

Dems Call Ike's Policies New Dealish

Sen. Knowland Supports Pact Aiding Formosa

Ike's Asia Policy Critic Predicts Senate OK on Security Treaty

WASHINGTON (INS) — Senate GOP leader William F. Knowland, frequently at odds with President Eisenhower on Asiatic policy, threw his full support today to the Formosan Security Pact.

The Californian not only said that he personally approved the treaty but he also predicted the Senate will ratify it.

Eisenhower in a special message Thursday asked the Senate to approve the alliance with Chiang Kai-shek for the mutual defense of Formosa, island home of the anti-Communist China regime.

Some senators who support the pact said privately they have heard rumblings that could develop into opposition to the treaty. However, they said the disagreement has come from persons outside Congress and, they added, the most that may develop might be a full-dress floor debate on the Far East situation.

Sen. Walter F. George (D-Ga.), who is to take over as chairman of the Senate Foreign Relations Committee, conferred with Secretary of State John Foster Dulles Thursday.

George said he suggested to Dulles that the committee take up the Southeast Asia Mutual Defense Treaty first, then the Formosan Pact and, lastly, the Paris agreements for the rearmament of Western Germany.

He said the secretary indicated he would like the treaties considered in this order.

George added: "This would give us time to see how things are going to jump over there in Europe."

Senate leaders do not want to take up the Paris agreements until their ratification by West Germany and France has been completed.

George, reluctant to discuss committee procedure in advance of having his chairmanship formalized by election, indicated that he himself approves the Formosa treaty.

It pledges both countries to take steps under their constitutional processes in event of attack. This means that the President would lay the problem before Congress if the Communists strike at Formosa.

Senate OKs Ferguson Staying on Commission

WASHINGTON (UP)—The Senate approved and sent to the House yesterday legislation which would permit former Sen. Homer Ferguson (R-Mich.) to continue to serve on the Hoover Commission on Government Reorganization.

The legislation is necessary because Ferguson, who was defeated for re-election last November, was appointed as 1 of 2 Senate members of the commission.

Market Rallies Briskly; Some Stocks Up About \$1

NEW YORK (U)—The stock market rallied briskly in early dealings today and some shares quickly moved to gains of around \$1.

Market observers—and many a small investor—had counted on a recovery today after the severe beating prices had taken on Wednesday and Thursday.

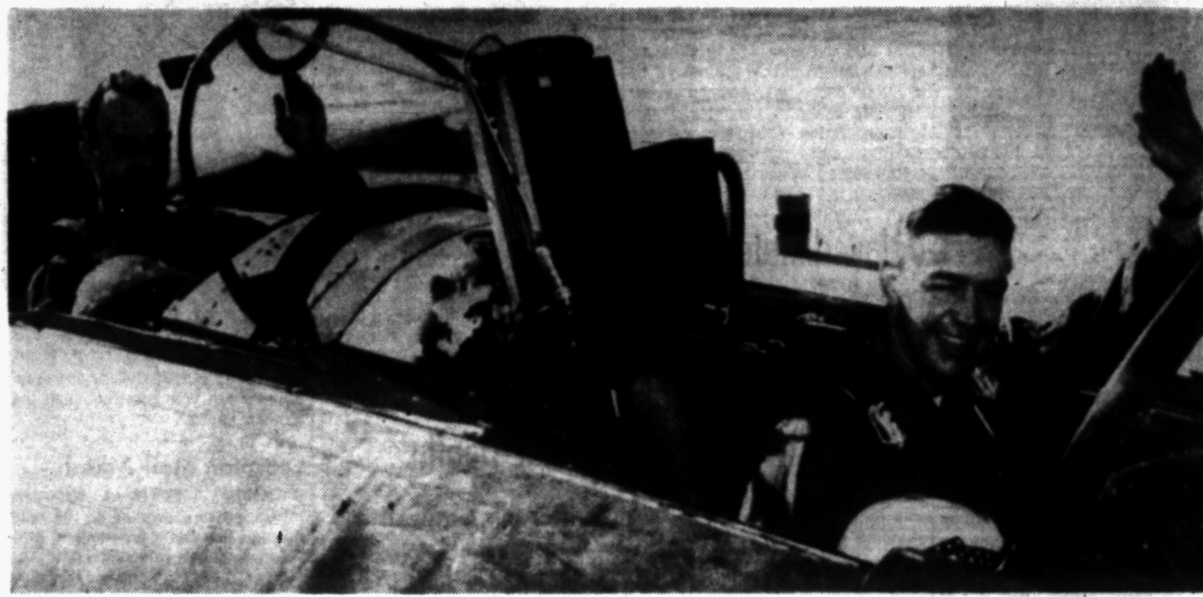

Once again the ticker tape was unable to keep abreast of transactions. This time, however, the heavy orders were to buy—not to sell.

New York Central, which showed strength yesterday even when the market was falling, opened at a new high of \$35 today on a block of 15,000 shares.

Armco Steel was up \$1. Good-year Tire \$1.25 and Du Pont \$1.75. Also strong were U.S. Steel, Baltimore & Ohio, Grumman Aircraft, Boeing and Standard Oil N.Y.

This week's break in the market started on Wednesday after the

Complete 21,000-Mile Non-Stop Test Flight

AP Wirephoto

NEW JET RECORDS—Col. David A. Burchinal, aircraft commander (left) and Major Pat H. Earhart, pilot, wave from the cockpit of their B-47E, strategic air command ship which they flew more than 21,000 miles non-stop. The flight, made to explore combat range of the ship, was revealed in Buffalo last night by Secretary of the Air Force Harold E. Talbott. The test was made on a repeated flight pattern between North Africa and England. The ship was aloft 47 hours and 35 minutes and made an average speed of 445 miles an hour. Picture above was made later in Tucson, Ariz.

