

Detroiters Get GMC Buses

LUXURY LINE — Detroiters got their first look and ride yesterday on the General Motors Truck and Coach Division's luxury coach line. Fifty new buses — made in Pontiac — were delivered to the Detroit Street Railway Commission after a parade down Woodward avenue. The buses cost the DSR \$7,667,000. Ten of this first shipment are air conditioned. The DSR has 250 more coaches on order, to be delivered in July and November.

It's Official Now: Waterford Edison

By REBA HEINTZELMAN

The Waterford Township Board of Education last night altered its decision to change the name of Waterford Township High School to the Thomas A. Edison High School. In a compromise move, the present high school will now be known as the Waterford Edison, and the second senior high school to be built this year will be called the Waterford Kettering High School.

Only the Board of Education, school officials and a reporter were at the special meeting, which did not receive advance publicity. Supt. William Shunk denied that no advance announcement was made of the meeting in an effort to keep people away.

He said that lack of advance notice was a mistake and contrary to the board's usual practice.

The meeting was called so that Board members could determine what to do regarding a protest against the name change by the Student Council and the Student Affairs Committee of the school. The two groups requested that the Board reconsider its November action in changing the name of the high school.

Following the Board's initial action, feeling throughout the township ran high against the change. Letters from residents, students and high school alumni flooded The Pontiac Press' Voice of the People column for weeks, protesting changing the name of the high school.

Several meetings of the four upper grades were held in an attempt to "get the feelings" of all the students.

Students maintained that school songs, clubs, the year book, class rings, trophies and other important high school facilities and items would come to mean nothing with the change to the Thomas A. Edison High School.

The School Board contended that it had no intention to lose sight of the fine traditions of the township or of its high school. However, the student groups pointed out that present and former students of the school had established state and national recognition in many fields, and wanted the name of the area of their school retained.

It was through the suggestion of one of the students at a Board meeting with students to attach

Truce of Six Months Is Hope in Bus Strike

A group of Pontiac businessmen and city officials hope to bring about a six-month truce in the city's bus strike late this week or early next.

The group met yesterday with an official of Pontiac City Lines, Inc. and outlined plans in an attempt at a long-range solution to Pontiac's bus troubles.

Urges Pontiac to Get Tough on Street Littering

A crackdown on street littering has been urged by a City Commissioner William W. Donaldson.

He told fellow commissioners last night that the city should adopt necessary regulations, set \$100 fine for littering and post warnings throughout the city.

Donaldson further recommended \$25 awards for information leading to conviction of litterers.

"An all-out campaign would keep our streets clear," he told City Attorney William A. East, who was asked to prepare a clean-up plan.

WEST HURON CITED

Donaldson said that some of the worst littering occurs on occasion in the West Huron street area, which was a favorite gathering spot for hot-rodders.

The city banned parking there last year in an effort to break up the hot-rodding, and hot-rodders apparently are "retaliating," Donaldson said, by throwing beer bottles and cans periodically from their cars at night.

Federal Road Cash Busy

WASHINGTON (U. S. P. — More than 100,000 miles of highways have been built under the Federal Aid Highway Act since 1956.

Such an arrangement—adapted in Jackson and Kalamazoo—uses the bus company of local and state taxes, giving it more funds to cover operating costs.

Broomfield Waging Battle for Pontiac Air Service

U.S. Missile Development Gratifies Ike

But President Would Liberalize Law, Shore Atomic Weapons

WASHINGTON — President Eisenhower today called America's missile development record quite gratifying. He rejected proposals for an around-the-clock bomber alert.

At a news conference, the President sided vigorously with Secretary of Defense Thomas S. Gates Jr. and Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff, in their differences with Gen. Thomas S. Power, head of the Strategic Air Command.

Eisenhower rejected Power's call for a continuous airborne bomber alert, and also the general's contention that the United States faces the danger of having its retaliatory striking force knocked out by Soviet missiles.

The President also said today the law should be changed to make nuclear weapons available to responsible U.S. allies.

Eisenhower said he has always been of the belief that this country should not deny to its allies atomic information already possessed by its potential enemy.

PROHIBITS INFORMATION

The Atomic Energy Act now prohibits divulging certain information to any foreign country.

Eisenhower said this law should be made more liberal so nuclear information could be given to countries classified as competent to contribute substantially to free world defenses.

The President said U. S. Allies should not be regarded merely as junior partners without a voice in defense decisions.

Other news conference highlights: —Eisenhower said he would like to see the Constitution amended to provide four-year terms for House members so they would run at the same time presidential elections are held. He also favored a constitutional amendment to give the president authority to veto specific items out of appropriations bills. This, he said, would defeat pocket-vetoing.

—His administration is studying a possible request for an increase of one-fourth of one percent in social security taxes to provide greater care for the aged. (Continued on Page 2, Col. 4)

Bevan Still Recovering

LONDON (U. S. P. — Doctors reported today Aneurin Bevan, 62, is making continued progress in his recovery from a major abdominal operation on Dec. 29.

'Just Plain Off His Head'

HARTFORD CITY, Ind. (AP) — School Principal Leonard O. Redden, outwardly a placid man, is described by longer anguish, to kill two women teachers and then himself.

Redden kept his private fears hidden behind a quiet smile until Tuesday. Then, before their fifth-grade pupils, he killed Harriet Robison, 52, and Minnie McFarren, 62. Finally, in the woods where he used to hunt, he fired his shotgun into his own chest.

Why?

His wife, Hazel, a school teacher and mother of their two children, thought she knew.

"He was just plain off his head," she said sorrowfully. "He thought he was the victim of gossip." The gossip linked him with Miss Robison—but, his wife said, it was all in his own mind.

The 44-year-old educator had been principal of Hartford City's three grade schools for nearly

LEONARD REDDEN

Scene of Drowning

TOO LATE — This long branch was used by John H. Linton, 42, of 1007 Crayview St., White Lake Township, to pull in the body of 4-year-old Gordon Gauthier who fell into the millpond dam at the south end of Osbow Lake at noon yesterday. The rescue attempt was too late. He was the son of Mr. and Mrs. Raymond Gauthier, 130 Hulbert St., White Lake Township.

Israel Border Shooting Resumes in Spite of U.N.

JERUSALEM (U. S. P. — Syrians announced shooting resumed on the Syrian-Israeli frontier today.

A Damascus spokesman for the United Arab Republic's army said UAR outposts shot up a five-man Israeli patrol sent moving toward their positions and that Israeli machine gunners then opened fire.

The machine gun fire possibly was intended to cover the operation of dragging away the killed or wounded members of the Israeli patrol, the spokesman said.

"The patrol was ambushed by our fire and all its members fell today," he said.

At Tel Aviv, an Israeli foreign ministry spokesman said Syrian soldiers seemed to be clinging to fortified positions in the Gaza area, in defiance of a United Nations request that they withdraw.

Col. Raymond Pirlot, Belgian commander of the Israeli-Syrian Mixed Armistice Commission, presented the request to the Syrians. Tuesday, the spokesman said, Israel had demanded that the U. N. "adopt all necessary measures to bring about the immediate removal of Syrian military units" from the area, in a de-militarized zone southeast of the Sea of Galilee where sporadic shooting broke out last Friday.

Premier David Ben-Gurion has warned that Israel would resort to force if the U. N. proved unable to clear out the Syrians.

From Syria, a partner with Egypt in the United Arab Republic, came a report that Syrian commanders expect an Israeli attack at any time. Col. Akram Deery of the U.A.R. declared Israeli troops are concentrating heavily south of the Sea of Galilee.

A few recalled he had been irritable lately and quick to take offense. But he remained outwardly calm in chance meetings and had only the same gentle smile.

They didn't know Redden had been growing increasingly depressed since last spring. He was convinced Miss Robison herself was spreading rumors linking them romantically.

"Of course there was nothing to this idea," said the principal's wife. "But he couldn't throw it off. He chose to believe it, and he couldn't be convinced it wasn't true."

Finally Redden agreed Monday (Continued on Page 2, Col. 5)

Bolsters Local Hopes With Half-Hour Appeal

SPECIAL TO THE PONTIAC PRESS

WASHINGTON, D.C. — Rep. William S. Broomfield (R-Oakland County) today urged federal officials to establish regularly-scheduled airline service in Pontiac.

The Royal Oak congressman's plea launched the city's biggest drive so far for national recognition as an air center.

In a 30-minute statement, devoted fully to the air needs of Pontiac, Broomfield told the Civil Aeronautics Board in Washington:

1. Pontiac Municipal Airport could serve 50 per cent or more of the people in the Detroit Metropolitan Area.
2. Pontiac area industry must have air facilities closer than the Wayne County airports.
3. Regularly-scheduled air passenger and freight service is needed in Pontiac this year.
4. Experts agree to this latter contention and add that Pontiac is the only logical site for a second major jet airport in the years ahead.

OK Funds for Airport Expansion

City commissioners last night approved allocation of \$109,625 this year to wrap up basic improvements at Pontiac Municipal Airport.

The appropriation was necessary for Pontiac to qualify for \$305,625 in federal and state aid.

Total available funds of \$415,250 now be spent on final improvements necessary for an active commercial airport, according to local officials.

Among chief expenditures contemplated are \$96,000 for an front of the terminal-lower building and \$137,000 for a 1,500-foot extension to the main east-west runway.

The runway is 4,000 feet long. These two big projects were once split into two programs—one for this year and one next.

But the federal government, fearful that airport aid may be slowed in 1961, has asked the city to complete both programs before June of next year.

After pointing out the heavy drain on capital improvement funds this year, City Manager Walter K. Williams recommended financing the projects jointly and commissioners supported his suggestion.

\$25,000 NOW

They voted to set aside \$25,000 now for the 1960 improvement; \$25,000 more next month for the 1961 projects; and the balance for the combined programs in July.

Improvements scheduled under the 1960 program total \$348,750, broken down into \$155,250 from federal sources, \$80,250 state and \$60,250 local.

The 1961 program totals \$156,500, including \$83,250 in federal funds, \$33,575 state and \$40,375 local.

Both the 1960 and 1961 programs will get under way as soon as contractors are selected by the State Board of Aeronautics.

It's hoped their completion will jibe with the opening of the terminal building in early fall.

Besides the runway extension, the 1960 program calls for \$15,000 for easement and clearance of the western approach zone; \$92,000 for strengthening the existing 4,000 feet of the east-west runway and its taxiway; and \$12,000 for seal-coating the latter surfaces.

\$33,500 FOR LAND

Along with the apron, the 1961 program calls for \$33,500 for land purchase as well as clearance of trees and a few buildings for the western approach, plus \$37,000 to extend the east-west taxiway to 5,000 feet in length.

The land to be bought is a small parcel south of the east-west runway and east of Williams Lake road.

Half Way to Miners

COALBROOK, South Africa (U. S. P. — Rescue teams neared the half-way mark today as they \$15,000 toward a cave-in that entombed 435 coal miners 12 days ago.

Both teams are working to clear the cave-in, which occurred on Jan. 27, and to rescue the miners. The rescue operation is being conducted by a team of experts from the U. S. and South Africa.

To Back Ike's While Hitting Dems

Nixon Prepares to Draft His Own Farm Program

By JACK BELL
WASHINGTON (AP) — Vice President Richard M. Nixon is quietly getting ready to draft his own farm program for his expected campaign as the Republican presidential nominee.

President Eisenhower plans to send to Congress this week a wide-ranging program constructed on the recommendations of Secretary of Agriculture Ezra Taft Benson.

While Nixon was consulted on broad policies, he had almost no hand in refining these proposals. However, he is certain to support them in line with his established policy of publicly backing all of the administration's suggestions to Congress.

Nixon is well aware that Democrats intend to make a major issue in the election campaign of crop surpluses, declining prices and dwindling farm income. Democrats who now blame all of these on Benson's policies suspect the

new program will be considerably less than satisfactory to them.

FORESEES CONGRESS FIGHT
Anticipating a battle in Congress, Nixon is preparing to draft some proposals of his own. He will air them in later speeches, possibly before the Republican convention platform committee goes into action.

To get a cross-section of agricultural opinion, Nixon has been conferring quietly with a number of leaders in this field.

If this is regarded in some quarters as an effort by Nixon to draw away from Benson as a possible political liability, Democrats made it clear they intend to have a great deal to say about any such move.

Just as Many Indians

TUCSON, Ariz. — In two of Arizona's 14 counties, Apache and Navajo, the Indian population is approximately equal to the total of the white population.

Urge County Plate Control

GOP Wants Them Out of Sec. Hare's Hands; Teacher Pay Bill Filed

LANSING (AP)—Republicans again are asking turnover of auto license plate sales to county treasurers. License plates — date tabs this year — currently are issued by Secretary of State James M. Hare, a Democrat and likely candidate for governor if Gov. Williams steps out.

The proposal for county sale was renewed yesterday by Sen. John P. Smoekens of Coldwater, Elmer R. Porter of Hillsfield and Edward Hutchinson of Farmington, all Republicans.

A similar bill passed the Senate in 1959 but was killed in a House committee.

A teachers' minimum salary bill also was filed by Sen. Philip Ribbel (D-Iron Mountain). Ribbel now has introduced 17 of the 45 bills before the Senate.

Under his plan, the basic starting minimum would be \$3,000.

There's nothing wrong with the average man that a good psychiatrist can't exaggerate. . . . Some times a couple breaks up because a minimum of \$6,300, those with advanced degrees \$6,900.

Deaths in Pontiac and Nearby Areas

CHARLES H. BARBER
Service for Charles H. Barber, 80, of 184 Cherokee Rd., will be held at 1 p.m. Friday at the First Free Methodist Church. Burial will be in Perry Mount Park Cemetery. Mr. Barber's body is at the Dapelon-Johns Funeral Home.

He was an employee of Stewart-Glen Furniture Co. and a charter member of his church.

Surviving are a son, Wilson, of Pontiac; two daughters, Mrs. Elba Talley of Mt. Carmel, Ill., and Mrs. Marcia Houston of Lake Orion.

Mr. Barber died yesterday morning at Pontiac General Hospital after a three-week illness.

LESLIE DAVIS
Leslie Davis of 23 Lexington Place died here early this morning. He was 67. Mr. Davis' body is at the Huntoon Funeral Home.

ROY E. ECKALHAR
Roy E. Eckalhar, 56, of 19 S. Francis St., died yesterday at Pontiac General Hospital. He had been ill several weeks.

He was a member of the First Presbyterian Church and an employee of General Motors Truck & Coach Division.

Surviving are his wife, Jennie; daughter, Mrs. Sheila Howells of Ferndale; two grandchildren; four sisters and a brother.

Service will be held at 1:30 p.m. Friday at the Huntoon Funeral Home.

FRED KINTZ JR.
Fred Kintz Jr., 47, of Drayton Plains, died yesterday after a three-month illness. His body is at Moore Chapel of the Sparks-Cemetery.

Griffin Funeral Home, Auburn Heights.

Surviving are his wife, Myrtle; two daughters, Mrs. Marjorie Nigley of Kingsport, Tenn., and Barbara Kintz of Miami, Fla.; and two grandchildren.

His father, Fred Kintz Sr. of Pontiac, and a brother, Paul of Fostoria, Ohio, also survive.

MRS. FRANK W. SCHROEDER
Word has been received of the death of Mrs. Frank W. (Marguerite M.) Schroeder, 67, formerly of Pontiac, who died Sunday after a long illness in Little Traverse Hospital, Petoskey.

A former teacher in the Oakland County Public Schools, she taught in Emmet and Charlevoix counties until her retirement in 1958 because of illness.

Mrs. Schroeder is survived by a daughter, Mrs. Robert Humphries of Petoskey, and a brother. Service was held at 11 a.m. today at the Stone Funeral Home in Petoskey. Burial was in Greenwood cemetery.

BUREL W. WATSON
Burel W. Watson, 63, of 34 Crescent Dr., died yesterday at the Bloomfield Hospital after an illness of several years.

A former employee of Wilson Foundry Corp., he is survived by a son, Ray at home, and a brother. Service will be held at 3 p.m. Friday at the Huntoon Funeral Home with burial in White Chapel Memorial Cemetery.

MRS. EUGENE E. BARLOW
TROY — Service for Mrs. Eugene E. (Lena) Barlow, 63, of 2136 Briston St. will be at 2 p.m. tomorrow at Price Funeral Home. Burial will be in Union Corners Cemetery.

Mrs. Barlow died yesterday in St. Joseph Mercy Hospital, Pontiac, after a brief illness.

Surviving besides her husband are seven daughters, Mrs. Robert Cummins and Mrs. John Hamner, both of Royal Oak; Mrs. Lyle Buckley of Clawson; Mrs. Harold Embling and Mrs. Edward Mull, both of Garden City; Mrs. Donald Church of Norway, and Mrs. James Vehoski of Detroit; a son, Thomas, of Madison Heights; 20 grandchildren; and 13 great-grandchildren.

Two brothers and three sisters also survive.

JOHN R. BRUCE
TROY — Word has been received of the death yesterday of John R. Bruce, 53, of 2854 Iowa St., in Tucson, Ariz., after a short illness. His body will be sent to Price Funeral Home.

GORDON GAUTHIER

WHITE LAKE TOWNSHIP — Service for Gordon Gauthier, 4-year-old son of Mr. and Mrs. Raymond A. Gauthier, 130 Hulbert St., will be held at noon tomorrow in St. Patrick's Catholic Church. Burial will be in Mount Hope Cemetery.

The boy drowned yesterday when he fell through thin ice on Oxbow Lake.

Surviving at home besides the parents are two sisters, Linda and Janet, and three brothers, Charles, Paul and Patrick. Grandparents Mr. and Mrs. W. Gauthier and Mrs. Grace Partello and the boy's great-grandmother, Mrs. Ruby Partello also survive.

Bill Would Open Up Township Meetings

LANSING (UPI) — The last in a series of "right to know" bills was introduced in the House yesterday.

Rep. William Romano (D-Warren) sponsored a bill to make township board meetings open to the public. The bill would allow an executive or closed session but would permit final decisions to be made only at the public meetings of the boards.

Romano said this move was the last in a series which would make public meetings of school boards, city councils and commissions and county boards of supervisors. The other moves are already law, Romano said.

Sue to Reclaim Drainage Levy

Sewer Was Not Built; Developer in Southfield, Two Firms Protest

Seeking to reclaim \$1,455 assessed for a drain that never was built, a Southfield land developer and two companies filed suit yesterday in Circuit Court.

Rodney M. Lockwood, the Birdwood Investment Co. and the Leasing Corp. seek the return of the money which they said they paid the City of Southfield under protest.

They claim in the suit it is an unconstitutional lien and assessment against their property for the once-proposed Ronge drain which last year, after earlier being sought by petition, was declared unnecessary.

Named as defendants are the City of Southfield, City Treasurer Clara Lane and County Drain Commissioner Daniel W. Barry, and Treasurer Charles A. Barry.

Barry said the Board of Supervisors last year ordered him to assess the property owners in the proposed drainage district—made up of Southfield, the City of Lathrup Village and a part of Beverly Hills—to collect \$15,000 spent for planning the drain.

"We have the legal authority to do this, based on the same benefit theory as if the improvement had been built," Barry said.

Ike's Speech Soothes Guantanamo Hassle

The fact that President EISENHOWER spoke soothingly in his recent speech regarding Cuba appears to be a good stroke of business. He reaffirmed our friendship for the people of Cuba and halted rumors of reprisals.

Coming right in the face of the Cuban anti-American slogan, "Get out of Guantanamo," Ike's talk apparently has had some calming effect.

For us to quit our naval station at Guantanamo under Castro's threat would be about as disastrous to our country as for us to quit West Berlin under Khrushchev's threat. It would be utter folly. Our prestige as a world power would diminish.

The base is vital to the defense of Panama, of the entire Caribbean area and of Latin America.

"The naval base at Guantanamo Bay is not only important for all freedom loving people of the United States," said Rear Admiral C. C. KIRKPATRICK, chief of information of the United States Navy. "It is equally important, because of its strategic location to all freedom loving people of South America as well as the rest of North America."

The base is used continuously by all types of units of our fleet. In both peace and war, Guantanamo Bay will be a major fleet training base capable of rapid build-up for accelerated training of new or recommissioned ships.

To give up this base now would provide a deep water nesting place for Soviet submarines only 20 miles off the southernmost tip of Florida.

Traffic Fatalities Seem Headed for New High

Slow down, Oakland County drivers. You're killing each other at a record pace.

For two years the annual County traffic death toll has remained below 100. Having kept the toll in the low 80's last year, drivers so far this year are heading in the opposite direction.

There were nine fatalities in January and several victims of January accidents are still in serious or critical condition in area hospitals.

The last time there were nine deaths in the first month was in 1957. The toll that year was 103.

In 1958 the January toll dropped to six. Last year - Oakland's best in recent times - January saw only four deaths from traffic smashups.

Moreover, there were only seven fatalities in the first two months of 1959 combined. We're already two over that figure.

So, say law enforcers, slow down or you may become one of 1960's statistics.

Rockefeller May Jump Out of Bushes Soon

Many political observers are convinced that NELSON ROCKEFELLER isn't the resigned and side-stepping boy he makes himself out to be.

There are increasing signs that he may be more or less lurking furtively in the political bushes waiting for a favorable moment when he can leap into the limelight with the ringing announcement: "Here I am."

Open endorsements of Nixon are being withheld in certain places as a hedge on the possible ROCKEFELLER revival in the future. Probably no one

could pry a word out of the worthy gentleman himself, but the country doesn't have to write him out of the picture completely. He may be back. Only time will tell.

Groups Deserve Praise for City Hospital Aid

Pontiac civic service clubs are to be commended for their fine spirit and generosity in assisting toward the purchase of a Cobalt unit for Pontiac General Hospital.

This deep therapy machine is one of the many methods currently used to fight cancer. Any measure of success that can be gained by Cobalt treatment will be well worth the contributions made by our community-minded groups.

Pulling together in a joint effort such as this is the type of activity which builds closer community relations. We should be proud of the leaders that sparked this drive along with the 600 some odd donors.

The Man About Town Banding the Birds

In Southern Mexico and Honduras for 2 1/2 Months

Open: About which this winter cannot make up its mind.

Leaving on an international bird banding expedition are Walter P. Nickell, Naturalist at Cranbrook Institute of Science, and

Karl D. Bailey, who has just retired after a few decades of work in bettering the agriculture and horticulture of this area.

Both of these men have made a wide study of bird work, and will be busy until April 15 or later studying the habits and migration of the multi-colored wild tropical birds of Southern Mexico and Honduras.

The bulls in a pot of hyacinths that has been setting outdoors all winter have been discovered by

Mrs. Howard Paschke of 7710 Cooley Lake Road, who has started to grow, with the buds of the flowers in plain sight.

There's a local angle to the selection of James Arthur Stuart, editor of the Indianapolis Star, as "Man of the Year" by his 11th district of the American Legion. His son is

Lawrence Day Stuart of 6325 Waldon Road, Clarkston.

A ground hog near the home of George Drapo in Waterford Township did not go into hibernation until the recent cold spell. It had only a short nap if it emerged to look things over on the official Ground Hog Day, Feb. 2.

According to tracks in the snow near its burrow, a ground hog near the home of

Thomas Frawley of Walled Lake had been out looking for his shadow a full week in advance of the accepted appearance date of Feb. 2.

Working on their building fund, the Rose Township Ladies Aid

serve what their patrons claim to be the best public supper in Oakland County on the first Saturday in each month.

President of the Genesee County Historical Society,

Donald R. Hayes, has moved to our Birmingham, and

Philip C. Chinn has been elected to succeed him.

He Pays His Money and Takes His Choice

David Lawrence Says: French Troubles Deep and Basic

WASHINGTON—France suspends certain constitutional guarantees, and adopts quasi-totalitarian rule—the free world applauds. This strange paradox emphasizes how easy it is sometimes to accept the philosophy that the end justifies the means. Did President De Gaulle really have to ask for rule by decree? He needed far-reaching authority, of course, to deal with the rebellion in Algeria, but why was it necessary to abandon so much of the constitutional system inside France itself? The answer is that the crisis is deeper than the issues raised by the Algerian insurrection. Premier Debre anticipated criticism and said Tuesday in the formal statement of policy to the parliament: "We do not have enough power to subdue attempts at subversion."

