Soviets Force U.N. Session to Eye Further War Action

UNITED NATIONS (AP) — The U.N. Security Council was called into a hurried emergency session at the request of the Soviet Union today to consider further action to halt the Middle East war.

The Soviets demanded an immediate cease-fire by Israel and threatened a break in diplomatic relations if Israel ignores the demand.

The Russians further asked the Security Council to set a deadline of 4 p.m. (EDT) for Israel and the Arab countries to cease firing.

The meeting was scheduled for 12:30 p.m., approximately 90 minutes after the request from Soviet Ambassador Nikolai T. Fedorenko had been received by the council's president, Ambassador Hans A. Tabor of Denmark.

The council was awaiting responses from Israel and the Arab nations to its unanimous call for an immediate cease-fire issued yesterday after a sudden Soviet retreat on the issue.

FEDORENKO'S STATEMENT

In a statement just before the council adjourned last night, Fedorenko declared: "We consider that this decision,

unanimously adopted by the council, will be carried out today without any further delay, and that the president of the council will take all the necessary steps to see to it that the aggression stops."

The Soviet Union throughout has taken the position that Israel is the aggressor. Some diplomats believe Fedorenko would blame Israel for failure of the cease-fire to take place promptly.

Secretary General U. Thant conferred privately this morning with Egyptian Ambassador Mohamed Awad el Keney. He also had an appointment with Israeli Foreign Minister Abba Eban but

the meeting was canceled without explanation.

U.N. officials said Thant had received a cable from Jordanian Foreign Minister Amhed Toukan announcing that Jordan had decided to accept the cease-fire appeal.

The secretary general had received no communications from any other party to the fighting, they said.

Israel had given conditional acceptance to the cease-fire last night, and Thant sent cables to all the belligerent governments seeking confirmation of the Israeli position and acceptance from the Arab nations.

ISRAELI ADDRESSES SECURITY COUNCIL — Israeli Foreign Minister Abba Eban (left) addresses the United Nations Security Council last night which had just called for an immediate cease-fire in the Arab-Israeli war. Eban said

his country welcomed the appeal for cessation of fighting. At far right is U.S. Ambassador Arthur J. Goldberg, and seated between Eban and Goldberg is Lord Caradon, British minister of state for foreign affairs.

Tax Bill Ready for Vote; Leaders Ask Romney Aid

LANSING (AP) — With their two-punch tax program in position for a final vote, House Republican leaders have enlisted Gov. George Romney's aid in their search for votes to pass it.

One reluctant Republican emerged from a 25-minute session in Romney's office yesterday and said the governor

had suggested Republicans might repay his support for the fiscal package with votes for his views on court reorganization.

That GOP member, Rep. Donald Holbrook of Clare, said he still didn't intend to vote for the tax program. House Republicans moved the tax package yesterday into position for a final vote.

Speaker Robert Waldron, playing by ear and carefully counting his votes, said he hoped for a showdown this week on the Republican-drafted package and its controversial state income tax.

He said he had "over 50" of the 55 votes needed to pass the bills.

Holbrook said Romney was "very congenial and courteous" and made no threats while asking him to vote for the new fiscal program.

"He did mention," Holbrook said, "that since I am chairman of the House Judiciary Committee and consequently quite concerned about the subject of court reorganization, I might be in a better position to have members of my party go along with my position in that matter if I went along with the majority of my caucus on the tax program."

Holbrook said he replied that he doubted that was true, that the House GOP tax package still contains "certain basic inequities," and that "at the present time" he couldn't vote for it.

Commission OKs Betterment Fund

City commissioners last night approved a capital improvement fund budget calling for \$799,204 worth of expenditures during the 1967 fiscal year.

The fund is financed by a special 1 1/2-mill tax levy, which is expected to bring in \$621,000. Another \$150,000 was carried over from last year's fund as an unexpended balance.

Appropriations were authorized for

Related Stories,
Pages A-2, A-8

spending \$145,000 for construction of seven storm drains and \$120,000 for the city's share of paving local streets.

Another \$105,000 was allocated as final payment on the central fire station and \$22,000 was appropriated for completion of a pistol firing range in the basement of the public safety building.

Israel Claims Egypt Defeat

TEL AVIV, Israel (AP) — Israel today claimed complete defeat of Egypt and control of a wide Arab sector from the west bank of the Jordan River to the Suez Canal.

By The Associated Press

Israeli forces, apparently running roughshod over the Egyptian Army, announced today the capture of the strategic Sharm el Sheikh heights overlooking the entrance to the Gulf of Aqaba — in effect breaking Gamal Abdel Nasser's blockade.

They reported also an advance to a point 20 miles from the Suez Canal.

On the northern front, Jordan sought a cease-fire as an echo to the Israelis' capture of Old Jerusalem.

The twin Israeli advances in Egypt placed their armies almost at the identical points they had won during the 1956 war with Egypt.

Egyptian occupation of Sharm el Sheikh was the flash point of this war, now in its third day. At the head of the Gulf of Aqaba lies Elath.

To reach Sharm el Sheikh, Israeli forces had to race more than 125 miles down the Sinai Peninsula.

Radio Cairo reported an announcement by the Egyptian High Command that forces at Sharm el Sheikh "have

Related Stories,
Pages A-7, B-10, B-11, B-14,
C-9, D-6

rejoined our main forces in the defensive positions in Sinai."

An Israeli Army spokesman in Tel Aviv said an armored column along Egypt's coast had overrun Rumana in an advance of more than 100 miles since the drive began two days ago.

Jordan: Ready for Cease-Fire

AMMAN, Jordan (AP) — Jordan announced today it has agreed to negotiate a cease-fire with Israel. It said, however, it is continuing to fight because of continuing "Israeli aggression."

King Hussein broadcast an appeal to the people of Jordan to "fight to the death."

The government said the decision to negotiate a truce was made after consultation with the Arab joint command and was relayed to the United Nations Emergency Force in the Middle East.

It was said the king was speaking "from somewhere on the front."

Amman Radio had announced that Jordanian forces had launched a general counteroffensive against Israeli troops along the whole length of the border west of the Biblical River Jordan.

The youthful ruler asked other Arab countries for material aid and money to continue the battle against Israel.

The king, 32, had said in his speech that the Jordanian forces "are waging a battle for all Arabs everywhere." He then appealed to other Arab countries for help. He said "any material and moral aid for the young men and other Arabs continuing the fight in the front line and in the trenches will be deeply appreciated."

The king praised the bravery and determination of the Jordanian armed forces.

He declared: "Kill the enemy wherever you find them, kill them with your bare hands or even with your teeth and nails. Continue fighting to your last breath."

"Until we all fall dead, we shall continue fighting and shedding our blood for our sacred Holy Land."

This not only put the Israelis 20 miles from the Suez Canal, but they also were in a position to move on Port Said, at the head of the canal 30 miles to the northwest.

Jordan's government in Amman reported the decision to seek a cease-fire with Israel was made after consultation with the Arab joint command, which Egypt heads. Syria and Egypt maintained they would continue the fight.

Cairo admitted today that its troops had fallen back before the Israeli drive toward the canal, but there was no indication of the extent of the withdrawal.

Israel's radio said two tank columns were racing toward the canal along two paved highways — the main road through the Sinai Desert and Egypt's coastal road farther north.

Hand-to-hand fighting between Israelis and Jordanians was reported in Bethlehem, Jesus' birthplace, 10 miles southwest of Jerusalem.

Good Drenching for Pontiac Area

The weatherman didn't forget Pontiac area residents when he brought showers to Michigan during the night.

Pontiac hasn't had a drenching rain since May 17 when three-tenths of an inch was recorded. About one-tenth of an inch followed on May 18.

Rainfall last night and early this morning measured eight-tenths of an inch in the downtown area.

The forecast for today, tonight and tomorrow is mostly cloudy, continued warm and humid with occasional showers or thundershowers.

Friday's outlook is more of the same—little change.

The low in downtown Pontiac prior to 8 a.m. was 66. The mercury stood near 75 at 2 p.m.

Report on Russians

Recent years appear to have mellowed the Russian people. Read these conclusions by Harold A. Fitzgerald, chairman of the board of The Pontiac Press, in his column on today's editorial page. Friday he will write his impressions of India as he saw it on a recent world tour.

SAFER CROSSING SEEN — A new pedestrian overpass across East Wide Track at Whittemore is ready for use. Designed as a pilot project, it is the first of its type to be used

in the state. The \$25,000 bridge will connect the central business district with the area east of Wide Track and allow for safer crossings, city officials said.

Senate Starts Talk on Rail Strike Delay

WASHINGTON (AP) — President Johnson's proposal to sidetrack a threatened nationwide rail strike stems toward Senate debate with Democratic leader Mike Mansfield expressing hope the measure will be in House hands by Thursday.

Mansfield called for a morning debate on the bill and put aside another measure — on congressional redistricting — originally slated to occupy the Senate today.

Mansfield said he felt the Senate had to dispose of the rail plan this week because the Senate is expected to devote most of next week to debating a measure to censure Sen. Thomas J. Dodd, D-Conn.

Congress already has voted two extensions of the no strike no lockout period in the dispute between six shopcraft unions and railroads handling about 95 per cent of the nation's rail traffic.

DEADLINE NEAR

The present extension runs out June 19.

The administration contends that with a war on in Vietnam, a nationwide rail tieup would be a disaster.

Johnson's bill would extend the no strike no lockout period another 90 days during which intensive mediation efforts would take place under a special five-man board he would name.

But if no settlement were reached in this time, the board could make its own determination of fair terms and order these into effect until Jan. 1, 1969.

The unions labeled the plan compulsory arbitration in hearings on the bill and urged Congress to reject it. Administration officials insisted it varied from compulsory arbitration in several ways.

The railroads said they would go along with the proposal as the only apparently feasible way to avoid a strike at this time.

Senators who supported the union's position tried unsuccessfully to amend the bill in the Labor Committee and said they expected to renew their efforts in the floor debate.

Sen. Ralph Yarborough, D-Tex., lost narrowly in committee on a proposal to add a provision impounding the railroads' profits for the seizure period.

RELIEVE PRESSURE

Yarborough said he was trying to find a way to "balance the scale" and not put all the pressure on the unions under the bill.

The unions contended that, under the President's proposal, they would lose the right to strike, would be forced to accept a government-decreed settlement of terms, and undoubtedly would have to take lower pay scales than they could win with their own economic strength.

The Senate committee approved the measure 14 to 2 Tuesday after rejecting all major amendments.

The House Commerce Committee scheduled its final public hearings on the legislation for today.

Commission Eyes Delay of UAW Office

City commissioners heard a report last night on urban renewal land purchased by the United Auto Workers in December 1966 at Auburn and Center which has sat idle for nearly 18 months.

The union purchased the land under a urban renewal agreement which called for construction of an office building before December 1966.

James L. Bates, director of planning and urban renewal, stated to the commission a UAW regional director had reported the building has not been started because of "internal problems."

Bates said the union would be in a better position to know what it intends to do in two weeks. The commission asked for a status report in two weeks.

The planning director said the city had been assisting the union from 1961 to 1966 in securing a site for an office building.

If the union does not intend to construct on the site, Bates said, the best solution would be to persuade the union to sell the land to a developer approved by the city.

2 Firms Looted in Shelby Twp.

Merchandise and cash amounting to \$1,100 were stolen from two firms at 52310 Van Dyke, Shelby Township.

Hairstyles by Carol suffered \$700 in loss of money and miscellaneous items. Cash and merchandise worth \$400 was stolen from Weinberger Builders.

Thieves also broke into Brooklands Dental Laboratory and the Cakes Cottage in the same building but nothing was reported missing. Police are still investigating.

Romney to Hit 3 Key States

Presidential Primary Sites Will Be Visited

LANSING (UPI) — Gov. George Romney will take a peek at his presidential chances in three states which will hold preferential primaries next year during visits to the states in the next few weeks.

First stop will be Wisconsin Saturday for a series of political backslapping events and a good old-fashioned crowning of a queen.

The Romney-for-President club in Milwaukee has invited the governor to attend the breakfast of faithful supporters Saturday and to make a few remarks to newsmen on his plans.

A noon luncheon with GOP leaders in Appleton also is planned before Romney spends the rest of the day at Green Bay helping celebrate the Alice in Wonderland festival.

Romney also is reported planning a four-day stay in New Hampshire, site of the nation's first 1968 presidential primary, early next month. He is expected to stay at Lake Winnepesaukee July 6-9 with a long-time friend, hotel owner J. Willard Marriott of Washington, D.C.

INFORMAL MEETINGS

Informed sources say Romney will spend the time in New Hampshire with informal meetings with his Republican supporters in the New England state.

His office, however, said the time he would be spent in "relaxation."

Romney will speak at the Young Republican Convention in Omaha, Neb., June 23.

Besides the visits to key states with presidential primaries, Romney also has trips planned to Pennsylvania, New Jersey and Wyoming this month.

Global Sailor Hospitalized in England

PLYMOUTH, England (AP) — Sir Francis Chichester, the solo round-the-world sailor, was admitted Tuesday night to the Royal Naval Hospital here.

The hospital reported today he was found to have hemorrhaged from a duodenal ulcer.

The adventurer, 65 years old, was given a blood transfusion shortly after admission. An announcement said his condition was satisfactory and gave no cause for alarm.

But it added he would be under medical care for at least a month.

Chichester was due to sail for London Thursday in his yacht Gipsy Moth IV and to be dubbed a knight by Queen Elizabeth next week.

Senate Probe of Long Urged

WASHINGTON (UPI) — Sen. John J. Williams, R-Del., today asked the Senate Ethics Committee to investigate allegations that Sen. Edward W. Long, D-Mo., used a Senate investigation to aid Teamster boss James E. Hoffa and received fees from a Hoffa attorney.

Williams announced he will written Ethics Committee Chairman John C. Stennis, D-Miss., "requesting that if the committee is not already doing so, it examine these charges and issue a report to the Senate."

"These charges are of such a nature that in fairness to the junior senator from Missouri (Long) and the United States Senate, they should not be ignored or left unanswered."

Life Magazine in its May 29 issue charged that Long used his chairmanship of a Senate subcommittee to help Hoffa's efforts to stay out of jail.

The magazine also charged that Long accepted \$48,000 from Morris A. Shenker, a St. Louis attorney who has represented Hoffa.

Long denied using the subcommittee to help Hoffa and said "There is not one single fact in the article to substantiate this charge."

The senator said the referral fees were due him from legal work he and Shenker performed together.

As the House debate opened today on the debt ceiling measure, GOP leaders also saw defeat of the administration measure as a way to force Johnson to present the tax hike proposal he has mentioned but hasn't submitted to Congress.

The economy's sluggish pace and the House Ways and Means Committee's heavy work schedule were cited by government officials as causing the delay in presentation of Johnson's proposed six per cent surtax on private and corporate income.

TAX BOOST

But sources said the request for a tax boost will be sent to Congress in plenty of time for the Ways and Means Committee — originator in Congress of all tax legislation — to consider it.

The Israeli-Arab fighting was mentioned repeatedly Tuesday in the House Rules Committee debates, and then cleared for action today the bill setting the new ceiling.

Chairman Wilbur D. Mills, D-Ark., of the Ways and Means Committee argued a \$39-billion deficit is possible, though not likely, on the basis of Vietnam costs and fiscal possibilities. What additional demands the Middle East fighting may generate, he added, cannot even be guessed now.

Birmingham Area News

Board Lets Groves Contracts

BIRMINGHAM — The school board last night awarded bids for approximately \$631,000 for an addition and remodeling of Groves High School.

The awards were about \$20,000 below expectations.

The work will provide 15 additional classrooms, a larger library and offices.

Winning bidders were Bundy Construction, \$449,000 for general construction; Evans Plumbing, \$115,000 for mechanical work; Fred Mooto Co., \$67,000, for electrical work.

The board also accepted preliminary plans for a new \$1.1-million elementary school to be located at 13 Mile between Telegraph and Lahar.

MINORITY GROUPS

The board replied to a letter requesting that the district hire "members of other races and minority groups . . . to enrich our children's lives."

Members of the board and administration pointed out it had always been the policy to hire educators regardless of race or creed.

They pointed out the district has at present one Negro and two Oriental persons on the staff. The district has a teaching staff of about 900.

A meet-the-candidates rally for Monday's school board election will be held at 8 tonight at Seaholm High School, 2436 W. Lincoln.

The event is sponsored by the Birmingham-Bloomfield League of Women Voters.

All the Birmingham School District candidates are expected to be on hand. Following their talks, voters will have a chance to throw questions at the candidates.

Five persons are seeking two four-year terms and three vie for a single one-year seat.

'Deck Concept Likely in Downtown Plan'

Mayor William H. Taylor Jr. last night said he has not seen plans for a downtown shopping center that include a deck concept but considered it likely.

Improvement Fund Okayed

(Continued From Page One)

City Manager Joseph A. Warren, outlining the planned expenses, said \$40,000 would be spent to improve the municipal golf course and provide equipment for other parks; \$46,820 for street lighting on M59, Golf Drive, Arlene, Cass and Oakland; and \$42,400 to complete paving of the parking area behind the civic center.

Police Radios

Downtown parking lot improvements will cost \$30,000 and \$12,000 will be used to replace police radios.

Warren said allocations for the radios should complete major expenses needed to bring the police communication system up to date.

The improvement fund also calls for \$56,000 to be spent for new pedestrian walkways, \$40,000 for the city's share of new sidewalks and \$17,660 for cemetery equipment.

A \$27,000 allocation was made for purchase of new fire fighting equipment. Warren said it takes 1½ years to get delivery of new equipment and the city should attempt to replace its old equipment.

NAME SIGNS

Other allocations are: \$15,000 for remodeling the old city library, \$12,000 for planting trees along streets, \$18,500 for paving drives and installing a water system in Jaycee Park and \$6,700 for new street name signs.

The commissioners gave quick approval to the improvement fund authorizations after the public hearing at which no comment was made by members of the audience.

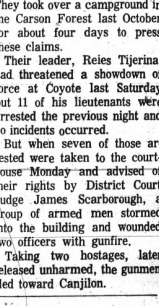

House Democrats Press for Boost in Debt Ceiling

WASHINGTON (AP) — Democrats are stressing uncertainties raised by the Middle East war as they press for House acceptance of a \$39 billion boost in the national debt ceiling — biggest proposed single jump since World War II.

Republicans have called for defeat of the proposed new \$365-billion borrowing limit, saying congressional rejection would force President Johnson to trim his budget.

As the House debate opened today on the debt ceiling measure, GOP leaders also saw defeat of the administration measure as a way to force Johnson to present the tax hike proposal he has mentioned but hasn't submitted to Congress.

The economy's sluggish pace and the House Ways and Means Committee's heavy work schedule were cited by government officials as causing the delay in presentation of Johnson's proposed six per cent surtax on private and corporate income.

JOSEPH A. WARREN

Fund Selects City Manager

City Manager Joseph A. Warren has been selected by the Metropolitan Fund, Inc., to attend a 12-day Urban Affairs program in Washington, D.C., this month.

Mayor William H. Taylor Jr. said last night Warren was chosen by a committee of the fund, which sponsors numerous governmental studies and programs, for his "achievement and participation" in community and government affairs.

Taylor said the fund pays \$1,500 for the city manager's participation in the program, the city will pay other costs.

He indicated Warren may request attendance at similar programs held later in the year instead of the one scheduled to start June 18.

New Mexico Search for Raiders Is Ended

CANJILON, N.M. (AP) — officers and holding several persons hostage.

Black said he believed some of the group's leaders still were hiding in the forested hills and canyons but that others might have slipped through police lines.

TWO WOUNDED

The Spanish-Americans raided the Rio Arriba County courthouse at Tierra Amarilla Monday, with their gunfire critically wounding two officers. The group was tracked by state police, deputies and National Guardsmen into the Carson National Forest east of Canjilon.

After the arrest Tuesday of one well-known member of the group, Gerry Noll of Albuquerque, State Police Chief Joe Black said it was believed the fugitives might be making their way south toward the Rio Arriba County community of Coyote.

Noll, who was under federal indictment for assaulting federal officers and conversion of a group of armed men stormed into the Carson Forest last October for about four days to press these claims.

Their leader, Reyes Tijerina, had threatened a showdown of force at Coyote last Saturday but 11 of his lieutenants were arrested the previous night and no incidents occurred.

But when seven of those arrested were taken to the courthouse Monday and advised of their rights by District Court Judge James Scarborough, a group of armed men stormed into the building and wounded two officers with gunfire.

Taking two hostages, later released unharmed, the gunmen fled toward Canjilon.

Florida Defeat for Roosevelt

MIAMI BEACH, Fla. (AP) — Elliott Roosevelt was out of office today as mayor of Miami Beach after losing a runoff race to Jay Derner.

Derner, 37, ousted political ally prior to a May 16 primary in which he placed second in a five-man field, smashed Roosevelt's bid for reelection.

