Haas Listens to Women—But Most Stay Away

By JOE HAAS

CHICAGO—Tuesday was ladies' day at the Democratic national convention and it proved to be a dull one. The gals didn't do much to make it otherwise.

Many thousands who had tickets stayed away, largely on the advice of local newspapers who stated that if you must skip any day of the convention, skip Tuesday. And that advice was good.

HAAS

Probably suffering a mental hangover and exhaustion from the keynote speech of the night before, less than a thousand people were on hand when the gavel fell at noon. Some whole sections were deserted.

This thousand would include a mere scattering of delegates and everybody else in the hall, including the help. Michigan delegation seats were deserted, like were much of the galleries.

The newsmen also walked out on the ladies. Of the 550 seats on that half of the press section where I am located, only four were occupied, those of the New York Times, Denver Post, Milwaukee Journal and Pontiac Press.

When the chairman asked the delegates to come to order, there were but few to do so. Most of them were in downtown caucuses, as were Michigan's.

LOSES ENTHUSIASM

Among the few present there was more talk about the masterful keynote speech of Governor Clement the night before than there was attention to the program at hand. But they failed to carry on the enthusiasm he started.

It was generally agreed he is a militant and evangelical blood and thunder orator like the three Billie's, Sunday, Bryan and Graham. The stuff in his vocal chords brought as much comment as his stuff higher up.

Democratic progress and prospects keynoted the talks by the various women, and they merited more attention than they received. The presiding officer could have saved a lot of voice strain if he only had a phonograph record with "it now is my distinct privilege and exceeding pleasure to present to you a celebrated woman in the Democratic life of our great country." Anyway, it was something like a political soap opera.

• • •

The attendance was better at last night's session. It was the first session, in fact, when there was a semblance of a crowd, yet thousands of seats were vacant.

PULLS BONER

A boner was pulled at the start in the oath of allegiance to the flag. It was given from the platform and the crowd asked to repeat it. The speaker left out "Under God," inserted in it a couple of years ago by act of Congress, the law being fathered by a congressman from Detroit—who is a Democrat.

Sam Rayburn, when he took over as permanent chairman for the third consecutive time in as many Democratic National Conventions, delivered a hot partisan speech and was given an ovation that lasted several minutes.

It evidently was Senator Wayne Morse of Oregon whom the crowd came to hear as many of them did not arrive until time for his speech. He also was given a rousing ovation both before and after he talked.

HORSE TRADING TODAY

His remarks were largely an explanation as to why he left the Republicans after he had been elected to the office of United States senator, and how happy he is about it. He did not state whether or not the Republicans are satisfied with his action.

The convention is in recess all day today to give the various delegations a horse trading opportunity, and a chance to get fully rested up in preparation for a long haul tonight.

The adoption of a platform is the principal item on tonight's agenda, and some fireworks are expected. It hardly is probable that the committee has accomplished the impossible and figured out a resolution on civil rights that will be acceptable to both North and South. There's dynamite in them thar woods, my readers.

Williams Pushing Michigan Into Adlai's Camp

Press Writer Greets Former Official

Special to Pontiac Press by AP Wirephoto

FORMER POSTMASTER MEETS JOE HAAS—Former Postmaster General James A. Farley and Pontiac Press special writer Joe Haas meet at the Associated Press headquarters in Chicago. Haas said, "Farley calls us neighbors, as he spends much of his time with his daughter, Mrs. E. J. Hickey at Grosse Pointe. He is regarded by millions as an example of a perfect gentleman, both in the line of big business and in political life."

Railroad Files Suit to Force OK on Proposal

City Officials Reluctant to Permit Construction of $700,000 Yard

In a condemnation suit filed in Oakland County Circuit Court, Grand Trunk Western Railroad has taken steps to force acceptance of its proposed $700,000 industrial support switching yard in the north end of Pontiac.

City officials have been reluctant to permit construction of the yard, saying it blocks a planned north-south extension intended to relieve rush hour traffic on Baldwin avenue.

In the suit, Grand Trunk officials asked the court to appoint three commissioners to determine necessity of the project and the amount of compensation to be paid to owners of two half-acre lots on Walton boulevard needed to complete the yard territory.

As planned, the yard will be 3,000 feet long and 300 feet wide, stretching east along the southeast corner of Walton boulevard and Baldwin avenue.

Railroad officials say the yard would handle incoming and outgoing freight from Pontiac Motor and Fisher Body plants.

Clarence L. Patterson, Pontiac attorney handling the suit for the railroad, said today Grand Trunk already owns all the land needed for the yard except the two parcels named in the suit.

One, owned by Elmer L. Good of 54 Cadillac St., now is being developed as a roller skating rink. Good said yesterday he wasn't interested in selling. The other is owned by Strauss Brothers Co. of Detroit.

Appointment of the three commissioners is scheduled for Aug. 27 in Oakland County Circuit Court.

Yes, I Think the Votes Are There

AP Wirephoto

BACKS ADLAI—Gov. G. Mennen Williams, of Michigan announced at a news conference this morning that the Michigan delegation voted to divide its 44 votes on the second ballot at the Democratic National Convention in Chicago as follows: Stevenson, 31½; Harriman, 11; and Sen. Stuart Symington, of Missouri, ½. Two delegates with a half vote each were absent. Williams also added Michigan's action will bring other liberal states into the Stevenson ranks.

Arkansas Joins Jersey in Jump on Bandwagon

State Caucus Vote Split but Governor Will Urge Unanimous Floor Ballot

CHICAGO (AP)—Adlai Stevenson rolled toward a first ballot presidential nomination at the Democratic National Convention.

New Jersey, Arkansas and a big segment of the Michigan delegation climbed aboard his bandwagon.

The only rough spot in evidence was a possible convention battle tonight over a proposed civil rights plank speaking of the vastly important consequences flowing from the Supreme Court's racial desegregation decisions.

Barring an important shift of delegate strength should the civil rights battle erupt, Stevenson seemed to be in.

The latest Associated Press tabulation of indicated first ballot strength gave him 634½ votes—just 52 short of the 686½ needed for the nomination.

After three days of soul searching, Gov. G. Mennen Williams and nearly three-fourths of the Michigan Democratic convention delegation early today cast their lot with Adlai Stevnson.

Williams said he hoped the action would put Stevenson over the top for the presidential nomination by encouraging still uncommitted delegates in northern liberal states to follow Michigan's lead.

In a two and one-half hour caucus, the delegation split 31½ for Stevenson, 11 for Gov. Averell Harriman and one-half for Sen. Stuart Symington of Missouri.

"I will urge that Michigan support for Stevenson be made unanimous when the voting occurs in the convention," Williams told a jam-packed 2:30 a.m. news conference.

He said the support might be delivered on the first presidential ballot Thursday and that he was considering dispensing with a planned "favorite son" nomination and complimentary vote for himself.

In a general way, the course the delegation was to take was set at a caucus yesterday morning. Williams said then the convention was "drifting dangerously" to the likely detriment of the liberal cause.

AFRAID OF SOUTH BLOC

He said he feared the balance of power was falling into the hands of a Southern bloc unsympathetic to a strong party stand for civil rights, and set out to rally North-

Ziegler Sends His Regrets: Won't Make MTA Session

In Lansing today, State Highway Commissioner Charles M. Ziegler said he would be unable to accept Michigan Turnpike Authority Chairman George N. Higgins' invitation to attend the MTA meeting Monday.

Higgins had asked Ziegler to attend and answer two specific questions.

Higgins asked:

1. Can you tell us how soon the Detroit to Bay City expressway will be opened for its entire length?

2. Do you still maintain the position that you do not see the necessity for turnpikes in Michigan?

Ziegler said he would not attempt to answer the first question because of complications presented by the steel shortage.

"There's a bridge over the Saginaw River that will take at least two years to build," he said.

ZIEGLER RETORTS

On the second question, Ziegler retorted, "I think Mr. Higgins has received the answer to that one himself."

He was referring to the Legislature's reluctance to back the MTA financially.

The Highway Commissioner said he would not be able to attend the meeting because he had to be in New York Monday to sign for some 16 million dollars in highway construction bonds.

He said he will be represented at the meeting by Deputy Director George M. Foster.

In his letter inviting Ziegler to the meeting, Higgins said Ziegler's statement announcing the competing freeways "had the effect of undermining the sale of any turnpike bonds, guaranteed solely by tolls, inasmuch as the Michigan law specifically excludes any state guarantee of turnpike bonds."

Excoriates the GOP

CHICAGO (AP)—Sam Rayburn of Texas last night hit at the Republicans for "mishandling" foreign policy and taking "the most serious risks" with the lives, fortunes and honor of the American people.

Firehouse Bids Rejected by City

Commissioners Want New Building Planned to Lower Costs

Pontiac City Commissioners last night voted to reject bids for the proposed new city fire station at Genesee and Huron streets and have the project redesigned in an effort to eliminate some costs.

The action came after bids, submitted July 30, ran $43,000 more than estimates for the building.

City Manager Walter K. Willman told commissioners he has consulted with architect Leo Heenan, who suggested redesigning.

Bonds and bid deposits will be returned to bidders.

Bids totaled more than $128,000. The estimated cost was $85,000.

Hits 'Backward Policy'

CHICAGO (AP) — At home, Sam Rayburn said the Republicans have practiced a backward labor policy, taken income "out of the pockets" of farm families and allowed many small businesses to go "to the wall."

Rain, Rain, Rain and More Rain Until Monday

The U. S. Weather Bureau predicts partly cloudy tonight and tomorrow with scattered thundershowers tomorrow for the Pontiac area. The low tonight will range from 56 - 60 degrees.

Tomorrow and Friday will be a little cooler with a high reaching 76 - 80 degrees. Sunday and Monday will be warmer with a chance of showers again.

The lowest temperature preceding 8 a.m. in downtown Pontiac was 63 degrees. The thermometer registered 85 at 2 p.m.

Search Plane Falls Into County Lake

A light airplane flying over Walled Lake at noon today searching for the body of a drowning victim suddenly "just went right into the lake," residents reported.

The pilot, identified as Jim Ore of Walled Lake, was pulled from the plane and taken in an ambulance to Pontiac General Hospital.

Ore was trying to spot the body of Raymond Siaczka, 20, of Detroit, who drowned in a boating accident Monday in 20 feet of water in the south end of the lake.

Walled Lake residents Ray St. Pierre and Mrs. Victor Volinsky, who witnessed the accident, said there was no apparent cause for the crash.

Slams 'Ike Regency'

CHICAGO (AP)—Last night Sen. Wayne Morse of Oregon returned as a Democrat and excoriated the Eisenhower administration as "government by big business regency."

'Proud to Be One'

CHICAGO (AP) — Sen. Wayne Morse of Oregon said last night: "I am proud to be a Democrat."

'I Claim So Many!'

An Associated Press poll of delegates willing to state a public preference for any of the possible Democratic Presidential nominees gave this line-up, with 686½ votes needed to nominate:

Stevenson 634½ (short 52)
Harriman 231 (claims 400)
Favorite sons 283½
Uncommitted 223

But Will Accept Control Agency

Egypt Insists on Right to Run Suez

LONDON (AP)—Pakistan's foreign minister said today President Nasser of Egypt told him he would accept international supervision over the Suez Canal but insisted "it is the sovereign right of Egypt to run the canal."

Foreign Minister Hamidul Haq Chowdry, arriving for the Suez Canal crisis conference from private talks with Nasser, told reporters at the airport:

"The Egyptian president wants a peaceful and happy solution to the problem.

"He is not adverse to the setting up of a body representing the users of the canal to advise the organization which he has set up to manage and administrate it. He still believes it is the sovereign right of Egypt to run the canal."

A few hours earlier, Secretary of State Dulles arrived for the conference opening tomorrow. He expressed hope for a solution "so vital to the preservation and well being of the entire world."

Britain, France and the United States are insisting on internationalizing the vital 103-mile waterway under guarantees more binding than the system envisaged by Nasser.

On the eve of the conference, tempers obviously were cooling. Differences, although still great, were not so threatening as a week ago.

The Pakistan statement dovetailed with a plan reportedly brought to the conference by V.K. Krishna Menon of India to bridge the gap between Egypt and the Western Powers.

Diplomats understood the Indian plan would give Egypt the right to manage daily operation of the canal. It would set up an international authority with advisory powers on such matters as toll charges and future development of the canal.

Banks' Shareholders Okay Merger Date

Accord on plans to merge Milford's Oakland County State Bank with the Community National Bank was reached yesterday by shareholders of both institutions.

The merger will become effective Sept. 1, according to A. C. Girard, Community National president, and Paul H. Sinclair, president of the Milford bank.

Girard said this morning that the two banks have combined capital of $5,500,000 and resources of $100 million.

The merger will give Community National a total of eight offices after current plans to add branches in Union Lake and Bloomfield Hills have been completed.

NEW SEARS ADDITION—Official completion of Sears Roebuck & Co.'s one-story, brick annex to its downtown Pontiac store will be observed tomorrow when all construction will be finished. The Perry Street structure is occupied by the store's auto service and accessories, toy, sporting goods and fence sales departments.

One-Story Wing Encloses Five Departments

Sears Roebuck to Mark Completion of New Annex

Completion of a 7,740-square-foot addition to Sears Robuck Co.'s Pontiac store will be officially marked tomorrow, Manager F. S. Lyndall said today.

The one-story, brick structure houses the store's sporting goods, toy, fence, auto accessory and service departments. Located along Perry Street frontage, the site formerly was used for shipping and receiving operations.

CAR SERVICE FACILITIES—Eight automobiles can be equipped with tires and seat covers at one time in Sears Roebuck & Co.'s new garage. The unit is staffed by six mechanics who perform services from installation of accessories to changing oil.

Eight automobiles can be serviced at once in the service station, according to Lyndall. Staffed by six mechanics, the shop is equipped to install seat covers, tires and other accessories sold by the store.

Other facilities are available for muffler and tail pipe installation, battery service and oil changes.

The wing's interior has wide aisles, and modern counters are highlighted by the use of modern fixtures throughout the building. Large windows face an extensive system of loading ramps.

About 2,000 square feet have been devoted to tires and other goods and 1,500 to toys and fences. A number of sales personnel have been added to staff the addition, Lyndall said.

The building was constructed by the O. W. Burke Co.

GOP Platform Units Start Building Frame

SAN FRANCISCO (INS)—Republicans sat down today to write a platform that will go down the line with President Eisenhower on major issues and yet prove acceptable to those who would reduce foreign aid, up farm price supports and retain racial segregation.

* * *

Where serious disputes prevail within the 10 convention resolutions subcommittees during the next few days, however, there is little doubt that the administration will emerge the victor.

Sen. Prescott Bush of Connecticut, a loyal Ike backer, will preside over the full resolutions committee, and equally strong Eisenhower supporters have been placed in charge of the subcommittees.

Bush has told newsmen he expects no real battles over policy.

Area Young GOP Picks Van Dusen for State Post

The South Oakland County Young Republicans Club last night unanimously endorsed State Rep. Richard C. Van Dusen of Birmingham as a candidate for Attorney General on the GOP ticket in November.

Edward W. Lawrence, chairman of the club, said addition of Van Dusen to the Eisenhower-Cobo ticket "will greatly strengthen Republican party appeal to the young voter during the election campaign."

A candidate for attorney general will be picked at the Republican State nominating convention in Grand Rapids Sept. 1. Van Dusen and Chief Assistant Oakland County Prosecutor George F. Taylor have indicated they want the nomination.

Martha Raye 'Fine' After Pill Escapade

MIAMI BEACH, Fla. (AP)—Bold, brassy Martha Raye is recovering after a bout with too many sleeping pills.

The 39-year-old actress and comedienne, unconscious when found on her bedroom floor, was described by hospital attendants as "awake and feeling fine."

Her physician, Dr. Ralph Robbins, said she must have taken about 20 pills. Robbins placed her in the hospital for treatment, including a spell under an oxygen tent. The doctor said he had no idea why she had taken the pills.

Miss Raye came to Florida in an unsuccessful attempt to divorce her fifth husband, dancer Ed Begley. A Miami circuit judge denied the decree, however, ruling that Miss Raye had not met the 90-day residence requirement.

Williams Puts State in Stevenson Camp

(Continued From Page One)

ern liberal forces still uncommitted to offset its potential.

* * *

Early today, he reported he had been in touch with six other uncommitted and favored son delegations.

"While we have now no definite commitment, for obvious reasons, I am satisfied that enough of them will join our position to give Stevenson the nomination by a safe margin," he said.

Williams named the other states as Kansas, Minnesota, Ohio, Washington, Wisconsin and New Jersey.

* * *

Asked if he thought Stevenson could win on the first ballot, Williams replied, "Yes, I think the votes are there."

* * *

The governor said two considerations prompted the delegation to swing behind the party's 1952 standard bearer.

EXPLAINS STAND

The first, he said, was that it had been "impressed" by his recent statements, "particularly his declaration in favor of an unequivocal civil rights platform."

Secondly, he said, Michigan was worried about "possibly manipulation" of Southern balance of power forces, or a "deadlock with unforeseeable results."

As to manipulation, Williams apparently had in mind that Southerners might force Stevenson to accept a weak civil rights plank in exchange for support in presidential balloting.

Williams said Michigan leaders had been given a look at a general outline of Stevenson's proposed campaign issues.

He said what they saw encouraged the belief that the new challenges of the day would be met with "vision and courage."

VISITS WITH TRUMAN

Williams disclosed that the outcome of the caucus "was in accord with my own feelings"—meaning that he favored Stevenson over Harriman. Until today, Williams had kept his preference to himself.

Late yesterday, he received a visit from Harriman, who spent a half hour in Williams' suite at the Congress Hotel.

The governor also went to the Blackstone to pay his respects to former President Truman, and held informal platform discussions with Rep. John W. McCormack, platform committee chairman.

After talking with McCormack, he clung to the hope that committee majority recommendations on civil rights and McCarran Act planks would be such as to avert a floor fight on these questions.

Meanwhile, Harry Truman's drive to "stop Stevenson" took on added bitterness today as the Convention moved to pick a presidential nominee.

The former President was hitting hard at the theme that Adlai Stevenson can't defeat President Eisenhower in November.

VICE PRESIDENT RICHARD NIXON

Nixon Talks on Election

DALLAS, Tex. (AP)—Vice President Nixon states he will work to elect any man the Republican convention selects as the vice presidential nominee but he refused to comment on Sen. Knowland's (D-Calif) endorsement of him.

Knowland has been listed among Nixon's political foes.

"I do not plan to make any further comments on the vice presidential situation until the Republican convention," Nixon said. The convention starts Monday in San Francisco.

Nixon left for Washington yesterday. He came to Dallas Sunday to address the estimated 35,000 members of the Veterans of Foreign Wars attending their National Encampment.

He shook hands with about 3,000 Texas Republicans at a reception of the Dallas County Republican committee. Earlier he held a reception at the Statler Hilton Hotel for about 300 VFW officials.

He made a 20-minute speech at the Republican reception in which he praised President Eisenhower.

Nixon said the GOP is aiming at a two-party system in the South.

"The most inspiring thing about the 1952 campaign was the support we got in Texas," he said.

'GOP Makes Enemies'

CHICAGO (AP) — Sam Rayburn said, "The end result of four years of Republican mishandling of our foreign affairs is such that we have fewer friends than ever before, and we have made enemies of many that were our friends . . ."

Succumbs of Attack

BERLIN (AP) — Bertold Brecht, Germany's most prominent playwright, died in East Germany last night after a heart attack. He was 58.

Brecht wrote the libretto for Kurt Weill's "Threepenny Opera," now having a long run in New York. One of his best known plays is "Mother Courage."

'They Won't Take It'

CHICAGO (AP)—Last night Senator Wayne Morse said Oregon voters "have no intention of letting the White House handpick their senator for them."

U. S. Can Defeat Foe, Wilson Says

Claims Military Men Have Varying Opinions on Country's Defense

DALLAS, Tex. (AP)—Secretary of Defense Charles E. Wilson said today he was confident the United States has "the weapons and the military power to inflict a disastrous defeat on any enemy."

* * *

Wilson said, however, in a speech prepared for delivery that military men have differences of opinion on how to keep U. S. defenses secure.

He spoke before the 57th Encampment of the Veterans of Foreign Wars. Last night he stood in the reviewing stand as the VFW parade glittered and blared its way through Dallas. Police estimated that 100,000 persons watched the spectacle.

Wilson said he felt that a sound defense required a proper balance.

* * *

"You can't depend on any one weapon or any one service alone," he told the veterans.

"Our planning must be designed to meet our requirements. New weapons, new equipment, new situations have required a complete review of our military posture. This in essence has been called the 'new look' in military affairs," he said.

Wilson said in an interview last night he favored Vice President Nixon for president in the event President Eisenhower should not run for re-election.

Wilson denied saying the Suez Canal situation was minor.

* * *

"I never really said it was minor," he said. "I said it had a minor effect on our defense budget and planning. It is a difficult problem."

The Day in Birmingham

N. Evergreen Authority Starts Cost Apportioning

BIRMINGHAM — With Birmingham officials concerned about two elections this fall that might stall the North Evergreen Sewage Disposal Authority, the Authority itself yesterday turned to splitting up of expected costs.

Authority representatives in their weekly meeting here yesterday, began studying what credits each of the four municipalities might receive before their percentage is taken of the final cost of the sewers and the expansion and purchase price of the Birmingham plant.

"But it won't be as complicated as the Twelve Town Drain shares system," says James Juhl, coordinator of the North Evergreen details.

"There are only two already-installed drains to allow for," he says. "At Cranbrook, an 18-inch drain installed years ago was designed by Hubbell, Roth and Clark to be part of just such a system as the North Evergreen," Juhl explains.

FORESEES FUTURE NEED

"Birmingham's present drain will be usable for only a few years however, he says. "It's 30-inch diameter pipe that cuts diagonally across the city to the sewage plant would not take care of future needs."

Estimated allotments talked of at the meeting yesterday morning were $8,000 for Bloomfield Hills for the Cranbrook drain, and $60,000 for Birmingham.

At a session Saturday, members were told that builders in the Troy section have offered to advance funds for their portion of the interceptor.

Development there, according to D. C. Egbert, who remains the city's authority representative, has caused what the Michigan State Department of Health calls a "serious health hazard."

The builders would advance funds for a drain from Hunter boulevard to 16 Mile road and a 16 Mile branch from the Rouge River to Adams avenue.

Worry was voiced that voters might deny the sale of the plant to the Authority and also not change the Birmingham charter so that the city may contract to have the authority take care of its sewage.

New scheduling of authority progress was made possible last week end when the court decree ordering pollution abatement was changed to give the four towns until Nov. 16 to report on plans.

TO COMPLETE IN '57

Construction of the project would be complete by Dec. 31, 1957, the schedule shows. A Jan. 1 submission of plans to the health department and a March 1 letting of contracts are annotated.

The authority will meet Nov. 8, after the Nov. 6 election to prepare the report to the court.

* * *

Meanwhile, back at the Evergreen Interceptor issue, Egbert says, "There appears to be no possibility of any substantial progress on the whole project prior to November. Now all efforts are being directed in Southfield Township toward construction of the 'Little Evergreen.'"

The North Evergreen group, Southfield and Lathrup Village authorities may meet soon to study the overall project.

The North Evergreen project might yet be abandoned if the larger one could be achieved in the time alloted, Juhl points out.

Plan Special Civil Defense, Preparedness Talk Tonight

Civil defense and natural disaster preparedness will be discussed at a special meeting of the Ground Observer Corps at 7:30 tonight in the commission chambers at City Hall.

* * * *

Scheduled for the evening's discussion are Lewis Jarrendt, Oakland County Civil Defense director, Dave Ewald, representing the city; Sydney J. Winstanley, Mrs. Wilbor O. Mitchell and Arthur Heaton, all representing the American Red Cross.

Also on the program will be a special award of a $25 bond presented by The Pontiac Press to John Fromm, 942 Wagner. The award will be given to Fromm for having the most hours completed in observation during April, May and June.

Winners of the monthly prize will be presented also. Fromm is top monthly winner and his first prize will be presented by Baldwin Service.

Second prize will be presented by Christian Literature to Dan Turnage. Third prize will go to Ronald Contor and will be presented by Clothier Standard Service.

Another prize scheduled, will go to Louis Wood and will be presented by Baldwin Pharmacy.

Richard Kelly, state Elks official, will present an American Flag to the Ground Observers from the local Elks chapter, No. 723.

* * *

Awards will also be presented from the United States Air Force to persons eligible for GOC wings, certificates and pins. The awards will be presented by Sgt. Sammy Beronja.

Pontiac Deaths

Mrs. J. R. Cashion

Service for Mrs. J. R. (Margaret) Cashion and granddaughter, Sharon P. Gilboe, of Fairview, who were killed in an automobile accident on M59 Monday will be at 2 p.m. Friday from the Brace-Smith Funeral Home. The Rev. William H. Collycott of Rochester will officiate with burial in Oak Hill Cemetery.

Mrs. Cashion, 62, had lived in Pontiac 40 years before moving to Fairview two years ago.

She was born in Cheboygan on May 24, 1894, the daughter of David and Neda Blank Nelson and married here in 1934.

She was a member of the First Methodist Church and the German Club.

Besides her husband, she is survived by a daughter, Mrs. Marie Breshahan of California and a son, Leo Cashion of Pontiac.

The following brothers and sisters survive: Mrs. Dorothy Schuek of Detroit, Tony Nelson of Fairview, Mrs. Ilen Cook, Mrs. Susan Keast, Elmer and Harvey Nelson, all of Pontiac.

Sharon P. Gilboe

Sharon P. Gilboe, 15, daughter of Leo Gilboe, was a member of the First Methodist Church and the Girl Scouts of America.

She was born in Pontiac on May 18, 1941, and lived here until two years ago when she moved to Fairview.

She is survived by her parents and several brothers and sisters, Angie, Adrian and Daisy, all at home.

Mrs. Clarence Hewes

Mrs. Clarence (Grace) Hewes, 87, of 1001 Myrtle St. died of a heart ailment yesterday in Pontiac General Hospital. She was ill several weeks.

Born in Corunna on Nov. 8, 1869, she was the daughter of Dr. John and Marian Faulkner Hewitt. In 1904 she was married at Grass Lake.

A member of the Central Methodist Church, she had been a resident of Pontiac 29 years, coming here from Chelsea.

Mrs. Hewes leaves a son, Keith with whom she made her home and two granddaughters, Mrs. Howard Sherwood and Mrs. James Konkle, all of Pontiac.

Service will be at 1 p.m. Friday from the Huntoon Funeral Home. Mrs. Hewes' body will then be taken to the North Sharon Cemetery at Grass Lake for burial.

Harriett Shattuck

Ida Shattuck and Mrs. Stella Travis have received word of the death of their sister, Harriett Shattuck, of Cleveland, Ohio on Aug. 12. She had been ill several weeks.

A native of Pontiac, Miss Shattuck was the daughter of William M. and Sarah C. Fuller Shattuck.

She was graduated from Pontiac High School, Detroit Business Institute and received her master's degree from Western Reserve University, Cleveland.

Miss Shattuck, a teacher in the public schools of Cleveland until her retirement in 1953, was a member of the D. A. R. and the First Congregational Church, both of Pontiac.

Graveside service will be held at 2:30 p.m. Thursday at Perry Mt. Park Cemetery.

Princess Anne Celebrates Her Sixth Birthday

LONDON (AP) — Princess Anne, whose uninhibited gaiety has gained her the title "Little Miss Mischief," today celebrated her 6th birthday.

* * *

Her party was a private family affair aboard the royal yacht Britannia with "Mummy" and "Dad" —Queen Elizabeth and the Duke of Edinburgh—and brother Charles, heir to the throne.

The royal family is cruising in Scottish waters, visiting the remote Western Isles.

The little blonde girl with the sparkling blue eyes loves crowds and plays up to them. However, she still doesn't know that she's a princess—or if she does, she never gives any indication of attaching special significance to her royal rank. To her nursemaid and palace officials she is just Anne, without the princess.

Typhoon Threatening Okinawa, U. S. Soldiers

FT. BUCKNER, Okinawa (AP)—Typhoon Babs churned the Pacific Ocean 115 miles from Okinawa tonight. Her course would carry her parallel to Okinawa on the western side.

Gusts up to 105 m.p.h. were expected to lash this U. S. island base.

All U. S. personnel were ordered to quarters or other shelter unless engaged in emergency work. Most American quarters are typhoon-resistant buildings.

Pope Gives Blessing on Feast of Assumption

CASTELGANDOLFO, Italy (AP)—Pope Pius XII gave his apostolic blessing to the world today on the Feast of the Assumption.

He recited the Angelus Domini prayer and then gave his blessing. He spoke from his summer residence here over the Vatican Radio. National networks in many countries rebroadcast his words.

'Purge Will Fall Flat'

CHICAGO (AP) — Senator Wayne Morse of Oregon told Republicans: "It has made me the target of a White House purge," he told the convention.

"However, I want to let the White House in on a political secret—the purge attempt is going to fall flat on its face."

The Important Places

CHICAGO (AP)—The convention's real excitement, of course, is still back in the downtown hotel rooms, in the crowded corridors and lobbies.

Miller Takes Helm of Republican Club

At the reorganization meeting last night of the Pontiac Republican Club, Second District Legislative candidate Robert C. Miller was elected president of the group.

* * *

Mrs. Ross Manchester was elected secretary. Other officers, who retain offices they held in the club before it became inactive three months ago, are vice president William Garland and treasurer Mrs. Sadie G. Williams.

* * *

Attendance at the meeting was about 140, including several Republican candidates. The group will meet next Aug. 22.

PLAY HOUSES FOR SCHOOL DAYS—These two tiny schools will become homes when the years of peak-loads in local schools are over, Birmingham school officials plan. Built by Wilson & Son, local home builders, each has one large room where its kindergarten students will play and learn, and several smaller rooms at the rear. Windows aplenty are a main feature, along with sun-shielding wide overhangs of the graveled roofs. Yellow brick and natural wood make an attractive texture that the school officials hope will appeal to potential homeowners when the school days are over. The two identical structures stand across the street from Pierce School, shown in the background, and next to the playground.

