Overflow Crowd Hears Taubman Tell of Plan

By L. GARY THORNE

A. Alfred Taubman and his proposal for a \$40 million downtown Pontiac development were presented yesterday to an enthusiastic standing-room-only luncheon crowd of citizens and civic leaders.

Nearly 500 persons attended the noon luncheon at the Pontiac Elks Temple.

Mayor William H. Taylor Jr. and Oak Park developer Taubman detailed the latter's plans for an enclosed mall-type shopping center for the southern end of the central business district. The center would extend from Lawrence south to the point where East and West Wide Track meet.

The luncheon presentation brought out that:

- Two major department stores, and possibly a third,

are projected for the center, although no definite commitments were revealed.

- Up to 2,500 new jobs would be provided by the proposed shopping center.
- The city and the developer are sharing costs of a top-ranked traffic control firm to study the problem of traffic flow.

Impressed by the overflow crowd, Taubman, formerly of Pontiac, said his center would be shaped by the needs of his major tenants.

COULD GROW

He said the center could grow above ground as downtown growth dictated.

Taubman grew up and was educated here, attending Pontiac High School.

Tentatively planned for about 850,000 square feet, the shopping

center could go to one million square feet.

Taubman said that it was his deep concern and interest that the project be a sound venture both for the benefit of the community and the commercial development itself.

STILL TENTATIVE

The developer, who emphasized that specific dimensions of his center are still tentative, said Pontiac represents an opportunity for urban development because of the farsighted thinking that had gone on before he came here a year ago.

He said the object would be to renew from the core up.

He added that the city's loop road gives the base for major development.

Taubman said that with the agreement now pending before the City Commission there could be a development here that would "sell."

NO BARRIERS

"There are no barriers so far as the city is concerned," he concluded.

Louis Schimmel, bond counsel, commended the commission in other brief remarks at the luncheon.

Schimmel said there was no assurance that alternatives to the Taubman plan would cost less or do any more for downtown Pontiac.

Using several slides, Taylor

outlined the obligations of the city and Taubman under terms of the proposed contract.

FORMAL HEARING

Yesterday's informational luncheon is to be followed by a formal public hearing on the contract Sept. 27, which is also the date of expected commission action.

Taylor said the contract would give Taubman six months (with an option for six more months upon request) in which to deliver letters of intent from two major tenants.

These tenants, slated to be full-line department stores, are to be of the quality of Sears, Montgomery Ward and J. C. Penney.

Once Taubman signs the tenants, he must tender a \$50,000 "good faith" deposit, design a regional shopping center complex, buy the appropriate urban renewal land and build the buildings.

TOTAL VALUE

Taylor, who pointed out the land purchase must be made within 18 months from the signing of the contract, estimated the total value of the buildings and fixtures at \$40 million.

The mayor said this would

Astronauts Go 'on Top of World'

CAPE KENNEDY, Fla. (AP)—Shouting "We're on top of the world," the Gemini 11 astronauts today soared higher and faster than man has ever flown, and then, amazingly, both catnapped as Richard F. Gordon Jr. hung halfway out of the space ship on a star photography assignment.

Gordon was standing in his seat, his head poked through an open hatch waiting for a nighttime pass so he could see the stars, when command pilot Charles Conrad Jr. reported:

"We both took a catnap—dozed off for a few minutes."

Mission control center in Houston, Tex., commented:

"That's a space first—sleeping in a vacuum."

The astronauts had started the day by using the power of an Agena rocket to dash to a record altitude of 850 miles.

CAN'T BELIEVE

"I tell you, you can't believe it," Conrad exclaimed as they first reached the high outpost above eastern Australia. "Utterly fantastic... the world is round."

After zipping twice to the high point, the pilots again fired the Agena, to which Gemini 11 is attached, to return to their original path, ranging from 180 to 196 miles high.

