Radios Back Data

Mariner II Contacts Venus

WASHINGTON (AP) — The Space Agency announced today that the Mariner space craft has made contact by radio with the planet Venus.

WASHINGTON (AP) — Two key snooping instruments on Mariner II will be "right on target" when the spacecraft speeds close by Venus this afternoon, space agency officials said.

The spacecraft is closing in on Earth's sister planet and is due to start sending back radio reports on it starting at 1:55 p.m. (Pontiac Time).

Scientists had been left in temporary doubt about the scanning instruments—called radiometers—earlier in the day when they failed to switch on in response to built-in command signals on the spacecraft.

Radio signals beamed 36 million miles from the National Aeronautics and Space Agency's station in Goldstone, Calif., did the trick, however.

Venus is now the morning star, rising a few hours before sunrise in the southeast sky. It will shine with greatest brilliance on Dec. 18.

Scientists who sweated out the hours before the radiometers switched on, drew some comfort from the fact four other experiments aboard the space craft are working well, so that even if the radiometers had failed the mission would still be a partial success.

The radiometers are counted on for the most vital information, however—the temperature at Venus' surface and within its cloud-packed atmosphere.

One of them might even be able to determine, by indirect methods, the nature of the "gross features" of the planet —that is, tell whether it's made up entirely of land masses, or contains water.

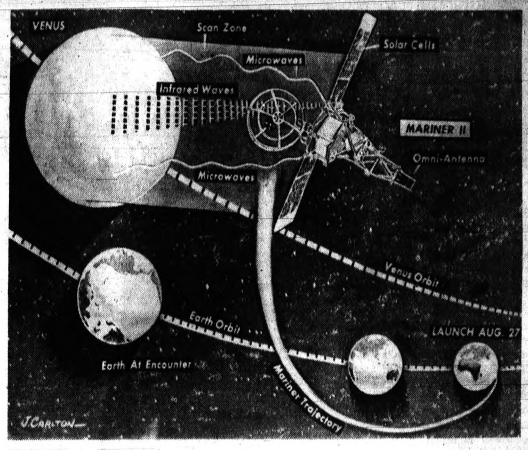
The other four experiments aboard Mariner, which have been in operation virtually all the way to the target—and will be working today—are designed to get information on magnetic fields, radiation, cosmic dust and gaseous "plasma" spreading from the sun through space.

When the radiometers go into action their signals will be relayed from Goldstone and amplified over a loudspeaker at a NASA news conference here.

★ ★ ★

The U.S. Information Agency, plans to send reports on Mariner's progress to 107 posts around the globe in 38 languages. Later there will be a documentary film of Mariner's progress for worldwide theatrical showings.

Mariner's journey got off to a bumpy start. Due to a somewhat faulty performance of the 10-story-high Atlas-Agena B complex that launched her,



AP Photofax

CLIMAX OF TRIP — This drawing illustrates how the instrument-packed satellite Mariner II was scheduled to scan the fog-bound surface of Venus today when it was to pass about 20,000 miles from the planet. The lightly shaded belt indicates the approximate scanning zone of the Mariner's infrared waves and microwaves designed to analyze the planets surface.

Pontiac Press Photo

UNDER THE WEATHER — Expressing that snowed-in feeling with a desperate message on his white-capped car was Pontiac Press photographer Edward R. Noble, whose picture assignments can't wait for the spring thaw. Noble is not alone, however, as just about everyone in the state, if not the nation, feels the same way.

Making Gains Clearing Roads

Optimistic in West of State That Worst Over

By The Associated Press

Much of snow-muffled West Michigan glistened in sunshine today as county crews, aided by private contractors, state equipment and National Guard units made road-clearing headway against snow-clogged back roads.

Optimism ran high throughout the area that the battering of a week of snowstorms was ended. The entire west state coastline of Lake Michigan was spared yesterday when a predicted blizzard failed to materialize.

The official forecast at the U. S. weather bureau in Grand Rapids called for a few scattered snow flurries late today, increasing cloudiness at night with light snow late at night or tomorrow.

It predicted westerly winds 10 to 15 miles per hour today, becoming southwesterly 5 to 10 and southerly 10 to 20 Saturday.

Chief meteorologist Fred Baughman said: "It's nice to have this respite, but winter is not over . . . it doesn't really start for eight more days."

'LOOK BRIGHTER'

Heavily hit Van Buren County sounded the note which echoed in most of its lakeside sister counties. Said road commission engineer Paul Kaiser, noting a light, half-hearted snowfall:

"Things are looking brighter this morning, much brighter. If we don't get wind, we will be in much better shape."

He said his county's $800,000 road commission over-all budget had been gouged by $15,000 up to shortly before noon Friday for snow clearance alone.

Anticipated emergency calls by snowbound families for aid with

Weatherman Shows Mercy to Local Area

The weatherman has finally decided to give us a break.

The five-day forecast calls for temperatures about 7 to 10 degrees below the normal high of 35 and low of 23. Tuesday and Wednesday will be somewhat colder.

A few light flurries or light snow is predicted for tomorrow. The low tonight will dip to near 8 and the high is expected to reach 24 tomorrow.

★ ★ ★

In downtown Pontiac about 2 inches of snow fell during the snowstorm yesterday.

The lowest temperature prior to 8 a.m. was 14 degrees. At 2 p.m. the recording was 23.

New Communication Satellite Experiencing Power Trouble

CAPE CANAVERAL, Fla. (AP)— The newly launched relay communications satellite showed signs of trouble with its power supply today.

★ ★ ★

The National Aeronautics and Space Administration said its first report from the eight-sided satellite indicated its power "may be a little lower than normal."

As a result, NASA announced in Washington it is postponing radio communication tests between the United States and Europe that had been planned for the fifth and sixth orbits of the satellite today.

★ ★ ★

Instead, further tests and receptions of telemetry data by the space agency's test station at Nutley, N.J., will be made at that time. Those tests, the agency said, will check the preliminary indications about the power supply.

Related Story on Page D-2

LAUNCHED SUCCESSFULLY

Relay was launched successfully at 6:30 a.m. EST today and three hours later was reported to have achieved its planned orbit, making one circuit of the earth every 3 hours 5.09 minutes. At its lowest point the satellite is within 819.64 miles of earth and swings out to 4,612.18 miles at its highest point.

★ ★ ★

Relay's power supply was designed to permit communications tests for 1 hour, 40 minutes each day. Its designers predicted it would operate at maximum efficiency for the first 30 days in orbit and render useful data for one year.

The Saturday schedule calls for news stories to be exchanged between the United States and Europe. Similar transmissions are planned Monday between the United States and South America.

If all goes well, the public will witness an intercontinental Christmas program Wednesday televised through Relay. The program, carried by all three U.S. television networks, will feature yuletide preparations in 11 nations on the North American and European continents.

General Hospital Trustees Approve Record Budget

The Pontiac General Hospital Board of Trustees last night approved a record $6,314,250 operating budget for 1963.

This is $306,550 above the revised 1962 budget.

The 1963 budget is based on an estimated average occupancy of 92.5 per cent. The 1962 budget was based on a 91 per cent occupancy estimate.

Harold B. Euler, hospital administrator, said no increase in room rates would be needed to finance the $6.3-million budget.

The largest single budget increase is $85,800 for wage hikes.

The original budget for the current year, approved last December, was $5,886,150. It did not include wage and salary adjustments because negotiations were still in progress.

★ ★ ★

When negotiations concluded, wage increases were added and the revised 1962 budget totaled $6,007,700. It is not expected the 1963 budget will need any revision.

"If our occupancy next year equals or exceeds the 92.5 per cent estimate, the budget will balance," noted Harold S. Goldberg, board chairman.

In recent years the hospital has been expanding. Administrators had to guess at what additional capacity would do to their budget estimates each year.

SAME CAPACITY

"The 1963 budget is based on a capacity of 381 beds, the same as 1962," Goldberg said. "It's the

City's C. of C. Votes on Board

3 New Directors and 2 Returnees Elected

The Pontiac Area Chamber of Commerce today elected three new members to its board of directors and re-elected two board members.

★ ★ ★

The new directors are B. Ralph Eastridge, manager of the J. C. Penney Store at Miracle Mile Shopping Center; Leslie M. Gillain, manager of the Montgomery Ward Store at Pontiac Mall; and Howard Heldenbrand, Pontiac Press Man About Town columnist.

Eastridge had previously served on the board but was not presently a director.

Re-elected were Michigan State University Oakland Chancellor Durward B. Varner and Stuart Whitfield, vice president of Pontiac State Bank.

TO SERVE 3 YEARS

All will serve three-year terms to expire Dec. 31, 1965. They were among 10 nominees.

Area Youth Killed; Car Hits Truck

A 19-year-old Waterford Township youth was one of two college students killed early this morning when their car struck a jackknifed trailer-truck on M28, 20 miles west of Munising.

A third passenger, an Independence Township student, is critically injured.

Killed instantly were Terry E. Wilson of 2816 Covert Road and Dan D. Royal, 20, of Bay City, the driver.

In Munising Memorial Hospital with critical injuries is Fred Turek Jr., 20, of 8809 Sashabaw Road, Independence Township.

★ ★ ★

All three were on their way home on vacation from Michigan College of Mining Technology at Houghton.

Their car struck a trailer which had jackknifed across the road on a hill. The truck driver, Donald H. Broderick of Bay City, had backed down the hill when his vehicle slipped on ice, state police said.

The car went under the trailer, and its top was sheared off. State police described the accident as "one of the roughest" they had ever seen.

The trio was on its way from Houghton to Munising.

Polar Air Tempest Weakens Over East

By THE ASSOCIATED PRESS

The mantle of polar air that hovered for two days over most of the eastern half of the country slowly weakened today.

The hard freeze forecast for most of northern Florida, which would have dropped readings to the low teens, failed to materialize. However, there were many reading in the 20s in the Sunshine State early today.

Heavy snow that was expected in portions of the lower northeast developed into a fall of from 3 to 6 inches over parts of New York, Pennsylvania, West Virginia, Ohio and Michigan.

Squalls brought up to 24 inches of new snow off Lake Erie and Lake Ontario to communities in Upper New York state.

Some schools and secondary roads remained closed and several small towns were virtually isolated because of huge drifts and more than 4 feet of snow on the ground.

In West Virginia a snowfall ranging up to 6 inches piled upon 15-foot drifts in the mountains.

DEATH TOLL 159

The number of deaths attributed to the weather soared to 159.

In Florida, harvest hands left the winter-killed vegetables farms and moved into the citrus groves in an attempt to salvage something from the heavy freeze.

Fruit growers planned a quick harvest of some of the citrus to convert to juice before rising temperatures deteriorated the frozen fruit.

The Florida Citrus Commission reported damage was heavier than in the winter of 1957-58 when 30 million boxes of fruit froze on the branches and 30,000 trees were killed.

The Weather Bureau said there was a general moderation of temperatures in most of the eastern half of the country.

There were only a few subzero readings, in northern Minnesota, with -7 in International Falls the lowest.

Warns of Thin Ice

Sheriff Frank Irons today urged residents, especially children, to stay off the ice on area lakes.

Several more days of the present weather conditions will be required to adequately thicken the ice.

Slim Umbrella Tops for Gift

Shutter-Bug Gadgets Also in Stores

By REBA HEINTZELMAN

Umbrellas have been getting sleeker, slimmer and more beautiful every year but this Christmas season tops them all.

Some of them have handles as delicate as Christmas candy and look as luscious. Colored inlaid enamel, odd-shaped jewels, and rhinestone-studded ebony are but a few examples of handles.

For a shutter bug, a new magic deluxe lettering set allows the owner to do his own titling.

Three different sized letters made of a plastic-like material, stick to either a red or black background by static electricity.

Another new camera gadget is a slide sorter that holds 35 slides at one time for easy editing or viewing. The sorter has a frosted plastic front and is terraced in four sections.

A regular electric light bulb glowing through the plastic makes it easy to see what's been photographed. This item is under $4.

Sparking big lavalieres that look expensive, but are not, are the news this Christmas.

Precision watches suspended on long gold chains, and tiny, tiny watches installed in rings is once again the vogue.

French phone shoe shine kits have flooded almost all shopping areas and boy-girl Hobo hats in every color are more of the favorite gift items.

Suede — both real and imitation — is another best seller as jackets, blouses, coats and even sleek toreador slacks.

Balloonists Back From Trip

Pair Ascends to 81,000 Feet

Project for Stargazing Takes Over 18 Hours

HOLLOMAN AIR FORCE BASE, N. M. (AP)—A pair of stargazing balloonists returned today from the brink of outer space after taking a look at the heavens from near the top of the earth's atmosphere.

★ ★ ★

Air Force Capt. Joe W. Kittinger Jr., 34, and civilian astronomer William C. White, 40, landed safely on the southwestern New Mexico desert at 5:32 a.m. (MST) near U.S. 81 about 150 miles west of the Holloman launch site, and about 40 miles southwest of Deming. The balloon was launched at 11 a.m., yesterday.

★ ★ ★

The Project Stargazer flight to an altitude of 81,500 feet and back, took 18 hours and 32 minutes. The balloon reached its maximum height in about two hours yesterday. Today's descent started at 1 a.m. (MST).

Kittinger was the balloon pilot. White was in charge of the experiments.

It may be some time before the results of the experiments are known.

Objectives of the trip included experiments to determine if stars twinkle when observed above the earth's distorting atmosphere, and to try to record the sound of the stars.

★ ★ ★

Dr. J. Allen Hynek of Northwestern University, Project director, describes this as resembling the noise made by an empty coal truck bouncing over a rough road.

★ ★ ★

Other experiments included photographing the stars through the telescope; measuring air turbulence; measuring the brightness of stars and measuring water vapor at high altitude.

OPEN FREEWAY—Removing the barrier on the entrance ramp to the new I-75 freeway at Lapeer Road northeast of Pontiac this morning were (from left) County Road Commission Chairman Sol D. Lomerson, State Highway Department district office manager James Boyd, highway department engineer Lyle Lipp and Pontiac City Manager Robert A. Stierer. A 12½-mile section from Lapeer Road to Dixie Highway west of Clarkston was opened.

Floridians to Vacation in Mild Calgary, Alta.?

CALGARY, Alta. (AP) — While Florida shivers, southern Alberta is having a belated touch of Indian summer.

★ ★ ★

The mercury didn't climb above 38 yesterday in Jacksonville, Fla., but at Calgary — 1,500 miles to the north — it reached 56, one degree above previous record highs in 1944 and 1956.

Hoffa Appears in Own Behalf

NASHVILLE, Tenn. (UPI) — Teamsters Union President James Hoffa, looking confident and cocky, testified today in his own behalf in federal court here.

★ ★ ★

The stocky, dark-haired leader of the world's largest labor union has pleaded innocent to charges of violating the Taft-Hartley labor law.

Hoffa was dressed in a dark grey suit as he took his seat in the witness chair.

Although attendance has been somewhat sparse throughout much of the trial, the courtroom was nearly full as Hoffa began his testimony.

Hoffa began his testimony as the trial was nearing the end of its eighth week.

Clear Roads in State

(Continued From Page One)

medical, food and fuel supplies fell far short of expectations.

State Police Captain Bion Hoeg, commander of the 5th District Headquarters at Paw Paw, said: "People today aren't on the wrong side of a 4-inch snowfall and blizzard forecast. That's why there aren't many panic calls."

National Guard personnel were being dismissed from standby duty in small groups as the morning wore on.

★ ★ ★

An 18-man group was dismissed from Grand Haven at 5 a.m. four of a 10-man contingent from Company B at Three Rivers were dismissed from the Paw Paw area at 10 a.m. The Three Rivers group had spent the night as the first guests of the new Van Buren County Jail.

Cass County Road Commission engineer Robert Trobillard said: **"It has turned completely different today. We're real happy. I think we're going to lick it without any more National Guard assistance.**

The main roads are coming fine . . . secondary roads are being cleared and 10 emergency calls have been taken care of."

Emergency precautions were taken last night, including an order for National Guard units to stand by in 10 west Michigan communities in case of requests for food and fuel supplies.

Lesinski declared an emergency in the five counties of Allegan, Berrien, Cass, Muskegon and Van Buren. He is the state's acting chief executive in the absence of Gov. John Swainson.

His proclamation followed a request from Van Buren County Civil Defense Director Harry Busch to have it declared a disaster area.

The blizzard forecast by the U.S. Weather Bureau at noon yesterday fizzled out some 10 hours later when a high-pressure front shoved it southeasterly out of the state.

Dismissal of Prof Is Backed

EAST LANSING (UPI)—The controversial dismissal of Dr. Samuel Shapiro, instructor at Michigan State University Oakland, was unanimously supported today by the MSU board of trustees.

"I feel very strongly that the university people made the correct decision in this case," said Warren M. Huff, board member from Plymouth.

Huff noted that Shapiro also failed to gain tenure following service at Brandeis University prior to his appointment to the MSU staff in 1960.

★ ★ ★

D. B. Varner, chancellor of the Oakland branch, said he felt the publicity given Shapiro's lack of reappointment" required clarification.

ONE OF THREE

Varner said Shapiro was one of three staff members who failed to gain reappointment when their names were considered for tenure at the Oakland branch.

Thirteen others on the staff were given tenure in action taken by committees within their own departments, deans of the various colleges and the MSUO administration.

Varner said an "unqualified no" was the answer to whether Shapiro's controversial views on Cuba were the reason for his dismissal.

★ ★ ★

Shapiro has had numerous articles published on Latin America and in January 1961, he traveled to Cuba with members of the pro-Castro fair play for Cuba committee.

★ ★ ★

Varner said he would never favor dismissal solely because a professor is controversial, but he did not feel a university should be required by public opinion makers to grant tenure solely because a professor was controversial.

Judge Helps Put Bite Into Christmas for Kids

MEMPHIS, Tenn. (UPI) — Former Criminal Court Judge R. G. Kinkle for the sixth straight year has given a $100 check to the humane shelter to pay the fees involved in the free distribution of 66 puppies to children.

"It's my special Christmas present to homeless puppies and and dog loving children," explained Kinkle.

All 50 Survive Airliner Crash

Third Brazilian Plane Downed in a Month

RIO DE JANEIRO, Brazil (AP) —Jornal do Brasil radio reported that all 50 persons aboard a Brazilian air liner which went down in the wilds of Amazonas State early today survived. The broadcast said some were injured but that there were no deaths.

Earlier, the newspaper Jornal do Brasil quoted military sources in Manaus, capital of Amazonas, as saying no signs of life could be detected when the wreckage of the Panair do Brasil Constellation was spotted in a jungle clearing 18 miles from Manaus.

★ ★ ★

The Constellation had last been heard from at 3 a.m., six minutes before it was to have landed at Manaus, on a flight from Belem.

Capt. Dalvo da Costa, veteran chief Amazon area pilot for the airlines, was reported at the controls.

It was the third Brazilian air tragedy in less than a month.

★ ★ ★

A Brazilian Boeing 707 jet crashed and burned on a hilltop near Lima, Peru, Nov. 27 and all 97 persons aboard perished; the day before, two Brazilian planes collided in flight and crashed near Sao Paulo, killing 27 persons.

Supervisors Approve Sale of Old Offices

The Oakland County Board of Supervisors yesterday approved putting up for sale the County Office Building at 1 Lafayette St.

The five - story brick building has been appraised at $220,000, according to Birmingham Supervisor David Levinson, chairman of the ways and means committee.

This isn't necessarily the minimum price which the county would accept, Robert Lilly, secretary of the County Board of Auditors said.

★ ★ ★

Present plans call for moving county departments from the downtown building into the new courthouse wing at the County Service Center on Telegraph Road Feb. 11, Lilly said.

He noted that his board would meet with the buildings and grounds committee to set a minimum price on the downtown building and to work out other details before putting it up for sale.

The building could be placed on public auction or the county could advertise for sealed bids.

"There have been no offers to buy yet," said Lilly, "only a few nibbles."

Area clubwomen were inquiring earlier with the thought that the building might be suitable for a general meeting place for various groups.

★ ★ ★

The county purchased the building by paying off some $50,000 owed in taxes during the depression.

It had been built by Pontiac Freemasons for a lodge.

The county also owns the parking lot at the rear of the building. The lot would be included in the sale.

Birmingham Area News

Kids Can Dial Phone to Chat With Santa Claus

BIRMINGHAM — By simply dialing a telephone, Birmingham area children can talk to Santa Claus at his North Pole workshop until Dec. 21.

Santa can be contacted any weekday from 3:30 to 5:30 p.m. at either of two phone numbers, MI 6-7222 or MI 6-7223.

The special phone service is sponsored by the Birmingham Reareation Board, the Community House and the Senior Men's Club.

Birmingham's 1962 traffic injury rate is expected to exceed last year's because of an 80 per cent increase in pedestrian injuries from January through November.

★ ★ ★

There were 30 persons injured in traffic in November, six more than the same month in 1961, according to Police Chief Ralph W. Moxley.

There were 83 traffic accidents last month, also an increase over the 70 reported in November of the previous year, Moxley said.

He noted that "following too closely" and "failure to yield right of way" were the causes of six out of 10 accidents last month.

★ ★ ★

Moxley urged pedestrians and motorists to be alert because December is the most dangerous month of the year for pedestrian accidents.

Birmingham Temple No. 94, Pythian Sisters, will hold its annual Christmas party 8 p.m. Wednesday at Community House.

District 8 Deputy Lillian Clark of Roseville will be a guest. The temple will install 1963 officers Jan. 16.

Mrs. Clarence Vliet

Service for Mrs. Clarence (Mina A.) Vliet, 90, of 416 W. Brown St., will be 1 p.m. tomorrow at First Presbyterian Church of Birmingham.

★ ★ ★

Cremation will be in White Chapel Memorial Cemetery, Troy.

Mrs. Vliet died Wednesday in St. Joseph Mercy Hospital, Pontiac, after a long illness. Her body is at the Bell Chapel of William R. Hamilton Co.

She was a past president of the Birmingham Women's Club and a member of the Elijah Grout Chapter, Daughters of the American Revolution.

★ ★ ★

Surviving besides her husband are a daughter, Mrs. William V. Owen of Los Angeles, one brother, three grandchildren and three great-grandchildren.

Record Budget Set for Hospital

(Continued From Page One)

first time in several years that we've had the same bed complement two years running."

"This budget should be the most accurate we've made in several years," he said.

The occupancy estimate was increased in view of the 1962 occupancy rate, which was 95.87 per cent as of Dec. 1.

Earnings from patient billings next year are estimated at $6,169,950, which includes a $396,435 allowance for losses on welfare cases, Blue Cross and unpaid bills.

Other income is expected to reach $144,300.

Salaries and wages account for $4,034,200 of the 1963 budget expenses.

The budget must now go to the City Commission for approval before it is officially adopted. No further action by the hospital board is required.

NATIONAL WEATHER — Light snow or snow flurries are forecast for tonight through the Lakes region to the northern Plains and parts of the northern Rockies, with rain in the Northwest and north-central Pacific Coast. Colder weather will again move into the northern and middle Atlantic states and Ohio Valley. It will be warmer from the southwestern Plains through most of the Gulf coast region and south Atlantic states as well as the northern Plains and upper Mississippi Valley.

Rush Labor to Salvage Florida Crop

LAKELAND, Fla. (AP) — A mass migration of farm workers into Florida's frozen citrus groves began today for the biggest crop-salvaging operation in the state's history.

Migrant workers idled by loss of vegetable crops in the century's worst cold wave were recruited from all over South Florida to pick oranges, grapefruit and tangerines before deterioration can begin.

Emergency arrangements were made to bring in 13 plane loads of laborers from Jamaica, starting tomorrow.

It was a pell-mell race against time. Warming weather threatened to spoil some of the fruit before it could be harvested and rushed to processing plants for canning and conversion into juice concentrates.

Continuance of cold weather would enable growers to salvage more fruit, since deterioration would be slowed.

The U. S. Department of Agriculture authorized the emergency import of 3,000 additional foreign laborers.

Queen to Welcome Yule

LONDON (UPI)—Queen Elizabeth yesterday recorded her Christmas message to the nation and the commonwealth. The message will be broadcast by radio and television and will be made available for transmission throughout the commonwealth.

NATO Is Weak, Norstad Warns

PARIS (AP) — Gen. Lauris Norstad, retiring supreme commander for Europe, warned today that the North Atlantic Alliance's conventional forces are so under strength it might be difficult to contain even a modest Soviet attack.

His somber assessment was delivered at a closed meeting of NATO ministers. At the same session, reports of vast increases in the Soviet submarine fleet and in Soviet rocket deployment were presented and analyzed.

Two members of President Kennedy's cabinet—Secretary of State Dean Rusk and Defense Secretary Robert S. McNamara—stressed that NATO needs adequate conventional strength in order to have a choice of responses to aggressive Soviet moves.

Rusk reaffirmed the willingness of the U. S. government to help set up a seaborne multinational European nuclear force and said Washington is anxious to sound out the feelings of its European partners on this subject.

But Rusk specified that the Europeans themselves would have to work out ideas on the political control for such a deterent.

He also specified that the vast expense of this project would have to be shared.

Cuban Release by Yule?

NEW YORK (AP) — James B. Donovan, negotiator to win freedom for the 1,113 Cuban invasion prisoners, says he hopes to have them back in this country by Christmas.

Cuban Missile Story Tops 1962 News

NEW YORK (UPI)—The crisis over Soviet missiles in Cuba was rated No. 1 today in the list of "Ten Biggest News Stories of 1962," compiled by United Press International.

The Cuban crisis was the overwhelming choice for first place in the annual poll of editors representing hundreds of UPI subscribers in the United States and Canada.

Contesting closely for second place were Lt. Col. John H. Glenn's first United States earth-orbiting flight and the troop-enforced enrollment of a Negro at the University of Mississippi. The Glenn flight took second, "Ole' Miss" third.

—1962 LIST—

Here is the 1962 list:

1. Cuban Soviet-missile crisis.
2. Glenn space flight.
3. "Ole Miss" desegregation.
4. Chinese Reds drive into India.
5. Kennedy forces steel price cutback.
6. Stock market's $20.8-billion break May 28.
7. Thalidomide deformed babies.
8. Soviet twin-astronaut feat.
10. Death of Marilyn Monroe.

★ ★ ★

Runners up included two close ones: the midterm elections and Telstar.

Many editors remarked on their ballots that 1962 seemed the newsiest year since World War II ended.

Some said that after choosing the top three stories this year, selection of the others in order of precedence was of such difficulty that, as one put it, "They might as well be drawn out of a hat."

In some cases, one ballot represented the consensus of the news staff of the newspaper.

UPI submitted 34 major events of the year for consideration by the editors, who usually base their judgments on significance, public impact, shock value, human interest, and the amount of space the story occupied in the newspapers.

Warn Citizens of Deceptive Insurance Ads

LANSING (AP) — Michigan's senior citizens were warned today to beware of high-pressure mail advertising sent by unlicensed insurance companies.

"Watch out for out-of-state insurance offers, particularly those describing low cost, no examination and coverage for medical and hospital care for persons past 60," advised State Insurance Commissioner Sherwood Colburn.

Insurance department records show, Colburn said, that policyholders frequently have difficulty in obtaining satisfactory settlement of claims against unlicensed insurers.

State law empowers the insurance department to assure policyholders fair treatment and settlement of claims in accordance with contract terms in the case of licensed insurers, he said.

"The lure of fabulous coverage for pennies may be tempting," Colburn said, "but unless the company is licensed by the Michigan Department of Insurance, your policy may be worthless."

Noted Songwriter Harry Barris Dies

BURBANK, Calif. (AP)—Harry Barris 56, noted songwriter and a member of the original "Rhythm Boys" with Bing Crosby, died Thursday at St. Joseph's Hospital after a lengthy illness.

Barris composed "Serenade in Blue," "Mississippi Mud" and "I Surrender Dear" among others.

He suffered a broken hip in a fall a year and a half ago and subsequently contracted cancer. He is survived by his widow, Marjorie, and two daughters.

Now, There's Gratitude; Makes Light of Promise

CLERMONT, Fla. (AP)—Dorothy Hoskinson lives on a dark street. She asked her brother-in-law, Jim Hoskinson, to do something about it if he won election to the City Council.

Jim was elected this week and he remembered Dorothy's request.

He sent her a flashlight.

GOP Picks Chairman

FLINT (AP) — Raymond Kelly Jr., comanager of a Flint investment firm, has been named chairman of the Genesee County Republican Committee, succeeding Chester Schwesinger, who resigned after serving more than two years. Kelly is a member of the Republican State Central Committee.

The Department of Agriculture estimates that only about eight of the 72 major crops grown in the U.S. could be produced successfully without the use of agricultural chemicals.

AP Photofax

WINTER'S WONDERS — Strange scenes have become the rule in the midst of wintry weather which has jolted widespread areas of the nation. 'Way down South in Rex, Ga., an icy picture of rare beauty was painted (above) as that state shivered in record cold. Rex Postmaster Kathryne Mitchell pauses for the rare scene at an old mill about 12 miles south of Atlanta. In Hartford, Mich., (below) with 40 or more inches of snow on the ground, Lawrence Weston and his son Richard hitched their horses to a cargo sled and made regular rounds delivering coal to area residents.

Snowbound Town Takes It Cool

WATERVLIET (AP) — Covered with snow literally from head to foot, what does a little Michigan city do?

Watervliet happily goes right about its business.

On a per-capita, square - foot basis, few Michigan communities have had more snow recently that Watervliet, population about 2,000.

Today's reading of snow accumulation will be somewhere around a full 50 inches.

But except for certain inconveniences, the great snowfall doesn't matter too much.

The Watervliet Paper Co. closed for one day — its first weather - caused closing in history — but business otherwise went on.

All in all, Watervliet has been having a good time.

Residents say community spirit is high. People are having a good time.

The small talk in the three small downtown restaurants and the approximately score of shops is full of banter.

Big trucks banging through town on a rerouting from the jammed I-94 find a warm welcome.

This little Berrien County city, on Paw Paw Lake 14 miles west of Benton Harbor, boasts of its apples, peaches and grapes during the growing season.

A current boast is the way Police Chief Victor Bianchi and his two patrolmen have kept the car lanes clear for traffic.

Bianchi who declared a state of emergency in the tremendous storm last Tuesday, went with a bare four hours of sleep over a 36-hour stretch.

Watervliet concedes it has had luck, too. Watervliet Community Hospital has gone without any emergency cases.

Stranded motorists are made to feel at home. The doors are open to them at the Methodist, Catholic and Congregational churches. They get free coffee and sandwiches.

Battle Snow on Grocery Trip

PAW PAW (AP) —Two deputies from the Van Buren County Sheriff's Department used a patrol car, snow shovels, a farm tractor and snow shoes last night in a six-mile trip to deliver milk for a baby and some groceries to its family stranded by snow for a week in their home about six miles north and west of Paw Paw.

Chief deputy Willard Rock and deputy Ronald McWilliams made the trip.

They traveled as far as they could by cruiser, shoveled a path for some distance, commandeered a farm tractor, and, when it could go no further, walked a mile and a half on snow shoes to deliver the required supplies.

Agricultural products comprise about a fourth of the nation's exports. Sen. Hubert Humphrey, D-Minn., recently said the output of 60 million acres of cropland moved abroad last year.

Drained and irrigated sections of France's Camargue region produce almost all the rice consumed in that country.

Recent radio telescopic observations indicate that Venus's surface temperature may be as high as 575 degrees.

Romney's Selections Look Most Promising

The most indicative quality that stands out in the first three appointees named by Gov.-elect GEORGE ROMNEY is the proven experience they bring to the State administration.

This has not always been true in the last 14 years. Oftentimes the men chosen have not had practical experience in the particular field they were selected to head up and administer.

★ ★ ★

To work out our state fiscal problems, WILLIAM L. SEIDMAN has been picked as the unpaid adviser on the Romney team. He brings years of skill as a successful accounting executive from Grand Rapids, which should stand him in good stead to revamp our weak money situation.

★ ★ ★

The assignment of state controller goes to GLENN S. ALLEN JR., who is far from a neophyte when it comes to municipal government experience. He is a four-time mayor of Kalamazoo who claims an excellent record.

★ ★ ★

To head up Romney's governmental advisory post, young Walter De Vries of Calvin and Hope Colleges, with the title of doctor of political science, seems exceptionally well qualified though he is only 34 years old. His knowledge of governmental processes should be invaluable.

★ ★ ★

The new look in Lansing has all the earmarks of a team equipped to pick up the ball and run with it.

Detroit Edison Sets Record in Power Use

A significant record in power consumption for Southeastern Michigan was established last week.

Detroit Edison Co. reports new highs were set for the week, for a day and for a 15-minute period. The week's total of 359,306,000 kilowatt-hours topped the mark set last January.

★ ★ ★

Yearly peaks have been set successively in recent years, but invariably within four of five days of Christmas.

Consumption last week by the area's industrial operations continued at the same level of the preceding seven days, when usage was up 13.7 per cent from the several weeks before and 7.6 per cent from the year-ago level.

★ ★ ★

This is but another of the cheering indexes of our community's economic status and growth and augurs well for continued progress and well-being of those fortunate enough to be living within it.

Air Mediums Relay Sparse News Reports

A nationally known woman economist vividly described the void left in East Coast news treatment by the striking of seven New York newspapers last Saturday.

Depending as she does on such sources for background material, the economist said that TV and radio coverage left wide gaps in every category of news.

★ ★ ★

As approached from the standpoint of a reporter, the financial writer pointed out:

● Air mediums can do but the sketchiest job in the financial field, picking out only the most obvious and simplest highlights. Frequently, these are not nearly as important as the less apparent ones.

● Although the networks do attempt at times to tell what a story means, their broadcasters are limited by time deadlines, by fear that listeners might be uninterested, by eagerness to devote their few minutes to stories of "mass appeal" from their own knowledge. A general newscaster simply cannot explain a complicated financial event on the air in a minute or two.

★ ★ ★

"TV and radio," says the authority, "do bring news to us on the spot, but you have to be where a TV or radio set is tuned on or you've missed it . . . At three different times last Sunday, I had the frustrating experience of missing a report I particularly wanted to hear because I couldn't stick with a TV or radio set."

★ ★ ★

This reaction is concerned with only one phase of the daily news. But suffering from comparable inadequacy are all categories, led by the "most missed items" in the spheres of obituaries, marriages, classified and store ads.

Could it be that we take our newspapers a little too much for granted?

A Word To The Unwise

David Lawrence Says:

K Highly Deceitful in Cuba Speech

WASHINGTON — Premier Khrushchev has just made a speech to the Supreme Soviet or Russian parliament — which attempts to explain publicly for the first time why the Soviet Union sent missiles and planes into Cuba.

It is, however, the most flagrant example of deliberate deception by the head of a government that has been given to the world since the days of Adolf Hitler.

LAWRENCE

The influence of Nikita Khrushchev will inevitably suffer. For, while he insists that he sent missiles to Cuba to counter the alleged threat of aggression by the United States, the chronology of events actually shows that the missiles were emplaced and the planes were shipped to Cuba long before there was any crisis in the relations between Cuba and the United States.

Due to censorship, this discrepancy in dates will not be revealed to the Soviet people.

The Premier endeavored to assure his associates that the main reason he sent military help to Cuba was to assist the Cuban people, "our brothers in toil, our class brothers."

But it is unrealistic for anyone outside the Soviet Union to believe that merely an ideological comradeship caused the Soviet Union to spend in the neighborhood of a billion dollars just for the sake of anticipating some theoretical action by the United States in respect to a country as far away from the Soviet Union as Cuba.

CONTRADICTION

Though arguing for the right of a nation to deal with its own internal affairs, Khrushchev contradicted himself in his speech when he said the Soviet Union felt it desirable not only to take control of certain important programs inside Cuba but also to maintain a Soviet military organization under direct command of the a Soviet defense ministry instead of under the Cuban government.

He said: "It is true that, at the request of the Cuban government, we sent arms there. But what motives guided us in doing this? Purely humane ones.

"Cuba needed arms as a means of deterring aggressors, not as a means of attack. Cuba was, indeed, under a real threat of invasion."

The Soviet Premier added:

"A very alarming situation had arisen. Everything showed that the United States was preparing to carry out an attack on the Cuban republic using its own armed forces."

But in the very next paragraph, the Soviet Premier insisted that none of his weapons sent to Cuba could be used for offense.

In recent weeks, however, he has removed some of these same weapons because the United States characterized them as offensive.

Everybody knows that the missiles were capable of nuclear attack on cities in the United States and that the planes were able to carry atom bombs and drop them on cities in certain sections of this country.

But Khrushchev again brushed aside the idea that there was any serious military purpose involved. He said:

"The government of Cuba last summer asked the Soviet government to provide additional assistance.

"An agreement was reached about a number of new measures, including the stationing in Cuba of a few dozen of Soviet ballistic rockets with a medium range of action. These weapons were to be in the hands of Soviet military.

"What was the aim of that decision? Of course, neither we nor our Cuban friends meant that the rockets dispatched to Cuba would be used for an attack against the United States or any other country. Our only aim was the defense of Cuba."

Hal Boyle Says:

Big Business Is Worrying About 'Corporate Images'

NEW YORK (AP)—What is a "corporate image" to you?

Lately many corporations have been worrying out loud about their public image—which, as I gather, is pretty much like looking at yourself in a crazy mirror in an amusement park and hoping that passers - by won't think the reflection is the real you.

BOYLE

Anyway, more and more corporations seem to be spending more and more money trying to improve their image.

IMAGES MAY DIFFER

It is my opinion that one's image of a big and complex corporation is built up from fantasies early in life, or as the result of confused collisions with reality as one grows older. The individual's mental picture of a large business firm may be widely different from that held by those who run it.

★ ★ ★

During a bout with insomnia the other night, I fell to thinking of the problem of "corporate images." Here are a few that loomed before a dozing brain—and I don't think the corporation will mind some gentle spoofing:

Du Pont—A kindly dentist fixed a nylon tooth in my mouth and then said, beaming, "Now you can eat all the plastic corn on the cob you want. Better living through chemistry."

SORRY, NO MONEY

American Telephone & Telegraph—A fine-faced gray-haired old man saying into a telephone, "Yes, son, we are always glad to have you call us long distance, but this time I simply can't afford to send you the money," and an operator all alone at a huge switchboard, saying, "Please get it right this time. The number you want has been changed to 365-049-657-102-thuh-ree, thuh-ree, nighon."