Roosevelt, 56, son of the late President Franklin D. Roosevelt, had said before the election that his political ambitions were limited to Miami Beach.

With machine ballots in all 25 precincts counted, Derner had 10,264 votes to 8,280 for Roosevelt. Election officials said less than 600 absentee ballots remained to be tabulated.

HEAD OF BAR

The son of a restaurant owner, Derner is president of the Miami Beach Bar Association. He had been given only a slight chance to win Tuesday's election.

Roosevelt's administration, Derner charged, was pitted by bickering and fighting that spoiled its effectiveness.

Lightning Cuts Power in Areas

Lightning damage to electric lines kept Detroit Edison Co. repairmen busy for several hours this morning in five areas.

Some 100 customers in the vicinity of Giddings and Brown in Orion Township were inconvenienced for several hours after lightning burned down wires at 8:05.

Some 50 homes in the vicinity of Somerset and Square Lake Road in Bloomfield Township went without electricity from 7 to 8:30 a.m. for the same reason.

Circuit fuses were blown out by lightning in three other areas. Eighty customers were without electricity from 8:05 to 8:25 a.m. in the vicinity of Union Lake Road and Commerce in Commerce Township. Others affected included 100 customers around Maple and Wisconsin in Troy from 8 to 8:30 a.m.

Also 100 customers in the area of Walnut and Orchard Lake Road in West Bloomfield Township, between 9 and 9:15 a.m.

SCHOOL DISMISSED

West Bloomfield Junior High, 600 Orchard Lake, dismissed students at 9:05 a.m. because of the power failure.

There was low power in a few areas of the school but most portions were without power and water, a school spokesman said.

Transformer fuses blown by lightning blacked out 20 customers in the vicinity of the school. Power was restored at 9:10 a.m.

4-County Board to Offer Clinton River Drain Plan

A proposed four-county Clinton River improvement project petitioned by 10 Macomb County communities will be discussed June 22 at a meeting in Macomb County for representatives of all affected municipalities.

The meeting is scheduled for 10 a.m. in the Macomb Health Department building.

Preliminary plans for the proposed Clinton River Basin Drain will be presented at the meeting by the 12-member augmented drainage board representing Oakland, Macomb, Lapeer and St. Clair counties.

No cost estimates are available for the project that would involve 56 municipalities in the four-county area including 39 in Oakland County.

A total of 17 Oakland County townships, 17 cities and five villages would be affected in the project that calls for deepening, widening and straightening the river.

Representing Oakland County

School Board OKs New Pacts

Cover Two Categories
in Independence Twp.

INDEPENDENCE TOWNSHIP — New contracts for two categories of employees have been approved by the school board.

Head custodians were granted salaries that will give them

AREA NEWS

ranges ranging about \$1,200 over a three-year period.

Salary ranges were \$5,600 to \$5,900 and will rise to \$7,000 to \$7,250.

The secretaries' association was granted three extra holidays per year, but salary levels remained about the same.

In addition, the board set pay standards for other school employees on an individual basis. Still to come up is teachers' salaries. As in other school districts, the Clarkston teachers and district negotiators are waiting for the state school aid formula to be set by the Legislature before salary talks are resumed, according to school authorities.

Salaries for administrators were set in a range of \$11,089 to \$17,250, depending on increments and position held.

The board was informed the construction company for the high school rubberized one-quarter mile running track would resume work June 16 and should have the running surface ready about a week later.

The athletic director was requested to get bids on construction of a baseball field and fence.

School Board Eyes Summer Rec Program

WEST BLOOMFIELD TOWNSHIP — A request that the West Bloomfield School District undertake a recreation program during the summer has been taken under consideration by school officials.

At the board meeting recently, Mrs. Ross Callaway of the West Bloomfield League of Women Voters (LWV) asked the board to conduct a recreation program for both adults and students during the summer in all of their schools.

She said the LWV has made a study of existing programs in surrounding areas and found many of the school districts to have such a program.

She pointed out that West Bloomfield has been relatively small but now that it is growing, it should have a recreation program.

The matter was referred to Schools Supt. Dr. Leif Hougen who will discuss the possibilities of such a program with other officials.

Hougen said there is no recreation program now except at Roosevelt School in Keego Harbor which is supported by local donations.

ROCHESTER — A bid to get a Secretary of State's licensing bureau in the Rochester area will be made by the Chamber of Commerce.

Members recently heard Police Chief Robert Worth and City Manager William Sinclair explain the city's decision to go out of the business.

Time consumed to service all the people who applied, some of them who live at a considerable distance from the city, was cited as reason for withdrawal from the program.

Herbert Miller, president, said Rochester will be in the position where its residents must travel either to Pontiac, Troy or Mt. Clemens to obtain drivers' licenses after the end of the month.

The group voted to petition for a nearer state-operated bureau.

Land Changed for Apartments

By JANICE KLOUSER
WALLED LAKE — The City Council rezoned two parcels of land last night in spite of loud and often bitter protests from a few residents in the areas affected.

The rezoning to multiple dwellings is the beginning of a new look for the city which will include new housing, parks and shopping areas.

Rezoned were 34.7 acres west of S. Pontiac Trail from

one-family residential to multiple dwelling and 3.7 acres across Pontiac Trail from one-family residential to high-rise.

About five or six persons out of the 30 attending the meeting objected to the rezoning of the larger parcel, charging the apartments would cause more traffic, devalue their property and cause too much congestion. They also questioned the type of people who would occupy the apartments.

They accused the council of already having their minds made up, of not giving the residents any consideration and at one point "of acting like Russians."

TAKE EXCEPTION

"I know it doesn't do any good to object," said one woman, "because you aren't going to change your minds, but I still want to be heard."

"We've lived here a long time and paid taxes over the

years and we should be given some consideration," said another.

Several of the councilmen took exception to the accusations.

"We represent 4,200 people and we have to weigh all the facts," said Mayor Wendel G. Kellogg. "We have to weigh what you say and also what's good for the whole city."

City Manager Royce Downey

said a lot of thought had gone into the decision "and it's not fair to your councilmen to accuse them like this."

In answer to the type of people who would occupy the buildings, one councilman said, "I don't think you're going to get riffraff if the rents start at \$175 a month."

Kellogg also explained that the apartments would be better for the city than private

homes in the same area because they provide twice as much taxable base for the city.

Councilman Frank Hamilton said that millage has not gone up in the last five years "because of progress such as this and if this type of progress continues, I don't see a millage increase next year."

'WON'T DEVALUE HOMES'

"This won't devalue your homes," he said.

It was also explained that the Oakland County Road Commission has stated that ingress and egress to the area would not constitute a traffic hazard on Pontiac Trail.

One resident sought to have the zoning limited to multiple dwellings rather than including the uses allowed under the new classification such as general hospital, housing for the elderly and convalescent homes.

It was pointed out that while it can't be limited to a specific use, any change in the site plan must go back to the planning commission for approval or disapproval.

APPROVES CHANGE

Only one resident voiced his approval of the zoning change.

"That land has been there since God made it and it is not being used," he said, "and if someone wants to improve it, I'm all for it."

No one objected to the rezoning of the smaller parcel.

Planned for the larger section are 412 units and for the smaller one, 60 units.

Downey said that the annual income from them will be \$36,826 which can be used to help defray the cost of new sewers going into the area.

"This starts expansion of the city in the proper way," he said, "and it is an attraction for the development of our new downtown project."

Attacking Cat Hunted, Shot by Avon Township Man

AVON TOWNSHIP — Paul Wilmot, 32, of 6231 Orion has had his fill of cats.

Particularly Siamese . . . and particularly those who stalk and attack people for no apparent reason.

Wilmot called The Pontiac Press recently to tell of a neighborhood cat which had jumped in his face and clawed and bitten him when he went outside his home to see what had frightened his daughter.

He said when he'd been informed the cat had attacked another child two days previously, he took down his shotgun, stalked the cat through a field behind the house, and shot it.

The body was deposited with the Oakland County Animal Shelter and tests for rabies are currently being conducted.

New Planners' Group Named in Imlay City

IMLAY CITY — Members to a newly created planning commission were appointed last night — their avowed aim being furtherance of an incorporation move on the part of the village.

Serving on the commission will be Mayor John Folk, Manager Harvey Weatherwax and Councilman Keith Clark.

They are assisted by Irvin Welton, Dr. Donald Harrington, Albert Hill, Mervin Muir, Charles Themm and Eugene McKillop.

Weatherwax said he thought the group would meet sometime during the next week.

In other business last night, the council okayed a fireworks display for July 4 at the Imlay City Elementary School following the showing of free movies in the parking lot.

Weatherwax told the council he had been informed of plans to construct a new district headquarters building for the State Conservation Department which will begin in the village about Aug. 1.

The council authorized the manager to advertise for bids on a radar system for the police department.

Law Limiting Soliciting OK'd in Brandon Twp.

BRANDON TOWNSHIP — The Township Board has passed an ordinance limiting door-to-door soliciting in hopes of preventing a repetition of a recent swindle.

Board members were told an elderly couple were sold cemetery lots by a man who called at their door.

Upon investigation, the lots, in Davison, Genesee County, turned out to be under water.

The new ordinance requires all salesmen or firms to register at the township office, 395 Mill, Ortonville.

In addition, approval must be obtained from better business bureaus or chambers of commerce in Flint or Pontiac.

Violation calls for a maximum of \$100 fine and/or 90 days in jail.

Almont OKs Trailer Park

ALMONT — The way was opened to the establishment of a trailer coach park in the north-west section of town last night, the 50-acre site to hold at least 50 mobile homes.

The Village Council voted unanimously in favor of an ordinance which would allow trailers on land zoned for general business.

Involved was the petition of Mr. and Mrs. Wilbur C. Lane who last fall asked for zoning which would permit the establishment of a park.

The projected site is currently zoned for single-family residential, according to Clerk Verne Messer, though the land is used for farming.

Controversy Surrounded Rezoning For These Proposed New Apartments

Shelby Clerk Files Petitions

Pension Plan Vote Sure

SHELBY TOWNSHIP — With just five hours to spare, Clerk Mae Stecker yesterday filed petitions with the Macomb County Clerk that will insure a vote on a proposed pension plan for police and firemen August 7.

A special meeting of the Township Board Monday afternoon instructed her to file.

The petitions, containing 900 resident signatures, ask for a voted five-tenths of a mill to augment a retirement fund for the present 16 full-time firemen and 14 full-time policemen.

The police and five fire departments have agreed to give 5 per cent of their wages to the fund.

EFFECTIVE DATE

If approved, the plan would not take effect until

July 1, 1968, according to Fire Marshal William Tiese.

The addition to the ballot means that township electors will be asked to approve a total extra millage of 4.5 mills in August.

Of the total, 2.5 mills is earmarked for the operation of the police department; 1.5 is asked as additional money for the fire department budget; and five-tenths of a mill is asked for the pension fund. Each question will be voted on separately.

The fire millage question has lost the support of Supervisor Kirby Holmes who contended in a public meeting last week that the money is not necessary to the operation of the department.

2.5 MILLS

The fire department already has a voted 2.5 mills on which it operates.

The millage bids come at a time when the township allegedly faces a \$20,000 deficit in meeting its current bills to the end of the month. A new fiscal year begins July 1.

Addison Gets Petitions on Hunting, Junk

ADDISON TOWNSHIP — Petitions to ban Sunday hunting in the township, except by the owners of the land, and to remove junk and three old homes along Rochester Road have been received by the Township Board.

The homes are located in Moffitt Beach Subdivision on Rochester Road, south of Mack. Twenty residents requested that the township institute condemnation proceedings to remove the health and safety hazards they represent.

An enforcement of the township's junk ordinance was asked with respect to unsightly debris in the same area.

Members of the newly formed Indianlake Improvement Association, representing residents of the Grampian Heights Subdivision, asked that any zoning matters coming before the township as regards the subdivision be referred to the association for approval.

Dennis Barnes, 3368 Knard, president of the group, informed the board that court proceedings are started against a violation now in existence.

The board discussed hiring of an appraiser to review township assessments. No action was taken.

Lapeer GI Killed

LAPEER — The parents of Army Spec. 4 Terry R. McComb of Lapeer have been informed of his death in action in Vietnam.

He is the son of Mr. and Mrs. Gordon McComb.

Shelby Moves to Get a Library

SHELBY TOWNSHIP — An attempt to make use of some \$10,000-\$12,000 now going to Macomb County and to provide residents with some kind of library has been started by the Township Board.

Attorney Roy Rogenshus has been instructed to look into the processes for starting one.

Supervisor Kirby Holmes said the project could be financed at least in the beginning by traffic fines which are now turned over to the county.

"Only if a township has a

library do these funds revert to the township," he said.

"We'll house it in the Township Hall for the time being," he said. "Even if it's no more than a closet and open only on Saturday in the beginning, it's still a start."

Smorgasbord Dinner

SPRINGFIELD TOWNSHIP — A smorgasbord dinner will be offered at the Masonic Temple on Andersonville Road noon to 3 p.m. Sunday by the Austin Chapter No. 396, OES.

Rolling Stone? Nope, It Was Just 'Lonely'

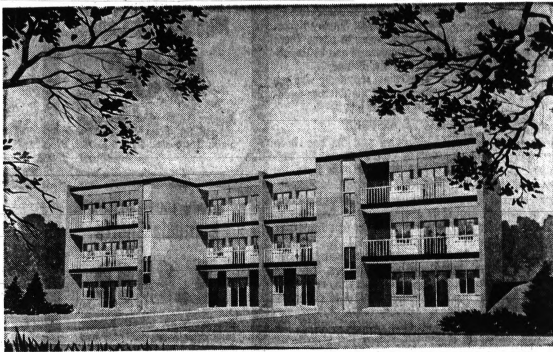

WASHINGTON TOWNSHIP — There's a "lonely" tombstone in Washington Cemetery and a chastised 16-year-old boy at home today.

Spotted by Stony Creek Park ranger William Walker while parked in the park area, he was found to have a tombstone beside him in the car.

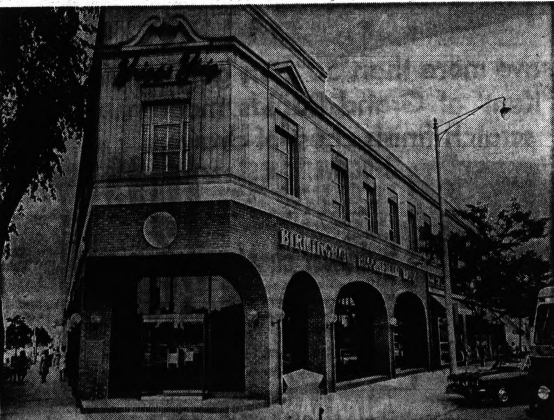

The boy told the ranger the tombstone looked "sitting out there all by itself" and he just wanted to be friendly.

Romeo State Police troopers Curt Fonger and John Fiedler, called in by Walker, returned the tombstone to its resting place and the boy to his parents.

Said officers, "We think he's got a problem."

Despite the lull, losses were sustained in small fights and a Navy Crusader jet was lost to ground fire over the Communist North. The pilot parachuted and was picked up in the Tonkin Gulf only 18 minutes after he splashed down. It was the 573rd U.S. combat plane reported lost in North Vietnam.

Officers denied that the lull in the war was due in any way to the fighting in the Middle East, but it appeared that neither side viewed this as a propitious moment for any dramatic moves.

American warplanes penetrated into the heavily fortified heartland of North Vietnam again Tuesday, raiding rail lines leading from Hanoi to Red China. Only 88 missions were flown, compared with about 125 in recent normal days.

The U.S. Command reported that not since the first of the year had there been a comparable lull in the ground war. For the past four days the U.S. military communique has said, "No significant contact with the enemy was reported."

U.S. officers volunteered no reason for the lapse in signifi-

ANNOUNCING A PERSIAN RUG AUCTION

A NOTE ABOUT THE SALE

This shipment of 20 bales having cleared customs is being dispatched to this area for disposal at Public Auction. This is an unusually fine stock of Persian and Oriental carpets and rugs. They are of the finest origins selected by experts with over 40 years experience in the European and Eastern markets. They are all hand knotted in intricate patterns and of historical designs and will be sold in single units to the highest bidder. Each piece is described in the catalogue that will be available during the view period.

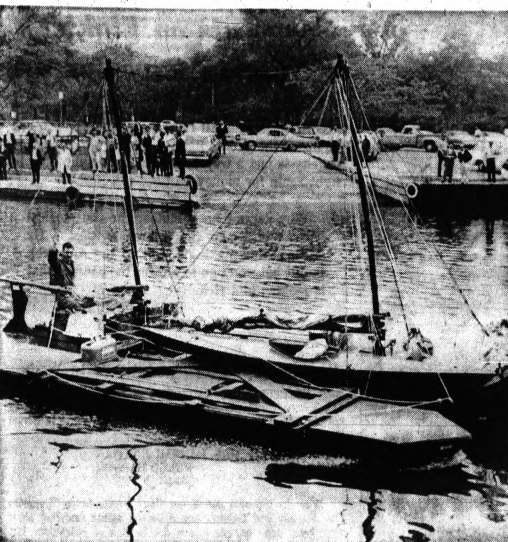

Stouffer's Northland Inn
21000 Northwestern Hwy., Southfield, Michigan
Thursday, June 8, at 8 P. M.

EXHIBITION: 6:30 p.m. 'til time of sale.
All Rugs are on view for your inspection. Catalogs available.

Included in this shipment in small and large sizes, strictly the finest grades of KIRMAN, KESHAN, BORJALOO, SAROUK, BOKHARA, ISPAHAN, BAKHTIAR, MESHEH, AFGHAN, BELOUCHISTAN, HAMADAN, ARDEBIL, ROYAL AUBUSSON (INDIAN), HERIZ, GHOUH, TABRIZ, JOOSHIGAN, KAZVIN, SHIRAZ, NAIN, ETC.

SETS SAIL FOR AFRICA — Francis Brenton, 40, waves from his 26-foot catamaran in Chicago's Lincoln Park lagoon yesterday just before setting sail on a 15,000-mile solo jaunt to West Africa and back. He will sail via the St. Lawrence Seaway, stopping at Montreal's Expo 67, with a destination of the African port of St. Louis between Senegal and Mauritania. The craft, a canoe and pontoon, is one he sailed last year from South America to Chicago up the Mississippi and Illinois rivers.

Attitude of Russian People Has Mellowed With Time

Russia.
Russia! There's always Russia.
After you've circled the globe, invariably someone drags in the spectre of the sword-brandishing Reds.

Certainly they aren't wallowing in international amity. Their global image suggests a hijacker who has national power and the first or second biggest arsenal in the world. And further, he's very conscious of the fact and loves to finger a knife.

Yet, I was in Russia eight or ten years ago and I think I see a softening in their belligerence and braggadocio. They smile more but this doesn't include the titular heads of that seat of unchallenged global disunity.

The people?
They're a better breed.

I saw only one person in Russia that really wanted to see us humiliated and made an abject pawn in the light of the glories of Soviet ascendancy. And I didn't see a single person anywhere—not one—that wanted to drop a devastating bomb anywhere.

The people are friendly.

They're anxious to mind their own business and hope that we want to do the same, thank you. But the head Red and his immediate cohorts are spawned from a different caste. For untold centuries, all Russians were dispensable pawns and serfs that bowed before an omnipotent Czar. He ruled by ruthlessly unquestioned might. Now that these crowned heads have been cast to the dogs, their successors are assuming some of the same domination in reigning power. Personally, I think the difference between us and the Russians lies mainly in the ideas and intentions of the uppermost echelon to whom freedom and democracy are anathema.

The leaders have come a long ways in the last half century and it would be my unimportant observation that they're softening but I draw a line between the Kremlin and the average citizen. We can get along with the people. It's their bosses that refuse to let us behind their personal Iron Curtain.

The citizenry has been taught to fling Vietnam in our faces at every opportunity. And this, they do. It's usually mild, but they make the point that our dastardly "imperialism" is the ruination of Southeastern Asia and other points east, west, north and south. Russians in positions to talk most often with outsiders are drilled in their attitudes and responses.

Today Leningrad has 3.5 million people and 19 churches. We have more than a hundred churches in our own area. They don't believe in God. They don't believe in any type of hereafter; and they're told when this life terminates, it's the end.

Leningrad was under siege by the bloodthirsty Germans for three years and over half a million people were slaughtered. On top of untold centuries of mental penury and serfdom under the Czars this imposed a staggering mental burden that can't be shaken easily. It's understandable. They're a fertile field for the lying charges of our "imperialism" and our "self evident infamy."

Barring the top leaders, I don't hate a single Russian. I like them. My friend and I'm willing to wait until they see the errors of their leaders. Even these are an immeasurable improvement over the passing centuries of self-crowned predecessors.