Second Parley Held in Peiping

Hammarskjold, Chou Again Confer for Over Three Hours

TOKYO (U)—Peiping radio said Dag Hammarskjold, secretary general of the United Nations, met for 3 hours and 45 minutes today with Red China's Premier Chou En-lai.

The radio, heard here, listed the advisers present for each side, but gave no report on the talks.

Presumably the talks centered around Hammarskjold's efforts to win freedom for 11 American airmen jailed as spies and other U.N. personnel held by Red China.

It was the same group listed that conferred yesterday when the talks got under way.

The propaganda mouthpiece of Communist China has not yet told its listeners that Hammarskjold flew halfway around the world in an effort to win freedom for U.N. personnel held by the Reds.

The U.N. official met with Chou yesterday for 3½ hours. There was no hint of either progress or stalemate.

2 Ann Arbor Fires Hit Minutes Apart

ANN ARBOR (U)—Two fires, less than a block apart and costing some \$100,000, struck downtown Ann Arbor within five disastrous minutes early today. There was no loss of life.

Fire Department officials said there was no arson involved so far as they could tell. They refused to estimate damages, but one source said losses might reach more than \$100,000.

Hit were the Modern Appliance Shop and the Quality Bakery. The appliance store fire was reported at 2:30 a. m. and the bakery fire five minutes later.

Arbenz Turning Swiss

ANDELFINGEN, Switzerland (U)—Jacobo Arbenz Guzman, former pro-Communist President of Guatemala, was officially recognized today as entitled to Swiss citizenship.

Right-of-Way Settlement

Delayed Highway Payment Legal, Claims Attorney

A Pontiac attorney today contradicted Atty. Gen. Thomas M. Kavanagh's charges that the State Highway Dept. illegally attempted to settle a damage claim with a local couple for \$4,996.

"What does he mean illegal?" asked Glenn C. Gillespie, attorney for Mr. and Mrs. Cecil C. Newstead, of 2076 Ferndale.

"There was nothing illegal about it. The state was simply contributing \$5,000 toward settlement of a \$15,000 claim," Gillespie continued.

(In Lansing Kavanagh said yesterday he was starting an investigation into the matter. The check was held up Dec. 29, 1953 in the auditor general's office, and was unearthed this week during change of administration personnel. Former Aud. Gen. John B. Martin said: "We were asked to hold the check until the matter was cleared, and were never advised to release it.")

Gillespie, attorney with Verne C. Hampton in a suit filed against the Newsteads for a strip of land along Telegraph road, at W. Huron, charged:

"What they are trying to do is pin something on Charlie Ziegler (State highway commissioner) for something he isn't responsible for."

He said Oakland County Circuit Judge Frank L. Doty on June 18, 1952 handed down a decree which decided the state had no claim to the disputed 8½ feet.

Mr. and Mrs. Newstead had purchased the strip of property, which lay to the west of their own land at Telegraph Rd. and Huron St., and had begun construction of a building on it and their adjacent property in the summer of 1951.

In December the state obtained an injunction on the project claiming the land was right-of-way, based on highway condemnation proceedings in 1928.

The case stretched from Dec. 14, 1951 until Judge Doty banded down his decision.

In the meantime, the partially completed building remained boarded up.

At the time of his decree, the judge said he reserved the decision to take testimony on the question of damages to the Newsteads for the time their project was tied up by the injunction and suit.

The state took the case to the State Supreme Court. Gillespie said, which affirmed the circuit court opinion, both property ownership and damages.

"Then the highway department wanted to do the right thing," he said. We conferred with James M. Kane, then head of the department's land and legal division, for an out-of-court settlement.

"We settled on the \$4,996 amount."

Gillespie said on Jan. 4, 1954 he received word from Kane that (Continued on Page 2, Col. 5)

Slaying Denied by American

Panama Police Holding New Yorker in Remon Death Despite Protests

PANAMA (U)—A New Yorker grilled in the slaying of Panama President Jose Antonio Remon has denied any part in the murder, but police said last night they would continue to hold him.

Secret Police Chief Jorge Luis Alfaro said that, despite denials by the American, 34-year-old Martin Irving Lipstein, "there are indications that justify his detention." He did not elaborate.

Lipstein, arrested at Panama's airport 24 hours after assassins cut down Remon and two other men Sunday at Juan Francisco race track, was permitted to talk to a U. S. Embassy official yesterday.

The attaché said Lipstein told him he was in good health and had not been mistreated but that he had not known why he was jailed until two days after police picked him up.

Lipstein, a former schoolteacher, said he had been studying voice in Mexico and identified his father as Harry Lipstein, a retired life insurance agent.

In Brooklyn, N. Y., the father said the FBI had contacted him concerning his son but would give no information about their inquiries.

Panama Police, meanwhile, continued to question scores of suspects. At least 70 persons have been rounded up and 21 later released, authorities said.

Security measures throughout the republic were tightened under a state of siege proclaimed Monday. National guardsmen broke up groups of more than three persons in the streets. Bars and night clubs were ordered to close at midnight. No music was allowed—not even from juke boxes.

Potter Attempting to Oust Stevens, John G. Adams

WASHINGTON (U)—Sen. Potter (R-Mich.) says he again is trying to oust Secretary of the Army Stevens and Army counselor John G. Adams from the pentagon.