WORKSHOP INSTRUCTOR — Dr. Dana P. Whitmer, Pontiac superintendent of schools (standing), discusses the responsibilities of elementary school principals with these three teachers attending an elementary education workship at Michigan State University. Seated before the blackboard (left to right) are Kathleen Jones of Flint, Loren Houtman of East Grand Rapids and Margaret Rood of St. Clair. Dr. Whitmer is one of two instructors conducting the two-week workshop.

Milkman Strike Threat Issued

MMPA Recommends Closedown for Detroit to Maintain Prices

DETROIT (AP)—A Michigan Milk Producers Assn. committee recommended yesterday that farmers strike again, if necessary, to gain another increase in milk prices for Detroit area milk suppliers.

The farmers won an increase to $5 per 100-weight for drinking milk after a strike last spring. That contract, runs out Aug. 31.

The association's committee on market sales met to study a new federal milk order for the Detroit market.

Ernest Miller, a Bad Axe dairyman who is chairman of the committee, said the group felt the federal minimum price of about $4.80 per 100 pounds was not satisfactory "in view of our increased costs."

Committee members said conversations with creameries about another above-the-minimum agreement led creameries to indicate they intend to drop down to the federal minimums Sept. 1.

The committee recommended a price of $5.25 which could result in an increase of about a cent a quart for retail milk if creameries again passed the increase on.

The MMPA will take final action on the recommendation when delegates meet at Michigan State University next Tuesday to vote on the $5.25 proposal.

Conveyor Rips Off Arm, Gravel Pit Worker Dies

HILLSDALE (AP)—A gravel pit worker died today shortly after he lost his arm in a conveyor belt.

Harold Rhoades, 21, of Pittsford was working at the Bundy Hill gravel pit, 12 miles northeast of Hillsdale. He caught his arm in the conveyor belt and it was torn off at the shoulder.

Pope Names Spellman

VATICAN CITY (AP)—Pope Pius XII today named Francis Cardinal Spellman, archbishop of New York, as pontifical legate to the National Eucharistic Congress of the Philippines. The Congress will meet in Manila Nov. 28 to Dec. 2.

Personal Service District Added to Zone Groupings

Pontiac City Commissioners last night adopted an addition to the city zoning ordinance creating a new "personal service district," a classification allowing professional officers.

The new section falls between Residential 3 and Commercial 1 in the zoning scale.

In other action, commissioners approved rezoning to commercial 1 four lots in Joslyn Gardens subdivision and rezoning to commercial 2 nine lots on the northeast side of Norton Avenue between Johnson Avenue and Florence Avenue. At public hearings preceding the actions, no protests were heard.

Public hearings also were tranquil on intention to construct curb, gutter, gravel and related work on Salmar Avenue and Herndon Avenue from Orchard Lake Avenue to the Clinton River. The city assessor was authorized to prepare assessment rolls for the two projects.

Special assessment rolls were confirmed in one payment for sidewalk on the east side of Oneida Road, from Menominee to Algonquin roads, and on the north side of Hazel Bend, from Jessie Street to Belmont Avenue.

Special assessment rolls were confirmed in two payments for four sidewalk projects. The four are on the south side of Auburn Avenue, through portions of East Side Park subdivision; on the south side of East Pike Street, from East Boulevard to Astor Street; on the East side of Barkell Street, from LeBaron Farms subdivision to Westbrook Avenue; and on both sides of Melrose Avenue, from Madison Avenue to Mt. Clemens Street.

Eleanor Roosevelt Right

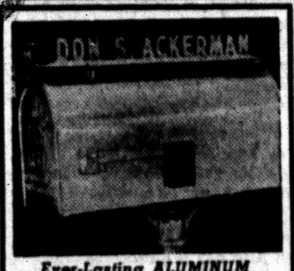

CHICAGO (INS)—It is generally realized now that Eleanor Roosevelt was right when she said the younger generation is emerging into top posts in the Democratic Party clear across the nation.

Politicians All Actors With Will to Beguile

By PHYLLIS BATTELLE

CHICAGO (INS)—Politicians are all actors, of course, so you don't really know what goes on in their agonized, alkalized, sometimes medically or alcoholically anesthetized insides.

* * *

Sometimes they get so good at the thespian bit that their faces mirror precisely the opposite side of what their minds are showing them.

Like Harry Truman. After a half-century of studying his art, he's leaned over backwards and you've got to figure that when he smiles at a convention, there's trouble in his crafty cranium.

In his moments of darkest political chicanery, his eyes throw off the innocence of babes.

* * *

Adlai Stevenson is not so experienced, but he's good too. He's sort of to Harry Truman what Tab Hunter is to Rock Hudson—younger, but a comer.

MASK OF KINDLINESS

No matter how Adlai feels among political powered folks, he explodes kindliness all over his luggage-tan face, and his eyes sparkle with unbelievably believable shyness. When he's suddenly left free, with friends, the mask disintegrates with the speed of a wink.

* * *

Alone, he must be like Harry Truman and the rest of this world of normal disgruntled man.

Averell Harriman, they say, is still learning. He is a 6-foot-1 man, slightly stooped in the broad shoulder, with a face which curves in where fat faces curve out.

He has never been a good fleet-smiler, though his eyes always are asking you for understanding or kindness or appreciation — who knows which?

* * *

"When Ave Harriman doesn't feel well," politicians say, "you can tell." They say it in the same tone of voice they might say "it's too bad Ave Harriman is a pickpocket."

CHILDISH DREAM

Personally, after three days of analyzing the friendly, dazzle-toothed artful smiles of the leading actors in Chicago, we hope Honest Ave isn't forced to study too hard.

. . . But there is a childish dream.

Orbin Hensley is a Britisher who has no particular political leanings except that he likes Eleanor Roosevelt, who drinks tea.

He has, therefore, the best job at the Democratic convention.

Orbin is the lean young man who feeds, berths, grooms and keeps drunken delegates away from the donkey.

This donkey of his is a laconic world traveler named "Nicodemus," who came to fame in Chicago from Sicily—by way of a zoo in Libertyville, N. Y.

NOT QUITE EYE-TO-EYE—Pennsylvania's Gov. George Leader and former President Harry S. Truman put their heads together at conclusion of a conference in Chicago. Despite their eye-to-eye pose, Leader told reporters that Adlai Stevenson would receive the Democratic presidential nomination "regardless" of any preference announced by Truman.

He is a "mascot delegate." Also he is gray, fuzzy, waist high to Sen. Estes Kefauver (who likes Nicodemus very much) and suffers no nonsense from passersby.

ROAMS LOBBIES

Nicodemus roams the lobbies of hotels and the streets outside convention headquarters, accepting no morsels from humans unless they should happen to offer him hay, oats or rabbit bellies.

* * *

He is aloof, never "begs," and refuses to cuddle up to anybody.

Nicodemus is the only delegate to this convention who can make that statement.

State to Probe Bus Companies' Financial Woes

LANSING (AP)—A special legislative committee will meet Tuesday in an attempt to find out what's wrong with Michigan bus companies.

* * *

The hearing will be held at 10 a.m. in the House chamber. Bus company representatives from throughout the Lower Pensula are expected to attend.

Rep. James Goulette (R-Iron Mountain), committee chairman, said the group will seek to determine the cause of bus company failures and to what extent taxes and public regulation contributed to their failure.

In the past four years, 26 Michigan bus companies have folded, Goulette said. Several others expect to go out of business.

"Loss of such a service not only creates hardship for many people, but also has a damaging effect on the economic and social welfare of the community," Goulette said.

The committee, he said, will try to find out if the solution lies in "tax relief, relaxation of public regulations or some sort of state subsidy."

To Study Steel Industry

ANN ARBOR (AP)—The steel industry and its possible future expansion is the subject of a University of Michigan research group, financed by the Brookings Institution. Prof. Donald R. G. Cowan will head the research.

Georgie Jessel Sees Chicago as 'Gay Arena'

By GEORGE JESSEL

CHICAGO (INS) — The Democratic convention of 1956 lifted its curtain Monday and started off gay and happy.

* * *

I have never seen so many people shaking hands since my oldest sister got married. It seemed like every two men in America were slapping each other on the back except Martin and Lewis.

While nothing happened, but welcoming speeches, in the afternoon session there seemed to be many more Stevenson buttons than Harrimans in evidence.

Some people say Truman picked Harriman because if he is nominated, it will be very easy for him to make all the "whistle stops." Harriman owns a railroad, and he can pull the cord to stop at the smallest whistle.

Harriman was left this railroad by his grandfather, whereas Stevenson's grandfather left him only a heritage that he was once a vice president, so the fundamental question is which is better. . . . to have a grandfather leave you a railroad, or a political memory. . . . This of course could never bother me as my grandfather left me an umbrella, a broken one yet.

Everything went smoothly at the session with the trio of Sinatra, Clement and Mrs. Roosevelt on the stage.

There is no doubt that harmony will prevail and continue until the platform plank is presented. . . . Then the handshaking and back slapping will be discontinued, and everybody will be acting like Martin & Lewis, and also like Tommy and Jimmy Dorsey.

* * *

I am anxious to know if there will be any mention of the trouble in the Middle East, with Egypt and the Suez Canal. . . . The Egyptian question worries me, as many, many years ago, some friends and relatives of mine, had a great deal of trouble in Egypt, and it is said that if it had not been for a miracle several of them would have been drowned.

'No Leadership in GOP'

Camp Pugsley to Start Experiment in Penology

When in late September Camp Pugsley is opened in the Fife Lake area of Grand Traverse County, Michigan will have embarked on a new and interesting experiment in penology.

The camp is being built by the State Corrections Commission as a probationary institution to rehabilitate youthful first offenders. In appearance it will resemble a recreational center with neat, barracks type buildings and neither armed guards nor iron bars.

In this rural setting the hundred inmates will be assigned to healthful outdoor work and there will be a minimum of prison discipline. The youths will be selected from those whom the courts hesitate to send to any State prison.

★ ★ ★

The name, Camp Pugsley, is a deserved tribute to Judge Earl C. Pugsley and the institution itself materializes a dream he has had ever since he began working with boys 30 years ago. He told the Kalamazoo Gazette that it always had been difficult for him "to place youthful violators in a grim state prison when far more good could be accomplished by giving them an opportunity to make a fresh start."

★ ★ ★

If, as we hope it does, Camp Pugsley proves all the Judge expects, it will be the first of several similar camps planned by the department. Correction Commissioners believe the camps could become the State's best hope of turning first offenders away from a life of crime.

Our Base in Iceland

Present indications are that the fate of the American manned NATO base at Keflavik, Iceland, won't be settled for a considerable time.

Certainly, there can be no solution until differences within Iceland's coalition government are resolved. The Thors government, defeated in the June 28 election, wanted to retain the base and American personnel.

★ ★ ★

The Progressive and Social Democrats, now dominating the new Jonasson coalition government also want to keep the base. But they want it manned by Icelandic civilians. Only the Communist dominated Workers' Union wants the base dismantled and Iceland out of NATO.

Naturally, the desire of the NATO Council is to have the base continued as presently operated. But if the coalition government's plan is insisted on, military experts say it would be difficult though not impossible to train native personnel.

★ ★ ★

Of course, this would impose a heavy economic burden on Iceland and NATO members probably would have to give the tiny North Atlantic Country some financial aid. It also has been suggested that both Britain and the United States would have to do something about creating markets for Iceland's fish.

★ ★ ★

Fortunately, none of the problems facing Iceland is beyond solution. But before any progress can be made in eliminating them, the Icelanders themselves must find a way to overcome the influence of the small but vocal pro-Communist minority.

That minority has Russia's, not Iceland's, best interests at heart.

U.S. Flood Insurance

Among the noteworthy decisions of the 84th Congress was its enactment of an Administration endorsed experimental flood insurance bill.

Aim of this measure is to provide heretofore unobtainable protection against flood damage. Stirred by last year's billion dollar river disasters in both the East and Far West, Congress okayed the proposal.

★ ★ ★

Unlike fire insurance in which the risk is spread over a wide area, flood policies could be sold only to those who live in danger spots and the risk thus would be too concentrated. For that reason the main feature of the bill is its provision for Federal reinsurance of private companies to induce them to take flood risks.

In its final form Federal reinsurance liability was limited to $3 billion which the President may increase to $5 billion and loans to flood victims may not exceed $2 billion. Because it still is uncertain whether insurance companies could be induced to sell such policies, Congress left the door open for direct Federal flood insurance.

★ ★ ★

While this bill actually does pioneer in a new field, it is far from being the first example of Federal insurance. According to the House Banking and Currency Committee there are at least 15 cases in which the Government has provided insurance of some kind.

It is to be hoped that the new law will enable private companies to write such policies and that direct Federal insurance will not become necessary.

'Drunk Died Here'

Suitable Marker for Place Where Stood Beautiful Tree

Dieting: Where half of what we eat keeps us alive and the other half kills us.

Most of the remaining trees on the Dixie Highway, within a few feet of the pavement, are being removed for several miles just northwest of Pontiac. They are considered a menace to traffic, but tree lovers do not favor their destruction. Some cars have been driven into them and wrecked, but in nearly every case the driver was drunk, and some met death in this manner, and hence the tree helped him out of the world before he killed somebody else. Perhaps it is fitting that in such cases a tablet,

"A Drunk Died Here,"

be placed on the site of the tree.

On the Corner — Watching All the Girls Go By

David Lawrence Says:

Keynote Speech Filled With Mud

CHICAGO — Do the American people really want a mud-slinging and vituperative campaign, and was the speech of Gov. Clement of Tennessee a "keynote" that other Democratic party speakers now are to echo on the stump?

Judging by the unanimous praise which came from Gov. Harriman, Adlai Stevenson, former President Truman, speaker Rayburn and almost all the other leaders, this type of campaign met with enthusiastic approval.

Yet, even in his most fanatical moments, Joe McCarthy never perpetrated a speech as violently partisan. Also, by comparison, the vigorous campaigning in 1954 by Vice President Nixon seems tame and gentle.

PRESTIGE HURT

After all the Democratic complaints about how the Eisenhower administration has "lowered American prestige" abroad, one wonders why—at a time when the secretary of state is getting ready to go to London to help solve a crisis that could mean war—the temporary chairman of the Democratic National Convention tells the peoples of foreign nations, including the Communist countries, that Dulles is "a wandering minstrel" and "unquestionably the greatest unguided missile in the history of American diplomacy."

But the most extreme portion in the "in-Clement" speech, as one newspaper here headlined it, was the following:

"We are not afraid to fight—and we are not going to sit back and watch one of the Republican candidates smugly attempt to lift himself above and beyond his party, meantime holding hands with the vice-hatchet man of the Republican party who—without interference from Gettysburg—charges 20 years of treason to the Democrats, and accuses the membership of the Democratic party — that means you and that means me, my friends and fellow Americans — with treacherous conduct!

"All they try to do to defend such an outburst of political intemperance from the most politically intemperate individual in the history of modern American politics is to peep from behind the curtain of confusion and guilt long enough to wave a check for a thousand dollars and say 'prove it!'

"Well, we'll prove he said it, and we'll prove much more, too, before this campaign is over. We don't want their thousand dollars. All we want is to serve the cause of decent political debate!

"That kind of double-faced campaign by the opposition—the vice-hatchet man slinging slander and spreading half-truths while the top man peers down the green fairway of indifference—will not be tolerated by the Democratic party."

Nobody in the administration ever charged the Democratic party or its membership with treason. President Eisenhower referred in his Milwaukee speech in October 1952 to the treasonable activities of certain government employes — such as Alger Hiss—who had infiltrated the Democratic administration. This very week it was disclosed that Hiss, who played a part in Far Eastern intrigues, wrote for FDR's signature in 1940 a personal letter on foreign policy that went to the American ambassador in Japan.

POTSDAM PLAN

Speaking before the platform committee here last week, Truman said that at Potsdam he recommended the internationalization of all canals, "including the Panama Canal." This is precisely what the Communist regime in Moscow a few days publicly proposed in order to embarrass America. Truman says "it is a matter of the record" that he made such a statement at Potsdam. But James F. Byrnes, who was secretary of state at the time and was at the Potsdam Conference, too, said to this correspondent today:

"The fact is that at the Potsdam Conference neither Truman nor anyone else made such a proposal. After we got there a suggestion relating solely to the control of the Danube River was made by U. S. It did not receive serious consideration. Churchill and Stalin asked that it be referred to the foreign ministers. As to the Panama Canal, had any such proposal been made, I would have dropped in my tracks."

This writer has verified at the State Department the fact that there is no such record—in the Potsdam proceedings or in any other international conference — of any proposal to any foreign government to internationalize the Panama Canal.

Yet factual errors of this kind are imbedded in political speeches in which the Democrats claim to know more about how to run foreign policy than their opponents.

Although there is today great danger of war in the world, irresponsible statements are made that do not uphold the President of the United States in his earnest efforts to avoid American involvement in a shooting war.

Dr. William Brady Says:

Doctor Does Not Compel Readers to Accept Advice

A testimonial, as I have often observed, is in itself not evidence. A single, isolated testimonial, that is. However, it is not so easy to dismiss as interesting, perhaps, but without significance a score or a hundred testimonials to the same effect from as many persons in widely separated parts of the country.

This is by way of apology for printing this communication from a Wisconsin reader:

Dear Dr. Brady:

I have followed your daily column . . . Your advice on allergy has brought great relief to me. I do not take harsh drugs any more. No more shaky knees. Ca & D is helping me wonderfully. It also helps my daughter's eczema and son's asthma . . . particularly relief of the hot flashes which bothered me in the daytime but especially when they woke me in the night . . . may God bless and keep you . . . (Mrs. T. A.)

In portions of her letter omitted, Mrs. A. mentioned still another familiar complaint—but I'm afraid many Y. W.'s will have tossed the paper angrily aside by this time. Oh, well, as good be hanged for a sheep as a lamb—the lady mentions also tetany and rheumatiz, though she is still a cut above calling it such a homely name—she calls it "arthritis."

* * *

The casual reader may regard the complaint mentioned by the Wisconsin lady as altogether unrelated.

Now let me say frankly I do not know anything about this, and I do not maintain that everybody is out of step but Brady. I merely give you my notion—you may take it or leave it. I believe that one with any of the complaints mentioned owes it to himself to follow a high calcium diet and supplement his diet with a good daily ration of calcium and vitamin D for not less than three months.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voters League Answers Earlier 'Guide' Question

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

The undersigned representatives of the Leagues of Women Voters in northern Oakland County appreciate the interest expressed lately in Voice of the People about the position of party tickets in the League's recent Voter's Guide. The policy governing this matter is based on the election laws of Michigan.

The section of the law pertinent to the above matter states, "The ticket of the party having the greatest number of votes in the state at the last preceding November election as shown by the vote cast thereat for secretary of state, shall be placed first on the ballot."

The purpose of the League of Women Voters is to promote informed citizen participation in government. Its membership is open to all citizens who will support the principles for which it stands.

U. S. Data Reveals Fluoride Advantage

The U.S. Public Health Service issued a glowing new report on the remarkable ability of fluoridated water to reduce tooth decay.

A 10-year study shows that fluoridation in Grand Rapids cut the occurrence of children's cavities about 60 per cent. Apparently, even adults developed fewer miseries.

"The scientific evidence is conclusive," the service said, "that water fluoridation is an effective public procedure for obtaining substantial reduction."

Grand Rapids began adding fluorine to its water in 1945. The results at the end of 10 years were published in "Public Health Reports." These showed a striking reduction in dental cavities in baby or first teeth. The reduction in the case of six-year-olds was about 54 per cent. They also showed a marked reduction in cavities in permanent teeth. The cavity rate was reduced on the average of about 60 per cent.

The reports also revealed no undesirable coloring of the teeth because of contact with the fluorine.

Egyptians Openly Voice Threat to Mideastern Oil

By JOHN H. MARTIN
INS Foreign Director

Egyptian newspapers now are more open about what was implicit in the Suez Canal crisis all along — threats against the vital Middle Eastern oil fields.

The Cairo press, operating on the premise that Egypt already has won the struggle over nationalizing the Suez Canal, now reports that a "Bureau for the Liberation of the Emirates of the Persian Gulf" is to be opened in Damascus.

Syria also reportedly has warned the United States that all Arab nations would retaliate against any British-French attack on Egypt. Such "retaliation" doubtless would include sabotaging and cutting off oil pipelines stretching across Syria to the Mediterranean.

The Middle East holds three-quarters of the world's oil reserves.

* * *

If the oil flow were halted, either through sabotage or closure of the Suez Canal, the impact would be terrific on the Western world, especially Western Europe.

RATIONING SEEN

Oil rationing would have to be started, and tankers would have to be diverted to the Western hemisphere to carry oil from the United States and Latin America to Europe.

The huge oil production on which Western Europe depends comes from Iraq and other fabulous wells in nations bordering the Persian Gulf such as Kuwait, Bahrein, Qatar, Saudi Arabia and Iran.

Benevolent despots of feudal dynasties in Kuwait, Bahrein and Qatar owe their long independence to British protection.

It is different in Saudi Arabia where the King rules by right of the conquests of his father and has been struggling against the British in claiming more oil-rich lands along the Persian Gulf.

Saudi Arabia, with its fantastic funds derived from oil, is in fact one of the leading backers of Egyptian President Gamal Abdel Nasser in his struggle to create a powerful Arab world stretching from the Atlantic across Africa to the Persian Gulf.

CONSIDERABLE STAKE

Britain's stake is considerable in terms of investment. It has at least one-third interest in Iraqi production, a 50 per cent interest in Kuwait's, and minor shares elsewhere except for Saudi Arabia.

The latter is entirely an American investment, and one of the main reasons the United States is so heavily involved in the fortunes of the Middle East.

Aside from financial interests, however, is the fact that Britain takes the stand that failure to obtain Middle Eastern oil would cause the economic disintegration of Britain and Western Europe.

It is, in Prime Minister Sir Anthony Eden's words, a "life-and-death" matter.

Case Records of a Psychologist:

Crane Debunks Fluoridation Scare

Paul raises a very interesting question. But modern scientists are still not free of such dangers from hysterical mobs. You may think that mobs went out of style after Jesus was voted to die on a cross by a propagandized mob in Pilate's courtroom. But potential mobs are still stirring right here in modern America. See what happens on many picket lines!

By DR. GEORGE W. CRANE

Case S-339; Paul P., aged 34, is the father of two school children.

"Dr. Crane, I recently saw a short movie outlining the great work of Dr. Edward Jenner, who discovered vaccination for smallpox," he began.

* * *

"It was thrilling. But I can hardly understand why the official doctors in the big city of London scoffed at Dr. Jenner and ridiculed him as a small-town practitioner.

"And even his own townspeople stoned him and were ready to kill him for his radical ideas.

"Isn't it wonderful that we live in such an enlightened age as this year of 1956?"

MODERN MOBS

But mob reaction still occurs even today. For example, I have been deluged with letters from priests and laymen, urging me to go all-out in attacking the fluoridation of city water supplies.

People are just as fanatical on that point as they were 200 years ago when Dr. Jenner pioneered smallpox vaccination.

Yet our chemists and dental societies have shown that the many cities where a minute trace of fluoride has been added to the water, show a dramatic reduction in tooth decay among children.

"But fluorides are poisons," a clergyman recently wrote me.

In large amount, that may be true. But so is salt fatal in large amounts, and so is iodine and almost all the other chemicals we employ in medicine.

* * *

But the minute trace of fluoride used in water is of negligible effect. Even if it were many times larger in quantity, the only ill effect would be speckled teeth.

But I'd far rather have mottled teeth than none at all! But city

water isn't being treated with enough fluoride to mottle our teeth.

DEAF SMITH DISCOVERY

In Texas a county is named after an early pioneer, called Deaf Smith.

Dentists noticed that residents of this county had almost perfect teeth. So they investigated and found that the water held a minute amount of fluoride in solution.

Please notice that people hadn't been dying of fluorides all those years in Deaf Smith County, Texas! Oh, some had speckled teeth, but their teeth were almost literally as solid as rock.

That's how the idea was started about fluoridating drinking water. And many large American cities now do so, and have for several years past.

* * *

Their children are benefiting. You folks who haven't fluoridated your water, are paying extra dental bills and your children are not as well protected with proper chewing machinery for long lives.

The fluoridation of water is like the iodization of our table salt—it acts as good health insurance.

In neither case is enough chemical added to harm us. But many potential mobsters are trying to frighten people.

And some politicians think they can make capital out of claiming that fluorides will poison us!

BE LOGICAL

In China the favorite method for committing suicide used to be the simple expedient of swallowing a handful of raw salt.

So salt is also poisonous! It killed thousands! And still does when sailors are afloat at sea and drinking the salty ocean water.

* * *

But, so what! Do we get hysterical about having salt on our dinner tables?

Tobacco and liquor are causing thousands of times more damage than any fluoridation of water, yet why don't these potential mobsters work up a lather indicting those proved medical hazards to human health?

If you potential mobsters in this country want to get "het up" about real dangers to America, use a little logic and quit straining at gnats while you glibly swallow camels.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Who's This Fellow Kefauver, Anyhow?

Wrong Man From Tennessee Sought the Nomination

By WALTER KIERNAN

CHICAGO (INS)—That fellow Clement won the oratorical honors in a Tennessee walk. Some said when the primary campaign train left Tennessee this spring the wrong fellow must have got on.

Governor Clement is the first keynoter ever to make a speech, conduct a revival, M.C. a quiz show and look around like he was asking for more work. This is a fellow who could worry Adlai Stevenson, Billy Graham and Hal March with a single piece of material.

And he followed a good picture.

The Democrats gave us a movie in their new optimistic process known as "Wide Screen Wistful-Vision." Two networks booked it but another network marked it "not for the whole family." The management is still explaining to the Democrats that it thought it was a travel film.

Meanwhile we're still looking over vice presidential possibilities. There's no real hurry because if the Democrats can't find a vice president, Harold Stassen will fly one out from his surplus stores.

HALF A VOTE APIECE

From now on in we will have a full house. There are 2,700 delegates here and they each have half a vote. This is the community property law extended to strangers.

A delegate never knows who has the other half of his vote until he tries to cast it without a co-signer. This means everytime you hear an "AYE," two set of lips are moving in legal synchronization.

The big business we're waiting for is the platform . . . not the one they stand on but the one they'll run on. It will beadjustable for size like the other one.

The party sent its political carpenters out here two weeks ago but the nails won't arrive until tonight.

And if the platform committee gets many more suggestions they won't have their planks glued together until after the November rains.

Their problem is to build a platform on which they can face north and south at the same time without twisting their ankles.

WHO NEEDS ONE?

You could run without a platform but it gives the delegates several more days to use up their lunch money.

For the benefit of those not familiar with the term, a "party platform" is a promise by a political party not to open the safe while the lights are out.

And the "keynote speech" is the one in which the speaker tries to get the key while noting that the other side has it.

* * *

And anybody who today outperforms Governor Clement will have to start from a standing position and work fast. When he finished Monday night there wasn't anything left for the Democrats to do but go home and wait for the mail. However they will continue as scheduled because they paid for the hall.

Pretty soon I can let you know who the candidate will be. He's trying to let himself know right now.

Color Argument in GOP Ranks

Mississippi Split Open Over Delegation Votes; Bias Enters Picture

By LEIF ERICKSON

SAN FRANCISCO (AP)—The issue of segregation confronts a Republican National Convention subcommittee today as two Mississippi delegations dispute the state's 15 convention votes.

* * *

The convention opens in the San Francisco Cow Palace Monday.

A group led by E. O. Spencer and Wirt Yerger Jr., contending it represents the Citizens for Eisenhower organization, which produced 112,000 Mississippi voters for Eisenhower in 1952, is challenging the delegation headed by Perry W. Howard, Negro attorney who has served as the state's national committeeman since 1924.

In a brief submitted to the contest subcommittee, Howard called the Spencer-Yerger group the "Lily White Republicans," and asserted they "have not allowed a colored person to participate."

* * *

The Spencer-Yerger delegation replied in their brief that, although their meetings were fully open to Negroes, none chose to appear.

The contest subcommittee headed by Albert K. Mitchell, New Mexico national committeeman, will hear the Mississippi delegations in executive session.

* * *

The subcommittee's report and decision on both issues will be delivered at a meeting of the Republican National Committee today. Losers may appeal at the open and public session of the national committee and then if they still are not satisfied can carry the fight to the Credentials Committee of the convention Monday.

* * *

Confident that they will be able to turn out a "brief, forthright and honest" document, other Republican leaders buckle down today to the tedious job of writing a national convention platform that will "go right down the line" in endorsement of the Eisenhower administration.

Arriving leaders continued to predict unanimous and fast approval of the Eisenhower-Nixon ticket.

Peru's Foreign Trade Gains Tenth in Year

LIMA, Peru — Peru's receipts of foreign exchange from all sources in 1955 amounted to the equivalent of $380,000,000 and foreign-exchange expenditures totaled $384,700,000, 10 and 11 per cent respectively, higher than in 1954. About 85 per cent was accounted for by transactions in United States dollars.

Burning of coal and oil in the next 50 years will release an estimated 1,700 billion tons of new carbon dioxide.

PIN-WORMS MAY BE A FAMILY AFFAIR

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms... ugly parasites that medical experts say infest *one out of every three* persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do ... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. *Then*—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for genuine Jayne's P-W Vermifuge ... the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

Solon to Spark State GOP Rally

Minnesota's Rep. Judd to Keynote Convention in Grand Rapids

LANSING (AP)—Congressman Walter H. Judd of Minnesota will give the keynote speech at the Republican state convention at Grand Rapids Sept. 1, state GOP chairman John Feikens announced today.

* * *

Judd, of Minneapolis, has served in Congress since 1942 and is a member of the powerful Foreign Affairs Committee.

"Congressman Judd will bring us a powerful message about the Eisenhower program and we are honored that he has agreed to keynote the convention," Feikens said.

Feikens said plans are to make it a "short, snappy" convention to start the Republican campaign.

