

Sets Night Life Pace

REPLACES PRINCESS MARGARET — Princess Alexandra, 19-year-old daughter of the Duke of Kent, has succeeded the 25-year-old Princess Margaret as leader of the gayest young crowd in London's fashionable night life, "Alex," as she likes to be called, is reported to be more sociable while Margaret, sister of Queen Elizabeth was regal and somewhat aloof.

Meg Abdicates Glamor Throne to Cousin 'Alex'

LONDON (U)—"Alex" has become the new reigning glamor girl of Mayfair. Succeeding Princess Margaret, Princess Alexandra has taken over as leader of the gayest young crowd in London's fashionable night life.

Margaret, now 25, has abdicated gracefully in favor of her 19-year-old cousin with the misty blue eyes.

Most of Margaret's escorts and friends of other years have married and settled down to raise families. Though she still goes to parties with them, the tone is more sedate.

For two years Alexandra moved in Margaret's shadow but now the Duchess of Kent's pretty daughter has come out on her own.

Society columnists for the past few weeks have heralded her as "The Princess of 1936."

Alexandra has boy friends aplenty. The gossip column rumors are sprouting. A friend said: "She thinks them howling funny."

Wilson Verifies Ridgway Charge

Views on Defense Cuts Expressed by General in Article Validated

WASHINGTON (U)—Gen. Matthew B. Ridgway's contention that he did not join other members of the Joint Chiefs of Staff in approving plans to cut Army strength has been verified by Secretary of Defense Wilson.

"I think what he said was correct," Wilson said in a news conference yesterday when asked for comment on Ridgway's assertion in a national magazine article that he had "most emphatically not concurred" in such plans.

President Eisenhower told Congress in his 1954 State of the Union message that the Joint Chiefs—then including Ridgway—had "unanimously recommended" a new military program embodying reduced Army strength. Ridgway, now retired, wrote he was "non-plussed" to read of this.

But Wilson said "I don't recall any such business" when news men mentioned that Ridgway wrote of Wilson cautioning him against voicing publicly his objections to the then proposed Army manpower cuts. Ridgway said at one point in his article he felt he had been put under pressure, "sometimes crudely applied," to drop his opposition to those cuts.

Cloudy, Some Snow, Says Weatherman

The weatherman predicts little change in temperature for tonight, tomorrow and Friday. The skies will be partly cloudy with some chance of a little snow.

The mercury will drop to a low of 18-22 degrees tonight with a high tomorrow of 30-34. Northerly winds 6-12 miles per hour are forecast for tonight.

The lowest temperature preceding 8 a.m. this morning was 22 degrees. The thermometer registered 30 at 1 p.m.

Looking for Lost Mine

ISHPEMING (U)—Iron County's Chamber of Commerce is prospecting for an abandoned iron mine that could be converted into a tourist attraction. The Upper Peninsula Development Bureau suggested the area mining communities follow suit.

Pigeons, Awake! You May Lose Your Best Perch

Beware, all Pontiac pigeons! If Mayor William Donaldson has his way, you are headed for a fast exodus from your lofty perch at the Court House.

Donaldson told the City Commission last night of a man in New Orleans who employed a chemical compound, odorless to humans that rids public buildings of pigeons and starlings.

The matter was referred to City Manager Walter K. Willman for investigation with the only opposition coming from Commissioner John E. Carry who said: "That's for the birds."

Two Men Injured as Auto Hits Train

Two men were slightly injured when their automobile ran into a slow moving Grand Trunk Railroad train on W. Huron street this morning.

Driver, Legion Presley, 50, of 66 E. Pike St., and a passenger, Earl Cole, 31, of 83 Auburn Rd., both were released after treatment for cuts in Pontiac General Hospital, authorities said.

Police, who reported the train's speed was about 20 miles per hour, said Presley told them he didn't know how the accident occurred.

Long Captures Louisiana

NEW ORLEANS (U)—Former Gov. Earl Long stormed down the comeback trail to landslide victory in the Louisiana governor's race today, leaving the administration of pro - Eisenhower Gov. Robert Kennon in the dust.

Mayor deLesseps Morrison of New Orleans, the only candidate in the five-man field in the Democratic primary who could have forced the race into a Feb. 21 runoff, conceded at 2 a.m.

Building his lead constantly as late rural returns trickled in, the 60-year-old Long rolled toward the majority vote needed to avoid a runoff with the second-place candidate.

Unofficial returns from 1,725 of the state's 2,039 precincts showed: Francis Grevenberg 50,710; Earl Long 340,702; James McLemore 38,843; deLesseps Morrison 159,105; Fred Preaus 94,473. The Republicans did not hold a

16 Killed in Ship Explosion

Yes, We Know—but the Mouse Can't Read Law

LONDON (U)—Peaches Page—a blonde show girl paid not to move when standing nude on a stage—lost her job when a mouse ran over her foot.

She not only moved, she screamed and ran into the wings while the customers collapsed with laughter. That happened last night at a London music hall. She was fired on the spot.

"I couldn't help it," she said. "When that mouse ran across my foot, I did what any girl would have done."

The reason she lost the \$30.40 a week job: The lord chamberlain's regulations allow nudes to appear on British stages if they stand absolutely still. If they do anything more than bat their eyes it is considered an indecent performance.

Bank Re-elects Board, Officers

Pontiac State President Reports Substantial Rise in Total Deposits

All directors and officers of the Pontiac State Bank were reelected yesterday when shareholders gathered for the institution's annual meeting.

President Milo Cross reported a \$1,610,000 increase in total deposits

(Other bank elections, page 18.) during 1955, making the total at year's end \$23,847,008.28. Earnings were \$165,000, or \$4.15 per share the official said.

Loans made in 1955 showed an increase of \$1,500,000. Capital on hand at the end of the year was \$275,981.44, according to the report.

Directors reelected included John C. Cowe, Cross, Roger J. Emmett, H. Russell Holland, Frank A. Mercer, Goodloe H. Rogers and Stuart E. Whitfield.

Cross was reelected president, while Smith Falconer and Earl W. Bartlett were again named vice presidents, and William E. Eubank elected to a new term as cashier.

Other officers include Sam S. Hale and Everett K. Garrison, assistant cashiers; Mark S. Stewart and Harold W. Schone, assistant cashiers and branch managers; and Turrill McCully, auditor.

Bulganin Missing From Soviet Scene

LONDON (U)—Western diplomats puzzled today over what is keeping Soviet Premier Nikolai Bulganin from the public scene. Word reached here he missed another key party meeting.

Speculation increased after Moscow radio listed the dignitaries attending last night's meeting of a Moscow city Communist conference. All the top Kremlin brass were there—except Bulganin.

The 60-year-old Premier's continued absence from all public functions since the Supreme Soviet meeting at the end of December has resulted in belief he might be ill or resting from his grueling Asian tour with party boss Nikita S. Khrushchev.

Navy Balloon Goes Poof

YOKOSUKA, Japan (U)—The Navy said its first trans-Pacific weather balloon collapsed at sea today about 600 miles north-northeast of Hawaii.

Long Captures Louisiana

primary to nominate a governor. Thus Long's victory assured him an unprecedented third stay in the 45-room mansion that his brother Huey built.

Morrison, making his first state race after 10 years as mayor of the state's largest city, and Long brushed aside darkhorse candidate Fred Preaus, who was flying the Kennon administration colors. The governor by law cannot succeed himself.

Long showed amazing comeback strength in this the nation's first state primary of the presidential year. After failing to name a successor four years ago, he swept

Detroit Orders 150 GM Diesels for Two Streets

Will Spend \$3,155,000 With Local Plant to Replace Streetcars

General Motors Truck & Coach Division has been awarded a \$3,155,000 contract for 150 diesel coaches by the city of Detroit.

Construction of the 51 passenger TDH-5105 models will begin immediately, GM officials said today. The order was approved by Detroit's Common Council yesterday.

Destined to replace streetcars along Woodward and Gratiot, the buses will be powered by six cylinder diesel engines, and equipped with GM's air suspension system.

Conventional steel springs are replaced by the rubberized bellows, which afford an air-cushioned ride over road shock.

No completion date for the coaches has been announced.

The streetcars are scheduled to be retired from Gratiot by April 1, and off Woodward by May 1. This will bring an end to all streetcar operations in the city.

The Common Council voted to finance a portion of the purchase with sales of bonds, and approved issuing \$2,500,000.

Sale of two Detroit Street Railways former terminals is expected to raise the balance of funds for the order.

1 Pilot Lives, 1 Dies in Mid-Air Jet Crash

TROY, Ohio (U)—Two Air Force jet fighters—screaming past each other in simulated radar-guided attacks—crashed seven miles above earth last night.

One pilot, Capt. B. E. Thayer, 29, apparently ejected himself from his disabled craft and parachuted safely to earth.

The other, 1st Lt. J. J. Schulte, 27, was killed. His mutilated body was found near the wreckage of his plane.

The crash was witnessed by a ground observer corpsman from his Troy post. In the semidarkness of twilight he watched the two F-86D fighters collide, then fall about two miles apart of each other.

Both planes were based at Wright-Patterson AFB, Dayton, and were part of the 56th Fighter Interceptor Squadron.

Rep. Ford Submits Bill to Hike Milk Spending

WASHINGTON (U)—Rep. Ford (R-Mich.) has submitted a bill which would increase federal spending for milk served with school lunches by 20 per cent.

In line with a recommendation by Secretary of Agriculture Benson, the bill would boost the amount to be spent for this purpose during the current school year to 60 million dollars.

Ratford Returns Home

HONOLULU (U)—Adm. Arthur W. Ratford, chairman of the Joint Chiefs of Staff, left by military plane last night for Washington after a world inspection trip.

Crew Brings 'Lost' Plane In Safely

WIN PRAISE—Pilot Robert Francis, 37, of Boston, congratulated stewardess Barbara Crowley, 25, also of Boston, for her help at LaGuardia field last night, after he brought his long overdue

Northeast Airlines plane through a snowstorm safely. Twenty-four passengers were aboard on Boston-to-New York flight. At left is co-pilot Louis Balestra, Norwood, Mass.

'Thank God—We Made It'

NEW YORK (U)—An airline pilot, flying through a snowstorm without radio or lights and with only a compass to guide him, brought his plane in to a safe landing at LaGuardia field last night. There were 24 people aboard.

Pilot Robert Francis, 37, had to use a flashlight to see the compass. Behind him in the darkened cabin his passengers sat through the ordeal in prayerful quiet. There was no panic, even though the plane landed two hours late.

The electrical system of the twin-engine Northeast Airlines Convair then prevented him from making an emergency landing before reaching New York.

Francis, a flier for nearly 20 years, landed with less than an hour's gasoline supply at 8:12 p.m., 2 hours and 22 minutes late.

"It wasn't very pleasant," he commented later. "Thank God we're here."

He said he had considered returning to Boston but decided against it because of heavy air traffic there. Fog and snowstorms

Five U.S. missionaries, one the husband of a Pontiac woman, apparently tried to defend themselves before being killed by savage Aucas Indians in an Ecuadorian jungle last week.

A bullet hole in the windshield of the missionaries' plane, reported by two U.S. Army helicopter pilots who participated in the search, indicated the victims fired at least one pistol shot.

The body of E. Edward McCully Jr., of Milwaukee, husband of the former Marilou Hoboth, of Pontiac, never was recovered. It was found by his Indian servants on a Curarray River sandbar, but washed away before reached by the main search party.

None of the searching fliers saw any Aucas, but Capt. Robert B. McGhee, of Waco, Tex., flew over one village about 10 miles from the scene of the attack.

He said it comprised about five huts in a clearing with a platform in the center, probably built to receive gifts dropped by the evangelists before they landed.

The other four missionaries who had hoped to convert the Aucas were Peter Fleming, Seattle, Wash.; Nathaniel Saint, Huntington Valley, Pa.; James Elliott, Portland, Ore.; and Roger Youderlian, Lansing.

Give Tentative Okay to City's '56 Budget

The City Commission gave tentative approval last night to the highest budget in the city's history and instructed the city attorneys to prepare the annual appropriation budget ordinance.

Final approval, is expected by the end of the month on the proposed budget which calls for a record expenditure of \$4,891,828.08, which is approximately \$300,000 higher than the 1955 budget.

The budget may possibly result in a tax rate 10 cents higher per \$1,000 of assessed value than the 1955 rate, according to City Manager Walter K. Willman.

Now He Can Fish

TRAVERSE CITY, Mich. (U)—When Hart Stuart dropped his new glass fly rod overboard while fishing on Torch Lake last summer, he gave it up for lost. Yesterday, while ice skating over 20 feet of water, he spotted the rod. With a companion he cut a hole and fished it out—rod, reel and line.

20 More Missing as Fire Razes Louisiana Port

Huge Flames, Smoke Hamper Firefighters in Rescue Work

LAKE CHARLES, La. (U)—Cities Service Oil Co. workers today wearily battled swirling flames and choking smoke that may conceal the bodies of at least 16 seamen in a blazing tanker.

Loaded with a full cargo of 130,000 barrels of gasoline, kerosene and fuel oil, the tanker Salem Maritime exploded late last night.

A crew of 41 was believed assigned to the vessel. Cities Service officials did not know how many were on board at the time.

Firefighters picked up pieces of three bodies this morning. St. Patrick's Hospital here treated eight seamen, one in serious condition. A Cities Service worker also was burned seriously.

A spokesman for Cities Service, which owned the tanker, estimated the missing at 20. A seaman, who had been on board before the explosion, put the figure at 16.

The Salem Maritime's blast set two loading docks afire at the Cities Service plant in Lake Charles, about six miles from this city in southwest Louisiana.

COMPLETE LOSS The ship and the docks, according to the company, were a complete loss.

No damage estimate was given. About 1,500 workers attempted to douse the fire and succeeded in confining the flames to the ship and docks, away from the huge adjoining oil refinery.

At 1 a.m., a tugboat surveying the wreckage, found a floating tank. It was a 12,000-gallon tank, the tug found three seamen, who jumped aboard.

The three — Frank Toto, 26, of Brooklyn, N.Y.; George Emley, and Fred Gentry, both 40, were in the tanker's engine room four hours. When gusts of wind shoved flames away from their side of the tanker, they climbed out of the engine room and onto the deck where they signaled the tug.

Three were hospitalized for shock and minor burns. Earlier in the morning another tug had picked up a trio who jumped into Lake Charles.

Crewmen John Klepadlo of Avon, Penna., one of those rescued by the tug, said he was standing on the funnel of the ship with two other men but was unable to give any account of them after the blast.

Klepadlo was quoted as saying, "Anybody who was on that ship after I left it just won't be around to talk about it."

No cause was given for the explosion.

In the Family? RICHMOND, Va. (U)—State Sen. Edward E. Haddock of Richmond has been appointed to the Virginia General Assembly's Fish and Game Committee.

Higgins Says Toll Roads Will Help Cut State Taxes

George Higgins, chairman of the Michigan Turnpike Authority, took his case for toll roads before the Michigan Township Assn. today.

He said Michigan needs both toll and free roads and forecasted a big increase in county property taxes and the state gas tax unless toll roads are used for some of the costly arterial expressways.

Higgins referred to the recent legislative highway study report which he said showed the state some \$2,274,000,000 short at current taxation levels of meeting its highway needs over the next 10 years.

"Where is the money going to come from?" He asked. "Taxation of course. We cannot wish away our highway financing problem. Neither can the burden be shifted to the federal government for even the most generous of the proposals seriously considered in Congress could not in itself solve Michigan's total problem, not even in 20 years."

Higgins said that if city and county taxes were not increased it would take a hike of 9.3 cents a gallon over the current 6 cents a gallon gas tax to finance es-

timated Michigan highway needs in 10 years.

Or, said Higgins, counties would have to increase taxes enough to double their present highway tax contributions to meet local needs in 15 years.

"Some people who should know better," Higgins said, "have attempted to convince the public they have a choice between so-called 'free' roads or toll roads. Michigan needs both types of construction and we will still fall short of the need. The truth is the choice is between toll expressways now when they are needed, or an indefinite wait while the job is done patchwork style with a substantial tax increase in the meantime."

Plan Six Major Traffic Changes in City

Traffic Engineer Discloses Dates

W. Clemens, Mill Set to Become One-Way on January 23

Six major traffic changes within the city go into effect Monday, Jan. 23, Theodore M. Vanderstempel, city traffic engineer announced.

All will be permanent changes and are the result of an eight months survey conducted last year and based on actual traffic checks within the city.

In order to relieve congestion at Saginaw and Mt. Clemens streets, Mt. Clemens between Saginaw and Mill street will be converted to one way going east.

Mill street will be made one way southbound between Huron and Pike streets in order to eliminate the dangerous crossing at Huron and Mill, Vanderstempel said.

Right hand turns of southbound Ferry traffic onto Mt. Clemens street will be prohibited.

Left hand turns of northbound Ferry traffic will not be allowed onto Mt. Clemens, and Mt. Clemens will be restricted exclusively to eastbound traffic between Saginaw and Mill.

Westbound traffic on Mt. Clemens, east of Mill street will turn south on Mill and continue westbound movement along Huron street.

The last revision will permit westbound Huron traffic desiring to turn north onto Saginaw to do so at the corner of Walter's Department store.

A traffic officer will be on continuous duty at this corner during critical traffic hours to aid in this movement, said Vanderstempel. Cars will be permitted to make the right hand turn after which pedestrians will be permitted to cross Saginaw.

Pigeons Attack at Bunker Hill — Win Skirmish

LOS ANGELES — Pigeons won a skirmish in their battle of Bunker Hill yesterday.

As soon as workers finished laying a sidewalk in the reconstructed Bunker Hill section, a flock of the birds swooped down on the wet cement.

Perhaps angered because the city is modernizing their rustic setting, the pigeons hopped, skipped and jumped on the mushy surface. Cement worker Andy Aguilar claimed some even danced.

Then the pigeons retreated to a nearby rooftop. Workers counter-attacked and refinished the cement.

Cutter Breaking Up St. Clair River Ice

MOUNT CLEMENS — The Coast Guard cutter Tupelo today tackled an ice jam in the St. Clair River that has blocked the normal flow of water from Lake Huron into Lake St. Clair.

The ice, 28 feet deep in spots, has threatened to cut off the water supply to several communities.

The jam has formed at Stag Island, opposite Marysville, and backs up into Lake Huron. As a result, the level of Lake St. Clair has dropped nearly five feet.

The 180-foot Tupelo, skippered by Lt. E. D. Fulcher, arriving from Toledo, Ohio, last night, crunched her way through ice-caked Lake St. Clair.

Shortly before daylight today the cutter began the slow passage across Lake St. Clair. Her heavy steel hull banged against ice cakes with the thumping sound of a giant hammer.

The printing industry is spending more than \$300 million dollars annually in plant and equipment improvements and additions.

The Weather

PONTIAC AND VICINITY—Considerable clouds with little change in temperature today, tonight and tomorrow. A chance of a little light snow Friday 23-25; low tonight 18-22; high Thursday 26-30. Northerly winds 8-12 mph per hour today and tonight.

Experts Have Many Ways to Solve Road Problems

Editor's Note: This is the seventh in a series on the highway situation condensed from the booklet, "Highway Road to Expressways," to be published by the Oakland County Planning Commission.

What can the engineers do to solve the highway problem?

The traffic or planning engineer has many tools available to plan highway layout and construction. These include:

1. The origin and destination (O and D) study. It attempts to determine the number and types of trips from certain beginning points to common destinations. It shows how many trips are made each day from a residential area to a business section and indicates where new or expanded roads are needed and what type they should be.

2. Vehicle volume studies are made to obtain accurate counts of the number and movements of cars passing through intersections and over major routes.

The volume study can be combined with an O and D survey to provide enough data for planning an expressway system.

3. Accident reports reveal the number, cost, types and frequency of traffic mishaps. Dangerous spots can be pinpointed and safety-promoting steps taken.

4. Predictions of future population coupled with land-use studies can determine the number of vehicle trips for a particular industrial or commercial area.

These are applied to forecasts of future land use to decide how many trips a region can be expected to generate. This is measured against the capacity of existing roads to determine what expansion and new construction is needed.

NEW YORK — The new Ford Motor stock commanded a premium of around \$5 a share today, even before full-dress trading had begun.

Limited buying and selling of the stock started late yesterday immediately after clearance by the Securities and Exchange Commission of the huge 10,200,000-share offering at a price of \$64.50 a share. Today, the date for the formal offering, Wall Street looks for a big turnover.

MOVED QUICKLY
In the over-the-counter market here, the shares moved quickly to \$70.37 1/2 bid, \$70.50 asked. That confirmed Wall Street expectations that the stock would rise because demand so far outstrips supply.

Clearance by the SEC meant that the Ford company had complied with legal requirements by making a full disclosure concerning the stock and the firm's financial position. That was the last step necessary before trading could begin.

Most investors know by now how much of the stock they'll get—if any. Thousands have been allotted no more than 10 or 20 shares and many will get less than 10.

The shares will trade in the over-the-counter market until around March 1, when they will move to the New York Stock Exchange.

Ford also plans to list them on several regional exchanges and may eventually apply for listing on Canadian and European exchanges.

NO POLICY YET
At \$64.50 a share and with an annual dividend of \$2.40, the new Ford stock would yield about 3.7 per cent—less than General Motors shares but a trifle more than Chrysler.

Ford has not stated what its dividend policy will be, although

Police Open Fire on India Rioters

Death Toll Reaches Ten as Terror Grips Bombay; Army Clamps Curfew

BOMBAY, India — Police opened fire again today on waves of rioters protesting Prime Minister Nehru's plan to sever this west coast metropolis from Bombay State. At least four of the demonstrators were killed, bringing the death toll in three days of violence to 10 in Bombay State.

Indian army units were ordered to stand by and a 24-hour curfew was clamped on the big industrial sector in the northern part of the city. Various other parts of the city were put under dusk-to-dawn curfew.

At least 300,000 workers in the city of nearly three million people answered a call by leftist unions for a general strike to reinforce demands that the city become the capital of a new Marathi-speaking state.

The rioters held virtual control of the factory area until police and special armed units drove them out with shots, tear gas and club charges.

Yelling, stone-throwing mobs ranged the streets. They felled trees to barricade highways and hurled stones at passing trains, buses and cars.

Downtown Bombay was deserted, with business virtually at a standstill. Shops which opened were looted.

Group Eyes Erection of Shopping Center

Developers of a proposed shopping center at Telegraph and Square Lake Rds. in Bloomfield Township have announced plans for initial construction on a 50-acre portion of the 150-acre site, with estimated cost of \$10 million.

Officials said that negotiations have been completed for long-term leases in the project with nationally-known chain organizations, but names of the firms were not disclosed.

The project will be called "Michigan's Miracle Mile Town and Country Shoppers City," and a \$35 million price tag has been put on the entire center. It is being developed by Don M. Casto and Don M. Casto Jr., of Columbus, Ohio. No date for start of construction was announced.

Prof. William Porter of the State University of Iowa school of Journalism, suggested such a match Tuesday night. He said it could be a benefit affair, with the proceeds to go to the National Foundation for Infantile Paralysis.

Porter made his suggestion after Hoegh addressed a meeting of the Iowa chapter of the American Assn. of University Professors.

Hoegh, a former SUI swimmer, said he would take on Gov. Williams if a match could be arranged.

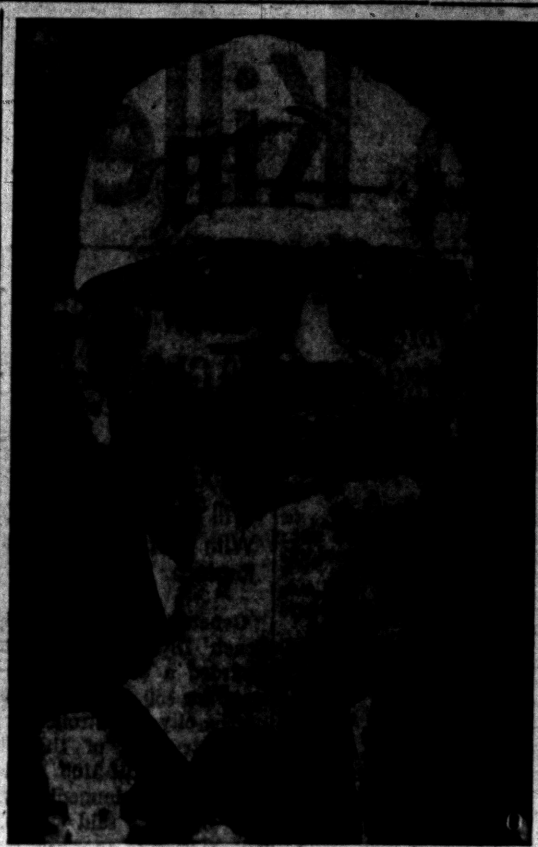

NEW DRUG AVAILABLE
DETROIT — Parker, Davis & Co. says a new drug, Camoforn, used in the treatment of intestinal amebiasis, now is available in 26 states. Amebiasis is associated with poor environmental hygiene and frequently is considered a tropical disease.

ELECT ATTORNEY HEAD OF REPUBLICAN GROUP
Attorney Anthony Rennie, of 845 Fourth St., was elected president of the Pontiac Republican Club last night, succeeding Willis Cushman who recently moved out of the city.

Elected vice president was William Garling, while Emma Pelican was named secretary; Maynard Johnson, treasurer; and James Clapp, sergeant-at-arms.

Rennie later told of his plans for the coming year and made tentative committee appointments.

The group was addressed by Chad Ritchie, Oakland County Republican Committee chairman, who outlined efforts for the coming elections.

VERIFIES RIDGWAY'S PROTEST — Secretary of Defense Charles E. Wilson holds his hand to his chin as he answers questions growing out of magazine articles by Gen. Matthew Ridgway. Wilson told a news conference he thought Ridgway did oppose a cut in Army strength two years ago. At the time Ridgway was Army Chief of Staff.

'Calculated Risk Is Vital to Guarantee Peace'—Dulles

WASHINGTON (INS)—Secretary of State John Foster Dulles lashed back at his "Brink of War" critics yesterday with a declaration that the United States must be ready to wage war if it is to have peace.

The secretary told the largest news conference assemblage he has had in some years that the U.S. must be willing to take a "calculated risk" for peace.

But he denied he ever said the Eisenhower administration had taken the nation to the "brink" of war three times. Instead, he said, the Communists forced the world to the "brink" in Korea, Indochina and Formosa and that the U. S. had averted war by a firm stand.

The Dulles position was developed in answers to questions about last week's controversial national magazine article entitled "How Dulles Averted War" and subtitled "Three Times, New Disclosures Show He Brought U. S. Back from the Brink."

Dulles said the U.S. must make clear the basic moral values and vital interests for which it stands and that "the surest way to avert war is to let it be known in advance that we are prepared to defend these principles, if need be by the use of force."

The secretary refused to back down from anything in the article although he did say one part of it was ambiguous, and that the article gave him more credit than he thought was due him.

General Motors, currently around \$44.25 a share and paying a dividend of \$2, yields 4.5 per cent. Chrysler at \$81.25 and paying \$3 dividend, yields nearly 3.7 per cent.

If Ford earned \$3.10 a share in 1955, as has been estimated, it is being sold at 7.9 times earnings. GM is expected to report earnings of \$4.35, on which basis it is selling at 10.2 times earnings. Chrysler is expected to report earnings of \$11.50 a share for 1955, so the shares are selling at 7 times earnings.

WASHINGTON — Chung Heng Yoon, a Korea-born engineer at Bay City, Mich., would be allowed to stay in this country under a bill which the Senate has passed and sent to the House.

Yoon, a 1954 graduate of the University of Michigan, is employed as a design engineer by the United Welders Corp., Essexville, Mich.

WASHINGTON — Secretary of Defense Charles E. Wilson holds his hand to his chin as he answers questions growing out of magazine articles by Gen. Matthew Ridgway. Wilson told a news conference he thought Ridgway did oppose a cut in Army strength two years ago. At the time Ridgway was Army Chief of Staff.

The Day in Birmingham

Socony, Jacobson's Start New Woodward Buildings

BIRMINGHAM — Clearing the main \$70,000 for the addition and way for two new structures on North Woodward avenue began yesterday, with Socony Mobil Oil Co., Inc. having ground broken on the point at the Hunter intersection. Jacobson's is having the long-unused building just below Willis remodeled for a three-phase business.

The new gas station that will stand at Hunter and Woodward will be on the proposed Oak Street cut-off, a project talked of in Birmingham, Bloomfield township, and highway department conferences for six or seven years.

Oak street, according to plans tentatively sketched by the two local governments and awaiting approval of the state highway department, would continue across both Woodward and Hunter, making a right-angle route into Hunter to replace the diagonal entrance now used. That diagonal would be filled with the landscaped portion to the north of the Socony station, which would be broken only by the Oak, Hunter and Woodward entrances to the gas pump islands of the station.

Bloomfield township tentatively has agreed to annexation of the parcel of land to the city of Birmingham, both to allow the city to give the station water and sewer, and to let the city's policing include all of Hunter avenue. Confusion now arises since the intersection is beyond the city limit line.

Socony is trading, according to the plan, the right-of-way for the cut-off, for a strip of land along Woodward. Only one local lane is to be left, going northbound, on Woodward north of Oak.

Cost of the project would be split between city, state highway department, and the Oakland County Road Commission, according to L. R. Gave, city engineer. A stop light, in state domain, may be placed, but initially, the intersection will be without one.

Jacobson's began yesterday to knock out the west wall of the building for an addition on the rear. The structure was used in recent years as a post office Christmas annex.

Plans show a children's shop there, a university shop on the south, and general attire in the main portion. Permits were issued by the city shortly before the remodeling and adding-on began by the Chismus company. The work will cost \$93,500, Jacobson's estimates, but the city figure is at \$101,000.

On the North of Willis, Jacobson's is erecting two buildings, which will house the Peter Pan restaurant and a small beauty shop, and an addition to its home decoration shop. The city estimates the cost at \$101,000.

After leaving the police department, he operated the Richards Trailer Park on Telegraph Rd. near Sylvan Lake. About eight years ago, he acquired one of the Ford farms near Clarkston and resided there with his wife, Betty, until his death.

Besides his wife, he is survived by two sisters, Mrs. Maudie Tait of Plymouth and Mrs. Bertha Rohoff of Fowlerville. A brother, Harry, is also living in Plymouth.

Mr. Richards was affiliated with Lodge 810 BPOE. In 1939, he was given a citation by the board of review for unusual service in line of duty.

Service will be held at 2 p.m. Saturday in the Sharpe Funeral Home, Clarkston with burial in Ottawa Park Cemetery.

The family requests that in lieu of flowers contributions be made to the Heart Fund.

Scouts Attend Outing in North Michigan
An annual winter outing was held this weekend in Grayling by 24 explorers and guests of Scout Posts 66 and 17.

Featured sports were skiing, spotting and tobogganing, under the direction of Post Advisors King Stetler and Jerry Hunt.

Special guests during the trip included William DeGrace and Donald Williams.

Hal Boyle Says:

Bosses Wouldn't Hire Marilyn (Oh Yeah?)

NEW YORK (U)—Could Marilyn Monroe walk into the average American business office and land a job as a secretary?

No, siree, mister, she couldn't—not if you take the word of the nation's businessmen themselves, and I, for one, am not sure that I do.

PERSONAL CHARM

A survey of leading executives on what they look for in a secretary, made by Carl Ray, research vice president of the Underwood Corp., placed personal charm way down on the list of desirable attributes. As a matter of fact, it ranked seventh.

"Forty-six per cent of the bosses indicated they wanted initiative more than anything else in a secretary," Ray said.

Why don't they place a higher premium on glamour in hiring a lady typewriter jockey?

Ray conceded the executives were ruled partly by their fear—fear of what their wife would say, fear that a too-pretty secretary would distract the other office hands, but added:

"On a more positive basis, how-

ever, it's worth noting that secretaries today have to be executive assistants rather than just a plain old-fashioned secretary. What bosses really want is somebody who

Economist Reports Huge Farm Closings

LOS ANGELES (INS)—An economics expert reported today that more than one million farmers have migrated away from agriculture in the past nine years.

William F. Kirk, economics department manager of General Petroleum Corporation, described the farm population problem before 500 delegates to the National Council of Farm Cooperatives convention in Los Angeles.

He said the small farmer is disappearing and the big emphasis in the last 15 years had been on mechanization.

Kirk added: "Since 1920, the number of United States farms has dropped from 6,500,000 to 5,200,000, while the average size of each farm has risen from 140 to 215 acres."

can mind the store while they're showed considerable justification for their complaint.

OPINION DIVIDED

The sampling showed opinion was divided on the question of whether single or married women make the best secretaries.

"Twenty-four per cent of the bosses state a preference for single girls, 20 per cent preferred married secretaries, and the rest expressed no choice," Ray said.

One executive wrote, "The married woman is not concerned with whimsy and dating. She does a better job." Another philosophized thusly: "It's really not important. If a girl is single today, she'll get married eventually anyway."

After initiative, the employers rated secretarial virtues in this order: The ability to type quickly and accurately, the ability to file and find information speedily, a winning telephone manner, punctuality and personal neatness.

SOME REASON

Many older secretaries have complained it is difficult for them to land a new job after 40, and almost impossible after 50. The poll

None of the businessmen came out for bobby-soxers as secretaries. But 48 per cent said they preferred to hire a secretary "somewhere between 20 and 40 years old." Another 27 per cent stipulated she had to be between the ages of 30 and 40.

The magic age for a secretary today therefore would seem to be 30.

"Right now I consider the ideal

UM Officials Arrive on Formosa for Visit

TAIPEI, Formosa (U)—Dr. Harlan Hatcher, president of the University of Michigan, arrived from Hong Kong for a two-day goodwill visit.

He was greeted at the airport by cheering Michigan alumni, including three Chinese vice ministers.

Dr. Hatcher was accompanied by Dr. Charles S. Kennedy, Michigan University regent, and Administrative Assistant Theodore H. Dews.

State Names Firms to Remodel Hospital

LANSING (U)—The State Administrative Board has authorized contracts for the remodeling of the Ft. Custer Station Hospital at Battle Creek, which the state is leasing for mentally retarded cases.

The general construction contract went to the G. O. Lewis Co. of Battle Creek for a fee of \$8,500 and an estimated cost of \$167,200.

The plumbing and heating contract was awarded to C. L. Mahoney of Kalamazoo for a fee of \$4,900 and an estimated cost of \$84,100.

New Officers Become Leaders of Organization

The Central Board of the Oakland County St. Vincent de Paul Societies will meet Thursday at 8 p.m. at 11 W. Wilson Ave.

The following new officers will take office at this time: Edward Morey, president; Patrick Coyle, first vice president; Frank Hornung, second vice president; Maurice Jules, secretary; John Palms, treasurer and Archie Noon, custodian.

Representatives from all Oakland County Conferences are expected to attend.

TO SPEAK TONIGHT — Three of the panel members who will participate in the program at Pontiac Senior High School tonight are shown as they met for a recent planning session. Pictured are (left to right) Fred Ziem, Oakland County Prosecutor, Dr. James M. McHugh, psychiatrist in charge of the children's program at Pontiac State Hospital and the Rev. J. Allen Parker, pastor of the Newman AME Church. The panel will follow the showing of the film "The High Wall" and will deal with mental health. The Pontiac High School PTA is sponsoring the program scheduled for 7:30 p. m. tonight at the High School.

UM Prof Sits and Counts Fish at Bottom of Ocean

ANN ARBOR (U) — How many fish are there in the ocean? A University of Michigan professor sits on the ocean floor and counts them to find out.
Assistant Prof. John E. Bardach explained that "short of draining the water," this was only one accurate way to estimate how many were there.
It turns out that the Bermuda government has asked him to find out how many fish there are in the waters around their island to help their fishing industry.
So Bardach goes down, sits on the ocean floor with plastic slate and pencil and counts. He also has the aid of an aqua-lung, seven assistants equipped with flippers and breathing aids and, of course, the fish.
Working conditions were pretty nice in the warm tropical waters which are clearer than the waters of an inland lake, for in-
stance. Visibility was good for 40 or 50 feet and no diving suit is necessary.
Bardach recalled few instances where the fish didn't cooperate.
"We had only the sharks and barracuda to contend with," he said. "And they make no trouble."
Bardach explained that he and his assistants would find a typical coral reef, comb the seaweed and note what kind of fish they saw. They also tagged fish and later recaptured them to find out some of their habits.
Despite the barracuda and the sharks, Bardach and his assistants counted 780 fish on the one reef. But he doesn't suggest that the average man go down to prove him wrong.
"You have to be an experienced diver to do it," he explained. "You can't be concerned with keeping alive; you have to be concerned with counting fish."

Include Saginaw River in U.S. Water Projects

WASHINGTON (U) — Army engineers have tentatively allocated planning funds to 60 navigation, flood control and reservoir projects for the fiscal year starting next July 1.
President Eisenhower, in his budget message, recommended a total \$5,360,000 for planning projects.
The budget contained no breakdown but the engineers have furnished Congress tentative allocations including a \$50,000 navigation project for the Saginaw River in Michigan.
An average U. S. dentist has a net income of about \$11,000 per year.

Dog Sees Again After He Gets Plastic Lenses

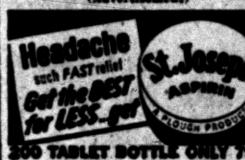

DES MOINES (U) — A cocker spaniel which six months ago was blind as a result of cataracts can now see again following eye surgery.
The operation on "Butch," dog of Mr. and Mrs. R. E. Mockett of West Des Moines, was performed by Dr. Hugh Simpson of the Iowa State College veterinary staff.
Dr. Simpson removed the cataracts and inserted plastic lenses into the dog's eyes. He said he began experiments with plastic lenses for dog's eyes in December, 1954 and since has performed 85 such operations. Most of these have been successful, he said.
"You just can't fit dogs with glasses," Dr. Simpson said.
The surgery and plastic lenses have thus far not restored wholly normal vision, Dr. Simpson said, but in one case vision "approaching normal" was achieved.

Famed Cocktail Mixer Killed in Auto Collision

WORCESTER, Mass. (INS) — An international cocktail mixing champion was killed yesterday when his automobile collided with a truck.
The victim, John W. McCann, 61, of Worcester, who never touched liquor, won two highest awards in an international cocktail mixing contest in London in 1937.

OK's Bonus Division

BATTLE CREEK (U) — The Battle Creek Board of Education has approved distribution of bonus money voted by the State Legislature for teachers' salaries. Teachers will get \$160 and other school employees, \$120. The board said the distribution represents the same proportion that the total payroll of the teachers bears to the total payroll of non-teachers.

Rice production in Japan during bushels over the 1954 crop and 1955 totaled a record 374,000,000, 20,000,000 above the previous record, an increase of 70,000,000 over the harvest in 1933.

Directors, Officers Named in Annual Bank Meetings

Josephine Lawyer to Develop Food Marketing Program in County Area

The Agricultural Committee of the Oakland County Board of Supervisors recently approved the transfer of Mrs. Josephine Lawyer from the Detroit office to the Oakland county office of the Cooperative Extension Service. She returns to the Oakland County Extension staff after serving one and one-half years as Consumer Marketing Information Agent in Detroit.

Mrs. Lawyer will develop a food marketing program in this area similar to ones established in eight other Michigan cities.

Current food information will be gathered from producers, processors, wholesalers, and retailers. This information will be analyzed and presented to food shoppers through use of news, radio, exhibits, meetings, and demonstrations. Helping consumers spend their food dollars more wisely can be effective when several ways are used to distribute timely food marketing information.

Since the average family spends about 25 per cent of its income on food, the buying, care, and use of food is important in every household. Buying food when supplies are abundant, when quality is

MRS. LAWYER

good, and when price is at a low level can bring greater satisfaction and savings for the family.

ADDS MANY

According to Mrs. Lawyer the marketing information program for consumers in this area will be planned:

1. To help consumers get greater satisfaction from their purchase of agricultural products.
2. To encourage people to adopt improved buying practices.
3. To help consumers develop a better understanding of the marketing system, functions, and processes.
4. To assist in the more effective use of agricultural products.
5. To aid in the orderly marketing of agricultural commodities.

The consumer marketing information program for consumers is made possible through the cooperative efforts of the United States Department of Agriculture, Michigan State University Cooperative Extension Service, and the Oakland County Board of Supervisors.

Mrs. Lawyer, a former Home Demonstration agent for the county, will begin her program by contacting persons and groups who can aid her in gathering the food marketing information. Some reached will be food producers, processors, wholesalers and food retailers. She will then relay her findings to the public via the newspapers, radio, through exhibits and the conducting of some meetings at the request of consumers.

Excellent Year Reflected in Big Gains in Deposits

By JOE HAAS

Tuesday was the date of the annual meetings of most of the banks in Oakland County and other counties in this area. Stockholders voted on their choices for directors, and the latter then usually named the officers for the coming year.

Without exception, it was a good year for the financial institutions named below. Many report the biggest gain in deposits and resources of any year in their history. The total gain is several million dollars.

A number made increases in their capital stock, and the dividends paid were equal or above former years with all of them. Their statements as called for at the close of business Dec. 31, reflect the generally prosperous condition of their communities.

Several of these banks have made extensive physical changes in their places of business, either in new buildings or substantial additions to those which they occupy.

Today the Clarkston State Bank is holding open houses to acquaint its patrons with the major facilities added.

Results of the elections follow:

Lake Orion

Orion State Bank: President, O. C. Thomas; vice president, S. J. Hadrill; vice president and cashier, W. H. Shoup; directors, Thomas, Hadrill, Shoup, A. M. Watson, H. F. Stahl and E. R. Williams.

Oakland

Oakland Savings Bank: President, G. B. Tunstead; vice president and cashier, Harold A. Pickford; vice presidents, R. E. Allen and J. H. Achten; directors, Tunstead, Pickford, Achten, Allen, M. G. Damsel, L. M. Sutherland and Warren Smith.

Orionville

Orionville State Bank: Directors, William Narris, John Waltz, Frank D. Brigham, Linford Owen, D. L. Hamilton, David C. Pence and D. E. Schulz. Officers will be chosen later.

Rochester

The former Rochester National Bank was merged with the National Bank of Detroit last September. Former local officers who now hold positions with the parent bank are: M. H. Haselward as vice president, and A. L. Keyes and C. W. Shepard as assistant vice presidents. Sidney Q. Emis is cashier of the Rochester branch. Former Rochester directors are on the advisory committee, with the exception of H. L. McGregor, who is succeeded by Larry Jerome.

Holly

First State and Savings Bank: Chairman, E. A. Smith; president, W. E. Lentz; vice presidents, H. H. Miller and W. M. Shuttleworth; cashier, H. H. Bennett; directors, Hartz, Lentz, Miller, Shuttleworth, F. M. Haddon, M. E. Hadley and J. L. Montgomery.

Fenton

Fenton State Savings Bank: Chairman, G. W. Pellett; president, E. C. Reid; vice presidents, H. W. Hitchcock, R. F. Smith and O. E. Furman; cashier, Mary O. Hill; directors, Pellett, Reid, Hitchcock, Furman, L. E. Reidel, D. J. McGuire and G. A. Wright.

Clarkston

Clarkston State Bank: Chairman, Thomas J. Foley; president, Guy A. Walker; vice president, Guy A. Estes; executive vice president and cashier, Robert L. Jones; directors, Foley, Walker, Estes, Jones, Roy A. Alger and C. W. Robinson.

Millford

Oakland County State Bank: President, Paul H. Sinclair; vice presidents, B. A. Kitson and A. W. Johnson; cashier, N. W. Ball; directors, Sinclair, Kitson, Johnson, Georgina Huffman, W. B. Detweiler and Nelson W. DeGarmo.

Farmington

Farmington State Bank: President, Howard M. Warner; executive vice president, B. E. Lapham; vice presidents, F. H. Nichols and Bayard D. Tupper; cashier, H. W. Avery. Same men are directors.

Birmingham

Birmingham National Bank: Chairman, E. W. Seasholtz; president, H. H. Gardner; vice presidents, M. C. Adams, Gordon Walker and P. G. Burnett; vice president and cashier, H. C. Carlson; directors, Seasholtz, Gardner, Adams, G. R. Averill, F. M. Brook, R. A. Emmett, M. D. Hill, C. E. Lewis, J. E. Martin, J. R. E. Swanson and A. C. Wermuth.

Imley City

Imley City State Bank: President and cashier, D. N. Weiss; vice presidents, Harry H. Diehl, Myron Fancher and J. D. Morrice. Same men are directors, with the addition of Henry C. Diehl.

Metamora

State Savings Bank: President, A. P. Stocker; vice president, George Rossmann; vice president and cashier, Fred Donner; directors, Stocker, Rossmann, Donner, Lyle Allen, Lawrence Smith, Lee Walker and Elvira Laidlaw.

Almont

Almont Savings Bank: President, Chris Nelson; vice president, Manuel DeSilva; cashier, L. A. Bech-

Your PTA Is Planning

Father's Night Thursday at Dublin and Waterford

WHITE LAKE TOWNSHIP — Howard Shelly, Oakland County lecturer, photographer and sportsman will show his latest wildlife movie, "Hunters Moon," to the PTA audience at Dublin School, Thursday night. Norman Sator, father vice president, will introduce the guests.

Mrs. Fred Corliss, Dublin PTA president, has announced that members of the school board will

be present during the business meeting to present plans for future expansion of the school district.

Fathers of the community are extended a special invitation to this affair, scheduled as "Father's Night." Refreshments are planned.

Rochester

The Harrison-Central PTA meeting will be held in the high school cafeteria, Monday, at 8 p.m.

William Barr, principal of Harrison School, and Douglas Lund, of the elementary education department will lead a discussion on the elementary report card system, a subject which is being discussed among many parents.

Refreshments will be served by third grade mothers, after the meeting. Mrs. Charles Talley and Mrs. Robert Wright are chairmen.

Volunteers to help in the Vision Survey are being asked for. Call your child's room mother or Mrs. Leslie Jones, health chairman, for advice on high school students.

West Bloomfield

The regular meeting of the West Bloomfield High School PTA will be held Thursday at 8 p.m. in rooms one and three at the high school.

John Bonaglio, driver training instructor of Pontiac High School will be the speaker. Bonaglio's topic will be "The Driver Training Program."

Mrs. Raymond Dombrowski, mother vice president, will preside over a brief business meeting. Interested parents are invited to attend.

Waterford

Fathers Night will be observed at the 8 p.m. session of the Waterford Center PTA Thursday, at the school.

Attracting the fathers to the annual event will be colored films on fishing in Florida and Canada, shown by outdoor writer Jack Van Covering.

Music teacher Marcella Schall will lead community singing, announces chairman of the evening, Mrs. Eules Houston. Refreshments will be served by mothers of third grade pupils.

Men's Fellowship to See

FILMS ON CANADA, ROCKIES

WATERFORD TOWNSHIP — Three-dimensional colored movies will be featured at the 8 p.m. Friday meeting of the Men's Fellowship of Sunnyside Chapel at the church.

Ed DeLorge will show the films of Northwest Canada and the Rocky Mountains. Refreshments will be served, and men of the community have been invited.

Avon Metropolitan Club Holds Joint Installation

AVON TOWNSHIP — A joint installation of Avon Metropolitan Club and Auxiliary was held at the American Legion Hall in Rochester, with Mrs. Vernon Shurtz installed as president of the Auxiliary.

Serving with her are: Mrs. Robert Upham, vice president; secretary, Mrs. Gerald Cox; treasurer, Mrs. Harold Miller.

Additional officers are: sergeant at arms, Mrs. Olive Malm; chairman of trustees, Mrs. Robert Ther; second year trustee,

Mrs. Herman Lamb; one year trustee, Mrs. Ole Carlson; John. Larry Parker, past national president of Fernside was installing officer.

At the same time Harold Miller was installed as president of the Metropolitan Club. Vice president is Robert Herr; recording secretary, Herman Lamb; financial secretary, James Angus; treasurer, Edwin Sheldon; sergeant at arms, Arthur Egan; three year auditor, William Richard; two year auditor, Gerald Cox; and one year auditor, Robert Upham.

State Solon to Speak to Southfield Kiwanis

SOUTHFIELD TOWNSHIP — State Senator William Bromfield, representing the local district, will speak tonight before the Kiwanis club meeting, at 6:45 p.m., at the Methodist Church hall. His subject: "The Challenge of Effective Action During the fifth Decade of Kiwanis."

Rev. Fred McNeil, pastor of the church, will be welcomed as a new member.

New members to the executive board include: Don Cameron, Farham Hager, Ledy Larson, John Fellock and E. V. Snyder.

The club will attend an inter-club meeting Jan. 25 with the Oak Park club. A round table meeting will be held at the local church for those who cannot make Oak Park.

County Deaths

Claude Newbury

ROYAL OAK — Arrangements are pending for Claude Newbury, 71, of 412 East Sixth St. here, who died last night at Bloomfield Hospital. The body is at the William R. Potere Funeral Home, Rochester.

He is survived by a sister, Mable Newbury of Washington, (Mich.); and one brother, Horace of Rose City, and several nieces and nephews.

Samuel C. Taylor

LAPEER — Service for Samuel C. Taylor, 74, of 3945 Genesee Rd., was to be held at 2 p.m. today at the Baird Funeral Home. Burial will be made in Mt. Hope Cemetery. Mr. Taylor died Monday morning at Lapeer County General Hospital, following a heart attack.

He leaves his wife, Cora E.; four daughters and three sons: Eva Mae Taylor, Dearborn; Mrs. Burdette Larson and Mrs. Creighton Broecker of Lapeer; Mrs. Richard Traver, Columbiaville; Walter, Wilson and Howard Taylor, all of Lapeer; nine grandchildren; also three brothers and one sister: Elmer, Joseph and Jacob Taylor, Welland, Ontario and Margaret Taylor of Dearborn.

Anthony Statwick

OXFORD — Service for Anthony Statwick, 60, of Cranberry Lake, who died Monday in Detroit, will be held at 8:45 a.m. Thursday in the A. H. Peters Funeral Home, 12057 Gratiot Ave., Detroit. Final service will be in St. Raymond's Church, Detroit, at 9:30 a.m., with burial in Mt. Olivet Cemetery.

Mr. Statwick is survived by his wife, Augusta; a son, Lawrence of Cranberry Lake; one daughter, Mrs. Regina Stefani; a brother, Martin Statwick, and one sister, Hattie Gayevski.

Charles P. Robinson

CLARKSTON — Service for Charles P. Robinson, 60, of 7860 Perry Lake Rd., will be held at 2 p.m. Friday, from the Sharpe Funeral Home here, with burial in Woodmere Cemetery, Detroit. Mr. Robinson died yesterday at his home.

He is survived by his stepdaughter, Laura Foran; a sister, Mrs. Lillian Stein of Clarkston and three brothers, David of Waterford, Elmer of Detroit and Fred Robinson of Pontiac.

Missionary to Speak

LEONARD — Service at the Methodist Church will be in charge of Glen Hotchkiss at 10 a.m. Sunday. Mr. and Mrs. Hotchkiss will leave in early summer for missionary work in Southern Rhodesia, Africa.

County Births

Middle Straits Lake Grandchildren of Clayton Williams, born to Mr. and Mrs. T. W. James of 1825 Monica, Detroit, are Mr. and Mrs. T. W. James Jr. and Mr. and Mrs. Clayton E. Adams of Middle Straits Lake.

Pastor's Wife to Talk on TV at Waterford

WATERFORD TOWNSHIP — "Television and The Home" will be the subject of the speaker at the regular monthly Family Night of the Lakeland United Presbyterian Church, to be held Thursday at 8 p.m. the Pontiac Lake School.

A covered dish supper will be held at 6:30 p.m., and a program will begin at 7:30. Mrs. Walter J. Teewissen, wife of the pastor of the Drayton Plains United Presbyterian Church, will speak on the television subject.

A short discussion period will follow her talk. The public has been invited to attend.

Blue Crutch Tag Day Collection Is \$428

ROCHESTER — Results of The Blue Crutch Tag Day held here Friday and Saturday were \$428.74. Avon Township March of Dimes Chairman, Mrs. H. W. McVailley said today that the total was very gratifying and that in the first year of the campaign only \$300 was collected in Avon.

The 1955 collection was \$3,302, showing the increased interest in the past ten campaigns in this area.

Drayton Plains Guild Announces Officers

DRAYTON PLAINS — St. Catherine's Guild of St. Andrews Episcopal Church has chosen its new officers for 1956. Elected president is Mrs. Carl E. Hoffman; first vice president, Mrs. John Boardman; second vice president, Mrs. R. J. McIntosh; treasurer, Mrs. William Baer; and secretary, Mrs. Ernest T. Smith.

The February meeting of the group will be held at the home of Mrs. William Baer.

Commerce Gay Timers Schedule Guest Night

COMMERCE — The Gay Timers Square Dance will be held Saturday at the Union Lake School. This is free guest night. Bring own sack lunch, the club will furnish the beverage.

Present Oxford Charter

OXFORD — The new proposed charter for this village will be presented to the public tonight at 8 p.m., in a meeting at the Veterans' Memorial Building.

Williams to Inspect Plymouth Automation

LANSING — Gov. Williams and four legislators will tour a Detroit auto plant tomorrow to get a first-hand look at automation.

In his opening message to the Legislature, Williams asked for an appropriation of \$100,000 to set up a state commission on the problems of automation.

Williams and the legislators will tour the Plymouth engine plant at Outer Dr. and Mound Rd. in Detroit.

Extension Group to Sponsor Meat Cooking School

The Oakland County Extension Service is sponsoring a meat cooking school at 8 p.m. Thursday in the Royal Oak High School Auditorium, 709 N. Washington St.

Deleores Smith, home economist for the National Livestock and Meat Board will demonstrate the up to date methods of cooking various cuts of meats.

Interested parties are asked to contact the County Extension office for tickets.

County Births

Mr. and Mrs. Charles J. Ruedisueli of 646 Crest Dr., Drayton Plains, will celebrate their 50th wedding anniversary on Tuesday, Jan. 31. An anniversary mass will be celebrated at 10 a.m., Jan. 28, at Our Lady of the Lakes Church in Waterford, followed by a breakfast for 30 members of the family. Their children are: Sister M. Leticia of the IHM order at St. Mary's School, Mount Clemens; Mrs. Marie Henry of Detroit; Charles of St. Clair Shores and William of Drayton Plains. They have nine grandchildren and three great-grandchildren. A reception will be held at 7:30 p.m. Jan. 31 at the VFW Hall, Hoffman Post in Detroit.

Williams to Inspect Plymouth Automation

LANSING — Gov. Williams and four legislators will tour a Detroit auto plant tomorrow to get a first-hand look at automation.

In his opening message to the Legislature, Williams asked for an appropriation of \$100,000 to set up a state commission on the problems of automation.

Williams and the legislators will tour the Plymouth engine plant at Outer Dr. and Mound Rd. in Detroit.

Game of Darts Aiding Jet Pilots

New Gimmick Used at Supersonic Speeds to Sharpen Shooting Eyes

WENDOVER AIR FORCE BASE, Utah (AP)—American fighter pilots are trying a new game of darts—played at nearly supersonic speed high above the earth—to sharpen their shooting eyes.

In a twist on the old game, the object in this one is to hit the dart—with bullets and cannon fire from jet fighters. It's a serious and difficult game that for the first time gives pilots a chance to test their aim on a target as hard to hit as enemy aircraft, maybe harder.

The naval ordnance test center at Inyokern, Calif., invented the new target, and both the Navy and Air Force have adopted it.

Improvement sought
Air Force sharpshooters from Tactical Air Command are here now working out new techniques and looking for ways to improve the target.

The target is called the Dart because that's what it looks like—a red-painted steel and plywood dart 12 feet long and 4 feet across the rear of its four fins. A jet tow plane hooks on and snatches it off a "cradle" in the same way gliders are launched. But the Dart doesn't glide. It screams across the sky, looking like a comic strip drawing of a ship from outer space, at the end of its 2,000-foot nylon tow rope.

For many years, fighter pilots have practiced on towed targets in the shape of long, rectangular banners. These have too much air resistance for the tow plane to get up much speed. Not until the Dart came along, an Air Force officer said, was there a target that gave jet pilots a chance to practice under conditions close to those of combat.

Finn Premier Leads in Presidential Voting

HELSINKI, Finland (AP)—Finland's Premier led the vote today in the first round of the nation's presidential election. The pre-election favorite, the Socialist boss of the state liquor monopoly, ran a close second.

Preliminary returns gave Premier Urho Kekkonen of the Agrarian (center) party 27.7 per cent of the 1,788,889 votes cast yesterday and Monday and 89 of the 300 electors chosen.

Karl-August Fagerholm, anti-Communist speaker of Parliament and manager of the state liquor monopoly, polled 23.9 per cent of the vote and won 74 electors.

The electors will meet here Feb. 15 to pick a successor to 85-year-old Juhos Paasikivi. He winds up his second term and 10 years in office Feb. 23.

Nationwide Production Tops All-Time Summit

WASHINGTON (AP)—Production flowing from the nation's factories and mines jumped ahead 11 per cent last year to hit a new peak, according to preliminary figures made public yesterday by the Federal Reserve Board.

The board's estimate placed 1955 industrial production a full 39 per cent above the 1947-48 "yardstick" period. And it said peak output was reached in November and December.

Production of durable goods climbed 18 per cent during the year, compared with a 10 per cent increase for nondurables.

HOOPER'S EYES ARE ON EISENHOWER — Former President Herbert Hoover looks toward President Eisenhower as the Chief Executive gestures and talks during a conference in his White House office Tuesday. The meeting concerned government reorganization recommendations of the Hoover Commission. Later, Hoover told reporters he believes the President should seek re-election, "provided he considers himself physically able."

Salzburg Honors Mozart for Work in World Music

SALZBURG, Austria (AP)—Salzburg will lead the entire musical world in the coming weeks in celebrating the 200th birthday of Wolfgang Amadeus Mozart on Jan. 27.

To honor its greatest son, born here as the seventh child of a court musician, the medieval city is preparing a Mozart week filled with concerts, opera performances, chamber music evenings and matinees, all devoted to his works.

SPECIAL MASSES
The festivities will end with a performance of Mozart's opera "Idomeneo" by the Vienna State Opera company on the birthday night. Earlier that day, ceremonies will be staged in the house where the composer was born. Commemorative Masses will follow in several of Salzburg's old churches.

Three leading orchestras — the Vienna Philharmonic, the London Philharmonic and the Bamberg Symphony—will play Mozart's compositions.

Four Plotters Executed by Iranian Government

TEHRAN, Iran (AP)—A firing squad executed four leading members of the Fedayan Islam organization today for plotting against the Iranian government. Among them was the Moslem sect's leader, Navab Safavi.

The four were charged also with encouraging armed revolt against Shah Mohammed Reza Pahlavi. All were tried secretly.

The others were Mozaffar Ali Zolghadr, who tried to kill Premier Hussein Ala Nov. 17; Chahil Tahmas Sebi, who assassinated former Premier Ali Razmara; and Mohammed Vahedi.

Test Pilot Killed

LOS ALAMITOS, Calif. (AP)—Douglas Aircraft Corp. test pilot, Charles H. Kesler, 35, was killed yesterday when his F4D Skyray crashed while attempting an emergency landing at the naval air station here. Kesler was a native of Pecos, Tex.

Navy Launches Giant Balloons

Vast Weather Forecast Test Takes Big Step; 20 Launched in Japan

TOKYO (INS) — The Navy's vast weather forecasting program took a big step forward yesterday when the first of 20 giant balloons was let loose in Japan to drift across the Pacific and the American continent to the Atlantic.

The experiment, designed to gather meteorological data, is being conducted by Lt. Cmdr. M. Lee Lewis, of the Navy's Bureau of Aeronautics.

The Navy plans to make balloons a standard part of its weather forecasting program if the trials are successful. All information will be passed along to weather organizations of all nations.

The balloons will drift eastward at altitudes of between 28,000 and 32,000 feet, sending back weather data by means of radio transmitters.

Each balloon is 40 feet in diameter and carries 600 pounds of radio and safety devices.

The balloons, normally, will remain aloft for six days. With favorable winds they can float across the Pacific and the U.S. to reach the Atlantic before descending. Parachutes will permit the balloons to come down without danger.

Chou Man in Vienna

VIENNA (AP)—Prague radio reported yesterday the arrival of Marshal Chu Teh, vice president of Red China. He came from Hungary after a visit to East Berlin.

Detective Reveals \$1,400 Orion Theft

A \$1,400 theft in an Orion Township trailer park Sunday night was disclosed today by Oakland County Sheriff's detectives.

Det. Jack Davis, said the \$1,400 in bills was taken from Parkhurst Trailer Park on Lapeer Road by thieves who broke into the office trailer and left \$80 in change and \$4,500 in checks behind.

The money, he said, was reported by trailer park owner Joseph Yezbick to have represented deposits from a better-than-average day's sale of three house trailers. Davis said he "forgot" to take the money home with him, leaving it in a chest of drawers in the office trailer.

Examination Waived at Breakin Arraignment

Melvin Foust, 18, of 45 Cornell St., appeared yesterday before Waterford Township Justice William D. LeFurgy charged with the Jan. 8 breakin of the Auburn Lawn Bowling alley in Auburn Heights.

Foust, who is alleged to have netted \$76 in the breakin, waived examination and was bound over to circuit court for appearance at an unspecified date. Failing to furnish bond of \$2,500, he was lodged in Oakland County Jail.

Just Humor Him, Lady

HOUSTON, Tex. (AP)—Mrs. Betty Buckner, a Silabee telephone operator, reported giving a customer the number of a cab company—CA 7-6329, "How," said the customer after a pause, "do you make a capital 7?"

Designers Stress the Feminine Look

MAKEOVER PAGES

Oleg Cassini's beige silk lace short evening dress is high-necked but cut away over the chiffon draped bodice. In back, a bow of the chiffon falls away from just above the waist. The skirt is softly full all around. New York designers stress the feminine look for spring.

Pale oatmeal tweed bolero ensembled with a black worsted sheath comes from the Harvey Berin spring collection designed by Karen Stark. The dress is sleeveless and has a bateau neckline. The bow on the bolero is black silk faille. The hat by Lilly Dache.

One Guest Asks to See Video Show Others Obviously Are Bored During TV Program

By EMILY POST

Today's first letter comes from a hostess: "The other evening I invited several couples in to dinner. After dinner was over we all went into the living room where we sat around chatting.

"Out of a clear sky one of the guests asked me if he could turn on the television set so that he could watch a certain favorite program of his. Not wishing to be rude I said he could turn it on and, as a result, all the other guests were forced to watch the program in complete silence, and I could sense their resentment at having to do so.

"What can a hostess do when she is put on the spot" as to speak by one of her guests? Could I have refused him permission to turn on the TV set without hurting his feelings?"

Answer: I think you could have asked how many others wanted to watch the program, and if the majority was willing to watch it, then it would be all right to turn it on. But if he were the only one, then you could have said, "I'm sorry but the majority is against you."

If you had another room to which the other guests could have gone in the meantime, you could have asked those not interested in the program to go into the other room until the program was over.

"Dear Mrs. Post: My sister-in-law has a name which I have always liked, and if my expected child is a girl I would like to give her this name. Their last names would also be the same. Would my daughter be the second, or just how do we differentiate between them?"

Answer: Your daughter would be second.

"Dear Mrs. Post: We have recently announced our daughter's engagement. Immediately following the announcement the family of my daughter's fiance paid us the conventional visit. I would like to know if my husband and I are supposed to return this visit."

Answer: Definitely yes—and promptly, and also if possible invite them to a meal.

McConnell PTA Listens to Talk by Gerald White

"Trends of Elementary Education" was the topic chosen by Gerald White, elementary coordinator for Pontiac schools, when he addressed McConnell PTA recently.

Mr. White emphasized that Pontiac schools do teach phonics, explaining that a child is not receptive to phonics until he reaches the age of 6½ years. Introduced in the first grade, phonics are taught throughout the grades.

Reading for comprehension is stressed, the speaker pointed out. "What a child is like" is an important factor in effective learning, which points up the importance of mental health in a classroom.

Phyllis Smith, accompanied by Janet Fulcher, sang two selections.

Helen Voss and Mrs. Earl Bidelman presided at the tea table.

Arene Chapter of Eastern Star Initiates Three

Initiated into the order were and the completion of plans for the annual card party highlighted the meeting of Arene Chapter 504, OES.

Initiated into the order were Mrs. Jack Cole, Barbara Key and Mrs. Howard Ross. Mrs. Edward Pritchard announced Feb. 15 as the date for the card party.

Special recognition was given Mrs. Thad Beall, Mrs. John Burrow, Mrs. Dale Meats, Mrs. Theron Taylor and Mrs. Eugene Parkie, past Ades of the chapter.

Guests at the meeting were Mrs. Beatrice Mundy, past grand warder of the Grand Chapter; Mrs. Walther McCollom of Grand Blanc and Mrs. Floyd Randall of Sarnia, Ont.

Hostesses for the Monday evening meeting were Mrs. Thurman Floyd, Mrs. Victor Bodamer, Mrs. Raymond Goins and Mrs. Leonard Berglund.

Installed as Head of Farquar Corps

Mrs. Floyd Opperman of Williams Lake road was installed as president of the Farquar Corps in the Women's Relief Corps 60, at a Detroit area meeting held in Detroit Saturday evening.

Mrs. Millie Murthum of Jackson street was installed as first vice president.

Mrs. Ladd Gives Talk on Europe City Woman's Club Conducts Meeting at YWCA

Members of the Pontiac Woman's Club met at the YWCA Monday afternoon. Mrs. M. E. Baldwin presided at the meeting, devoted to "Applied Education."

Mrs. James R. Ladd reviewed the European tour which she and Dr. Ladd took, showing slides and giving an account of many historical places.

She stated that the general aspect of most European countries is peace and quiet, but that England is becoming like the United States in its haste and hurry.

She mentioned that all hotels have beautiful formal gardens and are situated in such a way that the windows overlook picturesque scenery of the surrounding country.

In speaking of Switzerland, she stated that every town has its church, every church has a clock in its tower and every clock has correct time.

There is also a store for meat. There is also a store for meat, one for bread and one for groceries, so one does not find everything in one store as is possible in the United States.

The Ladds found that by knowing a little French, tourists could get along very well in most countries they visited.

Mrs. Archie Allen acted as chairman of the day assisted by Mrs. A. E. Ball, Mrs. George Crisman and Mrs. Ray Haertler.

Hostesses were Mrs. Harry D. Chapman, Mrs. Wilbert Colwell, Mrs. Alfred S. Danton, Mrs. Charles Smith, Mrs. Arthur Compton and Mrs. Howard Hall.

Gathering Held by Junior Guild

Marilyn Enden was hostess to members of the Junior Wesleyan Service Guild of Central Methodist Church on Tuesday in her home on Ross drive.

Elizabeth Rockefeller gave the devotion and Mabel Smith told of the foreign missions supported by the guild. Miss Enden reported on local services that the group might render.

A committee was appointed by the president, Helen Kinney, to meet with Mary Mitchell, district secretary of the Wesleyan Service Guild, to set up the budget for the remaining part of the year.

Joan McLeod, chairman, will be assisted by Barbara DeWolfe and Marilyn Reinhardt.

Original's straight blonde fleece coat has triple back vents on each side and in the center. Flaps mark low placed pockets, and a muted rose blooms below one shoulder. The hat is by John Fredericks.

Hospital Problems Cited

Mrs. B. B. Roush spoke on the problems of Pontiac General Hospital when she addressed members of AAUW gathering at the home of Mrs. Maxwell Shadley on Ottawa drive.

The only woman member of the board of trustees of the hospital, Mrs. Roush gave a brief history of the growth of hospitals, kinds of hospitals and the importance of voluntary hospitals.

She related numerous examples of problems which come up in the varied departments and stated that the services of hospitals have increased tremendously, with the cost of voluntary hospitals increasing accordingly.

Mrs. George Killen Hostess to Group

Mrs. George Killen of Poplar street was hostess to the Albright Daughters Sunday School Class of the Baldwin Avenue Evangelical United Brethren Church Tuesday afternoon.

Mrs. Frank Roberts presided at the business meeting, and the opening prayer was given by Mrs. Charles Simpson. A poem was read by Mrs. Alice Lempe, and Mrs. Mary Spragg gave the devotion. A prayer was also given by Mrs. Albert TerMarsch, and the class made a donation to the March of Dimes.

Women's Section

WEDNESDAY, JANUARY 18, 1956

PAGES 21-26

A panel draped back over one shoulder highlights this slim high-waisted evening dress of gray silk chiffon designed for spring by Gothe of David E. Gottlieb. Shoulder straps and the band across the bodice are elaborately embroidered with metallic threads, pearls and sequins in a Parisian motif.

What do the observers (fans, officials and writers) think of PHS Coach's cage scoring ace, Willie Dewalt?

Said veteran officials Ken Bortle and Sam Madden (who worked Tuesday's game here), "This boy really has it. He's the best prep player I've seen this year." (Bortle); "One of the best, a fine player." (Madden). Veteran Flint Journal writer Doug Minton, "Willie's the best you've had for many years. He is sure a fine player."

PHS and Royal Oak fans applauded the little courtesy, Tuesday night, that allowed a "stranded" RO cheerleader to get back on her own side of the floor at start of the 4th period. Adorn players held up play long enough for the striding blonde youngster to hurry across.

Highland Park St. Benedict's hopes for a suburban Catholic League basketball title received a severe jolt when scoring star, Don Phillips broke his wrist. As it being the center forward for the balance of the season wasn't enough, coach Art Macintosh has other key players hampered by averted ankles and bruises.

Lake Orion will face North's All-Stars in an exhibition hockey game of 9:30 Saturday morning on the North Side Ice Rink following the Junior Hockey Tournament's consolation match between Union Lee and Dick & Wes. Unbeaten North is already in the trophy finale while Orion has been eliminated.

Pontiac's YMCA prep and junior swimming teams, beaten by the Detroit Northern "Y" over the weekend, will meet Bay City's YMCA swimmers in dual meets here Saturday afternoon at 2 o'clock.

Joe Poulos, proprietor of the Bloomfield Lakes in Bloomfield Hills, rolled an unannounced 50 to a practice round at the Glen-Township arena which he also owns in Detroit. He is a 100 average bowler in the Professional League.

Pete Eckel of Royal Oak is preparing in impressive fashion for Michigan State's powerful swimming team. A sophomore at MSU, Eckel was a high school All-American selection while swimming for the Acorns.

Reiding high school of the West Central League has asked for membership of Kenewa high school conference near Grand Rapids. Members in the Kenewa league include Fremont, Zeeland, Sparta, Comstock Park, Hudsonville and Coopersville. The circuit selected new applications last spring and has until Jan. 27 to consider Reiding.

The newly organized Junior Rifle Club of Novi has selected Ben Chomson as its chief rifle instructor. David La Fend was elected president of the club.

Seventh annual World Series of Basketball between the Harlem Globetrotters and the College All-Americans will be held at Detroit's Olympia, Sunday April 19th.

Lions Pick Ex-Maple Tom Tracy Behind Reichow in Draft

LOS ANGELES (U)—The National Football League draft of 555 college players was well on the way to conclusion today in what old line observers say is one of the greatest grab-bag productions in many years.

Famous names, such as All-American guard Jim Brown of UCLA, and Ron Beagle of Navy and tackle Paul Wiggins of Stanford, as well as quarterback Jerry Reichow of Iowa, fullback Gerry Planutis of Michigan State and

the once fabulous J. C. Caroline of Illinois, were prominent among the draftees.

But the dominant feature of this draft—the 17 rounds completed last night, the 19 to go today and, to a lesser degree, the three rounds held in November—was the move for players almost obscure in the national picture.

Just as in past the NFL plucked such unknown players as Marlon Hill from Little Florence

Teachers in Alabama, and Tank Younger from Louisiana's Grambling College, who went on to pre fame, so did the coaches and scouts go for talent from the small colleges.

The champion Cleveland Browns chose Wiggins, and in contrast, guard Willie Davis from Grambling, halfback Len Heyliger from Marshall College and Chuck Griffith of Southern California, who was dropped from the Trojan squad for breaking training rules.

The Detroit Lions lost no time drafting quarterback Jerry Reichow of Iowa, the hero of the Shrine East-West game, while the San Francisco 49ers, among its decisions, drafted two Colorado A&M men, backs Jerry Zaleski and Larry Barnes.

Second choice of the Lions yesterday was Tom "The Bomb" Tracy, former Birmingham High School star who left the University of Tennessee before completing his senior year to

play with the Ottawa Rough-riders last season.

In his first year in the Canadian league he was named all-conference halfback.

Tracy, who stands 5-10 at 200 pounds, had an average of 6.5 yards per try during his two years at Tennessee.

The Lions were unable to sign the ex-Maple star when he left the Vols because his class had not graduated.

The Los Angeles Rams, runner-up for the NFL crown and notorious for producing "sleepers,"

came up with California end Jim Carmichael, halfback Ed Vincent of Iowa and Jim Decker of UCLA, each well known, fullback Charles Sticka from Trinity College and a lad named Charles Dees, a tackle, who seems to have been around.

Dees' background included Hyde, Miss., and Tyler, Tex., Junior Colleges, McNeese State (La.) and Trinity University.

Navy's Beagle and UCLA's Jim Brown went to the Chicago Cardinals, and Green Bay drafted two stars of Oklahoma's national champion Sooners, halfback Bob Harris and guard Cecil Morris.

The Chicago Bears selected Caroline and disclosed they have already had a talk with Toronto of Canadian Football regarding acquisition of the former Bill Nash.

The Washington Redskins took Planutis and halfback Gary Lowe of Michigan State.

Here are the Detroit Lions' selections in yesterday's National Football League draft session (includes those drafted in the first three rounds at Philadelphia, Nov. 26). Final 10 rounds will be held today (Wednesday) starting at 1 p. m. EST).

Maryland Fills Tatum's Place With Own Grads

Tommy Mont Will Be Grid Coach, Cobey to Direct Athletics

COLLEGE PARK, Md. (U)—Tommy Mont has been named to succeed Jim Tatum as football coach at the University of Maryland.

Bill Cobey, a university graduate like Mont, was appointed athletic director.

Tatum, who quit Jan. 8 to go back to his alma mater of North Carolina, had held both jobs.

Dr. Wilson H. Elkins, university president, made it plain he had gone no further than Maryland itself to pick Mont and Cobey to take over for Tatum, who had built the greatest football teams from 1947-53. Maryland won 71 out of 87 scheduled games and three of six postseason bowls.

"I decided I should look at our own staff and stay within it," said Dr. Elkins yesterday. In future, he said, "we would like to accent as much as we possibly can Maryland boys."

At this point, Tatum interposed somewhat of an objection to the idea that he hadn't accepted as many Maryland high school boys as potentially good football players.

He pointed out the 15 of 46 on last year's undefeated squad were more than on Maryland's 1950 squad and proportionately more than on the North Carolina squad he is inheriting.

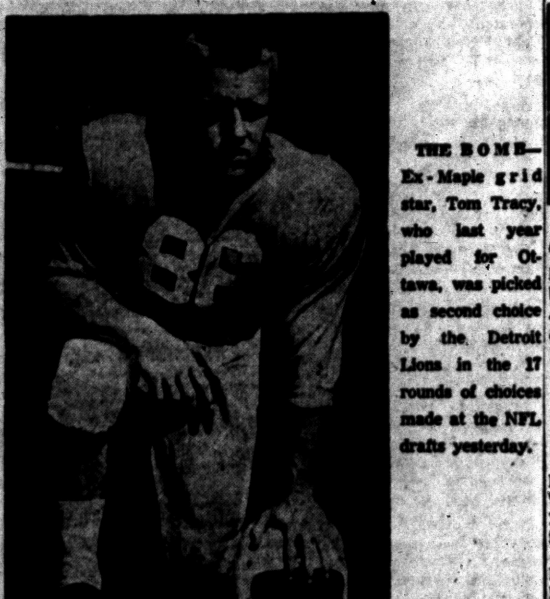

Dr. Elkins said the 33-year-old Mont, an assistant to Tatum since 1951, was a "natural" to implement the policy of "Maryland football for Marylanders" since he was a native of Cumberland, Md., and a 1946 graduate of the university, for which he was a quarterback.

At the same time, he sought to assure all that the selection of a "home grown" product didn't mean de-emphasis of football at Maryland.

Landy Plans Attempt to Lower Mile Record

MELBOURNE (INS) — John Landy, the Australian rambler, will attempt to crack his own world mile record of three minutes, 58 seconds at the Australian athletic championships in March.

Apparently, Landy's decision on whether to compete for his country in the Olympic Games next fall depends greatly on the results of his performance in the national championships.

THE HOME—Ex-Maple grid star, Tom Tracy, who last year played for Ottawa, was picked as second choice by the Detroit Lions in the 17 rounds of choices made at the NFL drafts yesterday.

U. S. Teams Arrive Athletes Crowd Cortina With Improved Weather

CORTINA D'AMPEZZO, Italy (U)—Scores of athletes streamed into little Cortina last night and early today, raising to 20 the number of nations already represented for the seventh annual Winter Olympics.

A 35-member American contingent arrived early this morning along with 37 Finns and 28 entries from Sweden.

The Winter Games, on skis and on skates, are set for Jan. 26 and will close Feb. 5.

With little more than a week to go, the nations already on the scene are:

The United States, Austria, Norway, Iceland, Belgium, Finland, West and East Germany, Italy, Poland, Lebanon, Romania, Britain, Sweden, South Korea, Japan, Russia, France, Canada and Switzerland.

Today's arrivals were met by rapidly improving weather. That means it's getting colder.

Eight to 12 inches of snow would make the skiing surfaces almost perfect now that the general, and dangerous, thaw has stopped.

Because of the warm weather, few Alpine skiers have shown up yet, choosing to train in Switzerland or Austria or on their home snow. Others left Cortina to get in practice elsewhere.

Favorites already have been established, however, and two Austrians, Tony Sailer and Andre Mol-

AP Wirephoto
TERP COACH—Tommy Mont, graduate of Maryland, was named head football coach of the Terps, succeeding Jim Tatum who has moved to North Carolina. Mont was backfield coach under Tatum. Also appointed was Bill Cobey to the post of Athletic Director.

U.S. Chances Doubted in Olympics

CORTINA D'AMPEZZO, Italy (U)—In the cold and snow of Oslo in 1952, the United States sent a chill down the spines of the winter sports countries.

The Yanks took home four Olympic gold medals—and that's four more than anyone thought they could win.

Will the American upstarts do it again this year in the seventh Winter Olympiad, which opens here a week from tomorrow?

The answer in this Alpine village

high in the north of Italy, is "No." If you care to listen to the experts.

Most folks connected with the games here think the Americans will win two gold medals and maybe a third. But they're sure it won't be four. Many of the Americans themselves admit that the odds are against them winning four.

The first-place finishers in the Oslo games were Mrs. Andrea

College Cage Giants Meet in Major Scraps Tonight

By THE ASSOCIATED PRESS

Some of the giants of major college basketball take shots at each other tonight in what should be a pair of great scraps while Dayton, No. 2 team in the nation, tries for its 13th straight success.

In the battles between the ranking teams, North Carolina State, No. 3, is at North Carolina, No. 9, in an important Atlantic Coast Conference game and Louisville, No. 10, takes on Memphis State, No. 15.

Dayton and seven-foot Bill Orl are at home to unranked Villanova, no better than 74 at the present. There was very little activity last night. Holy Cross, No. 12, had the spotlight with an 81-67 decision over Dartmouth's disappointing loss. The only surprise was the slim 15 points Tom Heinsohn led for the Crusaders, who were paced by Joe Lieber's 28.

Elsewhere, William & Mary hit 61 per cent of its set shots in the first half and walked past Virginia Military 51-72 in a Southern Conference game. In the Yankee Conference, Connecticut moved nearer another title by sweeping New Hampshire 85-56 with Ron Russell scoring 22 points.

second-place spot in the Mid-American Conference with a 93-70 victory over Ohio U. Cincinnati smashed Xavier (Ohio) 71-66; Niagara, suffering only five foul calls, coasted to an 84-56 decision over Toronto; and Colgate whacked Hobart 84-62.

In the only upset, Seattle handed 14th-ranked Oklahoma City its third defeat, 89-94 in overtime, as little Cal Bauer sank two key baskets. They meet again tonight.

Shoemaker in Quest of New Mark Today

ARCADIA, Calif. (U)—Wee Willie Shoemaker, former national riding champion, is out in quest of a new record at Santa Anita today.

Shoemaker has ridden at least one winner every day since Santa Anita opened its winter season, Dec. 26. He has been in the charmed circle at least once a day for 15 straight days this year. "Shoe" had a winner each day for the last 15 days of the 1955 season, too, so he has had at least one for 31 days straight.

Mead Lawrence in the women's slalom and giant slalom. Dick Button in figure skating and Ken Henry in the 500-meter speed skating.

Mrs. Lawrence and Henry are back again, but Button has turned professional. Strangely, neither Mrs. Lawrence nor Henry are expected to repeat.

Mrs. Lawrence, who has had three children since the last Olympics, has been coming along slowly and it's doubtful if she'll hit her top form by the time the games get under way.

Henry, who is now 27—a grey-beard as speed skaters go—has been erratic recently and has not inspired confidence among his mates. His performance in the Swiss International Championships at Davos today will be watched closely.

America's best bet are two figure skaters—Tenly Albright of Newton Center, Mass., and Hayes Allen Jenkins of Colorado Springs. Miss Albright, once a victim of polio, was the women's world champion in 1953 and Jenkins has captured the men's world crown the past three years. They are regarded as almost sure winners.

The United States bobsled team would be the favorite if it had more chance to practice on the run here. The Yanks have whipped down the treacherous chute only five times, while the Italians, using their "home" course, have tried it 60 times.

State Gridders By-Passed in NFL Choices

Only Four, Including 3 from MSU, Selected Through 20th Round

LOS ANGELES (U)—Michigan College players generally were passed by as the 12 National Football League clubs selected their 4th through 20th round draft choices last night.

Only four players from the state were chosen, three from Michigan State's Rose Bowl champions and one from the University of Michigan.

Highest on the list was Gary Lowe, MSU halfback, picked by Washington on the 5th round. The last three draft rounds were held in November.

John Lewis, MSU end, went to Baltimore in round nine. Fullback Lou Baldacci of Michigan, was drafted in the 10th round by Pittsburgh and Gerry Planutis of Michigan State, also a fullback, was drafted in round 12 by Washington.

Griff's Moves Into 1st Place

Grill Quintet Thumps Independents to Gain National Adult Lead

Griff's Grill handed the Independents a 57-36 shellacking in City League adult basketball action Tuesday night at Jefferson Junior High. The victory moved Griff's into the National League's top position and shoved its victim into 2nd place.

The Independents held a 20-19 halftime edge, but Griff's caught fire in the last two quarters to win going away. Chuck Franklin sparked the Grill five with 22 points while Merle Taubert's 12 points topped the losers.

Phil's Inn rallied in the 2nd half to trim the Trojans, 49-44, in last night's other adult National League game. Al King paced Phil's Inn with 24 points and Bob Williamson made 17 for the Trojans.

Oliver Buick displayed a balanced attack with a one-sided 61-44 decision over the Lakers and the Police Assn. quintet survived a last half thrust to down the Spartans, 54-54, in Class D American division games at Eastern.

In D' National division contests, also at Eastern, the Meteors grabbed 1st place with a 43-38 verdict over formerly undefeated Aces and the Hot Shots handed the Blue Devils their 5th straight loss in a defensive battle, 27-22.

City League activity tonight matches Shaw's GMC and Booth Homes-Sun Life in adult attractions at Pontiac High. Slaybaugh's faces Central Christian and the Wolverines meet the Boys Club in D' scraps at Lincoln.

East Detroit Rolls in Lone EML Tilt

East Detroit's Shamrocks ran away from Hazel Park in the 2nd and 3rd quarters to hand the Vikings their 6th straight setback in an Eastern Michigan League basketball game last night on the East Detroit court.

The winless Vikings held a 19-10 lead entering the 2nd stanza, then wilted under a savage attack which netted the Shamrocks 20 points during the next two sessions.

Gary Ballman topped the East Detroit scoring with 20 points and teammate Topy Pranter chipped in with 10. Nick Kamenoff tallied 17 for Hazel Park.

The Shamrocks' triumph evened their EML record at 3-2. It was the Vikings' 5th league loss.

Fillies Run at Hialeah Today in Jasmine Stakes

their fling at Hialeah Park today in the \$20,000 added Jasmine Stakes and a crowd of about 20,000 was expected as the Flamingo track settled down for a 40-day horse racing season.

The opening crowd of 23,621 yesterday was below the 25,000 expected but officials still believe the lavish track, with a multi-million dollar improvement program and the world's leading thoroughbreds, will break all records for attendance and betting.

The Jasmine, at 6 furlongs, attracted 14 probable starters and if all paraded to the post the race will net the winner \$18,975 from a gross purse of \$26,400, richest in its history.

Tuesday is generally regarded as the worst day of the week for a race track but yesterday's turnout showed \$1,591,729 through the handle—betting windows compared with \$1,655,410 wagered on opening day last year, a Monday.

Form players took a beating all afternoon as favorites wound up in the dust. Maine Chance Farm's Apollo, winner of only three races last year, shocked the crowd by winning the 6-furlong Inaugural in 1:10 flat for a \$42.50 for \$3 payoff. Such performers as Switch On, Due de Fer, War Command and Giant Cracker were out of the money.

Chief Tankers Defeat Bears

Win 5 Firsts to Take Dual From Highland Park, 50-37

Compiling five firsts and enough other places to round out an even 50 points to 37 for their opponents, Pontiac High School's tankers Tuesday marked up their 2nd win against two defeats.

Highland Park's Feline Bears didn't offer as much competition as had been expected, Coach Robert (Doc) Boyce commented today. "Tom Cross in the backstroke turned in our best time," Cross turned the 100-yard event in 1:08.4. Bob Henry hit 1:06.4 in the breaststroke.

Chiefs took a licking in the relay events, with times of 2:32.9 and 1:22.3 for the medley and freestyle, respectively, by the Bears.

Chiefs meet Bay City Friday for what is expected to be a very tough contest.

Summary:

40-yard freestyle—won by Bergstrom (P); Wisconsin (P) 2nd; Krasner (P) 3rd; Maine (P) 4th. Time 2:32.9.

100-yard breaststroke—won by Henry (P); Jackson (P) 2nd; Hess (P) 3rd; Corbett (P) 4th. Time 1:08.4.

200-yard freestyle—won by Ostrander (P); Redner (P) 2nd; Doris (P) 3rd; Steiner (P) 4th. Time 5:37.4.

100-yard backstroke—won by Cross (P); Boyd (P) 2nd; Campbell (P) 3rd; Steiner (P) 4th. Time 1:39.4.

100-yard freestyle—won by Simonson (P); Johnson (P) 2nd; Blough (P) 3rd; Steiner (P) 4th. Time 2:32.9.

150-yard medley—won by Stevenson (P); Boyd (P) 2nd; Hamilton (P) 3rd; Steiner (P) 4th. Time 3:14.4.

100-yard medley relay—won by Highland Park. Time 1:22.3.

100-yard freestyle relay—won by Highland Park. Time 1:22.3.

Bring Me a Song to Remember

By GRANTLAND RICE

Out from the darkness that gathers around,
Here, where the road is long,
Out from the shadows where phantoms are found
Bring me a brave, young song—
Bring me a song to the heart of December
Where the dim sun is cast,
Bring me a song that I can remember
When the last dream is past.

Out from the sighs and the sorrows and tears,
Born of the drifting throng,
Out from the heartache and hurt of the years,
Bring me a brave, true song—
Bring me a song of this fading December
Where the faint light is spread,
Bring me a song that I can remember
When the last faith is dead.

Out from the battle of greed and of hate
In the clash of the weak and strong,
Out from the bitterness sent us by Fate,
Bring me a brave, clear song—
Bring me a song to the gray of December,
Turning the world to gold,
Bring me a song that I will remember
When the last love is cold.

Thieves Pillar Chicago Plaque From Ted Lyons

CHICAGO (U)—Ted Lyons, former Chicago White Sox pitching great, told police last night thieves broke into his car and stole \$200 in clothing and a plaque awarded him Sunday night by the Chicago Baseball Writers Assn.

Lyons said he hoped the plaque would be returned because of its great sentimental value. Lyons was awarded the plaque in honor of his being named to baseball's Hall of Fame.

Saddler Meets Elorde Tonight

Featherweight Champ Is Favored to Successfully Defend Title

SAN FRANCISCO (U)—Sandy Saddler, despite giving away 10 years in age, is favored so strongly to defend successfully his featherweight boxing title against Flash Elorde tonight that there aren't any odds posted on the outcome.

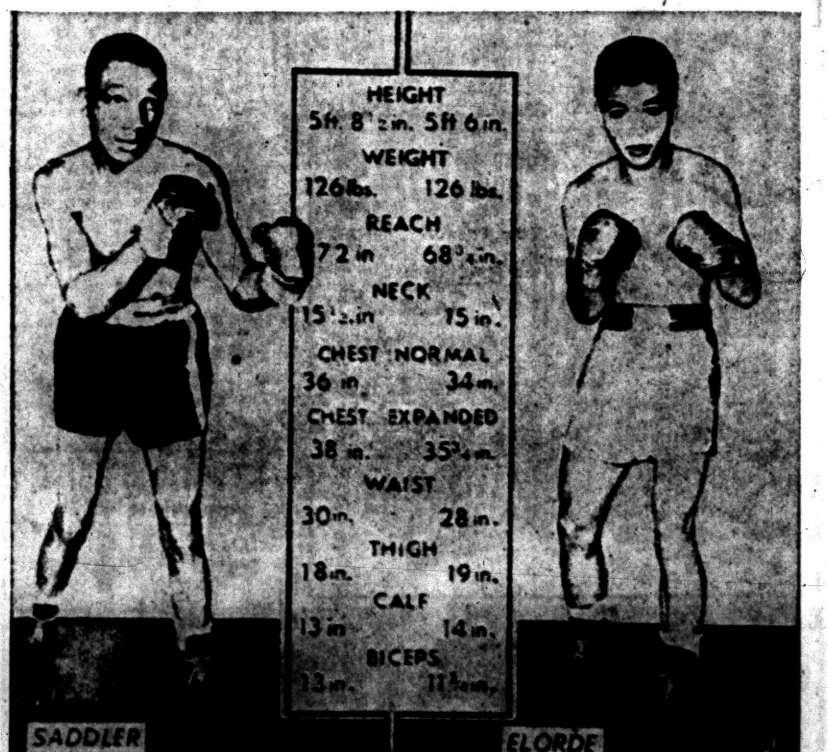

The word on flistic row here was that the only wagering was on when the scheduled 15-round title match at the Cow Palace would end.

Saddler raised his age to 32, three years over the "official" record book figures, during his training stint here. Elorde, the Filipino champion of the Orient, is 22.

Interest in the fight was low locally. Promoter Bennie Ford optimistically forecast a crowd of 5,000 and a gross gate of \$30,000, but the feeling generally was that his figure was high.

Saddler won the crown originally in 1948, lost it four months later and regained it in 1950. Since then he's been unbeatable with the title at stake, numbering among his victims seven foreign fighters. He has a record of 162 victories, 100 be knockouts, in 159 fights.

Marquette in 1955 changed from the split-T formation to the straight-T.

SADDLER—ELORDE TALK OF THE TAP—This is how champion Sandy Saddler and challenger Flash Elorde size up for their 15-round featherweight championship bout in San Francisco tonight. Saddler is favored to retain his 126-pound crown against the challenger from Manila.

STOCK MARKET

Grain Trading Uneasy in Pits

CHICAGO 48 — Grains had a nervous undertone in active dealings on the Board of Trade today. Price changes were not very large.

The market opened steady with no significant continuation of the selling movement which prevailed yesterday. But when no buying power developed, selling pressure again expanded and all cereals sank below the previous close.

There was a fairly good demand on the way down and once the selling pressure let up prices rebounded.

Wheat near the end of the first hour was unchanged to 1/4 higher, March \$2.09; corn unchanged to 1/4 lower, March \$1.28 1/2; oats 1/4 lower to 1/4 higher, March 64; rye 1/4 to 1/4 higher, March \$1.20; soybeans unchanged to 1/4 lower, January \$2.42, and lard unchanged to 5 cents a hundred pounds lower, January \$10.80.

Wheat near the end of the first hour was unchanged to $\frac{1}{4}$ higher, March \$2.69; corn unchanged to $\frac{1}{4}$ lower, March \$1.28 $\frac{1}{2}$; oats $\frac{1}{4}$ lower to $\frac{1}{2}$ higher, March \$1.42; rye $\frac{1}{4}$ higher, March \$1.20 $\frac{1}{2}$; soybeans unchanged to $\frac{1}{4}$ lower, January \$2.42, and lard unchanged to \$2 cents a hundred pounds lower, January \$10.80.
