

Ike Renews Indochina Stand

Claims Adams Tried to Hush Security Cases

General Lawton's Aide Brings Accusation Into McCarthy-Army Row

WASHINGTON (AP) — Army counselor John G. Adams was quoted at the McCarthy-Army hearings today as having suggested Maj. Gen. Kirke Lawton withdraw certain security suspensions Lawton had made at Ft. Monmouth, N. J.

Ray H. Jenkins, special counsel to the Senate investigations subcommittee, said a statement to that effect had been made by Capt. Joseph E. Corr Jr., an aide to Lawton.

Jenkins said a memorandum prepared by Corr—and "two hours old"—said Adams made the suggestion to Lawton in a telephone conversation last November.

Secretary of the Army Stevens was in the witness chair and, in response to a question from Jenkins, said he had no recollection about such an Adams-Lawton telephone call.

Jenkins demanded a "yes or no" answer from Stevens as to whether he directed Adams to tell Lawton, in effect: "I hope you can see your way clear to withdraw certain cases which you recommend for removal as bad security risks."

Jenkins quoted Lawton as replying: "I will not. Let the secretary take the responsibility."

Stevens, asked if Adams had reported this matter to him, said he had no "recollection" of it.

This sixth day of the hearings into the McCarthy-Army row revolved about Lawton from the outset.

Chairman Mundt (R-S.D.) had scarcely banged his gavel before Army Counsel Joseph N. Welch was protesting that questions asked yesterday by Sen. McCarthy "created a totally false impression" about Secretary of the Army Stevens' relations with Lawton, commanding officer at Ft. Monmouth.

Welch asked that Maj. Gen. George I. Back, chief Signal Corps officer, be called to the witness chair immediately to bring out "the simple truth."

Mundt turned down the request, saying Stevens should go ahead with his testimony.

Welch pressed Mundt to agree to have Back take the witness stand promptly, and Mundt said that would be done. No time was fixed, however.

At the conclusion of yesterday's hearing Jenkins was asking Stevens whether he had "threatened reprisals" against Lawton because of the general's praise of the work of the McCarthy group in its probe for subversives at Ft. Monmouth.

Taking up that line again, Jenkins produced the note, or memorandum, which he said Capt. Corr had written. Jenkins said it set out what Lawton had told Corr in Jenkins' presence this morning.

The dictated note said Adams, Army counselor and one of the principals in the controversy between McCarthy and Army officials, had said to Lawton: "I can't make heads or tails of it. The most

Bird Backer Asks City Aid

WANTS LOS ANGELES TO SPONSOR BLESSED EVENT—Mother pigeon (top) sits on the egg which Harry Reade asked the city of Los Angeles to sponsor. Reade, writing to the mayor, contends the pigeon laid the egg in his hotel room, forcing him to move and rent a second room, since he is not inclined to "disturb or frustrate an act of God." Since Los Angeles protects birds by law, Reade wants the city to pay for his extra room. Below, Reade watches as father pigeon arrives at open window for checkup.

President Won't Comment About M'Carthy Probe

WASHINGTON (UP)—President Eisenhower refused to get into a discussion of the Army-McCarthy dispute today and whether the current Senate hearings are delaying his legislative program.

But at his news conference, he expressed a certain amount of what he considers natural impatience to get his program enacted.

He said he hopes the whole controversy over Pvt. G. David Schine is concluded very quickly and legislative leaders have assured him that the hearings will not delay his program.

State Draft Quotas Continue to Drop

LANSING (UP)—Michigan draft board's monthly quotas continued to drop with an announcement today that the June call would be for 737 men.

Col. Arthur A. Holmes, State Selective Service director, reported the call was the lowest of the year and was 143 below the May call of 880.

Holmes said that again the June call was expected to be filled with registrants 20 years or older because of the high rate of volunteering of younger men.

Of the June call, Oakland County will furnish 37 men.

GM Sales Hit All-Time High

First Quarter Report Shows Cars Sold Sets Record for Firm

General Motors sold more passenger cars in the first quarter of this year than in any other first quarter in its history.

The corporation, despite lower total dollar sales, also made more money in the first three months of 1954 than it did in 1953's booming first quarter.

Net income was 189 million dollars. For the same quarter of 1953 it was 151 million. The net was equal to \$2.13 a share of stock this year. Last year it was \$1.70.

GM made public its January-March record in an official report to stockholders today. The report was issued by Harlow H. Cutrice, president, and Alfred P. Sloan Jr., board chairman.

Cutrice and Sloan called the first quarter's business "good." GM said its passenger car sales for the first quarter of this year were 705,303. For the first quarter last year this was 691,485. Truck and coach sales were off. This year's figure was 117,910 as against last year's 150,975.

The dollar sales volume this year was \$2 billion 410 million, covering all products. This was 5 percent higher than last year's \$2 billion 360 million.

U.S. to Initiate Antitrust Probe of Auto Firms

Indiana Senator Says Ford, GM Monopolize Car Sales

NEW YORK (AP)—Atty. Herbert Brownell Jr. says the Justice Department is starting a probe of the auto industry for possible antitrust violations because of a "developing pattern of concentration."

Speaking last night before the Economic Club of New York, Brownell said: "We know well that increasing concentration in an important industry contains dangerous potentialities."

"We do not know what is the explanation of the developing pattern of concentration in the automobile industry. We want to find out whether this pattern is nothing more than the consequence of competitive forces at work, or whether any one or more of the facts which amount to collusion or the suppression of competition has been at work."

Recently the Antitrust Division of the Justice Department disclosed it was looking into four specific phases of the auto field. The phases were not enumerated.

