Train of the Future on Inaugural Run

AP Wirephoto

ENTERING ANN ARBOR — New York Central's new 100-mile-an-hour Aerotrain flashes into Ann Arbor yesterday afternoon on its maiden run from Chicago to Detroit. Here it is running beneath the Huron Valley bridge at the city's northern limits.

Built by GMC Truck Divison

Aerotrains in Initial Runs

Two lower - cost, lightweight trains made inaugural runs in the East and Midwest yesterday, presenting "trains of the future" which rail officials hope will solve some passenger train financial headaches.

The pair of "aerotrains"—sleek, 10-coach units made of aluminum and steel and built by General Motors Corp.—streaked nonstop between Chicago and Detroit and between Washington and Philadelphia.

Considerable part of the sleek new trains is the product of the General Motors Truck & Coach Division here, and a group of GMTC officials, headed by P. J. Monaghan, general manager of the division, was aboard on the Chicago to Detroit trip.

In the party from the GMC Truck division, in addition to Monaghan, were C. V. Crockett, chief engineer; Everett Allen, an assistant chief engineer; F. A. Franklin, W. A. Strong and H. E. Fox, coach engineers; Carl Rogers, superintendent of truck and coach production, and B. W. Crandall, public relations department.

General Motors developed its revolutionary Aerotrain as a contribution which it hopes will help American railroads during a period "when transportation will become a vastly bigger job than it is today," President Harlow H. Curtice said.

He spoke at a luncheon in Detroit following the inaugural run from Chicago to Detroit and return. Luncheon hosts were Robert E. Young, chairman of the board, and Alfred E. Perlman, president, of New York Central.

C. R. Osborn, vice president of General Motors in charge of the engine group, spoke last night at a dinner given by James M. Symes, president of the Pennsylvania Railroad, for guests on that railroad's inaugural run of an Aerotrain from Washington, D. C., to Philadelphia and return.

The first official maiden trip went to the New York Central Railroad with the Chicago-Detroit run, which ended nearly 2½ hours before the Pennsylvania Railroad's run left the nation's capital.

The 283-mile midwest trip was made in 3 hours and 59 minutes.

Banning Alcohol, Tobacco and Men Will Bring $300

LOS ANGELES (AP)—Two women will receive $300 a month for life if they can do without three things: alcohol, tobacco and men.

This strange condition was part of a will left by Percy T. Martin, a wealthy real estate developer. He died in 1952 leaving an estate of $448,946.

Mrs. Helen Dill, 53, a widow now living in Owensville, Ind., and Miss Frances Miller, 51, friends of Martin, were each left $300 a month if they do not indulge in alcohol, tobacco or become engaged or married.

The will was approved yesterday in Superior Court. Each woman was awarded a retroactive payment of $8,700. Both had filed affidavits attesting that they were meeting conditions of the bequest.

Rayburn Celebrates 74th Birthday Today

WASHINGTON (AP)—Speaker of the House Sam Rayburn (D-Tex) turned 74 today, looking and acting younger than many colleagues much his junior.

Wires and telephone calls reached his capitol office congratulating him. He has served as speaker longer than any other person in history—11 years, 3 months and 20 days.

(See story page 5)

Just before the House recessed yesterday for the weekend, members of both political parties eulogized Rayburn, who has been a member of that body since March 4, 1913. It was noted that he has served longer than any other present House member.

Sears Dropping Trading Stamps Following Trial

CHICAGO — Sears Roebuck & Co., is in the process of terminating its trading stamp plan, begun last year in five Illinois cities.

"It hasn't worked out as well as the company had anticipated," was the only comment Sears officials would make in explaining their action.

Pistol Misfires During Dispute

Faulty Bullet Prevents Shooting Over Payment of Towing Charge

Pontiac Police say a faulty cartridge saved Maurice Swan, of 39 Camley St., from injury yesterday.

They are holding Ross Little, 45, of 461 Bartlett St., for investigation of attempted murder, after a dispute over a towing charge of $3.30.

Swan told police Little and his son, Leroy, 23, entered Schroeder's Service station at 440 N. Paddock St. last night and demanded the keys to Little's car. It was being held for a towing fee.

When he refused, Swan said, an argument developed and Little pulled a .25 calibre automatic pistol. Aiming at him, Little pulled the trigger, Swan said, but the cartridge failed to explode.

Leroy Little persuaded his father to leave the gas station, Swan added.

Pontiac Detective Inspector Clark Wheaton said today the bullet in the chamber of the impounded gun shows the mark of the firing pin which failed to explode it.

28,726 Families Hit by Christmas Floods

SAN FRANCISCO (AP)—The Red Cross said today 28,726 families were affected by the Christmas floods in California, Oregon and Nevada.

Cecil H. Davis, relief director, said the Red Cross plans to spend eight million dollars for relief. He predicted 10,000 families would register for long-term help.

In the three states, Davis said, 1,037 homes were destroyed and 14,424 damaged, 624 other buildings were destroyed and 2,432 damaged.

The floods, which covered a million acres, caused damage estimated at 150 million dollars.

The death toll was 73

Bridge to Open in 1957

NEW YORK (AP) — Builders of Michigan's 100 million dollar Mackinac Bridge say it will be open to traffic in November, 1957, as originally scheduled, despite cold weather that has hampered construction.

Fog Smothers Southern Britain

Worst Haze in 3 Years Blankets London; Halts All Air Travel

LONDON (AP) — Slight northeast winds today broke up the worst fog Britain has had in three years. But the weatherman said relief was only temporary.

The forecast was for another choking night of the smoke-laden pall that has gripped southern England for the past 48 hours, halting all air service to and from London.

Into the swirling mists, millions of chimneys funneled soot, sulphur dioxide and other coal by-products.

Scientific teams analyzing the dense black vapor during the night said it was even more poisonous than the great smog of 1952 which claimed 4,000 lives.

A spokesman for the British Oxygen Co. said more emergency calls for oxygen were received yesterday than ever before.

PATIENTS INCREASING

"The number of patients with chest diseases has greatly increased in the hospitals since the smog descended and numerous hospitals have asked for oxygen tanks to meet the emergency," he said.

Police said the last 24 hours had been the hospitals' busiest of the winter, and scores of people collapsed on the streets.

The great darkness was attributed officially to a layer of still, warm air overlying a ground layer of cold, moist air.

For the third straight day, the giant London air terminal was deserted with international flying traffic out of the airport at a standstill.

Need for Engineers Told by Robert M. Critchfield

Robert M. Critchfield, general manager of the Pontiac Motor Division, told Pontiac Rotarians yesterday at their weekly luncheon of the increased need for college engineering graduates in industry.

He said a recent survey conducted by General Motors showed that of the 23,000 college graduates employed by GM, only 9,600 were engineering graduates.

Critchfield also spoke of the big reception that the 1956 Pontiac automobile was receiving across the country.

"We feel that it is going to be a very good year and that Pontiac will make its mark," he added.

He urged Rotarians to give support to President Eisenhower's highway program to further assure its success.

Anti-Reds Blast Coalition Plan for French Rule

Socialist Leaders Seek Republican-Type Front Without Joining Others

PARIS (INS)—Outgoing Premier Edgar Faure's proposal for a broad centrist coalition to govern France encountered growing opposition today within the anti-Red leftist republican front.

The moderate leftists, led by Socialist Guy Mollet and former Premier Pierre Mendes-France, want to establish a basically republican front government without joining a formal coalition.

They do, however, accept the necessity of including in the next cabinet certain individuals from other parties to help solve such pressing problems as Algeria.

Mollet and Mendes-France lunched together yesterday. Afterwards, the Socialist Party leader announced:

"We shall not lend ourselves to the effort to confuse the issue by talking of a 'national union'."

The radical Socialist leader endorsed that statement.

Faure, who led a group of moderate, right of center parties in Monday's election, had called for a national union government to "save" the republic.

Neither moderate bloc won a majority in the new assembly which convenes on Jan. 19.

More than 150 Communists will sit on the left in the chamber and 52 rightist supporters of Pierre "anti-tax" Poujade will be on the other side.

This morning, L'Express, the daily newspaper which supports Mendes-France, editorially called for the invalidation of the election of the 52 "Poujadists."

The paper said the deputies had publicly pledged never to vote without the previous agreement of the Poujadist National Committee.

L'Express said this violated the terms of an 1875 law forbidding deputies from making pledges that prevent them from exercising their own judgment in legislation.

Weather Prediction Says Snow, Colder

The weatherman says that it will be windy and colder with snow flurries tonight and tomorrow.

The low tonight will be around 20. The high tomorrow will range from 24 to 28 degrees.

The five-day Michigan weather prediction foresees temperatures averaging from 3 to 5 degrees below normal. There will be little change in the temperature through Wednesday with the exception of a warmer spell about Monday.

The lowest temperature preceding 8 a.m. was 28 degrees. The thermometer registered 42 at 2 p.m.

Leap Year Lamentation

Seems Like Sad Start, Boys, Girls Torn Apart

Then hey, for home and hearth, lad,
Or, round the world . . . get-away;
You've got to run the course, lad,
Or let bachelorhood lose sway.
(Apologies to the poet, Charles Kingsley)

The bounders are bounding
The girls they are hounding;
Let the wolves whistle and wink
We're less gullible than they think.
(Our apologies to no one)

By BURT STODDARD

Why these furtive meetings in the dells and clandestine gatherings in the highlands?

BURT

Why is the wily bachelor bounding from burrow to hassock with watchful eye and palpitating heart?

Why did the Better - Dead-Than - Wed Alliance meet in emergency session last week.

Why—for Pete's sake, ask me why. You ask why? All right, I'll tell you.

The female phalanxes are forming.

They are donning red coats and starving their hounds.

Hair dyes are dyeing . . . Dryers are drying . . . J. P.'s are waiting . . . Expecting more dating . .

Sirening classes have tripled enrollment. Reducing salons are reaping rich returns. The female ranks are rife with figure analyzers.

"Every month this year is June, my dear," is the cry.

That cry rings out . . . The girls all shout . . . Leap year! Leap Year! Leap Year!

Yes, O' sheiks of single status, the sad fact is—it's Leap Year. Blame it all on Julius Caesar. The Roman emperor invented it when he found each year actually has 365¼ days. So Old Jules decided he'd add a day every four years to make things even.

Just how and when the girls decided they'd blow up the extra day into 12 months of man-hunting is obscure. But they did and 1956 will be M-Day all year long.

Word has it that the girls have formed a Gonna-Getta-Man Corp.

Statisticians have been hired to catalogue the physical characteristics of all eligible men, such as height, weight and eyes blue, eyes brown or eyes bloodshot.

No appealing wile is being ignored in the corporation's training program. All points are stressed, from good cookery to good lookery.

"Stop," you say, "this is indeed frightening. What can the beleaguered bachelor do to protect himself?"

Well, he might try staying home at night with a good book. And when he does go out, keep company with several other steadfast single men.

Also try wearing a picture of a rattlesnake on your chest with the words, "Don't Tread on Me," and run when you see the whites of their eyes.

Noah Is Building Ark Again—in Washington

SEATTLE (AP) — It's been right wet in these parts lately. If you want to know how much rain has fallen you just go into your basement with a yardstick.

It's so goshawful wet that Noah is building an ark.

That's no gag. Charles F. Noah is building a 31-foot pleasure boat in his front yard, which faces Lake Washington.

Naturally, he has named it "Noah's Ark."

Beware, gals, it's Leap Year! And don't, don't let that man — smug in the thought that he can just sit back and wait — trap you.

He's been chuckling all year as he's watched you — watched you come out of the beauty parlor, observed that trimmer, slimmer figure, and he's even seen that special glint in your eye.

But how is he to know you've been planning that trip abroad, a new job or some such venture?

He couldn't possibly understand, he's been too busy floating—he's sure you've wanted him all along, just waiting for Leap Year to snatch him away.

The audacity of the current male mouse is deplorable.

These days it so often happens that said male plucks the efficient office doll from her desk, carrying her over the marital threshold to dump her into a scene similar to this:

Mopping floors and stirring stew, scouring pans and scrubbing too. Broiling steaks and laundering shirts, shopping, sewing, pinching pennies till it hurts.

Clean the car and wash the dog, dust and bake and feed the hog.

Stoke the furnace, rock the child, paint the woodwork and don't get riled. Budge the budget, make the tea, and keep it quiet for Dad's TV.

Oh, we could go on and on.

And all the time he's planning to give you all of this and Heaven too, what has he been doing?

He's been dodging responsibili-

County Hospital to Have Space for 150 Retarded

State Launches Plans to Provide Care Clinics at Three Locations

Equipment is being moved out of the Farmington Children's Hospital which the state plans to lease for use by 150 mentally-retarded children, Gov. Williams said today.

Work also started today to remodel the Fort Custer Station Hospital expected to accommodate another 800 children.

The State Mental Health Department said it could not determine how soon it could move defectives into the Farmington hospital until the owners have progressed with their own moving.

The program is designed to make care facilities available for the large backlog of mental defectives committed for institutional care, but remaining at home for lack of space.

Oakland County's backlog of "emergency" cases now numbers nearly 100, Probate Court officials reported.

Gov. Williams also said the state believes it can start moving children into a new 220-bed unit at the Mt. Pleasant State Home and Training School within 10 days.

Williams said the Federal Defense Dept. had authorized the state to send workmen into the Fort Custer Hospital to start preparations for state use, although Michigan's 42-month lease with the government has not been finalized.

Work crews will start immediately, he stated, to put the idle power plant back in operation, install power, light and telephone lines, remove stored U. S. Army equipment and do similar tasks.

The mental health department has estimated four to six months will be needed to remodel the Fort Custer buildings for child use. Bids on the remodeling will be taken Jan. 10.

Political Leaders Have Their Say on Ike's Address

WASHINGTON (AP)—The political skirmishing was on in Congress today with Democrats challenging President Eisenhower on foreign, farm, tax and other major election-year issues.

Senate Democratic Leader Lyndon B. Johnson of Texas signaled the attack, saying the state of the union and the world is not nearly so rosy as Eisenhower pictured it in his annual message to Congress yesterday.

Commenting on Eisenhower's call for payments on the national debt before tax cuts, Johnson said the Republicans had been bragging for months about reducing taxes 7½ billion dollars in a period of deficit spending.

Chairman Byrd (D-Va), of the Senate Finance Committee backed Eisenhower's statement that in a time of prosperity the nation could not afford to go further in debt to cut taxes.

Sen. Saltonstall of Massachusetts, the assistant GOP leader, remarked he doesn't believe Eisenhower gave the "slightest hint of whether he intends to run."

Sen. Francis Case (R-SD), found Eisenhower "more concerned with the responsibilities of the presidency than with the rhetoric of the candidate."

Rep. Flood (D-Pa), said Eisenhower's message sounded like the statement of a candidate." Rep. John Bell Williams (D-Miss) called it "an announcement for re-election," adding that it was "the most patently political document in years."

Sen. Knowland of California, Republican leader who is expected to seek his party's presidential nomination if Eisenhower doesn't run, shrugged off questions about any political import of the message.

Sen. Humphrey (D-Minn) demanded that Eisenhower "keep the promises" he made to agriculture in 1952.

TO RUN INTO MONEY

Sen. Russell (D-Ga) said in an interview that any "crash program" such as he thought the Eisenhower administration is likely to suggest "could require appropriations running into the billions."

He referred particularly to proposals for a soil bank, under which farmers would be paid in cash or surplus crops for taking some land out of production.

He also said he is "not quite as optimistic as he (Eisenhower) is as to the adequacy of our defenses."

Speaker of the House Rayburn (D-Tex) stood by his comment; "I am not happy about our foreign relations as things stand. The general situation in the world is not good."

Sen. Bricker (R-Ohio) asserted that "only the blindly partisan will challenge the President's conclusions that America's position in world leadership and her economic health were never stronger."

File Gibbs' Will in Probate Court

Residents of Rochester Receive Stock, Land of Former Official

The will of former Chairman of the Oakland County Board of Supervisors Oliver P. Gibbs, who died Dec. 9, has been filed in Probate Court listing $50,000 in real estate and $50,000 in personal property.

The late Rochester man left two lots in Chapman's Ludlow Addition, Rochester, to Maude Glassford, of that village, for use during her lifetime, after which they are to go to Mrs. Darline Lucas and Marlin Ross Starkey, also of Rochester.

Mrs. Lucas and Starkey also will receive 30 acres of land owned by Gibbs in Avon Township, provided they make a home for Maude Glassford during her lifetime.

Cecelia Mary Lucas, 2, of Rochester, is left approximately 1,000 shares of Detroit Edison Co. stock for her "support and education," not to be sold until she is 21.

Mrs. Lucas and Starkey receive Gibbs' household furnishings and Starkey is left stock in the Flint Mortgage Co. and Rochester National Bank.

Amounts varying from $100 to $3,000 are willed 11 of Gibbs' relatives, all of Richmond, Ind.

The wills' executor is directed to sell one lot and parts of three others owned by Gibbs in Rochester.

Westinghouse Balks at Strike-Ending Plan

PITTSBURGH (AP)—Westinghouse Electric Corp. refused late yesterday to accept a federal mediator's proposal for ending a nationwide strike. It suggested instead a plan pegged to a secret ballot by striking employes on a contract offer already rejected by union negotiators.

* * *

A spokesman for the AFL-CIO International Union of Electrical Workers said in Washington the secret ballot by 44,000 IUE members in 30 plants would be acceptable—if there were a choice between the company offer and union demands.

* * *

Federal mediator Joseph F. Finnegan said he wanted Westinghouse to clarify the proposal by putting in writing the specific questions the IUE members would be asked to vote on.

Finnegan had proposed Wednesday that a three-man fact-finding board be appointed to try to agree on a settlement. The IUE accepted the proposal. Westinghouse rejected it.

Victims of Fire Receiving Help From All Over

Clothing and assistance continued to pour in yesterday for the Smith family of Goodrich who were burned out of their home Jan. 1 by a $20,000 blaze.

In addition to the clothing, Harvey W. Perry, agent for the State Farm Insurance Co., located at 42 E. Pike at Mill St., has offered his office as a collection place for donations to the family.

"It is centrally located in Pontiac," Perry said, "And we will attempt to make arrangements for the delivery of the contributions."

The Smiths, who have 15 children living with them, a married 19-year-old daughter and are expecting another child, are presently living with Mrs. Smith's sister, Mrs. Roy Baker of Pontiac.

News Industry Hearings to End

Senate Probers to Quiz Many in Final Search for Reds on Newspapers

WASHINGTON (INS)—Senate investigators had a lengthy witness list to plow through today in wrapping up the current phase of their search for Communists among news industry employes.