Potter made his statement to newsmen yesterday as new rumors, lacking confirmation, circulated that both men might announce their resignations about Feb. 4.

The Michigan senator was a member of the special Senate investigation subcommittee which held televised hearings on the Army officials' row with Sen. McCarthy (R-Wis) last year. (See earlier story on page 34.)

Air Force Unwraps Plans for Academy in Colorado

NEW YORK (U)—The Air Force let the public in today on its plans for a "West Point of the Air"—which soon will join the U.S. Military Academy, Annapolis and the Coast Guard Academy in training officers for the armed forces.

The catalogue for the projected Air Force Academy outlines the program of instruction.

In its description of the course labeled "geography 101-102," to be given in the freshman year, the catalogue states, "Particular emphasis is placed on the comparative potentials of the United States and the U.S.S.R."

In describing work to be undertaken in a course in "airmanship," it says: "Upon completion the cadet will be qualified to plan and act as navigator on a polar flight."

Lt. Gen. H.R. Harmon, superintendent of the academy, due to

Proposed Hike in Wage Floor Well-Received

Some Solons Are Cool to Ike's Plan to Include More Workers

WASHINGTON (U)—President Eisenhower's proposal to raise the nationwide minimum wage from 75 to 90 cents an hour had a generally good reception in Congress today but some senators were chary about a companion recommendation to include more workers.

Eisenhower's renewed request for changes in the Taft-Hartley law to advance its "basic objectives" did not appear to have much more practical chance of achievement than last year, when Congress rejected his revision bill.

Sen. Clements (D-Ky.), the assistant Democratic floor leader, said the new Democratic Congress "will raise the minimum wage." He declined to forecast how much.

The 15-cent hourly increase recommended by Eisenhower would give an automatic wage boost to an estimated 1,300,000 workers, most of them in the South.

Some Southerners appeared unfriendly to the whole idea of an increase, partly on the ground it would indirectly affect farm labor costs. Outside the South, what criticism there was centered on the fact the President didn't request an even higher minimum.

AFL President George Meany called the 90-cent figure "puny." CIO officials also termed it inadequate.

Now exempted from the minimum are all retail trade and service workers, farmers, salesmen and others. And no jobs not directly affecting interstate commerce are "covered."

Demands Exam in Manslaughter

Driver in Crash That Killed Five Arraigned in Hospital Here

Mrs. Earline Wagenschütz, 19, of Metamora, driver of a car involved in a five-car wreck in which five persons died on M24 Dec. 5 was arraigned on a charge of manslaughter, in Pontiac General Hospital Thursday afternoon.

She is a patient in the hospital, with a fractured pelvis suffered in the accident. Springfield Township Justice Emmett J. Leib came to the hospital for the arraignment, and Mrs. Wagenschütz heard the charge from her wheel chair.

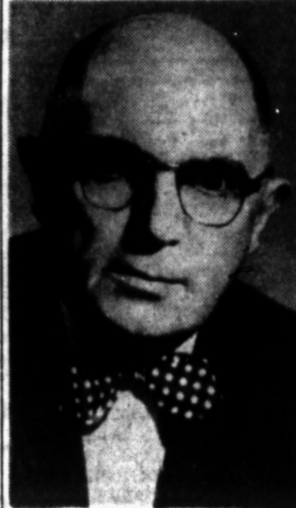

She asked an examination, which Justice Leib set for 2 p. m. Jan. 27, in Oakland County Probate Court rooms. Bond of \$2,500 was furnished.

Four of the five persons killed were in the car driven by Mrs. Wagenschütz when it was in collision with another on a hill about a mile north of Oxford.

2 Wives Survive Suicide

SHIMANE, Japan (U)—Shinobu Kato, 29, proposed triple suicide as the solution to his bigamy problem. With his two wives, aged 19 and 39, he set off a stack of dynamite. Kato died; the women lived.

Appointed

WILLIS M. BREWER

License Agent Named Here

Willis Brewer to Head Secretary of State Unit in Pontiac

Willis M. Brewer has been named new manager of the Pontiac secretary of state's office, Secretary of State James M. Hare told the Pontiac Press today.

Brewer, a Democrat, succeeds Roy Annett who has maintained the office at 65 N. Perry St. Brewer today said he intends to submit his resignation as county Democratic chairman Monday.

Hare said the new manager will probably assume duties about Jan. 13 after an audit of the present books is completed.

Brewer stated he would make no decisions as to what present office personnel would be retained until after becoming familiar with the setup. Location of the new office has not been determined as yet, he added.

He said he will resign the county chairmanship at a meeting of the County Democratic Committee Monday. Brewer has headed area Democrats for the past six-and-a-half years.

"It will be up to the county committee to select some other person as chairman," he explained.

"I appreciate the honor Mr. Hare has accorded me and feel I must resign the county chairmanship in order to give more time to the new job," said Brewer.

Boston Officer Shot in Battle With 5 Bandits

BOSTON (U)—A patrolman was shot and critically wounded shortly before midnight last night by one of a five-man gang he caught trying to rob the Astor Theater of \$1,000.

Officer Edward P. Connolly, 33, although shot in the chest, chased the gang to the curb and fired through a window of the car in which the men attempted to get away. One of the shots creased the forehead of a man identified as John W. McCarthy, 32.

With his gun still blazing, Connolly slumped to the cutter, but the sound of the shots attracted several other policemen afoot and in cars and they grabbed four of the men on the spot. The fifth was arrested in a cheap South End hotel.

Message Puts Majority Party on the Defensive

Opposition Eyes Much of President's Program Without Enthusiasm

WASHINGTON (U) Democrats pondered today how to cope politically with what their leaders called a "New Dealish" domestic program laid before Congress yesterday by President Eisenhower.

The President appeared to have put the opposition party on the defensive with a 53-minute State of the Union message in which he either asked action or laid the groundwork for future requests on 33 foreign and domestic problems.

The first reaction to the President's call for "unhesitating cooperation" between the Democratic-controlled Congress and the Republican executive branch was one of outwardly warm acceptance.

But while there was ready agreement among lawmakers of both parties with Eisenhower's plea to "let the general good be our yardstick on every great issue of our time," signs of disagreements were not long in appearing.

Key Democrats criticized the President's plea for continuance of flexible farm price supports, called his report on economic conditions "too optimistic," attacked his local-federal "partnership" program of national resource development, turned thumbs down informally on proposed revision of the Taft-Hartley Labor Act, urged a larger boost in the statutory minimum wage than he suggested and disagreed with his indication that he does not believe Alaska is ready for statehood.

There was enthusiastic bipartisan backing for Eisenhower's foreign policy objective of attaining a "durable peace," but what was perhaps an ominous silence from Democratic ranks greeted his explanation of how he hopes to achieve military manpower reduction while maintaining the armed forces in balance.

The first of the Democrats' probing operations evidently would begin with this military program, when it is laid down in detail.

Sen. Russell (D-Ga.), incoming chairman of the Senate Armed Services Committee, said he was "seriously considering" setting up a preparedness subcommittee to help with the job.

Sen. Lyndon B. Johnson of Texas, the Democratic leader, said the President used a "Democratic" (Continued on Page 2, Col. 1)

Partly Cloudy Skies Seen for Weekend

Weather forecasts for Pontiac and vicinity show little change for the weekend.

Partly cloudy skies are the outlook for tonight, Saturday and Sunday, a little colder tonight. Tomorrow the high will be from 30 to 34 degrees with a low tonight of 18 to 22. Tomorrow night it will continue cold with a low of 20 to 24 degrees.

Yesterday in downtown Pontiac the mercury ranged from 25 to 33 degrees with a few very light snow flurries. Today at 8 a. m., the temperature was 24 degrees, remaining almost constant and hitting only 26 by 1 p. m.

Air Force Unwraps Plans for Academy in Colorado

Only a freshman class will be enrolled this year, with new classes entering each year. Not until 1958, when there will be a full four-year student body, will the academy engage in varsity level athletic events.

The academy will not be a flying school, although some graduates will go on to become pilots and all cadets will be taken aloft for training in navigation, etc. Its primary job will be to give a young man the foundation in social sciences, the humanities and science necessary for "a lifetime of service to his country, leading to readiness for responsibilities as a future air commander."

Entrance to the academy ultimately will be on the same basis as entrance to West Point, but the first class will be limited to 300 men because of limited space at Lowry.

Admission will be through competition among men nominated by members of Congress and from other sources such as the regular Air Force, and sons of Medal of Honor winners. Congressional nominations for the first class must be received by the Air Force by 5 p. m. Feb. 18. Applicants must be at least 17 years of age and must not have reached 22 by July 1. They must be citizens of the United States and never have been married. They must pass qualifying examinations.

Graduates of the academy will be commissioned second lieutenants and will be rated as aircraft observers.

Baby Grows Up!

It's only natural for children to outgrow things but there's always some one else who can use them. For example, this Little Press Want Ad brought 70 calls for the bed and high chair. You, too, can get cash quickly for unused articles you no longer need with a low cost Pontiac Press Want Ad like this one:

BABY BED AND MATTRESS, \$20. High chair, \$3.50. PE 4-2294, 13 LeGrande.

To Place Your Want Ad DIAL FE 2-8181 Just ask for the Want Ad Department

Weddings Unwedding

CHICAGO (UP)—Mrs. Elizabeth Wedding, 38, filed suit for divorce yesterday.

Two
The Day in Birmingham
Holy Name Parishioners
See Cornerstone Placed

From Our Birmingham Bureau
BIRMINGHAM — Contents of the box within the cornerstone of the new \$100,000 Holy Name Catholic Church will read like a page out of history, if they should ever be uncovered in years to come.

Brief cornerstone-laying ceremonies were conducted yesterday, day of the Feast of Epiphany, by Father Eugene Paddock, assisted by Father Edmund Schwager. In the box someone may find two Catholic crosses and the tabernacle veil from Holy Name's first church, torn down after 28 years to make way for the new edifice at Harmon and Woodland avenues.

Names of the present parish priests, school faculty and all 600 families of the parish, plus names and photos of the 1953-1954 class of Holy Name School were enclosed. Medals, coins, church bulletins and newspapers with yesterday's date, a catechism... all these are now sealed in the cornerstone.

The new building is being constructed in two phases, with the first portion scheduled to open in the fall.

First Methodist Church officials here have announced that the Rev. Allen Wittrup, with his wife and three children, will move here this week to assist Mrs. Arnold Runkel and Harry O. Martin. A third paragonage has been purchased at 755 Madison Ave.

With \$100,000 now earmarked for the start of a permanent YMCA building here, executive secretary Edwin F. Kibbert said recently that over \$700 has already been turned into the office in uncollected contributions. Kibbert said donations for the building fund can be accepted by the Y.

The \$100,000 is part of the \$1,334,010 recently allocated by United Foundation to the Metropolitan Detroit YMCA.

