Three-Vote Margin

Senate Passes Income Tax

AP Photofax

AS DEBATE DRONED ON—Gov. Swainson dozed in the office of Lt. Gov. T. John Lesinski as a marathon debate wore on through last night in the State Senate. Conservative Republicans were waging a losing battle against Republican moderates and Democrats over a state income tax.

Moderates Join Dems to Defeat Conservatives

Roll Call Comes After Nearly 15 Hours of Hectic Debate

From Our News Wires

LANSING — The Senate voted today for a personal and corporate income tax for Michigan, climaxing a marathon debate that lasted all night.

The vote was 18 to 15, the bare minimum needed for passage.

Sen. Haskell L. Nichols, R-Jackson, immediately served notice that he would move to reconsider the vote.

The vote came after more than 14½ hours of a hectic session that started at 8 last night, with only one minute out as the clock struck 12 to conform with a legislative rule against sessions going past midnight.

The way was cleared for a vote after Sen. John P. Smeekens, R-Coldwater, who supplied most of the opposition oratory, gave up a one-man filibuster that lasted for two hours and 35 minutes. Altogether, he talked for more than 4½ hours.

It was a resounding victory for a coalition of Democrats and Republican moderates who combined to beat Republican conservatives and their slow-down tactics.

Ten Democrats and eight Republican moderates combined to beat the 15 Republican conservatives in the vote. The House has yet to act on the measure.

At stake in the fight was the passage of the compromise tax program centered on the 3 per cent individual and 5 per cent corporate income tax.

After the vote, weary senators broke off their deliberations until 10 a.m. tomorrow.

In a news conference following the adjournment, Gov. John B. Swainson claimed the passage of the income tax proposal was "an enormous victory for the people of Michigan."

CONGRATULATED SENATORS

"I congratulated all the senators, both those who supported and those who opposed the bill," he said. "I am sure the people will vindicate all those senators who showed the sense of responsibility to fight for this sane and sensible reform program."

The personal and corporate income tax will become effective next Jan. 1, if it clears the House and is not vetoed by the governor.

Together, the two taxes would raise an estimated $350 million annually. Reductions or elimination of other taxes, however, would reduce the yearly net gain to approximately $108 million.

Giant Saturn Passes Second Test, Exploded

Missile Is Destroyed to Release Water for Charting Atmosphere

CAPE CANAVERAL, Fla. (AP) — The gigantic Saturn booster, intended in its later development to carry Americans to the moon, came through its second test flight today with a report of 100 per cent success.

Also apparently successful was a bonus experiment, the dumping of 95 tons of water 65 miles up to form a cloud that could be tracked to learn more about the upper atmosphere.

The water rode as ballast in dummy upper stages of the vehicle, and was loosed when the Saturn was intentionally blasted out of the sky after burn-out of the cluster of eight first stage engines.

The Saturn, world's mightiest known rocket, blasted off at 9 a.m. (Pontiac Time) with a tremendous roar as the engines generated a thrust of 1.3 million pounds, equal to 30 million horsepower.

The towering vehicle, 162 feet tall and weighing 463 tons, rode 35 miles on engine thrust, officials of the National Aeronautics and Space Administration reported, and coasted another 30 before it was blown up and the great cloud of water was spread in the ionisphere.

Dr. Ernest Stuhlinger of NASA said the cloud, instantly turning to ice in the frigid temperature of the edge of space, went on up to about 95 miles before it headed back to earth and evaporated.

Dog Ordinance on Vaccination Due Tomorrow

The new Pontiac dog ordinance, approved by voters in the April 16 municipal election, goes into effect tomorrow, City Clerk Olga Barkley and City Attorney William A. Ewart pointed out today.

The city charter requires that all ordinances become effective 10 days after final adoption.

This means that as of tomorrow, all persons buying dog licenses in the city must show proof that the dog has been vaccinated against rabies for a period extending at least through Dec. 31, 1962.

Since the new ordinance also changed the deadline for buying licenses from May 15 to March 1, all 1962 licenses purchased after today will automatically cost $3 instead of $2. A $1 penalty is added for being late. Persons already having bought dog licenses won't be affected.

Request Change in Air Service

With the deadline nearing for the end of authorized North Central Airlines serving at Pontiac Municipal Airport, city commissioners last night asked the Civil Aeronautics Board (CAB) for better service.

A five-point resolution was passed and will be forwarded to the CAB for consideration. NCA service is authorized by the CAB until June.

Authorization carries a "use it or lose it" mandate under which the CAB prescribes the minimum passenger quota at five per day, or 150 a month, needed to keep airline service permanently.

★ ★ ★

The resolution, offered by Commissioner Winford E. Bottom, came as the result of a study of airline traffic and needs by a committee of officials from the Pontiac Area Chamber of Commerce and city legal and airport staffs.

The resolution asks the CAB to authorize flights from Pontiac to Chicago and nonstop flights to Cleveland. The current Cleveland flights are by way of Willow Run Airport.

RESCHEDULING URGED

A major point is a request for rescheduling of already authorized flights so that southbound flights will be in the morning and northbound flights in the afternoon or evening.

"Airline service hasn't been

Asks to Rewrite Red Constitution

Nikita Obtains OK for Document in Push for Total Communism

MOSCOW (UPI) — Premier Nikita S. Khrushchev called today for a new "peaceful coexistence" constitution that would suit the Soviet Union's drive toward total communism.

★ ★ ★

Stating that the 1936 "Stalin Constitution" was outdated, Khrushchev said the Soviet Union had achieved complete socialism and now is embarked on the all-out building of communism.

★ ★ ★

He asked the Supreme Soviet, Russia's parliament, to draft a new constitution that would adequately define foreign relations for "an era of peaceful coexistence." The Supreme Soviet approved his request and named the premier to head the drafting commission.

★ ★ ★

The premier, who was reconfirmed yesterday as head of the government, kept his Kremlin hierarchy virtually intact. Foreign Minister Andrei Gromyko, Defense Minister Marshal Rodion Malinovsky and other top officials retained their posts.

★ ★ ★

One expected change was made with the replacement of Agriculture Minister Mikhail Olshansky by a comparative unknown, Konstantine Pysin.

Olshansky has been under heavy criticism for failing to meet Soviet food production goals.

★ ★ ★

Khrushchev said that changes in the Soviet Union over the past 26 years signified that "socialism has won a complete and final victory and the Soviet Union has entered the period of the all-out building of communism."

★ ★ ★

As reported by the news agency Tass, Khrushchev said the present constitution, which was drafted under the direction of former dictator Josef Stalin, talked only of declaring war and signing peace treaties. He said a new constitution was needed to clarify the conduct of foreign relations in the world of today.

Calls Crowd In to Fire Officials

Grass and Tree, Plus Short Circuit, Reported in 23 Minutes

A short circuit, a burning tree and a big grass fire combined to give Pontiac firemen a few anxious moments shortly before noon today.

Ernest McManus, fire department switchboard operator, was sitting quietly at the controls when a free fire was reported at Foster and Tregent streets at 11:25 a.m. He dispatched Engine No. 4 to the scene.

At 11:40, the first call on a grass fire behind Hawthorne School came in and Engine No. 3 was sent to the scene.

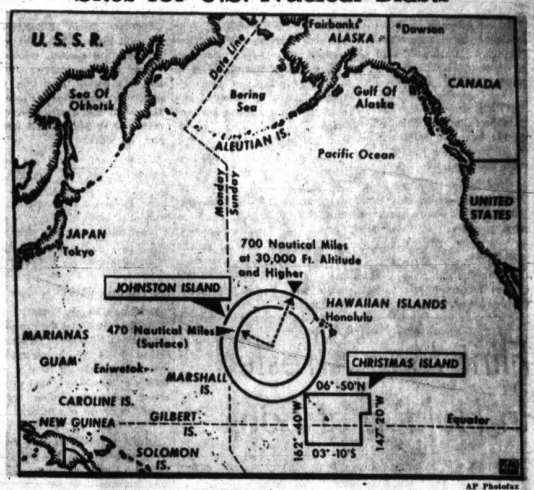

"Then the calls from that area started coming in hot and heavy," McManus said. "The fire was spread over a large area between Hawthorne and Alcott schools from the end of Columbia Street to the city dump."

While attempting to keep up with the calls, a still alarm flashed on the board at 11:48 from the Pontiac Motor Division personnel and purchasing department at Glenwood and Kennett.

Immediately three trucks roared out of the new central fire station. "We don't take any chances with alarms up there," he explained.

The "fire" at Pontiac Motor was caused by Michigan Bell Telephone repairmen who got their wires crossed while making repairs, accidentally setting off the alarm, said firemen.

Sites for U.S. Nuclear Blasts

AP Photofax

GO-AHEAD GIVEN—Map locates areas around Christmas and Johnson Islands in the Pacific where U.S. nuclear tests are to be conducted. The Kennedy administration yesterday gave the go-ahead for the test series in the atmosphere.

U.S. Fires 1st Shot in N-Test Series

WASHINGTON (AP)—The United States fired its first shot of the new nuclear test series in the atmosphere over the central Pacific early today, Pacific time, government informants reported.

An official announcement was expected from the Atomic Energy Commission later this afternoon.

Information was that the shot had been fired in very late morning, Washington time, and first reports here from Task Force 8 indicated a successful test.

★ ★ ★

The test series started a few hours after President Kennedy flashed the go ahead signal yesterday after months of effort to get Russia to agree a reliable nuclear weapons test ban had failed.

State Department officials declared as the test began that the United States would still be willing to halt the series at any time that Russia would sign a firm test ban agreement with dependable inspection provisions.

★ ★ ★

Meanwhile the State Department disclosed that Japanese Ambassador Kochiro Asakai had called at the department yesterday and formally registered his country's strong objection to any kind of nuclear testing.

Kennedy's authorization for the tests to proceed came in a day of appeals and warnings against resumption of testing. U. Thant, actinc secretary-general of the United Nations, and India's Prime Minister Nehru urged the great powers to refrain from testing. In Moscow, Soviet Foreign Minister Andrei A. Gromyko repeated Russian warnings that the Soviet Union would conduct new tests unless the United States relented.

'NO ALTERNATIVE'

On Capitol Hill, Kennedy's go-ahead announcement was greeted with general approval, with several members of Congress saying

(Continued on Page 2, Col. 3)

Kennedy Curbs N-Testing to Necessities...No Show

WASHINGTON (AP)—President Kennedy has ordered that each explosion in the U.S. nuclear test series must be justified by a military necessity.

He ruled out shots designed to impress the Russians or to make favorable propaganda for the United States.

Kennedy authorized the tests to proceed Tuesday but aides said he has been reluctant to let them be held.

Only after repeated unsuccessful appeals to Soviet Premier Khrushchev to try to get Soviet agreement to an enforceable test ban treaty did he give final approval.

From the day Kennedy took office in January 1961 he was under pressure mostly from military leaders and many members of Congress to approve resumption of testing. He chose to negotiate.

His efforts were unsuccessful. The United States began underground testing. Kennedy noted in an announcement that if the Soviet Union continued its atmospheric tests of weapons systems and the United States failed to do so, the U.S.S.R. might vault into the lead in the nuclear arms race.

LINES OF ACTION

Under the circumstances, the President felt there were only two lines of action available to preserve the relative balance in the world:

1. To resume testing to whatever extent was militarily justified.

2. To freeze the arms race by bringing it to an end with a nuclear test ban treaty which would prohibit all testing and provide safeguards against cheating.

★ ★ ★

On March 2 Kennedy announced in a speech that the United States would resume nuclear testing in the atmosphere—unless "the Soviet Union should now be willing

(Continued on Page 2, Col. 5)

Better Sharpen That Lawnmower —Spring's Here

Grass cutting time is here at last. If you haven't sharpened the lawnmower better do it now for temperatures are springing into the high 70s today, and 82 is the forecast for Thursday.

Tonight will be fair and warm, the low near 54.

The weatherman said Thursday will be partly cloudy with a few showers developing in the late afternoon or evening. Tomorrow night through Saturday temperatures will be a little cooler but Sunday and Monday will again be warmer.

Rainfall will total about .5 of an inch in showers Thursday night and again Monday.

Fifty-nine was the lowest temperature in downtown Pontiac preceding 8 a.m. The reading at 2 p.m. was 84.

'Bluebelle Sunk Intentionally'

Coast Guard Report on Yacht Tragedy Blames Slaying of 5 on Harvey

MIAMI, Fla. (AP) — The U.S. Coast Guard ruled today that the ketch Bluebelle was intentionally sunk by Capt. Julian A. Harvey and that Harvey's wife, Mr. and Mrs. Arthur Dupperault and two of their children were slain by Harvey prior to the sinking.

A Coast Guard report on its investigation into the tragic sinking last Nov. 12 said Terry Jo Dupperault, 11, survived only through "five fortuitous circumstances."

The report said Harvey did not harm Terry Jo or her sister Renee "probably in the assumption that they would drown when the vessel sank."

★ ★ ★

The report said Renee drowned when the Bluebelle sank but that her body floated because of a life jacket she was wearing.

The report concluded that Harvey recovered Renee's body and kept it to lend credibility to the story he would later tell after being rescued.

The Coast Guard said circumstances would not permit determination of how the lives of the four Dupperaults and Mrs. Harvey were taken or the order in which they died.

★ ★ ★

The Coast Guard said the probable cause of the casualty was "the state of mind of Julian A. Harvey at about 11:30 p.m. (Pontiac Time) 12 Nov. 1961."

Add 'Flesh' to Tower Skeleton

Pontiac Press Photo

NEW WING—This addition to the west side of the Oakland County Courthouse tower has reached maturity—in height. Construction workers have completed the skeleton of the four-level structure and are now working inside to add finishing touches to floors, walls and ceilings. County workers currently housed in the county office building at 1 Lafayette St. expect to occupy the new wing by Oct. 1.

Pontiac Sales Set New Midmonth High

Retail sales by Pontiac dealers during the April 11-20 sales period totaled 30,370, the highest midmonth sales performance in Pontiac's 36-year history.

Pontiac and Tempest sales of 36,544 units during the first 20 days of April also set a new high for the period, surpassing the previous record of 32,699 set in 1955.

The 30,370 Pontiacs sold in the last 10-day period surpasses the 11,329 cars sold in the similar period a year ago, an 80 per cent increase.

Con-Con Now Favors New Senate Districts

Con-con delegates lined up today in favor of a reapportionment plan giving Oakland County one new senator now and probably another in 1970.

★ ★ ★

At the same time, AFL-CIO state president Gus Scholle lined up his forces to block the new constitution at the polls if it contains this proposal.

Scholle, a power in the Democratic party, said he will "vigorously oppose" a new constitution if it provides a legislature apportioned by area as well as population.

The con-con plan giving Oakland County increased representation does just that.

Recommended yesterday, by con-con's committee on legislative organization, the plan raises current Senate membership from 34 to 38. Four different counties—Oakland, Wayne, Macomb and Genesee—would get one new seat apiece.

★ ★ ★

The plan goes on to provide Senate redistricting after the 1970 federal census on a population and area formula—an idea that stings Scholle.

★ ★ ★

"I definitely could not support a very conglomerate proposal that can't be explained—one that equates square miles to persons," Scholle said.

Delegate Arthur Elliott, R-Pleasant Ridge, pointed out the new plan would entitle Oakland County to three senators after the 1970 census, according to projected population figures. The county now has one Senate seat, held by Sen. Farrell Roberts, R-Pontiac.

Wayne County would get nine senators instead of seven, Elliott said, leaving outstate districts reduced by two to keep within the 38 member limit.

The proposed formula for redistricting gives 80 per cent weight to population and 20 per cent to area.

ON LOGICAL BASIS

Delegate George Romney, R-Bloomfield Hills, said the proposal apportions the Senate on "a sound, logical basis, which recognizes that in our state we have a diversity of heavily-populated urban areas and people living under widely separated conditions."

★ ★ ★

Scholle argues with this view. In a suit referred by the U.S. Supreme Court back to the Michigan Supreme Court for investigation, the labor leader charges present Senate apportionment violates the 14th (equal protection) Amendment of the federal constitution.

★ ★ ★

Scholle contends a population-area formula of apportionment gives rural voters a more powerful voice in elections.

The controversial reapportionment plan, which also changes the terms of senators from two to four years, was scheduled for second reading debate by con-con delegates today.

A third and final reading probably will come in two weeks.

Flint Man Arrested in Holdup at Bank

FLINT (AP) — A 30-year-old Flint man was held today for investigation in the shotgun robbery yesterday of a branch of the Genesee Merchants Bank.

★ ★ ★

FBI agents said they will seek a bank robbery warrant against Ernest Fry.

★ ★ ★

Fry was arrested in Flint last night. Police said part of the $3,085 taken from the bank was recovered.

★ ★ ★

Sought on a bank robbery warrant issued yesterday was Josephus Mance, 38, of Flint.

Police said witnesses identified Fry and Mance as the two gunmen who robbed the North Side Flint bank after threatening customers and employes with a shotgun and a pistol.

FBI agents said Robert Pullem, 38, of Flint also was arrested in connection with the robbery. Police said a warrant charging Pullem with aiding and abetting a bank robbery would be sought.

★ ★ ★

Previously police picked up a man identified in a warrant as William Bailey, 30, of Flint for questioning in the robbery. Later police said the man was not Bailey and that he had been released. They gave no further details.

Romney Warns About Scholle

Tells 200 at GOP Rally of AFL and Dem Party 'Conspiracy'

George Romney charged last night that the Democratic party and state AFL-CIO president Gus Scholle maintain a "conspiracy" which is "politically corrupt, morally wrong, economically unsound and socially indefensible."

★ ★ ★

Scholle's domination of Democrats, Romney said, has been "a primary factor in destroying Michigan's reputation and confronting it with grave economic and social problems."

Speaking at a GOP pep rally in Jackson, Romney warned 200 Republicans not to let their party resemble "Gus Scholle's Democratic party."

He procalimed the need for a genuine citizens party and said the GOP offers the best "opportunity to put major emphasis back on what we can do individually and in cooperation with each other.

★ ★ ★

"I believe every citizen in Michigan who is not a leader in the Gus Scholle-Democratic party political conspiracy can be interested in seeing Michigan freed from its grip," Romney continued.

As the only announced Republican candidate for governor, Romney urged party workers to get "fired up" and "go on to victory in November."

Almost Student Killed as Car Rams Bridge

A 16-year-old Almont High School student was killed shortly after noon yesterday when his car ran off Almont Road a quarter-mile east of the village and hit a bridge.

★ ★ ★

John F. Toole of 8760 Boardman Road, Almont Township, died of a broken neck suffered when he was thrown out of the car.

Lapeer County Sheriff's deputies said the youth apparently lost control of his car while traveling at a high rate of speed on his way to school.

★ ★ ★

After hitting the bridge, the car turned over and burst into flames. It was destroyed completely, police said.

NATIONAL WEATHER—It will be on the mild side tonight in states east of the Mississippi while colder weather is forecast for the north and central Plains and Rockies. Scattered showers are expected in northern New England and the Carolinas. Widely scattered showers and thunderstorms are forecast for the Dakotas, the upper Mississippi Valley and on the central and western Gulf coast.

AP Photofax

TO HIT TOMORROW—Sketch shows the path of spacecraft Ranger 4 as it tumbles through space on its flight to the moon. Scientists say it will crash on the dark side of the moon tomorrow morning. The Ranger 4, launched successfully Monday, from Cape Canaveral aboard an Atlas-Agena rocket, developed a faulty "brain" after the launch.

Expected to Hit in Morning

Ranger Nears Moon

PASADENA, Calif. (AP) — As the sun rises Thursday on the desolation of the lunar landscape, U.S. spacecraft Ranger 4 is expected to plunge from the black sky onto the surface of the moon.

Scientists say it will strike the unseen back side of the moon at 8:50 a.m. (Pontiac Time) exactly 63,913 hours after it blasted off from Cape Canaveral — carrying elaborate television equipment and the hopes of United States lunar experts for a close-up look at the moon.

The hopes were shattered when a timer failed and halted a sequence of maneuvers which would have brought Ranger's television eye into play as it neared the lunar surface.

But Ranger, as blind as a plunging meteor, hurtled on toward what would be a historic collision. If it strikes as expected, Ranger will be the first piece of U.S. hardware on the moon. The Russians hit it in 1959.

BEEPS TELL TALE

A tiny radio is sending out steady beeps by which scientists from Pasadena's Jet Propulsion Laboratory are tracking Ranger's flight. When the beeps stop, they will know it has hit.

At 5:50 a.m., Pasadena time, it will be dawn on the portion of the moon where Ranger should strike —a dawn the like of which man has never seen.

The temperature will be changing from minus 150 degrees Centigrade to plus 110 degrees Centigrade in the few minutes it takes the blazing sun to rise over the lunar horizon.

"As we look at the moon from the earth," said Howard Pohn, a California Institute of Technology researcher, "it will be a quarter moon, with three-quarters of the side facing us in shadow.

"On the back side it'll be just the opposite, because half the moon will be in the sunlight. On the edge of the line of sunlight, just below the equator, is where Ranger is to strike."

Better Airline Service Asked by Pontiac

(Continued From Page 1)

scheduled in a manner compatible with the needs of this community," explained Sherwin M. Birnkrant, assistant city attorney. "Current surveys of representative local industry have reconfirmed the need for adequate and properly scheduled service.

"The requested flight schedules would allow businessmen to go to Chicago or Cleveland, conduct their business and return all in the same day."

The resolution asks the CAB to "extend and continue beyond June 1962 the currently authorized service, at least until the within requests have been finally determined."

Airline service began here in December 1960. In only one month since has the minimum CAB passenger requirement been surpassed.

U. S. Fires 1st Shot in N-Test Series

(Continued From Page 1)

that the President had no alternative.

The U.S. Information Agency said today it has found strong support in the Philippines, Thailand and Latin America for the resumption of U.S. atmospheric testing. It reported that opinion in areas including the Middle East, South Asia and Africa is opposed to testing.

Japan's leftist Zengakuren student federation said it would demonstrate at the U.S. Embassy in Tokyo every day U.S. tests are conducted.

★ ★ ★

It has been almost four years since the United States made its last nuclear tests in the atmosphere, although it has reported firing 29 small (as nuclear gadgets go) devices underground in Nevada since last fall.

It has been almost eight months since the Soviet Union set off a series of powerful nuclear blasts on her arctic proving ground to shatter the moratorium observed by the two countries and Great Britain since 1958.

Joint Task Force 8—an organization of more than 12,000 men of the Air Force, Navy, Army, Marine Corps, Atomic Energy Commission and contractor employes—actually began preparations last Nov. 2 when Kennedy said the United States would go ahead with standby preparations for a resumption of atmospheric tests.

TEMPO INCREASED

The tempo of preparations has increased since Kennedy announced March 2 that the tests would be started late this month unless the Soviet Union agreed to a fool-proof system for banning nuclear tests.

Swarms of military men, AEC experts and laborers descended on the hitherto lonely islands of Christmas and Johnson — the former a British possession close to the equator, the latter a U.S. island airfield southwest of Hawaii.

There the task force, supplied by ships and planes, has erected the facilities for hurling thermonuclear warheads into the edge of space, dropping them from planes, launching them in torpedoes and depth charges—and, equally important, trying out new explosive recipes for producing more nuclear yield from smaller packages.

★ ★ ★

By this morning, the scene was set. The warnings to shipping and aircraft to steer clear of the Christmas Island area had gone into effect 10 days ago. The Christmas Island's designated area is a rectangle 600 to 800 miles, to which a smaller (120 by 240 miles rectangle) adjacent area was added.

All this indicated that the first shots, perhaps to be comparatively small field tests aimed at gaining improved nuclear efficiency, will be made at Christmas Island.

JFK Cuts N-Tests To Bare Essentials

(Continued From Page 1)

to accept a (test-ban) treaty, sign it before the latter part of April and apply it immediately."

★ ★ ★

On April 10, the United States and Britain declared that unless there was a radical change in the Soviet position more tests would be inevitable. British Prime Minister Harold Macmillan sent a personal appeal to Khrushchev.

Khrushchev turned down the appeal and accused the West of bad faith.

NATO Troops Honor 2 Retiring Generals

STUTTGART, Germany (AP)— More than 1,500 NATO troops passed in review here today in a ceremony for retiring Gen. Bruce C. Clarke and Gen. Robert L. Howze Jr.

Clarke, commander in chief of the U.S. Army in Europe and Howze, 7th Army chief of staff, return to civiliam life Monday.

Argentine Crisis Continues

3 Million Ready to Strike

BUENOS AIRES (AP)—Argentina's General Confederation of Labor readied its 3 million members today for a nationwide strike to preserve Peronist election victories canceled by President Jose Maria Guido under military pressure.

★ ★ ★

From the other side Guido was under continuing military pressure to go all the way and once again ban Peronists from all political activity before any new elections are held. But there still were signs of discontent from army elements that feel the military leaders have pushed the government beyond the bounds of the constitution.

The Peronist-dominated labor confederation told its members to stand by for strike orders shortly after Guido nullified the results of provincial elections since December and ordered the federal government to take over provincial administration not already under its control.

COMPLETE JOB

Guido's decree completed the cancellation of Peronist victories in nine gubernatorial races in the March 18 election.

"The democratic and constitutional form of government has been replaced by a military-type dictatorship," the labor confederation declared.

No strike date was indicated. The confederation had already planned May Day demonstrations for Tuesday if the Peronists were not allowed to take office on that day.

Guido's office said in a communique federal takeover of the provinces was necessary to eliminate the victories of those "who would seek to restore the dictatorial regime" of ex-dictator Juan Peron.

TO LIMIT CANDIDATES

The communique made no mention of a ban on political activity by the Peronists but said the elections for president and vice president Guido has promised to hold would be limited to "parties organized democratically and acting within the law."

★ ★ ★

Guido's decree left untouched the Peronist capture of 47 seats in the federal Congress, about a fourth of the seats in the lower house. The president told Congress to take care of this, but Congress so far has balked at legislating for the military.

★ ★ ★

The army secretary, Brig. Gen. Juan Bautista Loza, made new demands early today for governmental action against the Peronists. He also called for electoral law reform before the new presidential election to "assure a more just representation."

MRS. FRANCES DEWEY

Granted Wish 'to Die Free'

Ex-Prisoner Succumbs at 83 Only 4 Months After Her Release

The one wish that Mrs. Frances Dewey kept close to her heart all during her 49 years in prison was "to die free."

★ ★ ★

Yesterday her wish came true — four months after her parole from the Detroit House of Correction where she had been serving a life sentence for first degree murder.

The 83-year-old woman died at the Sammond Pleasant Lodge in Romeo, her home after the parole, which followed Gov. John B. Swainson's action to commute her life sentence.

★ ★ ★

Gov. Swainson's move resulted from efforts of the Athena Club, an organization of Detroit business and professional women who had heard of Mrs. Dewey's one wish.

★ ★ ★

Mrs. Dewey was sentenced to life imprisonment in Ypsilanti in 1912 in the death of her year-old adopted son. Though found guilty of beating the boy to death, she never ceased to profess her innocence, claiming the boy's injuries were inflicted by her second husband.

★ ★ ★

Her body is at Wilbur's Funeral Home, Romeo.

Open House Planned at New Fire Station

The public will be invited to take a good inside look at Pontiac's new central fire station Saturday May 19.

★ ★ ★

City officials have set that date for the official open house and dedication ceremony for the new station. Festivities are scheduled to begin at 3 p.m.

★ ★ ★

The $375,000 structure is located on E. Pike Street directly across from the public safety building. It has now been completed and in use for several weeks.

Journalist Indicted for Illegal Cuban Trip

MIAMI (UPI) — A Negro journalist who lost his U.S. passport for visits to Hungary and Red China, was indicted yesterday for making an illegal trip to Cuba.

★ ★ ★

A federal grand jury returned a criminal indictment against William Worthy Jr., 48, a former Nieman Fellow.

The Day in Birmingham

Episcopalians Buy Bus for Lepers on Okinawa

BIRMINGHAM — The congregation of St. James Episcopal Church here has put together its dimes, nickels and quarters to purchase a bus to send to a leper colony on Okinawa.

The second-hand vehicle was bought from the Leader Dog School for the Blind near Rochester.

It has been refurbished and will be sent on its way by transport carrier tomorrow or Friday to New York and then via ship to the Pacific island.

Transportation arrangements have been made by the Episcopal branch of Church World Service.

The bus is painted dark green and has white lettering on its side, reading "Episcopal Church." Japanese characters will be added once it arrives on Okinawa.

Members of the church started their drive to raise funds for the bus last winter after they heard from a visiting missionary about the plight of the isolated lepers.

Bishop Harry S. Kennedy, of the Episcopal Missionary District of Honolulu, told the congregation in September that "our people are so poor and our lepers so isolated that one woman told me she had not been outside the walls of the colony for 32 years."

The congregation immediately opened its hearts and its pocketbooks and raised the necessary money for the bus, explains St. James reetor, Rev. Kenneth H. Gass.

The Soroptimist Club of Birmingham will hold its annual spring card party at the Birmingham Community House on May 9.

Proceeds from the event this year will go to Camp Oakland for "Camperships" and to the Tyler School for Handicapped Children.

Mrs. R. H. Dewey is general program chairman.

Mrs. Raymond Palmer

Service for Mrs. Raymond (Elizabeth D. Palmer, 81, or 250 Westchesterway, will be 11 a.m. Friday at St. James Episcopal Church. Burial will be in Greenwood Cemetery.

Mrs. Palmer died yesterday at William Beaumont Hospital, Royal Oak, after a short illness.

She was a retired assistant principal of Muskegon High School and prior to that was a mathematics teacher at Hastings High School.

She was a member of St. Peter's Guild of St. James Church.

Her husband survives.

Her body will be at the Manley Bailey Funeral Home until 10 a.m. Friday.

Memorial tributes may be made to the Michigan Heart Association or the St. James Memorial Fund.

N-Sub Houston Fires Polaris Successfully

CAPE CANAVERAL, Fla. (AP) — The nuclear submarine Sam Houston successfully fired a Polaris missile from 90 feet beneath the surface of the Atlantic Ocean today.

The firing occurred 53 miles east of the Florida coast and was not announced in advance by the Defense Department. However, the smoke trail from the solid fuel weapon was clearly visible to observers in the Cape Canaveral area.

The Houston is the seventh nuclear sub to successfully fire the Polaris from beneath the sea. The other six are on station and will be joined by the Houston when it completes its trials here.

An eighth Polaris sub, the Thomas Edison, has arrived here and will begin tests within a week or two.

Avon Tot in Hospital; He Drank Kerosene

An Avon Township tot was listed in satisfactory condition at Avon Center Hospital today after drinking a half-cup of kerosene.

Mrs. Barbara Sellers, 2977 Alexander St., said her 16-month-old son Chester drank from a cup that had been placed under a leaky line to a kerosene heater in their home.

Sheriff's deputies rushed the child to the hospital, where medics pumped his stomach.

Families of GIs Can Go Abroad

McNamara Canceling Ban on Travel Begun Last September

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara announced today that travel of dependents of military men stationed abroad will be resumed immediately.

Families have been banned from going with or joining servicemen abroad under government authorization since last September.

The cut-off was ordered, in part, to cut spending of dollars overseas and improve the U.S. balance of payments situation.

Another aim was to free planes and ships for the partial mobilization buildup of men and equipment in Europe.

In announcing the lifting of the travel ban, McNamara also disclosed that the Defense Department will try out short rotation of Army units, probably of about battle group size, without dependents as one means of holding down the foreign expenditure of U.S. dollars.

He said he has in mind duty tours not exceeding 13 months and in some cases less.

The defense chief emphasized that the problem of cutting down the outflow of gold is still serious. He said "we are going to have to take further action" along this line.

Would World Chiefs' Death Rock Globe?

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — The elderly and the aged—with one exception, President Kennedy—are leading the world.

Kennedy at 44 is the only major world leader under 68. The rest range up from there to West Germany's Chancellor Konrad Adenauer, 86.

★ ★ ★

No wonder, then, Kennedy seems so full of bounce while the others, as the years slide by, appear more and more withdrawn.

Most of them may be gone by the time Kennedy finishes a second term, provided he seeks and wins re-election. If they are, the world will be in for some rearranging which may make these days, disturbed as they are, look tranquil by comparison.

PROBLEMS OF PASSING

Here are some of the other leaders and their ages and the problems their passing can bring: Soviet Premier Khrushchev, 68; British Prime Minister Harold Macmillan, 68; French President Charles De Gaulle, 71; India's Prime Minister Nehru, 72; Red China's leader, Mao Tze-tung, 68; Nationalist China's President Chiang Kai-shek on Formosa, 74; Yugoslavia's President Tito, almost 70; and Spain's Generalissimo Francisco Franco, 69.

Under Khrushchev the Soviet Union has made gigantic industrial, scientific, and military progress. He has been a hobgoblin for the United States. He is no less dedicated than Joseph Stalin to world domination by communism.

But he scrapped the crudities of the dictator and Stalin's barbarisms; he rattles missiles, but he also preaches "peaceful coexistence." And he has always stopped a good bit short of precipitating war.

DEATH COULD 'HURT'

His passing could mean a shuddering experience inside and outside the Soviet Union, particularly if his successor wants a return to Stalin's tactics, at home and abroad.

De Gaulle has been a one-man show and a one-man boss in France for four years. The people, confronted with civil war and political chaos when he took over, gave him a blank check to save them all.

He has so far. Resentment against him is building up. There is no reason to think, judging from previous French history, that chaos and civil war won't explode when he disappears. No successor is in sight.

Of all the leaders outside the United States, the passing of Macmillan in Britain and Mao Tze-tung in Red China may cause the least commotion.

Britain, with its long democratic tradition, may not have much trouble replacing Macmillan with someone very much like him.

THEY'LL REMAIN

The iron wills and rigid discipline of Mao Tze-tung and the men around him, developed to brilliant degree in 20 years of preparation, is what made the Communist takeover of China possible.

His right-hand men will still be there when he goes. There has never been any talk of rivalry among his possible heirs. The transition from him to one of them may be easy and perhaps is already arranged for.

★ ★ ★

Adenauer consistently steered West Germany into partnership with the West and away from the Communist world. His successor, whoever he is, may be less enchanted with the West, prefer a neutral position, or even a new relationship with Moscow. Here lies the chance that Adenauer's going may shake the Western alliance to its roots.

★ ★ ★

The United States has put a lot of effort and money into supporting and protecting Chiang Kai-shek on Formosa. He has kept alive the myth he is still the legitimate boss of mainland China.

AND TITO?

One guess is as good as another about Yugoslavia when Tito goes. He split with the Soviet Union but, while accepting Western help, poses as a neutral.

As for Franco, he has been a dictator for a quarter of a century. Spain had a fierce revolution in the 1930s. It may have a worse one again.

★ ★ ★

Nehru has led India down a road of democratic socialism. But that's no assurance that his successors, in a country as wretchedly poor as India, will do the same.

Ex-AP Newsman Dies

HUNTINGTON, N.Y. (AP) — Sam Ochiltree, 73, who retired in 1952 after 42 years of editorial and traffic service with the Associated Press, died yesterday.

MSU to Hear Hawaiian

EAST LANSING (AP) — Sen. Oren E. Long, D-Hawaii, will speak May 5 at Michigan State University, as part of the "largest luau ever held," MSU student spokesman said.

To Resign Position on Economic Council

WASHINGTON (AP) — Dr. James Tobin has notified the White House he will resign as a member of the President's Council of Economic Advisers to return to Yale University in September, a council spokesman said yesterday.

★ ★ ★

Tobin had been a member of the Yale economics faculty for 10 years when he accepted President Kennedy's appointment to the three-member advisory board early in 1961.

His departure will open the council's first vacancy. A successor is being sought, but council officials said they could give no information on Kennedy's possible choice.

But Gives No Ground in Interview

K Agrees Presummit Accord Vital

NEW YORK (AP) — Premier Khrushchev has told an American publisher he agrees with President Kennedy that accord on crucial issues must precede a new summit meeting between the two leaders.

But the Soviet premier gave no ground on major East-West issues in an interview in the Kremlin last Friday with Gardner Cowles, president and editor of Look magazine and president of the Des Moines Register and Tribune Co.

Khrushchev told Cowles he now agrees with Kennedy that they should meet again only if such a meeting could produce positive results.

"We should first reach some agreement on the questions on which our common decision is required now to avoid a conflict and war," he said.

The Soviet leader expressed hope that a major war could be avoided, but he repeated his previously stated support for defensive war against an aggressor and wars by subject peoples to liberate themselves.

During wide-ranging discussion that lasted nearly three hours, Khrushchev told Cowles that he thought an agreement on Berlin and Germany should precede any disarmament agreement, but that he realized the arms issue was "the question of questions."

The 68-year-old Soviet leader made clear he had not budged in his refusal to tolerate any form of nuclear inspection, which he looks on as merely a cover-up for espionage.

Khrushchev expressed belief some glimmers of hope for a Berlin and German settlement have appeared in the current negotiations between the United States and the Soviet Union. He reiterated the Kremlin condition for such agreement—withdrawal of Western troops from West Berlin.

Khrushchev placed no time limit on the current talks and indicated he is prepared to pursue the present effort to reach an interim solution without applying any sudden new pressures on West Berlin.

Cowles asked whether Khrushchev thought it would be useful "if a summit meeting were held in the near future or if you, for example, invited President Kennedy to the Soviet Union to discuss matters with him?"

Khrushchev replied he had always believed such contacts were useful.

"The conversations I had with your president in Vienna left a favorable impression on me," he continued.

"True, we differed with him in our appraisal of the situation and did not reach agreement on questions which require their solution. But at any rate, as a result of that meeting we now, apparently, understand one another better, and have a clearer picture of the questions it is necessary to settle."

Khrushchev said it would not matter where a second meeting with Kennedy were held.

"The main thing now is—and I agree with the President of the United States in this respect—that our meeting should not prove sterile," he continued.

"When we met in Vienna it was, so to speak, a probing of sorts, of our respective positions, a first acquaintance. We differed, and differed rather sharply, on the questions awaiting their solution."

Khrushchev said if a second meeting with Kennedy ended up the same way, it would prove a sore disappointment.

Khrushchev said he would invite Kennedy to visit the Soviet Union once some kind of breakthrough in negotiations to end or to ease the cold war had been achieved.

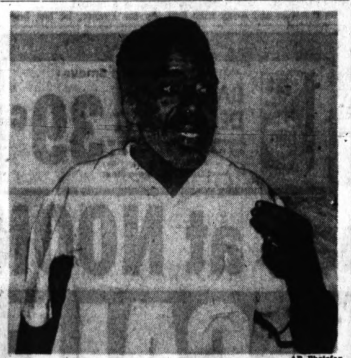

Turning to domestic problems, Khrushchev told Cowles the Soviet government had decided to invest heavily in more powerful tractors, farm equipment, fertilizer plants and other modernization to boost lagging agricultural output.

The Soviet leader hinted that part of the funds allocated to agricultural investment would come from the Soviet moon shot program. Several times during the interview he stressed the cost of the massive effort to win the prestige race to the moon, indicating the Soviet Union is under considerable economic strain to satisfy commitments at home and abroad, Cowles said.

Cowles reported that Khrushchev believed Communist China was in economic difficulties because its leaders allowed their "subjective desires" to outweigh "the objective possibilities." He expressed belief these setbacks were only problems of growth.

"Khrushchev is like a Western diplomat," Cowles said. "He could easily be prime minister of Britain or president of the United States."

Cowles released the Soviet government's translation of the text of the interview Tuesday night along with a copy of his own account of the interview being published by Look magazine. He said he "decided to release the interview to other media because of the immediate pertinence of some of his comments."

Stops Constipation due to "Aging Colon"

Quiet, doctors say, Ass in new laxative prunes fiber-creates 3 essentials of youthful regularity.

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents dry out and shrink so they fail to stimulate the urge to purge. Of all leading laxatives, only new COLONAID gives you its special 3-way relief.

(1) COLONAID prevents the formation of dry, hardened waste for easy passage without pain or strain; (2) helps restore flabby colon muscles with unique rebuilding action; (3) acts gently on the nerve reflexes that stimulate the "mass movement" of your lower colon.

COLONAID relieves even chronic constipation overnight; is so gentle it was hospital proved safe even for expectant mothers. Introductory Size 43¢.

Say What You Think? Now, Don't Be Naive...

By HAL BOYLE

NEW YORK (AP)—It's time we had another brush-up drill on double talk, the modern art of saying one thing while you're thinking another.

Doubletalk has one great social advantage: it enables you to use your mouth and your brain at the same time — but without getting yourself into trouble.

BOYLE

Only the very young or the very old ordinarily have either the ignorance or courage to say at all times exactly what they mean. The rest of us must temper our conversational valor with a little judicious fudge. We rarely utter what our minds mutter.

THAT'S MINK?

For those wishing to polish up their skill in doubletalk, here are a few typical examples—followed by their literal meanings:

"Oh, what a lovely new mink stole!" Those poor rabbits sure dyed in vain.

"Mother says she never worries about me when I'm out with you, John." Mother would rather have me bored to death than thrilled to pieces.

★ ★ ★

"There's no doubt of it—that boy of yours really has a head on him." Too bad he doesn't have another one just like it; then he could at least count on steady work with a carnival.

"Don't tell me you made that pretty dress all by yourself!" I'd swear nobody could turn out anything that awful with only 10 thumbs.

"It must have been a terrible blow to you when your dear aunt died." Particularly when you read the will, and found out the old girl left her money to her other niece.

QUITE A FACE

"Glad to meetcha, kid, I was just telling my friend Joe here you got the most interesting face at the party." I haven't seen one quite like it since Halloween.

★ ★ ★

"Of course I don't hold any grudge about it, Bill. After all, business is business." Just turn your back on me once, old buddy—that's all I ask.

"No, Madge, I really don't think the soup is too cold." That is, not if you were planning to go ice skating on it.

★ ★ ★

"How did a child her age ever learn to play the piano like that?" With a hammer, or by wearing roller skates on her hands?

"No, Jim, I could never bring myself to marry a man just for his money." Not for the kind you make anyway.

★ ★ ★

"I'm not very hungry, Bob. I think I'll just have a club sandwich." I'm starved, but if I order the steak the cheapskate is likely to faint.

BEST OF BUDDIES

"Frankly, I've always regarded her as one of my dearest friends." She doesn't like me either.

"I'm not the kind who likes to go around whispering gossip." It's more fun to shout it from a roof top.

"Why, Mabel, darling, your hair looks so lovely. Whatever did you do to it?" Pour molasses over it, and run it through a clothes dryer?

"Now, let's be sure to keep in touch with each other." Don't call me—and I won't call you.

Bess Myerson, Lawyer Get Marriage License

NEW YORK (AP) — Television personality Bess Myerson and Arnold M. Grant, a New York lawyer, obtained a marriage license Tuesday.

★ ★ ★

No details of the time or place of the wedding, the second for each, were given on the application. Miss Myerson, who was Miss America in 1945, is 37 and Grant is 54.

Say Dutch Fighting for New Guinea Isle

JAKARTA, Indonesia (AP) — Heavy fighting has broken out between Indonesian partisans and Dutch forces on Waigeo Island, off the northwest tip of West New Guinea, the Indonesian news agency Antara reported today.

The battle has been raging since last week, the agency said, attributing the report to sources in the battle area.

The reports claimed the Dutch were attempting to recapture Waigeo from the Indonesians but had been repelled so far.

A record number of returning Canadians accounted for a 3 per cent increase in border crossing for the United States in 1960.

Tourist Trade Hit 5-Year Low for UP in 1961

MARQUETTE (AP) — Tourist income in Michigan's Upper Peninsula in 1961 hit a five-year low, but an expert believes a revitalized tourist attraction program may reverse the trend.

The expert is Dr. Robert McIntosh of East Lansing, who has completed a study showing the 15-county peninsula had $130,794,647 in business volume last year, one per cent less than the 1960 total.

McIntosh, a Michigan State University extension specialist, said he feels the peninsula has reached a low point and "from now on sizable gains will be made."

Figures released today showed 1959 to be the peak year during the five-year study. In 1959, business volume was $152,235,121.

Upper Michigan Tourist Association Secretary-Manager Ken Dorman predicted current efforts will reverse the downward trend. He said a lag in promotional literature in 1958 and 1959 contributed to the drop.

1,000 Mourners Attend Grover Whalen's Rites

NEW YORK (UPI) — Grover A. Whalen, New York's official greeter for many years, was buried yesterday following a pontifical Requiem Mass at St. Patrick's Cathedral attended by about 1,000 mourners.

Whalen, 75, died last Friday from a stroke. He served as the city's official welcomer under eight administrations and was credited with originating the ticker tape parade.

The beginning of the American school system was in Boston where in 1635 a school master was employed to give instruction to children who lived in the pioneer settlement.

ASNE Meets in New Orleans

A few notes and impressions gathered by your editor from last week's annual meeting of the American Society of Newspaper Editors at New Orleans:

We would be remiss if we did not list New Orleans among America's most interesting cities. Most vivid in our mind is Canal Street, the main stem, which is 171 feet wide, believed to be the widest main street in the U.S. And it still has street cars.

Of course, the Mississippi River flows right past the town and New Orleanians drink the water after purification. An odd quirk makes the city a bit turned around because of the crescent bend of the river . . . the north side is downtown, the south side uptown . . . and the sun rises over the west bank of the Mississippi.

★ ★ ★

If these thumbnail facts confuse you just go to Bourbon Street and the action there will leave you wondering.

After reading the local papers for a day or two I thought we were right back home because of the fiscal position of Louisiana. They are talking of a sales tax increase because of a June 30 deficit that will probably run to $75 million.

Also, the city of New Orleans itself is hollering for more taxes with the Mayor, Victor H. Schiro, investigating the possibility of new taxes on payrolls and industry.

Like right here in Michigan, the taxpayers are saying there is no excuse for foisting new taxes, but the legislators are going their own merry way. Sound familiar?

★ ★ ★

Brazilian State Governor CARLOS LACERDA of Guanabara told the editors that China was lost for three reasons.

"Because assistance was given to corruption, because later on further assistance was refused on the grounds of not helping corruption, and because it was thought possible that coexistence by complacency, a sort of merging with the Communists, could be accomplished," he said.

★ ★ ★

Governor LACERDA said time and priorities are decisive for Latin America to avoid making similar mistakes. Further, he said if the world is able to keep peace for some time longer, and certain prerequisites are maintained, instead of communism winning out, as its leaders so loudly proclaim, we will see communism beaten from the inside.

On the matter of foreign aid he emphasized that it was a must, but went on to say "Let us have it with strings attached." This reasoning all sounded basic and logical to us.

★ ★ ★

Representing the head of our government Vice President LYNDON B. JOHNSON spoke at a luncheon on the topic of our space efforts. He was well-received and seemed to explain to most everyone's satisfaction that the money we are spending on the space program is not going down the drain.

He said we have laid the cards on the table without any hocus-pocus for the world to see. In the long run he prophesied the money we are now spending will pay handsome dividends and that new doors will be open for peace and prosperity.

★ ★ ★

Dr. JOSEPH SHEA, University of Michigan graduate and deputy director of manned space flight systems for the U.S., gave a very convincing and awe-inspiring talk on what we might expect in the space race. We are definitely not dragging our heels, and the job this 35-year-old man is doing is monumental.

The glamour boy of the entire program was pint-sized astronaut Virgil Grissom who answered questions and talked to the editors on our newest space program called Gemini.

★ ★ ★

He said this differs from our Mercury program because it features a docking mechanism to latch on to another vehicle in space at some rendezvous point. This type of space craft will hold two men and will be launched in 1963.

This 5-foot-7 astronaut just plain captivated the audience. After Grissom's talk, a line formed to get his autograph, something of a rarity for veteran newspaper editors who see dignitaries come and go.

Our program was climaxed with an old-fashioned Mississippi paddle-wheel showboat cruise under a full moon with the lights of New Orleans in the background.

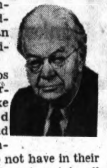

—JOHN W. FITZGERALD

The Man About Town

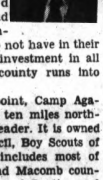

Oakland Is Tops

Leading County in State in Summer Youth Camps

By JOE HAAS

It is conservatively estimated that over 20,000 young people will vacation at summer camps in Oakland County this year, ranging from one week upward. Both in the number of camps and attendance, this is more than in any other of Michigan's 83 counties.

Many of these camps are owned by Detroit organizations, which take advantage of Oakland County's many lakes and other outdoor recreation-possibilities that they do not have in their own county. The total investment in all of the camps in our county runs into many millions.

From a home standpoint, Camp Agawam at Tommy's Lake, ten miles northeast of Pontiac, is the leader. It is owned by Clinton Valley Council, Boy Scouts of America. This council includes most of the area of Oakland and Macomb counties, including the cities of Pontiac and Mt. Clemens.

According to Executive Secretary
Edward H. Leland,
camping at Agawam is on a troop basis. This year nearly one-half of the council's troops are expected to be there in that way. Three of the seven camp periods already are reserved to capacity.

Other scouts who wish to attend the camp should contact their scoutmaster at once. The total attendance will far exceed 1,000.

The council membership is 14,000, including Cubs, Boy Scouts and Explorers, divided among 112 Cub Packs, 114 Boy Scout Troops and 34 Explorer Posts. In addition to this, 3,300 adults are commissioned in the work, making a total of 17,300 active local Scouters. Merit badges numbering 2,240 were earned by our Scouts and Explorers during 1961.

Salvation: What many of us are more concerned about the other fellow's than our own.

An air mail letter from my old friend,
Herbert Sarigian,
now in Buenos Aires, says: "Now it's your turn to feel sorry for us. As you enjoy your beautiful spring and summer, we're fighting our autumn and winter." He asserts that Peron is now governing Argentina very effectively by the absent method.

After a study of his life,
Mrs. Florence Rappleye,
who recently moved to Waterford from Buffalo, calls Chief Pontiac
"The Red Napoleon,"
and thinks his strategy greater than most of our white generals.

Hey, Before You Put That Club Away—

David Lawrence Says:

JFK Not Doing What He Preaches

WASHINGTON — In these days when "noninflationary" means that it's all right for wage costs to go up but that it is sinful to increase prices, the latest move by the administration to boost pay scales among government workers is just beginning to attract attention.

President Kennedy has asked **LAWRENCE** Congress to increase the wages of government workers by about $1.1 billion a year in separate stages over a period of three years. This amounts to a 10.2 per cent increase from the present scale.

A comparable increase in the rates of private wages and salaries would cost private business about $23.5 billion a year.

The U.S. Civil Service Commission has issued a comparison of federal salaries with those in various occupations. It is based on a Department of Labor study of professional, administrative, technical and clerical pay.

PRESSURE ON BUSINESS

Up to now private business in some instances has had a higher wage rate in the higher brackets of clerical employes, and the government has regularly maintained a better position in the lower brackets. Now, however, if government rates go up, private business will find itself confronted with the necessity of pushing up many of its wage and salary scales.

President Kennedy's bill provides that, even when the salaries of government workers and those in private business reach approximately the same level, there must be an annual survey and adjustment of federal salaries to keep them equal to or above the private level.

Fringe benefits provided by the government are at least as generous as and often better than those granted to salaried workers in industry. The government worker, for example, is permitted to accumulate unused sick leave.

★ ★ ★

Under the proposed schedules, office boys who at present get $3,521 a year in government, as compared with $3,119 in private industry, would go up to $3,641. A chief personnel director in government who now gets $12,745 would go up to $15,285, as compared with $14,532 in private business.

Nearly 41 per cent of the stenographers in private business in America will be getting less than the proposed government minimum. It means, therefore, an upward pressure on wage scales inside industry and business.

Now, the argument isn't whether these pay rates are justified in either case. If it be assumed that wage rates for white-collar workers are, generally speaking, too low, the question is how industry and business are to get the additional funds to pay for their increases.

HAS IT EASY

The federal government has it easy. It merely gets Congress to increase the debt limit when tax receipts aren't enough to pay for federal spending.

Private industry, however, can only raise its prices or go broke. This is what is sometimes described as a wage-price spiral. President Kennedy has called for "stability" in both wages and prices. But he seems to have ignored his own doctrine as he asks Congress to raise wage levels in government.

It will be argued that the government workers have been lagging behind and that all the administration is trying to do is to "catch up." But that was precisely the language of the U.S. Steel Corporation as it recently called for a "partial catch-up" on its wage costs through a small price increase.

The government's role in fixing wage costs is far reaching. Congress, which has the power to approve or disapprove the wage increases for government employes, is anxious to help the workers get better pay.

The real point is whether Congress will help employers in private business to get higher prices, or whether the "profit squeeze" will continue to become more and more acute, thus forcing many marginal concerns out of business and leaving the field to the larger companies. Unemployment will thereby be increased.

(Copyright 1962)

Dr. Harold Hyman Says:

Throw Out Insomnia Pills and Catch the Sleep Killers

Next time you can't get to sleep or doze off and waken wide-eyed in an hour or so, don't look for something with which to slug yourself off until you've figured out the cause for your insomnia.

Here are some highly unscientific suggestions:

★ ★ ★

Room too hot or too cold.
Air too dry or too soggy.
Too many or too few pillows.
Too many or too few blankets.
Sheets too tight or too loose.
Mattress too hard or too soft.
Room too noisy or too light.
Too much or too little activity before retiring. Stimulation of card game, movie or argument or listlessness due to a boring evening.

Stomach too full or too empty. No good trying to sleep if you're blown up like a tick or if your tummy's grumbling because of hunger.

Drug stimulation from too much coffee, tea or cola beverages. Or pep-up pills. Or appetite-killers containing pep-uppers. Or from thyroid overdosage. Or from alcoholic drinks like brandy that produce early drowsiness and later excitement. Or, in the hospital, from morphinelike pain killers that take away your discomfort but leave you as jumpy as the proverbial cat on the proverbial hot tin roof.

INDUSTRIAL STIMULI

Exposure to industrial stimuli while on the job, especially tetraethyl lead additives to motor fuel.

Cold tootsies, leg cramps, etc., relieved by wearing bed socks and long woolies.

Sleeping companion who holds breath, thrashes about or snores.

Nasal obstruction that wakens you with a snort.

Spell of coughing usually from accumulated secretion in back of throat.

★ ★ ★

Nightmare, especially after drinking bout.

Itching, particularly in winter from skin dryness.

Overstimulation from very hot bath or very cold shower taken just before turning in.

It doesn't make any more sense to try to overcome these causes for insomnia with a sleeping pill than it would to combat a noisy television program by stuffing cotton in your ears.

Any child big enough to reach the knobs would know enough to turn down the volume. Or off.

The Country Parson

"To feel sorry for the needy is not the mark of a Christian —to help them is."

Voice of the People:

Says Americans Can Fight Against Moral Decay

Thank you very much for printing the article by Jenkin Lloyd Jones: "Are You Guilty of Tampering With the Souls of Americans?"

Decent Americans and immigrants to this country—like myself—are able to fight back by refusing to attend "Adults Only" movies, reading indecent books and switching off the television set when necessary. If we do not waste our money on such films, etc., we strike back where it hurts them the most.

Mrs. John Schultz
Birmingham

A Student Views Coming Bond Issue

The last bond issue proposed for the Huron Valley Schools was met with opposition. This had its effect on the public for the issue was voted down—as heavily as 3 to 1 in some areas.

These are the facts about this year's bond issue:

The money will not be used to build a "second swimming pool" for the Milford High School. Students would welcome anyone who could point out the original pool. The money will not be used for "an across the board increase of $500 to every teacher."

To check the rising tide of elementary and junior high school aged children, school officials were forced for the first time last year to limit entire fifth and sixth grades to half-day schedules. The bond will be used to construct a total of twenty pressure-relieving classrooms for the Johnson, Brooks and Duck Lake Elementary Schools. Should this year's bond issue fail, the enrollment situation will worsen. This May's bond can only lessen the enrollment strain. It is not a cure-all, but merely a safety valve.

Bill Clark
Milford High

The Almanac

By United Press International

Today is Wednesday, April 25, the 115th day of the year with 250 to follow in 1962.

The moon is approaching its last quarter.

★ ★ ★

The morning stars are Jupiter and Saturn.

The evening star is Venus.

On this day in history:

In 1854, the Senate approved the so-called "Gadsden Purchase," enabling the United States to acquire disputed border lands from the Mexican government.

In 1898, Congress formally declared war on the government of Spain.

In 1901, New York State became the first state in the nation to require automobile owners to equip their vehicles with license plates.

★ ★ ★

In 1945, delegates of 46 nations met at San Francisco to organize a permanent United Nations.

A thought for the day: Scottish novelist Sir Walter Scott said: "Too much rest is rust."

Divorce, Alimony Still Controversial

My regards to Mrs. York and other ladies who wrote the Voice of the People. I don't see why the poor guys who are being threatened with jail are forced to sell everything and give it to their ex-wife and her hubby. I know investigators don't investigate. When I requested investigation they weren't interested.

Ex-Alimony Griper

Higher alimony would soon decrease the high divorce rate. If a man had to pay more alimony he would think before he let another woman break up his home. She wouldn't want him if she couldn't get all his money.

If a man marries the home breaker his alimony should automatically be doubled to his former wife. There are a few exceptions in all cases, but usually isn't it a woman who lures a man away?

Taxpayer

I am in full agreement with the editorial "Are You Guilty of Tampering With the Souls of Americans?" But why don't something done by the newspapers of this great country to relieve one of the worst conditions of moral decay a nation can ever face—divorce?

Case Records of a Psychologist:

'Act the Way You'd Like to Be'

By DR. GEORGE W. CRANE

CASE L-493: Several years ago when Sinclair Lewis was at Northwestern, he took several verbal pokes at college professors, intimating that many of them are dead in both directions from the collar band.

DR. CRANE

From my previous criticisms of American colleges, you will realize that I did not entirely disagree with his caustic indictment.

But I did take issue with him when he attacked what he termed the current inspirational psychology that teaches people to act like big shots, and they'll be more likely to become such.

Mr. Lewis evidently thought we should not try to be different from our actual feelings of the moment. Being a typical literary introvert, he probably had the latter's great dislike for extrovertive tactics.

But he seemed to think all acting must indicate insincerity and four flushing. That's not the case.

For example, here is a young mother with her two children. She is reading them bedtime stories. They hear a creaking of the stairs and become frightened. Her own heart begins pounding, too.

Shall she act as alarmed as she feels, as Sinclair Lewis apparently advocated? Or shall she put up a bold front in order to allay the fears of her youngsters? You know what most good mothers will do. They'll act brave, despite their inward quaking.

BRAVERY IS A HABIT

For courage is a matter of habit. If we act the part long enough, then we'll really be brave. I have previously told you that the coward is afraid and simply acts the way he feels, whereas the brave man is afraid of being afraid, so he puts up a front.

A timid salesman or a frightened school girl will quake in front of an audience. But they should put up a front. Take a big breath and go on, regardless.

If they acted as they really felt, they'd flee from the crisis. By suffering the agonies of stage fright, and by resolutely sticking to their job, they ultimately pull through. They acted one way and felt another, but wasn't this acting a wise thing?

LIFE'S A STAGE

Shakespeare told us life's a stage. If you are bitter and cross, or as self-centered as Scrooge and Silas Marner, then you should act a different role.

For years I have been urging you readers to join the Compliment Club as a means of extroverting yourselves. I have given you the sound psychological maxim: "Act the way you'd like to be and soon you'll be the way you act."

That is true, so don't let anybody delude you. Use your own common sense and you'll find that those who force themselves to do things despite their inertia or fears, are the ultimate winners in life.

All habits begin as conscious ideas and conscious "acting." We purposely make ourselves finger the keys at the piano. We don't like the job, but we do it anyway. Ultimately we become skilled pianists.

If you cannot boss yourself wisely, then you are poorly qualified to direct others. If you permit yourself to sleep late on Sunday when your better judgment says you should be up and at church, or teaching a Sunday school class, you are a poor director.

★ ★ ★

If you waddle along with excess fat when three months of sane dieting would give you back your girlish figure, you are a poor ruler of self.

Learn to boss yourself, instead of being a slave to stomach, sex or inertia. Force yourself to

put up a front until that pose becomes your natural self.

Send for my booklet "Formula for Being an Interesting Conversationalist and Personality Development." Use it to help launch your children on the way to success.

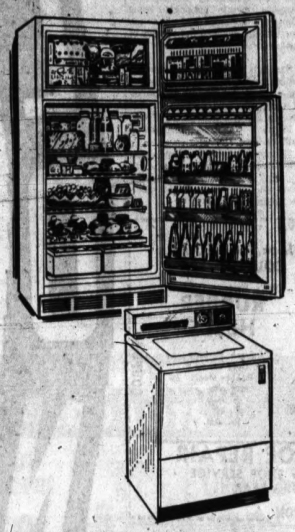

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, explaining a long 4 cent stamped, self-addressed envelope and 25 cents to cover typing and printing costs for your send for the psychological charts and complete.

DOWNTOWN AND DRAYTON PLAINS

2 Groups Carrying on Dr. Tom Dooley's Battle

NEW YORK (AP) — A legend in his lifetime, the famed "jungle doctor" Thomas A. Dooley fought against disease in remote areas of the world.

★ ★ ★

His battle is now being continued by two organizations — MEDICO, Inc., and the Thomas A. Dooley Foundation.

Known by millions as "Dr. Tom," Dooley died of cancer at Memorial Hospital in New York, Jan. 18, 1961, just one day after his 34th birthday.

His tradition lives.

★ ★ ★

His stated ambition and goal in life was to bring badly needed medical treatment to afflicted peoples in impoverished lands — but on an individual basis, not as a representative of the U.S. government.

STARTED FIGHT IN '56

Dr. Dooley started his personal fight against diseases in 1956, in the small village of Vang Vieng, in central Laos.

His assistants at the time were Dennis Shepard of Salem, Ore.; Norman Baker of Berlin, N.H., and Peter Kessey of Port Arthur, Tex.

Two years later, he was back in the states organizing MEDICO, (Medical International Cooperation Organization).

His work had become so well known that the organization had, as its honorary patron, Dr. Albert Schweitzer.

★ ★ ★

Dooley was the "heartbeat" of MEDICO. He wrote two books, "Deliver Us From Evil" and "The Edge of Tomorrow," both of which described conditions in Southeast Asia.

★ ★ ★

He also made many personal appearances, appealing to the American public to support his fight.

The success of his personal campaign is now evident in the growth and effectiveness of MEDICO.

The organization has projects and teams in Kenya, Cambodia, Viet Nam, Gabon, Afghanistan, Malaya, Haiti, Jordan and Nigeria.

Just as "Dr. Tom's" personal popularity accounted for the rapid growth of MEDICO, it also contributed to its lack of administrative soundness after his death.

His brother, Dr. Malcolm Dooley, once described MEDICO as "an upside-down organization," adding: "It got along on what Tom called 'begging, bumming, borrowing and, from time to time, stealing just a little bit.' "

MEET PROBLEM

The problem of keeping the organization intact after Dooley's death was met head-on by his professional associates, including Dr. Peter D. Comanduras, who co-founded MEDICO with Dooley.

★ ★ ★

The ideal solution to this problem, thought some of Dooley's followers, was to merge MEDICO with CARE, (Cooperative for American Relief Everywhere), one of America's most respected voluntary agencies concerned with international assistance.

The merger was announced last January and made in February.

This merger gave MEDICO a logistic and administrative arm that relieved its physicians and other medical personnel of a tiresome burden, and in turn gave CARE another service to offer internationally.

The MEDICO-CARE marriage, a proven success, was not without its critics.

★ ★ ★

Criticism of MEDICO did not come from outside sources, but rather from those persons close to Dr. Dooley within MEDICO who thought his founding principles should be followed to the letter.

His brother, Malcolm, said foremost of these principles was that "MEDICO must be an organization which is not a government outfit or church outfit, which is not proselytizing for God or proselytizing for state."

"A government must ask for MEDICO's aid and help support its program, and a patient must pay something, for unlimited giving away of things can rob a man, and perhaps a nation, of self-respect," he said.

Vowing to carry out this conviction, many of Dr. Dooley's followers — including Malcolm who was executive director of MEDICO — founded the Thomas A. Dooley Foundation, Inc., in September 1961.

The foundation was formally announced Sept. 5 in San Francisco by Dooley's mother, Mrs. Agnes W. Dooley.

SERVE ON BOARD

Its president is Eugene Burdick, co-author of "The Ugly American," who, with William J. Lederer, another co-author; Mrs. Agnes W. Dooley; Dr. Carl Wiedermann; and Dr. Verne E. Chaney, serve on its board of directors.

★ ★ ★

Unlike MEDICO, the Thomas A. Dooley Foundation carries his name, and the mention of the name "Tom' Dooley is magic throughout the Far East.

Although a mere six months old, the foundation is now operating one of Tom Dooleys former hospitals at Ban Houei Sai, Laos, and had been invited by the royal government to expand its medical assistance and health services throughout the entire province of Nam Tha, near Red China.

With headquarters in San Francisco, the foundation is geared toward a grassroots type of air program for Asia.

Its support is being derived from persons who volunteer their time after working at fulltime jobs.

In New York, the foundation's head is Miss Teresa E. Gallagher, a secretary for an insurance firm. Her assistant is Miss Edna Fanion, an administrative aid.

They spend many hours each week speaking to women's clubs, youth groups and civic organizations.

Miss Gallagher said, "Perhaps we take up where MEDICO leaves off, but there is certainly room for both organizations without duplication of effort."

Burdick further explained the foundation's mission when he said:

★ ★ ★

"We remain dedicated to the raising of health standards of underdeveloped nations through medical aid and community development projects, thereby helping to bring about an increased and closer understanding between the peoples of Asia and the United States."

★ ★ ★

Through the efforts of these two organizations, both inspired by the memory of Dr. Dooley, thousands of underprivileged peoples are receiving modern medical treatment.

Former President Eisenhower said of Tom Dooley:

"There are few if any men who have equaled his exhibition of courage, self-sacrifice, faith in his God, and his readiness to serve his fellow men."

Nothing Alters Dim Picture

World Hunger to Persist

ROME (UPI) — Much of the world still will be hungry 10 years from now even if the most optimistic predictions on production and consumption come true, the United Nations Food and Agricultural Organization (FAO) reported today.

The pessimistic outlook was contained in an extensive study called "Agricultural Commodities Projections for 1970" which the FAO termed its "most comprehensive attempt" yet to examine major agricultural problems a decade hence.

Gross national product throughout the world will increase at a yearly rate of about 4 per cent during the next 10 years, roughly the same increase rate during the 1950s, FAO predicted.

But even if maximum food productions goals are reached and the most optimistic predicted income advances achieved, FAO said hunger would still exist, particularly in the Far East.

★ ★ ★

The survey quoted current estimates that 300 to 500-million people today suffer from hunger in the sense that their daily intake of calories is too low, while a further one billion are falnourished in the sense that their diet is unbalanced, especially owing to a shortage of animal protein.

"It is unlikely that livestock production in low-income countries can keep pace with rising potential demand, and shortage of animal protein is still expected to be a major problem by the end of 1980s in the low-income countries, and in the Far East in particular," the report said.

"If agricultural policies remain unchanged in high-income countries, large surpluses may well emerge during the 60s."

The report suggested a number of food commodity areas, most prominently grains, where surpluses could be used to alleviate want in poorer countries.

BUTTER SURPLUS

FAO said butter would present a "crucial surplus problem" since it cannot be disposed of in tropical regions of Africa and Asia, and because Latin America and Mediterranean countries are developing their own dairy and olive oil industries and thus exports there cannot be expected to increase.

Other points from the survey included:

★ ★ ★

—Meat production is expected to increase steadily everywhere.

—By 1970 sugar consumption outside the Sino-Soviet area will probably increase by 36 to 44 cent, production by 45 to 53 per cent and trade by 9 to 14 per cent.

—By 1970 world cocoa production is likely to be between 1.25- and 1.5-million tons as against an average of 1.1-million tons over the past three years.

—A situation of continuing surplus is likely to exist in the world coffee economy up to 1970.

—Exportable supplies or oranges and tangerines may increase markedly over current rates by 1970 but a similar increase in import demand seems unlikely, and thus prices should decline.

Flames Destroy Building Being Built in Havana

HAVANA (UPI) — A fire apparently started by saboteurs transformed Premier Fidel Castro's unfinished National Bank Building into a giant torch that blazed over Havana last night and early today.

★ ★ ★

A crowd of about 10,000 persons gathered in Maceo Park and along the Malecon (waterfront) drive to watch the building burn. Every fire company in Havana turned out to fight the flames.

The half-completed building, covering a square block on the waterfront, was the particular price of the Castro regime. Already 10 stories tall, it was to have gone several stories higher.

It was not certain immediately how much of the building it would be possible to salvage from the ashes.

★ ★ ★

The fire, which began about 8 p.m. yesterday and burned through the night, could be seen from all parts of Havana. An official spokesman said it "has the characteristics of an act of sabotage."

News for hearing-aid users: Now comes a small electric unit for recharging hearing aid batteries simply and safely at home. The first to be approved by Underwriters' Laboratories, it's cigarette-pack size and plugs directly (without wires) into any 110-115 volt AC wall outlet. Slip batteries into a drawer in the unit and they recharge to full strength overnight.

CATHOLICS GET LOW COST HOSPITAL PLAN

Catholic men and women now get low cost hospital insurance from our 80-year-old non-profit society—the Catholic Knights of St. George. Here's an example: for only $1.85 a month men under 61 can receive $80 a week while hospitalized for any accident or sickness covered by our insurance. Payments of $100 or $150 a week are also available. Catholics of advanced age can be insured at additional cost. You are paid in addition to other in-

surance. You spend the money as you wish—for hospital bills, or expenses at home. Choose from a wide variety of plans to bring your present insurance up to date or get complete protection. With hospital costs up 375% since 1940 there is a good chance you need more insurance. Send for complete information including details on your excellent life insurance plans. There is no obligation—no mail the coupon today.

Only to Escape Intolerable Situation

Kennedy Pushes for Neutral Laos Regime

BY PHIL NEWSOM
UPI Foreign News Analyst

President Kennedy has thrown his personal influence into the effort to establish a neutral government in Laos. It is a situation certainly not to the President's liking.

* * *

It is done only on the basis that a neutral Laos provides an escape from an intolerable situation.

The President's action came in a letter delivered to Laotian King Savang Vathana, reiterating United States insistance that the rightwing government of Laos join neutralist and pro-Communist rebels in a coalition government.

The U.S. decided more than a year ago that its policy of support for a strongly pro-Western government in Laos simply was not paying off.

The American-trained Laotian army had a far greater record of retreat than of aggressive action.

REDS GAINING

The Comunist-trained and supplied Pathet Lao rebels already were occupying nearly half the country and threatened to take more.

If the pro-Western forces were to win it became apparent that American money alone would not be sufficient. American troops on a scale at least comparable to U.S. action in South Viet Nam would be necessary.

This not only was opposed by Britain and France, two of the United States' chief allies, but also involved the likelihood of Red Chinese intervention in the manner of Korea.

Thus the United States' dilemma.

Having passively supported the overthrow of neutralist Premier Prince Souvanna Phouma and actively supported his successor, Prince Boun Oum, the U.S. made a complete turn-about and declared for the return of Souvanna Phouma to head a neutral government committed neither to East nor West.

In this it had the support of Britain and France and the promise of the Soviet Union that it would assist in maintaining a truly neutral Laos.

Kill 74 Viet Cong With U.S. Help

S. Vietnamese Forces Supported by Marine Helicopters

TRUONG HOA, South Viet Nam (AP)—South Vietnamese rangers, civil guards and planes supported by U.S. Marine helicopters killed 74 Communist guerrillas near here Tuesday.

Government forces pursued Viet Cong stragglers today.

The government forces took three prisoners and seized a large stock of weapons. Three government men were lost. The operation is taking place 105 miles southwest of Saigon in an area of the Mekong River delta heavily infiltrated by Viet Cong guerrillas.

* * *

It was the second operation in which the U.S. Marine helicopter unit has participated since arriving in South Viet Nam two weeks ago.

"Operation Nightingale" was launched after villagers told the local zonal command that a battalion of Viet Cong regulars had moved into Phong Dinh Province several days ago. The government forces apparently caught the Communists completely off guard.

A U.S. Army H21 troop-carrying helicopter was shot down by Communist ground fire 30 miles southwest of Saigon Tuesday but there were no casualties. It was the second U.S. helicopter downed by Communist fire. About 15 others have been hit by small arms fire.

Ten U.S. helicopters and a large number of military trucks were unloaded from a U.S. Navy cargo ship in Saigon Friday, an informed source disclosed today. The new arrivals brought the total of helicopters flown and maintained by U.S. servicemen in South Viet Nam to about 95.

U. to Loan Pakistan $5.2 Million for Plant

KARACHI, Pakistan (AP) — The U. S. aid mission to Pakistan yesterday signed an agreement providing a loan of $5.2 million for the expansion of Pakistan's ordnance factory at Wah in West Pakistan.

The purpose of the agreement is to convert the unused productive capacity of the factory into peacetime commercial production.

Civil Rights and Highways

Con-Con Creates Two New Commissions

LANSING (AP) — Constitutional convention delegates have voted to create two new state commissions — for civil rights and highways — while ordering the reduction of state agencies from about 120 to 20 departments.

The seemingly-contradictory action came yesterday as the convention debated proposals covering the executive branch of government and completed second-reading consideration of Michigan's Supreme Court system.

Despite an unusually long session, delegates were still about half-day behind their self-imposed timetable aimed at a May 11 preliminary adjournment date.

Establishment of a civil rights commission was backed by a solid 110-9 vote and brought praise from several Negro delegates, even though they lost a fight to strengthen the provision.

★ ★ ★

But the plan to create a four-man bipartisan highway commission touched off a bitter round of debate, with Democrats leading the fight to maintain the present system of an elective state highway commissioner.

AS ADOPTED

As adopted, the highway board would be appointed by the governor. In turn, it would appoint a highway director required to be a "competent highway engineer and administrator."

In trimming the present multitude of agencies down to 20 principal departments, the delegates ordered that the initial streamlining be carried out by the legislature within two years after the effective date of the constitution.

If the lawmakers fail to act, the governor is given one year to complete the consolidation. Colleges and universities are exempt from the provision.

During the spirited debate on the new setup for the highway department, George Romney, R-Bloomfield Hills, declared that the present commissioner, Democrat John Mackie, had taken credit for some of the highway planning launched before he took office.

"He ought to give credit to (former Governor Kim) Sigler for intelligent planning which Mackie cashed in on," Romney declared.

Romney, who is expected to be the Republican nominee for governor, also said there is evidence that Mackie has "devoted himself to political activities."

One good reason for setting up a highway commission, Romney argued, was that it is "more difficult to corrupt four men than one."

Under such a system, he said, "it is less likely that the roads program will be unduly influenced."

Under questioning by Democrats Romney declared that road-building groups contribute to political campaigns with the present system. He added, however, that he was not attributing any improper actions to the presnt commissioner.

Democrats and some Republicans assailed the proposal as being unnecessary and uncalled-for.

Karl Leibrand, R-Bay City, a former circuit judge, said that not one of his constituents had asked for any change in the highway department during his campaign for delegate.

William Marshall, D-Detroit, vice president of the Michigan State AFL-CIO, warned the convention that adoption of the highway commission plan was a serious mistake. He said Mackie has done an excellent job in building highways throughout the state.

A motion to strike out the plan was defeated, however, 69-53.

The civil rights commission proposal calls for a bipartisan board of eight persons to be appointed by the governor, with Senate confirmation, for four-year terms.

★ ★ ★

The commission would be charged with investigating alleged discrimination because of race, religion, color or national origin in the enjoyment of their civil rights.

Under the Supreme Court plan, the high bench would be reduced from its present eight justices to seven.

★ ★ ★

Candidates would be nominated at party primaries as at present, running as nonpartisans in the general election. In addition incumbent justices could run for re-election by simply filing an affidavit of intent.