Dr. William Brady Says: Sun Lamp, Vitamin D Helps Fight Psoriasis

Descriptions of disease have no place in a health column, but psoriasis, the silvery scale disease, is a condition of the skin rather than a disease, and so print this piece in response to numerous queries. However, I shall not give advice about the treatment of individual cases of psoriasis. In most instances, psoriasis is worse in winter than in summer, exposure to sunlight or to ultraviolet rays from a so-called sun lamp usually brings about marked improvement, and the condition is less prevalent in tropics than in the temperate zone.

Twenty-five years ago physicians noticed that persons in the habit of taking mineral oil, paraffin oil, liquid petrolatum as an "internal lubricant" were likely to develop psoriasis. Habitual use of mineral oil seriously interferes with assimilation of the fat-soluble vitamins A, D and E from the digestive tract and the absorption of minerals from food.

Surgeons of the Public Health Service reported (Pub. Health Reports, Vol. 52, No. 45) that enormous doses (300,000 to 400,000 units) of vitamin D daily brought about "complete involution" in 11 cases, partial benefit in two cases, no benefit in two cases of psoriasis. They said these massive doses over a period of several weeks were safe for adults, and they concluded that this was a treatment for psoriasis.

Many followers of this column have reported, through the years, that the iodine tablet has controlled their psoriasis—for instructions for taking the iodine tablet send me a stamped envelope bearing your address. I don't remember whether I mention psoriasis in the pamphlet and I can't stop to read the thing now—I might be late for the draw on the bowling green.

A retired physician tells me that he had psoriasis since boyhood and he cured it in three months by excluding sugar from his diet. The cure has lasted three years, but no sugar in that time. He discovered this in dieting for overweight. This is all I know about it. Take it or leave it.

The Country Parson

"It never was important that we love our neighbors as now when we're finding so many new ways to annihilate them."

Voice of the People 'Legislation Is the Answer to Hospital Liability Fight'

There's an appeal now pending in the Supreme Court which involves the issue of whether or not non-profit hospitals should be immune from damages suffered by persons who have been injured as a result of the negligence of a hospital employee.

A more satisfactory way to resolve this issue would be to have appropriate legislation enacted.

I strongly urge such a bill in the Legislature. Although such an act would take away immunity, at the same time, liability for damages should be restricted to \$15,000 or \$20,000.

There have been a number of very serious cases in public hospitals. Recently The Pontiac Press has noted some of these have involved rather serious acts of negligence on the part of employees and at the present time the Supreme Court decisions state that any person injured by such negligence cannot recover damages.

Tour of Hospital Gives True View

We recently took a tour of Pontiac General Hospital, and it proved a very interesting and enlightening evening. The old adage, "Seeing is believing," is true in this case. We've all read articles and heard talk about the hospital, but after being conducted on the tour, you realize the actual accomplishment of the staff.

Urges Large Vote in Herrington Heights

After reading many of your editorials urging people to register and vote, I offer a plea for people in my precinct. I hope all voters in Herrington Heights realize Feb. 8 is the last day you have to register.

City Commissioners will be selected in this election. We're very fortunate to be able to vote to the school and away. Let's not all do it this year. Let's show people of Pontiac what a civic-minded group we are.

Anyone in this precinct desiring to register and in need of transportation or baby sitting service, please call me.

Mrs. Judy Brown 1199 Maquon FE 84338

'Settle Police Mess, Enforce Dog Laws'

Please, Mr. Commissioner, hurry and settle the Straley and Eastman controversy and get busy on seeing our dog laws are enforced. If necessary, hire a few extra dog wardens for a month or two, just to cruise the city and pick up all loose dogs.

It isn't fair to us who don't own dogs or who keep dogs tied up to have to watch a pack of dogs ruin our yards. And a gentle male dog will often turn vicious when a female is in the pack. It's a danger to children. Don't let Pontiac go to the dogs.

Mrs. Harlan Mathew 660 Second St.

Case Records of a Psychologist: Offers Solution for Platonic Mate

Mavis says her husband is platonic and treats her as unromantically as if she were his mother. Millions of married couples have this problem, so learn how to solve it quickly, for it is usually easy to remedy.

By DR. GEORGE W. CRANE Case D-469: Mavis M., aged 38, is an attractive housewife. "But, Dr. Crane," she protested, "my husband is no longer romantically interested in me! That's a tragic fate!"

"He is a platonic mate and while he still comes home for his meals, he shows no more ardor than his mother."

"Yet he is only 43, so why is he so stolid and disinterested in affection?"

The two greatest "love killers" in modern matrimony are tobacco and obesity!

Cigaret smokers often begin to grow platonic in the late 30s. And if they are also considerably overweight, then you can be fairly sure they make indifferent husbands before they reach 50.

In counseling with thousands of men, I find that platonic husbands are almost invariably smoking addicts. That was the case with Mavis and her husband. For he weighed 210 and was a chain smoker.

But Mavis herself had lost much of her allure by having developed a plump matronly figure. On her wedding day, she told me, she weighed 115, but now she

Send for my booklet on "How to Break the Liquor and Tobacco Habit," enclosing a stamped return envelope, plus 20 cents (not profit). See follow-up tomorrow.

Titan Success Spurs U.S. Hope

May Help to Narrow
Missile Gap, Provide
Strong Space Vehicle

CAPE CANAVERAL, Fla. (AP)—The successful firing of an intercontinental range Titan has raised America's hopes of narrowing the missile gap between this nation and the Soviet Union.

It also may provide the United States with a powerful new space vehicle.

For the first time in nine months, a Titan flew successfully Tuesday. The 31-foot missile roared from its pad, and two minutes later its huge second stage ignited for the first time.

THE LAUNCH
The 24-ton second stage, generating 80,000 pounds of thrust, is the largest and most powerful ever fired in flight by the United States.

When operational, it will be able to hurl a nuclear warhead 9,000 miles, maybe farther. The upper stage was not fully fired Tuesday and traveled only 2,000 miles. The firing of the Titan second stage at an altitude of about 27 miles demonstrated the feasibility of using large liquid-fuel engines for space exploration. This engine is five times more powerful than any previously ignited in flight by the free world.

Families Stay in Old Homes; Men Use DC3s

LONG BEACH, Calif. (AP)—A hundred Douglas Aircraft engineers transferred from Long Beach have escaped the headaches of packing their families and furniture off to a new locality.

They are staying right where they are — and commuting each day by plane.

Their new jobs are in Santa Monica, a 35-mile drive from Long Beach through dense traffic. They said they found home prices high in the Santa Monica-West Los Angeles area. Anyway, their wives wanted to stay.

Stewart Air Service agreed to fly the engineers to and from work for \$50 each per month. Three DC3s now carry capacity loads back and forth daily.

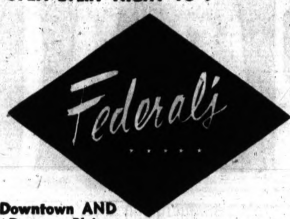

Detroit Barring Compact Cars for Use as Taxis

DETROIT (AP)—This city is giving a cold shoulder to the smaller compact cars introduced this year by the automotive industry's Big Three.

Mayer Louis Mirani has ordered police to hold up taxi licenses for such cars until he receives a report about their convenience as public transportation.

General Motors, maker of the Corvair; Ford, maker of the Falcon; and Chrysler, maker of the Valiant, declined comment.

Carole Wins Testimony Victory

Finch to Describe Death Night

LOS ANGELES (AP)—Dr. R. Bernard Finch, on trial for the slaying of a woman, today told a jury he has never before related in public his account of the night his wife was shot to death.

Since Barbara Jean Finch was killed outside the couple's hour-long suburban home last July 18, the doctor has told authorities nothing of what happened that night.

The only indication of what he may say has come from an earlier suggestion by the defense that the 42-year-old doctor will maintain the shooting was accidental or in self-defense.

Finch's red-haired mistress, Carole Treglio—accused with him of murder and conspiracy—has given her version three times, the last under oath at the doctor's preliminary hearing.

Tuesday, however, the defense won what it termed a major victory when the court ruled that Carole's sworn testimony may not be used against her. This means the prosecution cannot refer to what it calls damaging testimony by the 25-year-old ex-model.

Carole smiled with delight when Superior Court Judge Walter R. Evans made his ruling. At recess

he kissed her attorney, Robert A. Neesh, on the cheek.

CAN USE 3 STATEMENTS

The court did rule, however, that two earlier statements Carole gave police may be admitted in evidence. The prosecution closed its case after reading these statements into the record.

In all three accounts, Carole said she and Finch drove from Las Vegas to the Finch home in West Covina July 18 so they could talk to the doctor's 36-year-old wife about the divorce she was seeking.

At the home, Carole said, Mrs. Finch pulled a gun, the doctor grabbed for it, and she, Carole, ran.

But in the first two statements, to detectives, Carole didn't say she carried an attaché case belonging to Finch, which was found at the home after Mrs. Finch was killed.

In sworn testimony she said she had carried the case up the hill to the home. In the case—called a murder kit by the prosecution—were such items as sleep-inducing drugs, a clothesline, a butcher knife and pistol bullets.

Carole was arrested as she left the stand at the doctor's preliminary hearing last July 29 because, said the state, she had changed her story. The defense argued her testimony at the hearing should not be admitted because she was not told before-hand it might be used against her.

Most of Germany is flat lands, a few mountains.

McLouth Union to Vote on Steel Contract Friday

DETROIT (AP)—Some 4,200 workers at the McLouth Steel Corp. will vote Friday on a new contract aimed at ending a week-old strike at three Detroit area plants.

Tentative agreement on the new pact was announced yesterday. Details were withheld pending the ratification vote.

**State Road Construction
Pacts Hit \$138 Million**

LANSING — In Contracts totaling 138 million dollars were let for new construction in 1959, the State Highway Department said.

A firm tabulation showed 2,341 bids were received on 306 projects advertised at 27 public tellings.

Record 450 firms were qualified to bid on state road work.

★ ★ ★

The original Olympic Games were held in Greece. Three Olympics made the first known record of such athletics in 776 B.C.

Kids Eat Gook Nowadays

and standards of living "is having the same effect upon the community as a plaster cast on the muscles of the body."

He might have been talking about the "ice eating problem."

The American Dietetic Assn. pinpoints the major aspect of the trouble: Skippy breakfasts or no breakfast at all; bad diets for weight control or complexion problems; excessive teenage use of high carbohydrate snacks, which means disruption of regular, mealtime eating patterns; the breakdown family eating together at mealtime.

An organization named the National Food Conference Committee has been formed by some of the most prominent public health and dietitians in the U.S.

The committee has sensibly sponsored a youth group, and in effect dropped some of the problem right

program of exposing the why of proper eating, through the high school, 4-H clubs, the YWCA and Boy Scouts.

Might even work.

Hotel Renovation Due

BATTLE CREEK — A 120-room section of the 59-year-old Post Tavern, a downtown Battle Creek landmark, is scheduled to be torn down, leaving the hotel operating only a 70-room newer section.

Part of the hotel is to be remodeled, beginning next spring, into a modern hotel motor inn.

No cost estimate was given.

City-Township Fight Over \$100,000 Supervisors Debate Roads

By GEORGE T. TRUMBULL, JR.

One hundred thousand dollars in county monies surplus from last year remained untouched today as city-supervisors contended their rumble over who should pay for the use of local township roads.

City supervisors met today to consult their respective councils and commissions.

Hanging fire is \$100,000 which the Road Commission is anxiously awaiting in order to supplement state funds. This would allow replacement of 13 damaged bridge-culvert projects in 13 different townships.

Road commissioners appealed to the Ways and Means Committee of the Board of Supervisors this morning in a special hearing, saying they "need support and financial help from all possible sources."

They were backed up by a handful of township supervisors who said townships were entitled to the \$100,000, especially, they said, because motorists from the city make up about half the traffic on the local roads.

Their arguments to reaffirm the transfer of the unused money so that the improvement work, originally scheduled for last year, can proceed, focused a city stand that townships "aren't carrying their share of the load now."

This stand, backed by the Fern-

"generally improved" collection of receipts.

Goodspeed today also questioned whether the funds were actually non-tax receipts, or were they, he asked, "pennies from heaven."

While supervisors were cheered last month when informed of this suddenly uncovered non-tax surplus, they had more reason to cheer today when the W-M Committee learned from auditors that there was also a surplus of \$226,622 in tax revenues from last year.

While they were stalling on this, they had more reason to cheer today when the W-M Committee learned from auditors that there was also a surplus of \$226,622 in tax revenues from last year.

\$100,000, Chairman David Levinson's committee today rapidly approved using the \$226,622 for buying new furniture and transporting old furniture from the old to the new courthouse.

Pontiac Woman in Primary Race

Mrs. Edith Keehn of District Four Urges Willman Be Fired

A District 4 mother has become one of the few women ever to enter a Pontiac City Commission race.

Mrs. Edith M. Keehn, 183 Pinegrove Ave., filed a petition yesterday placing her name in nomination in the March 7 primary.

"It's time the mothers of Pontiac took a hand in cleaning up the mess and confusion now existing in the management of our city," said Mrs. Keehn, a mother of three.

Mrs. Keehn said that the city's police squabbles should be settled and believed that firing city manager Walter K. Willman could help accomplish this.

She said the manager was wrong in appointing George D. Eastman as public safety director.

Mrs. Keehn also called for more children's recreation facilities on Pontiac's north side and "wiser and more economical use of the taxpayer's money."

The candidate, a widow, is employed in the payroll office at GMC Truck & Coach Division. She has lived in Pontiac 28 years.

Lindsay to Marry Showgirl, Too Bing's Third Son to Wed

LOS ANGELES (AP)—Another Las Vegas showgirl is joining the Crosby family.

First Bing's son Phillip married Sandra Drummond, and son Dennis wed Pat Sheehan. Both were showgirls at the Tropicana Hotel in Las Vegas.

Now Lindsay Crosby, Bing's youngest by the late Dixie Lee Crosby, will take a Las Vegas showgirl bride. He'll be married Saturday to Barbara Frederickson, 22, 5-foot-4, shapely and blonde. She was a chorine at the Desert Inn four years.

She and Lindsay met when he went to Las Vegas to attend brother Dennis' wedding. When the Crosby brothers brought their act to Las Vegas last fall, Lindsay renewed the acquaintance.

The ceremony will be in St. Paul's Catholic church with all the Crosby clan present.

The only one of Bing's elder sons still unmarried is singer Gary Crosby.

Bing and his wife, the former

City Water Use Runs High in '59

Total Near 4 Billion
Gallons With Pumping
Split Evenly

Pontiac's Water Department pumped nearly a half-billion gallons more last year than in 1958. The total last year was 3,929,843,000 gallons, Joseph W. Gable, water superintendent, reported.

The pumping was split evenly between the Walnut Street Pumping Plant and the various high service wells that pump directly to the city water system.

Only about 3,300 feet of new mains were constructed, Gable said.

At the end of the year, the department serviced a total 20,431 connections, 19,283 of them metered. There were 2,264 meters turned on or off.

Fifty-nine service leaks were repaired and 26 main leaks; 23 services replaced; 269 hydrants repaired or replaced; 57 gate valves installed or replaced; and 968 curb boxes repaired.

Speak Portuguese

RIO DE JANEIRO — Brazil is the only country in South America in which Portuguese is the native and official language.

HAPPY BIRTHDAY KISS — Fritz Kreisler, violinist, is about to get a birthday kiss from his wife at a Tuesday New York City Hall party where he was honored by city officials on his 85th birthday. Kreisler received the city's honors

from Mayor Robert Wagner. Wounded in World War I and struck by a taxi several years later, Kreisler says his durability is a present from God.

AP Wirephoto

NBC Initiates Video Cleanup

Orders Shows Viewed
by Children to Dump
Violence, Leering Sex

NEW YORK (AP)—The National Broadcasting Co. has moved to eliminate extreme violence and leering sex from television shows watched by children.

James A. Stabile, NBC vice president in charge of standards and practices, Tuesday issued a directive to production organizations.

"To show an actor firing bullets into a victim already dead is entirely superfluous, not to say morbid," it said.

"To extend a fist fight into a prolonged beating and to show close-ups of facial injury goes well beyond the needs of establishing conflict, and borders on the sadistic."

"Such extremes of violence will not be used on NBC programs for children."

Stabile said it was all right to show "affection between man and woman — this need to touch one another and, in so doing, to demonstrate love."

But, he said, "in meeting our responsibilities to the family audience we can do without the leering, brutal set of the jaw, and the

intent to possess as the symbol of power and determination." Stabile said parents also have a responsibility in determining what their children watch on TV.

Springfield's New Major Medical Expense Plan

This new plan covers medical expenses both in and out of the hospital.

Here are a few examples of Covered Medical Expenses:

- DOCTOR'S BILLS
- SURGEON'S BILLS
- HOSPITAL ROOM AND BOARD
- REGISTERED NURSES
- ANESTHESIA
- PLASTIC SURGERY
- BLOOD TRANSFUSIONS

Expenses incurred for mental or nervous conditions are included in Covered Medical Expenses only as follows:

1. Medical treatments up to \$15 per treatment or \$100 per series of treatments.
2. Surgical operations.
3. Medicines and medical supplies obtained outside a hospital on a doctor's written prescription.

HE RE-GREW HAIR

Before Erickson Treatment A Few Months Later
Thomas A. Melton Jr. (above), shows he re-grew hair by the Erickson Home Treatment method.

Hair Specialists Here Tomorrow; Will Show How to Save Hair and Prevent Baldness

CHICAGO — New home treatment methods for saving hair and improving its growth will be demonstrated in Pontiac, Michigan on Thursday, February 4th, 1960 only.

Trichologist L. E. Schriber will be in charge, representing the dynamic Erickson Hair & Scalp Specialists organization. He will personally examine hair-worried men and women from 11:30 to 7:30 p.m. tomorrow at the Waldron Hotel, Phone FE 5-6168.

At the home office of the Erickson organization, a cure, even more successful method of treatment was announced — a treatment that you can easily administer yourself at home.

This new treatment is neither "mail order" nor "cure-all." It is adapted to the individual after a personal examination and progress is checked personally at regular intervals by an Erickson expert.

Who Can Be Helped?
For many years now Erickson Hair & Scalp Specialists have been checking the hair of thousands of people across the country. They have encountered and dealt with hundreds of cases of every kind of hair trouble. From this experience has grown the body of scientific knowledge leading to the development of the new Erickson home treatment.

Will the new Erickson treatment cure baldness? "No!" For we cannot help men and women who are sick-bald after years of gradual hair-loss. But if you still have hair, and your scalp is still creating hair, you can at least save and thicken what you have. Some conditions, such as "spot baldness" usually have complete coverage if caught in time!

Other conditions that usually bring on excessive hair loss — dandruff, itching, over-oxidation or dryness, follicle clogged with sebum or sorbates — can be corrected by the Erickson home treatment if caught before the "hair factories" are destroyed.

Evidence of the success of the Erickson method is that the organization has quickly expanded to serve hundreds of cities in 32 states.

The most important thing is: "Don't wait until it's too late."

Surveys among men and women in all walks of life show that the worst enemies of your hair are (1) skepticism and (2) procrastination. The average balking person justifies his condition with one or both of these two statements:

"I don't think anybody can stop hair loss" — or "Oh, I'm going to see an expert when I get around to it."

Dinner to Honor Lee O. Brooks

On Road Commission 22 Years; Also Worked With Boy Scouts

Friends and former fellow workers of Lee O. Brooks, retired Oakland County road commissioner, will reminisce with him tomorrow night at a testimonial dinner in Pontiac.

Not only will those 300 persons expected to attend help Brooks recall his memorable 22 years with the Road Commission, but his love for the Boy Scouts of America movement will share in the spotlight.

Edward H. Leland, scout executive for the local Clinton Valley Council, will be on hand at the Elks Temple to recall all Brooks has done for scouts. Boy Scout Week, Feb. 7-13, will be in observance of the Scouts 50th Anniversary.

Brooks, who retired Dec. 31 due to ill health, holds the Silver Beaver award — highest that can be achieved with the council.

His fellow commissioners over the years, Sol D. Lomerson and Robert O. Felt, Board chairman, will speak briefly. Brooks' successor, Hiland M. Thatcher, will be there too, as will Delos Hamlin, chairman of the Board of Supervisors.

Oakland supervisors and members of other county road commissions are expected to attend the 6:30 dinner also.

Denver Youth Exerts Disturbing Influence

DENVER, Colo. — Hallack Kingston, 19, walked into a police station here and shouted: "You can find me outside."

Then he fled. Policemen hurried outside, found Kingston waiting. They led him to a cell. Kingston was charged with creating a disturbance.

Pooches Lead Dog's Life — Outnumbered by Cats

NEW YORK (UPI) — Sales of cat food will top \$60 million and cats will eat up another \$45 million worth of dog food in 1960.

The cat food manufacturer said that the current U.S. cat population total 28 million, compared with 25 million dogs. It also estimated that 24 per cent of American families — about 12 million — own one or more cats.

Prof. Negroes Booted From Georgia's House

ATLANTA (AP) — "I suppose we should have known better than to come," said a white professor of a Negro college after he and two

of his students were ejected from the Georgia House of Representatives gallery for sitting together. Dr. Ovid Futch, history professor at Morehouse College of Atlanta, was threatened with physical violence by doorkeeper J. R. Smith if he did not leave.

33 Daily Papers

AUKLAND — There are 33 daily newspapers in New Zealand and five of them have circulations of 50,000 or more. New Zealand's population is about two million.

Women Voters on Stage

State Constitution Kiddled

AVON TOWNSHIP — A comedy skit comparing the state and national constitutions highlighted last night's meeting of the Associates of North Central Christian College at the school.

Lawsuit Filed Over Beating

Roy Pappas Suing City of Detroit, Restaurant for Loss of Eye

DETROIT (UPI)—The City of Detroit and a Greektown restaurant were codefendants today in a million-dollar lawsuit filed by a relative of a missing gambler and central figure in the police graft investigation.

Roy Pappas, 33-year-old Ford Motor Co. worker, charged a policeman stood by and watched him receive a severe beating at the Grecian Gardens restaurant. Pappas lost his left eye in the attack which occurred Sept. 27, 1958.

Pappas' distant cousin, Thomas Karamanos, detailed alleged gambling operations in a letter to the police commissioner and also charged that police were accepting bribes to protect gamblers. Karamanos has been missing since early last month.

Pappas said he got no help from the owners of the restaurant or patrolman who was nearby. His suit, filed yesterday, did not name the officer, but Patrolman Raymond Bilecke, 35, said he was on duty at the place on the night mentioned by Pappas.

Bilecke said he saw no "altercation" and refused to comment further.

Accurate information about the many-sided police department graft investigation was hard to come by since Mayor Louis Miriani ordered all news "filtered" through the prosecutor's office.

Miriani said he wanted to be sure "only the truth" was released about the probe. City inspectors from various departments moved through Greektown yesterday, looking over the coffee houses for health code violations as part of the mayor's "harassment policy." No formal notices of violations were issued. However, 15 houses were ordered to "clean up."

Entitled "Success in Sixty," the skit was staged by the Provisional League of Women Voters from Rochester under the direction of Mrs. Oscar J. Sorenson. Producer was Mrs. William Chapman.

The play, written by the Birmingham League, personified the state and national constitutions, portrayed by Mrs. Loren Pope and Mrs. Joseph Fox respectively, appearing on a television panel program.

"Miss Michigan" was "over-dressed" with baubles representing "earmarked funds," too many elective and appointive offices and too many amendments. "Miss Federal Government" was "streamlined" by comparison.