Internal Security subcommittee chairman James O. Eastland (D-Miss) said that the inquiry "will not be confined to New York City" when it is renewed in the future.

He said the questioning yesterday of one newsman from the New York Daily News and another from the New York Daily Mirror was evidence that his group is not "singling out" any one paper.

A charge that they were was made in the New York Times Thursday morning, after three employes of that influential newspaper testified, one admitting past Communist affiliations and two others invoking the fifth amendment.

Eastland told newsmen after yesterday's session that "no newspaper is immune" from further inquiry.

And Sen. William E. Jenner (R-Ind) top GOP member of the subcommittee, said in a separate interview that Eastland and Hennings had "clearly set forth the purposes of the hearings" when they both said Wednesday that the inquiry was not aimed at any one or any group of papers.

Yesterday, an author, two newsmen and a proofreader refused to tell the subcommittee whether they ever belonged to the Communist party.

Paper Strike Marks Progress on Talks

DETROIT (INS)—The ice appeared broken today in a jurisdictional dispute that has deadlocked Detroit's newspaper strike, now in its 37th day.

A three-hour session last night, marked by the first appearance of Woodruff Randolph of Indianapolis, president of the International Typographical Union, produced "considerable progress" and a "jovial mood."

Another session between ITU officials and representatives of the News, Times and Free Press was planned today.

Following last night's talks, Kennett Hull, head of the Detroit Printers Local of the ITU, said the publishers had made a new proposal on the jurisdictional issue that was an "improvement."

Three unions — the printers, photo-engravers and the newspaper guild—seek authority over a new type of printing process, if and when it is installed by the three dailies.

The "alert" will be sounded by a three minute steady blast, then there will be a half-minute pause, and then the "take cover" will be a 3 minute warble.

Feature of Auto Show

Huge Color Transparency Shows New GMC Trucks

The world's largest portable color transparency, a panoramic view of General Motors vehicles standing in typical scenes of the West, will highlight the display to be shown by the Truck and Coach Division at the Chicago Automobile Show.

Photographed in the Rocky Mountains by division photographers, the 6 by 18½ foot transparency is dominated by a view of three GMC trucks parked amid the lakes and peaks of a ranching section.

Also featured are scenes of a Suburban station wagon standing beside a fisherman's camp, a heavy-duty Diesel tractor rolling along a highway, and a stake truck halted on the open range while its driver chats with a cowboy.

According to division spokesmen, the transparency is the largest ever made by an automotive concern and the biggest one in the world specifically designed for easy movement from one place to another.

It is composed of six stripped-together panels enlarged from three separate 8 by 10 inch color negatives. The panels are intermeshed and fastened by colorless tape.

To process the negatives and "blow them up," GM's photographic department has to design such specialized equipment as a 4 by 6 foot enlarger lighted by 24 500-watt bulbs.

The transparency will be mounted on a special concave light box assembled in the GMC exhibit area. The concave mounting gives the scene the appearance of depth, adding to its "picture window" realism, GM planners say.

GM's New Aerotrains Make Initial Runs

(Continued From Page One)

New York Central officials said regular service on the route takes at least five hours.

The 131-mile eastern run took just 2 hours. The running time of the eastern unit was comparable to ordinary express train service, but the trains topped 90 miles an hour at intervals. However, officials explained that no attempt was made at speed runs.

The "Aerotrain" unit is 50 per cent lighter than the conventional passenger coach, costs about 60 per cent less to build, and is said to be about 60 per cent cheaper to maintain. Each new car carries 40 passengers compared with about 70 passengers a car on presently operated coaches.

The new trains are powered by 1,200 horsepower single diesel units. The cars are built with a center of gravity 10½ inches lower than standard — giving better "road hugging" qualities.

The GM "Aerotrain" was labeled thus because of the "air ride" suspension, with the springing supplied by air bellows.

The Pennsylvania will use it on the 439 miles between New York and Pittsburgh starting Feb. 6. The Central plans to put its unit into service sometime this spring between Chicago and Detroit.

In Philadelphia, Symes, president of the Pennsylvania, said the new train is a "significant contribution" toward solution of the equipment side of the railroad passenger problem.

The Washington - Philadelphia train carried 373 passengers, including secretary of Interior McKay, 14 under secretaries, 64 members of Congress and the federal judiciary, and newsmen.

The Chicago-Detroit train carried 254 passengers—rail officials, businessmen and newsmen.

Thief Escapes With $24 From Area Restaurant

A thief who broke into DeVary's Diner on Opdyke Road Wednesday night got away with change from three vending machines and several cartons of cigarettes, Oakland County Sheriff's detectives said today.

Loss was estimated at $24, they added. The thief apparently broke through the back door.

City Building Includes Completion of Clinic

BIRMINGHAM—Building plans of three organizations in Birmingham include a move to a new location, construction of new building to house current operations, and near-completion of a new clinic which was viewed by the public at an open house last Sunday.

The clinic building on 14 Mile Road belonging to Dr. Thornton Boileau was viewed Sunday by many residents and the building is expected to be in operation soon. Dr. Boileau has an X-ray technician, William Pascoe, already on the job, and will announce his staff soon.

In the block of Woodward Avenue just below Green's Artist Supply Store, two changes are in the making. The American Legion, moving to a new location, is leaving the old residential building owned by the Briggs family trust and managed by the McCall Management Co.

According to E. K. Sheridan of that firm, no decision will be made for the building's future until it can be inspected after the Legion's release.

Next door, and next to Green's the lot is in the hands of the Fred Burton Abstract Co., which hopes to build a new building there in the spring. The operation, which includes bringing abstracts up to date, taking orders for title insurance and furnishing forms for builders and realtors, will be moved from the present site a block further south. Mrs. Jackie Renshaw, only employe in the office, will continue to maintain work in the new building for some time for the firm, whose headquarters are in Pleasant Ridge.

A ski train special car for Grayling has been arranged for tonight by Arthur Hagman, of Cottontail Lane, Bloomfield Township and of Inside Michigan magazine, published in Detroit. The car, in the first trip of the Timberliner, leaves Warren station at 5:57 and Rochester station at 6:14 p.m. today. It will return Sunday night.

It is the first time that the Timberliner, through train that takes vacationers north on summer weekends, has made a winter trip. It will make the weekend trip for skiers and other winter sports enthusiasts this weekend and the two following weekends, to Michigan resort towns as far north as Mackinaw City.

Hagman's car of guests will be on a package arrangement including stay over the two nights at Shoppenogon Inn at Grayling and days at his two year old resort, Lake Valley, 12 miles away. Station wagon travel is being provided from the train and hotel to the resort, where ice skating, tobogganing and skiing are possible. He has four tows and seven ski runs at the resort which began last year.

Elmer G. Munz

Service for Elmer G. Munz, who died yesterday of a coronary attack, will be at 9 a.m. tomorrow at Gesu Church, Detroit, with burial in Woodmere Cemetery. Munz, 61, was stricken at his home, 1578 Cranbrook, Bloomfield Township, and was dead on arrival at Beaumont Hopital.

He was founder and president of Spralawn Corp., a 36-year-old Detroit firm for underground sprinkling systems and he held a University of Michigan engineer's degree.

Rosary will be said tonight at Bell Chapel of the William R. Hamilton Co. Surviving are his wife, Josephine; three sons, Jack R. of Tampa, Fla. Robert Alan and Jere, both at home; and a brother, Harold R. of Bloomfield Hills.

Asks Consideration for Smaller Papers

NEW YORK (AP)—The American Newspaper Publishers Assn. today called on newsprint manufacturers to give special consideration to the nation's small newspapers during the current shortage of printing paper.

ANPA, which represents more than 800 daily newspapers, reported that 10 manufacturers are running from 1 to 3 weeks behind in deliveries of newsprint to publishers. It also has said that five major newsprint producers are cutting back deliveries of newsprint by 7½ to 13½ per cent for the time being.

These developments come at a time when the supply in the hands of U.S. publishers is at the lowest level in 22 years.

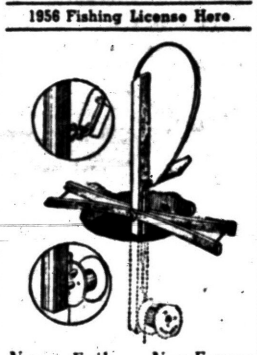

CADILLAC — Newsprint shortages forced the Cadillac Evening News to a 6-page issue. Publisher Earl Huckle stated that the News had found it necessary to refuse advertising upon several occasions.

Williams' Blasts at Ike Knocked

State GOP Chairman Says President Helped Reduce Segregation

LANSING (AP)—Republican State Chairman John Feikens today accused Gov. Williams of political blindness in accusing the Eisenhower administration of doing nothing for minority groups.

Feikens hit back at Williams' Los Angeles speech this week in which the governor said President Eisenhower had done nothing to relieve the plight of Negroes.

"Minority groups know," Feikens said, "that never since the days of Abraham Lincoln has more been done to rid our nation of discrimination than has been accomplished in the few years of President Eisenhower's administration.

"Segregation in the armed forces has ended; discrimination in defense plants has ended; minorities have been given full recognition in appointment to high public office, including Michigan's own Charles Mahoney who was named a delegate to the United Nations; more states have adopted fair employment practices legislation, including Michigan; racial segregation was eliminated in veterans' hospitals, and violations of civil rights have been prosecuted vigorously."

Feikens said "it will be interesting to see what a Democrat-controlled Congress does about the President's recommendation for revision of the immigration laws, and about schools."

Homestead Exemptions Applications Are Due

Eligible war veterans and veterans' widows, who have not remarried must file for homestead tax exemptions before March 1 in order to qualify, according to Floyd E. Cremer, of the Oakland County Veterans Affairs Department.

Veterans and widows owning property as a homestead should register with their township clerk or city tax assessor, he explained.

Home Mishaps Killed 800 in State in '55

LANSING (AP) — Household accidents, resulting from home "booby traps" and carelessness, took about 800 lives in Michigan in each of the past two years, the State Health Department said.

It reported that this toll had moved local and state health officials to put accident prevention on the agenda for the annual Commissioner's Conference on Health Feb. 8-10.

The department said that of the 800 deaths totaled in 1954, the last year for which final figures are available, 300 were among persons 65 years of older who fell in the home.

Other major causes of accidental death were mechanical suffocation, suffocation from food or objects, poison, gas, poison solids or liquids and firearms.

The two high danger age areas are five years of age and over 65, the department said.

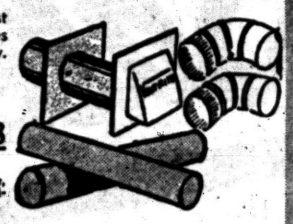

More than one out of four of accidental home deaths were in the age group of five years or under. More than 40 per cent were over 65 years of age.

A total of 5,036 physicians from 84 countries trained in the United States in 1955, taking their work in American hospitals scattered over many of the states for resident observation and study.

Hal Boyle Says:

700 Gallons of Whisky Don't Faze This Gal

NEW YORK (AP)—Marjorie Plamp, a young choir singer whose whisky intake for the last seven years totals 700 gallons, is no secret drinker — but she has a drinking secret.

* * *

Every day, five days a week, year in and year out, she takes aboard an average of 25 two-ounce snifters of bourbon — or about two full bottles.

Even the steadiest patron of the cup that cheers might wonder how a 5-foot-2 young lady weighing only 115 pounds could put down all that stuff and remain clear-eyed and steady — even if she came from Kentucky (which she does) and had two hollow legs (which she definitely doesn't.)

* * *

The answer lies in Miss Plamp's drinking secret. She doesn't down the stuff. She merely swishes it around in her mouth for a few seconds, then, spits it out.

"Yes, all of it," said Marjorie firmly. "Every drop."

* * *

She is, so far as she knows, the worlds only full-time lady whisky taster.

"And I love the work — every moment of it," she said. "I'd be lost without it."

For the benefit of those interested in seeking steady (and you do have to remain steady) employment in this interesting field, Miss Plamp offers little advice. Chance played a considerable role in her own career.

After graduating with a degree in chemistry from a Catholic girl's college in Louisville, she got a job nine years ago as a laboratory technician with the Brown-Forman distillery.

* * *

"Two years later they made me taster," she said. "I have to taste about 20 to 30 samples a day of whiskies in all conditions of aging — testing them for proof content, flavor, body, aroma and color.

"The taste test is indispensable. A whisky might pass a chemical test perfectly well but still taste mighty phooey."

* * *

Miss Plamp says she never takes a drink on the job and adds that, as a matter of fact, a distillery is one of the hardest places in the world for a fellow to cure a thirst.

"After every three samples, I have to rest my taste buds for five minutes," she said. "I confine my drinking to purely social occasions, and I have a two-drink limit. That's my capacity."

* * *

Besides requiring monumental self-control, a professional whisky taster is under other limitations. He can't, for example, take samples home to his friends.

"There are 14 government men around to check on things," she remarked.

"I had to take a great deal of kidding when I first got this job, but now my acquaintances are used to it. No, my family doesn't mind. After all, I am a chemist. My father gets a bang out of it."

Over the years Marjorie has become a real expert on bourbon. She denied that the fusel oil in bourbon causes the hangover one gets if he imbibes too freely.

"You'd have to drink a gallon and a half of whisky at one sitting to get a hangover from the fusel oil content alone," she said, smiling. "Do you know of anyone who does that?"

Miss Plamp sings alto in her church choir, her hobby is going on camping trips, and her current beau is a Princeton University English professor.

Has her unusual occupation had any unusual effect on her?

"Well, if I have a cold I have to let the samples pile up until I shake it and get my sense of smell back," she said.

"There's one other thing. I used to have a great deal of trouble with my teeth. But since I became a taster seven years ago I haven't developed a single new cavity."

She emphasized, however, she wasn't recommending whisky-rinsing the teeth 25 times a day as a substitute for a visit to the dentist. It merely has worked out that way with her.

Army Convicts Michigan Man

Detroit Civilian Arrested in Germany on Charges of Bribery and Fraud

MUNICH, Germany (AP)—A Michigan man, formerly a civilian purchasing agent for the Army, was under a three-year sentence and a $10,000 fine today, following his court martial conviction of accepting a $10,000 bribe and signing a false certificate.

He is Hugh A. Hurlahe, 32, of Detroit, and the court martial verdict came a day after a federal court in Washington had ordered the trial halted.

Hurlahe was acquitted of a third count accusing him of wrongfully disposing of government property. He pleaded innocent to all charges. The sentence is subject to review by higher authorities. The trial started Dec. 20.

Hurlahe was a purchasing and contract official with an Army engineering office in Nuernberg until 1953, when he resigned during an investigation of his activities and went to Switzerland. He was returned last Nov. 1 after a two-year extradition squabble before Swiss courts.

He was charged with accepting a bribe of 43,000 marks ($10,234) from a Nuernberg firm for the purchase of fire extinguishers from the Army and of signing an official certificate to help a German firm avert tax payment.

The charge on which he was acquitted alleged he sold Army material to German firms at low prices. He contended the materials involved were obsolete and unserviceable.

Hurlahey's defense council moved for acquittal and said his client was guilty only of "honest misunderstandings and mistakes."

Burns, Stabs Daughter

DETROIT (AP) — Mrs. Vivian Delaney, 30, of Detroit, faces the net 2 to 10 years in prison for burning her 14 year-old daughter, Cynthia, with an iron and stabbing her with a pair of scissors. She pleaded guilty Tuesday to cruelty charges. Police said the daughter would bear permanent scars.

Mr. Democrat, Sam Rayburn Observes 74th Birthday Today in Jubilant House

WASHINGTON (INS) — A deceptively gentle, balding little man who knows exactly when to cuss like a Texas badman and when to hold his fire, will wear a sheepish grin today while a temporarily non-partisan House of Representatives jubilantly celebrates his 74th birthday.

It could only happen to Speaker Sam Rayburn! Smasher of all previous records for seniority in that powerful office, he today summed up his philosophy of life by borrowing from his long-dead pappy's words:

"Son, character is all I have to give you. Be a man!" That is what the hard-pressed confederate veteran told the eighth of his 11 children as he guided the team from their meager cotton acres to the shabby railway station to embark the lad on his new political career.

But Mr. Democrat could not long forsake his favorite subject — politics. "I tell you, honey," he confided conspiratorily — as if saying it made it so — "We're a gonna' recapture the White House this year and sweep the Democrats right back into control of the two houses. The people just naturally rest better with us Democrats."

Mr. Sam paused in his politicking to sound a plug for GOP House Leader Joseph Martin of Massachusetts, the jovial bachelor who twice in the last decade has unseated him as speaker.

"Joe and I have served a long time together," he mused, "and we're great personal friends. One thing about Joe, when he makes an agreement with you, you can forget it, 'cause he won't."

Today, however, he was saving his ammunition for the upcoming election campaign during which — if Ike runs again — the Democrats will prudently "run against the vice president." But Mr. Sam had some philosophy to get off his chest:

"Legislation should not be passed to punish. It should not be vindictive. It should bring about justice and fair play. I don't hate. If I did, I wouldn't have time if I used up every waking minute. Likewise, I wouldn't have time to contemplate all the gratitude I owe people."

Mr. Sam says his 74 years have taught him one lesson: "There's no degree in honesty or in truthfulness. You're either 100 per cent, or you ain't."

And what would Mr. Democrat do if he had his 74 years to re-live?

"Why, follow the same course," he opined with a sweeping gesture of well-being. "My ambition was to go into politics before I could hardly talk plain. I used to read about the debates in Congress, and every biography of famous Americans I could get my hands on — and that wasn't easy down in east Texas in them days."

Then, with a satisified grin, he added: "And I aim to be at the game for a good long time yet. The doctor that examined me t'other day said I had a heart that would carry me to 90 or 100. I told him I'd take the 100."

Message to Congress Inspires Confidence

President Eisenhower's State of the Union message is a confidence inspiring document.

While apparently discouraging hope of excise and corporation tax reductions, the President did promise a balanced budget by June 30 of this year and for the following fiscal year.

★ ★ ★

The 7,500 word message was the work of a more mature leader who has learned a great deal in the last three years about the job of being President of the United States. This showed in the greater flexibility of his approach to vital problems and his increased pressure on Congress to get on with the job of solving them.

★ ★ ★

As expected, it was re-emphasized that peace, adequate but not extravagant defense, and prosperity remain vital objectives of the Administration. Also expected on the basis of presession conferences with lawmakers, Congress got a carefully drawn and we think, sound legislative program.

Heading it is the sorely needed $25 billion program for aid to interstate highways. Other proposals include the Administration program of help for hard-pressed farmers, on which a special message is to be released next week.

