

## Hospital Opens New Emergency Area

**THAT DREARY HALLWAY** — Here it is, pictured perhaps for the last time, the crowded hallway in which hundreds of emergency patients at Pontiac General Hospital have waited in pain for medical treatment. As of today, the old emergency ward is a thing of the past.

**THE NEW LOOK** — Here's just one view of the new emergency ward which opened today in the hospital addition. Pictured is the lobby with the public waiting room in the background. Out of the picture to the right is the door leading to the medical section. For the first time in many a year, the medical facilities are separated from the public and administrative areas.

## Fight for Improving Hospital Paying Off

The six-year battle to build new facilities at Pontiac General Hospital began to pay off today as far as the general public was concerned.

Emergency cases for the first time were being treated in the brand new emergency ward in the southwest, ground floor corner of the new addition.

This was the first time that the new addition had been put to medical use, and what a difference it was.

Instead of the crowded, dingy, confused atmosphere of the older hospital, patients found a quiet, spacious attractive scene.

There was a lot more room and, though the average patient might not have been aware of it, better medical facilities.

In fact, the new emergency ward has been so thoroughly planned that it could function as a complete hospital in itself in case of a natural or military disaster, says Carl I. Flath, hospital director.

Take a look at these comparisons:

The old emergency had only three examining rooms. If there were more than three emergency patients at any one time, the patients were doubled up or placed in the hall.

**PUT ON STRETCHERS**  
Patients waiting to be examined were placed on stretchers in the hall. Police frequently conducted their interviews in the hall. Author: (Continued on Page 2, Col. 4)

## Allow Envoys More Power?

**U.S. Considers Proposal of Fewer Restrictions at Pre-Summit Meet**

WASHINGTON (AP) — The United States may propose broader powers for a proposed foreign ministers conference to prepare the way for a summit meeting later this year.

This country plans to reply promptly to the Soviet Union's proposal for the conference. The nature of the reply is being discussed this week with Allied governments in Europe.

The present official intention is to submit a counterproposal calling for a foreign ministers meeting which could discuss the substance of East-West issues as well as the mechanical arrangements for a conference, to which the Soviets seek to limit it.

## Walkout Stops Dressmakers' Easter Output

**Finery May Be Scarce Unless Union, Industry Settle Strike Soon**

NEW YORK (INS)—An estimated 60,000 garment workers went on strike today in New York's billion-dollar dress industry. The immediate prospect was that unless the walkout was settled promptly many American women would have to go begging for new Easter outfits.

It was the first strike to hit the industry—New York City's biggest and one of its richest—in 25 years.

Although centered in New York, the industry also was struck in upstate New York, New Jersey, Connecticut, Pennsylvania, Delaware, Massachusetts and Rhode Island where 45,000 workers were ordered out.

The dress joint board of the striking union, the International Ladies Garment Workers (ILGWU), ordered the workers out at 10 a.m. (EST).

In New York, the strikers scheduled an immediate march and giant mass meeting at Madison Square Garden to back up their leaders' demands.

Both union and management leaders expressed hope the stoppage would be a short one, coming as it did at the height of the pre-Easter dressmaking season—one of the industry's lushest periods.

Adolph Klein, president of the Couture Group of the New York Dress Institute, said if the strike lasted only one week "many thousands of dresses will not reach the stores," in time for Easter.

### EXPECTS PRESSURE

David Dubinsky, head of the ILGWU—one of the nation's wealthiest unions with assets of some \$35,000,000—expressed confidence that "pressure" from store buyers and consumers would help force an early end to the strike with (Continued on Page 2, Col. 3)

## Clearing Weather Brightens Hopes of Satellite Firing

**From Our Wire Services**  
CAPE CANAVERAL, Fla. — Clearing weather at the Cape Canaveral missile center increased hope today that the U.S. may be able to launch either one or two more earth satellites this week.

The Army is known to be making steady progress toward a second firing of its "Jupiter-C" satellite rocket. The Navy, although encountering difficulties with its trouble-dogged "Vanguard," is still on the launching schedule for this week.

Rain swept the cape yesterday, but forecasts for today and the rest of the week were favorable.

The 70-foot Jupiter-C and the slender, 72-foot Vanguard have been mounted for firing on nearby platforms at the missile center. It is possible if weather and other conditions are right for the launchings to occur within a day or two of each other.

The Air Force has plans for a "motionless moon" that will hang at a certain point in the sky, day and night, oscillating gently.

## Still Married, Court Decides

**State Supreme Bench Reverses Judge Doty's Decision on Divorce**

A Royal Oak man today found himself bound again in matrimony because of a Michigan Supreme Court decision which dissolved a 1957 divorce from his wife.

But Kenneth W. Williams, 52, of 2804 Coolridge Rd., doesn't plan any reunion with his wife Marguerite.

Supreme Court justices yesterday dismissed the divorce granted Jan. 9, 1957 by Oakland County Circuit Judge Frank L. Doty. Justices said there was not sufficient evidence to support the decree.

It was granted to Williams, a real estate salesman, when he charged his wife of 26 years with cruelty. She appealed the decree to the high court last July.

"Aggravation there has been," wrote Justice Smith, "but not cruelty. The bonds of matrimony are not to be thus lightly cast aside."