Other cast members included Mrs. Ronald Featherstone, announcer; Mrs. George Stoughton, panel moderator; and Mrs. Arthur Caribbers, Mrs. Don Kemler and Mrs. Wilson Severance, beauty experts.

Mrs. Lewis B. Arkcott introduced the program. Some 340 women attended, including visitors from Escanaba, Montreal and Nashville, Tenn.

Refreshments carrying out a Valentine theme were served by the Clawson group.

Asks Examination in City Burglary

A Pontiac man suspected of having broken into the Sno-Bol Company, 25 W. Walton Blvd., last weekend, demanded examination on a breaking and entering charge yesterday before Municipal Court Judge Cecil B. McCallum.

Charles W. Wood, 36, of 47 Charlotte St., was arrested for investigation of breaking and entering in the nighttime Monday night by Ferndale Police.

In Wood's car police said they found items that had been taken from the Pontiac firm last Saturday. Wood was turned over to Pontiac Police yesterday.

Wood denies any knowledge of the burglary. He was returned to the Oakland County Jail after failing to furnish bond set at \$25,000 by McCallum.

His examination is set, for Feb. 10.

Some rooms in the Faculty at Boston University have no doors. Hidden panels in the doors open them.

State Man Discovers Diamond

MURFREESBORO, Ark. (AP)—A Michigan man found a 6.42 carat diamond, worth an estimated \$6,000 in Arkansas' Crater of Diamonds yesterday.

"I was just about to give up when I spotted the stone on top of the ground," said Niles Bach, 25, of Ludington, who described himself as an "amateur rockhound."

Bach, a baker by trade, will get to keep 75 per cent of the \$6,000 which Howard Millar, operator of the Crater of Diamonds, estimated the stone will be worth when cut.

Millar gets the other 25 per cent of the proceeds. He said the flawless golden canary stone would cut about 3 1/2 carats.

Visitors are charged \$1.50 a day to hunt diamonds in the crater. Finders get to keep any stone up to five carats. Millar reserves 25 per cent interest in any larger stone.

Several large diamonds have been picked up by tourists. The largest was the "Star of Arkansas," which weighed 15 carats in the raw and 8.24 carats cut. Mrs. A. L. Parker of Dallas, Tex., found the star in 1956. Its value now is placed at \$80,000.

The Dangerous Hours

PHILADELPHIA—Most dangerous period for accidents on farms is from 2 p.m. to 4 p.m. on Saturdays, a Pennsylvania survey showed, and most mishaps involved younger workers and teenage boys.

Another 4 Per Cent on Insurance

Vets to Get Dividend Hike

WASHINGTON (UPI)—Veterans today were assured higher cash dividend payments on their GI life insurance policies, starting next year.

Veterans Administration officials said the increase probably will be about four per cent in 1961, with prospect of further increases in future years. The increased payments will go to an estimated 5 million veterans holding National Service Life Insurance (NSLI) policies issued in World War II and about 300,000 Korean War veterans. A VA official said it will total about 10 million dollars.

The 5 million veterans, mostly of World War II, who hold NSLI policies are scheduled to receive dividends averaging \$60 this year. The boost is expected to raise the average dividend to about \$62 in 1961.

The liberalization in dividends results from an administration decision to increase the rate of interest on Treasury securities held by the two insurance "trust funds." The plan adopted by the administration several weeks ago had

been held in abeyance to give the House Veterans Affairs Committee a chance to consider it.

The proposal was a green light from the committee Tuesday after a brief hearing at which Acting Treasury Secretary Julian B. Baird testified in support of the proposal.

The administration already has authority to put the plan into force. Baird said it would do so "at once" unless the committee objected.

Pal Puts an End to a Mighty Odd Candidacy

CORPUS CHRISTI, Tex. (AP)—Attorney Roy Scott who filed as a Democratic candidate for the Legislature withdrew from the race Tuesday because a Republican friend wouldn't lend him the filing fee.

Scott, who filed for the office Monday, said he asked "a prominent Republican friend of mine to lend me \$75 for my filing fee. He wouldn't lend it to me. Therefore I am withdrawing from the race for representative."

The fee does not have to be

paid at the time a candidate files.

"If elected, I promise I will do absolutely nothing—because everything they do up there in Austin costs me a lot of money," Scott said when he filed.

"As to politics, I've run as a Democrat in the primary in order to have a voice in local government. I'll vote Republican in November, Scott added.

Iron Had Top Value

NEW YORK (UPI)—Letters that passed between the Hittite kings of Asia Minor and the pharaohs of Egypt in 1600 B.C. show that iron was five times valuable as gold and 10 times costlier than silver in the "iron age" economy.

Voters in India Put Reds Out of Office

TRIVANDRUM, India (AP)—Communism has been rejected by the voters of the former Red-ruled state of Kerala. Three years after this South Indian state became the only significant-sized area to give the Communists power in a free election, an anti-Communist alliance has decisively defeated them at the polls.

As the count of Monday's balloting continued today, the alliance established a secure hold on Kerala's new Legislative Assembly. A new government will

be formed by those who led the agitation last summer that resulted in the ouster of the Red regime.

Must Follow Rules

SPRING GROVE, Va. (AP)—Retired after 43 years as a rural route carrier, J. F. Huber faces a new problem. For the first time in his life he must put up a mail box at the entrance to his home.

College Grads Keep Their Jobs in Recession

ANN ARBOR (UPI) — The University of Michigan Survey Research Center Tuesday came up with some sound economic reasons for getting, as much education as possible.

The center said that persons with a college degree had a 9-out-of-10 chance of being able to work throughout the 1958 recession.

For those with a high school education the chances were about three in four. And for those with less than nine years formal education, the odds were only a little better than 50-50.

To Restore Security in Defense Factories

WASHINGTON (U) — The House voted Tuesday to restore a security program in defense factories that had been invalidated by a Supreme Court decision.

It passed by voice vote and sent to the Senate a bill specifically authorizing the secretary of defense to set up such a system. The secretary would be allowed to set standards for access of any contractor or employee to secret information.

The court last year ruled it had not been made clear that Congress had authorized the procedures ordered by the secretary of defense.

Approval of Poll Tax Ban in House Means Progress

By JAMES MARLOW

WASHINGTON (AP)—Progress in civil rights may seem small-slow to Southern Negroes who have been denied them. But some progress is being made, in bits and pieces.

Tuesday the Senate, by a two-thirds vote and without a Southern filibuster, approved a constitutional amendment to outlaw any requirement for payment of a poll tax before a person can vote in federal elections. Only five Southern states still have a poll tax.

The ban won't become a reality unless two-thirds of the House, and after that three-fourths of the states, also approve. The states have seven years in which to act. Perhaps the long delay before the tax can be banned explains in part why Southern opposition to it was less than all-out.

The amendment was even sponsored by a Southerner, Sen. Spessard Holland (D-Fla.).

Maybe a better explanation is that the poll tax as an issue has lost most of its significance. Negroes are better able to afford such a tax now than they were in the poverty-stricken years of the past.

Nowadays Southern whites who want to keep Negroes from voting use other means: intimidation or blocking them from registering. Yet, no longer ago than the 1940s, anti-poll tax proposals were a flaming issue.

It may be seven years before the states approve the constitutional amendment accepted by

Lawrence Sets Evening Classes

Registration to Start Monday at Tech School on Northwestern

Lawrence Institute of Technology will begin registration Monday for its evening division classes. All classes will begin during the week of Feb. 15.

The college, located at Northwestern Highway and West 10-Mile road, is offering three types of evening programs.

Students who elect a bachelor of science program in engineering attend classes on Monday, Wednesday and Friday evenings. Degree work can be completed entirely in evening sessions in civil, industrial, electrical, mechanical and architectural engineering.

Technical Institute classes, leading to an associate in engineering degree, are held on Tuesday and Thursday evenings. Courses include building construction, refrigeration and air-conditioning, electrical, mechanical and industrial supervision.

Classes under the pre-college program are offered Wednesday and Friday evenings. These are for high school graduates lacking required subjects for engineering. They may complete the subjects before enrolling in college classes.

the Senate, provided two-thirds of the House members also go along. It is still questionable whether the states will approve.

But the dam against civil rights progress was broken in 1954 when the Supreme Court outlawed public school segregation and made civil rights such a national issue that neither the North nor South could ignore it.

It is doubtful that Congress in 1957 could have passed its first civil rights bill in 82 years—also without a filibuster — if the Supreme Court hadn't broken down the barriers.

Later this year there is a strong possibility that another civil rights bill — perhaps more meaningful than the extremely mild one of 1957—may get through.

Reports Patents Take Year and a Half Now

WASHINGTON (U)—If you have invented something patentable, and you are diligent, you may get a patent in a year and a half.

In reporting this to a House appropriations subcommittee, Commissioner of Patents Robert C. Watson said his office now is giving "the most prompt service to applicants since the end of World War II" and "our goal is for even more prompt service."

Yellow River Canal to Irrigate in Mongolia

TOKYO (U)—Peiping Radio said Tuesday work has begun on a 208-mile canal that will carry the waters of the Yellow River to irrigate the arid regions of Southern Inner Mongolia. The canal is part of a long-term Chinese Communist project to harness the Yellow River.

Peiping claimed the canal, with a network of irrigation ditches radiating from it, will turn hundreds of thousands of desert acres into pasture and farm land.

Need Some New Recipes for Shrimp?

By JANET ODELL

Postlet From Home Editor
Have you ever noticed that people who like shrimp can eat almost any amount of it? If you are serving the pretty pink shellfish at a party, your guests will do away with five pounds as easily as with two. Like salted peanuts, one shrimp calls for another one.

If you feel energetic, you can buy fresh or frozen shrimp, cook them yourself and clean them before serving. If your time is limited, or you heartily dislike the cleaning job, you can buy cooked and cleaned shrimp in canned or frozen form. Going one step further, you can buy it all breaded, ready for deep fat frying.

Let's not have fried shrimp this time. Let's try some other recipes.

We have discovered the convenience of frozen fish portions. They're squares or rectangles of boneless, white-fleshed fillets of fish. You cook them as you like. There is no waste and each package serves a specific number of people.

A different way of serving them will be with a shrimp sauce.

Fish Portions With a Shrimp Sauce
Prepare fish according to package directions. Serve with a shrimp sauce.

SHRIMP SAUCE: Cut ½ pound cooked and cleaned shrimp into small pieces. Melt 2 tablespoons butter or margarine in a saucepan. Add 2 tablespoons minced onion and cook until soft. Add 2 tablespoons flour and stir until well blended. Add 1 cup water, stirring to blend. Cook, stirring constantly until sauce is thickened. Season to taste with salt and pepper.

Stir a little of the hot sauce into a slightly beaten egg yolk. Then add egg to sauce. Add cut-up shrimp and cook until shrimp are hot. Do not let sauce boil after egg is added. Serve over heated fish portions. (Makes about 2 cups sauce.)

In this next recipe you use uncooked shrimp that have been shelled and deveined. What makes this unusual is the Blue Cheese sauce. Get your shrimp ready early in the morning, refrigerate them and you're all ready to cook dinner in a jiffy.

Blue Cheese Shrimp Italiano
1 ½ pounds shrimp, shelled and deveined
1 large clove garlic, finely chopped
1 American "Blue" cheese (about 3 ounces)
1 cup chopped olives
Dash of Worcestershire
½ cup chopped olives

Cook shrimp in olive oil or salad oil over low heat 5 minutes, or until pink on both sides. Remove shrimp. Add garlic to oil and cook 1 minute. Add remaining ingredients and cook until cheese is melted, stirring occasionally.

Add shrimp and mix lightly. Sprinkle with additional blue cheese, as desired. Makes 4-6 servings.

Shrimp are low-calorie; one-third of a cup, or an average serving contains only about 49 calories. Those of you who shy away from fattening sauces can eat this Shrimp-Apple Mold with a clear conscience. Fill the center with a tart cabbage salad and garnish the outside with watercress, parsley or lettuce. This is a delicious luncheon salad.

Shrimp-Apple Mold

1 package lemon-flavored gelatin
1 cup hot water
1 can condensed tomato soup
2 tablespoons vinegar
1 tablespoon grated onion
1 can (4 ½ or 5 oz.) shrimp, drained

Dissolve gelatin in hot water; stir in soup, vinegar, onion and horse-radish. Chill until partially thickened. Pour a small amount in bottom of mold and arrange shrimp in pattern. Return to refrigerator. Chill until firm.

Combine remaining shrimp with remaining gelatin mixture. Pour over first layer and chill again until firm. Unmold on watercress or lettuce leaves. Makes 4 servings.

Cereal Nibbles
Flavored With
Dill, Cheese

Your family can enjoy some of these nibbles; the rest can be put away for company.

DILLED NIBBLES

1 package (8 ounces) bite-size shredded rice cereal
½ cup butter
½ cup dill
1 teaspoon salt
1 cup (1 ½ ounces) grated Parmesan and Romano cheese

Divide the cereal (there should be 6 cups) into 2 lots; discard any cereal shreds at bottom of package. Melt ½ cup of the butter in a 10-inch heavy skillet over low heat; add one lot (3 cups) of the cereal; toast, turning often with 2

forks, until some of the biscuits are lightly browned.

Mix ½ teaspoon salt, 1 teaspoon dill weed with half (about 3 tablespoons) of the cheese. Turn off heat under cereal; at once sprinkle with cheese mixture as you turn it with a fork or spoon.

Prepare remaining cereal the same way with the remaining ingredients. Store left-over nibbles in tightly-covered container.

Open Both Ends

Know how to get corned beef hash out of its container in one place. It can be neatly sliced! Open can (with a wall-type can opener) at both ends and slide out hash.

All Time Favorite
Is Good Apple Pie

Take your choice of toppings for this apple pie — vanilla ice cream, whipped cream or cheese.

Good Apple Pie

Pastry for 9-inch pie plate
1 cup sugar
1 ½ cups apples
1 ½ cups sugar
1 ½ cups apples
1 ½ cups sugar
1 ½ cups apples

Line pie plate with pastry leaving an overlapping edge. Pare and core apples; slice thin. Mix sugar, flour, nutmeg and cinnamon; rub a little of this mixture into pastry in pie plate. Add apples; sprinkle with remaining sugar mixture. Dot with butter. Place top crust over pie plate, sealing and fluting edges. Make slits in top pastry; brush with milk. Bake in hot (425 degrees) oven 40 to 45 minutes or until apples are tender. If pie must stand before serving, reheat.

sealing and fluting edges. Make slits in top pastry; brush with milk. Bake in hot (425 degrees) oven 40 to 45 minutes or until apples are tender. If pie must stand before serving, reheat.

Cannot Store Vitamin C;
Need Citrus Fruit Daily

This is the peak of the "citrus season" says Josephine Lawyer, Consumer Marketing Information Agent for Oakland County.

Remember that our bodies cannot store the very important Vitamin C. There is no carry-over from one day to the next. That means every day we need that "citrus source" for "C." (Though potatoes eaten twice a day will prevent nutritional shortage disease.)

Attractive Widow's Always Guilty

Gals Taking Rap on TV

By PHYLLIS BATTLE

NEW YORK—In television Westerns and private eye whiz-bangs, women are more and more getting the business. They're bad, bad, bad—the thugs-by the writers.

It's getting so the minute an innocent, pretty girl enters the picture you know who she is, or is about to. Woman has taken the place of the butler in the realm of crime, and the cattle rustler in the world of poison cactus.

She is pictured as, at best, a schemer; at worst, a head huntress; and the better looking the doll, the deadlier her sting.

It has gotten so bad that my husband and I, who used to make small wagers between ourselves on who was the dastard in any given half-hour, have had to give up the sport.

The moment the attractive widow comes into the marshal's office and says pleadingly, "someone's trying to kill me," you know nobody's fooled but the stupid marshal.

She's about to get the local lawyer accused of attempted murder because he doesn't return her affection—and after she killed her husband for him, too, the bum. I know this is the era of putting the blame on Mame and mother for everything that has happened, but I think perhaps it's being carried too far. Think of the kiddies.

We used to worry about small boys watching TV and getting the idea that maybe the life of crime is exciting fun.

Now we have to worry about small girls. They are impressionable too, and could be easily convinced that the coming life is tres gay, and you, too, can wear jewels if you play your cards—and your men—right.

Meantime, I wonder why writers are so damning the female sex. It cannot be for shock value, because the trend is so prevalent that it has become something of a surprise to find it's a man at the bottom of a dirty deed.

AFRAID OF WOMEN?

We must assume, I guess, that television writers—being mostly male—lead the lonely writer's life for a good reason. They distrust women. They downright fear women.

Either that, or what a cynical would-be expert remarked to me the other day is true: "TV is making big strides toward honesty. We are knocking out the misleading commercials, stamping down on the plugs, and facing the fact that men and women are equal in all things, including corruptibility.

"Television is finally catching up to life."

Some women I know of ate much like the TV writers. They are frightened of themselves—afraid, lest their new sense of power and self-confidence and competence should be responsible for their losing their men.

So they try to hide their positive female traits; and become instead humble and docile.

A survey shows that women are learning early these days how to hide their light under a doe eye: four out of 10 college girls in an eastern school admitted they purposely hid their knowledge, so's not to scare off boys.

But often, the humility routine meets with suspicion from men.

To wit, this letter from a

(Advertisement)

reader: "I'd give my right hand to have a wife with guts, and who is confident enough to brag about it. These humble girls you got to look out for. I was married to one for two years, and I know."

"You should get up in the morning and look at a pair of big, sad eyes reproaching you—not for any special reason, but just because you're a man, and she's a wife. When you're courting you feel like a big guy, looking at those eyes. But when you're married, you feel like a heel!"

Never Count Money

While on a Park Bench

NOGALES, Ariz. (U)—Pedro Calaviz found the city park is a risky place to flash money.

He was counting his money on a park bench and had just reached 175 when a man grabbed the bankroll and sprinted off.

Yugoslavs Have Best Harvest Year Ever

BELGRADE, Yugoslavia (U)—Yugoslavia recorded its best harvest ever last year, and the country's ruling Communists say the achievement is evidence their kind of communism is better than the Kremlin brand.

Yugoslav officials say their farmers harvested 4,800,000 tons of wheat in 1959, compared to the 3,100,000 tons collected in 1957, the previous record year.

The Yugoslav Communists say the big harvest is largely due to their agriculture policies, to modern mechanization and fertilizers, and to favorable weather.

But the Communists reject any suggestion — as made by some rival Reds in other eastern European countries — that the weather alone was responsible.

1959 Margarine Output Tops 1½ Billion Pounds

WASHINGTON (UPI)—The Census Bureau today reported margarine production in 1959 at a record 1,611,400,000 pounds.

The National Assn. of Margarine Manufacturers said this amounted to 9.2 pounds per person in the United States.

The 1959 margarine production used 1,300,000 pounds of soybean and cottonseed oils and other American fats and oils, and about 260,000,000 pounds of skim milk.

Libbey-Owens-Ford Denies TV Trickery

WASHINGTON (U)—Libbey-Owens-Ford Glass Co., Toledo, has denied Federal Trade Commission charges that it used camera trickery in television commercials for its auto glass.

The company denied making any false or misleading claims in the challenged advertising and asked dismissal of an FTC complaint filed last Oct. 30.

The big glassmaker said yesterday the commercials were in all respects true and accurate statements, portrayals and demonstrations of the facts.

General Motors Co., also named

in the complaint, had denied the charges earlier.

The FTC alleged that the commercials falsely claimed that the L-O-F safety plate glass used in the side windows of GM cars has no optical distortion while glass used in other autos has a high degree of distortion.

In one film sequence, the complaint charged, a shot purportedly taken through L-O-F glass was actually photographed through an open window.

Making a great sacrifice nowadays often means doing temporarily without things our parents never had. . . . In periods of prosperity most people make more money than they earn, and spend more than they make. —Earl Wilson.

Rip Van Winkle
couldn't sleep with
nagging
backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exercising or stress and strain — you want relief — want it fast! Another disturbance may be mild bladder irritation following wrong food and drink — often setting up a restless, uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. New, large size saves money. Get Doan's Pills today!

Mexico has 28 states plus a federal capital district.

THE LADY AND THE GIANT

By Clarence Budington Kelland

© 1959 by Clarence Budington Kelland © 1959 by The Curtis Publishing Company Distributed by NEA Service

XXXI
I did what I could to make arrangements for Madam Jane-
way's barbecue, and when there
was nothing more I could accom-
plish that day I walked home to
tell Lizzie the Lizzie Ann was
in the basin and see if she wanted
to go down and visit our friends.
I whistled our whistle and she
flattered her nose against the win-
dowpane.

I motioned for her to come out,
which she did in five minutes.
She could have in one, but felt it
was necessary to keep me waiting
in the cold.

"We have a doorbell," she said
primly.

"Doorbells," I said, "are for
strangers."

"Would you," she demanded,
"stand outside and whistle for
Madam Jane-way?"

"I didn't rock Madam's cradle
when she was a month old," I
retorted.

She stomped her little foot. "I
won't have it so!" she said fur-
iously. "I will be treated as a lady!"

"DOUBT DARE YOU!"

She was standing on the front
stoop, which was four steps high
and surrounded by a railing. At
its side was a freshly heaped pile
of dry maple leaves.

I spoke quickly, urgently.
"Double dare you," I said, "to
jump off the railing into that
pile."

What followed was reflex. Lizzie
scrambled to the top of the rail,
gathered up her dignified skirts
and leaped. The air was full of
lovely, slender legs and billowing
skirts, and she landed in a breath-
less heap, half buried by the
leaves. I reached for a hand and
jerked her erect and grained as
irritatingly as I could manage.
"Tomboy," I said jeeringly.

I was ready to defend myself,
but there was no wildest attack
such as I had learned to expect.
Instead she turned pale and bit
her lips, and then she flushed and
seemed on the point of crying, so
that I was ashamed of myself
and contrite.

But before I could humiliate
myself to her and make my peace,
she burst into gay laughter and
kicked the leaves in all directions
and took me by the arm like the
Lizzie of 10 years ago and said
with a little pout, "Anyhow"—
and her voice was merry—"any-
how I'm grown up some of the
time."

"Lizzie Ann is in," I told her,
"and there'll be tea and ginger
cookies."

"Oh, let's hurry," she said, and
gave me a push.

Cutting across lots was a local
custom. We did not regard it as
respectable. So, instead of walking
down James Street, we crossed to
walk through Madam Jane-way's
property to the lane behind. Our
way carried us past the window
of the room that Madam used as
her office.

We heard a voice harsh with
anger. It came distinctly through
the upstairs window and it halted
us. On our part was no intention
to eavesdrop, but we were startled
to motionlessness and stood there
as if frozen.

There was fury and venom in
the voice. It was the hoarse,
harsh voice of Oscar, the butler.
He was profane and unre-
strained.

"You peacock!" he said. "You
show-off! You want to ruin us!
You want to ruin everything!"
Madam's voice, low and fright-
ened, expostulated. "But Oscar—"

"Be still!" he shouted. "Char-
ity, sure! Fool generosity! Cause
to joint the great weight of the
Cardiff Giant into a strong crate
for shipping to Albany. The new
owners of it openly boasted that
after they refused to sell it to
the great showman, P. T. Bar-

Lizzie looked at me with some-
thing like horror in her eyes, and
I peered back, shocked and
amazed.

LET QUIETLY

"We better," I said in a whis-
per, "get out of here."
We went away from there both
fast and quietly.

When we were a full block
away Lizzie asked breathlessly,
"Orin, what did that mean?"

I shook my head. "Oscar
doesn't approve of Madam's bar-
becue."

"But what right has he to dis-
approve? To speak to her so?"

I could only shake my head
again. "Let's hurry to Lizzie Ann."
I said in a sort of desperation.
"Where all who are aboard her
are clean."

As we passed the Bastable
Building the store door was open
and we could see men straining
to hoist the great weight of the
Cardiff Giant into a strong crate
for shipping to Albany. The new
owners of it openly boasted that
after they refused to sell it to
the great showman, P. T. Bar-

num, that gentleman had offered
them \$50,000 to rent it to him for
three months.