At 7:49 a.m. (EST), as Gemini (Continued on Page 2, Col. 3)

Grand Prix Convertible, 3 Station Wagons New

By HARRY J. REED
Managing Editor, The Pontiac Press

Crisp new sculptured styling is the keynote for the 1967 Pontiac line previewed today by the nation's auto writers at General Motors Technical Center and Bloomfield Hills Country Club.

Offered for the first time is a Grand Prix convertible and three new station wagons, all with simulated wood exterior paneling.

"The '67 models represent a bold new approach in auto styling, combined with many new engineering features designed to increase the safety, comfort and convenience of driving," according to Pontiac general manager John Z. DeLoorean.

CARS GO ON SALE SEPT. 29

Sweeping new roof lines on all two and four-door models, major design advancements in both front and rear ends, a Pontiac exclusive of recessed windshield wipers and exhaustive detail to safety marks the new line.

"By extensively following Pontiac's continuous policy of making safety our major objective in the design, manufacture and testing

Additional Pictures, Pages A-2, A-3

of our cars, Pontiac again this year meets the highest standards in the auto industry," DeLoorean said.

DeLoorean predicted a sixth consecutive record year for Pontiac, and said Pontiac expects to top its 900,000 auto mark in calendar 1967.

He pointed out Pontiac's grip on third place in the industry was tightened in 1966, with a 200,000 unit margin over the fourth place seller. In 1961, when Pontiac took over third, it was only a 2,000 unit lead.

DeLoorean also revealed that, for the first time Pontiac sales have topped 10 per cent of the auto market.

In the model year just ended, Pontiac built a record 831,331 cars.

An energy-absorbing steering column, a dual braking system and an inside rear view nonflare tilting mirror are standard equipment on all 1967 Pontiacs.

V8 ENGINE

The standard Pontiac V8 engine has been increased from 380-cubic-inch displacement to 400 cubic inches, and the optional 421-inch engine now has 428-inch displacement.

Horsepower on the standard Catalina and Executive line is 265, and 333 on the Bonneville and Grand Prix. Option Pontiac engines provide a range of 215 to 376 horsepower.

The overhead cam six-cylinder engine of 165 horsepower is standard on the Tempest, Tempest Custom, Tempest Safari and Pontiac LeMans models.

A four-barrel Sprint engine of 215 horsepower is now available on all Tempest station wagons. The standard Pontiac GTO engine of 400-cubic-inch displacement is 335 horsepower.

AN EXCLUSIVE

A 1967 Pontiac exclusive, called the lowest ratio axle in the industry, is a 2.29:1 "overdrive" axle ratio available on selected Catalina models, for increased fuel economy, low speed performance and longer engine life.

Dimensions on the new models remain unchanged from last year. The Catalina and Grand Prix wheelbase is 121 inches, while the Executive and Bonneville wheelbase is 124. All Tempest, Tempest Custom, Pontiac LeMans and Pontiac GTO models have a 115-inch wheelbase.

Over-all length is 215.6 inches on Catalina and Grand Prix models; 222.6 on Executive and Bonneville and 206.6 on all Tempest, Pontiac LeMans and Pontiac GTO models.

The number of models is up from 33 last year to 35 in 1967.

TEMPEST SERIES

The Tempest series includes a sports coupe, four-door sedan and station wagon. The Tempest Custom series includes six: a

(Continued on Page A-3, Col. 1)

Showers Are Forecast

Showers and thundershowers will arrive in the Pontiac area late today or tonight, the weatherman said.

Skies will be partly cloudy tomorrow with temperatures cooler, the low near 48 to 54 tonight, the high climbing into the 60s tomorrow.

Fair and cool is the outlook for Friday.

Morning south to southwesterly winds increasing to 10 to 22 miles per hour will shift to north to northeast at 12 to 25 miles tonight.

A low of 60 was the temperature at 6 a.m. today. By 1 p.m. the mercury had reached 73.

SKETCH OF PLAN — The tentative concept for the proposed Taubman shopping center in the south end of the central business district. The center would be located between the East (top) and

West legs of Wide Track and extend from Lawrence (left), south to the point (right) where the two legs meet.