**NO GROUNDS**  
Justice Smith, with the concurrence of the other seven members of the bench, said the chance that the Williams', or other couples, could not be reconciled, "is not ground for divorce in Michigan."

Judge Doty said he granted the divorce as Mrs. Williams did not take the stand in her behalf to deny numerous cruelty charges pressed by her husband.

Justice Talbot said society today has too much at stake in the preservation of family ties to "permit spouses to come and go as tempers wax and wane."

Williams alleged his wife had a fierce temper and would often fly into tantrums "like an Indian war dance."

## 10-2 Deadlock Ends Goff Murder Trial

**By GEORGE T. TRUMBULL JR.**  
Ten jurors in the first-degree murder trial of Ray Goff believed what psychiatrists had to say about Goff's sanity, while two apparently didn't.

This was the assumption today after The Press learned from one of the jurors, who asked not to be named, that the jury was locked for two days in a rare 10 to 2 deadlock.

Ten wanted to acquit him, while two men held out for his conviction.

Because of this, Oakland County Circuit Judge Frank L. Doty yesterday declared a hung jury and dismissed it. Jurors had been deliberating for two and one-half days.

Goff, 35-year-old one-time Flint factory machinist and motorcycle racer, was taken back to the county jail pending another hearing March 24 on his disposition.

Jurors, cut short by one due to the illness of a woman panelist, were scolded by Judge Doty before they were dismissed. "Somebody on this jury has made a bad mistake if they were thinking of finding this man guilty," the judge said.

"And you could not have been listening to my instructions," he continued.

Friday, the senior Oakland County judge said he would have to find Goff innocent because of insanity if this was a non-jury trial. But he left this up to the jury when earlier that day he turned down a defense motion of a directed verdict on these grounds.

Goff is charged with killing Mrs. Rita M. Cummings, 27, a Flint divorcee who had rejected his love. Following the murder on Aug. 21, 1955 Goff was ruled insane by four psychiatrists. He was sent to Ionia State Hospital for the Criminally Insane.

The murder charge was awaiting him upon his release Dec. 24, 1957.

The defense's case during the five-day trial rested on the testimony of two psychiatrists and statements of two other psychiatrists who said Goff was insane at the time of the killing. This was (Continued on Page 2, Col. 2)

## Suspect Use of Paper, Oil to Start Blaze

**Charred Rug Is Taken From Clarkston Ruins for Lab Tests**

Evidence found by State Police fire inspectors in the charred ruins of Clarkston's Caribou Inn late Tuesday points to the strong possibility of arson, it was revealed today.

Inspectors believe that the fire may have been started by someone using paper and kerosene or fuel oil.

"A charred rug has been taken to our lab in Lansing for tests," said State Police Detective Willis Myers.

"We know what we think the lab reports will show but cannot be sure until all the tests have confirmed our beliefs."

Detectives reported that the smell of either kerosene or fuel oil was very prominent in a rear room on the third floor, "but the two are very difficult to distinguish between, even in lab tests."

A large portion of the building mostly in the rear, was gutted by the fire early Tuesday. Firemen from six communities fought the blaze.

Sgt. Ormell O'Farrell, head of the Fire Marshal Division of the Redford Post State Police, was not available for comment, having left for Lansing with the evidence.

### IN EARLY STAGES

The detectives asserted that their investigation was still in its early stages and they had no idea whether or not more evidence would be uncovered.

"They said that no one had been questioned yet and that 'no warrants will be sought until the evidence is more conclusive.'"

"The investigation may last for quite some time," said Myers. "The lab work itself is a (Continued on Page 2, Col. 2)

PRINCE ALY KHAN

Better known in sporting and international playboy roles, Prince Aly Khan starts a diplomatic career as new United Nations permanent representative from Pakistan. He presented his credentials to Secretary General Dag Hammarskjöld in New York yesterday, at U.N. headquarters.

## Cocktail Party Leaves Sparrows Plenty Stewed

TOTTORI, Japan (AP)—Tottori farmers threw a cocktail party for the sparrows last night and hundreds of the guests wound up in the bag.

The farmers, who consider the birds pests, soaked wheat in alcohol and scattered it about their homes. The sparrows ate their fill, staggered about and passed out in the time of the killing. This was (Continued on Page 2, Col. 2)

## Leuten Meditations

**By ROBERT L. DIEFFENBACHER, D.D.**

Some folks always seem to know the right thing to do. They know what is good for them and what is good for others. They are not busybodies who try to run our lives.

They do not proffer advice as if it were from some superior ego. They quietly touch some spots and heal the wounds of the mind and spirit.

When we become acquainted with these folks we find that they are not clairvoyant. They are not merely lucky. Nor do they use hypnotic spells to force our actions.

They have found a simple faith in God. They plan with Him. They pause before they start their busy days, and talk things over with a Guide whose mind is greater than theirs.

They begin their days in quiet seclusion, determined to find and do God's will.

## Cloudiness to Stay, Rain Tomorrow

The weatherman predicts this morning's cloudiness will continue through tomorrow, with occasional snow beginning tonight and changing to rain tomorrow. Tonight's low will be near 32 degrees.

The thermometer will register a high of 40 degrees Thursday.

For the next five days, the high temperatures should be around the low 40's and low temperatures in the low 30's. Precipitation will total around five tenths to six tenths inches as rain or snow each day, ending Sunday or Monday.

The lowest reading preceding 8 a.m. in downtown Pontiac was 32 degrees. The mercury rose to 40 at 1 p.m.

## Used Supermarket Tactics to Loot Unlocked Cars, Garages

# Deputies Break Up Organized Gang After 75 Thefts

**By DICK SAUNDERS**  
The arrest of two Birmingham youths has unfolded a tale of organized theft in which supermarket tactics were employed in looting South Oakland area autos and garages.

Three other youths and one juvenile have been arrested, and all have admitted the pillaging, which they called "garaging," deputies say.

According to detectives, the boys would select a quiet street, and have one of the group drive a car down it slowly.

Four or five of the boys would cover both sides of the street, entering unlocked garages and cars and seizing anything of value.

They would deposit their collections in the slowly-moving car, and return to their "shopping" in the garages.

The process was fast and quiet. They didn't break into anything. Only unlocked cars and garages were looted.

Detectives were also told of a variation of the "game." When only two of the group were available, they would park on a driveway and then enter other garages in the neighborhood leaving the one where they were parked alone.

This had been going on since last August or September, said detectives. There is no estimate available concerning the total amount of loot taken.

The arrests followed a radio call from Troy police early Saturday morning on a larceny report. Deputy Gordon D. Misenar spotted a car answering the description, and arrested Jack Wells, 20, of 1633 S. Bates St., and Herbert L. Kannell, 17, of 1172 E. Ruffner St. in Birmingham.

### MIT to Study Cosmic Rays

## What Sends Them?

CAMBRIDGE, Mass. (AP)—Massachusetts Institute of Technology physicists will begin this June the biggest scale attempt ever made to learn the mysterious source of cosmic rays.

MIT said the experiment will be conducted on a 2,500-acre site near Albuquerque, N. M.

Cosmic rays from outer space bombard earth with incredible energy. Their source is one of physics and astronomy's most baffling problems.

Questioning of the pair led to the arrest of two 18-year-old Birmingham youths, and a 20-year-old Rochester young man.

Wells and Kannell were arraigned before Orion Township Justice Helmar G. Stanaback. They pleaded guilty to a charge of larceny from a building and were bound over to Oakland County Circuit Court for arraignment March 10.

They are now being held at the Oakland County Jail with bond set at \$2,000.

Their three companions in the spare-time adventures have been booked at the jail, but have not yet been formally charged with the crimes.

The quintet has now admitted to more than 75 thefts in Avon, Oakland, Troy and Southfield Townships and Birmingham. Sheriff's and Birmingham Police Detectives expect the number may exceed 100 before they have finished their questioning.

### Gets Atoms for Peace

PARIS (INS) — France today received the first shipment of nuclear reactor fuel under the U.S. program for sharing atomic energy for peaceful purposes. Thirty-five nuclear fuel elements, valued at \$118,000 and including 51 isotopes for scientific research, arrived in special containers.

### What's Hope Worth?

LONDON (INS) — Comedian Bob Hope, giving up plans to visit Moscow because of the delay in obtaining a Soviet visa, said: "This was supposed to be a cultural exchange visit—maybe they don't know what to exchange me for."

## Mack Excused for One Week

**House Unit Won't Call Senators in Its Probe of Federal Agencies**

WASHINGTON (AP) — A House subcommittee delayed for at least a week the scheduled reappearance today of Richard A. Mack and carefully avoided calling senators as witnesses in its probe of federal agencies.

Instead, the House group studying pressures exerted on the Federal Communications Commission recalled President G. T. Baker and Vice President Alexander Hardy of National Airlines, whose subsidiary won an FCC decision for TV Channel 10 in Miami.

Mack, who resigned his FCC post under fire, was told to appear for further questioning next Wednesday.

His attorney said he was "mentally and physically exhausted" and "in no condition to testify" now. To a question, he said he didn't know whether Mack could appear next week.

The question of senators as witnesses was left hanging on an "open invitation" basis. Among senators whose names have been mentioned most frequently in the hearings are Senators Holland and Smathers, Florida Democrats, and Kefauver (D-Tenn.). Each has said he is perfectly willing to appear if asked.

But the House group, at a closed meeting, chose not to invite any particular senator, and Chairman Harris (D-Ark.) said none has volunteered. House rules do not permit forcing a senator to appear.

## Hospital Board Head Stays On

Brewer Reverses Plan to Resign as Result of Sullenberger Suit

Because of the \$250,000 damage suit against Pontiac General Hospital, Willis M. Brewer has reversed his decision to resign from the hospital board of trustees, of which he is chairman.

While not specifically spelling out the suit brought by ousted staff surgeon Dr. Neil H. Sullenberger, Brewer in a letter to the City Commission noted that "matters have come up that could affect the hospital's entire future."

Because of them, Brewer said he would remain on the board as chairman until the end of his term June 30.

Brewer, who has served on the board since its inception in 1952, had announced last fall he would resign because he had taken a new job as road co-ordinator with the Oakland County Road Commission.

He resigned then from his position as Pontiac representative on the Oakland County Board of Supervisors and announced he would quit the hospital post in January.

A few days after the announcement, Dr. Sullenberger brought his suit against the hospital, city and board of trustees for the damages and reinstatement from his Nov. 13 suspension.

Other members of the board of trustees have unanimously gone on record requesting Brewer to keep his hospital job. Brewer is a realtor and manager of the Secretary of State's Pontiac branch office. He has been hospital board chairman since last July.