"Lizzie," I said, "how would a
servant dare to speak so to a
great lady like Madam Jane-
way?"

"His manner," Lizzie said,
"was more that of a master than
of a servant!" There came a little
pause. "Men fly into that sort of
rage," she said positively, "only
when they are scared."

"But why should he be afraid?
Why should her barbecue fright-
en him into such a rage?"
"That much," she said promp-
tly. "Was clear enough."

"Can it be," I asked, "that this
Oscar objects to the lavish way
she throws money about? That,
in addition to being the butler, he
is also a sort of business man-
ager?"

"No," Lizzie said. "A busi-
nessman might be exasperated.
He might protest and argue. He

wouldn't fly into a murderous
temper."

"The one thing that is clear to
me," I said gravely, "is that Mad-
am is in this Oscar's power."

"Like a melodrama," Lizzie
said jeering at me.

"Like a melodrama," I said
firmly.

Valentine decorations for the Feb. 13 dance of the Ladies' Auxiliary of the Oakland County Beagle Club are displayed by committee members, from left rear, Mrs. Robert Neighbors of

Oxford, Mrs. Eugene Helms of South Lynn avenue and Mrs. Robert Pearson of Alma street. Mrs. H. A. Daniel of Andersonville road holds the giant heart that sets the dance's theme.

Beagle Auxiliary to Dance Feb. 13

Cochairmen of the Feb. 13 Valentine Dance of the Oakland County Beagle Club Ladies Auxiliary are Mrs. Robert Neighbors and Mrs. Eugene Helms.

The affair will be at the Waterford CAI Building at 8:30 p.m. Features of the evening will be door prizes and dancing to live music.

Serving on committees are Mrs. H. A. Daniel, Mrs. Robert Pearson and Mrs. Helms, decorations.

Others serving are Mrs. Charles Chapman, Mrs. Chester Rule, Mrs. Charles Gibbs, Mrs. John Huff, Mrs. Edward Batten, Mrs. Fred Stanley,

Mrs. Mason Gregg and Mrs. Julian Fisher.

Tickets are available at the door.

Catholic Women Announce Chairmen League Party Feb. 16

The League of Catholic Women met Monday morning at the League Home on South Park street.

New president Mrs. Delmo Chapdelaine announced committee chairmen for the coming year.

They are Mrs. Arthur Crawford, cancer; Mrs. Ernest Gray, cards; Mrs. Fred Gottschalk, Federation of Women's Clubs; Mrs. Lewis Swartz, house; Mrs. William E. Dean, USO and membership; Mrs. Marshall Sprague, publicity; and Mrs. George Michaels, family care.

The next family care party will be Feb. 16 at the League home with Mrs. George Win-

ters and Mrs. Chapdelaine assisting.

Theme of the convention of the National Council of Catholic Women March 28 in Detroit will be "To Know, Love and Serve Christ." It has been announced a Catholic Action Day.

Our Lady of the Lakes parish, Waterford, will host the March 9 meeting of the Northwestern Diocese of the National Council of Catholic Women.

If Nova Scotia smoked salmon is available in your food shop, you'll find it makes a glamorous first course for a party. Serve it with olive oil, lemon wedges, capers and freshly-ground pepper.

Tell Her of Divorce, Says Abby

Seven-Year-Old Must Know Her Daddy Won't Be Home

By ABIGAIL VAN BUREN

DEAR ABBY: How does a mother go about telling her 7-year-old daughter about divorce? Her father and I are being divorced, but she thinks he is away on a long business trip. I haven't the heart to tell her he's not coming back because she adores him. She's a very understanding child but very sensitive.

A READER: Tell her that you and her father have decided that you'd be much happier living apart. In explaining that he is not going to live with you any more use the word "divorce." It is bet-

ter that she hear it from you than from the neighbors or the kids at school.

DEAR ABBY: The other night I went to a school dance. I was dancing with my boyfriend and every time I swallowed I could hear myself go "GULP!" It was very loud and I was embarrassed to death. What would you suggest?

"GIRL GULPER!"

DEAR "GIRL GULPER": Forget it. The "gulp" seemed especially loud to you because it was YOUR "gulp." Your boyfriend was probably so busy listening to HIS OWN "gulp" that he didn't even notice yours.

DEAR ABBY: About six months ago my son (13) started having an affair (intimate) with a divorcee, 31. I kept urging him to stop seeing her be-

Hughes-Young Wedding in First Methodist Church

The Rev. Paul T. Hart officiated at the nuptials of Diane Joyce Young and James Hughes Saturday in the First Methodist Church. Chapel veils of white carnations adorned the altar.

The parents of the bride are Mrs. Charles Garland Streeb of Putnam avenue and Russell Howard Young of Jaffee, N.C. boulevard. The bridegroom is the son of Mr. and Mrs. Robert Hughes of Detroit.

Mrs. David Norman Runyon of Pontiac was her sister's matron-of-honor. Pearl accessories complemented her dress of pale blue tulle, styled with crushed cummerbund. She held a cascade arrangement of white carnations.

Ballerina-length white nylon net fashioned the wedding dress, trimmed with Alencon lace at neckline and hemline. Attached to a rhinestone headpiece was a lace-edged fingertip veil of illusion. A single strand of baby pearls was worn. While carnations comprised the cascade bouquet.

Performing the duties of best man was James Webb of Detroit. Robert Moore of Detroit and the bride's brother John Young of Pontiac seated the guests.

A pale blue wool sheath dress with sequin bodice was Mrs. Streeb's choice for her daughter's wedding and reception. Mrs. Hughes appeared in printed lace

MRS. JAMES HUGHES

in tan, gray and white. Her accessories were of rhinestones.

Before leaving on a Niagara Falls honeymoon, the bride changed to a brown-and-white checked wool dress, brown shoes and alligator purse. She is a graduate of an air career school in New York. Her husband was stationed with the Marine Corps in California for two years.

Beauty Clinic

NOW INTO SPRING

by Edythe McCulloch

PHYEBE A. HENDERSON

Announcement is made of the engagement of Phoebe Annette Henderson, to Joseph Raymond Tinson, son of Mrs. James Hutchings of Gainesborough street and Harry K. Tinson of Drayton Plains. The bride-elect is the daughter of Mrs. Charles Elmer Henderson of Fourth Avenue, and the late Mr. Henderson. A June 11 wedding date has been named.

LEG CRAMPS?

One of the most common causes of painful muscle cramps is a prolonged deficiency of calcium.

So says a famous doctor and widely-read newspaper columnist, formerly with the Mayo Clinic, and other well-known health authorities.

When meals, consistently deficient in calcium, are fortified with DYNACAL Calcium Tablets, tormenting calcium-deficient muscle cramps can be promptly relieved. But don't confuse DYNACAL Tablets with ordinary calcium-phosphorus products. DYNACAL Tablets contain no phosphorus which frequently interferes with the absorption of calcium. And DYNACAL Tablets contain a special ingredient which helps to put calcium into the blood stream quickly—bringing faster relief to cramping, calcium-starved muscles. Phosphorus in DYNACAL Tablets with calcium, glutamic acid, hydrochloride, and vitamins D and C contain no drugs. They are safe, harmless, calcium food supplements. If you are suffering miserable muscle cramps, and suspect you are not getting enough calcium, ask for DYNACAL Tablets, today. Bottles of 30 tablets, \$1.50.

Cleanliness Is True Beauty

Soap: A Status Symbol!

By JOSEPHINE LOWMAN

I think it is an interesting fact that the use of soaps and detergents are a sensitive indicator of a person's economic position. It is a statistical fact that as a nation's standard of living rises, so does the use of soap.

I could bat this about for a couple of chapters. It is somewhat like the eternal question of whether the chicken or the egg came first.

At any rate it would not be true because more prosperous people can afford to buy more soap and detergents since these are among the least expensive commodities on the market.

However, for some reason such seem to go with the finer things of life and are a great status symbol.

ESSENTIALS

Certainly meticulous cleanliness and good grooming are essentials for the woman who wishes to be attractive. How often you must have heard someone say of another things like "She isn't really pretty but she is so smart looking, so immaculate and well-groomed."

That chic, clean look is important to all of us.

No matter what your goal may be — a more important job, helping your husband get ahead or having a smashing social life — it can be attained more easily with the aid of good grooming.

Here's a new version of painting the face. She's giving herself a good scrubbing, for she knows that meticulous cleanliness is one of the essentials for attractiveness.

Naturally ability and personality are necessary for success, but these qualities minus good grooming are like cake without icing. They go together!

It is important to put our best face forward because others are likely to take us at our face value. They may not get past a first impression of dowdiness and poor grooming to discover sterling qualities of character and personality.

CAN LOOK STRIKING

A woman can look striking in the most inexpensive house dress or afternoon dress if her hair shines as a result of daily brushing and at least a weekly shampoo, if she has that over-all glow of health and cleanliness and if she carries herself beautifully. You do not have to dress expensively to dress well.

The most expensive clothes lose their charm unless they are clean and unwrinkled. To save yourself time in achieving that

handout appearance remember the attractive and washable clothes now available.

Many complexions respond happily to the soapsuds massage. Use your fingertips on your face and neck and a washcloth on the rest of you. This massage whips up circulation as it cleanses. A complexion brush is good for this reason. There are all kinds on the market.

The onslaught of dirt is unending and your good grooming efforts should be just as persistent. Cleanliness is the hallmark of the attractive woman.

Next: "Stretch, Straighten Up — Two Initial Exercises."

You can make your own zippy cheese sauce for pouring over broccoli, cauliflower or fish by adding a dash of tabasco or cayenne to processed cheese melted in milk to the desired consistency.

BPW Units Entertain District 10

District 10 of the Business and Professional Women met for luncheon Sunday afternoon at Rotunda Inn. The group included 150 members from 17 clubs.

Hostess clubs were the Pontiac BPW, joined by the Waterford-Clarkston, Union Lake, Ferndale, Keego Harbor and Walled Lake groups.

Reba Craig, district chaplain, gave the invocation. Presiding was Mrs. Henry Campbell, Jane Danton was among those appointed to the nominating committee.

A panel discussion on "Community Identification" was moderated by Mildred Chamberlin. Panel members were Viola Wolfe on careers; Helen McNamara, national and international community meetings; Mrs. Charles Leaf, local public affairs; and Virginia Lynch, community safety.

State Federation president, Arvilla Wyngarten reported on the growth of BPW clubs in the state. She also stated that 30 women now occupy policy making posts at the state level.

Vocal solos were presented by Mrs. Emil Couture accompanied by Mrs. Cecil Scott.

Temple 41 Gathers

Fannie E. Tompkins Temple 41 of the Pythian Sisters met Monday evening at the West Huron street Pythian Building.

The official visitor was District Deputy Wilma Kelly of Birmingham. Chairman of the refreshment committee was Martha Leach. Mrs. Ethel Winkley was appointed chairman of March activities.

MR. and MRS. THOMAS W. BYRNE

Mr. and Mrs. Thomas W. Byrne of South Shirley avenue will observe their golden wedding anniversary from 2 to 7 p.m. Sunday at the Bemis-Olsen Amvets Post Home on Oakland avenue. Completing arrangements for the open house for friends and relatives are the couple's five daughters, Mrs. William Church, Mrs. Walter Niedowicz, Mrs. Arthur Eink and Mrs. Richard T. Furtney all of Pontiac, and Mrs. Don Ross of Oak Park.

Panhellenic Gets Together Group Elects Officers

Pontiac City Panhellenic Assn. elected the following officers Monday at the home of Mrs. Charles E. Chapman on Silverdown street:

President, Mrs. William E. Freymuth; Mrs. William Belaney, vice president; Mrs. Russell Jacobson, recording secretary; Mrs. John Collison, corresponding secretary; Mrs. Paula Kennerly, treasurer; Mrs. John Irwin, historian.

Cobhostesses for the evening were Mrs. William Brace, Mrs. William McGovern and Mrs. Jacobson.

Mrs. D. E. Konnemer was a guest of the group. At the March 7 meeting with Mrs. Stanley Hutchinson of Pine Knob road, Clarkston, Mrs. William Shuck will give a book review. Any national collegiate woman is invited to attend.

Aremes Honor Ex-Officer

Areme Chapter 503, OES, met Monday evening at the Roosevelt Temple on State street.

A memorial was held in honor of Mrs. Karl D. Keyes, former most right worthy grand secretary of the General Grand Chapter of the International Order of the Eastern Star and past worthy grand matron of the state.

Officers who will take part in Oakland County Friendship Nights were announced. They are Eugene Elmer, sentinel, at Ferndale, Feb. 15; members of the Bible Degree at Southfield Feb. 24; Harry Eaton, worthy patron, at Rochester March 16; and Mrs. Bodamer, worthy matron, at Rochester March 16 and at Oxford March 17.

GIVES RELIEF REPORT

A report on the Relief Department of the Grand Chapter of Michigan was given by Mrs. William Pfahler.

Worthy Patron Mrs. Eaton presented a presidency class. Members were Norma Savdon, Mrs. Walter Shelton and Mr. and Mrs. Eamon Howard.

Presiding at the February birthday table was Mrs. Little Collins. Mrs. Albert Holton, Mrs. Lyle Verner and Mrs. William Cox were hostesses. In charge of refreshments

were Mrs. Sami Wilcombe, Mrs. Raymond Boatright and Mrs. Daniel Peterson.

Have You Tried This?

Corned Beef Hash Crust Holds Limas and Cheese

By JANET ODELL
Pontiac Press Home Editor

Just can't think of a thing to have for dinner tonight? Is there a can of corned beef hash on your shelf? If you have some frozen lima beans as well, you're all set for Corned Beef Hash Pie.

Mrs. Larry Grover is today's cook. In addition to curing for a son, Mrs. Grover helps her husband with his business. She is active in church work and loves to cook.

CORNEB BEEF HASH PIE

By Mrs. Larry Grover

1 can corned beef hash
1 cup catsup
1 lightly beaten egg
1 package frozen lima beans

Mix hash, catsup and egg together and press into a pie pan. Bake 30 minutes at 350 degrees. Cook lima beans as directed and pour over hash. Melt ¼ pound American cheese over hot water. Add 2 tablespoons milk. Spread over limas and serve at once. Makes 4-6 servings.

Par-Pak...the family carry-all for work or play

Takes all you need for short trips—for work or play. Par-Pak has a Wyd-Arc zipper opening to make packing a cinch. Here is a handsome and rugged bag — reinforced, riveted, nylon stitched. Bottom studs cannot wear out. Aero frame ends keep bag shape, insure long life.

Rise of 60 Million Predicted

Big Year for Valentines

By GAY PAULEY
NEW YORK (UPI)—Sentiment endures like Santa Claus and mother love, says a woman expert on Valentines.
This year, said Miss Esther Mooney, the greeting card industry expects some 500 million Valentines to be sent—60 million more than last year.
This year's total means that an average of two and one-half Valentines will be sent

by each American, and industry sources said the bulk will be sentimental.
"And I think the sentiment is genuine," said Miss Mooney. "We found that out during the war. Our company came out with a line of patriotic Valentines."
The men in the service didn't like them. They wanted the pretty, lacy ones.
NOT NORMALLY EXPRESSIVE
"You'd be surprised," she said, "at the type of man who will buy the frilliest number around to say 'I love you.' He's the strong, he-man type. The man not expressive."
"Nostalgia is a factor too. A person selects a card because it looks like one Great Aunt Mabel once got from a beau."
Miss Mooney, a native of Syracuse, N.Y., for more than 20 years has been curator of

the Norcross antique Valentine collection, considered one of the most comprehensive in the country.
She said there are thousands in the collection, some of them of immense value, others less important.
The collection dates from 1710, with a cut parchment Valentine of religious motif, believed one of the oldest in America. Miss Mooney said it probably was made by nuns.
The collection also includes those gathered by the late Ruth Webb Lee, noted authority on antiques, with whom Miss Mooney worked on "A History of Valentines."

FAREWELL MESSAGE
Miss Mooney said that historians know Valentines date from the ancient days of Rome, with some sources crediting the custom to a martyred saint named Valentine who sent a farewell message to the blind daughter of his jailer.
Others believe they started with the Roman custom of celebrating Feb. 14 with a festival in honor of the Goddess Juno.

She does know that some of the earliest missives carried a motif of a lamb and a wolf.
"Which," she said, "caused one young woman of 18 I know to comment, 'Well, I see they had wolves in those days too.'"

Patricia A. Felix, daughter of Mr. and Mrs. William C. Felix of Brookdale street, and John W. Foerster II, son of the senior John W. Foerstes of Birmingham, were wed Saturday in St. Benedict Church.

MRS. JOHN W. FOERSTER II

St. Benedict Church Rite Unites Couple at Noon

Spray bouquets of all-white chrysanthemums, roses and gladioli adorned the main altar of St. Benedict Church for the Saturday nuptials of Patricia A. Felix and John W. Foerster II. The Rev. John Leo Phelan of Our Lady of the Lakes Church read the vows at noon in the presence of 100 guests.

For traveling in southern Michigan before taking residence on the campus of Central Michigan University at Mt. Pleasant, the new Mrs. Foerster donned a white wool jersey sheath. Her hat and gloves were of gold-shade fabric.

Round Table Will Elect

The Round Table Club met Monday afternoon with Mrs. William A. Gordon on Dwight avenue. Appointed to the nominating committee for the forthcoming election of officers were Mrs. William Ford, Mrs. Leon V. Belknap and Mrs. H. T. Rombough.

Mrs. R. C. Cummings presided at the tea service. Assisting Mrs. Gordon were Mrs. Paul Kantz, Mrs. Earl Kreitz and Mrs. Belknap.

Proceeds from the club's white elephant party in March at the home of Mrs. W. H. Baumgartner on Silverdine street will benefit the club's camp fund for needy children.

28 Dance Sets at Anniversary

Twenty-eight square dance sets attended the Style Steppers' seventh anniversary dance Saturday, at the Willis School.
Among Pontiac area clubs represented were the Long Horn Squares, Four Town Squares, Merry Mixers, Square Set, Dancing Dandies, De-Cos and Cross Trailers.
Randall May was master of ceremonies and called the dance numbers.
The next dance will be Feb. 15 in the Willis School.

Add a well-beaten egg to sea-small muffin tins and bake in a sored mashed potatoes, spoon into hot oven.

Cotillion Club to Dine, Dance This Saturday

The Cotillion Dance Club will meet Saturday evening at the Orchard Lake Country Club for dinner and dancing.

Welcoming members will be Mr. and Mrs. Bruce Annett, Mr. and Mrs. Robert Boynton, Mr. and Mrs. D. B. Eames, Dr. and Mrs. Ferdinand Geensbauer and Mr. and Mrs. Glenn Griffin.

Others are Mr. and Mrs. Frank Riley, Mr. and Mrs. John Riley, Mayor and Mrs. Philip Rowston, Dr. and Mrs. Dana P. Whitmer and Mr. and Mrs. Otis Briney Jr.

In chairing of arrangements are president Harold Owen and treasurer, Mrs. Robert Castell.

Philatheans Entertain

Members of the Third Philathea class of the First Baptist Church were hostesses to the First Philathea class at a cooperative dinner at the church Tuesday evening.

The program under the direction of Mrs. Ira Davis consisted of Virginia Schoof of Detroit showing color slides of her European tour as a member of Michigan Chorale last summer.

Also appearing on the program were Eleanor Haffenzahl, pianist; and Miriam Schoof and Joseph Davis, vocalists.

Opening and closing prayers were offered by Agnes Sturman and Mrs. Howard Barnett.

Schoolgirl Lunch and Meeting Held by MOMS

Mrs. Harry Sibley opened her home on Mathews street, Tuesday, to Unit 2, MOMS of America, Inc. for a schoolgirl luncheon and business session. Mrs. Frank Emery, chaplain, opened the meeting with prayer.

The National Board of MOMS of America will meet Thursday at the Southfield road home of Mrs. Wilbur Johnstone. Mrs. Duncan McVean will represent the Pontiac unit.

Mrs. Carl Cox of Northfield avenue will hostess the Feb. 16 meeting.
Auburn Heights Unit 19 will sponsor a roast beef dinner at the Community House on Squirrel road Feb. 20 from 4:30 to 8 p.m. Proceeds will go for hospitalized veterans and their families.

Mother's Helper: Small girls think ironing is glamorous! Start them off by letting them iron dish towels and other straight pieces.

ROBERT A. JOHNSON

Robert A. Johnson of Flint received his bachelor of arts degree in business administration from the Flint College of the University of Michigan Jan. 16. He will join the Buick Motor Co. Monday.

Johnson is the son of Mrs. F. Dwight Bliss of Terrell drive, Waterford, and the late Karl Ivan Johnson.

Federation Plans Speed-Up

Farmers Promised Fight to Curb Monopoly Factors

EAST LANSING (U. S. Michigan) — Farmers have been promised a stepped-up fight to "curb monopoly in labor, business and government."

"The job can be done best through an expansion of farmer-owned, farmer-controlled co-operatives," said Kenneth Wood at the American Farm Bureau Federation.

Hood spoke yesterday at the annual Farmers' Week at Michigan State University.

He reported the federation has recently set up an affiliate called the American Agricultural Marketing Assn.

"The job can be done best will help state farm bureaus organize the service bargaining associations, and coordinate efforts of state and regional bargaining associations."

Ewes and market hogs arrived for judging today at the livestock sale. Prize animals will be sold at public auction Thursday.

Farmers listened to advice and talks on a variety of topics.

"You should make use of your bargaining power," advised Brockman Freeman, manager of the Great Lakes Cherry Producers Marketing Cooperative at Grand Rapids.

"Without organization, farmers can never compete with successful business enterprises and well organized labor groups in the expanding American economy," he said.

Seven purchased dairy cattle breed associations elected officers. They included:

Michigan Brown Swiss Breeders' Assn. — Wilbur Harris, Grass Lake, president; Edward Bush, Reese, vice president; Mrs. V. M. Spencer, Wilson, secretary-treasurer.

Michigan Jersey Cattle Club — Howard Sprague, Ionia, president; James Fish, Hickory Corners, vice president; Harold Dancer, Jackson, secretary; Elton Smith, Caledonia, treasurer.

Michigan Guernsey Breeders' Assn. — Edward Wright, Saginaw, president; James Fish, Hickory Corners, vice president; Harold Dancer, Jackson, secretary; Elton Smith, Caledonia, treasurer.

Michigan Holstein-Friesian Assn. — N. Brown, Jonesville, president; W. P. Hart, Clayton, vice president; W. H. Goetz, Williamson, secretary-treasurer.

Michigan Ashbire Breeders' Assn. — Harold Monroe, St. Louis, president; Don Friday, St. Johns, vice president; Mrs. Paul Taylor, Saline, secretary; Paul Taylor, Saline, treasurer.

Michigan Jersey Cattle Club — Howard Sprague, Ionia, president; James Fish, Hickory Corners, vice president; Harold Dancer, Jackson, secretary; Elton Smith, Caledonia, treasurer.

Michigan Guernsey Breeders' Assn. — Edward Wright, Saginaw, president; James Fish, Hickory Corners, vice president; Harold Dancer, Jackson, secretary; Elton Smith, Caledonia, treasurer.

Michigan Holstein-Friesian Assn. — N. Brown, Jonesville, president; W. P. Hart, Clayton, vice president; W. H. Goetz, Williamson, secretary-treasurer.

Michigan Ashbire Breeders' Assn. — Harold Monroe, St. Louis, president; Don Friday, St. Johns, vice president; Mrs. Paul Taylor, Saline, secretary; Paul Taylor, Saline, treasurer.

Michigan Jersey Cattle Club — Howard Sprague, Ionia, president; James Fish, Hickory Corners, vice president; Harold Dancer, Jackson, secretary; Elton Smith, Caledonia, treasurer.