Anyone else who was otherwise qualified to serve on the Supreme Court also could become a candidate by filing petitions containing signature of voters equal to three per cent of the ballots cast in the last previous election for governor.

A proposal to set up the Supreme Court on a district basis was defeated, 74-56.

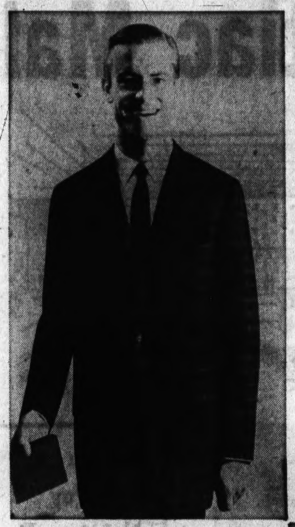

U.N. Visitors at Record

UNITED NATIONS, N.Y. (AP) — Tourists visiting the United Nations set a new daily record Tuesday—8,273, compared with a 7,292 total set May 12, 1961.

The figure brought to more than 250,000 the number of persons who have toured U.N. headquarters since the first of the year.

The state flower of Maine is the white pine cone and tassel.

Common Market Causes Boom in Europe

Editor's Note — A special reporting team of UPI staff correspondents in the six common market countries tells in the following dispatch, the first of three, what the market is, its accomplishments to date and what may be expected in the future.

By PHIL NEWSOM
UPI Foreign News Analyst

Mrs. Rene Verdier, a Paris housewife, went shopping and had an eminently successful day. She saved $11.50.

★ ★ ★

The reasons behind this happy experience remained a little vague in Mrs. Verdier's mind. But it occurred in a large Paris department store in which gaily decorated placards proclaimed "La France et le March Commun" (France and the common market).

Her savings came on an $8 Italian twin sweater-set for her two daughters, a $2.50 drip-dry blouse for herself from Holland and a $4 briefcase from Germany for her husband.

In 1958, the sweater set would have cost $14, the blouse $5 and the briefcase $7.

★ ★ ★

The key to this lesson in thrift came in the placard, "France and the Common Market."

SIMILAR EXPERIENCE

Roger Coullard, a 55-year-old pharmacist, had a similar experience.

Coullard, shopping for a new automobile, bought a German compact car.

"It's simple," he said. "The quality is about the same. I've always wanted to try one, and it was a good bargain."

He figured he had saved about $50 over the price of a comparable French car.

This is the result of a new and dramatic economic pulse beating in six Western European industrial nations, lowering tariff barriers, heralding the birth of a united Europe and a powerful new dramatic force. The countries are West Germany, France, Italy, the Netherlands, Belgium and Luxembourg.

★ ★ ★

The market is a potential weapon in the cold war that affects the pocketbooks of millions—farmers, industrialists, shopkeepers, clerks, bankers, large and small businessmen and housewives.

Outwardly, the badges of the European Economic Community —official name of the common market—are seen in the shape of "EUR" plates on automobiles, marking their owners as officials of the bloc, and on the plaques designating EEC buildings in Brussels, Luxembourg and Strasbourg.

It is seen in the filled order books of European industrialists and in Western Europe's unprecedented prosperity.

Back in 1945 when visionary men were seeking a way to end the wars which had devastated Europe for centuries, sir Winston Churchill spoke of a "United States of Europe."

NO TURNING BACK

President Charles de Gaulle sees it as a "Europe des Parties" (Europe of Fatherlands).

But whatever it is called, the six nations of Western Europe have bound themselves together, already have progressed so far in economic union that there appears no chance of turning back.

Eventually, their goal is political union as well, either as a federal union similar to the United States or as a confederation of loosely united independent states.

★ ★

In those countries economic union binds together 170 million people in a single market which eventually will see the free movements of goods and labor anywhere within the six.

Economic union still is not complete. Trade barriers within the six are falling and will continue to fall to point "zero" for the next 10 to 12 years. Internal tariffs on manufactured goods already are down 40 per cent and on agriculture some 35 per cent.

Political union, if it comes, will be slower.

The factory worker in Turin still feels no more French simply because his factory is within 50 miles of the French border.

Nor does the Dutch farmer lose any of his nationality because his farm overlooks Belgium.

SEPARATE PROBLEMS

The French industrialist works closely with his counter-part in West Germany or Italy.

But, politically, France has its separate problem in Algeria. And Germany still has its divided Berlin.

Only gradually can the logic of economics and geography take over from the unreason of centuries of prejudice.

"You Americans," said a French professor of history, "may wonder why it has taken us so long to get together. But to us Europeans, the wonder is that it is happening at all."

Although the Common Market has been in existence only three years, growth figures are such as to have been believed impossible 10 years ago.

From 1958 through 1960, internal trade among the six increased 49 per cent. Exports jumped nearly 35 per cent and imports nearly 30 per cent. Figures for 1961 are expected to be equally impressive.

Today, the six are the world's greatest exporters.

Again from 1958 through 1960, industrial production in the community rose by approximately 25 per cent, compared with 13 per cent in Great Britain and just over 8 per cent in the United States.

TRADE BOOMED

In 1960, the value of trade within the community surpassed $10 billion.

France, which had been the most fearful of the impact of the Common Market on its economy, increased its trade within the community by 79 per cent.

In these same year, foreign investment flowed into the six nations for a total of nearly $600 million. More than 500 American firms established themselves in the Common Market

Within the si there six almost Within the six there is almost total employment, with only Italy having a sizable manpower pool.

In Germany there are four jobs for every unemployed person, and production may slow down simply because there are not enough workers to go around.

★ ★ ★

Tomorrow: The markets probable expansion and effect on Russia.

pbi

WHY MORE TRAINING?

The Job Guide, published by the U.S. Dept. of Labor, gives this answer: "You should weigh carefully the long run advantages offered by jobs you are considering against immediate gains. You should be aware of the great importance of education as a general and specific asset. Technical or professional training received after leaving high school will give you definite advantages in seeking and finding a job. When advancement opportunities occur, preference is generally given to persons with superior educational qualifications—other things being equal."

Minuteman, Pershing Break Winning Run

CAPE CANAVERAL, Fla. (AP) —Failure to stay on course has snapped the success streaks of two military missiles, Minuteman and Pershing.

★ ★ ★

Both were destroyed in flight by the range safety officer Tuesday, the Pershing when it failed to pitch over on a southeast heading and the Minuteman when it deviated from its intended trajectory.

★ ★ ★

Prior to the failures, Pershing had racked up 13 straight successful test firings and the Minuteman seven.

Two on Vacation in Italy Drown as Dam Opens

BOLZANO, Italy (AP) — The four members of the Dietelmann family, on vacation from their home in Germany, were sunning themselves on rocks below a dam near this north Italian town, unaware that water behind the flood gates was rising toward a level that automatically opened the barrier.

★ ★ ★

Moments later tons of water crashed down on them, drowning Hildegard Dietelmann, 28, and daughter Ingeborg, 3. The husband, Reinhard, 29, a school teacher from Stuttgart, managed to save himself and daughter Ursula, 5.

Still on cloud nine after being named Oakland County Secretary of the Year is Mrs. Carl E. Cronkright, Summerhill Road, Drayton Plains, who works for a local attorney. Mrs. Cronkright, whose capability in the legal field is held in high esteem by her employer, was selected from a group of secreturies whose bosses completed evaluation forms mailed them by Ponti-oak Chapter, National Secretaries Association, of which she is a member. She'll be honored by the chapter this evening at Fox and Hounds Inn.

Women's Section

Newspaper Route Okay

BY ABIGAIL VAN BUREN

DEAR ABBY: My husband has always bragged about how he used to deliver newspapers when he was 9 years old. Now it seems he would like our 9-year-old boy to get a paper route and do the same thing.

ABBY

I have always wanted better for my children than I had as a child. My husband says it is good training for the boy and he can use the money for his own "spending money."

We try to give our children what they need, and feel that a boy of 9 does not need to have "his own spending money." I would like your comments.

MRS. A.

DEAR MRS. A.: Newsboys get excellent experience in accepting responsibility, handling money, and meeting the public. Money is not only for spending, it is also for saving (another bit of invaluable training).

Your husband is right. Let the boy have his paper route. Some of our most successful business and professional men were newsboys.

★ ★ ★

DEAR ABBY: I have two close neighbors—one at my left and one at my right. Our three mailboxes are down the road about a block. It is a nice walk, which I enjoy taking.

My problem is that neither of my neighbors lets the mailman get away from those boxes before he races down there. One tries to beat the other. The one who gets there first sorts the mail and brings it to my house and sticks it in my door. It isn't necessary.

They just want to see what I am getting in the mail. How can I let them know I would like to pick up my own mail?

HAD A ROUGH DAY

DEAR HAD: Have you ever thought of telling them?

DEAR ABBY: I am 22, a college graduate who majored in physical education. I am 6'2", weigh 195, and have blue eyes and blonde curly hair. I am considered "handsome" by many, but have had no luck with the opposite sex.

The reason, I suppose, is because I have what some people might call "peculiar" diet habits. (I eat health foods—no meat, no coffee or tea.)

Also, I like to be in by 9:30 or 10 because I get up at six in the morning for an hour's pre-breakfast workout. How can I get a girl, Abby? I don't want to change my way of living, but I would like some female companionship.

MUSCLES

DEAR MUSCLES: There are about a million young women between 18 and 22 who are just aching to meet you. Pay less attention to your muscles and more to your circulation.

Child Culture Club members will entertain their husbands Thursday at a square dance and card party in the home of Mrs. Hilman A. Fortney (left) of Hamilton Drive, Bloomfield Township. Admiring Mrs. Fortney's dress are Mrs. Raymond Jacobson, Williams Lake Road, president of the Child Study Group, and Mrs. Murray Osborn, Birmingham. *(Story on Page 14)*

Slacks Bad to Wear at Dinner

By The Emily Post Institute

Q: Last week a relative invited several other relatives, including my family, to dinner at her house. Knowing that this relative entertains rather informally, my two daughters thought it would be perfectly all right to wear slacks and I saw no objection to their doing so.

They were well cut slacks and they wore beautiful blouses with them. They were highly criticized by the hostess for having dressed this way. This has upset me very much and I would like to know if the girls committed a breach of etiquette.

A: I'm sorry to say that your daughters were wrong to have worn slacks to a dinner party.

Q: We are new in town and just recently my husband's employer and his wife invited us to dinner at their house. Do we have to return this invitation or do we just accept it as a friendly gesture of welcome here? They are much older than we and very reserved.

We have three young children who are quite spirited and can be very disrupting; for that reason, I hesitate to invite them. However, I want to do what is expected of us and would appreciate your advising me on this matter.

A: Your thanks on leaving their house is all that is expected of you. In fact, it might even be embarrassing to this much older couple if you were to invite them to your house.

★ ★ ★

Q: I am going to be married shortly and as the reception guests have to be kept to a minimum, I would like to know if it is necessary to invite the boy friend of a bridesmaid to the reception. They are not engaged although she has been seeing him quite steadily for the past several months.

A: As they are not engaged, it is not necessary to invite them. If you can do so, however, it would surely please your bridesmaid to have him at the reception.

Ballet Leaves Warm Glow

Concert Brings Spring

BY RALPH P. HUMMEL

Winter's end wasn't official until the Pontiac Symphony and Detroit's Severo Ballet performed the Rites of Spring last night.

★ ★ ★

The last speck of dust and doubt was swept out of listeners' hearts right from the beginning of the season's final symphony appearance at Pontiac Northern High School's large auditorium.

★ ★ ★

Conductor Felix Resnick inundated the packed house with excerpts from Handel's Water Music Suite, sounding alternately like a rushing, swollen mountain stream and like a sprinkler system well - controlled so as not to wake the hot-house flowers too fast.

SHOWED PROGRESS

It was in this work that Resnick's molding of the orchestra into one instrument showed the greatest progress. With every section obeying his command, he was frequently able to understate in a muted way the well-known themes of Handel's oft-played work.

★ ★ ★

Special mention must be made here and throughout the evening of the orchestra's French horn section. It displayed a consistent and warm competency in the handling of this most difficult instrument which is seldom played anywhere without a few bleak attacks.

★ ★ ★

In the succeeding Symphony No. 2 by Tchaikovsky, gusts of a cold wind rippled through the violins, and the French horns, trombones and tuba, along with cellos and basses again warmed the atmosphere.

★ ★ ★

Detroit's young sprites of the Severo Ballet made their gentle entrance in the second half of the program.

Dancers Understanding

The curtain rose on a statuesque scene of dancers frozen in motion under subdued pastel lights. Slowly the troupe came to life to a throbbing, rising rhythm. Soon the gay sounds and sights of a spring dance filled the hall with "Portrait From a Ball," stitched together from patches of Khatchaturian's Gayne Ballet and Masquerade Suite.

★ ★ ★

Carol Chapman and Monte Barnes showed the appropriate restraint and understanding in their role as two lovers in a section entitled, "Romance." This is a subtle and somewhat moody part danced under blue light, purposely lacking the abandon of the later trio entitled, "Frivolity."

In the latter, Diana Mileski, David Blackburn and David McLain drew appreciative chuckles for the work in portraying the triangle of a flirt pursued by two men. Miss Mileski worked herself hard enough to be out of breath in the Grand Waltz finale.

LEFT WARM GLOW

A carnival came straight into the audience with the opening bars of "Parade," a divertissement by Ibert. Several members of the cast made their entrance through the main auditorium doors, and soon bright balloons popped up along several seats, distributed by a generous balloon vendor.

★ ★ ★

Outstanding performances were given by Kay Susick as a coquette, Jon Rodriguez as an angular and hilariously comical dandy, and David Blackburn as a not-so-innocent bystander.

The symphony's performance, augmented by the bright spirit of the dancers, left a warm glow which will last for a long time . . . long enough perhaps to anticipate the next season with pleasure.

MURIEL CHALFEN

Mr. and Mrs. Solomon Chalfen, Jackson Heights, N.Y., announce the engagement of their daughter Muriel to Dr. Robert J. Kabcenell, of New York City, son of the Michael Kabcenells, Orchard Lake.

Dr. Kabcenell to Wed

A July wedding is planned by Muriel Chalfen, whose engagement to Dr. Robert J. Kabcenell is announced by her parents, the Solomon Chalfens, Jackson Heights, N.Y.

★ ★ ★

The bride-elect is a psychiatric social worker and an alumna of Hunter College and the New York School of Social Work of Columbia University. She is employed at Childville, a residential treatment center for disturbed children.

Dr. Kabcenell is a graduate of the University of Michigan and the U. of M. Medical School. He served in the U.S. Air Force Medical Corps and at present is a research fellow in psychiatry at the Albert Einstein College of Medicine. He lives in New York City.

His parents, the Michael Kabcenells, are of Orchard Lake.

Plan Dance for May 5

Oakland Hills Country Club plans to honor its new members at its spring formal dinner dance, May 5.

Club directors have sent invitations to all new members for the reception preceding the dinner dance. Among those newcomers attending will be Mr. and Mrs. Seymour Eaton, Mr. and Mrs. Lawrence M. Carino, Mr. and Mrs. Stuart T. Ross and Mr. and Mrs. Gary B. Hogan Jr.

Others are Mr. and Mrs. Herbert H. Kletzer, Mr. and Mrs. Glendon L. Nicolls, and Mr. and Mrs. Richard B. Pacetti Jr.

An area orchestra will provide music for the evening.

Dinner Time Can Be a Family 'Re-Union'

By RUTH MILLETT
Newspaper Enterprise Assn.

It looks as though the American family is going to get the dining room back. At least one decorating journal has started a campaign for its return.

Says "The American Home": "Family life is more important with a dining room. Dinner time is the time for being together—for exchanges of news and jokes and opinions—all so much more spontaneous and stimulating when you share a common board.

The dinner table is a place to learn—for parents to learn about their children, for teen-agers to learn about the world, and for younger children to learn their table manners."

The magazine is right, of course. Family life suffers when dinner is served on television tables with the television set holding forth and everybody afraid to say a word for fear of interrupting "it."

★ ★ ★

Family life also suffers when families, instead of planning for a leisurely dinner hour together, grab snacks in the kitchen or eat in relays for the sake of convenience, or sit down to hurried meals interrupted by telephone calls, neighbors' children hanging around, and a general air of "getting dinner out of the way" so the family can quickly go its separate ways.

But just restoring the dining room, while a step in the right direction, won't necessarily restore the leisurely family dinner hour.

To do that parents will have to take a firm stand. They will have to insist that both children and teen-agers be on time to dinner, that they can't leave the table for telephone conversations, or to watch a television program, that each is expected to contribute something to the general conversation, and that nobody leaves the table until the meal is finished.

That isn't going to be so easy in families where the dinner hour has long been neglected. But the result is worth the effort on the parents' part. For what children learn at a relaxed and happy family dinner table they aren't going to learn anywhere else.

Ideas galore: Ruth Millett's booklet, "Happier Wives (hints for husbands)." Just send 25 cents to Ruth Millett Reader Service, care of The Pontiac Press, P.O. Box 489, Dept. A, Radio City Station, New York 19, N.Y.

The old-fashioned confections booth, as one might expect, is being thronged by the moppets at All Saints annual antique show. Overwhelmed by the wide array of colorful candies (particularly the lollipops) are Mary Ellen Hubbard, 4, and brother Mark Edward of Chippewa Road. The show runs through Thursday.

Antiques Attract

Pontiac Press Photos

All Saints Episcopal Church's 10th annual antique show and sale attracted hundreds of browsers and buyers on opening day Tuesday. Intrigued by a forsythia bedecked table setting featuring old silverware were Mrs. Alex Lomik of Pleasant Valley Road (left) and Mrs. John Warren, Milford.

Alumnae to Attend State Day at MSU

South Oakland Alumnae Association of Kappa Delta Sorority will join alumnae associations from all over the state and members from its active chapters at Kappa Delta State Day in East Lansing Saturday.

Chapter members from the University of Michigan, Albion College, Wayne State and Michigan State universities will meet alumnae in the Union Building on the MSU campus.

Featured on the state day program is the speaker, Mrs. Paul Erdman, public relations director at the Crippled Children's Hospital in Richmond, Va., the sorority's national philanthropy.

Mrs. Erdman has a vast background of service in hospital work.

Mrs. Erdman spent five years as a public relations officer with the Young Women's Christian Association, and has been working with the Crippled Children's Hospital since 1958.

★ ★ ★

Kappa Delta was the first of the National Panhellenic Conference sororities to select the care and aid of crippled children as a national philanthropy.

This year, for the first time, the sorority presented two $1,000 awards at the annual meeting of the American Academy of Orthopedic Surgeons in Chicago in January.

The Academy's committee on scientific research selected the winners. Kappa Delta announced that in 1963 and thereafter three awards of the same amount will be presented.

Toss Coat, but Save That Collar

(NEA)—So many winter coats come now with beautiful fur trim. If you're coming to the end of such a winter coat's usefulness, and plan to discard it, save the collar if you've been careful with the fur.

You can have it made into a hat, use it as collar on another coat or a sweater or have it made into a collar-and-cuff set.

To Pin With Love

(NEA) — Paris shows the heart shaped brooch this season. This Victorian revival is done in coral, rubies or pearls.

Have You Tried This?

Quick Orange Nut Bread Feature of Antique Show

By JANET ODELL
Pontiac Press Home Editor

This is the week of the Antique Show at All Saints Episcopal Church. The women putting on the show are noted for their excellent food.

One of the breads served at luncheon and tea — and on sale by the loaf — is Orange Nut Bread. Using Mrs. Clarence Smith's recipe, the kitchen committee makes up many loaves of this good tasting bread.

ORANGE NUT LOAF
By Mrs. Clarence Smith

2 tablespoons salad oil
¾ cup orange juice (use half undiluted frozen juice and half fresh orange juice)
2 tablespoons orange rind
1 cup granulated sugar
1 egg
2 cups flour
½ teaspoon soda
1 teaspoon baking powder
½ teaspoon salt
½ cup pecan meats

Mix all ingredients together, stirring only to dampen flour. Pour into greased bread pan. Bake 1 hour in 350-degree oven. Slices better the second day. Makes 1 loaf.

Cards, Square Dancing Slated by Culture Club

Mrs. Hillman A. Fortney will open her home on Hamilton Drive, Bloomfield Township, Thursday evening to members of the Child Culture Club and their husbands.

★ ★ ★

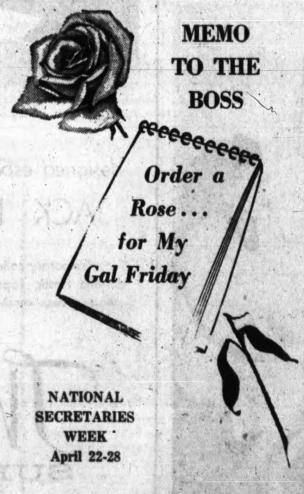

Cohostesses for the evening of cards and square dancing with Bruce Allen calling, are Mrs. William Gardner and Mrs. Earl Steinhart.

★ ★ ★

The next meeting will be in the Birmingham home of Mrs. Murray Osborn, program chairman, who was assisted by Mrs. Andrew Kasurow, social chairman, in handling party arrangements.

Simply of Mink

(NEA)—The Paris collections turned up a simple little shawl unlike anything grandma ever wore. It's made of white mink!

NATIONAL SECRETARIES WEEK
April 22-28

PEARCE FLORAL COMPANY
559 ORCHARD LAKE FE 2-0127
TWO DAILY DELIVERIES TO DETROIT AND INTERMEDIATE POINTS

Salon Replaces Saloon As Western 'Hangout'

HOUSTON, Tex. (UPI) — Some men are becoming as beauty conscious as most women.

A few men's barbershops, once stocked only with such commodities as shaving lather and skin bracers, now provide grooming long practiced only in the feminine world.

★ ★ ★

One Houston barbershop, the Norris and B. Jay Shop, specializes in men's permanent waves, and stocks such things as curling rods, hair colors, facial packs and manicure tools. The shop caters strictly to men.

If a man is so inclined, he can spend three hours in the barber's chair. Or, maybe it should be called a barber and beauty chair.

★ ★ ★

If he has straight hair, he can get a permanent wave. While he is waiting for the wave to set, he can get his face lifted with a pack, a white cream which hardens and tightens the skin.

★ ★ ★

A manicure and shoe shine might top off the operation.

"Most men who come in for hair tinting want to cover up gray hair, although some have requested silver blond hair," Sue Womack, hair colorist, said.

Some of her customers also want eyelash and eyebrow tints and hair restyling. For the customer who wants to be remade on the sly, the shop has private rooms.

★ ★ ★

Instead of telling his barber "short on the sides and full on top," the man's haircut appears to have taken on psychological overtones.

The hair is reshaped to fit the individual personality and dress. Hair oils are passe. The trend is toward European hair styles, according to Miss Womack.

The idea has many possibilities, the hair color expert pointed out. If a wife doesn't like the looks of her husband, she can send him to the barber shop armed with directions to the operator.

He will emerge, hours later, restyled to suit her taste. And, it was pointed out, she no longer has to suffer the scolding of her husband after she runs up a bill at the beauty salon.

Working (from left) are Mrs. Florence McCrae, chairman; Mrs. Alma Cowley, refreshments chairman; Mrs. Christine Yungk, president; and Mrs. Frank A. Schmidt, cochairman.

Make Your Mistakes, but Admit Them

MRS. MURIEL LAWRENCE
Newspaper Enterprise Assn.

Dear Mrs. Lawrence:

My oldest boy didn't enter school until he was eight. I held him back on the advice of a teacher I knew who believed that children were not ready for school until the age of eight.

Now he is so bitter at me that he says all he wants is to leave home and get away from me as soon as he graduates from high school this June.

My sister-in-law says that I have given his schoolmates and our neighbors the impression that he is mentally retarded. Mrs. Lawrence, my mother never took any interest in my education. I had to work and go to night school . . .

ANSWER: You still resent her disinterest in your schooling, don't you?

If so, you'd better face it. It can account for a need to prove your difference from your mother. It can tell you, I think, why you have felt compelled to give perfect direction to your boy's schooling and why you are so shaken by the possibility that it has been mistaken.

★ ★ ★

Resentment of a parent's mishandling of us is usually the core of our secret ambition to deliver ideal parenthood to our children.

Driven by anger at a mother's neglect of our education, we can easily become overconscientious about our children's.

We become unable to admit any mistake in directing it lest the mistake identify us with our own deficient parent. Even a little one like holding a youngster back a year in school could not be a little mistake to us. Instead, it would become an intolerable, accusing link to the big, still resented mistakes made by our mother.

I think that this may apply to you. Your still unfaced passion to demonstrate your difference from your mother is what is making this minor mistake so painful for you.

What may be more important, it may be what compels you to battle your boy and your sister-in-law over the wrong issue.

The right issue is not the possible mistake you made 12 years ago but your right to have made it.

★ ★ ★

By now trying to justifiy it to your boy and your sister-in-law, you are falling into the trap the condemners alway set for us.

They love to involve us in fights over what is not important so that we'll forget to fight for what is important—every human being's right to have been wrong.

But so long as your mother's mistakes seem so cruel and destructive to you, how can you stand up for your right to have made one yourself? You can't. You'll have to go right on worrying, explaining and trying to justify that act of 12 years ago.

★ ★ ★

You won't be able to say to your family critics, "I've now had enough of this. OK, I was wrong to hold Dave back from school. I agree with you—and now let's be done with what can't be changed."

★ ★ ★

This is what needs to be said however, and to be heard.

'Tis No Excuse

(NEA)—Your manners comprise a good part of your charm. No matter how rushed you may be during the day, or how much you work under pressure, there's no excuse for a lack of courtesy.

A smile or a thank you will take only a second from your schedule.

Nurses to Meet in Detroit May 14-18

Some 3,000 Michigan nurses will attend the 1962 convention of the American Nurses' Association in Detroit, May 14-18.

They will be among 8,000 registered nurses from the United States, Canada and other countries to gather at Cobo Hall for the meeting, being held for the first time in 38 years in Michigan.

Michigan State Nurses Association will send 12 representatives to the ANA House of Delegates, a policy making body representing the 171,000 ANA members. The delegates meet during the convention to elect officers, adopt a platform and vote on issues.

"Excellence in Nursing — Progress in Health" is this year's convention theme. Abraham Ribicoff, U.S. secretary of health, education and welfare, will be the principal speaker.

Twenty-one simultaneous clinical sessions will meet May 15 and again May 17, enabling members to attend sessions of special interest to them. Subjects covered include emergency intervention by the nurse, technical innovations in health care, nursing, the patient's motivations and many others.

Nurses also will have an opportunity to take tours at leading Detroit hospitals and health services to observe clinical demonstrations.

Registration begins at 2 p.m., Sunday, May 13 in Hall D., Cobo Hall, and will continue until 8 p.m. Monday and Tuesday registration will be from 8:30 a.m. to 5 p.m.; Wednesday and Thursday, 8:30 a.m. to 4:30 p.m.; and Friday from 8:30 to 10 a.m.

And the Bath?

Another in that long list of famous people who accomplished some of their most creative work in the bathtub was the great composer Schubert. He is said to have composed his Symphony No. 8—the Unfinished Symphony — while bathing.

Mysterious Epidermis

Beauty goes skin deep. The skin is the body's biggest and best known organ, but apparently least understood.

Too many women who go to great pains to build a flattering makeup take too little interest in the health of the skin itself. The skin, of which the face gets the lion's share of attention, is a complicated organ of many needs and moods.

It changes with age and with the seasons. Diet and cleanliness determine its health, exercise its elasticity. Only on healthy skin can cosmetics do their best. One of the best face exercises is facial massage.

Tone and revitalize the face and throat muscles with periodic massages with good quality witch hazel.

Tips on Careers

So You Want to Be a Doctor

(Editor's Note — This week's doctor tips comprise the fourth in a 12-week series of career articles, giving you in a capsule up-to-minute facts on job possibilities in industry and the professions. Source: Department of Labor.)

Educational Requirements: Three to four years' undergraduate college (usually four); four years' medical school; one-year internship; for those planning to be specialists, two to four years residency in a hospital.

Personal Qualifications: Dedication, above-average intelligence, interest in science, good judgment, ability to make decisions in emergencies, emotional stability.

Advantages of Profession: Excellent opportunities because of the critical shortage of physicians; variety of fields open to holders of an M. D. in addition to private and group practice (public health, rehabilitation, industrial medicine, mental health, research and teaching); comfortable earnings once established; no arbitrary retirement age.

Disadvantages: Cost and number of years spent in receiving education; long and irregular hours of work; need to keep constantly abreast of new treatments and techniques, meaning much reading and often continuation courses.

Salary: Average income of family physicians after business expenses about $15,000 and often more in specialty practice.

SEW SIMPLE
By Eunice Farmer

This week's Tailor Trix pressing board winner is Miss Judy Harms, Cedar Falls, Iowa, with this idea.

★ ★ ★

"I am a home economics major and have found your column very helpful. If you have trouble with metallic buttons cutting threads and coming off easily, try putting some clear fingernail polish on the eyes of the buttons before sewing them on. The polish makes the edges smoother and less likely to cut the threads."

★ ★ ★

Another reader suggests that when using velvet or grosgrain ribbon as trimming for dresses or hats, immediately after cutting the ribbons, paint the cut edges with colorless nail polish. This will keep the ribbon from fraying and will look new much longer.

LAP BOARD ONE YARD

Many thanks to all of you who wrote me that you are making the lap board I told you about several weeks ago. Is my face red about the error in dimensions! But your understanding letters were welcome because now I know how carefully you read the column and feel I have made some new friends.

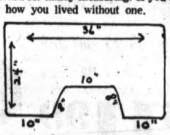

The lap board is made of masonite and is approximately 36 inches long and 24 inches deep. The area that is cut out to fit around your body is approximately as follows: 10 inches wide at each side at the lower edge.

Now measure up 8 inches and this center measurement should also be 10 inches wide. This means that there will be a slope of 3 inches each side of the center.

Be sure to round the corners and the center area. If you wish, you may cover one side with felt. The felt should be cut about one and a half inches larger than the finished board. Clip all inner curves and notch out the excess felt from the outer curves.

Glue several spots throughout the board and then the raw edges. These will lay nicely over to the back of the board. The felt will keep your garment from slipping when working on it.

Another of our readers says the lap board is the handiest thing since "plastics" and she suggested an added help: Pasting a tape measure on one side of the board for handy measuring. If you make a lap board, you'll never know how you lived without one.

USE FISHING LINE

"Dear Eunice,

"Your name is a 'household word' in our family, seems that every time I am about to write and ask you a question, you answer it — it's uncanny. My husband thinks he deserves the 'spot light' for the following suggestion.

"On a fishing trip with the boys, he had to replace a button on his jacket. Since no thread was available, he used a very fine fishing line. The button hasn't come off yet and the jacket is almost worn out. Perhaps other people would like to know what to use on children's jackets and any garment that receives rough handling."

USE SLIP COVER CORD

"Dear Eunice,

"I would like to make some roping for a 'tie belt' but can't seem to find any cording heavy enough at our stores. Have you any suggestions?"

Mrs. K. M.

If you can't find cording in the notion department of department stores or dime stores, you might try the drapery department. They usually have a variety of sizes of cording for use in slip covers etc.

MAKE ZIPPER FOOT

"Dear Eunice,

"I do a great deal of sewing for myself and 4 girls, but can't see my way clear to buy a new sewing machine. The one I am using is so old I can't get a 'zipper foot' for it. Is this necessary to put in a zipper correctly and also for making cordings for their dresses?"

Mrs. M. E. T.

Yes, a zipper or cording foot is necessary to put in a zipper nicely. It is also required to make a nice cording because it is impossible to stitch close enough to the cord with a regular presser foot.

If you can obtain an "extra foot" that fits your old sewing machine, (they are usually available), have your husband file away the little side of the foot that extends on the right side of the machine needle.

You will now have the larger half of the foot — which actually is the same as a zipper or cording foot. Sometimes necessity is the 'mother of invention.'

★ ★ ★

Please send all questions and suggestions to Sew Simple, in care of The Pontiac Press.

If you would like a copy of the leaflet for spaghetti straps, tie belts and chinese ball buttons, send 10 cents and a large, self-addressed, stamped envelope to Eunice Farmer in care of The Pontiac Press.

Spring Frisks May Be Risks

Springtime is funtime for the youngsters, don't let neglected scratches and cuts spoil it. Keep the family medicine chest well stocked with antiseptics and bandages.

★ ★ ★

One of the most reliable treatments for bumps and bruises is good quality witch hazel. Don't let children get over-tired. Professional coaches and trainers point out that the tired athlete is the one most liable to injury.

Mrs. Jack Habel of Miami Road, right, Tribute Fund chairman, looks at the group's newly printed brochure with Judi Angevine of Birmingham, left, artist who designed the brochure cover, and Mrs. Edwin DeJongh, committee member. The pamphlet bears an olive branch design.

Booklet to Explain Tribute Fund

Tribute Fund committee members will distribute a new brochure explaining the work of the fund.

The brochure will be mailed this week to clubs and organizations in the Pontiac area.

"The Tribute Fund is a unique treasury," said Mrs. Jack Habel, Tribute Fund chairman. "It is supported by contributions made in the form of memorial tributes which are used to give specific short-term or emergency financial aid to persons when no other assistance is available.

"Although the Tribute Fund operates under the auspices of the Women's Division of the Pontiac Area United Fund, we rely solely on individual and group contributions."

Established in 1959, the fund has provided a wig for a young girl, who lost her hair through illness, hernia operation for a small boy, special nipples for a cleft palate baby, an orthopedic chair for a double amputee and homemaker care for a woman in terminal illness with two small children.

★ ★ ★

In other cases it has provided hearing and dental aids, eye glasses, artificial limbs and braces. In addition, the Tribute Fund has financed camp vacations for disturbed children, advanced loans for the education of similiar children and others deprived of necessary special training.

The fund is administered by a committee of volunteer women who meet regularly to act upon applications from private and public social agencies.

"By accepting only referrals from established agencies, the committee is assured that no other financial resource is available and the applicant is in honest need," said Mrs. Habel.

★ ★ ★

Serving on the Tribute Fund committee with Mrs. Habel are: Mrs. Jack Ross, vice chairman, Mrs. George W. Roberts, treasurer, Mrs. John Blamy, Jr., Mrs. Robert Eldred, Mrs. Harold Howlett, Mrs. E. M. Estes, Mrs. Edmund Windeler, Mrs. Ralph Norvell, Mrs. George Petroff, Mrs. Howard Huttenlocher, Mrs. Hollie Lepley and Mrs. Edwin DeJongh.

Activity Afoot in Waterford Twp.

Area PTAs Set Meetings

Guest speakers, a panel discussion and choral performances are among the activities slated for Thursday evening's parent-teacher association meetings in Waterford Township.

COOLEY

Mrs. Fern Perrin, supervisor of Pontiac schools visiting teachers, will give a talk entitled "Meeting Children's Emotional Needs" at the Cooley PTA meeting which begins at 7:30.

The second grade room mothers will serve refreshments.

HOUGHTON

Following a business meeting at 7:30 the Waterford Township Girl Chorus under the direction of Miss Karen Sabo will perform at the Houghton PTA meeting.

This will be followed by a panel discussion dealing with the special education program in the school district. Refreshments will be served by second grade room mothers.

WATERFORD VILLAGE

Dr. Dodd Roberts, director of the Reading Clinic and a reading consultant from the Oakland County Board of Education, will speak at the Waterford Village PTA meeting which begins at 8 p.m.

Topic of Dr. Roberts' talk will be "What Parents Can Do To Help Increase Interests in Reading." The fourth grade room mothers will serve refreshments.

BEAUMONT

The Beaumont Chorus, under the direction of Miss Alice Ann Karl, will perform at the William Beaumont PTA meeting which begins at 7:30.

Following the business meeting, a movie, "The Growth and Development of Children", will be previewed by the adults. A question-answer period will follow the movie.

Students Agree, Cost of Smoking Exceeds Delight

Gilbert Youth Service

NASHVILLE, Tenn. — A survey of junior and senior high school students here reveals most of them believe smoking costs more in money than it is worth in pleasure. But few of them tag it as a dirty habit.

★ ★ ★

Mrs. Ora Wakefield, health coordinator of the school health service, questioned 2,925 boys and girls in the 7th through 12th grades in 15 Nashville schools.

Boys, she reported, seemed stronger than girls in their belief the smoking habit was too costly.

The majority of students disagreed with a questionaire statement "When I have children I hope that they never smoke."

★ ★ ★

A high percentage of the students believed there is something wrong with smoking. The strongest disagreement or calling it a dirty habit came from giris in the 8th and 9th grades.

Plan Family Program

Parents and their school-age children have been invited to a special program on family living at Lincoln Junior High School auditorium Thursday evening at 7:30.

★ ★ ★

The program has been arranged by Mrs. LeRoy Koch, parent and family life chairman of Lincoln PTSA. She will be assisted by her cochairman, Mrs. Joseph Waring.

Mrs. Magarita Davis, supervisor of the Pontiac office of family service of Oakland County will discuss family relationships and answer questions.

Roland Richter of the school vocal music department will present a chorus of Lincoln students and the Lakeland Players of Waterford Township will appear in a play, "The Eye of the Hurricane."

★ ★ ★

Refreshments will be served in the cafeteria at 9 p.m. by PTSA social cochairmen, Mrs. John O'Berry and Mrs. Albert Lovse. Others assisting in the planning are: Norman Kutjala, school principal; Mrs. Ralph Ellsworth of the school guidance department; Mrs. Earl Oltesvig, PTSA president; and Mrs. Cameron Clark, PTSA program chairman.

Dolly D. Stonehouse, Thomas Traicoff Wed

Dolly Dianne Stonehouse exchanged wedding vows with Pvt. Thomas C. Traicoff Easter Sunday afternoon in the Auburn Heights United Presbyterian Church, Rev. William Palmer officiated.

The Fred Stonehouses were hosts at their daughter's luncheon-reception in their home on South Squirrel Road, Auburn Heights. The bridegroom is the son of Chris Traicoff of Niagara Avenue and Mrs. Angelo Jurich, Detroit.

Clipped white hyacinths, ivy and white carnations were held by the bride who chose street-length white nylon organza over taffeta for her wedding. Venice lace applique accented the bateau-neck bodice and organza overskirt. Her short veil of scalloped silk illusion fell from a headpiece of crushed organza roses.

Beverly Ann Adams, maid of honor, appeared in royal blue chiffon. She carried a French nosegay of white and blue-tinted carnations.

Pvt. Ronald F. Stacey of Bloomfield Township came from Fort Belvoir, Va. to assist the bridegroom as best man. Robert Stonehouse, Auburn Heights, seated guests at his sister's wedding.

Leaving for Fort Knox, Ky., where the bridegroom is stationed, the new Mrs. Traicoff was wearing a green wool tweed suit and matching princess-style coat. Her accessories were caramel shade.

Beige cymbidium orchids accented Mrs. Stonehouse's tangerine wool suit and mocha brown accessories. The mother of the bridegroom wore an avocado green wool suit and corsage of white carnations.

MRS. THOMAS C. TRAICOFF

Milestone Observed by Court

Esther Court No. 13, Order of the Amaranth, celebrated its 12th anniversary and initiated three new members into the order at a recent dinner.

New initiates are Mrs. Oscar Ferrell, Mrs. Florence Walters and Milton Walters, Mrs. John Balch, royal matron; Mrs. William Pfahlert, past royal matron; Dennis Fisher, royal patron and Clyde Townsend, past patron, performed the initiation.

Mrs. Allen Schmidt gave the welcome and Marquis Sartell gave the response for the meeting.

Supreme officers present were Mrs. Ernest Pearson, Mrs. Albert Heiniche, Pierre Shaver and Andrew Gagarian; past grand officers attending were Mr. and Mrs. Harvey Whetzel.

Past royal matrons and past royal patrons who filled the stations as guest officers were Mr. and Mrs. Shaver, associate matron and associate patron; Catherine McCrindle, conductress; Mrs. Florence Schingick, associate conductress; Roy Wilton, secretary; Mrs. Lillian Wilton, truth; Mrs. Ernest Pearson, faith; Mrs. Alexander McVean, wisdom; and Mrs. Edward Modin, charity.

★ ★ ★

Others were Mrs. Earl Tacey, marshal east; William Cousins, historian; William Pfahlert, warden; and Mr. Sartell, prelate.

Witch Hazel to the Rescue

The first canter of the outdoor riding season is apt to bring on the painful skin irritation known as saddle sore. Even a bicycle ride can do it. The inflamed inner thighs should be washed thoroughly with luke warm water and mild soap.

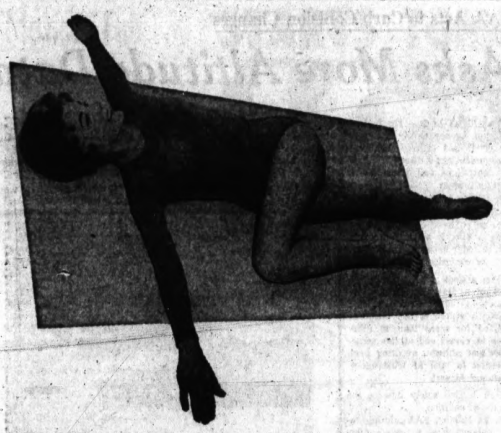

After drying (blot, don't rub), splash the area with good quality witch hazel. Repeat the witch hazel treatment if the burning sensation reoccurs.

Wide Waist Cinch

(NEA) — For tall girls with tiny waists: that great wide leather belt from the French collections.

Top level General Motors executive secretaries were special guests for a tour of Pontiac Motor Division's main plant this week in conjunction with National Secretaries Week. Watching operations in the final assembly area are (from left) Dorothy M. Murray, New York secretary to GM board chairman Frederic G. Donner; Mrs. Fritz MacKenzie, Mr. Donner's Detroit secretary; Mrs. Ruth Moffatt, secretary to George Russell, GM executive vice president; Hilda Brand, secretary to E. M. Estes, GM vice president and Pontiac Division general manager; Albert L. Lake, GM personnel staff; and Mrs. Isabel Brown, New York secretary to George Brooks, secretary of General Motors.

This exercise, like others, is corrective in a special way to more than one figure fault. It's wonderful for emergencies—for instance, when you suddenly realize that your hips, abdomen or waist measurement has increased.

Double-Dealing Exercise

'Kill 2 Birds With 1 Stone'

By JOSEPHINE LOWMAN

There are some exercises which are corrective in a special way to more than one figure fault. These are the ones which women should keep in their kit of daily exercise since we are all rushed and like to make motions which do the most with the least effort and in the shortest time.

These also are wonderful for emergencies — for instance, when you suddenly realize that your hips, abdomen or waist measurement has increased.

The following one is splendid for the hips and thighs and gives the waist a wonderful twist.

Lie on the floor on your back, legs straight. Your arms rest on the floor extending straight out from your shoulders. Palms face the floor. Cling to the floor with your fingertips as you bend your right knee up close to your abdomen. Cross your right knee over your left leg and try to touch the floor on the left side of your body with your right knee. At least bring the knee as close to the floor as possible.

Raise knee and return right leg to place. This time bend your left knee up to your tummy, cross over the right leg and try to touch the floor on the right side of your body with your left knee. Return left leg to place. Continue. Be sure to keep your fingertips on the floor so that you twist at the waist.

Here is one for the abdomen and the neckline. Lie on the floor on your back, arms resting on the floor at your sides and legs straight. Raise your head from the floor as you bend both knees up to your abdomen. Return legs and head to the floor. Continue, slowly.

You should choose your exercises for your special figure faults. Always be sure to follow directions carefully because this makes a great difference in the results you get. For instance, bending your knees when they are supposed to be straight can make an exercise ineffective.

If you would like to have my Combination Exercises, send a stamped, self-addressed envelope with your request for leaflet No. 5 to Josephine Lowman in care of The Pontiac Press.

Have Fun With Glasses

By ALICIA HART

(NEA)—If you wear glasses, you could already own several frames in different colors. You may have a pretty pair for evening wear, sunglasses for snow glare plus a pair for office or street wear.

* * *

You probably don't feel self-conscious about wearing them, but you can have more fun in wearing them if you make a habit of wearing eye make-up that blends with the color of the frame — mauve make-up for mauve frames, blue for ice blue and so on.

Be sure that you keep your brows plucked and that the sweep of your brows is clean and well-defined. If your brows are light or sparse, darken them with an eyebrow pencil.

Glasses in themselves are sparkly and colorful so take it easy on earrings or other glittery jewelry near your face. It can add up to too much.

When you have your hair styled, make sure that your hairdresser is aware that you wear glasses. This can make a big difference in the final hairdo.

FEDERAL'S

Suspect Hair Sprays Bad for Lungs

By the Associated Press

Possible hair spray hazards, tooth banks and meaning of that tired feeling are topics of medical reports:

HAIR SPRAY HAZARD

A medical study raises suspicions that hair sprays may cause lung diseases in some women and in men who work as hair dressers.

There is no proof this happens, and thousands of women have used the sprays without any apparent harmful effects, says a team of doctors.

But they tell of 15 women and men who possibly suffered lung damage from breathing in particles of resins used in hair sprays. They found evidence of lung damage in X-rays, in examinations of bits of tissue and in autopsies of three women.

It is known, they say, that people can breathe in the resin particles, but they didn't find the particles in the lungs. And animals exposed to the hair sprays haven't shown lung damage.

Nonetheless, Dr. Martin Bergman of St. Louis, Mo., and six associates say they think the study raises a strong assumption that breathing in too much of the hair spray material can cause trouble in susceptible persons.

POLIO VACCINE

The new live-virus polio vaccine now is becoming available, but a committee of the American Academy of Pediatrics sees no emergency or urgency to give it to persons who have already had the full series of killed-virus or Salk vaccine shots and booster.

Most paralytic polio occurs now among persons who didn't get Salk vaccine, it says. The specialists urge more effort to use the Sabin or live-virus vaccine in persons who as yet have had no vaccination. The Sabin vaccine offers several advantages, and "is best used on a community-wide basis whenever an epidemic of polio strikes an area."

EXTRA TEETH

One day you may be able to call on a tooth bank to replace missing teeth.

As an initial step, teeth have been preserved and grown outside the body in research by Dr. Robert Gerstner at the New York University Dental Center. Teeth in early stages of growth can be treated with an antifreeze, glycerol, and then freeze-stored for years. They grow normally again after quick thawing.

And tooth buds from experimental animals have been grown in nutrient flasks up to the time when they are ready for formation of hard enamel. Dr. Gerstner now hopes to find enzymes which will start the formation of the enamel.

DEPRESSION

That always-tired feeling can be a signal of emotional depression, stemming from something or someone lost, physicians point out.

Physical injury, the loss of a loved one, or loss of a sense of security can bring on the depression. The most common sign is fatigue ranging "from a general feeling of being 'tired all the time' to inability to work or get out of bed in the morning," write Drs. John D. Stockle and Gerald E. Davidson of Boston.

Other signs: upsets in sleeping habits, feelings of helplessness, hopelessness, irritability and resentment.

Physicians can help by encouraging a person to talk out and understand his problems, they add.

ARTIFICIAL WINDPIPE

Injury, infection, or tumors can damage the trachea or windpipe, and of the damage is severe enough, people choke to death.

* * *

Now, Baylor University physicians say they've found a good artificial trachea, made of a heavy mesh plastic. The trouble with earlier substitutes, says Dr. Arthur C. Beall Jr. and associates, was that infections developed, or the grafted substitute wouldn't stay in place, or fibrous tissue grew inside and blocked the air passage. The new substitute has been used successfully in experiments on dogs.

YOU MAY HAVE
PIN-WORMS
AND NOT KNOW IT

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms...ugly parasites that medical experts say infest 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge . . . small, easy-to-take tablets . . . special sizes for children and adults.

Careening Car Hits Tree Near Dexter, 2 Men Die

DEXTER (UPI) — Two men were killed near here last night when their car went out of control on a curve and struck a tree.

* * *

Authorities identified the victims as Frederic Flick, 20, and Lawrence Hardin, 21, both of Dexter.

Authorities said the car, driven by Flick, was apparently traveling at a high speed and could not negotiate a curve on Baker Road near this Genesee County community.

AP Photofax

"HE WAS MY HUSBAND"—Genevieve Arnault, 23, poses with a picture of the late King Faisal II of Iraq who was assassinated July 14, 1958, when he was 23 years old. Miss Arnault claimed in New York Surrogates Court that she was Faisal's wife and is entitled to $113,660 on deposit in his name at a local bank.

Castro Denies Tots to Be Sent to Russia

KEY WEST, Fla. (AP)—Prime Minister Fidel Castro today branded as a cruel counterrevolutionary rumor the persistent report that his regime plans to take children from their parents and send them to the Soviet Union.

"It's an absurd, illogical idea," he told a nationwide television and radio audience in a post-midnight address.

Castro appeared as the final speaker in a panel discussion of Cuba's system of nurseries for children of working parents. He said the nurseries prove the concern of his regime for children because they make it unnecessary for working women to choose between having jobs and rearing families.

Truck Barely Misses Janis Paige's House

HOLLYWOOD (AP)— A seventon dump truck tumbled down an embankment Tuesday and stopped just short of the Hollywood Hills home of actress Janis Paige, narrowly missing a bedroom where Miss Paige was dressing.

Columbus Bryant, 32, told police he had left the truck parked on a drive above Miss Paige's home. He said he had no idea how it broke loose.

Four Killed in Panic

ODEMISH, Turkey (AP)—Fears that the roof was about to cave in under a heavy rain set off a panic in a small movie house Tuesday. Four persons — three women and a child—were killed and more than 100 injured in the ensuing stampede.

FAA Acts to Curb Collision Chances

Asks More Altitude Data

WASHINGTON (AP) — The Federal Aviation Agency (FAA) said yesterday it has ordered increased communications between air traffic controllers and pilots as to flying altitudes.

At the same time the FAA's air traffic service has ordered a reduction of other communications, while a pilot is under radar control, in order to cut down the possibility of confusion.

The actions are the direct result of a March 21 incident in which, through a traffic controller's oversight, two airliners circled for more than 40 minutes in clouds and at the same 7,000-foot altitude, awaiting permission to land at Washington National Airport.

Both landed safely despite the chance of collision.

N. E. Halaby, FAA administrator, announced at a news conference last week that he was taking action to tighten air traffic control procedures.

FAA said that the result was a formal order, sent out Friday to all traffic control facilities, that:

1. **On initial contact with an airplane operating under instrument flight rules, the controller should ask the pilot to confirm his altitude. In the March 21 incident, controllers assumed that one of the airliners involved was at 6,000 feet, a safe 1,000 feet below the other.**
2. **Pilots should confirm altitude at every position report.**
3. **At any other time when the controller considers it necessary or advisable, or when there is the slightest doubt, the pilot should be asked to confirm his altitude.**

The notice directed controllers to follow a philosophy of active rather than passive assistance to pilots, and to make full use of all the radar equipment available in handling all traffic.

The notice said it was a shortcoming "in both philosophy and professionalism to fail to exploit the advantages of a radar system when either the air traffic control system or the pilot will benefit."

Edward H. Cockerham, executive director of the Air Traffic Control Association, said in a statement, meanwhile, that the morale of air traffic controllers "right now is at an all-time low."

Cockerham noted that although Halaby had recommended increases in pay and prestige, the Civil Service Commission and the Bureau of the Budget "made an adverse ruling requiring the downgrading of over 900 controllers."

He said these controllers would receive pay cuts May 13.

You've Never Owned a Lighter Pair of Golf Shoes Than These

Mexican Fair to Stress Old

Exhibition Opens Next Month at Site of Fight Which Routed French

PUEBLA, Mexico (AP) — Mexico is opening a big fair here next month with the emphasis on the old rather than the new.

The exhibit will be pegged to a famed battle May 5 a century ago when a French invaders were routed.

Two ancient forts — Loreto and Guadalupe — are being restored for the show in this colonial capital on the site where the ancient battle was fought.

President Adolfo Lopez Mateos will open the fair simultaneously with a new $16 million speedway linking Puebla and Mexico City. The fair will run until Nov. 20 and plans are being made for thousands of tourists.

HISTORY TO BE THEME

History and handcrafts will be the theme of the Puebla exhibition.

The hero will be Gen. Ignacio Zaragoza, who commanded Mexico's victorious forces in the battle against the French. He was born in Goliad, Tex., and soil from there is being carried to Puebla by men and boys running in relays.

Government officials hope to use the fair as a sort of testing ground for development of other historic sites. Tourism is Mexico's second greatest dollar earner — behind agriculture — bringing in more than $800 million a year.

★ ★ ★

The Puebla Fair needed over $5 million to get going. The way the money was raised is an experiment that may be tried in other places.

★ ★ ★

Decades ago the land of the historic battle site belonged to private landowners. The government expropriated the property for a national park. But the owners sued and were upheld in the courts in 1946.

When the government decided to sponsor the fair, officials talked the landowners into selling the historic site at its assessed value, which was low.

With new roads, highways and other developments, the value of surrounding property skyrocketed. The landowners agreed to higher assessments.

This helped raise most of the millions for the fair and the federal government had to put up only about $240,000.

Nehru in Hills for Rest

NEW DELHI, India (AP) — Prime Minister Nehru flew to the Himlayan foothills today for a three-day rest at Dehradun. Nehru, 72, has not regained his customary energy and strength since a bad cold put him to bed for several days at the end of March.

Pontiac, Nearby Area Deaths

HENRY D. GILBREATH

A committal service will be conducted for former Pontiac resident Henry D. Gilbreath of 9229 Vinewood Drive, Dallas, Tex., at 11 a.m. Friday in the Temple of Memories, White Chapel Memorial Cemetery. His body will be at the Voorhees-Siple Funeral Home Thursday.

A retired Pontiac Motor Division employe, Mr. Gilbreath 84, died Monday at the Foster Hospital in Dallas after a long illness.

He was a member of the Knights of Pythias.

Surviving are a daughter, Mrs. Gladys Potts of Dallas; a grandson and three great-grandchildren.

MYRON LADSON

Service for Myron Ladson, 88, of 5911 Andersonville Road, Waterford Township, will be at 1:30 p.m. Thursday at Huntoon Funeral Home. Burial will follow in the Drayton Plains Cemetery.

Mr. Ladson died Monday afternoon in Bloomfield Hospital.

LISA ANN MARKS

Graveside prayers were offered in Ottawa Park Cemetery this morning for Lisa Ann Marks, infant daughter of Mr. and Mrs. Bryon Marks of 758 W. Huron St. Arrangements were by the Voorhees-Siple Funeral Home.

Lisa died soon after birth Monday at St. Joseph Mercy Hospital.

Surviving besides the parents are grandparents, Mrs. George Drittler, and Mr. and Mrs. Kelsheth Marks, all of Pontiac, and Harvey Adams of Lake Orion; and great-grandparents, Mr. and Mrs. Robert Wilson of Pontiac, Mrs. Alma McGiness of Lake City and Mrs. Ada Marks of Evart.

SGT. LESTER E. MARTIN

Word has been received from the War Department in Washington of the death of Sgt. Lester E. Martin of 50 Wisner St.

He died in Korea Sunday after an illness of only a few days.

Sgt. Martin leaves his wife Yoshiko; of Pontiac; two children, Sally and John, both at home; a sister, Mrs. Sherman Whiteside of Pontiac; and two brothers, Berlin and Floyd, both of Pontiac.

Sgt. Martin's body will be brought to Pontiac for service and burial.

ERNEST J. DOUGLAS

SHELBY TOWNSHIP — Service for Ernest J. Douglas, 58, of 50471 Mound Road, will be 9:30 a.m. Friday at the Diener Funeral Home. Burial will be in St. Lawrence Cemetery.

Mr. Douglas died yesterday at St. Joseph Mercy Hospital, Pontiac, after a brief illness. He was a member of St. Isadore's Catholic Church, Macomb Township.

The Rosary will be recited at 8:30 p.m. tomorrow at the funeral home and a second service will be held at 10 a.m. Friday at the church.

Surviving are his wife Anna Mae; a son, Hollis of Rochester; three daughters, Mrs. Calvin Stroube of Hazel Park, Mrs. Richard Griffiths of Utica and Nancy, at home; his father, Albert, of Utica; eight grandchildren and three sisters.

GEORGE W. PITTENGER

HOLLY — Service for George W. Pittenger, 83, of 711 S. Broad St., will be 2 p.m. Friday at the Dryer Funeral Home with burial to follow in Rose Center Cemetery.

Mr. Pittenger died yesterday at his home after a short illness.

Surviving are four daughters, Mrs. Clifford Bentley of Pontiac, Mrs. Harold Quick of Ortonville and Mrs. Worth Hitchcock and Mrs. Norma Young, both of Holly; a son, LeVern of Holly; 20 grandchildren; 13 great-grandchildren and a brother, Clarence of Holly.

Control Yourself When A Headache Makes You Tense, Irritable

Take the Ingredients 3 out of 4 Doctors Recommend for Headache Pain. In Minutes — the Pain Goes, Also Its Tension and Irritability.

New York, N. Y. — It's a medical fact that pain from a tension headache can make people so irritable and highstrung they lose control of their tempers and take it out on those around them.

That's why tense, nervous headaches call for the stronger yet safer medication in Anacin®. Be sure it's Anacin you take because Anacin is like a doctor's prescription. That is, a *combination* of ingredients. Anacin goes to work instantly to relieve the pain and its tension and irritability. In *minutes* you feel 'great' — in control again and all without tranquilizers or narcotics of any kind.

Here's why Anacin gives such *fast*, long-lasting and more complete relief. Anacin is different and contains extra ingredients *missing* in aspirin and still *missing* with buffering. Extra ingredients which 3 out of 4 doctors recommend and which many doctors themselves take when *they* have headache pain.

It's this big difference in Anacin (the *extra* medication) that makes the big difference in the way you feel. Anacin Tablets contain no narcotics, do not form a habit or leave one depressed. They do not irritate or upset the stomach.

See if the stronger yet safer medication in Anacin doesn't work better for you!

Judge Dismisses 2 Theft Charges

Dearborn Man Facing Third Complaint in Waterford Burglary

Two charges against a Dearborn man in connection with the February theft of $20,000 in coins from a Waterford Township collector were dismissed in Justice Court yesterday. He will be examined on a third charge in circuit court May 3.

Waterford Township Justice of the Peace John E. McGrath dismissed charges of breaking and entering and larceny from a building due to insufficient evidence. The defendant, Ralph Coburn, 28, of 6059 Cronin, Dearborn, however, was arraigned again on a charge of receiving stolen property.

Coburn was arrested by state police February 23 and arraigned then on the three counts. Three scheduled examinations in justice court has been postponed. Coburn stood mute yesterday on all three charges and a plea of innocent was entered for him. Then Justice McGrath dismissed two of the charges.

The coins were stolen from the home of Donald P. McLain, 1851 while McLain was at work at General Motors Truck and Coach Division.

Thousands of coins were reported taken inculding a special collection of biblical coins dating back to 350 B.C. and valued at $1,500.

Holdup Suspect Caught Minutes After Robbery

A Pontiac police officer early this morning apprehended a holdup suspect only minutes after an attendant at the Clark Gas Station, 157 Auburn Ave., had been robbed of $47.50 at the point of a BB rifle carried by a masked motorist.

Being held is Ernest Polk, 22, of 216 Ferry St., who was arrested at 2:30 a.m. after he was seen running down a street 10 blocks from the service station. The apprehending officer, Jerry Polster, was searching the area at Sanford and Midway streets after he was alerted by police radio and heard dogs barking loudly in the neighborhood.

The attendant, John Goodsell, 46, of 109 Moreland St., identified Polk as the holdup man, police said. When apprehended, Polk was wearing a bandana around his neck and carried $32.25 on him, police said.

* * *

A stolen car containing a BB rifle was found in the area at the same time.

Experienced Officers Aid in Baby's Birth

Mrs. Richard D. Vargo was assisted by a highly experienced maternity crew as she gave birth to a girl early yesterday morning outside the Waterford Township police station.

* * *

Officer Richard Beckman, who actually performed the delivery, has been in on seven such emergencies while his aides, Officers Raymond Wilhelm and Frederick St. Souver, have now participated in five and two maternity cases, respectively.

Mrs. Vargo, 7390 North Shaker St., Waterford Township, and the baby are both in good condition in Pontiac General Hospital.

5 Elected Officers of Pontiac YMCA

Five men have been elected to serve one-year terms as officers of the Pontiac YMCA.

W. E. C. Huthwaite of 527 W. Iroquois Rd., is president and Earl Maxwell, 5605 Lahser, Birmingham, is vice president.

Other officers are Milo J. Crose, 1975 N. Hammond Lake Drive, treasurer; Tom Horwitz, 949 James K Blvd., secretary; and Clarence Nephler Jr., 6490 Thurber St., Birmingham, trust officer.

Man Pleads Innocent to Gambling Charges

A Pontiac man who turned himself in to Pontiac Police, after hearing of a warrant for his arrest, pleaded innocent to charges of aiding and abetting in operating a gambling place, when arraigned yesterday before Municipal Judge Cecil McCallum.

Ransom Junior Marcum, 32, of 179 Judson St. was released on $100 after trial was set for May 1.

Blaze Damages House in Waterford Township

A fire early this morning at 5224 Pontiac Lake Road, Waterford Township, resulted in $800 damage to the house and its contents.

Firemen said the blaze, that originated in the bedroom of the home occupied by Marjorie Radke, was caused by a homemade heat lamp. The building is owned by Oscar Shielinger of Holly.

Both Punxsutawney, Pa., and Sun Prairie, Wis., claim to be the official residence of the ground hog.

Why "Good-Time" Charlie Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Large, economy size means money. Get Doan's Pills today!

Doan's

Pontiac City Affairs

OK Asking Bids for Old Main Library

Pontiac's old main library is for sale. City commissioners meeting last night passed a resolution authorizing City Clerk Olga Barkesby to advertise for bids on the building and property at Williams and Lawrence streets.

* * *

The deadline for submitting bids is 2 p.m. May 8.

One of the oldest city-owned buildings, the library was built around the turn of the century. It has been standing empty since the new main library opened on East Pike Street early last year.

The building is not structurally sound, according to city inspectors, and city officials expect the buyer will clear the property.

The two-story structure previously had been considered for use as a retirees center by local labor unions and as a recreation center by the Parks and Recreation Department. Both dropped the idea due to the cost of remodeling the building.

TO FIX SIDEWALK

In other business, a resolution authorizing City Engineer James N. Carlisle to proceed with the 1962 sidewalk repair program was passed.

Engineers will inspect sidewalks and recommend repairs where they are needed. Property owners will be notified by mail and personal contact.

Cost estimates on proposed construction of a storm drain on Wrenn Street, Fildew to north of Arthur, were accepted. Total cost of the project is estimated by Carlisle at $35,889.70, with the city paying $16,248.16 and $19,643.54 coming from special assessments.

* * *

Estimates were also accepted for the following curb and gutter construction projects.

Carlisle Avenue, Kennett to the north line of lots 147 and 260, Buena Vista Heights Subdivision, and on the north side of Kennett, Carlisle to Mansfield: Assessed cost, $1,103.70; City cost, $367.30; total, $1,771.

Fairview Avenue, Kennett to north line of lots 286 and 295, Buena Vista Heights Subdivision: Assessed, $723.16; city, $1,295.40; total, $2,018.56.

Dewey Street, Kennett to north line of lots 265 and 231, Buena Vista Heights Subdivision: Assessed, $765.40; city, $540.85; total, $1,306.25.

RECAPPING COSTS

Estimates were also accepted for recapping of Voorhees Road, Orchard Lake to Telegraph; Sanford Street, Raeburn to South Boulevard; and East Pike Street, Sanford to East Boulevard.

Those estimates are as follows.

Voorhees Road: Assessed, $6,973.35; city, $27,666.75; total, $34,640.10.

Sanford Street: Assessed, $4,283.03; city $21,960.22; total, $26,243.25.

East Pike Street: Assessed, $3,952.38; city, $13,807.67; total, $17,760.05.

Public hearings were scheduled for next Tuesday night on all of the projects for which cost estimates were accepted last night.

Special assessment rolls were accepted for black topping of portions of nine city streets and public hearings on the rolls were slated for next Tuesday.

The black-top projects are on Bassett, Stanley, Woodland and First Avenues; Steinbaugh Court; Foster, High and Elm Streets; and Hillside Drive.

Work was ordered to proceed on curb and gutter construction on portions of Howard Street and Inglewood Avenue after no objections were heard at public hearings on the special assessment rolls for the projects.

No objections were heard at hearings on rolls for proposed black-top projects on parts of Cameron, Kenilworth, Monticello and Stirling Avenues, and work will proceed on the projects.

In other business commissioners approved the transfer of ownership and location of a SDM license from William P. Gregory at 317 Whittemore St. to Clifford J. and Philip H. Officer at 314 Wessen St.

Pontiac School Class Changes to Be Put Off

No decision is expected until fall by the Pontiac Board of Education on possible relocating of classes in several schools next fall, Supt. Dana P. Whitmer stressed today.

A prospective housing report will be submitted to the board at 8 p.m. Thursday merely for information.

Possible changes in enrollment at individual schools makes it impossible at this time to determine exact conditions and solutions of overcrowding, Dr. Whitmer noted.

Elect Area Supervisor Chairman of Association

Duane Hurstfall, supervisor of Independence Township, was elected chairman of the Oakland County Township Supervisors Association at yesterday's meeting of the organization.

Hurstfall, who has been township supervisor for five years, was also named vice chairman of the Oakland County Association of Assessing Officers.

Houston Blaze Leaves Four Persons Injured

PASADENA, Tex. (UPI) — An explosion and fire shortly before midnight in the Houston ship channel-oil refinery complex injured at least four persons and forced evacuation of homes in the area.

Easter Ham, Hard Cooked Eggs Make a Second Appearance

By JANET ODELL
Pontiac Press Home Editor

Do you have leftover ham and hard-cooked eggs in your refrigerator? We have the ham.

Are you wondering how you will use these two foods so that the family won't get tired of them? Let's look up some new ideas.

Hard-cooked eggs make an attractive garnish for vegetable dishes. Anyone who likes spinach will enjoy it fixed in the following manner.

Savory Spinach With Eggs

1 package (10 ounces) quick-frozen chopped spinach
½ cup spinach liquid
1 strip bacon, diced
1 tablespoon chopped onion
1 teaspoon flour
⅝ teaspoon salt
Dash of pepper
2 hard-cooked eggs, quartered

Cook spinach as directed on the package. Drain, reserving liquid; measure ½ cup. Saute bacon and onion slowly until delicately browned. Add flour and mix thoroughly. Add spinach liquid gradually, and cook until thickened, stirring constantly. Add spinach, salt, and pepper and heat thoroughly. Garnish with hard-cooked eggs. Makes 2 or 3 servings.

How about a ham loaf made with leftover ham? This good recipe calls for rolled oats and canned tomato soup. You may use more of the same soup for a tasty sauce.

Ham Loaf

3 cups ground leftover ham
1 cup rolled oats
⅔ cup condensed tomato soup
2 eggs
½ teaspoon allspice
¼ cup finely chopped parsley
⅓ cup finely chopped green pepper
1 tablespoon finely minced onion

Mix together the ground ham, rolled oats, tomato soup, beaten eggs, allspice, parsley, green pepper and minced onion. Pack into lightly greased loaf pan. Bake in a slow oven (325 degrees F.) for one hour. Let stand 5 minutes before removing from the pan. 6 servings.

★ ★ ★

Then if you still have some ham left, serve it creamed with a new version of Johnnycake, or Jackcake. Ready-to-eat corn cereal is used instead of cornmeal. Any of the bread left may be toasted under the broiler for breakfast.

JACKCAKE AND CREAMED HAM

Jackcake

1⅓ cups sifted enriched flour
¼ cup sugar
3 teaspoons baking powder
½ teaspoon salt
⅛ teaspoon soda
2¼ cups bite-size toasted corn cereal crushed to 1 cup
1 egg
¾ cup sour milk
1 tablespoon light molasses
¼ cup salad oil or melted shortening

Heat oven to hot (400 degrees). Butter an 8-inch square baking pan. Sift together flour, sugar, baking powder, salt and soda. Stir in cereal crumbs. Beat together egg, milk and molasses. Mix in oil. Add to dry ingredients. Stir only until blended. Pour into buttered pan. Bake 30 minutes or until browned.

Creamed Ham

¼ cup butter or margarine
¼ cup flour
2 cups milk
1½ cups shredded sharp cheddar cheese
¾ teaspoon Worcestershire sauce
2½ cups diced cooked ham

Melt butter. Add flour. Blend. Stir in milk gradually. Heat and stir until boiling and thickened. Add cheese and Worcestershire sauce. Stir until cheese is melted. Add ham. Heat thoroughly. Serve over Jackcake. Yield: 6-8 servings.

Filling for Main Dish Pie Mixes Eggs, Asparagus

With eggs so plentiful, try this delicious egg and asparagus main dish. Serve it with crisp bacon or thin slices of ham.

EGG 'N' ASPARAGUS PIE

Crust:
1-3 cup enriched corn meal
1 cup sifted all-purpose flour
½ teaspoon salt
¼ cup shortening
4 to 5 tablespoons cold water

Filling:
¼ cup butter or margarine
¼ cup all-purpose flour
½ teaspoon salt
⅛ teaspoon pepper
1½ cups milk
1 cup shredded American cheese
1 15-ounce can asparagus spears, drained
6 hard-cooked eggs, sliced

★ ★ ★

Heat oven to very hot (450 degrees F.). For crust, sift together corn meal, flour and salt. Cut in shortening until mixture resembles coarse crumbs. Add water, a tablespoon at a time, stirring lightly until pastry can be formed into ball. Turn out on lightly floured board or canvas; let stand about 5 minutes.

Roll dough to form a 13-inch circle; fit loosely into 9-inch pie plate. Fold edge under; flute. Prick bottom and sides. Bake in preheated oven (450 degrees F.) 12 to 15 minutes.

For filling, melt butter in medium-sized saucepan; stir in flour, salt and pepper. Gradually add milk; cook over low heat, stirring constantly until thickened. Stir in cheese; cook several additional minutes until cheese is melted and sauce is smooth.

★ ★ ★

Arrange asparagus spears and eggs in bottom of baked pie shell. Cover with cheese sauce. Broil several minutes until top is bubbly and lightly browned. Garnish with additional asparagus spears, hard-cooked egg slices and paprika if desired. Serve hot.

Pink Cheese Sauce Blankets Asparagus

Prepare asparagus with a "Nationality."

Italian Asparagus

1½ cups cooked asparagus spears
⅓ cup tomato sauce (thick)
½ lb. Mozzarella cheese (sliced thin)
½ cup grated Parmesan cheese

★ ★ ★

Arrange asparagus spears on baking sheet. Dot with butter; sprinkle with salt and pepper. Pour tomato sauce over asparagus; arrange cheese slices on top; sprinkle Parmesan cheese over all until covered. Place in broiler about 4 inches below heat. Broil until cheese browns lightly.

Cheese-Raisin Roll-Ups

Raisin cheese roll ups are quick and interesting. Remove crusts from slices of moist raisin bread, spread with tangy salad dressing, top with a thin cheese slice and roll up tightly. Secure with wooden pick. For pretty green garnish, tuck bits of parsley into each end.

School Tax to Be Vote Issue

To Ask Oxford Renew 8 Mills

Board of Education to Place Operating Levy on June 11 Ballot

OXFORD—School district voters will be asked in the June 11 school election here to approve renewal of an eight-mill operating tax due to expire this year.

The Oxford School Board last night voted to place the millage request on the ballot in an effort to meet the record budget of $649,144 adopted for 1962-63.

A citizen's committee formed by the Parent-Teacher Association Council and headed by PTA Council President David Neff has given its wholehearted support to the millage renewal and has made plans to campaign for its passage.

The committee first plans a campaign to achieve 100 per cent voter registration in the school district.

★ ★ ★

Of the eight mills due to expire this year, five mills have been in effect for three years, and the other three for one year.

The total eight mills means about $120,000 per year in operating funds, according to Supt. Roger Oberg.

Even if the millage renewal is approved, a budget deficit may result, Oberg said, and cutbacks in the school program may be necessary. The school district already has a cumulative operating deficit amounting to some $80,000, although a portion of that is to be paid this year.

STILL HOPES FOR AID

Oberg said he is still hoping for a possible increase in state aid to help meet the budget.

The new budget, approximately $37,000 higher than this year's, includes an across-the-board pay raise of $50 for teachers, purchase of three new school buses and improvement in lighting and furniture at the junior high school.

Also included is addition of a high school teacher and the $150 annual increments for teacher salaries.

NEWS OF THE AREA

Vlasic to Request Extension on Sewage Plant Deadline

IMLAY CITY — The Vlasic Food Products Co. will ask the village for a year's extension of the June 30 deadline on providing adequate sewage disposal facilities for its pickle-packing plant here.

Earl Butler, transporation and maintenance manager for the firm, said today he is drafting a letter making such a request to be presented at the next regular meeting of the Village Council May 1.

The deadline, however, was imposed by the State Health Department and the Water Resources Commission, and the extension request must be taken to them by the Village Council before it can be granted.

Vlasic Board Chairman Joseph Vlasic has indicated that the plant will be kept in Imlay City despite estimated costs of up to $200,000 for a sewage treatment plant.

★ ★ ★

The company had considered moving to another area after the state agencies ordered Imlay City and the Vlasic firm to halt pollution of the Belle River by June 30.

Imlay City's disposal plant is not large enough to handle waste from the pickle-packing plant during the peak production season in the summer.

Vlasic's indication that it would stay in Imlay City, where the employment of about 100 makes the plant one of the village's largest employers, means the company must build its own treatment plant in order to meet state demands.

Butler said an extension is necessary regardless of the final decision on proposed solutions to the sewage problem. Construction of a treatment plant would take six to eight months, he said.

The company has been considering construction of a lagoon-type treatment facility.

MARK MILLER

JUDITH FAVRE

Name Two Top Seniors at Lake Orion High School

LAKE ORION—Two seniors who compiled almost identical academic averages have been named valedictorian and salutatorian of Lake Orion High School's 1962 graduating class.

★ ★ ★

Judith Favre, valedictorian, has a 3.85 grade point average out of a possible 4.00, while salutatorian Mark Miller's average is just a shade behind at 3.84.

Judith, daughter of Mr. and Mrs. Fred Favre of 538 Bagley Drive, has been active in the school's forensic and Thespian organizations.

A member of the National Honor Society, she has been secretary of the Student Council and was class secretary in the 10th grade.

Judy's plans are to enter Western Michigan University in September and become a teacher.

Mark has been active on the school yearbook staff and in the Science Club while also participating in track and baseball. A member of the National Honor Society, he has been accompanist for vocal groups for the past three years.

Son of Mr. and Mrs. Francis Miller of 809 E. Clarkston Road, he plans to study engineering at the University of Michigan.

Named to Head Friends of Woodward Library

ROCHESTER — Mrs. James P. Headlee has been elected president of the Friends of the Woodward Memorial Public Library.

Other newly elected officers are Robert E. Runser, vice president; Mrs. C. Wayne Dennis, corresponding secretary; Arthur R. Cox, recording secretary; and Lloyd D. Buss, treasurer.

To Serve Steak Dinner

ORION TOWNSHIP — The Women's Society of Christian Service will serve a Swiss steak dinner at the Howarth Methodist Church, Silver Bell and Bald Mountain roads, at 5 p.m. today.

Imlay School Board OKs 2 New Rooms

IMLAY CITY — The board of education has approved a plan to provide two new classrooms in the Imlay City Elementary School by remodeling the school's cafeteria.

One classroom will be for use by a special education class to begin in September.

Two four-year terms on the school board will be filled in the June 11 school election.

Current terms of the board's vice president, Francis Spencer, and treasurer, Howard Caldwell, will expire.

Nominating petitions may be obtained from School Board Secretary William E. Knight.

$130,500 Budget Passed by Orion Twp. Board

ORION TOWNSHIP—A 1962-63 budget of $130,500, some $9,000 greater than last year's budget, has been approved by the Orion Township Board.

The new budget features a $10,000 increase in appropriations for road repair and maintenance and a $2,000 addition to the zoning fund in anticipation of possible creation of a planning commission.

Plan Dance at School

DRYDEN — Seniors at Dryden High School will sponsor a disc jockey dance Saturday evening to raise funds for their class trip. The affair will be in the high school gymnasium from 8:30 to 11:30 p.m.

Troy Teachers May Get Raise

But Contracts Provide for Possibility Only if Budget Can Stand It

TROY — The Troy Board of Education last night approved 138 teacher contracts without a salary schedule increase, but left the door open for raises at a later date.

Teacher contracts contain the sentence: "The above salary may be increased if the final 1962-63 budget provides for it."

Supt. Rex B. Smith explained the final budget depends on action by the County Tax Allocation Board on the school district's proposed record budget of $1.57 million and on the amount of state aid received by the school system.

Smith told school board members that approximately a dozen teacher retirements, resignations and leaves of absence brought the number of teachers to the level required by the school district's cutback program.

The cutback program resulted from defeat of the three-mill school operating tax proposal April 2.

★ ★ ★

Other aspects of the cutback program will be decided when the final budget is known, Smith said today. Among the proposals is closing the Colerain Elementary School.

School board members also heard high school principal Roudaulph Smith report that his school had been placed on the "advised" list by the North Central Association of Colleges and Secondary Schools for an inadequate guidance counseling staff.

The board postponed action on Smith's recommendation for another counselor.

Weather Allows Good Progress in Farm Work

LANSING (AP) — The weather allowed Michigan farmers to make good progress with their field work during the past week, the Federal-State Crop Reporting Service said today.

★ ★ ★

Plowing and fitting soil and spring planting were the major farm activities. Soil moisture was reported adequate in nearly all sections of the state.

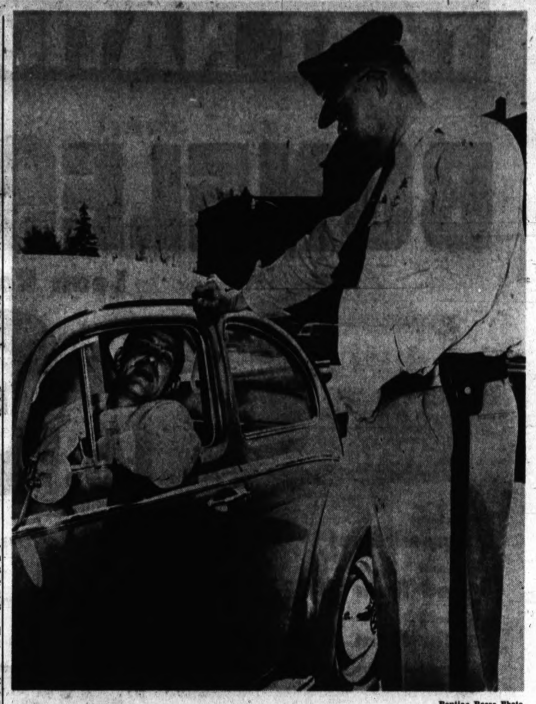

Early potatoes were being planted in Bay, Montcalm and Monroe counties. Good progress was made in sugar beet planting in central and eastern Michigan.

Damage to winter wheat was reported throughout southern Michigan. Many fields showed brown spots from winter kill and some will have to be planted to spring crops.

Almont Coin Club Sets Auction After Meeting

ALMONT — An auction of rare coins will follow the business meeting tomorrow of the Almont Coin Club to be held at its new location, the Almonte Cafe banquet room.

The public is invited to attend the club's regular sessions at 8 p.m. the second Wednesday and fourth Thursday of each month at the cafe.

Pontiac Press Photo

MIGHTY MAN — Holly's new police chief, William J. A. Wood, the biggest police chief in the United States (6 feet 8, 295 pounds), towers over a little car to talk to its driver, Ernest Byrd. Wood, 28, was police chief in Cass City before heading Holly's four man department. He has been cited as the countries largest chief by the International Police Chiefs Association.

'Big Bill' at Holly

Chief 'Scares' 'Em

By JIM LONG

HOLLY—Take away Bill Wood's gun and badge and what's left is a police chief who really doesn't need a gun or a badge.

Just knowing that Holly's new top law enforcer is in the neighborhood should make any would-be troublemaker think twice.

LARGEST IN U.S.

Wood is the largest police chief in the United States and it's a good bet that there aren't too many bigger anywhere else.

He stands 6 foot 8 inches and rattles the scale at a healthy 295 pounds.

Known as "Big Bill" wherever he goes, Wood, 28, took charge of Holly's four-man department a month ago, coming from Cass City where he headed the three-member force there for four years.

It was there that he gained a reputation for being able to "talk" a violator into surrendering rather than having to depend on his signs of authority.

One instance of this came a year ago when he calmed down a man who had barricaded himself, his wife and child in their home and threatened to kill them.

★ ★ ★

Wood shrugs off his action by saying, "It was actually easier to talk him out of his rifle than trying to find something big enough to hide behind."

Wood's size, while a deterrent to criminals, has caused him minor problems since becoming a policeman in 1954, mostly in getting uniforms that fit.

His police uniforms call for special tailoring since he wears an 18½ collar and 37 sleeve length. His shoe size, when he can get a pair, is 16.

"They just don't keep those sizes in stock so I have to order well ahead to get them before my old ones wear out," he explains.

A native of Hazel Park, Wood is the son of Mr. and Mrs. William J. C. Wood, now living in Cass City.

★ ★ ★

A 1950 graduate of Hazel Park High School, Wood has grown considerably since he played basketball for the Oakland County team, sprouting another five inches.

★ ★ ★

A stint in the Navy followed high school for Wood but lasted only two years when he received a medical discharge after suffering a back injury.

Married, he and his wife Margaret (5 foot 4 inches) have three children, Mark, 8, Brenda, 7, and Paul, 5.

★ ★ ★

Everything about his family is about average, Wood says, except for his own size and his younger brother, Bob, 23, who has his own private race for height.

Bob is 6 foot 6 inches and still growing.

WAYNE Y. HOLMAN

Rochester Man Heads Campaign for Avon GOP

ROCHESTER — A local man has been named the Republican party's campaign director for the Avon Township area.

He is Wayne Y. Holman, 41, a switchman in the Rochester office of Michigan Bell Telephone Co.

Holman, 355 Rochdale Drive, succeeds Donald E. Bishop, who resigned to become executive secretary for the Republican party of Genesee County.

A 1939 graduate of Rochester High School, Holman is serving his second four-year term as a trustee of Avon Township and is co-chairman of the regional planning board.

★ ★ ★

The life-long Rochester resident is also chairman of the Avon Township Liquor Commission, a member of the volunteer fire department committee and past chairman and cochairman of the Township Planning Advisory Board.

Condemnation Sought

Hotel Case Goes to Court Friday

LAKE ORION — The year-old condemnation case of the village council against the old Lake Orion Hotel is scheduled to come up Friday in Oakland County Circuit Court.

★ ★ ★

The village seeks a court order forcing the hotel's owner, Frank Dunaskis of 460 Crescent St., to comply with building, electrical and health codes.

Dunaskis claims the hotel is already up to standards.

The village's suit filed March 9, 1961, also asks an injunction against occupancy of the hotel until the building is brought up to code.

A request for a temporary restraining order at the time the suit was filed was denied.

The action was taken by the village council after Dunaskis refused to let village inspectors enter the hotel.

CONDEMNED IN '60

The hotel had been condemned as unsafe in December, 1960, and Dunaskis had agreed to bring the structure up to code.

After making some improvements, Dunaskis agreed to an inspection, but then changed his mind.

An inspection was made on a Circuit Court order and village officials still were not satisfied that the building complied with codes.

★ ★ ★

Condemnation action had been taken originally on recommendation of Oakland County Health Department representative for the area, Oscar Boyea.

Oxford Asking for Quiz Replies

Council Wants Citizens to Tell Their Wishes on Iron-Water Plant

OXFORD — The village council here is making a valiant effort to feel the public pulse before talking any further about a new iron removal plant for the village water system, but the pulse has been too weak for an accurate reading.

Of 535 questionnaires sent to village water users asking whether they desired construction of such a plant, only 176 had responded by last night's council meeting.

The "No" votes totaled 111 of the 176 replies, with 65 in favor of the plant.

Whether this means the majority is against the plant, or whether the antis feel more strongly about it, council members are not sure.

They decided to wait for more questionnairs to be returned, asking that water users complete them and send them to village offices as soon as possible.

Apply for Summer Work at Municipal Building

ROCHESTER — Applications for employment in the Avon Youth Service and Recreation Association summer program are being taken at the Municipal building here.

This is a change in location from Avon Township Hall, previously announced as the employment center.

Rochester Elks Plan Saturday Night Ball

ROCHESTER — The Rochester Elk's lodge will celebrate its first birthday with an anniversary ball at the temple Saturday night.

Theme of the event is "Springtime in Rochester." Free refreshments will be served from 7 to 8 p.m. and a buffet dinner from 7 to 9:30. Dancing will be continuous from 9:30 p.m. to 1:30 a.m.

The temple has been completely remodeled, redecorated and refurnished for the affair which will be attended by both state and grand lodge officers.

Tickets can be obtained until tomorrow from Milton's Mobil Station, Burr's Hardware or Byer's Shell Station.

Pontiac Press Photo

HISTORIC LANDMARK—The White Horse Inn in Metamora will be 125 years old Monday. An old coach stop, it has always been a hotel, having been on the main road from Oxford to Lapeer until the new M24 was built bypassing it in the early 1930s. This is still the original structure which has been renovated several times in its over-century-and-a-quarter history. Present co-owners are Graham S. Bodwell and Lawrence W. Smith.

Area Woman Injured When Car Hits Tree

A Milford Township woman was injured when her car crashed into a roadside tree in Highland Township yesterday.

★ ★ ★

Mrs. James Willard, 18, of 3350 Buno Road, was listed in satisfactory condition today at Pontiac General Hospital. She suffered a possible concussion.

According to sheriff's deputies, Mrs. Willard refused to make any statement regarding the accident. She was alone in the car at the time.

★ ★ ★

The accident occurred on N. Milford Road, quarter-mile north of Lone Tree Road.

State C. of C. Raps Tax Plan

Coalition Compromise in Senate Assailed as 'Money-Raising Device'

LANSING (UPI)—A so-called compromise tax program worked out by a coalition of Democrats and Republican moderates in the Senate was under heavy fire today from directors of the Michigan State Chamber of Commerce.

★ ★ ★

The group assailed nearly every feature of the blueprint yesterday, describing it as "a money-raising device, rather than genuine tax reform."

They said it would neither restore the confidence of existing or potential industry in Michigan as a place to do business nor spur industrial and economic growth.

The tax plan is based almost entirely on a program drawn up by Rep. Rollo G. Conlin, R-Tipton, the legislature's leading tax expert.

3 PCT. PERSONAL LEVY

It proposes a 3 per cent tax on personal income, a 5 per cent levy on corporate income and a 7 per cent rate on financial institutions.

Other proposals call for repeal of the business activities and intangibles taxes, reduction of the corporation franchise fee by 50 per cent, earmarking a penny of the four-cent sales tax for local governments and exemption of prescription drugs from the sales tax.

A survey of 31 firms representing a cross-section of Michigan industry showed that the plan would increase taxes on 18 of them, in amounts ranging from 2 to 256 per cent, the chamber said.

★ ★ ★

Seven firms would enjoy tax decreases and six would experience little or no change, the group said.

"The program does nothing to correct the abuses of disproportionate tax burdens placed on business by the personal property tax," the directors said.

This tax, they said, is recognized as the one that puts Michigan at the greatest disadvantage in the battle to attract and hold industry.

'DANGEROUS PRECEDENT'

The different tax rate proposed for individual and corporate income "establishes a dangerous precedent," the directors said.

"This provides a convenient means of raising the rates on corporations and financial institutions without similar increases in the individual rate," they said.

Local governments would be made more dependent than ever upon state government for their revenue if the state returns 25 per cent of the sales tax to local units, the chamber group said.

The Roman temple of Vesta in Tivoli, a town in central Italy northeast of Rome, is now a church.

MISSING CHILD FOUND—Rita Robbins, 4-year-old girl who was missing overnight from her home in Brooklyn, is embraced by her mother Esther, after being found unharmed yesterday in a basement apartment about two block from her home. Rita's father is at left. A woman upstairs had reported she heard a child crying in the night. The man who lives in the apartment is being questioned by police.

AP Photofax

Papers and Satellite Not in Competition

NEW YORK (UPI) — The press communications committee of the Newspaper Publishers Association said yesterday that although the forthcoming launching of the communications satellite Telstar will place the nation's press in the space age, newspapers will continue to be in the forefront of every advance in the communications field.

★ ★ ★

In a report to the annual ANPA convention, the committee said the opinion was based on "our experiences . . . in gathering, analyzing and reporting" information in the field to the members.

"Contrary to some public impression, the communications satellite is not primarily a device to transmit worldwide television," the report said.

"It is rather a modern method of transmitting data of all kinds, most assuredly including press communications of the type used in large volume by the newspaper business."

The committee reported on five steps it has taken to develop plans which would effect substantial savings to newspapers while affording broader opportunities for both large and small newspapers to make "efficient, economical use of the most modern methods of communications."

★ ★ ★

It said it had taken "deliberate care" in the development of its investigation so that "whatever plans we finally develop will fall within the requirements of the Federal Communications Commission and will make possible an effective working relationship through the existing communications companies."

The steps thus far taken by the committee were:

—An extensive survey in 1960 of communications requirements of ANPA members.

—Detailed analysis of the survey data.

—Consultation with special counsel in the communications field and with the ANPA general counsel.

—Preparation of working drafts of papers to create a new non-profit corporation to represent newspapers in the wholesale purchase of communications services.

—Consultation with communications companies.

The committee also said the American Telephone and Telegraph Company, with the cooperation of the committee, had undertaken a survey of the most efficient use of all types of communications facilities.

Church Robbed of $13,000 Fund; Priests Tied Up

YOUNGSTOWN, Ohio (UPI)—Bandits last night forced two priests to give them the combination to a safe, tied the two clergymen and then made off with the entire Easter collection of St. Dominic's Church here, more than $13,000.

Police have few clues on which to work. They said the gunmen, believed professionals, knew the church well. The bandits forced open a rear door of the church, made their way through a 60-foot long hallway in the dark and to an office where the money was in a wall safe.

They grabbed Fr. Thomas Donnelly when he returned to the rectory and later pulled in Fr. Francis Swartz, two of the seven priests at the rectory. The priests were tied up and thrown on an adjoining office floor.

Then they extracted the combination by threatening to kill them. The bandits, estimated at between two and five men, fled in a car.

The money was donated by some 9,700 parishioners served by the Roman Catholic Church on the city's south side. The money usually is deposited in the bank on Monday, but was held out this week for counting because of the unusual amount.

Woman Finds Purse Lost by Sister-in-Law

PUEBLO, Colo. (UPI) — Mrs. Ernest Gomez left a wallet containing $55 in a rest room at a Walsenburg filling station, but she got back every penny.

Fifteen minutes after she left the place, her sister-in-law, Mrs. Alfred Vigil of Denver, found the billfold. The two families happened to make holiday trips on the same day in the same southern Colorado area.

Color photographs may now be reproduced on business cards.

Thanks to World's Fair

Seattle Culture Leaps Forward

By BOB THOMAS

SEATTLE, Wash. (AP) — The world's fair is giving Seattle a great cultural leap forward. All that other American cities need to follow suit is some imagination and several million dollars.

You had only to witness the Century 21 Exposition's opening night gala to sense Seattle's transition from a cultural backwoods to a potential Athens of the West.

It was quite a show, the cream of Seattle society, plus some skim-milk visitors, gathered in the massive new marble and cherrywood opera house to hear a concert that would do justice to any musical capital in the world.

THOMAS

★ ★ ★

First Milton Katims conducted the accomplished Seattle Symphony through a Beethoven symphony. Then bushy-haired Van Cliburn ripped through a Rachmaninoff concerto in his histrionic style.

The glittering audience rose to cheer Igor Stravinsky as the crickety near-octogenarian walked gingerly to the podium. He conducted his Firebird suite with vigor.

★ ★ ★

This was a dazzling start to what shapes up as the most culture-minded world's fair in history. The performing arts committee has combed the world for attractions such as England's Old Vic Company, India's Uday Shankar dancers, the Philippines' Bayanihan dancers, the Ukranian State Dance Company, Foo-Hsing Chinese Theater, Le Comedie Canadienne, Royal Dramatic Theater of Sweden, and D'Oyly Carte Opera of England, etc.

LESS LONG HAIR

For the less long-haired there will be Victor Borge, Roy Rogers, Lawrence Welk, Count Basie, Benny Goodman, Ella Fitzgerald, Arthur Godfrey and even Yogi Bear and Huckleberry Hound.

What makes the Seattle fair impressive from a cultural view is the construction of magnificent new buildings to house the arts in future years. The opera house—actually an old civic auditorium that was gutted and rebuilt—may be the handsomest in the United States. Soprano Mary Costa tells me she considers the acoustics the best she has ever heard.

Built especially for the fair were a jewel-box playhouse that seats 800 and a spacious art museum. The 5,500-seat arena for ice shows and other spectaculars was given a new front. The stadium, formerly for high school football, is adaptable for rodeos, water-skiing shows, etc.

The magnificent new Washington State Coliseum, almost four acres under a single, sweeping roof, can be converted to sports events and conventions for 18,000 persons.

So far, the culture curators appear to have made only one major goof. The assemblage of old masters—nearly all are represented—is stunning. But the exhibition of American painting since 1950 is an eye-acher.

Nearly every canvas is of the what-is-it? school. There are black rectangles and much drip-and-splatter. Call me square, but the exhibit seemed to be much ado about nothing.

Boy Slapped in School, Parents Sue for $25,000

ANN ARBOR (UPI) — The parents of a 14-year old Dexter Community School System student have filed a $25,000 damage suit against the school and a music teacher for alleged injuries suffered by the boy in a slapping incident.

In a suit filed yesterday in Washtenaw County Circuit Court, Mr. and Mrs. Norton Grannis of Dexter charged music teacher John H. Talbot of Portage Lake with slapping their son during a class session.

As a result of the slap, the suit said, Jerry N. Grannis suffered pain and the possible loss of hearing in an ear. The suit said the boy underwent surgical treatment.

The alleged incident occurred April 17.

Dexter school authorities said Talbot since has been dismissed.

★ ★ ★

Talbot had no immediate comment.

No date was set for a hearing on the suit.

Red Leader Executed by Thai Government

BANGKOK, Thailand (AP) — A Thai was executed Tuesday night for leading a subversive Communist movement backed by Red China.

The Cabinet ordered Ruam Wongphanc before a firing squad after he was interrogated by Prime Minister Sarit Thanarat. The Cabinet has special power to order executions to protect the security of the state.

Ruam was the third Communist leader executed within a year. Two others were shot last May 31.

Science Academy Taps U. of M. Astronomer

WASHINGTON (AP) — The National Academy of Sciences yesterday announced the election of 35 new members, including Lawrence Hugh Aller, professor of astronomy at the University of Michigan.

They were chosen for distinguished and continued achievements in original research. The academy is a quasigovernmental organization, informally known as the "hierarchy of American science," which advises the government on scientific matters.

More than half of Japan's arable land is used for growing rice, the chief food of the Japanese. Other crops include wheat, barley, sweet and white potatoes, tobacco, tea, beans, peaches, pears, apples, grapes, persimmons and mandarins.

U. of M. Student's Brother Is Missing

CHICAGO (AP) — The brother of a University of Michigan coed was a passenger on an airliner missing in Colombia.

Lawrence Radley, 22, a University of Illinois graduate and a Peace Corp member, was listed as being on the missing airliner.

Radley's parents, Mr. and Mrs. Albert Radley, live on Chicago's south side. His sister, Elena, 19, is a student at the University of Michigan.

A woman'll go through a department store looking for bargains, then refuse to buy a dress because the price seems too low . . . A bachelor is a fellow who makes his own decision about which restaurant he'll have dinner at . . . Earl Wilson.

Traffic Increasing at Lambert Locks

OTTAWA (AP) — St. Lawrence Seaway officials say traffic is rapidly increasing at the St. Lambert Locks entrance to the seaway.

★ ★ ★

Some 23 ships passed through the Lambert locks in the first 24 hours following completion of repairs to the Eisenhower Lock at Massena, N.Y.

★ ★ ★

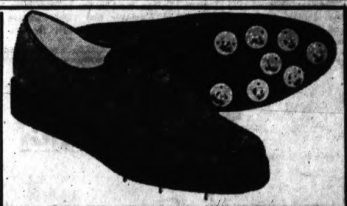

Six of the vessels were ocean liners and the others were inland craft.

Anthropologists believe proverbs were man's first great attempt at abstract thinking. They place proverbs between magical thinking and deductive reasoning in the development of human intelligence.

Peiping Charges Indian Soldiers Entering China

TOKYO (AP) — Peiping Radio charged today that Indian soldiers have "repeatedly crossed" the India-China boundary "in the western sector and intruded into the Sinkiang-Uighur region" of Red China on April 11 and 13.

★ ★ ★

Peiping claimed the Indians that Indian military personnel had "repeatedly violated the status quo of the boundary between China's Tibet region and India the past year and more."

★ ★ ★

The latest Red Chinese accusations were contained in a note from the Peiping Government to the Indian Government dated April 21.

Peiping claimed the Indians had "seized pieces of Chinese territory" in the disputed Himalayan area.

India charged earlier that Communist China was unlawfully occupying 14,000 square miles of Indian land in the Ladakh area of Kashmir and 37,000 square miles in the northeast frontier agency.

Family Is Indicted for Counterfeiting

GRAND RAPIDS (AP)—A Kalamazoo family has been indicted by a federal grand jury on charges of making and passing counterfeit coins.

★ ★ ★

Indicted yesterday were Gene M. Douglass, 32, his wife, Marcella, 37, and Mrs. Douglass' 18-year-old daughter, Evelyon B. Fee. All were released on personal bond to await arraignment in U.S. District Court.

U.S. Attorney George E. Hill said the girl and her parents were arrested March 10. Mrs. Douglass and her daughter are charged with passing 50 cent pieces last March 7. Mrs. Douglass also is charged with passing fake 25 cent pieces May 11, 1961. Douglass is charged with making the counterfeit coins May 11, 1961 and March 7, 1962.

The first folio of Shakespeare's plays was published in 1623, seven years after his death on April 23, 1616.

'Soldier' Held in Congo Jail by U.N. Forces

LEOPOLDVILLE, The Congo (UPI) — Col. Hubert Fauntleroy Julian, the "black eagle of Harlem," was being held today in a United Nations jail here for possible trial on charges of violating U.S. Security Council resolutions on the Congo.

Julian, a self-admitted arms dealer, was flown here from Elisabethville where he was arrested April 19 for questioning in connection with his role as "adviser" to the secessionist Katanga province of President Moise Tshombe.

A U.N. spokesman said an investigation is under way to determine whether Julian, 65, should be tried by the central Congolese government.

The West Indies-born "soldier of fortune," who once challenged Nazi Marshal Hermann Goering to an aerial duel, is a naturalized citizen of the United States.

The U.S. was without a navy from 1763 to 1789.

Cite Bogus Bill Ring; 1 'Prison-Trained'

RALEIGH, N.C. (UPI) — Six men, including one who said he learned photo engraving in prison, were indicted by a federal grand jury yesterday as the masterminds of a $1 million counterfeit bill operation.

Authorities said the ring flooded eastern North Carolina with bogus $20 bills during the past four years.

The six were arrested on a series of Easter morning raids at Jacksonville, N. C. One of the men, Edward D. Sparrow, 62, said he learned photo engraving while serving a term in the federal prison in Atlanta.

Lynching in the U.S. fell from 115 in 1900 to just one in 1951.

How do you measure 30 years?

Formal wear for men has come a long way over the past thirty years.

When Osmun's was still a new name in Pontiac, the boiled shirt and the stiff collar were instruments of torture to be endured as a necessary part of a "black tie" affair.

But in three decades styles (and ideas) change.

Look at the handsome ensemble in our photograph. It's America's first name in formal wear and accessories . . . "After Six" by Rudofker. Note the comfortable lines. Very correct, yet *very* flattering. Makes you want to *invent* excuses to go formal.

But what about the cost?

We are offering the whole wardrobe at the most remarkable price in our history . . . $49.95. And here's what you get: White dinner jacket . . . black trousers . . . formal shirt . . . cummerbund & tie . . . shirt studs . . . cuff links . . . the works!

With orange blossoms in the air and proms around the corner, there will never be a better time to invest in a good formal wear wardrobe.

This special "package" price is good until May 12th. Why not stop in today? You'll find the same expert fitting and informal atmosphere that have made Osmun's Oakland County's favorite store for over thirty years.

After Six BY RUDOFKER COMPLETE FORMAL WEAR ENSEMBLE $49.95
(French-Shriner shoes additional)

AP Photofax

SWISH . . . SWISH . . . SWISH—Sandy Koufax of the Los Angeles Dodgers is pictured in action on the way to striking out 18 Chicago Cubs in yesterday's game. This total matched the major league record Koufax holds with Bob Feller. The Dodgers triumphed, 10-2.

Great Day for PCH, Waterford Nightmare

If you were a Pontiac Central fan attending the track meet at Wisner Field yesterday it was a great day.

★ ★ ★

If you were a Waterford fan it would be best to forget what happened.

PCH turned what could have been a fairly close meet into a 96½ to 13½ rout of the Skippers. The Chiefs of coach Dean Wilson won first place in all 13 events.

Waterford was handicapped by the absence of three performers, who were left home because of missed practice sessions. But it is doubtful if they could have cut more than 10 points off the Chiefs final margin.

The Central runners were primed for the meet. They remembered Waterford's close victory last year. The PCH runners cut several seconds off their times for this spring and there were some good performances in the field events.

WILLIE RETURNS

Willie McDaniel returned to action for Central after being out with a leg injury since the Central Michigan Invitational and won both hurdles. Theodric Hindman won the 100 and 220-yard dashes and Ed Williams took the broad jump and tied Gerald Henry for high jump honors.

Williams cleared 21 feet 11½ inches to top teammate Chuck Graves in the broad jump. Graves set a PCH sophomore record by jumping 21 feet 7½ inches. Williams and Henry cleared 6 feet in the high jump.

Tim Thompson finished third in the 180-yard low hurdles but set a soph school mark with a clocking of 20.6 seconds. McDaniel won in 19.95.

Art Fowlkes logged a 4:47.7 mile his fastest of the spring, to edge Waterford's Jim Mercer.

★ ★ ★

John Stewart, Charles Humphrey and Lessel Hanspard each cleared 11 feet 6 inches to give Central a sweep in the pole vault.

Waterford managed three seconds, three thirds and a tie for third in the lopsided meet.

SUMMARY

When Will Koufax Fan 20?

By The Associated Press

One of these days Sandy Koufax will strike out 20 batters in a nine-inning game and people may recognize that the Los Angeles Dodgers southpaw is the greatest strikeout pitcher of modern times.

★ ★ ★

For the second time in his comparatively brief major league career, Koufax equalled the major league strikeout mark when he fanned 18 Chicago players Tuesday as the Dodgers routed the Cubs 10-2.

BEST AVERAGE

That gave the 26-year-old Brooklyn native a career total of 992 strikeouts in 980 innings, an average of better than one strikeout per inning.

No other pitcher in the history of baseball averaged a strikeout an inning. Not even Walter Johnson, the all-time whiff king of the majors, or such other strikeout artists as Bobby Feller, Rube Waddell, Lefty Grove and Christy Mathewson did it.

★ ★ ★

Pittsburgh won its 11th game in 12 starts, defeating San Francisco 7-3, the same score by which Cincinnati downed the New York Mets. Milwaukee defeated Philadelphia 2-1 and Houston shaded St. Louis 4-3.

★ ★ ★

Tommy Davis and Duke Snider drove in seven runs between them as the Dodgers clubbed loser Don Cardwell and three relief pitchers for 12 hits. Davis drove in four runs with a home run and single, Snider batted in three with a home run and triple.

Koufax, fanning eight of the first nine batters he faced, finished with a flourish, striking out the side in the ninth for his third victory in four decisions.

DAYLIGHT MARK

Sandy's 18 strikeouts matched the record set by Cleveland's Bob Feller against Detroit on Oct. 2, 1936 and later equalled by Koufax against San Francisco on Aug. 31, 1959. This is a National League daytime strikeout record since Koufax's 1959 effort was achieved at night. Feller accomplished his feat in an afternoon game.

It marked the 32nd time in his career that Koufax fanned 10 or more in a game. Feller and Waddell share the record, each having struck out 10 or more 54 times.

★ ★ ★

The league-leading Pirates put five of their seven hits together for a five-run fourth inning against loser Juan Marichal as Al McBean registered his second triumph. He needed ninth inning help from Elroy Face. Catcher Don Leppert homered for the Bucs.

The Reds scored four runs in the first against New York starter Craig Anderson and went on to inflict the 10th defeat on the Mets, who have won only one game. Cincinnati rookie Sam Ellis allowed only one hit but was replaced by Moe Drabowsky in the sixth after walking his 10th and 11th batters. Wally Post hit two doubles and a home run, Vada Pinson also homered and Eddie Kasko had three hits for the Reds.

SLUGGING HURLER

Warren Spahn scattered nine Philadelphia hits and doubled home the Braves' first run. Eddie Mathews' fifth home run accounted for what proved to be the winning run.

Three straight hits after two out in the ninth ruined Spahn's bid for his 56th lifetime shutout but he tossed out the final Philly batter himself to preserve his second victory of the season and 311th of his major league career.

Southpaw Hal Woodeshick pitched a six-hitter for Houston against St. Louis and ex-Cardinal outfielder Don Taussig homered in the sixth, off loser Larry Jackson, for the clincher. It was Woodeshick's second victory without a defeat and Jackson's first loss in three decisions.

Cranbrook, OLL Track Winners

Northern Nine Wins, Rochester Defeated

Pontiac Northern opened Inter-Lakes League baseball play on a winning note yesterday, but Rochester wasn't as fortunate in its Tri-County debut.

★ ★ ★

Cranbrook won a triangular track meet and Waterford Our Lady's thinclads posted a triumph.

PNH won in tennis, but Pontiac Central was defeated.

The Huskies scored two runs in the sixth inning and one in the seventh to overcome Walled Lake, 4-5.

Tom Zink pitched the distance to pickup the win. He yielded six hits including a two-run homer by Foster in the fifth inning. Mike Marcum was the top Northern hitter with two for three.

L'Anse Creuse posted a 6-4 nine-inning victory over Rochester.

BLEW LEAD

Rochester carried a 3-1 lead into the seventh inning, but lost it. Before reliefer Mike Konkey could put out the fire L'Anse was ahead 4-3. The Falcons tied the count in their half of the seventh to send the game into extra innings.

Cranbrook scored 60 points, U-D High 41 and Lutheran West 36 in the track meet.

Al Wilkinson set a Cranbrook school record when he pole vaulted 11 feet six inches. Sophomore John Cobourn was impressive winning the mile in 4:41.5.

★ ★ ★

Jack Tulley ran a 2:07.1 half mile for the Cranes, Essel Bailey won the high hurdles, Bob Hicks took the 220 and the mile relay team was first.

Waterford OLL downed Mt. Clemens St. Louis 62-47 at Wisner after the PCH-Waterford meet.

John Weber won both hurdles for the Lakers and ran a leg on the winning 880 relay team. Other OLL winners were Bill Sweeney, mile; Terry Lilley, 220; Bob Schaffer, pole vault; George Sharpe, high jump; and Lou Mettler, shot put.

Northern's tennis team downed Walled Lake 5-0 while PCH was losing to Flint Central 5-2.

From The PRESS BOX

The 1962 NCAA District 4 baseball selection committee will meet at Fort Wayne, Ind., May 27 to decide how and where the district's representative to the national tournament will be determined. The district covers the entire Big 10 area.

★ ★ ★

Talbott Lumber, scheduled to compete in the Class A City Baseball League this season, will conduct a tryout camp today at the corner of Brush and Bagley at 5 p.m. All positions are open. Julius Mayo and Duane Sheffer will be in charge of the session.

★ ★ ★

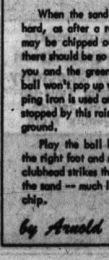

Arnold Palmer is still king of professional golf's money winners this week with $37,008 in official earnings so far this year. Bill Casper ranks 2nd on the PGA list with $25,208 and Gene Littler is 3rd at $21,491, followed by Bobby Nichols and rookie pro Phil Rodgers.

★ ★ ★

The Detroit Shamrocks lost a 9-3 decision to defending champion West Roxbury, Mass., last night in the semifinals of the National Amateur Junior Hockey Tournament at Buffalo, N.Y. Sault Ste. Marie whipped Rhode Island, 7-3, and battles West Roxbury tonight for the championship.

THE PALMER METHOD

TWO ALTERNATIVES OUT OF SAND

Under most circumstances, it is best to use the sand wedge from any trap. However, other clubs can be used to escape sand.

For instance, if there is no lip on the greenside of the trap, and the cup is close to the near edge of the green, a putter can be used. Play the ball in the center of your stance and hit it hard enough so it will fly until it hits solid ground.

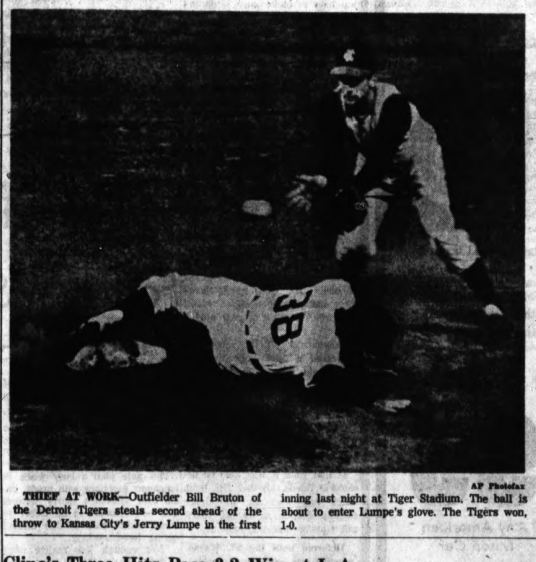

When the sand is extremely hard, as after a rain, the ball may be chipped out. Again, there should be no lip between you and the green, since the ball won't pop up when a chipping iron is used and might be stopped by this raised portion of ground.

Play the ball back toward the right foot and make sure the clubhead strikes the ball before the sand — much like a regular chip.

by Arnold Palmer 4-25

AP Photofax

THIEF AT WORK—Outfielder Bill Bruton of the Detroit Tigers steals second ahead of the throw to Kansas City's Jerry Lumpe in the first inning last night at Tiger Stadium. The ball is about to enter Lumpe's glove. The Tigers won, 1-0.

Single in 8th Gives Bengals Triumph, 1-0

Kansas City Pitcher Elects to Walk Cash and Face Colavito

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

DETORIT — Rocky Coavito was mocked, knocked and given a big round of raspberries by 20,372 fans in the opening night game of the season at Tiger Stadium last night.

★ ★ ★

After three frustrating groundouts against Kansas City rookie pitcher Dan Pfister, the Rock smashed a hard drive down the left field line in the 8th inning to send Jake Wood home with the run that netted the Tigers and pitcher Don Mossi a 1-0 victory.

Pfister may have caused his own downfall by calling Colavito's bluff. With two out and Wood on third, Hank Bauer, KC manager, walked to the mound as Norm Cash came to the plate. "He gave me the choice of pitching to Cash or putting him on and pitching to Colavito," said Pfister.

The 25-year-old rookie decided he would rather pitch to the Rock. This put a little salt in Colavito's batting wounds. He was hitting only .129 when he stepped up to the plate and hadn't drove in a run since the opener against the Yanks when he had one RBI.

FIRST PITCH

With a rookie pitcher challenging his mighty bat, Colavito wasted no time drilling the first pitch down the left field line. The hisses turned to cheers and Pfister learned it wasn't good strategy to mock the Rock. The three hits was all Pfister allowed although he gave up five walks.

It was another typical Mossi-pitched game. The Tigers have always found it tough to help the veteran left hander with a few baskets. In his three starts, Detroit has scored only seven runs, but he still has won two by yielding only two earned runs in 24 innings. He scattered four hits, walked three and struck out seven.

Fielding honors of the night went to centerfielder Billy Bruton, who made eight putouts including two sensational one hand catches. In the 4th inning, Norm Seibern drove a long liner toward the 400 foot mark in left-center. Bruton, racing at full speed, made a leaping catch of the ball to rob Seibern of a sure three base hit. In the 8th frame he did it again against Dick Howser.

★ ★ ★

Manager Bob Scheffing and the Tigers had high praise for Pfister who had a 10-16 record with Shreveport of the Southern Association last season. "He worked on a slider over the winter and it really worked for him," said Scheffing.

"If he pitches like that the rest of the season, he is going to win himself quite a few games. Normally, you expect to win by pitching a three hitter like that, Scheffing added.

Pfister said he had no idea he was going to pitch until the Athletics arrived in Detroit. "They just gave me the ball and told me to warm up. It was the best game I ever pitched, my breaking stuff was really working," Pfister said.

TIGER TIDBITS

Pfister ended Al Kaline's seven-game hitting streak. Kaline went hitless in the opener and has hit in every game since. He walked once, struck out and bounced out twice last night . . . Jake Wood has not hit safely in seven of the nine games. He is batting .290 and yesterday's low hanging liner which went for a double was his second of the season . . . Doug Gallagher was nominated for today's pitching duties. Frank Lary will go tomorrow and Jim Bunning is slated to start the Los Angeles series Friday night . . . Jerry Walker and John Wyatt will finish the series for Kansas City in Detroit.

Cline's Three Hits Pace 3-2 Win at L.A.

Tribe Rookie 'Erupts'

By The Associated Press

Ty Cline, Cleveland's 22-year-old rookie center fielder, has shaken his slump and lifted the pressure imposed by a can't miss label and a tendency in the teepee to spell that last name C-o-b-b.

★ ★ ★

Using Chavez Ravine as the site for his war dance, Cline crashed three extra-base hits in a 3-2 victory over the Los Angeles Angels Tuesday night that kept the Indians in first place in the American League with their sixth consecutive victory.

The much-publicized speed merchant scored the Indians' first run after doubling, drove in the second with another two-base blow, then rapped a triple in the seventh inning to knock in pitcher Ron Taylor with the winning run.

BIG SHOW

It was quite a one-man show for the left-handed swinging Cline, after only two seasons in organized ball. His credentials include a .311 batting average at Mobile in 1960 and a .290 mark at Salt Lake City last season.

Cline now has five hits—all for extra bases—in his last 11 trips to the plate after failing to hit in his first dozen appearances.

★ ★ ★

Meanwhile, Baltimore stretched its winning streak to four with a 5-4 victory over Minnesota, Detroit blanked Kansas City 1-0 behind Don Mossi's four-hitter, the Chicago White Sox whipped the New York Yankees 3-1 and Boston bopped Washington 4-1.

★ ★ ★

Taylor pitching for the first time since he lost his debut after hurling 11 shutout innings, gave up only three hits before yielding to reliever Frank Funk in the seventh. Leon Wagner accounted for the Angels runs with a two-run homer in the sixth that tied it and paved the way for Cline to provide the clincher.

Boog Powell's bases-loaded single with two out in the ninth drove in two runs and capped a four-run rally that gave the Orioles their win over the Twins. Jack Kralick checked Baltimore on one run and four hits for eight inning, but Joe Bonikowski, working in relief, took the loss. Milt Pappas staged his first route-going performance since a March 12 appendectomy. He allowed eight hits.

CHISOX STAR

Floyd Robinson's two-run homer in the eighth inning off Ralph Terry got the job done for the White Sox after Joe Cunningham's single had driven in the tying run against the Yankees. The victory went to John Buzhardt, who gave up a homer to John Blanchard in the second and needed relief help from Frank Baumann and Turk Lown to wrap it up.

Pete Runnels, who hit only three homers last year, hit a pair with the bases empty to support Galen Cisco's four-hit pitching for the Red Sox, Runnels shot in the eighth inning off Joe McClain snapped a 1-1 tie and gave Cisco the run he needed to send the Senators to their seventh consecutive defeat.

2 Michigan Golfers Left in North-South Amateur

PINEHURST, N.C. (AP) — Only two Michigan golfers were still alive today as the North and South Amateur golf tournament entered its 2nd round of match play at Pinehurst Country Club.

Dick Whiting of Lathrup Village and John Schubeck of Grosse Pointe survived Tuesday's opening round of head-to-head combat to keep the state of Michigan in title contention.

Whiting, a World War II bomber pilot who registers from Red Run, advanced with a 1-up victory over veteran amateur Ed Meister Jr. of Willoughby, Ohio.

His foe today was Bob Wallace of Norfolk, Va., who ousted another Michigan player, 22-year-old Pete Green of Franklin.

★ ★ ★

Green, University of North Carolina senior who registers from Orchard Lake C.C., lost a 1-up decision to Wallace. Green, former Birmingham Seaholm links star, reached the N-S finals two years ago.

"TOUGHIE" FOE SCHUBECK

Schubeck, ex-Michigan State University golfer, faced a real "toughie" today, but he should be accustomed to severe challenges by now after yesterday's 3-2 triumph over Bob Chapman of Spartanburg, S.C.

Schubeck's rival was Bob Cochran of St. Louis, prominent U.S. amateur who reached the British Amateur finals in 1960. Cochran was a 5-3 winner Tuesday over Frank Hoover of Bakersfield, Calif.

Yesterday's first round produced no major surprises, although 1960 N-S champion Charles Smith of Gastonia, N.C., former Walker Cup player, had to win the 16th, 17th and 18th holes and then go two extra holes to post a 1-up verdict over 49-year-old Aulick Burke of Bristol, Va.

It was the only extra-hole match of the 32-match program.

★ ★ ★

Cobby Ware of Augusta, Ga., Monday's qualifying medalist, faced a dangerous second-round foe in little Sam Marsh of Greenville, S.C.

Marsh, who stands only 4-foot-11 lost the first hole, then went on to demolish Egon Quittner of Rydal, Pa., 7-5. Ware, three down after five holes, rallied to edge Bog Galloway of Winston-Salem, N.C., 2-1.

Beer Ad Incident Puts Casey on Ice

NEW YORK (AP) — The Casey Stengel-beer advertising incident was on ice today.

★ ★ ★

The New York Mets manager was $500 poorer, had been given a verbal slap on the wrists and taken out for pinch hitter Kathy Kersh.

The whole incident came to light yesterday when it was learned that Stengel had been fined and reprimanded for posing in a baseball uniform for advertisements of the beer company sponsoring radio and television broadcasts of the Mets.

★ ★ ★

Commissioner Ford Frick said the ads "were a violation of baseball rules, which prohibit men in uniform from posing for alcoholic beverage ads.

"In future ads the bat will be in the girl's hand, and Casey will be out of the picture."

League to Dissolve

TEMPE, Ariz., (AP) — Border Conference officials decided Tuesday to officially dissolve the athletic organization May 12. All spring meets were called off.

Kazoo Netters Absorb First Loss Since '35

HOLLAND (AP) — Hope College ended a 27-year era in Michigan Intercollegiate Athletic Association tennis competition yesterday with a 4-3 victory over Kalamazoo College.

It was the first conference loss for Kalamazoo, a midwest tennis power, since May 12, 1935, when Albion stopped the Hornets, 5-2. Since then Kalamazoo had rolled to 155 straight conference victories.

"But we are still strong," said Kalamazoo athletic director Rolla Anderson who joined Hornet tennis coach George Acker in congratulating Hope.

The late Dr. Allen B. Stow started Kalamazoo to its climb as a midwest tennis power. Under his direction, Kalamazoo captured the MIAA tennis crown year after year and defeated larger, nonconference opponents regularly.

Stow helped build Kalamazoo as a national tennis center. Every year top amateur tournaments are played in a memorial stadium bearing his name.

LAST SET

Yesterday's match went down to the wire. After four singles and two doubles matches, it was 3-3.

Hope's No. 1 doubles team of Norm Hess and Arlyn Lanting won a hard-fought 6-4 first set from Kalamazoo's Loren Campbell and Phil Rose.

Campbell and Rose came back and won the second set 6-4. Then Hess and Lanting took the cincher 6-2 and sportswriters went for the record books.

Commenting on the loss, Anderson and Acker said "it looks like a tight conference race now."

★ ★ ★

The match was the first conference meet of the season for both schools.

New Colt 'Branded'

BALTIMORE, (AP) — The Baltimore Colts reported Tuesday th signing of Jackie Burkett and expressed hopes he'll become the star linebacker they've been waiting for since 1959.

New Port Huron Team May Get Wings' Help

ST. CLAIR (UPI)—Port Huron's fledgling franchise in the International Hockey League may skate its first tottering steps with the benevolent figure of Jack Adams watching to make sure it doesn't fall on its face.

"I won't make any promises I can't keep," the 66-year-old general manager of the Detroit Red Wings told league and Port Huron officials last night. "But we're gonna help this team as much as we can."

Adams said there was a possibility the Red Wings would sign a working agreement with the newly approved franchise. The Wings had a similar arrangement with the Muskegon Zephyrs of the IHL last season.

The league's board of governors awarded the franchise to the Blue Water city at the conclusion of a special two-day meeting here. The announcement came only hours after Indianapolis dropped out of the circuit because of poor attendance.

Indianapolis officials, however, expressed a faint hope that the club could recoup financially in time to avoid a final severance. The fate of the Indianapolis club could be decided May 8-9 at the league's annual meeting at Ft. Wayne, Ind.

TOLEDO HURTING

At that time it will also be decided if Toledo, another IHL team which has seen its attendance steadily decline in recent years, will stay or quit the loop.

Deferred until the Ft. Wayne meeting was action on franchise request from Windsor, Ont., Denver and Des Moines, Iowa.

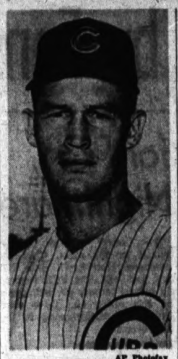

The IHL has of the moment six certain entries for next season—Ft. Wayne, Muskegon, Port Huron, Minneapolis, St. Paul and Omaha.

★ ★ ★

Frank Gallagher, outgoing IHL president and new general manager at Port Huron, said if Indianapolis and Fort Wayne stay in and the other franchises are approved, the league would have enough teams for two five-club divisions. "We still don't know how it's going to swing," he added.

Co-owners of the team are John F. Wismer, brother of New York Titan owner Harry Wismer and Harmon L. Stevens.

Wismer said about $100,000 was needed to launch the hockey enterprise. "We're going to have to sell a lot of season tickets to reach the break-even point," he said.

AP Photofax

SUSPENDED — Catcher Sammy Taylor quit the Chicago Cubs yesterday claiming he wasn't earning enough to support homes in Chicago and Woodruff, N.C., where his wife prefers to stay. The Cubs immediately suspended Taylor.

Former MSU Greats 'Plug' Old-Timer Tilt

EAST LANSING (UPI) — Two of Michigan State's all-time football greats — Al Dorow and Dan Currie — will be out beating the publicity drum next week for the Varsity-Old Timers game May 12.

★ ★ ★

The pair plan a busy week of luncheon meetings with press, radio and television sports writers and broadcasters in an effort to boom ticket sales at the annual spring head-knocking.

"Not enough fans realize what a great game this is year after year," said Dorow, now a balding old pro.

Dorow lettered for the Spartans in 1949-50-51. He was the quarterback in 1951 when then coach Biggie Munn had his first unbeaten season, a 9-0 year.

He's still going strong as quarterback for the New York Titans. Dorow and Currie both will coach and do some playing.

★ ★ ★

The game has been drawing about 10,000 fans each season. Backers think they should get three times that number.

WITH PACKERS

Currie, who lettered as a center in 1955-56-57, now is a linebacker for the Green Bay Packers. He'll lead a delegation of former Spartans from the Packers such as Norm Masters, Al Quinlan and Herb Adderley.

"The alumni has built up a tradition and pride in its play," Currie said. "They want to win as much as the varsity."

Currie recalled there was a fist fight during the game last year that nearly developed into a brawl — proof the game is played for keeps.

The oldest old timers expected back are former Pittsburgh Steeler Lynn Chadnois and El Bagdon, both 1949 graduates.

★ ★ ★

Done Coleman of Flint, who hasn't made a playing appearance since he graduated in 1951, will be an extra added attraction. Coaches swear Coleman was the greatest tackle they ever saw at Michigan State.

Ed Ryan, Dave Manders, Ron Hatcher and Gary Ballman are among the players from the 1961 team prepared to play.

★ ★ ★

The series now is even — two each for the varsity and old timers and one tie.

Penalties Due for Colorado

University on the Spot at Gathering of NCAA Executive Council

NEW ORLEANS (AP) — The University of Colorado should be holding its breath as the powerful —and stern—executive council of the National Collegiate Athletic Association opens it spring meeting today.

★ ★ ★

A source close to the council says there's a good possibility of penalties being meted to Colorado.

Walter Byers, executive director of the NCAA, which guides the athletic destinies of the nation's major colleges, had no comment on what action the group might take during its four-day session.

But the spring session is where discipline, when warranted, is normally administered.

COACH FIRED

Colorado's board of regents fired head football coach Everett (Sonny) Grandelius, who guided the school to its first Big Eight Conference title last fall, on March 17. The regents issued a report saying, "There have been numerous violations of Big Eight and NCAA rules and regulation ... deliberate and willfull, and were committed with flagrant disregard for well-established university policy."

Grandelius, who had a 21-9 record in three seasons at Colorado, was accused by the regents of permitting and encouraging contributions to a "secret slush fund which was used to provide financial assistance to some prospective and enrolled athletes."

Carter Team's Lead Looks Safe in ABC

DES MOINES, Iowa (AP)—The team championship in the Classic Division of the American Bowling Congress Tournament looked pretty safe for the Don Carter Gloves of St. Louis today after the opening performance of its last challenger.

The L. & L. Castle Lanes team of San Francisco, rolled half of its six-game test Tuesday night and counted a poor 2704 total. The Frisco bowlers, last of the 58 Classic teams in the tourney, would have to shoot 3545 for the final three games tonight.

The best three-game series ever bowled in the 59-year history of the ABC was the 3243 by Pfeiffer Beer of Detroit in 1959.

★ ★ ★

The Carter Gloves team leads with 6248. Team champions in three divisions, classic, regular and booster, will be crowned tonight.

Strike 'n' Spare of Chicago leads the regular division with 3128. Carril Lanes of Mount Carroll, Ill., is high in the booster division with 2861.

West Virginia Boxer Leaves Hospital Today

BLUEFIELD, W.Va. (AP) — Heavyweight boxer Tunney Hunsaker, apparently the winner in his fight for life, was to be released from a Bluefield hospital today.

Left with a brain injury after a fight April 6 in Beckley, Hunsaker underwent two operations before he started to recover.

He was knocked out in the 10th round by Joe Shelton of Cleveland.

11th Frame

By CHUCK ABAIR

A 299 game at 300 Bowl, more tournament plans at Lakewood Lanes and Huron Bowl and the crowning of new champions are among the highlights in the area bowling news this weekend.

Bill Snow, a 17-year-old Emmanuel Christian senior, left the 10 pin on the last ball to miss being the 3rd to roll a perfect game at the new keg house. The others were men.

It was a fitting climax to his 1st year of league play after trying the game occasionally during the past six seasons. He had a 612 series to boost his average to 143 in the school league.

A Lancer footballer last fall, Snow admitted he was plenty nervous late in the game. "My shirt was wet at the end," he said. Bill will get some awards for the feat.

A meet to be known as the Lakewood High Score Tournament will be held there the next two weekends for first men and then women. About 150 men who rolled a 230 or better game and some 100 women who made 200 or more in loops are eligible to compete in separate handicap divisions for cash awards and trophies. Co-proprietors Bill and Bob Kuklinski have posted pictures all season of men with games of 240 or higher and women 210 and up and given away many prizes. A union keg duel is also coming up there.

FIRES 299—Bill Snow, 17, fired a 299 game in the Emmanuel Christian Bowling League recently at 300 Bowl. He left the 10 pin on the last ball.

The annual Moose Mixed Doubles tourney will be held May 5 through May 26th at Huron with 1st place worth $100. East Highland Recreation Mixed Doubles begin Saturday. Sports Center Trophies of Pontiac will be in WIBC action that day.

A 3,024 by the Grand Prix team of Local 653 of Pontiac won the men's division crown at the UAW International tournament in Cleveland, Ohio. The locals hit 2,880 actual. Charles Melton of that group won optional singles with a 698 handicap score.

★ ★ ★

Colonial Lumber took four points on the final night to beat out Stroh's for Howe's Senior Classic crown. Doris Allen of Detroit won title at East Highland Ladies singles event with 722 handicap score for $125 and trophy. Betty Winchester, White Lake, followed with 672 for $65 and Troy's Lucille Durfee hit 663 for $30. Allen added $5 for high actual series of 626 featuring 221. Pat DeLongchamp of Clarkston won the same amount for high game of 223. Record 132 participated.

Ferndale has joined the parade in adding new bowling places. Ground has been broken for 16-lane Luxury Lanes on East 9 Mile Road. Work will start soon on Van Dyke near 23 Mile Road on Shelby Lanes, which will have 24 alleys.

Veteran Bill Bull hit 712 at Lakewood. Gary Thompson became 700 Chapter candidate with 705 there on 234-237-234, series high for Pinmasters play. Gene Noel had practice 300 for his second big one of the year in Hazel Park. Bill Gerlach of Lapeer rolled 708 at Flint. Howie McCauslin turned in 290 to win $50 at Berkley Bowling.

★ ★ ★

SKIPPING AROUND

Gen Bradley boosted her 171 average with 182—493 in Elks Ladies League. V. Dickman and B. Hickson are distant 2nd at 154. Chuck's Shack still leads . . . P. L. of P. still tops Huron Classic. Sno-Boi and West Side at 3,128 and Montcalm's 1,136 head scores. A 300 by Pat Sweeney, 746 for Arnie Osta and 198 average of Chico Chicovsky pace individuals.

Former Bowlerama champ Joe Myers on two title teams in Rochester . . . L. Vandruska scored 244—600, Bill Flippo 220, B. Bradley 218, N. Stunges 610, D. Fielder 211-211, N. Mansfield 233, B. Logie 223, J. Gaines 242-226—625 and R. Theobald 210-212-213—635 in Pontiac Motor Inter-Office at 300.

At Airway Lanes, Phil DeNatoli, 13, hit 218, Lucille Zorvan 229, Vi Vandewater 262—580, H. Johnson 225—622, F. Lorenze 234—608 and Doreen Duncan 220 . . . Rival Smiths at it again at Lakewood. A. C. garnered 276 and Bill 257 . . . John Beattie had 248—619 at Lapeer.

Stewards Mete Race Penalties at Hazel Park

DETROIT (UPI) — Hazel Park Harness Raceway stewards yesterday fined one driver for slow driving and suspended another after a spill involving two horses.

★ ★ ★

B. N. (Frog) Redden of Mayfield, Ky., was fined $25 for driving Jet Fire through a slow second quarter Monday night. The stewards ruled no second quarters will be run slower than 35 seconds when track conditions are fast or good. Redden drove Jet Fire 2/5 of a second slower than the allowed minimum although the horse eventually placed fourth.

★ ★ ★

Joseph Churchman of Clayton, Del., was suspended for 10 racing nights after the stewards charged him with carelessness in a collision Monday night. Neither Churchman nor his horse, Quinton Ann Scott, or the other driver and horse was injured.

Trout Season, Press Derby Get Under Way Saturday

Triple Treat for Anglers This Weekend

Area Lakes, Streams Expected to Produce Many Good Catches

By DON VOGEL

A triple treat is in store for fishermen this weekend.

The trout season gets under way at 12:01 a.m. Saturday, pike and walleyes become legal on inland lakes Sunday and the smelt are running.

★ ★ ★

Trout will be the main goal of anglers. The majority will journey north to fish their favorite lakes and streams. But there will be some good fishing close to home, too.

More than a few smelt nets will be seen on cars heading north. Trout fishmen within short driving distance of Lakes Huron and Michigan should be able to pick up enough smelt for a dinner or two if the trout aren't cooperative.

If heavy rains hold off, fishermen should find fair to good conditions in the northern Lower Peninsula. Very little snow is left in the woods and this smattering is expected to be gone by the weekend.

The runoff has been gradual. Because of this streams are only slightly higher than normal and fairly clear.

SNOW YET

Anglers going into the Upper Peninsula will find some snow deep in the swamps and streams generally high and discolored.

Very few streams in Northern Michigan have been stocked with hatchery trout. The Conservation Department's money problem has resulted in 100,000 fewer hatchery trout. Stream plantings are scheduled to start in May.

Fishermen trying their luck in Oakland County waters probably will be far more successful than their brethren who will be in the north.

Over 30 lakes in the county contain rainbows and many of them received a stocking of yet-to-be-educated hatchery trout this month. These will be caught first.

★ ★ ★

Rainbows in area lakes range from seven inches to 12 pounds. The average is 10 to 14 inches.

Maceday, Elizabeth, Orchard and Deer will get the heaviest play opening weekend. Square, Bridge, Schoolhouse and Crotched are top secondary choices.

The Clinton and Huron Rivers and Paint Creek (near Rochester) should produce good catches of hatchery trout. Bald Mountain trout pond is another popular place, but the fishing drops off in a hurry after opening morning.

BROOK TROUT

Those who like brook trout caught from lakes can choose between Alloe and Cedar in Lapeer County. Farmer's and Pine Creeks are well stocked with hatchery trout in the Lapeer area.

The opening of pike season will leave only black bass on the protected list. Bass become legal June 1.

It will cost a resident $4 to fish for trout—$2 for a license and $2 for a trout stamp. Resident wives can fish on their husbands' licenses and trout stamps.

COMING OUT PARTY—Bill Lantz doesn't have a net full of smelt. The fish culturist from the Wolfe Lake hatchery is in the process of transferring rainbow trout from the tank truck to a barrel used to carry the fish to a holding pond at the Drayton Plains hatchery.

Might Set Record In Annual Contest

One record in The Pontiac Press Big Fish Derby should be broken this year.

★ ★ ★

The annual contest gets under way Saturday with the opening of trout season and ends Sept. 4.

A 3¼-pound rainbow taken the first day of the 1961 season tops this division in the contest. As last year was the first for rainbows in the derby, the bow taken by John Adams of Clarkston went into the books as a record.

Larger rainbows were taken from Oakland County lakes before 1961, and there is a good chance that a 5 to 10-pounder will be entered this year.

The records for pike, bluegills and black bass could hold up or be broken.

WEIGHTS ONLY

Only the weight of the fish is considered. Winners of the pike and bass divisions will each receive $50 savings bonds. The bluegill and rainbow winners will be awarded $25 bonds.

There can be only one winner in each division. Following are the rules.

1. Only residents of Oakland County are eligible for the derby.
2. The fish must be caught in Oakland County.
3. Fish taken from private or commercial waters are not eligible.
4. All entries must be brought to The Press sports department for weighing.

★ ★ ★

Private waters are defined as those lakes and streams owned by industrial corporations, private clubs and individuals. Fish caught in Lakes Sherwood and Angelus will not be eligible for this year's contest.

Entries will be accepted in The Press sports department from 7 a.m. to 2 p.m. Monday through Friday and from 7 a.m. to noon on Saturday. The building is closed Sundays.

Pictures will be made of the leading fish and lucky angler.

In addition to Adams, fishermen defending derby championships won last year are Jack Visgatis, Drayton Plains, a 13-pound 14-ounce Northern pike; Dennis Shearer, Union Lake, a 6-pound 4-ounce black bass; and Frank Dennis, Pontiac, a 1-pound 2-ounce bluegill.

RECORD FISH

The record holders:

BLUEGILL — Johnny Janczarek, Pontiac, 2-pounds 2-ounces, caught in Schoolhouse Lake in 1944.

PIKE — Jack Wilds, Clarkston, a 15-pound 14½-ounce northern pike taken from Cemetery Lake in 1956; a 7-pound 9-ounce walleye taken from Walnut Lake in 1955 by Bill Kennedy of Elizabeth Lake Estates.

BLACK BASS — Andy Simka, Pontiac, 7 pounds 15½ ounces, caught in Big Fish Lake in 1957.

RAINBOW — Adams' 3¼-pounder in 1961.

The pike division includes, northerns, walleyes and muskellunge. Large and smallmouth black bass are one class.

Elizabeth Lake has been a great producer of winning bluegills in the contest. There is no consistent lake for other winners.

Being in the right place at the right time with the right lure and technique, with a bit of luck thrown in, produce the winners.

BACK IN WITH SPLASH — The barrel is quickly carried to the holding pond where the trout are dumped into the spring fed water," by Clifford Fuller (left), foreman of the Drayton Plains hatchery, and Melvin Brandt of Pontiac, a fish culturists, working at the hatchery. The 3,500 rainbows and 1,200 brookies will have new homes in area streams before Saturday's trout opening.

Pontiac Press Photos

Oakland Lakes Get New Stock

Eight Streams Contain Trout; Special Waters Also in Area

Eight streams and 34 lakes in Oakland County are known to contain trout.

★ ★ ★

A good many of the lakes have been receiving their annual boost in rainbow population this month by the Conservation Department. The streams are getting the same treatment.

Not all area streams planted with, rainbows, brooks and browns in the past will receive more trout this spring. But there will be a few carryover trout in each one and some of these wish will be pushing the 20-inch mark.

There are four special trout ponds in the county where flies only and two 10-inch daily rules apply. Two of the ponds are near Fenton, one at Davisburg and one in the Bald Mountain recreation area.

Following is the list of lakes and streams:

OAKLAND LAKES

Alderman, Bridge, Cass, Cedar Island, Cemetery, Crooked, Deer, Elizabeth, Hartwig, Horseshoe, Little River, Maceday, Mohawk, Orchard, Oxbow, Reed, Schoolhouse, Square, Sugden, Union, Proud, Lower Pettibone, Warner, Stoney, Crescent, Carroll, Commerce, Dollar, Green, Grass, Lotus, Rud, Van Norman, Moss.

OAKLAND STREAMS

Trout, Paint, Stoney, Clinton, Huron, Wildwood Lake outlet, Kearsley, Spring (Brandon).

LAPEER LAKES

Davis, Duperow, Cedar, North Twin, Alloe, Anderson Pond, Davison.

LAPEER STREAMS

Farmer, Hunter, Rush, Duck, Pine.

WAYNE STREAMS

North Branch of the Rouge River, Hospital Pond.

MACOMB STREAMS

Townsend Creek.

WASHTENAW LAKES

Bruin, Half Moon, Portage chain, Pickerel, South Lakes: Upper and Lower Sylvan Ponds.

LIVINGSTON LAKES

Appleton, Chemung, Little Lake Appleton, Reed and Silver.

Smelt Beginning to Show 'Everywhere' in Michigan

Cold temperatures, which have put the major smelt runs about 10 days behind schedule this year, are finally loosening their grip on the waters.

★ ★ ★

"The latest reports are that they're running practically everywhere," said A. B. Cook, fish manager for the State Conservation Department.

Cook said the smelt are running "fair all over in numbers, but they're small in size." At Port Huron on the upper St. Clair River, however, the fish are large but not plentiful yet.

The department said there still is no accurate way of measuring how big the runs will be this spring, but a recent downward trend in commercial take indicates that sportsmen may not do so well as they did several years ago.

Cook pointed out, however, that prospects were much worse a week ago, when "they weren't running at all. If conditions become ideal, they're going to come on."

★ ★ ★

Light smelt runs were reported over the weekend from Cold Creek inlet of Crystal Lake and the Lake's outlet into Lake Michigan. Other inland runs started in Devil's River near Onekama, in Alpena County and tributaries to Walloon Lake and in Southern Creek west of Manistique.

Other light runs are reported from Tawas and at the Whitney Drain near Alabaster. Smelt are beginning to move upstream in the Thumb area.

★ ★ ★

Suckers are running strong in the Clinton River upstream from Cass Lake and near Utica. No catfish have been taken in the lower stretches.

The warm weather has caused some bluegills to move into shallow water and area fishermen are having some success.

Gets Angling Award

WEST PALM BEACH, Fla. — A certificate of award for skillful angling has been presented by the West Palm Beach Fishing Club to Warren H. Smith, 1063 Beverly Drive, Lake Orion.

★ ★ ★

Smith recently landed a 48-pound, 6½-foot sailfish off Palm Beach Inlet.

Signs Lake Trout Bill

LANSING (AP) — Gov. Swainson has signed a bill closing a 38-square-mile area of Lake Superior off Grand Marais harbor to commercial fishing. Sponsors said the change is designed to make the harbor area more accessible to sport fishing for lake trout.

Knowing Emergence Dates Aids Dry Fly Fishermen

By John Alden Knight

Some years ago, at the conclusion of an after-dinner talk to a group of sportsmen, a gentleman rose to his feet.

"Mr. Knight," he said, "suppose" you go to a trout stream some morning. The weather is fair, it looks like a good day for fishing but there are no flies on the water and no trout rising. What fly would you put on to insure you a good day's sport and a goot catch of trout?"

Immediately there were protests. "Hey, Jim—that's not fair." "Wait a minute, Jim. Nobody knows the answer to that one." And so on..

I waited until the uproar had quieted somewhat. Then I told them substantially the following. The question was not nearly as unfair or as unanswerable as might be supposed.

First off—the smart dry fly angler keeps track, usually in a diary, of the fly hatches that occur on the waters of his favorite trout streams. Emergence dates are important to the dry-fly man because nature has a way of scheduling these things so that they happen at the same times and in the same way on the same dates, year after year.

The majority of the fly rod anglers know the approximate emergence dates of the principal hatches such as the Quill Gordon, Gray Quill, Red Quill, Duck Cahill, Light Cahill, Caddis, and so on.

But if you don't keep a diary and are not familiar with important emergence dates, all is not lost. Nature, for some reason, has a planned color cycle that seems to hold good with fly hatches. At the opening of the season, when the weather is uusually cold, colors like gray and olive seem to be indicated. Gradually the weather warms and, as it does so, the color of the hatching insects changes with the weather.

COLORS CHANGE

Gray gives way to dark brown or red, then comes lighter brown, tan and, at long last, pale buff, oyster white and white. Usually the change from gray to brown takes place around the first part of May. Tan comes in about the third week in May and the light buff and white around the middle of June.

Then, too, there are other choices available for the fellow who doesn't know his emergence dates. The Royal Coachman, either fan-wing or plain, is a good dependable fly from the day the season opens until its close in early fall.

Why the Royal Coachman is such a good fish-taker always has been a mystery to me. One of them, particularly the fan-wing variety, looks like nothing else except, possibly, another Royal Coachman. Yet the fish take them readily, year after year.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times.

Day	A.M. Minor	A.M. Major	P.M. Minor	P.M. Major
Thursday	11:00	4:50	11:35	5:20
Friday	11:35	5:45		6:15
Saturday	12:20	6:40	12:50	7:10
Sunday	1:05	7:35	1:45	8:20
Monday	2:15	8:35	3:35	8:55
Tuesday	3:30	9:15	4:00	9:35
Wednesday	4:00	10:10	4:30	10:35

Shoots Skeet, Loads Ammo

Finds Wheelchair No Handicap

GRAND HAVEN (AP) — Sportsman Elmer Fisher of Grand Haven doesn't find the wheelchair confining.

Not even after 17 years.

★ ★ ★

The 45-year-old World War II veteran, wounded four times in the Pacific campaigns of the 32nd Infantry division, operates two businesses, hunts and fishes and lately has been on the go every weekend shooting skeet.

Winning the Class C shoot at Elsie, and placing second high for the day out of 32 entries brought special pleasure for Elmer.

He scored 96 out of a possible 100.

★ ★ ★

Fisher, whose wife, Helen, is his business partner — his right arm and constant companion — thinks loading shotgun shells makes an enjoyable pastime for paraplegics.

MONEY SAVER

Not only is the loading fun, it saves money when shooting in the meets and brings variety to the daily routine. Elmer loads a box of 25 shells in 10 to 15 minutes.

The saving is two-thirds on the cost of factory-loaded shells.

When he found interest in skeet and trap shooting soaring from a handful of men to several dozen at the North Ottawa Rod and Gun Club, Elmer decided to start his second business venture.

He now sells shotgun shell loaders, already has almost two dozen out, and all of the components. That means stocking gun powder, primers, shot and wads.

Fisher still finds it amazing that his sales run $1,000 a month from his work room in the house. He can sell loaders from $35 to $100 and can't get them fast enough lately.

★ ★ ★

Recently he has been visiting a youth put in a wheelchair by an auto crash last fall and hopes to interest him in loading shells both as a pastime and to make money. He figures some area hunters wouldn't mind paying about a quarter a box to have shells loaded.

Fisher figures there are 50 sportsmen in the Grand Haven area who are loading their own shells. It's nothing to fire three to five boxes of shells at one shoot and when you load your own, the cost drops to a reasonable figure for the average gun enthusiast.

He has been shooting for four years in skeet shoots and steadily for two years.

Presently he's the only active wheelchair skeet shooter in Western Michigan.

LIVES ON RIVER

His place is on the Grand River, five miles southeast of Grand Haven. It was there he established his first business venture with his wife, in 1955. This was a boat livery that they still operate.

Elmer gets around by car, tractor and wheelchair.

May Rejoin NBA

BOSTON (AP) — The Massachusetts Boxing Commission said Tuesday that it has begun preliminary discussions concerning the possible rejoining of the NBA National Boxing Association.

Knowledgeable people buy Imperial.

It's a matter of taste (and value).

Thinking About Car Insurance?

WHAT'S NEW?

The Exchange at the Auto Club is currently returning *extra* savings to accident-free drivers and offering lower rates to two-car families that qualify. That's new!

It's nothing new that the Exchange insures only good drivers, has an unbroken 40-year record of returning a savings to all policyholders and has famous "fellow member collision protection" where an Exchange-insured member with collision insurance is involved in an accident with another Exchange-insured car he will be paid in full for his car damages regardless of the deductible amount.

Both the old and the new add up to the reason why the Exchange insures far more Michigan cars than any other company.

Acquire Right Habits

Math, Science Require Precise Thinking

By LESLIE J. NASON, ED. D.
Professor of Education
University of Southern California

Each year, American colleges graduate three times as many students as the Soviet Union. Yet the Soviets graduate twice as many engineers as the United States.

DR. NASON

It's an alarming ratio when viewed in the context of the Cold War.

Ever since the Russians orbited their first Sputnik we have been urging our young men to study science as a patriotic duty. Many of those who responded have failed. Why?

Usually the failures have a common problem. They approach the study of science in the wrong way.

One high school class made up of gifted students came up with 50 per cent failure on its first chemistry test.

An analysis of the test showed the students could discuss chemistry in a general way but they could not balance an equation! They could define their terms but they could not apply them to the solution of a problem.

Their knowledge was too general. This can bring high grades in other subjects. But, science requires a precise understanding.

★

Recently, I found science to be the most difficult hurdle for a group of under-achieving college sophomores.

Even after they recognized their problem, it took hours of struggle to acquire the habits of thinking demanded in the study of science.

★ ★ ★

If we are to overcome the Russian advantage in training engineers we must attack the problem at primary, high school and college levels.

I recommend these steps:

★ ★ ★

Primary teachers must help children gain precise understandings. This can be accomplished by asking searching questions and demanding accurate answers.

I have known first grade pupils who became ill when confronted with this demand. But it's necessary and with persistance the teacher can win.

USE MATH

Teachers must use the study of arithmetic to develop precise thinking on the part of the pupil. It is not what arithmetic they study but HOW it is studied.

★ ★ ★

Teachers must be mindful that science in the elementary grades will produce readiness for further science study if — and only if — it is used to develop correct habits of learning.

High school physics and chemistry teachers must make it their business to teach the students how to study their courses.

College professors must instruct students in the skills of learning required for their particular science courses.

If we insist that our children develop proper learning habits they will be successful in the study of science — and they will gain enjoyment from such study.

Then a sufficient number of boys, and girls as well, will enter the study of science and our problem will be solved.

★ ★ ★

Seeks to Take Hoffman's Seat

Edward Hutchinson, Con-Con Veep, After GOP Nomination

FENNVILLE (AP) — Constitutional convention vice president Edward Hutchinson, 47, yesterday announced his candidacy for Republican nomination to the Fourth Congressional District seat.

The Fennville attorney and former state senator thus becomes the third announced candidate for the post being vacated after 14 consecutive terms by ailing 86-year-old Clare E. Hoffman of Allegan.

Republicans announcing earlier were State Rep. Don R. Peers of Buchanan and Chester J. Byrns, a St. Joseph attorney.

No Democrats have yet entered the picture.

Hutchinson said he had delayed announcement of his move until "reasonably certain" the work of con-con would finish on schedule.

CITES EXPERIENCE

His announcement pointed to 15 years service in the legislature and his recent con-con duty as qualifications for providing "effective representation" in Congress.

A 1938 graduate of University of Michigan Law School, he started his legal career as an associate of Leo W. Hoffman, son of the retiring congressman. He served in the U. S. Army in World War II, rising from private in January, 1941, to the rank of captain before his discharge in April, 1946.

Hutchinson was elected to two terms as state representative from Allegan County, taking office first in 1947. He won his senate seat in 1950 and served 10 years.

He lost the GOP nomination for lieutenant governor in 1960 but a year later was elected the 8th Senatorial District's con-con delegate.

Postal Worker Free on Bond in Detroit Shooting

DETROIT (AP)—Walter Bukowski, a 49-year-old postal employe, was free on personal bond today pending trial on a manslaughter charge in the shotgun slaying of William L. Harper, 21.

★ ★ ★

A companion of Harper, Gary Harrington, testified at Bukowski's examination yesterday that Harper was trying to retrieve a bowling ball at the time of the shooting last Wednesday night.

Harrington said the ball had fallen out of their car and rolled under Bukowski's car, which was parked at a curb.

Harrington said he saw Bukowski hold Harper at gunpoint and said Bukowski fired while Harper was standing still with his hands in the air.

★ ★ ★

Bukowski said he fired when Harper turned and walked toward him. "I was frightened. I didn't know what they were going to do," Bukowski said.

Yale to Honor President

NEW HAVEN, Conn. (AP) — The New Haven Register said yesterday that President John F. Kennedy will receive an honorary degree from Yale University at commencement exercises June 11.

Hospital Loan OK'd for Chippewa County

WASHINGTON (UPI)—The Community Facilities Administration yesterday announced a loan for $450,000 to Chippewa County, Mich., for a hospital addition and remodeling.

★ ★ ★

The administration said the county will put in $260,000 and that $650,000 will come from the federal hospital construction (Hill-Burton) program to make up a total cost of $1,360,000.

The county contribution includes subscriptions from Canadians since the hospital—the war memorial at Sault Ste. Marie—serves both Canadians and Americans.

BOARDING HOUSE

OUT OUR WAY

Astrological Forecast

By SYDNEY OMARR
For Thursday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 to Apr. 19): Add to income by standing in DETAILS. Could prove one of most SIGNIFICANT days. Take care of so-called "little things" yourself, to assure success.

TAURUS (Apr. 20 to May 20): Strive to push ideas across. May not always be easy for others to "follow" you, but you gain by PERSISTING. Tonight allow yourself to splurge!

GEMINI (May 21 to June 21): Tendency is to be afraid of mere shadows. Paste help. If you are in doubt, ask questions. This newspaper could prove of valuable service to you.

CANCER (June 22 to July 21): A spirited conversation this evening could brings forth facts which help your cause. Don't be afraid to investigate, exchange views. Best to wait on major moves.

LEO (July 22 to Aug. 21): Remember, you learn and gain by TEACHING. Be generous with time and knowledge. And be patient with one who might appear slow to learn.

VIRGO (Aug. 22 to Sept. 22): Favorable lunar aspect today means you can discover romance and success all about you. The romance of living, of being with one you love or admire.

LIBRA (Sept. 23 to Oct. 22): Strive for recognition through original ideas. No time to be a "carbon copy." Stick your neck out, if necessary and find that superiors and fellow workers are won over by your courage.

SCORPIO (Oct. 23 to Nov. 21): To avoid a misunderstanding, speak clearly and honestly. Take time to SIZE UP people and situations. Analyze values.

SAGITTARIUS (Nov. 22 to Dec. 21): Today may be paradox. One impulse is to attend to financial details. The other is to "have a ball." Astrology's answer: BE PRACTICAL!

CAPRICORN (Dec. 22 to Jan. 20): Venus, Mercury and Sun all favorable to your sign today means opportunities galore. How you best use them is up to you. Aim for greater freedom.

AQUARIUS (Jan. 21 to Feb. 19): Like Taurus, you make most of day by expressing love. Also, make a point of FACING SECRET FEARS. No need to be depressed if you realize.

PISCES (Feb. 20 to Mar. 20): Wonderful day for social activity. This evening you would enjoy party with friends, attending theater or class or small family gathering.

★ ★ ★

IF THURSDAY IS YOUR BIRTHDAY . . . you find this year is one when the "light" finally shines. There may well have been cause for depression in recent past. But now the "night" is over and the dawn approaches. You make many new social contacts and have opportunity to increase income.

★ ★ ★

GENERALLY TENDENCIES: Cycle on for SAGITTARIUS, CAPRICORN, AQUARIUS. Special word for CANCER: Be observant, today the "key" you have been seeking could be quite close. People learn by looking and listening. Do so!

Poultry and Eggs

DETROIT POULTRY

DETROIT, April 25 (AP)—Prices paid per pound at Detroit for No. 1 quality live poultry:

Heavy type hens 18-22; light type hens 9-10; heavy type roasters over 5 lbs. 23-24; broilers and fryers 3-4 lbs.: Whites 19-20; ducklings 31.

Comment: Market about steady. Receipts moderate and ample as overall trade slow.

DETROIT EGGS

DETROIT, April 25 (AP)—Egg prices paid per dozen at Detroit by first receivers (including U.S.):

Whites—Grade A jumbo 34-39; extra large 33½-38; large 28-37; medium 28-31; small 23.

Browns—Grade A extra large 34½-35; large 33½-34½; medium 28-29½; checks 24-26.

Comment: Market unsettled to weak. Prices mostly 2 to 4 cents lower; somewhat trade very dull. Supplies ample to fully ample and in some instances country supplies diverted to other markets in the East and South.

CHICAGO POULTRY

CHICAGO, April 24 (AP)—Live poultry: Wholesale buying prices unchanged to 2 higher; roasters 22-24; special fed White Rock fryers 18-18½; White Rock fryers 17-18.

CHICAGO BUTTER AND EGGS

CHICAGO, April 25 (AP) — Chicago Mercantile Exchange — Butter steady; wholesale buying prices unchanged; 93 score AA 67½; 92 A 57½; 90 B 56¾; 89 C 53½; cars 92 3 56½; 90 2 56½.

Eggs weak; wholesale buying prices unchanged to 1 lower; 70 per cent or better grade A whites 36; mixed 32; medium 27½; standards 28; dirties 25; checks 26.

Livestock

DETROIT LIVESTOCK

DETROIT, April 25 (AP) — Hogs 300. Barrows, gilts and sows steady; number 1 and 2 190-230 lbs. barrows and gilts 16.75-17; 2 and 3 190-230 lb. 16.25-16.75; 1, 2 and 3 230-260 lbs. 16.25-16.75; 2 and 3 260-400 lb. sows 13.50-14.50; 2 and 3 400-600 lb. sows 13.75-14.25; boars 11.25-13.

Vealers 50. Steady, prime 35-38; good and choice 28-35, standard 23-28; cull and utility 18-23.

Sheep 800. Around 250 light weight crossbreed lambs 50; trade fairly active; short lambs and ewes; prices unchanged on limited early supply slaughter calves.

Cattle 400. Slaughter steers, heifers and cows fully steady, bulls 50c higher for the week; ten head high choice 1143 lb. steers 28; 3 loads low to average choice steers 27-27.50; mixed loads high good and low choice steers 26-26.75; good and low choice steers and heifers, utility steers 19-21; few good grade heifers 22-25; standard heifers 20-22; utility heifers 17.50-20; utility cows 12-14; canners and cutters 10-12; few good bulls 19.50-21; cutter bulls 17.50-19.50.

Estimates for Thursday: Cattle 250, calves 25, hogs 100, sheep 100.

CHICAGO LIVESTOCK

CHICAGO, April 25 (AP) — Hogs 7000; active; butchers opened steady to weak, closed weak to mostly 25 lower; sows steady; fair to slaughter demand; mostly 1-3 190-225 lb. butchers 16.75-17.00; around 200 head 190-220 lb. mixed 2-3 240-260 lbs. 16.25-16.75; mostly 16.50-16.90 late; 230-250 lbs. mostly 16.25-16.75; 270-300 lb. 15.50-16.00; 370-500 lbs. 15.00-15.50; mixed 1-3 300-400 lb. sows 13.50-14.50; 2-3 450-600 lbs. 13.25-13.75.

Cattle 11,500; calves none; slaughter steers generally steady to weak; trade very fully steady; high choice and prime 1050 lb. steers 29.50; mixed good and choice 1050-1150 lbs. 28.75-29.50; good and choice 1150-1300 lbs. 28.25-28.50; mixed good and choice 1150-1300 lbs. 28.25-28.50; mixed choice and prime 1050 lb. yearlings 29.25; part load choice 1050 lb. steers 28.75; choice 850-1050 lbs. 27.50-28.50; mixed good and choice 850-1150 lbs. 28.75-26.35; mixed good and choice 1150-1300 lbs. 26.25-27.25; mixed good and choice 1300-1500 lbs. 25.50-26.50; mixed choice 1150-1300 lb. Holstein steers 25.75; standard 1000-1200 lb. Holstein steers 23.75; standard high choice and prime 1000 lb. Holstein heifers 27.75; choice 900-1050 lbs. 27.00-27.50; mixed good and choice 26.50-26.90; good 25.00-26.50; few commercial cows 15.00-16.00; utility 13.50-14.50; canners and cutters 12.50-13.50; utility and commercial bulls 18.75-21.00; standard 21.00-22.00.

Sheep 300; about steady; choice 90 lb. spring slaughter lambs 20.50; mostly good and choice around 125 lb. wooled slaughter lambs 16.00; practical top 18.00; few shorn fed lambs with No. 2 pelts 17.50; few around 90 lbs. 15.50; cull to good wooled slaughter ewes 4.50-5.50.

Key Stocks Off 2-3 Points

Steels Lead Sharp Mart Decline

NEW YORK (AP)—Steels headed a sharp stock market decline early this afternoon. Trading was moderate. Aluminums retreated.

Losses of key stocks went from fractions to 2 or 3 points.

* * *

Steels more than wiped out their recovery of the previous session when they were anticipating U. S. Steel's action in declaring the regular 75-cent dividend. Many investors had feared the dividend might be cut because of the rescinding of the steel price boost.

Security analysts reported some disappointment that Big Steel had earnings of only 91 cents a share instead of about $1.10, as had been expected. Board Chairman Roger M. Blough's statement that Big Steel's profits left no margin for reinvestment in the business also was dampening.

ALUMINUMS REACT

A sharp decline of aluminums and other stocks was linked by Wall Streeters to a prominently published account of Commerce Secretary Luther M. Hodges' remarks that the aluminum industry might be watched closely, among other industries, by the Administration when the national interest is involved in wage-price decisions.

Some of the steels were sold on big blocks at the opening. As the session continued, U.S. Steel widened its initial loss to more than 2 points and Jones & Laughlin was down 3. Off a point or so were Republic Steel, Lukens, Inland and Youngstown Sheet. Bethlehem, which reports tomorrow on quarterly results, yielded a fraction.

* * *

The aluminums backed down in active dealings. Reynolds Metals sank about 2 while Alcoa and Aluminium Ltd. gave up more than a point each.

Du Pont fell more than 3 and Allied Chemical about 2 as most chemicals showed losses.

Among wider movers, Xerox and Beckman Instruments fell more than 5 points apiece, Litton Industries about 2.

A 2-point drop by United Aircraft highlighted the aerospace section. Boeing fell about a point.

Sales figures are unofficial.

Rates of dividends in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration of directors, unless special or extra dividends are not included.

a—Also extra or extras. b—Annual rate plus stock dividend. c—Declared or paid in 1961 plus stock dividend. e—Declared or paid so far this year. f—Payable in stock during 1961, estimated cash value on ex-dividend or ex-distribution date. g—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividend in arrears. r—Paid last year, dividend omitted, deferred or no action taken at last dividend meeting. t—Declared or paid in 1962 plus stock dividend. u—Payable in stock during 1962, estimated cash value on ex-dividend or ex-distribution date. wd—When distributed. wi—When issued. ww—With warr

Applications Due Monday for Frog Hollow Camp

The Pontiac Parks and Recreation Department will start accepting applications for its annual Frog Hollow Day Camp Program next Monday.

Boys and girls 7-13 years old may be registered by their parents at the department's office in city hall, said Leonard T. Buzz, recreation supervisor.

The registration fee of $8 includes transportation, food for the noon meal and a Frog Hollow T-shirt. No registrations will be accepted at schools.

This year's program will consist of seven weekly periods beginning June 25 and ending Aug. 10. The camp will not be open July 4.

★ ★ ★

The camp is located in the Pontiac Lake Recreation Area. Facilities in the Teepie Lake Recreation Area are also used.

★ ★ ★

Conducted under the supervision of a qualified adult staff, the program consists of activities which will enable youngsters to become thoroughly familiar with living in the out-of-doors.

Parents who would like their children to take advantage of this program should register them as soon as possible as the various periods fill quite rapidly.

Registrations will be accepted on a first come, first serve basis and are open only to those youngsters who attend or live within the Pontiac School District.

Further information may be had by calling the parks and recreation department.

Italian Police Question Liz

Probe Reports Actress Treated for Overdose of Sleeping Pills

ROME (UPI) — Italian police today called on Elizabeth Taylor to investigate a published report the actress had been treated in a Rome hospital for an overdose of sleeping pills.

★ ★ ★

Brigadier Antonio Caiazzo, chief of the Carabinieri (National Police) Precinct, which includes Miss Taylor's $3,000-a-month villa on the Old Appian Way just outside Rome, spent about an hour at her residence.

"We have come to investigate this matter about what really happened to Miss Taylor," Caiazzo said. "A newspaper this morning claims she took an overdose of sleeping pills."

Miss Taylor was taken to Salvator Mundi Hospital in Rome for treatment of an undisclosed ailment last night and later released.

ARGUMENT REPORTED

Her unexplained trip to the Hospital followed reports of a bitter argument with Welsh actor Richard Burton, her costar in the film "Cleopatra" and her near-constant companion since she broke up with her fourth husband, singer Eddie Fisher.

The Rome newspaper "Il Messagero" said "after a violent argument with Richard Burton, Liz Taylor may have tried to kill herself with barbiturates."

A spokesman at Salvator Mundi Hospital said the 30-year-old actress "is no longer here." He added that any further information would have to come from her personal physician, Dr. Richard Pennington.

★ ★ ★

Dr. Pennington, who cared for her when she was rushed by ambulance to the same hospital Feb. 17 for treatment of what was officially described then as "food poisoning," was not available for comment.

Southern Prison Gets Extra Help

Inmates in Mississippi Threaten to Riot After Superintendent's Firing

PARCHMAN, Miss. (UPI) — State police and sheriff's deputies bolstered the guard force at the Mississippi State Penitentiary today in an effort to head off unrest among inmates over the firing of Supt. Fred Jones.

Jones, a 69-year-old former state senator, was ousted from the post yesterday in the wake of a legislative probe into the sprawling penal farm in the Mississippi delta.

There were reports that inmates would stage a riot protesting the ouster of Jones, who abolished flogging at the prison when he became its head two years ago.

Jones said he hoped the prisoners wouldn't demonstrate.

Jones said he hoped the prosoners wouldn't demonstrate.

★ ★ ★

C. E. Breazeale, prison farm manager who was made acting superintendent, was silent about the state troopers and deputies who arrived at the prison late yesterday. Highway patrol headquarters in Jackson declined comment.

HAD BEEN REINSTATED

Jones was one of Gov. Ross Barnett's campaign managers and financiers in the 1959 gubernatorial race. The superintendent was ousted a year ago by the prison board after a squabble over authority, but was reinstated at the urging of Barnett and legislative leaders.

★ ★ ★

The legislative inquiry was touched off early this year when an inmate — Kimble Berry of Greenville, Miss. — told police in Massachusetts he had been furloughed from the prison, given a gun and a car to recover a half million dollars in loot from a burglary at Hattiesburg, Miss., last year.

★ ★ ★

Massachusetts Gov. John Volpe refused to sign extradition papers to return Berry to this state.

Con-Con Delegate Sets 'Dutch-Treat' Breakfast

Richard C. Van Dusen, con-con delegate from the 4th District, will hold a "dutch treat" breakfast at 9 a.m. Saturday in Howard Johnson's restaurant, 10-Mile Road and Northwestern Highway.

Van Dusen, chairman of the rules and resolutions committee, will discuss recent developments at con-con and answer questions from his constituents.

Scientists who discover a new element traditionally have the honor of naming it. In recent years two scientists at the University of California at Berkeley have detected and named americium, californium and berkelium.

Pontiac Man 'in Line' for Roads Post

A Pontiac engineer is one of five men named to succeed Deputy State Highway Commissioner Howard E. Hill in case of emergency caused by enemy attack.

Clarence W. Kremer of 1957 Marie Circle is fifth in line behind Varnum B. Steinbaugh, a former deputy commissioner; Prof. Edgar P. Weidenhoefer of Michigan College of Mining and Technology; Prof. William S. Housel of the University of Michigan; and Douglas T. Graham, an engineer for the U.S. Army Corps of Engineers.

The appointments were made under a 1959 state law requiring all state officials to designate successors in case of disaster.

Five other men were named to succeed Frederick E. Tripp, another deputy highway commissioner.

★ ★ ★

They are Thomas N. Smith, head of business and engineering at Michigan College of Mining and Technology; James C. Allen, a Detroit attorney; Prof. Samuel J. Eldersveit of U. of M.; Thomas Knox, vice president of Great Lakes Express in Saginaw, and W. I. Kenerson, president of an East Lansing engineering firm.

U. S. Challenges Gromyko Speech

State Department Says Red Official Was Off Base on Three Points

WASHINGTON (UPI) — State Department sources yesterday challenged three points made by Soviet Foreign Minister Andrei Gromyko in his speech to the Supreme Soviet.

First was his remark, as reported here by Tass, that in recent talks the United States seemed closer to accepting an arrangement for controlling access to Berlin that would "respect the sovereignty" of East Germany.

Officials said this country is not willing to recognize the East German regime.

Gromyko also said that U.S.-Soviet agreement seemed to be nearing on a pact against giving nuclear weapons to either East or West Germany.

U.S. officials replied that although President Kennedy has spoken against spreading nuclear weapons, he has not singled out any particular states.

The third point was Gromyko's comment that "understanding has been reached in principle concerning the need for concluding a nonaggression pact in some form or another between NATO and the Warsaw Treaty Organization."

★ ★ ★

Officials said this has been discussed, but only in a preliminary way, and the United States has not considered a "pact" but only an exchange of nonaggression declarations.

Boat of Cubans Has to Go Back to Miami Port

MIAMI, Fla. (UPI) — A boatload of anti-Castro exiles sailed from Miami last week, but was turned back in international waters by a U.S. Immigration patrol boat, Cuban exile sources said today.

The sources claimed a second boat with 60 men aboard escaped interception. No further word has been received from it.

The expedition, presumably intended to bolster guerrilla bands in Cuba, was led by Maj. Pedro Luis Diaz Lanz, former chief of Fidel Castro's revolutionary air force.

Coast Guard officials denied any knowledge of the incident. Immigration authorities declined comment.

Diaz Lanz, 35, interviewed alongside his ship in a secluded Miami River cove, said he did not want to talk about the matter.

★ ★ ★

Associates of Diaz Lanz said he and his wife, Tania, 22, an underground worker, were aboard the vessel with about 18 men.

"We were 40 miles at sea and on a course to Bimini (in the Bahama Islands) when they stopped us. It was a fast turbine powered patrol boat with the number SG62314," the associate said.

"They found no weapons," the exile continued, "but the patrol boat's commander said our skin diving equipment was considered weapons of war and would place us in violation of the neutrality act."

FREEDOM BUS TO WASHINGTON, D.C. OR ANY OTHER CITY IN THE NORTH

Free Transportation plus $5.00 for Expenses to any Negro Man or Woman, or Family (no limit to size) who desire to migrate to the Nation's Capital, or any city in the north of their choosing. Please send your name and address to P.O. Box 899 New Orleans 2, La. You will be notified at an early date by the transportation company when you will leave.

On the back of this page you will find the names and addresses of the organizations who will help you when you arrive at any of the cities listed.

ONE-WAY INVITATION — New Orleans Negroes who are unhappy with segregation customs have been given this offer by the prosegregation citizens council. One Negro accepted the offer last week and the husband now has a $100-a-week job in Jersey City, N.J. The citizens council plans a "freedom train" which would carry up to 1,000 passengers.

BOOK LEARNING'—Oakland County Circuit Court Judges Stanton G. Dondero (left) and Frederick C. Ziem (right) put their hands together with Chief Justice Leland W. Carr of the State Supreme Court to look over new state court rules for 1963. Another 13 circuit judges from several counties attended a discussion on new procedures yesterday at the county courthouse.

Lesson in Court Procedure

Judges Schooled in New Rules

A group of 15 circuit court judges, including all five from Oakland County, went back to school yesterday.

Their teacher was Detroit attorney Jason Honigman and the schoolroom was the courtroom of Judge Stanton Dondero in the county courthouse.

The judges were given a day-long lesson on "Michigan General Court Rules of 1963," adopted last December and going into effect next Jan. 1.

Honigman, noted for his volume of annotations on the state's court rules, led a discussion aimed, he said, at "implementing the education of judges."

But his first thought as he addressed the group seated quietly in court was:

"This is the nearest thing to a sentencing of the bench I'll ever get."

Honigman went on to explain that new court procedures for 1963 are designed to "cut out technicalities, avoid pitfalls and eliminate delaying tactics."

TO AID CITIZENS

The result, he said, will be to help citizens achieve justice by getting them over technical and sometimes meaningless stumbling blocks.

Honigman was assisted in the session by State Supreme Court justices Theodore Souris, Thomas M. Kavanagh and Paul L. Adams and Chief Justice Leland W. Carr.

The discussion was one in a series of regional meetings conducted by the Supreme Court for reviewing new rules.

NOTICE OF PUBLIC HEARING FOR persons living in or owning property in the Central Business District Fringe No. 2—Mich. R-44 Urban Renewal Project and all other interested persons.

Notice is hereby given that a public hearing will be held before the Pontiac City Commission on Thursday, May 17, 1962 at 8:00 p.m. at the City Hall, 38 S. Parke Street, Pontiac, Michigan.

The Pontiac City Commission is the Local Public Agency authorized to undertake the urban renewal project which is identified by the following general boundary description; on the west, by the interurban line along the Grand Trunk Western Railroad and Case Avenue; on the north, by Wayne Street and Pike Street, on the east, by Saginaw Street; on the south, by Cottage Street extended. The commission made a tentative outlines the project boundary.

The Pontiac City Commission has called this public hearing for the purpose of considering a proposal to undertake a Development Plan for rehabilitation of a blighted area in the Central Business District Area (CBD Fringe No. 2, Mich. R-44) as an urban renewal project; under State Act 344, P.A. 1945 as amended, and local laws, with Federal financial assistance under Title I of the Housing Act of 1949, as amended. The urban renewal plan proposed the acquisition of land in the project area; the demolition or removal of buildings and improvements; the installation, construction or reconstruction of streets, utilities, and other site improvements; and the making available of land for the development or redevelopment by private enterprise or public agencies as authorized by law.

The procedures for acquiring property and for relocating displaced individuals, families and businesses will also be under consideration.

The Pontiac City Commission will afford any interested person or organization an opportunity to express their view or ask questions involving any portion of the urban renewal plan.

Maps, plats and a documented description of the Urban Renewal Plan are available for public inspection in the City Planning and Urban Renewal Department, located on the 2nd floor, City Hall, 38 S. Parke Street from 8:00 a.m. through 5:00 p.m., Monday through Friday.

By order of the City Commission
Dated—April 17, 1962.

OLOA BARKLEY
City Clerk
April 25, 1962

Comedians, Dancers Added to GOP Party

Two comedy teams and a pair of teen-age dancing stars have been added to the Republican party's "Hollywood Spectacular GO-Party."

Rowan and Martin, comedy hits of last year's spectacular, and the Weire Brothers, sometimes called "The Unpredictables" because of their routine, will join the tap dancing Steiner Brothers in a May 26 performance at Birmingham Grove High School.

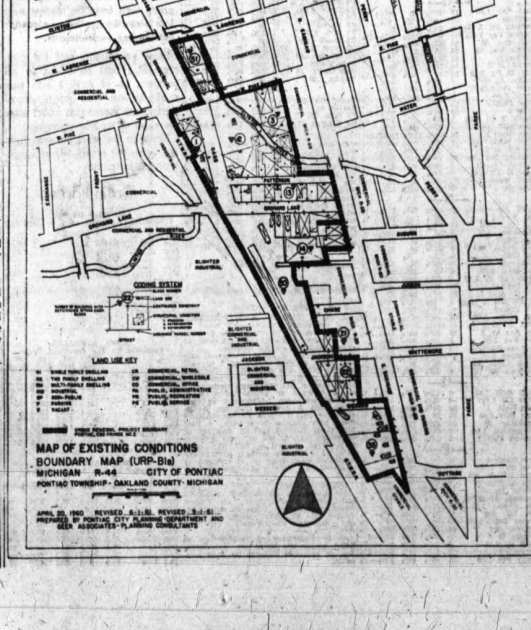

The show, also featuring Tony Martin, Jane Morgan and The Mills Brothers, will be produced in five other Michigan cities.

Fine Ordered, Waived

A $50 fine has been ordered and waived by the Michigan Liquor Control Commission against Marshall W. Moore, owner of Ducky's Bar, 800 S. Saginaw Ave. The fine was ordered on a charge of a patron consuming after the legal hour.

ANNUAL MEETING
Notice is hereby given that the adjourned part of the Pontiac Township Annual Meeting will be held on April 30th, 1962, at 1:30 P.M. at the Township Hall, 2600 Opdyke Road.

GRETA V. BLOCK, Clerk
April 25, 1962

Ad Board OKs Crossing Gates on Saginaw St.

The State Administrative Board has approved a $29,695 contract to Grand Trunk Western Railroad Co. for construction of a new flashing signal and gates at the South Saginaw Street railroad crossing, according to the State Highway Department.

★ ★ ★

The crossing, at Wilson Street, is now marked by flashing signals only.

The gates were originally ordered installed by the Public Service Commission in May 1961. The order came after a PSC inspection of the crossing in February of that year.

★ ★ ★

There was a fatal accident at the crossing in March 1959. Work on the signal and gates is expected to be started soon.

The United States Naval Academy for the training of midshipmen was opened at Annapolis, Md., on Oct. 10, 1845.

HIGH SCHOOL COVER GIRL—Miss Nancy LoRee Schraeder, 17, a high school senior in Wichita, was named High School Cover Girl of 1962 in a national beauty and personality contest. The prize is a trip to New York City and a $100 savings bond.

Macmillan to Ask JFK

-Topic: Britain's Position in Europe

BY J. M. ROBERTS
Associated Press News Analyst

Prime Minister Macmillan, when he talks to President Kennedy this week, is expected to take the United States position toward Britain's economy and political position in Europe as his chief topic.

The joint position on American resumption of atmospheric nuclear testing has already been worked out.

Even though he is still inclined to try, try and try again for East-West terms which would halt intensification of the nuclear arms race, Macmillan knows that preparations have now gone too far for change except through a radical and unexpected about face in Moscow.

In the nuclear field the main discussion will revolve around the prospect that Britain will soon become, officially and in contradiction of her traditional foreign policy, an active European state, and the relationship of her individual nuclear deterrent power to her new association.

POSITION OF STRENGTH

By becoming the chief power in a concortium possessing a nuclear deterrent, Britain will be able, if the United States thinks well of it, to negotiate her new relationship to Europe from a position of strength far beyond that accruing merely from her economy.

The United States now provides the chief nuclear deterrent available to Europe. As the European consolidation becomes a third force in international affairs, it almost certainly will want to assume at least a part of this power on its own.

Macmillan also will be inclined to caution Keanedy that the pro-European element in Britain is walking on eggs with both traditionalist Britons and with other nations in the commonwealth who have enjoyed preferential treatment within its trade arrangements.

Things said during the American debate over her own trade relationship with the new Europe could embarrass the British government if it began to appear that any part of its leaning toward Europe is due to a push from across the Atlantic.

So far the United States has avoided any such posture, merely having told the British, when asked last year, that her alignment with the continental powers would be considered a good thing if she was prepared to enter the common market in full spirit.

In the back of Macmillan's mind will surely be the attitude of Canada, which clings to her economic ties with Britain even though her economic temperature goes up and down with that of the United States.

* * *

Britain is anxious for the United States to consider the interests of the commonwealth countries which, to some degree, she will orphan, as the American position is being established. This has already been promised in Washington for both commonwealth nations, Latin America, and others outside the European community.

* * *

Macmillan has become something of a hero to Britons who take an attitude of moderation in the Cold War, and with an election coming he will avoid anything which might diminish this image. Though he may not mention it to Kennedy, it will be in the background of his discussion of East-West problems.

TV Features

By United Press International

HOWARD K. SMITH, 7:30 p.m., (7). The subject is: "Is the Western Alliance Falling Apart?"

WAGON TRAIN, 7:30 p.m., (4). "The Terry Morrell Story." David Ladd, son of actor Alan Ladd, costars with Henry Jones in a story about a boy with a tragic secret.

BOB HOPE SHOW, 9 p.m., (4). Frank Sinatra, Dorothy Lamour and Janis Paige are Bob's guests on a tour of memory lane. Hope and Sinatra team up for a comedy song sketch. Miss Lamour does a medley of songs she introduced in seven movies, including three of the "Road" films with Hope.

BOB NEWHART, 10 p.m., (4). Dan Blocker, huge star of "Bonanza," guests as a caveman in a sketch about a stone age disarmament conference. (Color.)

NAKED CITY, 10 p.m., (2). "The Sweetly Smiling Face of Truth." Nina Foch stars as an actress who becomes a homicide suspect.

CIRCLE THEATRE, 10 p.m., (2). "Black Bird of Space." Donald Buka stars as test pilot Scott Crossfield in a dramatized story about the development of the X15.

Mike Wallace Receives Quick Answer in Quiz

NEW YORK (UPI) — Host Mike Wallace, taping a segment of the "PM" television show last night, asked actor Burt Lancaster to comment on reports he has a quick temper.

Lancaster got up and left the studio in a huff.

Subcommittee Session Set

Russia OKs Test Ban Talk

agreed to another meeting of the nuclear test ban subcommittee of the 17-nation disarmament conference, informed sources said today.

The subcommittee meeting will be held tomorrow, the sources said.

The plenary session of the arms talks began this morning with delegates tensely awaiting word from the U.S. nuclear testing grounds in the Pacific, and the anticipated Soviet reaction to reports of the first American nuclear explosion there.

The conference realized that Russia may walk out as soon as word of a U.S. nuclear test is flashed here.

* * *

The Communists controlled the chair today. Soviet Deputy Foreign Minister Valerian Zorin met publicly for about 15 minutes before the meeting with the other four Communist chief delegates.

* * *

Zorin did most of the talking, mainly to Romanian Deputy Foreign Minister George Macovescu, today's chairman. Polish Deputy Foreign Minister Marian Naszkowski, who was chairman the day Zorin walked out in the last disarmament conference here in 1960, stood listening impassively.

Semyon K. Tsarapkin, who handles nuclear test ban negotiations for the Soviet Union, yesterday had blocked an attempt to adjourn the nuclear testing subcommittee until tomorrow afternoon. He apparently wanted to make sure he could get the committee to meet today in the event he wanted to stage a walkout or protest the U.S. atmospheric nuclear tests.

But late last night, Tsarapkin was reported to have telephoned Chief U.S. Delegate Arthur H. Dean and agreed that the Anglo-American-Soviet subcommittee should meet tomorrow and not today.

Explosion Kills Two in Algiers

Moslems Grab Woman, Claim She Ran From Booby-Trapped Car

ALGIERS (AP)—A booby-trapped car exploded with a thunderous roar on a busy square in downtown Algiers today. Police said first checks indicated two persons were killed and at least five wounded.

* * *

A group of Moslems surrounded and held a European woman and claimed that she had stepped from the car with two men shortly before it exploded.

* * *

Many passersby in the square had been warned away from the car. Some witnesses said that the woman and two men who got out of the car seemed to be running away. This aroused suspicions and there was a movement to take shelter.

* * *

Terrorists killed at least 20 persons and wounded 12 in Algeria yesterday.

* * *

This morning in Algiers a Moslem police officer was machine-gunned to death and his son and daughter wounded by gunmen in a passing car.

* * *

In Oran, the army occupied the roofs of two more tall buildings in the city in preparation for a crackdown on the European terrorists of the secret army.

Military positions were established on three other buildings yesterday.

* * *

Oran has been relatively quiet for the past few days as the French began bringing up reinforcements for the cleanup of the secret army center.

Rights Battle Expected Today

Senate Leaders Hope to Start Action on Literacy Test Bill

WASHINGTON (AP) — A bipartisan group in the Senate takes another stab today at launching a civil rights bill into the election-year political spectrum.

* * *

Loser in an abortive attempt yesterday to get a literacy test measure off the ground, Democratic leader Mike Mansfield of Montana rallied supporters for another try.

But his effort seemed likely to result only in the blast-off of a Southern filibuster. It could drone on for 10 days or more before Mansfield and Senate Republican Leader Everett M. Dirksen of Illinois reach for a seldom-reliable valve to shut off debate.

The cut-off could come only if two-thirds of senators voting approve a debate limitation. This device has never worked when a civil rights bill was up.

Led by Sen. Richard B. Russell, D-Ga., the Senate's top tactician, Southern opponents forced a postponement yesterday by the simple expedient of demanding that a quorum be present.

Mansfield was trying to get discussion going on a bill which would exempt voters in federal elections who have completed a sixth grade education from taking literacy tests in 21 states which have such requirements.

When only 35 of the 100 senators could be rounded up to answer to their names, Mansfield abruptly adjourned the Senate. It is supposed to have 51 on hand, a bare majority, to do business.

The Democratic leader lost a day but no ground in trying for action on a measure Atty. Gen. Robert F. Kennedy and other sponsors claim would go a long way toward preventing discrimination against Negro voters.

Judge Requests FBI Protection for Cab Drivers

CHICAGO (UPI) — A federal judge, in a precedent-making action yesterday, called in the Federal Bureau of Investigation to protect taxi drivers from "terrorism and harm" in a war between rival cab unions.

U.S. District Judge Julius Miner assumed jurisdiction under Title 1 of the 1959 Landrum-Griffin Labor Act in the burning of two taxis last weekend and the dumping of three cabs into the Chicago River. It was the first time a court acted under that provision of the three-year-old law, authorities said.

"These treacherous acts have been perpetrated in brazen defiance of this court's warning and I am constrained to accept the challenge, I'm accusing nobody. We'll find out who is to blame.

"Nobody is going to fool with this court. It will insist with all the power at my command that their (the drivers) rights be resolved by the court under law and order and not by hoodlums and gangsters through lawlessness and brutality," Miner said.

Miner also ordered Joseph P. Glimco, reputed hoodlum boss of Teamsters Union Local 777, deposed as bargaining agent for 4,000 Chicago cab drivers last July, into court today.

Expect Decision on Ouster Move

House Unit Scheduled to End Hearings on Bill to Remove Judge

LANSING (AP) — A decision was expected today on a legislative committee hearing on the State Supreme Court's attempt to remove Probate Judge Henderson Graham of Caro for misconduct.

* * *

The House Rules and Resolutions Committee was scheduled to wind up the three-day hearing with testimony from Meredith H. Doyle, the supreme court administrator.

Rep. Ernest Murphy, D-Detroit, anxious to get a decision on the matter, told the House last night that he will move to force the removal resolution out of the committee if it fails to act today.

Murphy asserted there is barely time for the legislature to act before it adjourns.

* * *

The resolution needs approval of two-thirds of the House and Senate before it can go to Gov. Swainson. The governor must carry out the legislature's directive.

COURT AGREED

The Supreme Court, after a hearing in January, agreed unanimously that Graham should be removed for negotiating for a loan from a $20,000 estate under the jurisdiction of his court.

The estate is the property of Mrs. Edwina Gering Green, whose parents were killed in an automobile accident in Tuscola County in 1958.

Mrs. Green's father-in-law is Rep. Allison Green, R-Tuscola. House GOP floor leader and a member of the Rules and Resolutions Committee. He is fighting the ouster move.

* * *

Murphy described the committee hearing as "useless."

"It cannot alter the sworn testimony taken by the supreme court," he said. "Testimony given at the hearing is not taken under oath."

* * *

The Detroit Democrat contended that "someone is deliberating sitting on this resolution."

Student Aide Slashed Near Pontiac General

A Pontiac General Hospital student x-ray technician was to be released from the hospital this morning after being slashed about the chest and left forearm yesterday. The weapon may have been a broken pop bottle, police said.

Clarence R. Groner, 20, of 3011 Commerce Rd., Union Lake, told police he was attacked near the hospital at 11 p.m. yesterday as he was opening the door to his car.

...He was found unconscious and bleeding near 487 W. Huron St. by a passing driver, John McMahon, 26, of 261 Judson St. Groner apparently tried to reach the hospital.

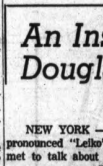

* * *

There were no signs of a robbery attempt, and police reported Groner said he did not see his attacker.

An Inseparable Couple, Douglas, Japanese Wife

By EARL WILSON

NEW YORK — Jack Douglas' Japanese wife Reiko (which she pronounced "Leiko") goes everywhere with Jack. She, Jack and I met to talk about Jack's books, especially the last one, "A Funny Thing Happened to Me on the Way to the Grave."

WILSON

Jack and Reiko and their baby ("Huckerberry Hashimoto") are unusual in our town. Jack, who got part of his fame on the Jack Paar Show, and Reiko met in the Slate Brothers Cafe in Los Angeles when both were appearing there.

"Met 1960 September. We get marry October. Fast! You never know!" Reiko told me.

"You speak very good English," I said.

"Aw, snow job," shrugged Reiko.

"No. Serious," I said.

"Serious snow job," retorted Reiko. She said she'd had two cups of coffee which made her drunk, and that was why she was talking about everything, including how she has been trying to "lead Jack's books."

Reiko said she and Jack are so close, they've scarcely been separated — "When he leave, I cry." She was wearing a new mink coat which, she said, she tried not to get.

"He said, 'Get, get, get!' I said, 'I don't want.' He said, 'You have to get'."

So she got and it looked very pretty. Reiko said in some ways she is feeling as well to do as the rich dogs of Japan which have their lunches brought to them by delivery car.

"This man make new business. He make dog lunch. He make prenny money serving rich dogs. That's how I feel — like rich dog!" said Reiko.

"Except you don't look like dog," I said.

"Aw, snow job!" laughed Reiko.

THE MIDNIGHT EARL . . .

Roddy McDowall was elated to see that the Paris Match magazine used his photo of Liz Taylor on the cover — but was dismayed to find the article inside was a big blast at her. . . . Sandra Church, now filming "Ugly American" with Marlon Brando, spends her weekends in an L. A. classroom, working for a belated high school diploma . . . Jane Powell wants to make her Broadway bow next season in the musical "Jennie" . . . Rock Hudson will start singing lessons with vocal coach Carlo Menotti on his next trip here.

TODAY'S BEST LAUGH: The importing into the U. S. of all those French, British and Italian cars has solved the parking situation — in France, Britain and Italy.

WISH I'D SAID THAT: "There's nothing new about rocket scientists counting backwards," says Bob Orben. "My wife's been keeping track of her birthdays that way for years."

EARL'S PEARLS: It takes two to make an argument — a woman to start it, and a man to listen till she's finished.

Comic Al Bernie mentions that doctor's prescriptions are hard to read: "But did you ever notice how clearly written their bills are?" . . . **That's earl, brother.**

Sites for U.S. Nuclear Blasts

AP Photofax

GO-AHEAD GIVEN—Map locates areas around Christmas and Johnson Islands in the Pacific where U.S. nuclear tests are to be conducted. The Kennedy administration yesterday gave the go-ahead for the test series in the atmosphere.

JFK's OK Starts N-Test Countdown

WASHINGTON (AP) — The U.S. nuclear count-down is under way. The first explosion of the new test series could thunder out in the remote Pacific at any hour.

★ ★ ★

President Kennedy gave his final approval Tuesday for the series of test shots in the atmosphere. The Atomic Energy Commission announced the tests would begin "as soon as operationally feasible."

This meant, said an AEC spokesman, the first shot will be triggered any time in the next few days, as soon as the weather, the weapons and the elaborate experimental facilities are "go."

★ ★ ★

Kennedy Curbs N-Testing to Necessities... No Show

WASHINGTON (AP)—President Kennedy has ordered that each explosion in the U.S. nuclear test series must be justified by a military necessity.

He ruled out shots designed to impress the Russians or to make favorable propaganda for the United States.

Kennedy authorized the tests to proceed Tuesday but aides said he has been reluctant to let them be held.

Only after repeated unsuccessful appeals to Soviet Premier Khrushchev to try to get Soviet agreement to an enforceable test ban treaty did he give final approval.

From the day Kennedy took office in January 1961 he was under pressure mostly from military leaders and many members of Congress to approve resumption of testing. He chose to negotiate.

His efforts were unsuccessful. The United States began underground testing. Kennedy noted in an announcement that if the Soviet Union continued its atmospheric tests of weapons systems and the United States failed to do so, the U.S.S.R. might vault into the lead in the nuclear arms race.

LINES OF ACTION

Under the circumstances, the President felt there were only two lines of action available to preserve the relative balance in the world:

1. To resume testing to whatever extent was militarily justified.

2. To freeze the arms race by bringing it to anend with a nuclear test ban treaty which would prohibit all testing and provide safeguards against cheating.

★ ★ ★

On March 2 Kennedy announced in a speech that the United States would resume nuclear testing in

New Dog Ordinance in Effect Tomorrow

The new Pontiac dog ordinance, approved by voters in the April 16 municipal election, goes into effect tomorrow, City Clerk Olga Barkley and City Attorney William A. Ewart pointed out today.

The city charter requires that all ordinances become effective 10 days after final adoption.

This means that as of tomorrow, all persons buying dog licenses in the city must show proof that the dog has been vaccinated against rabies for a period extending at least through Dec. 31, 1962.

Since the new ordinance also changed the deadline for buying licenses from May 15 to March 1, all 1962 licenses purchased after today will automatically cost $3 instead of $2. A $1 penalty is added for being late. Persons already having bought dog licenses won't be affected.

Pontiac Sales Set New Midmonth High

Retail sales by Pontiac dealers during the April 11-20 sales period totaled 20,570, the highest midmonth sales performance in Pontiac's 36-year history.

Pontiac and Tempest sales of 36,544 units during the first 20 days of April also set a new high for the period, surpassing the previous record of 32,699 set in 1955.

The 36,376 Pontiacs sold in the last 10-day period surpasses the 11,329 cars sold in the similar period a year ago, an 80 per cent increase.

In State Senate

Vote for Income Tax

Liberals Win 18 to 15 After Long Session

Smeekens Weakens; Talked Against Plan for 4½ Hours

LANSING (AP) — The Senate voted today for a personal and corporate income tax for Michigan, climaxing a marathon debate that lasted all night.

The vote was 18 to 15, the bare minimum needed for passage.

Sen. Haskell L. Nichols, R-Jackson, immediately served notice that he would move to reconsider the vote.

The vote came after more than 14½ hours of a hectic session that started at 8 last night, with only one minute out as the clock struck 12 to conform with a legislative rule against sessions going past midnight.

The way was cleared for a vote after Sen. John P. Smeekens, R-Coldwater, who supplied most of the opposition oratory, gave up a one-man filibuster that lasted for two hours and 35 minutes. Altogether, he talked for more than 4½ hours.

It was a resounding victory for a coalition of Democrats and Republican moderates who combined to beat Republican conservatives and their slow-down tactics.

Ten Democrats and eight Republican moderates combined to beat the 15 Republican conservatives in the vote. The House has yet to act on the measure.

Nichols said his move to reconsider the vote, perhaps tomorrow, was an attempt to force action on a bill to furnish tax relief to Michigan industry. He is chiefly interested in a bill to reduce the personal property tax on industrial machinery and equipment.

The move was seen as a threat to bolt the ranks of the coalition unless it goes along with his proposal.

Sen. Frank D. Beadle, R-St. Clair, leader of the pro-income tax group, said he did not consider it a serious threat. The income tax vote, he said, would stick.

At stake in the fight was the passage of the compromise tax program centered on the 3 per cent individual and 3 per cent corporate income tax.

Explode Giant Saturn After Firing Success

CAPE CANAVERAL (AP)—The great Saturn booster was launched successfully for the second time today and was deliberately blown up after the trial to dump 95 tons of cloud-forming water into the upper atmosphere.

With a tremendous roar and spurt of flame, the world's mightiest known rocket rode 1.3 million pounds of thrust to an altitude of 65 miles. There a signal from the ground detonated dynamite charges which ripped the vehicle apart spilling the water into the near-vacuum of space in a bonus experiment.

The National Aeronautics and Space Administration announced several minutes after the 9 a.m. Pontiac time launching that the flight was completely successful.

Observers at Cape Canaveral saw the water quickly form a huge cloud of snow-like ice particles which spread several hundred feet across a clear sky.

The great mass — higher than any natural cloud has flown — remained seemingly motionless in the air for only a few seconds, then spread apart and quickly vanished.

★ ★ ★

As on the first flight of the Saturn last October only the first stage performance was being checked. And once again it was a remarkable performance by what is believed to be the largest and most complex rocket in the world — a forerunner of a rocket designed to carry American astronauts to the moon later in this decade.

By the time the explosive charge was ignited 166 seconds after launching, the 162-foot Saturn had completed its main mission — a check-out on the booster itself.

The eight powerful engines in the first stage functioned for about 115 seconds, pushing the 463-ton vehicle to an altitude of 35 miles.

BLAST OVER OCEAN

At this point the engines shut down as planned and the rocket coasted upward to the point of explosion — which occurred some 50 miles southeast of Cape Canaveral over the Atlantic Ocean.

★ ★ ★

Two dummy upper stages were filled with water to simulate the weight of the upper assembly to be carried on future Saturns.

It was this 23,000 gallons of water which was spilled into the icy ionosphere in a secondary scientific experiment.

NATO Troops Honor 2 Retiring Generals

STUTTGART, Germany (AP)—More than 1,500 NATO troops passed in review here today in a ceremony for retiring Gen. Bruce C. Clarke and Gen. Robert L. Howze Jr.

★ ★ ★

Clarke, commander in chief of the U.S. Army in Europe and Howze, 7th Army chief of staff, return to civiliam life Monday.

Asks to Rewrite Red Constitution

Nikita Obtains OK for Document in Push for Total Communism

MOSCOW (UPI) — Premier Nikita S. Khrushchev called today for a new "peaceful coexistence" constitution that would suit the Soviet Union's drive toward total communism.

★ ★ ★

Stating that the 1936 "Stalin Constitution" was outdated, Khrushchev said the Soviet Union had achieved complete socialism and now is embarked on the all-out building of communism.

He asked the Supreme Soviet, Russia's parliament, to draft a new constitution that would adequately define foreign relations for "an era of peaceful coexistence." The Supreme Soviet approved his request and named the premier to head the drafting commission.

★ ★ ★

The premier, who was reconfirmed yesterday as head of the government, kept his Kremlin hierarchy virtually intact. Foreign Minister Andrei Gromyko, Defense Minister Marshal Rodion Malinovsky and other top officials retained their posts.

★ ★ ★

One expected change was made with the replacement of Agriculture Minister Mikhail Olshansky by a comparative unknown, Konstantine Pysin.

Olshansky has been under heavy criticism for failing to meet Soviet food production goals.

Khrushchev said that changes in the Soviet Union over the past 26 years signified that "socialism has won a complete and final victory and the Soviet Union has entered the period of the all-out building of communism."

★ ★ ★

As reported by the news agency Tass, Khrushchev said the present constitution, which was drafted under the direction of former dictator Josef Stalin, talked only of declaring war and signing peace treaties. He said a new constitution was needed to clarify the conduct of foreign relations in the world of today.

'Come Up to See Me'

AP Photofax

ELEVEN FEET HIGH—"Ooh, it's big," says Scott Horita, native Alaskan Eskimo, as he looks at the world's largest polar bear now on exhibit at the Seattle World's Fair. The bear, which stands 11 feet, 1½ inches mounted, was killed by Arthur R. Dubs of Medford, Ore., last year just inside the Russian line between Big and Little Diomede Islands. It is a feature of the Alaska exhibit at the fair.

Request Change in Air Service

With the deadline nearing for the end of airline service at Pontiac Municipal Airport, city commissioners last night asked the Civil Aeronautics Board (CAB) for better service.

A five-point resolution was passed and will be forwarded to the CAB for consideration. North Central Airlines service is authorized by the CAB until June.

Authorization carries a "use it or lose it" mandate under which the CAB prescribes the minimum passenger quota at five per day, or 150 a month, needed to keep airline service permanently.

★ ★ ★

The resolution, offered by Commissioner Winford E. Bottom, came as the result of a study of airline traffic and needs by a committee of officials from the Pontiac Area Chamber of Commerce and city legal and airport staffs.

The resolution asks the CAB to authorize flights from Pontiac to Chicago and nonstop flights to Cleveland. The current Cleveland flights are by way of Willow Run Airport.

RESCHEDULING URGED

A major point is a request for rescheduling of already authorized flights so that southbound flights will be in the morning and northbound flights in the afternoon or evening.

★ ★ ★

"Airline service hasn't been scheduled in a manner compatible with the needs of this community," explained Sherwin M. Birnkrant, assistant city attorney. "Current surveys of representative local industry has reconfirmed the need for adequate and properly scheduled service.

"The requested flight schedules would allow businessmen to go to Chicago or Cleveland, conduct their business and return all in the same day."

★ ★ ★

The resolution asks the CAB to "extend and continue beyond June 1962 the currently authorized service, at least until the within requests have been finally determined."

★ ★ ★

Airline service began here in December 1960. In only one month since has the minimum CAB passenger requirement been surpassed.

Better Sharpen That Lawnmower —Spring's Here

Grass cutting time is here at last. If you haven't sharpened the lawnmower better do it now for temperatures are springing into the high 70s today, and 82 is the forecast for Thursday.

Tonight will be fair and warm, the low near 54.

The weatherman said Thursday will be partly cloudy with a few showers developing in the late afternoon or evening. Tomorrow night throught Saturday temperatures will be a little cooler but Sunday and Monday will again be warmer.

Rainfall will total about .5 of an inch in showers Thursday night and again Monday.

Fifty-nine was the lowest temperature in downtown Pontiac preceding .8 a.m. The reading at 1 p.m. was 80.

Add 'Flesh' to Tower Skeleton

Pontiac Press Photo

NEW WING—This addition to the west side of the Oakland County Courthouse tower has reached maturity—in height. Construction workers have completed the skeleton of the four-level structure and are now working inside to add finishing touches to floors, walls and ceilings. County workers currently housed in the county office building at 1 Lafayette St. expect to occupy the new wing by Oct. 1.

Bluebelle Yacht Story to Be Told

MIAMI, Fla. (AP) — The U. S. Coast Guard ruled today that the ketch Bluebelle was intentionally sunk by Capt. Julian A. Harvey and that Harvey's wife, Mr. and Mrs. Arthur Dupperault and two of their children were slain by Harvey prior to the sinking.

MIAMI, Fla. (AP)—The Coast Guard said it would make public today its findings on the yacht Bluebelle mystery, an ocean tragedy with only a little girl as a survivor.

The announcement by Seventh District Coast Guard headquarters at Miami came a day after an insurance company asked a federal court to rule on the death of one passenger.

She was Mary Dene Harvey, 34, wife of Bluebelle skipper Julian A. Harvey. He killed himself a few hours after learning Terry Jo Duperrault, 11, was rescued semiconscious from a liferaft.

Harvey's tale of dismasting and fire last Nov. 12 in a Bahamas squall bore little resemblance to the account related by Terry Jo after she was nursed back to strength in a Miami hospital.

The pretty blonde Green Bay, Wis., girl, orphaned in the Bluebelle tradegy, told Coast Guard interrogators she saw no fire or broken masts on the 60-foot ketch. She said she did see her mother and brother lying on blood-spattered decks and was slapped by Harvey, who she said was carrying the ship's rifle and later abandoned her on the sinking craft.

Flash

LONDON (AP) — Prime Minister Macmillan left today to meet President Kennedy for talks on world problems.

Con-Con Now Favors New Senate Districts

Con-con delegates lined up today in favor of a reapportionment plan giving Oakland County one new senator now and probably another in 1970.

* * *

At the same time, AFL-CIO state president Gus Scholle lined up his forces to block the new constitution at the polls if it contains this proposal.

Scholle, a power in the Democratic party, said he will "vigorously oppose" a new constitution if it provides a legislature apportioned by area as well as population.

The con-con plan giving Oakland County increased representation does just that.

Recommended yesterday by con-con's committee on legislative organization, the plan raises current Senate membership from 34 to 38. Four different counties—Oakland, Wayne, Macomb and Genesee—would get one new seat apiece.

* * *

The plan goes on to provide Senate redistricting after the 1970 federal census on a population and area formula—an idea that stings Scholle.

* * *

"I definitely could not support a very conglomerate proposal that can't be explained—one that equates square miles to persons," Scholle said.

Delegate Arthur Elliott, R-Pleasant Ridge, pointed out the new plan would entitle Oakland County to three senators after the 1970 census, according to projected population figures. The county now has one Senate seat, held by Sen. Farrell Roberts, R-Pontiac.

Wayne County would get nine senators instead of seven, Elliott said, leaving outstate districts reduced by two to keep within the 38-member limit.

The proposed formula for redistricting gives 80 per cent weight to population and 20 per cent to area.

ON LOGICAL BASIS

Delegate George Romney, R-Bloomfield Hills, said the proposal apportions the Senate on "a sound, logical basis, which recognizes that in our state we have a diversity of heavily-populated urban areas and people living under widely separated conditions."

* * *

Scholle argues with this view. In a suit referred by the U.S. Supreme Court back to the Michigan Supreme Court for investigation, the labor leader charges present Senate apportionment violates the 14th (equal protection) Amendment of the federal constitution.

* * *

Scholle contends a population-area formula of apportionment gives rural voters a more powerful voice in elections.

The controversial reapportionment plan, which also changes the terms of senators from two to four years, was scheduled for second reading debate by con-con delegates today.

A third and final reading probably will come in two weeks.

Flint Man Arrested in Holdup at Bank

FLINT (AP) — A 30-year-old Flint man was held today for investigation in the shotgun robbery yesterday of a branch of the Genesee Merchants Bank.

* * *

FBI agents said they will seek a bank robbery warrant against Ernest Fry.

* * *

Fry was arrested in Flint last night. Police said part of the $9,085 taken from the bank was recovered.

* * *

Sought on a bank robbery warrant issued yesterday was Josephus Mance, 38, of Flint.

Police said witnesses identified Fry and Mance as the two gunmen who robbed the North Side Flint bank after threatening customers and employes with a shotgun and a pistol.

FBI agents said Robert Pullem, 38, of Flint also was arrested in connection with the robbery. Police said a warrant charging Pullem with aiding and abetting a bank robbery would be sought.

* * *

Previously police picked up a man identified in a warrant as William Bailey, 30, of Flint for questioning in the robbery. Later police said the man was not Bailey and that he had been released. They gave no further details.

Romney Warns About Scholle

Tells 200 at GOP Rally of AFL and Dem Party 'Conspiracy'

George Romney charged last night that the Democratic party and state AFL-CIO president Gus Scholle maintain a "conspiracy" which is "politically corrupt, morally wrong, economically unsound and socially indefensible."

* * *

Scholle's domination of Democrats, Romney said, has been "a primary factor in destroying Michigan's reputation and confronting it with grave economic and social problems."

Speaking at a GOP pep rally in Jackson, Romney warned 200 Republicans not to let their party resemble "Gus Scholle's Democratic party."

He proclaimed the need for a genuine citizens party and said the GOP offers the best "opportunity to put major emphasis back on what we can do individually and in cooperation with each other."

* * *

"I believe every citizen in Michigan who is not a leader in the Gus Scholle-Democratic party political conspiracy can be interested in seeing Michigan freed from its grip," Romney continued.

As the only announced Republican candidate for governor, Romney urged party workers to get "fired up" and "go on to victory in November."

Almost Student Killed as Car Rams Bridge

A 16-year-old Almont High School student was killed shortly after noon yesterday when his car ran off Almont Road a quarter-mile east of the village and hit a bridge.

* * *

John F. Toole of 8760 Boardman Road, Almont Township, died of a broken neck suffered when he was thrown out of the car.

Lapeer County Sheriff's deputies said the youth apparently lost control of his car while traveling at a high rate of speed on his way to school.

* * *

After hitting the bridge, the car turned over and burst into flames. It was destroyed completely, police said.

Countdown Started for U. S. N-Tests

(Continued From Page 1)

zation of more than 12,000 men of the Air Force, Navy, Army, Marine Corps, Atomic Energy Commission and contractor employes—actually began preparations last Nov. 2 when Kennedy said the United States would go ahead with standby preparations for a resumption of atmospheric tests.

TEMPO INCREASED

The tempo of preparations has increased since Kennedy announced March 2 that the tests would be started late this month unless the Soviet Union agreed to a fool-proof system for banning nuclear tests.

Swarms of military men, AEC experts and laborers descended on the hitherto lonely islands of Christmas and Johnson — the former a British possession close to the equator, the latter a U.S. island airfield southwest of Hawaii.

There the task force, supplied by ships and planes, has erected the facilities for hurling thermonuclear warheads into the edge of space, dropping them from planes, launching them in torpedoes and depth charges—and, equally important, trying out new explosive recipes for producing more nuclear yield from smaller packages.

* * *

By this morning, the scene was set. The warnings to shipping and aircraft to steer clear of the Christmas Island area had gone into effect 10 days ago. The Christmas Island's designated area is a rectangle 600 to 800 miles, to which a smaller (120 by 240 miles rectangle) adjacent area was added.

All this indicated that the first shots, perhaps to be comparatively small field tests aimed at gaining improved nuclear efficiency, will be made at Christmas Island.

The government said that no super-size explosions—like the 58 megaton shot in the Soviet series—would be detonated. This has led to speculation the U.S. series might be limited to blasts no larger than 10 megatons (the equivalent of energy yielded by detonation of 10 million tons of TNT.)

JFK Cuts N-Tests To Bare Essentials

(Continued From Page 1)

the atmosphere—unless "the Soviet Union should now be willing to accept a (test-ban) treaty, sign it before the latter part of April and apply it immediately."

* * *

On April 10, the United States and Britain declared that unless there was a radical change in the Soviet position more tests would be inevitable. British Prime Minister Harold Macmillan sent a personal appeal to Khrushchev.

Khrushchev turned down the appeal and accused the West of bad faith.

The Weather

NATIONAL WEATHER—It will be on the mild side tonight in states east of the Mississippi while colder weather is forecast for the north and central Plains and Rockies. Scattered showers are expected in northern New England and the Carolinas. Widely scattered showers and thunderstorms are forecast for the Dakotas, the upper Mississippi Valley and on the central and western Gulf coast.

AP Photofax

TO HIT TOMORRAW—Sketch shows the path of spacecraft Ranger 4 as it tumbles through space on its flight to the moon. Scientists say it will crash on the dark side of the moon tomorrow morning. The Ranger 4, launched successfully Monday from Cape Canaveral aboard an Atlas-Agena rocket, developed a faulty "brain" after the launch.

Expected to Hit in Morning

Ranger Nears Moon

PASADENA, Calif. (AP) — As the sun rises Thursday on the desolation of the lunar landscape, U.S. spacecraft Ranger 4 is expected to plunge from the black sky onto the surface of the moon.

Scientists say it will strike the unseen back side of the moon at 8:50 a.m. (Pontiac Time) exactly 63,913 hours after it blasted off from Cape Canaveral — carrying elaborate television equipment and the hopes of United States lunar experts for a close-up look at the moon.

The hopes were shattered when a timer failed and halted a sequence of maneuvers which would have brought Ranger's television eye into play as it neared the lunar surface.

But Ranger, as blind as a plunging meteor, hurtled on toward what would be a historic collision. If it strikes as expected, Ranger will be the first piece of U.S. hardware on the moon. The Russians hit it in 1959.

BEEPS TELL TALE

A tiny radio is sending out steady beeps by which scientists from Pasadena's Jet Propulsion Laboratory are tracking Ranger's flight. When the beeps stop, they will know it has hit.

At 5:50 a.m., Pasadena time, it will be dawn on the portion of the moon where Ranger should strike — a dawn the like of which man has never seen.

The temperature will be changing from minus 150 degrees Centigrade to plus 110 degrees Centigrade in the few minutes it takes the blazing sun to rise over the lunar horizon.

"As we look at the moon from the earth," said Howard Pohn, a California Institute of Technology researcher, "it will be a quarter moon, with three-quarters of the side facing us in shadow.

"On the back side it'll be just the opposite, because half the moon will be in the sunlight. On the edge of the line of sunlight, just below the equator, is where Ranger is to strike."

Cutter, Planes Search Atlantic for Aircraft

NEW YORK (UPI) — The Coast Guard Cutter Mackinac and several planes searched the Atlantic Ocean about 300 miles east of New York City today for a mysterious aircraft which radioed an urgent distress signal.

* * *

New York Coast Guard headquarters, which is directing the search, said no plane had been found by midmorning and no plane was reported missing by East Coast aviation agencies.

A spokesman said the "May Day" distress signal picked up by Gilman Long of Andover, N. H., on his radio last night "might have been a hoax."

* * *

Long notified the Pease Air Force Base in New Hampshire and planes and helicopters from Salem, Mass., Quonsett Point, R. I., and New York were pressed into the search. The Mackinac searched night long with search lights.

French Railway Struck by Unions for 24 Hours

PARIS (AP)—France's nationalized railway system was hit today by a 24-hour strike that sharply curtailed both long line and suburban service.

* * *

The strike was called by Communist and Catholic unions to back demands for a three-hour reduction in the work week of 48 hours.

Argentine Crisis Continues

3 Million Ready to Strike

BUENOS AIRES (AP)—Argentina's General Confederation of Labor readied its 3 million members today for a nationwide strike to preserve Peronist election victories canceled by President Jose Maria Guido under military pressure.

* * *

From the other side Guido was under continuing military pressure to go all the way and once again ban Peronists from all political activity before any new elections are held. But there still were signs of discontent from army elements that feel the military leaders have pushed the government beyond the bounds of the constitution.

The Peronist-dominated labor confederation told its members to stand by for strike orders shortly after Guido nullified the results of provincial elections since December and ordered the federal government to take over provincial administration not already under its control.

COMPLETE JOB

Guido's decree completed the cancellation of Peronist victories in nine gubernatorial races in the March 18 election.

"The democratic and constitutional form of government has been replaced by a military-type dictatorship," the labor confederation declared.

No strike date was indicated. The confederation had already planned May Day demonstrations for Tuesday if the Peronists were not allowed to take office on that day.

Guido's office said in a communique federal takeover of the provinces was necessary to eliminate the victories of those "who would seek to restore the dictatorial regime" of ex-dictator Juan Peron.

TO LIMIT CANDIDATES

The communique made no mention of a ban on political activity by the Peronists but said the elections for president and vice president Guido has promised to hold would be limited to "parties organized democratically and acting within the law."

* * *

Guido's decree left untouched the Peronist capture of 47 seats in the federal Congress, about a fourth of the seats in the lower house. The president told Congress to take care of this, but Congress so far has balked at legislating for the military.

* * *

The army secretary, Brig. Gen. Juan Bautista Loza, made new demands early today for governmental action against the Peronists. He also called for electoral law reform before the new presidential election to "assure a more just representation."

Fire Destroys Home of Negro Integrator

PORTSMOUTH, Va. (UPI) — A Negro shipyard worker's house, located in an all-white neighborhood and bombed several weeks ago, was destroyed by fire today.

The house, owned by Anthony Gist, 43, was not occupied and there were no injuries.

The house, located in Norfolk County, was damaged by the bombing but Gist said he was repairing it and planned to move in soon with his wife and three young boys.

MRS. FRANCES DEWEY

Granted Wish 'to Die Free'

Ex-Prisoner Succumbs at 83 Only 4 Months After Her Release

The one wish that Mrs. Frances Dewey kept close to her heart all during her 49 years in prison was "to die free."

* * *

Yesterday her wish came true — four months after her parole from the Detroit House of Correction where she had been serving a life sentence for first degree murder.

The 83-year-old woman died at the Sammond Pleasant Lodge in Romeo, her home after the parole, which followed Gov. John B. Swainson's action to commute her life sentence.

* * *

Gov. Swainson's move resulted from efforts of the Athena Club, an organization of Detroit business and professional women who had heard of Mrs. Dweey's one wish.

* * *

Mrs. Dewey was sentenced to life imprisonment in Ypsilanti in 1912 in the death of her year-old adopted son. Though found guilty of beating the boy to death, she never ceased to profess her innocence, claiming the boy's injuries were inflicted by her second husband.

* * *

Her body is at Wilbur's Funeral Home, Romeo.

Open House Planned at New Fire Station

The public will be invited to take a good inside look at Pontiac's new central fire station Saturday May 19.

* * *

City officials have set that date for the official open house and dedication ceremony for the new station. Festivities are scheduled to begin at 3 p.m.

* * *

The $375,000 structure is located on E. Pike Street directly across from the public safety building. It has now been completed and in use for several weeks.

Journalist Indicted for Illegal Cuban Trip

MIAMI (UPI) — A Negro journalist who lost his U.S. passport for visits to Hungary and Red China, was indicted yesterday for making an illegal trip to Cuba.

* * *

A federal grand jury returned a criminal indictment against William Worthy Jr., 48, a former Nieman Fellow.

The Day in Birmingham

Episcopalians Buy Bus for Lepers on Okinawa

BIRMINGHAM — The congregation of St. James Episcopal Church here has put together its dimes, nickels and quarters to purchase a bus to send to a leper colony on Okinawa.

The second-hand vehicle was bought from the Leader Dog School for the Blind near Rochester.

It has been refurbished and will be sent on its way by transport carrier tomorrow or Friday to New York and then via ship to the Pacific island.

Transportation arrangements have been made by the Episcopal branch of Church World Service.

The bus is painted dark green and has white lettering on its side, reading "Episcopal Church." Japanese chharacters will be added once it arrives on Okinawa.

Members of the church started their drive to raise funds for the bus last winter after they heard from a visiting missionary about the plight of the isolated lepers.

Bishop Harry S. Kennedy, of the Episcopal Missionary District of Honolulu, told the congregation in September that "our people are so poor and our lepers so isolated that one woman told me she had not been outside the walls of the colony for 32 years."

The congregation immediately opened its hearts and its pocketbooks and raised the necessary money for the bus, explains St. James rector, Rev. Kenneth H. Gass.

The Soroptimist Club of Birmingham will hold its annual spring card party at the Birmingham Community House on May 9.

Proceeds from the event this year will go to Camp Oakland for "Camperships" and to the Tyler School for Handicapped Children.

Mrs. R. H. Dewey is general program chairman.

Mrs. Raymond Palmer

Service for Mrs. Raymond (Elizabeth D. Palmer, 81, or 250 Westchesterway, will be 11 a.m. Friday at St. James Episcopal Church. Burial will be in Greenwood Cemetery.

Mrs. Palmer died yesterday at William Beaumont Hospital, Royal Oak, after a short illness.

She was a retired assistant principal of Muskegon High School and prior to that was a mathematics teacher at Hastings High School.

She was a member of St. Peter's Guild of St. James Church.

Her husband survives.

Her body will be at the Manley Bailey Funeral Home until 10 a.m. Friday.

Memorial tributes may be made to the Michigan Heart Association or the St. James Memorial Fund.

Detroit Dailies and Two Unions Meeting Today

DETROIT (AP) — Union and scheduled today to hold a dou management officials were ble-pronged negotiation session in an effort to end a two-week work stoppage at Detroit's two daily papers.

* * *

The Detroit Newspaper Publishers Association, which represents both the morning Detroit Free Press and the afternoon Detroit News, was to meet with the International Typographical Union and the Pressmen's Union.

* * *

ITU Local 18 and Pressman's Local 13, along with Plate and Paper Handlers Union Local 10, have not returned to work at both papers since a teamsters strike at the Detroit Free Press April 11.

Yesterday, Bert S. Piscitello, president of Local 10, said he had received no word of a meeting with the association.

The association was to meet with the ITU Local 18 at 10 a.m. and with Pressmen's Local 13 at 2:30 p.m.

Announcement of the meetings yesterday were the most hopeful signs in the prolonged labor disagreement.

Freighter Rams Dock in Grand Haven Channel

GRAND HAVEN (AP) — A lake freighter piled into an industrial dock in the Grand Haven Channel early today, inflicting damages estimated at more than $10,000 at the shore installation.

Families of GIs Can Go Abroad

McNamara Canceling Ban on Travel Begun Last September

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara announced today that travel of dependents of military men stationed abroad will be resumed immediately.

Families have been banned from going with or joining servicemen abroad under government authorization since last September.

The cut-off was ordered, in part, to cut spending of dollars overseas and improve the U.S. balance of payments situation.

Another aim was to free planes and ships for the partial mobilization buildup of men and equipment in Europe.

In announcing the lifting of the travel ban, McNamara also disclosed that the Defense Department will try out short rotation of Army units, probably of about battle group size, without dependents as one means of holding down the foregin expenditure of U.S. dollars.

He said he has in mind duty tours not exceeding 13 months and in some cases less.

The defense chief emphasized that the problem of cutting down the outflow of gold is still serious. He said "we are going to have to take further action" along this line.

Says U.S. Investors Not Hurting Canada

TORONTO (AP) — The alleged horrors inflicted on Canada's economy by United States investors "simply don't take place," Dr. Eugene Forsey, research director of the Canadian Labor Congress, said today.

★ ★ ★

"I have searched long and earnestly . . . and have found very little evidence that American investment is doing this country harm," he told the history section of the Ontario Educational Association.

"There are occasional instances of American subsidiaries failing to give adequate opportunities to Canadian technical and managerial talent; but an elaborate survey has failed to disclose any abuses of appreciable importance."

Motors Firm, in Demand

Steels Keep Sliding Downward

NEW YORK (AP) — Steels resumed their downtrend as the stock market headed generally lower in moderately active early trading.

Losses of most key stocks went from fractions to around a point.

★ ★ ★

The steels seemed to have well discounted the news that U.S. Steel would declare its usual 75-cent dividend after yesterday's market close and they sank backward on some large transactions.

U.S. Steel, after opening on 12,000 shares, down ¾ at 61¾, extended its loss to over a point, more than wiping out its recovery of the previous session. Jones & Laughlin was off a couple of points. Bethlehem and Republic Steel lost fractions.

Board chairman Roger M. Blough's statement that the dividend payment left no margin for reinvestment in the business of U.S. Steel was a dampening factor.

Ford continued in demand following oversubscription of its big stock offering and it advanced ¼ to 98¾ on an opener of 10,000 shares, later shaving the gain a bit.

★ ★ ★

General Motors, which reports on quarterly results today, was firm. Chrysler lost a fraction.

Losses of around a point were taken by Goodrich, Litton Industries, Phelps Dodge, Allied Chemical and American Tobacco.

Metro-Goldwyn-Mayer was up a point and International Business machines about 2.

★ ★ ★

Prices were irregular on the American Stock Exchange. Gainers included Aerojet-General, Syntex and General Development. Among losers were Gulton Industries, Southern Materials, Brazilian Traction and Sherwin-Williams.

Bond Prices Run Firm

NEW YORK (AP) — Bond prices were steady at the opening of trading today.

Over the counter dealers in U.S. government securities quoted some of the longest issues up 2.32 but other long bonds and intermediates showed no change from yesterday's close. Activity continued light.

★ ★ ★

Rails improved among corporates traded on the New York Stock Exchange. Industrials and utilities were no better than mixed.

Among price moves amounting to a full point were New York Telephone 2⅝s, up 1 at 80 at one time, Armco Steel 4¼s, off 1 at 102⅜ and Elgin, Joliet & Eastern Railroad 3¼s up 1 to 89¼.

Fractionally higher were: New York Central Railroad 4s at 54⅝, Deere 4½s at 98¼ and Northern Natural Gas 3¾s at 91⅝.

'Profits Needed by U.S. Steel'

Blough Says Company Earnings Don't Allow Plant Improvements

NEW YORK (AP) — Roger M. Blough says U.S. Steel Corp. will "have to do everything we can" —short of an early increase in prices—to bolster earnings.

★ ★ ★

"The economic situation that we had before we attempted to change our prices remains with us," he said in appraising future prospects of the nation's third largest industrial corporation.

Blough, U.S. Steel chairman, referred to the surprise $6 a ton boost announced April 10 and then withdrawn 72 hours later in the face of an angry response by President Kennedy.

'NOTHING FOR IMPROVEMENT'

He met with newsmen Tuesday after "Big Steel" disclosed January-March profits were $55.8 million. He said the figure left nothing for plant improvement after keeping abreast of dividend obligations to stockholders and debt repayment requirements.

★ ★ ★

In defending the abortive price boost, Blough had said it was needed to gather funds for upgrading and expanding plants to stay competitive with rival materials at home and steelmakers abroad.

The industrialist, answering the questions with customary caution, mentioned specific steps for overcoming the corporation's cost-price squeeze, speaking only of an intense effort to hold down costs.

'COULD HELP'

He indicated the government could help out by liberalizing regulations on depreciation, a factor in profits.

He ruled out repetition of the price move two weeks ago when asked whether there would be prior consultation with the White House in any such project.

★ ★ ★

"First, let me say that I have no contemplation on the part of United States Steel at the moment with respect to any major change in the level of our prices," he replied.

NO DECISION NOW

Queried about the possibility of increases on selected steel products, as distinguished from an across-the-board hike, Blough said "I didn't intend to convey any impression whatsoever with respect to that. I would say that it is a matter which would have to be taken up in the future."

Accompanying the earnings report was declaration of a 75 cents a share dividend on common stock, the same payment directors have voted each quarter since the start of 1957.

This action put an end to speculation in Wall Street that a cut to 50 cents a share might be forthcoming.

★ ★ ★

Blough declined any forecast on what directors may decide in the future on the dividend rate.

AMC Officials Elected to Kelvinator Ltd. Board

LONDON, Ont. (AP) — Richard E. Crow and Roy Abernathy of Detroit today were elected to the board of directors of Kelvinator of Canada Ltd.

Crow is chairman and chief executive officer and Abernathy president and chief operating officer of American Motors Corp.

Makes Money on Wall Street

His Chair Swivels to Art

By SID MOODY
AP Newsfeatures Writer

NEW YORK — Roy Neuberger clashes with his Wall Street background as discordantly as would a Picasso nude on a dollar bill.

To the average broker, the prettiest sight is the unbroken ascent of the old profit curve.

Neuberger's cramped suite of offices flame with the brilliant hues of 90 contemporary paintings against which the lights of the stock board flicker dimly like distant stars.

For to Neuberger money doesn't talk, or just make more money. It is the gold he hopes will help launch another golden age of art.

He is an art lover who mastered the art of making money believing that painters should be acknowledged with a pat on the back while living instead of a pat of a shovel after they're not.

★ ★ ★

The first strokes of what became a singular Wall Street career were sketched in the unlikely backdrop of the upholstery department of a large New York department store where, Neuberger began work as a very young man.

He became more interested in art than sofas and took painting lessons.

"I soon learned I wasn't even naive enough to be a naive painter."

But an art lover needn't be a painter, so in 1925, at the age of 23, Neuberger "retired" and went to Paris to see the world—and its art. He roamed the Louvre, lingered over the works of the French Impressionists, worked when he needed money buying objects d'art and as a textile representative . . . and became dismayed at the hardships suffered by the unrecognized French moderns.

★ ★ ★

As appreciators of their own art, Neuberger said, "the French had flunked. But their artists hadn't."

He recalled how the Medicis had used their financial touch to sponsor the great artists of the Renaissance. Why shouldn't Roy Neuberger become a Medici, to bring recognition to painters in their own lifetime?

He disliked the idea of a career devoted to making money but when I saw what needed to be done, I decided to make money. So, I thought, where do you make money? — Wall Street."

Thus in 1929 when many were leaving Wall Street — some via the window — Roy Neuberger arrived, taking a job as a runner.

No longer a runner, Neuberger has been moving fast ever since.

"My income has gone up every year," he recalled, and in 1937 he began to buy art of living American painters.

"Most people thought the United States was crass, materialistic. I thought culture would be a big thing for the destiny of America and, I think, I helped call attention to this."

He's called attention to it by purchasing almost 1,000 paintings of such artists as Abraham Ratner, Milton Avery, Rufino Tumayo, Jackson Pollock. Besides the 90 pictures in his office just off Wall Street, he has filled his New York apartment and a country home.

BOUGHT PICTURES

"I helped by buying pictures. I didn't want to give money directly to painters but to encourage others to buy. In a spiritual sense more than economic, a painter must have a consumer for his work, just like every one else.

"The fairly certain a large percentage — say 40 out of the 150 artists I've bought — will live in posterity. It's difficult to value an artist in his lifetime, but a human can learn a great deal from art if he applies himself."

For Neuberger the mixture of business and pleasure has been mutually enriching.

"Millions can't be painters, just like millions can't make money on Wall Street," said Neuberger. But, he feels, the paint pot and the pot of gold have "great compatibility.

★ ★ ★

"In appreciating painting, you must know human values. So, too, in securities. And, in the monetary sense, any prudent person prefers to use money intelligently when there are so many opportunities to use it unintelligently," said the Connecticut - born Medici leaning back in a contemporary swivel chair.

★ ★ ★

On the walls were two large paintings such as have, said Neuberger, made his office "the second stop for art lovers after Chase-Manhattan," referring to another and considerably larger Wall Street institution that is also festooned with contemporary paintings.

Neuberger's secretary, who for culture seekers can rattle off the artists of each painting in the office as well as take a letter to Neuberger customers more fiscally inclined, interrupted briefly to ask the boss a question.

Then he flicked a switch on a tiny portable TV-like set.

"You don't mind if I watch the market a while, do you?" Neuberger asked as an image of the Stock Exchange tape moved across the screen.

Which picture did he prefer, the one on the screen or the wall? He like 'em both, I took at this," said Neuberger pointing to the set and then swiveling towards a painting "so I can look at that."