Model Railroad Club members have started work on their HO model railroad and will continue at 8 tonight in their quarters in the Grand Trunk station here. New officers are: H. M. Beisel, president; Philip Mariner, vice president; Mrs. E. S. Pettypiece, secretary; and P. C. Hohl treasurer.

Baldwin Library story hours will be resumed at 10:30 tomorrow when Kathleen Pickett, children's librarian, reads "The Husband Who was to Mind the House" and "Seven at One Blow." Children from kindergarten age up are invited to the story periods each Saturday.

Beginning tomorrow at 9 a.m. a Saturday basketball program for fifth and sixth grade boys here will open at Barnum, Adams, Baldwin, Quanton, Pierce, Terry and Birmingham High schools. The two-hour periods will run through March 12 under the supervision of college trained instructors, who will teach beginning fundamentals and team play.

No registration or fees are required for the Recreation Board-sponsored program. Boys are asked to bring shorts and basketball shoes.

The new building is being constructed in two phases, with the first portion scheduled to open in the fall.

President's Policies
Called New Dealish

(Continued From Page One)

premise" in his message, adding that Congress will consider his program "in that spirit."

Rep. John W. McCormack of Massachusetts, House Democratic leader, said that on domestic matters the President's message "might well be termed New Dealish."

Sen. Clements (D-Ky), assistant leader, was "glad to see the President joining the Democrats on so many fronts." He said proposals for reciprocal trade extension with tariff-cutting powers, the school construction program and the higher minimum wage all were part of "Democratic programs."

Echoing the same note, Chairman Paul Butler of the Democratic National Committee found Eisenhower "going over to the Democratic program."

Sen. McCarthy (R-Wis) said he was "extremely disappointed" that Eisenhower proposed no "positive action" toward freeing Americans held behind the Iron Curtain. But McCarthy was apparently alone in his criticism on that point.

Clearing Skies
Bring Snappy
Weather to U. S.

By THE ASSOCIATED PRESS

Skies cleared and temperatures dropped over most sections of the country today.

There were no active storm centers in the entire country, and only light precipitation was reported during the night. Snow flurries fell around the Great Lakes region, the northern Appalachians and in parts of New England.

Temperatures dropped sharply from early yesterday in Far West areas. It was 9 degrees below zero at Pocatello, Idaho, 18 degrees lower than yesterday morning.

Colder weather also moved into most of the eastern third of the country with temperatures down 15 to 30 degrees since yesterday except in New England, which reported little change.

The Weather

PONTIAC AND VICINITY — Partly cloudy tonight and tomorrow. A little drizzle tonight. Low tonight 18-22. High tomorrow 30 to 35. Diminishing northwesterly winds tonight. Tomorrow night partly cloudy and continued cold, 20 to 30.

Seeking Secret
of Oil Source

Oily Waters of the Gulf
at Sabine Since 1543
Prompt New Search

NEW ORLEANS (UP)—Off-shore drilling in the Gulf of Mexico may uncover a source of oil that was chronicled by the ill-fated Hernando DeSoto's expedition more than four centuries ago.

Survivors of the expedition were picked up at the Mississippi River's mouth in 1543 after the death of DeSoto. A raging gulf storm had battered the Spanish fleet and the ships put into shore near what is now Sabine, Tex.

An account written by a person known only as the "Gentleman of Elvas" stated that the Spaniards found a dark seum similar to pitch on the water and used it to help caulk the bottoms of their leaking ships. It reportedly was the first use of petroleum by white men in the Western Hemisphere.

Since then, there have been other reports of oil on the gulf's waters near Sabine, and recent off-shore exploration has tended to verify the stories.

Magnolia Petroleum Co. officials here said the company has spudded in its first wildcat well eight miles offshore and 10 miles southwest of Sabine. The well was described as "fairly close" to the oil slick described in the DeSoto expedition.

The company has developed several fields off the Louisiana coast, but the wildcat is the first attempt to strike oil off the Texas coast. The well will be drilled to a depth of 13,000 feet.

20,000 Red Germans
to Work on Farms

BERLIN (U)—Communist East Germany is planning to transfer 20,000 Communists from factories to farms in an effort to boost agricultural production, it was reported today.

The League of Free Jurists, a West Berlin anti-Communist group, said the switch was necessary to convince peasants that more cooperative farms are needed. According to recent information, East Germany already has 5,000 cooperative farms.

Soviet Slashes
Rent for Aliens
Living in Russia

MOSCOW (U)—The Soviet government today gave some of the foreign embassies and journalists here a cut in the high rents they've been paying the Russians for years for living and working quarters.

The reduction, for instance, for the four-room apartment occupied by The Associated Press was from 32,400 rubles (\$8,100 at the official rate) to 26,500 (\$6,625) per year. The American, British and Belgian Embassies were among missions affected in one degree or another.

Rents for Soviet citizens are controlled and among the lowest in the world even if they don't get much space for their money.

Clare Boothe Luce
Talks to President

WASHINGTON (U)—Mrs. Clare Boothe Luce, U.S. ambassador to Italy who is home on leave, gave a 30-minute report today to President Eisenhower. She said she told him Italy has made "notable forward strides" in foreign policy in recent months.

Mrs. Luce said also that a Washington visit by Italian Prime Minister Mario Scelba, possibly in March, is "very much in the President's mind" but that there has been no definite decision.

Columbus Gets Ottawa
IL Baseball Franchise

COLUMBUS, Ohio (U)—A group of Columbus businessmen today announced it had acquired the Ottawa, Canada, baseball franchise in the International League, thus assuring Columbus of professional baseball in 1955.

The announcement came at a press conference called by George M. Trautman of Columbus, president of the minor leagues.