We saw the most marvelous

ballet this incompetent critic ever witnessed. The technique is superb and when the curtain descends, those dancing nymphs weren't waiting for masculine attention. They were breathtaking — my wife says so. We saw grand opera and again it was absolutely top hole. My wife says this also. This untutored scribe even remained awake through both, which is a record he never set in America. These Russian people have marched myriads and myriads of cultural miles since their liberation.

They have art museums that are stupendous. One in Leningrad has two million originals and if you "took 30 seconds for each, it would require eleven years to see it all" (their assertion). To me the resplendent interior was even greater. The incidental walls, ceilings, doors, pillars etc. were even more astounding than the art objects.

More than three-fourths of the students take the English language today. Nine years ago, English was tolerated and "allowed" but today it's actually suggested. Currently it's the second language by miles and DEGAULLE will turn a few backward somersaults when he absorbs these facts.

But governmentally they're suspicious of us. We're the "bad people" in the eyes of the reigning Communists who call the shots.

They award us very little credit for winning World War Two. You are given to understand that the victory came about through Russian management, prescience and manpower.

They have no beatniks. No one burns a draft card. And if he does, he says "goodbye" to one and all. The closest I saw to a beatnik was an individual who approached the dining room in the Astoria. The maitre d'hotel pointed back without a word and the undesirable left pronto.

There are no beggars as you find in so many places. There's no starvation. There are no raggedy mismates.

Their subway is the greatest, finest, cleanest and most artistic in the world and I mean that "artistic" part. They have statues in brilliantly lighted stations. There's no dirt, foul fifth, and debris to conceal. You could sit down anywhere and eat your lunch on the stairs (and they're all swift escalators) or on the passageways or in the cars.

And yet — You can't send a sealed envelope to your family in Pontiac. You can't have dinner in the home of a Russian without special permission and it's hard to get. (Nine years ago you couldn't have it period.)

You can't subscribe to The Pontiac Press or The Chicago Tribune.

I'm under the impression you can't phone Pontiac — but you can in Tokyo, Hong Kong and most other places.

You can't spend a dime without using Russian money. Other countries accept U.S. currency.

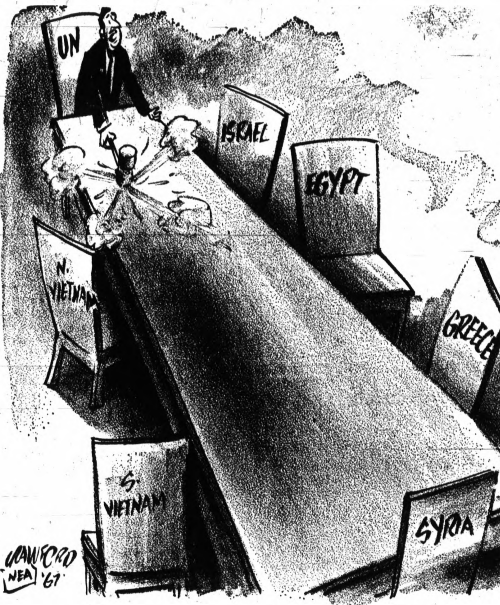

You can give tips in most cases but usually it's done surreptitiously.

You can get a portion of the crops you raise yourself if you exceed a quota. This wasn't true before.

You can get extra-pay for extra effort in some circumstances. You couldn't before. This

'The Meeting Will PLEASE Come To Order!'

David Lawrence Says:

Mideast Issues Same as in 1957

WASHINGTON — Who is right and who is wrong in the dispute between Egypt and Israel over the closing of the Gulf of Aqaba, which triggered the current hostilities in the Middle East?

All that one has to do to answer this question is to LAWRENCE examine carefully a report just issued by the Senate Foreign Relations Committee

which gives all the background documents on the action taken by the United Nations in making peace between Israel and the Arab countries in 1957.

When one reads the words of President Eisenhower and the late secretary of state, John Foster Dulles, as formally communicated to the heads of the various governments in the Mideast, it becomes evident that the basic issues have not changed at all and that the fundamental principles of international law which are being defied today were fully accepted by both sides in 1957.

"It is the United States view that the Gulf of Aqaba comprehends international waters and that no nation has the right to prevent free and innocent passage in the Gulf and through the straits giving access thereto

"The position of the United States is based on broad, long-established principles of international law, extending beyond the specific problems connected with the Gulf of Aqaba.

LEGAL EFFECTS

"Because of its worldwide responsibilities, the United States must take into account the legal effects and precedents which might be established in other situations and areas. . . .

"It is, of course, clear that the enjoyment of the rights of free and innocent passage is inconsistent with aggression. . . .

"Thus, in the United States' view, Israel's right to free and innocent passage was dependent upon withdrawal of its forces behind the armistice lines in accordance with the United Nations resolutions. . . .

When the United Nations set up on the Gaza Strip a military force to maintain peace and when Egypt and Israel agreed to withdraw their troops from the strip, the problem was definitely considered to have been resolved so far as international law is concerned.

RIGHT OF FREE PASSAGE

The same document from the department of state added:

"The United States has stated that in the absence of some overriding decision to the contrary, as by the International court of justice,

Even Las Vegas roulette wheels do far better than that as the house skims a profitable take on the long end of 33 to 1 odds against the better.

Voice of the People:

Comments on Fighter's Refusal to Serve Country

Nice going, Michigan! We are going to have the great Muhammad Ali fight here June 15. Too bad he hasn't the guts to fight in Vietnam. Fighting for charity is just a way to get his foot in the door to fight again for money.

Why doesn't he volunteer for the medical corps and help the injured overseas? He doesn't mind making a mint off the American public but won't go to war for the country that is making him rich.

BUD CORELLA

Parades Prompt Three Citizens to Write

I congratulate the Loafers Club of Keego Harbor on the fine job on our Memorial Day Parade. I was proud to take part in it with the Ladies Auxiliary of VFW Post 2706 of Keego Harbor.

MRS. HANNAH JUSTMAN
KEEGO HARBOR

Why don't people salute our flag? I attended a Memorial Day Parade and I didn't see a person salute our flag as it went by. I don't believe this is due to lack of patriotism, but possibly due to embarrassment, or maybe these people don't know the proper way a civilian is supposed to salute. Whatever the reason, it would be interesting to find out why. It would be commendable if the newspapers informed the public the proper way to salute, especially prior to a parade day.

ROBERT CONNOLLY
WHITE LAKE

(Editor's Note: According to the flag code, when the flag is passing in parade, being hoisted or lowered, all present should face it, stand at attention and salute: Uniformed persons render the military salute; women and uncovered men place their right hands over their hearts. Men should remove their hats, holding them over their hearts with their right hands.)

I agree that we deserve something better in our parade than a couple of army trucks. Parades are planned, not born overnight, and units are invited from volunteers who wish to be in the parade. In the parade you see the few that are willing and proud to do their duty as citizens. It is true you see GMC cars and trucks and we thank them for co-operating, but GMC cars and buses also drive our citizens out of our city to their own brand of Memorial Day celebration.

Question and Answer

Previously I asked what law requires me to vote. Thank you for your answer which said no law requires this. Now—what happened to our free right to choose to register or register to vote? Can you give the law that requires us to register to vote?

JOANNE SHATTUCK
REPLY

Again, no law requires you to register. However, Chapter 23, Sect. 1449 of the Michigan Election Law says local units of government cannot accept your vote unless you are registered.

Reviewing Other Editorial Pages

proves these things: They cost more than they brought in if their total impact on society is reckoned; and 190 years' experience indicates clearly that the most careful supervision cannot eradicate the inevitable abuse in a system particularly susceptible to fraud."

This claim is disputed by Israel, the United States and other maritime nations, which consider the blockade an obstruction of an international waterway.

But Nasser is paying little attention to international law these days. Without the restraining influence of the U.N. peacekeeping force, Nasser can war against the so-called "aggressor" — Israel — and the "imperialist" nations — the United States and Britain.

'Sticky' Strait

The Minneapolis Star

The narrow Strait of Tiran, the entrance to the Gulf of Aqaba, is the focus of the crisis between Israel and the Arab nations.

The 100-mile-long gulf itself — Israel's only outlet to the Red Sea and to the oil of Iran — is bordered on the west by Egypt's Sinai Peninsula and on the east by Saudi Arabia.

Israel and Jordan each hold strips of land on the northern edge of the gulf.

Egypt's previous blockade of the strait was lifted by the swift Israeli attack through the Sinai Peninsula in 1956.

Under U.N. pressure, Israel withdrew, but on condition

Mideast Oil Clamp Not Likely to Hurt U. S.

NEW YORK (AP) — The Middle East war isn't likely to cause an oil shortage in the United States but, if prolonged, could cut deeply into the supplies of Western Europe, Japan, Australia and New Zealand.

Two of the major Arab oil-producing countries, Kuwait and Iraq, yesterday halted sale of oil to Britain and the United States. Egypt closed the Suez Canal, through which much oil is transported.

Oil-industry spokesmen said the United States has sufficient domestic production and other sources to meet its petroleum needs. In fact, they said, the United States could boost its production to help meet the needs of other countries.

The United States consumed about 12 million barrels of crude oil daily in 1966, of which about 9.5 million barrels were domes-

tically produced, according to the American Petroleum Institute. Most of the balance was imported from Canada, Venezuela and the Netherlands Antilles. Only about 400,000 barrels daily came from Arab countries.

TEXAS WELLS

Jim C. Langdon, chairman of the Texas Railroad Commission, which sets production quotas for wells in the nation's largest oil-producing state, says Texas wells could boost their production between a million and 1.5 million barrels daily. He estimated this could be accomplished within 10 to 15 days.

J.M. Menefee, Louisiana conservation commissioner, estimates his state also could increase production by a million to 1.5 million barrels daily.

statement at The Hague that the Middle East crisis would have no drastic effect on Western Europe's oil supplies.

Royal Dutch referred to present European oil stocks, the supplies under way and the largely increased size of the Western tanker fleets.

It said that a switch to other oil-producing areas might mean an increase in freight costs.

Another factor is the increase in tanker sizes. The new super-tankers can carry oil around the southern tip of Africa for lower costs per barrel than smaller tankers using the Suez Canal.

American oil companies have a big stake in the Middle East. Among those operating there are Standard Oil Co. (N.J.), Mobil Oil Corp., Gulf Oil Corp., Standard Oil Co. (Ind.), Standard Oil Co. of California, Texaco, Inc., and Phillips Petroleum Co.

4 PER CENT

Western Europe gets about 4 per cent of its oil supply from the Arab countries.

Royal Dutch Shell, the biggest European oil company, issued a

Man Drowns

YPSILANTI (AP) — Floyd Scott, 38, of Romulus, drowned Tuesday in nearby Ford Lake when he fell from his outboard motor boat.

3-MONTH SUPPLY

Another source estimated that Western Europe has more than a three-month supply of crude oil on hand and more en route in tankers.

With the Suez Canal closed, oil companies operating in the Middle East were reported diverting their tankers to other routes.

Maritime sources said the transportation problem would

Bids Are Authorized for Repair of Streets

Because of an unusually destructive winter, City commissioners last night authorized taking bids June 26 for asphalt repair work on city streets.

Joseph E. Nepling, director of public works and service, said repairs needed are beyond the city maintenance crew's capability.

Bids for asphalt for paving projects and for fleet auto insurance and workman's compensation insurance will also be taken June 26.

Commissioners at last night's meeting approved a \$20,781 bid to supply 95,000 feet of joint sealing work on major streets.

Commissioners, in other business, accepted executed deeds to property which will allow construction of a portion of South East Boulevard to Woodward from its present terminus and approved rezoning to commercial of a 6.6-acre parcel at the southeast corner of East Boulevard and Woodward.

Both were modifications to an agreement between the city and developer Charles Langs who is now completing a housing project in the area.

The commission agreed to replace meters at a city-owned parking lot at the southwest corner of Pine and Lafayette and to terminate a leasing agreement with Oakland County. It had been used

Teaching Tradition in Family Carried On

It's not every day that a pretty college coed is preparing to begin a teaching career just as her mother retires as a professional educator after 40 years.

That's the way it is in the Snyder family of 6765 Woodbank, Birmingham.

Sharon Sue Snyder, an Oakland University beauty who was first runner-up in last year's Miss Michigan contest, will teach her first class this fall in Brookside School in Bloomfield Hills.

Her mother, Dr. Edith Roach Snyder, has just announced her retirement as principal of Pontiac's Webster Elementary School after holding that position for 27 years.

Mrs. Snyder, 62, who is currently listed in three types of Who's Who publications confirmed yesterday that she was retiring after 29 years in the Pontiac public school system because of her health.

A prime mover in developing the primary and intermediate block program, she had this to say in looking back upon 40 years of experience:

"I feel the profession I chose is one of the greatest. There is much work to be done in education. We must always provide the best environment and learning opportunities possible.

"I love the little ones. I will miss them dearly," she said.

DR. EDITH R. SNYDER

A holder of doctorate degrees in music education and in education, she is listed in "Who's Who," "Who's Who in American Education" and "Who's Who of American Women."

She began her career in Deshler, Ohio, and taught in Maumee, Ohio, and Birmingham before coming to Pontiac.

Mrs. Snyder has taught in several state colleges during the summer as well as having written many professional articles and belonging to several professional, civic and social organizations.

She was instrumental in attracting colleges to offer continuing education courses in Pontiac 18 years ago.

Murder Charged to Teen

DETROIT (UPI) — A teen-ager was in the county jail today awaiting examination on a first-degree murder charge in the death of an elderly woman injured in a purse-snatching incident.

Isaac Parks, 18, was remanded to jail without bond after a plea of innocent was entered for him at his arraignment yesterday. Recorder's Court Judge Elvin L. Davenport set court examination for June 15.

Parks, a meat truck helper, is accused of causing the death

of Mrs. Mileva Bozin, 75, by attacking her May 17 to steal her purse. The woman died about a week later of injuries received when she was knocked to the ground by her assailant.

Police said Parks was arrested Monday when a 15-year-old girl implicated him.

The girl, who was being held by juvenile authorities as a material witness, told police she grabbed Mrs. Bozin's purse after Parks knocked the woman down.

as a parking lot for county building annex employees.

To protect city interests, the commission selected Sherwin M. Birnkrant, director of law, and Nepling to attend a meeting June 22 of the Clinton River Drainage Board.

Joseph A. Warren, city manager, said the city could be assessed for improvements made downstream from Pontiac.

First reading was given to an ordinance which will regulate scrap iron and metal processors.

Commissioners voiced interest in provisions for preventing junk from piling up on the public sidewalks or adjoining fences and asked for more information at next week's informal meeting on which existing operators would be covered.

They also authorized hiring the engineering firm of Jones and Henry for engineering work on requested lateral sewers in the area to be serviced by the projected Galloway Creek Sewer Trunk.

Nepling said his office has received more requests for lateral sewers than can be processed by the city's engineering staff.

A public hearing on a special assessment roll for curbs, gutters and paving on Baltimore from Kenilworth to Emerson was held.

Attending the commission meeting were 12 citizens residing on or doing business on Allison. They complained of a large volume of traffic using the street to get from southbound Oakland to southbound Cass.

Because of Oakland being one-way northbound from West Wide Track to Allison, cars and trucks using the street have multiplied, they said.

The director of public works and service said there is no question that additional work is needed to alleviate traffic problems in the area but funds are unavailable.

School Aspirants to Air Issues

Pontiac school board candidates, incumbent Russell L. Brown and Ronald E. Couvaut, will discuss campaign issues at McConnell Community School, 245 S. Paddock at 3 p.m. Sunday.

Fifteen club club presidents reportedly requested the public session which is expected to draw a couple hundred persons. There will be a question and answer period.

PIN-WORMS A FAMILY AFFAIR

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms... ugly parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly, easily. Ask your pharmacist. Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge... small, easy-to-take tablets... special sizes for children and adults.

Here's Hope if You Hate Dove in Kitchen

By DICK WEST
United Press International
WASHINGTON — Unfortunately, there is no such organization as the national academy of television awards to give out awards each year. So I shall carry on alone.

As a sequel to Emmy Awards presented Sunday night for outstanding achievement by television performers, I bring you today the Popeye Award for outstanding achievement by a television viewer.

And the winner is — may I have the envelope, please — John F. Banzhaf of New York City.

That name probably doesn't mean a great deal to you, unless your name happens to be John F. Banzhaf. But I predict that in the long run it will have greater impact on television than all the Emmy winners put together.

For it was Banzhaf who lodged the complaint that resulted in the decision by the Federal Communications Commission to apply its "fairness doctrine" to cigarette commercials.

The FCC did not grant anti-smoking crusaders equal free time to answer the commercials, as Banzhaf requested. But it did order a New York station to provide "a significant amount of time for the other viewpoint."

And that, as you can plainly see, opens Pandora's — or at any rate Banzhaf's — box.

There are countless other television commercials with which many viewers disagree. Undoubtedly, these dissidents will soon be knocking on the FCC's door.

BRUNETTES PROTEST
Take, for instance, their air cooling commercial which implies that blondes have more fun.

Will not brunettes be justified in demanding that stations provide a significant amount of time for the other viewpoint?

Beer commercials obviously are vulnerable. They use different formats but the message is the same — joyousness. The joyousness of drinking beer.

Well, I like a bottle or two myself every now and then, but the fact of the matter is that beer makes me morose. Is not my kind entitled to representation, too?

ON AND ON

I could go on and on with this. Significant time for "those who think old." Significant time for those who think dull teeth are pretty. Significant time for those who don't care enough to send the very best. But you get the picture.

By the time all the commercials and the answering groups are aired, someone will have to demand significant time for programs.

TWO GENERATIONS — Cadet James D. Fowler Jr. (right) gets some advice from his father, Col. James D. Fowler of the U.S. Army Command and Staff College at Ft. Leavenworth, Kan. The elder Fowler graduated from West Point in 1941. His son's graduation tomorrow will make him the first second-generation Negro to graduate at the Point.

Berkley Man Appointed Pontiac UAW Director

Kenneth Morris, director of UAW Region 1B, yesterday announced the appointment of veteran UAW official Harold Julian to the new post of subregional director in charge of the Pontiac office.

Julian of Berkley had been coordinator of political action in the 18th and 19th congressional districts for the UAW.

Prior to this Julian was assistant director of the UAW

Chrysler Department with which he was associated for 17 years.

He also is chairman of the personnel committee of the Oakland County Child Guidance Clinics and serves on the executive board of this organization.

PONTIAC OFFICE
Region 1B extends from downtown Detroit to the Thumb area of the state. The Pontiac office is located at 704 Community National Bank.

Business failures dropped to a 10-year low last year of 13,162.

FALSE TEETH That Loosen Need Not Embarrass

Many wares of false teeth suffer embarrassment because their plates drop, slip or wobble at just the wrong time. Don't live in fear of this happening to you. Just sprinkle a little **FASTBETH**, the non-sold powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Checks denture breath. Deserve that fit are essential to health, see your dentist regularly. Get **FASTBETH** at all drug counters.

Fires Decline in Waterford

The number of fires in Waterford Township declined sharply in May, according to a monthly report prepared by the township fire department.

The report indicated that township fire fighters battled 39 fires last month, compared with 60 blazes the previous May and 61 in April of this year.

Twenty of last month's fires were of the brush and grass variety. The report also showed that 11 fires occurred in buildings, four were classified miscellaneous and two fires each happened in motor vehicles and dumps.

May's fire total raised the yearly count to 183 for the first five months, compared with 216 for the same period of 1966.

However, direct fire damage this year through May is estimated at \$88,043 against \$80,220 for the same period last year.

APRIL DAMAGE
Last month's fire damage was only \$7,985. This compares with \$10,600 the previous May and \$48,100 in April of this year.

No one has been killed by fire in the township this year. Last year, five children lost their lives in two fires.

The report also showed that the fire department responded to 57 alarms last month, including 11 rescue and emergency runs. This compares with 72 alarms answered in April and 84 the previous May.

Township firemen responded to 292 alarms the first five months this year compared with 341 for the same period of 1966.

Lions Club Will Install New Officers

The Waterford Lions Club will install its 1967-68 officers at 7:30 p.m. tomorrow at Haven Hill on M59.

Rudy G. Behling of 6987 Sandalwood, Bloomfield Township, will be installed as president for a one-year term. He will succeed Harold Labrosse of 3777 Lakefront, Waterford Township.

Other recently elected officers to be installed are James Seeterlin, first vice president; Robert Ranzilla, second vice president; Kevin Ritter, third vice president; John E. Gardiner, secretary; and James Donaldson, treasurer.

Also to be installed are Earl Floyd, tail twister; and Duane Johnson, lion tamer.

In addition, Gene Greek and Floyd will be installed for two-year terms and Lewis Golf and Andy Body one-year terms on the board of directors.

EMCEE

Presiding over the ceremony will be Al Van Thomme Jr. of Fraser. Van Thomme is district governor of the Lions organization.

GRADUATION PARADE — Army cadets of the class of 1967 move forward to review the parade given in their honor by junior classmates yesterday at West Point, N.Y.