"This will be the greatest Republican state convention in history," Feikens said. "There is more enthusiasm and optimism in the party today than ever before and a solid determination to carry Michigan for President Eisenhower and Mayor Albert E. Cobo."

* * *

The convention will name candidates for attorney general, secretary of state, auditor general and state treasurer as running mates for Cobo, the candidate for governor, and Clarence A. Reid, candidate for lieutenant governor.

Burglars Ransack Cedar Lake Cottage

Pontiac State Police today are investigating the breakin of a cottage near Milford in which $672 of miscellaneous articles were stolen.

Mr. and Mrs. R. Gibbard, of Clawson, who occupy the cottage on Cedar Lake road weekends, told troopers they discovered the losses Saturday night. Entry was gained by breaking a screen door and unhooking a night latch.

The articles taken included an outboard motor, a motor stand, a boat gas tank, water skis, tow ropes, bedding, a radio, and a clock.

High Dam Across Nile to Dwarf Big Pyramid

ASWAN, Egypt — The planned Aswan high dam across the Nile is to be built of granite and clay, rather than reinforced concrete, so it will be better able to resist bombardment and earthquake.

The volume of these materials will be 24,000,000 cubic meters—more than 30 times the volume of the Great Pyramid.

Chain That Bike!

If a bicycle is a necessity at a youngster's school, a padlock and chain can be a big help in keeping it put from morning to afternoon.

AT THE CONTROLS—Adlai Stevenson and his son, Adlai Jr., are intrigued with a model of the Democratic party symbol which is operated by remote control. It was presented to Stevenson by an admirer who visited Stevenson convention headquarters at Chicago, Ill. The donkey walks when control panel, at left, is operated.

On Repealing 'Socialistic' Laws

Former GOP Chairman Rebuffs Rayburn Charges

(Rep. Hugh Scott (R-Pa), a former Republican national chairman and current general counsel to the GOP National Committee, was an original Eisenhower supporter in 1952. He seeks here to answer House Speaker Sam Rayburn's charge that Republicans failed to abolish the laws they labeled "socialistic" four years ago.)

By REP. HUGH SCOTT

SAN FRANCISCO (INS)—Republicans have been the majority in the Legislature for only four years in the last 26 years.

* * *

In those four years our majority has been so narrow that each individual Republican advance has had to be battered out against stubborn Democratic opposition.

* * *

Virtually all new laws revise or change to some degree the legislation already on the books.

Certainly the Republican Party's sense of responsibility is such that it would no more do away with good achievements of the opposition party than the opposition party would do away with the good achievements of the Republican Party during the four years it was in control.

Rayburn's comment totally misses the point because if the laws of the Republican 80th and 83rd Congresses were not good, then why have Democrats not made some effort to get rid of them.

* * *

Does Rayburn contend that aid to Greece and Turkey, the Marshall Plan and the balanced budget of the 80th Congress are something the Democrats would like to count out?

* * *

Does Rayburn contend that the tax reductions and great expansion of welfare Legislation and the constructive domestic and foreign policies achieved in the 83rd Congress should have been repealed by the Democratic 84th Congress?

* * *

If he does so believe, why didn't he, as leader of his party, proceed to repeal everything the Republicans did?

Close Vote Seen in Idaho Primary

Taylor Trailing Church in Senate Race With 90 Per Cent Reported

BOISE, Idaho (AP)—Former Sen. Glen Taylor's bid for a political comeback teetered precariously today in a down-to-the-wire battle for the Democratic senatorial nomination in Idaho's primary election.

* * *

Frank Church, a political newcomer from Boise, led Taylor by a handful of votes with more than 90 per cent of the precincts reported. It appeared the winner would not be determined until the official canvass of votes Aug. 20 in one of the closest races in Idaho history.

Sen. Herman Welker (R-Idaho) easily won renomination, compiling a margin of 10,000 votes over the closest of his four competitors. William S. Holden, attorney from Idaho Falls who gave Welker the closest race, conceded early today.

* * *

The unofficial returns in the Democratic race, with 841 of 893 precincts reported:

Church 27,636; Taylor 27,538; Claude Burtenshaw, college professor from Rexburg, 11,562; and Alvin McCormack, Lewiston rancher, 6,303.

Taylor was in the Senate from 1944 to 1950.

Wesley Maas of Keego Taking UM Field Study

University of Michigan graduate student Wesley R. Maas, of 2235 Maddy Lane, Keego Harbor is among some 100 students doing field work at the University's Biological Station near Cheboygan this summer.

Participating in the eight-week course, Maas is studying natural resources at the station. The course ends Saturday.

The Biological Station is situated in the transition zone between coniferous forests of the north and deciduous forests of the south, and offers a great variety of topography, soil and vegetation. Mrs. Maas is accompanying her husband during the course.

$3 Million Soil Bank Aid Scheduled for Michigan

WASHINGTON (AP)—The Agriculture Department said yesterday it hopes to begin delivery of about 230 million dollars in soil bank payment certificates to state farm communities within three weeks. Michigan will receive $3,567,000.

The certificates are for cash the government is giving farmers who take certain cropland out of production. They will be distributed to individual farmers after the state committees check their eligibility.

Cougar 'Spotted'

DE TOUR (AP)—The De Tour cougar, a "large, yellow, panther-like" animal that has been seen a half-dozen times in the De Tour area during the past two years, has been encountered by 12-year-old Jerry Pitko. The boy said he was walking to a friend's house over the weekend when he spotted the animal sitting on a sawdust pile. The animal headed for the woods and Jerry said he ran home "like smithereens."

Congressman Claims Nixon Routed Out Reds in Government

GOP Retaliates, Pins 'Hatchet Man' Label on Clement

By ALVIN SPIVAK

SAN FRANCISCO (INS)—Republicans preparing for their political convention struck back yesterday at the Democratic keynote blast aimed their way by Tennessee's Gov. Frank Clement.

* * *

Rep. Clarence Brown (R-Ohio) one of the GOP leaders setting up arrangements for Monday's launching of the Republican National Convention said:

"While the voice undoubtedly is that of Clement, the words and theme song seem to be those of Truman."

Party Chairman Leonard Hall flatly asserted: "We will campaign on our Republican record . . . a Republican victory will be a victory for America."

CRUSADE TO START

Hall told a fund-raising dinner in San Diego last night the GOP's "1952 crusade met with the overwhelming approval" of Americans.

He said the convention next week will "begin another crusade to continue the peace, prosperity and progress this administration has given to the American people for the past 3½ years."

Brown maintained that Clement, "who may not be entirely above reproach himself, swings a vicious double-blade axe when he accuses the vice president of being a hatchet man."

* * *

Brown said:

"What the country knows, and Gov. Clement should know, is that . . . Nixon proved to the satisfaction of the American people that certain public officials had been soft on Communists infiltrating into our government.

"The truth hurts—otherwise he (Clement) would not have shown so much concern over the coming renomination and re-election of President Eisenhower and Vice President Nixon."

ACTIVITY STEPPED UP

Republican preconvention activity gathered pace, meanwhile, with meetings of the national committee's subdivisions on contests, rules and arrangements. Platform hearings begin today.

The Contests Committee was to act on which of competing delegations from Mississippi and South Carolina will be seated from each of those states.

Other than that, thereis little outward controversy. Harold E. Stassen, conducting an almost single-handed boom to have Massachusetts Gov. Christian A. Herter bump Nixon off the ticket was not due in town until Friday.

* * *

It was too early to guess what effect will result from California Gov. Goodwin J. Knight's declaration he is "available" for the number two place on the ticket. Knight told the California Federation of Labor's annual convention at Long Beach Monday he has "never sought" the nomination but "any one in public life would have to be less than honest not to be honored to accept."

* * *

Hall said, however, a recheck of his mail shows that of 5,000 letters he has received, 80 to 85 per cent "speak favorably of an Eisenhower-Nixon ticket."

Most Confusing: Taxing Islands Which Just Ain't

RICHMOND, Va. (AP) — City tax officials confessed they've been sending out tax bills for years on three small islands in the James River whose location is unknown.

* * *

The bills have been returned for years because the owners can't be found, either. But tenacious tax officials keep the islands— three of more than 50 in the Richmond section of the river—on the tax rolls.

G. S. Crenshaw, deputy city assessor, said yesterday maps and records showing the location of the islands were destroyed or misplaced years ago. He doesn't know when the last city appraiser visited the islands, so every year he assesses the unseen property at the same value as the previous year—$550, $380 and $200.

* * *

Crenshaw said he'd really like to take the islands off the tax rolls, but first he'd have to prove conclusively they don't exist.

* * *

To do this, he'd have to go where the islands are supposed to be to see if they are. If he could get there, however, the islands would be lost in the first place.

With Recorders:

Tape College Memories

Yesterday's alumnus can only wish vainly to recall the excitement of the varsity's most important football game, the boisterous sessions in the fraternity house, the voices of friends unseen for years.

But today's new college student will probably be armed with a tape recorder to guarantee him a "live" album of his experiences.

Rising in popularity as a gift for the departing student, the tape recorder, according to John Weber, director of technical services for Bell & Howell, is a double investment for the freshman who faces the dual problems of intensive study and social adjustment.

A portable tape recorder faithfully preserves lectures and class discussions.

Political science and journalism students record actual interviews with civic authorities or famous personalities for later study.

The aspiring actor detects his own "hamming" tendencies in drama class.

Foreign language errors can be corrected with practice on the tape recorder.

MUSICAL STUDY

Field trips, musical study from band practice to unofficial jam sessions, medical case histories, interviews with museum curators, each can contribute to the student's final term paper on his chosen subject, actually presented in tape recorder form.

For recreational use and to insure personal popularity, the tape recorder is unexcelled. Music, both recorded on tape or performed by friends, becomes an unforgettable part of future memories.

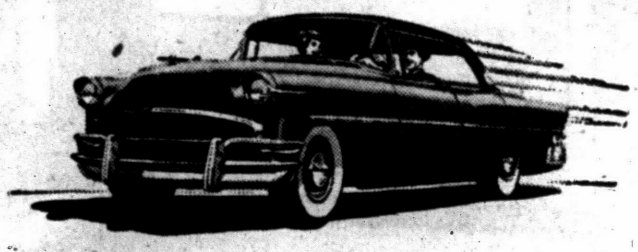

Parties, football rallies and voices of colleagues happily wrangling over a disputed idea, can be enjoyed during school terms and saved to take home.

And the inevitable homesickness finds solace in correspondence by tape.

Hearing the whole family on a tape that came in the morning mail can bolster the morale of the lonesome boy or girl away from home for the first time.

GETTING CLOSE TOGETHER—Sen. Estes Kefauver, left, of Tennessee, and Adlai Stevenson get into a close huddle at a meeting before the start of yesterday afternoon's session at the Democratic National Convention in Chicago. Stevenson appeared with Kefauver at the meeting of the latter's former delegates. Kefauver called a session to urge delegates to vote for Stevenson, but it turned into sort of a rally for a Stevenson-Kefauver ticket.

When Rayburn Nods His Shiny Head Watch for a Stampede to the Bandwagon

By JAMES LEE

CONVENTION HALL, CHICAGO (INS) — Sam Rayburn, who well may be the mightiest man of all among the embattled Democrats, is back in the convention spotlight.

* * *

The doughty bald eagle of Bonham, Tex., speaker of the House of Representatives, by the law of the land only two heart beats removed from the Presidency of the United States, the nation's No. 1 Democratic office-holder at this stage in history, returns to a role he loves.

By rigid tradition, Rayburn, and no other, is permanent chairman of the national convention. He has been functioning in that capacity since the late Franklin D. Roosevelt first appeared on the political stage and he has never had a serious rival.

Terse, seldom-smiling, gimlet-eyed Sam Rayburn, a wizard of politics, a 74-year-old giant in the jungle of government, considers the word "defeat" an almost obscene expression.

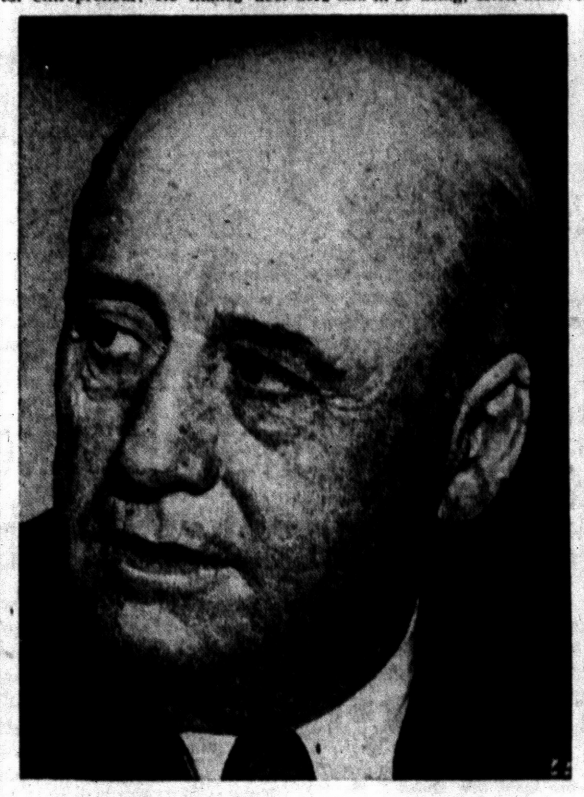

NEVER LOST

He has never lost a fight for re-election to Congress. He has served in the House for 42 years. He has been speaker of the House six times.

Under the Constitution, if death were to come to President Eisenhower and Vice President Richard M. Nixon, the presidency would go automatically to Rayburn.

But it never has been his personal ambition to be President. Had it been, there are literally millions of Democrats who are convinced he could have made it.

"Mr. Sam" prefers to work assions. Other men carry out his or- an entrepreneur. He makes deci-ders and in so doing, often achieve the kind of glittering fame Rayburn scornfully spurns.

SAM RAYBURN

He is definitely the man to watch when the chips go down in the presidential nomination battle among Adlai Stevenson, Averell Harriman and the eager dark horses.

Rayburn is no neutral. When the crucial moment comes, he will recognize the "right" delegate from the "right state" and the steamroller will start rolling—and the shiny-domed, tight-lipped massive-shouldered Texan will be the man who sped it on its way.

RAZOR SHARP

Politics, with all its pressures and heartbreaks, its triumphs and its tragedies, is Rayburn's real love. He has no wife, no family to occupy either his emotions or his mind, a mind as sharp as a newly honed razor, as full of pertinent facts as an encyclopedia.

The people in the convention hall, the televiewers throughout the United States, will be watching a political magician in action for the next few days as Rayburn dominates the Democratic hurly-burly with the matchless touch of the oldest pro the party has.

Unlike Harry S. Truman, Sam Rayburn is no man to "give 'em hell" in public. He prefers to do his talking in private. He never says a word he doesn't mean. And when he acts, he does so with the fierce honesty of a frontiersman.

* * *

It is not unlikely a word from Sam Rayburn sometime in the course of the battle will decide the Democratic presidential nomination. At any rate, it's a possibility worth watching for.

The Highlights at Chicago for Today, Thursday

CHICAGO (AP)—Here is the program for the Democratic National Convention session today and tomorrow:

Wednesday —

Opens at 8 p.m. EST, with invocation, "Star Spangled Banner."

Report of Resolutions and Platform Committee — House Democratic Leader John W. McCormack of Massachusetts, chairman.

* * *

Addresses—Sen. Robert S. Kerr of Oklahoma and Rep. William L. Dawson of Illinois.

Thursday —

Afternoon session opens 12 noon with invocation, "Star Spangled Banner."

Roll call of states to nominate candidates for the presidential nomination.

* * *

Night session opens 8 p.m. with invocation, "Star Spangled Banner."

Balloting on candidates for presidential nomination.

Williams' Boy Injured in Fall From Horse

MACKINAC ISLAND (AP) — Gery Williams, 15-year-old son of Gov. G. Mennen Williams suffered a minor sprain of his left ankle yesterday when he was thrown from his horse.

Gery was taken to Little Taverse Hospital in Petoskey where doctors said today he was "resting comfortably." They said Xrays showed no broken bones.

Joe Haas at Convention:

My Desk a Magnet

By JOE HAAS

Biggest campaign buttons are worn by the Kansas delegation. They represent a sunflower and are a foot across.

* * *

Had quite a talk with Gloria Lockerman at the Congress Hotel soon after her appearance on the convention program Monday evening. She is a typical child prodigy on a single subject. She knows nothing about Michigan except that it is "near Detroit." She never heard of Pontiac—but could spell them all. She said, "Our folks at home are for Ike."

* * *

It's a great experience and privilege to represent a winner. In the press section my desk is a magnet. They want to meet the representative of the paper that won all of those national awards.

* * *

His big brother with the Associated Press sends regards to Jack Hackett, copy editor with The Pontiac Press. Will bring 'em with me, Jack, when I return to the sane life.

* * *

Anything you read about the smell of the stockyards is pure bunkom. It's a relief to get out here from downtown Chicago.

* * *

The various soft drinks sure are publicizing their wares. They're on free tap everywhere.

* * *

Just met a young thing who confided that she's gathered 17 Stevenson hats, but still is seven behind her girl friend.

* * *

The convention would have to adjourn and let us all go home if the mimeograph operators went on a strike.

* * *

Gov. Clement put up a lightning rod by comparing himself to William Jennings Bryan under similar circumstances 60 years ago. And you know what happened.

26 'Hurt' at Convention

CONVENTION HALL, Chicago (INS)—Twenty-six persons were treated at the Democratic convention's first aid station yesterday. While their ailments ranged from a skinned knee to a staple in the finger, it was significant that eight of the "patients" were cured with aspirin.

Ave to Fight It Out

CHICAGO (INS)—Averell Harriman's top strategist, Carmine DeSapio, said today the governor's forces intend to "fight it out" on the convention floor to win a platform pledge to enforce the Supreme Court decisions on segregation.

And - - - That's That!

CHICAGO (INS)—Averell Harriman's headquarters declared today that Stevenson supporters have promised the vice presidential nomination to Sen. Estes Kefauver if Adlai Stevenson is the 1956 Democratic nominee for president.

John Wesley Hyatt, inventor of celluloid, also invented the flexible roller bearing.

DEMONSTRATION — During a morning session yesterday when many of the Democrats attending the national convention in Chicago were absent, a small demonstration by Michigan delegates was held for Martha Griffith, who is speaking from the rostrum.

'Now, Look Here, Man...'

CHICAGO (INS) — When the Democrats ordered admission by ticket only to their convention, they really meant it. William Wood Prince forgot his credentials. Three times he tried to get in and three times the guards turned him away. Finally, Prince enlisted the aid of chief usher Andy Frain and was admitted to the convention hall. That was only proper, since Prince owns the place.

Weather at Convention to Range in the Mid-80s

CHICAGO (AP) — Near normal temperatures, with highs in the mid 80s, were forecast today for the rest of the Democratic National Convention ending Friday.

A five-day forecast said the mercury will remain near the normal maximum of 84 and the normal minimum of 60.

An average of 10 mice live on a farm acre, says the National Geographic Society.

Te's Youngest Delegate

CHICAGO (INS) — The youngest delegate to the Democratic National Convention is hefty Jerry Ringo, a 225-pound University of Kentucky junior who is pledged to Kentucky Gov. A. B. "Happy" Chandler. Ringo is 19.

IT SAVES TIME—This is a little girl and a home food freezer. The little girl may not know that her school lunches for this week have been frozen to be placed in her lunch box day by day where they will thaw and be crisp and ready to eat at noon.

Strive for Variety, Balance in Preparing School Lunch

"Appetite appeal, good nutrition—even care of the teeth—can be combined in your children's diet," according to Mrs. Adelaide Fellows, leading home economist.

* * *

"Children require a great deal more protein than adults to grow and build new tissues," she says. "It would be thrifty or particularly appetizing, however, to give them meals composed entirely of the 'complete' protein foods—milk, cheese, eggs, meat, poultry, fish. A good rule is to incorporate a small portion of one of these foods, which supply the eight essential amino-acids, into each meal. Then supplement them with vitamin foods which help the protein do its work.

"Good breakfasts are a must for children and grown-ups alike. Start their day—and yours—right by giving them fresh fruit, cereal, an egg or bacon, buttered toast and milk. A refreshingly different breakfast fruit is sliced banana, sprinkled with sugar, and served with lemon juice diluted to the consistency of 1/3 water to 2/3 juice.

"Packed lunches can combine things children like with what you know is good for them. Raisin bread sandwiches of cream cheese and apple butter contain iron, vitamins, proteins while satisfying the sweet tooth. They can't scrub their teeth at school, but if you'll include an orange as 'dessert,' dentists will approve because they describe whole peeled oranges as 'nature's toothbrush.' Oranges, grapefruit, apples and uncooked vegetables help remove sweets that cling to teeth and form harmful acids which contribute to dental caries. Tuck some raw celery or carrots into the lunch box, too, for additional vitamins, food texture and bulk.

SAVE LEFT-OVERS

"Make a supply of sandwiches in advance and store in your home freezer. They warm up sufficiently to be appetizing by noon without risk of food spoilage and with the assurance that maximum nutritive value has been preserved.

"Don't discard small left-over portions of soups or stews. Freeze them. On some cold, blustery day reheat, pack in a wide-mouth vacuum jug. Bread and butter sandwiches, a cookie and fresh fruit complete a hearty, healthful lunch.

"Vary home lunches by serving Welsh rarebit. Processed cheeses now on the market may be heated quickly with a little milk. Pour over toast points and top with fresh tomato slices."

Mrs. Fellows, who is the home economics director for the Philco Corp., also stressed the importance of teaching children "the salad habit."

* * *

She pointed out that a delicious, economical dinner is an easily prepared casserole—like cubed ham and potatoes in white sauce—a green vegetable and leafy salad followed by the family's favorite gelatin dessert. A meal like this provides eye and taste appeal, contains all necessary nutritional values, and is easy on the budget.

Venezuela Rebels Jailed

CARACAS, Venezuela (AP) — A court has sentenced 22 men and a woman to prison terms ranging from 12½ to 20 years for complicity in the assassination of Acting President Carlos Delgado Chalbaud on Nov. 13, 1950.

Knock Me Down but Don't Spill Open My Purse!

PETERSBURG, Va. (AP)—There's almost nothing that infuriates Miss Patricia Nelson like a spilled purse.

* * *

Miss Nelson, 21, told a police court hearing she was walking home Monday night when a man caught up with her, grabbed her around the waist and threw her to the ground.

Her screams brought help from nearby houses. But witnesses said by the time they arrived Miss Nelson had freed herself and was ordering the man to pick up everything that had fallen from her purse.

* * *

A Ft. Lee soldier, who the witnesses said apologized for his actions, was fined $250 and sentenced to 12 months on an assault charge.

"I was angry," was Miss Nelson's explanation.

Half of Class Seeking Careers in Sciences

An indication that this nation's need for engineers is already being recognized by boys in secondary schools comes in a survey of the graduating class at Culver Military Academy, Culver, Ind. More than half the present senior class of 170 boys plan to go into science, engineering or mathematics when they enter college this fall.

There is a general recognition, in government, that part of our nation's wealth is its engineers and scientists.

Monument to Honor Pike's Peak Founder

COLORADO SPRINGS, Colo. (AP) — A huge boulder monument to Zebulon Montgomery Pike will be dedicated this summer on Pike's Peak, which he discovered 150 years ago.

The dedication will be one of the chief events in the sesquicentennial celebration of Pike's discovery.

Attached to the boulder will be a 2-foot square bronze plaque with the head of Pike in bas-relief. The plaque is being cast from a model made by John Fetler, sculptor and music critic for the Colorado Springs Gazette Telegraph.

The number of milk cows in the United States declined 1 per cent during 1954.

Catholic Newsboys on Boycott

'We Won't Handle Muck' Campaign

MELBOURNE, Australia (AP)—The "We won't handle muck" campaign of Roman Catholic news boys has spurred demands for a government crackdown on girlie magazines.

It is a boycott by pupils 9 to 12 years old at Catholic schools in Melbourne against 21 Australian publications they deem unfit to read.

The magazines are profusely illustrated with provocative nudes. The boys refuse to distribute them.

The boycott was launched in early June by 80 pupils at the Christian Brothers' St. Mary's School in West Melbourne. Since then about 350 other Catholic newsboys have joined it.

The magazines still are on sale at newsstands and are peddled by hundreds of non-Catholic boys.

Publishers won't talk about the effect of the boycott on sales, but it is generally conceded circulation has dropped. The publishers obviously are worried that the campaign may spread to other cities.

Other religious denominations have expressed interest in the boycott. There is talk that the Catholic hierarchy of Victoria will sponsor the enlargment of the movement throughout Victoria state, and that it may eventually be extended through all six of Australia's states.

* * *

Melbourne's Street Trading Licenses Board has recommended that the Victoria government forbid distributors to ask youths to sell the undress publications. Public pressure for state government action seems to be growing.

* * *

The magazines all are published in Australia but many use material obtained from the United States and Britain. Brother Butler, principal of St. Mary's, says the most objectionable material is air-mailed to Australia on microfilm to thwart customs inspection. Airmail letters generally are not opened by customs inspectors.

MIXED EMOTIONS—Pledged at time of arrival to give their 28 votes to Gov. Averell Harriman on the first ballot, Oklahoma delegation whoops it up at trainside in Chicago. Sprinkling of Stevenson hats and umbrellas could be signs of changing times after weekend caucuses which many delegations will hold prior to opening of the Democratic convention.

Roy Rogers' Helper Arrives Just on Time

DENISON, Tex. (AP)—Art Rush, manager of cowboy movie actor Roy Rogers' enterprises, took over one of the actor's roles and rode up just in time to save the old homestead.

* * *

Rush was headed for Dallas when he noticed flames billowing from a house three miles north of here. He rushed in and helped carry out furniture, then joined a bucket brigade and helped put out the fire in the home of Homer Smith.

* * *

Then Rush climbed into his car and continued toward Dallas.

More than three fourths of the sulfur produced in the United States is turned into sulfuric acid before it is channeled into industrial uses.

He Came Back Later for a Load of Bricks

GREENSBORO, N. C. (AP)—Found: 5,000 missing bricks and the lady who let her front yard be used as storage space.

* * *

A truckdriver, bringing the bricks from nearby Burlington, got two flats here. He couldn't jack up the wheels without unloading his cargo, and a lady said he could use her front yard.

Real trouble began when the truckdriver went back to Burlington for another load of bricks and some helpers for reloading the first batch. Then he couldn't find the lady's house and she didn't know who the bricks belonged to.

* * *

But now the man has located the house and the 5,000 bricks.

"I knew the man would be back sooner or later," said the lady.

John Cabot was not an Englishman, but an Italian. Henry VII granted him authority to claim for England any territory he might find.

His New Bride Adopts Children -- 11 of Them

CHICAGO (AP)—Mrs. Elizabeth J. Duhig, 32, who last February married policeman Martin Duhig, father of 11 children, has become the mother of the children by adoption.

The children are of Duhig's first marriage to Mrs. June Duhig, who died 14 months ago. Mrs. Elizabeth Duhig's first husband, George Caley, died in 1953. They had no children.

The whole family was present in Cook County Court when Judge Otto Kerner approved Mrs. Duhig's petition to be declared the legal mother.

"I love them all," Mrs. Duhig said. "For the last couple of months I've been thinking I might as well be their legal mother. The younger ones occasionally asked if I were their real mother."

You get more car when you buy it... more dollars when you sell it! Chevy has the highest resale value of the leading low-priced models!

Why people who used to buy higher priced cars are changing to Chevrolet

Sales and official registration figures show that the higher priced cars are losing more and more buyers to Chevrolet. And it isn't just because a Chevrolet costs less, either!

If you buy a higher priced car instead of a Chevrolet, what do you get in return for those extra hundreds of dollars?

More room? No, because the difference in room is usually measured in fractions of inches—*often in Chevrolet's favor!* Better roadability? Not with Chevy's wedded-to-the-road stability and sure-footed cornering ability. Better performance? Well, Tom McCahill, automotive expert for Mechanix Illustrated, called Chevrolet "the greatest performance buy ever offered at any time in America!" Result: more buyers are deciding they'd rather drive a sweet-handling Chevrolet even if it *didn't* cost less! Wouldn't you?

BY DOING — WE LEARN

Maybe one of the reasons why the people who serve you at your neighborly National Food Store are so sympathetic to your housecleaning problems is, that they too have a daily routine of it. Floors must be kept clean and waxed . . . shelves dusted and those thousands of labels kept sparkling for you. Finger marks must be removed from glass and woodwork . . . refrigerators kept spotless and sanitary . . . storerooms kept neat and orderly. And when you consider the thousands of "guests" that call on us daily it is no wonder that you marvel at the way the National Folks keep up with their housekeeping.

★ ★ ★

Lower the Temperature of your guests by bringing out the roaster filled with cracked ice and a variety of Natco beverages snuggled in the cool crystals. Natco beverages are not only the purest and tastiest to be found, but each bottle is of such generous quantity (24 ozs.) that everyone is assured of satisfying their thirst. And you can keep cool about the empty bottle too, because Natco beverages come to you in "one trip" bottles — no deposits, no returns — used once and never used again — saving you the return trip.

★ ★ ★

A REAL TREAT for an outdoor barbecue is the Cornish hen you find in our frozen food department. It's unbelievably easy to cook over a charcoal broiler and so delicious. Split the bird down the back — flatten out — brush with cooking oil and seasoning. Begin broiling with skin-side up over a bed of glowing coals. Turn every five minutes, basting occasionally with the oil. Takes from 30-40 minutes. Plan one Cornish hen for each serving and EAT WITH THE FINGERS.

★ ★ ★

If You Have Never . . . tasted Mother's "chicken fried round steak," once you do, down will go the bills but up will go the appetites. Into both sides of the round steak pound from one-fourth to one-half cup of seasoned flour. Cut steaks into individual servings. Fry to a good brown on both sides. Add from one-half to one cupful of chopped onion and ¼ cup water or tomato juice. Cover pan tightly. Simmer 'til tender, removing cover the last five minutes.