Last month, Rep. Shepard J. Crumpacker Jr. (A-Ind) introduced a resolution charging that independent car producers suffered from what he termed high pressure competitive practices by Ford and General Motors.

Congress has taken no action on Crumpacker's proposal.

Crumpacker also asked the Federal Trade Commission to investigate whether Ford and GM were trying to monopolize the auto industry and whether their battle for sales leadership had violated any antitrust laws.

General Motors and Ford both denied their companies were engaged in a race for business or were trying to monopolize the market.

So far this year, Ford and GM have accounted for slightly less than 84 per cent of the automotive market. Chrysler has around 12 per cent, while the small independents share the remaining 4 per cent.

A General Motors spokesman says the company is basing production only on market requirements. Ford and GM further (Continued on Page 2, Col. 4)

Clardy Hearings to Start Monday

Investigators Certain to Question Reluctant Witnesses

DETROIT (UP)—Kit Clardy's (R-Mich) investigators today faced a virtual certainty of meeting with objecting witnesses in their Detroit hearing next week.

The group, a subcommittee of the House Un-American Activities Committee, has said it will probe Communist penetration into schools and labor unions. Its Michigan hearings start in Detroit Monday.

Already on the record with a sharp challenge of the subcommittee's authority are two Wayne University faculty members, Dr. Gerald Harrison and Irving Stein.

Stein, 41, an instructor in physics, said Wednesday night he had been summoned to appear before the committee. He said he would oppose the committee.

"I shall oppose it because I firmly believe in the letter and spirit of the Constitution and our democratic way of life," he said.

Dr. Harrison, 37, Canadian-born physicist who worked on top-secret Navy wartime research, did not say he would refuse to testify.

However, he said a witness would be "more than forthcoming" if he were to give up the law's "constitutional and legal protection."

Clardy meantime commented on the attitude of certain witnesses.

"I'm puzzled to understand why people subpoenaed rush into print and give publicity to the fact while we are silent and refuse to say who will be subpoenaed—then turn around and accuse us of smearing them publicly and convicting innocent people."

Argument Ends in Wounding of Seven

SHOOTING SCENE—Officers fired tear gas into a housing project in San Diego, Calif., yesterday, in battle with an estranged husband, during which seven persons were wounded. Assistant Police Chief

Wes Sharp said Barney Dennis, 30, shot his wife during an argument, then wounded four policemen and a marshal, the latter seriously. Dennis was nicked by a police bullet.

Pontiac Woman Vice President

Mrs. Charles W. Neldrett Elected by Michigan PTA

By HAZEL A. TRUMBULL
Pontiac Press Staff Writer

SAGINAW—Mrs. Charles W. Neldrett of Pontiac was elected first vice president of the Michigan Parent Teacher Assn. at today's final session of the association's 37th annual convention.

Mrs. Neldrett of 62 Mariva St. has served as director of the association's sixth district and was program chairman for this year's convention.

Her new post puts her in line for the association's presidency, held since 1951 by Mrs. Lola B. King of Pontiac.

Mrs. King, outgoing president, has played a key role in the parley here.

Last night she introduced Dr. Eugene B. Elliott, president of Michigan State Normal College, who told the more than 3,000 members that the answer to teacher's pride is "higher pay and greater promise of advancement."

He urged PTA groups to promote higher salaries and encourage a genuine young people to enter the teaching profession.

It is the job of parents, he said, to access the community's school programs and its administration and to ask themselves if they, two, are all they should be.

"We are going to have to lift our horizons even higher on our school programs," said Dr. Elliott. "I almost shudder to think what kind of schools we would have if it were left to either the professional people or parents alone."

Financing, he said, would be given adequate consideration after you get parents working on the school program.

Citing vocational education, industrial art training, physical education and health programs as well as camping projects as the direct result of parent promotion, he said these things were now included in regular curriculum because the people had insisted upon them.

He credited the PTA as a major factor in getting money on state and local levels for school financing.

"I should like to see more schools develop adequate play schedules (Continued on Page 2, Col. 3)

Aphrodisiac Kills 2 London Office Girls

LONDON (UP)—Scotland Yard experts say two pretty office girls who died Tuesday were poisoned by a sexual stimulant called cantharides—Spanish fly.

Arthur Ford, 45, the manager of the drug-making firm where the girls worked, is in the hospital with symptoms of the same type of poisoning. All three became ill after eating chocolate coconut sherbet bought at a shop near their office.

The girls, June Malins, 19, and Betty Grant, 27, died at the office before they could be taken to a hospital.

Detectives said possibly the substance had been put in the confection as a practical joke by someone not aware it was lethal in anything but minute quantities.

No Tell-Tale Tails Give Child Sad Tale to Tell

CHICAGO (UP)—Charles Colletti, 9, has a very real problem. He can't tell when his recently-born puppies are happy.

Four of the five fox terriers were born with no tails.

U.S. Entrance Into Any War Up to Congress

President Claims That Proposed Troop Curb Would Hamper Him

WASHINGTON (AP)—President Eisenhower declared anew today that the United States is not going to get into any war in Indochina unless Congress declares it.

However, the President told a news conference that a proposal in Congress to forbid the sending of American troops to Indochina, or any other place in the world without prior congressional approval, could not fail to damage his flexibility in handling the situation.

The President was asked for his evaluation of the possibility of American combat forces having to be sent to Indochina.

He replied that he already has expressed his views on that matter rather emphatically.

At a news conference about a month ago, he recalled, he said the United States would not get into a war except through constitutional processes.

And that means, Eisenhower said, only through a declaration of war by Congress.

He said this country has provided technical assistance, money, and equipment to bolster the fight against communism in Indochina.