Graduation took place today with 584 cadets receiving diplomas. Since the academy's beginning in 1802, 27,244 have been graduated.

Graduates Into World of War

West Point Salutes 584 Today

WEST POINT, N.Y. (AP) — Into a world troubled by war in Vietnam and the Middle East, the U.S. Military Academy graduates 584 cadets today.

The cadets received their diplomas in ceremonies at Michie Stadium, and Secretary of the Army Stanley R. Resor delivered the main address.

At least 148 of the new second lieutenants will go to Vietnam after completion of Ranger and other training. More than that number had volunteered to fill the vacancies. The 148 were selected on the basis of class standing.

Ranking cadet for the graduation is Ernest C. Heimberg, son of Mr. and Mrs. E. Clayton Heimberg of Midland Park, N.J. He was first in his class academically for four years.

TWO NEGROES

Two of the cadets are Negroes, including the first son of a West Point Negro graduate. He is James D. Fowler Jr., whose father, a 1941 graduate, is a colonel stationed at Ft. Leavenworth, Kan. The other is Bobby G. Whaley, son of Mr. and Mrs. Cole B. Whaley Sr. of Cleveland, Ohio.

Resor, a native of New York City, was appointed secretary of the Army July 7, 1965, after serving as undersecretary for three months. He is a veteran of World War II and was a captain in New York before his appointment.

Police Chief Dies

GLADSTONE (AP) — Funeral services were pending today for Carroll Johnson, 64, Gladstone chief of police, who died Monday night at Rochester, Minn. Johnson had been on a leave of absence for ailing health.

Skin Divers Search for Body in Lake

MUSKEGON (AP) — Skin divers of the Muskegon County Sheriff's Department searched the waters of Middle Lake Tuesday for the body of David Avery, 19, of Ravenna, believed drowned. Deputies said Avery and a companion were diving from a rowboat. Avery apparently failed to surface. Middle Lake is about 15 miles northeast of Muskegon.

EEO Grant OK'd

WASHINGTON (AP) — Approval of a \$48,345 grant from the Office of Economic Opportunity for a One-Cap of Lake City, administrator of a Head Start program benefiting 225 children

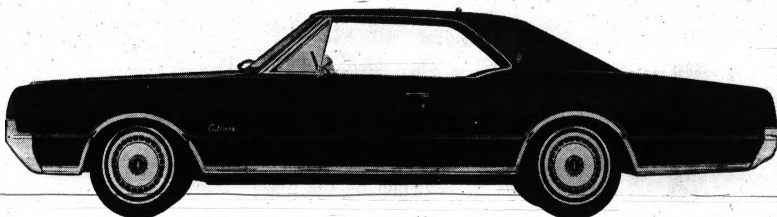

in Crawford, Missaukee, Wexford and Roscommon counties, was announced Tuesday by U.S. Sen. Philip A. Hart, D-Mich.

Some species of megapode birds are hatched wearing plumage and can fly away from their empty eggshells.

California Senate Passes Liberalized Abortion Law

SACRAMENTO, Calif. (AP) — The first liberalization of California's abortion law in 95 years has cleared the Senate without a vote to spare in the most dramatic battle of the 1967 legislative session.

The measure cleared the upper house 21-17 Tuesday night—the bare majority needed for passage. Supporters predict Assembly passage. Gov. Ronald Reagan has said he would sign such a bill.

Sen. Anthony C. Beilenson of Beverly Hills, the youthful Democrat who has been pushing the liberalization for four years, expressed confidence the Assembly will back the bill. He modified it to meet Reagan's objections.

Beilenson asserted that 100,000 abortions are performed illegally in California each year, at great risk to women's lives. He said the present law "often leads to tragedy" because it permits abortions only to save a mother's life.

"It is our contention this existing law is archaic, barbaric and hypocritical," he said.

Republican Sen. John Schmitz of Orange County raised the opponents' main question: When does life begin? Roman Catholic Church spokesmen contended it starts with conception.

"If life begins before birth, the state has the duty to protect it," Schmitz said.

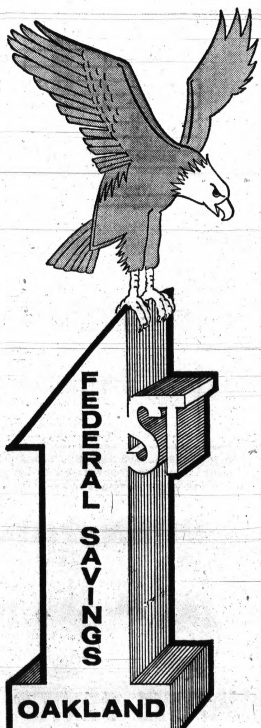

Beilenson's measure would make three major revisions in California's abortion law, originally passed 106 years ago and rewritten in 1972.

RAPE, INCEST

It would permit abortions to end pregnancies caused by rape or incest or to prevent a birth that in the judgment of a panel of physicians, would gravely impair the mental or physical health of the mother.

Operations to end a pregnancy caused by statutory rape could be performed only on girls 14 years of age and younger.

At Reagan's insistence, Beilenson dropped a provision that would have allowed abortions to prevent the birth of a child that a physicians panel decided might be born deformed.

PTA Council Installs '67-'68 Officers at Dinner

Pontiac PTA Council held its mass installation of officers Tuesday with a dinner and workshops at Madison Junior High School.

Presiding was Mrs. William Mihalek. Mrs. Fred Goines will again be president. Her coworkers are Mrs. Willis Schnekenberger,

first vice president; Mrs. Benjamin Shelton, second vice president; Mrs. Charles Yates, recording secretary; Mrs. Vernon McFarland, corresponding secretary.

Completing the list will be Mrs. Donald Kline, treasurer; Mrs. Ross Elliott, historian, and Booker T. Yancy, auditor.

One of the features of the evening was the presentation of the 17th annual PTA scholarship to

this year's recipient, Edward Neeb of Pontiac Northern High School.

General chairman was Mrs. Elliott. Workshop planning was done by Mrs. Schnekenberger and Mrs. Shelton.

Others who worked on committees were Mesdames Douglas Green, Richard Soucy, Robert Tracht, Melvin Norberg, Robert Williams, Gust Schwartz, Neil Smith and Herbert Ketchum.

Mrs. William Mihalek of Vinewood Street, Pontiac Township, scholarship chairman and a past president of the Pontiac PTA Council, is shown with this year's recipient of the PTA scholarship, Edward Neeb of Seward Street. Edward is a graduating senior at Pontiac Northern High School.

Gallery Tour Includes Two College Campuses

By SIGNE KARLSTROM

Those energetic members of the Bloomfield Art Association have arranged their third gallery tour for Tuesday. Organizing the project have been Mrs. William Newberg and Mrs. Louis Dean.

The coming tour will take the group first to the Mercy College where they will see the Michigan Society of Watercolor Painters exhibit. The next stop will be Wayne State University's annual student exhibition and then lunch at the McGregor Memorial Conference Center.

WSU CAMPUS

Following lunch, there will be a guided architectural tour of the Wayne campus. And, the last visit will be to Garelick's Galleries to view the Chagall exhibition. Claudia Ireland is chairman.

Among those who will be on the bus will be Mesdames: Don

Ahrens, Thomas H. Adams, Dennis Allison, Paul Averill, Vinton Birch, George Cutter, LeRoy Kiefer, Clarence Patterson, Glen Paulsen, Russell Stickel and Ben T. Young.

Tuesday evening, Mr. and Mrs. K. G. Aronsen entertained for dinner in their home in honor of Mr. and Mrs. Erik Linden who with their daughters Monika and Pia leave for California within a short time.

Over the weekend, Mr. and Mrs. Thomas J. Peterson of Juniper Lane also gave a dinner party for the Lindens.

The guests included the Aronsens who also live on Juniper Lane, the Howard Prestons, Svea Kline, the junior Thomas Petersons and Harold Ward.

VISITOR LEAVES

Mrs. Frederick Golding of Evergreen, Colorado, left Tuesday with her son, Todd, after visiting her father, Harold Ward, for two weeks.

Mrs. A. Dale Kirk has returned home after a three-week trip visiting her daughter and son-in-law, Mr. and Mrs. John W. Cramer and their two daughters in Snyder, N. Y.

She also spent some time with her son and his family, Mr. and Mrs. Robert Kirk who have recently moved into their new home in Apalachin, N.Y., after residing in Syracuse for numerous years. Then she had a visit to Expo '67 with relatives in Quebec and Ottawa.

Pontiac Press Photos

The Pontiac PTA Council mass installation, dinner and workshops, held Tuesday at Madison Junior High School, were organized under the direction of (left) Mrs. Benjamin F. Shelton of Tenny-

son Avenue, workshop cochairman; (standing, right) general chairman Mrs. Ross A. Elliott of Oneida Road; and (sitting) Mrs. Willis Schnekenberger of Opdyke Road, workshop cochairman.

WOMEN'S SECTION

Big Shot Fouls It Up

Sitting Duck for Critics

By ABIGAIL VAN BUREN
DEAR ABBY: Nearly six months ago a group of us men were lunching together at our club when a man (I'll call him Mr. Duck Hunter) said, "I've had a fantastic season and have some ducks put away for all of you."

Another man (I'll call him Mr. Big Shot) spoke up and said, "My wife is an expert at preparing wild duck, so why not send all the ducks to my house and she'll prepare a duck dinner for all of us? Everyone agreed it would be great.

Months passed and no duck dinner. Finally Mr. Duck Hunter asked me if I'd ever been invited to Mr. Big Shot's for that duck dinner. I told him I

hadn't. Then he said he had sent 12 ducks to Mr. Big Shot's house per promise.

My question: Shouldn't someone ask Mr. Big Shot what happened to the ducks? And if so, who should ask?

DUCK LOVER
DEAR DUCK LOVER: Yes, Mr. Duck Hunter should ask him. Either the idea of the duck dinner was just lucky with everybody except Mr. Big Shot's wife, or the birds ended up in the claws of Mr. Big Shot and all Little Shots.

In any case, let this be a lesson to you. A bird in the hand is worth two in somebody else's freezer, so next time someone offers you a gift, don't let a go-between foul you up.

CONFIDENTIAL TO "YOUNG PHILOSOPHER" IN SYRACUSE: Wisdom does not automatically come with old age. Nothing does — except wrinkles. It's true, wine improves with age. But only if the grapes were good in the first place.

How has the world been treating you? Unload your problems on Dear Abby, in care of The Pontiac Press. For a personal, unpublished reply, enclose a self-addressed, stamped envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1.00 to Abby, in care of The Pontiac Press.

AP Wirephoto

Michael Rubin, 1, who plays Mathew on TV's "Peyton Place," arrives with long locks (upper left) for his first haircut, in Hollywood Tuesday, and things are clipping right along (upper right) until he sees the barber (lower left). Master

Michael is as pleased as mother when it's all over. Mother is actress Kathleen Hughes and father is film producer Stanley Rubin. Charles Baughenbaugh is the barber.

Calendar

**Temple Sisterhood
Installs Officers**

The annual luncheon meeting of the Sisterhood of Temple Beth Jacob was held at Kingsley Inn, Tuesday.

Mrs. Joseph Maltzer, president of the Michigan Federation of Temple Sisterhoods, district 11, presided at the installation of officers for the coming year.

They are Mesdames: Marvin Talan, president; Harold

Bienenfeld, Kenneth Dickstein, Paul Weiner and Paul Mandel, vice presidents.

Others are Mesdames: Morton Metzger, Robert Gash and Herbert Bisgeier, secretaries; Benjamin Bisgeier, treasurer and Harry Arnkoff, parliamentarian.

Cochairmen for the event were Mrs. Bisgeier and Mrs. Stuart Karman.

The Pontiac Central High School Senior Ensemble presented a musical program under the direction of Michael Dempsey.

Schedule Party

Bride-elect Pamela McFarland, daughter of Mr. and Mrs. Ross McFarland of Hoover Street, West Bloomfield Township, will be honored with a miscellaneous shower Friday in the Golfside Drive home of Mrs. E. J. Redding.

Cohostess will be Mrs. Arthur Havel of Warren.

Newly installed officers of the Temple Beth Jacob Sisterhood gather briefly outside the Kingsley Inn before Tuesday's luncheon. From the left are Mrs. Marvin

Talan, Antique Lane; Mrs. Harold Bienenfeld, James K. Boulevard; and Mrs. Kenneth Dickstein, Illinois Avenue.

**Wash Laces
in Shaker Jar**

When washing delicate lace collars and dollies, place them in a fruit jar filled about two-thirds full of water that is lukewarm in temperature, add enough good soap flakes to make a rich suds. Put on the lid and shake the jar until the article is clean. Rinse the same way.

**Joint Installation Held
for New VFW Officers**

A joint installation of officers for "City of Pontiac" Post 1370, Veterans of Foreign Wars and its Ladies Auxiliary took place recently.

Mrs. Donald Moore was installing officer at the event in the V.F.W. Hall on South Saginaw Street. Mrs. C. D.

Birdsall and Mrs. Harriet Sandstrom assisted.

New officers are Mrs. Arthur Lees, president; Mrs. Joseph Pedego, Jr. and Mrs. Virgil Vandecar, senior and junior vice presidents respectively; Mrs. William Vandecar, secretary.

Others taking office were Mrs. Birdsall, Mrs. Dorothy Almas, Mrs. Raymond Whitman, Mrs. Hazel Burns, Mrs. Leo Wittkopf and Mrs. Earl Hall.

Mrs. Pedego received a life membership in the V.F.W. National Home in Eaton Rapids.

A buffet dinner followed the ceremonies.

**To Fete Pair
on 50th Year**

Former Pontiac residents, Mr. and Mrs. William Warri- low of Pompano Beach, Fla., will be honored with an open house at the Malta Temple Sunday, from 2 to 4 p.m., in celebration of their golden wedding anniversary.

Their daughter and son in law, Mr. and Mrs. Jack Winfield, of Sherbourne Street, will host the event.

The couple was married in Pontiac June 9, 1917. Son David of Miami and his family will attend.

Another son, Robert, lives in California. Mr. and Mrs. Warri- low have nine grandchildren.

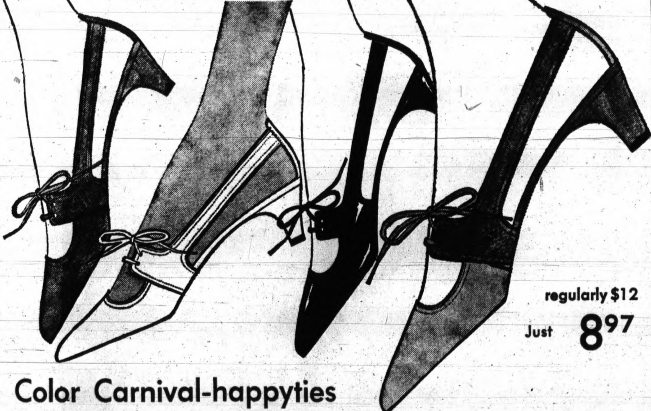

**A 'Cover-Up'
for 'Let-Downs'**

When letting down a little girl's coat, sew a velvet ribbon wide enough to cover the hem mark, all the way around the bottom of the coat. And if the sleeves are too short, put a velvet cuff to match the ribbon on the bottom of the sleeves.

Alcohol on the Record

Ordinary rubbing alcohol, applied with a piece of urethane foam, will remove dust, dirt and fingerprints from records.

MRS. DONALD SLONE

Brother Escorts Bride to Altar

Wearing a gown of white peau de sole in Empire styling with jeweled Alencon lace trimming, Alice Geary of West Huron Street, was given in marriage by her brother Ivan. The ceremony took place Saturday evening in the Apostolic Church of Christ.

For her vows with Donald Slone of Ferndale, the bride carried a bouquet of white carnations centered with an orchid.

Mrs. Bob Garrison, sister of the bride, was matron of honor. They are the daughters of Mrs. Irving Geary of Rice Lake, Wis. and the late Mr. Geary.

Another sister, Mrs. Donald Lovett, was bridesmaid with Beatrice Slone.

Dean Slone was best man for his brother. They are the sons of Mr. and Mrs. Hosea Slone of Pikeville, Ky. Ushers were Gerald Clayton, John Wydoover and junior ushers

Gary Garrison, Lester Wood and Ricky Geary.

Dreama Slone was flower girl and Donald, Lovett, ring bearer.

Following a church parlors reception the couple left for the Smoky Mountains. They will reside in Ferndale.

Double Ring Nuptial Rite for Phillipses

Mr. and Mrs. Joe Lyle Phillips are honeymooning at Cedar Point, Ohio, following their recent vows and reception.

The couple was wed in a double ring ceremony at Peace Lutheran Church.

The former Faye Cook chose a gown of Venetian rose lace over white satin with seed pearl and white sequin trim. She wore a crown of lace and pearls securing a shoulder length veil of illusion.

Her bouquet was of white carnations and lilies of the valley.

Mrs. Jean Harrel was matron of honor for the daughter of Mrs. Theodore E. Foreman of Jones Street.

Bridesmaids were Claudia Beechum, Janet Collom and Gloria Berenzicki.

Andrew Omans was best man. Ushers were Steve Searle, Sgt. William Bryant USA and Robert Emory.

Parents of the bridegroom are Mr. and Mrs. James Phillips of Monroe Street.

A reception in the Dublin Community Center followed the rite. The couple will reside in Waterford Township.

NAACP Honors Brooke for Political Breakthrough

NEW YORK (AP) — Sen. Edward W. Brooke, R-Mass., has been named the 1967 winner of the Spingarn Medal by the National Association for the Advancement of Colored People. Brooke was cited for his 1966 political breakthrough when he became the first Negro to win popular election to the U.S. Senate.

Roy Wilkins, NAACP executive director, noted that Brooke won in a state where the Negro population is less than 3 per cent.

The annual award was instituted by the late J.E. Spingarn, president of the NAACP until his death in 1939, for distinguished achievement by an American of African descent.

THE SOLDIER Pfc. Tom Arenas takes time to play with the Vietnamese children. Arenas, whose wife, Pamela, lives at 800 Irwindale, has been with the 1st Infantry Division in Vietnam for five months. Arenas, whose parents, Mr. and Mrs. Manuel Maldonado, live at 314 Oakland, has been in the Army for a year.

Buildings Will Replace Tent Classrooms

CALIPATRIA, Calif. (AP) — The 325 boys and girls are going to get regular buildings after the flapping walls of Calipatria High School are coming down. After four months of study in wind-blown canvas tents, set up after a bond issue failed to pass, bond issue Tuesday by 576-164 by 27 votes of the needed two-thirds last Feb. 14. Since the state had declared the high school unsafe, school trustees moved the students to tent classrooms.

The students adapted to the tents very well, said School Supt. James Stevens. "It is part of their education to learn how to conduct themselves through periods of emergency when conditions are not of the best," Stevens said.

Stepson Loses Legal Fight for Mother's Estate

LANSING (UPI)—The Michigan Supreme Court yesterday turned down an appeal from a Kent County man who tried to stop part of his stepmother's estate from being turned over to the Salvation Army.

Robert J. Veneklasen had cited a 1957 state law which held that adopted children are considered much the same as natural children in legal matters.

Veneklasen's mother, who died in 1963, was the recipient of a trust fund from her uncle, who died in 1925. Under terms of the trust, the money was to have gone to the Evangeline Home and Hospital of the Salvation Army, if the woman had no children of her own.

The court ruled in favor of the Salvation Army, saying the uncle's will, made out back in 1925, would not be altered by an action of the Legislature in 1957.

First Negro Gets Post at Prison

LANSING (UPI) — Robert Brown Jr. of Detroit yesterday was named assistant deputy warden of the Marquette Branch Prison and House of Correction.

Brown, 31, is the first Negro to be employed at the Marquette institution and the first Negro to become a deputy warden. A graduate of Michigan State University, he is now serving as a parole officer in Detroit.

CONSUMERS POWER COMPANY

GREAT FOOD BUYS FOR THE OUTDOOR CHEF

MODEL 300-G

GAS YARD LIGHT

Phony-Bill Count Jails Secret Service Man

NEW YORK (AP) — For the first time in the 102-year history of the Secret Service, one of its agents stands accused of trying to sell counterfeit bills. The man was trailed and the money service was created to fight counterfeiting.

The suspect's Brooklyn neighbor, also accused of conspiring to sell \$23,000 worth of phony \$20 bills, is a federal Narcotics Bureau agent.

Secret Service agents trailed the two through Greenwich Village streets Monday night and arrested them after they met a third man, it was disclosed each Tuesday.

U.S. Atty. Robert M. Morgenthau said a government source said

Ballard's arrest on 'conspiracy' charges was the first of its kind for the service and he could not recall whether a narcotics agent had ever been convicted of a serious crime.

Sprattley, 34, also married and the father of two, had worked for the Federal Department of Correction and became a narcotics agent four years ago.