★ ★ ★

General Electric — He wears a picture of Thomas Edison in his lapel, and as you give him a burned out light bulb he hands you a new one and observes, "Progress is our most important product."

General Motors—A tall, well-dressed man gets out of his large long car to remove compact caught in his bumper.

'IT FLOATS'

Procter & Gamble—A cooing baby atop a giant bar of soap going over Niagara Falls as a 103-member chorus hums in the background, "It floats."

Metropolitan Life Insurance—A quaint, old-fashioned widow who looks like Whistler's mother counts the folding money in her gnarled hands as she murmurs, "Now I guess I can afford to buy that new bonnet I've been a-hankering for all these years."

Such are one man's eerie idea of "corporate images."

Voice of the People:

'Let Sentiments Be Known on State's Hunting Laws'

If everyone interested in deer hunting as a sport would write his representative and state senator and tell them what they think, it might help. This must be done statewide.

★ ★ ★

I oppose the opening of deer season five days early in the Upper Peninsula. It is a dangerous law favoring a few.

★ ★ ★

The reason we had a good 1962 season is because we didn't have an any-deer season in 1961.

Ortonville George F. Gray

'Mason Important to Bill of Rights'

On Dec. 15 we remember the signing of the Bill of Rights into our Constitution. George Mason was largely responsible for this.

★ ★ ★

In 1791 the ratification of the first Ten Amendments to the Constitution — the Bill of Rights — was completed. The amendments were based on a Declaration of Rights which George Mason had supplied to the Virginia Constitution.

★ ★ ★

Mason was a delegate to the Federal Constitutional Convention but declined to sign the completed document, because it had no Bill of Rights and because it did not prohibit slavery. He lived to see the Bill of Rights adopted, but was spared seeing the national tragedy which ensued from the rejections of his views about human bondage.

★ ★ ★

As an American I thank God for the vision of George Mason who insured us the rights of freedom that so many places in the world are still denied.

Offers Suggestion to City Officials

I read that Mayor Landry and Mr. Henry were angry that our vice squad head raided the Green Door and 52 persons were arrested. Mr. Landry even stated that Lt. Nesbit should be fired if even one of the 52 persons involved went free.

Now to carry this reasoning further and to be fair, I think if even one of these 52 people involved is convicted, Mr. Landry and Mr. Henry should resign from the City Commission.

Sailors must have a hard time of it being at sea and in a mess at the same time.

Reviewing Other Editorial Pages

Federal Reserve

The Chicago Daily Tribune

The outcry over secrecy in government has provided Rep. Wright Patman of Texas with what he thinks is a good chance to get in a few wallops against the federal reserve system. Mr. Patman wants to make public the minutes of the federal reserve board's open market committee.

This is the committee set up by the banking system to help stabilize the money supply. It determines whether the federal reserve system will buy or sell government securities, and to what extent. In this manner it can influence the supply of bank credit and the level of interest rates.

William McChesney Martin, chairman of the federal reserve board, holds that the publication of these minutes would set a precedent that would "do public mischief rather than public good."

★ ★ ★

Mr. Patman's reply is deceptively sanctimonious: "Mr. Martin thinks the best government is secret government, while I cannot get rid of the old-fashioned notion that the public has a right to know what its government is doing."

Mr. Patman is wrong on several counts. The federal reserve system was designed to be independent of the government. It is only a quasi-public body and its open market committee is an agent of the private banking system rather than the government.

Publication of the minutes would seriously damage the committee's effectiveness. It would discourage necessary candor of committee members.

If the minutes were to be published currently the committee's operations would be reduced to a mockery. It would be as though all the big mutual funds in the country were to announce in advance their plans to buy and sell securities. The committee's goal would largely be thwarted by speculators.

★ ★ ★

This is precisely what Mr. Patman wants. He envies the independence of the federal reserve system. He wants to make it a machine run by politicians to produce cheap money, votes, and inflation.

Regrettable Move

The Arab World

The United States government confirmed its decision to sell Hawk supersonic missiles to Israel. It was an unfortunate, ill-advised decision. Further, it was a clear-cut departure from America's long-advocated policy of refusing to introduce arms into the Middle East.

★ ★ ★

It is regrettable that United States policy - makers ignored the fact that such a decision can only contribute to more tension and turmoil in the area. Their move is a severe blow to Arab expectations of a just and impartial policy.

★ ★ ★

In pursuit of its new policy tack, we might ask, is the current United States administration now willing to assume the responsibility for a renewed arms race in the Middle East? The proposed sale of missiles to Israel is viewed with alarm and apprehension by the entire Arab nation. Even if the military capability of these arms is disregarded, the implications in terms of U.S. policy in the Mideast are indeed sobering. In itself, the decision will certainly sharpen tension in the Middle East and contribute to the creation of an atmosphere which could jeopardize the stability and security of the whole area.

Space Exploration

The St. Louis Post-Dispatch

It is encouraging that the United States and Soviet Russia have not let disagreement in the United Nations over reconnaissance satellites interfere with plans for cooperation in space exploration.

★ ★ ★

Announcement of a formal agreement to work together can be taken as an indication that the two nations can cooperate in this newest field of human endeavor.

★ ★ ★

The projects are weather satellite observations, studies of the earth's magnetic fields and worldwide communication by satellite. The setting up of a global weather satellite system promises the quickest returns.

In striving for this meteorological goal, Russia and the United States might be able to arrive at an understanding on the use of all reconnaissance satellites.

★ ★ ★

Mapping of the earth's magnetic fields would do much to aid successful exploration of space. Telecommunications by satellites should be invaluable in establishing better understanding among nations.

It now can be said that space policy is starting to catch up with space technology. With patience and tact, it should be possible to achieve a complete code for internationalization of space.

U.S. Keeps Air Defenses at Cuba Crisis Strength

WASHINGTON (AP) — The United States is maintaining the air defense system in the southeastern states at virtually the peak strength mustered in the first days of the Cuban crisis.

While the guard against air or missile strike is being kept up, Army ground forces which were moved to forward positions in Florida, Georgia and other neighboring areas generally have been sent back to home bases. The Navy's huge quarantine fleet has been cut to a small force.

At a news conference Wednesday, President Kennedy said it was "our best judgment" that Soviet ballistic missiles and bomber planes have been removed from Cuba. He also said "these things are never 100 per cent" certain. For that reason, the President said, the United States will continue to use its own methods of inspection. The major means has been aerial reconnaissance.

It obviously is for the same reason, the inability to be 100 per cent certain, that the strong radar warning, fighter interceptor and antiaircraft missile system is being maintained.

DOUBLED FORCE

In the swift deployment at the outset of the Cuban crisis, both the interceptor plane and radar warning system was at least doubled. The beefing-up included a doubling of the airborne radar system in aircraft as well as ground-based radar search and tracking and control equipment for vectoring interceptors to possible targets.

Although the Defense Department has not announced specific figures, it is understood that about 1,000 Air Force fighters were sent into airfields in Florida and adjoining areas.

* * *

There has been no announcement of any large scale withdrawal of these forces. The only announcement concerned return to bases of tactical aircraft which had been dispersed to various bases near the southeastern states and of the calling off of the high degree of alert for the Strategic Air Command fleet of bombers.

So far as is known, the augmented antiaircraft defenses, including Hawk missile batteries, is being kept intact.

Although the Army has pulled out most of the ground forces moved temporarily into forward staging positions, the normal deployment of troops provides a substantial force in the southeastern area. This includes a division each at Ft. Benning, Ga., and Ft. Bragg, N.C. The Marine Corps has a division at Camp Lejeune, N.C., less elements which are rotated aboard ships in the Caribbean area.

The Navy has dropped the fleet-size operation it conducted with a special task force for the Cuban quarantine, except for long-range patrol craft assigned to check ships leaving and entering Cuban waters.

However, even normal Navy activity in the general area of Cuba means the presence of scores of ships and hundreds of aircraft aboard carriers. The ships include destroyers and submarines engaged in regular antisubmarine patrol.

Sees Increase in Economy During 1963

EAST LANSING (UPI) — Next year will be a good, solid economic year with the gross national product rising steadily, Michigan State University economist Leonard Rall predicted yesterday.

"Gross national product should exceed the 1962 figure of $555.5 billion by $15 to $20 billion," Rall said.

The MSU economist said the greatest upsurge should occur in the area of consumer spending, where he anticipated increase of about $10 billion.

State and local governments can be expected to increase their expenditures by about $5 billion, and a strong upward trend is expected in both the auto industry and foreign trade, said the MSU spokesman.

Why "Good-Time" Charlie Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years.

AFL-CIO Asks Parties to Debate New Constitution

LANSING (AP) — The Michigan AFL-CIO has scheduled a debate on the proposed new constitution and asked the Republican and Democratic state chairman to select spokesmen to participate.

August Scholle, president of the labor organization, said the debate has been scheduled for Feb. 15 at the biennial state AFL-CIO legislative conference.

Scholle said the state chairmen were requested to name a debater to present their party's point of view.

Republican leaders, headed by Gov.-elect George Romney, are supporting the new constitution, while Democrats generally are opposed to it.

World Leaders Leave Fidel Castro Hanging Up in the Air

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — Fidel Castro has been left like a frog on a lily pad, wondering whether it's going to rain or shine. The water around him is muddy and muddled.

President Kennedy put strings on his pledge not to invade Cuba. He seems to interpret them one way, Soviet Premier Khrushchev another. This came up again Wednesday. So, while there has been no shooting, there may be shouting.

MARLOW

Direct invasion seems unlikely. It would mean another crisis with Russia. But the United States did not promise not to try to overthrow Castro by other means short of invasion. In fact, it indicated it would try.

The Kennedy-Khrushchev differences over the no-invasion pledge bubbled to the surface again in two places half a world apart when Khrushchev talked to the Soviet Parliament in Moscow and Kennedy had a news conference.

WHAT HAPPENED?

The only way to examine the differences is to look at the calendar.

In the week of the Cuban crisis, when Kennedy and Khrushchev were firing letters at each other, Kennedy wrote one on Oct. 27 interpreting a Khrushchev letter of Oct. 26 as promising to remove Soviet weapons from Cuba under "appropriate United Nations' observation and supervision" and to halt the flow of offensive weapons to Cuba.

If this was what Khrushchev promised, Kennedy said, the United States would lift its quarantine and pledge not to invade Cuba—provided Russia removed its weapons under U.N. supervision.

The next day, Oct. 28, Khrushchev wrote Kennedy that he accepted the President's word there would be no invasion of Cuba.

Two days later, Oct. 30, some Republican senators expressed uneasiness about the no-invasion pledge. They warned against any agreement that might provide a permanent Russian sanctuary in Cuba.

That same day Edwin M. Martin, assistant secretary of state for Inter-American Affairs, as if to quiet the uneasiness, said: "I don't recall seeing anything in the exchange which suggests a guarantee of the status quo."

★ ★ ★

Khrushchev began pulling the missiles out. But in telling Khrushchev he wanted all the offensive weapons removed, Kennedy apparently forgot to mention specifically this meant Soviet bombers, too. Khrushchev began removing them later.

Left up in the air was the problem of U.N. inspection in Cuba, the key provision in Kennedy's assurance against a Cuban invasion. Castro wouldn't permit the inspectors in Cuba.

Then on Nov. 20 Kennedy held his first news conference since the Cuban crisis began. He said the United States had promised to "give assurance against an invasion" once U.N. inspection had been established.

★ ★ ★

Since there was no such inspection, it could be argued, the no-invasion pledge wouldn't stand. Then Kennedy added a statement which was a clear warning to Castro he'd be up to his neck in trouble without an invasion.

CLOUDED PLEDGE

Kennedy said: "We will not, of course, abandon the political, economic and other efforts of this hemisphere to halt subversion from Cuba, nor our purpose and hope that the Cuban people shall some day be truly free."

Things quieted down a while with the no-invasion pledge surrounded by clouds.

★ ★ ★

Khrushchev on Wednesday pledged himself to fulfill Soviet commitments in the Cuban settlement "so long as the other side stands by this understanding." By this time, of course, as the calendar shows, the American and Russian understandings didn't look like understandings at all.

Khrushchev added: "But if the commitments assumed are not observed by the other side we shall be compelled to take such action as may be required by the situation."

Then he went on to explain to the Soviet people, his way, how he came to put the missiles in Cuba in the first place and then how he came to take them out.

This made the whole business, one of the Soviets' worst postwar blunders, look like one of the most honorable and peaceful events of modern times.

Some hours later at Kennedy's news conference a reporter—with the Khrushchev talk about commitments fresh in mind — asked the President where the no-invasion pledge stands now.

Kennedy said he would stand by the statement he made in his last news conference. This should provide a lot of Kennedy-Khrushchev letter-writing.

Ex-Dow Official Dies in Colombia

BOGOTA, Colombia (AP) — Chase Osborn Oren, 66, retired superintendent of the Dow Chemical Co., Midland, Mich., died Wednesday night.

A U.S. Embassy spokesman said the cause of death was a heart attack. The body will be returned to Midland today for burial.

Since October, Oren and his wife Cora had been here for conferences he was conducting on factory management and maintenance for Colombian industries. The sponsors were the Colombian Industrial Institute and the U.S. Agency for International Development.

Police Chief to Retire in Grosse Pointe Dec. 24

GROSSE POINTE (AP) — Police Chief Thomas Trombly, 60, will retire on Christmas Eve after 37 years on the force, the last 26 years as chief.

Trombly, who has doubled as superintendent of public safety for seven years, has been on special extension since he reached 60, the mandatory retirement age, earlier this year.

Alleghany Corp. President Vacates Hard-Won Post

NEW YORK (AP) — Wealthy Texan John D. Murchison Jr. has given up the presidency of a $7-billion holding company 18 months after winning control in an epic proxy battle.

He stepped aside Thursday as head of Alleghany Corp., which controls Investors Diversified Services, a Minneapolis-based investment company complex, and the New York Central Railroad. He will remain as a director.

Murchison had taken over the er, Clint W. Jr., overthrew Allan P. Kirby, wealthy New Yorker, as chairman.

Elected by the Murchison-dominated board to succeed John was Bertin C. Gamble, Minneapolis businessman-financier.

Gamble two months ago bought nearly one-half of the Murchison group's holdings and has an option to buy more — perhaps all their remaining shares.

An enigma in the new alignment is Kirby, shy and stubborn at 70, who is Alleghany's largest single stockholder. He owns roughly one-third of the 9.8 million outstanding shares of common stock.

REFUSED OFFERS

Spurned by the Murchisons when they took over in May 1961, Kirby later refused offers of representation on the board, and feuding ensued, paralyzing corporate affairs.

★ ★ ★

Gamble, 64, is president of Gamble-Skogmo Inc., operator of 380 auto accessory stores and other enterprises, including General Outdoor Advertising Co.

He nursed along Investors Diversified Services in its infancy before selling control to Alleghany in 1949.

When Gamble appeared on the Alleghany scene in October, he talked hopefully of harmony and constructive accomplishment.

The harmony note was struck again by John Murchison Thursday. He appealed for support of Gamble by "all stockholders."

★ ★ ★

Billed as a "battle of millionaires," the Murchison-Kirby struggle of early 1961 caught widespread attention as one of the biggest financial fights since the 19th-century hayday of railroad and oil barons.

★ ★ ★

It erupted at one point into a hectic stock-buying spree unmatched in Wall Street since 1929. More than 940,000 Alleghany shares changed hands on a single day, April 4. It was the heaviest trading in a single issue in 32 years.

Alleghany common, which hit a 1962 low of $5.75 a share six months ago, has been gaining lately but still may be below the price paid by the Murchisons for the bulk of their holding.

★ ★ ★

Alleghany closed Thursday at $11.87 a share, up 62 cents a share.

The X-15, when flying at 3,000 miles an hour, makes noises like the popping and banging of an old stove. The sounds are caused by expansion and contraction of the plane's metal skin.

Mrs. Swainson Out of Lansing Hospital

LANSING (AP)—Mrs. Alice Swainson, wife of the governor, was released from the Lansing St. Lawrence Hospital yesterday after successful treatment for a collapsed lung, the executive office reported.

Mrs. Swainson entered the hospital a week ago Wednesday following a lung collapse the previous weekend. The lung was successfully reinflated, the executive office said.

The governor's wife has been ordered to rest by her physician before resuming normal activities.

Sweden Goes to Right Side

STOCKHOLM (UPI) — Sweden will switch to driving on the right of the road in 1967, leaving Britain the only European country still keeping to the left.

Representatives of the four major parties agreed yesterday to the government proposal.

★ ★ ★

The cost is estimated at $80 million.

The main argument in favor of change was simply when Swedes drive abroad and foreigners drive in Sweden.

ORDINANCE NO. 7

An Ordinance to regulate the erection, size, location and maintenance of signs, to provide for performance bonds and inspection and erection fees and to provide penalties for the violation of said ordinance.

The Township of Springfield, Oakland County, Michigan, Ordains:

SECTION 1. Short Title.

This ordinance shall hereafter be known and may be cited as the Springfield Township Sign Ordinance.

SECTION II. Definitions.

(a) Erect. As used herein, erect shall mean to build, construct, attach, hand, place, suspend or affix.

(b) Person. As used herein, person shall mean and include any individual, firm, partnership, association, corporation, company or organization of any kind.

(c) Sign. As used herein, sign shall mean any announcement, declaration, demonstration, display, illustration or insignia designed to attract public attention.

1. Display Sign. As used herein, a display sign is a structure or device that is arranged, intended, designed or used as an advertisement, announcement or direction.

2. Ground Sign. As used herein, ground sign shall mean a display sign supported by uprights or braces in or upon the ground surface.

3. Marquee Sign. As used herein, a marquee sign shall mean a display sign attached to or hung from a marquee, canopy or other covered structure projecting from and supported by the building and extending beyond the building wall, building line or street lot line.

4. Projecting Sign. As used herein, a projecting sign shall mean a sign which is affixed to any building or structure other than a marquee and any part of which extends beyond the building wall.

5. Temporary Sign. As used herein, a Temporary Sign shall mean a display sign, banner or other advertising device constructed of cloth, canvas, fabric, or other light temporary material, with or without a structural frame, intended for a limited period of display; including decorative displays for holiday or public demonstrations.

6. Wall Sign. As used herein, a wall sign shall mean a display sign which is attached directly to the building wall.

(d) Surface. As used herein, surface shall mean that part of a sign upon, against, or through which the message is displayed or illustrated.

(e) Total Surface Area of Sign. As used herein, total surface area of sign shall mean the sum total of all exterior surfaces of the sign computed in square feet. In the case of a broken sign (a sign with open spaces between the letters) the total surface area shall be measured by multiplying the height of the individual letters or combination of letters by the distance between the outer edges of the two furthermost letters.

SECTION III. General Provisions for Signs.

(a) No sign shall be erected which projects into any street right of way or other public property.

(b) No sign shall be erected which exceeds fifteen feet in height above the established grade.

(c) No flashing sign shall be erected within three hundred feet of any dwelling located in areas designated as Residential District as defined and set forth in the Springfield Township Zoning Ordinance.

(d) No sign shall be erected within three hundred feet of any railroad or highway intersections.

(e) No sign shall be permitted which interferes with highway sight distances or which might be confused with traffic control devices.

(f) No signs of any kind will be permitted with the street or highway right of way, except those erected by a public authority.

(g) No sign shall exceed Five Hundred square feet total surface area.

SECTION IV. Special Requirements for Signs Permitted in Residential Districts.

(a) Signs permitted in those areas of Springfield Township defined and designated in the Springfield Township Zoning Ordinance as Residential Districts shall meet the following special requirements.

1. No sign shall be permitted except the following:

A. One unlighted sign not larger than six square feet total surface area pertaining to the sale, or rental of the real property upon which the sign is located. No such sign shall be located closer than ten feet to any adjoining premises, nor closer than twenty five feet to any street or highway right of way line.

B. One unlighted wall sign of not larger than two square feet total surface area giving the name of the occupant and his profession or business.

C. One bulletin board of not larger than twenty square feet total surface area, for charitable, educational or religious institutions, provided the same is located on the same premises with a building owned or occupied by such institution. Such bulletin board may be illuminated provided the source of light is not visible.

D. Two utility signs not larger than two square feet total surface area, each denoting "Entrance" and "Exit" if necessary for that purpose.

SECTION V. Special Requirements for Signs Permitted in Agricultural-Residence Districts.

(a) Signs permitted in those areas of Springfield Township defined and designated in the Springfield Township Zoning Ordinance as Agricultural-Residence Districts shall meet the following special requirements:

1. No sign shall be permitted except the following:

A. One unlighted sign not larger than twenty square feet total surface area pertaining to the sale, rental or identification of the real property upon which the sign is located. No such sign shall be located closer than ten feet to any adjoining premises, nor closer than twenty five feet to any street or highway right of way line.

B. All signs permitted in those areas of Springfield Township defined and designated in the Springfield Township Zoning Ordinance as Residence Districts.

C. One unlighted sign not larger than one hundred square feet total surface area pertaining to the sale of commodities raised upon the premises upon which the sign is located. No such sign shall be located closer than ten feet to any adjoining premises nor closer than twenty five feet to any street or highway right of way line. Prior to erecting any such sign, the person owning and the person occupying the real property upon which the sign is to be located and the person who is to erect the sign shall make application to the township clerk upon a form to be furnished by the township for a sign permit. If such application shall be properly filed with him, the township clerk shall issue a sign permit upon being paid the erection-inspection fee of two dollars for each sign. No such sign shall be erected without any such permit.

SECTION VI. Special Requirements for Signs Permitted in Commercial Districts.

(a) Signs permitted in those areas of Springfield Township defined and designated in the Springfield Township Zoning Ordinance as Commercial Districts shall meet the following special requirements:

1. No sign shall be permitted except the following:

A. All signs permitted in those areas of Springfield Township defined and designated in the Springfield Township Zoning Ordinance as Residence Districts.

B. Signs pertaining to the business located on the premises upon which the sign is situated. Such signs shall not be larger than five hundred square feet total surface area and shall not be located closer than fifty feet to any street or highway right of way line.

C. Ground Signs. Provided such signs shall not be larger than five hundred square feet total surface area and shall not be located closer than fifty feet to any street or highway right of way line.

D. Prior to erecting any such sign, the person owning and the person occupying the real property upon which the sign is to be located and the person who is to erect the sign shall make application in writing to the township clerk, upon a form to be furnished by the township for a sign permit. If such application shall be properly filed with him the township clerk shall issue a sign permit upon being paid the erection-inspection fee of Ten Dollars for each sign, and upon receipt by him of a cash performance bond, as hereinafter defined, in an amount equal to twenty five cents for each square foot of total surface area.

SECTION VII. Special Requirements For Signs Permitted in Manufacturing Districts.

(a) Signs permitted in those areas of Springfield Township defined and designated in the Springfield Township Zoning Ordinance as Manufacturing Districts shall meet the following special requirements:—

1. No signs shall be permitted except the following:—

A. All signs permitted in those areas of Springfield Township defined and designated in the Springfield Township Zoning Ordinance as Residence Districts.

B. Signs pertaining to goods manufactured and services supplied on the premises where the sign is located. Such signs shall not be larger than five hundred square feet total surface area and shall not be located closer than fifty feet to any street or highway right of way line.

C. Prior to erecting any such sign the person owning and the person occupying the real property upon which the sign is to be located and the person who is to erect the sign, shall make application in writing to the township clerk, upon a form to be furnished by the township for a sign permit. If such application shall be properly filed with him, the township clerk shall issue a sign permit upon being paid the erection-inspection fee of ten dollars for each sign, and also upon the receipt by him of a cash performance bond, as hereinafter defined, in an amount equal to twenty five cents for each square foot of total surface area.

SECTION VIII. Special Requirements for Signs Permitted in Trailer Coach Park Districts.

(a) Signs permitted in those areas of Springfield Township defined and designated in the Springfield Township Zoning Ordinance as Trailer Coach Park District shall meet the following special requirements.

1. No signs shall be permitted except the following:—

A. Signs which advertise the facilities available on the premises on which the sign is located. Such signs shall not be larger than two hundred square feet total surface area and shall not be located closer than twenty five feet to any street or highway right of way line.

B. Prior to erecting any such sign, the person owning and the person occupying the real property upon which the sign is to be located and the person who is to erect the sign shall make application in writing to the township clerk, upon a form to be furnished by the township, for a sign permit. If such application in writing shall be properly filed with him, the township clerk shall issue a sign permit upon being paid the erection-inspection fee of ten dollars for each sign, and also upon the receipt by him of a cash performance bond, as hereinafter defined, in an amount equal to twenty five cents for each square foot of total surface area.

SECTION IX. Special Requirements For Signs Permitted in Gravel, Sand Districts.

(a) Signs permitted in those areas of Springfield Township defined and designated in the Springfield Township ZONING Ordinance as Gravel, Sand Districts shall meet the following special requirements.

1. No sign shall be permitted except the following:—

A. Signs pertaining to the business located on the premises upon which the sign is situated. Such signs shall not be larger than four hundred square feet total surface area and shall not be located closer than fifty feet to any street or highway right of way line.

B. Prior to erecting any such sign the person owning and the person occupying the real property upon which the sign is to be located and the person who is to erect the sign shall make application in writing to the township clerk upon a form to be furnished by the township for a sign permit. If such application shall be properly filed with him, the township clerk shall issue a sign permit upon being paid the erection-inspection fee of ten dollars for each sign and also upon the receipt by him of a cash performance bond, as hereinafter defined, in an amount equal to twenty five cents for each square foot of total surface area.

SECTION X. Special Requirements For Signs Permitted in Recreation Districts.

(a) Signs permitted in those areas of Springfield Township defined and designated in the Springfield Township Zoning Ordinance as Recreation Districts shall meet the following special requirements.

1. No signs shall be permitted except the following:—

A. Signs pertaining to the facilities located on the premises on which the sign is situated. Such signs shall not be larger than two hundred square feet total surface area and shall not be located closer than twenty five feet to any street or highway right of way line.

B. Prior to erecting any such sign, the person owning and the person occupying the real property upon which the sign is to be located and the person who is to erect the sign shall make application in writing to the township clerk, upon a form to be furnished by the township for a sign permit. If such application shall be properly filed with him the township clerk shall issue a sign permit upon being paid the erection-inspection fee of ten dollars for each sign and also upon the receipt by him of a cash performance bond, as hereinafter defined, in an amount equal to twenty five cents for each square foot of total surface area.

SECTION XI. Sign Permits.

(a) The sign permits referred to in this ordinance shall be issued by the township clerk and shall be valid for a period of two years from date of issuance. At any time within thirty days prior to the expiration date of such permit, the permit may be renewed upon written application filed with the township clerk upon renewal sign permit application forms to be furnished by the township. If such renewal application shall be properly filed with him the township clerk shall issue a renewal sign permit upon being paid the required erection-inspection fee for such sign and upon the receipt by him of the cash performance bond required for such sign.

SECTION XII. Cash Performance Bond.

(a) The cash performance bond referred to in this ordinance shall consist of currency of the United States of America in an amount hereinbefore in this ordinance specified, together with the written undertaking by the person owning the property upon which such sign is to be located, the occupant of the property upon which the sign is to be located and the person erecting the sign, that they jointly and severally will abide by all the terms and provisions of this ordinance, will keep the sign in good condition and repair and upon termination of the sign permit for any reason will forthwith at their own cost, remove said sign. Such undertaking shall further provide that upon any default of the parties in such undertaking, the township board may cancel the sign permit and/or forfeit the cash performance bond, and if the sign be not removed forthwith, the township board may have the same removed and the parts and materials disposed of in any way possible without liability to the township board or any one acting in its behalf in so removing and disposing of such sign.

SECTION XIII. Penalties.

Any person or anyone acting on behalf of any person, violating any of the provisions of this ordinance shall upon conviction thereof be subject to a fine of not more than one hundred dollars or to imprisonment in the county jail for a period of not more than thirty days or both, such fine and imprisonment in the discretion of the court Each day that a violation of this ordlinance is continued or permitted to exist without compliance shall constitute a separate offense punishable upon conviction in the manner prescribed in this section.

SECTION XIV. Existing Signs.

All signs erected and located in Springfield Township prior to the effective date of this ordinance shall comply with the terms and conditions of this ordinance within two years from the said effective date of this ordinance. Changes or alterations in existing signs shall be immediately subject to the provisions of this ordinance.

SECTION XV. Validity.

(a) Should any section, clause or provision of this ordinance be declared by the courts to be invalid, the same shall not effect the validity of the ordinance as a whole, or any part thereof other than the part so declared to be invalid.

SECTION XVI. Effective Date.

(a) The provisions of this ordinance shall be effective the 15th day of January, A. D., 1963.

JOHN L. CAREY,
Springfield Township
Supervisor
OSCAR R. WALZ,
Springfield Township Clerk

I, Oscar R. Walz, Springfield Township Clerk, hereby certify that the foregoing Ordinance was duly adopted by the Springfield Township Board at a regular meeting of said board held on Wednesday, December 5, 1962. I further certify that the names of the members of the township board voting on said ordinance were as follows: Carey, Miller, Walz, Walters and Rundell.

I further certify that the vote on said Ordinance was as follows:—

AYES: Carey, Miller, Walz, Walters and Rundell.

I further certify that said Ordinance was published in The Pontiac Press on the 14th day of December, 1962.

OSCAR R. WALZ
Springfield Township Clerk

Kettering's GAA Girls Something to 'Flip' Over

By BARBARA SECAN

Look out for those Waterford-Kettering GAA girls, fellas! You're liable to flip over them; literally.

At a program Monday night two Judo instructors gave a demonstration of some skills that can be used defensively for women who are often alone.

Among the tactics were lessons in flips and falls. During the lesson Lynne Johnston, Pat Kizer, Nancy Redmond, Sandy Fauble, and Miss Jacqueline Puhl actually had the opportunity to test their abilities in using judo techniques on one of the 200-pound instructors.

A business meeting of the GAA Letter Club followed, at which time chairmen for future activities were selected. Refreshments of punch and cookies were then served in the cafeteria.

One of the most interesting personalities around school, Roger Johnson, spoke Tuesday at the Literary Club on the topic "Africa."

Johnson, who spent two years in that country, is presently a teacher of chemistry and physiology at Waterford-Kettering.

While at a mission school he also taught chemistry and biology to the Africans.

His account of his valuable and worthwhile experiences delighted all who attended.

★ ★ ★

Monday marked the end of the senior candy sale. For the past week those seniors, who plan to go on the annual senior trip, have been wearing out their shoes selling candy.

ADDED TO FUND

For each $1 box sold, the individual gets a profit of 35 cents to be added to his trip fund. In order to pay for the trip it is necessary to sell 137 boxes.

Those who did not reach their quotas will make up the difference in cash.

This year the class of '63 will journey to Mackinaw Island, the last weekend in May.

Working diligently after school and throughout study halls has been required of members of "The Navigator" staff lately.

Duward Chaffee, faculty adviser, announced recently that the Christmas issue of the paper will contain many added attractions for the holidays and will appear in dazzling red and green.

Boasting Christmas verse and trimmings, "The Navigator" will be distributed in homerooms next Friday. A surprise feature will also appear in a two-page insert in the paper.

WTHS Skiers Cheer Heavy Fall of Snow

BY LIZ VENIE

Last week's heavy snowfall was greeted with cheers by the skiers of Waterford Township High School, who had been discouraged by the previous balmy weather.

Following a business meeting, novices and experts alike headed for the slopes of Mt. Holly.

Sponsored by Stu Thorell, physical education instructor and head football coach, the Ski Club elected Jane Tripp, president; Fred Finkbeiner, vice president; Marilynn Ott, secretary; and John Crary, treasurer.

Many faculty members join students from all classes each Wednesday, weather permitting, to enjoy skiing.

Waterford debaters hosted a debate tournament this week with squads from Waterford - Kettering, Southfield, Pontiac Northern, Walled Lake and Farmington.

The topic for the teams this year is, "Resolved, The United States should join in forming a common market among nations in the Western Hemisphere."

WIN 3 OF 4

Coached by Gil Bergsrud, WTHS speech instructor, the negative squad has won three of four debates, winning two state and one Inter - Lakes debate. Pat Owens and Don Webster make up the negative.

Adding a touch of Christmas to the halls of Waterford is the corsage sale. Made by members of the French Club, the corsages are sold during each lunch hour for 70 cents.

Proceeds from this sale will aid in the French Club's gifts to their adopted family in France.

Sixty-three seniors and juniors took the Michigan Mathematics Prize Competition tests on Thursday.

The purpose of this test is to find talented math students for scholarships to colleges and industry.

Students in Al Pavlish's physical science classes took an airplane trip at the Pontiac Municipal Airport last weekend, concluding their study of aviation.

Purpose of the trip was to see how a plane is controlled and to understand the action of the many instruments in the cockpit of a plane.

Getting Ready for Christmas at St. Fred's

By SHEILA LANE

The St. Frederick's High School student council is busily preparing for the coming holiday of Christmas and a drive designed to furnish funds which will back plans for the new year.

The student council officers are President Tim Dalton; Vice President Sheila Lane; Secretary Margie Dawson; and Treasurer, Jim Girardot.

They have announced that the members of SC will sponsor the annual Christmas basket drive this year.

The students will bring canned goods or donations which they will offer next Wednesday at morning Mass.

The offerings will then be placed in individual baskets and distributed to various families by SC members.

St. Michael Hears Race Topics Talk

By WILLIAM O'NEILL

Samuel Jones, executive director of the Pontiac Urban League, was scheduled as guest speaker at the Saint Michael High School assembly, today.

Timely topics on Race Relations and the Negro's contributions to American culture were to be discussed by the speaker.

An old Christmas custom, the Advent wreath, seems to have caught new life this year at St. Michael's.

This custom, a simple yet dramatic ritual of Christian symbolism, is carried out during the four weeks preceding Christmas.

On Thursday and Friday, the St. Michael students will be hosts to two Sisters of Saint Joseph, Sister Mary Jude and Sister M. Laurentia who will visit the classes throughout the school.

Pontiac Press Photo

NIK'S TRICK — Soviet Premier Khrushchev added a new way of gaining an audience's attention to debating tricks when he pounded a shoe on his desk at the United Nations. Here Pontiac Central debater Dick Taylor of 54 Mohawk Road (right) finds it works. With him are (from left) debaters Carol Chappell, 297 Starr Ave.; Robert Sullivan, 250 Pioneer Drive, and Carol Jo Godoshian of 25 Draper Street.

Coach Has Hopes of Finishing on Top

By JANE BIGLER

Debaters from Pontiac Central High School are holding second place in the Saginaw Valley Conference tournament midway in the season.

The national topic for debaters this year is "Resolved: the United States should join in forming a common market of the Western Hemisphere."

Varsity debaters this year are Carol Chappell, Carol Jo Godoshian on the negative side and Robert Sullivan and Dick Taylor for the affirmative side.

Second- and third-team debaters are Chris Carlson, Jim Embree, Carolyn Morris, Joanne Quince, Larry Ragsdale, Lenore Schoonover, Beverly Ulman and Gary Wright.

Speech instructor Walter Smith has coached Central's debate teams for the past 10 years. In the past five years Pontiac Central has won four conference championships and one second place.

Each participating school enters three afirmative teams and three negative teams in a Saginaw Valley tournament. A varsity team victory counts two points and a second-or third-team victory counts two points.

★ ★ ★

Coach Smith has high hopes of winning a first-place banner this year. Final debates will be held later this month and through January.

In order to perfect their skills Central's debaters practice their techniques for various English and social studies classes in the school.

In other news, the annual Community Christmas Concert will be presented Sunday afternoon at 3 p. m. in Pontiac Central's gymnasium.

The concert will be open to the public and free of charge.

Firemen from the Pontiac Fire Department presented assemblies this week on lifesaving through mouth-to-mouth resuscitation.

Demonstrations were also given in the physical educational classes and everyone was given a chance to practice on a mannequin called "Rescue Annie."

A movie of the Chicago school fire of a few years ago also was presented.

PNH to Honor Foreign Student

'Leslie Seymour Day' Tuesday at School

By SUSAN KILLEN

"A pip - pip, and a cheerio," will be heard throughout Pontiac Northern High School on Tuesday. The reason?

Tuesday, Northernites will be celebrating "Leslie Seymour Day."

Leslie is our foreign exchange student from the British Isles, and one of the special conditions set for this day will be the use of appropriate British sayings.

★ ★ ★

Much is planned for this day which, beside being Leslie's birthday, will also give Northern a day to properly honor and greet her.

Students will attire themselves in Sunday best, suits or dresses and heels for girls, and sport coats or suits and ties for the boys.

TRAFFIC ON LEFT

Traffic in the hall will be channeled on the left as city traffic is done in England. Students will rise at the beginning of class as is done in European schools, to honor the teacher.

Even a special menu will be prepared in the cafeteria. It will will include some of Leslie's favorite foods, and will be available to all who wish it.

Leslie, who is living as Mary Jane Hoisington's "sister," will finally be honored at an assembly planned especially in her behalf.

★ ★ ★

Tempers may have flared, but things are back to normal after the annual faculty - senior basketball game on Tuesday. The teachers won it, 33-27 but not without a nip-and-tuck battle.

The students paid 25 cents admission, and part of this will go to the American Field Service Club to aid in bringing Northern's next foreign exchange student.

Roundup of Doings at County Schools

W. BLOOMFIELD

By LOUELLA ELYS

The annual Christmas concert at West Bloomfield High School was presented Wednesday with Merlin Asplin directing the choir and Donald Perrin directing the band.

★ ★ ★

The Boys Trio, consisting of John Kern, Bob Haviland, and Chuck Schenck, sang "We Three Kings of Orient Are."

The triple trio, which includes Pat Saules, Jan Clark, Nancy Brown, Gail Murphy, Kay Patton, Irene Santia, Sue Simpson, Kristina Morrison, and Sue Middleton, along with the seventh and eighth grade choruses took part in the concert.

"The Story of Christmas" was sung with solos by Kathy Wood, Ken Victor, and Bob Haviland.

After the choir had sung "Hark All the Bells" the Boys Quartet—John Kern, Bob Haviland, Jim Lawson, and Mike McInally sang "Deck the Halls" and "O Come, All Ye Faithful."

★ ★ ★

The Business Club has selected its officers — President Jeanette Cradle; Vice President June Wilkinson; Secretary Ginny Fagen; Treasurer Joyce Myers.