Yours for satisfaction,

Betty Natco

Girl Named Peach Queen on Birthday

Armada Miss Awarded Title

18-Year-Old Unanimous Choice of Six Judges; Blonde Runner-Up

ROMEO—Pert, dark haired Ann Zemke of Armada received a surprise 18th birthday present last night.

* * *

She was the unanimous choice of six judges for Romeo Peach Queen and will reign over the 24th Annual Peach Festival Sept. 1-3.

Competition was held in the Romeo High School auditorium before an audience of more than 600 persons.

Ann is one of five daughter of Mr. and Mrs. John C. Zemke and will be a University of Michigan freshman in the fall. She was the Armada High School Homecoming Queen in 1955 and is five feet, five inches tall.

Her measurements are 36-23-36.

Statuesque blonde, Audrey Terry, 20, of Almont, was named first maid of honor. She is the daughter of Mr. and Mrs. Graham J. Terry and is a Michigan State University student.

Kay Gabbard, 18, daughter of Mr. and Mrs. Walter R. Gabbard of Capac, was second maid of honor. She is a sophomore at Central Michigan College.

Proceeds to Sponsor Japanese Student

Plan International Exhibit at Milford

REBA HEINTZELMAN
Milford Correspondent

MILFORD—Members of the Milford Farm and Garden Club have been working for months collecting curios for their "International Exhibit" to be held Thursday.

The exhibition will take place at the home of Mrs. Frank Higby, at 1325 N. Milford Rd., from ten in the morning until four in the afternoon. All the proceeds will go towards the sponsorship of a Japanese exchange student in September.

Special guests of the day will be Doris Hammond from the British Council for the Detroit Region, and A. B. Birnkrandt from the Austrian Council. They will be on hand to answer questions pertaining to their countries.

Among the items to be on display are candlesticks from Sweden and Germany; vases from Italy; rugs from Mexico and pottery from China.

Foreign background music, typical of various countries, will be played for guests throughout the day, and many rare records have been accumulated by Mrs. Charles Sheppard.

Toshiko Okitso, Japanese high school girl who is to be sponsored by the Garden Club, will live at the home of the Ward Mancour family, at 401 Washington St., Milford.

Tom Meagher is the Milford representative of the American Field Service.

A donation will be taken at the Higby door, and all interested persons are urged to attend the exhibit.

MR. AND MRS. LEWIS W. GAETH

Lewis Gaeth Takes Bride on Trip Through Canada

ROCHESTER — Lewis William Gaeth, son of Mr. and Mrs. Lewis William Gaeth, and his bride, the former Mary Ann Martin, are on a short trip into Canada following their recent wedding at Spokane, Wash.

They will return Saturday to reside in Apartment B, 2438 West Pacific, Spokane, where the bride has been living.

She is the daughter of Mr. and Mrs. Herbert G. Martin of Clermont, Iowa.

For the evening wedding, she wore a gown she had fashioned of white embossed taffeta in princess lines with a chapel train on the full skirt. It featured a v-neck; front and back, and cap sleeves and was worn with matching mitts.

Her veil of French illusion was fastened to a white satin cap trimmed with pearls, and her cascade bouquet contained pink roses and white stephanotis.

BREAK GROUND FOR ST. MARK — Digging into a bit of the seven-and-a-half acre site for St. Mark's Lutheran Church, 7979 Commerce Rd., West Bloomfield Township, is the Rev. William C. Grafe, pastor of the 115-member congregation. At his right is George Schroeder, president of the congregation, and from left to right, Thomas Fuller, chairman; Earl Garrels, and Vincent Spencer, all of the building committee.

St. Mark Lutherans Start Building

WEST BLOOMFIELD TOWNSHIP — Groundbreaking ceremonies Sunday at the site at 7979 Commerce Rd., where St. Mark's Lutheran Church will stand, began a seven-month construction period.

The congregation, now numbering 115, expects to have seating space for from 350 to 400 in the contemporary style building's nave. Its full basement will accommodate Sunday School classes and social gatherings.

Overall cost of the structure, designed by Merritt and Cole of Detroit and being built by Maurice D. Roberts, also of Detroit, will be $110,000.

The Church Extension board of the Michigan District, Lutheran Church-Missouri Synod will provide the funds. The congregation expects to raise $40,000 in loans to help finance the project.

The congregation, one year old in June, will continue to hold services and Sunday School in the Westacres Community House until the new church is completed.

23 Meet to Mull Waterford Law

Chartered Township Government Favorably Eyed by Group

WATERFORD TOWNSHIP — Sewers and water systems, industries, zoning, the airport, ordinances and law enforcement all received consideration when twenty-three Waterford Township residents met last night at Township Hall.

Four possible types of future government for the township were discussed. The present government, as written in the state constitution, was meant for townships of less than 5,000 residents. Chartered township law, as it now stands, was meant for areas of about 18,000 population. Incorporation as a city or annexation were the other alternatives considered.

However, the chartered township form of government was the type the group was most interested in. Professor Lewis Freidland of Wayne University, author of the law, will be asked to speak at the next meeting.

Present at last night's meeting were township officials, association heads, organization and industry representatives and committees from the Business and Professional Women's Club and the Junior Chamber of Commerce.

Wolverine Lake OKs Franchise

Electors Approve Gas Issue, 2 Amendments in Special Election

WOLVERINE LAKE—Voters of Wolverine Lake Village yesterday approved three issues in a special election held at the Village Hall on Glengary Road.

* * *

The proposal to grant Consumers Power Company a 30-year franchise to provide gas service to the area was approved by an overwhelming majority, 171 to 38.

The two other issues, an amendment to the charter to permit the village to allow for special assessment districts for road improvement and public necessity and amendment to the charter to permit the village to issue bonds to finance improvements, were closely contested throughout the day. Final count showed that the electors approved the amendments by a vote of 109 to 100.

Only slightly more than 200 voters went to the polls.

In a special council meeting held last night, the board canvassed the votes and then adopted a resolution which officially gives Consumers Power Company the right to supply gas to the village.

Today you can have what other cars may not have for years

JUST BETWEEN US—don't you get a kick out of keeping a step ahead of the other fellow—especially when it comes to cars?

So wouldn't you find it fun to boss the newest thing in motordom—a car with the greatest advance in transmissions since the gearshift left the floor?

And wouldn't you like to have all this at a price that is right—and when the weather is right—and right when your car is at its top worth?

Well, sir, we've got that kind of situation for you—*now*.

Because this very day you can step into a 1956 Buick with Variable Pitch Dynaflow* and drive away with a transmission so modern, so responsive, so smooth that you may not find its like in other cars for years to come.

You can have the thrill of split-second action from the merest nudge of the pedal—and with the good-news gas savings this economy range brings.

You can have the safety-surge of power that comes from pushing down on the pedal and switching the pitch.

All with the walloping might of Buick's 322-cubic-inch V8 engine. All with the new luxury of a ride that's built on 4 brawny coil springs for buoyant levelness. A ride with new steering ease and sweeter handling.

Best of all, you can make the buy of a lifetime. For *today's* low prices have helped move Buick into America's best-selling 3 more firmly than ever.

That means we can come to terms on the trade-in value of your car in a way that's bound to tickle you pink.

Why not stop in and take us up on that—today?

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

Hal Boyle Says:

Katchoo! Sneezing Season Is Here Again

NEW YORK (AP)—This is "S"-Day—the "S" stands for sneeze—for five million Americans.

* * *

It is the opening of the annual hay fever season, when man's best friend is no longer his dog but his pocket handkerchief — or the nearest air conditioning machine.

For the next month the land will resound with the wheezing and sneezing of more than five million U. S. victims of this peculiar allergy, which seems to be as old and as mysterious of origin as man himself.

* * *

Beware the watery eyed sufferer the next 31 days. Avoid the mischievous temptation to tell him that hay fever, like seasickness, is all in the mind, or that "it's no worse than an ordinary cold."

Hay fever is no joke to the man who has it. Nor is it any joke to industry. The U. S. Public Service estimates hay fever costs 24,750,000 lost work days each summer.

* * *

Dr. Rudolph L. Mayer, discoverer of Pyribenzime, an antihistamine used in its treatment, lists allergies — hay fever is a leading form — among the first three chronic diseases in America, exceeded in number of cases only by heart ailments and mental illness.

"Actually, the first hay fever symptoms were described by physicians in Greece five centuries before the time of Christ," said Dr. Mayer.

* * *

These ancient doctors prescribed remedies of arsenic and belladonna to ease the discomfort and arsenic is still used in some patent medicines today in the form of Fowler's Solution.

Hay fever is peculiarly prevalent in America, oddly enough, because of our prosperity. It is caused by airborne giant ragweed pollen. In Europe and Asia, where almost every scrap of land is carefully tilled, there is no place for ragweed to spread, and the incidence of hay fever is low. But here ragweed has burgeoned on acres spared from the plow, and all attempts to stamp it out have failed.

* * *

Antihistamines, which at first seemed to offer a satisfactory way of alleviating the discomforts of hay fever, turned out to have a drawback. They made some people sleepy, thus were potentially dangerous to truckdriver, salesman, and others who spend long hours on the highways.

Now a new drug called plimasin, a combination of antihistamines and ritalin, a stimulant against fatigue and mental depression, has been introduced. Dr. Jerome J. Sievers, chief of the allergy service at Los Angeles Children's Hospital, tested the drug and found it gave relief in many cases and had few side effects.

* * *

But all present forms of threatment are palliative only. No real cure has been found, and none is on the horizon.

Even the millionaire, with a yacht has a hard time fleeing the nose-tickling pollen. Winds often carry it far to sea.

* * *

There is one surefire prescription for beating hay fever, but it's hard to follow.

Hole up in an air-filtered room, hang a "do not disturb" sign on the door, and hibernate there until the season is over.

THE BERRYS — By Carl Grubert

Terrapin Carries Age Proof on Back

HOT SPRING, Va. (AP)—Herman Perry can vouch for the long life of a terrapin.

Back in 1914, Perry and Walter McElwee spotted a terrapin as they walked along through this small community. Perry took out his knife and carved two sets of initials, "H.C.P." and "W.M." and the year "1914" on the terrapin's shell.

Perry and McElwee were 15 at the time. They released the terrapin and forgot about it.

The other day the terrapin—carved initials, year all—turned up again 700 yards from the spot where Perry and McElwee freed it 42 years ago.

Malt beverages were made by the early Egyptians, Hebrews of Biblical times, and the Greeks and Romans of the classical past.

Lists Pair of Pooches, Still Beats Tax Rap

JACKSONVILLE, Fla. (AP)—Willie King, 48-year-old shipyard worker, admitted to U.S. District Judge Bryan Simpson that he listed two dogs as dependents on his 1953 income tax return.

"I thought it was legal," King said. "I thought you could put chickens, dogs, cats or anything like that.

King offered to plead guilty to tax evasion but Simpson refused the plea, saying, "He's not guilty if he had no willful intent to defraud."

A Policemen's Ball

VANCOUVER (AP)—An old law forbidding policemen to hold part time jobs outside the department has been lifted, "so long as the jobs are in keeping with police force traditions." Also scrapped was a ruling forbidding policemen's wives to hold jobs.

Segregation Issue Enters Custody Battle for Boy

TULSA, Okla. (AP)—The segregation and educational standards of Louisiana and Oklahoma are issues in a District Court custody case here involving an 8-year-old Negro boy.

The father, Frank Latimer Sr., claims the future of the boy, Frank Jr., is not hopeful in a segregated state. The mother declares the lad is better off with her in Lafayette, La., regardless.

Oklahoma has accepted the U.S. Supreme Court decision on integration in public schools and is moving to comply with it.

Some 510,000 persons are employed in manufacturing plants in Texas. They earn roughly 14 per cent of the state's total personal income.

North Michigan GOP to Meet on Weekend

MARQUETTE (AP)—The second largest voting bloc in the Republican State Convention will meet Saturday in Manistique to decide on its endorsements for the State Supreme Court and state auditor general.

The Northern Michigan Republican Assn., representing the 24 counties of the 11th and 12th Congressional Districts, will endorse one of four Republican contestants for the auditor job.

Delegates will also consider whom they believe will best fill Supreme Court vacancy. At the convention, the group will vote as a unit.

TO MEET THE NEEDS OF A VIGOROUS COMMUNITY

Growth is a contagious thing. As you in Oakland County thrive, we must grow, too, to keep pace with your ever-increasing needs. That's why we built this brand-new Oakland District office . . . to serve you better.

Naturally, we're proud of our new facilities. But we're prouder still to be a part of this fine, vigorous community. We hope you'll stop in and visit us in our new building, as soon as you can.

FOR THE CONVENIENCE OF EDISON CUSTOMERS WE WILL:

- furnish new light bulbs for your old burned-out ones—any sizes on our list.
- exchange wornout standard appliance cords for new ones. Special cords repaired, if possible.
- replace burned-out fuses.
- repair the operating parts of your electric range, clothes dryer, water heater or incinerator without charge. Most of the small appliances—toaster, coffeemaker, iron, for example—we will repair, just charging for the parts.
- send a specialist out to check your lighting requirements.
- give you expert advice on electric cooking and home freezing—give you tested, easy-to-prepare recipes.
- check your building or remodeling plans to see if you have full HOUSEPOWER.
- give you emergency service, day or night, in case of electrical trouble.

2 Appointments Made by Ike

New Envoy to Egypt and Solicitor General Are Named

WASHINGTON (AP)—J. Lee Rankin, an assistant attorney general since 1953, takes office today as solicitor general of the United States.

* * *

He was appointed by President Eisenhower yesterday. Also named was a new ambassador to Egypt in the midst of an international dispute with that country over its nationalization of the Suez Canal Co.

Raymond A. Hare, a career diplomat with several tours of duty in the Middle East, replaces Ambassador Henry A. Byroade, who has been reassigned to the Union of South Africa. Hare, 55, now is in Washington as director general of the foreign service.

* * *

Rankin, a 49-year-old Republican from Lincoln, Neb., succeeds Simon E. Sobeloff, who resigned to become a judge of the 4th U.S. Circuit Court of Appeals. Rankin's appointment is subject to Senate confirmation next year.

As solicitor general, he will represent the United States in cases before the Supreme Court, and will decide which rulings adverse to the government are to be appealed.

* * *

Rankin represented the government in arguments before the Supreme Court which led to the 1954 ruling that racial segregation in schools was unconstitutional.

AF War Ace Killed in British Car Crash

MILDENHALL, England (AP)—An auto crash last night killed Col. David C. Schilling, 37, one of America's most decorated fliers.

* * *

Schilling became a top U.S. Air Force ace in World War II by shooting down 23 German planes in combat and destroying 10 others on the ground. He won the Harmon International Air Trophy in 1951 as the year's outstanding flier.

His car apparently went into a skid and hurtled into a bridge three miles south of the big U.S. Air Force base here. The car broke in two. Police said Schilling was thrown from the vehicle and died at once.

* * *

He was stationed in England as inspector general of the Strategic Air Command's 7th Air Division.

Woman Convict Walks Out of Detroit Courtroom

DETROIT (AP) — Theresa Stewart, 21, of Detroit, walked away unnoticed from Recorder's Court yesterday while awaiting transfer to the Wayne County Jail.

She had been sentenced to 1 to 14 years for violation of probation. She was placed on probation last May 16 for passing forged money orders. She was arrested Friday for violating probation.

Three police officers normally are on duty at the courtroom, but one had been loaned to another court and another was out of the room on an errand. Mrs. Stewart waited until the third officer turned his head and left with the crowd.

15 Million China Slaves Worked by Communists

WASHINGTON (AP)—The U.S. Information Agency published an estimate that about 15 million Chinese have been forced into slave labor during the six years of Communist rule in China.

The estimate was made by Dr. Karl A. Wittfogel, professor of Chinese history at the University of Washington in Seattle. A report on his study of the conditions in China was published in USIA's periodical "Problems of Communism."

Detroit Driving Expert Named to Safety Group

LANSING (AP)—The appointment of Saul H. Rose, Detroit automobile dealer and authority on driver training, to the Citizens' Traffic Safety Committee has been announced by Gov. Williams' office.

* * *

The committee, headed by Traffic Judge John D. Watts of Detroit, has a main objective the formation of traffic safety councils throughout the state.

Rose is author of a program for training new drivers and restraining those now holding driver licenses.

The 'Little Guy' Strikes Back

Family Charges Tolls on Oregon Road Strip

WOLF CREEK, Ore. (AP)—Southern Oregon's Stumbo clan, not in a bargaining mood, made plans today to operate a toll road 16½ feet long on the busy Pacific Highway.

* * *

Robert G. Stumbo, Wolf Creek logger and spokesman for his two brothers and a cousin, was surprised to learn that the Oregon Highway Commission — after two days of file searching — had admitted its mistake. The commission said the contested strip of U.S. Highway 99 had been overlooked in the past and, by golly, Robert, Harry and Allan Stumbo — the brothers — and cousin Clair W. Stumbo do have a lawful claim on the property.

* * *

The Highway Commission, not impressed with the toll road idea, is ready to negotiate with the Stumbos and buy the strip.

Stumbo announced at once that his attorney would handle any negotiations.

"I can imagine they are quite embarrassed," he said.

But as for the toll road . . . "Well, we'd like to sort of follow that along."

The family began making news and ribbing the state last Sunday when they stretched a rope across their strip and put up a big "private 'property" sign on a long straightaway, 10 miles north of this small logging community. Traffic was delayed for half an hour and the Stumbos had a start.

The day after the traffic-stopping they applied to the county clerk in nearby Roseburg for permission to operate the disputed strip as a toll road. The application even included a proposed rate schedule for livestock and wheeled vehicles.

* * *

Robert Stumbo told a reporter, "The Highway Commission has always pushed the little guy around down here in southern Oregon . . . and it occurred to us that if we're paying taxes on the property we just might as well take it over."

Cautious Statement

LONDON (AP) — London insurance brokers believe it a reasonable safe bet ships will be permitted freedom of passage through the Suez Canal until the London conference begins Thursday. After that they aren't so sure.

Plastic Silos Show Promise for Storage

DES MOINES—Experiments in making plastic silos may lead to revolutionary methods of storing silage.

The tests indicate that plastic silos are useful for putting up small quantities of a very high-quality silage for feeding in out-of-the-way places. Effective plastic silos have been built with half-ton to 67-ton capacities.

The gas-tight plastic bags used are quick-sealing after filling, permitting the rapid establishment and maintenance of anaerobic conditions inside the bag, thus preventing mold growth, limiting respiration and temperature rise, holding dry-matter losses to a minimum, and encouraging the retention of carotene and protein.

Lowers His Guard, Thieves Lower Boom

BARDSTOWN, Ky. (AP)—Jim Avis posted two youths as guards for the night at his tavern when he saw a bolt had been removed from a window and figured burglars were preparing for a call.

At 3 a.m., pretty late for a burglary, the guards decided all was well and went home. That's when thieves showed up and made off with eight cases of beer and the cash register, containing a small amount of money.

The barge and towing-vessel industry serves 76 of the 106 cities in the United States with populations of more than 100,000.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

AT CAMP — 2
Nature Study Museum

At the Junior Editors camp they have a nature study museum showing collections made by the campers.

Billy wants to be a mining engineer when he grows up, and he is studying rocks and their odd formation. Some are flat with clearly marked layers of different colors, others are round with circular marks in them. He has also found some arrow heads during his field trips.

Janey likes to study leaves. She can identify many trees, and has collected the leaves in a book.

Some campers have collected odd twisted knots of wood, and lichens from fallen trees. Others have found birds' nests that have fallen to the ground or blown down during the winter, and have studied their construction.

After coloring this picture with your crayons paste it down on cardboard, and then cut it out. Fold it down the central dotted line so it will stand up.

(For contributing this idea first Mildred Stout, Wellsburg, Iowa, wins $10. You may win the Junior Editors award if you send in a useable idea care of this newspaper. Violet Moore Higgins; AP Newsfeatures.)

WONDERFUL RESULTS REPORTED BY O-JIB-WA USER

The real test of a medicine is not in words, but in its use. Thousands of people right in your vicinity, have tried O-JIB-WA BITTERS, and have been so pleased with the results, that they are continually telling others, so that they too, can gain from their experience. Typical is the testimonial of Mrs. Clara Anderson, 5681 Nightingale, Dearborn, printed below.

Mrs. C. Anderson

"My trouble started back in 1942, when I was working in a factory. I had arthritis in my back, arms and legs. My knee would swell and it was very difficult to even walk. Shots and other treatments would take the pains away, but they always returned about a week later. In 1952, a friend recommended O-JIB-WA BITTERS to me, so I decided to give it a good trial. It wasn't long before I could tell that your Bitters was helping me, as in two months the pain and swelling went out of my knee, and I was feeling lots better. Little things that bothered me in the past were no longer noticeable. O-JIB-WA also seemed to calm me down considerably, so that now I am able to pitch in and help around the house again. My husband has noticed too, how much stronger I am, and how much more pep I have. In fact, we both are painting our house, and that is something that would have been impossible except for O-JIB-WA BITTERS. I can't say enough for this wonderful medicine."

Conventioneers Live It Up

With a long day of campaigning behind him, Adlai Stevenson leans back to allow the waiter to serve him a glass of champagne during the party hostessed by Perle Mesta last night. At left is Mrs. Paul Magnuson, one of the guests at the gala affair held after the Democratic convention session.

Perle Mesta Party Is One to Remember

500 Jam Ballroom as Dems Stir Up Rollicking Time

By ED CREAGH

CHICAGO (AP) — Perle Mesta's party may not have been the mosta but it came close to being the besta.

Where else can you find H. V. Kaltenborn imitating Harry S. Truman imitating H. V. Kaltenborn?

* * *

Where else do they serve you champagne in glasses with pink rosebuds around the stems?

And where else does a master of ceremonies wearing an Averell Harriman button suddenly remember he was supposed to introduce a man named Adlai E. Stevenson.

Six Pages Today in Women's Section

only to discover Stevenson had already left? The M. C., Irish tenor Phil Regan, never will live that one down.

* * *

Mrs. Mesta, a formidable party-giver who used to be minister to Luxembourg, planned originally to have only a modest 350 or so guests at last night's champagne supper.

All sorts of people, including reporters, kept pestering her for invitations, however. So she wound up with a good 500 guests in a hotel ballroom that can accommodate half that many. In the confusion some guests never did get a drink. But they saw a whale of an off-the-cuff floor show.

* * *

Martha Rountree, who moderates television panel shows, lined up the politicians on her right, the celebrated commentators and reporters on her left, and they exchanged barbs in a free-wheeling fashion you don't often see on your TV screen.

Somebody reminded Kaltenborn of the celebrated imitation Truman did of him after the 1948 election. Kaltenborn rose to the occasion. He did an imitation of Truman imitating Kaltenborn. It brought down the house.

One roaring spectator: H. S. Truman.

* * *

Sen. Estes Kefauver was there. So were — oh, just name about anybody at the convention. They mostly were there except Harriman, who missed the big plug the man Regan gave him.

(Regan swears he forgot he was wearing that Harriman button when he stepped up to the microphone to introduce such performers as Vaughn Monroe and Johnnie Desmond.)

AP Wirephoto

Rep. Gracie Pfost of Idaho brandishes a potato from her home state as she speaks to the Democratic meeting at yesterday afternoon's session. It was Ladies' Day at the parley, as congresswomen came before the convention to criticize the way the Republicans are keeping house.

Gals Put On Good Face at Convention

Repair Makeup for TV Appearance on Platform

CONVENTION HALL, Chicago (AP)—It was ladies' day at the afternoon session of the Democratic National Convention yesterday, and, right off, the women showed in one respect at least they were more forthright than the men.

Many of the men speakers have been carefully made up so they would look good on television. But the makeup has been applied far offstage, and there even have been denials it was used at all.

* * *

Not so, the ladies. They carefully worked on each other's faces, right on the platform.

And although most of the women are members of Congress—and as such used to squabbles on the House floor—they quickly reached a unanimous decision on an important and troubling issue.

* * *

Some wore hats, some didn't. The verdict: No hats for anybody.

As usual at afternoon sessions during the early stages of a convention, only a relatively few delegates and spectators were on hand.

When the program began only around 1,500 were present in the huge hall that seats 12,000.

Former President Harry Truman and Mrs. Averell Harriman at the big social party for Democrats last night. Four hundred attended the affair, hosted by Perle Mesta.

Rep. Martha W. Griffith of Michigan acknowledges applause after she was introduced at the Women's Day program of the third session of Democratic National Convention in Chicago.

Coming Events

Francis C. Butterfield Tent 9, Daughters of Union Veterans of the Civil War, will meet Thursday at 8 p.m., 128 W. Pike St.

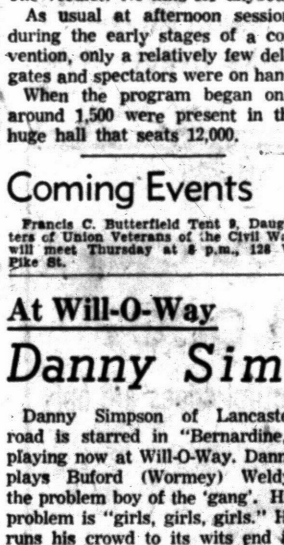

At Will-O-Way

Danny Simpson Is Star

Danny Simpson of Lancaster road is starred in "Bernardine," playing now at Will-O-Way. Danny plays Buford (Wormey) Weldy, the problem boy of the 'gang'. His problem is "girls, girls, girls." He runs his crowd to its wits end in trying to get him a date.

* * *

Danny came to Pontiac in August 1944 from Alexandria, Va. He entered Pontiac High School as a junior and was a member of the swimming team. He competed in all the meets that year and was

DANNY SIMPSON

fifth in the State High School Championships held at Michigan State University.

Interested in dramatics he joined the Pontiac Playcrafters and the school dramatic club. He played the lead in the 1946 spring production "Come Rain or Shine."

* * *

The situation in his high school days was quite similar to the situation enacted in the play. There was the usual crowd of fellows, their hangouts and Saturday night dances.

"Bernardine" by Mary Chase, the author of "Harvey" and "Mrs. McThing," will be presented at Will-O-Way Playhouse for two weeks. The comedy, which opened Tuesday evening will run through Aug. 26.

The play is a funny and touching comedy about adolescent males who shock their parents by their seemingly hard-boiled attitude toward life, their concern with members of the opposite sex and by dreaming aloud of a mythical "Bernardine" who lives only to lavish her charms on them.

Mary Chase's "Bernardine" has a resemblance to "Harvey," her mysterious rabbit. "Bernardine" has a touch of his madness, a trace of his magnetism and all of his invisibility. She is the boys' dream girl, living on the banks of the Itching River in Sneaky Falls, Idaho.

* * *

For all of the boys' cynical attitudes, sophistication and rock 'n' roll records, their worldliness is a thin and vulnerable cobweb. Mary Chase has looked deeply into the world of teenagers and has brought forth an amusing and moving comedy.

Besides Danny Simpson as the problem boy of the 'gang,' others in the cast are Charmaine Harma, Mady Correll, Paul Caplan.

Still others are Martha Drage, Fred Hudson, Lee Moore, John Baldwin, Janet Simpson, Bruce Terry, Louis Therrien, Hal Rollins and Robert Bryson.

Spray Screens, Sills

Mrs. Perle Mesta, known for her gala parties, looks over the lavish table set for the Blackstone Hotel party at which she was hostess last night for Democrats.

Miss Schmansky Feted at Shower

Wilma Pfahlert entertained at her home on Lakeland avenue Tuesday evening at a miscellaneous shower in honor of Margaret Schmansky, who will marry William C. Pfahlert Jr. Aug. 18.

Margaret's parents are Mr. and Mrs. Eugene Schmansky of West Acres. He is the son of the William C. Pfahlerts of Lakeland avenue.

Guests present were Mrs. Schmansky, Mrs. Pfahlert, Mrs. Clara Schmansky, Mrs. Roy Jolly, Mrs. Marvin Copeman, Mrs. Edwin N. Hieron, Joanne Healander, Beatrice Schmansky and Sue Ann Bezette.

Will-O-Way Sets Benefit Showing

The Sept. 11 performance of "The King of Hearts" at Will-O-Way will be a benefit performance for the Pontiac Symphony Orchestra.

Tickets for the showing may be purchased from the membership committee of the Association to the Pontiac Symphony Orchestra.

Committee members are Mrs. Alec Capsalis, Mrs. Charles Ulligan, Mrs. J. C. Walker, and Mrs. S. B. Sekles.

Several pre-play dinner parties are planned and several women's organizations are planning husbands' nights for that evening.

GOP Women Hear Talk by Harvey Lodge

Harvey L. Lodge spoke before the Republican Women's Federation of Oakland County at their Monday meeting, held at Hotel Waldron. Introduced by Mrs. Kenneth Nichols, president, he used the theme, "Party Loyalty," for his talk. His speech emphasized the necessity for party unity.

Mrs. Harry Henderson, chairman of the "Meet the Candidate" picnic Sept. 17 at Avon Park, announced that Mrs. Daniel Murphy Jr. will serve as invitations chairman. Mrs. Richard Moore will handle food arrangements for the affair and Mrs. William Randall of Royal Oak will have charge of decorations.

Mrs. Frank McGregor invited members and their friends to a breakfast Aug. 29 at 9:30 a.m. at the Congregational Church.

The Pledge to the Flag was given by Mrs. Arthur Griswold.

Mrs. Nichols will represent the Federation as a delegate to the National Federation of Women's Clubs being held in Chicago. Mrs. William Kennedy will serve as delegate from the Pontiac Republican Womens Club, and Mrs. Henderson will represent the Southfield Club.

Fashionette Club Meets Tuesday

Fashionette Club members met at Adah Shelly library Tuesday evening. Following the business meeting the group went to Oakland Park for recreation. Mrs. Ernest Forker won the trophy for losing the most weight.

Mrs. Verna Ricker, club president, announced that the club is open for membership and also announced a skating party scheduled for Tuesday evening at Doris Skating Rink.

VFW Auxiliary 1008 Plans Two Events

A report on the County Council held recently was given when VFW 1008 Auxiliary met Monday evening at the Legion Hall on Auburn avenue.