Wage Bill Due for Final Action

GOP Senators Seek Coverage Changes

WASHINGTON (AP) — Senate Democratic leaders push for final congressional action today on legislation which would raise the minimum wage from \$1.25 an hour to \$1.60 and extend coverage to 8 million additional workers.

But Republican senators want their colleagues to reject the compromise measure and send it back to conference with the House for changes.

Democratic leader Mike Mansfield has arranged for three hours of debate on the measure before a vote. Its sponsors predict passage by a comfortable margin.

The House passed the compromise Wednesday, 259 to 181.

The legislation would raise the wage floor for 28.6 million presently covered employees to \$1.40 next Feb. 1 and \$1.60 on Feb. 1, 1968.

It would bring under the Wages and Hours Act for the first time some farm workers, non-civil service federal workers, non-teaching grade and high school employees, and employees of hotels, motels, restaurants, laundries, transit systems, colleges and universities.

About 1.5 million additional employees of retail stores would be covered.

Sen. Winston L. Prouty, R-Vt., centered his objections on the deletion in conference of an amendment which would have eliminated coverage of 185,000 employees of relatively small business enterprises. He had won 41-58 Senate adoption of the amendment before the conference.

The bill would extend coverage next Feb. 1 to retail stores, hotels, restaurants and many other businesses doing \$500,000 or more of annual business; and on Feb. 1, 1969, to firms doing \$250,000 business a year.

The 389,000 farm workers who would be newly covered by the legislation would be entitled to a \$1 minimum next Feb. 1, and then to two annual 15-cent steps, stopping with a \$1.30 floor Feb. 1, 1969.

The approximately seven million others who would be covered for the first time also would start with \$1 next year but go up in four annual 15-cent steps to \$1.60 by 1971.

The farm workers affected by the bill would be only those on a farm using 500 or more man-days of employment in a three-month period to be covered.

His Pursuit of Safety Is Too Fast

LONDON (AP) — Sir Alfred Owen, one of Britain's top authorities on highway safety, has been convicted for speeding eight times.

Revealing this today, Sir Alfred, 57, said: "I'm doing a lot better now. I'm determined I'm going to restrict myself on my speed and be a law-abiding citizen."

Sir Alfred is chairman of the government's National Road Safety Advisory Council, an organization that makes recommendations on safety to the Transport Ministry.

Sir Alfred said that when he was appointed to the job last year he told former Transport Minister Tom Fraser about his speeding convictions.

Weeks Of Back Pain Now Relieved

"After weeks of pain in my back and hips, I tried DeWitt's Pills—got wonderful relief," says Mrs. R. Gardner, Washington, Iowa.

DeWitt's Pills act fast with a proven analgesic to relieve pain of backache. Their mild diuretic action helps to eliminate retained bladder wastes that can cause physical distress. If pain persists, see your doctor. DeWitt's Pills often succeed where others fail—quickly relieve minor muscle aches and pains, too. Limit use to the genuine DeWitt's Pills. At all drug counters.

DeWitt's Pills

MAKE OVER PAPERS for Expectant Parents

The Oakland County Medical Society, Oakland County Department of Health, and various adult education departments are again sponsoring Expectant Parent Classes. Classes start next week.

The classes will be held in Royal Oak, Birmingham and the OC Health Department on North Telegraph Road. Classes began at 7:30 p.m. and end at 9:30 p.m. There are eight classes in a series. Films and other audio-visual aids will be used to highlight the programs.

The Pontiac classes will be on Mondays: Royal Oak on Wednesdays and Thursdays; and Birmingham on Mondays and Tuesdays. Registrations will not be accepted after the first class. Additional information may be obtained by contacting the Oakland County Health Department on North Telegraph Road.

The Bible has been translated into 219 languages, according to the Encyclopedia Britannica.