★ ★ ★

Also on the list is a five-year program of Federal aid to school building, a two-year slum clearance program, revision of the immigration law and many other proposals.

To meet the Soviet threat, the President asked Congress for the increased foreign aid previously discussed in these columns. He also asked for limited authority to make longer range foreign aid commitments.

★ ★ ★

Of course, there will be election year partisan attacks on this program. But these won't hide the fact that under the leadership of Dwight D. Eisenhower this Nation of 166,000,000 has made enormous progress. Not only have we peak employment—above 65,000,000,—and inflation under control, but our economy is approaching the $400 billion a year mark.

No amount of campaign sniping will make the people forget these facts.

Eden's Cabinet Shakeup

It is clear that there can be more than one interpretation of the shakeup that Sir Anthony Eden has just completed in Great Britain's Cabinet.

From this distance it appears that the Prime Minister's objective is to strengthen his government on the domestic front. Actually, the changes made are most notable because of the importance of the positions affected.

For example, Richard A. Butler previously was Chancellor of the Exchequer, a post corresponding to our Treasury Secretaryship. He now becomes Lord Privy Seal and leader in the House of Commons.

Harold Macmillan, until the shakeup, Foreign Secretary, succeeds Butler as Chancellor of the Exchequer. In some quarters it is believed that Macmillan's work in the foreign office failed to meet Eden's ideas of how that office should be conducted.

★ ★ ★

Another change of great interest in this country is the advancement of Defense Minister Selwyn Lloyd to succeed Macmillan as Foreign Secretary. Lloyd immediately became understandable to Americans when listening at the U.N. to one of Vishinsky's interminable tirades, he quipped "Dig that broken record."

★ ★ ★

While Laborites are critical of the shakeup, spokesmen for the Conservatives view it with enthusiasm. The latter point out that these and other changes have reduced the Cabinet's average age by four years.

There also is justification for the emphasis with which they point to their party's adaptability to changing conditions as shown by its introduction into the government of much needed new blood.

When space travel is made possible, men might condition themselves to existing on the moon, which has no air, by spending forty to fifty successive evenings in night clubs.

Talking His Head Off

David Lawrence Says:

Eisenhower's Plan for Economic Aid of Great Significance to Global Nations

WASHINGTON—For more than 112 years—from the presidency of John Adams to the presidency of Woodrow Wilson — no president ever read any message in person to Congress.

So President Eisenhower's enforced vacation compelled a return to what had for decades been the usual custom of the executive in having messages presented to Congress by reading clerks.

There are many advantages in a personal appearance — advantages which have to do with greater emphasis on the points of the messages before a bigger audience than might read all of the text in the press. Eisenhower wisely decided to make a summary before the TV and newsreel cameras which gave the nighttime audiences a personal delivery of about the same amount of words as are usually selected from the long addresses.

In fact, it may be questioned whether enough people have the time during the day anyway to watch TV or listen to the radio when there is a message read by a president. Certainly more citizens hear the extracts given in the evening over radio and TV.

ALLIES REASSURED

What Eisenhower said in his message, of course, had world-wide significance, when he dealt with such questions as foreign policy and economic and military aid to Allies. There will be reassurance abroad, because the President asks Congress for a long-range program of financial measures which can help stabilize the relations between the United States and its allies.

The words of caution uttered by the President with reference to trusting Soviet policies will be noted around the world. While not relaxing any effort to promote peace by sound methods, the President made it clear he isn't being fooled by Soviet smiles or aggravated by Communist invectives.

On domestic policies, the message is a masterful presentation of a lot of delicate points that are bound to be the basis of debate in this campaign year. Eisenhower, like other presidents, has had the benefit of lengthy memoranda from cabinet officers and other advisers and, as usual, the "State of the Union" message is a collaboration of many minds. Running through it, however, is the Eisenhower philosophy of "dynamic conservatism" and progressive thought in the realm of economics as well as social welfare.

BUDGET COMES FIRST

Perhaps the outstanding declaration—which will be further amplified when the April tax receipts are counted—relates to tax policy. The President and his cabinet are well aware of the strategy of the Democrats in proclaiming for many months now a promise of tax reduction. It took courage, therefore, for the President to say that he would not favor tax reduction unless and until the budget is balanced.

The President has said that he believes a "modest" amount should be applied to reducing the national debt. Even the use of a half-billion for this purpose would not be insignificant so far as improving the position and prestige of the American dollar throughout the world.

If the rest of a three-billion-dollar surplus, for example, were used for tax reduction, the country would accord the Eisenhower administration full credit for a remarkable achievement after a series of almost continuous annual deficits during this and preceding administrations.

The political strategists, especially on the Democratic side, will attempt to beat the President to it by offering tax-reduction measures right away, but the country will know that, if an unexpected increase in tax collections occurs, it will be because of an unprecedented prosperity achieved under the Eisenhower regime.

There are in the President's message many recommendations that have been made before, and the wording of a message of this kind is done carefully so as to endeavor to get maximum advantage with public opinion. Hence there is a difference between hopes, aspirations, promises and expressions of lofty purpose and what is finally ironed out between the rival parties in both houses.

Brady Explains His Battles to Help Readers of Column

By WILLIAM BRADY, M.D.

In effect, Hippocrates enjoined his followers "Do good if you can, but do no harm."

It is my daily prayer that if I may not write something that will do somebody some good, dear Lord let me write nothing that will do anybody any harm.

Sometimes I wonder how it feels to save a life, either by timely warning of deadly danger or by heroic action.

Once in a while I hear from a reader who says I saved his life—that something printed in this column alarmed him about the significance of an abnormal condition which, on examination, proved to be—well, an immediate operation happily eradicated the trouble.

OCCURS RARELY

That occurs once in a long while.

The question in my mind is how far may a doctor go in telling the public the symptoms, diagnosis or treatment of serious diseases.

Does the fact that once in a while this column drives a reader into the hands of his doctor in the nick of time warrant discussion of pathological details in a newspaper?

BOWLS OK

I have been slowly strangled so many times that it scarcely affects my game (bowls) any more. I have been kicked out on my ear when the editor just couldn't take it any more.

But of all these fatalities the one that seems most painful happened in the south.

One day I commented on the stupidity of attributing all sorts of local troubles to "piles" and blindly using pile cures without proper medical examination to determine what the trouble is.

EDITOR STUPID

The editor himself was pretty stupid and my advice sent him straight to a doctor for examination.

The doctor assured him the trouble was just plain piles—and when he got back to the office the air was blue around there for a while and in his paper Brady was dead.

Senior readers may recall that the title of my pamphlet, available on written, signed request if you provide stamped, self-addressed envelope, was formerly "It is Stupid to Suffer from Piles."

NOT HARD-BOILED

Now, in forlorn hope of returning to the capital, I call it simply You Need Not Have Piles—really I'm not so hard-boiled as some of you poor geeks think I am.

Aside from any symptoms or anxieties you may have developed recently, what effects will the rash of newspaper and magazine articles about coronary thrombosis and the like have on your personal health?

For instance if you're forty what are you doing about your diet? I'm not forty yet or rather still, but I'm having a wonderful time doing nothing about mine.

I like the foods the eminent specialists associate with heart-artery degeneration, I'd like to bet a hundred or a thousand other doctors of my age that not 10 per cent of 'em have heart and arteries as young as mine.

Signed letters, not more than one page of 100 words long, pertaining to personal health and hygiene, not to disease diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to the Pontiac Press, Pontiac, Michigan.

Teenagers' Criticism Is Cited by 'Another Victim'

A week or so ago I saw letters in this column referring to criticism by teenagers, I, too, am a victim of their contemptible meanness.

Saturday evening I was walking along minding my own business and the wholesale persecution began. From teenage boys in a car to two or three walking by and several small gangs.

They were nothing to write home about themselves. What right have any of them got to be bumming about annoying people on legitimate business downtown?

If I'd ventured a reply, I'd have probably ended up in the hospital or a funeral parlor. One is not safe from their remarks even in one's own yard.

I'm referring, of course, to that famous three per cent of which there seem to be so many. It seems to me that if the teenagers who don't indulge in this cowardly, childish behavior would ostracize those who do, it might have some effect.

I want to thank the little old lady for starting the ball rolling. Sportsmanship covers more than sports. So these teenagers I refer to who may think they are such good sports are sports of a very inferior quality.

Sloan Philosophy Divides and Yet Centralizes GM

By MERRYLE S. RUKEYSER
INS Economic Commentator

If an institution is the lengthened shadow of a man, the personality behind General Motors Corporation is Alfred P. Sloan Jr., the octogenarian chairman of the board, who started rebuilding the company in 1921.

When Sloan in the role of philanthropist gave millions to set up the Sloan Foundation, this writer was hopeful that its economic mission would be to delineate the constructive management philosophy which the founder exemplified.

But instead the foundation has strayed into the academic byways, and it left the task of blueprinting Sloan's contribution to a practical operating man, Harlow H. Curtice, the president of GM.

In his testimony before the Senate subcommittee on antitrust and monopoly, Curtice spelled out in detail Sloan's success recipe.

Though large and successful, General Motors is not unique, but is an example of contemporary management philosophy and implementation of plans. What could be said about GM could be said, with some modification of details, about other well-run private enterprises.

Big or little, a private enterprise depends for survival on a high batting average in pleasing customers. If one concern becomes a giant in size in a competitive field, it is tantamount to saying that it has consistently produced best sellers.

FOUR REASONS

Curtice ascribes four reasons for the growth of GM—"first the dynamic growth of our country; second, the even more rapid growth of the automobile industry; third, our management structure, and, fourth, our approach to problems."

In view of the prevailing controversies over bigness, Sloan's concept of a balanced organization is timely.

"He (Sloan)," Curtice pointed out, "realized that centralization, properly established, makes possible directional control, coordination, specialization, and resultant economics.

"He also realized that decentralization, properly established, develops initiative and responsibility; it makes possible a proper distribution of decisions at all levels of management, including the foreman—with resulting flexibility and cooperative effort, so necessary to a large-scale enterprise.

"His objective was to attain the proper balance between these two apparently conflicting principles of centralization and decentralization in order to obtain the best elements of each in the combination.

"He concluded that, to achieve this balance so necessary for flexibility of operation, General Motors management should be established on a foundation of centralized policy and decentralized administration.

"Mr. Sloan's concept of the management of a great industrial organization, expressed in his own words as he finally evolved it, is 'to divide it into as many parts as consistently can be done, place in charge of each part the most capable executive that can be found, develop a system of coordination so that each part may strengthen and support each other part'."

Communists Started Plans Long Ago for Indoctrination of China Teenagers

Philip Lee is a talented Chinese orator and tenor singer who now is the pastor of the Christian Church in Chicago's Chinatown. Note closely his comments about how Russia started communizing China via its teenager campaign even as far back as 1924.

By DR. GEORGE W. CRANE

Case Q-341: Rev. Philip Lee, aged about 45, is the Chinese pastor of the Community Chrstian Church in Chicago's Chinatown

His father was a Christian minister in China where Philip Lee formerly conducted a series of radio broadcasts over several Chinese stations prior to Pearl Harbor.

★ ★ ★

He had come to America to lecture and sing as a means of raising money to expand the radio work in China, when the World War prevented his return.

Many of you readers have heard him personally, for he was invited to hundreds of American churches of various denominations to occupy their pulpits and sing "The Holy City."

While marooned in America, he first accepted a large pulpit in Los Angeles and remained at that church for several years.

Then the Chinese Christians in Chicago needed a livewire to "spark-plug" the completion of their Community Christian Church, so they invited him to be their pastor.

Mrs. Crane and I have known Philip Lee and his beautiful wife for 15 years. Recently, my Bible class at the Chicago Temple invited him to give us a program of music and pictures which he had taken on his recent visit to his mother in Hongkong.

"When I was a high school student in Canton in 1924," Philip Lee told us, "The Russians showed

their farsighted planning. For they lured thousands of Chinese teenagers to Russia to study.

"They offered scholarships with all expenses paid, including transportation. And many of my high school classmates left for Russia, where they were thoroughly indoctrinated in Communism.

"Most of them I have never seen since 1924. But I notice with great interest that their names appear on the roster of Chinese communist delegations to the United Nations and other international assemblies.

"So Russia was laying the groundwork back in 1924 for what is going on at the present time."

★ ★ ★

It proves that Russia planned far ahead and recognized the vital necessity of indoctrinating the youth of other nations whom she wanted to dominate.

MISSIONARY OPPORTUNITIES

Then Philip Lee gave us some other challenging ideas of value to all Americans.

"Here in Chicago we have 5,000 Chinese," he continued, "yet most of the churches ignore them and concentrate on missionary activity far afield.

"In our little church in Chinatown we are now operating a school bus and picking up 150 Chinese youngsters of nursery school age each day. They may not understand any English at all.

"So Mrs. Lee and a corps of generous women operate this nursery school for such toddlers from 3 to 5. They teach them English so they will be able to enter the Chicago kindergartens at the age of 5 and understand their teachers as well as their American classmates.

"By offering this educational service to the Chinese parents, we enlist their interest and attract their children to our Christian church.

"And we employ Bible stories for examples in our teaching of English. Thus, we attract both children and parents to church by this entering wedge.

"If Christianity is to defeat atheistic Communism, we must certainly be as farsighted as the community leaders and start with the children.

"Unfortunately, we are hampered for lack of funds, for our Chinese Christian Church is not an actual member of a Baptist or Methodist or Congregational Conference, so they tend to forget our needs, though they originally sponsored the building of our Chinese Church."

Gaza Refugees to Save Rations

Families in Strip Force Sons Into Marriages in Wake of Food Shortage

CAIRO (AP) — Palestine refugee families in the Gaza Strip are forcing their growing sons into marriage to save rations.

* * *

Most of the 250,000 Arab refugees living in the camps are dependent on rations from the United Nations Relief and Works Agency.

A ruling of UNRWA says that if any member of a family earns more than 15 pounds ($45) a month, the family will be considered self-supporting and not in need of rations. In practice this is rarely the case. Most refugee families have as many as five to eight children, and there may be the grandparents and a cousin or two.

* * *

The rations are distributed in accordance with the numbers of the family, but if one member begins to work and earns more than 15 pounds, the rations for the whole family are cut off.

Often the rations—particularly if it is a big family—exceed 15 pounds in value. If a daughter or son begins to work with a salary just over 15 pounds—and salaries rarely pay more in the Gaza area—the family would be losing in income.

* * *

The one way out is to find a wife for the working son. Once married he is considered to head a family of his own.

Theft of Equipment Admitted to Police

One of two men, held here as escapees from a state prison farm, confessed to Pontiac Police that he stole several hundred dollars worth of office equipment and merchandise from a Pontiac firm, Detective Olin J. Hoffman said yesterday.

But David L. Eastham, 21, did not implicate a companion, Billy M. Henderson, 22, of Graysville, Tenn., in the burglary Dec. 29 at 267 South E. Blvd., Hofman added.

Detective Raymond E. Meggitt, also investigating the case, said Eastham is a former Pontiac resident, who was convicted of breaking and entering here in 1953.

Both men are identified as escapees fro mthe Cassidy Lake State Prison Farm, the detectives said.

Theater's Dan Cupid to Play Real Life Role

ST. LOUIS (AP)—Billy Vine, who plays Dan Cupid in the comedy "Lunatics and Lovers" now at the American Theater here, plays the role today in real life. He is best man in the marriage of Peggy Lobbin, one of the show's leading ladies, to A. J. Pocock, the stage manager.

"Billy took his role of Cupid seriously," Miss Lobbin said. "He introduced us and sort of instigated the whole thing."

State Public Acts Ready

LANSING (AP) — The Secretary of State's office said copies of the 1955 Public Acts are now available for public sale, including the regular legislative session and the first and second special sessions.

Dozing Passenger Tumbles From Bus

ASHLAND, Va. (AP)—Robert McLoud, 28, Birmingham, Ala., fell asleep on the back seat of a bus yesterday while on his way home from a New England visit.

The next thing he knew, he "was waking up in the highway (U.S. 1, five miles south of Ashland) with a policeman's face over me."

In some manner that state police, the bus driver and McLoud himself could not explain, he had grabbed the handle to the emergency door just in front of the back seat and tumbled out.

McLoud, who suffered an injury to his right ankle, said he was the lone passenger on the rear seat when he fell asleep.

According to state police, the bus driver estimated his machine was traveling 45-50 m.p.h. when McLoud fell out.

State Senator Appeals for Road Bills Support

LUDINGTON (AP)—State Senator Don Vanderwerp (R-Fremont) appealed to a meeting of district 3 (western Michigan) supervisors yesterday to support two bills he said he planned to introduce in the Legislature to "curtail murder on the highways."

One bill would leaglize use of the "drunkometer" and permit results of the tests to be introduced in evidence.

The other would copy a New York law requiring that applicants for driver licenses sign an agreement to submit to "drunkometer" tests in case of accident or forfeit their licenses for six months.

Delinquency Charge Trial Is Concluded

The trial of a Waterford Township couple, charged with contributing to the delinquency of their 4-year-old son, was concluded in Municipal Court yesterday, and Judge Cecil McCallum said he will announce his judgment in the case Tuesday.

Lawrence Graham, 31, of 4218 Hatchery Rd., and his wife, Martha Graham, 25, were freed on $100 bonds.

The couple were charged by Pontiac Police with leaving Larry Graham in an unheated car, while they drank beer in a bar between the hours of 12:30 a.m. and 2:30 a.m. Dec. 23.

The boy is staying with relatives, and will remain under jurisdiction until an investigation is completed and a hearing is held in Juvenile Court, James Van Leuven, court referee, said.

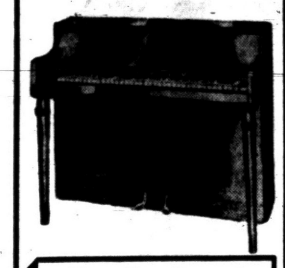

State Boy, 9, Fatally Shot in Accidental Mishap

KALAMAZOO (AP)—Walter Smith, 9, was killed last night when an old, loaded rifle a 13-year-old cousin was attempting to unload went off accidentally. The dead boy was the son of Mrs. Quleaner Harris of Detroit.

Cornelius Dunigan, a cousin with whose family the Smith boy lived, said he found the younger boy with the rifle and took it away from him. Police said Dunigan told them the gun fired when the hammer slipped while he was trying to ease it down from the cocked position into which the Smith boy had put it.

Ike Heart Quiz Meeting Block

Doctors Asked to Ignore Letter on Their Opinion About His 2nd Term

CHICAGO (AP) — The Journal of the American Medical Assn. today urged the nation's heart specialists to ignore a questionnaire asking their opinion on President Eisenhower's physical ability to serve a second term.

