

Pontiac Press Photo

BRIDE-AND BRIDESMAID — The patient was Virginia Olsen when admitted to Pontiac General Hospital late Saturday. Today, she signed a menu order form with her new name, Mrs. Richard Carlsen. Virginia

was married at the hospital yesterday after an auto accident that took the life of her bridesmaid, Barbara James, late Saturday. Mrs. Lawrence Nichols, (right) a nurse, acted as bridesmaid.

Bridesmaid Killed

Wedding Held Despite Crash

Mrs. Richard Carlsen started her first day of married life this morning in a hospital bed.

How did it feel to be a married woman?

"No different," said the 20-year-old bride, who was married in a quiet, simple ceremony in her room at Pontiac General Hospital yesterday.

She was in good spirits today, considering the tragic turn of events that had nearly canceled her plans to wed Richard Carlsen, 22, of 3044 Barkman, Waterford Township.

CAR CRASH
Late Saturday night, returning from her wedding rehearsal, Virginia Olsen was involved in a two-car collision on Telegraph Road near the Pontiac State Police Post.

Her bridesmaid, Barbara Marie James, 20, of 3820 Percy King, Waterford Township, who was driving, was killed. She was the daughter of a head nurse at Pontiac General Hospital.

Virginia suffered facial injuries and her mail-of-honor, Deane LaBarr, 17, of Detroit, suffered a broken arm.

Driver of the other car, Allen H. Cooley, 21, of 355 Third, and two passengers, Star L. Farina, 27, of 128 Washington and Elaine Young, 22, of 128½ Washington, also were treated at Pontiac General.

Cooley and Miss Farina were released and Miss Young is in satisfactory condition.

Carlsen and Miss Olsen were to have been married at St. James Episcopal Church in Detroit Sunday.

NAVY ENSIGN
Instead, Carlsen, commissioned Friday as an ensign in the Navy, and his bride said their vows in a hospital room.

Mrs. Lawrence Nichols of 130 Green, a nurse was the bridesmaid. Parents, grandparents and a few friends watched Rev. Garfield Brown

of St. James marry the couple.

Today, Mrs. Richard Carlsen was asked to sign a hospital form. She reacted eagerly.

"It's the first chance I've had to use my new name," she said with a sudden flash of happy pride.

It had been a weekend of happiness and grief.

Funeral arrangements for Miss James are being handled by the Lewis E. Wint Funeral Home in Clarkston. Service will be held at All Saints Episcopal Church Tuesday at 11 a.m., with burial to follow in Ottawa Park Cemetery.

She is survived by her parents, Mr. and Mrs. Robert S. (Continued on Page 2, Col. 7)

Bloomfield Police Chief Gazed Down Gun Barrel

By PAT MCCARTY

In his 18 years of police work, Chief Norman Dehnke several times has witnessed the slow, tortuous death of men shot in the stomach.

The Bloomfield Township police chief remembered these incidents as he sat looking down the barrel of a 12-gauge shotgun for nearly a half-hour early yesterday morning.

Attention, Skiers: Heavy Snowfall May Hit Area

Attention, all skiers! There's a possibility of three to 10 inches of snow this week.

Temperatures will average about five degrees above the normal high of 33 and low of 20, so Wednesday's precipitation may turn out to be rain.

There will, however, be snow flurries Thursday and Friday. Temperatures will vary widely each day.

Tomorrow and Wednesday will be warmer; Thursday, colder; Friday, warmer; and Saturday, colder.

The low before 8 this morning was 14. By 2 p.m., it had reached 29.

JFK Probe Hears Mother of Oswald

WASHINGTON (AP)—Mrs. Marguerite Oswald, 56, carried before the Warren Commission today what she called "new evidence" in an attempt to convince the investigating commission that her son, Lee Harvey Oswald, did not assassinate President John F. Kennedy.

Mrs. Oswald has said she expects to contradict the testimony given by Oswald's Russian-born wife,

Barry Strength Has Shrunk

Romney and Scranton Agree on Assessment

DETROIT (AP)—Republican Govs. William W. Scranton of Pennsylvania and George W. Romney of Michigan said today that the strength of Sen. Barry Goldwater's campaign for the GOP presidential nomination had "diminished" in their respective states in recent weeks.

Their comment was in an answer to a question at an impromptu news conference.

However, Scranton told a later news conference that if the Republican convention were tomorrow, Goldwater would come into it "with the most delegates."

Scranton, who has said he would accept a Republican nomination for the presidential nomination, said he urged Romney to become "an open and avowed candidate."

And Romney who also has said he is available for a draft, said he urged Scranton to do the same thing.

Each said he thought the other would make a wonderful candidate, but both said again they do not plan to actively seek the nomination.

Introducing Scranton to a gathering of some 60 Michigan Republican leaders, Romney said "I hope his objective here is political and not economic."

This brought considerable laughter from the audience and Scranton responded that his hope here was "partly economic not to take anything away from Michigan, just to let you know about Pennsylvania in the event you want to expand."

Scranton, in a speech, said "The best way to prevent government controls on business from becoming unbearable is for business to see to its own house."

"The government gets into most things because the persons primarily involved don't bother or weren't concerned," Scranton said in a talk prepared for a luncheon at the Economic Club of Detroit.

Police had been summoned to the house at 2805 Franklin by Course's son Jerry, 17. The youth had made the call at the height of a family argument.

When Patrolmen Curt Grenier and Lyle Howard arrived at the scene, they found Mrs. Lela Course, 46, and her son out in the road.

HAD ANOTHER
They said they had taken one loaded shotgun from Course but that he had another.

"We tried to coax him out," said Howard, "but he just sat (Continued on Page 2, Col. 6)

Music Series Hailed

By JANET ODELL

Chancellor D. B. Varner of Oakland University expressed his pleasure at the enthusiastic response engendered by the recent announcement of the Meadow Brook Music Festival this summer.

The many phone calls he has received since the news first appeared in the papers have been unanimous in their approval of the proposed performing arts center. Two or three individuals have indicated a willingness to furnish financial support.

Warships Hit; One Sinks

CANBERRA, Australia (UPI)—The Royal Australian Navy destroyer Voyager collided with the aircraft carrier Melbourne and sank 19 miles southeast of Jervis Bay off the coast of New South Wales today.

A naval spokesman said there were "some casualties," but their extent still was not determined. (An Australian naval official in London said the Voyager was carrying its full complement when it sank, adding that there was a "heavy loss of life.")

As soon as the Melbourne flashed a radio report of the collision, naval vessels and helicopters rushed to the scene from the Jervis naval base. Two mine sweepers and a frigate also were ordered out from Sydney.

The Melbourne is the flagship of the Australian fleet. It is a light carrier of 20,000 tons and a crew of 1,000 men.

VARNER built.

Varner believes the festival will benefit not only the university, but the entire metropolitan community and more especially the local area. This type of musical fare has not been available in the past.

"This center of performing arts can have national, if not international, renown," Varner said.

Student and faculty reaction at Oakland University echoes public reaction, Varner went on to say. This festival should (Continued on Page 2, Col. 3)

Reds Concede Security Officer Flees to West

On Temporary Duty at Disarmament Talk; 7th-Ranking Delegate

WASHINGTON (AP)—The State Department said today that Yuri I. Nossenko, 36-year-old officer of the KGB, top Soviet agency, has requested political asylum in the United States.

Nossenko disappeared from Soviet circles at Geneva last week. Soviet officials, notifying the Swiss authorities, indicated he was a member of the Russian delegation at the 17-nation disarmament conference.

Dispatches from Geneva said his disappearance had apparently created considerable concern at Soviet headquarters.

"We do not believe he has met with an accident," a Soviet source was quoted as saying. "It is beginning to look as though he may have defected."

State Department press attache Richard I. Phillips gave very little information to clear up the question of why Nossenko decided to request asylum in the United States.

STAFF OFFICER
Phillips said that according to Nossenko's own statements "he is a staff officer of the KGB and until Feb. 4, (the date of his disappearance) he was assigned to Geneva on temporary duty from KGB headquarters in Moscow."

Phillips identified the initials as designating the Soviet "Government's Committee for State Security."

Nossenko's action brought to 15 the verified number of defections from Soviet satellite countries in the last two days.

Yesterday, 13 sports fans and one East German girl, an Olympic competitor, defected at Innsbruck, Austria.

TOBAGGANIST
The girl was identified as Ute Gashler, a member of the combined East-West German toboggan team. The others were from Czechoslovakia and Hungary.

As one of a score of advisers with the Soviet delegation, Nossenko presumably had access to classified documents.

Swiss police had asked Interpol, the International Police Organization, to help them trace (Continued on Page 2, Col. 4)

Start Firing Cuban Help at Gtmo

WASHINGTON (AP)—The Defense Department announced today that "The services of a number of civilian workers are being terminated" at the Guantanamo Naval Base, and a new permanent water production plant will be installed there.

The statement was issued after a special Navy survey group has returned from a quick flying visit to Guantanamo and submitted its recommendations to Secretary of Defense Robert S. McNamara.

The actions were described as a "follow-up on the President's announced intention to move the naval base at Guantanamo toward greater self-sufficiency."

CIVIL RIGHTS MARCHERS — The approximately 2,000 participants in Birmingham's civil rights march yesterday traveled the half-mile between the Congregational Church of Birmingham and Holy Name Catholic Church together. "But

it took us many years to do it," Rev. Maurice Geary noted in the speech addressed to all who marched for "responsible civil rights legislation" on the federal level. (See story, page 2).

Hunt Saboteurs in Train Blasts

MIAMI, Fla. (AP) — Investigators sought today to track down saboteurs who dynamited a 91-car freight train and a work train derailing the strike-harassed Florida East Coast Railway.

No one was injured in the blasts Sunday—10 miles apart—which caused damage estimated by W. L. Thornton, the carrier's chief operating officer, at more than \$250,000.

"It was definitely sabotage," Thornton said. "I am not implying the unions are to blame. No one knows at this time who did this."

George Leighty, chief negotiator for the 11 striking unions, said, "We know absolutely nothing about it." He said union members had been warned not to resort to violence.

The incident was the worst directed against the 57-mile railroad, which operates between Jacksonville and Florida City, south of Miami, since the nonoperating unions struck Jan. 23, 1963. Railroad officials said there have been 146 incidents.

ASK PAY HIKES
About 1,200 union employees struck, idling about 800 others. They demanded the 10.28 cent-an-hour pay raise agreed to by nearly all class one railroads on a national level. The Florida

CAPE KENNEDY, Fla. —The Florida East Coast Railway was authorized to move freight trains into the Merritt Island moonport today, and striking railroad workers immediately established picket lines at all entrances to the moonport and Cape Kennedy.

East Coast line, which was not a party to the negotiations, said it couldn't afford the raise, and sought to bargain separately.

There has been no passenger service since the strike. Freight service has been built up to four trains each way daily, using supervisory personnel and non-union workers. The railroad now has a work force of about 700.

There could also be demands for a roll call on each of the amendments adopted—and so far there have been 25, with several more likely.

The House met early and was prepared to sit late in an effort to get the 10-part bill to a final vote.

The biggest question was what final form the employment section might take. The bill's supporters lost no time demonstrating that they had the votes to beat any major changes in the section.

By a standing count of 131 to 86, they defeated an amendment by Rep. Robert L. F. Sikes, D-Fla., that would have limited the life of the new equal employment opportunities commission to four years.

NATIONAL WEATHER — Some light snow is forecast tonight for some sections of southern New England, the central and southern Appalachians and rain, mixed with snow, is likely in the Ohio and Tennessee valleys. Showers are forecast for the north Pacific Coast and snow and snow flurries in the northern Rockies and along the eastern slopes of the central Rockies. It will be cold in the Northeast and in the Gulf states. Slowly rising temperatures will be noted in the southern Plains.

TRAGIC REMINDER — The shoe of an American serviceman, its front blown off, remains amid the debris after two bombs ripped apart a stadium bleacher during a softball game in Saigon last night. Two U.S. servicemen were killed and 23 other Americans injured.

23 Injured at Softball Game

Viet Cong Bombs Kill Two Americans

SAIGON, South Viet Nam (AP) — Two bombs planted by terrorists destroyed a bleacher during a softball game in Pershing Stadium Sunday night. Two U.S. servicemen were killed and 23 other Americans injured.

Three other women were wounded slightly.

An entire American family was hospitalized. The father was kept in the hospital but his wife and their young daughter were released after treatment.

Vietnamese police reported they had arrested three suspects in the bombing.

The bombs had been planted under six inches of earth about 20 feet apart beneath the bleachers and presumably were set off electrically by Communist Viet Cong terrorists from some distance away.

Names of the victims have not been released pending notification of their next of kin.

In Washington the State Department issued a statement saying:

"This is the most serious of the series of incidents which the Viet Cong have perpetrated against the Americans, starting in 1957. We are resolved to continue extending full assistance to the government and people of Viet Nam in their struggle to put an end to such Communist terrorism."

The carefully prepared bombing brought to three the toll of U.S. servicemen's deaths and to more than 27 the number of Americans wounded by Viet Cong guerrilla action in the Saigon area in a week.

The scene of the bombing was Pershing Field, an athletic field near Saigon airport used exclusively by U.S. service teams. Authorities said the bombs appeared to be U.S.-made, 20-pound aerial fragmentation bombs.

There was speculation that the guerrillas had warned Vietnamese residents that the bombs would be set off.

Vietnamese children usually play in the bleachers area, but there were no children in sight at Sunday night's game, witnesses reported.

Intelligence sources disclosed last week that Viet Cong assassination and terror group leaders have slipped into Saigon since Jan. 1 to carry out attacks against Americans.

ARCHITECTS PLAN
The architectural firm of O'Dell, Hewlett & Luckenbach is working on plans for the orchestra shell and the roofed-over area to seat 2,000 people. These will be built about 200 yards north of Meadow Brook Hall, between the hall and Walton Boulevard.

Varnar said that by placing the musical facilities in this spot families would ultimately be able to come to the campus and enjoy a complete cultural complex.

They could spend the afternoon seeing Meadow Brook Hall and viewing its great art masterpieces, have a picnic supper and stay for the evening symphony concert. He stressed the fact that informality will be the order at concerts.

"These are not social affairs. They are for the benefit of everyone," (with this in mind, admission to the concerts will be low.)

Varnar paid particular tribute to Mr. and Mrs. Roger Kyes who developed and encouraged the idea originally and who helped clear away initial obstacles. He commended also the Simon E. Knudsen who have agreed to head a committee to work on further details for the project.

He paid tribute to the memory of Mr. and Mrs. C. B. Wilson who left a fund to be used for the betterment of Pontiac. Trustees of the fund have given \$35,000 for construction and \$20,000 for operating expenses the first two years.

PARTY CHAIRMAN
Mullinix is also chairman of the Democratic Party in Pontiac.

He is married and has one son. This is his first attempt at gaining a city commission post.

In deciding to run for the office, Mullinix said, "I think the people of Pontiac are looking for new leadership, and they're not happy with the present commission."

He said he felt that "both the present and former commissions pulled together in cliques, and that's not the way to think about the good of all the people."

Nosenko because they had believed he may have gone to France.

Soviet delegation sources said Nosenko was a member of the legal department of the Soviet Foreign Ministry, long had specialized in disarmament matters and ranked seventh in the delegation.

White Boycott at Dixie School

Entire Student Body Protests Integration

TUSKEGEE, Ala. (U) — The entire white student body boycotted Nottula High School in the face of impending desegregation today, while at nearby Shorter, the integrated high school was closed because of a bomb threat.

Only six white pupils out of a student body of about 155 showed up at Shorter, where a spreading boycott also gained rapid momentum.

The school was closed for the day after a telephoned bomb threat, but there was no disorder. Six Negroes have attended Shorter High School since last Wednesday.

One of the six Negro pupils assigned by a federal court to Nottula High made an attempt to enter the school when it reopened today after a two-day shutdown resulting from a fire.

LEFT SCHOOL
Only one white pupil came to school at Nottula High and he left immediately when he learned he was the only one there.

Mayor James Rea, who refused to admit the Negroes last Wednesday because he said the school was overcrowded, told newsmen this morning that although he had no official knowledge of a boycott, it was apparent that many if not all of the white students had walked out.

Rea said that with the boycott, there was no longer a crowded condition and that there would be no need for further use of a new city fire prevention ordinance.

Birmingham Area News

2,000 Join Marchers for Civil Rights Bill

BIRMINGHAM — Approximately 2,000 persons representing many faiths marched together in Birmingham yesterday for a single cause.

They were conducting an orderly demonstration on behalf of federal civil rights legislation.

The afternoon procession sponsored by the Birmingham Council of Churches covered the half-mile between the Congregational Church of Birmingham and Holy Name Catholic Church.

A handful of Negroes could be seen among the whites who were marching. The Pontiac Urban League and the National Association for the Advancement of Colored People were represented.

INVOCATIONS
The group started its march following invocations by Rev. Raymond Finner of the Congregational Church and Rabbi Irwin Croser of Congregation Shaarey Zedek in Southfield.

Individual participants moved behind bearers of crosses, American flags and church banners. Clergymen followed the main body of the group.

Their path took them into the sanctuary of Holy Name Church where they listened to an address by Rev. Maurice Geary, Marian High School chaplain.

Rev. Arthur Lowry, associate pastor of Our Lady Queen of Martyrs Church, officiated. He read a letter from Sen. Philip Hart, (D-Mich.) commending church leaders for their role in stimulating action on civil rights.

SANG TOGETHER
The marchers joined voices to sing "Faith of Our Fathers" and "America, the Beautiful."

Perform Wedding After Car Tragedy

(Continued From Page One)

James, a brother, Richard; and a sister, Beverly.

A University of Michigan student, Miss James had come home this weekend to take part in the wedding.

WEARS DRESS
"She will be buried in the dress she was to have worn in the wedding ceremony. She never had a chance to wear it in life," her grief-stricken father said.

State Police said Cooley apparently swerved across the center line and hit the James car head-on. Statements were to be taken this afternoon at the Oakland County Prosecutor's office.

Chief Faced Death

(Continued From Page One)

down in a living room chair and started to walk out. He fell over the very step of the door and slammed the door behind me."

The chief was among some 18 additional officers who arrived shortly.

The house was surrounded by police from the Bloomfield, Waterford and Farmington township departments as well as the Oakland County Sheriff's Department, Sylvan Lake, Orchard Lake, Bloomfield Hills and Keego Harbor.

ENTERED HOUSE
Denkhe entered the house covered by Grenier, who stayed in the kitchen. The patrolman was spotted by Course and ordered outside.

The chief continued to try to reason with Course.

"It's not like he was a stranger," Denkhe said. "We go to the same church and his son has been out with my daughter. I wanted to help her guy."

"But he'd been drinking and he'd been drinking good. He had two or three beers just while I was sitting there," he said.

KEPT TALKING
"He kept talking about how he was going to kill me and waving the gun. I felt if he really meant it, he might as well get it over with."

"I said, 'You're going to have to shoot me in the back,' and started to walk out. He fell over the very step of the door and slammed the door behind me."

The police tried to get Course out with tear gas, but he was lying on a bathroom floor while a vent took the gas out through the ceiling, they said.

Officers wearing gas masks entered the house and heard a shotgun blast. Oakland County deputy Medward J. Tessier lunged through the door and grabbed both Course and the gun.

HEART ATTACK
Course, a Pontiac Motor Division employee, suffered a heart attack after his arrest.

He is being held under guard at Pontiac Osteopathic Hospital where his wife also is a patient.

She had only recently returned from the hospital after an operation. Both are listed in good condition.

Course is being held on a charge of assault with the intent to commit murder.

"But right now we're more interested in his getting medical help," said the man who only a day earlier had prayed that the shot would hit a main nerve and bring quick death as he turned his back on a loaded gun and the screaming man behind it.

CRIME LAWS
He added that he was particularly interested in federal legislation to deal with crime.

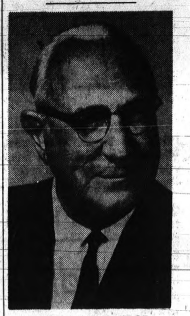

Taylor, who has been prosecutor since 1959, said he will move his home into the 19th district from his current residence at 6318 Franklin, Bloomfield Township, which is in the 18th district.

Before becoming prosecutor, Taylor, 68, served seven years as chief assistant prosecutor after six years on the prosecutor's staff beginning in 1946.

He graduated from Detroit College of Law in 1946, finally fulfilling, at the age of 50, a boyhood ambition to become a lawyer.

He served as law clerk for the late Circuit Court Judge Frank L. Doty and H. Russell Holland while attending law school.

He had been a partner in a Detroit sales promotion and advertising business.

GEORGE F. TAYLOR

Taylor Plans to Run in 19th

Will Seek GOP Bid for Post in Congress

Oakland County Prosecutor George F. Taylor today announced his candidacy for the Republican nomination for Congress from the new 19th district.

Taylor, who said last week that he would not seek another term as prosecutor, thus became the fourth announced candidate for the GOP primary in the district.

He said he will resign as prosecutor within the next 60 days to devote full time to his campaign in the district, which includes Pontiac, the northern and western parts of Oakland County, and all of Livingston County.

"I feel my 18 years in the prosecutor's office have given me an understanding of the problems and needs of the citizens in this area," Taylor said.

CRIME LAWS
He added that he was particularly interested in federal legislation to deal with crime.

Taylor, who has been prosecutor since 1959, said he will move his home into the 19th district from his current residence at 6318 Franklin, Bloomfield Township, which is in the 18th district.

Before becoming prosecutor, Taylor, 68, served seven years as chief assistant prosecutor after six years on the prosecutor's staff beginning in 1946.

He graduated from Detroit College of Law in 1946, finally fulfilling, at the age of 50, a boyhood ambition to become a lawyer.

He served as law clerk for the late Circuit Court Judge Frank L. Doty and H. Russell Holland while attending law school.

He had been a partner in a Detroit sales promotion and advertising business.

Man and Space

Does U.S. Want to Keep Moon Secret?

By ALVIN B. WEBB JR.
HOUSTON (UPI) — On the doorsteps to space, or one foot in the twilight zone . . .

America's space agency has—or had—a plan about to classify the moon.

"Classification" is a pet technique used by governmental agencies to stamp a secrecy label on something that, for one reason or another, they don't want anyone to see.

It would be tough to put the entire moon under classified wraps. It would, however, be simple for the National Aeronautics and Space Administration (NASA) to keep any details of the lunar surface a secret, without this side of the Iron Curtain for getting a close-up look. EXAMINE PICTURES

That, informed sources said, was what NASA had in mind when it dispatched a special operative to Pasadena, Calif., to examine about 3,000 pictures that the 804-pound Ranger-6 lunar probe was supposed to televise to earth in its plunge to a crash landing on the moon.

His job, it was reported, was to decide which photographs would and would not be released to the public.

"You will see some good pictures," one source told a newsmen. "But you may not be allowed to see the best ones. Not for a while, anyway."

The theory behind all this quiet maneuvering, according to the report, was to prevent the release of any detailed lunar geography pictures that would save the Soviet Union any steps in its own plan for putting men on the moon.

NOBODY SAVED
As it turned out, nobody was saved anything—except perhaps for the NASA operative, who was spared the task of wading through 3,000 photographs of the moon on a Sunday afternoon.

Ranger-6 simply refused to take any pictures, classified or otherwise. It blindly smote the moon in another multimillion-dollar U.S. lunar failure.

Whether the secrecy move would be attempted on Ranger-7, now set for early April, remained to be seen—although some observers recalled that NASA didn't give up the first time when on previous occasions, it classified weather forecasts and the names of American astronauts.

Saturn rockets may come and Ranger lunar probes may go, but 11,000 pounds of sand and Ernest P. Snavely are assured of immortality in someone's memoirs someday of life at Cape Kennedy.

IMPORTED SAND
During a lull in preparations for the recent Saturn-Ranger space doubleheader at the cape, one newsmen discovered an intriguing line in NASA's press kit, to wit: "11,000 pounds of sand as ballast" for the second stage of the Saturn-1 super-boosters.

The joyful chase was on. NASA, it was discovered, was so much what—and sensitive. Cape Kennedy is a veritable sandpile itself, but the space agency spurned a chance to buy the product locally for \$25, and instead had it shipped in from more than 100 miles away, at a cost of \$228.

NASA hastened to explain that not just any old sand would do for the proud Saturn. The stuff had to be heat-treated, to bake out the moisture. No one around the cape had an even big enough to cook that much sand.

To be on the safe side, the agency brought an even 15,000 pounds of sand. Presumably, there is 3,400 pounds of back-up sand still stored in NASA's supply shops at the cape.

Ernest P. Snavely, on the other hand, doesn't exist and never did. He showed up as a mythical "hero" when the space agency publicly decided to reveal the name of the worker who had failed to remove a test plug and thus caused a two-day delay in the Saturn-1 launching.

Snavely was dreamed up by

\$50,000 Damage in Oxford**Blaze Rips Machine Shop**

OXFORD — An Oxford landmark, Buechler & Sons, Inc., machine shop, at 29 Broadway, was damaged extensively by fire yesterday afternoon. Damage is estimated at about \$50,000.

Some 50 firemen from four area departments brought the blaze under control in about an hour.

Called shortly after 3 p.m. to assist the Oxford firemen were volunteers from Orion, Independence and Addison townships.

They said smoke billowing skyward hundreds of feet above the building was visible from Pontiac, 16 miles away.

SALVAGE MACHINERY
Ralph Van Wagoner, assistant

Oxford fire chief, said enough water was poured into the building to make many of the large pieces of the machinery salvageable.

Part owner of the business, John Buechler, set valuation on the building and equipment at about \$100,000.

He said he had been in the building during the morning,

and when he left about 11:45 a.m., everything appeared "all right."

Buechler said he started in business at that location in 1927 with his brother Carl and brother-in-law, Alvin Schuerlein. His son Richard came into the firm about three years ago.

BUGGY FACTORY

The building was a buggy factory before being converted into a machine shop.

Inside the structure today, which now has a gaping hole in the roof, are charred and blackened power tools, lathes, grinders and milling machines — all still dripping wet.

A truck stored inside the structure also was damaged in the fire.

Assisting firemen in battling the blaze were five Explorer Scouts from Post 1757, Southgate, who were on an excursion in the area.

HANDLE HOSES

They saw the smoke and arrived on the scene to offer their services. They were put right to work handling hose for firemen.

Volunteers from the Gingellville fire department also stood by at the Orion station in case they were needed.

According to Van Wagoner, the fire started in the shop office at the front of the building, located just a half block east of Washington.

Cause of the fire is still undetermined.

John Buechler said mopping-up operations were to begin this morning with a view to reopening the shop as soon as damage can be repaired and the building renovated.

Six persons are employed by the firm. The damage is largely covered by insurance, Buechler said.

Foodgrain putout — mainly wheat, rye and buckwheat — is on the increase in Michigan with a one-third greater yield in 1963 over 1962.

Hothouse Rhubarb Festival Planned for Feb. 29 in Utica

UTICA — A cooking school, rhubarb hothouse tours and crowning of the 1964 Michigan Rhubarb King will highlight activities at the ninth annual Michigan Hothouse Rhubarb Festival here Feb. 29.

The day-long event is sponsored by the Utica Rotary Club, the Michigan Cooperative Extension Service and the

hothouse rhubarb association.

Festivities are scheduled to begin at 9 a.m., when competitors enter their rhubarb, rhubarb dishes and centerpieces for judging.

This year the festival will be held in the Knights of Columbus Hall, 44425 Utica.

OTHER ACTIVITIES

Also on the program will be a

smorgasbord, featuring prize-winning rhubarb desserts, from 11 a.m. to 5:30 p.m.

In addition, sandwiches, beverages and fish and chips will be served throughout the day and evening.

The festival officially opens with a ribbon-cutting ceremony at 1:30 p.m.

A cooking school sponsored by Consumers Power Co. will begin 15 minutes later and tours of the rhubarb houses will be offered from 2 to 4 p.m.

MAGIC SHOW

A half hour of magical entertainment is promised from 2:30 to 3 p.m. when "Magical Mel" Eisenberg displays his talent for the crowds.

RHUBARB AUCTION

Immediately following this the prize-winning rhubarb will be auctioned. A second cooking school will close out the daytime activities, beginning at 4 p.m.

Evening events will start at 8 p.m., with music by the "Rhythm Shells" in the ballroom of the hall.

During the intermission this year's Michigan Hothouse Rhubarb Queen Cheryl Cottrell, will be introduced along with her court.

Climaxing the day's activities, the 1964 Michigan Hothouse Rhubarb King will be announced. He will be the grower whose rhubarb is judged best among the many exhibitors.

FUND FOR CHILDREN

All profits from the festival will be contributed to the Macomb County Crippled Children's Fund.

Rochester Fire Caused by Careless Smoking

ROCHESTER—Careless smoking started a fire in the Rochester Secretarial & Answering Service office yesterday, which caused an estimated \$7,000 damage. Fire Chief Lyle Buchanan said today.

Alerted by a passing newspaperboy, the Rochester Fire Department reported to the scene of the blaze, above the Hartwig Real Estate offices, about 7 a.m. yesterday.

Before firemen were able to extinguish the flames the fire had destroyed the building's roof, as well as part of the attic and east wall.

Buchanan said the fire started when Oakland University senior Jerry Korte, 23, one of the two boys on night duty at the answering service, dozed off and dropped his cigarette on the couch. The other student, Gaer Guerbas, 20, of Roseville,

who was not on duty, was asleep.

BURNIN PILLOW

Korte awoke, found the couch pillow burning, drenched it with water and placed it on the back porch of the second story office at 125 W. University.

The next thing he knew the glass of the back door blew in and he saw flames licking at the windows.

From New Baltimore, the student has a previous record of "wonderful service," Mrs. Betty Levick, owner of the business, said today.

Although some wires were burned along with the roof, attic and back porch, the answering service was in operation a short time after the mishap, Mrs. Levick said.

Buchanan said the building is fully insured. He added that the slate roof would have to be replaced as a result of the fire.

LINDA SUE JACOB

Mr. and Mrs. Ford L. Jacob, 65 Mechanic, Oxford, announce the engagement of their daughter, Linda Sue, to Nathan A. Hall. The prospective bridegroom is the son of Mr. and Mrs. Casel Hall, 49 E. Burdick, Oxford. An Aug. 1 wedding is planned.

PTA Unit to Honor National Congress

ORION TOWNSHIP — A tribute to the National Congress of Parents and Teachers will be paid in observance of Founders Day at tonight's meeting of the Proper School PTA.

A feature of the 8 p.m. session will be a panel discussion of the school and community activities.

Panelists will be Clinton E. Galbraith, school principal; Ray Plougher and Mrs. Merle Smith, representing the boy and girl scouts; and Howard Van Camp from the Big Brother Association.

Milford Jaycees Plan Millionaires' Night

MILFORD — The second annual Millionaires' Night has been scheduled for Saturday by the Milford Junior Chamber of Commerce.

The party will be held from 8:30 p.m. to 1 a.m. at the American Legion Hall. Tickets can be purchased from any Jaycee or at the door.

Rochester 'Y' Begins Drive**\$9,000 Goal Set for Member Campaign**

ROCHESTER — A goal of \$9,000 is set as the target of the Rochester YMCA 1964 membership drive which opens today.

Lloyd Lake, in his second year of spearheading the campaign as general chairman, also announced that Mervin Mack has been chosen to head the advanced gifts phase of the campaign.

"The advanced gifts segment of the annual drive is the nucleus around which the 'Y' builds its program," Lake said. This year's advanced gift goal is \$3,800.

Mack has been active in various community organizations, including the Junior Chamber of Commerce. He is presently serving on the Rochester "Y's" committee of management and is a deacon at the First Congregational Church here.

SCHOOL TEACHER

For the past 15 years Mack has been an instructor at the Rochester High School. He and his family live at 244 Reitan, Avon Township.

Each officer and member of the committee of management is called upon to work on this initial portion of the campaign.

In addition to chairman John Wurgess, those on the committee include Sydney Q. Ennis, assistant chairman; Mrs. George Goble, secretary; and Mrs. Ben Lindquist, membership chairman.

Other members are John Burns, Edwin H. Forbush, Charles G. Seed, Herman G. Klix, Herbert N. Stoutenberg, Mrs. Forest Wiley, David Wilder, Hollie Lepley, Robert E. Fidler and Lake.

Anyone desiring to assist in the campaign this year is requested to contact the YMCA here or the general chairman.

Traffic Total Hits 186

EAST LANSING (AP)—Traffic accidents have killed 186 persons in Michigan so far this year, provisional figures compiled by state police showed today. The highway death toll at this date last year was 131.

NEWS OF THE AREA**Brotherhood Dinner Set by Churchmen**

JUDGE BEER

WALLED LAKE — Plans for the second annual Brotherhood Dinner have men of seven local churches dividing duties.

Oakland County Circuit Court Judge William J. Beer will speak at the Feb. 18 event at Wall Lake Methodist Church.

Robert Philp of the host church was appointed general chairman of the dinner. Arrangements for the speaker were completed by men of First Baptist and St. Matthew Lutheran churches.

The rest of the program will be set up by those from St. Anne Episcopal and Shepherd of the Lakes Lutheran churches.

OTHER DETAILS

Publicity is being handled by delegates from Crossroads Presbyterian Church, while decorations and other dinner matters are being organized by Methodists.

Tickets have been distributed to all participating churches by Harold Bulgarelli of St. Williams Catholic Church.

All men of the area are invited to attend the 6:30 p.m. event. Church offices should be contacted no later than Thursday for reservations.

The dinner was originated last year to foster interfaith activities in the community as a means of promoting brotherhood.

Civil Service Eyed

TROY — The Troy City Commission will again consider the question of civil service for city employees at tonight's meeting. A proposed civil service ordinance will be reviewed by commissioners.

Nab Convict in Shelby Twp.

SHELBY TOWNSHIP — An escaped convict from Missouri, who came north to see his wife and two sons visiting here, was captured without a struggle last night.

Carl R. Cole, serving four years for breaking and entering, had escaped from the State Reformatory in Jefferson City, Mo., Feb. 2.

When Shelby Township police learned he was at a home in the area they sent for help in apprehending him from Romeo State Police and the Macomb County sheriff's deputies.

Officers entered the home by both the front and back doors and surprised Cole sitting in a chair. He offered no resistance. Shelby Police Chief Robert Smith said he would consult the county prosecutor today about proceedings to return Cole to Missouri.

Dr. Wayne G. Brandstadt Says:

Shingles Can Be Very Serious Disease

The days when a shingle was something used to inflict corporal punishment on a wayward child are gone. But shingles is still a punishing disease.

It is caused by a virus. In children and young adults the same virus causes chicken pox. As age advances, the number of cases of shingles and the severity of the disease increases.

BRANDSTADT

Most persons who get this disease had chicken pox in childhood and were exposed to it again two or three weeks before the onset.

The virus usually settles in one of the nerve trunks of the spinal cord and as it travels along the nerve the overlying skin becomes red and very painful. Blisters form, and after about 10 days they dry up and the disease subsides.

Shingles can be a very serious disease when one of the nerve trunks in the head is involved as this may lead to loss of taste, facial paralysis and even blindness.

OLDER VICTIMS

The older the victim, the more likelihood there is that, after the acute disease has subsided, a very painful neuritis or a very annoying itching will persist for several months or even years.

Many drugs and even surgical procedures have been used to relieve the pain, but with disappointing results.

Freezing the affected skin by spraying it with ethyl chloride

has been found to give relief for some victims. This process usually has to be repeated several times.

Recent reports indicate that other treatments are also promising.

ORAL TREATMENT

Ablyguanine, given by mouth before nerve damage has been done, apparently shortens the course of the disease and prevents severe complications.

Gamma globulin injected into the muscle every second day in the acute stage of the disease causes prompt subsidence of the pain and prevents the painful neuritic aftermath that plagues so many of the older victims.

In another study, a weak solution of procaine was injected into the vein. This treatment had to be repeated several times in some victims, but gave excellent results. The procedure is not without danger and must be carefully supervised by a doctor who has had experience with it.

What was once considered a

condition for which nothing could be done is beginning to yield to modern medical methods.

Early Morning Fire Hits Hotel in Rome

Rome (AP)—An early morning fire in the Hotel Alexandra in Rome's fashionable Via Veneto sent guests hurrying into the street today to escape clouds of smoke.

Firemen put out the blaze in half an hour. They said it probably started from a short circuit in an elevator. No one was injured and damage was slight.

Auto Engineer Expires

SOUTHAMPTON, N.Y. (AP)—Finley Robertson Porter, 92, pioneer airplane and automobile engineer, died Saturday. He was born in Lowell, Ohio.

AP Photo

STILL WAITING — He heads a bureau that doesn't exist, but Capt. William R. Anderson waits patiently for Congress to pass a bill creating the National Service Corps, which is to play a top role in President Johnson's war on poverty. Anderson is a retired Navy officer, and was the first skipper of the nuclear submarine Nautilus.

Couldn't Wait to Tell Story of Plane Ride

NORTH AMITYVILLE, N. Y. (AP)—It was an exhilarating ride for Nancy Thompson, 16 — flying in a small plane.

When the pilot, George E. Martin, 45, a New York City detective, landed the two-seater yesterday at Zahn's Airport near this Long Island community, Nancy couldn't wait to tell her schoolmate, Martin's daughter, Judy, 16, all about the ride.

Nancy of nearby Wantagh leaped from the craft and ran straight into the spinning propeller. It killed her instantly.

It Seems to Me . . .

Chinese, Russian Differences of Great World Importance

The world is witnessing an even more curious turn of events than is normal these days.

For a considerable time, Russia was the well established villain in the international piece and she still occupies this dishonorable role with her customary suavity and eclat. But she has a rival. China won't stay hitched.

Hence we have the curious spectacle of the most belligerent country of all, finally winning the rather unexpected enmity of a currently weak and yet potentially heavyweight giant. Our own cue is to stand on the sidelines and applaud silently. One of KHRUSHCHEV's remarks and one that has persisted to the point it may never die is his infamous: "We will bury you."

Now Mr. Mao says that he proposes to bury Mr. Khrushchev and the balance of his marauders. So we have a curious case of "the shoe and the other foot." I don't think there's the slightest chance of either funeral but the current Oriental dirge will slow the head Red down to a walk. Certainly, by themselves at this moment, the Chinese Communists can't attack Russia effectively. But the Russians won't be as formidable a hurdle in the paths of successive Chinese overlords. When you array 700 million people against 200 million, the odds are simply that — providing equipment and logistics are anywhere nearly equal.

That day will come. And Russia knows it.

Suppose—just suppose—that tomorrow the United States announced over the loud speaker that she might equip a full blown Chinese army with battle armaments actually superior to Russia's. There are many, many circumstances that make this improbable, but on the other hand—and Russia can pick it up from there and use her own crystal ball.

The situation is badly clouded. In addition to the conjectures above, Premier CHOU EN-LAI says in an African interview that the two countries "are negotiating a settlement of border differences," which leads The New York Herald Tribune to ask:

"Does Peking expect to settle its differences with Moscow before or after MAO buries KHRUSHCHEV?"

In the meantime, hunger, privation and starvation wield a hand of horror in China. The pieces of this vast Oriental mosaic are scattered far and wide and some are indecipherable, anyway.

Professionals Only . . .

Perhaps there should be a sharp revision or an understanding in the structure of the Olympic games. Originally, the Olympics were strictly for amateurs and the Olympic slogan which appears in Latin over the entrance reads substantially:

"Winning isn't important. What counts most is to have competed."

The games were accepted on this basis and went forward happily until the Russian stumble bums decimated the scene. With them, winning is so important that their athletes are all professionals. Not only do they "play for pay" but they play

under strict government supervision.

"Theirs not to reason why. They have it to do. The world ought to consider one of two things: let the Olympics "go professional" with all nations subsidizing their athletes; or, stay strictly amateur and tell the crooked conning Reds to confine their sports and "sportsmanship" to the Ural mountains.

Tainted Example . . .

What must foreign nations think of us with our TAYLORS, BURTONS, FISHERS, et cetera?

The leading moving picture actress in the world calmly left her mate and started living with the husband of another woman. She did it casually and apparently without the first vestige of shame or remorse. She cares nothing for public opinion, morality, or the woman she wrongs. And Burton, her sinning tom cat, yowled openly on the back fence with equal disregard for all and sundry.

La Taylor is finally getting around to a divorce — the Mexican variety — while Burton has shucked his own wife as a noble concession to "law and order." And that noisy, ill-mannered Fisher who shed the lovely Debbie Reynolds and their children so he could consort with Lizzie, yammers away as he fights to nick the Taylor bankroll. What tripe we spawn at times.

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

ROBERT SYLVESTER, New York News, says: "every time ALLEN lowers his voice an octave and starts to be charming to some befuddled child, I get up and go to the rest room." Amen! ~~Allen~~ has utterly failed to learn a primary fundamental of childhood: we laugh with them and not at them. . . . The newest dance craze is the "swim" and it's so indecent most schools ban it immediately. . . . Many people will regret learning that the Joey Bishop TV show is ticketed for oblivion. . . . Overheard: "Don't resent growing old. Many are denied the privilege."

I nominate Mary Tyler Moore (Dick Van Dyke's TV wife) as the prettiest girl in all television. . . . New England supermarkets are polling customers as to whether they prefer trading stamps or lower prices. Several chains have ditched them already. . . . More than half of our modern weddings use the double ring ceremony. Some of us from an earlier age have one through our noses. . . . Friday Night Fights will be off TV beginning in September. They've degenerated into nothing but slap-slap wrestling matches with big gloves.

Overheard: "the president of our university is trying to develop a place of which the football team can be proud" . . . Health Commissioner ARDELMAN, Chicago,

Reviewing Other Editorial Pages

Political Orbit

The Washington Evening Star

LI. Col. John Glenn Jr. has a very engaging personality. And as the first American to orbit the earth, he has a legitimate claim to fame in the space program. But there is nothing in any of this which qualifies him to be a United States senator from Ohio, and we regret that Col. Glenn has decided to make the race. For him to try to start at the top in politics makes as much sense as putting his Democratic opponent, 74-year-old Sen. Young, into a space capsule and rocketing him into orbit.

Never Lost

The Indianapolis Star

Other packages can get damaged or lost in the mails, but Aunt Sally's fruit cake is indestructible.

U. S. Amateurs

The Chicago Tribune

It is no news that the United States has been out of the money in all events but two at the Winter Olympics in Innsbruck, Austria. The Soviet Union has run away with the show, taking six gold medals, five silver, and four bronze, with more in prospect, while the Americans have been forced to settle for silver and bronze medals in the women's slalom events.

We may reflect, however, that we are represented by a team of amateurs, both men and women, while the Russians have been taken almost from the cradle and placed under a rigid discipline of the state to attain mastery in their specialties. For the Communists, sports, like everything else, are an extension of ideological warfare, intended to demonstrate the superiority of a system.

As our Mr. Dave Condon has remarked, "many of the Russian Olympians are as professional as safe crackers." It is unnecessary to have any professional sport in Russia, because everyone in every sport is

warns motorists that around the freezing point, ice is twice as slippery as it is with a low temperature. . . . SYDNEY CHAPLIN wants to show his old man's movies again. Who would pay to see an ungrateful turncoat who thumbed his nose at the Country which gave him all he possesses and then skipped out to go soft on communism? . . . American Airlines carried nearly 70 million passengers in 1963. . . . Dept. of Cheers and Jeers: The C's—Oakland U. and the S's—orchestra; the J's — those U. S. athletes that got out of line in the winter Olympics. — HAROLD A. FITZGERALD

a professional, trained and subsidized by the state. It is hardly accidental that the Soviet woman speed skater who has won four medals is married to a trainer and has a job in a physical culture institute. Her vocation is athletics.

In the circumstances, we need not feel too crestfallen that Americans are not sweeping the competition. Our team is not in Austria as a professional political arm of the government.

Perfect Timing

The Somerset (Mass.) Spectator

He who hesitates misses picking up the dinner check.

Questionnaire

The Wall Street Journal

Reasonably enough, the Federal Power Commission says it needs complete cost and other data in order to fix equitable prices for natural gas. But look where this seemingly simple proposition is leading: The agency has sent the country's 114 natural-gas producers a questionnaire described as the most detailed

and extensive ever devised by a Government agency. Each one contains 423 data sheets, 24 by 14 inches, with spaces for hundreds of entries, some dealing with operations as long ago as 1955. It weighs almost 10 pounds. And it must be filled out in quadruplicate.

If one firm's figures are even approximately correct, its possible the industry might have to ask for higher prices just to pay for this paper. The estimate is that the completed document will represent 17,000 accountant man-hours and \$65,000 in salary. For all producers, that is more than 1.9 million man-hours and almost \$9.7 million.

Maybe the industry should return the compliment and dispatch equally weighty questionnaires to the FPC, requesting all data on its philosophy, policies and procedures. That way, everybody would be so busy, blind, stupefied and broke that no business at all would get done.

Soon to Come

The Catholic Digest

If compact cars keep getting smaller, we may at last reach the day when pedestrians will be able to hit back.

Bob Considine Says:

Selling His Wife's Car Bought Ticket to Success

NEW YORK — Sell your wife's car, and make good! That's what a fellow named Rick Runyon of Los Angeles did not long ago. It was a Porsche, no less, and it brought him enough money to fly from L.A. to Copenhagen. Rick had an idea for a new bottle for beer. He submitted it to the ancient Carlsberg brewery. He wrote back suggesting that he drop dead.

He wrote back that he was coming. They wrote "back" "Stay home, American, we have Scandinavia's finest deers." So he sold the old lady's car and off-tot, North Pole-wise.

He cooled his heels in an outer office for some time, then was granted a 13-minute audience by some exec who felt sorry for him; particularly because of what would happen when he returned to his carless wife.

The interview turned into a four and a half hour session. Happy ending: Rick got a contract.

TO EXPORT They're siphoning the stuff in to the new shaped bottle right now. It will land in America next month. Rick landed earlier. Bought his wife — guess what? — a Porsche.

Casey Stengel assures me that there is no truth to the report

Voice of the People:

'Clerk's Office Closes Too Early in Evening'

We are new residents in Pontiac. What disappointments we have experienced these past months, mainly the situation the city government is in now. We really would like to vote, but it seems we cannot get to the city clerk's office in time to register. They make it almost impossible for working people to register. Their office closes at 5 p.m. during the week. It is not open at all on Saturday.

Royal Oak makes it a point to stay open some evenings to give its residents a chance to get registered. Why can't Pontiac do the same? We have never missed voting before and we would like to have our say in this government that we are helping to support.

It is no wonder that there is such a poor turnout on election day. Probably the residents can't get home in time to register. This is an important year for voting and every citizen should do his and her duty. 1053 Oxford Mrs. Harry Rinkenberger Jr.

'There Is Help for Alcoholic's Family'

To the "Alcoholic's Family Suffers Hardship": Something is being done. It's called Alanon, a group in AA especially for the wives or husbands of an alcoholic. There is also a group for the teens of an alcoholic parent. That group is called Alateen. In both groups the meetings are about the same. People in those groups are having the same problems, or have had them, and will tell you how they coped with them, and how they grew to understand their alcoholics.

I think the public knows about alcoholism. There are many AA meetings around town, but the alcoholic has to decide for himself he's had enough before anything can be done for him. Also Knows

Thoughtless Motorist Runs Down Cat

Motorist, thank you for running down our cat on Featherstone Road. It must have taken a lot of guts. Perhaps next time it will be a human being. A Human Being

'Churches Not Halting High Crime Rate'

Latest news reports that crime is on the increase. Our young people are getting more involved in crime. The jungles are safer than our city streets. Four major crimes every minute make crime a national disaster. Crime at such a rate shouts of moral decay in our country and our immediate community.

With increased church membership, it would appear that moral conditions should be getting better. Why aren't they? Membership in church goes in and out and has not been the answer to raising and maintaining moral standards, obviously the church should have been able to influence morals for the better, but has failed.

What could be expected, when the church world in general disregards the laws of God and attempts to substitute God's Commandments with the promiscuous traditions of men?

Many churchmen have found it necessary to disregard God's word and minimize His law. Let us get back to God, and have a better world to live in. 1487 Giddings Mrs. Benjamin Worden

Writer Agrees With Father of Teen

In answer to a letter signed "Father of a Perplexed Know-It-All Teen-Ager": Your letter impressed me as the best positive suggestion I've seen in answer to our growing problem of juvenile delinquency. The article in The Press citing the tremendous increase in violent crimes, committed this past year by juveniles was so alarming that I wish with all my heart that I could do something.

Doesn't this father's suggestion of a compulsory course patterned after the Dale Carnegie program make very good sense? Could we have the opinion of some of our educators?

If this father would like my name and address The Press has my permission to give it to him. Perhaps we could promote some strong and sincere support for such a program. Mother and Father of Another Confused Teen-Ager

'Mental Health Program Important'

Our governor has recommended the expansion of our mental health. The waiting list of 1,800 mentally retarded children should be an alarm to arouse all people of any conscience. It is time our less-gifted children receive their due in time and funds to satisfy their needs. As Christian people we have an obligation to them; as responsible citizens it is our duty to remove within our power any danger that threatens our society.

We ourselves are not immune to mental illness, nor to the tragic effects of which we read. The opportunity has arrived and we must inform our congressmen about the bills affecting our mental health program.

We suffered a violent blow November 22. Let us not forget too soon. We in the Pontiac-Lapeer area should be very conscious of mental illness. Mrs. Joseph Bailey, R.N. Leonard

'Don't Blame All French for Situation'

In answer to John A. Micallef: Why blame all France and all the people in it for how a few people behave? If I felt so strong about my ideals on this subject as you, I wouldn't sell the stock I had on hand. I would give it away and I would make sure none of my men would take in any more. There are people in this country that don't believe in unions. But they still sell union-made products.

I have some close friends that are French who haven't been in this country too long. They feel like you do about Gen. Charles de Gaulle, but they like the American way of life and are here to try to get the way we do things here, so they can go back and let others know our ways. Alton C. Lawrence Waterford Twp.

'Can One Hold Two Government Jobs?'

I thought I understood that according to the Constitution of the United States, no person can hold more than one job or duty, by holding the government.

I do not know if I am right; but if this is right, I would appreciate someone answering this and explain to me how it is that Senator Goldwater, R-Ariz., Thurmond, D-S.C. not only hold the duties they have in the White House, but also major (Continued on Page 7, Col. 1)

Voice of the People

(Continued from Page 6)

generals of reserves carrying out military duties and being paid for such duties.

I am sure congressmen and senators are allowed so much a year and probably added expense money. I do not know exactly how much a major general makes, but I assume it is from \$15,000 up a year. How is it, then, that they hold both duties, being paid for both? I am sure a lot of taxpayers would like to know, regardless of whether they are Democrats or Republicans.

J. D.

(Editor's Note: Reserve officers are only paid when they are on active duty. Usually this is for approximately a two-week period each year.)

'Why Didn't Jaycees Work for College?'

It is unfortunate that the Junior Chamber of Commerce, who were concerned about the future of the citizens, were not as aggressive in helping to bring the Osteopathic College to this city as they were getting a new amendment to the charter.

The hospital's payroll would have been a great help to the many unemployed as well as bringing new people to the city. Regretfully

'Coaches Not Concerned About Color'

Coaches all have one peculiar personality trait — they like to win! So I am certain if PCH had boys who could out hustle and out shoot those now on the team, Mr. Zittel and his staff couldn't care less what color their skins were.

He has done a fine job at Central this first year and has a team that he and his school can be proud of.

A White 1941 Graduate

'Indian People Worse Off Than Negro'

This racial thing has been going on too much. The colored people have rights, but if they would look back they could see how much they have advanced in 300 years. Just what is their complaint? Look at my own poor Indian people, especially in Arizona. Look how they lack for things. They are the ones that need equal rights.

I'm part Indian myself, but right is right and I say the colored people are pushing too much, too fast. Let some of them visit our Indian reservations around this big country. Then let them cry "equal rights." I can't even find work myself. They won't hire me in these factories. How far have my people advanced in the 300 years?

L. J. T.

Letter Comments on Late President

We have read items concerning the assassination in Dallas. The voices from controlling minorities rant against hatred, intolerance and bigotry. Those who did not vote for Mr. Kennedy can't help but ask: Do you seriously think he was elected president of the United States?

Lebanon, Pennsylvania

William H. Worrlow Jr.

'Waterford Taxpayers Against Library'

The taxpayers of Waterford Township twice voted "No" to two different library proposals. This should be a pretty strong indication of their feelings. Our board, however, has bowed to the wishes of a minority pressure group and ignored the wishes of the majority. I wonder if this same minority group carries enough weight to re-elect them the next time around.

We received a Federal grant for \$30,000, we do not have to repay this grant, but we do have to match it. This is costing us \$32,000. We have thousands of dollars worth of maintenance equipment setting outside in all kinds of weather. Why not get some housing for it?

We have only one juvenile officer to handle an ever increasing problem in our township. No funds for more help? I wonder if we now have funds to match the Oakland County Road Commission's for our road program?

Our Chief of Police was called on the carpet to explain the purchase of *new* three for our police cars and yet no quality library that we told them we could get along without.

Board meetings are open to the public. Why not attend a few? Waterford Township.

Mrs. John Hoke

Arrest 'Solver' of JFK's Death

'Psychic' Charged in FBI Impersonation

NEW YORK (AP)—Peter Hurkos, who says he has a sixth sense helpful to police in murder investigations, has been charged with impersonating an FBI agent.

He is accused of having told some gas station attendants that he was an FBI agent returning from Dallas where he solved the assassination of President Kennedy. The attendants called police.

The purported incident last Dec. 10 at Wauwatosa, Wis., led to Hurkos' arrest yesterday in a Manhattan hotel.

In Milwaukee, the FBI said Hurkos had showed the attendants a rifle with a telescopic sight and also told them he was en route to take part in the Frank Sinatra trial investigation.

FALL ON HEAD

Hurkos, 52, claims to have attained powers of extrasensory perception—a sixth sense roughly defined as mental telepathy—when he fell on his head 21 years ago.

Through last Wednesday, he worked with police for eight days in an attempt to solve the stranglings of 11 women in the Boston area since June 14, 1962.

Atty. Gen. Edward W. Brooke of Massachusetts said Hurkos after examining evidence in the slayings, maintained that all 11 crimes were committed by one man.

And, a spokesman for Brooke added, Hurkos provided a description of the killer that came "uncannily close" to describing an itinerant shoe salesman questioned in the cases.

EXACT AGE

Hurkos told authorities the killer was about 57, and the salesman is exactly that age, Brooke said.

Brooke's spokesman emphasized that the salesman "was already under surveillance" at the time Hurkos supplied the description.

The spokesman added that Hurkos did not cause the salesman's arrest or confinement.

He said the salesman "was committed to a mental hospital by his doctor, not by police or by Hurkos." The date of commitment was not disclosed.

Diesel Expert Dies

SWARTHMORE, Pa. (AP)—Max Essl, 59, German-born engineer credited with innovations that aided the dieselization of U.S. railroads, died Saturday. Essl, a U.S. resident since 1927, had headed his own building contracting firm since 1951.

Historian's Wife, 82, Dies in Virginia Town

CHARLOTTESVILLE, Va. (AP)—Mary Helen Lambert Johns, 82, wife of Jay W. Johns who has restored a number of historic Virginia homes, died Saturday. Johns, a former Pennsylvania industrialist, is owner of Ash Lawn, the home of President James Monroe, and head of Stonewall Jackson Memorial Inc., which has restored the Jackson home in Lexington. Mrs. Johns was born in Pennsylvania.

More people travel by rail in Russia and Japan than in any other country.

7 Feared Dead in Ship Crash

BREMERHAVEN, Germany (AP)—The American freighter Blue Jacket and the German coastal freighter Dirk collided in fog early today. The 395-ton Dirk sank and seven of her eight-man crew were believed lost.

The collision occurred near a lighthouse off the Weser River estuary. Tugs rescued one man of the

Dirk's crew and found one body. Helicopters of the West German armed forces circled the area searching for bodies.

The 8,000-ton Blue Jacket reported little damage and no injuries. She is operated by the U.S. Department of Commerce with San Francisco as home port.

Famed Conductor Dies

ROME (AP)—Vincenzo Bellizzi, 75, conductor at New York's Metropolitan Opera House, from 1926 to 1935, died Saturday of a heart ailment. He directed the Italian Comic Opera from 1911 to 1914.

It'll Settle MY Nerves

C'mon Honey, Have a Smoke

WASHINGTON (UPI)—Persons who have tried to quit smoking will tell you that it is a racking experience. And it is. No doubt about it.

I went through the ordeal myself about two years ago and I know. But I can tell you that there is another type of torment that is far more severe. It is the one I am going through now. Believe I'm a fellow martyr, what you go through when you quit smoking is nothing compared to what you go through when your wife quits smoking.

The first inkling of what was in store came the other evening when I arrived home from the office, hung up my coat and, as usual, went in search of something with

which to mitigate the cares of the day. I was stopped in mid-thirst by a voice, somewhat hysterical in quality, that announced: "You aren't having cocktails tonight."

"I'm not?"

"No."

"Why am I not having cocktails?"

TRYING TO QUIT

"Because I started trying to quit smoking today."

"What has that got to do with my having a cocktail?"

"Well, if you have one, it will make me want one, and I have one, it will make me want a cigarette—more than I do already, and I might not be able to resist."

"I see," I said. "What you seem to be saying is that all it takes for you to quit smoking is for me to go on the wagon."

"I never should have asked."

"Please don't quibble," she said. "I'm nervous enough as it is."

After a rather grim, dry-throated dinner, I suggested that she serve the coffee.

"I didn't make any."

"You didn't?"

"No. Coffee increases my desire to smoke. I don't dare even smell it."

DESSERT?

"Okay, what's for dessert?"

"We aren't having any."

"We aren't?"

"No. If I'm not going to smoke, I've got to start watching my weight more carefully or I'll get fat."

"This is great," I said. "You have only been on cigarettes for eight hours, and it has already broken three of my habits. Is there anything else I have to give up?"

"I never should have asked."

JFK Library Fund
Nearing \$1 Million

BOSTON (AP)—Nearly \$1 million has been contributed to the proposed John F. Kennedy Memorial Library.

The Merchants National Bank, which is receiving all donations, said the total reached \$979,215 this weekend.

The \$10-million library will house the assassinated president's papers and correspondence. It will be built adjacent to the Harvard Business School.

Bonn Trade Mission

BONN (AP)—A West German delegation will go to Hong Kong to discuss imports from the British crown colony that the Bonn government says are threatening its domestic textile and knitwear industries.

Roving Snake
Back in Cage

ALLIQUIPPA, Pa. (AP)—Alliquippa's roving boa constrictor is back in its cage.

Pet shop owner Clarence Mineard said he found the six-foot snake Sunday, right where he expected to—in the basement of the pet shop in this community about 10 miles north of Pittsburgh.

The boa escaped from its cage Thursday. A fairly intensive search in the shop failed to turn up the snake.

Mayor of Town Dies

Africa Fighting
Kills Hundreds

Ethiopia, Somalia
Clash Over Frontier

MOGADISHU, Somalia (AP)—Government sources said today 350 Ethiopian soldiers have been killed in clashes along the disputed frontier in weekend fighting.

The same sources said Somali losses were 14 dead and 200 wounded.

President Aden Abdulle Osman yesterday accused Ethiopia of "aggressive and provocative acts" and declared a state of emergency throughout this East African coastal nation.

His statement followed Somali government appeals to the United Nations for an immediate Security Council meeting and a request for the Organization of African Unity to take up the issue when it meets soon in Dar es Salaam, Tanganyika. Both organizations were asked to consider the charge of aggression.

LAND CLAIMS

At issue is Somalia's claims to large reaches of land, mostly worthless, on the border areas of both Ethiopia and Kenya.

The weekend fighting, however, was far to the north. Clashes broke out around Tug Wajale, on the frontier about 50 miles west of the northern Somali town of Hargeisa.

Government sources said many Ethiopians were wounded and eight armored cars were destroyed. The fighting began Friday and was still going on last night, they said.

Ethiopian aerial bombing of villages near the frontier is continuing and the number of civilians killed or wounded is not known, the informants added.

Wife of Macmillan
Is Honored by Queen

LONDON (AP)—Queen Elizabeth II today made Lady Dorothy Macmillan a dame grand cross of the British Empire for the work done over a number of years in charitable and political fields.

The honor came as her husband, former Prime Minister Harold Macmillan, celebrated his 70th birthday by announcing his retirement from politics.

The United States is the world's main source of supply of sulphuric acid.

Be the First on Your Block

Take a Buffalo Home to Roam

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If you're looking for a new status symbol, why not be the first in your neighborhood to own a live buffalo? You can buy one from the U.S. Department of Interior for 3,300 buffalo nickels—\$165.

Valentine's Day originally was for the birds. It is celebrated on Feb. 14, because that is the time when doves begin to pair.

American this year are expected to send some 480 million valentines.

Fire, man's greatest friend

against the cold, is also one of his most tragic foes. Fires last year cost nearly 12,000 U.S. lives.

America has more stockholders than union members. Women outnumber men among the 17 million who own shares in industry—and housewives make up the biggest single occupational group.

POSTERIOR SIZE

A government bureau reports that the average man's posterior covers 179.4 square inches and exerts an average pressure of .92 pounds for each square inch.

Our quotable notables: "Every cloud has its silver lining but it is sometimes a little difficult to get it to the mint!"—Don Marquis.

It is often said there's no place like home. Well, in England there's a hamlet called "No Place" with a population of 289.

Sound advice: "The education of teen-agers would be insured if parents would pull a few wires: television, telephone and ignition!"—Catholic Digest.

PETS COSTLY

The high cost of living has caught up with cats and dogs. Some of the nation's 22,000 veterinarians charge \$5 for an office visit and \$10 for a home call. A major operation plus convalescent care for a pet can cost \$1,000 or more.

Many military services have offered a money bonus to spur enlistments, but when the U.S. Coast Guard was organized in the 18th century its lure to sailor volunteers was "a half gill of rum" and two pounds of soap.

Quickies: Americans wear out 60 million decks of playing cards a year. Women consistently leave longer cigarette butts than men. There are more than 8,000 drugs in use today, including a tranquilizer for minks to make them more productive. Julius Caesar devised one of the first known

codes to keep his correspondence secret.

It was Benjamin Disraeli who observed, "Every man has a right to be concealed until he is successful."

Five Persons Die in Crash of Train, Car

BALL, La. (UPI)—A trip to worship services yesterday ended in a spectacular car-train crash that killed five persons, four of them children.

Missouri Pacific passenger train slammed into a car at a crossing only a few yards from the church, spilling bodies and wreckage along a 1,600 foot section of track.

Several bibles belonging to the occupants of the car also were found along the right-of-way.

Dead are Mrs. Delores L. Cole, 30, her daughter, Wanda, 11, and sons, Jackie, 5, and Jimmie, 4, and Phyllis Cooley, 9, all of Ball.

TWO INJURED

Two other Cole children, Sydney, 7, and Eugene, 2, were in critical condition.

Mrs. Cole's husband, James, a brakeman for Missouri Pacific, usually rides the train that was involved in the collision. Yesterday he was on another run.

Red China Fair OK'd

TOKYO (AP)—Japan has approved staging of Communist Chinese trade fairs in Tokyo and Osaka in the spring and summer.

Lebanon Brain Center

BEIRUT, Lebanon (AP)—A computing center has been opened at the American University here. It's the first electronic brain center for any Mideast educational institution.

AP Photo

Scranton Trip to Michigan 'Not Political'

DETROIT (AP)—Pennsylvania Gov. William W. Scranton, who has said he would accept a draft for the Republican presidential nomination, was in Michigan today "advertising Pennsylvania, not myself."

Scranton planned a breakfast with Gov. George W. Romney and a luncheon speech to the Economic Club of Detroit. He said he wants to give Michigan "a realistic picture of what Pennsylvania has to offer businessmen."

A meeting with Michigan Republican leaders also was on Scranton's agenda.

He told newsmen at Detroit Metropolitan Airport Sunday night he was not an active candidate for the presidential nomination and "I can't imagine any series of circumstances that would result in a draft. These things just don't happen in the modern political world."

The marshes of Louisiana, consisting of about 7,400 square miles, contribute to a lucrative muskrat industry.

President Is Making U.S. Red Patsy, Says Romney

WASHINGTON (AP)—Michigan Gov. George W. Romney charges that President Johnson is using all the tricks in the book in federal budgeting and also is making the United States a "patsy" for the Communists.

Romney, appearing Sunday on radio and television programs, said President Johnson resorts to tricks to make it look like he is cutting spending and at the same time bringing in more revenue.

Declaring "freedom is in retreat around the world," Romney said the administration at Washington is largely responsible because it has a soft policy toward Communism.

Romney, who has declared himself available for a draft for the Republican presidential nomination under conditions acceptable to him, said the possibility of such a draft was "unlikely."

He said he was not "seeking" or "aspiring" to the presidency. At the same time he said he did not believe the campaigns of announced candidates have been meaningful, and he singled out

Sen. Barry Goldwater, R-Ariz., for criticism.

Romney said he could not understand Goldwater's positions on civil rights, labor laws, collective bargaining and foreign affairs.

Supporting the civil rights bill now before the House, Romney said "I believe our most urgent domestic problem is to wipe out human injustice and discrimination against the Negroes."

Romney also said he opposed a department of urban affairs in the federal government and wants some type of medicare program for the aged which would combine private and public plans.

Romney's statement coincided in general views he expressed earlier on the weekend in newspaper interviews. In the latter he charged Washington has been "soft" toward Communism and that the present trouble in Fidel Castro's Cuba was a result of Democratic failure to stick with commitments to keep communism out of the Western Hemisphere.

Protect Your Family's Home with Peoples-Home Mortgage Cancellation Plan

If you are buying a home — or intend to buy — you should know all about this plan. Find out how it guarantees your family a paid-for home if you should die, how it frees them from worry of monthly mortgage payments, from struggle for extra income.

YOUR NEWS QUIZ

PART I - NATIONAL AND INTERNATIONAL

Give yourself 10 points for each correct answer.

- The first Gold Medal for an American at the Winter Olympics was won by Terry McDermott, of Michigan, in the competition.
a-figure skating; b-boboganning; c-speed skating
- By a 49-45 vote, the Senate refused to include that part of the tax cut bill which would have
a-helped families of college students
b-increased the capital gains rates
c-lowered the tax rate
- Opponents of the civil rights bill in the House of Representatives tried to delay a vote by
a-filibustering
b-adding amendments
c-removing parts of it
- American citizens began to leave last week, after the U.S. Embassy there was bombed.
a-South Viet Nam; b-Cyprus; c-Malaysia
- Acting under the Rio treaty, the Organization of American States Panama's charges against the U.S.
a-is investigating
b-refused to investigate
c-transferred to the UN

PART II - WORDS IN THE NEWS

Take 4 points for each word that you can match with its correct meaning.

- rebuff
a-striking of one thing against another
- disparity
b-something left over
- impact
c-zigzag eking
- elation
d-difference
- residue
e-snob

PART III - NAMES IN THE NEWS

Take 6 points for names that you can correctly match with the clues.

- Jean Seubert
a-Olympic skating star
- Ester Peterson
b-first '64 U.S. Olympic medal winner
- Marina Oswald
c-President Johnson's assistant for consumer affairs
- Lidiya Skoblikova
d-Lynda's White House roommate
- Warrie Lynn Smith
e-questioned by a Presidential fact-finding group

Israel Water Research Offered to All Nations

JERUSALEM, Israel (AP)—Israel will give countries all over the world—and especially the thirsty Middle East—the results of a big research program on desalination of water, Prime Minister Levi Eshkol said Sunday.

In an official statement, he expressed deep appreciation to U.S. President Johnson for his announcement Thursday on American cooperation with Israel over efforts to find water desalination methods.

Junior Editors Quiz on SAGAS

WHEN SAGAS WERE SUNG BY THE FIRELIGHT...

QUESTION: How did sagas come to be written?

ANSWER: On many a winter evening long ago, Norse families grouped around the roaring fires, which in their dwellings were often in the middle of the room, and listened to stories about great heroes or legends of the Scandinavian gods.

These stories were the sagas, either sung or told, often by special singers called "skalds."

In the 800's and 900's A.D. the Vikings plundered Europe and then settled down to colonize Iceland. Many of the finest sagas developed in Iceland during this period.

Such were the famous written sagas of Snorri Sturluson, composed during the 1200's, which tell us so much about Scandinavian poetry, history and mythology.

Other Icelandic sagas give fascinating details about Leif Erikson's trip to Vinland the Good, or America, in A.D. 1000.

Although they are not always historically accurate, the sagas give us a vivid idea of life in the Viking days, and of the ideal of courage which inspired the Norsemen to deeds of extreme daring.

FOR YOU TO DO: Can you guess where it was that Leif Erikson landed in America and stayed for a while—Maine, Cape Cod, or further south? Recently, remains have been found which experts say pinpoint the location. It is in an isolated area in the northern part of Newfoundland.

NY Fair Gets Finishing Touches

NEW YORK (AP)—The 646 acres of mud and naked steel framing of a year ago now are a well-paved, partly landscaped dream city.

The 1964-65 New York World's Fair is almost ready for its 9 a.m. April 22 opening date.

"We're well down the home stretch now," said one fair official, "and believe me, you can feel the tension and excitement in the air."

With roofs on about 85 per cent of the exposition buildings, and multimillion-dollar exhibits, the fair is setting up its displays, elements of opening-day jitters are beginning to show.

"If we didn't watch it, some of these exhibitors would be cutting ribbons and opening their displays today," the spokesman said.

More than 4,000 construction workers still are at the site in Flushing Meadows, Queens, putting the finishing touches on the great halls.

Dominating the scene is the 13-story stainless steel globe that is the symbol of the fair, the Unisphere. From it, spreading out in all directions, the dream city is woven together by miles and miles of sidewalks now being poured, shaded by more than 3,000 recently planted trees.

Fair officials expect 70 million persons to attend the fair's two six-month runs. It will be closed during the cold weather months. Visitors already are a problem.

HARD TIME

"Ever since the buildings began to take shape months ago," the spokesman said, "we have had a pretty hard time trying to keep spectators from popping out the grounds for an early look-see."

Now they can see only the shape of excitement.

"The Tower of Light with its pyramiding prisms which will support the 12 searchlights beaming a 12-billion-candlepower column into the night sky."

"The U.S. Rubber Co. Ferris wheel, an 80 - foot automobile ride."

"The five - sided Kodak picture tower which will display 30-by-36 - foot illuminated color prints and support a picture-taking deck for camera fans 30 feet above the fair."

COMBUSTION ENGINE

"The 35-foot internal combustion engine through which visitors to the Chrysler exhibit may walk."

"The heliport on its tall stilts, containing the Top of the Fair restaurant already in operation."

It will be opening day, however, before visitors may see the exhibits of the 24 states, more than 40 foreign countries, many industries and religious groups. Fair officials themselves don't know the particulars of some of the closely guarded display secrets.

Some exhibitors have announced their plans.

MONEY TREE

They include such things as the international money tree, "growing" the currency of many nations outside the American Express exhibit, the mobile bleachers of the International Business Machines building which will lift 420 persons into an overhead theater.

There, too, will be the nine giant dinosaurs, one measuring 70 feet, of the Sinclair exhibit, the closed circuit RCA color television network with cameras and screens; the Polyesian women divers who bring up pearls from an artificial lagoon; an "Atomsville" for children only; the Ford Co.'s "Magical Skyway" ride created by Walt Disney.

Public Opens Its Heart, Aids Mourning Family

KANSAS CITY, Mo. (AP)—Warm-hearted citizens have paid the funeral bill for Irene Angelina Grant, 45, who died 18 days ago. She will be buried tomorrow.

The husband and 10 children of Mrs. Grant wanted a \$412 funeral for her, but couldn't raise the \$325 down payment.

The family's plight became known through a story in yesterday's Kansas City Star. The public's response was a prompt. Before nightfall about \$800 had been pledged.

Blaine Weltert, operator of the funeral home, then said he wanted to provide the service free, but a committee insisted on paying his costs. The bill was set at \$350, and was paid.

PARTING GESTURE

"But we really want to do this free," said Weltert. "Because of what has happened, it might be a parting gesture. I don't know if we are going to be in business much longer. In the eyes of the public we are gones."

Ollie Grant, 67, head of the family, is listed by the state as totally disabled. His monthly income is \$361 from Social Security, a World War I pension and a Missouri old-age pension.

The family moved here from Arkansas in 1959. Grant worked as a janitor or dishwasher.

The 10 children range in age from 4 to 22. Seven are living at home. Two sons, 19 and 20, took jobs cutting wood in the Ozarks to raise money for the funeral.

Mrs. Grant will be buried at Goodrich, Kan., 60 miles from Kansas City, where Grant grew up.

Syngman Rhee Gets Personal Property

SEOUL, South Korea (AP)—South Korean President Chung Hee Park has ordered that deceased President Syngman Rhee's personal property, now in government custody, be returned to him, a spokesman said today.

Rhee, 88, was deposed after a recent revolt in April 1960 and left the country the next month as a political exile. He is in a Honolulu hospital.

Frightening Asthma Attacks End In Minutes As New Formula Unblocks Lung Passages Fast

New Medical Formula Restores Free Breathing Without Vaccines, Shots Or Narcotics. Calms Anxiety. No Prescription Needed.

New York, N.Y. (Special)—A team of scientists has announced a new formula that stops frightening asthma attacks in minutes and unblocks lung passages fast.

Medical tests prove this formula promptly restores free breathing, no calms anxiety and relieves the worst symptoms of asthma—the straining for breath, the gasping, the wheezing, the terrible fear of suffocation.

All without vaccines, painful shots or habit-forming drugs. This formula is as safe when used as directed, can be sold without prescription in tiny tablets called BRONITIN®.

Doctors know that when asthma strikes, breathing tubes become swollen, lung passages become blocked, so air is "trapped" inside lungs and less and less oxygen can enter. Now BRONITIN, with two asthma relieving medicines that doctors prescribe for their patients, acts quickly to open bronchial tubes and loosen the mucus that blocks lung passages. Trapped air is released and new vital oxygen enters the lungs.

The result is: free breathing is restored, tension eased and so fears are calmed in minutes. Sufferers can now look forward to restful sleep.

Get BRONITIN—available at all drug stores without prescription.

WHAT PRICE DO YOU WANT TO PAY? YOU NAME IT, I'VE GOT IT!

ALEXANDER De FIELDS

Faces Trial for Peddling 'Nazi Hate'

SOUTH BEND, Ind. (AP) — An ex-convict and self-styled American Nazi organizer from Benton Harbor, Mich., was released from solitary confinement on \$5,000 bond Sunday, facing charges of preaching hatred.

Alexander de Fields, 25, was charged after a warrant was issued for his arrest under an obscure 1947 Indiana law forbidding trafficking in hate.

De Fields, who termed himself an "extreme right winger," was accused of placing anti-Negro and anti-Semitic pamphlets on car windshields in a parking lot in nearby Mishawaka last Tuesday. An anti-civil rights demonstration threatened by de Fields failed to materialize in South Bend Saturday.

De Fields contended the state law was unconstitutional and said he surrendered to police Saturday because he wanted to contest the antihate statute.

Before his bail was posted, de Fields said that when he was freed he would continue trying to organize an American Nazi Party chapter in South Bend.

He served a three-year prison term in Michigan for breaking and entering when he was 18.

Rocky Buoyed by Oregon Tour

Plans to Hunt Votes in New Hampshire

ALBANY, N.Y. (AP) — Gov. Nelson A. Rockefeller, buoyed by public response to his weekend campaign tour of Oregon, will hunt for votes this week in New Hampshire's presidential preference primary.

The New York governor, a candidate for the Republican presidential nomination, has scheduled 27 public activities in 24 New Hampshire communities between Wednesday morning and Friday night.

He and Mrs. Rockefeller returned yesterday from an Oregon swing that he called "a marvelous trip."

"I'm really thrilled," he said. "It is remarkable in what has been called 'Goldwater country.'"

IN PRIMARIES

Rockefeller and Sen. Barry Goldwater of Arizona are in the Oregon Republican primary election May 15 and the New Hampshire primary March 10.

"I know it's an uphill fight," Rockefeller said, "but I have a feeling of real optimism of what can be the outcome of the primary in Oregon."

At stake in Oregon are the state's 18 votes at the GOP National Convention. Rockefeller concedes that Goldwater holds the edge at the moment.

The governor and Mrs. Rockefeller, who expects a child in June, were greeted by enthusiastic crowds at stops Saturday. They traveled from Portland to Medford to Salem, the state capital.

SURVEY SHOWED

Rockefeller's Oregon campaign chairman, William Walsh, said a survey showed Rockefeller's Portland appearances had swung many to his side, including some Goldwater backers.

At a news conference in Portland, Rockefeller said "There was a very warm and friendly response to Mrs. Rockefeller here in Oregon."

When you're planning to feed a large crowd, you have to check on table service. Mrs. Harold J. Abrams, Alice Street (left), and Mrs. Louis H. Golden, North Lake Angelus Drive, work on preparations for Sunday's first kosher-style smorgasbord at Temple Beth Jacob, Elizabeth Lake Road.

Club Hears Speech on Internal Journey

By SIGNE KARLSTROM
The dining room at Village Women's Club was crowded to capacity on Wednesday when Malcolm Boyd spoke to the group on the subject "Journey Within Ourselves." Cohostesses were Mrs. Richard M. Olsen and Mrs. Meriton Bell.

In the audience were Mesdames Arthur Jordan, Thom Peterson, Owen Hendren, Peter Booth, David Burton, Leonard Lewis, Clyde Craine, LeRoy Kiefer, Robert Watt, William Bachman and James W. Fox.

Also present were Mesdames Tom Bolton, Robert Taylor, Elliot Robinson, Frederick S. Strong Jr., Gene White, Newell McCuen, Everett Wells, Lee Durham, Edwin Beresford and W. Ogden Vogt.

Mrs. John F. Gordon who had just returned from a few days in New York with her husband was present, also Mrs. S. J. Lang who arrived home with Mr. Lang after two weeks at Delray Beach.

Presently, Mrs. M. M. Burgess is at the Ocean House in Delray Beach. Later in the month her daughter and son-in-law Dr. and Mrs. Thomas Torgerson will join her.

Home from a two weeks trip to Mexico and a relax-

Mrs. Irving Steinman, Chippewa Road, (right) is well known in Pontiac for her blintzes. She and Mrs. Sherwin Birnkrant of Sylvan Lake have put hundreds of blintzes in the freezer for Sunday's smorgasbord. Serving hours are 1 to 7 p.m. and reservations may be made by calling Temple Beth Jacob Wednesday and Friday from 10 a.m. to 4 p.m. Tickets will also be available at the door.

At Annual Meeting

DAR Discuss Defense

General Richardson Chapter, Daughters of the American Revolution, attended the annual meeting on national defense. Mrs. Allan H. Monroe on Cherokee Road was hostess.

Lt. Cmdr. Robert O. Blackington, USNR, Service Information Officer, U. S. Naval Air Station, Grosse Ile presented color films with commentary.

His lecture on "A Sculptor's Personal View" will be held at 8 p.m. Feb. 25. Guy Palozola's lecture on "Origins of Contemporary Painting" will be held at 8 p.m. March 10.

Judge to Address Club

The 19th annual meeting of the Pontiac Young Women's Christian Association is scheduled for one-third of the board of directors will be announced.

Theme of the meeting is "Standing Room Only," reflecting crowded conditions and inadequate facilities in the Y building on Franklin Boulevard.

Reservations should be made by calling the Y before Wednesday.

Elaborate Swiss embroidery by Naeef with its happy frosting flowers, is gently shaped into this easy sheath by Antoinette for Embassy Brides. The neck, wide and low, the waist high, the sleeves

short and puffed and the train sweeps back in stately motion. All embracing is the cathedral veil of Swiss illusion with its small cupped cap enriched with matching Swiss embroidered flowers. \$495.

Not Proper to Entertain in Boudoir

By The Emily Post Institute
Q: I rent a room to a young woman in her mid-20s. When her boy friend calls, she takes him to her room.

I think she should see him in the living room, or if she does ask him to her room she should leave the door ajar.

Do you agree?

A: I most certainly agree. If she has the privilege of using the living room, she should see her friend there, or if this is not satisfactory because of others coming in and out and she cannot talk to him undisturbed, she should leave the door of her room ajar.

Q: The other day I went to the beauty shop to which I always go for a permanent wave. My regular operator was finishing a customer when I arrived, and she asked one of the other girls to shampoo my hair.

I would like to know if I should have given the young woman who washed my hair a separate tip, or should my regular operator have given her something out of the tip I gave her?

A: You should have given the one who washed your hair a separate tip and then, if you wished, deducted this amount from the tip you usually give to your regular operator.

Q: My husband has a niece and nephew who always introduce us in this way: "My uncle and his wife." I think this is very discourteous to me and that I should be introduced as their aunt even though, strictly speaking I am not. Am I just being "picky"?

A: I agree that "uncle and his wife" is not very courteous to you. You should introduce you as, "Mr. and Mrs. Jones" (pause) "my uncle and aunt."

Details concerning the announcing and christening of a baby are described in the Emily Post Institute booklet entitled, "The New Baby."

To obtain a copy, send 10 cents in coin and a stamped, self-addressed envelope to Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Heritage Society Discusses Impact of the Victorian Era

Mrs. Donald Fillmore presented a paper on "The Victorian Era" before members of The Heritage Society, Thursday, in the home of Mrs. Robert D. Boyce of Lake Wind Drive.

In her paper on the study subject, Mrs. Fillmore described different types of furniture from the years 1830 to 1901, when marble-topped tables first became popular.

At monthly meetings in members' homes, the group studies antiques and related subjects.

Card Party to Benefit Foundation

Phi Kappa Tau chapter, Pi Omicron National Sorority Inc., have completed plans for the annual benefit card party and style show. They met recently in the home of Mrs. Robert Hausman on Breaker Street.

Fashions from Naden's Miracle Mile store will highlight the Feb. 20 affair in the First Federal Savings of Oakland civic room. Chapter members will provide refreshments and door prizes.

Donations will be for the Carolyn Carr chapter of Oakland County Children's Leukemia Foundation.

Mrs. Hausman is general chairman for the state convention May 16-17 in Kalamazoo. Mrs. Joanne Roe co-chairman and Mrs. Alvin Ilett is guest for the meeting was Mrs. Robert Nellis.

WOMEN'S SECTION

They Won't Believe It

Tell Truth to Neighbors

By ABIGAIL VAN BUREN
DEAR ABBY: This may sound like a silly problem, but it is very serious to me. My husband travels a lot and I am terrified to stay alone at night, so he gets me a room at a motel while he is gone.

I get all upset several days before he leaves and I'm unbearable to live with. I realize how stupid this is, and we really can't afford the extra expense, but I just can't help myself.

I am so ashamed of my problem that I don't tell people about it. When my neighbors see me coming home the next morning, I can imagine what they must think.

What should I tell them when they ask me where I was the night before?

DEAR ABBY: Tell them they'll never believe it.

DEAR ABBY: I am a teenage girl who figured something out that might help parents. When a girl goes on a date with a boy she likes pretty well, she usually gives him a goodnight kiss.

In order to discourage this (I guess) most parents leave the porch light burning. Most kids, not wishing to put on a show for the whole neighborhood, take the hint.

But they soon take to saying their goodnights in a parked car on a back road.

Parents who want to protect their daughters from a tender goodnight kiss at the door may be unknowingly be encouraging a wrestling match in a parked car. Thank you, Mrs. J. Francis Schell.

A GIRL WHO KNOWS
DEAR GIRL: A brute who would wrestle a girl for a kiss in a parked car is not about to settle for a "tender goodnight kiss" at the door.

The porch light should be ON until everyone who's OUT is IN. And the place for a goodnight kiss is IN the house.

WILL RAISE MONEY
Plans were made to raise money to send a delegate to the sixth-grader convention in Seattle and to help pay for the new headquarters building in Kansas City.

Margaret MacKenzie, who has been appointed publication chairman for the Great Lakes region, asked that all members provide her with copies of their original writings and research projects for possible use in the national publication, The Kappan.

Segovia to Play

Andres Segovia, guitar virtuoso, will perform next Saturday at 8:15 p.m. in Pontiac Northern High School as part of the Oakland University Concert Series.

Every American, except the American Indian, descended from foreigners. But foreign-

ers brought more to our shores than an accent. They brought knowledge, ambition and talent.

These are the things that made America great. Don't be ashamed of Mom because your teacher asks her to repeat something. Teachers are used to that.

I also want to assure you that your "good looking" American father knows your mother from way back, and he is used to her English by now.

A person who can communicate in a language other than his own (no matter how broken) is working toward a better understanding.

And understanding will still lead us to the peace that we are all praying for.

Abby, no matter how tired I am, I always find time for your column.

Please reciprocate and find space for my letter.

DOROTHY G.

CONFIDENTIAL TO "FEELING NO PAIN" IN ITHACA: WAIT!

Get it off your chest. For a personal, unpublished reply, write to ABBY, care of The Pontiac Press. Enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to ABBY, care of The Pontiac Press, for Abby's new booklet, "How to Write Letters for All Occasions."

DEAR ABBY: May I add something to your answer to the sixth-grader who was ashamed of his mother because she had a foreign accent?

Every American, except the American Indian, descended from foreigners. But foreign-

MRS. ANTHONY SPENCER JEROME

Afternoon Candlelight Glows for Ceremony

The Christ Episcopal Church in Dearborn was the setting for the marriage on Saturday of Ellayne Veronica Glass to Anthony Spencer Jerome in a mid-afternoon candlelight ceremony.

The bride is the daughter of Mrs. Sara Jane Glass of Dearborn and the junior Benjamin Jeromes of East Quorton Road are the bridegroom's parents.

Fashioned of white peau de sole appliqued with re-embroidered lace, the bride's gown swept into a chapel train. The bodice featured a Sabrina neckline and wrist-point sleeves.

PEARL TIARA
Her bubble veil of French illusion was fitted to a pearl tiara. She carried Stephanotis and lilies of the valley.

With maid of honor, Lynne Frailing, the bridesmaids were Jill Jerome, Linda Le-

Wed Saturday in Christ Episcopal Church, Dearborn, were Ellayne Veronica Glass, daughter of Mrs. Sara Jane Wood of Dearborn, to Anthony Spencer Jerome, son of the junior Benjamin Jeromes of East Quorton Road.

tourneau and Christine Collins.

They wore willow green peau satin with floor-length overskirts and matching Dior bow headpieces. Their bouquets of Queen Anne's lace were blue.

Tracy Glass attended her sister as flower girl.

Jeffrey Jerome was his brother's best man. John Braid, Robert Agli and Gary Newman comprised the ushers list.

Concert for PTO

The John D. Pierce PTO meeting will be held Wednesday at 7:30 p.m. The Pierce instrumental and vocal music will perform. Mrs. William Abernethy, principal, will present attendance areas for the coming school year.

Paul Millers

Take Ski Honeymoon

Joining ski enthusiasts at a northern resort are the newlywed Clifford Paul Millers (Marie Juliette Gadwa) who were wed Saturday in the Community United Presbyterian Church.

A reception in the '300 Bowl' banquet room followed the ceremony performed by Rev. Walter J. Teeuwissen Jr.

LACE GOWN

Daughter of Mr. and Mrs. Delphis Gadwa of Florman Street, the bride chose a gown

of white Rochelle lace with overskirt ending in a chapel sweep.

A pearl-trimmed petal headpiece topped her silk illusion veil and a white orchid centered her bouquet of white roses.

Bonnie Gadwa of Southfield, attended her aunt as maid of honor. Shirley Brewer and Marilyn Cornell, both of Clarkston, were bridesmaids.

They wore aquamarine peau satin and carried matching carnations combined with white. Patti Gadwa of Southfield attended as flower girl.

The bridegroom, son of the James Millers of Gale Road, had Dennis Cline for his best man, Richard and Roger Miller ushered, along with Thomas Belanger of Royal Oak and David Maguire.

The newlyweds will live in the new Fontainebleau Apartments.

Prevent Damage

Watercolor Exhibitions to Be Held

Two watercolor exhibitions will be featured in the Cranbrook Academy of Art Galleries Feb. 22 through March 15.

Among the 35 pieces in the traveling show of the Michigan Water Color Society are three done by Academy alumnae, Katy Keck Arnstein, Marjorie Bonhajo and Carolyn Hall.

The second show, "Abstract Water Colors by 14 Americans," is circulated by the Museum of Modern Art. The 54 piece exhibition shows the vitality of contemporary art in watercolor and related painting media.

The majority of the paintings were done in the 1960's, although the selection begins with 1951.

The two shows will be supplemented by water colors from the Galleries' permanent collection.

The galleries are open from 2 to 5 p.m., everyday except Monday and major holidays. There is an admission.

Polly's Pointers

Tape Helps Typing

By POLLY CRAMER

DEAR POLLY—My hint is for experienced or inexperienced typists.

When typing an index tab or anything too small to be held in place by the typewriter roller, use transparent gummed tape to hold each end of the index tab to the typewriter roller.

Type in the information desired and carefully remove the gummed tape.

Also, sometimes an error in typing is noted after the paper is removed from the machine.

It is not always possible to make your correction in the exact spot when the paper is inserted again.

CORRECT LETTER

After erasing the error, place the ribbon position lever to the stencil position and type in the correct letter.

If it is still not in the right place, you can try again.

When you find the correct position, put the ribbon position lever back to its inking position and your corrected letter is just where it belongs.—A. L. M.

DEAR POLLY—When making bound buttonholes, putting in a gusset or doing any sewing that needs reinforcing, try pressing on a piece of the new sheer, press-on pelon.

This holds the threads of even loosely woven fabric in place.

Bound buttonholes are not so bulky when the pelon is properly trimmed.—CHARLOTTE.

Appointment Not Always Necessary

Teens Have a Right to Change Attitudes

By MURIEL LAWRENCE
Dear Mrs. Lawrence: Why don't you come right out and say that we American parents get disrespect from children because we give them too much?

My 16-year-old daughter has told me never to try to choose her clothes for her again. I got this kick in the teeth because I bought her a navy blue jumper dress.

She refused even to try it on. It was a markdown from \$49.95 and came with a blue-trimmed red silk blouse which I know would have been becoming to her.

ANSWER: Maybe she doesn't like red blouses or jumper dresses. Maybe she resents the obligation to say "Thank you" for things she doesn't like. I know that I do.

GIFTS ARE TESTS

Gifts are tests of the kind of attention we have given to other people — our children, husbands, relatives, friends and clients — to their intense distastes and enthusiasms.

If we have not listened, and remembered what they have told us about themselves,

Nine Become Female Fix-Its

LOUBONVILLE, N.Y. (AP) — Nine girls at St. Agnes School may some day be able to tell their husbands a thing or two when it comes to fixing the family car or repairing the television set.

The senior mechanics are constructing a model car engine, as well as assembling television and radio sets in their physics lab.

The girls are working under the direction of Henry F. Repka, physics instructor and only male teacher in the all-female school.

Room to Move

When fitting clothes, make sure there is enough room for bending and sitting, or tightly pulled spots and puckers will appear in the garment.

their likes and dislikes, we really cannot expect much gratitude for things we gave them that had not been chosen to fit their tastes.

Parents of adolescent children often find them ungrateful for gifts, not because the children receive too much but because the parents have failed to note and remember changes of taste in the children.

Before we buy Jane the blue jumper with the red blouse, we

neglect to think, "Who is Jane today."

HIDDEN REASON

Does she still like red as a becoming color — or has her trust of it been changed by her self-consciousness over her acne?

If we have accepted the possibility of changes in the tastes in our changing teenage children, we are not thrown by Jane's refusal to try on the blue jumper.

We are prepared for her dislike of a dress that she once would have liked very much.

We don't go on and on about her ingratitude. We just put the garment back in its box and say: "Would you like this in

"If so, what color combination — and I'll see if I can get it. If not, return it to the store and see what dress you can find that you like for the same money."

(Newspaper Enterprise Assn.)

Capture Vines in Bird Cage

"It's So Pleasant Shopping in Bloomfield"

JA Members Learn Their Finance Early

By MARY FEELEY
Consultant in Money
Management

"What's the matter with kids these days?" parents keep on asking. "They think the world owes them a living."

The trouble is that many young people haven't the foggiest notion of what it takes to make a living. They grow up concerned with privileges rather than obligations.

"Rights" are more important than responsibilities. They hear more talk at home about Social Security and old-age benefits than they do about savings plans and self-reliance.

"Do-it-yourself" applies to things like building model airplanes, not building a future.

Like all general statements, of course, these need qualifying. There are thousands of young people in the country who are learning exactly what it means to make a living and figure up how many cents to a dollar.

Recently I had a chance to chat with a group of business executives. They ranged in age from 14 to 19 years old. These boys and girls are discovering how our American system of free enterprise really works.

How to raise capital, buy materials, market products or services, handle a payroll, pay rent, report to stockholders, and wrestle with tax reports.

These young people are members of Junior Achievement groups. J. A. groups are organized in 48 states, in communities big and small, and in Canada.

LEARN BY DOING

This is a national, non-profit organization — brain-child of Horace A. Moses, who as president of the Strathmore Paper Company in Massachusetts back in 1919, decided youngsters ought to learn by doing.

No doubt parents were asking the same old question even then: What's wrong with kids these days?

The best part of these Junior Achievement projects — each one a separate little business in itself — is that they bring teenagers and business and civic

leaders in a community into close communion.

Each project, involving about 15-20 youngsters, has a sponsoring company and three volunteer advisers to help them get their business venture off the ground.

BENEFIT OF KNOWLEDGE

These adult advisers give the younger generation the benefit of their knowledge, experience, and advice. And the rest of the citizens are offered an opportunity to buy stock in the young company at 50 cents a share, with a limit of five shares per person.

Once the new company is organized, electing their own officers, deciding on salaries, wages, and commissions to be paid, the teen-agers run it themselves, meeting one night a week during the school year.

Their guardian angels — the

level-headed, no-nonsense business advisers — are called on for advice, only on occasion. Each group chooses its own type of "business" and names its company — it may be a product that seems to have a future in that community, or it may be a service instead.

For example, in Dayton, Ohio, Junior Achievement groups have their own TV program, a newspaper, and a market research service, among other "industries."

BOAT AIDS

In Michigan, a J. A. group makes an accessory for boats. In Omaha, a half-hour TV program is handled entirely by the teen-agers. In Union City, N. J., they conceived the bright idea of making and marketing piggy banks designed like miniature railroad cars. The list goes on and on.

One of the ground rules calls for deliberate liquidation of the business in May before school closes. Inventory is sold, dividends paid — or if the ink ran red, assets are sold and prorated among the stockholders, just as in any real professional undertaking.

These kids are really learning what free enterprise means.

MARY FEELEY

GERALDINE REEVES

Mr. and Mrs. Algon Reeves of Maurer Avenue announce the engagement of their daughter Geraldine, to Bruce R. Price of Chicago, son of the late Derwood Prices. She is a graduate of Cook County Hospital School of Nursing, Chicago. Her fiancé attends University of Illinois.

More Classrooms Are Needed to Start Children's Village

By DICK HANSON

Additional classrooms for about 60 youngsters will be needed to make initial units of the county's proposed Children's Village operative by the first of next year, County Juvenile Affairs Director James W. Hunt, has announced.

The village is intended to provide more and improved facilities for juvenile court wards in the county.

Initial units to house 92 youngsters are slated for completion before the end of this year.

Some of these youngsters can be absorbed into existing classrooms at the nearby, former county contagious disease hospital, and a few can be sent to public schools in Waterford Township, said Hunt.

But most of them will require new classrooms to be added somewhere, he said.

There is space to develop one and possibly two more classrooms in the former hospital building. To develop more than this might require some changes in the county's Civil Defense emergency quarters in the basement.

The problem is being studied by both the County Board of Auditors and the County Board of Education, said Hunt.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome those plate discomforts. FASTEST, an improved powder, activated top upper and lower plate holds them together so that they feel more comfortable. Lincoln's Hopes for the Negro

IN HIS OWN WORDS

"What I would most desire would be the separation of the white and black races."

(Spoken at Springfield, Illinois, July 17, 1858), Abraham Lincoln Complete Works, edited by Nicolay and Hay, published by The Century Company, 1894, Volume I, page 273.

"I will say, then, that I am not, nor ever have been, in favor of bringing about in any way the social and political equality of the white and black races—that I am not, nor ever have been, in favor of making voters or jurors of negroes,—nor of qualifying them to hold office, nor to intermarry with white people; and I will say in addition to this that there is a physical difference between the white and black races which will ever forbid the two races living together on terms of social and political equality. And inasmuch as they cannot so live, while they do remain together, there must be the position of superior and inferior, and I, as much as any other man, am in favor of having the superior position assigned to the white race."

(Spoken in sixth joint debate with Senator Douglas at Quincy, Illinois, October 13, 1858), Abraham Lincoln Complete Works, edited by Nicolay and Hay, The Century Company, 1894, pages 369, 370, 457 and 458; also at Charleston, Illinois, September 18, 1858, in fourth debate with Douglas.

"Why . . . should the people of your race be colonized, and where? Why should they leave this country? This is, perhaps, the first question for proper consideration. You and we are different races. We have between us a broader difference than exists between almost any other two races. Whether it is right or wrong I need not discuss, but this physical difference is a great disadvantage to us both, as I think your race suffer very greatly, many of them by living among us, while ours suffer from your presence. In a word we suffer on each side. If it be admitted, it affords a reason at least why we should be separated. It is better for both, therefore, to be separated."

(Spoken to a committee of colored men at the White House, July 14, 1862), The New York Daily Tribune, August 15, 1862, page 1; New York Semi-Weekly Times, August 15, 1862, page 2.

CITIZENS' COUNCILS OF AMERICA

First units are to include two rehabilitation cottages (half-way houses) for 50 youngsters and a special services unit for 42 emotionally disturbed youngsters needing special care.

The second phase in development of the Children's Village calls for a detention and intake unit, two shelter care units, four more rehabilitation cottages, a school, administration building, health and nursery unit and a kitchen by 1968.

SECOND PHASE

Second phase construction is expected to total about \$2 million.

A third and final building phase by 1980 would add another detention and intake unit, special services unit, and a rehabilitation cottage. Cost estimates were not available.

The village is being planned to accommodate 321 youngsters by 1980.

The county now provides facilities for 198 children. The increase is expected to result from the projected population growth in the county.

Red Wings Move Closer to NHL Playoff Berth

Detroit Gains Stronger Hold on 4th Place

Club Nips Rangers, 4-2; Winning String Now at 3 Games

DETROIT (AP) — The Detroit Red Wings couldn't have picked a better time to go on their longest winning streak of the National Hockey League season.

The Red Wings knocked off the New York Rangers 4-2 Sunday night, after edging Boston 3-2 Saturday afternoon, for their first twin-victory weekend of the season.

While the Red Wings winning streak is a modest three games, it has enabled them to climb out of fifth place to fourth place of the final Stanley Cup playoff berth.

New York, which took over fourth place just a week ago, has dropped four straight, including an 8-2 shelling at the hands of Montreal Saturday.

The girls' classes were led by Bloomfield Hills' Barbara Goode, Pontiac's Maureen Carpon, Birmingham's Lynn Thrope and Ann Cunningham, formerly of Birmingham.

2 State Skiers Gain Victories in Duluth Meet

DULUTH, Minn. (AP) — Michigan skiers dominated the Duluth Ski Club's 58th invitational ski jumping championships, winning three of four events Sunday at nearby Fond du Lac.

Top man in the 70 meter events was Paul Johnson, Iron Mountain, Mich., who won the class A championship with 224 points on jumps of 217 and 219 feet. Runnerup was Joe Ryan, St. Paul.

Dave Norby of Madison, Wis., won class B with 215.3 points on jumps of 189 and 205 feet, followed by Jim Marry of Ishpeming, Mich.

Former Olympic skier Ralph Bietila of Ishpeming rolled up 219 points on jumps of 191 and 193 feet to win the veterans class.

Bowling Instructor Gains in Tourney

CHICAGO (AP) — Earl Fenimore of suburban Arlington Heights, moved into third place Sunday night in the \$412,672 Petersen Bowling Classic with an eight-game total of 1,602.

Fenimore, a bowling instructor, shot games of 202, 165, 197, 203, 214, 186, 221 and 214 to finish five pins behind Bob Nikolic of Toledo, Ohio, who held the lead for several weeks with 1,606.

Nickel lost first place Friday night to Bob Thiel of Hobart, Ind., who posted a 1,648 series. Last year's winning score was 1,677.

The tournament, which pays \$30,100 to the winner, runs 212 days through July 12.

Don Paris, Menominee, Mich., is in fourth place with 1,601.

Other leaders: Tom Pikulinski; Dearborn Heights, Mich., 1,598; Art Paegelow, Milwaukee, 1,586; Melvin Eaton, Lockport, Ill., 1,585; Glen Wagner, Edwards, Ill., 1,583; Ed Drobyshevsky, Dearborn, Mich., 1,585; Jerry Sorano Milwaukee 1,583.

Crane Wrestlers Win

Cranebrook ran its wrestling record to 63 Saturday with a 30-10 decision over Shady Side of Pittsburgh, Pa.

Gymnastics Meet Scores in County

By FLETCHER SPEARS

A new star is beginning to twinkle on the prep gymnastics horizon.

The newcomer is North Farmington's Raiders, a squad that is rapidly gaining prestige among teams in the state's high school gymnastics family.

The Raiders, in their second season of competition, were in top form Saturday in recording a 75-53 decision over Ann Arbor, one of the perennial powers in the state.

And with the win, the Raider unit established itself as a definite contender for the state title which will be decided at Hillsdale March 14.

Ann Arbor came up with the meet's top individual stars in George Hutzicker and Bill Vandenberg, but North Farmington had the depth to withstand the losers' 1-2 punch.

The Raiders took a 9-7 lead in the first event — the free exercise — and gradually widened the gap through the remaining seven events. Each team took top honors in four events.

Hutzicker was easily the standout performer of the meet. The 1962-63 defending state trampoline champion caught the fancy of the crowd in winning three events — free exercise,

tumbling and trampoline. He finished with 29 points.

Vandenberg placed in six events to give Ann Arbor 16 points.

Mike Maloney was the Raiders' top point producer with 14½. Art MacLean was second with 14.

Gaining first place points for the Raiders were Dave Sluiter (side horse), Chuck McCracken (high bar), Andy Sundria (still rings) and Jim Listerman (long horse).

GYMNASTICS SUMMARY

North Farmington 75, Ann Arbor 53

Scoring — First place 4 points, second 4, third 3, fourth 2, fifth 1.

Free exercise — Hutzicker (AA), 29; Maloney (NF), 23; McCracken (NF), 21; Sluiter (NF), 20; McCracken (NF), 19; McCracken (NF), 18; McCracken (NF), 17; McCracken (NF), 16; McCracken (NF), 15; McCracken (NF), 14; McCracken (NF), 13; McCracken (NF), 12; McCracken (NF), 11; McCracken (NF), 10; McCracken (NF), 9; McCracken (NF), 8; McCracken (NF), 7; McCracken (NF), 6; McCracken (NF), 5; McCracken (NF), 4; McCracken (NF), 3; McCracken (NF), 2; McCracken (NF), 1; McCracken (NF), 0.

Champ at Daytona Is Right 'At Home'

DAYTONA BEACH, Fla. (AP) — Nelson Stacy, Daytona Beach, is right at home in the Auto Racing Club of America (ARCA) and \$50,000 richer as a result of winning his 250-mile championship Sunday.

It is less expensive to compete in ARCA than NASCAR, where Stacy has been since 1960, because the cars must be closer to stock models in engine specifications.

They may not go as fast as NASCAR's best-proved Saturday when Richard Petty of Randyman, N.C., set a 50-mile NASCAR mark of 171.9 miles an hour in a 1964 Plymouth.

But Stacy's 154.103 m.p.h. in the ARCA 250-mile was just short of the track record and came despite seven laps under the caution flag.

The yellow flag was out for a pair of spectacular spins that provided some heart stopping moments but ended without injury to Ramo Stott of Keokuk, Iowa; Jack Bowsher of Springfield, Ohio; Jim Cushman of Columbus, Ohio, and Mike Knapik of Warren, Ohio, who were in the middle of them.

Stacy, a 42-year-old grandfather who drove tanks in World War II and taxicabs just afterward, broke into racing with ARCA, then known as Midwest Auto Racing Club and won its championship three times.

"I ran pretty well the way it was planned," Stacy said.

His strategy was to keep his

PIN UP BOY — Blackstone Hickory Monarch, a champion beagle, is protected from possible draft in New York's Madison Square Garden as he is rescheduled for today's opening of the Westminster Dog Show. A large safety pin keeps a towel in place. The beagle is owned by Rita M. Hravnik of Cleveland.

Derr had a 1963 Dodge, Karna a 1964 Ford, Mitchell a 1963 Ford and Cushman a 1964 Plymouth.

DAYTONA BEACH, Fla. (AP) — Top ten finishers in the Auto Racing Club of America 250-mile championship Sunday at Daytona International Speedway:

1. Nelson Stacy, Daytona Beach, 1964 Ford, \$4,200
2. Ernie Derr, Keokuk, Iowa, 1963 Ford, \$1,750
3. Iggy Katona, Willis, Mich., 1964 Ford, \$1,750
4. Dick Mitchell, Trenton, Mich., 1964 Ford, \$1,750
5. Jim Cushman, Columbus, Ohio, 1964 Ford, \$1,750
6. Danny Byrd, Detroit, 1962 Ford, \$600
7. H. R. Bailey, Houston, 1963 Pontiac, \$500
8. Jack Bowsher, Warren, Ohio, 1964 Ford, \$400
9. Jack Bowsher, Springfield, Ohio, 1964 Ford, \$400
10. Virgil Barnes, Detroit, 1964 Pontiac, \$250

Girls Steal Speed Skate Show in Chemical City

MIDLAND (AP) — Record-breaking girls stole the show at the eighth annual Chemical City Open speed skating championships concluded Sunday.

Columbus, form prevailed strictly. Detroit's Jeanne Omeluchuk and Mike Carey won the big titles.

Jeanne and Mike, both skating school teachers, won the men's and women's championships, respectively, as expected. Jeanne swept her field with five victories and Mike won all but one race.

Mrs. Omeluchuk and two younger feminine stars, Char-

bogyan's Kathy Sullivan and Barbara Best of Midland, set a collection of records on the fast ice of Currie Park.

RECORD BREAKER

Jeanne, former Olympian, set a new women's state outdoor record in the 800 in 1:23.9 against her record of 1:25.8 in 1963.

Barbara, a 13-year-old, set two records in winning the juvenile girls division. She did the 220 in 22.4, surpassing the .22.5 mark shared by Linda Hennesko and Collette Markel of Detroit. She raced the 800 in 1:35.4, bettering her 1:36.2 of last week at Petoskey.

Kathy, intermediate girls winner, raced the 800 in 1:29.3, breaking her own 1:30.0 record. Carey, with five firsts and a second, got 29 points among senior men to 17 for runner-up Dick Blass of Midland. Mrs. Omeluchuk scored the maximum 25, compared with 15 for Jack Gapeynski of Alpena, runner-up.

Eddie Bertrand and Bill Freeman of Detroit placed one-two in intermediate boys. Mary Wright of Petoskey was second in intermediate girls.

Miss Hennesko and Miss Markel were one-two in junior girls. Bill Kuczyk of Wyandotte won in juvenile boys.

Detroit CC Triumphs in FOLS Mat Tourney

Detroit Catholic placed first in five events Saturday in winning the Farmington Our Lady of Sorrows wrestling tournament.

The Detroit school finished with 96 points, followed by FOLS (77), Northville (65) and Southfield (64).

Stan Secosky of FOLS captured the 154-pound title and upped his winning streak to 42 matches.

Loyola, Villanova, DePaul Fall

Upsets Hit Top College Quints

By The Associated Press

College basketball has hit the top of the stretch with a quartet of Southern cage powers bunched near the head of the pack.

Kentucky, Davidson, Vanderbilt and Duke are among the nation's Top Ten, and all four will be in the thick of this week's scramble for conference and national honors.

Kentucky, No. 3 in last week's Associated Press major college poll, meets Southeastern Conference foe Mississippi State tonight. The Wildcats, tied with Georgia Tech for the lead in a wide-open SEC scramble, ran their season mark to 17-2 Saturday by routing Mississippi 102-69.

Eight-ranked Vanderbilt is involved in the week's major SEC scraps. Vandy, one-half a game behind in the league race and 17-2 over-all, has toughies

with Georgia Tech on Wednesday and Tennessee on Saturday. Tennessee in their SEC opener, nipped LSU 66-64 Saturday.

5 VERSUS 7

Fifth-ranked Davidson, 18-1, preps for Saturday's showdown at seventh-ranked Duke, 15-3, with two Southern Conference games.

The Blue Devils were it 27 in a row by slugging Maryland 104-72 Saturday.

The rugged Missouri Valley Conference rates top billing, however, as fifth-ranked Wichita puts its MVC lead on the line against upstart Duke.

The Shockers, 17-4, dropped their first Valley decision in

seven starts Saturday at Bradley 76-74 while Drake topped St. Louis 70-57. Drake, 4-1 in the MVC and 14-4 over-all, has climbed from last year's league cellar into this season's runner-up spot.

UCLA and Michigan, the nation's No. 1 and No. 2 clubs, each won Saturday. But while Michigan, 16-2, coasted by Big Ten rival Illinois 99-82, the Bruins had to scramble for their 19th straight victory, a 58-50 squeaker over Big Six rival California.

Sixth-ranked Villanova, ninth-ranked Loyola of Chicago and 10th-ranked DePaul all stumbled. Villanova lost star Wally Jones with a hip injury as well as a 63-50 decision to LaSalle, St. John's of New York handed Loyola's defending national champs their fifth defeat 71-69 and Memphis State buried DePaul 98-67.

Host Spartans Short of Mark in Relay Win

MSU Dashman Scores Triumph in 60-Yard Event

EAST LANSING (AP) — A seven-year first was finally broken at the 41st annual Michigan State Relays Saturday night when the host Spartan team won the first relay victory of its own meet since 1957.

Michigan State took the sprint medley relay in 3:27.5, only a second off the meet record. The Spartans have been fairly consistent winners in individual events in recent years but have not had the team depth to win the relays races.

The only other MSU victory was in the 60-yard dash where Bobby Moreland placed first in .061, tying his own meet and fieldhouse record of last year. No team scores are kept in the relays but the visiting University of Missouri delegation would have to be considered the unofficial winner. Missouri had four firsts, including a two-mile relay triumph with a time of 7:33.3, a new meet and fieldhouse record. The old mark was 7:41.6 by Western Michigan last year.

Robin Lingle ran the 880-yard anchor lap of the relay to bring the Tigers the victory and also won the 1,000 yard run in 2:15.7, dethroning defending champion Ron Ward of Ferris State.

TOP HONORS
The University of Michigan and Western Michigan shared top honors for the state's entries with three first places each. Michigan's Cliff Nuttall tied the meet record with a time of .08.6 in the 70-yard high hurdles. Michigan also had a first in the mile relay with a time of 3:17.9 and in the shot put where Roger Schmitt threw for a distance of 55 feet 5 inches.

The Western Michigan first places were in the 240-yard shuttle hurdle relay in :29.9, the distance medley relay in 10:01.6 and in the 70-yard low hurdles where Jim Vogler won in the finals in 8 seconds flat.

Ayo Azikiwe of Michigan State, a foreign student and son of the governor general of Nigeria, set a new meet record in a preliminary heat of 7.2 seconds and was a stride in front of Dee Andrews of Long Beach, Calif. Jones' qualifying time was 7.0 and he holds the national indoor record of 6.9.

Jones began his long winning streak Jan. 30, 1960, in New York's Millrose Games.

Jones Registers 52nd Hurdles Win

LOS ANGELES (AP) — Hayes Jones of Detroit registered his 52nd consecutive triumph in 60-yard hurdles competition Saturday night in the Los Angeles Times Indoor Games.

Jones was clocked at 7.2 seconds and was a stride in front of Dee Andrews of Long Beach, Calif. Jones' qualifying time was 7.0 and he holds the national indoor record of 6.9.

Jones began his long winning streak Jan. 30, 1960, in New York's Millrose Games.

Detroit Girl Sets National Swim Mark

FORT WAYNE, Ind. (AP) — Cynthia Goyette of Detroit eclipsed both the American and her own national record Sunday in winning the 100-yard breaststroke at the Club Olympia senior men's and women's championships.

Miss Goyette covered the course in 1:11.5. Dale McKinnon of Palo Alto, Calif., holds the American record at 1:11.6. Cynthia posted the national record at 1:11.7 last year in Berea, Ohio.

Rebounding Key Factor in City Contest

Rebounding is expected to be the key factor in tomorrow night's basketball game between Central and Northern at the PNH court.

A capacity crowd of 2,000 fans will see if PCH can wrap up the city title with a repeat of its 72-60 home court victory over Northern last month.

Both squads have apparently recovered from recent slumps and this contest, like

the previous one, is rated a tossup. It will start at 8 p. m. In Saturday action, Bloomfield Hills slipped past Oak Park, 66-60, and Cranbrook lost to Pittsburgh Sady Side, 55-54.

Royal Oak St. Mary advanced to the semi-finals of the Catholic League's second division playoff Sunday with a 52-49 win over Detroit St. Gregory. The Irish play powerful Detroit St. Charles next Sunday.

The Chiefs are hampered by a lack of height and have trouble coping with aggressive fall opponents.

But they have played well at times in such situations. Against Northern last time out, they dominated the backboards.

Jim Johnson is the main rebounder. He has been up-and-down. When Johnson has a good night, so does PCH. Gerald Henry can jump as high as some 6-6 players, but he has been inconsistent.

Northern's defense has improved and this may help the Huskies. They will have to contain the outside sharp shooting of Central's Mel DeWalt, Al Keel and Bill Morgan.

The Chiefs turned in one of their finer defensive efforts last Friday in the overtime triumph over Saginaw.

A couple of players didn't hustle back a few times and this opened the door for Saginaw fast break baskets.

Should Northern win, the deciding game will probably be played during the district tournament. Both squads are in the Class A tourney at PNH.

Bloomfield Hills needed a fourth period rally to pull away from stubborn Groves. The Falcons, who trailed by 10 points at the half, pulled to within two of the Hills in the last stanza.

Rod Bamister held St. Gregory's high scoring Larry Burkett to one field goal in the first half and 11 points for the game to aid ROSM's victory.

Burkett went into the contest with a 24 points a game average. Tom Wagner paced the Irish attack with 24 points. Don Wells added 17.

Cranbrook fell behind 10-2 and could never catch Shady Side.

Nicklaus Remembers Tip in Winning Phoenix Open

PHOENIX, Ariz. (AP) — Jack Nicklaus remembered something Arnold Palmer showed him two years ago and used it to advantage in winning the \$50,000 Phoenix Open, an event Arnie had captured the past three years.

"He used a driver on all the holes and won by a mile," Nicklaus recalled as he pocketed the first prize check with a 66 and 72-hole score of 271.

The burly young pro from Columbus, Ohio, proved his blasted 350 yards off the tee on the fourth hole and then hit hole four, six feet away from the hole on the 365-yard fifth hole. That brought a birdie and eagle and sent Nicklaus into the lead to stay en route to his first 1964 victory.

ALTERNATE YEARS
Play was over the Phoenix Country Club course, a layout used for the tournament only in alternate years. Nicklaus recalled that as a freshman pro, he had used iron off the tees on several of the par 4 holes at the Country Club and watched Palmer capture the title by 12 strokes.

"You hit a driver and you have a chance for birdies," Jack explained. "You may hit behind trees a couple of times, but overall it's to your advantage to use the driver."

He proved it with a finish three strokes ahead of the runners-up, Cindrella man, Bobby Brue, a former Milwaukee amateur star who got into the event only because 11 others dropped out. Brue, 29, was the last alternate admitted to the field, yet he put together rounds of 70-67-67-70 for a 274.

Until he bogeyed the 15th hole Brue appeared to have a chance of catching Nicklaus, who had three bogeys himself on the back nine after a 30 going out.

As it was, bespectacled Bobby collected his largest golf check — \$4,000.

FIRST START
Deadlocked at 275 were Gary

Player of South Africa, making his first 1964 United States start, and San Diego's Gene Littler. They had 72 and 67 respectively the final day.

George Bayer, the third round leader, went over-par on the final two holes to finish at 276 despite being only two strokes behind Nicklaus through 18. He three-putted both the 17th and 18th greens. Big Jack birdied the 18th to boost his margin.

Palmer wound up with 278 and a tie for 11th place.

Nicklaus, Palmer and Brue will be among those missing as the pros open the \$30,000 Tucson Open on Thursday with Player and Tony Lama the names heading the field.

made history by becoming the first athlete to win four gold medals at a Winter Olympics. She scooped the pool in the women's speed skating, invincible over every distance from 500 to 3,000 meters.

Russia's grasp was broken when the men took over, but the Soviet Union still picked up one gold, with the other three speed skating titles going to McEwen, Sweden's world champion Jonny Nilsson and Norway's Knut Johnsen.

Holland's Sjoukje Dijkstra, overwhelming favorite for the figure skating title, won with hardly a check in her elegant stride. Germany's Manfred Schnelldorfer took the men's championship, and the pairs were won by Ludmilla Belousova and Oleg Protopopov of Russia.

The Scandinavian countries swept all of the Nordic men's events as expected with Russia's Claudia Boyarskikh picking up three gold medals in the women's division—one of them for a share in the cross country.

Nationwide Poll of Principals

Teen Smokers Not Dissuaded by Government Report

(EDITOR'S NOTE: High school principals at a national convention in Chicago were asked by the Associated Press if they believe the government report on cigarette smoking has tended to discourage student smoking. Here is the report.)

By G. K. RODENFIELD
AP Education Writer

CHICAGO—Many high school pupils are habitual smokers, and it's almost an even bet that the recent government report linking cigarettes and lung cancer won't discourage the habit.

That is the opinion of high school principals attending a national convention in Chicago, given in response to an Associated Press questionnaire.

Almost two-thirds of the principals surveyed said from 20 to 60 per cent of their pupils smoke regularly. More than one-quarter place the figure at 40 per cent or more.

The principals were asked, "from your observations, do you believe the government report has tended to discourage student smoking?"

VARIED RESPONSE

Fifty-six per cent said "yes," 44 per cent said "no."

Some of those who answered yes added: "I hope so." "At least at the start, and "Only slightly."

Virtually all the principals reported their schools regularly provide classroom instruction about the dangers of smoking. The rest said such instruction has been added since the surgeon general's report last month singled out smoking as a serious health hazard.

CLASSROOM STUDY

Such instruction usually is made a part of the classroom work in biology, general science physical education or ninth grade health classes.

Some schools have scheduled lectures by local doctors and others have shown films provided by antismoking groups. Several principals described the films as gruesome and one said a teacher and three students fainted.

The principals reported that state laws which prohibit teenagers from purchasing or using cigarettes are "usually not enforced," and "completely ineffective."

At Sibley High School in West St. Paul, Minn., pupils caught smoking on the school grounds are suspended on the first offense and expelled for the second.

3-DAY SUSPENSION

Dean Shoemaker, principal at Valley Center, Kan., High School, reported, "Smoking on the campus means an automatic three-day suspension. Then call the student in for a man-to-man discussion of the harmful effects of smoking."

Estimates of the percentage of pupils who smoke ranged from "none," at Duchesne (Utah) High, to 90 per cent at Milford, Mich., and Hamden, Conn.

British Guiana Renews Its Call on Independence

GEORGETOWN, British Guiana (AP)—Premier Cheddi Jagan renewed Sunday his call to Britain to fix an early date for the independence of British Guiana.

Thousands of East Indian People's Progress party supporters marched through the streets of Georgetown chanting: "We want freedom."

Addressing a mass rally estimated to number between 10,000 and 15,000 persons, Jagan also appealed to the main opposition People's National party to help find a solution to their political differences.

Britain has refused to set an early date for independence, saying harmony and confidence among Guiana's multiracial political parties must first be established.

Mexico Welfare Aid

MEXICO CITY (AP)—Mexico will spend \$80 million in 1964 expanding its social security benefits with 141 projects including hospitals, clinics, welfare centers and low-rent housing.

It was 2 per cent at the Dugway (Utah) schools, 2 to 3 per cent at Carver High School, Montgomery, Ala.; 3 per cent at Milan, Ohio, and 5 per cent at

Castleberry High, Fort Worth, Tex.; Britt, Iowa, and Mount Savage, Md. * * * Schools reporting 50 per cent

or more of their students smoking regularly included Malden, Mass., New Berlin, Ill., Passaic, N.J., Silver Springs, Md., and Martinsville, Va.

Several principals reported efforts by pupils to discourage their classmates from smoking. * * * William Duncan of Edison

High, Miami, Fla., said that at nearby Coral Gables, school athletic stars are leading the drive against smoking. Lamont Hultgren, director of

secondary education at Moline, Ill., said Moline High was one of the first schools in the country to organize a "teen-agers against cancer" campaign.

**Civil War Recollection
Marks 105th Birthday**

NIAGARA FALLS, N.Y. (AP)—Miss Mary Rice observed her 105th birthday Sunday, and recalled that she had witnessed celebrations when soldiers returned home from the Civil War. Miss Rice, who is in good health, said she felt much younger than 105.

Phony Yen Note Found

TOKYO (AP) — Japan's new 1,000 yen notes were supposed to be counterfeit-proof. Then a phony turned up. It was printed only on one side.

Panama: U.S. Agreed to New Treaty

WASHINGTON (AP)—A high Latin-American source says the United States committed itself

in 1962 to renegotiating the Panama Canal treaty. The State Department says no such agreement was made.

"There is not and never has been a secret governmental agreement between the United States and Panama concerning treaty relationships," a State Department spokesman said in a prepared statement Sunday night.

TALKS ENDED

Earlier, the Latin-American source said Panamanian officials told the Inter-American Peace Committee last month that a memorandum signed in 1962 committed the United States to renegotiate the 1903 treaty, under which it runs the canal.

Efforts by the committee to set up U.S.-Panama negotiations after rioting Jan. 9 on the Canal Zone border collapsed over U.S. refusal to agree in advance to Panamanian demands that the talks include renegotiation of the treaty.

A committee of the Organization of American States is now looking into Panamanian charges that the United States was an aggressor. The committee is now seeking a basis for new U.S.-Panama talks.

"There is no difference in the attitude of the U.S. government today toward treaty revision and that which existed in June 1962," the State Department said.

A memorandum being circulated by Latin American sources never constituted agreement of any kind. It is simply a memorandum of conversation describing certain conditions which might entail treaty revision."

WAS PRESENTED

The Latin-American source had reported that just before the talks broke down the memorandum was presented to the committee by Arturo Morgan Morales, who said it was signed by a White House aide and a State Department official in New York on telephoned instructions from Washington.

Morgan said the agreement was signed shortly after talks in Washington between the late President John F. Kennedy and Panamanian President Roberto Chari. As presented by Morgan, the memorandum said the two

presidents had agreed to appoint high-level representatives to discuss mutual problems including the treaty.

In Panama yesterday, a renewed pledge to press Panama's charges of U. S. aggression before the United Nations if the Organization of American States fails to act

19 Motorists Lose Licenses

Area Drivers Taken Off the Highways

Drivers' licenses of 19 area motorists were either suspended or revoked recently by the Michigan Department of State.

Ordered to show proof of financial responsibility due to convictions of drunk driving were:

Walter J. Bietch, 106 W. Longfellow; Cecil Brown, 300 South Boulevard West; Reme L. Cooper, 5547 Eldridge; Harold Capier, 294 Steadfield; Union Lake; Russell D. Foster, 509 Watkins, Birmingham; Antonio A. Rostor, 2669 Weaverston, Rochester; William Van Strand, 7246 Heather Heath, Birmingham.

Unsatifactory driving records caused the following to be ordered off the road:

Arthur W. Eyon, 3032 Eastwood; Rodney V. Green, 4020 Arcadia; Victor R. Norman, 1284 N. Hospital; Wayne S. Priess, 2175 Auburn; and Andrew J. Roberts, 497 Paddock.

OTHERS

Others are Donald E. Bowen, 22010 Springbrook, Farmington; LeRoy E. Burke, 440 E. Square Lake, Troy; Howard A. Gustafson, 2523 Oakview, Walled Lake; Gerald E. Ryckman, 3000 Lapeer, Lake Orion; Richard A. Sherman, 315 E. Avon, Rochester; James H. Stirling, 5420 Sunnycrest, Birmingham; and Louis G. J. Worden, 3009 Sancelotti, Orchard Lake.

Charles D. Clark, 222 Franklin, was ordered to show proof of financial responsibility due to an unsatisfactory financial judgment against him. George Baird, 729 Stanley, was ordered off the road for driving with a revoked license.

was delivered to more than 2,000 anti-American demonstrators.

Max Arosemena, ranking Cabinet minister, made the promise to a rally organized by the Panamanian Students Federation.

The demonstrators gathered at the Presidential Palace to hear Arosemena, then marched into downtown Panama and stoned a Cuban exile headquarters building. Speakers denounced the exiles as "worms supporting North American imperialism."

National guardsmen broke up the rally as the crowd moved to storm the darkened building.

Arrest of Members in Tanganyika Plot

DAR-ES-SALAAM, Tanganyika (AP) — President Julius Nyerere has disclosed that most leaders of the Tanganyika Federation of Labor are among the 200 civilians arrested in a suspected plot to overthrow the government in last month's army mutiny.

He announced yesterday that the 11 labor unions will be merged into a single organization and that a two-year-old ban on strikes will continue.

Nasser, Mateos to Visit

MEXICO CITY (AP) — United Arab Republic representatives here to negotiate a new trade agreement with Mexico say President Gamal Abdel Nasser and President Adolfo Lopez Mateos will exchange visits before Lopez Mateos's term ends next Dec. 1.

With credit unions... Loan costs lower than "bank rates"

Right now more than 50,000 residents of Oakland County are benefiting from personal loans at low rates (usually the lowest obtainable anywhere), taking advantage of the fine financial services offered by their credit unions.

The maximum credit union loan rate, just 1% per month on the unpaid balance, is lower than usual, so-called "bank rates"—far below most credit sources—and the advantages just start there!

Most credit union members receive an interest refund—often saving 10-20% more on their loan cost. While paying off loans, they're covered by life and disability insurance at no extra cost!

With credit unions you know the interest you're paying, and you pay interest only—no fees, fines or hidden charges, no penalty for paying up a loan in advance. And most credit unions charge just one rate to all members—there's no sliding scale, based on your credit rating or assets.

These are some of the reasons why, 99 times in 100, a credit union loan will save you money.

If you are not a member, you may be able to qualify in your community, place of employment, church or organization. Now is a good time to ask about eligibility, for we'll also send you—

FREE, without obligation, a year's subscription to EVERYBODY'S MONEY—interesting, authoritative national magazine showing many everyday ways to get the most out of your money. It's yours for the asking. Just write to:

Shah of Iran Will Go to Italy for Treatment

VIENNA, Austria (AP)—The Shah of Iran has decided to go to Montecatini, an Italian health resort, for medical treatment, on the advice of Vienna physician Karl Fellinger, reliable informants said Sunday.

Dr. Fellinger, who visited the Shah, 41, in Innsbruck recently, said the monarch was not suffering from any organic illness, but was working too much and showed signs of overstrain.

On Borneo Cease-Fire Issue

Parley on Malaysia Near Breakdown Point

BANGKOK, Thailand (AP)—The foreign ministers' conference on Malaysia was reported near a breakdown today over Malaysian and Indonesian differences on a Borneo cease-fire agreement.

A special working committee of representatives of Malaysia, Indonesia, and the Philippines met for three hours and adjourned, unable to agree on what the final

conference statement should say.

The ministers of the three countries convened another meeting in an effort to save the talks.

Indonesian Foreign Minister Subandrio, Malaysian Deputy Prime Minister Tun Abdul Razak and Philippines Foreign Secretary Salvador P. Lopez have been meeting in Bangkok for six days.

problem remained the crux of the issue.

KENNEDY'S REQUEST
The ministerial conference was held at the urging of Atty. Gen. Robert F. Kennedy who made a flying trip to the Far East when the Indonesian "crush Malaysia" crisis mounted.

He obtained agreement on the cease-fire and on holding

the conference to iron out peace details.

Thailand entered the dispute as a U.N.-approved mediator. Cambodia, too, offered its neutralist services as a mediator. Prime Minister Tunku Abdul Rahman of Malaysia flew to Phnom Penh today for talks there with President Diadiao Macapagal of the Philippines on the crisis.

TO MAKE PEACE
Welcomed by Prince Norodom Sihanouk, Cambodia's chief

of state, Rahman said: "I came to make peace and be friends again with Macapagal."

The Philippines has withheld recognition of Malaysia but has not exhibited Indonesia's degree of enmity.

Nigerian to Get Post

LAGOS (AP)—A Nigerian will become inspector general of this country's police for the first time when L. O. Ede, now the deputy, succeeds J. E. Hodge, a Briton, who retires in March.

William Howard Taft served as provisional governor of Cuba in 1907 before becoming President in 1909.

With Notable Exceptions

Top U.S. Authors Busy Writing

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD—How goes it with America's best-selling authors?

With notable exceptions, most are hard at work at their craft.

They were asked in an Associated Press survey: What are you writing, and how is it going?

THOMAS laureate John Steinbeck replied from New York: "I am enamored with the simplicity of your questions and am pleased to answer them with equal directness." To the first part of the question he wrote "nothing," to the second, "lousy."

From Paris, Mary McCarthy "The Group"—answered even more succinctly: "Nothing."

MORE INDUSTRIOUS

Others appeared more industrious, if guarded:

Herman Wouk, Virgin Islands—"I am writing a new novel which I hope to complete, and possibly to publish in 1964."
John O'Hara, Princeton, N.J.—"I am continuing work on a long novel, and writing short stories."
Erskine Caldwell, Rhen Valley, Calif.—"Am finishing a book about the means and ex-

tremes of contemporary life in the United States. This is to be personal impressions of people and things after 25,000 miles of travel from end to end and from side to side of the country. The 'Around about America.' How is it going? To me, it's looking good on paper."

TEMPTS FATE

John Updike, Ipswich, Mass.—"Thanks for your interest, but I make it a rule never to discuss work in progress. It tempts fate."

Eugene Burdick, Berkeley, Calif.—"I am now working on two books. One will be titled 'The 400' and is about presidential politics. It is within a few chapters of being done. The other is called 'Nina's Book' and is a love story. It is done but needs redrafting."

Leon Uris, Aspen, Colo.—"I feel, feeling, others on the contrary have almost a compulsion to talk about the work in which they are engaged. I do not wish to appear uncooperative. It just happens that way with me."

Irving Stone, Beverly Hills—"I am just completing my third year on a biographical novel about Abigail Adams and John Adams. I am trying, and I think I have succeeded in some measure in the first half of the book, to convey to the American people a sense of their colonial history which up to this point is largely unknown."
am recovering from a 2 1/2 year stint at the typewriter. The novel is called 'Armageddon' and will be published in June. It is about postwar Germany from the time of the American occupation through the four-power occupation of Berlin and the airlift in 1949. I feel this is my most important work."

IT'S IMPOSSIBLE

Edna Ferber, New York City—"It has always been impossible for me to talk about a work in progress. If I discuss it indiscreetly, I find I don't want to write it. Some writers have

Go Forward or Stay?

Fourth Grade Is Crucial in Student's Life

By LESLIE J. NASON, E.D.D.
The fourth grade is a crucial time in schooling of many pupils.
Jack is such a pupil. Things are tough and go for him. He may be sent on to the fifth grade, or he may be held back for a year. His arithmetic seems to be the main problem.
Simple addition and subtraction

traditions had not been easy for Jack, but he could get them done.
Now, Jack fails to get right answers to more complex problems in division because the basic facts of the operation were not sufficiently mastered in earlier grades. The question now before the house is "Shall he be retained in the grade for another year?"
Educators know that retention in grades by itself does not necessarily bring about improved scholarship. Poor stu-

dents tend to remain poor students.
Looking ahead they know that pupils who have been kept back appear all too frequently among the dropouts. They also know that automatic promotion has great dangers.
In their uncertainty, they ask the parents "What is your desire regarding promotion or retention of your child?"
A parent's decision is usually based on a child's position as to physical leadership and his social attachment to his group. They can contribute to the decision but lack the background of experience necessary to take full responsibility.

experience will produce further discouragement and failure. However, to move on without adequate skills may be disastrous.
The real solution lies in correcting the shortcomings. It calls for a study of the pupil that only the school can provide.
If his arithmetic fundamentals are weak, building these skills must have special attention. He needs something new—not more of the same.
At second or third grade level it is often reading or handwriting that lies at the root of failure.
Another year or even a summer school with expert attention to these problems makes progress possible.

Jacoby on Bridge

By OSWALD JACOBY

In the early days of contract a player who held two biddable four card suits would always open with the higher ranking. This was a simple rule. It also was very ineffective. Thus, when today's game is played in a 1951 national tournament the bidding always began with one spade by South and a two heart response by North. After that exuberant beginning it was possible to stay out of game and every North-South pair wound up with a minus score.

If it were played today some pairs might also reach game, but no one would open with one spade.

If the hand were played today every South player would open one club. North would respond one heart. South would rebid one spade and while some pairs might still work their way to game the others would stop at various part scores.

The hand makes two no-trump almost surely makes two

NORTH 10	
♠ 84	♥ A K 9 5 3
♦ 7 6	♣ K 9 4
WEST EAST	
♠ J 9 2	♠ Q 10 7 5
♥ J 8 6 2	♥ Q 10
♦ A 9 8 4	♦ Q 9 2 8
♣ J 2	♣ 8 7 5 3
SOUTH (D)	
♠ A K 6 3	♥ 7 4
♦ A 10 3	♣ A Q 10 6
Both vulnerable	
South West North East	
1♣ Pass 1♥ Pass	
1♠ Pass 2♥ Pass	
2♠ Pass	
Opening lead—♦ K	

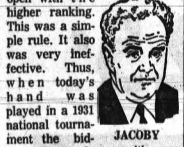

hearts; but top score would go to those who played two clubs and made four.
The essence of the play at two clubs is that declares must refrain from playing trumps and plan for a cross ruff.
Normal defense will start with three diamond tricks and a shift to a spade. South will cash his ace and king of spades and dummy's ace and king of hearts and then lead a third heart. Assuming that East discards a spade South will ruff low, ruff a spade low, ruff another heart with his ten of trumps, ruff his last spade with dummy's king and make the last two tricks with the ace and queen of trumps.

Card Sense

Q—The bidding has been:
South West North East
1♣ Pass 1♥ Pass
1♠ Pass 1NT Pass
What do you do?
A—Pass. You have no trump distribution with honors in every suit. It is silly to rebid a five card suit under these conditions.

Today's Question

Instead of responding one no-trump your partner responds two clubs. What do you do now?
Answer Tomorrow

17 Are Found Dead in Formosa Blast

TAIPEI, Formosa (AP) — All 17 workmen trapped by an explosion Sunday at the Shul Kang coal mine near the north Formosa port of Keelung were killed.

Chinese Nationalist police announced today the bodies had been recovered. The men were working at the bottom of a 3,000-foot shaft.

It was the second mine disaster in Formosa this year. Twenty-seven miners were killed Jan. 27 at a coal mine near Taipei.

AP Photo

WINS EXTENSION — Steven E. Anthony, 42-year-old former Marine of Hollywood, California, walks down the steps of his home yesterday on his way to church with his wife and three children. The Marine has been battling eviction by barricading his family in the house. The property is wanted for a museum.

Home Owner's Fight Gets Eviction Delay

HOLLYWOOD, Calif. (AP) — Embattled home owner Steven E. Anthony has less than a week before bulldozers come around again to knock his house down.

The husky bartender, 33, a gun on one arm, a baby on another, stood guard six hours Saturday as sheriff's deputies tried to evict his family from the English Tudor-style home.

Waving the shotgun, Anthony yelled: "I'll hurt somebody if they keep harassing my family. If they're going to come in with tear gas, tell them my babies are right here and I'm going to protect them."

"I'm perfectly willing to die for this. A man has to die for something he believes in."

The county said Anthony was given ample time to find a new home because it was condemned last March. They offered \$1,000 moving expenses on the condition he do it Saturday. He refused.

His attorney, Paul Hill, said a settlement of \$11,500 for the home would net the family only \$3,000 after settling the mortgage and taxes — "far below value."

WEEK'S EXTENSION

The county, which hopes to build a \$6.5-million Hollywood museum on the property, backed down and granted Anthony a week's extension on the eviction.

Then Anthony let the officers in and showed them that the shotgun wasn't loaded anyway.

"My father-in-law told me to unload the gun hours ago," he said. "If he wasn't here, I would have used it on anyone who came in."

Anthony said the county had not offered enough money or time for him to find comparable quarters for his family. He said he will appeal Friday to the California Supreme Court to set aside the eviction order.

Hussain declared India's relations with neighboring Pakistan are worse than ever, with continual border friction in the disputed State of Kashmir and conflicts between the Hindus of India and the Moslems of Pakistan.

Tax Tips

QUESTION: During 1963 I gave a used washer to the Salvation Army. I didn't think I was entitled to a deduction on my federal income tax return for this item but my neighbor tells me that I am. Is this true?

ANSWER: If you file a form 1040 return, itemizing your deductions, you are entitled to a charitable contribution deduction for this item. The amount of the deduction is the fair market value of the property at the date it was contributed.

The fair market value is, in effect, the amount you would have received for the washer by selling it to an unrelated party.

For the answer to YOUR question, call your local Internal Revenue Service office.

Questionnaire Provides Answers

City Residents Speak Up on Schools

Pontiac residents want a strong reading program in local schools, higher teacher salaries and vocational training.

These were the conclusions of School Supt. Dana P. Whitmer after viewing the final

Crises Build for India as Chiefs Meet

NEW DELHI (AP) — The Indian

Joint Congress Conferees Drive for Tax Bill OK in 3 Weeks

WASHINGTON (AP)—The big tax cut bill which will save taxpayers more than \$11 billion yearly moves at full speed today to a House-Senate conference. It's running under a timetable which would have it signed into law within three weeks.

The final leg of the bill's long Capitol Hill journey starts when conferees representing the Senate and House huddle to begin considering more than 150 differences in the tax cut versions passed by the two branches.

Although the Senate and

House are \$500 million apart on over-all reductions, most of their differences are considered minor.

Not in controversy are the cuts for individual and corporate taxpayers.

WITHHOLDING
Taxpayers subject to withholding deductions will have an estimated \$800 million more in their pay envelopes every month.

The extra money for 80 million individuals and 500,000 business taxpayers is expected by the administration to give the national economy a shot in the

army to inoculate it against a business slump.

The Senate passed the bill last Friday ahead of schedule. Its version called for an \$11.6-billion reduction.

The House measure passed last Sept. 25 provided for cuts of about \$11.1 billion.

TO JAN. 1, 1964
Most of the reductions in both plans would be effective retroactively to Jan. 1 of this year.

Somewhere between the two figures, the conferees hope to reach agreement before Washington's Birthday, Feb. 22. That would leave the Senate and the

House six working days to consider the compromise and send it to the President before March 1.

The President wants quicker action. He would like to have the lower withholding rates go into effect as soon as possible. The bookkeeping machinery to do this takes an estimated two weeks or more to get into high gear.

Wages and salaries are now subject to 18 per cent withholding rates. The House voted to drop this to 15 per cent for this year and 14 per cent starting next Jan. 1. The Senate, at the

President's prodding, voted to drop the rate to 14 per cent immediately to put more spending money into workers' pockets.

FINAL VERSION
Indications are the Senate po-

sition on withholding rates will be left in the final version.

The major controversy is a Senate amendment that struck from the bill a House-voted cut in tax rates on capital gains from assets held longer than two years.

Other differences involve deductions for state gasoline taxes and automobile licenses, contributions to political campaigns, payments to baby-sitters by working wives and taxation of income for Americans who work abroad.

Both the Senate and the House voted to cut individual rates

from their present 20 to 91 per cent range to 14 to 70 per cent.

Two-thirds of the reduction would become effective this year and one-third next year.

Both branches voted to reduce existing corporate rates from 52 per cent to 50 per cent this year and to 48 per cent next year.

Princess Irene And Suitor

Princess, Premier Emerge After Dutch Political Crisis

THE HAGUE (AP)—Crown Princess Beatrix and Premier Vic Marjine emerged today from Princess Irene's love problem as a new and powerful pair in Dutch politics.

The crown princess, eager and ready to succeed her mother, Queen Juliana, was reported to have dominated the royal crisis with tension.

Palace informants said it was Beatrix, 26, who finally prevailed on Irene, 24, to renounce her rights to the throne or drop her fiancé, Don Carlos de Borbon y Parana of Spain, Irene, who was second in line of succession, chose Carlos.

Beatrix acted during the Saturday night meeting of the royal family and the government's four-man inner Cabinet.

BLUNT STATEMENT
She backed up Marjine, telling Irene bluntly she would not tolerate any jeopardy to the throne she will inherit, informants said.

The threat to the throne was implied. The premier told the royal family that the constitution forbids any member of the

royal family, including in-laws, to engage in "foreign politics." Don Carlos would be doing that by pursuing his own separatist claim to the Spanish throne.

Parliament couldn't approve such a marriage, Marjine said. Therefore, the Cabinet would have to quit. Queen Juliana would have to form a new government in an atmosphere with tension.

At this stage, informed quarters said, Beatrix decided her own course of action.

CRISIS SETTLED
Marjine was able at 6 a.m. Sunday to tell his government the crisis was settled.

The premier took on added stature even among his opponents. Marjine is a Roman Catholic. By ruling against Irene, a recent convert to Catholicism, the premier put his country ahead of his religion, parliamentary circles noted.

By a dignified but firm stand, Marjine also had shown that romance for the royal family had to come second to Dutch law.

BRIDE AND BRIDESMAID — The patient was Virginia Olsen when admitted to Pontiac General Hospital late Saturday. Today, she signed a menu order form with her new name, Mrs. Richard Carlson. Virginia was married at the hospital yesterday after an auto accident that took the life of her bridesmaid, Barbara James, late Saturday. Mrs. Lawrence Nichols, (right) a nurse, acted as bridesmaid.

Bridesmaid Killed

Wedding Held Despite Crash

Mrs. Richard Carlson started her first day of married life this morning in a hospital bed.

How did it feel to be a married woman?

"No different," said the 20-year-old bride, who was married in a quiet, simple ceremony in her room at Pontiac General Hospital yesterday.

She was in good spirits today, considering the tragic turn of events that had nearly canceled her plans to wed Richard Carlson, 22, of 3044 Barkman, Waterford Township.

CAR CRASH

Late Saturday night, returning from her wedding rehearsal, Virginia Olsen was involved in a two-car collision off Telegraph Road near the Pontiac State Police Post.

Her bridesmaid, Barbara Marie James, 20, of 3820 Percy King, Waterford Township, who was driving, was killed. She was the daughter of a head nurse at Pontiac General Hospital.

Virginia suffered facial injuries and her maid-of-honor, Diane LaBurn, 17, of Detroit, suffered a broken arm.

Driver of the other car, Allen H. Cooley, 21, of 355 Third, and two passengers, Star L. Farina, 27, of 128 Washington and Elaine Young, 22, of 128½ Washington, also were treated at Pontiac General.

Cooley and Miss Farina were released and Miss Young is in satisfactory condition.

Carlson and Miss Olsen were to have been married at St. James Episcopal Church in Detroit Sunday.

NAVY ENSIGN

Instead, Carlson, commissioned Friday as an ensign in the Navy, and his bride said their vows in the little hospital chapel.

Mrs. Lawrence Nichols of 120 Green, a nurse, was the bridesmaid. Parents, grandparents and a few friends watched Rev. Garfield Brown

of St. James marry the couple.

Today, Mrs. Richard Carlson was asked to sign a hospital form. She reacted eagerly.

"It's the first chance I've had to use my new name," she said with a sudden flash of happy pride.

It had been a weekend of happiness and grief.

End to Politics for Macmillan

LONDON (AP)—Harold Macmillan, who served his country in war and peace, announced on his 70th birthday today he is saying farewell to politics.

"After 40 years in the House of Commons," the former prime minister said in a letter, "I really cannot undertake the full duties of a conscientious member."

His letter, addressed to Conservative party officials at his constituency of Bromley, was formal word that he would not stand for Parliament again at the elections this year.

Since stepping down from a seven-year term as prime minister after a prostrate operation four months ago, Macmillan has seldom been seen in Parliament.

SPOKE TWICE

He has spoken only twice in the House of Commons—once in a final speech about Lord Denning's report on the Profumo scandal, once in a tribute to the late President John F. Kennedy.

Macmillan's career spanned the perilous days of World War II and the cold war.

As a former prime minister he can go to the House of Lords if he wishes. Many thought Macmillan would not want to prejudice the chances of his son, Maurice Macmillan, by accepting a title.

Funeral arrangements for Miss James are being handled by the Lewis E. Wint Funeral Home in Clarkston. Service will be held at All Saints Episcopal Church Tuesday at 11 a.m., with burial to follow in Ottawa Park Cemetery.

She is survived by her parents, Mr. and Mrs. Robert S. (Continued on Page 2, Col. 8)

Bloomfield Chief Held at Gunpoint

By PAT McCARTY
In his 18 years of police work, Chief Norman Dehnke several times has witnessed the slow, tortuous death of men shot in the stomach.

The Bloomfield Township police chief remembered these incidents as he sat looking down the barrel of a 12-gauge shotgun for nearly a half-hour early yesterday morning.

The man at the other end of the gun knew his thoughts and goaded him between gulps of beer.

"He kept flipping the safety on and off and telling me how hard it is to die from being shot in the stomach," Dehnke said.

BACK AND FORTH

"The safety is on the back of the trigger guard and his finger kept going back and forth."

The 25-minute ordeal began when Dehnke entered the home of Holly Course, 50, "to try and talk some sense into him."

Police had been summoned to the house at 2805 Franklin by Course's son Jerry, 17. The youth had made the call at the height of a family argument.

When Patrolmen Curt Grenier and Lyle Howard arrived at the scene, they found Mrs. Leelah Course, 46, and her son out in the road.

HAD ANOTHER

They said they had taken one loaded shotgun from Course but that he had another.

"We tried to coax him out," said Howard, "but he just sat (Continued on Page 2, Col. 6)

News Flash

ANN ARBOR (AP)—Former Gov. John B. Swainson said today he has not changed his mind about remaining out of the Democratic gubernatorial nomination race this year.

'Guiltless,' Says Mother

To Testify for Oswald

House Forces Seek Vote on Rights Bill

WASHINGTON (AP)—Civil rights forces in the House, running out of time and patience, are ready to bring the long struggle for a strong antidiscrimination bill to a close today.

The House meets early and is prepared to sit late to complete action on the hotly opposed job equality section and put the whole, 10-part bill to a final vote.

Its passage is assured, but the final form of the employment section is still in doubt.

The Southern opposition, making only a token effort to knock the section out of the bill during a 10-hour session Saturday concentrated, with some success, on amendments designed to make the section unwieldy, if not unworkable.

They also succeeded in using up so much time the leadership was forced to abandon its effort to reach a final vote Saturday night.

Republicans, who had hoped to leave town for the start of a week of politicking at Lincoln Day rallies, tried to keep the House in session all night, if necessary, to pass the bill.

LACKED VOTES

They failed, 169 to 159, to keep the legislative session going and then lost 229 to 175 when they tried to block adjournment.

The angry turmoil during the hour and a half it took to keep the session to a close showed the patience of many civil rights supporters was wearing thin.

Confident they had the votes to pass the bill, they wanted debate cut off and a final vote speeded.

BUT REP. EMMANUEL Celler, D-N.Y., floor manager of the bill, refused, as he has all through the eight days the House has been working on the bill, to limit debate.

He said the bill was too important and its impact on the nation too great for any such power play.

The long Saturday session was marked by the first successful attempts by the Southerners to get amendments approved over the opposition of the bipartisan forces supporting the bill.

They got enough Republican help to add discrimination on account of sex to the bill's ban against discrimination in employment on account of race, religion or national origin.

They also won enough Republican support to exempt religious schools from coverage by the proposal and successfully supported a Republican amendment that would prevent any employer who refused to hire an atheist from being charged with discrimination.

Soviet Official Said Missing

Might Have Joined Growing Defector List

GENEVA, Switzerland (AP)—An expert with the Soviet disarmament delegation may have fled to the West, which would bring to 15 the number of defections from Soviet satellite countries in the last two days.

Yuri Nosenko, 36, vanished last Tuesday, but chief Soviet negotiator Semyon K. Tsarapkin did not notify Swiss police until Saturday.

"We do not believe he has met with an accident," a Soviet delegation source said, "and it is beginning to look as though he may have defected."

Yesterday, 13 sports fans and one East German girl, an Olympics competitor, defected at Innsbruck, Austria.

TOBAGGANIST

The girl was identified as Ute Gaehtler, a member of the combined East-West German toboggan team. The others were from Czechoslovakia and Hungary.

As one of a score of advisors for the Soviet delegation, Nosenko presumably had access to classified documents.

Officials of Western delegations professed to know nothing of Nosenko's disappearance.

Swiss police have asked Interpol, the International Police Organization, to help them trace Nosenko because they believe he may have gone to France.

LEGAL DEPARTMENT

Soviet delegation sources said Nosenko was a member of the legal department of the Soviet Foreign Ministry, long had specialized in disarmament matters and ranked seventh in the delegation.

He was in the delegation in 1962 and arrived Jan. 20 for the latest session.

He is married and has two children. His family is in the Soviet Union.

Music Series Hailed

Chancellor D. B. Varner of Oakland University expressed his pleasure at the enthusiastic response engendered by the recent announcement of the Meadow Brook Music Festival this summer.

The many phone calls he has received since the news first appeared in the papers have been unanimous in their approval of the proposed performing arts center. Two or three individuals have indicated a willingness to furnish financial support.

Area May Get Heavy Snow

Attention, all skiers! There's a possibility of three to 10 inches of snow this week.

Temperatures will average about five degrees above the normal high of 33 and low of 20, so Wednesday's precipitation may turn out to be rain.

There will, however, be snow flurries Thursday and Friday.

Temperatures will vary widely each day.

Tomorrow and Wednesday will be warmer; Thursday, colder; Friday, warmer; and Saturday, colder.

The low before 8 this morning was 14. By 1 p.m., it had reached 30.

New Evidence Is Claimed in Assassination

Warren Hearing to Get 'Contradiction' of Wife's Testimony

WASHINGTON (AP)—Mrs. Marguerite Oswald, 56, carried before the Warren Commission today what she called "new evidence" in an attempt to convince the investigating commission that her son, Lee Harvey Oswald, did not assassinate President John F. Kennedy.

Mrs. Oswald has said she expects to contradict the testimony given by Oswald's Russian-born wife, Marina, 22, in four full days of questioning by the commission last week.

The elder Mrs. Oswald, clad in black and wearing her gray hair in a tight bun at the back, was guarded by the same Secret Service agents who protected her daughter-in-law last week.

She seemed willing to stop and talk with reporters as she arrived at commission headquarters, but the agents gently and firmly swept her along into the elevator leading to the hearing room.

CARRIES PAPERS

Reporters noticed she had a large square bag on a long strap over her shoulder, and managed to get in one question:

"Do you have your documents in the bag?"

"Yes, I have," Mrs. Oswald said. Then she entered the elevator and the doors were closed.

Marina Oswald told the commission, and later a news conference, that she did not like to believe that her husband killed President Kennedy last Nov. 22 in Dallas but the facts would not permit her to reach any other conclusion.

'GOOD CASE'

Sessions of the commission, headed by Chief Justice Earl Warren, (Continued on Page 2, Col. 3)

Site Change Denied for Ruby Trial

DALLAS (AP)—Jack Ruby's defense chief asked today that Ruby's trial on charges of murdering President Kennedy's accused assassin be transferred to another city without going into any evidence. Dist. Judge Joe B. Brown overruled him.

Chief Defense Attorney Melvin Belli made the motion after Judge Brown ruled against him on two other counts:

• A motion that would have required the state to turn over to the defense all its evidence against Ruby.

• An attempt by Belli to read aloud newspaper stories about the killing of Lee Harvey Oswald by Ruby.

2 DAYS LATER

Ruby shot Oswald on Nov. 24, two days after Oswald was charged with murder in the assassination of President Kennedy and the killing of Dallas patrolman J. D. Tippit.

Ruby, 32, returned to court to watch his lawyers fight to have his trial moved to another city on grounds that he cannot get a fair trial here.

CIVIL RIGHTS MARCHERS — The approximately 2,800 participants in Birmingham's civil rights march yesterday traveled the half-mile from the Congregational Church of Birmingham and Holy Name Catholic Church together. "But it took us many years to do it," Rev. Maurice Geary noted in the speech addressed to all who marched for "responsible civil rights legislation" on the federal level. (See story, page 2).

Hunt Saboteurs in Train Blasts

MIAMI, Fla. (AP) — Investigators sought today to track down saboteurs who dynamited a 91-car freight train and a work train derriek of the strike-harassed Florida East Coast Railway.

No one was injured in the blasts Sunday—10 miles apart—which caused damage estimated by W. L. Thornton, the carrier's chief operating officer, at more than \$250,000.

"It was definitely sabotage," Thornton said. "I am not implying the unions are to blame. No one knows at this time who did this."

George Leighty, chief negotiator for the 11 striking unions, said, "We know absolutely nothing about it." He said union members had been warned not to resort to violence.

CAPE KENNEDY, Fla. (AP) — The Florida East Coast Railway was authorized to move freight trains into the Merritt Island moonport today, and striking railroad workers immediately established picket lines at all entrances to the moonport and Cape Kennedy.

Scranton Talks Free Enterprise

Decries Too Much Power in Washington

DETROIT (AP) — Governor William W. Scranton of Pennsylvania said here today, "the best way to prevent government controls on business from becoming unbearable is for business to see to its own house."

"The government gets into most things because the persons primarily involved didn't bother or weren't concerned," Scranton said in a speech prepared for the Economic Club of Detroit.

Earlier Story, Page 9

Scranton, who has said he is available as a draftee for the Republican nomination for president, also told his businessmen, industrialist audience that "we must find the means to get our best minds and our best talents into government, both as elected officials and as career civil servants."

Scranton and Gov. George W. Romney of Michigan, who also has said he would accept a GOP presidential draft, had breakfast together a few hours earlier and Scranton later spoke briefly to some 60 Michigan Republican leaders.

TOO MUCH POWER

Scranton decried "the concentration of too much power in Washington" and asserted states must get a bigger share of the total tax dollar, but he spent more than half his economic club speech in praise of the federal government and its "business climate."

"We're proud of the fact," he said, "that in Pennsylvania we don't seek business. Nor on the other hand, do we offer business a free tax ride."

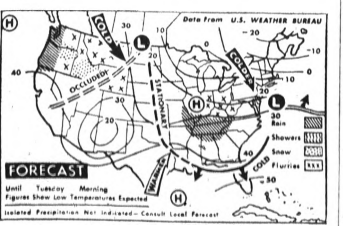

He also reported "we have no state income or wage tax."

"Big government, with a multiplicity of bureaucracy, is bad for the free enterprise system," he continued.

NATIONAL WEATHER — Some light snow is forecast tonight for some sections of southern New England, the central and southern Appalachians and rain, mixed with snow, is likely in the Ohio and Tennessee valleys. Showers are forecast for the north Pacific Coast and snow and snow flurries in the northern Rockies and along the eastern slopes of the central Rockies. It will be cold in the Northeast and in the Gulf states. Slowly rising temperatures will be noted in the southern Plains.

TRAGIC REMINDER — The shoe of an American serviceman, its front blown off, remains amid the debris after two bombs ripped apart a stadium bleacher during a softball game in Saigon last night. Two U.S. servicemen were killed and 23 other Americans injured.

23 Injured at Softball Game

Viet Cong Bombs Kill Two Americans

SAIGON, South Viet Nam (AP) — Two bombs planted by terrorists destroyed a bleachers during a softball game in Pershing Stadium Sunday night. Two U.S. servicemen were killed and 23 other Americans injured.

An entire American family was hospitalized. The father was kept in the hospital but his wife and their young daughter were released after treatment. Three other women were wounded and three other women were wounded slightly.

Vietnamese police reported they had arrested three suspects in the bombing.

The bombs had been planted under six inches of earth about 20 feet apart beneath the bleachers and presumably were set off electrically by Communist Viet Cong terrorists from some distance away.

Names of the victims have not been released pending notification of their next of kin.

In Washington the State Department issued a statement saying:

"This is the most serious of the series of incidents which the Viet Cong have perpetrated against the Americans, starting in 1957. We are resolved to continue extending full assistance to the government and people of Viet Nam in their struggle to put an end to such Communist terrorism."

The carefully prepared bombing brought to three the toll of U.S. servicemen's deaths and to more than 27 the number of Americans wounded by Viet Cong guerrilla action in the Saigon area in a week.

The scene of the bombing was Pershing Field, an athletic field near Saigon airport used exclusively by U.S. service troops. Authorities said the bombs appeared to be U.S.-made, 20-pound aerial fragmentation bombs.

There was speculation that the guerrillas had warned Vietnamese residents that the bombs would be set off.

Vietnamese children usually play in the bleachers area, but there were no children in sight at Sunday night's game, witnesses reported.

Intelligence sources disclosed last week that Viet Cong assassinated last week Viet Cong assassination and terror group leader since Jan. 1 to carry out attacks against Americans.

Radar Car Schedule

The Pontiac police radar-equipped patrol car will be on South Saginaw, Auburn, East Boulevard south and South Boulevard east tomorrow.

White Boycott at Dixie School

Entire Student Body Protests Integration

TUSKEGEE, Ala. (AP) — The entire white student body boycotted Natushka High School in the face of impending desegregation today, while at nearby Shorter, the integrated high school was closed because of a bomb threat.

Only six white pupils out of a student body of about 125 showed up at Shorter, where a spreading boycott also gained rapid momentum.

The school was closed for the day after a telephoned bomb threat, but there was no disorder. Six Negroes have attended Shorter High School since last Wednesday.

One of the six Negro pupils assigned by a federal court to Natushka High made an attempt to enter the school when it reopened today after a two-day shutdown resulting from a fire.

Only one white pupil came to school at Natushka High and he left immediately when he learned he was the only one there.

Mayor James Rea, who refused to admit the Negroes last Wednesday because he said the school was overcrowded, told newsmen this morning that although he had no official knowledge of a boycott, it was apparent that many if not all of the white students had walked out.

Rea said that with the boycott, there was no longer a crowded condition and that there would be no need for further use of a new city fire prevention ordinance.

Birmingham Area News

2,000 Join Marchers for Civil Rights Bill

BIRMINGHAM — Approximately 2,000 persons representing many faiths marched together in Birmingham yesterday for a single cause.

They were conducting an orderly demonstration on behalf of federal civil rights legislation.

The afternoon procession sponsored by the Birmingham Council of Churches covered the half-mile between the Congressional Church of Birmingham and Holy Name Catholic Church.

A handful of Negroes could be seen among the whites who were marching. The Pontiac Urban League and the National Association for the Advancement of Colored People were represented.

INVOCATIONS

The group started its march following invocations by Rev. Raymond Penner of the Congressional Church and Rabbi Irwin Croner of Congregation Shaarey Zedek in Southfield.

Individual participants moved behind bearers of crosses, American flags and church banners. Clergymen followed the main body of the group.

Their path took them into the sanctuary of Holy Name Church where they listened to an address by Rev. Maurice Geary, Marian High School chaplain.

Rev. Arthur Lowry, associate pastor of Our Lady Queen of Martyrs Church, officiated. He read a letter from Sen. Philip Hart, (D-Mich.) commending church leaders for their role in stimulating action on civil rights.

SANG TOGETHER

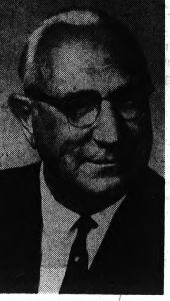

The marchers joined voices to sing "Faith of Our Fathers" and "America, the Beautiful."

Stephen F. Booth and Richard B. Wallace have been named to the Cranbrook Foundation board of trustees.

Booth are grandsons of Mr. and Mrs. George S. Booth, Cranbrook founders.

Booth, 191 Brady, Bloomfield Hills, is owner of Paragon Productions and secretary of Booth Newspapers Inc.

Wallace lives at 1893 Barrett, Troy, and is president of Nylotek Detroit Corporation.

GEORGE F. TAYLOR

Taylor Plans to Run in 19th

Will Seek GOP Bid for Post in Congress

Oakland County Prosecutor George F. Taylor today announced his candidacy for the Republican nomination for Congress from the 19th District.

Taylor, who said last week they would not seek another term as prosecutor, thus became the fourth announced candidate for the GOP primary in the district.

He said he will resign as prosecutor within the next 60 days to devote full time to his campaign in the district, which includes Pontiac, the northern and western parts of Oakland County, and all of Livingston County.

"I feel my 18 years in the prosecutor's office have given me an understanding of the problems and needs of the citizens in this area," Taylor said.

CRIME LAWS

He added that he was particularly interested in federal legislation to deal with crime.

Taylor, who has been prosecutor since 1958, said he will move his home into the 19th District from his current residence at 6310 Franklin, Bloomfield Township, which is in the 18th District.

Before becoming prosecutor, Taylor, 68, served seven years as chief assistant prosecutor after six years on the prosecutor's staff beginning in 1946.

He graduated from Detroit College of Law in 1946, finally fulfilling, at the age of 50, a boyhood ambition to become a lawyer.

He served as law clerk for the late Circuit Court Judges Frank L. Doty and H. Russell Holland while attending law school.

He had been a partner in a Detroit sales promotion and advertising business.

Perform Wedding After Car Tragedy

(Continued From Page One)

James, a brother, Richard; and a sister, Beverly.

A University of Michigan student, Miss James had come home this weekend to take part in the wedding.

WEARS DRESS

"She will be buried in the dress she was to have worn in the wedding ceremony. She never had a chance to wear it in life," her grief-stricken father said.

State Police said Cooley, apparently swayed across the center line and hit the James car head-on. Statements were to be taken this afternoon at the Oakland County Prosecutor's office.

Series Hailed

(Continued From Page One)

have far-reaching effects on the music program offered by the school.

MUSIC SCHOOL

Perhaps in 1965, but most certainly by 1966 there will be a music school in connection with the center of performing arts during the summer.

This will enable students, other young people and adults to take advantage of the wealth of musical talent available on campus and utilize them as teachers.

These teachers will be not only members of the Detroit Symphony but musical artists from around the world.

After this happens, Varner expects a general strengthening of O.U.'s music department.

ARCHITECTS PLAN
The architectural firm of O'Dell, Hewlett & Luckenbach is working on plans for the orchestra shell and the roofed-over area to seat 2,000 people. They will be built about 200 yards north of Meadow Brook Hall, between the hall and Walton Boulevard.

Varner said that by placing the musical facilities in this spot families will ultimately be able to come to the campus and enjoy a complete cultural complex.

They could spend the afternoon seeing Meadow Brook Hall and viewing its great art masterpieces, have a picnic supper and stay for the evening symphony concert. He stressed the fact that informality will be the order at concerts.

"These are not social affairs. They are for the benefit of everyone," with this in mind, admission to the concerts will be low.

Varner paid particular tribute to Mr. and Mrs. Roger Kyles who developed and encouraged the idea originally and who helped clear away initial obstacles. He commended also the Simon E. Knudsen who have agreed to head a committee to work on further details for the project.

He paid tribute to the memory of Mr. and Mrs. C. B. Wilson who left a fund to be used for the betterment of Pontiac. Trustees of the fund have given \$35,000 for construction and \$20,000 for operating expenses the first two years.

Three doctors were in the cave with 20-year-old Howard Butler. He was believed to have suffered a broken thigh and ribs in a rockfall yesterday. When they found they could not get a stretcher to the scene, they called a rescue team to drill a way through.

Gamblers Learn Lesson in Applied Psychology

MADISONVILLE, Ky. (AP) — Sheriff Al Lantrip used a bit of psychology in capturing four men who were gambling in the Nortonville School.

He drove to the school and knocked on the back door. Then he dashed around to the front and was waiting with open arms when the gamblers came running outside.

Vandal Band Burns Six Planes in Italy

REGGIO EMILIA, Italy (AP) — Six privately owned tourist type airplanes were burned today by vandals who broke into the Reggio Emilia airport hangar before dawn. The hangar also was destroyed.

Police said the vandals wheeled two of the planes out of the hangar and tried to fly them. Failing, they set them afire and the flames spread to the hangar and the other four planes.

NO! NO! NO! NO! — "Spare those lovely locks!" The Beatles cry as Terry McDermott of Essexville, Mich., enacts a hair-cutting session. McDermott is an Olympic speed-skating gold medalist and a barber by trade. Second

from the right in the frightening scene is Ed Sullivan, on whose show McDermott and the English lads with shaggy hair appeared last night.

Be the First on Your Block

Take a Buffalo Home to Roam

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If you're looking for a new status symbol, why not be the first in your neighborhood to own a live buffalo? You can buy one from the U.S. Department of Interior for 3,300 buffalo nickels—\$165.

Valentine's Day originally was for the birds. It is celebrated on Feb. 14, because that is the time when doves begin to pair. Americans this year are expected to send some 480 million valentines.

Firé, man's greatest friend

against the cold, is also one of the most tragic fates. First last year cost nearly 12,000 U.S. lives.

America has more stockholders than union members. Women outnumber men among the 17 million who own shares in industry—and housewives make up the biggest single occupational group.

POSTERIOR SIZE
A government bureau reports that the average man's posterior covers 179.4 square inches and exerts an average pressure of .92 pounds for each square inch.

Our quotable notables: "Every cloud has its silver lining but it is sometimes a little difficult to get it to the mint!"—Don Marquis.

It is often said there's no place like home. Well, in England there's a hamlet called "No Place" with a population of 289.

Sound advice: "The education of teen-agers would be insured if parents would pull a few wires: television, telephone and ignition"—Catholic Digest.

PETS COSTLY
The high cost of living has caught up with cats and dogs. Some of the nation's 22 million veterinarians charge \$5 for an office visit and \$10 for a home call. A major operation plus convalescent care for a pet can cost \$1,000 or more.

Many military services have offered a money bonus to spur enlistments, but when the U.S. Coast Guard was organized in the 18th century its lure to sailor volunteers was "a half gill of rum" and two pounds of soap.

QUICKIES: Americans wear out 60 million decks of playing cards a year. Women consistently leave longer cigarette butts than men. There are more than 8,000 drugs in use today, including a tranquilizer for minks to make them more productive. Julius Caesar devised one of the first known

codes to keep his correspondence secret.

It was Benjamin Disraeli who observed, "Every man has a right to be concealed until he is successful."

Five Persons Die in Crash of Train, Car

BALL, La. (UPI)—A trip to worship services yesterday ended in a spectacular car-train crash that killed five persons, four of them children.

Missouri-Pacific passenger train slammed into a car at a crossing, only a few yards from the church, spilling bodies and wreckage along a 1,600 foot section of track.

Several bibles belonging to the occupants of the car also were found along the right-of-way.

DEAD are Mrs. Delores L. Cole, 30, her daughter, Wanda, 11, and sons, Jackie, 5, and Jimmie, 4, and Phyllis Coley, 9, all of Ball.

TWO INJURED
Two other Cole children, Sydney, 7, and Eugene, 2, were in critical condition.

Mrs. Cole's husband, James, a brakeman for Missouri-Pacific, usually rides the train that was involved in the collision. Yesterday he was on another run.

Red China Fair OK'd

TOKYO (AP)—Japan has approved staging of Communist Chinese trade fairs in Tokyo and Osaka in the spring and summer.

Lebanon Brain Center
BEIRUT, Lebanon (AP) — A computing center has been opened at the American University here. It's the first electronic brain center for any Mideast educational institute.

Scranton Trip to Michigan 'Not Political'

DETROIT (AP)—Pennsylvania Gov. William W. Scranton, who has said he would accept a draft for the Republican presidential nomination, was in Michigan today "advertising Pennsylvania, not myself."

Scranton planned a breakfast with Gov. George W. Romney and a luncheon speech to the Economic Club of Detroit. He said he wants to give Michigan "a realistic picture of what Pennsylvania has to offer businessmen."

A meeting with Michigan Republican leaders also was on Scranton's agenda.

He told newsmen at Detroit Metropolitan Airport Sunday night he was not an active candidate for the presidential nomination and "I can't imagine any series of circumstances that would result in a draft. These things just don't happen in the modern political world."

The marshes of Louisiana, consisting of about 7,400 square miles, contribute to a lucrative muskrat industry.

President Is Making U.S. Red Patsy, Says Romney

WASHINGTON (AP)—Michigan Gov. George W. Romney charges that President Johnson is using all the tricks in the book in federal budgeting and also is making the United States a "patsy" for the Communists.

Romney, appearing Sunday on radio and television programs, said President Johnson resorts to tricks to make it look like he is cutting spending and at the same time bringing in more revenue.

Declaring "freedom is in retreat around the world," Romney said the administration at Washington is largely responsible because it has a soft policy toward Communism.

Romney, who has declared himself available for a draft for the Republican presidential nomination under conditions acceptable to him, said the possibility of such a draft was "unlikely."

He said he was not "seeking" or "aspiring" to the presidency. At the same time he said he did not believe the campaigns of announced candidates have been meaningful, and he singled out

Sen. Barry Goldwater, R-Ariz., for criticism.

Romney said he could not understand Goldwater's positions on civil rights, labor laws, collective bargaining and foreign affairs.

Supporting the civil rights bill now before the House, Romney said "I believe our most urgent domestic problem is to wipe out human injustice and discrimination against the Negroes."

Romney also said he opposed a department of urban affairs in the federal government and wants some type of medicare program for the aged which would combine private and public plans.

Romney's statement coincided in general views he expressed earlier on the weekend in newspaper interviews. In the latter he charged Washington has been "soft" toward Communism and that the present trouble in Fidel Castro's Cuba was a result of Democratic failure to stick with commitments to keep communism out of the Western Hemisphere.

Protect Your Family's Home with Peoples-Home Mortgage Cancellation Plan

If you are buying a home — or intend to buy — you should know all about this plan. Find out how it guarantees your family a paid-for home if you should die, how it frees them from worry of monthly mortgage payments, from struggle for extra income.

NY Fair Gets Finishing Touches

NEW YORK (AP) — The 64th annual New York World's Fair is almost ready for its 9 a.m. April 22 opening date.

"We're well down the home-stretch now," said one fair official, "and believe me, you can feel the tension and excitement in the air."

With roofs on about 85 per cent of the exhibition buildings and multimillion-dollar exhibitors setting up their displays, elements of opening day jitters are beginning to show.

READY TO GO

If we didn't watch it, some of these exhibitors would be cutting ribbons and opening their displays today," the spokesman said.

More than 4,000 construction workers still are at the site in Flushing Meadow, Queens, putting the finishing touches on the great halls.

Dominating the scene is the 13-story stainless steel globe that is the symbol of the fair, the Unisphere. From it, spreading out in all directions, the dream city is woven together by miles and miles of sidewalks now being poured, shaded by more than 3,000 recently planted trees.

Fair officials expect 70 million

persons to attend the fair's two six-month runs. It will be closed during the cold weather months. Visitors already are a problem.

HARD TIME

"Ever since the buildings began to take shape months ago," the spokesman said, "we have had a pretty hard time trying to keep spectators from popping out the grounds for an early look-see."

Now they can see only the shape of excitement.

"The Tower of Light with its pyramiding prisms which will support the 12 searchlights beaming a 12-billion-candlepower column into the night sky."

"The U.S. Rubber Co. Ferris wheel, an 80 - foot automobile tire."

"The five - sided Kodak picture tower which will display 30-by-36 - foot illuminated color prints and support a picture-taking deck for camera fans 30 feet above the fair."

COMBUSTION ENGINE

"The 35-foot internal combustion engine through which visitors to the Chrysler exhibit may walk."

"The helpout on its tall stilts, containing the Top of the Fair restaurant already in operation."

It will be opening day, however, before visitors may see the exhibits of the 24 states.

more than 40 foreign countries, many industries and religious groups. Fair officials themselves don't know the particulars of some of the closely guarded display secrets.

"Some exhibitors have announced their plans."

MONEY TREE

They include such things as the international money tree, "growing" the currency of many nations outside the American Express exhibit, the mobile bleachers of the International Business Machines building which will lift 420 persons into an overhead theater.

There, too, will be the nine giant dinosaurs, one measuring 70 feet, of the Sinclair exhibit; the closed circuit RCA color television network with cameras and screens; the Polynesian women divers who bring up pearls from an artificial lake; an "Atomsville" for children only; the Ford Co.'s "Magic Skyway" ride created by Walt Disney.

For the footsoles, Simmons beautyrest has created "rest alcoves" for 30-minute catnaps on electrically adjustable beds.

Public Opens Its Heart, Aids Mourning Family

KANSAS CITY, Mo. (AP) — Warm-hearted citizens have paid the funeral bill for Irene Angelina Grant, 45, who died 18 days ago. She will be buried tomorrow.

The husband and 10 children of Mrs. Grant wanted a \$615 funeral for her, but couldn't raise the \$325 down payment.

The family's plight became known through a story in yesterday's Kansas City Star. The public's response was prompt. Before nightfall about \$800 had been pledged.

Blaine Wehert, operator of the funeral home, then said he wanted to provide the service free, but a committee insisted on paying his costs. The bill was set at \$350, and was paid.

PARTING GESTURE

"But we really want to do this free," said Wehert. "Because of what has happened, it might be a parting gesture. I don't know if we are going to be in business much longer. In the eyes of the public we are gone."

Ollie Grant, 67, head of the family, is listed by the

state as totally disabled. His monthly income is \$361 from Social Security, a World War I pension and a Missouri old-age pension.

The family moved here from Arkansas in 1959. Grant worked as a janitor or dishwasher.

The 10 children range in age from 4 to 22. Seven are living at home. Two sons, 19 and 20, took jobs cutting wood in the Ozarks to raise money for the funeral.

Mrs. Grant will be buried at Goodrich, Kan., 60 miles from Kansas City, where Grant grew up.

Syngman Rhee Gets

Personal Property

SEOUL, South Korea (AP) — South Korean President Chung Hee Park has ordered that the personal property of Syngman Rhee, the former president of the Republic of Korea, be returned to him, a spokesman said today.

Rhee, 88, was deposed after a student-led revolt in April 1960 and left the country the next month as a political exile. He is in a Honolulu hospital.

Junior Editors Quiz on SAGAS

QUESTION: How did sagas come to be written?

ANSWER: On many a winter evening long ago, Norse families grouped around the roaring fires, which in their dwellings were often in the middle of the room, and listened to stories about great heroes or legends of the Scandinavian gods.

These stories were the sagas, either sung or told, often by special singers called "skalds."

In the 800's and 900's A.D. the Vikings plundered Europe and then settled down to colonize Iceland. Many of the finest sagas developed in Iceland during this period.

Such were the famous written sagas of Snorri Sturluson, composed during the 1200's, which tell us so much about Scandinavian poetry, history and mythology.

Other Icelandic sagas give fascinating details about Leif Ericson's trip to Vinland the Good, or America, in A.D. 1002.

Although they are not always historically accurate, the sagas give us a vivid idea of life in the Viking days, and of the ideal of courage which inspired the Norsemen to deeds of extreme daring.

FOR YOU TO DO: Can you guess where it was Leif Ericson really landed in America and stayed for a while—Maine, Cape Cod, or further south? Recently, remains have been found which experts say pinpoint the location. It is in an isolated area in the northern part of Newfoundland.

Israel Water Research Offered to All Nations

JERUSALEM, Israel (AP) — Israel will give countries all over the world—and especially the thirsty Middle East—the results of a big research program on desalination of water, Prime Minister Levi Eshkol said Sunday.

In an official statement, he expressed deep appreciation to U.S. President Johnson for his announcement Thursday on American cooperation with Israel over efforts to find water desalination methods.

Frightening Asthma Attacks End In Minutes As New Formula Unblocks Lung Passages Fast

New Medical Formula Restores Free Breathing Without Vaccines, Shots Or Narcotics. Calms Anxiety. No Prescription Needed.

New York, N.Y. (Special) — A team of scientists has announced a new formula that stops frightening asthma attacks in minutes and unblocks lung passages fast.

Medical tests prove this formula promptly restores free breathing, so calms anxiety and relieves the worst symptoms of asthma — the straining for breath, the gasping, the wheezing, the terrible fear of smothering. All without vaccines, painful shots or habit-forming drugs. This formula is so safe when used as directed, it can be sold without prescription in any tablet called RHONITIN®.

Doctors know that when asthma

ALEXANDER De FIELDS

Faces Trial for Peddling 'Nazi Hate'

SOUTH BEND, Ind. (AP) — An ex-convict and self-styled American Nazi organizer from Benton Harbor, Mich., was released from solitary confinement on \$5,000 bond Sunday, facing charges of preaching hatred.

Alexander de Fields, 25, was charged after a warrant was issued for his arrest under an obscure 1947 Indiana law forbidding trafficking in hate.

De Fields, who termed himself an "extreme right winger," was accused of placing anti-Negro and anti-Semitic pamphlets on car windshields in a parking lot in nearby Mishawaka last Tuesday. An anti-civil rights demonstration threatened by de Fields failed to materialize in South Bend Saturday.

De Fields contended the state law was unconstitutional and said he surrendered to police Saturday because he wanted to contest the antihate statute.

Before his bail was posted, de Fields said that when he was freed he would continue trying to organize an American Nazi Party chapter in South Bend.

He served a three-year prison term in Michigan for breaking and entering when he was 18.

Rocky Buoyed by Oregon Tour

Plans to Hunt Votes
in New Hampshire

ALBANY, N.Y. (AP) — Gov. Nelson A. Rockefeller, buoyed by public response to his weekend campaign tour of Oregon, will hunt for votes this week in New Hampshire's presidential preference primary.

The New York governor, a candidate for the Republican presidential nomination, has scheduled 27 public activities in 24 New Hampshire communities between Wednesday morning and Friday night.

He and Mrs. Rockefeller returned yesterday from an Oregon swing that he called "a marvelous trip."

"I'm really thrilled," he said. "It is remarkable in what has been called 'Goldwater country.'"

IN PRIMARIES

Rockefeller and Sen. Barry Goldwater of Arizona are in the Oregon Republican primary election May 13 and the New Hampshire primary March 10.

Rockefeller said "but I have a feeling of real optimism of what can be the outcome of the primary in Oregon."

At stake in Oregon are the state's 18 votes at the GOP National Convention. Rockefeller concedes that Goldwater holds the edge at the moment.

The governor and Mrs. Rockefeller, who expects a child in June, were greeted by enthusiastic crowds at stops Saturday. They traveled from Portland to Medford to Salem, the state capital.

SURVEY SHOWED

Rockefeller's Oregon campaign chairman, William Walsh, said a survey showed Rockefeller's Portland appearances had swung many to his side, including some Goldwater backers.

At a news conference in Portland, Rockefeller said there was a very warm and friendly response to Mrs. Rockefeller here in Oregon.

Club Hears Speech on Internal Journey

By SIGNE KARLSTROM
The dining room at Village Women's Club was crowded to capacity on Wednesday when Malcolm Boyd spoke to the group on the subject "Journey Within Ourselves." Cohostesses were Mrs. Richard M. Olsen and Mrs. Merion Bell.

In the audience were Mesdames Arthur Jordan, Thoms Peterson, Owen Hendren; Peter Booth, David Burton, Leonard Lewis, Clyde Craine, LeRoy Kiefer, Robert Watt, William Bachman and James W. Fox.

Also present were Mesdames Tom Bolton, Robert Taylor, Eliot Robinson, Frederick S. Strong Jr., Gene White, Newell McCuen, Everett Wells, Lee Durham, Edwin Beresford and W. Ogden Vogt.

Mrs. John F. Gordon who had just returned from a few days in New York with her husband was present, also Mrs. S. J. Lang who arrived home with Mr. Lang after two weeks at Delray Beach.

Presently, Mrs. M. M. Burgess is at the Ocean House in Delray Beach.

Later in the month her daughter and son-in-law Dr. and Mrs. Thomas Torgerson will join her.

Home from a two weeks trip to Mexico and a relaxation time at Acapulco are Mr. and Mrs. Alfred Macksey Jr. and the Charles Pattersons.

Elaborate Swiss embroidery by Noel with its happy frosting flowers, is gently shaped into this easy sheath by Antonette for Embassy Brides. The neck is wide and low, the waist high, the sleeves short and puffed and the train sweeps back in stately motion. All embracing is the cathedral veil of Swiss illusion with its small cupped cap enriched with matching Swiss embroidered flowers. \$495.

Mrs. Irving Steinman, Chippewa Road, (right) is well known in Pontiac for her blintzes. She and Mrs. Sherwin Birnkant of Sylvan Lake have put hundreds of blintzes in the freezer for Sunday's smorgasbord. Serving hours are 1 to 7 p.m. and reservations may be made by calling Temple Beth Jacob Wednesday and Friday from 10 a.m. to 4 p.m. Tickets will also be available at the door.

At Annual Meeting

DAR Discuss Defense

General Richardson Chapter, Daughters of the American Revolution, attended the annual meeting on national defense. Mrs. Allan H. Monroe on Cherokee Road was hostess.

Lt. Cmdr. Robert O. Blackington, USNR, Service Information Officer, U.S. Naval Air Station, Grosse Ile presented color films with commentary.

DELEGATES NAMED

Delegates to the state conference at the Pantlind Hotel, Grand Rapids, March 11-13, will be Mrs. T. William Jackson, regent; Mrs. Everett M. Peterson, Mrs. Frank E. Allen and Mrs. Ernest G. Clark. Further plans were made for the chapter's Good Citizens to attend.

Named as alternates are Mrs. Lisle Echlinaw, Mrs. Grant E. Beardslee, Jessie Brewer and Mrs. Marion Hodges Benter.

Mrs. Jackson and Mrs. Peterson will attend the annual DAR Continental Congress, April 19-24, in Washington, D.C. Mesdames Beardslee, Allen and Clark were named as alternates.

Miss De Wolfe Wed Recently

Mr. and Mrs. Russell C. DeWolfe of South Anderson Street announce the recent marriage of their daughter Madeline Joyce to Airman 2 C. Hugh Alexander Foster Jr., son of the Hugh A. Fosters of North Branch.

Attending the couple at the ceremony performed by Rev. Ralph Pratt in the North Branch Methodist Church, were Mr. and Mrs. Robert Burns of that city.

Airman Foster is stationed at Lakenheath, England.

Navy Man and Bride Will Live in Japan

After a brief residence in San Diego, Calif., Ensign Richard Carlson, USNR, and his bride, the former Virginia Marie Olsen of Detroit, will spend the next two years in Japan.

St James Episcopal Church in Detroit was the setting for the couple's marriage and reception, Sunday afternoon.

USA Maj. (Ret.) and Mrs. O. Thomas Olsen of Eau Gallie, Fla., formerly of Waterford, are the bride's parents. Her husband is the son of the Richard E. Carlsons of Barkman Street.

Re-embroidered Alencon lace applique enhanced the bride's bell-shaped gown of white peau satin fashioned with chapel train.

PINK ROSES

Her bouffant veil was fitted to a satin pillow and her bouquet of pink roses carried out the wedding color theme.

Wearing rose peau satin were Diane LaBum of Detroit, her cousin's maid of honor, and Barbara James, bridesmaid. They held cascades of gardenias.

Not Proper to Entertain in Boudoir

By The Emily Post Institute
Q: I rent a room to a young woman in her mid-20s. When her boy friend calls, she takes him to her room.
I think she should see him in the living room, or if she does ask him to her room she should leave the door ajar.
Do you agree?
A: I most certainly agree. If she has the privilege of using the living room, she should see her friend there, or if this is not satisfactory because of others coming in and out and she cannot talk to him undisturbed, she should leave the door of her room ajar.

Q: The other day I went to the beauty shop to which I always go, for a permanent wave. My regular operator was finishing a customer when I arrived, and she asked one of the other girls to shampoo my hair.
I would like to know if I should have given the young woman who washed my hair a separate tip, or should my regular operator have given her something out of the tip I gave her?
A: You should have given the one who washed your hair a separate tip and, then, if you wished, deducted this amount from the tip you usually give to your regular operator.

Q: My husband has a niece and nephew who always introduce us in this way: "My uncle and his wife."
I think this is very courteous to me and that I should be introduced as their aunt even though, strictly speaking I am not. Am I just being "picky"?
A: I agree that the "and his wife" is not very courteous to you. They should introduce you as, "Mr. and Mrs. Jones" (pause) "my uncle and aunt."

Details concerning the announcing and christening of a baby are described in the Emily Post Institute booklet entitled, "The New Baby."

To obtain a copy, send 10 cents in coin and a stamped, self-addressed envelope to Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Two Pledges Accepted by Sorority

Two pledges were accepted recently into Zeta Chapter of Alpha Delta Kappa. They were Mrs. Elsie Best and Mrs. J. Francis Schell.

Conducting the ceremony at a dessert meeting at Ted's restaurant were Mrs. John Borsvold, Mrs. Marjorie Coterman and Shirley Friedly. The pledges will be initiated at the home of Mrs. Borsvold next month.

WILL RAISE MONEY

Plans were made to raise money to send a delegate to the international convention in Seattle and to help pay for the new headquarters building in Kansas City.

Margaret Mackenzie, who has been appointed publication chairman for the Great Lakes region, asked that all members provide her with copies of their original writings and research projects for possible use in the national publication, The Kappan.

Heritage Society Discusses Impact of the Victorian Era

Mrs. Donald Fillmore presented a paper on "The Victorian Era" before members of The Heritage Society, Thursday, in the home of Mrs. Robert D. Boyce of Lake Wind Drive.

In her paper on the study subject, Mrs. Fillmore described different types of furniture from the years 1830 to 1901, when marble-top tables first became popular.

Mrs. Walter Obenauf and Mrs. Francis I. McDowell joined the speaker in displaying and discussing mementoes and bric-a-brac from this interesting period in American culture.

The March 5 meeting in Mrs. McDowell's home on Delaware Drive will feature a talk on "American Scenes on Blue China" by Mrs. Charles Hutson.

At monthly meetings in members' homes, the group studies antiques and related subjects.

Card Party to Benefit Foundation

Phi Kappa Tau chapter, Pi Omicron National Sorority Inc., have completed plans for the annual benefit card party and style show. They met recently in the home of Mrs. Robert Hausman on Breaker Street.

Fashions from Nadon's Miracle Mile store will highlight the Feb. 20 affair in the First Federal Savings of Oakland civic room. Chapter members will provide refreshments and door prizes.

Donations will be for the Carolyn Carr chapter of Oakland County Children's Leukemia Foundation.

Mrs. Hausman is general chairman for the state convention May 16-17 in Kalama-zoo. Mrs. Joanne Roe co-chairman and Mrs. Alvin Heit is handling publicity.

Guest for the meeting was Mrs. Robert Nellis.

WOMEN'S SECTION

They Won't Believe It

Tell Truth to Neighbors

By ABIGAIL VAN BUREN
DEAR ABBY: This may sound like a silly problem, but it is very serious to me. My husband travels a lot and I am terrified to stay alone at night, so he gets me a room at a motel while he is gone.
I get all upset several days before he leaves and I'm unbearable to live with. I realize how stupid this is, and we really can't afford the extra expense, but I just can't help myself.
I am so ashamed of my problem that I don't tell people about it. When my neighbors see me coming home the next morning, I can imagine what they must think.

What should I tell them when they ask me where I was the night before?
DEAR ABBY: Tell them you spent the night at a motel. They'll never believe it.

DEAR ABBY: I am a teenage girl who figured something out that might help parents. When a girl goes on a date with a boy she likes pretty well, she usually gives him a goodnight kiss.

In order to discourage this (I guess) most parents leave the porch light burning. Most kids, not wishing to put on a show for the whole neighborhood, take the hint.

But they soon take to saying their goodnights in a parked car on a back road.

Parents who want to protect their daughters from a tender goodnight kiss at the door may be unknowingly be encouraging a wrestling match in a parked car. Thank you.

A GIRL WHO KNOWS
DEAR GIRL: A brute who would wrestle a girl for a kiss in a parked car is not about to settle for a "tender goodnight kiss" at the door.

The porch light should be ON until everyone who's OUT is IN. And the place for a goodnight kiss is IN the house.

DEAR ABBY: May I add something to your answer to the sixth-grader who was ashamed of his mother because she had a foreign accent?
Every American, except the American Indian, descended from foreigners. But foreigners brought more to our shores than an accent. They brought knowledge, ambition and talent.

These are the things that made America great. Don't be ashamed of Mom because your teacher asks her to repeat something. Teachers are used to that.

I also want to assure you that your "good looking" American father knows your mother from way back, and he is used to her English by now.

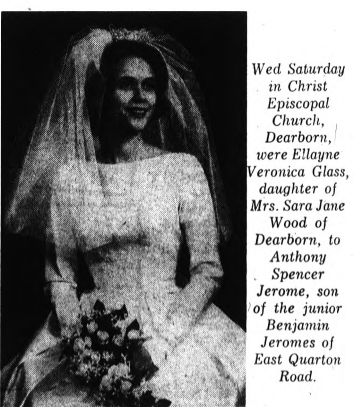

A person who can communicate in a language other than his own (no matter how broken) is working toward a better understanding. And understanding only shall lead us to the peace that we are all praying for. Abby, no matter how tired I am, I always find time for your column.

Please reciprocate and find space for my letter.

DOROTHY G.

Segovia to Play

Andres Segovia, guitar virtuoso, will perform next Saturday at 8:15 p.m. in Pontiac Northern High School as part of the Oakland University Concert Series.

MRS. ANTHONY SPENCER JEROME

Afternoon Candlelight Glows for Ceremony

The Christ Episcopal Church in Dearborn was the setting for the marriage on Saturday of Ellayne Veronica Glass to Anthony Spencer Jerome in a mid-afternoon candlelight ceremony.

The bride is the daughter of Mrs. Sara Jane Glass of Dearborn and the junior Benjamin Jeromes of East Quorton Road are the bridegroom's parents.

Fashioned of white peau de soie appliqued with re-embroidered Alencon lace, the bride's gown swept into a chapel train. The bodice featured a Sabrina neckline and wrist-point sleeves.

PEARL TIARA

Her bubble veil of French illusion was fitted to a pearl tiara. She carried Stephanotis and lilies of the valley.

With maid of honor, Lynne Frailling, the bridesmaids were Jill Jerome, Linda Le-tourneau and Christine Collins.

They wore willow green peau satin with floor-length overskirts and matching Dior bow headpieces. Their bouquets of Queen Anne's lace were blue.

Tracy Glass attended her sister as flower girl.

Jeffrey Jerome was his brother's best man. John Braid, Robert Agli and Gary Newman comprised the usher list.

Concert for PTO

The John D. Pierce PTO meeting will be held Wednesday at 7:30 p.m. The Pierce instruments and vocal music groups, will perform. Mrs. William Abersold, principal, will present attendance areas for the coming school year.

Quicker Spurt Seen

'64 Outlook Revised

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP) — Many

corporate economists are

quietly revising their predic-

tions for 1964. In most instances

they are raising their sights

from the levels of only one or

two months ago.

They are telling company ex-

ecutives to look for a quicker

spurt in the general economy

than seemed likely a week back.

Their bosses can translate this

into at least a better chance for

increasing the firm's revenues

and net profits.

The economists could be

wrong. They've been known to

be in the past. But many of

them think the next few

months look even brighter than

they did in the final quarter of

1963, when annual forecasts

were made.

Their reasoning:

—A federal tax cut seems as-

sured, and much sooner than

expected last November. The

cut in the amount withheld from

pay checks for federal income

taxes should give consumers

more to spend than first con-

sumers had hoped. This big-

gest prop to the economy—

consumer spending—should be

stronger than ever.

LULLED FEARS

—President Johnson's frugal-

ity promises have lulled at least

the worst fears of the fiscally

conservative. At the same time,

business economists doubt if

still more federal funds would

be held withheld if an unex-

pected downturn in industry seem-

ed to call for any government

pump priming. Total federal

government spending is not

going to drop materially at any

rate.

—Businessmen indicate they

think the Washington climate

has turned more favorable for

business. This belief already is

coloring their planning. In the

last three months many com-

panies have sweetened the out-

lays they plan for expansion or

for new equipment. This second

source of economic growth

should be larger this year than

last.

—While federal spending looks

fairly steady, state and local

government outlays seem sure

to rise. Even if this means that

part of the federal tax cut bonus

pay payments at the state and

local levels, the rule of govern-

ment spending at all levels will

still be a stronger one in the

economy. And this is the third

major prop of the economy.

A cut in corporate income

rates will give companies more

money to spend for materials,

for production line expansion,

for modernization and for ad-

vertising.

LARGER PAY

—State and local governments

may take voters with larger

take-home pay more amenable

to higher taxes or to larger

debts burdens for services or fa-

cilities they want. And industry

will get the orders to produce

these.

This feeling of greater pos-

sitivity might fade in later

months, but many corporation

economists are now betting that