Romney Accepts Plan to End Guard Division

LANSING (UPI) — Gov. George Romney has accepted the Defense Department's plan to abolish the 46th Infantry Division of the Michigan National Guard and reorganize it into several nonaligned combat-ready units.

However, one brigade of 3,200 men would continue to be part of the 38th Infantry Division of the Indiana National Guard.

The Michigan brigade is part of a 150,000 man Selected Reserve Force created late in 1965 to act as a backup force for the regular Army.

It appears to us these units will be more able to meet the demands of the state," Romney said.

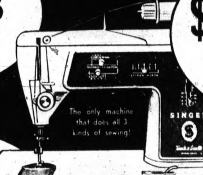

He said the state would gain an engineering unit in the Lower Peninsula and additional artillery units.

Romney reviewed the reorganization plan with state's two top military chiefs, Maj. Gen. Clarence Schnipke, adjutant general of Michigan, and Maj. Gen. Cecil Simmons, commanding general of the 46th Division.

The Pentagon last week ordered 15 state guard divisions abolished and reorganized into combat-ready units.

U.S. May Avoid Mideast Involvement

By JOHN M. HIGHTOWER
AP Special Correspondent
WASHINGTON — The U.N. Security Council call for a cease-fire in the Middle East strengthened the possibility to day that the United States can avoid military involvement in the Arab-Israeli war.

It also contributes to prospects the war may be contained in that area and that a U.S.-Soviet military confrontation there will not develop.

Overcoming these two perils has appeared a major objective of President Johnson since the war broke out unexpectedly Monday morning. This objective lay behind the statement of a neutral policy first made at the State Department a few hours after the fighting started. It also guided later efforts to back away from the neutrality idea without actually abandoning it.

There has been concern here that if the conflict continued too

long or if it began to turn out badly for Israel, the pressures on the United States to give Israel some kind of military assistance would become very great.

Egyptian President Gamal Abdel Nasser has talked about destroying Israel completely. It has never been suggested that Israel could destroy the Arab states, however, and Israel has said it seeks to annex no new territory.

The debate over neutrality which arose here Monday obscured rather than clarified U.S. policy toward the conflict. In part this seems to have resulted from official explanations at a time when officials wished to avoid getting pinned down to any course of action other than President Johnson's chosen way through the United Nations.

The simplest explanation of the difference is that neutrality is the proper term used in international law to define the position of a country which chooses not to take part in a war between two other countries. The national law to define the position of a country which chooses not to take part in a war between two other countries. The national law to define the position of a country which chooses not to take part in a war between two other countries.

to lawyers, has substantially the same meaning.

U.S. officials worried however, that overtones of the idea of neutrality would suggest the United States did not care whether Israel or the Arab states won the conflict, which in turn implied that the United States would accept defeat for Israel if the war came to that.

U.S. officials had been saying privately for days the United States did not intend to see Israel destroyed, though they did not seem to fear that this was threatened. Israel's military capability has always been highly rated in Washington. The Arab governments evidently did not consider the United States impartial on the issues for they began breaking relations with Washington Tuesday.

Irked by Crisis Moves

Percy Hits State Dept.

WASHINGTON (AP) — Sen. Charles H. Percy urged congressional review of State Department planning amid increasing GOP grumbling over aspects of administration actions in the Middle East crisis.

In a telegram to Johnson, Romney pledged his support to U.S. efforts to end Middle East hostilities, which he called tragic.

In Sacramento, Calif., GOP Gov. Ronald Reagan said the "real villain" of the Middle East crisis is the Soviet Union, which he said is "probably as anti-semitic" as Nazi Germany.

The first comment from a State Department spokesman that the United States was following a "neutral" policy reportedly brought protests to the administration from people who feared for the safety and support of Israel. Then the White House refused either to support,

Percy, considered a possibility for the Republican presidential nomination next year, said in an interview the government's handling of the Arab-Israeli clash "left grave questions in my mind about the quality of our advance planning."

Picturing himself as a non-neutral supporter of Israel, the Illinois senator said despite many advance signs of trouble in the Middle East, the State Department was still doing research this week on whether the United States had a commitment to Israel.

Senate Republican leader Everett M. Dirksen noted grumbling in GOP ranks.

LACK OF 'HARD FACTS'

He told newsmen Republican senators complained at a meeting Tuesday about a lack of "hard facts" in administration briefings, adding: "I think they expected a little larger body of facts."

Another potential contender for the GOP presidential nod in 1968, Michigan Gov. George Romney, urged President Johnson to "insist that conditions in the Middle East insure the true preservation of the national integrity and independence of Israel."

Israel Captures Old Jerusalem, Other Jordan Towns

JERUSALEM (AP) — Israel captured the old walled city of Jerusalem today and hit Jordan with another body blow by seizing the commanding town of Nablus 30 miles to the north.

The Israeli army also reported the capture of two more towns in the Jordanian bulge into Israel, Ramallah and Tullas.

Amman radio said Israeli forces to the south were trying to breach the Jordanian border at several points along the west bank of the Jordan River and heavy fighting was under way.

Occupation of the sector of Jerusalem held by the Jordanians since the 1948 war gave the Jews access once more to their most venerated shrine, the Wailing Wall of the Old Temple. Such access had been promised them in the 1949 armistice agreement, but the Jordanians refused to honor the promise.

JEWS ENTERED
Soon after the Israeli occupation, Jews from the Israeli sector of Jerusalem began streaming through the gates of the Arab quarter long denied them. As the troops approached the Wailing Wall the officer commanding the military operation

sent a walkie-talkie message to Shlomo Goren, chief rabbi of the armed forces, to come blow the shofar, the traditional ram's horn blown at special religious or historic events.

The final battle for Jerusalem began at 5 a.m. after three hours of almost complete silence. Mortars opened up a chorus of explosions, and the air was filled with the rattle of heavy armored columns and the chatter of small-arms fire.

BOMBING
Israeli tanks moved forward on the historic roads to Jericho, but the Arabs still held the eastern end of the mountain at the old Augusta Victoria Hospital when the action began today.

Israeli planes wheeled overhead. Bombs fell weak and rather hesitant antiaircraft fire could be heard from the south.

Part of Mt. Scopus was captured Tuesday by Israeli forces, but the Arabs still held the eastern end of the mountain at the old Augusta Victoria Hospital when the action began today.

Mt. Scopus, a high hump of land dotted with olive trees, rises to the north and east of Jerusalem. Under the 1949 ar-

mistice, the Jews were permitted to station a small police force there at the old Hebrew University and Hadassah Hospital.

The Jordanians honored this part of the agreement and for nearly 18 years permitted the

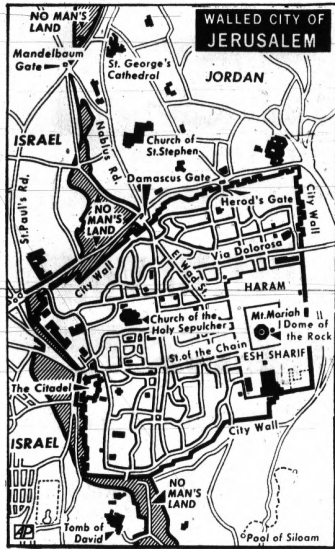

United Nations to convey Israeli police to and from the mountain. The police garrison was cut off for two days until it was relieved Tuesday.

BATTERIES SILENCED
Shortly before noon, the civil

defense command told the Israeli population: "It is now permitted to leave shelters and open shops in Jerusalem." Seizure of the Arab sector silenced Jordanian batteries, which had rained shells into the Israeli sector since Monday.

The fall of Nablus was announced almost at the same time. Its seizure followed hard on successful thrusts at Kalkila and Jenin in that same area of northwest Jordan east of the Israeli coastline and northeast of Tel Aviv.

The drive from the north in the general direction of Jerusalem — was through the "hatched" part of Palestine which Jordan seized in the 1948 war. Nablus is about 70 miles west and slightly north of King Hussein's capital, Amman.

AP Wirephoto

ISRAELIS IN JERUSALEM — This map locates the Mandelbaum Gate in beleaguered Jerusalem through which Israeli soldiers moved into the Jordanian section of the city after a fierce battle with Jordan's troops. Sporadic sniping was reported in the city as the cleanup operation by the Israelis proceeded.

Nuptial Trek Finds War in Jerusalem

AMMAN, Jordan (AP) — A young Mexican couple came to Jerusalem to fulfill their vow to marry in the Holy City. Instead they almost got killed by the bullets and bombs of the Arab-Israeli war.

BURNING TRUCKS
"We were only a few miles from Jerusalem when we were forced to stop when we came across a line of burning military trucks in the road," Guzman said. "Before we realized what was happening a soldier shouted to us to take cover as Israeli planes were still attacking the convoys."

"We jumped from our car and ran into the fields for cover as jet planes roared low overhead, splattering the roadway with bullets. Some of the bullets fell a few feet from us."

The couple spent the night in Jericho after driving for 30 miles without lights, then made their way to Amman early the next morning.

OSWALD QUINN, a white-haired American tourist from Sacramento, Calif., traveled to Amman in the car with the Mexican couple.

PINNED TO WALL
"You should have seen it in Jerusalem," Quinn said. "I was pinned standing against the wall near the hotel while machine gun bullets kicked up the dust less than four feet from me."

Quinn said he was standing next to Yates when the NBC television producer was shot.

"I went to Jerusalem because my tourist agent told me it would be all right," said Quinn.

Highland Tips
RCA's Color Price Stand
DETROIT — Highland Appliance Co. has broken the color TV market here wide open with the offering of 1,200 RCA consoles at prices which are in some cases lower than franchised RCA dealers pay for them.
In a full-page ad in the Detroit Free Press, Highland pictured 14 RCA models and said: "Two RCA distributors unloaded huge color TV overstock to Highland at prices far below distributors' cost. Over 1,200 sets! We pass the savings along to you!"
RETAILERS here are fuming about this price break, and are not blaming Highland so much as they are the distributors. One has a list price to customers of \$589.95, and is offered by Highland to customers at \$457.
The price break was described as the biggest one in color TV here so far.
It was noted that the buying group to which Highland belongs might have bought up the console stock of two out-of-town dealers. Up to now, there has been no price break in RCA color TV. Consolates are \$497.

Dairy Foods Make Eating Nicer

By JANET ODELL
Pontiac Press Food Editor

June is always celebrated as Dairy Month. It's the time when the industry places special emphasis on all milk products, the foods we take for granted most of the time.

With the picnic season already on its way, you'll be making potato salad frequently. Unless your family is adamant and refuses to eat any but the old familiar kind, try this interesting new recipe. It has no mayonnaise or salad dressing in it.

Gourmet Potato Salad

- 1 cup (½ pint) creamed cottage cheese
- 1 cup (½ pint) dairy sour cream
- 2 teaspoons prepared mustard
- 2 teaspoons seasoned salt
- 4 cups sliced cooked potatoes
- 1 cup sliced green onions
- 1 cup sliced celery
- ½ cup diced green pepper
- 3 hard-cooked eggs, coarsely chopped
- 1 package (1 oz.) blue cheese, crumbled

Combine cottage cheese, sour cream, mustard and salt. Pour over potatoes, onion, celery, green pepper and eggs; mix carefully. Chill several hours to blend flavors. Fold in blue cheese just before serving. Makes 6 to 8 servings.

In spite of the decided increase in the use of corn oil and other margerines, there still is no real substitute for butter. It imparts a flavor to food that is not possible without its use.

For a tempting luncheon or supper dish, prepare a mixture of crab meat, hard-cooked eggs and cashew nuts. Butter is used to saute the onion.

Crab and Egg Bake

- 2 tablespoons butter
- ¼ cup chopped green onion
- 2 tablespoons regular all-purpose flour
- 1 teaspoon salt
- Dash of pepper
- 1 cup milk
- ½ cup dairy sour cream at room temperature

Flatten Dough With Hand for Crisp Cookies

Here's one of the thinnest and crispest oatmeal cookies you can bake!

Oatmeal Wafers

- ½ cup butter or margarine, at room temperature
- ¼ cup firmly packed light brown sugar
- ¼ teaspoon salt
- 1 teaspoon vanilla
- 1 teaspoon undiluted evaporated milk
- 1½ cups quick-cooking rolled oats

In a medium bowl, thoroughly cream the butter, sugar, salt and vanilla. Stir in the evaporated milk, then the oats, mixing well.

Drop by level teaspoons, about 3 inches apart, onto ungreased cookie sheets. (You can bake 12 cookies on one large sheet.) With palm of hand, flatten into thin (about ¼-inch) rounds.

Bake in a moderate (350 degrees) oven until cookies spread and brown — 8 to 10 minutes. Allow to cool on pan for about a minute or just until firm enough to lift, with a wide spatula, to wire rack; work quickly. Makes about 4 dozen.

Fold Figs into Batter

An elegant dessert can be baked ahead of time, and topped with ice cream at the last minute.

Fig Crunch Torte

- 1 cup graham cracker crumbs
- ½ cup finely chopped dried figs
- ½ cup chopped walnuts
- 4 egg whites
- 1 teaspoon vanilla
- 1 cup sugar
- vanilla ice cream

Combine graham cracker crumbs with figs and walnuts. Beat egg whites with vanilla until soft peaks form; gradually add sugar, beating until very stiff.

Fold crumb mixture into beaten egg whites. Spread in greased 9-inch pie pan. Bake at 350 degrees for about 30 minutes. Cool; cut into wedges and top with ice cream. Makes 6 to 8 servings.

- 1 package (6 oz.) frozen crab meat, thawed, drained and broken into small pieces
- 3 hard-cooked eggs, finely chopped
- ¼ cup soft bread crumbs
- ¼ cup coarsely chopped cashews
- 1 teaspoon lime juice
- 1 package (9 oz.) frozen asparagus spears, cooked and drained
- ¼ cup soft bread crumbs
- 2 tablespoons butter, melted
- 1 hard-cooked egg, sliced
- Sliced cherry tomatoes

In a 2-quart saucepan melt butter; saute green onions a few minutes. Stir in flour, salt and pepper. Remove from heat; gradually stir in milk.

Cook over medium heat, stirring constantly, until thickened. Cook 2 additional minutes. Stir in sour cream, crab meat, eggs, ¼ cup bread crumbs, cashews and lime juice.

Divide asparagus into 4 individual buttered ramekins; top with crab mixture. Combine ¼

cup bread crumbs and melted butter; divide onto centers of crab mixture. Bake in a preheated 350 degree oven 15-20 minutes or until warmed through. Garnish with egg slices and cherry tomatoes. Makes 4 servings.

Butter also contributes its unique flavor to cake. Convenient as it is to use a box mix, it is also satisfying to make a cake with the raw ingredients.

This cake has a mild spice flavor and a delectable orange butter frosting.

Strawberry-Orange Butter Cake

- ½ cup (1 stick) butter
- 1½ cups sugar
- 2 eggs
- ¼ teaspoon almond extract
- 2½ cups sifted cake flour
- 2½ teaspoons baking powder
- ¼ teaspoon cinnamon
- ¼ teaspoon salt
- ¼ teaspoon nutmeg
- ¼ teaspoon ginger
- 1 cup milk

Butter bottoms of two 9-inch cake pans and dust with flour;

set aside. In a mixing bowl, cream butter; gradually add sugar and beat until light and fluffy.

Beat in eggs, one at a time. Add almond extract.

Sift together flour, baking powder, cinnamon, salt, nutmeg and ginger. Add to creamed mixture alternately with milk, beginning and ending with dry ingredients.

Divide evenly into pans. Bake in a preheated 350-degree oven 25-30 minutes.

Cool in pans on wire racks 10 minutes. Turn onto racks and cool completely. Frost and fill with Orange Sauce Frosting.

Orange Sauce Frosting

- 6 tablespoons sugar
- 6 tablespoons regular all-purpose flour
- ¼ teaspoon salt

- 1½ cups fresh orange juice
- 1 egg, slightly beaten
- 1 teaspoon grated orange rind
- ¾ cup (1½ sticks) butter
- ¼ cup confectioners sugar
- ¼ teaspoon almond extract
- 1 pint sweetened sliced fresh strawberries, drained

In a 1-quart saucepan combine sugar, flour and salt; gradually stir in orange juice. Cook over medium heat, stirring constantly, until thickened. Cook 2 additional minutes.

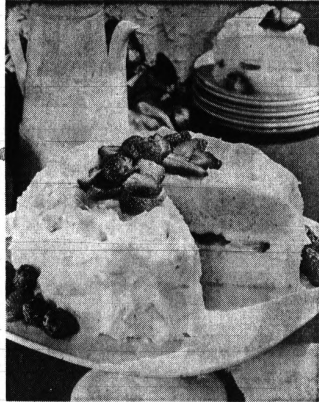

Blend small amount of hot mixture into egg; return all to saucepan. Cook, stirring constantly, 1 additional minute. (Do not boil.) Remove from heat; add orange rind.

Press a circle of waxed paper over surface of filling to prevent drying as it cools. Chill.

In a small mixing bowl cream

MARKET BASKET

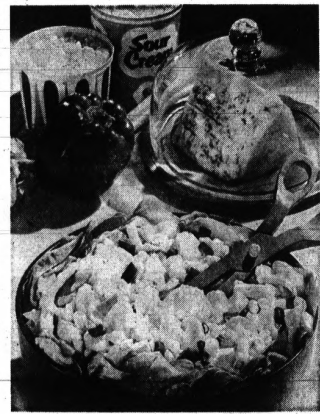

butter; gradually add confectioners sugar and beat until light and fluffy. Add almond extract. ½ cup frosting on bottom of second cake. Spread remaining frosting on top and sides of cake. Garnish with cake layer on plate; spread with remaining sweetened strawberry sauce on first layer.

STRAWBERRY-ORANGE BUTTER CAKE

CRAB AND EGG BAKE

GOURMET POTATO SALAD

Range Brand by Hormel. Tastes like you cooked it over an open fire no matter where you cook it. The men at your house will love those thick sweet slices and that cracklin' campfire taste. Get some. And fix up a Range Brand breakfast for your man.

Combine graham cracker crumbs with figs and walnuts. Beat egg whites with vanilla until soft peaks form; gradually add sugar, beating until very stiff.

Fold crumb mixture into beaten egg whites. Spread in greased 9-inch pie pan. Bake at 350 degrees for about 30 minutes. Cool; cut into wedges and top with ice cream. Makes 6 to 8 servings.

STORE COUPON

we care

how many ribs in a pork loin rib portion?

We think there should be seven.

Not five or six.

With A&P's seven-rib portion, you get more of the select meat.

How can you tell how many ribs you're getting?

It's easy.

With your fingers, you can feel and count the rib bones in the package.

Next time you're buying a Pork Loin Rib Portion, check it.

If you can't count one, two, three, four, five, six, seven ribs, you're missing select meat.

You're not getting the best value for your meat dollar.

Seven-Rib Pork Loin Portions are just one example of the full value A&P meats offer.

We think that caring like this about fair portions has helped make A&P

America's largest meat retailer.

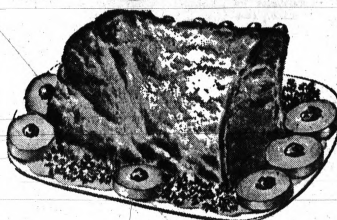

When you think about it, shouldn't A&P be your store?

KRAUT RELISH—Kraut Round Dogs provide an enticing, quickly prepared treat for a weekend meal or entertaining. Juicy curled

frankfurters and tart, crunchy robust, kraut combine to form a sandwich that is sure to bring everyone back for seconds.

Everyone Is Pleased at a Buffet

When it's time to put on the apron for outdoor barbecuing, likely as not it's Dad that does it. But usually behind the scenes are the more time-consuming preparations which have been done by the "better," or lesser, as the case may be, "half!"

Why not have a Kraut Round Dog Party? It's the kind of entertaining that will please everyone from those hungry teenagers to Mom.

Round Dogs are frankfurters that are slit at half-inch intervals and curl into circles when grilled. They are served on round buns or bread, topped with crisp, piquant kraut and anything else your heart desires.

Youngsters are fascinated watching the frankfurters curl slowly on the grill as they heat and the sandwiches are wonderfully hearty and satisfying.

Mom will appreciate serving them, for guests can make their own concoctions from an assortment set out buffet-style.

Load up the table with several kinds of rolls and breads, zesty kraut relish, a variety of cheeses, fresh sliced tomatoes, onions, cucumbers and green pepper, olives and pickles, mustard, catsup and mayonnaise and let everyone dig in.

There's sure to be a wide variety of interesting creations as guests borrow ideas from one another. Best of all, each person gets exactly what he wants.