The Journal said the questionnaire was mailed by the American Research Foundation, Princeton, N.J., to all 400 heart specialists listed in the Directory of Medical Specialists.

The medical magazine said no hint was given as to how the information is to be used. It added:

"This type of questionnaire, whatever the source, should be discouraged, and, to prevent the hysteria that such information could foment, the questionnaire should be tossed into the wastebasket."

In Princeton, Lawrence Benson, president of the American Research Foundation, said the survey was being conducted for a client whom he declined to name. He said he had not seen the editorial and did not wish to comment on it.

2 Minors Plead Guilty to Possession of Beer

Two minors pleaded guilty to illegal possession of beer and a third was found guilty on the same charge by Municipal Judge Cecil McCallum Wednesday.

McCallum freed the youths on $300 bonds and said he would sentence them Tuesday after investigation of their backgrounds.

Awaiting sentence after pleading guilty are Robert A. Marsino, 17, of 370 E. Tennyson St. and Walter Burkhard, 18, of 28 N. Paddock St. Found guilty was Ernest E. Berry, 17, of 2683 Judah Rd.

Electrocuted Boy Dies After 4-Day Battle for Life

DENVER (AP) — Little Neal Demers, electrocuted and then restored to life by a quick-thinking doctor on New Year's Eve, is dead.

The 4-year-old died yesterday at Colorado General Hospital, where he lay unconscious for 4½ days.

Neal fell at his home, toppling a lighted Christmas tree onto the tracks of his new electric train. The wires short-circuited, and Neal was electrocuted when his head struck the tracks.

Summoned by the parents, Mr. and Mrs. Earl E. Demers of suburban Aurora, Dr. Robert Squires first pronounced Neal dead. Then he opened the boy's chest with a razor blade and massaged the heart. It fluttered into life.

Neal was placed in an oxygen tent and fed by a tube. Another tube was inserted into the windpipe after pneumonia developed.

Alaskan Family of 5 Freezes to Death

ANCHORAGE, Alaska (AP)—The five frozen bodies of the Simeon Wassela family were found yesterday on the snow-swept tundra near Lake Iliamna, 250 miles southwest of Anchorage.

* * *

Only two of their nine sled dogs remained alive. Dead were the 40-year old father, his 35-year-old wife and their three children, ranging in age from less than a year to 14.

A Civil Air Patrol plane made the discovery. Searchers said the family apparently died from exposure.

* * *

The Wasselas started from their home at Newhalen Dec. 27 for an overland trip to the native village of Iguigig, 50 miles away.

In 70 per cent of all fatal automobile accidents, one or both drivers violated one or more safety laws.

Chileans Seethe in State of Siege

Government Takes Step to Meet Strike Ignited by Red 'Agitation'

SANTIAGO, Chile (AP)—Most of Chile was under a state of siege today as the government moved to meet a nationwide strike call and what it termed "Communist agitation."

* * *

The government of President Carlos Ibanez declared the state of siege—a modified form of martial law—last night after adjourning Congress. All military leaves were canceled and all soldiers were ordered on the alert.

Chile's big Central Labor Union (CUT) called for the nationwide strike Jan. 9 to protest the government's plan to freeze wages, prices and pensions for civil servants as an anti-inflation step. Labor leaders said the freeze would cause hunger through the nation.

* * *

Crowds marched through Santiago's streets last night, demonstrating against the government action.

2 Promotions Announced in Juvenile Department

Two staff promotions in the Oakland County Juvenile Department were announced today by Director of Children's Services James W. Hunt.

James VanLeuven has been elevated to assistant director and Mrs. Barbara Martin is taking over VanLeuven's former post as senior child welfare worker.

VanLeuven's new position was last held by David Faigenbaum, who resigned recently to accept another job. A graduate of Alma College, the new assistant has been with the county the last four years.

He will handle general administrative duties and continue as intake referee at preliminary Juvenile Court hearings. VanLeuven lives in Milford, where he is a justice of the peace.

Mrs. Martin, of Birmingham, has been in county child welfare work for seven years. She will supervise admission of cases and investigation work.

Ham, Hamburger, $10 Stolen in Store Burglary

Oakland County Sheriff's detectives say they're looking for a burglar with a hearty appetite in connection with the breakin Wednesday night of Little Joe's Meat Market, on Kirchner Street near Opdyke Road.

The thief, they say, took a 15-pound ham and 12 pounds of hamburger in addition to $10 in change.

Lakeland United Elects Officers at Second Meet

WATERFORD TOWNSHIP—Officers were elected at the second annual congregational meeting of the Lakeland United Presbyterian Church held recently.

The officers elected were: Lloyd Bowden, ruling elder Ray Bush, chairman of the congregation; and Pauline Newman, secretary of the congregation. Elder Bowden will be installed in the morning worship service on Jan. 22.

Also at the meeting annual reports were approved and the budget for 1956 was adopted. Included in the budget is a building fund goal of $12,000.

Clawson Residents Asked to Okay Loan

CLAWSON—Mar. 1 has been set by the Clawson School Board to ask voters permission to borrow $1,250,000 for a five year building program.

* * *

The money will be used for: 1. Site and 10-classroom building in the Kenwood area; 2. Site and four-classroom building between Rochester and Main; 3. A four-room addition to the McDonald School; 4. A 12 to 15-classroom elementary building facing Selfridge.

Payment of the $1,250,000 will be made by tax payers over a period of 20 years.

School Supt. Paul Schalm said efforts would be made to qualify under the borrowing plan, in case of emergency in the future.

22 Acre Tract Cost $37,000

Present Plans Call for Spring Bond Issue for 1957 Completion

ROMEO—A 10-month option to purchase 22½ acres of property in Mountain View orchards for a new high school was taken by the Romeo Board of Education last night. The asking price was $37,000.

The decision culminated three months of discussion on proposed sites.

The site is located on West St. Clair street, 300 feet from the village limits. Another advantage in addition to its proximity to the village, is its accessability to the Memorial stadium, possibly via a right-of-way from the rear of the property.

In December, school officials requested and were granted sewer and water rights by the village council.

Architects hired by the educators listed other assets of the property including wells and fire hydrants nearby and a road at the rear of the acreage. In addition they say the land is gently sloped and a building can be built to suit its contour with a minimum of grading required.

According to present plans a bond issue will be presented to the voters early this spring to have the building ready for occupancy by the fall of 1957.

Board also approved underwriting the expense of a hearing clinic for kindergarten through eighth grade. Macomb County technicians will probably spend nine days in Romeo and four or five days in Washington. This program is slated to begin Monday.

JA's Objectives Heard by Group

Coordinator, Student Address City Optimists on Youth Program

The Junior Achievement program's role of preparing teenagers for careers in business was the topic of discussion at a meeting of Optimist Club members yesterday.

The local JA Center was represented by Coordinator Robert E. Mehoke and Dixie Davis, Pontiac High School student, and winner of the title "Miss Junior Achievement" last year.

Tracing the movement's history to its founding in 1919, Mehoke told the Optimists that "the Junior Achievement program is the reflection of the American business system in operation."

"It is the responsibility of businessmen to protect the future of their business operations and to protect the American system; to make this possible is one of the goals of Junior Achievement," Mehoke said.

Miss Davis, a member of a JA firm sponsored by the Pontiac State Bank, eplained "What Junior Achievement Means to Me." The student outlined benefits gained by Junior Achievers and described activities covered during a company's "life span" from September to May.

The two were introduced by Everett K. Garrison. David R. Ewalt acted as chairman.

Tardy Seaman Boards Carrier—but Just Barely

SAN DIEGO, Calif. (AP)—The aircraft carrier Princeton left for Pearl Harbor and the Orient with a full crew yesterday — but just barely.

An unidentified seaman was hauled white - faced aboard the 27,000-ton carrier when he arrived at the dock in a taxicab after the gangplank had been lifted and lines cast off.

Crew mates tossed him a light line. It broke as he was being hauled aboard and he tumbled back onto the pier. A heavier line was thrown and the sailor finally hauled aboard while the band played "Home, Sweet Home" and the crowd cheered.

Vegetables and No Meat Is Diet for Woman, 101

LOS ANGELES (AP)—Mrs. Phoebe Marie Holmes will observe her 101st birthday tomorrow with a bowl of yogurt, fresh vegetables and a song.

"I still have a good clear voice and I'll do a little singing at my birthday party," she said.

She attributes her longevity to fresh vegetables and abstinence from meat. "I haven't eaten meat since I was 7 years old," she said. "The answer is prayer and vegetables."

Linda Vista School Set for March Use

The new Linda Vista Elementary School south of North Perry Street near Joslyn Avenue is expected to be ready for students by March 1, Pontiac Superintendent of Schools Dr. Dana P. Whitmer said today.

The opening will relieve crowded conditions at Emerson Elementary School which is now running a double shift, Dr. Whitmer explained.

"In effect we now have two schools in one building at Emerson," he stated. "Regular Emerson students attend in the morning and the future Linda Vista students come afternoons."

The new junior high school farther out Perry will open about Feb. 6, said Dr. Whitmer. Students now at Wever School will attend it and Wever will convert to elementary use.

Piggy Goes to School

MAYSVILLE, Ky. (AP)—When the custodian at Minerva High School went to work he found a 100-pound pig trotting around in the school cafeteria. An investigation showed the pig either had fallen or been pushed through a window which had been opened. It was turned loose in hope its owner would find it.

Petition Denied by County Board

Clarkston School Area Sought to Get Portion of Waterford District

The Oakland County Board of Education yesterday denied a petition of the Clarkston School District to annex that part of Waterford Township School District lying within Independence Township. The board, however, suggested that Clarkston re-petition with a different boundary line.

A public hearing preceded the board meeting, held in the County Board of Education offices, with some 20 residents of the area on hand to discuss the issue.

Schools Superintendent L. F. Greene spoke for the annexation, pointing out that Clarkston schools are closer to this area than are Waterford Schools; that present boundaries bisect some subdivisions; and the rezoning would make for more efficient operation.

He noted that the tax picture and school picture of both districts were approximately the same and stated that actual township lines are preferable to "by chance" school district lines.

Waterford Schools Superintendent William Shunck opposed annexation on the grounds that Waterford Hill and the Townsend Lake area should remain in the Waterford school district because intrinsically they are a part of Waterford Village. He said, however, that a large portion of the section would be in the Clarkston district, but opposed division along township lines.

U.S.S. Lester Christened, Launched at Bay City

BAY CITY (AP) — The destroyer escort, the U. S. S. Lester, was launched yesterday at the Defoe Ship Building Co. yards on the Saginaw River.

It was christened by Mrs. Fred W. Lester of Downers Grove, Ill., in honor of her son, Fred, a marine medical corpsman, who was killed in World War II in the South Pacific. The son was a medal of honor winner.

The shrine, several of which have been presented by the club to schools in the area, contains reproductions of historical documents associated with American independence.

The ceremony will begin at 2:30 p.m. in the building's lounge.

MIAMI BEACH, Fla. (AP)—A vacationer from Colorado Springs, Colo., reported to police Monday that someone broke into his automobile, stole a pistol, a strongbox containing personal papers, and (he thought) a duplicate set of keys to the car. Oda Sutton was right. Yesterday he reported his car stolen from the same place.

Lumber Yard Blaze Causes $75,000 Ruin

BAD AXE (AP)—Damages estimated at $75,000 were caused by fire which destroyed offices and a large finished lumber shed of the Brinker Lumber Co. last night, despite the fire-fighting efforts of departments from six communities.

Cause of the spectacular Bad Axe blaze was not determined immediately. The damage estimate was by Clayton Brinker, owner of the firm which has branches in Port Hope, Cass City and Saginaw.

Another shed and the company's adjoining big lumberyard were saved by fire fighters from Bad Axe, Harbor Beach, Kinde, Ubly, Elkton and Pigeon.

JUNIOR EDITORS

WINTER FUN — 5
Sam on Skates

Ice skating, a favorite winter sport for many Junior Editors, is not too difficult. At first, of course, it is hard to keep your balance on the narrow steel runners of the skates. But with practice it becomes easier.

Here is Sam, ready for you to cut out and move on the ice or on a smooth table. Paste the picture on thin cardboard and color it with crayons or paints in gay colors. Cut it out carefully and fold forward on the dotted line below the skate. Make four holes in the figure as indicated — in the right sleeve, in either side of the scarf and in the mitten.

Fasten a thread so that it can be drawn tight just above your skating table. Then thread it through the holes as shown in the two sketches above. As you slide Sam along the string, he will look like a skater on real ice.

U.S. Hopes for More Funds to Fight Reds With Words

WASHINGTON (AP)—The administration plans to launch a greatly expanded anti-Communist idea offensive in Asia and the Middle East if funds are voted by Congress.

President Eisenhower is expected to ask in his Jan. 16 budget message for an increase of more than 50 per cent in the appropriation for the U.S. Information Agency, for which Congress voted 85 million dollars last year.

Eisenhower gave a tipoff when he said in his State of the Union message yesterday:

'Injustice thrives on ignorance. Because an understanding of the truth about America is one of our most powerful forces, I am recommending a substantial increase in budgetary support of the United States Information Agency."

He did not spell out what purposes the increased propaganda funds would be used for.

However, it was learned that administration officials have decided a much greater effort in the war of words—the idea conflict side of the cold war—is needed in the Middle East and Asian countries to serve America's own interests there and to counter Communist aims.

• • •

The USIA presently operates about 200 posts such as information centers and libraries in 79 countries over the world. But the under-developed countries in Africa and Asia have come increasingly under Soviet pressure and propaganda campaigns.

Officials feels new U.S. efforts should be comncentrated in those regions.

'Gay Paree' Theme of PHS Prom

By VICKY MICU

Pontiac High School students tiptoped back to school Wednesday to take up studies and activities and make plans for the last weeks of the semester.

* * *

The thought of approaching final exams looms large in the minds of all students. But seniors found a bright note in preparations for the forthcoming senior prom.

* * *

Retailing club members too had their interest centered on the State Retailing Delegates Congress at Battle Creek, as their adviser and four club members attended the conference held today and tomorrow.

* * *

Grace McLaughlin, PHS Retailing and Office Club adviser, with club delegates Joe Dabbs, Shirley Wright, Kenneth Pepper and Kay Vallance, who is the nominee for the state office of vice president, left early this morning for the Battle Creek congress. They expect to return late Saturday.

* * *

Purposes of the convention are three: To elect state officers; to make plans for the statewide convention in the spring to be held at the University of Michigan; and to allow delegates to meet in discussion groups and exchange ideas and information. Some 25 Michigan schools have sent over 100 delegates to the affair.

* * *

Seniors are putting final touches on the forthcoming senior prom, "Parisian Rendezvous." Co-chairmen Kay Camilleski and Arthur Scott promise all will be ready, complete with Eiffel tower and sidewalk cafes, for the dance Jan. 14.

The prom will be held from 9 to 12 p.m. in the girls' gymnasium, and will be "strictly formal."

HEAD COMMITTEES

Heading committees for the dance are Marie Meyer taking charge of publicity, Marilee Minesinger heading ticket committee, and Carolyn Hawn taking charge of the decorations.

* * *

Music committee is headed by Jim Cartier, and Dick Neaves is in charge of refreshments. Patrons will be in charge of Deanna Dovre, with Bill Hampton handling post dance arrangements. Miss Elma Waterman is faculty advisor for the dance.

While other groups are hard at work, the debate squad also is concentrating on practice for the final tournament to be held next week. The debaters have a good chance for one of the top positions in the Saginaw Valley Conference.

ATTENDING RETAILERS CONFERENCE — Before starting off for the two-day Retailing Delegates Congress today at Battle Creek, Pontiac High School Retailing and Office Club members and, their instructor went over last-minute plans for publicity. Checking the program is (seated) the club's adviser Grace McLaughlin, while looking on (left to right) are Joe Dabbs, a delegate, and Kay Vallance, nominee for state vice president. They left for Battle Creek this morning. Staying home to attend to publicity is, right, Joelma Dempsey the club's publicity director. Two other club members not shown in this picture, Shirley Wright and Kenneth Pepper, also attended the meeting.

NEW ART MEDIUM — Foam glass is being used as a medium to produce decorative sculptures by art students at Washington Junior High School. Here, Maryan Waring, 8B student, exhibits a horse's head she sculptured from the new material. Students, under the direction of art instructor Doris Mann, have worked at charcoal drawing, painting, copper tooling and a wide variety of Christmas gifts and decorations. In warm weather, outdoor field trips prove popular and productiye of some fine art work.

Waterford High Plans 3 Shows

'Showboat' to Be Given Jan. 19, 21; Also Slate 'Snow White,' Operetta

By JEAN LIMATTA

No. 1 conversation topics at Waterford Township High School this week were Christmas gifts and Michigan State's spectacular Rose Bowl victory in the last seven seconds of the game with UCLA. By today, however, excitement had simmered down and students were beginning to slip back into the normal routine.

* * *

Juniors started immediately to work on the ninth annual Showboat production, "Showboat Goes TV." Under the direction of Patty Looman, the show will be presented Jan. 19 and 21 with three main parts.

An old-fashioned Showboat on the Mississippi of the 1890's will be the first setting, followed by Showboat Storybook in a toy shop. The concluding scene is centered around Hollywood and the movies. More students than ever are preparing the production.

Speech II Class began practice before the holidays for "Snow White and the Seven Dwarfs," which they will stage for Waterford's elementary children in February.

Rehearsals also are under way for Waterford's second operetta, "Pirates of Penzance," a Gilbert and Sullivan production. Helen Davis and Patty Looman are directing the presentation, to be given in March.

Tuesday Waterford's GAA began the first basketball tournament games. Carol Moore, sophomore, heads the sport, which is played each Tuesday and Friday afternoon.

* * *

Barbara Tallerday will take the lead as Snow White when the fairy tale play is given at Waterford High, and Bette Morris will play the witch.

Carolyn Campbell is cast as Queen Brangomar and Karl Mantyla as Berthold, the chief huntsman, while Bob Coonfield will be the prince who awakens the pretty Snow White and breaks the witch's spell. The seven dwarfs will be portrayed by Phil Felice, Sheldon Smith, Tom Smith, Lloyd Dixon, Dick Dexter, Chuck Cowie and Dave Latta.

* * *

Al Olson is Sir Dandipratt Bombus, the court chamberlain; Phil Davis and Tom Kreher are the two pages; and the four maids of honor are Marlene Noe, Marva Singleton, Jackie Kosky and Violet Baba. Don Reas, Darfrell Adams and Larry Peck captured the parts of the shorttail, lacktail and longtail cats in the play.