By E. H. SIMS

Has the current winter been the coldest in the South for many years?

Yes, in many parts of the South and in other parts of the country the dying winter has been the most severe every recorded. Strange as this may seem to oldtimers, who believe the oldtime winters were the coldest ever experienced, this winter has surpassed all others recorded, in some parts of the country.

In Miami, for example, the months of December, January and February were the coldest ever recorded there. A new low temperature was not recorded but the average (sustained below-normal temperatures) was the lowest on record.

The damage caused truck and citrus growers by the abnormally cold winter in the South has been enormous.

## Drippy Weather on Tap for Most of Western U.S.

By THE ASSOCIATED PRESS  
Weather was the outlook today for most areas in the Western half of the nation. Colder air dipped into north central regions, but most Eastern sections reported seasonal temperatures.

One big wet belt extended from Texas northward into most of Kansas, northeastward into eastern Nebraska, southeastern South Dakota and southwestward into eastern Colorado.

Snow fell in the colder air in a narrow band from southeastern Colorado into north central Kansas. A 5-inch fall was reported in a six-hour period at Lamar, Colo., and in Kansas, Hill City reported 4 inches.

AFTERMATH OF COLLISION WITH TRAIN

—Carl Ganfield, 31, of 494 Joslyn Rd., Lake Orion, had just left his home Tuesday afternoon, en route to work when he drove into the path of a southbound train at an unguarded crossing on Joslyn Rd. near Heights Rd., said Oakland

County Sheriff's deputies. His auto was thrown from the crossing against a nearby fence, and its right side was demolished. Ganfield was taken to St. Joseph Mercy Hospital with multiple rib fractures and cuts and bruises and is reported in fair condition today.

Pontiac Press Photo

## Bounces Petition for Sullenberger

Legal Adviser A. B. Fitt Says Governor Legally Unable to Intervene

Governor Williams has no legal jurisdiction to intervene in the fight of Dr. Neil H. Sullenberger's patients to have him reinstated on the Pontiac General Hospital staff.

This is what Alfred B. Fitt, legal adviser to the governor, told a Drayton Plains mother and a Waterford pastor who went to Lansing yesterday with a petition containing 2,100 signatures requesting the executive's aid in the controversy.

Mrs. Kenneth Pawley, of 4725 Oak Vista Rd., and the Rev. E. H. DuBois, assistant pastor of the Waterford Community Church, sought to have the governor either order an investigation of the hospital or order Sullenberger reinstated.

The doctor was ousted from the hospital staff in November by the hospital's board of trustees on charges he failed to practice according to accepted standards, his professional and personal conduct was objectionable and he had violated hospital rules and regulations in 25 specific cases.

Sullenberger is suing for \$250,000 and the right to practice at the hospital again.

According to Fitt, the governor has no legal powers or authority under the constitution to intervene in the controversy. The petitioners took the matter to the governor after the hospital's board and City Commission had refused to accept similar petitions demanding the reinstatement of the physician.

## Report Indications of Arson at Caribou

(Continued From Page One)  
complicated process and it may be a week or more before we have any definite results."

The old landmark has been an object of controversy in past months.

The fire started just hours before a condemnation jury was scheduled to inspect it. The village seeks to raze the structure for a parking lot.

Ernie Felice, owner of the Inn, and his attorney Milton R. Henry, estimated the damages at \$35,000.

INSURANCE INCREASED  
The insurance policy on the building, originally for \$16,000 was increased last September to \$50,000, according to Felice.

A group planning to take over the building asked him at that time to increase the fire insurance by \$34,000. The policy now calls for \$48,000 on the building and \$2,000 on the contents.

Felice said he plans to repair the building regardless of condemnation proceedings since the group still wants to take over the building.

## 10-2 Deadlock Ends Goff Murder Trial

(Continued From Page One)

the one issue to be decided by the jurors.

But after some 15 ballots and a weekend recess, jury foreman Lawrence S. Bass, of 33 Hazel Ave., told the court members could not concur on an unanimous verdict—necessary for acquittal or conviction.

Even if they had returned a guilty verdict, Judge Doty said he would not have confirmed it. "I would have become the laughing stock of the legal profession," he said.

He said there was "not one bit of evidence" on which they could hand down a guilty verdict.

He said it was "too early" to listen to a motion by defense attorney Edward A. Potere to dismiss the charge against Goff. Potere said he would make the same motion March 21.

## Showgirl Says Grand Jury Satisfied Explains Loan to Mobster

NEW YORK (AP) — Showgirl Liz Renay says a Manhattan grand jury was satisfied with what she called her "very simple explanation" of a \$10,000 loan she made last year to Mickey Cohen, West Coast racketeer.

Miss Renay came here from California and spent an hour and a half yesterday before the grand jury, which is investigating the

assassination of mobster Albert Anastasia last October.

She told newsmen that she knows the district attorney's office is "embarrassed" because it has not solved the Anastasia murder and is "groping in the dark and grabbing at straws."

Miss Renay, 31, recently characterized Cohen as her steady boyfriend. She said also that Anthony Coppola, Anastasia's bodyguard, had been an ardent suitor.

The district attorney's office has suggested that \$10,000 Miss Renay loaned to Cohen might have come from Anastasia through Coppola. The office wants to know whether the money figured in any way in Anastasia's assassination.

Miss Renay, explaining the transaction, said she lent Cohen \$2,000 last October, \$3,500 more in November, and \$4,500 later that month. Asked where she got the money, she said from two of her friends. She said Cohen has paid back \$9,000 and she returned it to the friends.

Miss Renay said she had intended to return to Los Angeles today but had been asked by an assistant district attorney to remain here another day or two as a favor.

The testimony came mostly from men who had refused to join the United Auto Workers marathon strike against the bathroom fixtures concern near Sheboygan, Wis. The dispute is in its 45th month and still unsettled.

One striker, Ewald Guske of Sheboygan, testified he also had suffered. But none of the testimony-supported a charge by Robert Burkart, one of the UAW's top strategists in the strike, that some of the violence and vandalism was "self-inflicted" to be blamed on the union.

Guske said nonstrikers called him a "goldarned goon" for walking on the picket line, and sprayed his car with acid.

Guske added that he repaired the damage himself. He said he didn't report the incident to police and didn't tell the union until four or five months ago. He said he draws \$39 a week in union strike benefits and directs a union chorus.

A nonstriker, Bernard M. Daane, said he took a job in the truck plant in 1953. Within a month, he said, someone fired into his home and shot again with a charge that roared past his head when he rushed to his door to investigate.

## Strike Halts Output of Easter Clothing

(Continued From Page One)

demands for delivery-on-schedule of Easter finery.

Dubinsky added, however, that the ILGWU could afford to finance an indefinite strike in its fight for wage increases, revised provisions governing piece work (80 per cent of garment industry employees are on piece work) and various other contractual benefits.

The union originally sought a 22 per cent wage hike, an increase in minimums, time and a half for overtime for its piece workers after 35 hours of work and a severance pay fund. It finally "compromised" on a 15 per cent package deal before direct negotiations were broken off Saturday.

The employer groups have offered a 5 per cent boost. The increase would be the first for the dress workers in five years.

Also at issue is the union's demand for strict enforcement of all provisions of the contract with penalty clauses for infractions. This has been rejected by the employers as being "intolerable."

The dress industry has been the scene of unbroken labor peace since 1933, when the ILGWU won wage increases after a six-day strike.

## Faubus Expected to Announce Try for Third Term

LITTLE ROCK, Ark. (INS) — Arkansas' controversial Governor Orval E. Faubus is expected to announce his candidacy for a third term tonight.

Not in modern times has anyone won a third term as governor of Arkansas, but most political observers agree that Faubus stands an excellent chance of winning if he runs.

Thus far the only announced candidate for the Democratic nomination, which is tantamount to election in this one-party state, is Chris Finkbeiner, head of a Little Rock meat packing firm and president of the National Meat Packers Assn.

The primary is scheduled for July 29. If a runoff primary is needed, it will be held Aug. 12.

Faubus, elected in 1954 as a liberal southerner, shot into the national limelight last fall as a staunch segregationist when he challenged the federal government over integration of Little Rock Central High School.

## Bakers' Union Re-Elects Cross

Heads Into Renewed Struggle for Existence Against AFL-CIO

CINCINNATI (AP)—The Bakery and Confectionery Workers International Union is headed into a renewed fight for existence as an organization operating independently from the AFL-CIO.

Its special convention moved toward a close today after delegates despite a surprising show of passive resistance, defied the AFL-CIO by re-electing James G. Cross president.

The union has been expelled from the AFL-CIO for alleged corruption in leadership. Most of the charges centered around Cross.

Before the expulsion order, the AFL-CIO declared Cross should be barred from seeking re-election.

Withdrawal of Alex White of Buffalo, N. Y., left Cross without opposition but delegates representing 493 votes abstained from voting.

Cross received 3,124 votes. The Bakery Workers fight for existence as an independent organization has already started with a new AFL-CIO chartered American Bakery and Confectionery Workers Union. John De Concini, executive vice president of the American group, claimed here yesterday his group has 110 locals with between 70,000 and 75,000 members.

The ousted group claims slightly more than 100,000 members in 220 locals. Fifty-eight small locals do not have delegates at the convention here.

James R. Hoffa, president of the Teamsters Union which also has been ousted from the AFL-CIO, promised in a convention speech that the Bakery Workers would not be alone in their struggles as an independent organization.

## Man Bound Over on Burglary Charge

Robert D. Ray, 26, was bound over to circuit court yesterday for breaking and entering in the night time.

Ray was arrested in Brosley, Mo., on a Pontiac warrant and brought back by Det. Lt. William Nesbitt last week.

He is accused of burglarizing Tom's Bar, 928 Mt. Clemens St., on Nov. 27 and taking change from coin-operated games, plus two boxes of cigars and six cigarette lighters.

Ray waived examination in municipal court yesterday before Judge Maurice E. Finnegan and was remanded to jail when he was unable to furnish \$500 bond.

Virtue Will Out!

JACKSONVILLE, Fla. (AP) — "I don't believe in divorce," said Joseph Piotrowski when told to explain why he had three wives at the same time. Criminal Court Judge William T. Harvey handed the 51-year-old shipyard worker an 18-month prison sentence yesterday for bigamy.

## The Day in Birmingham Police Report Discloses Sharp Increase in Crime

BIRMINGHAM — A sharp increase was noted in both criminal and traffic violations in Birmingham last year, according to the annual report issued by Police Chief Ralph W. Moxley.

There was a 17 per cent increase in major crimes, including two criminal homicides, the report showed. Moxley said there also was a sharp hike in such crimes as rape, robbery burglary and larceny.

Juvenile offenses continued on the upswing with approximately 25 per cent more than in the previous year, the chief's report stated.

Moxley said, however, the increase was due to more crimes by out-of-town youths. Fewer local teenagers appeared in court than in 1956, he said.

Traffic violations were up nine per cent. Three persons were killed in auto mishaps compared to none the previous year, the report showed.

Dr. Lynn Nichols, Wayne State University educational administrator, will speak at the Derby Junior High School PTA meeting at 8 p.m.

## Civil Rights Group Given Senate OK

WASHINGTON (AP) — The Senate yesterday confirmed by voice vote President Eisenhower's nomination for the six-member Civil Rights Commission.

Sen. Lyndon B. Johnson (D-Tex.) the majority leader, praised one of the members, Robert G. Storey dean of the law school of Southern Methodist University. There was no other discussion of the appointees.

Southern opponents of the civil rights legislation had agreed in advance of today's action not to contest the nominations.

Confirmed were John A. Hannah of Michigan, chairman; John S. Battle of Virginia; Doyle Elam Carlton of Florida; Rev. Theodore M. Hesburgh of the University of Notre Dame, Indiana; Storey; and J. Ernest Wilkins of Illinois.

## Asking Record Budget

DETROIT (AP) — School Superintendent Samuel M. Brownell has asked the Board of Education for a record \$128,444,588 budget for the fiscal year starting July 1.

NEW YORK (AP) — An 11-year-old boy says he pushed a 4-year-old girl into the Hudson River to drown last summer because she told his mother tales about him. He earlier admitted drowning a 7-year-old boy.

"I was mad at her," George Jones, the 11-year-old, told police late after he admitted drowning Theresa Murphy.

"I got blamed for things I didn't do and she was always the cause of the blame," he added. Jones said earlier he drowned 7-year-old Louis Diamant last Sunday because the younger boy reneged on a promise of a dime to go roller skating with him.

Because of his age, Jones was held as a juvenile delinquent for a Children's Court hearing March 14. He is a Negro, as was Theresa, whose body was recovered last June. Louis was Jewish.

## Permanent Committee to Function on Voluntary Basis

# Independence Sets Up Recreation Group

INDEPENDENCE TOWNSHIP — A permanent Citizens' Recreation Committee of Independence Township has been established by resolution of the Township Board.

The committee, which will function on a basis and without cost to the township, has seven members who were appointed by Duane Hursfal, township supervisor. They are:

Harold DeLongchamp, 6414 Tappen Ct.; Walter Wilberg, 9520 Sashabaw Rd.; Carl Anthony Jr., 6151 Sunnydale St.; Lee Kelley, 6201 Middle Lake Rd.; William Godfrey, 6372 Peach Dr.; Mrs. Stephanie Frank, 4610 Edgewood St.; and Robert Jensenius, 5670 Dvorak St.

Formal authorization for the group, voted by the Township Board at its meeting Monday, specified that the committee has no authority to contract for services, property or other things of value on the credit or at the expense of Independence Township.

All committee funds must be raised through voluntary contributions.

## Walled Lake Group to Plan Smorgasbord

WALLED LAKE — Preliminary plans for a smorgasbord dinner will be made at a meeting of the Rosary Altar Society of St. William Church tonight in the parish hall.

The meeting will begin immediately after the evening Lenten service.

Recently installed officers who will be present at the meeting are Mrs. Victor Green, president; Mrs. Edward Brinker, vice president; Mrs. William Dolan, secretary; Mrs. Harold Gileczek, treasurer; and Mrs. Arthur Allard, corresponding secretary.

## Plans Extra Sessions

INDEPENDENCE TOWNSHIP — Two extra sessions have been scheduled by the Independence Township Board of Review. They will be held March 11 and 12, from 2 to 5 p.m. and from 6 to 9 p.m. The next regular meetings are slated for March 10 and 11, from 9 a.m. till noon and from 1 to 4 p.m. each day.

**YOU MAY HAVE PIN-WORMS AND NOT KNOW IT!**

Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms... only parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for genuine Jayne's P-W Vermifuge... the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

**JAYNE'S P-W for Pin-Worms**

## Clarkston Girl, Albert Parker Exchange Vows

CLARKSTON — Barbara Jean Theobald of Clarkston and Albert James Parker of Lake Orion spoke their nuptial vows Saturday afternoon at Lapeer. Judge Herbert King officiated at the civil ceremony.

Barbara is the daughter of Mr. and Mrs. George Theobald Jr. of 9585 Eston Rd. The bridegroom's parents are Mr. and Mrs. Lavern Parker of 2196 S. Lapeer Rd., Lake Orion.

The bride wore a gown of turquoise blue with off-white accessories. Her pink carnation corsage was centered with seed-pearls, fashioned in the shape of a heart.

Alberta Parker, a cousin of the bridegroom, was maid of honor. Best man was Jack Parr of Lake Orion.

A reception in the home of the bride's mother followed the ceremony.

The newlyweds are making their home on the farm of the bridegroom's parents.

## Orchard Lake Votes Private-Auction Plan

ORCHARD LAKE — A village charter amendment to permit the sale of village-owned land by private auction was approved yesterday by voters in the Village of Orchard Lake. The charter previously had required that the land be sold at public auctions only.

The vote was 56 to 10. There are 420 registered voters in the village, according to Clerk Lucille M. Smith.

## Rezoning Issue Stalls at Novi

Home Owners Object to Drive-In Theater Site on Pontiac Trail

NOVI TOWNSHIP — The request to rezone a large parcel of land at the southwest corner of West road and the Pontiac Trail to permit construction of a drive-in theater was tabled by the Novi Township Board.

This action at the board meeting Monday followed objections to the zoning change by homeowners near the site of the proposed theater.

In other business, the board adopted a new township ordinance outlining specifications for dog kennels, riding stables and the raising of animals for fur or for experimentation purposes.

Board members also decided to study a proposed curfew ordinance before taking official action. The ordinance was drawn up by Lee Begole, Novi Township police chief; Hadley J. Bachert, township clerk; and Anthony Renne, township attorney.

## Township Review Board Reschedules Meeting

The Waterford Township Board of Review will not meet tomorrow due to a death in the family of one of the members, Byron Cole. The board has scheduled meetings for Friday and March 18, from 9 a.m. to 5 p.m., and March 17, from 1 to 8 p.m.

## Electing PTA Officers Tomorrow in Avon

AVON TOWNSHIP — Stiles School PTA will meet at 8 p.m. tomorrow at Stiles School. There will be an election of officers with nominations accepted from the floor.

A panel discussion on "How can parents best cooperate with teachers and what should parents do or not do to be most helpful?" also is slated. Panel members will be Mrs. Lance Nutter, principal, and teachers Mrs. Clare Rougeux, Mrs. Robert Runser, Mrs. Leo Wenzel, Mrs. William Porter will be moderator. Refreshments will be served.

## Wixom Plans Supper to Get Acquainted

WIXOM — Tomorrow will be get-acquainted night for members of the Wixom Civic Association with a potluck supper slated for 6 p.m. at the Wixom Elementary School. All residents of Wixom are invited.

Each family has been asked to bring its own table service and one passing dish. Refreshments will be available.

A half-hour musical program will be presented by the Wixom Elementary School band under the direction of Halmut Holland-Moritz of the Walled Lake Consolidated School District.

Everett N. Pearsall, president of the association, said that the March meeting will be a social event and not a business meeting.

There are more than 800 types and grades of grease.

## Chamberlain Tops 1958 AP All-America Quintet

NEW YORK (AP)—His team failed to make the NCAA championship tourney this year, but big 7-foot Wilt Chamberlain of Kansas played better than ever and tops the 1958 collegiate basketball All-America announced by the Associated Press today.

Oscar Robertson, Cincinnati's sensational sophomore; Elgin Baylor of Seattle; Guy Rodgers of Temple; and Don Hannon of Pittsburgh complete the AP All-America selected for the AP by a vote of 316 sportswriters and broadcasters from every section of the country.

Chamberlain, Robertson, Baylor and Rodgers led the voting by a wide margin.

Hannon, the little 5-8½ flash halled as the best Pitt player in 30 years, did not threaten the top four in the voting, but was far ahead of Bob Boozer, Kansas State's star. Boozer was sixth in the voting and thus headed the second team.

On the basis of five points for a first team vote and two for a second team placing, Chamberlain polled 1,502 points with 297 firsts; Robertson got 1,330 and 256 firsts; Baylor 1,327 and 249 firsts; Rodgers 975 and 172 firsts and Hannon 717 and 109 firsts. They were the only players to get more than 100 firsts.

Boozer, with 446 points and 62

firsts, has as his second team mates Archie Dees of Indiana (351), Bailey Howell of Mississippi State (330), Lloyd Sharrar of West Virginia (256) and Pete Brennan of North Carolina (218).

Players on the first team will receive certificates from the Associated Press.

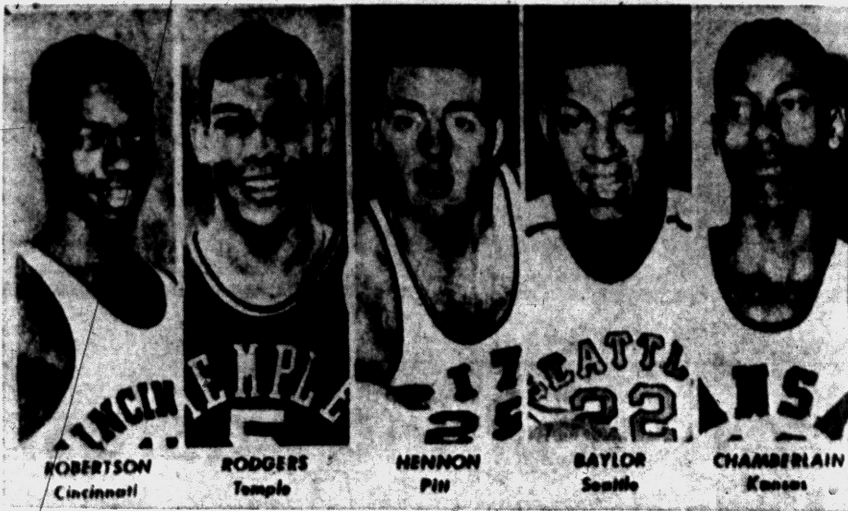

**FIRST TEAM**  
Wilt Chamberlain, Kansas, 7 feet, junior from Philadelphia, Pa.  
Oscar Robertson, Cincinnati 6-4½, sophomore, Indianapolis, Ind.  
Elgin Baylor, Seattle, 6-6, junior, Washington, D.C.  
Guy Rodgers, Temple, 6-6, senior, Philadelphia, Pa.  
Don Hannon, Pittsburgh, 5-8½, junior, Wampum, Pa.