★ ★ ★

The club has again taken over the publication of the school magazine, "The Weblo." Members elected Donna Bradburn as editor with Charlene Watkins as the assistant.

The dramatics club of West Bloomfield established a precedent.

On Monday morning, it presented the play "Through a Glass, Darkly," which has previously been written up in The Pontiac Press, to grades 9-12.

To all appearances it was a successful experiment, and there are hopes that these endeavors will be continued.

OXFORD

By SHARON MANN

Next Tuesday night is an important night for music lovers in Oxford.

The Oxford High School choir along with both choirs from the seventh and eighth grade will present their annual Christmas concert.

This year's concert will open with "Three Christmas Scenes" sung by the high school choir. The choir will also sing "Gloria in Excelsis," "Mistletoe," and other selections.

The seventh grade choir will sing the old favorite, "The Holly and the Ivy" along with "Merry, Merry Christmas" and other traditional numbers.

★ ★ ★

Also included in the concert will be the eighth grade choir singing "Go Tell It on the Mountain." The choir will also sing "Christmas Child" with the high school choir.

As in past concerts, the alumni will be asked to join with the high school choir in ending the concert with the "Hallelujah Chorus."

The concert will begin at 8 p.m. in the Oxford High School Auditorium. There is no admission charge.

Other School News Throughout the Week

TROY

By CHRISTINA OLSON

Troy High School yearbooks went on advance sale this week.

The editor, David Lindquist, and members of his staff, have provided several new features that will appear in the 1963 book.

There will be a "Buildings and Campus" section, featuring aerial views taken especially for the yearbook, and other campus views of selected architectural importance.

With the cooperation of the Camera Club the '63 yearbook will present more "Candid Camera" shots of students and faculty than any previous "Gladiators."

★ ★ ★

The Metropolitan Debate team meets Cranbrook at Cranbrook today. This is the second round of debates for Troy.

David Morningstar and Ronald Holcomb comprise the first unit, affirmative. First unit, negative, consists of Richard Sjolander and James Caulfield.

The second unit, affirmative, includes Marcia Smith and Christina Olson. Joann Lauck and Lynn Makela make up the second unit, negative.

A Suburban League debate tournament will be held at Troy on Dec. 19. They will begin at approximately 3 p.m.

The annual Christmas concert at Troy will be next Thursday.

Performing will be the choir and chorus under the direction of Mrs. Marlene Johnson. The symphonic and concert bands under instructor Victor Bordo.

★ ★ ★

The choir, chorus, and symphonic and concert bands will perform individually. The highlight of the program will be the Hallelujah Chorus from the "Messiah" by Handel.

WALLED LAKE

By ANN SALO

Walled Lake High School's music department will present two Christmas programs on Dec. 19 and 20.

On the earlier date, three of the music organizations will give their yearly program to the school during second and sixth hours.

Included in the entertainment will be group-singing of favorite Christmas carols by all students.

The band, directed by Helmut Holland Moritz will play three compositions illustrating varying degrees of yuletide spirit.

Then, under the direction of Alexander Zerban, the girls glee club will sing four numbers from "A Ceremony of Carols" by Benjamin Britten, and the boys glee club will sing Christmas spirituals.

★ ★ ★

On Dec. 20, Walled Lake High will present its annual "Christmas gift" to the community starting at 8 p.m.

At this time, on the night of the regularly scheduled PTA meeting, the choir and orchestra will give their Christmas program.

The orchestra will begin the program by playing "A Suite of Carols" by Leroy Anderson.

The public is invited to attend this presentation, and there will be no charge for admission.

Student at Cranbrook Wins National Award

For the third time in four years, Cranbrook School can boast a national winner in the National Council of Teachers of English annual Achievement Awards competition.

Charles A. Bigelow, son of Mrs. Wales Bigelow of Birmingham, has been named a winner in the NCTE competition.

Winning awards for excellence in creative writing is not new to Bigelow, this year's editor of "Opus," Cranbrook's literary magazine.

Elect Officers at Emmanuel

By CAROL ARMBRUSTER

Election banners have come down, and the results for student body officers are in at Emmanuel Christian School.

Elected as president was Ray Badgero vice president, Ralph Wingate; secretary, Gloria Clarno; treasurer, Mary Miller; and sergeant - at-arms, Harold Nichols.

The election held Tuesday was unique in that a voting machine was used. Seventh graders through seniors voted.

The success of carrying out the election can be attributed to the work of an election committee, headed by Margaret Best, chairman.

The representatives from each grade included, Tom Anthony, Ray Badgero, Leta Burton, Gloria Clarno, Skip Harrington, Mike Hickmott, Cheryl Jackson, Terry Mayer, Terry Martin, Ron Stafford, Randy Vaughn, Kathy White and Ralph Wingate.

The purpose of the committee was to determine qualifications necessary for each office, to compile campaign rules, and to take care of other details pertaining to the election.

Petitions were circulated several weeks ago to obtain the signatures necessary for candidacy.

An assembly program was held at which the candidates for the various offices presented their speeches to the student body. Following the speeches, Miss Virginia Bilbrey, instructor, related the committee's work.

Pontiac Press Photo

CONGRATULATIONS—Emmanuel Christian High School's new student body president Ray Badgero (left) is congratulated by his opponent, Tom Anthony of 1910 Airport Road, Waterford Township, on his victory. Badgero resides at 225 Lake Street, Lake Orion. Both are seniors. Voting machine used in election is in the background.

Clarkston Skiers Await 1st Outing

BY JANET TISCH

With the first snowfall of the year promising good skiing conditions, Clarkston High School's Ski Club is anxiously anticipating its first ski outing of the year.

Approximately 90 students attended a recent meeting of the organization, where officers were elected, dues paid, and the year's schedule planned.

Elected as officers were Blair Bullard, president; Mike Turek, vice president; and Cricket Embry, secretary treasurer.

This past week the sophomore class ordered its class rings.

The Clarkston High School debating team gained a split in its first encounters last week. The affirmative team of David Pylman and Ron Fusilier were topped by a well prepared Brighton team.

However the negative duo of Roger Pearson and Eric Lausten won its match with Milford.

ACADEMIC TESTS

Differential Aptitude Tests were administered to the freshman class Thursday of last week and last Monday.

These tests are designed to measure students' strengths and weaknesses in certain academic areas.

Two Clarkston senior girls were selected as the first Clarkston High School winners of the annual Junior Miss pageant.

Marcia Booth was selected as runner-up and Janet Tisch as Junion Miss.

Both girls were awarded trophies by Clarkston Jaycee members who sponsored the pageant.

Honor Society's Drive Yields $300 at Lake Orion

By JANIE BANKERT

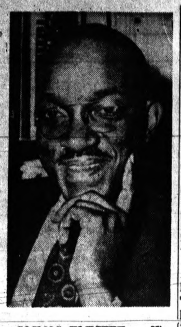
The calendar of events at Lake Orion High School has been crowded with activity this week.

The National Honor Society went toy shopping on Monday. Having collected $300 in their Thanksgiving Basket Drive, members are using some of the money to play Santa to needy children.

Topping the week is the Thespian Society's Christmas production of "The Old Lady Shows Her Medals," which was presented last night and will be given again tonight.

Admittance is by invitation only and will be followed by a silver tea.

Potential Race Upheaval Clouds Alabama



COSMOS ELECTEE — Historian John Hope Franklin is the first Negro elected to the exclusive Washington, D.C., Cosmos Club, embroiled earlier this year in a discrimination controversy.

Tea production in Nyasaland this season is expected to top 1950's total by nearly three million pounds and to set a new record for the crop.

BACKGROUND OF THE NEWS — AP SPECIAL REPORT

BIRMINHGAM, Ala. (AP)—Dark clouds of potential racial upheaval are gathering again on Alabama's horizon, but this time there is a groundswell of public resistance to violence.

Responsible groups and high state officials, shaken by the bloodshed and disorder at the University of Mississippi, are making public proclamations for law and order.

★ ★ ★

Focal point of the current threat is the University of Alabama at Tuscaloosa where three Negroes have applied for admission. Whether they will attend classes is problematical, but the prospect of desegregating the white institution has engendered a host of "law and order" resolutions.

Heretofore, it has been political suicide in Alabama even to suggest that the state yield to integration edicts, either by law or court order.

CITIZEN ARMY

This doesn't mean that Alabama has surrendered. The No. 1 man, Gov.-elect George C. Wallace, pledged that he will prevent integration by whatever means necessary. It has been reported reliably that as one measure, the incoming governor will recruit a citizen's army—apart from the National Guard—and arm it "to protect states' rights."

★ ★ ★

In a speech in Birmingham, Wallace said he intended to test certain laws, indicating he would go to jail if necessary.

★ ★ ★

Alabama's modern history of integration attempts is replete with violence, ranging from burning a "Freedom Riders" bus to an attack on two Negroes who sat in a section usually reserved for white persons in Birmingham's Legion Field at the Georgia-Alabama football game.

There have been—and still are—peaceful integration attempts. Few have succeeded. Birmingham closed most of its public recreational facilities in the face of a federal court order to desegregate.

But since James H. Meredith entered the University of Mississippi, there have been signs in Alabama that the people are willing to fight the battle in the courts.

EDITORIAL STAND

The Birmingham News, Alabama's largest newspaper, was the first to speak out editorially after the Mississippi riots. The News deplored the violence and called on state officials to prevent it in Alabama.

Since then, there have been these developments:

Oct. 20: The Decatur Daily asked Wallace supporters to urge him to change his plans to follow Mississippi Gov. Ross Barnett's course.

Oct. 23: The Tuscaloosa News reported a group of businessmen resolved to seek law and order and leave the integration fight to the courts.

Oct. 31: Frank A. Rose, president of the University of Alabama, said he had assurance from Gov. John Patterson and Wallace for state help in maintaining law and order.

Oct. 31: Lt. Gov.-elect James B. Allen said the Mississippi situation "is a sad picture we don't want for our state."

Nov. 6: University trustees expressed determination that law and order must be maintained.

Nov. 10: University Alumni Council, official voice of 60,000 University of Alabama alumni, supported the trustees.

Nov. 13: University confirmed it hired private detectives to protect Mel Meyer of Starkeville, Miss., author of controversial editorials in the student paper. Meyer had written: "By all legal rights a Negro is entitled to attend a Southern university."

Nov. 14: University faculty adopted a law and order resolution.

Nov. 30 Atty. Gen.-elect Richmond Flowers said he will use "the full powers of influence of my office to prevent riots or bloodshed." He said his views were not in conflict with Wallace, and that he would call on the best legal minds in the state to fight any suits stemming from Negroes seeking admission to the University.

Dec. 3: Birmingham ministers adopted "goodwill" resolution.

Dec. 3: State Democratic Chairman Reya May told Birmingham Young Men's Business Club that he favors enforcing the law even if it means integration. He called for "a calm, restrained leadership."

Dec. 7: University of Alabama student legislature unanimously announced support of the trustees and school officials in their stand for law and order.

★ ★ ★

Another "law and order" resolution, from the Florence-Lauderdale County Ministerial Association, prompted Wallace to say that such resolutions were aimed at the wrong persons. He said they should be directed to Dr. Martin Luther King Jr., chairman of the Southern Christian Leadership Conference, and other pro-integration groups.

The state's residents well remember when Autherine Lucy tried to attend the university six years ago. She attended five classes, becoming the first Negro to enter the 135-year old institution. Then the university removed her for her own protection after a day of violence.

★ ★ ★

A federal court ordered that she be readmitted, but the university expelled her because she accused school officials of conspiring with the mob. The judge upheld the expulsion.

6.95 to 25.95

Six Collegians to Go Abroad in Farm Swap

EAST LANSING (AP) — Six farm-reared Michigan college students will live and work with farm families abroad next year, Michigan State University has announced.

★ ★ ★

The students — five from MSU and one from Western Michigan University — have been chosen Michigan's International Farm Youth Exchange delegates for 1963.

The countries in which they will live will be announced next year, the university said.

The five MSU students are Lynn Munson, 22, Ithaca; Thomas Thornborn, 21, Mason; Alice Bonomo, 22, Vandalia; Tarry Edington, 20, Grand Ledge; and Jack Morse, 20, Bellevue.

★ ★ ★

The Western Michigan coed is Charlotte Webster, 21, of Hillsdale.

'You're Hereby Ordered to Celebrate Dec. 25'

BRISTOL, Conn. (UPI) — Republican town chairman Burton Carlson's Christmas party for the town committee is sure to be well attended.

Carlson said he invited the committee's 42 members by sending them subpoenas.

Byblos, in Lebanon, which gave its name to the Bible, is now a fishing village of about 1,000 population.

Crash Suits Tops $30 Million

NEW YORK (UPI)—Suits totaling more than $30 million resulting from the crash of two airliners over New York City nearly two years ago were filed yesterday against the federal government and the airlines.

The tragedy, one of the worst in aviation history, occurred Dec. 16, 1960 when a United Air Lines jet collided with a Trans World Airliner over Staten Island.

The 41 suits representing various survivors and estates charged that the government and the airlines were negligent and careless in the operation of the planes.

Additional suits were expected to be filed today and Monday. Under the statute of limitations, the suits must be filed within two years of the accident. Since the anniversary date falls on Sunday, the final day for filing suits will be Monday, Dec. 17.

The largest single suit filed yesterday was for $5 million in the death of Jonas Kamlet, a New York chemist.

Macmillan Heading for De Gaulle Talks

LONDON (UPI)—Prime Minister Harold Macmillan flies to Paris today dor a weekend of talks with President Charles de Gaulle aimed at easing British entry into the European Common Market.

The talks, at de Gaulle's Rambouillet Palace near Paris, are expected to range far beyond the Common Market to encompass East-West relations in general. In this sense, they were seen as a prelude to Macmillan's meeting next week with President Kennedy.

But the turbulent negotiations over Britain's entry into Europe are expected to top the agenda. Reports from Paris have suggested that de Gaulle is willing to have a deep discussion on this issue.

★ ★ ★

De Gaulle is generally rated here as the main obstacle to British membership in the market.

JFK to Reveal Tax Details

WASHINGTON (AP) — Amid powerful new urgings for a big tax cut next year, President Kennedy travels to New York to deliver a major speech tonight which he promised would give some details of the tax program he will propose to Congress.

The President will address the Economic Club of New York at 8:30 p.m. (Pontiac time) and then for 30 minutes will field questions fired from the floor.

★ ★ ★

Both the speech and the question-and-answer period will be taped for broadcast later on radio and television.

The President got some strong support Thursday for a 1963 tax reduction—a plan that has run into opposition from some key congressional leaders.

CALLED FOR CUT

The business-financed Committee for Economic Development called for a $6-billion income tax cut with the greatest benefits going to high-income bracket individuals and corporations.

In a formal policy statement the committee also urged a second and later reduction of $5 billion—if Congress and the administration can hold federal spending at present levels.

★ ★ ★

This tax package, the CED said, would lead to "higher rates of production, employment, investment and growth."

It declared that although the immediate result of the tax changes might be larger budget deficits, the long-term result would be budget surpluses because the government would bring in greater revenue from a speeded-up economy.

'MARXIST' FEATURES

Frazer B. Wilde, chairman of the CED subcommittee that studied the tax question for nearly a year, contended the proposals would help eliminate what he described as "Marxist" features of the tax system.

Wilde, chairman of the Connecticut General Life Insurance Co., criticized what he called "the terrible negativism of an excessively Marxist personal income tax structure."

★ ★ ★

Here is how the first stages of the CED's proposed tax program which it said should be retroactive to Jan. 1, 1963, would work:

All individual income tax rates would be reduced at least 8 per cent and the maximum rate would be reduced from 91 per cent to 70 per cent.

The present 52 per cent corporate income tax rate would be cut to 47 per cent.

$2-BILLION BENEFIT

Individuals in the lowest bracket would receive $2 billion of the $6 billion of tax benefits, the CED's economists estimated. Tax payments by corporations and higher-bracket individuals would be reduced by $2 billion each.

Ladd Plumley, president of the U.S. Chamber of Commerce, said reduction of tax rates and restraint in federal spending are next year's two top economic priorities.

★ ★ ★

In a Hartford, Conn., speech, Plumley renewed the chamber's call for reductions of $8 billion to $9 billion a year.

"Our proposals for income tax rate reductions were not advanced in the panicky fear that recession was upon us," said Plumley in his prepared talk to the Connecticut Chamber of Commerce, "but in the sound conviction that the present period of slow economic growth was an excellent time to enact a long-overdue change in our tax structure."

Kennedy told his news conference Wednesday that despite some congressional opposition he was going ahead with his plans to ask for a tax cut effective in 1963. He said he would offer some definite proposals in his speech tonight.

Ever serve Viennese coffee? Use freshly brewed strong coffee and pour into cups; add a dollop of whipped cream and pass the sugar. Use ¼ to ⅓ cup heavy cream (whipped) for four regular-size cups of the coffee brew.

500 There to Guard Meredith

GIs on 'Occupation' Duty at Ole Miss

OXFORD, Miss. (UPI) — Whatever the official military designation, American soldiers are on occupation duty at the University of Mississippi.

★ ★ ★

The scene is a typical college town in the southern United States, except that armed troops give it the appearance of a foreign land.

There are sentries and field tents. Fraternization is forbidden. Strict discipline is in effect.

It is a situation looked upon with displeasure by the 500 soldier guards of Negro student James H. Meredith as well as by the students and townspeople, many of whom, at best, consider the GIs unwelcome visitors.

Cold weather has arrived and the prospect of spending winter nights in a field tent sends a chill through even the most hardened soldier.

★ ★ ★

In such an atmosphere and under such conditions, Christmas could be a bleak one at the Army's "Ole Miss" outpost.

Currently serving the guard duty are two military police companies from Ft. Chaffee, Ark.

They have been here about three weeks. There is a possibility they will be rotated and a new group moved in before Christmas.

The Army is bivouacked in two areas—at the National Guard Armory and at the Oxford airport. The camps are nearly identical with their rows of field tents bathed in spotlights at night. There are boardwalks at the Armory, however, because of the mud.

★ ★ ★

Around 12 soldiers live in each tent, which has a wooden floor and is heated by an oil heater.

SILENT SENTRIES

The troops are always on duty or standby alert. Sentries at Meredith's campus dormitory are not permitted to talk with anyone.

Occasionally students stop and attempt to converse with the soldiers. In rare instances, when sentries relent and talk they are sternly reprimanded by officers.

GIs are forbidden to date coeds or Oxford girls and are ordered not to loiter in town. Sometimes they gather in several small cafes in Oxford, but they never stay long—usually only to drink a cup of coffee.

At intervals, the Army issues 24-hour passes and flies groups of soldiers to Memphis, Tenn., 80 miles north of here.

During their off-duty hours, the soldiers spend their time playing ping pong, volley ball, touch football, pitching horseshoes or just relaxing.

★ ★ ★

A small post exchange (PX) the Army has set up sells soft drinks, cigarettes and magazines.

Withdrawal of Chinese Is Reported

TEZPUR, India (UPI) — Eyewitnesses reported today watching Chinese Communist troops withdraw from Bomdila in India's North East Frontier Agency (NEFA) marching three abreast and riding in captured Indian trucks and their own vehicles.

Mountain tribesmen arriving in Tezpur said the Chinese started leaving Bomdila last Sunday, taking all essential supplies left behind by retreating Indians who lost the city Nov. 18. Some rice and salt was left for local tribesmen.

Bomdila, about 150 miles northwest of Tezpur, was headquarters for Indian troops in NEFA's Kameng division. Its capture marked the high point of Chinese intrusion into Indian territory in the prolonged border conflict.

★ ★ ★

The confirmation of Chinese withdrawals coincides with the statement yesterday by Indian Premier Jawaharlal Nehru that no uniformed Chinese remained in Bomdila.

★ ★ ★

Nehru's statement did not rule out the possibility, suggested by unofficial sources here, that some Chinese remained in Bomdila disguised as tribesmen to carry on espionage.

Cold Freezes Device to Measure Radiation

LANSING (UPI) — The Michigan Health Department couldn't provide the public with a radiation count yesterday because of the cold.

Charles L. Miller of the health department said zero temperatures in Lansing from the compression pump that is used to collect the radiation particles that determine the fallout count.

The Household troops of King Louis XIV of France are believed to be the first soldiers to wear true military uniforms.

OK School Annexation

CHESANING (UPI) — Voters in several townships adjacent to this Saginaw County community have voted to annex a section of the Fergus School District to Chesaning Union District, which already has 18 former districts in the consolidation.

Back in 1890 only 37 per cent of U. S. families owned their homes. Today more than 60 per cent do.

Jesse James and his gang hid out at Meramec Caverns, Stanton, Mo., for 15 years.

Writer Chronicles Plane in Trouble

NEW YORK (UPI) — Until precisely 4:17 p.m. on a gray December day, Eastern Air Lines' 3 p.m. shuttle flight from New York to Washington was routine.

Washington was in sight. The passengers had been told to fasten their seat belts. Through the windows of their four-engine Constellation, they could see the wing flaps slide out and down for the landing.

For anyone who has ever wondered how things go inside an aircraft in trouble, here are notes made by a reporter who was aboard the New York-Washington plane.

4:17 p.m. (Flaps now retracted.) Pilot: "Ladies and gentlemen, I am sorry to say we are having difficulty lowering the nose wheel. We are now in the Washington area but our landing will be delayed while the engineer makes temporary adjustments.

★ ★ ★

4:20 p.m. Circling over water.

4:22 p.m. Flight deck rings for stewardess.

4:23 p.m. First stewardess begins to hand out pillows. Second stewardess: "Ladies will please remove their shoes.

"Gentlemen will please loosen neckties.

"Ladies, please put your handbags and small packages on the floor. All passengers please remove eye-glasses. Please put all fountain pens and small objects away.

GIFT FOR MOTHER — Basket-weaving, beloved of girls of many generations past, is still a popular hobby. Beadcraft, and a new braiding and lacing kit, also offer dozens of projects. Mosaic tile craft is another ingenious adaption of an ancient art.

To the reporter: "You, sir, will you please exchange seats with the lady next to you so that you can operate the emergency exit window for her if necessary."

4:40 p.m. Still circling over water. Pilot: "Somebody back there must like us. Our instrumentation here indicates the nose wheel has settled into place. Nothing on the flight deck now indicates that we are in further trouble with landing gear. However, in view of the delayed action I must take all precautions.

4:50 p.m. Plane flies low over the control tower at National Airport, from which all other air traffic has been suspended. Plane's undercarriage is observed through glasses by ground personnel in radio communication with pilot.

4:52 p.m. Pilot: "I hope there will be no indication of panic among our passengers, please. Your crew has been carefully trained to meet such emergencies. However, to be on the safe side we will now make emergency landing.

4:53 p.m. Stewardesses stand by landing chute at main exit.

4:54 p.m. Pilot: "Will the young ladies back there (stewardesses) please let me know when the cabin is ready." One stewardess runs forward to flight deck.

4:55 p.m. Pilot: "Three minutes to touchdown.

4:57 p.m. Pilot: "One minute to touchdown.

4:58 p.m. Plane makes perfect landing. Passengers clap in unison. Plane is followed up runway by fire trucks on each side and by ambulance, with rotating red light, running abreast of port side. Plane stops at end of runway.

5:00 p.m. Pilot: "We must wait here until the ground crew puts a locking pin in our nosewheel gear.

5:10 p.m. Plane finally parked at ramp.

Stewardess (shakily): "Thank you for flying with us today. Goodby, and have a pleasant day.

The nation's private forest owners plant more than a billion trees a year.

Scientist Prove Rats Have Such Systems

Human Beings May Have Built-In Radiation Detectors

NEW YORK (UPI) — Scientists are working on a theory that human beings have inbred within them a mysterious means of detecting radiation.

★ ★ ★

It may sound like a remote possibility but these scientists have plausible reasons for believing other mammals have. Then why not people?

In this atomic age of fallout and other chances for radiation damage their work could produce human benefits — provided people could be taught to "read" their own built-in radiation detectors and to take precautions when radiation was present.

Dr. J. Garcia and his research associates at the veterans administration hospital in Long Beach, Calif., proposed some months ago that such detectors exist in mammals.

Their grounds were theoretical, based on subtleties of the mammalian nervous system.

★ ★ ★

They have now demonstrated that rats can be taught to detect the presence of radiation with uncanny speed and to react defensively to it.

The experiments were designed so that the rats couldn't have detected it by any means other than their theoretical built-in radiation detectors.

The rats were trained to press a lever in order to get food; each 12 presses rewarded them with one delectable morsel.

★

The floor of their performing cage was an electric grid, and its ceiling was an X-ray machine.

The scientists could shock or radiate rats as they wished.

LEARN FAST

As a "conditioning" preliminary, rats were radiated with a very low dosage of X rays for 10 seconds.

During the last 8 seconds, they were given intermittent shock which to the rat, as it is to a person, is an unpleasant and alarming sensation.

★ ★ ★

The scientific reasoning was that if the rats detected the radiation it would cause them to anticipate the shocks.

To avoid any chance of their picking up "clues" to base anticipations upon, the cage was bombarded with wide-spectrum noise to "mask" the sounds of the apparatus.

Even in this preliminary "conditioning" there were signs that rats were indeed detecting the radiation.

Some made frantic efforts to escape from the cage the instant it was turned on, before there was any shock.

★ ★ ★

The food-rewarding lever was then restored to the cage and the rats began working it. While they worked, the X rays were turned on but there was no following shock.

★ ★ ★

Just the same, the rats instantly stopped pressing the lever and cringed in anticipation of shock. They remained thus frozen until the X rays were turned off. Then they resumed eating.

To eliminate any slight chance that the rats were responding to some unknown factor, they were subjected to "sham radiation." This was done by putting a lead plate between them and the X ray machine.

★ ★ ★

When the machine was turned on, it delivered X rays but none could reach the rats. Under this condition the rats kept right on blissfully pressing the lever and eating.

★ ★ ★

The scientists as of now do not know what it is in the mammalian nervous system of the rat which permits it to detect even low-level radiation with such speed. They're working on that.

★ ★ ★

In addition to Garcia, the scientists were N. A. Buchwald, B. H. Feder and R. A. Koelling. They reported to the technical journal, "Nature."

News Only Litters a Bit

NEW YORK (AP)—Whatever it is that litters streets, it apparently isn't newspapers.

★ ★ ★

Sanitation Commissioner Frank J. Lucia said his department's waste collection has been reduced scarcely 5 per cent since a newspaper strike shut off the city's 5.5 million copies daily.

Lucia said most readers take their newspapers home. He said apartment dwellers usually dispose of them in incinerators and that others bundle them for commercial dealers or charity drives or other disposal.

Antarctic Blizzard Traps 6 Scientists

ANN ARBOR (AP) —A six-man scientific team from the University of Michigan was trapped for eight days by a severe blizzard on the Ross ice shelf in Antarctica, reports Charles Swithinbank, head of the U. of M. glacial geology and polar research laboratory.

★ ★ ★

The team was trapped Nov. 24-Dec. 1, and forced to remain huddled for more than a week in small tents, according to a message received here, Swithinbank said yesterday.

★ ★ ★

They were trapped in an area often buffeted by 100-mile-an-hour winds, near the site of a similar blizzard that wiped out British Naval Capt. Robert Scott and his crew in 1912, Swithinbank said.

AP Photofax

SHE'S IN A LATHER — Covered from head to toe in shaving lather, 2-year-old Pauline Daley is about to burst into tears after being rescued from bathroom in which she barricaded herself for two hours. A squad of Cambridge, Mass., police and two fire engines were called to free her.

Hoover Dam can supply the domestic needs of 7.5 million persons. Cost of the dam and power plant was $160 million.

Little Village United by Project to Aid Needy Overseas

LINDEN (AP) — This little southern Michigan village of 1,146 souls will feed more than 500 needy people overseas — for a full year.

It raised the money needed in a fall drive, and it found "the experience so rewarding" it already has set its sights on a goal of caring for 1,146 — or "one-for-one" — next year.

"And next time around," says the Rev. Robert McComb, "Everybody seems eager to get into the project."

Linden's communitywide good deed is accomplished through the Christian Rural Overseas Program (CROP). Practically all the food shipped by CROP is donated out of American surpluses and shipping charges are the primary expense.

Under CROP's operations it estimates it can supply a full year's food for an adult for $7. For a child the estimate is only $4.

So Linden's contribution isn't gigantic, but money isn't a commodity easily come by in this little cluster of stores and barber shops and garages. Linden has no industry, but some who live here work in the auto factories of nearby Flint and Pontiac.

* * *

Mostly, however, the men of Linden keep the stores which cater to surrounding farmers, vacationers who in season populate the shores of 50 lakes within an eight-mile radius, and fellow villagers who keep other kinds of stores.

Of the $2,600 raised in the 1962 drive, more than $500 came from the 130 pupils who attend Linden Community High School.

The high schoolers worked hard for their money, at such jobs as raking leaves, cleaning basements, washing cars and windows and even operating two places of business for a day. Some reported for work before breakfast, some worked through lunch hours and some after supper.

GOOD WILL UNBELIEVABLE

"The good will generated in the community by the program was unbelievable," said the Rev. Mr. McComb, who added:

"Students who were suspicious of adults grew to like them, and adults who thought students were material for delinquency found out they really knew how to handle a leaf rake and wash rag."

Unless donors specifically designated areas for food distribution, Linden's money — and this was the bulk of it — went to Hong Kong to feed refugees from Communist China.

* * *

"That," says the Rev. Mr. McComb, "is where Church World Service told us the need was greatest. We plan to follow the same pattern next year."

Linden's campaign crew from one started by the Rev. McComb in his Presbyterian Church here two years ago, when his members adopted a "one-for-one" program.

The second year, the Presbyterian church put $1,800 in its budget for CROP and was able to solicit $500 from the village's other four churches.

"Then," the minister said, "we decided to make it a community effort this year. The results have been tremendous."

The 1963 drive is being planned to involve everybody in town, with Village President Ralph W. Evans calling upon residents to "do ate a day's work for a year of life."

After hearing a Church World Service executive explain what CROP's contributions were doing for those who might otherwise starve, Rev. Mr. McComb and some Linden leaders, came home and started planning right then for 1963.

"We hope to involve everybody, turn the town over," the minister said. "Already the Kiwanis Club, Junior Chamber of Commerce, school board, co-op, the Michigan Milk Producers Association and the five churches have volunteered. We expect the school kids back, too, because we dobbt they'd want to miss an experience similar to this year's.

* * *

"We're planning next year's drive for the last two weeks of September, and we hope every merchant in town will follow the lead of two this year on the last Saturday —let the kids operate the business and turn over the profits to CROP."

Laura Cook, a 17-year-old senior, was selected "Student of Distinction" at the end of the high school's campaign. Marsha Bignal was runner-up.

Laura gave more than 30 hours to CROP, "slaving" over a stove baking, waiting on customers at a drive-in restaurant, baby sitting and washing out school buses.

AP Photofax

SANDMAN IN DISGUISE — An anesthesiologist at St. Barnabas Hospital in Minneapolis has found that "kiddies trust animals more than they trust human beings." So "Porky," a gas-breathing piglet toy, is used with patients like Todd Crooks, 3, to make the operating room less terrifying. Porky, who squeaks and blows out sleep-indusing gas, helps youngsters forget such things as needles.

In U. of Mississippi Crisis

Troops in Dixie Cost $4 Million

WASHINGTON (AP) — The Defense Department estimated yesterday the cost of use of troops in the University of Mississippi Desegregation crisis was about $3.85 million through Oct. 31.

This puts total federal costs to that date in excess of $4.25 million since the Justice Department reported earlier this week that its costs for use of marshals and lawyers ran to $406,508 through October.

As many as 23,000 troops were stationed in the Oxford, Miss., area at the height of tensions over the admission of Negro James Meredith to the university under a federal court order.

About 500 troops still are stationed there. An indication that troops will remain for some time came recently when the Army requested bids for construction of a barracks at the university to house the troops.

China, Albania Ink Pact

LONDON (UPI) — Red China and Albania signed a scientific and technical agreement in Tirana yesterday, according to a New China news agency dispatch received here.

Kennedy Threatener to Get Mental Care

BIRMINGHAM, Ala. (AP)—An Alabama youth accused of making threats against President Kennedy has been ordered to a federal mental institution.

* * *

The youth, James B. Hubka, 20, of Ensley, was termed mentally incompetent to stand trial by a psychiatrist, Dr. Howard B. Stevens, and a federal judge ordered him sent to an institution at Springfield, Mo.

* * *

Hubka, arrested several weeks ago by Secret Service agents, was charged with sending a letter to a high Justice Department official which allegedly contained a threat against the life of President Kennedy and Atty. Gen. Robert F. Kennedy.

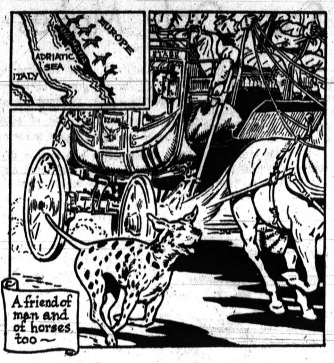
Junior Editors Quiz on DOGS



QUESTION: Why was the Dalmatian chosen to ride fire trucks?

★ ★ ★

ANSWER: The Dalmatian is one of the finest of dogs, faithful, intelligent, easy to raise. It is a very old breed which has always gotten along well with horses. There are pictures of such dogs running behind Egyptian chariots.

Later the Dalmatian was trained to run alongside horse-drawn coaches, sometimes between the wheels. As fire engines changed from hand-drawn to horse-drawn, the Dalmatian moved over to the firehouse.

Here he was the pet of firemen and guarded the fire house faithfully. When alarms sounded, the Dalmatian went right along with the fire engine, often running between the horses' hind legs.

Gas engines have of course replaced fire horses, but the Dalmatian has remained in many fire houses. He often rides to fires, these days, on the engine, which travels faster than he can run.

The name Dalmatian comes from Dalmatia, a small country in the Balkans, now a part of Yugoslavia.

★ ★ ★

FOR YOU TO DO: As you go by a fire station, peek inside to see if a Dalmatian is there. Ask a fireman to tell you about Dalmatians.

British Queen, Cook Dance

LONDON (AP) — Queen Elizabeth II put on one of her everyday diamond tiaras Thursday and went dancing with her cook.

The Duke of Edinburgh tripped the light fantastic with one of the girls who makes the palace beds.

It happened at the annual servants' ball in Buckingham Palace where the royal couple turned up to make merry with the people who wait on them the rest of the year.

Dr. Wayne G. Brandstadt Says:

Soap Only Makes Your Dry Skin Worse

Q — I have very dry skin, especially on my hands. What kind of vitamin can I take to make my skin softer? I have tried all kinds of creams but none of them have helped.

A — Dry skin is caused by a decreased activity of the glands in the skin that produce sweat and oil but what causes the decrease is anybody's guess.

The condition is usually worse in cold, dry weather and in its severest form it makes the skin look scaly.

BRANDSTADT

Soap and fat solvents of all kinds make it worse. Some of the nonalkaline modern detergents should be used in place of soap.

Vitamin A, best supplied by eating carrots, green vegetables, sweet potatoes, Hubbard squash and apricots, may be of some benefit but don't expect miracles.

Most people who have a dry skin have it all their lives and are not greatly handicapped by it.

Even though you have used creams without much benefit you should continue to use them. Be sure the creams you use have an oily base and are not the greaseless vanishing creams preferred by most women.

★ ★ ★

One woman writes that she feels sensitive about being dark complexioned. She had read that there is a medicine that will make dark complexion lighter.

Another woman writes that she gets a deep irregular pigmentation on her face and neck whenever she spends a short time in the sun. **The only thing that fades it is monobenzone (Benoquin).** She asks whether this could be caused by hair dye.

So far as I know monobenzone is the only bleaching agent available for dark skin.

Unfortunately it does not produce a uniform controllable bleaching of the areas of the skin to which it is applied.

★ ★ ★

In some persons who have used it, it even produces irregular bleaching with scattered spots of increased pigmentation so use it at your own risk.

Hair dyes are not known to produce any areas of dark pigmentation on the skin.

FUNGUS TREATMENT

Q — What is the treatment of fungus in the fingernails and toenails?

A — Because the nail itself protects the fungus that causes the trouble against local applications of any fungicide, local treatment is rarely successful although it may help.

When the prescribed treatment fails, it is often because an exact diagnosis was not made. This can be done only by taking scrapings from the infected area, examining them under a microscope, and identifying the type of fungus involved.

Some fungi can be killed by taking tablets of the antibiotic, griseofulvin, if the treatment is persisted in for four or five months.

Unfortunately, a few persons suffer undesirable side effects from this drug but it is well worth a try.

★ ★ ★

Other fungi can be killed by another antibiotic, nystatin, which can also be taken by mouth. A doctor who specializes in skin diseases should be able to help you.

Daniel Boone Labeled Ignorant and Careless

HARRODSBURG, Ky. (AP) — An historian commissioned to write a pageant about Kentucky's pioneer days told an audience recently that Daniel Boone was "ignorant, careless and probably shiftless."

"Now, before I am lynched by Boone's numerous descendants and admirers," Robert E. McDowell of Louisville said, "let me hasten to say that he wasn't a rascal. He was very exciting and colorful."

Less than half of the European settlers in Algeria are of French descent. Many have Spanish, Italian, Swiss-German and Maltese origins.

Hollywood Celebrities Too Tired for Night on the Town

By PHYLLIS BATTELLE

HOLLYWOOD — In New York City, you literally bump into famous people. On Fifth Avenue or Park, in Times Square or the drug store, you're always seeing a familiar face and murmuring "hi" at it — then suddenly realizing it was Charles Boyer's face, or Mary Martin's. In New York, celebrities are just like people, except they eat at better restaurants.

PHYLLIS BATTELLE

Here in Hollywood it's different. You have to go to a premiere or a studio lot or Lolly Parson's place to find a celebrity. They don't go strolling along Vine Street in dark glasses, or driving in to drive - ins like (the fan magazines used to say) they used to.

It's not that they're snobs, this new breed of Hollywood star. It's just that they're "beat."

"These are the longest days' work in the world," Jack Lemmon told us. "Actors in New York have more time to get out."

"Even the best restaurants here are going broke," reports writer A. I. L. Diamond. "Nobody has time or strength to go out for dinner."

"You get a ridiculous amount of money," said Spencer Tracy, "and you work like hell for it."

ON THE MOVE

And of course it's true. Movie actors, when they're working, are relentlessly on the move. A 12-hour day is not unusual.

