Surging Rio Grande Imperils Texas Town

HARLINGEN, Tex. (AP) — Surging waters of the flooding Rio Grande, swollen by Hurricane Beulah's massive rains, swept roof-deep through fine homes in this South Texas city today after bursting through a flood-control dam.

The Texas Department of Public Safety said 5,000 persons in Harlingen had fled their homes as record torrents raged down Arroyo Colorado, a side channel of the Rio Grande.

Warnings also were issued for four other communities on the arroyo, including Mercedes, with a population of 11,143. Similarly imperiled were the small trading centers of La Feria, Rio Hondo and Lozano.

Water in the arroyo was a record 39.1 feet deep at 9:30 a.m. (CDT), a rise of almost a foot in three hours, and was still rising at this city of 41,100.

★ ★ ★

A call went out for more volunteers to help crews who worked through the night throwing up sandbag dikes around $50,000 homes and trying to plug storm sewers that led to the arroyo.

GREATEST DANGER

The Department of Public Safety said Harlingen was in the greatest danger of the five communities threatened by the rampaging arroyo.

The Coast Guard said its helicopters had evacuated 635 Mexicans surrounded by Rio Grande waters elsewhere by dark yesterday.

Tremendous water pressure from the Rio Grande ripped out the flood-control dam at Mercedes last night, opening the arroyo to the boiling, debris-littered river.

★ ★ ★

A state official said that since the Rio Grande was expected to stay at high water for several days, so would the arroyo, as it had become in effect a parallel river channel.

★ ★ ★

The state highway patrol set up road blocks to keep refugees from returning to the Rio Grande valley. Most roads in were either impassable or extremely difficult anyway.

Reports of heavy rains upstream yesterday afternoon in the Rio Grande watershed on both sides of the border kept officials doubtful about the amount of water that would finally roll down the border river.

DRIVEN BACK

Meanwhile, 150 miles north of here, new rains in the Nueces River watershed sent fresh flooding into the little town of Three Rivers, and people trying to start cleanup work were driven back to high ground.

★ ★ ★

A record flood crest on the Nueces bore down on Corpus Christi today.

AP Wirephoto

SEVENTH SQUALL VICTIM — The body of a second victim recovered from Lake Michigan near Frankfort, yesterday is taken from a Coast Guard helicopter to an ambulance. It brought the total to seven bodies recovered after a squall caused havoc along Michigan's northwest shore Saturday where many fishermen were fishing for Coho salmon.

Pontiac Press Photo

BATTLE BLAZE — Only foam could smother flames yesterday in a pile of some 800 junk cars at Bezesky Brothers Used Auto Parts, 25000 Haggerty, Farmington Township. Firefighters from the township and Novi fought the blaze from about 5 p.m. to about 9:30 p.m. (See story page A-4).

Lynda Bird Sets Dec. 9 Wedding

WASHINGTON (AP)—The White House wedding of Lynda Bird Johnson and Marine Capt. Charles S. Robb, with 14 bridal attendants, will be held in the historic East Room on Dec. 9, a Saturday.

The White House made the announcement today.

Lynda, 23, elder daughter of the President and Mrs. Johnson, will have her younger sister, Mrs. Patrick J. Nugent, 20, of Austin, Tex., as her matron of honor.

Close friends, relatives, and friends of the bridegroom, including one on duty now in Vietnam, will be in the bridal party.

It will be an Episcopal service, but neither the time of day, nor the name of the officiating minister has yet been announced.

SIZE LIMITED

The size of the bridal party indicates a large formal wedding, but Mrs. Carpenter said that the limitations of the White House for a winter wedding indoors would affect the size of the guest list. This indicated that a smaller number than the 700 guests invited to Luci Johnson Nugent's wedding August 6, 1966 would be asked.

★ ★ ★

The maid-of-honor will be Lynda's close friend, sorority sister and roommate at the University of Texas, Warrie Lynn Smith, 23, daughter of Mr. and Mrs. Warfield Smith of San Antonio, Tex.

Lake Toll Is 7; Hunt Goes On

FRANKFORT (AP) — Hundreds of weekend fishermen, who came to do battle with an exciting new game fish, ended up in a losing struggle with a killer storm that left at least seven dead.

★ ★ ★

The Saturday squall that lashed a fleet of boats along 60 miles of Lake Michigan shoreline sent some of the anglers home vowing they'd never let out another line for the Coho salmon.

However, as rescuers probed the lake's dark waters Saturday night and combed the shoreline, strewn with hundreds of grounded boats, at least 68 boats were reported back on the lake trying for fish.

From one of those boats the Coast Guard plucked two men. One was dead and the other in shock.

Louis Jeske of Spring Lake, who put in at Point Betsie as the squall built up, said many of the fishermen were "ill-prepared, ill-equipped, ill-advised and ill-informed."

A red flag, signifying small craft warnings, flew all during the storm. It was lowered at 2 p.m. yesterday, the first time in three days for this northern stretch of Lake Michigan.

Despite the warnings, fishermen, estimated at between 1,000 and 2,000, went out on the lake Saturday.

The boats were blasted off the lake by winds up to 30 miles an hour and waves as high as 25 feet.

★ ★ ★

Nineteen persons were treated at the Hospital in Frankfort for shock and exposure. Only one remained hospitalized today.

Coast Guard helicopters resumed their search for victims at dawn today.

Lt. Ward Lewis at the Coast Guard's Traverse City Air Rescue Station said that 23 persons have been reported overdue by relatives or friends but none is listed as "known missing."

All the bodies recovered were from Michigan.

★ ★ ★

They were identified as Melbourne Welsh, 48, of the Grand Rapids suburb of Wyoming; Bernard Van Keevering, 23, of Grand Rapids; Sherman S. Molle, 55, of Southfield; William Mookoff, 37, of Wyoming; Donald H. Farr, 49 of Jenison; Earl H. Smith, 72, of Onaway; and Arthur De Hate, 77, of Elgin.

Key Republican in House Eyes Surtax Compromise

WASHINGTON (UPI) — A key House Republican indicated today the GOP might go along with a Johnson administration compromise to break the deadlock over the President's proposed 10 per cent tax surcharge.

Rep. John W. Byrnes, Wis., ranking GOP member of the tax-writing House Ways and Means Committee, declared that a tax increase was unavoidable and proposed that Congress couple it with a ceiling on nondefense spending.

He said the federal spending cuts and the revenues from the proposed tax increase should be planned to reduce the anticipated $29-billion federal budget deficit for this fiscal year by half.

Byrnes' proposal, contained in a speech to be delivered to the American Bankers Association today in New York, indicated that the committee and the administration were moving close to an agreement on the tax issue.

Treasury Secretary Henry H. Fowler floated a similar trial balloon last week.

He said the administration would go along if Congress wanted to link a tax increase directly to cuts in spending.

The President's proposal, a 10 per cent surcharge on personal and corporate income taxes, is designed to bring in about $7.5 billion in revenue.

Byrnes' demand that the anticipated deficit be cut in half would mean, under present forecasts, that the spending reductions would have to total about $7 billion.

★ ★ ★

Currently, the ways and means committee is bogged down in a stalemate with the administration over the tax increase. The committee wants the President to spell out spending cuts before it asks House members to vote for a politically unpopular tax increase.

2 Blamed in Chutist Deaths

WASHINGTON (AP) — The National Transportation Safety Board today blamed the pilot, and instructions by a Federal Aviation Administration traffic controller, for the civilian parachute accident near Wakeman, Ohio, Aug. 27 in which 16 sky divers were killed.

In a report on the accident, the board said also:

"The parachutists, all of whom were experienced and aware of the hazards of jumping under the prevailing conditions, were not without fault."

Related Stories, Page C-9

The board listed two primary causes of the accident.

★ ★ ★

They were:

1. The failure of the pilot of the jump airplane, a B25 light bomber, to end the mission because of cloud coverage which prevented visual reference to the ground. Federal aviation regulations prohibit non-emergency parachute jumps through clouds or near clouds.

2. An erroneous radar identification of the B25 by the FAA controller, which resulted in inaccurate radar positioning of the aircraft. The pilot, Robert Bruce Karns, 32, dropped 18 of 20 sky diver passengers from his B25 at 20,000 feet.

AMC Price Tags Show $89 Hike

DETROIT (AP) — American Motors said today its 1968 cars will carry price tags averaging $89 or 3.8 per cent higher than those on comparable 1967 models. AMC thus became the fourth U.S. car maker to increase prices on its 1968 models.

AMC's price hike was smaller in terms of dollars than the increases announced by the Big Three; but on a percentage basis, it was nearer their figures.

AMC's price picture was complicated by the fact that on its 1968 Ambassadors, or top-of-the-line models, air conditioners will be standard equipment. They were a $350 option in 1967.

AMC said that the change in air conditioners and in dealer discounts" does not lend itself to a meaningful comparison of price changes." However, the price of 1968 Ambassadors are significantly lower than comparably equipped 1967 models.

Cheer Up! Weather Worse in U.P.

Pontiac didn't get the worst of the autumn cold wave which charged across the northern Great Lakes and northern New England dropping temperatures and leaving in its wake snow and a cold rain.

★ ★ ★

A snow squall hit Sault Ste. Marie for about 25 minutes early today, melting or blowing away as soon as it hit. Temperature at the time was 39 degrees, one degree colder than downtown Pontiac's early morning low of 40.

The area's all-time record low for this date was 30 degrees set in 1883.

A warming trend will dominate the weather scene tonight and tomorrow with lows predicted in the 40s and highs in the 70s.

By 2 p.m. the mercury in downtown Pontiac stood at 64.

What Is an Open-Housing Law?

By BOB WISLER

"Just what is an open-occupancy ordinance? I don't really know," a white citizen asked not facetiously at last week's city commission meeting.

An answer was requested from Richard Northcross, president and spokesman for a young Negro group known as the Pontiac Organization of Black Youth (POOBY).

Northcross, a young man not given to verbosity, replied simply:

"An open-occupancy ordinance means you can buy, sell or rent a place to live if you have the funds or means to do so."

In general, that's what an open-occupancy ordinance attempts to provide for, although there are different provisions and variations.

The ordinances passed so far in Michigan are city laws which prohibit owners, agents, brokers or salesmen from refusing to sell, rent or lease housing units because of a person's religion, race, color or national origin.

There is little discrimination in housing based on religion, but race and color is another matter.

In a couple of ordinances there is prohibition against refusing to rent, sell or lease to a person because of his sectional origin.

This provision originated in Michigan in the ordinance passed by Ypsilanti and was designed to prohibit discrimination against persons of a rural, southern white background.

★ ★ ★

In Ypsilanti there were several instances where they were being discriminated against by other whites in attempting to buy or rent homes.

FOR NEGROES

In the main, however, these ordinances are passed to prevent discrimination against those who are most discriminated against — Negroes.

The pressure for an open-occupancy ordinance is being applied to the city commission by POOBY, an organization of Negro youths formed in July.

Support in recent weeks has been growing with the Pontiac Area Urban League backing the request and clergymen from many of the city's churches urging an ordinance.

News Analysis

★ ★ ★

The city law department has provided the commissioners with a number of documents which they will use in determining if an ordinance will be passed, and if so, what kind.

COPIES, COMMENTS

The documents consist mostly of copies of the ordinances which have so far been passed in Michigan cities along with some comments by city attorneys in some of those cities.

There are also a few legal opinions, two from Atty. Gen. Frank J. Kelley, a recommendation from the Michigan Civil Rights Commission and some miscellaneous material.

In the file are ordinances passed by governments in Ypsilanti, Muskegon, Kalamazoo, Jackson, Grand Rapids, East Lansing, Battle Creek, Ann Arbor and Port Huron.

Jackson's was repealed by referendum vote this summer.

A reading of these open-occupancy ordinances is revealing. They are all basically the same with a few variations. The ordinances are for the most part two to four pages long.

★ ★ ★

Ypsilanti's, which has been called the strongest in the state and has been recommended by the CRC, is seven pages long and treats the issue somewhat differently although its aims are the same as the others.

50 in House Support Proposal for Viet Stance Reappraisal

WASHINGTON (AP) — Congress needs to take a formal look at U.S. policy in the Vietnam war, 50 House members suggested today.

The 46 Republicans and 4 Democrats proposed a resolution asking Congress to decide "whether further Congressional action is desirable in respect to policies in Southeast Asia."

* * *

As they prepared their move:

● Arthur J. Goldberg, U.S. ambassador to the United Nations, said Sunday he does not believe Soviet rejection of his bid for help in getting North Vietnam to the conference table has wrecked peace hopes.

* * *

● Sen. Karl Mundt, R-S.D., said Saturday night the United States indirectly told Red China several years ago it would face massive retaliation, including nuclear firepower, if it entered the war in Vietnam. The State Department said no one has been threatened and the White House declined comment on Mundt's remarks.

* * *

● Sen. Joseph S. Clark, D-Pa. said Sunday night the Soviet Union might send pilots to fly the MIGs it is supplying North Vietnam.

● Walter P. Reuther, president of the United Automobile Workers, advocated a pause in bombing of North Vietnam "for a period until I think that we have done everything reasonably possible to exhaust the possibilities of new initiatives that might lead to the conference table."

* * *

Signers of the latest move in Congress to test U.S. policy in Vietnam range in political philosophy from conservative to liberal.

Rep. Paul Findley, R-Ill., said: "This resolution arises, in my opinion, from deep-seated conviction that the congress itself should deal at this time with questions of basic policy in regard to the Vietnam war. It provides the means through which the Congress can discharge responsibilities in foreign policy clearly placed upon it by the Constitution."

The resolution, if approved by the House and Senate, would call upon congressional committees to consider the questions and report their findings to the two branches.

AP Wirephoto

TROUBLE SPOT — This map locates the point about 500 miles northwest of Barrow, Alaska, where the Coast Guard icebreaker Northwind was reported disabled and stuck in a swelling arctic ice pack. Two vessels are speeding to her rescue. Her crew of 200 are in no immediate danger.

Poll Shows Voters Like Withdrawal

WASHINGTON (AP) — Eventual withdrawal of U.S. troops from Vietnam is favored by 56 per cent of the Michigan constituents of Rep. Marvin L. Esch who responded to a questionnaire circulated by the congressman.

Twenty per cent of the 25,000 persons who replied to the questionnaire wanted immediate withdrawal; 36 favored gradual deescalation and gradual withdrawal.

Fourteen per cent of the constituents favored continuing the present course of the war and 31 per cent favored a military stepup.

Esch, a Republican, sent about 130,000 of the questionnaires to constituents.

OPPOSITION TO SURTAX

Of those who replied, 76 per cent opposed President Johnson's request for a 10 per cent surtax. Thirteen per cent favored it and 11 per cent expressed no opinion.

Foreign aid, space projects and beautification programs were singled out by the respondents as areas where expenditures might be cut.

In other areas, respondents favored an end to discrimination in jury selection, 62 per cent; anti-riot legislation, 73 per rent; government spending cuts, 81 per cent; tax incentives for industrial pollution control, 60 per cent; tax credit for college costs, 63 per cent; firearm legislation requiring registration of all firearms, 64 per cent; controls over direct mail sales, 89 per cent; legislation to curb serious national strikes, 73 per cent; and an increase in allowable income for social security eligibility, 77 per cent.

AP Wirephoto

HUDDLING IN BUNKER — Two U.S. Marines huddle in a timber and sandbag bunker at Con Thein just south of the demilitarized zone of Vietnam. Up to yesterday, North Vietnamese gunners had been pouring in rocket, mortar and artillery fire at a rate of from 100 to 600 rounds a day. The rate eased yesterday after intensive U.S. strikes.

FBI Probing Steel Strike

DETROIT (AP) — Federal agents are investigating to see if highway sniping and sabotage in an eight-state strike by dissident Teamsters Union steel haulers is interfering with interstate commerce.

* * *

Several new incidents of violence were reported in Michigan, Ohio and Pennsylvania over the weekend.

* * *

In Detroit, U.S. Attorney Lawrence Gubow said he ordered the FBI to investigate the incidents during the middle of last week, and agents in Pennsylvania started investigations Friday.

Reuther, Henry Ford II Take to the Airwaves

WASHINGTON(AP) — United Auto Workers president Walter P. Reuther and Henry Ford II, board chairman of the strike-bound Ford Motor Co., each aired their cases before the American people via nationwide television Sunday.

* * *

Ford said he deplored the three-week-old strike by the UAW's 160,000 Ford workers, but added the firm "had no reasonable alternative" to the union's demands.

* * *

Ford made a brief appearance on ABC television before the movie "Mutiny on the Bounty," sponsored by Ford to advertise its 1968 line.

The current supply of 85,000 1968 cars is expected to last no more than a month.

* * *

Reuther, meanwhile, charged the Ford Motor Co. has been unwilling to discuss economics in the negotiations.

* * *

"We have been saying from the very beginning of these negotiations that our workers are asking for equity," Reuther said "We want no more than that.

* * *

"We are determined to take no less; that the equity of a Ford worker should not be something arbitrary that we determine or something arbitrary that the company determines, that the worker's equity should be a reflection of the increase in productivity and the worker's share of that, and it seems to me that the only rational and responsible way to conduct collective bargaining within a free society is to base collective bargaining decisions on economic facts and not economic power."

* * *

Reuther made his remarks on the NBA radio and television network program, "Meet the Press."

* * *

On other subjects, Reuther said he would support President Johnson for re-election over the other candidates now being discussed.

* * *

He said he would be willing to halt the bombing of North Vietnam "in the hope that that might give us the basis for new initiatives in trying to get to the conference table."

NATIONAL WEATHER — Rain is expected tonight over New England and the far Southwest. Warmer weather is expected in the Great Lakes region and upper Mississippi Valley. It will be hot in the Southwest. Cool weather is anticipated over New England, the middle Atlantic states and the Northwest.

Driver Attacked After Giving Aid

One good turn deserves something more than Edward Lloyd of Pontiac apparently got early yesterday.

* * *

Lloyd, who lives at 611 Kennilworth, told Waterford Township police he was assaulted by a the iron-wielding youth shortly after he helped the youth and two companions start their stalled car.

He said he ran out of gas about 4:30 a.m. next to Dobski's Bar, 7060 Cooley Lake Road, and with help pushed his car off the road behind the bar.

Then, he said, three youths drove up in a car which immediately stalled.

Lloyd said he offered assistance and took the battery out of his car, hooked it up to the youths' car in order to supply enough electricity needed to get their car running.

* * *

After the car started he put his battery back in his car and was getting into it when he was attacked, he said.

Officers took Lloyd to Pontiac Osteopathic Hospital for treatment of cuts and lumps on his head.

Lloyd said the three youths were all "long-haired" and were in a light-colored 1958-59 Pontiac.

In Modoc County in California's extreme northeast corner, cattle outnumber people 128,000 to 3,000.

Civic Leaders to Hear Move for Planning Unit

Selected community leaders will meet with members of the Pontiac Board of Education and City Commission tonight to discuss a city wide planning proposal termed "one of the potentially most significant in Pontiac area's recent history."

Pontiac's school board and governing body will explain their proposed area planning council and hope to secure the endorsement of some 60 key leaders of various city organizations who have been invited.

A joint undertaking of the school and city boards for the following major purposes would reportedly be the first in the country. The council would:

● Establish long-range plans for the development of the greater Pontiac area with particular emphasis upon planning for the development of human resources.

● Devise a plan to make the Pontiac area an attractive place to live, work, do business and as a natural center of area activity.

● Develop a guide to serve for planning and development by municipal, schools and social service organizations.

Birmingham Area News

Garage Financing Vote Due

BIRMINGHAM — The City Commission hopes to pass a resolution tonight on financing the proposed $1,024,500 five-story parking garage on Pierce street.

The commission proposes to finance the 701-car structure with increased meter fees and a 10 to 20 per cent assessment to benefitting merchants.

If the resolution passes tonight final action will be taken after a hearing on Oct. 9.

Tonight's meeting is at 8 in the Municipal Building.

The commission also will discuss a list of proposed amendments to the controversial Sign Ordinance which puts restrictions on the size, number, placement, and brightness of commercial signs in the city.

LENIENT ORDINANCE ASKED

The amendments suggested by the Birmingham Chamber of Commerce ask for a more lenient ordinance in light of hardships that might be caused to some local businesses.

The Chamber is at odds with the commission as to the legality of restricting the use of string lights, moving and flashing signs, and the height and number of signs. The Chamber is questioning the legality of an ordinance based on aesthetics. The commission uses "traffic hazard" as its reason for a strict ordinance.

BLOOMFIELD HILLS—Former resident Donald R. McNeal has been awarded his doctor of philosophy degree in electrical engineering from Stanford University in Palo Alto, California.

* * *

Dr. McNeal is currently working at Lockheed Missiles and Space Company, Palto Alto where he is an engineer-scientist.

HOSPITAL POST

In early 1968 he will join the Attending Staff Association of Rancho Los Amigos Hospital in Downey, California. The staff specializes in the rehabilitation of patients suffering from chronic disabilities such as cerebral palsey, paralysis, and brain damage resulting from heart stroke.

* * *

His parents, Mr. and Mrs. Richard McNeal, recently moved to Rochester, New York.

Griffin Defends Romney, Raps LBJ at GOP Meet

MACKINAC ISLAND (AP) — Sen. Robert P. Griffin, R-Mich., keynoted the mood of Michigan Republicans Sunday in a double-barreled defense of Gov. George Romney and assault on the Johnson Administration.

He told some 700 state GOP members that Romney's recent charge of having been "brainwashed" on a 1965 Vietnam trip "is a problem of the American people.

"When confidence in government begins to fade, let me suggest that the sun begins to set on freedom," Griffin told the closing session of the party's three-day, biennial conference.

He declared there is heavy public opposition to President Johnson's proposal for a 10 per cent surcharge on taxes.

LACK OF FAITH

This opposition stems from "a widespread lack of faith in the Johnson Administration and its handling of domestic and foreign affairs," Griffin said.

The senator said his mail is running 100 to 1 against the surcharge and his congressional colleagues are receiving the same response.

* * *

Romney was absent from the conference. He was in Los Angeles on a tour of cities around the nation to study urban problems.

John B. Martin of Grand Rapids, a Republican national committeeman, said the public is beginning to forget the criticism that followed Romney's use of the word brainwashed. He said the governor's use of the word appeared to be unfortunate.

'WORST OVER'

One party official, who declined use of his name, said delegates to the conference "feel the worst is over" and Romney's presidential aspirations have escaped permanent damage from use of the term.

Griffin and Lt. Gov. William G. Milliken left the conference for six hours Saturday night. They traveled by helicopter to the Frankfort area to review the damage and boating deaths caused by a Lake Michigan squall.

* * *

Mrs. Ruth Hobbs of Ann Arbor told the conference she will not seek reelection as president of the state chapter of the Republican Women's Federation.

Mrs. Hobbs said she wants to spend more time with her family and with duties as treasurer of the National Federation of Republican Women.

Boy, 13, Killed in Area Mishap

Auto Collides With Train in Rose Twp.

A car-train collision claimed the life of a 13-year-old Mt. Clemens boy yesterday in Rose Township.

Joseph V. Alvarado was killed when the car in which he was riding collided with a diesel locomotive at a crossing on Buckhorn Lake Road, according to Oakland County sheriff's deputies.

Oakland Highway Toll in '67
79
Last Year to Date 108

The boy was pronounced dead on arrival at Pontiac General Hospital shortly after the 1 p.m. accident.

Listed in serious condition in General Hospital is Alexander B. Alvarado, 19, of 8590 Fish Lake Road, Holly.

He was driving the car north on Buckhorn Lake Road just south of Davisburg at the time of the collision, according to deputies.

Neither the sheriff's department nor hospital officials were able to determine whether the Alvarados were related.

Deputies said the impact of the train knocked the car upside down.

2-Week Night Shuts Down Surveyor 5

PASADENA, Calif. (AP) — With night coming on, Surveyor 5 is off the air for two weeks.

The 18,006 pictures televised back to earth by the lunar spacecraft more than doubled the output of the two previous surveyors.

The shutdown Sunday came with the advent of a two-week lunar night.

* * *

"It's a smashingly successful climax to a mission we once thought was ruined," said project scientist Dr. Leonard Jaffee. The 600-pound vehicle landed gently on the moon's surface Sept. 10 despite a fuel pressure leak in flight which threatened to let it crash.

Some of the last pictures snapped after sunset on the moon were taken by the light of "earth shine" — sunlight reflected off the earth's surface.

NY Teachers in 3rd Week of Walkout

NEW YORK (AP) — The teachers' walkout entered its third week today, with a report of some progress in negotiations but no indication when 1.1 million public school children will have all their instructors back in classrooms.

As talks recessed at 1 a.m. today, both Schools Supt. Bernard E. Donovan and Albert Shanker, president of the 49,000-member AFL-CIO United Federation of Teachers, were slightly optimistic.

* * *

"I cannot report any specific progress, but we are making progress," Donovan said.

"We made a little bit of progress," said Shanker. "The situation is a little better, not worse."

Negotiations, with the aid of mediators, resume at 9 a.m.

It was announced Sunday that the 900 public schools would be open today.

At an outdoor rally Sunday, Shanker told some 7,000 teachers the oral agreement reached last Wednesday with the City Board of Education must be put in specific contract language and then approved by union members, adding: "The best way we have of getting back to work quicker is to make tomorrow (Monday) the best day we've ever had in this work stoppage."

Shanker appears in State Supreme Court this afternoon to answer a city-obtained injunction against the walkout as provided by the new Taylor law which prohibits strikes by public employes.

Under the law, union officials may be jailed and the union fined—$10,000 a day has been suggested in the case of the UFT. Rank-and-file union members are not punished under the statute.

When the early morning talks broke up, Donovan said, "The most important problem now is more effective schools."

$5,000 in Damage in City House Fire

Four Pontiac Fire Department vehicles responded to a house fire call at 135 Omar yesterday and pumped for one hour before extinguishing the blaze.

An estimated $5,000 damage was done to the one-story dwelling and another $2,000 to contents.

Officials said they are still investigating and have not determined the cause of the fire.

Rusk to Talk to Gromyko at U.N. Today

UNITED NATIONS, N.Y. (AP) — Secretary of State Dean Rusk comes to the United Nations today to talk with Soviet Foreign Minister Andrei A. Gromyko but chances looked slim for agreement on Vietnam or the Middle East.

Rusk is to give a dinner tonight for Gromyko after conferring separately with Israeli Foreign Minister Abba Eban, British Foreign Secretary George Brown and Danish Premier Jens Otto Krag.

* * *

Rusk, Gromyko, Brown and French Foreign Minister Maurice Couve de Murville will be guests of U.N. Secretary-General U Thant at a Big Four "discussion dinner" in Thant's office Tuesday night.

Meanwhile, Eban was to speak today in the U.N. General Assembly's general policy debate, opening public exchange with Arab foreign ministers over how to settle the Israeli-Arab war fought last June 5-10.

'Y' Campaign Yields Over 100 Members

A total of 114 new members was reported at the initial YMCA membership drive progress report meeting.

The applications of several others are on hand although they have not yet been processed and counted, according to William Kirk, general secretary of the 'Y'.

The drive ends Thursday with a 6:15 p.m. dinner and auction where the total membership gained will be announced.

Anyone interested in joining the 'Y' should contact a 'Y' membership worker or telephone or visit the YMCA building, 131 University Drive.

* * *

"Since our health is such an important asset, we should take care of it by keeping physically fit," Kirk said. "Regular participation in the wide variety of physical and aquatic programs at the 'Y' will help maintain that fitness which is so important in today's world."

French Reds Score Surprising Wins

PARIS (AP)—Communists who campaigned against President Charles de Gaulle's domestic programs claimed surprising successes today in French regional council elections, including a near sweep of Paris' working class suburbs.

* * *

Gaullists scored gains too, particularly in country areas, but the Communists took 45 of the districts around Paris and backers of the French president only three in the first round of voting.

* * *

Communist influence in the industrial suburbs, often called the "Red belt," is traditionally strong, but their success surprised most observers.

OU Sets Day of Mourning as Tribute to Mrs. Wilson

The Oakland University community will pay its last respects to the late Mrs. Alfred G. Wilson tomorrow.

It has been declared a day of mourning on the campus with all university offices and classes being suspended.

A public memorial service, highlighted by tributes to her by the university, alumni and students, will be held at 2:30 p.m. at the Baldwin Pavilion on the campus.

Four memorial tributes will be given the university's benefactress by Chancellor D. B. Varner, for Oakland University; Tony Corneiller, Troy teacher who was a Wilson award winner in the class of 1965, for the alumni; and Barbara Anson, Bethesda, Md. junior, for the students.

* * *

Also participating in the services will be the Oakland University Singers coral group, the Detroit Symphony and Eric Berry of the John Fernald Co. besides area ministers.

HOMECOMING CANCELLED

Students have canceled Mrs. Wilson's Weekend next month. It was the student body's annual homecoming affair.

Open Housing: Freedom to Buy, Rent

(Continued From Page One)

The two opinions of Frank Kelley were given to clarify the legality of city ordinances in relation to the state constitution and in relation to the Civil Rights Commission.

* * *

Kelley's interpretation is that ordinances are legal under the constitution in criminal matters and not legal in the areas where the CRC has "plenary (complete) powers."

COURT DECISIONS

In other words, cities can pass ordinances making it a crime to discriminate in housing on the basis of race, religion, color, national origin. Kelley refers to Supreme Court decisions in other states and a Circuit Court decision in this state to back up his legal opinion.

Looking at the ordinances that were enacted in the cities mentioned:

- Seven of nine prohibit discrimination on the basis of religion, race, color or national origin of a person or of his friends. Ypsilanti and Port Huron also prohibit on the basis of sectional origin.
- Eight of nine prohibit discrimination by any person, or specifically named: an owner, lessee, sublessee, real estate broker or salesman, lender, financial institution, advertiser or agent.

Grand Rapids names any person who owns or controls the sale or rental of multiple housing, defined as three or more housing units.

* * *

- Some ordinances declare that the laws do not apply to certain types of housing. Six cities exempt from the ordinance provisions the rental of a room or rooms to three or less persons in a single dwelling unit, provided, however, that it is occupied by the owner or lessee or members of his immediate family.

* * *

There are no exemptions in Ypsilanti or East Lansing. Grand Rapids exempts religious or denominational institutions, owners of less than three single family buildings and owners of a multiple housing building of less than seven units, providing the owner or a member of his immediate family lives there.

* * *

- Penalty for conviction of violations vary. Four cities have no provision for criminal conviction or penalty. Of those that do, two cities provide for fines up to $100 and/or 90 days, two cities provide for fines up to $100 and/or 10 days and one for up to a $500 fine. Ypsilanti allows a $500 and/or 90 days.
- The handling of complaints vary. For the most part they call for a Human Relations Commission to investigate and attempt conciliation and, if that fails, a hearing.

* * *

After that, Grand Rapids and Ann Arbor ordinances call for referral to city attorneys for prosecution. Kalamazoo, East Lansing, Jackson and Battle Creek ordinances call for the complaint to be turned over to the Michigan Civil Rights Commission. No criminal penalties apply.

Muskegon, Port Huron and Ypsilanti ordinances don't require investigation or a conciliation attempt by the local relations commissions, although in Ypsilanti, it may be done so on the discretion of the city attorney.

* * *

In Muskegon and Ypsilanti, the city attorney, after receiving a complaint, can begin an investigation and prosecution.

- All have clauses which state that nothing requires an owner to offer property to the public before selling or renting and owners are not prohibited from giving preference, as long as it is not done on the basis of religion, race, color or national origin.

None of these ordinances has been declared by any court as contrary to state law or the state constitution.

CIVIL ENFORCEMENT

Atty. Gen. Kelley in an opinion given in 1963 said that the Civil Rights Commission has, under the state constitution, "plenary power" in the field of housing as far as civil enforcement goes but has no authority as far as criminal prosecution of alleged discrimination.

On Aug. 21 Kelley gave the opinion that "Criminal sanctions to enforce equal opportunity in housing, not being within the sphere of authority of the Civil Rights Commission, may be invoked by municipalities, providing the ordinance creating such sanctions does not conflict with state."

Only one of the housing ordinance has been challenged so far, Kelley said. Washtenaw Circuit Court Judge James R. Breakey Jr., on July 30, 1965, upheld the right of the city of Ann Arbor to enact a fair-housing ordinance.

* * *

The party challenging the law did not appeal this decision to a higher court.

POLICE POWER

In citing a court case in Ohio, Kelley said the Ohio Supreme Court has ruled that a municipality's "police power clearly includes the power to prohibit the owner of property from discriminating in its sale or rental . . . against any person purely because of race, creed or color."

In general the local Michigan ordinances have been passed without much fanfare, and little controversy has developed after their passage.

Kenneth Bronson, Ypsilanti's city attorney who drafted the ordinance there over a year ago, said last week there has not been one prosecution under the ordinance and no complaint filed since its inception.

* * *

Bronson, a brother of the Oakland County prosecutor, S. Jerome Bronson, said, "Most people want to obey the law."

Lawmaker Leads Women Astray

OLYMPIA, Wash. (UPI)—A long power failure left a group of women visitors sitting in the dark in the House office building here.

* * *

The surroundings were strange but Rep. Paul Barden, a Seattle, Wash. lawmaker, stepped forward gallantly and offered to lead the women out of the building.

* * *

The women followed him trustingly — only to wind up in the women's rest room.

Port Huron Youth Charged in Death

PORT HURON (AP) — A 20-year-old Port Huron youth was charged with negligent homicide in the weekend death of a 65-year-old woman who was killed instantly when their cars collided on a rural road.

* * *

Clarence Vermeulen was arraigned on the charge Sunday. Bond was placed at $1,000 and an examination set for Oct. 1.

St. Clair County sheriff's deputies said Vermeulen was traveling at a high rate of speed when he rammed into the car of Myrtle Ledsworth of Port Huron on a rural gravel road Saturday afternoon.

SIMMS DISCOUNT ANNEX

4-Hour Blaze Rages at Area Auto Junk Yard

FARMINGTON TOWNSHIP — A blaze in a pile of some 800 junk cars stacked five high raged for about four hours yesterday.

A firefighting crew at Bezesky Brothers Used Auto Parts, 25000 Haggerty, included 60 volunteers, eight township trucks and one Novi truck, reported Township Fire Chief George Hume.

"Without the foam we used, we never could have put out the fire," Hume said. "Foam smothers flames and doesn't evaporate for 24 hours."

The township fire department received the alarm call about 5 p.m. yesterday and had the fire under control about 9:30 p.m., said the chief. A small crew and several trucks were at the scene until 1 a.m. today dousing spot fires, Hume said.

★ ★ ★

Richard Bezesky, part-owner of the business, said he had seen three men run from the scene at the time the fire began. His wife had called the fire department, he said.

NO ESTIMATE

Although Bezesky couldn't give an estimate of the loss, he said the firm would suffer because some of the cars hadn't yet been stripped of usable parts.

The township fire department fought another large fire early yesterday.

This blaze leveled a farm house and four small buildings on 12 Mile near Drake on land owned by the Farmington Schools.

★ ★ ★

The buildings were vacant and were to be torn down for construction of a school, said Hume.

Twenty-five men and four trucks battled the fire from 12:15 a.m. to 5 a.m., the chief said.

Six Slotcars, That Is

Small Thief Steals Six Cars

SHELBY TOWNSHIP — Police here are looking for an extremely small thief who stole six cars in one night—that's right, six cars—slotcars.

They were taken sometime Friday night and the break-in was discovered over the weekend by the owner of the Hobby House at 46231 Van Dyke.

The burglar was apparently a tiny fellow who didn't mess around with minor stuff like the money in the cash register or coin collections or expensive cameras.

Taken with the six cars were four extra motors for them and a toy walkie-talkie, to relay news of car races, probably.

★ ★ ★

Police are sure the thief was quite small because he entered the building by crawling through a 12-by 16-inch window. He was also agile, because he climbed eight feet to the window by standing on an empty can, police said.

Police may show up at the next slotcar rally in their investigation.

16 Killed on State Roads in First Weekend of Fall

By THE ASSOCIATED PRESS

Sixteen persons died on Michigan highways in the first weekend of the fall season.

Three of the victims were killed in accidents involving Chesapeake & Ohio railroad trains.

The Associated Press traffic count began at 6 p.m. Friday and ended at midnight yesterday.

One of the car-train accidents killed two 19-year-olds in Antrim County, the other killed a 13-year-old boy in Oakland County.

Killed were:

Anna Sevenski, 66, Lansing, in a two-car intersection collision yesterday in Martini Township, Mecota County.

★ ★ ★

Jospeh V. Alvarado Jr., 13, of Mount Clemens, when the car in which he was riding was struck by a Chesapeake & Ohio railroad train yesterday in Rose Township, Oakland County

Josephine Zimmerman, 41, of Gowen, who died yesterday in a hospital at Greenville. She was injured Saturday while riding in a pickup truck that ran off a road and plunged into the Flat River six miles north of Greenville.

Sybil L. Barks, 48, of Vandercook Lake, when her car ran off a road and struck a utiltiy pole Sunday near Vandercook Lake in Jackson County.

Jerry C. Davis, 25, of Detroit, in a motorcycle crash Saturday night in Detroit.

Richard J. Yager, 24, of Muskegon, when his auto ran off a road Saturday and hit a tree near Grand Haven.

Mr. and Mrs. Dennis Marriage, both 19, of Alden, when their car crashed into the engine of a Chesapeake & Ohio freight train Friday night near Alden in Antrim County.

Edward Waddell, 49, of 680 Wolverine, Walled Lake, in the head-on crash of his car with another Friday night as he drove the wrong way on a divided highway near Farmington in Oakland County.

Dora Lorette Quades, 53, of Lapeer, way near Farmington in Oakland County. when her car was hit broadside by another Saturday at the M24 and Plum Creek Road intersection in Lapeer Coun-

★ ★ ★

James Carlton Berkley, 22, and Archie Lee Gray, 31, both of Detroit, when their car smashed into a utility pole on the Lodge Freeway in Detroit Saturday.

Stanley Rex Stirrup, 37, of Tyconing, when his car and another collided at an intersection in Wyoming Saturday.

2-CAR COLOISION

Nancy D. Cornelious, 60, of Pontiac, while riding in a car involved in a two-car collision at an intersection in Pontiac Saturday.

Frank Shipley, 2, of Mount Morris, Saturday in a car that hit a truck at an intersection near Mount Morris in Genesee County.

Myrtle Mae Ledsworth, 65, of Port Huron, when she was thrown out of her car after it was hit broadside by another car Saturday two miles north of Port Huron.

Swim Classes Set for Children

ROCHESTER — Youngsters between the ages of 3 and 6 years will have the opportunity to learn swimming in classes due to begin Saturday at Oakland University pool.

Each youngster must be accompanied by a person at least 18 years old. The classes will continue 10 weeks.

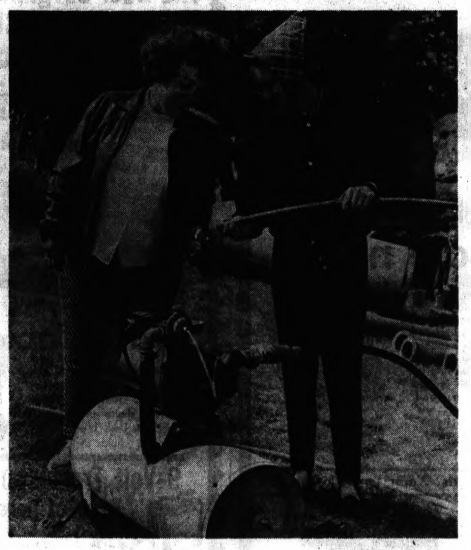

Following the Tiny Tot swim classes from 10:30 to 11:30 a.m. will be an open free swim for children of grades 4 to 8.

Both activities are sponsored by the Community Education Service and the Avon Youth Service Recreation Association.

★ ★ ★

Enrollment will be accepted from 10 a.m. to noon Saturday at Central Junior High School.

Two other 10-week classes have been added by the Community Education Service. Conversational German and rug hooking have been added to seven previously announced courses, according to Walter Cooper, director.

Pontiac Press Photo

BUT DON'T DRINK! — Mrs. Henry Southern (left) and her neighbor Mrs. Nell Taylor, 2901 Maganser, Dixon, aren't going to drink this water even though their wells are temporarily dry because of the laying of sanitary sewer pipes. The Taylors are pumping water — but just for sanitation purposes — from the Holloway Construction Co.'s source and into their home via a garden hose. Another hose carries the water from the Taylor home to the Southerns.

Rochester Panel to Plan Memorial

ROCHESTER—A committee to develop the Helen S. Williams Children's Book Collection for Woodward Memorial Public Library has been named by the Friends of the Library.

Mrs. James H. Norton, 371 Charles, chairman of the collection, has announced that Dr. Sarah Van Hoosen Jones, Alice Serrell and Mrs. Williams will serve as honorary chairmen.

Committee members are Mrs. James Church, Mrs. Harold Day, Mrs. Clifford Harding Jr., Mrs. Donald E. Hart, Mrs. Bruce Kresge, Mrs. Howard L. McGregor Jr., Mrs. Roland Mortimer and Mrs. Kip Serota.

Others are Mrs. Arnold P. Smith, Mrs. Wilson Severance and Mrs. Bernhard W. Vosteen. Miss Clara Bryce, librarian, will serve as consultant.

★ ★ ★

An open-shelf collection of classic and contemporary children's literature and a case collection of publications for young people is contemplated. The collection will be housed in the Margaret C. Norton Children's Room of the library.

The library is located at 210 W. University.

Orion Jaycee Group Will Sponsor Lessons in Dance and Baton

ORION TOWNSHIP — The Orion Area Jaycee Auxiliary will once again sponsor ballet, tap and baton lessons this year for elementary and junior high school students.

Classes are slated to begin Thursday at the Lake Orion Youth Center, 102 S. Broadway. They will continue until May.

★ ★ ★

Jimmy Pagonas of Detroit, a member of the Chicago Board of the Dance Masters of America, has been rehired as instructor.

Mrs. Clifton E. King, 1130 Bald Mountain, and Mrs. Lance Nixon, 31 Beebe, Lake Orion, are general chairmen.

Troy Historical Group to Meet Wednesday

TROY — The Troy Historical Society will have its first fall meeting Wednesday at 7:30 p.m. in the High School teachers' lounge.

★ ★ ★

The public is invited to attend with the program to be "The Evolution of the American Flag," by Harold Glassford, vice president of Burton Abstract Co.

Police, Fire Exams

SHELBY TOWNSHIP — Examinations for positions in the Shelby police and fire departments will begin on Wednesday at 7:30 p.m. in the Disco Elementary School.

Plan to Be Explained

NOVI—The village's master plan will be explained to the public tonight at 8 at the Village Hall.

The public hearing is being held by the planning board and the Village Council. Waring and Johnson of Detroit have drawn up the master plan.

W. Bloomfield League to View Poverty War

WEST BLOOMFIELD TOWNSHIP — The local poverty program will be spotlighted at tomorrow's meeting of the West Bloomfield League of Women Voters.

The meeting will begin with a noon luncheon at the Main Library, 5030 Orchard Lake Road. All interested area women are invited to the meeting.

2nd Youth Shot on Woodward

BLOOMFIELD HILLS — A Clawson youth was shot and wounded early yesterday on Woodward in the second such incident in two days.

In satisfactory condition in Royal Oak Beaumont Hospital is Glenn Walling, 19, of Clawson who had at, 32 caliber slug removed from his left thigh yesterday afternoon.

Early Saturday morning Michael Sass, 18, was shot and killed in a Royal Oak drive-in restaurant on Woodward by Giles Gallaher, 21, of Ferndale. The shooting began with an argument over a traffic incident.

Walling told police he was shot as he pulled up to a traffic light while going south on Woodward between Lone Pine and Chesterfield at about 4:30 a.m.

★ ★ ★

He told police he was driving a friend's 1940 coupe and pulled up next to a a red Cadillac convertible with two Negro males and one Negro female in it. While waiting for the light to change, he said, the man on the passenger side pointed a gun at him twice through an open window.

THROUGH DOOR

As he pulled away the man shot through the coupe's door and into Walling's leg, according to police.

Walling roused his passenger, Nathan Coleman, 17, of Royal Oak who had slept through the incident and said "Nate I've been shot." Then he sped down Woodward until he was stopped by Birmingham police.

★ ★ ★

Bloomfield Hills Police are investigating the incident.

OCC Expansion Threatens 'Utopia' in South Oakland

MADISON HEIGHTS (AP) — Back in the Depression, a group of poor people living in a government-run housing project in Detroit dreamed of their utopia, and with the free aid of architect Frank Lloyd Wright, they finally built it.

Now, the small community of 21 families in Madison Heights is threatened with being wiped out by the educational expansion of a more affluent age.

Oakland County Community College, which already has bought surrounding property, has announced plans to extend a new campus, using the land owned by 21 Madison Heights families.

The first members of Cooperative Homesteads Inc. banded together in 1938. At the time, they were living in the government-owned Parkside Housing Project in Detroit.

★ ★ ★

The secluded community was laid out by architect Wright, who gave his services free of charge when he heard of the project.

STREETS NAMED FOR HIM

Three of the streets, Frank, Lloyd and Wright, are named for him.

John Brzenski, president of the cooperative, recalls the days when members raised chickens, pigs and even cattle in an attempt to become self-sufficient.

Men would get together weekends and evenings during those early days to help each other build their homes.

"At one time, our neighbors in the area thought we were a bunch of Commies or something," says Brzenski. "But that's about the farthest thing from what we were. We were just a bunch of poor people trying to help ourselves.

FIRST HOME BUILT

"Lots of people never thought we'd amount to much."

Brzenski, the father of five and a refrigerator repairman for a local dairy, owns the first home built in the cooperative.

But until 1955, none of the families owned their homes; they all were communally owned.

★ ★ ★

"There were lots of stories written about us back in 1940 when we were looking for land," Brzenski recalled, "and Frank Lloyd Wright heard about us and decided he wanted to help us develop it."

Not all the co-op members appreciated Wright's methods.

"Old Frank was bound and determined to do things his way, and that caused quite a rumpus in the organization," Brzenski said.

Many members left, he added, but new ones came to take their places.

World War II interrupted progress on the cooperative, but in 1946, work got under way in earnest.

★ ★ ★

By then, Brzenski said, Wright had lost interest in the project.

"We just followed the plans as best we could," he added.

NO MORE CREDIT

Wright's plans included designs for several of the houses, a community-owned grocery store, a gas station and a playground.

In 1955, the community was told it would get no more credit for building unless all the land was individually owned.

Deeds were issued to the homesteaders, but then the city of Madison Height ruled no new septic tanks could be built. No new homes have been built since.

★ ★ ★

Almost all the unused land was sold to the college.

'REAL PLEASANT'

Would the cooperative members be willing to sell their homes to the college? Brzenski was asked.

"I don't know," he mused. He looked around at the wood-paneled walls and the beamed ceilings in the house he and his neighbors had built.

He listened to the crickets in an adjacent field for a moment.

★ ★ ★

"It's real pleasant living here," he said. "It's out of this world, living here."

At Parke Davis Laboratory

Cleanliness Is Research Art

AVON TOWNSHIP — How not to influence an influenza virus has been brought to a fine point of craftsmanship in the Parke Davis & Company's Biological Development section here.

Employes who are part of the team developing vaccines to combat the "flu" bug along with measles and smallpox must meet rigorous standards of cleanliness.

A typical researcher in the relatively new "Building 15", which houses the biological development section, finds shower and air baths plus the donning of sterile coveralls, hats and boots a routine part of the workday.

Once in the laboratory, the 16 employes move in an environment that's as pure and free of contaminants as humans are able to make it.

★ ★ ★

The air they breathe, for instance, is filtered three separate times by a glass filter and two high-efficiency filters.

EQUIPMENT STERILIZED

Any equipment brought into a laboratory area moves through inside "clean" corridors and is subjected to ultraviolet light.

Work areas have polyurethane seamless floors so that dust can't collect in any crevices.

Each lab is thoroughly cleaned, decontaminated with a formaldehyde fogging unit and sealed each night. Should the seal be inadvertently broken at any time before the next moring, personnel are barred until the unit has been re-cleaned and again decontaminated.

★ ★ ★

The building cost $750,000 to build. Its 18,600 square feet contain an office unit as well as the research areas. Each lab includes a shower, change room, work area, incubators and refrigerator.

OUTSIDE CONTROLS

Maintenance personnel can keep tabs on the various units' temperatures without even entering them, since all controls are on the outside of the building.

A constant check on the cleanliness and sterility of the labs is maintained by the use of Rodac Plates, which are plastic plates filled with a bacterial agar medium. When pressed against a surface and incubated, the number of microorganisms per square centimeter can be counted.

An air sampler is ued to determine the amount of bacteria per cubic foot of air.

★ ★ ★

The total unit is used to convert comparatively small amounts of newly-discovered biological research products into large quantities so that the firm can use the material for testing and trials on animals and humans.

Only in this way can a new product meet strict government specifications and qualify as a possible new drug.

NO CONTAMINATION HERE—Two research workers for Parke Davis & Co., Avon Township, garbed in sterile white uniforms, test and examine a possible new agent in one of the new building's 15 laboratories. The building has been constructed to eliminate as much as possible any outside contamination of materials.

Will Meet Tomorrow

COMMERCE TOWNSHIP — The Commerce Republican Club will hold its first meeting for the year at 8 p.m. tomorrow at the Walled Lake High School, 2978 S. Commerce, Walled Lake.

All persons including Wixom residents are invited to attend.

Board of Appeals Will Consider Land-Fill Issue

COMMERCE TOWNSHIP — The sanitary land-fill proposed by the Oakland County Road Commission for the southeast corner of Benstein and Sleeth roads is going to be considered tonight by the Township Board of Appeals.

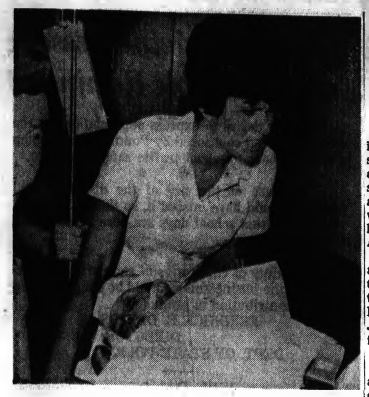

The meeting, open to the public, will be at 7:30 p.m. at the Township Hall.

At a public hearing Aug. 30, about 300 residents expressed strong opposition to the land-fill. Representatives of the opposition spoke out on health and traffic hazards, noise, inadequate roads for refuse trucks and pollution of water.

The road commission plans to operate the land-fill on 24 of the 65 acres it owns on Benstein and Sleeth roads. The pending request before the board is for 10 acres.

★ ★ ★

The commission had already received a license from the Michigan Department of Public Health and an initial loan of $200,000. The decision of the Board of Appeals is now the final word.

SOLE SURVIVOR — Michael Berg Jr., 3, is wheeled into the emergency room at Glendora (Calif.) Community Hospital after he was found in a mountain canyon about 24 hours after his mother and an infant brother were found dead in the wreckage of an automobile. The boy's father, a Los Angeles policeman, was found shot to death Saturday in the family home.

Rescued Boy Holds Clue to Three Deaths

AZUSA, Calif. (AP)—A scared 3-year-old boy's dim memory that "mummy hit daddy and daddy hit mummy" held one of the few clues today into the deaths of his policeman father, mother and tiny brother.

Lost, suffering from exposure and dehydration and his left leg broken, little Michael Berg Jr. was spotted by rescuers Sunday sitting on a rock in a mountain canyon.

He is the sole survivor of a family whose head was a young, often-commended Los Angeles patrolman.

Michael Berg, 24, was found shot to death Saturday at the family's Los Angeles suburban home. The bodies of his pregnant wife, Elizabeth, and their 1-year-old son, David, were found earlier in the day in their sports car's wreckage at the bottom of a cliff.

2 POSSIBILITIES

Los Angeles County sheriff's detectives said they are investigating two possibilities: murder-suicide and a triple murder.

The little boy, recovering today at nearby Glendora Community Hospital, was found about a half mile from the bodies of his mother and brother.

He cried for his mother through swollen lips after gulping down some water. Rescuers said he may have been wandering in the rugged terrain for four days—the length of time his family hadn't been seen.

The lad's broken left leg was set with splints and he was carried to a ranger station. He was clad only in blue jeans and a light shirt.

Investigators said they were uncertain whether the youngster had been in the car with his mother and brother.