The auxiliary made plans to attend the Fifth District meeting being held today, Aug. 15, at South Lyon. A corn roast also was announced, to be held Aug. 26 at the home of Mr. and Mrs. William Weaver near Oxford.

Anger Wins Parent False Victory

By MRS. MURIEL LAWRENCE

One afternoon 13-year-old Claire and a friend left banana skins and pop bottles on the porch steps.

Later, Claire's mother noticed them. She told her to remove them, adding, "What do you figure the neighbors think of such a mess on the front steps?"

Claire, who'd been reading a new comic, was annoyed by the interruption. "How should I know what they think?" she demanded cheekily — and shrugging her shoulders, slammed the front door behind her.

Promptly, her mother pulled it open again. "How dare you shrug your shoulders like that at me?" she cried. "I tell you, Miss Sarcasm, you're not too old to get that impudent mouth of yours washed out with soap! I'm sick and tied . . ."

And went angrily on to detail her case against Claire's impudence when her child suddenly exploded. Flinging banana skins and soda bottles wildly to the porch floor, she fled to her bedroom in a storm of tears.

* * *

It happens to the best of us. But if we're bright, not more than twice.

FOLLOWS PATTERN

Until we learn, it always works the same way. We win some conflict with the child. He gets out of the tub or turns off the TV or restores his sister's book or picks up the litter he's made. But as he obeys, he protests some uncompliant feeling.

We rush him. Flushed with victory over him, we want submissive feeling as well as the submissive action. We force more criticism on him. We say "How dare you talk like that to me, etc., etc., etc."

We lose the original victory. While Claire cries herself to sleep upstairs, we may find it necessary to carry the banana skins and empties around to the back of the house, ourselves.

STORY HAD POINT

Do you remember the story of the fisherman's greedy wife?

When he first caught the fish with magical powers, she asked it for a cozy cottage. Dissatisfied with the cottage, she then wanted a mansion.

Dissatisfied with the mansion, she demanded a palace. In the end, greediness put her back in the hovel where she began.

I am not condoning children's impudence to parents. What I'm doing is trying to call our attention to greediness in us that seeks to correct impudence in Claire much too soon after we have corrected untidiness in her. It is a pretty stupid kind of piggishness.

* * *

Words are a child's safest release for anger tensions. When we forbid them, we are asking for explosive action.

Joined Club, Now Wants Graceful Out

'Pressure of Time' Excuse to Quit With No Hurt Feelings

Dear Mrs. Post: "Several months ago, I was asked by a friend to join a card club to which she belongs. One of the regular members moved to another city and therefore had to drop out. As I like to play cards I was delighted to join the group.

"However, after having played with them several times I find some of the women most unpleasant to play with and I would very much like to drop out, but how can I do this without hurting anyone's feelings?"

Answer: You can say that you find that you cannot give the time to it.

Dear Mrs. Post: "Is it ever permissible to leave the dance floor in the middle of a dance? I mean, if a girl finds herself with a partner who is an impossible dancer, could she ask him to take her back to her seat, or must she struggle through?"

Answer: The easiest thing to do is to signal to a man friend to cut in. Failing a rescuer, she can say, "Let's sit this out; I'm getting tired."

Dear Mrs. Post: "I would like to know exactly when and where to wear a hat. Are there any set rules on the proper places and time of day that a hat should be worn?"

Answer: Best taste exacts that outside of one's own house, a hat be worn in the daytime—always. In the evening a hat is usually omitted except with a tailored suit.

A hat may be omitted in the dining room of the hotel in which one is staying, even though the restaurant is frequented by outsiders who correctly wear them.

The only places where a woman must wear a hat are: 1. in church; 2. on a city street; 3. at a formal daytime occasion.

Married Saturday at First Methodist Church were Ruth Ella Wells and Paul Gene Hickman. She is the daughter of Mrs. Lloyd S. Wells of Brown road and Paul's parents are Mr. and Mrs. Guy Williamson of Littletell road.

MR. and MRS. PAUL G. HICKMAN

Paul G. Hickman Takes Ruth Ella Wells as Bride

Ruth Ella Wells became the bride of Paul Gene Hickman Saturday evening at First Methodist Church. The service was performed by the Rev. Perry Thomas of the Commerce Methodist Church.

For her wedding, Ruth, the daughter of Mrs. Lloyd S. Wells of Brown road and the late Mr. Wells, wore a ballerina-length gown of Chantilly lace. A bouffant skirt fell from the fitted long-torso waistline.

Her headpiece was a crown of seed pearls, which secured a fingertip veil of French illusion. She carried a bouquet of white roses and carnations, and wore a single strand of pearls to accent her bridal costume.

Mrs. Keith R. Martell of Troy wore a light blue ballerina-length gown of nylon dotted Swiss, fashioned with scoop neckline and bouffant skirt.

BRIDESMAIDS IN PINK

Joan Martell of Troy and Mrs. Jack Saylor wore gowns similar to the matron of honor's in a shade of pink. They carried bouquets of pink gladioli circled with white cushion chrysanthemums.

* * *

Paul, son of Mr. and Mrs. Guy Williamson of Littletell road, had Robert Rioux of Davisburg as best man. Ushers were Paul Kampner, Jerry Vallad of Drayton Plains, Warren May and Paul Benson.

For her daughter's wedding Mrs. Wells chose a gray blue lace dress with navy accessories and a corsage of pink carnations.

Mrs. Williamson was gowned in gray lace over pink, with pink accessories and a corsage of pink carnations.

A reception was held in the church parlors. Following a wedding trip to Florida the couple will make their home on Lansdown road at Williams Lake.

Teamwork Best to Solve Problems

By ANNE HEYWOOD

Sometimes I wish that all counseling, therapy and advice-giving could be done in groups instead of individually.

The person who has a problem thinks that he alone in the whole wide world is faced with that particular problem.

* * *

The truth is that hundreds of others have exactly the same problem. They even discuss it in exactly the same words and give exactly the same illustrations.

WORK IN GROUPS

If these people could work in groups, they would get over that feeling. They would stop concentrating on themselves, channel some of their energy away from their self-pity and begin to help others instead—which is the best way to help oneself.

* * *

In the past six weeks, I've talked to, or received letters from, some dozen older women who are interested in getting jobs. Most of them have been housewives for years.

Here are some of the complaints they all have in common:

"I feel so out of place in an employment agency. Everybody else can fill out the card with jobs and salaries and business skills. I have to put 'housewife' and it looks so pathetic."

"I feel so old and so old-fashioned. Why, the girl who interviewed me was scarcely older than my daughter."

"I don't feel nearly as well-groomed as the business women my age. No matter what I wear, I feel I give the impression of being in a housedress."

"I have no special ability to offer. I know how to type, but not nearly as well as business women do. If I had to take a typing test, I'd die of nervousness.

"I know how to do a lot of things, but none of them are business things and I feel silly even mentioning them. I'd like to be a receptionist, but business firms usually want young glamour girls for that. I'm good with people, but what's that?"

GET TOGETHER

Obviously, if these women could get together, each would get over the feeling of being the only one suffering with the problem. They could pool their resources and exchange experiences.

They could practice giving each other typing tests and generally cheer each other up. And they'd all get placed much quicker and more painlessly.

If this is your problem, try to join forces with friends, neighbors or club members who are in the same boat.

* * *

For specific suggestions, send me a stamped, self-addressed envelope in care of this paper and I'll send you my pamphlet, "The Older Woman Goes to Business."

You'd Better Make Sure

NEW YORK (INS) — The difference between a happy, healthy vacation and a miserable one can depend on a few simple precautions.

* * *

First, proper choice of wardrobe is important and remember that it can get cold in Florida and hot in Alaska.

A lightweight raincoat, dark glasses and walking shoes can make a vacation much more comfortable. Don't try to break in new shoes during vacation time when you'll be walking a lot.

Have a medical and dental checkup before you leave, since nothing can ruin a vacation as thoroughly as a bad toothache.

The medical checkup is most important if you plan to engage in strenuous activities. Be sure to get anti-allergic or other prescriptions filled before you go — there might not be a drug store.

While at the drug store, pick up supplies for a modest first aid kit which should include items like a fungicidal powder against athlete's foot, mineral oil or milk of magnesia, salt tablets, a sunburn lotion, poison ivy remedy, aspirin, iodine, vaseline and adhesive bandages. Also you might need an anti-motion sickness drug.

If you are leaving the country, check health regulations in the places you're planning to go and make sure your family doctor gives you the proper inoculations.

* * *

You must have a vaccination certificate to re-enter the U. S. And take along an extra pair of glasses.

Test for Perfume

Buy fragrance like a hat. Try it on before deciding which one you like the best, for the chemistry of each individual skin slightly changes the bouquet, making it personally yours. The true test of the right perfume for you is to try it and like it on yourself.

Exercise Ankles for Winter Skating

By JOSEPHINE LOWMAN

It may seem strange that I am writing about ice skating in the middle of the summer but you must admit that it is a cooling idea. Also, if you have trouble with weak ankles when you skate, or if you want to learn this winter, there are exercises you could take between now and then which would be of the greatest help.

Ice skating is a wonderful sport. It is not only wonderful exercise but has an added value because it is done outdoors. It is also splendid for developing balance and grace.

In the past ice skating was limited to cold climates but today practically all cities have rinks.

BEGIN SLOWLY

You can learn to skate at any age but it is easier when you are young. If you learn when past early youth you should begin slowly and carefully so you won't break a bone. Actually the middle-aged woman who wishes to learn should have expert instruction.

If you are younger and are going to begin this sport during the coming cold season let me give you one bit of advice. Always lean forward so that you will fall forward rather than backward when you do fall.

Weak ankles are usually a problem. Most beginners go about practically skating on their ankle bones. The following exercise will help strengthen your ankles.

* * *

1. Stand tall. Roll your feet outward. Roll them inward. Continue.

2. **Bend your left knee up in front of you and stand with all of your weight on your right foot until tired. Do the same thing with the right foot off the floor and the weight on the left foot.**

3. Walk about the house barefooted and high on your toes whenever you can.

4. Stand erect. Rise high on your toes. Lower heels. Continue.

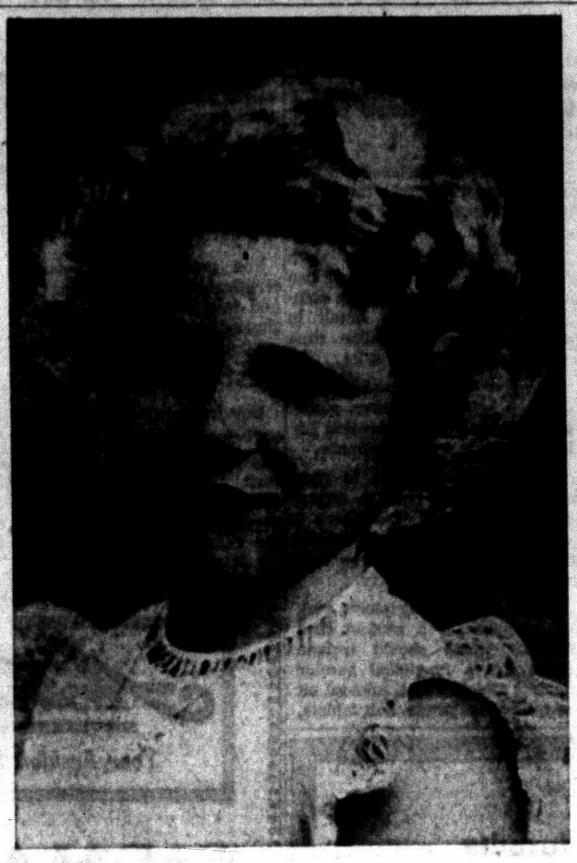

* * *

Weak arches may make your feet uncomfortable. If you would like to have my exercises for the feet send a stamped, self-addressed envelope with your request for leaflet No. 14 "Take Care of Your Feet," to Josephine Lowman in care of this newspaper.

Barbecued Pot Roast Is Delicious

Spicy Mixture Is Added to Meat After Some Roasting

By JANET ODELL
Pontiac Press Home Editor

Preparing meat by the barbecue method is not limited to spareribs. You may barbecue a pot roast with happy eating results. Mrs. Herbert Hawthorne of Orchard Lake shares her favorite recipe with us.

Mrs. Hawthorne is a new resident of Oakland County. She has two small sons who keep her busy. Sewing is an occupation she enjoys but playing bridge is her preferred leisuretime activity.

BARBECUED POT ROAST
By Mrs. Herbert Hawthorne

3-4 pound pot roast
2 teaspoons salt
⅛ teaspoon pepper
2 tablespoons fat
½ cup water
1 can (8-oz.) tomato sauce
3 medium onions
2 cloves garlic
2 tablespoons brown sugar
½ teaspoon dry mustard
¼ cup lemon juice
¼ cup catsup
¼ cup vinegar
1 tablespoon worcestershire sauce

Rub meat with salt and pepper, roll in flour and brown in hot fat. Add water, tomato sauce, thinly sliced onions and minced garlic. Cover and cook in 325 degree oven for 1½ hours.

Combine remaining ingredients and pour over meat. Cover and continue to cook until tender.

New Group Names Mrs. J. A. Rammas

Heads Local Ike Boosters

Mrs. J. A. Rammes of Rosedale avenue has been named chairman of the newly formed Pontiac area Women's Committee of the National Citizens for Eisenhower.

The announcement came from Mrs. Lola Jeffries Hanavan of Detroit state cochairman of the Michigan Citizens for Eisenhower.

The group will begin activities with a breakfast meeting at First Congregational church Wednesday, Aug. 29, at 9:30 a.m. Mrs. Rammes has extended an invitation to all women to attend this non-partisan meeting.

State cochairman Dr. Paul T. Bagwell of Lansing will be at the meeting to outline objectives.

According to Mrs. J. A. Rammes, objective of the group is to organize women across the nation to work and vote for Ike, with special emphasis on the vast area of young women.

The age group 20 to 30 is of enormous importance because of its size and vitality, Mrs. Rammes pointed out.

"The National Citizens for Eisenhower is keenly alert to the vital role played by women in the theater of national politics," she said.

Mrs. Dorothy D. Houghton, cochairman of the national group, said:

"This November, 454 million women will be eligible to vote, an increase of 3 million over 1952.

"I predict—indeed, I pledge—that 35 million of those eligible women will exercise their franchise and that 75 per cent of them—whatever their political affiliations—will cast a vote of faith, confidence and gratitude for President Eisenhower."

LOCAL LEADERS

Committee women for the local area organization are: Mrs. Paul A. Kern, Mrs. John A. Benson, Mrs. Charles Barrett, Mrs. Paul Gorman, Mrs. William R. McClure, Mrs. Josephine McLintock, Mrs. Ray Caughill, Mrs. Ruth Weber Parshall, Mrs. Adolph Magnus, Mrs. James Peaks, Mrs. G. L. Fleming, Mrs. Sadie Williams and Mrs. Lucille Young.

Mrs. S. V. Sekles, Mrs. Myron L. Buck, Mrs. C. R. Gatley, Mrs. Gelston V. Poole, Mrs. Eugene T. Cleland, Mrs. W. M. Duckwitz, Mrs. Helen Teitgen, Mrs. James C. Clark, Mrs. Arthur W. Selden, Mrs. F. W. Retzke and Mrs. Jack Rothberg are others.

Mrs. Harry King, Mrs. Richard Paschke, Mrs. Vernon C. Abbott, Mrs. Frank A. Schmidt, Mrs. Verne Hampton, Mrs. V. L. Newcomb, Mrs. R. R. Dougherty, Mrs. John Doig, Mrs. J. S. Tuttle, Mrs. Nelse Knudsen, Mrs. Stanley Kipp and Mrs. Marcus Scott are still others.

Completing the list are Mrs. Arno Hulet, Mrs. Helen H. Reese, Mrs. Karl B. Kutz, Mrs. William S. Dawe and Mrs. Glenn Griffin.

Girls Needs to Know More Than How to Be Popular

16-Year-Old Should Have Acquired Skill in Cooking, Sewing, Buying, Homemaking

By RUTH MILLETT

A lot of modern mothers spend so much time, energy and money seeing to it that their teenage daughters are popular they completely overlook the fact that life is going to demand something more of them in just a few short years.

By the time she is 16 there are certain homemaking skills every girl ought to know.

She ought to know how to cook a meal and get it on the table. This meal should be one which requires a little more knowledge than opening some cans or thawing something out of the freezer.

She ought to know how to sew at least well enough to keep her clothes mended and hems at the right length. If she is encouraged to make some of her own clothes, so much the better.

She ought to keep her own room clean and neat and know how to go into any room in the house and put it in order.

She ought to know how to plan and help with the preparations for her own parties. Sure Mama could do it all for her but that doesn't teach her anything about the behind-the-scenes business of being a hostess.

* * *

She should have a clothes allowance and do her own shopping, so that she can learn how to shop wisely and economically.

The girl who wheedles her parents out of everything she sees and wants isn't very likely to know how to make-do on a young husband's limited income.

It is every mother's duty to make sure that the young man who will some day marry her daughter gets a real bargain in a wife.

And the girl who doesn't know how to do anything but look pretty isn't going to seem like a bargain for long to any diligent, ambitious young man.

Of This 'n That

No time to shower before the party? Sponge yourself with your favorite cologne, use a big foamy sponge, mix your own special fluid:

1 part cologne
2 parts water

This refreshing trick is extra nice in hot weather. Especially when you use ice cubes with your cologne.

Plenty of liquids make a pretty skin, some recommend a pint of fruit juice and three glasses of water daily.

If you have a low forehead, a short bang effect will do wonders. The bangs should come just to the hairline.

Square jaws take on assemblance of an oval when hair goes up at the temples . . . brush your hair often. Use a bit of hair dressing if your hair tends to be dry. If your hair is exceptionally dry, check your shampoo, it may be the cause of your bushy tresses.

Humor Accents Sidelines at Democratic Convention

By PHYLLIS BATTELLE

CHICAGO (INS)—The ham most difficult to cure is the political brand.

Therefore, presidential hopeful Gov. "Happy" Chandler was soul-torn yesterday. As he entered a hotel elevator, a TV commentator rtied to tag him back for "a statement to the great American public." Happy wrestled with his instincts, but finally announced:

"No, suh, I don't have time for no television. Ah got to get me some delegates."

* * *

Dozens of bold trouble-shooters have strolled Chicago caucusways recently wearing "I Like Ike" buttons. Others, bored with convention, wore lapel sentiments like "I Go Pogo," "Relax" and "I'm Wit Choo."

But the most sensible was the big yellow badge on the small gray man which declared "I don't care who wins—I make buttons."

* * *

Ex-President Harry S. Truman was asked how he felt, and he said "Fine." It reminded him of a story told him, he said, by Gov. Averell Harriman, the scion of politics.

One morning Harriman came to breakfast and told his wife he felt like a million dollars. "Ave," Marie inquired, "if so, what became of the other 80 million?"

* * *

Suave CBS spokesman Edward R. Murrow engaged in some repartee with the above-mentioned millionaire. Harriman nodded appreciately as Murrow advised him—"You know, Chicago is a two-party town, especially these days; one by morning and one in the night."

* * *

The state delegations are spread out in neat, noisy parcels among the better hotels in town. One particular delegate wanted to find his New Jersey group.

"Can you please help me," he begged a hotel operator, "find my delegation?"

She was busy, but she tried. The next voice he heard said:

"Lost and found department, may we help you?"

* * *

Life is quite serious among the Democrats at the moment:

Overheard in the corridor outside a meeting of the platform committee—"It's getting so these days that you ask a civil rights question and you get a civil rights answer."

* * *

NBC director Bob Doyle was watching a rehearsal of the zoom-in for a closeup of delegates on the floor.

With a great ripping out of hair, he discovered that the new-fangled standards bearing state names will not quite fit into the picture. His cameramen, trying to pick up "Missouri" got only the s-o-u-r.

"Try another state!" Bob boomed, and they zoomed-in on Georgia. Which came out—well, it figures—"o-r-g-i."

* * *

Delegates and visitors who want to forget it all are given the opportunity at the hectic International Amphitheatre. There are special rooms set up where they can make plane or train reservations to get out of town.

If they want to forget, but see the convention's finish, there are two top rooms conveniently located back of the speaker's platform.

* * *

"Miss Universe of 1956," Carol Morris of Iowa, dropped into the convention headquarters and reported that she found it "wonderful and exciting." Asked what candidate she'd vote for she said she can't cast a ballot till she becomes 21 next April. Asked who she liked, she replied, "May the best man win!"

Shower Given for Helen Coffer at Kramp Home

Helen Coffer, bride-elect of Harvey Schroeder, was honored at a miscellaneous bridal shower given by Mary Lou Kramp of Emerson street.

Helen, the daughter of the Carl Coffers of Monticello avenue, and Harvey, the son of the Mrs. Frank Schroeder of St. Clair street and the late Mr. Schroeder, will be married Sept. 1.

Guests attending the Monday evening shower were Mrs. Coffer, Mrs. Schroeder, Mrs. Delmar Fields, Mrs. John Voorhees, Mrs. Donald Steele, Mrs. Norman Nelson, Mrs. Gordon Dropps, Judy Coffer and Gerry Iwerks.

Mrs. Bertha Sanford, Mrs. Wayne Long, Jan Keppel and Mrs. Stuart Kramp completed the guest list.

Lawn Picnic Fetes Engaged Couple

Mr. and Mrs. Malcolm Scantland of Squirrel road entertained at a lawn picnic Sunday afternoon, honoring Maxine Miller and Bruce Smiley.

Maxine and Bruce will exchange vows Sept. 8 in a ceremony at the First Methodist Church of Birmingham. She is the daughter of Mrs. Tonie Miller of South East boulevard, and he is the son of Mr. and Mrs. M. H. Smiley of Birmingham.

Invited guests were Mrs. Miller, Mr. and Mrs. Smiley, Mr. and Mrs. J. R. Miller and family, Mr. and Mrs. William Cartier and family, the George Scantlands, Mr. and Mrs. Myles Turnbull and daughter, and Mr. and Mrs. E. C. Quinn.

Also attending were the Archie E. Allens, the Donald Burt family, the Clarence Uhan family, Mrs. Margaret Peerson, George Peerson and Mary Ann Peterson of St. Paul, Minn.

YTC Group Accepts Two New Members

Members of the Ethel E. Little YTC met Monday evening with the Fred Smiths of Lincoln street. Beverly and Billy Ballard were accepted as new members.

Officers for the coming year are Donald Deaver, president; Charles Boughny, vice-president; Betty Smith, recording secretary; Joanne Deaver, treasurer and Shirley Smith, secretary.

Miss Lawless Honor Guest

Mrs. James Niebauer and Ann Fox were cohostesses at a bridal shower for Margaret Lawless. The Friday affair was held at the Fox home on Ellwood avenue.

Margaret, daughter of Patrick Lawless of Pioneer drive, will marry Thomas Duross on Sept. 8.

Guests attending were Mrs. Duross, Kathleen Lawless, Janet Lawless, Mrs. Louis Fairbrother, Mrs. Gerald Greene, Mrs. Gerald McHaney, Mrs. Donald Trulu, Mrs. Charles Halpin and Mrs. Duane Kline.

Others were Honor Duross, Mrs. Robert Covington, Mrs. Richard Courteau, Mrs. Francis Guelette, Mrs. Ernie Pruente, Shiela Fox and Mrs. Carl Fox.

Helena Rubinstein Shows You How To Wash Away Blackheads!

New Medically-Tested Treatment Banishes Blackheads, Whiteheads, Oiliness, Coarse Pores

Helena Rubinstein, whose studies in medicine led her to specialize in correcting disturbed skins, now shows you how to conquer oily, plugged skin problems. Your skin will become clearer before your very eyes after one 15-minute treatment! In two weeks' time blackheads, coarse pores, clogging oiliness will give way to the smoother, mat, even-textured complexion that's your dream.

"Best thing that ever happened to me. My husband's using it too." (Mrs. Carson, Radburn, N. J.)

"It's like a Cinderella story. I still can't believe my mirror." (Lucille Rusby, N. Y. C.)

MEDICATED BEAUTY TREATMENT

Simple as one-two-three – just three steps: Enlarged pores are an open invitation to blemishes. Your first step is DEEP CLEANSER, a creamy liquid that flows deep into the pores and dislodges even the dirt "glued" in by oil – while its exclusive antiseptic R-57 destroys the bacteria that commonly cause surface blemishes.

Step two heals and clears with MEDICATED BEAUTY MASK. Its medications are the same ones prescribed by dermatologists as most effective in healing surface blemishes. "Unmasking" was a momentous thrill for the women tested. As they washed off the mask they actually washed off blackheads and saw a clearer, smoother, younger-looking complexion emerge!

Last is a vitalizing skin bath of "WATER LILY" SKIN LOTION which quickly tightens the pores, leaving a more delicate texture where once the skin was coarse and uneven.

When you see those blackheads wash off like so many dirt specks, you'll know there's nothing for your skin like Helena Rubinstein's complete MEDICATED BEAUTY CARE. 4 weeks supply, just 3.95 plus tax.

RESULTS GUARANTEED

Helena Rubinstein says: "I am so sure that you will be satisfied with the results when you use these products as directed, that I guarantee complete satisfaction – or you get a full refund by returning them to the store where you made your purchase."

Wash away blackheads in 15 minutes!
Here are the 3 simple steps that will clear your skin:

1. Apply Helena Rubinstein DEEP CLEANSER with exclusive R-57. It rids pores of dirt, "sterilizes" against bacteria. Tissue off.

2. Apply Helena Rubinstein MEDICATED BEAUTY MASK. In 10 minutes wash off mask—wash away blackheads! Skin is clearer, finer, has a smoother mat finish.

3. Bathe skin with Helena Rubinstein's "WATER LILY" SKIN LOTION. Tightens pores, heightens color, vitalizes complexion. Treatment accomplished—now look at the difference!

Bob Considine Says:

Nothing Can Outshine Political Conventions

CHICAGO (INS) — Really, is there anything remotely like a national political convention?

• • •

The soberer pundits are often dismayed by the frivolity or the ham quotient of these affairs, in view of the fact that decisions can be made at such events that change the lives of tens of millions.

But in the long run nobody seems to get hurt too much by what emerges from a national convention. It's a clumsy, often ridiculous, sometimes inspiring ritual — one that George Washington and some of his friends would have frowned upon most severely.

But it's "the only wheel in town" and until something better comes along we're stuck with it and its fruit.

• • •

It puts up as distinguished a soldier as Douglas MacArthur, who had been out of the country for a dozen and more years, and involved with the most weighty military matters, and gets him to bemoan the price of eggs and butter. (It's not likely that he, who had to order billions of eggs and mountains of butter in his time, has any idea what either costs today, as then.)

GLORIA AND LENNY

It presents, as it did the other night, Miss Gloria Lockerman, a piping voiced and toothy girl from Baltimore who can spell disestablishmentarianism backwards and sideways. And Master Lenny Ross, 11, who knows so much about the stock market he won $100,000 on TV answering some questions about it.

• • •

Both came out strong for the Democratic Party, and the ovation they got when they announced caused the hall to shake with cheers — as if they might go Republican at the last minute and vote the straight GOP ticket in the late 1960s.

It brings to the convention stage the berobed cardinal, the sombre rabbi, the emotionally removed minister, and Frank Sinatra. It presents the spectacle of a harried man who pounds the gavel, fruitlessly seeking and pleading for attention.

It illuminates the formidable lady delegate, awash in orchids, speaking in behalf of the American housewife who is too busy with the cooking and the kids to watch or listen to her.

• • •

In its cruelty, it mocks the sincere, ignores the intent, laughs at nothing, cries over Washington and Jefferson, votes as it pleases no matter what promises have been nodded into being.

SEWER AND BALCONY

Voices from the sewer and from the balcony have swayed national conventions, stampeded delegates. Chairmen have changed history with ruthless and highly questionable rulings, such as the time the man stopped Henry Wallace from becoming vice presidential nominee in 1944 by putting everything over to the next day.

• • •

Underdogs have risen to greatness at conventions, as Truman did in 1948 — with his party falling apart and himself getting tougher all the time.

And favorites have fallen apart at these things, too, as witness Tom Dewey, when he was considered as much of a shoo-in as a bet that Wednesday follows Tuesday.

We've been covering these things only a few years — as the George Rothwell Brown flies—but there's been no theatrical performance in our memory that rates with that of Gov. Frank Clement of Tennessee in his keynote speech at this 1956 gathering of the Democratic clan.

• • •

All that convention hall needed was sawdust on the floor. If it had been made a week later at San Francisco, thousands of Republicans might have hit that sawdust trail.

Clement shouted himself hoarse and sweaty, despite blasts of cold air squirting on him from three sides. He had a Bert Parks type of frenzy at times. At other times he was the voice of doom, the voice of prophecy, the trumpets responsible for that trouble the Jericho walls once had.

It was an extraordinary performance by what must be the greatest living orator of the 19th Century, 36-year-old Frank Goad Clement who is taking dead aim at the White House in 1960 . . .

• • •

. . . When, as all Democrats agree, things will be a lot simpler.

Student Pilot Improving After Crashing Plane

Student pilot Roy Hawver, 47, of 2032 Allendale, W. Bloomfield Township, was considerably improved and reported in "good" condition at Pontiac General Hospital with severe injuries suffered when he crashed Sunday at Pontiac Municipal Airport.

He is being treated for back injuries, face cuts, and a fractured nose and still faces the possibility of losing his left eye, according to his physician, Dr. Aaron Riker, of Pontiac.

Hawver was hurt while practicing landings when his plane crashed and skidded along the runway following an engine failure. He needd only a few hours more flying time to qualify as a pilot when the crash occurred.

Stewart Granger Expects Stranger for the Manger

ROME (AP)—Stewart Granger, a suave English gentleman in the movies, is a nervous expectant father off-screen these days.

* * *

His film star wife Jean Simmons is expecting their first child the first week of September in Hollywood—and Granger is in the midst of a picture in Rome.

He telephones Jean three times a week.

* * *

Once a week he gets an airmail special delivery package. Inside are photos — front and side views.

"I want to see how she is getting on," he explains.

Granger is taking no chances on the rush of homeward-bound tourists keeping him from his wife's side. He has made separate plane reservations for Aug. 25, 26 and 27.

* * *

"First babies sometimes are late so there may be a margin but I'm taking no chances," he says.

* * *

Both Granger and his wife are British born but newly naturalized Americans.

Some Statistics

Latest statistics show that of the children in the United States, 14-17 years of age, 83.7 per cent were attending school. But not all finish: Of the 1,672,920 who enrolled in the ninth grade in 1947 there were 1,045,588, or 62.5 per cent, graduated in 1951.

PINNED—Making plain where his allegiance lies, Sen. Estes Kefauver adjusts his "Adlai" button as Adlai Stevenson looks on in Stevenson headquarters at Chicago, Ill. Kefauver has also made clear his thoughts on being tapped for the Democratic vice presidential nomination, saying that he would be "inclined to accept."

Professors, Pupils Study Together at Douglas Lake

PELLSTON (AP)—Undergrads mix with Ph.D's, and full professors sometimes meet their last year's students as fellow schoolmates at the University of Michigan Biological Station at nearby Douglas Lake.

* * *

All have a common goal at the station's 48th annual summer session.

They seek knowledge through basic research into flora and fauna abounding in the 8,850-acre station.

Charles W. Creaser, professor of zoology at Wayne State University and a veteran summer student since 1921 at Douglas Lake, comments:

"The choice of the location, through gifts of land and acquisition from the state, was most fortunate."

The station is located on a land strip between Douglas and Burt Lakes. The region holds 1,000 species of flowering plants, 250 of mosses, 600 of algae, 52, of mammals, 75 of fish and 16 of amphibians.

BOOKS GALORE

In 48 years the station has contributed volumes of basic and practical data to the archives of ecology—the branch of biology dealing with relations between organisms and their environment.

Most familiar is discovery of the snail that causes water itch and the subsequent method for its control.

Sometimes research at the station reaches into associated fields of scientific endeavor, chiefly chemistry and physics.

"Before the world has become conscious of the atom and A-bomb, we were working with irradiated iodine in thyroid research in fishes about 1941," Creaser recalls.

* * *

The iodine for those experiments, he adds, came from the University of California which had just started experiments with a cyclotron.

Dr. Henry Stockard of University of Michigan heads the Douglas Lake station's staff of 16 professors and visiting lecturers, recognized authorities in their particular fields of research.

The student body of 100 may hail from anywhere in the United States.

They live in comfortable tarpaper cottages, eat at a common cooperative mess hall and burn the midnight oil during the eight-week sessions like college students anywhere.

* * *

"You might say we're dedicated yet," one student commented. "We're here because we want to develop ourselves as scientists."

Leukemia Drive Begins in Area; Goal: $25,000

A campaign to raise needed funds for the Children's Leukemia Foundation of Michigan began in Pontiac and surrounding towns today under the direction of area captains Mr. and Mrs. Jack North.

* * *

Volunteer workers were placing canisters for donations throughout city and area business locations during the day. A total of 1,000 such canisters will be scattered around this sector.

The local drive will continue through Oct. 15. The Pontiac area project is in conjunction with a statewide drive which started in June. Foundation authorities are honing to raise $25,000.

The non - profit organization is dedicated to the support of all medical facilities and financial aid to those families unable to handle the expensive treatment required for leukemia victims.

* * *

The Norths are well aware of the seriousness of the dreaded disease since they lost a four-year-old boy who died last May after suffering one year.

According to Mrs. North, if the canister drive is successful the Foundation hopes to aid in the establishment of a hematology laboratory at St. Joseph Mercy Hospital to be used for study and experimenting in blood disease.

Arbor day was first observed by Nebraska in 1874.

Creative Talents Need Best Tools

Are all children creative?

* * *

You can probably get an argument about it, but leading child psychologists say that the answer is yes.

And a parent who's worth the title, they add, will see that the trait gets developed.

An excellent place to start is with paper, pencil and drawing board. Also, a list of "don'ts."

The simple act of drawing a picture can become a creative experience which enriches the life of any child. But only, the experts warn, if you give him the proper encourgement.

AVOID COLOR BOOKS

The first mistake to avoid is bringing home 10-cent coloring books.

These are attractive and fun to use, but all they succeed in doing is to teach the child to copy others' work.

Soon, he may not draw at all unless there is something to trace.

Another common mistake is the purchase of cheap materials which twist, break and leave him discouraged. Good, stiff brushes and crayons are much faster to work with and will prove, in the long run, more economical.

A fine beginning assortment can be found in any art supply store.

And, above all else, don't criticize. The child's picture may not look real, but to him it is always important.

Judge it by his standards, not by your own.

Later on, as his interest develops, he may want to become enrolled in an art class given at school, the Civic Center or "Y."

But don't try to get him to do so unless he wants to, himself. You'll only be wasting your time.

Boys Should Learn to Stimulate Activities

The adolescent schoolboy, psychologists say, can dissipate his energies and become a problem to his elders unless he is directed toward stimulating activities that challenge his skill and resourcefulness.

One suggested activity, with more and more appeal for teenagers, is building things with tools.

* * *

One basic tool kit is Commins quarter-inch drill plus an assortment of more than 35 attachments for sanding, polishing furniture, buffing, mixing paint, etc.

Every, Every Time

First move, after welcoming a child home on vacation, is to open the suitcase and launder the contents. Ten to one it's all dirty laundry.

600 Jaycees to Meet

LUDINGTON (AP)—The annual summer board meeting of Michigan Junior Chambers of Commerce is expected to draw about 600 members and their families, Friday through Sunday. Calvin Campbell of Dow Chemical Co. is scheduled as principal speaker Saturday at a banquet.

I know she'll be satisfied—and be back again."
DEALER

"Every woman wants to feel she's spending her dollars for the right things. This is only good sense and good home management. So I pick brands I feel confident about. A product that's good enough to have made a name for itself is exactly the quailty for me. That's what satisfies me most."
CUSTOMER

"I'm always satisfied most with a Brand that's made a Name for itself!"

Scot Farmer Strikes Oil

GLASGOW, Ky. (AP) — Farmer Gilliam Wade decided to have something done about a well that was drying up. Workmen began digging and, by the time they reached 200 feet, struck oil. Another well was started near the first one last week, and, by yesterday, the number of gallons being pumped still hadn't been determined.

Paroles Reviewed

WASHINGTON—The Federal Parole Board is required to review the case of each of the 20,000-odd inmates in federal penal institutions at least once a year. On the anniversary of the inmate's eligibility for parole, a review of his parole-progress report is required.

Hollywood Headlines

Arlene Going to England While Hubby Rehearses

(While Louella Parsons is traveling in Europe her column will be written by Dorothy Manners.)

By DOROTHY MANNERS

HOLLYWOOD (INS) — On Aug. 20 Arlene Dahl and Fernando Lamas take off for New York, Arlene to make just a brief stopover before planing to London to co-star with Jack Hawkins in "Woman of Fortune."

Fernando remains in the big town to start rehearsals with Ethel Merman in the musical "Happy Hunting."

"I'm glad I can make the picture in England while Fernando is rehearsing," Arlene told me. "Nothing could keep me away from his opening in late October."

She said that "Woman of Fortune" is being produced by Launders-Gilliat, the Perlberg-Seaton of England. "I play a designer—which means I wear lovely clothes—who becomes involved in a murder."

Sad news for some of our top singing stars—but John Raitt gets "Pajama Game" with Doris Day. Jack Warner made the decision today in France. Raitt created the role of the pajama factory supervisor on Broadway and he'll take off just enough time from the show to make the movie in Hollywood.

If Jean Simmons isn't otherwise occupied this morning (she's expecting the Stewart Granger heir or heiress any moment) she should be more than pleased to learn that Paul Douglas will be her co-star in "Protection for a Tough Racket."

In the MGM picture for Joe Pasternak, Jean plays a schoolteacher by day and a nightclub singer by night, and Paul, naturally, figures in the nocturnal side of her activities.

Douglas is hotter right now than he's been at any time since "Born Yesterday." He's only great in "Solid Gold Cadillac."

What's Bing Crosby going to do now that Kathy Grant is on her way to London?

Bing's favorite girl friend planed out in a hurry today after receiving a cable that she's to replace Ella Raines in "Town on Trial." This is the Todon picture with John Mills and Charlie Coburn which has been shooting for about a month.

Kathy is just back from a fishing jaunt with Mrs. Bill Morrow and two other girl friends in Mexico. Bing had planned a trip to Europe earlier in the spring which he called off. With Kathy there, he may decide to go after all.

If there's any longer any doubt about the status of the Judy Holliday marriage to David Oppenheim, she's juts moved into a new apartment by herself in New York.

Careerwise, Judy's doubling in brass rehearsing her show, "The Bells Are Ringing," and plugging her movie, "Solid Gold Cadillac."

Evie and Van Johnson ringsided at Judy Garland's show at the New Frontier in Las Vegas Saturday night and went backstage to call on the one and only Judy.

THE POWERHOUSE
By Jimmy Powers

He was a prematurely gray, middle-aged man in shirt sleeves, our neighbor in a front box. His keen eyes swept every inch of turf.

I wondered if he was thinking back to the days when he played football for Stuyvesant and West Point.

He had come quite a ways had Garrison Holt Davidson. Now a major general, he was superintendent of West Point, the first such appointment given a lad from the streets of New York.

It had to happen sooner or later for Gar Davidson represents everything for which the Academy stands. He was in the top 10% of his class yet while studying hard he found time to play football.

★ ★ ★

At Stuyvesant he was on three undefeated teams coached by Chuck Saltman. Davidson was a fighter with blood lines that go back to men fighting in the Indian wars, as aides to Washington.

His father, Harry Davidson served with the 71st Regiment in the Spanish-American War. At one time Davidson Sr. was registrar of the Metropolitan Museum of Art.

As the players chased baseballs over the grass Davidson must have turned back in memory to an October day in 1924 when he and his mates held Notre Dame's Four Horsemen to a tight 13-7 score while 60,000 looked on. In 1925 Army won, 27-0.

HAD 4 CLOSE ONES WITH IRISH AS CADET COACH

As a West Point coach he had four close ones with the Irish, a tie, a one-point loss and twice a one-touchdown loss. It was in '24 that Davidson made the first touchdown on West Point's home field as he fell on a fumble in the end zone with Columbia's George Pease diving desperately with him.

Davidson succeeded Major Ralph Sasse as football coach in 1933. He was just 29, the youngest ever to hold the top post up the Hudson. His backfield coach was Earl Blaik. His first season was a success. Aide from the one point loss to Notre Dame, he went undefeated.. In 10 games only four enemy touchdowns.

After his coaching tour ended in 1937 he was shipped to Hawaii to command a company of engineers. In 1941 he was back in Washington. In '42 he was executive officer to the engineer of the Western Task Force which invaded North Africa under General George Patton.

★ ★ ★

He became Patton's engineer in the First Armored Corps in the North African theater and remained there until it became the Seventh Army on D-Day in Sicily. Just 10 years after he became the football coach he was made one of the youngest general officers in the ground forces. General Patton pinned his own stars on Gar.

Tigers Beat Tribe in 15 Innings, 6-4

CLEVELAND (AP) — It took 15 innings to ride it out, but Detroit's Tigers weathered a 28-man hitless streak, a three run, game-tying homer in the 8th and another homer in the last of the 15th to edge the Cleveland Indians, 6-4 last night.

Wayne Belardi was the hero. He smacked a two-run homer (his 4th of the season) over the center field fence in the 15th to break the 3-3 deadlock and score what proved to be the winning run.

But on his heels, Ray Boone followed with his 17th homer over the left field fence.

Cleveland, playing the last of the 15th like they were going to win after all, shot back with a homer by Gene Woodling and proceeded to put a man on second and third with two outs on a single by former Tiger Vic Wertz and a double by Jim Busby.

With winner Jim Bunning tired and facing this situation, Al Aber stepped in and pitched the last out.

* * *

The contest was a heartbreaker for the Indians, who left 18 men strewn on base while starter Early Wynn and losing reliefer Don Mossi retired 28 Tigers in a row.

Wynn sent down the last 11 batters he faced and Mossi took care of the next 17 before Al Kaline broke the bubble with a single after two outs in the 13th. Cleveland loaded the bases twice in the last seven innings, threatening to score in each.

* * *

Starter Paul Foytack, who beat the Indians 9-0 a week ago, gave up only four singles in seven innings. Bob Avila and Woodling walked to open the 8th, and Al Smith pounded a three-run homer to tie the game.

* * *

Detroit scored two runs off Wynn in the second on toe-to-toe singles by Bill Tuttle, Frank Bolling and Foytack. A sacrifice fly by Harvey Kuenn, a double by Kaline and a single by Tuttle added Detroit's other run in the third.

* * *

Detroit faces Cleveland again tonight for the second game in the three-game series with Frank Lary (11-12) facing the Indians' Bob Lemon (15-9).

OLD LION PROS—Six of the seven veteran "old pros" on the Detroit Lion squad get into a training camp huddle with coach Buddy Parker. Left to right are Jim Doran, Lou Creekmur, Jim Martin, Bobby Layne and coach Parker. Kneeling are Dorne Dibble and Jack Christansen. Leon Hart another of the older vets was missing when photo was taken. The Lions open their pre-season schedule Friday night at Toledo against the Steelers.

Opening Softball Playoff Tilts Won by Pulver, GMC

Pulver Tire nipped North Side Auto Parts, 1-0, and GMC walloped Gingellville, 12-3, in girls softball games Tuesday night at North Side Park. Tournament berths in Classes A, B and C are at stake for the four teams involved.

Pitcher Claudia Wasik and catcher Marie Pollina were the heroines as Pulver avenged an earlier loss to the Auto Parts by the same score.

Wasik walked to open the 4th inning, took 2nd on a wild pitch by mound foe Katy Boykins and moved to 3rd during a fielder's choice. She then crossed the plate with the winning run on Pollina's infield bounder.

* * *

Boykins gave up only one safety in her ill-fated efforts, a 1st inning single by Gertie Walsh. Wasik, who was spelled on the hill by Jackie Thrasher, received credit for the win. The two hurlers allowed two hits.

Pulver's victory squared accounts with the Auto Parts at 2-2 for the season and the deadlocked co-leaders will collide again tonight on the North Side diamond at 8:30 to settle the dispute. The winner enters the Class A state tournament while the loser goes into the B ranks.

* * *

GMC drew 1st blood in its 2 out of 3 playoff with Gingellville to determine the city's Class C regional tourney entry. Joyce McCaslin pitched a 4-hitter and her teammates collected 10 hits for an easy triumph. The two squads resume their battle Thursday night at North Side at 8:30.

From The PRESS BOX

One of the "specials" at the Midwest Water Ski tourney at Walled Lake over the weekend that gave fans a big thrill, was 8-year-old Mike Emsinger's version of the "helicopter spin." At full speed the youngster went up over the jump, "unravelled" a double wrap of the tow rope from his waist while in the air, like a whirling dervish, landed on his skis and rode off to the applause of the crowd. It's a tough stunt, and not many of even the seasoned jumpers try it.

Veteran halfback Lynn Chandnois of the Pittsburgh Steelers, former Michigan State star, will miss the opening pre-season game Friday night against the Detroit Lions in Toledo because of a knee injury.

Former Wolverine Lou Baldacci will be his replacement in the game.

Leon Hart says the hardest he was ever hit in a football game was in the Bears' encounter last year when George Connor tackled him. "It was third and one to go, and after the play was over it was 4th down and two yards to go," said Hart. "He hit me from the side, and I knew it," he added.

Starts Against Steelers Friday

Layne's Arm to Get 1st Test

DETROIT (AP)—The Detroit Lions, from front office to field, agree that the success of the 1956 team lies in the right arm of Texan Bobby Layne.

The blond quarterback says the arm trouble that has plagued him for two seasons apparently is gone.

The arm will be tested Friday night when the Lions meet the Pittsburgh Steelers in the first pre-season game for both teams at Toledo's Gass Bowl.

"I haven't had a bit of trouble with it so far," said Layne. But the veteran signal-caller added cautiously "we'll have to wait and see what happens when it gets bumped real hard."

From the enthusiasm at training camp it wasn't at all noticeable that this was the club that finished in the division basement in the 1955 season with only three victories to show for 12 regular season games.

"We found out it's not such a big jump from the top to the bottom," said coach Buddy Parker whose Lions won two championships and three division titles in a three-year span. "Now we must realize that it isn't such a big jump from the bottom to the top again."

Parker reasoned that the Lions do not face a rebuilding job, as do most cellar-dwelling teams.

"We had a team that shouldn't have finished in the cellar," he said.

"We don't have any rebuilding to do. We have about 30 players on the squad who have played on championship clubs. We have the material and now all we have to do is win with that material," he added.

Parker said All-America halfback Howard Cassady of Ohio State may not appear in the weekend game against Pittsburgh in Toledo.

* * *

"He is still having trouble with the heel he hurt in the All-Star practice in Chicago," said the Lions' coach. "It may be a couple of weeks before he is ready to go at full speed."

Mrs. Thompson's 82 Takes WDGA Event

Playing her home course in the weekly Women's District Golf association tourney, Oakland Hills' Mrs. F. L. Thompson Jr. yesterday fired an 82 to win her first victory. Mrs. Robert Gamble of St. Clair River CC was runnerup with 86. It was her first appearance in the district event.

Rush IV Wins Olympic Berth

Philadelphia Yacht Sails to Victory in 5.5 Metre Trials

MARION, Mass. (AP) — Victor Sheronas' Rush IV, a yacht whose chances of winning were long at best, got the only break it possibly could use yesterday and as a result will represent the United States in the Olympic Games at Australia in November.

* * *

The bright hull from Philadelphia, sailed well by Ens. Andy Schoettle, took its big break when it came and went on to win the 5.5 metre trials and a trip Down Under.

* * *

Trailing by 688 points on the Olympic scoring method, Rush IV could make the grade only if Quixotic, owned and sailed by the Marblehead, Mass., syndicate of Ted Hood, John McNamara and John Collins, broke down, or suffered disqualification.

* * *

On the second leg to windward, the main halyard on Quixotic parted and despite a valiant effort by McNamara, who shinnied aloft and stayed there 10 minutes, the break could not be repaired.

* * *

As a result Rush IV, moving into first place after the breakdown, won the seventh and final race of the series while Quixotic, under jury rig, limped home in last place.

Grid Ace Turns Pro

Knox Quits UCLA

LOS ANGELES (AP)— Southern California's fleet halfback, Jon Arnett, has bypassed Canadian League pro football offers ranging from $16,000 to $20,000, to stick with his alma mater. But UCLA's passing star, Ronnie Knox, has decided to turn professional at once.

Back of Knox's decision is the uncertainty about his eligibility and the failure of UCLA to support his claim that he hasn't been receiving financial aid under cover.

Arnett held a brief press conference yesterday with his coach, Jess Hill, and told newsmen he had decided to finish his education.

"After all, that's why I came to the University of Southern California," he said. "Someone might question my turning down such flattering offers from Canada, but after careful thought I decided to finish school first, then consider any future I might have in professional football. If I had made any other decision, I'd find it very hard to live with myself."

With Arnett in the backfield for five games, the Trojans figure to make it interesting for anybody in the Pacific Coast Conference this fall.

But over at the UCLA campus the Bruins learned that Knox had decided to capitalize on his talented right arm. The Hamilton Tiger-Cats of the Canadian League announced they had reached an agreement with Knox and his father, Harvey, and that they will fly to Ontario today to sign a 1956 contract.

* * *

Knox is under contract to MGM studio but has not yet appeared in a film. Jake Gaudaur, president and general manager of the Hamilton club, said Knox told him MGM had given him a leave of absence to play pro football. Gaudaur did not disclose terms of the contract, but said they had been worked out at a conference in Vancouver last week.

* * *

Ronnie's father said that "if the contract is not all that it has been represented to be," the youngster will return to UCLA to complete his studies "but he will play no more college football." He said Ronnie is not interested in the American pro draft, for which he would be eligible next fall, and that his main concern is motion pictures.

Home State Pro Captures Medal

MILWAUKEE (AP)—A homestate pro, Mike Bencriscutto of Racine, Wis., fired a sparkling four under par 66 yesterday to claim medal qualified for the $35,000 Milwaukee Open Golf Tournament that swings into first-round action tomorrow.

Six other pros turned in sub-par rounds over the 70-stroke Tripoli Country Club course. They were: Bill Trombley, Dallas, Tax., 67; Darrell Hickok, Arlington Heights, Ill. Gay Brewer Cincinnati, Paul O'Leary, Bismarck, N.D., 68; Billy Sixty Jr., Knollwood, Ill., and Walker Inman Jr., Augusta, Ga., 69.

Bencriscutto, Wisconsin amateur champion in 1949 and 1950, came up with great putting to take a one-under 34 on the out nine and finished up with a three-under 32 on the last nine. He rolled in five birdies and took only one bogey.

The 55 qualifiers out of a field of 87 will join about 75 pros and 6 amateurs who were exempt from qualifying in medal play tomorrow. A 76 or better was needed to qualify in yesterday's 18-hole round.

Top Draft Choices Leave Camp

Packers Have Woes in Keeping Rookies

STEVENS POINT, Wis. (AP)—The National Football League Green Bay Packers figured today they had one of their missing prize rookies headed back into the fold, but continued to seek a cure for freshman absenteeism.

"This is the craziest thing I've ever run into," said Coach Liz Blackbourn. "Naturally we're going to do everything possible to get them back. Whatever got into them I know can be straightened out. I think it was just an impulse."

Blackbourn was talking about Jack Losch, University of Miami, Fla., halfback who was the Packers' first choice in the winter draft and Bob Skronski of Indiana, a tackle who was the fifth pick.

Blackbourn said last night he had reached Skronski by telephone at his home in Darby, Conn. He said the lineman said his departure had nothing to do with football, but was connected with a "confused personal situation."

* * *

Club officials said they were unsuccessful in efforts yesterday to locate Losch at his home in Williamsport, Pa.

* * *

Skronski and Losch reported to the training camp Sunday after the College All-Star Cleveland Browns game in Chicago Friday night but failed to turn up for practice Monday.

* * *

Blackbourn explained, "I had a meeting with them Sunday afternoon and everything seemed fine. No complaints of any kind. The next thing I knew, they were gone."

* * *

The only one of the first five Packer drafts now working in the training camp is Forrest Gregg, Southern Methodist tackle claimed on the second round.

* * *

A pair of Oklahoma standouts, halfback Bob Burris and guard Cecil Morris, worked out for the All-Star game and then notified the Packers they had decided not to report. Burris, No. 6 choice, suffered a slight confussion and an injured knee during the All-Star practice and did not suit up for the game. Morris was the No. 4 Packer selection.

In addition to Gregg, only three of the 10 top Packer drafts are on hand. The others are Hank Gremminger, end from Baylor, No. 7; Russ Dennis, Maryland end, No. 8, and fullback Gordon Duvall, Southern California, No. 9.

The No. 10 selection, fullback Bob Laughery of Maryland, left the training camp after the Packer's first intra-squad game.

Oldtimers Oppose London in 2 Tilts

Pontiac's International Oldtimers baseball club travels to London, Ont., Saturday for a doubleheader against the Canadian league team. First game starts at 1 p.m. (12 noon Pontiac time) hence Manager Bud Leslie requests all Pontiac players to be at the VFW hall, South Saginaw street, not later than 7:30 a.m. Saturday to make the trip by automobile.

Pontiac's mound choice will come from one of the following: Mickey George, Lou Wolf, Bill Gordon or Warren Brinker.

Detroit's OT club is current IOL leader with 7-1 mark. St. Thomas, erroneously named in that spot, has withdrawn from the loop.

All-Army Meets in 2nd Round

Ft. Bliss Soldier Holds Golf Lead as Favorites Advance in Tennis

FT. BRAGG, N.C. (AP) — Ray Moore, a slender 23-year-old shotmaker representing Ft. Bliss, Tex., and the Fourth Army area, carried a two-stroke lead over the field into today's second round of the All-Army Open Golf Tournament.

Moore fired a three under par 69 yesterday, despite a double bogey on the first hole of the 6,500-yard enlisted men's course. His score gave him the jump on the others in the 30-man field for medalist honors.

Despite intermittent rain, favorites advanced in the open singles of the All-Army Tennis Tournament. Lt. Cliff Mayne of the First Army beat SP. 2.c. David Mesker of Europe, 6-3, 6-3, in one top match, and Pvt. Tim Coss, of Ft. Jackson, S.C., representing the Third Army, whipped Lt. William Zeigler of the Sixth Army, 6-3, 6-0.

HTA Claims Violations

Harness Renaming Asked

DETROIT (AP)—A demand that the U.S. Trotters Assn. rename every harness horse called "Hanover" within 30 days was voiced yesterday by Harness Tracks of America.

* * *

Meeting in Detroit, HTA, an association of 18 of the nation's leading parimutuel harness tracks, charged that the USTA allowed the name to be tied in with the advertising of men's shoes in "published exploitation of the entire harness industry."

* * *

The USTA for years has licensed horses, grooms, drivers and generally governed harness racing in all states where it is not controlled by a state racing commission.

* * *

HTA said a fee of $60,000 is paid each year by a show manufacturer to the Hanover Show Farms, breeding establishment headed by Lawrence Sheappard, USTA president.

* * *

In exchange, the HTA said, all horses sold by the farm are named Hanover regardless of their breeding. HTA termed this a "flagrant violation" of USTA rules.

Eight of Field Still in Water of Annual Swim

FOLKESTONE, England (AP) — Tom Park, an American now living in Hamilton, Ont., was the early leader today in the annual mass swim of the English Channel.

A radio report to headquarters in Folkestone put Park about five miles from Cap Gris Nez, France, the starting point. The report said rough water caused all but eight of the original field of 22 to withdraw.

Greta Anderson of Denmark, now living in Lakewood, Calif., was one of three women in the starting field but was forced to give up after swimming about an hour.

Clarkston Rallies to Win

Clarkston rallied to nose out Gaines, 11-10, in the 1st round of the Durand Invitational baseball tournament Tuesday night at Durand. Joe LePard, the last of three Clarkston pitchers to see action, was credited with the win in the see-saw battle.

Gaines opened the scoring with three runs in the 1st inning, but Clarkston struck back with seven counters in the 4th. Gaines rebounded with four tallies in the 4th to tie the score, then grabbed a 9-7 lead in the 7th. Clarkston wrapped up the verdict with four runs in the 8th stanza.

Catcher Roger Johnson, who made three hits in four times at bat, was the big gun for the winners as he started every rally. Clarkston garnered a total of nine safeties off Caine while the losers collected 10 hits. Fred McAndrews and Jerry Kruskie preceded LePard on the mound for Clarkston.

Clarkston will face Fenton in the Durand tourney's 2nd round next Wednesday, Aug. 22, at 8 o'clock. In Tri-County League play, Clarkston meets Gaines Saturday in a doubleheader at Gaines starting at 2 o'clock, then visits New Lothrop Sunday for a single game, also at 2 p.m.

OLD FORM—Curt Simmons, whom many figured was just about washed up in the Majors, continued his winning ways yesterday by defeating the Pirates for his 7th straight victory for the Philadelphia Phillies.

42nd for Mickey; Phils Win 2

By THE ASSOCIATED PRESS

Harvey Haddix, the guy St. Louis "couldn't use," and Curt Simmons, a springtime bust, are having themselves a ball these days even though the Philadelphia Phillies can't seem to make the unexpected boost pay off.

The two southpaws each gained their seventh straight victories with a pair of six-hitters last night as the fifth-place Phils swept a twi-night doubleheader from the still plunging Pittsburgh Pirates, 3-0, and 11-1.

The sweep gave the Phillies a solid .636 winning percentage since the All-Star game, yet they've been able to move up just one spot in that fast-stepping National League pennant race and still trail the leaders by 12 games.

* * *

Philadelphia managed to pick up just a half-game on fourth-place St. Louis as the Cardinals rocked Milwaukee 6-2 and prevented the first-place Braves from padding their two-game lead over Brooklyn, beaten 3-1 by New York's Giants. Third-place Cincinnati moved back to within three games of the lead by defeating the Chicago Cubs 2-0.

* * *

In the American League, Mickey Mantle socked his 42nd home run, staying 13 games ahead of Babe Ruth's record-60 pace in 1927, as the New York Yankees whacked Boston 12-2 and ballooned their lead to 9½ games after Detroit knocked off Cleveland 6-4 in 15 innings. The Chicago White Sox hammered Kansas City 12-1. Baltimore defeated Washington 3-0.

* * *

Manager Casey Stengel showed all sorts of concern over Mantle's effort to break Ruth's homer record, putting him behind instead of ahead of Yogi Berra against southpaw Mel Parnell, thwarting any strategy that might give Mickey a walk in order to face the lefty-swinging Yogi and giving Mantle the greenlight on a 3-0 pitch. The Mick tagged it for a single. The homer came with a man on off Parnell in a three-run third and iced it for Johnny Kucks' 16th victory. Billy Martin, with a home run, a double and an infield grounder, drove in four runs. Billy Klaus and Jackie Jensen homered for the Red Sox, who fell 11 games back.

Soviet Team for Olympic Games Not Seen as Good

MOSCOW (AP) — Russia's track field team for the Olympic Games in Australia may not be as good as the Soviets expected, but it will be young, new and brash.

* * *

A nearly completely new group of men and women won championships during the Soviet Spartakiad sports festival and victory here is virtually certain to get the winners a ride to Melbourne and a chance to take crack at the powerful American squad.

* * *

The new champions are replacements for many old Russian stars who first got a good peek outside the Iron Curtain in 1950 at Brussels for the European Games, took another quick and unsuccessful look into the fresh air in 1952 for the Olympics, and made their third mass journey to Bern, Switzerland in 1954 for the victorious European Games.

* * *

Since then they have journeyed to London, Paris, and Scandinavia in addition to numerous trips through satellite countries.