**SECOND TEAM**  
Bob Boozer, Kansas State, 6-8, junior, Omaha, Neb.  
Archie Dees, Indiana, 6-8, senior, Mt. Carmel, Ill.  
Bailey Howell, Miss. State, 6-7, junior, Middletown, Tenn.  
Lloyd Sharrar, West Virginia, 6-10, senior, Fayetteville, W. Va.  
Pete Brennan, North Carolina, 6-6, senior, Brooklyn, N.Y.

**THIRD TEAM**  
Jerry West, West Virginia, 6-3, sophomore, East Bank, W. Va.  
Tommy Kearns, North Carolina, 5-11, senior, Bergenfield, N.J.  
Mike Farmer, San Francisco, 6-7, senior, Richmond, Calif.  
Johnny Green, Michigan State, 6-5, junior, Dayton, Ohio.  
Tom Hawkins, Notre Dame, 6-5, junior, Chicago.

**HONORABLE MENTION**  
Barney Cable, Bradley, Hub Reed, Oklahoma City, Jack Parr, Kansas State, Red Murrell, Drake, Jack Kubasyn, Alabama, Leo Byrd, Marshall, Dave Gamble, Oregon State, Bob Ellis, Niagara, Dom Flora, Washington and Lee, Frank Howard, Ohio State, Doug Smart, Washington, Tony Windis, Wyoming, Bucky Allen, Duke, Earl Robinson, California, Gary Simmons, Idaho, Gede Brown, San Francisco, Vern Hatton, Kentucky, Fred Grim, Arkansas, Wayne Embry, Miami (Ohio), Joe Hobbs, Florida, Hal Greer, Marshall.

END ADV

**ALL-AMERICA CAGERS**—High-scoring players feature the manpower on the 1958 Associated Press All-America basketball team.

Above, from left, are Oscar Robertson, Cincy; Guy Rodgers, Temple; Don Hannon, Pitt; Elgin Baylor, Seattle and Wilt Chamberlain, Kansas.

## Big 10 Considers 10-Game Schedule

CHAMPAIGN, Ill. (AP)—The Big 10 to 10 games was accepted conditionally in a close vote by the Big Ten last December. Approval and a basic minimum of seven conference games at its annual March meetings opening tomorrow.

Faculty representatives and athletic directors also will study proposals to modify the recruiting code and part of the financial aid plan in the sessions that will continue through Saturday in nearby Monticello.

Increasing the football slate from

Conference coaches contend that their squads, practicing virtually from Sept. 1, are in condition for a regular game by the next to last Saturday of September. Under the 10-game chart, the season would open at that time—a week earlier—and close as usual on the Saturday before Thanksgiving.

A special committee headed by athletic director Dick Larkins of Ohio State will recommend that each school play at least seven conference games. Six is now the basic requirement.

Another proposal, vigorously backed by coaches, would permit off-campus interviews with prospective athletes and expense-paid campus visits. This is taboo in the Big Ten although permitted by the NCAA code.

## Body Checks Upset Russia

OSLO (AP)—The Czechs have exposed the weakness of Russia's pattern-weaving ice hockey stars — they don't like hefty body checks.

It all came out in last night's upset, 4-4 tie the Czechs pulled out against the Russians in the World Hockey Championships.

And the result now has fans here wondering if perhaps the Russian, co-favorites with the Canadians, haven't been a bit overrated.

The Russians took a 3-0 lead early in the first period. The Czechs then began handing out a few hard body checks and the Soviets fell apart, at east as a team.

"The Czechs played a Canadian

type of game," American Coach Cal Marvin said. "They body-checked like Canadians. I don't think the Russian can take those type of tactics."

At the halfway point in the 10-day championship, Canada led in the eight nation tourney with a superior goal spread over Sweden.

The Swedes jolted the United States chances of a title with an 8-3 victory yesterday. Observers give the Americans the slimmest of chances of upsetting either Russia's or Canada's title aspirations, and some even see them out of the top three finishers.

## Grain Futures Barely Steady

CHICAGO (U)—Most grain futures held at barely steady prices in early dealings on the Board of Trade today after a firm opening. Traders said there were no significant influences and that a good volume of the business was for technical reasons on both the buying and selling sides. Trade was not more than moderate early.

A stronger demand appeared to be building up in some of the pits toward the end of the first hour. At that time wheat was unchanged to 1/4 cent lower, March \$2.23 1/2; corn 1/2 to 3/4 higher, March \$1.15 1/2; oats 1/4 to 1 cent higher, March 66 1/2; rye 1/4 higher to 1/2 lower, March \$1.32 1/2; soybeans 1/4 higher to 1/2 lower, March \$2.21 1/2; and lard 5 to 17 cents a hundred pounds lower, May \$12.42.