* * *

The officers said Michael's father, who had compiled an outstanding record of 10 commendations in his two years as a Los Angeles police officer, had taken a week's leave, saying he planned to visit an uncle's mountain cabin.

They never reached their planned destination.

Atlee Is Improved, but Still Gravely Ill

LONDON (UPI) — Former Prime Minister Earl Clement Attlee showed some improvement today at Westminster Hospital in London, but he remained gravely ill.

A medical bulletin on the 84-year-old earl, Socialist prime minister for six years after the war ended in Europe in 1945, said he "continues to show some improvement but he still remains seriously ill."

Israel Indicates It'll Stay Put

Jews to Settle in Occupied Syria, Jordan

TEL AVIV (AP) — Israel, indicating plans to stay put in some captured Arab lands, has announced it will move Jewish settlers into occupied Syria and a captured Jordanian section where Israeli troops and helicopter gunners wounded 11 Arab terrorists Sunday.

Prime Minister Levi Eshkol announced Israel will resettle the area on the west bank of the Jordan River between Bethlehem and Hebron where Jewish pioneers lived until the first Arab-Israeli war in 1948.

* * *

Young, army-trained pioneers already were heading into the craggy Golan Heights just beyond Israel's old border with Syria to start a new community. They will live in concrete huts along the Bnias ridge, a protected fortification for Syrian artillery firing at Israeli farms until the six-day June war.

The return to occupied Jordan by sons and daughters of old Jewish settlers in the Hebron area is within 40 miles of Nablus, an Arab town where Israeli army units said they captured 13 El Fatah terrorists and Soviet automatic arms, Czech mines and Syrian hand grenades Sunday.

BATTLES CONTINUE

Gun battles around the town continued for the second straight day. The area has been a stronghold of resistance against the Israeli occupation and scores of terrorists have been rounded up during an increase of bombing and sabotage over the past two weeks.

* * *

Israeli security patrols flushed out El Fatah squads, believed to be infiltrating across the Jordan River frontier with Jordan, from hills along the west bank while military authorities clamped down on businessmen believed to be financing them.

The question of Israelis settling captured lands led in part to a clash Sunday between David Ben-Gurion, the patriarchal former prime minister and Defense Minister Moshe Dayan, hero of Israel's three wars with the Arabs.

At a political meeting, Ben-Gurion called Premier Levi Eshkol a liar and accused him of leading a corrupt government. He was rebuffed by Dayan, who shares with him the leadership of the Rafi party, which was about to merge with Eshkol's ruling Mapai party.

'INVITING LOSS'

Ben-Gurion charged Eshkol's government was inviting the loss of the former Jordanian section of Jerusalem by not settling Jews in and around the Old City. Dayan replied he would resign from the Cabinet if his party wanted him to, but his statement was not considered a threat.

At the United Nations, Israeli Foreign Minister Abba Eban was reported meeting with "a large degree of understanding" from other foreign ministers on Israel's demand for direct negotiations with the Arabs to settle their perpetual crisis relationship.

* * *

A well-placed source said "there is a feeling that maybe there is an opportunity now to try and get some kind of direct negotiations"—a course the Arab states have rejected flatly until now.

The informant said any talks could be kept secret and that Israel would prefer separate negotiations with each of the Arab countries involved, although she would not object to a round-table conference.

SUBJECT TO NEGOTIATION

The source indicated that all occupied areas except Jerusalem, which "is now part of Israel" would be subject to negotiation. "Everything else would be up for discussion," he said—Jordan's west bank, Egypt's Sinai Desert and Syria's Golan Heights.

Gen. Odd Bull, chief U.N. truce supervisor in the Middle East, was to fly to Jerusalem today from Cairo after inspecting damage on the Egyptian side of the Suez Canal that resulted from a week of firefights and artillery exchanges with Israel.

The semi-official Cairo newspaper Al Ahram reported that Bull sent several unspecified proposals to U.N. Secretary-General U Thant that would "increase the effectiveness" of the cease-fire control along the waterway.

The business of selling bottled water is growing in this country due to increased water pollution and shortages plus the increasing number of affluent families in this country.

Stops Tormenting Rectal Itch

Exclusive Formula Promptly Stops Itching, and Relieves Pain of Piles In Most Cases

New York, N.Y. (Special): One of the most tormenting afflictions is the burning itch caused by piles. It's most embarrassing during the day and especially aggravating at night. 'Scratching' only makes the condition worse. No matter what you've tried without results—here's good news.

A scientific research institute discovered a special medication which has the ability, in most cases—to promptly stop the burning itch, relieve pain and actually shrink hemorrhoids.

Tests conducted on hundreds of patients by leading doctors in New York City, in Washington, D.C. and at a Midwest Medical Center proved this so. And it was accomplished without narcotics or stinging astringents of any kind.

The secret is *Preparation H®*—an exclusive formula for the treatment of hemorrhoids. There is no other formula like it! In case after case, Preparation H promptly stops the burning itch, relieves pain—as it gently reduces the swelling. Preparation H also lubricates, gently soothes irritated tissues and helps prevent further infection. In ointment or suppository form. No prescription is needed.

It Seems to Me . . . .

Vietnam a Dead-End Street Declares U.S. Authority

THEODORE O. YNTEMA summarizes the current Vietnam situation accurately in two terse, one-syllable words.

Says he:

"Get out."

YNTEMA

Truly, this well-known Oakland County student and world scholar is one of the thoughtful, contemplative sages of this era and area. His opinions on the national and international scene are highly regarded and respected.

★ ★ ★

"We are in Vietnam," he declares, "because of errors in policy and judgment."

How right he is.

"We cannot win in any meaningful sense," he asserts further and then explains that "even a military victory means we would have to police and support the Vietnamese — north and south — for decades to come."

Whoever wants that?

★ ★ ★

Can this depressing spectacle appeal to anyone?

The onetime professor at the Universities of Chicago and Stanford now holds a visiting professorship at Oakland U. Following his retirement as a Ford Motor Company vice president, the Bloomfield Hills savant accepted an honorary post at Oakland University. This area is fortunate — and lucky — to lure a man of his standing.

★ ★ ★

He asserts the U.S. can get out by providing economic and military aid, and telling the country to take up its own defense itself. This last has always been accepted as an unwritten commitment in global warfare. It's difficult to argue against allowing a country's own citizens to bear the brunt of their own battles and the concomitant lists of dead and wounded.

★ ★ ★

Then Mr. Yntema continues with one of the most cogent and compelling statements yet appearing on that general situation. He says:

"If Vietnam cannot survive, the loss to us and the world will be less than the loss attendant upon our remaining there."

Here is exceedingly sound advice from one of our most penetrating observers and thinkers.

★ ★ ★

The White House seems unalterably committed to an offense that will never win. As the naval pilots quite universally told me when I was on the *Kitty Hawk* during actual bombing raids:

"The way this is going now, it will certainly last the rest of the century."

★ ★ ★

Nothing has happened in the last four months to modify the estimate which represented the calculated opinion of our toppermost authorities and experts — the men who are actually on the job doing the bombing.

Mr. Yntema is right.

Since we won't win, let's get out.

★ ★ ★

Why should an increasing list of fine American boys be called upon to give their lives when the rest of the world merely looks on complacently and makes slurring remarks? Global countries are strangely but adamantly remiss about sharing this unending burden.

★ ★ ★

If we come home, we can't "lose face" anywhere. Can the British, French, Germans, Italians, Swedes or any of the rest object?

What are THEY doing?

The answer is: NOTHING.

Well, "nothing" isn't exactly right, either. They're supplying our foes with munitions and food and commanding a goodly price for their supplies. Let's look the facts squarely in the face.

★ ★ ★

I leave the Russians and Chinese unmentioned. Who cares *what* they think about "saving face?"

It's simple. Some 200 million people can't police three billion, fight their wars and pay their bills. It's high time all politicos found that out.

★ ★ ★

Yes, Mr. Yntema.

Let's get out!

I call your attention to a Guest Editorial appearing on this page today from Alabama which minces no words in discussing the methods we use in Vietnam.

It's well worth your reading.

And in Conclusion . . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

Overheard: "I've found out what was wrong with my back. Two weeks ago we got some ultra modern furniture at the office and I find I've been sitting in the wastebasket." . . . . . The Drake Hotel in Chicago already has some reservations for 1981. I guess it's a sign of the times. . . . . Attendance at White Sox home games has been below normal, considering the race. It's attributed to fear of race trouble around the park. They've had police far beyond normal, but still "incidents" have taken place.

MARINA

Personal nomination for one of the most attractive young ladies in all Russia: Marina Seidel. . . . . Rodolpho Junco de la Vega, Mexican publisher and good friend of mine, says they had 25 inches of rain in 15 days, shattering all records. . . . . Remember back when it was the pupils and not the teachers that didn't want to go to school? . . . . . Overheard: "I've got enough money to pay my taxes, but that doesn't leave me anything to live on." . . . . . CBS-TV will go along with the Emmy rewards this year. They think they've been overhauled sufficiently. In the past half dozen years, Hollywood's "Emmies" have been the biggest TV bore of the season.

Seen on Air Force bulletin board: "Notice! Absolutely no Flying Permitted over Nudist Camp located exactly 8.3 miles SSW on a true Course of 192 degrees." . . . . . The battleship *New Jersey* will go into action again next spring. She can reach 80% of the North Vietnam targets with her one-ton projectiles. . . . . FRANK SINATRA's latest blowup has offended a much larger list of movie celebrities than has come out. . . . . Dept. of Cheers and Jeers: the C's — DEBRA BARNES, our new Miss America; the J's — FRANKIE SINATRA.

—HAROLD A. FITZGERALD

Not Measuring Up!

David Lawrence Asks:

Will Rusk Marriage Hurt LBJ?

WASHINGTON — Secretary of State Rusk — whose 18-year-old daughter last week married Guy Smith, a 22-year-old Negro just graduated from college — is understood to have offered to resign his post in the Cabinet if President LAWRENCE thought the wedding would be politically embarrassing to the administration. But Mr. Johnson discouraged the "resignation."

What, it is being asked, however, will be the political repercussions of the incident? Will it be a distinct plus for the administration in international politics but to some extent a minus on the domestic side?

In Great Britain 14 years ago the daughter of Sir Stafford Cripps, the finance minister, married an African, and the couple now have four children.

The wedding attracted relatively little attention in this country, and at the time was not the subject of much discussion in London, where dark-skinned students from countries in Africa and Asia had for many years been accustomed to mingle socially with whites.

So it is likely that abroad — and particularly in most of the African countries where reports of the racial disputes in the United States have been utilized to spread anti-American sentiment — the Rusk-Smith marriage will be construed as a rebuttal of such charges.

In Washington today there are 117 embassies and legations, and the majority of the staffs include persons of the black or brown or yellow races.

Certainly in official circles here social ties between men and women of all colors especially among the younger generation — have increased substantially in the last decade.

The political significance of it all is that many voters who have been vigorously opposing racial integration in the public schools will claim that their viewpoint is being vindicated.

They will insist now that, while it is desirable to provide equal education facilities, integrated public schools are creating the social environment in which Negro and white youngsters grow up together and then marry.

The same debate will, of course, arise in the controversy over open housing in many cities and their suburban areas.

Conversely, the people who do not object to racial intermarriage will say that, since the daughter of a secretary of state has chosen a Negro for a husband, this gives a form of approval which has been absent heretofore.

Bob Considine Says:

U.S. Missile Defense Prompts Few Questions

NEW YORK — If memory serves we are soon to become the first world power that ever spent $5 billion building a defense system against a nonexistent offense — Red China's H-bomb - tipped intercontinental missiles.

CONSIDINE

Defense Secretary McNamara went to some pains to explain that his "thin" anti-missile-missile system was intended only for use against Chinese warheads coming in from outer space aimed at American cities.

The Russians, on the other hand, wouldn't think of throwing anything like that at us, he went on.

Congress, which can get quite cross with Mr. McNamara, promptly bleated something to the effect that he ought to use the money to start building a system that would protect us from Russian missiles, too.

RUSSIAN SYSTEM

Just as the Russians are building at prohibitive costs a system to protect themselves against our ICBMs.

Congress won't get very far with that kind of flaky reasoning!

As an intended victim of somebody's, anybody's, intercontinental missile attack I'd like to ask a few dumb questions:

● How will our killer missiles know whether the object they have discovered streaking down on New York City is Chinese? Will it betray itself by giving off a slight aroma of moo goo guy pan, or will those cunning scoundrels have basted it with borscht before launching it?

● If the approaching warhead has no identification mark, will our search and destroy missile be able to ask it for its name, rank and serial number? Or the password? The password of course will be "Fun City," but will our missile understand it if the reply is in Mandarin? Or Cantonese? Whatever, there won't be much time for examining accreditation papers. Warheads come in at 15,000 m.p.h.

● If a big one with the hammer and sickle painted on its side is detected on the way toward us, shall we instruct our gizmo to shoot it down, or wait for LBJ to call Kosygin on the hot line? (Hello, hello, Kosy, baby? What? You say he's down on his ranch near Yalta? What — It's an unlisted number? Well, just have him call me down on my ranch on the Perdenales . . . if he gets a chance.")

★ ★ ★

● Suppose Switzerland or Peru lobs one our way? What have we got in the way of an antifriendly missile?

Voice of the People:

It is my desire to express appreciation for the two-page spread sponsored by Pontiac businessmen to carry a back-to-school traffic safety message.

★ ★ ★

Because of the size of the display few readers could have missed it, so this reminder to drivers that school days are here again was invaluable.

★ ★ ★

The safety of children is of such prime importance that the businessmen should be congratulated for their contribution to promote it.

FREDRICK E. DAVIDS
DIRECTOR,
DEPT. OF STATE POLICE

Two Disagree With Opinion on Teachers

In reply to "Fed Up," how many people do you know who are willing to spend their working hours not only babysitting for 30 children but also trying to instill into these students' minds some knowledge of the world?

★ ★ ★

It is the job of teachers to teach the three R's of learning, but in too many cases they must take over where neglectful parents leave off and teach the three R's making a person a better citizen — respect, reason and responsibility.

★ ★ ★

I ask "Fed Up" and everyone else who has his name withheld that if you don't have the courage to stand behind your convictions by having your name published, why bother to write a letter?

MRS. LINDA M. HENRY
30 CADILLAC

In reply to "Fed Up's" belief that "those who can, do and those who can't, teach," individuals who repeat such phrases must be as ignorant as their authors. I wish to rephrase the famed quotation to: "those who are competent and dedicated to education can teach — those who are not, cannot — and usually end up in your rat race." Dedicated teachers prefer not to enter the rat race of private industry because their chief goals in life do not revolve around monetary or selfish desires.

★ ★ ★

The trend has always been to deprive teachers of economic status by taking advantage of their dedication and reluctance to alter their public image. Should monetary rewards be based upon supply and demand as well as upon the importance of one's contributions to society? If so, why must educators bicker with school board representatives about "peanut" professional wages?

ALSO FED UP

Election of U. N. President Raises Questions

I read where we have a new "elected" Communist United Nations president. How convenient for communism — and so close to home. Wonder how the scales of justice will tip as far as our men in Vietnam and foreign Communist countries are concerned. Wonder how they are going to feel about this peculiarity in the choice of U.N. presidents.

E. C.

Question and Answer

Have Michigan marriage laws changed? I've heard a boy and girl can now marry at 18 without parents' consent.

M. C.

REPLY

The County Clerk's office tells us both boys and girls may now marry at 18 without parents' consent.

Reviewing Other Editorial Pages

Our Folly . . .

The Tallassee (Ala.) Tribune

To our way of thinking, it is criminal negligence, bordering on treason, to subject American servicemen to death in the stinking jungles of the Far East without throwing our whole national resources behind them. And this doesn't mean just materiel and planes, but it means, in the main, the will to win.

★ ★ ★

It is nothing short of murder to send trained pilots in million - dollar airplanes to bomb pig trails and jungle undergrowth while we look the other way when enemy weapons of war are being unloaded at Haiphong, the better to increase the growing death toll of the flower of American youth.

★ ★ ★

If we are going to fight a war, for God's sake let's fight a war like wars have been fought throughout history until MacArthur was handcuffed in Korea. If we are going to be content to provide cannon fodder for the Vietcong then let's tell the American people the truth, that we are afraid of offending the non-whites of the Far East, the Communists, the peaceniks, the doves, the buzzards, etc., ad nauseum.

★ ★ ★

When this nation places a rifle in an American boy's hand and tells him to defend its heritage, it has no right to tell him he can't chase his would-be killer into Cambodia, or Laos, or to the hinges of hell, for that matter.

Back to this business of not wanting to destroy North Vietnam. Didn't the British burn Washington? We didn't hear of Sherman having a Maypole rally in Atlanta during the unpleasantness. What about Hiroshima and Nagasaki? Who is making these strange rules that the enemy can shoot at you but you dare not shoot back?

★ ★ ★

If these red buzzards had the capability they would rain atomic bombs on every American city. It tears our heart out to see once proud America, fertilized with the blood of our gallant forefathers, going to seed and whimpering before one-gallus foreign upstarts that the likes of Andrew Jackson would have run into the first convenient river with a barrel stave.

★ ★ ★

The lamps of liberty are going out all over the world because of the vacillation and indecision of our leadership. It was Daniel Webster who said, "God grants liberty only to those who love it, and are always ready to guard and defend it."

To us, that means hitting the enemy with everything in our arsenal, barring no holds and granting no quarter. Evidently it means something else to our highest leadership. We somehow believe that our view is also held by the mothers, fathers and wives of the men we send forth to guard and preserve our nation.

The necessity for strict economy in government was given new emphasis last week when Congress passed the biggest defense money bill in history and sent it to the White House.

And the President has already warned that the record $69.9 billion the bill provides will not be enought to pay all of the expenses this year of the Vietnam war and the nation's defense.

★ ★

It obviously would be unfair to force the taxpayers to bear not only the mounting costs of the war in Vietnam but also to support free-wheeling "spending as usual" for other purposes.

Practicing economy is not, of course, solely the duty of the executive branch of government. In beaming the economy warning to the White House, Congress should also recognize its own responsibility to hold down the costs of government.

★ ★ ★

There was a time when it was fashionable for politicians and others to say, "Let's try a little economy."

It's now time to revive the attitude those words exemplified, to change the wording to "Let's practice a lot of economy," and for both the executive and legislative branches of government to match the words with deeds.

Let's Economize

The State Journal

"No tax increase without a major cut in spending."

This is the message Capitol Hill has been beaming repeatedly at the White House and President Johnson owes it to the American people to do all he can to heed it, for it really comes from them.

New Bomber Defense Viewed

NEW YORK (AP)—The Johnson Administration, which only last week announced a decision to provide some defense of the continent against missile attack, is seriously considering a total revamping of its defense against enemy bombers, the New York Times said today.

The Washington story added that Pentagon officials say that Defense Secretary Robert S. McNamara is looking favorably toward the possible replacement of much of the air defense structure, involving hundreds of jet fighters and ground-based radars, with an entirely new $4 billion system.

★ ★ ★

The story also said in part:

The system would include radar picket planes that were constantly airborne, employing a new type of radar. It would also include a fighter-interceptor version of either the A-II spy plane or the F-III, formerly known as the TFX.

In announcing the decision to deploy the $5 billion Nike-X antimissile system, McNamara said that a defense against Soviet missiles was impossible, but not so against the much smaller, projected intercontinental ballistic missile force of Communist China.

SOVIET THREAT

Though ICBM's constitute much the greater part of the potential Soviet threat to the United States. The new air defense system would be meant to defend primarily against Russian bombers. The Chinese do not have long-range bombers.

Defense officials explained the seeming paradox this way:

The existing air defense system costs more than $1 billion to operate each year. The new system would save about $500 million a year in operating costs and thus pay for its $4 billion initial cost in about eight years.

Said one planner: "Since we're going to continue having an air defense, we might as well go to the new one, which promises to be a lot better and a lot cheaper."

U.S. women buy an average of four and a half pairs of shoes annually, while men buy an average of one and three quarters pairs.

Villagers Treed With 3 Cobras

NEW DELHI (UPI) — Rising floodwaters on the Ganges River in Northern Banaras chased five villagers and three cobras up the same tree, newspaper reports said today.

There was peaceful coexistence for five hours until the villagers were rescued. Nobody bothered to help the snakes.

ADA Board Assails Tax Hike Proposal

WASHINGTON (AP) — The national board of Americans for Democratic Action (ADA) has assailed an administration tax boost proposal, warned Congress not to withhould funds from domestic programs and declared it will work for a strong peace plank in the 1968 Democratic party platform.

An earlier resolution calling for the replacement of President Johnson on the 1968 Democratic party ticket failed to win majority support.

★ ★ ★

Any plan to increase taxes, the organization said, should give priority to closing tax loopholes and place more of the tax burden on corporations and high income earners.

The administration, the ADA said, should not yield to congressional pressure to cut spending on domestic programs as a condition for increasing taxes.

TRY TO HALT BOMBING

John K. Galbraith, an economist and ADA's national chairman, said his group is seeking ways to halt the bombing of North Vietnam and to bring that country's leaders into negotiations with the United States.

Galbraith said the ADA, long known as a liberal and left-of-center organization might well support a Republican as a presidential candidate if the Democrats refuse to adopt its minimum peace requirements. He declined to say which Republican candidate might be more acceptable.

★ ★ ★

He said the group's Vietnam resolution got "overwhelming support' with key votes recorded at 70-15 and 73-12.

Some tortoises in the Galapagos Island weigh 500 pounds and have perhaps reached 200 years of age.

No Snags Yet on State Income Tax

LANSING (AP)— There's no consolation for those who will have to pay Michigan's new state income tax. State Treasury officials say the setting up of collections machinery is progressing smoothly.

State Revenue Commissioner Clarence Lock says "We're pretty well along with it," but adds cautiously that some of the toughest problems are yet to come.

The new 2.6 per cent personal income tax takes effect Oct. 1. The Treasury Department's revenue division expects a flood of some three million returns by the April 30 filing deadline.

A 5.6 per cent corporate tax and 7 per cent levy on financial institutions takes effect Jan. 1.

NEW GROUND

"We're plowing new ground," Lock says. "But we haven't run into anything too serious yet."

Among the problems to be soived are where and how to find the new employes and equipment needed to collect the tax and where to put them.

Vincent A. Young, director of the department's general services division, estimates that 581 new employes will be needed in Lansing in addition to a field force of some 100 staff auditors.

Another 300 seasonal workers will be required to work for from four to seven months processing tax returns.

ADDITIONAL COMPUTER

An additional computer will supplement the one the division has now and Young estimates that at least 150 new adding machines will be required.

As for space, officials hope at least part of the operation may be able to move into a new building, now nearing completion behind the Capitol Building, by the end of this year.

★ ★ ★

The revenue division has set up an income tax section to handle collection of the personal tax, along with the corporate tax and the tax on financial institutions.

The section is headed by Chester Zawislak, former director of the business activities tax division. It is broken up into four units, each dealing with different aspects of the new taxes.

DATA FOR EMPLOYERS

Currently, most of the activity is taking place in the withholding and refund unit, which is sending out information to employers and preparing to handle returns.

The income tax section has 10 employes but this number is expected to grow rapidly as provisions of the tax law take effect, until some 247 are working by April 30, 1969, Zawislak says.

★ ★ ★

Lock says information booklets, withholding tables and forms have been mailed to about 200,000 employers who, in addition to federal personal income tax, now will be required to withhold the state tax beginning Oct. 1.

★ ★ ★

One potential problem foreseen by Young lies in the area of allowing credits for such things as property taxes and city income taxes.

NOT THIS YEAR

Since there is no way to include them in withholding tables, this means a lot of people will have refunds coming and revnue employes will have more work to do. But not this year.

The property tax and city income tax relief provisions don't take effect until Jan. 1, 1968 and have nothing to do with the tax return Michigan residents will be filing next April.

★ ★ ★

Another area where problems may arise is when individuals do not declare all their dependents to their employers, waiting until they file their return in April, and thus ensuring themselves a refund.

★ ★ ★

But, treasury, officials are confident that methods will be found to handle such situations.

BE SURE!

you're ready for college when your child is!

SAILORS RESCUED — Nils B. Nelson, 64, of Chicago, was safely in Chatham, Mass., yesterday where the Coast Guard towed his disabled 30-foot yawl. Nelson was en route from Chicago to Sweden via the St. Lawrence Seaway. He ran into a storm in the Atlantic July 11, and lost his rudder and part of his mainsail. Fishermen spotted him adrift off Cape Cod and notified the Coast Guard who came to his rescue. He and his beagle companion were out of water and had but three cans of soup remaining when rescued.

Mao Tours China Areas of Chaos After Purge

TOKYO (AP) — Communist party Chairman Mao Tse-tung has toured cities and provinces in Red China torn by the effects of the purge he instituted more than a year ago, Chinese news outlets reported.

Other reports coming out of China, meanwhile, indicated a lessening of strife.

★ ★ ★

"Our great leader, Chairman Mao Tse-tung, made an inspection tour of northern, Southern and eastern parts of China during a recent certain period," Peiking Radio said without mentioning when Mao made the trip, or how long it took.

FIRST ANNOUNCEMENT

The report was the first announcement of an inspection tour by Mao, now 73, since the beginning of the purge that has brought reports on violence and chaotic conditions in many of the areas he visited. The broadcast said Mao already was back in Peking.

"He conducted a survey on the situation in Honan, Ghupeh Hunan, Kiangsi and Chekiang and other provinces and Shanghai and other cities," it said.

★ ★ ★

Mao found the provinces in "unprecedentedly fine situation," the official New China News Agency reported.

China-watchers here speculated the tour may have been made because Mao believes the most critical stage in the nation's internal unrest is now past.

HIJACKED PILOTS RETURN — Capt. Trevor Copleston, 38, (left) is greeted by young members of his family while Capt. David Taylor, 27, is reunited with his weeping mother at a London airport yesterday. The pilots were detained in Algeria for 86 days when their jet, with former Congolese premier Moise Tshombe, was hijacked en route from Ibiza to Palma, Majorca, on June 30.

U.S. Miffs Red Hosts at Space Show

BELGRADE (UPI) — The 18th congress of the International Astronautical Federation (IAF) opened today with the United States absent and convention hosts bristling over what they considered an American snub.

* * *

The United States backed down at the last minute in sending an astronaut, declined to exhibit an Apollo spacecraft promised earlier, and sent a stand-in to read a paper Dr. William Pickering of NASA's Jet Propulsion Laboratory was scheduled to deliver.

One of Russia's top space experts, Prof. Leonid Sedov, often called "the father of the Sputnik," was on hand to outline his country's major achievements in space and to discuss programs of the future.

He reportedly was miffed, too, because he had to share the rostrum with a scientist of lesser renown.

Pickering's speech was delivered by J. N. James, an assistant director at the Jet Propulsion Laboratory.

RUSSIANS DOMINATE

The Russians dominated the show. They put up an exhibition of a huge Vostok manned spacecraft and models of 11 other space vehicles. And it was opened by Cosmonaut Pavel Romanovich.

Qualified sources said the Soviet Union originally planned only a modest exhibit during the congress. But when word got out that the Apollo spacecraft would not be here, the Russians suddenly escalated the size of their exhibit.

There was no official explanation why the United States did not send the spacecraft and an astronaut.

American sources said that some leading American space scientists had stayed away from Belgrade for security reasons.

"Some of those guys who are walking around with a head full of classified information did not want to take the risk of coming to a Communist country," one source said.

Two Teen Girls Stabbed in Row Over Boyfriends

DETROIT (AP) — Two teenage girls were stabbed in the stomach Sunday after an argument in a northeast Detroit neighborhood. Police said they had been stabbed by a third girl in an argument over their boyfriends.

* * *

Donna Kolodziej, 15, of Detroit was in Holy Cross Hospital in critical condition, police said, and Pam Thomas, 16, also of Detroit, was listed in serious condition.

* * *

Police said the girls told them they had been at the home of the third girl when they got into an argument over boyfriends and the girl grabbed a kitchen knife and stabbed them.

* * *

She was held in Wayne County Youth Home for felonious assault.

New Auditorium

FLINT (AP) — The Chicago Symphony Orchestra, conducted by Jean Martinon, will be featured Oct. 8 at the dedication of Flint's $3.6 million James H. Whiting Auditorium. The orchestra also will perform in concert Oct. 9 at the auditorium. The new building is part of the city's $25 million college and cultural development center.

WOMEN'S SECTION

Coffee Spoon Is the Topic of Today's Column

By ELIZABETH L. POST

Dear Mrs. Post: When my parents or in-laws stop in for an informal visit, I usually serve coffee in mugs. The men particularly like this because the mug holds more coffee than the dainty little cup.

The mugs to not come with saucers, therefore I do not us saucers.

The problem is, what is the correct thing to do with the spoon from your cup? Does one place it on the table (as we do), place is on the cake plate, or what? — Puzzled

Dear Puzzled: This is presenting more and more of a problem as mugs are becoming so popular.

The spoon should not be put on the table, where it is sure to leave at least a small mark or stain. It may be placed on the edge of whatever plate is handy — a dessert plate or the breakfast-plate, for example.

If no food is offered, the hostess should provide a folded paper napkin on which the spoon may be laid.

Dear Mrs. Post: To settle a family discussion, would you describe the international gesture for summoning a waiter? — John

Dear John: There is no international gesture for summoning a waiter. In fact, ways which are considered proper in some countries are downright insulting in others.

For example, a waiter who is hissed, whistled, or clapped at in the United States would probably run in the other direction, and yet, those gestures are perfectly correct in certain other countries.

Here, the usual way is to wait until you catch the waiter's eye and then raise your hand, finger pointing up, as if to say "attention:" or "listen!"

MRS. KENNETH A. JOHNSON

Miss Warren a First Bride in St. Stephens

The former Patricia Ann Warren wore a white crepe gown with a floor length train for ther wedding to Kenneth Alfred Johnson Saturday.

Her headpiece was accented with Venise lace appliques, which were also featured on her ensemble.

She carried a bouquet of white daisy chrysanthemums with white rosebuds.

The double ring ceremony marked the first wedding held in St. Stephen's Church.

Following the vows, the newlyweds and their parents, the Joel Warrens of Deering Road and the Alfred Johnsons of Royal Oak, greeted guests in the church parlors.

Members of the wedding party were the bride's twin sister, Mrs. Gary Pitcher, as matron of honor and Mrs. Ronald Kowalewski as bridesmaid.

Best man was Arvid Johnson with Walter Scobie and Edward Berger as ushers.

The newlyweds are honeymooning in Canada.

'Political Parties' Discussion Topic

William F. McLaughlin, vice chairman, Republican State Central Committee, and State Senator Sander M. Levin will discuss "The Role of Political Parties" Wednesday at 8:00 p.m. in the Pontiac Public Library.

The program, sponsored by the local League of Women Voters, will be moderated by Mrs. Arthur E. Crain, first vice presdient of the Pontiac League.

★ ★ ★

Some of the questions panelists will be asked are:

- How can the independent thinker who feels he is neither a Democrat nor a Republican be politically effective?
- What should citizens expect from their party? Should patronage be abolished?

The League of Women Voters is a nonpartisan organization whose purpose is to promote political responsibility through informed and active participation of citizens in government.

The League supports an issue only when a thorough study has been completed by the membership and a consensus is reached.

Membership in the League is open to all women citizens, 21 years of age, who believe in good government.

New Citizens League Hears Janice Antona

Guests at the annual citizenship picnic of the New Citizens League of Pontiac included Judge and Mrs. Fred Ziem, William Rose, the Sidney Freeds, Mrs. Lee Hill, Mrs. Joseph Phillips, Mrs. Joseph Charter and the E. G. Clarks.

The group met at the American Legion Hall, Chief Pontiac Post, Lake Oakland.

Janice Antona, leader of the group, gave highlights of her recent trip to Washington D. C. where she attended the National Conference on Citizenship.

Civil War Experts

An agency for slightly disturbed youngsters would welcome volunteers who could recreate the color and glory of the Civil War period.

Volunteers who are Civil War buffs and can visit for an hour or more, any day of the week, day or evenings, may contact the Oakland County Volunteer Bureau in Birmingham.

Early or Late

Either Way—He Should Call

By ABIGAIL VAN BUREN

DEAR ABBY: Like so many others, I never thought I'd be writing a DEAR ABBY letter, but here I am.

ABBY

When my husband calls and says he's going to be late because he's going out with his boss, don't you think he should call me if he knows he is going to be detained longer than he said he would? When I complained because he said he'd be home about 10 p.m., and he came in at 2 a.m., he said, "You're not my mother! What am I supposed to do, get up and say, 'I have to call my wife' . . . like a child calls his mother?"

Abby, I just want to be sure he's not in a hospital, a ditch or jail. I trust him concerning other women, but because I was very jealous before we were married, he thinks I still am. I really do trust him, but don't you think a husband should call his wife to let her know he's going to be later than he says he'll be?

DALLAS WIFE

★ ★ ★

DEAR WIFE: Yes. (And he should let her know if he's going to be early, also.)

DEAR ABBY: I am a P. K. (Preacher's Kid) and I sure wish you'd put this in your column for other P. K.'s because I'm sure we all have the same problem.

Abby, we want to feel that we belong to the crowd and we want other kids to act the same around us as they would act around any other kids. We are human beings, we aren't perfect, and nobody has to feel uneasy around us in case he makes a slip of the tongue. We make them, too.

★ ★ ★

We just want to be accepted like everybody else, but most of the time we are left out because lots of kids don't want us in the crowd. Once I was out of town and a kid asked me what my father did. For a joke I said he sold fire insurance and I never had such a wonderful time. P. K.

★ ★ ★

CONFIDENTIAL TO DISTRAUGHT MOTHER: When a 20-year-old daughter arranges to have her mail sent to her in care of a friend's home because she doesn't trust her own mother, it's more of a reflection on the mother than the daughter.

★ ★ ★

Troubled? Write to Abby, c/o The Pontiac Press, Dept. E800, P.O. Box 9, Pontiac, Mich. 48056. For a personal reply, inclose a stamped, self-addressed envelope.

AP Wirephoto

Secretary of Agriculture and Mrs. Orville Freeman yesterday announced the engagement of their daughter, Constance Jane, above, to Gary A. Walker. He is the son of Mrs. Myron Walker of Huntington, L. I.

Ontario Girl Is Made Shorter ---Leads a Much Happier Life

TORONTO (AP) — A 26-year-old Ontario girl is back at work healthy, happier and three inches shorter than when she left her dietician's job.

★ ★ ★

Femmie Smith, was 6 feet 1 when she heard two years ago of a shortening operation performed in England.

Taunts about her height had caused her to withdraw from society and become depressed, she says.

She persuaded doctors at Toronto Orthopedic and Arthritis Hospital to do something about it.

"Ordinarily," says surgeon James E. Bateman, "we discourage people from asking that their shape be changed for purely cosmetic reasons.

"When we first saw Femmie Smith she was far beyond the usual cases of girls who come to us and say: 'I want to be shorter for him.'

"She had a definite physical abnormality couple with deep psychological trauma."

She underwent two operations, last October and December, to remove sections of thighbone. In all she spent eight months in the hospital, and is still undergoing physiotherapy to tone muscles.

A slight limp will gradually disappear, doctors predict.

Femmie measures 37-25-37, but the statistic that means most to her is her new height, 5 feet 10.

AP Wirephoto

A year passed between the photo at left and the one at right and three inches disappeared from Femmie Smith, 26, of Newmarket, Ont. Her height caused her so much distress that surgeons took three inches out of her legs and brought her down to five feet, 10 inches.

Tri-County Group Sets Fashion Show

"High Fashions for Higher Education" is the title of this year's benefit project by the Tri-County Osteopathic Hospital Auxiliaries.

Slated for Oct. 3 at 11:30 a.m., the autumn-themed show will take place in Detroit's Latin Quarter with luncheon and a fashion presentation by Margi Franzel Shops, Birmingham and Detroit.

Proceeds will benefit the Michigan Osteopathic College Foundation announces Mrs. Gordie Howe, honorary chairman for the third year.

Wives of Detroit sports personalities will model. Tickets are handled by Mrs. James Matthews of Royal Oak and Mrs. George Renton of Lathrup Village.

Wheeled Clinic Care Comes to Rural Poor

WASHINGTON, D.C.—Clinics are now going to people instead of waiting for people to come to them.

In slum areas across the nation, store fronts are being converted into health stations. In poverty - stricken rural areas buses are being turned into clinics.

In two Alabama counties a big white bus marked Health on Wheels makes regular scheduled stops along a well-publicized route. Women and children start lining up for care early in the morning. Many women have never in their lives seen a doctor, not even when giving birth.

Although Health on Wheels is a family planning project of the local poverty program, family planning advice is not required in order for the women to get medical care.

SERVICES

In addition to a physical examination, each patient is tested for cancer, diabetes, and tuberculosis, among others; teeth are examined; toothbrushes are distributed and advice on tooth care is given.

* * *

Several women found to be suffering from cancer were referred to hospitals for further checking and care. All had surgery and the outlook for theier recovery is considered good.

Women who want family planning advice and help, receive it — gratefully and eagerly. One mother of six explained why she wanted birth control. Two of her children have serious speech defects; her husband is going blind; she has to manage with a monthly income of $129.

* * *

Another mother of eight was trying to keep her family alive on $60 a month.

Commented one woman after her first visit to Health on Wheels, "I didn't know anyone cared what happened to us." And another, "The bus was truly God-sent."

MRS. F. C. ANDERSON

Area Couple Married in Evening Rite

Bethany Baptist Church was the setting Saturday evening for vows between Coralee B. Martin and Airman 1-C Frederic Clark Anderson.

Parents of the couple are the Douglas J. Martins of Wenonah Drive and the Kenneth O. Andersons of Troy.

* * *

After a reception at Maurice's, the newlyweds left for a honeymoon in the **East.**

* * *

The bride wore a floor length gown of silk organza with a Chantilly lace bodice and matching sleeves. Double panels of the same lace were featured on her train.

* * *

Her elbow length veil was held with a headpiece of lace petals and organza rosettes backed with a double bow.

She carried a bouquet of white roses and carnations.

ATTENDANTS

Maid of honor was Linda Kay Holley with bridesmaids Cheryl Hight and Mrs. George Woolsey.

Airman 1-C Kenneth Seymour was best man and Frederick Ebey and Steven Cole ushered.

* * *

The newlyweds will reside in Dover, Del.

Install Officers of Sorority Unit

At a dinner meeting Friday in Spring Lake Country Club new officers of Gamma Nu chapter, Sigma Beta Sorority assumed duties.

New heads are Muriel McCullaugh, president; Beverly Fok, vice president; Mrs. James Schembri, secretary; Mary Hubarth, treasurer; Mrs. Kathryn Borer, Mrs. Robret Kingsbury and Mrs. Jerome Shaw.

Conducting the installation were Mrs. Wallace Williams and Mrs. Wilson Allen.

Morgue Classes Not a Deterrent

JEFFERSONVILLE, Ind. (AP)—Some of the classes she attends take place in the morgue of a city hospital, but that is what Mrs. Barbara Mudd expected when she chose a career in Mortuary Science.

* * *

Other classes in anatomy, pathology, use of surgical-type instruments and restoration of features are part of the daily work. After a year's apprenticeship in her home state, Mrs. Mudd will become a licensed embalmer, a career few women select.

The dust in interstellar space has been found, by spectroscopic examination, to contain chlorophyll.

WNFGA Units Begin Meetings

Branches of the Woman's National Farm and Garden Association are beginning their fall meetings.

* * *

The Lorraine Manor branch recently saw a workshop demonstration on paper flowers given by Mrs. Fila Brown. Mrs. Joseph Carpenter was hostess in her Fernberry Drive Home.

* * *

Mrs. M. P. Persinger showed slides and gave a demonstration on ceramics for the Sylvan Lake branch.

* * *

Hostesses were Mesdames: Kenneth Ollis, Richard Gavette, Clarence Frost and Walter Lang. The group meets at the Oakland County Boat Club.

Avoiding the Pitfalls in Buying Property

By MARY FEELEY
Consultant in Money Management

A young couple buying a first home can be blissfully unaware of all the technicalities involved in the transfer of a piece of real estate. If the price is right and the mortgage money available, what more's involved.

Considerably more, as a matter of fact. A little knowledge of some of the steps leading up to home ownership might come in handy before buyer and seller say "I do." The importance of having a lawyer, as well as a real estate broker, in on the preliminary planning, becomes clear when some of the complications that could arise are considered.

Mr. and Mrs. Vance E. Wright of Canal Road announce the engagements of their daughter, Linda Susan, to Joe Darrell Hutto. He is the son of Mr. and Mrs. Joe Hutto of Canterbury Avenue. The bride-elect and her fiance are students at Oakland University and Midwestern Baptist College respectively. Summer 1968 vows are planned.

Mr. and Mrs. Leonard Slade of Joy Road announce the engagement of their daughter, Shirley Jeanne, to Spec./4 Reyes Corondo. Miss Slade's fiance, who resides at the home of his grandmother, Mrs. Flora Byers of Auburn Road, is currently stationed in Viet Nam. Vows are slated for the spring of 1968.

The New York State Bar Association obligingly answers a few basic questions, based on this state's law, just to give you a general idea:

Q. Is a "binder" merely a receipt, as evidence of payment of a deposit on a house?

A. No. If the buyer is asked to sign a written memorandum of the transaction, called a "binder," at the same time he pays a deposit or "earnest money," that memorandum can be very important. The buyer may, without legal advice, unknowingly give up certain rights. Attorneys usually advise clients not to sign any paper without their approval.

Q. When a "contract of sale" is signed, does that mean the property then belongs to the buyer?

A. No. As soon as possible after the parties have come to an agreement, it's customary for them to sign a contract of sale providing for the delivery or closing of title at a stated date and place.

This is necessary so that the purchaser and seller may remain obligated to complete the transaction during the time necessary for investigation of title, financing, etc. Care must be taken to see that all the details of the agreement are contained in this contract.

Q. Is a description of property sufficient from the buyer's point of view — or should he require a survey?

A. Many disappointments arise in the transfer of real estate from inaccurate or inadequate descriptions of the property. Particularly in the case of a house and lot, even an accurate description may tell nothing with reference to the physical condition of the property. The house may encroach on a neighbor's property or on the street. Or, it may stand entirely on the proper lot and a neighbor's *building may encroach. It is* usually advisable therefore to obtain a survey.

CAN GET INSURANCE

Q. How does the buyer make sure his title to the property will be clear?

A. Examination of title requires a search of the public records of instruments that may affect the title. Such an examination can safely be done only by one who is specially skilled in real estate law. The title examiner prepares a transcript of the chain of title containing a list and details of prior transfers of the property. This transcript, or "abstract of title," requires analysis and perhaps further investigation, to make sure that the title is clear.

In areas where abstracts of title are not in common use, a title insurance policy is commonly used in real estate transactions. Where title insurance is used, the examination of the title is made by the title insurance company. Such a policy provides an indemnity contract guaranteeing to protect the purchaser and his heirs against the damages actually sustained by reason of a title defect within the scope of the policy.

The fact that the purchaser obtains a title policy in no way obviates the need for his being represented by a lawyer. The title insurance company merely examines and insures the title.

Polly's Pointers

Colored Garments

DEAR POLLY — I have an expensive breakfront and on two sides there is filagree work over the glass. How can I wash the glass?—MRS. L.

DEAR POLLY — The type on this portable typewriter needed cleaning badly. When I worked in an office the maintenance man used something that smelled like dry-cleaning fluid but I happened to be out of it so I tried nail polish remover and it worked like a charm.

I dipped a bit of cotton into the remover using a pair of tweezers to save the polish on my nails. This idea would seem especially good for use in winter when there might be danger in using a cleaning solvent indoors where one might inhale the fumes. — MRS. J. A. W.

* * *

DEAR POLLY — I used children's ABC blocks for pulls on their dresser drawers, spelling out their names with the blocks. This looks very cute and the children love it. — MRS. D. L.

DEAR POLLY — My mother has arthritis and her hands are so out of shape that it was almost impossible for her to hold a knife to peel potatoes and other vegetables until my dad took her favorite knife and wrapped the handle with black tape.

He used enough to make the handle large enough so that it fits in her hand and she can do such jobs with less pain and in half the time.—ISABELLE

DEAR POLLY — Mary wanted to know how to set the color in a sweat shirt that has a school name printed on it in white. The directions that came with such a shirt that belongs to my daughter follow: When washing for the first time, place garment in a solution of cold water and salt (four tablespoons of salt to one quart of water). Let it stand for 30 minutes to set the color. Launder in lukewarm water and a mild detergent and wring out by hand.

Do not put in the dryer (because of shrinkage) but pull into shape and lay flat to dry.—VIOLA

Season Begins for Beta Thetas

Mrs. John Piechowiak assumed new duties as prsident of Beta chapter, Beta Theta Phi sorority at a recent meeting in her Beverly Island Drive home.

* * *

Others assuming posts for the coming year are Mrs. William Hutchinson, vice president; Mrs. Walter Terry and Nora Haldane, secretaries; Mrs. M. C. Worster, treasurer.

* * *

Mrs. Elmer Dieterle was cohostess for the event where members discussed various charitable projects.

MRS. R. L. HENRY

Greet Guests After Vows

A reception at the Italian American Club followed vows of Joan Marlane Davis and Richard Lee Henry Saturday.

Parents of the couple are Mr. and Mrs. James F. Davis of Euclid Street and Mr. and Mrs. Theron Henry of University Drive.

* * *

For the evening ceremony in St. Paul's Methodist Church, the bride chose a white princess style peau de soie gown embroidered with Alencon lace. Her gown featured a cathedral train.

The bride's shoulder length bubble veil was fastened with a silk rose headpiece. She carried a bouquet of white carnations and red roses.

*

Matron of honor was Mrs. Michael McDonald with bridesmaids Sharron Rodden, Pamela Roulo, Lynne Stanton, and Mrs. Joel Smith. Julia Lohff was flower girl and her brother, Mark, was ring bearer.

Ronald Brown was best man with ushers Arturo Martinez, Alfred Wilkins, Thomas Tedder, and Joel Smith.

* *

The newlyweds are honeymooning in the Smoky Mountains.

Enrollment in U.S. colleges and universities is expected to rise to a range of 9.7 to 11.8 million students by 1985 compared to 6.1 million in 1966.

Be Sure Your Family Gets the Best in Sight!

Every modern facility for the proper examination of your eyes, the correct grinding of lenses and fitting of eyewear is available at the Nu-Vision Optical studios. Perfection is the creed by which our examining optometrists, laboratory technicians and fitting room consultants must work.

Mr. and Mrs. Robert Wilson of Preston Street are celebrating 60 years of marriage today. They were wed in Marlette on this date in 1907, and have lived in Pontiac for the past 40 years. They have four children, Donald, Clare, and Alta (Mrs. George Drittler) all of Pontiac, and Harold of East Detroit. There are 11 grandchildren and nine great-grandchildren. Mr. Wilson is a retiree of GMC Truck and Coach, Service Department.

Case No. A-556

Stuttering Has Its Causes

By DR. GEORGE W. CRANE

CASE A-556: When I was in high school, my brother and I organized a small group of mandolin and guitar players.

We performed for church and similar organizations.

John played the mandolin while I used a guitar.

And I memorized a few pieces, though we generally employed sheet music.

DR. CRANE

Nowadays I can sit down and still strum the guitar for a few minutes.

If I am not paying attention to what my fingers are doing, I can run through some of those old pieces automatically.

But if I happen to look at my left hand as it is moving around at the frets, I have no conscious recall of where my fingers are to go.

* * *

They seem to be entirely independent of my brain, so I marvel for a few seconds as they press down the guitar strings at the proper frets.

But they don't do it very long!

Within a matter of 10 or 15 seconds, I "stutter," as it were, and am unable to continue with the smooth playing of that memorized piece.

For it has become so mechanical that when I try to analyze my finger movement, I simply stymie their smooth action.

And this is true of muscular action in other realms.

For example, the process of talking is automatic after we have reached kindergarten years.

While our attention is on our comrades, we speak without thinking.

But if a slip of the tongue occurs and our classmates laugh at us, we may grow embarrassed, humiliated and so acutely self-conscious about that act of speaking that we stutter thereafter.

A baseball hitter, as well as a bowler or golfer, may likewise throw a monkey wrench into his previous smooth action by starting to analyze himself.

TODDLER AGE

Stuttering is a normal thing at the toddler age, for then a child's "speaking" vocabulary lags behind his "understanding" vocabulary.

By kindergarten, his "speaking" vocabulary catches up, so don't "set" this normal stuttering by paying attention to it!

But when a person is a confirmed victim of stuttering, try to break the nuisance habit.

It is based on the "stutter triangle," in which the 3 points in vogue at the very moment the stuttering first began, were:

- Normal conversational tones;
- While talking to people;
- In your native tongue.

That "triangle" was in effect when you made the first slip-up that caused your acute self-consciousness.

So change any corner of that triangle, and you confirmed functional stutterers are on the raod to smooth speech once more.

For example, elvate your tones or speak in a guttural voice and you will change the first corner of the triangle.

Become a ventriloquist and you do likewise.

Or bite down on your tongue with your jaw teeth, as you start to speak, and this will also change that No. 1 point of the triangle.

* * *

Stutterers also can speak to dogs, horses or even the ocean's waves, as Demosthenes did to correct his stuttering, thus altering No. 2.

Stuttering is usually quite specific, so if you began to stutter in English, you can speak smoothly in French, German or another language.

Child-Killer, Measles, Still Takes Heavy Toll

In a recent four-month period in Hong Kong, more than 50 children died of measles. In 1960, in Chile, measles caused more than 50 per cent of all deaths due to communicable diseases. And measles is responsible for about half the deaths among children from 1 to 4 years old in certain countries of Africa.

These deaths could be prevented by measles vaccine. But effective mass immunization campaigns are beyond the means of some countries. To help them, the National Communicable Disease Center of the U.S. Public Health Service has launched a world-wide campaign, financed by the State Department's Agency for International Development (AID), to eradicate measles. The goal: date is 1975.

* * *

The first phase is Project Africa, a campaign to immunize 120 million West Africans, which began in Nigerian bush country in the summer of 1966.

According to Dr. J. Donald Miller, project chief, success in Nigeria has "thoroughly proved the feasibility of mass inoculation." By the beginning of this summer, the NCDC had immunized 7.3 million persons in 16 African countries against measles.

JET GUN

The medical teams are using a jet injector gun which permits inoculation without needles, and which can vaccinate from 500 to 1,000 per sons in an hour.

The development of a highly attenuated live-virus vaccine which requires only a single injection made possible a mass-immunization approach to measles prevention. The virus is known as the "Schwarz strain," after Dr. Anton J. F. Schwarz, of Pitman-Moore Division, The Dow Chemical Co., who developed it. It is being used in all AID programs and for American servicemen's dependents.

* * *

In the U.S., 2.5 million susceptible children have received the Schwartz-strain vaccine this year. However, about 7 million others remain unprotected. As one result, in 13 states from Jan. 1 to Aug. 6, 1967, there were more reported cases of measles than during the corresponding period in 1966.

These cases would not have occurred had the children been vaccinated against measles. Some 250 children died of measles in this country last year, and many others were left permanently deaf, paralyzed, or mentally retarded.

WEAPONS AVAILABLE

All this need not have happened. To fight measles here, as abroad, the NCDC emphasizes that "measles vaccine, jet injector equipment, and manpower can be made available to all states."

Surgeon General William H. Stewart has repeatedly pointed out that 1967 could be the year in which measles is eradicated in the U.S. But, as long as there is apathy in utilization of available vaccines, this country may find that, like Africa, it will have to wait until 1975 for elimination of the disease, and that meanwhile American children will continue to suffer an unnecessary diseases, with its many serious complications.

Late October vows are slated for Carol Lynn Petty of Walled Lake and James Stone. Parents of the couple are the Mr. and Mrs. Robert S. Petty of Alberta Street and Mr. and Mrs. J. T. Stone of Walled Lake.

A pure classic in two parts from the Duchess of Windsor. The jacket is lightly shaped to stand away from the skirt, which falls straight.

Both jacket and skirt wrap to the side and are united with double rows of buttons. Make it sleeveless or sleeved. The sleeves are slightly blouson and cuffed. Spadea's exclusive ready-to-wear sizes produce a better fit.

See chart for size best for you.

Why Grow Old?

By JOSEPHINE LOWMAN

I certainly hope the whitish look in makeup does not return soon. It made middle-aged women look washed out and aged and a young woman look like something haunting a house.