Garden Unit Starts Year

A luncheon meeting on Tuesday at the home of Mrs. Burt Bouwkamp on Masefield Court launched the fall season for the Kern Lake branch, Woman's National Farm and Garden Association.

Mrs. Marvin L. Katke, president of the Michigan Division WNFGA, spoke of the background and purposes of the organization.

The hanging basket cover page designed by Mrs. Duane Miller, vice president, for this year's roster symbolized the group's first project since affiliating with WNFGA. Board members assisted the hostess. Twelve guests were welcomed.

Pilot Club Has Meeting on Monday

Plans for a white elephant booth for the Harvest Festival Days at Bloomfield Miracle Mile Shopping Center were discussed at Monday's meeting of the Pilot Club of Pontiac.

Members gathered in the Holiday Inn for the dinner meeting.

Betty Jane Arnold, chairman, and Mrs. William Ginter cochairman, reported on the annual card party to be held on Tuesday at 7 p.m. in the First Federal Savings of Oakland Building.

The event is open to the public.

Mrs. John Buhr gave reports on the Pilot International Founder's Day slated for Oct. 18.

Bride-Elect Is Honored

Karann Marie Stockdale, daughter of the William A. Stockdales of Glenwood Avenue was honored at a recent bridal shower in the home of Mrs. Russell Fahr on Coomer Road, Commerce Township.

The honoree will wed Gerald Lee Insko Saturday in the Grace Lutheran Church. His parents are Mrs. June Insko of Court Drive and James Insko of Merritt Street, Orion Township.

Mrs. Esma Stockdale and Mrs. John Klaseen, grandmothers of the engaged couple were among the 35 shower guests.

Gentle Fragrance

Pour a few drops of your favorite cologne in the rinse water for handkerchiefs. You'll like the lingering fragrance.

Pontiac Press Photo

Lake branch, Woman's National Farm and Garden Association is the president, Mrs. D. A. Cassino, also of Masefield Court.

Steinhelers in Cleveland After Vows

The Richard Alan Steinhelers (Jo Ann Gail Legge) left for a trip to Cleveland after their recent marriage in St. Michael Catholic Church and reception in Devon Gables.

Their parents are Mr. and Mrs. Herald V. Legge of Midland Drive and the Leonard J. Steinhelers of Spence Street.

Susan Legge attended her sister who wore a white knit suit and carried white roses. Lynn D. Steinhelers was his brother's best man.

The couple attended Michigan State University.

Easy Hairdo

Join the revolution. Old George wouldn't mind a bit if today's girls copy his peruke wig style by tying her tresses at the nape of the neck with a colorful ribbon.

Polly's Pointers

A Zipper Problem

DEAR POLLY — I am 12 years old and am making my first dress. It needs a long zipper and my mom does not have a zipper foot to her sewing machine. Can anyone tell me how to put in a zipper without this attachment? — GAYLE

DEAR POLLY — My Pointer is for pregnant or obese ladies. Take a wire coat hanger, pull it out double so the hook remains on one end. This is most useful for picking up most anything that has fallen on the floor. This gadget is also useful for reaching things on closet shelves. I want to thank the reader who sent the solution for perspiration odor in clothes. I used the deodorant soap and it certainly does work. — ELIZABETH

DEAR POLLY — I want to tell A Constant Reader, who has trouble with the birds eating the cherries off her tree, that for many years we used tin cans to solve this problem.

We removed the paper label, punched a hole near the top of the side and used a fine wire to fasten cans to the upper branches of the tree. We usually put two or three on an average-sized tree. Leave the wire long and loose enough so the cans will blow in the breeze.

DEAR POLLY — When a friend or relative is in the hospital and you want to remember her with more than a card, yet not spend as much as you would for flowers or a gift, send a plaça card with 18 dimes attached with cellophane tape and write the following verse on the card:

"When it is snack time or Coke Time,
Won't you please spend one of these dimes?"