That is as much as the present Foreign Assistance Law permits, he added.

So far as speculation on the future is concerned, the President said, he didn't want to do too much talking at this time.

He noted the Geneva conference dealing with Indochina now is in session and said it would be inappropriate for him to speculate under those circumstances.

On other matters the President had this to say:

The congressional campaign—Eisenhower reiterated that he has no intention of engaging in state and local contests, but he said he does intend to get around the country to make speeches. He predicted the overriding issue of the campaign will be whether the administration has made a record of accomplishment, or—as he put it—has dilly-dallied along the way.

Light Rain Forecast Here for Tomorrow

A blanket of clouds that insulated the Pontiac area against cooler air drifting down from Canada last night upset the U. S. Weather Bureau's forecast of scattered light frost.

Weather observers said the temperature in Southeastern Michigan stayed in the 40s last night and frost occurred in the extreme northern part of the Lower Peninsula. Pontiac's low was 46 degrees.

Showers tonight and light rain tomorrow is the weather outlook. The temperature will range from 5 to 54 tonight to 58 to 62 tomorrow.

The mercury rose from 47 degrees at 8 a. m. today to 56 at 1 p. m. in downtown Pontiac. A low of 39 and a high of 50 were recorded here yesterday.

Trellis Mae Lectures at Her Club

Wilbur Solves McCarthy-Army Muddle

By HAL BOYLE
HOMETOWN, U.S.A.—Trellis Mae Peeble, America's average housewife, gnawed her fingernails in despair as she sat at her writing desk scribbling on a sheet of paper.

"Oh, Wilbur, I'm glad you're home!" she exclaimed, as her husband entered.

"Why?" he asked warily. Like most husbands, Wilbur was too practical a man to see any real reason why his wife should be glad to see him.

"I need your help," said Trellis Mae. "Tomorrow it's my turn to make the weekly current events report to the ladies of the Minerva Literary and Gln Rummy Club. And I'm stumped."

"What's your subject—new trends in girdles?"

"No, it's that McCarthy-Stevens hearing in Washington. I've been watching it on Mrs. Smith's television set next door, and I can't make heads or tails of it. The most

interesting thing happened the third day."

"What was that, dear?"

"Mrs. Smith's baby got her first tooth."

Wilbur shook his head and sighed, "well, honey, what do you want to know about the hearing?"

Lifting her pencil to take notes, Trellis Mae asked:

"First, why is Secretary Stevens trying to draft Sen. McCarthy into the Army? That confuses me."

A look of suspicion crept into

Wilbur's face, then wonder, then utter joy. At last he thought he saw a way to get even with Trellis Mae's club ladies, whom he thought a bunch of dizzy, time-wasting dames.

"Why, that's easy," he said, thinking fast. "Secretary Stevens wants to send McCarthy on an Army mission to Africa to organize the Mau Maus there against the Indochinese invaders. But Adm. G. David Schine—he you've heard of him?"

"Of course, silly. Everybody knows him."

"Well, Adm. Schine is fighting against Sen. Stevens for McCarthy's services. He wants the senator to direct a secret Navy project to build an atom-powered rowboat. It'll free the Navy of oars forever—if it works."

"What won't they think of next? How about Roy Cohn? Is he against Secretary Stevens and Adm. Schine? He doesn't seem (Continued on Page 23, Col. 1)

W. B. HARGREAVES

E. C. MATTHEWS

W. B. Hargreaves and E. C. Matthews Take Over Chevrolet Agency in City

Establishment of a new firm, Matthews-Hargreaves, Inc., to take over the Chevrolet agency in Pontiac, was announced today.

Members of the firm are E. Curtis Matthews and William B. Hargreaves.

They announced that they have leased the four story building on Mill street formerly occupied by the Jack Habel Chevrolet Co., and also the truck and used car display building at 211 S. Saginaw St.

"We will be open for business Saturday," said Matthews. "We will be prepared to handle sales and service on both new and used cars and trucks, and our service department will be ready to open within a few days."

"The building has been completely renovated and painted," he added. "We plan to add considerable new equipment and to (Continued on Page 2, Col. 5)

Turnpike Body Names Engineer

Pennsylvania Official to Take \$15,000 Post With Michigan Authority

LANSING (AP)—Beginning the organization of its permanent staff, the Michigan Turnpike Authority yesterday appointed E. Thomas Baker of Harrisburg, Pa., its chief engineer at \$15,000 a year.

Baker, who is presently chief design engineer for the Pennsylvania Department of Highways, will take over his new duties June 1.

In the meantime, he will work with authority members on picking a site for permanent authority offices. The authority wants to rent a minimum of 3,000 square feet of office space in the north or west suburbs of Detroit. The location would be convenient, members said, to the proposed Bay City-Detroit-Toledo and the Detroit-Chicago turnpikes.

Some members said Ann Arbor would be ideal.

Baker has served 33 years with the Pennsylvania department, working in design, construction, maintenance and administration. He attended Swarthmore College, worked four years in the engineering department of the Pennsylvania Railroad and served in the 32nd Railway Engineers in World War I.

"I will do my best to give you a good job," he said. "I accept with pride."

Authority members said he was the only candidate for the job who was seriously considered.

Mail Truck Kills Tot

MUSKEGON (UP)—Two-year-old Michael Butler was killed Wednesday when he darted into the path of a mail truck driven by Thomas J. Trenter, 37, police said. It was Muskegon's first traffic death of the year and seventh for Muskegon County.

MOTHER OF YEAR—Mrs. Love McDuffie Tolbert, 65, above, of Columbus, Ga., who "stayed at home" while her five sons were growing to manhood, has been named American "Mother of the Year" by the Golden Rule Foundation.