One Way of Putting It

HARTFORD, Conn. (UP)—Five-year-old Jimmy Borup had trouble remembering the word "yesterday." "Mommy," he asked, "what's the word that means tomorrow is back of us?"

Plans Macomb
Community to
House 30,000

DETROIT (U)—Plans for a new \$1,000,000 residential community in Southeastern Macomb County were announced today by a Detroit realtor.

In a copyrighted story, The Detroit News said Carl R. Sams termed the project the largest real estate development in Michigan's history, and one of the largest in the United States. It quoted Sams as saying the project would be located adjacent to a multi-million dollar industrial development on Van Dyke and Mound roads.

Sams said upwards of 50 builders were expected to construct homes in the development beginning next spring.

He said the area will become an entire, integrated community, to which no name has yet been given. The land offers sites for 10,000 homes. Sams said the various dwelling units planned will accommodate upwards of 30,000 people.

Delayed State Check
Legal, Says Attorney

(Continued From Page One)

issuance of the check had been authorized.

When the check did not arrive, he investigated and said he found that Chief Assistant Atty. Gen. Elburn Parsons and Assistant Atty. Gen. Eugene Parsons, who was the attorney in the case, had objected to the payment.

Now, Gillespie said, Newstead will continue to press the damage claim in circuit court, as originally planned.

If for any reason circuit court's jurisdiction is questioned, the attorneys have filed a claim for damages in the State Court of Claims in Lansing.

Gillespie said that the state owes Newstead \$499 in costs taxed by the circuit court and Supreme Court.

Annual Hunter's Roundup
Held by City Elks Lodge

More than 600 Elks and guests attended the BPOE Lodge No. 810's annual "Hunters' Roundup" banquet last night at the Elks' Temple.

Honored at the affair were attending representatives of the city's more than 25 hunting camps.

Chairman of the event was Charles Manz.

Report Corrected

It was erroneously reported recently that Pontiac Police issued a traffic violation ticket for driving without an operator's license to Edward Wier, 35, of 2140 Middlebelt, who had been involved in a two-car accident.

Police records show that the ticket was issued to Frank A. Linton, 22, of 1932 Ward Rd., who also was involved in the accident.

HEADS COMMITTEE—Dr. Allen V. Astin has been chosen by President Eisenhower to head the government's Interdepartmental Committee on Scientific Research and Development. The committee will try to coordinate machinery for dealing with government scientific workers and provide a central agency for disseminating information.

Murray Snyder, assistant press secretary, said there had not been a great number of telegrams.

He commented that the real index to public reaction is found in letters "which don't cost very much to send and come in later."

Korean Homecoming
Queen All American

WAYNESBURG, Pa. (U)—Miss Yoon Min, an attractive sophomore from Korea is Waynesburg college homecoming queen this year.

There was nothing Korean about her attire when she was crowned at a football game. She wore a little neck sweater and skirt, bobby sox and two-tone sports shoes.

Hagerly Has Checkup

WASHINGTON (U)—James C. Hagerly, White House press secretary, was at Walter Reed Hospital today undergoing what was described as a "routine checkup."

Space Is Issue
for Supervisors

Problem of More Office
Room to Be Discussed
at Meeting

The problem of providing more office space is expected to be the main issue at a special meeting of the Oakland County Board of Supervisors Jan. 21 at 9:30 a.m. in the office building at 1 Lafayette St.

The board is scheduled to hear reports from committees studying possible ways of relieving congested conditions in county offices, according to Corporation Counsel Harry J. Merritt.

The advisability may be considered of setting another election date for a countywide vote on raising tax millage to support a bond issue for construction of a new office building.

Added taxes to back a \$4,500,000 bond issue for a combination courthouse and office building were twice turned down by voters in 1954.

Also on the special-meeting agenda is discussion of the financing of the Evergreen and Twelve Towns drainage projects in the county's south end.

Pontiac Deaths

Vern Frank Cadwell

Vern Frank Cadwell, 50, of 1383 Vinewood Rd., died suddenly yesterday at his home.

Born in Charlotte Nov. 5, 1904, he was the son of Frank and Mary Williams Cadwell and married Ruth Bonnettau here March 10, 1927.

Mr. Cadwell was a veteran of World War I and had been employed at Pontiac Motor Division in the service garage.

Surviving are his widow, a son, Arthur Frank Cadwell of Pontiac and two grandchildren. Also surviving are two sisters, Mrs. Maud Van DeCar of Pontiac and Mrs. Katherine Mexicott of Carlton.

Mr. Cadwell is at the Pursley Funeral Home where service will be held Monday at 2 p.m. The Rev. James Luther of the Silvercrest Baptist Church will officiate with burial in Perry Mount Park Cemetery.

William C. Kruscha

Word has been received of the death of a former Pontiac resident, William C. Kruscha, 67, of 3311 E. Granada St., Phoenix, Ariz.

Service was held in Memory Chapel of A. L. Moore and Sons Tuesday Jan. 4, with the Rev. Carl D. Soules of the First Presbyterian Church officiating. Burial was in Greenwood Memorial Park Cemetery.

Mr. Kruscha was born in Worcester, Mass. Feb. 1, 1887 and had lived in Pontiac 30 years. He had been an Inspector at General Motors Truck & Coach Div. 25 years, and was a member of Brotherhood Lodge No. 561 Pontiac. Three years ago he retired and moved to Phoenix.

His widow, Gladys Roberta and a daughter, Betty survive.

Mr. Kruscha died Dec. 31, 1954 at his home in Phoenix.

Thomas G. Voras

Thomas G. Voras, 53, of 26 Kennett Rd., died yesterday morning after an illness of 10 days.

He was born in Greece May 2, 1901 and was married to Margaret E. Weaver.

Coming here from Cleveland, Ohio 35 years ago, he was a member of the St. George Greek Orthodox Church and worked at John's Bar on Baldwin Ave.

Besides his widow, he is survived by two brothers, Angelo and Pappas Voras of Cleveland. Several brothers and sisters are also living in Greece.

Mr. Voras is at the Pursley Funeral Home where service will be held this evening at 7:30 p.m. with the Rev. Soterios D. Gouvalis officiating. He will then be taken to the McCarray Funeral Home in Cleveland for service and burial Monday.

Delayed State Check
Legal, Says Attorney

(Continued From Page One)

issuance of the check had been authorized.

When the check did not arrive, he investigated and said he found that Chief Assistant Atty. Gen. Elburn Parsons and Assistant Atty. Gen. Eugene Parsons, who was the attorney in the case, had objected to the payment.

Now, Gillespie said, Newstead will continue to press the damage claim in circuit court, as originally planned.

If for any reason circuit court's jurisdiction is questioned, the attorneys have filed a claim for damages in the State Court of Claims in Lansing.

Gillespie said that the state owes Newstead \$499 in costs taxed by the circuit court and Supreme Court.

Pneumonia Kills Unusual Baby

Infant Survives Rare Surgery, but Dies After Common Operation

LOUISVILLE, Ky. (AP) — A 3½-month-old infant who survived rare surgery in September failed to respond to a more common operation.

Wiley Lawrence Chester died here yesterday after surgery to open his windpipe. His physician, who asked not to be identified, said the baby had such an advanced case of pneumonia, however, that the operation could not save him.

Three hours after Wiley's birth Sept. 15 in Jeffersonville, Ind., he was brought here to correct a condition so rare that only 142 cases have been reported in medical history. He was born with his heart lying partly outside his body.

The operation was a success, and Wiley was back home gaining weight and healthy 10 days later.

His physician said the pneumonia had no connection with the first operation.

Students Collect Million Pennies for School Wing

MILWAUKEE (AP) — About 3½ tons of copper—a million pennies—were piled on the gymnasium floor at Pius XI High School yesterday.

The \$10,000 in one-cent pieces were gathered in a drive by the students to collect a million pennies to help finance an addition to the school.

When the campaign began last November, students went to work shining shoes, polishing autos and the like to raise the money. Contributions arrived from various parts of the world, but an estimated 95 per cent came from the pupils themselves.

Contributions not in pennies were converted to pennies by a bank.

New Hebrides Jarred

SYDNEY, Australia (AP) — The New Hebrides Islands have been rocked since Wednesday by a series of earth shocks that have collapsed houses and uprooted trees, according to reports reaching here today. No casualties have been reported.

Returned Deportee Rates Quick Action

HOUSTON (AP) — Wilhelm Schmidt, 21, was downright angry when he stalked into the federal immigration office. Where, he demanded,

were certain personal papers immigration officers retained when they deported him to Germany in July?

The immigration men replied with action.

They hustled Schmidt back to the SS Niedersachsen, on which he is a crewman, and officially de-

ported him again. Those personal papers, he was told, will be mailed to him—in Germany.

Sturgeon, the caviar-producing fish, which was rapidly disappearing from California waters a few years ago, is reported making a comeback.

Cabbie Pays Penalty for Ramming Airliner

DENVER (AP) — Cab driver Jack Hirsch, 47, was penalized yesterday for piloting his hack into a parked DC3 airliner on Dec. 16, causing \$2,500 damage. City Aviation Director David G.

Davis barred Hirsch from driving on the municipal airfield for 30 days. The cabbie won dismissal of a traffic court case earlier because there was no ordinance to cover the situation.

The circumference of the planet Jupiter is 88,700 miles.

Group Lists Two Benefit Projects

**Donates Layette,
Aids Musicians
During Year**

Several future projects were discussed and reports on past activities were given when Alpha Alpha Chapter of Epsilon Sigma Alpha sorority met Thursday evening in YMCA.

Mrs. L. L. Schieffer, social chairman, announced a spaghetti dinner scheduled for February. Members will invite their husbands or escorts.

A preview of future activities was given by Mrs. Edmund Smith along with her request for members to set aside Feb. 3 for a plastic demonstration to which guests will be invited.

Mrs. Frank Jalsosky, group chairman, said that the group will have a speaker for its next meeting.

A layette to be donated this month was shown by Mrs. Ralph Wilson, and Mrs. Marshall Rose who is in charge of secret pals distributed names for the new year.

Members agreed to send proceeds from two major projects to state headquarters to aid the state project which helps send a young musician to Interlochen.

Thirty members answered roll call for this meeting which was opened with the ritual by Mrs. Edward Hummel. Correspondence from national headquarters was read by Mrs. Alex Morris.

A thank you note from Oakland County Children's Home in response to the group sponsored Christmas party was read by Mrs. Schieffer.

Watch Nylon Frills

Most women realize the delights of nylon lingerie that needs no ironing. But don't forget, if you're wearing a pencil-slim outfit, all the lace, appliques and edgings should lie flat under your dress or suit. Even if it takes a touch of the iron.

Zonta Club of Pontiac held its Amelia Earhart Day program Thursday at Hotel Lelia Wilkins of Henry Clay avenue and Waldron. Participating were (left to right) Mrs. Charles Wait of Ogemaw road, Mrs. Lelia Wilkins of Henry Clay avenue and Mary Ellen Wyngarden of Nelson street.

International Project Theme of Day

New members of the Zonta Club of Pontiac learned about the Amelia Earhart Scholarship Thursday when a program in her honor was given at Hotel Waldron.

Miss Earhart, the first woman to attempt a flight around the world over a previously uncharted route, was a member of the Boston Zonta Club.

Although a social worker by profession, Miss Earhart wrote these prophetic words in 1928. "When the women of America are thoroughly 'sold' on aviation, not only as a sporting phenomenon but as an everyday utility, air transport will come into its own."

Her deep sense of personal responsibility for others was manifested in a book entitled, "The Fun of It," which was published in 1932.

A passage states, "When the war broke out for the United States (in 1917) I was at Ogontz School, near Philadelphia. My sister was at St. Margaret's College in Toronto and I went to visit her there for the Christmas holidays."

"Four men on crutches, walking together on King street... was a sight which changed the course of existence for me... Returning to school was impossible if there was war work that I could do..."

So Miss Earhart served as a nurse's aid for the Canadian Red Cross. Later she became a social worker in a settlement school in Boston which she loved.

To her social work was essentially education, and she wrote, "Social service should be preventive rather than curative."

flight of the Atlantic on May 20, 1932.

Since 1938 Zonta Clubs have given 16 awards to young women in the field of aeronautical engineering. The award for graduate study is the Zonta international project.

Mrs. Charles Wait, Mary Ellen Wyngarden and Mrs. Lelia Wilkins outlined the life of Amelia Earhart and told of the young women who have received the awards.

Engagement Is Revealed

Mrs. Walter V. Allison of Birmingham is announcing the engagement of her daughter, Joan Grace to Dean R. Copeland, son of the Rev. and Mrs. Ross W. Copeland of Somonauk, Ill.

He is a graduate of Sterling College, Sterling, Kan., and is now attending Pittsburgh Xenia Theological Seminary. A late May wedding is planned.

PTA Activities

Executive board of LeBaron School will meet Monday at 1 p.m.

Coming Events

City Federation of Women's Clubs will meet Monday at 1:30 with Mrs. Julian Levine, 115 Ottawa Dr.

Mrs. Adrian Ish (center) president of the Zonta Club of Pontiac explains the Amelia Earhart Scholarship to guests of the day Dr. Helen W. Dodson of Lake Angelus and Mrs. Gordon Wyrick of Silver Lake road (right).

Of Young Women

YWCA Meets Emotional Interests

This is the second of three articles devoted to a history of the YWCA which begins its Centennial Celebration on Jan. 16. Pontiac Chapter marks its 10th year in its Franklin boulevard home on the same date.

The girl without a home — without a job found a true friend in the 1860's soon after the founding of the YWCA.

Apart from providing Christian guidance to the young women who came in increasing numbers to the various community associations, a main concern of the early leaders was to offer them a safe, inexpensive, decent place to live.

It wasn't long before the association assumed the function of an informal employment bureau. The YWCA program for physical, spiritual and mental health of young women and girls was beginning to grow.

The over-all program of the YWCA has always been adapted to meet the ever widening professional and emotional interests of young women.

Classes in penmanship, bookkeeping, astronomy and physiology began in the late 1860's. The YWCA was the first organization in the country to offer sewing machine lessons in 1872. Group singing became, and remains today, a popular activity.

Stenography, china painting, domestic science and cooking were added to the list of instruction offered by the mid-1880's and, soon after, doctors decided that the female constitution was strong enough to cope with the new machine — the typewriter.

The need for inexpensive vacations for working women was recognized by the establishment of Sea Rest at Asbury Park, N. J. in 1874. This was the first of many YWCA summer camps that are now in operation.

Swimming and calisthenics were added to the growing list of activities in the late 1870's. As the years of operation increased, the association recognized the need for activity with emphasis on practical application to everyday living.

Educational processes began to provide for individual develop-

ment with emphasis on thinking and working together.

The YWCA has not only provided opportunity for fellowship among individuals of like or similar experience, but has extended the boundaries of fellowship to include people of widely different backgrounds and experience.

In the decade between 1940 and 1950 YWCA introduced the Interracial Charter which expressed its intent to be one fellowship without distinctions.

Between 1880 and 1890 work began in rural communities. Another milestone came in 1933 with the organization of the National Institute for Immigrant Welfare.

YWCA is also responsible for planting the seed from which grew the present day standards for women in industry. In 1920 the national convention emphasized its commitment to the belief that Christian ideals must affect society as well as the lives of individuals.

YWCA is also responsible for organizations to consider unemployment insurance, a result of concentrated study of the unemployment problem as it affected women during the 1930's.

State Hospital Benefits From Jaycee Project

Pontiac Jaycees along with the Jaycee auxiliary presented five radios to Pontiac State Hospital this afternoon. Marguerite Parrish, head of the hospital's Social Service department accepted the gift on behalf of the hospital.

Final arrangements for the presentation were made Wednesday evening when the auxiliary met in Hotel Waldron.

Plans were also completed for a Valentine party to be held on Feb. 12 in the Briggs street home of Mrs. Gerald Harvey.

Mrs. Frank Osterhof reported that plans are under way for the auxiliary's annual dance and a card party and style show will be held in March.

Mrs. DeVere Games was a guest at the meeting.

Noisy, but Effective

If the "little people" get underfoot in the kitchen when they come visiting, prepare for the invasion. Stock one cupboard or shelf near floor level with old pots and pans, and let them know it's their very own preserve. Noisy, but effective.
