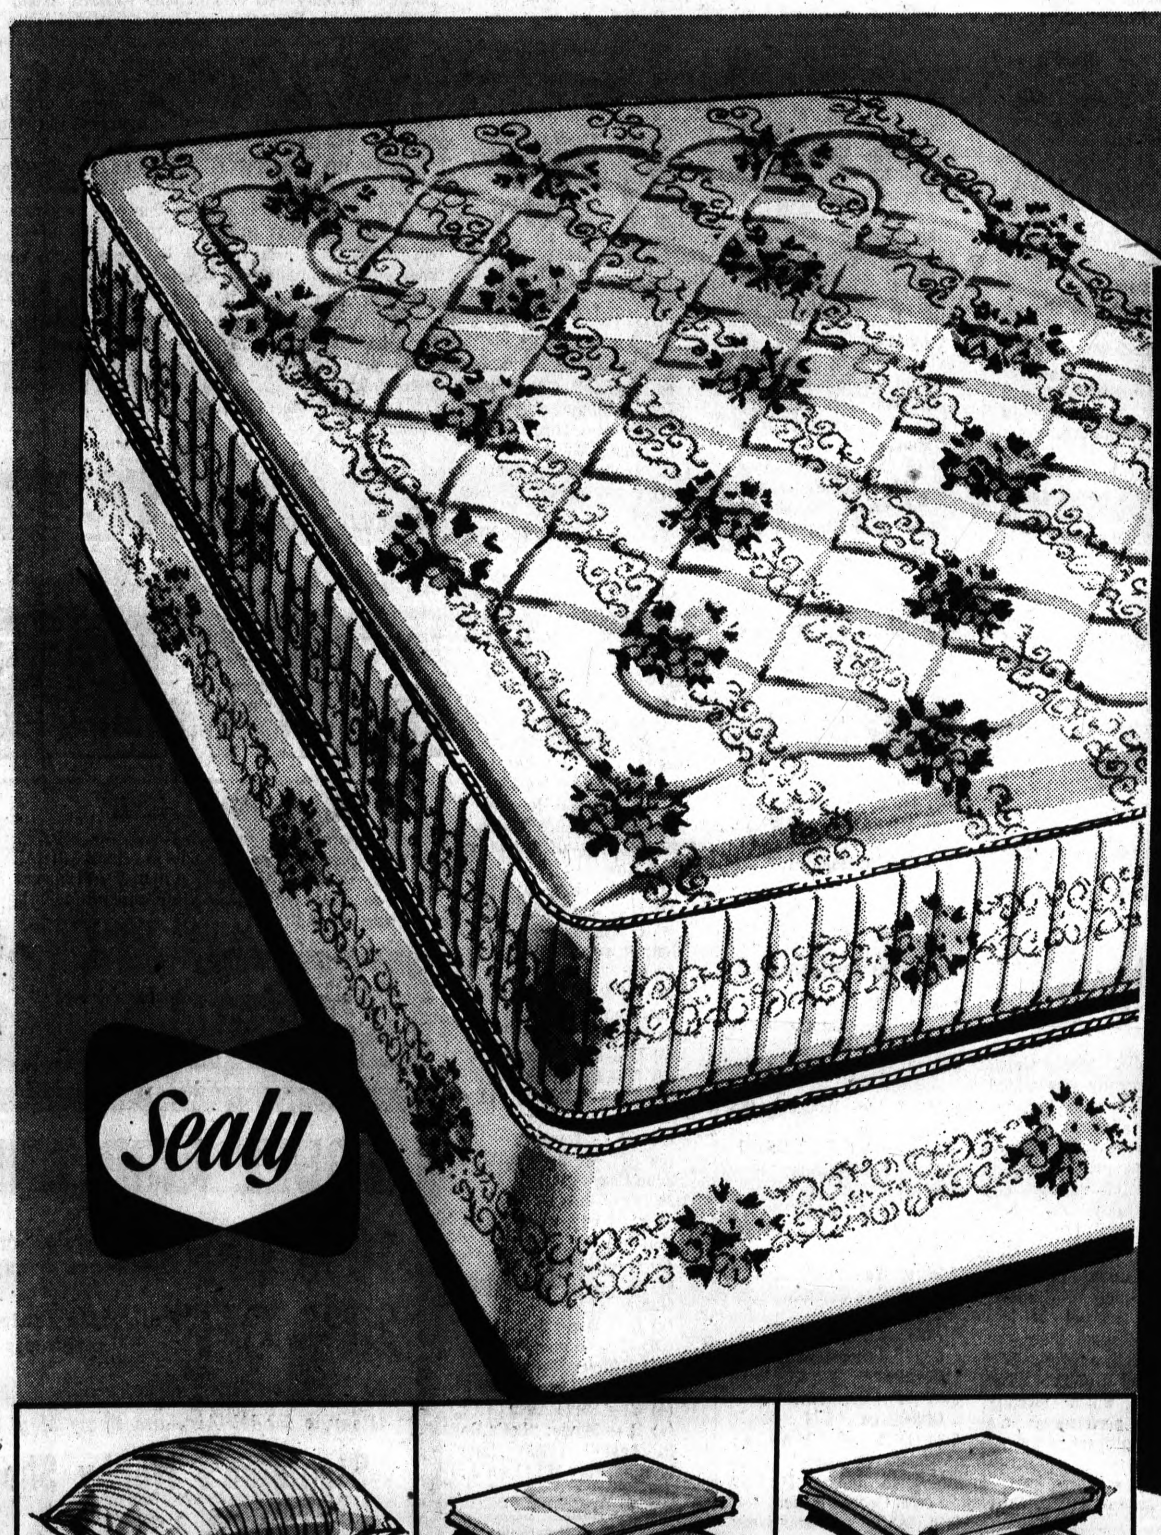

★ ★ ★

This is expected to be one of the key topics the Rockefeller mission hears. U.S. investments in Latin America are estimated to total $12 billion—and are increasing.