Veteran Barber Retires; 25-Cent Haircut Vanishes

SMYRNA, N. Y. (AP)—The 25-cent haircut, until yesterday an institution in this central New York village, was only a memory today. Barber John Widger, who offered the bargain price, retired last night after a half century in the business.

EYE-CATCHER—The boys at Texas Christian University at Fort Worth never heard a word the professor said, when Jackie Culbertson, of Houston, Tex., showed up for class wearing a horsehair petticoat which held out her full skirt, shown above.

Argument Over Cameras in Courtrooms Continues

By THE ASSOCIATED PRESS
Should the newsman now be permitted to use a camera as well as a pencil in reporting news from the courtroom?

Is the general public—in its historic right to know what takes place in the courts—entitled to a photographic as well as a verbal account?

Or does picture taking interfere with the court's dignity and deprive the defendant of a fair trial—a trial free from undue distractions and influence?

These questions are being answered in different ways these days by courts and newspapers. They don't always see eye to eye, and the disagreement is bringing some notable show-downs. And as this new aspect of court coverage has come to the fore of late, older problems have continued to occupy the press.

It has never ceased to battle with one of the profession's oldest problems—that of obtaining and publishing the fullest account possible of all matters of public business.

There has been a great deal of progress on this front, including passage of laws forcing boards of municipal and state commissions to hold open meetings.

As for courtroom photography, broadcasts and television, the focal point is what is known as Canon 35 of the Code of Judicial Ethics of the American Bar Assn.

Specifically, the canon stated that the taking of photographs in courtrooms, either during court sessions or while the court is in recess, should not be permitted. Broadcasts from the courtroom likewise were opposed.

Two years ago, as a result of the growth of television, it too was included in the ban with radio and photographs.

The bar association itself has no legal connection with the courts of this country, and its canons are in no way binding upon them.

However, it is in general the guiding light for court conduct, since its views are formulated and approved only after long and careful study by leading jurists.

Some judges have gone even further than that barring news photographers from any part of courthouse premises.

In contrast, an Oklahoma City

TV station got permission to make sound films during some trials. Between these two extremes, courts in recent months have defined in various ways what may and may not be done.

Perfect Raindrop Is Difficult to Find

URBANA, Ill. (INS)—The artistically perfect raindrop—pear shaped and beautifully tapered—is more likely to fall from a leaky faucet than the sky.

So report two meteorologists for the Illinois State Water Survey. Douglas M. A. Jones and Lawrence A. Dean, who have photographed and studied the pictures of more than 200,000 drops, said the typical big raindrop is shaped like a fat mushroom, almost flat on the bottom and rounded on top. Smaller drops, they added, are just round balls.

Jones and Dean are classifying raindrops for a scientific purpose at the University of Illinois airport. The Illinois State Water Survey has pioneered in the use of radar to detect, track and study rainfall. To do this best, information about the size of drops, and consequently about how they reflect radar waves, is important.

Gas Station Competition Foreseen by Promoter

LITTLE ROCK, Ark. (AP)—A "terrific race" among competitive service stations for the motorists' dollar is forecast by the sales promotion manager of Continental Oil Co.

J. J. Nesmith told the Arkansas Oil Dealers that no war or panic can so completely destroy a business as can a new and better product in the hands of a competitor. He said many new and better products are in the offing.

Founder's Banquet Has Carnival Air

Celebration Staged by Beta Sigma Phi Chapters

It wasn't difficult to entice members and guests to come to the carnival which the chapters of Beta Sigma Phi planned for their Founder's Day banquet Wednesday evening at Hotel Waldron.

Miniature carousels centered each table and each of the 200 attending was given a miniature sack of popcorn as a favor. Colorfully dressed clowns also were used to add gaiety to the scene.

Myrtle Labbitt, radio commentator well-known for her ability to bring her listeners to tears and then turn them to laughter, spoke briefly on her trip to the Scandinavian countries.

Then Mrs. Labbitt presented a Swedish skit in which she played a Swedish maid in the home of the council president, Betty Giddings.

Mrs. Labbitt brought out many "secrets" of the sorority members as she gossiped over the telephone with an unknown friend.

Mrs. Labbitt was introduced by a chapter sponsor Mrs. Theodore Wiersema. Adah Shelly an honorary member, gave the invocation following the opening ritual.

A message from the founder, Walter Ross, was read by Mrs. Ellsworth, and the Founder's Day Pledge was read by Marilyn Main.

Pat Morris sang three vocal selections. Program committee members were Mrs. Thomas Ogden, Mrs. Cecil Elsholtz and Mrs. Walter Hiller.

Chapter sponsors introduced were Miss Shelly, Mrs. Wiersema, Mrs. E. L. Sturdy, Mrs. M. A. Calbi, Mrs. Mabel Roat and Betty Perkins.

The new president of the City Council of Beta Sigma Phi, Lois McIntyre, was also introduced.

The chapters of the sorority are Zeta Lambda, Alpha Omega, Phi, Zeta Theta Gamma Psi, Zeta Eta, Xi, and Epsilon Rho.

Bagley Hears Panel

A panel discussion about the primary plan was presented at a recent meeting of Bagley School PTA and another meeting stressed "Good Health Promotes Happiness" with speakers from the Oakland County Tuberculosis Association. A discussion was held on the polio vaccine program.

CARLENE LITTLE

Announcing the engagement of their daughter Carlene to Francis A. Thicks are Mr. and Mrs. George W. Little of North Saginaw street. He is the son of Mr. and Mrs. Kenneth L. Thicks of LaPeer. No date has been set for the wedding.

U-M Alumnae Tour Kingswood

Mariam Goodale, headmistress Kingswood School Cranbrook, conducted members of the University of Michigan Alumnae Club on a tour of the school Tuesday afternoon.

After the tour, Miss Goodale showed pictures of activities and explained the work of the school. Mrs. T. E. Wiersema planned the day's program for the group.

Members who are planning to tour the University of Michigan campus on May 8 are asked to contact Mrs. Robert Tarr before Friday.

Mariam Goodale, headmistress Mrs. Donald Brownell, Mrs. Wiersema and Mrs. Tarr will open their homes on Friday for the first in a series of benefit bridge parties planned to raise funds for the groups scholarship project.

PEO Entertained at Mrs. Vantine's

Mrs. E. E. Vantine of Pontiac Lake road opened her home Monday afternoon to members of PEO Sisterhood, Chapter CL. Twelve members and one guest were present.

Mrs. Charles Buck presided at the business meeting. Reports from the state convention held last week in East Lansing at Kellogg Hall were presented by the delegates, Mrs. Buck and Mrs. W. Henry Sink.

In Hanging Mirrors—Do It Right

TOLEDO, Ohio (INS) — With mirrors making a strong bid for the spotlight in the home decor—learn more about the right way to hang them, homemakers should hang and maintain them for maximum benefit and pleasure through the years.

Like any other do-it-yourself chore, there are wrong and right ways to perform the task, here are some "right" tips for hanging decorative mirrors.

1. If mirror weighs less than 55 pounds, use a double strand of twisted picture wire and suspend it from two wall brackets, placed three to five inches apart to prevent swaying. Be sure hangers and wires are completely concealed.

2. If mirror weighs more than 55 pounds, suspend it by wire loops from brackets the same distance apart as hangers on mirror. Many of the better polished plate glass mirrors found in retail outlets have special adjustable hangers which eliminate wires, enabling you to "level" the mirror accurately without taking it down from the wall.

3. Hang a square or rectangular mirror parallel to the wall. A shaped mirror may be hung at a slight angle. Suspend all mirrors from postern-type brackets (nail at angle) that are rated to hold twice the mirror's weight (four pounds a square foot).

Blue Star Makes Convention Plans

Plans for the state convention to be held June 6 through 9 in Hotel Detroit were made when Blue Star Mothers Chapter Four met Tuesday in the YMCA.

Mrs. George Leininger is delegate and Mrs. Wilbert Fitzthomas is alternate. Mrs. Harold Leininger was welcomed as a new member. Several donations were made by the group.

Try New Tricks With Baby Food

LUNCHEON FOR TWO—With National Baby Week coming up May 1-8 this year, we present luncheon for mother and baby, using the popular, time-saving canned baby foods. To left: portions

Orange Sponge Cups Prove Taste-Tingling

An easy but taste-tingling dessert is Orange Sponge Cups. It features quick-frozen orange juice concentrate to give it an orchard-fresh orange flavor. Mark this down as a subtle way of getting more precious vitamin C into your family's diet.

Orange Sponge Cups

2 tablespoons butter
1/2 cup sugar
2 egg yolks, unbeaten
1/4 cup quick-frozen orange juice concentrate
1 cup milk
2 tablespoons flour
1 egg white
2 egg whites

Cream butter, add sugar gradually, and cream thoroughly. Add egg yolks and beat well. Add concentrated orange juice, then flour. Add milk gradually, blending well. Beat egg whites until stiff, but

not dry, and fold into orange mixture. Turn into greased custard cups. Place custard cups in pan of hot water and bake in 375 oven, 35 minutes. When done, top will be sponge and bottom will be custard. Chill. Unmold, if desired. Serve plain or with whipped cream. Makes 5 servings.

Combine Savory Soups With Cheese, Crackers

All the kinds of savory hot soup plus cheese and crackers add up to mighty pleasant menu duets. Especially enjoyable is tomato soup and shredded-wheat crackers with sharp Cheddar cheese or smoked cheese.

Mushroom soup takes well to round butter-type crackers spread with blue cheese or cream cheese. Complete the repast with tart fruit like grapefruit or perhaps pears.

Children Will Like Unusual Custard

The children will beg for more when you serve this delicious custard. It is good for them too, as it contains plenty of milk and eggs, both essential to growing children.

Luncheon Custard

1 1/2 cups milk, scalded
3 crumbled graham crackers
2 eggs, slightly beaten
2 tablespoons sugar
Dash of salt
1/4 teaspoon vanilla
8 quartered marshmallows

Pour milk over cracker crumbs. Stir in combined eggs, sugar, salt and vanilla. Fold in marshmallows. Pour into 6 custard cups. Place in shallow pan with 1-inch hot water around cups. Bake in 325 oven, 45 minutes or until a silver knife inserted in center comes out clean. Serves 6.

Try to revive them before discarding wilted vegetables. They may respond nicely to a soaking in cold water.

Chives Enrich Meals
You can enliven meals no end if you have chives growing in a pot on your kitchen window. Chop and add them to baked stuffed or mashed potatoes; sprinkle them into a green salad or over cream

of tomato soup; scatter them lavishly over a cube steak that's going into a lunch or supper sandwich.
Trying to remove a cod-liver oil stain? Try this: sponge the stain into a green salad or over cream with glycerine, then launder.

NATURALLY SWEETER
BETTER, NATURALLY

TreeSweet
PURE GRAPEFRUIT JUICE

Leftovers Make Lunch for Mom

Even Dad Will Howl for More if Baby's Food Is Spiced for Adults

Baby is King, at least for the week of May 1-8. Back in 1949 Baby Week and Noise Abatement Week were in collision. No one could decide whether coincidence or collusion was responsible for the overlapping dates.

Noise abaters weren't even admitted to the nurseries, where in keeping with tradition, baby's own week was a howling success. The NAW forces retreated to the seclusion of a separate week.

Your baby will do more smiling than howling when he sees the array of canned baby foods that are available in today's stores. Feed Junior and have your own lunch out of the same cans.

The strained fruits are delicious "as is," or heated and spooned over hot French toast, or served as a sauce over custards and puddings.

Add seasonings to meats for tasty French-toasted sandwiches; fruits combined with beaten egg white or cream for quick dessert whips.

Strained and junior vegetables may be spiced and served as a vegetable or added to soups or gravies. A dash of nutmeg adds the gourmet touch to baby's spinach. Minced onion sparks peas or green beans to welcome adult fare.

Chopped or dried mint combines readily with carrots. Squash teams with nutmeg, ginger, butter and a generous sprinkling of salt and pepper for more good eating.

Use the baby food meats for sandwich fillings, fillings for stuffed baked potatoes, meat custards, with creamed vegetables, for example. There are many ways to use up the leftovers for mother's lunch—quick, good to eat, nutritious too.

Shy About Making Bread? Then Try Batter Method

By JANET ODELL
Pontiac Press Food Editor

A few weeks ago we talked about making homemade bread. I hope many of you have tried your hand at it and have found out what fun it is. To you and to those timid souls who shy away from kneading bread we now present the Batter Method.

Batter breads have a higher proportion of liquid to flour than do regular yeast breads. There is no necessity to knead or to shape the doughs. Batters rise only once, either in the mixing bowl or in the baking pan. This saves you time and work.

Batter bread must be beaten for a short time, either with a wooden spoon or with your mixer. If you use the mixer, use it for beating in only half the flour; stir in the rest. This will eliminate having the dough "climb" the beaters.

Batter method dough looks different from regular dough when it has doubled in bulk. The top looks moist and somewhat rough with small bubbles just under the surface. Because they are softer than doughs these batters take on the shape of the baking pan, making them ideal breads to bake in a mold.

Be sure to follow directions exactly. If you do, you will have a delicious hot bread, casserole bread or waffles. Why not try one of these recipes today?

Raisin Casserole Bread

1/2 cup hot water
1/2 cup sugar
1/2 teaspoon salt
1/2 cup shortening
1/2 cup warm water
2 packages dry yeast
1 egg, beaten
3/4 cups sifted enriched flour
1 cup seedless raisins

Mix together the hot water, sugar, salt and shortening. Cool to lukewarm. Sprinkle yeast into the warm water in a bowl. Stir until dissolved.

Stir in cooled mixture. Add egg, flour and raisins. Stir until well blended, about 2 minutes.

Let rise in warm place, free from draft, about 50 minutes or until more than doubled in bulk. Stir down. Beat vigorously about 1/2 minute. Turn into greased 1 1/2 quart casserole.

Bake uncovered in hot oven at 400 degrees for about 45 minutes. Do not be alarmed if casserole bread seems to rise to great heights while baking; this is normal. Makes 1 loaf.

Have you ever tried yeast raised waffles? Now's your chance.

Whole Wheat Waffles

1 1/2 cups milk
1/2 cup honey
1/2 teaspoon salt
2 tablespoons shortening
1/2 cup warm water
1 package dry yeast
2 eggs, beaten
3 cups whole wheat flour

Scald the milk, stir in honey, salt and shortening. Cool to lukewarm. Sprinkle yeast into warm water in a bowl. Stir until dissolved. Stir in lukewarm milk mixture. Add eggs and flour. Beat until smooth. Cover. Let rise in warm place free from draft, until doubled in bulk, about 40 minutes. Stir batter down.

Bake in waffle iron at medium heat until golden brown, about 8 minutes. Makes 5 large waffles.

Meat and Egg Dish for Breakfast, Lunch

Try this easy-to-prepare meat and egg dish for leisurely Sunday brunch or daily luncheon. Right for grown-ups and juniors.

Eggs With Liver and Bacon

2 eggs
2 tablespoons evaporated milk
2 tablespoons evaporated milk or cream
1/2 can junior (chopped) liver and bacon
Salt
1 tablespoon butter or margarine

Beat eggs. Add milk or cream, chopped liver and bacon and salt. Melt better or margarine in small frying pan. Pour mixture into pan and cook over low heat, stirring until consistency is creamy.

Serve at once, garnished with red jelly or parsley. Serves 2.

Swap Comes Wednesday

One-Day Exchange Is Part of Michigan Week Observance

ROCHESTER — Village President Clarence Burr of Rochester will trade places with Clarence J. Marterin, mayor of Essexville, next Wednesday as a feature of Michigan Week.

Village councilmen here this week set up committees and mapped final plans for celebrating Michigan Week, May 2-8, which is designed to help communities all over the state become acquainted.

President Burr will travel to Essexville Wednesday where he will attend a luncheon and dinner, preside over the meeting of Essexville's Council and meet with the Board of Commerce. He will be accompanied by Frank Rewald, past village president.

Mayor Materin and his guests will be greeted here at Taylor and Fifth Sts. by the Rochester High School Band and an escort.

The out-of-town guests will be escorted to the Village Council chambers where Mayor Materin will be formally welcomed to the village by Manager Robert Stone and Council members Paul Hoffmeister, John Dahlman and Sidney Ennis.

Fifteen local officials and Mayor Materin will also attend a luncheon meeting. Included will be Council members, Village Clerk Lillian Easterie, Secretary Ila May Patton, heads of the village fire and water departments and members of the Avon Township Board.

The key to the village will be presented to Mayor Materin by Councilman Ennis. During the afternoon the visitor will be taken on a tour of Rochester and Avon Township industries.

Materin will preside over the Village Council meeting at 8 p.m. A typical agenda in the affairs of Rochester will confront Council members.

Especially for Michigan Week, Rochester has purchased a new state flag and will fly the banner during next week's festivities.

MOMS Hold Tea

AUBURN HEIGHTS — MOMS Unit 19 will hold its Silver Tea at 7:30 p.m. today at the home of Mrs. William H. Gibbs, 3087 Lincoln. The public is invited.

Club Holds Bake Sale

CLARENCEVILLE — The Opti-Mrs. Club will sponsor a bake sale Saturday at the Judson Glass and Mirror Co. on Grand River. An apron and earring booth will be featured.

County Calendar

Rochester Executive board of the Women's Fellowship of Congregational Church will meet at 7:30 p.m. today at the church.

New Hudson Western Service Guild of New Hudson Methodist Church will meet tonight at the home of Mrs. George Miles. Mrs. Albert Krueger and Mrs. Wayne Walker will have charge of the program.

Drayton Plains Diocesan Women's Auxiliary of St. Andrew's Episcopal Church meets at All Saints Church, Pontiac, at 11 a.m. tomorrow for a Communion and luncheon.

Saturday at 9:30 a.m. a confirmation class will be held at St. Andrew's Episcopal Church for youths 11 years old and older who are considering confirmation. J. B. Landon will conduct the first class.

MR. AND MRS. S. E. SELMES

CELEBRATE 60TH ANNIVERSARY—Mr. and Mrs. S. E. Selmes of 4083 S. Commerce Rd., Milford, will celebrate their golden wedding anniversary Sunday with an open house at their home from 2 to 5 p.m. Mr. and Mrs. Selmes have lived in the area all their lives. They were married May 4, 1904 in Pontiac and have one son, Velmore Selmes.

Marie Ruth Asch Is Wed in Candlelight Ceremony

MILFORD—Before an altar decorated with white snapdragons and lilies, Marie Ruth Asch became the bride of James Floyd Goodwill in Presbyterian Church Saturday evening.

The bride's parents are Mr. and Mrs. Max Asch of 700 W. Maple Rd., while the bridegroom's parents are Mr. and Mrs. Martin Goodwill of Rochester.

Wanda Bleach of Detroit was maid of honor and William Grubba of Clarkston was best man.

Attending the bride were Patricia Dyer, JoAnn Haigst and Adele Asch, all of Detroit. James Clark of Milford and Richard Goodwill of Rochester served as ushers.

For the candlelight ceremony, the bride chose a ballerina-length gown of white nylon lace. A fitted lace jacket covered the strapless bodice and a pleated bustle was gathered at the back.

A single strand of pearls was the only jewelry worn by the bride.

A fingertip veil was held in place by a pearl-studded tiara.

A reception followed in the church parlors.

The newlyweds plan a summer trip. Until then they will reside in Milford.

Street Light Installing Done

Waterford Supervisor Reports Job Finished at 9 Intersections

WATERFORD TOWNSHIP — Completion of installation of street lights at nine intersections last week was announced today by Lloyd Anderson, Waterford Township supervisor.

Anderson said the installations were the result of a traffic survey made by the police department.

The corners ranked highest in accident rate, according to the survey. They are:

Airport and Hatcher's Rds., Scott Lake and Watkins Lake Rds., Scott Lake and Elizabeth Lake Rds., Elizabeth Lake and Cooley Lake Rds., Walton and Silver Lake Rds., Scott Lake and Pontiac Lake Rds., M59 at Pontiac Lake Rd., Williams Lake and Airport Rds. and Cass Lake and Cooley Lake Rds.

Anderson said it was hoped the township's accident rate would be cut by the new lights.

Holly Village Council Takes No Action on Proposed Sidewalk, Hall Building

HOLLY — Two main issues were mulled over here Tuesday night by the Village Council, a proposed new sidewalk construction, and a new village hall — and no action was taken on either.

Discussion of economy methods between President Worth Hitchcock, councilmen and Village Manager Anders Hultvedt also took a piece of the three and one-half hour meeting.

After some preliminary sparring with eight to 10 visitors over a sidewalk construction program along East Maple street east of the new school, the Council appointed Mrs. William Weigant of 814 Maple St., to approach other property owners along the strip slated for sidewalks, to get their reactions.

Mrs. Weigant, who voiced disapproval of the walk proposed for the south side of Maple, told the Council, "It is more convenient for the children to walk along the other side. I'm not objecting to progress, but what about the trees and flowers in our front yard."

The Council, concerned with the safety of children who use the road leading east from the school, pointed out that surveying and filling on the south side had already been started.

"It would also require a tremendous amount of fill on the north side for a walk," President Hitchcock pointed out.

Councilman Paul Cohen pointed out that new sidewalks would cost the property owner 60 per cent of construction expense. Councilman M. Bryce Dabier noted that any repairs needed to walks now in use would be paid by land owner 100 per cent.

Fire Chief Maynard Lowe presented equipment needs to the Council and pointed out that petty pilferage of rope, hose, boots and coats every year inflated the departmental needs.

Although he intimated that he knew who might be responsible for some of the pilferage which are eating up the taxpayers' fire protection dollars, he refused to

Residents File Drain Protest

Avon Township Home Owners Call Drainage Facilities Inadequate

AVON TOWNSHIP — Thirty-five home owners in the southwest portion of the township last night voiced their protests over a lack of adequate drainage facilities in their area at a meeting of the Township Board.

Spokesmen from different streets in a four-mile square section of the township said their basements were frequently under two feet of water and their garages were also "swamped."

They demanded action of the Township Board and the Oakland County Drain Commission in solving the problem.

Township Board members had previously passed a resolution requesting the drain commission to make a survey of drainage problems in the area.

The area is bounded by Livernol, South Boulevard, Adams road and east of Crooks road.

Cyril E. Miller, township supervisor, appointed a committee of three men to meet with Township Attorney J. R. Bebout and the drain commission to study the township problem.

Committee members are Donald Ross, chairman, Wilson Gisse and Leonard Henderson.

Residents also protested heavy traffic on Auburn road last night. Spokesmen cited a near accident on the road Tuesday when a car, passing several other cars, nearly hit a school bus. They also said heavily loaded gravel trucks go too fast on the road during school hours and that traffic laws aren't being enforced.

Supervisor Miller said the sheriff's department would be contacted regarding the traffic problem.

Mother, Daughter Dinner to Be Held

ROCHESTER — With the theme "There is Music in the Air," St. Mother and Daughter Banquet will be held next Thursday.

Mrs. Florence Hall of Royal Oak, folk song singer, will direct the program.

Mrs. Harry Cook is ticket sale chairman. Tickets are also available from each church circle chairman.

Clarkston Youth Gets His AF ROTC Wings

CLARKSTON — A Clarkston youth was one of 34 Air Force ROTC cadets at Hobart College to receive ROTC wings during drills last week. He is Robert S. Rose, son of A. L. Rose of Route No. 1.

The wings indicate that the cadets have met all requirements for entrance to flight training schools.

"We have got to cut down expenses," Hitchcock said, and pointed out that a good place to start was with \$6,500 paid to Hultvedt and his secretary. This savings could go for a new sewage disposal plant.

"I think the record speaks for itself," retorted Hultvedt, referring to his saving of village money last year. Hitchcock replied, "The only record I want is something produced for the money."

Council members suggested that Hitchcock compile more figures for his proposed village hall and take it to a vote of the people.

They also suggested that proposed economy moves be held up until a budget could be prepared for study. Village Manager Hultvedt said a 1954-55 budget would be ready for study at the next meeting.

GRETCHEN ADELE SCRIBNER

Mr. and Mrs. Wilmer O. Scribner of 500 Second St., Rochester, announce the engagement of their daughter, Gretchen Adele, to Donald F. Achberger. Donald is the son of Mr. and Mrs. Frank Achberger of Middletown, Ohio. He is stationed with the Navy at Pensacola, Fla. No date has been set for the wedding.

Complete Plans for Senior Day

Milford High Students to Take Over 35 Stores to Build Fund

MILFORD — Final plans for "Senior Day" were made yesterday at a meeting of Milford High School students and local businessmen.

Next Wednesday, the students will take over 35 stores. Profits—up to \$500—will go into the general senior fund for a seven-day trip to Washington in June.

This will be the first year businesses will be taken over by seniors. Previously, they took over village government for a day.

If the plan proves successful, businessmen have agreed to establish the project as an annual affair.

Although it is primarily a senior project, the freshman, sophomore and junior classes are joining in to help the graduating students.

Expenses for class trip for the 80 seniors are estimated at \$3,600 by Lester Howe, class adviser.

Any profit over the \$500 (plus \$100 expenses) limit will go to the Chamber of Commerce, which is sponsoring the event.

GM Choristers Sing Tonight in Rochester

ROCHESTER—The General Motors Mixed Chorus of 80 voices will be presented tonight at 8:30 in the auditorium of Rochester High School in a program sponsored by Rochester Tuesday Musicals.

Directed by Robert Hines, the chorus will sing "The Lost Chord," "The Night is Young," "The Battle Hymn of the Republic" and other numbers.

Also soloist Shirley Harris will also be featured and Arlene Forrester and Herbert Hupp will be presented in a two-piano selection.

The Tuesday Musicals will hold its annual meeting next Tuesday evening. Past presidents will be hostesses. A program has been arranged consisting of numbers by a chorus directed by Mrs. Stowell Collins and a string quartet directed by Worth Mallory.

Mrs. Tabar Announces Daughter's Engagement

ALMONT — Mrs. Barbara Tabar announces the engagement of her daughter, Barbara Sue, to Robert B. Grant, son of Dr. and Mrs. Donald Grant of Grosse Pointe.

No date has been set for the wedding.

Council Fills Board Vacancy

Rochester Man Named to Review Body After Incumbent Resigns

ROCHESTER—Village councilmen here this week appointed Leslie H. Aris of 420 Second St. to a one-year term on the board of review to fill a vacancy created by the resignation of Charles Sterns.

In other action, the Council received a communication from the Avon Township Board asking the village to furnish a fire call communication system for the new Avondale Fire Department.

The Council voted to instruct Village Manager Robert Stone and Fire Chief George Ross to negotiate with the Township Board regarding the communication system.

The Council also changed dates for the Women's Relief Corps tag day sale to Friday and Saturday, June 25-26.

An invitation was accepted by councilmen to the Fenton Regional meeting May 12 for a 2:30 p.m. meeting and dinner at the Fenton Community Building. Expected to attend are councilmen Frank Rewald, John Dahlman, Sidney Ennis, Paul Hoffmeister, Manager Stone, President Clarence Burr and Village Attorney Roscoe Martin.

120 Rochester Seniors Attend Annual Banquet

ROCHESTER — Attending the annual Senior Banquet at the Hillcrest Country Club near Mt. Clemens Tuesday were 120 Rochester seniors.

A short dinner program included the class welcome by President by George Stringer, class sponsor.

Jerry Dahlman and informal talks and Donald C. Baldwin, superintendent of schools.