* * *

Now a new crew is taking over and its' assignment is to beat the Americans.

But it is most unlikely they will do this for another eight years, not until Russia's tremendously impressive sports mill turns out more good coaches.

This group, however, is certain to win at least two gold medals at Melbourne and from what happened yesterday it appears a third is possible.

Semyon Rzhishchin of Moscow bettered the world record for the 3,000-meter steeplechase on the Lenin track with a time of 8:39.8.

Taylor Gets Decision Over Myrel Olmstead

WINDSOR, Ont. (AP) — Detroit's Chuck Taylor, weighing 134½, came on strong to win a unanimous eight-round decision over Myrel Olmstead, 131½, of Springfield, Mass., last night in a locally televised bout.

Taylor took the lead in the first four rounds and stood off a flourish from Olmstead in the last four. Olmstead suffered a cut eye in the fifth.

Baptist 9 Stays in Playoff Race

Once-beaten Emmanuel Baptist stayed in contention for title honors with a 3-2 extra inning victory over Gidley Electric and Lakeland Pharmacy dumped Drayton Drug, 4-1, in the Waterford League softball playoffs Tuesday night at Drayton Plains.

* * *

Some stellar pitching by Harlan (Fat) Keith and Glenn (Wimpy) Johnson pushed Gidley to the sidelines in the double-elimination tournament. Keith, who started, struck out nine batters during the four innings he worked and Johnson, who was credited with the win, fanned five in the same span. They permitted five hits.

Kenny Spears, who hurled the distance for Gidley, also allowed only five hits, but one was a fatal 8th inning single by Carlton Collins. Frank Holman walked, moved to 2nd on a sacrifice and scored the winning run on Collins' blow.

Chuck Rock pitched a 4-hitter for league champion Lakeland in its decision over Drayton. Bill Troyer and Chuck Larr each drove in one run with a triple and Dick Cooper doubled home another. Two errors accounted for an unearned tally.

Drayton Drug and Emmanuel Baptist clash in tonight's playoff attraction at 8:30. The winner faces Lakeland Pharmacy for the league title.

All-Stars vs. GMC

Ex-Majors in Sunday Tilt

Loaded with former major league talent Detroit's All-Stars baseball club comes here Sunday for a 3 p.m. encounter at Wisner field with Pontiac's General Motors nine.

The Motors crew is the current Class A City League champion with a remarkable, 22-0 unblemished season. Sunday's encounter will be the top feature of a double-header diamond offering for Pontiac fans. City League All-Stars tangle with Griff's Grill in the opener at 1 o'clock.

Paul (Diz) Trout, former Detroit Tiger hurler, will start against GMC. Other Star moundsmen available include Guido Russo, Frank Kules, Bob Wardell and Ace Lee.

Trout has announced his batting order as follows: George Lerchen (cf); Shelly Hanis (ss); Jack Mayhew (lf); Mike Milan (3b); Bob Hoeft (2b); Vic Schenck (1b); Don Walters (rf); Mike Tresch (c) and Trout.

* * *

Manager Paul Parks of GMC has selected his batting order as follows: Jerry Dorr (3b); Gene Cox (lf); Terry Thomas (cf); Judge Booker (1b); Dave Krange (2b); George Gary (c); Pete Pihos (rf); Bob Swindell (ss); and either Steve Kebler or Warren Hagyard on the hill.

Bogley, Drilling Win Oakland Hills Event

Gil Bogley and Maurie Drilling (of Birmingham and Dearborn) teamed to win the annual Oakland Hills CC invitational doubles tennis crown recently. They defeated a pair of top contenders in Don Mackay and Fred Otto of Detroit 7-5, 6-3, with a steady, sharp all-around game.

One of the features of the 21-team tourney was the 2nd round upset of favored (No. 2 seed) Andy Paton and Alex Hetck by the eventual winners, who disposed of Tom Belton and Dick Potter (3-7, 10-8, 6-3) in a semi-final match, while Mackay and Otto turned back Bissard and Dave Brogan of Lansing.

Keeps Record Clean

Victory in yesterday's junior tennis team match at Pine Lake's courts left the Oakland Hills squad with a perfect record for the season, to date. The Hills juniors lost only one match against the Pine Lake youngsters.

Previously Oakland Hills had won from Orchard Lake twice and in a match on the home courts against Pine Lake. The Hills are unbeaten in the tri-club series.

CIO vs. Oliver Tonight

The Class A City Baseball League playoffs resume today at Wisner Field when the CIO Local 591 meets Oliver Buick. Game time is 5:30 ap.m. The winner will tangle with Griff's Grill Friday at Wisner in the finals. The playoff victor faces league champion GMC in a 2-out-of-3 series starting Aug. 20.

Clark Paces Senior Test

DETROIT (AP) — Walter Clark of Detroit, shot a four-over-par 72 yesterday to lead the 36-hole Michigan Seniors Golf Championship going into the final 18 holes today.

Clark shot a 34-38 on the par 68 south course of the plush Detroit Golf Club. He was co-champion of the tournament three years ago. Clark plays in the Class F bracket, for the youngest in the six classes.

C. L. Kendrick of Port Huron was 2nd yesterday with 36-37—73 in Class D, aged 60 through 64.

Defending champion Carl Herrud of Grand Rapids turned in the best score on the par 71 north course with a 37-41—78, leaving him in a tie for 4th in Class F. Courses were switched today.

Other class leaders yesterday were: Class A (75 and over) R. H. Doughty CC of Detroit 85; Class B (70-74) W. A. Ryan DGC, 79; Class C (65-69) J. Clive Helfrich DGC, 80; Class E (55-59) Herman Arnold Washtenaw CC, 74.

Five Oakland County club players were among the top players in their respective brackets. They included Bill Lear of Indianwood with 50-52—102 (N), in Class A (75 and over) for 2nd spot; Everett Cavanaugh of Duck Lake (C-70-74 years), with 2nd place 39-43—82 (S); Charles Carnes, Indianwood (D-60-64 years) tie 2nd with 40-40—80; Charles C. Hood, Bloomfield Hills (D) tie 5th 41-42—83; Austin Harmon of Bloomfield Hills (D) tie at 42-42—84 (S) and C. H. Whitelaw of Bloomfield (E-55-59) tie for 5th with 37-31—78.

41 Yearlings Bring $252,000 in Saratoga Sale

SARATOGA SPRINGS, N.Y. (AP) —Another 47 yearlings, including offspring of Ponder, Palestinian, Mr. Busher, Battlefield, Royal Gem II, and Counterpoint, will be offered tonight at the Fasig-Tipton sales.

With three nights remaining in the five-night sale, 88 animals have been sold at an average of about $6,800.

Top price Tuesday was $30,700 paid by W. C. Partee, Magnolia, Ark., for a bay colt. Altogether, 41 head was sold for a total of $252,000, an average of $6,146. The average price brought was $7,632 when there were 47 sales on opening night.

Jewelers 9 Hopes to Square Standing

Pontiac Shaw's Jewelers softball club returns tonight to Roseville in hopes of squaring accounts in the State MSA regional tournament. Another loss will eliminate the club.

The Pontiac city champions tangle again with Detroit Riesterers which club handed Perc McConner a 3-1 licking Monday night. Perc will start again tonight in the 8:30 p.m. contest.

Shaw's got their only tally Monday in the 1st frame, Verne Keebaugh, leadoff man scoring on an error. Reisterer counted two in the 2nd and a single run in the 3rd.

Key Etawah in Front

DETROIT (AP)—Key Etawah won the featured 8th race in 2:06 4-5 at the Hazel Park Harness Raceway last night. A crowd of 5,699 wagered $299,660.

Doctoring Your Golf Game

By DR. CARY MIDDLECOFF

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Poor wrist action

DIAGNOSIS: Untrained left arm

TREATMENT: I cannot emphasize strongly enough that the proper golf swing involves sweeping the clubhead back low along the turf, without any wrist break on the backswing.

Golf is a game of may theories, true enough, but I can't prescribe anything but the "one - piece" swinging action since it has been especially successful for me and has brought much improvement promptly to my pupils in the limited teaching I do because of my tournament commitments.

The sketch shows where the wrists break naturally in the backswing with a wooden club. From the ball to the point shown, a straight line has been maintained from the clubhead up through the hands and left arm to the left shoulder. Do this, and you'll keep your left arm straight: Swing the club back low along the turf, gripping firmly with the left hand all the way. Particularly, don't release the middle, third, and little finger in the upswing. Once you get the one piece movement operating constantly, with the head held still, you'll get the pleasant feeling of the left side moving around freely with the swing into a powerful pivot. Break the wrists too quickly, and all is lost. The left arm breaks; the body turn ends. Make the left arm do its job, and you're on your way to better golf.

Bigger, Better Bass Make Race Warm Contest

Newest Leader Is Only Half Ounce Under Six Pounds in Heft

Tempo of The Pontiac Press "big fish derby" has been speeding up during the last week, with the bass division providing the biggest interest and the most action.

Keith Parker, 2678 Walnut road Pontiac, projected himself into the leader's position Sunday, when he landed a 5-pound-15½-ounce large-mouth on Watkins Lake. Parker's bronzeback ousted a 5-pound-13-ounce fish taken by handsome young Peter Dy browski, 9063 Oakwood Drive, Cooley Lake. Dybrowski's entry in turn had eliminated a 5-pound-12-ounce fish presented by Max Wardrop.

Parker took his fish (his biggest bass) on a noisy popper-bug. He was working the lure in deep water when the bass struck.

* * *

With Parker at the time of the catch were his nephew, Tom Parker and two other men

The new leader was 21½ inches long and 20 inches in girth.

Contest began in June, will conclude on Labor Day.

Winners of each division receive $50 U. S. Savings bonds.

Other leaders of the moment are: Northern pike, 8-pounds-4-ounces (Jack Gray); bluegill, 1-pound - 1 - ounce, (Harvey Boatwright).

Lieutenant Has Lead in All-Marine Meet

CAMP PENDLETON, Calif. (AP)—Second Lt. Don E. Albert of Camp Lejeune, N.C., shot a two-under-par 70 today to take a two-stroke lead in the open division of the All-Marine golf meet.

Capt. Phillip A. Edmondson and Maj. William S. Anthony, both of the 12th Marine Corps reservists recruitment district at San Francisco, fired 72s to tie for second place.

DUCKY SOLUTION — Cruising down the river is pure duck soup for this crafty family of Dutch ducks — they simply boarded a luxury mattress cruiser and conserved duckpower as they watched the scenery pass. There's only one problem — the ducks will have to get back upstream under their own power unless they pick up a motor for the mattress during their drifting period.

595 Dogs in Show

Top PKC Entry Vies for Press Award

By H. GUY MOATS

With the biggest entry in the history of the event, Pontiac Kennel Club's 595 dogs will provide a real free-for-all battle for the show's top award, The Pontiac Press best-in-show trophy. The show, which takes place Sunday Aug. 19 on Wisner Stadium's green expanse of thick turf, is one of the early fall's outstanding all-breed competitions, in Michigan.

* * *

Award of The Press' trophy will culminate an all-day-long competition in a score of breeds and many classes. An obedience trial is an added attraction.

This year's entry list is 35 more than the previous high total of last year.

Breeds represented include sporting dogs, hounds, working dogs, terriers, toys, non-sporting and a number of others.

* * *

Heaviest entry is in the springer group, with 55. Other strong fields will be the great Danes, with 37, boxers 36 and shepherds with 30. Combined cocker spaniel group totaled 37.

Many fine trophies, and ribbons, will go to winning dogs.

Judging will begin at 9 a.m. concluded with best-in-show selection at 6 p.m.

The public is invited to witness this fine licensed AKC exhibition.

As in other shows of the last several years members of PKC will not exhibit any of their dogs.

Lakesiders Still 'Hei Up'

By JACK PATTERSON

Horse - and - buggy laws, official lethargy are contributing factors to the rapidly deteriorating relations between lakeside residents and that fast-growing group of weekend marine hot - rodders who make the "peaceable enjoyment" of public waters, by anyone else a legal funny.

PATTERSON

But the real source of conflict lies in the nature of this undisciplined segment of the public itself. A right to the use of public waters is not a license to run wild with complete disregard for the equal rights of others. And yet that is apparently precisely what some of these people feel that public access to inland lakes entitles them to do. At least if their actions mirror their intentions, that is surely the case.

Immediate corrective measures involve authority for township control of local lakes, probably a horsepower limitation on lakes of small area, possibly a classification of lakes for primary use, certainly a get-off-your-chair attitude on the part of law enforcement officials.

For the long haul public education in some basic facts of life in a democracy probably would work to ease the situation in the future. And education should not necessarily be conceived as a matter of lecturing and pamphleteering alone.

* * *

A big, hairy fist in the teeth of some of these real cool aquatic cats, man, might teach a lesson even these guys could understand.

* * *

Whatever the causes and in whichever direction the cure may lie, lakeside residents with a collective investment of many millions of dollars are fed up with their present position as permanent caretakers of public parks for the benefit of these hot-rod rowdies.

This has been an interesting week, so far, what with hill-folk fulminations from Chicago and hurricanes threatening Florida and now and again a fish being caught in Oakland County. The now and again meaning, respectively, mornings (early) and evenings (late). Bass are particularly susceptible lately to popper bugs, mostly in the twilight hours.

In the north biggish brown trout are falling victim to the night-time angler. On the Sturgeon River Dr. L. Jerome Fink reports splendid success with a small red and white flatfish for rainbows. Nothing too big but very satisfactory.

Although it is at its best in the fall, the Sturgeon from now on will get better and better for really big rainbows, or steelheads, if you prefer; really big, by our definition, being over five pounds.

* * *

The Sturgeon in its lower, big fish waters is not an easy stream to fish. Certain local tricks and gimmicks are usually called for and anyone who isn't familiar with the stream and wants a chance at a big one is advised to check with local guides; if only for background information.

Hard to Displace

Members of the Silver Lake Women's Golf League are finding it an almost impossible task to dislodge their season-long low gross leader. In Wednesday's league play Mrs. Elbert Looney again was in front, but was only one stroke under her nearest opponent. She had a 58. Low net went to Mrs. William Potter with 35, and Mrs. Phil Dorman had low putts for the round, 16. There were 27 at play, with one guest.

Former Pro Cager Dies

FORT PLAIN, N.Y. (AP)—Frank B. (Ditto) Wilson, 74, one of the first Negro professional basketball players, died yesterday.

He started playing pro ball in 1907 for a Fort Plain team. In 1909 Wilson traveled on the road with the original Globetrotters. In recent years he operated a grill.

Pick U. S. Pistol Squad Thursday

CAMP PERRY, O. (INS)—Twenty-five ace marksmen compete today in the 1956 national pistol matches at Camp Perry to determine who will go into the Olympic finals.

The Olympic team in the free pistol event will be determined in tomorrow's shoot-off.

Heading the 25 contestants is Navy chief warrant officer Offutt Pinion of Harbor City, N. J. He won yesterday's event with a score of 539 out of a possible 600.

Second-place went to Elmer W. Hilden, Chula Vista, Calif., of the U. S. Border Patrol. U. S. Army sergeant Merriweather Jones of Memphis, Tenn., was third.

Frank C. Daniel, secretary for the Olympic Rifle and Pistol committees, announced that Lt. Col. Ellis Montgomery will coach the Olympic shooting teams.

Lands Big Bronzeback

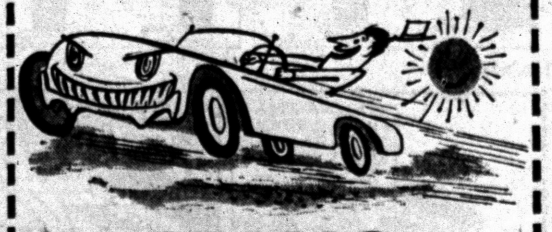

Oakland County lakes are producing some fine big black bass these early autumn days, as witness the one taken Monday on Huntoon lake by Bob Western of Harrell Drive, Drayton Plains. Western's fish, a 5-pound-3-ounce largemouth, was too light (by 12½ ounces) to equal the current Pontiac Press contest leader, but gave the angler a real battle for five minutes. It was 20½ inches long. Western was fishing with Roy Good, from a boat. They were using night crawlers for bait.

Butler Put in Place Over News Coverage

NEW YORK (AP)—Frank Stanton, president of the Columbia Broadcasting System, said today "those who make the news cannot, in a free society, dictate to broadcasters, as part of the free press, to what extent, where and how they shall cover the news."

He made the statement in a telegram to Paul Butler, chairman at the Democratic National Committee in Chicago.

Butler criticized CBS last night for not televising a movie shown the Democratic National Convention.

Butler claimed CBS had committed itself to carry the film, titled "Pursuit of Happiness" and said that he would demand the network carry it later.

Stanton said in his telegram to Butler:

"Neither I nor anyone else at the CBS has ever committed CBS to carry the film. There has been no agreement at any time on the subject."

Grain Market Continues Slow

CHICAGO (AP)—In another rather slow market grains hovered around previous closing levels on the Board of Trade today.

A couple of nearby wheat futures eased on mild hedging pressure and scattered profit taking. September corn again displayed independent firmness on covering operations by previous short sellers. Once again there was little overnight news to provide either heavy buying or selling in grains.

* * *

Wheat near the end of the first hour was ⅝ lower to ¼ higher, September $2.19⅜; corn ⅛ to ⅞ higher, September $1.50⅝; oats ⅛ to ⅝ higher, September 75⅛; rye unchanged to ⅝ higher, September $1.41; soybeans ¼ lower to ¼ higher, September $2.45½; and lard two cents lower to 15 cents a hundred pounds higher, September $12.15.

'He's Not the Man for a Long Fight,' Truman Repeats

CHICAGO (INS)—Former President Harry S. Truman insisted again today that Adlai E. Stevenson is not the kind of "fighting candidate" that the Democratic Party needs to win with in 1956.

* * *

The blunt - spoken Democratic leader told a crowded news conference that there is "nothing personal" in his opposition to a presidential nomination of Stevenson but he felt that he had to "speak out before it is too late."

Truman drew laughter when he told assembled newsmen and live television audience that he was "deeply touched" by the anxiety of the press and so many columnists over his "political judgment."

He began by reading a prepared statement reaffirming and explaining his endorsement of Gov. Averell Harriman of New York and his outspoken warnings that Stevenson could not win and would fail to carry more than the nine states he won in 1952 when licked by President Eisenhower.

'I THINK IT IS'

As to suggestions that he was risking his own political future, the former president tersely declared:

"They need not be alarmed for I never worried about the consequences if it was the right thing to do—and I think this is."

He added: "My purpose was and is to urge the Democratic convention to nominate a fighting candidate committed without reservation or evasion to the dynamic principles of the Democratic Party."

He said he was warning against the danger of just a "caretaker candidate" and reminded everyone that the late President Roosevelt was not "a moderate."

* * *

He said that in 1940 Roosevelt was prepared to decline the nomination if the Democratic convention did not uphold the liberal principles he stood for.

Truman said Roosevelt had "written a statement to that effect" to be read to the Democratic convention that year if needed.

Oxford Man Burned as Car Catches Afire

Leo Cole, of 18 Dayton St., Oxford, was treated for second degree burns of the right hand received when his car caught fire in White Lake Township yesterday.

The fire was put out by Township firemen.

The fire reportedly took place on M59, ½ mile west of Porter road. Cole was a passenger in a 1948 vehicle driven by Harold R. Specht, of 2440 Hadley Rd., Ortonville.

The men told investigators the fire started from a backfire through the carburetor. They said the floor panels caught fire and the flames spread throughout the interior of the car.

Jail New Hudson Man on Morals Charge

Contributing to the delinquency of minors resulted in an 80-day sentence to the Oakland County Jail for a New Hudson man Tuesday.

William J. Burgess, 34, of 57051 Cash St., was jailed after pleading guilty as charged before Justice Allen C. Ingle of Farmington Township. Failure to pay $50 court costs resulted in an additional 50 days to the original sentence.

Age Right—Name Wrong

Monday's Pontiac Press erroneously listed an L. M. Green, 98, of 217 N. Saginaw Street as one of 11 people hurt in a three-car collision in Waterford Township Sunday. The injured party was Mrs. Ella M. Green, 98, of the above address. She was treated and released by Pontiac General Hospital for cuts and bruises following the accident.

Open Edison Offices to Pontiac Customers

The Detroit Edison Co.'s new downtown Pontiac building was officially shown to the public this morning with the opening of the customer service office.

Located at the intersection of W. Huron and Pine streets, the one-story structure encloses Oakland District headquarters besides customer business and service facilities.

The building has been under construction since January, according to Manager Howard L. Canfield, and replaces the white frame building occupied by the company for the past 26 years.

Advances Seen on Stock Market

NEW YORK (AP) — Coppers, oils and aircrafts paced a stock market advance in early trading today.

Pivotal issues stepped ahead from fractions to around a point. Trading was active at the start then slowed.

Anaconda rose 1⅜ to 84⅞ on an opening block of 6,000 shares following an impressive six months earning report. Two big 10,000-share blocks of electric and musical industries was sold at 3⅜, unchanged.

Phelps Dodge, which also had improved earnings, advanced a fraction and Kennecott about a point as coppers moved upward.

Oils continued their rise of yesterday with Gulf up 1 at 130¾ on an opening block of 1,000 shares, later extending its gain fractionally, while Royal Dutch and Texas Co. gained around a point each.

Boeing, Douglas and United Aircraft each rose around a point or so.

Good corporate news and growing optimism about the Suez Canal situation aided investor confidence.

Steels and motors were mostly steady. Some chemical and miscellaneous manufacturing stocks eased slightly. Leading rails and motion picture stocks were firm.

Food Inspectors Fine Dairy Bar Owner $50

Tefance Powe, 54, of 15 Marvin St., owner of the Shamrock Creamery and Dairy Bars, yesterday pleaded guilty to two charges brought by the Michigan State Food Inspector's office.

Powe paid $50 in fines and costs assessed by Pontiac Municipal Judge Cecil McCallum. Powe was charged with shortages of fat in coffee cream and ice cream at his creamery.

Take Over Waterworks

Board here, meeting last night, voted to take over the waterworks at Judah Lake Estates, the first system they will maintain under new government-approved subdivision laws. No immediate action was taken on the Lake Orion Improvement Assn. request that weed-spraying be set up as special assessment in next year's taxes.

WHERE BETSY LEFT HER MARK—Rubble fills a street in the town of Yabucoa, Puerto Rico, in the wake of Hurricane Betsy which struck the island Sunday. Of 30,000 persons in the town, 20,000 were reported homeless. Today Betsy has moved far out to sea, and forecasters say the storm will miss the U. S. mainland.

Betsy's Sister Giving Warning

Hurricane Blowing Out to Ocean but New Wind Brews in Caribbean

MIAMI, Fla. (AP) — Hurricane Betsy slowed to a walk and ended a threat to the U. S. mainland today but an area of strong winds and rain squalls far out in the tropical Atlantic indicated a new storm may be brewing there.

At 5 a.m., EST, Hurricane Betsy was centered about 210 miles east of Melbourne, Fla.

It was moving toward the north at only 7 m.p.h. and is expected to continue moving toward the north or north-northeast during the next 12 hours with a more northeasterly swing after that. This would take it away from the mainland and out into the open Atlantic.

Betsy had winds of 120 m.p.h. over a small area near the center and hurricane winds extended out 70 miles to the northeast, with gales 150 miles to the northeast of the center and 100 miles in other directions.

The San Juan Weather Bureau said a new storm may be forming in the area where Betsy was born last Friday.

A ship reported last night that it encountered winds estimated at 40 to 50 miles an hour about 700 miles east of Puerto Rico.

An observation plane was sent to the spot to investigate. Weathermen explained it could be only a band of unsettled weather.

Roofer in 'Fair' State After Tar Explosion

A construction worker, Frank Hill, 37, of 916 Fremont St. remained in fair condition today in St. Joseph Mercy Hospital after boiling tar severely burned his legs and arms yesterday.

Hill and the owner of the construction company, David J. Smith 38, of Lake Orion were drawing the tar from a kettle, when it exploded, showering them and their truck. Smith died later of burns over his entire body.

The tar was being used in roofing construction at 569 S. Jessie St.

Detroit Man Jailed on Larceny Charge

A Detroit man waived examination and was bound over to Circuit Court on a larceny in a building charge Tuesday.

Fred Holt, 26, of 1002 E. Canfield, was remanded to the Oakland County Jail under $500 bond following the arraignment before Ferndale Justice Earl N. Nash.

He was arrested Monday by Ferndale police and is charged with stealing a portable typewriter valued at $59 from a Ferndale appliance store.

Ave Better Win or Else

For Sale: Harry's 'Big Boat'

By BOB CONSIDINE

CHICAGO (INS) — "For sale. Harry S. Truman's 1954 Chrysler (the one in which he nearly ran over Dean Acheson, while driving through Washington.) Excellent condition. Driven only 12,000 miles by conservative old gentleman. A steal at $3,750."

This is the kind of ad which Sam Silverman, former vaudeville strong man, would insert in the classified section if he felt there was time. But the resident of Kansas City, Mo., feels that it might be best to sell instantly, a precaution against the possibility that Truman's Democratic convention candidate, Gov. Averell Harriman, may lose.

A Harriman disaster could mean a couple hundred dollars lopped off the sales price, Sam assured the writer today at the Conrad Hilton. Samson, as Silverman was billed in his days as a physical marvel, had a stimulating talk with the Smiling Irishman and Mad Man Muntz before hitting on the $3,750 price.

"The idea came to me in the middle of one night," the bouncy little strong man recalled. "I was just laying there and the idea came. I had seen where Truman turned it in on another Chrysler and a Dodge. I couldn't wait for the place to open.

"Well, I got it for $2,500 — a steal. Runs like a watch. Tires as good as new. I don't think he ever had it over fifty. I figure there's sure some Democrat around who wants it bad enough to make me a little profit, so I drove it over here from K.C.

"Just think who rode in that car with Truman at the wheel! The family, for sure. And who knows who else? — Churchill? Anyway, big fellows like that. Maybe I'm selling too cheap."

The car, a black limousine with white-walled tires, was purchased from Haines and Hodges, a car dealer located at 9518 Truman Rd., Independence. A rare Truman autograph on a title document will be thrown in.

Truman made a trip east in the car shortly after buying it, his first trip back to Washington after leaving the White House. While driving near the Capital's Metropolitan Club he found himself bearing down on a distinguished - looking, mustached, homburged man carrying a briefcase.

Truman slammed on the brakes ("the brakes are in first class condition"—Silverman) and blew the horn ("horn in top shape"—Silverman) and the elegant jaywalker vaulted out of the way. Only then did HST realize that he had nearly bumped his former secretary of state, Acheson.

Sam wouldn't say how that would have affected the resale price.

Hodge Given 10 Years for Mishandling Funds

CHICAGO (AP) — Orville Hodge, ousted Illinois state auditor, was sentenced today to 10 years in a federal prison for misapplying more than $800,000 in federal insured bank funds.

Judge John P. Barnes of U. S. District Court passed sentence a few minutes after Hodge, mopping tears from his eyes, heard his lawyer, Arthur Fitzgerald, enter a plea of guilty.

The plea embraced 51 counts of the 54 originally contained in the federal indictment. Hodge also has been indicted by the state of Illinois. The governor dropped three of the counts for technical reasons.

Pair Suffers Injuries in Two-Car Collision

Two persons escaped with minor injuries in a two-car collision in Orion Township last night.

Leroy Coon, 61, of the Roosevelt Hotel, Pontiac, suffered multiple bruises of the back, and, Clomon L. Pipe, 30, of Royal Oak, one of the drivers, had bruises to the ankles, left foot, and left hand. Both were treated at Pontiac General Hospital.

The other car involved was driven by Ewald M. Kennedy, 66, of 65 E. Beverly St. The crash occurred at Clarkston and Baldwin Roads.

Two Motorists Hurt in Waterford Twp. Crash

Two drivers suffered minor injuries in a collision on Elizabeth Lake road last night, Waterford Township police said today.

David Coffey, 37, of 3896 Beach Rd., Troy Township, was treated at St. Joseph Mercy Hospital for shoulder bruises. Ellen Denstedt, 27, of 3747 Elizabeth Lake Rd., Waterford Township, was released by Pontiac General Hospital following treatment for a slight neck injury.

Teenage Driver Hurt as Auto Smacks Tree

A 16-year-old driver suffered minor facial cuts when his car struck a tree off Henry Clay avenue last night.

Charles C. Williams Jr., 16 Esther St. was released after treatment, Pontiac General Hospital authorities said. Williams told Pontiac police that he failed to pull out of a left turn from Franklin boulevard.

Japanese in Stockholm

STOCKHOLM (INS) — Japanese Foreign Minister Mamoru Shigemitsu and four aides arrived in Stockholm from Moscow today en route to London for the conference on the Suez Canal issue. They will continue their flight later today.

A Fall Flat Purge?

CHICAGO (AP) — Sen. Wayne Morse of Oregon headed West today to try to make good his prediction that what he called a White House effort to purge him from the Senate would "fall flat on its face."

News in Brief

Driving without a license resulted in the payment of $25 in fine and costs and a five-day sentence to the Oakland County Jail for James H. Holmes, 36, of 47 Delaware Dr., who pleaded guilty to the charge before Farmington Township Justice Allen C. Ingle.

Pleading guilty to drunk driving, Edward Franks, 50, of Box 296, Almont, was sentenced to 35 days in the Oakland County Jail yesterday. He was arraigned before Justice Fred F. Stevens of Oxford Township.

Philip Kirwan, 23, of 293 N. Cass Ave., is serving a five-day sentence in the county jail after pleading guilty Tuesday to a charge of speeding. The arraignment was held before Springfield Township Justice Emmett C. Leib.

Charles F. Brents, 27, of 157 W. Huron St., who yesterday demanded examination on a charge of gross indecency, was freed under $1,000 bond set by Pontiac Municipal Judge Cecil McCallum. Brents will be examined Aug. 22.