Election Looms at Junior High

Students at Washington Prepare to Pick Three Student Council Officers

A stir of pre-election excitement marked the year's first week at Washington Junior High School, as petitions were circulated for nominations for the three Student Council offices. A president, vice president and secretary-treasurer are to be elected.

Campaigning will be climaxed in an assembly Thursday, when candidates who have won places on the ballot will give their campaign speeches.

On Jan. 16, the spotlight will be turned on the Pioneer Players Club, when the group stages its play, "While the Toast Burned." The one-act comedy with its complicated plot is expected to draw many a chuckle during the morning assembly. Faculty directors are Idella Webb and Kay Justin, the club's advisers.

Later this month, two honor assemblies will be held. Athletic awards will be presented at an assembly Jan. 18, and on Jan. 20 honors for scholarship and citizenship will be awarded.

With graduation date set for Jan. 27, final exams are looming large in the minds of students, many of whom are already starting to burn the midnight oil as they bone up on studies.

Raise Standards for New Year

St. Frederick Students Finish 3-Day 'Retreat'

By ANN SCHACHERN

Students at St. Frederick High School have had a little help in making New Year's resolutions. Their annual three-day retreat started at the 8:45 Mass Wednesday morning and ended with Benediction this afternoon.

Retreat is really a time for "retreating" within oneself and routing out all faults. During this period, classes were halted. Students attended four half-hour conference assemblies in church each day, and spent the remainder of the time in prayer and meditation.

Conferences covered most aspects of the student's life—dating, going "steady," getting along with people, relationships with parents and family, spiritual needs. The Rev. James Sullivan was the priest who officiated at the retreat.

During the retreat period, students were encouraged to eat lunch at school. At home, social activities were omitted and free time was spent in reading books with a spiritual emphasis, or in meditation.

Last week the basketball team had a well deserved day off. Taking a busman's holiday, the players attended a basketball clinic at University of Detroit and then watched two games in the Motor City tournament. The Rams will be seeking their third straight win tonight when they meet St. Mary's of Royal Oak at Royal Oak.

Sharon Donley and Kathleen Kinch held a "coketail" party for seniors and their dates before last Friday's dance, "Fantasy in White." Sandy Bailey had a similar party for the junior class.

Students Plan Program

Washington Junior High homeroom pupils of Vern Riemenschneider have started working out plans for an all-school assembly.

No date has been scheduled, but the program will take the theme of the "Beat the Clock" TV show.

CLINCHES ARGUMENT—Mary Roach, Walled Lake High School debater for the past three years, clinches arguments of the affirmative team during an Inter-Lakes Debate League tournament. At the left is Mary's colleague, Mary Princko. The girls have won both their league debates, scoring victories over Farmington and Waterford negative teams. Anticipation is running high for the next league tournament, scheduled Monday in Van Dyke. Currently Walled Lake, which won the league meet last year, is tied with Farmington and Southfield for first place. Winner this year will capture the newly-authorized Inter-Lakes Trophy.

* * *

Avondale Juniors Schedule Prom, Prepare for Play

Juniors at Avondale High School are active this week preparing for two big events—the junior prom and the junior play.

Prom date is Thursday, Jan. 19, and music will be furnished by Pete Bentz and his band.

Junior class president Larry LaForge has been chosen by play adviser William Lyle to head a committee to select and arrange the play. Others serving are Linda Burt, Don Davis, Joy Owen, Paula Parton and Danny Reynolds. No date has been set for the play as yet.

On the sports scene the cagers entertain Roseville High tonight with a large crowd hoping to help the Yellow Jackets start the new year off on the right foot. The girl's team plays at Roseville this afternoon.

PHS Boys Glee Club to Have Part in Concert

Pontiac High School Boys' Glee Club will take part in an Intercity Male Chorus Vocal Concert, to be given Feb. 11 in Pontiac High School gymnasium.

* * *

Choruses from towns and counties throughout Eastern Michigan will sing in the concert, sponsored jointly by the Pontiac Exchange Club and the MacDowell Male Chorus of Pontiac.

More than half the world's railway mileage is government owned.

Debates, Dedication Hold Interest at Walled Lake

"How will our debaters make out Monday?" was the vital question at Walled Lake High School, as classrooms and corridors, silent during the long vacation, once again teamed with activity.

Students are looking forward, too, to the dedication ceremonies which also will be held this month at the school.

The keen competition between debaters is the result of a three-way tie for first place in the Inter-Lake League. Walled Lake, Farmington and Southfield High Schools each have records of three wins and one loss.

The League tournaments resume Monday, with a meet scheduled for 2 p.m. at Lincoln High School in Van Dyke. Walled Lake's affirmative will be pitted against Southfield's negative, and Walled Lake's negative against Waterford's affirmative.

DEDICATION SET JAN. 15

The dedication of the high school will be held Jan. 15. The school band and chorus are practicing hard for their part in the program. Special speaker will be James Lewis, vice president of University of Michigan.

The school has been occupied since October, 1954, but dedication ceremonies were postponed until completion of the gymnasium which was finished last December.

No Layoffs for Staff of Emmanuel Yearbook

While students of Emmanuel Christian School enjoyed the leisurely vacation period, the ambitious yearbook staff made use of the free days to get in a few extra punches.

"The Conqueror," the school's first yearbook, will come out sometime in early spring. If the way the staff has been working is any indication, this first yearbook should be a knockout. Included in the plans are a three-color cover interior color page, and special sections.

Back in Groove at St. Michael's

Seniors Get Measured for Caps and Gowns, Prepare for Play

By JANET ENGLISH

Wednesday some 250 members of St. Michael High School returned to the schedule of school life.

The week, a routine one for underclassmen, offered some interesting deviations for seniors. The first was the taking of measurements for caps and gowns, and with that the realization that June is not so far off.

Room One is probably the only schoolroom that can boast of having a speedway within its walls. What's the race: With the senior play coming up on Feb. 5 and 6, this class is concentrating on securing of ads for the playbook. Teams have been organized and results of the competition are posted on the speedway for all to observe.

Students are mighty proud of their varsity basketball team for the 41-37 victory the cagers racked up during the game with St. Benedict's of Highland Park on Tuesday.

Bob Considine Says:

Air Executive Deserves Personal Tribute

NEW YORK (INS)—Ralph Damon, who died early Wednesday morning of pneumonia, learned to fly an airplane before he could drive a car.

As president of American Airlines, then of the Republic Aviation Corps., and finally of Trans World Airlines, he did as much for American air power as almost any man who passed through the field.

He was the most tireless executive of my acquaintance. He averaged 100,000 miles a year on business trips alone; flew additional thousands of miles attending to such side interests as his study of astronomy. He led an expedition of astronomers to Ceylon last June to observe the sun's total eclipse.

When Damon became president of TWA he announced to associates that he planned to meet every employe. They couldn't believe him, yet in the next weeks and months he shook hands with and talked to all 16,000 TWA employes from executive to maintenance men to stenogs to pilots to hostesses. He gained an almost incredible knowledge of his airline.

COURTESY LECTURE

"Didn't you forget to fill in that line there?" he gently asked a ticket seller at the TWA counter at the Rome airport.

"Who the —— are you?" the busy man inquired.

"Ralph Damon of TWA," he said quietly, and when the coast was clear, he lectured the man on courtesy.

* * *

Damon knew so much about flying and the operation of his airplanes that he could suggest to a pilot, now and then, that he could take the plane out of the "sheer line" (an airman's term for a narrow band of turbulence where winds of different speeds and temperatures meet) by rising or letting down no more than 100 feet.

To meet every TWA man and woman, Damon had to work the midnight to 8 shift, and the 4 to midnight as well as his regular shift. Sometimes he'd show up in New York before dawn, go to his office, attend to his mail, and be on his way again before the first employe arrived.

Damon had a hand in the creation and perfecting of many aerial stepping stones to this nation's preeminent place in aviation: The Curtiss Robin, the Curtiss-Wright Condor, the DC3, the P47 Thunderbolt (which was originally the design of De Seversky), the DC4 and 6 and the bigger Constellations.

He pioneered tourist travel among international and scheduled domestic airlines.

* * *

All of which will be covered in the salutes to this man. But let us say something the formal obits never get around to saying: He was a wonderfully kind, intelligent and charming man.

FRENCH FIASCO

France's traditional fear of a strong man in the saddle has driven her to an election result which not even the gifted Rube Goldberg would find it easy to commit to pen and drawing board.

It has been said that France operates best without any government at all. Perhaps so. But when her people resoundingly elect 145 Communists to the all-powerful National Assembly, and 51 followers of the crackpot Pierre Poujade, France begins to forfeit its claim as a major power in the United Nations, its position as capital of NATO, and its place in line at the U.S. Treasury's window.

San Francisco's famed Bohemian Club artist Ray Sullivan is the originator of the up and coming Parker Bros. game called "Hollywood Go," the hottest thing since Monopoly.

A new box game has about as much chance as a sturgeon egg has of being hatched. Firms like Parker receive about 200,000 new game suggestions and plans each year, accept perhaps half a dozen.

Scrabble was the biggest money-maker since Monopoly; "Hollywood Go" could be next in line.

Crocs and Gators Quiz Heralding Vets' Convention

COLUMBUS, Ohio (AP)—Is a bat blind in the daytime?

Which bird lays the largest egg—the ostrich, eagle, swan or hummingbird?

* * *

How can you tell the difference between a crocodile and alligator?

You can read these questions and others at Columbus restaurants today. The Ohio State Veterinary Medical Assn. distributed 2,500 quiz cards at the city's eating spots to test the average person's knowledge of animals.

It was the association's way of publicizing its 72nd annual meeting.

* * *

Just so you won't be left up in the air:

A bat has limited vision in the daytime.

An ostrich lays the largest egg.

A crocodile's head is triangular in contrast to the broad-snouted alligator.

Prince of Monaco Wins the Heart of Grace Kelly

MONTE CARLO, Monaco (AP) — Prince Rainier of Monaco, royalty's most eligible bachelor, has captured the heart of Grace Kelly, one of Hollywood's most eligible stars.

* * *

Their engagement was announced Thursday—first through a palace announcement here, and then by Miss Kelly's parents, Mr. and Mrs. John B. Kelly, in Philadelphia.

He is 32 and she is 26. Both are Roman Catholics.

MET ON RIVIERA

The handsome prince met blonde Miss Kelly when she was making "To Stop A Thief" on the Riviera. He is currently visiting her in the United States.

* * *

Rainier rules a mile-square principality on the Mediterranean Coast. His subjects have been anxious for him to marry because the principality reverts to France—with French taxes—if the sovereign dies without an heir.

* * *

Monaco has a voting population of about 1,000 but visitors and French residents swell the population to about 20,000. There are no personal taxes, with the government drawing its revenues from the famous Monte Carlo Casino.

OFFICIAL WORD

An official communique issued by the palace said:

"His serene highness, Prince Rainier III of Monaco, is happy to announce his engagement to Miss Grace Kelly, daughter of Mr. and Mrs. John B. Kelly of Philadelphia.

"The news has caused a lively enthusiasm in the principality. The official and private buildings have been decorated with flags and M. Paul Noghes, director of the Cabinet, has informed the high authorities of Monaco."

* * *

In Philadelphia Miss Kelly's parents issued this statement:

"We are happy to announce the betrothal of our daughter, Grace, to his serene highness, Prince Rainier III of Monaco."

LUNCHEON GIVEN

Close friends and relatives of the Kelly family were invited to a luncheon for the couple in Philadelphia yesterday.

* * *

Miss Kelly visited Rainer at his palace overlooking the Mediterranean last March, during the Cannes film festival. After he showed her the state apartments, the museum, and his private zoo in the palace gardens, the actress declared:

"It was the first time I had ever been received by a prince. His simplicity completely conquered me."

* * *

Rainier has reigned over his tiny domain since his ailing grandfather, Prince Louis II, abdicated in 1949. Louis died only four days later.

The romance is not the old story of a poor Cinderella meeting her prince. Grace's father started life as the bricklayer son of a County Mayo farmer in Ireland, but built up one of the biggest brickwork construction companies in the United States.

OLYMPIC WINNER

A champion sculler, Kelly went to England to participate in the Henley Regatta. But he was ruled out by the Henley Committee because he had once "worked with his hands," which disqualified him as a "gentleman" sculler. But Kelly went to the Olympics where he beat the Henley winner.

* * *

In 1947, Kelly's son John B. Jr. "Kell", wearing the University of Pennsylvania's colors, went to Henley and won a smashing victory. His father had coached him.

Grace has had a long series of top leading men, including Cary Grant, with whom she was costarring when the Prince met her; William Holden, James Stewart, Clark Gable and Ray Milland.

Last March she won a coveted Oscar as the long suffering wife of a drinking actor in "The Country Girl."

Hollywood columnists have long expected the beautiful actress to have a spectacular romance. One of the latest rumors in that department was that she and French star Jean-Pierre Aumont were interested in each other.

* * *

Yesterday Miss Kelly was named by the New York Dress Institute as one of the world's best dressed women. In its poll, she tied for first place with Mrs. William Paley of New York.

PICKED IN POLL

A week ago Miss Kelly was named runnerup to James Stewart in the annual motion picture box office poll in the United States.

Hollywood generally has credited her spectacular career to three facts — she is blonde, beautiful — and can act.

* * *

Playwright George Kelly and actor Walter C. Kelly, the "Virginia Judge" of vaudeville, were uncles.

Mrs. Kelly reportedly was upset over the fact the betrothal was first announced from the palace here rather than by the Kelly family.

PROMINENT GUESTS

Among the guests invited to the Philadelphia luncheon were Gov. and Mrs. George M. Leader of Pennsylvania, and Mayor and Mrs. Richardson Dilworth of Philadelphia.

* * *

The couple wil be married sometime after Easter.

* * *

Miss Kelly and the Prince will attend an engagement party tonight at the motion picture star's apartment in New York. Then they will make their first public appearance following the engagement announcement at a charity ball.

FORMER ROMANCE

Rainier was long linked romantically with Gisele Pascal, beautiful French actress. But Miss Pascal married French actor Raymond Pellegrin last October.

When the prince arrived in New York on his current visit he was accompanied by Father Tucker, the chaplain assigned to him by the Vatican in 1950. Reporters asked the prince what kind of girl he preferred, and he replied she she would have "to have many qualities because I'm a horrible character."

The chaplain thought that was too much and interrupted:

"The prince is a good, fine boy — he's no runabout."

JANE P. GERMANY

The engagement of their daughter, Jane, to John Cowling Maddox Jr. is announced by Mr. and Mrs. J. H. Germany of Mansfield, Ohio. He is the son of Mr. and Mrs. John C. Maddox of Birmingham. Jane is a senior at the University of Michigan where John is in the Dental School. An August wedding will take place in Mansfield.

Boy's Wishes Are Ones That Really Count

By ELIZABETH WOODWARD

"Dear Miss Woodward: Two boys came to see my girl friend and me, and the one she wanted me to go with isn't very cute and I don't like him.

"The one she chose is the one I want, and he seemed to like me because he was always talking to me. She has lots of boy friends and she doesn't really like this one.

"How can I get him without hurting her, and without letting him think I'm chasing him?"

Answer: You two girls have had one date with these two boys. And from your point of view it was highly successful. At least, the boy you liked spent his time and attention on you. And that, despite the fact that your girl friend staked a claim to him.

You might get to see him again just because he happened to like you better than your girl friend. Her wishes aren't the important ones in this deal. His are the ones that count.

And if his interest in you is strong enough to propel him in your direction again, make the most of it.

Be cordial and friendly when you see him around so he'll know that he made a good impression on you. And if you get a break with him and your girl friend says anything, shrug your shoulders and announce gaily that it's fate.

"Dear Miss Woodward: A new boy at school was introduced to me and asked me for a date. I went with him and had loads of fun, but discovered he had wanted to be introduced to my twin sister!

"I like him a lot, and I think he really enjoyed his evening with me. I hate to tell him the truth, because I'm so afraid of losing him. What shall I do?"

Answer: Twins can be very confusing. But there's no reason why they should confuse each other. It's hard to see how you could lose a boy friend to another member of your family—if you have an understanding that admits that you share a lot of things—but not your men.

So see to it that your boy friend meets your twin sister. She needn't be at all interested—cool, detached, absent-minded, busy. So that he strikes no spark from her and gets no encouragement. All of this on the theory that what's yours is yours (in the men category) and she couldn't care less.

Remember, he met you, was intrigued, asked immediately for a date and had it. He enjoyed it, too. And it was with you. Not with a sister he had never met.

You're a reality to him, while she's an unknown quantity. Her cooperation can keep it that way.

Dorothy Reynolds, chairman of the Amelia Earhart Scholarship Fund for District Five, Zonta International, outlined the progress made in the plan for financing the endowment fund, when members of Zonta club of Pontiac met Thursday noon at Hotel Waldron.

* * *

Jan. 11, the day Amelia Earhart made her solo flight to Honolulu, has been designated as Amelia Earhart Day for the affiliated clubs.

Since Zonta was the only club affiliation the late aviatrix held, the scholarship plan was started in 1938, one year after her death.

Zonta International is making a concerted effort to do something memorable for the 20th anniversary of the project in 1958.

* * *

Truth Should Solve the Problem

By ANNE HEYWOOD

Truth is not only stranger than fiction, it is easier than fiction. Every day I see the unnecessary complications people get themselves into by resorting to fiction, instead of just relaxing with the truth.

* * *

Take this young woman, for example, whom I shall call Jeannie.

Jeannie works in an office in a so-called glamor field, where the salaries are good and the pace is fast.

* * *

"Every day after work," she writes, "the girls stop for a drink—but it's more apt to be two or three.

"They insist that I join them and get quite unpleasant if I don't. Since I have to commute home, it means getting a later train and, as a result, I am late for dinner and the family gets annoyed.

'I have tried," she continues, "to get out of it as much as I can. I have told them I have an early date or that drinking upsets me, or that I'm taking a course and must leave right from work.

But they insist that I go along and there I am, wasting time when I don't want to.

* * *

"They act as if I were being snooty if I don't go with them and, of course, I miss a lot of shop talk by staying away. But I can't stand being tied up like this, night after night.

"What can I do?"

It is perfectly obvious that all she has to do is tell the truth.

* * *

"I live at home and it takes 45 minutes to get there. The family dinner is at such and such a time and much as I'd like to join you, you'll have to count me out. Period."

If the girls she works with cannot understand this, and have no respect for her family's dinner hour, it is a bad sign.

Quite possibly she should think about changing to another field, one in which people are more her kind.

Jackie Gleason Reduces for Upcoming Operation

By EARL WILSON

OIL AROUND THE TOWN . . .