Kraut Relish and Round Dog Buffet

4 cups drained sauerkraut
½ cup dairy sour cream

¼ cup chopped parsley
3 tablespoons diced canned pimiento
2 tablespoons chopped scallions
½ teaspoon dill weed
¼ teaspoon ground celery seed
Dash pepper

8 frankfurters
Swiss and Cheddar cheese, tomato and sweet onion slices, cucumber spears, pickles and olives
Assorted bread and rolls
Butter, catsup and mustard
Combine kraut, sour cream, parsley, pimiento, scallion and seasonings; toss until mixed well. Cover and chill.
Make 10 slits in each frank-

further taking care not to cut all the way through. Grill on both sides. Serve with kraut relish and remaining ingredients buffet-style. Makes 8 sandwiches.

Roll Pear Slices Inside Pancakes

Try "pearadise" pancakes for breakfast. Prepare pancakes according to directions on pancake mix package. Sprinkle hot pancakes with brown sugar.

Place fresh or canned pear slices across the center of each pancake; roll up. Serve immediately.

Skillet Dish Is Quick

Curry and Pears for Fowl

Springtime, summertime, anytime is a good time to serve and enjoy chicken. Here is a distinctive, new dish combining curried chicken with canned Bartlett pears.

And, instead of browning the chicken in fat, it is browned in a mixture of honey and kitchen bouquet, the bottled browning sauce.

A picture-pretty dish, Curried Chicken Bartlett is delicious served with fluffy rice and a green vegetable such as buttered fresh asparagus spears or whole green beans.

Curried Chicken Bartlett
1 tablespoon honey
2 teaspoons kitchen bouquet

CURRIED CHICKEN BARTLETT—Another good way to prepare chicken is with honey and curry and canned pears. You need only about an hour to get this tasty dish cooked. Garnish it with maraschino cherries and toasted coconut.

1968 Pillsbury Bake-Off to Be Held in Dallas

The 19th Pillsbury Bake-Off, with new rules and new categories, will be held Feb. 19-20 in the Apparel Mart at Dallas. The Pillsbury Company and the General Electric Company announced today.

For the first time there will be separate categories for recipes using a convenient mix or a refrigerated foods product from Pillsbury. In neither category will it be necessary to use flour in the recipe. The flour category will continue.

The \$25,000 grand prize will go to the contestant whose recipe has the strongest popular appeal and excellence of eating quality. Judging emphasis will be on flavor, taste, appearance and creativity.

In addition to the grand prize, Home makers interested in the best recipe in each of the three categories will win \$5,000, Lady Bake-Off Recipes cookbook at newsstands after Sept. 1.

In addition, there will be awards of \$2,000 to the best recipe from a Junior contestant and the best Bright Idea award. Entry blanks will be available in September in refrigerated turnovers and in five pound and more sacks of Pillsbury flour, in grocery stores, or by mail from "Bake-Off," Box 1492, Dept. D, Minneapolis, Minn. 55460.

The entry period closes Oct. 31, 1967. One hundred finalists, including juniors, ages 17 and under, will be notified in early January that they have won all-expense trips to Dallas, and will receive General Electric P-7 Oven Ranges and \$100 in cash.

Home makers interested in the best recipe in each of the three categories will win \$5,000, Bake-Off will find 100 Busy

Non-wilting! so what?

ROMAN STARCH gives a non-wilting finish that sheds dirt. Clothes stay clean longer. Ironing's easier, too.

FIRST COURSE—If you're the first hostess for a progressive dinner, consider serving a variety of hot and cold soups with pretzels. Let your imagination take over and use all kinds of containers as soup dishes.

Grate Carrots for Coffeecake

Follow directions and you'll have a fine dessert.

Carrot Coffeecake

1½ cups sifted regular flour
2 teaspoons baking powder
½ teaspoon salt
1 teaspoon cinnamon
½ cup butter or margarine
1 cup sugar
2 large eggs
1 cup packed down medium-coarse grated raw pared carrots (2 very large)
½ cup raisins, rinsed in hot water and drained
½ cup chopped (medium fine) walnuts

On wax paper sift together the flour, baking powder, salt and cinnamon. Cream butter and sugar; thoroughly beat in eggs, one at a time.

Gradually stir in sifted ingredients to blend; add carrots, raisins and walnuts and stir enough to distribute evenly.

Turn into a 9 by 5 by 3 inch loaf pan (bottom greased, then lined with buttered wax paper). Bake in a 350-degree oven for 1 hour, or until cake tester inserted in center comes out clean. Turn out on wire rack; turn right side up; cool completely.

Wrap tightly in saran and refrigerate overnight. Slice after chilling; wrap slices (piled one on top of the other) and reheat briefly in moderate or hot oven. Serve at once.

Jelly's Saved

Mold does not penetrate below the surface on jelly if removed as soon as it is noticed. No harm is done by it.

HAM SANDWICHES WITH GRAVY—In saucepan, cook ¼ cup chopped onion, two tablespoons chopped green pepper and ½ teaspoon curry powder in two tablespoons butter or margarine until vegetables are tender. Add 1 can (10½ oz.) mushroom gravy; heat. Meanwhile, spread four hamburger bun halves with chopped chutney; top each with a slice of cooked ham. Place remaining bun halves on ham. Pour gravy over top; garnish with sliced hard-cooked egg. Makes four sandwiches.

Bacon Is Good for Any Meal

Bacon need not be limited to breakfast. Many are the possibilities for using this delectable meat at other meals of the day, too. Bacon in casseroles, in sandwiches and in sauces over other foods are a few suggestions.

A bacon and vegetable platter can be colorful as well as good tasting. For example, there's baked bacon served with Mexican corn in cooked green pepper halves and buttered beets.

Because luncheon and supper dishes require larger quantities of bacon than does breakfast, bake rather than pan-fry the meat. Place separated bacon slices on a rack and bake in a 400 degree oven until brown and crisp, 10 to 15 minutes.

CARIOCA SAUCE—Swingin' and spicy that Cariocan heat... It's a South American specialty, this chocolately ice cream sauce.

WANT TO SELL LAWN MOWERS, POWER MOWERS, BOATS, ROLLER SKATES? -- USE A LOW COST PONTIAC PRESS CLASSIFIED AD. TO PLACE YOURS, CALL 332-8181.

Here's a Chocolate Sauce To Top Your Favorite Sundae

Will any of us ever outgrow our love for chocolate? Well, not as long as creations such as Carioca Sauce are quickly prepared and so delicious over creamy ice cream.

We think you'll like this chocolate sauce with the spicy touch. Brown sugar and chocolate companions find unusual and flavorful in rum extract and tangy sour cream.

As you might imagine, the results are both spicy and tangy, and ever so creamy and delightful. Just a little sophisticated in appeal is this fine chocolate sauce.

Generously spoon Carioca Sauce over vanilla ice cream for snacks or dessert. The convenience of ice cream and the keeping qualities of the sauce mean ready refreshment for the busy homemaker.

Carioca Sauce

½ cup firmly packed light brown sugar
¼ teaspoon salt
¼ cup milk
1 package (6-oz.) semi-sweet chocolate pieces
1 cup dairy sour cream (½ pint)
1½ teaspoons rum extract

Combine sugar, salt and milk in a heavy saucepan; cook and stir over low heat until sugar dissolves; do not boil. Stir in chocolate. Add sour cream and flavoring; blend until smooth. Serve hot or cold over ice cream.

Store, covered, in refrigerator. Makes 2 cups sauce.

Cereal Candy Is Minted Treat

Mini-flavored cereal candy is easy to make.

Heat six cups of puffed rice in preheated 350-degree oven about 10 minutes. Pour into large greased bowl.

Melt 5 cups of miniature marshmallows and ¼ cup of butter over low heat. Add ½ teaspoon of peppermint extract and 6 drops of red food coloring. Fold in 1 cup of crushed peppermint stick candy.

Four over cereal; stir to coat evenly. Firmly press into greased 11 by 7-inch baking pan. Let set about 4 hours. Makes 24 bars.

A marshmallow rolled in cinnamon before being floated on top of a cup of hot chocolate gives a new taste to the chocolate.

By OSWALD AND JAMES JACOBY

One of the best ways to get a good score is to bid to two or three and then make your contract. This procedure is not recommended as a steady diet. You don't make enough of these un-sound contracts to pay for the gas you get set.

Armin Speer of East Orange, N. J., had a minimum or possibly sub-minimum no-trump opening. His partner carried him to six spades with good distribution but only 11 high card points.

Armin won the club opening and studied dummy unhappy. He noted that there

was no way for him to make his contract unless West held the ace of hearts and that he also had to locate the queen of diamonds.

He took his medicine quickly and led the nine of hearts at trick two. West ducked and dummy's king held the trick. East won the heart return with the jack and led a trump. Armin won in his own hand, led a club and ruffed in dummy, ruffed a heart, ruffed his nine of clubs in hopes that the queen might fall.

He ruffed dummy's last heart in his own hand with the ace and noted that West dropped a diamond. Led his low spade to dummy. Then he played dummy's last trump. East had to follow and Armin paused to count the hand. West had shown up with only one trump and three hearts.

Therefore he had started with either five clubs and four diamonds or four clubs and five diamonds. In either even Armin decided to hold

Q—The bidding has been:
West North East South
1 4 Pass 2 4
Pass 3 N.T. Pass 3 4
Pass 3 N.T. Pass 3 4
You, South, hold:
A Q 10 5 4 K 6 2 4 A Q 8 7
What do you do?
A—Pass. Your partner has shown no interest in a slam and great interest in no-trump. He must be able to take care of both red suits.

TODAY'S QUESTION
Instead of bidding three no-trump over your three clubs your partner has bid three hearts. What do you do now?
Answer Tomorrow

Astrological Forecast

By SYDNEY OMAR

For Thursday

"The man controls his destiny. Astrology points the way." —ARIES (Mar. 21 - Apr. 19): New Moon emphasis points to success through utilization of original ideas. Don't be upset by gossip. Stand your ground. Leo plays well to act quickly during crisis.

TAURUS (Apr. 20 - May 20): You can now go forward FINANCIALLY. Plans for success enhanced if you are versatile. Check sources. Don't be tied down to only one method. Do satisfy

GEMINI (May 21 - June 20): New Moon in your sign thrusts opportunity. Inspiration may make on people. New persons, situations, ideas due to your use of the powers of details. CHECK FINE PRINT.

CANCER (June 21 - July 21): One who aided in past could make reappearance. Be thorough and patient... reward follows. Utilize the sense of timing.

LEO (July 22 - Aug. 22): Emphasis on ability to convince others. Your charm, showmanship in spotlight. Realize some close to your require. Increase device. Provide it and harmony is restored.

VIRGO (Aug. 23 - Sept. 22): Be persistent. Don't make superficial decisions. Key is to analyze. Find reasons why. Those in authority observe and can be favorably impressed. Act accordingly.

LIBRA (Sept. 23 - Oct. 22): New Moon emphasis on personal philosophy. You make decisions of paramount importance. Consider how to improve travel arrangements. Display confidence and confidence. Nothing halfway today. Give 70%.

SCORPIO (Oct. 23 - Nov. 21): Be moderate. Be moderate. Caution over costs could create uneasy atmosphere. Display confidence and confidence. Nothing halfway today. Give 70%.

SAGITTARIUS (Nov. 22 - Dec. 21): Be action oriented. Be action oriented. Whatever you do... don't do it in ordinary manner. Electric excitement works in your favor. Assert yourself.

CAPRICORN (Dec. 22 - Jan. 19): Keep promises to self concerning diet, exercise, general health, work. New Moon position stresses basic considerations. Focus on family, friends, and job interests.

AQUARIUS (Jan. 20 - Feb. 18): You've been asking for a refreshing change demanding greater freedom. You possibly wishing for romance. New Moon touches that part of your character which is yearning for change.

PISCES (Feb. 19 - Mar. 20): Lunar position suggests security. Consideration of projects. Find out values. Be familiar with possessions and how to best utilize them. CONCENTRATE.

Tibetan Refugees Long for the Day They Can Return

DARJEELING, India (AP) — Eight years after fleeing their homeland in the wake of an unsuccessful uprising against Peking, tens of thousands of Tibetan refugees still long for the day when they can trek back across the steep Himalayan passes.

Even the sick and dying want to go back, says the commandant of a refugee camp established for the aged and infirm in neighboring Sikkim. "This hope of returning is really the only thing keeping them alive."

The camp's 300 residents, many of them too old and too sick to walk, spend most of their time spinning Buddhist prayer wheels in front of their one-room homes.

Inside nearly every home is a small image of Lord Buddha and a picture of the Dalai Lama, the former Tibetan godking who also fled to India in 1959 and now lives in Dharamsala, 200 miles north of New Delhi.

NO LIMITS

The desire to go back to Tibet is not limited to the aged.

Standing on a hillside in Darjeeling, the home of 3,000 refugees and the headquarters for many relief activities, 16-year-old Tashi Norbu pointed north toward a snow-capped Himalayan peak. "My homeland is just on the back side of the mountain. Someday I intend to return to it," he said.

In many ways, Tashi is a typical refugee of the younger generation.

As a student at a Tibetan school here, he is busy preparing for a new life in a new country, studying mathematics, science, history and geography, plus Tibetan, English and Hindi.

STILL HOPEFUL

Yet he has not given up hope of returning to Tibet.

Early this year a wave of optimism swept the refugee settlements as news reports arrived of clashes in Tibet between sup-

porters and opponents of Mao Tse-tung.

"But now we feel there is no basis for the refugees' hopes to rise," said Lodi Gyalsen, editor of the Tibetan Freedom Press, a daily paper published in Darjeeling and distributed to refugees throughout India.

"The fighting was just a pow-

er struggle within the army and didn't involve the Tibetans themselves."

There are an estimated 42,000 refugees living in India, 5,500 in Sikkim and 3,000 in Bhutan. Nearly all arrived before 1962, when the borders with Tibet were sealed as a security precaution.

The refugee community has had an annual birth rate of more than 4 per cent.

"The Tibetans feel they are in a minority here and with the old people dying they fear that unless the women go on producing it may be difficult to maintain their numbers," says K. S. Gup-

ta, secretary general of the Indian Central Relief Committee, in his New Delhi office.

This private organization channels aid from charity groups around the world. Since it was founded in 1959, the committee has disbursed \$700,000 in cash and \$2.8 million in gifts. One of the largest contributors

has been an American committee, headed by Lowell Thomas.

REFUGEE FARMS

Most of the money and gifts, such as medical supplies, have been used to establish agricultural settlements where the refugees farm as they did in Tibet. Each settlement also has a han-

draft training center that enables the older refugees to teach their children carpet and basket weaving, knitting, painting, tailoring and carpentry.

Despite closing of the border, about 10 refugees a month still manage to escape from the Chinese, bringing stories of oppression and persecution.

Sonic Boom Study Is Cited

By Science Service

PHILADELPHIA — "It is improbable that even slight damage should occur" to houses and other buildings due to the supersonic transport, as long as its sonic booms have overpressures of less than three pounds per square foot, according to the man who was technical director of the National Sonic Boom Programs in White Sands, N. M., and Oklahoma City.

Dr. John H. Wiggins Jr. reports his analysis of the two test series, in which 2,707 booms were produced in 1964 and 1965, in the June issue of Materials Research and Standards.

"This does not imply that claims won't be made," however, he says, simply because people are much more sensitive to booms than are structures.

"That which is easily noticeable to persons is about 75 times less than the damage criterion," Dr. Wiggins reports.

Though most of the test runs were made by F-104 jets that are much smaller than the coming SST, Dr. Wiggins says, "larger aircraft should have no effect on these results, since the F-104 loaded the buildings to a maximum."

There was some evidence from the tests, however, that cracking from normal shrinkage processes might be accelerated by the booms, he says.

Armenian Christians reserve Christmas Day completely for religious observance and exchange of gifts on New Year's Day.

WAR VICTIM IN JERUSALEM — One of 500 Israelis wounded in the Arab-Israeli conflict in Jerusalem is helped into a first aid station in the Israeli section of the city. Israel reported today that it had captured Old Jerusalem from the Jordanians, and a few hours later Jordan announced it was ready to negotiate a cease-fire.

Tax Bill Ready for Vote; Leaders Ask Romney Aid

LANSING (AP) — With their two-punch tax program in position for a final vote, House Republican leaders have enlisted Gov. George Romney's aid in their search for votes to pass it.

One reluctant Republican emerged from a 25-minute session in Romney's office yesterday and said the governor had suggested Republicans might repay his support for the fiscal package with

votes for his views on court reorganization.

That GOP member, Rep. Donald Holbrook of Clare, said he still didn't intend to vote for the tax program. House Republicans moved the tax package yesterday into position for a final vote.

Speaker Robert Waldron, playing by ear and carefully counting his votes, said he hoped for a showdown this week on the Republican-drafted package and its controversial state income tax.

He said he had "over 50" of the 55 votes needed to pass the bills. He declined to comment on whether he thought any Democrats would favor it.

'NO THREATS' MADE

Holbrook said Romney was "very congenial and courteous" and made no threats while asking him to vote for the new fiscal program.

"He did mention," Holbrook said, "that since I am chairman of the House Judiciary Committee and consequently quite concerned about the subject of court reorganization, I might be in a better position to have members of my party go along with my position in that matter if I went along with the majority of my caucus on the tax program."

Holbrook said he replied that he doubted that was true, that the House GOP tax package still contains "certain basic inequities," and that "at the present time" he couldn't vote for it.

Republican Wins Key House Race

MOUNT CLEMENS (AP) — For the second time in two weeks, a Republican has swept his way to a seat in the Michigan House, riding the crest of Gov. George Romney's popularity.

David Serotkin yesterday swamped Democrat Victor Steeh, by an unofficial 5,879 to 4,635 votes in their race to represent the state's 75th legislative district at Mount Clemens.

The victory gave Republicans a 56-54 margin in the House, considerably enhancing Romney's chances of pushing through a controversial state tax reform program.

Romney's ability to swing fiscal reform through the Michigan Legislature is considered a prime factor in party selection of a presidential candidate next year.

A jubilant Serotkin hailed Romney as the architect of his success.

Soviets Seek U. N. Action to End Mideast War Fast

UNITED NATIONS, N.Y. (AP) — With Israeli forces continuing their march into Egypt, the Soviet Union today demanded an immediate meeting of the U.N. Security Council to consider further action to halt the Middle East war.

The council president, Ambassador Hans R. Tabor of Denmark, began consultations with other members to set the time of the meeting.

It was understood that Soviet Ambassador Nikolai T. Fedorenko asked that the 15-nation body meet within the hour.

The council was awaiting responses

from Israel and the Arab nations to its unanimous call for an immediate cease-fire issued yesterday after a sudden Soviet retreat on the issue.

Israel immediately gave conditional acceptance to the cease-fire, and U.N. Secretary General U Thant sent cables to all the belligerent governments seeking confirmation of the Israeli position and acceptance from the Arab nations.

The Arab response was complicated by the stiff conditions Israel set. But their replies were expected soon because the war news showed them losing, and Cairo and Amman broadcast announcements of the council's.

Diplomatic sources in Washington said Jordan had asked the United States to arrange a cease-fire.

The council called on the resolution by vote of all its 15 members last night.

The resolution called on "the governments concerned as a first step to take forthwith all measures for an immediate cease-fire and for cessation of all military activities in the area."

A deadlock in the council was broken after two days of private consultations resolution call for withdrawal of the when Soviet Ambassador Nikolai T. Fedorenko dropped his insistence that the

fighting forces to their prewar positions and agreed with U.S. Ambassador Arthur J. Goldberg that it should seek only a cease-fire.

Fedorenko, blaming Israel for the war, told the council the cease-fire resolution was the least it could do at present but was only a first step.

He said his government wants immediate withdrawal of "the forces of the aggressor" — meaning Israel — behind the 1949 armistice lines and "the council must take an immediate decision" for such withdrawal.

ISRAELI ADDRESSES SECURITY COUNCIL — Israeli Foreign Minister Abba Eban (left) addresses the United Nations Security Council last night which had just called for an immediate cease-fire in the Arab-Israeli war. Eban said

his country welcomed the appeal for cessation of fighting. At far right is U.S. Ambassador Arthur J. Goldberg, and seated between Eban and Goldberg is Lord Caradon, British minister of state for foreign affairs.

Commission OKs Betterment Fund

City commissioners last night approved a capital improvement fund budget calling for \$799,204 worth of expenditures during the 1967 fiscal year.

The fund is financed by a special 1/2-mill tax levy, which is expected to bring in \$821,000. Another \$150,000 was carried over from last year's fund as an unexpended balance.

Appropriations were authorized for

spending \$148,000 for construction of seven storm drains and \$120,000 for the city's share of paving local streets.

Another \$106,000 was allocated as final payment on the central fire station and \$22,000 was appropriated for completion of a pistol firing range in the basement of the public safety building.

Israel Breaks Gulf Blockade

By The Associated Press

Israeli forces, apparently running roughshod over the Egyptian Army, announced today the capture of the strategic Sharm el Sheikh heights overlooking the entrance to the Gulf of Aqaba — in effect breaking Gamal Abdel Nasser's blockade.

They reported also an advance to a point 20 miles from the Suez Canal.