One could send more or fewer dimes, all depending on what you want to spend. I have sent these to both elderly people and to children and it seemed to be equally appreciated by all. — JENNIE

DEAR POLLY — In Japan, they tie several large, furry pieces of material or old fur scraps in the higher branches of their cherry trees and the wind moves them so they look like cats and scare the birds away. It works real well here in Colorado. — NAOMI

Miss King Takes Vows

The Thomas (Mich.) Methodist Church was the setting for the recent marriage of Nancy Lee King to Ronald J. Bojack. Both are of Detroit.

They left their wedding reception in Thomas Hall in 1866 horse-and-buggy style, but are motoring to Colorado on their honeymoon.

The bride, daughter of Mrs. Virginia King, East Davison Lake Road, Oxford Township, and Robert King of Flint chose a chapel-length gown of white silk organza and Chantilly lace.

Her veil was bouffant and a Cattleya orchid centered her bouquet of white roses and carnations.

Honor maid was Linda Kolk of Farmington with Linda

King attending her sister as bridesmaid along with Joan Davis.

Douglas Bojack of Chicago was his brother's best man. They are the sons of the Stephen Bojacks of Flat Rock. Ushers were Detroiters James Fitzpatrick and James Fox.

What Quality Beef Does A&P Sell?

That's a fair question. But not an easy one to answer because we have our own quality standards, different from any other meat merchant.

These standards don't fit exactly the familiar terms you know for grades of meat. As an example, did you know that some beef, graded U. S. Choice, just doesn't meet our "Super-Right" specifications? It's true! You see... we don't buy by grade. We use our own high standards to bring you the best values.

That doesn't mean we don't approve of such grading—not at all. It just means we're very fussy about the beef we label "Super-Right." It stands to reason we have to be or A&P wouldn't be America's number one meat merchant.

If you haven't learned the true meaning of "Super-Right" Quality—try it. Let the taste be the test. After all, it doesn't matter what the label or grade is. It's the EAT in the MEAT that counts.

The EAT in the MEAT is unconditionally guaranteed in "Super-Right" Beef. Either you agree that the "Super-Right" Beef you buy is as flavorful, as tender as you think it should be or you get your money back.

Is it any wonder with a quality guarantee like that, that "Super-Right" Beef is the choice of thousands?

Are "Super-Right" Meats a good reason for shopping A&P?

They're one of many!

Tentative Site Plan Shows Taubman Shopping Center Proposal With Parking Areas

Pontiac Press Photo

DOWNTOWN PLAN — Developer A. Alfred Taubman (right) and Mayor William H. Taylor Jr. unveil a tentative sketch of Taubman's proposed shopping center for the southern end of the central business district. The sketch, along with details on the center, was presented yesterday at a luncheon at the Pontiac Elks Temple.

France Quits NATO Group

PARIS (UPI) — France announced today it is withdrawing from the NATO military committee in Washington Oct. 1. It was another major step in President Charles de Gaulle's efforts to lessen France's dependence on the North Atlantic alliance and move it closer to the third force in European affairs.

The Military Committee is the senior military authority of NATO. It is composed of a chief of staff of all member countries except Iceland, which has no armed forces and is represented by a civilian.

The announcement was made to the NATO permanent council by Pierre de Leusse, France's representative. He said henceforth France would be represented on the Washington committee only by a liaison group.

NATO Secretary General Manlio Brosio, U.S. permanent representative Harlan Cleveland and Belgium's Andre de Sterck en replied that France's 14 NATO partners would have to study the French announcement and decide whether France will be allowed to maintain a liaison committee.

Immediately afterwards the full council ratified a decision already approved yesterday by France's NATO partners to transfer Supreme Allied Headquarters (SHAPE) from Rocquencourt, 10 miles west of Paris, to Casteau in southwestern Belgium.

An official announcement said "Every effort will be made to enable the headquarters at Casteau to operate as soon as possible." Representatives of "The 14" decided yesterday to make a rush job of constructing the new headquarters which is expected to cost \$16 million.