Pleading guilty to reckless driving, Seldon Stamper, 35, of 54666 Twelve Mile Rd., South Lyon, was fined $25 and paid $15 court costs in Justice Court Tuesday. He was arraigned before Walled Lake Justice Herman Roth.

A purse and $13 were reported stolen yesterday on E. Pike street near Parke street, Pontiac police said.

Orion Ghoul's Reason Baffles Investigators

Oakland County detectives have been unable to determine if ghouls took anything from a grave found open in Bigler cemetery, Orion Township, Sunday.

Fragments of bone found nearby were identified as human, Det. Jack Davis said yesterday after an examination by St. Joseph Mercy Hospital Pathologist Dr. Richard E. Olsen.

* * *

Parts of a woman's shoe also was found at the scene. County authorities ordered the grave refilled yesterday.

Removal of a body or portion of a body from a grave is a felony carrying a maximum sentence of 10 years in prison or a $5,000 fine, County Prosecutor Fred Ziem said.

Housing Commission Gives City $17,570

A payment of $17,569.59 was received by Pontiac City Commissioners last night from the Pontiac Housing Commission.

The payment substitutes for taxes the city would receive on the land now occupied by its housing project.

In a letter accompanying the payment, Roy MacFee, executive director of the Commission, pointed out benefits of the housing project to city government.

Youngster, 2, Injured When Struck by Car

Two-year-old Stephen Patterson, of 3676 Woodview, W. Bloomfield Township, is reported in "satisfactory" condition at Pontiac General Hospital today after suffering a fractured pelvis when he was struck down by a car near his home last night.

The child was playing in the driveway of a nearby home when he was hit by a backing car.

James A. Donald, 30, of 3659 Ashland, told W. Bloomfield police he was backing his car out of the driveway when he "heard a noise" and saw the boy lying on the ground. He said he rushed the boy to his home and then to the hospital.

Earnings

SEATTLE (INS)—Pudget Sound Power and Light reports earnings of $5,183,027, or $1.59 a common share for the 12 months ended June 30, an increase of 8.8 per cent over the previous comparable period. Operating revenue rose 11 per cent to $24,619,061.

NEW YORK (INS) — International Nickel Co. of Canada and subsidiaries reports net eearnings for the first half of 1956 of $51,772,000, equal to $3.48 per common share, compared with $45,329,000, or $3.04 a share in the similar period a year ago. Sales increased about $20 million to $225,076,000. President Henry Wingate said the high price of copper continues to be the principal factor contributing to the increased earnings.

LOS ANGELES (INS)—Seabord Finance Co. reports its volume of business for the nine months ended June 30 totaled $263,344,235, a 29 per cent increase over the corresponding period a year earlier. Earnings amounted to $5,041,992, or $1.05 a common share, compared with $3,893 947, or 86 cents a share, a year earlier. Receivables totaled a record $225,885,262 on June 30, 34 per cent above last year.

NEW YORK (INS)—Record sales of $98,788,000 have been reported by Pepperell Manufacturing Co. for the year ended June 30. Volume the previous year amounted to $84,668,000. Net income this year totaled $2,283,000, or $4.70 a common share compared with $1,885,000, or $3.88 a share, a year earlier.

Dewey and Ike Talk Convention

Vice Presidential Spot Almost Certain to Be Topic of Discussion

By ROBERT E. CLARK

WASHINGTON (INS) — Former Gov. Thomas E. Dewey of New York calls on President Eisenhower to cover plans for the forthcoming Republican National Convention.

The White House said the meeting was arranged when Eisenhower learned Dewey would be in town and asked him to "drop in."

The conversation will almost certainly include discussion of the vice presidency and the current "dump Nixon" controversy.

Dewey is a staunch Nixon supporter and Eisenhower has repeatedly stated his own high opinion of the vice president as a running mate.

DISCOUNTS SENATE

Mutual friends of the President and Dewey discounted speculation that Eisenhower might try to talk Dewey into running for the Senate this fall.

These sources said Dewey has no desire to re-enter the political arena, either as senator or as a vice-presidental candidate.

There has been some talk of Dewey as a possible running mate for Eisenhower, but persons in a position to know his views foresaw little likelihood of his permitting any such move in his behalf.

Dewey, a two-time loser in his own quest for the White House, campaigned vigorously for Eisenhower in 1952.

White House news secretary James C. Hagerty, asked whether the President might have some special "mission" for Dewey in San Francisco, replied: "Why don't we wait until tomorrow on that?"

HAGERTY MUM

Hagerty declined comment when asked whether he thought there was any prospect of the President asking Dewey to run for the Senate or to serve as his own running-mate.

Dewey, now engaged in private law practice in New York City is going to San Francisco as a delegate from New York.

Meanwhile, Hagerty continued to refuse comment on the barbs thrown at the GOP by speakers at the Democratic National Convention, saying only:

"Just remember that this is only the first inning of a two-week ball game."

The Republicans hold their own convention next week in San Francisco.

Pontiac Okays Extra Cost for Local Airport

Notified that bids on construction of the east-west runway extension at Pontiac Municipal Airport have run $24,000 over estimates of the cost, Pontiac City Commissioners last night okayed spending an additional $6,000 as their share of the increase.

Federal contributions to meet the increase will be $12,000. The state will pick up another $6,000 of the bill.

Total bids for the project came to $145,482.62.

Three Slightly Injured in Car Crash at Addison

Three area men escaped with minor injuries when their car went off the road and crashed through a wooden fence in Addison Township early today.

Treated and released for cuts and bruises at Pontiac General Hospital were: Jerry M. Kickwood, 19, of 4336 Whitehead St., Leonard, Albert W. Rogers, 19, of 805 Glaspie Rd., Oxford, and James F. Middleton, 21, of Metamora, the driver.

The accident occurred on Ray Rd., east of M24, according to Oakland County deputies.

Okay New Bond Issue

JACKSON (AP)—Consumers Power Co. today said an investment group headed by Halsey, Stuart and Co., Inc., has been awarded a new issue of $40 million in first mortgage bonds.

Consumers will use the money as part of a 91-million-dollar construction program this year. The bonds, at 4 per cent interest, are due in 1986.

Britain's exports of 373,000 automobiles in 1955 were only slightly higher than in 1954, but were 71,000 above the 1953 figure. They made Britain the world's leading automobile exporter.

95 Adults Teach 'Life' to 70 in New System

NORTHVILLE (AP)—In the rolling hills outside of town, they've started a school with 70 students and 95 teachers. The subject matter is the most difficult to learn and to teach.

This is the Hawthorne Center, a place where mentally disturbed children from six to 15 will try to learn how to cope with life.

The center is under direction of Dr. Ralph Rabinovitch, who says, "Our major focus is the development of techniques for inpatient care of very disturbed children."

As a start, the former University of Michigan psychiatrist has set up "open" and "closed" facilities at Hawthorne.

The 24 "closed" patients will be housed in the main building of the two million dollar plant. There are four cottages on the hill for "open" patients, children who are learning family-style living, some of them for the first time. The fifth cottage is for day care children.

Classrooms are tagged as quiet areas. The living areas are called medium quiet. The children are allowed to be as noisy as they like at the swimming pool, gymnasium and the recreational areas.

Right now, the student body numbers only about 40. The center, under the State Mental Health Commission, is one of an expanding network of schools and clinics over the state.

* * *

But Dr. Rabinovitch, who has given his life to the care of mentally upset children, feels that "buildings are only a part of it."

"But they are necessary," he says. "Many of these children are very destructive. Some hospitals have started such programs only to find that broken windows and other damage was too much for them."

While Dr. Rabinovitch agrees that there might be some use of drugs, the main object of the center is to teach living to children, fitting them out with a set of values for their future life in society.

* * *

The new facility, located near Northville State Hospital, is the first unit in the state for children to be set up with the "open" and "closed" program.

HE HAD THE LAST SAY—Despite the fact there were many women speakers at yesterday afternoon's Democratic convention session in Chicago, here's the man who got in the final word. He's Rep. Thaddeus Machrowicz of Michigan who made the last scheduled speech of the afternoon.

Democratic Party Civil Rights Plank May Trip Up Harmony at Convention

CHICAGO (AP)—The Democratic party's proposed civil rights platform plank said today the Supreme Court's desegregation decisions "have brought consequences of vast importance." But the draft said "we reject all proposals for the use of force to interfere with the orderly determination of these matters by the courts."

* * *

Although the suggested education plank had omitted any reference to the Supreme Court, the civil rights section had this to say on the subject:

"Recent decisions of the Supreme Court of the United States relating to segregation in publicly supported schools and elsewhere have brought consequences of vast importance to our nation as a whole and especially to communities directly affected. We reject all proposals for the use of force to interfere with the orderly determination of these matters by the courts.

The suggested plank had been approved at a session of the drafting committee early today. The vote was 12-5.

While the five Dixie members cast their votes against the wording, most members of the drafting group said they regarded the section as moderate enough to avoid a serious party fight.

* * *

Each section of the platform is subject to approval by the full 108-member platform committee and —tonight— by the convention itself.

The platform committee was in session in the Conrad Hilton Hotel —convention headquarters downtown.

Whether a fight would develop there or on the convention floor tonight remained to be determined.

* * *

Southerners have done their best to have the platform avoid any mention of the Supreme Court. Some Northerners on the other hand have talked of seeking what they would regard as the strongest possible plank.

Blasts 'Big Business'

CHICAGO (AP)—In a speech that ran five minutes over his allotted 35 minutes, Sen. Wayne Morse lambasted Eisenhower administration policies, and exhorted voters to end "government by big business."

Ike Developed the Game

CHICAGO (AP) — Sam Rayburn claimed last night that under Eisenhower "we have an administration that has developed the classic Army buck-passing game to new heights."

Harvest of muskrats in the United States annually is more than six times that of any other furbearer.

National Bonded ONE FULL YEAR GUARANTEE

Consider these advantages of the NATIONAL BONDED guarantee. A dealer can garantee his cars only in his dealership. NATIONAL BONDED GUARANTEES THE CAR ANYWHERE IN THE U.S. AT THE REPAIR SHOP OF THE OWNER'S CHOOSING . . . The dealer's guarantee is actually a personal guarantee. If bad health or business failure should visit the dealer, the guarantee is void. NATIONAL BONDED is backed by $120,000,000 in assets. Regardless what happens to the individual, the owner's protection continues for the full year . . . The dealer's guarantee is on a percentage basis. The dealer pays a share of the repair costs and the owner pays a share. NATIONAL BONDED pays the repair bill in full; the owner pays nothing.

Plans Ike Labor Unit for Detroit Workers

DETROIT (AP)—A spokesman for a group of rank and file union workers announced yesterday plans to organize a Wayne County Eisenhower labor committee.

* * *

Al Bellaire of the United Auto Workers' Packard Local 190, said 800 persons are expected to attend the organizing session Aug. 28. He said it was decided to call the convention at a meeting held by 300 laboring union and non-union men June 26.

Bellaire said membership would be restricted to persons not connected with management. Eisenhower's labor program and candidates friendly to labor will be supported, he said.

* * *

"Our objective," said Bellaire, "is to give Ike supporters who are production workers, office workers, retail clerks, secretaries and other workers a political action committee which is not dominated by any one political party."

Tips for TV Convention Viewers

Round 1, Dem Floor Fight: —Struggle on Civil Rights

CHICAGO (INS)—TV viewers of the Democratic National Convention tonight may watch the first floor fight of the 1956 conclave.

The issue is civil rights. It will come up when the platform committee presents to the convention its recommendations and urges their adoption by the delegates.

The South probably will protest sharply at any mention of the Supreme Court's decision against desegregation in public schools. The North may balk at any failure to include a mention of the decision.

In either case, words will be exchanged. The man in the center of the stage is Rep. John McCormack of Massachusetts, platform committee chairman and majority leader of the House.

AND THEN IT STARTS

After McCormack presents his report and asks its approval, watch the delegation on the floor to see who asks for recognition and—more important—who gets it.

This is when the parliamentary maneuvering comes into the open. Sitting on the speaker's platform on McCormack's right will be Rep. Clarence Cannon of Missouri, one of the nation's outstanding experts on parliamentary proceedings.

Watch for McCormack to consult with Cannon repeatedly if a real hassle develops. Cannon's decisions may well determine whether the Democrats have "unity" on the issue or some Southern states walk out.

Several Southern states did just that in 1948 and threw their electorial votes to the states' rights candidates. Four years ago, the South won its battle against taking a "loyalty" pledge and remained in the fold.

The civil rights question will far overshadow anything on tonight's program barring some totally unexpected development.

The remainder of the program is the usual convention fare. First, the invocation will be delivered by the Right Rev. Ezekiel, bishop of the Greek Archdiocese of North and South America.

After the Star Spangled Banner is sung, Jan Hogendorn, a 16-year-old boy from Oscaloosa, Iowa, will read his prize-winning entry in the "Voice of Democracy" contest.

The convention follows with the touchy platform issue. When that is settled—if it is—Sen. Robert Kerr of Oklahoma and Rep. William Dawson of Illinois will deliver speeches.

And then the gavel sounds for a night of rest before the nominations for president are received, beginning at noon, (CDT) Thursday.

Flint Priest Charged in Reckless Driving

TORONTO (AP) — A Flint, Mich., clergyman was charged by police last night with reckless driving after he and four others were injured in a six-car collision yesterday.

Police identified him as the Rev. Christopher Allan, 33. Others injured were the Rev. Nicholas Sackley of Flint, the Rev. Thomas Skass, 40, of Spring Valley, Ill., Mrs. Wadia Touma of San Francisco and Michael Meiller, 15, of North Towando, N. Y.

Officers said the three clergymen and Mrs. Touma were returning from a Montreal convention of the Syrian Antiochian Orthodox Church.

Father Allan was hospitalized with head cuts and shock. Mrs. Touma was treated for bruises and shock and the others released after treatment for minor cuts.

Juror Pay Hike Ordinance Read for First Time

An ordinance paving the way for raising Municipal Court jurors' pay from $3 to $6 a day was read for the first time at last night's meeting of the Pontiac City Commission.

If passed after the second reading, the ordinance will repeal the present ordinance setting jurors' pay and enable adoption of a Michigan statute, which became effective Saturday, setting the higher rate.

Under the new setup, both municipal judges also will be able to adopt the 1951 Michigan statute authorizing the city clerk to compile a long list of potential jurors.

Officials recently have had trouble empanelling juries under the present system.

Former Buchanan Mayor Dies at Hotel in Maine

SOUTHWEST HARBOR, Maine (AP)—Edwin Bishop Ross, 76-year-old former mayor of Buchanan, Mich., died yesterday at a local hotel following a heart attack. Ross was a native of Bangor and frequently vacationed in Maine.

He was director of the Clark Equipment Co. of Buchanan and was vice president of the firm for many years until his retirement in 1949.

Comic Outlines His Pet Theory

Believes Show, Rather Than Performer, Can Unseat Ed

By JOAN HANAUER

HOLLYWOOD (INS)—Coy statements to the contrary notwithstanding, there breathes no NBC man with soul so dead he wouldn't give his last beret to thaw out Ed Sullivan's frozen grasp on the Sunday night TV audience.

* * *

But one of the network's newest topkicks admitted today that no one ever will—not with a performance anyway.

Sullivan, said Ken Murray, proud holder of a combination producer-performer contract with NBC, can't be whipped by a performance, only by a show.

"That," opined the big, fast-talking comedian, "is because Sullivan isn't trying to beat anyone with a performance. He's beating us with the mashed potatoes kind of thing.

* * *

"And believe me," he admonished, waving his dirigible-like cigar for emphasis, "it isn't well put together either. But I'm not the one it knock it. It's successful."

A SECRET IDEA

Murray confided that he has an idea he firmly believes would give NBC a Sunday night rating edge over Sullivan, the pride of CBS, but he isn't ready to advance it for publication yet.

He said he hasn't even broached it to his bosses. He wants to wait until they've tried out all their own hunches and found them wanting.

"But I'll tell you this," he said. "No performer can last. A show can last, but not a performer—unless, of course, he's a personality rather than a performer, a Godfrey, say, or a Crosby."

Murray also looked askance at NBC's so-called "comedy development program," through which it hopes to unearth a new race of laugh-makers.

This idea, said Ken, is "admirable but of dubious value."

"Look at it this way," he commanded. "I can bring an actor to you and say, 'I want you to watch this boy with the idea that he isn't quite ready yet. He needs seasoning and training, but just judge his potential'.

"You'll look, and maybe you'll say, 'That kid has real talent. He should have the training he needs'."

Same thing with a singer. I can say, "Watch this little girl. She isn't set for the big-time just yet, but with a little work, I believe she will make it'.

"Again, you'll look and probably say, 'You're right. She'sgot talent. She will be real big some day'.

"But if I try the same thing with a comedian, you'll say something like, 'What are you trying to hand me. This guy's a bum!' comedy isn',t comedy unlessit carries authority!"

'Folly of Facts' Fooled Wilson at Conventions

By EARL WILSON

CHICAGO—"The folly of facts" is something I learned as an old convention-attender since 1932.

In '48 a fellow told me Henry Wallace was going to be nominated for Veep that afternoon. "Are you sure?" I asked. "I know for a positive fact," he said. I wore my feet out trailing Wallace so I could get the victory statement.

When Harry Truman got it, I said, "WHO?" I'd hardly heard his name. Facts had gotten me all mixed up. (This will also explain why I wasn't Postmaster General in the Truman Administration.)

★ ★ ★

"It was a well known fact" in '32—when I went to my first convention (the Democratic) in Chicago—that we had prohibition.

It was the first time I'd seen any heavy drinking. One young reporter there got his first bad hangover. Groaning, he came to and said:

"Man, if I ever get over this, I'm sure going to do it again."

★ ★ ★

Yet some things stand out sentimentally—for example, Robert A. Taft's theme song, "I'm Looking Over a Four-Leaf Clover," which I never got tired of, even when they played it at 8 a. m. in Philadelphia.

I can still see slim-waisted, peppery Jimmy Walker in Chicago in '32 quipping to the photographers:

"Pardon me, boys, but what paper will these pictures not appear in?"

★ ★ ★

And I recall Will Rogers unwinding from the press box at that Democratic convention where Huey Long was so prominent—until the arrival of FDR—to go to the rostrum and say:

"I'm going to do something very unusual . . . I'm going to say a good word for the Republicans."

When they applauded—just because he said it—Will held up a warning hand. "Please," he scolded, "don't take up my time laughing."

THE MIDNIGHT EARL . . .

Frank Sinatra and pretty brunette Florence Wyatt joined the merriment at the Composer . . . Is Farouk secretly planning to stop here — at the St. Moritz? . . . Most of those voting YES on Ingrid Bergman quote the Bible's "Let him who is without sin, etc." . . .

Billy Daniels has more gal-trouble, in London this time . . . Peter Palmer, an ex-GI with no pro stage experience, got the "Li'l Abner" title role . . . Denise Darcel, chaperoned by sister Helene, dated ex-husband Peter Crosby at the Harwyn . . . Singer Doreen Davis will be at Palisades with the Joe Franklin show.

Ex-boxer Lou Nova's poetry readings drew bigger crowds in Philadelphia than in N.Y. Says Lou: "New York's just a fight town" . . . Marion Marlowe's hobbling around on a twisted knee . . . Bob Hope's film, "Seven Little Foys"—he owns 44 per cent—has grossed $6,000,000 so far . . . Sophie Tucker, at El Borracho, admitted to being 69 . . . The dancing Szonys, who busted up, are back together again.

DOREEN

Paul Douglas will tour in a 50G Cadillac to plug "Solid Gold Cadillac" . . . Lori Nelson first blind-dated disk jockey Bill Bradley as a favor to Debbie Reynolds—since then it's been her own idea . . . Larry Storch tucked a tissue instead of a handkerchief into his breast pocket for a TV'er and said, "See? Show business is SO phony!" . . . If B'klyn wins the pennant, Jersey City will ask that one of the games be played there.

Earl's Pearls . . .

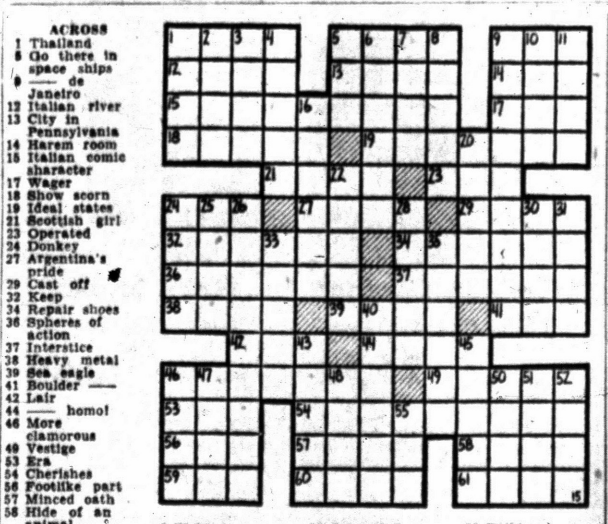

An optimist is a man who looks forward to marriage; a pessimist is a married optimist.

TODAY'S BEST LAUGH: "Just my luck," sighed Lenny Kent. "Nasser grabs the Suez Canal—and I'm stuck with a bunch of tokens."

WISH I'D SAID THAT: "My apartment's so muggy these days," sighs Al Fields, "that even the mice are eating out."

After Ted Williams' recent exhibition, Art Van Horn wonders if baseball players will be working on a two-spittoon system . . . That's earl, brother.

State Senators Tour Seaway Project Sites

MONTREAL (AP) — Four Michigan state senators toured Montreal harbor and inspected sites along the St. Lawrence Seaway project yesterday.

Following a civic luncheon at St. Helen's Island, the senators said they were "impressed with the extensiveness and efficiency of the port."

The senators are Carlton H. Morris, Lewis G. Christman, Clyde H. Geerling and Clarence Graebner. With them is Nicholas J. Rini, chairman of the Detroit Board of Commerce Taxation.

The group, which already has visited Toronto, leaves tomorrow for Quebec City.

Dragnet Spread for Trio Fleeing From Prison Farm

JACKSON (AP) — Three Southern Michigan Prison trusties, two of them termed dangerous, walked away from the prison's Dalton farm last night.

They were identified as Richard Champion, 26, serving 7½-20 years for armed robbery from Detroit since Jan. 27, 1954; Thomas Gilland, 30, sentenced April 15, 1953, from Detroit to 7½-10 years for assault less than murder; and Donald Harten, sentenced from Kalamazoo Jan. 4, 1956 to 2-15 years for breaking and entering in the nighttime.

Prison officials said Champion and Gilland were dangerous.

Recovers Own Car

JOHNSON CITY, Tenn. (AP)—John Shipley, of Jonesboro, Tenn., stopped on a rural road to give a stalled motorist a push. As he pushed he noticed the other car bore his license plates, reported stolen three weeks earlier. The car started, Shipley gave chase, forced the other driver to stop, had him arrested and recovered his tags.

Pick 16 Words and Win Cash in Puzzle No. 11

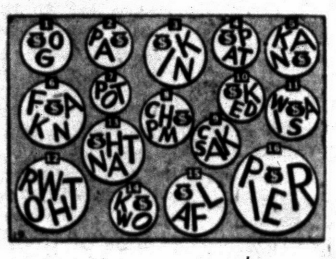

On the track again after a week's derailment, POT-O-GOLD presents the 11th puzzle in its summer-long series of twisted word games. The Press wants a cash winner (the least you can get is $100), so read the rules carefully, consult the dictionary and fill in the blanks below after carefully studying the clues. Good luck!

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Cirle No. 1, then would be the one which you would print in the space to the right of (1) below.

You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conforms to these clues. Use your $ signs to help you spell out the right words.

OFFICIAL CONTEST RULES

1. Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employes or their immediate families.

2. A contestant may submit as many entries as he or she wishes but they must be on official entry blanks printed in this newspaper.

3. To submit an entry the contestant must print his answer words in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be accepted if they are in envelopes. Entries for Puzzle No. 11 must bear a Tuesday, Aug. 21, postmark (or before). No entries received after that time, whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.

4. Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.

5. The Pontiac Press will award a cash prize of $100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.

6. Winners will be awarded an extra cash bonus of $25 each if they are Pontiac Press subscribers of record on the day winners are announced. Only one such bonus can be awarded to each prize-winner, no matter how many weekly prizes may accumulate.

7. Each week's puzzle will be published Monday, Wednesday and Friday until the contest's end, Labor Day. Either or all will be considered as official entry blanks.

8. Winners and correct solutions will be announced each Friday of the week following individual contests. Official keeper of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.

9. There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries become the property of The Pontiac Press and none can be returned.

10. Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

Mexican Beats Rap After 4 Years in Jail

MEXICO CITY (AP)—A man who turned to the courts to clear him after eight years as a fugitive from a murder charge has finally won his freedom. He spent four years in jail.

Circumstantial evidence pointed to J. Guadalupe Agredano Garcia in a 1944 fatal stabbing in Jalisco. He fled. But he gave himself up in 1952 armed with what he hoped was adequate proof of his innocence. The Jalisco courts sentenced him to 12 years in prison.

* * *

The Supreme Court now has cleared him after hearing evidence Agredano Garcia was in another town at the time of the slaying.

Burst of Heat Caused Utah Cafe Explosion

MONTICELLO, Utah (AP)—A cook opened an oven door — and the burst of heat touched off an explosion that killed 15 persons in a crowded cafe.

* * *

State experts said this was the immediate cause of the blast Monday night.

They agreed with local officials that it was obviously a gas explosion. But they said a "very, very careful and deliberate" investigation still has left them without enough evidence to decide whether it was an explosion of natural gas or manufactured gas.

They said the investigation will continue.

The blast at the peak of the dinner rush demolished the brick and cinderblock building housing the Lariat Cafe, leaving nothing but a mess of splintered debris.

Where Stands Meyner

CHICAGO (AP)—Gov. Robert B. Meyner still was a holdout with most of New Jersey's 38 votes tied up. Meyner said it was doubtful his name would go before the convention.

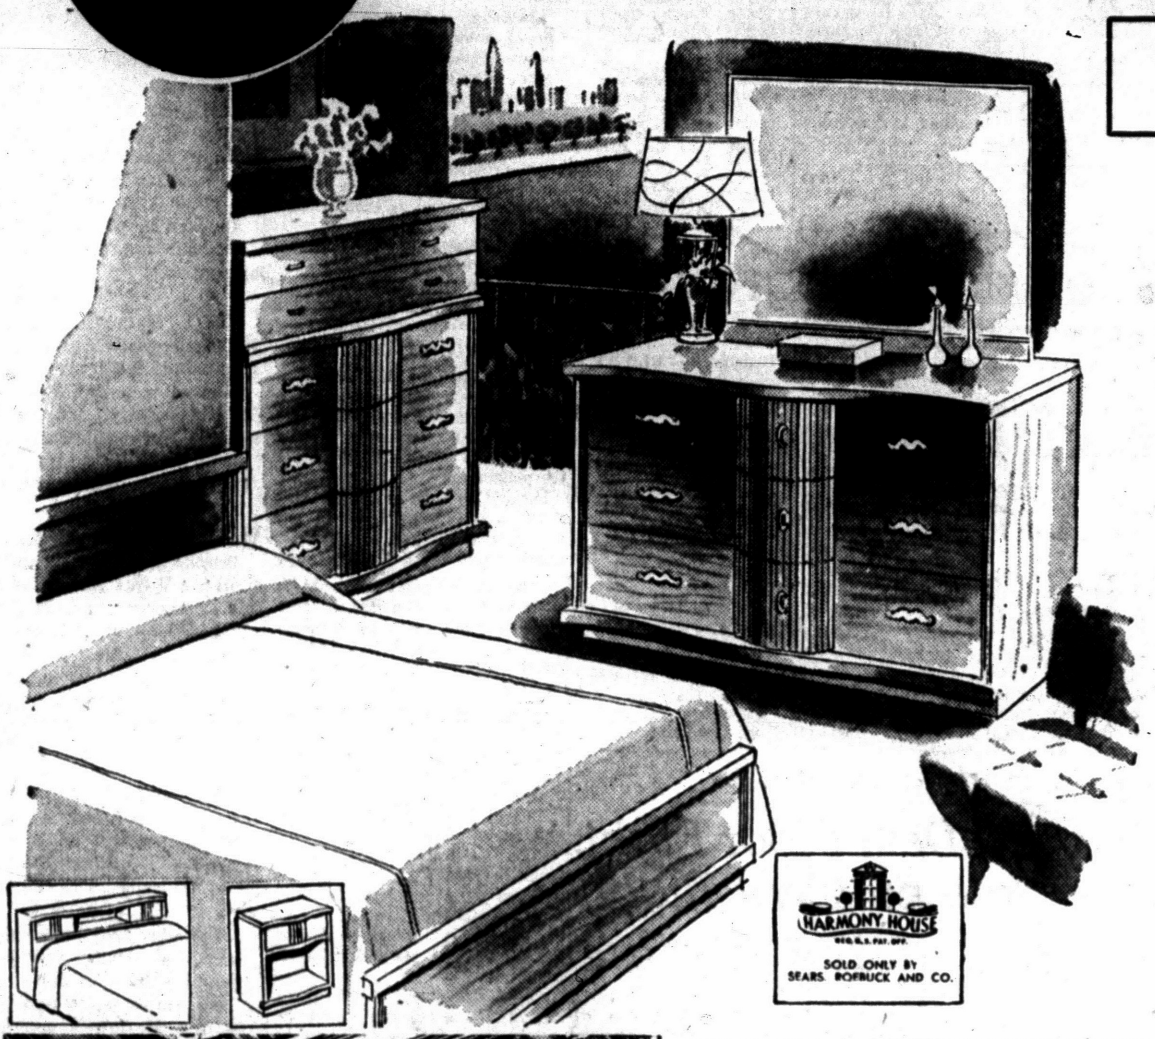

Canada OKs Program

OTTAWA (AP) — Canada's 22nd Parliament adjourned last night after putting its okay on the government's $4,700,000,000 spending program for the 1956-57 year. It was one of Parliament's longest sessions. The House of Commons put in 152 working days, three short of the 155-day record in 1903.