STATE'S TOP DAIRYMAN — O. F. Foster, at right, manager of Lakefield Farms on Baldwin road near Clarkston, has been named Michigan's Dairyman of the Year during Farmers' Week at Michigan State University. Dr. Charles A. Lassiter, head of MSU's dairy department is shown presenting the award. He cited Foster for his outstanding success in developing the farm's Holstein, sheep and swine herds and the active participation by Foster and his family in farm community affairs.

Consideration in Tree Cutting Assured John R Homeowners

BY LEE WINBORN

AVON TOWNSHIP — Oakland County road commissioners promised last night to send a representative to each homeowner living along John R road to discuss their street widening program, before cutting down any more trees.

They further agreed to save as many trees as they can where there are houses on the property.

John R signed petitions protesting the tree removal program and proposed drainage ditch installation.

The committee is now somewhat appeased by the road commission's plan to contact each individual homeowner about the tree cutting program, but the members say the drainage ditch problem still remains.

They say that there is one drain now, the Honeywell Drain, located along that right-of-way and even it does not do an adequate job of water removal.

More ditches will create additional problems of water standing and washing away frontage unless some outlets are planned," the committee stated.

The homeowners' representative hope to meet now with the county drain commission to iron out this particular problem.

They also learned that the present right-of-way is 66 feet, that it is listed as 120 feet in future planning. This figure, however, does not affect the present program for widening and blacktopping the road commission pointed out.

Upon hearing the protests the road commission halted its tree removal operations pending the outcome of a meeting with the homeowners' representatives.

Present at last night's meeting was the John R road committee composed of Philip Austin, Mrs. Lawrence Wetling, Samuel Foden and Mrs. Rudolph Schmidt. M. H. Conrad, who was temporary chairman, had resigned.

OFFICIALS COOPERATIVE

The road commission was represented by Robert O. Felt, chairman; Sol D. Lomerson and Hiland M. Thatcher. Paul Van Rookel, highway engineer, also was present.

The committee members said they found the county officials "most cooperative" and added "it will be up to us now to be equally cooperative when the program for street widening gets under way."

The road commissioners expect saving the trees — some of them 75 years old — to keep the park entrance beautiful.

They agreed, however, that they too, were interested in keeping the entrance to the park beautiful and were sympathetic to the homeowners' committee's desire to save as many trees as possible.

Consequently they will send representatives to each homeowner to explain the road program before cutting down any more trees.

According to present plans, the road will be widened a foot on each side, making it 22 feet in width. The shoulder will be eight feet wide, and then some drainage ditches that will vary in width up to eight feet will be installed where necessary, the commission-ers explained.

The other phase of the street widening program that caused homeowners to protest was the installation of more ditches. They claim that no provisions are being made to drain off the water.

Forty-four out of the 57 property owners living along this stretch of

John R signed petitions protesting the tree removal program and proposed drainage ditch installation.

Walled Lake Policemen Not Bonded; Rap Attorney

By JIM LONG

WALLED LAKE — Charged last night with failing to inform City Council that the police force is not bonded against false arrest, the city attorney was ordered to submit a report recommending the best coverage.

The charge was leveled against Jerry O. Meade after Councilman James A. Decker told Council that neither he nor his men were protected should a false arrest be made.

"In no way, shape or form," said the Walled Lake Police Department been bonded since becoming a city five years ago," Decker told the Council.

"Should one of my men be charged with false arrest, assault or any other aggression against a person, myself and the city would be named in the suit," the chief said.

Immediately following Decker's statement, Meade said he felt Herzog should have notified Council of the issue long ago as part of his duties.

At the same time he charged Herzog and City Manager George A. Shaw with being lax in not

calling a public hearing when Common street was closed as part of the widening of Pontiac trail a year ago.

However, Meade later apologized to the two men when he found that the state had requested the closing of the street and a public hearing was not necessary.

"But the bond charge still stands," Meade said.

Herzog, who said nothing in his defense, said he would check into the bonding of city employees and report back at the next Council meeting Feb. 16.

Decker told Herzog that a blanket bond covering city employees could probably be obtained for \$200 to \$300 annually.

"But the bond charge still stands," Meade said.

Herzog, who said nothing in his defense, said he would check into the bonding of city employees and report back at the next Council meeting Feb. 16.

Decker told Herzog that a blanket bond covering city employees could probably be obtained for \$200 to \$300 annually.

Your PTA Is Planning: Founders Day at Stiles Planning Foreign Talks

AVON TOWNSHIP — The PTA Founders Day program at Stiles School Thursday will feature talks by the Avondale High School senior who spent a year in The Netherlands and the foreign exchange students from Finland now in school here.

The Avondale youth, Irvin Gingrich, will tell of his stay in The Netherlands and show colored slides of the country.

Marjatta Eskelinen of Finland, dressed in the costume of her homeland, will describe her country and sing songs in her native tongue.

A short explanation of Founders Day and scheduling programs will be given.

The program will follow a short business meeting to start at 8 p.m. Refreshments will be served by the fourth grade home room mothers.

Parents whose children will enroll at Stiles Junior High next year are invited to attend this meeting and become acquainted with the school's facilities.

Refreshments will be served by the seventh grade mothers.

TROY — The Morse School PTA will sponsor a rummage and bake sale from 9 a.m. to Saturday at Fire Hall No. 1, on Rochester road between 15 and 16 Mile roads.

Retiring Land Trims Excess Soil Bank to Cut Grains

WASHINGTON (U. S. Agriculture Department has estimated its soil bank will retire enough crop land this year to avoid production of about 685 million bushels of surplus grains.

In addition, it will cut down hay and pasture production the equivalent of 7,600,000 tons.

WALLED LAKE — Principal Murray Adams will explain test-bank and scheduling programs with the Clifford H. Smart Junior High School PTA meets at 8 p.m. tomorrow in the Activities Room.

No Place Like Home, PCH Cagers Agree

Pontiac Central Bows, 47-43, to Highland Park

Chiefs Let Early Lead Slip Away; Break Even on 4-Game Road Trip

By BILL CORNWELL

There's no place like home, the old song goes, and the Pontiac Central basketball team must be singing that peaceful refrain today.

They Tuesday night's losing argument at Highland Park, coach Art Van Ryzin's cagers are thoroughly convinced that there's no sweeter place on earth.

The Chiefs let an early lead slip away and left short with a late rally to suffer a 47-43 setback at the hands of strong Highland Park before 1,442 cash customers who packed every inch of space at the crackling Parker court.

Central's hard-luck defeat brought a welcome end to a grueling four-game road trip which saw the Chiefs break even by beating Flint Northern and Saginaw before losing to Arthur Hill and the Parkers.

The defending Saginaw Valley champions return home Friday evening for a conference battle with Flint Central, marking their 1st appearance on the PCH floor since Jan. 8.

A productive 3rd quarter by Highland Park doomed the Chiefs to their 2nd loss of the season in nine games.

The Parkers outscored PCH by an 18-8 margin in the 3rd period to wipe out Pontiac's 24-20 halftime edge and shake the Chiefs with a 38-32 deficit going into the 4th stanza.

Central rallied gallantly in the final eight minutes and twice came within one point of catching up, 38-37 and 40-39, but missed scoring opportunities at crucial moments really hurt.

Two easy driving layups failed to drop a couple of points on the rim before falling off and a pair of foul shots didn't click, all on occasions when the Chiefs could have pulled even or gone ahead.

Tyrene Hill, a clever 5-foot-9 guard, spearheaded Highland Park's surge in the 3rd quarter by bagging nine of his 18 points. Hill's total was high for the game and teammate Longworth Mapp, 6-4 forward, added 13 to the Parker cause. Bill Sarver made nine points.

Forward Booker Hurmer sparked the PCH attack with 17 points and he netted eight of them in the 1st period to help the Chiefs erect a 14-9 lead entering the 2nd section.

The Chiefs enjoyed a 14-4 bulge midway through the opening quarter, but couldn't keep enough pressure on the Parkers to make it stick, although they led throughout the 1st half by at least two points.

Phil Rabaja, Pontiac's pin-pointed guard, contributed 10 points to the offense and big George Fed tallied nine in addition to starting on the boards.

The victory was Highland Park's 14th of the season in 10 starts. The Parkers were rated 8th in this week's Associated Press Class A high school poll while PCH was ranked 5th.

It was Pontiac's last game with Highland Park, at least for awhile. Next season will replace the Parkers on the PCH schedule for the next two years and the series ends with Van Ryzin never making his wish come true of whipping them in their own gym.

Peel, Cent. 12; Highland P. 12; Hurmer 12; PCH 12; Rabaja 12; PCH 12; Sarver 12; PCH 12; T. Hill 12; PCH 12; Van Ryzin 12; PCH 12.

Welden Rolls Along, Pledges Upset Jets

Welden's rolled merrily along in the Class D City League basketball race by defeating the out-of-control Aces, 43-30, last night at Lincoln Junior High.

The Pledges knocked the Jets into 3rd place with a 65-55 upset triumph in Tuesday's other Class D game.

Denise Hall scored 36 points to pace the league-leading Welden quintet. No member of the Aces was able to hit double figures.

John Hurd tallied 18 points to feature the Pledges' surprising victory. Ed Martin had 16 for the Jets.

Avon, Clarkston, 'Skins Win

Avon, Clarkston, 'Skins Win

Avondale won and Lake Orion lost as expected in Oakland 8 contests. Milford nipped Walled Lake 55-54 and Clarkston romped over Oxford 65-53 in some of the feature games on the Tuesday prep hoop schedule.

A 70-46 pasting of Romeo by Troy, a West Bloomfield victory and Pontiac Emmanuel setback were some of the other highlights of the evening.

Avondale had its hands full at Madison before finally posting a 67-64 overtime triumph over the improved Eagles. Orion turned in a better showing than it expects to start but still suffered a 47-33 beating at Fitzgerald while Oak Park was holding off a late Clarkson bid to win 25-25.

Two baskets by Dick Smith, one by Les Bourdo and three points by Herb Harris enabled the Yellowjackets to dominate the

overtime period following a wild, rough finish.

Madison came all the way back from being down 21-8 at the 1st quarter to trail by just four at halftime and then went in front 42-39 starting the final session. A tight 4th period with Avon four up once appeared to be decided on a shot by McDonald's last.

The visitors were weakened considerably in the 2nd quarter with Thorpe, who led both teams with 18, and Les Bourdo out because of early personal foul trouble. Clarkston's Harris had 16-10 on fouls. Four Eagles divided most of their points.

Orion showed good defensive

stuff and rebounded well but still could not hit the basket compiling a 27 per cent mark. It was only 19-14 at halftime. Tom Reese finished 18 for the Dragons. Bob Radinski's 15 for Fitzgerald.

Oak Park led by as much as 13 at times before Clarkson put on a big but too late surge. A key blocked shot by Dave Stewart and goal by Steve Dressler helped wrap up the issue when things got close in the waning seconds. Marty Hauger tallied 14 and Dressler 13. Gary Boss fired in 19 for Clarkson.

A driving layup in the last six seconds by Dick Whitman pulled out Milford's second win over Walled Lake and 4th straight for the Redskins. After MHS held a 25-25 halftime edge, the Vikings were in charge until Whitman brought his total to 16 for the night pacing the victors. Bill

Allen garnered 13 for Walled Lake.

Clarkston had a much easier time than expected with Oxford with a strong team effort. Coach Don Mautie emptied his bench in the 4th with a 23-point advantage. Bill Powell and Larry Landon combined for 42 points—27 by Powell—and rebounded well for the Wolves. Dick Caverty held Oxford's ace Doug Stout to four goals and scored as many himself. Jeff Brady's 17 led Oxford.

Romeo kept it interesting for Troy for two quarters trailing only 31-27 but then the proverbial roof fell in. Four quick baskets and some ragged Bulldog play got the Colts off and running to an easy rout right after the intermission. Bud Acton rung up 35 for Troy, 20 of them in the 3rd. Bob Galan got 13 for Romeo.

Emmanuel got a 20-point night from Frank Watts but he couldn't make up for the departed Sonny Green alone in a 55-37 loss at Farmington. Oak Park's loss at Farmington, 61-57. The Lakers got even with three minutes left and Denis Alix sank the clincher with 30 seconds to go. It took a 20-8 fourth period to turn the tide with Jack Newton and John Long heading the firing. The same duo had headed the attack all the way finishing with 22 and 14, respectively.

West Bloomfield had to overcome a nine-point deficit in the last quarter to edge Inker, 61-57. The Lakers got even with three minutes left and Denis Alix sank the clincher with 30 seconds to go. It took a 20-8 fourth period to turn the tide with Jack Newton and John Long heading the firing. The same duo had headed the attack all the way finishing with 22 and 14, respectively.

Utica won another squeaker nipping Lake Shore, 55-54. The Chiefs, with Dean Mikulak hitting 27, staved off a late bid by the losers. South Lyon posted a comfortable halftime lead with a 56-point second session in belting Detroit, 93-58. "Lonesome" Jack Wren got 28 of the total and Jim Sprague 28.

North Branch suddenly fell out of a close duel in the last 90 seconds to drop a 68-56 verdict to Mayville. Bill Frickie rung up 24 in the bronzy attack.

TOUCH AND GO — Bill Pritchett, Pontiac Central's 6-foot-4 center, seems to be giving the ball that light-fingered touch as he tries to go around a Highland Park player behind him. A productive 3rd quarter brought Highland Park a 47-43 victory over the Chiefs on the small Parker court.

SPORTS

Tech Is Wrecked by Auburn Again

By The Associated Press

Auburn got Georgia Tech's number and it may win out costing the potent Ramblin' Wreck their first southeastern conference basketball title in 22 years.

With a 48-45 ball control victory, Tech seemed to have nailed them in the last night, the Tigers made it six best pre-natal king Kentucky for the second time last week.

Bradley's second-ranking Braves posted their winning streak to nine and their overall record at 14-13. Auburn's victory at Seattle beat the team's record at 13-12 and Memphis State (13-2) were beaten in their important Tuesday games.

Santa Clara (14-6) handed the tenth-ranked Aggies a 66-53 whipping in the win of the Texas' two-game California tour, and Notre Dame (12-6) led off apologetically with a 75-58 loss to the ment-hopeful Memphis State 67-65 on Jimmy Hagan's basket at the buzzer. Thursday, which plays at Gonzaga, Bradbury before getting back to its Missouri Valley Conference duel with top-ranked Cincinnati, got 24 points from soph Clet Walker and 20 from Dan Smith in its sizzler with Seattle.

Miami of Florida, No. 11 nationally, won its 17th against two losses, 90-79 over Rollins, and Notre Dame (12-6) led off apologetically with a 75-58 loss to the ment-hopeful Memphis State 67-65 on Jimmy Hagan's basket at the buzzer. Thursday, which plays at Gonzaga, Bradbury before getting back to its Missouri Valley Conference duel with top-ranked Cincinnati, got 24 points from soph Clet Walker and 20 from Dan Smith in its sizzler with Seattle.

All five starters hit in double figures as New York U. led by Russ Cunningham's 18 points, made it 10-2 and handed Duquesne back to its Missouri Valley Conference duel with top-ranked Cincinnati, got 24 points from soph Clet Walker and 20 from Dan Smith in its sizzler with Seattle.

Marshall beat Bowling Green 75-60 as the winner's John Milhaud outscored Bowling Green's hotshot, Jimmy Dawg, 35-28. John Johnson's free throw with 44 seconds left gave Georgia a 66-63 thriller over South Carolina.

Wayne State Quint Wins 6th Straight

DETROIT — Wayne State's basketball battalions has torpedooed another opponent with a glowing record.

Northern Michigan was the victim last night, 83-74, in overtime. The Wildcats scored a 10-4 mark into the game.

The win helped Wayne put more shine on its own record—eight wins and two losses. The Tartars have won six straight in the 1960 season.

Only Friday, the Green and Gold smashed a 20-game winning streak by the University of Chicago.

With the count knotted 71-71, the home crew stalled out the last four minutes of regulation time, going for the last shot. It failed.

Wayne then outscored the northerners 12-3 in the overtime stanza. George Duncan again shot his average, 27 points, to pace the victors. Forward Jim Karabatsos led the visitors with 20.

Bunning Signs for '60

DETROIT (AP)—Jim Bunning, American League's sizzler, today signed for the 1960 season with the Detroit Tigers.

The 35-year-old right-hander posted a 17-13 record last season with an earned run average of 3.89. He led the league with 201 strikeouts.

Nine players now are in the Tiger fold.

CHARLIE NORTH, the other half of the Detroit Tigers' pitching staff, is expected to be in top form for tonight's second meeting of the season with Marquette. North, a foot in the first Notre Dame game, Jan. 9, and hasn't lived up to his promise since joining the remainder of the season.

DeBusschere After Mark

DETROIT (AP)—Big Dave DeBusschere is ready to start knocking off the scoring and rebounding records which Pontiac's Guy Sparrow set while playing basketball at U. of D. DeBusschere needs only six points in tonight's game against Marquette to break Sparrow's sophomore record of 410 points. He already broke Sparrow's one game rebounding mark of 26 with 33.

Legion Revives Colorful 'Ice Fishing Expedition'

By The Press Outdoor Editor

For many years, up to the 1948-49 winter season, one of the area's most colorful outdoors affairs was the annual "Ice Fishing Expedition." This "Expedition" was nominally a fishing party, but whether or not many fish were taken, was usually subordinated to a many-sided, highly entertaining program, that frequently took unusual and unexpected turns.

Remembering the fun this affair generated, some of the old timers have decided to bring the "Expedition" back, in all its glory. So, announced John Harrington, chairman of Chief Pontiac Post No. 377's committee, the invasion will take place Feb. 21, at Lake Oakland, site of Post headquarters.

GOOD SPORTSMEN WELCOME; 200 IS LIMIT

The "Expedition" over which each year a "fish king" reigned, has 200 tickets available for good sportsmen, says Harrington. He said Chief Pontiac Post would be host. Call OR 3-7382 or OR 3-5213 for reservations. Post site is at south end of Mary Sue St., off Maybee road.

★ ★ ★

Here's the committee working on plans, that include many prizes, lunch and refreshments, starting at 9 a.m. concluding at 6 p.m.

Harrington, chairman: A. Aarni, assistant; Fred Beedle, E. Walker, H. Bastedo, G. Harrell, R. Graves, R. Falerio, F. Falerio, E. Deaton, L. Brown.

Last "fish king" for the old "Expedition" was Bill Brown, Pontiac Post Office worker.

★ ★ ★

There were from 50 to 55 fishing shanties on the ice at Kent Lake in Kensington Metropolitan Park, and over the week-end fishermen reported hooking calico bass, bluegills and perch. Officials at the park said more perch were being caught over the weekend. Ice is from 5 to 6 inches thick.

★ ★ ★

PERCH FISHING REPORTED STEADY

Perch catches were still reported steady on the boat basins and along the canal at Metropolitan Beach on Lake St. Clair near Mt. Clemens. Park personnel reported that the perch were small in size, but a large number of fish per catch. Ice about 3 inches thick.

★ ★ ★

Elsewhere in these columns is a story about "the case of the naked squirrel." This condition, loss of hair in the animals, is quite common, and comes from a number of sources. Ticks or mange often denude the creatures, whose crowning glory is their bushy tails. Their Yule Brenner-type noggin and bare hides are, nevertheless, a startling apparition, on one's windshield.

★ ★ ★

A new engine, said to mark a new concept in internal combustion engines, may be a future power-plant for boats with high economy and more power. The motor, built in Germany and the U.S. is a small, lightweight rotary combustion type with only two moving parts.

Prototypes weigh 100 pounds, are said to produce 100 hp. The motor is reported almost full of vibration.

★ ★ ★

MORE HOUSEBOATS: NEW SHOOTING PIERCE

Speaking of boats: Visitors to the National Boat Show in Chicago, opening Friday, will look at more houseboats than ever before. And, say show officials, they will still buy more runabouts than any other type.

★ ★ ★

Really new types of sporting firearms are rather infrequent these days, but Armalite, division of Fairchild Engine and Airplane Corp., a West Coast concern, has just come out with a unique .22 rifle. This weapon fires a rim-fire cartridge, weighs less than three pounds, and floats!

★ ★ ★

The new gun is an extended barrel (16 inches) version of the fabulous AR-5, U.S. Air Force survival rifle. It's ability to float is made possible by the fiberglass stock. First public showing of the gun was at the National Sports Good Show in Chicago.

★ ★ ★

These modern marvels of the gunsmith's art, are a far cry from what was "the latest," say back in the 1700s. Like the combination pistol, switch-blade knife, tweezers, fingernail file and cleaning blade, and a toothpick.

Fills Limit Early

CHEBOYGAN (UPI) — Louis McKay quit sturgeon fishing yesterday. He had his season limit during the first two days of the sturgeon season that runs through Feb. 23.

McKay became the first person to get the legal limit of two, both in Black Lake near here.

165-Lb. Sturgeon Marks Opening of 1960 Season

When the state's opening season opened Monday for Michigan's biggest fish, Cheboygan State Park ranger Fred Brandt didn't wait long to land a 165-pound sturgeon.

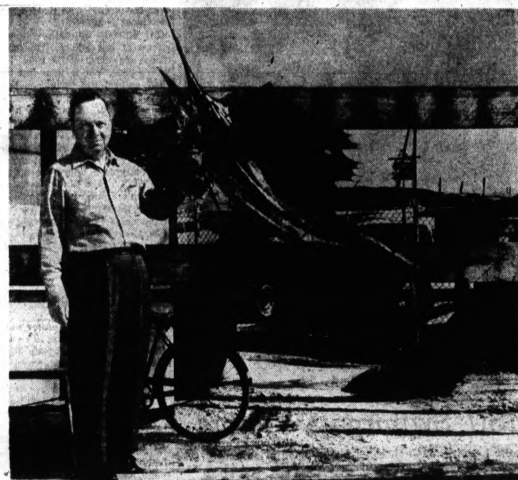

Brandt speared the fish on Mullet Lake where the only bigger one since reopening of sturgeon spearing in 1948 was taken in 1955 (175 pounds).

A Cheboygan milkman, who had speared a 65-pounder an hour earlier, helped Brandt land his big prize. Brandt's fish was 67½ feet long.

Sturgeon spearing on designated lakes runs through this month.

Outdoor Editor, Pontiac Press

SEVEN-FOOTER — Another Pontiac area deep-sea angler has come through with a fine trophy as the result of a recent trip to Florida. A. S. Griswold, 5051 Pon Valley, Bloomfield

Hills, tells the cameraman "Hey, see what I caught, as he shows off the 7-foot, 7-inch sill he captured in the Gulf Stream off Delray Beach.

Bigger, Better Fish Derby at Fenton

Two days* of fast-moving action, says Tommy Hunt, heading the Fenton Lake, with what is promised as a "bigger and better" program, has been arranged for Saturday and Sunday.

Yacht Club, which will be open to care for food and warm.

This will be the 8th annual event for the Fenton Lakes Sportsmen's club. Headquarters will be at the

The fishing derby, starting at 7 a.m. Saturday, ending Sunday at 3 p.m., promises participants many awards. Prizes go for biggest pike, perch, speckled bass, bluegill and sunfish, taken by hook and line. Biggest pike speared, and the smallest fish taken will also bring rewards.

Brighton's Meta Cayuse Motorcycle club has planned a racing program on the ice. This is a sanctioned event, and includes many classes. A spike race is a special feature.

There'll be "go-kart" racing, with qualifying races Saturday morning, and finals on Sunday.

Many well known political figures are expected to be among the guests.

Ladies Auxiliary Sports club and the Junior Sportsman's club Buckshots are joint sponsors for the carnival.

Ample parking has been arranged, and there will be no jump-up such as look place last winter.

Third place was won by Picolet's Gent, owned by Mrs. Thomas Higgins of Royal Oak, Mich., and handled by John Thompson of Leesburg, Ga. and Novi, Mich., and fourth was Bello's King, owned by James B. Bel Jr. of Palm Beach, Fla., and handled by Morehouse.