On the northern front, Jordan sought a cease-fire as an echo to the Israelis' capture of Old Jerusalem.

The twin Israeli advances in Egypt placed their armies almost at the identical points they had won during the 1956 war with Egypt.

Egyptian occupation of Sharm el Sheikh was the flash point of this war, now in its third day. At the head of the Gulf of Aqaba lies Elath.

RACE 125 MILES

To reach Sharm el Sheikh, Israeli forces had to race more than 125 miles down the Sinai Peninsula.

Radio Cairo reported an announcement by the Egyptian High Command

that forces at Sharm el Sheikh "have rejoined our main forces in the defensive positions in Sinai."

An Israeli Army spokesman in Tel Aviv said an armored column along

Related Stories,

Egypt's coast had overrun Rumsa in an advance of more than 100 miles since the drive began two days ago.

Jordan: Ready for Cease-Fire

AMMAN, Jordan (AP) — Jordan, invaded by Israeli forces, announced today its readiness to negotiate a cease-fire.

An announcement said the decision had been made after consultations with the Arab joint command and was relayed to the United Nations.

Israel earlier announced capture of the Jordan-held Old City of Jerusalem and other military action within Jordan. Abba Eban, Israeli foreign minister, told the United Nations last night that Jordan was "the most intense of all belligerents" in the war.

Announcement of the agreement for a cease-fire came under strange circumstances. Just half an hour earlier, King Hussein had made a rousing speech to his people urging that they fight against Israel "until death."

It was said he was speaking "from somewhere on the front."

COUNTER OFFENSIVE

Amman Radio had announced that Jordanian forces had launched a general counteroffensive against Israeli troops along the whole length of the border west of the Biblical River Jordan.

The youthful ruler asked other Arab countries for material aid and money to continue the battle against Israel.

The king, 32, had said in his speech that the Jordanian forces "are waging a battle for all Arabs everywhere."

He then appealed to other Arab countries for help. He said "any material and moral aid for the young men and other Arabs continuing the fight in the front line and in the trenches will be deeply appreciated."

This not only put the Israelis 20 miles from the Suez Canal, but they also were in a position to move on Port Said, at the head of the canal 30 miles to the northwest.

Jordan's government in Amman reported the decision to seek a cease-fire with Israel was made after consultation with the Arab joint command, which Egypt heads. Syria and Egypt maintained they would continue the fight.

Cairo admitted today that its troops had fallen back before the Israeli drive toward the canal, but there was no indication of the extent of the withdrawal.

Israel's radio said two tank columns were racing toward the canal along two paved highways — the main road through the Sinai Desert and Egypt's coastal road farther north.

Hand-to-hand fighting between Israelis and Jordanians was reported in Bethlehem, Jesus' birthplace, 10 miles southwest of Jerusalem.

Good Drenching for Pontiac Area

The weatherman didn't forget Pontiac area residents when he brought showers to Michigan during the night.

Pontiac hasn't had a drenching rain since May 17 when three-tenths of an inch was recorded. About one-tenth of an inch followed on May 18.

Rainfall last night and early this morning measured eight-tenths of an inch in the downtown area.

The forecast for today, tonight and tomorrow is mostly cloudy, continued warm and humid with occasional showers or thundershowers.

Friday's outlook is more of the same — little change.

The low in downtown Pontiac prior to 8 a.m. was 66. The mercury stood near 73 at 1 p.m.

Report on Russians

Recent years appear to have mellowed the Russian people. Read these conclusions by Harold A. Fitzgerald, chairman of the board of The Pontiac Press, in his column on today's editorial page. Friday he will write his impressions of India as he saw it on a recent world tour.

Pontiac Press Photo

SAFER CROSSING SEEN — A new pedestrian overpass across East Wide Track at Whittemore is ready for use. Designed as a pilot project, it is the first of its type to be used

in the state. The \$26,000 bridge will connect the central business district with the area east of Wide Track and allow for safer crossings, city officials said.

Senate Starts Talk on Rail Strike Delay

WASHINGTON (AP) — President Johnson's proposal to sidetrack a threatened nationwide rail strike steams toward Senate debate with Democratic leader Mike Mansfield expressing hope the measure will be in House hands by Thursday.

Mansfield called for a morning debate on the bill and put aside another measure — on congressional redistricting — originally slated to occupy the Senate today.

Mansfield said he felt the Senate had to dispose of the rail plan this week because the Senate is expected to devote most of next week to debating a resolution to censure Sen. Thomas J. Dodd, D-Conn.

Congress already has voted two extensions of the no-strike no lockout period in the dispute between six shopcraft unions and railroads handling about 95 per cent of the nation's rail traffic.

DEADLINE NEAR

The present extension runs out June 19.

The administration contends that with a war on in Vietnam, a nationwide rail tie-up would be a disaster.

Johnson's bill would extend the no-strike no lockout period another 90 days during which intensive mediation efforts would take place under a special five-man board he would name.

But if no settlement were reached in this time, the board could make its own determination of fair terms and order these into effect until Jan. 1, 1969.

UNION LABEL

The unions labeled the plan compulsory arbitration in hearings on the bill and urged Congress to reject it. Administration officials insisted it varied from compulsory arbitration in several ways.

The railroads said they would go along with the proposal as the only apparently feasible way to avoid a strike at this time.

Romney to Hit 3 Key States

Presidential Primary Sites Will Be Visited

LANSING (UPI) — Gov. George Romney will take a peek at his presidential chances in three states which will hold preferential primaries next year during visits to the states in the next few weeks.

First stop will be Wisconsin Saturday for a series of political backslapping events and a good old-fashioned crowning of a queen.

The Romney-for-President club in Milwaukee has invited the governor to attend a breakfast of faithful supporters Saturday and to make a few remarks to newsmen on a Tuesday.

A noon luncheon with GOP leaders in Appleton also is planned before Romney spends the rest of the day at Green Bay helping celebrate the Alice in Dairyland festival.

Romney also is reported planning a four-day stay in New Hampshire, site of the nation's first 1968 presidential primary, early next month. He is expected to stay at Lake Winnepesaukee June 6-9 with a long-time friend, hotel owner J. Willard Marriott of Washington, D. C.

INFORMAL MEETINGS

Informed sources say Romney will spend the time in New Hampshire with informal type meetings with his Republican supporters in the New England state.

His office, however, said the time would be spent in "relaxation."

Romney will speak at the Young Republican Convention in Omaha, Neb., June 23.

Besides the visits to key states with presidential primaries, Romney also has trips planned to Pennsylvania, New Jersey and Wyoming this month.

Commission Eyes Delay of UAW Office

City commissioners heard a report last night on urban renewal land purchased by the United Auto Workers in December 1965 at Auburn and Center streets.

Which has sat idle for nearly 18 months.

The union purchased the land under urban renewal agreements which called for construction of an office building before December 1966.

James L. Bates, director of planning and urban renewal, stated to the commission a UAW regional director had requested the building has not been started because of "internal problems."

Bates said the union would be in a better position to know what it intends to do in two weeks. The commission asked for a status report in two weeks.

The planning director said the city had been assisting the union from 1961 to 1966 in securing a site for an office building.

SELL LAND

If the union does not intend to construct on the site, Bates said, the best solution would be to persuade the union to sell the land to a developer approved by the city.

The union owns some 17,000 square feet at the southwest corner of Auburn and Center.

73 Spellers Vie for National Title

WASHINGTON (UPI) — Seventy-three nimble-witted and determined youngsters began battle today to be crowned the nation's champion speller.

The 40th annual national spelling bee brought together 47 girls and 26 boys from 72 communities spread from Washington, D.C., to the U.S. territory of Guam in the Pacific.

Global Sailor Hospitalized in England

PLYMOUTH, England (AP) — Sir Francis Chichester, the solo round-the-world sailor, was admitted Tuesday night to the Royal Naval Hospital here.

The hospital reported today he was found to have hemorrhaged from a duodenal ulcer.

The adventurer, 65 years old, was given a blood transfusion shortly after admission. An announcement said his condition was satisfactory and gave no hint for alarm.

But it added he would be under medical care for at least a month.

Chichester was due to sail for London Thursday in his yacht Gipsy Moth IV and to be dubbed a knight by Queen Elizabeth next week.

Youth Program Grant Is Seen

James M. McNeely, executive director of the Oakland County Commission on Economic Opportunity (OCEO), said yesterday that he expects a \$100,000 grant for summer youth programs by the end of this month.

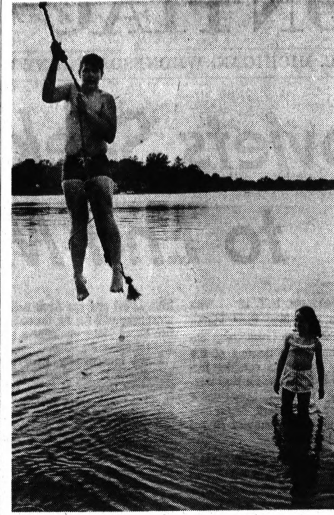

The Office of Economic Opportunity (OEO) last week allocated \$28.7 million to its regional offices for summer programs aimed at keeping youngsters busy and averting racial unrest.

McNeely said that the Chicago regional office has given a tentative commitment for release of \$100,000 to Oakland County. A formal application for the grant will be filed Friday by the executive committee of the OCEO.

Most of the grant will be used to expand the present summer program sponsored by the Pontiac Parks and Recreation Commission, according to McNeely.

Funds will be used to hire added staff and provide a full-scale recreation program ranging from softball to day camp and swimming events. It will start about July 1.

Other target poverty areas in the county such as Royal Oak Township and Hazel Park also will benefit from the grant, McNeely said.

YOU JANE — Terry Stretten, 16, plays the role of Tarzan as his sister, Wendy, 5, watches near the shore of Unken Lake. Their parents are Mr. and Mrs. Ivan S. Stretten, 2390 Locklin, West Bloomfield Township.

New Mexico Search for Raiders Is Ended

CANJILON, N.M. (AP) — National Guard troops called off today their search for a band of Spanish-American fugitives in the rugged northern New Mexico mountains.

State Police Chief Joe Black said 25 of his officers would remain in the area but the nearly 400 National Guard troops and other officers were being sent home.

About 30 fugitives fled into the Carson National Forest near Canjilon Monday after raiding a rural courthouse, wounding two officers and holding several persons hostage.

Black said he believed some of the group's leaders still were hiding in the forested hills and canyons but that others might have slipped through police lines.

TWO WOUNDED

The Spanish-Americans raided the Rio Arriba County courthouse at Tierra Amarilla Monday, with their gunfire critically wounding two officers. The group was tracked by state police, deputies and National Guardsmen into the Carson National Forest east of Canjilon.

After the arrest Tuesday of one well-known member of the group, Gerry Noll of Albuquerque, State Police Chief Joe Black said it was believed the fugitives might be making their way south toward the Rio Arriba County community of Coyote.

Noll, who was under federal indictment for assaulting federal officers and conversion of government property, was arrested south of Canjilon in Navajo County.

The Spanish-Americans group contends its members are heirs to vast regions of the southwest under old Spanish land grants. They took over a campground in the Carson Forest last October for about four days to press these claims.

Their leader, Reyes Tijerina, had threatened a showdown of force at Coyote last Saturday but, 11 of his lieutenants were arrested the previous night and no incidents occurred.

But when seven of those arrested were taken to the courthouse Monday and advised of their rights by District Court Judge James Scarborough, a group of armed men stormed into the building and wounded two officers with gunfire.

Taking two hostages, later released unharmed, the gunmen fled toward Canjilon.

HEAD OF BAR

The son of a restaurant owner, Dermer is president of the Miami Beach Bar Association. He had been given only a slight chance to win Tuesday's election.

Roosevelt's administration, Dermer charged, was pitted by pickering and fighting that spoiled its effectiveness.

James M. McNeely, executive director of the Oakland County Commission on Economic Opportunity (OCEO), said yesterday that he expects a \$100,000 grant for summer youth programs by the end of this month.

The Office of Economic Opportunity (OEO) last week allocated \$28.7 million to its regional offices for summer programs aimed at keeping youngsters busy and averting racial unrest.

McNeely said that the Chicago regional office has given a tentative commitment for release of \$100,000 to Oakland County. A formal application for the grant will be filed Friday by the executive committee of the OCEO.

Funds will be used to hire added staff and provide a full-scale recreation program ranging from softball to day camp and swimming events. It will start about July 1.

Other target poverty areas in the county such as Royal Oak Township and Hazel Park also will benefit from the grant, McNeely said.

Birmingham Area News

Board Lets Groves Contracts

BIRMINGHAM — The school board last night awarded bids for approximately \$631,000 for an addition and remodeling of Groves High School.

The awards were about \$20,000 below expectations.

The work will provide 15 additional classrooms, a larger library and offices.

Winning bidders were Bundy Construction, \$449,000 for general construction; Evans Plumbing, \$115,000 for mechanical work.

The board also accepted preliminary plans for a new \$1.1-million elementary school to be located at 12 1/2 miles between Tellico and ...

'Deck Concept Likely in Downtown Plan'

Mayor William H. Taylor Jr. last night said he has not seen plans for a downtown shopping center that include a deck concept but considered it likely

that this would be included in the finalized plan of developer A. Alfred Taubman.

Answering questions posed by a citizens' group which has in the past advocated a deck concept first proposed by a University of Detroit design and criticized the Taubman plan, Taylor said he was "very optimistic."

He indicated that Taubman does have a plan that includes deck parking and said he was "pretty sure" it would be something that the Citizens Committee for Pontiac's Positive Progress (CCPPP) would accept.

Taubman has an agreement with the City Commission to secure tenants for a downtown shopping center and to be the sole developer of the center. Under the agreement he has until Sept. 27 to secure major tenants.

Improvement Fund Okayed

(Continued From Page One)

City Manager Joseph A. Warren, outlining the planned expenses, said \$40,000 would be spent to improve the municipal golf course and provide equipment for other parks; \$46,820 for street lighting on M59, Gold Drive, Arlene, Cass and Oak Lane; and \$42,400 to complete paving of the parking area behind the civic center.

POLICE RADIOS

Downtown parking lot improvements will cost \$30,000 and \$12,000 will be used to replace police radios.

Warren said allocations for the radios should complete major expenses needed to bring the police communication system up to date.

The improvement fund also calls for \$56,000 to be spent for three new pedestrian walkways, \$40,000 for the city's share of new sidewalks and \$17,660 for cemetery equipment.

A \$27,000 allocation was made for purchase of new fire fighting equipment. Warren said it takes 1 1/2 years to get delivery of new equipment and the city should attempt to replace its older equipment.

NAME SIGNS

Other allocations are: \$15,000 for remodeling the old city library, \$12,000 for planting trees along streets, \$12,500 for paving drives and installing a water system in Jay Street and \$6,700 for new street name signs.

The commissioners gave quick approval to the improvement fund authorizations after the public hearing at which no comment was made by members of the audience.

Commissioner Robert C. Irwin, District 2, said he heard the speech. Four commissioners had "no comment" or indicated they were not aware of the speech beforehand.

Commissioner Leslie H. Hudson said Taylor's remarks "were well covered in the press and ample." He said Taylor's remarks were "very good" and it is not necessary for him to clear his remarks with each commissioner.

Commissioner Robert C. Irwin, District 2, said he heard the speech. Four commissioners had "no comment" or indicated they were not aware of the speech beforehand.

Board Lets Groves Contracts

The board also accepted preliminary plans for a new \$1.1-million elementary school to be located at 12 1/2 miles between Tellico and ...

the board replied to a letter requesting that the district hire "members of other races and minority groups ... to enrich our children's lives."

Members of the board and administration pointed out it had always been the policy to hire educators regardless of race or creed.

They pointed out the district has at present one Negro and two oriental persons on the staff. The district has a teaching staff of about 900.

A meet-the-candidates rally for Monday's school board election will be held at 8 o'clock at Seaborn High School, 2436 W. Lincoln.

The event is sponsored by the Birmingham-Bloomfield League of Women Voters.

All the Birmingham School District candidates are expected to be on hand. Following the talks, voters will have a chance to throw questions at the candidates.

Five persons are seeking two four-year terms and three vie for a single one-year seat.

Lightning Cuts Power in Areas

Lightning damage to electric power lines kept Detroit Edison Co. repairmen busy for several hours this morning in five areas.

Some 100 customers in the vicinity of Giddings and Brown in Orion Township were inconvenienced for several hours after lightning burned down wires at 8:05.

Some 50 homes in the vicinity of Somerset and Square Lake Road in Bloomfield Township went without electricity from 7:20 to 8:20 a.m. for the same reason.

Circuit fuses were blown out by lightning in three other areas. Eighty customers were without electricity from 7:05 to 8:25 a.m. in the vicinity of Union Lake Road and Commerce in Commerce Township. Others affected included 100 customers around Maple and Wisconsin in Troy from 8:10 to 8:30 a.m.

Also 100 customers in the area of Walnut and Orchard Lake Road in West Bloomfield Township, between 9 and 9:15 a.m.

SCHOOL DISMISSED

West Bloomfield Junior High, 6000 Orchard Lake, dismissed students at 9:05 a.m. because of the power failure.

There was low power in a few areas of the school but most portions were without power and water, a school spokesman said.

Transformer fuses blown by lightning blacked out 20 customers' homes in the vicinity of Paint Creek near Adams in Oakland Township from 8 to 9:10 a.m.

Sunday Liquor Sales Up for Senate Vote

LANSING (AP)—The Senate was prepared today to vote on an amendment—laden bill calling for Sunday liquor sales and described by one senator as "the biggest bag of goodies to come out of the Senate this year."

Sale of liquor on Sunday was included in one of four amendments tacked onto a House bill which originally would have prohibited retail sale of liquor by manufacturers, warehousemen or wholesalers.

The Sunday sale amendment, added by Sen. John McCauley, D - Wyandotte, was proposed earlier in the session in bill form by Sen. Stanley Novak, D, Detroit. The Novak bill passed the Senate but died in House committee.

In other capital developments: Gov. George Romney sent a telegram to President Johnson expressing hope the President will insist that conditions in the Middle East insure preservation of the national integrity and independence of Israel.

House Republican leaders moved their fiscal reform package, calling for Michigan's first state income tax, into position for a final vote.

SUNDAY LIQUOR

The Sunday liquor amendment would allow county boards of supervisors to approve such sale by resolution 60 days after the effective date of the bill. If the supervisors failed to act within the period, a petition could be filed with the county clerk re-

questing submission of the question to the board.

Two other amendments, added by Sen. Frank Beadle, R - St. Clair, would exempt packaged liquor dealers from the present law which prohibits sale of liquor within 500 feet of a church and would extend some 60 resort liquor licenses from 10 months to 12.

An amendment added by Sen. Charles Zollar, R - Benton Harbor, would prohibit retailers from asking wholesalers to deliver their retail sales.

The load of amendments caused Sen. Robert Richardson, R - Saginaw, to say "this is probably the biggest bag of goodies to come out of the Senate this year."

HOUSE BILL

The Senate had been expected to vote on the amended House bill, sponsored by Rep. Raymond Baker, R - Farmington, Tuesday night. But senators spent the evening session on debate without moving to final consideration of bills.

Senate Majority Leader Emil Lockwood of St. Louis said it was decided not to move to final consideration "because a full complement was not present."

A "call of the Senate" had been ordered in which Senate doors are locked and all senators are required to remain in the chamber while sergeants at arms are sent to bring in any absent members.

The only absent member was

Sen. Stanley Rozycki, D-Detroit, who sponsored an unsuccessful rival Sunday liquor bill earlier in the session.

ABSENCE CITED

Several colleagues said Rozycki's absence was the reason no action was taken on the liquor bill.

Lockwood said a call of the Senate would be requested again today and that State Police would be sent to find any absent members.

The bill, backed primarily by Detroit - area Democrats who have long sought Sunday liquor, needed 20 votes to pass. There are 18 Democrats and 20 Republicans in the Senate.

The Senate reportedly was one vote short of the number needed to pass the bill.

McCauley said he has been assured there would be sufficient votes to pass it in the House.

Beadle said his amendment to exempt packaged liquor dealers from the 500-foot limit was designed to aid his district where urban renewal has displaced some dealers. He said their only choices for relocation lie within 500 feet of churches.

In other action Tuesday, the Senate passed 25-9 a measure providing for a stiff increase in state parks entrance fees, despite a last ditch stand by tourist area senators.

State Capital Happenings on Tuesday

By The Associated Press

Sent a telegram to President Johnson expressing hope that Johnson will insist that conditions in the Middle East insure preservation of the national integrity and independence of Israel.

Received a report from Michigan National Guard commanders and said a defense Department official that the guard would better enable it to meet state needs.

Signed eight bills into law, including one authorizing \$29.7 million in supplemental appropriations for state spending during the current fiscal year.

THE SENATE
Passed and sent to the House.
HB2475. Lockwood. Increase state parks entrance fees to \$1 daily and \$1 a year for residents and \$2 daily and \$1 a year for nonresidents.