NEW YORK—I saw Salvador Dali at a party and wished him Happy New Year. "Happy Thanksgiving," he replied, twining his mustachios . . . Crooner Steve Lawrence says his new NBC contract's first clause prohibits him from reading the rest of the clauses.

★ ★ ★ ★

Gen. David Sarnoff's trusted aide, V. P. Mannie Sachs of RCA-Victor and NBC, has four NYC offices—but does much business at restaurant tables. Young, wealthy and successful, he's single, though it's known that one glamour gal wired him just before marrying another, "Sorry. Couldn't wait."

Husbands are so mean. TV Producer Jack Hurdle summoned a famous surgeon to remove a telephone from wife Jeanne's right ear.

Jackie Gleason's reducing for his operation so doctors can get through to him . . . Dick Haymes and Errol Flynn, exes of Nora Eddington, were at the same table at El Morocco—probably discussing some old wives' tale . . .

★ ★ ★ ★

"Salesmanship's like riding a bicycle—a fellow has to peddle himself to get any place," L. McKy, Detroit.

Louis Armstrong, back from touring Europe, told how a young Italian traveled across Italy to get him to try a trumpet he'd made. He'd made only four before. But Satch decided he must return this boy's faith. He tried it and, "It blew like a horn I never knew could be." He ordered four more. Now the young Italian doesn't need blow his own horn 'cause Satch's blowing it for him all over two continents.

THE MIDNIGHT EARL . . .

Ella Logan's new beau is Producer Howard Hoyt, while Wm. O'Dwyer and Rosemary Ridgewell are still threatenin' . . . Shirl Conway may wed Joe ("Rathskeller") King, prop. of the college rendezvous.

Aly Khan bought Rita a home near Paris. (The Aga took control of a French film company, and she may make movies there) . . . A former big name star is seeing a psychiatrist about insomnia . . . Readers of Photoplay magazine tabbed Kathryn Grant—Bing's honey—one of 1956's coming stars.

Louis Armstrong rejected $2,500 for a one-nighter at Cafe Society, then played an hour—for free—'cause Lionel Hampton's there . . . Gary Cooper's daughter Maria dated Sean McDonnell . . . Fernanda Montel's tossing a big party in Mexico City for bullfighter Dominguin . . . Lizabeth Scott is taking singing lessons, hoping for a musical comedy role.

KATHRYN

It might comfort you to know that Florida drive-in theaters now advertise "Heaters for Your Car" and that Jacksonville medics list themselves in classified phone books: "Practice Limited to General Practice."

★ ★ ★ ★

EARL'S PEARLS . . .

"Show me a careless polar bear," philosophies Frank Cerutti." — and I'll show you a bearskin rug."

WISH I'D SAID THAT: "Some women suffer for their beliefs. They believe they can wear a shoe one size smaller." Vaughn Monroe.

TODAY'S BEST LAUGH: Morty Gunty heard of a chorus girl so dizzy that even when she second guesse. she's wrong.

Bob Olin reports on the woman who is really hard to please—she is already unhappy with the things she exchanged her Christmas gifts for. **That's earl, brother.**

Defoe Weighs Destroyer

BAY CITY (AP)—The Defoe Ship Building Co. has launched its 428th ship—a 314-foot destroyer escort. The ship will be christened the Fred F. Lester after a World War II Marine medical corps hero killed June 8, 1945, on Okinawa. His mother, Mrs. Fred W. Lester of Downers Grove, Ill., will christen the ship.

Oakland County Spends Over Million Dollars on Construction

The Oakland County Road Commission in 1955 awarded contracts for construction work totaling $1,059,043, according to Lee O. Brooks, chairman.

Projects were completed over 13 stretches of road including:

Twelve Mile from Haggerty to U.S.16, W. Long Lake from U.S.24 to M218, Stobart-Hickory Ridge from General Motors to Labadie, John R at the incinerator grounds, the Road Commission building site on Pontiac Lake Road, Maple Road from Orchard Lake to M218, Ten Mile from Southfield to Ridge, and General Motors from Milford Road to Hickory Ridge.

Others were Hickory Ridge-Stobart from General Motors to the county line, Cedar from Round Lake to Union Lake, Crescent Lake from Pontiac Lake to Highland, W. Long Lake from Orchard Lake to Telegraph and Cass Lake from M59 to Pontiac Lake.

Another project saw the Tuttle Drain in Waterford Township extended.

The commission also let a $270,535 contract for construction of its new garage and office building in the County Service Center, on which work has started.

Cinderella Hubby Gets His Shoe Back

DALLAS (AP) — A Dallas man, whose wife walked out on him Christmas Day taking their four children, a 24-pound turkey and one of his shoes, is back in circulation again.

When he first called Justice of Peace Bill Richburg to report the loss, the man put special emphasis on the missing shoe. He claimed it belonged to his only pair.

Yesterday he called Richburg again to report that a woman had pitched the shoe back through a window and announced she wasn't coming back.

"That was my wife all right, judge," the man said.

1956 Buick CENTURY 6-Passenger, 4-Door Riviera, Model 63

(There's double-action take-off in Buick's new Variable Pitch Dynaflow!)*

WE HAVE a new thrill waiting for you behind the wheel of a '56 Buick with *today's* Variable Pitch Dynaflow.

It comes from something the engineers call "double regeneration"—which is another way of saying *double-action take-off.*

It's a nimble and instant new getaway response you get at an easy nudge on the gas pedal—

Because Buick engineers have now found a way to make Dynaflow's whirling oil add to its own velocity at the very beginning of pedal travel—to turn up higher torque faster right from a standing start.

Know what that means?

It means you now have a brilliant new nimbleness for city and traffic driving at only *part* throttle.

It means you now have an instant and solid take-off in your cruising range—even before you switch the pitch of this airplane-principled transmission.

It means you now have better gas mileage than ever before—because you get this snappy new sizzle within the first inch of pedal travel, where you do all your normal driving.

And it means you still have, in reserve, the full-power acceleration of Dynaflow's switch-pitch action when you floor the pedal for an emergency safety-surge.

You really ought to try this new excitement—and all that goes with it—

Like the great new ride—and the sensible new safety features—and the prideful feeling of Buick's new sweep-ahead styling—and the record-high power and compression of big new 322-cubic-inch V8 engines.

So come in and let one of these beautiful new '56 Buicks tell you the story in the way it knows best—on the road, under power, lancing curves, humbling hills. Can you make it this week?

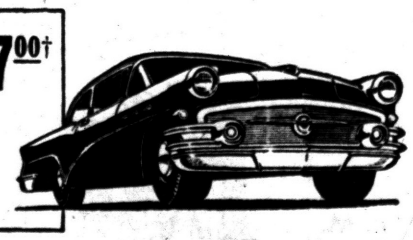

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Hollywood Headlines:

Elizabeth Taylor Faces Busy Year Careerwise

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — Any outside producer harboring any delusions about borrowing Elizabeth Taylor this year can forget their dreams.

The violet-eyed honey of MGM will be kept so busy on her home lot hubby Mike Wilding and her children may find throuble "borrowing" her for a night at home.

Immediately following "Raintree County" (which has a long, long shooting schedule) Elizabeth will star in James Michener's "Until They Sail," which is now being scripted in New York by Robert Anderson.

Anderson, you may recall, is the famed playwright of "Tea and Sympathy" and this is his first writing chore directly for the screen.

Producer Charles Schnee tells me that the Michener story deals with a family of girls living in New Zealand during the last war and that it will be filmed there, meaning that Liz is in for a long location trip.

BUSY CORNEL

The start of the new year has been busy for Cornel Wilde, who, in a matter of hours, was on his way to Africa for "The Black Mamba." He'll meet with Donna Reed, Leo Genn and Tony Owen in London and they'll all travel to Nairobi together.

Cornel substitutes for Aldo Ray who bowed out because he didn't want to leave Jeff Donnell with whom he reconciled just before Christmas.

Talked with Susan Hayward, who is off for New York, Philadelphia and Washington on Monday to spend 10 days exploiting her picture, "I'll Cry Tomorrow," for which she certainly will get an Academy Award nomination.

"I'm going to give interviews, see shows and have fun," Susan told me.

"Anyone in your life?" I asked.

"I'm still a married woman," she said. "Mine is the longest case on record. I've been trying to get my freedom for over a year. The judge still has my case under advisement.

"I'm hoping my new year will be happy and that my divorce from Jess Barker, who has made my life pretty miserable all these months, will be granted."

LINDY IN TOWN

Very quietly, Gen. Charles A. Lindberg flew into town to take a look at Jimmy Stewart in "The Spirit of St. Louis." The general requested that Warner Brothers give out no publicity, since he didn't want anyone to know of his presence in our town.

Lindbergh has what amounts to almost a phobia about any personal publicity, stemming back to his solo flight across the ocean, the first one ever made on May 26, 1927.

Before he'd even allow Leland Hayward to make his life story, Lindbergh exacted a promise that all stories about him be kept down to a minimum.

Snapshots of Hollywood collected at random: Anne Bancroft and Marty May are starting the new year right — with a big reconciliation.

Marlon Brando's date these evenings is Rita Moreno. They celebrated New Year's Eve at the Ranch Club in Palm Springs and have had several dates since.

Ronnie Knox, UCLA's football hero, spent a pleasant evening at the Luau with Belinda Hallett, former Las Vegas chorine. Night before she was with George Raft.

Nat "King" Cole sings "Autumn Leaves" both at the beginning and end of William Goetz's picture named for the popular song.

At the Encore, Sydney Chaplin whispered sweet nothings in Jeanne Coyle's ear. She's Gene Kelly's dance assistant. Syd and Joan Collins have written finis to their romance.

Hard to say which takes up more room at Debbie and Eddie's new Palisades estate — the new swimming pool or Eddie's tremendous record collection which is being moved in this week.

Kim Novak is back after three weeks of hard work plugging "Picnic." Says the only thing she missed was a college prom and she hopes to get a bid some day. This should start a stampede from college swains.

Ed Judson, the forgotten man in Rita Hayworth's succession of husbands, is now operating a successful nightclub in Miami.

At the Mo, Mike Rennie and English actress Patricia La Flan (pronounced La Fan) were a cozy twosome.

Air Lines Jammed

Miami Grid Fans Still Waiting to Get Home

MIAMI, Fla. (AP)—Thousands of football fans who flocked to Miami for the Orange Bowl game have found themselves stranded for transportation home but the situation should be back to normal by this weekend.

* * *

Harrassed air lines clerks said today the past three days and nights have been "hectic" but the backlog of passengers was beginning to ease somewhat and "standbys"—those without reservations—were getting out.

Bus lines also reported a letup in the holiday rush and said travel should be back to normal in a few days. The same report came from railroads.

* * *

The game, won by Oklahoma over Maryland, 20-6, attracted a record crowd of 76,561 spectators.

Many who came to Miami for the week-long Orange Bowl festivities arrived by private plane, automobile or bus in addition to those who came aboard regular air lines, trains and buses.

* * *

The air lines reported record crowds. Eastern Air Lines said its daily flight to Tulsa and Oklahoma City is booked solid for the next few days but a spokesman said "standbys are moving."

Eastern reported 378 standbys got out Wednesday and 384 left yesterday. Eastern hauled 4,466 passengers out of Miami Tuesday, a system-wide record for one day. It carried 4,144 on Wednesday.

* * *

National Airlines reported an overflow crowd for the past few days, mostly to Eastern cities, but it said some standby passengers found space through cancellations.

Browns, Rams Dominate 1955 All-Pro Selections

NEW YORK (AP) — Alan (The Horse) Ameche, bull-driving fullback of the Baltimore Colts, was the only rookie named to The Associated Press 1955 All-Pro team which included three members each from the National Football League champion Cleveland Browns and Los Angeles Western Conference titleholders.

* * *

Ameche, the league's ball carrying champion, received 26 of the 40 votes cast in the annual balloting by Associated Press member paper football writers and AP staff men. The former University of Wisconsin powerhouse earned the nomination by rolling up 961 yards in his first season, 194 of them in his first game.

Although they finished half a game behind the Rams for divisional honors, the Chicago Bears placed four players on the 22-man two-platoon squad. They included end Harlon Hill, guard Stan Jones and tackle Bill Wightkin on the offensive eleven and middle guard Bill George on the defensive team. Pittsburgh was the only team that was not represented on either squad.

* * *

Otto Graham, who came out of retirement to lead the Browns to their second straight championship, won the quarterback post in a romp, getting 28 votes to 8 for Green Bay's Tobin Rote. It was the sixth time on the All-Pro team for the 33-year-old former Northwestern great who promptly retired again after scoring two touchdowns and passing for two more in Cleveland's 38-14 title triumph over Los Angeles.

* * *

Other Browns voted on the AP "dream team" were offensive tackle Lou Groza, the place-kicking specialist, and Frank Gatski, the indestructable center. Groza, completing his 10th year with the Browns, was named on 31 ballots to earn the honor of being the most popular choice in the voting. Gatski, another 10-year veteran, received 22 votes to beat out Dick Syzmanski of Baltimore and Bill Johnson of San Francisco.

Rams named were guard Duane Putnam on the attacking unit, end Andy Robustelli and halfback Willard Sherman on the defensive group.

* * *

The defensive team consists of ends Gene Brito of Washington and Robustelli, tackles Art Donovan of Baltimore and Bob Toneff of San Francisco, middle guard George, linebackers Joe Schmidt of Detroit and Roger Zatkoff of Green Bay, backs Bob Dillon of Green Bay and Sherman and safetymen Jack Christiansen of Detroit and Emlen Tunnell of the Giants.

Graham was one of the eight repeaters from the 1954 team. The others are Pihos, Groza, Matson, Donovan, Schmidt, Dillon and Christiansen.

* * *

In Hill and the veteran Pihos, the team boasts a pair of offensive ends who pack the most deadly scoring threat in the game. Hill, in his second year, caught 42 passes for 789 yards and led all pass receivers with nine touchdowns. Pihos caught the most passes, 62, for the most yardage, 864. San Francisco's Billy Wilson, whose 12 votes ranked him a close third, was second to Pihos with 53 catches for 831 yards.

* * *

Groza is an outstanding long range field goal kicker in addition to his ability as a lineman. The Toe last season kicked 11 field goals, missed only 1 of 45 conversions and ranked fifth in scoring with 77 points. Wightkin, who beat out Lou Creekmur of the Lions for the other tackle position, is a fast, hard-hitting 233-pounder who starred at Notre Dame. Gatski has a fantastic record of never having missed a practice nor a single moment in any game because of injury. Ever since he became the regular offensive center in 1948, he has never been removed for a substitute.

* * *

The concensus on defensive ends was so close that such great ones as Cleveland's Len Ford and Baltimore's Gino Marchetti had to be left out. The biggest vote-getter was Brito, whose return after a fling at Canadian football, helped lift Washington from last place to second in its division in one season. The 29-year-old end was credited with helping win four games by alert defensive plays. He received 26 votes to 20 for Robustelli, 12 for Marchetti and 10 for Ford.

* * *

At defense tackle, Donovan, 270 and Toneff, 252, represent size, strength, range, quick diagnosis and exceptional co-ordination. At middle guard, George beat out several formidable candidates including Dale Dodrill of the Steelers and Les Richter of the Rams. Competition also was keen among the linebackers with Chuck Bednarik of the Eagles, George Connor of the Bears, Chuck Drazenovitch and Lavern Torgeson of the Redskins prominent in the voting.

Here are the members of the 1955 Associated Press All-Pro Team (including team, age, weight and college).

TOP PROS ON ATTACK — Here are the four members of the offensive team backfield chosen for The Associated Press All-Pro football team. Alan Ameche, upper left, of the Baltimore Colts, won the fullback spot and Otto Graham, upper right, the sensational quarterback of the champion Cleveland Browns, cinched the signal-calling job. Halfback selections were Ollie Matson, lower left, of the Chicago Cardinals and Frank Gifford, lower right, of the New York Giants.

Hawkeyes Meet MSU in Attempt to Snap Slump

Pre-Season Big Ten Favorite Now Has 3 Game Losing Streak

By THE ASSOCIATED PRESS

The Iowa Hawkeyes, virtually the same team that won the Big Ten basketball crown last season, must fight out of a terrific slump as they prepare to open defense of their title Saturday night.

The Hawkeyes start their conference campaign at home against hot-shooting Michigan State winner of five of its seven starts. Iowa has taken only three of seven non-conference games and has lost three in a row to Washington, Stanford and California.

"We've just been lacking an offense," moans coach Bucky O'Conner. "But we'll snap out of it."

The Hawkeyes have four of their first five regulars back from last year as well as four seasoned reserves and some promising sophomores. But off their record thus far they have slipped from a pre-season co-favorite role with Illinois to the status of a darkhorse.

After entertaining Michigan State, Iowa must travel to Ohio State Monday. The Buckeyes and their great sharpshooter, Robin Freeman, have been beaten only once in nine games (76-67) by Vanderbilt). They opened their Big Ten bid Monday by trimming Michigan 79-66.

Illinois captured a 73-65 decision over Michigan State and Indiana dropped Northwestern 94-81 in other conference openers.

Rounding out Saturday's Big Ten program, Indiana is at Wisconsin in the afternoon for a televised affair. Michigan is at Minnesota and Northwestern at Purdue.

Uncle Sam Takes Lions' Carpenter

LITTLE ROCK, Ark. (AP) — The Detroit Lions can scratch for two years power - running back Lew Carpenter. Any running he does football wise or otherwise in that time will be for Uncle Sam

Carpenter, 24-year-old former University of Arkansas star, was drafted into the army yesterday. He was shipped to Camp Chaffee, Ark., for basic training.

Heavy Impost for Nashua in Widener 'Cap

MIAMI, Fla. (AP) — Nashua will certainly lug 127 pounds and may carry 130 if he runs in the $100,000 added Widener Handicap at Hialeah Race Track Feb. 18.

Charles J. McLennan, Hialeah's director of racing, said if Nashua wins the $50,000 McLennan on Feb. 4 he will have the extra 3 pounds added.

At 127 pounds, Nashua gives 5 to 29 pounds to the other 58 nominees in the Widener. Prendase, a Venezuelan horse, drew second high weight of 122 pounds and El Chama, also of Venezuela, and Social Outcast are next with 121.

Survey Shows Trend

Skiers Flood Upper Peninsula Resorts

MARQUETTE (AP) — Skiing is far from new to the upper peninsula. But what's happening to skiing in the area this season is new and different — even to the "Old Pros."

* * *

For 16 years the best ski jumpers in the world have soared off Majestic Pine Mountain, the highest artificial ski slide in the world located at Iron Mountain.