* * *

I think the reaction against this fad is one reason for the blusher's great popularity. What a relief that pink glow is! Blushers can be used in the place of rouge and blended outward or they can be used over the entire face.

The latter is very effective if the skin is colorless or sallow. Blushers can also be used in combination with rouge. A blusher may not give quite enough color to the cheeks, especially for evening, when the lights drain out color.

There are four kinds of rouge; cream, powder, cake and liquid. Either the cream or powder is probably easier for a beginner, although all of them can be used with ease after a little practice. Use whichever seems to come naturally to you individually.

* * *

The main thing is to go easy. This cosmetic must be used with great care. Too much makes one appear hard and is aging. Cake rouge must be applied very carefully or you will get too much on. Powder rouge can be dusted on. When applying cream rouge, make a few dots and blend them together and outward.

As a general rule, rouge should not be placed below the bottom of the nose. Rouge placed low on the face is aging. If your face is long or thin, place the coloring toward the outer edge of your face. If it is round or wide, place the rouge closer to your nose.

More color is in order now! Perhaps we are getting ready to match the fall coloring which will soon be with us.

* * *

If you would like to have my free leaflet "What's Going On?" send a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056.

Imports and exports of Tanzania rose about 25 per cent last year.

MRS. W. D. RATLIFF

Saturday Nuptials Taken by William D. Ratliffs

Newlyweds, the William Dennis Ratliffs, (nee Lora Catherine Scott) left for a honeymoon in northern Michigan. They exchanged vows Saturday evening in Five Points Community Church.

Following the ceremony, a reception was held at the home of the bride's parents, the Kenneth G. Scotts of North Squirrel Road.

* * *

The bridegroom is the son of the William Ratliffs of Stowell Street.

* * *

The bride wore a floor length ivory satin gown with an Empire waist and long bell shaped sleeves trimmed with lace. A matching lace headpiece held her veil.

* * *

She carried a white Bible covered with pink roses and white carnations.

* * *

Mrs. Carol Foos was matron of honor with Christy Foos as flower girl and Gina Lauckner as bridesmaid. Best man was Wally Johnson with Gilbert Decker and Ron Russel ushering.

Put Pea Pods in Soup

Instead of throwing away the pods from fresh peas, save them and use for soup flavoring.

Square Sets Marks Years

The Square Sets Square Dance Club of Pontiac opened its 20th season Saturday evening in Herrington Hills School.

Preceding the dancing, a co-operative dinner took place with new officers assuming duties.

* * *

Taking part were Donald Bradley, president; Jack Lightcap, vice president; Mrs. Judy Kwierant, secretary, Mrs. Francis Hill, treasurer and Mr. and Mrs. Sam Healander, membership chairmen.

The group meets each second and fourth Saturday of the month.

Millions of Tons for Throwaways

NEENAH, Wis. (AP) — This is the heyday of the throwaway!

Modern families with rising incomes, working wives and a yen for casual living have created a "disposing generation," says Kimberly-Clark Corporation.

To help meet the demands for built-in maid service, paper companies are expected to produce two million tons of disposable household tissue products this year. This will be nearly double their output of 10 years ago.

A Soda Solution Shines Ceramics

Use a solution of washing soda for a good job in cleaning glazed ceramic wall tiles. If the tiles are badly discolored, wipe the tiles with a damp cloth on which a little of the powdered washing soda has been sprinkled.

ACTIVE COONSKIN CAP — Ted Thomas of Fort Lauderdale, Fla., has a coonskin cap —sometimes—but it is different from the average cap, it has some moving parts, such as teeth, feet and masked eyes. The raccoon is the Thomas family pet.

X-15's Assignment: Fly at 4,500 MPH

EDWARDS AFB, Calif. (UPI) — Air Force Maj. William J. Knight will attempt to crack his own speed record tomorrow when he pilots a white-coated X15 aircraft on a flight approaching 4,500 miles an hour.

It will mark his second flight in the Mach 6-plus range—six times the speed of sound and faster.

The X15, is equipped with two external tanks for additional propellants.

Highest speed attained without external tanks which provide longer engine burn for increased velocity is 4,104 mph and highest altitude is 354,200 feet, both set by the late test pilot, Joe Walker.

The National Aeronautics and Space Administration has programmed the high-speed run Tuesday to create white hot temperatures of approximately 1,500 degrees fahrenheit.

The No. 2 rocket ship was coated with a special material this summer, designed to shield the metal skin from extreme heat.

The thermal protection material dissipates heat by reflection, insulation and by charring itself. It was sealed with white paint.

Now Many Wear
FALSE TEETH
With Little Worry
Do your false teeth annoy and embarrass by slipping, dropping, or wobbling when you eat, laugh or talk? Then sprinkle a little FASTEETH on your plates. FASTEETH holds dentures firmer and more comfortably. Makes eating easier. It's alkaline — doesn't sour. No gummy, gooey, pasty taste or feel. Helps check plate odor. Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

Junior Editors Quiz on SKY

QUESTION: Why is the sky blue?

★ ★ ★

ANSWER: Our earth is covered with a dense layer of the precious atomsphere we must have in order to breathe. Suspended in this are countless specks of dust and other materials. It is the sunlight, glancing off these specks, which makes the sky look light.

Without our atmosphere of air, the sky would appear black as it does in outer space. The white light from the sun holds within it all the colors of the rainbow. But the particles in the air bend or refract this white light and so scatter the rainbow colors.

Blue is the color which, because of its short wavelength, is more widely scattered than the other colors, and this is why the sky appears blue on a sunny day.

When you look at something distant, you are looking through air with its widely scattered blue rays, so things far away take on a faint bluish tinge.

Since there is always some water vapor in the air, distant things will also look lighter. A great deal of water vapor in the air as on a cloudy day, will overcome the blue rays and the sky and distance will look gray.

Navy Fails to Detonate Explosive-Laden Hulk

By Science Service

WASHINGTON — The Navy has found its lost 2,000-ton sunken blockbuster — but can't set it off.

A barrage of 24, 2,000-pound bombs, each of which exploded on target, has failed to detonate the high-explosive cargo of an old Liberty ship the Navy scuttled Aug. 10.

The ship, the Robert Louis Stevenson, has defied all attempts to get rid of it since it was sunk about 17 miles southwest of Amchitka Island in the Aleutians.

It now sits upright and apparently intact on the bottom in 2,800-feet of water, loaded with enough explosives to equal one-tenth the blast of the Hiroshima A-bomb.

★ ★ ★

The hulk was initially supposed to sink to a depth of 4,000 feet, then explode. Seismic waves from the two kiloton blast were to have been compared with those from a natural earthquake at the same site in a test of the Defense Department's nuclear test detection network.

LEFT WITHOUT CHOICE

With the failure of the bombing attempt, Navy officials were left with a choice of abandoning the bomb-filled hulk or attempting to lower explosives directly onto the Stevenson's deck.

Since the submerged hulk is still dangerous and an explosion would still serve the original network test purposes, the Navy will probably try again to explode the shipload of old bombs, mines and torpedo warheads.

The decision, which has not yet been made, is up to Rear Admiral Donald M. White, commander of the Alaskan Sea Frontier, who is in charge of the operation.

★ ★ ★

Very little has gone right with the operation since the doomed Stevenson was towed into position on Aug. 10 and her seacocks opened.

DRIFTED NORTHWARD

She was supposed to sink within a few hours, but her image did not disappear from attending ships' radar screens until 19 hours later.

In the meantime, the Stevenson drifted northwest toward Amchitka and into water too shallow to set off her pressure-sensitive fuses.

The exact location of the sunken hulk, needed for precision bombing from the air, was not learned until Sept. 7, largely because, at first, the Navy hesitated to let any ship get too near the submerged superbomb.

Stevenson was found by the 285-foot Silas Bent, one of the most modern oceanographic survey ships in the world. Finally permitted to sail directly over the expected location of the Stevenson, Bent detected the steel hulk with an ultra-sensitive magnetic probe.

Auto Crash Kills Inkster Man, 31; Passenger Hurt

NEW STANTON, Pa. (AP) — State Police said a car swerved into the medial barrier on the Pennsylvania Turnpike Saturday night and ran up an embankment, killing an Inkster, Mich., man and injuring another.

★ ★ ★

Police said the driver, Hosea Cottrell, 31, was thrown from the car and run over.

★ ★ ★

His passenger, James Love, 36, of Inkster was admitted to H.C. Frick Community hospital at Mount Pleasant in fair condition.

The accident occurred seven miles east of this Western Pennsylvania community.

$4.8-Million Cost for Road Builders

WASHINGTON (UPI) — The federal government is spending $4.8 million to finance a precedent-setting road-building team that will include psychologists, political scientists, economists and sociologists.

According to Transportation Secretary Alan S. Boyd, who nounced the project during the weekend, the team will bring to bear on a problem "all of the environmental skills available . . . on the design of a highway from the very beginning."

'M' Grads Meet

ANN ARBOR (AP)—The annual Alumni Society Conference for the University of Michigan Medical Center will be held Oct. 5-7 in Ann Arbor.

Wake Up Your PERISTALSIS And Be Your SMILING BEST

Peristalsis is the muscular action of your digestive system. When peristaltic action slows down, waste materials can build up in the lower tract. You can become irregular, uncomfortable, stuffed.

The unique laxative formula of today's Carter's Pills gives effective, temporary relief of the irregularity by activating the slowed-down muscles of the lower tract and stimulating peristalsis.

So if you're sluggish due to irregularity, take Carter's Pills to wake up your peristalsis and you'll bounce back to your smiling best.

Millions of satisfied users take Carter's Pills for effective temporary relief of irregularity. Why don't you. 49¢

U.S. Drops Warning Leaflets on Viet Frontier

SAIGON (AP) — As the blasting back and forth across South Vietnam's northern frontier went into its third week, U.S. planes dropped leaflets urging North Vietnamese villagers to join the South, officials said today.

In an unprecedented move, some 240,000 leaflets were dropped in a village just above the border warning of "the terrible rain of death and destruction" caused by B52 bombing attacks in the area.

★ ★ ★

Meanwhile, Gen. William R. Westmoreland, the U.S. commander in Vietnam, said because of allied victories over the last two years, "We are now in a position from which the picture of ultimate military success may be viewed with increasing clarity."

★ ★ ★

He told South Korean troops in Saigon the allies "have taken tremendous strides toward military victory over the past two years."

OUTPOST BOMBARDED

In the border battle, Communist gunners fired more than 300 rounds today at Con Thien, a U.S. Marine outpost just 2½ miles below the demilitarized zone. Marine commanders refuse to give up the post, saying it holds a commanding position overlooking Communist infiltration routes down from the DMZ, where North Vietnam reportedly has perhaps 35,000 troops.

★ ★ ★

The B52s mentioned in the leaflets have been trying to take the Communist pressure off on Thien.

One leaflet told the North Vietnamese: "These aircraft will come back to give quick death. You all do not have much time to make another choice.

★ ★ ★

"Follow the example of the 34,000 citizens (in South Vietnam) that have used the safe conduct pass and returned to a better life full of peace; or stay here for death, heartbreak, and sudden danger."

HEAVY STRIKES

The eight-engine B52 Stratofortresses struck twice Sunday night and again today at Communist gun positions buried inside the DMZ. The bombers now have flown 79 strikes since mid-August in support of Con Thien and nearby outposts, unloading perhaps 12 million pounds of bombs.

★ ★ ★

Associated Press Correspondent Edwin Q. White, with the Marines at Con Thein, reported that Marine casualties from today's shelling, although not officially disclosed, were relatively light.

★ ★ ★

White said this apparently was because the barrage came in the early morning when the Marines were still in their muddy bunkers and foxholes and not moving about the three small hills that make up the Con Thien base.

Con Thien and another Marine outpost, Camp Carroll, were hit with about 125 rounds of artillery and rocket fire Sunday that left four Marines dead and 48 wounded, the U.S. Command said.

MARINE CASUALTIES

The Marines have suffered, by unofficial count, 61 dead and 785 wounded since Sept. 1 in shellings of the outposts. Most of the casualties have been taken at Con Thien. The Communists reportedly have about 100 artillery pieces aimed at the American positions.

★ ★ ★

Marine officers claim that the B52 strikes, plus raids by tactical fighter bombers, 6,000 rounds of preplanned artillery strikes each day, and naval offshore bombardments have inflicted heavy losses on the North Vietnamese.

★ ★ ★

In tactical fighter-bomber strikes Sunday, Marine pilots raked weapons positions and lines of communication in and north of the DMZ in 23 missions. There was no bomb damage assessment available.

Boy Thinks of Pony in Time of Crisis

SAN PATRICIO, Tex. (UPI) —When you're 5 years old and you are the only boy in town who owns a pony, you're going to make sure nothing happens to that pony when the town is hit by floods.

Jesse Gomez is 5, standing only 3-feet-1, and weighing only 40 pounds — but he sits mighty high in the saddle of the Shetland pony his father, Jose, bought him.

Gomez lives in a four-room, dilapidated house behind the general store in this historic old Nueces River town, but a year ago he spent $30 to buy the pony for his oldest son.

When the river, fed by the rains that accompanied Hurricane Beulah, began rising Saturday, Jesse began to worry about his prize possession.

★ ★ ★

So his father strapped a saddle on the pony and Jesse rode it three miles to higher ground on a farm.

FIRST THINGS FIRST

Jose and his three brothers farm on Bob Weameyer's 1,400 acres of cotton and maize land.

When Jesse, his father and the pony arrived at the farm, the dirty-faced little boy thought first of his horse.

He led the pony to the tallest grass beside the house and left it there to eat.

★ ★ ★

The pony munched contentedly while farmer Jack Baucom's four children, just a bit down the road, played in a rowboat in their flooded front yard.

250 Feared Dead in River Mishap

KARACHI, Pakistan (AP) — About 250 persons are missing, feared drowned, after a river motor launch capsized near Naris, said unconfirmed reports reaching Karachi.

The reports said about 400 persons were on the launch, bound for Madaripur from Dacca Friday, when the craft capsized.

No further details were immediately available.

Current Books

THE LIEUTENANT by Andre Dubus (The Dial Press, $3.95): A military story in which the war takes place first among enlisted men down in the barracks and then among officers deciding what to do about it.

It is Dubus' first novel and neatly written and short and, as should be said here and now, shows great promise.

This book, unfortunately, is what the British call a nasty piece of work.

The characters are awesome in their unpleasantness.

No thinking Marine will enjoy the book. It is a tale of those Marines who still carry swagger sticks. "The Lieutenant" is liable to be punishment for anyone who does not carry the stick.

TALES FROM THE BAGEL LANCERS by Gerry Blumenfeld (World $3.50): Here is a fine collection of Jewish jokes that goes a long way toward defining a sense of humor that continually pokes reality in the eye.

The anecdotes, hundreds of them, stretch from the Israelis' struggle, to polished old chestnuts of vaudville and mirror a viewpoint that is sometimes optimism peering from behind despair and sometimes pessimism trapped by success.

Subtitled **Everyman's Book of Jewish Humor**, this slender volume underlines the self-generated laughter behind good ethnic pokes, especially those of a people who continually kid their own stereotypes.

SO WHERE ARE ALL THE MICE? — This kitten pokes its head from some electrical conduit stacked at the construction site of the new federal building in Fargo, N.D. There just don't seem to be any mice in all those likely looking tubes.

Boston Primary in Mayor Race Tomorrow

BOSTON (AP) The school committeewoman who has opposed school desegregation programs and been the top vote getter in the last two Boston elections gives her political strength a new test Tuesday in the primary election that will narrow the 10-candidate field for mayor.

Also bidding for one of the two runoff spots in the nonpartisan contest are a political newcomer who directed Boston's redevelopment program and the secretary of state who topped the Democratic ticket in the last state elections.

Incumbent Mayor John F. Collins is not seeking election to a third four-year term.

School committeewoman Louise Day Hicks, 48, has not openly stressed the school segregation issues that have brought her widespread attention, but said instead that she was running on her record.

Edward J. Logue, 47, former redevelopment director in New Haven, Conn., who came to direct the Boston Redevelopment Authority in Collins' drove for a "New Boston," has been avoiding the racial issue.

Logue has stressed his experience in handling big city problems. He told a rally, Sunday that he knows best how to obtain federal funds that would stabilize the tax rate.

Kevin H. White, 37, a Boston resident now in his seventh year as secretary of state, charged during the weekend that he was the object of a "cheap piece of political propaganda — deliberately designed to exploit racial tensions" in white neighborhoods.

* * *

He said flyers prepared by anonymous sources, who attempted to make them appear to have been issued by his office, contain promises that White would "balance the population" with pocket housing projects for Negroes in white sections.

Top Volume Hit

Movement of bulk cargo in the Great Lakes reached a record high last year— a total volume of 210,127,881 net tons during the 1966 shipping season.

Hearst Panel Slates Aid Competition

SAN FRANCISCO (UPI) — Scholarships and grants in the William Randolph Hearst Foundation's journalism awards program have been increased to $50,000 this year.

* * *

The announcement was made Saturday by William Randolph Hearst Jr., trustee for the foundation, chairman of the board of the Hearst Corporation and editor-in-chief of Hearst Newspapers.

Hearst said more than 7,000 undergraduate students throughout the nation will be eligible for the competition. It is open to students majoring in journalism at the 53 colleges and universities which make up the American Association of Schools and departments of journalism.

The foundation has given nearly $300,000 in awards to journalism students and schools of journalism in the United States in the past seven years.

Through the coming school year, there will be six monthly categories — general newswriting, spot news, editorials, features and investigative and or interpretive reporting.

SCHOLARSHIP COMPETITION

Hearst said students deemed eligible by their entries in the monthly contests may compete for the three top national scholarships at the end of the school year. Also, the 10 schools whose students score highest in the over-all competition will be awarded foundation medallions.

Acting as judges for the eighth year will be Roger Tatarian, vice president and editor of United Press International, and Hubbard Keavy, executive representative of the Associated Press.

The third judge this year will be George Beebe, senior managing editor of the Miami Herald. Serving again as honorary judge will be William B. Ruggles, editor emeritus of the Dallas News.

* * *

The program will be supervised by Randolph A. Hearst, foundation trustee, and will be directed by Ira P. Walsh. Headquarters for the journalism awards program is 1018 Hearst Building, San Francisco, Calif. 94103.

Dear Parent: Only YOU can see that your child has Piano Lessons this Fall!

Grinnell "Lyric" console in 4 finishes

How many times have you heard people say: "I'd give anything if I could play the piano!" Children can't judge what music will mean to them in adult life. Only YOU can see that they don't miss out. Scouts Get Own Ghost Town

LEWISTOWN, Mont. (AP) — About 500 boys have been given their own chunk of the Old West—a crumbling ghost town in Montana's North Moccasin Mountains.

Lewistown resident Glenn Morton, who for years had been buying portions of an abandoned town site in hopes of preserving it, first offered half of the original community of Kendall, north of Lewistown, to the state of Montana. When Montana officials declined his offer, Morton found an enthusiastic recipient in the North-Central Montana Council of the Boy Scouts of America.

★ ★ ★

The town is about to return to life. Wielding most of the tools the city's pioneer settlers used to search for gold, the youths will attack the dormant town, cleaning streets, resetting foundations, oiling doors and splashing a new coat of paint over cracked lumber.

"The boys aren't the only ones excited about the town," said Beryl Morris, Great Falls scout executive. "I think the prospect of owning a ghost town has revealed some of the 'boy at heart' among us adults."

Morris said plans for the area will be aimed at preserving its historical significance. "The boys will turn each of the old streets into trails with the same names they had when Kendall was a booming community," he said.

Right now Kendall is asleep. But the fever that drew 1,400 prospectors and their families, and the disillusionment that caused them to vacate the town are still there. The old feelings are still hidden in the depths of a concrete bank vault which was emptied of its last gold shipment when paydirt began to run scarce just after the turn of the century.

★ ★ ★

The air is still clean, and there is still enough gold dust left in the soil for interesting, if not profitable, days with a gold pan.

These ingredients combine into a magnet which already has begun to cause probably as much excitement among the scouts as did the gold that lured Kendall's original settlers.

★ ★ ★

Morton, assured that his town now is in good hands, asks only that none of the stone ruins be torn down or dismantled. Retired, he is content to relax and watch a church become once more a church; to watch the city wells cleaned and once again yielding cold pure water, and most of all, to watch 500 boys bring youth to a city that was dying of old age.

Car Thief Gets His Term

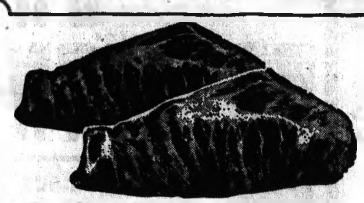

SUDBURY, Ont. (AP) — Lorrie Vilneau, a 20-year-old New Brunswicker, pleaded guilty to stealing a car and was sentenced to one year on an industrial farm.

He asked Magistrate W. F. Woodliffe to send him instead to a federal penitentiary, where the minimum term is two years. Calling it "very unusual," Mr. Woodliffe obliged.

Disputes Reach Court in Many States

Teen Dress Rising School Problem

By United Press International

In dozens of schools across the nation this fall the No. 1 problem faced by school administrators is neither teacher walkouts nor new math.

It's skirts on girls and hair on boys, and the question of which shall be how long on whom.

A survey by UPI revealed that in several states the problem has gone as far as the courts. In other states, school boards are being forced to ponder the question of how far above the knee is too far and how much below the ear is too long.

Only one state reported school authorities' views in harmony with the long-hair fashion attitudes of some boys. The New Jersey Board of Education, in an unanimous ruling, declared that local boards may not interfere with boys' hairstyles.

The state board recalled that at one time in the country's history, generals, presidents even school board members—wore their hair at shoulder length.

The board said it did not want to put itself in the position of declaring that it could not happen again.

Not so in Colorado, where a court fight is in progress over whether students may be sent home for violating dress and haircut regulations.

Leading the fight for liberal styles is the Colorado branch of the American Civil Liberties Union (ACLU) whose chairman, Royce Forsyth, said the suspended students were "pushouts," not dropouts.

Another ACLU official said dress is a "form of self-expression and putting undue restrictions on it creates "an inhibiting atmosphere which is not conducive to the assertion of new or different opinions."

PRIZE FOR QUANTITY

Involved in the Colorado case are several girls sent home for wearing miniskirts, a boy kept out of class for having long hair, and a youth sent home when he arrived at school wearing knee-high Indian moccasins.

If the lad in the long squaw boots deserves the prize for imagination the prize for quantity should go to Orange County, Calif. On the first day of school about 600 girls were sent home from several high schools in the county for wearing miniskirts.

The rules established by school authorities usually specify that hemlines must reach the top of girls' knees.

Frozen Valves Help Ill Hearts

By Science Service

ATLANTA — Frozen heart valves taken from cadavers and calves may soon replace plastic valves in open heart surgery.

Dr. John W. Kirkland of the University of Alabama Medical Center, Birmingham, one of the leading heart surgeons in the United States, has successfully transplanted frozen valves to 50 patients. He told the Georgia Heart Association meeting here that frozen heart valves from humans and calves now are available to specialists.

The advantage of the frozen valves over plastic ones is that they virtually eliminate problems of blood clotting which occur after heart surgery in 10 to 40 per cent of cases.

The human body apparently does not recognize the frozen valves as foreign bodies and therefore does not launch an immunological attack against them. One of the major obstacles in transplanting other organs, such as kidneys, is that the body will not tolerate them.

REFRIGERATORS

WHIRLPOOL — Chest freezer, Large family size, holds 350 pounds, magnetic lid, all porcelain interior New but has slight chip JUST $137

ADMIRAL — 20 cubic foot duplex refrigerator, side by side, white only, extra large ice cube capacity dual butter and cheese compartment. Reduced to NOW $345

HOTPOINT — 14 cubic foot, 2-door deluxe refrigerator in coppertone all frost free, on wheels, sliding shelves, extra large storage in door NOW $198

HOTPOINT — 17 cubic foot 2-door refrigerator with dual controls and completely frost free, was $319.95 NOW $247

KELVINATOR — 15 cubic foot refrigerator, bottom freezer, 160 lbs. auto defrost, sliding shelves, butter and cheese keeper, was $329.00 NOW $229

KELVINATOR — 14-cubic foot, 2-door, frost free refrigerator, extra large vegetable crisper, 3 triple chrome shelves, beautiful avocado, But slightly crate marred. Was $250 NOW $198

WESTINGHOUSE — Super deluxe 14½ cubic foot refrigerator with 7-day meat keeper, extra large lower compartment, all frost free. Was $295 NOW $239

WHIRLPOOL — 14½ cubic foot frost free, 2-door refrigerator, 2 deluxe crispers, egg rack, sliding shelves, dual temp controls, yes we mean it! ONLY $199

HOTPOINT — 17 cubic foot, frost free refrigerator, deluxe butter keeper, sliding shelves NOW $249

MISCELLANEOUS

WHIRLPOOL — Dehumidifiers, one of comfort, 16 pint capacity in 24 hours, regularly $99.00 NOW $59

HOOVER — Floor Polisher, Floor sample, dual brushes and snap-on switch. CHANGE $14.95

WASHERS

WHIRLPOOL — Large 14-pound Automatic Washer, 4 cycle, 2 speed, triple water control with porcelain tub. Was $239.95 NOW $189

WESTINGHOUSE — 14-pound heavy duty automatic washer with automatic water level control, with large lint filter NOW $159

NORGE — Large 16-pound Automatic Washer, 2-speed, 3-cycle, plus water level control with deluxe lint filter. Was $219.00 NOW $185

HOTPOINT — 12-pound all porcelain Automatic Washer, Extra large agitator, heavy duty motor, with automatic shut-off. Originally $199 NOW $139

NORGE — Wringer Washer, Has deluxe bell-ator rolls, all chrome drain board, large lint filter. Was $149.95 NOW $115

HOTPOINT — 4-speed super deluxe Automatic Washer, with suds saver, Cabinet has small chip on side. Regularly $269.95 NOW $179

KELVINATOR — Automatic Washer, 6-cycle, 2-speed, 6 washer temperature controls, large lint filter, all porcelain top NOW $158

WHIRLPOOL — Wringer Washer, Extra large capacity, heavy duty motor, easy roll around casters, separate on and off switch control. FREE $68

DRYERS, GAS AND ELEC.

KELVINATOR — Electric Dryer, extra large capacity, has temperature control, large lint filter Was $169. NOW $119

WHIRLPOOL — Electric Dryer. Satin smooth drum, extra large capacity. Just NOW $109

MAYTAG — Gas Dryer in white only 3-way vent. Reduced to NOW $69

WESTINGHOUSE — Heavy Duty Electric Dryer, Automatic shut-off, dual temperature control, Reduced to NOW $138

WHIRLPOOL — 4-Cycle, Gas Dryer, Triple tumbler drum, large lint filter, A real steal NOW $139

NORGE — Gas Dryer, Has hamper door, 4 temperature controls, Will sacrifice at NOW $139

STEREO—HI-FI

ADMIRAL — Walnut stereo, 6½ foot long, has record compartment, AM-FM stereo radio, 4-speed deluxe changer, 6 speakers, Was $299 NOW $189

ZBX — 8 Speaker Combination has diamond stylus jacks for extended speaker, contemporary cabinet. Was 449.00 NOW $299

ZENITH — 1968 combination, with a deluxe 4 speed changer, AM-FM stereo radio, contemporary cabinet has a slight scratch NOW $199

RCA — Stereo with rollaround walnut cabinet, 4-speed changer, stainless steel turn table. NOW $128

ADMIRAL — Stereo combination with 6 speakers, fruit wood cabinet, Italian Provincial, AM-FM stereo radio, record storage compartment NOW $188

RCA — Stereo Combination, Maple Cabinet, life long styles, 4-speed changer, full stereo radio both AM-FM units NOW $210

ADMIRAL — Stereo, 6 foot long Danish Walnut cabinet, with 8 speakers, 2 horns, 250 watt output, a real show piece, regularly $599.95 NOW $389

BLACK AND WHITE TV'S

ADMIRAL — 23-inch black and white TV, 2 speakers, deluxe long walnut cabinet with a built-in antenna, all channels, a gift at $159

ADMIRAL — 13-inch Portable TV, charcoal compact case with durable handle, only 18 lbs. All channels Regularly $99.00 NOW $69

ZENITH — 19-inch, two tone, portable TV, 20,000 volts. In factory crates, two only. Heavy duty carrying handle JUST $119.88

ADMIRAL — 19-inch portable TV, all top controls, with non-glare screen, shielded tube. Never again at this price NOW $89

RCA — Large Screen Portable TV, built-in handle, chrome dipole, all channel, suitcase styling. NOW $98

ZENITH — Large size screen portable TV, all channels, all front tuning controls. Now but floor sample, 2 only NOW $95

ZENITH — 23-inch VHF TV. Black and white in beautiful walnut cabinet. A repo. but in good operating order. Will sacrifice at NOW $99

ZENITH — 23-inch VHF remote table model. Black and white. Crate damaged. Good buy at NOW $95

ADMIRAL — 23-inch Black and White Console two-buy contemporary. Contemporary cabinet, illuminated channel selector, all channel NOW $158

RANGES, GAS AND ELEC.

FAMOUS BRAND — 30-inch deluxe gas range, giant size oven with glass window in door, clock brick panel, choice copper, white, avocado JUST $119

WHIRLPOOL — 30-inch deluxe electric range, with a clock and automatic timer and oven off and on, a real steal at NOW $139

TAPPAN — 30-inch Eye Level Deluxe Electric Range, Coppertone, Base Marred But Useable, Fully Automatic throughout, small appliance outlet NOW $198

TOP BRAND — 4-burner gas range with extra large oven. White only, has slide-out broiler, easy clean oven NOW $69

HOTPOINT — 30-inch electric range, top panel controls, extra large oven, extra fast burners, snap action switches ONLY $138

HARDWICK — 30" gas range in gleaming white porcelain. Banquet size oven. Was $139.95 NOW $98

Detroit's Ball Control Strategy Errorless Against Browns, 31-14

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Head coach Joe Schmidt of the Detroit Lions sounded like a broken record repeating the words to a happy tune.

The reason was the Lions' offense which was errorless in whipping the Cleveland Browns 31-14 before 57,383 Tiger Stadium fans.

"This was the greatest offensive display in a long, long time," said Schmidt, "Milt Plum's field direction was just outstanding."

It's been a long time since the Lions' defensive unit had to concede the victory honors to the offensive unit, and coming from an old defensive all-pro like Schmidt, plus the praises from defensive stars as Alex Karras, Dick LeBeau, Wayne Walker among others, the tribute to the offense was significatnt in at least important respect.

"It shows that we are playing as a team," said Schmidt, "the offensive line was tremendous and how much can you say for Farr, Watkins, Plum and the receivers and even the big plays of our defense."

The Lions did it with the same strategy they employed at Green Bay. They did it with ball control throughout the second half, getting the key third downs and yet stopping the Browns' on two big interceptions by rookie Lem Barney and the big rush of Karras and Jerry Rush on quarterback Frank Ryan.

WATKINS' BEST DAY

Watkins, who came into the runing spot for Amos Marsh after Marsh had suffered a concussion, had the greatest running day of his career, picking up 115 yards in 24 carries.

Farr, playing with a broken nose and a muscle pull in the leg, had another spectacular day with his big gainers running and receiving.

The Lions amassed 461 total net yards with 29 first downs and they did it with 79 offensive plays to only 45 for the Browns.

Cleveland, which has never won a regular season game in Detroit, scored in the opening minutes of the game after Ben Davis returned a punt 51 yards to the Detroit 14.

Two plays later Leroy Kelly went four yards and Lou Groza added the point.

The Lions were kept in bad field position through most of the first half. A 33 yard field goal by Garo Yepremian made it 7-3 after one period.

KELLY SPARKS BROWNS

Kelly and Ernie Green had all of the Browns' rushing yardage of 191 yards. Kelly was fantastic as he picked up 141 yards in 16 tries, but in the first period he had a fumble after a 24 yard gain, which was recovered by Dick LeBeau on the one.

* * *

In the second quarter Ryan passed perfectly to Paul Warfield for a 42 yard touchdown to give Cleveland a 14-3 lead.

After the ensuing kickoff from the Detroit 45, because of a 15 yard penalty on the touchdown, the Lions had a second down on their own eight. Plum hit Farr on a short flare but the shifty rookie from UCLA eluded tacklers for a key 24 yard gain.

The drive then continued 80 yards without a third down play. The 14 plays to score were either first or second down plays and Watkins went wide for the final four yards to make it 14-10 as Garo converted.

Cleveland marched back after a 41 yard run by Kelly, but the Browns muffed a golden scoring opportunity.

BROWNS FAIL

With fourth down on the Lions 22 and one yard to go, Cleveland decided to go for the yard with 44 seconds in the half calling Groza back to the sidelines as he started onto the field.

At the snap of the ball, the crowd roared as the Browns' were obviously in motion and Kelly was stopped for no gain by Karras, Rush, Lucci and Maher.

Naturally, the Lions declined the penalty and took over with 29 seconds left.

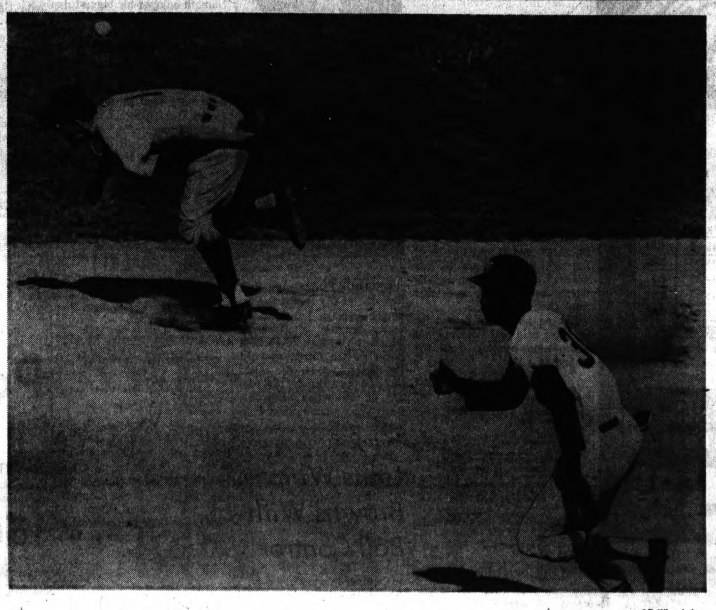

* * *

In the second half, the Lions gave an unbelievable display of ball control.

The first drive in the third period went 87 yards in 13 plays and took up 7 minutes and 20 seconds, with Plum passing short to Farr for the go-ahead touchdown, 17-14.

Bill Malinchak's 32 yard pass gainer was the key play in the series.

TROUBLES FOR TIGERS — Detroit shortstop Ray Oyler (left) can't cut off single to left field by Washington's Paul Casanova in the ninth inning. Baserunner Frank Coggins (right) streaks toward third base and he kept going to cut the Tigers' lead to 4-3. Senators continued the rally and handed the Bengals a costly 5-4 loss that dropped the Detroiters into fourth place with six games to play in the American League race.

Senators Rally as Relievers Fail Bengals

WASHINGTON (AP) — When the Detroit Tigers look back on the 1967 pennant and think what might have been, they can consider Sunday's game with Washington.

For all their power, the Tigers left 11 men stranded, the bullpen fell down and Washington scored three runs in the last of the ninth to win, 5-4.

* * *

The loss knocked Detroit back to fourth place, one and a half games out, as the Tigers headed for New York.

Detroit was leading 4-2 going into the ninth. Mike Epstein cracked a single off Norm Cash's glove. Frank Coggins beat out an infield hit. Ken McMullen bunted into a forceout at third.

But Paul Casanova cracked a single to left and Coggins scored. That was all for Tiger relief pitcher Fred Lasher. John Hiller came in to face Cap Peterson, who lined to Jim Northrup.

But with two down, Doug Camilli singled to right, scoring McMullen. With the score tied, Fred Valentine slugged a single to left and the nightmare ended in a Washington victory.

The Tigers weren't in a talking mood as they glumly packed.

"I thought about taking Hiller out when he was to pitch to Camilli, but I left him in because I knew Gil Hodges, Washington manager would make a switch if I brought in Fred Gladding. Under the circumstances, I would rather have Hiller in the game," said Tiger Manager Mayo Smith.

SAME STORY

He said, "It's the same old story. We just left men on base."

Hodges put in one good word, however, "I don't think Detroit's out of it yet. This loss hurt them but they still have a fighting chance."

Washington scored first when Frank Howard cracked his 30th home run off Joe Sparma, the Tiger starter, in the third inning.

Detroit tied it in the fourth on Eddie Mathews' sixth homer.

The Tigers got three more in the seventh. Jerry Lumpe banged his fourth homer. Al Kaline and Willie Horton singled and Mickey Stanley ran for Horton.

* * *

Mathews singled, scoring Kaline. Jim Northrup walked the bases full. Bill Freehan hit into a forceout and Stanley scored on the play. Don Wert hit into another forceout to end the inning.

Washington got one back in the seventh. Sparma walked two men and Lasher relieved him. Dick McAuliffe booted a grounder to load the bases. Tim Cullen hit into a double play that brought a run in.

But the story of the game is in the men left on, the lack of a timely hit. Detroit rapped 12 hits.

Willie Horton opened the second inning with a triple, but died there as Mathews grounded out and Northrup and Freehan popped out.

Detroit left two on in the third when Kaline flied out with two on.

In the fourth, Northrup walked and Freehan singled, but Wert hit into a double play and ended the inning.

In the fifth, Dick McAuliffe and Kaline both singled, but Horton hit into a forceout.

In the sixth Mathews led with a single and a walk put another man on base, but Sparma struck out for the third out.

Kaline grounded out with a man on in the eighth.

Chance Wins 20th; Twins Cling to Lead

AP Wirephoto

UNNECESSARY COVERAGE — Four Cleveland Browns converge in a veritable umbrella pass defense on Detroit Lion receiver Bill Malinchak (81) during Sunday's National Football League clash at Tiger Stadium. Johnny Brewer (83), Mike Howell (34), Dale Lindsey (51) plus an unidentified defender (next to Lindsey) move up but the pass was overthrown. The Lions won, 31-14.

Red Sox Belt Baltimore, 11-7

MINNEAPOLIS-ST. PAUL (AP) — Bob Allison crashed a three-run homer and Harmon Killebrew hit his 41st of the season, powering Dean Chance to his 20th victory as the Minnesota Twins clung to the American League lead Sunday with a 9-4 triumph over the New York Yankees.

Minnesota wrapped it up early, teeing off on Yank starter Steve Barber, 10-18 for seven runs in the first two innings.

BALTIMORE (AP)— Dalton Jones knocked in five runs as the tenacious Boston Red Sox ripped the Baltimore Orioles 11-7 Sunday and kept pace in the four-team battle for the American League pennant.

Jim Lonborg, expected to start two of Boston's four remaining games, was replaced after hurling a two-hit shutout through six innings and received credit for his 21st victory against eight defeats.

Jones, an infrequent starter in the Boston infield, tripled home two runs in the first inning, singled with the bases loaded for two more in the fourth and drilled a run-scoring double in the four-run ninth.

Miss Bardahl Speeds to $4,000 Top Prize at San Diego Races

SAN DIEGO, Calif. (AP) — Bill Schumacher pushed the pedals of Miss Bardahl to the floor Sunday at the San Diego Cup unlimited hydroplane races to come away with his sixth victory of the season.

Schumacher, already the winner of his first national championship, pulled down $4,000 top prize money in the $25,000 purse by beating Parco's O-Ring Miss of Los Angeles, driven by Fred Alter of Detroit.

* * *

Miss Bardahl and Schumacher are both from Seattle, Wash.

Third place went to Miss U. S. with Bill Muncey at the controls, both also from Seattle.

Parco's O-Ring Miss and Miss U. S. tied on points with 1,025 each, to 1,100 for Miss Bardahl, but Parco's O-Ring Miss took second on the basis of elapsed time.

With Schumacher pressing all the way, Miss Bardahl broke the speed record for a 15-mile heat with a recorded 107.784 miles an hour.

Emerson Net Winner

LOS ANGELES (AP) — Roy Emerson of Australia defeated Marty Riessen of Evanston, Ill. 12-14, 6-3 and 6-4 Sunday afternoon in winning the men's singles title in the Pacific Southwest Tennis Championships.

Billie Jean King of Long Beach, Calif., won handily over San Francisco's Rosemary Casals, 6-0, 6-4, taking the women's division title.

Chicago Trips Tribe, 3-1

White Sox Relievers Shine

CLEVELAND (AP) — Don McMahon pitched five innings of perfect relief but needed eighth inning help from Gary Peters and Bobby Locker to preserve Chicago's 3-1 victory over Cleveland Sunday.

The victory kept the White Sox one game back of first place Minnesota in the American League pennant race. The Twins defeated New York Sunday. Chicago hopped into third place, one-half game in front of Detroit which lost to Washington.

McMahon was relieved by Peters after Richie Scheinblum led off the eighth with a double and Joe Azcue followed with a double, scoring Scheinblum.

Peters pitched to only one batter, retiring pinch-hitter Tony Horton on a long fly to left field. He was followed to the mound by Bob Locker, who got the last two outs of the inning.

McMahon replaced starter Cisco Carlos in the third inning with two runners on base and none out and retired 14 straight batters in gaining his sixth victory in eight decisions.

BEST FOOT FORWARD — New York Yankees' Mike Hegan slides into third base with a triple in the eighth inning against the Minnesota Twins yesterday. He later scored on a single by Joe Pepitone. Twins won, 9-4.

Howe's Goal Gives Wings 3-2 Victory

HAMILTON, Ont. (AP) — Veteran Gordie Howe, playing center instead of his usual position at right wing, scored the winning goal with 1:08 left in the game as the Detroit Red Wings defeated the Boston Bruins 3-2 Sunday night in a National Hockey League exhibition game.

Left wing Dean Prentice and right wing Floyd Smith scored the other Detroit goals. Ken Hodge and Ross Lonsberry scored for Boston.

Roger Crozier, the Wings' regular goalie, held the Bruins scoreless during the first period and the first half of the second period. The Bruins scored twice after George Gardner replaced Crozier.

The game was the Red Wing's second for the season. Last Thursday they tied the Toronto Maple Leafs 2-2. The Wings' next exhibition game is Thursday against Boston in London, Ont., and they open their regular season in Boston Oct. 11.

7 Field Goals Beat Steelers, 28-14

NFL Record Set by Bakken

Cardinals, Dallas Win East Division Games

AP Wirephoto

RECORD FORM—Jim Bakken (25) of the St. Louis Cardinals displays the form he used yesterday afternoon in Pittsburgh to kick seven field goals as the Cards whipped the Steelers, 28-14. The seven three-pointers broke the record of six set by Detroit's Garo Yepremian against Minnesota last season.

PITTSBURGH (AP) — Jim Bakken's seven field goals set a National Football League record Sunday as his St. Louis Cardinals capitalized on Pittsburgh mistakes to upset the stumbling Steelers 28-14.

The Cardinals converted three interceptions and a fumble recovery into 16 points and kept the Steelers off balance with an assortment of blitzing defenses.

★ ★ ★

Bakken's kicks of 18, 24, 33, 29, 32, 24, and 23 yards bettered the NFL record of six set last season by Garo Yepremian, Detroit's soccer-style specialist from Cyprus.

Bakken also set a record for the most field goal attempts in a game—nine—missing from the 50 and 45.

	Cards	Steelers

DALLAS, Tex. (AP) — Don Meredith passed for four touchdowns Sunday as Dallas crushed the New York Giants, 38-24, to remain undefeated in the National Football League.

★ ★ ★

Meredith was never sharper as he completed 17 of 26 passes for 243 yards and added some timely running with the ball before a crowd of 66,209 in the Cotton Bowl.

The Dallas defense was working like a well-oiled machine, holding Giants quarterback Fran Tarkenton, well in check. He had only one touchdown toss—a 52-yarder to Homer Jones.

★ ★ ★

Dallas intercepted three New York passes, Mel Renfro taking two of them at crucial spots and Dave Edwards the other.

New York jumped to a 10-0 lead on a 38-yard field goal by Les Murdock and the swing pass for 52 yards to Jones.

Namath's Biggest Day Leads Jets' 38-24 Win

DENVER, Colo. (AP) — Joe Namath enjoyed his biggest day as a professional quarterback, passing the New York Jets to a 38-24 comeback victory over the Denver Broncos in an American Football League game.

It was one of the finest performances seen in these parts as the $400,000 bonus star from Alabama engineered the Jet's winning second-half drive after they were down 24-7 in the second period.

Namath completed 22 of 37 passes for 409 yards.

SAN DIEGO, Calif. (AP)—A leaping catch by Lance Alworth in the fourth quarter on a play covering 44 yards clinched victory for San Diego Chargers over the Houston Oilers 13-3 Sunday for their second straight victory of the American Football League season.

Before Alworth's catch of a John Hadl pass, the Chargers held a slim 6-3 advantage gained on a pair of field goals by Dick Van Rwaphorst, one in the first period for 14 yards and the second in the second quarter for 42 yards.

★ ★ ★

Houston averted a shutout when John Wittenborn kicked a 31-yard field goal in the second quarter.

CLOSE QUARTERS — Richard Jackson (87) of the Denver Broncos puts the squeeze on New York Jets' quarterback Joe Namath during their game in Denver yesterday. Despite the rush, Namath got the pass away but it fell incomplete. The Jets posted a 38-24 win before a sellout crowd of 35,565.

Lions Whip Browns With Ball Control

(Continued from Page C-1)

The Browns came back following the kickoff to the Detroit 39 when Ryan passed to Eppie Barney, but the Lions' Lem Barney made a spectacular over head interception on the 11 yard line and ran it back to the 35.

This started the Lions on their next drive and again Malinchak caught a key 21 yard pass in the series. Watkins hit for the final four yards on the second play of the fourth quarter to make it 24-14.

With 10:27 left, the Lions again were back on their own 13 after a Cleveland punt. But, once again with perfect ball control using up 8½ minutes in 15 plays, Tom Nowatzke hit the final yards to score.

Country Day Drops Squeaker, 20-19

Detroit Country Day's passing game earned three touchdowns for the Yellow Jackets Saturday morning but their running attack couldn't punch over the conversions and they lost a 20-19 verdict to Morgan Park of Chicago.

Country Day rallied from 13-0 and 20-7 disadvantages as Steve Tarczy took screen passes from Jack Zwemer for 15 and 32-yard touchdowns. Mike Ross caught a 25-yard scoring aerial with 1½ minutes to go but the tying conversion run was stopped.

The host Yellow Jackets had one more chance as Morgan Park fumbled away the pigskin at its 30, but three incompletions and a ball-handling mixup thwarted Country Day's final bid.

Irish Reigning as Hurl Champs

NEW YORK (UPI) — Kilkenny, the all-Ireland champion, won hurling's World Cup Sunday by beating the New York select 23-19, in overtime.

Claus Dunne led Kilkenny with nine points while Brendan Kelleher paced New York with six points.

Bills Shutout Chiefs Rout Miami, 24-0

MIAMI, Fla. (AP) — Len Dawson and Mike Garrett led Kansas City to an easy 24-0 victory over out-manned Miami Sunday as the Chiefs' defensive unit completely stymied the Dolphins.

★ ★ ★

Dawson threw touchdown passes to Garrett and to Otis Taylor who pulled in a 57-yard bomb in the fourth quarter.

Garrett, who spent the afternoon in the Miami secondary, was the Chiefs' workhorse. He gained 92 yards rushing in the first half and also caught Dawson's pass for a 34-yard touchdown.

BUFFALO, N.Y. (AP) — The aroused Boston Patriots handed the punchless Buffalo Bills their first shutout in 137 American Football League games Sunday as big Jim Nance led the Patriots to their initial win of the season, 23-0.

★ ★ ★

Nance, a 240-pound fullback from Syracuse, carried the ball 34 times for 185 yards, including three yards for Boston's first touchdown in the second period.

Packers Edge Chicago

Skins, 49ers Win

Falcons, Saints Outclassed

SAN FRANCISCO (AP)—The San Francisco 49ers drove from the opening kickoff to a touchdown Sunday and from there romped to an easy 38-7 victory over the outclassed Atlanta Falcons.

The aggressive 49er line gave quarterback John Brodie all the time he needed for passing, opened holes for big yardage rushes by Ken Willard and John David Crow, and repeatedly threw Falcon passer Randy Johnson for losses.

Brodie passed for two 49er touchdowns and Gary Lewis ran for two of the other three as San Francisco dominated both the air and ground games in winning their second straight National Football League game.

	Atlanta	San Fran
First downs	10	25

NEW ORLEANS, La. (AP) — The running of rookie Ray McDonald carried the Washington Redskins to a 30-10 victory over the New Orleans Saints Sunday in a National Football League game before 74,937.

The neophyte New Orleans team was never able to get its offense going. Gary Cuozzo replaced Bill Kilmer at quarterback in the second half but the Washington defense, led by the fierce playing of linebacker Sam Huff, thwarted the Saints repeatedly.

★ ★ ★

McDonald, the Skins No. 1 draft choice from Idaho, scored three of the Washington touchdowns. He gained 98 yards in 15 carries.

	Skins	Saints

BEAR TRAPPED — Chicago Bears' speedster Gale Sayers (40) tries to go around left end against Green Bay but waiting at the corner are Packers' Dave Robinson (89) and Herb Adderley (26) who held the play to a short gain. Packers won, 13-10.

Late FG Again at Green Bay; Unitas Sharp

GREEN BAY, Wis. (AP) — Don Chandler kicked a 46-yard field goal with 63 seconds left Sunday as the Green Bay Packers survived five pass interceptions and three fumbles and defeated the punchless Chicago Bears 13-10 in a National Football League game.

Chandler's clutch kick into the wind averted a second straight tie for the defending world champion Packers, hobbled by their own mistakes just as they were in their opener a week ago when they tied Detroit 17-17.

★ ★ ★

Minutes before the decisive Chandler boot, Gale Sayers had swept 13 yards for a touchdown that tied the score with 3½ minutes to play.

Packer quarterback Bart Starr, who threw four interceptions against the Lions in the opener, threw five more Sunday with three of them being picked off by Richie Pettibone.

Despite the interceptions and the fumbles, the Bears' offense could muster only Sayers' touchdown and a 22-yard field goal by Mac Percival in the third period.

★ ★ ★

In the second period, Jim Grabowski scored from the two after Danny Anderson set up the score with a 40-yard romp on a faked punt.

Chandler added a 26-yard field goal later in the period after a pass interference penalty gave the Packers a needed break at the Chicago 46.

	Bears	Packers

PHILADELPHIA (AP) — Johnny Unitas threw two touchdown passes to flanker Willie Richardson and boosted his lifetime passing yardage to over 30,000 as he directed the Baltimore Colts to a 38-6 victory over the Philadelphia Eagles Sunday in a National Football League game.

The Baltimore defense provided the 34-year-old Colts' quarterback with the ball as it intercepted four Philadelphia passes, two of them leading to touchdowns.

★ ★ ★

Baltimore also blocked a punt which set up its last TD.

The Eagles jumped to a 6-0 lead in the second period on a pair of field goals by Sam Baker, but then Unitas and Richardson took over.

Impressive Flint Northern Defeats PCH

Halfback Wallace Sparks Vikings in SVC Victory

By DON VOGEL

Pontiac Central's Chiefs went to football practice today with the realization that they were party to an awakening in the Saginaw Valley Conference.

Six other SVC schools now are taking notice of something that the Chiefs learned Saturday and Saginaw did the week before — Flint Northern is a leading contender for the championship.

★ ★ ★

The Vikings used a strong first half to pile up a 19-0 lead and then held off the surging Chiefs for a 25-7 victory. Fleet-footed wingback William Wallace scored all of Northern's points.

The big night, before 3,667 fans in Flint's Atwood Stadium, gives Wallace 43 points in two SVC games. He scored the others in the 42-14 rout of Saginaw.

Northern now leads the SVC with a 2-0 mark. Pontiac is 1-1.

The Chiefs, who play Bay City Handy at Wisner this Saturday, ran into trouble after taking the opening kickoff. On the first play from scrimmage they had only 10 players on the field and a penalty was called when six lined up on the ball instead of the required seven.

Then, on third down, quarterback Larry Froede dropped a pass into the hands of end Mike Shorters who had clear sailing when both Northern defenders with him fell down.

He dropped the ball.

★ ★ ★

Froede punted to the left side where Wallace was waiting. Wallace faked a handoff and cut laterally across the field to the opposite sideline where the Vikings had a lane of blockers set up. He turned the corner and raced 63 yards for a touchdown.

LONG MARCH

Late in the first quarter Northern started a drive on its 21. With Wallace and tailback Don Grigsby eating up the yardage, the Vikings moved to the Pontiac 28 where they had a fourth down and two.

On the second play of the second quarter, quarterback Henry Mozingo fired a pass to Wallace who caught the ball in the right flat, faked out two Central defenders, got a block from end Carl Miller at the five, and went in.

The Chiefs were completely thwarted in the first half by the experienced Northern line that appears to have been underrated in preseason outlooks.

Central failed to cross the midfield stripe in the first two quarters and was held to a total offense of 12 yards. Four of those yards were rushing. They lost 23 on a high pass from center to Froede who was back to punt.

This led to Northern's third touchdown that came with a second to play in the half. The Vikings took over on the Pontiac 28 and Mozingo hit Miller with a pass to the eight. But a pair of penalties around two incompletions pushed Northern back to the 30 where they had time for one play.

Mozingo fired to Wallace who had used his speed to get clear at the 15. He used a screen from one of the officials get past the last Central defender and then kicked the extra point.

★ ★ ★

The Chiefs, who discovered that Wallace and Grigsby couldn't be brought down with arm tackles, were a different team in the second half.

The tackling sharpened up considerably and Northern's running game was bottled up. The Vikings, with a big lead, helped by not passing until the closing minutes.

The Chiefs moved to the Northern 37 the first time they had the ball, but were stopped a foot short of a first down. The second time they marched 62 yards with a 22-yard sprint by Froede the key play.

Fullback Mark Payne pounded over from the four and Mike Prince converted.

The Chiefs had another chance early in the fourth quarter when Froede hit a screen pass that carried to the 20. But the play was called back by penalty.

Northern took over and went in to score. Reserve halfback Preston Henry ran 65 yards off tackle before being caught from behind on the 12 by Willie Ramsey. Wallace circled left end on the next play to complete the scoring.

BALLHAWKING TITANS — Tim Boyer, Pontiac Catholic halfback, had his hands on the football often in the Titans' initial conquest Sunday. The sophomore carried the ball 11 times for 147 yards, picked off two St. Rita passes and scored two touchdowns.

Waterford Our Lady Falls, 49-6

Catholic Loop Champ Rolls

By JERE CRAIG

Farmington Our Lady of Sorrows, the defending Northwest Catholic League gridiron champion, moved into a formidable contending position Sunday by thrashing Waterford Our Lady of Lakes, 49-6, at the WTHS field.

The victory boosted the Lancers into a share of the loop lead with Orchard Lake St. Mary and that tie should be dissolved next Sunday when the two leaders collide at Farmington.

St. Mary surprised St. Francis de Sales, 12-7, yesterday to become the only other unbeaten team in the league.

Sorrows completely outclassed WOLL by running through the Lakers' weak defense at will, and passing over it whenever necessary.

The Lancers scored on the fourth play of the game by springing lanky halfback Tim LaFond loose on a dive play that went 45 yards. It was the first of three scores for LaFond and set the pattern for the first half.

A safety by John VanDusen made it 8-0, and Mark Hartwig added another first-period six-pointer by breaking several tackles after taking Roy Lilley's punt, and going 55 yards following a key block by end Dennis Hug.

BAD BREAK

Following a fumble exchange that saw Waterford OLL drive to the Sorrows' three-yard-line before losing the pigskin, LaFond stepped over tackle and down the middle of the field for a 97-yard scoring jaunt — the longest from scrimmage by a county player this season.

Quarterback Mike Briolat joined the act by racing 66 yards on a keeper around left end. The Lakers then interrupted the scoring parade by the visitors with a 59-yard drive that featured four Jim Tracey-to-Dennis Haskins pass completions, the last one good for three yards and the only WOLL score.

Hartwig returned the ensuing kickoff 51 yards. A clipping penalty moved the ball back to the Waterford OLL 41, but the Lancers needed six plays to score. Mike Barnes covered the final 15 yards in four carries. Frank Barber's conversion run made it 36-6 at the intermission.

The point production slowed in the second half but the visitors poured it on with LaFond running 14 yards in the third quarter and Hartwig 8 in the fourth as coach Herb Coleman let the Lancers go for 50 points.

Soph Sparks Victory

The outstanding play of sophomore Tim Boyer sparked Pontiac Catholic to its first football win Sunday, a 36-19 romp over St. Rita at Hazel Park.

Boyer scored on an 18-yard run as the Titans took the opening kickoff and moved 65 yards to paydirt. The agile 150-pound halfback then set up the second six-pointer with a long run into St. Rita territory.

Jim Bentham, who saw limited duty due to a preseason injury, romped 24 yards to cap the 70-yard drive. PCHS's third running back Tom Walworth scored from the two after a Gary Roediger pass interception, and the winners led 18-0.

Dave Dalton's two-yard plunge and the conversion cut it to 18-7 at the half, but Boyer scampered 70 yards with a pass interception to start the Titans on another three-touchdown spree.

Quarterback John Guillean plunged two yards and hit Walworth with a 78-yard pass-and-run effort to climax the visitors' point production.

OLSM Scores 12-7 Win Over St. Francis

Orchard Lake St. Mary chalked up its second victory of the season by edging Detroit's St. Francis DeSales, 12-7 yesterday afternoon at Orchard Lake.

★ ★ ★

The Eaglets did all of their scoring in the second quarter when Dan Kowalski climaxed a 56 yard march with a two yard plunge. The try for point by passing failed.

Later in the quarter another 54 yard march ended with Pat Cyman skirting end for six yards and again the point failed.

Penalties kept both teams in a hole as 15 were called for a total of 162 yards.

★ ★ ★

St. Francis broke into the scoring column in the final stanza when Roger Bruce took a 20 yard pass from Mike Stella and Bill Schulte added the conversion.

Next week the Eaglets travel to Farmington Our Lady for a key contest.

'M' Boots Duke, but MSU Booted Hard by Houston

Third Down Punt Strategy Backfires on Blue Devils

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

ANN ARBOR — This is one time a college coach could have been content with a tie and not be criticized for it.

But, coach Tom Marp of Duke called for strategy which backfired and as result helped the University of Michigan to a 10-7 victory over the Blue Devils in the season opener for the Wolverines before 79,492 fans.

Duke scored first, stopped three Michigan drives in the shadows of their goal line, but gave up the football in the final minute of play eventually allowing Wolverine sophomore Frank Titas to boot a 27 yard field goal with only 11 seconds remaining.

Duke had the ball on its own four yard line with 1:29 remaining, and Michigan had just used up its final timeout after the second down to stop the clock.

Instead of using up the clock on a third down running play and a 4th down punt if needed, the Blue Devils went into a third down punt formation and booted, fearing a blocked punt on 4th down.

Michigan took over on the Duke 49 with 55 seconds left, and with one huddle, Dick Vidmer quickly hit Ernie Sharpe and Ron Johnson with 16 and 23 yard passes. He then threw out of bounds over Johnson to stop the clock at the Duke 10.

JUST CLEARS BAR

Titas, who had missed another field goal attempt from the 22 in the third quarter, booted a line drive which barely cleared the bar, but it netted three big points and a victory for Michigan.

Duke, with its fine rollout quarterback Al Woodall doing most of signal calling, pounded the Michigan line for chunks of yardage, going from midfield to the one foot line.

A 49 yard opening kickoff return by Al Hepler started the Duke drive to the one foot line. At this point, Woodall fumbled as he anxiously intended to sneak over and Tom Stincic recovered on the Michigan 2.

ANOTHER DRIVE

But the Wolverines had to punt out and Duke came right back and Woodall pitched out to Frank Ryan for a four yard touchdown. Bob Riesenfeld converted.

Michigan drove to the four and 16 yard lines in subsequent series and both times deflected passes were intercepted to squelch the drives.

After Titas' field goal failed in the third quarter, Duke drove to the Michigan 29, but Ryan fumbled a pitchout and Stincic again recovered for Michigan on the "M" 25 to end the threat.

A moment later Stincic, a 6-3 and 217 pound junior from Cleveland, recovered his third fumble when Woodall fumbles and this started the Wolverines to pay dirt from the Duke 44.

Vidmer stayed on the ground with Johnson and Sharpe carrying and Sharpe went over for the tying touchdown as Titas' point was good.

	Duke	Mich.
First downs	15	20
Rushing yardage	133	174
Passing yardage	84	134
Return yardage	111	102

DARTING SPARTAN — Michigan State quarterback Jimmy Raye (16) darts through Houston's defense on a keeper play for a 10-yard gain in the first quarter of their game in East Lansing Saturday. Raye didn't have enough of these runs, however, as Houston won, 37-7.

AP Wirephoto

Arnie Palmer Waits, Wins Links Crown

By HERSCHEL NISSENSON

CLIFTON, N.J. (AP) — "Who am I tied with now?" Arnold Palmer kept asking as he hung around the clubhouse Sunday awaiting a possible sudden death playoff in the $150,000 Thunderbird Golf Classic.

After first Gary Player and then Billy Casper bogeyed themselves out of contention, and after Charles Coody, Art Wall Jr. and Jack Nicklaus missed birdie putts on the last hole, the answer finally came: no one.

★ ★ ★

"Waiting in the locker room is tougher than coming from five strokes back," Palmer admitted after doing just that with a 3-under-par 69 and a four-day score of 283. "I don't mind playing but I don't like the waiting so much."

A 10-foot birdie putt on the 600-yard, par-5 finishing hole gave the 38-year-old Palmer a one-stroke victory over Coody, Wall and Nicklaus. Another shot back were Casper, Julius Boros, South Africa's Harold Henning and Bert Weaver.

Arnold Palmer	$30,000	k, -71-72-69—282

Chiefs Capture Harrier Crown

Farmington Runner Sets Course Record

A balanced Pontiac Central squad walked off with the Milford Invitational cross-country championship Saturday.

Central picked up 83 points, well ahead of runner-up Walled Lake (107).

Leading the Pontiac Central squad were Larry Hurst (4), John Costello (5) and Bob Dickie (6).

Gary Williams of Farmington took individual honors with a record time of 10:01.8 and his brother, Larry, placed second. Williams' time broke the mark of 10:21.8 set last year by Walled Lake's Jim Lindeler.

TEAM STANDING

1. Pontiac Central 83; 2. Walled Lake 107; 3. Farmington 111; 4. Waterford Township 128; 5. University of Detroit High 154; 6. Jackson 156; 7. (Tie) Pontiac Northern 157; Grand Blanc 157; 9. North Farmington 173; 10. Bloomfield Hills Andover 177; 11. Milford 182; 12. Waterford Kettering 368.

INDIVIDUAL RESULTS

1. Gary Williams (Farm.) 10:01.8 (Course Record); 2. Larry Williams (Farm.) 10:02; 3. Rich Freeland, Jackson 10:03; 4. Larry Hurst (Pont. Cent.) 10:07; 5. John Costello (Pont. Cent.) 10:11; 6. Bob Dickie (Pont. Cent.) 10:13; 7. Bruce Evans (B. Hills) 10:22.9; 8. Dave Galloway (Waterford) 10:31.5; 9. Mike Imirie (B. Hills) 10:32; 10. Joe Cummins (U of D) 10:37.5.

Arkansas State Fullback Paces Win Over WMU

JONESBORO, Ark. (AP) — Fullback Steve Gankiewicz scored on three one-yard plunges Saturday night to lead Arkansas State to a 21-8 victory over Western Michigan.

★ ★ ★

Gankiewicz scored in each of the first three quarters. Western Michigan scored with 1:50 left on a 50-yard pass from quarterback Jim Boreland of Hazel Park to halfback Marty Barski.

Western Mich	0	0	0	8	—8
Ark. State	7	7	7	0	—21

A-State — Gankiewicz 1 run (Everett kick).
A-State — Gankiewicz 1 run (Everett kick).
A-State — Gankiewicz 1 run (Everett kick).
W.Mich — Barski 50 pass from Boreland (Foster pass from Boreland)
Attendance 10,000.

Pistons Fall in Exhibition

STEUBENVILLE, Ohio (AP) —Leroy Ellis scored 12 points in the third quarter and Gus Johnson added 10 as the Baltimore Bullets came from behind to trounce the Detroit Pistons 129-113 Sunday night in a National Basketball Association exhibition game.

★ ★ ★

Johnson was high scorer in the game with 27 points. Dave Bing had 22 for Detroit.

The Pistons play Chicago Wednesday in South Bend, Ind., and New York in Flint, Mich., Thursday.

Wins $100,000 Race

PARIS (UPI)—Casque Grise, a French horse owned by Mrs. Francois Dupre, won the $100,000 Prix Vermeille race at Longchamps Sunday.

WHOA, BOY! — Ron Johnson (40) of University of Michigan meets a solid wall as he tries to go over the Duke line in their game in Ann Arbor Saturday. Waiting with open arms are Duke's Robin Bodkin (66) along with Don (20) and Art Vann (45). Michigan won, 10-7.

AP Wirephoto

Upsets Put New Look on College Grid Scene

By the Associated Press

There's a decided new look to the young college football season today—Michigan State trampled, Alabama tied by a three-touchdown underdog and the West Coast powers suddenly in a position to challenge mighty Notre Dame for No. 1.

Alabama's Bear Bryant couldn't be optimistic after his second-ranked Crimson Tide was tied 37-37 by surprising Florida State in their opener.

★ ★ ★

"This is the weakest defensive team I've ever put on the field," he said. "Everything about the defense was poor. They've forgotten what it takes to play defense."

Of the top three, only Notre Dame won, an easy, 41-8 opening triumph over California.

NOT PLEASED

Coach Ara Parseghian had words of praise for quarterback Terry Hanratty—"He ran the ball club well, he hit his targets and he ran with the ball well"—but otherwise wasn't very pleased:

"We dropped far too many passes. Our defensive line is green yet. We have lots of work to do."

★ ★ ★

West Coast powers Southern California and UCLA turned in impressive victories, the second straight for each. No. 4 Southern Cal, operating behind quarterback Steve Sogge, held off fifth-ranked Texas 17-13, and sixth-ranked UCLA, with Gary Beban and Greg Jones again starring, crushed Pittsburgh 40-8.

No. 7 Georgia opened with a 30-0 shutout of Mississippi State and No. 9 Colorado edged Oregon State 17-13, but eighth-ranked Miami, Fla., was upset by Northwestern 12-7.

MAJOR UPSETS

Some other major upsets included Memphis State's 27-17 decision over Mississippi, Oklahoma State's 7-6 verdict over Arkansas and Navy's 23-22 thriller over Penn State.

Quarterback Kim Hammond was the guiding force in Florida State's, tie of Alabama, breaking a 17-game winning string. He threw three touchdown passes, including an eight-yard strike in the final minutes.

★ ★ ★

Hanratty passed for two touchdowns and scored on a 12-yard keeper before leaving in the third quarter of Notre Dame's easy victory.

OU Ace Sets Harrier Record

Team captain Louis Putnam of Oakland University cracked the course record at Adrian Saturday as the OU cross-country team broke even in a double-dual meet with Adrian and Defiance (O.).

★ ★ ★

Putnam toured the three miles in 21 minutes, 11 seconds to clip eight seconds off the old record. OU lost to Adrian, 22-36 and beat Defiance, 17-43.

Trailing Putnam in the OU scoring column were Don Colpitts (5), Marc Dutton (8), Bruce Anderson (12), Don Balkwell (14) and Randy Petipria (17).

Cougar Speed Sinks Spartans

Texas Squad Romps to 37-7 Decision

By FLETCHER SPEARS

EAST LANSING — Michigan State University football coach Duffy Daugherty turned out to be a pretty fair prophet.

"The era of the super athlete is over at MSU," Duffy was saying a short time back, perhaps cushioning Spartan followers for what lay ahead.

Duffy was right. A new era on the gridiron at MSU dawned Saturday as Houston's Cougars romped to a 37-7 triumph over MSU before 75,833 fans in Spartan Stadium.

It's been quite awhile since the Spartans were humiliated to such an extent. You have to go back to the 34-7 loss to Notre Dame in 1964, or the 34-8 dumping by Michigan in 1959, or the 37-8 loss to Iowa in 1959 or the 39-12 loss Minnesota pinned on them in 1958.

★ ★ ★

The Spartans, among the top teams in the nation for the past couple of seasons with the likes of Bubba Smith, George Webster, Clinton Jones and Gene Washington on hand, were not the same without the stars of last year.

OUTPLAYED

"We were outplaydd and outcoached," said Duffy, who was not his usual smiling self after the game, but then seldom have the circumstances been the same at Spartan Stadium.

★ ★ ★

The game shows what can happen when you do a guy a favor. Houston coach Bill Yeoman, an assistant to Duffy for eight years before heading to Texas, lured MSU on the schedule shortly after leaving. "They weren't that good at that time," said Duffy.

But without Big Bubba and roverback Webster to keep the defensive squad intact, the Spartans were easy prey to the running and passing of the Cougars who came up with long scoring plays in winning their second game of the season.

Warren McVea, a 5-10, 180-pound speedster, ruined the Spartans with his flashing running, and quarterback Dick Woodall teamed with flanker Don Bean and end Ken Hebert to break the game open with a long-range passing attack.

★ ★ ★

MSU hopes were high in the first half as the Spartans took a 7-3 lead on LaMarr Thomas' 48-yard run and Mitch Prulett's placekick, wiping out a 3-0 advantage Hebert gave Houston with a 44-yard first-period field goal.

REGAINS LEAD

Houston regained the lead (10-7) at 12:12 of the second whenMcVea turned right end, cut across the middle and danced through MSU's secondary for a 50-yard touchdown. It was one of a handful of big runs for the speedster who collected 155 yards in 13 carries.

★ ★ ★

The Spartans were still in the game after McVea's romp. MSU quarterback Jimmy Raye moved the Spartans from their own 35 to a first down at the Houston five, but confusion reigned on a fourth-down play and Raye fell down at the three-yard stripe.

It was all Houston and those fast-back Cougars in the second half.

Hebert slipped behind the MSU secondary to take a pass from Woodall on a 77-yard play to make it 17-10 in the third frame and the Cougars broke it open with 20 points in the final period.

★ ★ ★

Bean and Woodall teamed on a 75-yard pass for a touchdown, sub quarterback Ken Bailey sneaked two yards for another and defensive halfback Mike Simpson intercepted a Charlie Wedemeyer pass and carried it 59 yards for six points.

When you want a great whisky, ask for it.

The Canadian Clubman's Code: Rule 3.

There's more than one Canadian whisky up there to choose from. So, when you want a really great whisky, just say, "Canadian Club, please."

That way you can't help but get the whisky that's bold enough to be lighter than them all.

Next time you're in a bar or restaurant, practice the Canadian Clubman's Code, Rule 3: when you want a great whisky, ask for it.

Shrine Collects 21-7 Grid Win

Quarterback Mickey Brzezinski ran for 85 yards and passed for 65 on 6 for 10 to pace Royal Oak Shrine (1-1) to a 21-7 conquest of Redford St. Mary Saturday night.

Brzezinski booted the PAT after Tom Antinow's second quarter touchdown and ran into paydirt from the five in the third. The Knights' defense accounted for two scores: Bob Poser getting a safety in the first half and Doug Seymour covering a St. Mary fumble for a touchdown in the final period.

No Fire in Firebirds' Offense, 37-7

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Tony Odneal, who won the hearts of Pontiac fans last year in the Midwest Football League, came back to torment the Firebirds Saturday night at Wisner Stadium.

★ ★ ★

Under contract with the franchise which left Pontiac and returned to Mt. Clemens, Odneal led the Arrows to a 37-7 win over the Pontiac Firebirds before 3,400 dampened fans Saturday night.

The all-purpose gridder ran for one touchdown, caught a 15 yard pass for another and accounted for a third by passing 54 yards to Jim Johnson.

The others were scored by Jim Willis, two yards, Bob Micheau one yard and by Tom Kelly on a 15 yard pass from Ron Bishop.

NO OFFENSE

The Firebirds could not get an offensive drive going as neither Bill Harrington nor Marty Malatin could effectively hit their receivers.

★ ★ ★

Malatin replaced Harrington in the second quarter after the Arrows had a 12-0 lead and he scored the lone Pontiac TD in the 4th quarter on a one yard sneak. John Motzer converted.

It was 24-7 at this point, when Willis returned the kick-off 58 yards to the Pontiac 22 and four plays later, helped by a face mask penalty, Mt. Clemens scored with Bishop hitting Kelly for the 15 yarder. This made it 31-7.

★ ★ ★

When Pontiac tried a 4th down pass and failed from its own 37 as the clock ticked away, Mt. Clemens took over and in the final second, Odneal took a 15 yard pass from Bishop to complete the scoring.

Odneal picked up 105 yards in 14 carries, had 101 yards in four pass receptions, and passed for 54 yards to account for 280 yards of the Mt. Clemens total offense of 415.

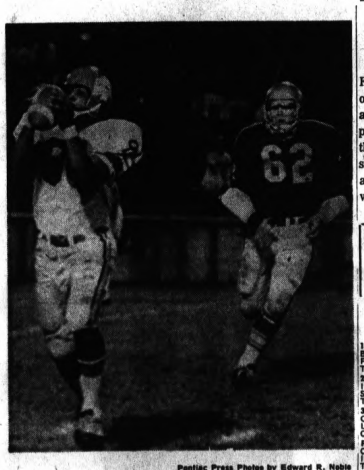

The absence of corner linebacker Ed McQueen with the flu and defensive tackle Tom Yody with an injury hurt the Firebirds, but the lack of offense, two touchdowns in three games, is the big factor in the 1-2 record.

Next Saturday night, the Firebirds travel to Dayton to meet the powerful Colts and the following week the Colts visit Wisner Stadium for return engagement.

ARROW BENT — Bob Micheau of the Mt. Clemens Arrows is stopped by a host of Firebirds after a short gain during their game Saturday night at Wisner Stadium. Jon Izer (53) and Jon Gerometta (57) lead the gang tackle of Micheau.

Pontiac Press Photos by Edward R. Noble

WILLIE TAKES ONE — Willie Lee Washington, Firebirds' end, takes an 8-yard pass from quarterback Marty Malatin as Mt. Clemens linebacker Ralph Miller moves in for the tackle. Mt. Clemens defeated the F-Birds 37-7 in an MFL game.

Foyt in Coast Win

TRENTON, N.J. (UPI)—A. J. Foyt, recovering from a dangerous spinout while avoiding another car, roared from last place in the 24-car field to win the 200-mile national championship race for Indianapolis cars and drivers at Trenton Speedway Sunday.

Cardinals' Lefty Goes on Relief, Gains Win

By the Associated Press

Larry Jaster, who was caught in the shuffle when St. Louis restacked its pitching deck, has been working just as hard since he went on relief.

Jaster, a 1966 flash from Midland who lost his starting job when ace righthander Bob Gibson recovered from a broken leg three weeks ago, pitched two scoreless innings in relief Sunday and struggled to a 5-4 victory over the Atlanta Braves.

It was the first victory in five relief appearances for Jaster, a strapping southpaw who shared the National League shutout lead a year ago.

★ ★ ★

While the runaway pennant winners were shading Atlanta in their final home game before the World Series, Pittsburgh edged second place San Francisco 2-1; Cincinnati topped the Chicago Cubs 3-2 in 10 innings; Philadelphia beat Los Angeles 3-1 and Houston trimmed the New York Mets 4-2.

Gibson's return, after an absence of almost two months, and the emergence of Nelson Briles as a consistent winner, forced Cards' pilot Red Schoendienst to drop one of his other starters. With rookie Dick Hughes and southpaw Steve Carlton also going exceptionally well, Jaster was the manager's reluctant choice.

★ ★ ★

The 6-foot-3, 190-pound youngster had trouble adjusting to his new role, yielding three runs in four brief relief stints prior to Sunday.

SCORE TIED

He took over in the eighth inning against the Braves after Briles, failing in a bid for his ninth straight victory as a starter, left for a pinch hitter with the score tied 4-4.

After being tagged for a pair of two-out singles, Jaster struck out pinch hitter Joe Torre to end the eighth, then set the Braves down in order in the ninth.

★ ★ ★

Dal Maxvill opened the bottom of the ninth with a single and scored the winning run from first base when Atlanta reliever Cecil Upshaw fielded Alex Johnson's bunt and heaved the ball into right field.

The victory gave Jaster a 9-7 season record, compared to an 11-5 mark last year that included five shutouts — all against Los Angeles.

Race in MFL Deadlocked Three Ways

The Midwest Football League race had a three way jam for the lead today as Ypsilanti and Mt. Clemens scored victories while Dayton had an open date.

Ypsilanti whipped Detroit Downriver 34-0 with Steve Judy hitting for 301 passing yards including three touchdowns to Craig Kirby for 17, 20 and 27 yards.

In the other game played Saturday night Flint moved up ahead of Pontiac with an 8-0 victory over Lansing.

The Wildcats gained a safety and a 35 yard intercention run by Ernie Long in the fourth quarter to pull it out.

MFL STANDINGS

	W	L	T	PF	PA
Dayton	3	1	0	157	34

Percy 'Won't Be Active in GOP Race'

WASHINGTON (AP) As Illinois' potential favorite son, Sen. Charles H. Percy vows to go to extraordinary lengths to keep from becoming an active participant in the preconvention campaign for the 1968 Republican presidential nomination. Percy said in an interview he will have no compunction about signing affidavits disclaiming presidential ambitions in states where that is necessary to keep his name off preferential primary ballots. Gov. Ronald Reagan of California has said he would not sign such affidavits because they would conflict with his plan to become California's favorite son and "would make me a liar either in the other states or at home."

It is different with him, Percy said.

"I am not a candidate and I'm not going to campaign," Percy said. "I'm going to stay as far away from it as possible. I haven't made up my mind whom I will support for the nomination and I probably won't until next June."

* * *

Percy has made it clear he will keep his name off the ballot in the nation's first primary in New Hampshire March 12. He may discourage his supporters there, but can't prevent them from launching a write-in campaign.

OTHER BALLOTS

He says he is determined also to keep his name off the ballots in Wisconsin, Nebraska and Oregon, where affidavits are required for such actions.

California law requires that Reagan enter a slate of delegates pledged to him in a June primary if he wants to be favorite son. Percy, on the other hand, will have to depend on the willingness of unpledged delegates chosen in a primary to designate him as a favorite son and thus will not be the direct choice of Illinois voters.

While Percy has come to be regarded as a fallback possibility of Republican moderates if Michigan Gov. George Romney is tripped up in his quest for the nomination, the Illinois senator said he has been working for the party and not himself in filling extensive speaking engagements.

Percy has become increasingly critical of President Johnson's conduct of the Vietnam war.

He has a private agreement with Senate Republican leader Everett M. Dirksen, who supports Johnson's basic policy, to disagree on the Vietnam issue and some others.

AP Wirephoto

'DEVOURED BY SNAILS' — Gillian Edmonds, Welsh-born secretary now living in San Francisco, exhibits a holey letter she received from Chopstew, Monmouthshire, England. It was stamped "Received in Bad Condition" by the post office. Printed across the letter, apparently by an English postal worker, was the explanation, "Devoured by Snails." Snails must eat faster than they move; the letter was received four days after being posted.

'Queens' Meet for Last Time

ABOARD THE QUEEN MARY (AP) — The two greatest queens of the sea, the Mary and the Elizabeth, passed each other in mid-Atlantic for the last time today. And as their mournful horns sounded in salute across the calm, cold ocean at 2:15 a.m., a maritime era ended.

Both ships were fully lighted with thousands of passengers and crew lining the decks. Flash bulbs exploded on each deck against the clear, starry night. "We're watching history," said one passenger to her husband.

* * *

"Darling," he replied, "we're making it."

The Mary and the Elizabeth glided past each other with a half mile in between.

A half hour before the passing, strains of Auld Lang Syne broke out spontaneously among both passengers and crew on the promenade deck.

As the ships closed, dancing stopped in the Flamenco Room. The orchestra leader put down his baton in the middle of "Winchester Cathedral."

* * *

"The Lizzie's coming," he said and hundreds of passengers ran to the decks.

The Law Resigns

SALINA, Kan. (AP) — No longer is law the law in this Kansas community. Earl J. Law, a police lieutenant, has resigned to become an industrial assistant to a local firm.

Officers Picked by GOP Club

The Oakland County Lincoln Republican Club has elected Anton J. Guyer of Bloomfield Hills president for 1968.

Guyer, 458 Fox Hills, is committee clerk for the Oakland County Board of Supervisors. He succeeds Arno Hulet, Bloomfield Township treasurer, as president.

Other Club officers are Barry M. Grant of Southfield, first vice president; Robert L. Shipper, 5101 Rochester, Avon Township, second vice president; Andrew Campbell, of Southfield, third vice president; and John J. Rusher of Royal Oak, fourth vice president.

Dorothy Rowley of Hazel Park is secretary and Hope Gorman

His Underworld

SULLIVAN, Mo. (AP) — Larry Davis, Franklin County's prosecuting attorney, tells folks here that "he knows quite a bit about the underworld." It's true.

He formerly was a guide at the Meramec Caverns tourist show place near Stanton, Mo.

'Mother' Enters Oldest Washing Machine Contest

CRANFIELD, England (AP) — In a local contest to find the oldest working washing machine, an official called at Trevor Wells' home and asked to see the machine called "Mother."

"You're looking at it," said Wells' 57-year-old mother, Annie. "I do all the washing here."

* * *

The official explained he was looking for a genuine machine still in use.

"I'm genuine and I'm still being used," Mrs. Wells said.

She said later, "He didn't seem to see the joke, but we can't stop laughing about it."

* * *

A contest spokesman said another machine called "Darling" turned out to be a 1900 hand-agitated machine—67 years old.

But "Mother" still is in the running. Her name has been forwarded to the contest judges for a decision.

Drinkers consumed a record 309 million gallons of distilled spirits in 1966, up from 294 million gallons in 1965.

Blaze Destroys Historic Site

ATLANTA, Ga. (AP) — One of Atlanta's oldest buildings was in ruins today after a spectacular seven-alarm fire raced through its interior and threatened a downtown block.

Fire officials said the four-story building was vacant and was being torn down. It was built in 1883 and until recently housed a furniture company.

* * *

Arson investigators planned to sift the ruins of the old brick structure in an attempt to determine the cause of the fire, which broke out in the late afternoon Sunday, and burned long after nightfall.

No one was injured by the fire, which attracted hundreds of spectators strolling the downtown area.

Opening lead—♣4

By OSWALD & JAMES JACOBY

Jim: "We have devoted just about enough space to 'Bridge in the Menagerie.'"

JACOBY

Oswald: "How about one more hand showing how the Hideous Hog claims to use the fourth dimension in bringing home some of his absurd contracts?"

Jim: "You mean his version of the play called 'The Great Unblock' by the late Geoffrey Mott-Smith?"

Oswald: "Yes. The Hog is in three no-trump after typical bidding. He has six nice diamonds but his partner blocks the suit with the ace and king and the only way to unblock is to discard them on clubs. Of course the hand is a cinch with a spade opening but West opens the four of clubs and East rises with the king."

Jim: "Most players would take the king with the ace and lead back the jack. This would ensure three club tricks some time or other and hold the contract to a small loss but the Hog was not interested in a small loss. He played the jack of clubs without the slightest pause.

"East returned the three of clubs and this time the Hog played the ten. West won with the queen while the Hog discarded a low heart from dummy. West saw no reason to abandon the club suit and led a third club. The trap had been sprung.

"The Hog took his two club tricks while discarding the ace and king of diamonds from dummy. Six diamonds and a spade followed to give him game and rubber."

Oswald: "The important thing about the whole play was that it was executed so smoothly. The Hog never paused to think at any time. He worked it all out as soon as he saw dummy. In addition the heart discard from dummy on the second club lead was a masterpiece of misdirection. At least it lulled West into enough sense of security so that he led the third club."

Jim: "At least, that's what the Hog said."

CARD Sense

Q—The bidding has been:

West	North	East	South
	1♣	Pass	1♦
Pass	1♠	Pass	3♣
Pass	3♦	Pass	?

You, South, hold:
♠K9 ♥AJ54 ♦AQ42 ♣Q32
What do you do now?

A—Bid three no-trump only. No signs indicate that your side has the right suit for a slam and you prefer to be the no-trump declarer.

TODAY'S QUESTION

Your partner continues to four clubs. What do you do now?

Answer Tomorrow

THE BETTER HALF

"I wonder if the Four Horsemen of the Apocalypse don't ever get bored playing with me."

BERRY'S WORLD—By Jim Berry

"You were just having a nightmare, Lynda Bird doesn't want to have a hippie 'flower wedding'!"

Astrological Forecast

By SYDNEY OMARR

For Tuesday

"The wise man controls his destiny — Astrology points the way."

ARIES (Mar. 21-Apr. 19): Some who are disturbed by your bliss can get you in corner. Realize this and keep guard up. Be charming, sympathetic. But don't get involved. Realize some people are merely letting off steam.

TAURUS (Apr. 20-May 20): Obtain hint from ARIES message. Strive for understanding, harmony, especially within family circle. Some things which appear to be requirements may be mere whims. Act accordingly.

GEMINI (May 21-June 20): Cycle high. Your personality is spotlighted. You are able to convince others. Strike while iron is hot. Don't permit opportunities to slip away. Be there—in person.

CANCER (June 21-July 22): Your role today may be in background. Actually you may be "king maker." Don't permit pride to initiate false move. Bide your time. Financial area is favorable. You hold trump card.

LEO (July 23-Aug. 22): Keep informed. Tendency is to act on impulse. Much better to wait for all facts. Then moves, opinions are constructive. Finish rather than begin projects. Take over-all view. Be informed.

VIRGO (Aug. 23-Sept. 22): Friends and money are picture. Your wishes, desires could prove costly. Make sure you get what you need—and merely what you think is required. Be practical.

LIBRA (Sept. 23-Oct. 22): Be objective where business affairs are concerned. Know what must be done—do it. Don't be disuaded by tradition. Break through with original methods.

SCORPIO (Oct. 23-Nov. 21): Quarter moon position coincides with beliefs, principles. Some plans undergo change. Be ready for communication which affects policies. Be flexible.

SAGITTARIUS (Nov. 22-Dec. 21): Emphasis on finances or mate, partner. You may have to wait for final answer before taking action. Question of money, security is highlighted. But your hands are temporarily tied.

CAPRICORN (Dec. 22-Jan. 19): All may not be in accord with your thinking, actions. Key is to be self-reliant. Know where you want to go—and why. Some change of method may be necessary.

AQUARIUS (Jan. 20-Feb. 18): There are some routine tasks which are bothersome. But you achieve results through intelligent pacing. Don't try to do everything at once. One thing at a time gets results.

PISCES (Feb. 19-Mar. 20): Maintain poise. Some dear ones act in eccentric manner. See persons, situations in realistic light. Overcome temptation to shield facts. Know what you're doing—and why.

IF TUESDAY IS YOUR BIRTHDAY you are a natural executive. Many look to you for training, guidance. You are due for travel—and constructive hopes.

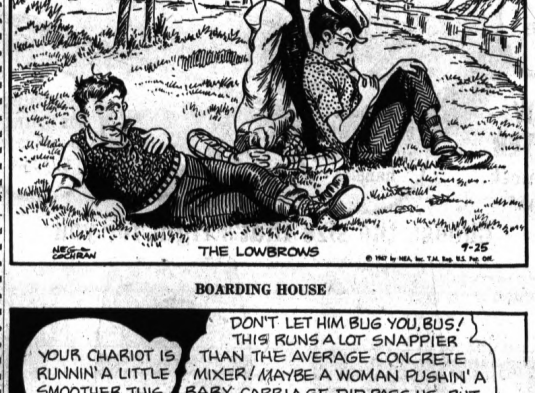

GENERAL TENDENCIES: Cycle high for CANCER, LEO. Special word to CAPRICORN: be courteous to one who disagrees with you.

Florida Sky Diver Follows His Wife in Death Drop

AP Wirephoto

BEFORE TRAGEDY STRUCK—Mr. and Mrs. John Wasik, amateur parachutists, drink a toast during a recent dinner in Cocoa Beach, Fla. Five weeks ago Mrs. Wasik, 22, was killed when her parachute straps became tangled during her second jump. Wasik was killed yesterday when his parachute did not open in a jump over the same airstrip. Today was to have been their first wedding anniversary. He was 27.

ROCKLEDGE, Fla. (AP) — Carrying the signed contract for his own funeral and wearing two parachutes, sky diver John Wasik stepped from an airplane Sunday at 3,200 feet. Instead of gripping the ripcord he folded his hands in prayer and crashed to his death.

Five weeks earlier, almost to the hour, Wasik stood below at Green Air Park and watched his pretty wife, Rickie, 22, bail out of the same plane on her second jump and die near his feet after her 'chute tangled.

* * *

Shattered by the death of his wife, whom he married one year ago today, Wasik told a reporter, "She took up sky diving just to please me."

The papers in his wallet indicated Wasik wanted to be buried beside his wife in the $1,700 silver casket he had chosen.

AEROSPACE REPORTER

Wasik was an aerospace reporter and he continued on the job, returning to sport parachuting after the accident.

"He told me it is the best way to die, the way Rickie would want to die," said Pearl S. Leech, Wasik's editor at the Melbourne, Fla., Daily Times. "She would want to die having fun; doing what she wanted to do."

* * *

Mrs. Leech said, "He told me that would never happen to him because he had enough experience so that, if his chute curled, he would know how to right himself."

Members of the jump club said Wasik told them, "If I have to go, I want to go jumping."

* * *

At the funeral for his wife Wasik told the pastor: "The Lord has come down to earth to pick a flower and he picked the prettiest of the bunch."

Lyle Goodin, safety officer for the Falling Stars Jump Club, watched through binoculars from the ground Sunday as Wasik hurtled toward the ground.

'PRAYING POSITION'

"He held his hands in a praying position," Goodin said.

"We yelled and screamed at him to hit his 'chute," said Terry Alford, jumpmaster for the club.

* * *

Alford said he completely checked Wasik's harness before the flight and noted that Wasik waited slightly longer than normal to make his leap.

* * *

The delay apparently carried him over woods near the airport, causing observers on the ground to search about an hour before finding the body. A new helmet Wasik wore was split by the impact.

* * *

Wasik resumed his Sunday jumps two weeks after his wife's death and told friends, "It was just something I had to do."

A few days before his death Wasik opened a memorial fund for his wife.

* * *

Wasik had four children by a previous marriage and had named his sons John, Glenn and Scott after the astronauts he covered. Wasik's automobile purchased three weeks ago was last owned by Virgil Grissom, an astronaut who burned to death early this year in the fire in Apollo 1 space capsule.

Viet Students Protest Vote

Former U. S. Marine Leads Demonstration

SAIGON (UPI) — South Vietnamese students, with an American in the lead, paraded in the streets and burned a ballot box yesterday to protest the election of Gen. Nguyen Van Thieu as president.

The demonstration came as militant Buddhists for the first time openly aligned themselves with disgruntled students and defeated civilian presidential candidates. Other demonstrations were held in Da Nang and Hue.

The American identified himself as Dave Marr, 29, of Berkeley, Calif. He said he was a former Marine "doing research" in Vietnam.

He carried a sign which said "U.S. students also demand peace — now."

* * *

There were hints that Prime Minister Nguyen Cao Ky, the vice president - elect who has been feuding with Thieu, had given his tacit approval to the parade.

NO RESISTANCE

Such demonstrations are illegal without a government permit. But Brig. Gen. Nguyen Ngoc Loan, head of the national police and one of Ky's strongest supporters, made no move to stop it.

The students, about 600 of them, read an open letter to President Johnson. It accused him of interfering in Vietnamese affairs by using the election to legalize the military regime and demanded that he order an immediate halt in bombing North Vietnam.

"If you and your government continue your policy of supporting individuals and not paying attention to the aspiration of the Vietnamese people, then we should consider the U.S. not as an ally, but as an invading country," the letter said.

Chutist Safety Hearings Open

Senate Aviation Unit to Air Proposed Rules

WASHINGTON (UPI) — A Senate Aviation subcommittee opens hearings today on proposed new safety rules for sky diving, a sport with a growing death rate.

Joseph J. O'Connell, chairman of the National Transportation Safety Board, was the lead-off witness before the panel and was expected to make public the board's report on the death of 16 sky divers in Lake Erie last Aug. 27, the worst disaster in the history of the sport.

Under a bill sponsored by Sen. A. S. Mike Monroney, D-Okla., chairman of the subcommittee, the Federal Aviation Administration would be authorized to set up new rules for sports parachutists.

As the rules stand now, the FAA regulates sky diving only in terms of possible hazards to aircraft.

* * *

It controls the airspace used by the jumpers, sets visibility requirements, and certifies parachute riggers. But it has no control over equipment used by sky divers, their training or age limits.

People in the News

By The Associated Press

Rain spoiled a fishing trip yesterday for Lynda Bird Johnson and her fiance, Marine Capt. Charles Robb, who arrived in Acapulco, Mexico, Saturday.

LYNDA

The President's daughter, Robb and Mr. and Mrs. Warren Woodward of Dallas were met at the airport by industrialist Bruno Pagliai and his actress-wife, Merle Oberon.

They were taken to Los Arcos, the Pagliai's palatial residence.

A Secret Service agent told newsmen Saturday night that Lynda Bird, Robb and the Woodwards had planned to stay about a week, "but if it keeps on raining like this perhaps we'll be leaving sooner."

'Leading MIG Killer Leaves Viet'

Col. Robin Olds the leading MIG killer of the Vietnam war, has left Saigon for home.

The 45-year-old Phantom jet pilot flew his 100th and final mission over North Vietnam Saturday, the Air Force reported.

Olds then left for the United States, where he will take some leave and then become commandant of cadets at the U.S. Air Force Academy, Colorado Springs, Colo.

Olds, a one-time West Point football star, was a World War II ace, bagging 24 German planes. He was credited with shooting down four MIG intercepters in Vietnam—the highest MIG score thus far for any U.S. pilot. It is one short of the number needed to make "ace."

During his Vietnam tour, Olds commanded the 8th Tactical Fighter Wing based in Thailand. He is married to former movie actress Ella Raines. They have been living in Washington.

Vice President Injures Back

Vice President Hubert H. Humphrey suffered a back injury Saturday during a weekend visit in White Sulphur Springs, W. Va.

Marsha Shepherd, Humphrey's secretary, said Humphrey was walking at the time, but did not elaborate.

"It's nothing serious," Miss Shepherd said. "He's getting around fine—he was even out trap-shooting Sunday."

Police, Firemen, Guard Hold Fake Riot in Lansing

LANSING (UPI) — Police, firemen and about 300 Lansing area National Guardsmen joined forces yesterday to stage a mock riot.

The simulated riot was part of intensified riot-control training President Johnson had called for in the wake of the summer's rioting in Detroit and other cities.

The Lansing Human Relations Council had protested the guard's intention to stage the mock riot in a deserted section of the city earlier this month.

Yesterday's training was held behind the 46th Infantry Division's headquarters in the center of Lansing.

* * *

Two unidentified guardsmen reportedly suffered minor injuries during the session. One was struck by fragments from a smoke grenade and the other was hit in the eye during a simulated scuffle with mock rioters.

YOUR NEWS QUIZ

PART I - NATIONAL AND INTERNATIONAL

Give yourself 10 points for each correct answer.

1 A rash of hurricanes caused destruction. A hurricane is a tropical storm in the Atlantic or Caribbean whose winds reach a speed of at least ..?.. miles an hour.
a-50 b-75 c-150

2 Murray Warmath, Bill Elias, and Ara Parseghian are ..?..
a-newly-chosen astronauts
b-college football coaches
c-aides to President Johnson

3 There has been increasing interest in the "Montessori Method" of ..?..
a-teaching young children
b-training long distance runners
c-playing bridge

4 The member nations of the UN met in New York for the ..?.. regular annual session of the General Assembly.
a-14th b-22nd c-38th

5 African nations tried to find a way to get rebellious Negro troops and white mercenary soldiers out of ..?..
a-Tanzania b-Ethiopia c-the Congo

PART II - WORDS IN THE NEWS

Take 4 points for each word that you can match with its correct meaning.

1.....monsoon	a-a "go-between"
2.....supplement	b-put weapons or troops in place
3.....occupy	c-something added on
4.....deploy	d-a seasonal wind in southern Asia
5.....intermediary	e-control foreign area with soldiers

PART III - NAMES IN THE NEWS

Take 6 points for names that you can correctly match with the clues.

1.....Emil Mosbacher	a-Manager, St. Louis Cardinals
2.....Corneliu Manescu	b-a winning yacht captain
3.....U Thant	c-U.S. Ambassador to UN
4.....Red Schoendienst	d-UN Secretary General
5.....Arthur Goldberg	e-Rumanian first Communist to be President of UN General Assembly

Utica Man Shares Payoff

WARREN (AP) — A $4 rifle bracket for use on Army trucks will save the armed forces nearly $3 million by the end of fiscal 1969 and put $2,230 in the pockets of three Michigan men, including one from Utica.

★ ★ ★

The men were among 37 employes of the U.S. Army Tank-Automotive Command (ATAC) cited last week for saving the government some $39 million.

ATAC headquarters said the three came up with a rifle bracket costing less than $4 to replace a $50.80 rifle case used in the trucks.

The three sharing the award are Carlo J. Leto of 11288 Newburg, Utica, an automotive equipment specialist; John Fedesky of Oak Park, a mechanical engineering technician; and Jack Campbell of Grosse Pointe Woods, a price analyst.

★ ★ ★

Two other men, John A. Shaheen of Detroit and Alfred Plusnik of Roseville, will share an award of $2,075 for developing a system of purifying supply records. The system saved more than $1 million in its first year of operation, ATAC said.

★ ★ ★

The command center said the savings ideas developed by Michigan men won the ATAC the unofficial title of "cost reduction champion" of the Army Materiel Command, which includes all research, development, procurement and logistic support activities in the Army.

AP Wirephoto

TOUCHY TASK — A U.S. Marine listens to his mine-sweeping device as he and demolition teams cleared a path for the armored personnel carriers in the background after an amphibious landing near the demilitarized zone in South Vietnam. Under intermittent sniper and artillery fire from enemy positions, the troops of the 2nd Battalion, 3rd Marines, moved inland on the personnel carriers as part of Operation Fortress Sentry.

Dalai Lama to Tour Japan

NEW DELHI (UPI) — The Dalai Lama, exiled Tibetan leader, left for Tokyo and a 15-day visit to Japan today. It was his first trip abroad since he took asylum in India eight years ago to escape Communist Chinese tyranny.

A large crowd of Indians and Tibetan refugees gave the Dalai Lama a hearty send-off as he boarded an Air India jet.

The government of India was represented by a senior official of the foreign ministry.

The Dalai Lama looked a little pale — he has just recovered from an attack of jaundice — but he was cheerful and wore his usual buoyant smile.

★ ★ ★

The plane will bypass Hong Kong, which is usually one of the stops, to avoid possible demonstrations by Communist Chinese residents in the British colony. It will fly straight from Bangkok to Tokyo.

Time Is Scarce at Church Talks

Episcopalians Fail to Make Key Decisions

SEATTLE (UPI) — Time was running out today for the general convention of the Episcopal Church to come up with decisions on such great national and world problems as Vietnam, Negro ghettos and conscientious objectors.

The 10-day 62nd session of the church's supreme lawmaking body will end Wednesday.

The House of Bishops resumed debate on a resolution recognizing "ethical and moral consideratins . . . other than religious" as reasons for objection to U.S. military service.

Another resolution awaiting consideration would "recognize the right of a man to object on grounds of conscience to participation in a particular war."

★ ★ ★

Two other measures to come before the bishops involved a church position on Vietnam and a resolution to adopt a report encouraging theological freedom.

SHOWDOWN NEAR

In the House of Deputies, a showdown was near on the presiding bishop's "urban crisis program." The Rt. Rev. John E. Hines has asked the 3.5 million members of the church to put $9 million into the battle against racial injustices in Negro ghettos.

California in 1965 had 5.8 million households, more than any state. New York was second.

Either we're charging too little, or everyone else is charging too much.

There was a time when you could walk into a store, plunk down your hard-earned money, and walk out with the comfortable certainty that you got what you paid for.

Times have changed.

Today there are few products that give you as much as you'd like to get for the price that you'd like to pay.

And perhaps that betrays a certain backwardness on our part.

Because our cars still do.

We at American Motors are putting more into cars than just about anyone else around.

And we're charging less.

Rambler American. The only U.S. car that could stop you from buying an import.

At a price very close to the leading import, the American seats six people instead of four.

It gives you nearly twice as much room in the trunk and more than twice as much engine under the hood.

Like the imports, the American doesn't change its style every year, gets about 20 miles on a gallon of regular gas.

Unlike some imports, it never gives you the feeling that you're driving a toy.

Rebel. America's most underrated car.

The Rebel 550 Hardtop is the lowest priced intermediate sized hardtop in America!

It looks sporty, drives sporty and still gives you all the things that most people buy a car for.

The Rebel—Hardtop, Wagon, Sedan or Convertible, V8 or 6—is everything we think a car should be.

Before you pay more for an intermediate, make sure you get as much.

Ambassador. The car with air conditioning as standard equipment.

Air conditioning has been around for a long time, but so far only a few companies—the people who make Rolls Royce for one—have had the good sense to include it in their cars at no extra cost.

We're another.

We just don't understand why someone should be asked to pay a lot of money for a luxury car and then be asked to pay over $300 more for the luxury of air conditioning.

Introducing the Javelin.

Although we've always had the reputation for making sensibly priced, well-built cars, we've never had the reputation for making hot, sporty cars.

We'll soon have the reputation for making hot, sporty cars.

The front and rear bumpers on the Javelin are massive. Unlike thin blade bumpers, these give the car a rich, racy look.

The side windows on the Javelin are solid sheets of curved glass, without vents to break up its fast lines.

The Javelin SST comes with wheel discs, special exterior trim, reclining bucket seats and a woodgrain steering wheel, all standard.

And all for a lower price than the other sporty hardtops!

Who can you turn to?

If you have read this far, then we assume you are looking for more honest value than you have been used to getting from the cars you buy.

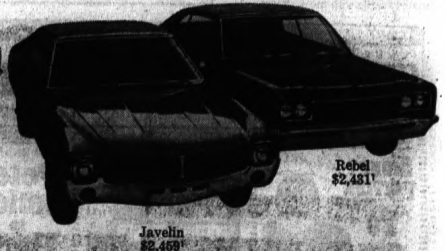

And that's a happy coincidence.

Because we stand ready to give it to you.

American Motors

1. Price claims based upon a comparison of manufacturers' suggested retail prices. Prices shown are for Rambler American 2 door sedan, Rebel 550 2 door hardtop, Ambassador 2 door hardtop, Javelin 2 door hardtop. Federal taxes included. State and local taxes, if any, destination charges, options excluded.

Poultry and Eggs

DETROIT POULTRY

DETROIT (AP)—(USDA) — Prices paid per pound for No. 1 live poultry: heavy type hens, 18-19c; roasters, heavy type, 20-23c; broilers and fryers, whites, 19c. Comment: Market steady. Clearing to a fair demand.

DETROIT EGGS

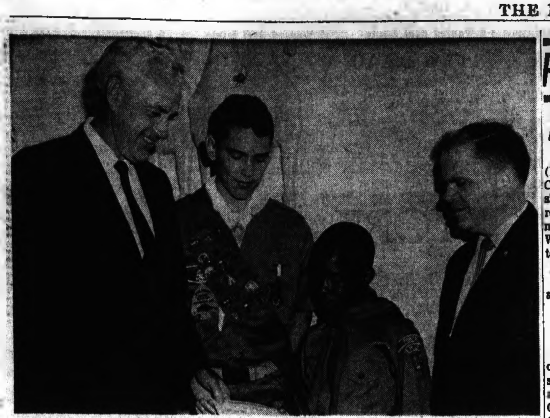

DETROIT (AP)—(USDA)—Egg prices paid per dozen by first receivers (including cartons):

White Grade A jumbo, 38-42c; Extra large 36-39c; large, 34-36c; medium, 28-30c; small, 18-19c.

Comment: Market unsettle to weak as supplies of most all offering are excessive for current need. Local demand is slow to occasionally fair.

CHICAGO BUTTER, EGGS

CHICAGO (AP)—(USDA)—Butter unchanged; receipts 12 cars; AA 67½; A 67½; B 66½; C (delivered Chicago) 66½; cars 66½; B 66½; C (delivered Chicago) 66½; cars 66½; B 66½; C (delivered Chicago) 66½; cars 66

CAMP MONEY — Thomas F. Wiethorn, chairman of the General Motors Plant City Committee and manager of the Pontiac Fisher Body plant, presents a check for $18,750 to Boy Scout representatives. The check is the second of four payments General Motors Corp. has pledged on behalf of local GM divisions for the purchase and development of the Last Lake Reservation, a campsite for the Clinton Valley Council of Boy Scouts. Accepting the donation are (from left) Sam Ritchie Jr. of 157 W. Princeton, Anthony White of 456 S. Edith, and Cal Mayer, scout executive.

2 Shots Fired at Driver, City Police Told

Two shots were fired at a motorist from a following car on Branch near Walnut Saturday, Pontiac police were told.

Willie Buckner, 20, of 22 Beaudette told officers he was driving north on Branch about 5:30 p.m. when he noticed a car behind him with headlights blinking.

He said he heard a shot, turned onto Walnut, then heard another shot, which smashed through the rear window of his vehicle.

Police said they found the second bullet in the car.

Buckner told officers he lost sight of the gunman's vehicle moments after the attack.

White Lake Woman Hurt

A 53-year-old woman is reported in fair condition in St. Joseph Mercy Hospital after her car went out of control and left the road in White Lake Township early today.

Hospital officials said Matilda P. Schultz of 103 Danforth, White Lake Township, suffered lacerations.

She was driving north on Union Lake Road near Cooley Beach Drive when the car left the road and ran into a pole, according to Oakland County sheriff's deputies.

Falling Leaves Carry Branch to Auto's Roof

September may be the month of falling leaves, but Curtis R. Neal, 33, of 5240 Maybee, Independence Township, might think things are going a little too far.

Driving on Walton near Dill in Waterford Township yesterday morning, Neal's car was hit by a large branch which broke loose from a tree and fell on his car roof.

Neal told Waterford Township police he didn't notice anything until he got near the tree and it appeared that the tree was falling.

Carl W. Donelson — Donald H. Johns

For Your Convenience . . .

To visit the deceased and to attend the funeral with a minimum of inconvenience is often important to persons held close to their business.

$460 Is Stolen at Avon Station

Some $460 in cash was stolen from an Avon Township service station, it was reported to Oakland County sheriff's deputies yesterday.

* * *

An attendant at the Mark Line station, 2045 Aburn, told investigators three men drove into the station about 4 p.m. and the driver ordered gas.

He said two of the men entered the station office, apparently to use a telephone, while he was servicing the car.

* * *

After the three paid and drove off he discovered the top of the office floor safe out of place and saw that the money had been taken, he said.

Stereo Equipment Stolen From Car

More than $750 in stereo equipment was stolen from a Pontiac man's car while parked near his home, it was reported yesterday.

* * *

Volney Shafer of 20 Moreland told city police the loot included two turntables, four speakers and two microphones.

* * *

Investigators said it was undetermined how entry into the locked car was made.

Talk Slated in Tribute to Counselors

Dr. Seymour Wolfbein, former assistant secretary of the U.S. Department of Labor, will address the counselors of Oakland County schools Thursday as the highlight the area's Counselor Week.

* * *

The Oakland Area Counselors Association, the professional organization of some 350 school counselors in the county, has designated this week as Counselor Week.

A display will be in the Pontiac Mall and programs will be held in area schools to inform the public of the work of counselors.

Wolfbein, presently dean of the School of Business Administration at Temple University in Philadelphia, is considered a prominent authority in the area of employment.

* * *

He will conduct a workshop on vocational guidance at 1:30 p.m. Thursday in the auditorium of the Oakland County Courthouse. The workshop is open to the public.

LABOR POSITION

Wolfbein was assistant secretary and director of the office of Manpower, Automation and Training in the Labor Department from 1962-66. He had worked in the department since 1942.

* * *

Counselor Week is being directed by Dr. Robert Williams, director of guidance at Oakland Schools, and Terry Thomas, assistant director.

Bloomfield Twp. Schools Broken Into on Weekend

Two Bloomfield Township schools were broken into over the weekend.

Bloomfield Township police said that the Andover High School and the Way Junior High School were entered through broken windows sometime Saturday night.

* * *

The safe in the Andover school office was broken into and robbed of an undetermined amount of money. Only the desks were rifled in the Way school. Investigation is being carried on.

Police Action

Pontiac police officers and Oakland County sheriff's deputies investigated 203 reported incidents the past weekend.

A breakdown of causes for police action:

Arrests—15
Vandalisms—28
Burglaries—21
Larcenies—21
Auto Thefts—6
Bicycle Thefts—10
Disorderly Persons—11
Assaults—27
Arsons—1
Armed Robberies—1
Unarmed Robberies—2
Attempted Murders—1
Obscene Phone Calls—1
Property Damage Accidents—37
Injury Accidents—20

Pontiac Area Deaths

Petition 66-54 to change from R-F to AG: Part of Lot 7 of Supervisor's Plat No. 12, a subdivision of NE ¼ and part of NW ¼ of Sec. 11 and part of the SE ¼ of Sec. 2, T3N, R10E, Pontiac Township, according to the plat thereof recorded in Liber 30 of Plats, Page 48, Oakland County Records EXCEPT: that part thereof described as follows: beginning of the NE corner of Lot 8 of Supervisor's Plat No. 12, thence southerly along the westerly side lot line of said Lot 8 a distance of 316.20 ft. to the South 77°48'05" West and parallel to Bald Mt. Road a distance of 130 ft., th northerly and parallel to the westerly line of said Lot 8 a distance of 316.20 ft. to the Southerly line of Bald Mt. Road; th North 77°48'05" East along the Southerly line of Bald Mt. Road a distance of 130 ft. to the point of beginning; AND ALSO EXCEPT: all that part of said Lot 7 conveyed to the State of Michigan for Michigan Ave. right-of-way; and SUBJECT ALSO to Easements over part of said property as recorded in Liber 2315, Page 154, Oakland County Records. This is for a church and parsonage.

Persons interested are requested to be present at this meeting. A copy of the zoning map and the proposed changes is on file in the office of the Township Clerk and may be examined at any time.

GRETA V. BLOCK,
Clerk
Sept. 12 and 25, 1967

Flag of Anthem

The flag that inspired Francis Scott Key to write the U.S. national anthem had 15 stars and 15 stripes, for the original 13 states plus Kentucky and Vermont.

WWII Freighters

The United States still has about 800 of the Liberty freighter ships built for World War II.

In Memoriam 2

IN LOVING MEMORY of a LOVING husband, Phil Orencia who passed away 4 years ago September 26, 1963.
Loving memories never die.
As years roll on and days pass by,
In our hearts memories are kept
Of one we loved and shall never forget.
Sadly missed by wife Dolores and cousins Elisee and Frank Orencia.

Trading is not new — it started centuries ago, yet I hear people say "you'll get it all in the end." This is not so and I welcome the opportunity to prove it. I like trading business with individuals, and I'm sure you'll like trading with me. I'm sure you need to finding the home of your choice. If you do not see a deal that suits you, I'm a knowledgeable trader and will trade it.

Enjoys Ex-Mate's Bounty While Down Mexico Way

By EARL WILSON

NEW YORK — Ava Gardner's husbands never forget her . . . she's been living in Frank Sinatra's house at Las Brisas, Acapulco, Mexico . . . simply an ex-husbandly gesture by Frank who's too busy to go to Mexico now, though he's not only very welcome there but wanted there.

WILSON

The world's fastest-spreading rumor, that Sinatra might be barred from working in Nevada, including at Las Vegas Caesar's Palace where he has a new 3-year contract, is vigorously denied by the Nevada Gaming Commission. But friends are asking whether, in view of recent difficulties, he might decide he doesn't need the nightclub routine anymore, and give that all up.

The "Secret Marriage" rumors about Eddie Fisher and Connie Stevens heard earlier this year are around again . . . Pat Nugent checked in at the NY Hilton — white 10-gallon hat & all . . . Richard Adler and Susan Stein have a 10 a.m.-to-noon rapid reading course together . . . 21's Charlie Berns is getting out of a hospital after minor surgery . . . "My father was an exterior decorator," says Detroit's John J. Plomp. "A house-painter."

★ ★ ★

TODAY'S BEST LAUGH: Vaughn Meader says he's tried to imitate LBJ's voice: "But every time I do, I fall asleep."

REMEMBERED QUOTE: "To make a success of old age, a fellow has to start young."—Pic Larmour.

Comic Don Rickles, doing the Jerry Lewis TV'er, counted the musicians and sighed, "Too bad, Jerry. You have 30 men—Dean has 40." . . . That's earl, brother.

Fearful Farmer to Be Rescued

MANILA (AUPI) — President Ferdinand E. Marcos today ordered the Philippine air force to rescue a farmer who has spent 58 days in a coconut tree because he is afraid he will be killed if he climbs down.

He claimed his son was murdered by men trying to kill him.

Quirino Berja, 48, climbed to the top of the 60-foot tree near the town of Binalonan, about 180 miles north of Manila, after he reportedly got into a fight at his daughter's wedding.

Since that time, he has lived on soft drinks and food that friends put into a pouch tied to a rope. He pulls it up and hurls the empty soda bottles and coconuts at people he believes are intruders or may want to hurt him.

When newspapers carried stories about his plight, a team of 10 constables went to the tree to urge him to come down. They said they would protect him.

NOT ENOUGH?

Berja vowed not to come down until he felt he had adequate security and claimed that the 10 constables were not enough.

The Philippine air force is sending a helicopter to do the job.

Prisoner Picks Lock for Police

KANSAS CITY (AP) — Police officers had leg irons locked on Edward D. Mitchell when they brought him to jail from a Saturday night knife fight.

When they tried to get the irons off, the key broke.

A man being booked for drunkenness said he could help if he had a hair pin.

The jailers found one, and the drunk picked the lock.

Slaying, Suicide

FLINT (AP) — Floyd Nichols of Flint, who police said killed his wife and wounded a nurse in a hospital room, died Sunday from a self-inflicted bullet injury of the head. Officers said Nichols shot and killed his wife Gertha, 25, during an argument Friday in her hospital room. A nurse, Miss Eleanor Dickson, 32, suffered a gunshot wound of the left hand in trying to stop Nichols. After killing his wife he shot himself in the head with the 9 millimeter pistol, police said.

BREAK FROM BATTLE — A U.S. Marine assigned to the forward outpost at Con Thien, just below the demilitarized zone of Vietnam, relaxes during a lull in the North Vietnamese artillery barrages. Marines come under heavy bombardment daily at Con Thien.

Media Must Educate Public on Social Ills

By WHITNEY M. YOUNG JR.
Executive Director
National Urban League

Through the airwaves and newspapers, Americans are bombarded daily by millions of words of news reports. There isn't another country in the world where news flows so freely or in such abundance.

YOUNG

Despite this, most Americans aren't as well informed as they should be.

They get the facts—what happened today—but little of the background needed to understand the meaning of current events.

The media have a responsibility to inform the nation of news events, and this they do quite well, but they also have the responsibility to educate and enlighten Americans about the social problems of our times.

This is important because the nature of news coverage is such that the most sensational events get the biggest play.

Too many people get a distorted picture of events through a vivid film clip on television or a screaming newspaper headline.

★ ★ ★

Radio and television especially, have to provide balanced news and feature programming which will educate as well as inform.

The burden falls heaviest on them for two reasons. First, they reach many more people than other media and they have greater impact on their audience. And they operate on airwaves which belong to all citizens and which are granted to them by government license.

They have a responsibility to develop programming which increases the dialogue between minority groups and the larger community.

In our segregated society, the only way many white persons will ever hear the viewpoint of Negroes is through such programming.

Television has the power to bring Negroes into the living rooms of the most segregated neighborhoods. It can reach the many Americans in our affluent society who just don't understand what it means to be without a job or to live in a run-down ghetto neighborhood.

★ ★ ★

I think that part of the reason why Congress at first voted down the proposed rat-control bill this summer, is that there is so little communication and understanding.

The people who voted against the bill and who made such tasteless, insulting jokes about the rat problem, never had to worry that their sleeping children might be bitten by rats.

One way to reach such people and make them understand the daily problems of the ghetto is through enlightened programming.

Perhaps stations would be more aware of their responsibility if they employed more Negroes.

Federal law requires that any business holding a government contract must furnish proof of fair employment practices. Yet the FCC regularly grants valuable licenses to television and radio stations without such requirement, even though there are some notorious violations.

Death Comes to Spinster Who Stole $3 Million

PORTSMOUTH, Va. (AP) — Miss Minnie Mangum, spinster Sunday school teacher who embezzled nearly $3 million is dead at the age of 71.

She became ill Sunday at the church where she had taught for more than 25 years, went home to bed and apparently died in her sleep. She was dead on arrival at a Portsmouth Hospital.

★ ★ ★

Her sister, Mrs. Lillian V. Eure, with whom she lived, said she apparently suffered a stroke. She had one in prison several years ago.

Miss Minnie, as she was called by her many friends and business aquaintances, was paroled 2½ years ago after serving nine years of a 20-year prison sentence.

SAVINGS FIRM RUINED

Her arrest in December 1965 and the disclosure of embezzlements totaling nearly $3 million brought ruin to the Commonwealth Savings and Loan Association in nearby Norfolk where she had been employed for 28 years.

It was the largest embezzlement in Virginia's history and one of the largest on record in the nation.

★ ★ ★

A plump and jolly woman dedicated to church work and charitable activities, Miss Minnie appeared to live well within the income she earned as assistant secretary treasurer of the bank.

At her trial she said most of the money she took went to friends and family members as gifts and loans and to charity.

Early in 1956 she was tried on 16 indictments alleging the theft of $2,884,957.06. She pleaded guilty to 12 counts, including one of embezzling more than $1 million.

now look/new look This season there's a new surge of acceptance for the double breasted look—a look that's freshly tailored to contemporary tastes. In this case, Charter Club took all wool shetland twill and styled it in a four-button double breasted sport coat with soft shoulders. The coat, in a light olive earth shade, features flap pockets and side vents, at 39.95. Co-ordinating all worsted ivy slacks are $20. Other double breasted sport coats, in hopsackings, checks, plaids and stripes, range from 42.50 to $75.

Council to Blueprint Future City Development Backed

By DICK ROBINSON

Pontiac could soon have the nation's first all-encompassing area planning council to "reverse the tide of this city's urban decay."

A majority of 35 selected community leaders last night endorsed the joint plan of the Pontiac School District and the City Commission to coordinate long-range city development.

Proposed was the Pontiac Area Planning Council, an organization of city, school and community leaders, citizens and consultants to develop a "blueprint for city development" in a crash program by next July.

The council — an advisory body to the school board and commission — would draw up a future development plan and implementation studies of the plan's first steps at an estimated cost of $200,000 for the first year.

★ ★ ★

Schools, housing, transportation, economic aspects and social services would be among some of the study areas in the human relations effort to offer "the good life" in Pontiac, School Supt. Dr. Dana P. Whitmer explained.

HUMAN RELATIONS CENTER

A key project in the proposed study is the location of a multimillion dollar Human Relations Center, a campus-type facility to replace at least three elementary schools in southeast Pontiac in order to meet the educational and social needs of children and adults in the area.

Although the study would not be completed until next summer, Whitmer said enough progress would be made by early 1968 to decide pressing questions concerning the center, a new high school and a necessary school bond and-or millage election next spring.

Unanimous support was not given to the new body last night, but both Mayor William H. Taylor Jr. and School Board President Monroe M. Osmun said they felt the idea would be adopted.

★ ★ ★

The board of education and City Commission have scheduled a closed meeting next Monday to iron out some details of the plan with possible formal approval to be given the idea by both groups the following week.

Pontiac's proposal was nurtured by unique plans initiated in Pittsburgh and New Haven and upon the premise that the "most pressing concern of the 20th century" is to provide an environment where people can live and work freely, happily and without fear.

"We believe that the problem of our urban centers has become so complex," the proposal stated, "the importance of solving the problems so urgent, that we can no longer rely upon piecemeal, independent action or inaction by segments of our community, public or private, to achieve the level of coordinated developmental planning which is required now."

Such a planning council was advised by Dr. David Lewis, architect, who planned five "super" high schools in Pittsburgh to replace 23 secondary schools.

★ ★ ★

The architecturally striking school complexes, which draw students from large gerrymandered areas, are open around the clock for adult education, cultural affairs and possibly for public health agencies and other services.

'DARING GAMBLE'

Pittsburgh's attempt to solve the racial integration problem has been called "one of the most daring gambles in American education."

No Injunction on State Tax

Halting Michigan's new state income tax before it goes into effect Sunday appeared unlikely today with the refusal of an Oakland County Circuit judge to grant a preliminary injunction against the levy.

★ ★ ★

Judge William R. Beasley, however, told attorneys yesterday that the constitutionality question of the tax could be decided within a week if they submit written briefs on the merits of the case before Friday.

Pontiac attorney Richard D. Kuhn and cocomplaintant the Bruce E. Duke Co. of Farmington claim the new tax is illegal because voters are prohibited from calling for a referendum election on the matter.

"The people reserve the right to reject or accept legislative matters except in matters of deficiencies and appropriations for state institutions," Kuhn argued during the two-hour hearing before Beasley.

★ ★ ★

Kuhn contends that the act establishing the tax is unconstitutional because it contains both the words "deficiency" and "appropriation" and "no law must have more than one purpose," he said.

STRICTLY FORBIDDEN

The tax, according to Kuhn, also is a graduated one—2.6 per cent for individuals, 5.6 for corporations and 7 per cent for financial institutions — and thereby strictly forbidden by the state constitution.

Beasley, in denying the temporary relief, said Kuhn did not provide sufficient grounds that he would suffer irreparable harm if the tax went into effect.

Romney to Tell GOP Candidacy in October---AP

DETROIT (AP) — Michigan Gov. George Romney will announce formally next month that he is a candidate for the 1968 Republican presidential nomination.

★ ★ ★

The Associated Press has learned Romney will throw his hat in the national political ring shortly after returning to Michigan at the end of his tour through Negro slum areas of urban America.

Since Romney will be back Sept. 30, the announcement could come next week.

About six weeks after his return, the governor will tour Europe, including Poland and the Soviet Union.

★ ★ ★

Sources close to Romney said they have encountered unexplained delays, red tape and lack of cooperation from U.S. embassies in attempting to set up appointments for the governor in several European capitals.

CANDIDATE STATURE

But they feel if Romney were to travel as a full-fledged formal candidate for the presidency — rather than just a governor from one of 50 states — his stature would be enhanced immeasurably in protocol-conscious European capitals.

Romney's 15-day itinerary, it was learned, will take him to Rome, Paris, London, Brussels, Frankfurt, Berlin, Cologne, Bonn, Moscow and Warsaw. He will leave New York Nov. 16, and return to Detroit Dec. 2.

The itinerary is subject to change to enable Romney to meet foreign officials.

★ ★ ★

Romney has been trying to arrange national television time to declare himself a candidate for the GOP nomination.

In San Francisco last week, the governor said his supporters have been exploring obtaining prime television time for him to report on his tour of cities.

He added his 30-minute "report to the people" would not necessarily be confined to the urban trip.

Polls have indicated that Romney has slipped as a potential presidential candidate, mainly because of his charge he was "brainwashed" by U.S. officials during a 1965 visit to Vietnam.

★ ★ ★

Romney advisers have been cheered by mail response they contend is heavily in favor of his Vietnam views.

Poison Kills 10 Children in Mexican Border Town

TIJUANA, Mexico (AP) — Ten children are dead in an apparent outbreak of poisoning in this Mexican border town, 15 miles from San Diego, Calif.

★ ★ ★

Mexican state police rounded up about 20 dairy operators, cheese salesmen, store owners and other persons yesterday as parents from the city's poorest districts continued to stream to hospitals with their blanket-wrapped, retching children.

Authorities were checking milk supplies as a possible source.

Dep. Dist. Atty. Hector Valdivia said milk was found in the children's stomachs when pumped. But he added that milk is pasteurized in Tijuana and couldn't definitely be blamed until samples were chemically analyzed.

Valdivia said 10 children have been confirmed as dead, but Tijuana police said as many as 20 could die eventually. The dead ranged in age from three months to 10 years.

HOSPITALS JAMMED

Scores of children crammed the wards of the city's hospitals, some two to a bed. One hospital reported three dead and more than 60 ill.

Doctors worked feverishly to save the ailing children, but said several of them would not survive.

Physicians used universal antidotes and antihistamines to treat the poisoning, after pumping out the stomach of each child.

★ ★ ★

Dr. Jorge Salas Cepeda said six adults were suffering from the same symptoms as the children. He said the victims suffer from vomiting, diarrhea and general weakness.

★ ★ ★

Dr. James B. Askew, health director of San Diego, Calif., county, said several milk samples have been sent to San Diego for analysis. He said it would be 48 hours before the results were known.

Pontiac Press Photo

HOME FOR FOUR — Four Independence Township children allegedly were forced to live in this 20-by-12-foot shack (left of garage) at 9052 Ortonville. Facing charges of cruelty to children are Paul M. Maczko, 57, and his housekeeper, Mrs. Florence Lewis, 29, mother of the children.

Showers Are Likely; Temperatures to Fall

Showers or thundershowers are expected late today or tonight with winds southwesterly. Showers will bring cooler temperatures, the low tonight dipping to 42 to 48.

GOING TO RAIN

Variable cloudiness and cooler with brief showers possible is the forecast for tomorrow.

Mostly sunny and continued cool is the outlook for Thursday.

★ ★ ★

The low recording in downtown Pontiac prior to 8 a.m. was 55. By 2 p.m. the mercury had moved to 78.

Precipitation probabilities in per cent are: Today 60, tonight 70, tomorrow 30.

Britain Seeks Viet Peace Talks

UNITED NATIONS, N. Y. (AP)—British Foreign Secretary George Brown called today for immediate peace talks on Vietnam, but charged that Communist Hanoi has "declined to grasp the many opportunities to negotiate that have been offered."

In a policy speech before the General Assembly, Brown appealed for a settlement on the basis of the Geneva conference on Indochina.

"I see no reason why a balanced settlement embracing these principles should not be achieved on the basis of the Geneva agreements," Brown declared.

"Both the United States and North Vietnam have said this basis would be acceptable to them."

★ ★ ★

As cochairmen of the Geneva conference, the Soviet Union and Britain have authority to bring up Vietnam. Soviet Foreign Minister Andrei A. Gromyko remained adamant against the idea when Brown sounded him out over the weekend.

★ ★ ★

Vietnam is to come up again tonight when Dean Rusk, Brown, Gromyko, and France's Maurice Couve de Murville are guests of Secretary General U Thant at a "dinner discussion."

2 Charged in Child Cruelty

An Independence Township man and his housekeeper face charges of cruelty to children for allegedly forcing her four children to live in a 20-by-12-foot shack at 9052 Ortonville.

Two of the children also told Pontiac State Police that they had recently been padlocked to a chain hanging from the ceiling of an adjacent garage and forced to sleep on the floor.

Scheduled to appear before Waterford Township Justice Kenneth Hempstead at 2 p.m. Oct. 10 for preliminary hearings on the cruelty charges are Paul M. Maczko, 57, of the Ortonville Road address, and the children's mother, Mrs. Florence Lewis, 29.

They were released from custody after posting $300 cash bond each.

The children are Frederick, 9, Richard, 8, Catherine, 7, and Bernadette, 5.

NEIGHBOR COMPLAINED

State Police Detective Max Little said the investigation stemmed from a neighbor's complaint.

Little said the shack included a few rags used for bedclothes and "a chamber pot that was filled and flowing over."

He said the shack did not have a sink or toilet and that the children told him they were not allowed to use the bathroom in the house.

Little said the charge of cruelty to children — a felony — carries a maximum four-year jail sentence.

★ ★ ★

The children are being cared for by Oakland County Juvenile Court authorities.

Quake Hits Santiago

SANTIAGO, Chile (AP) — A sharp earthquake shook Santiago today, knocking cornices from buildings, cutting off electricity in some areas and sending people running into the streets in panic.

Divorce Trial Ends in Slayings

RAPID CITY, S.D. (AP) — A routine divorce proceeding ended in a blaze of gunfire yesterday, leaving the wife in the case and her attorney dead and the judge wounded. The husband was held without charge today.

Attendants at the Pennington County courthouse said the shooting broke out after Ray Bivins, a tourist attraction owner in his late 60s, was told by the judge that he would have to pay his wife more than $3,000 in alimony.

Dead are Mrs. Bivins, a plumpish, reddish-blonde of 53, and her lawyer, William Brady, 39, a father of four.

Circuit Judge Thomas Parker, 48, was hospitalized in satisfactory condition with a wound in the thigh.

★ ★ ★

Attendants said Parker had set the alimony when Bivins, a six-footer weighing over 200 pounds, advanced to the bench and said, "You've had your say, now I'm going to have mine."

BRANDISHED REVOLVER

He pulled a snub-nosed revolver and, according to court reporter Mrs. Frances Geyerman, announced: "I'm going to kill every s.o.b. in this courtroom."

(Continued on Page A-2, Col. 4)

Bell Grows to Meet Demand

New equipment and new facilities mark Bell Telephone Co.'s attempt to meet the current tidal-wave demand for service in Oakland County.

In the past year expenditures in the millions of dollars have resulted in new telephone offices, expansions, added switching equipment, more cable, expanded interoffice circuits and around-the-clock work.

From September 1966 to the present time, Michigan Bell has completed, or has started, five new central offices and office additions in Oakland County.

The fourth quarter of the 1967 year of operation still remains, and at the end of this 12-month period, the company will have spent more than $27 million to meet Oakland County growth, according to Charles B. Woodhead, public relations manager of the Pontiac District of Michigan Bell.

Woodhead said the company has increased the capacity of interoffice circuits substantially, reducing delays in calls from one exchange to another and cutting down on the incidents of busy trunk signals, which, Woodhead said, "we realize is one of the most thorny annoyances our customers encounter in placing calls."

NEWEST OFFICE

The newest central office in the county was put into service on Sept. 10, at Walled Lake. This is a $1.5-million facility serving about 4,000 subscribers in Walled Lake and some in Wixom. Located on South Commerce Road, north of Pontiac Trail, it replaces the former office at 320 N. Pontiac Trail and provides the newest in switching equipment including Touch-Tone (push-button) service.

Also in September, Michigan Bell inaugurated a long distance service improvement with the introduction of Automatic Number Identification (ANI) in Pontiac. The equipment makes long distance calling faster and more convenient for FE (33) subscribers by eliminating

Marines Take Brunt of Heaviest Red Fire

SAIGON (AP) — Embattled U.S. Marines at the strategic northern outpost of Con Thien today took the brunt of the heaviest sustained Communist firepower in Vietnam since the French defeat at Dien Bien Phu. The Marines hurled back 10 shells for each one fired at them.

More than 1,000 shells fell Monday on Con Thien, a scarred fortress 2½ miles south of the demilitarized zone and the key to the Marine defenses astride Communist invasion routes to the south. The Marines reported two dead and 202 wounded, and said they believe enemy losses are running high.

* * *

Sixty-three Americans have been killed around Con Thien in the three weeks since the Reds started a battle of attrition whose eventual goal, some observers say, may be control of South Vietnam's important northern tier provinces. U.S. sources say there may be as many as 35,000 North Vietnamese massed in and above the DMZ.

U.S. bombers and jets rained 800,000 pounds of explosives on enemy gun pits but the North Vietnamese fire continued.

DIEN BIEN PHU

It was their loss at Dien Bien Phu that convinced the French in 1954 to get out of Indochina.

The Red gunners raked other American installations in the battle area, including the Navy patrol boat base at Cua Viet. When the shelling started, the fleet of swift boats sped out to sea and called upon the nearby destroyer Morton to open up on the Red shore batteries.

* * *

Further north, the destroyer Mansfield was hit by enemy shore guns. One sailor was killed and two more wounded.

The Mansfield was shelling coastal barges near Dong Hoi when Red batteries opened up. One shell ripped a four-foot hole in the base of her forward stack and shrapnel flew through the fire room and passageways. The Mansfield shifted her fire to the shore guns and silenced them while dodging an estimated 47 shells that splashed into the water around her.

124 AIR MISSIONS

Spotty weather over North Vietnam limited U.S. pilots to 124 missions, mostly in the panhandle area stretching north from the demilitarized zone.

A few strikes went into the well-defended heartland. The most significant was a Navy raid on the highway and rail bridge a mile from the mining port of Cam Pha, the third biggest in North Vietnam and the port from which the Hanoi regime exports coal to pay for some arms purchases.

* * *

Although there were scattered skirmishes up and down Vietnam, the main ground action was at Con Thien, the sandbagged fortress 520 feet above sea level, atop a rolling hill of red clay. It commands the coastal plain below the demilitarized zone.

Besides the 63 dead at Con Thien this month, the Marines have lost 967 wounded—the equivalent of nearly a full Marine battalion.

* * *

Monday night and Tuesday morning, four waves of high-altitude B52 bombers laid down saturation raids in an arc as close as 2½ miles to Con Thien. This is as close as the big bombers ever come to friendly troop positions.

AP Wirephoto

MERCY FLIGHT—Infant Delfina Villarreal, a blue baby from Camargo, Mexico, a border town hit hard by floods and Hurricane Beulah, is transferred from an Army helicopter to a Civil Air Patrol plane on the second leg of a mercy flight from Rio Grande City to Galveston, Tex., for hospitalization.

British Envoy to Call for Viet Peace Talks

UNITED NATIONS, N.Y. (AP) — British Foreign Secretary George Brown planned to add his country's voice today to the mounting calls for peace talks on Vietnam, British sources indicated.

Brown was expected to warn against hopes of any quick East-West agreement, however.

The sources said Brown and Secretary of State Dean Rusk agreed in a private talk Monday that prospects for any sort of agreement on Vietnam at this stage were "none too bright."

In a speech before the 122-nation General Assembly, Brown was expected to dwell at least briefly on Britain's often-rebuffed proposal that the Geneva Conference be reconvened to seek peace in Vietnam.

SOVIET REFUSAL

As cochairmen of the Geneva Conference on Indochina, the Soviet Union and Britain have the authority to bring Vietnam before that body. But Soviet Foreign Minister Andrei A. Gromyko remained adamant against the idea when Brown sounded him out over the weekend.

British Prime Minister Harold Wilson forecast the British policy line Monday night when he described the Vietnam war as "one of the most murderous in history" and called anew for peacetalks.

Wilson said in a television interview in London: "If I thought that disassociating ourselves from any action of President Johnson would end the war, then I would disassociate."

Wilson's government has been under attack from Labor's own left wing for supporting Johnson's Vietnam policy. Informants said Brown asked Rusk Monday for "something I can tell the voters" about the war.

New Plan Eyed by Blue Shield

GRAND RAPIDS (AP) — Officials of Blue Shield, the medical care insurance program, plan to seek state approval for greatly expanded coverage that would pay for prescriptions and doctor house calls.

John C. McCabe, Blue Shield president, revealed the plan today at the annual meeting of Medical Service Corp. in Grand Rapids.

He said if the plan is approved by State Insurance Commissioner David J. Dykehouse it would be offered to subscribers in 1968.

* * *

Group subscribers would pay from 2 to 15 per cent more for the expanded coverage.

Under the plan, McCabe said there would be no fixed fees for doctors and payments would not depend on the subscriber's income.

It would cover general medical care for an unlimited period, eliminate in most maternity coverage the requirement that a participant be insured for nine months before birth of a child, liberalize emergency first aid coverage and pay for inpatient psychiatric treatment.

NATIONAL WEATHER—It will be clear to partly cloudy over most of the nation tonight, except for showers in southern California, the lower Great Lakes, and northern New England. It will be warmer in the Northeast and along the south Atlantic Coast, but colder over most of the midwestern states.

Roaring Rio Grande Pounds Texas Town

HARLINGEN, Tex. (AP) — Rampaging Rio Grande floodwaters pounded relentlessly through this lower valley city today, with at least 200 homes inundated by the wild waters unleashed by deluges from Hurricane Beulah.

* * *

Damage estimates mounted past the $1 billion estimated by state and federal officials after Beulah struck the Texas-Mexico Gulf coast a few miles southeast of Harlingen.

Harlingen residents, among them owners of some of the city's most expensive homes, fled before the flood's fury. They joined thousands left homeless by Beulah's 160-mile-an-hour winds, giant tides and massive rains.

* * *

The death toll from Beulah and tornadoes spawned by the hurricane-created turbulence stood at 44, including 11 in Texas and 33 elsewhere in the big storm's wake from the Windward Islands through Mexico's Yucatan Peninsula.

100,000 HOMELESS

In 17 cities, not counting 4,500 Mexicans who sought emergency shelter in private U.S. homes. The Mexican government counted 100,000 homeless on its side of the Rio Grande from Camargo 100 miles downstream to Matamoros, near the river's mouth.

* * *

The flooding became serious Sunday night after a diversion dam on the Arroyo Colorado broke, sending tons of water down that wide diversion channel. Conditions worsened Monday when another floodway diversion structure broke at Madero, further upstream.

An International Boundary and Water Commission spokesman said late Monday night the situation would get no better during the next two days.

Volunteers labored through the night sandbagging levees along the Arroyo Colorado, used as a diversionary channel in the multimillion-dollar Rio Grande floodway.

* * *

National Guard troops stood by ready to move patients from the Texas Tuberculosis Hospital, 300 yards from the Arroyo where the water was rising about one inch per hour.

Evacuations continued into the morning as hurriedly stacked bags of sand held back the water elsewhere. At one Harlingen street, the level was two feet up the side of a 4½-foot dike.

Two Slain, Judge Shot in Divorce Trial

(Continued From Page One)

Brady told Bevins to put the gun away, witnesses said.

"I got up and stood beside Brady," recalled State's Atty. R. J. Brennan, 39, who was representing Bivins. "Bivins stepped to within two feet of Bill and pulled the trigger.

* * *

"I just couldn't believe it. I didn't see any blood and I thought it was a blank. Then Bill started to lean toward me and fell to the floor. I immediately dropped to the floor to see if I could help him."

MRS. BIVINS SHOT

Then Mrs. Bivins was shot.

"When I stood up again," said the slim greying Brennan, "Bivins had the gun pointed in my direction. As I dropped to the floor he fired again. I rolled under the table."

* * *

The judge, a bespectacled, stocky man, threw his heavy, leather swivel chair over the bench at Bivins.

BIVINS, JUDGE GRAPPLED

Brennan, an ex-paratrooper who was a World War II prisoner in Europe, arose to see Bivins and the judge grappling. Another shot wounded Parker.

* * *

"Tom had Bivins from behind and was holding his right arm," said Brennan. "I reached in and grabbed that arm too, and wrenched the gun from Bivins' hand.

State Mishap Kills 1 Teen, Injures Eight

HILLSDALE (AP) — A car loaded with nine teen-agers ran off a county road today at high speed, rolled over and burst into flames. One boy died. Five youths and three girls were injured, some critically.

State Police said two troopers who came across the wreckage 1½ miles west of Hillsdale tried in vain to quell the flames with a fire extinguisher.

* * *

The youth killed was trapped inside the burning auto. Almost seven hours after the crash authorities still were trying to identify him.

The eight others either were pulled from the wreckage by troopers or got out themselves, officers said.

HOSPITALIZED

The injured were taken to hospitals at Hillsdale and Ann Arbor, suffering burns, broken bones and internal injuries, police said.

20 Overdue Fishermen Are Still Being Sought

FRANKFORT (AP)—Authorities today continued attempts to track down some 20 fishermen still reported overdue after a vicious squall that lashed hundreds of boats and left seven dead over the weekend.

The Coast Guard said that all who fished in the area from Point Betsie to Frankfort Saturday and have since returned home are urged to call the Frankfort police.

* * *

"We think this will bring down the county count of overdue fishermen even more," said one Coast Guardman.

The Coast Guard used a helicopter with a loudspeaker and two boats Monday to shoo fishermen off the lake who went out to cast for Coho salmon despite small craft warnings.

150 BOATS REPORTED

As many as 150 boats were reported in the area around the mouth of the Platte River despite seas up to eight feet near by.

No boats were reported swamped or capsized, the Coast Guard said.

At sunset, the Coast Guard reported that only 18 boats were in the sheltered bay, and that the waters were calm and the boats were staying near shore.

"Evidently, they're smartening up a little bit. None attempted to come around the point," said Lt. Warren Baker of the Traverse City Coast Guard Air Rescue Station.

30 REPORTED OVERDUE

Baker said the Coast Guard still had 20 persons reported overdue from the storm. Seven bodies have been recovered so far.

Baker said he could not say whether the fishermen reported overdue were actually missing or had just failed to report their whereabouts to authorities.

Funds for Jail in New Budget

All County Employes Will Get Pay Raises

Oakland County will take advantage of a "prosperity budget" to give raises all around and set aside some $1.2 million for a new jail.

The $1.2 million will come from the state income tax which wage earners will begin to pay in October.

A review of the country's, $21,134,000 proposed budget was held this morning before a special meeting of department heads.

In the proposed budget was the first official announcement that funds would be set aside for the jail in 1968.

The proposal will be up for approval by the board of supervisors at Monday's 9:30 a.m. meeting at the County Center.

A new county jail has been under consideration for a time. With funds being provided, specifications should be completed and contracts drawn up sometime late next year.

According to Daniel Murphy, chairman of the board of auditors, who called today's meeting, the county will receive its first funds from the new state allocation in April. The amount is expected to total $1.2 million for the three-quarters or a year.

It was also announced by Robert E. Lilly, auditors' vice chairman, that for the first time in many years county revenues were at a point that salary increases averaging from 7 to 20 per cent can be provided for 1,800 county employes.

Some 106 new persons are to be hired, bringing most departments up to strength, also an unusual development, Lilly pointed out.

Poverty Panel Study Planned

Reorganization of the commission fighting poverty in Oakland County will be considered at a 7:30 p.m. meeting tomorrow at 1 Lafayette.

A recommendation to study the move will be made by the nominating committee of the commission governing the Oakland County Office of Economic Opportunity.

The reorganization plan hopes to have commission members take a more active part in the programs.

The commission also will consider its budget for 1968. Available funds are expected to be about the same as last year, just over $1 million.

Recommendations are to continue present programs with some modifications not involving expenditures.

Commission to Study Vote on Tax Basis

City commissioners are scheduled to discuss results of last week's advisory election at their regular meeting tonight.

The commission may adopt or order for adoption a resolution calling for enactment of an income tax which would be effective Jan. 1.

In last Tuesday's advisory election about 25 per cent of the registered electors turned out to indicate they favor an income tax rather than a hike in the property tax rate to meet pressing municipal financial problems.

The vote was 4,883 in favor of the income tax and 2,606 for a four-mill hike in the property levy.

* * *

The income tax, commissioners have pledged, would be accompanied by a three-mill decrease in the present 10-mill property tax levy for operating expenses.

APPOINTMENTS

The commission is scheduled to make appointments to the Zoning Board of Appeals and to the Human Relations Commission.

Birmingham Area News

Talks Set on Assessment for Parking Structure

BIRMINGHAM — City commissioners will meet with tenants and property owners in the central business district tonight to discuss a proposed 20 per cent assessment for a new parking structure.

Commissioners last night scheduled a public hearing for Oct. 9 based on the 20 per cent figure.

The remaining 80 per cent of the estimated $1,824,000 cost of the parking facility would be paid entirely through parking revenue, according to projections supplied commissioners by City Treasurer James Purkiss.

Though the city's first parking structure was built with a 10 per cent assessment against benefited merchants, commissioners have expressed concern that unless a 20 per cent assessment is levied for the new facility there would be little, if any, parking revenue surplus for future construction.

* * *

This will be the major topic of the 8 p.m. meeting today with merchants in the commission chambers at City Hall.

701-CAR CAPACITY

The new structure, being designed by the Birmingham architectural firm of O'Dell, Hewlett & Luckenbach, Inc., is to be built on the municipal parking lot bounded by Merrill, Pierce and Brown and will have a capacity for 701 cars. The surface lot now has 232 spaces.

City voters will be asked in a special election Nov. 7 to approve the sale of general obligation bonds, which would assure the payment if parking revenue did not meet projected income.

Construction of the five-level structure could begin in February if the bonding is approved, according to city officials.

* * *

The appointment of a new superintendent of the department of public works was approved by the commission.

The post, vacant for several months with the resignation of Thomas Brien, will be filled by Arnold P. Blethen, presently director of planning for the base civil engineer at Selfridge Air Force Base.

* * *

Blethen, retired from the U.S. Army Corps of Engineers with the rank of lieutenant colonel, will assume his new duties Oct. 9.

Area Youth to Get Post in DeMolay

Stephen T. Peterson of 6146 Andersonville, Waterford Township, will be installed as master councilor of Cedar Chapter of DeMolay Saturday. The 8 p.m. ceremony will be at the Masonic Temple in Clarkston.

Michael Yarbrough of 5220 Maybee, Independence Township, will assume the duties of senior councilor and Michael Thomas of 1654 Viola, Brighton Township, will be installed as junior councilor.

The former master councilor of Cedar Chapter, Charles Merz of 3845 Dorothy, Waterford Township, will install the officers.

Concluding the ceremony will be a "DeMolay Flower Talk" by Joseph E. Saul, of 4240 Roseberry, Waterford Township, a Masonic member of Cedar Lodge.

* * *

Peterson is a senior student at Waterford Kettering High School where he is active in dramatics, tennis and skiing. He is the son of Mr. and Mrs. J. Thomas Peterson.

City Planning Unit Endorsed

(Continued From Page One)

An urban expert from New Haven also told Pontiac officials of ways that city has been rejuvenated through large federal grants in the past 13 years.

Modifications of what has proved successful in New Haven and what is being tried in Pittsburgh is being incorporated into the local proposal which is said to be "potentially the most significant in the Pontiac area's recent history."

* * *

Among the major functions of the council — the first such joint effort of the governing body and school board — would be to absorb the functions of existing ad hoc citizens' committees.

COMMITTEES NAMED

Both the city and school board have appointed committees on human relations, for example.

Pontiac Area Planning Council, which would include all of the Pontiac School district, would be headed by a 28-member board of governors.

Among the members would be the mayor as chairman; school board president, vice chairman; mayor pro tem, school board vice president, chairman of the Oakland County Commission on Economic Opportunity or his appointee and president of the Pontiac Area United Fund or his appointee.

Twenty-two other members would be appointed from governmental units, industry, labor, commerce, religious bodies, news media, colleges, and civic and cultural groups.

TASK FORCES

Under the board of governors would be a seven-member administrative committee composed of full-time school and city employes, a project director, consultants and task forces of citizens.

Whitmer told the group the $200,000 in first-year costs for the study to be called Profile Pontiac, 1980, would be obtained by $50,000 of appropriations by each the school district and city and the rest would be solicited from grants from industry, labor, foundations and federal agencies.

"Continuing costs in the second and subsequent years should be reduced by 75 per cent or more," Whitmer said.

* * *

Most critical of the plan of those at the meeting was Commissioner Robert C. Irwin. He said:

"We are over-emphasizing the need for coordinated approaches and underemphasizing the powers of the constituted bodies we already have."

'CHECKS AND BALANCES'

He said he thought the organization's structure provided no direct response to the electorate and that the council idea could "get away from the system of checks and balances."

Much of the dialogue between the city and school officials concerned questions on informational items and words of praise for the idea from the selected guests.

Satellite Will Transmit Newspaper

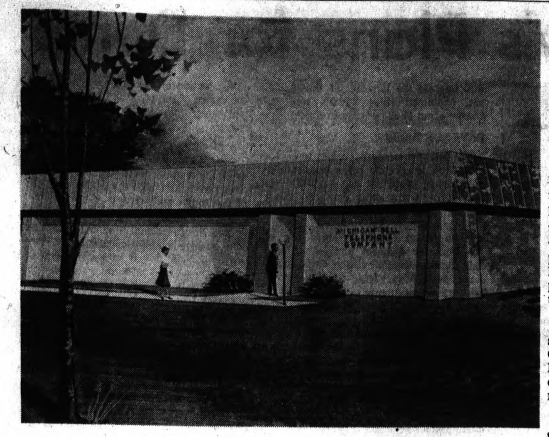

The transmission by satellite of a full-size newspaper page for the first time, opening up a new era in international press communications, will be one of the most dramatic features at the XXIII General Assembly of the Inter American Press Association, to be held in Puerto Rico Oct. 13-20.

The first page of The London Daily Express will be sent from the British capital to San Juan by satellite and cable, traveling 50,000 miles in less than 15 minutes.

The facsimile transmission will be part of a demonstration of the latest telecommunications techniques especially prepared for the IAPA Assembly by the American Newspaper Publishers Association with the cooperation of American Telephone and Telegraph, Canadian Telecommunications Corp., Litton Communications, the London Daily Express, El Mundo of San Juan, Teletype Corp. and the Washington Post.

The demonstration, to take place at El Mundo's plant in the afternoon of Oct. 17, will also include sending by Datel — High Speed Data Transmission — a news story from London to San Juan at the rate of 1,300 words per minute. This would fill approximately 1½ newspaper columns.

Bell Grows With Area

Pontiac North Office In Orion Township Completed About Year Ago

(Continued From Page One)

the need for a caller to repeat his number to an operator for billing purposes.

To be completed soon is a new microwave tower on top of the Bell office at 54 E. Huron in Pontiac. It will be connected to the intrastate long distance network and is part of the over-all program to expand and improve long distance service. It will provide about 200 more long distance circuits.

* * *

One of the most recent construction starts in Oakland County is an expansion of the Farmington central office to be completed next June at a cost of more than $1 million.

* * *

Michigan Bell is adding about 8,000 square feet of space with a 42-by-100-foot addition two stories high. The cost of the addition, together with added central office equipment, will amount to about $1.2 million, the company said.

NEW PONTIAC OFFICE

The new Pontiac North office was completed about a year ago at a cost of more than $1.2 million. The North office is located in Orion Township at Waldon and Baldwin, serving subscribers in Pontiac as well as Lake Orion, Drayton Plains, and Clarkston. This facility also provides more subscriber lines and central office circuits to handle increased usage and demand for service in that area.

Less than a year ago, Michigan Bell opened a new central office in Clarkston on US 10 and Maybee. Replacing older facilities in the community, the new $1.5-million system provides improved local and long distance service and offering Touch - Tone telephones. ANI equipment was also included in the new system to give Clarkston one and two-party subscribers faster service on long distance calls.

Within the year, a new dial system was placed in service in Rochester. Among the larger buildings erected by Michigan Bell in the year's period, the office at Tienken and Wiary is a double-wing structure providing more than 7,000 square feet of space to house new equipment and service quarters.

* * *

Woodhead said the Rochester project represents an outlay of $1.3 million, including the cost of the building, added central office, equipment, outside plant, and the building site.

The $27 million that Michigan Bell will spend in Oakland County by the end of the year, follows a $24-million outlay that was made in 1966.

* * *

Woodhead said that in the four most populated communities in the county — Pontiac, Royal Oak, Birmingham and Southfield — Michigan Bell has added about 28,000 telephones in a year's time, "an explosive rate of gain, more forceful than in any other location in the company's territory."

1,600 ROTC Scholarships Are Available

Congressman Jack McDonald, R-19th District, today announced that the Army will award 1,600 Army ROTC scholarships for the school year 1968-69.

To be eligible for a scholarship, an applicant must be a male United States citizen who meets the prescribed physical standards.

Applicants for the four-year awards must not have reached their 21st birthday by June 30, 1968, and they must be 17 by Oct. 1, 1968.

The two-year award applicants must be under 23 years of age on June 30, 1968, and must be a Cadet in good standing in the second year of his ROTC training.

* * *

For Michigan residents, application forms and detailed information on the four - year scholarship program may be obtained from the Commanding General, 5th Army, Attention ALFAZ-ZB, Fort Sheridan, Illinois 60037.

Commerce Twp. Vetoes County's Plans for Dump

By BETTY ANN SCHULTZ

COMMERCE TOWNSHIP — An emphatic "no" was spoken here last night to a proposed county dump.

Someone said it was a "good battle." Afterwards, however, it was friendly. The two sides shook hands and complimented each other for notable performances.

There was hearty applause from the some 60 Commerce Township residents present when they heard the Township Board of Appeals last night unanimously deny the Oakland County Road Commission's request to operate a public landfill on a tract east of Benstein and south of Sleeth roads.

* * *

The request involved 10 of the 65 commission-owned acres there. The commission's plans were to increase the land-fill area to 24 acres according to need, said a commission spokesman at the heated Aug. 30 public hearing on the land-fill.

The appeals board's decision was the red light in this matter.

LICENSE, LOAN RECEIVED

The road commission had already received a license from the Michigan Department of Public Health and an initial loan of $200,000 from the Oakland County Board of Supervisors.

The loan was for the purpose "of inaugurating a sanitary land - fill program," said David W. Hasse, director of permits and special uses for the road commission. He said the commission will be meeting this week to discuss the land-fill program.

The Commerce Township site "is still good for a land-fill," Hasse said. He also asserted that the midwest part of the county needs a land-fill.

* * *

The commission plans to continue using the 65 acres as a source of gravel and an area to dispose of diseased trees and litter from roads, Hasse said. It also is growing about 150 trees on the site.

GRAVEL REMOVAL PLANNED

He reported that the commission will "definitely" take out the 130,000 tons of gravel and may take out some of the 1.8 million tons of sand.

The commission may also use the area as a land-fill for the county, "if necessary," said Hasse. Such usage is permitted, the county spokesman asserted.

The present litter disposal use of the parcel was objected to last year by the State Health Department. "The department told the commission to acquire a land-fill license if it wished to continue to put litter there," recounted Hasse.

The commission decided it might as well operate the land-fill for the public, too, explained Hasse. Plans were to charge about $1.50 per ton of refuse.

REVENUE BASIS

The land-fill would have had to be operated on a revenue basis because the commission could not use funds for the project from any other sources, said Hasse.

When asked about continued use of the land for disposal purposes, Hasse said that the state's existing dump areas have until May, 1968, to conform to sanitary requirements of State Act 87 or cease operation. He added that the State Department of Health has enforcement power.

The Township Board of Appeals' decision came after a 10-minute private conference. The audience, which filled the town hall meeting room, heard a concise, five-point denial of the road commission's request.

The five points were:

- Location of the proposed project in the center of the township, near a school and accessible from only four local roads.
- A letter from the Walled Lake Board of Education expressing concern over the safety of school busses and their passengers with the increased traffic due to the refuse trucks.
- A statement in the Detroit Metropolitan Area Regional Planning Commission booklet of 1964 claiming that the township was not a suitable land-fill site because of lack of proximity to main roads.
- An article in a national magazine from which the Board of Appeals estimated the increased traffic on township roads if it approved the land-fill.
- The possible pollution of nearby rivers and lakes.

* * *

Preceding the decision, the road commission spokesmen and township residents presented their opposing views.

AREA NEWS

Bids Awarded for Additions to Milford High

HURON VALLEY — The board of education awarded bids last night for additions to Milford High School totaling over $1 million.

* * *

Because bids were about $200,000 more than estimated by architect Richard Prince and Associates, Kalamazoo, the board will meet tomorrow with teachers and the architect to consider reductions in the plans.

* * *

..Presently, 29 reductions have been recommended with eight more suggested as possible, said administrative assistant Gerald Kratz.

The additions include a science complex, art room, industrial arts room, music facility, instructional materials center, physical education facilities and classrooms.

* * *

Plans also include alterations of the administrative offices and renovation of other parts of the high school.

CONSTRUCTION BID

The general contrction bid was awarded to Dale E. Cook Construction Co., Pontiac, for $629,000. Inter-Lakes Mechanical Construction Co., Union Lake, will do the mechanical work for $367,519. Schultz Electrical, Pontiac, received the eletcrical work on a bid of $133,000.

The amount of the bids may be altered when the board of education makes the reductions.

The additions will increase the high school capacity by 500 students to a total of 1,600 students by fall 1968 reported Kratz.

* * *

Also at the meeting, the board ratified the master teachers' contract.

Firemen Will Fire Gun

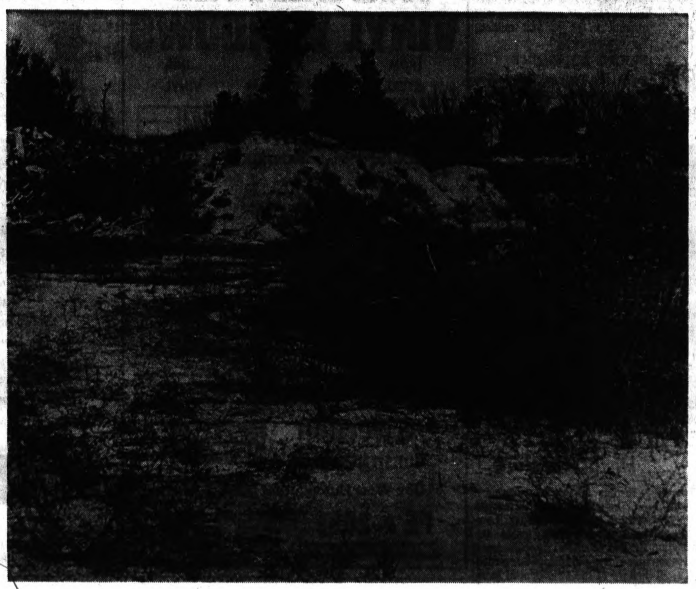

AVON TOWNSHIP — Members of the Brooklands Fire Department will demonstrate usage of a new foam gun in the control of liquid propane fires at 1:30 p.m. Sunday at the end of Clarewood Street in Avon Manor Subdivision. The public is invited to attend.

Sailor Killed in Viet

A View Of The 10 Acres Proposed By The County For A Land-Fill Site

Keego Harbor Switch to City Water Will Be Possible Within Two Weeks

KEEGO HARBOR — The switch from private well water to city water will be possible within two weeks.

And if the water purity tests, now half done, go smoothly, residents and businesses could begin bookups at the end of this week, said Oakland County Department of Public Works engineer George Shutte, in charge of the project.

Requirements for hookup include a $400 capital charge which represents each property owner's share of the main line installation cost of $586,000. This can be paid all at once or in installments to the county public works department.

The fee for the connection from the main pipe to the property line is $189 for single-family residences. The cost for businesses depends on the size of the connection and meter. This fee is also to be paid to the county public works department.

The average fee for hookup from the property line to the house is $125, Shutte estimated. Both he and City Manager Gary Dickson added that residents and businesses don't have to connect to city water if they don't want to.

A $5 fee to the city is also required. This is for inspection of the connection from the property line to the house.

Shutte expects about 100 connections within the next year. The city now has about 780 homes and 90 businesses, said Dickson.

The system, providing Detroit water, has been designed to pump a maximum of 1.75 million gallons per day. This maximum day demand figures 4,385 persons will be drawing water from the system, explained Shutte.

Iacobelli Construction Co., Warren, has laid about 11½ miles of main line since last November. The project also includes 97 fire hydrants.

Cityhood-Plans Meeting Set

WOLVERINE LAKE — The citizens committee of the village is holding a public meeting tomorrow at 7:30 p.m. at the Walled Lake High School to inform residents of plans to incorporate as a home rule city.

The plans to incorporate the village and parts of Commerce Township were first announced at the Sept. 11 Village Council meeting by Clifford Cottrell, village manager and head of the citizens' committee.

* * *

The committee, which began circulating incorporation petitions Sept. 9, now has about six petitions out, reported Cottrell.

Supervisors Set Oct. 19 Hearing

Avon's City Bid Scrutinized

AVON TOWNSHIP — Interest is expected to pick up next week in the township's bid to incorporate as a city, due for a County Board of Supervisors' public hearing Oct. 19.

The pros and cons of governmental relationships and their effect on the future of the Rochester-Avon area will be subject to scrutiny at a series of meetings beginning next Tuesday night at the Rochester Elks Lodge.

Scheduled at that time is the first meeting of some 40 Avon-Rochester community leaders, representing all facets of the population, at a continuing institute conducted by the Michigan State University's Institute for Community Development.

The meeting is not open to the public.

Dr. Duane Gibson and Edmond Alchin, director and training specialist, respectively, of the institute, commented, "Now is a good time for the leading citizens of the area to take a long look at what the area is likely to be like ten or 20 years from now."

* * *

Sponsored in the eastern Oakland County area by the Rochester Area Jaycees, the institute has performed similar functions in Mount Morris north of Flint and is engaged in a long-range planning program in Lenawee County. The institutes are in part supported by the university.

AN OBJECTIVE LOOK

Said Dr. Gibson, "By mutual agreement the program will be an objective examination of the Rochester-Avon area in relation to the metropolitan areas of Detroit and Oakland County.

"What they are facing now is not only a land use problem, but a long-range type relationship within the governmental structure which would include sitting together to determine land use and rezoning problems to the benefit of the entire area," Gibson said.

He continued, "We have pulled together data and information of all types of studies that have been done. They have become in part the basic content for examining questions of change and the meaning of those changes in the Rochester area."

* * *

"It is our intent," he said, "to get as many informed people who will use the information objectively to inform others and thus arrive at more effective and meaningful decisions about the future."

The local chairman of the institute is Dr. Donald E. Ruesink of the Rochester Jaycees. Although sessions of the seminar are not public, he said, a report would more than likely be made available at the end of the eight-seminar institute.

Marine Band Sets Rochester Concerts

ROCHESTER—The Bandboosters Club will sponsor the United States Marine Band in two concerts Oct. 9 at the Rochester Senior High School gymnasium.

Mrs. Gordon Morseth, 644 Apple Hill, Avon Township, ticket chairman, said proceeds would be used to purchase new uniforms for the senior high school band.

The concerts are at 1:30 and 8 p.m. Tickets are currently available at Smiley Brothers Music Co., 119 N. Saginaw, Pontiac; Morley's Drug Store, 340 Main, Rochester; and Welch's Gift Shop, North Hill Plaza, Avon Township.

The Marine Band, directed by Lt. Col. Albert Schoepper, is in its 169th year. It is the only musical group that plays regularly at White House social functions.

Utica School Board Slates Nov. 21 Millage Election

UTICA — The board of education here last night set Nov. 21 as the date for an election to renew an 11-mill tax levy.

Oct. 20 is the deadline for voter registration.

Dependent on the renewal is the construction of a new junior high school, the construction of three new elementary schools, and the opening in February of the $3 million Adlai Stevenson High School, now under construction.

Bids for the elementary schools ($2.9 million) were awarded three weeks ago, while the board last night awarded bids for the projected junior high.

Superintendent Phillip Runkel stated the necessity for the renewal, "These 11 mills, which we will no longer be able to levy without voter approval, represent almost half of all our operating millage from local taxes. It would be impossible to operate this school system without these funds."

He added that the Utica Community Schools within the next 12-to-18 months will be opening over 180 elementary, junior high and senior high classrooms.

FULL SCHOOL DAY

If the levy is passed, every student in the system, by next year, will be on a full school day, including the senior high students, Runkel said.

The board will hold a Citizens Committee meeting on the tax proposal at the Shelby Junior High School Thursday, at 8 p.m.

In other action last night, the board awarded basic constructional bids totaling $2,731,568 for a new junior high school to be built on 17 Mile Road in Sterling Township.

The bids were awarded to: F. W. Markward of Roseville, $1,718,756 for construction; J. F. Cavanaugh of Detroit, $703,003 for mechanical work; and Shepper's Electric of Utica, $309,800 for electric work. Other bids including classroom furniture and equipment will be decided on within 30 days.

A model of the 1,200-student structure was selected for exhibit at the national meeting of the National Council of Schoolhouse Construction Oct. 2-5 in Detroit.

Water Service Hinges on Study

LAKE ORION — Tentative agreement to provide water service to a proposed retirement village in Orion Township hinges on a capacity study of Lake Orion's water supply.

Village councilmen last night indicated they would probably okay the sale of water providing the project, proposed by Detroit developers, gets zoning approval from the township and that the necessary right-of-ways for waterlines are obtained from the New York Central Railroad.

At issue are the plans of Holtzman and Silverman to construct retirees' apartments on 49 acres on the north shore of Long Lake.

In other business last night, the council deferred action on creation of a superintendent of cemeteries position to manage the two village-owned cemeteries.

* * *

The cemetery board had recommended such a position plus acquisition of a temporary shelter and equipment at a recent meeting.

A decision by the council will await a three-year project study involving costs and labor. Meantime, the cemeteries will remain under the Department of Public Works.

Troy Man Bound Over in Child Cruelty Case

TROY—Howard E. Daniels, 42, of 1153 E. Maple, charged in the bathtub scalding of his 6-year-old stepson, was bound over to Oakland County Circuit Court yesterday after a hearing in Troy Municipal Court.

* * *

Daniels, a custodian in the Royal Oak School system is free on $5,000 bond. He will be arraigned on the felony charge before Judge William J. Beer at 2 p.m. Nov. 13.

RICHARD J. SHARKEY

Nydeco Appoints General Manager

TROY — The appointment of Richard J. Sharkey of Beverly Hills as general manager of the Nydeco Products Division of Nylok-Detroit Corp. has been announced by President R. B. Wallace.

* * *

Nydeco Products at 2830 Elliot is a full line fastener distributor currently stocking ferrous, nonferrous, and stainless steel parts.

For the past nine years, Sharkey has been a salesman with Bamal Corp. in Detroit, one of the largest fastener distributors in Michigan.

Cranbrook Events

Following is a list of special events taking place at the facilities at Cranbrook on Lone Pine Road in Bloomfield Hills this week.

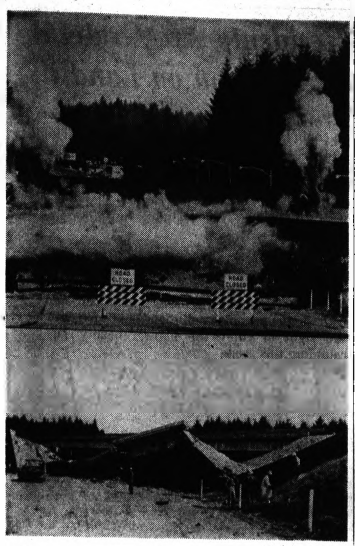

CRANBROOK ACADEMY OF ART GALLERIES — Maija Grotell — Ceramics by the recently retired head of the academy's ceramics department, Sept. 19-Oct. 15. Admission.

GARDENS OF CRANBROOK HOUSE—Formal and casual plantings, cascades, statuary and pine-walks—open Tuesdays through Fridays from 1-5 p.m. and 10-6 p.m. on weekends. Admission.

CRANBROOK INSTITUTE OF SCIENCE — Museum showcase exhibits of rocks, scientific displays, and displays of plant and animal life in the United States. Admission.

PLANETARIUM — Reopens tomorrow with public demonstrations on Wednesdays at 4 p.m. and on Saturdays and Sundays at 2:30 and 3:30 p.m. Demonstrations this month are Harvest Moon and Autumn Stars. Admission 35 cents

ATOMARIUM — Demonstrations Sunday at 3:30 p.m. and by appointment.

AP Wirephoto

THAT BLASTED BRIDGE — The Washington State Highway Department used 500 pounds of dynamite to blow up a 13-year-old two-lane bridge which had been used to carry Interstate 5 traffic across Martin Way just east of Olympia. The new bridge in the background will carry the freeway traffic now.

GOP Senators Rap Dem's Job Program Rider

WASHINGTON (AP) — Senate Republicans attacked Sen. Joseph S. Clark's $2.8-billion amendment for launching an emergency job program but made no formal move to knock it out of the administration's antipoverty bill.

★ ★ ★

Senate Republican leader Everett M. Dirksen said Monday in the first day of debate on the bill that if the emergency job program proposed by the Pennsylvania Democrat is retained at all, it should be only on a pilot basis.

★ ★ ★

Referring to President Franklin D. Roosevelt's Depression days programs for creating jobs in the 1930s, Dirksen said: "I hope we are not going again into the same grim thing of made work, in which money was scattered about the country with nothing to show for it."

The Clark plan would create 500,000 government jobs in the next two years.

EXPENSE ATTACKED

Republicans also attacked the rider as exceeding President Johnson's budget.

But one GOP senator said privately today he thought any move to scuttle the plan should come from a Democrat.

★ ★ ★

"President Johnson says he is against this," the senator told a reporter. 'If so, it's up to the administration to get some one from its side to strike it from the bill."

Democratic leader Mike Mansfield declined comment.

Clark, floor manager for the entire bill, said in an interview he is confident a big majority of Democrats would vote to keep his amendment in the measure.

He said no senator had officially notified him so far of intentions to offer an amendment to knock it out.

★ ★ ★

The Clark rider was added to a bill authorizing $2.3 billion to extend the antipoverty program for a fourth year.

Sen. Clifford P. Case of New Jersey, one of the few Republicans supporting the job proposal, told the Senate he was puzzled by Johnson's opposition to it.

SUPPORT CITED

"Three presidential commissions have supported the idea," Case said.

Case charged "the administration marches backward" in its avowed determination to help the cities with their staggering problems.

★ ★ ★

"The President has spoken often—but his actions belie his words," Case said.

★ ★ ★

He pointed to numerous education and housing programs for which Johnson asked in his budget far less than Congress had authorized.

LBJ ACCOMPLISHMENTS

Sen. Edmund S. Muskie, D-Maine, insisted no other president had done as much as Johnson to try to solve problems of cities and the poverty-stricken.

The Senate planned to vote today on an amendment of Sen. Henry M. Jackson, D-Wash., to restore a requirement in present law that at least 40 per cent of male job crops enrollees be assigned to conservation camps.

The Labor Committee voted to eliminate this.

There are about 1,000 different kinds of soup in the world.

"LIVING LONGER"

Fifteen years ago, before the wonder drugs were discovered, death claimed 13.5 out of every 1,000 persons in the U.S. But today, the death rate is down to 9.2 per 1,000 people — the lowest in history. This means that 1,074,027 people DIED NOT DIED in the past 15 years — thanks to the antibiotics, the hormones, and the other miracle prescriptions which are now available. That's why we say:

United Fund Raises Its '67 Sights

Reflecting the broadening scope of its 55 social agencies and the rising costs of providing their services, the Pontiac Area United Fund announced a record goal of $1.13 million for its 1967 fund-raising campaign. The figure represents a 9 per cent increase over a year ago.

A month-long series of meetings between agency representatives and the UF budget committee had established the need for the moderate increase that will enable the unified welfare organization to keep abreast with the times.

Under the general chairmanship of FREDERICK J. POOLE, the upcoming campaign is the 19th since the United Fund concept was adopted for the Pontiac area and is scheduled for the period Oct. 17 to Nov. 10.

With the exception of a small headquarters staff, the various aspects of UF involvement with its member agencies — from evaluation of respective support to public solicitation of the funds — is performed by volunteer citizens.

★ ★ ★

The community is indebted to the public-spirited body of workers who yearly devote time and effort to the worthy cause of assisting the needy.

Must We Always Be An Accessory?

Survey Shows Schoolteachers in Short Supply

Twenty states report that their teacher shortage is worse this fall than last, while only seven say it is less severe, according to a late-summer survey by the National Education Association.

The remaining 19 of the 46 states which provided data to the NEA see their teacher supply situation about the same as it was last year — which wasn't good.

★ ★ ★

Only one state reported that it had enough qualified applicants to fill positions, and no state had a surplus of applicants.

Shortages include not only classroom instructors but librarians (18 states), guidance counselors (10 states), teachers of educationally disadvantaged children (13 states) and teachers of remedial classes (20 states).

In a separate survey of the Nation's 57 largest school systems (those having 50,000 or more pupils and employing about one-fifth of all public school teachers), 55 reported a total of 5,290 unfilled positions in elementary schools as of mid-July and 2,553 unfilled positions in secondary schools.

★ ★ ★

One consequence is that in 23 states, school systems this year will have to employ persons with substandard qualifications to staff elementary classrooms.

Even though there was a record number of teacher education graduates in 1967, the association estimates the total shortage of teachers throughout the Nation has risen to 171,300 from 169,300 in 1966.

★ ★ ★

All of which may or may not be enlightening background to the wave of teacher strikes that has affected more than a million pupils in Detroit, New York and other school districts since the beginning of the school year.

Humanity Needs Elbowroom to Flourish

No man is an island, wrote JOHN DONNE in the 17th century. No man can live in total isolation from his fellows, unaffected by what happens to the rest of humankind.

The words are as true today as they were three centuries ago. But modern thinkers are discovering that a certain amount of insularity, of individual elbow room, is necessary for social health.

★ ★ ★

One of them, anthropologist Edward T. Hall of Northwestern University, contends that just as human beings must have food, water and shelter, they require a certain amount of space in which to conduct their daily lives. He believes that the lack of that space may be a root cause of the social disorders in our crowded cities.

Human overcrowding and urban disorders are not new phenomena. The tenements of ancient Rome teemed as thickly as those of modern Harlem. But a greater, and growing, percentage of the population is now concentrated in cities than ever in history.

★ ★ ★

The findings of the behavioral scientists suggest that our slum-replacing, high-rise housing projects, which promote the ever-greater piling up of human beings, may not be a panacea for the old-new problems of social disorganization, crimes of violence and breakdown of family ties.

They suggest, at the very least, a close, hard look at urban renewal plans that ignore the "human elbowroom" factor.

Weekend Clips Press Contest Rivals

What with two Press Annual Football Contest games in as many days, it was a thrill-packed weekend for the 2,451 survivors of the Duke-Wake Forest tilt a week ago that kicked off the run for the winner's award of a $500 U.S. Savings Bond.

As the whistle blew Saturday for the start of the Syracuse-Baylor hostilities, 1,729 had their eyes peeled on the Orangemen, 698 had seen the Bears clawing out a win, while 24 figured the fracas would wind up a tie.

Well, sir, Syracuse edged out a 7-0 decision, and set the contest stage for Sunday's Cleveland-Detroit clash.

For this encounter, 951 were roaring for the Lions, the Browns had 765 in their rooting section, while 13 predicted a no-decision result.

The Lions gave convincing evidence that their fine showing against Green Bay a week ago was no fluke, and made the Browns pickers blue with a sparkling performance and a 31-14 win.

Incidentally, The Press Swami panel was 100 per cent on the football in forecasting both games, the four wise men unanimously picking both winners. And not to be outdone, that peerless prognosticator, that pontifical pundit, that portly predictor, Major Amos B. Hoople, hit both games right on his bulbous nose.

So, what's the upcoming Saturday fare for the contest survivors? Nothing but that annual hoedown between Notre Dame and Purdue.

The way our contestants opted for Notre Dame, you'd think their theme song was "Back Home in Indiana." A top-sided 813 pin their hopes of green on the big green men from South Bend (a poor pun's better than no pun, we always say), while a slim 128 give the Boilermakers a chance to hammer out a triumph. Nine, like President Coolidge, took a "yes and no," position and predicted the antagonists would finish neck and neck (you can't hardly mix a metaphor more than that).

★ ★ ★

That, lads and lassies, is How Things Are in Glockamora — to resurrect the title of a vintage song, and between now and Saturday there's nothing for the live contestants to do except indulge in the traditional tension reliever of nail-biting. (Medical warning: Remove polish before biting.)

See you again a week hence, as our English cousins would put it.

Capital Letter:

Nixon Boosted for No. 2 Spot

By RUTH MONTGOMERY

WASHINGTON — Some top officials in the Eisenhower administration have quietly agreed that Richard M. Nixon is the one Republican who could "strengthen any combination" as No. 2 man on the presidential slate in '68.

Ruth Montgomery

During a recent huddle in Washington, these strategists reasoned that many people who feel reluctant to support Nixon for president would be attracted to the ticket if he were in the second spot, because of his proven party loyalty and broad experience.

Nixon concedes that he has two strikes against him in his bid for the presidential nomination: a no-win record since he was Ike's running mate in 1956, and an elusive something which causes many voters to dislike him.

That he has more foreign policy expertise and federal government experience than any other front-runner in the GOP goes without saying.

★ ★ ★

These are qualities which should certainly strengthen the election chances of a ticket headed by George Romney, Ronald Reagan or Charles Percy, although as a New York resident Nixon is constitutionally barred from running with Nelson Rockefeller.

WOULD ACCEPT

The strategists are convinced that Nixon would accept second-place, if the top spot eludes him, for two reasons: He has demonstrated his overwhelming urge to serve in public life, and he has proved his willingness to sublimate himself to the good of the party.

Most members of the Republican 90th Club, who won election for the first time last year, frankly credit Nixon's intensive speech-making activities with the upsurge of GOP congressional strength, and feel indebted to him.

The importance of nominating a highly qualified man for the vice presidency scarcely needs emphasis, inasmuch as four have succeeded to the presidency, through assassination or natural death, in this century.

★ ★ ★

In fact, some political experts are of the opinion that any man who seeks the presidency should have to agree, in advance to accept the No. 2 slot, if it is offered, after the convention has chosen another to head the ticket.

ABLE SUCCESSOR

A top runner would seem to owe that much loyalty to his party, and such a system would not only offer the party a united front, but virtually assure the electorate an able successor if the president became incapacitated.

It is probable that Nixon would have won in the close race of 1960 if his running mate had been articulate, hard-hitting Nelson Rockefeller. But Rocky refused, and even walked out on the chosen slate when he failed again to win the nomination in 1964.

By contrast, although no one thought that Lyndon B. Johnson would agree to accept second place when a younger, less experienced senator captured the presidential nomination in 1960, JFK was shrewd enough to ask him.

★ ★ ★

Without Johnson as his running mate, Kennedy would probably have lost Texas, and thus the presidential election.

The folly of selecting a virtual unknown like William E. Miller as Barry Goldwater's running mate in '64 is so apparent that surely such a decision should hereafter be regarded as too vital to be left entirely to the presidential nominee.

The vice presidency is no longer a job for a throttle-bottom, and the American people have a vital stake in his proven ability to assume the presidency in time of national tragedy.

Bob Considine Says:

Gen. Omar Bradley Gives Definition of Freedom

NEW YORK — People . . . places . . .

Gen. Omar Bradley was asked recently by Dr. Kenneth D. Wells, president of the Freedoms Foundation, Valley Forge, Pa., to give his definition of freedom.

CONSIDINE

The gentle hero sat down and wrote it in 43 words:

"Freedom — no word was ever spoken that has held out greater hope, demanded greater sacrifice, needed more to be nurtured, blessed more the giver, damned more its destroyer, or came closer to being God's will on earth.

"May Americans ever be its protector!"

★ ★ ★

Any questions?

The National Governors' Conference this year will be held in an area of the U.S. where about 60 per cent of the population is dark-skinned, and where we have this nation's prime example of a local administration and society that flourishes without racial distinction or prejudice.

This is a place once known as a slave market, where bloody rebellions flared in semitropical nights, and where an enlightened people chose freedom for all 17 years before Lincoln's Emancipation Proclamation.

We're talking about the Virgin Islands.

★ ★ ★

As the governors meet there next month as guests of Virgin Islands Gov. Ralph M. Paiewonsky, to mark the 50th anniversary of the purchase from Denmark of those golden and harmonious isles, they will find hope and inspiration for eventual peace in their own troubled states.

Almanac

By United Press International

Today is Tuesday, Sept. 26, the 269th day of 1967 with 96 to follow.

The moon is in its last quarter.

The morning stars are Venus, Jupiter and Saturn.

The evening stars are Mars and Saturn.

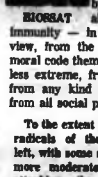

Born on this day in 1806 was composer George Gershwin.

In Washington:

Bent Is for Privilege, Pleasure

By BRUCE BIOSSAT

WASHINGTON (NEA) — An enlarging number of Americans seem bent on defining American democratic freedoms to allow them greater and greater license in their personal and public lives.

BIOSSAT

Increasingly, freedom is seen by some as, above all, an immunity — in the extreme view, from the law and the moral code themselves; in the less extreme, from criticism, from any kind of gradation, from all social penalty.

To the extent that political radicals of the right and left, with some support from more moderate types, are attacking the established framework of U.S. society as an inhibitor to freedom, they seem to give the sanction of a "high cause" to the libertarian bent of many average Americans.

But the latter probably do not need that sanction. On their own, by their own route, they have come to the notion that it is virtually undemocratic to note differences between one individual and another in matters of achievement or potential; to call attention to mistakes; to fix blame; or to make too much of many kinds of wrongdoing.

★ ★ ★

In all this there is a wicked irony. In the name of allowing individuality its freest rein, the growing army of libertarians would bar society from making some crucial individual distinction among people.

Grades and tests in school are increasingly frowned upon. Legitimate arrests for offenses against the law are resented as unwarranted invasions of personal rights. Minor wrongdoing is widely acceptable.

Law enforcers, engulfed by rising serious crime, seem to undercore the tolerance by leaving many minor transgressions unprobed and unpunished.

★ ★ ★

The libertarians want no harsh words, no penalties, no standards to be measured by. Democracy, then rationalized, means being left alone, to do as one wishes.

Those social analysts who are not caught up in these loose notions brand them as painfully immature. The bent is all for privilege and pleasure, with no balancing burden for responsibility.

One practiced observer sees a great failure of confidence among Americans as a key cause.

Should it be correct that immaturity and lack of confidence underlie the mounting libertarian strain among us, then at the very least we shall have to face this reality — and cease trying to invest these tendencies with high nobility.

★ ★ ★

The blunt fact is that we cannot function as a society or as individuals without a "system," without law, a moral code, an encompassing set of standards, a capacity and a willingness to make judgment about people and their problems.

Flaws and roadblocks in the system deserve to be attacked. But freedom cannot exist without the shelter of a durable framework.

A discerning radical, Harvard sociologist Martin Peretz, sees that. Those who want to short-circuit the system, he says, simply lack the proper patience and stomach and drive to change society for the better by truly democratic means.

Voice of the People:

'Residents Are Grateful for Decision on Landfill'

I'm grateful to the Waterford Township planning commission for the decision to veto the application for a landfill on Maceday Lake Road. I realize that after listening to expert testimonies, both pro and con, for many months, and with the knowledge that garbage disposal is a major problem, a tremendous responsibility was placed on their shoulders.

★ ★ ★

Residents in this area appreciate the wise and cautious decision that will keep our homes free of garbage truck nuisance, help keep our lake from possible pollution, and preserve the right to enjoy the natural beauty surrounding this area.

'Church Attendance Strengthens Families'

In these critical times of war and unrest, there is deep need for close family ties. Going to church together brings us closer to the faith that we all need. Faith in God gives us strength and wisdom for decisions that arise each day.

★ ★ ★

Gather the family together and attend the church of your faith this Sunday. It will be richly rewarding and will give you quietness and peace of mind.

'Walk by School Playground Needs Repair'

The City has a crew on the west side replacing marked sidewalks. I hope that they don't bypass the marked walk along the Webster School playground. It's been marked three different times and never fixed. If property owners have to dig deep for money to have walks repaired and trees removed, the least the City can do is make that walk so the children can use it. In dry weather it's covered with sand and in wet weather, mud.

'Can Seniors Afford Increase in Medicare?'

My husband and I are retired and have to get along on a monthly income of $260.83. If the price of Medicare is raised, how are we and others with low incomes going to pay for such?

INTERESTED IN MEDICARE

'Teachers Should Teach Students to Read'

About a year ago it was made public that some pupils graduating from high school could not read what was printed on their diploma. A superintendent of a Detroit school, interviewed on television, admitted this fact.

★ ★ ★

Now that teachers are receiving raises, let's hope it is not too much to ask that pupils will be taught to read. If a pupil can't read what is printed on his diploma when he finishes high school, it is the teacher's fault and not the pupil's. Such teachers deserve to be fired instead of given a raise.

DISGUSTED WITH TEACHER DEMANDS

Question and Answer

Is it legal to charge a sales tax on beer, wine and cigarettes since the tax is already included in the price? Most markets do this, and we hope you can settle the argument for us.

B. BARRETT

REPLY

The Michigan Department of Revenue tells us it is legal. Retailers must pay the tax on such items, and while some may absorb it or include it in the price of the item, others prefer to tax them the same as other goods.

Viets Plan 3 Days of Protests

SAIGON (AP) — Students and Buddhists plan antigovernment demonstrations throughout South Vietnam for three days beginning Wednesday, police and reliable sources said today.

Rumors about such demonstrations have been circulating in Saigon since students and Buddhists demonstrated in Saigon, Hue and Da Nang on Sunday.

The students have been unhappy about the Sept. 3 presidential and senatorial elections, which they have called rigged and fraudulent. The militant Buddhists, led by the Thich (venerable) Tri Quang, have been agitating to force the government to rescind the new Buddhist charter.

The charter, signed by Chief of State and now President-elect Nguyen Van Thieu in July, recognizes a nonmilitant sect as the official Buddhist church of South Vietnam. Tri Quang's Buddhists also have charged that the elections were rigged.

Sources said the first demonstration would be held at Saigon's An Quang pagoda. Tri Quang's headquarters, Wednesday morning.

On Thursday, reports said, monks and and nuns affiliated with the An Quang pagoda plan to march on independence palace in Saigon to present a petition to Thieu demanding that he rescind the charter.

Demonstrations by monks and nuns are planned in many of South Vietnam's 44 provinces and in Saigon, Da Nang and Can Tho, the nation's three largest cities, sources said.

* * *

The National Assembly is expected to begin debate Friday on validation of the Sept. 3 elections. Some of the Saigon demonstrations are planned in front of the assembly building, the sources added.

Explosion, Fire Black Out Half of Idaho Capital

BOISE, Idaho (AP) — An explosion and fire at an Idaho Power Co. substation blacked out half of Idaho's capital city for nearly two hours Monday night.

Much of the Boise downtown area was affected as hospitals switched to emergency power.

Cause of the blast was undetermined, fire officials said. There were no injuries.

Child Reading Is OU Program

Two of the nation's outstanding figures in children's literature will be featured in a two-day program for teachers of reading to be presented this weekend by the Oakland University School of Education.

Dr. Roach Van Allen, professor of education at the University of Arizona, will conduct the Friday session of the "Creative Approaches to Reading Instruction" workshop from 8:30 a.m. to noon in the Oakland Center Gold Room at OU.

Allen will be joined for the Andover High School program in Bloomfield Hills from 8:30 a.m. to noon Saturday in the Little Theatre by Bill Martin, literature editor for Holt, Rinehart and Winston Co.

No advance registration is needed for either program.

The total money staked yearly by the British public on organized betting and gambling is between $2 and $2.8 billion dollars.

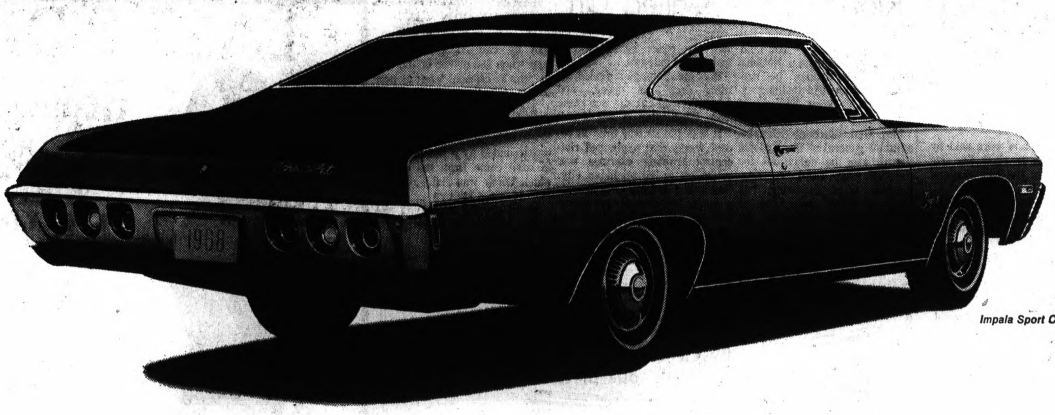

Directors Named

DETROIT (AP)—Wilma Ray and Don Holtrop, former Michigan Civil Rights Commission regional office directors in Pontiac and Lansing, respectively, have been appointed assistant directors of the commission's community services division.

GM
MARK OF EXCELLENCE

Impala Sport Coupe

Distinctively new!
Fastback or formal.
Both '68
Chevrolet Impala coupes.

No two Impalas ever looked less alike. By design.
Because no two Impala buyers ever think just alike. Some want the spirited, action-packed fastback look. Others prefer the poised and classic lines of our new Custom Coupe.
How about you?
Whichever style you choose, you'll wind up with such new 1968 quality features as:

Chevrolet's quietest ride
We made the ride still smoother with newly engineered springs and shocks. We utilized computers to place body and engine mounts at just the right spots to keep road vibrations away from you. Even our clocks tick to a quieter beat.

Better Performance
There's a new, bigger standard V8 and a new 250-hp version available that runs on regular fuel. And on most Impalas equipped with an automatic transmission, you get a special heater for the carburetor for better cold-weather performance. And with every engine, you get the new GM exhaust emission control.

Proved safety features
You get the proved GM-developed energy absorbing steering column, folding seat back latches, and new this year, energy absorbing front seat backs, new safety armrests, and many more.

More That's New All Around
There are new Hide-A-Way windshield wipers, distinctive side marker lamps, recessed taillights. Inside there's a new, rich look to the Impala instrument panel, new interior trim, new vinyls, fabrics, colors. Lever-type door handles are new, too.
The Impala Coupes for 1968. They're worth looking at; they're worth looking into.

A Junior Editors Quiz About NAILS

QUESTION: What is meant by 8-penny or 6-penny nails?

★ ★ ★

ANSWER: In England, in the 1400s, nails were sold by their weight. The word penny was used to show the size of a nail according to how many pennies you had to spend to buy 100 nails of each size.

Then the length of the nail began to be considered too. For two pennies, for example, you could buy 100 nails one-inch long, and so a 2-penny nail was the same as a one-inch nail.

We still use this system speaking of nail sizes. Our picture shows the penny and length names of some nails larger than the one-inch.

As in old English days, we still sell bulk nails by weight. For instance, you may ask for 5 pounds of 3-penny nails, and you'll know these will be 1¼ inches long.

While we're talking about nails, learn to drive a nail properly. The main thing is to hit the nail squarely on the head, being sure that the hammer doesn't bounce off and strike your hand.

When nailing two planks together, follow this useful rule: the nail should go through the first plank and a little over halfway into the other one.

Police, Guard Cleared in 7 Riot Deaths

DETROIT (AP) — Police and National Guardsmen have been cleared of criminal action in seven more of the 43 deaths in Detroit's week of rioting in July.

The announcement came Monday from Wayne County Prosecutor William Cahalan. Cahalan said investigations are still in progress in the remaining six deaths.

★ ★ ★

"We hope to clear them up this week," he said.

Cahalan said there was no evidence of criminal action in the deaths of:

William N. Dalton, 19, of Detroit, shot by a policeman. Several witnesses charged that Dalton was shot after an officer had ordered him to run. Cahalan said 108 witnesses to the shooting were unable to substantiate the charges.

ESCAPE TRY

Herman Cantry Sr., 46, of Detroit, shot by a policeman as Cantry tried to escape in his truck after looting and burning a supermarket.

Clifton Pryor, 23, of Detroit, shot by a National Guardsman as Pryor descended a fire escape of his apartment building carrying a shotgun.

★ ★ ★

Charles Kemp, 35, of Detroit, shot by two patrolmen and a National Guardsman who said Kemp was climbing out of the broken window of a looted supermarket.

Emanuel Cosby, 26, of Detroit, shot by a policeman who chased looters from a market.

ROADBLOCK RUN

Henry Denson, 27, of Detroit, shot by two National Guardsmen when the driver of the car in which Denson was a passenger tried to run a roadblock.

John Leroy, 30, of Detroit, shot by guardsmen at a roadblock after another guardsman was wounded by a shot believed to have come from the car in which Leroy was riding.

★ ★ ★

These are the remaining riot deaths still under investigation by Cahalan's office:

Tonia Blanding, 4, of Detroit, believed killed when National Guardsmen and police poured a fusillade of machine gun and small arms fire into the apartment building where she was with her family.

IGNORED ORDERS

George Tolbert, 20, of Detroit, slain by National Guardsmen. Witnesses said he was a passenger in a car stopped at a roadblock and was shot when he walked away and ignored guardsmen's orders.

Albert Robinson, 38, of Detroit, who died Aug. 5 after he was found wounded when police and guardsmen entered a building from which they had been fired upon.

★ ★ ★

Roy Banks, 46, of Detroit, who died Aug. 14 of bullet wounds. He was found wounded a block from the spot where guardsmen fired at two men fleeing from a burglarized bar. He was a deaf mute.

Walter Brzanka, 45, of Detroit, found shot July 24 in front of a market.

Robert Beal, 49, of Detroit, killed by a policeman in a looted auto parts store.

Riot Exercise Called Off

JACKSON (AP) — The commander of Michigan's National Guard said Monday he canceled a riot-control training exercise in Jackson because of opposition from the community.

Maj. Gen. Clarence Schnipke, adjutant general of the National Guard, said he called off the exercise, which had been set for Sunday, after receiving "all kinds of calls" and "two or three telegrams opposing the training."

When the training exercise was called off, National Guard Lt. Col. Paul M. James first said the order came directly from the Pentagon.

But the Pentagon denied issuing such an order, and Schnipke said "It did not come from Washington in any way."

It was the second time in recent weeks that a planned riot-control training exercise was called off in a Michigan city. The guard abandoned plans for a mock riot-control maneuver in Lansing after the city's Human Relations Council opposed it.

Schnipke said the training would be held in an armory.

State Tax Break Urged for Disabled Viet Veteran

LANSING (AP) — A Democratic state senator has asked Gov. George Romney to include on the special fall legislative session agenda legislation allowing property tax exemptions for disabled Vietnam war veterans.

Sen. John McCauley of Wyandotte said Monday Michigan's Veterans Homestead Tax Exemption Act covers disabled veterans of all previous wars and their widows, but not Vietnam veterans.

★ ★ ★

"This is a serious oversight and should be corrected immediately," said McCauley, a veteran of World War II. "The present Homestead Tax Exemption Act unfairly discriminates against wounded veterans of the Vietnam war."

McCauley made the request in a letter to Romney, who is on a tour of several of the nation's troubled urban areas, and said he has already asked that a bill be drafted.

PROCEEDING ON BILL

"We are proceeding on the assumption that Gov. Romney will step up to his responsibility as a national leader deeply interested in our involvement in Vietnam and will put on the agenda this question of the men disabled in fighting there," the senator said.

Romney, who is authorized under the State Constitution to call a special session and name the topics to be considered, has said he will call the Legislature back into session on Oct. 10.

The growth rate of Britain's chemical industry slowed to 3.75 per cent in 1966, the lowest in five years.

PRESIDENT AND 'DOCUMENT'—A portrait of former President Franklin D. Roosevelt by artist Elizabeth Shoumatoff hangs over the mantel in President Johnson's White House office. The White House press release, when the painting was accepted last January, said it showed Roosevelt wearing his favorite Navy cape with a rolled copy of the Atlantic Charter in his hands. There is no official document of the Atlantic Charter.

Portrait Shows Mythical Scroll

WASHINGTON (AP) — Over the mantel in President Johnson's office is a historic portrait of Franklin D. Roosevelt incorporating a historic error that gets by under the guise of artistic license.

President Roosevelt might be a bit unhappy about the portrayal of himself holding "a rolled copy of the Atlantic Charter" since he went to some pains during his lifetime to set the record straight.

★ ★ ★

There is no "Atlantic Charter" document as such.

According to FDR and custodians of his Hyde Park, N.Y., presidential library, neither Roosevelt nor Britain's Winston Churchill ever signed any charter.

PRESS RELEASE

The nearest thing to a document, says Hyde Park Library Director Elizabeth Drewry, was a press release issued Aug. 14, 1941 to newspapermen aboard the British battleship Prince of Wales where Roosevelt and Churchill conferred in the Atlantic off the coast of Newfoundland during World War II.

She said FDR signed both his name and Churchill's to the typewritten statement which set forth the famous eight-point U.S.-British declaration of idealistic principles as guidelines for the postwar world.

★ ★ ★

Miss Drewry says the presidential library has that press release as "our original." And, she confirms there was no official document.

A controversy over this fact arose during Roosevelt's lifetime. In 1944, he confirmed no charter existed in written form and that there was no formal signed document entered into by him and Churchill. Despite all this historical background, artist Elizabeth Shoumatoff completed an oil portrait of Roosevelt in 1966 for the White House collection, and the White House press release announcing the gift last January said:

"In this portrait, President Roosevelt is pictured in a three-quarter study, seated with the waters of the North Atlantic in the background. Wearing his favorite Navy cape, Roosevelt's powerful hands grasp a rolled copy of the Atlantic Charter, a joint declaration made by the president and Prime Minister Churchill on Aug. 14, 1941."

Madame Shoumatoff, who was painting Roosevelt when he was fatally stricken at Warm Springs, Ga., April 12, 1945, was asked about the use of "the charter" in her newest work.

At her Locust Valley, N.Y., home, she said "the scroll symbolized the signing" and added she never referred to it in the terms the White House news release used—a rolled copy.

Firm Chief Dies

Glaciers Ice Sea

Some Arctic glaciers have been estimated to furnish as much as 200 billion cubic feet of ice to the sea each year in the form of icebergs.

Can't Follow Own Prescription

Doctors Hunt Ways to Slow Down

GRAND RAPIDS (UPI) — Those 9,000 doctors in Michigan, who keep telling you to quit knocking yourself out on your job and your family problems and to slow down, are trying to figure out a way of following their own advice.

The Michigan State Medical Society wants more physicians trained in the state. They also are discussing programs to ease time-consuming semiprofessional chores through the training of "physician assistants," for their offices and at the hospitals.

Among the resolutions on which the House of Delegates of the State Medical Society will act tonight is one urging that Michigan State University "immediately" establish a complete college of human medicine, granting a degree of doctor of medicine.

The university now has a two-year course in medicine.

The House of Delegates is meeting in advance of the medical society which opens general sessions tomorrow.

The MSU resolution has been introduced by Dr. Andrew D. Hunt Jr., of Ingham County and will be submitted to the full convention of the society after it opens tomorrow.

AIMED AT ROMNEY

It is aimed at Gov. George Romney and the State Legislature, urging the full medical school at Michigan State University.

Dr. H. J. Meier of Coldwater is chairman of a committee urging the training of "physician's assistants."

A feasibility study has been made among doctors who reportedly would use a trained person or persons to help in their offices and hospitals.

★ ★ ★

The committee has met with representatives of the State Board of Education, medical schools and other medical sources and has been encouraged to follow through.

SUGGESTED DEGREE

Generally, it is suggested that students receive a bachelor of medicine degree after special courses and on-the-job training.

The delegates also have a report suggesting ways to obtain more physicians in Michigan, and programs of study will be reviewed. Dr. John B. Rowe of Flint is the chairman of the study committee.

Dr. B. M. Harris, Ypsilanti, president-elect of the state society, yesterday urged doctors to expand their services to community colleges in their rapidly developing programs of training in the paramedical fields.

★ ★ ★

Dr. Harris also urged the doctors to help recruitment programs of Michigan hospitals to obtain more interns and medical residents. He said there are many vacancies at many Michigan hospitals.

Throat Hurt?

For the temporary relief from minor sore throat or throat irritation there is a pleasant form of Iodine. It's ISODINE GARGLE. U.S. Likely to Shun Panel Plea to Back Peking for U.N.

The Eternal Truth is Now Come. He hath lifted up the Ensign of power, and is now shedding upon the world the unclouded splendor of His Revelation . . .
Baha'i Faith
335-4449

By SPENCER DAVIS
Associated Press Writer

WASHINGTON — Neither the Johnson administration nor Congress is expected to show any enthusiasm for a U.N. association panel report urging U.S. support this year for seating Communist and Nationalist China at the United Nations.

The national committee of 26 scholars and businessmen studying China policy contended Monday that Peking's development of thermonuclear power and the intensified internal struggle for leadership made it urgent that options be available to any new leaders that may emerge on the China mainland.

★ ★ ★

In Congress, however, timing is considered bad because of the rapidly approaching presidential election and because Communist China and the United States have been glaring at each other over the North Vietnamese border.

DOVE BACKING?

While there are plenty of Vietnam doves in the U.S. Senate, none seems ready to champion Peking's representation on the Security Council and a seat in the General Assembly at this time.

Senate Democratic leader Sen. Mike Mansfield observes

News Analysis

Peking has not sought a U.N. seat and is not likely to accept one if it were offered.

Sen. Robert F. Kennedy, D-N.Y., has been outspoken on the need for a change of U.S. policy toward mainland China, but he has not specifically endorsed a Security Council seat with the power of veto for Communist China.

The State Department declined formal comment on the new report but referred questioners to Secretary of State Dean Rusk's comments at a Sept. 8 news conference. Rusk said then: "Peking has made it very clear it is not interested in joining the U.N. unless the Republic of China is expelled. Now the Republic of China is a charter member of the U.N. . . . and a substantial majority of the membership of the U.N. simply is not going to expel the Republic of China . . ."

The China panel declared it was risky for the United States to continue its present policy.

"While the U.S. cannot hope to influence decisively the outcome of the power struggle in mainland China and while there is at present no certainty that any emergent leadership would adopt a significantly less militant attitude, it is important for any Chinese leadership to be aware that options are open for a more active and responsible participation by Peking in the international community," the panel reported.

It added that Peking's future attitude toward participating in the United Nations remains unclear "but that is no reason to preserve a stalemate within the U.N."

41 Identified as Victims of Viet Action

WASHINGTON (AP) — The Pentagon announced yesterday the names of 41 servicemen killed in action in Vietnam.

They included:

ARMY

ARKANSAS—Spec. 4 Willie Ellison Jr., Shoffner.
CALIFORNIA—M. Sgt. Merle L. Dueman, Inglewood; Sgt. C. Wilfred M. Perez, Fresno; Pfc. Dale G. Sievers, Chico.
COLORADO—Spec. 4 James R. Smith, Rifle; Pfc. Ervin L. Condrey, Greeley.
INDIANA—Pfc. David L. Howard, Lafayette.
KENTUCKY—Sgt. Clyde E. Paul Jr., Tilford; Pfc. Benny G. Carr, Rockmoss.
MAINE—WO Robert N. Dechene, Biddeford.
MISSOURI—2nd Lt. William M. Harper, Kirksville.
NEW YORK—Pfc. Bradley J. Carson, Rosedale.

MARINE CORPS

LBJ Not Telling Viet Truth, Say Critics

WASHINGTON (AP) — Republican critics launched fresh charges today that President Johnson is not telling the American people the truth about the Vietnam war.

Sen. Clifford P. Case, R-N.J., said Johnson appeared to be "indulging the proponents of a military solution in Vietnam for political reasons" by ordering air attacks on North Vietnam ports after Secretary of Defense Robert S. McNamara said this would not be an effective means of stopping the infiltration of supplies into the South.

Sen. Charles H. Percy, R-Ill., said the public isn't being told by the administration of the danger that bombing near Red China will bring that country into the war. He repeated previous charges that the President has been "constantly wrong" about "where we stand, what we can accomplish and what the war will cost."

Case voiced his views in a prepared Senate speech, Percy in an interview.

Case, a Senate Foreign Relations Committee member who has urged that the bombing be limited to vital military targets, said the administration's handling of the war has produced "a crisis of confidence."

"The people's anxiety, and that of Congress too, springs perhaps in greatest part from a growing conviction that the administration is not telling them the truth," he said.

"The administration's continuing assurances of progress in Vietnam simply do not square with the cold fact that toward our basic objective—that of creating an independent self-governing society supported by its citizens—there has been no significant progress at all."

* * *

The New Jersey Senator said Johnson had put a "false face" on the authority given him to combat Communist aggression by using the 1964 Tonkin Bay resolution as a "perpetual letter of credit" to expand the conflict.

Percy said the reaction to a series of weekend speeches in which he attacked what he called "the great problem of credibility" on the part of the administration convinced him the public is deeply concerned by this issue.

He said he would oppose withdrawal from Vietnam but believes there is unjustified escalation of the war.

* * *

"Why is it more effective to bomb rail lines seven miles from China than 30 miles from China?" he asked. "The Chinese and the Russians already are giving massive help to North Vietnam.

"How can any prudent man presume that China will not do more if we continue to attack so close to her territory? But the administration always minimizes this danger."

Two Injured Slightly as Plane Crashes

LODGEPOLE, Neb. (AP) — Two persons suffered minor injuries when a Cessna 150 two-seater plane, en route from Detroit to California, crashed on takeoff from the Lodgepole airport Saturday night.

* * *

The State Safety Patrol said Dan Henney, 40, of Fremont, Calif., was hospitalized with cuts and bruises. The pilot, Larry Wells, 28, also of Fremont, escaped with cuts.

* * *

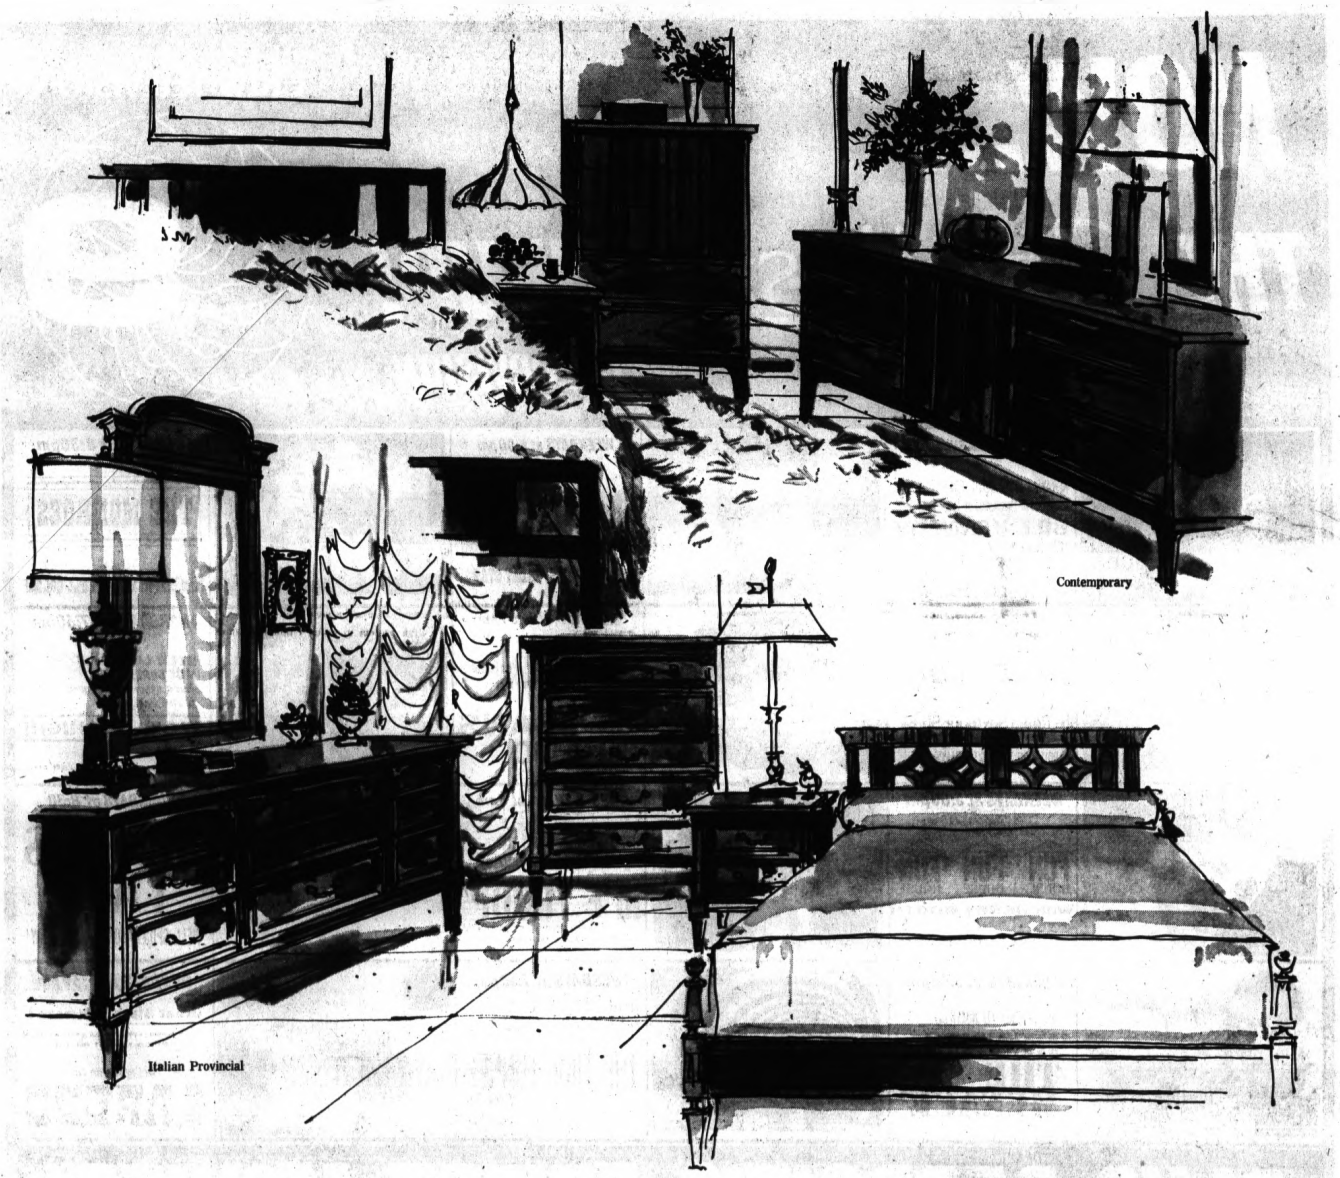

The patrol said Wells had flown from Detroit and had stopped in Omaha Saturday, then landed at Lodgepole to refuel. The patrol called the plane a "total loss."

Jewelry Has Lacy Designs, Wins Awards

NEW YORK — Femininity has returned to precious jewelry design in a delicate lacy look. The absence of the bulky look so prominent in jewelry design of late was evident in the jewelry winning Diamonds-International Awards for 1967.

Diamonds-International Awards were presented today to 25 jewelers from 10 countries in a luncheon ceremony at the New York Hilton here.

★ ★ ★

The prize-winning jewelry will be on public exhibition here at the Institute of International Education through Sept. 29 and then go on to exhibitions in London, Milan and Frankfurt.

★ ★ ★

The versatility of textured gold, the color contrasts of enamel dimension in ring shanks and unusual uses of materials are all noteworthy in the jewelry winning 1967 Diamonds - International Awards.

★ ★ ★

American winners of the 1967 Diamonds - International Awards were: Glenda Arentzen, New York; Henry Dunay, New York; and John E. Holtzclaw, Alva, Oklahoma.

Long, dangling earrings and long lengths of cultured pearls set the style for precious jewelry this season. Here, an exquisite drop-shape cultured south sea pearl hangs from a leafy chain of diamonds set in platinum. Three perfect strands of uniform 8 mm cultured pearls add warmth and luxury to the look of black.

Trifari goes big-game hunting in enamel and gold-tone metal. The alligator cuff in autumn colors is worn with this season's, newly important, large button earring.

"The Peacock" is the name of this diamond brooch by Hans Leo Peters of Dusseldorf, Germany. Diamonds blaze in a delicate structure of white gold, enhanced by a colorful dotting of softly red rubies and sea-green tourmalines. The fan can be opened further to make a complete shining circle or closed tighter to make a jeweled plume.

A shining mass of diamonds is held high by white gold in this ring by Terence John Waldron of Warwickshire, England. The dimensional setting is highly polished and has a double shank. Maurice Lipkin & Co. Ltd. manufactured the ring.

Fore-and-aft earrings by Trifari with fine tassel chains cascading down both in front and behind the ear lobes. These stunning earrings are the perfect mate for the important black cocktail dress.

"Unknown Flying Object" is the name of this diamond earclip design by Manfred Gruhlke of Berlin, for which a Diamonds-International Award was presented in New York today. Three yellow marquise diamonds float between misting clouds of paved diamond, leading down to a disc of polished labradorite. This disc of moon-lit blue with a gleam of green is edged with paved diamond.

Not Acceptable to Take Arm if Not Offered

By ELIZABETH L. POST

Dear Mrs. Post: Is it acceptable for a young lady to take her escort's arm during the day if he has not offered it to her? The situation would be an afternoon tea or wedding. — Polly K.

★ ★ ★

Dear Polly: Since it can hardly be considered necessary for a young lady to hang onto a man's arm in the daytime, it can only appear that she is being overly affectionate or very possessive.

After dark, it's another matter, and she may correctly hold his arm for support, especially when she is wearing high heels.

INVITATIONS

Dear Mrs. Post: Please state if it is in good taste to invite people (who have not been invited to the wedding) to the home at night for a drink, knowing full well that no one would come without bringing a present? Doesn't it seem like a cheap way of getting more gifts? — Connie

★ ★ ★

Dear Connie: No, it isn't in good taste and, yes, that's just what it sounds like.

FRUITS

Dear Mrs. Post: What is the correct way to drink a cocktail when the cherry-lemon or orange slice, etc. is on a toothpick or tiny sword and lying across the rim of the glass top?

Do you remove the fruit with your fingers and drop it into the cocktail, or do you put stick and all into the drink? I've heard that the fruit absorbs the liquor and should remain in the drink — Laura

★ ★ ★

Dear Laura: Leave the fruit on the stick and put the whole thing into the drink. The cherry (or any edible tidbit) can then be easily eaten right from the stick when it has absorbed the flavor of the cocktail.

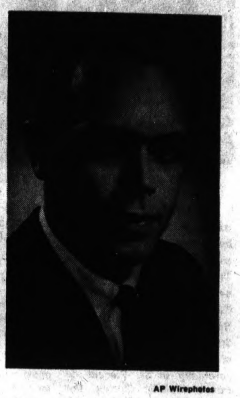

Orange and lemon slices are usually not eaten — they are there to add to the flavor of the drink. In order to get the stick out of the way, hold a finger against the rind of the fruit slice, pull the pick out, and discard it.

Date Is Corrected

The smorgasbord being given by the Women's Society of Christian Service of Central Methodist Church will take place this Friday from 5 to 7:30 p.m.

AP Wirephoto

Three members of the wedding party for Lynda Bird Johnson and Capt. Charles Robb have been named. From the left are Marie Fehmer from Dallas, Texas, one of President Johnson's secretaries; Phyllis Bonanno of Stamford, Conn. who works for McCall's Magazine in New York and who met Lynda there; Neil J. Burmeister of Madison, Wisc., a former University of Wisconsin fraternity brother of the bridegroom.

WOMEN'S SECTION

'Inform the Boss or Just Get Lost From Talkative Pest,' Advises Abby

By ABIGAIL VAN BUREN

DEAR ABBY: I work in an office which employs mostly men. One of the men here is a great talker, and his favorite subject is SEX. He doesn't ask, "How are you?" He asks, "How's your love life?"

ABBY

He's forever stopping by my desk to tell me an off-color story. No matter what is said, he turns it into something personal and downright embarrassing. (If I say, "Good morning," he asks, "And what, pray tell, happened last night to make the morning so good?")

★ ★ ★

He can't possibly believe that I am not interested in discussing my private life with him because I have given him no encouragement whatsoever.

What should I do?

HELEN

DEAR HELEN: Tell the man that you find his off-color stories embarrassing and his personal references irksome. If he doesn't get the message, tell your superior. If he IS your superior, there are other jobs.

★ ★ ★

DEAR ABBY: I have a married daughter and a married son. Once they left home I began serious work on a creative project in which I had been interested for years.

My daughter and her husband fell into the habit of dropping in with their children any time they pleased, invading my workroom and disturbing my work.

After repeated interruptions, I asked them to please telephone before coming over, but they continued to drop in whenever it suited them. I finally had to ask them to please come over by invitation only. The result: They became angry with me, and we are not on good terms.

Now my son and his wife are doing the same thing. I do not want to drive them away, neither do I feel that I should be imposed upon by them. How do you tell married children that you are no longer holding open house? I might add, both these young couples were invited to dinner frequently and not once have I ever visited them without calling first to ask if it was convenient. What is the answer?

PUZZLED

DEAR PUZZLED: I happen to believe that mature and well-bred people respect the privacy and wishes of others, whether they are related or not.

It is easy to understand why children continue to regard their parents' home as their own because that's the way it was for so long. But once told, they should remember. It is unfortunate that your daughter and her husband became "angry" because you demanded the courtesy of a call before they dropped in.

Unless you prefer the inconvenience of being interrupted in your "project" to being estranged with your son and wife, give them the same treatment.

Round for Gals

WASHINGTON (AP) — A Michigan paper mill, charged with discriminating against women, has agreed to increase wages of its female employes, the Equal Opportunity Employment Commission said Monday.

The commission said under the terms of the agreement S. D. Warren Co. of Muskegon, Mich., will provide wage hikes totaling $37,449 a year.

★ ★ ★

The agreement came after a woman, employed by the company 15 years, charged she was denied a job as a carton stitcher because of her sex.

★ ★ ★

The company also agreed to actively recruit minority group members, provide job training for Negro employes and merge its male and female seniority rosters.

Upgrade Pay, Benefits, BPW Federation Aim

WASHINGTON, D. C. — Improving the status of women and equality of the sexes are still major concerns of employed women according to the national officers of the National Federation of Business and Professional Women's Clubs, Inc., who met with the women members of Congress recently to discuss the 1967-68 legislative plans for the 178,000-member Federation.

At a luncheon in the Rayburn House Office Building on Capitol Hill, cosponsored by Rep. Martha Griffiths (D., Mich.) and Rep. Florence Dwyer (R., N.J.), Federation president Mrs. Mabel R. McClanahan, of Appleton, presented the Federation's national legislative platform which was adopted in July at the national convention.

The three action items of the platform focus on both men and women and include equal rights; uniform laws and regulations in regard to working conditions and in the areas of taxation and retirement, and uniform jury service.

The second major emphasis in the Federation's national legislative program this year will be the repeal of outmoded state legislation that limits the earning power of women.

Mrs. McClanahan outlined the plan through which local clubs and state federations will study state restrictive laws and work for their repeal.

She cited a brief survey which reveals that, as of January, 1966, every state except Delaware has some form of legislation on its statute books that limits the ability of women to compete equally for jobs:

- 12 states have minimum wage laws for women only.
- 43 states have hour restrictions. (Michigan just recently repealed its hours of work law.)
- 23 states require special meal periods for women.
- 12 states require special rest periods for women.
- 20 states prohibit night work by women.
- 26 states prohibit the employment of women in specified industries.

"By foreclosing positions that require occasional lifting or overtime work, these laws tend to keep women in the lower-rung jobs and they prevent women from earning premium pay for overtime," said Mrs. McClanahan.

BPW does not oppose reasonable restrictions on working conditions, however. "Such restrictions as minimum wage and maximum hour laws are important," said Mrs. McClanahan. "The point is, that if such laws are enacted, they should apply to all adults, not just to women," she said.

Further, the Federation has not objected to statutes imposing reasonable restrictions on pregnant employes because, "this legislation is not sex legislation. It does not apply to all women — only to pregnant women."

BAA Opens Season With Print Collection

The Bloomfield Art Association opens its season Sunday with an exhibition designed to appeal to the area's many young art collectors.

Graphic International, selected by painter-printmaker Aris Koutroulis from Detroit and Ann Arbor galleries, will include 53 works by such well-known painters as Robert Motherwell, Robert Rauchenberg, Larry Rivers and Marisol.

Koutroulis, who is responsible for the content of the exhibition, is assistant professor of graphics at Wayne State University and a member of the Bloomfield Art Association faculty.

Graphics International opening is from 2 to 5 p.m. The Gallery, located at 1516 South Cranbrook, Birmingham, is open to the public every day except Monday from 2 until 5 p.m.

To Meet at Knisleys

Members of the Countryside Improvement Association will gather for a luncheon meeting at noon Wednesday in the Orchard Lake home of Mrs. W. Harold Knisley.

Pontiac Press Photo

Music will be the theme of a semi-formal dinner dance Oct. 6 at the Bay Pointe Country Club for the benefit of the Pontiac Symphony Orchestra. Supporters of the orchestra and their friends will dine to a background of organ music and be entertained by a magician before dancing begins to the music of the George Alfano orchestra. Mrs. James S. McCoy (from left), decorations chairman and cochairman Mrs. John Silvani, both of Orchard Lake, are shown with Symphony president Glenn H. Griffin, Dogemaw Road.

COLON-RODRIGUEZ

WILLIAMS-SCHURTZ

A reception at the Italian American Club Friday followed vows for Miriam Socorro Rodriguez and Jaime Gabriel Colon. Parents of the newlyweds are Mrs. Isidoro Garcia of Feneley Court, Brigido Rodriguez of Raeburn Street and the Mariano Colons of Utica. For the evening ceremony in St. Vincent de Paul's Catholic Church, the bride chose a full length gown of Spanish lace over taffeta. Her illusion veil was secured with a pearled star headpiece. The bridal bouquet was made up of carnations. Mrs. Ciani Colon was matron of honor with bridesmaids Rita Lopez and Christina and Yolanda Gomez, Ismael Colon was best man and Harold Rodriguez and Raymond and Jessie Lopez ushered.

The former Mary Susan Schurtz became the bride of William James Williams in an evening ceremony Saturday in the United Presbyterian Church. Parents of the couple are Mr. and Mrs. Vernon D. Schurtz of Hartline Street, Avon Township and Mr. and Mrs. Russell J. Williams of Oaknoll Street. The bride wore a full length Empire gown with French peau setta lace. A sequined petal headpiece held her shoulder length veil. She carried a cascading bouquet of Stephanotis with Eucharis lilies. Matron of honor was Mrs. John E. Smith with bridesmaids Janis Ray and Carol Guy. Allen Pelletier was best man and Fred Clements and Richard Williams ushered. The newlyweds left for a honeymoon on Mackinac Island following a reception at the Champion building.

Demanding Child Mirrors A Special Fear

By MURIEL LAWRENCE

DEAR MRS. LAWRENCE: I am writing to you about the way my four-year-old girl has been acting since I got home from the hospital two months ago. Though she knows her mommy hasn't recovered her strength, she makes me run after her to make her do anything.

She won't stay in bed at night because she says there are black spiders in it. My mother, who took care of her during my hospitalization, says she's trying to get attention . . .

ANSWER: The child's angry at you, I expect, for disappearing into that hospital.

At any rate, it can do no harm to suggest this anger to her. For the suggestion that she feels it carries with it permission to put it into words. And children who have recovered us after a separation are often too frightened of losing us again to reproach us for inflicting the separation on them.

They can't tell us how angry, how betrayed our absence has made them feel lest they offend us and make us so mad that we walk off again and never come back at all. Denied release of their anger in words, they tell us about it via black spiders.

Thus, if we want to be rid of the spiders and the misbehavior, we have to convince them that it's safe to reproach us.

It's quite a bind, you know, to resent someone's betrayal of you — and at the same time be unable to say so lest he betray you again. You're certainly glad to have your deserter home again but, on the other hand, you can't forget the misfortunes his absence caused you.

And so you are stuck with black spiders and misbehavior until he encourages you to say, in effect:

"You have no idea what your leaving me put me through. I had an awful time. Grandma wouldn't listen when I told her I don't take afternoon naps any more. She called me 'spoiled' for wanting my milk in my Three Bears mug.

"And on top of all these disasters your absence caused me, I didn't know if you were going to die or not in that hospital."

Because it's these kinds of hurts which account for your child's anger at you, persuade her to list them for you. Get her past fear of accusing you and she'll stop transforming that anger into black spiders.

Peace Corps for Localite

Marilyn J. Seiber, has recently been assigned to the Philippines as a Peace Corps Volunteer teacher. She is the daughter of the Bernard C. Seibers of Riviera Street.

* * *

Miss Seiber, who has completed ten weeks of training at San Jose State College in California, will teach English, science, and mathematics. She is one of 160 new volunteers assigned to the elementary and secondary schools in the Philippines.

* * *

Miss Seiber is a June Graduate from Michigan State University where she majored in Political Science.

She is an Alumni Honorary and a member of the '67 Club, an honorary organization whose members are made up of outstanding seniors chosen by their classmates.

* * *

She was also a member of Alpha Chi Omega, the registrars' advisory committee, academic affairs chairman, and president of Sigma Alpha.

MARILYN J. SEIBER

McClellan Vows Spoken in Saturday Ceremony

Lakecrest Baptist Church was the setting Saturday for vows exchanged by Sally Ann Cummings, daughter of the Roy Cummings of Flintridge Road, Orion Township and Gregory Paul McClellan.

The bridegroom is the son of the Gilbert McClellans of Lake Angelus.

* * *

The bride wore a gown of Chantilly lace over organza which featured a bateau neckline. A matching tiered lace headpiece fashioned with pearls held her waist length veil.

She carried a cascading bouquet of white carnations.

* * *

Members of the wedding party were Karen Dotson, maid of honor, with flowergirls, Joanne and Sandy Cummings, and Robert Brown as ring bearer.

Clay Gillete was best man and the bride's brothers, David and Charles, ushered.

* * *

Following a reception at the Amvest Post 113, the newlyweds left for a Michigan honeymoon.

PTA

TUESDAY

Franklin; 7:30 p.m. Pontiac Mayor William H. Taylor Jr. to speak on city affairs and their relation to the school and the community.

Nurse Gives War Service

SAN FRANCISCO (UPI) — "It is my way of showing my appreciation of being alive in this world," said school nurse Bertha Sanchez of Daly City, Calif.

* * *

She left recently for her third tour of unpaid duty in Vietnam, treating and teaching the South Vietnamese and Montangard tribesmen of the Central Highlands.

* * *

Miss Sanchez witnessed the horrors of war in her native Philippines during World War II. She paid her own fare of $969 roundtrip to Vietnam for the 10-week tour with the Project Concern Hospital.

Donna Brown Wed in South

Mr. and Mrs. Charles Brown of Westway Drive announce the marriage of their daughter, Donna Teresa, to Pfc. Gary L. B. Miller, USA. The bridegroom is the son of Mr. and Mrs. N. E. Reddick of Davenport, Iowa.

Vows were exchanged in an evening ceremony in Walnut Street Baptist Church, Louisville, Ky. Members of the wedding party were Jennifer Wilson, maid of honor, and Pfc. Peter Sitar, USA, as best man.

* * *

A reception was given at the home of William J. Patterson, the bride's uncle, following the ceremony.

Under-Smoothies

Something new is added to the undergarment lines — "semi-control" foundations which are light and cool but still help to smooth feminine silhouettes. They're so light that to the wearer the nylon and spandex combinations feel like lingerie, but they're enough pantie girdle to provide the control needed beneath dresses, slacks and shorts.

For dessert, Mangino had some indigestion medicine and a glass of water. AP Wirephoto

Are 'Apathy Is' Books Next? (Ho Hum)

By DICK WEST

WASHINGTON (UPI) — First we had a rash of "happiness is" books. "Happiness is having a beautiful neighbor who undresses with the shades up," etc.

Then we had a rash of "misery is" books. "Misery is sticking out your hand to make a left turn and hitting a traffic cop in the mouth," etc.

There also have been a few books dealing in this fashion with other emotions. But none that I have seen touches on the most predominant emotion of all: apathy.

Sooner or later, I'm sure, someone will get around to compiling an "apathy is" book. Meanwhile, perhaps the following definitions will tide us over:

● Apathy is going to the book counter in a drugstore and discovering that a new "happiness is" book has been published.

● Apathy is turning to the television page in your newspaper and reading that five of this season's new situation comedy shows are going off the air next month.

WEST

* * *

● Apathy is hearing that "Valley of the Dolls" is being made into a movie.

● Apathy is another magazine photograph showing the upper half of Liz Taylor.

SUBSCRIPTION

● Apathy is being given a one-year subscription to the Congressional Record.

● Apathy is Phyllis Diller in a miniskirt.

● Apathy is the printed matter in Playboy Magazine.

● Apathy is learning that Doris Day is making another picture.

INSIDE STORY

● Apathy is the latest magazine article giving the inside story of William Manchester's feud with the Kennedys.

Demolition Bids

LANSING (AP) — The State Highway Commission said Monday it will accept sealed bids until Oct. 10 for removal or demolition of houses and other buildings on 40 parcels of land in Flint. The property has been purchased by the state for construction of I-475.

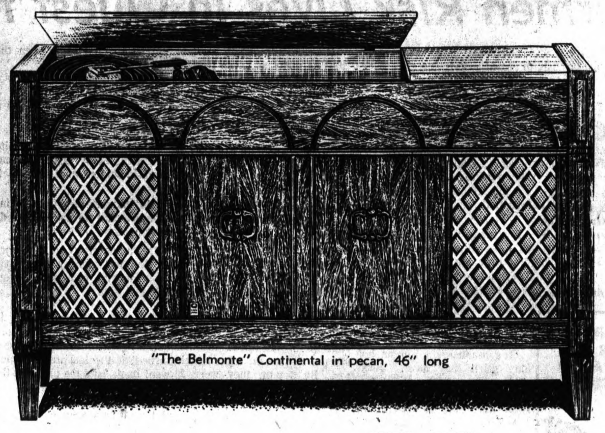

The population growth in the U.S. has declined for the past 10 years.

Wake Up Your
PERISTALSIS
And Be Your
SMILING BEST

Peristalsis is the muscular action of your digestive system. When peristaltic action slows down, waste materials can build up in the lower tract. You can become irregular, uncomfortable, stuffed.

The unique laxative formula of today's Carter's Pills gives effective, temporary relief of the irregularity by activating the slowed-down muscles of the lower tract and stimulating peristalsis.

So if you're sluggish due to irregularity, take Carter's Pills to wake up your peristalsis and you'll bounce back to your smiling best.

Millions of satisfied users take Carter's Pills for effective temporary relief of irregularity. Why don't you. 48¢.

Fishermen Risk Lives in Quest for Coho

EMPIRE (AP) — The powerful lure of a strange new fish, the Coho, was demonstrated remarkably Saturday evening and Sunday.

Fishermen put out into the lake seemingly unconcerned in the wake of one of the most dramatic sports fisherman disasters in modern Michigan.

There's been nothing like the Coho in fishing in the Midwest since the Grayling on the Au Sable River 60 to 70 years ago attracted royalty and rich businessmen from all over the world.

The Coho has drawn thousands from neighboring states to crowd motels and state parks in Western Michigan. They all intend to catch Cohos.

But according to long-time fisherman Louis Jeske of Spring Lake who safely worked his way by boat from Frankfort to Point Betsie in Saturday's squall, "Many of them are ill-prepared, ill-equipped, ill-advised and ill-informed."

* * *

For many it was the first trip on Lake Michigan and their first time out of sight of land. They had no radios and couldn't hear storm warnings.

Many apparently thought only of Coho, not of the weather as sailors should first.

"It's madness, a Roman holiday spirit they have," Jeske said.

Once steel-gray, duck-hunting skies and 45-mile winds gave way Saturday to sun, many who barely made it ashore began to launch boats into the choppy surf.

Three men in a 16-foot metal canoe with an outboard motor launched themselves at the mouth of the Platte River, but when they almost overturned they came back.

It seemingly didn't matter that as many as seven fishermen had drowned, 45 were treated for shock and 200 or more battered boats had been thrown ashore earlier Saturday.

This was about 10 per cent of the estimated fleet of 2,000 boats ranging in size from 50-foot yachts to 16-foot canoes that had been trailered and carried to stand in half-mile long traffic jams waiting their turn to launch into Lake Michigan at Manistee, Frankfort, Point Betsie Benzie State Park and Empire.

* * *

Mr. and Mrs. Kenneth Presgrove and Mr. and Mrs. M. D. McNeill in one boat together started at 10 a.m. from Frankfort. By 3 p.m. they were 20 miles around Point Betsie and headed to shore.

They watched another boat swamp and its occupants disappear.

William Tichenor of Albion took his wife fishing for the first time Saturday. He doubts she'll go again.

They rode with the winds 14 miles from Frankfort to Betsie, and started back when the waves subsided.

A Coast Guard helicopter approached and let down on a rope a slate with words "turn back."

They did.

Sunday morning, despite warnings, many boats put out from Frankfort and Point Betsie.

But Sunday they listened in Empire and no one launched any boats.

The autos stood on the shore at Empire Saturday after noon in a driving rain with waves five feet high.

* * *

One boat with three men in it came within 20 feet of shore half a dozen times. Each time it turned at the last moment and went back. Had the pilot put the outboard at full throttle and run aground he'd have been safe. But he finally went out a quarter of a mile and anchored.

* * *

After dark he and two companions were taken ashore by helicopter. He had asked to stay with the boat. Next morning the boat was smashed on shore.

The scene Saturday looked like a Portuguese fishing village when the boats are coming in. Empire citizens and relatives of fishermen were huddled together waiting and looking into the invisible.

But instead of bullocks to snake the boats ashore, there walked Fred Taghon and his triple AAA tow truck. He pulled dozens of boats ashore. No charge.

* * *

And instead of bonfires to guide the boats in, local motorists lined the shore with their headlights pointing into the water.

* * *

Late in the afternoon a 16-foot fiber glass boat with a 70 horsepower engine came out of the mist to about 70 yards from shore.

It capsized and two skin diver from Jackson, David Corwin and David Southerland, leaped in with ropes around their middles and brought back two elderly men back to shore.

They were given artificial respiration by sheriff's deputy Fred Buohror and townspople before it became apparent they were dead.

Race Issue Overhangs Boston Vote Today

BOSTON (AP) — Louise Day Hicks, who has won school committee elections by wide margins after she opposed Negro attempts to have their children transferred to schools in white neighborhoods, makes her bid today to become Boston's first woman mayor.

She is one of 10 candidates in the city's nonpartisan preliminary election. Today's top two vote-getters will fight it out in the November election.

* * *

During her six years as a member of the Boston School Committee she has been the center of racial disputes for her refusal to concede that de facto segregation exists in the city's schools.

The 48-year-old grandmother and lawyer has avoided the race issue in the current campaign, but often has told audiences: "You know where I stand."

Mrs. Hicks is an advocate of neighborhood schools and opposes busing of children to schools away from their homes.

* * *

Negro leaders charge that their children attend dilapidated schools and get a second-rate education. Busing of the children, they claim, would give the youngsters a chance to go to classes in more modern buildings with better instruction.

One of Mrs. Hicks' preliminary election opponents, fellow school committee member John McDonough, warns on campaign posters: "A vote for Mrs. Hicks is to ask for violence."

Mrs. Hicks has contended that if the city, which experienced one racial disturbance this past summer, experiences another, it will be because of outside agitators.

She has said she would make "every effort" to keep out agitators, but if they did come her orders to police would be to "go in and take care of the situation" without restraints from the mayor's office.

* * *

Other candidates include former Boston Redevelopment Authority director Edward J. Logue, 47; Secretary of State Kevin H. White, 37; and for the first time in many years a Republican candidate, state Rep. John Sears, 36, of Boston, who is endorsed by top state GOP leaders including U.S. Sen. Edward W. Brooke and Gov. John A. Volpe.

None of the other six candidates is given much chance of gaining one of the two top places in the polling.

MAYOR LEAVING

Mayor John F. Collins is leaving after eight years in office to become a visiting professor on urban affairs at the Massachusetts Institute of Technology.

Collins said he would vote for Logue, whom he appointed to the Boston Redevelopment Authority, but did not give him an outright endorsement.

Officials have estimated that 120,000 to 140,000 of the city's 278,562 registered voters will go to the polls.

Italy Bank Holdup Vicious

MILAN, Italy (AP) — Police patrols stretched 300 miles from Milan to Rome today looking for three bank robbers who sprayed machine-gun bullets at police and passersby as they escaped.

Two civilians were killed and 20 persons injured in a six-mile car chase and gun battle through Milan's streets Monday after four robbers took $16,000 from a Bank of Naples branch.

The wounded included one robber who was captured along with the loot and six policemen.

It was the most serious episode of banditry in this northern Italian industrial center in recent years. Milan Prefect Libero Mazza said that for "beast-like ferocity" the event had "no comparison in our country."

Public worry over the underworld has been increasing in Italy's second largest city. In the last three months, shootings between rival gangs and executions in Milan have left two dead and six injured.

* * *

Dozens of police cars chased a car carrying the bank robbers Monday. Hundreds of rounds of ammunition bounced off cars, pavements and buildings as the chase wound through busy streets with brakes screaming, sirens blaring. Two police cars blocked the getaway vehicle in a street. A policeman drew his pistol and emptied it at the car. The bandits leaped out, machine guns blazing, critically wounded a sergeant and fled on foot.

By OSWALD & JAMES JACOBY

If there is any expert bridge player who has never gone wrong in deciding whether his partner has doubled for penalty, takeout or just pure pleasure, we would like to meet him. We haven't yet.

One reason for this is that there are so many doubles in modern bridge that may well be described as "doubtful doubles."

West's two diamond overcall was supersound and many players would have made a takeout double instead of merely overcalling. North and East had no problems and South chose to rebid his spade suit.

West's double of two spades was one of those really doubtful doubles, but he had a lot going for him. If East chose to pass, West had enough strength so that two spades would probably be set; if East chose to bid, West was ready for that also.

East did not know what his partner's double meant but he didn't really care. He was happy to pass.

★ ★ ★

West started by cashing two high diamonds. East discarded his seven and jack of clubs whereupon West played ace and another club, East ruffed and shifted to a heart. South really should not have finessed but he did, and West was back in with the king. He led his last club for East to ruff.

East still had to make a trump and a heart so South was down three tricks for an 800-point less. West's doubtful double had really paid off but South had no one to blame for his misfortune. South should have doubled two diamonds.

This would have been for takeout but North would have passed anyway. West might have made two diamonds or he might not. Either way North and South would have been far happier.

Third Sense

Q—The bidding has been:

West	North	East	South
	1 ♣	Pass	1 ♦
Pass	1 ♠	Pass	3 ♣
Pass	3 ♦	Pass	3 N.T.
Pass	4 ♣	Pass	?

You, South, hold:
♠ K 9 ♥ A J 5 4 ♦ A Q 4 3 ♣ Q 3 2

What do you do now?

A—Bid four hearts. Your partner is now showing a rebiddable club suit, and suggesting a possible slam. Your heart bid shows the ace.

TODAY'S QUESTION

Your partner continues to four spades. What do you do now?

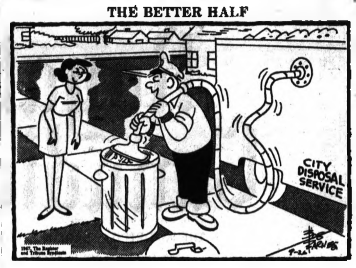

Answer Tomorrow

Officers Elected

PETOSKEY (AP) — Richard C. Frank, a Lansing architect, has been elected president of the Historical Society of Michigan. Other officers elected for one-year terms are: vice president, Maurice Cole, a Ferndale attorney, and secretary - treasurer, Philip Mason of the Wayne State University archives department.

Aluminum foil with a teflon coating is being made.

THE BETTER HALF

Astrological Forecast

By SYDNEY OMARR
For Tuesday

"The wise man controls his destiny. The fool lets the stars rule him."

ARIES (Mar. 21-Apr. 19): Your great ally today is patience. Handle responsibility with dignity. Don't let others demands on time, money around you are oppressive. Be considerate. Time is on your side.

TAURUS (Apr. 20-May 20): Be perceptive. Some may want to make you fearful. Be cautious without being overanxious. Subtle influences at work. Study ARIES message. Don't put yourself out on limb.

GEMINI (May 21-June 20): Fiscal responsibilities highlighted. Don't brood. Look to future. Outline plans, moves which will increase earnings. You have plenty of ability. You are due to arise from setback.

CANCER (June 21-July 22): Move ahead with new efforts. Be aware of personal interests. May be necessary for you to be selfish. Means guard what is your own. Many may like you to give up. Don't.

LEO (July 23-Aug. 22): Confidential matters grab your attention. Some secrets are revealed. Be truthful and thus avoid embarrassment. Chore that is not done some "checking up." Realize this—respond.

VIRGO (Aug. 23-Sept. 22): Fine evening for socializing. Be with congenial people. You will consider people you can gain new friends, supporters. Give ideas, and you also will receive.

LIBRA (Sept. 23-Oct. 22): Deal with people connected with career matters. Don't be swayed by others. You appear to know it all. Your opinions, beliefs are very worthy. Exude confidence. Know your value.

SCORPIO (Oct. 23-Nov. 21): Distant interests command attention. You get results. You desire direct action. You make calls, demand answers. But there are obligations which keep you in one place.

SAGITTARIUS (Nov. 22-Dec. 21): Make the most of assets. Don't underplay your role. Implement dramatic Fall lists and resolutions. Utilize sense of showmanship. Whatever you do, do it with flourish.

CAPRICORN (Dec. 22-Jan. 19): Give attention to marital ties. Partnerships. Change of scenery today proves beneficial. You learn by plenty of listening. Someone draws valuable hint. Use it.

AQUARIUS (Jan. 20-Feb. 18): Keep resolutions concerning diet, exercise, health. Key is moderation. Relative may appear to use heavy-handed method. Overcome temptation to argue. You eventually get your way.

PISCES (Feb. 19-Mar. 20): Pursue creative interests, hobbies. Give attention to asset. Evaluate assets. Be realistic in appraisal. You may be called upon for overtime duty. Handle responsibility.

IF WEDNESDAY IS YOUR BIRTHDAY you are capable of weighing various facts and coming up with complete story. Would make fine attorney, journalist, diagnostician.

★ ★ ★

GENERAL TENDENCIES: Cycle high for CANCER, LEO, VIRGO, special word to AQUARIUS: base opinions on facts—not rumors.

Prices Take a Dip

Mart Manages a Small Gain

NEW YORK (AP)—The stock market hedged a small gain in active trading early this afternoon but prices had slipped below earlier levels.

* * *

Prices moved up briskly at the opening in continuation of the advance that Monday sent the Dow Jones average of 30 industrials to a new 1967 high.

* * *

The Dow average at noon was up 1.90 at 944.98 after having been ahead about 4 points.

The trading rate slackened and the New York Stock Exchange ticker tape caught up a ter trailing by one minute in reporting floor transactions early in the session.

Analysts commented that the general news background to the market remained favorable amid new evidences of inflationary pressure.

SHOW STRENGTH

Steels and motors showed strength but most other groups were mixed.

The Associated Press 60-stock average at noon was up .8 at 342.4 with industrials up 1.6, rails up .2 and utilities up .2.

Bethlehem Steel, Jones & Laughlin and Republic Steel advanced about half a point.

General Motors, continuing its strong showing of Monday, gained more than a point and Chrysler was ahead about half a point.

Prices were mixed on the American Stock Exchange. Microwave advanced a point. Fractional gains were made by Muter, United Asbestos and Reeves Industries. Goldfield and Rusco Industries lost about a point.

Getting Ready for Fall

Pontiac Press Photos by Ed Vanderwarp

PREPARING—A major cleaning and testing operation of Consumers Power natural gas transmission pipelines by the company and its subsidiary Consumers Power and Michigan Gas Storage Co. has begun. In this picture Mike Bobic (middle), a Michigan Gas Storage employe, and CP employes Bob Goff (left) and Joe Bassett lower a 45-degree elbow into place against the main line preparatory to cleaning the lines. The men have isolated a 10-mile section of large-diameter pipeline by cutting and plugging the line at points near valves.

SETTING UP — The men place the elbow into a hole cut at midpoint of the main pipeline. Gas for customers has been temporarily rerouted on nearby lines. Within the next three summers CP will inspect, clean and test almost 525 miles of pipe in operations similar to this one.

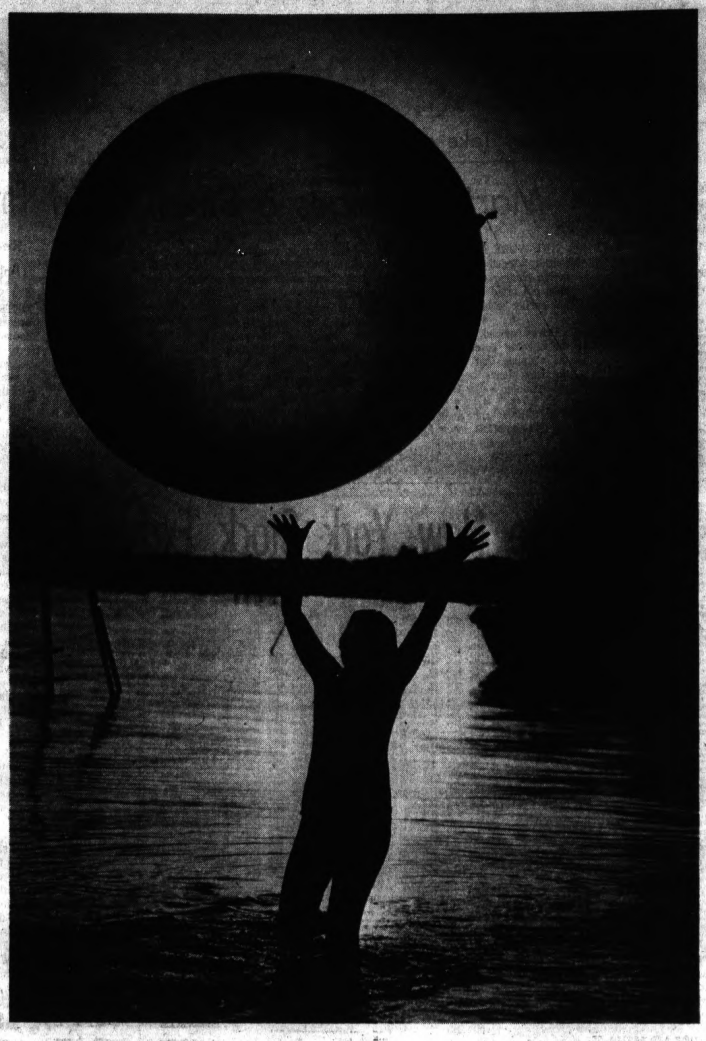

SUPPLYING PRESSURE — One worker turns on gas up to 35 pounds of pressure which goes through the pipe. Ground corncobs are pushed through the pipe by the gas. They absorb the moisture and oil accumulated on pipe walls, and all are forced out of the elbow. The line is purged with cobs four times, and then sand is used to scour the line.

TESTING — The line is then sealed again and water is channeled from a nearby stream into the pipe, under pressures as high as 1,500 pounds per square inch. A normally operating pipe has 800 pounds maximum. This pressure test is held for 24 hours, after which the water is returned to the stream as clean as when it was taken out.

CHECKER — Another CP employe, Don Grasian, stays in a truck at the blowout site ot radio workers at the clean-out site when the corncobs and blasting sand have cleared the lines so the gas can be turned off.

Pontiac Press Photo by Edward B. Noble

FADING LIGHTS OF FALL — There's time yet for that one, last frolic in the sun as fall comes to Michigan. This little girl with a large beach ball takes advantage of the fading warmth as autumn offers yet a few warm days. Captured by the camera's eye, her image provides an essence of summer fun to hold in the mind until next year's season.

AP Wirephoto

CUTE MOSQUITO — There's a reason Mrs. Marcie Liphardt, Clayton, Ind., finds the oversize mosquito model attractive and Jim Gerard of WFBM Radio Station thinks it's repulsive. The station ran a mosquito-collecting contest — 5 cents per bug — and Mrs. Liphardt won $3,661.25 by bringing in 73,225 of the pests.

AP Wirephoto

SUNDAY DENTIST? — It could be, but it isn't. This fellow who appears to take his work seriously is actually drinking from a unique water fountain at the Jack & Jill Amusement Park in Fort Wayne, Ind.

AP Wirephoto

ELECTRIC CAR BREAKS DOWN — On its first cross-country publicity trip, the electric auto designed by Robert Aronson of Detroit broke down in St. Louis. The car is powered by 20 batteries. The man with the serious look on his face, seen through the driver's side window, is Aronson. He said the trouble was of a mechanical nature and had nothing to do with the electrical system. The trip began in Detroit and is scheduled to end in Phoenix.

GOP May Accept LBJ Compromise on Tax Surcharge

MAKE-OVER PAGES

WASHINGTON (UPI) — A key House Republican indicated today the GOP might go along with a Johnson administration compromise to break the deadlock over the President's proposed 10 per cent tax surcharge.

Rep. John W. Byrnes, Wis., ranking GOP member of the tax-writing House Ways and Means Committee, declared that a tax increase was unavoidable and proposed that Congress couple it with a ceiling on nondefense spending.

He said the federal spending cuts and the revenues from the proposed tax increase should be planned to reduce the anticipated $29-billion federal budget deficit for this fiscal year by half.

Byrnes' proposal, contained in a speech to be delivered to the American Bankers Association today in New York, indicated that the committee and the administration were moving close to an agreement on the tax issue.

Treasury Secretary Henry H. Fowler floated a similar tril balloon last week.

He said the administration would go along if Congress wanted to link a tax increase directly to cuts in spending.

The President's proposal, a 10 per cent surcharge on personal and corporate income taxes, is designed to bring in about $7.5 billion in revenue.

Byrnes' demand that the anticipated deficit be cut in half would mean, under present forecasts, that the spending reductions would have to total about $7 billion.

Currently, the Ways and Means Committee is bogged down in a stalemate with the administration over the tax increase. The committee wants the President to spell out spending cuts before it asks House members to vote for a politically unpopular tax increase.

AP Wirephoto

SEVENTH SQUALL VICTIM — The body of a second victim recovered from Lake Michigan near Frankfort, yesterday is taken from a Coast Guard helicopter to an ambulance. It brought the total to seven bodies recovered after a squall caused havoc along Michigan's northwest shore Saturday where many fishermen were fishing for Coho salmon.

Raging Rio Grande Menaces 5 Cities

HARLINGEN, Tex. (AP)—The savage Rio Grande, monstrously bloated by Hurricane Beulah's cloudbursts, sent a record torrent raging into the fringes of five South Texas cities today after ripping out a flood-control dam.

★ ★ ★

The Texas Department of Public Safety warned residents along the side channels—the Arroyo Colorado—in Mercedes, La Feria, Harlingen, Rio Hondo and Lozano to flee to high ground.

Nearly 1,000 Harlingen residents fled to shelter by dawn as water topped the rim of the Arroyo and lapped into neighborhoods of fine homes.

At 6:30 a.m. CDT the Arroyo surged with 38.2 feet of water—more than a foot above the predicted crest—and it still rose.

A call went out for more volunteers to help crews who had spent the night building sandbag dikes around homes and storm sewers which lead the Arroyo.

The Coast Guard said its helicopters evacuated 635 Mexicans surrounded by floodwaters by dark yesterday.

The Department of Public Safety said Harlingen was in the most danger of the five Texas cities threatened by the rampaging Arroyo Colorado.

The state highway patrol set up road blocks to keep refugees from returning to the Rio Grande valley. Most roads in were either impassable or extremely difficult anyway.

★ ★ ★

Reports of heavy rains upstream yesterday afternoon in the Rio Grande watershed on both sides of the border kept officials doubtful about the amount of water that would finally roll down the border river.

DRIVEN BACK

Meanwhile, 150 miles north of here, new rains in the Nueces River watershed sent fresh flooding into the little town of Three Rivers, and people trying to start cleanup work were driven back to high ground.

A record flood crest on the Nueces bore down on Corpus Christi today.

Throughout a 40,000-square-mile area in towns whipped by Beulah's winds, drenched by her rains, overrun by flooding streams and slashed by tornadoes, thousands remained in shelters—some of them short on food and water. But the water was receding in many places.

Beulah's death toll stood at 44, 24 in her first sweep through the Caribbean and the Yucatan Peninsula, 11 in Texas and nine in northern Mexico.

DAM RIPPED OUT

Boiling and charged with debris, the Rio Grande ripped out the steel and concrete dam near Mercedes, 14 miles upstream from here.

★ ★ ★

Boundary and water commission officials said they could not tell exactly how much water was released by the break.

Lake Toll Is 7; Hunt Goes On

FRANKFORT (AP) — Hundreds of weekend fishermen, who came to do battle with an exciting new game fish, ended up in a losing struggle with a killer storm that left at least seven dead.

The Saturday squall that lashed a fleet of boats along 60 miles of Lake Michigan shoreline sent some of the anglers home vowing they'd never let out another line for the Coho salmon.

However, as rescuers probed the lake's dark waters Saturday night and combed the shoreline, strewn with hundreds of grounded boats, at least 60 boats were reported back on the lake trying for fish.

From one of those boats the Coast Guard plucked two men. One was dead and the other in shock.

★ ★ ★

Louis Jeske of Spring Lake, who put in at Point Betsie as the squall built up, said many of the fishermen were "ill-prepared, ill-equipped, ill advised and ill-informed."

A red flag, signifying small craft warnings, flew all during the storm. It was lowered at 2 p.m. yesterday, the first time in three days for this northern stretch of Lake Michigan.

Despite the warnings, fishermen, estimated at between 1,000 and 2,000, went out on the lake Saturday.

The boats were blasted off the lake by winds up to 30 miles an hour and waves as high as 25 feet.

★ ★ ★

Nineteen persons were treated at the Hospital in Frankfort for shock and exposure. Only one remained hospitalized today.

★ ★ ★

Coast Guard helicopters resumed their search for victims at dawn today.

Lt. Ward Lewis at the Coast Guard's Traverse City Air Rescue Station said that 23 persons have been reported overdue by relatives or friends but none is listed as "known missing."

All the bodies recovered were from Michigan.

★ ★ ★

They were identified as Melbourne Welsh, 48, of the Grand Rapids suburb of Wyoming; Bernard Van Keevering, 23, of Grand Rapids; Sherman S. Molle, 55, of Southfield; William Mookoff, 37, of Wyoming; Donald H. Farr, 49 of Jenison; Earl H. Smith, 72, of Onaway; and Arthur De Hate, 77, of Elgin.

Lynda Bird Sets Dec. 9 Wedding

WASHINGTON (AP)—The White House wedding of Lynda Byrd Johnson and Marine Capt. Charles S. Robb, with 14 bridal attendants, will be held in the historic East Room on Dec. 9, a Saturday.

The White House made the announcement today.

Lynda, 23, elder daughter of the President and Mrs. Johnson, will have her younger sister, Mrs. Patrick J. Nugent, 20, of Austin, Tex., as her matron of honor.

Close friends, relatives, and friends of the bridegroom, including one on duty now in Vietnam, will be in the bridal party.

There is expected to be a military flavor to the wedding, but details are yet to be announced.

Lynda is the eighth daughter of a president to be married in Washington while her father held office—the seventh to be married in the White House itself.

And, it is the first time since the days of President Woodrow Wilson that two daughters of a president have married while their father was in the White House.

Pontiac Press Photo

BATTLE BLAZE — Only foam could smother flames yesterday in a pile of some 800 junk cars at Bezesky Brothers Used Auto Parts, 25000 Haggerty, Farmington Township. Firefighters from the township and Novi fought the blaze from about 5 p.m. to about 9:30 p.m. (See story page A-4).

Car-Train Crash Kills Teen

A car-train collision claimed the life of a 13-year-old Mt. Clemens boy yesterday in Rose Township.

Joseph U. Alvarado was killed when the car in which he he was riding collided with a diesel locomotive at a crossing on Buckhorn Lake Road, according to Oakland County sheriffs deputies.

Oakland Highway Toll in '67
79
Last Year to Date 108

The boy was pronounced dead on arrival at Pontiac General Hospital shortly after the 1 p.m. accident.

Listed in serious condition in General Hospital is Alexander B. Alvarado, 19, of 8590 Fish Lake Road, Holly.

★ ★

He was driving the car north on Buckhorn Lake Road just south of Davisburg at the time of the collision, according to deputies.

Neither the sheriff's department nor hospital officials were able to determine whether the Alvarados were related.

Deputies said the impact of the train knocked the car upside down.

AMC Prices Up 3.8 Pct.

DETROIT (AP) — American Motors said today its 1968 cars will carry price tags averaging $89 or 3.8 per cent higher than those on comparable 1967 models. AMC thus became the fourth U. S. car maker to increase prices on its 1968 models.

Cheer Up! Weather Worse in U.P.

Pontiac didn't get the worst of the autumn cold wave which charged across the northern Great Lakes and northern New England dropping temperatures and leaving in its wake snow and a cold rain.

A snow squall hit Sault Ste. Marie for about 25 minutes early today, melting or blowing away as soon as it hit. Temperature at the time was 39 degrees, one degree colder than downtown Pontiac's early morning low of 40.

The all-time record low for this date was 40 degrees set in 1883.

A warming trend will dominate the weather scene tonight and tomorrow with lows predicted in the 40s and highs in the 70s.

Percentage of precipitation probabilities are: today and tonight near zero and tomorrow, 10.

By 1 p.m. the mercury in downtown Pontiac stood at 64.

What Is an Open-Housing Law?

By BOB WISLER

"Just what is an open-occupancy ordinance? I don't really know," a white citizen asked not facetiously at last week's city commission meeting.

An answer was requested from Richard Northcross, president and spokesman for a young Negro group known as the Pontiac Organization of Black Youth (POOBY).

Northcross, a young man not given to verbosity, replied simply:

"An open-occupancy ordinance means you can buy, sell or rent a place to live if you have the funds or means to do so."

In general, that's what an open-occupancy ordinance attempts to provide for, although there are different provisions and variations.

The ordinances passed so far in Michigan are city laws which prohibit owners, agents, brokers or salesmen from refusing to sell, rent or lease housing units because of a person's religion, race, color or national origin.

There is little discrimination in housing based on religion, but race and color is another matter.

In a couple of ordinances there is prohibition against refusing to rent, sell or lease to a person because of his sectional origin.

This provision originated in Michigan in the ordinance passed by Ypsilanti and was designed to prohibit discrimination against persons of a rural, southern white background.

★ ★ ★

In Ypsilanti there were several instances where they were being discriminated against by other whites in attempting to buy or rent homes.

FOR NEGROES

In the main, however, these ordinances are passed to prevent discrimination against those who are most discriminated against — Negroes.

The pressure for an open-occupancy ordinance is being applied to the city commission by POOBY, an organization of Negro youths formed in July.

Support in recent weeks has been growing with the Pontiac Area Urban League backing the request and clergymen from many of the city's churches urging an ordinance.

News Analysis

★ ★ ★

The city law department has provided the commissioners with a number of documents which they will use in determining if an ordinance will be passed, and if so, what kind.

COPIES, COMMENTS

The documents consist mostly of copies of the ordinances which have so far been passed in Michigan cities along with some comments by city attorneys in some of those cities.

There are also a few legal opinions, two from Atty. Gen. Frank J. Kelley, a recommendation from the Michigan Civil Rights Commission and some miscellaneous material.

In the file are ordinances passed by governments in Ypsilanti, Muskegon, Kalamazoo, Jackson, Grand Rapids, East Lansing, Battle Creek, Ann Arbor and Port Huron.

Jackson's was repealed by referendum vote this summer.

A reading of these open-occupancy ordinances is revealing. They are all basically the same with a few variations. The ordinances are for the most part two to four pages long.

★ ★ ★

Ypsilanti's, which has been called the strongest in the state and has been recommended by the CRC, is seven pages long and treats the issue somewhat differently although its aims are the same as the others.

50 in House Support Proposal for Viet Stance Reappraisal

WASHINGTON (AP) — Congress needs to take a formal look at U.S. policy in the Vietnam war, 50 House members suggested today.

The 46 Republicans and 4 Democrats proposed a resolution asking Congress to decide "whether further Congressional action is desirable in respect to policies in Southeast Asia."

As they prepared their move:

★ ★ ★

● Arthur J. Goldberg, U.S ambassador to the United Nations, said Sunday he does not believe Soviet rejection of his bid for help in getting North Vietnam to the conference table has wrecked peace hopes.

★ ★ ★

● Sen. Karl Mundt, R-S.D., said Saturday night the United States indirectly told Red China several years ago it would face massive retaliation, including nuclear firepower, if it entered the war in Vietnam. The State Department said no one has been threatened and the White House declined comment on Mundt's remarks.

★ ★ ★

● Sen. Joseph S. Clark, D-Pa. said Sunday night the Soviet Union might send pilots to fly the MIGs it is supplying North Vietnam.

● Walter P. Reuther, president of the United Automobile Workers, advocated a pause in bombing of North Vietnam "for a period until I think that we have done everything reasonably possible to exhaust the possibilities of new initiatives that might lead to the conference table."

★ ★ ★

Signers of the latest move in Congress to test U.S. policy in Vietnam range in political philosophy from conservative to liberal.

Rep. Paul Findley, R-Ill., said: "This resolution arises, in my opinion, from deep-seated conviction that the congress itself should deal at this time with questions of basic policy in regard to the Vietnam war. It provides the means through which the Congress can discharge responsibilities in foreign policy clearly placed upon it by the Constitution."

The resolution, if approved by the House and Senate, would call upon congressional committees to consider the questions and report their findings to the two branches.

Poll Shows Voters Like Withdrawal

WASHINGTON (AP) — Eventual withdrawal of U.S. troops from Vietnam is favored by 56 per cent of the Michigan constituents of Rep. Marvin L. Esch who responded to a questionnaire circulated by the congressman.

Twenty per cent of the 25,000 persons who replied to the questionnaire wanted immediate withdrawal; 36 favored gradual descalation and gradual withdrawal.

Fourteen per cent of the constituents favored continuing the present course of the war and 31 per cent favored a military stepup.

Esch, a Republican, sent about 130,000 of the questionnaires to constituents.

OPPOSITION TO SURTAX

Of those who replied, 76 per cent opposed President Johnson's request for a 10 per cent surtax. Thirteen per cent favoted it and 11 per cent expressed no opinion.

Foreign aid, space projects and beautification programs were singled out by the respondents as areas where expenditures might be cut.

In other areas, respondents favored an end to discrimination in jury selection, 62 per cent; anti-riot legislation, 73 per rent; government spending cuts, 81 per cent; tax incentives for industrial pollution control, 60 per cent; tax credit for college costs, 63 per cent; firearm legislation requiring registration of all firearms, 64 per cent; controls over direct mail sales, 69 per cent; legislation to curb serious national strikes, 73 per cent; and an increase in allowable income for social security eligibility, 77 per cent.

AP Wirephoto

HUDDLING IN BUNKER — Two U.S. Marines huddle in a timber and sandbag bunker at Con Thein just south of the demilitarized zone of Vietnam. Up to yesterday, North Vietnamese gunners had been pouring in rocket, mortar and artillery fire at a rate of from 100 to 600 rounds a day. The rate eased yesterday after intensive U.S. strikes.

FBI Probing Steel Strike

DETROIT (AP) — Federal agents are investigating to see if highway sniping and sabotage in an eight-state strike by dissident Teamsters Union steel haulers is interfering with interstate commerce.

★ ★ ★

Several new incidents of violence were reported in Michigan, Ohio and Pennsylvania over the weekend.

★ ★ ★

In Detroit, U.S. Attorney Lawrence Gubow said he ordered the FBI to investigate the incidents during the middle of last week, and agents in Pennsylvania started investigations Friday.

Ford Back to Bargaining, Has Idea of Pact Price

DETROIT (UPI) — Ford Motor Co. bargainers return to the negotiation table today — and for the first time they have some idea of how much a new contract with the United Auto Workers union may cost.

UAW President Walter P. Reuther yesterday indicated what he thinks Ford and the other two "Big Three" auto makers — General Motors and Chrysler Corp. — can afford.

Reuther said in a television interview from Washington on NBC's "Meet the Press" that the auto industry could afford 80-cents-an-hour raises for its 675,000 workers and still show profits.

In dollars, Reuther's statement indicated that he feels auto companies could afford a $1.123-billion package increase.

★ ★ ★

Observers said Reuther's statement indicated he seeks the most expensive demands ever in auto negotiations.

$5 BILLION PER YEAR

The auto makers currently pay their 675,000 UAW employees more than $5 billion a year, or an average $4.68 an hour.

Meanwhile, the strike by 160,000 UAW workers against Ford entered its 19th day with no signs of settlement appearing close. Chrysler and GM continued operations without contracts.

The UAW president also endorsed President Johnson for reelection, saying he favored Johnson over anyone from either party now being mentioned for the presidency.

★ ★ ★

"If he (Johnson) is a candidate and others being talked about are his opposition then I'll endorse him," Reuther said. "We have to recognize this is not a contest of personalities."

REUTHER FOR JOHNSON

Reuther and a growing number of national labor leaders maintain that despite any personal differences their unions might have with Johnson, they have no choice but to endorse him because of Republican domestic policies.

The UAW president said Republicans in Congress have voted 80 to 90 per cent against essential domestic policies.

Reuther said the UAW's strike against Ford would continue until Ford gave its workers "economic justice based on the economic facts."

Rocky to Act as Favorite Son

ALBANY, N.Y. (AP) — Gov. Nelson A. Rockefeller will go to next year's Republican national convention as a favorite-son candidate for president, if New York GOP leaders follow through on present plans.

Well-qualified sources reported Sunday that at least a tentative decision had been made to designate him as such, as a device, they said, to hold the state's 92-vote delegation together.

★ ★ ★

Among other things, the sources said, party leaders are anxious to prevent possible raids on the delegation by such potential candidates as former Vice President Richard M. Nixon, the ex-Californian who now claims New York as his home state.

Designating Rockefeller as a favorite son, they said, would discourage such incursions and assure the governor of a major voice in selecting the party's nominee.

★ ★ ★

Rockefeller has been backing Michigan's Gov. George Romney for the 1968 presidential nomination while insistently disclaiming any further White House ambitions of his own.

The Weather

Full U.S. Weather Bureau Report

PONTIAC AND VICINITY — Sunny and a little warmer today. Highs 62 to 70. Clear to partly cloudy tonight and not quite so cool. Lows 42 to 48. Tomorrow: Partly cloudy and pleasant with a slight chance of showers late in the afternoon. West to southwest 8-16 miles today, diminishing a little by tonight. Outlook for Wednesday: Partly cloudy with a chance of showers. Percentage of precipitation probabilities: Today and tonight near zero, tomorrow, 10.

NATIONAL WEATHER — Rain is expected tonight over New England and the far Southwest. Warmer weather is expected in the Great Lakes region and upper Mississippi Valley. It will be hot in the Southwest. Cool weather is anticipated over New England, the middle Atlantic states and the Northwest.

AP Wirephoto

TROUBLE SPOT — This map locates the point about 500 miles northwest of Barrow, Alaska, where the Coast Guard icebreaker Northwind was reported disabled and stuck in a swelling arctic ice pack. Two vessels are speeding to her rescue. Her crew of 200 are in no immediate danger.

U.S. Icebreaker Stuck in Arctic

Ships Head for Scene; No Immediate Danger

JUNEAU, Alaska (AP) — The Coast Guard icebreaker Northwind was reported disabled and stuck in the swelling arctic ice pack about 500 miles northwest of Barrow, Alaska, and two other vessels were speeding to her rescue today.

The 269-foot Seattle-based icebreaker and her 200 men were said to be in no immediate danger, but that the Northwind needed assistance to get out of the dangerous ice before the fast approaching arctic winter sets in.

The cutter Staten Island was expected to head for the scene as quickly as she could replenish her supplies at Nome, Alaska today. She and the Canadian icebreaker John A. MacDonald are expected to reach the Northwind in about two days, the Coast Guard said.

The Coast Guard estimated that it would take another two days to lead the Northwind out of the frozen trap.

The Northwind was on a resupply mission to a small group of U.S. scientists on an ice island. The supplies probably will be flown in later, the Coast Guard said.

2-Week Night Shuts Down Surveyor 5

PASADENA, Calif. (AP) — With night coming on, Surveyor 5 is off the air for two weeks.

The 18,006 pictures televised back to earth by the lunar spacecraft more than doubled the output of the two previous surveyors.

The shutdown Sunday came with the advent of a two-week lunar night.

★ ★ ★

"It's a smashingly successful climax to a mission we once thought was ruined," said project scientist, Dr. Leonard Jaffee. The 600-pound vehicle landed gently on the moon's surface Sept. 10 despite a fuel pressure leak in flight which threatened to let it crash.

Some of the last pictures snapped after sunset on the moon were taken by the light of "earth shine" — sunlight reflected off the earth's surface.

Civic Leaders to Hear Move for Planning Unit

Selected community leaders will meet with members of the Pontiac Board of Education and City Commission tonight to discuss a citywide planning proposal termed "one of the potentially most significant in Pontiac area's recent history."

Pontiac's school board and governing body will explain their proposed area planning council and hope to secure the endorsement of some 60 key leaders of various city organizations who have been invited.

A joint undertaking of the school and city boards for the following major purposes would reportedly be the first in the country. The council would:

● Establish long-range plans for the development of the greater Pontiac area with particular emphasis upon planning for the development of human resources.

● Devise a plan to make the Pontiac area an attractive place to live, work, do business and as a natural center of area activity.

● Develop a guide to serve for planning and development by municipal, schools and social service organizations.

Birmingham Area News

Garage Financing Vote Due

BIRMINGHAM — The City Commission hopes to pass a resolution tonight on financing the proposed $1,924,500 five-story parking garage on Pierce street.

The commission proposes to finance the 701-car structure with increased meter fees and a 10 to 20 per cent assessment to benefitting merchants.

If the resolution passes tonight final action will be taken after a hearing on Oct. 9.

Tonight's meeting is at 8 in the Municipal Building.

The commission also will discuss a list of proposed amendments to the controversial Sign Ordinance which puts restrictions on the size, number, placement, and brightness of commercial signs in the city.

LENIENT ORDINANCE ASKED

The amendments suggested by the Birmingham Chamber of Commerce ask for a more lenient ordinance in light of hardships that might be caused to some local businesses.

The Chamber is at odds with the commission as to the legality of restricting the use of string lights, moving and flashing signs, and the height and number of signs. The Chamber is questioning the legality of an ordinance based on aesthetics. The commission uses "traffic hazard" as its reason for a strict ordinance.

Griffin Defends Romney, Raps LBJ at GOP Meet

MACKINAC ISLAND (AP) — Sen. Robert P. Griffin, R-Mich., keynoted the mood of Michigan Republicans Sunday in a double-barreled defense of Gov. George Romney and assault on the Johnson Administration.

He told some 700 state GOP members that Romney's recent charge of having been "brainwashed" on a 1965 Vietnam trip "is a problem of the American people.

"When confidence in government begins to fade, let me suggest that the sun begins to set on freedom," Griffin told the closing session of the party's three-day, biennial conference.

He declared there is havy public opposition to President Johnson's proposal for a 10 per cent surrharge on taxes.

LACK OF FAITH

This opposition stems from "a widespread lack of faith in the Johnson Administration and its handling of domestic and foreign affairs," Griffin said.

The senator said his mail is running 100 to 1 against the surcharge and his congressional colleagues are receiving the same response.

★ ★ ★

Romney was absent from the conference. He was in Los Angeles on a tour of cities around the nation to study urban problems.

John B. Martin of Grand Rapids, a Republican national committeeman, said the public is beginning to forget the criticism that followed Romney's use of the word brainwashed. He said the governor's use of the word appeared to be unfortunate.

'WORST OVER'

One party official, who declined use of his name, said delegates to the conference "feel the worst is over" and Romney's presidential aspirations have escaped permanent damage from use of the term.

Griffin and Lt. Gov. William G. Milliken left the conference for six hours Saturday night. They traveled by helicopter to the Frankfort area to review the damage and boating deaths caused by a Lake Michigan squall.

★ ★ ★

Mrs. Ruth Hobbs of Ann Arbor told the conference she will not seek reelection as president of the state chapter of the Republican Women's Federation.

Mrs. Hobbs said she wants to spend more time with her family and with duties as treasurer of the National Federation of Republican Women.

NY Teachers in 3rd Week of Walkout

NEW YORK (AP) — The teachers' walkout entered its third week today, with a report of some progress in negotiations but no indication when 1.1 million public school children will have all their instructors back in classrooms.

As talks recessed at 1 a.m today, both Schools Supt. Bernard E. Donovan and Albert Shanker, president of the 49,000-member AFL-CIO United Federation of Teachers, were slightly optimistic.

★ ★ ★

"I cannot report any specific progress, but we are making progress," Donovan said.

"We made a little bit of progress," said Shanker. "The situation is a little better, not worse."

Negotiations, with the aid of mediators, resume at 9 a.m.

It was announced Sunday that the 900 public schools would be open today.

At an outdoor rally Sunday, Shanker told some 7,000 teachers the oral agreement reached last Wednesday with the City Board of Education must be put in specific contract language and then approved by union members, adding: "The best way we have of getting back to work quicker is to make tomorrow (Monday) the best day we've ever had in this work stoppage."

Shanker appears in State Supreme Court this afternoon to answer a city-obtained injunction against the walkout as provided by the new Taylor law which prohibits strikes by public employes.

Under the law, union officials may be jailed and the union fined—$10,000 a day has been suggested in the case of the UFT. Rank-and-file union members are not punished under the statute.

When the early morning talks broke up, Donovan said, "The most important problem now is more effective schools."

$5,000 in Damage in City House Fire

Four Pontiac Fire Department vehicles responded to a house fire call at 135 Omar yesterday and pumped for one hour before extinguishing the blaze.

An estimated $3,000 damage was done to the one-story dwelling and another $2,000 to contents.

Officials said they are still investigating and have not determined the cause of the fire.

Rusk to Talk to Gromyko at U.N. Today

UNITED NATIONS, N.Y. (AP) — Secretary of State Dean Rusk comes to the United Nations today to talk with Soviet Foreign Minister Andrei A. Gromyko but chances looked slim for agreement on Vietnam or the Middle East.

Rusk is to give a dinner tonight for Gromyko after conferring separately with Israeli Foreign Minister Abba Eban, British Foreign Secretary George Brown and Danish Premier Jens Otto Krag.

★ ★ ★

Rusk, Gromyko, Brown and French Foreign Minister Maurice Couve de Murville will be guests of U.N. Secretary-General U Thant at a Big Four "discussion dinner" in Thant's office Tuesday night.

Meanwhile, Eban was to speak today in the U.N. General Assembly's general policy debate, opening public exchange with Arab foreign ministers over how to settle the Israeli-Arab war fought last June 5-10.

OU Sets Day of Mourning as Tribute to Mrs. Wilson

The Oakland University community will pay its last respects to the late Mrs. Alfred G. Wilson tomorrow.

It has been declared a day of mourning on the campus with all university offices and classes being suspended.

A public memorial service, highlighted by tributes to her by the university, alumni and students, will be held at 2:30 p.m. at the Baldwin Pavilion on the campus.

Four memorial tributes will be given the university's benefactoress by Chancellor D. B. Varner, for Oakland University; Tony Cornellier, Troy teacher who was a Wilson award winner in the class of 1965, for the alumni; and Barbara Anson, Bethesda, Md. junior, for the students.

★ ★ ★

Also participating in the services will be the Oakland University Singers coral group, the Detroit Symphony and Eric Berry of the John Ferndale Co. besides area ministers.

HOMECOMING CANCELED

Students have canceled Mrs. Wilson's Weekend next month. It was the students body's annual homecoming affair.

BLOOMFIELD HILLS—Former resident Donald R. McNeal has been awarded his doctor of philosophy degree in electrical engineering from Stanford University in Palo Alto, California.

★ ★ ★

Dr. McNeal is currently working at Lockheed Missiles and Space Company, Palto Alto where he is an engineer-scientist.

HOSPITAL POST

In early 1968 he will join the Attending Staff Association of Rancho Los Amigos Hospital in Downey, California. The staff specializes in the rehabilitation of patients suffering from chronic disabilities such as cerebral palsey, paralysis, and brain damage resulting from heart stroke.

★ ★ ★

His parents, Mr. and Mrs. Richard McNeal, recently moved to Rochester, New York.

'Y' Campaign Yields Over 100 Members

A total of 114 new members was reported at the initial YMCA membership drive progress report meeting.

The applications of several others are on hand although they have not yet been processed and counted, according to William Kirk, general secretary of the 'Y'.

The drive ends Thursday with a 6:15 p.m. dinner and auction where the total membership gained will be announced.

Anyone interested in joining the 'Y' should contact a 'Y' membership worker or telephone or visit the YMCA building, 131 University Drive.

★ ★ ★

"Since our health is such an important asset, we should take care of it by keeping physically fit," Kirk said. "Regular participation in the wde variety of physical and aquatic programs at the 'Y' will help maintain that fitness which is so important in today's world."

French Reds Score Surprising Wins

PARIS (AP)—Communists who campaigned against President Charles de Gaulle's domestic programs claimed surprising successes today in French regional council elections, including a near sweep of Paris' working class suburbs.

★ ★ ★

Gaullists scored gains too, particularly in country areas, but the Communists took 45 of the districts around Paris and backers of the French president only three in the first round of voting.

★ ★ ★

Communist influence in the industrial suburbs, often called the "Red belt," is traditionally strong, but their success surprised most observers.

It Seems to Me . . . .

Vietnam a Dead-End Street Declares U.S. Authority

THEODORE O. YNTEMA summarizes the current Vietnam situation accurately in two terse, one-syllable words.

YNTEMA

Says he:

"Get out."

Truly, this well-known Ookland County student and world scholar is one of the thoughtful, contemplative sages of this era and area. His opinions on the national and international scene are highly regarded and respected.

★ ★ ★

"We are in Vietnam," he declares, "because of errors in policy and judgment."

How right he is.

"We cannot win in any meaningful sense," he asserts further and then explains that "even a military victory means we would have to police and support the Vietnamese — north and south — for decades to come."

Whoever wants that?

★ ★ ★

Can this depressing spectacle appeal to anyone?

The onetime professor at the Universities of Chicago and Stanford now holds a visiting professorship at Oakland U. Following his retirement as a Ford Motor Company vice president, the Bloomfield Hills savant accepted an honorary post at Oakland University. This area is fortunate — and lucky — to lure a man of his standing.

★ ★ ★

He asserts the U.S. can get out by providing economic and military aid, and telling the country to take up its own defense itself. This last has always been accepted as an unwritten commitment in global warfare. It's difficult to argue against allowing a country's own citizens to bear the brunt of their own battles and the concomitant lists of dead and wounded.

★ ★ ★

Then Mr. Yntema continues with ont of the most cogent and compelling statements yet appearing on that general situation. He says:

"If Vietnam can not survive, the loss to us and the world will be less than the loss attendant upon our remaining there."

Here is exceedingly sound advice from one of our most penetrating observers and thinkers.

★ ★ ★

The White House seems unalterably committed to an offense that will never win. As the naval pilots quite universally told me when I was on the *Kitty Hawk* during actual bombing raids:

"The way this is going now, it will certainly last the rest of the century."

★ ★ ★

Nothing has happened in the last four months to modify the estimate which represented the calculated opinion of our toppermost authorities and experts — the men who are actually on the job doing the bombing.

Mr. Yntema is right.

Since we won't win, let's get out.

★ ★ ★

Why should an increasing list of fine American boys be called upon to give their lives when the rest of the world merely looks on complacently and makes slurring remarks? Global countries are strangely but adamantly remiss about sharing this unending burden.

★ ★ ★

If we come home, we can't "lose face" anywhere. Can the British, French, Germans, Italians, Swedes or any of the rest object?

What are THEY doing?

The answer is: NOTHING.

Well, "nothing" isn't exactly right, either. They're supplying our foes with munitions and food and commanding a goodly price for their supplies. Let's look the facts squarely in the face.

★ ★ ★

I leave the Russians and Chinese unmentioned. Who cares *what* they think about saving face?"

It's simple. Some 200 million people can't police three billion, fight their wars and pay their bills. It's high time all politicos found that out.

★ ★ ★

Yes, Mr. Yntema.

Let's get out!

I call your attention to a Guest Editorial appearing on this page today from Alabama which minces no words in discussing the methods we use in Vietnam.

It's well worth your reading.

And in Conclusion . . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

Overheard: "I've found out what was wrong with my back. Two weeks ago we got some ultra modern furniture at the office and I find I've been sitting in the wastebasket." . . . . . The Drake Hotel in Chicago already has some reservations for 1981. I guess it's a sign of the times. . . . . Attendance at White Sox home games has been below normal, considering the race. It's attributed to fear of race trouble around the park. They've had police far beyond normal, but still "incidents" have taken place.

MARINA

Personal nomination for one of the most attractive young ladies in all Russia: Marina Seidel. . . . . Rodolpho Junco de la Vega, Mexican publisher and good friend of mine, says they had 25 inches of rain in 15 days, shattering all records. . . . . Remember back when it was the pupils and not the teachers that didn't want to go to school? . . . . . Overheard: "I've got enough money to pay my taxes, but that doesn't leave me anything to live on." . . . . . CBS-TV will go along with the Emmy rewards this year. They think they've been overhauled sufficiently. In the past half dozen years, Hollywood's "Emmies" have been the biggest TV bore of the season.

Seen on Air Force bulletin board: "Notice! Absolutely no Flying Permitted over Nudist Camp located exactly 8.3 miles SSW on a true Course of 192 degrees." . . . . . The Battleship *New Jersey* will go into action again next spring. She can reach 80% of the North Vietnam targets with her one-ton projectiles. . . . . FRANK SINATRA'S latest blow-up has offended a much larger list of movie celebrities than has come out. . . . . Dept. of Cheers and Jeers: the C's — DEBRA BARNES, our new Miss America; the J's — FRANKIE SINATRA.

Not Measuring Up!

David Lawrence Asks:

Will Rusk Marriage Hurt LBJ?

LAWRENCE

WASHINGTON — Secretary of State Rusk — whose 18-year-old daughter last week married Guy Smith, a 22-year-old Negro just graduated from college — is understood to have offered to resign his post in the Cabinet if the President thought the wedding would be politically embarrassing to the administration. But Mr. Johnson discouraged the "resignation."

What, it is being asked, however, will be the political repercussions of the incident? Will it be a distinct plus for the administration in international politics but to some extent a minus on the domestic side?

In Great Britain 14 years ago the daughter of Sir Stafford Cripps, the finance minister, married an African, and the couple now have four children.

The wedding attracted relatively little attention in this country, and at the time was not the subject of much discussion in London, where dark-skinned students from countries in Africa and Asia had for many years been accustomed to mingle socially with whites.

So it is likely that abroad — and particularly in most of the African countries where reports of the racial disputes in the United States have been utilized to spread anti-American sentiment — the Rusk-Smith marriage will be construed as a rebuttal of such charges.

In Washington today there are 117 embassies and legations, and the majority of the staffs include persons of the black or brown or yellow races.

Certainly in official circles here social ties between men and women of all colors especially among the younger generation — have increased substantially in the last decade.

The political significance, of it all is that many voters who have been vigorously opposing racial integration in the public schools will claim that their viewpoint is being vindicated.

They will insist now that, while it is desirable to provide equal education facilities, integrated public schools are creating the social environment in which Negro and white youngsters grow up together and then marry.

The same debate will, of course, arise in the controversy over open housing in many cities and their suburban areas.

Conversely, the people who do not object to racial intermarriage will say that, since the daughter of a secretary of state has chosen a Negro for a husband, this gives a form of approval which has been absent heretofore.

Bob Considine Says:

U.S. Missile Defense Prompts Few Questions

CONSIDINE

NEW YORK — If memory serves we are soon to become the first world power that ever spent $5 billion building a defense system against a nonexistent offense — Red China's H-bomb - tipped intercontinental missiles.

Defense Secretary McNamara went to some pains to explain that his "thin" anti-missile-missile system was intended only for use against Chinese warheads coming in from outer space aimed at American cities.

The Russians, on the other hand, wouldn't think of throwing anything like that at us, he went on.

Congress, which can get quite cross with Mr. McNamara, promptly bleated something to the effect that he ought to use the money to start building a system that would protect us from Russian missiles, too.

RUSSIAN SYSTEM

Just as the Russians are building at prohibitive costs a system to protect themselves against our ICBMs.

Congress won't get very far with that kind of flaky reasoning!

As an intended victim of somebody's, anybody's, intercontinental missile attack I'd like to ask a few dumb questions:

● How will our killer missiles know whether the object they have discovered streaking down on New York City is Chinese? Will it betray itself by giving off a slight aroma of moo goo guy pan, or will those cunning scoundrels have basted it with borscht before launching it?

● If the approaching warhead has no identification mark, will our search and destroy missile be able to ask it for its name, rank and serial number? Or the password? The password of course will be "Fun City", but will our missile understand it if the reply is in Mandarin? Or Cantonese? Whatever, there won't be much time for examining accreditation papers. Warheads come in at 15,000 m.p.h.

● If a big one with the hammer and sickle painted on its side is detected on the way toward us, shall we instruct our gizzmo to shoot it down, or wait for LBJ to call Kosygin on the hot line? (Hello, hello, Kosy, baby? What? You say he's down on his ranch near Yalta? What — It's an unlisted number? Well, just have him call me down on my ranch on the Perdenales . . . if he gets a chance.")

★ ★ ★

● Suppose Switzerland or Peru lobs one our way? What have we got in the way of an antifriendly missile?

'Traffic Safety Message an Invaluable Reminder'

It is my desire to express appreciation for the two-page spread sponsored by Pontiac businessmen to carry a back-to-school traffic safety message.

★ ★ ★

Because of the size of the display few readers could have missed it, so this reminder to drivers that school days are here again was invaluable.

★ ★ ★

The safety of children is of such prime importance that the businessmen should be congratulated for their contribution to promote it.

FREDRICK E. DAVIDS
DIRECTOR,
DEPT. OF STATE POLICE

Two Disagree With Opinion on Teachers

In reply to "Fed Up," how many people do you know who are willing to spend their working hours not only babysitting for 30 children but also trying to instill into these students' minds some knowledge of the world?

★ ★ ★

It is the job of teachers to teach the three R's of learning, but in too many cases they must take over where neglectful parents leave off and teach the three R's making a person a better citizen — respect, reason and responsibility.

★ ★ ★

I ask "Fed Up" and everyone else who has his name withheld that if you don't have the courage to stand behind your convictions by having your name published, why bother to write a letter?

MRS. LINDA M. HENRY
30 CADILLAC

In reply to "Fed Up's" belief that "those who can, do and those who can't, teach," individuals who coin such phrases must be as ignorant as their authors. I wish to rephrase the famed quotation to: "those who are competent and dedicated to education can teach — those who are not, cannot — and usually end up in your rat race." Dedicated teachers prefer not to enter the rat race of private industry because their chief goals in life do not revolve around monetary or selfish desires.

★ ★ ★

The trend has always been to deprive teachers of economic status by taking advantage of their dedication and reluctance to alter their public image. Should monetary rewards be based upon supply and demand as well as upon the importance of one's contributions to society? If so, why must educators bicker with school board representatives about "peanut" professional wages?

ALSO FED UP

Election of U. N. President Raises Questions

I read where we have a new "elected" Communist, United Nations president. How convenient for communism — and so close to home. Wonder how the scales of justice will tip as far as our men in Vietnam and foreign Communist countries are concerned. Wonder how they are going to feel about this peculiarity in the choice of U.N. presidents.

E. C.

Question and Answer

Have Michigan marriage laws changed? I've heard a boy and girl can now marry at 18 without parents' consent.

M. C.

REPLY

The County Clerk's office tells us both boys and girls may now marry at 18 without parents' consent.

Reviewing Other Editorial Pages

Our Methods . . .

The Tallassee (Ala.) Tribune

To our way of thinking, it is criminal negligence, bordering on treason, to subject American servicemen to death in the stinking jungles of the Far East without throwing our whole national resources behind them. And this doesn't mean just materiel and planes, but it means, in the main, the will to win.

★ ★ ★

It is nothing short of murder to send trained pilots in million - dollar airplanes to bomb pig trails and jungle undergrowth while we look the other way when enemy weapons of war are being unloaded at Haiphong, the better to increase the growing death toll of the flower of American youth.

★ ★ ★

If we are going to fight a war, for God's sake let's fight a war like wars have been fought throughout history until MacArthur was handcuffed in Korea. If we are going to be content to provide cannon fodder for the Vietcong then let's tell the American people the truth, that we are afraid of offending the non-whites of the Far East, the Communists, the peaceniks, the doves, the buzzards, etc., ad nauseum.

★ ★ ★

When this nation places a rifle in an American boy's hand and tells him to defend its heritage, it has no right to tell him he can't chase his would-be killer into Cambodia, or Laos, or to the hinges of hell, for that matter.

Back to this business of not wanting to destroy North Vietnam. Didn't the British burn Washington? We didn't hear of Sherman having a Maypole rally in Atlanta during the unpleasantness. What about Hiroshima and Nagasaki? Who is making these strange rules that the enemy can shoot at you but you dare not shoot back?

★ ★ ★

If these red buzzards had the capability they would rain atomic bombs on every American city. It tears our heart out to see once proud America, fertilized with the blood of our gallant forefathers, going to seed and whimpering before one-gallus foreign upstarts that the likes of Andrew Jackson would have run into the first convenient river with a barrel stave.

★ ★ ★

The lamps of liberty are going out all over the world because of the vacillation and indecision of our leadership. It was Daniel Webster who said, **"God grants liberty only to those who love it, and are always ready to guard and defend it."**

To us, that means hitting the enemy with everything in our arsenal, barring no holds and granting no quarter. Evidently it means something else to our highest leadership. We somehow believe that our view is also held by the mothers, fathers and wives of the men we send forth to guard and preserve our nation.

Let's Economize

The State Journal

"No tax increase without a major cut in spending."

This is the message Capitol Hill has been beaming repeatedly at the White House and President Johnson owes it to the American people to do all he can to heed it, for it really comes from them.

The necessity for strict economy in government was given new emphasis last week when Congress passed the biggest defense money bill in history and sent it to the White House.

And the President has already warned that the record $69.9 billion the bill provides will not be enought to pay all of the expenses this year of the Vietnam war and the nation's defense.

★ ★ ★

It obviously would be unfair to force the taxpayers to bear not only the mounting costs of the war in Vietnam but also to support free-wheeling "spending as usual" for other purposes.

Practicing economy is not, of course, solely the duty of the executive branch of government. In beaming the economy warning to the White House, Congress should also recognize its own responsibility to hold down the costs of government.

★ ★ ★

There was a time when it was fashionable for politicians and others to say, "Let's try a little economy."

It's now time to revive the attitude those words exemplified, to change the wording to "Let's practice a lot of economy," and for both the executive and legislative branches of government to match the words with deeds.

* 'DEVOURED BY SNAILS' — Gillian Edmonds, Welsh-born secretary now living in San Francisco, exhibits a holey letter she received from Chopstew, Monmouthshire, England. It was stamped "Received in Bad Condition" by the post office. Printed across the letter, apparently by an English postal worker, was the explanation, "Devoured by Snails." Snails must eat faster than they move; the letter was received four days after being posted.

Percy 'Won't Be Active in GOP Race'

WASHINGTON (AP) As Illinois' potential favorite son, Sen. Charles H. Percy vows to go to extraordinary lengths to keep from becoming an active participant in the preconvention campaign for the 1968 Republican presidential nomination. Percy said in an interview he will have no compunction about signing affidavits disclaiming presidential ambitions in states where that is necessary to keep his name off preferential primary ballots. Gov. Ronald Reagan of California has said he would not sign such affidavits because they would conflict with his plan to become California's favorite son and "would make me a liar either in the other states or at home."

It is different with him, Percy said.

* * *

"I am not a candidate and I'm not going to campaign," Percy said. "I'm going to stay as far away from it as possible. I haven't made up my mind whom I will support for the nomination and I probably won't until next June."

Percy has made it clear he will keep his name off the ballot in the nation's first primary in New Hampshire March 12. He may discourage his supporters there, but can't prevent them from launching a write-in campaign.

OTHER BALLOTS

He says he is determined also to keep his name off the ballots in Wisconsin, Nebraska and Oregon, where affidavits are required for such actions.

California law requires that Reagan enter a slate of delegates pledged to him in a June primary if he wants to be favorite son. Percy, on the other hand, will have to depend on the willingness of unpledged delegates chosen in a primary to designate him as a favorite son and thus will not be the direct choice of Illinois voters.

While Percy has come to be regarded as a fallback possibility of Republican moderates if Michigan Gov. George Romney is tripped up in his quest for the nomination, the Illinois senator said he has been working for the party and not himself in filling extensive speaking engagements.

Percy has become increasingly critical of President Johnson's conduct of the Vietnam war.

PACT WITH DIRKSEN

He has a private agreement with Senate Republican leader Everett M. Dirksen, who supports Johnson's basic policy, to disagree on the Vietnam issue and some others.

The 1966 birth rate was 18.5 per 1,000 population, lowest since the 18 per thousand level reached in the depression of the 1930s.

Act on Subversion, Shipping

Hemisphere Leaders Hit Fidel

WASHINGTON (AP) — With a blast at Castro-Communist subversion in Latin America, the hemisphere foreign ministers signed early today a resolution recommending that the American republics apply limited sanctions against non-Communist ships which sail to Cuba.

The 20-0 vote "to condemn forcefully" Fidel Castro's regime for "repeated intervention and aggression" in Venezuela, Bolivia and other hemisphere countries was a highlight of the debate-filled, three-day Organization of American States conference on the Cuban threat.

The closer 15-0 vote, with six abstentions, for the U.S.-proposed shipping penalty was an especially sweet victory for weary U.S. diplomats.

After long hours of negotiating they lost a bid for hemisphere blacklisting of non-Communist firms doing business with Cuba.

Under the shipping proviso, part of a 15-point resolution aimed at confining the Havana menace, non-Communist vessels going to Cuba would be denied fueling facilities in Latin American ports and would get no government-financed cargoes.

The United States itself has long applied this penalty. Under the new OAS recommendation, which is not mandatory, it is up to the other American republics to follow suit.

The idea is to put more teeth into appeals by OAS members—who have barred their own trade with Cuba—to other non-Communist nations to quit dealing with Castro so long as he pushes insurrection in the Americas.

Network Strike Has a Sidelight

Lawyer Joins Crew for Film He Helped to Buy

NEW YORK (AP) — Lawyer Donald L. Flynn, who helped negotiate the $2-million deal when the American Broadcasting Co. bought the movie "Mutiny on the Bounty" from Metro-Goldwyn-Mayer last July, threaded the movie into a video tape machine last night and flipped a button to put it on the air.

Flynn was one of the ABC executives who have been manning television cameras, control boards and other equipment to keep the network on the air during the strike by union technicians which started late Friday.

"It's thrilling," said the 32-year-old lawyer in the ABC video tape room. "It's a lot different from just pushing paper across my desk. This gives a guy a chance to learn the business."

ABC spokesmen said very little of yesterday's television programming was affected by the strike, since most of the programs had been taped earlier.

* * *

They also said the ABC radio network was kept going by fill-in personnel without interruption.

MOSTLY OVER PAY

The strike was started by the AFL-CIO National Association of Broadcast Employes and Technicians NABET in a contract dispute mostly over pay issues.

The AFL-CIO American Federation of Television and Radio Artists (AFTRA), composed of television and radio performers and announcers, instructed its members not to cross NABET picket lines.

ABC said in a statement yesterday: "Secretaries, pages and executives with little technical training have been performing the jobs for which NABET is demanding a salary of $275."

Ellen Begnar, who usually approves scripts and commercials, manned the audio controls during last night's showing of "Holiday on Ice."

Marie Niles, who is the contract manager in television spot sales, ran a projection machine.

Said Merle Worster, director of engineering operations: "Some of the people we have around here are a lot better looking than those we usually have around here. These miniskirts are great."

The technicians union—which represents about 1,500 ABC employes in New York City, Chicago, Washington, San Francisco and Los Angeles—called the strike after contract talks with ABC and the National Broadcasting Co. reached a stalemate.

The union said that as part on its strategy it did not call a strike against NBC.

CAMP MONEY — Thomas F. Wiethorn, chairman of the General Motors Plant City Committee and manager of the Pontiac Fisher Body plant, presents a check for $18,750 to Boy Scout representatives. The check is the second of four payments General Motors Corp. has pledged on behalf of local GM divisions for the purchase and development of the Lost Lake Reservation, a campsite for the Clinton Valley Council of Boy Scouts. Accepting the donation are (from left) Sam Ritchie Jr. of 157 W. Princeton, Anthony White of 456 S. Edith, and Cal Mayer, scout executive.

Pontiac Area Deaths

Mrs. Harry H. Barnum

Service for Mrs. Harry H. (Daisy B.) Barnum, 82, of 5635 Cooley Lake, Waterford Township, will be 10:30 a.m. tomorrow at the Donelson-Johns Funeral Home, with cremation at White Chapel Memorial Cemetery, Troy.

Mrs. Barnum died Saturday.

Surviving are her husband and a sister.

Joseph Botan

Service for Joseph Botan, 52, of 637 Sheryl, Waterford Township, will be 1 p.m. tomorrow at the St. George's Romanian Church. Burial will follow at the Oak Hill Cemetery by the Donelson-Johns Funeral Home.

Mr. Botan died Saturday. He was a driver for Boutell Driveaway Co.

Surviving are his wife, Sophia; his mother, Mrs. Mary Salajan of Roebling, N.J.; and one brother.

Mrs. James Cornelious

Service for Mrs. James (Willie) Cornelious, 42, of 252 Bondale will be 1 p.m. Saturday at St. John Methodist Church, with burial in Oak Hill Cemetery by the Frank Carruthers Funeral Home.

Mrs. Cornelious died Saturday of injuries suffered in an automobile accident.

She was a member of the Sylvan Lake Temple of Elks of the World.

She is survived by her husband and a daughter, Mrs. Earlee Sutton of Jackson, Miss.

Ervin A. Eason

Prayer service for Ervin A. Eason, 90, of 198 E. Huron will be 7:30 p.m. today at Voorhees-Siple Funeral Home with services and burial to be at Rockhill Cemetery, Puxico, Mo.

Mr. Eason died yesterday. He was a retired farmer and member of IOOF 179 of Poplar Bluff, Mo.

Surviving are three sons, Manfred E. of Pontiac, Leo A. of Rochester and Alvin A. of St. Charles Ill.; two daughters, Mrs. Ollie Mitchell of Dudley, Mo., and Cleo W. Eason of Waterford Township; 21 grandchildren and 52 great-grandchildren.

Mrs. Mary Fuentes

Service for Mrs. Mary Fuentes, 75, of 2200 N. Telegraph, Waterford Township, will be 10 a.m. tomorrow at St. Vincent De Paul Catholic Church. Burial will follow at Mount Hope Cemetery by Melvin Schutt Funeral Home.

She died yesterday.

Ralph A. Holler

Service for Ralph A. Holler, 79, of 90 S. Jessie will be 3:30 p.m. tomorrow at Donelson-Johns Funeral Home with burial in Mount Hope Cemetery.

Mr. Holler died yesterday. He was a retired worker at GMC Truck and Coach Division.

Surviving are a son, Russell J. of Pontiac; a daughter, Mrs. John Armstrong of Pleasant Ridge; four grandchildren; and two great-grandchildren.

J. B. Reed

Service for former Pontiac resident J. B. Reed, 50, of Detroit will be 1 p.m. Wednesday at Trinity Baptist Church with burial by Frank Carruthers Funeral Home in Oak Hill Cemetery.

Mr. Reed died Sept. 17. He was a former member of Trinity Baptist Church.

Surviving are his wife, Shirley; and four brothers and sisters including Joe and John, both of Pontiac.

Mrs. Robert H. Schapler

Service for Mrs. Robert H. (Doris F.) Shapler, 44, of 1085 Voorheis will be 1:30 p.m. tomorrow at Grace Lutheran Church, with burial in Glen Eden Cemetery. Her body is at the Sparks-Griffin Funeral Home.

Mrs. Schapler died Saturday. She was a secretary at GMC Truck and Coach Division.

Surviving are her husband, a son, Mark, at home; and her father, William O. Faber of Pontiac.

The family requests that any memorials be made to the Grace Lutheran Church, Pontiac.

Mrs. Tad Galin

GROVELAND TOWNSHIP — Service for Mrs. Tad (Alice) Galin, 45, of 6580 Tripp will be tomorrow at Sepei Funeral Home, Cleveland, Ohio. Burial will be in Holy Cross Cemetery, Cleveland.

Service was also held Saturday at Hill Funeral Home, Grand Blanc.

Mrs. Galin, a member of St. Rita's Catholic Church, Holly, died Friday. She was a member of Beta Sigma Phi.

Surviving besides her husband are her mother, a brother and asister.

Robert J. Hanna

LAKE ORION — Service for Robert J. Hanna, 88, of 227 Slater will be 2 p.m. Wednesday at Flumerfelt Funeral Home, Oxford. Burial will be in Oxford Mausoleum, Oxford.

Masonic memorial service will be 8 p.m. tomorrow at the funeral home.

Mr. Hanna, a retired farmer, died Saturday. He was a member of the Lake Orion Methodist Church and a life member of the Lake Orion Lodge No. 46, F&AM.

Surviving are a son, Robert of Lake Orion; a grandson; a great-grandson; and two sisters, including Mrs. Ida Heacock of Birmingham.

Mrs. George Knorr

AVON TOWNSHIP — Service for Mrs. George (Elizabeth) Knorr, 65, of 6435 Apple Orchard will be 2 p.m. tomorrow at St. John Lutheran Church, Rochester. Burial will be in White Chapel Memorial Cemetery, Troy, by William R. Potere Funeral Home, Rochester.

Mrs. Knorr died Saturday.

Surviving besides her husband are a daughter, Mrs. Donna Baldwin of Rochester; a son, Edward of Troy; three brothers; two sisters, including Mrs. Ann Grady of Troy; and five grandchildren.

Baby Boy Ratajczak

WHITE LAKE TOWNSHIP — Prayer service for Baby Boy Ratajczak, newborn son of Mr. and Mrs. Raymond Ratajczak, 1155 Sugden, will be 10 a.m. Wednesday at St. Patrick's Catholic Church. Burial will be in Holy Sepulchre Cemetery, Southfield by Elton Black Funeral Home, Union Lake.

The infant died yesterday at birth.

Surviving besides the parents are two brothers, David and Daniel, and three sisters, Donna, Denise and Diane, all at home; and grandparents Mr. and Mrs. Herman Ratajczak and Mr. and Mrs. Frank Corican, all of Detroit.

Edward A. Waddell

WOLVERINE LAKE — Requiem Mass for Edward A. Waddell, 49, of 680 Wolverine will be 10 a.m. tomorrow at St. William's Catholic Church, Walled Lake. Burial will be in Holy Sepulchre Cemetery, Southfield. A Rosary will be said at 8 tonight at Richardson-Bird Funeral Home, Walled Lake.

Mr. Waddell, a movie projectionist, was killed Friday in an auto accident.

Surviving are his wife, Kathleen; two daughters, Mrs. John Yesh of Sun Valley, Calif., and Mrs. William Guchess; a son, Lt. Michael with the Marine Corps at Quantico, Va.; two grandchildren; a sister; and a brother.

The average Swede is growing taller. Recruits drafted from the 1963, 1964 and 1965 age groups were on the average 5-feet-10 inches tall. The latest draftees measure 5-feet-11 inches.

NOTICE OF PUBLIC ZONING HEARING

Notice is hereby given of a scheduled public hearing to be held by the Pontiac Township Planning Commission at the Township Hall, 2994 Opdyke Rd., on Monday, October 2nd, 1967 at 7:30 P.M. to consider the following applications for rezoning:

Petition 66-23 to change from C-2 to I-1: North 200 ft. of land described as part of NE ¼ beginning at a point on the new southerly line of Auburn Ave. distant S 1°29'-40" East 187.73 ft. and N 90°-00' West 100 ft. from S.E. corner of Lot 3 of Supervisor's Plat No. 11, thence South 1°29'-40" East 374.83 ft.; th North 78°56'-46" West 288.50 ft.; th North 1°29'-40" West 374.83 ft.; th North 78°56'-46" East 288.50 ft. to beginning. Located in Sec. 35 (Q-28)T.; for cement crusher.

Petition 66-24 to change from RP to AG: Part of Lot 7 of Supervisor's Plat No. 12, a subdivision of NE ¼ and part of NW ¼ of Sec. 11 and part of the SE ¼ of Sec. 2, T3N, R10E., Pontiac Township, according to the plat thereof recorded in Liber 39 of Plats, Page 50, Oakland County Records EXCEPT that part thereof described as follows: beginning at the NE corner of Lot 3 of Supervisor's Plat No. 12, thence southerly along the westerly side lot line of said Lot 3 a distance of 316.20 ft.; th South 77°48'00" West and parallel to Bald Mt. Road a distance of 130 ft.; th northerly and parallel to the westerly line of said Lot 3 a distance of 316.20 ft. to the Southerly line of Bald Mt. Road; th North 77°48'00" East along the Southerly line of Bald Mt. a distance of 130 ft. to the point of beginning; AND ALSO EXCEPT all that part of said Lot 7 conveyed to State Hwy. Commission of Michigan for road right-of-way, and SUBJECT ALSO to Easements over part of said property as recorded in Liber 4315, Page 186, Oakland County Records. This is for a church and parsonage.

Persons interested are requested to be present at this meeting. A complete set of zoning map and the proposed changes is on file in the office of the Township Clerk and may be examined at any time.

GRETA V. BLOCK, Clerk

Sept. 12 and 25, 1967

Flag of Anthem

The flag that inspired Francis Scott Key to write the U.S. national anthem had 15 stars and 15 stripes, for the original 13 states plus Kentucky and Vermont.

WWII Freighters

The United States still has about 800 of the Liberty freighter ships built for World War II.

Deaths & Funerals

IN LOVING MEMORY OF A LOVING husband, Phil Orencia who passed away 4 years ago Sept. 25, 1963.
Loving memories never die,
As years roll on and days pass by,
In our hearts memories are kept
Of one we loved, and shall never forget.
Sadly missed by wife Dolores and children Elisee and Frank Orencia.

Arsons—1
Armed Robberies—1
Unarmed Robberies—2
Attempted Murders—1
Obscene Phone Calls—1
Property Damage Accidents—37
Injury Accidents—20

2 Shots Fired at Driver, City Police Told

Two shots were fired at a motorist from a following car on Branch near Walnut Saturday, Pontiac police were told.

Willie Buckner, 20, of 22 Beaudette told officers he was driving north on Branch about 5:30 p.m. when he noticed a car behind him with headlights blinking.

He said he heard a shot, turned onto Walnut, then heard another shot, which smashed through the rear window of his vehicle.

Police said they found the second bullet in the car.

Buckner told officers he lost sight of the gunman's vehicle moments after the attack.

White Lake Woman Hurt

A 53-year-old woman is reported in fair condition in St. Joseph Mercy Hospital after her car went out of control and left the road in White Lake Township early today.

Hospital officials said Matilda P. Schultz of 103 Danforth, White Lake Township, suffered lacerations.

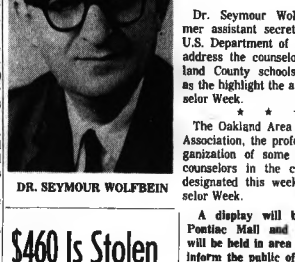

She was driving north on Union Lake Road near Cooley Beach Drive when the car left the road and ran into a pole, according to Oakland County sheriff's deputies.

Falling Leaves Carry Branch to Auto's Roof

September may be the month of falling leaves, but Curtis R. Neal, 33, of 5240 Maybee, Independence Township, might think things are going a little too far.

Driving on Walton near Dill in Waterford Township yesterday morning, Neal's car was hit by a large branch which broke loose from a tree and fell on his car roof.

Neal told Waterford Township police he didn't notice anything until he got near the tree and it appeared that the tree was falling.

DR. SEYMOUR WOLFBEIN

Talk Slated in Tribute to Counselors

Dr. Seymour Wolfbein, former assistant secretary of the U.S. Department of Labor, will address the counselors of Oakland County schools Thursday as the highlight the area's Counselor Week.

* * *

The Oakland Area Counselors Association, the professional organization of some 350 school counselors in the county, has designated this week as Counselor Week.

A display will be in the Pontiac Mall and programs will be held in areas schools to inform the public of the work of counselors.

Wolfbein, presently dean of the School of Business Administration at Temple University in Philadelphia, is considered a prominent authority in the area of employment.

* * *

He will conduct a workshop on vocational guidance at 1:30 p.m. Thursday in the auditorium of the Oakland County Courthouse. The workshop is open to the public.

LABOR POSITION

Wolfbein was assistant secretary and director of the office of Manpower, Automation and Training in the Labor Department from 1962-66. He had worked in the department since 1942.

* * *

Counselor Week is being directed by Dr. Robert Williams, director of guidance at Oakland Schools, and Terry Thomas, assistant director.

$460 Is Stolen at Avon Station

Some $460 in cash was stolen from an Avon Township service station, it was reported to Oakland County sheriff's deputies yesterday.

* * *

An attendant at the Mark Line station, 2045 Auburn, told investigators three men drove into the station about 4 p.m. and the driver ordered gas.

He said two of the men entered the station office, apparently to use a telephone, while he was servicing the car.

* * *

After the three paid and drove off he discovered the top of the office floor safe out of place and saw that the money had been taken, he said.

Stereo Equipment Stolen From Car

More than $750 in stereo equipment was stolen from a Pontiac man's car while parked near his home, it was reported yesterday.

* * *

Volney Shafer of 20 Moreland told city police the loot included two turntables, four speakers and two microphones.

* * *

Investigators said it was undetermined how entry into the locked car was made.

Bloomfield Twp. Schools Broken Into on Weekend

Two Bloomfield Township schools were broken into over the weekend.

Bloomfield Township police said that the Andover High School and the Way Junior High School were entered through broken windows sometime Saturday night.

* * *

The safe in the Andover school office was broken into and robbed of an undetermined amount of money. Only the desks were rifled in the Way school. Investigation is being carried on.

Enjoys Ex-Mate's Bounty While Down Mexico Way

By EARL WILSON

NEW YORK — Ava Gardner's husbands never forget her . . . she's been living in Frank Sinatra's house at Las Brisas, Acapulco, Mexico . . . simply an ex-husbandly gesture by Frank who's too busy to go to Mexico now, though he's not only very welcome there but wanted there.

WILSON

The world's fastest-spreading rumor, that Sinatra might be barred from working in Nevada, including at Las Vegas Caesar's Palace where he has a new 3-year contract, is vigorously denied by the Nevada Gaming Commission. But friends are asking whether, in view of recent difficulties, he might decide he doesn't need the nightclub routine anymore, and give that all up.

The "Secret Marriage" rumors about Eddie Fisher and Connie Stevens heard earlier this year are around again . . . Pat Nugent checked in at the NY Hilton — white 10-gallon hat & all . . . Richard Adler and Susan Stein have a 10 a.m.-to-noon rapid reading course together . . . 21's Charlie Berns is getting out of a hospital after minor surgery . . . "My father was an exterior decorator," says Detroit's John J. Plomp. "A house-painter."

★ ★ ★

TODAY'S BEST LAUGH: Vaughn Meader says he's tried to imitate LBJ's voice: "But every time I do, I fall asleep."

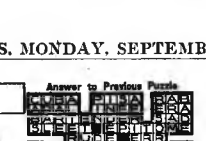

REMEMBERED QUOTE: "To make a success of old age, a fellow has to start young."—Pic Larmour.

Comic Don Rickles, doing the Jerry Lewis TV'er, counted the musicians and sighed, "Too bad, Jerry. You have 30 men—Dean has 40." . . . **That's earl, brother.**

Fearful Farmer to Be Rescued

MANILA (AUPI) — President Ferdinand E. Marcos today ordered the Philippine air force to rescue a farmer who has spent 58 days in a coconut tree because he is afraid he will be killed if he climbs down.

He claimed his son was murdered by men trying to kill him.

Quirino Berja, 48, climbed to the top of the 60-foot tree near the town of Binalonan, about 180 miles north of Manila, after he reportedly got into a fight at his daughter's wedding.

Since that time, he has lived on soft drinks and food that friends put into a pouch tied to a rope. He pulls it up and hurls the empty soda bottles and coconuts at people he believes are intruders or may want to hurt him.

When newspapers carried stories about his plight, a team of 10 constables went to the tree to urge him to come down. They said they would protect him.

NOT ENOUGH?

Berja vowed not to come down until he felt he had adequate security and claimed that the 10 constables were not enough.

The Philippine air force is sending a helicopter to do the job.

Prisoner Picks Lock for Police

KANSAS CITY (AP) — Police officers had leg irons locked on Edward D. Mitchell when they brought him to jail from a Saturday night knife fight.

When they tried to get the irons off, the key broke.

A man being booked for drunkenness said he could help if he had a hair pin.

The jailers found one, and the drunk picked the lock.

Slaying, Suicide

FLINT (AP) — Floyd Nichols of Flint, who police said killed his wife and wounded a nurse in a hospital room, died Sunday from a self-inflicted bullet injury of the head. Officers said Nichols shot and killed his wife Gertha, 25, during an argument Friday in her hospital room. A nurse, Miss Eleanor Dickson, 32, suffered a gunshot wound of the left hand in trying to stop Nichols. After killing his wife he shot himself in the head with the 9 millimeter pistol, police said.
