

Five School Bond Issues Passed

Pontiac OKs Transfer; Waterford Splits Township Approves 2 Bond Proposals

By JOE MULLEN

Waterford Township School District voters yesterday approved bond issues to construct a new high school, elementary school and numerous school additions, but left school administrators without funds to operate the facilities.

In addition, school board incumbents Eldon C. Rosegart and Norman L. Cheal were returned to office as a third candidate Lewis S. Long failed in a bid for one of the two seats at stake on the board.

Approved was a \$5,975,000 bond issue for additions and improvements to existing buildings as well as furniture and equipment for these new facilities.

Also approved was a \$4.8 million proposition to erect, furnish and equip a new high school and elementary school and to acquire and improve school sites and site additions.

Rejected by the voters were a \$625,000 bonding proposal to erect, furnish and equip an au-

ditorium as part of the new high school building and a \$400,000 issue to build, furnish and equip a swimming pool in the same building.

Also turned down was a one-mill tax limitation increase for a six year period from 1968 through 1973 for operating the new high school and elementary school.

RETURNED TO VOTERS

Since these schools would not be ready until 1968, the millage proposal could be returned to the voters either next June or early in 1968 and still provide the needed operating funds if it passes.

It lost by only 65 votes in yesterday's election, 2,411 to 2,476.

Supt. of Schools Dr. Don O. Tatroe expressed mixed emotions on the voting.

"We are pleased with the (Continued on Page 2, Col. 6)

RUN OCC TALLIES — Tabulating a set of returns in yesterday's Oakland Community College Board of Trustees race are (from left) Mitchell Tendler, OCC community relations director; Presi-

dent John E. Tirrell; and Mrs. Ernest Kaiser, secretary to the board. An unofficial election information center was set up at the college's administration building in Bloomfield Township.

2 New Members Elected to OCC Board

Two new members were elected to the Oakland Community College Board of Trustees at the first time will be Ralph F. Tyndall of Royal Oak, who won a 4-year term, and Gordon Henderson of Beverly Hills, who took a 2-year term.

All of the six trusteeships were put on the ballot yesterday for two year terms, two 4-year terms and two 6-year terms.

The board was organized two years ago when Oakland County voters approved a one-mill tax to operate the college.

Five of the six original members yesterday were among the

14 candidates for new terms. The sixth, Frederick A. Chapman, said he would not seek reelection because he was moving to New York.

With 27 of the county's 29 school districts reporting, results appeared clear, Holly and North Oxford districts, with relatively small turnouts had no tabulations by 11 a.m. today.

The unofficial tally gave incumbents George R. Mosher and Mrs. Lila R. Johnson the two 6-year terms by healthy margins over the single challenger, Thomas J. McGee.

From the 27 districts reporting, Mosher received 15,355 votes, Mrs. Johnson 14,305 and McGee 12,230.

BOARD CHAIRMAN

Chairman of the board since its inception, Mosher has been a General Motors Corp. attorney for 12 years.

He lives at 551 Mohegan, Birmingham. Mosher, 44, is a graduate of Columbia Law School and was a law instructor at New York University before joining General Motors.

Mrs. Johnson, 39, of 12725 La-

Salle, Huntington Woods, is secretary of the board.

A graduate of the University of Illinois, she is employed as editor and publicity director of the Women's City Club of Detroit.

WOMEN VOTERS

Mrs. Johnson is a member of the Oak Park-Huntington Woods League of Women Voters.

Elected to 4-year terms were Tyndall and incumbent Earl M. Anderson, 52, of 20159 Palmer, Madison Heights.

Anderson won 10,485 votes and Tyndall 9,270 from the districts reporting. Unsuccessful candidates were Thomas W. Fowler Jr., 40, of 421 Lynch, 8,018; Harold J. Robinson, 34, of 139 Lake-side, Royal Oak, 8,733; and D. Fitch, 7,443.

Anderson is a former employee of the AFL-CIO Council who presently is unemployed. A high school graduate, he attended college for two years.

Tyndall, 64, of 2436 Shenandoah, Royal Oak, retired last (Continued on Page 2, Col. 8)

Four Districts OK Operating Tax Increases

Levy Renewals Gain
Approval in 3 Areas;
Swimming Pools Lose

By JAN KLOUSER

Bond issues totaling \$23,913,100 were approved in separate ballot issues in five area school districts yesterday.

Voters in four of the districts — Huron Valley, West Bloomfield — Clarkson and Farmington — also voted in operating tax increases.

Tax renewals were approved in Huron Valley, West Bloomfield and Avondale.

Swimming pool proposals were turned down in Huron Valley and Clarkson.

Huron Valley

The largest bond issue, \$7,833,100, was approved by Huron Valley voters, 1,412 to 1,114.

The money will be used to build two 20-room elementary schools, two 22-room elementary schools, an addition to the high school, a central administrative office, to develop existing school sites and to purchase new junior high school equipment.

It will also pay for additional school sites, renovations and additions to Highland Junior High, heating system improvements at Duck Lake Elementary School,

For Other Area
School District Results,
See Page A-4

refunding of a 1957 bond issue and contingencies.

In order to pay off the bonds, taxpayers will pay a total of 7 mills for bonded indebtedness — an increase of 1.94 mills or \$1.94 per \$1,000 of assessed valuation over the present levy.

ADDITIONAL MONEY

If the district needs additional money to pay off the bond issue, it can borrow from the State School Bond Loan Fund.

The 7-mill operating tax increase for three years was approved, 1,434 to 1,144. It brings the total operating levy to 23.70 mills or \$23.70 per \$1,000 of assessed valuation.

Voters approved renewal of a 3-mill operating tax, 1,459 to 1,127. The 3 mills will expire in 1968.

A \$650,000 swimming pool at the high school was turned down, 1,357 to 1,173.

980 to Receive Diplomas

Diplomas will be awarded to 980 graduates in commencement ceremonies at Pontiac's two public high schools tomorrow and Thursday.

An 8 p.m. commencement tomorrow is scheduled for the 438 students graduating from Pontiac Northern High School.

Dr. Harold E. Sponberg, Eastern Michigan University president, will deliver the Pontiac Northern commencement address in the auditorium of the school. His topic will be "The Becoming Journey."

Speaker for Pontiac Central's commencement at Wisner Memorial Stadium will be Dr. David E. Molyneux, pastor of the First Presbyterian Church of Flint. His address is entitled "Barbarians at the Gates."

BOYS' GYMNASIUM

In case of rain, the Central ceremony will be held in the boys' gymnasium of the school. Each speaker will be introduced by Monroe M. Osburn, president of the Pontiac Board of Education.

Schools Supt. Dr. Dana P. Whitmer will present diplomas to graduates of both schools.

MOLYNEUX SPONBERG
Pontiac Central High School's class of June 1966—commencing 5:45-will graduate at 8 p.m. Thursday.

Sunny, Cool Weather Will Follow Rain

There's a chance of more showers late this afternoon or evening with skies cloudy through the night.

Low temperatures will fall into the mid-50s.

The weatherman forecasts sunny and slightly cooler tomorrow with highs reaching 68 to 74.

Partly cloudy and mild is the prediction for Thursday.

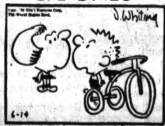

Today's west to northwest winds at 10 to 15 miles per hour will continue.

RAIN COUNT

Rain falling throughout the day and night measured .6 of an inch.

The low in downtown Pontiac was 58 at 7 a.m. The mercury had edged up to 67 by 1 p.m.

LI'L ONES

"Let's not tell Dad it's broke. He'll try to fix it."

Compilation of Results in OCC Races

Here are the results in yesterday's balloting for Oakland Community College Board of Trustees. The two candidates receiving the most votes for each term are elected. All figures are unofficial until certified by the OCC Board of Canvassers.

Police Quell Chicago Riot

CHICAGO (AP) — Police fought with more than 1,000 rioting Puerto Ricans last night in the second straight night of violence on Chicago's Northwest Side.

Seven Puerto Ricans were shot and wounded and 37 more were arrested before the rioting was brought under control early today, police said.

Police said one of the men was shot when he threw a fire bomb.

Police officials said the other six apparently were hit by stray bullets.

Hospital authorities had no count of the injured who were treated.

STORES LOOTED

Looting was reported in some stores in the area, where police ordered stores closed for the night. Glass from broken store windows littered the streets where Puerto Rican youths walked with signs charging police brutality.

Trouble Is Steep for Steepjack

EAST LANSING (AP) — A steepjack, who spent five hours overnight in a rainstorm trapped in a barrel attached to a guy wire 250 feet above ground, said today he is going back up as soon as he dries out.

"It was a lousy way to spend the night," said Sam Schreiber, 58, of nearby Leslie. "I'm cold and wet."

He was not injured.

In a dramatic rescue, hampered by rain, wind and communications problems, fellow steepjack Bob Finley, 30, of Eaton Rapids, climbed the tower and freed Schreiber's tangled hoist ropes. Both men descended safely in barrels designed to take them up and down the guy wires.

The two self-employed steepjacks were hired to clean and repair the tower at radio station WJLW, an educational broadcasting outlet of Michigan State University.

Schreiber, hired by Tower Builders Co. of Angola, Ind., for the three-week maintenance job, said he would be back on the tower today.

GOT A LIFT

Schreiber climbed into the barrel and was lifted up the guy wire about 2 p.m. yesterday. It was 9 p.m. when he learned he was trapped. Other lines used to hoist the barrel had become entangled with the guy line.

Newton said Schreiber was unable to free the lines because of grease on the guy wire, buffing winds and rain, which made everything slick.

Schreiber had a radio, Newton said, but it was too large to operate in the storm.

"They communicated by hand signals for awhile," said Newton, "but communications were difficult."

Finally, Finley climbed 600 feet up the 1,000-foot tower and lowered himself, in another barrel, down the guy line to Schreiber's side. The two men were able to free Schreiber's barrel by 2 a.m. and both men were lowered to safety.

Ky Gets Tough With Buddhists

Guns, Gas, Arrests Quell Demonstrations

SAIGON, South Viet Nam (AP) — Government security forces, with orders to give no quarter, laid virtual siege to the Buddhist Institute today. With pistol shots and tear gas charges they choked off dozens of demonstrators after a mob burned three Jeeps and grabbed two submachine guns from American Military Police.

One of the vehicles destroyed in Saigon was a U.S. Military Police Jeep. It was burned by an angry mob of 3,000 Buddhists, hangers and riot police beat them back.

Told to arrest draft-aged demonstrators on the spot and send them off to military service, troops and riot police carted away scores. Some were clubbed, kicked and beaten.

Four hundred miles away to the north, the chief of Premier Nguyen Cao Ky's Buddhist antagonists, Thich Tri Quang, was in the seventh day of an anti-American antigovernment hunger strike. An aide said his condition was "weakening and very serious." A clandestine Buddhist radio, believed to be in a Hue pagoda, said Quang's heart beat had become irregular.

KONTUM PLATEAU

On the military front, chief interest remained centered on the battle of American and South Vietnamese troops against North Vietnamese regulars on the Kontum plateau of the central highlands. A U.S. spokesman said 465 of the U.S. troops were reported to be less than a tenth that.

Using radar guidance, two U.S. Navy F4 Phantom jets intercepted two Communist interloper planes over the North Vietnamese coast today and possibly shot one down with a Sparrow missile, a Navy spokesman reported. He said the pilots observed an explosion after the missile was fired and only one enemy contact report was received from the guided missile frigate Conkton patrolling in the Gulf of Tonkin.

Intelligence sources said another North Vietnamese agent had crossed from Laos into the central highlands where U.S. paratroopers combed jungled ridges for other North Vietnamese regulars they have battled for a week.

The reports said the estimated 1,000 fresh troops could be trying to reinforce the battered remnants of North Viet Nam's 24th Regiment or about to begin an offensive of their own under order of the monsoon rains. One theory was that the Communists were planning to seize a provincial capital such as Kontum City to provide a showplace base for the National Liberation Front, the Viet Cong's political arm.

HOUST AIRBORNE

U. S. planes scattered 80,000 surrender leaflets over the battle area and one of the six or seven taken in Operation Hawthorne had a leaflet on him.

Abandon Hope for Boy Lost in Nevada Region

LAS VEGAS, Nev. (AP) — The search for 6-year-old Larry Jeffrey, missing for 17 days on snow-capped Mt. Charleston, has been abandoned.

Sheriff Ralph Lamb said calling off the search for young Jeffrey was "one of the hardest decisions I have ever been forced to make."

Larry, who was hard of hearing, was dressed only in blue jeans and a short-sleeved shirt when he wandered away from two brothers to search a family picnic on the 12,000-foot mountain.

Lamb said several doctors told him the boy could not have lived more than 10 days on the mountain. More than 300 persons participated in the hunt.

Arms Pact Ultimatum Issued by Soviet Union

GENEVA (UPI) — The Soviet Union today demanded withdrawal of American forces from Viet Nam as the price for any agreement on disarmament.

The Russians made the demand as disarmament negotiations resumed after a six-week recess.

JEEP OVERTURNED — Youthful demonstrators overturn a South Vietnamese jeep in Saigon yesterday during an anti-government protest led by Buddhist monks. Girl at left is shown holding a box of matches just before the jeep was set on fire along with an American military jeep. AP Wirephoto

'Reds Hope to Win' Police Quell Chicago Riot

(Continued From Page One)

They planned a protest march today from Humboldt Park to City Hall in downtown Chicago.

All the windows of a service station were shattered. A segment of the mob overturned a jeep in the driveway.

Police massed at the intersection of Western and Division, some four blocks from the riot, firing warning shots as rioters threw stones and bottles at the police car.

BOMBS THROWN

Police chased the rioters west back to California Avenue where homemade fire bombs were thrown — lighting up the street as gasoline exploded.

GRIM REMINDER

Rusk reminded the Rotarians that when one thinks of reduced tensions "we must not forget that five years ago this month we were threatened with war if allied forces were not withdrawn from Berlin."

"The facts of the world situation," Rusk said, "require that NATO remains strong and alert. They require that free nations not repeat the tragic errors of the past—that they not make one-sided reductions in defense that tempt adversaries to resort once again to force or threats."

"That they not impair the security which the members of NATO have achieved for themselves and other free nations by their collective exertions, including the investment of more than one trillion dollars in defense since 1947."

Rusk said there should be no negotiations between East and West, but "the NATO ministers—at least 14—agreed that there must be a common Western policy."

'OBSTACLE' TO ACCORD

He said there is some feeling in Europe—and in the United States—that the war in Viet Nam is an obstacle to new accords with the Soviet Union.

The Soviet authorities, Rusk said, also say it is an obstacle "and, in some degree, it may be, from their viewpoint. For they are sensitive about the accusations of Peking that they are not militant enough and even that they are conspiring with the United States to 'sell out' Hanoi."

'INDEPENDENT RECORD'

In making his announcement, O'Brien said, "I will run again independent of party support or the endorsement of any major labor group."

"In 1964 I made the race without the help of the Democratic party bosses and without the aid of Gus Scholle," said O'Brien. "This permitted me to maintain the most independent voting record in the state Senate."

O'Brien cited as first-term achievements: a successful battle against indiscriminate cancellation of automobile insurance policies; passage of more than a dozen pieces of major conservation legislation, including some \$10 million in extra outdoor funds and a general strengthening of the department; a fight against water pollution; increased appropriations for Oakland University; and increased state aid to education.

He was chiefly responsible for pushing the anti-pollution act of 1965. This year, he sponsored a strengthening amendment to the pollution law to make it easier to bring violators into court.

He and his wife Marie have seven children.

Birmingham Area News

Crackdown Is Promised on Traffic Sign Violators

BIRMINGHAM — Increased enforcement of traffic sign violations throughout the city was promised by the City Commission last night after it rejected a suggestion to concentrate on one particular area.

Commissioner John McNamee proposed that the northeast section be given top priority, in lieu of additional traffic controls which the police department say are not needed in the area at this time.

In a report to the commission, Police Chief Ralph W. Moxley said two surveys of traffic taken recently in the area of Adams School indicate that conditions are under reasonable control and similar to other residential areas in the city.

The studies were made after area residents complained that a traffic hazard had been created for children playing in the area of the school because of the closing of Oakland between Worth and Adams.

Moxley said that it was found in both surveys that 85 percent of the drivers were traveling well under the legal speed limit.

HIGHEST SPEED

"Out of approximately 457 vehicles checked, only 21 exceeded the speed limit, with the highest speed being 30 miles per hour," Moxley reported.

"The 'bump' violations that were serious enough to warrant enforcement action, the report noted, were also within reasonable limits."

It was found that only 52 of 472 drivers committed a definite violation of the stop signs during the survey.

Opposed to intensifying police traffic patrols in one area were Commissioners Carl Ingraham and Charles Clippert.

CITY TO SUFFER

"The whole city has these traffic problems," said Ingraham. "By concentrating on one area the entire city will suffer."

Clippert agreed, saying that the problems should be "vigorously enforced" all over.

Waterford OKs 2 Issues

(Continued From Page One)

Married and the father of two, Rosgart has been an administrative assistant in the Pontiac School System but will join Oakland County Schools July 1 as an assistant superintendent.

FIRST ELECTED

Cheal was first elected to the school board in the June 1962 voting.

Married and the father of six, Cheal holds a degree in chemical engineering and heads the experimental department of Pontiac Motor Division's engineering department.

Both men won four-year terms.

Utility Exec Hits 'Cut-Rate Competition'

WASHINGTON (AP) — A Michigan electric utility executive complained today of what he said was cut-rate competition by cooperatives using government-subsidized loans.

The complaint was voiced by Birum Campbell, vice president of Consumers Power Company, in testimony prepared for the House Agricultural Committee. Campbell is opposing creation of a Federal Electric Bank.

Campbell said existing Rural Electrification Administration (REA) loans are available at 2 percent and are adequate for any reasonable expansion of electric distribution cooperatives.

Some rural cooperatives, he said, already are making cut-rate bids on municipalities in competition with investor-owned utilities.

COOPERATIVES

Over the past 15 years, Campbell testified, seven distribution cooperatives in Michigan paid \$3,878,000 more for electric power supplied by generating and transmission co-ops than they would have had they bought electricity from Consumers Power.

Night Shelters Ready

NEW DELHI (UPI) — The municipal government said it had completed "10 night shelters" which would accommodate 4,500 persons who otherwise would have to sleep in the streets.

Power Project Senator Sees Action Today on Safety Bill

WASHINGTON (AP) — President Johnson signed today a bill designed to make Grand Coulee Dam on the Columbia River the largest hydroelectric power project in the world.

The \$390-million authorization measure provides for a third power plant that eventually will add 3.6 million kilowatts to the two-million kilowatt capacity of the present installations.

At the same time, Johnson sent Congress a request for \$13 million to start construction at once.

At a ceremony in the White House rose garden, Johnson brought together representatives of Canada, the private and public power industry, members of Congress, and administration officials.

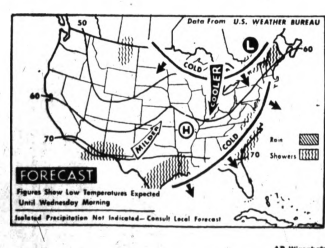

Landlocked Moscow is sometimes called the "Port of Five Seas." Canals and rivers link the Soviet capital with the Caspian, Azov, Baltic, Black and White Seas.

Seven File for Primary in Waterford Twp.

Seven candidates filed nominating petitions for public office yesterday and this morning in Waterford Township for the Aug. 2 primary election.

Three of the candidates will seek nomination for supervisor on their respective party tickets, one for treasurer, one for clerk and two others for township trustee.

Seeking the Democratic nomination for supervisor are incumbent Dorothy W. Olson, 55, of 3599 Shoals and Gerald R. McLeod, 38, of 1400 Merry.

Running for the Republican nomination for supervisor is E. Frank Richardson, 39, of 3133 Coventry.

Seeking the Democratic nomination for treasurer is incumbent James F. Schell, 39, of 2866 Beacham.

Veto Asked on Tuition Bill for Colleges

LANSING (AP) — Protestant and Jewish leaders Monday asked Gov. George Romney to veto a bill which would help pay the tuition of needy students attending private colleges and universities, including schools with religious affiliations.

Already approved by the Senate, it won 67-14 House passage this week.

In its original form, the bill would have applied only to those students choosing private over public schools. But a House amendment provides that the same grants be given students attending public colleges. The amendment, along with several others tacked on by the House, now has gone back to the Senate for concurrence.

The plan would cost an estimated \$3.3 million the first year; \$16 million annually when a four-year phase-in is completed.

BACKED PROTEST

Spokesmen for the Jewish Community Council of Metropolitan Detroit and the Metropolitan Detroit Council of Churches backed a previous statement of the Michigan Council of Churches in condemning the measure.

The dissenting groups issued a statement sent to Romney saying "historic experience impresses upon us the lesson that involvement of government with religion is good for neither."

However, leaders of private Michigan colleges, both Catholic and Protestant, are on record as saying the legislation is essential to preserve a dual system of higher education in Michigan. They argue the proposed law would prevent a monopoly of state schools. Without the law, some have said, some private schools would be forced to close.

Romney Answers Critic of Maine Ad

LANSING (UPI) — Gov. George Romney said yesterday a political advertisement he made for Maine Gov. John H. Reed was not an endorsement for Reed's reelection.

Romney, in a telegram sent to Reed's GOP opponent, State Rep. James Erwin, said, "The people of Maine should make their own free primary choice for a Republican gubernatorial candidate."

Erwin last week accused Romney of "arrogance" by an "unprecedented interference" in the Maine primary.

Romney told Erwin, "The filmed statement I made had reference to Governor Reed's past record and did not involve endorsement which would have been presumptuous on my part."

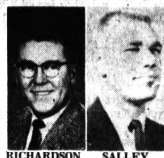

4th Century Romans Liked Lots of Water

NEW YORK (AP) — Fourth century Romans used an average of 300 gallons of water a day per capita, in contrast to an average American's use of 150 gallons a day.

Much of a Roman's daily water consumption was used during his bath. The public ceramic tile tubs in which he bathed often exceeded 1,000 square feet and could accommodate well over 1,000 persons.

Newlywed Mr. and Mrs. Terry Lee Brooks (Susan Diane Plasse) left for a northern honeymoon after Saturday noon and reception in the Lake Orion Methodist church. Parents are the Richard Plasse, Hi-Crest Drive and Mr. and Mrs. Merle L. Brooks, Cardigan Drive. Her mother's wedding necklace of pearls from Japan highlighted the bride's gown of Rochelle lace over taffeta. Attendants at the rite performed by Rev. J. Huggins were Phyllis Bird, Susie McMaken, Florence Burns, Maureen Espland; Dennis Wink, Rick Plasse, Donald McNutt and James Wear.

Sally Ann Farnsworth became Mrs. Phillip Lee Scott before Rev. Lloyd Barger, Saturday, in the First Social Brethren Church. Reception followed in the Fisher Body Union Hall. Parents are the Clarence A. Farnsworths, Maines Avenue, Mrs. Billy R. Putnam, Cherryglen Avenue, and the late Jackson G. Scott. Attending the bride, groomed in white organza, were her cousins Sandra, Betty and Barbara Farnsworth, with Jacqueline Scott. With Richard Strahan, best man, were ushers Stephen Scott, Gerald Miracle and Alan Scribner.

After recent vows and reception in the Marimont Baptist Church, the Robert Allen Smiths (Wilma Ann Lane) left for a Florida honeymoon. Their parents are the George E. Lanes of Maybee Road and the Louis Smiths, East Ann Arbor Avenue. Attending the bride who chose white chiffon over taffeta, were Mrs. Richard Reynolds of Dryden, Mrs. Michael Womack and Mrs. Joseph Spencer. With Richard Reynolds, best man, were Paul Smith and Douglas Ingelmills. Rev. Philip Somers officiated.

HURON at TELEGRAPH

Polly's Pointers

Bones Leave Stains

DEAR POLLY — Today I was attempting to mend my little grandson's broken toy. I applied the glue to both pieces and then realized I needed a vise to hold them tightly together while the glue set.

Suddenly a bright idea hit me so I got out my meat grinder and used the part that fastens to the table as a vise. It worked perfectly. — PAT

DEAR POLLY — A piece of nylon net folded and slipped over the head of my sponge mop before fastening the sponge into the mop makes a great scrubber for the kitchen linoleum.

I do not know why I did not

think of something so simple sooner as I am at an age when I cannot get down on my hands and knees to scrub. — MRS. M. H.

DEAR POLLY — And you mothers who have sick children, I have a few tried and true hints to keep a child happy when in bed. I have given mine a button box to keep him busy. He can make himself a button belt by sewing or pinning buttons on the wide soft pieces of elastic from old pajamas or underpants.

Also magazines and empty boxes are a wonderful combination. The boxes can be houses, garages, hospitals and are furnished with appropriate equipment clipped from magazines and pasted to the walls and floors.

Change beds frequently if the disease isn't infectious. Switch from his bed to your bed and then to the couch. A change of scene will bring a welcome change of mood.—MRS. A.D.M.

Seaman, Wife Adopt Frisco for New Home

Seaman Appren and Mrs. Charles Thomas Johnson (Marilyn Sue Swaney) left for northern Michigan and their future home in San Francisco after recent vows and reception in the Waterford Community Church.

Chantilly lace over white tissue taffeta fashioned a tiered gown and train for the daughter of the Kenneth D. Swanseys of West Yale Avenue.

Her veil was imported illusion and she carried white rosebuds, carnations and ivy.

Attending the sister at the rite performed by Rev. Robert Winnie were Ramona Swaney, honor maid, and Mrs. Jack Seiber. Candace Barker also was a bridesmaid.

Ottilla Barker and Philip Johnson were flower girl and ring-bearer.

David Johnson was his brother's best man. They are the sons of the Charles H. Johnsons of West Cornell Street. Arthur Green, Ronald Dillingham and Jack Seiber seated the guests.

The bridegroom is stationed on the USS Mattaponi.

May Go to Jail

WASHINGTON (AP)—Frankly like a man without a worry in the world, despite 13 years in pending prison sentences, in an interview outlining plans for the Teamsters' July convention in Miami Beach.

"It will be a very important convention," Hoffa said — perhaps the most crucial in his nine stormy years as head of the union.

EXPECTS REELECTION

Hoffa is expected to be re-elected to a new five-year term by acclamation when the 2,300 convention delegates meet.

He spelled out fully for the first time the proposed constitutional change to create a new post of general vice president, or executive vice president.

Junior Editors Quiz on
MARBLES

QUESTION: How are marbles played?

ANSWER: Boys have played marbles since Greek and Roman days—and there have been many variations of the game in that time. But American children, nowadays, generally play "ringer."

For this, one marks a circle about 10 feet across. There is a "lag line" and a "pitch line," as our diagram shows.

You put a marble in the center of the circle and arrange a dozen more in the shape of a cross, three on each side of the center.

Then the two to six players "lag" for turns by throwing or shooting their large "shooter" marbles from the pitch line toward the lag line. The nearest shot wins first turn for its owner, the next nearest, next turn and so on.

Then the players shoot their "laws" or "moonies" (shooters) at the "migs," "ducks" or "hoodles" (ring marbles), trying to knock these last out of the ring. If you shoot out the most marbles, you win.

Except for lagging for turns, marbles are shot by "knocking down"—One knuckle touching the ground as the thumb snaps the marble out.

You're not supposed to "hiss"—raise your hand from the ground—or "hunch," which means moving your hand forward.

FOR YOU TO DO: Check your marbles know-how by seeing if you understand these terms: "lofting," arcing through the air to hit a marble; "for fair," playing for fun, giving the marbles won back; "for keeps," keeping marbles you win; "howling," rolling a shot.

House Records Subpoenaed for Klan Leader's Contempt Trial

WASHINGTON (AP) — A federal court has subpoenaed the committee chairman, was subpoenaed along with the committee on Un-American Activities' staff director, Francis J. McNamara. They were told to bring along all committee records on the Klan. The House group held

hearings last fall into the Klan's activities. Shelton was called as a witness but refused to testify. The subpoenas ordered Willis and McNamara to appear as witnesses for Shelton when he goes on trial in U.S. District Court here Sept. 12.

Willis said the subpoena was served at his home last Sunday night shortly before midnight. "It's kind of unusual," Willis said in an interview. He added: "You can't ignore a court order if it's valid."

But I don't think I can do him much good." The subpoenas requested by attorney Lester V. Chalmers Jr. in behalf of his client, Shelton, call for Willis and McNamara to present "all books, records, documents, correspondence,

transcripts and memoranda relating to the organization and conduct and affairs of the Klan." McNamara described Shelton's petition as "a kind of fantastic move."