HB2475. Smith. Exempts amateur theater troupes and bands from state trust division supervision.

Concurrence needed in Senate amendment.
X-HB2714. Edwards. Permits school districts to purchase heating and cooking equipment.

Concurrence needed in Senate amendment.
HB2715. Smart. Sets time of meeting for school boards. Concurrence needed in Senate amendment.

Drafted and sent to the governor for signing.
X-HB2480. Mrs. Elliott. Sets a cutoff date for transfers of school operating funds between school districts.

HB2715. Dramer. Provides rules for the State Board of Education to set up a system of psychological examinations in public schools.

THE HOUSE
Moved amended three-bill tax package from general orders to third reading. Sent to the governor.

X-HB2805. T. J. Anderson. Permit disabled person to hunt from standing motor vehicle; permit prosecution of person shirking duty if he has accessible weapon; provide extra penalties for illegally killing or possessing game.

X-HB2824. Kellers. Provide bonus need ways or where well marked.

House Transportation Secretary of state to issue identification cards for legally blind persons.

X-HB2482. C. J. Davis. Regulate tire sales for vehicles in homes and private vehicles.

HB2860. Edwards. Extra tax on mail insurance transactions by firms not licensed to sell premiums in Michigan.

X-HB2825. Pettifore. Permit community colleges to issue bonds to finance parking facilities.

X-HB2849. Walton. Increase authorized special call session from 5 to 20 days.

Passed. SB272. Levin. Require election of Detroit School Board from single-member districts.

SETS SAIL FOR AFRICA — Francis Brenton, 40, waves from his 26-foot catamaran in Chicago's Lincoln Park lagoon yesterday just before setting sail on a 15,000-mile solo jaunt to West Africa and back. He will sail via the St. Lawrence

Seaway, stopping at Montreal's Expo 67, with a destination of the African port of St. Louis between Senegal and Mauritania. The craft, a canoe and pontoon, is one he sailed last year from South America to Chicago up the Mississippi and Illinois rivers.

AP Wirephoto

Viet Fighting at Lowest Level of '67

SAIGON (AP) — The U.S. can't ground fighting. They said, Command reported today that intelligence indicated the Communist forces had been evidently been girding for only scattered ground battle in three areas — the de-skirmishes and relatively few militarized zone between North air strikes against North Viet- and South Vietnam, the central highlands and the Mekong Delta south of Saigon.

Despite the lull, losses were sustained in small fights and a Navy Crusader jet was lost to ground fire over the Communist North. The pilot parachuted and was picked up in the Tonkin Gulf only 18 minutes after he splashed down. It was the 573rd U.S. combat plane reported lost in North Vietnam.

Officers denied that the lull in the war was due in any way to the fighting in the Middle East, but it appeared that neither side viewed this as a propitious moment for any dramatic moves. American warplanes penetrated into the heavily fortified heartland of North Vietnam again Tuesday, raiding rail lines leading from Hanoi to Red China. Only 30 missions were flown, compared with about 125 on recent normal days.

The U.S. Command reported that not since the first of the year had there been a comparable lull in the ground war. For the past four days the U.S. military communique has said, "No significant contact with the enemy was reported." U.S. officers volunteered no reason for the lapse in signifi-

40 to 50 flatcars or boxcars had been destroyed or damaged. While the Air Force F105 Thunderchief jets were hitting north of Hanoi, the Navy's carrier planes concentrated on bridges which the Communists rebuild each night.

In South Vietnam, an American civilian official was shot to death early today by about 30 Vietcong who raided the home of a South Vietnamese district chief where the American was visiting 15 miles east of Saigon.

ANNOUNCING A PERSIAN RUG AUCTION

A NOTE ABOUT THE SALE

This shipment of 20 bales having cleared customs is being dispatched to this area for disposal at Public Auction. This is an unusually fine stock of Persian and Oriental carpets and rugs. They are of the finest origins selected by experts with over 40 years experience in the European and Eastern markets. They are all hand knotted in intricate patterns and of historical designs and will be sold in single units to the highest bidder. Each piece is described in the catalogue that will be available during the view period.

Stouffer's Northland Inn

21000 Northwestern Hwy., Southfield, Michigan
Thursday, June 8, at 8 P. M.

EXHIBITION: 6:30 p.m. 'til time of sale.

All Rugs are on view for your inspection. Catalogs available.

Included in this shipment in small and large sizes, strictly the finest grades of KIRMAN, KESHAN, BORJALOO, SAROUK, BOKHARA, ISPAHAN, BAKHTIAR, MESHEH, AFGHAN, BELOUCHISTAN, HAMADAN, ARDEBIL, ROYAL AUBUSSON (INDIAN), HERIZ, GHOUH, TABRIZ, JOOSHIGAN, KAZVIN, SHIRAZ, NAIN, ETC.

Bids Are Authorized for Repair of Streets

Because of an unusually destructive winter, City commissioners last night authorized taking bids June 26 for asphalt repair work on city streets.

Joseph E. Neippling, director of public works and service, said repairs needed are beyond the city maintenance crew's capability.

Bids for asphalt for paving projects and for fleet auto insurance and workman's compensation insurance will also be taken June 26.

Commissioners at last night's meeting approved a \$20,781 bid to supply 95,000 feet of joint sealing work on major streets.

Commissioners, in other business, accepted executed deeds to property which will allow construction of a portion of South East Boulevard to Woodward from its present terminus and approved rezoning to commercial.

City Affairs

cial of a 6.6-acre parcel at the southeast corner of East Boulevard and Woodward.

Both were modifications to an agreement between the city and developer Charles Langs who is now completing a housing project in the area.

The commission agreed to replace meters at a city-owned parking lot at the southwest corner of Pine and Lafayette and to terminate a leasing agreement with Oakland County. It had been used

as a parking lot for county building annex employees.

To protect city interests, the commission selected Sherwin M. Birnkrant, director of law, and Niepling to attend a meeting June 22 of the Clinton River Drainage Board.

Joseph A. Warren, city manager, said the city could be assessed for improvements made downstream from Pontiac.

First reading was given to an ordinance which will regulate scrap iron and metal processors.

Commissioners voiced interest in provisions for preventing junk from piling up on the public sidewalks or adjoining fences and asked for more information at next week's informal meeting on which existing operators would be covered.

They also authorized hiring the engineering firm of Jones and Henry for engineering work on requested lateral sewers in the area to be serviced by the projected Galloway Creek Sewer Trunk.

Neippling said his office has received more requests for lateral sewers than can be processed by the city's engineering staff.

A public hearing on a special assessment roll for curbs, gutters and paving on Baltimore from Kenilworth to Emerson was held.

Attending the commission meeting were 12 citizens residing on or doing business on Allison. They complained of a large volume of traffic using the street to get from southbound Oakland to southbound Cass.

Because of Oakland being one-way northbound from West Wide Track to Allison, cars and trucks using the street have multiplied, they said.

The director of public works and service said there is no question that additional work is needed to alleviate traffic problems in the area but funds are unavailable.

Teaching Tradition in Family Carried On

It's not every day that a pretty college coed is preparing to begin a teaching career just as her mother retired as a professional educator after 40 years.

That's the way it is in the Snyder family of 6765 Woodbank, Birmingham.

Sharon Sue Snyder, an Oakland University beauty who was first runner-up in last year's Miss Michigan contest, will teach her first class this fall in Brookside School in Bloomfield Hills.

Her mother, Dr. Edith Roach Snyder, has just announced her retirement as principal of Pontiac's Webster Elementary School after holding that position for 27 years.

Mrs. Snyder, 62, who is currently listed in three types of Who's Who publications confirmed yesterday that she was retiring after 29 years in the Pontiac public school system because of her health.

A prime mover in developing the primary and intermediate block program, she had this to say in looking back upon 40 years of experience:

"I feel the profession I chose is one of the greatest. There is much work to be done in education. We must always provide the best environment and learning opportunities possible.

"I love the little ones. I will miss them dearly," she said.

DR. EDITH R. SNYDER

A holder of doctorate degrees in music education and in education, she is listed in "Who's Who", "Who's Who in American Education" and "Who's Who of American Women."

She began her career in Deshler, Ohio, and taught in Maumee, Ohio, and Birmingham before coming to Pontiac.

Mrs. Snyder has taught in several state colleges during the summer as well as having written many professional articles and belonging to several professional, civic and social organizations.

She was instrumental in attracting colleges to offer continuing education courses in Pontiac 18 years ago.

School Aspirants to Air Issues

Pontiac school board candidates, incumbent Russell L. Brown and Ronald E. Covault, will discuss campaign issues at McConnell Community School, 245 S. Paddock at 3 p.m. Sunday.

Fifteen block club presidents reportedly requested the public session which is expected to draw a couple hundred persons. There will be a question and answer period.

PIN-WORMS A FAMILY AFFAIR

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms... ugly parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it: First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly, easily. Ask your pharmacist. Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge... small, easy-to-take tablets... special sizes for children and adults.

Murder Charged to Teen

DETROIT (UPI) — A teen was in the county jail today awaiting examination on a first-degree murder charge in the death of an elderly woman injured in a purse-snatching incident.

Isaac Parks, 18, was remanded to jail without bond after a plea of innocent was entered for him at his arraignment yesterday. Recorder's Court Judge Elvin L. Davenport set court examination for June 15.

Parks, a meat truck helper, is accused of causing the death

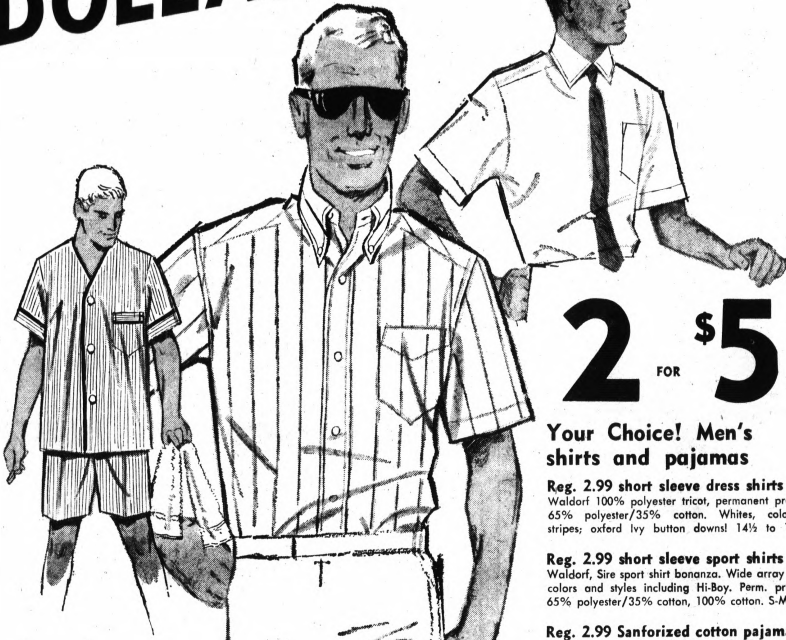

of Mrs. Mileva Bozin, 75, by attacking her May 17 to steal her purse. The woman died about a week later of injuries received when she was knocked to the ground by her assailant.

Police said Parks was arrested Monday when a 15-year-old girl implicated him.

The girl, who was being held by juvenile authorities as a material witness, told police she grabbed Mrs. Bozin's purse after Parks knocked the woman down.

Israel Captures Old Jerusalem, Other Jordan Towns

JERUSALEM (AP) — Israel captured the old walled city of Jerusalem today and hit Jordan with another body blow by seizing the commanding town of Nablus 30 miles to the north.

The Israeli army also reported the capture of two more towns in the Jordanian buffer zone, Ramallah and Tullas.

Amman radio said Israeli forces to the south were trying to breach the Jordanian border at several points along the west bank of the Jordan River and heavy fighting was under way.

Occupation of the sector of Jerusalem held by the Jordanians since the 1948 war gave the Jews access once more to their most venerated shrine, the Wailing Wall of the Old Temple. Such access had been promised them in the 1949 armistice agreement, but the Jordanians refused to honor the promise.

JEWS ENTERED
Soon after the Israeli occupation, Jews from the Israeli sector of Jerusalem began streaming through the gates of the Arab quarter long denied them. As the troops approached the Wailing Wall the officer commanding the military operation

sent a walkie-talkie message to Scholomo Goren, chief rabbi of the armed forces, to come blow the shofar, the traditional ram's horn blown at special religious or historic events.

The final battle for Jerusalem began at 5 a.m. after three hours of almost complete silence. Mortars opened up a chorus of explosions, and the air was filled with the rattle of heavy armored columns and the chatter of small-arms fire.

BOMBING
Israeli tanks moved forward on the historic roads to Jericho and the Dead Sea which pass near the southern part of the Arab-held sector of the Mt. Scopus demilitarized zone.

Israeli planes wheeled overhead. Bombs fell. Weak and rather hesitant anti-aircraft fire could be heard from the south.

Part of Mt. Scopus was captured Tuesday by Israeli forces, but the Arabs still held the eastern end of the mountain at the old Augusta Victoria Hospital when the action began today.

Mt. Scopus, a high hump of land dotted with olive trees, rises to the north and east of Jerusalem. Under the 1949 ar-

mistice, the Jews were permitted to station a small police force there at the old Hebrew University and Hadassah Hospital.

The Jordanians honored this part of the agreement and for nearly 18 years permitted the

United Nations to convey Israeli police to and from the mountain. The police garrison was cut off for two days until it was relieved Tuesday.

BATTERIES SILENCED
Shortly before noon, the civil

defense command told the Israeli population: "It is now permitted to leave shelters and open shops in Jerusalem." Seizure of the Arab sector silenced Jordanian batteries which had rained shells into the Israeli sector since Monday.

The fall of Nablus was announced almost at the same time. Its seizure followed hard on successful thrusts at Kafkalia and Jenin in that same area of northwest Jordan east of the Israeli coastline and northeast of Tel Aviv.

The drive from the north in the general direction of Jerusalem was through the "hatched" part of Palestine which Jordan seized in the 1948 war. Nablus is about 70 miles west and slightly north of King Hussein's capital, Amman.

Highland Tips

RCA's Color Price Stand

DETROIT — Highland Appliance Co. has broken the color TV market here wide open with the offering of 1,200 RCA consoles at prices which are in some cases lower than franchised RCA dealers pay for them.

In a full-page ad in the Detroit Free Press, Highland pictured 14 RCA models and said: "Two RCA distributors unload huge color TV overstock to Highland at prices far below distributors' cost! Over 1,200 sets! We pass the savings along to you!"

RETAILERS here are fuming about this price break, and are not blaming Highland so much as they are the distributors. One has a list price to customers of \$389.95, and is offered by Highland to customers at \$457.

The price break was described as the biggest one in color TV here so far.

It was noted that the buying group to which Highland belongs might have bought up the entire stock of two out-of-town distributors. Up to now, there has been no price break in RCA color TV, noticeable as it is.

ISRAELIS IN JERUSALEM — This map locates the Mandelbaum Gate in beleaguered Jerusalem through which Israeli soldiers moved into the Jordanian section of the city after a fierce battle with Jordan's troops. Sporadic sniping was reported in the city as the cleanup operation by the Israelis proceeded.

Nuptial Trek Finds War in Jerusalem

AMMAN, Jordan (AP) — A young Mexican couple came to Jerusalem to fulfill their vow to marry in the Holy City. Instead they almost got killed by the bullets and bombs of the Arab-Israeli war.

"We were machine-gunned by planes, bullets whizzed past, bombs exploded so near we were covered in dust," said Eliaz Guzman, a 38-year-old book-seller from Mexico City. "We were lucky to get out unscathed."

"We have looked forward to our marriage in Jerusalem for such a long time," said his petite bride, Guadalupe Morande. "We came all this way, and then..."

They saw Roman Catholic Patriarch Alberto Gair only long enough for him to absolve them from their vow to solemnize their civil marriage a year ago with a religious ceremony in Jerusalem.

BLACK LACE
Mrs. Guzman was still wearing her black lace wedding dress when she and her husband arrived in Amman Tuesday after a harrowing trip from Jerusalem.

"We were still at the patriarchate when fighting broke all around us," Guzman said. "Fortunately, some good nuns escorted us to our hotel outside the Old City."

"An American television correspondent was fatally wounded by a bullet while standing in the lobby of the hotel minutes after we arrived."

He was Ted Yates of NBC. During a lull in the firing Monday night, the couple took a car for Amman.

BURNING TRUCKS
"We were only a few miles from Jerusalem when we were forced to stop when we came across a line of burning military trucks in the road," Guzman said. "Before we realized what was happening a soldier shouted to us to take cover as Israeli planes were still attacking the convoys."

"We jumped from our car and ran into the fields for cover as jet planes roared low overhead, splattering the roadway with bullets. Some of the bullets fell a few feet from us."

The couple spent the night in Jericho after driving for 30 miles without lights, then made their way to Amman early the next morning.

Oswald Quinn, a white-haired American tourist from Sacramento, Calif., traveled to Amman in the car with the Mexican couple.

PINNED TO WALL

"You should have seen it in Jerusalem," Quinn said. "I was pinned standing against the wall near the hotel while machine gun bullets kicked up the dust less than four feet from me."

Quinn said he was standing next to Yates when the NBC television producer was shot.

"I went to Jerusalem because my tourist agent told me it would be all right," said Quinn.

HOLY LAND, PROMISED LAND- LAND OF ANCIENT ENMITIES

For as far back as recorded history extends, the land once called Palestine, which now forms the modern state of Israel and parts of Jordan, Syria, Lebanon and Egypt, has been a battleground and a prize. Not only a strategic crossroads of civilization but a Holy Land to three of the world's great religions, its long history is one of conquest and war and religious, ethnic and political rivalry. The Hebrews, led to "the land of Canaan" first by Abraham and back again by Moses, became predominant among the varied peoples of Palestine and attained nationhood about 1000 B.C. Through successive invasions, conquests and enslavements, Jewish nationhood persisted. With the destruction of their temple by the Romans in A.D. 70, the great dispersion of the Jews throughout the world began. But the idea of Israel endured for two millennia, to cause new strife in our own time.

THE GREAT TIDE — The great tide of Islam swept over Palestine in the 7th Century A.D. Moslem rule continued practically uninterrupted until 1915 when Gen. Sir Edmund Allenby (left) wrested Jerusalem

from the Turks. It was during World War I, when a discovery by Admiralty chemist Chaim Weizmann solved Britain's critical shortage of explosives, that Jewish nationalist aspirations became more than just a dream.

FLOCK TO PALESTINE—Ever since the launching of the Zionist movement in 1896, Jewish immigrants had come in increasing numbers to Palestine. Moslem discontent increased proportionately. Uprisings in 1936 and 1938 were put down by force.

WAR WITH ARABS — On May 14, 1948, the Republic of Israel was proclaimed and immediately found itself at war with the Arabs. Israeli arms prevailed and in 1949,

armistice but no lasting settlement was reached. In that year, Dr. Chaim Weizmann was elected Israel's first president and Israel was admitted to the U.N.

ANOTHER OUTBREAK — War broke out again in the Middle East on Oct. 29, 1956, after Egypt's President Nasser seized the Suez Canal and barred Israeli shipping. Israel invaded the Sinai Peninsula, scoring

humiliating victories over the Russian-armed Egyptians and taking thousands of prisoners. Britain and France attacked Egypt, but pressure by the U.S. brought about a cease-fire.

Text of Johnson's Call for Cease-Fire

WASHINGTON (AP) — This day night on the Middle East all the peoples of the Middle East.

Postal Nominee

WASHINGTON (AP) — President Johnson nominated Irene A. Simpson as postmaster of Presque Isle, Mich., Tuesday. The Senate must confirm the nomination.

Director Named

SAULT STE. MARIE (AP) — Lee Myers, 34, of Iron Mountain, has been named executive director of the Upper Peninsula Committee for Area Progress (UPCAP). He succeeds Joseph (Tuma), who resigned to accept a manpower utilization specialist position at the University of Michigan.

Time for Trade?

WASHINGTON (AP) — Rep. Wayne L. Hayes, noting Israel's reported military successes against the Arab foe, proposed a baseball-style U.S.-Israel trade. "I think we ought to offer Israel 400 F111 airplanes for that one-eyed general," the Ohio Democrat told the House Tuesday, referring to Gen. Moshe Dayan, Israel's defense minister. "Maybe he could take care of things in Vietnam the way he's doing in the Middle East," Hayes said.

'Israel a Beachhead'

Havana Blasts U.S., Britain

MIAMI, Fla. (AP) — Havana radio says that "the American and English imperialists are using Israel as a beachhead to impede the integration of the Arabs."

"There is war in the Middle East because Israel serves imperialism economically and ideologically and because the

Arab peoples refuse to serve that way," the broadcast, monitored in Miami, said.

The broadcast Tuesday night concluded: "The Arab peoples are rightfully defending their sovereignty and their honor. The people of Cuba are on their side."