Through the Pine Mountain slide and the ski jumpers it produced, the upper peninsula gained an international reputation.

But all this took place before the upper peninsula suddenly found some 600 ski resorters gracing various lodges each weekend this season.

* * *

In fact, the research division of the Michigan College of Mining and Technology at Houghton says a survey it conducted shows these resorters are spending nearly half a million dollars annually in the UP.

Further, Michigan Tech says by 1965 a half million dollars will be spent by out-of-state skiers who visit the peninsula. This would bet a 300 per cent increase in business.

The survey says the average skier spends $30 on a trip — usually for a weekend or a short stay.

Why do Michigan skiers travel all the way to the upper peninsula when of the 46 ski resorts in the state only eight are located north of the Straits of Mackinac?

* * *

The college survey showed:

1. Skiing in the UP is more reliable because there generally is more snow in the northern region.
2. Many skiers prefer to "make the rounds" of good ski slopes and find upper peninsula ones are choice.
3. Facilities at areas in the lower peninsula are too crowded on weekends.

Michigan Tech's research teams conducted their interviews with skiers at the major resorts — Ishpeming, Marquette, Iron Mountain, Houghton - Hancock, Gladstone, Ontonagan, Ironwood and Crystal Falls.

Here is the weekend report for winter sports in Michigan:

EASTERN—CENTRAL MICHIGAN

Wings' Victory Narrows Gap for 2nd Place

Detroit Now Only Five Points Back of New York Rangers

By THE ASSOCIATED PRESS

It doesn't happen often but the Detroit Red Wings have shown the Montreal Canadiens can be beaten on their home ice and by a one-sided score.

* * *

The Wings, defeated by New York Wednesday when the Rangers scored five successive goals in the third period, bounded back last night to whip the Canadiens 5-2 in the National Hockey League's only game. The victory narrowed the gap between the third-place Wings and the second-place Rangers to 5 points.

* * *

It was only the third time the Canadiens had bowed on their own ice this season. The last time was Oct. 27, to the Chicago Black Hawks. The other setback was by Boston on Oct. 20.

* * *

Gordie Howe, Metro Prystal, Alex Delvecchio, Jerry Toppazzini and Red Kelly piled up the Detroit goals as the Wings equalled the most goals scored against Montreal in one game this season. Howe's goal was his 17th of the campaign.

Dollard St. Laurent, Montreal defenseman, suffered a fractured jaw in the third period when he collided with Kelly.

Favor Lausse in TV Match

NEW YORK (AP)—Eduardo Lausse, the colorful middleweight from Argentine, is a 3-1 favorite over Milo Savage of Salt Lake City tonight in what may be the last Madison Square Garden fight in a long, long time.

The next boxing date in the Garden is Feb. 3, with the ice show taking over in the interval. However, unless the Boxing Guild of New York can patch up its trouble with the New York State Athletic Commission, the Garden may be dark for many months.

* * *

The handsome slugger from Argentina has become quite a favorite with U.S. boxing fans within the last year. He has a string of 3 consecutive victories since his defeat by Kid Gavalin Sept. 13, 1952. Among the victims was Gavalin.

NBC will broadcast and telecast at 10 p.m. EST.

Pontiac Club Seeking State Archery Event

Representatives of the Pontiac Archery Club will be in Lansing Sunday, to make a determined effort to return the 1956 Michigan Archery Championships to this area. The 1955 event was held here, and was a very successful event, according to Al Tang, PAC official, who will attend the annual state session. He will be a candidate for reelection as a District No. 3 director.

Other members of the PAC delegation, seeking the state shoot, include Mrs. Tang and Al Orr.

Schedules for the season's shoots, including the big state test, will be set up at this conference, Tang says.

Starting Lineups Selected for Annual Senior Bowl

MOBILE, Ala. (AP)—Coaches Buddy Parker of the North and Paul Brown of the South today decided which of their players will have the job of moving the ball in tomorrow's seventh annual Senior Bowl game.

The coaches also named tough defenses with the accent on weight.

* * *

Parker, coach of the pro Detroit Lions, said he will alternate Wisconsin's Jim Haluska and Iowa's Jerry Reichow at quarterback.

The South has passing backs in Bob Hardy of Kentucky, Most Valuable Player in the Blue-Gray game at Montgomery, and George Herring of Mississippi Southern. Hardy will probably do most of the signal calling, with Herring slated for punting duty.

* * *

Brown, coach of the pro champion Cleveland Browns and a long rival of Parker, named four running backs. Alternating at left half will be Don McIlhenny of SMU and Fob James of Auburn, the Southeastern Conference's leading ground gainer.

For the North, Lou Baldacci of Michigan and Bob Moss of West Virginia will be called on for the wide plays. Fullback Bill Murakowski of Purdue was picked for the power bursts.

The South's line will be flanked by All-America Howard Schnellenberger of Kentucky, Hardy's favorite target, and Tommy Harkins of Vanderbilt.

* * *

It's the Hardy - Schnellenberger combination that has established the South as a one-touchdown favorite.

Between the big ends will be tackles Frank D'Agostino of Auburn, another All-America, and Jim Locke of VPI; guards Bo Bolinger of Oklahoma and Scott Suber of Mississippi State and center Bob Scarbrough of Auburn.

For the North, Harold Burnine of Missouri and Jim Carmichael of California will anchor the line. Tackles are Sam Huff of West Virginia and John Dittrich, a guard for Wisconsin. At guard Parker has Roger Siesel, tackle for Miami of Ohio, and Carl Nystrom, Michigan State All-America.

Speedway Votes Against Changing 500-Mile Rules

INDIANAPOLIS (AP)—The Indianapolis Motor Speedway won't change its rules to let stock engines into the 500-mile race this year, but there's a good chance they'll get to run in the 1957 Memorial Day Race.

Speedway owner Tony Hulman said last night that major changes in the rules are under discussion but that the time is too short to change them for this year's May 30 contest.

Rules for 1957 will be announced after this year's race, so that prospective entrants will have plenty of time to comply with them.

Speedway's size limitations now rules out stock engines. The limits are 274 cubic inches piston displacement for non-supercharged engines and 183 cubic inches for those with superchargers.

Hulman did not say whether the limits might be raised or whether a new class might be created for stock engines. The speedway has separate specifications of 335 cubic inches for diesel engines, but no diesel has been entered since 1952.

Attempts to cut stock engines down to the present limits and retain top performance have been unsuccessful.

Rich LA Open Gets Under Way

Top Names of Golf in Field; Bolt Hits Hot 65 in Tuneup

LOS ANGELES (AP)—The 30th annual Los Angeles Open, listing the great names of golf to compare with illustrious winners of the past, gets under way today at the Rancho Municipal course.

The purse is $30,000 and the winner will collect $6,000.

* * *

Julius Boros, the top money maker of 1955; Doug Ford, the golfers' "Golfer of the Year" for winning the PGA championship; Gene Littler, last year's local champion, and Jack Fleck, the darkhorse surprise winner of the U.S. Open, are listed in the bulky field teeing off over the 7,048-yard par 36-35—71 course.

* * *

To this list must be added Cary Middlecoff, the Masters champion, and off his play here yesterday, Tommy Bolt, the Los Angeles Open victor in 1952.

Bolt shot a 65 in the pro-amateur celebrity event, giving the completely revamped course a new record.

OCSC Gunners Defeat Vickers for 6th in Row

The Oakland County Sportsmen's Club rifle team won its 6th consecutive match Thursday night, doing it the easy way as the host Vickers club was forced to forfeit the decision.

Only three Vickers riflemen showed up for the firing, making it simple for the OCSC gunners. The victory moved the OCSC into a tie for 1st place with Ford. Ford and the OCSC top the league in both actual and handicap totals.

Milton LaPorte led the Oakland County squad with an actual 193 and Harry Phillips took handicap laurels with 209. R. Williams scored 186-200 for Vickers.

By BILL CORNWELL

The 1955-56 Suburban Catholic League basketball championship race is still very young, but already it gives strong indication of becoming a highly interesting affair.

Defending champion St. Michael, listing only one holdover from last season's title-winning club, surprised quite a few people Tuesday night, especially in the Highland Park vicinity, by upsetting a well-balanced veteran St. Benedict quintet.

* * *

Art Massucci's Bens, runners-up last season, were strong pre-season favorites to win the SCL crown. Blessed with the return of last season's entire squad, St. Benedict defeated Orchard Lake St. Mary in its loop opener but hit a snag in Bob Mineweaser's Shamrocks.

Fortunately for Pontiac's north side parochial school, the lone returnee is John Keller, high-scoring forward. Keller, who topped the Mikes in point production last year, netted 28 points in their decision over the Bens.

St. Mary of Orchard Lake, also rated a strong contender, was throttled by St. Benedict after easily downing Ferndale St. James in its loop starter. Rev. John Rakoczy's Eaglets, led by sharp-shooting guard Ted Kopacki, are still expected to have considerable voice in the SCL chase.

* * *

The two current league leaders by virtue of an extra win apiece, St. Frederick and Royal Oak St. Mary, fight for the top spot in tonight's headline attraction at Royal Oak.

St. Fred's Rams, piloted by Gene Wright, have chalked up victories over Center Line St. Clement and St. Rita of Hazel Park. The Rams' attack is headed by rangy forward Dick Doyon, who has accounted for 35 points.

St. Mary's Irish have victimized the same two foes. Both St. Fred and the Royal Oak aggregation have lifted eyebrows with their early season splurge, although it must be stated that neither team has yet faced the stronger members of the circuit. Tonight's clash must be called a tossup.

St. Benedict will try to rebound into the victory column at St. James' expense in an SCL encounter tonight at Highland Park while St. Rita and St. Clement battle to escape the league cellar at Center Line High School. St. Michael and OL St. Mary are idle tonight.

U-M Swimmers Favored in Big Ten Relays at MSU

EAST LANSING (AP) — Michigan, Michigan State and Iowa State will be the pioneer entries in the first Big Ten invitational swimming relays Saturday night at the Michigan State pool.

The relay meet, first of its kind staged by the Western conference, will consist of nine events ranging in distance from the 200-yard free style relay and 200-yard medley relay to the 400-yard free style relay.

Top entries include John Dudeck of Michigan State, Jim McKevitt of Iowa State and the Wardrop twins, Jack and Bert, of Michigan.

Dudeck is the NCAA 200-yard breaststroke record holder. McKevitt holds more meet and conference marks in the free style events than any other swimmer in his Big Seven league. Jack Wardrop set world record in the 220-yard free style with his 2:30.4 and his twin brother is a consistent all-around performer.

Michigan, runnerup in the 1955 Big Ten and NCAA meets, is favored because of its depth of 14 lettermen.

NCAA Plans Ban on 'Free Riders'

Stiff Amendment for Recruiting Provision Is Now Being Prepared

LOS ANGELES (AP)—The National Collegiate Athletic Assn. indicated today it proposes to slam the brakes on "free rides" for college athletes.

* * *

A stringent amendment to the alumni would be eliminated by laws will be presented at the 50th annual convention opening tomorrow, Executive Director Walter Byers said.

So-called "Booster Clubs" of alumni would be elimiinated by the amendment, which prohibits NCAA member schools from permitting "an outside organization to utilize or administer funds for the purpose of transporting prospective student athletes to its campus."

* * *

Initial discussion of the amendment is scheduled Monday at separate roundtable meetings of faculty representatives and athletic directors. The vote on adoption will be taken at the final convention business session Wednesday.

* * *

Ken Tittridge tallied 19 points and teammate Art Branner added 10 as the 596 team drubbed 898's club, 57-38. Local 596 sewed up the game in the 1st half by compiling a 29-14 advantage. Al Theriault grabbed scoring honors in a losing cause with 23 points.

Northwestern Plans All-Out Grid Program

New Athletic Regime Emphasizes Point to Chicago Writers

CHICAGO (INS)—Northwestern University's new football regime plans to develop smart, speed-minded players in an all-out effort to install clawing life into the Wildcat.

Two recent appointees, Athletic Director Stu Holcomb and head football coach Ara Parseghian, emphasized this point yesterday as they met Chicago sports writers and radio and television sportscasters for the first time.

The 32-year old Parseghian, whose Miami of Ohio eleven won all nine games on its schedule in 1955, stressed the speed angle as he announced he had signed his former backfield aide, Paul Shoults, to help him drill the Northwestern ball handlers. Parseghian said:

"We plan to use the split and spin T, where smart quarterbacking and fast execution of plays are of the utmost importance."

(The Wildcat coach defined the spin T "as a move away from the line in a deceptive maneuver as the ball is snapped.")

* * *

Holcomb admitted that Northwestern's tough academic requirements—generally rated as the stiffest in the Big Ten—helped make the molding of a good football team "a tremendous job." He said:

"An athlete's qualifications often are more physical than mental. He's usually A B or C student, but at Northwestern—for the first two years at least—he is required to take the same tough courses as the average liberal arts student who has more time for study."

But Holcomb reminded that developing Northwestern into a football power has been done before—notably in 1949 when the Wildcats beat California, 20 to 14, in the Rose Bowl.

Northwestern wound up in the Big Ten cellar in 1955. The Wildcast lost eight games and tied one for their worse season in history.

Full Prep Menu on Tap Tonight

Heaviest basketball action of the prep season, with a full load of no less than 27 games, is on tap in county area circles tonight.

All leagues will get a thorough going over as teams get into the title chase.

In the Eastern Michigan League, unbeaten Ferndale and Birmingham, both 1-0 in loop play, tangle on the Railsplitter's court.

Ferndale, under coach Roy Burkhardt, has surprised everyone with successive wins over Southfield, Berkley and Hazel Park to demand attention as a league contender.

Walled Lake will attempt to break into the clear in the Inter-Lakes by visiting Farmington. The Vikings hold loop wins over Berkley and Waterford and coach Niles Freeland will be counting on the league's top scorer Larry Hughes to pace the attack against Farmington.

Southfield plays host to Waterford, both of which are 1-1 in the league, and Berkley is host to Van Dyke, loser of five starts this year.

* * *

Once again the Wayne-Oakland league features a crucial contest with high powered Milford hosting West Bloomfield.

Two of the area's highest scorers, Frank Rogers of the Lakers and Jim Davison of Milford, will stage a pointmaking contest.

Rogers is currently carrying a 24.0 average and Davidson 23.7, however Milford has backing strength in Fred Baker who is averaging 17.0 per game.

Milford, 3-0 in the league, could take a healthy lead in the WO, ahead of the Lakers who have a 2-1 mark.

* * *

Holly, cellar-dweller of the league, is host to Clarkston and Brighton travels to Clarenceville in other loop action.

In Oakland B action, Fitzgerald, unbeaten in five games tangles with the ambitious Colts of Troy. The Spartans along with independent Lapeer own the best record (5-0) in the county area.

* * *

Coach Tom Raeside, without a player over 6 feet, holds surprising wins over Madison and Birmingham in the team's last two starts.

Defending champion Roseville visits the Avondale court and Clawson, which won its first game in 26 starts over three years, travels to neighboring Madison. Clawson defeated Lake Orion before the holidays to snap a 25 game losing streak.

Feature games in the Southern Thumb has unbeaten league team Armada hosting New Haven and surprising Capac taking on Dryden.

* * *

Almont goes out of league play to meet Ortonville, while Memphis and Brown City with only two wins between them tangle on Brown City court.

Imlay City which suffered its first loss to Almont Tuesday meets Millington in a South Central league encounter.

Utica is at home against South Lake, Bloomfield Hills travels to Oak Park and Lapeer (5-0) is at Flint Tech, in other games.

At Lake Orion a pair of hungry teams meet when the Dragons (0-4) entertain Oxford (0-3).

Greenberg, Cronin Loom as 1956 Hall of Famers

NEW YORK (AP)—It's voting time again for baseball's Hall of Fame and it may be that Hank Greenberg and Joe Cronin this year will make the coveted list.

* * *

Greenberg, now general manager of the Cleveland Indians, was one of the American League's greatest right-handed sluggers in his playing days as a first baseman with Detroit. In one year he walloped 58 home runs. Cronin, in his heyday a top-flight shortstop and manager of the Washington Senators, also is in the front office these days as general manager of the Boston Red Sox.

* * *

Last year when Joe DiMaggio, Ted Lyons, Dazzy Vance and Gabby Hartnett were enshrined, Greenberg and Cronin ranked fifth and sixth in the voting by 10-year members of the Baseball Writers' Assn. Greenberg was named on 157 ballots, 32 shy of the required 189 or 75 per cent ot the 251 ballots cast. Cronin was named on 135.

* * *

The veteran scribes will vote for players, active at some time during the years 1930-'50, inclusive. A new rule provides that players to be eligible must have been retired as a player, manager, coach or umpire in organized baseball for at least five years. Previously a player needed to have been retired for only one year, even though serving as manager, coach or umpire.

* * *

The deadline for voting this year is Jan. 23. The ballots will be counted a few days thereafter.

Preps Study Rule Changes

Ponder Proposal to Permit Confabs With One Player, Coach

NASHVILLE, Tenn. (AP)—The football rules committee of the National Federation of High School Atheletic Assns. pondered a proposal to allow coaches to confer with single team members during charged time outs.

* * *

In yesterday's session, the committee strongly urged use of face and mouth protectors in high school games, but decided against including it in the rules until further studies establish safety standards.

* * *

The group voted yesterday to specify reaction standards for footballs and recommend a rule change to allow use of rubber-covered balls which meet the specifications. Visiting coaches would have the option of calling for a leather ball on offense when the home team provides rubber.

State Moves to Stop Deer Losses

LANSING (AP)—Two starved deer found in the snowy Michigan northland this week revived grim memories of wholesale starvation during past winters and renewed a bitter dispute over control of the deer herd.

The deer were found in the Kalkaska and Mio area in the northern lower peninsula, but conservation department game experts feared the worst starvation would occur in the deep snow of the upper peninsula.

Ilo H. Bartlett, department deer researcher, said the situation has improved slightly in the upper peninsula because snow has settled without much new snowfall.

But at the same time, snow in much of the deer areas has developed a heavy crust, making deer movement almost impossible.

The most significant thing about the two starved deer in the lower peninsula is that the year's first starvation has occurred much earlier than usual.

Although weather conditions are not much worse than in other years, winter in the north country came earlier than usual. This means that time is the herd's greatest enemy.

The biggest starvation losses, Bartlett says, are usually in the last week of March or the first week in April in the lower peninsula, and about a week later in the upper.

That is the time of year when the winter range has been pretty well depleted, deer have used up surplus fat and no new vegetation has yet appeared.

What is the department doing to prevent another recurrence of the mass starvation of 1950-51, when an estimated 50,000 deer died for lack of food?

* * *

Bartlett said the department is pressing its timber cutting program to the limit. It has authorized cutting in 10,000 acres of state-owned land in the lower peninsula and 12,250 acres in the upper peninsula.

Much of the timber harvested will be cedar, the boughs of which are choice food for deer.

The conservation commission has already served notice it will push for a renewal of its authority to set special seasons north of townline 16 in the lower peninsula.

Boxing Guild Adamant

Defiance of Commission Ends Big-Time Fisticuffs

NEW YORK (AP)—Big-time boxing in New York is dead. Final services will be held Jan. 16.

The Boxing Guild of New York last night voted unanimously not to dissolve its membership as ordered by Julius Helfand, chairman of the New York State Athletic Commission, who set a Jan. 16 deadline. The guild said it had the full support of the 16 other guild affiliates.

* * *

"We've done nothing wrong," said Charlie Johnston, president of the International Boxing Guild, of which the local guild is an affiliate. "We're ready to fight in New York right now. But if he (Helfand) takes our licenses away, we have to go out of town. We'll go anywhere to get fights. None of us is resigning."

* * *

Helfand isn't backing down either, from the tone of his press conference yesterday afternoon. He blasted the Monday night television fight promoters who decided to move to Baltimore, effective Jan. 23, and called one of the Baltimore promoters with whom they will work "Frankie Carbo's representative." Carbo, according to Helfand, is a notorious police character with a powerful influence in boxing.

* * *

"I state from the most unimpeachable source that Benny Trotta (who promotes in Baltimore with his son-in-law Angelo Munafo) is Carbo's representative in the city of Baltimore," said Helfand. "In the last three weeks, previous to this deal (moving the televised fights from St. Nicholas Arena in New York to Baltimore) Frankie Carbo and Benny Trotta, whose real name is Benny Magliano, met in the city of Baltimore to engineer the deal."

* * *

Helfand said he would hold a hearing to see if disciplinary action was necessary against Tex Sullivan and Willie Gilzenberg, the St. Nick's promoters.

DEFY COMMISSIONER — Charlie Johnston, president of the International Boxing Guild of which the New York Boxing Guild is an affiliate, points defiance at Guild headquarters here last night. The Guild voted unanimously not to dissolve its membership as ordered by Julius Helfand, chairman of the New York State Athletic Commission. Helfand outlawed the Guild after a nine-month inquiry and told all managers to get out or lose their licenses.

The Chicago Bears had defeated the Chicago Cardinals six straight times before losing 53-14 last November. It was the Cards' greatest triumph.

Army Athletes Get Chance at Olympic Berths

Korean Servicemen Can Ask for Trials for 1956 Games

SEOUL (AP) — American soldiers stationed in Korea will be given an opportunity to qualify for the Melbourne Olympic games, the Army said today.

* * *

Servicemen who might qualify for the Olympic tryouts in the United States may apply to their commanding officers. If accepted they will be sent to the tryouts.

* * *

In 1952, 127 members of the Army participated in final Olympic trials in the United States and 40 were selected for the team. Eleven Army men became place and point winners, and Maj. Sammy Lee, a former member of the 8th Army in Korea, won two diving championships.

Walker Sought as Bell's Aide

DALLAS (AP) — Doak Walker, Southern Methodist grid great and a power on the Detroit Lions' professional team until his retirement at the end of the season just concluded, will be offered the job of backfield coach at Southern Methodist, Matty Bell, athletic director announced today.

Walker is in Honolulu for the Hula Bowl football game.

The announcement was made following the resignation of backfield coach Harold (Bo) Hagan yesterday. Hagan will join the Rice Institute coaching staff.

Walker said before leaving for Honolulu that he would not enter the coaching field, but sports observers believe he might change his mind. He operates several business enterprises in Dallas.

Pat Devany Enters Pro Golf Circuit

GROSSE ILE (INS)—Pat Devany of Grosse Ile Country Club, long one of the country's best woman amateur golfers, is turning professional.

The 27-year-old former Michigan State Champion, who is the daughter of Joe Devany, now in his 33rd year as pro at Grosse Ile, has also been Detroit District Champion five times.

Miss Devany said she would leave next week for Florida to join other women stars now touring the winter circuit.

Wolverine Skaters to Play in U.S. Olympic Fund Game

ANN ARBOR (AP)—Michigan's flying Canadians, U.S. National collegiate hockey champs, take on the best U.S. amateurs next Wednesday, Jan. 11th to send more money into Olympic coffers.

* * *

The game between Michigan and the U.S. Olympic team means little in its outcome. But like they say, it ain't the outcome, it's the money. This money will go to the U.S. Olympic fund.

The Michigan team, composed of Canadians, has reigned as the top or near-top U.S. collegiate hockey power for eight years. It has come under attack for its large Canadian contingent.

But Coach Vic Heyliger has said time and time again that there are two prime reasons. First Michigan borders Canada. Second, Canadian talent is improving U.S. collegiate and amateur play.

* * *

Still, the Olympic squad which meets Michigan will have two Wolverine alums on its roster; goalie Willard Ikola and forward Johnny Matchefts.

These two are examples of the improved American hockey talent, brought on by playing with the Canadians.

Now the Canadians on the Michigan squad find themselves in the strange position of supporting a U.S. Olympic team or at least helping earn some U.S. Olympic money.

The tickets sell for one, two and three dollars, but there's apparently little chance they will bring in as big a crowd in Detroit's Olympia as the Red Wings.

There is one saving factor for Michigan and the Olympic team: no salaries.

Wolfpack Here for Chiefs' 3rd Valley Contest

Close, Hot Argument in Sight Tonight on PHS Floor

VALLEY STANDINGS

	W	L	PT	AG
Flint Northern	2	0	123	95
Flint Central	2	0	142	112
PONTIAC	1	1	111	124
Bay City Central	1	1	127	110
Arthur Hill	0	2	85	101
Saginaw	0	2	103	147

Other games tonight—Flint Northern vs Flint Central; Saginaw vs Arthur Hill.

An experienced, capable crew of Bay City Central basketball players tonight invades the big Pontiac High School gymnasium, in search of its 1st victory in the last three starts against the PHS Chiefs.

The Wolfpack, led by Art Paddy, was stopped twice in last year's engagements, one a very close battle.

* * *

This tilt is the 3rd Saginaw Valley battle for each squad. They stand tied for 3rd place at 1-1, both having lost to Flint Central.

From the records, Chiefs and Wolves are "even-Stephen" in games over the last nine years, since Art Van Ryzin took over as head cage mentor. Each has won nine trials. Pontiac has been the better scoring team, however, with a total of 847 points against 701 for the Wolves.

Both mentors figure this will be a close, hotly contested engagement. Each has pointed out an advantage held by the other, but they even up in the final analysis. Van Ryzin mentioned Bay City's experience, against his youngsters' lack of that ingredient. Paddy sees Pontiac as having an edge in height, plus the home floor advantage.

* * *

Both PHS and Wolves rely heavily on balanced scoring, from all their players. Neither has an outstanding goal-getter.

Starters for tonight's game are:

For Pontiac—Willie Dewalt and Rod Treais, forwards; Hud Ray, center; Larry Peet and Dave Diehm, guards.

For Bay City—Karl Proffer and Johnny Krafft or Charley Crampton, forwards; Harold Bush, center; Jim Chesney and Crampton or Krafft, guards.

Little Change in '56 TV Football

LANCASTER, Pa. (AP)—J. Shoder Barr, a member of the NCAA Television Committee and director of athletics at Franklin & Marshall College, says there will be few if any changes in televised football next fall.

* * *

Barr, who made the prediction before flying to Los Angeles for the NCAA annual meeting, said reports he received showed general approval of the present NCAA television code.

* * *

The code calls for eight "games of the week" and five regionally televised games.

"So far as I have learned," Barr said, "this program seems to meet with the general approval of all. Even the Big 10 and the Pacific Coast Conference, which first were reported opposed to it last year, are said now to be in favor of it."

State Gas Spokesmen Debunks Price War

GRAND RAPIDS (AP) — A spokesman for the Retail Gasoline Assn. of Michigan has denied that a recent fluctation in Grand Rapids gasoline prices constituted a price war.

T. M. Spouse of Royal Oak, association field director, said he made a spot survey of dealers representing each of the "major oil companies."

"Without exception, the dealers disclaimed any part in a price war," Spouse asserted.

Meanwhile, several price cuts were reported yesterday. At least one independent concern dropped its regular gas price two cents to 22.9 cents a gallon. Two other brands dropped to 23.9 cents a gallon.

Most "name brands" last night still sold at 26.9 cents a gallon for regular and 29.9 cents for premium—the prices established after reductions last Friday.

Market Moves Slightly Higher

NEW YORK (AP) — Prices were slightly higher today in early dealings in the stock market.

Gains ran to around a point with a couple of exceptions. Losses usually were small.

* * *

Oils gained buying attention as did the steels, aircrafts, and chemicals. There were many minus signs in the list, but no division was depressed.

Houston Oil, up 6½ yesterday, announced today that it planned to sell its properties to Atlantic Refining Co. It opened today on 2,500 shares up 2¾ at 152¾ and then pushed its gain to around 155. The company said liquidation should produce $165 a share for stockholders.

Atlantic Refining opened on 6,000 shares up 2 at 37⅞ and then fell back a shade under its best.

General Motors, yesterday's most active issue off ⅛, opened today on 5,000 shares off ⅛ at 44¾. General Electric started on 4,000 shares up ⅜ at 56, and Westinghouse Electric opened on 5,000 shares off ¼ at 58⅛.

Among other higher stocks were U.S. Steel, Chrysler, U.S. Rubber, Douglas Aircraft, RCA, American Telephone, Aanconda Co., Callahan Zinc (up ⅛ at 6 on 5,000 shares, and Texas Co.

Lower were American Hawaiian Steamship (off 5 at 111), Goodrich, Montgomery Ward, Zenith Radio, American Cyanamid, Johns-Manville, and Santa Fe Railroad.

Michigan Aid Needed for Local Problems

LANSING (AP) — Local governments need state assistance in solving Michigan's water, sewage and drainage problems, a 40-member advisory committee agreed today.

The committee met in a day-long session devoted mostly to discussion by five subcommittees studying problems of water, water rights, sewage, drainage and finance.

The subcommittee on water, headed by Sen. Fred Nicholson (D-Van Dyke), recommended establishment of a state water, sewer and drainage development agency.

Such an agency would be empowered to accept federal funds for planning purposes and channel them to local communities. It could also collect data and conduct research on ways to improve water quantity and quality.

The entire committee, appointed by Gov. Williams, deferred action on recommendations of subcommittees until a Jan. 18 meeting.

In Memoriam 2

IN MEMORY OF VERN CADWELL who passed away 1 year ago today, January 6.
They say time heals all sorrow,
And helps us to forget.
But time so far has only proved,
How much we miss you yet.
But God gave us strength to face the blow,
But what it meant to lose you
Only God will ever know.
Sadly missed by wife, son and family.

New Program Begins Sunday

Leo Durocher Signed as Host; Show to Star Top Funnymen

By CHARLES MERCER

NEW YORK (AP)—One of the toughest assignments in the world is when a man is told: "You're to make them laugh for an hour."

But that's what they told Sam Fuller a few weeks ago at NBC when he was dispatched to Hollywood with orders to assemble a comedy program for the NBC-TV Sunday spot opposite Ed Sullivan on CBS-TV. The result, beginning this Sunday, is The NBC Comedy Hour.

It takes the place of The Colgate Variety Hour, which went thataway after its audience was mauled by Sullivan's larger audience.

"There's an erroneous impression abroad that we're getting together some kind of an amateur hour," Fuller said the other day when he dashed back to headquarters from the West Coast firing line. "But this is definitely not amateur night in Dixie. We'll have the best comedians. We're going to do a show that looks fresh and thinks fresh—and is fresh."

The host will be none other than Leo Durocher, a gentleman of impeccable charm and vast good humor since he left the Polo Grounds and consummated a fat contract with NBC. Music will be incidental to comedy on the new program, which will appear three out of four weeks on Sundays.

Speaking of that heavily contested Sunday night spot, Kate Smith has just been signed for five appearances on the Ed Sullivan Show at a figure reportedly running over $100,000. Her first appearance will be Feb. 5.

I hereby apologize to younger Perry Como fans for calling Como a "cool, dry guy." As the mail testifies, in this set "cool" and "dry" means "cold" and "dull." But when I wrote that I was thinking of the martini set in which "cool, dry" means "refreshing," "relaxing." A difficult language, this English.

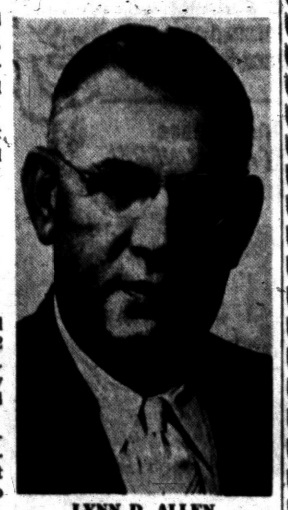

Resigns for UM Post

WASHINGTON (AP) — Wilbur J. Cohen, director of research and statistics for the Social Security Administration, has resigned to become a professor at the University of Michigan.

Cohen, a native of Milwaukee, had been associated with the social security program since it was started more than 20 years ago. The resignation was announced yesterday by Secretary of Welfare Folsom, who recalled he had worked with Cohen on the first social security program advanced in 1934 and said Cohen's leaving "is a great loss."

County Looks at 1955

Area's Birth Rate Rises, Death Toll Stays Stable

LYNN D. ALLEN

Some 9,447 births were recorded in Oakland County during 1955, compared with 7,604 in 1954, County Clerk Lynn D. Allen reported today.

The death rate remained almost constant with 3,937 last year and 3,943 in 1954, Allen stated.

County men honorably discharged from the armed forces totaled 1,302 in 1955 and 1,209 the previous year. Some 193 persons were naturalized last year, contrasted with 258 in 1954.

The Board of Supervisors held 14 meetings during the past 12 months, two more than in 1954.

Voting precincts in the county increased from 210 at end of 1954 to about 250 at present.

Allen's office registered 3,767 assumed names last year and 630 copartnerships. The Circuit Court trust fund climbed from $124,653 to $144,634.

Alimony payments hit $2,377,272 in 1955, a jump of $300,563 over the previous year, or 14.5 per cent.

Last year, 2,330 divorce cases were started and 1,432 divorce decrees granted. Another 213 cases were discontinued and 567 dismissed for lack of progress. Some 3,339 divorces are still pending. Marriages totaled 3,110 in 1954 and 3,477 last year.

At end of 1955 there were 172 criminal cases pending in Circuit Court plus 620 law and 538 chancery.

An estimated 63,000,000 cords of wood are used annually in the United States for fuel, or about one-eight of all the wood used in the nation.

Big 3 Said to Back Censure of Israel

UNITED NATIONS, N.Y. (AP) — The Western Big Three reportedly have agreed that the U.N. Security Council should adopt a "reasonably strong" resolution censuring Israel for her raid on Syrian outposts along the Sea of Galilee.

An informed Western source predicted last night such a proposal would be submitted to the council. He added it was not yet clear whether the United States, Britain and France would act together in introducing a council resolution.

Burglar Changes Mind; Leaves Note of Penance

KEARNEY, Neb. (AP)—A burglar smashed a window to enter the Tollessen sporting goods store here yesterday, took some guns from a rack, loaded them from the stock of shells, then left them on a counter.

Police found a note reading:

"This mess you see before you is the loot I almost walked out with but God told me not to, so I didn't. I am sorry about the window. Please forgive me."

James Stewart's Back Hurt in Movie Mishap

HOLLYWOOD (AP)—Actor James Stewart was nursing a wrenched back today, his studio said, after being dragged 50 feet in a parachute harness during the filming of "The Spirit of St. Louis."

The actor was pulled over rough ground when a battery of wind machines, producing a blizzard, caught his parachute. Stewart, playing the role of Charles Lindbergh, was supposed to have bailed out and landed in a snowstorm.

Secluded Beaver Island Attracting Tourists

BEAVER ISLAND (AP) — On a moonless winter's night back in 1894, Patchynog Boyle stepped off the end of a dock into icy Lake Michigan, not to be seen again until his body was found by a fisherman during the spring thaw. The reason Patchynog took a wrong turn that night has been lost in time. Many of the islanders—his own descendants in fact—say he was on his way home from a tavern when he mistook the Whisky Point Lighthouse for a light in front of his own house.

One thing is certain, though. By his missteps, Patchynog contributed to a rich fund of lore. More than half a century later the island is drawing increasing numbers of tourists.

It would be sheer exaggeration to say that the Beaver Islands are in the midst of a tourist boom. They remain, in fact, almost deserted. But there are faint signs of a re-awakening among these stepping stones of history.

Land, especially lake frontage, is bringing higher prices. Transportation to and from the islands is improving—there is a more or less regular boat run from Charlevoix and chartered airplane trips. New cabins and cottages are rising.

Such stirrings could mean a new era in the history of the Beaver Islands, which have more than their share of history now.

The Islands were once the scene of boisterous lumbering and fishing activity, but their greatest asset has always been their isolation.

Located 32 miles from Charlevoix in Northern Lake Michigan, Beaver Island and its unpeopled satellites offered impregnable solitude for the individualists or religious leaders who sought a promised land for their people.

The most fascinating of these religious colonies, and the island's most valuable historical legacy, was the Mormon kingdom established by James Jesse Strang.

"King Strang," as he came to be known, accumulated a land-poor host of hungry followers and settled on the island. The people cleared vast tracts of land, built roads, a tabernacle, started a newspaper. But eventually King Strang was dethroned and his colony disintegrated.

The vacuum was filled by Irishmen, mostly County Donegal folk who fled the great Irish potato famine. They found plenty of fish and a landscape much like the rolling green of their homeland.

It is the descendants of these Irishmen, hardy people who prospered on the good fishing, who inhabit Beaver Island today, but sad times have come upon them.

These lean years came about with the decline of lumbering and the advent of the sea lamprey, an eel-like creature that has killed off Lake Michigan commercial fishing.

The population of Beaver Island, which once climbed over 1,000, is now less than 400. Many of these remaining are oldsters, who sadly watch the younger generation leave for the mainland in search of better fortunes.

But the mainland, with all its glamor, has none of the fascination of the islands, with their old-world dilapidation and disarray, the abandoned church, forsaken lumber mill and unused fishing sheds.

Meanwhile, the islanders are waiting, patiently if somewhat uneasily, hoping that new blood will come before all the rocking chairs are empty and all the houses crumble into dust.