NEW YORK (UPI) — Theater television, now an important part of boxing, first was attempted on a "major scale" for the 1961 Joe Louis-Lee Savold fight. Only eight theaters in six cities were on the hookup.

From a Tiny Acorn—

MIAMI, Fla.—Trolling usually is done at speeds of from five to 10 miles an hour.

These aquatic hot-rod-racers are medium size, open outboards, which seldom exceed 17 feet in length.

Using light casting tackle and ocean spinning rigs, and trolling plastic popping plugs, they drive the boats along the weed lines far offshore. Action depends entirely upon the surface feeding activities of game fish.

Dolphin, blackfin tuna, bonito, amberjack, bar jack and barracuda are caught regularly.

The prize Atlantic sailfish is a good customer for the high speed handout. One teenager landed a sail weighing more than 85 pounds on a medium spin rod with six pound test line.

Ask Court Aid for P-R Funds

LANSING—Michigan, Wisconsin, Colorado and, likely Minnesota, will go to court in a bid to free nearly \$300,000 in Pittman-Robertson monies being withheld from their wildlife restoration programs.

Michigan's share of the withheld monies amounts to about \$225,230. To date, it has been credited with \$487,518 for the current fiscal year.

The states will file a complaint against the Department of Interior's withholding action in a Washington D.C. district court. The point of contention between state and federal officials stems from their difference of interpretation concerning last year's change in the allotment formula for P-R funds.

Police Report 'Naked Squirrel' Case Is Closed

Pontiac State Police have closed the "case of the naked squirrel" with an assist from County Conservation Officer Howard Johnson.

Troopers were called by Mrs. William McFee, of 3711 Cooley Lake Rd., Waterford Township. She said she'd been feeding squirrels during the cold weather and "one of them has lost all his hair."

Fearing he might freeze to death, she asked troopers to do away with the poor animal. Conservation Officer Johnson said the loss of hair was probably due to wood tick and he'd most likely survive.

The relieved lady thanked troopers and said she'd keep on feeding him until his hair returned.

Royal Oak Dog 3rd in Brittany Trials

PINEHURST, N.C. (AP)—Towsey, owned by the Department of Wildlife, Kan., won the open all-age stake of the Southeastern Brittany Club's fifth annual field trials here yesterday.

Second was Britt De La Fontaine Vallee, owned by Herbert Farnsworth of Andover, Mass., and handled by Philip I. Morehouse Jr. of Salem, N.H., and Bamberg, S.C.

The third place dog was Picolet's Gent, owned by Mrs. Thomas Higgins of Royal Oak, Mich., and handled by John Thompson of Leesburg, Ga. and Novi, Mich., and fourth was Bello's King, owned by James B. Bel Jr. of Palm Beach, Fla., and handled by Morehouse.

NEW YORK (UPI) — Theater television, now an important part of boxing, first was attempted on a "major scale" for the 1961 Joe Louis-Lee Savold fight. Only eight theaters in six cities were on the hookup.

Ban Sought on Antlerless Deer

LANSING (UPI) — Two of the "staunchest fighters" for conservation department policy on deer herd management have done an about face and asked for a one-year halt to antlerless deer hunting.

"This is a bombshell," James Ruman, executive director of the Michigan United Conservation Clubs said when informed of the move. "We had no idea anything like this was in the wind."

Sen. Charles T. Prescott (R-Prentiss) and Rep. Emil A. Peltz (R-Rogers City) requested in a letter to the conservation commission that a "moratorium on the killing of antlerless deer" be declared for, at least during the 1960 season.

Both Northern Michigan lawmakers admitted they were more concerned with public opinion than with the deer herd.

Conservation department director Gerald Eddy, contacted at his home by UPI, said it was "news to me."

"This sure surprises me," Eddy said. "Peltz and Prescott have always been our staunchest fighters and have always backed our programs. I don't know what they have in mind and I don't want to comment until I'm officially informed of their suggestion."

Eddy did say, however, "their letter will surely be considered at the next commission meeting (Feb. 10-11)."

Prescott and Peltz apparently have strong backing for their proposal. Prescott is chairman of the senate conservation committee and Peltz is a member of the House Conservation committee.

Junior Archers Set for League Action

Registrations are now being taken for the Giles White Buck Junior Archery league, which begins operation on Saturday, Feb. 6, at the club's range.

Starting time for the circuit is 2 p.m.

The league is open to boys and girls from eight to 14 years of age. It will have two licensed instructors available for teaching, including beginners.

But It Is Far More Comfortable

Life Not Too Exciting as You Near 50

By HAL BOYLE
NEW YORK (AP)—Every year my life insurance agent sends me a congratulatory post card on my birthday.

This month I figure he ought to send a "get well" telegram. For it marks the starting of my 50th year, a landmark a man passes only once in his life.

Technically, I will be only 49, but I can see 50 on the rim of the horizon, and already I am getting those who said 50 was nifty blues.

Years ago my birthdays were kind of fun. They gave me an excuse to go around and collect kisses from all the pretty girls in the office.

In recent years, however, I have noted more and more girls stay home on my birthdays. And those who do show up at my work, away at my approach, warning they have heavy colds, virus X, or Asian flu. But it's a funny thing. The day after my birthday they are all cured. Modern medicine sure does work miracles.

His 40th birthday is a major disaster in any man's life. He doesn't fall for that Polynesian guff that life begins at 40. He knows better. Middle age hits him with the impact of an onrushing locomotive.

FUN OF LIVING OVER
"When does the fun begin?" he asks plaintively, and feels in his heart that the fun of living is mainly past.

I felt so low at 40 myself that almost every year since then my mother on my birthday has mailed me a note with these two same cautionary bits of advice: "Child, child, don't you know there'll be another day?" and "So loosely in the seat of life."

But the 40s are a dark walk in a darkening forest, as you fight the thought that each day carries you further from the popo stick and nearer to the wheel chair.

Canceled Insurance in Michigan Surety

CINCINNATI (AP)—Edward A. Stowell, Ohio commissionaire of insurance, testified yesterday the Ohio Public Utilities Commission and the city of Cincinnati canceled more than one million dollars worth of truck insurance with Michigan Surety Co. of Lansing, Mich.

Stowell said government agencies refuse to insure equipment with a firm whose license had been revoked in Ohio.

The commissionaire, testifying during the second day of a common pleas court hearing, seeks receivership for assets of Michigan Surety now held by three Cincinnati insurance firms controlled by Mark Kroll. The hearing continues today.

Kroll was president of Michigan Surety. The firm is now under custody of the Michigan Insurance Dept., which holds the bonding company to be insolvent.

The Ohio firms involved in the hearing are Agency Corp. of America, Surety Underwriters and Wilmark Agency.

Ray Johnson, Birmingham, Mich., accountant, testified earlier yesterday that Michigan Surety was \$487,000 in the red as of last Oct. 31.

Johnson, court appointed to check Michigan Surety's books, said Kroll's Agency Corp. owed the Lansing firm \$1,282,000; Surety Underwriters owed \$18,000 and Wilmark, \$611.

Scout Troop 103 to Mark Its 50th Anniversary

In observance of the 50th anniversary of the Boy Scouts of America, Troop 103 at Hudson Cove School in Waterford Township will have an open house beginning at 6:30 p.m. next Wednesday.

There will be a self-serve buffet dessert, and a program featuring the presentation of awards at a court of honor. Each patrol will then demonstrate a specific activity in which it has participated during the past year, according to Scoutmaster John Hoke.

DONALD DUCK

And what about the prospect of being 50? Well, strangely, as the half-century mark looms closer, you glimpse a patch of sunlight in the jungle. You know you will weather being in the 40s, and you know that nothing can be worse than that.

MORE TOLERANT
You become more tolerant of the antics of teen-agers, and thank your stars you'll never have to be one again. You pity rather than envy youth.

In reading a newspaper, you turn first to the obituary page, then to the stock market tables, then to the medical column—and then to the sports page.

You develop new interests—particularly in the ailments of your friends.

When an old enemy dies, your sense of victory is overcome by a sense of personal loss.

Women of 25 and 30 seem giddy and immature to you. Women of 40 and 45 are endowed with a new and mellow charm.

When some young whippersnapper in the office criticizes the boss, you bowl him out on the spot. After all, if anyone is going to put the boss in his place, it is up to you to do it—or what does seniority amount to?

You give up the idea that when you awake tomorrow you'll feel as good as you did 20 years ago. You know darn well you'll feel just like you did when you awoke yesterday.

You quit writing letters of advice to your congressman, and decide to let him stew in his own juice.

You no longer have to listen to your wife, because you know everything she says by heart—and, if she challenges you, you can play any of her verbal records back from memory.

The world of nature holds a

bright awareness for you it never held before, even in your childhood. Beneath the dripping icicle on the wintry bough, you see the forming bud of yet another spring.

You think less often of where you'll go on your annual vacation and more often of where you will retire.

You don't fight so hard against gathering fat, lost causes, and life itself. You are content to realize that one life isn't long enough to change the wide world.

If you can't save money, you save other things—string, paper a

bags, buttons, pencil stubs, rubber bands, and the pins that come in new shirts. You don't even throw away your old shoestrings until they have at least three knots in them.

Life isn't as exciting as it once was, but it is far more comfortable.

You give up looking for new heroes. In a quiet way you feel that, after all, you are your own best hero.

And, in a way, isn't that rather true? Isn't anyone who survives to his 50th year in this century save other things—string, paper a

John D. Owens has joined the staff of MacManus, John & Adams, Inc., as an account executive in the agency's public relations department.

A graduate of Michigan State University, Owens has been in the communications field for nine years. His background includes service with Michigan Bell Telephone Co., the Detroit Times, and as public relations director of two Detroit advertising agencies.

Owens, who will work out of the Bloomfield Hills offices of the agency, has one child and lives at 2162 Masonic Blvd., St. Clair Shores. He is a member of the Public Relations Society of America and Detroit Press Club.

Grain Futures Work Toward Firm Side

CHICAGO (U) — Grain futures prices worked rather generally toward the firm side today in early board of trade transactions. However, volume was thin and gains were limited to small fractions.

During the first several minutes corn led the advances with export interests among the buyers. The Department of Agriculture cleared subsidy bids of 1 to 6 cents a bushel on more than 24 million bushels of corn for export.

It was the largest volume for one day in several weeks. Most of the shipments must be made by the end of March. The bid of 6 cents on a small amount to be exported in July is the highest bid of the year.

TONIGHT'S TV HIGHLIGHTS

- 6:00 (2) Movie (began at 5 p.m.)
(1) Jim Bowie.
(7) Curtain Time.
(8) Popeye.
(56) Fine Arts Quartet. Began at 5:30 p.m.
- 6:55 (2) Weather.
6:58 (2) News, Sports.
(7) Curtain (cont.).
(9) Superman.
(56) News Magazine.
(4) News Analyst.
(7) Sports.
(2) (4) TV News.
(56) Industry Parade.
7:00 (2) Five Star Feature. Comedy: Bob Hope, Betty Hutton. "Let's Face It."
(4) Border Patrol.
(7) Tombstone Territory.
(9) Man Without Gun.
(56) Search for America.
7:15 (56) Friendly Giant.
7:30 (2) Feature (began at 7 p.m.)
(4) Hallmark Hall of Fame.
(7) Arizona Gun.
(9) Million Dollar Movie. Drama: Van Johnson. "Between Two Women." (45).
(56) International Festival.
8:00 (2) Feature (began at 7 p.m.)
(4) Hall of Fame. (Began 7:30 p.m.)
(7) Charlie Weaver.
(9) Movie (began at 7:30 p.m.)
(56) Talest Time.
8:30 (2) Men Into Space.
(4) Hall of Fame. (Began 7:30 p.m.)
(7) Ozzy and Harriet.
(9) Movie (began at 7:30 p.m.)
(56) Title Hunt.
9:00 (2) Millionaire.
(4) (color) Perry Como Show.
(7) Hawaiian Eye.
(9) Special Agent.
(56) Basketball.
9:30 (2) I've Got a Secret.
(4) Perry Como (cont.).
(7) Hawaiian Eye (cont.).
(9) Waterfront.
(56) Basketball (cont.).
10:00 (2) Armstrong Circle Theater.
(4) It's Your Life.
(7) Wednesday Night Fights.
(9) Unforeseen.
(56) Basketball (cont.).
10:30 (2) Circle Theater (cont.).
(4) Wichita Town.
(7) Flights (cont.).
(9) Mr. District Attorney.
(56) Basketball (cont.).
11:00 (2) (7) (9) News, Weather, Sports.
11:30 (2) Movie, Drama: "The Lodger." Laird Cregar.
(4) Jack Paar.
11:50 (7) After Hours Club.
(9) Starlight Theater.
b Musical: "Man About Town." Maurice Chevalier. (37).

THURSDAY MORNING

- 6:00 (4) Continental Classroom.
6:30 (4) (color) Continental Classroom.
6:50 (2) Meditations.
6:55 (2) On the Farm Front.
7:00 (4) Today.
(2) TV College.
(7) Yungies.

TV Features

By United Press International
HALLMARK HALL OF FAME, 7:30 p.m. (4). "The Tempest," a 90-minute adaptation of Shakespeare's comedy about a shipwreck, an enchanted island, and love conquering all. Starring Maurice Evans, Richard Burton, Roddy McDowall, Tom Poston and Lee Remick.

"WHO SAID COFFEE BREAK?" — It's no break for Fil. The three-week-old Chihuahua takes a dim view of somebody's idea for a joke. The 12-ounce pup is owned by Mrs. Charlotte Bradenburg of 605 Hickory St., Millard.

Parks Admission OK'd by Senate

Bill for a \$2 Fee Will Face Stiffer Test in State's House

LANSING UP—The \$2 annual parks admission fee bill faced tougher sledding in the House to date after whistling through the Senate 25 to 8.

Sen. Elmer R. Porter (R-Blissfield), its chief sponsor, said he expected the bill to get to the desk of Gov. Williams, who twice has vetoed somewhat similar proposals.

This time the governor will sign it, Porter predicted.

Tagging along behind the parks measure was a bill to repeal a 1959 act requiring reflected auto license plates in 1961. Senators approved it yesterday 21 to 12.

LITTLE DEBATE

The two bills, both endorsed by senators with little debate, were the first to reach the halfway point in the legislative process.

Porter said three changes in the parks legislation enhance its status of ultimately getting into the statute books. The bill:

1. Would allow insurance of up to 10 million dollars to be made against the five million maximum provided before.

2. The borrowed money could be used for buying new land for the parks system, and not restricted as before to improvements such as roads, boat docks, shelters and toilet facilities.

3. The daily fee for casual visitors could be set at any level up to 50 cents, varying with the park's attractions, patronage and location. Earlier bills provided a flat 40-cent daily fee.

The changes were expected to make the plan more acceptable to the governor who has urged a "crash" 30-million-dollar general obligation bonding program but stands little chance of getting it.

Four Democrats joined with 21 Republicans in endorsing the bill—Sens. Raymond C. Dzendziel, Detroit, George C. Shock of Mount Clemens, Philip Rahol of Iron Mountain and Charles O. McManiman of Houghton.

All negative votes were cast by Democrats.

Latest per capita figure for American consumption of canned foods was 75.65 pounds annually, 50 per cent more than 20 years ago.

TV News and Reviews

'Greatest Man Alive' Has Too Many, Wrong Jokes

NEW YORK (UPI)—Some people would do anything for publicity.

This humorist trait served as the underpinning for "The Greatest Man Alive," last night's NBC-TV Starline production.

The play by Tony Webster dealt with a wacky, lonely, 75-year-old widower named Amos Benedict, played by Ed Wynn, who was about to put on a derby and hang himself.

It was Benedict's desire to have his sartorial splendor in suicide earn him a few lines in the papers. For once, albeit posthumously, the Amos Benedict name would receive publicity.

This was a comedy.

The opening moments gave me reason to believe that Webster was going to deal with man's desire to make a mark on the world and had chosen a frothy comedy format for his message.

Now, Webster is an excellent gag writer and he tossed in a number of fine laugh lines.

But I'd say his training in comedy writing tripped him up.

Sooner or later, the zany premise of his story had to slam into reality; not the sick, synthetic reality of the joke-smith's trade but the down-to-earth reality of a man who is determined to take his own life.

Yet, whenever reality had to be faced, Webster met it with a joke or a disturbingly off-hand, expeditious turn in the plot.

The story of Amos Benedict, "The Greatest Man Alive," just didn't hang together.

Fabian visited the Red Skelton Show last night and smiled cheerfully through some rough treatment.

But I suppose in his position, Fabian has no choice but to keep making TV appearances.

Boy Scouts Handbook Rivals Bible in Sales

NEW YORK (UPI)—The all-new sixth edition of the Boy Scout Handbook is right behind the Bible as the best selling book in America with its latest printed run of 1,650,000 copies.

The publishers note that since the first edition came out in 1910 at 25 cents, the handbook has sold more than 17,500,000 copies, far outstripping "Ben Hur" and the "Boston Cookbook" for second place on the all-time best seller list.

Little Mickey's, Plotting Big Television Series

By EARL WILSON

NEW YORK — Mickey Rooney's a little guy but he's got big hopes—now he's negotiating to do a movie in Paris with Brigitte Bardot—and to produce a TV series in Italy called "The Discoverers."

The latter would dramatize the lives of fellows like Christopher Columbus, Balboa, Cortes, and all those other names I studied in school and seem to have forgotten. "It would be the story of the people who discovered the world," Mickey exclaimed as he told me about it. "I think people would stay home to see a series like that!"

Mickey said he might include the "discovery" of how to have a happy Hollywood marriage. Writer Jerry Seelen said, "I can name you 11 happy marriages right off." Mickey said: "Yeah! Name them!" Seelen said: "Artie Shaw's."

Dick Haymes is introducing his beautiful young, brunette wife, Fran Jeffries, as a pop singer. The Haymes, who have a seven-month old daughter, Stephanie Frances, who should be a solid hit. "Dick has such an attractive wife—he really got lucky," said a friend. And an ear-splitting said: "It's about time!"

Gretchen Wyler's walking around in slippers with glass heels which light up each time she takes a step. Got 'em in Houston, Texas, where else?

The naughty words will probably lure lots of customers out to see the play. "There Was a Little Girl," in which Henry Fonda's dtr., Jane, is expected to be a big hit. It opens here Feb. 29 and the N.Y. censors will have to decide whether the pictures words can cause. Playwright, Daniel Taradash's typewriter is still blushing.

WISH I'D SAID THAT: That wealthy Texan moved to Alaska, and now he's the only one up there with a chauffeur; driven dogless. . . . That's earl, brother. (Copyright, 1960)

THE MIDNIGHT EARL . . .

Brigitte Bardot as "Penny" in a movie with Maurice Chevalier. . . . France Nuyen got mischievous while abroad movie-making and was assigned a chaperone. . . . Katharine Hepburn tells friends she now expects "fluffy" parts. . . . Joe Louis wants Ingemar Johansson to sing for his records firm. . . . Artie Shaw has film bio offers, hopes Tony Curtis will star. . . . Zsa Zsa Gabor explained the one thing Hungarian girls have that American girls don't have: "The desire to come to America any day."

Reginald Bassett Heads JA Firm
Buana-Co Has Election

Reginald Bassett, 17, of 2286 Middle Belt Rd., has been elected president of Buana-Co, a Pontiac Center Junior Achievement company. Buana-Co is sponsored by Chrysler Corporation's Engineering Division and manufactures the "Cover-All," a polyethylene drop cloth, and the "No-Sno" windshield scraper.

Other officers elected were Richard MacDonald, 2301 St. Joseph St., vice president; Rita Ann Hapla, 73 N. Ardmore St., secretary; and Sharon Lowe, 183 Fisher St., treasurer.

Members of the board of directors are Robert Bernis, George Brown, Charlotte Isbell, Sue Koen, Ruby Lewis, Lana Luchen.

Williams' Aide
to Resign May 1

Attorney Alfred B. Fitt Goes to Washington on Hart's Committee

LANSING (AP)—Resignation plans of Alfred B. Fitt, 36, Gov. Williams' legal adviser for nearly six years, stirred speculation some today that Williams will step out after six terms.

However, the governor's long-time press secretary, Paul W. Weber, cautioned newsmen against jumping to any conclusions.

Weber himself is considering an offer tendered two months ago for a \$15,000-a-year spot with the state Civil Service Commission.

Fitt announced yesterday that he will leave May 1 to join the legal staff of the U.S. Senate judiciary subcommittee on administrative procedures.

In Washington he will renew an old tie with Sen. Philip A. Hart (D-Mich.), a subcommittee member, a close personal friend and Fitt's predecessor as Williams' legal adviser.

Fitt said he long had desired Washington experience and that he had discussed the move with Hart for well over a year.

He said the timing of the shift was intended to correspond roughly with the end of the 1960 Legislature.

Fitt has been an important cog in the governor's office machinery. Williams relied heavily on him in the knotty tax questions that arose in 1959's marathon Legislature. Fitt is resigning a \$17,000-a-year top to take one that will pay a top of \$14,800.

Official's Daughter,
Boy Friend Located

NEW YORK (AP)—A university official's blonde daughter who skipped out on a Florida trip with her parents was found Tuesday night arm-in-arm with her Negro boy friend in a Times Square movie house.

Dorothy Lebohrer, 18, disappeared Monday night from the Baltimore hotel suite of her parents, Mr. and Mrs. Edward K. Lebohrer.

Lebohrer, treasurer of Alfred University at Alfred, N.Y., and his wife were en route to Florida with their daughter to help her forget the interracial campus romance with a former basketball star. After police found them at the movie, Miss Lebohrer and Warren Sutton, 21, of Chester, Pa., told officers they had walked all night, eaten at Automats, and spent the day in movie houses.

Another Setback
Stops Colonists;
Won't Give Up

COOS BAY, Ore. (AP)—Despite 36 hours of seasick togetherness, hope still burns brightly in 20 persons who want to sail away and establish a colony in the Galapagos Islands.

"We will continue," said Don Harsh, leader of the group, after the old wooden ship Alert limped into port here Tuesday, battered and leaking from a Pacific storm.

The latest setback failed to dampen the zeal of the would-be colonists, Harsh said. "They are raring to go again."

London Daily Worker
Drops Edition to Save

LONDON (AP)—The British Communist party today admitted major financial difficulties in producing the London Daily Worker, its mouthpiece for the past 30 years.

Henceforth, Daily Workers readers were told, the paper will produce only one edition a day. Previously it printed two.

Sales of the Daily Worker have fallen from about 120,000 in 1949 to 58,000.

The average American wage-earner pays one dollar out of every four he makes to the various local, state and Federal governments.

Like Likely to Veto Bill
for Sewage Treatment

WASHINGTON (UPI)—Democratic strategists figured today that the first big bill of the election-year Congress will reach President Eisenhower this weekend.

A Senate-House conference committee is expected to reach final agreement on the measure late today. It would authorize a big expansion in federal grants for construction of sewage plants to curb pollution of waterways.

Broomfield Backs Air Service Plea

It's Official Now: Waterford Edison

By REBA HEINTZELMAN
The Waterford Township Board of Education last night altered its decision to change the name of Waterford Township High School to the Thomas A. Edison High School. In a compromise move, the present high school will now be known as the Waterford Edison, and the second senior high school to be built this year will be called the Waterford Kettering High School.

Only the Board of Education, school officials and a reporter were at the special meeting, which did not receive advance publicity. Supt. William Shumack said an attempt had been made to reduce the attendance by holding it unannounced, and lack of advance notice to the public could attend was a mistake. The meeting was called so that

Board members could determine what to do regarding a protest against the name change by the Student Council and the Student Affairs Committee of the school. The two groups requested that the Board reconsider its November action in changing the name of the high school.

FEELING RAN HIGH
Following the Board's initial action, feeling throughout the township ran high against the change. Letters from residents, students and high school alumni flooded The Pontiac Press' Voice of the People column for weeks, protesting changing the name of the high school. Several meetings of the four upper grades were held in an attempt to "get the feelings" of all the students.