A three-minute break for lunch (which Shirley MacLaine claims is often her allotted time if she wants to see the morning rushes—and she wants to see the morning rushes) is normal.

★ ★ ★

With the competition of television, it is a far more earnest, diligent, busy business than it used to be in its palmier, zanier days . . .

It is little wonder perhaps that so many movie actors, who bore up beautifully in more unpressured times, have recently died ("and the ones who aren't dead," said Tracy—"everybody you hear about is sick.")

★ ★ ★

And it is even less wonder that you don't bump into celebrities on the street.

You have to go to the studios to look them up, and try to snatch a few minutes of their time between takes.

The movie business being what it is—every film has to teem with stars in order to make a box-office buck — you can sometimes find an entire who's who of glitter on one set.

Until this week, when producer-director Stanley Kramer shot his last scene — Spencer Tracy hanging from a palm frond muttering 'ng, ng, ng"—the who's whosiest set in town was where they were shooting a cinerama spectacle titled, aptly, "It's a Mad, Mad, Mad, Mad World!" We went there, and as we ogled, an executive of the releasing company, United Artists, tried diligently to fill us in on the story . . .

There's this thug named Smiler Grogan (Jimmy Durante) being trailed by a true-blue police detective, Capt. C. G. Culpeper (Spencer Tracy).

★ ★ ★

Smiler opens the movie by barreling hhis car off the side of a mountain. Well, there are several cars and trucks behind him, inhabited by such notables as J. Russell Finch (Milton Berle), president of the Pacific Edible Seaweed Co., his wife Emmeline (Dorothy Provine) and her "old bag" of a mother (Ethel Merman) dentist Melville Crump (Sid Caesar) and his wife Monica (Edie Adams); writers Ding Bell (Mickey Rooney) and Beney Benjamin (Buddy Hackett), not to mention Lenny Pike (Jonathan Winters) in a furniture van.

All the above people rush down the cliffside to help Durante, but it is too late.

Before he passes on, and out of the film, he mentions hidden treasure — and from that point, larceny in the hearts of these nine stars, as well as some 30 other great comedians (ah yes, dear Phil Silvers, we cannot leave you out) carries the movie through to its mad, mad, mad, mad conclusion.

It took nearly nine months and $6.5 million dollars to gather together the celebrities and shoot their scenes for this fantastic picture. Now it will take another nine months to cut and edit it.

★ ★ ★

When it premieres at cinerama theatres next autumn, it should be the greatest comedy spectacle of all time. "Shouldn't it?," we asked director Kramer.

He replied wearily. And modestly. "This job has been terribly difficult, physically and every other way. This show should have everything, but it's too early to say.

"But forget the big screen and the big cast . . . either a show has got it, or it's not."

Civil Service Raises Studied

$7.1-Million in Hikes Proposed for 32,000

LANSING (AP) — A $7.1-million increase in wages for Michigan's 32,000 civil service employes was under study yesterday by the State Civil Service Commission.

★ ★ ★

State Personnel Director Franklin Dewald said the increases range from 3 to 12 per cent, with the average hike being 3.9 per cent.

A public hearing on the proposed increases has been scheduled for Monday at Lansing's Civic Center, DeWald said, and a decision on what increases, if any, probably will come before the end of the month.

DeWald said the adjustments have been recommended by the commission's wage and salary section and evolve from a year-long study of comparable pay rates in public and private industry both within and outside of Michigan.

★ ★ ★

About half of the state workers are now earning $5,075 a year or less, DeWald said, and the proposed increase would raise the median to $5,273.

Any pay adjustment would not take effect until next July 14, DeWald said. It would be the first general increase for classified workers in two years.

DeWald said minor adjustments in fringe benefits, including an increase in the state contribution to group life and health insurance premiums, were authorized last year as well as wage increases for fewer than 400 employes at a cost of some $700,000.

★ ★ ★

The recommendation calls for 3 per cent increases for 7,625 workers, four per cent increases to 22,071, five per cent to 1,440, six per cent to 642, and from seven to 12 per cent to 260 employees.

Psychiatrists Help Students at Harvard

CAMBRIDGE, Mass. (AP) — Harvard University has 10 psychiatrists on its staff.

Why?

"It is not because we have a sick population, but because of the sensible attitude of the administration here," says Dr. Preston Munter, assistant director of the University Health Service.

"They feel that young adults are at a particularly turbulent time of life and that a psychiatrist can help them and also facilitate learning."

United States's contributions to U.N. operations in the Congo and Middle East totaled $270,394,916 through June 30.

Man, 113, Is Excused

WICHITA, Kan. (AP) — A prospective juror was asked by Judge Thomas C. Raum in Common Pleasant Court why he sought to be excused from jury duty.

"Well you see, Judge, I am 113 years old and can work hard all day, but just can't sit still any more," replied Levi Groty of Wichita.

He was excused.

ONE COLOR

Mr. Shnoo's Zoo

AP Feature

By LUCRECE BEALE

Copyright, 1962

CHAPTER 11

Mr. Shnoo sniffed and all the attendants sniffed. Never in this world had they smelled so sweet a smell.

"What is it?" Mr. Shnoo asked. "What have you made?"

"Tropical incense," said Santa, watching the smoke drift from the pan.

"It's a secret I learned from a fairy queen who rules the island where, birds go when they die."

"It is magic!" cried Mr. Shnoo. "See what is happening!"

Truly, it was a sight to see and a sound to hear. The birds had left their nests and were darting about the cage. The songs they sang had never been so clear and lively.

★ ★ ★

Even Herbert and Louise, the giraffes, were affected by it all. They swung their long necks and strange humming sounds came from their throats.

★ ★ ★

Above all the turmoil there came a sudden cheerful "peep!" and there was Blue Lady perched on Mr. Shnoo's shoulder.

"Happy day!" said Blue Lady, flicking her tail.

"Happy day, indeed!" agreed Mr. Shnoo. "Ah," he said, turning to Santa, "If only I had the recipe for your incense!"

"No need," said Santa. "For now I believe your birds will live forever."

★ ★ ★

Mr. Shnoo was overcome. "Because of you," said he, "Shnoo's Zoo now has flying reindeer, a bear with dinosaur teeth, and birds that will never die! What a sight for the Queen!"

BAD LUCK OVER

Santa wrapped his long wool scarf around his neck. 'I hope she comes soon," he said. "For bad luck seems to plague you."

"Don't worry," said Mr. Shnoo. "I am sure our bad luck is over."

"Perhaps," said Santa. "Anyway, you know how to reach me should the need arise." With that he was out of the door and gone before Mr. Shnoo could blink his eyes.

Mr. Shnoo was wrong. His bad luck was not over. The next day trouble came to the big animal house when Henrietta, the elephant, fell over on her side and could not get up again.

It happened this way:

★ ★ ★

Every night Henrietta was tied to a stake on the right side of her cage and it was her custom to lean against the big stone wall on her right while she slept.

The night before she was tied to the left side of her cage. When she dozed off she leaned over to the right as was her custom but the wall was not there and poor Henrietta went plop! Right over on her side.

CAN'T GET UP

Now an elephant can lie down by first bending his front legs under him and then kneeling down on his back legs. When he is down like this he can get back up very easily.

But when an elephant is lying on his side, all four legs stick straight out and no matter how much he tries he cannot get back up on them.

This is the way Henrietta was found and Mr. Shnoo was very angry.

"Who staked her against the left wall?" he demanded.

The elephant attendant swore it had not been his fault. "She was staked on the right side. I saw it myself!"

"Who else was about?"

"No one. Except Crookshank who's always around."

Crookshank declared he'd had nothing to do with the matter and Mr. Shnoo said anyway, the the thing to do now was to get Henriett back on her feet.

He called in all the men in the zoo and they all got behind Henrietta and pushed and pushed and pushed but they could not budge her.

★ ★ ★

Mr. Shnoo had the men put a pulley at the top of the cage. He wrapped canvas around Henrietta's middle and tied it with ropes through the pulley.

Then the men pulled on the ropes. Henrietta was raised two inches but, try as they would, the men could lift her no higher.

Poor Henrietta kicked her legs feebly and snorted unhappily through her trunk. She looked at Mr. Shnoo as if to say, "Hurry! I can't stay this way much longer!"

"Don't worry," said Mr. Shnoo gently. "We'll get you up." But how they were to do it, he did not know.

Tomorrow: Skating Henrietta!

He Knows Shortest Way to a Teen-Ager's Head

HIALEAH, Fla. (AP) — City bus driver Harry Darling knows how to handle rowdy teen-agers.

After a teen-age dance recently, 30 kids clambered aboard Darling's bus and started yelling and slapping each other. Straight to the police station went Darling. The kids calmed down quickly.

This Long Little Doggie Short on Appreciation

FRANKFURT, Germany (AP) — A large enamel bowl outside a fashionable confectionery store carries this notice: "Every little doggie in Frankfurt knows that when he comes to our store he gets a free drink of water."

★ ★ ★

However, one particular little "doggie" — a dachshund by the name of Pogo — seemed to think this was a pretty raw deal for the canine world and didn't wag his tail in thanks for the kind human offering. He bit the manageress instead.

'It's a secret I learned from a fairy queen.'

Dems Write Romney Over Constitution

LANSING (UPI) — The seven Democratic members of the State Administrative Board told Gov.-elect George Romney yesterday the proposed Michigan constitution is inadequate, but admitted the people "are by no means unanimous in their views about this document."

★ ★ ★

As a result the Democrats asked Romney "to join with us in exploring ways and means of making available . . . all sides of this important question to the public."

The letter, which confirmed the Democratic leaders will campaign against the document, said, "We believe the widest possible public discussion of the proposed new constitution should be encouraged.

★ ★ ★

"We hope for a record turnout at the polls so the total vote will represent a true majority of the people of Michigan."

★ ★ ★

It was signed by Lt. Gov. T. John Lesinski; Secretary of State James M. Hare; Atty. Gen. Frank J. Kelley; treasurer, Sanford A. Brown; auditor general, Billie S. Farnum; superintendent of public instruction, Lynn M. Bartlett and highway commissioner, John C. Mackie.

Asks Act to End Air Pollution

WASHINGTON (UPI)—The American Medical Association has recommended that the government take the lead in efforts to clear pollution from the atmosphere.

The proposal was made in a telegram from Dr. F. J. L. Blasingame, executive vice president of the AMA, to Surgeon General Luther L. Terry.

Terry said he would favor legislation, but would not push for it at this time since it goes beyond what President Kennedy has recommended.

In a speech concluding a three-day meeting here on air pollution, the surgeon general said for the present the federal responsibility should be coordination and stimulation of state programs.

The AMA telegram recommended that the Public Health Service use the same type of enforcement powers it now has under the Water Pollution Act.

Real Chow Hounds

MINNEAPOLIS (UPI) — Dogs are bigger "chow hounds" than babies, according to a manufacturer of dog food here. Cargill, Inc. reports that more than 30 million canines in the United States consume $525 million worth of commercial food annually compared to $300 million spent on baby food.

In 1961 only 67 per cent of the bond issues submitted as referendums in the nation were approved by the voters, the U.S. Savings & Loan League reports. For the first part of 1962 the approval rate has been a historic low 56 per cent.

Detroit Area Group Views Pontiac Hospital Auxiliary Work

Mrs. Irene McNamara (left), public relations director at Pontiac General Hospital, admires a flower arrangement with Mrs. Irvin Hermanoff of Birmingham. Behind the counter is Mrs. C. W. Doerr, Sylvan Lake. At the right is Mrs. William Greenberg, Detroit, who is vice president of the Michigan Association of Hospital Auxiliaries. The scene is the first Christmas Bazaar put on by the hospital auxiliary Thursday.

Pontiac Press Photos

Volunteers from hospitals in the surrounding areas were guests Thursday for luncheon at Pontiac General Hospital. They came to review the revamped volunteer program which is receiving statewide recognition. Chatting over coffee are (from left) Dr. Mary Guthrie, Harmon Road, PGH volunteer; Mrs. Socrates Sekles, Ottawa Drive, president of the hospital auxiliary; Mrs. Ben Sussman, Detroit; and Mrs. Walter Gulko, Farmington.

Talk Over Plan With His Mother

By The Emily Post Institute

Q: My husband and I are living with his parents temporarily until we can find an apartment of our own. I would like to be able to invite some of our friends in for the evening occasionally to return their many invitations to us.

I would like to know if it is necessary to ask permission of my mother-in-law before inviting them to the house.

My husband and I are sharing the expense of running the house and I think, under the circumstances, I should be free to ask people in when I want to and not have to ask permission. What do you have to say about this?

A: It is not necessary to ask permission, but you certainly should "talk it over" with your mother-in-law to see if the house is free for you to have friends in.

It would be embarrassing if you asked your friends to come in on the same evening that your mother-in-law asked her friends to come in.

* * *

Q: Two years ago my husband and I were divorced. About six months ago I started to see him again and we both realize we made a mistake. We are to be remarried next month.

I would like to know if it would be proper to send out announcements of our remarriage and, if so, how should they be worded?

A: Formal announcements are not usually sent out for such a marriage, but if you would like to send them, there is no reason why you may not. They would be worded as follows:

Mr. and Mrs. Henry Smith announce their remarriage on Saturday, the seventh of September, one thousand nine hundred and sixty-two

Q: I have been invited to dinner at my boy friend's house next Sunday. This will be my first visit there. I would like to know if I should bring something to his mother — such as a box of candy?

A: You are not expected to bring anything, but you may bring a box of candy if you wish to do so.

Do you find it difficult to eat spaghetti? The new Emily Post Institute booklet entitled, "Table Rules of Importance," describes how to eat spaghetti as well as other difficult foods. To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, in care of The Pontiac Press.

Women's Section

Abby Says: Wonderful!

You Have an Ambition!

By ABIGAIL VAN BUREN

DEAR ABBY: I am 15 years old and some day I hope to become a spy. My parents and relatives have tried to discourage me, but I have dreamed of being a spy as long as I can remember.

ABBY

When I mention my future plans to adults, they laugh and think I am kidding, but I am not, Abby. Spies have very exciting lives and they perform great services for their country.

Do you think this is a childish dream or should I go through with it?

I know what I am getting into as I have read every spy story I could get my hands on.

FUTURE GIRL SPY

DEAR FUTURE GIRL SPY: The spy stories you have read probably emphasized the glamor, excitement and adventure of such work.

But to get down to realities, a spy must be well grounded in history, geography, foreign languages, criminal psychology, the art of self-defense and many other fields.

No one should laugh when a 15-year-old expresses his or her ambition. At least you have one.

* * *

DEAR ABBY: My feathers were ruffled last year when you said the mimeographed newsletter-type Christmas greeting was usually boring and a lazy way of getting out of writing all year or something like that.

What is "lazy" about composing a friendly, newsy letter to keep all your friends up to date on your activities?

I enjoy Christmas newsletters from others and had assumed they enjoyed mine. Besides, it's the only thing I ever wrote that was published. And I had a circulation of about 150 people!

FRUSTRATED

DEAR FRUSTRATED: I, too enjoy the newsy, cheerful, clever Christmas letter. It's the ones containing "news" of Aunt Bessie's gall bladder operation, a flood in the basement and Rover being hit by a car that I can live without.

* * *

DEAR ABBY: My wife is beautiful, healthy and lazy. She sleeps from 10 to 12 hours a night and complains about having to do the lightest kind of housework. I am ashamed to invite anyone to drop in as the house is a mess 75 per cent of the time.

I work 10 hours a day, rain or shine, to keep her in style. She can buy anything she wants. Don't you think it's a wife's job to keep the house tidied up?

Why should a man knock himself out to keep a woman cool, comfortable and well fed for nothing?

FED UP AND READY TO QUIT

DEAR FED: Your wife is spoiled and you spoiled her! Of course it's her job to keep the place reasonably neat. If a man wants a beautiful ornament around the house to look at, he can buy a statue.

* * *

DEAR ABBY: My husband never puts the caps on tooth paste, mouth wash, deodorants, shaving lotion or hair tonic. How can I get him to be more careful?

NAGGING WIFE

DEAR NAGGING: If I were to send you a small sampling of letters from wives who complain because their husbands never take the caps OFF the above-mentioned items, you'd put the caps on yourself, and be glad to do it.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, care of The Pontiac Press.

Wrapping Can Enliven Ordinary Gift

BY KAY SHERWOOD
Newspaper Enterprise Assn.

A talent to treasure is the art of wrapping the ordinary gift in an exciting way. For some, richly colored papers, ribbons, gay decorations, and hard-to-package shapes challenge the imagination and promise a delightfully creative exercise.

I have tried to join this august artistic company, without success. After years of fumbling with "foolproof" bows, I'm still sticking squashed white tissue paper into place with plenty of seals.

* * *

The limitations are clear to anyone who has read the gift book title right through the paper, or has had this year's mittens slide out of an inadequately sealed end.

However, I am not without friends—friends who have the aptitude, enthusiasm and time for dreaming up gala surprise packages.

One young teen-ager saved my sanity last Christmas by taking charge of gift wrapping.

* * *

For her and for all who would like a few new tricks to try, here are some suggestions from a professional on how to disguise a simple gift. I think I could even handle a couple myself.

For example, a cat's meow package which could conceal one or more small tissue-wrapped gifts.

The package is made by inverting one partitioned paper plate over another and sealing the edges with invisible tape. Cat's eyes, mouth and ears are cut from colored paper; the whiskers are pipe cleaners and a large Christmas ball is the nose.

* * *

An empty oatmeal box glamorized with a pink paper covered, secured with tape, then striped, birdcage fashion, with narrow black ribbon, becomes a decorative holder for a number of items (including hair curlers or rollers).

The bird with its real tail feather is cut from blue paper and taped to the box.

PAINT GLASSES

Inexpensive glass goblets, spray-painted, are sturdy containers for perishables, including potted plants.

For a giddy lady, spray a goblet pink; cut eyelashes and a fringe of hair from black fringe. Attach to glass with invisible tape. Paint on a mouth.

* * *

Cut rim from a paper plate and tape to the edge of the glass. Insert a small potted plant, cover leaves with tissue to form the crown of the hat, and add a bow to the brim.

This, with a variation or two (a straw party hat, perhaps), could carry homemade salted nuts, seasoned cereal or candies.

Study Club Greets New Members

The Parliamentary Study Club met at the Pontiac Masonic Temple Wednesday. Mrs. William C. Pfahlert, president, welcomed new members.

* * *

Mrs. Fred Goines was leader for the day. Mrs. Harry Vernon was in charge of the guest book.

Mrs. Lester Oles was sponsor for the demonstration group with Mrs. Harold Schingeck as president, Mary Trask recording secretary and Mrs. Edwin Christie treasurer.

* * *

Mrs. Joseph Panter, parliamentarian, had charge of the question box. The next meeting will be at the Masonic Temple, Jan. 9.

Secretaries Hold Party for Holiday

Pontioak Chapter of the National Secretaries Association, International, met Wednesday evening at Ted's Restaurant for their Christmas party.

Hostesses for the evening included Mrs. John Duncan and Mrs. Kay Rector. Following a gift exchange, money was collected for the group's needy-family project.

* * *

President Mary Johnson announced the appointment of Mrs. Rector to the international redistricting committee.

Guests for the evening were Catherine Walser, Mrs. Laverne Adair, Carmen Peck, Mrs. Lottie Yarnold, and Mrs. Paul Hodge.

Theresa McVeigt announced the chapter's annual workshop to be held March 30 at Michigan State University Oakland.

Flint Motor City Chapter will host the Michigan Division May 17-19.

Plan for Bridge

Dr. and Mrs. Robert Kimmins of Dick Avenue, Dr. and Mrs. Lynn Allen Jr., Wenonah Drive, and Mr. and Mrs. William Fox of Edgefield Street will host a bridge club party Saturday night at the home of Mr. and Mrs. Fox.

Group Picks Flower Show Chairmen

Committee chairmen for the Woman's National Farm and Garden Association annual spring flower show were appointed during a recent luncheon meeting in the home of general chairman Mrs. Walter Patterson of Dearborn.

Assisting with the Michigan Division's major fund-raising project are Mrs. Frederick Stefansky of Birmingham, chairman of staging; Mrs. Newton Skillman Jr. of Lake Angelus Shores, chairman of schedule; Mrs. Fred M. Trickey, Birmingham, entries; and secretary-treasurer, Mrs. Allen F. Meyer of Dearborn.

The show will be held May 1 and May 2 in Detroit.

Easier Ironing

To iron gathered pockets on little girls' dresses, stuff them first with tissue paper.

Engineers, Wives Dine and Dance

Some 100 Pontiac Product Engineering Employes and their wives will take over the downstairs of the Kingsley Inn in Bloomfield Hills this evening for their fifth annual subscription dinner-dance.

* * *

Guests include Mr. and Mrs. E. M. Estes. Also attending will be Chief Engineer Mr. and Mrs. J. Z. DeLorean and Mr. and Mrs. J. P. Charles.

Music for dancing will be provided by Emil Sutt's orchestra and George A. Roch will be master of ceremonies.

The "Silhouettes," Margaret Ann Beattie, Martha Johnson and Sheila Jacobson, will lead the group in Christmas carols from original programs done by Melvin Sellers.

Emil Bruestle and Barbara Kessler handled reservations.

Church Group Meets

The Mary Martha Group of the First Presbyterian Church held its annual Christmas luncheon Thursday at the home of Mrs. Earle Van Dyke Jr. on Angelus Drive. Assisting the hostess was Mrs. Donald Tee.

* * *

Mrs. H. H. Pattison installed the following officers: Mrs. Howard White, chairman; Mrs. Edison Doolittle vice chairman; Mrs. Van Dyke, secretary; and Mrs. Jack Hunt, treasurer.

Mrs. Albert Kohn read the poem, "Christmas in the Heart" and the story "The Christmas Guest."

Guests for the evening included Mrs. Kohn, Mrs. Paul Cross, Mrs. Albert Riddering, Mrs. John Heitsch, Mrs. Wallace Brown and Mrs. Galen Hershey.

The January meeting will be at the home of Mrs. Pierce Boutin, Warwick Drive.

Pontiac Press Photos

Foreign students from Wayne State University were guests Thursday at a tea given by the Women's Society of Bethany Baptist Church. Among the guests were (from left) Andre Gautier Diatezuleva from the Congo; Mrs. Nouha Aranki with baby Gina, from Jordan; and Mrs. Louis Idrissa-Irodea, also from the Congo.

This jacket by Christian Dior, Paris, styled in Lutetia, Emba natural gunmetal mink, shows a technique originated by the famous French fashion house. Pelts are worked horizontally and gradually widen from neckline to hem.

fontaine d'amour

by Motif

A graceful fountain of precious metal embracing an exquisite, fiery diamond of fine quality. An inspired styling for someone who appreciates the unique and the beautiful.

Polly's Pointers

Insure Return Mail

By POLLY CRAMER

DEAR POLLY — I have found it helpful when a son joins the service, to enclose a stamped envelope and a sheet or two of paper in each letter I write him.

The boys sometimes have a hard time purchasing stamps and envelopes in their first eight weeks of training. MRS. L. S.

★ ★ ★

DEAR POLLY — Being a multiple sclerosis victim, I place a heavy stool in the bathtub, sit on the stool and then lift my legs over into the tub to take a shower sitting down. Please pass this on to other patients. MRS. C. T.

★ ★ ★

DEAR POLLY — Wonder if the girls know this precaution for safe driving at night? Tie a white hanky around your left wrist for signaling. Other drivers can see it and an accident may be avoided. Also letters sealed with nail polish cannot be steamed open! IDA

★ ★ ★

DEAR POLLY — Paint household shut-off valves and one section of each pipeline a different color — red for hot water, green for cold water, yellow for the waste line and so on. Keep a chart at hand keying the colors to the correct pipelines. You will always be able to locate the one you want in an emergency. MRS. D.

★ ★ ★

DEAR POLLY — If your porch steps are too slick, try sprinkling them with white sand when you paint next time. Put a little sand in an old salt shaker. Paint a step, sprinkle (very lightly) in the center which is used the most. Continue until all are painted. Don't forget a little on the top front edge of the porch, too. This really affords one a feeling of security when steps are wet and slippery. Will work on wood or concrete. A DO-IT-YOURSELF GAL

Share your favorite homemaking ideas . . . send them to Polly in care of The Pontiac Press. You'll receive a bright, new silver dollar if Polly uses your ideas in Polly's Pointers.

St. Dunstan's Sets Party

St. Dunstan's Guild of Cranbrook will hold its annual Christmas party Tuesday. Members will meet at Christ Church Cranbrook to join in the traditional Christmas carol singing with Robert Bates at the organ.

Henry S. Booth will read "The Christmas Story" after which members will return to the Playhouse for the eggnog party.

Plan Book Review of Oriental Work

Waterford Community Book Review Group will hear Mrs. William Shunck review "From Pagan to Christian," by Lin Yutang, Monday in the Watkins Lake Road home of Mrs. Karl Kreitz at 1 p.m.

Assisting Mrs. Kreitz are Mrs. William Vann and Mrs. Gelston Poole.

Finnish scientists have produced a form of synthetic Vitamin C from cabbage.

Dr. George Crane Explains

He 'Goads' His Listeners

By DR. GEORGE W. CRANE

CASE 0-405: Norma B., aged 28, is a vivacious New York women's clubber.

"Dr. Crane," she greeted me after my address to her group, "I read your 'WORRY CLINIC' every day.

DR. CRANE

"But I don't always agree with you, especially when you criticize us wives."

This is a very common remark that I receive following my lectures all over America.

★ ★ ★

And to this smiling criticism by such intelligent readers, I reply:

"That's splendid. There would be no progress or mental growth without differences of opinion."

★ ★ ★

Then I clinch my reply by quoting William Wrigley Jr. who said:

When two men in a business ALWAYS agree, one of them is unnecessary."

What Mr. Wrigley so aptly perceived, was the simple fact that a "me, too" companion cannot stimulate your thinking.

Nobody, for example, whets his wits on his own shadow!

DIFFERENT DIRECTIONS!

Even in our farm threshng machines or combines, if the rollers all went in the same direction, little grain would be extracted from the hulls or husks.

So those sets of threshing machine rollers run in opposite directions and thus are able to tear away the husks more readily.

Furthermore, I am a newspaper educator and an essential rule of pedagogy is this:

★ ★ ★

"You must overly stress a point in order to get the public to move. You must try to swing the pendulum to the opposite point of arc just so the public will let it hang in the midline or perpendicular."

★ ★ ★

Actors, too, in Hollywood know that they must exaggerate deftly in order to bring an audience up to the proper emotional pitch.

★ ★ ★

So I needle fat wives. I goad clergymen who monotonously put their audiences to sleep.

Obviously, I also prod lazy college professors and tartly show up inefficiencies in government, for this is the function of good newspapermen.

In fact, John S. Knight, one of America's outstanding publishers, has long championed a crusading policy for his newspapers.

He believes in waking up readers and even inciting them to the point they will write letters to the editor expressing themselves.

★ ★ ★

Then he prints many of these letters and the reader interest in these printed letters then is probably as high as for any column in the paper.

★ ★ ★

Frank Gannett also used to do the same before his death, for he felt that a mollycoddle newspaper that never tried to stimulate thinking was destined to wither and shrink in circulation.

William Randolph Hearst was another titan in American journalism who preferred to wake people up instead of feeding them journalistic tranquilizers.

STEERS OPINION

A good newspaper is thus a "steerer" of public opinion; not just a "mirror" of its community.

A Gallup poll gives you just a "mirror" image but a newspaper is an educational medium that tries to change thinking and alter your Gallup opinions in the direction of more efficient living conditions.

★ ★ ★

Newspapers that just "mirror" our tragic divorce rate, fail to help lower that breakup of homes.

★ ★ ★

But "steerer" newspapers offer definite help, as my booklet "Sex Problems in Marriage," so send a stamped return envelope, plus 20 cents for this non-profit aid to happy homes.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4 cent stamped, self-addressed envelope and 20 cents to cover typing and printing costs when you send for his psychological charts and pamphlets.

Would See Other Countries

Today's Teen-Agers Want to Go Visiting

By EUGENE GILBERT
President, Gilbert Youth Research Co.

If today's youths could have their way, there would be a mass exodus from the United States for travel in other countries.

Ninety-one per cent of the girls and 87 per cent of the boys whom we talked to recently agree they hope to travel abroad someday.

Most of the teen-agers questioned in our nation-wide poll favor traveling after they finish college or when they're between the ages of 20 and 29.

The major obstacle they have to hurdle is lack of money. Only one per cent of girls and five per cent of boys expect to get family aid for their jaunts.

Work is the way 60 per cent of girls and 51 per cent of boys plan to finance their plans. Some 20 per cent of girls and 12 per cent of boys expect to use their savings for the trips.

The lure of working abroad, either in a private or government job or in the Peace Corps, appeals to only a tiny percentage of girls and six per cent of the boys.

EXCHANGE STUDENTS

An interesting contrast in their attitudes developed when we asked them if they would like to be exchange students. While 66 per cent of the girls said "Yes," about 54 per cent of the boys rejected the idea.

"I'm lucky I can pass in America," is the candid reply of Harry Lyda, 16, of Jersey City.

Bill Siemers, 16, of Fairbault, Minn., says "There are too many responsibilities that go with being an exchange student."

The girls who favor the prospect explain, as does Elaine Kalstein, 16, of Coatesville, Pa.: "I would like to go in order to help promote world harmony in my small way."

Christmas offers only one day for giving but the pleasure of the gift can last for years as a happy reminder of the giver. Shown are three items: a brazier cookware casserole, grey enamel baked on a sturdy aluminum base with a lovely blue design on the lid; a 12-cup electric aluminum coffee maker with sleek modern lines; and a black teflon-lined, baked-on-enamel aluminum skillet for fat free frying. This piece comes with its own silicon-coated spatula to match the colorful skillet.

Carol Schoenlaub, 17, of Cincinnati wants "the experience of being on my own and making a good impression for the U.S."

LIKE THEIR MOM

Major reason among girls who don't want to be exchange students is they don't want to be away from their families.

Traveling by boat is the choice of 52 per cent of girls and 47 per cent of boys. Most agree with Gerry Feifer, 16, of Aurora, Ill., that a boat trip would be more exciting, and many state it is a better way of meeting people.

"A boat is safer," says Priscilla Erickson, 15, of Antioch, Calif., and many agreed this is their reason for their choice.

FRANCE TOPS LIST

Leading the list of countries they hope to visit is France for both girls and boys. Second choice for girls is Italy, while the boys select England. Hawaii is the third choice of girls, but the boys pick Europe in general.

Africa and Greece are least attractive to the girls. Boys show little interest in Ireland, Mexico and Israel.

Russia appears to be midway in their list, with six per cent of girls and 10 per cent of boys evidencing a desire to travel there.

Reasons for their choice of country seem to be based on their own hobbies and special interests or desires to visit the lands from which their families came.

A true desire to meet different people, learn their customs and observe how their way of life differs from ours shows up in a majority of the teen-agers' comments.

When asked for the picture that first comes to mind for Paris, Hawaii, Rome, Spain, England and other countries, the usual stereotype comments occasionally are spiced with some incisive views of the world situation.

For instance, Paris, "Unusual social life; constant political conflict and upheaval," —Tony Fong, 15, of Oakland, Calif.

Hawaii — "A 'modern' state with mixed races," George Clay, 17, of Charleston, S. C.

England — "A cold, worn-out country,"—Michael Thomas, 17, of Cincinnati.

Japan—"A place where teenagers are more confused than U.S. kids,"—Ronnie Marfield, 17, of Oklahoma City.

Africa—"Crowds of people rioting for independence,"—Eileen Camillo, 15, of Stratford, Conn.

Russia — "Mystery, Kremlin, secret police, poverty,"—David Blac, 16, of Murray, Utah.

A criticism of the way geography is taught these days may be implied when it is noted that many students when asked for their mind-picture of Austria replied "kangaroos."

KXA Chapter Completes Plans for Party in '63

Members of Kappa Chi Alpha Sorority completed plans for their Jan. 18 party at Drayton Plains School during Tuesday's meeting. Hostess was Mrs. Engel Groenberg of Jamestown Street.

Committeewomen working on this event are Mrs. Richard Jones, chairman; Mrs. Bruce Burmeister, program; and Mrs. Groenberg, tickets.

Plans also were discussed for a sorority-sponsored spaghetti dinner March 21 with Mrs. Arthur Lane as chairman.

Sorority Holds Dinner

Members of the Epsilon Sigma Alpha sorority, Beta Chi chapter, met Monday evening for a dinner at Alpine Inn.

Following the dinner, three new members were accepted into the chapter at a candlelight ritual staged by the Epsilon Sigma Alpha state president, Patricia Sutherland of Grosse Pointe.

Pledge pins were given to Mrs. Frank Keelean, Mrs. William Jacobson and Mrs. Joseph Ray.

Other guests included Mrs. Ralph E. Allen and Mrs. Luella Ervin, the chapter sponsors.

Christmas gifts were exchanged and secret pals revealed.

Chairman for the dinner was Mrs. Jack Holler. Working on her committee were Mrs. Edgar Plympton, Mrs. Fred Mueller and Mrs. Harvey Schroeder.

Celebrate Birthday

Pioneer Sisters celebrated their president's birthday at a Christmas party Tuesday in the home of Mrs. M. E. Baldwin. President Mrs. Louis Kath was presented a gift during the cooperative luncheon. Mrs. Baldwin led devotions.

Many Ways to Cut It Down

Check Grocery List to Effect Economies

By MARY FEELEY

Dear Miss Feeley: According to my husband, I'm spending too much for food. Our weekly groceries run about $40, yet we have very simple meals. My husband's take-home pay is $500 a month, our rent $100 a month. We have three children, ages from 7 to 11. Can you suggest any ways of feeding the five of us for less money and still have nutritious meals? Mrs. Emma A., Fort Wayne, Ind.

★ ★ ★

Dear Mrs. A.: I will now crawl out on a limb: you're probably spending a lot of money on soft drinks, paper napkins, paper towels, snacks and tid bits, various kinds of jams and jellies, tomato catsup, pickles and drinking straws.

And how did I guess? Well, unless you're different from a lot of mothers of young children, you come out of the supermarket pushing a cart that weighs more than you do — loaded with practically nothing for dinner.

Don't misunderstand me—the knickknacks are good to eat and fun to buy. And paper napkins and toweling are mainstays of the American home. But take time out for the next few days, and actually check up on some of these items. A damp sudsy sponge, you know, will often serve as a mopper-upper in place of yards of toweling and a handful of napkins.

Does each child demand a different kind of jam, cereal or soft drink? I suggest that you're catering to too many different appetites. It's not easy, but try to put the family on a regimen of eat-what's-put-before-you. As a wife and mother, you know from experience that a person can learn to eat and like what's on the table. If given a choice of a favorite dish, most mothers couldn't even think of one!

★ ★ ★

Also, try these economies: Make biscuits and cornbread yourself, instead of buying expensive packaged rolls. Investigate the many ways of preparing dried beans and peas — they're so inexpensive.

Buy more organ meats, such as kidneys, livers, calf brains. Every meal needn't be a meat meal, so collect some interesting vegetable recipes.

Combine left overs for casseroles. Buy in quantity when you can. If the giant economy size packages won't fit onto your kitchen shelves, fill canisters from them, and keep the bulk packages in a closet.

Coincide your meal planning and shopping with the biggest day for food ads in your newspaper. Read food columns for timely specials. Learn to be a watch dog in the kitchen, and refuse to let non-essentials clutter up the shelves. Home made lemonade is cheaper than bottled drinks. Powdered milk is a wholesome beverage.

One drinking straw at a time will serve as well as two. The home made cookie is still a dandy invention. You can probably trim your monthly food bill by about $30—which will put you on a much more comfortable basis.

★ ★ ★

Dear Miss Feeley: I've been giving expensive gifts and money to my two young grandchildren the past several years. Now I see the money is al being fritted wouldn't be smarter to set up a savings program for them. What would be the best way to handle thhis? Mrs. I. L., New York City.

Dear Mrs. L.: Cheers for your new resolution. I suggest you start two separate savings accounts in trust for your grandchildren. This way you will be providing a foundation for their college education. You can further assure that the funds will be used only for the children's benefit by so stating this in your will.

★ ★ ★

(Mail your money problem to Mary Feeley in care of The Pontiac Press. She will answer those of greatest interest in her column.)

Circle Members Study Accounts of Christmas

Nineteen members of Deborah Circle of the Lutheran Church Women of the Ascension gathered Monday evening in the home of Shirley Friedly on Winkelman Drive.

★

Mrs. Everett Given conducted the meeting and the hostess led devotions. The group compared the King James version of the Christmas story with the revised version.

★ ★ ★

Members brought sunshine bags which they had made, to be filled with useful items and taken to area hospitals.

Mrs. Woodrow Griffith assisted the hostess.

Decorate to Clean Easy

If you deck your halls with glitter this Christmas, have fun — good, clean fun, that is!

In using a special spray to make decorative glitter and baubles adhere to glass and other surfaces, select a product which can be washed off with soap or detergent suds. This is important because the spray is bound to drift over furniture and other nearby surfaces.

Decorating Hint

A monochromatic color scheme uses one color in a variety of its shades and tints. A monochromatic room is restful and looks larger than it is.

One of the most spectacular coats of the season is this in Tourmaline, Emba natural pale beige mink, by Ben Kahn. Simplicity and casual lines are emphasized by the luxurious pelts, which have been worked diagonally throughout the coat.

Christmas Is the Time for Helping Hands

By KAY SHERWOOD
Newspaper Enterprise Assn.

Christmastime is the time to fan the flame of family traditions fusing the ties that remind us of the past and strengthen us for the future.

Just for fun, look up some of the Christmas customs, past and present, of the country of your forebears.

★ ★ ★

While it's unlikely I'll honor my English ancestry by serving up boar's head on a platter or roasting a peacock, it might add jollity to the holiday to revive the wassail bowl!

★ ★ ★

Our Danish neighbors down the road, faithful to their Danish Yuletide custome, have excited my interest in a children's party to which we've been invited.

Peter Heering, a Danish manufacturer, is giving a series of good will Christmas parties for American children to honor the 170th anniversary of an ancestor who devoted much of his life to Denmark's underprivileged youngsters.

★ ★ ★

We will enjoy, I'm told, seeing Nisser (the good gnome of Danish households) as a chief decoration, sampling the rich rice pudding in which one almond is hidden (luck for a year to the finder).

Then there will be the Christmas tree decorated with paper birds, white candles, small baskets holding candles, and paper ornaments.

The needy in our town aren't always those with little money. The needy may be strangers in need of fellowship and friendly attention. One of our most memorable Christmas dinners was one shared with neighbors who had sensed our loneliness in a new town.

★ ★ ★

Don't forget the animals. Let's give extra rations. Let's fill the bird feeders; and plan to set the Christmas tree outdoors later trimmed with peanut butter cups and cranberries and suet.

Parents Must Learn to Handle Worries

By MRS. MURIEL LAWRENCE

Last night Steve blew up over his homework. In the flat voice he knew would command his parents' sympathetic attention, he said, "I'm going to flunk algebra this term."

"What's wrong?" asked his father — and promptly turned off the television. His mother said, "Oh, darling, are you having trouble with Miss Rhodes again?"

So, Steve, in command of the interest he needed, exploded all his anxiety over his algebra competence.

After complaining of Miss Rhodes' disregard of the heaviness of other teachers' assignments he finally said, "She's a drip — but I suppose I better ask her to explain this theorem to me after school tomorrow. I suppose that is all I can do, isn't it?"

Assured that it was, he went back upstairs to bed and soon fell into a sound and restoring sleep.

★ ★ ★

But when his parents followed him, they did not soon fall to sleep. In her bed, his mother thought, "Maybe Dr. Dodson should check the child. He didn't finish his dessert tonight. Suppose he breaks down under all this pressure? Boys of his age can."

★ ★ ★

And in his bed, Steve's father thought, "It's the government's fault — pushing kids like this. It's so anxious to produce better technologists than Russia that it doesn't care what it does to the kids. Competition, that's the trouble. If our competitors outbid me, I could end up in the red this year . . ."

For in releasing their child from his anxiety, Steve's parents had reactivated anxieties of their own.

This often happens to us. We pull Lynn out of a doldrum over a broken date; and while she, fully recovered, rushes to the phone to make another, we think worriedly, "Hurts like this can scar a child. I'll never forget the night Herbert Ross never turned up to take me to the junior prom."

We rescue Steve from his worry over pleasing Miss Rhodes — and find ourselves lying sleepless with worry over how to please a business client.

★ ★ ★

As we become more experienced in parenthood, we grow used to these worries connected with the worries we've comforted in children. And if we're smart, we deal with them. We get that medical check-up on Steve.

We look straight at our fear of losing a business contract and think, "OK. I'm mad at competition tonight because I don't want to pare our prices on that contract. But that's what has to be done — and tomorrow I'll find the way to do it."

Cleaned Car Avoids Rust

When snow or ice dissolved by rock salt splashes onto a car, it will corrode the finish unless removed promptly. Be sure to wash the car frequently in winter, using hot soap or detergent suds to remove any damaging salt which might cling to the finish.

Koburn Abbey, seat of the Duke of Bedford, is reputedly England's most popular stately home. It draws 350,000 persons a year to tour it. The abbey offers a zoo, a merry-go-round, slot machines, a miniature golf course and paddle boats on 14 lakes.

Small amounts of manganese metal are used to toughen steel. Small amounts in the animal body also serve to toughen the bones.

Face Needs Treatment

Care for That Dry Skin

By JOSEPHINE LOWMAN

Often, different parts of the face require different care and treatment. Suppose, for instance, that the skin of your face and neck is very dry but you have an oily nose.

In this instance you must use a combination treatment. Cleanse your face and neck (all except your nose) with cleansing cream. After removing the cleansing cream, allow a lubricating cream to soak into your epidermis.

SPARE THE NOSE

Use no cream on your nose at all. Wash it with soap and water. Rinse well and apply an astringent or some alcohol or a drying lotion which a dermatologist can give you.

I do not recommend massaging cream into the skin except in certain circumstances. I believe that it is much better to pat it into the skin gently. Exceptions are under the jaw and when lubricating crow's feet at the corners of the eyes.

★ ★ ★

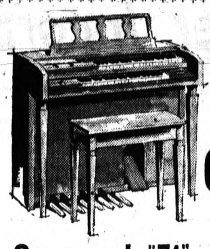
You can slap briskly along and underneath the jawline with benefit. Massage ALONG the little lines at the corners of the eyes, using a fingertip in a rotary motion. Of course you must apply cream first. You will be surprised to see that you can, to a great extent, "iron" out the crow's feet if you do this faithfully each day or night.

The eyelids and the skin under the eyes must be treated very gently. Lightly pat a special eye cream around the eyes. Let this remain on all night. If you do not apply it too heavily it is not unattractive.

Many women are bothered with puffs and lines under the eyes. If this is your problem you will find lots of helpful suggestions in my leaflet, "Puffs and Lines Under the Eyes."

If you would like to have a copy, send a stamped, self-addressed envelope with your request for leaflet No. 60 to Josephine Lowman in care of The Pontiac Press.

To "iron" out those crows feet at the corners of the eyes, apply cream and massage in a rotary motion.



Make this your family's
MELODY CHRISTMAS

Orga-sonic "71" built by Baldwin

It's Baldwin's lowest priced spinet organ for the home—yet it's complete with two 44-note keyboards, 13 pedals and 15 individual voice stops. Company May Relocate if Rochester Incorporates

AREA NEWS

ROCHESTER—The possible relocation of Parke, Davis & Co. should the city incorporation of Rochester become a reality and include the firm's Avon Township facility, was revealed at a public hearing here last night.

The meeting was called "for information only" by the boundaries committee of the Oakland County Board of Supervisors.

Village President Roy Rewold and attorney Arthur Cox represented the village.

The two chosen to speak for the township were Supervisor Cyril S. Miller and Joe Parisi, executive director of the Michigan Townships Association.

However, Miller, after saying, **"I do oppose these and previous boundaries presented," relinquished his remaining time to a representative of Parke-Davis & Co., attorney Clarence K. Patterson of Pontiac.**

Patterson traced the company's local history, telling how it decided to "concentrate all its biological laboratories here.

"The thing that is important in these biological workings is purity," he said.

Summing up the company's stand Patterson said the company has to have "space, pure air and segregated areas." He pointed out that industrial and residential expansion would hinder this.

If plans for cityhood go through, he said, "they may have to find another area where there is no chance of contamination."

Cox, speaking for incorporation, "set the legal and factual stage" of cityhood.

* * *

The attorney listed advantages of cityhood, pointing out the assets of one local government, removal of a partisan element, a new and improved charter and direct representation on the county Board of Supervisors.

Parisi, speaking for the township, said often city boundaries are set up by "speculation, assumption, hypotheses and sheer guesswork."

He discussed the ease of becoming a city and the difficulty of getting out of that position.

It takes a petition with signatures of 1 per cent of the people to bring about a city, he said, but 25 per cent need to sign in order to change the status back.

"The boundary itself is a nice square one," he said, but asked the audience to consider "what is in the boundary."

Rewold in his eight-minute presentation projected slides of the area proposed for incorporation.

He pointed out that boundaries of the proposed city encompass an area of 4⅛ square miles, including a portion of Avon Township, as compared with the present village's area of 1 9-16 square miles.

Rewold traced the existing western and southern limits of the village, stating they would be retained in the city plan.

Dequindre Road would enclose the city on the east and Tienken Road would become the northern edge, according to the map.

"The committee felt very strongly about not taking in more area than could be serviced without burden on existing village taxpayers or taxpayers that are now outside but would be in the proposed city."

EXPRESSES SYMPATHY

Rewold expressed sympathy with the township about its losing the villages' assessed valuation of $6.8 million.

"However," he added, "I can't see paying $8 to $10 per home for so few township services, when services could be adequately given at one cost by one unit of government such as the proposed city."

In another portion of Rewold's presentation he pointed out where Parke, Davis & Co., as well as home owners in the involved area, would pay a smaller total taxation then they are presently charged.

* * *

Closing the meeting, boundaries committee chairman Thomas Tiley complimented the audience and speakers for what he called "by far the most orderly hearing I have ever been to."

Pontiac Press Photo

HEAVE—HEAVE! — Bundled up against bitter cold weather, Michigan Bell Telephone Co. linemen pull on guide lines to lower cables that were in the way of a former convalescent home being moved from Oak Street to Woodward Street in Rochester yesterday afternoon. The house will be converted into a two-family residence and the property where it was located into a parking lot for the Pixley Funeral Home.

2 Communities to Light Trees

Southfield, Romeo Set Ceremonies Tonight

Two area communities will herald the advent of Christmas with tree-lighting ceremonies tonight.

* * *

Southfield's second annual ceremony is set for 6:30 p.m. on the Community Building lawn, and Romeo's official tree dedication will take place at 7.

The city's department of parks and recreation and Kiwanis Club are cosponsoring the Southfield festivities which will be highlighted by the appearance of Santa Claus.

Throwing the switch illuminating the tree will be Mrs. Julia Jacobs, 77, who donated the 50-foot evergreen.

* * *

The Southfield High School band will play holiday music, and the Kiwanians will have surprises for the youngsters.

The Community Building is on 10½-Mile Road, between Telegraph and Berg roads.

Romeo's Christmas tree has been set up on the corner of East St. Clair and Main streets in the heart of the business district.

* * *

Presiding at the ceremonies will be John Medaugh, president of the Romeo Merchants Association. Eight-year-old Yvonne Yntema will press the button lighting the giant evergreen.

* * *

Yuletide musical accompaniment will be provided by the junior high school band, and Rev. Lawrence E. Dunn of St. Clement Catholic Church will give the invocation.

Pontiac Press Photo

GROWS HIS OWN — The selection of a Christmas tree is no problem for Herbert A. Beyer. He can simply step out the front door of his home on his 46-acre farm and choose any one of the 1,000 there ready for cutting. Beyer stands beside one of the "well-shaped" trees growing at his nursery on Brewer Road in Lakeville.

Couple Lives in 'Shangri-La'

Trees Build His Paradise

By ROGER SRIGLEY

LAKEVILLE—Herbert A. Beyer and his wife not only live in Shangri - La, they grow 15,000 Christmas trees there.

Beyer, 65, retired to the 46-acre farm here about 12 years ago after considering locations in Oregon and California.

"We named it Shangri - La because to us it's sort of a lost paradise, it's just what we wanted," he explained.

He and his wife Patricia, 55, describe their trees like rose-growers talking about their prize-winning hybrids.

* * *

"Most growers plant the trees as seedlings and leave them for the Lord to grow, where we try to help Him out and improve their shape and stature," Beyer said.

Pointing at the beautiful specimen in his home at 620 Brewer (33-mile) Road, he said "We had to operate on and prune that tree at least two years ago."

The former coal dealer explained that about 1,000 of the Scotch pines are ready to be chopped down and decorated for this year's holiday season.

"Of course 650 of those trees have been tagged by people since August."

SUNDAY DRIVE

Beyer explained that families come out for a Sunday drive in the fall and select their trees then.

"During those few months the trees don't grow an inch in stature," he added.

The nurseryman attempts to raise the best shaped trees possible. "We begin the trimming when they're two feet tall," he said.

* * *

"At least 80 per cent of them are staked to make sure they grow straight, and often we use bamboo splints to correct angles in the main branches."

Showing the vast fields of trees, Beyer told how he will be supplied with 1,000 "superb" trees per year for the next ten years even if he plants no more.

"Anything that isn't shaped well we chop into wreath material," he said.

He explained that the trees must be trimmed every year in late summer. "They have to be pruned then as that's when the limbs are soft and the buds will develop into branches," he said.

EXPECT TO BE BUSY

The Beyers expect to be busy in the coming days, waiting on new customers and supplying past customers with the trees they have selected earlier.

"We love the work though," he said, "and are glad to offer a tree where the buyer doesn't have to worry about covering up holes."

"We enjoy sharing the excitement of a family picking out their own tree while it's still growing," he added.

Wixom Decides to Give County Its Part of M218

WIXOM — The portion of Pontiac Trail (M-218) which runs through Wixom will be turned over to the Oakland County Road Commission, it was decided last night by the City Council.

* * *

The State Highway Department is abandoning Pontiac Trail as a state-operated road. Municipalities along the route are being asked to take over ownership.

Councilmen here decided, however, that the city could not afford the maintenance costs if it became Wixom's property.

* * *

The road will become the responsibility of the county in municipalities which do not ask to take it over.

Visit by Santa to Help Needy

Children Asked to Bring Staples

DAVISBURG — A visit here this weekend by Santa Claus will serve a dual purpose — entertainment for children tomorrow and aid for needy families on Christmas Day.

* * *

Santa will arrive here at noon tomorrow for a special children's program at the Springfield Township Hall. He will hand out free popcorn and show cartoons, movies and other features to delight the youngsters.

Parents are asked to send canned vegetables, meats and other kitchen staples with the children who attend.

The food will be used to provide Christmas baskets for less privileged families in Springfield, Rose, Groveland and White Lake townships.

* * *

The project is cosponsored by Davisburg Community Activities Association and the Davisburg Junior Chamber of Commerce.

Five Choirs Will Perform

UNION LAKE —**The five choirs of Commerce Methodist Church, 1155 W. Commerce Road, will present the annual festival of songs at 7:30 p.m. Sunday.**

* * *

Choirs include the chancel, Wesleyan, choralier, carol and rhythmic. Directing the festival will be George Scott, Mrs. George Armstrong, Mrs. Jack Kelly and Mrs. George Scott.

Mrs. Lester Ettinger will be organ accompanist.

70 Firemen From Six Units Battle Blaze at Wixom Farm

WIXOM — Seventy firemen from six West Oakland County departments were called out in zero weather last night to battle a fire on the farm of Lloyd Croft, 50403 Pontiac Trail.

* * *

Although hampered by a poor water supply when they first arrived, firemen saved all but one structure in a complex of farm buildings behind the Croft home.

No one was injured.

The Wixom Fire Department, called to the scene about 5:45 p. m., quickly called for assistance from neighboring communities.

Additional men and equipment were dispatched from Walled Lake, Commerce Township, Milford Township, Lyon Township and Novi.

Flames destroyed a long, low building housing cattle and feed which was about 35 feet from the rear of the Croft home.

* * *

Some 50 head of cattle were led to safety by the farm owner.

Wixom Fire Chief Robert Potter said flames also threatened the farm house and a large main barn during the height of the blaze.

* * *

Hoses were extended three-tenths of a mile along Pontiac Trail to Norton Creek.

Tank trucks shuttled back and forth to the Lincoln assembly plant 1½ miles away for another water source.

The blaze was under control in three hours but Wixom firemen remained until 5 a.m. today.

* * *

Potter said the blaze apparently was caused by defective wiring in the approximately 100-foot long cattle barn. There was no estimate of damage available, he said.

Cub Scouts Plan Carols

ORION TOWNSHIP — The cub scouts of Pack 59 will have a Christmas caroling party and bonfire wiener roast at 5 p.m. tomorrow at the home of Mr. and Mrs. James Wiles, 2512 Flintridge St.

Yule Drama Slated at Rochester Church

ROCHESTER — The play "Three Wise Men and a Miracle" will be presented at 7 p.m. Sunday by members of the senior youth fellowship of St. Paul's Methodist Church, in the church sanctuary.

* * *

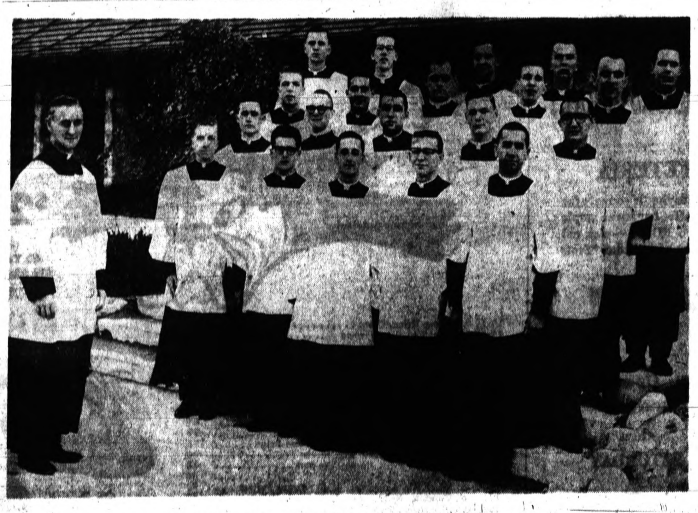
The half-hour drama was written for sanctuary presentation by the church's pastor, J. Douglas Parker.

* * *

The children's Galilean choir will also present a short concert of Christmas music at the public event.

Named to Farm Bureau

ATLANTA (AP) — Walter Wightman of Fennville, Mich., was one of 12 members chosen yesterday for the 26-member board of the American Farm Bureau Federation.



Rev. Henry A. Waraksa, Director, and Schola Cantorum

Yule Musicale This Sunday

Orchard Lake Choirs Ready Annual Sing

ORCHARD LAKE — The 16th annual Christmas musicale at St. Mary's of Orchard Lake will be held here Sunday at 7:30 p.m.

* * *

Featured will be the Scola Cantorum, the St. Cyril and Methodius Seminary choral group which has made 25 consecutive annual radio broadcasts over national and international radio networks.

This year's broadcast will be heard at 9:30 p.m. Dec. 20 over radio station WJR.

The St. Mary's College Choir under the direction of Victor Lisek will sing a series of selections including the Simeone arrangement of "The Little Drummer Boy."

"Lo! How a Rose" and "Rudolph the Rednosed Reindeer" will be among the lighter melodies provided by the St. Mary's High School Glee Club.

The rector, Rt. Rev. Msgr. Wallace Filipowicz, will introduce the program with official lighting of the Christmas tree.

The program is under the direction of Rev. Henry Waraksa. Rev. Walter Ziemba will be commentator.

A Polish custom, community participation of the opatek or Christmas wafer, will conclude the program.

Santa to Give Gifts in Holly Appearance

HOLLY—Free gifts will be presented to area children by Santa Claus tomorrow from 11 a.m. to 1 p.m. at Wheeler Motor Sales, 103 N. Saginaw St.

Following Santa's visit, a free movie program will be presented for the youngsters at the Holly Theater, 104 N. Saginaw St.

The program is sponsored by the Holly Board of Commerce.

Ride a Horse!

Historical Art Rumored to Be Jackie's Gift to JFK

BY HELEN THOMAS

WASHINGTON (UPI)—First Lady Jacqueline Kennedy does her Christmas shopping early—starting usually in September. Most of her personal gifts have been purchased—but the White House says they are a deep, dark secret.

Mrs. Kennedy includes among her presents to President Kennedy a book or an object of historical value.

The word from New York is that this year she is giving her husband a gift in the art line with an accent on history.

On Christmas day some of the gifts to five-year-old Caroline Kennedy and 2-year-old John Jr., are expected to be revealed—probably by Press Secretary Pierre Salinger at hot and sunny Palm Beach, Fla., where the President and his family will be vacationing.

If Santa Claus comes through for Caroline—any gift in the pony department will be fine. Her little brother is a music-lover.

One thing is certain, the President and Mrs. Kennedy will not be giving the First Family records to their friends.

Word around the White House is that it is not the most popular disc in the mansion.

Incidentally, the New Frontier will desert Washington over the Christmas holidays.

The Kennedys will spend Christmas and New Years at the Florida resort with other members of the clan.

President and Mrs. Kennedy will spend the holidays at the eight-bedroom, white frame mansion loaned by Col. Capton Michael Paul, a long-time friend of the President's father, ailing former Ambassador Joseph P. Kennedy.

Also expected to gather at Palm Beach are the Sargent Shrivers (she's the President's siste r Eunice) and Sen.-elect Edward Kennedy, his wife Joan and their two children.

★ ★ ★

Vice President and Mrs. Lyndon B. Johnson and their two daughters Lyndia Bird, 17, and Lucy Baines, 15, will spend their traditional Christmas holiday at the LBJ ranch in Texas.

TO STAY HOME

Atty. Gen. and Mrs. Robert Kennedy and their seven children will keep the home fires burning by celebrating Christmas at their McLean, Va., estate, Hickory Hill.

Defense Secretary and Mrs. Robert McNamara and their family are planning their annual Christmas sojourn on the slopes of Aspen, Colo., where they will be able to ski every day.

Health and Welfare Secretary and Mrs. Anthony J. Celebrezze will spend their first Christmas in Washington with their children. Labor Secretary and Mrs. W. Willard Wirtz are planning to spend the holiday with the secretary's father at De Kalb, Ill.

Good friends of President and Mrs. Kennedy—the Charles B. Wrightsmans—are expected to have the White House couple as their honor guests at their traditional New Year's party at Palm Beach.

Oil magnate Wrightsman has an oceanside mansion near the resort home where the Kennedys will be staying.

O'Hare Crash Blamed on Mechanics

By ROBERT J. SERLING
UPI Aviation Editor

WASHINGTON — The Civil Aeronautics Board yesterday blamed the 1961 crash of a Northwest Airlines Electra at Chicago's O'Hare Airport, in which all 37 aboard died, on improper installation of a vital control part by mechanics.

★ ★ ★

The big prop-jet crashed shortly after taking off when the aileron in the left wing (ailerons control turns and banks) locked while in a slow turn.

SERLING

The plane, Flight 706 to Miami with 32 passengers and a crew of five, continued in its gradually increasing bank until it hit the ground and exploded.

The CAB said its investigation determined that Northwest mechanics, in replacing the hydraulic boost system that moves the ailerons like power steering on an automobile, left two cable connectors unsafetied and unscrewed.

When the new unit was installed about two months before the Sept. 17 crash, mechanics failed to tighten and resafety the connectors and the cables gradually worked loose and failed.

The CAB report was sharply critical of unnamed maintenance personnel, and to a lesser extent of Northwest's then-existing maintenance training procedures which were subsequently strengthened.

The Federal Aviation Agency several months ago fined two of the mechanics involved $100 each for the improper installation.

★ ★ ★

"Maintenance and inspection personnel showed an ignorance or disregard of published directives and instructions," the CAB said.

The report cited numerous errors of omission and/or commission which culminated in the fatal crash, including:

—Failure of one work shift to advise the following shift what had been or had not been done on the aileron installation.

—Inadequate inspection throughout the installation.

—Failure to follow Lockheed and Northwest manuals detailing installation procedures.

—"Sporadic and inadequate" training of maintenance personnel, particularly in the flight control systems.

Pontiac, Nearby Area Deaths

MRS. ALFONSO ALVARADO

The Rosary will be recited at 7:30 p.m. today in the Melvin A. Schutt Funeral Home for Mrs. Alfonso Alvarado, 46, of 466 Central Ave.

Service will be 10 a.m. tomorrow in St. Vincent de Paul Catholic church with burial in Mt. Hope Cemetery.

Mrs. Alvarado died yesterday after an illness of five months. She was a member of St. Vincent de Paul Church.

Survivors include her husband; three children, Alfonso, Jessie and Virginia, all of Pontiac; and three sisters, Mrs. Carmel Gonzales, Mrs. Concha Gonzales, and Mrs. Clemencia Villa, all of Pontiac.

'MRS. EDWARD ELKINS

Service for Mrs. Edward (Theresa B.) Elkins, 71, of 17 Edward St., will be at 1:30 p.m. Monday in Sparks-Griffin Chapel with burial in Perry Mount Park Cemetery.

Mrs. Elkins died yesterday after an illness of several weeks.

Surviving are a daughter Mrs. Tarrance Bolin of Pontiac; a son Eugene F. of Pontiac; seven grandchildren; three great-grandchildren; and a brother Chester Brendel of White Lake Township.

MRS. EARL H. KLINE

Service for Mrs. Earl H. Kline, 54, of 5605 Williams Lake Road, Waterford Township, will be at 1 p.m. Monday in the Donelson-Johns Funeral Home with burial in White Chapel Memorial Cemetery.

Mrs. Kline died yesterday in Pontiac Osteopathic Hospital after an illness of three months. She was a member of Community Bible Church and past Noble Grand of Rebekah Lodge No. 450.

Surviving are her husband; her mother, Mrs. Orville Bills of Onaway; two sons, Richard Tate of Pontiac and Robert Tate of Ann Arbor; three daughters, Mrs. Anthony Zografos of Waterford Township, Mrs. Tennyson Wismer, Goodrich, and Mrs. Gerald Frick of Union Lake, and seven grandchildren.

Also surviving are a brother John Bills of Pontiac; and five sisters, Mrs. Herbert Tlougan of Pontiac, Mrs. Herbert Winkle of Harbor Beach, Mrs. Cecil Taylor of Detroit, Mrs. Dean Ford of Iron River and Mrs. Eugene Beckman of Marquette.

BABY BOY WALTZ

Graveside service was held yesterday afternoon at Evergreen Cemetery, Detroit, for the infant son of Mr. and Mrs. Timothy Waltz of 4024 Louella St., Waterford Township.

The baby was dead at birth Tuesday in St. Joseph Mercy Hospital. Arrangements were by the Coats Funeral Home.

Surviving besides the parents are grandparents Mr. and Mrs. Vernon Waltz of Waterford Township and Mr. and Mrs. Luke Arama of Pontiac; and a great-grandmother, Mrs. Bella Perverton of Birmingham.

HENRY AMES

HIGHLAND TOWNSHIP—Service for Henry Ames, 80, of 1998 Jackson Blvd., will be 3 p.m. tomorrow at Richardson - Bird Funeral Home, Milford. Burial will be in Highland Cemetery.

Mr. Ames died at his home yesterday after an illness of four weeks. He was a retired Detroit DSR motorman.

Surviving are: four daughters, Mrs. Paul Keller of Highland, Mrs. George Lynch and Mrs. Florence Smith, both of Detroit, and Mrs. Ernest Hunger of Hazel Park; a son, George of Detroit a sister; 10 grandchildren and 13 great-grandchildren.

HERSCHELL D. BRITTON

TROY — Service for former Troy resident Herschell D. Britton, 61, of Flint, will be at 2 p.m. tomorrow at the Price Funeral Home. Burial will be in White Chapel Memorial Cemetery.

Mr. Britton died Wedensday at Hurley Hospital, Flint, from injuries suffered in an automobile accident.

Surviving besides his wife Jean are: six sons, Herschell of Berkley, Donald of Royal Oak, Robert of Avon Township and Jack, Earl and Melvin, all of Troy; two daughters, Mrs. Carroll Lockhart of Simi, Calif., and Leslie J. Britton at home; a stepdaughter, Mary Ann Stewart at ohmme; 25 grandchildren; and two sisters.

MRS. HAROLD M. FRENCH

WALLED LAKE — Graveside service for Mrs. Harold M. (Katherine) French, 83, of 2309 Indiana St., was held at 10 a.m. today in the Acacia Park Cemetery, Beverly Hills, under supervision of the Richardson-Bird Funeral Home.

Memorial service will be 4 p.m. Sunday at the Church of the New Jerusalem, Troy.

Mrs. French died at her home Wednesday after a six-month illness. She was a charter member of the Ladies Auxiliary of Lawrence Sims Post No. 3952, Veterans of Foreign Wars, and a member of the Civic Club of Walled Lake.

Surviving are three sons, Arthur W. of Detroit, Gerald M. of Partridge, Ill., and Robert H. of Melrose, Ill.; a sister and three grandchildren.

MRS. ARTHUR J. McCLELLAND

WIXOM —Service for Mrs. Arthur J. (Mary M.) McClelland, 51, of 30000 Beck Road will be 3 p.m. Sunday at the Richardson - Bird Funeral Home, Walled Lake. Burial will be in Walled Lake Cemetery.

Mrs. McClelland died yesterday at Pontiac General Hospital after a two-week illness.

Surviving besides her husband are six sons, Warren Banfield of Haslet, Wilfred Banfield of Hudson, Leroy Wixom of Novi, Floyd McClelland of Pinkney, Ronald McClelland of Pinckney, Ronald land, both of Wixom; and five daughters, Mrs. Daniel Burks of Walled Lake, Mrs. Rex Drayton, Mrs. Lyle Johnson, Mrs. Travis Willis and Mrs. Mary Lou Albright, all of Howell.

HARVEY F. NELSON

PONTIAC TOWNSHIP — Service for Harvey F. Nelson, 70, of 4443 Homesite Drive, will be 2 p. m. Monday at the Sharpe-Goyette Funeral Home.

Mr. Nelson died unexpectedly at his home yesterday. He was a carpenter.

Surviving are two sons, Alexander of Oxbow Lake and Arnold of Clarkston; three daughters, Mrs. Moody Tice of St. Petersburg, Fla., and Mrs. Betty Mastick and Mrs. Mary Olson, both of Pontiac; two brothers, Anthony of Clare and Elmer of Pontiac; three sisters, Mrs. Roy Shook of Detroit, Mrs. Susan Curtis of Rochester, and Mrs. Ilene Cook of Pontiac; and several grandchildren.

JOHN PUTMAN

CLARKSTON — Former resident John Putman of Howell died this morning at McPherson Hospital, Howell. His body is at Sharpe-Goyette Funeral Home.

MRS. HARRY C. WALTERS

FARMINGTON TOWNSHIP — Service for former resident Mrs. Harry C. (Marie) Walters, 88, of Livonia, will be 1 p.m. tomorrow in the Spencer J. Heeney Funeral Home.

Burial will follow in North Farmington Cemetery.

Mrs. Walters died yesterday after a lengthy illness. She was a member of Chapter No. 239, Order of the Eastern Star and Bushnell Congregational Church, Detroit.

Surviving are a son, Frank, of Livonia, a sister, a brother, three grandchildren and five great-grandchildren.

Antitax Unit to Dump Tea

DETROIT (AP) — With Detroit's temperature flirting with zero, the Vigilance Tax Committee today announced plans for a reenactment of the Boston Tea Party on the Detroit River Saturday.

It's apt to be cold — and icy — on the river.

Mayor George W. Kuhn of Berkley, chairman of the committee, said men in Indian costumes and carrying tomahawks will "raid" a cruiser loaned for the occasion and dump tea in the river.

The committee will use the gimmick in an attempt to spur signatures to petitions to ask the legislature to outlaw city income taxes without prior voter approval and to exempt nonresidents from such taxes.

Judge Adjourns Hearings on Green Door Arrests

Municipal Court hearings have been adjourned until Dec. 27 for 52 persons arrested in a raid on an alleged illegal liquor establishment Dec. 1.

The raid by members of the Pontiac Police vice squad and sheriff's deputies was strongly protested by Mayor Robert Landry and City Commissioner Milton R. Henry.

Henry, an attorney, is representing the defendants.

★ ★ ★

The postponement was granted yesterday by Municipal Judge Cecil McCallum after receiving a motion from Henry to dismiss the charges against those taken into custody on the raid of the Green Door Bachelor's Club at 82 Branch St.

Judge McCallum said he wanted time to study the motion.

All were to appear before McCallum yesterday after pleading innocent to charges before him the morning after the raid.

CHARGES MADE

All but three of the 52 were charged with loitering in an illegal liquor establishment.

Mrs. William Walker, 30, of 161 Branch St., was charged with maintaining and operating an illegal liquor establishment.

Two others were charged with aiding and abetting in the operation. They are Richard Boykins, 40, of 76 Branch St., and Herbert Alston, 34, of 201 Eastmoor St.

★ ★ ★

At the Dec. 4 commission meeting, Henry objected to police confiscating furnishings from the establishment and demanded that City Manager Robert A. Stierer have furniture returned.

Stierer ordered the items returned the next day.

Landry called for the firing of Lt. William Nesbitt, head of the vice squad, "if any one of the 52 persons is found not guilty in court."

Southfield Man Sentenced in Wage Violation

DETROIT (AP) — Henry A. Harwoods, 55, a Southfield businessman, was sentenced in U. S. District Court yesterday to a year and a day in federal prison for violating the federal wage and hour law.

U. S. District Judge Talbot Smith also ordered Harwoods to give 42 employes $2,729 in back wages and to pay $513 in court costs.

Nicholas M. Spoke, deputy regional attorney for the U. S. Department of Labor, said Harwoods paid the employes less than the $1 an hour federal minimum wage then in effect and failed to pay them time and one-half for overtime work.

Harwoods' plant at 22700 W. Eight Mile Road, Southfield, produces wood pallets.

Ten years ago there were five million harp seals in eastern Canada; now there are only about half that number.

NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing will be held by the Pontiac City Commission Tuesday, the 22nd day of January, 1963 at 8 o'clock p.m. EST in the Commission Chamber, City Hall on the proposed vacating of the 20 foot alley lying between Lots 132 and 133 Gillespie and VanWagoner Addition, in accordance with the following resolution adopted by the City Commission December 11, 1962:

"By Comm. Henry supported by Comm. Kirby. Whereas, the City Plan Commission recommends the vacating of the alley described as being in Gillespie and VanWagoner Addition, City of Pontiac, Oakland County, Michigan Liber 6, page 38 of Plats, described as:

"The 20 foot alley lying south of a line drawn between the NE corner of Lot 48 and the NW corner of Lot 49 and north of a line drawn between the SW corner of Lot 132 and the SE corner of Lot 133 Gillespie and VanWagoner Addition."

Whereas, the City Plan Commission further recommends that after the public hearing before the City Commission on the vacating, that the adoption date be deferred until Lot 129-133 both inclusive, Gillespie and VanWagoner Addition is zoned Commercial.

Therefore be it Resolved, that a public notice be given in accordance with Section 2, Chapter XIII of the City Charter, as amended, of the proposed vacating of the 20 foot alley lying between Lots 132 and 133 Gillespie and VanWagoner Addition.

Be it further Resolved, that vacating of the alley be contingent upon the rezoning to Commercial classification of Lots 129 and 133 both inclusive, Gillespie and VanWagoner Addition in accordance with Resolution No. 994.

Be it further Resolved, that a public hearing be held on the proposed vacating of the above described alley on Tuesday, the 22nd day of January, A.D. 1963 at 8 o'clock p.m. Eastern Standard Time in the Commission Chamber, City Hall."

By order of the City Commission.
Dated December 12, 1962

OLGA BARKELEY
City Clerk
Dec. 14, 1962

Addition Cost at $122,981

Estimate From Plans for Irving Elementary

The scheduled addition to Irving Elementary School is expected to cost $122,981, according to preliminary architectural plans approved last night by the Pontiac Board of Education.

The school is located at 1830 W. Square Lake Road, Bloomfield Township, but serves the Pontiac Public School District.

The addition consists of two self-contained classrooms, measuring 30 by 30 feet, and a 66- by 47-foot multipurpose room.

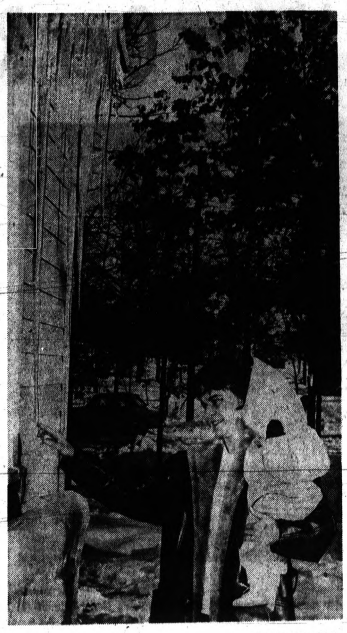
The total square footage including connecting structures will be $7,154. Completion of the building addition is set for Aug. 30, 1963.

Harry M. Denyes of the Harry M. Denyes Associates architectural firm, said the schedule for erecting the addition is a tight one.

However, he assured the board the firm would expedite construction as much as possible.

Approval of preliminary drawings yesterday allows the architect to prepare working drawings and specifications.

Bids on construction are scheduled to be accepted Feb. 14, 1963.



Pontiac Press Photo

COULDN'T CARE LESS — "Sure, it's big, mom, but let's get back in that warm house," might have been the remark of 6-month-old Timmy Adams. He was more concerned about the cold air than the giant 4-foot icicles his mother, Mrs. George Adams, 6908 Lotus Drive, Waterford Township, was pointing out to him.

Petition Deadline for April Vote Nears

Deadline for filing nominating petitions for the April 1 township elections with township clerks is 4 p.m. Dec. 31, Oakland County Elections Clerk Mabel Child reminded candidates today.

The primary — where necessary — is scheduled for Feb. 18.

Most of the county's cities also will hold elections April 1, but filing deadlines are set by city charters. Unlike township elections, those in the cities are nonpartisan.

Village elections are set for March 11, with filing deadline dates also set by their charters.

JFK Labels Chicken Pox Communicable Disease

WASHINGTON (UPI) — President Kennedy has proclaimed chicken pox a communicable disease — an important step in enforcing federal regulations on reporting communicable diseases.

The executive order also included other communicable diseases ranging from yellow fever to anthrax.

Signed Statements Admitted in Evidence

A ruling that signed statements of two defendants — a key part of the prosecution's case — would be admitted in evidence, marked the first - degree murder trial of three Pontiac men yesterday before Circuit Court Judge Clark J. Adams.

Defense attorneys John O'Connell of Detroit and Donald A. Brown of Royal Oak challenged the validity of statements admitting the robbery and killing of Pontiac market owner Eftimias Vasiliou July 30.

They asserted that Joseph Page, 26, of 249 Orchard Lake Ave., and Benny L. Spells, 23, of 235 S. Anderson St., were questioned by police some 19 hours before they made the statements.

Pontiac Police Capt. Donny E. Ashley testified that Page and Spells implicated the third defendant, R. G. Stroman, 29, of 235 S. Anderson St., in Stroman's presence.

Sgt. Charles Meyers of the state police crime lab told the jury of eight women and four men that he could not establish positively that the .22 calibre bullets taken from Vasiliou's body were fired from a revolvr found in the apartment of Page's brother.

Meyers said, however, that the bullets were "probably" fired from the gun.

County Assistant Prsecutor Robbert Templin called seven witnesses as the trial opened after a two-day delay caused by a shortage of prospective jurors and Stroman's demand for a new lawyer.

2 Jury Shortages in Week Confound Court

By JIM DYGERT

It hadn't happened in 20 years, but it happened twice this week.

Oakland County Circuit Court again yesterday found itself without enough jurors to proceed with the administration of justice.

Circuit Judge Frederick C. Ziem ordered an additional 50 jurors summoned after the supply was exhausted by 21 peremptory challenges by defense attorneys and the judge's own excusing of several prospective jurors.

It happened as the court sought in vain to impanel 12 jurors to hear the trial of three men charged with kidnaping and robbing Royal Oak gas station chain owner J. J. Levy Sept. 5.

Tuesday Circuit Judge Clark J. Adams found himself in the same predicament at the first-degree murder trial of three Pontiac men for the July 30 slaying of Pontiac market owner Eftimias Vasiliou.

★ ★ ★

Of the 25 more ordered by Judge Adams and notified by sheriff's deputies that night, 13 appeared Wednesday morning.

Eleven passed preliminary screening. From among these were drawn the jurors needed to start the trial.

Now the court is out of jurors again, and it may not be the end of the tribulation. Even if all 50 ordered by Judge Ziem were to appear today, that might not be enough.

20 CHALLENGES EACH

Each of the three defendants is entitled to 20 peremptory challenges because the crimes charged against them carry maximum penalties of life imprisonment.

Assistant Prosecutor William Lang also gets 15 if he so desires.

This makes a grand total of 75 possible peremptory challenges, and only 21 have been used.

Judge Ziem said numerous such challenges had not caused a jury shortage for more than 20 years.

★ ★ ★

It could not have come at a worse time for Chief Assistant Prosecutor Robert D. Long, whose careful scheduling of trials had already been mangled out of recognition by the first shortage.

Long said the rare development arose from having at the same time two trials involving three men each on charges carrying the life imprisonment maximum.

Observers noted with admiration how calmly Long took the whole thing.

CLERK-REGISTER TIRED

County Clerk-Register Daniel T. Murphy, whose responsibility it is to round up additional jurors, looked somewhat exhausted.

Murphy said it probably never would have happened if the county had a commission to screen prospective jurors before a jury term began.

Of 135 summoned for the current term, only 71 were left after screening. Of 15 more called, only seven survived.

This total of 78 was upped to 89 by Judge Adams' new jurors, but 36 are hearing other cases.

Defendants in the trial before Judge Ziem are Joseph Loncar, 35, and James E. Wilson, 27, both of Lincoln Park, and Joseph Welch, 38, of Hazel Park.

They are accused of taking at gunpoint, Levy, owner of Oakland County Cas & Oil Co. and its 17 service stations, from his home to his main station and forcing him to open a safe.

Five Sororities Disband in City

High School Groups Tell Board of Action

Five Pontiac high school sororities have notified the Pontiac school superintendent that they have disbanded.

★ ★ ★

The move came in compliance with a Pontiac Board of Education order to adhere to a state law banning "secret" societies.

Supt. Dana P. Whitmer informed the board following last night's public meeting that he had received letters from sponsors of five groups.

The groups are Amies, Keloa, Stabafa, Trabajamas and Ingenues sororities.

OTHERS SILENT

No official word has been received from the two or three remaining groups.

The board ruled Sept. 20 that high school sororities would have to open up their membership to all or go out of business.

The board at the time gave the groups two months to settle their affairs.

While board members praised the public service work done by the groups, they took the move in the belief that the groups came within the meaning of a state law banning secret high school societies.

The school attorney, Harold Dudley, had advised that the local sororities specifically were included in the state law which bars high school groups in which existing members elect future members.

County Man Is Named to U.P. Council

General Motors Corp. Group Vice President Edward N. Cole, 1371 Kirkway St., Bloomfield Township, is one of four industrialists appointed to the Council for Operation Action in the Upper Peninsula.

Appointment of a total of 14 industrial, educational and community leaders to the group was announced yesterday in Detroit by Detroit Edison Co. President Walker Cisler and Edgar Hardeen, president of Northern Michigan College at Marquette.

The council of leaders from Michigan's upper and lower peninsulas was created in October with an original membership of nine following a series of conferences across the Upper Peninsula to promote the area's lagging economy.

★ ★ ★

Cisler and Harden said the council was created to make available the kind of experience useful in planning for the development of the UP resources, to assist and work with present organizations in the UP having common economic growth objectives, and to provide an office in the UP to serve as a focal point for economic growth programs.

Royal Wedding April 24

LONDON (UPI) — The wedding of Princess Elexandra and Angus Ogilvy will be in Westminster Abbey April 24, the royal family announced last night. The princess is 25. Her fiance, a 34-year-old son of the Earl of Airlie, is a financier.

Oakland Joins 2 Counties

Increase Shoplifter Vigil

Oakland County is joining Wayne and Macomb counties in a crackdown on shoplifters, County Prosecutor George F. Taylor said yesterday.

Taylor met with the prosecutors from the other two counties to discuss the problem posed by an increase in shoplifting during the Christmas shopping rush.

Store officials who apprehend shoplifters are advised to turn the suspects over to police or the prosecutor's office, Taylor said.

★ ★ ★

He also cautioned shoppers to pay attention to the amount of change they receive after paying for merchandise with currency.

Several complaints by shoppers of being shortchanged have been received, he said.

Red Wings Blow Hot, Cold in Victory Over Rangers

BOUNCING OUT — New York Rangers' goalie Lorne Worsley spreads on the ice in front of the net to bounce back a shot by Red Wing Gordie Howe (9) in the second period of their game in Detroit last night. Detroit's Norm Ullman (7) is on the rebound but failed to score. The Wings won, 3-2.

AP Photofax

Flub Chances After Blitz in 1st Period

Worsley, Sawchuk Keep Nets Empty With Top Tending

From Our News Wires

DETROIT — The Detroit Red Wings were hotter than July for the first 10 minutes last night, then blew colder than the blizzard in Western Michigan.

★ ★ ★

And it's a mystery to coach Sid Abel how they manage to get along while flubbing so many opportunities.

Ten minutes of deadliness offset 50 of misfiring last night as the Wings staved off the New York Rangers, 3-2. It was their third victory against a tie and one loss in five games.

"I nevr saw so many good chances missed," said Abel, happy to accept victory when the team easily could have lost. "I'd better start giving these guys some eyewash to help them find the goal."

"Eyewash, my eye," said Capt. Alex Delvecchio, "you'd better give me some soap flakes. Maybe I couldn't see and then I'd score."

SIX SHOTS

Delvecchio fired six of the Red Wings' 41 shots at goal and went through his seventh straight scoreless game. He and Parker MacDonald missed wide open scoring chances as the Wings are scrambling to hold their lead late in the game.

It was an important victory, moving the second place red-shirts to within two points of the pacesetting Chicago Black Hawks who they bump into here Saturday afternoon.

Ranger goalie Gump Worsley was the man most responsible for stemming what looked like the beginning of a Detroit rout.

★ ★ ★

The stubby netminder, who is recovering from an injured shoulder, turned away 38 Red Wing shots.

Detroit's Terry Sawchuk, making his first start since injuring his shoulder in practice Dec. 4, kicked away 29 ranger shots, some sensationally.

QUICK GOALS

The Wings bunched their three goals — Delvecchio assisting on all three —into the first 9 minutes, 41 seconds. They then spent the remaining 2½ periods taking futile potshots at Worsley or missing the net entirely.

MacDonald, Gordie Howe and Floyd Smith did the Red Wings' scoring before the Rangers erected some sort of unpenetrable barrier at their goal.

Harry Howell and Bronco Horvath retaliated, cutting the three-goal lead to 3-2 before the end of the first period.

The Black Hawks visit Detroit for a game tomorrow afternoon.

Montreal and Boston tied 1-1 in last night's other NHL game. Forbes Kennedy scored the Bruins' goal in the first period. Claude Provost matched it for the Canadiens in the second period.

The deadlock lifted the Canadiens into a third-place tie with Toronto, four points behind Detroit.

From The PRESS BOX

Dick Doerr, 1961 Pontiac Central High School graduate, is one of eight returning lettermen on Wooster College's swimming team which opened its 1962-63 season this week. Doerr, a sophomore, holds school records in breaststroke and individual medley events.

★ ★ ★

St. Frederick's basketball game Saturday with Detroit St. Agatha, originally scheduled for Madison Junior High, will be played instead at Jefferson Junior High. The reserve game starts at 6:45 p.m.

★ ★ ★

Susan James and Robert Brooks of the Oakland County Sportsmen's Club have been elected to the board of directors of the Michigan Rifle and Pistol Shooting Association.

★ ★ ★

Area ski resorts — Alpine Valley, Grampian, Christie, Dryden, Holly, Summit, Brighton and Pine Knob — are open with skiing reported, "good to excellent." No report has been received from Teeple Hill or Pontiac Lake.

PCH, Northern Seek First League Wins

Pontiac Central and Northern are on the road today seeking first conference victories.

★ ★ ★

The Chiefs travel to Bay City Central for a Saginaw Valley contest while the Northern Huskies are making their initial Inter-Lakes start at Walled Lake.

Waterford also opens its I-L season at Farmington.

St. Frederick goes to Waterford Our Lady of the Lakes while St. Michael is entertaining Orchard Lake St. Mary in Northwest Catholic tussles.

Big game in the Wayne-Oakland has Northville playing at West Bloomfield.

Emmanuel Christian, after fairing poorly at home, will try to improve its 1-4 record at Lansing Boys Vocational.

Former South Lyon mentor Bob Meeth is coaching Bay City Central's cagers this season. And he has taken his fast break offense with him.

Saginaw successfully "slowed" the Wolves with a pressing defense in their only game and PCH is expected to use the same tactics. The Chiefs, with a 0-2 overall mark, are favored.

Likewise, PNH is expected to hand Walled Lake its 22nd straight defeat. The Huskies are running and Walled Lake doesn't appear to have the necessary experience to keep up.

St. Fred has been upset in its last two outings and must win over Our Lady to stay in contention for the league championship.

★ ★ ★

St. Michael could be in for trouble. The Shamrocks have been idle for two weeks after posting victories over Utica St. Lawrence and St. Fred and OLSM has a veteran quintet.

Waterford's chances appear slim. Farmington will send its veteran team on the floor hoping to get off to a fast start in league play.

Kettering goes to Lapeer with hopes of starting its Tri-County season on a winning note.

West Bloomfield may have more trouble than expected with defending W-O champion Northville. The Mustangs have Jim Juday back in harness and his presence perked them up enough to puset Plymouth in their last game.

Manager Will Visit Machen at Hospital

NAPA, Calif. (AP) — Manager Sid Flaherty was expected to visit his heavyweight challenger, Eddie Machen, today in the Napa State Hospital here.

Flaherty told hospital authorities over the telephone he was flying in from Montana and possibly might not arrive until Saturday, however.

Machen was discovered Wednesday night sitting in his car with a revolver and a suicide note. He told a highway patrolman he had fired three shots into a mudbank. Contents of the note were not revealed.

DOUBLE KNOCKOUT

Machen came calmly to the hospital. But later Wednesday night he knocked out two attendants before he was overcome and placed under heavy sedation.

"I don't know whether he was trying to escape or what," said Dr. Theodore K. Miller, superintendent and medical director at Napa. "He's disturbed, upset. We are taking care of his acute symptoms first."

★ ★ ★

The Negro fighters' attractive wife, Charlotte, was shaking when she left him Thursday.

"He was trying very hard to get a fight lined up with anyone," she said. "Fighting was his profession and he wanted to work at it. He was worried about family finances."

The Machens have three children, aged 9 months, 21 months and 5 years.

Mrs. Machen was accompanied by her mother, Mrs. Edna Dotson, and the boxer's brother, Bob. Both live in El Cerrito while the fighter, his wife and children now live in Portland, Ore.

TEST RESULTS

A series of tests will be given Machen before a report is made in Solano County Superior Court next Tuesday.

Machen, 30, fought last in July against Cleveland Williams in Houston, Tex. It was a draw and a fight dull enough to diminish the chances of either fighter for a shot at the title.

Williams had been knocked out twice by champion Sonny Liston, but Machen had avoided hitting the canvas in a decision loss to Liston over 12 rounds in 1960.

Celtics Again Trip Pistons

Scott Hits 34 Points in Defeat at Boston

PROVIDENCE, R. I. (AP) — Detroit's Ray Scott led all scorers with 34 points but his high-scoring effort failed to break the Boston Celtics' jinx over the Pistons and preserve Detroit's slim winning streak.

★ ★ ★

Trailing through most of the first half, the Celtics went ahead 51-50 on veteran Tom Heinsohn's fourth straight point in the third period last night and surged to a 103-93 National Basketball Association victory.

The Boston victory snapped Detroit's winning streak at three. The Pistons had won seven of their last nine games before bowing to Boston for the fifth straight time this season.

Detroit, paced by the 6-foot-9 Scott, who hit on eight of 10 shots from the floor in the opening half, led by as many as 12 points before Boston tied it 44-all at intermission.

Heinsohn wound up with 26 points, high for Boston. Bob Cousy had 17, Bill Russell 16 and Havlicek 12.

★ ★ ★

Following Scott in the Detroit scoring were Bailey Howell, with 20 and Don Ohl, with 16.

In the only other game scheduled, Cincinnati crept to within two games of Syracuse with a 142-123 whipping of Chicago that snapped a five-game losing streak.

Gleeks Finally Lose in Volleyball League

The Gleeks, having suffered their first defeat of the season, enter the final week of the first-half season in a three-way battle for the title with defending champs Lotus Lake Blues and the Butterfingers in the Waterford Township Recreation Department men's volleyball league.

After taking two games from Lake Oakland Heights (15-7, 15-5) to stretch their record to 23-0, the Gleeks fell before Lake Oakland, 8-15, as Mitch Sioma sparked the upset effort.

	W	L		W	L

ORANGE THOUGHTS—Alabama fullback Ed Versprille (left), guard Jimmy Sharpe and cheerleader Dena Fortenberry display the Orange Bowl trophy filled with oranges. The Crimson Tide won the trophy for beating Syracuse in 1953 and New Year's Alabama will try its luck against Oklahoma in the Miami classic.

Prepare for Bears Sunday

Lions Select Cogdill MVP

DETROIT — Gail Cogdill, the glue-fingered end with the last-second reflexes, was tabbed the most valuable Detroit Lion by his teammates yesterday.

★ ★ ★

The lanky all-pro candidate, who was named the National Football league's top rookie in 1960, has never suffered a sophomore or junior "jinx."

Cogdill caught 45 passes for six touchdowns and 956 yards last season. This year he is ahead of that pace with one regular season game left with 49 receptions and seven touchdowns.

The 25-year-old former Washington State ace needs only 65 yards to become the leading single season yard-gainer among all-time Lion receivers. Bob Mann chalked up a record 1,014 yards in 1949, while Cogdill now has 950.

Second in the team balloting for MVP honors was tackle Alex Karras, who also was nudged for the acclaim last year when captain Joe Schmidt won it.

★ ★ ★

"They made a good choice," said Lion coach George Wilson. "Either Cogdill or Karras would have been a fine selection. There are other players who deserve mention but you can't fault these two."

★ ★ ★

In addition to naming their MVP, the Lions decided to split whatever money they make in the championship race into 47 shares. First place, which only a miracle will give them, could net them as much as $350,000. More likely, the Lions would split $20,000 second place money. The Lions voted 36 shares to players, the rest going to other members of the organization.

★ ★ ★

The Lions, hoping a miracle will push them into the NFL title game will not only have the Bears to think about Sunday but also the frigid weather along Lake Michigan.

Coach Wilson, hoping to combat zero temperatures, has called for a half dozen outdoor heaters to be placed along the Lions' bench. The ball carriers and quarterbacks will have a chance to warm their fingers before taking the field.

★ ★ ★

Beating the Bears at Wrigley Field is tough to ask in any year or season, and this task is part of that miracle the Lions need. The other half is to have the lowly LA Rams beat the mighty Green Bay Packers.

★ ★ ★ ★ ★ ★ ★ ★ ★

WVU Runner Prefers Eagles

Bills Admit Inking Collegian Early

BUFFALO (AP)—General Manager Dick Gallagher of the American Football League's Buffalo Bills has admitted signing West Virginia halfback Tom Woodeshick a week before he was drafted but charged this was a practice the rival National League had "done for years."

★ ★ ★

The new flare-up in the unofficial war being fought by the two pro leagues over the nation's top football talent came to a head Wednesday when it was revealed two collegiate stars had each signed a contract with both NFL and AFL teams.

Woodeshick signed with the Bills and the Philadelphia Eagles of the NFL while linebacker Jim Moss of South Carolina signed with Buffalo and the NFL's St. Louis Cardinals. Both players said they intended to play with the NFL teams.

DRAFT CLAUSE

Gallagher said Woodeshick was signed to a Bills' contract a week before the AFL draft, but said the contract did not become valid until the Bills officially selected him in the draft.

"The contract," said Gallagher, "was signed with the agreement that we had to draft him for the contract to be good." Gallagher said this procedure had been "done for years in the NFL" to insure that a club does not lose a drafted player.

★ ★ ★

The main point in question remains whether the AFL still is recognizing pro football's agreement with the National Collegiate Athletic Association to sign no players prior to the end of the college season. That was set as the date of the Army-Navy game each years.

Woodeschick, who now becomes the center of the swirling controversy, told this story of his signing:

POST-DATED

I signed with Buffalo on Nov. 24 about 6 p.m. at the Hotel Syracuse. I was signed by two assistant coaches for the Bills, Jerry Smith and Joel Collier. I didn't know it would make any difference to be signed ahead of the draft but they told me they would date the contract after the draft."

"He has accepted our check," said Bills' Coach Lou Saban, "and as far as I'm concerned he's signed with us."

★ ★ ★

Woodeshick said he received a $1,250 check for signing a $9,500 contract with Buffalo. He said when he signed with Philadelphia Monday he got $2,000 for signing a $12,000 contract. He said after the Eagles announced his signing, the Bills called him and said they would match the Philadelphia offer.

Woodeshick said he still has both checks.

★ ★ ★

Texans Deny Using Lure of Big Offer

DALLAS (UPI) —The American Football League Dallas Texans today denied charges by the National Football League Minnesota Vikings that the Texans lured All-America Bobby Bell to the AFL with "one of the most fabulous offers ever proposed to a collegiate player."

★ ★ ★

Viking general manager Bert Rose said while details of the contract with the Texans were unknown it possessed a long-term, no-cut clause, calling for about $150,000.

Bell, a 6-4 tackle for Minnesota's Gophers, signed yesterday with the Texans' chief scout, Don Klosterman.

Bob Halford, publicist of the Texans, said Bell's part was not a long term, no cut affair. He said however, that Bell's salary and bonus were "very substantial, but nothing like the figures Rose mentioned."

Rose said the Vikings offered Bell three one-year contracts with bonuses. The annual salary offered Bell was reported at between $15,000-$20,000.

Rose said Bell was supposed to sign with the Vikings yesterday morning, but did not show up. Klosterman said the Texans and Bell came to terms shortly before Bell left Minneapolis for his Shelby, N. C. home.

Rudolph-Whitworth Lead Mixed Tourney

SEBRING, Fla. (UPI) — Mason Rudolph of Clarksville, Tenn., and Kathy Whitworth of Jal, N.M., competing in the only mixed professional golf event of the year, carried a one-stroke lead today into the second round of the $30,000 Haig and Haig scotch mixed foursome championship.

★ ★ ★

Selecting the drive they wished to play and then taking alternate shots, the Rudolph - Whitworth combine shot a two-under-par 37-33—70 in yesterday's first round.

★ ★ ★

Defending champions Dave Ragan of Orlando, Fla., and Mickey Wright of Dallas carded a 36-35—71 and that was matched identically by the team of Jon Gustin of Gladwine, Pa., and Carol Mann of Chicago.

2 Wayne Cage Games Postponed by Snow

DETROIT (UPI) — The snow has caught up with the Tartars of Wayne State University.

★ ★ ★

WSU's two basketball games scheduled for today and tomorrow in Cleveland, against Case Tech and John Carroll have been postponed.

Britton Nips Challenge in Table Tennis Play

Anita's Printing paired Jerry Fraser with unbeaten Sid Britton last night as the city Table Tennis League closed its preholiday portion of the schedule and Fraser almost put a damper on the latter's Christmas cheer with an upset.

Britton dropped the opening game 18-21 but rallied his deliveries for 22-20 and 21-18 victories to salvage the match.

HORSE OF YEAR—Su Mac Lad, 8-year-old Gelding owned by Irving Berkemeyer of New Milford, N.J., was named "Harness Horse of the Year" by writers voting in the U.S. Trotting Association poll. Su Mac Lad, all-time leading money winner among harness horses with a total of $567,849, is shown here with trainer-driver Stan Dancer.

Two Bowl Games Slated Saturday

PHILADELPHIA (AP) — If you are an old diehard who still insists a good defense is the best offense you must love underdog Villanova in its Liberty Bowl football game against Oregon State here Saturday.

Coach Alex Bell's Wildcats allowed opponents an average of 189-yards per game in posting a 7-2 record this past season and rank eighth nationally on defense. It's doubtful, however, if the Villanovans have faced the devastating offense they must cope with at Philadelphia Stadium.

Oregon State, led by All-America quarterback Terry Baker, is the second leading offensive team in the country with 3,752 yards total, 1,801 on the ground and 1,951 passing. The Beavers scored 34 touchdowns en route to an 8-2 season and an invitation to this fourth annual Liberty Bowl game.

The visitors from Corvallis, Ore. however, were no great shakes when the other team had the ball. Their 10 opponents averaged 277-yards a game and scored 148 points, which indicates Villanova's hard running backs and the accurate passing of quarterbacks Richie Richman and Ted Aceto should find the end zone once or twice.

NOW DEFINITE

NEW YORK (AP) — The Miami football team is in town and the Nebraska's Cornhuskers were due in later today. Some 20,000 tickets reportedly have been sold.

And a television deal finally has been completed, albeit for a taped showing. So . . . it finally can be reported for certain that there will be a Gotham Bowl game Saturday at Yankee Stadium.

It took a lot of doing, too, on the part of executive director Bob Curran and his staff, with an assist from Mayor Robert Wagner, who personally guaranteed the expense money demanded by the schools before they would permit their athletes to set foot on Yankee Stadium terrain.

Miami reportedly has been guaranteed $30,000 in expense money and Nebraska $35,000. How much more each school will get may never be known.

A Gotham bowl spokesman said all the proceeds from television as well as the gate receipts, after the March of Dimes takes out its share, will be handed over to the two schools.

Experts have tabbed the game as an even affair. Miami posted a 7-3 record during its regular season.

Mickey Mantle Top Slugger of '62 Year

BOSTON (AP)—Mickey Mantle, hard-hitting New York Yankee outfielder and the American League's Most Valuable Player, was confirmed the circuit's slugging champion in 1962 today with the release of the official averages.

Mantle compiled a .605 mark in winning for the fourth time the title based on total bases accumulated on all hits and official times at bat. The switch-hitter also won the crown in 1955, 1956 and 1961.

Last season, Mantle piled up 228 total bases in 377 official trips. His extra-base output included 15 doubles, 1 triple and 30 homers.

Icicles Hanging Off Noses: Snead

By OSCAR FRALEY

SEBRING, Fla. (UPI)—The sun sank like a red ball among the pines on the far side of the choppy water and a cold wind keened across Lotela Lake.

★ ★ ★

Sam Snead, just a few yards and a few minutes from where he had holed his final putt in the first round of the Haig and Haig scotch mixed foursome golf tournament, pulled the collar of a blue rain jacket up around his ears and cast a wriggling minnow out into the water.

"I'll tell you how to start this story," he said. "Write that icicles were hanging off our noses and we were shivering like a hound dog loaded with ticks."

There was a tug on the line and Sam grunted disgustedly. "Missed it."

Standing on the other side of the log projecting out into the lake where they were fishing for bass, Julius Boros put a plastic worm on his line and grinned at Sam.

"You didn't miss that bonefish you're always talkin' about," said the moose.

"Woo-eee," Sam grinned with pleasure. "I'll tell you, that dude really put up a fight. I laid that live shrimp out there on the water and give him a little bitty jerk. He skeeted up on top of the water and that bonefish hit him powee. I'll tell you that line melted off that reel like butter on a hot biscuit."

RECORD CATCH

Sam was talking about the 15-pound bonefish he landed with a six pound test line in 1953 which still stands as a record for the Atlantic.

"He run 150 yards of line off that reel so quick it would make your eyeballs blister," Sam said. "It took me about 30 minutes to land him."

Sam's long time friend and fishing rival, Ted Williams hasn't been able to touch Snead's record catch.

"Just mention it to him," Snead said, "and he blows his top. He'll tell you how lucky old Sam is. And in pretty good language, too."

★ ★ ★

Sam made another cast and nodded as Boros interjected:

"The big ones should be biting in weather like this. But we ought to have a boat and get out there in the middle where it's deep."

Snead muttered a "got him" and then in a few seconds reeled in a 19-inch bass.

"I was out here in a boat last year," Snead announced as he unhooked his fish. "There I sit, after playing a round in this tournament, and here comes Joe Black rowing out to see me."

Seems that Sam had turned in a faulty scorecard and was up for a two-stroke penalty.

★ ★ ★

"I just told him to go ahead and disqualify me," Snead chuckled. "I told him I'd just sit out there in that old boat and keep right on fishin'."

"Wish we had a boat," the ever-silent Boros muttered again.

CHEVROLET...on the road every day!

ITS RELIABILITY COMES FROM ITS QUALITY

A nutshell description of Chevrolet trucks could be "Trucks That Work". It's not exactly earthshaking but it says a mouthful. It's what Chevrolet trucks are best known for—their reliability. Ready to work, day after day, whenever you are.

You can't build trucks that perform like this if you don't put quality into engine, chassis and body. Chevrolet does: double-wall construction, insulated cab, select-wood body floor, chain-supported tailgate, ladder-type frame, the careful attention to upholstery and finish. It's this kind of quality that makes *any* Chevrolet truck—from pickup to heavyweight tandem—worth more on the average at trade-in!

2 NEW 6-CYLINDER ENGINES

New High Torque 230-cu.-in. Six is more powerful than its predecessor. Standard in Series C10 through C50.

New High Torque 292-cu.-in. Six—most powerful truck 6 Chevrolet has ever built! Standard in Series C60.

CHEVROLET QUALITY TRUCKS COST LESS

Holiday Tourneys Light Up Gyms

By The Associated Press

This is the time of year the local electric company gets a shock.

For the next two weeks almost the only lights on in town may be at the college gym, where the roundball experts will indulge in that annual winter wonder known as the holiday basketball tournament.

The tournament festivities start tonight with a light program and within 10 days will reach a peak in which major colleges and small schools will be peppering the baskets from Bangor, Maine to Los Angeles and from Portland, Ore., to Miami, Fla.

The major college cagers get under way tonight in the Steel Bowl at Pittsburgh, where Duquesne meets Boston College and William and Mary goes against Pitt, and in the Knights of Columbus Tournament at Portland, where Tennessee State takes on University of Pacific and Los Angeles Loyola plays Portland.

IRISH TRIUMPH

While those teams were standing in the wings, Notre Dame, Miami of Florida and Niagara—three clubs trying to wing into the nation's top ten—joined second-ranked Duke to bolstering their presitge with convincing victories Thursday night.

The Irish won their sixth in succession by crushing Creighton 74-48, Miami remained unbeaten in five by belting Florida Southern 116-93, Niagara snapped Dayton's 14-game winning streak with a 75-67 triumph and Duke beat Clemson 92-67 in an Atlantic Coast Conference clash.

★ ★ ★

Notre Dame, which had been getting 20-point performances from some heralded sophs, turned to senior John Andreoli against Creighton. Andreoli scored 20 points, pulling the Irish into a 33-21 halftime lead as he led a 16-3 burst that sent the Bluejays reeling. Soph Ron Reed wound up with 19 points, but high-scoring rookie Walt Sham had only four. Sahm picked up four quick fouls guarding Paul Silas, who wound up with 17 points.

★ ★ ★

Height did most of the damage for Miami, with 7-foot-1 Mike McCoy collecting 20 points in the first half as the Hurricanes built a 65-45 lead at intermission. McCoy finished with 29 while sophomore Rick Berry added 20. High scoring honors, however, went to Florida Southern's Mack Mullis, who kept the Moccasins in contention with a 33-point performance.

SLOW STRAT

Niagara failed to score a basket in the first 7½ minutes, fell behind 18-6, cut the deficit to 39-30 at halftime and finally pulled ahead of Dayton for keeps with just over 2 minutes left when Bill Kennedy sank a basket for a 62-61 lead.

Duke won its fifth in a row and third straight in the ACC as Art Heyman led the Blue Devils' three-pronged attack with 30 points. He also hauled in 14 rebounds. Heyman received able support from Jay Buckley, with 19 points, and Jeff Mullins, with 14, as the team shot at a 48.7 clip. Jim Brennan was high for Clemson with 17 points.

GRADES 7 and 8: AT PIERCE JR. HIGH, 11:30 a.m.: Boys from Crary and Pierce Jr. Highs.

GRADES 9 and 10: AT WATERFORD TWP. HIGH SCHOOL, 9:00 a.m., Boys from Kettering and WTHS.

GRADES 11 and 12: AT WATERFORD TWP. HIGH SCHOOL, 11:15 a.m.: Boys from Kettering and WTHS.

Jerry Gross Honored by Teammates

DETROIT (AP) — Bypassed by 22 pro clubs, Jerry Gross isn't overlooked by his own University of Detroit teammates.

Gross was named Detroit's most valuable player in the 1962 football season by a unanimous vote of the Titan players. He also was announced as the Titans' back of the year last night at the team's annual banquet.

The senior quarterback from Bay City gained 4,092 yards running and pasisng in his three-year career at Detroit. He holds every passing record at the school.

Tackle Dennis Shaw of Detroit and guard Bob Koval of Ecorse were elected co-captains for 1963.

Young Wolverines Whip TCU, 82-60

ANN ARBOR (AP) — If Michigan coach Dave Strack were asked the key to the Wolverines' startling success in the young basketball season, he'd probably say — Bill Buntin.

★ ★ ★

The sophomore center from Detroit has outscored his teammates in three of Michigan's four starts this season and the Wolverines have won three out of the four games.

His latest high scoring effort came last night as Michigan had no trouble drubbing Texas Christian, 82-60. Buntin's contribution of 19 points outshone the efforts of teammates John Harris and Tom Cole, both forwards, who scored 17 and 13, respectively.

The Wolverines broke up a tight contest midway in the first half and built a 41-25 lead by halftime. They continued to increase their margin in the second half, leading at one time by as many as 25 points.

A fast break and a harassing defense broke open the game for the Wolverines. Thirteen Michigan players were thrown into action as Texas Christian suffered its fourth defeat in as many games.

High man for TCU was center Don Rosick with 13.

EVANSVILLE NEXT

The Wolverines are idle tonight, playing tomorrow night at Evansville, Ind.

The Eastern Michigan at Hillsdale game was postponed because of heavy snow. It will be played Jan. 26.

TRADED — Carroll Hardy (above) was traded to the Houston Colts by the Boston Red Sox for Dick Williams, a veteran utility man. It was the 4th deal of the post-season for the Red Sox. Williams was formerly with Baltimore before going to Houston.

Bosox Fans Find Park Unmoved in Shakeup

BOSTON (AP)—A drive to Boston's Fens section confirmed today that one rumor was just that. Fenway Park, home of the once stand-pat Red Sox, is still there.

★ ★ ★

Baseball fans in this staid, second division city—long used to the same faces year after year—had been getting happily panicky of late. The Red Sox management, possibly roused into action because of a slumping gate last season, had made trade after trade since the inter-league bargaining sessions opened three weeks ago.

Some fans had fallen for the rumor that owner Tom Yawkey had traded cramped, old Fenway Park—named for the Fens, or meadow, that once stretched throughout the area—to the New York Mets for the Polo Grounds.

BOSOX DEALING

The report was facetous—but the Red Sox are a wheeling and dealing lot where players are concerned.

With inter-league trading still possible until midnight Saturday night, Red Sox officials don't flatly say they're through yet. One spokesman said he "could not be sure" they won't complete another trade.

★ ★ ★

So far, Boston has taken the lead in swaps between the American and National leagues. The Red Sox previously had acquired slugging first baseman Dick Stuart, pitcher Dick Lamabe, outfielder Roman Mejias and utility player Felix Mantilla.

Only Thursday, they further strengthened their once-splintering bench by giving weak-hitting outfielder Carroll Hardy to the Houston Colts for handyman Dick Williams.

NEW MANAGER

All this and a new manager, too. He is former Red Sox shortstop Johnny Pesky, who became field manager as Mike Higgins was moved to a front office post.

Pesky, who had been manager at Seattle in the Pacific Coast League, was high on Williams' ability.

"He's a scrapper," he said, "and the kind of a player I want on my club.

★ ★ ★

"He has great versatility. I can use as a back-up man at first base and in the outfield and also as a pinch hitter. He's a pretty useful type of player. Boston has been trying to get him for some time."

The trade was Boston's fourth in three weeks and also the fourth Red Sox swap with the Colts. Last year Boston got shortstop Ed Bressoud from Houston in exchange for Don Buddin and Bressoud proved to be one of the most valuable players on the team in 1962.

Williams, 33, hit .247 in 82 games for the Baltimore Orioles last season, then went to Houston earlier this fall. He played 29 games in the outfield, 21 at first base and 4 at third base. His other appearances were as a pinch hitter. He also was errorless on 193 chances.

WEAK STICK

Hardy, a former pro football player for the San Francisco 49ers, was as fast as anybody in the league but batted only .215 in 115 games.

Bachelors Nab Easy Cage Win

Willie Ratliff and Charles Johnson combined for 41 points between them last night as the Bachelor's Club rolled to a 71-32 victory over the Pontiac Police in recreational basketball.

Ratliff hit 13 of his 21 points in the second half after the winners held a 39-5 halftime margin. Johnson had 18 points in the big opening push by the single men.

McDonald's Drive-In grabbed a 10-4 first quarter lead and continued to build it the rest of the way for a 49-37 win over Michigan Bell.

Bud Hayward popped in 16 points for the losers while Jerome Scherer and William Sekulich had 12 and 11, respectively, for the winners.

THURSDAY'S FIGHTS

PHILADELPHIA—Jimmy Hairston, 157, Philadelphia, outpointed Cash White, 158½, Atlantic City, 8.

WORCESTER, Mass.—Rodrique Beaupre, 135, Quebec, knocked out Ricky Palmieri, 134, Worcester, 1.

Brunt Leads PBA Tourney

CHARLOTTE, N. C. (AP)—Ralph Brunt of Atlanta Thursday night led 16 finalists in the Professional Bowlers Association $20,400 Charlotte Open.

★ ★ ★

Brunt, who took the lead at the end of the first six-game block, continued to knock down pins at a rapid pace as he piled up a 5293 total as he led Dick Weber of St. Louis by 57 pins.

FINAL ROUND

Brunt will join 15 other top professionals who will battle it out in head-to-head competition Friday for the $4,000 first prize.

★ ★ ★

The leaders: Ralph Brunt, Atlanta, 5293; Dick Weber, St. Louis, 5236; Bob Kwolek, Detroit, 5201; Dick Hoover, St. Louis, 5138; Bill Golembiewski, Detroit, 5107; Charlie Wilkinson, Soledad, Calif., 5106; Pat Patterson, St. Louis, 5103; Ed Bourdase, Fresno, Calif., 5092; Don Carter, St. Louis, 5086; Jim St. John, Chicago, 5971; Ray Bluth, St. Louis, 5044; Sid Lay, Portland, Ind., 5044; Earl Johnson, Minneapolis, 5042; Glen Blakesley, Kansas City, 5033; Ray Koehler, Richmond, 5031 and Dennis Chappis, St. Louis, 5021.

The 11th Frame

The Christmas-New Year's holidays bring with them various pleasant surprises in different shapes and sizes. Certainly, Oakland County bowlers will be the recipients of many welcomed and wanted gifts, both tangible and intangible.

Some have started already and others will be forthcoming the morning after Kris Kringle's annual pilgrimage, if the booming business at the pro shops of many local alleys is any indication.

One of the more prominent tangible benefits is the flashy belt buckle houseman Jerry St. Souver has been exhibiting at Airway Lanes. The slender kegler hit a 290 game several weeks ago and in the process connected for 11 strikes in a row.

The buckle is emblematic of that feat and St. Souver received his national recognition earlier this week.

CENTURY AWARD

Gene Jones, a Pontiac Press employe, also had a pleasant surprise this week and will receive some national recognition for a major accomplishment. He qualified for membership in the new Century Club, an organization honoring bowlers who roll a game 100 pins over their average.

Jones fired a 279 game by hitting nine strikes in a row and then had to settle for the ten-pin spare in his final frame. Bowling in the Oxford Bowling League at Collier Lanes, he combined games of 218-279-200 to fall three pins short of the 700 circle.

Doug Trueman in the same league had earned a triplicate patch not long ago with three 182s. This last Monday night, there were six other 600 series in addition to Jones' and 34 individual scores of 200 or better were reported.

Madeline Gannon's holiday spirit brightened in the Cooley Lanes' Multi-Lakes Ladies League Tuesday night. She bad 211-222 scores for a 590 series.

In Classic League action at Huron Bowl, Eamon Electric added two more games to its growing margin over former leader Pontiac Window Cleaning when the electricians swept eight points from Calbi Music.

★ ★ ★

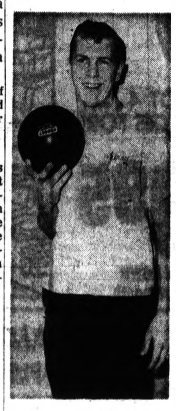
It was a fine night for the Irish last Friday as Bob Murphy, Bob Smith and Pat Sweeney had series in the high 600's. Murphy's 681 score included a 246 game, only three pins behind "Skin" Keith's high 249. Smith had 239—670 and Sweeney sparkled with 235-226—661.

In Travelling Classic play, 300 Bowl returned to winning track with a 10-5 victory over last place Wonderland Lanes. Airway Lanes remained a game behind the leaders by shading Cooley, 11-7.

Huron Bowl blasted Howe's 15-3, thanks to Ray Brancheau's six-point performance on a 254 and Joe Foster's 235 for four points.

★ ★ ★

Pat Tinson, the league's only bowler to have reached the 20-points-won plateau, took three Sunday in the Airway triumph and now has won 30.



Pontiac Press Photo

BIG BALL — Jerry Harneck had his "tank" ball in high gear last Sunday when he rolled a 699 series (666 actual) to qualify for the Bowlerama finals December 23 at Airway. His performance will, also, earn him a place in the Actuals Invitational that same day.

Bowlerama Early Spots Still Open

Have the Christmas spirit? Or are you looking for it? You might just find it in a check from The Press Bowlerama which ends all qualifying Sunday at 300 Bowl and North Hill.

★ ★ ★

There are still openings on the early squads at 300 and North Hill and it may be good fate for some bowlers who missed the chance to qualify to get that opportunity now as a post-deadline entry.

Bowlers who wish to get into some of the vacant spots at 11:00 a.m., 12:15 p.m. and 1:30 p.m. can do so by submitting their entries to 300, North Hill or The Press.

They can also register just before the first squad at either house. Once the squads begin bowling no entries will be permitted.

★ ★ ★

The squads at both houses will run every one hour and 15 minutes. BOWLERS SHOULD SIGN IN AT LEAST 15 MINUTES BEFORE THEIR SCHEDULED TIME TO BOWL.

Another 54 or more bowlers will join 69 who have already qualified, depending on the number of entries received from today up to 10:45 a.m. Sunday.

Every qualifier will be assured of winning at least $15 and all the top averages and actual scores will be invited to participate in The Press Actual's Invitational immediately following the finals, December 23rd at Airway Lanes.

Del Kasat, Ray Kasat, Bill McLaughlin, Jerry Gohl, Don Myers, Bob Lawson, Trueman McDonald, Harold James, Dennis Sturm, and Paul George.

THIRD TRY—Joe Foster will make this third shot at attempting to qualify for the Bowlerama this weekend. He'll welcome another 289 — 741 score like he had in classic play recently.

BOWLING

It was like the Tigers sweeping four from the Yankees at Huron Bowl Wednesday night in the A League. Runaway leader C&E Marathon dropped eight points to Drewry's, buried in the middle of the pack, and saw its advantage "cut" to 12 points.

Lou Vandruska did the gasmen in with a 716 series that included 278-213-225 scores. Vandruska's outstanding series overshadowed strong performances by Mike Samardzija, Sr., 215-244-202—661; Nick Manzella 221-221-202—644; Neal Mansfield 244-204—628; and Larry Crake 258—634.

A woman set the pace in Lakewood's Bucks and Does League Monday night. Fran McCallum posted a 550 series to lead all participants. Two pins behind her and tops for the men was L. D. Bigelow of the Spikehorns.

Mrs. McCallum's hot bowling helped the Fawns stay two and a half points on top of the heap. The Tinhorns have a slim half game margin on the Four Points team.

At Cooley Lanes, Hugh Findlay led the keglers in the Dublin Community Center loop with a 222 game but his 557 series had to share top billing with Walt Weinman who, also, had a 212 game. A 212 was credited to Lowell Foster, too, while Helen Weinman rolled 201—513.

★ ★ ★

Tuesday afternoon at Cooley Lanes, substitute bowler Mary Olsen scored with a 204 game, Irene Aird had a 518 series and Renee Miller a 514 but both took a back seat to a 540 by Mary Klinger. All action took place in the Country Dames League.

A new high for team single game was set by Clinton Hotel and Bar at 820 and Woodward Heating set a new runnerup mark of 795.

The Cooley Beachcombers report Mary Dolan hit 211 recently.

★ ★ ★

Elsa Leece made the big noise in her family this week when she posted a 582 series (207 high game). Loretta Murphy had the high game in the 300 Bowl's Pioneer League, however, with a sharp 242 but she had to settle for a 532 series.

Other high series were Bonnie Coan's 558 (215 game), and Sylvia Marion's 566 (212). Hazel Strong posted a 214-202 duo and Norma Lewis rolled 211.

At Airway Lanes, the Airway Queens League had the All Stars climb back into a tie for the top position by gaining two points on the Spares last Tuesday. Crystal Bigelow of the Hi-Lows took individual honors with a 544 series.

Crary JHS Pupils Nip Faculty

Following the example set by Pierce Junior High School last month, the Crary JHS students challenged their faculty to a bowling match this week.

The students took an 18-17 triumph and now have a trophy, courtesy of Lakewood Lanes in their school to show for their efforts.

Twins Kathy and Terry Griggs led the way for the pupils with the feminine half falling one pin short of a 500 series. Brother Terry had 447.

Don Taylor topped the teachers with a 539 but he lacked support from his professorial colleagues. The tournament is expected to become an annual event.

Most State Businessmen Looking to '63 With Optimism

(Editor's Note—What promises do the new year hold for Michigan businessmen? To get the answer the Associated Press and its member newspapers took a sampling of businessmen's views across the state.)

By A. F. MAHAN
Associated Press Staff Writer

Michigan businessmen generally look forward to 1963 with optimism.

The concensus is that the new year will be at least as good, maybe beter than 1962 — and the dying year got a businessmen's rating of "good."

Few interviewed in a Michigan-wide sampling of opinion by the Associated Press and its member newspapers saw any recession threats, and none foresaw any such threats developing until approximately midyear, if then.

Michigan businessmen, of course, predicated their views on automobile sales continuing in the 7-million-a-year range, a forecast made back in August by General Motors.

★ ★ ★

And Henry Ford II, chairman of Ford Motor Co., said in a year-end statement a few days ago: "Most of the indications point to an excellent sales year for automobiles in 1963."

But Ford said sales will depend upon the operation of the general economy and that the latter needs momentum such as he said higher profits would give it.

'WOULD IMPROVE PICTURE'

Ford said "a broad tax cut, giving relief to individuals and business," would help improve the profits picture, and a Grand Rapids businessman said "If there should be a federal tax cut in 1963, this would eliminate any recessive moves."

Summing up, Ford said: "The economic outlook for 1963 is optimistic and replete with opportunity."

And that in general was the outlook voiced by Michigan businessmen across a state whose economy rides on wheels — the wheels of automobiles built by Ford and General Motors and Chrysler.

John L. Walters of the Battle Creek Enquirer and News reported unemployment at the lowest point in years in Battle Creek. He found none among 11 business leaders interviewed who anticipates a 1963 recession, and summed up his survey thus:

"Merchants up and down the main drag downtown are showing optimism that they haven't shown in years. Even the born pessimists are smiling. Retail sales are good, ahead of last year, and the government people moving in (with new agencies) are picking up the slack in a weak housing market."

★ ★ ★

Kenneth L. Peterson, business writer for the Flint Journal, reported from Michigan's No. 1 automaking city that businessmen there appear to be gearing for increased business in the first quarter of 1963.

★ ★ ★

Peterson reported he found a department store manager planning on a 9.5 per cent increase, where nationally expectations are for only a 3 per cent increase in department store sales, and a women's apparel store owner planning on an increase of 5 to 10 per cent in the first quarter.

FLINT JOBLESS DOWN

Unemployment has sagged in Flint and at years end was creeping slowly toward a record low of 1.7 per cent established in November of 1956. On Sept. 15, Flint's unemployment was only 2.8 per cent of the total labor force.

Flint also buys what Flint makes. Genessee County automobile sales were up 40.7 per cent in the first seven months of 1962, compared with the same 1961 period. Furniture sales also were up. So were those of appliances and television sets.

At Grand Rapids, Frank E. Seidman, a business analyst, said in a year-end summary:

★ ★ ★

"Business news continues to brighten, and a recession in 1963, once considered almost a sure thing, is now only a faint possibility. In fact, scanning the statistics and forecasts, it is this writer's view that 1963 will be a 'good' year — and it stands an excellent chance of being a 'very good' year; this despite the many problems which overhang the economy . . . the indications are that . . . 1963 should compare quite favorably with 1962."

The Grand Rapids Press reported that reporters found "conservative optimism" prevailing in the outlook of industrialists, bankers and retailers there.

★ ★ ★

Three Lansing bank presidents, taking a look into the future, told the Lansing State Journal:

"I feel 1963 will show an improvement over 1962." "I think it looks good generally." (and) "It looks as good as '62, which was a good year."

In predicting improvement over 1962, President Fredrik Martin of the Bank of Lansing said:

★ ★ ★

"For one reason, the reports tell us that the auto industry has only about a 35-day inventory at this time, which means, with the demand for cars, they'll have to go into further production right soon or they'll be out of cars. Then, as the steel stockpile diminishes they'll have to get into further production of steel."

'NO RECESSION'

Asked if they expected any recession in the year ahead, Martin, Hubert B. Bates, president of Lansing's American National Bank & Trust Co., and Howard Stoddard Sr., of the Michigan National Bank, all replied: "no."

★ ★ ★

The general manager of a Lansing department store said, on the other hand:

"If there are any improvements in 1963, they will be minor improvements. It all depends on the handling of the gold situation. If we get too great a break in commodity prices worldwide, we could have a deflation. I think the worry is one of deflation, rather than one of inflation."

Yet this executive said holiday business was good and "at least at this stage of the game the consumer doesn't believe that a recession is in the offing."

Rosy forecasts came from the Marquette area of the economically depressed Upper Peninsula:

★ ★ ★

S. M. Cohodas, president of the Miners First National Bank of Ishpeming and of the First National Bank & Trust Co., of Marquette, told Marquette Mining Journal's editor, Ken Lowe:

"Marquette county's economic picture looks a whole lot better than any other section of the Upper Peninsula, largely because of the development of low grade iron ore mining, and there seems to be no limit to how much they can produce."

EXPECT INCREASE

E. L. Pearce, president of the Union National Bank of Marquette, said:

"The Marquette area looks for an increase of about 10 per cent in business activity, due to the exceedingly large building projects under way. The same percentage, approximately, should occur in the Ishpeming-Negaunee area because of the expansion at the Empire Mine."

★ ★ ★

W. H. Treloar, general manager of the Marquette Mining Journal and a student of Upper Peninsula economics, predicted 1963 will bring "a slight improvement in the Upper Peninsula."

Cohodas said he didn't think there would be any recession in the new year, but Pearce said "financial experts don't know any more about it than the man in the street."

"I think," Treloar said, "most experts figure on the possibility of a soft first half and a stronger, highly improved second half."

In a survey of 15 Jackson businessmen, industrialists and bankers, the Citizen Patriot's Bob Hoving found Jacksonians optimistic about the 1963 economic outlook, "with the feeling ranging from a little better than 1962 to excellent."

★ ★ ★

Jackson's economy, like that of most other Michigan cities, is geared to automobile production, and there was a boom in this in 1962's final quarter which is expected by Jackson businessmen to carry over into 1963's first quarter.

Some Jackson industries are working three-shift days and many have run into overtime to keep up with orders for automotive parts. Thus, Jackson has dropped out of the government's designated areas of labor surplus.

NOT WORRIED

Travis W. Pease, president of National Bank of Jackson, said that "the last several weeks seem to indicate that the first six months of the year should show a higher level of economic activity."

Ned A. Kilmer Jr., executive vice president of Jackson's City Bank & Trust Co., said he foresees no recession next year "if the current status quo continues in foreign relations."

Edward Miller of the Saginaw News interviewed a Saginaw hardware merchant who classifies business as good and is optimistic about 1963, a banker who thinks there is a possibility 1963 business will advance over present levels, and a department store manager who rates business "just average" and is uncertain about what 1963 holds.

Miller found an economic advisor to a banker who said "we are in a healthy economic condition," and added that business had been "very good" most of 1962 and the present good level will prevail most of 1963 anyway.

Al Haugner of the Port Huron Times Herald reported his survey convinced him that:

★ ★ ★

"Port Huron businessmen are unanimous in the beleif that the state's economic picture is bright with the approach of the New Year . . . this they attribute to what could be a record volume of Christmas business and the continuing high volume of automobile sales — the bellwether of business in Michigan."

★ ★ ★

An industrialist told Haugner his company plans expansion in 1963 and a department store executive said he planned to spend $100,000 next fall for the same purpose.

President Adolph F. Klien of the Wayne-Oakland Bank told the Daily Tribune's John Kaichen at Royal Oak that in his opinion 1963 "will be steady and good, but nothing spectacular."

Plan Satellite Radio-TV for '65

WASHINGTON (UIP) — The new space communications corporation hopes to have its first radio - television satellite system in operation between continents by January 1965.

A spokesman said the size, international scope and cost of this first commercial communication satellite system have not been determined.

He estimated, however, that a truly world-wide space communications network would cost between $500 million and $2 billion.

The corporation is still in the process of being organized. Its creation was authorized by Congress last year.

It will be privately - owned and managed, subject to government regulation, and will be operated for profit.

The first satellite system put in orbit by the new corporation is expected to be a number of relay stations in "medium altitude" orbits between 3,000 and 5,000 miles. More advanced systems will come later.

PRESIDENTIAL BOARD

In authorizing the corporation, Congress called for establishment of a commercial satellite system capable of providing "global coverage at the earliest practicable date."

To set up the space communications corporation and put it on an operating basis, President Kennedy named a board of 13 incorporators which is headed by Philip L. Graham, president of the Washington Post Co. and chairman of the board of Newsweek.

The board has been drafting articles of incorporation and bylaws for Kennedy's approval next month. They will be filed in the District of Columbia in early Feb.

Agreement on a president for the corporation is expected by mid-January.

* * *

A spokesman said the president must be a man of unique qualifications — a fine businessman with an understanding of science and technology plus an appreciation of international requirements and responsibilities.

The corporation will be the first of its kind in history. Although it will be privately owned and run for profit, under its congressional charter it also will have a "legal and moral responsibility" to further U.S. peace interests and help underdeveloped nations.

For at least a year and a half Washington will be the headquarters of the space corporation. Some time in 1963 the incorporators will make the first stock offering.

Under the law, no more than half of the stock may be held by existing communications concerns.

The other half will be sold to the public at no more than $100 a share. No decision has yet been made as to the size of the first stock offering.

AMERICAN - RUN

The corporation will be run by Americans. But other countries—including Russia, if it wishes — will share in the cost of satellites and ground stations.

Foreigners may buy up to 10 per cent of the stock, according to the spokesman.

The corporation will develop, build, and own communication satellites. It will operate research facilities. But it will hire the government to launch its space stations.

* * *

The first sytem may contain as few as six or as many as 40 medium - altitude satellites with associated ground stations in various countries.

While this system is being operated, development would continue on advanced high altitude systems capable of covering more of the globe with fewer satellites.

According to experts, a lot of nonsense has been uttered about the eventual magnitude of the corporation's gross business. Some estimates have run as high as $10 billion a year.

* * *

But the new corporation always will be subject to competition for part of its business by transoceanic cables, improved versions of which may in time be able to handle television traffic.

Its best customers, according to the spokesman, probably will be governments, agencies like the United Nations, and big industrial groups who need and are willing to pay for practically instantaneous service on a 24-hour - a - day, 365-day-a-year basis.

To make a profit it also will need a lot of other customers who want service not now obtainable by other means. One study suggests that the space corporation will be able to do a business of $50 million a year in 1965.

This would not pay for upkeep of a really extensive satellite system.

* * *

If business grew by a phenomenal 25 per cent a year, however, the corporation would be grossing $650-million a year by 1975. One of the incorporators has offered to bet $10 that the young firm will be doing business of $1.2 billion by 1975.

1 Order Powder Snow Coming Up . . . FOB

CONCORD, N.H. (UPI) — The New Hampshire Division of Economic Development has offered to help Wyoming get rid of its surplus snow.

Officials said in a telegram, "Skiers complained snow famine. Kindly quote charges, FOB, COD, 10 inches powder sufficient to cover our 9,304 miles."

Slams Potential Frauds of Auto Repair Business

NEW YORK (UPI) — The auto repair business is "potentially the biggest consumer fraud in the country," Queens County Dist. Atty. Frank D. O'Connor said yesterday.

O'Connor, testifying before a state legislative committee, called for laws to correct alleged abuses in the auto repair business. He said mechanics and auto agencies should be licensed.

Little Miss Q, Age 4, Awaits Santa . . . Alone

INDIANAPOLIS (UPI) — Her story captured the curiosity of the nation.

A blond, 4-year-old waif was abandoned at night on a deserted downtown street last summer, so frightened she couldn't tell police her name.

Dubbed "Little Miss Q," even ice cream and candy couldn't stop her tears as authorities searched for her mother.

* * *

Slowly she learned again to talk, overcoming what doctors called traumatic shock. Some words still cannot be distinguished. She gained weight and learned to play with other children.

Then her mother was found and Little Miss Q's real name — Jeannie Odom — was discovered.

But her mother was arrested on child abandonment charges, released on bond and returned to her Chicago home, leaving Jeannie behind.

SHOW NO INTEREST

Welfare authorities say the mother has never attempted to see her daughter. None of the child's other relatives have shown any desire to reclaim her.

Today — with about 60 other boys and girls like her — little Jeannie Odom waits alone for Santa Claus at a children's home.

On Christmas morning she will find three or four gifts — donated by charities — under the Yule tree, marked with her name.

She will eat Christmas dinner with the other children, play away the afternoon and crawl into bed.

But even though her mother has been found and her name has been learned, even though Santa Claus came, Jeannie Odom will always be Little Miss Q.

Reds, Rum Ruin Fidel?

NASSAU, Bahamas (AP) — Most Cubans who flee their homes contend that Prime Minister Fidel Castro is losing favor and often have elaborate explanations as to why.

* * *

But one of the latest group of 12 men who docked at Mastic Point, Andros Island, had a simpler version.

He said Castro lost half his support when the Soviet troops began arriving.

The reason he gave: "The Russians took all the rum."

Britain Orders N-Sub

LONDON (AP) — The Admiralty announced Thursday the placing of an order to build Britain's third nuclear submarine. The contract was with Vickers-Armstrong. The navy's first nuclear sub, HMS Dreadnought, is undergoing first sea trials. The second was laid down last January.

Asphyxiated in Bathtub

STOWNMARKET, England (UPI) —A coroner ruled Wednesday that Miss Dorothy Ratten-bury, 74, was asphyxiated in her bath after a bird built a nest over the flue of the gas water heater, preventing carbon monoxide fumes from escaping.

Works of Steinbeck Made Good Movies

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — The award of the Nobel Prize for literature to John Steinbeck in Stockholm this week brings to mind the impressive strings of movies that have been wrought from his works.

★ ★ ★

The selection of Steinbeck for writing's highest honor astounded some critics who claimed the rugged Californian was passe. This might surprise Steinbeck, who currently has the No. 1 best seller, "Travels With Charlie."

THOMAS

The films based on Steinbeck's novels would appear to strengthen the contention that he is an ace story teller. No other novelist has had so many distinguished motion pictures produced from his works.

★ ★ ★

Among the other Nobel Prize winners from America, Ernest Hemingway came the closest, with such films as "For Whom the Bell Tolls" and "A Farewell to Arms." Some of the Hemingway works came off poorly, as with "The Old Man and the Sea" and "Adventures of a Young Man."

★ ★ ★

Films from William Faulkner's novels were hit ("Intruder in the Dust") and miss ("Sanctuary"). Eugene O'Neill fared well with such movies as "Anna Christie," "Long Voyage Home," "Ah Wilderness" and "Long Day's Journey Into Night," not so well with "Desire Under the Elms" and "The Hairy Ape."

Sinclair Lewis's works were mostly done in the early talkie period, occasionally with good results — "Arrowsmith." His "Elmer Gantry" provided a latter-day hit. Pearl Buck is chiefly represented by the memorable "Good Earth."

FILM NO CRITERIA

How well books are dramatized on film is no criteria of literary merit, of course, and many writers suffer at the hands of insensitive producers. But the Steinbeck record would argue that his dramatic structure is sound and his themes have mass appeal.

Here are the well-remembered Steinbeck films:

"Grapes of Wrath" (Twentieth Century-Fox, 1940) was a screen classic, a film that captured the heart and feeling of the novelist's greatest work. It was made in the prime of John Ford's creative powers with a cast that was well-nigh perfect. Particularly memorable are Henry Fonda, ideal as the troubled Tom Joad, and Charles Grapewin as grandpa.

★ ★ ★

"East of Eden" (Warner Bros., 1955, was no great shakes as a novel, but Elia Kazan managed to cut through some of the philosophical underbrush and fashion a gripping re-creation of the Cain-Abel theme. It was notable for the dynamic debut of a fine new American actor, James Dean.

"Of Mice and Men," (Hal Roach, 1940) which Steinbeck also wrote as a play, fitted perfectly into the film medium. Burgess Meredith and Lon Chaney Jr. gave fine performances under Lewis Milestone's direction.

★ ★ ★

"Tortilla Flat." (MGM, 1942), was one of Steinbeck's few comedies. Its success was all the more remarkable for casting Irish Spencer Tracy, Viennese Hedy Lamarr and Jewish John Garfield as the Monterey piasanos.

"The Red Pony" (Republic, 1949) was another Milestone direction, a nicely done piece of sentiment with Robert Mitchum and Myrna Loy.

"The Moon is Down" (Twentieth Century-Fox, 1932 was Steinbeck's contribution to the war effort, a propaganda piece that he also wrote for the stage. An anti-Nazi sermon, it served its purpose well.

Romney Asks for Car With Reclining Seat

LANSING (AP)—Gov.-elect George Romney apparently plans to continue his practice of sleeping in his automobile after he takes office Jan. 1.

He has asked state police to call for bids on a Ford, Chevrolet or Plymouth to be equipped with a reclining front seat. He used a similar seat in his Rambler while traveling with a driver.

State police report that Romney has indicated he will use the governor's Chrysler Crown Imperial limousine only for special purposes.

★ ★ ★

The Chrysler, which was purchased during the last term of former Gov. G. Mennen Williams, was about due for a trade-in, but reportedly is still in good repair.

In calling for the bids, Romney indicated he might not insist on a reclining seat if it costs too much.

About 70 million tons of iron a year are mined in the U.S. for steel used to manufacture some 200,000 products. Four-fifths of the ore comes from the Lake Superior region.

Salt domes are located with gravity meters. Less pull occurs over the domes.

Sample Questions and Answers

Counselor Finds Things Bother Students

By LESLIE J. NASON, ED. D.
Professor of Education,
University of Southern California

Students ask many questions about school and study. At a recent talk to a junior high assembly I was deluged with them. Here are some sample questions:

An eighth-grade girl: "How can I stop talking so much?"

DR. NASON

It depends on what you think about while the teacher or another student is talking. You have been thinking of what you are going to say as you would in a conversation. Instead, you should study what is being said and try to understand it. Picture in your mind the ideas they are presenting. If you don't plan to talk, you won't.

A ninth-grade boy: "Why do I study better in a noisy place? When there is no music or noise I start thinking of other things, not what I am supposed to be studying."

It takes only about one-third of your thinking space to read words. The rest will not stay bland. You have been letting noise and music fill it. Without the noise or music there, the other thoughts rush in.

Learn to use all of your thinking for the study at hand. Decide what you are going to find out by reading before you start, then STUDY what you are reading as you read. If your mind still wonders, try reading faster.

A seventh-grade girl: When I write on an unlined paper my writing goes down hill. How can I overcome this?

Take a fresh piece of unlined paper and write a sentence across the top of the paper. Fill the page with repeats of this same sentence.

After you have written it twice you will be able to turn your attention to how you are writing and train your hand to write straight across the page.

Writing properly calls for repeated exercise just as playing the piano or learning to play golf.

An eighth-grade girl: Is it better to study vocabulary at night or in the morning?

The best results can be obtained by studying vocabulary at both times.

* * *

Make vocabulary the last thing you study at night. Picture the meaning of each word; say the word aloud several times so that your ears become accustomed to hearing it at the same time your mind brings up the picture.

Recall the meanings of the new words the first thing in the morning, even before breakfast. This scheme has proved successful for every student who has tried it.

A ninth-grade boy: Can you give some advice on learning the new geometry?

I assume you mean the approach to geometry through the use of the mathematics of groups.

(And I congratulate you, since you must be in an accelerated class to be studying geometry in the ninth grade.)

Try to understand each idea in words. Listen to your teacher and read your book determined to understand what is said. Memorizing procedures for use on tests will prove of little value.

(Dr. Nason will welcome your question addressed to him in care of The Pontiac Press. Those of most general interest will be answered in his column.)

John V. Singer, brother of Isaac Singer, the sewing machine magnate, was shipwrecked on Padre Island, Texas, in 1947. He decided to take advantage of the abundant grass and shallow freshwater wells and stay on the island to raise cattle.

JACOBY ON BRIDGE

By OSWALD JACOBY

North's bidding is not recommended. His excuse was that he thought his partner would hold 11 cards in the major suits, not a mere 10.

JACOBY

Still, the seven spade contract depended on a finesse at worst. Now see if you can find a way for South to make it without having to finesse.

First count your winners. You have five tricks in each major plus two aces for a total of 12. Can you add a 13th?

Yes, if you use a dummy reversal play to produce a sixth trump trick.

You cash a trump at trick two to make sure that trumps aren't going to break 5-0. Then you ruff a club and enter dummy with a second trump. Both opponents follow so you know trumps are 3-2. Then you ruff another club, enter dummy with the jack of hearts, ruff dummy's last club with your last trump, get to dummy once more with the ace of diamonds and discard your other diamond on dummy's last trump.

This leaves you with four good hearts and you spread your hand. You have found a way to make six trump tricks instead of the five you started with.

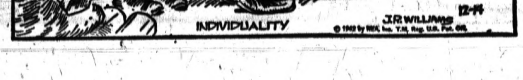
OUT OUR WAY



Astrological Forecast

By SIDNEY OMARR
For Saturday

"The wise man controls his destiny"—Astrology points the way.

ARIES (Mar. 21 to Apr. 19): Those who try to make "deals" should be put off. Accept sincere approach. But reject those who appear to "know all." Be self-reliant, independent. Above petty actions. Plus night for romance!

TAURUS (Apr. 20 to May 20): Strength shown through minor obstacles. Means you gain prestige by showing you can overcome roadblocks. Be diplomatic, kind, understanding, especially in dealings with family members.

GEMINI (May 21 to June 21): Especially good for social affairs, surprise party or for sending invitation. Start looking ahead, making plans for holiday season. Not best for traveling great distances.

CANCER (June 22 to July 21): Keep eye on budget. You may be tempted to "splurge." Better to plan, utilize imagination. Attend to details in connection with shopping. But don't expect quality bargains.

LEO (July 22 to Aug. 21): Important that you get proper amount of rest. Irritability over minor matter could cause big major "explosion." Remember that loved ones also have "nerves." Evening fine for relaxing, entertaining.

VIRGO (Aug. 22 to Sept. 22): Being close to familiar surroundings could serve as tonic. Stretch out, relax! Add affairs which require formality. Be yourself. Visit friend who may be confined.

LIBRA (Sept. 23 to Oct. 23): Idea offered by Leo individual could spark you into profitable action. Permit Libra sense of justice to function. Express appreciation. But take time to handle complex details.

SCORPIO (Oct. 22 to Nov. 21): More on "your side" than you might at first believe. Tendency to overlook advantages. Today realize you possess charm, ability. Refuse to feel inferior!

SAGITTARIUS (Nov. 22 to Dec. 21): Day for analyzing, perceiving, reading, questioning. Extend influence. Write, communicate, visit. Basically good for realizing POTENTIAL.

CAPRICORN (Dec. 22 to Jan. 20): Outlook brightens. You take new steps toward added independence. You feel a bit "on your own." But aid is forthcoming in form of genuine friendship, sincere sense of humor.

AQUARIUS (Jan. 21 to Feb. 19): Don't shirk responsibilities. Applies to family as well as business commitments. Engage in community activity. Show older person proper respect. Be alert needs of loved ones.

PISCES (Feb. 20 to Mar. 20): Be true to your own feelings. Ignore gossip. Refuse to be told what must do or think. Exercise independence of thought. Your ability to charm "grumpy" persons helps you.

* * *

IF SATURDAY IS YOUR BIRTHDAY
You have been aware of greater need for security. Much of this need can be fulfilled in coming months. You are "sensitive" and considerate person.
GENERAL TENDENCIES: "Battle" lines are drawn between those who want to go back to basics and those who want to drive ahead.

Gold assets	16,975,558,220.64

*—Includes $509,968,675.00 debt not subject to statutory limit.

Fractional Changes the Rule

Stock Market Mixed, Sluggish

NEW YORK (AP) — Weakness in Douglas Aircraft was the big feature in a mixed and sluggish stock market early this afternoon.

★ ★ ★

Douglas was down more than 2 points as its important Skybolt missile program seemed in further jeopardy. A British newspaper reported Britain has accepted a U.S. plan to junk the Skybolt and take in its place Polaris missiles for British-built nuclear submarines.

★ ★ ★

Fractional changes were the rule for most other stocks throughout the list, even the volatile "glamour" issues which usually outpace the rest of the market either up or down.

President Kennedy's scheduled address to the Economic Club of New York tonight was one unknown factor overhanging the market, although most Wall Streeters believed it would be a bullish speech emphasizing the need for tax cuts.

STEELS LOSE

Steels, aerospace stocks, rails, and tobaccos were among the losers. Electrical equipment and utilities were steady on balance. Motors, oils, and electronics were mixed.

The continued newspaper strike in New York City and cold weather were factors cited for the indifferent performance of the stock market.

Bond Price Changes Narrow

NEW YORK (AP) — Bond price changes were extremely narrow and trendless at the opening today.

★ ★ ★

Over-the-counter dealers in U. S. government securities said the only changes on the entire list were a few gains by 2/32 in the long end. Activity was limited.

Rails again were the most active section among corporates traded on the New York Stock Exchange but they were mixed. So were industrials and utilities.

U.S. Attache Quits Moscow

He's 4th at Embassy Accused of Spying

MOSCOW (AP) — The fourth U.S. Embassy employe to be accused this year of spying left the Soviet Union voluntarily today.

★ ★ ★

He is the assistant agricultural attache, Rodney W. Carlson, 30, of Alcester, S.D.

The Soviet government had not demanded his departure. It was understood the embassy felt his effectiveness as a diplomat in Moscow had been impaired. The embassy also reportedly felt he was in danger of arrest.

Tass, the Soviet news agency, accused Carlson; Richard Carl Jacob, 26, U.S. Embassy staff member expelled last month, and a British businessman now under arrest of buying or receiving secret information from O. V. Penkovsky, a Soviet scientific worker.

'NOTHING IMPROPER'

An embassy spokesman told newsmen today Carlson had not engaged in any improper activities. It was the first official American comment on the Tass charge.

Carlson and his two infant daughters were met in Copenhagen, Denmark, by his wife, Patricia, who had been on a holiday in Paris. The diplomat had been in Moscow only six months. His younger daughter, Karen, was born there seven weeks ago.

★ ★ ★

Tass said Penkovsky had been arrested and that he had been working for British and American intelligence since last year.

Jacob said he had never heard of Penkovsky. Jacob was a secretary-archivist at the embassy until the Soviet government expelled him last month. He is now working at the State Department in Washington.

Wheat Futures Back to Firmer Trend

CHICAGO (AP) — Wheat futures resumed their firmer trend, and soybeans posted moderate gains, but other commodities on the board of trade showed a tendency toward weakness today in early transactions.

New crop soybeans moved up another cent a bushel, their fourth consecutive advance this week.

The strength again was ascribed to expectation that the government soon will announce an increase in the price support of next year's crop. It recently boosted supports of feed grains two to five cents.

The scattered selling of corn, oats and rye was described as liquidation. Some commercial support was noted in wheat.

REPORTS TO PRESIDENT — Industrialist Edgar F. Kaiser chats with President Kennedy yesterday at the White House. Kaiser reported to the President on a possibility that Kaiser Steel Co. may sign a revolutionary contract with the Steel Workers Union. Under the contract, the company and workers would share in any reduction in costs of the company.

Kaiser, Union Drafting Share Contract

WASHINGTON (AP) — An automation age contract with terms that would split cost savings to benefit workers, company and the public reportedly is being drafted by Kaiser Steel Co. and the United Steel-workers Union.

★ ★ ★

Edgar F. Kaiser, board chairman of the steel firm, told President Kennedy about it yesterday.

Kaiser declined to give newsmen details of the proposed pact, saying he hoped negotiations at Palm Springs, Calif., would produce a final agreement this weekend,

Contract terms are to be announced next week on the West Coast.

The savings-sharing plan is said to be the key feature of the new agreement. Under it, the company would periodically feed steel cost data into its computers, and compare expenses with a fixed prior cost figure.

Any savings would be split three ways. Workers would get about one-third, the company would retain one-third and the rest would wind up as additional tax payments — thus benefiting the public.

AFTER LONG STUDY

Negotiators have been working on the idea for three years. They reportedly have decided that with highly mechanized and automated production facilities, it is nearly impossible for an individual worker or foreman by individual effort to significantly spur efficiency and output.

They are said to have adopted the savings sharing plan as a sort of company-wide incentive system.

The agreement is understood to include a pledge that the company will match other steel industry wage levels if cost savings do not bring Kaiser employes earnings to a comparable figure.

★ ★ ★

Another provision is said to be aimed at gradual elimination of the present worker incentive plan. Under it, each worker will be given a series of choices that are expected to bring him under the cost savings sharing system.

While the plan is said to be tailored for Kaiser, it could well be a factor in negotiations for new contracts in the rest of the steel industry, due next year.

The Kaiser plan was drafted by a special committee set up in 1959. It included Professors George W. Taylor of the University of Pennsylvania and John T. Dunlop of Harvard University, and arbitrator David L. Cole.

Successful Investing

By ROGER E. SPEAR

Q) "What is the difference between equity and book value? Are they the same?" O. S.

A) Yes, they are exactly the same.

Book or equity value represents the number of dollars in net assets applicable to each share of common stock, as shown by a company's balance sheet. This figure is one of the many fundamentals studied in evaluating a common stock, but generally it is earning power.

Here are two examples of how little the book value can influence prices. Polaroid Corp. has a book value of around $15 and recently sold above $120 a share. Anaconda Company, the second largest copper producer in the world, with a book value of about $89, was recently trading around 43.

There are, however, some companies that carry holdings in real estate and investment well below true value, and these sometimes constitute a hidden "kicker" which can lift the price of the shares. Also, in a declining market high book value tends to place a floor under a stock, at a level where buyers think the assets are being too widely undervalued.

★ ★ ★

Q) "Would you please give me a list of companies that have paid dividends for a long time?" C. B.

A) I would be happy to. Standard Oil of New Jersey, Southern California Edison, National Fuel Gas, and American Tobacco are all companies that have long records of consecutive yearly dividends.

Jersey Standard has made some dividend payment each year since 1882, and the others since the period from 1903 through 1907.

I might add one note on this general subject. Long dividend records are not the sole criterion for selecting income stocks. A company should also operate in a stable industry, show a generally rising trend of dividend payments, and return a satisfactory yield at the current market price. All the securities I have listed meet these requirements.

Mr. Spear cannot answer all mail personally but will answer all questions possible in his column.

School Board OKs Bonds

$3.5-Million Issue Asked for Construction

The Pontiac Board of Education last night approved issuing $3.5 million in new construction bonds.

Bids are scheduled to be let in late January or February.

The Pontiac School District today will pay off the last part of its $1-million bond issue raised July 1, 1961.

The payment amounts to $625,000. The bonds are held by Community National Bank.

The move was approved last night by the board to insure speedy passage by the State Municipal Finance Commission of the $3.5 million in new bonds.

The 1961 issue was for construction, including the additions to Pontiac Northern High School and Jefferson Junior High School.

The new bonds are needed to finance a construction program which includes a junior high school, an elementary school, an administration building, a service building and an addition to Irving Elementary School.

Supt. Dana P. Whitmer told the board that retirement of the 1961 bond issue would help win speedy finance commission approval of the new bonds.

The commission investigates a district's indebtedness in approving bonds which the state backs with its own good faith and credit.

A total of $3.2 million of the new bonds is scheduled to get such backing.

The new bonds will be in two issues.

The $3.2 million will be raised as state-backed "qualified" bonds, to be paid off over 19 years.

Another $300,000 will be raised as non-qualified bonds, to be paid off over six years.

News in Brief

Ernest Hildebrandt, 62, of 2800 Colonial Trail, Bloomfield Hills, told police a hitchhiker he picked up at Bagley and Wesson streets last night grabbed his wallet containing $18 and fled.

Several machines in the White Pearl Laundromat, 737 N. Perry St., were pried open early this morning with a crow bar. An estimated $15 to $20 in coins was taken.

Thieves stole three sets of skis when they broke into an Addison Township barn, the owner George Mitchell of 3470 Ray Road, reported to sheriff's deputies yesterday.

Office space is now available, including off street parking, in the new Downey Office and Professional Building, 790 S. Lapeer Rd. (M-24), 2 blocks south of Lake Orion Village. MY 2-4342. —adv.

Romney Resigns Douglas Board

SANTA MONICA, Calif. (AP) — George Romney, governor-elect of Michigan, is resigning as a director of the Douglas Aircraft Co.

Donald W. Douglas, board chairman, said yesterday Romney is resigning because of the added responsibilities of his new public office.

Romney joined the Douglas board in 1960.

Pontiac Sales Hit 10-Day Top

Pontiac sales in the first 10 days of December were the highest for the period in the division's history, it was announced today by Frank V. Bridge, Pontiac Motor Division general sales manager.

Dealers delivered 15,287 new Pontiacs and Tempests between Dec. 1-10, a 22 per cent increase over the 12,488 units sold in the same period a year ago, Bridge said.

The best previous Dec. 1-10 record was established in 1954 when 13,995 cars were sold.

Bridge also pointed out that Pontiac sales in the seven consecutive 10-day sales periods since '63 announcement have set highs.

Death Notices

ALVARADO, DECEMBER 13, 1962, Maria, 466 Central; age 46; beloved wife of Alfonso Alvarado; dear mother of Alfonso, Jessie and Virginia Alvarado; dear sister of Mrs. Carmel Gonzales, Concha Gonsales, and Mrs. Clemencia Villa. Recitation of the Rosary will be today at 7:30 p.m. at the Melvin A. Schutt Funeral Home. Funeral service will be held Saturday, December 15, at 10 a.m. at the St. Vincent de Paul Church. Interment in Mt. Hope Cemetery. Mrs. Alvarado will lie in state at the Melvin A. Schutt Funeral Home.

FARM QUEENS — This bevy of pretty farm girls who won state queen titles were presented to The American Farm Bureau convention in Atlanta, Ga. From left are Sandra Kerr, Greenbeck, Tenn.; Mary Sprain of Westfield, Wis.; Patsy Bryant of Jacksonville, Ala.; Marion Kimball of Casper, Wyo.; Valdene Garner of Brownsville, Tex.; and Sherilyn Green of Wheeler, Mich., about 24 miles west of Saginaw.

Turn Your Lens on Laughter to Add Spice to Your Album

By MARY CAMPBELL
AP Newsfeatures Writer

Nearly every conversation is flavored with little witticisms; very serious movies have their light moments for dramatic relief.