NATO sources said it was hoped to make it at least partly operational by April 1, 1967, the deadline set by de Gaulle for France's two military headquarters and all U.S. and other foreign troops and bases to get out of France.

Hunt Renewed for 2 Canadian Fliers in U.P.

HOUGHTON (AP) — Coast Guard helicopters and surface craft have renewed a search for Keweenaw Bay for two Canadian fliers missing since Sept. 5. Reports of fishermen having found wreckage spurred the new search.

Missing are Tom Albridge and Alex Brophie, both of Winnipeg, who disappeared en route from Thunder Bay, Ont., to Toronto. Their last reported radio check-in was over Houghton.

The renewed search is between Jacobsville, on the eastern shore of the Keweenaw Peninsula, and Point Abbeys across Keweenaw Bay. Water in the area is some 150 feet deep.

ACCEPTED INVITATION The council this morning accepted an Italian government invitation to move the NATO Defense College from Paris to Rome. A NATO announcement said it is expected the college will be able to resume its academic work in Rome in January 1967.

Millions Lost in Viet Supplies

WASHINGTON (AP) — Pentagon officials estimated today millions of dollars in building supplies sent to Viet Nam have been stolen outright, damaged in hasty unloading operations or ruined by exposure due to lack of storage facilities.

"A few million dollars worth stolen? Hell, yes," declared a top officer connected with the Viet Nam construction program.

"Well, say below \$10 million — maybe under \$5 million," he added. "We really don't have a fix on it yet."

But a more definite idea of the loss may emerge in November, he said, when civilian contractors complete an inventory now under way at three major depots and 13 warehouses in Viet Nam.

This will be the first accounting of what materials the contractor has used and has in stock — eight months after a gargantuan stream of supplies began pouring into Southeast Asia for U.S. military facilities.

35-Nation Post

EAST LANSING (AP) — Dr. Eugene Jacobson, a Michigan State University professor of psychology, is the new secretary general of the International Union of Psychological Science, which has members from 35 nations.

The Germans scuttled their Graf Spee, a pocket battleship in Montevideo harbor in 1939.

Crime in U.S. Up 8 Pct. at Halfway Point in '66

WASHINGTON (AP) — Rape from 3 per cent in cities of 50,000 and grand larceny paced an 8 per cent increase in U.S. crime for the first six months of 1966, the FBI reported today.

Figures comparing the six months with the same period of 1965 showed that rape, up 12 per cent, made the sharpest increase among violent crimes.

Larceny involving \$50 or more in value jumped 11 per cent and led the increase in property offenses.

Aggravated assault was up 11 per cent, robbery 6 per cent, and murder 3 per cent as violent crimes increased 9 per cent over-all.

Property offenses were up 8 per cent as a group, including a 7 per cent jump for auto theft and a 5 per cent increase for burglary.

All city population categories had crime increases ranging

Joe E. Lewis Takes Aim
on Names in Copa Opener

By EARL WILSON

NEW YORK — The great 1966-'67 season has now opened. There's an itch in my typewriter finger telling me this year everybody'll be throwing money away at night, not being able to guess whether there'll be a tomorrow morning.

Comedian Joe E. Lewis' wondrous opening at the Copacabana — one of three-crued in the new season.

"Frank Sinatra had to change his sleeping — he now has to watch 'Captain Kangaroo.' I took E. said.

"But give Mayor Lindsay credit. He took a city that was tired and run down and converted it into a disaster area. I worked in Las Vegas with Pat Boone. He represented everything that was clean and good and I represented the other side."

Joe E.'s favorite airline was LSD and he had a song about not being able to recognize today's boys from girls which he should have titled "My Gal Hal."

Pertie Merla's big party for Angela ("Auntie Mame") Lansbury, the renowned violinist, was because Pertie, in a flaming orange creation consisting of pants under the skirt-danced a frug with designer Marusia's young husband Etienne Sassi.

"Champagne?" the captains greeted me, and I naturally said "Sure."

At Pertie's insistence, they served, besides anything else you wanted, a bubbling nonalcoholic grape juice bottled in Silverton, Ohio, which may be the savior of people.

Edie Adams and Marty Mills flew from a White House reception to the Mel Thorne-Woody Herman-John Byner opening at Basin St. Edie said Lady Bird spoke to her at the reception about an impersonation of Lady Bird which Edie does. (Edie's line mimicking Lady Bird is "Since Mr. Johnson and I became President.")

Lady Bird nodded and said, "It's true. I used to say 'When we're in the Senate.'"

Today's Secret Stuff: A big Broadway in theatricals with multitudinous influential connections is rumored secretly indicated for bribing an official. . . . Some of the Metropolitan Opera coppers are scared stiff about a musicians' union labor problem threatening the fabulous opening schedule.

THE MIDNIGHT EARL . . . Hy and Maurice Uchitel say the tab for redecorating El Morocco (opening Sept. 22) will be \$500. (They've hired a chef from one of N.Y.'s best restaurants) . . . Mayer Lindas sent a bouquet to Rosemary Clooney, opening at the Royal Box (with regrets he couldn't attend) . . . Lionel Hampton, heading for Europe, will take along Rockefeller campaign literature, "in case I meet tourists from N.Y." . . . Wally Cox drove up to Charlie Bates' in a Mini-Moke, a tiny car. . . . A famed TV and cafe entertainer no longer wears a toupee—he had hairs transplanted from his neck to his scalp, a long, painful and expensive process.

Liza Minnelli flew to Chicago, where boyfriend Peter Allen's appearing (to plan an October wedding?) . . . The Tijuana Brass earned more than \$800,000 in a 14-concert tour . . . The new contract for certain N.Y. hotel workers specifies that, in addition to other increases, they'll get a 50-cent weekly raise if the subway fare goes to 25 cents. . . . Candy Berg reportedly turned down a huge diamond brooch from a Greek millionaire while movie-making there . . . Rock Hudson formed a film production company, calls it Gibraltar (as in Rock of Gibraltar).

Milton Berle wants to buy into a pro football team. (San Diego Chargers, maybe?) . . . Vanessa Redgrave says her nude scenes in "The Blue Bird" are "the last—but won't be her last."

TODAY'S BEST LAUGH: "They say coffee keeps people awake," writes Jack Herbert, "but my uncle is kept awake all night by milk. He delivers it."

(The Best Syndicate, Inc.)

Afro-Asians Hit
Rhodesia PlanCommonwealth Pact
on Issue Is Unlikely

LONDON (UPI) — Intensified Afro-Asian opposition to British Prime Minister Harold Wilson's compromise plan today virtually destroyed hopes for a commonwealth agreement on the way to end the 10-month-old Rhodesian rebellion.

Caucusing to consolidate their opposition, Afro-Asian and Caribbean leaders delayed the start of today's morning session of the commonwealth prime ministers conference by more than an hour.

African delegates made clear they felt Wilson would go no further to meet their demands that Rhodesia should get legal independence only with African majority rule.

The African bloc had support from the Asian countries, the three Caribbean delegates and Cyprus.

Only Australia, New Zealand, Malawi and Malta appeared to support Wilson's complex proposal which calls for eventual African rule.

NO ACTION
The Afro-Asian bloc took no action on a compromise formula drawn up by Canadian Prime Minister Lester Pearson in an eleven-hour effort to avert a grave commonwealth split.

The leading African delegate said the Afro-Asian bloc was determined Wilson should include in his plan the steps — military force or mandatory United Nations sanctions — which he has firmly rejected as too severe.

Negro Named
School Official

DETROIT (AP) — Arthur L. Johnson, deputy director of the Michigan Civil Rights Commission Tuesday became the first Negro to serve as an assistant superintendent in the Detroit school system.

Johnson was appointed to the post of assistant superintendent for community relations to succeed Dr. Norman Drachler, who was named acting superintendent on Aug. 31.

Full-time Set for Meat Probe

Grand Juror Named After 5 Men Charged

GRAND RAPIDS (AP) — Grand Juror Stuart Hoffus named by other Kent County Circuit judges to investigate alleged meat processing in the county, says he plans to devote full time to the investigation.

"I don't know how much time I will devote weekly to the investigation, but tentative plans are that I will give up all my judicial duties," Hoffus said Tuesday.

He said he expects the full inquiry to take from 30 to 40 days.

Atty. Gen. Frank Kelley requested the grand jury Monday after five men were arrested on charges of conspiracy violating state agriculture laws by selling illegally prepared meat for human consumption.

FBI INVESTIGATES Hoffus, 51, was graduated from Colgate University in 1935 and the University of Michigan Law School in 1938.

He served as an FBI investigator from 1942 until 1945 when he returned to private law practice in Grand Rapids.

Hoffus was named Kent County prosecutor in 1954 and was reelected to the post twice.

He was elected easily to the Circuit Court bench in 1959 and is completing his first term. Last month he announced his candidacy for a 10-year term and will be unopposed in the November election.

3 Arrested After Monroe Jewel Theft

MONROE (AP) — It took police in Monroe about 10 minutes to nab a trio of suspected jewel thieves Tuesday afternoon and about an hour to recover an estimated \$5,000 worth of diamond rings.

Monroe County sheriff's deputies said two women entered the Keidan's Jewelry Store in the Monroe Shopping Center and asked to see some expensive watches.

After examining several, including some which a clerk brought from a back room in the store, the women left without buying. Immediately after the women had left, the clerk discovered a case containing 48 rings, at least one of which was worth about \$850, was missing.

A barber next door to the store said two women got into a car with a man and sped away. Ten minutes later, a city detective spotted the car on I-75 in Monroe County.

ARRESTED THREE Sheriff's deputies arrested the three occupants and recovered 22 of the rings from one of the passengers.

A truck driver later discovered a purse on I-75 which contained 19 diamond rings.

Viet Casualties Are Identified

WASHINGTON (AP) — The Defense Department has announced the following casualties in connection with the war in Viet Nam:

Killed as a result of hostile action:

ALABAMA — ARMY — Pfc. Mack A. Knight, Bessemer.

CANADA — Spec. 1 Jason A. G. Perlin, Edmonton, West Bransford.
Classification changed from missing to dead—nonhostile:

ARMY
NEW HAMPSHIRE — Pfc. Paul E. Robbins, Ft. Chester.

N. Carolina Psychologist Feels Minds Can Leave Bodies and Drift Away

By ROB WOOD
RALEIGH, N.C. (AP) — A North Carolina State University psychologist is convinced the minds of many individuals can leave their bodies and drift away, uninhibited by physical barriers or distance.

The phenomenon is called astral (out-of-body) projection.

Dr. E.E. Bernard, who is doing research on the phenomenon, said it is "like lying on a sofa, getting up and seeing your body still lying on the couch."

AT DESK
Dr. Bernard, 36, said he had uncovered one case where an individual experienced astral projection while sitting at a

desk. The mind was projected to a distant city the person had never visited, he said. After the experience, the individual described in detail a street, an office building and the persons he saw.

Dr. Bernard said he investigated and found the street, the building and the people.

Dr. Bernard said his research is not aimed at proving or disproving astral projection because, "I am convinced it is a legitimate phenomenon. In fact, I have experienced astral projection."

His first step is to collect data from persons who claim to have

experienced out-of-body projection. Dr. Bernard claims he has uncovered several cases of individuals who have experienced astral projection once or twice and others he called "old pros" who "can turn this on and off and control the destination of their minds."

Those who experience out-of-body projection once or twice, Dr. Bernard said, "are afraid and worried."

"One individual thought death had called and this person was watching what he thought to be his own dead body. It was not.

Those who experience out-of-body projection once or twice, Dr. Bernard said, "are afraid and worried."

"One individual thought death had called and this person was watching what he thought to be his own dead body. It was not.