Students maintained that school songs, clubs, the year book, class rings, trophies and other important high school facilities and items would come to mean nothing with the change to the Thomas A. Edison High School.

The School Board contended that it had no intention to lose sight of the fine traditions of the township or of its high school. However, the student groups pointed out that present and former students of the school had established state and national recognition in many fields, and wanted the name of the area of their school retained.

It was through the suggestion of one of the students at a Board meeting with students to attach the identification of Waterford before Edison and Kettering that the Board rescinded its former action.

The naming of the two high schools for two great Michigan scientists followed a policy of the School Board to honor great Michigan men.

The two new junior high schools, Isaac Crary and John D. Pierce were named for the two men who laid the cornerstone of Michigan's public education system. All other new grade schools were named for educators, inventors and scientists, according to Mrs. Elizabeth Adams, chairman of the Board's Names Committee.

Construction of a second senior high school spurred the Board into making the high school name change, Mrs. Adams said. "With another high school both could not be known as 'The Waterford High School,'" she said.

The School Board understood and sympathized with the desire of the students to retain the name 'Waterford' in a primary position in the official title of the high school, and therefore added Waterford to the two names.

Named Medical Chief
LANSING (UPI)—The Michigan State Medical Society today Dr. H. J. Meier, Coldwater, has been named chairman of the society's executive council. He replaced retiring Dr. A. E. Schiller of Detroit.

Bevan Still Recovering
LONDON (AP)—Doctors reported in London today that Leonard O. Redden, outwardly a placid man, driven by inner anguish to kill two women teachers and then himself.

Redden kept his private fears hidden behind a quiet smile until Tuesday. Then, before their fifth grade pupils, he killed Harriet Robinson, 32, and Minnie McFerrin, 30. Finally, in the woods where he used to hunt, he fired his shotgun into his own chest.

Why?
His wife, Hazel, a school teacher and mother of their two children, thought he knew.

"He was just plain off his head," she said sorrowfully. "He thought he was the victim of gossip." The gossip linked him with Miss Robinson, his wife said, it was all in his own mind.

The 44-year-old educator had been principal of Hartford City, Ind., three grade schools for nearly

Detroiters Get GMC Buses

LUXURY LINE — Detroiters got their first look and ride yesterday on the General Motors Truck and Coach Division's luxury coach line. Fifty new buses — made in Pontiac — were delivered to the Detroit Street Railway Commission

after a parade down Woodward avenue. The buses cost the DSR \$1,867,000. Ten of this first shipment are air conditioned. The DSR has 250 more coaches on order, to be delivered in July and November.

Truce of Six Months Missile Power Is Hope in Bus Strike Satisfies Ike

A group of Pontiac businessmen and city officials hope to bring about a six-month truce in the city's bus strike late this week or early next.

The group met yesterday with an official of Pontiac City Lines, Inc., and outlined plans in an attempt at a long-range solution to Pontiac's bus troubles.

In the meeting at headquarters of the Pontiac Area Chamber of Commerce were Earl Dresser, manager of the bus company; Mayor Philip E. Rowston, City Commissioner Floyd P. Miller; Albert W. Holcomb, first vice president of the Chamber of Commerce; George Richmond, president of the Downtown Merchants Assn.; Donald Shaw, president of the Miracle Mile Businessmen's Assn.; and Monroe M. Osmon, chairman of the chamber's transportation committee.

Osmon said the group hopes to meet Friday to hear the bus company's answer to the truce proposal. The same proposal has been made to the drivers and mechanics who have been on strike two months, he said.

It was proposed that during the truce period, a mayor's committee study Pontiac's ailing public transportation system.

The strike emphasizes the financial troubles of the bus company. Drivers and mechanics claim they are underpaid and have demanded wage increases.

The company says it made at least a profit last year and can't afford wage increases.

In other cities where bus companies were in similar financial straits, a common solution has been an arrangement whereby the city leases the buses, then lets the bus company operate them.

Such an arrangement—adapted in Jackson and Kalamazoo—frees the bus company of local and state taxes, giving it more funds to cover operating costs.

Half Way to Miners
COALBROOK, South Africa (AP)—Rescue teams neared the half-way mark today as they drilled toward a cave-in that entombed 435 coal miners 12 days ago.

President Sides With His Aides, Rejects Big Bomber Alert

From Our News Wire
WASHINGTON — President Eisenhower today called America's missile development record quite gratifying in the wake of proposals for an around-the-clock bomber alert.

At a news conference, the President said vigorously with Secretary of Defense Thomas S. Gates Jr. and Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff, in their differences with Gen. Thomas S. Power, head of the Strategic Air Command.

Eisenhower rejected Power's call for a continuous airborne bomber alert, and also the general's contention that the United States faces the danger of having its retaliatory striking force knocked out by Soviet missiles.

The President also said today the law should be changed to make nuclear weapons available to responsible U.S. allies.

Eisenhower said he has always been of the belief that this country should not deny to its allies atomic information already possessed by its potential enemy.

PROHIBITS INFORMATION
The Atomic Energy Act now prohibits divulging certain information to any foreign country.

Eisenhower said this law should be made more liberal so nuclear information could be given to countries classified as competent to contribute substantially to free world defenses.

The President said U. S. allies should not be regarded merely as passive recipients of nuclear aid in defense decisions.

Other news conference highlights: Eisenhower said he would like to see the Constitution amended to provide four-year terms for House members so they would run at the same time presidential elections are held. He also favored a constitutional amendment to give the president authority to veto specific items out of appropriation bills. This, he said, would defeat pork-barrelling.

His administration is studying a possible request for an increase of one-fourth of one percent in social security taxes to provide greater care for the (Continued on Page 2, Col. 1)

Bolesters Local Hopes With Half-Hour Appeal

SPECIAL TO THE PONTIAC PRESS
WASHINGTON, D.C. — Rep. William S. Broomfield (R-Oakland County) today urged federal officials to establish regularly-scheduled airline service in Pontiac. The Royal Oak congressman's plan launched the city's biggest drive so far for national recognition as an air center.

In a 30-minute statement, devoted fully to the air needs of Pontiac, Broomfield told the Civil Aeronautics Board in Washington:

1. Pontiac Municipal Airport could serve the people in the Detroit Metropolitan Area.
2. Pontiac area industry must have air facilities closer than the Wayne County airports.
3. Regularly-scheduled air passenger and freight service is needed in Pontiac this year.
4. Experts agree to this latter contention and add that Pontiac is the only logical site for a second major jet airport in the years ahead.

Pontiac officials hoped Broomfield's support would help Pontiac win, initially, air service to Cleveland and Chicago.

A city delegation in Washington announced confidence that the CAB would at least approve air service linking Pontiac on a route between Detroit and the Upper Peninsula.

The Pontiac delegation is scheduled to appear before the CAB tomorrow with a 10-minute presentation in support of the Chicago and Cleveland service.

Pontiac's appeal was mentioned to the CAB yesterday in connection with Chicago and Cleveland service by North Central Airlines, the company which also wants to serve Pontiac on the proposed Detroit-Sault Ste. Marie route.

The CAB Friday will conclude a four-day hearing on proposals for new short-haul air routes in the Great Lakes region.

It is hoped that Sen. Philip A. Hart will appear before the CAB tomorrow in support of the Pontiac request, said John A. Hiringer, manager of the Pontiac Area Chamber of Commerce.

Hiringer is spokesman for the five-man Pontiac delegation. Broomfield's main contention was that Wayne County and Detroit Metropolitan airports fail to serve satisfactorily the bulk of the Detroit area's population.

He said they were especially inadequate for Pontiac industry.

He cited the booming residential, industrial and cultural growth of Oakland and Macomb counties and asserted that both areas could be better served by Pontiac airport.

Pontiac airport is closer to these areas, he pointed out.

He said Wayne County airports—located south and west of Detroit—are out of the way and difficult to reach for the majority of the population living in the Detroit metropolitan area, the congressman stated.

"The center of population in the Detroit area is not within Detroit city limits, but is in the suburbs of Oakland and Macomb counties," he said.

Suburban residents are the big (Continued on Page 2, Col. 4)

Rescue Try Fails

TOO LATE — This long branch was used by John H. Linton, 42, of 1007 Crayview St., White Lake Township, to pull in the body of 4-year-old Gordon Gauthier who fell into the millpond dam at the south end of Oxbow Lake at noon yesterday. The rescue attempt was too late.

Boy, 4, Drowns in Oxbow Lake

Frantic Mom Almost Sinks as She Wades Out to His Body

The frantic efforts of a terrified White Lake Township mother and a neighbor failed to save the life of 4-year-old Gordon Gauthier yesterday.

The boy went through thin ice on a millpond at the south end of Oxbow Lake, about a 100 yards from his home at 130 Hulbert St.

He was one of six children of Mr. and Mrs. Raymond Gauthier.

The boy's mother, Nita, ran toward the millpond dam when she couldn't find her son shortly after noon. She feared he had failed to heed her warnings to stay away from the water.

LAD LEFT QUICKLY
Mrs. Gauthier told sheriff's deputies and township police that he had been with her in the house only 20 minutes before.

A neighbor, John H. Linton, 42, of 1007 Crayview St., heard her shout. He ran with her to the dam.

"We spotted" the lad floating about 35 feet from shore," Linton said. "I grabbed a long tree branch, reached out with it and guided his body into shallower water."

When the body neared shore, the horrified mother jumped headlong into the pond and splashed out to her son.

"I was afraid she was going under too," Linton said. "I grabbed her and the boy and we rushed to my house with him."

Attempts at artificial respiration by Linton and his wife Margaret as well as township firemen all failed.

Deputy Coroner Dr. Isaac Presette pronounced him dead at the scene. Last year's first drowning occurred May 25.

It'll Be Warmer Than Normal for Five Days

Temperatures for the next five days will average four to eight degrees above the normal high of 26 to 32 and normal low of eight to 18, says the weatherman. The weekend will be a little warmer.

The low will be 14 to 18 tonight. Thursday's high will be 28 to 32.

Precipitation for the period should average one-quarter inch or less, with occasional snow Sunday or Monday. Some rain is likely Friday.

Southeasterly winds at 10 miles an hour will diminish somewhat tonight. The mercury read 12 degrees at 6 a.m., the lowest temperature in downtown Pontiac, preceding 8 a.m. The recording at 1 p.m. was 28.

Union Membership Starts Downtrend

WASHINGTON (UPI) — Union membership reversed a 20-year trend and declined from 1956 to 1958, the Labor Department reported today.

Results of a comprehensive survey of dues-paying members in national and international unions with headquarters in the United States was made public in the current issue of the monthly Labor Review.

It showed that union membership fell to 18,100,000 at the end of 1958, a drop of 400,000. The total includes an estimated 1,200,000 members outside the country, mainly in Canada.

Despite the decline, the proportion of union members in the labor force was unchanged at one out of four. About one out of three workers in non-farm jobs belonged to unions.

Federal Road Cash Bury

WASHINGTON (AP) — More than 100,000 miles of highways have been built under the Federal Aid Highway Act since July 1956.

Triple Killing Shocks City

HARTFORD CITY, Ind. (AP)—School Principal Leonard O. Redden, outwardly a placid man, driven by inner anguish to kill two women teachers and then himself.

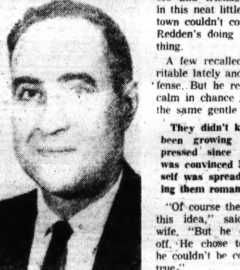

Redden kept his private fears hidden behind a quiet smile until Tuesday. Then, before their fifth grade pupils, he killed Harriet Robinson, 32, and Minnie McFerrin, 30.

Finally, in the woods where he used to hunt, he fired his shotgun into his own chest.

Why?
His wife, Hazel, a school teacher and mother of their two children, thought he knew.

"He was just plain off his head," she said sorrowfully. "He thought he was the victim of gossip." The gossip linked him with Miss Robinson, his wife said, it was all in his own mind.

The 44-year-old educator had been principal of Hartford City, Ind., three grade schools for nearly

LEONARD REDDEN

of the First Christian Church Sunday School.

INCONCEIVABLE
Even after the shooting, teachers and friends of the principal in this quiet little northern Indiana town couldn't conceive of Leonard Redden's doing such a monstrous thing.

A few recalled he had been friendly lately and quite of take-off. But he remained outwardly calm in chance meetings and had the same gentle smile.

They didn't know Redden had been growing increasingly depressed since last spring. He was convinced Miss Robinson herself was spreading rumors linking them romantically.

"Of course there was nothing to this idea," said the principal's wife. "But he couldn't throw it off. He chose to believe it, and he couldn't be convinced it wasn't true."

Finally Redden agreed Monday (Continued on Page 2, Col. 5)

OK Funds for Airport Expansion

City commissioners last night approved allocation of \$109,625 this year to wrap up basic improvements at Pontiac Municipal Airport.

The appropriation was necessary for Pontiac to qualify for \$305,625 in federal and state aid.

Total available funds of \$415,250 will be spent on final improvements necessary for an active commercial airport, according to local officials.

Among chief expenditures contemplated are \$96,000 for an apron and taxiway system in front of the terminal-tower building and \$127,000 for a 1,500-foot extension to the main east-west runway.

The runway is 4,000 feet long now.

These two big projects were once split into two programs—one for this year and one next.

But the federal government, fearful that airport aid may be sliced in 1961, has asked the city to complete both programs before June of next year.

After pointing out the heavy drain on capital improvement funds this year, City Manager Walter K. Willman recommended financing the projects jointly and commissioners supported his suggestion.

\$25,000 NOW
They voted to set aside \$25,000 for the 1960 improvement; \$25,000 more next month for the 1961 projects; and the balance for the combined programs in July.

Improvements scheduled under the 1960 program total \$248,720, broken down into \$128,250 from federal sources, \$60,250 state and \$60,250 local.

The 1961 program totals \$166,500, including \$83,250 in federal funds, \$33,875 state and \$49,375 local.

Both the 1960 and 1961 programs (Continued on Page 2, Col. 8)

Israel Border Shooting Resumes in Spite of U.N.

JERUSALEM (AP) — Syrians announced shooting resumed on the Syrian-Israeli frontier today.

A Damascus spokesman for the United Arab Republic's army said UAR outposts shot up a five-man Israeli patrol seen moving toward their positions and that Israeli machine gunners then opened fire.

The machine gun fire possibly was intended to cover the operation of dragging away the killed or wounded members of the Israeli patrol, the spokesman said.

The patrol was ambushed by UAR and all its members fell down," he said.

At Tel Aviv, an Israeli foreign ministry spokesman said Syrian soldiers seemed to be clinging to fortified positions in the Negev desert defiance of a United Nations request that they withdraw.

Col. Raymond Piro, Belgian chairman of the Israeli-Syrian Mixed Armistice Commission, presented the request to the Syrians Tuesday, the spokesman said. Israel had demanded that the

Carole Wins Testimony Victory Finch to Describe Death Night

LOS ANGELES (AP)—Dr. R. Bernard Finch, on trial for his life, takes the stand today to tell a story he has never before related in public—his account of the night his wife was shot to death.

Since Barbara Jean Finch was killed outside the couple's luxurious suburban home last July 18, the doctor has told authorities nothing of what happened that night.

The only indication of what he may say has come from an earlier suggestion by the defense that the 42-year-old doctor will maintain the shooting was accidental or in self-defense.

Finch's red-haired mistress, Carole Tregott—accused with him of murder and conspiracy—has given her version three times, the last under oath at the doctor's preliminary hearing.

Tuesday, however, the defense won what it termed a major victory when the court ruled that Carole's sworn testimony may not be used against her. This means the prosecution cannot refer to what it calls damaging testimony by the 23-year-old ex-model.

Carole smiled with delight when Superior Court Judge Walter R. Evans made his ruling. At recess

she kissed her attorney, Robert A. Neeb, on the cheek.

CAN USE 2 STATEMENTS

The court did rule, however, that two earlier statements Carole gave police may be admitted in evidence. The prosecution closed its case after reading these statements into the record.

In all three accounts, Carole said she and Finch drove from Las Vegas to the Finch home in West Covina July 18 so they could talk to the doctor's 26-year-old wife about the divorce she was seeking.

At the home, Carole said, Mrs. Finch pulled a gun, the doctor grabbed for it, and she, Carole, ran.

But in the first two statements, to detectives, Carole didn't say she carried an attaché case belonging to Finch, which was found at the home after Mrs. Finch was killed.

In sworn testimony she said she had carried the case up the hill to the home. In the case—called a murder kit by the prosecution—were such items as sleep-inducing drugs, a telephone, a butcher knife and pistol bullets.

Carole was arrested as she left the stand at the doctor's preliminary hearing last July 29 because, said the state, she had changed her story. The defense argued her testimony at the hearing should not be admitted because she was not told beforehand it might be used against her.

Most of Germany is flat lands, a few mountains.

Press' Business Manager Will Talk to PTA

Howard H. Fitzgerald II, vice president and business manager of The Pontiac Press, will be guest speaker at the McVittie School PTA meeting at 7:45 p.m. Thursday.

Only fathers and boys have been invited to participate in the program, which includes colored films on sports and British Columbia to be shown by Fitzgerald.

Union Records Opened to Public (Griffin Law)

WASHINGTON (UPI)—The nation's "goldfish bowl" for American unions opened Tuesday.

The Labor Department today opened the doors of a public documents room so citizens can examine more than 50,000 reports filed under provisions of the new labor reform law.

No ceremony was planned. But the opening of the reading room on the first floor of the Labor Department Building was a significant step forward in enforcement of the law.

The law was enacted partly to give rank-and-file members a method of finding out about the operations and finances of their unions.

Testimony before the Senate subcommittee showed some union leaders kept members in ignorance while they looted union treasuries.

There are nearly 45,000 reports from international and local unions stacked on shelves in the department's file room. They will be made available to the public upon request, either in person or in writing.

The department will charge 25 cents per legal-sized page for duplicating the reports. No one knows yet how long it will take to fill an order.

The documents will be available in a sparsely furnished room, about 15 by 20 feet, equipped with four reading tables and eight straight chairs. A government-issued green carpet covers the floor.

Anyone who wants to examine one of the reports on organization, finances, trusteeships, or labor-management consultants will be asked to fill out a slip specifying the name and number of the union about which information is desired.

Then a receptionist in the document room will relay the request to a file clerk in another room down the hall. The appropriate report will be taken from the shelves and sent to the documents room for examination.

The reports range in length from one page to the more than 20-page organizational report filed by Walter Reuther's United Auto Workers Union.

The International Typographical Union, United Mine Workers and Harry Bridges' West Coast Longshoremen's Union have all filed reports despite their vigorous objections to the new law's requirements.

Failure to file reports under the new law is punishable by criminal penalties—jail terms and fines.

Labor Department officials expect curiosity seekers, researchers,

ON CAMPAIGN TRAIL — Mrs. Hubert Humphrey (left) opened a week-long campaign tour in Wisconsin Tuesday in behalf of her husband, Minnesota's Democratic senator, a candidate in the state's presidential preference

primary April 5. She stopped off at a neighborhood coffee-hour in Milwaukee and chatted with two-year-old Heidi Waldman and Heidi's mother, Mrs. Eric Waldman, wife of the director of political science at Marquette University.

AP Wirephoto

What's in a Name? He's Due to Find Out

MADISON, Wis. (AP)—C. W. Threinen and his Wisconsin Conservation Department crew have

little sympathy with folks who have trouble thinking of names for their offspring.

Threinen has been given the job of naming all of Wisconsin's unnamed lakes. The latest check shows there are 4,770 such lakes.

Ithaca Doctor Honored

ITHACA, N.Y. — Dr. H. F. (Gene) Kilborn was presented Ithaca's first Distinguished Service Award at the annual meeting of the Chamber of Commerce. It recog-

nized Dr. Kilborn's more than a half century of medical service in central Michigan.

"Comet-seeker" is a small telescope made to secure the greatest brilliancy of comet lights.

POINT OF INTEREST — A model of the Saturn rocket, with Dr. Werner von Braun giving pointers on its operation, commands the attention of three members of the House Science and Astronautics Committee in Washington. Left to right are Von Braun, Rep. Kon Hechler (D-Va), Chairman Overton Brooks and Rep. Victor Anfujo (D-N.Y.). The Saturn will be five times more powerful than any existing U.S. rocket. Von Braun says he wouldn't be surprised if the Russians put a man in orbit this year. He adds that it is very doubtful if Russia can be overhauled in the space race by 1964.

Still Look for 1960 Boom

Forecasters Aren't Fazed

By SAM DAWSON
AP Business News Analyst

NEW YORK — The sharp drop in stock prices in January may have shaken some business confidence. But it hasn't fazed the belief of some of the professional forecasters that the country will go right on expanding during this year.

Nor has it deterred government chiefs from increasing their budget requests and expecting to meet this higher spending through larger tax collections. It looks like the biggest year ever for total government spending and taxing.

Stock market selloffs usually have a double psychological effect. Businessmen wonder if the market is accurately forecasting what business may be like six months hence and they turn cautious in their planning. Consumers get doubts about how good times—and their incomes—may be in the months ahead and

they could get cautious in their spending, too.

Also, shrinkage in the value of stock portfolios cuts down on capital gains—which often are used for the purchase of luxury items.

But a group of professional economists is taking the January stock price decline in stride. They have just told the Joint Congressional Economic Committee that they look for business activity to keep on climbing and perhaps go higher even than President Eisenhower predicted in his budget message.

New Job for Firemen

RICHMOND, Va. — The Richmond Fire Department reports a new type emergency call. A baptism was scheduled at a Baptist church and the pastor found that the junior had failed to turn water into the 500-gallon pool. Firemen quickly filled it.

Cleanliness Is True Beauty

Soap: A Status Symbol!

By JOSEPHINE LOWMAN
I think it is an interesting fact that the use of soaps and detergents are a sensitive indicator of a person's economic position. It is a statistical fact that as a nation's standard of living rises, so does the use of soap.
I could but talk about for a couple of chapters, it is somewhat like the eternal question of whether the chicken or the egg came first.
At any rate it would not be true because more prosperous people can afford to buy more soap and detergents since these are among the least expensive commodities on the market.

However, for some reason suds seem to go with the finer things of life and are a great status symbol.

ESSENTIALS
Certainly meticulous cleanliness and good grooming are essentials for the woman who wishes to be attractive. How often you must have heard someone say of another thing like "She isn't really pretty but she is so smart looking, so immaculate and well-groomed." That chic, clean look is important to all of us.

No matter what your goal may be — a more important job, helping your husband get ahead or having a smashing social life — it can be attained more easily with the aid of good grooming.

OPEN FRI. EVES. 'TIL 9

Here's a new version of painting the face. She's giving herself a good scrubbing, for she knows that meticulous cleanliness is one of the essentials for attractiveness.

Naturally ability and personality are necessary for success, but these qualities minus good grooming are like cake without icing. They go together!
It is important to put our best face forward, because others are likely to take us at our face value. They may not get past a first impression of downiness and poor grooming to discover sterling qualities of character and personality.
CAN LOOK STRIKING
A woman can look striking in the most inexpensive house dress or afternoon dress if her hair shines as a result of daily brushing and at least a weekly shampoo. If she has that over-all glow of health and cleanliness and if she carries herself beautifully. You do not have to dress expensively to dress well.
The most expensive clothes lose their charm unless they are clean and unwrinkled. To save yourself time in achieving that

handbox appearance remember the attractive and washable clothes now available.
Many complexions respond happily to the soapsuds, massage. Use your fingertips on your face and neck and a washcloth on the rest of you. This massage whips up circulation as it cleanses. A complexion brush is good for this reason. There are all kinds on the market.
The onslaught of dirt is unending and your good grooming efforts should be just as persistent. Cleanliness is the hallmark of the attractive woman.
Next: "Stretch, Straighten Up — Two Initial Exercises."
You can make your own zippy cheese sauce for pouring over broccoli, cauliflower or fish by adding a dash of tabasco or cayenne to processed cheese melted in milk to the desired consistency.