Yet we as photographers often display an album or show slides of the vacation or movies of the family — with not a funny picture in sight.

We apparently have such a good time taking pictures we don't think about putting fun on the other side of the lens.

But imagine spending a day on your hands and knees photographing the tiny spring flowers which bloom on the floor of the California desert. Suddenly you glance up to see a tall Joshua tree cactus with two "arms" and an upraised "leg" bent at the "knee."

★ ★ ★

You'd laugh out loud, straighten up, shoot (anyway that's what I did) and have an unusual ending for your desert flower slide show.

Or imagine mother taking a family picture. Father stands stiffly, smiling into camera, holding little sister. Big sister stands rigid alongside, smiling at camera.

Then, just as mother snaps the picture, little sister, round, angelic face lighted with the glee of evil intent, gently leans down and, using thumb and only one finger, daintily pulls untied big sister's hair ribbon.

Cute? Yes. Corny? Yes. But most of us aren't too sophisticated about our families, anyway, and we don't need to apologize if it's the cute and corny pictures which bring a smile and remain the family's favorite through the years.

★ ★ ★

If, on your vacation, you see a street sign spelled STPO, shoot. Or you notice two cars covered with snow except for one headlight each. Does it look like some guy you know, winking at a gal? Shoot.

Of course not all funny pictures just happen. Mrs. Rexford D. Sherwood of Rochester, N.Y. saw some expressive "faces" on door latch hardware in a store one day and took the pieces home.

Her husband made a tabletop arrangement which won him a prize in the 1956 Graflex photo contest.

★ ★ ★

Photo humor specialist Raymond D. Harvey of Cleveland, writing in the Photographic Society of America's November Journal, lists some more categories of jollity: simulated injury and self-ridicule, the stock in trade of clowns; human animals, the dog smoking a cigar or cat poring over chess; the surprising and unexpected; exaggeration, using oversized or undersized props.

★ ★ ★

Harvey illustrated apparent injury and laughing at oneself with a picture of himself holding cymbals in position to clang, an enormous bandage taped across his nose.

So, try humor in your photography. The person who sees your pictures will enjoy it; you can go all out in observation, imagination and manipulation. And that's a lot of fun.

The Golden Rule Includes Actors, Too, Says Shelley

By EARL WILSON

NEW YORK — EXTRA! Actor Comes Out For Golden Rule! It was Shelley Berman, a comedian yet.

I rolled up to Shelley's East End Avenue apartment. An NBC TV crew of about a dozen had him surrounded at his desk.

WILSON

There were wires down his pants legs . . . bulky mikes in both hip pockets . . . unknown invaders in his home . . . little wonder that he suddenly became unnerved . . . almost exploded . . . spilled coffee on his nice desk . . . and exclaimed:

"Don't show that on cameras!"

For two months TV guys are butting into all he holds dear and private, for a TV, show, "Study of a Comedian," March 20—but he was upset because fellow actor Larry Kert reportedly had revived a tale of how he flew into a rage in a Broadway show, "A Family Affair," and hurled a chair from his dressing room into the theater.

"Sure, it's true, but HE wasn't involved." Shelley's wife was mopping up the coffee. "What's the matter with that cat?

"And I like Larry Kert! I defend him every chance I get — which is frequently.

"So I went on a rampage—had been working very hard, in a blistering hot theater—had been taking some tranquillizers, if you take too many, they work in reverse . . .

"I picked up a chair and broke it. Since nobody'd seen me do it, I had to show my feelings, so I threw it into the hall—

NOT AT ANYBODY!

"It wasn't justified — it was stupid!" Shelley declared. "But other people lose their tempers. That's considered normal."

"Maybe you think actors are entitled to special rules for temperament and morals?"

"No! The rule they should follow is the Golden Rule like everybody else," Shelley said.

★ ★ ★

THE MIDNIGHT EARL . . .

Sammy Davis Jr., who's been celebrating his 37th birthday for days, had two more observances (with **Peter Lawford**) at Danny's Hidaway and the new Playboy Club which still has people standing in lines to get in. . . . **Bette Davis'** beautiful young daughter "B.D.," seems to be awfully sweet on **Maximilian Schell** . . . Marty Martin's heading back to Brazil after the **Bing Crosby** TV spec.

TODAY'S BEST LAUGH: "A middlewestern hostess announced to her dinner guests. 'We were planning to have venison, but fortunately, Walter shot a cow.' "

WISH I'D SAID THAT: "You can't relly call a woman rich until she hires a CPA to count her calories for her.

EARL'S PEARLS: There's a businessman we know who's gone busted 24 times. Next week he celebrates his silver bankruptcy.

"Many a TV star," notes the Emporia Gazette, "made it to the top because her dress didn't" . . . That's earl, brother. . . . .

Gaitskell to Visit With Khrushchev

LONDON (AP) — Labor party leader Hugh Gaitskell announced last night he will fly to Moscow Jan. 1 for talks with Premier Khrushchev.

★ ★ ★

He said he had been invited to make the trip by a group in the Supreme Soviet (parliament). He plans to spend four days in Moscow and a few days in Leningrad.

He said he will discuss with Khrushchev the general state of the world, disarmament, Berlin and other East-West problems.

CBS Dominates TV Ratings; Top Show 'Hillbillies'

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—As the television season rumbles along, it becomes increasingly evident that the CBS network, programming heavily in big star names and comedy, has estimated accurately the public's taste.

★ ★ ★

CBS, powerful as a bulldozer, presents nine of the 10 most popular shows listed in the most recent Nielsen ratings, plus 18 of the top 20. This establishes some sort of a network record.

IN ORDER

The Nielsen top 10—based on estimates of audiences between Nov. 11 through 25—are, in order, the comedy phenomenon "Beverly Hillbillies," the Red Skelton hour, "Candid Camera," "Ben Casey," "Lucy," the Danny Thomas show, Jack Benny, the Andy Griffith show, "Gunsmoke," and "I've Got a Secret." Sole non-CBS show on the list is ABC's "Ben Casey."

Nine of the top 20 shows are comedy, three are game or panel shows and only two are Westerns ("Bonanza," NBC's only top-20 entry, was number 13).

If nothing else, the list indicates what the average viewer asks of television: light, painless entertainment.

Buddhist Forgot Lessons

TOKYO (UPI) — Police said Buddhist priest Kodo Mitsunari, 67, was arrested near here yesterday for stealing a statue of Buddha from a temple where he had been refused a job as part-time abbot.

Chilling cornmeal mush for breakfast "scrapple?" Mold it in a small loaf pan, but be sure to rinse the pan with cold water before pouring in the mush.

Company May Relocate if Rochester Incorporates

AREA NEWS

ROCHESTER—The possible relocation of Parke, Davis & Co. should the city incorporation of Rochester become a reality and include the firm's Avon Township facility, was revealed at a public hearing here last night.

The meeting was called "for information only" by the boundaries committee of the Oakland County Board of Supervisors.

Village President Roy Rewold and attorney Arthur Cox represented the village.

The two chosen to speak for the township were Supervisor Cyril S. Miller and Joe Parisi, executive director of the Michigan Townships Association.

However, Miller, after saying, "I do oppose these and previous boundaries presented," relinquished his remaining time to a representative of Parke-Davis & Co., attorney Clarence K. Patterson of Pontiac.

Patterson traced the company's local history, telling how it decided to "concentrate all its biological laboratories here.

"The thing that is important in these biological workings is purity," he said.

Summing up the company's stand Patterson said the company has to have "space, pure air and segregated areas." He pointed out that industrial and residential expansion would hinder this.

If plans for cityhood go through, he said, "they may have to find another area where there is no chance of contamination."

Cox, speaking for incorporation, "set the legal and factual stage" of cityhood.

★ ★ ★

The attorney listed advantages of cityhood, pointing out the assets of one local government, removal of a partisan element, a new and improved charter and direct representation on the county Board of Supervisors.

Parisi, speaking for the township, said often city boundaries are set up by "speculation, assumption, hypotheses and sheer guesswork."

He discussed the ease of becoming a city and the difficulty of getting out of that position.

It takes a petition with signatures of 1 per cent of the people to bring about a city, he said, but 25 per cent need to sign in order to change the status back.

"The boundary itself is a nice square one," he said, but asked the audience to consider "what is in the boundary."

Rewold in his eight-minute presentation projected slides of the area proposed for incorporation.

He pointed out that boundaries of the proposed city encompass an area of 4⅛ square miles, including a portion of Avon Township, as compared with the present village's area of 1 9-16 square miles.

Rewold traced the existing western and southern limits of the village, stating they would be retained in the city plan.

Dequindre Road would enclose the city on the east and Tienken Road would become the northern edge, according to the map.

"The committee felt very strongly about not taking in more area than could be serviced without burden on existing village taxpayers or taxpayers that are now outside but would be in the proposed city."

EXPRESSES SYMPATHY

Rewold expressed sympathy with the township about its losing the villages' assessed valuation of $6.8 million.

"However," he added, "I can't see paying $8 to $10 per home for so few township services, when services could be adequately given at one cost by one unit of government such as the proposed city."

In another portion of Rewold's presentation he pointed out where Parke, Davis & Co., as well as home owners in the involved area, would pay a smaller total taxation then they are presently charged.

★ ★ ★

Closing the meeting, boundaries committee chairman Thomas Tiley complimented the audience and speakers for what he called "by far the most orderly hearing I have ever been to."

Pontiac Press Photo

HEAVE—HEAVE! — Bundled up against bitter cold weather, Michigan Bell Telephone Co. linemen pull on guide lines to lower cables that were in the way of a former convalescent home being moved from Oak Street to Woodward Street yesterday afternoon. The house will be converted into a two-family residence and the property where it was located into a parking lot for the Pixley Funeral Home.

2 Communities to Light Trees

Southfield, Romeo Set Ceremonies Tonight

Two area communities will herald the advent of Christmas with tree-lighting ceremonies tonight.

★ ★

Southfield's second annual ceremony is set for 6:30 p.m. on the Community Building lawn, and Romeo's official tree dedication will take place at 7.

The city's department of parks and recreation and Kiwanis Club are cosponsoring the Southfield festivities which will be highlighted by the appearance of Santa Claus.

Throwing the switch illuminating the tree will be Mrs. Julia Jacobs, 77, who donated the 50-foot evergreen.

★ ★ ★

The Southfield High School band will play holiday music, and the Kiwanians will have surprises for the youngsters.

The Community Building is on 10½-Mile Road, between Telegraph and Berg roads.

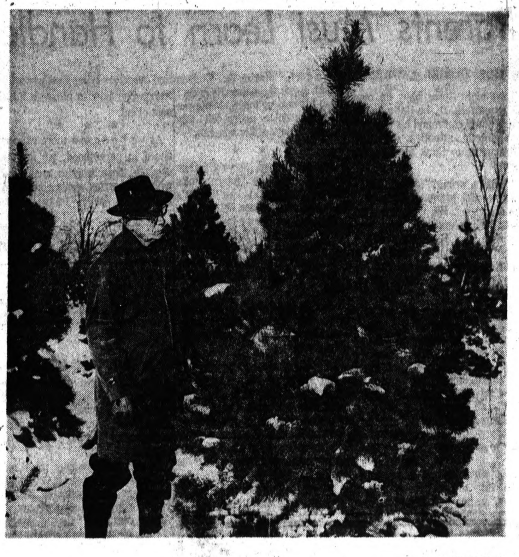
Romeo's Christmas tree has been set up on the corner of East St. Clair and Main streets in the heart of the business district.

★ ★ ★

Presiding at the ceremonies will be John Medaugh, president of the Romeo Merchants Association. Eight-year-old Yvonne Yntema will press the button lighting the giant evergreen.

★ ★

Yuletide musical accompaniment will be provided by the junior high school band, and Rev. Lawrence E. Dunn of St. Clement Catholic Church will give the invocation.



Pontiac Press Photo

GROWS HIS OWN — The selection of a Christmas tree is no problem for Herbert A. Beyer. He can simply step out the front door of his home on his 46-acre farm and choose any one of the 1,000 there ready for cutting. Beyer stands beside one of the "well-shaped" trees growing at his nursery on Brewer Road in Lakeville.

Couple Lives in 'Shangri-La'

Trees Build His Paradise

By ROGER SRIGLEY

LAKEVILLE—Herbert A. Beyer and his wife not only live in Shangri - La, they grow 15,000 Christmas trees there.

Beyer, 65, retired to the 46-acre farm here about 12 years ago after considering locations in Oregon and California.

"We named it Shangri - La because to us it's sort of a lost paradise, it's just what we wanted," he explained.

He and his wife Patricia, 55, describe their trees like rose-growers talking about their prize-winning hybrids.

★ ★ ★

"Most growers plant the trees as seedlings and leave them for the Lord to grow, where we try to help Him out and improve their shape and stature," Beyer said.

Pointing at the beautiful specimen in his home at 620 Brewer (33-mile) Road, he said "We had to operate on and prune that tree at least two years ago."

The former coal dealer explained that about 1,000 of the Scotch pines are ready to be chopped down and decorated for this year's holiday season.

"Of course 650 of those trees have been tagged by people since August."

SUNDAY DRIVE

Beyer explained that families come out for a Sunday drive in the fall and select their trees then.

"During those few months the trees don't grow an inch in stature," he added.

The nurseryman attempts to raise the best shaped trees possible. "We begin the trimming when they're two feet tall," he said.

★ ★ ★

"At least 80 per cent of them are staked to make sure they grow straight, and often we use bamboo splints to correct angles in the main branches."

Showing the vast fields of trees, Beyer told how he will be supplied with 1,000 "superb" trees per year for the next ten years even if he plants no more.

"Anything that isn't shaped well we chop into wreath material," he said.

He explained that the trees must be trimmed every year in late summer. "They have to be pruned then as that's when the limbs are soft and the buds will develop into branches," he said.

EXPECT TO BE BUSY

The Beyers expect to be busy in the coming days, waiting on new customers and supplying past customers with the trees they have selected earlier.

"We love the work though," he said, "and are glad to offer a tree where the buyer doesn't have to worry about covering up holes."

"We enjoy sharing the excitement of a family picking out their own tree while it's still growing," he added.

Santa to Give Gifts in Holly Appearance

HOLLY—Free gifts will be presented to area children by Santa Claus tomorrow from 11 a.m. to 1 p.m. at Wheeler Motor Sales, 103 N. Saginaw St.

Following Santa's visit, a free movie program will be presented for the youngsters at the Holly Theater, 104 N. Saginaw St.

The program is sponsored by the Holly Board of Commerce.

Visit by Santa to Help Needy

Children Asked to Bring Staples

DAVISBURG — A visit here this weekend by Santa Claus will serve a dual purpose — entertainment for chhildren tomorrow and aid for needy families on Christmas Day.

★ ★ ★

Santa will arrive here at noon tomorrow for a special chhildren's program at the Springfield Township Hall. He will hand out free popcorn and show cartoons, movies and other features to delight the youngsters.

Parents are asked to send canned vegetables, meats and other kitchen staples with the children who attend.

The food will be used to provide Christmas baskets for less privileged families in Springfield, Rose, Groveland and White Lake townships.

★ ★ ★

The project is cosponsored by Davisburg Community Activities Association and the Davisburg Junior Chamber of Commerce.

Wixom Decides to Give County Its Part of M218

WIXOM — The portion of Pontiac Trail (M-218) which runs through Wixom will be turned over to the Oakland County Road Commission, it was decided last night by the City Council.

★ ★ ★

The State Highway Department is abandoning Pontiac Trail as a state-operated road. Municipalities along the route are being asked to take over ownership.

Councilmen here decided, however, that the city could not afford the maintenance costs if it became Wixom's property.

★ ★ ★

The road will become the responsibility of the county in municipalities which do not ask to take it over.

Five Choirs Will Perform

UNION LAKE —**The five choirs of Commerce Methodist Church, 1155 W. Commerce Road, will present the annual festival of songs at 7:30 p.m. Sunday.**

★ ★

Choirs include the chancel, Wesleyan, choralier, carol and rhythmic. Directing the festival will be George Scott, Mrs. George Armstrong, Mrs. Jack Kelly and Mrs. George Scott.

Mrs. Lester Ettinger will be organ accompanist.

70 Firemen From Six Units Battle Blaze at Wixom Farm

WIXOM — Seventy firemen from six West Oakland County departments were called out in zero weather last night to battle a fire on the farm of Lloyd Croft, 50403 Pontiac Trail.

★ ★ ★

Although hampered by a poor water supply when they first arrived, firemen saved all but one structure in a complex of farm buildings behind the Croft home.

No one was injured.

The Wixom Fire Department, called to the scene about 5:45 p. m., quickly called for assistance from neighboring communities.

Additional men and equipment were dispatched from Walled Lake, Commerce Township, Milford Township, Lyon Township and Novi.

Flames destroyed a long, low building housing cattle and feed which was about 35 feet from the rear of the Croft home.

★ ★ ★

Some 50 head of cattle were led to safety by the farm owner.

Wixom Fire Chief Robert Potter said flames also threatened the farm house and a large main barn during the height of the blaze.

★ ★ ★

Hoses were extended three-tenths of a mile along Pontiac Trail to Norton Creek.

Tank trucks shuttled back and forth to the Lincoln assembly plant 1½ miles away for another water source.

The blaze was under control in three hours but Wixom firemen remained until 5 a.m. today.

★ ★ ★

Potter said the blaze apparently was caused by defective wiring in the approximately 100-foot long cattle barn. There was no estimate of damage available, he said.

Cub Scouts Plan Carols

ORION TOWNSHIP — The cub scouts of Pack 59 will have a Christmas caroling party and bonfire wiener roast at 5 p.m. tomorrow at the home of Mr. and Mrs. James Wiles, 2512 Flintridge St.

Yule Drama Slated at Rochester Church

ROCHESTER — The play "Three Wise Men and a Miracle" will be presented at 7 p.m. Sunday by members of the senior youth fellowship of St. Paul's Methodist Church, in the church sanctuary.

★ ★ ★

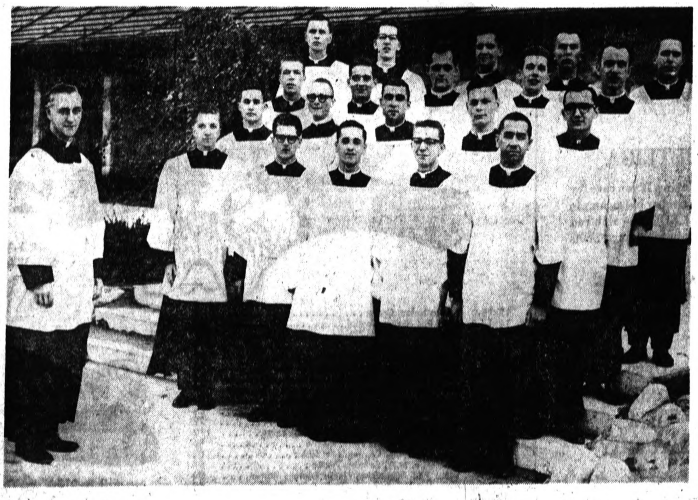
The half-hour drama was written for sanctuary presentation by the church's pastor, J. Douglas Parker.

★ ★ ★

The children's Galilean choir will also present a short concert of Christmas music at the public event.

Named to Farm Bureau

ATLANTA (AP) — Walter Wightman of Fennville, Mich., was one of 12 members chosen yesterday for the 26-member board of the American Farm Bureau Federation.



Rev. Henry A. Waraksa, Director, and Schola Cantorum

Yule Musicale This Sunday

Orchard Lake Choirs Ready Annual Sing

ORCHARD LAKE — The 16th annual Christmas musicale at St. Mary's of Orchard Lake will be held here Sunday at 7:30 p.m.

★ ★ ★

Featured will be the Scola Cantorum, the St. Cyril and Methodius Seminary choral group which has made 25 consecutive annual radio broadcasts over national and international radio networks.

This year's broadcast will be heard at 9:30 p.m. Dec. 20 over radio station WJR.

The St. Mary's College Choir under the direction of Victor Lisek will sing a series of selections including the Simeone arrangement of "The Little Drummer Boy."

"Lo! How a Rose" and "Rudolph the Rednosed Reindeer" will be among the lighter melodies provided by the St. Mary's High School Glee Club.

The rector, Rt. Rev. Msgr. Wallace Filipowicz, will introduce the program with official lighting of the Christmas tree.

The program is under the direction of Rev. Henry Waraksa. Rev. Walter Ziemba will be commentator.

A Polish custom, commmunity participation of the opatek or Christmas wafer, will conclude the program.

home; 25 grandchildren; and

MRS. HAROLD M. FRENCH

WALLED LAKE — Graveside service for Mrs. Harold M. (Katherine) French, 83, of 2309 Indiana St., was held at 10 a.m. today in the Acacia Park Cemetery, Beverly Hills, under supervision of the Richardson-Bird Funeral Home.

Memorial service will be 4 p.m. Sunday at the Church of the New Jerusalem, Troy.

Mrs. French died at her home Wednesday after a six-month illness. She was a charter member of the Ladies Auxiliary of Lawrence Sims Post No. 3952, Veterans of Foreign Wars, and a member of the Civic Club of Walled Lake.

Surviving are three sons, Arthur W. of Detroit, Gerald M. of Partridge, Ill., and Robert H. of Melrose, Ill.; a sister and three grandchildren.

MRS. ARTHUR J. McCLELLAND

WIXOM —Service for Mrs. Arthur J. (Mary M.) McClelland, 51, of 30000 Beck Road will be 3 p.m. Sunday at the Richardson - Bird Funeral Home, Walled Lake. Burial will be in Walled Lake Cemetery.

Mrs. McClelland died yesterday at Pontiac General Hospital after a two-week illness.

Surviving besides her husband are six sons, Warren Banfield of Haslet, Wilfred Banfield of Hudson, Leroy Wixom of Novi, Floyd McClelland of Pinkney, Ronald McClelland of Pinckney, Ronald land, both of Wixom; and five daughters, Mrs. Daniel Burks of Walled Lake, Mrs. Rex Drayton, Mrs. Lyle Johnson, Mrs. Travis Willis and Mrs. Mary Lou Albright, all of Howell.

HARVEY F. NELSON

PONTIAC TOWNSHIP — Service for Harvey F. Nelson, 70, of 4443 Homesite Drive, will be 2 p. m. Monday at the Sharpe-Goyette Funeral Home.

Mr. Nelson died unexpectedly at his home yesterday. He was a carpenter.

Surviving are two sons, Alexander of Oxbow Lake and Arnold of Clarkston; three daughters, Mrs. Moody Tice of St. Petersburg, Fla., and Mrs. Betty Mastick and Mrs. Mary Olson, both of Pontiac; two brothers, Anthony of Clare and Elmer of Pontiac; three sisters, Mrs. Roy Shook of Detroit, Mrs. Susan Curtis of Rochester, and Mrs. Ilene Cook of Pontiac; and several grandchildren.

JOHN PUTMAN

CLARKSTON — Former resident John Putman of Howell died this morning at McPherson Hospital, Howell. His body is at Sharpe-Goyette Funeral Home.

MRS. HARRY C. WALTERS

FARMINGTON TOWNSHIP — Service for former resident Mrs. Harry C. (Marie) Walters, 88, of Livonia, will be 1 p.m. tomorrow in the Spencer J. Heeney Funeral Home.

Burial will follow in North Farmington Cemetery.

Mrs. Walters died yesterday after a lengthy illness. She was a member of Chapter No. 239, Order of the Eastern Star and Bushnell Congregational Church, Detroit.

Surviving are a son, Frank, of Livonia, a sister, a brother, three grandchildren and five great-grandchildren.

Antitax Unit to Dump Tea

DETROIT (AP) — With Detroit's temperature flirting with zero, the Vigilance Tax Committee today announced plans for a reenactment of the Boston Tea Party on the Detroit River Saturday.

It's apt to be cold — and icy — on the river.

Mayor George W. Kuhn of Berkley, chairman of the committee, said men in Indian costumes and carrying tomahawks will "raid" a cruiser loaned for the occasion and dump tea in the river.

The committee will use the gimmick in an attempt to spur signatures to petitions to ask the legislature to outlaw city income taxes without prior voter approval and to exempt nonresidents from such taxes.

Judge Adjourns Hearings on Green Door Arrests

Municipal Court hearings have been adjourned until Dec. 27 for 52 persons arrested in a raid on an alleged illegal liquor establishment Dec. 1.

The raid by members of the Pontiac Police vice squad and sheriff's deputies was strongly protested by Mayor Robert Landry and City Commissioner Milton R. Henry.

Henry, an attorney, is representing the defendants.

★ ★ ★

The postponement was granted yesterday by Municipal Judge Cecil McCallum after receiving a motion from Henry to dismiss the charges against those taken into custody on the raid of the Green Door Bachelor's Club at 82 Branch St.

Judge McCallum said he wanted time to study the motion.

All were to appear before McCallum yesterday after pleading innocent to charges before him the morning after the raid.

CHARGES MADE

All but three of the 52 were charged with loitering in an illegal liquor establishment.

Mrs. William Walker, 30, of 161 Branch St., was charged with maintaining and operating an illegal liquor establishment.

Two others were charged with aiding and abetting in the operation. They are Richard Boykins, 40, of 76 Branch St., and Herbert Alston, 34, of 201 Eastmoor St.

★ ★ ★

At the Dec. 4 commission meeting, Henry objected to police confiscating furnishings from the establishment and demanded that City Manager Robert A. Stierer have furniture returned.

Stierer ordered the items returned the next day.

Landry called for the firing of Lt. William Nesbitt, head of the vice squad, "if any one of the 52 persons is found not guilty in court."

Ten years ago there were five million harp seals in eastern Canada; now there are only about half that number.

Southfield Man Sentenced in Wage Violation

DETROIT (AP) — Henry A. Harwoods, 55, a Southfield businessman, was sentenced in U. S. District Court yesterday to a year and a day in federal prison for violating the federal wage and hour law.

U. S. District Judge Talbot Smith also ordered Harwoods to give 42 employes $2,729 in back wages and to pay $513 in court costs.

Nicholas M. Spoke, deputy regional attorney for the U. S. Department of Labor, said Harwoods paid the employes less than the $1 an hour federal minimum wage then in effect and failed to pay them time and one-half for overtime work.

Harwoods' plant at 22700 W. Eight Mile Road, Southfield, produces wood pallets.

NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing will be held by the Pontiac City Commission Tuesday, the 22nd day of January, 1963 at 8 o'clock p.m. EST in the Commission Chamber, City Hall on the proposed vacating of the 20 foot alley lying between Lots 132 and 133 Gillespie and VanWagoner Addition, in accordance with the following resolution adopted by the City Commission December 11, 1962:

"By Comm. Henry supported by Comm. Kirby. Whereas, the City Plan Commission recommends the vacating of the alley described as being in Gillespie and VanWagoner Addition, City of Pontiac, Oakland County, Michigan Liber 6, page 38 of Plats, described as:

"The 20 foot alley lying south of a line drawn between the NE corner of Lot 48 and the NW corner of Lot 49 and north of a line drawn between the SW corner of Lot 132 and the SE corner of Lot 133 Gillespie and VanWagoner Addition."

Whereas, the City Plan Commission further recommends that after the public hearing before the City Commission on the vacating, that the adoption date be deferred until Lot 129-133 both inclusive, Gillespie and VanWagoner Addition is zoned Commercial.

Therefore be it Resolved, that a public notice be given in accordance with Section 2, Chapter XIII of the City Charter, as amended, of the proposed vacating of the 20 foot alley lying between Lots 132 and 133 Gillespie and VanWagoner Addition.

Be it further Resolved, that vacating of the alley be contingent upon the rezoning to Commercial classification of Lots 129 and 133 both inclusive, Gillespie and VanWagoner Addition in accordance with Resolution No. 994.

Be it further Resolved, that a public hearing be held on the proposed vacating of the above described alley on Tuesday, the 22nd day of January, A.D. 1963 at 8 o'clock p.m. Eastern Standard Time in the Commission Chamber, City Hall."

By order of the City Commission.
Dated December 12, 1962

OLGA BARKELEY
City Clerk
Dec. 14, 1962

BISSELL®

RUG SHAMPOO MASTER

Cleans Your Rugs at Home
★ EASY ★ FAST ★ SAFE

Model 280 With 22-Oz. Rug Shampoo $5.53

On automatic setting, the new Bissell Model 280 evenly applies just the right amount of Bissell Rug Shampoo for effective carpet cleaning. A quarter turn of the handle shuts off the shampoo solution, permits brushing the cleaner deep into heavier soiled areas without soaking. The shut-off is convenient when moving filled Shampoo Master from one area to another . . . prevents dripping or flooding.

EASY: Vacuum rug, then apply Bissell Rug Shampoo with Automatic Rug Shampoo Master.

FAST: Shampoo a 9'x12' rug in 30 minutes. Let dry, then vacuum to remove soil and fluff nap.

SAFE: For all domestic fabrics.

Stamp to Commemorate Emancipation Document

WASHINGTON (UPI) — The post office has announced that it plans to issue a new five-cent stamp commemorating the Emancipation Proclamation.

The stamp will go on sale in mid-February as part of the centennial observance of President Lincoln's document freeing the slaves.

Changes Are Fractional

Markets Open Moderate, Mixed

NEW YORK (AP) — A sinking spell by Douglas Aircraft highlighted a mixed stock market early today. Trading was moderate.

Changes of most key stocks were fractional.

Douglas was delayed in opening due to an accumulation of sell orders and fell 1⅞ to 27¾ on successive blocks of 3,500 and 4,500 shares.

The stock cut the loss to about a point in later dealings.

Selling in Douglas was apparently prompted by an overnight British newspaper report that Britain has accepted a U.S. plan to junk Douglas' important Skybolt missile program and agreed to take in its stead Polaris missiles for British-built nuclear submarines.

Changes throughout the rest of the list were minor and it was apparent that the New York City newspaper strike was still having a dampening effect on stock trading.

Steels tended to ease. Motors were unchanged to narrowly mixed. Many stocks were unchanged in various sections of the list.

Among fractional gainers were Chrysler, Commonwealth Edison, Allied Chemical, I B M, New York Central, and International Harvester.

Prices were irregularly lower on the American Stock Exchange.

Bond Price Changes Narrow

NEW YORK (AP) — Bond price changes were extremely narrow and trendless at the opening today.

★ ★ ★

Over-the-counter dealers in U. S. government securities said the only changes on the entire list were a few gains by 2/32 in the long end. Activity was limited.

Rails again were the most active section among corporates traded on the New York Stock Exchange but they were mixed. So were industrials and utilities.

Work to Avert Shipping Strike

Talks Stalled; Deadline on Christmas Eve

By NORMAN WALKER

WASHINGTON (AP)—The government called in union and management negotiators today in an effort to avert an East and Gulf Coast shipping strike on Christmas Eve.

Dock workers who struck four days in early October are threatening a new walkout after a current 80-day emergency strike court injunction expires on Dec. 23. Negotiators are in complete deadlock with the deadline only nine days away.

★ ★ ★

Secretary of Labor W. Willard Wirtz, calling an afternoon meeting, advised both sides "the national interest must be considered more important than the bargaining position in which each of you seems so firmly frozen."

★ ★ ★

"As a nation," Wirtz said, "we can ill afford a continuing breakdown in your negotiations. Our domestic needs, which are dependent upon the orderly flow of commerce, as well as our worldwide commitments and relationships with other free countries, would be seriously injured by a resumption of the strike."

OVER CONTRACT

The dispute is over a new contract between the AFL-CIO International Longshoremen's Association (ILA) and shipping and stevedoring firms handling pier cargo About 60,000 longshoremen are involved.

Wirtz and director William E. Simkin of the Federal Mediation and Conciliation Service are to meet with chiefs of the union and the New York Shipping Association, an employer group which normally sets the bargaining pattern for other port employers.

Park Permits to Go on Sale

LANSING (AP)—Annual state park vehicle permits for 1963 will go on sale early next week, the State Conservation Department announced.

Price of the permits will remain at $2 when purchased from state park managers. An additional 15 cents is charged by the state's some 2,000 hunting and fishing license dealers to cover handling costs.

★ ★ ★

About 246,000 annual and 443,700 daily park entrance permits have been sold so far this year with a total revenue of $714,000.

REPORTS TO PRESIDENT — Industrialist Edgar F. Kaiser chats with President Kennedy yesterday at the White House. Kaiser reported to the President on a possibility that Kaiser Steel Co. may sign a revolutionary contract with the Steel Workers Union. Under the contract, the company and workers would share in any reduction in costs of the company.

Kaiser, Union Drafting Share Contract

WASHINGTON (AP) — An automation age contract with terms that would split cost savings to benefit workers, company and the public reportedly is being drafted by Kaiser Steel Co. and the United Steel-workers Union.

★ ★ ★

Edgar F. Kaiser, board chairman of the steel firm, told President Kennedy about it yesterday.

Kaiser declined to give newsmen details of the proposed pact, saying he hoped negotiations at Palm Springs, Calif., would produce a final agreement this weekend,

Contract terms are to be announced next week on the West Coast.

The savings-sharing plan is said to be the key feature of the new agreement. Under it, the company would periodically feed steel cost data into its computers, and compare expenses with a fixed prior cost figure.

Any savings would be split three ways. Workers would get about one-third, the company would retain one-third and the rest would wind up as additional tax payments — thus benefiting the public.

AFTER LONG STUDY

Negotiators have been working on the idea for three years. They reportedly have decided that with highly mechanized and automated production facilities, it is nearly impossible for an individual worker or foreman by individual effort to significantly spur efficiency and output.

They are said to have adopted the savings sharing plan as a sort of company-wide incentive system.

The agreement is understood to include a pledge that the company will match other steel industry wage levels if cost savings do not bring Kaiser employes earnings to a comparable figure.

★ ★ ★

Another provision is said to be aimed at gradual elimination of the present worker incentive plan. Under it, each worker will be given a series of choices that are expected to bring him under the cost savings sharing system.

While the plan is said to be tailored for Kaiser, it could well be a factor in negotiations for new contracts in the rest of the steel industry, due next year.

The Kaiser plan was drafted by a special committee set up in 1959. It included Professors George W. Taylor of the University of Pennsylvania and John T. Dunlop of Harvard University, and arbitrator David L. Cole.

News in Brief

Ernest Hildebrandt, 62, of 2800 Colonial Trail, Bloomfield Hills, told police a hitchhiker he picked up at Bagley and Wesson streets last night grabbed his wallet containing $18 and fled.

Several machines in the White Pearl Laundromat, 737 N. Perry St., were pried open early this morning with a crow bar. An extimated $15 to $20 in coins was taken.

Thieves stole three sets of skis when they broke into an Addison Township barn, the owner George Mitchell of 3470 Ray Road, reported to sheriff's deputies yesterday.

Office space is now available, including off street parking, in the new Downey Office and Professional Building, 790 S. Lapeer Rd. (M-24), 2 blocks south of Lake Orion Village. MY 2-4342. —adv.

Successful Investing

By ROGER E. SPEAR

Q) "What is the difference between equity and book value? Are they the same?" O. S.

A) Yes, they are exactly the same.

Book or equity value represents the number of dollars in net assets applicable to each share of common stock, as shown by a company's balance sheet. This figure is one of the many fundamentals studied in evaluating a common stock, but generally it is earning power.

Here are two examples of how little the book value can influence prices. Polaroid Corp. has a book value of around $15 and recently sold above $120 a share. Anaconda Company, the second largest copper producer in the world, with a book value of about $89, was recently trading around 43.

There are, however, some companies that carry holdings in real estate and investment well below true value, and these sometimes constitute a hidden "kicker" which can lift the price of the shares. Also, in a declining market high book value tends to place a floor under a stock, at a level where buyers think the assets are being too widely undervalued.

Q) "Would you please give me a list of companies that have paid dividends for a long time?" C. B.

A) I would be happy to. Standard Oil of New Jersey, Southern California Edison, National Fuel Gas, and American Tobacco are all companies that have long records of consecutive yearly dividends.

Jersey Standard has made some dividend payment each year since 1882, and the others since the period from 1903 through 1907.

I might add one note on this general subject. Long dividend records are not the sole criterion for selecting income stocks. A company should also operate in a stable industry, show a generally rising trend of dividend payments, and return a satisfactory yield at the current market price. All the securities I have listed meet these requirements.

Mr. Spear cannot answer all mail personally but will answer all questions possible in his column.

(COPYRIGHT 1962)

Romney Resigns Douglas Board

SANTA MONICA, Calif. (AP) — George Romney, governor-elect of Michigan, is resigning as a director of the Douglas Aircraft Co.

Donald W. Douglas, board chairman, said yesterday Romney is resigning because of the added responsibilities of his new public office.

Romney joined the Douglas board in 1960.

He quit as head of American Motors to run as a Republican for governor.

Pontiac Sales Hit 10-Day Top

Pontiac sales in the first 10 days of December were the highest for the period in the division's history, it was announced today by Frank V. Bridge, Pontiac Motor Division general sales manager.

Dealers delivered 15,287 new Pontiacs and Tempests between Dec. 1-10, a 22 per cent increase over the 12,488 units sold in the same period a year ago, Bridge said.

The best previous Dec. 1-10 record was established in 1954 when 13,995 cars were sold.

Bridge also pointed out that Pontiac sales in the seven consecutive 10-day sales periods since '63 announcement have set highs.

Auto Output to Set Another High This Week

DETROIT (AP) — Passenger car production this week will climb to another record peak of 175,467 units, Automotive News said yesterday. The total is the highest since December 1955.

★ ★ ★

Last week the automakers turned out 169,159 cars with output held below predictions by bad weather.

In the comparable week a year ago the total was 165,366. Best previous total this year was 172,631 for the week which ended Dec. 1.

Truck production was estimated at 28,646 this week against 28,216 last week and 28,217 in the similar week of 1961.

Contract State Firm for Research Work

WASHINGTON (AP) — Award of an $11,872 contract to W. L. Badger Associates, Inc., Ann Arbor, for study of evaporation as a means of treating wastes in water was announced yesterday.

The public health service said the contract is part of a program to develop processes that will remove and dispose of contaminates in municipal waste waters which are not removed by conventional methods.

Staebler Talks to Aides in White House Huddle

WASHINGTON (UPI) — Neil Staebler, Democratic congressman at large for Michigan, spent more than an hour huddled with White House aides yesterday.

He said afterwards he conferred with several of President Kennedy's aides on "Michigan projects and the new situation" in the state.