BPW Units Entertain District 10

District 10 of the Business and Professional Women met for luncheon Sunday afternoon at Rotunda Inn. The group included 150 members from 17 clubs.

Hostess clubs were the Pontiac BPW, joined by the Waterford-Clarkston, Union Lake, Ferndale, Keego Harbor and Walled Lake groups.

Reba Craig, district chaplain, gave the invocation. Presiding was Mrs. Henry Campbell, Jane Danton was among those appointed to the nominating committee.

A panel discussion on "Community Identification" was moderated by Mildred Chamberlain. Panel members were Viola Wolfe on careers; Helen McNamara, national and international community meetings; Mrs. Charles Leal, local public affairs; and Virginia Lynch, community safety.

State Federation president, Arvilla Wyngarten reported on the growth of BPW clubs in the state. She also stated that 20 women now occupy public making posts at the state level.

Vocal solos were presented by Mrs. Emil Couture accompanied by Mrs. Cecil Scott.

Temple 41 Gathers

Fannie E. Tompkins Temple 41 of the Pythian Sisters met Monday evening at the West Huron street Pythian Building.

The official visitor was District Deputy Wilma Kelly of Birmingham.
Chairman of the refreshment committee was Martha Leach. Mrs. Ethel Winkley was appointed chairman of March activities.

Have You Tried This?
Corned Beef Hash Crust Holds Limas and Cheese

By JANET ODELL
Pontiac Press Home Editor
Just can't think of a thing to have for dinner tonight? Is there a can of corned beef hash on your shelf? If you have some frozen lima beans as well, you're all set for Corned Beef Hash Pie.

Mrs. Larry Grover is to-day's cook. In addition to caring for a son, Mrs. Grover helps her husband with his business. She is active in church work and loves to cook.

CORNEB BESH HESH PHE
By Mrs. Larry Grover
1 can corned beef hash
1 cup catsup
1 slightly beaten egg
1 package frozen lima beans
Mix hash, catsup and egg together and press into a pie pan. Bake 30 minutes at 350 degrees. Cook lima beans as directed and pour over hash. Melt 1/4 pound American cheese over hot water. Add 2 tablespoons milk. Spread over limas and serve at once. Makes 4-6 servings.

Rise of 60 Million Predicted

Big Year for Valentines

By GAY PAULEY
NEW YORK (UPI)—Sentiment endures like Santa Claus and mother love, says a woman expert on Valentines.
This year, said Miss Esther Mooney, the greeting card industry expects some 500 million Valentines to be sent 60 million more than last year.

This year's total means that an average of two and one-half Valentines will be sent

by each American, and industry sources said the bulk will be sentimental.

"And I think the sentiment is genuine," said Miss Mooney. "We found that out during the war. Our company came out with a line of patriotic Valentines."

"The men in the service didn't like them. They wanted the pretty, lacy ones."

NOT NORMALLY EXPRESSIVE

"You'd be surprised," she said, "at the type of man who will buy the lustrous number around to say 'I love you.' He's the strong, he-man type. The man not expressive."

"Nostalgia is a factor too. A person selects a card because it looks like one Great Aunt Mabel once got from a beau."

Miss Mooney, a native of Syracuse, N.Y., for more than 20 years has been curator of

the Norcross antique Valentine collection, considered one of the most comprehensive in the country.

She said there are thousands in the collection, some of them of immense value, others less important.

The collection dates from 1710, with a cut parchment Valentine of religious motif, believed one of the oldest in America. Miss Mooney said it probably was made by nuns. The collection also includes those gathered by the late fifth Webb Lee, noted authority on antiques, with whom Miss Mooney worked on "A History of Valentines."

FAREWELL MESSAGE

Miss Mooney said that historians know Valentines date from the ancient days of Rome, with some sources crediting the custom to a martyred saint named Valentine who sent a farewell message to the blind daughter of his jailer.

Others believe they started with the Roman custom of celebrating Feb. 14 with a festival in honor of the Goddess Juno.

She does know that some of the earliest missives carried a motif of a lamb and a wolf.

"Which," she said, "caused one young woman of 18 I know to comment, 'Well, I see they had wolves in those days too.'"

Patricia A. Felix, daughter of Mr. and Mrs. William G. Felix of Brookdale street, and John W. Foerster II, son of the senior John W. Foersters of Birmingham, were wed Saturday in St. Benedict Church.

MRS. JOHN W. FOERSTER II

Lady of Lakes Church Scene for Noon Rite

Spray bouquets of all-white chrysanthemums, roses and gladioli adorned the main altar of St. Benedict Church for the Saturday nuptials of Patricia A. Felix and John W. Foerster II. The Rev. John Lee Phalen of Our Lady of the Lakes Church read the vows at noon in the presence of 100 guests.

The bride appeared in floor-length white Chantilly lace, styled with a court train. The neckline was slightly scooped and the long sleeves ended in wrist points. Heirloom pearls belonging to the bridegroom's family were worn.

White orchids centered the bride's semi-cascade bouquet of white roses and stephanotis. In bouffant orchid nylon chiffon, were honor maid Marjorie Patton of Almont and bridesmaids Norma Peschel and the bride's cousin, Mary Jane Felix, of Pontiac. Flat Dior bows formed their headpieces. They held all-white arrangements of carnations and roses.

The bridegroom, son of the senior John W. Foersters of Stanley boulevard, Birmingham, asked Robert Smith of Monticello to be best man. The bride's brother James and Owen Smith of Fremont seated the guests.

Parents of the bride, Mr. and Mrs. William G. Felix, were hosts at the church reception and buffet luncheon. Mrs. Felix wore a blue lace sheath with navy accessories. Mrs. Foerster appeared in champagne lace with hawen accessories. Pink miniature roses fashioned their shoulder corsages.

ROBERT A. JOHNSON

Robert A. Johnson of Flint received his bachelor of arts degree in business administration from the Flint College of the University of Michigan on Jan. 16. He will join the Buick Motor Co. Monday.

Johnson is the son of Mrs. F. Dwight Blinn of Terrell drive, Waterford, and the late Karl Ivan Johnson.

Cotillion Club to Dine, Dance This Saturday

The Cotillion Dance Club will meet Saturday evening at the Orchard Lake Country Club for dinner and dancing.

Welcoming members will be Mr. and Mrs. Bruce Annett, Mr. and Mrs. Robert Boynton, Mr. and Mrs. D. B. Eames, Dr. and Mrs. Ferdinand Gensbauer and Mr. and Mrs. Glenn Griffin.

Others are Mr. and Mrs. Frank Riley, Mr. and Mrs. John Riley, Mayor and Mrs. Philip Rowston, Dr. and Mrs. Dana P. Whitmer and Mr. and Mrs. Otis Briney Jr.

In charge of arrangements are president Harold Owen and treasurer Mr. Robert Castell.

Philatheans Entertain

Members of the Third Philathean class of the First Baptist Church were hostesses to the First Philathean class at a cooperative dinner at the church Tuesday evening.

The program under the direction of Mrs. Ira Davis consisted of Virginia Schoof of Detroit showing color slides of her European tour as a member of Michigan Chorale last summer.

Also appearing on the program were Eleanor Haffensahl, pianist, and Miriam Schoof and Joseph Davis, vocalists.

Opening and closing prayers were offered by Agnes Sturman and Mrs. Howard Barnett.

Schoolgirl Lunch and Meeting Held by MOMS

Mrs. Harry Sibley opened her home on Mathew street, Tuesday, to Unit 2, MOMS of America, Inc., for a schoolgirl luncheon and business session. Mrs. Frank Emery, chaplain, opened the meeting with prayer.

The National Board of MOMS of America will meet Thursday at the Southfield road home of Mrs. Wilbur Johnstone. Mrs. Duncan McVein will represent the Pontiac unit.

Mrs. Carl Cox of Northfield avenue will hostess the Feb. 16 meeting.

Autumn Heights Unit 19 will sponsor a roast beef dinner at the Community House on Squirrel road Feb. 20 from 4:30 to 8 p.m. Proceeds will go for hospitalized veterans and their families.

Mother's Helper: Small girls think ironing is glamorous! Start them off by letting them iron dish towels and other straight pieces.

Federation Plans Speed-Up

Farmers Promised Fight to Curb Monopoly Factors

EAST LANSING (AP)—Michigan farmers have been promised a stepped-up fight to "curb monopoly" in labor, business and government.

"The job can be done best through an expansion of farmer-owned, farmer-controlled cooperatives," said Kenneth Hood of the American Farm Bureau Federation.

Hood spoke yesterday at the annual Farmers' Week at Michigan State University.

He reported the federation has recently set up an affiliate called the American Agricultural Marketing Assn.

"The job can be done best with help state farm bureaus organize the service bargaining associations, and coordinate efforts of state and regional bargaining associations."

Ewes and market hogs arrived for judging today at the livestock pavilion. Prize animals will be sold at public auction Thursday. Farmers listened to advice and talks on a variety of topics.

"You should make use of your bargaining power," advised Berkeley Freeman, manager of the Great Lakes Cherry Producers Marketing Cooperative at Grand Rapids.

"Without organization, farmers can never compete with successful business enterprises and well organized labor groups in the expanding American economy," he said.

Seven purchased dairy cattle breed associations elected officers. They included:

Michigan Brown Swiss Breeders' Assn. — Wilbur Harris, Grass Lake, president; Edward Bush, Reese, vice president; Mrs. V. M. Spencer, Wilson, secretary-treasurer.

Michigan Jersey Cattle Club — Howard Sprague, Ionia, president; Vern Luchenhill, Cornum, vice president; Jack Tindall, Oxford, secretary.

Michigan Guernsey Breeders' Assn. — Edward Wright, Saginaw, president; James Fish, Hickory Corners, vice president; Harold Dancer, Jackson, secretary; Elton Smith, Caladonia, treasurer.

Michigan Milking Shorthorn Assn. — Elmer A. Heister, Albion, president; Leo Davis Jr., Piquette, vice president; Owen Love, Climax, secretary-treasurer.

Dowagiac Man to Head Dem Farm Committee

LANSING (AP)—Palmer Beebe of Dowagiac is the chairman of the newly formed Democratic Farm Committee, which will help the party map its farm program at long in city chambers.

Beebe, a Cass County farmer and member of the Democratic State Central Committee, was appointed at a weekend meeting attended by some 35 farmers from central and southern Michigan.

JUDITH LAURIE BURTON

Mr. and Mrs. Sanford Burton of 620 East St. Milford, announce the engagement of their daughter Judith Laurie to Charles R. Rupp. He is the son of Mr. and Mrs. Russell Rupp of 13106 Dawson Rd., Milford. No wedding date has been chosen.

Your PTA Is Planning:

Founders Day at Stiles Planning Foreign Talks

AVON TOWNSHIP — The PTA dressed in the costume of her homeland, will describe her country and sing songs in her native tongue.

A short explanation of Founders Day also will be given. This program will follow a short business meeting to start at 8 p.m. Refreshments will be served by the fourth grade homeroom mothers.

WALLED LAKE — Principal Murray Adams will explain testing and scheduling programs when the Clifford H. Smart Junior High School PTA meets at 8 p.m. tomorrow in the Activities Room. Prior to the meeting, beginning at 7:30 p.m., teachers will be in their classrooms to welcome parents who wish to consult them.

Parents whose children will enroll at Smart Junior High next year are invited to attend the meeting and become acquainted with the school's facilities.

Refreshments will be served by the seventh grade mothers.

TROY — The Morse School PTA will sponsor a rummage and bake sale from 9 a.m. on Saturday at Fire Hall No. 1, on Rochester road between 15 and 16 mile roads.

The clinic is open to everyone in the school district.

WASHINGTON (AP)—The Agriculture Department has estimated the soil bank will retire enough crop land this year to avoid production of about 665 million bushels of surplus grains.

In addition, it will cut down hay and pasture production the equivalent of 7,600,000 tons.

The soil bank program will hold about 28 million acres of crop land out of production under rental payments totaling about \$25 million dollars.

The cost of the unproduced commodities to the government under price supports would be more than half a billion dollars.

Estimated national production of the ideal food crops, 1959-1960: wheat, 61,600,000 bushels; oats, 129,600,000 bushels; barley, 42,500,000 bushels; soybeans, 21,200,000 bushels; sorghum grain, 108,000,000 bushels; and flaxseed, 4,400,000 bushels.

STATE'S TOP DAIRYMAN — O. F. Foster, at right, manager of Lakefield Farm on Baldwin road near Clarkston, has been named Michigan's Dairyman of the Year during Farmer's Week at Michigan State University. Dr. Charles A. Lassiter, head of MSU's dairy department is shown presenting the award. He cited Foster for his outstanding success in developing the farm's Holstein, sheep and swine herds and the active participation by Foster and his family in farm community affairs.

Consideration in Tree Cutting Assured John R Homeowners

BY LEE WINBORN

AVON TOWNSHIP — Oakland County road commissioners presented last night to send a representative to each homeowner living along John R road to discuss their street widening program, before cutting down any more trees.

They further agreed to save as many trees as they can where there are houses on the property.

John R signed petitions protesting the tree removal program and proposed drainage ditch installation.

The committee is now somewhat appeased by the road commission's plan to contact each individual homeowner about the tree cutting program, but the members say the drainage ditch problem still remains.

They say that there is one drain now, the Honeywell Road, located along that right-of-way and even it does not do an adequate job of water removal.

"More ditches will create additional problems of water standing and washing away frontage unless some outlets are planned," the committee stated.

The homeowners' representative hope to meet now with the county drain commission to iron out this particular problem.

They also learned that the present right-of-way is 66 feet, that it is listed as 120 feet in future planning. This figure, however, does not affect the present program for widening and blacktopping, the road commission pointed out.

UPON hearing the protests the road commission halted its tree removal operations pending the outcome of a meeting with the homeowners' representatives.

Present at last night's meeting was the John R road commission composed of Philip Austin, Mrs. Lawrence Wetting, Samuel Foden and Mr. and Mrs. Rudolph Schmidt. M. H. Conrad, who was temporary chairman, had resigned.

THE road commission was represented by Robert O. Felt, chairman; S. D. Lomerson and Hiland M. Thatcher. Paul Van Roekel, highway engineer, also was present.

The committee members said they found the county officials "most cooperative" and added that, "It will be up to us now to be equally cooperative when the program for street widening gets under way."

The road commissioners explained their policy of removing any tree that is within 25 feet of the pavement's edge for safety's sake. They showed traffic charts to substantiate their program.

They agreed, however, that they, too, were interested in keeping the entrance to the park beautiful and that it is completely sympathetic to the homeowners' committee's desire to save as many trees as possible.

Consequently they will send representatives to each homeowner to explain the road program before cutting down any more trees.

According to present plans, the road will be widened a foot on each side. The shoulder will be eight feet wide, and then some drainage ditches that will vary in width up to eight feet will be installed where necessary, the commissioners explained.

The other phase of the street widening program that caused homeowners to protest was the installation of more ditches. They claim that no provisions are being made to drain off the water.

Forty-four out of the 57 property owners living along this stretch of

parliament is shown presenting the award. He cited Foster for his outstanding success in developing the farm's Holstein, sheep and swine herds and the active participation by Foster and his family in farm community affairs.

along the stretch of road leading to Bloomer State Park.

These were the agreements reached at a joint meeting of a committee representing the property owners, road commissioners, their attorney and Township Supervisor Cyril E. Miller.

At a mass meeting Jan. 23 some 63 residents living along John R at the entrance to the park launched a protest against proposed removal of some 126 trees in front of their homes.

They also were complaining about the road commission's plan to install more ditches along the right-of-way.

The homeowners said they had no objections to the county program to widen John R a foot on each side and to blacktop the pavement.

Their main argument was aimed at saving the trees — some of them 75 years old — to keep the park entrance beautiful.

UPON hearing the protests the road commission halted its tree removal operations pending the outcome of a meeting with the homeowners' representatives.

Walled Lake Policemen Not Bonded; Rap Attorney

By JIM LONG

WALLED LAKE — Charged last night with failing to inform City Council that the police force is not bonded against false arrest, the city attorney was directed to submit a report recommending the best coverage.

The charge was leveled against Albert P. Herzog by Councilman Jerry O. Meade after Police Chief

"In no way, shape or form has the Walled Lake Police Department been bonded since becoming a city five years ago," Decker told the Council.

"Should one of my men be charged with false arrest, assault or any other aggravation against a person, myself and the city would be named in the suit," the chief said.

Immediately following Decker's statement, Meade said he felt Herzog should have notified Council of the issue long ago as part of his duties.

At the same time he charged Herzog and City Manager George A. Shaw with being lax in not

calling a public hearing when Common street was closed as part of the widening of Pontiac trail a year ago.

However, Meade later apologized to the two men when he found that the state had requested the closing of the street and a public hearing was not necessary.

"But the bond charge still stands," Meade said.

Herzog, who said nothing in his defense, said he would check into the bonding of city employees and report back at the next Council meeting Feb. 16.

Decker told Herzog that a blanket bond covering city employees could probably be obtained for \$200 to \$300 annually.

Business and Finance

MARKETS Stocks Rise

for Third Day

The following are top prices covering sales of locally grown produce brought to the Farmer's Market by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets, as of Monday.

Detroit Produce

Apples, Jonathan, bu. \$4.00

Apples, McIntosh, bu. 2.00

Apples, Northern Spy, bu. 2.00

Apples, Golden Delicious, bu. 2.00

A string of stable blocks

of high quality issues was an indication that money and mutual funds may be entering the market once again.

The general run of earnings

reports was favorable and the background of economic news remained

Gains of more than a point

were scored by such stocks as Montgomery Ward, Jones & Laughlin, Douglas Aircraft and American Motors.

General Motors, American Telephone

Kennecott, Standard Oil (New Jersey) and DuPont all were steady.

A soft spot was Monarch

Machine Tool, down about 2 after declaring a much lower dividend.

Armour, Hupp and American

Standard were briskly traded and up modestly.

NAFT Corp. rose 1/2 to 1 1/2

on opening block of 3,000 shares. Gains of about a point were made by American Smelting and Eastman Kodak.

Chrysler eased. Gainers included

Ford, Studebaker-Packard, Boeing, Martin Co., Lockheed, Anadarko, American Cyanamid, Westinghouse Electric and Chicago & Ohio and United Air Lines.

The ticker tape was late for

a nine-minute spell in active opening.

Opening blocks included: General

Motors unchanged at 49 1/2; in 4,500 shares; Westinghouse Electric (new) up 1/4 at 32 in 3,500; U.S. Steel up 1/4 at 31 1/2 in 3,000; General Electric up 1/4 at 30 1/2 in 3,000; American Motors up 1/4 at 30 1/2 in 3,000; Radio Corp. up 1/4 at 6 1/2 in 3,000.

20,000 Strike Chevy

Plant at Flint

FLINT (AP)—A strike of 10,000 United Auto Workers today shut down the big Chevrolet manufacturing plant of General Motors here.

The strikers are protesting

what they contend is a speedup in the crankshaft department of Chevrolet manufacturing. UAW Local 620 voted to strike last Dec. 18 and filed five-day notice of intent to strike last Thursday.

A company spokesman told

newsmen that crankshaft work standards are justified as a result of changes made in the department.

The Chevrolet manufacturing

plant produces six-cylinder engines, pressed metal parts and other auto components. It is one of five Chevrolet division plants located in Flint.

Texaco Income Is Up,

Cleveland-Cliffs, Down

NEW YORK (AP)—Texaco Inc. Tuesday reported 1959 earnings of 34 million dollars, or about \$5.53 a share.

This was an increase from

earnings of \$3.11, \$4.95 or \$5.41 a share in 1958. Preliminary information indicates gross income, earnings, crude oil production, refinery runs and sales at new higher prices in 1959. Arthur C. Long, chairman of the Cliffs Iron Co.,

Cleveland-Cliffs, commented.

Voroshilov in Nepal

KATMANDU, Nepal (AP)—Soviet Premier Klementi Y. Voroshilov arrived today for a two-day state visit to Nepal.

He told police his auto brakes

tailed, but officers said they could find nothing wrong when they tested the car later.

The father and the boy were

treated and released.

Constitutional Amendment

Bill Passed by Senate

WASHINGTON (AP)—A three-thirds majority in the Senate today passed a constitutional amendment proposal, including a ban on poll taxes, has cleared the Senate.

Action now shifts to the House, where the bill is expected to pass in the next few days.

The House has passed legislation to eliminate poll taxes by act of Congress only to have the bill blocked in the Senate by Southern opposition.

The measure approved by the Senate last Tuesday by a 78-19 vote not only contains the anti-poll tax provision but has two other parts that would:

1. Empower state governors to fill vacancies in the House temporarily if more than half of the members should be wiped out by an atomic attack or other disaster. Governors already can make temporary appointments to fill Senate vacancies.

2. Permit the residents of the District of Columbia, now voters, to vote in presidential elections and to elect as many delegates to the House as the nation's capital would be entitled to if it were a state. The delegates would have such powers as Congress conferred on them.

Although contained in one resolution, the three parts could be acted on separately by the House and by the states which have final say on ratification.

The triple-headed constitutional amendment received 11 more votes in the Senate than the 1957 measure.

He replaces the late G.W.J. Liner.

Harper has been with the firm for seven years and with the Pontiac Office five years as a registered representative.

He is a member of the Pontiac Rotary Club, Pontiac Area Junior Chamber of Commerce and the Pontiac City Club. He currently is teaching a class in investing at the YWCA.

A graduate of Cranbrook Preparatory School, Harper attended the University of Michigan and Wayne State University. He lives with his wife and two small sons.

Waterford Twp. Men to Talk With Groups of Employees

The Waterford Township Board last night took the first step in establishing some type of retirement program for township employees.

An actuary consultant from Detroit, Richard Root, presented a detailed report for a suggested retirement plan covering members of the fire and police departments.

His plan would provide disability benefits as well as retirement pay to the 9 regular firemen and 13 police department employees.

The Board discussed the plan and decided to meet with a committee from each of the departments for consultation and study of other programs before making a decision.

At the present time, employees are only covered by township comprehensive insurance policies.

After much discussion regarding the approval of the Lotus Lake subdivision plan No. 3, the Board decided to go along with recommendations of the Oakland County Drain Commission to only be backlogging two blocks on Harper drive.

A preliminary plan had been approved by the Board in September last year regarding the drainage problem and the backlogging project.

All new real estate developers in Waterford Township are now required to backlot all roads in their subdivisions. In this case, Lotus Lake developers would only be required to backlot half of Harper drive, and the road commission advised against this procedure.

The Board authorized \$500 expense money for Clerk James Seeler and water department engineer Kenneth Squires to attend a four-day American Water Works Assn. Convention.

Faces Warrant for Manslaughter in Girl's Death

A warrant charging manslaughter was to be issued today against a Royal Oak Township man whose car struck a 14-year-old girl on Puritan in Detroit Sunday.

Marilyn Aumann of 13376 Mary Hill, Detroit, died yesterday in Mount Carmel Mercy Hospital.

Being held by Detroit police is Clifford Martin Jr. of 1028 Halcott Ct., Royal Oak Township.

Police said the girl had crossed the street with her father, Richard, 37, and her two-year-old brother William, when Martin's car struck them and struck them.

Martin's car had just sideswiped another car driven by Carol La Fleur, 16, of Detroit.

He told police his auto brakes tailed, but officers said they could find nothing wrong when they tested the car later.

The father and the boy were treated and released.

PHILIP E. ROWTON, ADA R. EVANS, City Clerk, Feb. 3, 1960

CITY OF RYAN LAKE, OAKLAND COUNTY, Michigan.

Notice is hereby given that the provisions of Act 307 of the Public Acts of 1959 of the State of Michigan, amended, a public hearing will be held at 8:00 p.m. Eastern Standard Time, at the City of Pontiac, Michigan, on the 10th day of February, 1960, at the City of Pontiac, Michigan, to consider the following:
